27 shall be the duty of teachers in said districts to attend said lectures
28 and the county superintendent shall issue a certificate of attendance
29 showing number of lectures attended as provided by this section.
30 To defray the expenses of said teachers' institutes, in addition to
31 the fifty dollars received annually from the state and one-half of all
32 examination fees collected in the county, one hundred fifty dollars from
33 the general county fund shall be available for that purpose in counties
34 having a population of thirty thousand or less, which amount shall be
35 appropriated by the board of supervisors of such county at their Jan-
36uary session in each year, and in counties of over thirty thousand, two
37 hundred dollars shall be thus appropriated for such purpose.
38 No part of the county teachers' institute fund received from the
39 aforesaid sources may be used for any other purpose than to pay
40 instructors, for special supplies needed in order to properly conduct
41 said teachers' institutes, for janitor service, and rent for building in
42 which to conduct said institute if necessary.
43 On the first secular day of each month, the county superintendent
44 shall transmit to the county treasurer all moneys received for exam-
45 ination fees and the state appropriation for institutes, which, together
46 with the county appropriation, shall be designated as the county teach-
47 ers' institute fund; he shall also report monthly the names of all appli-
48 cants for teachers' certificates to the county auditor. All disburse-
49 ments of the institute fund shall be by warrants drawn by the county
50 auditor, who shall draw said warrants upon the written order of the
51 county superintendent, and said written order must be accompanied
52 by an itemized bill for services rendered or expenses incurred in con-
53 nection with the institute, which bill must be signed and sworn to by
54 the party in whose favor the order is made and must be verified by
55 the county superintendent. All said orders and bills shall be kept on
56 file in the auditor's office until the final settlement of the county super-
57 intendent with the board of supervisors at the close of his term of
58 office. No warrant shall be drawn by the auditor in excess of the
59 institute fund then in the county treasury. The county superintendent
60 shall furnish to the county board of supervisors a certified itemized
61 account of the receipts and disbursements of all moneys collected and
62 paid out by him for teachers' institutes and summer schools, which
63 account they shall examine, audit and publish a summary thereof with
64 the proceedings of the regular June meeting of the board. The county
65 superintendent shall report to the board of supervisors on the first of
66 January annually a summary of his official financial transactions for
67 the previous year.
68 County superintendents are hereby authorized by law to conduct
69 from four to six weeks' summer school where it may be deemed advis-
70 able, for the purpose of giving teachers and prospective teachers
71 academic instruction. A fee shall be collected from each attendant
72 sufficient in the aggregate to meet all necessary expenses for the
73 support of said summer school. The fee so collected shall be paid into
74 the county institute fund and a list of the names of all attendants
75 shall be filed with the county auditor. Warrants for the purpose of
76 paying instructors employed in summer schools shall be drawn by the
77 county auditor, who shall draw said warrant upon written order of the
78 county superintendent, and said written order must be accompanied
79 by a certified itemized bill for services rendered or expenses incurred
80 in connection with said summer school, but no warrant shall be issued
in excess of the fees received from the summer school and deposited
with the county treasurer.

2 annually in the normal institute the elements of vocal music.
[S., '13, § 2823-t.]

SEC. 2503. Reports.
1 The county superintendent shall annually, on the last Tuesday in
2 August, make a report to the superintendent of public instruction,
3 giving a full abstract of the several reports made to him by the secre-
taries and treasurers of school boards, stating the manner in and

6 physiology and hygiene are observed, and such other matters as he
7 may be directed by the state superintendent to include therein, or he
8 may think important in showing the actual condition of the schools in
9 his county. At the same time, he shall file with the county auditor a
10 statement of the number of persons of school age in each school town-
11 ship and independent district in the county. He shall also report, as
12 provided by law, to the superintendent of the college for the blind,
13 the name, age, residence and postoffice address of every person, resi-
dent of the county, so blind as to be unable to acquire an education in
15 the common schools; to the superintendent of the institution for the
16 deaf and dumb, with the same detail, all persons of school age whose
17 faculties in respect to hearing or speaking are so deficient as to pre-
18 vent them from acquiring an education in such schools; and to the
19 institution for the feeble minded, all persons of like age who, because
20 of mental defects, are entitled to admission therein.

SEC. 2504. Enforcing laws.
1 The county superintendent shall see that all provisions of the
2 school law, so far as it relates to the schools or school officers within
3 his county, are observed and enforced, especially those relating to the
4 fencing of schoolhouse grounds with barb wire, and the introduction
5 and teaching of such divisions of physiology and hygiene as relate to
6 the effects of alcohol, stimulants and narcotics upon the human sys-
tem, and those relating to compulsory attendance of pupils within
8 the ages prescribed therein, and those relating to the exclusive use
9 of the English language in the schools of his county as prescribed by
10 law; and to this end he may require the assistance of the county attor-
11 ney, who shall at his request bring any action necessary to enforce the
12 law or recover penalties incurred.
[C., '97, § 2740; 38 G. A., ch. 340, § 1.]

SEC. 2505. Penalty.
1 Should he fail to make the report herein required of him to
2 the superintendent of public instruction or the county auditor, he
3 shall forfeit to the school fund of his county the sum of fifty dollars,
4 to be recovered in an action brought by the county for the use of the
school fund, and in addition shall be liable for all damages occasioned thereby.

Any increase in salaries provided for in this section shall not apply after June thirtieth, nineteen hundred twenty-one.

[R., '60, § 2074; C., '73, § 1776; C., '97, § 2742; S., '13, § 2742; 38 G. A., ch. 293, § 6.]

CHAPTER 19.
SCHOOL DISTRICTS.

SECTION 2507. School districts—corporate powers.

Each school district now existing shall continue a body politic as a school corporation, unless hereafter changed as provided by law, and as such may sue and be sued, hold property, and exercise all the powers granted by law, and shall have exclusive jurisdiction in all school matters over the territory therein contained.

[C., '51, § 1108; R., '60, §§ 2022, 2026; C., '73, §§ 1713, 1716; C., '97, § 2743.]

SEC. 2508. Names.

District townships now existing shall hereafter be called school townships, subdivisions of which shall be called subdistricts. School corporations shall be designated as follows: the school township of (naming civil township), in the county of (naming county), state of Iowa; or, the independent school district of (naming city, town, or village), and if there are two or more districts therein, including some appropriate name or number), in the county of (naming county), state of Iowa; or, the rural independent school district of (some appro-
SEC. 2509. Directors.

The affairs of each school corporation shall be conducted by a board of directors, the members of which in all independent school districts shall be chosen for a term of three years, and in all subdistricts of school townships for a term of one year.

SEC. 2510. Division of school township into subdistricts.

The board of any school township may, by a vote of a majority of all the members thereof, at the regular meeting in July, or at any special meeting called thereafter for that purpose, divide the school township into subdistricts such as justice, equity and the interests of the people require, and may make such alterations of the boundaries of subdistricts heretofore formed as may be deemed necessary, and shall designate such subdistricts and all subsequent alterations in a distinct and legible manner upon a plat of the school township provided for that purpose, and shall cause a written description of the same to be recorded in the records of the school township, a copy of which shall be delivered by the secretary to the county treasurer and also to the county auditor, who shall record the same in his office. The boundaries of subdistricts shall conform to the lines of congressional divisions of land, and the formation or alteration of subdistricts as contemplated in this section shall not take effect until the first Monday in March thereafter, at which time a director shall be elected for any subdistrict newly formed.

SEC. 2511. New township.

When a new civil township is formed, the same shall constitute a school township, which shall go into effect on the first Monday in March following the completed organization of the civil township. The notices of the first meeting shall be given by the county superintendent, and at such meeting a board of three directors shall be chosen.

SEC. 2512. Attaching territory to adjoining corporation.

In any case where, by reason of natural obstacles, any portion of the inhabitants of any school corporation in the opinion of the county superintendent can not with reasonable facility attend school in their own corporation, he shall, by a written order, in duplicate, attach the part thus affected to an adjoining school corporation, the board of the same consenting thereto, one copy of which order shall be at once transmitted to the secretary of each corporation affected thereby, who shall record the same and make the proper designation on the plat of the corporation. Township or county lines shall not be a bar to the operation of this section.
SEC. 2513. Restoration.
Where territory has been or may hereafter be set off to an adjoining school township in the same or another county, or attached for school purposes to an independent district so situated, it may be restored to the territory to which it geographically belongs upon the concurrence of the respective boards of directors, and shall be so restored by said boards upon the written application of two-thirds of the electors residing upon the territory so set off or attached, together with a concurrence of the county superintendent and the board of the school corporation which is to receive back the territory. [C., '73, § 1798; C., '97, § 2792.]

SEC. 2514. Boundary lines changed.
The boundary lines of contiguous school corporations may be changed by the concurrent action of the respective boards of directors at their regular meetings in July, or at special meetings thereafter, called for that purpose. The corporation from which territory is detached shall, after the change, contain not less than four government sections of land, and its boundary lines must conform to the lines of congressional divisions of land. In the same manner, the boundary lines of contiguous school corporations may be so changed that one corporation shall be included in and consolidated with the other as a single corporation. When boundary lines are changed by concurrent action, school districts affected thereby shall not be required to elect new boards of directors, and the boards then in office may make final settlement of all assets and liabilities as provided in section twenty-five hundred sixteen, and in case of a consolidation of districts under this section the officers and members of the board of directors of the independent district having the larger number of inhabitants, shall continue to be the officers and directors of the independent district as consolidated for the period for which such officers and directors were elected. [C., '97, § 2793; S., '13, § 2793; 38 G. A., ch. 113, § 1.]

SEC. 2515. Corporation limits changed.
When the boundary line between a school township and an independent city or town district is not also the line between civil townships, such boundary may be changed at any time by the concurrence of the boards of directors; but in no case shall a forty-acre tract of land, by the government survey, be divided; and such subdivisions shall be excluded or included as entire forties. The boundaries of the school township or the independent district may in the same manner be extended to the line between civil townships, even though by such change one of the districts shall be included within and consolidated with the other as a single district. When the corporate limits of any city or town are extended outside the existing independent district or districts, the boundaries of said independent district or districts shall be also correspondingly extended. But in no case shall the boundaries of an independent district be affected by the reduction of the corporate limits of a city or town. [S., '13, § 2793-a.]
SEC. 2516. Changes of boundaries—division of assets and liabilities.

When any changes are made in the boundaries of any school corporations the new corporation shall elect a board of directors in accordance with the new boundaries, and such new boards shall organize as provided in section twenty-five hundred forty-eight. The boards of directors in office at the time the changes are made in the boundaries of the school corporations shall continue to act until the boards of directors representing the newly formed districts have been duly organized, whereupon the new boards shall make an equitable division of all assets and liabilities of the corporations affected; and, if they can not agree, the matters upon which they differ shall be decided by disinterested arbitrators, one selected by each board having an interest therein, and if the number thus selected is even then one shall be added by the county superintendent, and the decision of the arbitrators shall be made in writing, either party having the right to appeal therefrom to the district court.

[C., '73, § 1715; C., '97, § 2802; S., '13, § 2802.]

SEC. 2517. Formation of independent district.

Upon the written petition of any ten voters of a city, town or village of over one hundred residents, to the board of the school corporation in which the portion of the town plat having the largest number of voters is situated, such board shall establish the boundaries of a proposed independent district, including therein all of the city, town or village, and also such contiguous territory as is authorized by a written petition of a majority of the resident electors of the contiguous territory proposed to be included in said district, in not smaller subdivisions than entire forty's of land, in the same or any adjoining school corporations, as may best subserve the convenience of the people for school purposes, and shall give the same notices of a meeting as required in other cases, at which meeting all voters upon the territory included within the contemplated independent district shall be allowed to vote by ballot for or against such separate organization. When it is proposed to include territory outside the town, city or village, the voters residing upon such outside territory shall be entitled to vote separately upon the proposition for the formation of such new district, by presenting a petition of at least twenty-five per cent of the voters residing upon such outside territory, and if a majority of the votes so cast is against including such outside territory, then the proposed independent district shall not be formed, provided that a subdistrict containing a village with a population of seventy-five or more, may, under the provisions of this section, organize into an independent school district.

[R., '60, §§ 2097, 2105; C., '73, §§ 1800, 1801; C., '97, § 2794; S. S., '15, § 2794.]

SEC. 2518. Organization.

If the proposition to establish an independent district carries, then the same board shall give the usual notice for a meeting to choose a board of directors. Two directors shall be chosen to serve until the next annual meeting, two until the second, and one until the third annual meeting thereafter. The board shall organize by the election of officers in the usual manner.

[R., '60, §§ 2099, 2100, 2106; C., '73, § 1802; C., '97, § 2795.]
SEC. 2519. Taxes certified and levied.

The organization of such independent district shall be effected on or before the first day of August of the year in which it is attempted, and, when completed, all taxes certified for the school township or townships of which the independent district formed a part shall be void so far as the property within the limits of the independent district is concerned, and the board of such independent district shall fix the amount of all necessary taxes for school purposes, including schoolhouse taxes, at a meeting called for such purpose at any time before the third Monday of August, which shall be certified to the board of supervisors on or before the first Monday of September, and it shall levy said tax at the same time and in the same manner that other school taxes are required to be levied.

[C., '73, § 1804; C., '97, § 2796.]

SEC. 2520. Rural independent districts.

At any time before the first day of August, upon the written request of one-third of the legal voters in each subdistrict of any school township, the board shall call a meeting of the voters of the subdistrict, giving at least thirty days' notice thereof by posting three notices in each subdistrict in each school township, at which meeting the voters shall vote by ballot for or against rural independent district organization. If a majority of the votes cast in each subdistrict shall be favorable to such independent organization, then each subdistrict shall become a rural independent district, and the board of the school township shall then call a meeting in each rural independent district for the choice of three directors, to serve one, two and three years, respectively, and the organization of the said rural independent district shall be completed.

[C., '97, § 2797.]

SEC. 2521. Rural independent districts united into school township.

A township which has been divided into rural independent districts may be erected into a school township by a vote of the electors residing in such civil township. Upon presentation of such written request to the township trustees, they shall call a meeting of the electors at the usual place or places of holding the township election, upon giving at least ten days' notice thereof by posting three written notices in each rural independent district in the township, and by publication in a newspaper, if one be published in such township, at which meeting the said electors shall vote by ballot for or against a school township organization. If a majority of the votes cast at such election be in favor of such organization, each rural independent district shall become a subdistrict of the school township, and shall organize as such on the first Monday in March following by the election of a director, notice of which shall be given as in other cases by the secretary of each of the rural independent districts, and the directors so elected shall organize as a board of directors of the school township on the first day of July following, unless that date falls on Sunday, in which case on the day following.

[C., '73, §§ 1815-1820; C., '97, § 2800; S., '13, § 2800.]
SEC. 2522. Subdivision of independent districts.

Independent districts may subdivide for the purpose of forming two or more independent districts, or have territory detached to be annexed with other territory in the formation of an independent district or districts, the board of directors of the original independent districts to establish the boundaries of the districts thus formed, such new districts to contain not less than four government sections of land each; but in case a stream or other obstacle shall debar a number of children of school privileges, an independent district may be thus organized containing less territory; or, if such new district shall include within its territory a town or village with not less than one hundred inhabitants, it may in like manner be made up of less territory; but in neither case shall the new district contain less than two government sections of land, nor be organized except on a majority vote of the electors of each proposed district, and the proceedings for such subdivision shall in all respects be like those provided in the section relating to organizing cities and towns into independent districts, so far as applicable.

[C., '97, § 2798.]

SEC. 2523. Uniting independent districts.

Independent districts located contiguous to each other may unite and form one and the same independent district in the manner following: At the written request of any ten legal voters residing in each of said independent districts, or, if there be not ten, then a majority of such voters, their respective boards of directors shall require their secretaries to give at least ten days' notice of the time and place for a meeting of the electors residing in each of such districts, by posting written notices in at least five public places in each of said districts, at which meeting the electors shall vote by ballot for or against a consolidated organization of said independent districts, and, if a majority of the votes cast at the election in each district shall be in favor of uniting said districts, the secretaries shall give similar notice of a meeting of the electors as provided for by law for the organization of independent districts, including cities and towns.

[C., '73, § 1811; C., '97, § 2799.]

1. Organization—petition—election—board of directors. When a petition describing the boundaries of contiguous territory containing not less than sixteen sections, within one or more counties, asking for the establishment of a consolidated independent school district and signed by one-third of the qualified voters residing therein, is filed with the county superintendent of the county in which the largest number of qualified voters in the proposed district reside, he shall within ten days give public notice of the place and date when all objections shall be filed. Such petition shall be accompanied by an affidavit showing the number of qualified voters in the proposed consolidated district, and in case such district is in two or more counties such affidavit shall show separately, as to each county, the number of qualified voters in the part of each county included in the proposed district. Such affidavit shall be made by some qualified voter residing in the voters in the part of each county included in the proposed district, and shall be taken as true, unless objections are
§ 2524. SCHOOL DISTRICTS. Tit. X, Ch. 19.

16 filed to it prior to the final decision on said petition. All notices under this paragraph shall be by one publication in a newspaper published within the proposed district, or, if there be none, then in a newspaper having general circulation within the proposed consolidated district, which publications shall be made not less than five days nor more than fifteen days prior to the hearing or election to which they refer. Objections may be made by any person residing upon or owning land within such proposed boundaries, or who would be injuriously affected by the formation of the proposed district, and shall be on file not later than twelve o'clock noon of the day fixed for receiving objections.

Within five days after such filings the county superintendent shall review all papers filed in his office and after careful review and investigation of their merits shall overrule or sustain the objections filed and fix and determine the boundary lines of the proposed consolidated district. In determining these boundaries he shall so locate the boundary lines as will in his judgment form the best possible consolidated district, having due regard also to the welfare of adjoining districts. He shall also notify at once all objectors by registered letter of his decision. Any person having filed objections and being aggrieved by the ruling of the county superintendent, may appeal from his decision to the county board of education within ten days after the decision is rendered, by serving written notice on the said county superintendent. Within five days after said notice has been received, the county superintendent shall file with the county board of education all of the original papers, together with his decision, and fix the time and place where such appeal will be heard, and shall give notice to appellants by registered letter as heretofore provided. The time fixed for such hearing shall be not less than ten nor more than fifteen days from the date his decision is rendered. The county board of education shall determine such appeal within five days after the submission thereof, which decision shall be final as to said boundaries. If no objections be filed or if the objections be not sustained, it shall be the duty of the county superintendent with whom said petition has been filed to call an election in the proposed consolidated district, legal notice of which shall be given as hereinbefore provided. At the election all qualified voters residing in the proposed consolidated district shall be entitled to vote by ballot for or against the establishment thereof. When it is proposed to include in such district a school corporation containing a city, town or village with a population of two hundred or more inhabitants, the voters residing upon the territory outside the limits of the said school corporation shall vote separately upon the proposition to create such new district. The judges of said election shall provide separate ballot boxes in which shall be deposited the votes cast by the qualified voters from their respective territory, and if a majority of the votes cast by the qualified voters residing either within or without the limits of the aforesaid school corporation is against the proposition to form a consolidated independent corporation, then the proposed corporation shall not be formed. If a majority of the votes so cast in each territory shall be in favor of such independent organization, the organization of the proposed consolidated independent school corporation shall be completed by the election of a board of directors for said school corporation. Said election shall be called by the same county superintendent and by giving the same notice as provided for the calling of the election to establish said consolidated independent district. At such election two directors shall be chosen to serve until the next annual meeting, two until the
second, and one until the third annual meeting thereafter. It is further provided that when a consolidated independent district is so organized it shall not be reduced to less than sixteen sections unless dissolved as provided by law. No remaining portion of any school corporation from which territory is taken to form such a consolidated independent corporation shall, after the change, contain less than four government sections, which territory shall be contiguous and so situated as to form a suitable corporation. In the formation of such consolidated school corporation the boundary lines shall conform to those of school corporations or subdistricts already established; provided, however, that the county board of education, on hearing, may fix other boundaries than herein prescribed, when, because of meandering streams, irregular boundaries of existing subdistricts, or school corporations, or the location of highways, the welfare of the consolidated district and adjoining districts may be better served. In case the boundary of such subdistricts be a public highway, then the said consolidated district may include such tracts of one hundred sixty acres or less as are contiguous to the said highway. And where, after the formation of such consolidated school corporation, there is left in any school township one or more pieces of territory containing four or more government sections, each of such pieces of territory shall thereby become a rural independent school corporation, unless two or more subdistricts remain in a contiguous body, in which event such remaining portion of territory shall constitute a school township, and it shall be the duty of the officers of the former school township to call an election in each of such remaining pieces of territory for the purpose of electing school officers in the manner provided by law for the election of officers in rural independent school and school township corporations. The judges of the elections herein provided for shall be appointed by the county superintendent with whom the petition was filed. Such judges shall be qualified voters of the territory or district in which they are to serve. If any judge fails to appear at the proper time, his place shall be filled by the judge or judges present. In all cases in which, at the time of the taking effect of this act [38 G. A., ch. 277], proceedings for the formation of a consolidated independent school district had been commenced but not completed, the formation of such districts may be completed under the provisions of the law in force prior to the passage of this act [38 G. A., ch. 277], except that all elections hereafter held in such cases shall be held under the provisions of this act [38 G. A., ch. 277].

And in all cases in which proceedings have been instituted to organize a consolidated independent school district under the provisions of section twenty-seven hundred ninety-four-a, supplemental supplement to the code, nineteen hundred fifteen, as amended by chapter four hundred thirty-two of the acts of the thirty-seventh general assembly, and an election has been held at which there has been submitted the question of forming a consolidated independent school district, and a majority of the votes cast have been in favor of the formation of such district, and such district has been organized by the election of a board of directors, the formation and organization of such district is hereby legalized.

2. Organization of board—taxes previously certified—levy for general fund. The organization of the school board in consolidated independent school corporations shall be effected on or before the first day of July following their election, and when completed, all taxes previously certified shall be void so far as the property within
§ 2524. 
SCHOOL DISTRICTS. Tit. X, Ch. 19.

128 the limits of the consolidated independent school corporation is con-
129 cerned, and the board of said consolidated independent school cor-
130 poration shall at a regular meeting, or a special meeting called for
131 the purpose, at any time prior to the third Monday in August of each
132 year, levy for the general fund of said school the amount of all neces-
133 sary taxes for all school purposes, which shall not exceed sixty-five
134 dollars for each person of school age, except that where an approved
135 high school course is maintained in such school the levy may be
136 eighty dollars for each person of school age, the amount so levied to
137 be certified by them to the county board of supervisors on or before
138 the first Monday of September in each year, and the board of super-
139 visors shall levy said tax at the same time, and in the same manner
140 that other school taxes are required to be levied.

3. Central school—transportation. It shall be the duty of the
141 school board of any consolidated independent school corporation and
142 school townships maintaining a central school to provide suitable
143 transportation to and from school, for every child of school age living
144 within said district, and outside the limits of any city, town or vil-
145 lage, but the board shall not be required to cause the vehicle of trans-
146 portation to leave the public highway to receive or discharge occu-
147 pants thereof. The board shall from time to time, by resolution
148 regularly adopted, number and designate the route to be traveled by
149 each conveyance in transporting children to and from school. The
150 school board may require that children living an unreasonable dis-
151 tance from school shall be transported by the parent, or guardian,
152 a distance of not to exceed two miles, to connect with any vehicle of
153 transportation to and from school; or may, in the discretion of the
154 board, contract with an adjoining school corporation for the instruc-
155 tion of any child living an unreasonable distance from school, and
156 they shall allow a reasonable amount of compensation for the trans-
157 portation of children to and from the point where they are taken
158 over, or discharged from, the vehicle used to convey them to and
159 from school, or for transporting to an adjoining district. In deter-
160 mining what an unreasonable distance would be, consideration shall
161 be given to the number and age of the children, the condition of the
162 roads, and the number of miles to be traveled in going to and from
163 school. The board shall have the right on account of inclemency of
164 the weather to suspend the transportation of any route upon any
165 day or days when in the judgment of the said board it would be a
166 hardship on the children, or when the roads to be traveled are unfit
167 or impassable.

4. Contracts for transportation—rules and regulations. The
170 school board of any consolidated independent school corporation shall
171 contract with as many suitable persons as they deem necessary for
172 the transportation of children of school age to and from school, such

It shall be the duty of the member of the school board residing in said district to make the showing referred to herein, or any resident of said district may, upon his own motion, make said showing. Every school shall be free of tuition to all actual residents between the ages of five and twenty-one years, and to resident honorably discharged soldiers, sailors, and marines as many months after becoming twenty-one years of age as they have spent in the military and naval service of the United States before they became twenty-one, and each school regularly established shall continue for at least thirty-two weeks of five school days each in each school year commencing the first of July. Any school corporation in which there was organized and founded, prior to the year nineteen hundred two, a university with buildings erected which could be used for public school purposes, and said university did, prior to the year nineteen hundred fourteen, abandon said school and place its property upon the market, and the same is now owned by a church organization, said school corporation may purchase said land and buildings where the same are located in a city of the first class; provided the owner of said land and buildings and the school corporation can agree as to the terms of sale and purchase price thereof. Said lands and buildings, when so purchased, may be used for grade or high school purposes, schoolhouse site or sites, playgrounds, athletic field, demonstration grounds, agricultural experiment grounds and other educational or school purposes.

SEC. 2642. Condemnation—procedure.

If the owner of any of the real estate desired for a schoolhouse site or sites, or a public road thereto, or for school playgrounds or other purposes for which any school corporation is, or may be, authorized to take and hold real estate, refuses or neglects to convey the same, or is deceased, or is unknown or can not be found, or if in the judgment of the board of directors of said school corporation they can not agree with such owner, the county superintendent of the county in which said school corporation is located shall, upon the application of either party in interest, appoint three freeholders of said county, not interested in the same or a like question, as referees, who shall take and subscribe an oath to the effect that they will faithfully and impartially discharge the duties laid upon them. The county superintendent shall give notice of the time and place of making the assessments of damages to the owner of such real estate as shown by the transfer books in the office of the county auditor of such county, and to the person in possession thereof; or, if such owner as so shown by such transfer books is deceased, then such notice shall be given to the person or persons in possession of such real estate and to the owners of the beneficial interest therein, such notice in either event to be given for the same length of time and in the same manner as for the commencement of actions in the district court. Such referees shall inspect the grounds proposed to be taken, fix the damage sustained as near as may be on the basis of the value of the real estate so appropriated, and report in writing to the county superintendent their doings and findings, which report shall be filed and preserved in his office; and upon the amount found by the referees being deposited with the county treasurer, for the use of such owner or owners, possession may at once be taken of such real estate and the necessary buildings erected and occupied. orders and societies, and for election purposes; such use to be for such

said board for the proper protection of the schoolhouse and the prop-
erty belonging therein, including that of pupils. Any compensation
for such use shall be paid into the general fund and be expended
in the upkeep and repair of such school property, and in purchasing
supplies therefor; provided, however, that if at any time the voters
of such corporation at any annual meeting forbid such use of any such
schoolhouse or grounds, the board shall not thereafter permit such
use until the said action of such voters shall have been rescinded by
the voters at an annual meeting, or at a special meeting called for

10 other person upon the payment of the appraised value, or at public

SECTION 2650. School taxes—transportation fund—contract for use of library.
1 The board of each school corporation shall at its regular meeting in July, or at a special meeting called for that purpose between the time designated for such regular meeting and the third Monday in August, estimate the amount required for the general fund, not exceeding sixty dollars for each pupil of school age, but each school corporation may estimate not to exceed six hundred fifty dollars for each school thereof, and such additional sum as may be necessary not exceeding five dollars for each person of school age for transporting children to and from school; also such additional sum as may be authorized in section twenty-six hundred ninety-five. School corporations containing territory in adjoining counties may vote and estimate all taxes for school purposes in mills. The board shall apportion any tax voted by the annual meeting for schoolhouse fund among the several subdistricts in such a manner as justice and equity may require, taking as the basis of such apportionment the respective amounts previously levied upon said subdistricts for the use of such fund. The board of directors of any school corporation in which there is no free public library shall have power to contract with any free public library for the free use of such library by the residents of such school district as provided in section thirty-seven hundred fifty-two and to pay such library the amount agreed therefor, and to certify annually a tax not exceeding one mill on the dollar of the taxable property of such district, to be used exclusively therefor; and during the existence of such contract a tax sufficient to pay such library the consideration agreed upon, not exceeding one mill on the dollar, shall be certified annually by such board. He shall also keep the amount of tax levied for schoolhouse purposes separate in each subdistrict where such levy has been made directly upon the property of the subdistrict, and shall pay over the same quarterly to the treasurer of the school township for the benefit of such subdistrict.

If not presented for payment or redemption within thirty days after the date of such notice, the interest on such bonds shall cease and the amount due thereon shall be set aside for its payment whenever it is presented. SEC. 2712. Sale without appraisement.

When the board of supervisors of any county has once offered for sale any school lands in compliance with the requirements of this chapter, and they remain unsold, and it is unable to obtain therefor the appraised value thereof, and in the opinion of said board it is for the best interests of the school fund that the same be sold for a less price, it may instruct the auditor to transmit to the secretary of state a certified copy of its proceedings in relation to the order of sale thereof and subsequent proceedings in relation thereto, including the action of the township trustees, and the price per acre at which the land had been appraised, which transcript the secretary of state shall submit to the executive council; and if it approves of a sale at a less sum it shall certify such approval to the auditor of the county from which said transcript came, which certificate shall be transcribed in the minute book of the board of supervisors, and thereupon said land may
§§ 2713-2715. SCHOOL FUNDS. Tit. X, Ch. 34.

When lands are sold upon a partial credit, the contract therefor shall be at once reduced to writing, signed by the proper parties, recorded in the county where the land is situated, and immediately thereafter filed in the office of the county auditor. Any purchaser or his assigns may at any time pay the full amount for lands with accrued interest, and receive from the county auditor a certificate of purchase, which shall be at once transmitted to the state land office, and will entitle the holder to a patent for the lands, to be issued by the governor. All school lands sold in pursuance of law shall be subject to taxation from and after the execution and delivery of a contract of purchase. All sales made, where the full price is not paid, shall be subject to the law relative to the prevention or punishment of waste, and in all such cases the township trustees in each township are charged with the duty of preventing the commission of waste upon any school lands lying in their township, and, if attempted, they shall apply by petition for an injunction to stay the same, and if granted the writ shall issue without bond, and the court issuing it may make such order in the premises as shall be equitable and best calculated to prevent threatened injury, and may adjudge damages for any injury done, the costs to abide the event of the action, and the damages adjudged shall be paid to the county treasurer and become a part of the permanent school fund.

SEC. 2714. Sale of lands bid in.

When lands have been sold and bid in by the state in behalf of the school fund upon a judgment in favor of such fund, the land may be sold in like manner as other school lands, and when lands have been conveyed to the counties in which they are situated for the use of the school fund, instead of to the state, such conveyance shall be valid and binding, and upon proper certificates of sales patents shall issue in like manner as in cases where the conveyances were properly made to the state.

[C., '73, § 1850; C., '97, § 2844.]

SEC. 2715. Cash or collateral security.

When, in the judgment of the board of supervisors, any school lands are of such a character that a sale upon partial credit would be unsafe or incompatible with the interest of the school fund, and especially in the case of timbered lands, the board of supervisors may in its discretion exact the whole of the purchase money in advance; or if it sells such land upon a partial credit, as hereinbefore prescribed, it shall require good collateral security for the payment of the part upon which credit is given.

SEC. 2716. Default in interest.

1 In all cases where money is due to the university or school fund, 
2 either for loans or deferred payments of the purchase price of land 
3 sold, the interest shall be made payable on the first day of January of 
4 each year, and if the debtor fails to pay the interest within six months 
5 thereafter, the entire amount of both principal and interest shall be-
6 come due, and in case of the university fund, the treasurer thereof 
7 shall make report of the delinquent to the county attorney of the 
8 county where the debtor resides, or where the real estate given as 
9 security is situated, and in case the delinquent is a purchaser or bor-
10 rower from the school fund, the county auditor shall make a like report 
11 to the county attorney, who shall immediately commence action for the 
12 collection of the amount reported to him as due, and this section, and 
13 each provision thereof, is hereby declared to be a part of every con-
14 tract made by virtue of this chapter, whether expressed therein or not.

SEC. 2717. Losses made good—apportionment of interest.

