Emily Wharton, Director Serves at Pleasure of Commission

The Department for the Blind, established in 1925, provides services to Iowans who are blind or severely visually impaired that support their rights and aspirations to participate fully, productively,

and equally as first-class citizens in society. These services are provided through the department's four divisions: the Adult Orientation and Adjustment Center; Field Operations, which provides vocational rehabilitation and independent living services; the Library for the Blind and Physically Handicapped; and the Business Enterprises Program. The department maintains a registry of blind Iowans and provides valid information about blindness through speaking engagements, in-service training, informational materials, and a fully accessible Internet site.

The Adult Orientation and Adjustment Center is a residential training program where blind adults learn the blindness techniques and develop the self-confidence they need to live independently and work competitively. Through classes in travel with the long white cane, home and personal management, industrial arts, braille, and computer access, blind adults come to understand that it is okay to be blind and that they can become fully contributing members of their families, workplaces, and communities.

The department's Vocational Rehabilitation Program is the key to the funding that blind Iowans need to compete on terms of equality in institutions of higher learning and the labor market. It provides the counseling and guidance that encourage blind Iowans to achieve their maximum potential, the funding needed to help blind students pay for the blindness-specific services and technology they need to succeed while receiving training at postsecondary institutions, the advocacy and information that encourage the development of attitudes and policies that provide equal opportunity for blind students and workers in training, and the equipment and technical expertise that enable blind students and workers to operate virtually the same information technology as everybody else.

Through its Transition Program, the department provides blindness skill and attitudinal training to Iowa's transition-age youth who are blind or severely visually impaired. At fall and winter retreats and summer activities, young participants learn new, positive ways to think about themselves and to deal with their blindness. They will then use what they have learned in meaningful work experiences in their home communities.

Through the department's Independent Living Rehabilitation Program, elderly or multiply disabled persons who are blind learn the skills they need to live independently and participate actively in family and community life. By learning the alternative techniques of blindness, they can choose the privacy and independence of living in their own homes over moving into expensive care centers. Rehabilitation teachers and project specialists travel throughout the state to provide training and other services to increase the self-reliance and independence of the individual. Training is offered in a variety of forums, including small-group sessions held in communities throughout Iowa and in the home on a one-on-one basis. Vision loss has been identified as one of the four most significant contributors to the loss of independence in older Americans. Time and experience have proven that even basic training in nonvisual techniques increases an individual's level of independence and self-sufficiency. The average direct expenditure per consumer is approximately \$700. This small investment effectively postpones or prevents the need for costly long-term care that can average \$4,000 a month in most nursing homes. Vocational and independent living rehabilitation services assist blind persons in realizing their maximum potential of independence and self-support. Rehabilitation counselors work with blind persons to develop vocational goals and provide appropriate vocational training and employment.

The Library for the Blind and Physically Handicapped provides books and magazines in the alternative media of braille, described video, cassette tape, and large type to eligible Iowans. Individuals who are blind include those with a vision loss that does not constitute legal blindness but is sufficient to prevent use of standard print with ease. Physically handicapped or reading-disabled persons qualify for library service. The library also distributes machines on which recorded books may be played.

The Business Enterprises Program enables blind Iowans to operate food service facilities on federal, state, municipal, and private property. The provision of initial and ongoing food service and management training, as well as beginning inventory and purchase of equipment, means that blind persons in the program can become self-sufficient, taxpaying citizens.

The department makes available a variety of specialized aids, appliances, and recreational items that can be purchased by blind Iowans at cost or furnished as part of some individual rehabilitation plans. White canes for independent travel, braille and electronic watches and clocks, specially marked games, braille and print-writing devices, various types of measuring equipment, and miscellaneous aids are among the items available.

Approximately 400 blind children are enrolled in regular public schools throughout the state. Upon request, the department works with the Bureau of Special Education of the Department of Education to procure books and specialized material for those children and to provide counseling and guidance.

A registry of the blind in Iowa showing cause of blindness, age, and other statistical information valuable in program evaluation and planning is maintained by the department. It is estimated that there are more than 69,000 blind Iowans and that 25 Iowans become blind each week.

The commission consists of seven members appointed by the Governor to staggered terms of four years subject to confirmation by the Senate. No more than four members of the commission shall belong to the same political party, and its membership shall represent as wide an area as practical. The executive director is appointed by the Governor and confirmed by the Senate.

The mission of the commission is to eliminate discrimination within the state of Iowa. The Iowa College Student Aid Commission is a state agency with a long-standing commitment to helping Iowans pursue education beyond high school. Established in 1963 by the Iowa General Assembly to implement the federal assistance program for construction of academic facilities provided by the Higher Education Act of 1963, the Iowa College Student Aid Commission now administers state scholarships, grants, and loan forgiveness programs; manages registration of postsecondary institutions; conducts research and distributes higher education data; offers Iowans assistance in obtaining student financial aid and college-related information; and provides outreach services to Iowa’s students and families as they explore, finance, and complete educational opportunities beyond high school.

The Iowa College Student Aid Commission works with all sectors of higher education and with the state’s K-12 system. A board of commissioners governs the operation of the commission. As specified by Iowa law, 15 commissioners are appointed to represent the Board of Regents, the Iowa Department of Education, Iowa independent colleges and universities, Iowa community colleges, each house of the General Assembly, Iowa parents of postsecondary students, Iowa postsecondary students, K-12 practitioners, and the general public. The Governor appoints those commissioners representing parents, students, K-12 practitioners, independent colleges, community colleges, and

the general public. The Director of the Department of Education serves by virtue of office, and the Board of Regents appoints a representative. Four members are appointed by the General Assembly.

Scholarship, Grant, and Loan Repayment Programs – By providing Iowa students with over \$79 million in Iowa general fund appropriations under need-based scholarship, grant, and loan repayment programs, the commission supports Iowans as they explore, finance, and complete educational opportunities beyond high school. The commission-administered need-based programs provided over 22,000 awards to Iowa students in fiscal year (FY) 2018. Scholarship and grant dollars assist students pursuing degrees at Iowa colleges and universities while loan repayment funds help repay outstanding federal student loan debts for Iowans employed in specified shortage areas.

- **Iowa Tuition Grant Program** – In 1969, the General Assembly established the Iowa Tuition Grant Program to provide financial assistance for Iowa students enrolled in Iowa’s independent colleges and universities. Funding for this program for FY 2020 totals \$47,703,463 for students attending not-for-profit institutions and \$426,220 for students attending for-profit institutions. The maximum Iowa Tuition Grant for students attending Iowa independent, not-for-profit institutions in FY 2020 is \$6,000.
- **Iowa Vocational-Technical Tuition Grant Program** – In 1973, the Iowa General Assembly established the Iowa Vocational-Technical Tuition Grant Program to provide financial assistance to needy Iowa resident students enrolled in vocational-technical or career option courses at Iowa’s community colleges. The maximum award for FY 2020 is \$900. For FY 2020, program funding totals \$1,750,185.
- **All Iowa Opportunity Scholarship Program** – In 2007, the General Assembly established the All Iowa Opportunity Scholarship Program to provide financial assistance to access college education to Iowa resident students who demonstrate financial need. For FY 2020, qualified students can receive maximum awards of \$4,644 at eligible Iowa colleges and universities. For FY 2020, program funding totals \$3,000,000.
- **Iowa National Guard Service Scholarship** – Established in 1996, the Iowa National Guard Service Scholarship provides funding to members of the Iowa National Guard to help cover the costs of attending Iowa colleges and universities. During FY 2020, eligible members of the Iowa National Guard can receive maximum grants of \$8,073 from an appropriation that totals \$4,700,000.
- **Iowa Work-Study Program** – In 1987, the General Assembly established the Iowa Work-Study Program to provide funding for work-study jobs for Iowa residents attending Iowa colleges and universities. The work-study program has not been funded since FY 2009.
- **Des Moines University Health Care Professional Recruitment Program** – The Health Care Professional Recruitment Program is a loan repayment benefit offered to D.O., D.P.M., D.P.T., and P.A. graduates of Des Moines University who agree to work full-time in high-need Iowa communities for four years. Program funding for FY 2020 totals \$400,973.
- **Loan Forgiveness Programs** – The commission administers loan forgiveness programs for physicians, teachers, nurses, nurse practitioners, nurse educators, and physician assistants. Fiscal year 2020 funding for these programs included \$400,000 for the Teach Iowa Scholar Program, \$250,000 for the Health Care Loan Repayment Program, and \$1,424,502 for the Rural Iowa Primary Care Loan Repayment Program.
- **Skilled Workforce Shortage (Kibbie) Grant Program** – The Skilled Workforce Shortage Grant Program, commonly known as the Kibbie Grant, was established in 2013 to provide need-based financial assistance of up to one-half of the tuition and fees at Iowa community colleges. The grant assists students in career-technical or career option programs in industries identified as having shortages of skilled workers. Program funding for FY 2020 totals \$5,000,000.
- **Future Ready Iowa Skilled Workforce Last-Dollar Scholarship** – Effective in 2020, the Future Ready Iowa Last-Dollar Scholarship provides dollars to bridge the gap between federal and state scholarships/grants and tuition and qualified fees for eligible students who enroll in a program of study aligned with a high-demand job. For FY 2020, program funding totals \$13,004,744.

