UNDER AUTHORITY OF CHAPTER THREE HUNDRED THIRTY-THREE, ACTS OF THE THIRTY-NINTH GENERAL ASSEMBLY, AND CHAPTER THREE HUNDRED THIRTY, ACTS OF THE FORTIETH GENERAL ASSEMBLY
EDITORS' PREFACE

This Supplement to the Compiled Code of 1919 entirely supplants and takes the place of the Supplement of 1921 to the Compiled Code which should no longer be used.

The general form and arrangement of the Compiled Code has been retained in this Supplement. A few changes have been made in chapter headings, but in each instance an explanatory note follows the changed heading.

The volume contains the following:

1. All acts of the Thirty-ninth and the Fortieth General Assemblies of a general and permanent nature.

2. A number of Compiled Code sections which have been reprinted to correct errors made in printing the Compiled Code, or to relocate the sections, or to divide the sections, or to change a cross reference which, owing to the insertion of new sections, was no longer correct.

3. A few sections which were inadvertently omitted from the Compiled Code and have been printed in the Supplement to supply the omission.

All of the Compiled Code sections which have been merely reprinted for one of the above purposes and have not been changed in any manner by the Thirty-ninth or the Fortieth General Assemblies, carry a footnote calling attention to this fact, so that the searcher will not be misled as to the appearance of the section in the Supplement. The sections which have been printed to supply an omission in the Compiled Code are followed by a note explaining the reason for their appearance in the Supplement.

As a general rule, the section numbers of the Compiled Code have not been changed. If a section has been merely amended by the Thirty-ninth or the Fortieth General Assemblies, it appears in the Supplement in its amended form under the same number as it appeared in the Compiled Code. This is also true of a Compiled Code section which has been repealed and one section enacted in place of the repealed section.

In case, however, a Compiled Code section has been repealed and more than one section enacted in place of the repealed section, then theCompiled Code number and the former catchwords of the section appear in the Supplement, followed by a bracketed note stating that the section has been repealed and a substitute enacted for the repealed section, which may be found under the new Supplement numbers designated in the note.

The same system has also been used in case two or more Compiled Code sections have been repealed and one or more sections enacted in place of the repealed sections. The Compiled Code numbers and the former catchwords of the sections are carried with notes indicating the new Supplement numbers under which the substitute may be found.
Every new number in the Supplement is a hyphenated number. For example: "683-a1, 683-a2, 683-a3, 683-a3a". This system has been found applicable to every situation in which it was found necessary to introduce new numbers, and it is uniform throughout the Supplement.

A few sections of the Compiled Code have been relocated. These new arrangements have been made either on account of some drastic change by the Thirty-ninth or the Fortieth General Assemblies in the character of the former sections, making their location in the Compiled Code illogical, or on account of the sections being originally misplaced in the Compiled Code. In every instance where a transfer has been made, explanatory notes appear in connection with the sections.

A few sections of the Compiled Code have been divided, without change of language, into short sections, thus rendering them more easily understood. In such cases, the divided parts of the old section have each been given a hyphenated number. Sections 6941 and 7391 are illustrations of sections which have been divided. In every case where a section has been divided in the Supplement, notes have been inserted explanatory of the division.

A new set of tables of corresponding sections will be found following the last title of the Supplement. These tables show the sections of the Compiled Code and of the Supplement which correspond in subject matter with the sections of the Code of 1897, Supplement of 1913, Supplemental Supplement of 1915, and the Acts of the Thirty-seventh, Thirty-eighth, Thirty-ninth, and Fortieth General Assemblies. These tables take the place of the tables of corresponding sections which appeared following the last title in the Compiled Code.

A brief index follows the tables of corresponding sections. The items in this index cover all sections of the Compiled Code which were amended or substituted by the Thirty-ninth or the Fortieth General Assemblies; also, all new legislation of a general or permanent nature enacted by the Thirty-ninth or the Fortieth General Assemblies; also, all sections which have been given new numbers because of a relocation or division thereof; also, the few sections which were omitted from the Compiled Code, but which have been printed in the Supplement to supply the omission. The sections which have been reprinted in the Supplement to correct an error or to change a cross reference are not covered in the index. For these, and for the matter in other sections which were enacted prior to the Thirty-ninth General Assembly, the searcher must rely upon the index in the Compiled Code.

The kind and courteous treatment received from the Joint Committee on Retrenchment and Reform of the Fortieth General Assembly, which has had general supervision of the work, is gratefully acknowledged.

[40 G. A., ch. 223, § 9.]

SEC. 388. County convention—delegates—committeemen.

In each county there shall be held in each year in which a general election in November is to take place a county convention of each political party. Said county convention shall be composed of delegates elected at the last preceding primary election, and shall be held on the fourth Saturday following the primary election, convening at eleven o'clock a.m. The number of delegates from each voting precinct shall be determined by a ratio adopted by the respective party county central committees, and shall be thus determined and a statement designating the number from each voting precinct in the county filed in the office of the county auditor at least thirty days before the primary election; if not so done, the auditor shall fix the number.

The requisite number of names of candidates of his choice for delegates to the county convention to which each precinct is entitled shall be written, or pasted with uniform white pasters, on the blank lines upon the ballot by the voter while in the booth, or by someone designated by a voter unable to write, after the ballots are received and before they are deposited, and the requisite number of persons from each precinct who receive the highest number of votes shall be the delegates from the precinct to the county convention. The term of office of such delegates shall begin on the day following the final canvass of the votes by the board of supervisors, and shall continue for two years and until their successors are elected.

One man and one woman shall be elected as members of the county central committee for each political party from each precinct. The term of office of each of them shall begin on the day of the county convention and immediately following the adjournment thereof, and shall continue for two years and until his or her successor is elected and qualified, unless such committeeman or committeewoman shall be removed by the county central committee for inattention to the duties of the position, incompetency, or failure to support the ticket nominated by the party which elected him or her to such position. The county central committee elected in the primary election shall organize on the day of the convention and immediately following the same. Vacancies in such committee may be filled by majority vote of the committee, but no two members thereof from the same precinct shall be of the same sex.

Returns shall be made by the judges of election respecting delegates and members of the county central committee in the same manner as for other offices, except that the judges of election shall canvass the returns as to delegates and members of the county central committee, and certify the result to the auditor with the returns. The auditor shall, immediately after the final count and canvass of the votes and returns by the board of supervisors, notify the delegates...
and members of the county central committee who have thus been
elected, of their election, and of the time and place of holding the
county convention, and shall, on the second Thursday following the
primary election, deliver a certified list thereof to the chairmen of the
respective party central committees for the county. When the dele-
gates, or a majority thereof, or when delegates representing a major-
ity of the precincts, thus elected, shall have assembled in the county
convention at the time herein prescribed and at the county seat, the
convention shall be called to order by the chairman of the county
central committee, who shall present the certified list of delegates and
members of the county central committee, and a list of the offices for
which no nomination was made at the primary election, by reason of
the failure of any candidate for any such office to receive thirty-five
per centum of all votes cast by such party therefor. If any precinct
shall not be fully represented the delegates present from such precinct
shall cast the full vote thereof, but there shall be no proxies. The
said county convention shall make nominations of candidates for the
party for any office to be filled by the voters of a county when no can-
didate for such office has been nominated at the preceding primary
election by reason of the failure of any candidate for any such office
to receive thirty-five per centum of all votes cast by such party there-
for, as shown by the canvass of the returns provided for in section
three hundred eighty of the compiled code, and shall select delegates
to the next ensuing state and district conventions of that year upon
such ratio of representation as may be determined by the party
organization for the state, district or districts of the state, as the case
may be, but no delegates shall be so selected to any of the district
conventions referred to in section three hundred eighty-nine of the
compiled code, unless a call therefor has been issued as therein pro-
vided. The said county convention shall also elect a member of the
party central committee for the senatorial and congressional districts
composed of more than one county. But in no case shall the county
convention make a nomination for an office for which no person was
voted for in the primary election of such party.

[S., '13, § 1087-a25; 40 G. A., ch. 7, § 1.]

SEC. 390. State convention—state central committee.

A state convention of each political party, composed of delegates
chosen in the manner herein provided, shall be held not earlier than
the first Wednesday and not later than the fifth Wednesday following
the county convention, in the year nineteen hundred eight, and bien-
ennially thereafter, convening at such time and place as may be deter-
mined upon by the party organization. The convention shall be called
to order by the chairman of the state central committee, who shall
thereupon present a list of delegates, as certified by the various county
conventions, and effect a temporary organization. If any county shall
not be fully represented, the delegates present from such county shall
cast the full vote thereof, but there shall be no proxies. Such conven-
tion when permanently organized shall formulate and adopt the state
platform of the party it represents, and shall make nominations of can-
didates for the party for any state office to be filled by the voters of
the entire state, including the office of senator in the congress of the
United States, when no candidate for such office has been nominated
at the preceding primary election, by reason of the failure of any can-
didate for any such office to receive thirty-five per centum of all votes
cast by such party therefor, as shown by the canvass of the returns provided for in section three hundred eighty-four of the compiled code. It shall also elect a state central committee consisting of one man and of one woman from each congressional district and transact such other business as may properly be brought before it. The state central committee elected at said state convention may organize at pleasure for political work as is usual and customary with such committees and shall continue to act until succeeded by another committee duly elected. But in no case shall the state convention of a party make a nomination for an office for which no person was voted for in the primary election of such party. 

[S., '13, § 1087-a27; 40 G. A., ch. 7, § 2.]

SEC. 395. Special elections.
1 This act [32 G. A., ch. 51] shall not apply to special elections to fill vacancies.

[S., '13, § 1087-a30.]

NOTE: No change made in the above section by the 39th G. A. or the 40th G. A. but reprinted to correct error in printing of compiled code.

CHAPTER 3
NOMINATIONS BY CONVENTION OR PETITION

SECTION 400. Withdrawals.
1 Any candidate named by either of the methods authorized in this chapter may withdraw his nomination by a written request, signed and acknowledged by him before any officer empowered to take the acknowledgment of deeds, and filed in the office of the secretary of state thirty days, or the proper auditor twenty or clerk twelve days before the day of election, and no name so withdrawn shall be printed upon the ballot. In case of a special election to fill vacancies in office, such withdrawal papers shall be filed with the secretary of state six- teen days, and with the proper auditor or clerk twelve days, before the day of such special election.

CHAPTER 5
REGISTRATION OF VOTERS

SECTION 411. Registration.
1 The registers shall meet on the second Thursday prior to any general, city, or special election, at the usual voting place in the precinct in which they have been appointed, and shall hold continuous sessions for two consecutive days, from eight o'clock in the forenoon until nine o'clock in the afternoon, and, in presidential years, such sessions shall be held for three days. Any person claiming to be a
voter, or that he will be on election day, may appear before them in the election precinct where he claims he is or will be entitled to vote, and make and subscribe, under oath, a statement in a registry book, to be provided by the clerk and furnished the registers, at the equal expense of the city and county, and kept open for public inspection and examination during the time fixed for the registration, which statement shall be in the following form and contain the following matter:

The signature of the applicant shall be made at the right-hand end of the line under the column "Signature", one of the registers having first administered to him this form of oath: "You do solemnly swear (or affirm) that you will fully and truly answer all such questions as shall be put to you touching your place of residence, name, place of birth, your qualifications as an elector, and your right as such to register and vote under the laws of this state"; after which, the registers, or either of them, shall propound questions to the applicant for registration in relation to his name; his then place of residence, street and number; how long he has resided in the precinct where the vote is claimed; the last place of his residence before coming into that precinct; and also as to his citizenship, whether native or naturalized; if the latter, when, where, and in what court, or before what officer, or whether by act of congress; whether he came into the precinct for the purpose of voting at that election; how long he has resided in the precinct; and such other questions as may tend to test his qualifications as a resident of the precinct, citizenship and right to vote at the poll; then, if the applicant appears to have the right to be registered, the registers shall fill out the above prescribed form of statement, which the applicant shall sign and swear to, as above provided.

SEC. 414. Correction of registry—lists delivered to judges.

On the Saturday before any election at which registration is required, the registers shall meet at the place where registration was last made, and hold a continuous session, from eight o'clock in the forenoon until nine o'clock in the afternoon, at which they shall revise
and correct the registry book of voters, adding thereto, consecutively numbering them, the names of all applying for registration who on election day will be entitled to vote in that precinct, and by striking therefrom the name of anyone not entitled to vote thereat. The registrars shall revise and correct the alphabetical list in their possession to correspond therewith. When thus revised and corrected, it shall be certified and copied by the registers, who shall deliver, or cause to be delivered, such list and copy to the judges of the election of the proper precinct, and which delivery shall be made on election day, and before the opening of the polls.

Such alphabetical lists may be divided by the registers into not exceeding three separately bound parts.

The copy thus delivered shall be preserved by the judges, and returned with the vote from that precinct, and the original to the clerk. At the opening of the polls and before any ballot shall be received, the judges of the election shall appoint one of their number, or one of the clerks, to check the name of each voter whose name is on the alphabetical lists, to whom a ballot is delivered.

[C., '73, §§ 599, 600; C., '97, § 1080; 40 G. A., ch. 8.]

CHAPTER 6

METHOD OF CONDUCTING ELECTIONS

The names of all candidates to be voted for in such election precinct, except electors of president and vice president of the United States, shall be printed on one ballot, all nominations of any political party or group of petitioners being placed under the party name or title of such party or group, as designated by them in their certificates of nomination or petitions, or if none be designated, then under some suitable title, and the ballot shall contain no other names; provided, however, that the candidates for electors of president and vice president of any political party or group of petitioners shall not be placed on the ballot, but in the years in which they are elected the names of candidates for president and vice president, respectively, of such parties or group of petitioners shall be placed on the ballot similarly as the names of candidates for United States senators are placed thereon under their respective party, petition or adopted titles for each political party or group of petitioners nominating a set of candidates for electors, and upon the left-hand margin of each separate column of the ballot, immediately opposite the names of said candidates for president and vice president, a single square shall be printed in front of a bracket inclosing the names of the said candidates for president and vice president, and the votes for which candidates shall be counted and certified to by the election judges in the same manner as the votes for other candidates.

At all general elections next preceding the expiration of the term of office of United States senator in the congress of the United States there shall be placed upon the official ballot in the proper place the names of candidates for all parties or group of petitioners for the
office of United States senator that have been nominated by law and
the votes for which candidates shall be counted and certified to by the
election judges in the same manner as votes for other candidates.
Each list of candidates for the several parties and groups of peti-
tioners shall be placed in a separate column on the ballot, in such order
as the authorities charged with the printing of the ballots shall decide,
except as otherwise provided, and be called a ticket. But the name of
no candidate shall appear upon the ballot in more than one place for
the same office, whether nominated by convention, primary, caucus or
petition, except as hereinafter provided.
Where two or more conventions, primaries or caucuses, or any
two of them, may nominate the same candidate for any office, the
name of such candidate shall be printed under the name of the
party first filing nomination papers bearing such name, unless the
candidate himself shall, in writing duly verified, request the officer
with whom the nomination papers are filed to cause the name to
be printed upon some other ticket; provided that, in any judicial
district of the state in which the bar association, or a convention
of attorneys of the district nominates or recommends candidate
or candidates for the office of district judge, and such candidates
are also nominated or indorsed by any political party, in preparing
the ballots for the general election, the names of such candidate
or candidates shall be printed as candidate or candidates for each
party by whom they are nominated, whether by primary, conven-
tion or petition. Each of the columns containing the list of candi-
dates, including the party name, shall be separated by a distance
line.

Said ballot shall be substantially in the following form:

When a constitutional amendment or other public measure is to be voted upon by the electors, it shall be printed in full upon a separate ballot, preceded by the words, "Shall the following amendment to the constitution (or public measure) be adopted?" and upon the right-hand margin, opposite these words, two spaces shall be left, one for votes favoring such amendment or public measure, and the other for votes opposing the same. In one of these spaces the word "Yes" or other word required by law shall be printed; in the other, the word "No" or other word required, and to the right of each space a square shall be printed to receive the voting cross, all of which shall be substantially in the following form:

"Shall the following amendment to the constitution (or public measure) be adopted?"

(Here insert in full the proposed constitutional amendment or public measure).

The elector shall designate his vote by a cross mark, thus, X, placed in the proper square. At the top of such ballots shall be printed the following words, inclosed in brackets: [Notice to voters. For an affirmative vote upon any question submitted upon this ballot make a cross [x] mark in the square after the word "Yes". For a negative vote make a similar mark in the square following the word "No".]

If more than one constitutional amendment or public measure is to be voted upon, they shall be printed upon the same ballot, one below the other, with one inch space between each constitutional amendment or public measure that is to be submitted. All of such ballots for the same polling place shall be of the same size, similarly printed, upon yellow colored paper. On the back of each such ballot shall be printed appropriate words, showing that such ballot relates to a constitutional or other question to be submitted to the electors, so as to distinguish the said ballots from the official ballot for candidates for office, and a facsimile of the signature of the auditor or other officer who has caused the ballot to be printed. Such ballots shall be indorsed and given to each voter by the judges of election, as provided in section four hundred forty-four of the compiled code, and shall be subject to all other laws governing ballots for candidates, so far as the same shall be applicable.

4 additional judges and two additional clerks to be known as the election
5 counting board. Each of such appointees shall be of good moral
6 character, well informed, able to read, write and speak the English
7 language, shall be a voter in the election precinct in which he is to serve
8 and entitled to vote therein.

[39 G. A., ch. 60, § 1.]

1 The judges and clerks of election as provided in existing law
2 shall be known as the receiving board and it shall be their duty to
3 supervise the casting of ballots at said election, and the judges and
4 clerks provided for in the preceding section shall be known as the
5 counting board.
6 The counting board shall be chosen from the two political parties
7 casting the highest number of votes at the last general election. Not
8 more than two judges nor more than one clerk shall belong to the same
9 political organization, provided that two of such judges shall be chosen
10 from the political party casting the highest number of votes at the
11 last preceding general election. The receiving board shall perform
12 all the functions of judges and clerks of election as now provided by
13 law except as to counting and certifying the vote as by this chapter
14 provided.

[39 G. A., ch. 60, § 2.]

SEC. 499-a3. Oath.
1 All judges and clerks shall take an oath as now provided in
2 existing law for judges of election and in addition to such oath the
3 counting board shall take the following oath:

5 will duly attend to the ensuing election during the continuance thereof,
6 as a member of the counting board; that I will not, prior to the closing
7 of the polls, communicate in any manner, directly or indirectly, by
8 word or sign, the progress of the counting, nor the result so far as
9 ascertained, nor any information whatsoever in relation thereto; that
10 I will make and return a perfect return of the said election, and will
11 in all things truly, impartially and faithfully perform my duty respect-
12 ing the same to the best of my judgment and ability; that I am not

1 The counting board shall proceed to their respective voting places
2 to which they have been appointed at one o’clock p. m., on election day,
3 and shall take charge of the ballot box containing the ballots already
4 cast in that precinct. It shall retire to a partitioned space or room
5 provided for that purpose and there proceed to count and tabulate the
6 ballots as it shall find them deposited in the ballot box. The receiving
7 board shall continue to receive the votes of electors in the other
8 box provided, until such time as the counting board shall have finished
counting and tabulating the ballots cast in the first ballot box. The
two boards shall then exchange the first box for the second box and so
continue until they have counted and tabulated all the votes cast on
that election day. When the hour arrives for closing the polls, the
receiving board shall certify to all matters pertaining to casting of
ballots and shall then unite with the counting board in the counting of
ballots. The judges shall then divide the ballots not counted and each
group of judges and clerks shall proceed to canvass their portion of
the same. When the canvass has been completed the judges and clerks
shall report the result of their canvass which report shall be incor-

Whenever the counting board receives from the receiving board
the ballot box they shall also be furnished a statement from the receiv-
ing board giving the number of votes as shown by the poll books up
to that time, which shall equal the number of votes in the ballot box.
The counting board shall on opening the ballot box first count the
ballots therein. If the number of ballots found in the ballot box
exceeds the number as shown by the statement received from the
receiving board the counting judges shall proceed to examine the offi-
cial indorsement of said ballots, and, if any ballots are found that do
not bear proper official indorsement, said ballots shall be kept separate
and a record of such ballots shall be made and returned under the head
of excess ballots. The counting board shall then proceed to count the
ballots as now provided by law.
[39 G. A., ch. 60, § 5.]

SEC. 499-a7. Secrecy of ballot during count.
The space or room occupied by the counting board shall be policed
in such manner as to prevent any person, or persons, from gaining

[39 G. A., ch. 60, § 11.]

1 Compensation for counting judges and clerks shall be the same as now provided by law for clerks and judges of election.

[39 G. A., ch. 60, § 13.]

1 This chapter shall apply to all general and primary elections, but shall not apply to school elections or town elections, or where voting machines are used.

[39 G. A., ch. 60, §§ 12, 14.]

1 Any judge or clerk violating the provisions of this chapter shall be guilty of a misdemeanor, and, upon conviction thereof, shall be liable to a fine of not to exceed five hundred dollars, or imprisonment in the county jail not to exceed six months. SECTION 508. Ballots—form—party circle.

The party name for each political party represented on the machine shall be prefixed to the list of candidates of such party. The order of the list of candidates of the several parties or organizations shall be arranged as provided in section four hundred thirty-two of this supplement, except that the lists may be arranged in horizontal rows or vertical columns.

The provisions of section four hundred thirty-two of this supplement shall not be applicable to voting machines owned prior to April first, nineteen hundred twenty-one, by any county or municipality in Iowa, in so far as they relate to the party circle and the form of the ballot generally; but nothing herein contained shall prohibit the use of voting machines equipped to comply with the foregoing provisions.

[S., '13, § 1137-a15; 39 G. A., ch. 266.]

CHAPTER 9
ABSENT VOTERS' LAW

SECTION 522. Application for official ballot.

Any elector, as defined in section five hundred twenty-one of the compiled code, expecting to be absent from the county of his residence on the day of any such election, or any elector physically unable to go to the polls on the day of such election, may, not more than twenty nor less than three days prior to the date of such election, make application to the county auditor of such county, or the clerk of the city or town, as the case may be, for an official ballot to be voted at such election.

SEC. 524. Auditor or clerk to deliver or mail ballot.

Upon receipt of such application, and not more than fifteen nor less than three days prior to such election, it shall be the duty of such auditor or clerk, as the case may be, to mail, postage prepaid, an official ballot or ballots, if more than one are to be voted at said election, or such officer shall deliver said ballot or ballots to any qualified elector applying in person at the office of such auditor or clerk, as the case may be, and subscribing to the foregoing application, not more than ten days nor less than one secular day before said election.

[S. S., '15, § 1137-e; 40 G. A., ch. 10, § 2.]

At any time between the opening and closing of the polls on such election day the judges of election of said precinct shall open the
outer or carrier envelope only, announce the absent or disabled voter's name and compare the signature upon the application with the signature upon the affidavit on the ballot envelope. In case the judges find the affidavits executed, that the signatures correspond, the applicant a duly qualified elector of the precinct, and that the applicant has not voted in person at said election, they shall open the envelope containing the absent or disabled voter's ballot in such manner as not to deface or destroy the affidavit thereon and take out the ballot or ballots therein contained without unfolding or permitting the same to be unfolded or examined and, having indorsed the ballot in like manner as other ballots are required to be indorsed, deposit the same in the proper ballot box or boxes and enter the absent or disabled voter's name in the poll book, the same as if he had been present and voted in person.

In precincts using voting machines, said ballots shall be deposited in a ballot box kept for that purpose until just after the closing of the polls when they shall be taken out and shall be registered by two election judges of different political parties on the voting machine, the same as if the absent voters had been present and had voted in person.

In case such affidavit is found to be insufficient, or that the signatures do not correspond, or that the applicant is not a duly qualified elector in such precinct, or that the ballot envelope is open, or has been opened and resealed, or that the ballot envelope contains more than one ballot of any one kind, such vote shall not be accepted or counted. Every ballot not counted shall be indorsed on the back thereof "Rejected (giving reason therefor)".

All rejected ballots shall be inclosed and securely sealed in an envelope on which the judges shall indorse "Defective ballots" with a statement of the precinct in which and the date of the election at which they were cast, signed by the judges and returned to the same officer and in the same manner as by law provided for the return and preservation of official ballots voted at such election.

The affidavit upon the ballot envelope shall constitute a sufficient registration of the voter in precincts where registration is required and shall be treated like and have the same force and effect as a certificate issued by the registers of election on election day in all cases where the voter is not already registered and where his name does not appear upon the alphabetical lists, and if the ballot be deposited and the absent or disabled voter's name be entered on the poll books as herein provided, the judges of election shall enter the absent or disabled voter's name on the alphabetical lists with the same data as is entered when a certificate of registration is filed, and the ballot envelope having the absent or disabled voter's affidavit thereon shall be preserved and returned with the certificates of registration, poll book and alphabetical lists to the city clerk, who shall preserve the same, and it shall be used by the registers of election, in precincts where registration is required, in making up the new registry lists from the poll books, and such affidavit shall serve as the registration record of the voter for the new registry books and lists.

If the ballot is rejected and the vote of the absent or disabled voter not accepted or counted as provided herein, said ballot envelope with the affidavit of the absent or disabled voter indorsed thereon
§ 535. Election—canvass.

At the general election in the years of the presidential election, or at such other times as the congress of the United States may direct, there shall be elected by the electors of the state one person from each congressional district into which the state is divided, as elector of president and vice president, and two from the state at large, no one of whom shall be a person holding the office of senator or representative in congress, or any office of trust or profit under the United States.

Each elector of each congressional district and each elector at large nominated by any party or group of petitioners shall receive the combined vote of the electors of the state for the candidates for president and vice president of such party or group of petitioners, and a vote cast for the candidates for president and vice president of the United States shall be the votes of the voter for the electors of the respective party or group of petitioners.

The canvass of the votes for candidates for president and vice president of the United States and the returns thereof shall be a canvass and return of the votes cast for the electors of the same party or group of petitioners respectively, and the certificate of such election made by the governor shall be in accord with such return.

CHAPTER 11

STATEMENT OF EXPENSES

§ 540. Statement of election expenses—limitation on expenses.

Every candidate for any office to be voted for at any primary, municipal or general election shall, within ten days after the holding of such primary, municipal or general election, file a true, correct, detailed, sworn statement showing each and all sums of money or other things of value disbursed, expended or promised directly or indirectly by him, and to the best of his knowledge and belief by any other person or persons in his behalf for the purpose of aiding or securing his nomination or election.
If the person be a candidate for a municipal or a county office, such statement shall be filed with the county auditor; if for a state office, or any other office to be voted for by the electors of more than one county, such statement shall be filed with the secretary of state.

Such statement shall show the dates, amounts, and from whom such sums of money or other things of value were received, and the dates, amounts, purposes and to whom paid or disbursed, and shall include the assessment of any person, committee, or organization in charge of the campaign of such candidate.

If after filing the ten-day statement herein required, such candidate shall, directly or indirectly, receive any money or other thing of value contributed, expressly or tacitly, for the purpose of reimbursing or aiding him in his nomination or election, he shall within thirty days after the receipt of such contribution file a like sworn statement.

CHAPTER 24-A
REGULATION OF ORGANIZATIONS SOLICITING PUBLIC DONATIONS

Note: Four of the sections which comprise this chapter appeared in the compiled code as sections 8697 to 8700, inclusive, in the title on "Criminal Law". 39 G. A., ch. 59, specifically changed the language in two of these sections and made necessary a change in the cross reference in the other two sections; it also added some new matter. The effect of the legislation of the 39th G. A. was to make the law on the subject of this chapter largely regulatory, leaving the criminal feature only incidental. For that reason the four sections of the compiled code and the new legislation are placed in this title as one chapter.

SECTION 1261-a1. Filing statement—contents.
1 All organizations, institutions, or charitable associations which,
2 through agents or representatives, solicit public donations in this state,
3 shall be required to file with the secretary of state a statement setting

7 and soliciting agents, and references or recommendation from at least
8 three reputable freeholders of the state.

[s., '13, § 5077-c; 39 g. a., ch. 59.]

sec. 1261-a2. license by secretary of state.
1 if, in the judgment of the secretary of state, such statement shall
2 be deemed sufficient evidence that the moneys thus collected are to be
3 used in the interest of the purposes represented, the secretary of state
4 shall be authorized to issue to said organization, institution or chari-
5 table association, its agents and representatives, a state license, upon
6 the payment of a fee of one dollar, authorizing said organization, instit-
7 ution or charitable association to solicit public donations in any
8 county, city or township in this state.