1 The state auditor shall keep the school fund accounts in books 
2 provided for that purpose, separate and distinct from the revenue 
3 books; he shall audit all losses to the permanent school or university 
4 fund which shall have been occasioned by the defalcation, mismanage-
5 ment or fraud of the agents or officers controlling and managing the 
6 same, and for this purpose shall prescribe such regulations for those 
7 officers as may be necessary to ascertain such losses, and when any 
8 sum not less than one thousand dollars shall be so audited and so be-
9 come a debt of the state to the fund, as provided by the constitution, 
10 he shall issue the bond or bonds of the state in favor of the fund, bear-
11 ing six per cent interest, payable semiannually on the first day of Janu-
12 ary and July after issuance, and the amount to pay the interest as it 
13 becomes due is appropriated out of any funds in the state treasury. 
14 Immediately after making the apportionment in the interest of the 
15 permanent school fund, he shall notify the auditor of each county of 
16 the sum to which his county is entitled, and, if a county has less thereof 
17 than it is entitled to under the apportionment, he shall authorize the 
18 treasurer of any such county to transfer enough of the state revenue 
19 to said fund to cover such deficiency, which notice shall be filed by the 
20 treasurer, and be a sufficient voucher for the amount so transferred. 
21 If a county has an excess of such interest above the amount appor-
22 tioned to it, the notice shall direct the treasurer to transfer the excess 
23 to the state revenue and charge it to the interest fund, which notice 
24 shall be by him filed, and be a sufficient voucher therefor, and such 
25 excess shall be paid into the state treasury.

SEC. 2718. Management of funds and lands in each county.

1 The board of supervisors shall hold and manage the securities 
2 given to the school fund in its county, and all judgments and lands be-
3 longing to said fund. It may have any part of the school lands sur-
4 veyed when necessary, and employ the county surveyor therefor, who 
5 shall be paid out of the county treasury upon proof made of the re-
6 quest and performance of the service. All actions for and in behalf 
7 of said fund may be brought in the name of the county for the use of 
8 the school fund, by the county attorney or such other attorney as the
§§ 2719-2720. SCHOOL FUNDS. Tit. X, Ch. 34.

Each county shall be liable for all losses upon loans of the school fund, principal or interest, made in such county, unless the loss was not occasioned by reason of any default of its officers or by taking insufficient or imperfect securities, or from a failure to bid at an execution sale the full amount of the judgment and costs. All claims for exemption from liability on account of losses shall be examined into and adjusted by the state auditor, upon proof submitted to him in writing in behalf of the county within three months after the county auditor shall be advised by the state auditor of his readiness to receive the proof. In the absence of evidence, or if that submitted is insufficient, the loss may be charged against the county and be conclusive, but if found sufficient, the state auditor shall present the facts in his report to the next general assembly.

[R., '60, § 1980; C., '73, §§ 1859, 1860; C., '97, § 2848.]

SEC. 2719. Loans.

The permanent school fund shall be loaned out by the county auditor, as it comes into the hands of the county treasurer, in sums of five thousand dollars or less to one person or company, in case it is found impracticable to keep the whole amount of funds loaned in sums of five hundred dollars or less to one person or company. In the event it can be kept loaned out in sums of five hundred dollars or less to one person or company, then no loan shall exceed five hundred dollars, nor shall a loan of said fund be made to or be carried by the county auditor, treasurer or member of the board of supervisors. Each loan shall be made for at least one and not more than five years, evidenced by promissory notes bearing not less than five per cent per annum, payable annually, and delinquent interest to draw the same rate, to be secured by a mortgage on unincumbered real estate, situated in the county in which the loan is made, and appraised, as hereinafter provided, for at least double the sum borrowed; the appraisement to be made by three persons under oath, selected by the county auditor, who shall not in making the valuation take into consideration the buildings upon the lands, for which service each shall be allowed fifty cents, to be paid by the borrower, who shall also pay for recording the mortgage.

SEC. 2720. Applications—taking up incumbrances.

All applications to borrow from the permanent school fund shall be made to the auditor of the county in which the land is situated which it is proposed to mortgage as security, who shall cause the proper appraisement to be made, and, if satisfactory, shall examine any abstract of title which the proposed borrower may submit, or he may cause an abstract to be prepared at such proposed borrower's expense. If the title is found to be perfect, and the lands unincumbered, he shall certify this fact and submit the application and all the papers connected therewith to the board of supervisors at its next meeting, regular or called, at which meeting the loan shall be approved or disapproved. If the application is accepted, the auditor shall complete the contract by taking a note payable to the county, and a mortgage upon the lands securing the same, and certify the same to the treasurer, who shall pay over to the borrower the amount named in the note, less a fee of two dollars to be paid to the auditor for his services.
The board may reject the application for any good cause. And if it shall happen that a loan is made upon real estate which is in fact incumbered other than for taxes, the board of supervisors may, when necessary for the safety of the loan, appropriate out of any school fund on hand, if such incumbrance does not exceed one-half of the real value of the lands, so much as may be needed to take up and purchase the same, and may also at any meeting, by resolution, assign without recourse, upon payment of the amount due, any school fund note and mortgage to one holding a subsequent lien upon the mortgaged real estate.

SEC. 2721. Loans reported—examination—additional security.

Each loan made, when fully completed, shall be by the auditor reported to the board of supervisors, and a minute of such report shall be entered upon its records, and from time to time, and at least once a year, all loans, with the security given, shall be carefully examined and report made to the board, which examination shall be conducted by a member thereof, or some competent person selected by it. When a report shows that the security in a given case has for any cause depreciated so that it is no longer sufficient, or it appears that there was a prior incumbrance thereon which materially affects the value of the security, the board shall order the debtor to furnish additional security, and fix a reasonable time within which the same shall be given, and if the party so ordered fails to comply therewith for thirty days after service upon him of a copy of the order, the entire debt become due, and an action may be brought to enforce the collection thereof, and these provisions shall enter into and form a part of all contracts of loans, whether incorporated therein in words or not.

SEC. 2722. Renewal—limitation of action.

When a loan has been made, and the borrower desires to renew the same for one or more years, it may be done in the same manner as the loan was made in the first instance, but no new abstract, except a continuation of the same down to the time, nor examination of title prior to the original loan, nor new mortgage, need be given, unless the mortgage is to be given upon other lands. The time of payment, without further security, may be extended in writing, to be recorded as the original security was, and before maturity of the claim, when the board of supervisors for cause shall so order; but such extension of time shall not operate to release any security held, and lapse of time shall in no case be a bar to any action to recover any part of the school fund, nor shall it prevent the introduction of evidence in such an action, any provision in this code to the contrary notwithstanding.

SEC. 2723. Payments—accounts—settlements.

All payments to the school fund upon contracts, or loans of any other nature, shall be made to the treasurer of the county upon a certificate from the auditor showing the amount due; and the auditor shall, when the debt is paid, release any mortgage or issue a certifi-
cate of purchase, as the case may be, and report the same to the board
of supervisors at its next meeting, which report shall be carried into
the records of the board. The auditor shall also keep in his office, in
books to be provided for that purpose, an account to be known as the
“school fund account,” in which a memorandum of all notes, mort-
gages, bonds, money, and assets of every kind and description which
may come into his hands and those of the treasurer shall be entered,
and separate accounts of principal and interest be kept; and the county
treasurer shall keep a like account and record of all school funds
coming into his hands. Settlements of such account shall be made
with the board of supervisors at its January and June sessions, which
settlements shall be recorded with the proceedings of the board.

C., '97, § 2853.]

**SEC. 2724. Suits—attorneys' fees—purchase on execution.**

When outstanding contracts for the sale of school lands or notes
for money of the school fund loaned, or interest thereon, are due, the
auditor shall by mail at once notify the debtor to make payment thereof
within three months. If such debtor shall neglect to comply with
such notice, the auditor shall report the same to the county attorney,
who shall bring an action to recover the same, and an injunction may
issue for cause, without bond when so prayed, and there shall be al-
lowed in the judgment, entered and taxed as a part of the costs in the
case, a reasonable sum as compensation to plaintiff’s attorney, not ex-
ceeding the amount as provided by law for attorneys' fees. Upon a
sale of lands under an execution founded upon a school fund claim or
right, the auditor shall bid such sum as the interests of the fund re-
quire, and, if struck off to the state, it shall be thereafter treated in all
respects the same as other lands belonging to said fund.

[C., '73, §§ 1872-1874; C., '97, § 2854.]

**SEC. 2725. Lands bid in—losses—interest—rents.**

When lands have been bid in by the county for the state under
foreclosure of school fund mortgages and the time for redemption has
expired, a sheriff's deed shall be issued to the state for the use and
benefit of the permanent school fund. The county auditor shall there-
upon notify the auditor of state, who shall give the county credit for
the amount of principal in the original notes remaining unpaid. All
lands hereafter acquired by the state under foreclosure proceedings
shall be resold within two years from date of foreclosure, and all such
lands heretofore acquired shall be resold on or before January first,
nineteen hundred nine. Such lands shall be appraised, advertised and
sold in the manner provided for the appraisement, advertisement and
sale of the sixteenth section or lands selected in lieu thereof. When
a resale is made the county auditor shall notify the auditor of state,
who shall thereupon charge the county with the full amount of the re-
sale, except that when the lands are sold for more than the unpaid por-
tion of the principal, the excess shall be applied to reimburse the
county for the costs of foreclosure and the interest paid by the county
to the state by reason of default of payment of same by the makers of
the notes, previous to the time when the right of redemption has ex-
pired, not, however, to exceed three years. Any excess over and above
the amount of the unpaid portion of the principal, costs of foreclosure
and interest on the principal as above provided, shall inure to the
§§ 2726-2727. School Funds

23 state and be credited to the permanent school fund account. If the
24 lands shall be sold for a less amount than the unpaid portion of the
25 principal, the loss shall be sustained by the county, and the board of
26 supervisors shall at once order the amount of such loss transferred
27 from the general fund of the county to the permanent school fund
28 account. County auditors shall, on or before the first day of January
29 of each year, report to the auditor of state the amount of all sales and
30 resales made during the year previous, of the sixteenth section, five
31 hundred thousand acres grant, escheat estates, and lands taken under
32 foreclosure of school fund mortgages, and the auditor of state shall
33 charge the same to the counties with interest from the date of such
34 sale or resale to January first, at the rate of four and one-half per
35 cent per annum. The auditor of state shall, also, on the first day of
36 January, charge to each county having permanent school funds un-
37 der its control, interest thereon at the rate of four and one-half per
38 cent per annum for the preceding year, or such part thereof as such
39 funds shall have been in the control of the county, which shall be taken
40 as the whole amount of interest due from each county. All interest
41 collected above the four and one-half per cent charged by the state
42 shall be transferred to the general county fund. If any county fails
43 or refuses to collect the amount of interest due the state, the deficiency
44 shall be paid to the state from the general county fund. Any county
45 delinquent in the payment of interest due the state shall be charged
46 one per cent per month on the amount delinquent until paid. County
47 auditors shall, upon the first day of January of each year, report to
48 the auditor of state the amount of rents collected during the preced-
49 ing year on unsold school lands and lands taken under foreclosure of
50 school fund mortgages then in the hands of the county treasurer, and
51 the auditor of state shall include the amount so reported in his semi-
52 annual apportionment of interest.

SEC. 2726. Transfer of funds.

1 When there are funds belonging to the permanent school fund in
2 any county, amounting to one thousand dollars, that can not be loaned,
3 the county auditor may certify the fact to the auditor of state, who
4 shall order a transfer thereof to some other county or counties, where
5 in his opinion it can be loaned. Upon such transfer being made, he
6 shall give the county making the transfer credit for the amount, and
7 shall charge the county or counties to which the transfer is made with
8 the amount transferred, and shall afterwards charge interest on the
9 actual amount in possession of each county.

[C., '73, § 1883; C., '97, § 2856.]

SEC. 2727. Penalty against county auditor.

1 Any county auditor, failing or neglecting to perform any of the
2 duties which are required of him by the provisions of this chapter,
3 shall be liable to a penalty of not less than one hundred nor more than
4 five hundred dollars, to be recovered in an action brought in the dis-
5 trict court by the board of supervisors, the judgment to be entered
6 against the party and his bondsmen, and the proceeds to go to the
7 school fund.

SEC. 2804. Plat and field notes.

1. A correct plat of the road or alteration, together with a copy of

1. If the commissioner's report is in favor of the establishment, al-
2. teration or vacation of the road, it shall show the number of bridges
3. required, and the probable cost thereof; and the auditor shall appoint
4. a day, not less than sixty nor more than ninety days from such time,
5. when the petition and report will be acted upon, on or before which
6. day all objections to the establishment, alteration or vacation of the
7. road, and all claims for damages by reason of its establishment or

1 If no objections or claims for damages are filed on or before
2 noon of the day fixed therefor, and the auditor is satisfied the pro-
3 visions of the preceding section have been complied with, he shall
4 proceed to establish, alter or vacate such road as recommended by
5 the commissioner, upon the payment of costs. If such costs are not
6 paid within ten days, the auditor shall report his action in the prem-
7 ises to the board of supervisors at its next session, who may affirm
8 the action of the auditor, or establish such road at the expense of
9 the county.
[C., '73, § 937; C., '97, § 1496.]

SEC. 2809. New notice given.
1 If the auditor is satisfied that the notice has not been given, he

4 provided above.
[C., '73, § 938; C., '97, § 1497.]

7 application for damages shall be considered denied in all subsequent
8 proceedings.

SEC. 2811. Appraisers appointed.
1 Upon the expiration of the time for filing claims for damages, if
2 any are filed, the auditor shall appoint three disinterested electors of
3 the county as appraisers, to assess the amount of damages any claim-
4 ants may sustain by reason of the establishment or alteration of such
5 road, and shall give them notice of their appointment, and fix a day
6 and hour at which they shall meet at his office, or that of some justice
7 of the peace, to qualify; and if they do not all appear at the time and
8 place named, or within one hour thereafter, the auditor or justice, as
9 the case may be, shall fill any vacancies by the appointment of others,
10 and swear such appraisers to faithfully and impartially assess the
11 damages claimed. Such appraisers shall proceed at once to perform
12 their duties, and, after assessing the damages sustained by the claim-

SEC. 2813. Final action.  
1 When the time for final action arrives, the board may hear testimony, receive petitions for and remonstrances against the establishment, vacation or alteration, as the case may be, of such road, and may establish, vacate or alter, or refuse to do so, as in their judgment, founded on the testimony, the public good may require. Said board may increase or diminish the damages allowed by the appraisers, and may make such establishment, vacation or alteration conditioned upon the payment, in whole or in part, of the damages awarded, or expenses in relation thereto.  

[C., '51, § 546; R., '60, § 851; C., '73, § 946; C., '97, § 1501.]

SEC. 2814. Unconditional order.  
1 In the latter case, a day shall be fixed for the performance of the condition, which must be before the next session of the board, and, if the same is not performed by that day, it shall at such session make some final and unconditional order in the premises.  

[C., '51, § 547; R., '60, § 852; C., '73, § 947; C., '97, § 1502.]

SEC. 2815. Record.  
1 Any order made or action taken in the establishment, alteration or vacation of a road shall be entered in the road record, distinguishing between those made or taken by the auditor and those by the board of supervisors.  

[C., '73, § 948; C., '97, § 1503.]

SEC. 2816. Plat and field notes recorded—road opened.  
1 After a road has been finally established or altered, the plat and field notes must be recorded by the auditor, who shall certify the same to the township clerk, and the superintendent of roads shall be directed by him to have the same opened and worked, subject to the provisions of the next section.  

[C., '51, § 550; R., '60, § 855; C., '73, § 949; C., '97, § 1504.]

SEC. 2817. Fences—crops.  
1 A reasonable time must be allowed to enable the owners of land to erect the necessary fences adjoining the new road; and when crops have been planted or sowed before the road is finally established, the opening thereof shall be delayed until the crop is harvested.  

[C., '51, §§ 551, 552; R., '60, §§ 856, 857; C., '73, § 950; C., '97, § 1505.]

SEC. 2818. Minors—insane persons.  
1 The rights and interests of minors and insane persons in relation to the establishment, vacation and alteration of roads, and all matters connected therewith, are under the control of their guardians.

§§ 2819-2823. ESTABLISHMENT OF HIGHWAYS.

SEC. 2819. County line roads.
1 The establishment, vacation or alteration of a road, either along
2 or across a county line, may be effected by the concurrent action of
3 the respective boards of supervisors in the manner above prescribed.
4 The commissioners in such cases must act in concert, and the road
5 shall not be established, vacated or altered in either county until it
6 is so ordered in both.

[C., '51, § 556; R., '60, § 861; C., '73, § 955; C., '97, § 1510.]

SEC. 2820. Consent highways.
1 Roads may be established without the appointment of a commis-
2 sioner, if the written consent of all the owners of the land to be used
3 for that purpose be first filed in the auditor's office; and the board, if
4 satisfied that the proposed road is of sufficient public importance to
5 be opened and worked by the public, shall make an order establishing
6 the same. If a survey is necessary, the board, before ordering the
7 same, may require the parties asking such establishment to pay or
8 secure the payment of the expenses thereof.

[C., '51, §§ 553, 554; R., '60, §§ 858, 859; C., '73, §§ 957, 958;

SEC. 2821. Appeals—from what taken.
1 Any applicant for damages caused by the establishment or alter-
2 ation of any road may appeal from the final decision of the board to
3 the district court of the county in which the land lies, notice of which
4 appeal must be served on the county auditor within twenty days after
5 the decision is made. If the road has been established or altered on
6 condition that the petitioners therefor pay the damages, such notice
7 shall be served on the four persons first named in the petition, if there
8 be that many residing in the county, in the manner in which an orig-
9 inal notice may be served.

[R., '60, § 873; C., '73, § 959; C., '97, § 1513.]

SEC. 2822. Appeal by petitioner.
1 An appeal may be taken by the petitioner as to amount of dam-
2 ages, if the establishment or alteration has been made conditional
3 upon paying the damages, by serving notice thereof on the county
4 auditor and applicant for damages, in the manner in which original
5 notices are served, and within twenty days after the decision of the
6 board, and filing a bond in the office of such auditor, with sureties to
7 be approved by him, conditioned for the payment of all costs occasioned
8 by such appeal, if the appellant fails to recover a more favorable judg-
9 ment in the district court than was allowed him by such board.

[R., '60, § 874; C., '73, § 960; C., '97, § 1514.]

SEC. 2823. Transcript filed.
1 When an appeal has been taken, the auditor shall, within ten days
2 thereafter, make out and file in the office of the clerk of said court a
3 transcript of the papers on file in his office, and proceedings of the
4 board of supervisors in relation to such damages. The claimant for
5 damages shall be plaintiff and the petitioners defendants, except the
6 damages have been ordered paid out of the county treasury, in which
7 case the county shall be defendant.

[R., '60, § 873; C., '73, § 961; C., '97, § 1515.]
SEC. 2824. Proceedings in court.
1 The amount of damages the claimant is entitled to shall be ascer-
2 tained by the court in the same manner as in actions by ordinary pro-
3 ceedings, and the amount ascertained shall be entered of record, but
4 no judgment rendered therefor. The amount thus ascertained shall
5 be certified by the clerk to the board of supervisors, who shall there-
6 after proceed as if such amount had been by it allowed the claimant
7 as damages.

[C., '73, § 962; C., '97, § 1516.]

SEC. 2825. Costs.
1 If the appeal be taken by the petitioners, they shall pay the costs,
2 unless the claimant recovers a less amount than was allowed them by
3 the board. In all other cases the taxing of the costs shall rest in the
4 discretion of the court.

[R., '60, § 873; C., '73, § 963; C., '97, § 1517.]

SEC. 2826. Highways established to avoid bridging.
1 The board of supervisors of any county shall have the power, on
2 its own motion, to change and establish highways along streams, where
3 it can avoid building a bridge or bridges over such streams, and said
4 highways shall be placed in good traveling condition by such board
5 of supervisors; and all costs accruing in the establishment of said
6 road shall be paid out of the county bridge fund.

[C., '97, § 427.]

SEC. 2827. Damages—appeal.
1 Whenever it is found necessary to establish such highway, the
2 board of supervisors, at any regular session, may appoint three dis-
3 interested citizens as appraisers to assess the damages occasioned
4 thereby, and may hear evidence, and increase or decrease the damages
5 allowed by the appraisers as to it may seem just. Any party ag-
6 greved by its action may appeal therefrom to the district court in
7 the same time and manner, and with the same effect, as is provided
8 in relation to the establishment of highways.

[C., '97, § 428.]

SEC. 2828. Petition for change of highway or stream—survey
by engineer—purchase of right of way.
1 Ten freeholders of any county by a petition to the board of super-
2 visors of said county or the county engineer may, at any time, recom-
3 mend the expediency and advisability of changing the course of any
4 part of any road or stream within any county, in order to avoid unnec-
5 essarily expensive bridges, grades or railroad crossings, or to
6 straighten any road, or to cut off dangerous corners on the highway
7 or to widen any road above statutory width, or for the purpose of
8 preventing the encroachment of a stream upon a public highway,
9 specifying clearly the change recommended, and whether any part of
10 any highway already established should be vacated and abandoned,
11 and what part. The board may, thereupon, order the engineer to
12 make a survey and report on such proposed change, and in order to
13 comply with such order, the engineer shall have a right to enter upon
14 the premises proposed to be taken and make said survey. If, from
a consideration of the survey and report on such proposed change, the
board deems the change advisable, it shall have power to buy such
right of way and take conveyance thereof in the name of the county
and to pay for the same out of either the county road or bridge fund
or out of both of said funds, as may appear advisable.

[S. S., '15, § 1527-r1.]

SEC. 2829. Condemnation—procedure.

If, for any reason, the board is unable to acquire such right of
way by agreement with the owner, the county auditor shall appoint
three disinterested appraisers who shall appraise the damages sus-
tained by the landowners through whose land said proposed right of
way extends and who shall within ten days make return of their
appraisal to the county auditor, and the board shall fix a day at
such place in the county as it may determine, at which it will hear
all objections to said change and at which time it will determine all
damages to each claimant by reason of such proposed change. Such
hearing shall not be less than ten days after completed service on the
owner. All owners of land bordering or abutting upon such proposed
change of road or stream, and all owners through whose land such
change will extend, as shown by the transfer books in the office of the
county auditor, shall be served with notice of such hearing. Such
owners who are residents of the county shall be personally served in
the manner original notices are required to be served. Such owners
who do not reside in the county and such owners who reside in the
county, when the officer returns that they can not be found in the
county, once each week, for two weeks, and in addition, notice
shall be served personally upon the actual occupant of the land. Per-
sonal notice outside the county but within the state, in the manner
original notices are required to be served, shall be deemed personal
service and shall take the place of publication service.

[S. S., '15, § 1527-r2.]

SEC. 2830. Hearing on objections—hearing on damages—pay-
ment—appeal from allowance—change for benefit of township
system.

Service shall be deemed complete on the date when personal serv-
ice is made, or on the date of the last publication, as the case may be.
All objections to said change and all claim for damages by reason
thereof, must be filed on or before the expiration of ten days from
the date of completed service or the same will be waived. Different
dates may be fixed for hearing the objections and claims for damages
of different owners. At the time and place fixed for such hearing
as to any owner, the board shall meet and proceed to a hearing on the
objections or claims for damages of any such owner of whom it has
acquired jurisdiction by proper service of notice or, if there be such
owners over whom jurisdiction has not been acquired, the board may
adjourn such hearing until such date (of which all parties must take
notice), when jurisdiction will be complete as to all owners. At such
final hearing, the board shall pass upon the objections filed. If the
objections or any of them be sustained, the proceeding to effect the
change shall be dismissed. If the objections be overruled, the board
shall then proceed to a determination of the damages to be awarded
to each claimant who has filed such claim. If the amount of damages
so awarded are, in the opinion of the board, excessive, the proceedings shall be dismissed. If such damages, in the opinion of the board, be not excessive, the board may, by proper order, establish such proposed change in the road or stream, as the case may be, and pay such damages as in case of right of way secured by agreement. Provided, however, that if by the change of any road herein contemplated, any part of the highway abandoned reverts to the owner of the land condemned, then and in that case the owner, by reason of the relocation of such highway, shall be entitled to such damages for the locating of such new highway which exceeds the damages sustained by reason of the old highway, taking into consideration the value of the premises immediately before and after such old road is abandoned and the new road established. The board shall order the auditor to issue warrants in favor of each claimant for the amount of damages awarded, and in such case shall have the right to enter upon such right of way and improve the same. The damages thus awarded shall be paid for out of the county road or bridge fund or out of both of said funds. Claimants for damages may appeal to the district court from the award of damages, in the manner and time for taking appeals from the establishment of highways generally. The acceptance at any time of the amount awarded shall constitute a waiver of the right to appeal. If possession of the right of way is not taken and improved prior to the determination of the amount of damages on appeal, the board may, on the appeal being determined, dismiss the proceeding to effect the change, if, in the opinion of the board, the damages finally awarded are excessive. The making of a change in a stream shall be done by the board of supervisors and paid for out of either the county road or bridge fund or out of both of said funds. When the change of a road is made upon or for the benefit of the township road system, the improvement shall be made as now provided for the doing of road work upon the township road system.

[S. S., '15, § 1527-r3.]

SEC. 2831. Orchards not to be disturbed.

No such change shall be established through any orchard or ornamental grounds contiguous to any dwelling house or so as to cause the removal of buildings, without the consent of the owner, nor through any burying ground.

[S. S., '15, § 1527-r4.]

SEC. 2832. Delays.

Should delay occur in the acquisition of such right of way, such delay shall not prevent the board from proceeding with the improvement of any part of the highway, not affected by the proposed change.

[S. S., '15, § 1527-r5.]

SEC. 2833. Notice—form.

The notice herein provided for shall be in substantially the following form:

To whom it may concern:

And the said board of supervisors propose to establish said change as above described, and all objections to said change and all claims for damages by reason of said change must be filed in the office of the county auditor before the expiration of ten days from the service of this notice or the same will be waived. You will take further notice that said board will, on the .......... day of .........., 19......, at ........................................, or as soon thereafter as possible, proceed to determine all objections to said change and all damages caused thereby and will, in case such objections are overruled and the damages awarded be not excessive, establish said change.

SEC. 2834. Abandonment of highway—notice to owner affected.

The foregoing provision with reference to changes in the highway shall not be construed as compelling the board to abandon any part of a highway already established, but if it be proposed to abandon any part of a highway already established, notice shall be served as herein provided; upon the said record owners as aforesaid through which or abutting upon which said highways so proposed to be abandoned, extends.

SEC. 2836. General control—concurrent action.

All roads, whether established by the board of control of state institutions or by the state board of education under the statute or by the county authorities, are subject to the provisions of this chapter, and those established by the joint action of boards of supervisors of two or more counties can be altered or discontinued only by the joint action of the boards of the counties in which situated. Subject to these provisions, they shall be in all other respects treated, managed and controlled as provided in this title. The term "road" as used in this code means any public highway, unless otherwise specified.

A copy of the field notes, together with the plat of any road sur- 
veyed under the provisions of the preceding section, shall be filed in 
the office of the county auditor, and thereupon he shall give notice, 
in some newspaper published within the county, that at some term of 
the board therein named, not less than twenty days from the publi- 
cation, it will, unless good cause be shown against so doing, approve 
of such survey and plat, and order them to be recorded as in cases 
of the original establishment of a public road. 

[R., '60, § 914; C., '73, § 965; C., '97, § 1519.] 

In case objection shall be made by any person claiming to be 
injured by the survey so made, the board shall have power to hear 
determine the matter, and may, if thought advisable, order a 
change to be made in the survey. If, upon the final determination, 
the board shall find said survey is correct, it shall approve the same, 
and cause the field notes and plat thereof to be recorded as in case 
of the establishment or alteration of roads, and thereafter such records 
shall be received by all courts as conclusive proof of its establishment 
according to such survey and plat. 

[R., '60, § 915; C., '73, § 966; C., '97, § 1520.] 

SEC. 2840. Road plat book. 

If the same has not been heretofore done, the county auditor shall 
cause every road in his county, the legal existence of which is shown 
by the records and files in his office, to be platted in a book to be 
obtained and kept for that purpose and known as the “road plat book”. 
Each township shall be platted separately, on a scale of not less than 
four inches to the mile, and such auditor shall have all changes in or 
additions to the roads legally established immediately entered upon 
said plat book, with appropriate references to the files in which the 
papers relating to the same may be found. The auditor shall, from 
time to time, notify the clerk of each township of all changes made 
in the roads thereof, and on receipt of such notice he shall immediately 
make corresponding changes on the highway plat book in his office, 
and shall, in case such plat book is lost or is found to be substantially 
inaccurate, procure a new one, or cause corrections to be made, at 
a reasonable expense, to be paid out of the general township fund. 

[R., '60, § 889; C., '73, §§ 967, 968; C., '97, § 1521.] 

SEC. 2841. Laying out public highways—fees. 

The following fees shall be paid persons engaged in laying out 
and changing roads: 
1. Commissioners, for each day, two dollars. 
2. Surveyor, for each day, four dollars. 
3. Chain carriers, markers, and other assistants, for each day, 
one dollar and fifty cents. 

If the road extends into more than one county, such expenses when so adjudged shall be paid by the several counties in proportion to the length of time occupied on the road in each county.

[C., '51, § 534; R., '60, §§ 839, 872, 877; C., '73, § 3824; C., '97, § 1527.]

CHAPTER 2.

DRAINAGE OF HIGHWAYS.

SECTION 2842. Drainage of highways—survey and report.

When in the opinion of the board of supervisors it is necessary to drain any part of any public highway under its jurisdiction and the land abutting upon or adjacent thereto in order that said highway may be preserved and improved, and made more convenient, it may direct the county engineer to make a survey and report on any part of said highway. In directing the engineer to make such survey, the board shall specify in a general way what highway or part thereof they desire surveyed for the purpose of draining the same.

[S. S., '15, § 1989-b.]

SEC. 2843. Survey — what it may include — names of landowners—plans.

Upon receiving such direction the county engineer shall make a survey and report. He shall not be confined to the exact locality included in the direction of the board of supervisors. His survey and report may include any portion of the county road system or any portion of the township road system, or may include a portion of each of said systems. He shall include in his report a specific designation of such drainage district as in his opinion is necessary to be established in order to better preserve and improve said highway and to render the same of greater use and convenience. The report shall be made at the earliest reasonable time, and if his report recommends the establishment of a drainage district, it shall also include the names of the owners of all land situated within said district, as shown by the transfer books in the office of the county auditor. Said report shall also include the plans and specifications for doing the work recommended and the estimated cost thereof.

[S. S., '15, § 1989-b1.]

SEC. 2844. Notice—objections—damages—waiver.

Upon the filing of said report, plans and specifications, the board of supervisors shall, if they deem it advisable to further proceed in said matter, cause notice to be given as hereinafter provided of their intention to establish such highway drainage district and of the report of the highway engineer thereon, and that they will at a specified time and place, hold a hearing for the purpose of determining the amount of damages which shall be allowed by reason of the construction of such highway drainage improvement and the advisability of establishing such drainage district, and that all objections to the establishment of such district and all claims for damages occasioned by the
construction of such improvements, must be filed with the county au-
der not less than five days before said hearing or the same will be
waived.

[S. S., '15, § 1989-b2.]

**SEC. 2845. Notice—how given.**

1 The notice herein provided for shall be given by publishing said
2 notice once each week for two consecutive weeks in one or more of the
3 papers of the county, the last of said publications to be not less than
4 ten days prior to said hearing.

**SEC. 2846. Determinations by board—adjournment—establishing district.**

1 Should the board on the date fixed for such hearing be unable
for any reason to hold such hearing, they may adjourn the same to a
specified later date and place, of which all parties shall take notice.
On such hearing the board shall first determine whether the estab-
lishment of such highway drainage district will be conducive to the
public convenience and to the preservation and improvement of said
highway, and if they so determine they shall make such determination
of record and shall thereupon proceed to a determination of the
amount of damages to be allowed by reason of the construction of
such highway drainage improvement. If in the opinion of said board,
the damages so allowed are not excessive, they may establish such
district.

[S. S., '15, § 1989-b4.]

**SEC. 2847. Commission—apportionment of cost—county, township and district to share costs—costs how paid.**

1 If such district is established, the board of supervisors shall
appoint the highway engineer and two other resident freeholders of
the county not residing within said drainage district as a commission
to determine the proportion of the cost of such improvement to be
paid on account of the public highway and to assess upon the lands
within such district that portion of the cost of said improvement to
be paid by special assessment. Said commission shall, within ten days
after being appointed, begin the examination of the lands and public
highways within said district, and as soon as possible shall make a
report to the board of supervisors; first, as to the amount, if any,
which should be paid by the county on account of the county road
system; second, the amount, if any, which should be paid by the town-
ship or townships on account of the township road system, and third,
the amount, if any, which each forty-acre tract or less within said
district shall pay. In making such apportionment the commissioners
shall follow the method as nearly as possible now provided for by law
in assessing benefits for the construction of levees, ditches, drains and
watercourses under chapter two, title fifteen. The amount fixed by
said commission to be paid upon the county road system shall be pay-
able out of the county road funds and the amount fixed by said com-
mission to be paid upon the township road system shall be payable out
of the township drainage fund. All assessments made hereunder may
be paid on the installment plan as provided by section forty-eight hun-
dred seventy-four.

