**Description**

**Senate File 219** increases the property tax credit or rent reimbursement available for low-income elderly and/or disabled persons from the current maximum of \$1,000 to \$2,000. The change is exempted from the provisions of Iowa Code section [25B.7](#) (requiring full State funding of property tax credit and exemption changes). The increase applies to property tax credit or rent reimbursement claims filed on or after January 1, 2022.

**Background**

The property tax credit or reimbursement for rent constituting property taxes paid is available to claimants with income below a specified amount. For 2021, the maximum \$1,000 annual credit or reimbursement is available to claimants with income of less than \$12,470. Claimants with higher household income receive a designated percentage of the maximum. For 2021, the credit or reimbursement is not available to individuals with household income of \$24,206 or higher. The household income brackets are indexed each year for inflation.

Household income means all income of the claimant and the claimant's spouse and actual monetary contributions received from any other person living with the claimant during the claimant's respective 12-month income tax accounting period. Rent constituting property taxes paid is defined as 23.0% of the gross rent actually paid by the claimant. Income means Iowa net income as defined in Iowa Code section [422.7](#), plus all of the following to the extent not already included in Iowa net income:

- Capital gains.
- Alimony.
- Child support money.
- Cash public assistance and relief, except property tax relief granted under Iowa Code chapter [425](#), division II.
- In-kind assistance for housing expenses.
- The gross amount of any pension or annuity, including but not limited to railroad retirement benefits.
- Payments received under the federal Social Security Act, except child insurance benefits received by a member of the claimant's household.
- All military retirement and veterans' disability pensions.
- Interest received from the State or federal government or any of its instrumentalities.
- Workers' compensation and the gross amount of disability income or "loss of time" insurance.

Income does not include gifts from nongovernmental sources, or surplus foods or other relief in kind supplied by a governmental agency. In determining income, net operating losses and net capital losses shall not be considered.

The program is financed through a standing unlimited State General Fund appropriation. The appropriation amounts for the past five years are:

- FY 2015 = \$24.3 million
- FY 2016 = \$24.7 million
- FY 2017 = \$23.1 million
- FY 2018 = \$20.7 million
- FY 2019 = \$19.5 million
- FY 2020 = \$18.3 million

### **Assumptions**

- Between FY 2015 and FY 2020, the amount claimed decreased at an average annual rate of 5.5% per year. The same rate of decrease in claims is assumed through FY 2027.
- The Department of Revenue estimates that the increase in the maximum credit or rent reimbursement to \$2,000 will result in a 56.0% increase in the total amount projected to be claimed under current law.
- The change applies to claims filed on or after January 1, 2022. Claims filed on or after that date will apply to assessment year 2021 property tax and rent payments and FY 2023 taxes owed.
- The General Fund appropriation is assumed to remain unlimited and will therefore cover the entire increase in qualified claims.

### **Fiscal Impact**

The increase in the property tax credit and rent reimbursement maximum level to \$2,000 is projected to increase the standing unlimited appropriation for the program by the following amounts:

- FY 2023 = \$8.6 million
- FY 2024 = \$8.2 million
- FY 2025 = \$7.7 million
- FY 2026 = \$7.3 million
- FY 2027 = \$6.9 million

The increase in the General Fund appropriation is projected to continue in future fiscal years at a similar level to FY 2027.

**Description**

[Senate File 386](#) relates to the compensation of postsecondary educational institutions' college athletes. The Bill permits an athlete to receive compensation for his/her name, image, or likeness (NIL), or athletic reputation; permits an athlete to work with a registered professional representative; and prohibits a postsecondary institution from limiting/preventing an athlete from earning compensation authorized by statute.

This Bill further provides that the Treasurer of State (TOS) is required to certify persons who provide professional representation to college athletes and requires the TOS to establish by rule a certification process ensuring that persons have significant qualification for, or demonstrated experience providing, representation to college athletes in negotiations or financial or other relationships with athletic associations, conferences, or other groups or organizations with authority over intercollegiate athletics.

The Bill requires a college athlete who enters into a contract providing compensation to the athlete for use of the athlete's NIL rights, or athletics reputation, to disclose the full contract to a designated official of the postsecondary educational institution at which the athlete is enrolled and provides for the nondisclosure of the terms of such a contract.

The Bill further provides that the terms of a team contract of a postsecondary educational institution's athletic program shall not prevent a college athlete from receiving compensation for using the athlete's NIL rights, or athletic reputation for a commercial purpose when the athlete is not engaged in official, mandatory team activities if such activities are recorded in writing and made publicly available.

