..... FTEs 1,145.95

2. Of the number of full-time equivalent positions authorized to the department pursuant to subsection 1, 50.00 full-time equivalent positions shall be allocated by the department for seasonal employees for purposes of providing maintenance, upkeep, and sanitary services at state parks. This subsection shall not impact conservation officer, park ranger, or park manager positions within the department.

3. The department shall submit a report each quarter of the fiscal year to the general assembly and the department of management. The report must describe in detail the expenditure of moneys appropriated under this section to support the department’s administration, regulation, and programs.

Sec. 8. STATE FISH AND GAME PROTECTION FUND — REGULATION AND ADVANCEMENT OF OUTDOOR ACTIVITIES.

1. There is appropriated from the state fish and game protection fund created pursuant to section 456A.17 to the department of natural resources for the fiscal year beginning July 1, 2026, and ending June 30, 2027, the following amount, or so much thereof as is necessary, to be used for the purposes designated:

For purposes of supporting the regulation or advancement of hunting, fishing, or trapping, or the protection, propagation, restoration, management, or harvest of fish or wildlife, including for administration, regulation, law enforcement, and programs; and for salaries, support, maintenance, equipment, and miscellaneous purposes:

..... \$ 53,095,606

2. Notwithstanding section 455A.10, the department may use the unappropriated balance remaining in the state fish and game protection fund to provide for the funding of health and life insurance premium payments from unused sick leave balances of conservation peace officers employed in a protection occupation, as described in section 97B.49B, who retire.

3. Notwithstanding section 455A.10, the department may use the unappropriated balance remaining in the state fish and game protection fund for the fiscal year beginning July 1, 2026, and ending June 30, 2027, as is necessary to fund salary adjustments for departmental employees for which the general assembly has made an operating budget appropriation in subsection 1.

Sec. 9. GROUNDWATER PROTECTION FUND — WATER QUALITY. There is appropriated from the groundwater protection fund created in section 455E.11 to the department of natural resources for the fiscal year beginning July 1, 2026, and ending June 30, 2027, from those moneys that are not allocated pursuant to that section, the following amount, or so much thereof as is necessary, to be used for the purposes designated:

For purposes of supporting the department’s protection of the state’s groundwater, including for administration, regulation, and programs, and for salaries, support, maintenance, equipment, and miscellaneous purposes:

..... \$ 3,455,850

Sec. 10. GROUNDWATER PROTECTION FUND — INTEREST AND EARNINGS — WATER QUALITY.

1. There is appropriated from interest and earnings on moneys in the groundwater protection fund created in section 455E.11 and accounts therein, as described in section 455E.11, subsection 1, paragraph “a”, to the department of natural resources for the fiscal year beginning July 1, 2026, and ending June 30, 2027, the following amounts, or so much thereof as is necessary, to be used for the purposes designated, in the following order of priority:

a. For purposes of water quality monitoring, including providing grants to organizations across the state of Iowa and, at the department’s discretion, continuous monitoring:

..... \$ 300,000

b. For purposes of supporting the department’s protection of the state’s groundwater, including for administration, regulation, and programs, and for salaries, support, maintenance, equipment, and miscellaneous purposes:

..... \$ 176,150

2. Any awarding of a grant to an organization pursuant to subsection 1, paragraph “a”, must be agreed to by the department of agriculture and land stewardship, the department of natural resources, and the college of agriculture and life sciences at Iowa state university of science and technology.

3. Notwithstanding subsection 1, the amounts appropriated in this section shall not exceed the total amount of interest and earnings on moneys in the groundwater protection fund and accounts therein accrued during the fiscal year beginning July 1, 2026. In addition, the amounts appropriated in this section shall only be made available after the maximum amount of such interest and earnings appropriated in this Act to the state university of Iowa is made available to the university.

