

IOWA

Department of Education

Ann Lebo, Director

Kim Reynolds, Governor
Adam Gregg, Lt. Governor

Technical Code Corrections/Clarifications 279.62 Nonprofit School Organizations

This reporting is currently included as a tab within the Certified Annual Report (CAR). Districts have to seek the information from the organizations; the financial information is typically not maintained by the district. The information is not included in the Condition of Education Report, and the Department has not received requests for these data.

To update archaic Iowa Code language, the Department proposes the elimination of the nonprofit school organization report to the Department.

Creating excellence in education through leadership and service