[S. S., '15, § 1989-b5.]
When the report of said commission is filed, as provided, the board
of supervisors shall proceed to fix a time for hearing thereon, and
shall cause notice to be served upon each person whose name appears
as owner and also upon the person or persons in actual occupancy of
any such land, in the time and manner provided for the establishment
of a highway drainage district. Such hearing may be adjourned
from time to time, of which all parties should take notice. At such
hearing the board shall have the power to confirm such assessments
or to modify the same, as in their judgment may seem just and equi-
table, and upon the final determination of the respective amounts shall
levy and assess the amount to be paid on account of the county road
system to the county; that part to be paid on account of the township
road system to the township or townships and the remainder upon
the lands within said districts, and the county auditor shall place said
levy and assessment so made against the lands within said district
upon the first succeeding tax books, and the same shall be collected
at the same time and in the same manner as assessments are payable
and collected under chapter two, title fifteen.
[S. S., '15, § 1989-b6.]

SEC. 2849. Bonds authorized.
Drainage bonds may be issued, as provided by section forty-eight
hundred seventy-five, for account of drainage districts heretofore or
hereafter organized under the provisions of sections twenty-eight hun-
dred forty-two to twenty-eight hundred fifty-six, inclusive.
[38 G. A., ch. 135, § 1.]

SEC. 2850. Special assessments to be advanced.
The board of construction on such improvement, shall advance
out of the county road fund that portion to be collected by special
assessment, the amount so advanced to be replaced in said county
funds as the special assessments are collected, or in lieu thereof they
may issue warrants to be known as ditch warrants, said warrants to
draw six per cent interest per annum, payable annually, from the
date of issue and to be paid out of the special assessments levied there-
for when the same are collected.
[S. S., '15, § 1989-b7; 38 G. A., ch. 30; § 1.]

SEC. 2851. Appeals — how taken — how tried — abandonment of
plan.
Any person aggrieved by the decision of the board of supervisors
in establishing said highway drainage district or in the fixing of
amount of damages allowed to anyone by reason of the taking of land
for the construction of said improvement, or in the amount assessed
on said lands, shall have the right to appeal to the district court in
the same manner in which appeals are now taken under chapter two,
title fifteen. All appeals shall be tried at the first succeeding term
of court in said county after the taking of said appeal, provided either
party demands such trial, unless for sufficient cause the cause is con-
tinued by the court. The appeal to the district court from the estab-
ishment of said drainage district or from the order fixing the
assessments, shall be tried in equity. An appeal from any award of
damages shall be tried at law. Should the amount of damages for
the taking of land aforesaid as determined in the district court, be
adjudged by the board of supervisors to be excessive, they shall pro-
ceed no farther in carrying out said improvement.

[S. S., '15, § 1989-b8.]

SEC. 2852. Townships not within district may contribute.
1 The township trustees of any township, whether any portion of
2 the lands of said township are within said drainage district or not,
3 shall have the right to contribute to such improvement such sum out
4 of the township road funds as may appear to them to be equitable.

[S. S., '15, § 1989-b9.]

SEC. 2853. Costs in case of abandonment.
1 After the coming in of said engineer's report, if said proceedings
2 are dismissed or said improvement be abandoned, any costs of such
3 proceeding up to the time of dismissal or abandonment, shall be paid
4 out of the county fund.

[S. S., '15, § 1989-b10; 38 G. A., ch. 29, § 1.]

SEC. 2854. Engineering costs not included.
1 Improvements herein contemplated shall be constructed by the
2 board of supervisors under the supervision and expert knowledge of
3 the county engineer, and no charge for the services of the county engi-
4 neer shall be included in the cost of such improvement.

[S. S., '15, § 1989-b11.]

SEC. 2855. Deficit—how paid.
1 Should the cost of constructing the improvement herein provided
2 for be in excess of the total amount received from the board of super-
3 visors and from the township trustees and the amount realized from
4 special assessments, the board of supervisors shall make a new assess-
5 ment to cover the unpaid balance of the said cost, using as a basis
6 for such reassessment the same percentages as were used by the com-
7 mission in making the first assessment and shall make an additional
8 levy on the lands within said district in accordance with such reassess-
9 ment, and the additional amount thus charged against the county road
10 system or the township road system shall be paid out of the same
11 funds as was the original assessment.

[S. S., '15, § 1989-b12.]

SEC. 2856. Maintenance.
1 The improvement, when completed, shall remain under the jurisdic-
2 tion of the board whose duty it shall be to keep the same in repair
3 and for such purpose shall make additional appropriations from the
4 county road funds and additional levies in the same proportion as
5 originally determined.

[S. S., '15, § 1989-b13.]

SEC. 2857. Drainage of highways — outlet through private prop-
1 Whenever the township trustees of any township or townships
2 shall desire to drain any highway within or under the jurisdiction of
3 such trustees, and it becomes necessary to cross the lands of a private
owner or owners to obtain a proper outlet and the trustees can not
agree with the owner or owners of such land as to how, where and
upon what terms such drain may be constructed, such trustees may
file in the office of the county auditor a petition describing the highway
to be drained and the lands necessary to be crossed to obtain a proper
outlet, the starting point, route and terminus of the desired drain, as
near as may be, and asking the establishment of such drain.

Upon the filing of such petition the county auditor shall appoint
a commissioner, who shall be a competent engineer, and place a copy
of the petition in his hands and he shall proceed to survey the pro-
posed ditch or drain along the route described in the petition, or other
route if found more practicable or feasible, and shall return a plat
and profile thereof to the county auditor, and his return shall set forth
a full and detailed description thereof, its size, dimensions, whether
it will require a covered or open drain, its availability, necessity and
probable cost, with a description of each tract of land or lot owned
by different persons through which or abutting upon which the drain
is proposed to be located and such other facts and recommendations
as he may deem material; and he shall also apportion among the se-
veral townships, if more than one, the ratio of the cost of construction
and expenses that shall be borne by each township.

After the filing of such report the further proceedings shall be
the same as provided in chapter one hereof in relation to the estab-
lishment of highways, except that the costs, expenses and damages
shall be paid by the township trustees from the road fund of such
township or townships, or from the county road fund, or partly from
each of said funds, as the board of supervisors may determine.

If the board of supervisors shall establish such drain, the same
shall be constructed by the board of supervisors in the same manner
that other county work is done, and the cost thereof shall be paid from
the road fund of such township or townships, or from the county road
fund, or partly from each of said funds, as the board of supervisors
may direct, or the township trustees having jurisdiction over said
highway shall have the right, if they deem advisable, to petition for
the establishment of a drainage district including therein said high-
way, and said petition shall be considered and acted upon and pro-
ceedings had thereunder in all respects the same as provided where
petition is signed by one or more of the landowners whose lands would
be affected by or assessed for the expenses of the proposed improve-
ments.

[S., '13, § 1989-a43.]

CHAPTER 3.
STATE HIGHWAY COMMISSION.

The office of the state highway commission is hereby located at
the state college of agriculture and mechanic arts. Said commission

parties for the period of two and four years, from July first, nineteen
hundred thirteen, and terms of office shall thereafter be four years.
Each commissioner shall give bond in the penal sum of five thousand
dollars for the faithful performance of his duties as hereinafter pro-
vided, which bond shall be approved by the executive council and filed
with the secretary of state. Each commissioner shall be subject to
removal from office as provided by section six hundred forty-eight.
If for any reason, a vacancy occurs in the membership appointed by
the governor, he shall fill such vacancy for the remainder of the unex-
pired term, from the same political party from which the vacancy
occurred. The attorney general shall act as attorney for the com-
mission, and shall advise them upon all legal questions arising with
reference to the duties of said commission.

[S. S., '15, § 1527-s.]

SEC. 2859. Compensation.
Each of the commissioners appointed by the governor shall receive
for his services the sum of ten dollars per day for each day actually
employed in the work of the commission and each of the three com-
missioners shall receive all necessary traveling and other expenses
incurred while in the performance of his duties as such commissioner,
but the commission shall not incur any expense to the state by sending
out road lecturers. The total compensation to such commissioner
shall not exceed twenty hundred dollars per annum.

[S. S., '15, § 1527-s1; 38 G. A., ch. 361, § 1.]

SEC. 2860. Duties.
The duties of said commission shall be:
1. To devise and adopt plans of highway construction and main-
tenance suited to the needs of the different counties of the state, and
furnish standard plans to the counties in accordance therewith.
2. To disseminate information and instruction to county super-
visors and other highway officers, answer inquiries and advise such
supervisors and officers on questions pertaining to highway improve-
ments, construction and maintenance and of reasonable prices for ma-
terials and construction.
3. To keep a record of all important operations of the highway
commission, and to annually report the same to the governor by the
first day of January, which report shall be printed as a public docu-
ment; but the summary report of the county highway engineers shall
be reported not later than February first.
4. To appoint such assistants as are necessary to carry on the
work of the commission, define the duties and fix the compensation
of each, and terminate at will the terms of employment of all em-
ployees, provide for necessary bonds, and fix the amount of same.
5. To make investigation as to conditions in any county, and to
report any violation of duty, either of commission or omission, to the
attorney general, who shall take such steps as are deemed advisable
by him to correct the same.
6. The state highway commission shall have general supervision
of the various county and township officers named in this act [35 G.
A., ch. 122] in the performance of the duties here enjoined, and shall
have full power and authority to enforce the provisions of said act.
7. To make surveys, plans and estimates of cost for the elimina-

§§ 2861-2862.  
STATE ROADS.  

CHAPTER 4.  
STATE ROADS.  

SECTION 2861.  Roads adjoining state lands—how maintained.

All roads and highways within and adjacent to lands belonging to the state, including those under the supervision of the state board of education, shall constitute a separate road district under the control and supervision of the supervisor appointed by the board of control of state institutions with all the powers, duties and responsibilities imposed upon road superintendents who shall require all able-bodied males, other than inmates of state institutions, residing within such road district, to perform the labor required by the provisions of sections twenty-nine hundred ninety-eight, twenty-nine hundred ninety-nine and thirty hundred, upon the roads of the district within the counties where such persons reside. The supervisor shall make a report to the board of control under the provisions of section twenty-nine hundred ninety-four, so far as applicable. If it appears from such report that any person has failed to perform the two days’ labor required, or any part thereof, and that the supervisor has neglected to collect the amount of money required to be paid in case of such default, the board of control shall certify the name of such person and the amount due from such person to the county auditor of the county where such person resides, who shall enter the amount on the property tax list as against such person and the treasurer of the county shall collect the amount so collected to the board of control of state institutions, who shall expend same upon the roads of the district in the county where such money was collected. All cost of maintaining, repairing, renewing and improving the roads within the road district containing state lands, except county bridges, after the expenditure of the road poll tax, either in money collected or in labor, shall be paid out of any general funds in the hands of the state treasurer not otherwise appropriated, upon warrants drawn by the state auditor after certificate of amount due shall have been filed in his office by the board of control; provided, however, that the expenditure of state funds for paving shall be subject to the approval of the executive council.  

[C., '97, § 1532; S., '13, § 1532; 37 G. A., ch. 421, § 1.]

SECTION 2862. Consent to street improvements.

Whenever in the improvements of the streets and alleys abutting property owned by the state of Iowa in cities of the first class, including cities acting under the commission plan of government and including cities acting under special charter, it requires the joint action of
the city and the state to make and complete such improvement, the
executive council is empowered and authorized, when in its judgment
it is advisable and proper and to the best interest of the state, to con-
sent to the making of such improvements and to contract and pay
for such portion thereof as in its judgment may be equitable and just.
Such contracts shall be made and drawn as provided in chapter seven
of title two of the supplement to the code, nineteen hundred seven,
and warrants drawn for the payment of such improvements so author-
ized by the council shall be paid out of any funds in the treasury, not
otherwise appropriated.

[S., '13, § 170-k.]
Note.—Chapter 7, Title II, S. 1907, contains a large number of sections having no
reference to contracts. It has been deemed advisable to leave the above reference with-
out change.

SEC. 2863. Improving or paving roads adjoining state lands.

ing or otherwise hard surfacing any road which extends through any
property owned by the state, and under control of the board of edu-
cation or state board of control, the said property shall be and is
hereby made subject to the cost thereof, except any other special
assessments that may be assessed against property within the assess-
dment district. Whenever abutting or adjacent property is owned by
the state said property shall be subject to the cost of one-half of
seventy-five per cent of the cost of said hard surfacing, grading or
oiling together with its proportional share of the special assessment
within the assessment district.
[38 G. A., ch. 400, § 1.]

SEC. 2864. Cost—appropriation.
1 There is hereby appropriated for the payment of said cost as
stated in section twenty-eight hundred sixty-three, the funds neces-
sary to pay for the same, to be paid out of any money in the state
treasury not otherwise appropriated, when or as the improvement
may be completed and accepted by the authorities duly authorized.
[38 G. A., ch. 400, § 2.]

CHAPTER 5.

SECTION 2865. County road and drainage funds—how levied and
paid out.
1 The board of supervisors of each county shall, at the time of
levying taxes for other purposes, levy a tax of not more than one mill
on the dollar of the assessed value of the taxable properties in its
county, including all taxable property in municipalities, which shall
be collected at the same time and in the same manner as other taxes
and be known as the county road fund and be paid out only on the
order of the board of supervisors for the purchase of road tools or

One-half of the county road fund arising from the property within any municipality shall be paid over by the county treasurer to the treasurer of the municipality in the same manner as other municipal taxes and shall be expended on the roads or streets within such municipality by and under the direction of the council or commission. The county treasurer shall receive the same compensation for collecting this tax as he does for collecting corporation taxes, except as hereinafter provided. Moneys so collected shall not be transferable to any other fund nor used for any other purpose. The board of supervisors shall levy such additional sum for the benefit of such township as shall have certified a desire for such additional levy as provided for in section twenty-nine hundred seventy.

[C., '97, § 1530; S., '13, § 1530.]

SEC. 2866. Portion due municipality—how expended.

The administrative bodies of such municipalities shall have authority to appropriate out of the fund arising from such tax, the whole or any part thereof, for the improvement of roads outside of the limits of their municipality where the board of supervisors are making improvements on such roads, in which case the amount of such appropriation shall be paid over to the treasurer of the county for such specific improvement and disbursed by the board of supervisors. If expended by the administrative body of the municipality it shall be expended upon that part of the roads within its limits which are reserved and used for traveling purposes and only upon such roads as are a continuation of country roads which are main arteries of travel, and one-half of the road fund collected within the municipality and retained for disbursement by the board of supervisors shall be by them used on such roads as are main arteries of travel immediately tributary to the municipality for which such tax has been collected. Nothing herein contained shall prevent the board of supervisors from paying over to the treasurer of the municipality the whole or any part of said tax raised within such municipality to be expended by such municipality as herein provided.

[S., '13, § 1530-a.]

SEC. 2867. No compensation to county treasurer.

3 ited to said road tax fund. It shall also determine the manner in  
4 which said tax shall be expended, whether by contract or otherwise.  
[C., '97, § 1531.]

SEC. 2870. Levy—amount of.

5 on a dollar; but such tax shall not be levied upon any property assess-  
6 able within the limits of any city of the first class, and none of such  
7 bridge tax shall be used in the construction or repair of bridges within  
8 the limits of such city; provided that in counties having a bonded  
9 indebtedness of ten thousand dollars or over, the county board of  
10 supervisors may levy not to exceed seven mills.

3 of bridges in said county, the board of supervisors may, out of such  
4 surplus, make improvements upon the highways, upon the petition of  
5 one-third of the resident freeholders of any township in said county;  
6 but in no case shall they be authorized to run the county in debt for  
7 such improvement of the highways; and whenever they shall make  
8 such improvements, they shall let the work by contract to the lowest  
9 responsible bidder, after having advertised for proposals, in some  
10 newspaper printed in the county, for not less than fourteen days pre-

5 shall work under the direction and instructions of the board of super-  
6 visors in the performance of the duties hereinafter provided, and each
shall give bond for the faithful performance of his duties in a sum not less than one thousand dollars, nor more than five thousand dol-

lars. The tenure of office of any engineer may be terminated by the

board of supervisors for cause or by the state highway commission

for incompetency. The highways now designated as county roads by

the plans and records now on file in the county auditor's office of each

county and all county highways from time to time added thereto,

shall be known as the county road system. All other highways in

the county shall be known as the township road system. The system

of road construction herein provided shall apply only to highways

outside of the limits of cities and towns; provided, however, that

whenever any public highway, located along the corporate line of any

city or town, is partly within said city or town and partly without the

same, the said highway or any part thereof, may be included in and

made a part of the county road system, and when so included it may

be improved by the board of supervisors as are other parts of the

county road system. The system of bridge and culvert work herein

provided for shall apply to all highways throughout the county out-

side of the limits of cities of the first class; provided, however, that

when any part of any public highway located along the corporate line

of a city of the first class is included in the county road system, as

herein provided, the board of supervisors and the city council shall

meet jointly and adopt plans and specifications with the approval of

the highway commission for the construction of bridges and culverts,

one-half of the cost of the same to be paid by the city and one-half

by the county, and in case the city council and the board of super-

visors are unable to agree upon any question or questions involved

in the construction of the same it shall be referred to the state high-

way commission, whose decision therein shall be final and binding

upon each party.

In matters involving highway improvements upon or across state

lines or in determining continuous routes for interstate roads, the state

highway commission shall be authorized to confer with authorities

of bordering states and to agree upon proper connections or plans and

the apportionment of cost of such improvements.

[S. S., '15, § 1527-s3.]

SEC. 2873. Maps of county roads—petition for change—forward­
ing to commission.

As soon as said county roads are so designated, the board of

supervisors shall cause said county roads to be plainly marked on a

map, to be furnished by the state highway commission. Said map,
after being so marked, shall be deposited with the county auditor, and
shall be open to public inspection. At once, upon filing said map, the
county auditor shall fix a date of hearing thereon, which shall not be
more than twenty days distant from the date of filing same; and ten
days' notice of the filing of said map with the county auditor and the
date of hearing fixed, shall be published in one issue of each of the
official county papers. At any time before said hearing is concluded,
any ten freeholders of the county may file a petition with the county
auditor, asking for any change in said designated roads which may
be deemed advisable, which petition shall set forth their reasons for
the proposed change, and shall be accompanied by a plat correctly
showing such proposed change. If no agreement is reached between
the county board and the petitioners at the hearing above provided
COUNTY ROAD, BRIDGE AND CULVERT SYSTEM. §§ 2874-2876.

for, the county auditor shall forward said map, together with all peti-
tions and plats, if any, showing the proposed changes, to the state
highway commission. If no objections are filed and no hearing had,
or if agreements have been reached, the map shall nevertheless be
forwarded to the state highway commission.

[S., '13, § 1527-s4.]

SEC. 2874. Approval by commission—return to auditor.

The state highway commission shall, upon receipt of said maps,
petitions and plats, proceed to examine the same, with a view of deter-
mining the correct lines to be followed by the county highway, having
regard for volume of traffic, continuity and cost of construction. Such
portions of said map as meet with the approval of said commission
may be approved and returned as a preliminary map for immediate
use and the original map, when completed in accordance with the deci-
sions of said commission (which decisions shall be final), shall be
returned to the county auditor not later than March first, nineteen
hundred fourteen, and a copy of same retained in the office of the
highway commission. Provided that the board of supervisors of any
county may at any time make application to the said commission for
a change or modification of the established county road system when
such change is proposed for the purpose of eliminating from such
road dangerous crossings or curves, or when such change would ma-
terially decrease the cost of improving or maintaining the road, and
in such case the commission may reopen such matter and authorize
such change as may seem advisable.

[S., '15, § 1527-s5.]

SEC. 2875. Failure to designate — commission shall act — cost
charged to county.

Should any county fail to make the designation of county roads,
as herein provided, and fail to forward the same to the state highway
commission within the time herein provided, said commission shall
have the power to make a proper designation of said county roads
for said county, and the designation so made shall be final and of the
same force and effect as if made by the board of supervisors, and
when so made by the commission, said commission shall certify to
the county auditor of said county the actual cost of making said desig-
nation, and said county auditor shall thereupon issue warrant on the
county road funds therefor.

[S., '13, § 1527-s6.]

SEC. 2876. Division of roads by engineer—survey and report—
county road book—reports—witness corners.

As soon as any part of said approved map is returned to the
county auditor, showing the final designation of county roads, the
engineer shall, in writing, divide said roads into sections, designating
each section by some appropriate number, name or letter and clearly
designating the starting point and terminus of each such section, and
such designation shall be recorded at length in a county road book,
whereupon the engineer shall proceed to survey said roads and report
to the board of supervisors the plan for the road, bridge, tile and cul-
vert work thereon. Such survey and report shall be on the basis and
with the object in view of the permanent improvement of said county
§ 2877. COUNTY ROAD, BRIDGE AND CULVERT SYSTEM. Tit. XI, Ch. 5.

11 roads, both as to bridge, culvert, tile and road work. Said survey
12 and report shall consist of an accurate plan and profile of said roads,
13 showing cuts and fills and outline of grades, with careful attention
14 to surface, and lateral drainage and subdrainage, and shall show the
15 location of all lines of tile and size thereof and of all bridges and
16 culverts, their length, height and width, and foundation soundings,
17 and an estimate of the watershed relating to each bridge and culvert.
18 Culverts constructed under the provisions of this act [35 G. A., ch.
19 122] shall have a clear roadway of not less than twenty feet. Proper
20 bench marks shall be established on each permanent bridge and cul-
21 vert, which shall be duly recorded on both profile and plan of road,
22 for future reference. The engineer shall clearly designate and credit
23 on said plan and profile all existing permanent bridges, culverts and
24 grades. The board may cause all sections to be fully surveyed and
25 a report made thereon before proceeding with the improvement con-
26 templated by this act [35 G. A., ch. 122], or, in order to enable the
27 board to proceed with the most necessary and urgent work, said board
28 may designate the order in which the different sections shall be sur-
29 veyed and planned, and may order the engineer to survey and report
30 on certain named sections before completing the survey and report on
31 all sections. Whenever it may become necessary in grading the high-
32 ways to make a cut which will disturb or destroy, or a fill which will
33 cover up a government or other established corner, it shall be the
34 duty of the engineer to establish permanent witness corners, and make
35 a record of the same, which shall show the distance and direction the
36 witness corner is from the corner disturbed or covered up. When said
37 construction work is completed the engineer shall permanently reestab-
38 lish said corner. A failure to perform these duties by the engineer,
39 or the removal, destruction or covering up of any government or other
40 established corner is hereby declared to be unlawful and shall subject
41 the person responsible therefor to a fine of not less than ten dollars or
42 more than fifty dollars, recoverable on the bond of such person if an
43 officer. This section shall not be deemed to repeal section eighty-seven
44 hundred twenty-nine.

[S., '13, § 1527-s7; 38 G. A., ch. 405, § 1.]

SEC. 2877. Surveys and reports—submission to and approval by
commission—supervisors to maintain bridges and culverts—
trustees to grade and fill—road funds consolidated—township
funds—how employed.

1 The survey and report of each section, as soon as completed and
2 approved by the board of supervisors, shall be submitted to the state
3 highway commission, and the board of supervisors may designate to
4 the said commission what sections, in their estimation, should be first
5 passed upon by said state highway commission. The said commis-
6 sion is hereby charged with the duty of passing upon such reports
7 and plans, and in so doing, shall take into consideration the thorough-
8 ness, feasibility and practicability of such plans, and may approve
9 or modify the same. After such survey and plan for each section is
10 passed upon by the state highway commission, they shall be returned
11 to the county auditor with full and explicit directions as to modifica-
12 tions, if there be any. The county auditor shall, upon receipt of the
13 approved and modified survey and plans, record the same at length
14 in a county road book, and the board of supervisors shall thereupon
15 proceed to the construction of the road, bridge, tile and culvert work
in accordance therewith, and as herein provided. The duty to const-
struct and maintain all bridges and permanent culverts throughout
the county is imposed upon the board of supervisors. All culverts
and bridges shall be paid for out of the county bridge fund. Where
conditions are such as to warrant or necessitate the same, the board
of supervisors shall furnish township trustees metal or other tem-
porary culverts authorized by the state highway commission to be
placed by them on their township road system. Said culverts to be
purchased by the board of supervisors and paid for out of the county
bridge fund and shall not exceed in size thirty-six inches in diameter,
or its equivalent. The county, however, shall be at no expense for
placing, filling or transportation of said temporary culverts other
than their delivery at a railroad station to be designated by the board
of supervisors. Immediately upon the completion by the board of
supervisors of any bridge or culvert situated upon the township road
system, or the installation of a temporary culvert furnished to the
township by the board of supervisors, it shall be the duty of the town-
ship trustees to properly fill over with dirt all such culverts and fill
in and uniformly grade the approaches to all such bridges. Should
the trustees fail for a period of two weeks after notification to make
such fill, or fail to fill in and grade over such culvert, as herein pro-
vided, the board of supervisors shall proceed to do so, and the engineer
shall report the actual cost of so doing and such amount, not exceed-
ing one hundred fifty dollars, for any such bridge or culvert, shall be
certified by the board of supervisors to the county treasurer who shall
transfer said amount to the county road cash fund from the first
collection of road funds belonging to said township.

The county road fund, the county road building fund, the county
drainage fund, and all other moneys received by the board of super-
visors for road purposes, except as otherwise provided, shall be placed
in the county road cash fund, and shall be paid out only on order of
the said board of supervisors for the purchase of tools, machinery
and equipment, or for tile and tiling, or for filling on culverts and
bridge approaches as herein provided, or for work done on the county
road system, or for the elimination of dangers at railroad crossings
on both county and township roads, at the discretion of the board
of supervisors on an adjustment of such dangerous conditions by nego-
tiations between the railroad and the board of supervisors, or upon
an order and finding of the railroad commission. All money received
by the township trustees for road purposes shall be expended for and
upon the township road system, or for the elimination of dangers at
railroad crossings on the township roads, at the discretion of the
township trustees, on an adjustment of such dangerous conditions by
negotiations between the railroad company and the township trustees,
or upon an order and finding of the railroad commission; provided,
however, that whenever the township drag fund is exhausted, the
board of township trustees may transfer to such drag fund, from the
general township road fund, not otherwise appropriated, such an
amount as in their judgment will best maintain the township road
system.

[S. S., '15, § 1527-8a; 37 G. A., ch. 398, § 1.]

SEC. 2878. Township roads—addition to county system.

Whenever all the roads of the county road system have been im-
proved according to the plans herein provided, the board of super-
visors shall add such roads from the township road system as have
been improved by the township in accordance with the general plans and specifications furnished by the engineer and in accordance with the requirements of this act [35 G. A., ch. 122], and if the township roads so improved be not sufficient to use all county funds available for that purpose, the board of supervisors may select additional county roads, but no increase shall be made in the mileage of the county road system until that system is completed, except that the board of supervisors may at any time add such roads from the township road system as will materially shorten the direct lines of travel between market towns. In all cases of additions the same proceedings shall be followed in all regards as herein provided for the original selection and improvement of county roads.

[S., '15, § 1527-s9.]

SEC. 2879. Extension of roads to lakes.

The board of supervisors of any county in which there is a body of water which may be improved under the provisions of chapter seventeen, title five, is hereby authorized, at their discretion, to add to the county road system from the township roads, such roads as will make said body of water more accessible, or unite existing county roads to make a county road around a meandered lake.

[37 G. A., ch. 236, § 8.]

SEC. 2880. Other procedure excluded—designation final.

The procedure herein provided for the designation and selection of county roads by the board of supervisors and the approval or modification of such selection by the state highway commission, shall exclude all other procedure, and the decision of the board of supervisors and the state highway commission in the designation and selection of the county road system shall be final.

[S., '13, § 1527-s19.]

All bills for road work, tile and tiling, culvert and bridge construction or for repairs designated by the engineer; shall be filed in itemized form and certified to by the engineer before being allowed by the board and before warrants in payment therefor are drawn by the county auditor. Before any warrant shall be issued by the county auditor upon the funds of the county road system in payment for any work or construction of highways, except for dragging, maintenance or repairs not designated by the engineer, he must secure on this bill the certificate of the engineer employed by the board of supervisors, that such improvement has been made in accordance with the plans and specifications as herein provided, and when so indorsed, warrants may be drawn for the amount so certified by the county engineer; but if said engineer make said certificate when said work was not done in accordance with the plans and specifications, and same be not properly made good without additional cost, then the full cost of making same good may be recovered upon said engineer's bond, and his bond shall be liable therefor. Partial payments may be allowed by the board on contract work on the basis of the engineer's certified estimates and the percentages specified in the standard specifications of the state highway commission. Repair work shall be known as work not designated by the highway engineer, all road construction
work costing not in excess of sixty dollars per mile, work of a temporary character or of immediate necessity, and work necessary to maintain finished roads completed under this act [35 G. A., ch. 122].

A violation of this section shall render the county auditor liable on his bond for the amount of said work.

[S. S., '15, § 1527-s10.]

SEC. 2882. Standard specifications—bids—approval of commission—construction by day labor.

1. Standard specifications for all bridges and culverts, railroad overhead crossings or subways shall be furnished without cost to the counties and railroad companies by the state highway commission, and work shall be done in accordance therewith, and when said bridge and culvert work is completed and approved a duplicate statement of the cost thereof shall be filed at once with the state highway commission by the county auditor. All culverts and bridge construction, tile and tiling and repair work or materials therefor, of which the engineer's estimated cost shall be one thousand dollars or less, may be advertised and let at a public letting, or may be let privately at a cost not to exceed the engineer's estimate, or may be built by day labor. All culvert and bridge construction, grading, tile and tiling and repair work, or materials therefor of which the engineer's estimated cost shall exceed one thousand dollars shall be advertised and let at a public letting, provided, that the board shall have the power to reject all bids, in which event they may readvertise, or let privately by submitting contract to the state highway commission for approval, or build by day labor, at a cost not to exceed the lowest bid received.

All bids received shall be publicly opened, at the time and place specified in the advertisement, and shall be recorded in detail, in a book kept for that purpose, by the county auditor; said book shall at all times be open to the public for inspection. Any proposed contract which shall exceed the sum of two thousand dollars for any one bridge or culvert, or repairs thereon, shall be first approved by the state highway commission before the same shall be effective as a contract. Before beginning the construction of any permanent bridge or culvert by day labor or by contract, the plans, specifications, estimate of drainage area, estimates of cost and their specific location shall be filed in the county auditor's office by the engineer. Bridges erected over drainage ditches shall, where necessary, be so constructed to allow the superstructure to be removed for cleaning said ditches with as little damage to the removal and permanent parts of said bridge as practicable. On completion, a detailed statement of cost, and of any additions or alterations to the plans shall be added to the above records by the engineer, all of which shall be retained in the county auditor's office as permanent records, and when said work is completed and approved, a duplicate statement of the cost thereof shall be filed at once with the state highway commission by the county auditor. The board of supervisors may authorize the county auditor to draw warrants for the amount of pay rolls for labor furnished under the day labor system, when said pay rolls are certified to by the engineer in charge of the work. Said bills shall be passed upon by the board at the first meeting following said payment.

[S. S., '15, § 1527-s11.]
SEC. 2883. Plans—specifications—approval.
1 In all cases wherein plans, specifications and profiles are sub-
2 mitted to the state highway commission, proposing and setting forth
3 the plans and specifications for improving any portion of a road sys-
4 tem, if, except as to cuts, fills, and decreases in inclines, such plans
5 and specifications meet with the approval of the state highway com-
6 mission, the said commission shall not refuse to approve such plans
7 and specifications in full if the proposed cuts, fills, or decreases in
8 inclines set forth in such plans propose to decrease the hills or inclines
9 at least twenty per cent of the existing incline.
[S. S., '15, § 1527-s21a.]

SEC. 2884. Repair and dragging of county road system—inter-

6 the highway commission, their deputies or assistants, or any other
7 person in the employ of the commission, no county supervisor, town-
8 ship trustee, county engineer, road superintendent or any person in
9 their employ or one holding an appointment under them, shall be,
10 either directly or indirectly, interested in any contract for the con-

[S., '13, § 1527-S15.]

SEC. 2885. Contractors' bonds—limitation of action.
1 The board of supervisors shall require all contractors to give a
2 bond for the faithful performance of the contract, in such sum as the
3 board of supervisors may deem necessary. The surety on any bond
4 given to guarantee the faithful performance and execution of any
5 work shall be deemed and held, any contract to the contrary notwith-
6 standing, to consent without notice:
7 1. To any extension of time to the contractor in which to perform
8 the contract when each particular extension does not exceed sixty
9 days.
10 2. To any change in the plans, specifications or contract when
11 such change does not involve an increase of more than twenty per
12 cent of the total contract price, and shall then be released only as to
13 such excess increase.
14 No contract shall be valid which seeks to limit the time to less
15 than five years in which an action may be brought upon the bond
16 covering concrete work nor to less than one year upon the bond
17 covering other work.
[S., '13, § 1527-s18.]

