The Older Americans Act of 1965, reauthorized in 2020, established the State Unit on Aging and the Area Agencies on Aging. The current Iowa Department on Aging (IDA) was first created as the Commission on the Aging by the Iowa General Assembly in 1966. In 1986, the existing Commission on Aging was reorganized as a separate executive branch agency, and was renamed the Iowa Department of Elder Affairs. In 2008, the department was again renamed as the Iowa Department on Aging (IDA). The State Unit on Aging is established in Iowa under the “Elder Iowans Act” (Iowa Code chapter 231), which sets forth the role and responsibilities for the department and its commission as well as the Area Agencies on Aging. The department’s programs and services include but are not limited to: elder rights and legal assistance; elder abuse prevention and awareness; nutrition and health promotion; family caregiver advocacy; older worker services; case management; options counseling; and a wide array of information and assistance. Within the IDA is the Office of the State Long-Term Care Ombudsman, which advocates for the rights of residents living in various health care settings. The IDA Internet site is: www.iowaaging.gov. An 11-member commission serves as the policymaking body for the department with seven members appointed by the Governor, two by the House of Representatives, and two by the Senate for four-year terms. Among its duties, the commission promulgates administrative rules and approves and monitors the area plans for the area agencies. The Governor appoints a department director subject to confirmation by the Senate.

Mike Naig, Secretary of AgricultureJanuary 2023

The General Assembly created the Iowa Department of Agriculture in 1923. In 1986, the department was restructured and the name changed to Department of Agriculture and Land Stewardship to reflect its broadened focus.

The mission of the department is to provide leadership for all aspects of agriculture in Iowa, ensure consumer protection, and promote the responsible use of Iowa's natural resources. The department is tasked with developing and implementing policies that address the long-term future of agriculture as an economic activity as well as a way of life.

The department helps encourage, promote, and advance the interests of agriculture that may lead to new opportunities for Iowa farmers. The department has the responsibility of providing consumer protection through the regulatory programs administered by the regulatory, laboratory, and inspection services. The department is responsible for the preservation and improvement of the quality of two of the state's most important natural resources: soil and water.

Emily Wharton, Director Serves at Pleasure of Commission

The Department for the Blind, established in 1925, provides services to Iowans who are blind or severely visually impaired that support their rights and aspirations to participate fully, productively, and equally as first-class citizens in society. These services are provided through the department's four divisions: the Adult Orientation and Adjustment Center; Field Operations, which provides vocational rehabilitation and independent living services; the Iowa Library for the Blind and Physically Handicapped; and the Business Enterprises Program. The department provides information about blindness through speaking engagements, in-service training, informational materials, and a fully accessible Internet site.

The Adult Orientation and Adjustment Center is a residential training program where blind adults learn the blindness techniques and develop the self-confidence they need to live independently and work competitively. Through classes in travel with the long white cane, home and personal management, industrial arts, braille, and computer access, blind adults come to understand that it is okay to be blind and that they can become fully contributing members of their families, work places, and communities.

The department's Vocational Rehabilitation Program is the key to the funding that blind Iowans need to compete on terms of equality in institutions of higher learning and the labor market. The program provides the counseling and guidance that encourage blind Iowans to achieve their maximum potential, the funding needed to help blind students pay for the blindness-specific services and technology they need to succeed while receiving training at postsecondary institutions, the advocacy and information that encourage the development of attitudes and policies that provide equal opportunity for blind students and workers in training, and the equipment and technical expertise that enable blind students and workers to operate virtually the same information technology as everybody else.

Through its Transition Program, the department provides blindness skill and attitudinal training to Iowa's transition-age youth who are blind or severely visually impaired. At fall and winter retreats and summer activities, young participants learn new, positive ways to think about themselves and to

deal with their blindness. They then use what they have learned in meaningful work experiences in their home communities.

Through the department’s Independent Living Rehabilitation Program, elderly or persons with multiple disabilities who are blind learn the skills they need to live independently and participate actively in family and community life. By learning the alternative techniques of blindness, they can choose the privacy and independence of living in their own homes over moving into expensive care centers. Rehabilitation teachers and project specialists travel throughout the state to provide training and other services to increase the self-reliance and independence of the individual. Training is offered in a variety of forums, including small group sessions held in communities throughout Iowa and in the home on a one-on-one basis. Vision loss has been identified as one of the four most significant contributors to the loss of independence in older Americans. Time and experience have proven that even basic training in nonvisual techniques increases an individual’s level of independence and self-sufficiency. The average direct expenditure per consumer is approximately \$1,500. This small investment effectively postpones or prevents the need for costly long-term care that can average \$5,100 per month in most nursing homes. Vocational and independent living rehabilitation services assist blind persons in realizing their maximum potential of independence and self-support. Rehabilitation counselors work with blind persons to develop vocational goals and provide appropriate vocational training and employment.

The Library for the Blind and Physically Handicapped provides books and magazines in the alternative media of braille, described video, cassette tape, and large type to eligible Iowans. Individuals who are blind include those with a vision loss that does not constitute legal blindness but is sufficient to prevent use of standard print with ease. Physically handicapped or reading-disabled persons qualify for library service. The library also distributes machines on which recorded books may be played.

The Business Enterprises Program enables blind Iowans to operate food service facilities on federal, state, municipal, and private property. The provision of initial and ongoing food service and management training, as well as beginning inventory and purchase of equipment, means that blind persons in the program can become self-sufficient, taxpaying citizens.

Approximately 600 blind children are enrolled in regular public schools throughout the state. Upon request, the department works with the Bureau of Special Education of the Department of Education to procure books and specialized material for those children and to provide counseling and guidance.

The commission's primary duty is to enforce state and federal laws that prohibit discrimination in employment, public accommodations, housing, education, and credit by investigating and litigating civil rights complaints. The commission also provides conflict resolution services including mediation and conciliation for civil rights matters. In addition to its role as a law enforcement agency, the commission works to prevent discrimination by providing training and education to the public.

The commission consists of seven members appointed by the Governor to staggered terms of four years subject to confirmation by the Senate. No more than four members of the commission shall belong to the same political party, and its membership shall represent as wide an area as practical. The executive director is appointed by the Governor and confirmed by the Senate.

The mission of the commission is to eliminate discrimination within the state of Iowa. A credible commission that enforces the Iowa Civil Rights Act ensures that Iowa has a diverse and inclusive workforce and a more welcoming business environment as well as ensuring that all Iowans have equal access to housing and services.

The Iowa College Student Aid Commission is a state agency with a long-standing commitment to helping Iowans pursue education beyond high school. Established in 1963 by the Iowa General Assembly to implement the federal assistance program for construction of academic facilities provided by the Higher Education Act of 1963, the Iowa College Student Aid Commission now administers state scholarships, grants, and loan forgiveness programs; manages registration of postsecondary institutions; conducts research and distributes higher education data; offers Iowans assistance in obtaining student financial aid and college-related information; and provides outreach services to Iowa’s students and families as they explore, finance, and complete educational opportunities beyond high school.

The Iowa College Student Aid Commission works with all sectors of higher education and with the state’s K-12 system. A board of commissioners governs the operation of the commission. As specified by Iowa law, 15 commissioners are appointed to represent the Board of Regents, the Iowa Department of Education, Iowa independent colleges and universities, Iowa community colleges, each house of the General Assembly, Iowa parents of postsecondary students, Iowa postsecondary students, K-12 practitioners, and the general public. The Governor appoints those commissioners representing parents, students, K-12 practitioners, independent colleges, community colleges, and the general public. The Director of the Department of Education serves by virtue of office, and the Board of Regents appoints a representative. Four members are appointed by the General Assembly.

Scholarship, Grant, and Loan Repayment Programs – By providing Iowa students with more than \$90 million in Iowa general fund appropriations under need-based scholarship, grant, and loan repayment programs, the commission supports Iowans as they explore, finance, and complete educational opportunities beyond high school. The commission-administered programs provided more than 29,000 awards to Iowa students in fiscal year (FY) 2021. Scholarship and grant dollars assist students pursuing degrees at Iowa colleges and universities while loan repayment funds help repay outstanding federal student loan debts for Iowans employed in specified shortage areas.

- **Iowa Tuition Grant Program** – In 1969, the General Assembly established the Iowa Tuition Grant Program to provide financial assistance for Iowa students enrolled in Iowa’s independent colleges and universities. Funding for this program for FY 2022 totals \$48,896,050 for students attending not-for-profit institutions and \$456,220 for students attending for-profit institutions. The maximum Iowa Tuition Grant for students attending Iowa independent, not-for-profit institutions in FY 2022 is \$6,800.
- **Future Ready Iowa Skilled Workforce Last-Dollar Scholarship** – In 2018, the General Assembly established the Future Ready Iowa Skilled Workforce Last-Dollar Scholarship to provide assistance to cover any remaining gap between federal and state scholarships/grants and tuition and qualified fees. Students must be attending a certificate, diploma, or associate degree program of study aligned with a high-demand job at an Iowa community college or Iowa private college/university. For FY 2022, program funding totals \$23,004,744.
- **Iowa Vocational-Technical Tuition Grant Program** – In 1973, the General Assembly established the Iowa Vocational-Technical Tuition Grant Program to provide financial assistance to needy Iowa resident students enrolled in vocational-technical or career option courses at Iowa’s community colleges. The maximum award for FY 2022 is \$1,000. For FY 2022, program funding totals \$1,750,185.
- **All Iowa Opportunity Scholarship Program** – In 2007, the General Assembly established the All Iowa Opportunity Scholarship Program to provide financial assistance to access college education to Iowa resident students who demonstrate financial need.

