The governor appoints the commission according to a formula outlined in the statute, with Senate approval. The commission's responsibilities include advising the Division of Behavioral, Developmental and Protective Services for Families, Adults and Children on the overall administration of the state disability services system; making system design recommendations for adults and children with MI/MR/DD/BI to the Legislature and executive branch; adopting rules as necessary pursuant to chapter 17A which relate to disability programs and services; adopting standards for accreditation of Community Health Centers and other mental health programs; bi-annually submitting a report on the availability and cost effectiveness of services; and advising the administrator, the Council on Human Services, the governor and the general assembly on budgets and appropriations concerning disability services.
See commission section at end for current members.

Governor's Developmental Disabilities Council - Becky Harker, executive director; 617 East Second Street, Des Moines 50309; (515) 281-9082; (800) 452-1936.

The Governor's Developmental Disabilities Council is established under the Developmental Disabilities Assistance and Bill of Rights Act of 2000, Public Law 106-402. The purpose of the law is to assure that people with developmental disabilities and their families help design and have access to necessary services, supports, and other assistance. Members are appointed by the governor and serve three-year terms. The council develops a state plan for the developmental disabilities program in Iowa, administers a federal grant allocated to Iowa from the Federal Administration on Developmental Disabilities on an annual basis, coordinates activities with the Mental Health/Mental Retardation/Developmental Disabilities/Brain Injury Commission, and submits an annual report to the commissioner of the Administration on Developmental Disabilities that summarizes all activities related to the developmental disabilities program in Iowa. The council is located administratively in the Department of Human Services, which is its designated state agency.

See member section at end for list of current members.

**Organization of the Iowa Department of Public Defense
As of May 2009**

The Iowa Department of Public Defense includes the Iowa National Guard Military Division and the Homeland Security Emergency Management Division. The Adjutant General serves as both the director of the department and as the head of the National Guard.

