MEMORANDUM

TO: CHAIRPERSON HORN, VICE CHAIRPERSON VAN MAANEN, AND MEMBERS OF THE 1993-1994 IOWA LEGISLATIVE COUNCIL

FROM: DIANE BOLENDER, COUNCIL SECRETARY

RE: MINUTES OF FINAL COUNCIL AND COUNCIL COMMITTEE MEETINGS

Enclosed are copies of the November 29, 1994, meetings of the Legislative Council and of the following committees of the Legislative Council: the Administration Committee, the Service Committee, the Salary Subcommittee of the Service Committee, the Capital Projects Committee, and the Studies Committee. Since the November 29 meeting was the final meeting of the 1993-1994 Council and its committees, I am asking you to review these minutes. If I do not hear from you by February 13, 1995, I will assume that they are approved as submitted to you.

Also enclosed for your information are copies of the November 30, 1994, and December 6, 1994, minutes of the Computer User Policy Direction Committee.

Thank you for your assistance.

PROPOSED RULES

IOWA LEGISLATIVE COUNCIL

1995-1996

- 1. Thirteen members shall constitute a quorum.
- 2. Not less than thirteen affirmative votes are required for final action on any motion except a motion to recess or adjourn.
- 3. A substitute motion may be offered in lieu of a pending motion at any time unless the question has been called on the pending motion. A substitute motion takes precedence over any pending amendment to the original motion and, if adopted, disposes of the original motion and any pending amendments to the original motion.
- 4. Whenever Mason's Manual of Legislative Procedure does not conflict with the rules specifically adopted by the Council, Mason's Manual of Legislative Procedure shall govern the deliberations of the Council.
- 5. Meetings shall be set by motion before adjournment, or by call of the Council Chairperson with the approval of the Vice Chairperson if meetings are necessary before the date set in the motion.
- 6. Rules may be changed by a majority vote of the Council as provided in Rule 2.
- 7. The Council upon its motion may create committees in addition to those provided by statute to carry out its duties and shall designate the members of those committees. The committees shall include members of both political parties. The actions of the committees shall be reported to the Council at each meeting.
- 8. The Speaker of the House, Majority Leader of the Senate, and Minority Leaders of the Senate and House shall appoint the members of their respective caucuses to interim study committees created by the Legislative Council or statute.

TO: CHAIRPERSON CORBETT VICE-CHAIRPERSON HORN DOUG ADKISSON ON BEHALF OF FROM: CO-CHAIRPERSON NEUHAUSER, SENATE OVERSIGHT, AUDIT & GOVERNMENT **REFORM SUBCOMMITTEE, APPROPRIATIONS COMMITTEE** RE: REQUEST FOR FUNDING AND INVITATION FOR HOUSE SUBCOMMITTEE PARTICIPATION

On May 22, the Senate Oversight, Audit and Government Reform Subcommittee met to discuss issues relating to Iowa's long-term health care programs, and voted to approve a performance audit to be conducted by the State Auditor regarding elderly care and nursing homes in Iowa. The Auditor's Office estimates the total cost of the audit to be \$75,000, with the Auditor's Office, contributing half of that amount. The Senate Subcommittee requests that the Legislative Council approve \$37,500 from moneys available under section 2.12 to support the performance audit. The Senate Subcommittee also requests that the members of the House Oversight, Audit and Government Reform Subcommittee participate with the members of the Senate Subcommittee in carrying out this project. Attached is the response prepared by the Auditor's Office regarding the proposed audit.

LEGISLATIVE SERVICE BUREAU

RECEIVED

Senator Mary C. Neuhauser Co-Chair, Oversight, Audit and Government Reform Appropriations Subcommittee State Capitol Building LOCAL

' .

Dear Senator Neuhauser:

In response to your request, I offer the following proposal to conduct an audit of Elderly Care Services in Iowa.

SCOPE AND OBJECTIVES OF AUDIT

The primary objective of the audit will be to address the issues related to elderly care and nursing homes in Iowa, as delineated in your request. To do so, the Performance Audit Division of this Office will conduct a performance audit in accordance with Chapter 11 of the Code of Iowa and <u>Government Auditing Standards</u> promulgated by the Comptroller General of the United States. Accordingly, the audit will include interviews of various government officials, consider appropriate legal and regulatory requirements, test appropriate documentation, evaluate management controls and include such other auditing procedures as we consider necessary in the circumstances.

The audit will focus the issues you have identified in the following manner:

Objective: How efficient/effective is the state in serving the needs of the elderly?

- Issue 1: Which state agencies provide what services to the elderly?
- Issue 2: What are the funding sources for elderly care and how are they allocated?
- Issue 3: How should state functions be organized to obtain maximum benefits for the elderly?

Objective: Are duties required by laws and regulations being adequately accomplished?

- **Issue 1:** Are nursing homes adequately monitored?
- Issue 2: Are appropriate guidelines established for elderly care?