For FY 2022, qualified students can receive maximum awards of \$4,772 at eligible Iowa colleges and universities. For FY 2022, program funding totals \$3,100,000.

- **Iowa National Guard Service Scholarship** – Established in 1996, the Iowa National Guard Service Scholarship provides funding to members of the Iowa National Guard to help cover the costs of attending Iowa colleges and universities. During FY 2022, eligible members of the Iowa National Guard can receive maximum grants of \$9,659 from an appropriation that totals \$4,700,000.
- **Iowa Work-Study Program** – In 1987, the General Assembly established the Iowa Work-Study Program to provide funding for work-study jobs for Iowa residents attending Iowa colleges and universities. The Iowa Work-Study Program has not been funded since FY 2009.
- **Health Care Professional Recruitment Program** – The Health Care Professional Recruitment Program is a loan repayment benefit offered to athletic trainers, occupational therapists, physical therapists, physicians, physician assistants, and podiatrists who agree to work full-time in high-need Iowa communities for four years. Program funding for FY 2022 totals \$500,973
- **Loan Repayment Programs** – The commission administers loan repayment programs for physicians, teachers, nurses, nurse practitioners, nurse educators, and physician assistants. Fiscal year 2022 funding for these programs included \$400,000 for the Teach Iowa Scholar Program, \$250,000 for the Health Care Loan Repayment Program, and \$1,724,502 for the Rural Iowa Primary Care Loan Repayment Program.
- **Skilled Workforce Shortage (Kibbie) Grant Program** – The Skilled Workforce Shortage Grant Program, commonly known as the Kibbie Grant, was established in 2013 to provide need-based financial assistance of up to one-half of the tuition and fees at Iowa community colleges. The grant assists students in career-technical or career option programs in industries identified as having shortages of skilled workers. Program funding for FY 2022 totals \$5,000,000.

Federal Grant Program – Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) Iowa Grant – The GEAR UP Iowa Grant is a \$22 million, seven-year federal grant. Working with a cohort of more than 9,000 students, GEAR UP Iowa’s mission is to provide statewide and school-based services to significantly increase the number of students prepared to enter and succeed in postsecondary education. The program follows the cohort of students through its first year in college and culminates with a GEAR UP Iowa scholarship.

Community Engagement Programs – The commission funds projects that increase college awareness, provide professional development opportunities for counselors and educators, and support projects surrounding career planning strategies and college awareness and readiness.

Governor Terry E. Branstad Iowa State Fair Scholarship Program – In 1998, the General Assembly requested that the commission administer the Governor Terry E. Branstad Iowa State Fair Scholarship. Recipients receive one-time awards based on participation at the Iowa State Fair.

Postsecondary Registration – The commission is responsible for registering postsecondary institutions and other instructional schools under Iowa Code chapters 261B, 261G, and 714. Iowa Code chapter 261B requires a school to register if it conducts a program resulting in a postsecondary educational credential offered in Iowa, or if it has a presence in this state and offers a program resulting in a postsecondary educational credential in other states or foreign countries. Iowa Code chapter 261B allows Iowa colleges and universities to register if they want to participate in a commission-approved state authorization reciprocity agreement. Iowa Code section 714.18 requires every person, firm, association, or corporation that maintains or conducts in Iowa a postsecondary educational course, or solicits in Iowa the sale of such a course, to provide evidence of financial responsibility to the commission.

Training and Research – The commission provides training relating to state regulatory and compliance issues. The commission works with all sectors of higher education in Iowa and is

uniquely positioned to provide unbiased information on a wide variety of topics related to higher education in Iowa. The commission collects and maintains data on state scholarships and grants, college costs, student loans, and Iowa postsecondary preparation. The data and reports are made available in the Higher Education Data Center on the commission’s Internet site.

Federal Family Education Loan Program (FFELP) – From 1979 to 2010, the commission insured more than \$7.2 billion in federal loans for Iowa students and parents. The Health Care and Education Reconciliation Act of 2010 (HCERA), which dealt with student loan reform, eliminated the commission’s authority to originate new loans through FFELP.

The Higher Education Loan Authority (HELA) was initially established for the purpose of financing education loans through the investment of private capital. In 1985, the Legislature expanded the function of the authority to finance the acquisition, construction, and renovation of educational facilities, structures, and equipment, and to refund, refinance, or reimburse outstanding indebtedness incurred by eligible Iowa independent institutions. In 1997, the Legislature amended and expanded the function of the authority for a project that is to be leased by the authority to an institution and to provide for loans in anticipation of the receipt of tuition by an institution. The Legislature also removed a restriction that HELA shall not have outstanding, at any given time, obligations issued in an aggregate principal amount exceeding \$150 million. In 2000, the Legislature provided that interest on obligations issued by the authority is exempt from state income tax and to authorize the authority to finance facilities that will be leased to institutions by a third party.

Bonds issued by HELA are special and limited obligations of the authority and do not place an obligation on, or have the guarantee of, the state of Iowa. All administrative expenses of the authority are paid from funds provided through the operation of its programs. The authority has never received any appropriations from the state of Iowa.

The department employs approximately 3,440 staff, including approximately 1,069 community corrections employees in eight judicial districts. The corrections operations budget for fiscal year 2022 was approximately \$407 million (general fund).

Iowa Prison Industries (IPI) provides work training to incarcerated men and women in real-world work settings, and is advised by a seven-member advisory board of Iowa citizens from various industries. IPI is 100 percent self-funding and operates under a self-generating revolving fund with no appropriations from the state. Traditional industries are located at Des Moines, Mitchellville, Fort Dodge, Newton, Anamosa, Fort Madison, and Rockwell City. IPI supplies products and services to state and governmental agencies and nonprofit organizations, including signs, clothing and textiles, furniture, license plates, chemicals, plastic bags, air filters, braille transcription, and printing services. IPI also operates the state’s Federal Surplus Program and provides move/install teams to school districts and government agencies. A second of IPI manages all of the state farms for corrections and human services, another self-funding operation. A third IPI program manages private industries operations, wherein the state institutions provide space and incarcerated individuals provide labor to private manufacturing and service companies. These incarcerated individuals receive market wages, but the wages earned by these incarcerated individuals, except for 20 percent, are returned to the taxpayers in the form of taxes, child support, restitution, victim compensation, and room and board. Currently, IPI maintains private-sector ventures in Rockwell City, Fort Dodge, Clarinda, Mitchellville, and Mount Pleasant. Since 1992, these incarcerated individuals have earned more than \$27 million in wages; all but \$5.4 million has been used to pay taxes, child support, restitution, victim compensation, and room and board. All three IPI programs provide incarcerated individuals with valuable training and skills, which has been demonstrated to significantly reduce the recidivism rate for these incarcerated individuals.

The Iowa Corrections Learning Center is housed in the Central Office of the department. The learning center provides instructor training, new employee training oversight, in-service training, and numerous specialized trainings for departmental staff, including both prison and community-based corrections staff.

In Iowa’s eight judicial districts, the department contracts for community supervision. Pre-institutional services include pretrial, presentence investigations, probation supervision, and residential supervision. Post-institutional services include parole and work-release supervision. Operating while intoxicated (OWI) continuum services, including OWI treatment facilities, are also provided. In recent years, improvements to pre-institutional and post-institutional supervision have targeted specific incarcerated individuals’ groups and addressed individual incarcerated individuals’ needs. Programs include OWI, intensive supervision, electronic monitoring, sex offender programs,

domestic abuse programs, community service, education, employment, and reentry transition. Various programs are using cognitive-based treatment curricula. Probation and parole officers throughout the state are trained in effective case management to include response to violations and core correctional practices. The DOC and Judicial District Departments of Correctional Services are committed to implementing evidence-based practices to provide a better return on investment for each corrections dollar spent.

Community-based corrections (CBC) programs throughout the state are supervised by a Judicial District Department of Correctional Services Board, which appoints and provides direct supervision of the district director. The DOC is responsible for general oversight and coordination of the programs offered by the eight judicial districts. In addition, CBC administers the Interstate Compact Program.

The eight judicial districts maintain residential facilities in the following communities: Burlington, Cedar Rapids, Coralville, Council Bluffs, Davenport, Des Moines, Dubuque, Fort Dodge, Marshalltown, Mason City, Ottumwa, Sioux City, Waterloo, and West Union.

Field services offices throughout the state ensure close contact with corrections clients. Field services are based in the following cities: New Hampton, Waukon, Cresco, Elkader, Grundy Center, Waterloo, Decorah, Oelwein, Independence, Dubuque, Manchester, Ames, Fort Dodge, Marshalltown, Mason City, Sioux City, Sheldon, Council Bluffs, Des Moines, Adel, Chariton, Creston, Guthrie Center, Indianola, Newton, Vinton, Marengo, Toledo, Coralville, Cedar Rapids, Davenport, Tipton, Clinton, Maquoketa, Muscatine, Burlington, Fairfield, Fort Madison, Mount Pleasant, Keokuk, Ottumwa, Centerville, Washington, Iowa City, Anamosa, Osceola, Knoxville, West Union, Ida Grove, and Oskaloosa.

