

the private sector this legislative session and prior legislative sessions, the Department of Administrative Services (DAS) has continually shown that it provides a cost-effective service and the private sector has not shown that they can provide a similar service for the same or a lesser amount. It should also be noted that the state motor pool is a marketplace service that currently competes with the private sector for its state customer business.

In addition, this language only addresses the fiscal impact of the state motor pool and does not recognize other benefits of maintaining a state motor pool. The State of Iowa benefits greatly from having accessibility to a full service, on-site motor pool team with the sole responsibility of maintaining the state motor pool, which ensures convenience to the motor pool's customers, state agencies. In signing Executive Order 41, I requested that DAS take the initiative to move its fleet towards flexible fuel vehicles (vehicles that can either use E-85 or soy biodiesel). By December of 2007, 90% of eligible motor pool vehicles will be flexible fuel vehicles, which will encourage and contribute to the use of renewable fuels.

The state motor pool consistently provides cost-effective services to state agencies that enhance the ability of state government to operate efficiently and promotes Iowa's image as a leader in renewable energy.

For the above reasons, I respectfully disapprove of the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in House File 2527 are hereby approved this date.

Sincerely,
THOMAS J. VILSACK, Governor

THOMAS J. VILSACK, *Governor*

Dear Mr. Secretary:

I hereby transmit House File 2743, an Act relating to and making appropriations from the Healthy Iowans Tobacco Trust and the Tobacco Settlement Trust Fund, and providing an effective date.

House File 2743 is approved on this date, with the following exception which I hereby disapprove:

I am unable to approve the item designated as Section 1, subsection 3, paragraph k. This language requires allocation of funds for the implementation of a treatment program at the Iowa Correctional Institution for Women in Mitchellville. A similar value-based treatment program at the Newton Correctional Facility is the subject of a constitutional challenge currently before the U.S. District Court. In order to avoid confusion, state appropriations for value-based treatment programming should not be expanded to other correctional institutions until the courts resolve this issue and provide clear direction as to what is and is not permissible.

For the above reasons, I respectfully disapprove of the designated item in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in House File 2743 are hereby approved this date.

Sincerely,
THOMAS J. VILSACK, *Governor*
