## CHAPTER 58

### SANITARY DISPOSAL PROJECT MONITORING WELLS

*H.F. 469*

**AN ACT** to require a sufficient number of wells at each sanitary disposal project to adequately monitor ground water quality.

*Be It Enacted by the General Assembly of the State of Iowa:*

Section 1. Section 455B.304, unnumbered paragraph 1, Code 1985, is amended to read as follows:

The commission shall establish rules for the proper administration of ~~the provisions of~~ this part 1 of division IV which shall reflect and accommodate as far as is reasonably possible ~~those the current and generally accepted methods and techniques for treatment and disposition of solid waste which will serve the purposes of part 1 of this division, and~~ which shall take into consideration the factors, including others which it ~~may deem~~ deems proper, such as existing physical conditions, topography, soils and geology, climate, transportation, and land use, ~~the rules including and which shall include but are not limited to rules relating to the establishment and location of sanitary disposal projects, sanitary practices, inspection of sanitary disposal projects, collection of solid waste, disposal of solid waste, pollution controls, the issuance of permits, approved methods of private disposition of solid waste, the general operation and maintenance of sanitary disposal projects, and the implementation of part 1 of this division. The rules shall require that each sanitary disposal project has a sufficient number of water wells to adequately monitor the quality of ground water adjacent to the sanitary disposal project site.~~ Prior to issuance of rules or amendments ~~thereto to rules,~~ the commission shall hold at least one public hearing on the proposed rules or amendments, and shall give notice of the hearing at least thirty days in advance by publishing notice in a newspaper of general circulation in the state.

Approved April 30, 1985