2 empowered within the limits of such county and without the limits
3 of any city or town, to procure, purchase or condemn, enter upon and
4 take any lands, not to exceed five acres in any one place, for the pur-

8 the same out of the county road funds, and it shall be the duty of
9 the board of supervisors of each county, where such material can be
10 found within the county as herein provided, to procure, purchase or
11 condemn such tracts so that no part of the county shall be more than
12 six miles distant from land where such material can be obtained for
13 highway purposes; provided, however, that the board of supervisors
14 shall not be required to purchase such land, but may procure the road
15 material at any place within or without the county when the com-

SEC. 2892. Apportionment of work by supervisors.
The boards of supervisors of the various counties of the state of
Iowa bordering upon the state line are hereby authorized to meet the
authorities in control and charge of the public highways in the
adjoining counties of other states and agree upon and assign the por-

division of costs or connections.
In the event that an agreement can not be reached between
adjoining counties on the location, plans and specifications, or division
of costs for the construction, reconstruction or repair of such highway
improvements, any county interested may appeal in writing to the
state highway commission. The commission on receipt of such appeal
shall give notice in writing, directed to the auditor of counties inter-

than ten days from the date of such service. On said date and after
a full hearing of all the facts offered by the counties interested, the
state highway commission shall have full power to determine the
location, plans and specifications, or division costs for the construction,
reconstruction or repair of such highway improvements between the
counties directly benefited; and shall certify their decision to said
county auditors. Such counties shall forthwith jointly proceed with
the improvement under the provisions governing like improvements

SEC. 2896. Bridges on county-line roads.
1 Whenever a county-line road intersects a stream of sufficient
2 width to require a county bridge, and the point of intersection does
3 not afford a suitable site for the construction thereof, and there is a
4 good site for its erection wholly within one or the other of said
5 counties, at a reasonable distance from the county line, the boards of
6 supervisors of the respective counties to be benefited by said bridge

12 given by publishing the same for four consecutive weeks in at least
13 three newspapers of general circulation published in such county, the
14 last of which publications shall be at least three days and not more
15 than ten days before the holding of such election. If a majority of
those voting upon the said proposition shall vote affirmatively upon
the same, the board of supervisors may levy from year to year a tax,

erect said bridge; and it may also issue the bonds of the county in the
manner provided by the provisions of chapter eleven, title twelve,
except that said issue of bonds may be spread as to maturities over
a period of twenty years; such issue shall not, however, exceed the
amount authorized to be expended in the construction of such bridge.
The provisions of section thirty-two hundred sixty-five shall apply to
such issue of bonds and the levies for the payment of such bonds and
interest shall be made under its provisions.

[S., '13, § 424-b.]

SEC. 2899. Agreement as to construction and cost—shall adver-
tise for bids.

In the event that the construction of such bridge shall be author-
ized as hereinbefore provided, the board of supervisors may unite with
the adjoining state or any county, city, town or other municipal
division thereof in an agreement for the construction of such bridge,
and such agreement may fix the particular portion or part which each
of the contracting parties shall erect or maintain; or it may provide
the particular percentage of the construction or maintenance of such
bridge which each shall pay. The contract for the construction of
such bridge shall be let to the lowest responsible bidder after bids
have been invited by publication for four consecutive weeks in two or
more papers of general circulation, and the board of supervisors
shall have the right to reject any or all bids and readvertise for bids.
The county shall not, however, be liable in any event for any part of
the cost of construction of such bridge, beyond the part or proportion
that it has contracted with the adjoining state or municipality to bear
in the construction of the same.

[S., '13, § 424-c.]

SEC. 2900. Liability for maintenance.

The county shall not be liable for negligence in the maintenance
of such bridge, except for that part which it shall undertake to exclu-
sively maintain and where there is a contract for joint maintenance
of the entire structure, it shall only be liable for that part or portion
which is within the boundary lines of the state of Iowa.

[S., '13, § 424-d.]

SEC. 2901. Leases for public utilities.

The board of supervisors may lease to any street railway the right
to cross said bridge with its line of railway upon such terms and con-
ditions as may be authorized by the board of supervisors and the
governing body of the adjoining state or municipality interested in
such bridge, but no discrimination shall be made as between street
railways and all shall be permitted to use the tracks constructed upon
such bridge, provided that any line desiring to use the tracks thereon
shall bear its reasonable share of the cost of construction and main-
tenance of such tracks. Like privileges may be leased to telegraph,
telephone and electric power companies for the construction of their
lines of wire across such bridges, except that a joint use of said wires
shall not be exacted, and provided that any rights granted under the
provisions of this section to use this bridge shall not in any way impair
or abridge the use thereof by the public.

[S., '13, § 424-e.]

CHAPTER 6.
FEDERAL ROAD ACT.

SECTION 2902. Provisions of federal aid road act accepted.

1 The state of Iowa, through its legislature, hereby accepts the proposal of the United States as set forth in the act of congress, approved July eleventh, nineteen hundred sixteen, entitled "An act to provide that the United States shall aid the states in the construction of rural post roads, and for other purposes," thirty-ninth United States statutes at large, page three hundred fifty-five, and assents to the provisions of said act of congress. For the construction and maintenance of rural post roads the good faith of the state is hereby pledged to cause to be made available funds sufficient to equal the sum apportioned to the state by or under the United States government during each of the five years for which federal funds are appropriated by section three of the said act and to maintain the roads constructed with the aid of funds so appropriated, and to make adequate provisions for carrying out such maintenance.

[37 G. A., ch. 249, § 1.]

SEC. 2903. State highway commission—duty to select roads.

1 The state highway commission is hereby authorized and directed, as soon as may reasonably be done, to designate and select from the roads which are now or hereafter may become rural post roads, including a part of each of the ninety-nine counties of the state and including not less than two thousand nor more than six thousand miles, giving equitable consideration to the claims of each county, said system to be so selected and designated as to at least meet the requirements of the federal act and a sufficient number of miles to at least require the full appropriation provided for by the federal act during the life of said statute. Before designating the roads of such system, the state highway commission shall request the cooperation and assistance of the boards of supervisors of the respective counties, and shall give due consideration to the judgment of each of said boards in such designations.

[37 G. A., ch. 249, § 2.]

SEC. 2904. Duty of highway commission.

1 The state highway commission is hereby authorized and directed to enter into and complete negotiations with the secretary of agriculture and to secure the full apportionment from the federal aid fund for and on behalf of the state of Iowa and the several counties thereof, and is further authorized to enter into all contracts and agreements with the United States government relating to the survey, construction and maintenance of roads under the provisions of the said act of congress, to submit such scheme or program of construction and maintenance as may be required by the secretary of agriculture, to super-
vice and direct the work of construction on behalf of the state of Iowa and its counties, to supervise the expenditures of all funds paid out on account of such work by the counties of the state, and do all other things necessary fully to carry out the cooperation contemplated and provided for by the said federal aid road act.

[37 G. A., ch. 249, § 3.]

SEC. 2905. Application by supervisors—project statement—plans.

The board of supervisors of each county of the state of Iowa is hereby authorized to make application by resolution to the state highway commission for the apportionment to such county of its share of the federal aid fund, indicating with particularity what portion of the comprehensive system designated by the state highway commission in such county they desire to first improve and to clearly specify the general character of the improvement which it is proposed to make. The state highway commission shall act upon such application promptly and, if approved, shall prepare a project statement and, when funds for its construction are available, submit the same to the secretary of agriculture for his approval and, if the same is approved by him and conforms to the terms of the federal aid road act, then the state highway commission shall prepare the plans and specifications for such improvement, or shall cause same to be prepared by the county engineer under its supervision, which plans and specifications shall thereupon, if satisfactory, be approved by the board of supervisors and the state highway commission.

The board of supervisors of said county is hereby authorized and directed to forthwith take the necessary legal action to execute and enter into an agreement with the state highway commission, on forms prepared by it; which agreement shall be a valid contract of the county and obligate such county to cause the improvement to be made according to said plans and specifications, and further bind the county to maintain such improved highways in the manner required by the federal aid road act and the rules made thereunder; provided, however, that such contract shall expressly provide that not to exceed an amount equal to double the amount of the federal aid fund apportioned to the county in which such project is located, shall be paid out of the federal-county-cooperative road fund hereinafter created.

[37 G. A., ch. 249, § 4.]

SEC. 2906. Apportionment of funds—certificate as to amount.

The state highway commission is hereby directed to apportion the federal aid provided for by the federal aid road act, among the several counties of the state, in the same ratio that the area of each county in the state bears to the area of the state, and shall notify the auditor of each county in writing the amount allotted to his respective county. The state highway commission is further directed not later than the first of March of each year to certify in writing to the treasurer of state the amount of the federal aid apportioned to the state for each year during the life of said act of congress; also the estimated annual expense to the state highway commission for plans and specifications prepared by it under the provisions of this chapter, which certificate shall be kept in the office of the state treasurer.

[37 G. A., ch. 249, § 5.]
SEC. 2907. Fund to be kept—payment of claims.

1 The treasurer of state is hereby authorized and directed to receive, from time to time, the federal funds apportioned to the state of Iowa, as provided for by the said act of congress, and is hereby directed to open an account to be known as the federal-county-cooperative road fund; and to credit to such fund, from time to time, all federal aid received from the United States government under the provisions of said act of congress. The treasurer of state is further authorized and directed before distributing the motor vehicle road fund to the counties to transfer to such fund from any moneys paid into the state treasury pursuant to the provisions of chapter seventeen of this title, an amount equal to the amount of federal aid apportioned to the state of Iowa for that year under said act of congress, one-half of which amount shall be transferred by said treasurer of state on the first day of April and the other one-half of said amount to be transferred on the first day of August of each year during the life of the federal aid road act. The federal-county-cooperative road fund shall be held in trust for the sole and exclusive purpose of carrying out the provisions of the federal aid road act, and shall be used for no other purpose.

2 The treasurer of state is also authorized and directed at the same time and in the same manner to transfer from said motor vehicle road fund, an amount equal to the estimated cost of plans and specifications for the current year, as certified by the state highway commission, which shall be known as the federal-aid-engineering fund. The balance of the money paid into the state treasury under the provisions of chapter seventeen of this title shall be apportioned in the manner provided by section thirty hundred seventy-eight. Whenever any improvement which is being constructed under and in accordance with the provisions hereof has been completed or so far completed as to call for partial payments on the contract price under the terms of the contract, a voucher, upon forms prepared by the state highway commission, for the amount then due the contractor shall be made out in itemized form and verified by such contractor and presented to the state highway commission and the board of supervisors; and if the work thus far completed is satisfactory to such commission and the board of supervisors and according to contract, the voucher shall be approved by the state highway commission and the board of supervisors, which approval shall be in writing upon the voucher. When a voucher so prepared and so approved is presented to the auditor of state, he is hereby authorized and directed to thereupon draw a state warrant for the amount called for in such voucher upon the federal-county-cooperative road fund, payable to the claimant; and the treasurer of state is hereby authorized and directed to pay such warrants out of said fund and out of no other.

3 The state highway commission is hereby authorized, on the first of any calendar month, to prepare a voucher for all expenses previously incurred by said commission in the preparation of plans and specifications under this chapter, and not heretofore reported, which voucher shall be fully itemized, verified by the state engineer, and approved by the state highway commission; and when such voucher so prepared and approved is presented to the auditor of state, he is hereby authorized and directed to thereupon draw a state warrant, payable to said state highway commission, for the amount called for in said voucher upon the federal-aid-engineering fund; and the treas-
§§ 2908-2910. PRIMARY AND SECONDARY ROAD SYSTEMS. Tit. XI, Ch. 7.

55 The warrant of state is hereby authorized and directed when presented such
56 warrant properly indorsed, to transfer to the maintenance fund for
57 the state highway commission, the amount of such warrant out of
58 said federal-aid-engineering fund, and out of no other.
[37 G. A., ch. 249, § 6.]

SEC. 2908. Failure of county to apply for allotment.
1 In the event any county shall fail by July first, nineteen hun-
2 dred twenty, to make application to the state highway commission
3 for its allotment of federal aid funds and shall fail or neglect to enter
4 into a contract for such improvement in the manner provided for in
5 section twenty-nine hundred five, the said county shall be deemed to
6 have waived its right to participate in such federal aid fund; and in
7 such event, the state highway commission is hereby authorized and
8 directed to use the allotment previously assigned to such county as
9 hereinbefore provided, on any other portion of the comprehensive
10 scheme of road improvement selected by them and in any county or
11 counties which may be designated by the secretary of agriculture as
12 best designed to aid in the completion of the post road system of the
13 state of Iowa; provided, however, such county or counties to which
14 such abandoned apportionment has been allotted shall provide out of
15 any funds in their treasury and available for road purposes, an amount
16 equal to the allotment so made to said county, which allotment and
17 appropriation made by the county shall be expended in the manner
18 hereinbefore provided and in accordance with the requirements of the
19 federal aid act.
[37 G. A., ch. 249, § 7.]

CHAPTER 7.
PRIMARY AND SECONDARY ROAD SYSTEMS.

SECTION 2909. Intent of chapter.
1 It is the intent of this chapter to divide the highways of the state
2 and of each county into a primary and secondary system, to provide
3 for the substantial and durable improvement of such primary roads of
4 each county, to pay for said improvements on such primary roads from
5 federal aid funds, motor vehicle registration fees, and from the pro-
6 ceeds of assessments on benefited real property, to permit each county
7 to anticipate such funds if it chooses so to do, to divert other exist-
8 ing highway funds to the construction, reconstruction, improvement
9 and maintenance of the secondary system of roads, to secure the bene-
10 fit of all present and future acts of the government of the United
11 States which proffer financial aid to the state of Iowa in the construc-
12 tion and maintenance of highways, and to coordinate the system herein
13 created with the requirements of said federal government relative
14 to such improvements. This chapter shall be construed as additional
15 to and not in repeal of chapter six.
[38 G. A., ch. 237, § 1.]

SEC. 2910. Contracts authorized.
1 The state highway commission is empowered, on behalf of the
2 state, to enter into any arrangement or contract with, and required by,
the duly constituted federal authorities, in order to secure the full cooperation of the government of the United States, and the benefit of all present and future federal allotments in aid of highway construction, reconstruction, improvement or maintenance. The good faith of the state is hereby pledged to cause to be made available each year, sufficient funds to equal the total of any sums now or hereafter apportioned to the state for road purposes by the United States government for such year and to maintain the roads constructed with said funds. The board of supervisors of each county is empowered to enter into any arrangement or contract with, and required by, the state highway commission, in order to fully carry into effect the provisions of this chapter.

[38 G. A., ch. 237, § 2.]

SEC. 2911. Road systems defined.
1 The highways of the state are, for the purpose of this chapter, divided into two systems, to wit: The primary road system and the secondary road system.
2 The primary road system shall embrace those main market roads (not including roads within cities), which connect all county seat towns and cities and main market centers, and which have already been designated under section twenty-nine hundred three, accepting the provisions of the act of congress approved July eleventh, nineteen hundred sixteen, known as the federal aid road act; provided that the said designation of the roads shall, for more efficient service or more economical construction of the system, and with the consent of the federal authorities, be subject to revision by the state highway commission. Any portion of said primary system so eliminated by any change shall revert to and become a part of the system from which originally taken. The state highway commission may, for the purpose of affording access to state parks and recreation centers within a county, add such road or roads to the primary system of said county as the board of supervisors may specifically designate and request.
3 The secondary road system shall embrace all roads not embraced in the primary system and not embraced within the limits of cities or towns. Roads embraced in the secondary road system shall continue to be classed as at present, as county roads or township roads as the case may be.

[38 G. A., ch. 237, § 3.]

SEC. 2912. Primary road fund—apportionment.
1 There is hereby created a fund which shall be known as the primary road fund, which shall embrace the federal-county-cooperative road fund as created by chapter six of this title, all additional and future federal aid road funds, and all other funds derived from year to year by the state under acts regulatory of motor vehicles, commencing with and including all fees for the year nineteen hundred twenty, except such portion of said motor vehicle fund as shall be necessary to maintain the federal aid engineering fund, and as may, by law, be retained in the state treasury as a maintenance fund for the state highway commission, or as a fund to cover administration of the motor vehicle department.
2 Said primary road fund shall be apportioned to the respective counties in the ratio that the area of the county bears to the total
area of the state, and shall be employed as herein provided, solely in
the drainage, grading, surfacing and maintenance of the roads of the
primary road system, except as hereinafter provided.

The portion of said fund apportioned to each county as above
provided, is hereby pledged to the completion of said primary system
and is dedicated by the state to the county, to be used solely for the
payment of the cost of such improvements or the maintenance thereof,
and for the redemption of any bonds issued therefor as herein pro-
vided. For the purposes of administration, the apportionment to any
county may be made up partly from the federal aid road allotments.

[38 G. A., ch. 237, § 4.]

SEC. 2913. Accounts—primary road fund.

The state highway commission shall open an account with each
county in the state in relation to the primary road fund, and shall first
credit each county with any unused portion of the allotment of the
federal-county-cooperative road fund, as shown by the official supple-
mentary bulletin of the state highway commission of June, nineteen
hundred seventeen, and designated as "volume five, number six", and
shall each year credit each county with its allotted portion of the pri-
mary road fund, and charge it with the amount of all duly and finally
approved vouchers for claims properly chargeable to said county. Said
account shall also show the amount of each separate authorization of
bonds or road certificates hereunder, and the amount, number, date,
maturity, and interest rate of each series of bonds or certificates
actually issued by the county under this chapter. The said commis-

SEC. 2914. Options authorized—election in re hard surfacing.

Each county, acting through its board of supervisors, shall have
three options in the expenditure of its allotments from the primary
road fund:

First, it may elect to complete the grading and drainage of any
part or all of the primary roads within the county before laying any
hard surfacing; or

Second, it may hard surface in any one year, such portion of the
roads in the primary system in its county as may be met by its allotted
portion of the primary road fund for said year, plus any balance
remaining to its credit from previous allotments, plus the special
assessments on abutting and adjacent real estate as hereinafter pro-
vided; or it may proceed in any one year with draining and grading
on one or more divisions of the primary system and with hard sur-
facing on other divisions of said system.

Third, it may proceed with said hard surfacing in a more rapid
manner when authorized to do so by the voters of the county as here-
inafter set forth, provided no hard surfacing shall be constructed on
any division of the primary roads until the drainage and grading of
said division shall have been fully completed.

It is hereby made the duty of the board of supervisors to pro-
ceed in the improvement of primary roads under this chapter as fast
as the primary road fund is available, until the improvement of the
primary system is completed; provided, however, that any county,
§ 2915. Division of primary roads.

For the purpose of creating a basis for a systematic program of improvement, the board of supervisors of each county, in conjunction with the county engineer, shall, as soon as may be reasonably possible after the taking effect of this chapter, divide into divisions the roads of the primary road system within their county, with a view to the most advantageous program of improvement, having in view the development of the primary roads in the county in such order as will best and most fairly meet the convenience of the public, viewing the county

24 after draining and grading its primary system, or any division thereof, shall have the right to surface same with gravel or oil or both if by resolution of the board of supervisors it elects so to do. Such graveling or oiling shall not be considered hard surfacing within the meaning of this chapter. Said surfacing shall be done in accordance with the plans and specifications of the highway commission applicable to such improvement and the cost of such improvement when so done may be paid from the primary road fund. Vouchers therefor must be approved by the board of supervisors and forwarded to the highway commission for final audit, approval, and payment as provided in section twenty-nine hundred twenty-one.

The board of supervisors shall not proceed with hard surfacing of roads until such work shall be authorized by a majority vote of the electors of such county at a general election, or a special election, called for that purpose; and the board of supervisors of any county may, on its own motion, and shall, if petitioned by the voters in any county equal to ten per cent of the number voting at the last general election, to be determined by the number of electors voting for governor thereat, submit to said voters the question whether hard surfacing shall be done on the primary road system, or any portion thereof, in said county. Said petition shall be in writing, giving the name and residence of each signer thereto, and each sheet thereof shall be verified by a resident of the county. The board of supervisors shall be governed by the result of such election, and, if a majority of said voters voting thereon shall vote therefor, the board shall proceed forthwith with the work. Such election, however, shall not interfere with or affect work under construction, or under contract, or federal aid projects already approved at the time of the holding of said election.

Notice of such election shall be given as provided in section twenty-nine hundred thirty-three, and the notice shall give the time said election shall be held and the form of the proposition submitted, and such proposition shall be contained in the ballot. Special elections shall be held in the same manner as general elections. The question of hard surfacing shall not be submitted to a vote in any county oftener than once in twenty-four months.

The question as to hard surfacing of roads and as to issue of bonds under this chapter may be submitted at the same election. And at the election as to the question of whether or not bonds may be issued, there may be submitted at the same election and upon the same ballot as a separate proposition the question of whether or not hard surfacing may be done. If upon such submission the proposition of hard surfacing is defeated, such vote shall thereby nullify the vote as to the issuance of bonds.

PRIMARY AND SECONDARY ROAD SYSTEMS. Tit. XI, Ch. 7.

as a whole. Different portions of primary roads which diverge from a common point may be so divided into divisions that the several divisions immediately adjacent to the common point will constitute an appropriate district. Said divisions shall be suitably designated on a map filed with the state highway commission, and shall be recorded by the county auditor in the proceedings of the board, and shall be final, except that the board may, under changed or better understood conditions, modify such record in order to attain more advantageous results in cost. No division established by the board of supervisors shall embrace roads or streets within a city.

[38 G. A., ch. 237, § 7.]

SEC. 2916. Improvement program—assessment districts.

When the board of supervisors of any county shall decide to begin the improvement of any division of said primary road system, it shall, on or before the first day of August of any year, by a resolution filed with the state highway commission, specify the division or divisions of the primary road system in said county which they desire to improve hereunder. Said resolution shall indicate the program of improvement for the ensuing year or years, and shall specify the funds available or the method proposed to finance the cost of such improvements. If the resolution filed with the state highway commission embraces the hard surfacing of any division of primary roads, the same shall be accompanied by a proposed assessment district for each division in the form of an engineer's plat. Each district shall be clearly designated by some appropriate and distinctive name and number, such, for instance, as "Correctionville road, district number one". Portions of primary roads which diverge from a common point may be included within one district. No district established by the board of supervisors shall embrace real estate within a city, but no proceedings for an improvement which embraces a road or street of a town shall be affected by the fact that subsequent to the establishment of the district, and before the completion of the improvement, such town becomes a city by change in population.

All real estate lying upon and immediately adjacent to each side of the highway, and constituting two continuous zones each three hundred twenty rods in width, measured from the center of the highway, shall be included within each district. The board of supervisors may increase the width of either of said zones by extending the outer boundary thereof for a distance of not to exceed one hundred sixty rods. If either of the zones first mentioned be increased in width, the outer boundary of such increase may follow governmental or other well defined lines; and if any part of a governmental forty-acre tract, or less, is within four hundred eighty rods of the center of the road, then in such case the entire forty acres or less may be included within the district. Should the center of the highway be less than four hundred eighty rods from an interstate boundary line, or river which acts as such interstate boundary, then the zone adjacent to such line or river may extend to such line or river. Should travel to or from such highway to real estate within either of said zones be wholly barred by a natural or artificial barrier, the board of supervisors may wholly exclude such real estate, or any portion thereof, from such assessment district, or may otherwise meet the difficulty by making a nominal assessment on said real estate.

[38 G. A., ch. 237, § 8.]
SEC. 2917. Approval of improvement project—record of lands.
1 The said commission shall examine said project, and before
2 approval shall have power to so modify the same as to comply with
3 this chapter. Upon the approval of said resolution by the state high-
4 way commission, the said district or districts, as proposed by the
5 board, shall be deemed finally established. Upon the final establish-
6 ment of said district or districts as above provided, the board of super-
7 visors shall cause to be entered and published in the minutes of its
8 proceedings, a description of all real estate embraced within each dis-
9 trict. Such description may be by any legal description, but the failure
10 to strictly comply with said direction as to such entry and publication
11 shall not affect the validity of the proceeding.
[38 G. A., ch. 237, § 9.]

SEC. 2918. Surveys, plans and approval thereof.
1 When the resolution has been finally approved, the commission
2 shall make, or cause to be made, proper surveys, and shall prepare the
3 plans, specifications and estimates for such improvement, or shall
4 cause the same to be prepared by the county engineer, under its
5 supervision, which plans, specifications and estimates shall be finally
6 approved by the board and the commission, and filed with the county
7 auditor, and the work shall be done in accordance therewith, except
8 in so far as the same may be modified by the commission to meet
9 unforeseen or better understood conditions, and no such modification
10 shall be deemed an invalidating matter. Such plans and specifications
11 may provide, as a part of said hard surfaced roadway (and to be com-
12 puted as a part of the cost thereof), for such shoulders of gravel or
13 other material as may be necessary to protect the roads thereof and to
14 facilitate travel thereover.
[38 G. A., ch. 237, § 10.]

SEC. 2919. Bids—contracts and limitations thereon—bonds.
1 As soon as the approved plans and specifications are received by
2 the board of supervisors, they shall proceed to advertise for bids
3 for the construction of said improvement.
4 Each bid shall be accompanied by a sworn statement by the
5 bidder, or by a partner or officer thereof, which shall show the name
6 and address of each director, officer or partner of such bidder. No
7 contract shall be let to any state or county official, elective or appoint-
8 ive, nor to any relative of such state official, nor to any partnership
9 or corporation in which such state official or relative thereof is finan-
10 cially interested.
11 No contract shall be let to any partnership or corporation in
12 which a county officer of the contracting county, or relative of such
13 county officer, is financially interested. The letting of a contract in
14 violation of the foregoing provisions shall not invalidate the con-
15 tract, nor any bonds issued thereunder, but upon discovering such
16 violation, the board of supervisors or the state highway commis-
17 sion may terminate the contract, and such violation in case of such
18 termination shall be a complete defense to any action by the con-
19 tractor to recover any consideration due or earned under the contract
20 at the time of such termination.
21 In the award of contracts, due consideration shall be given not
22 only to the prices bid, but to the mechanical and other equipment, and
§§ 2920-2921.  PRIMARY AND SECONDARY ROAD SYSTEMS.  Tit. XI, Ch. 7.

23 financial responsibility of the bidder and his ability and experience in
24 the performance of like or similar contracts.  The board may reject
25 any or all bids and may readvertise for bids, or, with the written con-
26 sent of the state highway commission, may let by private contract, or
27 with such consent may proceed to the construction (except in case
28 of paving) by day labor at a cost not to exceed the lowest bid received.
29 In any event, all contracts entered into under the provisions of this
30 chapter shall be approved by the state highway commission before
31 they shall become effective.
32 The form and conditions of all contracts, the form and conditions
33 of all bonds taken or required for the full performance or maintenance
34 of all work, shall be prescribed by the state highway commission.  All
35 contracts for performing paving work or furnishing material therefor
36 shall be in writing and shall be secured by a bond for the faithful per-
37 formance thereof, which bond shall be so drawn as to fully secure the
38 proper county from defective workmanship or material for five years
39 after the completion of contract.
[38 G. A., ch. 237, § 11.]

SEC. 2920.  Supervision of work—duty of highway commission—
bonds.
1 The state highway commission is expressly charged with the duty
2 of controlling the supervision, inspection and direction of the work of
3 construction on behalf of the state and its counties, and of supervising
4 the expenditure of all funds paid on account of such work by the
5 counties of the state, and it shall do and perform all other matters and
6 things necessary to the faithful completion of the improvements herein
7 authorized, and to fully carry out the cooperation contemplated and
8 provided by the said federal aid road act.
9 All engineers or inspectors having responsible charge of any im-
10 provement shall give bonds for the faithful performance of their
11 duties and for like accounting of all property intrusted to their cus-
12 tody.  All bonds given by such engineers or inspectors in the employ
13 of the state highway commission shall be deemed to embrace any and
14 all improvements of which they may be in charge.
[38 G. A., ch. 237, § 12.]

1 Claims for draining and grading, graveling or oiling, shall be paid
2 wholly from the county's allotment of the primary road fund.  Claims
3 for hard surfacing, in case the county is proceeding without bond
4 issue, shall be paid to the extent of seventy-five per cent of the total
5 cost of such hard surfacing, from the county's said allotment, and the
6 balance shall be paid with special assessment or road certificates, or
7 with the proceeds thereof.  Claims for hard surfacing, in case the
8 county is improving with the proceeds of a bond issue, shall be paid,
9 first, from the county's said allotment then available, or from any
10 balance of said allotment remaining after the retirement of bonds and
11 from the proceeds of special assessments, and second, out of such bond
12 fund of the county.
13 All claims shall be itemized upon voucher forms prepared by the
14 state highway commission, sworn to by the claimants, certified to by
15 the engineers in charge, filed with and audited by the board of super-
16 visors, and then forwarded to the state highway commission for final
audit and approval. Upon the final approval of vouchers which are payable from the county's allotment of the primary road fund, such vouchers shall be forwarded to the auditor of state, who shall draw warrant therefor, and said warrant shall be paid by the treasurer of state from the primary road fund.

Duly approved voucher claims, payable at the office of the county treasurer, shall be forwarded by the state highway commission to the county auditor, who shall issue warrant therefor, and the county treasurer shall pay the same with special assessment or road certificates, or from the proceeds thereof, or from the bond fund, as the case may be. Partial payments may be made on work during the progress thereof, but no such partial payment shall be deemed final acceptance of the work nor a waiver of any defect therein.

[38 G. A., ch. 237, § 13.]

SEC. 2922. Board of apportionment—report—notice and hearing—fees of appraisers.

A board of apportionment of three resident freeholders of the county shall be appointed by the board of supervisors to apportion all special benefits to real estate within each district, but the same board of apportionment may act for more than one district. No person shall serve on such board if he lives or owns real estate within the district for which he is to act.

Whenever the total expense of such improvement within said district has been approximately determined, said board of apportionment shall, with all reasonable dispatch, personally inspect and classify in some uniform manner, and under some intelligent description, and in a graduated scale of benefits, all real estate within said districts. Said classification, when finally established, shall remain as a basis for all future assessments to cover deficiencies, if any, unless the board of supervisors, for good cause, shall authorize a revision thereof.

Said board of apportionment shall, among other relevant and material matters, if any, give due consideration to the fair market value per acre of each of the different tracts of real estate, to their relative location and productivity, and to their relative proximity and accessibility to the said improvement.

They shall, in writing, and to the different described tracts of real estate within said district, make an approximately equitable apportionment of twenty-five per cent of the total expense of said improvement.

In making said apportionment, real estate owned by the state or any county shall be treated as other real estate, but no other publicly owned real estate shall be included, and in apportioning benefits to real estate owned by the county or state no consideration shall be given to the buildings thereon.

Said apportionment report shall specify each tract of real estate by some intelligent description, the amount apportioned thereto, and the ownership thereof, as the same appears on the transfer books in the auditor's office, and shall be filed with the county auditor. Said apportionment shall carry the presumption, in the absence of contrary showing, that the same is fair, just, equitable, and in proportion to benefits and not in excess thereof.

Upon receipt of said apportionment, the county auditor shall fix a day for hearing before the board of supervisors, and cause notice to be served upon each person whose name appears in said apportion-
§ 2922. PRIMARY AND SECONDARY ROAD SYSTEMS. Tit. XI, Ch. 7.

ment report, or in any recommendation accompanying the same, as owner, and also upon the person or persons in actual occupancy of any such real estate, which notice shall state the amount of special assessments apportioned to each tract, the day set for hearing before the board of supervisors, that at said hearing any apportionment may be increased without further notice, that (if such be the case) the board of apportionment has recommended that specified additional tracts of real estate should be included within said district, and that specified sums should be apportioned thereto to defray the cost of said improvement, and that all objections to said report, or any part thereof, by reason of any irregularity in prior proceedings, or by reason of any irregularity, illegality, or inequality in making such apportionment, must be specifically made in writing and filed with the county auditor on or before noon of the day set for such hearing, and that a failure to so make and file such objections will be deemed a conclusive waiver of all such objections.

The county auditor shall cause such notice to be published in at least one of the official newspapers of the county once each week for two consecutive weeks, the last of which publications shall be not less than five days prior to the day set for said hearing. Proof of such service shall be made by affidavit of the publisher and be filed with the county auditor.

Omission to serve any party with notice herein provided, shall work no loss of jurisdiction on the part of the board over such proceeding, and such omission shall only affect the persons upon whom service has not been had, and if, before or after the board has entered its final order in apportionment proceedings, it be discovered that service of said notice has not been had on any necessary person as herein provided, the board shall fix a time for hearing as to such omitted parties and shall cause such service to be then made upon them, either by publication as in this section provided or by personal service in the time and manner required for service of original notices in the district court, and after such hearing shall proceed as to such person as though such service had been originally complete.

The appearance of any interested party, either in writing or personally, or by authorized agent, either before the board of supervisors or before the state highway commission at any stage of a pending proceeding for the hard surfacing of the highways of a district, shall be deemed a full appearance. Only interested parties shall have the right to appear before the board of supervisors in proceedings provided for in this chapter, and all persons so appearing shall be required to state for whom they appear, and the clerk of the board shall make definite entry accordingly, in the minutes of the board.

