2 download and upload speeds available prior to the  
3 broadband infrastructure installation for which the  
4 exemption is claimed and the number of homes, farms,  
5 schools, and businesses in the targeted service area  
6 that will be offered broadband service and the download  
7 and upload speeds that will be available as a result of  
8 installation of the broadband infrastructure for which  
9 the exemption is claimed.

10 c. The tax exemption shall be a one hundred percent  
11 exemption from taxation for a period of ten years in an  
12 amount equal to the actual value added by installation  
13 of the broadband infrastructure.

14 d. For companies assessed by the department of  
15 revenue pursuant to chapter 433, the exemption shall be  
16 limited to an amount equal to the actual value added  
17 by installation of the broadband infrastructure as of  
18 the assessment date as determined by the department and  
19 the exemption shall be applied to the unit value prior  
20 to any other exemption applicable to the unit value, as  
21 determined under that chapter.

22 e. (1) An application for an exemption shall be  
23 filed by the owner of the property with the department  
24 of revenue by February 1 of the year in which the  
25 broadband infrastructure is first assessed for  
26 taxation, or the following two assessment years, and  
27 in each case the exemption is allowed for ten years.  
28 Applications from applicants whose property is subject  
29 to assessment by the department pursuant to chapter  
30 433 shall be reviewed by the department. All other  
31 applications shall be reviewed by the applicable county  
32 board of supervisors. The department shall forward  
33 those applications for exemption that are subject  
34 to review by the county board of supervisors to the  
35 county board of supervisors of each county in which the  
36 property is located.

37 (2) In lieu of subparagraph (1), and  
38 notwithstanding any provision in this subsection  
39 to the contrary, an owner may at any time before  
40 completion of the project submit a proposal to the  
41 department requesting that the department or the board  
42 of supervisors, as applicable, allow the owner to file  
43 an application for exemption by February 1 of any other  
44 assessment year following completion of the project,  
45 which year shall be selected by the department or the  
46 board, as applicable. If the department approves or if  
47 the board, by resolution, approves the proposal, the  
48 exemption is allowed for ten years.

49 f. (1) The application shall be made on forms  
50 prescribed by the department. The application

1 shall contain but not be limited to the following  
2 information:

3 (a) The nature of the broadband infrastructure  
4 installation.

5 (b) The percentage of the homes, farms, schools,  
6 and businesses in the targeted service area that will  
7 be provided access to broadband service.

8 (c) The actual cost of installing the broadband  
9 infrastructure under the project, if available.  
10 The application shall contain supporting documents  
11 demonstrating the actual cost.

12 (d) Certification from the office of the chief  
13 information officer pursuant to section 8B.10 that  
14 the installation is being performed or was completed  
15 in a targeted service area. Certification from the  
16 office of the chief information officer that broadband  
17 infrastructure installed in a targeted service area  
18 facilitates broadband service at or above twenty-five  
19 megabits per second of download speed and three  
20 megabits per second of upload speed.

21 (e) Certification of the date of commencement and  
22 actual or estimated date of completion.

23 (f) A copy of any nonwireless broadband-related  
24 permit issued by a political subdivision.

25 (g) If applying pursuant to paragraph "e",  
26 subparagraph (2), the actual cost already incurred  
27 for installation of broadband infrastructure, if any,  
28 the estimated costs for project completion, and the  
29 estimated date of project completion. The application  
30 shall contain supporting documents demonstrating the  
31 actual cost.

32 (2) The department and the board of supervisors  
33 shall not approve applications that are missing  
34 any of the information or documentation required in  
35 subparagraph (1). The department or the board of  
36 supervisors may consult with the office of the chief  
37 information officer to access additional information  
38 needed to review an application.

39 (3) The department or the board of supervisors, as  
40 applicable, shall, by March 1, notify an applicant of  
41 approval or denial of an application for an exemption  
42 under this subsection and shall also notify the  
43 applicant of the applicant's right to an appeal.

44 (4) The board of supervisors shall forward all  
45 approved applications and any necessary information  
46 regarding the applications to the appropriate local  
47 assessor by March 1 annually. After the tax exemption  
48 is granted, the department or the local assessor, as  
49 applicable, shall continue to grant the tax exemption  
50 for ten years, and applications for exemption for

1 succeeding years shall not be required.

2 (5) An applicant for a property tax exemption whose  
3 application was reviewed by the board of supervisors  
4 may appeal denial of the application to the property  
5 assessment appeal board within thirty days of the  
6 issuance of the denial.

7 (6) An applicant for a property tax exemption whose  
8 application was reviewed by the department may appeal  
9 denial of the application to the director of revenue  
10 within thirty days of the issuance of the denial.

11 (7) At any time after the exemption is granted  
12 and the broadband service is available in a targeted  
13 service area, the department or the board of  
14 supervisors, as applicable, under the direction of  
15 the office of the chief information officer, may  
16 require the property owner receiving the exemption  
17 to substantiate that the owner continues to provide  
18 the service described in paragraph "b". If the  
19 department or the board of supervisors determines  
20 that the property owner no longer provides the service  
21 described in paragraph "b", the department or the board  
22 of supervisors shall revoke the exemption. An owner  
23 may appeal the decision to revoke the exemption in the  
24 same manner as provided in subparagraphs (5) and (6),  
25 as applicable.

26 g. (1) If a company whose property in the  
27 county is not assessed by the department of revenue  
28 is approved to receive a property tax exemption  
29 pursuant to this subsection, the actual value added by  
30 installation of the broadband infrastructure shall be  
31 determined by the local assessor who shall certify the  
32 amount of exemption determined to the county auditor at  
33 the time of transmitting the assessment rolls.

34 (2) Notwithstanding any other provision of law to  
35 the contrary, if a company in which all or a portion of  
36 the company's property in the county is assessed by the  
37 department pursuant to chapter 433 and the company's  
38 property in the county is approved to receive a  
39 property tax exemption pursuant to this subsection, the  
40 department shall assess all the company's property in  
41 the county used for operating telegraph and telephone  
42 lines, broadband, or cable systems for each assessment  
43 year the company receives the exemption, for purposes  
44 of determining the actual value added by installation  
45 of the broadband infrastructure.

46 h. The director of revenue shall adopt rules  
47 pursuant to chapter 17A for the interpretation and  
48 proper administration of the exemption provided in this  
49 subsection.

50 Sec. \_\_\_\_\_. Section 433.8, Code 2015, is amended to

1 read as follows:

2 433.8 Assessment in each county – how certified.

3 The director of revenue shall, for the purpose

8 over, or through which said line extends the number  
9 of miles of line in the county for that company, the
