

★ How much will it cost?

You may need to pay a premium to get IowaCare. The amount of your premium is based on the amount of money you get each month. The chart below will give you an idea of how much your premium may be.

Your premium is due at the end of each month. You must pay one month at a time, but at least four months of premiums.

IowaCare coverage may stop if you don't pay your monthly premium.

★ Premium Amounts

You can find out what your IowaCare premium will be. You must calculate your percent of poverty level. You do this by:

1. Take your total monthly household income.
2. Find the federal poverty level (FPL) amount in the chart below. It is based on your household size.

Household size	1	2	3	4	5	6
FPL	798	1070	1341	1613	1885	2156

3. Divide your total income by the household size amount and multiply by 100. The answer is your percent of poverty level.
4. Find your percent of poverty level on the chart below and follow it across to find the premium amount.

Federal Poverty Level	Your Premium Amount	Federal Poverty Level	Your Premium Amount
10%	No cost	110%	\$39.00
20%	\$1.00	120%	\$43.00
30%	\$3.00	130%	\$47.00
40%	\$4.00	140%	\$51.00
50%	\$6.00	150%	\$55.00
60%	\$7.00	160%	\$59.00
70%	\$9.00	170%	\$63.00
80%	\$11.00	180%	\$67.00
90%	\$12.00	190%	\$71.00
100%	\$14.00	200%	\$75.00

Premiums are based on one person households. The more people in your home, the less you will have to pay.

Your premium may be lowered if you meet certain conditions. Call Member Services at 1-800-338-8366 or 725-1003 to see if you can get a lower premium.