- **Future Ready Iowa Skilled Workforce Grant** – Effective in 2020, the Future Ready Iowa Grant provides funding to eligible students who have at least half of the credits completed and accepted toward a program of study aligned with a high-demand job, have not been enrolled in postsecondary education for two or more years, and enroll at an eligible college/university. Program funding for FY 2020 totals \$1,000,000.

Federal Grant Program – Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) Iowa Grant – The GEAR UP Iowa Grant is a \$22 million, seven-year federal grant. Working with a cohort of over 9,000 students, GEAR UP Iowa’s mission is to provide statewide and school-based services to significantly increase the number of students prepared to enter and succeed in postsecondary education. The program follows the cohort of students through its first year in college and culminates with a GEAR UP Iowa scholarship.

Community Engagement Programs – The commission funds projects that increase college awareness, provide professional development opportunities for counselors and educators, and support projects surrounding career planning strategies and college awareness and readiness.

Governor Terry E. Branstad Iowa State Fair Scholarship Program – In 1998, the General Assembly requested that the commission administer the Governor Terry E. Branstad Iowa State Fair Scholarship. Recipients receive one-time awards based on participation at the Iowa State Fair.

Postsecondary Registration – The commission is responsible for registering postsecondary institutions and other instructional schools under Iowa Code chapters 261B, 261G, and 714. Iowa Code chapter 261B requires a school to register if it conducts a program resulting in a postsecondary educational credential offered in Iowa, or if it has a presence in this state and offers a program resulting in a postsecondary educational credential in other states or foreign countries. Iowa Code chapter 261B allows Iowa colleges and universities to register if they want to participate in a commission-approved state authorization reciprocity agreement. Iowa Code section 714.18 requires every person, firm, association, or corporation that maintains or conducts in Iowa a postsecondary educational course, or solicits in Iowa the sale of such a course, to provide evidence of financial responsibility to the commission.

Training and Research – The commission provides training relating to state regulatory and compliance issues. The commission works with all sectors of higher education in Iowa and is uniquely positioned to provide unbiased information on a wide variety of topics related to higher education in Iowa. The commission collects and maintains data on state scholarships and grants, college costs, student loans, and Iowa postsecondary preparation. The data and reports are made available in the Higher Education Data Center on the commission’s Internet site.

The Federal Family Education Loan Program (FFELP) – From 1979 to 2010, the commission insured more than \$7.2 billion in federal loans for Iowa students and parents. The Health Care and Education Reconciliation Act of 2010 (HCERA), which dealt with student loan reform, eliminated the commission’s authority to originate new loans through FFELP.

The Higher Education Loan Authority (HELA) was initially established for the purpose of financing education loans through the investment of private capital. In 1985, the Legislature expanded the function of the authority to finance the acquisition, construction, and renovation of educational facilities, structures, and equipment, and to refund, refinance, or reimburse outstanding indebtedness incurred by eligible Iowa independent institutions. In 1997, the Legislature amended and expanded the function of the authority for a project that is to be leased by the authority to an institution and to provide for loans in anticipation of the receipt of tuition by an institution. The Legislature also removed a restriction that HELA shall not have outstanding, at any given time, obligations issued in an aggregate principal amount exceeding \$150 million. In 2000, the Legislature provided that interest on obligations issued by the authority is exempt from state income tax and to authorize the authority to finance facilities that will be leased to institutions by a third party.

Bonds issued by HELA are special and limited obligations of the authority and do not place an obligation on, or have the guarantee of, the state of Iowa. All administrative expenses of the authority are paid from funds provided through the operation of its programs. The authority has never received any appropriations from the state of Iowa.

Beth Skinner, Director Serves at Pleasure of Governor

The Iowa Department of Corrections (DOC) manages correctional services in four areas: secure institutions, community-based correctional services, system administration, and prison industries. The department’s mission is creating opportunities for safer communities.

On December 31, 2018, the DOC was supervising 39,421 individuals: 8,553 in prison, 2,202 in community-based correctional facilities (residential, work release, and OWI treatment), and 28,666 under community supervision.

The department employs approximately 2,444 staff, including approximately 1,081 community corrections employees in eight judicial districts. The corrections operations budget for fiscal year 2019 was approximately \$381 million (general fund).

Iowa Prison Industries (IPI) employs incarcerated individuals in a work setting similar to factories in the free society, and is governed by a seven-member advisory board of Iowa citizens from various industries. IPI is 100 percent self-funding and operates under a self-generating revolving fund with no appropriations from the state. Traditional industries are located at Mitchellville, Fort Dodge, Newton, Anamosa, Fort Madison, Rockwell City, and Mount Pleasant. IPI supplies products and services to state and governmental agencies and nonprofit organizations, including school and dormitory furniture, license plates, signs, chemicals, Braille transcription, and printing services. IPI also operates the state’s tourism call center, and provides move/install teams to school districts and government agencies. A second program of IPI manages all of the state farms for corrections and human services, another self-funding operation. A third IPI program manages private sector operations, wherein the state institutions provide space and incarcerated individuals labor to private manufacturing and service companies. These incarcerated individuals are actually employees of the private firms, and receive market wages. But, all of the wages earned by these incarcerated individuals, except for 20 percent, are returned to the taxpayers in the form of taxes, child support, restitution, victim compensation, and room and board. Currently, IPI maintains seven private sector ventures in Newton, Rockwell City, Fort Dodge, and Clarinda. Since 1992, these incarcerated individuals have earned over \$27 million in wages; all but \$5.4 million has been used to pay taxes, child support, restitution, victim compensation, and room and board. All three IPI programs

provide incarcerated individuals with valuable training and skills, which has been demonstrated to significantly reduce the recidivism rate for these incarcerated individuals.

The Iowa Corrections Learning Center is housed in the Central Office of the department. The learning center provides instructor training, new employee training oversight, in-service training, and numerous specialized trainings for departmental staff, including both prison and community-based corrections staff.

In Iowa's eight judicial districts, the department contracts for community supervision. Preinstitutional services include pretrial, presentence investigations, probation supervision, and residential supervision. Postinstitutional services include parole and work release supervision. Operating while intoxicated (OWI) continuum services, including OWI treatment facilities, are also provided. In recent years, improvements to preinstitutional and postinstitutional supervision have targeted specific incarcerated individuals' groups and addressed incarcerated individuals' needs. Programs include OWI, intensive supervision, electronic monitoring, sex offender programs, domestic abuse programs, community service, education, employment, and reentry transition. Various programs are using cognitive-based treatment curricula. Probation and parole officers throughout the state are currently being trained in effective case management to include response to violations and core correctional practices. The DOC and Judicial District Departments of Correctional Services are committed to implementing evidence-based practices to provide a better return on investment for each corrections dollar spent.

Community-based corrections (CBC) programs throughout the state are supervised by a Judicial District Department of Correctional Services Board which appoints and provides direct supervision of the district director. The DOC is responsible for general oversight and coordination of the programs offered by the eight judicial districts. In addition, CBC administers the interstate compact program.

The eight judicial districts maintain residential facilities in the following communities: Burlington, Cedar Rapids, Coralville, Council Bluffs, Davenport, Des Moines, Dubuque, Fort Dodge, Marshalltown, Mason City, Ottumwa, Sioux City, Waterloo, and West Union.

Field services offices throughout the state ensure close contact with corrections clients. Field services are based in the following cities: New Hampton, Waukon, Cresco, Elkader, Grundy Center, Waterloo, Decorah, Oelwein, Independence, Dubuque, Manchester, Ames, Fort Dodge, Marshalltown, Mason City, Sioux City, Sheldon, Council Bluffs, Des Moines, Adel, Chariton, Creston, Guthrie Center, Indianola, Newton, Vinton, Marengo, Toledo, Coralville, Cedar Rapids, Davenport, Tipton, Clinton, Maquoketa, Muscatine, Burlington, Fairfield, Fort Madison, Mount Pleasant, Keokuk, Ottumwa, Centerville, Washington, Iowa City, Anamosa, Osceola, Knoxville, West Union, Ida Grove, and Oskaloosa.

The department maintains nine prison institutions at various locations around the state. A description of those facilities follows:

Anamosa State Penitentiary – *Mike Heinrich, Acting Warden*; Anamosa 52205; 319.462.3504

The Anamosa State Penitentiary (ASP) is a medium/maximum security correctional institution for adult males. Established in 1872, the institution has a current capacity of 911 and held 1,022 incarcerated individuals on December 31, 2018. The mission of the ASP is to advance successful incarcerated individuals reentry into society in order to protect the public, staff, and incarcerated individuals from victimization. Institutional staff of all classifications work closely with incarcerated individuals, expect incarcerated individuals to behave in a responsible manner, and hold incarcerated individuals accountable for the decisions they make.

