b. The commissioner shall upon the completion of an examination under paragraph “a”, or at such regular intervals prior to completion of an examination as the commissioner determines, prepare an account of the costs incurred in performing and preparing the report of the examination which shall be charged to and paid by the captive company examined. If the captive company fails or refuses to pay the charges, the charges may be recovered in an action brought in the name of the state.

c. The commissioner shall examine the affairs, transactions, accounts, records, and assets of each captive risk retention group as the commissioner deems necessary, but no less frequently than every three calendar years. b. If the commissioner does not revoke a captive company’s certificate of authority during a suspension imposed by the commissioner under paragraph “a”, the company’s certificate of authority may be reinstated if the commissioner finds that the cause of the suspension has been rectified.

Sec. 13. NEW SECTION. 521J.10 Excess workers’ compensation insurance.

1. A captive company may provide excess workers' compensation insurance to the captive company's parent and affiliated companies unless the laws of the state that has jurisdiction over the transaction prohibits the captive company from providing excess workers' compensation insurance.

2. A captive company may reinsure workers' compensation of a qualified self-insured plan of the captive company's parent and affiliated companies.

Sec. 14. NEW SECTION. 521J.11 Captive mergers.

1. A merger between captive stock insurers, or a merger between captive mutual insurers, shall meet the requirements of [chapter 521](#) and [section 521J.5](#), as applicable. The commissioner may, at the commissioner's discretion, provide notice to the public of a proposed merger prior to the commissioner's approval or disapproval of a merger.

2. An industrial insured group formed as a stock insurer or as a mutual insurer may be converted to or merged with a reciprocal insurer under [this section](#).

3. A plan for conversion or merger shall meet all of the following requirements:

a. (1) The plan shall be fair and equitable to the shareholders in the case of a stock insurer, or to the policyholders in the case of a mutual insurer.

(2) The plan shall provide for the purchase of the shares of any nonconsenting shareholder of a stock insurer, or of the policyholder interests of any nonconsenting policyholder of a mutual insurer.

b. A plan for conversion to a reciprocal insurer must be approved by the commissioner. The commissioner shall not approve a plan unless the plan meets all of the following requirements:

(1) The plan provides for a hearing upon notice to the insurer, directors, officers, and stockholders or policyholders who have the right to appear at the hearing, unless the commissioner waives or modifies the requirements for the hearing.

(2) (a) In the case of a stock insurer, the plan provides for the conversion of the existing stockholder interests into subscriber interests in the resulting reciprocal insurer proportionate to the existing stockholder interests, and is approved by a majority of the shareholders who are entitled to vote, and who are represented at a regular or special meeting at which a quorum is present either in person or by proxy.

(b) In the case of a mutual insurer, the plan provides for the conversion of the existing policyholder interests into subscriber interests in the resulting reciprocal insurer proportionate to the existing policyholder interests, and is approved by a majority of the voting interests of the policyholders who are represented at a regular or special meeting at which a quorum is present either in person or by proxy.

(3) The plan meets the applicable requirements of [section 521J.5](#).

c. If the commissioner approves a plan of conversion, the certificate of authority for the converting insurer shall be amended to state that the converting insurer is a reciprocal insurer. The conversion shall be effective and the corporate existence of the converting entity shall cease to exist on the date on which the amended certificate of authority is issued to the attorney-in-fact for the reciprocal insurer. The resulting reciprocal insurer shall file the articles of merger or the articles of conversion with the secretary of state.

2. All fees, assessments, fines, and administrative penalties collected under [this chapter](#) shall be deposited in the fund.

3. Moneys in the fund are appropriated to the division to administer [this chapter](#), including the maintenance of staff, associated expenses, and necessary contractual services, and for the reimbursement of reasonable expenses incurred by the division to promote captive insurance in this state.

4. *a.* Notwithstanding [section 8.33](#), moneys in the fund that remain unencumbered or unobligated at the close of a fiscal year shall not revert but shall remain available for expenditure for the purposes designated.

b. At the close of each fiscal year, if unencumbered or unobligated moneys remaining in the captive insurance regulatory and supervision fund exceed five hundred thousand dollars, moneys in excess of that amount shall be transferred from the captive insurance regulatory and supervision fund to the general fund of the state.