The department maintains nine prison institutions at various locations around the state. A description of those facilities follows:

Anamosa State Penitentiary – *Kris Karberg, Warden*; Anamosa 52205; 319.462.3504

The Anamosa State Penitentiary (ASP) is a medium/maximum security correctional institution for adult males. Established in 1872, the institution has a current capacity of 911 and held 927 incarcerated individuals on December 31, 2020. The mission of the ASP is to advance successful incarcerated individuals' reentry into society in order to protect the public, staff, and incarcerated individuals from victimization. Institutional staff of all classifications work closely with incarcerated individuals, expect incarcerated individuals to behave in a responsible manner, and hold incarcerated individuals accountable for the decisions they make.

Kirkwood Community College is the provider of High School Equivalency Test (HiSET) and literacy-based education programs, while IPI provides on-the-job training and work skills in the following divisions: Braille, custom wood furniture, metal furniture, sign fabrication, housekeeping/laundry supplies, filters, license plates, graphic arts, and warehouse operations. In addition, IPI manages the farm program by raising crops and maintaining a stock cow herd.

Clarinda Correctional Facility – *Steve Weis, Superintendent*; Clarinda 51632; 712.542.5634

Iowa policymakers authorized the establishment of the Clarinda Correctional Facility (CCF) in 1980 as an adult male prison to serve chemically dependent and special needs incarcerated individuals. A new 750-bed medium-security prison opened in April 1996. A Special Needs/Intensive Supervision Unit provides individual treatment for incarcerated individuals who are diagnosed with a mental illness or who have special medical needs. The total population of incarcerated individuals on December 31, 2020, was 930.

Fort Dodge Correctional Facility – *Nicholas Lamb, Warden*; Fort Dodge 50501; 515.574.4700

The Fort Dodge Correctional Facility (FDCF) is a medium-security prison originally designed to house 762 adult male incarcerated individuals in a double-occupancy celled environment. Construction began in October 1996 and the facility opened in April 1998. The facility is located on 60 acres of land in southern Fort Dodge. Recognizing the ongoing need for public safety even before the first incarcerated individuals arrived at the facility, the Legislature and Governor approved an expansion for an additional 400 beds and program space. Work on this addition was completed in late 1999. In fiscal year 2002, 127 two-man cells were converted to house three incarcerated individuals each. The current capacity is 1,162 and the institution held 1,172 incarcerated individuals on December 31, 2020.

The facility focuses on reentry into society for incarcerated individuals and on incarcerated individuals' behavior. FDCF has six privilege levels in its seven buildings designed to house incarcerated individuals. Each privilege level provides more amenities such as extra yard time, the opportunity to raise Leader Dogs for the Blind, and other privileges. Incarcerated individuals start out in the lowest privilege level, where their movement is limited, and they earn the right to progress up the level system by displaying good behavior. In turn, bad behavior will move incarcerated individuals backward in the level system. This has been a driving force in creating a safer environment for the staff and the incarcerated individuals.

FDCF operates a variety of programming that includes but is not limited to substance abuse, batterers' education, Alcoholics Anonymous, Narcotics Anonymous, anger management, money management, and other classes geared toward teaching incarcerated individuals skills that will enable them to be successful upon return to society. The Department of Education assists many incarcerated individuals in completing the HiSET program during their incarceration. Vocational programming has been temporarily suspended due to funding. This program taught welding, carpentry, and plumbing. These skills enhanced an incarcerated individual's ability to find employment upon release. Training has assisted staff in enhancing their skills to work with incarcerated individuals, allowing the facility to see a significant drop in critical incidents.

Iowa Correctional Institution for Women – *Sheryl Dahm, Warden; Mitchellville 50169; 515.725.5007*

The Iowa Correctional Institution for Women (ICIW) is a multi-level-security prison with a current capacity of 860 (120 of the total number are Minimum Live Out Unit), that held 595 female incarcerated individuals on December 31, 2020. ICIW serves as the single point of reception and classification for all new female commitments to the adult corrections system. Each incarcerated individual is assessed for security risk, victim and violence propensity, static and dynamic risks and needs, education level, health and dental assessment, and psychological assessments.

The facility has defined living units that specialize in behavioral health diagnosis. ACTV (Achieving Change Through Values-Based Behavior Program) is the prime program offered at the facility along with the Sex Offender Treatment Program (SOTP). ICIW partners with community agencies to offer trauma-based groups. Des Moines Area Community College (DMACC) is the provider of HiSET and literacy-based education programs and Life Skills Class. ICIW offers some college courses through community colleges in the state. ICIW offers off-ground jobs to individuals who live in the 120-bed Minimum Live Out Unit. Those jobs are in the private sector, IPI showroom, and DOC Central Office. Additionally, ICIW offers various apprenticeship programs.

The Department of Transportation has one part-time staff person located at the facility to help navigate anything related to DOT and license issuance.

Iowa Workforce Development has one full-time staff person located in the facility to help facilitate reentry and job placement prior to release.

IPI offers apprenticeships and on-the-job training in upholstery, computer data entry, imaging, and sewing.

Iowa Medical and Classification Center – *Mike Heinrich, Warden; Coralville 52241; 319.626.2391*

The Iowa Medical and Classification Center (IMCC) is a multifaceted facility which was originally constructed in 1967 as a psychiatric hospital for the evaluation and treatment of both men and women. Located near Iowa City, it is within easy access of the University of Iowa Hospitals and Clinics. When completed in 1969, the building consisted of three patient units totaling 81 beds. In 1984, the facility's capacity was increased to 300 beds by the construction of a reception and classification center. In 1990 and 1991, the facility's capacity was again increased with additional beds to a capacity of 528 beds with the construction of two dormitory buildings. Yet another expansion was opened in 2007 and included 100 medical beds. IMCC now has a current capacity of 585 beds, plus a 23-bed licensed forensic psychiatric hospital and a special needs unit which includes both long-term and short-term medical units, an infirmary, and several special behavioral units. The institution held 856 incarcerated individuals and patients on December 31, 2020.

IMCC serves as the single point of reception and classification center for all new male commitments to the adult corrections system. Each incarcerated individual is evaluated in terms of security risk, health status, and treatment and education needs. From IMCC, most are assigned to other Iowa

prisons. A medium-security general population of incarcerated individuals is housed at IMCC and serves as a workforce, assisting with cleaning and maintaining the facility and its grounds. IMCC provides psychiatric, psychological, nursing, pharmacy, pathology, education, recreation, and social services programs to incarcerated individuals.

Iowa State Penitentiary – *Chris Tripp, Warden; Fort Madison 52627; 319.372.5432*

The Iowa State Penitentiary (ISP) complex is a maximum-security institution. The ISP facility has two general population units as well as one restricted housing unit. Programs offered through Southeastern Community College (SCC) and the U.S. Department of Labor provide academic and vocational opportunities. Through SCC, incarcerated individuals can pursue adult education programs such as HiSET, English as a Second Language, and basic literacy. The Department of Labor allows for apprenticeship programs in cabinetry, housekeeping, and food service. IPI offers a variety of skills in woodworking and cabinetry as well as warehouse and farm opportunities. Incarcerated individuals may also participate in cognitive programming such as Thinking for a Change and recreational activities. On December 31, 2020, the incarcerated individuals population was 716 at ISP.

Incarcerated individuals at ISP are offered adult basic education and HiSET classes. Work opportunities in woodworking, textiles, and tourism, with hourly wages, are available in IPI shops in the maximum security unit. Incarcerated individuals also have the opportunity to work in the Restorative Justice Project where they build components for Habitat for Humanity home construction projects in Iowa. Treatment consists of individual and group counseling and programs relating to substance abuse, sex offenses, violence prevention, criminal thinking, anger management, victim impact, reintegration, prerelease, and reentry. Active self-help groups are Alcoholics Anonymous, NAACP, Toastmasters, and Project Harmony.

Mount Pleasant Correctional Facility – *Marcy Stroud, Warden; Mount Pleasant 52641; 319.385.9511*

The Mount Pleasant Correctional Facility (MPCF) was established in 1976 as a temporary unit to hold 144 incarcerated individuals from Anamosa. In 2016, MPCF was reclassified as a minimum-security facility with a current capacity of 776 male incarcerated individuals. As of September 2021, the population of MPCF was 1024. MPCF's focus is on preparing incarcerated individuals for reentry to the community. Core cognitive behavioral programming includes Moral Reconation Therapy (MRT), Achieving Change Through Values-Based Behavior (ACTV), and Prime for Life.

MPCF sits on 152 acres that are maintained by Minimum Live-Out (MLO) incarcerated individuals nearing release, under the supervision of maintenance staff. They also maintain the gardens, which produce close to 100,000 pounds of food used to feed incarcerated individuals. This results in an approximate \$53,000 savings in food costs per year. The MLO incarcerated individuals also work off grounds for several area cities and counties, maintaining parks, cemeteries, and other public areas. Up to 35 incarcerated individuals work at a nearby factory. MLO incarcerated individuals build houses for Habitat for Humanity and detail staff cars, with proceeds going to the facility's hospice program.