Sec. 11. SPECIAL SNOWMOBILE FUND — SNOWMOBILE PROGRAM. There is appropriated from the special snowmobile fund created under section 321G.7 to the department of natural resources for the fiscal year beginning July 1, 2026, and ending June 30, 2027, the following amount, or so much thereof as is necessary, to be used for the purposes designated:

For purposes of administering and enforcing the state snowmobile programs:

4. STATE PARK MAINTENANCE		
For structural and infrastructural repairs in state parks:		
.....	\$	300,000

DIVISION III  
IOWA STATE UNIVERSITY

Sec. 13. SPECIAL APPROPRIATIONS FROM GENERAL FUND. There is appropriated from the general fund of the state to Iowa state university of science and technology for the fiscal year beginning July 1, 2026, and ending June 30, 2027, the following amounts, or so much thereof as is necessary, to be used for the purposes designated:

1. VETERINARY DIAGNOSTIC LABORATORY — OPERATION

a. For purposes of supporting the college of veterinary medicine for the operation of the veterinary diagnostic laboratory, and for not more than the following full-time equivalent positions:

.....	\$	4,799,898
.....	FTEs	51.00

b. (1) Iowa state university of science and technology shall not reduce the amount that it allocates to support the college of veterinary medicine from any other source due to the appropriation made in this subsection.

(2) Subparagraph (1) does not apply to a reduction made to support the college of veterinary medicine if the same percentage of reduction imposed on the college of veterinary medicine is also imposed on all of Iowa state university of science and technology’s budget units.

2. VETERINARY DIAGNOSTIC LABORATORY — TRANSITION TO REFURBISHED FACILITY.

To assist the college of veterinary medicine veterinary diagnostic laboratory in installing and moving equipment into its refurbished facility:

.....	\$	122,000
-------	----	---------

3. MANAGEMENT OF PRIVATE FORESTS

a. For purposes of supporting the Iowa cooperative extension service in agriculture and home economics in providing technical support to landowners and loggers regarding the management of private forests in northeast Iowa, and for not more than the following full-time equivalent positions:

.....	\$	150,000
.....	FTEs	1.00

b. The department of natural resources shall cooperate with the Iowa cooperative extension service in agriculture and home economics in administering this subsection.

4. LIVESTOCK DISEASE RESEARCH

a. For deposit in the livestock disease research fund created in section 267.8:

.....	\$	291,390
-------	----	---------

b. Moneys appropriated under this subsection shall be used by Iowa state university of science and technology to support animal disease research in areas of importance to livestock producers.

Sec. 14. IOWA NUTRIENT RESEARCH FUND — VETERINARY DIAGNOSTIC LABORATORY. Notwithstanding section 466B.46, there is appropriated from the Iowa nutrient research fund created in section 466B.46 to Iowa state university of science and technology for the fiscal year beginning July 1, 2026, and ending June 30, 2027, the following amount, or so much thereof as is necessary, to be used for the purposes designated:

For purposes of supporting the college of veterinary medicine for the operation of the veterinary diagnostic laboratory:

.....	\$	120,000
-------	----	---------

DIVISION IV  
STATE UNIVERSITY OF IOWA

Sec. 15. IOWA’S CENTER FOR AGRICULTURAL SAFETY AND HEALTH (I-CASH).

1. There is appropriated from the general fund of the state to the state university of Iowa for the fiscal year beginning July 1, 2026, and ending June 30, 2027, the following amount, or so much thereof as is necessary, to be used for the purposes designated:

For supporting the operations of Iowa’s center for agricultural safety and health, as part of the university’s college of public health, and in cooperation with the department of agriculture and land stewardship, to anticipate, recognize, and prevent occupational illness and injury among members of the agricultural community:

..... \$ 128,154

2. a. As a condition of the appropriation made in subsection 1, the state university of Iowa shall retain the director of Iowa’s center for agricultural safety and health employed on the effective date of this division of this Act for at least the same number of hours for the fiscal year beginning July 1, 2026, as worked by the director during the fiscal year beginning July 1, 2025.

b. As a condition of the appropriation made in subsection 1, the state university of Iowa shall not reduce the amount allocated to support Iowa’s center for agricultural safety and health from any other source due to the appropriation made in subsection 1.

3. If moneys appropriated in subsection 1 revert as required pursuant to section 8.33, the state university of Iowa shall transfer to the general fund of the state from any otherwise unencumbered or unobligated moneys from any other general fund appropriation or from any moneys available from other funding sources an amount equal to the amount appropriated in subsection 1 less any amount that reverted to the general fund of the state pursuant to section 8.33.