[s., '13, § 5077-c; 39 g. a., ch. 59.]

sec. 1261-a3. duration of license—revocation.
1 said license shall expire annually on the thirty-first day of
2 december following the date of issue, or may be suspended or revoked
3 at any time at the discretion of the secretary of state, when in his
4 judgment the authority vested therein is abused or the transactions
5 consummated thereunder are not in conformity with the intent and
6 purpose of this chapter.

[39 g. a., ch. 59.]

sec. 1261-a4. soliciting by local organizations.
1 nothing in this chapter, however, shall be construed to prohibit
2 any person or local organization, church, school or any recognized
3 society or branch of any church or school from publicly soliciting
4 funds or donations within the county or adjoining counties in which
5 such person resides or such church, school, institution, organization
6 or charitable association is located.

[s., '13, § 5077-c; 39 g. a., ch. 59.]

5 1. the names and postoffice addresses of its officers and whether
6 any change has been made during the year previous to making said
7 report.
8 2. a detailed statement of all moneys received during the year
9 previous to making said report.
10 3. a detailed statement of all moneys disbursed during the year
11 previous to making said report, and for what purpose.
12 at the time of filing this annual report, said organization, institu-
13 tion or charitable association shall pay to the secretary of state a
14 filing fee in the sum of two dollars.

[39 g. a., ch. 59.]

Any person who shall wilfully violate the provisions of this chapter or who shall solicit funds under any such license and thereafter divert the same to purposes other than that for which they were contributed shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than one hundred dollars or by imprisonment in the county jail not to exceed thirty days.

[39 G. A., ch. 77, § 5.]

The administration of the provisions of this chapter and the issuance of all licenses thereunder, shall be done by a body of three, who shall constitute the state board of osteopathy, hereinafter referred to as "the board". The members of the board shall be the examiners of all applicants under this chapter.

The governor shall appoint three members of said board who shall each be regularly licensed osteopathic physicians or osteopathic physicians and surgeons, in good standing and recommended by the regular osteopathic organization in this state. Neither shall be an officer or member of any faculty of any osteopathic or medical college. The fee for making this examination shall be five dollars. But no such examination shall be required where the applicant presents a certificate that he has passed a satisfactory written examination before this board or a like board in another jurisdiction in such studies as are embraced in the curriculum of a reputable average accredited high school.

The board, subject to the limitations hereinbefore stated, shall have authority to purchase typewriting machines, stationery and postage, and subject to such limitations it has authority to employ necessary clerical help and to incur and reimburse its members for necessary traveling expenses.

CHAPTER 7-A

SECTION 1326-a20. “Practice of chiropractic” defined—rights of
chiropractors.

The practice of chiropractic shall be deemed to be the adjustment
by hand of the articulations of the spine and other incidental adjust-

operative surgery, osteopathy, nor the administration or prescribing
of any drug or medicine now or hereafter included in materia medica.

Chiropractors shall, subject to the limitations of this chapter, be
entitled to all the rights and privileges of physicians and surgeons
and shall be subject to all the duties and obligations prescribed by
the statutes of this state in so far as the same are not inconsistent
with the provisions of this chapter. Every chiropractor shall place
on all signs used by him, and display prominently in his office the
word “chiropractor”.

[39 G. A., ch. 7, § 10.]

For the purpose of examining applicants for license as chiroprac-

shall be appointed by the governor, and shall be composed of three
members who are fully equipped and qualified chiropractors.

[39 G. A., ch. 7, § 3.]

The term of office of the membership of the board of chiropractic
examiners shall commence within thirty days from date of the taking
effect of this chapter, and shall continue for three years, provided
that the term of office of one member shall expire in one year, one in
two years and the other in three years and one member annually there-
after, provided, however, the first board shall meet as soon as con-

and secretary-treasurer and annually thereafter during the life of said
board; and shall adopt rules and regulations to govern the making of
applications and manner of conducting examinations and such other
rules as they may deem necessary for the purpose of carrying out
the provisions of this chapter and not in conflict with its provisions,
which shall be printed in pamphlet form, and thereafter one copy shall
be furnished to any person on applying for such pamphlet, and shall
adopt the forms to be used in the business of the board and an official seal.

Any vacancies occurring in the membership of the board of examiners shall be filled by appointment in the same manner and from the same classes as is provided for by the creation of the board. No such appointment shall be made of any person who has not been continuously engaged in the practice of chiropractic within the state of Iowa for the two years next preceding such appointment.

SEC. 1326-a23. Time and place of holding examinations.

The board of examiners shall hold regular sessions for examinations of candidates for examination and license to practice chiropractic, and the transaction of such other business as may properly come before it, commencing on the first Monday of April, August, and December in each year at the capitol building in the city of Des Moines, and it is hereby made the duty of the custodian of said building to furnish the board with a suitable room in which to hold its sessions. The April and August sessions of the board may be held at a place other than the capitol where not less than twenty applications for each such examination on such dates shall have been filed and it appears to the board that the examinations can be conducted elsewhere to the advantage of the state and the applicants, but notice of the place of holding such examination elsewhere than at the capitol shall be given by a publication once each week for two weeks preceding the time of holding such examination in two newspapers of general circulation in the state.

The board shall conduct written examinations in anatomy, physiology, symptomatology and diagnosis, hygiene and sanitation, chemistry, histology, pathology, and principles of chiropractic, and shall further require each candidate for license to give a clinical demonstration of vertebral palpation, nerve tracing and adjusting. Each candidate must answer correctly at least sixty per centum of the questions propounded in every subject and seventy-five per centum of all questions propounded, besides making satisfactory clinical demonstration, to be entitled to a license.

When it shall have been determined by the board of examiners that any candidate has passed successfully the examination and has made satisfactory demonstration of the clinical art, and is a person of good moral character, there shall be issued to such candidate a license to practice chiropractic, which must be countersigned by the president and the secretary-treasurer of the board of examiners and authenticated by its official seal.

The fee for the license shall be five dollars and shall be paid to the secretary-treasurer of the board of examiners before the delivery of the license.

Before any chiropractor shall be allowed to practice his profession in this state his license shall be recorded in the office of the recorder of the county in which he resides, or practices his profession, and the

6 clinical instruction requiring an attendance for three school years of
7 six months each, is hereby determined to be a standard school of
8 chiropractic, and subject, only, to the limitations of this chapter, and
9 entitled to every privilege of other schools and colleges of healing in
10 this state.

SEC. 1326-a27. Applications for examination—fee.
1 Such person shall at least fifteen days before the date fixed for
2 any regular meeting of the board of examiners make written appli-

4 shall accompany the same with a preliminary fee of fifteen dollars.
5 The application shall contain a statement showing the name, age, sex,

7 or college of which he graduated, the length of time devoted to the
8 study of chiropractic, the date of graduation, the experience of the
9 applicant, if any, in the care of the sick as interne or clinical assistant
10 under any regular licensed preceptor. The application shall be signed
11 and verified by the oath of the applicant.

[39 G. A., ch. 7, § 2.]

1 The board of examiners may refuse to grant a license to any
2 person otherwise qualified and shall revoke any license issued by it
3 to any chiropractor who is not of good moral character, or who solicits
4 professional patronage by agents, or who is guilty of false and fraudu-
lent representations as to his skill and ability, or who is guilty of
gross unprofessional conduct, or for incompetency, or for habitual
intoxication or use of narcotic drugs or for fraud or deception in the
procurement of his license.

Before any license shall be revoked by the board, the holder
thereof shall be entitled to have at least twenty days’ notice of the
charge against him and of the time and place when the board will hear
and determine the charges and upon such hearing he shall be entitled
to be represented by counsel, and have compulsory process to procure
the attendance of witnesses.

Any person who is aggrieved by any ruling, order, or decision of
the board of examiners made as contemplated in this section, shall have
the right of appeal therefrom to the district court of the county where
such hearing of revocation is held.

Upon receiving notice of any appeal the secretary-treasurer of
the board of examiners shall forthwith certify to the clerk of the court
in which the appeal is triable a complete transcript of the entire record
of the proceedings before the board and shall transmit to the clerk
all the original papers, documents, and records.

The appeal shall be heard at the next term of court commencing
not less than ten days after the service of the notice of appeal, and
shall be triable as a law action, with right of appeal to the supreme
court.

[39 G. A., ch. 7, § 9.]

Any person who practices as a chiropractor without having paid
such renewal fee shall be guilty of a misdemeanor and, in addition
to the penalty provided by law, the board of examiners may revoke
his certificate to practice chiropractic.

the same shall be kept by the said treasurer of state in a separate fund
and shall be paid out only upon written orders, duly authenticated
by the signature of the president and secretary-treasurer of said board
of examiners and by the official seal of said board.
The fund so created shall be used for the payment of the compensation of the members of the board of examiners which is hereby fixed at fifteen dollars per day for each day actually spent in the performance of their duties and their actual expense of travel while engaged in official business, and the incidental expense of the board required in order to enable it to perform its duties. No further appropriation shall be made for any expenses or compensation of said board of examiners, and if said fund in the hand of the treasurer of state shall be insufficient, at any time, to pay said compensation and expenses of said board of examiners for any regular meeting of said board as herein provided for, the fund on hand, if any, shall be first applied to the payment of said expenses of said board, and the balance of said fund, if any, shall be apportioned and paid to said board of examiners pro rata, which shall be in full payment of the per diem and traveling expenses of said examiners for any such regular or special meeting.

At the end of each year, if there shall be a surplus of said fund in the hands of the treasurer of state, exceeding five hundred dollars, it shall be covered into the treasury of state, and on the thirtieth day of June in each year thereafter. The funds created by this section shall remain in the hands of the treasurer of state, and the same used from time to time for the maintenance of the board of examiners, as provided in this chapter.

SEC. 1326-a31. Misdemeanors—students—revocation of license.

Students who have entered upon a regular course of study in a recognized school may practice chiropractic under the direction of a licensed preceptor under such rules as may be prescribed by the board.

If any person holding a license to practice under this chapter shall be convicted of a misdemeanor, as hereinbefore defined, or of practicing contrary to the provisions of this chapter, or shall be convicted of any felony, his license shall at once stand revoked and shall furnish no protection thereafter against prosecution for practicing or attempting to practice chiropractic without a license. It is hereby declared to be the special duty of county attorneys to enforce the provisions of this chapter within their respective counties.

If the examination be satisfactory to three members of said committee it shall so report to the state board of health; if the board find the report and ratings correct, it shall authorize its president and secretary to issue a certificate to the successful candidate for which such candidate shall pay an additional fee of one dollar. This certificate shall confer upon the holder the right to practice as a registered nurse and be conclusive evidence thereof. The state board of health is empowered to recognize certificates issued to nurses under the laws of other states having substantially similar requirements to those existing in this state; provided that such states recognize certificates issued by the state of Iowa; then certificates issued by authority of such other states may be deemed sufficient evidence of qualifications of the licentiate without further examination for certificate in this state; the fee for such certificate shall be ten dollars. The holder of such certificate provided for in this chapter shall cause the same to be registered in the office of the county recorder of the county wherein he intends to reside.

On the thirtieth day of June in each year, the state treasurer shall transfer to the general revenues of the state any balance, in excess of five hundred dollars, remaining in the fund derived from fees collected under this section.

1 The board of supervisors, in and for each county in the state,
2 shall appoint a local registrar of vital statistics for each registration
3 district in the state. The term of office of each local registrar so
4 appointed shall be four years, and until his successor has been
5 appointed and has qualified.
6 Any local registrar, who, in the judgment of the state registrar,
7 fails or neglects to discharge efficiently the duties of his office as laid
8 down in this chapter, or to make prompt and complete return of births
9 and deaths as required thereby, shall be forthwith removed by the
10 state registrar, and such other penalties may be imposed as are pro-
11 vided under section thirteen hundred seventy-six-a twenty-two of this
12 supplement.
13 Each local registrar shall, immediately upon his acceptance of
14 appointment as such, appoint a deputy, whose duty it shall be to act
15 in his stead in case of absence or disability; and such deputy shall
16 in writing accept such appointment, and be subject to all rules and
17 regulations governing local registrars. When it appears necessary
18 for the convenience of the people in any rural district, the local regis-
19 trar is hereby authorized, with the approval of the state registrar,
20 to appoint one or more suitable persons to act as subregistrars, who
21 shall be authorized to receive certificates and to issue burial or
22 removal permits in and for such portions of the district as may be
23 designated; and each subregistrar shall note, on each certificate, over
24 his signature, the date of filing, and shall forward all certificates to
25 the local registrar of the district within ten days, and in all cases
26 before the third day of the following month; provided, that all sub-
27 registrars shall be subject to the supervision and control of the state
28 registrar, and may be by him removed for neglect or failure to per-
29 form their duties in accordance with the provisions of this chapter
30 or the rules and regulations of the state registrar, and they shall be
31 subject to the same penalties for neglect of duty as the local registrar.

SEC. 1376-a5. Burial, removal or detention permit—conditions—
transit permit.
1 The body of any person whose death occurs in the state or which
2 shall be found dead therein, shall not be interred, deposited in a vault
3 or tomb, cremated or otherwise disposed of, or removed from or into
any registration district or be temporarily held pending further dis-
position more than seventy-two hours after death, unless a permit for
burial, removal, or other disposition thereof, shall have been properly
issued by the local registrar of the registration district in which the
death occurred or the body was found.

No such burial or removal permit shall be issued by any registrar
until, wherever practicable, a complete and satisfactory certificate of
death has been filed with him as hereinafter provided.

When a dead body is transported from outside of the state into
a registration district in Iowa for burial, the transit or removal per-
mitt, issued in accordance with the law and health regulations of the
place where the death occurred, shall be accepted by the local registrar
of the district into which the body has been transported for burial or
other disposition, as a basis upon which he may issue a local burial
permit; he shall note upon the face of the burial permit the fact that
it was a body shipped in for interment, and give the actual place of
death.

No local registrar shall receive any fee for the issuance of burial
or removal permits under this chapter other than the compensation
provided in section thirteen hundred seventy-six-a twenty of this sup-
plemet.

A burial permit shall not be required from the local registrar of
the district in which the interment is made, when a body is removed
from one district in Iowa to another in the state, for purpose of burial
or other disposition.

[39 G. A., ch. 222, § 5.]

A stillborn child shall be registered as a birth and also as a death,
and a certificate of both the birth and death shall be filed with the
local registrar, in the usual form and manner, the certificate of birth
to contain, in place of the name of the child, the word “stillbirth”. A
certificate of birth and a certificate of death shall not be required for
a child that has not advanced to the fifth month of uterogestation.
The medical certificate of the cause of death shall be signed by the
attending physician, if any, and shall state the cause of death as “still-
born”, with the cause of the stillbirth, if known, whether a premature
birth, and, if born prematurely, the period of uterogestation, in
months, if known; and a burial or removal permit of the prescribed
form shall be required. Midwives shall not sign certificates of death
for stillborn children; but such cases, and stillbirths occurring with-
out attendance of either physician or midwife, shall be treated as
deaths without medical attendance, as provided for in section thirteen
hundred seventy-six-a eight of this supplement.

[39 G. A., ch. 222, § 6.]

The certificate of death shall be of a United States standard form,
as approved by the bureau of the census and shall contain the follow-
ing items, which are hereby declared necessary for the legal, social
and sanitary purposes subserved by registration records:

1. Place of death, including state, county, township or incor-
porated town or city. If in a city, the ward, street and house num-
ber; if in a hospital or other institution, the name of the same to be

camp, the name of the camp to be given.
2. Full name of decedent. If an unnamed child, the surname
preceded by "unnamed".

7. Age, in years, months and days. If less than one day, the
hours or minutes.
8. Occupation. The occupation to be reported of any person,
male or female, who had any remunerative employment, stating (a)
trade, profession or particular kind of work; (b) general nature of
industry, business or establishment in which employed (or employer).

14. Signature and address of informant.
15. Official signature of registrar, with the date when certificate
was filed, and registered number.
16. Date of death, year, month and day.
17. Certification as to medical attendance on decedent, fact and

of employment; signature and address of physician or official making
the medical certificate.

20. Signature and address of undertaker or person acting as

signed by the undertaker or the person acting as such.
The medical certificate shall be made and signed by the physician,
if any, last in attendance on the deceased, who shall specify the time
in attendance, the time he last saw the deceased alive, and the hour of
the day at which death occurred. He shall further state the cause
of death, so as to show the course of disease or sequence of causes
resulting in the death, giving first the name of the disease causing
death (primary cause), and the contributory (secondary) cause, if
any, and the duration of each. Indefinite and unsatisfactory terms,
denoting only symptoms of disease or conditions resulting from dis-

ease, will not be held sufficient for issuance of a burial or removal

permit; and any certificate containing only such terms, as defined by
the state registrar, shall be returned to the physician or official mak-
ing the medical certificate for correction and more definite statement.

Causes of death which may be the result of either disease or violence
shall be carefully defined; and if from violence, the means of injury
shall be stated, and whether (probably) accidental, suicidal, or homic-
cidal. For deaths in hospitals, institutions, or of nonresidents, the
physician shall supply the information required under this head (item
eighteen), if he is able to do so, and may state where, in his opinion,
the disease was contracted.

[39 G. A., ch. 222, § 7.]

SEC. 1376-a8. Deaths without medical attendance—procedure.

1 In case of any death occurring without medical attendance, it
shall be the duty of the undertaker to notify the local registrar of
such death, and when so notified the registrar shall, prior to the issu-
ance of the permit, inform the local health officer and refer the case
to him for immediate investigation and certification; provided, that
when the local health officer is not a physician, or when there is no
such official, and in such cases only, the registrar is authorized to
make the certificate and return from the statement of relatives or
other persons having adequate knowledge of the facts. If the regis-
trar has reason to believe that the death may have been due to unlaw-
ful act or neglect, he shall then refer the case to the coroner or other
proper officer for his investigation and certification. The coroner or
other proper officer whose duty it is to hold an inquest on the body
of any deceased person, and to make the certificate of death required
for a burial permit, shall state in his certificate the name of the dis-
ease causing death, or if from external causes, the means of death
and whether (probably) accidental, suicidal, or homicidal; and shall,
in either case, furnish such information as may be required by the
state registrar in order to classify the death.

[39 G. A., ch. 222, § 8.]

SEC. 1376-a9. Duty of undertaker—record of sales of caskets—
casket to contain blanks.

The undertaker, or person acting as undertaker, shall obtain from
and file the certificate of death with the local registrar of the district
in which the death occurred, and shall procure from him a burial or
removal permit, prior to any disposition of the body. He shall obtain
the required personal and statistical particulars from the person best
qualified to supply them, over the signature and address of his
informant. He shall then present the certificate to the attending phy-
sician, if any, or to the health officer or coroner, as directed by the
local registrar for the medical certificate of the cause of death and
other particulars necessary to complete the record, as specified in the
two preceding sections. He shall then state the facts required rela-
tive to the date and place of burial or removal, over his signature and
with his address, and present the completed certificate to the local
registrar in order to obtain a permit for burial, removal or other dis-
position of the body.
The undertaker shall deliver the burial permit to the person in charge of the place of burial, before interring or otherwise disposing of the body; or shall attach the removal permit to the box containing the corpse, when shipped by any transportation company; said permit to accompany the corpse to its destination, where if within the state of Iowa, it shall be delivered to the person in charge of the place of burial.

Every person, firm or corporation selling a casket shall keep a record showing the name of the purchaser, purchaser's postoffice address, name of deceased, date and place of death of deceased, which record shall be open to inspection of the state registrar at all times.

On the first day of each month the person, firm or corporation selling caskets shall report to the state registrar each sale for the preceding month, on a blank provided for that purpose; provided, however, no person, firm or corporation selling caskets to dealers or undertakers only shall be required to keep such record, nor shall such reports be required from undertakers when they have direct charge of the disposition of a dead body.

Every person, firm or corporation selling a casket at retail, and not having charge of the disposition of the body shall inclose within the casket a notice furnished by the state registrar, calling attention to the requirements of the law, and a blank certificate of death, and the rules and regulations of the state board of health concerning the burial or other disposition of a dead body.

If the interment, or other disposition of the body is to be made within the state, the wording of the burial or removal permit may be limited to a statement by the registrar, and over his signature, that a satisfactory certificate of death having been filed with him, as required by law, permission is granted to inter, remove, or dispose otherwise of the body, stating the name, age, sex, cause of death, and other necessary details upon the form prescribed by the state registrar.

No person in charge of any premises on which interments are made shall inter or permit the interment or other disposition of any body unless it is accompanied by a burial, removal or transit permit, as herein provided. Such person shall indorse upon the permit the date of interment, over his signature, and shall return all permits so indorsed to the local registrar of his district within ten days from the date of the interment, or within the time fixed by the local board of health. He shall keep a record of all bodies interred or otherwise disposed of on the premises under his charge, in each case stating the name of each deceased person, place of death, date of burial or disposal, and name and address of the undertaker; which record shall at all times be open to official inspection; provided, that undertakers or persons acting as such, when burying a body in a cemetery or burial ground having no person in charge, shall sign the burial or removal permit, and the undertaker shall deliver such signed permit to the person in charge of the cemetery or burial ground.
permit, giving the date of burial, and shall write across the face of
the permit the words "No person in charge"; and file the burial or
removal permit within ten days with the registrar of the district in
which the cemetery is located.

Note: See §§ 3446, 3447 of the compiled code.

1 The birth of each and every child born in the state shall be regis-
2 tered as hereinafter provided.

[N 39 G. A., ch. 222, § 12.]

1 Within ten days after the date of each birth there shall be filed
2 with the local registrar of the district in which the birth occurred a
3 certificate of such birth, which certificate shall be upon the form
4 adopted by the state registrar with a view to procuring a full and
5 accurate report with respect to each item of information as required
6 in the following section. In each case where a physician, midwife, or
7 person acting as midwife, was in attendance upon the birth, it shall
8 be the duty of such physician, midwife, or person acting as midwife,
9 to file in accordance herewith the certificate herein contemplated.

10 In each case where there was no physician, midwife, or person
11 acting as midwife, in attendance upon the birth, it shall be the duty
12 of the father or mother of the child, the householder or owner of the
13 premises where the birth occurred, or the manager or superintendent
14 of the public or private institution where the birth occurred, each in
15 the order named, within ten days after the date of such birth, to
16 report to the local registrar the fact of such birth. In such case and
17 in case the physician, midwife, or person acting as midwife, in attend-
18 ance upon a birth is unable, by diligent inquiry, to obtain any item
19 or items of information contemplated in the following section, it shall
20 then be the duty of the local registrar to secure from the person so
21 reporting, or from any other person having the required knowledge,
22 such information as will enable him to prepare the certificate of birth
23 herein contemplated, and it shall be the duty of the person reporting
24 the birth or who may be interrogated in relation thereto to answer
25 correctly and to the best of his knowledge all questions put to him
26 by the local registrar which may be calculated to elicit any informa-
27 tion needed to make a complete record of the birth as contemplated
28 by said following section, and it shall be the duty of the informant
29 as to any statement made in accordance herewith to verify such state-
30 ment by his signature, when requested to do so by the local registrar.

5 by the local registrar with a copy of this chapter, together with such
6 rules and regulations as may be prepared by the state registrar rela-

8 calendar year each local registrar shall make a return to the state
9 registrar of all physicians, midwives, undertakers or retail casket
10 dealers who have been registered in his district during the whole or
11 any part of the preceding calendar years. No fee or other compen-

14 they cannot be so obtained, they shall be obtained in as complete a
15 manner as possible from relatives, friends, or other persons acquainted
16 with the facts.
[39 G. A., ch. 222, § 17.]

SEC. 1376-a18. Blanks and instructions—defective certificates—
1 system of preservation—private records—transcripts.
2 The state registrar shall prepare, print and supply to all regis-
3 trars, all blanks and forms used in registering, recording and preserv-
4 ing the returns, or in otherwise carrying out the purpose of this
5 chapter; and shall prepare and issue such detailed instructions as may
be required to procure the uniform observance of its provisions and
the maintenance of a perfect system of registration.

No other blanks shall be used than those supplied by the state
registrar. He shall carefully examine the certificates received monthly
from the local registrars, and if any such are incomplete or unsatis-
factory he shall require such further information to be supplied as
may be necessary to make the record complete and satisfactory.

All physicians, midwives, informants or undertakers, and all
other persons having knowledge of the facts, are hereby required to
supply such information as they may possess, upon a form provided by
the state registrar or upon the original certificate, regarding any
birth or death upon demand of the state registrar, in person, by mail,
or through the local registrar. No certificate of birth or death, after
its acceptance for registration by the local registrar, and no other
record made in pursuance of this chapter, shall be altered or changed in
any respect otherwise than by amendments properly dated, signed
and witnessed.

The state registrar shall further arrange, bind and permanently
preserve the certificates in a systematic manner, and shall prepare
and maintain a comprehensive and continuous card index of all
births and deaths registered; said index to be arranged alphabet-
ically, in the case of deaths, by the names of decedents, and in the
case of births, by the names of fathers, mothers, and children.
He shall inform all registrars what diseases are to be considered in-
fectious, contagious, or communicable and dangerous to the public
health, as decided by the state board of health, in order that when
deaths occur from such diseases proper precautions may be taken to
prevent their spread.

If any cemetery company or association, or any church or his-
torical society or association, or any other company, society or asso-
ciation, or any individual, is in possession of any record of births or
deaths which may be of value in establishing the genealogy of any
resident of this state, such company, society, association or individual,
may file such record or a duly authenticated transcript thereof with
the state registrar, and it shall be the duty of the state registrar to
preserve such record or transcript and to make a record and index
thereof in such form as to facilitate the finding of any information
contained therein. Such record and index shall be open to inspection
by the public, subject to such reasonable conditions as the state regis-
trar may prescribe.

If any person desires a transcript of any record filed in accordance
herewith, the state registrar shall furnish the same upon application,
together with a certificate that it is a true copy of such record as filed
in his office, and for his services in so furnishing such transcript and
certificate he shall be entitled to a fee of $(ten cents per folio) $(fifty
cents per hour or fraction of an hour necessarily consumed in making
such transcript) and to a fee of twenty-five cents for the certificate,
which fees shall be paid by the applicant.

[39 G. A., ch. 222, § 18.]

Each local registrar shall supply blank forms of certificates to
such persons as require them. Each local registrar shall carefully
examine each certificate of birth or death when presented for record in order to ascertain whether it has been made out in accordance with the provisions of this chapter and the instructions of the state registrar; and if any certificate of death is incomplete or unsatisfactory, it shall be his duty to call attention to the defects in the return, and to withhold the burial or removal permit until such defects are corrected.

All certificates, either of birth or of death, shall be written legibly, in durable black ink and no certificate shall be held to be complete and correct that does not supply all of the items of information called for therein, or satisfactorily account for their omission. If the certificate of death is properly executed and complete, he shall then issue a burial or removal permit to the undertaker.

In case the death occurred from some disease which is held by the state board of health to be infectious, contagious, or communicable and dangerous to the public health, no permit for the removal or other disposition of the body shall be issued by the registrar, except under such conditions as may be prescribed by the state board of health.

If a certificate of birth is incomplete, the local registrar shall immediately notify the informant, and require him to supply the missing items of information if they can be obtained.

He shall number consecutively the certificates of birth and death, in two separate series, beginning with number one for the first birth and the first death in each calendar year, and sign his name as registrar in attest of the date of filing in his office. He shall also make a complete and accurate copy of each birth and death certificate registered by him in a record book supplied by the state registrar, to be preserved permanently in his office as the local record, in such manner as directed by the state registrar.

He shall, on the tenth day of each month, transmit to the state registrar all original certificates registered by him for the preceding month. If no births or no deaths occurred in any month, he shall on the tenth day of the following month, report that fact to the state registrar, on a card provided for such purpose.

[39 G. A., ch. 222, § 19.]

SEC. 1376-a20. Fees—annual payment.

Each local registrar shall be paid the sum of twenty-five cents for each birth certificate and each death certificate properly and completely made out and registered with him, and correctly recorded and promptly returned by him to the state registrar, as required by this chapter. In case no births or no deaths were registered during any month, the local registrar shall be entitled to be paid the sum of twenty-five cents for each report to that effect, but only if such report be made promptly as required by this chapter. All amounts payable to a registrar under the provisions of this section shall be paid by the treasurer of the county in which the registration district is located, upon certification by the state registrar. The state registrar shall annually certify to the treasurers of the several counties the number of births and deaths properly registered, with the names of the local registrars and the amounts due each at the rates fixed herein.

[39 G. A., ch. 222, § 20.]

