Memorandum

To: Legislative Fiscal Committee
From: Dave Reynolds, LSA
Subject: Department Organizational Dues
Date: December 12, 2014

The attached report shows state agencies' expenditures for organizational dues. The data was pulled from the State's Integrated Information for Iowa (I/3) System and includes annual expenditures for FY 2011 – FY 2014. The FY 2015 data represents actual expenditures through November 20, 2014. The data does not include organizational dues paid by the Regents institutions.

The first page of the report summarizes the expenditures for organizational dues by department. The pages that follow provide additional detail of the expenditures. This includes the funding source from where the expenditure was paid and the name of the organization that received payment (listed under "Vendor Customer Name").

In some instances the Vendor Customer Name will include a transaction labeled as "(blank)." These are expenditure adjustments usually related to moving expenditures from one fiscal year to the next so the organizational dues are accounted for in the correct fiscal year.

If you have any questions, feel free to contact me at the above phone number or email address.
