All guides are getting vacation and sick leave on a pro-rated basis even when they do not work 30 hours per week.

Macaulay and Judkins also have medical insurance.

One person, Joan Judkins works full time - 40 hours per week. One other guide works approximately 6 hours per day. The other guides work on an as needed basis.

Because of the nature of the job there are certain times during the day and months of the year that are more busy than others. The extra guides are needed at those times. However, it cannot be justified to pay them to sit when they are not needed.

There are tours to the balcony of the dome every hour on the hour from 10 to 3. Tours of the building are at 10:15, 11:15, 1:15 and 2:15 and as scheduled.

There are no guides or tours on the weekends. In the past guides have been furnished both summer and winter uniforms.

If you have any additional questions please call Sugar Macaulay at 5591.