Kirkwood Community College is the provider of HiSET and literacy-based education programs, while IPI provides on-the-job training and work skills in the following divisions: Braille, custom wood furniture, metal furniture, sign fabrication, housekeeping/laundry supplies, filters, license plates, graphic arts, and warehouse operations. In addition, IPI manages the farm program by raising crops and maintaining a stock cow herd.

Clarinda Correctional Facility – *Steve Weis, Superintendent*; Clarinda 51632; 712.542.5634

Iowa policymakers authorized the establishment of the Clarinda Correctional Facility (CCF) in 1980 as an adult male prison to serve chemically dependent and special needs incarcerated individuals. A new 750-bed medium-security prison opened in April 1996. A Special Needs/Intensive Supervision Unit provides individual treatment for incarcerated individuals who are diagnosed with

a mental illness or who have special medical needs. The total population of incarcerated individuals on December 31, 2018, was 984.

Fort Dodge Correctional Facility – *Robert Johnson, Warden*; Fort Dodge 50501; 515.574.4700

The Fort Dodge Correctional Facility (FDCF) is a medium-security prison originally designed to house 762 adult male incarcerated individuals in a double-occupancy celled environment. Construction began in October 1996 and the facility opened in April 1998. The facility is located on 60 acres of land in southern Fort Dodge. Recognizing the ongoing need for public safety even before the first incarcerated individuals arrived at the facility, the Legislature and Governor approved an expansion for an additional 400 beds and program space. Work on this addition was completed in late 1999. In fiscal year 2002, 127 two-man cells were converted to house three incarcerated individuals each. The current capacity is 1,162 and the institution held 1,323 incarcerated individuals on December 31, 2018.

The facility focuses on reentry into society for incarcerated individuals and on incarcerated individuals' behavior. FDCF has six privilege levels in its seven buildings designed to house incarcerated individuals. Each privilege level provides more amenities such as extra yard time, the opportunity to raise Leader Dogs for the Blind, and other additional privileges. Incarcerated individuals start out in the lowest privilege level where their movement is rather limited and they earn the right to progress up the level system by displaying good behavior. In turn, bad behavior will move them backwards in the level system. This has been a driving force in creating a safer environment for the staff and the incarcerated individuals.

FDCF operates a variety of programming that includes but is not limited to substance abuse, batterers' education, Alcoholics Anonymous, Narcotics Anonymous, anger management, money management, and other classes geared toward teaching incarcerated individuals skills that will enable them to be successful upon return to society. The Department of Education assists many incarcerated individuals in completing the HiSET program during their incarceration. Vocational programming has been temporarily suspended due to funding. This program taught welding, carpentry, and plumbing. These skills enhanced an incarcerated individual's ability to find employment upon release. Training has assisted all the staff in enhancing their skills to work with incarcerated individuals, allowing the facility to see a significant drop in critical incidents.

Iowa Correctional Institution for Women – *Sheryl Dahm, Warden*; Mitchellville 50169; 515.725.5007

The Iowa Correctional Institution for Women (ICIW) is a multi-security-level prison with a current capacity of 774, and held 719 female incarcerated individuals on December 31, 2018. Capacity expanded in 2014 following a major renovation project. ICIW provides educational and vocational services to incarcerated individuals, including adult basic education and HiSET. Vocational opportunities are provided by IPI and include internal work assignments and vocational training courses. The institution emphasizes responsibility and accountability in preparing female incarcerated individuals for successful return to the community. ICIW serves as the single point of reception and classification center for all new female commitments to the adult corrections system. Each incarcerated individual is evaluated in terms of security risk, health status, and treatment and education needs.

Programs offered focus on interpersonal relationships, domestic violence, trauma and abuse, career assessment and exploration, self-esteem, parenting, independent living, decision-making skills and thinking patterns, and health education. Des Moines Area Community College (DMACC) is the provider of HiSET and literacy-based education programs. DMACC also offers a college accredited vocational office skills class. IPI provides on-the-job vocational training on upholstery, computer data entry, imaging, and sewing.

Iowa Medical and Classification Center – *James McKinney, Warden*; Coralville 52241; 319.626.2391

The Iowa Medical and Classification Center (IMCC) is a multifaceted facility which was originally constructed in 1967 as a psychiatric hospital for the evaluation and treatment of both men and women. Located near Iowa City, it is within easy access to the University of Iowa Hospitals and Clinics. When completed in 1969, the building consisted of three patient units totaling 81 beds. In 1984, the facility's

capacity was increased to 300 beds by the construction of a reception and classification center. In 1990 and 1991, the facility's capacity was again increased with additional beds to a capacity of 528 beds with the construction of two dormitory buildings. Yet another expansion was opened in 2007 and included 100 medical beds. IMCC now has a current capacity of 585 beds, plus a 23-bed licensed forensic psychiatric hospital and a special needs unit which includes both long-term and short-term medical units, an infirmary, and several special behavioral units. The institution held 950 incarcerated individuals and patients on December 31, 2018.

IMCC serves as the single point of reception and classification center for all new male commitments to the adult corrections system. Each incarcerated individual is evaluated in terms of security risk, health status, and treatment and education needs. From IMCC, most are assigned to other Iowa prisons. A medium-security general population of incarcerated individuals is housed at IMCC and serves as a workforce, assisting with cleaning and maintaining the facility and its grounds. IMCC provides psychiatric, psychological, nursing, pharmacy, pathology, education, recreation, and social services programs to incarcerated individuals.

Iowa State Penitentiary – *Randy Gibbs, Warden; Fort Madison 52627; 319.372.5432*

The Iowa State Penitentiary (ISP) complex consists of both a maximum and minimum security institution. The main ISP facility has two general population units as well as one restricted housing unit. Programs offered through Southeastern Community College (SCC) and the U.S. Department of Labor provide academic and vocational opportunities. Through SCC, incarcerated individuals can pursue adult education such as HiSET, English as a Second Language, and basic literacy. The Department of Labor allows for apprenticeship programs in Cabinetry, Housekeeping and Food Service. Iowa Prison Industries offers a variety of skills in the woodworking and cabinetry fields as well as warehouse and farm opportunities. Incarcerated individuals may also participate in cognitive programming such as Thinking for a Change and recreational activities. On December 31, 2018, the incarcerated individuals population was 732 at ISP.

Incarcerated individuals at ISP are offered adult basic education and HiSET classes. Work opportunities in woodworking, textiles, and tourism, with hourly wages, are available in IPI shops in the maximum security unit. Incarcerated individuals also have the opportunity to work in the Restorative Justice Project where they build components for Habitat for Humanity home construction projects in Iowa. Incarcerated individuals who reside at the farms have work opportunities with the cities of Fort Madison and Keokuk. Treatment consists of individual and group counseling and programs relating to substance abuse, sex offenses, violence prevention, criminal thinking, anger management, victim impact, reintegration, prerelease, and reentry. Active self-help groups are Alcoholics Anonymous, NAACP, Toastmasters, and Project Harmony.

Mount Pleasant Correctional Facility – *Jay Nelson, Warden; Mount Pleasant 52641; 319.385.9511*

The Mount Pleasant Correctional Facility (MPCF) was established in 1976 as a temporary unit to hold 144 incarcerated individuals. In 2016, MPCF was reclassified as a minimum security facility with a current capacity of 776 male incarcerated individuals. On December 31, 2018, MPCF held 1,029 incarcerated individuals. MPCF's focus is on preparing incarcerated individuals for reentry to the community. Core programming includes Substance Abuse and Cognitive/Batterers Education.

MPCF sits on 152 acres of grounds that are maintained by incarcerated individuals nearing release under the supervision of maintenance staff. Gardens produce close to 100,000 pounds of food that is used to feed the incarcerated individuals, which is a \$53,000 savings in food costs. These incarcerated individuals also work for the local law enforcement agency by mowing lawns and waxing floors. They build houses for Habitat for Humanity and work on a roadside clean-up crew. They wash and wax cars with proceeds going to the facility's Hospice Program.

Through a contract with Southeastern Community College, incarcerated individuals can receive a HiSET degree, literacy certificates, vocational education, and special education. MPCF offers an apprenticeship program with 14 job skills training, such as welding, cabinetry, and painting. In a building on the grounds, IPI employs an average of 33 incarcerated individuals. These incarcerated individuals work 8 to 10 hours per day, with a main focus on building dorm furniture for the three state universities in Iowa.

Newton Correctional Facility – *Kris Weitzell, Warden; Newton 50208; 641.792.7552*

The Newton Correctional Facility (NCF) has a current capacity of 762 medium-security beds and 252 minimum-custody beds. On December 31, 2018, there were 940 incarcerated individuals in the medium-security facility and 378 in the minimum-security facility. IPI operates an on-site central commissary which serves all nine institutions. The medium-security facility operates on a unit management philosophy and has a variety of custody levels within medium security ranging from close custody to dormitory housing. This allows the facility to reward incarcerated individuals with growth and positive conduct privileges while sanctioning misconduct. The facility operates from a philosophy that challenges incarcerated individuals to confront the issues that have resulted in their incarceration. The facility offers and expects incarcerated individuals to participate in programs as prescribed by the classification committee, including work programs; education programs, including adult basic education and HiSET preparation and testing; cognitive treatment; criminality intervention; and substance abuse treatment.