Through a contract with Southeastern Community College, incarcerated individuals can receive a HiSET degree (formerly known as GED), literacy certificates, vocational education, and special education.

MPCF offers apprenticeship programs consisting of 14 different job skills training, such as welding, cabinetry, painting, and many more.

One of the on-grounds buildings contains the Iowa Prison Industries (IPI) program. An average of 60 MLO incarcerated individuals are employed in this building. As of September 2021, these incarcerated individuals work 8 to 10 hours per day, for three different companies: a balloon company, a molding company, and a satellite dish manufacturer.

Newton Correctional Facility – *Shawn Howard, Warden; Newton 50208; 641.792.7552*

The Newton Correctional Facility (NCF) has a current capacity of 762 medium-security beds and 252 minimum-custody beds. On December 31, 2020, there were 869 incarcerated individuals in the medium-security facility and 200 in the minimum-security facility. IPI operates an on-site central commissary which serves all nine institutions. The medium-security facility operates on a unit

management philosophy and has a variety of custody levels within medium security, ranging from close custody to dormitory housing. This allows the facility to reward incarcerated individuals with growth and positive conduct privileges while sanctioning misconduct. The facility operates from a philosophy that challenges incarcerated individuals to confront the issues that have resulted in their incarceration. The facility offers and expects incarcerated individuals to participate in programs as prescribed by the classification committee, including work programs; education programs, including adult basic education and HiSET preparation and testing; cognitive treatment; criminality intervention; and substance abuse treatment.

The NCF focuses on incarcerated individuals' treatment and reentry to the community. The NCF houses the Department of Corrections' Sex Offender Treatment Program (SOTP) for those incarcerated individuals convicted of a sexual offense. The SOTP provides incarcerated individuals the opportunity to learn appropriate and responsible social and sexual behavior. Incarcerated individuals referred to the program participate in an assessment process to determine their level of treatment need. The SOTP has three basic treatment tracks for high-, moderate-, and low-risk incarcerated individuals. The SOTP programs average the following timeline: Track 1, 3 to 4 months; Track 2, 5 to 6 months; and special needs, 5 to 6 months.

The minimum-security facility includes Minimum Live-Out and Minimum Work-Out incarcerated individuals. The facility provides institutional as well as private-sector employment opportunities. In addition to HiSET, Correctional Release Center offers Achieving Change Through Values-Based Behavior (ACTV), Moral Reconciliation Therapy (MRT), and Prime for Life (321J) interventions.

North Central Correctional Facility – *Nicholas Lamb, Warden; Rockwell City 50579; 712.297.7521*

The North Central Correctional Facility (NCCF) is a minimum-security institution with a current capacity of 245 and holding 423 incarcerated individuals on December 31, 2020. IPI operates an on-site work program as well as an off-grounds private-sector employment program. The mission of NCCF is to prepare incarcerated individuals for a successful transition from prison to society as law-abiding citizens. NCCF utilizes work, programs, and individual responsibility to reduce victimization. Incarcerated individuals are engaged in many work opportunities such as, but not limited to: private-sector work (outside the secure perimeter, working for a private company, operated under federal guidelines); community work (outside the secure perimeter, working for governmental agencies and nonprofit organizations); and institutional jobs (typical jobs such as food service, maintenance, and grounds crew). Incarcerated individuals are offered cognitive behavioral treatment programs, HiSET, life skills programming, and work readiness, just to name a few. Incarcerated individuals, through other unique opportunities, are allowed to give back to society for what they have taken. These opportunities are offered through programs such as Paws N' Effect (incarcerated individuals raise puppies for special needs populations), Animal Shelter Dog Program (incarcerated individuals take in dogs from the local shelter and socialize them for adoption), and Animal Rescue League of Iowa Horse Program (horses that are removed by court order and need care are brought to NCCF and groomed back into condition for adoption).

The mission of the Iowa Arts Council (IAC) is to enrich the quality of life for Iowans through support of the arts. The IAC engages Iowans in a dynamic statewide conversation about the future of arts and culture in Iowa; creates opportunities for the arts to flourish in Iowa through effective distribution of grant resources; develops and promotes a comprehensive strategy to enhance arts education in Iowa; fosters connectivity within Iowa's arts community; encourages excellence in the arts and nurtures arts leaders; and takes a leadership role as the state's chief advocate for the arts.

The IAC issues grants and administers programs to improve Iowa's cultural landscape, not only to enhance the lives of Iowans but also to assist in keeping a talented workforce and young Iowans in Iowa. The Arts Division administers the Iowa Scholarship for the Arts, Agriculture Art Award, Poetry Out Loud, and the Cultural Leadership Partners Program.

IAC grants support opportunities for the arts to flourish in Iowa by investing in projects that positively impact the vitality of the arts in the state, demonstrate public value, and support IAC funding priorities.

Additionally, the IAC provides various funding opportunities to challenge Iowa nonprofit cultural organizations to plan for and achieve long-term financial stability through technical assistance and endowment-building campaigns.

Through its Arts Education Program, the IAC actively supports arts education curriculum in Iowa schools. The IAC also encourages learning opportunities outside the classroom by actively supporting program delivery of arts to organizations and constituent groups statewide, and through grants that help underwrite field trips for pre-K-12 schools to attend arts events.

The Iowa Arts Council Board of Directors is a citizen advisory panel of Iowans who advise the director on the programs and priorities of the agency.

Entrusted to preserve Iowa's historical legacy, the State Historical Society of Iowa identifies, records, collects, preserves, manages, and provides access to Iowa's historical resources. As an advocate of understanding Iowa's past, the State Historical Society of Iowa educates Iowans of all ages, conducts and encourages research, disseminates information, and supports historic preservation and education throughout the state.

The State Historical Society was established in 1857 in Iowa City as a private organization. Today, it is a division of the Iowa Department of Cultural Affairs.

The society maintains a library and special collections program with extraordinary collections at the State Historical Building in Des Moines and the Centennial Building in Iowa City. The State Archives of Iowa identifies, preserves, and protects state government records and makes them available for research in the society's reading room in the State Historical Building. Visitors can uncover their roots through research on Iowa topics as varied as agriculture, labor, politics, and women's suffrage. Collections include books, maps, manuscripts, newspapers, census records, oral history interviews, and photographs. The library and special collections program and the State Archives offer many public and technical services, from assisting genealogical and other researchers to advising on appropriate care of personal and government documents.

Another dimension of Iowa's history is preserved through the society's eight historic sites: Montauk (Clermont), Matthew Edel Blacksmith Shop (Haverhill), Abbie Gardner Cabin (Arnolds Park), American Gothic House (Eldon), Plum Grove (Iowa City), Blood Run National Historic Landmark (Lyon County), Toolesboro Indian Mounds National Historic Site (Wapello), and Western Historic Trails Center (Council Bluffs).

The society produces publications, including *The Annals of Iowa*, a scholarly history journal and *The Iowa Historian*, an online newsletter.

The society's State Historic Preservation Office works to preserve Iowa's architectural, historical, and archaeological character, which in turn promotes business, tourism, and economic development. Among its services, the society facilitates nominations of properties to the National Register of Historic Places, helps property owners qualify for federal and state tax and economic incentives to rehabilitate and reuse historic structures, and protects significant properties, districts, and archaeological sites.

Society staffers are available to assist all Iowans in researching, preserving, and interpreting the history of their communities. In addition, the society offers grants that enable local communities and individuals to organize local preservation programs and to preserve the state's historical resources.

The State Historical Society of Iowa Board of Directors is a citizen advisory panel of Iowans who advise the director on the programs and priorities of the agency.

The State Records Commission is established as a policy commission to provide economy and efficiency in the creation, organization, maintenance, use, preservation, and disposition of records to assure that needless records will not be created or retained and to assure that valuable records will be preserved.

The commission, through the State Archives and Records Program, maintains the State of Iowa Records Management Manual, which includes records series retention and disposition schedules that have been reviewed and adopted by the commission. The commission is charged with adopting and disseminating standards for reproduction and retention of records. The commission also assists with training and instructing state agencies and their internal records management representatives in records management techniques.

The purpose of the law is to assure that people with developmental disabilities and their families help design and have access to necessary services, supports, and other assistance.

The remainder of the membership consists of representatives of principal state agencies, local and nongovernmental agencies, as well as private, nonprofit groups concerned with the development, administration, and delivery of support and services to individuals with developmental disabilities. Members are appointed by the Governor and serve three-year terms.

The council is required to promote, through systemic change, capacity building, and advocacy, a coordinated system of culturally competent support and services that provide opportunities for individuals with developmental disabilities to be independent, productive, integrated, and included in their communities.

The responsibilities of the council include advocating for support and services that enhance the potential for increased independence, productivity, and integration of individuals with

developmental disabilities; developing the state plan for the developmental disabilities program in Iowa; administering the federal grant, which is allocated to Iowa from the federal Administration on Intellectual and Developmental Disabilities on an annual basis; and submitting an annual report to the commissioner of the federal Administration on Intellectual and Developmental Disabilities that summarizes all activities related to the developmental disabilities program in Iowa.