The state registrar shall upon request supply to any applicant, for legal or other proper purposes, a certified copy of the record of any birth or death registered under the provisions of this chapter, for the making and certifying of which he shall be entitled to a fee of fifty cents, to be paid by the applicant. The United States census bureau may obtain, without expense to the state, transcripts of certified copies of births and deaths without payment of the fees herein prescribed.

Any such copy of the record of a birth or death when properly certified by the state registrar, shall be prima facie evidence in all courts and places of the facts therein stated.

For any search of the files and records when no certified copy is made the state registrar shall be entitled to a fee of fifty cents for each hour or fractional part of an hour of time of search, said fee to be paid by the applicant.

The state registrar shall keep a true and correct account of all fees by him received under these provisions, and turn the same over to the state treasurer each month. The state registrar shall, upon request of any parent or guardian, supply, without fee, a certificate limited to a statement as to the date of birth of any child when the same shall be necessary for admission to school, or for the purpose of securing employment.

[39 G. A., ch. 222, § 21.]

Any person, who for himself or as an officer, agent or employee of any other person, or of any corporation or partnership, (a) shall inter, cremate, or otherwise finally dispose of the dead body of a human being, or permit the same to be done, or shall remove said body from the primary registration district in which the death occurred or the body was found, without the authority of a burial or removal permit issued by the local registrar of the district in which the death occurred or in which the body was found; or, (b) shall refuse or fail to furnish correctly any information in his possession, or shall furnish false information affecting any certificate or record, required by this chapter; or, (c) shall wilfully alter, otherwise than is provided by section thirteen hundred seventy-six-a eighteen of this supplement, or shall falsify any certificate of birth or death, or any record established by this chapter; or, (d) being required by this chapter to fill out a certificate of birth or death and file the same with the local registrar, or deliver it, upon request, to any person charged with the duty of filing the same, shall fail, neglect, or refuse to perform such duty in the manner required by this chapter; or, (e) being a local registrar, deputy registrar or sub-registrar, shall fail, neglect, or refuse to perform his duty as required by this chapter and by the instructions and direction of the state registrar thereunder, shall be deemed guilty of a misdemeanor and upon conviction thereof shall for the first offense be fined not less than five dollars nor more than fifty dollars, and for each subsequent offense not less than ten dollars, nor more than one hundred dollars or be imprisoned in the county jail not more than sixty days, or be fined and imprisoned in the discretion of the court.

INFECTIONOUS AND CONTAGIOUS DISEASES AMONG ANIMALS

SECTION 1740. Examination for tuberculosis—destruction—indemnity.

Owners of herds who desire to have their herds examined and tested with a view to detecting the presence of tuberculosis, and with a further view of freeing their herds from such disease, may apply to the commission for testing and examination. A blank for such application shall be furnished by the commission and shall include such an agreement on the part of the person making the said application that he will conform to and abide by the rules and regulations laid down by said commission and follow the instructions of said commission.
designated to prevent the reinfection of the herd and to suppress the disease or prevent the spread thereof. Upon receiving such application, or if herds or animals are examined on the commission's own motion, the commission shall, as soon as practicable, cause such test or an examination to be made.

The commission of animal health in passing upon applications shall first consider and give prior action to all applicants for the testing of dairy herds from which milk and milk products are sold, or offered for sale in liquid or condensed form for human consumption in cities and incorporated towns.

If, after such an examination, tubercular animals are found therein, the said commission shall have authority to order such disposition of them as it considers most desirable and economical. Before being tested, such animals shall be appraised at their cash value for breeding, dairy or beef purposes by a representative of the commission, or a representative of the United States bureau of animal industry, or both together, with the owner. If these cannot agree as to the amount of the appraisal, there shall be appointed three competent and disinterested men, one appointed by the commission, one by the owner, and the third by the first two, to appraise such animals, which appraisal shall be final.

The expense of such appraisal shall be borne by the state. In the case of pure-bred cattle, the pedigree shall be proved by certificate of registry from the herd books where registered. If it is deemed advisable to slaughter an animal reacting to the tuberculin test, the owner shall be paid from the funds of the state treasury not otherwise appropriated, a sum equal to one-third of the difference between the proceeds from the sale of the salvage, which the owner receives, and the appraised breeding value of the animal, provided the state does not pay to the owner a sum in excess of fifty dollars for any pure-bred animal and twenty-five dollars for any grade. In all cases, it is provided the animal has been owned at least six months, in the state, by the applicant, prior to the condemnation thereof.

2 If the court finds that the mother of such dependent or neglected child is a widow and has been for more than one year preceding the filing of the application a resident of the county where aid is applied for, and if the court further finds that such mother is poor and unable to properly care for said child, but is otherwise a proper guardian, and that it is for the welfare of such child to remain at home, the court may enter an order finding such fact and fixing an amount of money necessary to enable such mother to properly care for such child, not to exceed the sum of two dollars and fifty cents per week for each child under the age of sixteen years; provided, however, that no such allowance to a widowed mother shall be made until after ten days' written notice of application for such order shall have been given to the board of supervisors of the county, during which time said board of supervisors may appear and show cause why such order should not enter.

6 At any time after such allowance is made the overseer of the poor, or the board of supervisors, may make objections to the continuance of such allowance. When such objection is made the court or judge thereof shall fix a time for hearing and order that notice be given to the person receiving the allowance and at the time fixed the court or judge shall summarily hear and determine the objections made, and
may revoke or modify the order for allowance theretofore made and 
make such further order as shall be just and proper in the premises. 
The court may, when the health or condition of the child may 
require it, cause the child to be placed in a public hospital or institu-

No child under the age of ten years shall be committed to the

proper warrant; and if upon preliminary examination it shall appear 
that such person is probably guilty of the offense charged, he shall

A conviction for such contributory delinquency shall not be a bar to the prosecution of such person for any indictable misdemeanor or felony that he may have committed that caused or contributed to the delinquency of such child.

Said court may impose conditions upon any such persons found guilty under this chapter. As long as such persons shall comply therewith to the satisfaction of the court, the sentence imposed, or any part thereof, may be suspended, provided that such suspension shall not exceed a period of two years. If, at the expiration of such time, or any time prior thereto, it shall appear to the court that such person has complied faithfully with the conditions imposed, in such event the court may set aside his sentence absolutely and release such person from further liability thereunder. If, at any time, however, during the aforesaid suspension of such sentence it shall be made to appear to the satisfaction of the court that the judgment ought to be enforced, the court shall have the power to revoke the suspension of such judgment and may enforce the same, and in such cases the term of his sentence shall commence from the date on which the same is ordered to be enforced. funds are expended, but only for expenses directly connected with the
maintenance and development of said laboratory and for grounds and
buildings. Said grounds and buildings shall be used, when so author-
ized by the board of education, for any purpose in connection with the

1 The superintendent of the school for the deaf shall be a trained and experienced educator of the deaf. The board may utilize the labor of any pupil of the institution on the farm, in the workshops, in erection of buildings for the
Every resident of the state of Iowa who is not less than five nor more than twenty-one years of age, who is deaf and dumb, or so deaf as to be unable to acquire an education in the common schools, and every such person who is over twenty-one and under thirty-five years of age who has the consent of the state board of education, shall be entitled to receive an education in the institution at the expense of the state, and nonresidents similarly situated may be entitled to an education therein upon such terms as may be fixed by the state board of education. The fee for nonresidents shall be not less than the average expense of resident pupils and shall be paid in advance.

For the general support of the soldiers' orphans' home, there is hereby appropriated out of any money in the state treasury not otherwise appropriated the sum of twenty-four dollars per month, or so much thereof as may be needed, for each child actually supported, and in addition the expense of his transmission to the home, which sums shall be drawn from the state treasury and expended in the manner provided by chapter one, title nine. The number of children shall be ascertained by taking the average attendance for the preceding month, provided, however, that if the average number of children shall be less than five hundred in any month, the auditor of state and treasurer of state shall credit the home with the sum of twelve thousand dollars for that month, and the sum so credited shall be drawn from the state treasury in the same manner and for the same purposes as the regular monthly per capita allowance is drawn.

For the support of the home there is hereby appropriated out of any money in the state treasury not otherwise appropriated, or so much thereof as may be needed, twenty-four dollars for each child actually supported, and in addition the expense of his transmission to

6 required by law as it appears in section eighteen hundred eighty-
7 eight of the compiled code. The number of children shall be ascer-
8 tained by taking the average attendance for the preceding month;
9 provided, however, that if the average number of children shall be
10 less than two hundred ninety-two in any month, the auditor of the
11 state and treasurer of the state shall credit the home with seven
12 thousand dollars for that month, and the sum so credited shall be
13 drawn from the state treasury in the same manner and for the same
14 purposes as the regular monthly per capita allowance is drawn.

[38 G. A., ch. 165, § 11; 40 G. A., ch. 55, § 4.]

NOTE: This section, originally, was section 11, chapter 165, acts 38 G. A. It provided that the appropriation should be drawn from the state treasury in accordance with sections 2727-a42 and 2727-a33, supplement to the code, 1907. The reference to section 2727-a33 is a palpable mistake. Most likely section 2727-a43 was intended. Section 2727-a33 has been divided and appears in the criminal statutes as sections 8958 and 8959 of the compiled code.

Section 2469 of the compiled code carried a reference to said sections 8958 and 8959. Owing to the palpable error, they have been omitted in this supplement.

SEC. 2470. Counties liable for support.
1 Each county shall be liable for sums paid by the home in support

3 month for each child, and when the average number of children be
4 less than two hundred ninety-two in any month, each county shall be
5 liable for its just proportion for each child of the amount credited to
6 the home for that month. The sum for which each county is so liable
7 shall be charged to the county, and collected as a part of the taxes
8 due the state, and paid by the county at the same time state taxes
9 are paid.

SECTION 2477. Petitions to abolish—election.
1 Whenever citizens of any county having a county high school
2 desire to abolish the same or to dispose of any part of the buildings
3 or property thereof, they may petition the board of supervisors at any
4 regular session thereof in relation thereto, and chapter nineteen of
5 title twelve of this supplement shall apply to and govern the whole
6 matter, including the manner of presenting and determining the suf-
7 ficiency of such petitions and remonstrances thereto, so far as appli-
8 cable. If an election is ordered the same shall be held at the time of
9 the general election or at a special election called for that purpose and
10 the proposition shall be submitted and the election conducted in the
11 manner provided in title four. If any proposition as herein provided
12 be legally submitted and adopted, the board of supervisors is hereby
13 empowered to carry the same into effect.

[C., '97, § 2733; S., '13, § 2733-a.]

If any balance remains of this sum after paying the expenses of the institute, it shall be covered into the county treasury of the proper county and credited to the institute fund.

[C., '97, § 2626.]

Note: The above section was treated by the editor of the supplement of 1913 as repealed by 35 G. A., ch. 103. The result was that said section was omitted from the compiled code. CHAPTER 29
SCHOOLHOUSES AND SCHOOLHOUSE SITES

SECTION 2639. Schoolhouse site—division of district—length of school.
1 The board of any school district may fix the site for each school- 2 house, taking into consideration the geographical position, number 3 and convenience of the scholars, provide for the fencing of school-
house sites, determine the number of schools to be taught, divide the
 corporation into such wards or other divisions for school purposes
 as may be proper, determine the particular school which each child
 shall attend, and designate the period each school shall be held beyond
 the time required by law, except that no contract shall be entered into
 with any teacher to teach any school in the school corporation when
 the average attendance in said school the last preceding term therein
 was less than five pupils, unless a showing is made to the county super-
 intendent that the number of children of school age in said school
district has increased so that ten or more will be enrolled in such school
 and will attend therein, in which case, or when natural obstacles to
 transportation of pupils to another district or other conditions make
 it clearly inadvisable that such schools be closed, the county superin-
tendent may consent to maintaining a school in said district for the
 ensuing term. It shall be the duty of the member of the school board
 residing in said district to make the showing referred to herein, or
 any resident of said district may, upon his own motion, make said
 showing. Every school shall be free of tuition to all actual residents
 between the ages of five and twenty-one years, and to resident honor-
 ably discharged soldiers, sailors, and marines as many months after
 becoming twenty-one years of age as they have spent in the military
 and naval service of the United States before they became twenty-
 one.

In any school corporation maintaining a school of a higher order,
 the board shall require the payment of an adequate tuition fee for
 persons who have completed a four-year course in an approved high
 school or its equivalent. Such fees shall be fixed at such an amount
 as will fully cover the cost of maintenance of such school of a higher
 order. This act (40 G. A., ch. 72,) shall not apply to any school cor-
 poration of less than twenty thousand population nor to one having
 within its boundaries any other institution of learning of a higher
 order than that of an approved four-year high school course.

Each school regularly established shall continue for at least
 thirty-two weeks of five school days each in each school year com-
mencing the first of July. In case a school in any district be closed
 as herein provided, then the board of such school corporation shall
 provide for the instruction of the pupils in said district in another
 school as conveniently as may be, and shall provide for the transporta-
tion of such pupils to such other school when any one or more of such
 pupils reside more than two miles from the school to which they
 have been assigned, or shall allow to the parent or guardian of such
 pupil or pupils a reasonable sum for transporting such child or
 children to such other school. The school board of the corporation
 in which the school that is closed under the provisions of this section
 is situated shall pay to the secretary of the school corporation in
 which children attend from the closed school the average cost of tui-
 tion and other expenses in the school wherein such children attend.

 §§ 1, 2; 38 G. A., ch. 160, § 1; 40 G. A., ch. 72, §§ 1, 2; 40
 G. A., ch. 73.]

Note: The literal directions of 40 G. A., ch. 72, require the insertion of two
 sections within the body of section 2639. To avoid leaving the statute in such a
 wretched form, the word "act" has been retained and the word and figure "section
 2" of the legislative act have been omitted.
SEC. 2640. Schoolhouse sites and levy therefor.

Any school corporation may take and hold so much real estate as may be required for schoolhouse sites, for the location or construction thereon of schoolhouses, and the convenient use thereof, but not to exceed two acres exclusive of public highway, except in a city, town or village or cities under special charters it may include two blocks or area equal thereto exclusive of the street or highway as the case may be, for any one site, and may also take and hold such additional real estate, not exceeding five acres, as may be required for school playground or other purposes for each such site or districts consolidated under the provisions of chapter nineteen of this title, may take and hold not to exceed ten acres, for any one site, unless such additional ground may be acquired by donation, which site must be upon some public road already established or procured by the board of directors, and shall, except in cities, towns or villages, be at least thirty rods from the residence of any owner who objects to its being placed nearer, and not in any public park.

The directors in any independent district whose territory is composed wholly or in part of territory occupied by any city of the first and second class, city under the manager plan, or city under special charter may, at their regular meeting in July, or at a special meeting called for that purpose, between the time designated for such regular meeting and the third Monday in August, certify an amount not exceeding four mills to the board of supervisors, and they shall levy the amount so certified, and the tax so levied shall be placed in the schoolhouse fund and used only for the purchase of sites in and for said school district. Anything contained in section twenty-five hundred thirty-seven of the compiled code to the contrary notwithstanding.

[C., '73, §§ 1825, 1826; C., '97, § 2814; S., '13, § 2814; 37 G. A., ch. 26, § 1; 38 G. A., ch. 125, § 1; 39 G. A., ch. 67, § 1.]

NOTE: This section in the compiled code refers to “section twenty-five hundred twenty-four”. This reference has been stricken out and in lieu thereof has been inserted “chapter nineteen of this title”. This change was necessary because section 2524 was repealed by 39 G. A., ch. 175 and some forty sections enacted in lieu thereof.

SEC. 2642. Condemnation—procedure.

If the owner of any of the real estate desired for a schoolhouse site or sites, or a public road thereto, or for school playgrounds, or other purposes for which any school corporation is, or may be, authorized to take and hold real estate, refuses or neglects to convey the same, or is deceased, or is unknown or cannot be found, or if in the judgment of the board of directors of said school corporation they cannot agree with such owner, the county superintendent of the county in which said school corporation is located shall, upon the application of either party in interest, appoint one freeholder of said county, the owner or, in case of inability to find such owner, the county auditor shall appoint one freeholder and these two shall select a third freeholder, none of whom shall be interested in the same or a like question, as referees, who shall take and subscribe an oath to the effect that they will faithfully and impartially discharge the duties laid upon them. The county superintendent shall give notice of the time and place of making the assessments of damages to the owner of such real estate as shown by the transfer books in the office of the
county auditor of such county, and to the person in possession there-
of; or, if such owner as so shown by such transfer books is deceased,
then such notice shall be given to the person or persons in possession
of such real estate and to the owners of the beneficial interest therein,
such notice in either event to be given for the same length of time
and in the same manner as for the commencement of actions in the
district court. Such referees shall inspect the grounds proposed to be
taken, fix the damage sustained as near as may be on the basis of the
value of the real estate so appropriated, and report in writing to the
county superintendent their doings and findings, which report shall
be filed and preserved in his office; and upon the amount found by
the referees being deposited with the county treasurer, for the use
of such owner or owners, possession may at once be taken of such
real estate and the necessary buildings erected and occupied. From
the assessment so made either party may appeal to the district court
by giving notice thereof as in case of taking private property for
works of internal improvement within ten days after receiving notice
of the award made. If such appeal is not taken, the assessment shall
be final; if taken, the board may proceed with the construction of
improvements, and may take possession of such real estate, if the
deposit hereinafore provided has been or shall be made. Such pro-
ceedings shall be void if the school corporation fails to deposit the
amount due as hereinafore provided within sixty days from and
after the final determination of the proceedings, upon appeal or other-
wise. Upon such appeal the school corporation shall not be liable for
costs unless the owner shall be allowed a greater sum than given by
the referees; all cost of making the referees' assessment to be paid
by the school corporation.

ch. 74.]

SEC. 2649. Reversion.

[Repealed by 39 G. A., ch. 183, §§ 1 and 3, and the three following
sections enacted in lieu thereof.]

SEC. 2649-a1. Reversion of schoolhouse site from nonuser.

Any real estate owned by a school corporation, situated wholly
outside of a city or town, and not adjacent thereto, and heretofore used
as a schoolhouse site, and which, for a period of two years continuously
has not been used for any school purpose, shall revert to the then owner
of the tract from which the same was taken, provided that said owner
of the tract last aforesaid shall, within the time hereinafter prescribed,
pay the value thereof to such school corporation.

[C., '73 § 1828; C., '97, § 2816; S., '13, § 2816; 38 G. A., ch.
342, § 1; 39 G. A., ch. 183, § 1.]

SEC. 2649-a2. Appraisement of site—notice—public sale.

In case the school corporation and said owner of the tract from
which such school site was taken, do not agree as to the value of such
site, the county superintendent of the county in which the greater part
of such school corporation is situated, shall on the written application
of either party, appoint three disinterested voters of the county to
appraise said site.
The county superintendent shall give notice to both parties of the time and place of making such appraisement, which notice shall be served in the same manner and for the same time as for the commencement of action in the district court.

Such appraisers shall inspect the premises and, at the time and place designated in the notice, appraise said site in writing, which appraisement, after being duly verified, shall be filed with the county superintendent.

If the owner of the tract from which said site was taken fails to pay the amount of such appraisement to such school corporation within twenty days after the filing of same with the county superintendent, the school corporation may sell said site to any other person at the appraised value, or may sell the same at public sale to the highest bidder.

If there are improvements on said site, the improvements may, at the request of either party, be appraised and sold separately.

Schoolhouses and school sites no longer necessary for school purposes, because of being located in consolidated school districts, may be sold immediately after the organization of such consolidated school districts, in the manner above provided.

During the use of such premises, no person owning a right of reversion, shall have any interest in or control over the premises.

This and the two preceding sections shall not apply to cases where schools have been temporarily closed by law on account of small attendance.

The board of each school corporation shall at its regular meeting in July, or at a special meeting called for that purpose between the time designated for such regular meeting and the third Monday in August, estimate the amount required for the general fund, not exceeding eighty dollars for each pupil of school age; provided that in any school corporation having a population of fifty thousand or more the maximum levy provided herein may be increased to ninety dollars per each person of school age in said district; but each school corporation may estimate not to exceed one thousand dollars for each school thereof, and such additional sum as may be necessary not exceeding five dollars for each person of school age for transporting children to and from school; also such additional sum as may be au-
thorized in section twenty-six hundred ninety-five of the compiled code. 

No tax shall be estimated by the board after the third Monday in
August in each year.

School corporations containing territory in adjoining counties
may vote and estimate all taxes for school purposes in mills.

The board shall apportion any tax voted by the annual meeting
for schoolhouse fund among the several subdistricts in such a manner
as justice and equity may require, taking as the basis of such apportion-
ment the respective amounts previously levied upon said subdistricts
for the use of such fund.

The board of directors of any school corporation in which there
is no free public library shall have power to contract with any free pub-
lic library for the free use of such library by the residents of such
school district as provided in section thirty-seven hundred fifty-two
of this supplement and to pay such library the amount agreed there-
for, and to certify annually a tax not exceeding one mill on the dollar
of the taxable property of such district, to be used exclusively there-
for; and during the existence of such contract a tax sufficient to pay
such library the consideration agreed upon, not exceeding one mill on
the dollar, shall be certified annually by such board. Each school cor-
poration making such contract shall, during the existence of such con-
tract, be relieved from the requirements of section twenty-six hundred
six of the compiled code. This section shall not be construed to apply
in townships where a contract is in existence under the provisions of
section thirty-four hundred forty-three of the compiled code.

The board of supervisors shall at the time of levying taxes for
county purposes levy the taxes necessary to raise the various funds
authorized by law and certified to it by law, but if the amount certified
for any such fund is in excess of the amount authorized by law, it
shall levy only so much thereof as is authorized by law.

If a schoolhouse tax is voted at a special meeting and certified to
said board after the regular levy is made, it shall at its next regular
meeting levy such tax and cause the same to be forthwith entered
upon the tax list to be collected as other school taxes.

It shall also levy a tax for the support of the schools within the
county of not less than one nor more than three mills on the dollar
on the assessed value of all the taxable property within the county.

PRIMARY AND SECONDARY ROAD SYSTEMS

SECTION 2911. Road systems defined.

The highways of the state are, for the purpose of this chapter, divided into two systems, to wit: the primary road system and the secondary road system.
The primary road system shall embrace those main market roads (not including roads within cities), which connect all county seat towns and cities and main market centers, and which have already been designated under section twenty-nine hundred three of the compiled code, accepting the provisions of the act of congress approved July eleventh, nineteen hundred sixteen, known as the federal aid road act; provided that the said designation of the roads shall, for more efficient service or more economical construction of the system, and with the consent of the federal authorities, be subject to revision by the state highway commission. Any portion of said primary system so eliminated by any change shall revert to and become a part of the system from which originally taken. The state highway commission may, for the purpose of affording access to cities, towns, villages, state parks, and recreation centers within a county, add such road or roads to the primary system of said county as the board of supervisors may specifically designate and request.

The secondary road system shall embrace all roads not embraced in the primary system and not embraced within the limits of cities or towns. Roads embraced in the secondary road system shall continue to be classed as at present, as county roads or township roads as the case may be.

[38 G. A., ch. 237, § 3; 40 G. A., ch. 83.]

SEC. 2912. Primary road fund—apportionment—use—right of way.

There is hereby created a fund which shall be known as the primary road fund, which shall embrace the federal-county-cooperation road fund as created by chapter six of this title, all additional and future federal aid road funds, and all other funds derived from year to year by the state under acts regulatory of motor vehicles, except such portion of said motor vehicles fund as may be necessary to maintain the federal aid engineering fund, and as may, by law, be retained in the state treasury as a maintenance fund for the state highway commission, or as a fund to cover administration of the motor vehicle department.

Said primary road fund shall be apportioned to the respective counties in the ratio that the area of the county bears to the total area of the state, and shall be used in the establishment, construction, and maintenance of the primary road system, including the drainage, grading, surfacing, construction of bridges and culverts, the elimination or improvement of railroad crossings, the purchase of additional right of way and the damages incident thereto, connected with the establishment, construction, and maintenance of the primary road system.

Where additional right of way for primary road system has been taken in any county and paid for out of other funds since chapter two hundred thirty-seven, acts of the thirty-eighth general assembly has been in effect, the board of supervisors of such county is authorized to transfer from the primary road fund to such other fund the amount expended for such right of way.

The portion of said fund apportioned to each county as above provided is hereby pledged to the completion of said primary system and is dedicated by the state to the county to be used for the payment of costs in establishment, improvement, or maintenance thereof and
for the redemption of any bonds issued therefor as in this chapter
provided.

For the purpose of administration, apportionment to any county
may be made up partly from federal aid road allotments.

Nothing herein contained shall be construed as precluding the
board of supervisors from paying for the construction and main-
tenance of bridges and culverts on the primary road system from the
county bridge fund.

[39 G. A., ch. 188, § 4.]

SEC. 2914. Options authorized—election in re hard surfacing.

Each county, acting through its board of supervisors, shall have
three options in the expenditure of its allotments from the primary
road fund:

1. It may elect to acquire additional right of way where necessary
and complete the grading and construction of bridges and culverts and
drainage in any part or all of the primary roads within the county
before laying any hard surfacing.

2. It may hard surface in any one year, such portion of the roads
in the primary system in its county as may be met by its allotted por-
tion of the primary road fund for said year, plus any balance remain-
ing to its credit from previous allotments, plus the special assessments
on abutting and adjacent real estate as hereinafter provided; or it
may proceed in any one year with draining and grading on one or
more divisions of the primary system and with hard surfacing on
other divisions of said system.

3. It may proceed with said hard surfacing in a more rapid man-
er when authorized to do so by the voters of the county as herein-
after set forth, provided no hard surfacing shall be constructed on
any division of the primary roads until the drainage and grading of
said division shall have been fully completed.

It is hereby made the duty of the board of supervisors to pro-
cede in the improvement of primary roads under this chapter as fast
as the primary road fund is available, until the improvement of the
primary system is completed; provided, that any county, after drain-
ing and grading its primary system, or any division thereof, shall have
the right to surface same with gravel or oil or both if by resolution
of the board of supervisors it elects so to do. Such graveling or oiling
shall not be considered hard surfacing within the meaning of this
chapter. Said surfacing shall be done in accordance with the plans
and specifications of the highway commission applicable to such
improvement and the cost of such improvement when so done may be
paid from the primary road fund. Vouchers therefor must be ap-
proved by the board of supervisors and forwarded to the highway
commission for final audit, approval, and payment as provided in
section twenty-nine hundred twenty-one of this supplement.
The board of supervisors shall not proceed with hard surfacing of roads until such work shall be authorized by a majority vote of the electors of such county at a general election, or a special election, called for that purpose; and the board of supervisors of any county may, on its own motion, and shall, if petitioned by the voters in any county equal to ten per cent of the number voting at the last general election, to be determined by the number of electors voting for governor thereat, submit to said voters the question whether hard surfacing shall be done on the primary road system, or any portion thereof, in said county. Said petition shall be in writing, giving the name and residence of each signer thereto, and each sheet thereof shall be verified by a resident of the county. The board of supervisors shall be governed by the result of such election, and, if a majority of said voters voting thereon shall vote therefor, the board shall proceed forthwith with the work. Such election, however, shall not interfere with or affect work under construction, or under contract, or federal aid projects already approved at the time of the holding of said election. Notice of such election shall be given as provided in section twenty-nine hundred thirty-three of the compiled code, and the notice shall give the time said election shall be held and the form of the proposition submitted, and such proposition shall be contained in the ballot. Special elections shall be held in the same manner as general elections. The question of hard surfacing shall not be submitted to a vote in any county oftener than once in twenty-four months. The question as to hard surfacing of roads and as to issue of bonds under this chapter may be submitted at the same election. And at the election as to the question of whether or not bonds may be issued, there may be submitted at the same election and upon the same ballot as a separate proposition the question of whether or not hard surfacing may be done. If upon such submission the proposition of hard surfacing is defeated, such vote shall thereby nullify the vote as to the issuance of bonds.

[38 G. A., ch. 237, § 6; 39 G. A., ch. 20, § 2; 40 G. A., ch. 84, § 2.]

Claims for draining and grading, graveling or oiling, shall be paid wholly from the county's allotment of the primary road fund. Claims for hard surfacing, in case the county is proceeding without bond issue, shall be paid to the extent of eighty-seven and one-half per cent of the total cost of such hard surfacing, from the county's said allotment, and the balance shall be paid with special assessment or road certificates, or with the proceeds thereof. Claims for hard surfacing, in case the county is improving with the proceeds of a bond issue, shall be paid, first, from the county's said allotment then available, or from any balance of said allotment remaining after the retirement of bonds and from the proceeds of special assessments, and second, out of such bond fund of the county.