The NCF focuses on incarcerated individuals' treatment and reentry to the community. The NCF houses the Department of Corrections' Sex Offender Treatment Program (SOTP) for those incarcerated individuals convicted of a sexual offense. The SOTP provides incarcerated individuals the opportunity to learn appropriate and responsible social and sexual behavior. Incarcerated individuals referred to the program participate in an assessment process to determine their level of treatment need. The SOTP has three basic treatment tracks for high-, moderate-, and low-risk incarcerated individuals. The SOTP program length varies from 6 to 18 months.

The minimum-security facility includes general population incarcerated individuals and offers a substance abuse program.

North Central Correctional Facility – *Robert Johnson, Warden; Rockwell City 50579; 712.297.7521*

The North Central Correctional Facility (NCCF) is a minimum-security institution with a current capacity of 245 and holding 466 incarcerated individuals on December 31, 2018. IPI operates an on-site work program as well as an off-grounds private-sector employment program. The mission of NCCF is to prepare incarcerated individuals for a successful transition from prison to society as law-abiding citizens. NCCF utilizes work, programs, and individual responsibility to reduce victimization. Incarcerated individuals are engaged in many work opportunities such as, but not limited to: private-sector work (outside the secure perimeter, working for a private company, operated under federal guidelines), community work (outside the secure perimeter, working for governmental agencies and nonprofit organizations), and institutional jobs (typical jobs such as food service, maintenance, and grounds crew). Incarcerated individuals are offered treatment programs in HiSET, substance abuse, anger management, money management, life skills, work readiness, and victim impact classes, just to name a few. Incarcerated individuals, through other unique opportunities, are allowed to give back to society for what they have taken. These opportunities are offered through programs such as Leader Dog for the Blind (incarcerated individuals raise puppies for one year that are trained as seeing-eye dogs), Animal Shelter Dog Program (incarcerated individuals take in dogs from the local shelter and socialize them for adoption), eyeglass shop (incarcerated individuals take donated eyeglasses from the Lions Club and read scripts, clean them, and then package them for third-world countries and underprivileged people in the United States), Bikes for Tykes (incarcerated individuals refurbish donated used bicycles to children in northwest Iowa who are underprivileged), and Animal Rescue League Horse Program (horses that are removed by court order and need care are brought to NCCF and groomed back into condition for adoption).

Entrusted to preserve Iowa's historical legacy, the State Historical Society of Iowa identifies, records, collects, preserves, manages, and provides access to Iowa's historical resources. As an advocate of understanding Iowa's past, the State Historical Society of Iowa educates Iowans of all ages, conducts and encourages research, disseminates information, and supports historic preservation and education throughout the state.

The State Historical Society was established in 1857 in Iowa City as a private organization. Today, it is a division of the Iowa Department of Cultural Affairs.

The society maintains a library and special collections program with extraordinary collections at the State Historical Building in Des Moines and the Centennial Building in Iowa City. The State Archives of Iowa identifies, preserves, and protects state government records and makes them available for research in the society's reading room in the State Historical Building. Visitors can uncover their roots through research on Iowa topics as varied as agriculture, labor, politics, and women's suffrage. Collections include books, maps, manuscripts, newspapers, census records, oral history interviews, and photographs. The library and special collections program and the State Archives offer many public and technical services, from assisting genealogical and other researchers to advising on appropriate care of personal and government documents.

Another dimension of Iowa's history is preserved through the society's eight historic sites: Montauk (Clermont), Matthew Edell Blacksmith Shop (Haverhill), Abbie Gardner Cabin (Arnolds Park), American Gothic House (Eldon), Plum Grove (Iowa City), Blood Run National Historic Landmark (Lyon County), Toolesboro Indian Mounds National Historic Site (Wapello), and Western Historic Trails Center (Council Bluffs).

The society produces publications, including *The Annals of Iowa*, a scholarly history journal and *The Iowa Historian*, an online newsletter.

The society's State Historic Preservation Office works to preserve Iowa's architectural, historical, and archaeological character, which in turn promotes business, tourism, and economic development. Among its services, the society facilitates nominations of properties to the National Register of Historic Places, helps property owners qualify for federal and state tax and economic incentives to rehabilitate and reuse historic structures, and protects significant properties, districts, and archaeological sites.

Society staffers are available to assist all Iowans in researching, preserving, and interpreting the history of their communities. In addition, the society offers grants that enable local communities and individuals to organize local preservation programs and to preserve the state's historical resources.

The State Historical Society of Iowa Board of Directors is a citizen advisory panel of Iowans who advise the director on the programs and priorities of the agency.

The Iowa Economic Development Authority (IEDA) seeks to enhance the economic development of the state and provide for job creation, increased prosperity and opportunities for the citizens of the state through financial and technical assistance, training to businesses and individuals, and coordination of other state, local, and federal economic development programs. Key to the success of IEDA is its attention to working with companies that invest in the state through infrastructure development and those creating high-quality, high-wage positions.

The IEDA, working with its board of directors, designs and implements policies that increase opportunities for Iowa, its citizens, and communities. Through an integrated program base, developing a positive quality of life for all Iowans is of utmost importance. DEPARTMENT OF EDUCATION

Ch 256

Grimes State Office Building, Des Moines 50319; 515.281.3436;

www.educateiowa.gov

Ryan Wise, Director..... Serves at Pleasure of Governor

The Department of Education and the State Board of Education provide oversight, supervision, and support for the state education system, which includes all public preschool, elementary, and secondary schools; nonpublic schools that receive state accreditation; area education agencies; community colleges; and teacher preparation programs. They also oversee the educational services of the Division of Vocational Rehabilitation Services, which assists students with disabilities in high schools, community colleges, four-year colleges, and regent institutions in the state in their transition from educational settings to employment. The department works in collaboration with the state system of public libraries and assists Iowa Public Television in its provision of educational services.

Although the department’s scope of responsibility spans from prekindergarten through community colleges, one of its most important leadership roles is to set priorities for the state’s educational system. Current priorities include improving access to quality preschool programs, providing professional development and technical assistance to improve teaching and learning, implementing new state and federal laws, and promoting innovation in order to address the needs of students in the 21st century.

The department director is appointed by and serves at the pleasure of the Governor, subject to confirmation by the Senate. The director’s role is to provide leadership for the department as it carries out the policies and programs prescribed by law and the State Board of Education and to ensure

department personnel are providing the necessary oversight and support for all schools, educators, and students to meet their academic goals. The director also serves as the executive officer of the board, a nonvoting role.

The Department of Education was created by the General Assembly in 1913 and was originally named the Department of Public Instruction. The current name was adopted in 1986. In its early years, the department was charged with working with the many small, isolated, one-building schools to build a formal system of public education that included organized districts with defined duties and boundaries, as well as specific qualifications for teachers. While the state department was established to provide oversight, local schools maintained the authority to set many of the rules and requirements for their own students. This system of “local responsibility” — based on the belief that local residents have the greatest interest in assuring their children’s success — continues today.

As the state progressed over the decades with greater diversity in business, industry, and population, the public education system evolved to reflect and encompass that diversity. In the mid-1960s, a system of 15 public, two-year community colleges was established to provide more students the opportunity for continued education and training beyond high school. In the mid-1970s, the system of area education agencies (AEAs) was developed to provide regional support for local schools and their teachers. Originally, the AEAs and community colleges shared the same service area boundaries. In recent years, however, several AEAs have merged to provide greater efficiency in regions with declining population.

The Department of Education employs approximately 225 staff members in the Office of the Director and four divisions: Community Colleges and Workforce Preparation; Learning and Results; Policy and Communications; and School Finance and Support Services. Approximately 420 staff are employed within Iowa Vocational Rehabilitation Services, which provides direct services to clients. Although the state library and public television systems remain affiliated with the Department of Education, their operations have expanded and developed into independent entities with separate boards.

The board also oversees the ethical conduct of officials and employees of the executive branch of state government and candidates for statewide office under Iowa Code chapter 68B. The board provides advice to local governmental personnel concerning the application of the applicable laws in Iowa Code chapter 68B, but does not conduct investigations or impose sanctions on local governmental personnel for violations of the chapter. The board has the authority to enter into an agreement with a political subdivision of government to enforce the subdivision's adopted code of ethics. The board also investigates complaints from the Secretary of State's Office to determine if a supervisor district plan adopted pursuant to Iowa Code section 331.210A was drawn for improper political reasons as described in Iowa Code section 42.4(5). The board ensures the lawful behavior of persons who engage in lobbying activities before the executive branch of state government as provided in Iowa Code chapter 68B. The board also enforces Iowa Code section 8.7 requiring state agencies to file reports with the board disclosing gifts and bequests that the agencies receive. Finally, the board receives copies of certain filings by federal candidates and officeholders. The board's administrative rules implementing these statutory provisions are found in the Iowa Administrative Code under the agency identification number 351.

