DIVISION VI

Sec. 15. PROCEDURE FOR REDUCED FEDERAL FUNDS.

1. Except for section 9 of this Act, if the funds received from the federal government for the block grants specified in this Act are less than the amounts appropriated, the funds actually received shall be prorated by the governor for the various programs, other than for the rape prevention program under section 6, subsection 3 of this Act, for which each block grant is available according to the percentages that each program is to receive as specified in this Act. However, if the governor determines that the funds allocated by the percentages will not be sufficient to effect the purposes of a particular program, or if the appropriation is not allocated by percentage, the governor may allocate the funds in a manner which will effect to the greatest extent possible the purposes of the various programs for which the block grants are available.

2. Before the governor implements the actions provided for in subsection 1, the following procedures shall be taken:

a. The chairpersons and ranking members of the standing committees of the senate and house on appropriations, the director of the legislative fiscal bureau, and the appropriate chairpersons and ranking members of subcommittees of those subcommittees shall be notified of the proposed action.

b. The notice shall include the proposed allocations, and information on the reasons why particular percentages or amounts of funds are allocated to the individual programs, the departments and programs affected, and other information deemed useful. Chairpersons notified shall be allowed at least two weeks to review and comment on the proposed action before the action is taken.

Sec. 16. PROCEDURE FOR INCREASED FEDERAL FUNDS.

1. If funds received from the federal government in the form of block grants exceed the amounts appropriated in sections 1, 3, 6, and 9, subsection 3, of this Act, the excess shall be prorated to the appropriate programs according to the percentages specified in those sections, except additional funds shall not be prorated for administrative expenses.

2. If funds received from the federal government in the form of block grants exceed the amounts appropriated in sections 7, 8 and section 9, subsection 2 of this Act, the excess shall be deposited in the special fund created in section 8.41 and is subject to appropriation by the general assembly.

3. If funds received from the federal government from block grants exceed the amounts appropriated in section 11 of this Act, at least twelve and one-half percent and not more than fifteen percent of the excess shall be allocated to the low-income weatherization program.

4. If funds received from the federal government from the social services block grant, excluding funds allocated to this state from the federal Emergency Jobs Appropriations Act, Pub. L. No. 98-8, exceed the amount appropriated in section 12 of this Act, the excess shall be allocated for the purchase of local services and the department of social services may waive the requirement of local matching funds.

Sec. 17. PROCEDURE FOR CONSOLIDATED, CATEGORICAL, OR EXPANDED FEDERAL BLOCK GRANTS. Notwithstanding section 8.41, federal funds made available to the state which are authorized for the federal fiscal year beginning October 1, 1983 resulting from the federal government consolidating former categorical grants into block grants, or which expand block grants included in Pub. However, if one agency did not have categorical funds appropriated for the federal fiscal year ending September 30, 1983 but had anticipated applying for funds during the fiscal year ending September 30, 1984, the governor may allocate the funds in order to provide funding.

If the amount received in the form of a consolidated or expanded block grant is less than the total amount of federal funds received for the programs in the form of categorical grants for the 1983 federal fiscal year, state funds appropriated to the program by the general assembly to match the federal funds shall be reduced by the same proportion of the reduction in federal funds for the program. State funds released by the reduction shall be deposited in a special fund in the state treasury and are available for appropriation by the general assembly. The governor shall notify the chairpersons and ranking members of the senate and house standing committees on appropriations, the legislative fiscal director, and the appropriate chairpersons and ranking members of the subcommittees of those committees before making the allocation of federal funds or any proportional reduction of state funds under this section. The notice shall state the amount of federal funds to be allocated to each program, the amount of federal

funds received by the program during the 1983 federal fiscal year, the amount by which state funds for the program will be reduced according to this section and the amount of state funds received by the program during the 1983 fiscal year. Chairpersons notified shall be allowed at least two weeks to review and comment on the proposed action before the action is taken.

If the amount received in the form of a consolidated or expanded block grant is more than the total amount of federal funds received for the programs in the form of categorical grants for the 1983 federal fiscal year, the excess funds shall be deposited in the special fund created in section 8.41 and are subject to the provisions of that section.

Sec. 18. PROCEDURE FOR FUTURE FEDERAL ACTIONS.

1. If federal block grant funding is increased or decreased for the federal fiscal year following the year for which the block grants are appropriated by this Act, the actions prescribed in sections 15 and 16 of this Act shall be modified by the governor as allowed by federal law in order that a consistent plan will be available for the affected state fiscal years.

2. Before the governor implements the actions provided for in subsection 1, the following procedures shall be taken:

a. The chairpersons and ranking members of the senate and house standing committees on appropriations, the appropriate chairpersons and ranking members of subcommittees of those committees, and the director of the legislative fiscal bureau shall be notified of the proposed action.

b. The notice shall include the proposed allocations, information on the reasons why particular percentages or amounts of funds are allocated to the individual programs, the departments and programs affected, and other information deemed useful. Chairpersons notified shall be allowed at least two weeks to review and comment on the proposed action before the action is taken.
