commuting options, develop a telecommuter employment policy and implement a plan designed to increase the number of telecommuting employees. Many departments maintain employee telecommuting policies currently. These policies and procedures have been in place for several years and are well established. The designated language in Section 25 directing a department or agency to conduct an assessment of its telecommuting policy is duplicative and unnecessary and introduces a legislatively mandated management process into what is appropriately an executive branch decision. I will direct the Department of Administrative Services and the Department of Management to review the current state government telecommuting policy and make recommendations for any improvements as part of our overall executive branch strategic planning process.

For the above reasons, I respectfully disapprove of the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in House File 874 are hereby approved this date.

Sincerely,

CHESTER J. CULVER, Governor

NEW SUBSECTION. 4. After applying the applicable statutory distribution formulas to the amounts indicated in subsection 3 for purposes of producing preliminary distribution totals, the department of human services shall apply a withholding factor to adjust an eligible individual county’s preliminary distribution total. In order to be eligible for a distribution under this section, a county must be levying seventy percent or more of the maximum amount allowed for the county’s mental health, mental retardation, and developmental disabilities services fund under section 331.424A for taxes due and payable in the fiscal year for which the distribution is payable. An ending balance percentage for each county shall be determined by express-
ing the county’s ending balance on a modified accrual basis under generally accepted accounting principles for the fiscal year beginning July 1, 2006, in the county’s mental health, mental retardation, and developmental disabilities services fund created under section 331.424A, as a percentage of the county’s gross expenditures from that fund for that fiscal year. If a county borrowed moneys for purposes of providing services from the county’s services fund on or before July 1, 2006, and the county’s services fund ending balance for that fiscal year includes the loan proceeds or an amount designated in the county budget to service the loan for the borrowed moneys, those amounts shall not be considered to be part of the county’s ending balance for purposes of calculating an ending balance percentage under this subsection. The withholding factor for a county shall be the following applicable percent:

a. For an ending balance percentage of less than 5 percent, a withholding factor of 0 percent.

b. For an ending balance percentage of 5 or more but less than 10 percent, a withholding factor of 0 percent.

c. For an ending balance percentage of 10 or more but less than 25 percent, a withholding factor of 25 percent. However, for counties with an ending balance percentage of 10 or more but less than 15 percent, the amount withheld shall be limited to the amount by which the county’s ending balance was in excess of the ending balance percentage of 10 percent.

d. For an ending balance percentage of 25 percent or more, a withholding percentage of 100 percent.

NEW SUBSECTION 5. The total withholding amounts applied pursuant to subsection 4 shall be equal to a withholding target amount of $7,664,576. If the department of human services determines that the amount to be withheld in accordance with subsection 4 is not equal to the target withholding amount, the department shall adjust the withholding factors listed in subsection 4 as necessary to achieve the target withholding amount. However, in making such adjustments to the withholding factors, the department shall strive to minimize changes to the withholding factors for those ending balance percentage ranges that are lower than others and shall not adjust the zero withholding factor or the inflation adjustment percentage specified in subsection 4, paragraph “a”.

Sec. 85. MENTAL HEALTH PATIENT ADVOCATE STUDY. The county accurately reported by December 1 the county's expenditures for mental health, mental retardation, and developmental disabilities services and the information required under section 225C.6A, subsection 2, paragraph “c”, for the previous fiscal year on forms prescribed by the department of human services.

Sec. 89. Section 426B.5, subsection 2, Code 2007, is amended to read as follows:

2. RISK POOL.

a. For the purposes of this subsection, unless the context otherwise requires:

1. “Net expenditure amount” means a county's gross expenditures from the services fund for a fiscal year as adjusted by subtracting all services fund revenues for that fiscal year that are received from a source other than property taxes, as calculated on a modified accrual basis.

2. “Services fund” means a county's mental health, mental retardation, and developmental disabilities services fund created in section 331.424A.

b. A risk pool is created in the property tax relief fund. The pool shall consist of the moneys credited to the pool by law.

All members appointed by the governor shall be subject to confirmation by the senate. Members shall serve for three-year terms. A vacancy shall be filled in the same manner as the original appointment. Expenses and other costs of the risk pool board members representing counties shall be paid by the county of origin. Expenses and other costs of risk pool board members who do not represent counties shall be paid from a source determined by the governor. Staff assistance to the board shall be provided by the department of human services and counties. Actuarial expenses and other direct administrative costs shall be charged to the pool.

d. A county must apply to the risk pool board for assistance from the risk pool on or before January 25 to cover an unanticipated net expenditure amount in excess of the county’s current fiscal year budgeted net expenditure amount for the county's services fund. The risk pool board shall make its final decisions on or before February 25 regarding acceptance or rejection of the applications for assistance and the total amount accepted shall be considered obligated. For purposes of applying for risk pool assistance and for repaying unused risk pool assistance, the current fiscal year budgeted net expenditure amount shall be deemed to be the higher of either the budgeted net expenditure amount in the management plan approved under section 331.439 for the fiscal year in which the application is made or the prior fiscal year's net expenditure amount.

