Demographic Profile, 2007-2008

Total Residents	2,976,800	298,215,400	-	-	
Income					
Poor Residents (below 100% FPL)	369,400	54,942,500	12.4	18.3	% of total residents
Residents (100-133% FPL)	156,300	19,349,300	5.3	6.4	% of total residents
Median Annual Income	\$50,774	\$49,901	-	-	
Age					
Children (0-18)	754,800	78,677,200	25	26	% of total residents
Poor Children	129,000	19,306,600	17	23	% of total children
Adults (19-64)	1,837,000	184,079,200	62	61	% of total residents
Poor Adults	213,300	30,870,100	12	17	% of total adults
Elderly (65+)	385,000	37,787,700	13	13	% of total residents
Poor Elderly	27,000	4,765,800	7	13	% of total elderly
Distribution by Race/Ethnicity					
White	2,646,800	196,505,600	89	66	% of total residents
Black	71,400	36,466,900	2	12	% of total residents
Hispanic	155,400	47,395,400	5	16	% of total residents
Other	103,300	20,176,200	3	7	% of total residents
Non-Citizen	91,000	21,266,400	3	7	% of total residents
Population Living in Non-Metropolitan Areas	1,249,300	48,950,400	42	16	% of total residents

Health Insurance Coverage of the Nonelderly, 2007-2008

Medicaid	322,000	39,256,200	12.4	14.9	% of nonelderly
Children	189,700	23,397,800	58.9	59.7	% of Medicaid
Adults	132,200	15,858,500	41.1	40.4	% of Medicaid
Uninsured	277,100	45,693,300	10.7	17.4	% of nonelderly
Children	38,100	8,076,400	13.7	19.7	% of uninsured
Adults	239,000	37,616,900	86.3	82.3	% of uninsured
Nonelderly (below 100% FPL)	96,600	17,476,400	34.9	38.2	% of uninsured
Nonelderly (100-133% FPL)	31,500	4,702,800	11.4	10.3	% of uninsured
Nonelderly (134-300% FPL)	86,600	15,950,700	31.3	34.9	% uninsured
Nonelderly (301-400% FPL)	28,100	3,172,100	10.2	6.9	% of uninsured
Nonelderly (above 400% FPL)	34,100	4,391,400	12.3	9.6	% of uninsured

	Number		Percent		Notes
	IA	US	IA	US	
Employer Sponsored Insurance	1,759,800	156,860,100	67.9	60.9	% of nonelderly

Eligibility Income Level for Family of 3, 2009	\$35,200	-	200	-	% of federal poverty level
Change in CHIP Enrollment, June 2007-08	3.5	9.2	-	-	% growth, 2007-2008
Total SCHIP Spending, FY2007	\$75,548,207	\$10,046,523,960	-	-	

This fact sheet was last updated on October 15, 2009. Additional Medicaid Fact Sheets available at <http://www.kff.org/MFS/>.

All data are drawn directly from statehealthfacts.org, Kaiser's continuously updated database for state-level health data. More detailed notes and sources are available by following the online links from each topic on the fact sheet.

Demographic Profile

Total Residents, Income, Age, Race/Ethnicity, Citizenship, Population Living in Non-Metropolitan Areas

Source: KCMU and Urban Institute analysis of the Current Population Surveys, March 2008 and 2009.

Notes: These demographic data may differ from Census Bureau figures due to grouping by health insurance unit (HIU) rather than household. A Metropolitan Statistical area must have at least one urban cluster of at least 10,000 but less than 50,000 population. A Non-Metropolitan Statistical Area lacks at least one urbanized area of 50,000 or more inhabitants.

Median Annual Income

Source: U.S. Census Bureau, Current Population Survey, 2007, 2008, and 2009 Annual Social and Economic Supplements. Three-Year-Average Median Household Income by State: 2006-2008.

Health Insurance Coverage

Medicaid, Uninsured, Medicaid, Employer-Sponsored Insurance, Individual Insurance, Other Public, Percentage Point Change in the Rate of Coverage of the Nonelderly Population (0-64 years old)

Source: KCMU and Urban Institute analysis of the Current Population Survey (CPS), March 2008 and 2009.