The state highway commission shall prescribe standard forms for apportionment reports and notice of hearings thereon.

Each member of the board of apportionment shall be paid in full for all services, at the rate of six dollars per day of actual service, and ten cents per mile for each mile necessarily traveled in the performance of his duties, and bills therefor, duly sworn to and itemized, shall be returned to the board of supervisors with the report of the apportioners.

[38 G. A., ch. 237, § 14.]
SEC. 2923. Report in re omitted lands.

Should the board of apportionment be satisfied from its investigation, that certain tracts of real estate have been omitted from said district, and that such omitted tracts ought to bear an equitable portion of the expense of such improvement, and are, as to any part thereof, within four hundred eighty rods of said improvement, and not embraced within any other primary road district, they shall proceed in the following manner, to wit:

First, they shall make and return their apportionment report to the board of supervisors, on the presumption that no real estate will be ultimately assessed, except the real estate which is embraced within the district as then constituted and established.

Second, they shall accompany their apportionment report with a definite list of the heretofore mentioned tracts of real estate, which ought, in their judgment, to be within said district, but which have been omitted therefrom, and shall definitely state the amount which, in their judgment, each such omitted and described tract ought to equitably bear toward the cost of the improvement. The board of supervisors on the final hearing of said apportionment report, shall pass on said recommendation, and may wholly reject or wholly approve the same, or may reject in part and approve in part, or may approve wholly or in part, with modification. If the recommendation be approved and adopted in any part, the board shall enter an order changing the boundaries of the district accordingly, and notify the state highway commission of said change, and shall adjust the final apportionment in accordance therewith.

[38 G. A., ch. 237, § 15.]

SEC. 2924. Hearing on report—levy of assessments—payment.

The final hearing on said apportionment report may be adjourned from time to time without loss of jurisdiction on the part of the board. On such final hearing the board shall hear and determine all objections filed, and may increase, diminish, annul or affirm the apportionment made in said report, or any part thereof, as may appear to the board to be just and equitable.

On the final determination, the board shall levy such apportionment and all installments thereof upon the real estate within said district, as finally established, and said assessment and all installments thereof shall be then due and payable, and bear interest at six per cent per annum from said date; provided that if any owner, other than the state or county, of any of said tracts of land shall, within twenty days from the date of said assessment agree, in writing filed in the office of the county auditor, that in consideration of his having the right to pay his assessment in installments, he will not make any objection of illegality or irregularity as to said assessment upon his said real estate, and will pay the same with six per cent interest thereon; then and in that case, said assessment shall be payable as follows: In ten equal installments, the first of which, with interest on the whole assessment from the date of levy, shall mature and be payable on the date of such agreement, and the other installments, with interest on the whole amount unpaid, annually thereafter, at the same time and in the same manner as the March semiannual payment of ordinary taxes. Where no such agreement is executed, then the whole of such special assessment so levied shall mature at one
§§ 2925-2927. PRIMARY AND SECONDARY ROAD SYSTEMS. Tit. XI, Ch. 7.

time and be due and payable with interest from the date of levy, and shall be collected at the next succeeding March semiannual payment of ordinary taxes.

All such taxes shall become delinquent on the first day of March next after their maturity, shall bear the same interest, the same penalties and be attended with the same rights and remedies for collection, as ordinary taxes.

An owner of land who has availed himself of said ten-year option may at any time discharge his assessment by paying the balance then due on all unpaid installments, with interest on the entire amount for thirty days in advance.

Assessments against lands owned by the state or county shall be due and payable from the date of levy by the board of supervisors, or in the case of any appeal, from the date of final confirmation of the levy by the court.

In case of assessment on lands owned by the county, the same shall be paid from the county general fund. In case of assessments on lands owned by the state, the same shall be represented by a voucher, duly audited as heretofore provided, and the state auditor shall draw warrant therefor and make the same payable out of any funds in the state treasury not otherwise appropriated.

[38 G. A., ch. 237, § 16.]

SEC. 2925. Reassessments to meet deficit.

In case an assessment as originally made, should later be found to be insufficient to pay one-fourth of the total cost of the improvement, an additional assessment may be made in the same relative ratio as the original assessment, to meet the deficiency. In case an assessment appears to be invalid or, in the judgment of the board, seriously defective, the board of supervisors may proceed to the making of a new assessment as though no assessment had ever been made.

[38 G. A., ch. 237, § 17.]

SEC. 2926. Limitations on assessments—deficits.

Special benefit assessments shall be levied for an amount which, in the aggregate, shall equal twenty-five per cent of the total cost of hard surfacing, and sums expended for drainage, grading, bridging and culverting shall not be computed as part of said cost, except that the cost of such draining and grading as is purely incidental to the construction of said hard surfacing may be included in the cost thereof.

No real estate, under any circumstances, though embraced within more than one road assessment district, shall be specially assessed for the original cost of hard surfacing in an amount exceeding, in the aggregate, four per cent of the fair market value thereof. Any deficiency in the said twenty-five per cent of the total cost, occurring by reason of said four per cent limitation, shall be paid from the county’s allotment of the primary road fund.

[38 G. A., ch. 237, § 18.]

SEC. 2927. Appeals—power of court—duty of clerk.

Any owner of land may appeal to the district court from the order of the board of supervisors in levying the assessment against
his real estate, by filing with the county auditor within fifteen days from the date of such levy, a bond conditioned to pay all costs in case the appeal is not sustained, and a written notice of appeal wherein he shall, with particularity, point out the specific objection which he desires to lodge against such levy. The appearance term shall be the trial term, and said appeal shall have precedence over all other business of the term except criminal matters. The appeal shall be heard as in equity, and the court may raise or lower the assessment in question and make an equitable assessment in the judgment of the court. The clerk of the district court shall, upon the entry of the final order of the court, certify such final order to the county auditor, and the board of supervisors shall at once so adjust the assessments as to comply with such final order.

[38 G. A., ch. 237, § 19.]

SEC. 2928. Appeal—procedure.

When an appeal is taken, the county auditor shall at once make a transcript of the notice of appeal and appeal bond, and transmit the same to the clerk of the district court. The appellant shall, on or before the first day of the first term of the court, after taking said appeal, docket said appeal and file a petition setting forth the order or decision of the board of supervisors appealed from and his specific objections thereto. A failure to comply with either of these requirements shall be deemed a conclusive waiver of the appeal, and in such case, the court shall dismiss the same. Appellee need not file answer, but may do so.

[38 G. A., ch. 237, § 20.]

SEC. 2929. Certifying assessments and levy—lien.

When the board of supervisors has entered its final order as to the amounts of all special assessments on a given improvement, the county auditor shall at once certify a list of such assessments and a list of the real estate upon which each assessment has been levied, with the specific designation of the district embracing such real estate, to the county treasurer, who shall enter each assessment upon the tax books and continue such entry until such assessment is paid. Each special assessment and all installments thereof shall be a lien upon the real estate upon which it is levied from the date of such certification by the county auditor, to the same extent and in the same manner as taxes levied for state and county purposes. Changes in the amount of any special assessment by reason of any ruling of the district court on appeals, shall be likewise certified and the county treasurer shall make the proper corrections on his books.

[38 G. A., ch. 237, § 21.]

SEC. 2930. Account for each district.

Each assessment district shall be considered a unit and all funds received by the county treasurer for and on behalf of the hard surfacing of such unit shall be carried as a distinct and separate account under the same specific name as that used by the board in establishing such unit.

[38 G. A., ch. 237, § 22.]
§ 2931. Road certificates—requirements—payment—termination of interest.

In order to render immediately available that amount of the cost of an improvement which has been specially assessed, the board may issue road certificates in the name of the county in an aggregate amount not exceeding the then unpaid amount of the special assessment levied in said district. Each issue of certificates shall be under, and in accordance with, a duly adopted resolution of the board which shall be entered at large in the minutes of the proceedings of the board, and which shall recite: (1), the name or designation of the road district on account of which the certificates are issued; (2), that a stated amount (naming the amount) has been specially assessed against the lands within said district; (3), that a stated amount of said aggregate special assessment has not yet been paid (naming said unpaid amount); (4), that it is necessary to render said unpaid amount immediately available; (5), the number of road certificates authorized and the specific amount of each certificate; (6), the specific numbering or designation of each certificate; (7), the rate of interest which each certificate shall bear from date, to wit, not to exceed six per cent per annum; (8), the fact that said certificates are payable solely from the proceeds of the special assessments which have been levied on the lands within said district; (9), that each certificate shall be payable on or before the first day of January of the first year following the maturity of the last installment of said special assessments, and that interest thereon shall be paid annually; (10), the authorization to the chairman of the board, and to the county auditor respectively, to sign and countersign each of said certificates.

Upon the signing of each of said certificates by the chairman of the board, said certificates shall be delivered to the county auditor, who shall countersign the same, charge the county treasurer with the amount thereof, and deliver the same to such latter officer, who shall be responsible therefor on his bond. The treasurer may apply said certificates in payment of any warrants duly authorized and issued for hard surfacing the roads within said district, or he may sell the same for the best attainable price and for not less than par plus accrued interest and apply the proceeds in payment of such authorized warrants. Said certificates shall be retired in the order of the consecutive numbering thereof.

The county treasurer shall, on or in connection with the road account for said district, clearly enter the name and postoffice address of all persons to whom any of said certificates are issued, with a particular designation of the certificates delivered to each person. Any subsequent holder may present his certificates to the county treasurer and cause his name and postoffice address to be entered in lieu of that of such former holder. Whenever the fund for such particular district has money sufficient to pay the first retirable certificate or certificates, the county treasurer shall, by mail, as shown by his records, promptly notify the holder of such certificate of such fact, and from and after the mailing of such letter all interest on such certificate shall cease.

[38 G. A., ch. 237, § 23.]

§ 2932. Anticipation of annual allotments—procedure.

The board of supervisors of any county which is proceeding with the drainage, grading and hard surfacing of its roads without the aid
3 of a bond issue, may, by the issuance of road certificates, anticipate the
4 annual allotment of the primary road fund for said county, for the
5 current and succeeding year.
6
7 Such certificates shall be authorized by a duly adopted resolution
8 which shall specify, (1) the allotment or allotments which are to be
9 anticipated, (2) the amount of certificates authorized, which amount
10 for any such anticipated year shall not exceed a sum equal to ninety
11 per cent of the county's allotment for the year preceding that in which
12 the authorization is made, (3) the denominations of each certificate,
13 (4) the rate of interest which each certificate shall bear, which shall
14 not exceed six per cent per annum, payable annually, and (5) the
15 authorization of the chairman of the board of supervisors and of the
16 county auditor, respectively, to sign and countersign such certificates.
17
18 Each certificate shall recite the allotment of which it is anticipa-
19 tory, and shall be payable on or before the last day of the year for
20 which such allotment has been anticipated, and shall recite that it is
21 payable solely from the future proceeds of the county's allotment of
22 the primary road fund.
23
24 The record of such certificate by the county auditor, the receipt,
25 record, handling and disbursement of the same by the county treas-
26urer, and the latter's responsibility therefor, shall be the same as pro-
27vided herein for road certificates issued for special assessments on
28 benefited property.
29
30 Such anticipated allotments shall stand pledged for the payment
31 of such certificates and shall be used for no other purpose. As soon
32 as said anticipated allotment is available to the county, the state high-
33 way commission shall notify the county treasurer of such fact, and the
34 county treasurer shall at once forward to the said commission the
35 canceled vouchers which were paid from the proceeds of the certifi-
36 cates issued in anticipation of such allotment, and thereupon the said
37 commission shall forward to the state auditor, in favor of the county
38 treasurer, a voucher for the amount of said canceled claims with
39 interest thereon sufficient to balance the interest on an equal amount
40 of certificates to the first day of the next succeeding month. The
41 auditor of state shall issue his warrant for said amount and the treas-
42 uryer of state shall pay the same out of the primary road fund. The
43 county treasurer immediately upon receipt of said funds, shall notify
44 the holders of said certificates that said certificates will be met on
45 presentation, and from and after the mailing of said notice, interest
46 on said certificates shall cease. Said funds so received shall be used
47 solely for the purpose of retiring said certificates. If, for any reason,
48 the amount realized from an anticipated allotment be insufficient to
49 meet the legally issued certificates, the deficiency shall be met from
50 the county's first accruing allotment thereafter.

[38 G. A., ch. 237, § 24.]

SEC. 2933. Election in re bonds—notice—form of proposition—
canvass—procedure to test legality.

1 If any county desires to hasten the drainage and grading or the
2 hard surfacing of the primary roads of its county at a more rapid
3 rate than would be accomplished by merely employing each year its
4 allotted portion of the primary road fund for said year, it may pro-
5 ceed as follows: The board may submit or upon petition of a number
6 of the qualified voters of the county equal to twenty per cent of the
7 total vote cast in said county at the last preceding general election,
presented to the board in writing so to do, must submit to the voters of the county at a general election, or at a special election called by the board for such purpose, the question of issuing bonds for the purpose of raising funds to meet the cost of such work, and to provide for the retirement of such bonds and interest thereon.

Notice of such election shall be given by publication once each week for two successive weeks in all the official newspapers of the county, stating the time when such election will be held, and substantially the proposition that will be submitted; the last publication to be at least five days prior to the day such election is to be held.

Special elections shall be conducted in the same manner as general elections are conducted. Said question shall be set forth on the ballots substantially as follows: "Shall the board of supervisors be authorized to issue bonds from year to year, in the aggregate amount not exceeding ................ dollars, for the purpose of providing the funds for hard surfacing the primary roads of the county, and to levy a tax on all the property in the county from year to year not exceeding ................ mills in any one year, for the payment of the principal and interest of said bonds, provided, however, that the annual allotments to the county of the primary road fund shall be used to retire said bonds as they mature, and only such portion of said tax shall be levied from year to year as may be necessary (1) to pay the interest annually, and (2) to meet any deficiency, if any, between the amount of the principal of the bonds and the said allotments from the primary road fund, together with assessments on benefited property provided by law." Immediately to the right of said proposition shall appear two squares of appropriate size, one above the other. Immediately after the first square shall appear the word "yes". Immediately after the other square shall appear the word "no". The voter shall indicate his vote by a cross in the appropriate square.

The returns of said elections shall be canvassed by the board, and its findings shall be entered at large in the minutes of its proceedings. No proceedings to test or review the legality or correctness of said election shall be maintainable unless instituted within thirty days after the findings of the board have been entered upon the record. The fact of each authorization of bonds by a county shall be at once certified by the county auditor to the state highway commission, with such data relative thereto as the commission may demand.

If a majority of the votes be in favor of such issue of bonds and tax levy, the board shall from time to time, as necessary to meet the construction cost and expenses incidental thereto, not provided for by funds immediately available from the primary road fund, or from proceeds of special benefit assessments heretofore provided for, issue serial bonds in denominations of five hundred dollars or one thousand dollars each, and at a rate of interest, payable annually, not exceeding five per cent per annum. Bonds and annual interest thereon shall mature on the first day of May. Each bond shall provide that the same shall be payable at the option of the county, on any interest payment date on or after five years from the date of the bond. No bonds shall be sold for less than par value plus accrued interest. No bonds shall be issued with maturity date postponed more than fifteen years.
SEC. 2935. Bond levy.

1 If a majority of the voters be in favor of such bond issue and tax levy, the board of supervisors shall, each year thereafter during the life of the bonds, levy on all the property of the county such part of such authorized tax as will clearly meet (1) the matured or maturing interest for the ensuing year on all such outstanding bonds, and (2) any amount of maturing principal of bonds, provided, however, that only so much of said tax shall be levied in any year for principal of said bonds, if any, as can not be met (a) by the county’s allotment of the primary road fund available for such ensuing year, and (b) by the proceeds of special assessments on benefited property.

[38 G. A., ch. 237, § 27.]

SEC. 2936. Bonds—issuance—sale—retirement—terminating interest—exemption from taxation.

1 All bonds issued under the provisions of this chapter shall be issued in serial form. Each issue shall be authorized by a duly adopted resolution of the board, which resolution shall be entered at large in the minutes of the board. Such resolution shall clearly specify the number of bonds authorized, the amount of each bond, the number or designation of each bond, the rate of interest which each bond shall bear from date, which interest shall not exceed five per cent per annum, payable annually, the date of maturity of each bond, and the authorization to the chairman of the board to sign, and to the county auditor to countersign, the same. When signed and countersigned, the county auditor shall charge the county treasurer with the amount of same and deliver the same to the county treasurer, who shall be responsible therefor on his bond.

14 The county treasurer shall, when so directed by the board, apply any part or all of said bonds in payment of any warrants duly authorized and issued for the particular purpose for which such bonds are issued, provided the same are applied, for at least par of such bonds plus all accrued interest, or the county treasurer shall, when so directed by the board, advertise and sell any part or all of said bonds for the best attainable price, and for not less than par plus all accrued interest, and apply the proceeds wholly for a like purpose. Said advertisement shall be inserted once a week for at least two weeks in one official county paper in the county, and for a like period in at least one newspaper of general circulation throughout the state, and may include one or more periodicals devoted to the interest of investors.

26 Bonds of each series shall be retired in the order of the issuance of each series. The county treasurer shall, in disposing of said bonds, keep an accurate record of the name and postoffice address of all persons to whom any of said bonds are issued, with a particular designation and description of the bonds delivered to each person. Any subsequent holder of any of such bonds may present the same to the county treasurer and cause his name and postoffice address to be entered in lieu of such former holder. Whenever the fund from which such bonds are payable is sufficient to pay the legally retireable series of any issue of bonds, the county treasurer shall, by mail, as shown by his records, promptly notify the record holder thereof of such fact, and from and after the expiration of twenty days from the mailing of such notice, all interest on such bonds shall cease. If bonds are presented and paid prior to the expiration of such time, interest
§§ 2937-2939. PRIMARY AND SECONDARY ROAD SYSTEMS. Tit. XI, Ch. 7.

shall be computed only to the time of such presentation and payment.

Bonds, and road certificates (whether issued in anticipation of special
assessments or in anticipation of annual allotments of the primary
road fund), shall not be taxed.

[38 G. A., ch. 237, § 28.]

SEC. 2937. Auditor to certify authorization and issuance of bonds.

The county auditor shall certify to the state highway commission
a correct copy of each resolution which authorizes the issuance of bonds or road certificates which are anticipatory either of special assessments or annual allotments, and from time to time a like certificate as to the actual issuance of bonds or road certificates, under such resolution, together with such data relative thereto as the commission may demand.

[38 G. A., ch. 237, § 29.]

SEC. 2938. Retirement of immature bonds.

Whenever available funds created under this chapter are not needed for pending or contemplated improvements, the board of supervisors may, with the consent of any holder of immatured bonds, retire the same by purchase at a price not exceeding par and accrued interest.

[38 G. A., ch. 237, § 30.]

SEC. 2939. Validation of tentative contracts—election.

If any county desires to proceed with the hard surfacing of the primary roads of said county at a more rapid rate than would be accomplished by merely employing its allotted portion of the primary road fund as it becomes available from year to year, it may in lieu of the procedure provided in section twenty-nine hundred thirty-three proceed as follows: The board of supervisors may enter into one or more tentative contracts for the hard surfacing of any designated number of divisions of one or more of such roads of its county. Such tentative contract or contracts shall be entered into in the same manner and under the same formality and procedure heretofore prescribed for the execution of contracts. Such tentative contracts shall not be effective as contracts until validated by the voters of the county as herein provided, and shall so recite.

Upon the execution of such tentative contract or contracts, the board of supervisors may submit to the voters of the county, at a general election or at a special election called by the board for such purpose, the question of validating said contract or contracts and of issuing bonds and of levying a tax to meet the cost of such work. Special elections shall be conducted in the same manner as general elections are conducted.

Notice of such election shall be given by publication once each week for two successive weeks in all the official newspapers of the county, stating the time when such election will be held, and substantially the proposition that will be submitted; the last publication to be at least five days prior to the day such election is to be held.

If any such contract is to be submitted for validation, the said questions shall be set forth on the ballots substantially as follows: "Shall the following contract be validated, to wit: the contract entered into by the board of supervisors on the day of ..."
and approved by the state highway commission on the day of between county and (specifying the name of the contractor) for the hard surfacing of road with material, and shall the board of supervisors be authorized to issue bonds of this county in an amount not exceeding dollars for the purpose of providing the funds with which to pay for such hard surfacing, and shall the board of supervisors be authorized to levy a tax from year to year on all the property in the county in an amount not exceeding mills in any one year for the payment of the principal and interest of said bonds, provided, however, that the annual allotments to the county of the primary road fund shall be used to retire the bonds as they mature, and only such portion of said tax shall be levied, if any, as is necessary to pay the interest annually and to meet any deficiency between the maturing principal of such bonds and the allotments aforesaid?"

Immediately to the right of said proposition shall appear two squares, one above the other. Immediately after the first square shall appear the word "yes". Immediately after the other square shall appear the word "no". The voter shall indicate his vote by a cross in the appropriate square. If more than one contract is to be submitted at said election, for validation and for authorization to issue bonds and to make tax levy, the proposition pertaining to each contract shall be separately stated on the same ballot and each proposition shall be complete in itself, but the voting thereon shall be collectively and not separately.

[38 G. A., ch. 237, § 31.]

SEC. 2940. Result of election—procedure to test legality.

1 The returns of such election shall be canvassed by the board of supervisors, and its findings shall be entered at large in the minutes of the proceedings. If more than one contract has been submitted, and if a majority of the votes be against the validation of such tentative contracts then all the said contracts submitted at said election shall be of no further force and effect. If the majority of the votes be in favor of such tentative contract or contracts, then the same shall be deemed a contract in fact. Actions to test the legality of such election or of any proceedings relating thereto, shall be instituted within thirty days after the findings of the board as to such election have been entered of record, and not afterwards.

[38 G. A., ch. 237, § 32.]

SEC. 2941. Bonds in re validated contracts.

1 If said contract or contracts be validated, the board of supervisors shall from time to time, and as necessary to meet the construction cost and expense incidental thereto, issue serial bonds in such denominations and amounts as will, in its judgment, afford the most advantageous sale, and at a rate of interest, payable annually, not exceeding five per cent per annum, provided that said bonds shall only be issued for such part of such costs and expenses which can not be met by the funds immediately available from the primary road fund and from the proceeds of special assessments herein provided for. No bonds shall be sold for less than par value plus all accrued interest

11 thereon. No bonds shall be issued with maturity date postponed more
12 than fifteen years.
[38 G. A., ch. 237, § 33.]

SEC. 2942. Bond levy in re validated contracts.
1 If said contract or contracts be validated, the board of supervisors
2 shall each year thereafter, and during the life of the bonds, levy
3 such tax within the limits authorized at said election, on all the prop-
4 erty in the county as will fully meet, first, all matured or maturing
5 interest for the ensuing year on all outstanding bonds, and second, any
6 amount of matured or maturing principal of bonds for the ensuing
7 year, if any, which can not be paid from the county's estimated allot-
8 ment of the primary road fund for such year and from proceeds of
9 special assessments, and any balance remaining in said fund as pro-
10 ceeds of said levy when all bonds and interest thereon shall have been
11 paid, shall be transferred to the county road cash fund of such county.

SEC. 2943. Improvements within cities and towns.
1 The board of supervisors shall not drain, grade or hard surface
2 any highway within the limits of cities. Draining and grading on the
3 primary system within towns shall be done by said town at its own
4 expense. The board of supervisors is hereby given plenary jurisdic-
5 tion to hard surface, within any town, any road or street which is a
6 continuation of the primary road system of the county, providing that
7 no hard surfacing constructed hereunder in any town shall exceed
8 eighteen feet in width. After the completion of such improvement
9 the same shall be maintained by the town and such town shall rest
10 under the same obligation of care as to such improvement as is now
11 provided by law for roads and streets generally. Any such town,
12 through its council, and each county of the state, through its board
13 of supervisors, are hereby authorized to enter into written agree-
14 ments, subject to the approval of the state highway commission, to
15 determine the location of such improvements within such towns. In
16 case of disagreement, the matter shall be referred to the state high-
17 way commission, whose decision shall be final.
[38 G. A., ch. 237, § 35.]

SEC. 2944. Improvements of county line road—procedure.
1 Boards of supervisors of adjoining counties may jointly agree
2 on a district for the hard surfacing of roads in the following cases:
3 1. When a primary road substantially parallels a county bound-
4 ary line and is not more than one mile from such boundary line, or
5 2. When a primary road approaches a county boundary line at
6 such an angle that the hard surfacing hereunder of such road will
7 reasonably necessitate a district with a substantial part thereof in
8 different counties, or
9 3. When a primary road constitutes a common boundary line
10 between different counties.
11 In case of common boundary line roads, said boards may also
12 jointly agree as to which county, through its board of supervisors,
13 shall construct said improvement. Such agreements shall be subject
14 to the approval of the state highway commission. If such agreements
15 are entered into and so approved, the county in which the paralleling
or angling road is situated shall construct the said improvement as herein provided. If such agreements are entered into relative to a common boundary line road, said improvement shall be constructed by the county agreed on. Should said boards be unable to agree on the district for the improvement of a paralleling or angling road, or should the boards be unable to agree on the district for the improvement of a common boundary line road and also as to which board shall construct the improvement, either board may apply to the state highway commission for a decision in the matter. The said commission shall, by proper order, fix the limits of the district. It shall also determine which county shall construct the hard surfacing on the common boundary line road. Said order shall be final. Such order shall be certified to each board, and the board of the county to which construction has been assigned shall enter such order at large in the minutes of its proceedings, and proceed with the construction of such hard surfacing in the same manner as though the district and the real estate therein were wholly within their county, except that the board of apportionment shall file its report with the board of supervisors of all counties in which any of such real estate is located.

The county auditor of the county constructing the hard surfacing shall fix a time for a hearing on said report, and shall cause notice thereof to be given as in cases where the district and the real estate therein are wholly within one county, except that said notice shall be published in one of the official newspapers of each of the counties in which any of the real estate is situated.

All subsequent proceedings including objections, final confirmation and appeals shall proceed in the same manner as though the real estate therein were wholly within the constructing county, except that the county auditor of the county constructing the improvement shall, after the final apportionment has been determined and levied, certify a list of the real estate lying in the nonconstructing county or counties and the amount levied thereon, to the county auditor and treasurer of such nonconstructing county. Such assessment and levy, when so certified, shall have the same force and effect as though the same had been duly and legally made by the board of supervisors of such nonconstructing county, and the board of supervisors, auditor and treasurer of such nonconstructing county shall henceforth proceed with the collection of said levy on such real estate in their county as though such levy had arisen out of an improvement proceeding wholly within their county, and when the amount of such levy has been collected, either by cash payments by the property owner, or by the sale of certificates, said county treasurer shall hold the same as a reimbursement to said county on its allotments from the primary road fund.

As soon as the final apportionment and levy have been made, the board of supervisors of the constructing county shall, through its county auditor, certify to the state highway commission the total amount of the levies on the real estate in the nonconstructing counties, and the state highway commission shall credit the constructing county and charge the nonconstructing county with the amount of such certificate.

If the improvement is for hard surfacing a county boundary line road, that portion of the total cost thereof not specially assessable, to wit, seventy-five per cent, shall be taken equally from each county's apportionment of the primary road fund. If the improvement is for hard surfacing a paralleling or angling road, said seventy-five per
§§ 2945-2946. PRIMARY AND SECONDARY ROAD SYSTEMS. Tit. XI, Ch. 7.

71 cent of the total cost shall be taken wholly from the apportionment of the county wherein the paralleling or angling road is located. Any differences, not herein specifically provided for, arising between different counties, relative to the improvement of common boundary line roads, shall be referred to the state highway commission, and its decision shall be final.

[38 G. A., ch. 237, § 36.]

SEC. 2945. Improvements of city boundary line road—procedure.

Whenever any public highway that is a part of the primary road system is located along the corporate line of any city, it may be improved by hard surfacing by the board of supervisors as part of the primary system under this chapter. In such case, one-half the cost of such hard surfacing along said corporate line shall be paid by such city, and the board of supervisors of the county and the city council of such city are hereby authorized to agree in writing for the payment by the city of one-half the cost of such improvement, and in case they can not agree upon the amount to be paid by the city, and date when payment is to be made, the matter shall be referred to the state highway commission, whose decision shall be final. Said city may pay said amount from its general fund, or it may proceed under sections thirty-nine hundred twelve to thirty-nine hundred twenty-two, inclusive, for the assessment and collection of such cost, or it may pay in the first instance from such general fund and reimburse said fund thereafter from proceeds realized from such assessment proceeding. The city in such case, for prompt realization of funds, shall have the right to issue road certificates in anticipation of taxes and assessments to be realized from such assessment proceeding under said sections.

[38 G. A., ch. 237, § 37.]

SEC. 2946. Maintenance of primary roads—procedure in case of default.

Primary roads outside of towns shall be maintained by the board of supervisors under the patrol system provided by chapter eight hereof, and when so maintained under the said patrol system to the satisfaction of the state highway commission, the county's allotment of the primary road fund may be drawn on for such maintenance.

Primary roads, after the hard surfacing of the same, shall be maintained under said patrol system wholly out of the county's allotment of the primary road fund. If any county fails to maintain any of its hard surfaced roads to the satisfaction of the state highway commission, said commission shall have power to assume charge of such maintenance and pay therefor out of said county's allotment of the primary road fund. The amount of maintenance vouchers, when the work has been done by the said commission, shall be charged to the county's allotment account, and warrants for the amount of such vouchers shall be issued by the auditor of state on presentation of such vouchers, and paid by the treasurer of state as in other cases.

In case any town fails to do the draining and grading required to be done in such town in primary roads about to be improved hereunder or fails to maintain, to the satisfaction of the state highway commission, any hard surfacing constructed hereunder in said town, the said commission shall have power to assume charge of such grading, draining, or maintenance and pay for the same from the primary

23 fund belonging to said county, and, in such case, the cost thereof shall
24 be certified by said commission to the county treasurer, who shall re-
25 imburse the primary fund of the county by deducting the amount from
26 the next succeeding apportionment of tax funds belonging to the gen-
27 eral fund of said town.

[38 G. A., ch. 237, § 38.]

SEC. 2947. Additions to primary road system.
1 After the primary road system, as now constituted, or as it may
2 hereafter be constituted by authorized modifications, is fully improved
3 by hard surfacing or graveling as by this chapter provided, the state
4 highway commission shall add such lateral or other additional roads
5 to said system in any county as the board of supervisors may recom-
6 mend, and after such addition the board may proceed with the im-
7 provement of such added roads with hard surfacing or graveling un-
8 der the terms of this chapter.

In the resolution providing for the submission to the voters of the
9 question of a bond issue for development of the primary system as
10 provided in section twenty-nine hundred thirty-three, the board may
11 also outline or indicate any lateral roads, part of the secondary sys-
12 tem, which it ultimately contemplates improving after the primary
13 system has been finished, but such action shall not be deemed a ma-
14 terial matter in any way affecting the validity of such bond issue for
15 such primary roads, nor shall such action interfere in any way with
16 the earlier improvement of such lateral roads under statutes relating
17 to the improvement of roads in the secondary system.

SEC. 2948. Machinery for counties and highway commission—
donations of machinery by federal government.
1 The state highway commission, with the consent of the board of
2 supervisors of any county, is authorized to purchase for and on be-

4 ceiving competitive bids, and to pay for the same out of such county's
5 allotment of the primary road fund, and is directed to purchase, rent
6 or lease any machinery or other articles necessary for the use and
7 most economical operation of field engineering work, the testing of
8 materials, the preparation of plans, and for allied purposes, in order
9 to enable the commission to carry out the provisions of this chapter,
10 and to pay for the same out of the state highway commission main-
11 tenance fund.

12 Should the government of the United States provide for free dis-
13 tribution among the states, of machinery or other equipment suitable
14 for use in road improvement, the state highway commission is em-
15 powered to receive and receipt for such machinery and equipment,
16 and to take such action as will secure to the state the benefit of any
17 such tenders by the federal authorities. Said commission is further
18 authorized, in the event of such distribution to the states by the federal
19 authorities, to make such apportionment of said machinery or other
20 equipment among the counties of the state as in its judgment will best
21 facilitate work in progress or contemplated by any county or coun-
22 ties, but the title and right of possession of such property so received
23 from the federal government shall at all times rest in the state high-
24 way commission for the use and benefit of the state. The executive
25 council is hereby authorized to pay the expense, if any, attending the

3 annually to transfer to such fund from the funds derived from year
4 to year under the act regulatory of motor vehicles, an amount equal
5 to the estimated cost of plans and specifications for the current year,
6 as certified by the state highway commission. Said fund shall be used
7 for engineering work in connection with federal aid road projects and
8 paid out only on properly itemized vouchers approved by the state
9 highway commission and audited by the state board of audit.