5. The division may temporarily use moneys from the general fund of the state to pay expenses in excess of moneys available in the captive insurance regulatory and supervision fund for the purposes designated in [this section](#) if those additional expenditures are fully reimbursable and the division reimburses the general fund of the state in full by the close of the fiscal year. Because any general fund moneys used shall be fully reimbursed, such temporary use of moneys from the general fund of the state shall not constitute an appropriation for purposes of calculating the state general fund expenditure limitation pursuant to [section 8.54](#).

Sec. 16. NEW SECTION. 521J.13 Legal investments.

1. *a.* Industrial insured captive companies and captive risk retention groups shall comply with investment requirements as established by the commissioner by rule. The commissioner may approve the use of alternative reliable methods of valuation and rating.

3. Any captive company may make loans to any of the captive company's affiliates with prior written approval of the commissioner, and each loan must be evidenced by a note in a form as approved by the commissioner by rule. Loans made from minimum capital and surplus funds required by [section 521J.4](#) shall be prohibited.

1. Subject to the prior approval of the commissioner, a captive company may provide reinsurance on risks ceded by any other insurer.

2. Any captive company may take credit for reserves on risks, or portions of risks, ceded to reinsurers as provided under [chapter 521B](#). In order to cede or take credit for the reinsurance of risks or portions of risks ceded to reinsurers that do not comply with [chapter 521B](#), a captive company shall obtain the prior approval of the commissioner.

3. Insurance by a captive company of any workers' compensation qualified self-insured plan of the captive company's parent and affiliates shall be deemed to be reinsurance under [this chapter](#).

4. In addition to reinsurers authorized under [chapter 521B](#), a captive company may take credit for the reinsurance of risks or portions of risk ceded to a pool or exchange acting as a reinsurer which has been authorized by the commissioner. The commissioner may require documents, financial information, or other evidence that such a reinsurance pool or exchange will be able to provide adequate security for the reinsurance pool's or exchange's financial obligations. The commissioner may deny authorization or impose any limitations on the activities of a reinsurance pool or exchange that, in the commissioner's judgment, are necessary and proper to provide adequate security for the ceding captive company and for the protection and benefit of the public.

5. No credit shall be allowed for reinsurance if the reinsurance contract does not result in the complete transfer of the risk or liability to the reinsurer.

6. No credit shall be allowed, as an asset or a deduction from liability, to any ceding insurer for reinsurance unless the reinsurance is payable by the assuming insurer on the basis of the liability of the ceding insurer under the contract reinsured without diminution because of the insolvency of the ceding insurer.

7. Reinsurance under [this section](#) shall be effected through a written agreement of reinsurance setting forth the terms, provisions, and conditions governing the reinsurance. The commissioner may require that complete copies of all reinsurance agreements be filed with and approved by the commissioner.

Sec. 20. NEW SECTION. **521J.17 Protected cell captive companies.**

1. One or more sponsors may form a protected cell captive company.

2. A protected cell captive company formed or authorized under [this chapter](#) shall be subject to all of the following requirements:

a. (1) A protected cell captive company may establish one or more protected cells subject to the prior written approval of the commissioner of a plan of operation submitted by the protected cell captive company for each protected cell. The plan of operation shall include but is not limited to the specific business objectives and investment guidelines of the protected cell.

(2) Upon the commissioner's approval of the protected cell captive company's plan of operation, the company, in accordance with the approved plan of operation, may attribute insurance obligations with respect to its insurance business to the protected cell.

(3) A protected cell captive company shall transfer all assets attributable to a protected cell to one or more separately established and separately identified protected cell accounts bearing the name or designation of that protected cell. Each protected cell shall have a distinct name or designation that must include the words "protected cell". Protected cell assets shall be held in the protected cell accounts for the purpose of satisfying the obligations of the specific protected cell.