Notes: State figures are based on pooled 2007 and 2008 data; U.S. figures are based on 2008 data.

Medicaid

Total Enrollment

Source: The Urban Institute and KCMU estimates based on data from MSIS reports from CMS for FY2006.

Notes: Maine data are for FY2004 and Nevada data are for FY2005.

% Enrolled in Managed Care

Source: Medicaid Managed Care Penetration Rates by State as of June 2008, CMS, DHHS.

Total Medicaid Spending in Millions

Source: Urban Institute estimates for KCMU based on CMS Form 64 for FY2007.

Notes: All spending includes state and federal expenditures. Expenditures include benefit payments and disproportionate share hospital payments; do not include administrative costs, accounting adjustments, or the U.S. Territories. Total spending including these additional items was about \$315.3 billion in FY2006.

Per Enrollee Medicaid Spending and Distribution by Group

Source: The Urban Institute and KCMU estimates based on data from MSIS reports from CMS for FY2006.

Notes: Maine data are for FY2004 and Nevada data are for FY2005.

Multiplier and Federal Matching Rate

Source: KCMU calculations based on the FMAPs as published in the Federal Register, November 26, 2008 (Vol. 73, No. 229), pp. 72052.

Notes: The multiplier is based on the FMAP and represents the amount of federal funds a state receives for every dollar it spends on Medicaid. The rate varies year to year and is based on each state's relative per capita income. It ranges from a low of 50% to 76%, averaging roughly 60% nationally. For FY2007, the rate for Alabama was 1:2.21 (68.85%).

State Medicaid Spending as % of State General Fund

Source: 2007 State Expenditure Report, National Association of State Budget Officers

Notes: A state's general fund is the predominant fund for financing a state's operations.

Medicaid Eligibility Levels

Source: Data based on a national survey conducted by the Center on Budget and Policy Priorities for the Kaiser Commission on Medicaid and the Uninsured, January 2009; and Medicaid Eligibility, DHHS, CMS.

Notes: All dollar figures represent the annual income for a family of three. For Working Parents, the U.S. figures represent the median annual income in dollars and as a percent of the FPL. For other groups, the U.S. figures represent the federal minimum annual income in dollars and as a percent of the FPL. The eligibility thresholds for parents in Arizona, Indiana, Iowa, New Mexico, Oklahoma, and Utah are for Medicaid coverage established through waivers and are higher than for "regular" Medicaid coverage. The coverage offered through these waivers generally provides fewer benefits and has higher levels of cost-sharing than allowed in Medicaid.

Medicaid and Medicare Dual Eligibles

Sources: The Urban Institute and KCMU estimates based on data from MSIS and CMS-64 reports from CMS for 2005.

CMS Statistics: Medicare State Enrollment, CMS. *An Update on the Clawback: Revised Health Spending Data Change State Financial Obligations for the New Medicare Drug Benefit*, KCMU, March 2006.

SCHIP

Eligibility Income Level for a Family of Three

Source: Data based on a national survey conducted by the Center on Budget and Policy Priorities for the Kaiser Commission on Medicaid and the Uninsured, January 2009; and Medicaid Eligibility, DHHS, CMS.

Notes: The levels are for separate SCHIP programs only. The following states do not have a separate SCHIP program: AK, AR, DC, HI, LA, MN, MO, NE, NM, OH, OK, RI, SC, WI.

Current SCHIP Enrollment

Source: Collected by Health Management Associates for KCMU. Data as of June 2008.

Notes: Figures represent the current monthly enrollment. TN phased out its Medicaid expansion program in September 2002. In March 2007, the state implemented a new SCHIP program called CoverKids.

Total SCHIP Spending

Source: FY2007 SCHIP Expenditures (state and federal), CMS, Special Data Request.

Abbreviations

CMS: Centers for Medicare and Medicaid Services

DHHS: U.S. Department of Health and Human Services

FMAP: Federal Medical Assistance Percentage

FPL: Federal Poverty Level (The FPL for 48 states was \$16,090 for a family of 3 in 2005; Alaska \$20,110 and Hawaii \$18,510.)

KCMU: The Kaiser Commission on Medicaid and the Uninsured

MSIS: Medicaid Statistical Information System

SCHIP: State Children's Health Insurance Program