(2) Basic eligibility for risk pool assistance shall require a projected net expenditure amount in excess of the sum of one hundred five percent of the county's current fiscal year budgeted net expenditure amount and any amount of the county’s services fund ending fund balance in excess of twenty-five percent of the county's gross expenditures from the services fund in the prior fiscal year. However, if a county's services fund ending balance in the previous fiscal year was less than ten percent of the amount of the county's gross expenditures from the services fund for that fiscal year and the county has a projected net expenditure amount for the current fiscal year that is in excess of one hundred one percent of the budgeted net expenditure amount for the current fiscal year, the county shall be considered to have met the basic eligibility requirement and is qualified for risk pool assistance. requires that a county meet all of the following conditions:

(3) At the close of the fiscal year that immediately preceded the fiscal year of application, the county's services fund ending balance under generally accepted accounting principles was equal to or less than twenty percent of the county's actual gross expenditures for that fiscal year.

(4) The board shall review the fiscal year-end financial records for all counties that are granted risk pool assistance. If the board determines a county's actual need for risk pool assistance was less than the amount of risk pool assistance granted to the county, the county shall refund the difference between the amount of assistance granted and the actual need. The county shall submit the refund within thirty days of receiving notice from the board. Refunds shall be credited to the risk pool. The mental health, mental retardation, developmental disabilities, and brain injury commission shall adopt rules pursuant to chapter 17A providing criteria for the purposes of this lettered paragraph and as necessary to implement the other provisions of this subsection.

(5) A county receiving risk pool assistance in a fiscal year in which the county did not levy the maximum amount allowed for the county's services fund under section 331.424A shall be required to repay the risk pool assistance during the two succeeding fiscal years. The repayment amount shall be limited to the amount by which the actual amount levied was less than the maximum amount allowed, with at least fifty percent due in the first succeeding fiscal year and the remainder due in the second succeeding fiscal year.

(6) The board shall determine application requirements to ensure prudent use of risk pool assistance. The board may accept or reject an application for assistance in whole or in part. The decision of the board is final.

(7) The total amount of risk pool assistance shall be limited to the amount available in the risk pool for a fiscal year. If the total amount of eligible assistance exceeds the amount available in the risk pool, the amount of assistance paid shall be prorated among the counties eligible for assistance. Moneys remaining unexpended or unobligated in the risk pool following the risk pool board's decisions made pursuant to subparagraph (1) shall be distributed to the counties eligible to receive funding from the allowed growth factor adjustment appropriation for the fiscal year using the distribution methodology applicable to that appropriation. Any unobligated balance in the risk pool at the close of a fiscal year shall remain in the risk pool for distribution in the succeeding fiscal year.

A county may apply for preapproval for risk pool assistance based upon an individual who has an unanticipated disability condition with an exceptional cost and the individual is either new to the county's service system or the individual's unanticipated disability condition is new to the individual. A county may submit a preapproval application beginning on July 1 for the fiscal year of submission and the risk pool board shall notify the county of the risk pool board's decision concerning the application within forty-five days of receiving the application. Whether for a preapproval or regular application, risk pool assistance shall only be made available to address one or more of the following circumstances:

(1) Continuing support for mandated services.

(2) Avoiding the need for reduction or elimination of critical services when the reduction or elimination places consumers' health or safety at risk.

(3) Avoiding the need for reduction or elimination of critical emergency services when the reduction or elimination places the public's health or safety at risk.

(4) Avoiding the need for reduction or elimination of the services or other support provided to entire disability populations.

(5) Avoiding the need for reduction or elimination of services or other support that maintain consumers in a community setting, creating a risk that the consumers would be placed in more restrictive, higher cost settings.