The board enforces the statutes and rules under its jurisdiction and is guided by the principles of fairness and consistency. The board strives to enforce the law while not discouraging individuals from being involved in the political process or in state government. The board seeks to educate those persons who come under its jurisdiction concerning the requirements of Iowa law and embraces technological changes to better serve the public.

Every August, over one million people from all over the Midwest flock to the Iowa State Fair, the state's great celebration, a salute to Iowa's best in agriculture, industry, entertainment, and achievement.

The fair is the home of a 20-acre farm machinery show and the largest arts show in the state. More than 600 exhibitors and concessionaires offer modern merchandise and quality foods. Large 4-H and FFA shows provide excellent educational opportunities for youngsters. More than \$350,000 worth of entertainment is offered free with gate admission. The grandstand offers superstar stage shows and track events. History comes alive in Heritage Village, a tribute to Iowa's hardy pioneers. The 10-acre midway offers 100 rides, shows, and games.

The Iowa State Fair is one of the oldest agricultural and industrial expositions in the nation. The first was held in Fairfield in 1854 on a six-acre tract. The next year's fair was also held in Fairfield. From 1856 to 1879, the fair moved from city to city: Muscatine, 1856 – 1857; Oskaloosa, 1858 – 1859; Iowa City, 1860 – 1861; Dubuque, 1862 – 1863; Burlington, 1864 – 1866; Clinton, 1867 – 1868; Keokuk, 1869 – 1870 and 1874 – 1875; and Cedar Rapids, 1871 – 1873 and 1876 – 1878.

In 1879, the fair permanently moved to Des Moines. In 1884, the General Assembly appropriated \$50,000 for the purchase of grounds in Des Moines on the condition that the city raise an equal sum for site improvements. The 270-acre site was dedicated two years later. It continued to grow to its present size of 400 acres. The Iowa State Fair was the inspiration for the original novel, three motion pictures, and the Rodgers and Hammerstein Broadway musical, all titled *State Fair*.

A separate State Fair Board was created in 1923, consisting of the Governor, the Secretary of Agriculture, the president of Iowa State University, one director from each congressional district, and three directors at large. Makeup of the board was changed in 2001 to two directors from each of the six state fair board districts, plus three ex officio members. Official delegates, representing Iowa's

105 county and district fairs and other agricultural associations, elect these directors at the annual State Agricultural Convention in December. The president, vice president, and treasurer of the State Fair Board are elected by the board from elected directors. The board also selects a secretary.

The General Assembly may appropriate funds for major capital improvements and repairs; all other operating expenses are paid from revenue generated by the fair. The fairgrounds are used year-round as a meeting and exposition center, featuring such events as large trade and machinery shows; sports events; national livestock, horse, and dog shows; arts and crafts exhibitions; private gatherings; auto races; concerts; and a wide variety of other activities.

The General Assembly created the Iowa Finance Authority in 1975 as a public instrumentality and agency to undertake programs that help working-class Iowans attain and maintain safe, decent, and affordable housing. The General Assembly charged the Iowa Finance Authority with encouraging the investment of private capital and stimulating the construction and rehabilitation of adequate housing through the use of public financing. A nine-member board of directors, appointed by the Governor and subject to confirmation by the Senate, serves in a policymaking capacity for the agency. Over the years the Iowa Finance Authority’s role has expanded considerably and currently includes four primary areas of responsibility. The Iowa Finance Authority offers a variety of programs that address a continuum of housing needs, from homeless assistance and multifamily rental to single-family homeownership. The Iowa Finance Authority issues tax-exempt bonds for a wide range of projects and provides the lowest-cost funds for drinking water and wastewater facilities in Iowa. This program, called the State Revolving Fund, receives federal grants that allow for low-interest loans to assist communities with the planning, design, and construction of water facilities. The Iowa Finance Authority’s Title Guaranty Division offers a low-cost mechanism to guarantee title to real property in Iowa. Working with attorneys, abstractors, and lenders throughout the state, the division ensures the integrity of the land-title transfer system.

DEPARTMENT OF INSPECTIONS AND APPEALS

Ch 10A

*Lucas State Office Building, Des Moines 50319-0083; 515.281.7102;
dia.iowa.gov*

Larry Johnson Jr., Director Serves at Pleasure of Governor
Aaron Baack, Deputy Director

The Department of Inspections and Appeals (DIA) is a multifaceted regulatory agency charged with protecting the health, safety, and welfare of Iowans. The department is responsible for inspecting and licensing or certifying health care providers and suppliers, restaurants and grocery stores, social and charitable gambling operations, and hotels and motels. In addition, DIA staff investigate alleged fraud in the state’s public assistance programs and conduct contested case hearings to settle disputes between Iowans and various state government agencies.

The department was created in 1986 to coordinate and conduct various audits, appeals, hearings, inspections, and investigations related to the operations of the executive branch of state government. The DIA is organized into four major divisions (Administration, Administrative Hearings, Health Facilities, and Investigations), each with its own specific duties and responsibilities. The Administration Division, which includes the director’s office and staff, oversees the daily operations of the agency. The director’s office sets policy for the department and is responsible for coordinating the DIA’s various programs and functions.

Attached to the department for administrative support purposes are four additional units — Child Advocacy Board, Employment Appeal Board, State Public Defender, and Racing and Gaming Commission. Each unit, like the DIA’s major divisions, has Iowa Code-mandated duties and responsibilities.

ADMINISTRATION DIVISION

*Lucas State Office Building, Des Moines 50319; 515.281.7102
Larry Johnson Jr., Administrator*

Essential, centralized support services for the department are coordinated by and through the Administration Division. Staff attached to the director’s office oversee all strategic planning, legislative affairs, administrative rulemaking, personnel, and public information activities for the department. In addition to duties as the department’s chief administrative officer, the director is authorized to enter into and implement agreements or compacts between the state and Indian tribes to operate Indian gaming establishments. Currently, three casinos in Iowa are operated by Indian tribes: Blackbird Bend Casino in Onawa, operated by the Omaha Tribe of Nebraska; Meskwaki Bingo and Casino in Tama, operated by the Sac and Fox Tribe of the Mississippi in Iowa; and WinnaVegas Casino in Sloan, operated by the Winnebago Tribe of Nebraska.

The Food and Consumer Safety Bureau is located within the Administration Division. The bureau houses the food and lodging licensing and inspection program and the social charitable gambling unit. The bureau licenses and supervises food safety inspections performed at restaurants, grocery stores, and food processing plants, as well as sanitation inspections performed at hotels and motels. Bureau staff members receive and investigate foodborne illness complaints related to regulated establishments. The bureau also contains the state's social and charitable gambling unit which, pursuant to Iowa Code chapter 99B, regulates and licenses games of skill or chance, raffles, bingo, social gambling, and amusement devices.

ADMINISTRATIVE HEARINGS DIVISION

Wallace State Office Building, Des Moines 50319; 515.281.6468

Denise Timmins, Administrator

The Administrative Hearings Division conducts contested case hearings involving Iowans who dispute an administrative ruling issued by a state government agency. In addition, in some cases, the division also conducts hearings to resolve disputes between counties and disputes between private parties. The division annually handles cases of approximately 61 different agencies, boards, and local commissions.

Administrative law judges listen to evidence provided by the parties. After a thorough review of the information, the administrative law judge issues a written decision to the parties in accordance with the requirements imposed under Iowa Code chapter 17A. In most cases, the decision is a proposed decision, which is then subject to final review by the director of the agency involved in the contested case proceeding.

Contested case hearings are conducted for nearly all state government agencies, as well as for the Board of Regents, Iowa Civil Rights Commission, College Student Aid Commission, Iowa Law Enforcement Academy, and the Iowa medical, dental, nursing, and pharmacy licensing boards.

HEALTH FACILITIES DIVISION

Lucas State Office Building, Des Moines 50319; 515.281.4115

Dawn Fisk, Administrator

Health care professionals in the department's Health Facilities Division inspect and license or certify, under the Medicare and Medicaid programs and state law, more than 4,000 health care providers and suppliers in Iowa. Among those providers regulated by the division are nursing homes, residential care facilities, facilities for the developmentally disabled, assisted living programs, elder group homes, adult day services, hospitals, hospice agencies, end-stage renal disease units, ambulatory surgical centers, rural health clinics, rehabilitation agencies, psychiatric mental institutions for children, child-placing agencies, and boarding homes.

Survey teams from the division conduct on-site inspection at these facilities to assess the quality of care and services provided to clients, patients, residents, and tenants. If problems are discovered during an inspection, the division can initiate corrective or enforcement action to assure a facility's compliance with state and federal requirements.

INVESTIGATIONS DIVISION

Lucas State Office Building, Des Moines 50319; 515.281.5714

Fabricio Gonzalez, Administrator

The Investigations Division investigates alleged fraud in the state's public assistance programs, including fraud by health care providers, and conducts professional practice investigations on behalf of state licensing boards. Through a review of applications for public assistance, the division can prevent the issuance of funds to ineligible individuals. In addition, when individuals fraudulently receive public assistance, the division initiates recovery actions to recoup the overpayments for the state.

