CHAPTER 207

TELECOMMUNICATIONS USE BY SCHOOLS, AREA SCHOOLS, AND REGENTS' INSTITUTIONS

S.F. 333

AN ACT relating to the use of telecommunications systems and services for educational instructional purposes and providing an effective date.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. Section 256.7, Code 1987, is amended by adding the following new subsections:

NEW SUBSECTION. 8. Adopt rules under chapter 17A for the use of telecommunications as an instructional tool for students enrolled in kindergarten through grade twelve and served by local school districts, accredited or approved nonpublic schools, area education agencies, merged area schools, institutions of higher education under the state board of regents, and independent colleges and universities in elementary and secondary school classes and courses. The rules shall include but need not be limited to rules relating to programs, educational policy, instructional practices, staff development, use of pilot projects, curriculum monitoring, and the accessibility of certificated teachers.

When curriculum is provided by means of telecommunications, it shall be taught by a certificated teacher who is properly endorsed or approved. The teacher shall either be present in the classroom, or be present at the location at which the curriculum delivered by means of telecommunications originates.

The rules shall provide that when the curriculum is taught by a certificated and properly endorsed or approved teacher at the location at which the telecommunications originates, the curriculum received shall be under the supervision of a certificated teacher. For the purposes of this subsection, "supervision" means that the curriculum is monitored by a certificated teacher and the certificated teacher is accessible to the students receiving the curriculum by means of telecommunications.

The rules shall provide that telecommunications shall not be used by school districts as the exclusive means to provide curriculum which is required by the minimum educational standards for approval or accreditation. However, for curriculum which is not required by the minimum educational standards, the rules shall not require that a certificated teacher must be present in the classroom when the curriculum is being received by means of telecommunications.

The state board shall establish an advisory committee to make recommendations for rules required under this subsection on the use of telecommunications as an instructional tool. The
