Information as submitted by the Department/Agency in December 2018.										

The * on the CBC pages represents the number of transactions rather than the number of offenders.

The DOC and CBC District Departments are authorized by law to charge offenders for certain services. Offenders are placed on a payment plan and receipts are collected while the offender is under correctional supervision. Receipts per offender cross fiscal years.

Some of the receipts generated from fees are recorded as expenditure offsets (Urinalysis (UA) Re-Testing Fee) rather than a receipt. For example, the UA test is charged when an offender claims that the test is inaccurate. A sample is sent to a different lab; if the test result is the same as that of the original test, the offender is charged for the cost of the lab work.

The appropriate line item expenditure is credited when the offender pays the fee so that expenditures are not overstated.

Unless otherwise stated, all Prison and CBC Local Other Revenues are offset by GF or Other Operating Expenses.
