

FISHERIES BUREAU

Operations--\$11.5 million

- Four Regional Offices
- 119 employees across the state
- 17 Field Offices

Programs—Work Accomplished

- Fisheries Management—200 lakes, 19,000 miles of interior rivers, 200,000 acres of border rivers, 78 trout streams
- 6 Hatcheries—Represents Iowa's rich history; produces 110 million walleye; 820,000 trout; catfish, largemouth bass, saugeye, channel cat, etc.
- Aquatic Research—invasives, water quality, fish health and populations, mussels
- Aquatic Education—Fish Iowa!, Project Wild, Project Aquatic, Project Learning Tree

Economic Benefits to Iowa

- Dollars Spent on Fishing in Iowa- \$362 Million per Year
- Jobs Created from Fishing in Iowa- 7,100
- Days Iowans Spent Fishing- 7.4 Million
- 1 in 3 Iowans Fish

Email: Kenneth.Herring@dnr.state.ia.us

WILDLIFE BUREAU

Operations--\$12.7 million

- Four Districts
- 138 employees across the state
- 20 Management Units

Programs—Work Accomplished

- Public Lands Management—470 Public Wildlife Areas; 325,000 acres of public land; 252 boat ramps; 9 shooting ranges; Prairie Seed Program
- Private Lands Management—Recommendations made on over 225,000 acres; affect over 55,000 wetland acres; thousands of acres of buffers
- Research and Restoration—surveys of wildlife population status; research for better management; restoration of otter, sharptail grouse, prairie chicken, populations.
- Wildlife Diversity--Oversee 450+ nongame species; reintroductions; expertise for nongame management on public lands; education

Economic Benefits to Iowa

- Dollars Spent on Hunting in Iowa- \$443 Million per Year
- Dollars Spent by Wildlife Watchers in Iowa--\$342 Million per Year
- 1,022,000 Wildlife Watchers; 243,000 Hunters
- 4 Million Days Spent Hunting; 6.4 Million Days in Wildlife Watching

Iowa DNR
Phone: 515-281-5529
Email: Kenneth.Herring@dnr.state.ia.us

LAW ENFORCEMENT BUREAU

Operations--\$10 million

- Six Districts
- Total of 98 employees across the state
- 93 sworn officers

Programs—Work Accomplished

- Conservation Officers—Fish and Game Law Enforcement
- Recreational Safety—Boating, shooting sports, hunter safety, snowmobile and ATV safety
- Training—Firearms, CPR, waterfowl identifications, forensic trainings, and more
- Public Relations and Education--Write articles, radio and TV programs, civic group presentations
- Inspections—Taxidermists, scientific collectors, bait dealers, fur buyers, boat docks, snowmobile trails, ATV parks

Mission

- Protect the state's natural resources
- Provide public safety for outdoor recreation
- Educate and serve the public
- Ensure for future generations the rights, privileges and benefits we now enjoy

FUNDING SOURCES OF TRUST FUND

General Hunting and Fishing License Fees: This category includes all hunting and fishing licenses, deer and turkey permits, commercial fishing licenses, and several miscellaneous licenses such as private fish hatchery licenses, bait dealer licenses, etc.

Habitat Stamps: In addition to a license, hunters and trappers are also required to purchase Wildlife Habitat Stamps. Proceeds from the stamps are earmarked for the acquisition and development of wildlife habitat. Fifty percent of the revenue is made available to county conservation boards on a 75%/25% cost-share basis for habitat acquisition and development at the county level. Three dollars of every Season and 7-Day fishing license is dedicated to fish habitat improvement. Fifty percent of the revenue is made available to county conservation boards on a 90%/10% cost share basis.

State Waterfowl Stamps: The revenue from these stamps is used for the purpose of protecting and propagating migratory waterfowl and for the acquisition, development, restoration, maintenance and preservation of wetlands. Fifteen percent is made available to Ducks Unlimited for Canada projects.

Trout Stamps: The revenues from this stamp are used exclusively to stock state trout streams designated by the commission.

Nongame Checkoff: An income tax checkoff for nongame has been established, with a policy of using all those funds for the purposes of preserving, protecting, perpetuating and enhancing nongame wildlife in the state.

Pittman-Robertson Wildlife Restoration Federal Aid: This revenue is derived from an 11% federal excise tax on hunting arms and ammunition. It is apportioned to the states using a formula based both on land area and number of paid hunting licenses sold. This must be matched on a 75% federal/25% state basis. Projects may include wildlife area operations, wildlife research, land acquisition, and wildlife habitat development. All projects must be approved by the US Fish & Wildlife Service.

Hunter Safety Federal Aid: The Fish & Game Trust Fund also receives federal aid for hunter safety from a federal excise tax on small arms and ammunition, using a 75% federal/25% state match formula. Iowa has followed a consistent practice of using about one-half for hunter safety and the remainder for wildlife operations and research.

Dingell-Johnson Fisheries Federal Aid: This revenue is collected through a 10% federal excise tax on fishing equipment, and is distributed to the state on a formula based on land size and number of paid fishing licenses sold. In 1984, the **Wallop-Breaux** Amendment expanded the Dingell-Johnson program. The original excise tax was expanded to cover imported fishing gear, boats and motors. The Dingell-Johnson program funds fisheries-related research, management of fish culture, habitat acquisition and development. It can also be used for hatchery construction, aquatic education, boating access, fisheries management, operations and capitals. A minimum of 15% must be spent on boat access.

Miscellaneous Sources of Revenue for the Trust Fund: Boating Safety Funds; Agricultural Lease Income; Liquidated Damages; Controlled Hunting Fees; Ducks Unlimited Marsh Program; Interest; Corps Reservoir Agricultural Leases; Timber Sales; Concession Income; Fish Restitution (from fish kills); Sale of Used Equipment; Sale of Publications; Commercial Fishing Contracts; etc.

IOWA'S MARINE FUEL TAX (MFT) PROGRAM

- **Revenue from the excise tax on the sale of motor fuel used in watercraft**
Amount of revenue equals nine-tenths of one percent, minus 3% of the figure for administrative costs and minus the amount refunded to commercial fishers of paid fuel tax paid per gallons of fuel used

- **MFT funds are appropriated to the DNR for use in its recreational boating program, which may include but is not limited to:**
 1. Dredging and renovation of lakes of this state.
 2. Acquisition, development, and maintenance of access to public boating waters.
 3. Development and maintenance of boating facilities and navigation aids.
 4. Administration, operation, and maintenance of recreational boating activities.
 5. Acquisition, development, and maintenance of recreational facilities associated with recreational boating.

- **Examples of current and past MFT projects:**
 - ◆ Storm Lake (Buena Vista Co.) marina upgrade & expansion
 - ◆ Sunnyside State Park (Warren Co.) boat ramps and bathrooms
 - ◆ Lower Gar Lake (Dickinson Co.) outlet repair
 - ◆ Manchester (Delaware Co.) boat storage building expansion
 - ◆ Village Creek Access (Allamakee Co., Mississippi River) parking lot improvements and channel dredging
 - ◆ Des Moines River (Polk Co.) Pleasant Hill boat ramp and parking
 - ◆ Lost Grove Lake (Scott Co.) boat ramp development and shoreline riprap project

- **MFT funds are leveraged with a variety of sources including Federal Coast Guard, Corps of Engineers Section 1135, State of Iowa Parks and Institutional Roads Fund, and local city and county conservation funds.**
