**DEPARTMENT OF CULTURAL AFFAIRS**

**Overview and Funding History**

**Agency Overview:** The [Iowa Department of Cultural Affairs](#) (DCA) has primary responsibility for development of the State’s interest in the areas of the arts, history, and other cultural matters. In fulfilling this responsibility, the DCA is advised and assisted by the State Historical Board of Trustees and the Iowa Arts Council.

**Funding History:** Funding over the last five years has been stable at both the State and federal levels, as illustrated in the bar graph to the right, with an increase in FY 2014 for the additional responsibility of operating a film office. The FY 2014 General Fund appropriation to the Arts Division was increased by \$100,000 and the Department was required to allocate \$300,000 from the total appropriation to the Division for the Film Office. The FY 2014 General Fund appropriation for the Historical Division was also increased by \$400,000 to enhance museum exhibits and additional staffing.

The DCA also receives funding for programs through the Technology Reinvestment Fund (TRF) and the Rebuild Iowa Infrastructure Fund (RIIF) that are not reflected in the charts in this section. Please refer to the Transportation, Infrastructure, and Capitals Appropriations Subcommittee section for more detail on these appropriations.

**FY 2017:** The Governor is recommending FY 2017 General Fund appropriations totaling \$5,620,011. This is a decrease of \$94,000, related to Battle Flag Stabilization, compared to estimated FY 2016.

## IOWA ECONOMIC DEVELOPMENT AUTHORITY

### Overview and Funding History

**Agency Overview:** The [Iowa Economic Development Authority](#) (IEDA) is responsible for fostering the economic vitality of the State by working in focused partnerships with businesses, entrepreneurs, communities, and educational entities. The IEDA’s primary responsibilities are in the areas of finance, marketing, local government and service coordination, exporting, tourism, job training and entrepreneurial assistance, and small business.

**Funding History:** The Economic Development appropriation is used for the general operations of the IEDA and began with the FY 2012 appropriation. From FY 2003 through FY 2012, the Department of Economic Development received appropriations for the three main divisions (Administration, Business Development, and Community Development). Prior to that, the Department of Economic Development received separate appropriations for each program operated. The FY 2015 General Fund appropriation was increased by \$25,000 to increase support for the Councils of State Government (COGs) Assistance and \$1,000,000 for a new Science, Technology, Engineering, and Mathematics (STEM) Internship Scholarship Program. The STEM Program did not receive additional funding for FY 2016 and \$500,000 has been appropriated from the General Fund for FY 2017. The Governor is recommending a \$1,000,000 FY 2017 appropriation from the State Worker and Job Creation Fund (SWJCF), with the funds being reallocated from the High Quality Jobs Program (HQJP). The FY 2016 General Fund appropriation for the World Food Prize was reduced by \$87,500. However, the appropriation from the Rebuild Iowa Infrastructure Fund (RIIF) was increased by \$100,000. Therefore, the FY 2016 total funding for the World Food Prize exceeds the standing limited appropriation of \$1,000,000 by \$12,500.

**Quick Facts**

The graphs cover all funds overseen by the IEDA. Most of the federal funds in these charts are part of the Community Development Block Grant (CDBG) Program that assists the development of viable communities by providing decent housing and suitable living environments and expanding economic opportunities, primarily for persons of low and moderate income.

The graphs do not reflect appropriations that the IEDA has received for the High Quality Jobs Program, Grow Iowa Values Fund Program, Iowa Skilled Worker and Job Creation Fund, or other programs that receive funding through the RIIF.

**FY 2017:** The Governor is recommending General Fund appropriations totaling \$16,857,005. This is an increase of \$250,000 compared to estimated FY 2016 for Home Base Iowa Marketing. Other fund appropriations total \$22,900,000. This other funds total is no change compared to estimated FY 2016.

## IOWA FINANCE AUTHORITY

### Overview and Funding History

**Agency Overview:** The [Iowa Finance Authority](#) (IFA) mission is to finance, administer, advance and preserve affordable housing, and to promote community and economic development for Iowans. The Authority receives no General Fund appropriation for operating expenses and does not have the ability to tax. The major funding sources for the Authority are bond proceeds, title guaranty fees, application fees, and interest earnings.

