district shall notify the student's parent or guardian that the parent or guardian may enroll the student in an intensive summer reading program offered in accordance with [subsection 2](#), paragraph "e". a. Provide students who are identified as having a substantial deficiency persistently at risk in reading under [subsection 1](#), paragraph "a", with intensive instructional services and supports, free of charge, to remediate the identified areas of reading deficiency in which students are not proficient in reading, including a minimum of ninety minutes daily of scientific, research-based reading instruction and other strategies prescribed by the school district which may include but are not limited to the following:

- (1) Small group instruction.
- (2) Reduced teacher-student ratios.

As part of its comprehensive school improvement plan, each school district shall review chronic early elementary absenteeism for its impact on literacy development. If more than fifteen percent of an attendance center’s students are not proficient in reading proficiently and are persistently at risk in reading by the end of third grade, the comprehensive school improvement plan shall include strategies to reduce that percentage, including school and community strategies to raise the percentage of students who are proficient in reading at grade level.