Division employees perform expenditure audits of local Department of Human Services (DHS) offices to determine eligibility for federal fund reimbursement for operating expenses. These DHS audits also ensure compliance with applicable state and federal funding requirements. When

conducting health care audits at residential care facilities, nursing facilities, and residential and intermediate care facilities for the intellectually disabled, DIA auditors protect residents by assuring that their personal funds are being properly maintained. Audit findings are also used to determine whether Medicaid reimbursement procedures meet all participation requirements.

Members of the Medicaid Fraud Control Unit (MFCU) investigate allegations of resident abuse in long-term care facilities and other entities that receive Medicaid reimbursements from Iowa and the U.S. government. In addition to addressing allegations of resident abuse, the MFCU also investigates Medicaid provider fraud throughout Iowa. MFCU staff also work with other federal and state law enforcement agencies in conducting joint investigations. When criminal charges are warranted, the MFCU refers such cases to local and federal prosecutorial authorities for criminal prosecution or appropriate civil litigation. The MFCU also has the ability and authority, when requested, to prosecute such cases.

*Camp Dodge, P.O. Box 130, Johnston 50131; 515.725.9600;

Judy A. Bradshaw, Director Serves at Pleasure of Governor

The Iowa Law Enforcement Academy (ILEA) was created by action of the General Assembly in 1967 to maximize training opportunities for law enforcement officers, to coordinate training, and to set standards for the law enforcement service, as provided for in Iowa Code chapter 80B.

The academy provides residential training sessions varying in length from 16-week basic certification courses to one-day specialty and in-service seminars. Academy-sponsored and academy-conducted training programs are held in the field as well as at the central facility at Camp Dodge.

In 1985 and 1986, the academy was given the responsibility for the administration of a program of psychological testing of applicants for law enforcement positions. In 1986, action taken by the General Assembly assigned to the academy the responsibility of providing training to jailers of county jails and city holding facilities. Action by the General Assembly in 1996 placed with the academy the responsibility for providing training for telecommunications.

All reserve peace officers in the state who are granted authority by their jurisdiction to carry weapons must first be certified to do so by application to and approval of the Iowa Law Enforcement Academy Council. All reserve peace officers in the state are now certified by the ILEA after completion of 80 hours of ILEA standardized training.

The academy develops training programs, approves regional training programs, establishes hiring standards for peace officers, and provides audiovisual resources to law enforcement training and educational institutions.

The Iowa Lottery Authority operates as a public enterprise based upon an entrepreneurial business model.

Some key phrases of purpose and intent were included in the legislation that created the Iowa Lottery Authority. In the legislation, the General Assembly declared that “[t]he state should create a public instrumentality of the state in the form of a nonprofit authority known as the Iowa Lottery Authority with comprehensive and extensive powers to operate a state lottery in an entrepreneurial and businesslike manner.” Another section of the legislation stated that “[l]ottery games shall be operated and managed in a manner that provides continuing entertainment to the public, maximizes revenues and ensures that the lottery is operated with integrity and dignity and free from political influence.”

The Iowa Lottery began operations in 1985 and is overseen by the Iowa Lottery Board and the chief executive officer (CEO). The board and CEO establish the lottery’s budget and supervise and approve the activities of the lottery. Among the board and CEO’s duties are establishing policies for the operation of lottery games within the state; approving all contracts for operation of the lottery; and establishing rules as to the operations of specific games and lottery activities. The CEO and the five voting board members are appointed by the Governor and are subject to confirmation by the Senate. The Treasurer of State serves as an ex officio member of the board.

Iowa Code chapter 73A covers public contracts and bonds and allows citizens to appeal decisions of municipalities regarding public improvements. Iowa Code chapter 24 covers local budget laws whereby citizens can appeal regarding budgets adopted by municipalities. Iowa Code chapter 669 covers tort claims filed against the state of Iowa when a state agency or any of its employees may have caused injury through negligence or a wrongful act or omission.

The board reviews all claims under Iowa Code chapters 25 and 669 after receiving recommendations from the Special Assistant Attorney General for Claims, and may pay such claims. Claims denied under Iowa Code chapter 25 are referred to the General Assembly.

Early Childhood Iowa (ECI) was established to create a partnership between communities and state government departments (Economic Development Authority, Education, Human Rights, Human Services, Public Health, Management, and Workforce Development). This partnership serves as a catalyst to integrate and coordinate an early care, health, and education network of systems for children from birth through age five and their families.

The ECI State Board sets goals to empower communities to achieve desired results, develop collaboration to support an early childhood care system, and advocate for public engagement. The board’s role includes providing oversight, tracking, and reporting of the data on early childhood results and indicators; advocacy; and public awareness of the importance of early childhood issues. Current members of the board include department directors for six state agencies, four legislators, and citizens. The board is responsible for early childhood system development and the funding streams over which it has authority.

Thirty-eight early childhood areas operate throughout the state, representing all 99 counties. Each area has a citizen-led board to support activities to promote collaboration and develop systems in the community for young children and their families.

The Mid-America Port Commission was established by a three-state compact between Illinois, Iowa, and Missouri in 1999. It is the only three-state port compact in the United States. Twenty-six counties are included in the compact. It was established to help develop the most effective area for logistics in the nation for both domestic and global freight. A major objective is to help regional businesses successfully compete globally with the help of the most efficient transportation system — linking water, rail, highway, and air.

The commission is governed by a nine-member board with three commissioners from each state. Two commissioners from each state are appointed by the county board chairs from their respective state and the other is appointed by the Governor of their state. Commissioners are allowed to serve two six-year terms.

The Department of Natural Resources was established on July 1, 1986, by combining the Conservation Commission, the Department of Water, Air and Waste Management, the Geological Survey, and part of the Energy Policy Council.

The director is appointed by the Governor and requires Senate confirmation. Two commissions are created in the department: the Natural Resource Commission and the Environmental Protection Commission. Both commissions have broad authority to set policy and adopt administrative rules and standards for the management and protection of the state's natural resources. The director is responsible for the administration of the agency.

The agency is charged with the management and protection of the state's fish and wildlife, parks, forests, and preserves, and providing for public use of these resources. It also has jurisdiction over state-owned meandered lakes and streams. Additionally, the agency is responsible for improving and maintaining the quality of the state's water, air, and land resources. Floodplain management, water quality in public water supplies, air and water pollution control and enforcement, and waste management, and assisting communities in grant applications in these fields are included in the department's functions.

To help meet these operational duties, the department also employs administrative support groups in public information, licensing, office management, data processing, and other similar roles.

The Board of Parole was established in 1907 by the General Assembly. The board consists of five members, and three alternate members, appointed to terms of four years by the Governor and subject to confirmation by the Senate and is supported by staff responsible for victim services, parole liaisons and investigators, and an administrative law judge. The board is directly responsible to the Governor. From those five members, the chairperson and vice chairperson of the board are selected by the Governor and may serve more than one term. A majority of the members of the board constitutes a quorum to transact business.

The board is charged with the responsibility to consider inmates for parole and work release, investigate parole and work release programs within the state of Iowa and nationwide, make recommendations to the Governor regarding clemency and commutation applications, and provide technical assistance related to the board's purposes to public and private entities. The board is required to review for release each inmate incarcerated in Iowa each year except those serving life sentences or sentences where a mandatory minimum term has not yet been served. The board utilizes evidence-based practices to assist in making release decisions and maintains a risk assessment protocol designed to help keep communities safe. The board may revoke and remand to prison any person it has released on parole for any reason it deems proper. It also retains the power to grant a

final discharge to any parolee under the supervision of the eight judicial districts in Iowa, usually on the recommendation of the supervising officer.

The Iowa Comprehensive Petroleum Underground Storage Tank (UST) Fund Board was created in 1989 with several goals. These goals were to create adequate and reliable financial assurance for the costs of cleanup on preexisting (prior to October 26, 1990) releases of petroleum from underground storage tanks, create a financial responsibility assurance mechanism (insurance) to pay for future releases, minimize societal costs and environmental damage, and maintain Iowa’s rural petroleum distribution network, all as interim measures. The payment for releases preexisting on October 26, 1990, is the remaining goal to be met.

The board’s statutes provide for the reimbursement of eligible claimants for remedial claims, i.e., those claims reported prior to October 26, 1990; and retroactive claims, the few claims that were being addressed prior to the creation of the UST Fund; and innocent landowner claims, i.e., those preexisting releases that had occurred prior to the October 26, 1990, deadline but were not reported until much later.

The board administers various funds from which to make reimbursement for the work required by the Department of Natural Resources (DNR) to address risks to health created by the eligible releases. Payments are made as work progresses and cease upon the DNR’s classification as “No Action Required.” The board meets monthly to approve claim payments and handle other administrative matters affecting the program.

Owners of petroleum-contaminated property or former underground storage tank owners may contact the board to pursue any potential benefits available to them. Additionally, the board’s statutes grant benefits to governmental subdivisions that acquire former UST sites pursuant to eminent domain. Counties are also eligible for benefits for properties they acquire through delinquent taxes.