The Bill is effective on enactment and applies to any agreement or contract, as defined in the Bill, newly entered into, renewed, modified, or extended on or after the earlier of July 1, 2021; the effective date of any substantially similar State or federal law; or the effective date of an athletic association or athletic conference rule regarding NIL compensation for student athletes if a postsecondary educational institution in Iowa is a member of such athletic association or athletic conference.

**Background**

In January 2021, the National Collegiate Athletic Association (NCAA) [delayed](#) changes to the [current rules](#) regarding an athlete's [NIL](#) after the U.S. Department of Justice expressed concerns about the legislation and how the legislation may raise concerns under the antitrust laws. Current NCAA bylaws impose strict restrictions on the types of financial aid and benefits that student-athletes may receive. Student-athletes receiving a partial athletic scholarship, or no athletic scholarship, are subject to the same pay prohibitions as those who receive full athletic scholarships. Current NCAA rules state that any student-athlete who receives financial aid or benefits other than that permitted by the NCAA shall not be eligible for intercollegiate

athletics. Further, NCAA rules forbid a student-athlete from receiving preferential benefits or treatment because of the athlete's reputation, skill, or potential to be a professional athlete.

Congress is currently in the process of [reviewing](#) the rights of college student-athletes.

California was the first state to enact NIL laws that go into effect in January 2023, allowing time for consideration and alignment of NCAA bylaws and legislation in other states. However, amendment of the legislation has been [proposed](#), including making the effective date earlier. The NCAA had [objections](#) to the California law and the California [Legislative Analyst's Office](#) provided a [bill analysis](#) that indicates the overall impact is unknown. However, the Office estimated the costs could be substantial.

[Florida's laws](#) are the first to take effect, on July 1, 2021. A [bill analysis](#) on the Florida legislation indicated the Bill may have a negative, indeterminant fiscal impact on postsecondary institutions.

The U.S. Supreme Court will hear an appeal from the NCAA and top-level conferences in a [case](#) that challenges the association's restrictions on the compensation that athletes can receive for playing college sports.

### **Assumptions**

- The TOS will need to consult with legal counsel and create an application process for persons who want to apply to be certified to represent college athletes.
- A substantial number of persons will request to be certified to represent college athletes.
- The TOS does not have funding available for legal consultation and the development of a certification process for persons who provide professional representation to college athletes.
- It is not clear how this Bill will affect the rights and responsibilities of Iowa's NCAA-member educational institutions and the institution's student-athletes.

### **Fiscal Impact**

Senate File 386 will have an unknown fiscal impact because data is not available and the Bill does not specify a source of revenue to cover the increased costs and loss of revenue. However, the Bill is anticipated to have the following fiscal impact:

- There will be an unknown increase in costs to postsecondary education institutions to ensure compliance with the new provisions.
- The additional costs to the postsecondary education institutions for using the NIL of student-athletes for promotional and recruitment activities is unknown.
- The loss of revenue for the postsecondary education institutions from using the NIL of student-athletes is unknown.
- The loss of revenue if postsecondary education institutions would lose NCAA and conference eligibility is also unknown.
- The cost in FY 2021 for the TOS to develop an online certification system is approximately \$75,000 and a funding source is not provided in the Bill. The estimated costs include the following:
  - \$25,000 for legal consultation.
  - \$50,000 for the development of an online certification system.

### **Description**

[Senate File 413](#) relates to the conduct of elections, including absentee ballots and voter list maintenance activities, and makes penalties applicable. The Bill takes effect upon enactment.

#### Election Misconduct and Applicable Penalties (Sections 1-2, 5-9, 28, 52)

Senate File 413 creates penalties for election officials who willfully fail to perform duties. Specifically, the Bill changes the following offenses to apply to the individuals specified:

- *Election misconduct in the first degree* — Election officials who fail to perform duties prescribed in Iowa Code chapters [39](#) through [53](#), with the exception of voter registration maintenance; fail to follow or implement guidance issued by the Secretary of State's (SOS) Office; or perform duties in a way that hinders or disregards the object of the law.
- *Election misconduct in the second degree* — Election officials who fail to adequately perform voter list maintenance as found through an audit by the SOS Office and investigated by the relevant county attorney and Attorney General.
- *Election misconduct in the third degree* — Election officials who interfere with a person who is allowed to be at a polling place.