**Program Funding History:** The Rent Subsidy Program began in FY 1997 as an allocation of the General Fund State Supplementary Assistance appropriation to the Department of Human Services (DHS). The Program was funded with an annual allocation from the DHS until FY 2004, when the Program was funded by the Senior Living Trust Fund (SLTF) as part of a larger appropriation to the DHS. In FY 2005, the DHS transferred the Program to the IFA through an Iowa Code chapter [28E](#) agreement, and in FY 2006, the IFA received a direct appropriation for the Program from the SLTF. The Program resumed funding from the General Fund in FY 2012. The estimated FY 2016 amount includes an increase of \$15,500,000 in federal funds that has not been explained yet.

**FY 2017:** The Governor is recommending an FY 2017 General Fund appropriation of \$658,000. This is no change compared to estimated FY 2016.

## IOWA WORKFORCE DEVELOPMENT

### Overview and Funding History

**Agency Overview:** The [Department of Iowa Workforce Development](#) (IWD) strives to improve the income, productivity, and safety of all Iowans. In conjunction with State and local economic development efforts, the IWD also assists businesses in fulfilling workforce needs. The IWD major products and services include:

- Workforce Center Services
- Compliance Assistance and Enforcement
- Unemployment Insurance
- Workforce Information and Analysis
- Adjudication, Compliance, and Education
- Resource Management

**Funding History:** Funding for the IWD is illustrated in the charts to the right. These charts exclude the payments made through the Unemployment Insurance Trust Fund benefits. Total estimated funding has increased over the five years, with federal (\$4,857,222), other funds (\$6,000), and General Fund (\$1,055,476) increasing. The federal funds increase relates to funding Workforce Minor Programs. The FY 2016 General Fund appropriation was increased by \$668,877 to support the federal Occupational Safety and Health Administration (OSHA) programs and \$87,500 for an investigator and support staff for wage enforcement.

**FY 2017:** The Governor is recommending FY 2017 General Fund appropriations totaling \$17,728,295, a decrease of \$100,000 compared to estimated FY 2016. Other fund appropriations total \$2,266,084. This other funds total is no change compared to estimated FY 2016.

## PUBLIC EMPLOYMENT RELATIONS BOARD

### Overview and Funding History

**Agency Overview:** The Iowa [Public Employment Relations Board](#) (PERB) is responsible for implementing the provisions of the Public Employment Relations Act, and for adjudicating and conciliating labor/management disputes involving public employers and employee organizations throughout the State.

**Funding History:** The graph to the right shows the five-year funding history of the PERB. The FY 2013 appropriation was increased \$90,555 for the salary and benefits of the third board member and \$130,000 for PERB training related to interest-based bargaining, mediator training, and interest arbitration. The FY 2014 appropriation was increased \$63,500 to continue funding for an additional administrative law judge hired by the PERB.

**FY 2017:** The Governor is recommending an FY 2017 General Fund appropriation of \$1,342,452. This is no change compared to estimated FY 2016.

**BOARD OF REGENTS**

**Overview and Funding History**

The Economic Development Appropriations Subcommittee appropriates funds to the [Board of Regents](#) universities for the following purposes:

- The University of Iowa (UI) Economic Development appropriation includes the University of Iowa Pharmaceuticals, Research Park, and Technology Innovation Center. Refer to the [Fiscal Topic Budget Unit: University of Iowa Economic Development](#) for more information.
- The Iowa State University (ISU) Economic Development appropriation includes the Institute for Physical Research and Technology, Small Business Development Centers, and Research Park. Refer to the [Fiscal Topic Budget Unit: Iowa State University Economic Development](#) for more information.
- The University of Northern Iowa (UNI) Economic Development appropriation includes the Institute for Decision Making, Metal Casting Center, and MyEntre.Net Program. Refer to the [Fiscal Topic Budget Unit: University of Northern Iowa Economic Development](#) for more information.

Prior to FY 2014, these appropriations were funded through the General Fund. Beginning in FY 2014, the appropriations were made from the Skilled Worker Job Creation Fund (SWJCF). The five-year funding history graph above does not reflect any funding the Board of Regents received through Economic Development Fund allocations or appropriations from the RIIF. Information on these appropriations can be found in the Transportation, Infrastructure, and Capitals Appropriations Subcommittee section.

