

INSTITUTE FOR PHYSICAL RESEARCH AND TECHNOLOGY

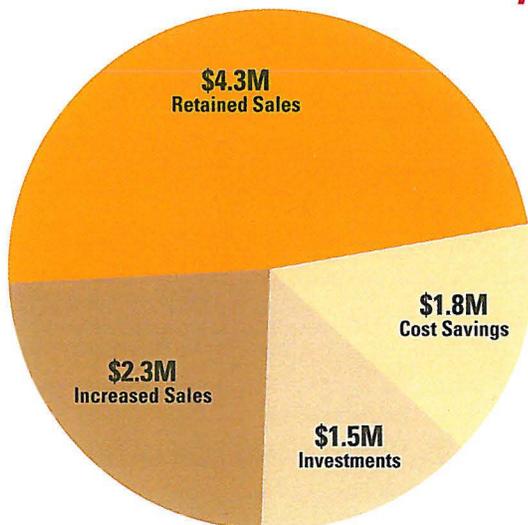

IPRT Reaches All of Iowa

Covering 67 counties

IPRT has worked with more than 300 Iowa companies and organizations in more than 120 cities and towns, covering 67 counties.

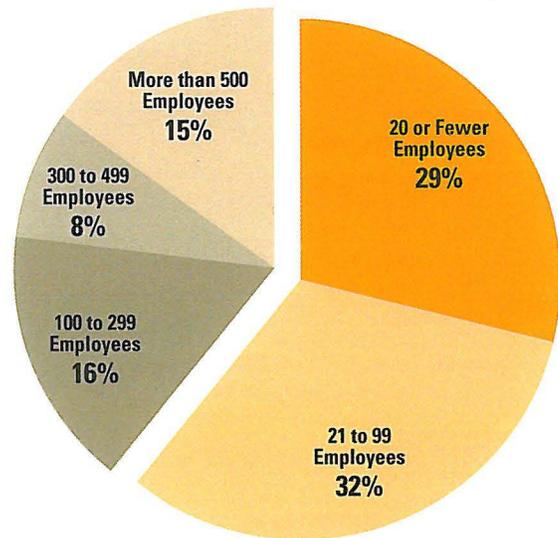

IPRT Boosts Iowa's Economy

\$9.9 million annually in report results

Because of services provided by IPRT Company Assistance, companies report positive impacts on sales, investments, and operating costs. Of the 49% of IPRT clients responding to a survey, the estimated annual average impact over the last five years is approximately \$9.9 million.

IPRT Works with Small Companies

Assisting businesses with fewer than 99 employees

More than half of the companies assisted by IPRT in the last seven years have 99 or fewer employees.

A Unique Resource for Iowa

- IPRT has been the R&D resource for small businesses in Iowa ("keeping production lines running").
- IPRT has been involved in 30 start-up companies over the last 10 years.
- IPRT's nondestructive evaluation and technical assistance expertise can serve as a resource to attract new industry to Iowa.