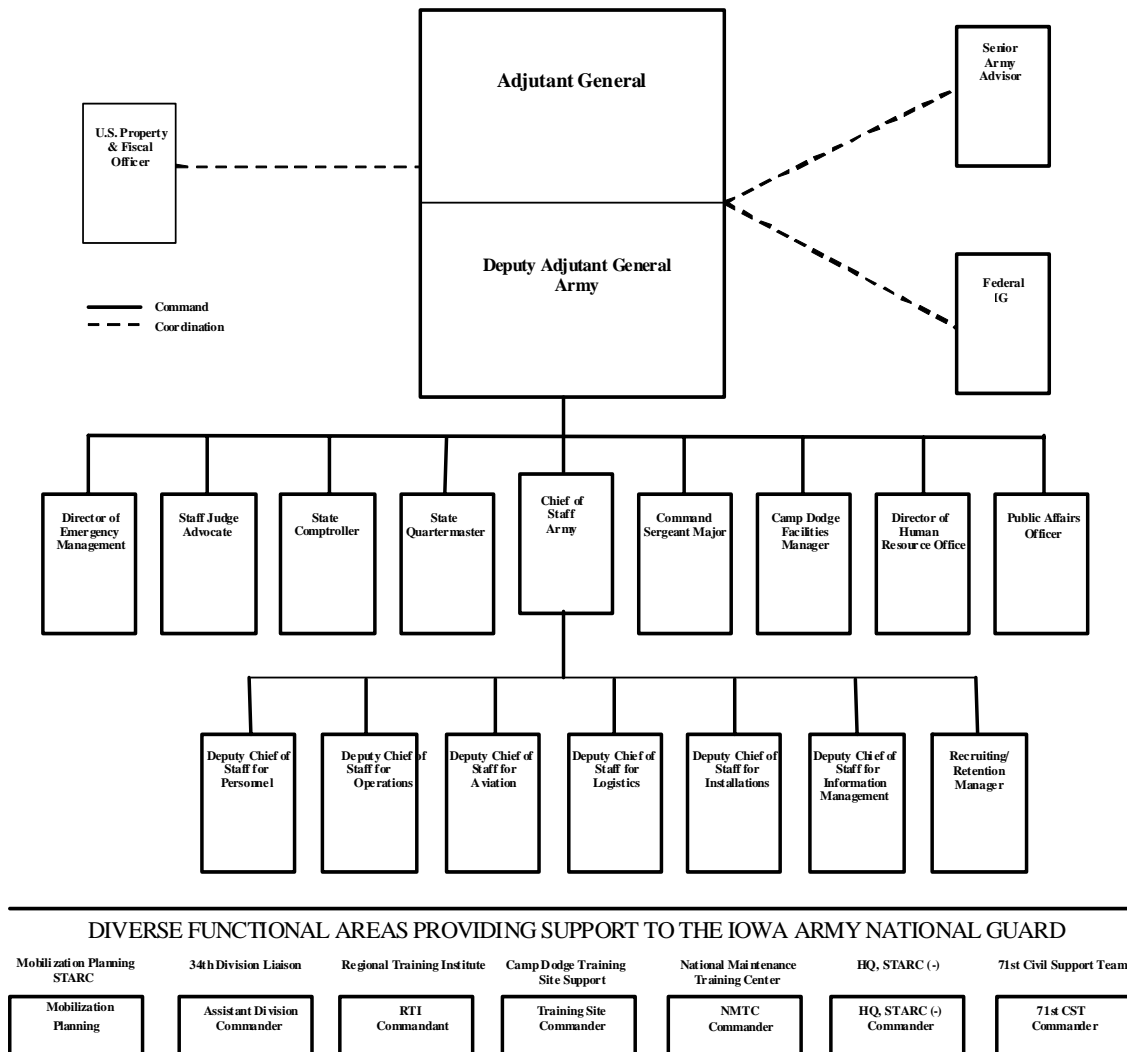

ADJUTANT GENERAL STAFF ORGANIZATION

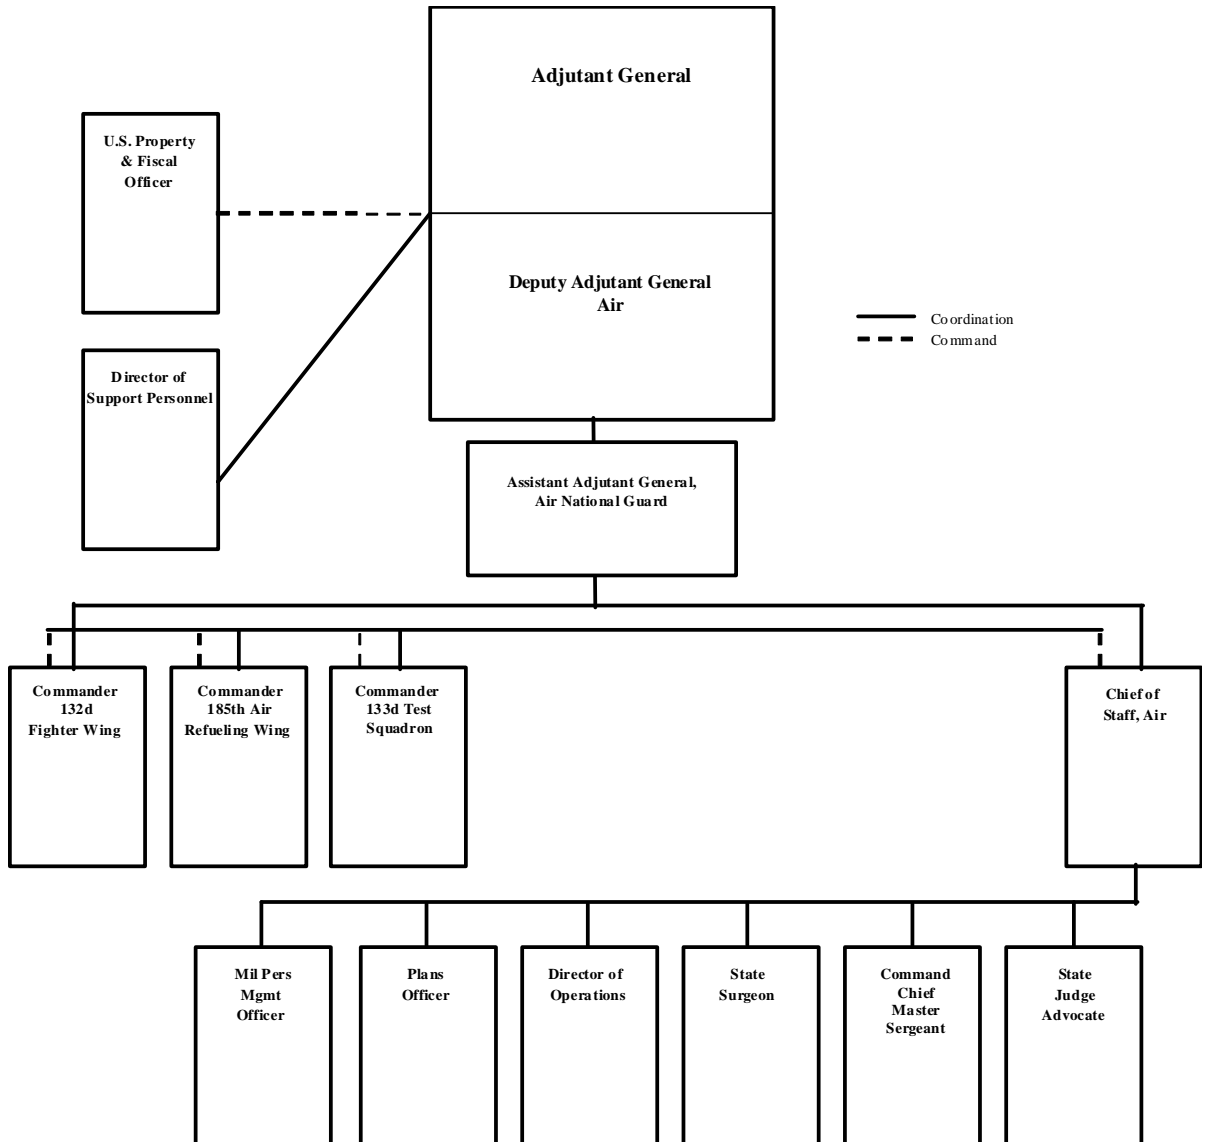

The Iowa Army and Air National Guard staff organizations are similar, but function independently in their direction of their training, operations, and support tasking of their units. They often work together to plan and conduct joint training exercises. The Air National Guard often provides soldier and equipment loading and transportation support for air movements to and from training locations.

The primary staff functions of both the Iowa Army and Air National Guard organizations are located at Camp Dodge.