**FY 2017:** The Governor is recommending FY 2017 General Fund appropriations totaling \$101,000. This General Fund appropriation is no change compared to estimated FY 2016. Other fund appropriations total \$8,700,000. This other funds total is no change compared to estimated FY 2016.

### Comparisons to Other States — Gross Domestic Product

Data available from the [Council of State Governments \(CSG\) States Perform](#) website gathered by the [Bureau of Economic Analysis](#) (BEA) examines the Gross Domestic Product (GDP) by state. The GDP is the value added to goods and services by economic activity. It is equivalent to the gross output (sales or receipts and other operating income, commodity taxes, and inventory change) minus inputs (consumption of goods and services purchased from other U.S. industries or imported).

When evaluated on a per-capita basis, Iowa ranked 21st, with a per-capita GDP of \$49,075. The state with the highest per-capita GDP was Alaska (\$66,160), followed by North Dakota (\$65,225), and New York (\$64,818). The three lowest states were South Carolina, Idaho, and Mississippi.

Since 2010, Iowa's GDP has grown by 19.9%, 6th among all states and the District of Columbia. The state with the largest increase was North Dakota with 58.5%, followed by Texas (31.3%) and Nebraska (21.1%). The states that had the slowest growth were Main (5.8%), Alaska (7.9%), and Kentucky (8.2%).

The pie graph displays Iowa's GDP by North American Industry Classification System (NAICS) sector. The largest three sectors of Iowa's GDP are Services (20.7%); Finance, Insurance, and Real Estate (20.5%); and Government (11.2%).

The fastest growing sectors since 2010 are Agriculture, Forestry, Fishing, and Hunting (65.8%); Durable Goods Manufacturing (34.7%); and Construction (34.4%). The sectors with the slowest growth since 2009 are Nondurable Goods Manufacturing (6.6%); Government (9.2%); and Transportation, Warehousing, and Utilities (11.0%). No sector decreased from 2010 through 2014.

## **Appropriation Activity FY 2015**

# FY 2015 Appropriation Activity

The following information provides a summary of the FY 2015 General Fund and non-General Fund appropriations for the departments under the purview of the Administration and Regulation Appropriations Subcommittee. Appropriations are adjusted for several factors throughout the fiscal year, including supplemental appropriations, deappropriations, and adjustments to standing appropriations to account for actual expenditures. Other activity associated with appropriated funds include: balances brought forward, transfers, and reversions. The tables show each of the departments' appropriations and the changes that occurred throughout the fiscal year.

- Original Appropriation: The amounts appropriated from the General Fund in individual appropriation bills during the 2014 Legislative Session.
- Adjustment to Standings: These adjustments represent changes that are made to budgeted standing unlimited appropriations for the purpose of balancing out the year-end amount. There are numerous standing unlimited appropriations established in the Code. The exact amount for each of these appropriations is not known until the close of the fiscal year. As the General Assembly develops the annual budget, an estimated amount is included for budgeting purposes. This estimated appropriation is then adjusted to reflect actual expenditures.
- Supplemental/Deappropriations (General Fund Only): These changes represent the supplemental appropriations and deappropriations enacted during the 2015 Legislative Session.
- Total Net Appropriation: This is the sum of all of the above numbers and represents the final appropriation amount after the above changes were applied.
- Balance Brought Forward: Appropriated funds allowed to carry forward from FY 2014 to FY 2015. These funds provided additional spendable dollars for FY 2015.
- Appropriation Transfers In and Out: These adjustments represent transferred appropriation spending authority between enacted appropriations. These transfers are usually implemented by the Governor through the authority of Iowa Code section 8.39.
- Balance Carry Forward: Appropriated funds that are allowed to carry forward from FY 2015 to FY 2016. Provides additional spendable dollars for FY 2016.
- Reversions: These are the unspent appropriated funds that revert back to the fund from which they were appropriated.
- Total Appropriation Expended: This number represents the appropriation after all of the above adjustments have been made. The result is the total appropriated funds that were expended in FY 2015.