The Bill also applies election misconduct in the third degree to a person who returns a voted absentee ballot, including to a ballot drop box, who is not the registered voter, an individual who lives in the same household as the registered voter, an immediate family member of the registered voter, a caregiver of the registered voter, or an election official assisting a registered voter who became a patient, tenant, or resident of a hospital, assisted living program, or health facility. Election misconduct in the third degree is also applied to a person who makes a false or untrue statement that an absentee ballot was returned by a prohibited person.

Senate File 413 also requires the SOS Office to issue a fine of up to \$10,000 to county commissioners upon issuance of a technical infraction. A county commissioner who does not pay a fine that was not dismissed pursuant to Iowa Code chapter [17A](#) is to be suspended from office for a period not to exceed two years. The Bill requires the Attorney General and county attorney to investigate allegations of election misconduct for prosecution under Iowa Code chapter [721](#) and submit the results to the SOS Office.

### **Other Provisions**

Senate File 413 also includes the following changes:

- Prohibits nominations by a nonparty political organization for a person who was nominated by a political party for the same office in the same election.
- Changes signature requirements for nomination petitions and changes the required convention or caucus size for nominees from nonparty political organizations.
- Allows the SOS Office to issue guidance on elections and eliminates home rule power for county commissioners.

- Requires the SOS Office to verify all voters in the statewide voter registration file annually and submit a report to the General Assembly regarding the number of registrations canceled.
- Requires the SOS Office to update voter registration information using the Electronic Registration Information Center (ERIC).
- Requires each county commissioner to participate in the United States Postal Service National Change of Address (NCOA) Program, send a notice to and mark as inactive a voter who has not participated in the most recent general election and has not reported a change of address or registered again, and report inactive records annually to the SOS Office.
- Requires the SOS Office to conduct an audit of counties' voter registration maintenance activities in April of each odd-numbered year.
- Allows oversight of county commissioners by the SOS Office during election periods.
- Requires replacement of individuals on a precinct election board following a party affiliation change.
- Prohibits individuals who are standing for election on the ballot from assisting voters in casting a ballot.
- Authorizes law enforcement to take reasonable actions to prevent violation of Iowa Code chapter [50](#).
- Changes the number of days prior to an election that any registered voter can apply for an absentee ballot from 120 days to 70 days and prohibits county commissioners from sending absentee ballot applications to a voter.
- Prohibits absentee ballot applications from being provided with any field prefilled, excluding the type and date of the election.
- Requires the county commissioner to notify a voter within 24 hours that the absentee ballot application cannot be processed if the application is received between 5:00 p.m. on the 11th day before an election and 5:00 p.m. on the 7th day before an election.
- Changes the number of days prior to an election that an absentee ballot can be mailed to a voter from 29 days to 18 days and prohibits an absentee ballot being mailed to any person who did not apply for an absentee ballot.
- Changes the number of days before an election for in-person absentee voting at a county commissioner's office and satellite locations from 29 days to 18 days and eliminates the county commissioners' ability to establish satellite absentee voting stations at their discretion.
- Removes a postmark as a method of verifying the date when an absentee ballot was mailed.
- Limits drop boxes to one per county and establishes guidelines.
- Changes the process for a county commissioner to notify a voter that an absentee ballot is incomplete and establishes guidelines for submission of an affidavit to the special voters precinct board.
- Specifies that an affidavit that lacks the voter's signature is to be considered incomplete.
- Directs counties and special voters precinct boards to record absentee ballot statistics, including additional tracking requirements, and requires submission to the SOS on a daily basis and following an election.
- Makes certain changes to county elections.

**The LSA has not yet received requested data regarding the changes associated with the above provisions of the Bill. As a result, fiscal impact for these changes cannot be determined at this time and this fiscal note will updated when the requested data is received. The fiscal impact discussed below relates only to the added penalties of election misconduct.**

NOTE: Number of active and inactive voters for 2016 are as of November 8, 2016; 2018 numbers are as of November 6, 2018; and 2020 numbers are as of November 3, 2020.

- Per Iowa Code chapter [47](#), the Secretary of State’s (SOS) Office is designated as the State commissioner of elections and Iowa county auditors are designated as the county commissioners of elections.
- Under current law, most violations of election law under Iowa Code chapters 39 through 53 are prosecuted under Iowa Code chapter [39A](#). According to the Criminal and Juvenile Justice Planning Division (CJJP) of the Department of Human Rights, in FY 2019 and FY 2020, there were five convictions of election misconduct in the first degree and seven convictions of election misconduct in the third degree.
- Election misconduct in the first degree is a Class D felony, which is punishable by confinement for no more than five years and a fine of at least \$1,025 but not more than \$10,245.
- Election misconduct in the second degree is an aggravated misdemeanor, which is punishable by confinement for no more than two years and a fine of at least \$855 but not more than \$8,540.
- Election misconduct in the third degree is a serious misdemeanor, which is punishable by confinement for no more than one year and a fine of at least \$430 but not more than \$2,560.