The board works closely with the DNR to coordinate assessment and corrective action at eligible claimant sites. The DNR determines what must occur to reach “No Action Required” status, and the board determines what activities will be reimbursable. The board preapproves all costs prior to the commencement of the activities at an eligible site.

The Iowa Public Employees’ Retirement System (IPERS) and the IPERS Trust Fund are established in Iowa Code chapter 97B. IPERS was created in 1953 to replace the Iowa Old-Age and Survivors’ Insurance System. IPERS is intended to provide public employees a core pension that is complemented by social security benefits and personal savings. A defined benefit plan, IPERS provides lifetime benefits determined by a member’s years of service, high average covered wage, and a formula multiplier. Members must be vested in IPERS through age or sufficient years of service to qualify for a lifetime benefit.

IPERS is an independent agency within the executive branch of state government. The General Assembly and the Governor, as creators of the plan, are the plan sponsors and determine who is covered by the plan, the benefits offered, and how the plan is funded. Public employees contribute during their working career for their own future retirements. Benefits are funded entirely by contributions from employees and their employers, and investment earnings.

The Public Employment Relations Act, enacted in 1974, has as its avowed public purpose the promotion of “harmonious and cooperative relationships between government and its employees.” Specifically, the statute grants employees of the state and its political subdivisions, including cities, counties, and school districts, the right to join and participate in employee organizations and the right to bargain collectively through such employee organizations.

The Act contains detailed procedures by which employees can exercise those rights, including provisions for the determination of appropriate bargaining units, representation elections in which employees may select an employee organization to bargain on their behalf, prohibited practice provisions which proscribe certain conduct and activities, and provisions requiring the periodic reporting of finances by employee organizations.

The Public Employment Relations Board is vested with the administration of this Act. As a quasi-judicial administrative agency, operating under the Iowa Administrative Procedure Act, the board conducts hearings and issues legal decisions in unit determination and representation matters, prohibited practice complaints, and petitions for declaratory orders. A staff of administrative law judges also performs, by delegation, this function. The agency also conducts the annual employee organizations’ retention and recertification elections. The board also administers the remaining provisions of the Act. The Board of Medical Examiners was created by the General Assembly in 1886. The Board of Osteopathic Examiners was created by the General Assembly in 1921. These two agencies became a composite Board of Medical Examiners by action of the General Assembly in 1963. In 1994, the General Assembly gave the board the authority to register acupuncturists, and subsequently the licensure and regulation of acupuncturists when the law was changed in 2001. In 2007, the General Assembly changed the board's name to the Board of Medicine. Board members are appointed by the Governor for three-year terms, with confirmation by the Senate. The board is composed of 10 members — five medical physicians, two osteopathic physicians, and three nonphysician public members. In addition, the board can have up to 10 alternate members who can serve on administrative panels in contested case hearings. The board has six or seven regularly scheduled meetings annually at its office at 400 Southwest Eighth Street, Suite C, Des Moines, and six or seven regularly scheduled teleconference meetings annually. The board is responsible for administering and enforcing state laws and administrative rules governing the licensure and practice of medicine and surgery, osteopathic medicine and surgery, and licensed acupuncturists. The board is funded exclusively with licensure fees. More information is available at the board's Internet site, www.medicalboard.iowa.gov.

The board issues licenses to medical physicians, osteopathic physicians, and acupuncturists who meet qualifications defined in Iowa law and administrative rules. The categories of medical licensure are resident, temporary, special, permanent, and administrative. The board is empowered with the duty and responsibility of licensee discipline, which involves the investigation of complaints or liability claims, review of evidence, initiation and prosecution of disciplinary proceedings, and imposition of license discipline. The board is authorized to operate the Iowa Physician Health Program, a voluntary program for monitoring recovery and rehabilitation of impaired physicians. More information on this program is available at iphp.iowa.gov. The board may, if necessary, petition the district court for enforcement of its authority. The board registers and establishes peer review committees to investigate and report on the evaluation of certain complaints or other evidence of acts or omissions possibly constituting cause for licensee discipline. The board issues license renewals and certifications for licensure in other jurisdictions and determines requirements for continuing medical education.

The board is responsible for evaluating applications and issuing licenses to qualified acupuncturists. Persons who hold a valid Iowa license to practice medicine and surgery, osteopathic medicine and surgery, chiropractic, podiatry, or dentistry may engage in the practice of acupuncture without a license issued by the board.

As of August 2019, the board was administering approximately 13,992 active licenses for physicians and surgeons and osteopathic physicians and surgeons, and acupuncturists.

Iowa is a member of the Interstate Medical Licensure Compact, which establishes an expedited licensure process for qualified physicians who seek licensure in compact states.

The Iowa Public Information Board was created to provide an official, efficient, and free legal resource for citizens and government officials with questions about Iowa open meetings and public records laws, and for citizens with complaints about alleged violations of the laws. The board is one of the few such agencies in the nation with the authority to not only advise but to enforce the state “sunshine” laws by imposing civil penalties and any other appropriate remedies calculated to terminate or remediate a violation.

The nine board members are appointed by the Governor subject to confirmation by the Senate. No more than three members shall represent the media, and not more than three represent cities, counties, or other local governments. The members serve staggered four-year terms. The board appoints a chair from its members, and it is authorized to hire at least one employee, an attorney who serves as executive director.

The board is authorized to issue formal and informal advice, or declaratory orders with the force of law, regarding the applicability of the open meetings and public records laws, chapters 21 and 22 of the Iowa Code. It can receive and investigate complaints alleging violations of the laws and seek resolution through informal assistance, mediation, and settlement. If a complaint cannot be resolved informally, and the board has probable cause to believe the law has been violated, the board may prosecute the government body or official in a contested case proceeding under the Administrative Procedures Act. The board can issue subpoenas to investigate complaints and prosecute cases, and it can also issue orders with the force of law to require compliance with the sunshine laws. The board offers training, disseminates information to the public, and submits an annual report to the Governor and Legislature.

The board does not have jurisdiction over the judicial or legislative branches, or over the Governor or Governor’s Office.

Stephan Bayens, Commissioner of Public Safety..... Serves at Pleasure of Governor

The Department of Public Safety was created by the General Assembly in 1939 through the consolidation of several departments and divisions under one executive designated as Commissioner of Public Safety. The Department of Public Safety has the duty of safeguarding the lives and property of Iowans and visitors to the state through enforcement of state laws. The department is a statewide law enforcement and public safety agency that complements and supplements local law enforcement agencies and inspection services.

The commissioner's office includes the Professional Standards Bureau; Strategic Communications Bureau; Professional Development Bureau; Interoperability Communications Bureau; and Governor's Traffic Safety Bureau. An assistant attorney general is also assigned to the department. The Department of Public Safety includes the following divisions:

ADMINISTRATIVE SERVICES DIVISION

215 East Seventh Street, Des Moines 50319; 515.725.6253

Jim Wittenwyler, Director

The Administrative Services Division is comprised of the Finance Bureau, Program Services Bureau, and the Technology Services Bureau. These bureaus provide support services to the Department of Public Safety as well as services directly to criminal justice agencies statewide and to the citizens of Iowa. The Finance Bureau provides support to all divisions within the Department of Public Safety through centralized budget preparation, accounting, claims processing, purchasing, personnel documentation, and the administration of the Peace Officers' Retirement system. The Technology Services Bureau administers the Iowa On-line Warrants and Articles (IOWA) System providing criminal justice information to all law enforcement in the state of Iowa as well as administrative data processing for all divisions of the Department of Public Safety. The Program Services Bureau serves the criminal justice community and the general public through four program areas: Uniform Crime Reporting (UCR) administration; private investigative, private security, and bail enforcement licensing; weapon permit administration; and railway special agent administration.

CRIMINAL INVESTIGATION DIVISION

215 East Seventh Street, Des Moines 50319; 515.725.6010

Dave Jobs, Assistant Director

Mitch Mortvedt, Assistant Director

Bruce Reeve, Criminalistics Lab Administrator

The Division of Criminal Investigation (DCI) provides expertise to local law enforcement when called upon to assist in criminal investigations. The division also investigates matters involving the security of state government and is the agency with the primary responsibility for the enforcement of the lottery, social and charitable, pari-mutuel, casino, sports wagering, fantasy sports, and other gaming laws.