The council is located administratively within the Department of Human Services, which is its designated state agency.

The Iowa Economic Development Authority (IEDA) seeks to enhance the economic development of the state and provide for job creation, increased prosperity and opportunities for the citizens of the state through financial and technical assistance, training to businesses and individuals, and coordination of other state, local, and federal economic development programs. Key to the success of IEDA is its attention to working with companies that invest in the state through infrastructure development and those creating high-quality, high-wage positions.

The IEDA, working with its board of directors, designs and implements policies that increase opportunities for Iowa, its citizens, and communities. DEPARTMENT OF EDUCATION

Ch 256

Grimes State Office Building, Des Moines 50319; 515.281.3436;

www.educateiowa.gov

Ann Lebo, Director Serves at Pleasure of Governor

The Department of Education and the State Board of Education provide oversight, supervision, and support for the state education system, which includes all public preschool, elementary, and secondary schools; nonpublic schools that receive state accreditation; area education agencies; community colleges; and teacher preparation programs. They also oversee the educational services of the Division of Vocational Rehabilitation Services, which assists students with disabilities in high schools, community colleges, four-year colleges, and regents institutions in the state in their transition from educational settings to employment. The department works in collaboration with the state system of public libraries and assists Iowa Public Television in its provision of educational services.

Although the department’s scope of responsibility spans from prekindergarten through community colleges, one of its most important leadership roles is to set priorities for the state’s educational system. Current priorities include improving access to quality preschool programs, providing professional development and technical assistance to improve teaching and learning, implementing new state and federal laws, and promoting innovation in order to address the needs of students in the 21st century.

The department director is appointed by the Governor to serve a four-year term, subject to confirmation by the Senate. The director's role is to provide leadership for the department as it carries out the policies and programs prescribed by law and the State Board of Education and to ensure department personnel are providing the necessary oversight and support for all schools, educators, and students to meet their academic goals. The director also serves as the executive officer of the board, a nonvoting role.

The Department of Education was created by the General Assembly in 1913 and was originally named the Department of Public Instruction. The current name was adopted in 1986. In its early years, the department was charged with working with the many small, isolated, one-building schools to build a formal system of public education that included organized districts with defined duties and boundaries, as well as specific qualifications for teachers. While the state department was established to provide oversight, local schools maintained the authority to set many of the rules and requirements for their own students. This system of "local responsibility" — based on the belief that local residents have the greatest interest in assuring their children's success — continues today.

As the state progressed over the decades with greater diversity in business, industry, and population, the public education system evolved to reflect and encompass that diversity. In the mid-1960s, a system of 15 public, two-year community colleges was established to provide more students the opportunity for continued education and training beyond high school. In the mid-1970s, the system of area education agencies (AEAs) was developed to provide regional support for local schools and their teachers. Originally, the AEAs and community colleges shared the same service area boundaries. In recent years, however, several AEAs have merged to provide greater efficiency in regions with declining population.

The Department of Education employs approximately 225 staff in the Office of the Director, Office of Learning and Results, and Office of Operations and Initiatives. Approximately 400 staff are employed within Iowa Vocational Rehabilitation Services, which provides direct services to clients. Although the state library and public television systems remain affiliated with the Department of Education, their operations have expanded and developed into independent entities with separate boards.

Every August, over one million people from all over the world flock to the Iowa State Fair, the state's great celebration, a salute to Iowa's best in agriculture, industry, entertainment, and achievement.

The Iowa State Fair is one of the oldest agricultural and industrial expositions in the nation. The first was held in Fairfield in 1854 on a six-acre tract. The next year's fair was also held in Fairfield. From 1856 to 1879, the fair moved from city to city: Muscatine, 1856 – 1857; Oskaloosa, 1858 – 1859; Iowa City, 1860 – 1861; Dubuque, 1862 – 1863; Burlington, 1864 – 1866; Clinton, 1867 – 1868; Keokuk, 1869 – 1870 and 1874 – 1875; and Cedar Rapids, 1871 – 1873 and 1876 – 1878.

In 1879, the fair permanently moved to Des Moines. In 1884, the General Assembly appropriated \$50,000 for the purchase of grounds in Des Moines on the condition that the city raise an equal sum for site improvements. The 270-acre site was dedicated two years later. The site continued to grow to its present size of 400 acres. The Iowa State Fair was the inspiration for the original novel, three motion pictures, and the Rodgers and Hammerstein Broadway musical, all titled *State Fair*.

A separate State Fair Board was created in 1923, consisting of the Governor, the Secretary of Agriculture, the president of Iowa State University, one director from each congressional district, and three directors at large. Makeup of the board was changed in 2001 to two directors from each of the six state fair board districts, plus three ex officio members. Official delegates, representing Iowa's 105 county and district fairs and other agricultural associations, elect these directors at the annual State Agricultural Convention in December. The president, vice president, and treasurer of the State Fair Board are elected by the board from elected directors. The board also selects a secretary.

The General Assembly may appropriate funds for major capital improvements and repairs; all other operating expenses are paid from revenue generated by the fair. The fairgrounds are used year-round as a meeting and exposition center, featuring such events as large trade and machinery shows; sports events; national livestock, horse, and dog shows; arts and crafts exhibitions; private gatherings; auto races; concerts; and a wide variety of other activities.

The General Assembly created the Iowa Finance Authority in 1975 as a public instrumentality and agency to undertake programs that help working-class Iowans attain and maintain safe, decent, and affordable housing. The General Assembly charged the Iowa Finance Authority with encouraging the investment of private capital and stimulating the construction and rehabilitation of adequate housing through the use of public financing. A nine-member board of directors, appointed by the Governor

and subject to confirmation by the Senate, serves in a policymaking capacity for the agency. Over the years, the Iowa Finance Authority’s role has expanded considerably and currently includes four primary areas of responsibility. The Iowa Finance Authority offers a variety of programs that address a continuum of housing needs, from homeless assistance and multifamily rental to single-family homeownership. The Iowa Finance Authority issues tax-exempt bonds for a wide range of projects and provides the lowest-cost funds for drinking water and waste water facilities in Iowa. This program, called the State Revolving Fund, receives federal grants that allow for low-interest loans to assist communities with the planning, design, and construction of water facilities. The Iowa Finance Authority’s Title Guaranty Division offers a low-cost mechanism to guarantee title to real property in Iowa. Working with attorneys, abstractors, and lenders throughout the state, the division ensures the integrity of the land-title transfer system.

DEPARTMENT OF INSPECTIONS AND APPEALS

Ch 10A

*Lucas State Office Building, Des Moines 50319-0083; 515.281.7102;

Larry Johnson Jr., Director Serves at Pleasure of Governor
Aaron Baack, Deputy Director

The Department of Inspections and Appeals (DIA) is a multifaceted regulatory agency charged with protecting the health, safety, and welfare of Iowans. The department is responsible for inspecting and licensing or certifying health care providers and suppliers, restaurants and grocery stores, social and charitable gambling operations, and hotels and motels. In addition, DIA staff investigate alleged fraud in the state's public assistance programs and conduct contested case hearings to settle disputes between Iowans and various state government agencies.

The department was created in 1986 to coordinate and conduct various audits, appeals, hearings, inspections, and investigations related to the operations of the executive branch of state government. The DIA is organized into four major divisions (Administration, Administrative Hearings, Health Facilities, and Investigations), each with its own specific duties and responsibilities. The Administration Division, which includes the director's office and staff, oversees the daily operations of the agency. The director's office sets policy for the department and is responsible for coordinating the DIA's various programs and functions.

Attached to the department for administrative support purposes are four additional units — Child Advocacy Board, Employment Appeal Board, State Public Defender, and Racing and Gaming Commission. Each unit, like the DIA's major divisions, has Iowa Code-mandated duties and responsibilities.

ADMINISTRATION DIVISION

Lucas State Office Building, Des Moines 50319; 515.281.7102

Larry Johnson Jr., Administrator

Essential, centralized support services for the department are coordinated by and through the Administration Division. Staff attached to the director's office oversee all strategic planning, legislative affairs, administrative rulemaking, personnel, and public information activities for the department. In addition to duties as the department's chief administrative officer, the director is authorized to enter into and implement agreements or compacts between the state and Indian tribes to operate Indian gaming establishments. Currently, four casinos in Iowa are operated by Indian tribes: Blackbird Bend Casino in Onawa, operated by the Omaha Tribe of Nebraska; Meskwaki Bingo and Casino in Tama, operated by the Sac and Fox Tribe of the Mississippi in Iowa; WinnaVegas Casino in Sloan, operated by the Winnebago Tribe of Nebraska; and Prairie Flower Casino in Carter Lake, operated by the Ponca Tribe of Nebraska.

The Food and Consumer Safety Bureau is located within the Administration Division. The bureau houses the food and lodging licensing and inspection program and the social charitable gambling

unit. The bureau licenses and supervises food safety inspections performed at restaurants, grocery stores, and food processing plants, as well as sanitation inspections performed at hotels and motels. Bureau staff members receive and investigate foodborne illness complaints related to regulated establishments. The bureau also contains the state's social and charitable gambling unit which, pursuant to Iowa Code chapter 99B, regulates and licenses games of skill or chance, raffles, bingo, social gambling, and amusement devices.