The subject to the amount available and obligated from the risk pool for a fiscal year, the department of human services shall annually calculate the amount of moneys due to eligible counties in accordance with the board's decisions and that amount is appropriated from
the risk pool to the department for payment of the moneys due. The department shall authorize the issuance of warrants payable to the county treasurer for the amounts due and the warrants shall be issued before the close of the fiscal year.

k. On or before March 1 and September 1 of each fiscal year, the department of human services shall provide the risk pool board with a report of the financial condition of each funding source administered by the board. The report shall include but is not limited to an itemization of the funding source’s balances, types and amount of revenues credited, and payees and payment amounts for the expenditures made from the funding source during the reporting period.

l. If the board has made its decisions but has determined that there are otherwise qualifying requests for risk pool assistance that are beyond the amount available in the risk pool fund for a fiscal year, the board shall compile a list of such requests and the supporting information for the requests. The list and information shall be submitted to the mental health, mental retardation, developmental disabilities, and brain injury commission, the department of human services, and the general assembly.

Sec. 90. INFORMATION TECHNOLOGY. The department of human services shall meet with the Iowa state association of counties to develop a joint proposal addressing the information technology needed for counties to comply with the data reporting requirements applicable under this division. The joint proposal shall be submitted to the chairpersons and ranking members of the general assembly’s committees on human resources and the joint appropriations subcommittee on health and human services by November 15, 2007.

Sec. 91. EMERGENCY RULES. The mental health, mental retardation, developmental disabilities, and brain injury commission may adopt administrative rules under section 17A.4, subsection 2, and section 17A.5, subsection 2, paragraph “b”, to implement the provisions of this division of this Act and the rules shall become effective immediately upon filing or on a later effective date specified in the rules, unless the effective date is delayed by the administrative rules review committee. Any rules adopted in accordance with this section shall not take effect before the rules are reviewed by the administrative rules review committee. The delay authority provided to the administrative rules review committee under section 17A.4, subsection 5, and section 17A.8, subsection 9, shall be applicable to a delay imposed under this section, notwithstanding a provision in those sections making them inapplicable to section 17A.5, subsection 2, paragraph “b”. Any rules adopted in accordance with the provisions of this section shall also be published as notice of intended action as provided in section 17A.4.

Sec. 92. EFFECTIVE DATE — RETROACTIVE APPLICABILITY. This division of this Act, being deemed of immediate importance, takes effect upon enactment and is retroactively applicable to December 1, 2006, and is applicable on and after that date for information collected by a county as of that date. A county that has not submitted the data specified in section 225C.6A for the preceding fiscal year as of the effective date of this division, shall submit the data within twenty-five business days of the effective date of the rules adopted to implement the provisions of this division. Unless the department approves an exception for good cause, if a county does not submit the data specified within the required time period, the county is subject to withholding of the county’s state payment for property tax relief and allowed growth factor adjustment for the fiscal year beginning July 1, 2007.

DIVISION V
MENTAL HEALTH SERVICES SYSTEM IMPROVEMENT

Sec. 93. NEW SECTION. 225C.6B MENTAL HEALTH SERVICES SYSTEM IMPROVEMENT — LEGISLATIVE INTENT — PLANNING AND IMPLEMENTATION.

1. INTENT.

a. The general assembly intends for the state to implement a comprehensive, continuous, and integrated state mental health services plan in accordance with the requirements of sec-
tions 225C.4 and 225C.6 and other provisions of this chapter, by increasing the department’s responsibilities in the development, funding, oversight, and ongoing leadership of mental health services in this state.

b. In order to further the purposes listed in sections 225C.1 and 225C.27 and in other provisions of this chapter, the general assembly intends that efforts focus on the goal of making available a comprehensive array of high-quality, evidence-based consumer and family-centered mental health services and other support in the least restrictive, community-based setting appropriate for a consumer.

c. In addition, it is the intent of the general assembly to promote policies and practices that achieve for consumers the earliest possible detection of mental health problems and early intervention; to stress that all health care programs address mental health disorders with the same urgency as physical health disorders; to promote the policies of all public programs that serve adults and children with mental disorders, including but not limited to child welfare, Medicaid, education, housing, criminal and juvenile justice, substance abuse treatment, and employment services; to consider the special mental health needs of adults and children; and to promote recovery and resiliency as expected outcomes for all consumers.