10 published in the annual report under the act creating the state high-

SEC. 2954. Secondary road system defined.
1 The secondary road system shall embrace the following classes of
2 roads: (1) County roads which now exist of record, or which may
3 hereafter exist of record by additions from the township roads, ex-
4 clusive of all roads of the primary road system, and (2) township
5 roads, which shall embrace all other roads not included within cities
6 and towns. The county road cash fund, under the jurisdiction of the
7 board of supervisors, and the township road funds, under the jurisdic-
8 tion of the township trustees, are hereby wholly dedicated and
9 pledged after July one, nineteen hundred twenty, to the county and
10 township roads respectively as provided by law.

[38 G. A., ch. 237, § 46.]

SEC. 2955. Assessment districts embracing secondary roads—
survey and report—notice—hearing.
1 In order to provide for the graveling, oiling, or other suitable
2 surfacing of roads of the secondary system, the board of supervisors
3 shall have power, on petition therefor, to establish road assessment
4 districts, but such districts need not necessarily follow the zone limits
5 provided herein for the improvements of primary roads. Said peti-
6 tion shall intelligently describe the lands within said proposed dis-
7 trict, and the road or roads therein which the petitioners desire im-
8 proved, and the general nature of the improvement proposed on each
9 of said roads. Improvements may be proposed in the alternative.
10 Said petitions shall be signed by twenty per cent of the owners of the
11 lands within the proposed district who are residents of the county.
12 Said petition shall be filed with the county auditor, whereupon
13 the board of supervisors shall cause the county engineer to person-
14 ally examine all the roads within such proposed district and to deter-
15 mine the relation of such roads to the lands within such proposed
16 district, and the relation of such roads to any of the roads of the pri-
17 mary road system, and the necessity, if any, for further grading or
18 draining of such roads.
19 The engineer shall embody his finding in a report to said board.
20 He may recommend the establishment of the district as requested, or.
21 with such modifications as, in his judgment, are advisable, including
22 a recommendation as to an increase or decrease of the size of the dis-
23 trict as proposed by the petitioners. The engineer's report shall in-
24 clude a plat showing, in accordance with his recommendations, the
25 highways to be improved and benefited.
26 Upon the filing of said report by the engineer, the board of super-
27 visors shall fix a time for hearing thereon, and shall cause the county
28 auditor to serve notice by publication as hereinafter provided, of the
29 pendency of said petition on all owners of said land lying within said
30 proposed district, as recommended by the engineer.
§§ 2956-2958. PRIMARY AND SECONDARY ROAD SYSTEMS. Tit. XI, Ch. 7.

Said notice shall contain the time and place of hearing on said petition, an intelligent description of all of the lands lying within said district, and the ownership thereof, as shown by the transfer books in the auditor's office, and shall be published for two consecutive weeks in some newspaper published in the English language within the proposed district, if there be such newspaper, and if there be no such newspaper within such district, then the said notice shall be so published in some such newspaper in the county as near as practicable to said district. Proof of such publication shall be made by the publisher by affidavit duly filed with the county auditor.

Hearings on said petition may be adjourned from time to time without loss of jurisdiction on the part of the board. On the final hearing, the board shall proceed to a determination of said matter. It may reject the proposal or it may approve the same and establish the district as petitioned for. It may modify the petition either by excluding lands therefrom or by adding lands thereto, or otherwise modify the same, or the board may withhold final order in such matter until such roads, or any designated part thereof, are drained or graded to their satisfaction. No lack of definiteness, either in the petition or in the engineer's report, shall be deemed a jurisdictional defect, and the final order of the board of supervisors establishing the district shall be final. In establishing a district, the board of supervisors shall determine and enter of record the general nature of the improvement to be constructed on the different roads within the district, or may determine such improvements in the alternative and may determine on one class of improvement for some roads and a different class for other roads.

SEC. 2957. Plans for secondary improvements—bids.

Upon the establishment of a district in such secondary road system, the county engineer shall prepare the plans for the improvements contemplated by the order of the board establishing the district, which plans shall be accompanied by the standard specifications of the state highway commission for the class of improvements contemplated. Upon the filing of said plans and specifications, and upon receiving the agreement of the township or townships to pay their portion of the improvement of township roads, if any, the board shall, in accordance with their order relative to the class or classes of improvements, proceed to advertise for bids, and shall proceed as provided in section twenty-nine hundred nineteen provided that contracts involving less than five thousand dollars need not be approved by the state highway commission.

It shall be the specific duty of the board of supervisors to see that all contracts on said secondary roads are faithfully executed. The
§ 2959. Payment for secondary improvements—maintenance.

The total cost of improving a county road in said secondary system within said district, by oiling, graveling or other suitable surfacing, shall be apportioned and paid in the proportion of seventy-five per cent from the county road cash fund and twenty-five per cent from assessments on benefited lands. The total cost of so improving a township road within said district shall be apportioned and paid in the proportion of twenty-five per cent from the county road cash fund, fifty per cent from the township road funds of the township or townships embracing said township road (according to their relative mileage) and twenty-five per cent from the special assessments on benefited lands.

A county road, after it is so improved, shall be maintained by the board of supervisors from the county road cash fund. A township road, after it is so improved, shall be maintained by the township trustees from township funds, unless the improvement is of so substantial and permanent a nature, as that the board of supervisors shall by resolution add such road to the county road system, to be maintained as such.

SEC. 2960. Advancing costs and reimbursement of funds.

The total cost of such improvements on said secondary roads shall, in the first instance be paid from the county road cash fund, or jointly from such fund and from the proceeds of all special assessments and road certificates issued against special assessments on lands within the district, or by direct application of such certificates to such cost.

In case of the improvement of a county road, the said county road cash fund shall be reimbursed for amounts advanced in excess of its legal contribution, from the proceeds of all assessments on benefited property, and from the proceeds of all road certificates which represent such special assessments.

In case of the improvement of a township road, said fund shall be reimbursed to the extent of twenty-five per cent of the total cost of the improvements from said special assessments and road certificates, and fifty per cent from the township road fund, or the township drag fund, or from the township drainage fund or from any or all of said funds. The trustees are authorized to transfer to the county from any or all of such township funds the amount sufficient to effect such reimbursement.

Should the trustees neglect to make such transfers, the county treasurer, on order from the board, shall withhold from such township sufficient of its tax funds as will effect such reimbursement, and transfer such amount to the county road cash fund, or the board of supervisors may levy such direct tax against the property within said delinquent township as will effect such reimbursement.
If the district as finally established, embraces and contemplates the improvement of a township road, the board of supervisors shall proceed no farther as to such township road until the township which embraces such road shall agree in writing, signed by a majority of its trustees, to pay its portion, as herein required, of the total cost of said improvement. Said written agreement shall be deemed the financial obligation of the township and not of the trustees individually. If such township road is on a township line, such agreement shall be executed by both townships, and one-half of that portion of the cost payable from township funds shall be borne by such township.

[38 G. A., ch. 237, § 52.]

SEC. 2961. Special assessments for secondary road improvements.

Special assessments shall be levied upon the lands within districts embracing secondary roads, in the aggregate amounts hereinbefore provided, and such amount shall be apportioned and levied within said district in the manner heretofore provided in case of improvements within primary road districts, it being the intent of this section that the appointment of apportioners, the apportioning of benefits, the notice thereof and hearing thereon, and all procedure in connection therewith which leads to and culminates in the final collection and payment of such benefits, including the issuance of road certificates, shall be governed by the provisions of this chapter applicable thereto, except that no additional lands shall be included within the district after same is established by the board of supervisors.

SEC. 2962. Additional township levy.

SEC. 2963. State treasurer to credit primary fund with interest.

The state treasurer shall, quarterly, credit to the primary road fund, all sums accruing after January one, nineteen hundred twenty, to the state as interest on deposits of funds derived by the state from acts regulatory of motor vehicles, except interest on such part, if any, of said fund as may be retained in the state treasury as a maintenance fund for the administration of the motor vehicle department.

[37 G. A., ch. 316, § 3.]

SEC. 2967. Dragging of roads—further duties.

They shall keep the side ditches along the grade open and provide said side ditches with ample outlets. They shall remove loose stones and other impediments from the beaten track of the highway, fill depressions and keep the roads free from ruts, water pockets and mudholes, and shall repair approaches to bridges and culverts and keep the said approaches smooth and free from bumps, and shall perform such other duties and comply with such rules and regulations as may be provided by the board of supervisors.

SECTION 2969. Township districts consolidated.
On the first day of February, nineteen hundred fourteen, all road districts within each civil township shall become consolidated under one township road district, and all township road funds belonging to said districts of said township shall at once become a general township road fund.

[S., '13, § 1527-s20.]

SEC. 2970. Powers and duties of trustees.
At the February meeting, the township trustees shall select a superintendent of dragging and employ a road superintendent. At the April meeting said trustees shall determine:
1. The rate of property tax to be levied for the succeeding year for the repair of the roads, culverts and bridges and for guideboards, plows, scrapers, road drags, tools and machinery adapted to the repair of the roads, culverts and bridges and for the destruction of noxious weeds in public highways and other public places and for the payment of any indebtedness previously incurred for road purposes, and levy the same, which shall not be more than four mills on a dollar on the amount of the township assessment for that year, which when collected, shall be expended under the direction and order of the township trustees; and they may determine and certify to the board of supervisors a tax on the assessed property in the township of not exceeding five mills on a dollar of such assessment, which shall be applied, or so much thereof as may be necessary, in paying drainage taxes heretofore levied and still unpaid or for the payment of any drainage assessments that may be hereafter levied against the township on account of benefits to highways under the provisions of section forty-eight hundred fifty-nine, and the balance of such levy or the whole thereof in case there be no such drainage taxes due from the township, may be applied in paying the expense of draining highways of the township, or in cooperating with those owning land in the township in securing the drainage of such highways; but in the event that the amount to be expended in any one place exceeds the sum of fifty dollars, the township shall not pay more than its just proportion of the benefits to be ascertained by a competent civil engineer and duly set forth in his report approving of such drainage, which report shall be filed with the township clerk before any money is paid out for such drainage.

levy to the county auditor, who shall enter it upon the tax books for
collection by the county treasurer who shall collect in one installment
and pay the same over to the clerk of the township entitled thereto.
And he shall, not later than the fifteenth day of April, make out and
deliver to the superintendent of roads a list of all persons required to
pay road poll tax. To enable him to make out such list, the assessor
shall furnish the clerk of said township, before the first day of April

day in May and November in each year.

A violation of this section shall render the township clerk liable on his bond for the amount of said warrant.

The compensation of such superintendent for all duties except any dragging actually performed by him, and the cost of all equipment for dragging, shall be paid for out of the township road funds. SEC. 3054. Chauffeur's license — duty of holder — liability of
parent—revocation of license.

It shall be unlawful for any person known as a chauffeur, and
employed for hire therefor, to operate or drive a motor vehicle upon
the public highways, or streets, of cities or towns of this state, unless
licensed by the department as herein provided.

Any person desiring a chauffeur's license shall file with the de-
partment an application under oath stating his name, residence, busi-
ness address, if any, age, color, single or married, whether he has ever
been convicted of a violation of the motor vehicle laws of this state or
any other state, or has been convicted within one year of intoxication,
and such other information as the department may require. Such
license shall not be issued until the department is satisfied that the 
applicant is over eighteen years of age and is a fit and proper person 
to receive such license. The fee for chauffeur's license shall be two 
dollars payable annually and shall expire on the last day of the year 
for which it is issued.

To each person shall be assigned a distinguishing number and the 
department shall issue to the licensee a certificate containing the dis-
tinguishing number assigned to the licensee, his name, age, place of 
residence, business address, if any, and a brief description of the 
licensee for purpose of identification, and such other information as 
the department shall deem necessary. Each person licensed as a 
chauffeur, shall indorse his usual signature on the license certificate 
and his license shall not be valid until the certificate is so indorsed.

The department shall also furnish, without extra charge therefor 
to each chauffeur licensed a suitable metal badge with the number 
assigned to him stamped thereon, such badge to have stamped thereon 
the words “Registered Chauffeur No. ........., Iowa,” and year of issue.

This badge shall thereafter be worn by such chauffeur, affixed to 
his clothing in a conspicuous place, at all times when he is operating 
a motor vehicle upon the public highway and the license certificate 
shall be carried at all times when he is operating a motor vehicle upon 
the public highway and shall be produced for inspection upon request 
by any peace officer. In case of the loss of such badge or certificate 
a duplicate will be issued by the department on the filing of an affidavit 
showing the fact of loss, and on payment of a fee of one dollar to the 
department in the case of a badge, and fifty cents in case of a certifi-
cate. Applications for the annual renewal of license by chauffeurs 
shall be accompanied by the fee required by this section.

No chauffeur's license or badge shall be issued to any applicant 
under the age of eighteen years; provided that it shall be unlawful 
for any person to cause or knowingly to permit his or her child, ward 
or employee to operate a motor vehicle upon the public highway as a 
chauffeur without first having obtained such license as hereinbefore 
specified; and the application to the department of a minor to operate 
a motor vehicle, as chauffeur, shall not be granted by the department 
unless the parent or parents having custody of such applicant or the 
guardian of such applicant shall have joined in said application by 
signing the same; and provided further, that any negligence of a 
minor, so licensed, in operating a motor vehicle upon the public high-
way, as chauffeur, shall be imputed to the person, persons or corpo-
ation, who shall employ said chauffeur; which person, persons or cor-
poration shall be jointly and severally liable with such minor for any 
damage caused by such negligence.

Upon the receipt of an application, the department shall register 
the applicant in a book or on index cards which shall be kept in the 
same manner as the books or index cards for the registration of motor 
vehicles.

No person shall use a fictitious name in applying for such chauf-
feur's license, nor shall any chauffeur voluntarily permit any other 
person to possess or use his license certificate or badge; nor shall any 
person, while operating a motor vehicle, use or possess any license 
certificate or badge belonging to another person.

No person shall display or cause or permit to be displayed, or 
have in his possession, any canceled, revoked, altered or fictitious reg-
istration number plates, registration certificate, chauffeur's license
certificate or chauffeur's badge, as the same are respectively provided for in this chapter.

The official head of the department may, after due hearing, upon not less than five days' notice to be sent by registered letter to the address given by the person seeking a chauffeur's license, which shall constitute a sufficient service of notice, suspend or revoke the chauffeur's license issued to any person under this chapter, for any cause which he may deem sufficient, or he may, when a chauffeur has been convicted a third time of a violation of any of the provisions of this chapter, revoke or suspend the license of the chauffeur so convicted and no new license shall be issued to such person for at least one year after the date of revocation of such license nor thereafter except in the discretion of the said officer. Any certificate or license issued to any chauffeur to operate motor vehicles upon an application or statement which is untrue as to any material fact, shall be void from the date of issue.

Any chauffeur whose license shall be revoked by the department, or shall be found to be void, shall forthwith return his license certificate and badge to the department. If any chauffeur or other person shall without the consent of the owner take or cause to be taken any automobile or motor vehicle and operate or drive or cause the same to be operated or driven, he shall be imprisoned in the penitentiary not to exceed one year or be imprisoned in the county jail not to exceed six months, or be fined not to exceed five hundred dollars.

Upon the sale of a motor vehicle by a manufacturer or dealer, the vendee shall at once make application by mail or otherwise, for registration thereof, after which he may operate the same upon the public highway without its individual number plate thereon for a period of not more than fifteen days, provided that during such period the motor vehicle shall have attached thereto, in accordance with the provisions hereof, both on the front and rear of such vehicle, pasteboard cards bearing the words, "license applied for", and the registration number of the dealer from whom the car was purchased together with the date of purchase plainly stamped or stenciled thereon. person desiring to ascertain when the license fee was paid, and
whether the car bears the proper certificate of registration.

The department may prescribe the exact location of such certifi-
cate container. The executive council may at its discretion approve
devices for holding and displaying the certificate of registration, and
may require such devices to receive and hold such certificate so that
when the certificate is removed from the holder the certificate will be
destroyed or mutilated so it can not be used on other vehicles. It shall
be unlawful to change the license numbers assigned by the county
treasurer to any motor vehicle, unless for some cause a new number

off for the purpose of avoiding arrest or identification, shall be deemed
guilty of a misdemeanor and, upon conviction, subject to a fine of
one hundred dollars or imprisonment for a period of not to exceed
thirty days, or both fine and imprisonment.
It shall be unlawful for any operator of any motor car, taxicab,

The provisions of this section shall apply to the operator who causes his motor vehicle to be operated in violation of this section.

CHAPTER 18.
TOLL BRIDGES AND FERRIES.

SECTION 3082. Toll bridges—how established.
1 The board of supervisors may grant licenses for the erection of
2 toll bridges across any watercourses or other obstruction which justi-
3 fies the establishment thereof, and which will require an expense too
4 large for the county to bear. In granting such licenses, preference
5 shall be given to the owner of the land on which the bridge is pro-
6 posed to be located, if he applies for the privilege and is, in other
7 respects, a competent person to erect the same.
[C., '51, § 726; R., '60, § 1214; C., '73, § 1003; C., '97, § 1574.]

SEC. 3083. License—right of way.
1 When any corporation or individual shall obtain from the board
2 of supervisors license for the construction of a toll bridge across any
3 of the streams of this state, such corporation or individual may take
and appropriate so much private property as shall be necessary for a
right of way therefor and all approaches thereto, in such width as
such corporation or individual may desire, not exceeding sixty feet.

[R., '60, §§ 1247, 1248; C., '73, § 1004; C., '97, § 1575.]

**SEC. 3084.** Damages assessed.

1 If the owner of property over which such way extends shall refuse
to grant the same, and the damages therefor can not be settled by
agreement, all damages which the owner, or any person having an
interest in or improvement upon the property to be taken, will sustain
by reason of the appropriation thereof shall be assessed and the right
of way taken on the application of either party, under the provisions
of this code for taking private property for works of internal im-
provement.

[R., '60, §§ 1249-1251; C., '73, § 1005; C., '97, § 1576.]

**SEC. 3085.** Between different counties or states.

1 Where the extremities of the bridge lie in different counties, a
license must be procured from each, and if different rates of toll are
fixed by the different boards of supervisors, each has power to fix
the rates of travel which is going from its own county. A similar
principle shall be observed where only one of the extremities of the
bridge is within this state.

[C., '51, § 728; R., '60, § 1216; C., '73, § 1006; C., '97, § 1577.]

**SEC. 3086.** Limitation of license—tolls.

1 Such licenses may be granted to continue for any period, not
exceeding twenty-five years, and the rate of toll may be fixed in the
first instance in such a manner as to be inalterable within any stipu-
lated period, not exceeding ten years; after that time, it shall be
under the control of the board of supervisors.

[C., '51, § 729; R., '60, § 1217; C., '73, § 1007; C., '97, § 1578.]

**SEC. 3087.** Exclusive privilege.

1 The board of supervisors may stipulate in the license that no
other bridge or ferry shall be permitted across the same stream or
obstruction within any distance not exceeding two miles thereof, and
for a period not exceeding ten years. Any violation of the terms of
such stipulation is a nuisance, and the person causing it is guilty of a
misdemeanor.

[C., '51, § 730; R., '60, § 1218; C., '73, § 1008; C., '97, § 1579.]

**SEC. 3088.** Failure of duty.

1 When, upon ten days' notice to the person licensed, it is made to
appear to the board of supervisors that he fails in any material man-
ner to perform his duties according to law, it may revoke his license.

[C., '51, § 724; R., '60, § 1212; C., '73, § 1009; C., '97, § 1580.]

**SEC. 3089.** Day or night—rate of toll.

1 Toll bridges must be regulated so as to allow persons to pass at
all hours of the night or day, but the board of supervisors, in its dis-
Any railway or bridge company incorporated under the laws of
the state, or of Wisconsin, Illinois, Nebraska, Kansas or South Dakota,
may construct a railway bridge across the Mississippi, Missouri or Big
Sioux river, connecting with the eastern or western terminus, as the
case may be, of any railway terminating on the Iowa bank of either of
said rivers, at such place as shall be designated therefor by the board
of supervisors of the county wherein such terminus is made, and
extending toward a point on the opposite bank that may be selected by
such company.

SEC. 3091. Plan to be approved.

No bridge shall be built under the provisions of the preceding
section, until the plan thereof has been submitted to and approved
by the board of supervisors of the county in which the bridge is to
be partly located.

SEC. 3092. For teams and passengers—toll.

Any such company may, with the consent of the board of super-
visors, construct such bridge with suitable roadways and footways
for teams and foot passengers, and charge such rates of toll therefor
as may be approved by said board.

SEC. 3093. Railway ferry.

Any such company may establish a ferry across any of said rivers
at or near the terminus of its road, for the sole purpose of crossing
the freight and passengers of such roads until the bridge is ready
for use.

SEC. 3094. Obstruction of navigation.

No bridge erected under the provisions of this chapter shall be
so located or constructed as to unnecessarily impede, injure or ob-
struct the navigation of said rivers.

SEC. 3095. Bonds and stock.

Any such company may issue its bonds or obligations for an
amount not exceeding the cost of such bridge, and of its roads in the
state, and may secure the payment thereof by a mortgage on the same,
and issue certificates of common and preferred stock; the preferred
stock to be only on condition that the holders of the common stock
give their written consent thereto.
SEC. 3096. Resident director—process.
1 Any company acting under the provisions of this chapter shall  
2 elect at least one director who shall be a citizen of and reside in this  
3 state, and such company shall be liable to be sued in any court of  
4 competent jurisdiction, and service of original notice on said resident  
5 director shall be sufficient notice to the company of the pendency of  
6 the action.  
[C., '73, § 1037; C., '97, § 1588.]

SEC. 3097. Ferries—license.
1 The board of supervisors may grant such ferry licenses as may  
2 be needed within its county, for a period not exceeding ten years, and  
3 prescribe the rates of ferriage, as well as the hours of the day or night  
4 during which the ferry must be attended, both of which may, from  
5 time to time, be changed at the discretion of the board.  
[C., '51, §§ 712, 713; R., '60, §§ 1200, 1201; C., '73, §§ 1011,  
1012; C., '97, § 1589.]

SEC. 3098. Exclusive privilege.
1 In granting a ferry license, the board of supervisors may make  
2 the privilege granted exclusive for a distance not exceeding one mile  
3 in either direction from it. After twenty days' notice to the person  
4 who has obtained such privilege, if it is made to appear to the board  
5 that the public good requires other ferries, a new license may issue  
6 therefor. The notice required must be served personally upon the  
7 owner, or on the person in charge of the ferryboat.  
[C., '51, § 714; R., '60, § 1202; C., '73, § 1013; C., '97, § 1590.]

SEC. 3099. Preference.
1 In granting a ferry license, preference must be given to the  
2 keeper of a previous ferry at the same point, and, if a new one, to the  
3 owner of the land; but if there is none such, or if, after giving the  
4 same notice as is required by the last section, he fails to make appli-  
5 cation therefor, or if, in the opinion of the board, he is an improper  
6 person to receive the same, it may be conferred on any other proper  
7 applicant.  
[C., '51, § 715; R., '60, § 1203; C., '73, § 1014; C., '97, § 1591.]

SEC. 3100. Between different counties.
1 Where the opposite shores of a stream are in different counties,  
2 a license from either is sufficient, and the board of supervisors first  
3 exercising jurisdiction by granting a license will retain it during the  
4 term of such license.  
[C., '51, § 716; R., '60, § 1204; C., '73, § 1015; C., '97, § 1592.]

SEC. 3101. Between different states.
1 Where but one shore of the river is within this state, the board  
2 of supervisors possesses the same power, so far as it is concerned, as  
3 though the river lay wholly within this state.  
[C., '51, § 717; R., '60, § 1205; C., '73, § 1016; C., '97, § 1593.]
§ 3102. Bond. 
1 The board of supervisors, upon being satisfied that the require- 
2 ments of this chapter have been complied with, and that a ferry is 
3 needed at such place, and that the applicant is a suitable person to 
4 keep it, must grant the license; which, however, shall not issue until 
5 the applicant files a bond, with sureties to be approved by the board 
6 or auditor, in a penalty not less than one hundred dollars, with the 
7 condition that he will keep the ferry in proper condition for use, and 
8 attend the same at all times fixed by the board for running it; that 
9 he will neither demand nor take any illegal tolls; and that he will 
10 perform all other duties which are or may be enjoined on him by law, 
11 which shall be filed in the county auditor's office. 
[C., '51, § 719; R., '60, § 1207; C., '73, § 1017; C., '97, § 1594.]

§ 3103. Public business—mail. 
1 Every ferryman must transport the public expresses of the 
2 United States and of this state, and the United States mail, at all hours. 
[C., '51, § 721; R., '60, § 1209; C., '73, § 1018; C., '97, § 1595.]

§ 3104. License recorded. 
1 All licenses for ferries and toll bridges must be entered upon the 
2 records of the board of supervisors, and shall contain the rates of 
3 toll allowed. 
[C., '51, § 720; R., '60, § 1208; C., '73, § 1019; C., '97, § 1596.]

§ 3105. Posting rates. 
1 The rates of toll must be conspicuously posted up at each extrem- 
2 ity of the bridge, or, if a ferry, on the boat, door of the ferry house, 
3 or some other conspicuous place near the ferry. 
[C., '51, §§ 722, 732; R., '60, §§ 1210, 1220; C., '73, § 1020; 
C., '97, § 1597.]

§ 3106. Penalty. 
1 The failure to have such list posted up as above provided will 
2 justify any person in refusing the payment of tolls, and where such 
3 failure is habitual, the proprietor of such bridge or ferry shall be 
4 liable to pay a penalty of twenty-five dollars, to be recovered in the 
5 name of the county against him, or against him and the sureties on his 
6 bond; which amount, when recovered, shall be paid into the county 
7 treasury and credited to the school fund. 
[C., '51, §§ 723, 733; R., '60, §§ 1210, 1221; C., '73, § 1021; 
C., '97, § 1598.]

§ 3107. Notice of application. 
1 Before a license can be granted for either a bridge or ferry, notice 
2 thereof must be posted up in at least three public places on each side 
3 of the river, if both are within the state, and in the township and 
4 neighborhood in which the proposed bridge or ferry is to be erected 
5 or kept, at least twenty days prior to the making of such application. 
[C., '51, §§ 718, 731; R., '60, §§ 1206, 1219; C., '73, § 1022; 
C., '97, § 1599.]
SEC. 3108. Penalty for taking illegal toll.
1 The taking of illegal toll by any licensee shall subject the offender to a penalty of twenty-five dollars for every such offense, to be recovered by action on his bond, or against him individually, by the person who paid the illegal toll, for his own benefit; or he may bring an action in the name of the county, in which case the proceeds shall go to the county treasury.

[C., '51, § 748; R., '60, § 1236; C., '73, § 1023; C., '97, § 1600.]

SEC. 3109. Forfeiture.
1 A failure in other respects to substantially comply with the terms fixed by the board shall work a forfeiture of any of the licenses herein authorized, and shall subject the party guilty of such failure to damages for all injury resulting therefrom, for which he shall be liable on his bond.

[C., '51, § 749; R., '60, § 1237; C., '73, § 1024; C., '97, § 1601.]

SEC. 3110. Refusal to pay tolls—penalty.
1 Any person who refuses to pay the regular tolls established and posted up in accordance with the provisions of this chapter, or who shall run through or pass around the toll gates with a view of avoiding their payment, shall forfeit the sum of five dollars for every offense, which, together with costs, may be recovered by the person entitled to such toll; but nothing herein contained shall prevent a person from fording a stream across which a toll bridge or ferry has been constructed.

[C., '51, § 750; R., '60, § 1238; C., '73, § 1025; C., '97, § 1602.]

SEC. 3112. Franchise sold.
1 Any of the franchises contemplated in this chapter are subject to execution, and may be sold as personal property, and be subject to the same rights and consequences, except that the purchaser may take immediate possession of the property, and the sale thereof shall carry with it all the material, implements, rights of way and works of whatever kind necessary for or ordinarily used in the exercise of such franchise.

[C., '51, §§ 752, 753; R., '60, §§ 1240, 1241; C., '73, §§ 1027, 1028; C., '97, § 1604.]

SEC. 3113. Free ferry.
1 Nothing in this chapter contained shall be so construed as to prevent any company, person, city, town or village from establishing a free ferry at any point where a license to keep a ferry has been granted, but when such free ferry is established, such company, person, city, town or village shall pay a reasonable compensation to the persons owning the same for all boats, ropes and other material, if
the same be fit for use; and when a free ferry is established at a point at or near where a license has been granted to an individual, such individual shall be exonerated from any further obligation to maintain it. Bond and security shall be given in like manner by the person or company establishing the free ferry as required in this chapter.

The board of supervisors in each county shall consist of three persons, except where the number may heretofore have been or hereafter be increased in the manner provided by this chapter. They shall be qualified electors, and be elected by the qualified voters of their respective counties, and shall hold their office for three years. The board of supervisors of any county may, and, when petitioned to do so by one-fourth of the electors of said county, shall submit to the qualified voters of the county, at any regular election, one of the following propositions, as such board may elect in the absence of a petition, or as may be requested in said petition: "Shall the proposition to increase the number of supervisors to five be adopted?" or, "Shall the proposition to increase the number of supervisors to seven be adopted?" as the board shall elect in submitting the question. If the majority of the votes cast shall be for the proposition so submitted, then at the next ensuing election for a supervisor, the requisite additional supervisors shall be elected, whose terms of office shall be determined by lot, in such a manner that one-half of the additional members shall hold their office for three years, and one-half for two years. In any county where the number of supervisors has been increased to five or seven, the board of supervisors, on the petition of one-fourth of the legal voters of the county, shall submit to the qualified voters of the county, at any regular election, one of the following propositions, as the same may be requested in such petition: "Shall the proposition to reduce the number of supervisors to five be adopted?" or, "Shall the proposition to reduce the number of supervisors to three be adopted?" If a majority of the votes cast shall be for the decrease, then the board of supervisors shall be reduced to the number indicated by such vote, and thereafter there shall be biennially elected the number requisite to keep the board full. In any county where at a general election hereafter held a proposition has been or is submitted to the voters of the county to reduce the number of members of the board of supervisors and such proposition carries, the board shall consist of the same number of members as at the time the proposition to reduce was submitted until the second secular day in January following the next general election, at which time the terms of all members of the board shall expire. At the next general election following the one at which the proposition to reduce the number of members of the board was carried there shall be elected the number required by such proposition, and where such proposition reduces the board to five members, two per-
sons shall be elected as members of the board for two years, and three
persons shall be elected as members of the board for three years; and
in counties where the proposition reduces the board to three members,
one person shall be elected as member of the board for two years, and
two persons shall be elected as members of the board for three years.

board; and if there be two such districts or more, then the new mem­

SEC. 3119. Redistricting—term of office not affected.

Any county may be redistricted, as provided by the three preced­

Notice of such adoption shall be published for the same time and in the same manner as above provided for publishing the preliminary notice. bonds of the county therefor in sums not less than one hundred dollars
nor more than one thousand dollars each, payable at a time stated, not

[C., '97, § 405.]

SEC. 3264. Tax for bonded indebtedness.
1 The board of supervisors shall not in any one year levy a tax of 2 more than three mills on the dollar for the payment of any bonded 3 indebtedness or judgments rendered therefor, except as provided in 4 this chapter, unless the vote authorizing the issuance of the bonds 5 fixes a higher rate.

[C., '73, § 840; C., '97, § 1384.]

SEC. 3265. Levy to pay interest and principal.
1 The board of supervisors shall cause to be assessed and levied 2 each year upon the taxable property in the county, in addition to the 3 levy authorized for other purposes, a sufficient sum to pay the interest 4 on outstanding bonds issued in conformity with the provisions of this 5 chapter, accruing before the next annual levy, and such proportion of 6 the principal that, at the end of eight years, the sum raised from such 7 levies shall at least equal fifteen per cent of the amount of bonds 8 issued; at the end of ten years, at least thirty per cent of the amount; 9 and at or before the date of maturity of the bonds shall be equal to 10 the whole amount of the principal and interest; the money arising 11 from such levies shall be known as the bond fund, and shall be used 12 for the payment of bonds and interest coupons, and for no other 13 purpose whatever; and the treasurer shall open and keep in his books 14 a separate account thereof, which shall at all times show the exact 15 condition of said bond fund.

[C., '73, § 291; C., '97, § 406.]

SEC. 3266. Redemption — notice — interest stopped—transfer of 1 funds.
1 When the amount in the hands of the treasurer belonging to the 2 bond fund, after setting aside the sum required to pay interest matur- 3 ing before the next levy, is sufficient to redeem one or more bonds, 4 which by their terms are subject to redemption, he shall notify the
owner of such bond or bonds, in the manner hereinbefore prescribed, that he is prepared to pay the same, with all the interest accrued thereon. If not presented for payment or redemption within thirty days after the date of such notice, the interest on such bond shall cease, and the amount due thereon shall be set aside for its payment whenever presented. All redemptions shall be made in the order of their numbers. If after the payment of all bonds and interest as hereinbefore provided for, there remains any money in said bond fund, the board of supervisors may by resolution transfer said funds to the particular fund or funds on account of which the indebtedness arose for which said bonds were issued.