ADMINISTRATIVE HEARINGS DIVISION

Wallace State Office Building, Des Moines 50319; 515.281.6468

Denise Timmins, Administrator

The Administrative Hearings Division conducts contested case hearings involving Iowans who dispute an administrative ruling issued by a state government agency. In addition, in some cases, the division also conducts hearings to resolve disputes between counties and disputes between private parties. The division annually handles cases of approximately 61 different agencies, boards, and local commissions.

Administrative law judges listen to evidence provided by the parties. After a thorough review of the information, the administrative law judge issues a written decision to the parties in accordance with the requirements imposed under Iowa Code chapter 17A. In most cases, the decision is a proposed decision, which is then subject to final review by the director of the agency involved in the contested case proceeding.

Contested case hearings are conducted for nearly all state government agencies, as well as for the Board of Regents, Iowa Civil Rights Commission, College Student Aid Commission, Iowa Law Enforcement Academy, and the Iowa medical, dental, nursing, and pharmacy licensing boards.

HEALTH FACILITIES DIVISION

Lucas State Office Building, Des Moines 50319; 515.281.4115

Dawn Fisk, Administrator

Health care professionals in the department's Health Facilities Division inspect and license or certify, under the Medicare and Medicaid programs and state law, more than 4,000 health care providers and suppliers in Iowa. Among those providers regulated by the division are nursing homes, residential care facilities, facilities for the developmentally disabled, assisted living programs, elder group homes, adult day services, hospitals, hospice agencies, end-stage renal disease units, ambulatory surgical centers, rural health clinics, rehabilitation agencies, psychiatric mental institutions for children, child-placing agencies, and boarding homes.

Survey teams from the division conduct on-site inspection at these facilities to assess the quality of care and services provided to clients, patients, residents, and tenants. If problems are discovered during an inspection, the division can initiate corrective or enforcement action to assure a facility's compliance with state and federal requirements.

INVESTIGATIONS DIVISION

Lucas State Office Building, Des Moines 50319; 515.281.5714

Fabricio Gonzalez, Administrator

The Investigations Division investigates alleged fraud in the state's public assistance programs, including fraud by health care providers, and conducts other investigations. Through a review of applications for public assistance, the division can prevent the issuance of funds to ineligible individuals. In addition, when individuals fraudulently receive public assistance, the division initiates recovery actions to recoup the overpayments for the state.

Division employees perform expenditure audits of local Department of Human Services (DHS) offices to determine eligibility for federal fund reimbursement for operating expenses. These DHS audits also ensure compliance with applicable state and federal funding requirements. When conducting health care audits at residential care facilities, nursing facilities, and residential and intermediate care facilities for the intellectually disabled, DIA auditors protect residents by assuring

that their personal funds are being properly maintained. Audit findings are also used to determine whether Medicaid reimbursement procedures meet all participation requirements.

Members of the Medicaid Fraud Control Unit (MFCU) investigate allegations of resident abuse in long-term care facilities and other entities that receive Medicaid reimbursements from Iowa and the U.S. government. In addition to addressing allegations of resident abuse, the MFCU also investigates Medicaid provider fraud throughout Iowa. MFCU staff also work with other federal and state law enforcement agencies in conducting joint investigations. When criminal charges are warranted, the MFCU refers such cases to local and federal prosecutorial authorities for criminal prosecution or appropriate civil litigation. The MFCU also has the ability and authority, when requested, to prosecute such cases.

Judy A. Bradshaw, Director

The Iowa Law Enforcement Academy (ILEA) was created by action of the General Assembly in 1967 to maximize training opportunities for law enforcement officers, to coordinate training, and to set standards for the law enforcement service, as provided for in Iowa Code chapter 80B.

The academy provides residential training sessions varying in length from 16-week basic certification courses to one-day specialty and in-service seminars. Academy-sponsored and academy-conducted training programs are held in the field as well as at the central facility at Camp Dodge.

In 1985 and 1986, the academy was given the responsibility for the administration of a program of psychological testing of applicants for law enforcement positions. In 1986, action taken by the General Assembly assigned to the academy the responsibility of providing training to jailers of county jails and city holding facilities. Action by the General Assembly in 1996 placed with the academy the responsibility for providing training for telecommunicators.

All reserve peace officers in the state who are granted authority by their jurisdiction to carry weapons must first be certified to do so by application to and approval of the Iowa Law Enforcement Academy Council. All reserve peace officers in the state are now certified by the ILEA after completion of 80 hours of ILEA standardized training.

The academy develops training programs, approves regional training programs, establishes hiring standards for peace officers, and provides audiovisual resources to law enforcement training and educational institutions.

The Iowa Lottery Authority operates as a public enterprise based upon an entrepreneurial business model.

Some key phrases of purpose and intent were included in the legislation that created the Iowa Lottery Authority. In the legislation, the General Assembly declared that “[t]he state should create a public instrumentality of the state in the form of a nonprofit authority known as the Iowa Lottery Authority with comprehensive and extensive powers to operate a state lottery in an entrepreneurial and businesslike manner.” Another section of the legislation stated that “[l]ottery games shall be operated and managed in a manner that provides continuing entertainment to the public, maximizes revenues and ensures that the lottery is operated with integrity and dignity and free from political influence.”

The Iowa Lottery began operations in 1985 and is overseen by the Iowa Lottery Board and the chief executive officer (CEO). The board and CEO establish the lottery’s budget and supervise and approve the activities of the lottery. Among the board and CEO’s duties are establishing policies for the operation of lottery games within the state; approving all contracts for operation of the lottery; and establishing rules as to the operations of specific games and lottery activities. The CEO and the five voting board members are appointed by the Governor and are subject to confirmation by the Senate. The Treasurer of State serves as an ex officio member of the board.

Early Childhood Iowa (ECI) was established to create a partnership between communities and state government departments (Economic Development Authority, Education, Human Rights, Human Services, Public Health, Management, and Workforce Development). This partnership serves as a catalyst to integrate and coordinate an early care, health, and education network of systems for children from birth through age five and their families.

The ECI State Board sets goals to empower communities to achieve desired results, develop collaboration to support an early childhood care system, and advocate for public engagement. The board’s role includes providing oversight, tracking, and reporting of the data on early childhood results and indicators; advocacy; and public awareness of the importance of early childhood issues.

Current members of the board include department directors for six state agencies, four legislators, and citizens. The board is responsible for early childhood system development and the funding streams over which it has authority.

Thirty-eight early childhood areas operate throughout the state, representing all 99 counties. Each area has a citizen-led board to support activities to promote collaboration and develop systems in the community for young children and their families.

The Mid-America Port Commission was established by a three-state compact between Illinois, Iowa, and Missouri in 1999. It is the only three-state port compact in the United States. Twenty-six counties are included in the compact. It was established to help develop the most effective area for logistics in the nation for both domestic and global freight. A major objective is to help regional businesses successfully compete globally with the help of the most efficient transportation system — linking water, rail, highway, and air.

The commission is governed by a nine-member board with three commissioners from each state. Two commissioners from each state are appointed by the county board chairs from their respective state and the other is appointed by the Governor of their state. Commissioners are allowed to serve two six-year terms.

The Department of Natural Resources was established on July 1, 1986, by combining the Conservation Commission, the Department of Water, Air and Waste Management, the Geological Survey, and part of the Energy Policy Council.

The director is appointed by the Governor and requires Senate confirmation. Two commissions are created in the department: the Natural Resource Commission and the Environmental Protection Commission. Both commissions have broad authority to set policy and adopt administrative rules and standards for the management and protection of the state's natural resources. The director is responsible for the administration of the agency.

The agency is charged with the management and protection of the state's fish and wildlife, parks, forests, and preserves, and providing for public use of these resources. It also has jurisdiction over state-owned meandered lakes and streams. Additionally, the agency is responsible for improving and maintaining the quality of the state's water, air, and land resources. Floodplain management, water quality in public water supplies, air and water pollution control and enforcement, and waste management, and assisting communities in grant applications in these fields are included in the department's functions.

To help meet these operational duties, the department also employs administrative support groups in public information, licensing, office management, data processing, and other similar roles.

The Board of Parole was established in 1907 by the General Assembly. The board consists of five members, and three alternate members, appointed to terms of four years by the Governor and subject to confirmation by the Senate and is supported by staff responsible for victim services, parole liaisons and investigators, and an administrative law judge. The board is directly responsible to the Governor. From those five members, the chairperson and vice chairperson of the board are selected by the Governor and may serve more than one term. A majority of the members of the board constitutes a quorum to transact business.

The board is charged with the responsibility to consider inmates for parole and work release, investigate parole and work release programs within the state of Iowa and nationwide, make recommendations to the Governor regarding clemency and commutation applications, and provide technical assistance related to the board’s purposes to public and private entities. The board is required to review for release each inmate incarcerated in Iowa each year except those serving life sentences or sentences where a mandatory minimum term has not yet been served. The board utilizes evidence-based practices to assist in making release decisions and maintains a risk assessment protocol designed to help keep communities safe. The board may revoke and remand to prison any person it has released on parole for any reason it deems proper. It also retains the power to grant a final discharge to any parolee under the supervision of the eight judicial districts in Iowa, usually on the recommendation of the supervising officer.

