NOTES:	Each participating county received 42.07244532% of their salary and benefits. County Emergency Management Agencies are the eligible subgrantees for this grant.	Each participating county received 39.54758236% of their salary and benefits. County Emergency Management Agencies are the eligible subgrantees for this grant.	The purpose of the DOJ Domestic Preparedness grant is to provide equipment, training and exercising to the state and local first responder community for response to WMD and terrorism events. County Emergency Management Agencies are the eligible subgrantees for this grant.	The purpose of the DOJ Domestic Preparedness grant is to provide equipment, training and exercising to the state and local first responder community for response to WMD and terrorism events. County Emergency Management Agencies are the eligible subgrantees for this grant.	The purpose of this grant is to assist local governments in updating their emergency operation plans (EOP) for all hazards with special emphasis on WMD terrorism preparedness. County Emergency Management Agencies are the eligible subgrantees for this grant.	The purpose of this grant is for local governments to initiate, organize, train and maintain Community Emergency Response Teams (CERTs) and to use these teams as an emergency management resource. County Emergency Management Agencies are the eligible subgrantees for this grant.	The purpose of this grant is to support the formation of Citizen Corps Councils and the oversight and outreach responsibilities of these Councils. County Emergency Management Agencies are the eligible subgrantees for this grant.	The purpose of these funds were to reimburse urgent costs associated with bioterrorism response efforts that were incurred by local boards of health, the state public health laboratory and laboratories as a result of the events of September 11, 2001 and in response to the subsequent anthrax events.	The purpose of this grant is to upgrade the local public health system to respond to bioterrorism, outbreaks of infectious disease and other health emergencies/disasters. County Boards of Health were the eligible subgrantees.	The purpose of this grant is to provide funding for bioterrorism preparedness and planning and to complete a comprehensive needs assessment. County EMS boards were the eligible subgrantees.	The purpose of this grant is to provide funding for bioterrorism preparedness and planning and to complete the needs assessment. 116 hospitals were the eligible subgrantees.	This funding is available under a cooperative agreement between the USDA and IDALS. \$410K is intended to fund emergency preparedness planning in Animal Disease Response. Fund objective include the development of training models, rapid response VET teams, communication plans, and resource mapping tools. The remaining \$212K is intended to support animal disease surveillance enhancements. Fund objectives are focused on	These funds were granted to the DNR by the EPA for the purpose of assisting Iowa's water utilities with the completion for their EPA required Vulnerability Assessments (VA) and Emergency Response Plans (ERP). The DNR will be using the money to provide a series of training programs and materials aimed at facilitating the fulfillment of these requirements. They may use some of the funds to contract with	Dr. Roth of the ISU Vet College has received two consecutive (2001-03) \$1 million grants for the development of the Center for Food Security. The funds are used to support fellowships for veterinarians who want to specialize in public health strategies for agriculture. The fellows conduct research and develop training opportunities for the Vets across the nation concerning zoonotic diseases and emergency response planning strategies. They also develop disease specific training opportunities		The purpose of this grant is to upgrade the regional and local public health system to respond to bioterrorism, outbreaks of infectious disease and other health emergencies/disasters.	The purpose of this grant is to upgrade the state's hospitals, emergency medical services (EMS) systems, collaborating entities to respond to bioterrorism, outbreaks of infectious disease and other health emergencies/disasters.