All claims shall be itemized upon voucher forms prepared by the state highway commission, sworn to by the claimants, certified to by the engineers in charge, filed with and audited by the board of supervisors, and then forwarded to the state highway commission for final audit and approval. Upon the final approval of vouchers which are payable from the county's allotment of the primary road fund, such
vouchers shall be forwarded to the auditor of state, who shall draw
warrant therefor, and said warrant shall be paid by the treasurer of
state from the primary road fund.
Duly approved voucher claims, payable at the office of the county
treasurer, shall be forwarded by the state highway commission to the
county auditor, who shall issue warrant therefor, and the county
treasurer shall pay the same with special assessment or road certifi-
cates, or from the proceeds thereof, or from the bond fund, as the
case may be. Partial payments may be made on work during the
progress thereof, but no such partial payment shall be deemed final
acceptance of the work nor a waiver of any defect therein.

[38 G. A., ch. 237, § 13; 40 G. A., ch. 85, § 1.]

SEC. 2921-a1. Primary road contingent fund.
The state treasurer is hereby directed to set aside from the pri-
mary road fund the sum of one hundred fifty thousand dollars to be
known as the primary road contingent fund.

[39 G. A., ch. 220, § 1.]

SEC. 2921-a2. Claims payable from contingent fund.
When claims for labor, freight or other items which must be paid
promptly and which are payable from the primary road fund or from
the state highway commission maintenance fund, are presented to the
said commission for payment, the said commission may direct that
warrants in payment of said claims be drawn on said primary road
contingent fund. Such warrants, when so drawn and signed by the
auditor of the state highway commission, shall be honored by the
state treasurer for payment from the said contingent fund.

SEC. 2921-a3. Procedure in making payment from contingent
fund—reimbursement.
The claims in payment of which warrants are drawn on the pri-
mary road contingent fund, shall be audited in the usual manner pre-
scribed by law and shall have noted thereon that warrants in payment
thereof have been drawn on the said contingent fund. After the final
audit of such claims the state auditor shall draw warrants therefor
in the regular manner and forward the same to the state highway
commission for record. When such warrants have been recorded in
the office of the said commission they shall be forwarded to the state
treasurer who shall cancel the same, charge them to the proper fund
and credit the primary road contingent fund with the amount thereof.

[39 G. A., ch. 220, § 3.]

SEC. 2921-a4. Bond by auditor of highway commission.
The auditor of the state highway commission shall give bond to
the state of Iowa in the sum of ten thousand dollars conditioned for
the faithful performance of his duties relative to said fund. Said
bond after approval by the state highway commission shall be depos-
ited in the office of the secretary of state.

SEC. 2922. Board of apportionment—report—notice and hearing—fees of appraisers.

A board of apportionment of three resident freeholders of the county shall be appointed by the board of supervisors to apportion all special benefits to real estate within each district, but the same board of apportionment may act for more than one district. No person shall serve on such board if he lives or owns real estate within the district for which he is to act.

Whenever the total expense of such improvement within said district has been approximately determined, said board of apportionment shall, with all reasonable dispatch, personally inspect and classify in some uniform manner, and under some intelligent description, and in a graduated scale of benefits, all real estate within said districts. Said classification, when finally established, shall remain as a basis for all future assessments to cover deficiencies, if any, unless the board of supervisors, for good cause, shall authorize a revision thereof.

Said board of apportionment shall, among other relevant and material matters, if any, give due consideration to the fair market value per acre of each of the different tracts of real estate, to their relative location and productivity, and to their relative proximity and accessibility to the said improvement.

They shall, in writing, and to the different described tracts of real estate within said district, make an approximately equitable apportionment of twelve and one-half per cent of the total expense of said improvement.

In making said apportionment, real estate owned by the state or any county shall be treated as other real estate, but no other publicly owned real estate shall be included, and in apportioning benefits to real estate owned by the county or state no consideration shall be given to the buildings thereon.

Said apportionment report shall specify each tract of real estate by some intelligent description, the amount apportioned thereto, and the ownership thereof, as the same appears on the transfer books in the auditor's office, and shall be filed with the county auditor. Said apportionment shall carry the presumption, in the absence of a contrary showing, that the same is fair, just, equitable, and in proportion to benefits and not in excess thereof.

Upon receipt of said apportionment, the county auditor shall fix a day for hearing before the board of supervisors, and cause notice to be served by publication as hereinafter provided upon each person whose name appears in said apportionment report, or in any recommendation accompanying the same, as owner, and also upon the person or persons in actual occupancy of any such real estate, which notice shall state the amount of special assessments apportioned to each tract, the day set for hearing before the board of supervisors, that at said hearing any apportionment may be increased without further notice, that (if such be the case) the board of apportionment has recommended that specified additional tracts of real estate should be included within said district, and that specified sums should be apportioned thereto to defray the cost of said improvement, and that all objections to said report, or any part thereof, by reason of any irregularity in prior proceedings, or by reason of any irregularity, illegality, or inequality in making such apportionment, must be specifically made in writing and filed with the county auditor on or before

...
noon of the day set for such hearing, and that a failure to so make and
file such objections will be deemed a conclusive waiver of all such
objections.

The county auditor shall cause such notice to be served by having
the same published in at least one of the official newspapers of the
county once each week for two consecutive weeks, the last of which
publications shall be not less than five days prior to the day set for
said hearing. Proof of such service shall be made by affidavit of
the publisher and be filed with the county auditor.

Omission to serve any party with notice herein provided shall
work no loss of jurisdiction on the part of the board over such pro-
ceeding, and such omission shall only affect the persons upon whom
service has not been had, and if, before or after the board has entered
its final order in apportionment proceedings, it be discovered that
service of said notice has not been had on any necessary person as
herein provided, the board shall fix a time for hearing as to such
omitted parties and shall cause such service to be then made upon
them, either by publication as in this section provided or by per-
sonal service in the time and manner required for service of original
notice in the district court, and after such hearing shall proceed as to
such person as though such service had been originally complete.

The appearance of any interested party, either in writing or per-
sonally, or by authorized agent, either before the board of supervisors
or before the state highway commission at any stage of a pending pro-
ceeding for the hard surfacing of the highways of a district, shall be
deemed a full appearance. Only interested parties shall have the
right to appear before the board of supervisors in proceedings pro-
vided for in this chapter, and all persons so appearing shall be required
to state for whom they appear, and the clerk of the board shall make
definite entry accordingly, in the minutes of the board.

The state highway commission shall prescribe standard forms
for apportionment reports and notice of hearings thereon.

Each member of the board of apportionment shall be paid in full
for all services, at the rate of six dollars per day of actual service,
and ten cents per mile for each mile necessarily traveled in the per-
formance of his duties, and bills therefor, duly sworn to and item-
ized, shall be returned to the board of supervisors with the report of
the apportioners.

[38 G. A., ch. 237, § 14 ; 40 G. A., ch. 85, § 2 ; 40 G. A., ch. 86.]

SEC. 2922-a1. Refund.

In all cases where assessments of twenty-five per cent for hard
surfacing have heretofore been levied against adjoining property
under the provisions of this chapter and amendments thereto, and
such assessments have either been paid or certificates issued to cover
deferral installments, all of the same over and above twelve and one-
half per cent shall be refunded to such parties out of the motor vehicle
portion of the primary fund allotment to the counties in which such
levies were made or out of the funds arising from the sale of primary
road bonds or other bonds voted by such counties. The board of
supervisors may determine whether such refund shall be made in one
sum or in annual installments not exceeding ten, and in no case shall
interest be allowed on the amounts so refunded.

In case of sale of such adjoining lands prior to making such
refund and such assessments have not been paid in full, the same
shall be paid to the parties interested in proportion to the amount
paid or assumed by them respectively or as may be agreed between
such parties at the time such refund is made.

[40 G. A., ch. 85, § 6.]

SEC. 2924. Hearing on report—levy of assessments—payment.

The final hearing on said apportionment report may be adjourned
from time to time without loss of jurisdiction on the part of the
board. On such final hearing the board shall hear and determine all
objections filed, and may increase, diminish, annul or affirm the apor-
tionment made in said report, or any part thereof, as may appear to
the board to be just and equitable.

On the final determination, the board shall levy such apportion-
ment and all installments thereof upon the real estate within said
district, as finally established, and said assessment and all installments
thereof shall be then due and payable, and bear interest at six per
cent per annum commencing twenty days from the date of said levy;
provided that if any owner, other than the state or county, of any of
said tracts of land shall, within twenty days from the date of said
assessment agree, in writing filed in the office of the county auditor,
that in consideration of his having the right to pay his assessment in
installments, he will not make any objection of illegality or irregularity
as to said assessment upon his said real estate, and will pay the same
with six per cent interest thereon, then and in that case, said assess-
ment shall be payable as follows: In ten equal installments, the first
of which shall mature and be payable on the date of such agreement,
and the other installments, with interest on the whole amount unpaid,
annually thereafter, at the same time and in the same manner as the
March semiannual payment of ordinary taxes.

Where no such agreement is executed, then the whole of such
special assessment so levied shall mature at one time and be due and
payable with interest, and shall be collected at the next succeeding
March semiannual payment of ordinary taxes.

All such taxes shall become delinquent on the first day of March
next after their maturity, shall bear the same interest, the same penal-
ties and be attended with the same rights and remedies for collection,
as ordinary taxes.

An owner of land who has availed himself of said ten-year option
may at any time discharge his assessment by paying the balance then
due on all unpaid installments, with interest on the entire amount for
thirty days in advance.

Assessments against lands owned by the state or county shall be
due and payable from the date of levy by the board of supervisors, or
in the case of any appeal, from the date of final confirmation of the
levy by the court.

In case of assessment on lands owned by the county, the same
shall be paid from the county general fund. In case of assessments
on lands owned by the state, the same shall be represented by a
voucher, duly audited as heretofore provided, and the state auditor
shall draw warrant therefor and make the same payable out of any
funds in the state treasury not otherwise appropriated.

[38 G. A., ch. 237, § 16; 39 G. A., ch. 50.]
SEC. 2925. Reassessments to meet deficit.
1 In case an assessment as originally made should later be found
2 to be insufficient to pay one-eighth of the total cost of the improve-
3 ment, an additional assessment may be made in the same relative
4 ratio as the original assessment, to meet the deficiency. In case an
5 assessment appears to be invalid or, in the judgment of the board,
6 seriously defective, the board of supervisors may proceed to the
7 making of a new assessment as though no assessment had ever been
8 made.

[38 G. A., ch. 237, § 17; 40 G. A., ch. 85, § 3.]

SEC. 2926. Limitations on assessments—deficits.
1 Special benefit assessments shall be levied for an amount which,
2 in the aggregate, shall equal twelve and one-half per cent of the total
3 cost of hard surfacing, and sums expended for drainage, grading, 
4 bridging, and culverting shall not be computed as part of said cost, 
5 except that the cost of such draining and grading as is purely inci-
6 dental to the construction of said hard surfacing may be included in
7 the cost thereof.

No real estate, under any circumstances, though embraced within
more than one road assessment district, shall be specially assessed for
the original cost of hard surfacing in an amount exceeding, in the
aggregate, two per cent of the fair market value thereof. Any defi-
ciency in the said twelve and one-half per cent of the total cost, occur-
ing by reason of said two per cent limitation, shall be paid from the
county's allotment of the primary road fund.

[38 G. A., ch. 237, § 18; 40 G. A., ch. 85, § 4.]

SEC. 2931-al. Anticipating allotments to meet excess warrants.
1 In the event that the warrants drawn on any county's account 
2 shall be in excess thereof, the said county shall issue certificates as
3 provided in section twenty-nine hundred thirty-two of the compiled 
4 code, in an amount equal to the amount which it is proposed to antici-
5 pate said account, and in no case exceeding said county's allotment for 
6 the current and next succeeding year. Such certificates shall be de-
7 posited with the state treasurer. When the allotment of which such
8 certificates are anticipatory becomes available to said county, the state
9 highway commission shall charge said county's account with the
10 amount of the interest on said certificates and shall apportion said
11 amount among the counties in the same way as other primary road
12 funds. At the same time the commission shall notify the state treas-
13 urer of the amount of funds becoming available to said county. The
14 treasurer shall thereupon forward an equal amount of said certificates
15 to the county treasurer who shall cancel the same. The good faith
16 of the state is hereby pledged as a guarantee to all counties as against
17 any loss by reason of such anticipations.

[39 G. A., ch. 188, § 3.]

Note: Retroactive clause omitted as temporary.

SEC. 2936-al. Nature of bonds—refunding.
1 The bonds authorized by section twenty-nine hundred thirty-six
2 of the compiled code are general obligations of the county. Should
the funds on hand not be sufficient to retire said bonds on the date of
maturity thereof, the board of supervisors shall refund the same
through the issuance of county funding bonds, as provided in sections
thirty-two hundred sixty-one of this supplement and thirty-two hun-
dred sixty-six of the compiled code.

[39 G. A., ch. 215, § 1.]

NOTE: For retroactive effect of the above section, see 39 G. A., ch. 215, § 2.

SEC. 2943. Improvements within cities and towns.

1 The board of supervisors is hereby given plenary jurisdiction
subject to the approval of the council to purchase or condemn right
of way therefor and grade, drain, gravel, or hard surface any road
or street which is a continuation of the primary road system of the
county, within any town or within any city including special charter,
commission plan and manager plan cities having a population of less
than twenty-five hundred, and to make said hard surfacing the same
width within the town as the hard surfacing outside of the town on
the primary road system, but no hard surfacing shall be done except
as authorized by a vote of the electors of the county.

2 After the completion of such improvement the same shall be
maintained by the city or town and such city or town shall rest under
the same obligation of care as to such improvements as is now pro-
vided by law for roads and streets generally.

3 Any such city or town through its council and each county of
the state through its board of supervisors are hereby authorized to
enter into written agreements subject to the approval of the state
highway commission to determine the location of such improvements
within such cities or towns. In case of disagreement the matter
shall be referred to the state highway commission, whose decision
shall be final. The board of supervisors shall not drain, grade, gravel,
or hard surface any highway within the limits of cities other than
those specified herein.

40 G. A., ch. 87, § 1.]

SEC. 2943-a1. Right of way.

1 In the improvement of extensions of the primary road system
within cities or towns hereunder, the board of supervisors shall have
power to purchase or condemn the necessary right of way therefor,
and such condemnation proceedings shall be under the same laws as
now apply to the condemnation of right of way for roads outside of
cities and towns on primary roads.

[40 G. A., ch. 87, § 2.]

SEC. 2943-a2. Initiating improvement in city or town.

1 Any town, through its council, may, by resolution, make applica-
tion to the board of supervisors of its county for the grading, drain-
ing, graveling, or hard surfacing of any road or street in said town
or along its limits, which is a continuation of the primary road sys-
tem of the county, by filing the resolution making application therefor
with the county auditor. The board of supervisors shall examine
said application and shall within thirty days after the filing thereof
with the county auditor take action thereon. The board may approve
said application in whole or in part or may wholly reject the same, whereupon the resolution, together with a record of the board’s action thereon, shall be forwarded to the state highway commission for final review. The state highway commission shall examine said resolution and the action of the board thereon, and shall within thirty days make final determination thereof. It may approve the application in whole or in part or may wholly reject the same. The town council and the board of supervisors shall be immediately notified of the action taken. The provisions of section twenty-nine hundred fourteen of this supplement relative to voting on the question of hard surfacing the primary roads shall not apply to improvements made hereunder. Provided, that in counties which have not authorized the hard surfacing of the primary roads, and in which the said primary roads have not all been built to finished grade and drained, the state highway commission shall give preference to such grading and draining projects, and not to exceed twenty per cent of the annual allotment of the primary road funds may be spent on projects within towns hereunder. 

[40 G. A., ch. 88, § 1.]

SEC. 2944. Improvements of county line road—procedure.
1 Boards of supervisors of adjoining counties may jointly agree on a district for the hard surfacing of roads in the following cases:
2 1. When a primary road substantially parallels a county boundary line and is not more than one mile from such boundary line.
3 2. When a primary road approaches a county boundary line at such an angle that the hard surfacing hereunder of such road will reasonably necessitate a district with a substantial part thereof in different counties.
4 3. When a primary road constitutes a common boundary line between different counties.
5 In case of common boundary line roads, said boards may also jointly agree as to which county, through its board of supervisors, shall construct said improvement. Such agreements shall be subject to the approval of the state highway commission. If such agreements are entered into and so approved, the county in which the paralleling or angling road is situated shall construct the said improvement as herein provided. If such agreements are entered into relative to a common boundary line road, said improvement shall be constructed by the county agreed on. Should said boards be unable to agree on the district for the improvement of a paralleling or angling road, or should the boards be unable to agree on the district for the improvement of a common boundary line road and also as to which board shall construct the improvement, either board may apply to the state highway commission for a decision in the matter. The said commission shall, by proper order, fix the limits of the district. It shall also determine which county shall construct the hard surfacing on the common boundary line road. Said order shall be final. Such order shall be certified to each board, and the board of the county to which construction has been assigned shall enter such order at large in the minutes of its proceedings, and proceed with the construction of such hard surfacing in the same manner as though the district and the real estate therein were wholly within their county, except that the board of apportionment shall file its report with the board of supervisors of all counties in which any of such real estate is located.
The county auditor of the county constructing the hard surfacing thereof shall fix a time for a hearing on said report, and shall cause notice thereof to be given as in cases where the district and the real estate therein are wholly within one county, except that said notice shall be published in one of the official newspapers of each of the counties in which any of the real estate is situated.

All subsequent proceedings including objections, final confirmation and appeals shall proceed in the same manner as though the real estate therein were wholly within the constructing county, except that the county auditor of the county constructing the improvement shall, after the final apportionment has been determined and levied, certify a list of the real estate lying in the nonconstructing county or counties and the amount levied thereon, to the county auditor and treasurer of such nonconstructing county. Such assessment and levy, when so certified, shall have the same force and effect as though the same had been duly and legally made by the board of supervisors of such nonconstructing county, and the board of supervisors, auditor, and treasurer of such nonconstructing county shall henceforth proceed with the collection of said levy on such real estate in their county as though such levy had arisen out of an improvement proceeding wholly within their county, and when the amount of such levy has been collected, either by cash payments by the property owner, or by the sale of certificates, said county treasurer shall hold the same as a reimbursement to said county on its allotments from the primary road fund.

As soon as the final apportionment and levy have been made, the board of supervisors of the constructing county shall, through its county auditor, certify to the state highway commission the total amount of the levies on the real estate in the nonconstructing counties, and the state highway commission shall credit the constructing county and charge the nonconstructing county with the amount of such certificate.

If the improvement is for hard surfacing a county boundary line road, that portion of the total cost thereof not specially assessable, to wit, eighty-seven and one-half per cent, shall be taken equally from each county's apportionment of the primary road fund. If the improvement is for hard surfacing a paralleling or angling road, said eighty-seven and one-half per cent of the total cost shall be taken wholly from the apportionment of the county wherein the paralleling or angling road is located. Any differences, not herein specifically provided for, arising between different counties, relative to the improvement of common boundary line roads, shall be referred to the state highway commission, and its decision shall be final.

[38 G. A., ch. 237, § 36; 40 G. A., ch. 85, § 5.]

Sec. 2945. Improvements of city boundary line road—procedure.

Whenever any public highway that is a part of the primary road system is located along the corporate line of any city of the first class, cities under special charter, cities under the city manager plan, and cities of the second class, it may be improved by hard surfacing by the board of supervisors as part of the primary system under this chapter. In such case, one-half the cost of such hard surfacing along said corporate line shall be paid by such city, and the board of supervisors of the county and the city council of such city are hereby authorized to agree in writing for the payment by the city of one-half the
cost of such improvement, and in case they cannot agree upon the
amount to be paid by the city, and date when payment is to be made,
the matter shall be referred to the state highway commission, whose
decision shall be final. Said city may pay said amount from its gen-
eral fund, or it may proceed under sections thirty-nine hundred twelve,
three-nine hundred thirteen, thirty-nine hundred fourteen, thirty-nine
hundred fifteen, thirty-nine hundred seventeen, thirty-nine hundred
eighteen, thirty-nine hundred nineteen of this supplement and thirty-
ine hundred sixteen, thirty-nine hundred twenty, thirty-nine hundred
twenty-one and thirty-nine hundred twenty-two of the compiled code
for the assessment and collection of such cost, or it may pay in the
first instance from such general fund and reimburse said fund there-
after from proceeds realized from such assessment proceeding. The
city in such case, for prompt realization of funds, shall have the right
to issue road certificates in anticipation of taxes and assessments to
be realized from such assessment proceeding under said sections.

[38 G. A., ch. 237, § 37; 39 G. A., ch. 145, § 1.]

SEC. 2946. Maintenance of primary roads—procedure in case of
default.

Primary roads outside of towns shall be maintained by the board
of supervisors under the patrol system provided by chapter eight of
this title, and when so maintained under the said patrol system to the
satisfaction of the state highway commission, the county's allot-
ment of the primary road fund may be drawn on for such maintenance.

Primary roads, after the hard surfacing of the same, shall be
maintained under said patrol system wholly out of the county's allot-
ment of the primary road fund. If any county fails to maintain any
of its hard surfaced roads to the satisfaction of the state highway
commission, said commission shall have power to assume charge of
such maintenance and pay therefor out of said county's allotment of
the primary road fund. The amount of maintenance vouchers, when
the work has been done by the said commission, shall be charged to the
county's allotment account, and warrants for the amount of such
vouchers shall be issued by the auditor of state on presentation of
such vouchers, and paid by the treasurer of state as in other cases.

In case any town fails to maintain, to the satisfaction of the state
highway commission, any hard surfacing constructed hereunder in
said town, the said commission shall have power to assume charge of
such maintenance and pay for the same from the primary fund belong-
ing to said county, and, in such case, the cost thereof shall be certified
by said commission to the county treasurer, who shall reimburse the
primary fund of the county by deducting the amount from the next
succeeding apportionment of tax funds belonging to the general fund
of said town.

[38 G. A., ch. 237, § 38; 39 G. A., ch. 56, § 2.]

SEC. 2947. Maintenance of system—payment of obligations—
secondary roads.

After the primary road system, as now constituted, or as it may
hereafter be constituted in any county, by authorized modification, is
fully improved by grading, draining, and graveling or other surfacing
approved by the highway commission, the state highway commission
shall each year appropriate from said county's allotment of the primary road fund a sufficient amount:

1. To pay the cost of maintaining the primary road system of said county during said year,
2. To pay the interest and maturing principal of certificates, if any, issued by said county in anticipation of said county's allotments of the primary road fund, and
3. To pay the interest and maturing principal of primary road bonds, if any, issued in anticipation of said county's allotment of the primary road fund.

All funds remaining in said county's allotment of the primary road fund, after the above amounts have been set aside, are hereby made available for the grading, draining, or graveling of secondary roads in said county which connect with, or form laterals, or feeders to the primary roads of said county.

Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction, shall be subject to a fine of not less than five dollars nor more than fifty dollars for the first and second offenses. Upon a third conviction, the department shall have authority to cancel the certificate of registration and call in the number plates and a new license shall not be issued for any such motor vehicle for a period of one year.

6. If during the first half of the year for which a motor vehicle was registered and the required registration fee paid therefor, such car is destroyed by fire or accident, or stolen and not recovered by the owner before the expiration of the registration period for which such fee was paid, or sold and continuously used beyond the boundaries of the state of Iowa, said owner shall upon the first day of January following such theft or destruction by accident be paid a refund to the amount of one-half the motor vehicle license fee paid for such year. The motor vehicle department is hereby authorized to make such payments according to the above provisions, when sufficient proof of such destruction by accident, theft, or sale for continuous use beyond the boundaries of the state, is properly certified, approved by the county treasurer, and filed with the motor vehicle department.

The provisions of this subsection shall apply to such losses as occur on or after January first, nineteen hundred twenty-three.

NOTE: 39 G. A., ch. 159, § 6, amended subdivision five of the above section by inserting after the word "passengers" in the second line of the last paragraph of said subdivision the words "and the personal effects of said passengers". 39 G. A., ch. 253, § 1, repealed subdivision five and enacted a substitute therefor without reenacting the amendment already made by chapter 159. The last paragraph of the substitute, however, is an exact reenactment of the last paragraph of the repealed subdivision five and the amendment contained in chapter 159 has been applied in the above section to the substitute enacted by chapter 253. Chapter 159 took effect by publication and chapter 253 on July 4, 1921.
SEC. 3056. Manufacturer to file schedule of prices.

Every manufacturer of a motor vehicle sold or offered for sale
within this state, either by the manufacturer, distributor, dealer or
any other person, shall, on or before the first day of September, an-
nually, file in the office of the department a sworn statement showing
the various models manufactured by him, and the retail list price and
weight of each model as of September first of that year.

When the retail list price of the car is reduced below the price on
file, the manufacturer shall immediately notify the department, which
shall issue at once to county treasurers a supplementary list of classifi-
cations and on all subsequent registrations this list shall be the basis
of fixing the registration fee.

The motor vehicle department shall have the power to fix the
license fee on all makes and models of cars which are not now being
furnished or upon which the statement from the factory cannot be
obtained.

No motor vehicle shall be registered in this state unless the manu-
facturer thereof has furnished to the department the sworn statement
herein provided, giving the list price and weight of the model of the
motor vehicle that is offered for registration, except that the county
treasurer shall have authority to fix the value and weight of any
rebuilt or foreign car or any car on which the list price and weight is
not available, provided the department shall have authority to review
the action of the county treasurer in such cases, establish the correct
value and weight and revoke the findings of the county treasurer, if
found incorrect.

SEC. 3057. Exemptions.

All motor vehicles owned by the government and used in the
transaction of official business by the representatives of foreign
powers or by officers, boards or departments of the government of the
United States, and by the state of Iowa, counties, municipalities and
other subdivisions of government, and such self-propelling vehicles as
are used neither for the conveyance of persons for hire, pleasure or
business nor for the transportation of freight, and small trailers, under
one thousand pounds capacity, equipped with rubber tires, used with
pleasure motor vehicles and used for carrying personal baggage or
effects, are hereby exempted from the payment of the fees in this chap-
ter prescribed, but shall not be exempt from the penalties herein pro-
vided. The department shall furnish, on application, free of charge,
distinguishing plates for motor vehicles thus exempted and keep a
separate record thereof.

SEC. 3059. Lien—penalties—procedure in re delinquents—remit-
tance by treasurer.

All registration or other fees herein or heretofore provided for in
this chapter shall be and continue a lien against the motor vehicle for
which said fees are payable until such time as they are paid as pro-
vided by law, with any accrued penalties.
The lien of the original registration fee shall attach, at the time
the same is first payable, as provided by law, and the lien of all re-
newals of registration shall attach on January first of each year there-
after.

The collection of same may be enforced against any motor vehicle
or it may be collected by suit against the owner who shall remain per-
sonally liable therefor until such time as the transfer thereof shall be
reported to the county treasurer or until such time as said vehicle
ceases to be in use and all fees and penalties to such date shall be paid.

On January first of each year, a penalty of one dollar shall be
added to all fees not paid by that date, and one dollar shall be added
to such fees on the first of each month thereafter that the same remains
unpaid, until paid. Such delinquencies shall begin and penalty accrue
the first of the month following the purchase of a new vehicle, and the
first of the month following the date cars are brought into the state,
except as herein otherwise provided.

In the first week of May of each year the county treasurer shall
cause to be published in each of the official newspapers in his county,
a list of all motor vehicles owned within his county upon which the
license fee has not been paid for that year, except such motor vehicles
held by used car dealers and listed by them with the county treasurer,
as herein elsewhere provided. Such list shall show the factory num-
ber, make and model of the vehicle together with the name and post-
office address of the owner thereof as shown by the records of his office
and the amount of the license fee and penalty due upon the vehicle.
Immediately after the publication of the list as herein provided, it shall
be the duty of the county treasurer to collect the license and penalty.

The county treasurer shall collect from each delinquent, two
dollars on each vehicle on which the fee is delinquent to cover cost of
publication. The cost of publication provided for in this section shall
be paid as other bills for the maintenance of the department, but shall
first be certified by the county treasurer of the county in which the
publication was made, and approved by the department.

The county treasurer shall remit to the department one-half of
one per cent of all fees and penalties collected, as provided above, each
year, to be used as a working fund to cover refunds necessary to be
made; any surplus remaining to be accounted for and delivered to
the state treasurer at the end of each fiscal year.