## Assumptions

- The following will not change over the projection period: charge, conviction, and sentencing patterns and trends, prisoner length of stay (LOS), revocation rates, plea bargaining, and other criminal justice system policies and practices.
- A lag effect of six months is assumed from the effective date of this Bill to the date of first entry of affected offenders into the correctional system.
- Marginal costs for county jails cannot be estimated due to a lack of data. For purposes of this analysis, the marginal cost for county jails is assumed to be \$50 per day.

## Correctional Impact

The correctional impact of SF 413 cannot be determined. The Bill establishes new criminal provisions, and no historical data exists to make a reliable estimate.

**Table 2** below shows estimates for sentencing to State prison, parole, probation, or Community-Based Corrections (CBC) residential facilities; LOS under those supervisions; and supervision marginal costs per day for all convictions ranging from serious misdemeanors to Class D felonies. Refer to the Legislative Services Agency (LSA) memo addressed to the General Assembly, [Cost Estimates Used for Correctional Impact Statements](#), dated January 22, 2021, for information related to the correctional system.

**Table 2 — Sentencing Estimates and LOS**

Conviction Offense Class	Percent to Prison	Avg Length of Stay in Prison (months)	FY 20 Marginal Cost/Day in Prison	Percent Ordered to Probation	Avg LOS on Probation	Avg Cost Per Day on Probation	Percent Sentenced to CBC Residential Facility	FY 20 Marginal Cost CBC Per Day	Percent Ordered to County Jail	Avg Length of Stay in County Jail	Marginal Cost Per Day	Avg LOS on Parole	FY 20 Average Cost Per Day Parole
Class D Felony (Persons)	77.0%	16.0	\$20.33	47.8%	30.5	\$5.38	10.5%	\$14.78	38.6%	N/A	\$50.00	11.5	\$5.38
Aggravated Misdemeanor (Persons)	43.0%	7.1	\$20.33	51.7%	20.2	\$5.38	3.3%	\$14.78	70.7%	N/A	\$50.00	6.0	\$5.38
Serious Misdemeanor	2.0%	5.0	\$20.33	56.0%	13.4	\$5.38	1.0%	\$14.78	69.0%	N/A	\$50.00	2.4	\$5.38

**Minority Impact**

Of the 12 election misconduct convictions in FY 2019 and FY 2020, 83.3% were committed by Caucasian offenders and 16.7% were committed by African American offenders. In FY 2020, Caucasians and African Americans made up 89.9% and 4.1% of the adult population of the State of Iowa, respectively.

Senate File 413 establishes new criminal provisions to include actions not previously penalized under Iowa Code chapter [39A](#). As a result, the CJJP cannot use prior existing data to estimate the minority impact. Refer to the LSA memo addressed to the General Assembly, [Minority Impact Statement](#), dated January 27, 2021, for information related to minorities in the criminal justice system.

**Fiscal Impact**

Senate File 413 establishes new criminal provisions, and the resulting cost to the justice system cannot be estimated. **Table 3** shows estimates for the average State cost per offense class type. The estimates include operating costs incurred by the Judicial Branch, the State Public Defender, and the Department of Corrections (DOC) for one additional conviction. The cost would be incurred across multiple fiscal years for prison and parole supervision.

**Table 3 — Average State Cost Per Offense Class Type**

Offense Class	Total Minimum Cost	Total Maximum Cost
Serious Misdemeanor	\$410	\$7,500
Aggravated Misdemeanor	\$3,700	\$7,800
Class D Felony	\$7,700	\$13,500

The DOC has stated that crimes against professionals are rare and assumes that county commissioners and election officials are likely to comply with the Bill. It is assumed that county commissioners will adhere to the new provisions and little revenue will be generated to the General Fund as a result of technical infraction fines.

There may be additional costs to the Attorney General's office for expenses incurred as a result of increased investigations of election misconduct; however, those costs cannot be determined until additional information is received.

As stated previously, the fiscal impact of the various provisions outlined on pages 1 and 2 of this fiscal note cannot be estimated at this time. This fiscal note will be updated as more information is received.