The division is divided into four sections:

1. The Support Operations Bureau of the DCI includes the Records and Identification Unit, Criminal History Dissemination Unit, Administration/Transcription Unit, and Automated Fingerprint Identification System (AFIS) Unit. These units provide professional services for all divisions of the Department of Public Safety as well as to members of the general public and criminal justice agencies at all levels of government. The Support Operations Bureau also provides support for the division through the acquisition and tracking of equipment.
2. The Criminalistics Laboratory performs scientific analyses or examinations on all kinds of physical evidence. Trace evidence and arson examinations, impression (latent print, tire track, and footwear) evidence examinations, DNA analyses, firearms and tool mark examinations, toxicological analyses, controlled substance analyses, photography, and questioned documents examination, and other scientific services are made available to all law enforcement agencies in the state.
3. The Field Operations Bureau assists local, state, and federal law enforcement agencies by providing criminal investigative services. The bureau is comprised of the Major Crime Unit, whose primary function is to collaborate with local law enforcement in conducting criminal investigations into felony crimes against persons and property; the Cyber Crime Unit, which works in collaboration with the Iowa Internet Crimes Against Children (ICAC) Task Force to protect Iowa's children against online solicitation from sexual predators; the Missing Person Information Clearinghouse, which provides a program for compiling, coordinating, and disseminating information regarding missing persons and unidentified bodies and persons; and the Iowa Sex Offender Registry, which

ensures individuals maintain compliance with court-ordered registration requirements and maintains a website of registrants.

4. The Special Enforcement Operations Bureau is responsible for the integrity of legalized and licensed gambling (i.e., lottery, social and charitable, amusement devices, pari-mutuel, casino, sports wagering, and fantasy sports) in the state. Agents conduct extensive background investigations and criminal investigations related to gambling. Special agents and gaming enforcement officers provide on-site law enforcement at licensed casinos.

STATE FIRE MARSHAL DIVISION

Ch 100

215 East Seventh Street, Des Moines 50319; 515.725.6145

Dan Wood, State Fire Marshal

The State Fire Marshal Division is responsible for the enforcement of state laws relating to arson and explosives, and is responsible for fire investigations. The division compiles, analyzes, and distributes statistical data of fire incidents reported by all Iowa fire departments; promotes safety through administrative rule development and enforcement; and conducts various public education programs. The division is also responsible for providing quality training and education for Iowa's fire and emergency services. The division accomplishes these goals through four bureaus: the Bureau of Fire Prevention, the Bureau of State Building Code, the Bureau of Arson and Explosives, and the Fire Service Training Bureau. Legislation enacted in 2007 created a statewide electrician licensing and electrical inspection program under the governance of the Electrical Examining Board, which is also housed in the Fire Marshal Division.

INTELLIGENCE DIVISION

215 East Seventh Street, Des Moines 50319; 515.725.6330

Terry G. Cowman, Assistant Director

The Division of Intelligence provides support to all enforcement divisions of the Department of Public Safety as well as to all other local, state, and federal law enforcement and homeland security partners in Iowa. The division serves as the Central Coordinating Agency for the Law Enforcement Intelligence Network (LEIN) program and is the state of Iowa's designated Fusion Center. It also serves as a point of contact in Iowa for law enforcement agencies from other states, and is Iowa's Interpol liaison.

The type of support provided to consumers varies with the nature of the request. Requests may involve helping to positively identify particular individuals when given incomplete information, or organizing thousands of information items in such a manner that is most productive. In essence, the personnel of the division research, manage, and analyze information.

The division applies the intelligence cycle to accomplish the tasks that fall under the division's responsibilities with strong emphasis on protecting privacy and maintaining civil rights. The intelligence cycle, as it pertains to criminal intelligence, is the process of developing raw information into finished intelligence for consumers, including policymakers, homeland security officials, law enforcement executives, investigators, and patrol officers. These consumers then use this finished intelligence for decision making and action.

INVESTIGATIVE OPERATIONS

215 East Seventh Street, Des Moines 50319; 515.725.6305

Kevin A. Winker, Director

The Investigative Operations Director has daily oversight for all investigative functions of the Department of Public Safety. This includes:

- Division of Criminal Investigation
- Division of Intelligence and Fusion Center
- Division of Narcotics Enforcement
- State Fire Marshal Division

The department's investigative divisions (collectively known as Investigative Operations) are responsible for providing professional investigative, regulatory, and training services to local, state, and federal partners and the public and private sectors.

NARCOTICS ENFORCEMENT DIVISION

215 East Seventh Street, Des Moines 50319; 515.725.6300

Paul Feddersen, Assistant Director

The Division of Narcotics Enforcement originated in 1972, and was created under its present name in 1987. The division was implemented to target the alarming increase in the abuse of illicit controlled substances. The division has the primary, statewide responsibility for providing investigative law enforcement relating to narcotics and controlled substances. The division's philosophy, in order to assist a majority of law enforcement agencies, is to concentrate its energies on major sources and supply lines of illicit drugs.

STATE PATROL DIVISION

215 East Seventh Street, Des Moines 50319; 515.725.6090

Nathan Fulk, Colonel

The Iowa State Patrol was created by the General Assembly in 1935. The duties of the Iowa State Patrol are to enforce all motor vehicle laws, exercise general peace officer powers (with restrictions stated in Iowa Code chapter 80), investigate motor vehicle traffic crashes occurring on roadways within Iowa, provide emergency medical assistance to persons injured as a result of motor vehicle traffic crashes, provide assistance to stranded motorists along Iowa roadways, provide assistance to local law enforcement agencies upon request or when the need is evident; and promote highway safety. Iowa State Patrol Communications provides total police communications to the public safety sector, including local, county, state, and federal agencies. Services provided include dispatch services for emergency and operational incidents as well as providing a link between the field force, data banks, and other sources of information necessary for the efficient operation of field offices and personnel. As a part of the Iowa State Patrol's effort to achieve its mission, the division maintains several specialty units and programs, including the following: public resource officers, vehicle theft unit, air wing, technical collision investigation unit, motor carrier safety assistance program, tactical teams, weapons of mass destruction teams, canine unit, crisis negotiators, critical incident stress management team, and a color/honor guard.

The Iowa State Patrol also has responsibility for executive protection, including the protection and security of Terrace Hill, the official residence of the Governor. Troopers maintain a highly visible security presence at the State Capitol and the surrounding complex. Troopers are responsible for the security and safety of all persons on the property, including the Governor and first family, Lieutenant Governor, Supreme Court Justices, state Senators, state Representatives, and all visiting dignitaries. A select group of troopers assigned to the Governor, First Spouse, and Lieutenant Governor travel with their principal protectees throughout the country and abroad as they represent the state of Iowa.

The Board of Regents, originally named the State Board of Education, was created in 1909 to coordinate and govern the three state institutions of higher education. Prior to that time, each of the universities had a separate board of trustees. The Iowa Braille and Sight Saving School was placed under the governance of the board in 1911, followed by the Iowa School for the Deaf in 1917.

The board consists of nine members appointed on a bipartisan basis for six-year staggered terms. Three appointments are made every two years by the Governor and confirmed by the Senate.

The Board of Regents governs the State University of Iowa, Iowa State University of Science and Technology, the University of Northern Iowa, the Iowa School for the Deaf, and the Iowa Braille and Sight Saving School. The board also serves as the board of trustees for the University of Iowa Hospitals and Clinics. Iowa Code chapter 262 provides that the board shall “have and exercise all the powers necessary and convenient for the effective administration of its office and of the institutions under its control...” The board is, for example, responsible for determination of academic programs, tuition and student fee rates, admission policies, oversight of financial matters, management and control of property, administration of employment and personnel policies, and general operations of the institutions. The board’s strategic plan defines its priorities as ensuring high-quality educational opportunities for students; discovering new knowledge through research, scholarship, and creative activities; providing needed service and promoting economic growth; and demonstrating public accountability and effective stewardship of resources.

The General Assembly has given the board broad statutory responsibility to govern the regents institutions and to provide educational and other services to the people of Iowa. To fulfill its responsibilities, the board depends heavily on its staff, under the direction of the executive director, and delegates appropriate duties to the administrations of the institutions. The board has adopted governance processes that are designed to allow it to make major policy decisions and to monitor the management of the institutions. These governance processes include strategic planning, budget development and approval, organizational audits, comprehensive fiscal reviews, and academic program approvals and reviews.

Another important aspect of the board’s governance authority is an extensive system of regular reports made by the regents institutions to the board. Annual governance reports include enrollments, housing and dining systems, student financial aid, graduation and retention rates, allocation of tuition and fees, diversity, academic program review and student outcomes, distance education, affiliated organizations, faculty activity, comprehensive human resource activities, and institutional roads. These reports supplement the board’s authority in establishing institutional budgets and appropriations requests.

WORKERS' COMPENSATION DIVISION

§84A.1; Ch 86

1000 East Grand Avenue, Des Moines 50319; 515.281.5934

Joseph S. Cortese II, Workers' Compensation CommissionerApril 30, 2021

The workers' compensation law was enacted by the General Assembly in 1913. The law provides medical services and wage replacement benefits to workers who sustain injuries arising out of and in the course of their employment. The workers' compensation law is administered by the Division of Workers' Compensation under the direction of the Workers' Compensation Commissioner. Iowa was one of the first states to provide such benefits for injuries, occupational diseases, and occupational hearing losses sustained by workers. Injuries resulting in death, permanent disability, or temporary disability must be reported to the division. If a compensation agreement cannot be reached, the employee may file a petition for a contested case and request a hearing before a deputy workers' compensation commissioner. Deputy commissioner decisions are first reviewed on appeal to the commissioner, and may be appealed beyond the commissioner first to the district court and then to the Iowa Supreme Court.