2. PLANNING AND IMPLEMENTATION. In order to build upon the partnership between the state and counties in providing mental health and disability services in the state, the workgroups established for purposes of this subsection shall engage equal proportions representing the department, counties, and service providers. The county and provider representatives shall be appointed by the statewide associations representing counties and community providers. In addition, each workgroup shall include a representative of the commission, the mental health planning and advisory council, consumers, and a statewide advocacy organization. A workgroup shall be established for each of the following tasks provided for in this subsection: alternative distribution formulas, community mental health center plan, core mental health services, and the two comprehensive plan items. The division shall perform all of the following tasks in taking steps to improve the mental health services system for adults and children in this state:

a. ALTERNATIVE DISTRIBUTION FORMULAS. Identify alternative formulas for distributing mental health, mental retardation, and developmental disabilities allowed growth factor adjustment funding to counties. The alternative formulas shall provide methodologies that, as compared to the current methodologies, are more readily understood, better reflect the needs for services, respond to utilization patterns, acknowledge historical county spending, and address disparities in funding and service availability. The formulas shall serve to strengthen the partnership between the department and counties in the state’s services system. The division may engage assistance from expert consultants with experience with funding allocation systems as necessary to evaluate options. The department shall report with findings and recommendations to the commission on or before November 1, 2007, and shall review and make recommendations to the department on or before December 1, 2007. DIVISION IX
CHILD WELFARE SERVICES

Sec. 113. Section 232.52, subsection 6, unnumbered paragraph 1, Code 2007, is amended to read as follows:
When the court orders the transfer of legal custody of a child pursuant to subsection 2, paragraph “d”, “e”, or “f”, the order shall state that reasonable efforts as defined in section 232.57 have been made. If deemed appropriate by the court, the order may include a determination that continuation of the child in the child’s home is contrary to the child’s welfare. The inclusion of such a determination shall not under any circumstances be deemed a prerequisite for entering an order pursuant to this section. However, the inclusion of such a determination, supported by the record, may be used to assist the department in obtaining federal funding for the child’s placement. If such a determination is included in the order, unless the court makes a determination that further reasonable efforts are not required, reasonable efforts shall be made to prevent permanent removal of a child from the child’s home and to encourage reunification of the child with the child’s parents and family. The reasonable efforts may include but are not limited to early intervention and follow-up programs implemented pursuant to section 232.191.

Sec. 114. Section 232.102, subsection 5, paragraph b, Code 2007, is amended to read as follows:
   b. In order to transfer custody of the child under this subsection, the court must make a determination that continuation of the child in the child’s home would be contrary to the welfare of the child, and shall identify the reasonable efforts that have been made. The court’s determination regarding continuation of the child in the child’s home, and regarding reasonable efforts, including those made to prevent removal and those made to finalize any permanency plan in effect, as well as any determination by the court that reasonable efforts are not re-
quired, must be made on a case-by-case basis. The grounds for each determination must be explicitly documented and stated in the court order. However, preserving the safety of the child is the paramount consideration. If imminent danger to the child’s life or health exists at the time of the court’s consideration, the determinations otherwise required under this paragraph shall not be a prerequisite for an order for removal of the child. If the court transfers custody of the child, unless the court waives the requirement for making reasonable efforts or otherwise makes a determination that reasonable efforts are not required, reasonable efforts shall be made to make it possible for the child to safely return to the family’s home.

Sec. 115. Section 232.143, subsection 1, Code 2007, is amended to read as follows:
1. a. A statewide expenditure target for children in group foster care placements in a fiscal year, which placements are a charge upon or are paid for by the state, shall be established annually in an appropriation bill by the general assembly. Representatives of the department and juvenile court services shall jointly develop a formula for allocating a portion of the statewide expenditure target established by the general assembly to each of the department’s service areas. The formula shall be based upon the service area’s proportion of the state population of children and of the statewide usage of group foster care in the previous five completed fiscal years and upon other indicators of need. The expenditure amount determined in accordance with the formula shall be the group foster care budget target for that service area.
   b. A service area may exceed the service area’s budget target for group foster care by not more than five percent in a fiscal year, provided the overall funding allocated by the department for all child welfare services in the service area is not exceeded.
   c. If all of the following circumstances are applicable, a service area may temporarily exceed the service area’s budget target as necessary for placement of a child in group foster care:
      (1) The child is thirteen years of age or younger.
      (2) The court has entered a dispositional order for placement of the child in group foster care.
      (3) The child is placed in a juvenile detention facility awaiting placement in group foster care.
   d. If a child is placed pursuant to paragraph “c”, causing a service area to temporarily exceed the service area’s budget target, the department and juvenile court services shall examine the cases of the children placed in group foster care and counted in the service area’s budget target at the time of the placement pursuant to paragraph “c”. If the examination indicates it may be appropriate to terminate the placement for any of the cases, the department and juvenile court services shall initiate action to set a dispositional review hearing under this chapter for such cases. In such a dispositional review hearing, the court shall determine whether needed aftercare services are available following termination of the placement and whether termination of the placement is in the best interests of the child and the community.

