

**RULES FOR PREFILING LEGISLATIVE BILLS  
1995 SESSION  
IOWA GENERAL ASSEMBLY**

September 1994

**A. Legislative Bills**

Section 2.16, Code 1995, authorizes the prefiling of legislative bills and reads as follows:

**2.16 PREFILING LEGISLATIVE BILLS.**

*Any member of the general assembly or any person elected to serve in the general assembly, or any standing committee, may sponsor and submit legislative bills and joint resolutions for consideration by the general assembly, before the convening of any session of the general assembly. Each house may approve rules for placing prefiled standing committee bills or joint resolutions on its calendar. Such bills and resolutions shall be numbered, printed, and distributed in a manner to be determined by joint rule of the general assembly or, in the absence of such rule, by the legislative council. All such bills and resolutions, except those sponsored by standing committees, shall be assigned to regular standing committees by the presiding officers of the houses when the general assembly convenes.*

*Departments and agencies of state government shall, at least forty-five days prior to the convening of each session of the general assembly, submit copies to the legislative service bureau of proposed legislative bills and joint resolutions which such departments desire to be considered by the general assembly. The proposed legislative bills and joint resolutions of the governor must be submitted by the Friday prior to the convening of the session of the general assembly, except in the year of the governor's initial inauguration. The legislative service bureau shall review such proposals and submit them in proper form to the presiding officer in each house of the general assembly for referral to the proper standing committee. Before submitting any proposal prepared under this section to the presiding officers, the legislative service bureau shall return it for review to, as appropriate, the relevant department or agency or the governor's office and such department or agency or governor's office shall review and return it within seven days of such delivery.*

*The costs of carrying out the provisions of this section shall be paid pursuant to section 2.12.*

In accordance with section 2.16 the following rules for the prefiling of legislative bills and resolutions shall be in effect for the First Session of the Seventy-sixth General Assembly.

**NOTE:** For the purpose of the following rules, a reference to bills shall be interpreted to include both bills and resolutions.

**1. Drafting of Legislative Bills**

Any person who is presently a member of the Seventy-fifth General Assembly or elected to serve in the Seventy-sixth General Assembly may request the Legislative Service Bureau to draft a bill at any time prior to the convening of the General Assembly and a member may request such a draft at any time during the legislative session, subject to any time limitations established by the Senate or House of Representatives. If a bill is requested prior to the convening of a session of the Seventy-sixth General Assembly, unless the bill is specified to be prefiled, the bill will be held by the Legislative Service Bureau until the General Assembly convenes; however, a copy will be sent to the legislator if the bill draft is completed prior to the convening of the session. If the bill is not prefiled, the text of the bill will only be released if the legislator specifically consents to the release.

## **2. Request for Prefiling**

Any person who is presently a member of the Seventy-fifth General Assembly or elected to serve in the Seventy-sixth General Assembly may prefile a legislative bill by making a request to the Legislative Service Bureau by December 9, 1994. The request shall be in writing and signed by the legislator; however, an oral request by the legislator will be accepted if reduced to writing by a member of the Legislative Service Bureau staff. The prefiling request may be made at the time of requesting a bill draft or may be made after the legislator has had the opportunity to review the bill draft. If possible, the names of all sponsors of the prefiled bill shall be given to the Legislative Service Bureau at the time of making the prefiling request.

a. **Drafting of Prefiled Bill.** When a prefiling request for a bill is received, if time allows, the bill draft will be completed prior to the convening of the General Assembly on January 9, 1995. A copy of the bill will be mailed to the legislator who requested the bill prior to the actual filing of the bill and the procedures noted in these rules will be followed.

b. **Introduction of Prefiled Bill.** When the legislator receives a copy of a bill which the legislator has requested to be prefiled, the legislator should review the bill to determine if it has been drafted as requested. The legislator should then notify the Legislative Service Bureau requesting any changes in the bill or informing the Bureau that the bill has been drafted as requested. The names of all sponsors should be given to the Bureau.

