Subject: Correctional Impact Statements  
Date: January 30, 2015

Pursuant to Iowa Code section [2.56](#), the Legislative Services Agency is required to determine the potential correctional impact of proposed legislation that creates a public offense, changes a current offense, or changes existing correctional procedures. The statements below provide cost estimates to the Iowa corrections system (State prison, probation, and parole), public defender's office, and the Judicial Branch. The cost estimates are provided by offense class for nonviolent crimes.

These cost estimates do not include prosecution costs that may be county costs, State costs, or both. These cost estimates also do not include county jail operating costs due to a lack of data. This document is for background purposes only. Proposed legislation that impacts the criminal code will be analyzed as appropriate.

#### **Methodology:**

- Judicial Branch salary costs are based on the FY 2015 budget. Average minutes per case for judges are based on a weighted case formula study conducted by the National Center for State Courts (NCSC) in Iowa in 2008. Average minutes per case for Clerk of Court staff are based on a work-time study conducted by the Judicial Branch in 2003.
- Costs for indigent defense are based on Iowa Code sections [13B.4](#) and [815.7](#).
- Marginal costs for correctional facilities are based on actual FY 2014 expenditures from all funding sources for the Department of Corrections (DOC) and Community-Based Corrections (CBC). Average daily populations were provided by the DOC from the Iowa Corrections Offender Network (ICON).
- The FY 2014 average length of stay on probation or parole supervision was provided by the DOC using data from the ICON. Average costs for parole and probation supervision are based on actual FY 2014 expenditures from all funding sources.
- The average length of stay in State prison by offense class was provided by the Criminal and Juvenile Justice Planning Division (CJJPD) of the Department of Human Rights.
