

ing the current year, the Legislature has authorized the Department, in the Department of Justice appropriation bill, to retain damages, costs and attorney fees awarded to the state in antitrust cases. These moneys are held in a non-reverting fund that is to be used exclusively for the enforcement of the Iowa competition law. While the state's antitrust litigation against Microsoft does not include a request for monetary damages, the Department of Justice has incurred significant costs in the case, and the Department will seek to recover these costs and attorneys fees for this time from Microsoft. These costs should be placed in the antitrust fund like all other antitrust cases — not in a separate fund.

I am unable to approve the item designated as Section 30 in its entirety. This section strikes in Senate File 2453, the opportunity for the Department of General Services to include a recommendation of long-term leases from the study for additional facilities for state agencies. This elimination unnecessarily limits the options available for the Department to include in the study.

I am unable to approve the item designated as Section 78 in its entirety. This section makes a technical amendment to House File 2486 that deals with residency requirements to obtain fishing and hunting licenses. However, House File 2008, which was approved by the Legislature, corrected the deficiency. Therefore, the amendment in Senate File 2452, Section 78 is inaccurate and should be removed.

For the above reasons, I hereby respectfully approve Senate File 2452 with the exceptions noted above.

Sincerely,
THOMAS J. VILSACK, *Governor*