If the legislator agrees that the bill meets the specifications required and confirms that the bill should be prefiled, the bill will be packaged and forwarded to the legal counsel of the house of introduction for review. Please note that at this point the bill is considered a public record and the text is available for review by the public. If the legislator does not want the text to be available for review by the public at this time, the legislator should inform the Bureau and the Bureau will not prefile the bill but will hold it for the legislator so that the legislator can personally introduce the bill. A prefiled bill will be introduced, numbered, and printed prior to the convening of the General Assembly, and its title will be read at the earliest possible time following the convening of the General Assembly. No further action will be required by the legislator. The Bureau will provide appropriate forms in order that the legislator will be able to make final confirmation of the desire to prefile the bill.

## **B. Bill Drafting Request Forms**

The Legislative Service Bureau has bill drafting request forms available for legislators. If possible the request form should be completed by the legislator but a request form will be completed by Bureau personnel if the legislator does not have an opportunity to do so. Bill drafting request forms can be obtained from the Bureau upon request.

## **C. Confidential Records**

It should be noted that the bill drafting request form contains a space for indicating if a drafting request is to be confidential. If a legislator desires that no information be released in regard to a request, including the subject matter of the request, the legislator should indicate on the request form that the bill request is confidential. A designation that a bill request is to be confidential means that the request will not be listed in the index of bill requests and that Bureau personnel will not release any information in regard to the request. The confidential designation also means that the bill draft will not be sent to the Legislative Fiscal Bureau for fiscal note review unless the legislator specifically requests the Legislative Service Bureau to send the bill draft to the Legislative Fiscal Bureau.

It is the policy of the Bureau that either a confidential or a nonconfidential request from a legislator creates a personal relationship between the Bureau and the legislator, and only such information as the legislator desires will be released to the press or other interested persons. In this regard, cognizance must be given to the public records law. Many records of the Bureau are public records and frequent inquiries are made by the press and other interested persons concerning bill drafting requests which have been received by the Bureau. It is the policy of the Bureau that a bill draft is not a public record until released by the legislator. A copy of a bill draft will not be released to a person other than the legislator without the legislator's implied or expressed consent or unless the bill draft has been introduced or otherwise placed in the public domain by the legislator.

## **D. Departmental Requests**

**Submission of Requests for Prefiled Proposed Bills.** Drafting requests for prefiled proposed bills of state departments and agencies shall be submitted to the Legislative Service Bureau beginning October 3, 1994, but no later than November 25, 1994. However, because Friday, November 25, 1994, is a state holiday, requests will be accepted until 4:30 p.m. on Monday, November 28, 1994. The proposals shall be in bill draft form or shall be as specific as possible as to the Code changes desired.

To the extent feasible, departments and agencies shall submit only two requests for prefiled proposed bills. One request for a bill shall contain the department's technical or corrective Code changes and the other request shall contain the department's legislative policy proposals. The Bureau will confer with the department's representative regarding combination or division of its technical proposal and its policy proposal into separate legislative bill drafts which can most efficiently be considered by

the General Assembly given the General Assembly's customary division of subject matter jurisdiction among the standing committees and subcommittees.

Each request shall include a concise "background statement" from the department or agency which describes the need for, purpose, and intent of the requested bill, including a description of the problem or problems the bill is intended to address. A request submitted without such a background statement will not be accepted by the Legislative Service Bureau. A request submitted with a lengthy background statement will be edited by the Legislative Service Bureau, in consultation with the department or agency representative.

The Legislative Service Bureau will review the proposal, make suggestions as to nonsubstantive changes or corrections, confer with the department or agency representative in regard to the proposal, draft an objective explanation for the bill, and prepare the bill in final form.

Additional drafting instructions requested from the department or agency by the Bureau must be received within seven calendar days of being requested by the Bureau or the drafting request will be considered withdrawn. Approval of the final draft must be received by the Bureau within seven calendar days after its receipt by the department or agency or the drafting request will be considered withdrawn. Once the bill is in final form, the Legislative Service Bureau, not the department or agency, will submit the bill in proper form to the presiding officer of each house for referral to the proper standing committee. All approvals of final bill drafts are to be received no later than January 9, 1994. Bill drafting requests from legislators will receive priority consideration by the Legislative Service Bureau over departmental and agency bills.