[C., '73, § 293; C., '97, § 408.]

SEC. 3268. Additional tax to pay interest.

In all counties wherein county bonds are issued in pursuance of a vote of the people to obtain money for the erection of any public building, and wherein the annual tax named in the proposition so submitted to the people for the purpose of paying the annual interest accruing upon such bonds is insufficient to pay the same as it matures, the boards of supervisors are authorized to levy for said purpose, and no other, a tax, not exceeding one mill on the dollar, until said bonds are paid; but this provision shall not prevent the levy of a greater tax than above mentioned, if any such proposition authorized such higher levy.

[C., '97, § 409.]

SEC. 3269. County not to become stockholder.

No county shall, in its corporate capacity, or by its supervisors or officers, directly or indirectly, subscribe for stock, or become interested as a partner, shareholder or otherwise, in any banking institu-

[R., '60, §§ 1345, 1346; C., '73, §§ 553, 554; C., '97, § 594.]

SEC. 3277. Proceeding to compel.
1 Upon the failure of such relatives so to relieve or maintain a poor
2 person who has made application for relief, the township trustees may
3 apply to the district court of the county where such poor person resides
4 or may be, for an order to compel the same.
[C., '51, § 789; R., '60, § 1357; C., '73, § 1333; C., '97, § 2218.]

1 At least ten days' notice in writing of the application shall be

3 as of an original notice, in which proceedings the county shall be
4 plaintiff and the parties served defendants. No order shall be made
5 affecting a person not served, but, as to such, notice may be given at
6 any stage of the proceedings. The court may proceed in a summary
7 manner to hear all the allegations and proofs of the parties, and order
8 any one or more of the relatives who shall be able, to relieve or main-
9 tain him or her, charging them as far as practicable in the order
10 above named, and for that purpose may bring in new parties when
11 necessary. The order may be for the entire or partial support of the
12 applicant, may be for the payment of money or the taking of the appli-

14 to one and for another period to another, as may be just and right,
15 taking into view the means of the several relatives liable, but no such
16 assignment shall be made to one who is willing to pay the amount
17 necessary for support. If the order be for relief in any other form
18 than money, it shall state the extent and value thereof per week, and
19 the time such relief shall continue; or the order may make the time
20 of continuance indefinite, and it may be varied from time to time by
21 a new order, as circumstances may require, upon application to the
22 court by the trustees, the poor person, or the relative affected, ten
23 days' notice thereof being given to the party or parties concerned.
24 When money is ordered to be paid, it shall be paid to such person as

25 the court may direct. If support be not rendered as ordered, the
court, upon such fact being shown by the affidavit of one or more of
the proper trustees, may render judgment and order execution for the
amount due, rating any support ordered in kind at the valuation pre-
viously made. An appeal may be taken from the judgment rendered
to the supreme court. Support for later periods under the same order
may be, as it becomes due, applied for and obtained in the same
manner.

SEC. 3279. Abandonment—order as to property.

complaint to the clerk of the district court or judge thereof in the
county in which such abandoned person resides, or in which any prop-

to seize such property, and, upon proof of the facts alleged, the clerk
or judge shall issue an order, directed to the sheriff of the county, to
take and hold possession of said property, subject to the further orders
of the court, which order shall be executed by taking possession of
chattel property wherever found, and shall entitle the officer serving
the same to collect and hold the rents accruing upon real property.
Statement of the issuance of the order, and a description of any real
estate sought to be affected thereby, shall be entered in the incum-
brance book, and from the date thereof shall be superior in right to
any conveyance or lien created by the owner thereafter, and return
shall be made of said order to the proper court, where the order of
seizure, upon investigation, may be discharged or continued; if con-
tinued, the entire matter shall be subject to the control of the court,
and it shall from time to time make such orders as to the disposition
of the personal property seized, and the application of it or the pro-
cceeds thereof, as it may seem proper, and of the disposition of the
rents and profits of the real estate. Should the party against whom
the order issued thereafter resume his or her support of the person
abandoned, or give bond with sureties, to be by the clerk approved,
conditioned that such person shall not become chargeable to the
county, the order shall be by the clerk discharged and the property
remaining restored.

to be had upon demand, which may be made at the time of the hearing
of the application for the order, or at such other time as may be
directed by the court, upon notice to the defendant.

6 the board of supervisors may appoint an overseer of the poor, who
7 shall have within said city, or part thereof, all the powers and duties

5 board of supervisors, as the necessities of the person require, and shall
6 report the case forthwith to the board of supervisors, who may con-
7 tinue or deny relief, as they find cause. The board of supervisors
8 may examine into all claims, including claims for medical attendance,

11 each of said cities and towns through each of said offices, living within  
12 the county; such statements to be in sealed envelopes, and opened by  
13 the county auditor upon direction of the board of supervisors; and the  
14 two applicants thus showing the greatest number of bona fide yearly  
15 subscribers living within the county shall be the county official papers,

proposition there shall be no removal; and provided further, that the
provisions hereof shall not be held to apply where the proposition is
12 to relocate a county seat within the corporate limits of a city or town,
13 where one is already located; and provided further, that the provisions

any portion thereof, for damages to persons or property by reason
of their being on any portion of said bridge or approach to either end
thereof, caused by the running of cars or locomotives thereon by any
corporation, company or person entitled to its use, whether the dam-
age results from the negligence of the person engaged in running said
cars or locomotives or otherwise, and to indemnify the owners of said
bridge, and all others entitled to use the same, from liability or dam-
age so caused, to the extent or proportion thereof assumed in the
said contract; and the city may thereafter, and during the continu-

as they are collected, and from no other source, and pledging them
for their payment. Such taxes shall be used for no other purpose
and such bonds, warrants or certificates shall not be sold for less than
their par or face value with accrued interest. The city council shall
fix the rate of tolls or charges for passing over the bridge, and such
tolls shall be large enough to pay the interest upon the bonds, war-
rants or certificates issued for its purchase together with the expense
of maintaining and operating it.
[S., '13, § 766-c.]

SEC. 3797. Vote of tax in cities after annexation.

comprises either of the separate cities before annexation, may vote
taxes upon the property in such territory for the purchase of such
bridge, and the proceedings in such case shall be the same as provided
in the three preceding sections, except that the petition to the city

[S., '13, § 741-w.]

All contracts for the making or reconstruction of street improvements and sewers shall be let in the name of the city, to the lowest bidder, by sealed proposals, upon giving notice for at least ten days from the first publication by two publications in a newspaper published in said city, which notice shall state as nearly as practicable the extent of the work and the one or more kinds of materials for which bids will be received, when the work shall be done, the terms of payment fixed, and the time the proposals shall be acted upon; but all bids may be rejected and new bids ordered; provided, however, that if no newspaper is published within the limits of such city or town, then such notice may be given by posting the same in three public places within the limits of such city or town, two of which such places shall be the postoffice, in case there be no postoffice, then in such public place as the council may designate, and the mayor's office of such city or town. All bids must be accompanied, in a separate envelope, with a certified check payable to the order of the treasurer, in a sum to be named in the notice for bids, as security that the bidder will enter into a contract for the doing of the work, and will give the bond required in the following section. All such checks, where the bid has not been accepted, shall be returned to the respective bidders.

SEC. 3878. Contractor's bond to repair.

All contracts for the making or reconstruction of street improvements or sewers shall contain a provision obligating the contractor and his bondsmen to keep such improvement or sewer in good repair for not less than four years after the acceptance of the same by the city, and the bond shall be so conditioned as to conform to such contract.

[C., '97, § 814; S., '13, § 814; 38 G. A., ch. 234, § 1.]

SEC. 3879. Bond to perform.

Each contractor for street improvements and sewers shall give bonds to the city, with sureties to be approved by the council, or board of public works where such board exists, for the faithful performance of the contract, and suit on such bond may be brought in the county in which the council may hold its sessions.

[C., '97, § 815.]
SEC. 3880. Lien of tax—filing of notice.

After a contract has been made by any city for the making or reconstruction of any street improvement or sewer, the clerk shall file with the auditor of the county, or each of the counties, in which said city is situated, a written or printed copy of the notice of the resolution provided for, with a true copy of the proof of publication thereof, together with a certificate of the clerk that an ordinance or resolution has been adopted directing the making or reconstruction of said street improvement or sewer. Thereupon all special taxes for the cost thereof, or any part of said cost, which are to be assessed and levied against real property, or any railway or street railway, together with all interest and penalties on all of said assessments, shall become and remain a lien on such property from the date of the filing of said papers with the county auditor until paid, and shall have precedence over all other liens except ordinary taxes, which shall not be divested by any judicial sale; but such lien for street improvements in case of abutting property shall not cover to exceed one hundred fifty feet in depth from the abutting line. Any such assessment against a railway or street railway shall be a first and paramount lien upon the track thereof within the limits of the city, provided that in all counties where taxes are collected in two or more places, no lien shall attach on any property for special taxes until on and after the notices and certificates provided for in this section have been filed in the office of the auditor in the place where said special taxes are collected. The auditor shall keep a book properly ruled for that purpose and enter thereon under its tract number all of such notices immediately following the filing of the same.

[C., '97, § 816; S., '13, § 816.]

SEC. 3881. Cost at intersections.

The cost of any street improvement or sewer at the intersection of streets, highways, avenues and alleys, or any part of it, and one-half of the cost of the same at spaces opposite streets, highways, avenues and alleys intersecting but not crossing, and at spaces opposite property owned by the city or the United States, or any part thereof, may be paid, in case of sewers, from the city sewer fund or the district sewer fund of such sewer district, or the general revenue of said city, or as provided in the second following section; and, in case of street improvements, from the city improvement fund, except that part to be constructed by, paid for by, or assessed to railways and street railways; but the cost in whole or in part of such street improvement at the places designated in this section, excluding cost of that part embraced within the foregoing exception, may be assessed against the property abutting or fronting upon that portion of the street, highway, avenue or alley so improved in proportion to the linear front feet fronting or abutting upon such improvement.

[C., '97, § 817.]

SEC. 3882. Cost of improvements—how paid.

The cost of opening, widening, extending and grading any street, highway, avenue, alley, public ground or market place shall be paid in whole or in part from the grading fund. The cost of making or reconstructing any street improvement authorized in this chapter,
§§ 3883-3885. STREET IMPROVEMENTS AND SEWERS. Tit. XIII, Ch. 23.

except that embraced within the preceding section, and that herein-
after provided to be paid by and assessed to railways or street rail-
ways, shall be assessed as a special tax against the property abutting
thereon, in proportion to the number of linear front feet of each
parcel so abutting.

[C., '73, § 466; C., '97, § 818.]

SEC. 3883. Cost of sewers.

The cost, or any part thereof, of making or reconstructing sewers,
including that provided for in the second preceding section, may be
paid from the district sewer fund of the sewer district in which the
same is situated, or from the city sewer fund, or from the general
revenue, and the portion thereof not so paid, and not in excess of three
dollars per linear foot of sewer, shall be assessed against the property
abutting on such sewer in proportion to the number of linear front
feet of each parcel thereof, and upon adjacent property in proportion
to the benefit thereto; but in estimating the benefits to result there-
from to adjacent property, no account shall be taken of improvements,
and each lot or parcel of land shall be considered as wholly unimproved.
The city may combine any or all of said methods of assessment.

[C., '97, § 819.]

SEC. 3884. Assessment of cost.

When the making or reconstruction of any street improvement
or sewer shall have been completed, or such part thereof shall have
been completed as, under the contract, is to be paid for when done,
the council, or board of public works where such board exists, shall,
within twenty days following the completion of the making or recon-
struction of said street improvement or sewer, ascertain the cost
thereof, including the cost of the estimates, notices, inspection, and
preparing the assessment and plat, and shall also ascertain what por-
tion of such cost shall be, by law and the ordinance or resolution
of the council under which such street improvement was made or sewer
constructed, assessable upon abutting property; and, in case of sewers,
also upon adjacent property, and what portion shall be assessed upon
such abutting property, and in case of sewers, upon such abutting and
adjacent property, for intersections and spaces opposite property
owned by the city or the United States; and the council shall then
assess such portions upon and against such property as provided by
law.

[C., '97, § 820; S., '13, § 820.]

SEC. 3885. Plat and schedule.

In assessing that part of the cost of the making or reconstruction
of any street improvement or sewer, or completed part thereof, which
is assessable against the lots or parcels of ground abutting thereon,
or, in case of sewers, adjacent thereto, the council, or board of public
works where such board exists, shall cause to be prepared a plat of
the streets, avenues, highways, alleys, or the part thereof on which
the same shall have been made or reconstructed, showing the separate
lots or parcels of ground, or specified portion thereof, subject to assess-
ment for such improvement, the names of the owners thereof as far
as practicable, and the amount to be assessed against each lot or parcel
of ground, and against any railway or street railway, and shall file
§§ 3886-3889.

1 The city engineer, or other person employed by the council to
2 discharge the duties of such office, shall, under its direction, or that of
3 the board of public works where such board exists, make or assist in
4 making all estimates for street improvements and sewers, furnish the
5 necessary grades and lines, see that the work conforms thereto and
6 is in accordance with the ordinance or resolution of the council, and
7 make or assist in making each required assessment, plat and schedule.

SEC. 3887. Notice of assessment—publication.
1 After filing the plat and schedule, the council shall give notice by
2 two publications in each of two newspapers published in the city, if
3 there be that number, otherwise in one, and by handbills posted in
4 conspicuous places along the line of such street improvement or
5 sewer; but if no such newspaper is published within the limits of such
6 city or town then such notice may be given by posting copies thereof
7 in three public places within the limits of such city or town, two of
8 which such places shall be the postoffice, in case there be no postoffice,
9 then in such public place as the city council may designate, and the
10 mayor's office of such city or town; that said plat and schedule are on
11 file in the office of the clerk, and that within twenty days after the
12 first publication all objections thereto, or to the prior proceedings,
13 on account of errors, irregularities or inequalities, must be made in
14 writing and filed with the clerk; and the council, having heard such
15 objections and made the necessary corrections, shall then make the
16 special assessments as shown in said plat and schedule, as corrected
17 and approved.

SEC. 3888. Objections.
1 All objections to errors, irregularities or inequalities in the mak-
2 ing of said special assessments, or in any of the prior proceedings
3 or notices, not made before the council at the time and in the manner
4 herein provided for, shall be waived except where fraud is shown.

SEC. 3889. Levy of assessment—installments.
1 The special assessments made in said plat and schedule, as cor-
2 rected and approved, shall be levied at one time, by ordinance or
3 resolution, against the property abutting on such street improvement
4 or sewer, and, in case of sewers, upon adjacent property, and, when
5 levied and certified, shall be payable at the office of the county treas-
6 urer. If the owner of any lot or parcel of land or railway or street
7 railway, the assessment against which is embraced in any bond or
8 certificate provided for in chapter twenty-six, title thirteen, shall,
9 within thirty days from the date of such assessment, promise and
10 agree in writing, indorsed on such bond or certificate, or in a separate
11 agreement, that, in consideration of having the right to pay his assess-
ment in installments, he will not make any objection of illegality or
irregularity as to the assessment or levy of such tax upon and against
his property, and will pay said assessment with interest thereon at
such rate, not exceeding six per cent per annum, as shall by ordinance
or resolution of the council be prescribed, such tax so levied against the
lot or parcel of land or railway or street railway of such owner shall
be payable in seven equal installments, the first of which, with interest
on the whole assessment from date of acceptance of the work by the
city council, shall mature and be payable on the date of such assess-
ment, and the others, with interest on the whole amount unpaid,
annually thereafter, at the same time and in the same manner as the
March semiannual payment of ordinary taxes; but where no such
promise and agreement in writing shall be made by the owner of any
lot or parcel of land or railway or street railway within said time,
then the whole of said special assessment so levied upon and against
the property of such owner shall mature at one time, and be due and
payable, with interest from the date of acceptance of the work by the
city council, on the date of such assessment, and shall be collected at
the next succeeding March semiannual payment of ordinary taxes. All
such taxes with interest shall become delinquent on the first day of
March next after their maturity, and shall bear the same interest,
with the same penalties, as ordinary taxes.

[C., '97, § 825; S., '13, § 825.]

SEC. 3890. Filing certificate of assessment.
1 A certificate of levy of such special assessment, fixing the num-
2 ber of installments and time when payable, certified as correct by
3 the clerk, shall be filed with the auditor of the county, or of each of
4 the counties, in which such city is situated, and thereupon said special
5 assessment as shown therein shall be placed on the tax list of the
6 proper county.

[C., '97, § 826.]

SEC. 3891. Interest on installments.
1 Each installment of any special assessment shall bear interest
2 from the date of the assessment, not to exceed six per cent per annum,
3 which shall become due and payable at the March semiannual payment
4 of ordinary taxes. If certificates or bonds issued to pay for said street
5 improvement or sewer bear a less rate of interest, the clerk shall
6 certify to the auditor of said county or counties such fact, and the
7 installments shall draw such rate of interest only. Upon the payment
8 of any installment, there shall be computed and collected the install-
9 ment, and interest on the whole assessment remaining unpaid up to
10 the first day of April following.

[C., '97, § 827.]

SEC. 3892. Payment.
1 The owner of any property against which a street improvement
2 or sewer assessment has been levied shall have the right to pay the
3 same, or the unpaid installments thereof, with all interest, as the case
4 may be, up to the time of said payment, with any penalties and the
5 cost of any proceedings for the sale of the property for such special
6 assessment or installments. No part of the line of any railway or
7 street railway shall be released from the lien for any part of any

§§ 3890-3892. STREET IMPROVEMENTS AND SEWERS. Tit. XIII, Ch. 23.
unpaid assessment which has been made against it for street improve-
ments, until the whole assessment shall have been paid. If any owner
of property subject to special assessment shall so divide the same that
the feet fronting upon such street improvement or sewer are contain-
ed in two or more lots or parcels, he may discharge the lien in like man-
er upon any one or more of them, by payment of the amount unpaid,
calculated by the ratio of square feet in area of such lot or lots or
parcel or parcels to the area of the whole lot.

[C., '97, § 828.]

SEC. 3893. Sale for assessment.

Property against which a special assessment has been levied for
street improvement or sewers may be sold for any sum of principal or
interest due and delinquent at any regular or adjourned tax sale, in
the same manner, with the same forfeitures, penalties and right of
redemption, and certificates and deeds on such sales shall be made in
the same manner and with like effect, as in case of sales for the non-
payment of ordinary taxes. At any such sale, where bonds have been
issued in anticipation of such special taxes and interest, the city may
be a purchaser, and be entitled to all the rights of purchasers at tax
sales. The purchaser at such sale shall take the property charged with
the lien of the remaining unpaid installments and interest. The pro-
ceeds subsequently realized from sales of any property so purchased
by a city shall be covered into the city improvement fund.

[C., '97, § 829.]

SEC. 3894. Levy for city improvement fund.

When the whole or any part of the cost of the making or recon-
struction of any street improvement shall be ordered paid from the
city improvement fund, to be levied upon all the property within any
city, it shall have the power, after the completion of the work, by
ordinance or resolution, to levy at one time the whole or any part of
the cost of said improvement upon all the taxable property within such
city, and determine the whole percentage of tax necessary to pay the
same, and the percentage to be paid each year, not exceeding the
maximum annual limit of said taxes, and the number of years, not
exceeding ten, given for the maturity of each installment thereof; but
no part of such cost shall be levied against property owned by the city
or the United States. Certificates of such levies shall be filed with the
auditor of the county or counties in which said city is located, setting
forth the amount or percentage and maturity of said tax, or each
installment thereof, upon the assessed valuation of all the property in
said city, certified as correct by the clerk, and thereupon said tax shall
be placed on the tax list of the proper county or counties.

[C., '97, § 830.]

SEC. 3895. Levy for sewer fund.

When the whole or any part of the cost of making or reconstruct-
ing any sewer shall be ordered paid from the sewer fund of any
sewer district or from the city sewer fund, the council may, after
the completion of the work, by ordinance or resolution, levy at one
time the whole or any part of the cost of such sewer upon all the
taxable real property within such sewer district or within the city, as
the case may be, and determine the whole percentage of tax necessary
§§ 3896-3898. STREET IMPROVEMENTS AND SEWERS. Tit. XIII, Ch. 23.

8 to pay the same, and the percentage to be paid each year, not exceeding the maximum annual limit of said taxes, and the number of years, not exceeding ten, given for the maturity of each installment thereof; but no part of such cost shall be levied against property owned by the city or the United States. Certificates of such levies shall be filed with the auditor of the county or counties in which said sewer district or city is located, setting forth the amount or percentage and maturity of said tax, or each installment thereof, with a description of the boundaries of the particular sewer district, or a sufficient description of the real property of the sewer district or city upon which the tax is levied, duly certified as correct by the clerk, and thereupon said tax shall be placed on the tax list of the proper county or counties.

[C., '97, § 831.]

SEC. 3896. Cost of repairs.

1 The cost of the repair of any street improvement or sewer, or any part thereof, in case of sewers, may be paid from the city sewer fund, or the district sewer fund of the sewer district in which said repair is made, or from the general revenue of said city, or part from each of said funds; and in case of street improvements, may be paid from the city improvement fund, or the general revenue of said city.

[C., '97, § 832.]

SEC. 3897. Assessments not to be diverted.

1 All special assessments levied against abutting property and railways and street railways, for the payment of the cost of making or reconstruction of street improvements or sewers, shall be used for or appropriated to no other purpose than the payment in whole or in part of the cost of such work, or in payment of bonds or certificates issued to pay such cost, with the interest thereon.

[C., '97, § 833.]

SEC. 3898. Assessments on railways and street railways.

1 All railway and street railway companies shall be required to make, reconstruct and repair all paving, graveling or macadamizing between the rails of their tracks, and one foot outside thereof, at their own expense, unless by ordinance of the city, or by virtue of the provisions or conditions of any ordinance of the city under which said railway or street railway may have been constructed, or may be maintained, it may be bound to pave, gravel or macadamize other portions of said street, and in that case said railway or street railway shall make, reconstruct and repair the paving, graveling or macadamizing of that part of the street specified by such ordinance; and such improvement, or the reconstruction or repair thereof, shall be of the material and character ordered by said city, and shall be done at the same time that the remainder of said improvement is made, reconstructed or repaired. When the same is made or completed, said companies shall lay, in the best approved manner, such rail as the council may require. They shall keep the paving, graveling or macadamizing between said rails, and one foot outside thereof, or such other part as they are liable to construct or maintain, up to grade and in good repair, using for such purpose the same material as is used for the original paving, graveling or macadamizing, or such
other material as the council may order. If the owner of said railway
or street railway shall fail or refuse to comply with the order of the
council to make, reconstruct or repair such paving, graveling or mac-
adamizing, such work may be done by the city, and the cost and
expense thereof shall be assessed upon the real estate and personal
property of said railway or street railway company within the cor-
porate limits of said city, and against such railway or street railway
company, in the manner hereinbefore provided for the assessment
of such cost against abutting property and the owners thereof.

[C., '97, § 834.]

SEC. 3899. Cost of paving already laid.

Before any street railway company shall lay its track upon any
street that has been paved, and which at the time is not being repaved,
it shall pay into the city treasury the value of all paving between its
tracks, and one foot outside thereof, which value shall be determined
by the city council, but in no case shall exceed the original cost of
the paving, and the money thus paid shall be refunded to the abutting
property owners on said street in proportion to the amounts originally
assessed against the property abutting thereon. The company or any
person affected by or interested in such determination of the value
of such pavement may appeal therefrom to the district court within
thirty days thereafter and in the manner provided in section thirty-
nine hundred three.

[C., '97, § 835; S., '13, § 835.]

SEC. 3900. Relevy—schedule.

When by reason of nonconformity to any law or ordinance, or
by reason of any omission, informality or irregularity, any special
tax or assessment levied is invalid, or is adjudged illegal, or in case
of deficiencies, the council shall have the power to correct the same
by resolution or ordinance, and may reassess and relevy the same,
as also an amount to make up such deficiencies, with the same force
and effect as if done at the proper time, in the proper amount, and
in the manner provided by law or by the resolution or ordinance re-
lying thereto. Whenever any such special tax or assessment, upon
property not by law exempt therefrom, shall have been heretofore
or shall be hereafter adjudged to be void for any jurisdictional defect,
and the city adjudged liable to pay the same, the city council shall
as to such property have power, by resolution or ordinance, to cause
to be prepared a schedule and proposed reassessment in proportion
to and not in excess of benefits, and to cause notice thereof to be
given, and to hear objections thereto and make necessary corrections,
as provided by section thirty-eight hundred eighty-seven; and there-
upon the council shall reassess and relevy such special tax or special
assessment as so corrected, with the same force and effect as if juris-
diction had been acquired in the first instance, and all subsequent
proceedings had been regularly and legally had.

[C., '97, § 836; S. S., '15, § 836.]

SEC. 3901. Correction.

When, in making any special assessment, any property is here-
after assessed too little or too much, the same may be corrected, and
a reassessment and relevy made in conformity therewith; and any
tax collected in excess of the proper amount shall be refunded to the
persons paying the same. Such corrected assessment shall be a lien
on the lots and parcels of land the same as the original, and shall be
certified by the clerk to the county auditor in the same manner, and
shall, so far as practicable, be collected in the same installments, draw
interest at the same rate, and be enforced in the same manner as
the original assessment.

[C., '97, § 837.]

SEC. 3902. Time waived.

Any provision of law, resolution or ordinance specifying a time
when, or the order in which, acts shall be done in a proceeding which
may result in a special assessment, shall be taken to be subject to
the qualifications of the two preceding sections.

[C., '97, § 838.]

SEC. 3903. Appeal.

Any person affected by the levy of any special assessment pro-
vided for in this chapter may appeal therefrom to the district court
within ten days from the date of such levy, by serving written notice
thereof upon the mayor or clerk, and filing a bond for costs, to be fixed
and approved by either of said officers. Upon such appeal, all ques-
tions touching the validity of such assessment, or the amount thereof,
and not waived under the provisions of this chapter, shall be heard
and determined. The appeal shall be tried as an equitable action, and
the court may make such assessment as should have been made, or
direct the making of such assessment by the council. The costs of
the appeal shall be taxed as in other actions.

[C., '97, § 839.]

SEC. 3904. Enforcing assessment against railways and street
railways.

All special assessments made under this chapter against any
railway or street railway shall be a debt due personally from such
railway. Such special assessments and each installment thereof, and
certificates issued therefor when due, may be collected in the district
or superior court by action at law, in the name of the city or town
against such railway or street railway, or the lien thereof enforced
against the property of such railway or street railway, on or against
which the same has been levied, by action in equity, at the election
of the plaintiff; and in any action at law where pleadings are required,
it shall be sufficient to declare generally for work and labor done, or
materials furnished, on the particular street, avenue, alley or highway,
the levy of the tax and nonpayment of the same; and in any action in
equity, it shall be sufficient to aver the same matters, together with
a particular description of the property, or parts thereof, against
which such lien is sought to be enforced. Such action may be main-
tained in the name of the city or town, for the use of any person
entitled thereto or any part thereof, upon filing a bond conditioned
to pay all costs adjudged against the plaintiff and protect it from all
liability therefrom or damages growing out of the same; the amount
of the bond to be fixed by the court, or a judge thereof in vacation, and
the sureties thereon to be approved by the clerk of said court.

[R., '60, § 1068; C., '73, § 478; C., '97, § 840.]

Any city of the first class shall have power to levy annually a tax not exceeding five mills on the dollar on the assessed valuation of all property therein, for a main sewer fund, to be used to pay the whole or any part of the cost of the making, reconstruction or repair of any main sewer within the limits of the city.

1. A “main sewer” as referred to in the preceding section shall be held to mean any sewer that is commonly referred to by any one of the following terms: “intercepting sewer, out-fall sewer, or trunk sewer.”

[S., ’13, § 840-c.]

SEC. 3907. **Statutes applicable — main sewer assessments may cover entire drainage area.**

1. The provisions of this chapter shall be applicable to providing for the making, reconstruction or repair of main sewers, the whole or any part of the cost of the making, reconstruction or repair of which shall be ordered paid from the main sewer fund herein provided for, to the same extent and in the same manner as the provisions of said chapter are now applicable to providing for the making, reconstruction or repair of sewers, the whole or any part of the cost of the making, reconstruction or repair of which may be ordered paid from the city sewer fund. In addition to the foregoing powers, cities shall have the power to assess the whole or any part of the cost of the construction of any main sewer or system of main sewers to the respective lots, tracts or parcels of ground as adjacent property which are included within a district to be fixed by the council, which may include all territory within the drainage area of such main sewer or main sewer system. And all such lots, tracts or parcels of ground which are subject to be furnished with sewer connection or drained by such main sewers or main sewer system shall be considered as adjacent property; provided sections thirty-nine hundred five to thirty-nine hundred nine, inclusive, shall not apply to cities having a population of more than forty-seven thousand.

[S., ’13, § 840-d.]

SEC. 3908. **Main sewer certificates or bonds—statutes applicable.**

[S., ’13, § 840-f.]
SEC. 3910. Sewer outlets and purifying plants—tax levy authorized.

1 Cities of the second class and towns shall have the power to levy annually a tax of not to exceed five mills on the dollar to be used solely for the purpose of constructing outlets and purifying plants for sewers. The levy made under this section shall not be considered a part of the levy made for a sewer fund under provisions of the law as it appears in paragraph three of section forty hundred thirty-eight. The tax herein authorized may be anticipated by issuing certificates or bonds, as provided by section forty hundred sixty-seven. Cities of the second class and towns shall have the power when constructing a general sanitary sewer to construct in connection therewith outlets and purifying plants. The costs of said outlets and purifying plants may be considered a part of the cost of said sanitary sewer system and be assessed against the property affected by said general sewer system in conformity to section thirty-eight hundred eighty-three.

[S. S., '15, § 840-g; 37 G. A., ch. 222, § 1.]

SEC. 3911. Statutes applicable.

In no case shall such assessments exceed twenty-five per centum of the actual value of said lots or tracts at the time of levy thereof.

[S. S., '15, § 840-i.]

SEC. 3914. Resolution of necessity.

1 Whenever the council of any such city shall deem it advisable or necessary for the benefit of the city as a whole, to construct, repair, improve or reconstruct any paved roadway as authorized by sections thirty-nine hundred twelve to thirty-nine hundred twenty-two, inclu-

If within the limits of either of such corporations no such newspaper is published, then such notice may be given by posting copies thereof in three public places within the limits of the corporation in which no such newspaper is published, two of which places shall be the postoffice and the mayor's office of such city or town. After the adoption of the resolution of necessity herein provided for by the joint board, then the board of supervisors and the council of each of said cities and towns shall proceed to carry out the terms thereof by initiating and prosecuting to a completion the necessary proceedings in each of said corporations, except that the proposals for bids and the making of the contract for the improvement shall be left with the city or town initiating the proceedings.

In no case shall such assessment exceed twenty-five per centum of the actual value of said lots or tracts at the time of levy thereof.

of the work, the one or more kinds of material for which bids will be
received, when the work shall be done, the terms of payment, and

If any interest shall become due on any of said bonds when there is no fund from which to pay the same, the council may make a temporary loan for the payment thereof, which loan shall be repaid from the special taxes and interest pledged to secure said bonds, but in case of purchase by the city at tax sale of the property on which such tax is levied, it shall then be repaid from the city improvement fund.

[C., '97, § 846.]

All cities now or hereafter having a population of one hundred thousand inhabitants or over, including cities acting under the commission plan of government, shall have the power to own, construct, erect, establish, acquire, purchase, maintain and operate a waterworks within their corporate limits, and extensions thereto for not more than ten miles beyond such limits, with all of the necessary appurtenances, real estate, buildings, galleries, mains, pipes, power plants, or systems, and lease as lessee or sell the same or any part thereof, and such city shall also have power to acquire, own and sell the negotiable bonds or other evidences of indebtedness of such waterworks; provided, however, no such waterworks shall be constructed or purchased, nor when once acquired be leased or sold until the construction, purchase, leasing or selling of such waterworks shall have been approved by a majority of the legal voters of such city voting thereon at a general election, city election, or at a special election called for that purpose, and in no event shall such waterworks when once acquired be leased by such city, as lessor, for a period longer than twenty-five years.

[38 G. A., ch. 288, § 1.]

SEC. 3995. Purchase—condemnation.

In the exercise of any of the powers herein granted any such city is given the power to acquire, take and hold any or all necessary property of the character specified in the preceding section, including existing franchises or contracts, either by purchase or condemnation proceedings in accordance with the provisions of chapter thirty-one of this title, except that in such condemnation proceedings the value of the property shall be determined as provided in sections thirty-nine hundred sixty-eight to thirty-nine hundred seventy, inclusive.

[38 G. A., ch. 288, § 2.]