He shall collect the license fee and penalties on each motor vehicle
registered by him and shall be responsible on his bond for such amount.
He shall remit such amount to the treasurer of state as herein pro-
vided.

The county treasurer shall on the fifteenth day of each month
report under oath to the department, on forms furnished by it, giving
a full and complete statement of all fees and penalties so received by
him during the preceding calendar month. The department shall im-
mediately upon receiving same, report to the treasurer of state the
amount so collected by such county treasurer. The treasurer of state
shall keep proper books of account for the purposes specified herein
and shall report to the department each remittance from the county
treasurer, when said remittance is received.

The treasurer of state shall maintain in the state treasury, of the
money collected as in this chapter provided, a cash balance of not to
exceed five hundred thousand dollars. When such cash balance becomes less than one hundred thousand dollars he shall draw upon the treasurer of each county of the state in proportion to the amounts in their possession respectively a sum sufficient in the aggregate to restore said cash balance to a sum not exceeding said maximum. Such drafts shall be honored by the treasurer of each county upon presentation.

The department shall check and audit such fees and penalties collected, and shall effect a settlement with the county treasurer annually.

It shall be the duty of the county treasurer to deliver to the sheriff of the county, fifteen days from the date of publication of the delinquent motor list, a certified list of the motor vehicles on which the fees are delinquent, as shown by the record of his office, which list shall show name and address of owner, make of car, license number, factory and engine number, amount of fees and penalty due.

It shall be the duty of the sheriff of the county to forthwith proceed to the collection of the unpaid fees and penalties as certified to him by county treasurer by taking possession of the motor vehicle described in said certified list and proceed to advertise and sell same upon ten days' notice for the purpose of collecting fees, penalties and costs. Said certified list shall for all purposes be a sufficient warrant therefor.

The procedure of the sale of the motor vehicle for the collection of the license fees, penalties and costs shall be the same as that provided for the collection of the taxes on personal property by distress and sale as set forth in section forty-six hundred sixty-six of the compiled code.

Should a motor vehicle on which the fee is delinquent be removed from the county in which it was originally registered, either by transfer or removal by owner to another county, without having notified the county treasurer or department of such removal and the sheriff knowing to which county same was removed, may forward the warrant to the sheriff of the county where such motor vehicle is at that time, when he shall proceed to collect the same as though the vehicle had been originally registered in his county, and make return to the county treasurer of the county from which he received the warrant.

The sheriff shall be entitled to receive as costs, the sum of two dollars for serving the writ or warrant of seizure and ten cents for each mile actually traveled by him in collecting the fee and penalties, and one dollar per day for care of the motor vehicle while in his possession, which shall be collected from the owner of such delinquent motor vehicle; such costs and mileage, and costs of care while in his possession, shall be retained by him in full for his services.

When the fee and penalties have been collected the same shall forthwith be returned to the county treasurer, together with a report showing the name and address of the owner and description of car upon which such fee was collected. Thereupon the county treasurer

It is hereby made the duty of the department to prepare and furnish the treasurer of each county all blank books, blank forms and all supplies required for the administration of this chapter, including applications for registration and transfer of vehicles, triplicate receipts, one of which shall be returned to the department on the day the license is issued, one delivered to the owner of the motor vehicle, and one retained by the treasurer of the county, and including original remittance sheets to be used in remitting fees to the department, in such form as the department may prescribe.

All receipts for fees paid, certificates of registration, notices of transfer, and other blanks required for the administration of this chapter shall contain the license number, and manufacturer's number, factory number, name of owner, and such other matters as the department may deem necessary for the efficient administration of this chapter.

It shall be the duty of the department to install and maintain a numerical and a county index, using for such numerical index the duplicate registration receipt and compiling therefrom the county or alphabetical index, both of which shall contain the following information: viz., name and address of owner, license number, make, factory number, model, style, engine number, date of purchase, registration certificate number, number of cylinders, rated load carrying capacity, weight, list price or value of car fixed by the executive council, fees paid and date of payment.

The reverse side of the certificate of registration shall contain notice of sale and transfer of the motor vehicle by the owner to the purchaser with a description of the car as set out in the certificate of registration which shall have blank spaces for the signature of both the owner and purchaser.

SEC. 3061. Transfer of ownership—procedure.

Upon the transfer of ownership of any registered motor vehicle, the owner shall immediately give notice to the county treasurer, upon the form on the reverse side of the certificate of registration, stating...
the date of such transfer, the name and postoffice address, with street
number if in a city, of the person to whom transferred, the license
number, and such other information as the department may require.
The purchaser of the motor vehicle shall join in the notice of transfer
to the county treasurer and shall at the same time make application
for the transfer of the motor vehicle and for a new certificate of
registration.

Upon filing the application for transfer, the applicant shall pay a
fee of one dollar for the transfer, thereupon the county treasurer, if
satisfied of the genuineness and regularity of such transfer, shall
register said motor vehicle in the name of the transferee and issue a
new certificate of registration as provided in this chapter. Until said
transferee has received said certificate of registration and has written
his name upon the face thereof, for the purpose of this chapter, deliv-
ery and title to said motor vehicle shall be deemed not to have been
made and passed. The county treasurer shall forthwith notify the
department of such transfer and upon receipt of such statement, the
department shall file such statement in his office and note upon the
registration book or index, such change of ownership.

The provisions provided for herein for the transfer of motor
vehicles shall apply to the sale and transfer of all motor vehicles to
manufacturers or dealers or used car dealers.

1 Used car dealers having on hand January first of any year for 
2 sale or trade, used motor vehicles upon which license in Iowa for the 
3 previous year has been paid, as hereinafter provided, may operate 
4 such motor vehicles as provided by section thirty hundred sixty-six

SEC. 3064. Operation without registration—nonresidents.

1 Upon the sale of a motor vehicle by a manufacturer or dealer, 
2 the vendee shall at once make application by mail or otherwise, for 
3 registration thereof, after which he may operate the same upon the 
4 public highway without its individual number plate thereon for a 
5 period of not more than fifteen days, provided that during such period 
6 the motor vehicle shall have attached thereto, in accordance with the 
7 provisions hereof, both on the front and rear of such vehicle, paste-
8 board cards bearing the words, “license applied for”, and the regis-
9 tration number of the dealer from whom the car was purchased to-
10 gether with the date of purchase plainly stamped or stenciled thereon.
11 The letters and figures upon such cards shall not be less than one inch

shall not be less than two inches in height, provided that no manufac-
ufacturer or dealer shall issue or permit the use of such card until an
application for a license has been made, as herein provided, by the
person to whom it is issued.

The department shall, upon the application of any manufacturer
or dealer, furnish such cards free of charge with the words “license
applied for” printed thereon, and sufficient blank space to permit the
printing, stamping or stenciling thereon of the dealers’ number and
the date. Provided further, that a motor vehicle that is being brought
into this state from another state either for use or for sale herein,
or a motor vehicle manufactured or assembled within the state, or a
motor vehicle brought into the state by a manufacturer or dealer and
sold to another manufacturer or dealer, may be driven upon the public
highway for a period of not to exceed ten days provided it shall carry,
both on the front and rear a pasteboard card bearing the words, “car
in transit”, and the date of purchase. The words, letters and figures
upon said car shall be of the same size and general character as those
required in this section for the cards showing that application has
been made for a license. Nothing in this section, however, shall be
construed so as to interfere with the use of motor vehicles upon the
highways of this state that are owned by persons living in another
state, regulation of which is provided for elsewhere in this chapter.

ch. 159, § 13.]

SEC. 3065. Display of plates and certificates and wrongful use
thereof.

Every motor vehicle required to be licensed shall have conspicu-
ously displayed the number plates furnished, one on the front end
and one on the rear end of such vehicle, each securely fastened, so as
to prevent the same from swinging and each so placed that the same
shall not become habitually obscured by dust and mud. The number
plates of a junked or dismembered vehicle shall not thereafter be used,
and no number plate shall be detached from the vehicle for which it is
issued and to which it belongs for the purpose of using the same upon
any other vehicle, and any such plates shall not be used upon any
vehicle, other than that for which it was issued.

The certificate of registration issued by the county treasurer shall
also be displayed in a proper holder that will protect the same, of a
kind approved by the executive council and placed in plain view in
such place on or in the vehicle where the same can be easily seen by
any peace officer or other person desiring to ascertain when the license
fee was paid, and whether the car bears the proper certificate of regis-

Such certificate container shall be attached to the vehicle in the
front of the driver’s compartment so that same may be seen by anyone
passing on the right of the vehicle.

The executive council may at its discretion approve devices for
holding and displaying the certificate of registration, and may require
such devices to receive and hold such certificate so that when the cer-
tificate is removed from the holder the certificate will be destroyed or
mutilated so it cannot be used on other vehicles.
It shall be unlawful to change the license numbers assigned by the county treasurer to any motor vehicle, unless for some cause a new number may be assigned according to law or to change the colors or make any counterfeit of certificate of registration, or to use or display on any motor vehicle any other than the certificate of registration licensing such vehicle or to intentionally use or display any such certificate on which the names, numbers, or data stated are not true, or do not correspond to the vehicle licensed.

Such certificate of registration shall be of a distinctively different color each year and shall have data thereon that shall identify only the car on which same is carried.

Any violation of this section shall constitute a misdemeanor, and upon conviction shall be punishable by a fine of not less than ten dollars nor more than one hundred dollars, or by imprisonment not exceeding thirty days.

SEC. 3066. General registration by dealer.

Every person, firm, association or corporation manufacturing or dealing in motor vehicles, including used motor vehicles, may instead of registering each motor vehicle, make an application for a general distinctive number for all the motor vehicles owned or controlled by such manufacturer, dealer or used car dealer. On the payment of a registration fee of twenty-five dollars, such application shall be registered in the office of the department. The department shall thereupon assign and issue to such manufacturer, dealer or used car dealer a general distinctive number, and without expense to the applicant, issue and promptly deliver to such manufacturer, dealer or used car dealer, a certificate of registration and two number plates with a number corresponding to the number of such certificate.

Such number plates shall be displayed by each motor vehicle of such manufacturer, dealer or used car dealer when the same is operated or driven on the public highways. Such manufacturer, dealer or used car dealer may obtain as many duplicates of such number plates as may be desired upon the payment to the department of three dollars for each duplicate set, provided that if a manufacturer, dealer or used car dealer has an established place of business in more than one city or town, such manufacturer, dealer or used car dealer shall secure a separate and distinct certificate of registration and number plates for each such place of business. Nothing in this section shall be construed to apply to a motor vehicle operated by a manufacturer, dealer or used car dealer for private use or for hire, which said motor vehicle shall be individually registered as provided in this chapter, it being expressly understood that motor vehicles owned by a manufacturer, dealer, or used car dealer, when such motor vehicles are equipped with "D" or "U.D." plates, as herein provided, may be operated in the conduct of the business of such manufacturer, dealer, or used car dealer. Provided further that no "D" or "U.D." plates shall be used upon motor vehicles for any purpose other than the transaction of business incident to the automotive industry of such licensed manufacturer, dealer, or used car dealer, nor shall said "D" or "U.D." plates be used upon so called service cars or service trucks of such
licensed manufacturer, dealer, or used car dealer, nor upon the sales
36 cars of a manufacturer or wholesale dealer in accessories.

SEC. 3066-a1. Display of used car dealer's plates.
1 In case of the use of "U.D." plates by used car dealers, such plates
2 shall be displayed in the same manner as prescribed herein for dealers'
3 plates, except that the "U.D." plate shall be of such length and so
4 attached that that portion of the number plate of the last registration,
5 showing the initials of the state where registered, and the year shall
6 be visible, provided, however, that the "U.D." plates shall not be used
7 upon a motor vehicle upon which the current year's license fee in this
8 state has been paid. Any violation of this section shall constitute a
9 misdemeanor, and, upon conviction, shall be punished accordingly.

[39 G. A., ch. 159, § 15.]

SEC. 3066-a2. Duplicate numbers—dealer and used car dealer.
1 Where any manufacturer, dealer and used car dealer are one and
2 the same person, firm or corporation, and apply for both "D" and
3 "U.D." number plates, there shall be assigned to such person, firm
4 or corporation the same number for both his "D" and "U.D." number
5 plates.

[39 G. A., ch. 159, § 15.]

SEC. 3066-a3. Operation of vehicle without proper numbers—
penalty.
1 Any manufacturer, dealer, or used car dealer operating a motor
2 vehicle upon the public highways of the state which has not been regis-
3 tered according to law or has not displayed thereon two number plates
4 issued by the automobile department showing the payment of a license
5 fee for the current year, or which has not displayed thereon, "car in
6 transit" cards or "license applied for" cards where the same may
7 lawfully be driven with such cards attached, shall be guilty of a mis-
8 demeanor and punished accordingly. Upon a second conviction such
9 license may be revoked by the secretary of state, if, after hearing, the
10 secretary of state determines that such manufacturer, dealer, or used
11 car dealer has wilfully violated the law with reference to the opera-
12 tion of motor vehicles upon the public highway without proper number
13 plates or identification cards attached.

SECTION 3081-a1. Definitions.

2. The term "motor carrier" when used in this chapter means any person, firm, or corporation, lessee, trustee or receiver, operating any motor vehicles with or without trailers attached, upon any public highway for the transportation of passengers or property for compensation, between fixed termini or over a regular route even though there may be periodic or irregular departures from said termini or route, or for delivering oils, goods or merchandise other than farm products in the vicinity of and from a distributing point except such motor carriers operating solely within the limits of a municipality.

3. The provisions of this section shall not be so construed as to apply to resident retail merchants who deliver goods and merchandise, other than oils, or oil products, in quantities of five gallon or less, in pursuance of bona fide sales to residents outside the limits of cities and towns and special charter cities, or to any vehicle used in collecting dairy products from the producer.

4. Nothing in this chapter shall be construed as affecting the operation of school busses, which are used in conveying school children to or from consolidated or other schools.

5. The term "highway" when used in this chapter means every public street, road, highway, or thoroughfare of any kind in this state used by the public whether actually dedicated to the public or accepted by the proper authorities or otherwise.

[40 G. A., ch. 97, § 1.]

SEC. 3081-a2. Rules and regulations.

The board of railroad commissioners of the state of Iowa is hereby vested with the power to prescribe rules and regulations for the operation of motor vehicles as defined herein for the protection and safety of the public.

[40 G. A., ch. 97, § 2.]
SEC. 3081-a3. Rates.
1 All charges made by any motor carrier for any service rendered
2 or to be rendered in the transportation of passengers or property, or
3 in connection therewith, shall be just, reasonable, and nondiscrimi-
4 nating, and every unjust, unreasonable, or discriminating charge for
5 such service or any part thereof is prohibited and declared unlawful.
[40 G. A., ch. 97, § 3.]

SEC. 3081-a4. Certificates of authority.
1 It is hereby declared unlawful for any motor carrier to operate
2 or furnish service within this state without first having obtained
3 from the board of railroad commissioners a certificate authorizing
4 such operation. Before such certificate shall be issued, the board of
5 railroad commissioners shall after a public hearing make a finding
6 that the service proposed to be rendered will promote the public con-
7 venience. If such finding be made, it shall be its duty to issue such
8 certificate; but a certificate shall be granted when it appears to the
9 satisfaction of the board of railroad commissioners that such person,
10 firm, or corporation was actually operating in good faith, over the
11 route for which such certificate shall be sought, on April fourteenth,
12 nineteen hundred twenty-three. If such finding be not made, it shall
13 refuse such certificate.
14 When the certificate is granted, it may attach to the exercise of
15 the rights therein conferred such terms and conditions as in its judg-
16 ment the public safety, convenience, and necessity may require. For
17 just cause, the board may at any time modify, amend, or revoke any
18 certificate issued.
19 The board shall adopt rules governing the procedure to be fol-

21 such applications and in the granting of such certificates.
22 All applications shall be in writing and in addition to the other
23 information required, shall contain the following:

25 2. The proposed schedule or schedules setting forth in detail, the
26 service which the applicant proposes to render.
27 3. A complete and detailed description of the property proposed
28 to be devoted to the public service.
29 Notice of the filing of the application and the date and place of
30 the hearing thereupon shall be published in some newspaper of gen-
31 eral circulation in each of the counties in which the service is proposed
32 to be rendered once each week for two consecutive weeks prior to said
33 hearing. The hearing shall be held in one of the counties in which the
34 service is proposed to be rendered to be selected by the applicant.
[40 G. A., ch. 97, § 4.]

SEC. 3081-a5. Appeal.
1 Appeal may be taken from an adverse decision of such board of
2 railroad commissioners by the parties making such application, to the
3 district court of any county in Iowa in which any portion of the route
4 over which they are authorized to operate is located, within thirty
5 days from the time such decision was rendered by giving at least ten
6 days' notice to such board of railroad commissioners to be served on
7 the chairman or secretary of such board in the same manner as orig-
inal notices are now served and by filing a bond for costs in the sum of not less than one hundred dollars with the clerk of said court.

Upon such appeal being taken the secretary of such board shall make and certify a transcript of all papers, records, and proceedings in connection with such application and hearing and file the same with the clerk of said court on or before the first day of the next term thereof following the taking of such appeal.

The appeal shall be tried in equity and submitted upon the transcript of the evidence and the record made before the commission, and the district court shall either affirm, modify, or reverse the order of the commission.

An appeal may be taken from the judgment of the district court to the supreme court, as from other judgments.

SEC. 3081-a6. Assignability of certificate.

No certificate of authorization issued under the provisions of this chapter shall be sold, transferred, leased, or assigned nor shall any contract or agreement with reference to or affecting any such certificate be made except with the written approval of the board. Nor shall any person, natural or artificial, be permitted to take over any such certificate unless he or it shall assume all the obligations imposed upon an original applicant.

SEC. 3081-a7. Maximum load.

No motor carrier shall be permitted to operate a vehicle, equipped with solid rubber tires which together with its maximum load, weighs more than sixteen thousand pounds or one equipped with pneumatic tires which together with its maximum load, over twenty thousand pounds over the public highways of this state.

Cities and towns shall have power, by ordinance, to adopt general rules of operation and to designate the streets or routes over which motor carriers shall travel, provided, however, that the exercise of the power granted in this section shall be reasonable and fair.

Nothing in this chapter shall be construed as conferring on the board of railroad commissioners the right to regulate any motor vehicle used in the business of transporting live stock or other farm product from the place of production to market.

Nothing in this chapter shall be construed as repealing sections thirty-eight hundred fourteen-a one to thirty-eight hundred fourteen-a five, inclusive, and section forty-three hundred seventy-eight of this supplement.

Motor vehicles operating, or proposing to operate, between cities and towns, the corporate limits of which are not to exceed one mile apart, shall be considered as coming within the purview of the acts described in this section.

[40 G. A., ch. 97, § 8.]

1 In addition to the regular license fees or taxes imposed on motor
2 vehicles in this state, every motor carrier shall pay the following
3 taxes for the maintenance and the up-keep of the public highways:
4
5 Motor vehicles having pneumatic tires, one-eighth cent per ton
6 mile of travel over and along the public highways.
7
8 Motor vehicles having hard rubber or solid tires, one-fourth cent
9 per ton mile of travel over and along the public highways.
10
11 In figuring the ton miles of passenger travel, the maximum seat-
12 ing capacity of each passenger-carrying motor vehicle unit (trailers
13 to be included) at one hundred fifty pounds per passenger seat, plus
14 the weight of the vehicle, multiplied by the number of miles operated,
15 the sum thus obtained to be divided by two thousand, shall determine
16 the ton miles of passenger travel each month. In no event, however,
17 shall the number of miles operated be considered as less than the
18 number required to be operated by the carrier to maintain its filed
19 schedules.
20
21 In figuring the ton miles of freight travel, the maximum freight-
22 carrying capacity of each freight-carrying truck or vehicle unit
23 (trailers to be included) plus the weight of the vehicle, multiplied by
24 the number of miles operated, the entire sum thus obtained to be
25 divided by two thousand shall determine the ton miles of freight
26 travel per month.
27
28 The motor carrier shall keep a daily record upon a form pre-
29scribed by the commission of all schedules maintained, motor vehicle
30 and trailer units used and motor vehicle and trailer units laid up for
31 repairs, during the current month, and on or before the tenth day of
32 the month following shall certify under oath to the commission upon
33 such forms as may be prescribed by the commission, a summary of
34 the daily record which shall show the grand total ton miles of travel,
35 both passenger and freight, made by the motor carrier during the
36 preceding month.
37
38 The daily record of each month's business shall thereupon be filed
39 and preserved for a period of at least five years and thereafter until
40 permission for their destruction shall have been obtained from the
41 commission. Such daily record of each month’s business shall be
42 examined at least once each year by the commission or an authorized
43 representative, and compared with the sworn summaries on file with
44 the commission.
45
46 Any wilful falsification of the sworn monthly summaries, in
47 addition to other penalties imposed by the statute, shall result in im-
48 mediate revocation of the motor carrier's certificate.
49
50 Errors in monthly summaries as compared to the daily records
51 shall be adjusted to the figures of the daily records from time to time
52 as discovered and certified to the county treasurers by the commis-
53 sion in the same manner as the regular monthly certification as here-
54 inafter required.
55
56 Regularly each month, on or before the last day of the month, the
57 commission shall certify to the various county treasurers in the
58 counties through or in which any motor carrier is operating, the total
59 amount of the special tax due from each motor carrier for operation
60 over the public highways for the preceding month.
61
62 This tax shall be computed by multiplying the total number of
63 ton miles operated by each motor carrier as shown by their sworn
monthly summary to the commission by the rate or rates of taxation
as in this chapter specified.
Thereupon the county treasurer shall enter the amount of the tax
so certified upon the tax books of the county and serve a notice upon
the motor carrier of the amount of tax due, which shall be payable
not later than the fifteenth day of the month after the date of its
certification from the commission.
All taxes in this manner assessed shall become a first lien upon
the property of the motor carrier used in said business, until paid.
In addition to the remedy upon the bond for collection of the tax, the
property of the motor carrier may be advertised and sold for the
nonpayment of any such taxes in the same manner and at the same
time and under the same general rules and conditions as apply to all
other property in the state. Upon failure of any motor carrier to
pay any tax when due, the county treasurer shall notify the commis-
sion at once, and the commission may in its discretion revoke the
carrier's certificate.
The money received by the county treasurer from this source
shall be allocated to the various city and county road districts in the
proportion that the number of miles of public highway used by the
taxed motor carrier in any one district bears to the total number of
miles used within the county. Such funds shall be used by each
governmental agency receiving the same for the maintenance and
repair of the highways and streets over which the carrier operates.

[40 G. A., ch. 97, § 9.]

No certificate of authorization shall be issued by the commission
to any motor carrier until and after such motor carrier shall have
filed with the commission of this state a liability insurance bond, in
a form to be approved by the commission, in some company authorized
to do business in this state, in such a penal sum as the commission
may deem necessary to adequately protect the interests of the public
with due regard to the number of persons and amount of property
involved, which liability insurance shall bind the obligors thereunder
to make compensation for injuries to persons and loss of or damage to
property resulting from the operation of such motor carrier, and for
which they would be legally liable.
Said commission shall also require a satisfactory bond in such
penal sum and conditioned on the payment of all fees, taxes or charges
which may be due the state or any governmental unit in the state
under any permit of operation and for the faithful carrying out of
any permit granted by said commission. No other or additional bonds
than as herein described shall be required of any motor carrier by any
city or town or other agency of the state.

[40 G. A., ch. 97, § 10.]

The commission in the exercise of the authority by this chapter
vested in it to supervise and regulate all motor carriers shall promul-
gate such safety rules and regulations as it may deem necessary to
govern and control the operation of motor carriers over and along
the public highways of this state, and to enforce the same by such
penalties and forfeitures as it may prescribe, including the revocation
of the permit granted under the provisions of this chapter. Any such 7 
safety rules promulgated in addition to any others deemed necessary 8 
by the commission shall include the following:
9 1. Every motor carrier unit and all parts thereof shall be main-
10 tained in a safe and sanitary condition at all times, and shall be at
11 all times subject to the inspection of the commission and its duly
12 authorized representatives.
13 2. Every driver employed by a motor carrier shall be at least
14 twenty-one years of age, of good moral character, shall be fully com-
15 petent to operate the motor vehicle under his charge, and shall hold
16 a regular chauffeur’s license from the state motor vehicle department.
17 3. On passenger-carrying motor carrier units passengers will
18 not be allowed to ride on the running boards, fenders or any other
19 part of the outside of the vehicle.
20 4. On freight-carrying motor carrier units no part of the load
21 shall be allowed to project more than six inches beyond the running
22 board of said motor vehicle, or measure more than eight feet wide
23 over all.
24 5. No passenger-carrying motor carrier unit shall be driven over
25 and along the public highways of this state at a greater rate of speed
26 than twenty-five miles per hour.
27 6. No freight-carrying motor carrier unit shall be driven over
28 and along the public highways of this state at a greater rate of speed
29 than twenty miles per hour.
30 7. Accidents arising from or in connection with the operation of
31 motor carriers shall be reported to the commission in such detail and
32 in such manner as the commission may require.
33 8. The commission shall require and every motor carrier shall
34 have attached to each unit or vehicle such distinctive markings or
35 tags as shall be adopted by the commission.

[40 G. A., ch. 97, § 11.]

SEC. 3081-a12. Violations.
1 Every owner, officer, agent, or employee of any motor carrier,
2 and every other person who violates or fails to comply with, or who
3 procures, aids or abets in the violation of any provision of this chap-
4 ter, or who fails to obey, observe or comply with any order, decision,
5 rule or regulation, direction, demand or requirement, or any part or
6 provision thereof, of the commission, or who procures, aids or abets
7 any corporation or person in his failure to obey, observe or comply
8 with any such order, decision, rule, direction, demand or regulation
9 or any part or provision thereof, shall forfeit the certificate as pro-
10 vided herein.

3 nually, or so much thereof as may be necessary, the same to be
4 expended by the state railroad commission to carry out the provisions
5 of this chapter.

[38 G. A., ch. 288, § 9; 40 G. A., ch. 130, § 1.]

The board shall immediately after its organization make and prescribe all the necessary rules for the government of the waterworks, and prescribe the form of records and the kind of accounts to be made and kept in the operation of such waterworks. It shall institute and require the keeping of a uniform and perfected system of accounts and requisitions showing the purchase, storing and use of materials for operation, construction and other purposes. Said accounts shall be kept distinct and separate from other city accounts, and in such manner as to show the true and complete financial results of the operation of said waterworks. The board shall at least once a year cause to be prepared and printed for public distribution a full and complete financial report. The account of such waterworks shall be examined at least once a year by an expert accountant selected by the city council.

[38 G. A., ch. 288, § 10; 39 G. A., ch. 82, § 3.]

SEC. 4004. Rates.

The board of waterworks trustees, in all such cities owning and operating a waterworks under this chapter, shall determine the rates to be charged for water.

In fixing the rate to be paid by the city for water for public uses the board shall take into consideration the quantity used and fix the rate accordingly, but in no event shall such rate exceed an annual rental or rate of three hundred fifty dollars for each mile of main pipe laid and in operation, including hydrant connections, and not including more than one line of pipe on the same street, and not including any pipe less than six inches in diameter laid since August seventeenth, eighteen hundred ninety-six.

Rates to private consumers and to the city shall be so fixed as to produce an amount which with other revenues collectible shall be sufficient to cover:

1. Interest on the entire outstanding indebtedness of said waterworks including that portion that is a general obligation against the city.

2. The cost of all operating expenses including insurance against legal liability and payment of judgment resulting from such liability.

3. A sufficient sum by way of a depreciation fund to cover such repairs and replacement as may properly be charged against such fund.

4. A sufficient annual provision for a sinking fund to fully pay at maturity all bonds and certificates which by their terms are payable out of the special tax provided for in this chapter, or out of the earnings of the property purchased under the powers herein granted.

5. A surplus in addition to the requirements set out in the last four preceding paragraphs to be used as a working capital of not to exceed one hundred twenty-five thousand dollars, provided, however, that the board may absorb all surplus in excess of fifty thousand dollars by reducing water rates to consumers and must so absorb all such surplus in excess of one hundred twenty-five thousand dollars.

If necessary to procure funds, the city is hereby authorized to levy a sufficient tax as provided in paragraph five of section forty hundred thirty-eight of this supplement and the acts amendatory thereto to provide funds to pay for the water used by such city for public uses.
The sums payable by the city for water furnished as herein provided shall hereafter be paid by the city in May of each year for the last six months of the preceding year, and in November of each year for the first six months of that current year.

SEC. 4005. Mortgage—restriction—rate of interest.

