

2. The ~~division~~ committee shall review these requirements once each year, and may authorize soil and water conservation district commissioners to make the mandatory establishment of any specified soil and water conservation practice in any particular case conditional on a higher proportion of public cost-sharing than is required by this section. When the commissioners have been so authorized, they shall, in determining the amount of cost-sharing for establishment of a specified soil and water conservation practice to comply with an administrative order issued pursuant to section 467A.47, consider the extent to which the practice will contribute benefits to the public in relation to the benefits that will accrue to the individual owner or occupant of the land on which the practice is to be established. Evidence that an application for public or other cost-sharing funds, from a source or sources having authority to pay a portion of the cost of work needed to comply with an administrative order issued pursuant to section 467A.47, has been submitted to the proper officer or agency constitutes commencement of the work within the meaning of sections 467A.43 through 467A.53.

Sec. 9. Notwithstanding this Act persons appointed to serve on the soil conservation committee before July 1, 1989, may serve out their terms as provided in chapter 467A.