Sec. 116. NEW SECTION. 234.3 CHILD WELFARE ADVISORY COMMITTEE.

In an action to establish support, the resident parent may be a proper party defendant for purposes of determining medical support as provided in section 252E.1A. The unit's independent cause of action shall not bar a party from seeking support in a subsequent proceeding.

Sec. 158. Section 252C.1, subsection 6, Code 2007, is amended to read as follows:
6. "Medical support" means either the provision of coverage under a health benefit plan, including a group or employment-related or an individual health benefit plan, or a health benefit plan provided pursuant to chapter 514E, to meet the medical needs of a dependent and the cost of any premium required by a health benefit plan, or the payment to the obligee of a monetary amount in lieu of providing coverage under a health benefit plan, either of which is an obligation separate from any monetary amount of child support ordered to be paid. "Medical support" which consists of payment of a monetary amount in lieu of a health benefit plan is also an obligation separate from any monetary amount a parent is ordered to pay for uncovered medical expenses pursuant to the guidelines established pursuant to section 598.21B.

Sec. 159. Section 252C.3, subsection 1, unnumbered paragraph 1, Code 2007, is amended to read as follows:
The administrator may issue a notice stating the intent to secure an order for either payment of medical support, established as defined provided in chapter 252E or payment of an accrued or accruing support debt due and owed to the department or an individual under section 252C.2, or both. The notice shall be served upon the responsible person in accordance with the rules of civil procedure. The notice shall include all of the following:

Sec. 162. Section 252D.18A, Code 2007, is amended to read as follows:
252D.18A MULTIPLE INCOME WITHHOLDING ORDERS — ORDERS FOR HEALTH BENEFIT PLANS — AMOUNTS withheld by payor.

When the obligor is responsible for paying has more than one support obligation and or the payor of income has received more than one income withholding order or notice of an order for the obligor for income withholding or for coverage under a health benefit plan pursuant to chapter 252E, the payor shall withhold amounts in accordance with all of the following:
1. The total of all amounts withheld shall not exceed the amounts specified in 15 U.S.C. § 1673(b). For orders or notices issued by the child support recovery unit, the limit for the amount to be withheld shall be specified in the order or notice.

2. As reimbursement for the payor's processing costs, the payor may deduct a fee of no more than two dollars for each payment withheld in addition to the amount withheld for support.

3. Priority shall be given to the withholding of current support rather than delinquent support. The payor shall not allocate amounts withheld in a manner which results in the failure to withhold an amount for one or more of the current child or spousal support obligations. If the limits specified in subsection 1 prevent withholding the full amount specified in the order or notice, the payor shall withhold amounts in the following priority:
   a. Withhold the amount specified for current child and spousal support. To arrive at the amount to be withheld for each obligee, the payor shall total the amounts due for current child and spousal support under the income withholding orders and the notices of orders and determine the proportionate share for each obligee. The proportionate share shall be determined by dividing the amount due for current child and spousal support for each order or notice of order by the total due for current child and spousal support for all orders and notices of orders. The results are the percentages of the obligor's net income which shall be withheld for each obligee.
   b. If, after completing the calculation in paragraph “a”, the withholding limit specified under subsection 1 has not been attained, the payor shall withhold the amount necessary to comply with an order or notice of order for a current premium for coverage of a child under a health benefit plan as provided in section 252D.30 or section 252E.1A, subsection 2, or for a current monetary amount for the child for medical support. If there is more than one medical support order or notice of order for a current monetary amount for a child, the payor shall total the amounts due for current monetary amounts for all children for medical support and determine the proportionate share for each obligee. The proportionate amounts shall be established utilizing the procedures established in paragraph “a” for current child and spousal support obligations.
   c. If, after completing the calculation in paragraph “a” and “b”, the withholding limit specified under subsection 1 has not been attained, the payor shall total the amounts due for arrearages and determine the proportionate share for each obligee. The proportionate share amounts shall be established utilizing the procedures established in paragraph “a” for current child and spousal support obligations.
   d. If after completing the calculations in paragraphs “a”, “b”, and “c”, the withholding limit specified in subsection 1 has not been attained, the payor shall withhold the amount necessary for other child support obligations, unless the order or notice directs otherwise as provided by Title IV, part D, of the federal Social Security Act.

4. The payor shall identify and report payments by the obligor's name, account number, amount, and date withheld pursuant to section 252D.17. Until October 1, 1999, if payments for multiple obligees are combined, the portion of the payment attributable to each obligee shall be specifically identified. Beginning October 1, 1999, if payments for multiple obligees are combined, the portion of the payment attributable to each obligee shall be specifically identified only if the payor is directed to do so by the child support recovery unit.