The Iowa Comprehensive Petroleum Underground Storage Tank (UST) Fund Board was created in 1989 with several goals. These goals were to create adequate and reliable financial assurance for the costs of cleanup on preexisting (prior to October 26, 1990) releases of petroleum from underground storage tanks, create a financial responsibility assurance mechanism (insurance) to pay for future releases, minimize societal costs and environmental damage, and maintain Iowa's rural petroleum distribution network, all as interim measures. The payment for releases preexisting on October 26, 1990, is the remaining goal to be met.

The board's statutes provide for the reimbursement of eligible claimants for remedial claims, i.e., those claims reported prior to October 26, 1990; retroactive claims, the few claims that were being addressed prior to the creation of the UST Fund; and innocent landowner claims, i.e., those preexisting releases that had occurred prior to the October 26, 1990, deadline but were not reported until much later.

The board administers various funds from which to make reimbursement for the work required by the Department of Natural Resources (DNR) to address risks to health created by the eligible releases. Payments are made as work progresses and cease upon the DNR's classification as "No Action Required." The board meets quarterly to approve claim payments and handle other administrative matters affecting the program.

Owners of petroleum-contaminated property or former underground storage tank owners may contact the board to pursue any potential benefits available to them. Additionally, the board's statutes grant benefits to governmental subdivisions that acquire former UST sites pursuant to eminent domain. Counties are also eligible for benefits for properties they acquire through delinquent taxes.

The board works closely with the DNR to coordinate assessment and corrective action at eligible claimant sites. The DNR determines what must occur to reach "No Action Required" status, and the board determines what activities will be reimbursable. The board preapproves all costs prior to the commencement of the activities at an eligible site.

The Iowa Public Employees' Retirement System (IPERS) and the IPERS Trust Fund are established in Iowa Code chapter 97B. IPERS was created in 1953 to replace the Iowa Old-Age and Survivors' Insurance System. IPERS is intended to provide public employees a core pension that is complemented by social security benefits and personal savings. A defined benefit plan, IPERS provides lifetime benefits determined by a member's years of service, high average covered wage, and a formula multiplier. Members must be vested in IPERS through age or sufficient years of service to qualify for a lifetime benefit.

IPERS is an independent agency within the executive branch of state government. The General Assembly and the Governor, as creators of the plan, are the plan sponsors and determine who is covered by the plan, the benefits offered, and how the plan is funded. Public employees contribute during their working career for their own future retirements. Benefits are funded entirely by contributions from employees and their employers, and investment earnings.

The Public Employment Relations Act, enacted in 1974, has as its avowed public purpose the promotion of “harmonious and cooperative relationships between government and its employees.” Specifically, the statute grants employees of the state and its political subdivisions, including cities, counties, and school districts, the right to join and participate in employee organizations and the right to bargain collectively through such employee organizations.

The Act contains detailed procedures by which employees can exercise those rights, including provisions for the determination of appropriate bargaining units, representation elections in which employees may select an employee organization to bargain on their behalf, prohibited practice provisions which proscribe certain conduct and activities, and provisions requiring the periodic reporting of finances by employee organizations.

The Public Employment Relations Board is vested with the administration of this Act. As a quasi-judicial administrative agency, operating under the Iowa Administrative Procedure Act, the

board conducts hearings and issues legal decisions in unit determination and representation matters, prohibited practice complaints, and petitions for declaratory orders. A staff of administrative law judges also performs, by delegation, this function. The agency also conducts the annual employee organizations' retention and recertification elections. The board also administers the remaining provisions of the Act. In that regard, it oversees the negotiations between the public employers and the certified representatives of more than 1,100 bargaining units of public employees of the state and its political subdivisions, and provides mediators and arbitrators in collective bargaining impasses. The board also collects data and conducts studies relating to wages, hours, benefits, and other terms and conditions of public employment; collects registration reports and annual reports, including financial statements, from employee organizations; and adjudicates discipline and grievance appeals filed by state merit system employees regarding issues not covered by a collective bargaining agreement. The board additionally adjudicates whistleblower actions filed by state employees who are not covered by a collective bargaining agreement or the state merit system.

The Board of Medical Examiners was created by the General Assembly in 1886. The Board of Osteopathic Examiners was created by the General Assembly in 1921. These two agencies became a composite Board of Medical Examiners by action of the General Assembly in 1963. In 1994, the General Assembly gave the board the authority to register acupuncturists, and subsequently the licensure and regulation of acupuncturists when the law was changed in 2001. In 2007, the General Assembly changed the board’s name to the Board of Medicine. In 2019, legislation was approved to license and regulate genetic counselors under the board beginning in 2020. Board members are appointed by the Governor for three-year terms, with confirmation by the Senate. The board is composed of 10 members — five medical physicians, two osteopathic physicians, and three nonphysician public members. In addition, the board can have up to 10 alternate members who can serve on administrative panels in contested case hearings. The board has six or seven regularly scheduled meetings annually at its office at 400 Southwest Eighth Street, Suite C, Des Moines, and six or seven regularly scheduled teleconference meetings annually. The board is responsible for administering and enforcing state laws and administrative rules governing the licensure and practice of medicine and surgery, osteopathic medicine and surgery, and licensed acupuncturists. The board is funded exclusively with licensure fees. More information is available at the board’s Internet site, www.medicalboard.iowa.gov.

The board issues licenses to medical physicians, osteopathic physicians, acupuncturists and genetic counselors who meet qualifications defined in Iowa law and administrative rules. The categories of medical licensure are resident, temporary, special, permanent, and administrative. The board is empowered with the duty and responsibility of licensee discipline, which involves the

investigation of complaints or liability claims, review of evidence, initiation and prosecution of disciplinary proceedings, and imposition of license discipline. The board is authorized to operate the Iowa Physician Health Program, a voluntary program for monitoring recovery and rehabilitation of impaired physicians. More information on this program is available at iphp.iowa.gov. The board may, if necessary, petition the district court for enforcement of its authority. The board registers and establishes peer review committees to investigate and report on the evaluation of certain complaints or other evidence of acts or omissions possibly constituting cause for licensee discipline. The board issues license renewals and certifications for licensure in other jurisdictions and determines requirements for continuing medical education.

The board is responsible for evaluating applications and issuing licenses to qualified acupuncturists and genetic counselors. Persons who hold a valid Iowa license to practice medicine and surgery, osteopathic medicine and surgery, chiropractic, podiatry, or dentistry may engage in the practice of acupuncture without a license issued by the board.

As of August 2020, the board was administering approximately 14,302 active licenses for physicians and surgeons and osteopathic physicians and surgeons, and acupuncturists. Iowa is a member of the Interstate Medical Licensure Compact, which establishes an expedited licensure process for qualified physicians who seek licensure in compact states.

The Iowa Public Information Board was created to provide an official, efficient, and free legal resource for citizens and government officials with questions about Iowa open meetings and public records laws, and for citizens with complaints about alleged violations of the laws. The board is one of the few such agencies in the nation with the authority to not only advise but to enforce the state “sunshine” laws by imposing civil penalties and any other appropriate remedies calculated to terminate or remediate a violation.

The nine board members are appointed by the Governor subject to confirmation by the Senate. No more than three members shall represent the media, and not more than three represent cities, counties, or other local governments. The members serve staggered four-year terms. The board appoints a chair from its members, and it is authorized to hire at least one employee, an attorney who serves as executive director.

The board is authorized to issue formal and informal advice, or declaratory orders with the force of law, regarding the applicability of the open meetings and public records laws of Iowa Code chapters 21 and 22. It can receive and investigate complaints alleging violations of the laws and seek resolution through informal assistance, mediation, and settlement. If a complaint cannot be resolved informally, and the board has probable cause to believe the law has been violated, the board may prosecute the government body or official in a contested case proceeding under the Administrative Procedure Act. The board can issue subpoenas to investigate complaints and prosecute cases, and it can also issue orders with the force of law to require compliance with the sunshine laws. The board offers training, disseminates information to the public, and submits an annual report to the Governor and Legislature.

The board does not have jurisdiction over the judicial or legislative branches, or over the Governor or Governor’s Office.

Stephan Bayens, Commissioner of Public Safety..... Serves at Pleasure of Governor

The Department of Public Safety was created by the General Assembly in 1939 through the consolidation of several departments and divisions under one executive designated as Commissioner of Public Safety. The Department of Public Safety has the duty of safeguarding the lives and property of Iowans and visitors to the state through enforcement of state laws. The department is a statewide law enforcement and public safety agency that complements and supplements local law enforcement agencies and inspection services.

The commissioner's office includes the Professional Standards Bureau; Strategic Communications Bureau; Professional Development Bureau; Interoperability Communications Bureau; and Governor's Traffic Safety Bureau. An assistant attorney general is also assigned to the department. The Department of Public Safety includes the following divisions:

ADMINISTRATIVE SERVICES DIVISION

215 East Seventh Street, Des Moines 50319; 515.725.6048

Jim Wittenwyler, Director

The Administrative Services Division is comprised of the Finance Bureau, Program Services Bureau, and the Technology Services Bureau. These bureaus provide support services to the Department of Public Safety as well as services directly to criminal justice agencies statewide and to the citizens of Iowa. The Finance Bureau provides support to all divisions within the Department of Public Safety through centralized budget preparation, accounting, claims processing, purchasing, personnel documentation, and the administration of the Peace Officers' Retirement System. The Technology Services Bureau administers the Iowa On-line Warrants and Articles (IOWA) System providing criminal justice information to all law enforcement in the state of Iowa as well as administrative data processing for all divisions of the Department of Public Safety. The Program Services Bureau serves the criminal justice community and the general public through four program areas: Uniform Crime Reporting (UCR) administration; private investigative, private security, and bail enforcement licensing; weapon permit administration; and railway special agent administration.