(4) Each protected cell shall be incorporated. An incorporated protected cell may be organized and operated in any form of business organization as authorized by the commissioner by rule. Each protected cell of a protected cell captive company shall be treated as a captive insurance company under [this chapter](#), except that the limit on maximum yearly aggregate taxes paid under [section 432.1A, subsection 4](#), shall not apply. Unless otherwise permitted by the organizational document of a protected cell captive company, each protected cell of the protected cell captive company must have the same directors, secretary, and registered office as the protected cell captive company.

b. All attributions of assets and liabilities between a protected cell and the protected cell captive company's general account shall be in accordance with the plan of operation and the participant contracts as approved by the commissioner. No other attribution of assets and liabilities shall be made by a protected cell captive company between the protected cell captive company's general account and the company's protected cells. Any attribution of assets and liabilities between the general account and a protected cell shall be in cash or in readily marketable securities with established market values.

c. The establishment of a protected cell shall create, with respect to the protected cell, a legal person separate from the protected cell captive company. Amounts attributed to a protected cell under [this chapter](#), including assets transferred to a protected cell account, shall be owned by the protected cell and the protected cell captive company shall not be a trustee, or hold itself out to be a trustee, with respect to the protected cell assets of that protected cell account.

d. A protected cell captive company may contract with or arrange for an investment adviser or other third party, approved by the commissioner, to manage the protected cell assets of a protected cell if all remuneration, expenses, and other compensation of the third party are

paid from the protected cell assets of that protected cell, and not from the protected cell assets of other protected cells or the assets of the protected cell captive company's general account.

e. (1) A protected cell captive company shall establish the administrative and accounting procedures necessary to properly identify each protected cell of the protected cell captive company, and the protected cell assets and protected cell liabilities attributable to each protected cell. The directors of a protected cell captive company shall be responsible for all of the following:

(a) Maintaining the assets and liabilities of protected cells separately, and separately identifiable, from the assets and liabilities of the protected cell captive company's general account.

(b) Maintaining protected cell assets and protected cell liabilities attributable to one protected cell separate, and separately identifiable, from protected cell assets and protected cell liabilities attributable to another protected cell.

(2) If a protected cell captive company fails to comply with subparagraph (1), the remedy of tracing shall be applicable to protected cell assets commingled with protected cell assets of other protected cells, or commingled with the assets of the protected cell captive company's general account. The remedy of tracing shall not be the exclusive remedy.

f. When establishing a protected cell, a protected cell captive company shall attribute assets with a value at least equal to the reserves attributed to that protected cell to the protected cell.

3. Each protected cell shall be accounted for separately on the books and records of the protected cell captive company to reflect the financial condition and result of operations of the protected cell, including but not limited to the net income or loss, dividends or other distributions to participants, and any other factor provided in the participant contract, or as required by the commissioner by rule.

4. The assets of a protected cell shall not be chargeable with liabilities arising from any other insurance business of the protected cell captive company.

5. A protected cell captive company shall not make a sale, exchange, or other transfer of assets among any of the company's protected cells without the consent of the participants of each affected protected cell.

6. A protected cell shall not make a sale, exchange, transfer of assets, dividend, or distribution to a sponsor or to a participant without the commissioner's prior written approval, which shall not be given if the sale, exchange, transfer, dividend, or distribution will result in the insolvency or impairment of the protected cell.

7. A protected cell captive company shall annually file with the commissioner any financial reports required by the commissioner, as established by rule, and shall include, without limitation, accounting statements detailing the finances of each protected cell.

8. A protected cell captive company shall notify the commissioner in writing within ten business days from the date that a protected cell has become impaired or insolvent, or is otherwise unable to meet its claim or expense obligations.

9. A participant contract shall not take effect without the commissioner's prior written approval.

10. An addition of any new protected cell, or the withdrawal of any participant of an existing protected cell, shall constitute a change in the business plan of the protected cell captive company, and the change shall not become effective without the prior written approval of the commissioner.

11. With respect to each protected cell, business written by a protected cell captive company shall be fronted by an insurance company authorized under the laws of any state, or as approved by the commissioner.