Proposed bill draft requests submitted by departments and agencies after November 28, 1994, will not be assigned to a staff member unless a legislative sponsor is obtained. Departments and agencies are strongly urged to submit their proposals as soon as possible after October 3, 1994, in order that the Legislative Service Bureau has adequate time to provide assistance in drafting. Lengthy or complex proposals should be submitted far in advance of the deadline date. This will allow the Bureau to provide assistance before a large quantity of legislative requests is received.

If departments and agencies know they will be submitting lengthy or complex legislation, it is suggested they submit or at least discuss the proposals in the early fall of 1994 even if they will not make final decisions in regard to all provisions until late fall.

For the purposes of these rules, the following executive and judicial branch departments and agencies are authorized to prefile bills:

**NOTE: Governor's Proposals.** Bill drafting requests from the Office of the Governor are governed by Iowa Code section 2.16. As part of the Legislative Service Bureau's review and preparation in proper form of the Governor's bill requests, the Bureau will make suggestions regarding the combination or division of proposals into separate legislative bill drafts which can most efficiently be considered by the General Assembly given the General Assembly's customary division of subject matter jurisdiction among the standing committees and subcommittees. Approval of the final draft must be received by the Bureau within seven calendar days of its receipt by the Governor's Office.

MEMORANDUM

DATE: September 15, 1994

TO: Diane Bolander, Director  
Legislative Service Bureau

FROM: Kristi Little, <sup>KL</sup>Superintendent  
General Services Printing Division

RE: 1994 Iowa Acts

I have compiled costs for the 1994 Iowa Acts. Based on postage and printing and with the total pages of this publication, I recommend a price of \$60.50 for sale to the public.

This will help to offset the cost of free distribution to State Government of 3502 copies, and cover the postage increase scheduled for January 1, 1995.

Please advise if the Legislative Council agrees.

**REPORT OF THE CAPITAL PROJECTS COMMITTEE  
TO THE LEGISLATIVE COUNCIL :**

September 15, 1994

The Capital Projects Committee of the Legislative Council met on Thursday, September 15, 1994, and received a update of the 1994 Infrastructure Study being conducted by Professor James Rowings and Mr. David Harmelink, Iowa State University. This is the second progress report received by the Committee.

The consultants reported the conduct of interviews with C. Milt Wilson of the State Department of Education and Mr. Dave King of the Heartland Area Education Agency concerning the content of facility surveys for schools. In addition, facility surveys have been developed to obtain information from cities over 2,000 population, counties, and public hospitals.

In addition, the consultants have contacted the State Department of Transportation, the State Board of Regents, the Department of Corrections, and the Department of General Services to obtain information on physical facilities owned by the state.

The next progress report will be presented at the November Council meeting.

Respectfully submitted,

**SENATOR EMIL HUSAK**  
Chairperson

**REPORT OF THE ADMINISTRATION COMMITTEE  
OF THE LEGISLATIVE COUNCIL**

**September 15, 1994**

The Administration Committee met on September 15, 1994, and makes the following report:

1. The Administration Committee received a report concerning fire and life safety projects approved by the Legislative Council at the Council's June 15, 1994 meeting. Bids have been opened and projected total costs are below the Council's authorized expenditure limit.

2. The Administration Committee received information concerning the General Assembly's databases and access to those databases. The Committee recommends that staff conduct further research concerning the costs of providing the Senate and House bill and amendment text and history, and daily action information, and provide a test tape to interested parties.

3. The Administration Committee received information concerning the procurement and installation of the assistive listening device equipment previously approved by the Legislative Council. The Administration Committee recommends that the Council approve the expenditure of an amount not to exceed \$15,000 from funds available to the General Assembly pursuant to section 2.12 of the Code for necessary assistive listening device equipment as determined by the Secretary of the Senate and Chief Clerk of the House. The Legislative Council originally approved the expenditure of not more than \$7,500 for the assistive listening device equipment at the Council's June 15, 1994 meeting. This recommendation would amend that original action and increase the allowable amount which may be spent by \$7,500.

4. The Administration Committee reviewed the issue of the installation of video conferencing equipment connected to the Iowa Communications Network within an existing legislative committee room. The Administration Committee will continue to review this issue.