Sec. 163. Section 252E.1, subsection 9, Code 2007, is amended to read as follows:

9. "Medical support" means either the provision of a health benefit plan, including a group or employment-related or an individual health benefit plan, or a health benefit plan provided pursuant to chapter 514E, to meet the medical needs of a dependent and the cost of any premium required by a health benefit plan, or the payment to the obligee of a monetary amount in lieu of a health benefit plan, either of which is an obligation separate from any monetary amount of child support ordered to be paid. Medical support is not alimony. "Medical support" which consists of payment of a monetary amount in lieu of a health benefit plan is also an obligation separate from any monetary amount a parent is ordered to pay for uncovered medical expenses pursuant to the guidelines established pursuant to section 598.21B.
Sec. 164. NEW SECTION. 252E.1A ESTABLISHING AND MODIFYING ORDERS FOR MEDICAL SUPPORT.

This section shall apply to all initial or modified orders for support entered under chapter 234, 252A, 252C, 252F, 252H, 598, 600B, or any other applicable chapter.

1. An order or judgment that provides for temporary or permanent support for a child shall include a provision for medical support for the child as provided in this section.

2. The court shall order as medical support for the child a health benefit plan if available to either parent at the time the order is entered or modified. A plan is available if the plan is accessible and the cost of the plan is reasonable.
   a. The cost of a health benefit plan is considered reasonable, and such amount shall be stated in the order, if one of the following applies:
      (1) The premium cost for a child to the parent ordered to provide the plan does not exceed five percent of that parent's gross income.
      (2) The premium cost for a child exceeds five percent of the gross income of the parent ordered to provide the plan and that parent consents or does not object to entry of that order.
   b. For purposes of this section, "gross income" has the same meaning as gross income for calculation of support under the guidelines established under section 598.21B.
   c. For purposes of this section, the premium cost for a child to the parent ordered to provide the plan means the amount of the premium cost for family coverage to the parent which is in excess of the premium cost for single coverage, regardless of the number of individuals covered under the plan. However, this paragraph shall not be interpreted to reduce the amount of the health insurance premium deduction a parent may be entitled to when calculating the amount of a child support obligation under Iowa court rule 9.5 of the child support guidelines.

3. If a health benefit plan is not available at the time of the entry of the order, the court shall order a reasonable monetary amount in lieu of a health benefit plan, which amount shall be stated in the order. For purposes of this subsection, a reasonable amount means five percent of the gross income of the parent ordered to provide the monetary amount for medical support.
   This subsection shall not apply in any of the following circumstances:
   a. If the parent's monthly support obligation established pursuant to the child support guidelines prescribed by the supreme court pursuant to section 598.21B is the minimum obligation amount.
   b. If subsection 7, paragraph "e" applies.
   c. If the court orders the custodial parent to provide a health benefit plan under subsection 2, the court may also order the noncustodial parent to provide a reasonable monetary amount in lieu of a health benefit plan. For purposes of this subsection, a reasonable monetary amount means an amount not to exceed the lesser of a reasonable amount as described in subsection 3, or the premium cost of coverage for the child to the custodial parent as described in subsection 2, paragraph "c".

5. Notwithstanding the requirements of this section, the court may order provisions in the alternative to those provided in this section to address the health care needs of the child if the court determines that extreme circumstances so require and documents the court's written findings in the order.

6. An order, decree, or judgment entered before March 1, 2008, that provides for the support of a child may be modified in accordance with this section.

7. If the child support recovery unit is providing services under chapter 252B and initiating an action to establish or modify support, all the following shall also apply:
   a. If a health benefit plan is available as described in subsection 2 to the noncustodial parent, the unit shall seek an order for the noncustodial parent to provide the plan.
   b. If a health benefit plan is available as described in subsection 2 to the custodial parent and not to the noncustodial parent, the unit shall seek an order for the custodial parent to provide the plan.
   c. If a health benefit plan is available as described in subsection 2 to each parent, and if there is an order for joint physical care, the unit shall seek an order for the parent currently ordered
to provide a health benefit plan to provide the plan. If there is no current order for a health benefit plan for the child, the unit shall seek an order for the parent who is currently providing a health benefit plan to provide the plan.

d. If a health benefit plan is not available, and the noncustodial parent does not have income which may be subject to income withholding for collection of a reasonable monetary amount in lieu of a health benefit plan at the time of the entry of the order, the unit shall seek an order that the noncustodial parent provide a health benefit plan when a plan becomes available at reasonable cost, and the order shall specify the amount of reasonable cost as defined in subsection 2.

e. This section shall not apply to chapter 252H, subchapter IV.