SEC. 3996. Bond—tax levy—limitation of indebtedness.

For the purpose of acquiring such waterworks either by purchase, condemnation or construction, and from time to time making permanent extensions thereof, additions to and betterments of the same and of the power plants and equipment, including the acquisition of additional real estate, any such city may borrow money and may issue its negotiable bonds therefor. It shall have the power to levy upon all the taxable property within the corporate limits of said city for said purposes in addition to all other taxes now provided by law a special tax not exceeding in any one year five mills on the dollar, for a period of years not exceeding fifty, and such cities may for the purpose of purchasing, erecting, maintaining and operating waterworks incur an indebtedness not exceeding in the aggregate added to all other indebtedness five per centum of the actual value of the taxable property within such city. §§ 3997-3999. PURCHASE OF WATERWORKS BY CITIES.

Any such city desiring to own, construct, erect, acquire, purchase, establish and maintain such waterworks may issue bonds in anticipation of the special tax authorized in the preceding section. Such bonds shall be known as public service bonds, and said bonds and interest thereon shall be secured by said assessment and levy and (unless otherwise paid out of the surplus income derived from the operation of the waterworks) shall be payable only out of the proceeds thereof pledged to the payment of the same, and shall be issued and sold in accordance with the provisions of chapter thirty-four, title thirteen, except as herein otherwise provided. In issuing such bonds, the city council may cause portions of the same to become due at different definite periods, but none of such bonds so issued shall be payable more than fifty years from their date. It shall be the duty of the city treasurer to collect and receive said tax and to hold the same separate and apart in trust for the payment of said bonds and interest, and to apply the proceeds of said tax pledged for that purpose to the payment of said bonds and interest. Said bonds shall be issued in sums of not less than one hundred dollars nor more than one thousand dollars, each running not more than fifty years, and bearing interest not exceeding five per cent per annum, payable semi-annually.

Every such city may issue interest bearing public service certificates to provide for the acquisition, extension or improvement of any waterworks property or equipment. Such certificates shall in no case become an obligation of the city or be payable out of any general fund, but shall be payable solely out of a sinking fund representing a specific portion of the income derived from the waterworks on account of which they were issued, and such certificates may be issued as aforesaid to an amount ten per cent in excess of the cost of any such extensions, improvements, waterworks property, or equipment, on account of which such certificates are issued. No ordinance providing for the issuance of such certificates shall be effective until there be filed with the city clerk, prior to the adoption of such ordinance, the recommendation of the waterworks trustees for the issuance of such certificates.

Every such city shall have the additional power to provide, by ordinance, for a sinking fund to be derived from the earnings of any waterworks acquired by it pursuant to the terms of any ordinance, contract, or other regulation.
SEC. 4000. Trustees—appointment—number—term—who eligible to appointment—removal.
Whenever any such city becomes the owner of a waterworks it shall be the duty of the city council, unless the same has already been done by prior action of the council, to forthwith by ordinance on the nomination of the mayor, elect and appoint a board of waterworks trustees for such waterworks consisting of five resident voters who shall hold office: one until the first Monday in April of the second year after his appointment; two until the first Monday in April of the fourth year after their appointment; and, two until the first Monday in April of the sixth year after their appointment; provided such waterworks has not been sooner leased or sold as provided in section thirty-nine hundred ninety-four, in which event the term of office of each of the members of said board shall be held to have expired. In case said property is neither leased nor sold, then each succeeding council shall as soon as practicable after organizing appoint a member or members of the board, as the case may be, for a term of six years, who shall take the place of the members of the board whose term of office expires. The chairman of said board shall be selected and named by a majority vote of the members thereof, and for such term as the board may determine. No person shall be eligible for appointment on the board while he holds or is a candidate for, or has within one year held any other salaried federal, state, county or city office, or salaried federal or municipal position. This shall not apply to any officer or soldier in the United States army, or to any officer or sailor of the United States navy. Three of said members shall constitute a quorum to transact business. The council may, after a hearing and upon ten days' written notice, remove any of the members of said board during their term of office for cause by a vote of four members of the council in favor of such removal, and shall fill any vacancy that may occur in such board for the unexpired term, and each member thereof shall receive such salary as the council may determine.

No member of said board shall be eligible to any lucrative office in the city or state during his term of service.

[38 G. A., ch. 288, § 9.]

1 The board shall immediately after its organization make and
2 prescribe all the necessary rules for the government of the water-
3 works, and prescribe the form of records and the kind of accounts to
4 be made and kept in the operation of such waterworks. It shall in-
5 stitute and require the keeping of a uniform and perfected system of
6 accounts and requisitions showing the purchase, storing and use of
7 materials for operation, construction and other purposes. Said ac-
8 counts shall be kept distinct and separate from other city accounts,
9 and in such manner as to show the true and complete financial results
10 of the operation of said waterworks. The board shall at least twice
11 a year cause to be prepared and printed for public distribution a full
12 and complete financial report. The account of such waterworks shall
13 be examined at least once a year by an expert accountant selected by

6 on its waterworks bonded debt.
7 2. The cost of insurance against loss by accidents of all kinds.
8 3. The cost of impairment of investment by reason of depreci-

16 out of the special tax provided for in section thirty-nine hundred

18 the powers herein granted.

[38 G. A., ch. 288, § 11.]

SEC. 4005. Mortgage—restriction—rate of interest.

1 In addition to all the powers hereinbefore granted such cities
2 shall have the right to mortgage or bond such waterworks and pledge
3 the net revenues thereof to secure the payment of the purchase price,

[38 G. A., ch. 288, § 13.]

SEC. 4007. Extension of mains—guarantees by property owners.

1 The board of waterworks trustees shall establish such rules regarding the extension of mains as in its belief will inure to the greatest benefit of the city, and shall avoid granting special favors in the extension of mains by requiring property owners when necessary to make certain guarantees or to pay certain sums to cover the cost of unprofitable extensions. provisions of this chapter. In all other respects this chapter shall be construed as granting additional power without limiting the power already existing in cities of the first class with a population of one hundred thousand or over.

CHAPTER 35.
PLATS.

SECTION 4070. For subdivisions or additions.
1 Every original proprietor of any tract or parcel of land, who has
2 subdivided, or shall hereafter subdivide the same into three or more
3 parts, for the purpose of laying out a town or city, or addition thereto,
4 or part thereof, or suburban lots, shall cause a plat of such subdivi-
5 sions, with references to known or permanent monuments, to be made,
6 giving the bearing and distance from some corner of a lot or block
7 in said town or city to some corner of the congressional division of
8 which said town, city or addition is a part, which shall accurately
9 describe all the subdivisions thereof, numbering the same by progress-
10 sive numbers, giving their dimensions by length and breadth, and the
11 breadth and courses of all the streets and alleys established therein.
12 Description of lots or parcels of land in such subdivisions according
to the number and designation thereof on said plat, in conveyances
or for the purposes of taxation, shall be valid. The duty to file for
record a plat as provided herein shall attach as a covenant of war-
rit, in all conveyances of any part or parcel of such subdivisions,
by the original proprietors against any and all assessments, costs and
damages paid, lost or incurred by any grantee or person claiming
under him, in consequence of the omission on the part of said pro-
prietor to file such plat.
[C., '73, § 559; C., '97, § 914.]

SEC. 4071. Acknowledgment and recording—abstract of title.
Every such plat shall have a complete abstract of title attached
thereto, and shall be accompanied by a statement to the effect that
the subdivision of (here insert a correct description of the land or
parcel subdivided), as appears on this plat, is with the free consent
and in accordance with the desire of the proprietor, which shall be
signed and acknowledged by him before some officer authorized to
take the acknowledgment of deeds. Such proprietor shall also pro-
cure from the treasurer of the county in which the land lies, and file
with the recorder, a certified statement that the land laid out into
lots, streets and alleys is free from taxes, and a certified statement
of the clerk of the district court that said land is free from all judg-
ment, attachment, mechanics', or other liens, as appears by the records
of his office, and a certified statement from the recorder that the title
in fee is in such proprietor, and that it is free from incumbrance;
but if the parcel of land so laid out shall be incumbered with a debt
certain in amount, and which the creditor will not accept with accrued
interest to the day of proffered payment if it draws interest, or with
a rebate of interest at the rate of six per cent per annum if it draws
no interest, or if the creditor can not be found, then such proprietor,
and, if a corporation, its proper officer or agent, may file with the
recorder of such county an affidavit, stating either that such proprie-
tor has offered to pay such creditor the full amount of his debt, with
interest, or with a rebate of interest, as the case may be, and that he
would not accept the same, or that he can not be found, whereupon
such proprietor may execute and file with the recorder a bond in double
the amount of such incumbrance, with three sureties who shall be
freeholders of the county, to be approved by the recorder and clerk
of the district court, which bond shall run to the county, and shall
be for the benefit of the purchasers of any lots, and shall be condi-
tioned for the payment of such incumbrance and the cancellation
thereof of record as soon as practicable after the same becomes due,
and for the holding of all purchasers and those claiming under them
forever harmless from such incumbrance. When such affidavit and
bond shall have been filed with the recorder, together with the cer-
tificate of approval of the council of the city or town in which such
land is situated or which is proposed to be made an addition thereto
and a certificate of the recorder that said land is free from all incum-
brance except as secured by said bond, and that the title in fee is in
such proprietor, and that of the treasurer that the land is free from
taxes, said plat shall be admitted to record, and be as valid as if such
proprietor had filed with the recorder the certificate of such officer
that said land was free from all incumbrance.

SEC. 4072. Approval by council.

1 All plats of additions to any city or town, or subdivision of any part or parcels of lands lying within or adjacent to any city or town, shall be divided by streets into blocks and such blocks and streets shall conform as nearly as practicable to the size of blocks and the width of streets in such city or town. And such streets shall be extensions of the existing system of streets thereof. All plats of such additions or subdivisions, except subdivisions of less than one block, before being recorded shall be filed with the clerk of such city or town, and when so filed, the council within a reasonable time shall consider the same, and if it is found that such plat conforms to the provisions hereof, the council shall direct the mayor and clerk to certify its resolution of approval, which shall be affixed to said plat before it shall be received for record by the county recorder. The council shall have power to require alleys to be platted separating abutting lots, and if so platted, said alleys shall conform as nearly as practicable to the width of alleys in said city or town and shall be extensions of the existing system of alleys. The council shall have the power to require the owner to bring all streets to a grade acceptable to the council before any such plat is approved as herein provided.

SEC. 4073. Dedication to public.

1 When the statement and plat are accompanied with the certificates, affidavit and bond, when so required, and have been entered on the plat books in the auditor's office, they shall be admitted to record, and not otherwise, and shall be of no validity until so filed for record in the office of the recorder, and such acknowledgment and recording shall be equivalent to a deed in fee simple of such portion of the premises platted as is set apart for streets or other public use, or as is dedicated to charitable, religious or educational purposes.

[C., '51, §§ 635-637; R., '60, §§ 1019-1021; C., '73, §§ 560, 561; C., '97, § 917.]

SEC. 4074. Authority to change name of street.

1 Cities and towns shall have authority to change by ordinance the name of a platted street. The mayor and city or town clerk shall certify and file the ordinance, after its passage, with the county recorder and county auditor in the county where the said city or town is located, which shall be entered of record in the recorder's office and a reference made on the margin of the original plat referring to the record of such change of names.

[S., '13, § 917-a.]

SEC. 4075. Vacation by proprietor.

1 Any such plat may be vacated by the proprietor thereof, at any time before the sale of any lots, by a written instrument declaring the same to be vacated, executed, acknowledged and recorded in the same office with the plat to be vacated, and the execution and recording of such writing shall operate to annul the plat so vacated, and to divest all public rights in the streets, alleys and public grounds described therein. In cases where any lots have been sold, the plat may be va-
PLATS. §§ 4076-4078.

SEC. 4076. Part of plat vacated.

Any part of a plat may be thus vacated, provided it does not abridge or destroy any right or privilege of any proprietor in said plat, but nothing contained in this section shall authorize the closing or obstruction of highways. When any part of a plat is vacated, the proprietors of the lots may inclose the streets, alleys and public ground adjoining them in equal proportion, except as provided in the next section. The recorder in whose office the plats are recorded shall write across that part of the plat so vacated, the word “vacated,” and make a reference on the same to the volume and page in which the instrument is recorded.

SEC. 4077. Vacation by lot owners.

Whenever the owners of any tract of land which has been platted into town lots, and the plat of which has been recorded, shall desire to vacate the plat or a part thereof, a petition, signed by all the owners or any of the part to be vacated, shall be filed in the office of the clerk of the district court of the county in which the land is situated, returnable at the ensuing term, and notice thereof given at least four weeks, by posting notices in three conspicuous places in the town where the vacation is prayed, and one upon the door of the courthouse of the county. At the term of court next following the filing of the petition and notice, the court shall fix a time for hearing the petition, and notice of the day so fixed shall be given by the clerk in some newspaper published in the county at least one week before the day appointed for the hearing. At the hearing of the petition, if it shall appear that all the owners of lots in the plat or part thereof to be vacated desire the vacation, and there is no valid objection thereto, a decree shall be entered vacating such portion of the plat, and the streets, alleys and avenues therein, and for all purposes of assessment such portion of the town shall be as if it had never been platted into lots; but if any street as laid out on the plat shall be needed for public use, it shall be excepted from the order of vacation and shall remain a public highway. Vacations made under this chapter shall not be construed to affect any lands lying within any city or town which have been dedicated or deeded to the public for parks or other public purposes.

SEC. 4078. Replatting.

The owner of any lots in a plat vacated may cause the same and a proportionate part of the adjacent streets and public grounds to be replatted and numbered by the county surveyor in the same manner as is required for platting in the first instance, and when such plat is acknowledged by such owner, and is recorded in the recorder’s office of the county, such lots may be conveyed and assessed by the numbers given them on such plat.
SEC. 4079. Plat by auditor—special charter cities excepted.

Whenever the original proprietor of any subdivision of land has sold or conveyed any part thereof, or invested the public with any rights therein, and has failed and neglected to execute and file for record a plat as provided in this chapter, the county auditor shall by mail or otherwise notify some or all of such owners, and demand its execution. If such owners, whether so notified or not, fail and neglect for thirty days after the issuance of such notice to execute and file said plat for record, the auditor shall cause one to be made, making any survey necessary therefor. Said plat shall be signed and acknowledged by the auditor, who shall certify that he executed it by reason of the failure of the owners named to do so, and file it for record in his office and in the office of the county recorder, and when so filed it shall have the same effect as if executed, acknowledged and recorded by the owners. A correct statement of the costs and expenses of such plat, survey and record, verified by oath, shall be by the auditor laid before the first session of the board of supervisors, which shall allow the same and order them paid out of the county treasury, and he shall at the same time assess the amount pro rata upon the several subdivisions of said tract, lot or parcel so subdivided, and it shall be collected in the same manner as general taxes, and shall go to the general county fund; or said board may direct suit to be brought in the name of the county to recover from the original proprietor such cost and expense. Real estate situated in cities acting under special charter shall not be platted by the auditor under this section.

[C., '73, § 568; C., '97, § 922; S., '13, § 922.]

SEC. 4080. Platting for assessment and taxation.

Whenever a congressional subdivision of land of one hundred sixty acres or less, or any lot or subdivision, is owned by two or more persons in severalty, and the description of one or more of the different parts or parcels thereof can not, in the judgment of the county auditor, be made sufficiently certain and accurate for the purposes of assessment and taxation without noting the metes and bounds of the same, he shall cause to be made and recorded in his office and the office of the county recorder a plat of such tract or lot with its several subdivisions, including and replatting in such plat such other plats or parts thereof included within the same lot or congressional subdivision of land as may seem to him to be required in accordance with the provisions of this chapter, proceeding as directed in the preceding section, and all of its provisions shall govern.

[C., '73, § 569; C., '97, § 923; S., '13, § 923.]

SEC. 4081. Insufficiency of description in deed.

Every conveyance of land in this state shall be deemed to be a warranty that the description therein contained is sufficiently definite and accurate to enable the auditor to enter the same on the plat book required to be kept; and when there is presented for entry on the transfer book any conveyance in which the description is not sufficiently definite and accurate, the auditor shall note such fact on the deed, with that of the entry for transfer, and shall notify the person presenting it that the land therein is not sufficiently described, and must be platted within thirty days thereafter. Any person aggrieved by the opinion of the auditor may within said thirty days appeal there-
from to the board of supervisors, by giving notice thereof in writing, and thereupon no further proceeding shall be taken by the auditor.
At its next session the board of supervisors shall determine said matter and direct whether the plat shall be executed and filed, and within what time. If the grantor in such conveyance shall neglect for thirty days thereafter to file for record a plat thereof, and of the appropriate congressional subdivision in which the same is found, duly executed and acknowledged as required by the auditor, or, in case of appeal, as directed by the board of supervisors, then the auditor shall proceed as is provided in this chapter, and cause such plat to be made and recorded in his office and the office of the county recorder, and thereupon the same result shall follow as provided in the preceding section. Such plat shall describe said tract and any other subdivisions of the smallest congressional subdivision of which the same is part, numbering them by progressive numbers, setting forth the courses and distances, the number of acres, and such other memoranda as is necessary; and descriptions of such lots or subdivisions according to the number and designation thereon said plat shall be deemed sufficient for all purposes.

[C., '73, § 570; C., '97, § 924; S., '13, § 924.]

SEC. 4082. Resurvey of town plats.
1 In all cases where the original plat of any city, town or village, or any addition thereto, has been or may be lost or destroyed after the sale and conveyance of any subdivision, block or lot thereof by the original proprietor and before the same shall have been recorded, any three persons owning real property within the limits of such plat may have the same resurveyed and replatted, and such plat recorded as hereinafter directed, but in no case shall such replat be made and recorded without the consent in writing, indorsed thereon, of the original proprietor, if he be alive and his place of residence known.

[C., '97, § 925.]

SEC. 4083. How made.

In making a resurvey and plat, the surveyor may summon witnesses, administer oaths, and take and hear evidence touching the original plat lines and subdivisions, whether the original proprietor is dead, and any other matter which may assist in arriving at and establishing the true lines and boundaries; but no resurvey shall be made except upon notice to be given by the surveyor by a publication of the contemplated resurvey, once each week, for four consecutive weeks in some newspaper printed in the county.

[C., '97, § 926; S., '13, § 926.]

Sec. 4107. Definition of terms.

Certain words in this chapter are defined for the purposes thereof as follows: Words used in the present tense include the future; words in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural the singular; the word "person" includes a corporation as well as a natural person.

1. Dwelling. A "dwelling" is any house or building or portion thereof which is occupied in whole or in part as the home or residence of one or more human beings, either permanently or transiently.

2. Classes of dwellings. For the purposes of this chapter dwellings are divided into the following classes: a "Private dwellings," b "two-family dwellings," and c "multiple dwellings."

   a A private dwelling is a dwelling occupied by but one family alone.
   b A two-family dwelling is a dwelling occupied by but two families alone.
   c A multiple dwelling is a dwelling occupied by more than two families.

3. Classes of multiple dwellings. All multiple dwellings are for the purposes of this chapter divided into two classes, viz.: Class A and Class B.

   Class A. Multiple dwellings of Class A are dwellings which are occupied more or less permanently for residence purposes by several families and in which the rooms are occupied in apartments, suites or groups. This class includes tenement houses, flats, apartment houses, apartment hotels, bachelor apartments, studio apartments, kitchenette apartments, and all other dwellings similarly occupied whether specifically enumerated or not.

   Class B. Multiple dwellings of Class B are dwellings which are occupied, as a rule transiently, as the more or less temporary abiding place of individuals who are lodged, with or without meals, and in which as a rule the rooms are occupied singly. This class includes hotels, lodging houses, boarding houses, furnished room houses, club houses, asylums, boarding schools, convents, hospitals, jails and all other dwellings similarly occupied whether specifically enumerated herein or not.

4. Hotel. A "hotel" is a multiple dwelling of Class B in which persons are lodged for hire and in which there are more than twenty-five sleeping rooms.

5. Family occupancy. For the purposes of this chapter, a "family" is a group of persons living together, whether related to each other by birth or not, and may consist of one or more persons.

6. Mixed occupancy. In cases of mixed occupancy where a building is occupied only in part as a dwelling, the part so occupied shall be deemed a dwelling for the purposes of this chapter.

7. Yards. A "rear yard" is an open unoccupied space on the same lot with a dwelling, between the extreme rear line of the lot and the extreme rear line of the house. A yard between the front line of the house and the front line of the lot is a "front yard." A yard...
between the side line of the house and the side line of the lot which 
extends from the front line or front yard to the rear yard is a "side 
yard."

8. Courts. A "court" is an open unoccupied space, other than a 
yard, on the same lot with a dwelling. A court not extending to the 
street or front or rear yard is an inner court. A court extending to 
the street or front yard or rear yard is an outer court.

9. Corner and interior lots. A "corner lot" is a lot of which at 
least two adjacent sides abut upon a street. A lot other than a corner 
lot is an "interior lot". The word "lot" is any deeded parcel of land 
whether a full platted lot or not.

10. Front, rear and depth of lot. The front of a lot is that 
boundary line which borders on the street. In case of a corner lot 
the owner may elect by statement on his plans either street boundary 
lines as the front. The rear of a lot is the side opposite to the front. 
The depth of a lot is the dimension measured from the front of the 
lot to the extreme rear line of the lot. In case of irregular shaped 
lots the mean depth shall be taken.

11. Public hall. A "public hall" is a hall, corridor or passage-
way not within the exclusive control of one family.

12. Stair hall. A "stair hall" is a public hall and includes the 
stairs, stair landings and those portions of the building through which 
it is necessary to pass in going between the entrance floor and the roof.

13. Basement, cellar, attic. a A "basement" is a story partly 
underground but having at least one-half of its height above the curb 
level, and also one-half of its height above the highest level of the 
adjacent ground. A basement shall be counted as a story.

b A "cellar" is a story having more than one-half of its height 
below the curb level, or below the highest level of the adjoining 
ground. A cellar shall not be counted as a story for purposes of 
height measurement. If any part of a story is in that part the equiv-
alent of a basement or cellar, the provisions of this chapter relative 
to basements and cellars shall apply to such part of said story.

c In the case of private dwellings and two-family dwellings an 
attic, or space in a sloping roof, if not occupied for living purposes, 
shall not be counted as a story; in the case of multiple dwellings an 
attic room shall be counted as a story if used for living purposes.

14. Height. The "height" of a dwelling is the perpendicular dis-
tance measured in a straight line from the curb level to the highest 
point of the roof beams in the case of flat roofs, and to the average 
of the height of the gable in the case of pitched roofs; the measure-
ments in all cases to be taken through the center of the front of the 
house. Where a dwelling is situated on a terrace above the curb level 
such height shall be measured from the level of the adjoining ground. 
Where a dwelling is on a corner lot and there is more than one grade 
or level, the measurements shall be taken from the mean elevation.

15. Curb level. The "curb level" is the level of the established 
curb in front of the building measured at the center of such front. 
Where no curb has been established the city engineer shall establish 
such curb level or its equivalent for the purposes of this chapter.

16. Occupied spaces. Outside stairways, fire towers, porches, 
platforms, balconies, boiler flues and other projections shall be con-
sidered as part of the building and not as a part of the yards or 
courts or unoccupied spaces. This provision shall not apply to un-
inclosed outside porches not exceeding two story in height which 
do not extend into the front or rear yard a greater distance than ten

105 feet from the front or rear walls of the building, nor to any such
porch which does not extend into the side yard a greater distance
than twelve feet from the side wall of the building nor exceed twelve
feet in its other horizontal dimension, nor to an enclosed rear porch
or attached garage with or without sleeping porch above and not
exceeding twelve by twenty feet nor to cornices or eaves not exceed-
ing eighteen inches in width.

17. Fire-resistive constructed dwelling. A dwelling of fire-
resistive construction is one with brick, stone, or concrete walls and
with brick tile, concrete or terra cotta floors and roof. Floor and
roof supports to be of brick, concrete or metal with all metal pro-
tected by tile, concrete or similar fire-resistant material. But this
definition shall not be construed as prohibiting the use of wooden
flooring on top of the fireproof floors or the use of wooden sleepers,
nor as prohibiting wooden hand rails or treads of hardwood not less
than one inch thick.

18. Wooden buildings. A “wooden building” is a building of
which the exterior walls or a portion thereof are of wood. Court
walls are exterior walls.

19. Nuisance. The word “nuisance” shall be held to embrace
nuisance as known at common law or in equity jurisprudence; and
whatever is dangerous to human life or detrimental to health; what-
ever dwelling is overcrowded with occupants or is not provided with
adequate ingress or egress to or from the same, or is not sufficiently
supported, ventilated, sewered, drained, cleaned or lighted, in refer-
ence to its intended or actual use; and whatever renders the air or
human food or drink unwholesome, are also severally, in contempla-
tion of this chapter, nuisances; and all such nuisances are hereby
declared illegal.

20. Construction of certain words. The word “shall” is always
mandatory and not directory, and denotes that the dwelling shall be
maintained in all respects according to the mandate as long as it
continues to be a dwelling. Wherever the words “charter,” “ordi-
nances,” “regulations,” “superintendent of buildings,” “health de-
partment,” “the board of health,” “health officer,” “commissioner of
public safety,” “commissioner of public health,” “department charged
with the enforcement of this chapter,” “corporation counsel,”
“mayor,” “city treasury,” or “fire limits” occur in this chapter they
shall be construed as if followed by the words “of the city in which
the dwelling is situated.”

Wherever the words “health department,” “health officer,” or
“duly authorized assistant” or “board of health,” “commissioner of
public safety,” or “commissioner of public health” are employed in
this chapter, such words shall be deemed and construed to mean the
official or officials in any city to whom is committed the charge of
safeguarding the public health. The terms “superintendent of build-
ings,” “building department” and “inspector of buildings” shall em-
brace the department and the executive head thereof specially
charged with the execution of laws and ordinances relating to the
construction of buildings. Wherever the words “occupied” or “used”
are employed in this chapter such words shall be construed as if fol-
lowed by the words “or is intended, arranged, designed, built, altered,
converted to, rented, leased, let or hired out, to be occupied or used.”

Wherever the words “dwelling,” “two-family dwelling,” “mul-
tiple dwelling,” “building,” “house,” “premises” or “lot” are used
in this chapter, they shall be construed as if followed by the words
“or any part thereof.” Wherever the words “city water” are used in this chapter, they shall be construed as meaning any public supply of water through street mains; and wherever the words “public sewer” are used in this chapter they shall be construed as meaning any part of a system of sewers that is used by the public or by concerted action of several users, whether or not such part was constructed at the public expense. Wherever the word “street” is used in this chapter it shall be construed as including for the purpose hereinafter stated any public alley sixteen feet or more in width, namely, for the sole purpose of determining the required open space around and the allowable height of any building abutting thereon. “Approved fire-resistive material” means as set forth by ordinances, or if not so determined, as approved by the superintendent of buildings.

If any dwelling or any part thereof is occupied by more families than provided in this chapter, or is erected, altered or occupied contrary to law, such dwelling shall be deemed an unlawful structure and the health officer may cause such dwelling to be vacated. Any such dwelling shall not again be occupied until it, or its occupation as the case may be, has been made to conform to the law.

[38 G. A., ch. 123, § 4.]

And every city subject to this chapter is empowered to enact such ordinances and regulations and to prescribe for their enforcement; and to enact such other ordinances pertaining to the housing of the people, not in conflict with the provisions of this chapter, as shall be deemed advisable by the city council. The chairman of the commission for each biennial period shall be the member whose term first expires. No person while on the said commission shall hold or be a candidate for any office of public trust. Two of said members shall constitute a quorum to transact business. Any such appeal may be taken by serving upon the proper department superintendent or his secretary or clerk a notice in writing, within said time, specifying the ruling appealed from, which notice shall be signed by the person taking the appeal. A true copy of such notice of appeal shall be filed with the chairman of the civil service commission or mayor, as the case may be. Within five days from the service of such notice of appeal, the proper department superintendent shall file with the civil service commission, or city council, as the case may be, a written specification of the charges or grounds upon which the affirmance or revocation of the suspension or discharge appealed from was based. Within five days after such specifications are filed as aforesaid the commission or council, as the case may be, shall fix the time and place for hearing the appeal and notify the appellant in writing of the time and place so fixed, which notice shall contain a copy of the specifications so filed. The time for hearing any such appeal shall not be fixed earlier than five days nor later than twenty days from the filing of such specifications. The council and commission shall have the power to enforce the attendance of witnesses, the production of books and papers, and to administer oaths in the same manner and with like effect, and under same penalties, as in the case of magistrates exercising criminal or civil jurisdiction under the statutes of Iowa. SEC. 4235. Terms defined.
In the construction of this chapter the following rules shall be
observed, unless such construction would be inconsistent with the
manifest intent, or repugnant to the context of the statute.
1. The words "councilman" or "alderman" shall be construed to
mean "councilman" when applied to cities under this chapter.
2. When an office or officer is named in any law referred to in
this chapter, it shall, when applied to cities under this chapter, be
construed to mean the office or officer having the same functions or
duties under the provisions of this chapter, or under ordinances passed
under authority thereof.
3. The word "franchise" shall include every special privilege in
the streets, highways and public places of the city, whether granted
by the state or city, which does not belong to citizens generally by
common right.
4. The word "electors" shall be construed to mean persons quali-
fied to vote for elective offices at regular municipal elections.

[S., '13, § 1056-a35.]

SEC. 4236. Removal of elective officers—procedure—statement of
candidacy—election of successors.
The holder of any elective office may be removed at any time by
the electors qualified to vote for a successor of such incumbent. The
procedure to effect the removal of an incumbent of an elective office
shall be as follows: A petition signed by electors entitled to vote for
a successor to the incumbent sought to be removed, equal in number
to at least twenty-five per centum of the entire vote for all candidates
for the office of mayor cast at the last preceding general municipal
election, demanding an election of a successor of the person sought to
be removed, shall be filed with the city clerk, which petition shall con-
tain a general statement of the grounds for which the removal is
sought. The signatures to the petition need not all be appended to
one paper, but each signer shall add to his signature his place of resi-
dence, giving the street and number. One of the signers of each such
paper shall make oath before an officer competent to administer oaths
that the statements therein made are true as he believes, and that each
signature to the paper appended is the genuine signature of the per-
son whose name it purports to be. Within ten days from the date of
filing such petition the city clerk shall examine and from the voters'
register ascertain whether or not said petition is signed by the requi-
site number of qualified electors, and, if necessary, the council shall
allow him extra help for that purpose; and he shall attach to said
petition his certificate, showing the result of said examination. If by
the clerk's certificate the petition is shown to be insufficient, it may be
amended within ten days from the date of said certificate. The clerk
shall, within ten days after such amendment, make like examination
of the amended petition, and if his certificate shall show the same to
be insufficient, it shall be returned to the person filing the same;
without prejudice, however, to the filing of a new petition to the same
effect. If the petition shall be deemed to be sufficient, the clerk shall
submit the same to the council without delay. If the petition shall be
found to be sufficient, the council shall order and fix a date for holding
the said election, not less than thirty days or more than forty days
from the date of the clerk's certificate to the council that a sufficient
petition is filed. The council shall make or cause to be made publica-
tion of notice and all arrangements for holding such election, and the
same shall be conducted, returned and the result thereof declared, in
all respects as are other city elections. So far as applicable, except

tion signed by electors of the city equal in number to the percentage
hereinafter required. The signatures, verification, authentication, ins-

shall be the same as provided for petitions under the preceding sec-

by electors equal in number to twenty-five per centum of the votes

vote of the people if not passed by the council, such council shall either
(a) pass said ordinance without alteration within twenty days after
attachment of the clerk's certificate to the accompanying petition, or
(b) forthwith after the clerk shall attach to the petition accompanying
such ordinance his certificate of sufficiency, the council shall call a
special election, unless a general municipal election is fixed within
ninety days thereafter, and at such special or general municipal elec-

next general city election occurring not more than thirty days after
the clerk's certificate of sufficiency is attached to said petition. The
ballots used when voting upon said ordinance shall contain these
words: "For the ordinance" (stating the nature of the proposed
ordinance), and "Against the ordinance" (stating the nature of the
proposed ordinance). If a majority of the qualified electors voting
on the proposed ordinance shall vote in favor thereof, such ordinance
shall thereupon become a valid and binding ordinance of the city; and
any ordinance proposed by petition, or which shall be adopted by a
vote of the people, can not be repealed or amended except by a vote of
the people. Any number of proposed ordinances may be voted upon
at the same election, in accordance with the provisions of this sec-

to be voted upon at any succeeding general city election; and should
such proposition so submitted receive a majority of the votes cast
thereon at such election, such ordinance shall thereby be repealed or
amended accordingly. Whenever any ordinance or proposition is re-

election, the city clerk shall cause such ordinance or proposition to
be published once in each of the daily newspapers published in said
city, such publication to be not more than twenty or less than five