PROPOSED AUDIT SCHEDULE

We are prepared to begin our audit work in June, and we currently anticipate that the audit will require approximately 1,500 hours to complete. Based upon these expectations, an approximate timetable for the audit is as follows:

Begin Fieldwork	June 19, 1995
Exit Conference and	
Preliminary Report Draft	October 2, 1995
Report Responses Returned	October 25, 1995
Audit Report Delivered to	
Senate Committee Members	November 1, 1995

Senator Mary C. Neuhauser May 22, 1995 Page 2

While this schedule is dependent upon records and agency personnel being available to assist us in a timely manner, my staff will be available to provide you or other designated Committee members with periodic status reports on the progress of our work.

PROFESSIONAL AUDIT FEES

Our fees are based upon the time spent on an audit at current hourly rates, depending on the level of experience and training of the individual assigned. We also bill for out-of-pocket expenses, at cost.

Based on the information available, I estimate the total cost of the audit to be approximately \$75,000. Because a portion of our currently planned audit effort during FY 1996 for the agencies involved in elderly care and nursing home monitoring can be redirected to this project, I propose that the total cost be shared equally between the Committee and this Office. Therefore, the Committee's anticipated portion would be approximately \$37,500. If we are able to complete the project at a lower cost than currently projected, the Committee's portion would be one-half of the total cost.

However, in any project of this scope and magnitude, unforeseen circumstances may require additional time to properly address the issues you have raised. If that occurs, we will advise you and other designated Committee members to obtain your concurrence on completion of the project and the cost to the Committee.

I look forward to working with you and the other Senate Committee members on this and other future projects. If you have any questions concerning this proposal, please feel free to contact Kasey Kiplinger.

Sincerely,

Richard D. Johnson

UNITED STATES DEPARTMENT OF COMP Bureau of the Census Washington, D.C. 20233

OFFICE OF THE DIRECTOR

FROM THE DIRECTOR BUREAU OF THE CENSUS

RECEIVED NPR 1 0 1995 LEGISLATIVE SERVICE BUREAU

The 2000 Census of Population and Housing will provide population totals for each state to use in legislative reapportionment/redistricting. Under the provisions of Public Law 94-171 (Enclosure A), we are now inviting states to participate in Phase 1, the Block Boundary Suggestion Project (BBSP), of the 2000 Census Redistricting Data Program. The <u>Federal Register</u> will soon carry a notice announcing the establishment of this Program, and we are enclosing an advance copy of the notice and a copy of the technical criteria for participation in this Program (Enclosures B and C).

The BBSP will begin this July and affords appropriate state authorities the opportunity of suggesting visible ground features for the Census Bureau to consider using as boundaries for census blocks in the 2000 census. To the extent states suggest features that bound current or expected voting districts (VTDs), the task of aggregating block population totals from the 2000 census to VTDs (for example, election precincts) will be easier and more accurate.

Public Law 94-171 states that the Census Bureau will furnish information about this Program to "the officers or public bodies having initial responsibility for the legislative apportionment or districting of each state...." To the best of our knowledge, the officers or public bodies with this responsibility in your state are those to whom we are sending this letter (see Enclosure D). If you know of any other state officers or public bodies that qualify under this law, please let us know.

Participation in this program is voluntary. Public Law 94-171 requires that state participation be nonpartisan. If you and your colleagues wish to participate, please designate the individual(s) who will serve as liaison(s) with our staff in a letter, jointly signed by the governor and both the majority and minority party leaders of the House and Senate. Because we must plan workloads, please notify us about your state's decision by June 30, 1995. In the meantime, if you have questions, please contact Mr. Marshall Turner, Chief of our Census Redistricting Data Office; his telephone number is (301) 457-4039 and his fax number is (301) 457-4348.

Sincerely,

Martha Farnsworth Riche

89 STAT. 1023

Public Law 94-171 94th Congress

An Act

To amend section 141 of title 13, United States Code, to provide for the transmittal to each of the several States of the tabulation of population of that State obtained in each decennial census and desired for the apportionment or districting of the legislative body or bodies of that State, in accordance with, and subject to the approval of the Secretary of Commerce, a plan and form suggested by that officer or public body having responsibility for legislative apportionment or districting of the State being tabulated, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled. That section 141 of title 13. United States Code, is amended by adding at the end thereof the following new subsection:

'(c) The officers or public bodies having initial responsibility for the legislative apportionment or districting of each State may, not later than three years prior to the census date, submit to the Secretary a plan identifying the geographic areas for which specific tabulations of population are desired. Each such plan shall be developed in accordance with criteria established by the Secretary, which he shall furnish to such officers or public bodies not later than April 1 of the fourth year preceding the census date. Such criteria shall include requirements which assure that such plan shall be developed in a nonpartisan manner. Should the Secretary find that a plan submitted by such officers or public bodies does not meet the criteria established by him, he shall consult to the extent necessary with such officers or public bodies in order to achieve the alterations in such plan that he deems necessary to bring it into accord with such criteria. Any issues with respect to such plan remaining unresolved after such consultation shall be resolved by the Secretary, and in all cases he shall have final authority for determining the geographic format of such plan. Tabulations of population for the areas identified in any plan approved by the Secretary shall be completed by him as expeditiously as possible after the census date and reported to the Governor of the State involved and the officers or public bodies having responsibility for legislative apportionment or districting of such State, except that such tabulations of population of each State requesting a tabulation plan, and basic tabulations of population of each State, shall, in any event, be completed, reported and transmitted to each respectively State within one year after the census date.".
