Victims of Crime Act (VOCA) Assistance	Beth	US Department of Justice, Office of Justice Programs	Iowa Department of Justice, AG's Office, Crime Victim Assistance Division	Office of Victims Crime in accordance with section 1402(d)(4) of the Victims of Crime Act of 1984 (PL 98-473)	No administrative overhead costs Available until Sept. 30, 2010 One-time funding that must be used for new expenditures. Supplanting is not allowed.	PL 98-473 Formula grants to local providers Distributed to local victim service programs.	\$700,000	The current annual award is included in the Block Grant Bill. The AG's Office indicates rules will be promulgated in April 2009, and grant awards and expenditures will need to be tracked separate from any other grant awards.	The funds provide grants to service providers of victims of violent crimes, including 27 domestic abuse and 27 sexual abuse programs across the State. Funds also support domestic abuse and sexual assault hot lines, four homicide victim survivor programs, and 16 victim and witness coordinators in county attorney offices. This is considered one-time funding. The AG's Office plans to use the funds, if permitted within federal rules, to fund one-time costs such as furniture and equipment upgrades. Current State law requires the AG's Office to transfer \$3.2 million from the Victim Compensation Fund to the Victim Assistance Grants Account in FY 2009. As of 2/24/09, \$1.9 million has been transferred.

Crime Victim Compensation	Beth	U.S. Department of Justice, Office of Justice Programs	Office of Victims Crime in accordance with section 1402(d)(4) of the Victims of Crime Act of 1984 (PL 98-473) (victim's compensation)	No administrative overhead costs. Available until Sept. 30, 2010.	Formula grants Deposited into the Victim Compensation Fund.	\$513,000	The current annual award is included in the Block Grant Bill. The AG's Office indicates rules will be promulgated in April 2009, and grant awards and expenditures will need to be tracked separate from any other grant awards.	This one-time funding will be deposited into the Victim Compensation Fund, which is currently experiencing cash flow problems due to declining receipts and increased expenditures. As of 2/24/09, there was \$2.9 million in claims pending against the Victim Compensation Fund. The AG's Office stopped paying provider claims in December 2008. The stimulus amount will be used to pay some of the pending bills to providers. This grant award is based on 60.0% of the State funds paid to crime victims two years ago.	Currently, costs associated with the Iowa ICAC Task Force are funded by the ICAC Grant Program, except for salary and benefits of DCI personnel assigned to the Task Force and minimal miscellaneous expenses. Any reduction in general fund appropriations would require a reduction in personnel. Currently, Internet Crimes Against Children funds are restricted to specialized

The current grants will expire in December of 2009 and another grant process is expected to begin in early 2010. No administrative overhead costs.	Funds are awarded by the ICAC Program to the primary member of the task force. In Iowa, DPS/DCI distributes funds to local affiliates in the form of training and/or equipment. The ICAC program awarded a total of \$16,339,283 last year, of which, the Iowa ICAC Task Force received \$450,000.	\$1,050,000	Published reports indicate the ICAC Program will receive \$50.0 million as part of the stimulus package. It is unknown how much, if any, will be awarded to the Iowa ICAC Task Force as