12. If a protected cell captive company's business is reinsured, with respect to each protected cell, the protected cell captive company shall comply with at least one of the following requirements:

a. The business shall be reinsured by a reinsurer authorized or approved by the commissioner.

b. The business shall be secured by a trust fund that is located in the United States for the benefit of policyholders and claimants, and which is funded by an irrevocable letter of credit or other asset that is acceptable to the commissioner, and that is subject to all of the following:

(1) The amount of security provided by the trust fund shall not be less than the reserves associated with the liabilities that are not fronted or reinsured, including but not limited to reserves for losses that are allocated for loss adjustment expenses, incurred but not reported losses, and unearned premiums for business written through the participant's protected cell.

(2) The commissioner may require the protected cell captive company to increase the funding of any trust.

(3) If the form of security in the trust is a letter of credit, the letter of credit shall be established, issued, or confirmed by a bank chartered in this state, a member of the federal reserve system, or a bank chartered by another state if the bank is approved by the commissioner.

(4) The commissioner shall approve the form and terms of the trust and trust instrument.

Sec. 21. NEW SECTION. 521J.18 Sponsors — qualifications.

A sponsor of a protected cell captive company may be any person approved by the commissioner, based on the commissioner's determination that the approval of such person as a sponsor is consistent with the purposes of [this chapter](#). In evaluating the qualifications of a proposed sponsor, the commissioner shall consider the type and structure of the proposed sponsor entity, the sponsor's experience in financial operations, the sponsor's financial stability, the sponsor's business reputation, and any other factors deemed relevant by the commissioner. 3. Notwithstanding [chapter 507C](#) or any other provision to law to the contrary, in the conservation, rehabilitation, or liquidation of a protected cell captive company, all of the following requirements shall be met:

a. The assets and liabilities of a protected cell shall at all times be kept separate from, and shall not be commingled with, those of other protected cells and the protected cell captive company.

b. The assets of a protected cell shall not be used to pay any expenses or claims other than the expenses or claims attributable to the protected cell.

c. If the sponsor consents and the commissioner has granted prior written approval, the assets of the protected cell captive company's general account may be used to pay any expenses or claims attributable solely to a protected cell or protected cells of the protected cell captive company. Notwithstanding [section 521J.4](#), if the assets of the protected cell captive company's general account are used to pay expenses or claims attributed solely to a protected cell or protected cells of the protected cell captive company, the sponsor shall not be required to contribute additional capital and surplus to the protected cell captive company's general account.

d. A protected cell captive company's capital and surplus shall be available at all times to pay any expenses of, or claims against, the protected cell captive company.

4. Notwithstanding [chapter 507C](#) or any other provision of law to the contrary, in the event of an insolvency of a protected cell captive company where the commissioner determines that one or more protected cells remain solvent, the commissioner may separate such cells from the protected cell captive company and, on application of the sponsor, may allow for the conversion of such protected cells into one or more new or existing protected cell captive companies, or one or more other captive companies, pursuant to a plan of operation approved by the commissioner.

Protected cell captive companies and protected cells shall comply with the applicable investment requirements contained in [section 521J.13](#); however, compliance with such investment requirements shall be waived for protected cell captive companies to the extent that credit for reinsurance ceded to reinsurers is allowed under [section 521J.14](#), or to the extent that waiver of compliance with the investment requirements is deemed reasonable and appropriate by the commissioner. The commissioner may exercise discretion in approving the accounting standards used by the company.

Sec. 25. NEW SECTION. **521J.22 Dormant captive companies.**

1. As used in [this section](#), “*dormant captive company*” means a captive company, other than a captive risk retention group, that meets all of the following:

The captive company may store and reproduce the books, records, documents, accounts, vouchers, and agreements electronically.

b. All books, records, documents, accounts, vouchers, and agreements shall be kept in a manner that the commissioner can readily ascertain the captive company's financial condition, affairs, and operations; can readily verify the captive company's financial statements; and can confirm the captive company's compliance with [this chapter](#).

2.