Sec. 16. IOWA GEOLOGICAL SURVEY — GROUNDWATER PLANNING AND RESOURCE ASSESSMENT PROJECT.

1. There is appropriated from the general fund of the state to the state university of Iowa for the fiscal year beginning July 1, 2026, and ending June 30, 2027, the following amount, or so much thereof as is necessary, to be used for the purposes designated:

For purposes of supporting a groundwater planning and resource assessment project to be administered by the Iowa geological survey of the state created pursuant to section 456.1:

..... \$ 122,000

2. The moneys appropriated in subsection 1 shall be used by the Iowa geological survey to map and assess the condition of this state’s aquifers. The Iowa geological survey may measure the volume of groundwater that is available for various uses, the current and predicted allocations of groundwater to support those uses, the recharge rate for the aquifers, and the development of models for budgeting this state’s water resources.

3. Notwithstanding section 8.33, moneys appropriated in subsection 1 that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the purposes designated in subsection 1.

Sec. 17. GROUNDWATER PROTECTION FUND — IOWA GEOLOGICAL SURVEY.

1. There is appropriated from interest and earnings on moneys in the groundwater protection fund created in section 455E.11 and accounts therein, as described in section 455E.11, subsection 1, paragraph “a”, to the state university of Iowa for the fiscal year beginning July 1, 2026, and ending June 30, 2027, the following amount, or so much thereof as is necessary, to be used for the purposes designated:

To support a groundwater planning and resource assessment project to be administered by the Iowa geological survey of the state:

..... \$ 78,000

2. Moneys appropriated in subsection 1 shall be used by the Iowa geological survey to map and assess the condition of this state’s aquifers. The Iowa geological survey may measure the volume of groundwater that is available for various uses, the current and predicted allocations of groundwater to support these uses, the recharge rate for the

aquifers, and the development of models for budgeting this state’s water resources.

3. Notwithstanding subsection 1, the amount appropriated in this section shall not exceed the total amount of interest and earnings on moneys in the groundwater protection fund and accounts therein accrued during the fiscal year beginning July 1, 2026.

DIVISION V  
ENVIRONMENT FIRST FUND — GENERAL APPROPRIATIONS

Sec. 18. DEPARTMENT OF AGRICULTURE AND LAND STEWARDSHIP. There is appropriated from the environment first fund created in section 8.57A to the department of agriculture and land stewardship for the fiscal year beginning July 1, 2026, and ending June 30, 2027, the following amounts, or so much thereof as is necessary, to be used for the purposes designated:

1. CONSERVATION RESERVE ENHANCEMENT PROGRAM (CREP)

a. For the conservation reserve enhancement program to restore and construct wetlands for the purposes of intercepting tile line runoff, reducing nutrient loss, improving water quality, and enhancing agricultural production practices:

..... \$ 1,000,000

b. Not more than 10 percent of the moneys appropriated in paragraph “a” may be used for costs of administration and implementation of soil and water conservation practices.

c. Notwithstanding section 8.57A, subsection 3, or any other provision of law to the contrary, the department may use moneys appropriated in this subsection, in combination with other appropriate environment first fund appropriations, for cost sharing to match United States department of agriculture, natural resources conservation service, wetlands reserve enhancement program (WREP) funding available to Iowa.

2. WATERSHED PROTECTION

a. For continuation of a program that provides multiobjective resource protections for flood control, water quality, erosion control, and natural resource conservation:

..... \$ 900,000

b. Not more than 10 percent of the moneys appropriated in paragraph “a” may be used for costs of administration and implementation of soil and water conservation practices.

3. CONSERVATION BUFFER STRIP PROGRAM

a. To encourage and assist farmers to establish and maintain conservation buffer strip practices and to work with them to enhance their revegetation efforts to improve water quality and habitat:

..... \$ 900,000

b. Not more than 10 percent of the moneys appropriated in paragraph “a” may be used for costs of administration and implementation of soil and water conservation practices.

