Fiscal Note Version – New

Description

Senate File 570 establishes the Sexual Assault Forensic Examiner Program (Program) under administration by the Office of the Attorney General. The Program shall train, certify, and provide technical assistance to sexual assault forensic examiners and sexual assault nurse examiners. The Bill also provides definitions for “sexual assault examiner,” “sexual assault nurse examiner,” “treatment facility,” and “pediatric treatment facility.” In administering the Program, the Attorney General is required to maintain a list of sexual assault examiners and sexual assault nurse examiners who have completed certain training. Senate File 570 provides that training must be established and made available to treatment facilities by July 1, 2022. Such training must provide didactic and clinical training, be available for online or in-person use, and include information regarding sexual abuse evidence collection kits, sexual abuse, and Iowa’s sexual assault-related laws.

The Program, in collaboration with the Iowa Department of Public Health (IDPH), the Iowa Coalition Against Sexual Assault (ICASA), and qualified medical providers, is also required to establish uniform training materials related to examination procedures, consent laws, and evidence collection that all treatment facilities and federally qualified health centers are required to provide to patients and nonoffending parents or legal guardians. These materials must also be made available online at the Attorney General’s website. Additionally, the Program, in collaboration with the IDPH, the ICASA, and qualified medical providers are tasked with updating protocols and best practices related to sexual assault examinations.

Senate File 570 requires the Attorney General to establish an advisory committee to support the Program. The Bill enumerates the duties of the advisory committee, including advising on training developed specifically for the Program and specifies the members of the Committee.

Background

Currently, the IDPH works collaboratively with the Attorney General, the IDPH, ICASA, and health care associations to provide training, protocols, and best practices related to sexual assault examinations.

Assumptions

- The Attorney General estimates that it would require 2.0 full-time equivalent (FTE) positions to administer the Program. These FTE positions would be responsible for developing and implementing sexual assault forensic examiner training, developing and maintaining lists of certified examiners, collaborating with the IDPH, ICASA, and other stakeholders to develop and distribute materials for medical facilities conducting sexual assault examinations, provide technical training, and working with the advisory committee as established in SF 570.
- The Attorney General expects that half of the costs related to the 2.0 FTE positions will be covered by federal grant funding in FY 2022.

- The IDPH assumes the implementation of SF 570 will have no impact on existing operations or staffing. Currently, the IDPH receives grant funding from the Attorney General to provide training and technical assistance to health care providers who respond to cases of sexual assault, and assumes that this grant funding will continue with the implementation of this Bill.

Fiscal Impact

Senate File 570 will have no impact on the State General Fund. Funding for the two FTE positions, as required by the Attorney General in order to administer the Program, will come from the [Victim Compensation Fund](#), established in Iowa Code section [915.94](#). Receipts to the Victim Compensation Fund include criminal fines and penalties, victim restitution, a percentage of wages earned by inmates employed in the private sector, and federal funds (primarily Victims of Crime Act funds).

Estimates of funding necessary for the 2.0 FTE positions required by the Attorney General are provided in **Table 1**. Salary and benefit calculations listed in the table for FY 2022 reflect the Attorney General's expectation of receiving federal grant funding to cover half of the annual costs.

Table 1 — Implementation Costs by Funding Source, SF 570

Funding Source	FY 2022	FY 2023 (and subsequent years)
Victim Compensation Fund	\$ 100,000	\$ 200,000
Federal Funds	100,000	0
Total	\$ 200,000	\$ 200,000