In addition to all the powers hereinbefore granted such cities shall have the right to mortgage or bond such waterworks and pledge the net revenues thereof to secure the payment of the purchase price, and the extension and improvement thereof, but no part of the general fund of such cities shall be applied upon such contracts, bonds or mortgages. In the payment of the securities authorized to be issued by this section the city and holders thereof, shall be restricted to the property mortgaged and the net revenues thereof, and such contract or bonds and all other bonds or certificates issued under this chapter shall not bear a higher rate of interest than five per cent per annum payable semiannually.

SEC. 4006. Free water service or discriminatory rates—punishment.

It shall be unlawful for the board or any person or corporation to give or receive free water service, or to give or receive water service at a more favorable rate than that accorded to the general public except as herein provided. Any person or persons violating, either directly or indirectly, the provisions of this section shall upon conviction be punished by a fine of not less than three hundred dollars or sixty days in jail for each and every offense.

SEC. 4007. Extension of mains—guarantees by property owners.

The board of waterworks trustees shall establish such rules regarding the extension of mains as in its belief will inure to the greatest benefit of the city, and shall avoid granting special favors in the extension of mains by requiring property owners when necessary to make certain guarantees or to pay certain sums to cover the cost of unprofitable extensions.

It shall be the duty of the city council, immediately after the passage of any ordinance or resolution, ordering any street improvement or sewer upon any street or streets, in which a water main should be laid or extended prior to such improvement as indicated by a majority vote of the council, to give notice in writing to the board of waterworks trustees of such action, and to forward to said board a copy of such resolution or ordinance ordering the said improvement.

On receipt of said notice, the board shall proceed without unnecessary delay to cause mains to be laid or extended in those streets affected by the resolution or ordinance.

The power to lease the waterworks or any part thereof shall be exercised by the city council only upon approval of the board of waterworks trustees.

CHAPTER 38-A

MUNICIPAL ZONING

SECTION 4213-a1. Building restrictions—powers granted.

For the purpose of promoting the health, safety, morals, or the general welfare of the community, any city or town, including cities acting under the commission plan of government, is hereby empowered to regulate and restrict the height, number of stories, and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts and other open spaces, the density of population, and the location and use of buildings, structures, and land for trade, industry, residence, or other purposes.

[40 G. A., ch. 134, § 1.]

SEC. 4213-a2. Districts—regulations.

For any or all of said purposes the local legislative body, herein-after referred to as the council, may divide the city or town into districts of such number, shape, and area as may be deemed best suited to carry out the purposes of this chapter; and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair, or use of buildings, structures, or land. All such regulations and restrictions shall be uniform for each class or kind of buildings throughout each district, but the regulations in one district may differ from those in other districts.

[40 G. A., ch. 134, § 2.]

Such regulations shall be made in accordance with a comprehensive plan and designed to lessen congestion in the streets; to secure safety from fire, panic, and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population;
to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements.

Such regulations shall be made with reasonable consideration, among other things, as to the character of the area of the district and the peculiar suitability of such area for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout such city or town.

[40 G. A., ch. 134, § 3.]

SEC. 4213-a4. Determination of regulations and boundaries.

The council of such city or town shall provide for the manner in which such regulations and restrictions and the boundaries of such districts shall be determined, established, and enforced, and from time to time amended, supplemented, or changed. However, no such regulation, restriction, or boundary shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen days' notice of the time and place of such hearing shall be published in a paper of general circulation in such city or town.

[40 G. A., ch. 134, § 4.]

Such regulations, restrictions, and boundaries may, from time to time, be amended, supplemented, changed, modified, or repealed. In case, however, of a protest against such change signed by the owners of twenty per cent or more either of the area of the lots included in such proposed change, or of those immediately adjacent in the rear thereof extending the depth of one lot or not to exceed two hundred feet therefrom, or of those directly opposite thereto, extending the depth of one lot or not to exceed two hundred feet from the street frontage of such opposite lots, such amendment shall not become effective except by the favorable vote of at least three-fourths of all the members of the council. The provisions of the previous section relative to public hearings and official notice shall apply equally to all changes or amendments.

[40 G. A., ch. 134, § 5.]

In order to avail itself of the powers conferred by this chapter, the council shall appoint a commission, to be known as the zoning commission, to recommend the boundaries of the various original districts, and appropriate regulations and restrictions to be enforced therein. Where a city plan commission already exists, it may be appointed as the zoning commission. Such commission shall, with due diligence, prepare a preliminary report and hold public hearings thereon before submitting its final report; and such council shall not hold its public hearings or take action until it has received the final report of such commission. After the adoption of such regulations, restrictions, and boundaries of districts, the zoning commission may, from time to time, recommend to the council amendments, supplements, changes, or modifications.

[40 G. A., ch. 134, § 6.]
SEC. 4213-a7. Board of adjustment—powers.

1 The council shall provide for the appointment of a board of adjustment and in the regulations and restrictions adopted pursuant to the authority of this chapter shall provide that the said board of adjustment may in appropriate cases and subject to appropriate conditions and safeguards make special exceptions to the terms of the ordinances in harmony with its general purpose and intent and in accordance with general or specific rules therein contained and provide that any property owner aggrieved by the action of the council in the adoption of such regulations and restrictions may petition the said board of adjustment direct to modify regulations and restrictions as applied to such property owners.

[40 G. A., ch. 134, § 7.]

SEC. 4213-a8. Membership.

1 The board of adjustment shall consist of five members each to be appointed for a term of five years, excepting that when the board shall first be created one member shall be appointed for a term of five years, one for a term of four years, one for a term of three years, one for a term of two years, and one for a term of one year. Members shall be removable for cause by the appointing authority upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant.

[40 G. A., ch. 134, § 7.]

1 The board shall adopt rules in accordance with the provisions of any ordinance adopted pursuant to this chapter. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. Such chairman, or in his absence, the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

[40 G. A., ch. 134, § 7.]

SEC. 4213-a10. Appeals.

1 Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, department, board, or bureau of the municipality affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time as provided by the rules of the board by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.

[40 G. A., ch. 134, § 7.]
1 An appeal stays all proceedings in furtherance of the action
2 appealed from, unless the officer from whom the appeal is taken cer-
3 tifies to the board of adjustment after the notice of appeal shall have
4 been filed with him that by reason of facts stated in the certificate
5 a stay would in his opinion cause imminent peril to life or property.
6 In such case proceedings shall not be stayed otherwise than by a
7 restraining order which may be granted by the board of adjustment
8 or by a court of record on application on notice to the officer from
9 whom the appeal is taken and on due cause shown.
[40 G. A., ch. 134, § 7.]

1 The board of adjustment shall have the following powers:
2 1. To hear and decide appeals where it is alleged there is error
3 in any order, requirement, decision or determination made by an
4 administrative official in the enforcement of this chapter or of any
5 ordinance adopted pursuant thereto.
6 2. To hear and decide special exceptions to the terms of the ordi-
7 nance upon which such board is required to pass under such or-
8 dinance.
9 3. To authorize upon appeal in specific cases such variance from
10 the terms of the ordinance as will not be contrary to the public
11 interest, where owing to special conditions a literal enforcement
12 of the provisions of the ordinance will result in unnecessary hardship,
13 and so that the spirit of the ordinance shall be observed and substan-
14 tial justice done.
[40 G. A., ch. 134, § 7.]

"endorsement" in enrolled bill.

1 In exercising the above mentioned powers such board may, in con-
2 formity with the provisions of this chapter, reverse or affirm, wholly
3 or partly, or may modify the order, requirement, decision, or deter-
4 mination appealed from and may make such order, requirement, de-
5 cision, or determination as ought to be made, and to that end shall
6 have all the powers of the officer from whom the appeal is taken.
[40 G. A., ch. 134, § 7.]

SEC. 4213-a14. Vote required.
1 The concurring vote of three members of the board shall be
2 necessary to reverse any order, requirement, decision, or determina-
3 tion of any such administrative official, or to decide in favor of the
4 applicant on any matter upon which it is required to pass under any
5 such ordinance or to effect any variation in such ordinance.
[40 G. A., ch. 134, § 7.]

SEC. 4213-a15. Petition for certiorari.
1 Any person or persons, jointly or severally, aggrieved by any
2 decision of the board of adjustment under the provisions of this
3 chapter, or any taxpayer, or any officer, department, board, or bureau
4 of the municipality, may present to a court of record a petition, duly

Upon the presentation of such petition, the court may allow a writ of certiorari directed to the board of adjustment to review such decision of the board of adjustment and shall prescribe therein the time within which a return thereto must be made and served upon the relator's attorney, which shall not be less than ten days and may be extended by the court. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order.

[40 G. A., ch. 134, § 7.]

SEC. 4213-al7. Return.

The board of adjustment shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by such writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

[40 G. A., ch. 134, § 7.]

SEC. 4213-al8. Trial—judgment—costs.

If upon the hearing which shall be tried de novo it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.

Costs shall not be allowed against the board, unless it shall appear to the court that it acted with gross negligence or in bad faith or with malice in making the decision appealed from.

[40 G. A., ch. 134, § 7.]

All issues in any proceedings under the foregoing sections shall have preference over all other civil actions and proceedings.

[40 G. A., ch. 134, § 7.]

SEC. 4213-a20. Actions to correct violations.

In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained; or any building, structure, or land is used in violation of this chapter or of any ordinance or other regulation made under authority conferred thereby, the council, in addition to other remedies, may institute any appro-
private action or proceedings to prevent such unlawful erection, construc-
tion, reconstruction, alteration, repair, conversion, maintenance,
or use, to restrain, correct, or abate such violation, to prevent the
occupancy of said building, structure, or land, or to prevent any illegal
act, conduct, business, or use in or about such premises.

[40 G. A., ch. 134, § 8.]

Wherever the regulations made under authority of this chapter
require a greater width or size of yards, courts or other open spaces,
or require a lower height of building or less number of stories, or
require a greater percentage of lot to be left unoccupied, or impose
other higher standards than are required in any other statute or
local ordinance or regulation, the provisions of the regulations made
under authority of this chapter shall govern. Wherever the pro-
visions of any other statute or local ordinance or regulation require
a greater width or size of yards, courts or other open spaces, or re-
quire a lower height of building or a less number of stories, or re-
quire a greater percentage of lot to be left unoccupied, or impose
other higher standards than are required by the regulations made
under authority of this chapter, the provisions of such statute or local
ordinance or regulation shall govern.

[40 G. A. ch. 134, § 9.]

ceeded under the provisions of this chapter, then chapter thirty-
eight-B of title thirteen of this supplement, and acts amendatory
of said chapter thirty-eight-B, shall be no longer operative as to
such city or town.

ceedings to collect said delinquent taxes, the treasurer shall place the same in the hands of the sheriff, or a constable, who shall proceed to collect the same, and either shall be entitled to receive the same compensation, in addition to the five per cent, as constables are entitled to receive for the sale of property on execution. The boards of supervisors may in their discretion authorize the appointment by the treasurer of one or more collectors to assist in the collection of such delinquent personal tax as the board may designate, and may pay such collector as full compensation for all services rendered and expenses incurred a sum not to exceed ten per cent of the amount collected, which sum shall in no event be paid or allowed until all such taxes collected have been paid over to the county treasurer by such collector. All road taxes payable to the county treasurer shall be due with the first installment of other taxes, and subject to the penalty for non-payment as other taxes.

When a tract of real estate has been assessed and taxed as one item of property, and thereafter and before the tax is paid, the title to different portions of said real estate becomes vested in different parties in severalty, and the said owners are unable to agree as to what portion of the total tax each portion of the real estate should bear, any of said parties may file with the board of supervisors a written application for the apportionment of said tax.

[40 G. A., ch. 152, § 1.]

SEC. 4701-a2. Notice.

In the absence of the appearance of all interested parties, the board shall prescribe the notice which nonappearing parties shall receive, and the time and manner of the service thereof.

[40 G. A., ch. 152, § 2.]

SEC. 4701-a3. Apportionment made—record.

On the hearing, the board shall apportion said tax to the different portions of the real estate owned in severalty, in accordance with the values thereof. All orders and determinations of the board shall be entered of record in its minutes. An order of apportionment shall definitely identify each portion of said real estate so owned in severalty.

[40 G. A., ch. 152, § 3.]

The county auditor shall, upon the making of an order of apportionment, at once correct the tax books in his possession, in accordance with said order, and if said books have been delivered to the county treasurer, the said auditor shall at once certify said order of apportionment to the said treasurer who shall make said correction.

[40 G. A., ch. 152, § 4.]

SEC. 4701-a5. Effect of order.

An order of apportionment, when followed by a correction of the tax book in accordance therewith, shall have the same effect as though the original assessment had been made in the same manner.

[40 G. A., ch. 152, § 5.]

SEC. 4701-a6. Appeal.

A party aggrieved by an order of apportionment may appeal therefrom to the district court at any time within ten days from the date of said order, by serving written notice of said appeal on all other parties to said proceeding. Should personal service of said notice within the county be impossible as to any party, any judge of the district court may prescribe the manner of such service.

[40 G. A., ch. 152, § 6.]
SEC. 4701-a7. Trial on appeal.
1 The district court shall try said appeal anew and in equity.
2 The final order of the court shall be certified by the clerk of the

[C., '97, § 1467; S., '13, § 1481-a; 39 G. A., ch. 38, § 2.]

The tax hereby imposed shall be for the use of the state, shall accrue at the death of the decedent owner, and said tax shall be paid to the treasurer of state within eighteen months after the death of the decedent owner except when otherwise provided in this chapter. When in the opinion of the treasurer of state additional time should be granted for payment to avoid hardship, said treasurer may extend the period to a date not exceeding three years from date of death of decedent, but in case of any such extension the tax shall bear six per cent interest from the expiration of eighteen months from decedent's death.

[S., '13, § 1481-a; 39 G. A., ch. 38, § 2.]

SEC. 4704-a4. Lien of tax.

SEC. 4704-a5. Transfers in contemplation of death.

If the decedent makes a transfer of, or creates a trust with respect to, any property in contemplation of his death, or intended to take effect after his death (except in the case of a bona fide sale for a fair consideration in money or money's worth), and if the tax in respect thereto is not paid when due, the transferee or trustee shall be personally liable for such tax, and such property, to the extent of the decedent's interest therein at the time of his death, shall be subject to a lien for the payment of such tax.

- One per centum on any amount in excess of fifteen thousand dollars and up to thirty thousand dollars.
- One and one-half per centum on any amount in excess of thirty thousand dollars and up to forty-five thousand dollars.
- Two per centum on any amount in excess of forty-five thousand dollars and up to sixty thousand dollars.

- Six per centum on any amount in excess of two hundred forty thousand dollars and up to three hundred thousand dollars.
- Seven per centum on all sums in excess of three hundred thousand dollars.

Provided, that, in case any such child does not survive the decedent, grantor, donor or vendor, or, for any reason, sufficient property, interest or income of such decedent does not pass to such child to equal the amount of the exemption to which such child would be entitled under the provisions of this section, but property, interest or income passes to the spouse or any lineal descendant of such child, the amount so passing to such child, if any, and the amount passing to such spouse or lineal descendant shall be treated collectively as one inheritance and the persons receiving such collective inheritance shall collectively be entitled to the same exemption, prorated according to the amount passing to each of such persons as if such inheritance had passed entirely to such child.

2. When the property or any interest therein or income therefrom taxable under the provisions of this chapter passes to any person, firm, corporation or society other than those designated in paragraph one of this section the rate of tax imposed shall be as follows:

- Five per centum on any amount up to one hundred thousand dollars.
- Six per centum on any amount in excess of one hundred thousand dollars up to two hundred thousand dollars.
- Seven per centum on all amounts in excess of two hundred thousand dollars.

SEC. 4704-a7. Death prior or subsequent to law—effect.

As to estates of decedents passing to beneficiaries named in paragraph one of the preceding section, this chapter shall apply only where decedent dies after the taking effect of this chapter, and as to estate of decedents passing to beneficiaries named in paragraph two of the preceding section, the rate of tax shall be five per cent as to all persons dying before this chapter takes effect.

SEC. 4704-a8. Alien beneficiaries.

When property or any interest therein shall pass to heirs, devisees or other beneficiaries subject to the tax imposed by this chapter, who are aliens, nonresidents of the United States, the same shall be subject to a tax of twenty per centum of its true value except when such foreign beneficiaries are brothers or sisters of the decedent owner or are within the class described in paragraph one of section forty-seven hundred four-a six of this supplement, when the rate of tax to be assessed and collected therefrom shall be ten per centum of the value of the property or interest so passing.

[C., '97, § 1467; S., '13, § 1481-a; 39 G. A., ch. 38, § 4.]

SEC. 4704-a9. Rates applied on aggregate value of property.

In determining the inheritance tax due from the estate of any decedent under this chapter, the rates provided in section forty-seven hundred four-a six of this supplement shall be applied upon the aggregate value of the property making up said estate after deducting the exemptions herein provided. Where part of said property passes to the class described in paragraph one of section forty-seven hundred four-a six of this supplement, and part to the class described in paragraph two, the tax applying to each of said classes shall be computed as if the same were a separate estate.

[39 G. A., ch. 38, § 4.]

There shall be deducted from the gross value of the estate as fixed by the inheritance tax appraisers appointed under the provisions of this chapter, or as fixed by the court, the debts defined as follows:

1. From the estate of such decedent who at the time of his death was domiciled within this state, there shall be deducted the debts owing by the decedent at the time of his death, the local and state taxes due from the estate in January of the year of his death, and federal taxes, a reasonable sum for funeral expenses, temporary allowance for the widow and children under fifteen years of age as granted by the probate court or judge thereof, court costs, the costs of appraisement made for the purpose of assessing the inheritance tax, the statutory fee of executors, administrators, or trustees estimated upon the appraised value of the property, the amount paid by the executor or administrator for a bond, the attorney fee in a reasonable amount to be approved by the court for the ordinary probate proceedings in said estate, and no other sum; provided, however, that the debt of such decedent owing
for or secured by property outside of this state, shall not be deducted from estimating the tax, except when the property for which the debt is owing or by which it is secured, is subject to the tax imposed by this chapter, or when the foreign debt exceeds the value of the property securing it or for which it was contracted, when the excess may be deducted provided that satisfactory proof of the value of the foreign property and the amount of such debt is furnished to the treasurer of state.

Said debts shall not be deducted unless the same are approved and allowed by the court within eighteen months from the death of the decedent, unless otherwise ordered by the judge or court of the proper county.

2. From the estate of such decedent who at the time of his death is domiciled outside of this state, the state treasurer shall deduct such debts and expenses as are chargeable to the property under the laws of this state, provided that in the event that the executor, administrator, or trustee of such foreign estate files with the clerk of the court having ancillary jurisdiction and with the treasurer of state, or with the treasurer of state in case there is no administration of the estate within this state, a duly certified statement exhibiting the true market value of the entire estate of the decedent owner, and the indebtedness for which the said estate has been adjudged liable, which statement shall be duly attested by the judge of the court having original jurisdiction, the beneficiaries of the said estate shall then be entitled to have deducted such proportion of the said indebtedness of the decedent from the value of the property as the value of the property within this state bears to the value of the entire estate.

3. An amount equal to the value at the time of the decedent's death of any property, real, personal or mixed, which can be identified as having been received by the decedent as a share in the estate of any person who died within two years prior to the death of the decedent, or which can be identified as having been acquired by the decedent in exchange for property so received, if an estate tax under this chapter was collected from such estate, and if such property is included in dece- dent's gross estate.

Said appraisers shall serve for one year, and until their successors are appointed and qualified. SEC. 4719. Relief from appraisement.

All estates subject in whole or in part to the tax imposed by this chapter shall be appraised for the purpose of computing said tax by the regular inheritance tax appraisers; provided that estates liable for the payment of the inheritance tax upon specific legacies, annuities, bequests of money or other property the value of which may be determined without appraisement, and estates which consist of money, book accounts, bank deposits, notes, mortgages and bonds, need not be appraised by the inheritance tax appraisers if the administrator, executor or trustee or the persons entitled to or claiming such property are willing to charge themselves with the full face value of such bequests or property, together with the interest, earnings or undivided profits which may be due on said properties, at the time of death of the testator or intestate, as the basis for the assessment of said tax, but in all cases the relief from appraisement for the inheritance tax is dependent upon the consent of the treasurer of state, and the subsequent approval thereof by the court or judge thereof in vacation. In the event that the estate has been duly appraised under the ordinary statutes of inheritance or the property has been sold and such appraisement or selling price is accepted by the treasurer of state as satisfactory for inheritance tax purposes, the court or judge thereof in vacation may, upon proper application, relieve the estate from the appraisement by the inheritance tax appraisers; but in order to obtain such relief, the administrator, executor, trustee or other party interested must file an application for relief with the consent of the treasurer of state thereto in the office of the clerk of the court before said clerk issues a commission to the inheritance tax appraisers. The court or judge thereof in vacation may, upon application of the representatives of the estate or parties interested, relieve the estate of the appraisement for tax purposes if it be shown to said court that the market value of the entire estate will not exceed one thousand dollars; provided that prior to the application to said court or judge the written consent of the treasurer of state to such relief is procured. In all cases where an estate is relieved from an appraisement for inheritance tax purposes, the order granting relief shall be recorded in the clerk's office, and the fact of such relief and reasons therefor shall be duly noted in the decree or order of final settlement made by the court.

person and as to which there is or may be a tax due to the state under
the provisions of the inheritance tax laws of this state, and by such
citation require such person to appear before him or any one designated
by him at the county seat of the county where said person resides and
at a time to be designated in such citation, and testify under oath
as to any fact or information within his knowledge touching the quan-
tity, value and description of any such property and the disposition
thereof which may have been made by any person, and to produce and
submit to the inspection of the treasurer of state, any books, records,
accounts or documents in the possession of or under the control of any
person so cited.

The treasurer of state shall also have the power to inspect and
examine the books, records and accounts of any person, firm or cor-
poration, including the stock transfer books of any corporation, for
the purpose of acquiring any information deemed necessary or desir-
able by him for the proper enforcement of the inheritance tax laws of
this state, and the collection of the full amount of the tax which may
be due to the state thereunder.

Any and all information acquired by the treasurer of state under
and by virtue of the means and methods provided for by this section

closed by him except so far as the same may be necessary for the en-
forcement and collection of the inheritance tax provided for by the
laws of this state.

Refusal of any person to attend before the treasurer of state in
obedience to any such citation, or to testify, or produce any books,
accounts, records or documents in his possession or under his control
and submit the same to inspection of the treasurer of state when so
required, may, upon application of the treasurer of state, be punished
by any district court in the same manner as if the proceedings were
pending in such court.

 Witnesses so cited before the treasurer of state, and any sheriff
or other officer serving such citation shall receive the same fees as are
allowed in civil actions; to be paid upon the certificate of the treasurer
of state and audited by the board of audit, out of funds not otherwise
appropriated.

SEC. 4745. Extension of time of appraisement — complicated
estates.

Whenever, by reason of the complicated nature of an estate, or
by reason of the confused condition of the decedent's affairs, it is im-
practicable for the executor, administrator, trustee or beneficiary of
said estate to file with the clerk of the court a full, complete and item-
ized inventory of the personal assets belonging to the estate, within
the time required by statute for filing inventories of the estates, the
court may, upon the application of such representatives or parties in
Entries made by clerk.

The clerk shall enter upon the inheritance tax and lien book, the title of all estates subject to the inheritance tax as shown by the inventories or lists of heirs filed in his office, or as reported to him by the county attorney, treasurer of state, or other person, and shall enter in said book as against each estate or title at the appropriate place, all such information relating to the situation and condition of the estate as he may be able to obtain from the papers filed in his office, or from any other source, as may be necessary to the collection and enforcement of the tax. He shall also immediately index in the book kept in his office for that purpose, all liens entered upon the inheritance tax and lien book. Failure to make such entries as are herein required, shall not operate to relieve the estate from the lien or defeat the collection of the tax.

Duty of recorder.

Each county recorder shall, upon the filing in his office of any deed, bill of sale, or other transfer of any description whatsoever which shows upon its face that it was made or intended to take effect in possession or enjoyment at or after the death of the maker of such instrument, forward to the state treasurer a certified copy thereof.

Duties of county attorney — compensation — other counsel may be employed.

On the first day of each regular term, the court shall require the clerk to present for its inspection the inheritance tax and lien book hereinbefore provided for, together with all reports of administrators, executors and trustees which have been filed pursuant to this chapter, since the last preceding term. If, from information obtained from the records or reports, or from any other source, the court has reason to believe that there is property within its jurisdiction liable to the payment of an inheritance tax, against which proceedings for collection are not already pending, it shall enter an order of record directing the clerk to notify the state treasurer of such fact, and the clerk shall enter said estate on the inheritance tax book. Should any estate, or the name of any grantee or grantees be placed upon the book at the suggestion of the clerk or by order of court, in which the papers already on file in the clerk's office do not disclose that an inheritance tax is due or payable, the clerk shall forthwith give to all parties in interest such notice as the court or judge may prescribe, requiring them to appear on a day to be fixed by the said court or judge, and show cause why

18 the property should not be appraised and subjected to said tax. At
19 any such hearing any person may be required to appear and answer as
20 to his knowledge of any such estate or property, and it shall be the
21 duty of the clerk to notify the treasurer of state of the time and place
22 of such hearing. If upon any such hearing the court is satisfied that
23 any property of the decedent, or any property devised, granted, or
24 donated by him is subject to the tax, the same proceeding shall be had
25 as in other cases, so far as applicable.

SEC. 4758. Property in this state belonging to a foreign estate
and not specifically devised—how assessed.

1 Whenever any property, real or personal, within this state be-
2 longs to a foreign estate and said foreign estate passes in part exempt
3 from the tax imposed by this chapter and in part subject to said tax
4 and there is no specific devise of the property within this state to
5 exempt persons or if it is within the authority or discretion of the for-
6 eign executor, administrator or trustee administering the estate to
7 dispose of the property not specifically devised to exempt persons in
8 the payment of debts owing by the decedent at the time of his death,
9 or in the satisfaction of legacies, devises, or trusts given to direct or
10 collateral legatees or devisees or in payment of the distributive shares
11 of any direct and collateral heirs, then the property within the juris-
12 diction of this state, belonging to such foreign estate, shall be subject
13 to the tax imposed by this chapter, and the tax due thereon shall be
14 assessed as provided in section forty-seven hundred fifty-seven of the
15 compiled code relating to the deduction of the proportionate share of
16 indebtedness; provided, however, that if the value of the property so
17 situated exceeds the total amount of the estate passing to other persons
18 than those exempt hereby from the tax imposed by this chapter such
19 excess shall not be subject to said tax.

[S., '13, § 1481-a40; 39 G. A., ch. 38, § 12.]

SEC. 4759. Compromise settlement—how effected—discharge of
lien.

1 Whenever an estate charged or sought to be charged with the
2 inheritance tax is of such a nature, or is so disposed, that the liability
3 of the estate is doubtful, or the value thereof cannot with reasonable
4 certainty be ascertained under the provisions of law, the treasurer of
5 state may, with the written approval of the attorney general, which
6 approval shall set forth the reasons therefor, compromise with the
7 beneficiaries or representatives of such estates, and compound the tax
8 thereon; but said settlement must be approved by the district court
9 or judge of the proper court, and after such approval the payment of
10 the amount of the taxes so agreed upon shall discharge the lien against
11 the property of the estate.

Section 4767. Loaning or depositing public funds—interest on daily balances.

A county treasurer shall be liable to a like fine for loaning out, or in any manner using for private purposes, state, county or other funds in his hands, but the county treasurer shall, with the approval of the board of supervisors as to place of deposit, by resolution entered of record, deposit such funds in any bank or banks in the state to an amount fixed by such resolution at interest at the rate of at least two and one-half per cent per annum on ninety per cent of the daily balances payable at the end of each month all of which shall accrue to the benefit of the general county fund; but before such deposit is made, such bank shall file a bond with sureties to be approved by the treasurer and the board of supervisors in double the amount deposited, conditioned to hold the treasurer harmless from all loss by reason of such deposit or deposits; provided that in cases where an approved surety company's bond is furnished, said bond may be accepted in an amount equal to ten per cent more than the amount deposited. Said bond shall be filed with the county auditor and action may be brought thereon either by the treasurer or the county as the board of supervisors may elect; and the state treasurer shall be liable to a fine of not more than ten thousand dollars for a like misdemeanor. But nothing done under the provisions of this section shall alter or affect the liability of the treasurer or the sureties of his official bonds.