4. SOIL AND WATER CONSERVATION

a. For use by the department in providing for soil and water conservation:

..... \$ 8,325,000

b. (1) Of the amount appropriated in paragraph “a”, for transfer to the hungry canyons account of the loess hills development and conservation fund created in section 161D.2:

..... \$ 140,000

(2) Not more than 10 percent of the moneys transferred in subparagraph (1) may be used for administrative costs.

c. Of the remaining amount appropriated in paragraph “a”, for use by the department in providing for soil and water conservation administration, the conservation of soil and water resources, or the support of soil and water conservation districts:

..... \$ 8,185,000

d. Of the amount appropriated in paragraph “c” that the department allocates to a soil and water conservation district, the first \$15,000 may be expended by the district for the purpose of providing financial incentives under section 161A.73 to establish management practices for the control of soil erosion on land that is row-cropped, including but not limited to nontill planting, ridge-till planting, and contouring strip-cropping. Of any remaining amount of that appropriation allocated by the department to a district, 30 percent may be expended by the district for that same purpose.

e. Not more than 5 percent of the moneys appropriated in paragraph “c” may be

allocated for cost sharing to address complaints filed under section 161A.47.

f. Of the moneys appropriated in paragraph “c”, 5 percent shall be allocated for financial incentives to establish practices to protect watersheds above publicly owned lakes of the state from soil erosion and sediment as provided in section 161A.73.

g. The department’s division of soil conservation and water quality may allocate moneys appropriated in paragraph “c” to conduct research and demonstration projects to promote conservation tillage and nonpoint source pollution control practices.

h. The allocation of moneys as financial incentives as provided in section 161A.73 may be used in combination with moneys allocated by the department of natural resources.

i. Not more than 15 percent of the moneys appropriated in paragraph “c” may be used for costs of administration and implementation of soil and water conservation practices.

5. SOIL AND WATER CONSERVATION — ADMINISTRATION

a. For use by the department for costs of administration and implementation of soil and water conservation practices:

..... \$ 3,800,000

b. Of the moneys appropriated in paragraph “a”, \$150,000 is allocated to support field staff providing technical assistance.

Sec. 19. DEPARTMENT OF NATURAL RESOURCES. There is appropriated from the environment first fund created in section 8.57A to the department of natural resources for the fiscal year beginning July 1, 2026, and ending June 30, 2027, the following amounts, or so much thereof as is necessary, to be used for the purposes designated:

1. STATE PARK MAINTENANCE AND OPERATIONS

For regular maintenance and operations of state parks and staff time associated with these activities:

..... \$ 6,235,000

2. GEOGRAPHIC INFORMATION SYSTEM (GIS)

To provide local watershed managers with geographic information system data for their use in developing, monitoring, and displaying results of their watershed work:

..... \$ 195,000

3. WATER QUALITY MONITORING

For continuing the establishment and operation of water quality monitoring stations:

..... \$ 2,955,000

4. PUBLIC WATER SUPPLY SYSTEM ACCOUNT

For deposit in the public water supply system account of the water quality protection fund created in section 455B.183A:

..... \$ 500,000

5. REGULATION OF ANIMAL FEEDING OPERATIONS

For the regulation of animal feeding operations, including as provided for in chapters 459, 459A, and 459B:

..... \$ 1,320,000

6. FLOODPLAIN MANAGEMENT AND DAM SAFETY

For supporting floodplain management and dam safety:

..... \$ 375,000

7. AMBIENT AIR QUALITY

For the abatement, control, and prevention of ambient air pollution in this state, including measures as necessary to assure attainment and maintenance of ambient air quality standards from particulate matter:

..... \$ 425,000

Sec. 20. STATE UNIVERSITY OF IOWA — IOWA GEOLOGICAL SURVEY. There is appropriated from the environment first fund created in section 8.57A to the state university of Iowa for the fiscal year beginning July 1, 2026, and ending June 30, 2027, the following amounts, or so much thereof as is necessary, to be used for the purposes designated:

1. IOWA GEOLOGICAL SURVEY OPERATIONS

For purposes of supporting the operations of the Iowa geological survey of the state, including but not limited to providing analysis; data maintenance, collection, and

compilation; investigative programs; and information for water supply development and protection:

..... \$ 200,000

2. WATER RESOURCE MANAGEMENT

For purposes of supporting the Iowa geological survey in measuring, assessing, and evaluating the quantity of water sources in this state and assisting the department of natural resources in regulating water quantity as provided in chapter 455B, subchapter III, part 4, pursuant to sections 455B.262B and 456.14:

..... \$ 495,000

Sec. 21. REVERSION.