CRIMINAL INVESTIGATION DIVISION

215 East Seventh Street, Des Moines 50319; 515.725.6010

Dave Jobs, Assistant Director, Special Enforcement Operations

Mitch Mortvedt, Assistant Director, Field Operations

Gerard Meyers, Assistant Director, Cyber Crime

Bret Braafhart, Assistant Director, Support Operations

Bruce Reeve, Criminalistics Lab Administrator

The Division of Criminal Investigation (DCI) provides expertise to local law enforcement when called upon to assist in criminal investigations. The division also investigates matters involving the security of state government and is the agency with the primary responsibility for the enforcement of the lottery, social and charitable, pari-mutuel, casino, sports wagering, fantasy sports, and other gaming laws.

The division is divided into five sections:

1. The Support Operations Bureau of the DCI includes the Records and Identification Unit, Criminal History Dissemination Unit, Administration/Transcription Unit, Automated Fingerprint Identification System (AFIS), and the Iowa Sex Offender Registry, which ensures individuals maintain compliance with court-ordered registration requirements and maintains a website of registrants. These units provide professional services for all divisions of the Department of Public Safety as well as to members of the general public and criminal justice agencies at all levels of government. The Support Operations Bureau also provides support for the division through the acquisition and tracking of equipment.
2. The Criminalistics Laboratory performs scientific analyses or examinations on physical trace evidence and arson examinations, impression (latent print, tire track, and footwear) evidence examinations, DNA analyses, firearms and tool mark examinations, toxicological analyses, controlled substance analyses, photography, and questioned documents examination. The laboratory also makes available other scientific services to all law enforcement agencies in the state.
3. The Field Operations Bureau assists local, state, and federal law enforcement agencies by providing criminal investigative services. The bureau is comprised of the Major Crime Unit, whose primary function is to collaborate with local law enforcement in conducting criminal investigations into felony crimes against persons and property; and the Missing Person Information Clearinghouse, which provides a program for compiling,

coordinating, and disseminating information regarding missing persons and unidentified bodies and persons.

4. The Special Enforcement Operations Bureau is responsible for the integrity of legalized and licensed gambling (i.e., lottery, social and charitable, amusement devices, pari-mutuel, casino, sports wagering, and fantasy sports) throughout Iowa. Agents conduct extensive background investigations and criminal investigations related to gambling. Special agents and gaming enforcement officers provide on-site law enforcement at licensed casinos.
5. The Cyber Crime Bureau, which works in collaboration with the Iowa Internet Crimes Against Children (ICAC) Task Force to protect Iowa's children against online solicitation from sexual predators and with other federal and state partners to investigate electronic crimes.

STATE FIRE MARSHAL DIVISION

Ch 100

215 East Seventh Street, Des Moines 50319; 515.725.6145

Dan Wood, State Fire Marshal

The State Fire Marshal Division is responsible for the enforcement of state laws relating to arson and explosives, and is responsible for fire investigations. The division compiles, analyzes, and distributes statistical data of fire incidents reported by all Iowa fire departments; promotes safety through administrative rule development and enforcement; and conducts various public education programs. The division is also responsible for providing quality training and education for Iowa's fire and emergency services. The division accomplishes these goals through four bureaus: the Bureau of Fire Prevention, the Bureau of State Building Code, the Bureau of Arson and Explosives, and the Fire Service Training Bureau. Legislation enacted in 2007 created a statewide electrician licensing and electrical inspection program under the governance of the Electrical Examining Board, which is also housed in the State Fire Marshal Division.

INTELLIGENCE DIVISION

215 East Seventh Street, Des Moines 50319; 515.725.6330

Pat Waymire, Assistant Director

The Division of Intelligence provides support to all enforcement divisions of the Department of Public Safety as well as to all other local, state, and federal law enforcement and homeland security partners in Iowa. The division serves as the Central Coordinating Agency for the Law Enforcement Intelligence Network (LEIN) program and is the state of Iowa's designated Fusion Center. It also serves as a point of contact in Iowa for law enforcement agencies from other states, and is Iowa's Interpol liaison.

The type of support provided to consumers varies with the nature of the request. Requests may involve helping to positively identify particular individuals when given incomplete information, or organizing thousands of information items in such a manner that is most productive. In essence, the personnel of the division research, manage, and analyze information.

The division applies the intelligence cycle to accomplish the tasks that fall under the division's responsibilities with strong emphasis on protecting privacy and maintaining civil rights. The intelligence cycle, as it pertains to criminal intelligence, is the process of developing raw information into finished intelligence for consumers, including policymakers, homeland security officials, law enforcement executives, investigators, and patrol officers. These consumers then use this finished intelligence for decision making and action.

Paul Feddersen, Director

The Investigative Operations Director has daily oversight for all investigative functions of the Department of Public Safety. This includes:

The division was implemented to target the alarming increase in the abuse of illicit controlled substances. The division has the primary, statewide responsibility for providing investigative law enforcement relating to narcotics and controlled substances. The division's philosophy, in order to assist a majority of law enforcement agencies, is to concentrate its energies on major sources and supply lines of illicit drugs.

STATE PATROL DIVISION

215 East Seventh Street, Des Moines 50319; 515.725.6090

Iowa State Patrol Communications provides total police communications to the public safety sector, including local, county, state, and federal agencies. Services provided include dispatch services for emergency and operational incidents as well as providing a link between the field force, data banks, and other sources of information necessary for the efficient operation of field offices and personnel. As a part of the Iowa State Patrol's effort to achieve its mission, the division maintains several specialty units and programs, including the following: public resource officers, vehicle theft unit, air wing, technical collision investigation unit, motor carrier safety assistance program, tactical teams, weapons of mass destruction teams, canine unit, crisis negotiators, critical incident stress management team, and a color/honor guard.

The Iowa State Patrol also has responsibility for executive protection, including the protection and security of Terrace Hill, the official residence of the Governor. The Board of Regents, originally named the State Board of Education, was created in 1909 to coordinate and govern the three state institutions of higher education. Prior to that time, each of the universities had a separate board of trustees. The Iowa Braille and Sight Saving School was placed under the governance of the board in 1911, followed by the Iowa School for the Deaf in 1917.

The board consists of nine members appointed on a bipartisan basis for six-year staggered terms. Three appointments are made every two years by the Governor and confirmed by the Senate.

The Board of Regents governs the State University of Iowa, Iowa State University of Science and Technology, the University of Northern Iowa, the Iowa School for the Deaf, and the Iowa Braille and Sight Saving School. The board also serves as the board of trustees for the University of Iowa Hospitals and Clinics. Iowa Code chapter 262 provides that the board shall “have and exercise all the powers necessary and convenient for the effective administration of its office and of the institutions under its control...” The board is, for example, responsible for determination of academic programs, tuition and student fee rates, admission policies, oversight of financial matters, management and control of property, administration of employment and personnel policies, and general operations of the institutions. The board’s strategic plan defines its priorities as ensuring high-quality educational opportunities for students; discovering new knowledge through research, scholarship, and creative activities; providing needed service and promoting economic growth; and demonstrating public accountability and effective stewardship of resources.

The General Assembly has given the board broad statutory responsibility to govern the regents institutions and to provide educational and other services to the people of Iowa. To fulfill its responsibilities, the board depends heavily on its staff, under the direction of the executive director, and delegates appropriate duties to the administrations of the institutions. The board has adopted

governance processes that are designed to allow it to make major policy decisions and to monitor the management of the institutions. These governance processes include strategic planning, budget development and approval, organizational audits, comprehensive fiscal reviews, and academic program approvals and reviews.

Another important aspect of the board's governance authority is an extensive system of regular reports made by the regents institutions to the board. Annual governance reports include enrollments, housing and dining systems, student financial aid, graduation and retention rates, allocation of tuition and fees, diversity, academic program review and student outcomes, distance education, affiliated organizations, faculty activity, comprehensive human resource activities, and institutional roads. These reports supplement the board's authority in establishing institutional budgets and appropriations requests.

Local Workforce Development Boards (LWDBs) in Iowa are established in accordance with the federal Workforce Innovation and Opportunity Act (WIOA) and Iowa Code chapter 84A. The LWDB serves as a strategic leader and convener of local workforce development system stakeholders. The LWDB partners with employers and the workforce development system to develop policies and investments that support public workforce system strategies that support local and regional economies, and provide high-quality, customer-centered service delivery to job seeker and employer customers of the public workforce system. The requirements for the board member composition are described in 20 C.F.R. §679.320 and Iowa Code chapter 84A. The Iowa Code also requires that the membership of each board contain no more than half plus one of the total from any one gender or political party.
