The Iowa Commission of Pharmacy originated on April 23, 1880, at the direction of the Executive Department. The commission then perfected an organization known as the state Board of Pharmacy on May 5, 1880. The board was composed of three members. At this time, through the Pharmacy Act under Chapter 75, the newly formed board developed a set of standards for individuals to be qualified as pharmacists by examination. Thus, the Board of Pharmacy came into being for the protection of public health, welfare and safety.

The present board consists of seven members—five professional members and two representatives of the general public. They are all appointed by the governor for three-year terms and function under the statutory authority of Chapters 147, 155, 203, 203A, 204 and 205, Code of Iowa, 1985. The board has the responsibility for administering competency examinations and issues licenses to qualified applicants.

Through the executive secretary, the board maintains all records relating to continuing education and licensure by examination or reciprocity, processes all applications for licensure, collects fees, and issues all new and renewal licenses to those persons engaged in the practice of pharmacy.

The board has the authority to promulgate administrative rules and promotes and enforces minimum professional standards of practice.