1. a. Except as provided in paragraph “b”, and notwithstanding section 8.33, moneys appropriated for the fiscal year beginning July 1, 2026, in this division of this Act that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the purposes designated until the close of the succeeding fiscal year, or until the project for which the appropriation was made is completed, whichever is earlier.

b. Notwithstanding section 8.33, moneys appropriated for the fiscal year beginning July 1, 2026, in this division of this Act to the department of agriculture and land stewardship to provide financial assistance for the establishment of permanent soil and water conservation practices that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the purposes designated until the close of the fiscal year beginning July 1, 2029.

2. Subsection 1 does not apply to moneys transferred pursuant to this division of this Act to the loess hills development and conservation fund created in section 161D.2, which shall not revert as provided in that section.

DIVISION VI  
ENVIRONMENT FIRST FUND — SPECIAL APPROPRIATIONS

Sec. 22. WATER QUALITY INITIATIVE — DEPARTMENT OF AGRICULTURE AND LAND STEWARDSHIP.

1. There is appropriated from the environment first fund created in section 8.57A to the department of agriculture and land stewardship for the fiscal year beginning July 1, 2026, and ending June 30, 2027, the following amount, or so much thereof as is necessary, to be used for the purposes designated:

For deposit in the water quality initiative fund created in section 466B.45, for purposes of supporting the water quality initiative administered by the division of soil conservation and water quality as provided in section 466B.42, including salaries, support, maintenance, and miscellaneous purposes:

..... \$ 2,375,000

2. a. The moneys appropriated in subsection 1 shall be used to support projects in subwatersheds as designated by the division that are part of high-priority watersheds identified by the water resources coordinating council established pursuant to section 466B.3.

b. The moneys appropriated in subsection 1 shall be used to support projects in watersheds generally, including regional watersheds, as designated by the division and high-priority watersheds identified by the water resources coordinating council established pursuant to section 466B.3.

3. In supporting projects in subwatersheds and watersheds as provided in subsection 2, all of the following apply:

a. The demonstration projects shall utilize water quality practices as described in the Iowa nutrient reduction strategy as defined in section 455B.171.

b. The division shall implement demonstration projects as provided in paragraph “a” by providing for participation by persons who hold a legal interest in agricultural land used in farming. To every extent practical, the division shall provide for collaborative participation by such persons who hold a legal interest in agricultural land located within the same subwatershed.

c. The division shall implement a demonstration project on a cost-share basis as determined by the division. However, except for edge-of-field practices, the state’s share of the amount shall not exceed 50 percent of the estimated cost of establishing the practice as determined by the division or 50 percent of the actual cost of establishing the practice, whichever is less.

d. The demonstration projects shall be used to educate other persons about the feasibility and value of establishing similar water quality practices. The division shall promote field day events for purposes of allowing interested persons to establish water quality practices on their agricultural land.

e. The division shall conduct water quality evaluations within supported subwatersheds. Within a reasonable period after accumulating information from such evaluations, the division shall create an aggregated database of water quality practices. Any information identifying a person holding a legal interest in agricultural land or specific agricultural land shall be a confidential record under section 22.7.

4. The moneys appropriated in subsection 1 shall be used to support education and outreach in a manner that encourages persons who hold a legal interest in agricultural land used for farming to implement water quality practices, including the establishment of such practices in watersheds generally, and not limited to subwatersheds or high-priority watersheds.

5. The moneys appropriated in subsection 1 may be used to contract with persons to coordinate the implementation of efforts provided in this section.

6. The moneys appropriated in subsection 1 may be used by the department to support urban soil and water conservation efforts, which may include but are not limited to management practices related to bioretention, landscaping, the use of permeable or pervious pavement, and soil quality restoration. The moneys shall be allocated on a cost-share basis as provided in chapter 161A.

7. Notwithstanding any other provision of law to the contrary, the department may use moneys appropriated in subsection 1 to carry out the provisions of this section on a cost-share basis in combination with other moneys available to the department from a state or federal source.

8. Not more than 10 percent of the moneys appropriated in this section may be used to pay for the costs of administering and implementing the water quality initiative by the department’s division of soil conservation and water quality as provided in section 466B.42 and this section.