Sec. 165. NEW SECTION. 252E.2A SATISFACTION OF MEDICAL SUPPORT ORDER. This section shall apply if the child support recovery unit is providing services under chapter 252B.

1. Notwithstanding any law to the contrary and without a court order, a medical support order for a child shall be deemed satisfied with regard to the department, the child, the obligor, and the obligee for the period during which all the following conditions are met:

a. The order is issued under any applicable chapter of the Code.

b. The unit is notified that the conditions of paragraph “c” are met and there is a pending action to establish or modify support initiated by the unit, or the parent ordered to provide medical support submits a written statement to the unit that the requirements of paragraph “c” are met.

c. The parent ordered to provide medical support or the parent from whom the unit is seeking to establish or modify medical support meets at least one of the following conditions:

   (1) The parent is an inmate of an institution under the control of the department of corrections or a comparable institution in another state.

   (2) The parent’s monthly child support obligation under the guidelines established pursuant to section 598.21B is the minimum obligation amount.

   (3) The parent is a recipient of assistance under chapter 239B or 249A, or under comparable laws of another state.

   (4) The parent is residing with any child for whom the parent is legally responsible and that child is a recipient of assistance under chapter 239B, 249A, or 514I, or under comparable laws of another state. For purposes of this subparagraph, “legally responsible” means the parent has a legal obligation to the child as specified in Iowa court rule 9.7 of the child support guidelines.

d. The unit files a notice of satisfaction with the clerk of the district court. The effective date of the satisfaction shall be stated in the notice and the effective date shall be no later than forty-five days after the unit issues the notice of satisfaction.

2. If a medical support order is satisfied under subsection 1, the satisfaction shall continue until all of the following apply:

a. The unit is notified that none of the conditions specified in subsection 1, paragraph “c”, still applies.

b. The unit files a satisfaction termination notice that the requirements for a satisfaction under this section no longer apply. The effective date shall be stated in the satisfaction termination notice and the effective date shall be no later than forty-five days after the unit issues the satisfaction termination notice.

3. The unit shall mail a copy of the notice of satisfaction and the satisfaction termination notice to the last known address of the obligor and obligee.

4. The department of human services may match data for enrollees of the hawk-i program created pursuant to chapter 514I with data of the unit to assist the unit in implementing this section.

5. An order, decree, or judgment entered or pending on or before March 1, 2008, that provides for the support of a child may be satisfied as provided in this section.
Sec. 166. Section 252E.4, subsection 1, Code 2007, is amended to read as follows:

1. When a support order requires an obligor to provide coverage under a health benefit plan, the district court or the department may enter an ex parte order directing an employer to take all actions necessary to enroll an obligor’s dependent for coverage under a health benefit plan or may include the provisions in an ex parte income withholding order or notice of income withholding pursuant to chapter 252D. The child support recovery unit, where appropriate, shall issue a national medical support notice to an employer within two business days after the date information regarding a newly hired employee is entered into the centralized employee registry and matched with a noncustodial parent in the case being enforced by the unit, or upon receipt of other employment information for such parent. The department may amend the information in the ex parte order or may amend or terminate the national medical support notice regarding health insurance provisions if necessary to comply with health insurance requirements including but not limited to the provisions of section 252E.2, subsection 2, or to correct a mistake of fact.

Sec. 167. Section 252E.5, subsection 3, Code 2007, is amended to read as follows:

3. The employer shall withhold from the employee’s compensation, the employee’s share, if any, of premiums for the health benefit plan in an amount that does not exceed the amount specified in the national medical support notice or order or the amount specified in 15 U.S.C. § 1673(b) and which is consistent with federal law. The employer shall forward the amount withheld to the insurer. If the employee has more than one obligation and if there is insufficient compensation available to meet the employee’s share necessary for coverage of the child under a health benefit plan as required under this section or section 252D.30, and to comply with an order to withhold or notice under section 252D.17, the employer shall allocate the funds available in accordance with section 252D.18A.

ITATION.

1. The grandparent or great-grandparent of a minor child may petition the court for grand-
child or great-grandchild visitation.

2. The court shall consider a fit parent’s objections to granting visitation under this section.
A rebuttable presumption arises that a fit parent’s decision to deny visitation to a grandparent
or great-grandparent is in the best interest of a minor child.