[Repealed by 40 G. A., ch. 153, § 1, and the four following sections enacted in lieu thereof.]
SEC. 4769-a1. Payments to state treasurer.
1 The treasurer of each county shall, on or before the fifteenth day
2 of each month, prepare sworn statements of the amount of money
3 in his hands on the last day of the preceding month belonging to the
4 state treasury, and forward by mail, one such statement to the
5 auditor of state, and one such statement to the treasurer of state.
6 The treasurer of each county shall also, at any time when di-
7 rected by the treasurer of state, forthwith pay into the state treasury
8 according to the provisions of this section and sections forty-seven
9 hundred sixty-nine-a two to forty-seven hundred sixty-nine-a four, in-
10 clusive, of this supplement, any or all of the money due the state and
11 remaining in his hands, and the treasurer of state is hereby required
12 to receive on all such payments the same kind of money and notes
13 which the county treasurer is authorized and required by law to re-
14 ceive in payment of taxes.
15 The treasurer of state shall maintain in the state treasury a cash
16 balance of the money belonging to the state and collected by the
17 respective county treasurers including all funds and moneys received
18 by him from other sources and properly a part of the general fund,
19 of not more than three million dollars. When such cash balance shall
20 become less than two million dollars he may draw upon the treasurer
21 of each county of the state in proportion to the amount in their
22 possession respectively, a sum sufficient in the aggregate to restore
23 said cash balance to a sum not exceeding said maximum. Such drafts
24 shall be honored by the treasurer of each county upon presentation.

SEC. 4769-a3. Penalty.
1 In case the treasurer of any county shall fail to prepare and
2 forward the statements required in section forty-seven hundred sixty-
3 nine-a one of this supplement, or shall fail to promptly honor any draft
4 by the treasurer of state as provided in the two preceding sections, he
5 shall forfeit and pay for each and every failure a sum not less than
6 one hundred dollars or more than five hundred dollars, to be recovered
7 in an action brought in the name of the state auditor or the treas-
8 urer of the state against him and his bondsman.

SEC. 4769-a4. Primary road funds.

SEC. 4769-a5. Motor vehicle funds.

The provisions of section forty-seven hundred sixty-nine-a one of this supplement relating to the payment of money into the state treasury shall not be applicable to money collected under the provisions of chapter seventeen, title eleven, relating to motor vehicles.

[39 G. A., ch. 155, § 3.]

Note: The above section was enacted by 39 G. A., ch. 155, § 3, and appeared in the 1921 supplement to the compiled code as the last sentence of section 4769, which latter section was section 1459 of the code, 1897. Said section 1459 was repealed by 40 G. A., ch. 155, § 1, but an examination of said repealing act will reveal the fact that said repeal did not include said last sentence of said section 4769. Said section (39 G. A., ch. 155, § 3) is here preserved as a distinct section.
TITLE XV
CERTAIN INTERNAL IMPROVEMENTS

CHAPTER 1
LEVEES, DRAINS, DITCHES, AND WATERCOURSES

SECTION 4795. Drainage bonds.

1. If the board of supervisors shall determine that the estimated cost of reclamation of such district of lands is greater than should be levied in a single year upon the lands benefited, it shall fix the proportion that should be levied and collected each year, and may issue drainage bonds of the county, bearing not more than five per cent annual interest, and payable in the proportions and at the times when such taxes so apportioned will have been collected, and may devote the same at par to the payment of the work as it progresses, or may sell the same at not less than par and devote the proceeds to such payment; and should the cost of such work exceed the estimate, a new apportionment of taxes may be made, and other bonds issued and used in like manner; but in no case shall the bonds run longer than fifteen years, and at least ten per cent in amount of those issued on the first estimate shall be payable annually. The board may divide the land to be benefited into drainage districts, which shall be accurately described and numbered, and such drainage bonds shall be in sums of not less than fifty dollars each, numbered consecutively, and issued as other county bonds are, and shall specify that they are drainage bonds, and designate by number the drainage district on account of which they are issued. In no case shall the amount of the bonds issued exceed fifty per cent of the value of the lands in the drainage district, as shown by the last assessment for taxation. Each bond so issued shall express on its face that it shall only be paid by taxes assessed, levied, and collected on the lands within the district so designated and numbered, and for the benefit of which district such bond was issued. In no case shall any tax be levied or collected for the payment of such bond or bonds, or the interest thereon, on any property outside of the district so numbered, designated, and benefited.

CHAPTER 2
LEVEES, DRAINS, DITCHES, AND WATERCOURSES

SECTION 4836-a1. Levee defined — bank protection — overflowed lands.

1. For the purposes of this chapter the word "levee" shall be construed to include in addition to its ordinary and accepted meaning embankments, revetments, retards or any other approved system of con-
struction which may be deemed necessary adequately to protect the
banks of any river or stream, within or adjacent to any county, from
wash, cutting or erosion, and the provisions of this chapter shall be
liberally construed to promote, embrace and authorize the drainage,
reclamation or protection of wet and overflowed lands, or lands en-
dangered, or liable to be endangered by wash, cutting or erosion, with-
in this state, and the preservation and maintenance of such works
whether heretofore or hereafter constructed.

[39 G. A., ch. 45, § 1.]

Whenever a petition signed by one or more of the landowners
whose lands will be affected by, or assessed for the expenses of, the
proposed improvement, shall be filed in the office of the county auditor,
setting forth that any body or district of land in the county, described
by metes and bounds, or otherwise, so as to convey an intelligible
description of such lands, is subject to overflow or too wet for culti-
vation, and that the public benefit or utility, or the public health, con-
venience or welfare will be promoted by draining, ditching, tiling or
levéeing the same, or by changing a natural watercourse, and setting
forth therein the starting point, route and terminus and lateral
branches, if necessary, of the proposed improvement, and there is filed
therewith a bond, in amount and with sureties to be approved by the
county auditor and conditioned for the payment of all costs and ex-
penses incurred in the proceedings in case the supervisors do not
grant the prayer of said petition, the board shall at its first session
thereafter, regular, special or adjourned, appoint a disinterested and
competent engineer, who shall give bond to the county for the use
and benefit of the proposed levee or drainage district, if it be estab-
lished, in amount and with sureties to be approved by the county audi-
tor and conditioned for the faithful and competent performance of
his work, and place a copy of the petition in his hands and he shall
proceed to examine the lands described in said petition and any other
lands which would be benefited by said improvement or necessary in
the carrying out of said improvement, and survey and locate such
drain or drains, ditch or ditches, improvement or improvements, as
may be practicable and feasible to carry out the purposes of the peti-
tion and which will be of public benefit or utility or conducive to pub-
lie health, convenience or welfare; provided, however, that when the
proposed drainage district involves only the straightening of a creek
or river, the board of supervisors may refuse to consider any such
petition unless and until signed by those landowners who own at least
ten per cent of the land affected by, or assessed for the expense of,
the proposed improvement. Provided, however, that this act [37 G.
A., ch. 415] shall not affect drainage projects where the drainage of
swamps and sloughs are involved that are not in the congressional
forty-acre tracts adjoining such creek or river. He shall make return
of his proceedings to the county auditor, which returns shall set forth
the starting point, the route, the terminus or termini of the said ditch
or ditches, drain or drains, or other improvements, together with a
plat and profile showing the ditches, drains or other improvements,
and the course and length of the drain or drains through each tract
of land, together with the number of acres appropriated from said
tract for construction of said improvement, and the elevation of all
lakes, ponds and deep depressions in said district, and the boundary
of the proposed district, so as to include therein all lands that will
be benefited or otherwise affected by the proposed improvements, and
the description of each tract of land therein and names of the owners
thereof as shown by the transfer books in the auditor's office, together
with the probable cost, and such other facts and recommendations as
he may deem material. The engineers' notes of the preliminary sur-
vey, together with the original tracing of plat and profile of the drain-
age district, are to be filed with the county auditor at the time of
making report, and to be the property of the drainage district, together
with all other plats, profiles and reports specified in this section. The
board of supervisors may at any time recall the appointment of any
engineer made under the provisions of this section, if deemed advis-
able to do so, and select another to act in his place. The ditches or
drains herein provided for shall so far as practicable be surveyed and
located along the general course of the natural streams and water-
courses or in the general course of natural drainage of the lands of
said district, but where it will be more economical or practicable such
ditch or drain need not follow the course of such natural streams,
watercourses, or course of natural drainage, but may straighten,
shorten or change the course of any natural stream, watercourse or
general course of drainage. Whenever any such ditch or drain
crosses any railroad right of way it shall when practicable be located
at the place of the natural waterway across such right of way unless
said railroad company shall have provided another place in the con-
struction of the roadbed for the flow of the water; and if located at
the place provided by the railroad company, such company shall be
estopped from afterwards objecting to such location on the ground
that it is not at the place of the natural waterway.
The engineer shall also provide plans for the most economical
and practicable method of passing the machines and other equipment
of the contractor across railroad right of way and other highways.
[Sec. 13, § 1989-a2; 37 G. A., ch. 344, § 1; 37 G. A., ch. 415,
§ 1; 38 G. A., ch. 141, § 1; 39 G. A., ch. 206, § 1.]

SEC. 4837-a1. Preliminary expense allowable.

No preliminary expense shall be incurred before the establish-
ment of such proposed improvement district by the board in excess
of the amount of bond filed by the petitioners. In case it is necessary
to incur any expense in addition to the amount of such bond, the
board of supervisors shall require the filing of an additional bond by
the petitioners and shall not proceed with the preliminary survey
or authorize any additional expense until the additional bond is filed
in a sufficient amount to cover such expense.
[40 G. A., ch. 154.]

SEC. 4843. Letting work—notice—bids.

The board shall cause notice to be given by publication, once each
week, for two consecutive weeks in some newspaper published in the
county wherein such improvement is located and such additional pub-
lication elsewhere as they may direct, of the time and place of letting
the work of construction of said improvement, and in such notice they
shall specify the approximate amount of work to be done in each section and the time fixed for the commencement and completion thereof; which time of commencement shall not be prior to the date on which the assessment shall be fixed by the board, and when the estimated cost of said improvement exceeds fifteen thousand dollars the board shall make additional publication for two consecutive weeks in some contracting journal of general circulation, of such notice as they may prescribe, and they shall award contract or contracts for each section of the work to the lowest responsible bidder or bidders therefor, bids to be submitted, received and acted upon separately as to the main drain and each of the laterals, exercising their own discretion as to letting such work as to the main drain as a whole, or as to each lateral as a whole, or by sections as to both main drain and laterals, and reserving the right to reject any and all bids and readvertise the letting of the work. Each person bidding for such work shall deposit in cash or certified check a sum equal to ten per centum of the amount of the bid, not in any event, however, to exceed ten thousand dollars, said deposit to be returned to him if his bid is not successful, and if successful to be retained as a guarantee only of his good faith in entering on said contract. The successful bidder shall be required to execute a bond with sufficient sureties in favor of the county for the use and benefit of the levee or drainage district in an amount equal to twenty-five per centum of the estimated cost of the work so let, or he may deposit such amount in cash with the auditor as security for the performance of his contract and for the payment as they become due of all just claims for labor performed and material used in the completion of said contract, and upon the execution of such bond, or the making of such deposit, the deposit originally made with his bid shall be returned to him.

SEC. 4844. Monthly estimates—payment.
The engineer in charge of the construction shall furnish the contractor monthly estimates of the amount of work done on each section, and upon filing the same with the auditor, he shall draw a warrant in favor of such contractor, or deliver to him improvement certificates, or drainage bonds, as the case may be, for eighty per centum of the value of the work done according to the estimate, and when said improvement is completed to the satisfaction of the engineer in charge thereof and so certified by him to the board and approved by it, the auditor shall draw a warrant in favor of said contractor upon the levee or drainage fund, or deliver to him improvement certificates, or drainage bonds, as the case may be, for the balance due. All warrants drawn upon the funds of any drainage district which cannot be paid for want of funds shall bear interest at the rate of six per centum, payable annually, from and after the date of presentation thereof to the county treasurer.

SEC. 4851. Assessment of costs and damages—apportionment.
When the levee or drainage district or other improvement herein provided for shall have been located and established as provided for in this chapter, or when it shall be necessary to cause the same to be
repaired, enlarged, reopened or cleared from any obstruction therein,
unless such repairs, reopening or clearing of obstructions can be paid
for as hereinafter provided, the board shall appoint three commis-
sioners, one of whom shall be a competent civil engineer and two of
whom shall be resident freeholders of the state not living within the
levee or drainage district and not interested therein, nor related to
any party whose land is affected thereby; and they shall within twenty
days after such appointment begin to personally inspect and classify
all the lands benefited by the location and construction of such levee
or drainage district, or the repairing or reopening of the same, in
tracts of forty acres or less according to the legal or recognized sub-
divisions in a graduated scale of benefits, to be numbered according to
the benefit to be received by the proposed improvement; and they shall
make an equitable apportionment of the costs, expenses, costs of con-
struction, fees and damages assessed for the construction of any such
improvement, or the repairing or reopening of the same, and make
report thereof in writing to the board of supervisors. In making the
said estimate the lands receiving the greatest benefit shall be marked
on a scale of one hundred and those benefited in a less degree shall be
marked with such percentage of one hundred as the benefit received
bears in proportion thereto. This classification when finally estab-
lished shall remain as a basis for all future assessments connected
with the objects of said levee or drainage district, unless the board,
for good cause, shall authorize a revision thereof. In the report of
the appraisers so appointed, they shall specify each tract of land by
proper description and the ownership thereof as the same appears on
the transfer books in the auditor's office, and the auditor shall cause
notice to be served upon each person whose name appears as owner
and also upon the person or persons in actual occupancy of any such
land in the time and manner provided for the establishment of a
levee or drainage district, which notice shall state the amount of spe-
cial assessments apportioned to such owner, upon each tract or lot,
the day set for hearing the same before the board of supervisors and
that all objections thereto must be made in writing and filed with the
county auditor on or before noon of the day set for such hearing.
When the day set for hearing shall have arrived, the board of super-
visors shall proceed to hear and determine all objections made and
filed to said report and may increase, diminish, annul or affirm the
apportionment made in said report or in any part thereof as may ap-
pear to the board to be just and equitable; but in no case shall it be
competent to show that the lands assessed would not be benefited by
the improvement, and when such hearing shall have been had the
board shall levy such apportionment so fixed by it upon the lands
within such levee or drainage district; and all installments of the tax
shall be levied at that time, and shall bear interest at six per cent per
annum from that date; provided that if the owner of any parcel of
land, lot or premises against which any such levy shall have been
made and certified, shall, within twenty days from the date of such
assessment, promise and agree in writing filed in the office of the
county auditor that in consideration of his having the right to pay
his assessments in installments he will not make any objection of
illegality or irregularity as to the assessment of benefits or levy of
such taxes upon or against his property, but will pay said assessment,
then said taxes levied against said land, lot or premises of such owner shall be payable without interest, as follows: one-third of the amount of said assessment at the time of filing the above agreement; one-third within twenty days after the engineer in charge of said drainage improvement shall file a certificate in the office of the county auditor that said improvement is one-half completed, and the remaining one-third within twenty days after the said improvement shall have been accepted by the board of supervisors.

Within two days after the engineer has filed a certificate that the work is half completed, and within two days after the board of supervisors have accepted the improvement as hereinbefore provided, the county auditor shall notify the owner of each such parcel of any land, lot or premises, of such fact, such notice to be sent by registered mail to the address filed with the auditor at the time of making the above agreement, and if said installments are not paid as above provided, the failure to pay any installment shall cause the whole sum to become due and payable at once with interest at the rate of one per cent per month from the date of filing said agreement, and such assessments shall thereupon be collected as other taxes on real estate, which rate may be later reduced to correspond with the rate specified in the certificates or bonds, as the case may be; provided, however, that no deferred installment of the amount assessed, as between vendor and vendee, mortgagor and mortgagee, shall become a lien upon the property against which it is assessed and levied, until the thirty-first day of December of the year next preceding that in which it is due and payable; and in case the board of supervisors shall increase said apportionment, service of notice thereof shall be made upon the owner of such tract or lot of land as shown by the transfer books in the auditor's office, in the same manner in which original notices are required to be served, where such owner is a resident of the county, and in case such owner is a nonresident of the county such notice as to him shall be served on the actual occupant of the tract or lot of land; provided that in case any railroad company shall be affected by such increased apportionment said notice shall be served upon the station agent of the said railroad company nearest the proposed improvement.

If the first assessment made by the board of supervisors for the original cost or for repairs of any improvement as provided in this chapter is insufficient, the board may make an additional assessment and levy in the same ratio as the first for either purpose; provided, further, that any assessment may be paid in full without interest at any time within twenty days from the date the assessment is confirmed by the board of supervisors.

SEC. 4853. Levy and collection of tax—warrants.

In estimating the benefits as to the lands not traversed by said improvement they shall not consider what benefits such lands will receive after other improvements shall have been constructed, but only the benefits which will be received by reason of the construction of the improvement in question as it affords an outlet for the drainage of such lands, or brings an outlet nearer to said lands or relieves the same from overflow. Said tax shall be levied upon the lands of the
§§ 4857-al-4857-a2 LEVEES, DRAINS AND WATERCOURSES Tit. XV, Ch. 2

8 owners so benefited in the ratio aforesaid and collected in the same
9 manner as other taxes for county purposes, and the funds so collected
10 shall be kept as a separate fund and shall be paid out only for pur-
11 poses properly connected with such improvement on the order of the
12 board of supervisors; provided, however, that warrants drawn upon
13 the funds of any drainage district shall be accepted by the county
14 treasurer in payment of drainage assessments levied upon any lands
15 in that district and when the amount of the warrant exceeds the
16 amount of the assessment, the treasurer shall cancel the said warrant,
17 and give the holder thereof a certificate for the amount of the overplus,
18 upon the presentation of which certificate to the county auditor he
19 shall file it, and issue a new warrant for the amount of the overplus,
20 and charge the treasurer therewith; and such certificate is transfer-
21 able by delivery, and will entitle the holder of the new warrant, made
22 payable to his order, and bearing the original number, preceded by the
23 words, "Issued as unpaid balance due on warrant number.............".

SEC.-4857-al. Reassessment.

1 Whenever any special assessment upon any lands within any
2 drainage district shall have been heretofore adjudged to be void for
3 any jurisdictional defect or for any illegality or uncertainty as to the
4 terms of any contract and the improvement shall have been wholly
5 completed, the board or boards of supervisors shall have power to
6 remedy such illegality or uncertainty as to the terms of any such
7 contract with the consent of the person with whom such contract
8 shall have been entered into and make certain the terms of such
9 contract and shall then cause a reassessment of such land to be made
10 on an equitable basis with the other land in the district by taking the
11 steps required by law in the making of an original assessment and
12 relevying the tax in accordance with such assessment, and such tax
13 shall have the same force and effect as though the board or boards of
14 supervisors had jurisdiction in the first instance and no illegality or
15 uncertainty existed in the contract.

[40 G. A., ch. 155.]

SEC. 4857-a2. Excessive assessment—return.

1 In all cases where drainage districts have been established con-
2 sisting of open or closed mains which are beneficial to the entire
3 district, and also of laterals; and where assessments have been made
4 or fixed based upon the estimated costs, expenses, costs of construc-
5 tion, fees, and damages for improvements which are beneficial to the
6 entire district and also for the estimated costs, expenses, costs of
7 construction, fees, and damages for such laterals; and where the
8 laterals may be or were afterwards actually constructed for a ma-
9 terially less amount than was so estimated for such laterals (includ-
10 ing the costs, expenses, costs of construction, fees, and damages per-
11 taining thereto), and where the lands to be benefited by the laterals
12 have been assessed for their proper share of the costs of such open
13 and closed mains and outlets; and where such difference between such
14 estimated cost of the lateral and such actual cost thereof is capable
15 of ascertainment, either by reference to the report of the commis-
16 sion which was appointed to inspect and classify the lands benefited,
or in some other manner, then the board of supervisors or joint board
of supervisors or other officers having control of such drainage
district shall be, and hereby are, authorized and directed to return
to the party or parties who owned the land benefited and assessed
for such laterals at the time the assessment was fixed and levied
by the board or boards of supervisors, the respective proportional
parts of such excess assessments made for such laterals by the issu-
ance of warrants drawn upon the district fund.

SEC. 4858. Establishment and construction across railroad right
of way.
Whenever the board of supervisors shall have established any
levee, or drainage district, or change of any natural watercourse and
the levee, ditch, drain or watercourse as surveyed and located crosses
the right of way of any railroad company, the county auditor shall
immediately cause to be served upon such railroad company, in the
manner provided for the service of original notices, a notice in writ-

ing stating the nature of the improvement to be constructed, the place
where it will cross the right of way of such company, and the full
requirements for its complete construction across such right of way
as shown by the plans, specifications, plat and profile of the engineer
appointed by the board, and directing such company to construct such
improvement according to said plans and specifications at the place
designated, across its right of way, and to build and construct or re-
build and reconstruct the necessary culvert or bridge where any ditch,
drain or watercourse crosses its right of way, so as not to obstruct,
impede or interfere with the free flow of the water therein, within
thirty days from the time of the service of such notice upon it; and
upon receiving said notice it shall be the duty of such railroad company
to construct the improvement across its right of way according to the
plans and specifications furnished in said notice and to build and con-
struct or rebuild and reconstruct the necessary culvert or bridge above
mentioned and complete the same within the time specified in said
notice; if such railroad company shall fail, neglect or refuse to do so
within the time fixed in said notice the auditor shall cause the same
to be done under the supervision of the engineer in charge of the im-
provement and such railroad company shall be liable for the cost there-
of to be collected by the county in any court having jurisdiction; and
the cost of constructing the improvement across the right of way of
such company, not including the cost of building and constructing or
rebuilding and reconstructing any necessary culvert or bridge when
such improvement is located at the place of the natural waterway or
place provided by the railroad company for the flow of the water, shall
be considered as an element of such company's damages by the ap-
praisers thereof; and the cost of building and constructing or rebuild-
ing and reconstructing any necessary culvert or bridge, when such
improvement is located at the place of the natural waterway or place
provided by the railroad company for the flow of the water, shall be
borne by such railroad company without reimbursement therefor.

It shall be the duty of any railroad company to furnish the con-
tractor free passage across its right of way, telegraph, telephone and
signal lines, for his machines and equipment without dismantling the
same, whenever recommended by the engineer and approved by the
board of supervisors, and the cost thereof shall be considered as an
element of such company's damages by the appraisers thereof; pro-
vided that if such company shall fail to do so within thirty days after
written notice from the auditor, the engineer shall cause the same to
be done under his direction, and the company shall be liable for the
cost thereof to be collected by the county in any court having juris-
diction. Provided, further, that the railway company shall have the
right to designate the day and hours thereof within said period of
thirty days above mentioned when such crossing shall be made.

The commissioners to assess benefits shall fix and determine the
benefits to the property of the railroad company within the levee or
drainage district and make return thereof with their regular return.
Such special assessment shall be a debt due personally from the rail-
road company, and unless the same is paid by the railroad company
as special assessment, it may be collected in the name of the county
in any court having jurisdiction. All other proceedings in relation
to railroads shall be the same as provided for individual property
owners within the drainage district.

[§ 1989-al8; 39 G. A., ch. 206, § 2.]

SEC. 4858-a1. Establishment and construction across telegraph,
telephone and electric lines.

Whenever the board of supervisors shall have established any
levee or drainage district or change of any natural watercourse and
the levee, ditch, drain or watercourse as surveyed and located crosses
any telephone, telegraph or other electric line it shall be the duty of
the company controlling said line to remove the same to permit the
free passage and operation of the contractor's equipment without dis-
mantling such equipment and the contractor shall pay the reasonable
cost of the expense of such removal and for the cost necessary to put
same back in proper condition.

The contractor shall be required to give written notice fifteen
days in advance of the time in which such lines shall be removed by
the companies owning same.

If the company shall fail, neglect or refuse to comply with the
provisions of this section the county auditor of the county in which
such improvement is being done shall cause the same to be done under.
the supervision of the engineer in charge of the improvement and the
contractor shall be liable for the cost thereof to be collected by the
county in any court having jurisdiction. Electric lines as defined in
this section shall not be construed to include electric railways.

[39 G. A., ch. 205, § 1.]

SEC. 4874. Special assessment — how paid — improvement cer-
tificates — waivers.

The special assessment for benefits made by the commissioners
appointed for that purpose, as corrected and approved by the board
of supervisors, shall be levied at one time by the board against the
property so benefited, and when levied and certified shall be payable
at the office of the county treasurer.

If the owner of any parcel of land, lot or premises against which
any such levy shall have been made and certified, which is embraced
in any certificate provided for in this section, shall within thirty days
from the date of such assessment promise and agree in writing in-
dorsed upon such certificate, or in a separate agreement, that in con-
sideration of having the right to pay his assessment in installments,
he will not make any objection of illegality or irregularity as to the
assessment of benefits, or levy of such tax upon and against his
property, but will pay said assessment with interest thereon at such
rate not exceeding six per centum per annum as shall be prescribed by
resolution of the board, such tax so levied against the land, lot or
premises of such owner shall be payable in not less than ten nor more
than twenty equal installments; the first of which, with interest on
the whole assessment, shall mature and be payable on the date of
such assessment, and the others with interest on the whole amount
unpaid annually thereafter at the same time and in the same man-
ner as the March semiannual payment of ordinary taxes, but the fore-
going provision as to payment in installments shall not apply to
assessments of twenty dollars or less on a single lot or tract of land;
but where no such terms and agreement in writing shall be made by
the owner of any land, lot or premises, then the whole of said special
assessment, so levied upon and against the property of such owner,
shall mature at one time and be due and payable with interest from
the date of such assessment, and shall be collected at the next suc-
ceeding March semiannual payment of ordinary taxes.

All of such tax with interest shall become delinquent on the first
day of March next after its maturity and shall bear the same interest
with the same penalties as ordinary taxes; provided, however, that
the county treasurer shall, at the March semiannual tax-paying date,
require only the payment of a sufficient portion of the assessments to
meet the interest and the amount maturing on bonds or certificates
prior to the regular time for the payment of the second installment
of taxes and the balance shall be collected with such second install-
ment and without penalty.

The board may provide by resolution for the issuance of im-
provement certificates, payable to bearer or to the contractors who
have constructed the said improvement or completed part thereof
within the meaning of this chapter in payment or part payment there-
for, each of which certificates shall state the amount of one or more
assessments or part thereof made against the property, designating
it and the owners thereof liable to assessments for the cost of same,
and said certificate may be negotiated.

Such certificates shall transfer to the bearer, contractor, or as-
signs all right and interest in and to the tax in every such assessment
or part thereof described therein, and shall authorize such bearer,
contractor, or assignee to collect and receive every assessment em-
braced in said certificate, by or through any of the methods provided
by law for their collection, as the same mature.

Such certificates shall bear interest not to exceed six per centum
per annum, payable annually, and shall be paid by the taxpayer to
the county treasurer who shall receipt for the same and cause the
amount paid to be applied to the payment of the certificate issued
therefor; provided that any person shall have the right to pay the
full amount of the tax so levied against his property, together with
interest thereon to date of payment, at any time he desires so to do,
even before the maturity of any certificates issued therefor.
§ 4875. Drainage bonds—benefits to highways included.