5. The Administration Committee recommends that the Legislative Council approve continued negotiations with Mead Data Central by the Legislative Service Bureau regarding the sale of the electronic Code database and other electronic databases, and, subject to approval by the members of the Administration Committee, approve the terms of the negotiated agreement if such agreement is reached prior to the Council's November meeting. The Legislative Service Bureau is directed to individually contact the members of the Administration Committee for their approval if an agreement is reached prior to the Council's November meeting.

Respectfully Submitted,

William Palmer  
Chairperson

## **REPORT OF THE STUDIES COMMITTEE TO THE LEGISLATIVE COUNCIL**

September 15, 1994

The Studies Committee of the Legislative Council met on September 15, 1994, and makes the following report:

1. That approval be given to the Economic Development Service Delivery System Study Committee request for an additional meeting day.
2. That approval be given to the School Finance Review Study Committee request for an additional meeting day.
3. That the following be added to the charge of the Child Protection Task Force: "Review the minimum standard of children's care as defined in the definition of the Child in Need of Assistance (CINA) cases under section 232.2 of the Iowa Code and the legal custody or placement of children provisions in section 232.102 . Review issues associated with expanding the Court-appointed Special Advocate (CASA) program and other services in the state which would increase involvement of children services without incurring new financial strains on state government."
4. That a Government Bidding Processes Study Committee be created as follows:.

### **GOVERNMENT BIDDING PROCESSES STUDY COMMITTEE**

**Charge:** Review the effectiveness, efficiency, and competitiveness of the bidding processes used by state and local governments and Chapter 28E entities. Compare the bidding processes of other states. Make recommendations, if appropriate. Legislative Service Bureau and Legislative Fiscal Bureau will serve as the staff to the Committee.

Dear Mr. Bair:

On July 20, 1994, the Legislative Council met and received reports from the Legislative Fiscal Committee that included notifications regarding lease-purchase agreements of \$50,000 or more entered into by state agencies. Such notifications are required to be made to the Legislative Fiscal Committee pursuant to Iowa Code section 8.46. After considerable discussion the Legislative Council approved a motion directing that a letter be sent from the Legislative Council to all state agencies notifying them that as they begin discussions within their agencies to finalize lease-purchase agreements, they should understand that all payments in future fiscal years related to those lease-purchase agreements must be paid using funds specifically appropriated for that purpose and that such payments will be subject to special scrutiny under the appropriation process. These procedures apply to all agreements of \$50,000 or more that involve the purchase or acquisition of property where payments under the agreements are made in more than one fiscal year.

Please be advised of the Legislative Council's concern. Please address any questions regarding this matter to Diane Bolender at the Legislative Service Bureau.

Sincerely,

Sept. 7, 1994

Dear Mr. Speaker,

I had requested an Interim Study in May dealing with children services here in the State of Iowa. After meeting with members of the Studies Committee I was informed of the Child Protection Task Force which has been approved. This Interim Committee would be studying many of the same issues, but not addressing all of the concerns I had made in my letter.

I would like to make a new request of the Studies Committee to look at an interim study to meet on reviewing the minimum standard of childrens care as defined in the definition of the CINA cases under section 232.2 of the Iowa Code and the legal custody or placement of children in section 232.102 of the Iowa Code. The committee would also look at issues expanding the CASA program and other services in the state which would increase involvement of children services without incurring new financial strains on state government.

I would like to take this opportunity to thank the Legislative Council and the Studies Committee for there time and consideration of this important issue.

Sincerely,

## Memorandum

**To:** Iowa Legislative Council  
**From:** Marie Millard, Chair, Capitol Planning Commission  
**Date:** September 9, 1994  
**Subject:** Proposal to Establish a Display Case in the Capitol

---

On August 17, 1994, Charlotte Nelson, Executive Director of the Iowa Commission on the Status of Women, presented a proposal, requested by the Legislative Council, to establish a display case in the Capitol Building to feature contributions and achievements women have made to Iowa government with special emphasis to those women who have held an elective office. The Capitol Planning Commission members discussed the proposal and the following recommendation was made:

The recommendation of the Capitol Planning Commission is that, while the proposal is an excellent concept to recognize the contributions and achievements women have made to Iowa, the display should not be located in the State Capitol Building and would be more properly located in the New Historical Building.

If you have any questions, please call me at 712/647-2953.