3. The court may grant visitation to the grandparent or great-grandparent if the court finds
all of the following by clear and convincing evidence:
   a. The grandparent or great-grandparent has established a substantial relationship with the
      child prior to the filing of the petition.
   b. The parent who is being asked to temporarily relinquish care, custody, and control of the
      child to provide visitation is unfit to make the decision regarding visitation.
   c. It is in the best interest of the child to grant such visitation.

4. For the purposes of this section, “court” means the district court or the juvenile court if
that court currently has jurisdiction over the child in a pending action. If an action is not pend-

ent resides if no final custody order determination relating to the grandchild or great-grand-
child has been entered by any other court. If a final custody order has been entered by any
other court, venue shall be located exclusively in the county where the most recent final custo-
dy order was entered. If any other custodial proceeding is pending when an action to establish,

8. An action brought under this section is subject to chapter 598B, and in an action brought to establish, enforce, or modify visitation under this section, each party shall submit in its first pleading or in an attached affidavit all information required by section 598B.209.

9. In any action brought to establish, enforce, or modify visitation under this section, the court may award attorney fees to the prevailing party in an amount deemed reasonable by the court.

10. If a proceeding to establish or enforce visitation under this section is commenced when a dissolution of marriage proceeding is pending concerning the parents of the affected minor child, the record and evidence of the dissolution action shall remain impounded pursuant to section 598.26. The impounded information shall not be released or otherwise made available to any person who is not the petitioner or respondent or an attorney of record in the dissolution of marriage proceeding. Access to the impounded information by the attorney of record for the grandparent or great-grandparent shall be limited to only that information relevant to the grandparent's or great-grandparent's request for visitation.

Approved May 29, 2007, with exceptions noted.

CHESTER J. CULVER, Governor

Dear Mr. Secretary:

I hereby transmit House File 909, an Act relating to and making appropriations for health and human services and including other related provisions and appropriations, and including effective date provisions. House File 909 is approved on this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve the designated portion of Section 3, subsection 1, unnumbered paragraph 2. This paragraph transfers funds from the Gambler's Assistance Fund for other purposes, such as adult drug courts, the family development and sufficiency grant program, and the energy utility assessment and resolution program. This designated paragraph would divert revenues from the purposes for which the Gambler's Assistance Fund was established to accomplish. Furthermore, this designated language would use these one-time carry-over funds for ongoing programs, thereby creating future expectations of additional funding. While adult drug courts, the family development and sufficiency grant program, and the utility assessment and resolution program are worthwhile, diverting these funds would be inconsistent with the statutorily mandated purposes of the Gambler's Assistance Fund.

I am unable to approve the designated portion of Section 4, subsection 3, unnumbered para-
This paragraph transfers $150,000 to the Department of Cultural Affairs from the Veterans Trust Fund to staff and support the conservation lab facility. I am unable to support this paragraph because it creates expectations for new or ongoing funding that is not sustainable. These funds are more appropriately used in the Veterans Trust Fund. Diverting these funds would be inconsistent with the statutorily mandated purposes of the Veterans Trust Fund, even though these other designated programs are worthwhile.

I am unable to approve the designated portion of Section 97, subsection 3, paragraph e. This paragraph allocates $10,000 to the Department of Public Health to provide extracorporeal support for donation after cardiac death. I am unable to support this subsection because it creates expectations for new or ongoing funding that is not sustainable. Within the Fiscal year 2008 appropriations for the Board of Regents – University of Iowa Hospitals and Clinics, I believe there are sufficient funds available to cover this important program.

I am unable to approve the item designated as Section 100 in its entirety. This designated section requires the Department of Public Health to expedite volunteer health care provider program registration. I am unable to approve this language because no funds were provided to implement this provision and it places an unreasonable requirement on the Department of Public Health. I will direct the Director of the Department of Public Health to develop a more streamlined registration process.

I am unable to approve the item designated as Division XX, Section 190 in its entirety. This provision requires a director of a department or agency included in House File 909 to examine employee telecommuting options, develop a telecommuter employment policy, and implement a plan designed to increase the number of telecommuting employees. Many departments maintain employee telecommuting policies currently. These policies and procedures have been in place for several years and are well established. The designated language in Section 190 directing a department or agency to conduct an assessment of its telecommuting policy is duplicative and unnecessary and introduces a legislatively mandated management process into what is appropriately an executive branch decision. I will direct the Department of Administrative Services and the Department of Management to review the current state government telecommuting policy and make recommendations for any improvements as part of our overall executive branch strategic planning process.

For the above reasons, I respectfully disapprove of the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in House File 909 are hereby approved this date.

Sincerely,
CHESTER J. CULVER, Governor