If the board of supervisors, when the drainage district has been established, or on making any subsequent repair or improvement of the same, shall determine that the estimated cost of reclamation and improvement of such district of land is greater than should be levied in a single year upon the lands benefited, instead of issuing improvement certificates as provided in section forty-eight hundred seventy-four of this supplement, it may fix the amount that shall be levied and collected each year and may issue drainage bonds of the county, bearing not more than five per centum annual interest and payable semiannually in the proportions and at the times when such taxes shall have been collected, and may devote the same at par, with accrued interest, to the payment of the work as it progresses or may sell the same at not less than par, with accrued interest, and devote the proceeds to such payment; and if in the sale of said bonds a premium is received, such premium shall be credited to the drainage fund, and should the cost of such work exceed the estimate, or should the proceeds of the tax when collected be insufficient to pay the principal and interest of bonds sold, a new apportionment of the tax may be made and other bonds issued and sold in like manner, to meet such excess of cost or shortage in the proceeds of tax, but in no case shall the bonds run longer than not more than twenty years. The bonds issued under the provisions of this section, or the proceeds thereof, shall be available for the use of the district at a date not later than ninety days after the actual commencement of the work, as provided in section forty-eight hundred forty-three of this supplement. Provided, however, that no assessments of twenty dollars or less on a single lot or tract shall be included in such bond issue and such sums shall be collected as provided in section forty-eight hundred seventy-four of this supplement, at the next succeeding March semiannual payment of ordinary taxes; provided, however, that nothing herein shall prevent owners of such lots or tracts to take advantage of the provisions of section forty-eight hundred fifty-one of this supplement providing for payment in three installments. Any property owner may pay the full amount of the benefit assessed against his property before such bonds are issued and receive a receipt in full therefor. Such payment shall be made to the county treasurer, and it shall be the duty of the county
When requested to do so, and the treasurer shall enter the same upon
the tax lists in his hands in a separate place provided therefor, and
shall furnish the auditor with duplicate receipts given for all assess-
ments so paid in full. The terms and times of payment of the bonds
so issued shall be fixed by the board. Said bonds shall be issued for
the benefit of the district numbered thereon and each district shall be
numbered by the board of supervisors and recorded by the auditor,
said record showing specifically the lands embraced in said district
and upon which the tax has not been previously paid in full. In no
case shall the amount of bonds exceed the benefits assessed. Each
bond issued shall show expressly upon its face that it is to be paid only
by a tax assessed, levied and collected on the lands within the district
so designated and numbered, and for the benefit of which district such
bond is issued; nor shall any tax be levied or collected for the payment
of said bond or bonds, or the interest thereon, on any property outside
the district so numbered, designated and benefited. When the board
of supervisors shall provide for the issuance of drainage bonds, it shall
determine what part, if any, of the amount assessed for the benefits
to highways shall be included in such bond issue, and such part, with
interest, shall be paid out of the proper funds in the same yearly
proportion and at the same times as the assessments against the lands
of private owners.

SEC. 4877. Establishment through two or more counties—voting
powers of boards of supervisors equalized.

When the desired levee or drainage district extends into or
through two or more counties and embraces land in two or more coun-
ties, the petition of one or more owners of land to be affected or bene-
fitied by such improvement shall be presented to the county auditor
of each county into or through which said levee or drainage district
will extend, accompanied by a bond to be filed with the county auditor
of each of the said counties at the time of filing such petition, con-
ditioned as provided when the district is wholly within one county,
in an amount and with sureties satisfactory to and approved by the board of supervisors. Upon the presentation of such petition and the
approval of such bond, the board of supervisors of each of said coun-
ties shall appoint a commissioner, and the commissioners of the sev-
eral counties thus appointed shall meet within thirty days thereafter
and appoint a competent engineer, and such commissioners and engi-
neer shall together make a survey of the entire lands embraced in
the district, and shall determine what improvement or improvements
in the way of levees, drains, ditches or changing of natural water-
courses are necessary for the reclamation of the lands described in
the said petition; the engineer shall make a plat of all of the lands of
said district, showing thereon the proposed improvements, the eleva-
tions and levels of said lands, so far as he may deem necessary, and
a profile of said levee, drains, ditches or changes in any natural water-
course and shall file a copy in the auditor's office of each of said
counties, together with a full return of said commissioners and engi-
neer explaining the situation, describing the lands, the improvements, what effect said improvements will have upon the lands of said district, the course and length of any levee, drain, ditch or change of any natural watercourse through each tract of land, the estimated cost of the same, the dimensions of said improvement, together with the names of the owners of all lands included within said district; as shown by the transfer books in the auditor's office, and which in their opinion will be affected or benefited thereby, together with such other facts and recommendations as to them shall seem advisable, and especially whether or not in their judgment such levee or drainage district should be established. Immediately upon the filing of such return, plat and profile, if such recommends the establishment of the levee or drainage district, each county auditor of said counties shall cause the owners of the lands in his county, as shown by the transfer books in the auditor's office, and also the person in actual occupancy of said lots or lands, in the district recommended by the commissioners, and also each lienholder or incumbrancer, as shown by the county records in his county of any land through or abutting upon which the proposed improvement extends, to be notified of the time and place where the boards of the several counties will meet in joint session for the consideration of said petition and return. Such notice shall be the same and served in the same time and manner as provided in this chapter when the levee or drainage district is wholly within one county. When the boards of supervisors are of unequal number, each member of the board of the smallest number of members shall cast a full vote, and each member of any larger board shall cast such fractional part of a full vote as may be determined by making the smallest number of the membership of any board the numerator and the number of the membership of any such larger board entitled to vote the denominator of such fraction, so as to equalize the voting power of each board.

SEC. 4880. Assessments of costs and damages—improvement certificates—bonds.

If the boards of supervisors, acting jointly, shall establish the levee or drainage district, they shall appoint a commission, one of whom shall be selected from each county, and in addition thereto a competent engineer, each of whom shall have the same qualifications as provided where the district is wholly within one county; and said commission shall within twenty days go upon and view the premises and begin the work of classifying the same as hereinbefore provided where the district is wholly within one county, and in addition thereto shall make an equitable apportionment of the costs, expenses, costs of construction, fees and damages assessed for the construction of such improvement or of the repairing or reopening the same, and make report thereof as provided where the improvement is wholly within one county, except a copy of said report shall be filed with each of the several county auditors. Immediately upon the filing of such report the several county auditors, acting jointly, shall cause notice to be served of the time when and the place where the boards of supervisors will meet and consider such report, which notice shall be the same and served in the same time and manner, and all proceedings thereon shall be the same as provided where the district is wholly
within one county, publication thereof to be made in each of said
21 counties, except that the objections not filed prior to the day of the
22 hearing shall be filed with the boards of supervisors at the place where
23 the hearing is to be held, and except after the amount to be assessed
24 and levied against the several parcels or tracts of land shall have been
25 apportioned and finally determined, the several boards of supervisors,
26 acting separately, and within their own counties, shall proceed to levy
27 and collect the taxes thus apportioned in the same manner as provided
28 where the district is wholly within one county, and they may issue
29 improvement certificates or may sell bonds for the full amount of the
30 benefits apportioned to such county.

SEC. 4880-a1. Time bonds or proceeds available.
1 The bonds issued under the provisions of the preceding section,
2 or the proceeds thereof, shall be available for use of the district, at a
3 date not later than ninety days after the actual commencement of the
4 work, as provided in sections forty-eight hundred forty-three of this
5 supplement and forty-eight hundred seventy-nine of the compiled code.

[39 G. A., ch. 124, § 2.]

SEC. 4882. Supervising engineer—contractor—how paid.
1 At the time of establishing the levee or drainage district the
2 boards of supervisors shall appoint a competent engineer to have
3 charge of the construction of the work, and they shall fix his com-
4 pensation therefor, and he shall, before entering upon and taking
5 charge of said work, give bond to the counties for the use and benefit
6 of the levee or drainage district, approved by the boards of supervisors
7 in such sum as they may direct, conditioned for the faithful discharge
8 of his duties. The engineer in charge of the work shall furnish the
9 contractor monthly estimates of the amount of work done on each
10 section and the amount due from each county, a duplicate of which
11 shall be filed with the auditor of each of the several counties. Upon
12 the filing of such statement each auditor shall draw a warrant or de-
13 liver to him improvement certificates, or drainage bonds, as the case
14 may be, in favor of the contractor for eighty per centum of the amount
15 due from his respective county. When said improvement is completed
16 to the satisfaction of the engineer in charge and accepted by the boards
17 of supervisors, the engineer shall certify such fact to the several county
18 auditors and each county auditor shall draw a warrant in favor of
19 the contractor, or deliver to him improvement certificates, or drainage
20 bonds, as the case may be, for the balance due from his respective
21 county.

SEC. 4886. Cities and towns may be included—benefits assessed
1—notice—objections—appeal.
2 The board of supervisors shall have the same power, right and
3 authority to establish a levee or drainage district that includes the
4 whole or any part of any incorporated town or city, including cities
5 acting under special charters, as they have to establish districts as
6 hereinbefore provided, and they shall have the same power, right and

[521]
authority with respect to the assessment of damages and benefits
within such towns or cities as they have in other cases provided for in
this chapter, and like notice to such city or town with respect to the
establishment of such district and the apportionment and assessment
of damages and benefits shall be given as is required by this chapter
to be given to owners of property damaged or benefited by the estab-
ishment or construction of such improvement. Whenever the streets,
ableys, public ways or parks of any incorporated town or city, or city
acting under special charter, so included within a levee or drainage
district, will be beneficially affected by the construction of any im-
provement or improvements in such district, it shall be the duty of the
commissioners appointed to classify and assess benefits to determine
and return in their report the amount of benefit to such streets, alleys,
public ways and parks, and notice thereof shall be served upon the
clerk of such incorporated town or city, or city acting under special
charter, and the town or city council, or clerk of such town or city,
may file objections to such assessment in the time and manner pro-
vided in case of landowners, and the town or city council shall have
the same right to appeal from the finding of the board with reference
to such an assessment, and such assessment, as finally established,
shall draw interest at the same rate and from the same time as the
assessments against lands, and the board of supervisors and the town
or city council shall have the same power and authority in reference
to issuing improvement certificates or drainage bonds and executing
waivers on account of such assessment for benefits to streets, alleys,
public ways and parks as is herein conferred upon the board of sup-
visors and township trustees in reference to assessment for benefits to
highways. Cities or towns affected by this section may issue their
funding bonds in accordance with the provisions of chapter thirty-
four, title thirteen, for the purpose of securing the money to pay any
assessment, or said assessment may be paid by tax levy as provided
by section forty hundred thirty-eight, paragraph fifteen of this sup-
plement.

[§ 1989-a38; 37 G. A., ch. 28, § 1; 39 G. A., ch. 137,
§ 3.]

SEC. 4890. Fees and expenses.

Any engineer employed under the provisions of this chapter shall
receive such compensation per diem as shall be fixed and determined
by the board of supervisors. Appraisers of damages and commission-
ers to assess benefits, other than the engineer, shall receive such com-
ensation as the board of supervisors may allow, not to exceed five
dollars per day each, and all other fees and costs required under the
provisions of this chapter shall be the same as provided by law for like
services in other cases. Such costs and expenses shall be paid by the
order of the board of supervisors out of the county treasury from the
levee or drainage funds collected for that purpose upon warrants
drawn by the county auditor. And the amount of fees for publica-
tion of all notices required to be published by the provisions of this
chapter shall be fixed by the board of supervisors not exceeding thirty-
three and one-third cents for each insertion for each ten lines of bre-
vier type, or its equivalent.

[§ 1989-a41; 38 G. A., ch. 76, § 1; 39 G. A., ch. 130.]

SEC. 4912-al. Record of private drainage system.
1 Any person who has provided a system of drainage on land owned by him may have the same made a matter of record in the office of the county recorder in which the drainage system is located as is hereinafter provided.

SEC. 4912-a2. Flat book record—form and requirements.
1 The county recorder shall be provided with a plat book (loose leaf system) made to a scale not larger than sixteen inches to one mile for each section of the land within the county in which such records shall be made. Such plat book shall consist of sheets of paper inter-bound by sheets of tracing cloth with proper heading, margin, and binding edge. Said plat book shall be used for keeping a record of drainage systems filed by any landowner, and shall be made or approved only by a registered engineer. Plats so offered for record shall be drawn to scale giving distances in feet, indicate the size of tile used, length of mains, submains, and laterals and location with regard to boundary lines of tract or government corners and subdivisions.

SEC. 4912-a3. Record book and index—contents—original plat in lieu of record.
1 The county recorder shall also be provided with a record book and index referring to the plats provided for in the preceding section, and which may be used to give the owners' name, description of tracts of land drained, stating the time when drainage system was established, the kind, quality and brand of tile used, the name and place of manufacturing plant, the name of contractors who laid the tile, the name of the engineer in charge of the survey and installation, the cost of tile, delivery, installation and engineering expense, depths, grades, outlets, connections, contracts for agreements with adjoining landowners as to connections and any other matters or information that may be considered of value, all of said information to be furnished by the landowner or the engineer having charge of the installation of the same and certified to under oath, and shall be certified under oath by a registered engineer as being a true and accurate record. Provided that in lieu of making the record as herein provided any landowner may file with the county recorder the original plat used in the establishment of said drainage system, or a copy thereof, which shall be certified by the engineer having made the same.

SEC. 4912-a5. Fees for record and copies.
1 The county recorder shall be entitled to collect fees for the filing

CHAPTER 2-A
DRAINAGE FUNDING BONDS

SECTION 4935-a1. Limitation on amount.
1 Drainage or levee districts having and operating a pumping
2 station may settle, adjust, renew, or extend the legal indebtedness
3 they may have, or any part thereof, in the sum of one thousand dol-
4 lars or upwards, whether evidenced by bonds, warrants, or judgments,
5 and may fund or refund the same and issue coupon bonds therefor
6 but no bonds shall be issued under this chapter for any other pur-
7 pose than is above authorized.
   [40 G. A., ch. 159, § 1.]

SEC. 4935-a2. Form of bonds.
1 Such bonds shall be issued in sums of not less than one hundred
2 dollars or more than one thousand dollars each, running not more than
3 twenty years, bearing interest not exceeding six per cent per annum,
4 payable annually or semiannually, and shall be substantially in the
5 form provided by the laws of the state of Iowa for funding bonds
6 issued for drainage purposes.
   [40 G. A., ch. 159, § 2.]

3 board of supervisors, which shall specify the amount authorized to
4 be issued, the purpose for which issued, the rate of interest they shall
5 bear and whether payable annually or semiannually, the place where
6 the principal and interest shall be payable and when it becomes due,
and such other provisions not inconsistent with law in reference thereto as the board of supervisors shall think proper, which resolution shall be entered of record upon the minutes of the proceedings of the said board and a complete copy thereof printed on the back of each bond, which resolution shall constitute a contract between the drainage district and the purchasers or holders of said bonds.

[40 G. A., ch. 159, § 4.]

SEC. 4935-a5. Registration and report.

When bonds have been executed as aforesaid they shall be delivered to the county treasurer and his receipt taken therefor. He shall, under a resolution and the direction of the said county board of supervisors, sell the bonds for cash on the best available terms or exchange them on like terms for a legal indebtedness of the said district evidenced by bonds, warrants, or judgments outstanding at the date of the passage of the resolution authorizing the issue thereof and the proceeds shall be applied and exclusively used for the purposes for which said bonds are issued. In no case shall they be sold or exchanged for a less sum than their face value and all interest accrued at the date of sale or exchange. [40 G. A., ch. 159, § 8.]

1 Refunding bonds for the purposes set out in this chapter may be

3 are shown by the assessment of taxes to have been levied against the
4 lands within said drainage district and not until the owners of ten
5 per cent of the lands within said district shall have petitioned the
6 said board of supervisors to extend the time of payment of the taxes
7 assessed against the lands within said district for a period not exceed-
8 ing twenty years, under such rules and regulations as the board of

11 of the extended taxes the principal of said tax shall be paid, one-

13 said tax shall continue until the full payment thereof. Upon the

SEC. 5118. Minimum length—construction—equipment.

1 It shall be unlawful, except as otherwise provided in this chapter,
2 for any such common carrier by railroad to use on its lines any caboose

CHAPTER 3-A
SPUR TRACKS

SECTION 5172-a1. Construction and maintenance.

Every railroad, whether operated by steam or electricity, shall
acquire the necessary rights of way for, by condemnation or purchase,
and shall construct, connect and operate and maintain a reasonably
adequate and suitable spur track, whenever such spur track does not
necessarily exceed three miles in length, and is required for the suc-
cessful operation of any existing or proposed mill, elevator, store-
house, warehouse, dock, wharf, pier, manufacturing establishment,
lumber yard, coal dock, or other industry or enterprise, and its con-
struction and operation is not unusually unsafe and dangerous, and
is not unreasonably harmful to public interest, provided, however,
that no such track is required to be constructed until, or if hereafter
constructed need not be maintained unless, the board of railroad com-
missioners, after hearing, shall have declared the same to be necessary.
[39 G. A., ch. 86, § 1.]

SEC. 5172-a2. Payment of cost of construction—bond.

Such railroad may require the person or persons, firm, corpora-
tion or association primarily to be served thereby, to pay the legiti-

necessary rights of way for such spur track, and of constructing the
same, as shall be determined in separate items by the board of rail-
road commissioners, in which case the total estimated cost thereof
shall be deposited with the railroad before the railroad shall be re-
quired to incur any expense whatsoever therefor; provided, however,
that when any such person, firm, corporation or association, shall be
required by commission to deposit with the railroad, the total esti-
imated cost, as herein provided, such person, firm, corporation or asso-
ciation, may offer or cause to be offered, a proposition in writing to
such railroad, to construct such spur track, such proposition to be
accompanied by a surety company bond, running to such railroad,
and conditioned upon the construction of such spur track in a good
and workmanlike manner, according to the plans and specifications
provided by such railroad, and approved by the said commission, and
deposit with such railroad the estimated cost of the necessary right of
way for such spur track; and whenever such proposition and security
company bond shall be offered the person, firm, corporation, or asso-
ciation primarily to be served thereby, shall not be required to deposit
as herein provided, as the total estimated cost of such construction,
an amount in excess of the estimated cost of the right of way, and
the total amount stated in such written proposition. Provided fur-
ther, that before the railroad shall be required to incur any expense
whatever in the construction of said spur track, the person, firm, corporation or association primarily to be served thereby, shall give the railroad a bond to be approved by the board of railroad commissioners as to form, amount and surety, securing the railroad against loss on account of any expenses incurred beyond the amount so deposited with the railroad.

[39 G. A., ch. 86, § 2.]

SEC. 5172-a3. Connections with original spurs—prorating costs.
1 Whenever such spur track is so connected with the main line, as provided in this chapter, at the expense of the owner of such proposed or existing mill, elevator, storehouse, warehouse, dock, wharf, pier, manufacturing establishment, lumber yard, coal dock, or other industry or enterprise, and any person, firm, corporation or association shall desire a connection with such spur track, application therefor shall be made to the commission, and such person, firm, corporation, or association shall be required to pay to the person, firm, corporation, or association that shall have paid or contributed to the primary cost and expense of acquiring the right of way for such original spur track, and of constructing the same, an equitable proportion thereof, to be determined by the commission, upon such application and notice, to the persons, firms, corporations, or associations that have paid or contributed towards the original cost and expense of acquiring the right of way and constructing the same.

[39 G. A., ch. 86, § 3.]

SEC. 5172-a4. Failure of railroad to act—hearing.
1 In case of the failure or refusal of any railroad to comply with any of the provisions of this chapter, the person or persons, firm, corporation or association aggrieved thereby may file a complaint with the board of railroad commissioners setting forth the facts, and the said commission shall investigate and determine the matter in controversy, and any order it shall make in said proceeding shall have the same force and effect as an order by said board in any other proceeding properly begun under and by virtue of the provisions of law.

[39 G. A., ch. 86, § 4.]

CHAPTER 4
REGULATION OF CARRIERS

SECTION 5177. Long and short haul—fair rate.
1 No common carrier, subject to the provisions of this chapter, shall charge more for the transportation of persons or property to or from any point on its railroad than a fair and just rate or charge.

4 No such common carrier, or carriers, shall charge or receive any greater compensation in the aggregate for the transportation of persons or of a like kind of property for a shorter than for a longer distance, over the same line or route in the same direction within this state, the shorter being included within the longer distance, or charge
any greater compensation as a through rate than the aggregate of the
intermediate rates; but, this shall not be construed as authorizing
any such common carrier or carriers to charge or receive as great a
compensation for a shorter as for a longer distance or haul; provided
that upon application to the board of railroad commissioners such
common carrier or carriers may, in special cases, after investigation,
be authorized by the board of railroad commissioners to charge less
for a longer than for a shorter distance for the transportation of per-
sons or property; and the board of railroad commissioners may from
time to time prescribe the extent to which such designated common
carrier or carriers may be relieved from the operation and require-
ment of this section; but, in exercising the authority conferred upon
it in this proviso, the board of railroad commissioners shall not permit
the establishment of any charge to or from the more distant point
that is not reasonably compensatory for the service performed; and,
if a circuitous rail line or route is, because of such circuity, granted
authority to meet the charges of a more direct line or route to or
from competitive points and to maintain higher charges to or from
intermediate points on its line, the authority shall not include inter-
mediate points as to which the haul of the petitioning line or route
is not longer than that of the direct line or route between the com-
petitive points.

[C., '97, § 2126; 40 G. A., ch. 161.]

SEC. 5179. Schedules of rates and fares.

[Repealed by 40 G. A., ch. 162, § 1, and the thirteen following sec-
tions enacted in lieu thereof.]

SEC. 5179-a1. Rate schedules—filing and publication.

Every common carrier, subject to the provisions of this chapter,
shall file with the board of railroad commissioners and shall print and
keep open to the public inspection schedules showing the rates, fares,
charges, and classifications for the transportation within this state of
persons and property from each point upon its route to all other points
thereon and from all points upon its route to all points upon every
other route leased, operated or controlled by it; and from each point
on its route or upon any route leased, operated or controlled by it to
all points upon the route of any other common carrier, whenever a
through route and a joint rate shall have been established or ordered
between any two such points. If no joint rate over a through route
has been established, the schedules of the several carriers in such
through route shall show the separately established rates, fares,
charges, and classifications applicable to the through transportation.

[C., '73, § 1304; C., '97, § 2128; 40 G. A., ch. 162, § 2.]

SEC. 5179-a2. Detailed requirements—accessibility.

The schedules printed as aforesaid shall plainly state the places
between which such property and persons will be carried, and shall
also state separately all terminal charges, storage charges, icing
charges, and all other charges which the board of railroad commis-
sioners may require to be stated, all privileges or facilities granted or
allowed, and all rules or regulations which may in any wise change,
affect or determine any part, or the aggregate of such rates, fares,
charges, and classifications, or the value of the various services ren-

Subject to such rules and regulations as the board of railroad commissioners may prescribe, such schedules shall be plainly printed in large type and a copy thereof shall be kept by every such carrier readily accessible to and for inspection by the public in every station or office of such carrier where passengers or property are respectively received for transportation when such station or office is in charge of an agent, and in every station or office of such carrier where passenger tickets or tickets for sleeping, parlor car or other train accommodations are sold or bills of lading or waybills or receipts for property are issued. Any or all of such schedules kept as aforesaid shall be immediately produced by such carrier for inspection upon the demand of any person.

When schedules and classifications required by the interstate commerce commission contain in whole or in part the information required by the provisions of sections fifty-one hundred seventy-nine-a one to fifty-one hundred seventy-nine-a thirteen, inclusive, of this supplement, the posting, publishing and filing of a copy or copies of such schedules and classifications required by the interstate commerce commission shall be deemed in compliance with the requirements of the above named sections in so far as such schedules and classifications contain the information required by said named sections, and any additional or different information may be posted, published, and filed in a supplementary schedule.

[C., '97, § 2128; 40 G. A., ch. 162, § 5.]

SEC. 5179-a5. Partial schedules.

In lieu of filing its entire schedule in each station or office, any common carrier may, subject to the regulations of the board of railroad commissioners, file or keep posted at such stations or offices, schedules of such rates or other charges, classifications, rules, and regulations relating thereto as are applicable at, to and from the places where such stations or offices are located.

[C., '97, § 2128; 40 G. A., ch. 162, § 6.]
SEC. 5179-a6. Changes in schedules.

Unless otherwise ordered by the board of railroad commissioners, a schedule showing such joint tariff, rate, fare, toll, contract, classification or charge need be filed with the board by only one of the parties; provided that there is also filed with the board of railroad commissioners in such form as the board may require a concurrence in such joint tariff, rate, fare, toll, contract, classification or charge by each of the other parties thereto.

[C., '97, § 2128; 40 G. A., ch. 162, § 8.]

SEC. 5179-a8. Contracts affecting rate.

Unless the board of railroad commissioners otherwise orders, no change shall be made by any common carrier in any rate, fare, toll, charge or classification or in any rule, regulation, practice, or contract relating to or affecting any rate, fare, toll, charge or classification, except after thirty days' notice to the board of railroad commissioners and to the public as herein provided. Such notice shall be

open for public inspection new schedules or supplements stating
plainly the change or changes to be made in the schedule or schedules
then in effect, and the time when the change or changes will go into
effect.

The board of railroad commissioners, for good cause shown, may
allow changes without requiring the thirty days' notice herein pro-
vided for, by an order specifying the changes so to be made and the
time when they shall take effect, and the manner in which they shall
be filed and published. When any change is proposed in any rate,
fare, toll, charge or classification or in any rule, regulation, practice
or contract relating to or affecting any rate, fare, toll, charge or clas-

shall charge, demand, collect or receive a greater or less or different
compensation for the transportation of persons or property or for any
service in connection therewith than the rate, fares, and charges

in effect at the time; nor shall any such carrier refund or remit in any
manner or by any device any portion of the rates, fares or charges so
specified except upon order of the courts or of the board of railroad
commissioners as may be now or hereafter by law provided, nor
extend to any shipper or person any privilege or facility in the trans-

such schedules.

[C. '97, § 2128; 40 G. A., ch. 162, § 12.]

shall not go into effect; provided that the period of suspension of such

1 Any corporation for pecuniary profit organized under the laws of another state, or of any territory of the United States, or of any foreign country, which has transacted business in the state of Iowa since the first day of September, eighteen hundred eighty-six, or desires hereafter to transact business in this state, and which has not a permit to do such business, shall file with the secretary of state a certified copy of its articles of incorporation, duly attested by the secretary of state or other state officer in whose office the original articles were filed, accompanied by a resolution of its board of directors or stockholders authorizing the filing thereof, and also authorizing service of process to be made upon any of its officers or agents in this state engaged in transacting its business, and requesting the issuance to such corporation of a permit to transact business in this state; said application to contain a stipulation that such permit shall be subject to the provisions of this chapter.

16 Said application shall also contain a statement subscribed and sworn to by at least two of the principal officers of the corporation, setting forth the following facts, to wit:

1. The total authorized capital of the corporation.
2. The total paid-up capital of the corporation.
3. The secretary of state can make such independent and further investigation as to the property within this state owned by any such corporation as he may desire, and upon the true facts determine the value thereof, and fix the fee to be paid by such company.

Before a permit is issued authorizing such corporation to transact business in the state of Iowa, said corporation shall pay to the secre-
tary of state a fee of ten cents per one hundred words for recording

use in the state of Iowa by said foreign corporation is increased, said
corporation shall at the time of said increase, or at the time of making
annual report to the secretary of state, in July of each year, file with
the secretary of state a sworn statement showing the amount of such
increase, and shall pay a filing fee thereon of one dollar for each one
thousand dollars or fraction thereof of such increase, together with

and not for the profit of stockholders, and control of which is vested in
its members upon the basis of one vote to each member. No associa-

1 Every such association shall be managed by a board of not less
than five directors, who shall be elected by and from the members at
such time and for such term of office as the articles may prescribe. They
shall hold office until their successors are elected and qualify; but a
majority of the members shall have the power at any regular or special
meeting of the association legally called, to remove any director or
officer for cause, and fill the vacancy.

Under the terms and conditions prescribed in its by-laws, an association may admit as members persons engaged in the production of the products, or in the use or consumption of the supplies, to be handled by or through the association, including the lessors and landlords of lands used for the production of such products, who receive as rent part of the crop raised on the leased premises.

Likewise, associations may be formed under this chapter whose membership shall consist of other associations formed under the provisions of this chapter, the purpose being to federate local associations into central cooperative associations for the more economical and efficient performance of their marketing or other operations.

Such central associations may enter into contracts, agreements, and arrangements with their member associations. Each member association in such federated associations shall have an official representative chosen by its own board of directors, who shall cast one vote and no more at all business meetings of the federated association.

Membership certificates in due form shall be issued to all charter members and to such others as shall subsequently be admitted by the association in accordance with its articles and by-laws. No such certificate shall be transferable by the member to any other person, but shall be surrendered to the association in case of his voluntary withdrawal. It shall become void upon his death, or may be revoked by the directors upon proof duly made that he has ceased to be a producer of products handled by or through the association, in the case of producing or selling associations or has ceased to be the user of products handled by or through the association in case of stores and supply associations, or for failure to observe its by-laws or his contractual obligations to it. [39 G. A., ch. 122, § 10.]

SEC. 5408-a11. Power to compel sales and purchases—liquidated damages.

The association may require members to sell all or a stipulated part of their specifically enumerated products exclusively through the association or to buy specifically enumerated supplies exclusively
through the association, but in such case, a reasonable period during each year shall be specified during which any member, by giving notice in prescribed form, may be released from such obligation thereafter. Where it is desired to enter into the exclusive arrangement provided in this section, the association shall execute a contract with each such member setting forth what goods or wares are to be handled and upon what terms. In order to protect itself in the necessary outlay, which it may make for the maintenance of its services, the association may stipulate that some regular charge shall be paid by the member for each unit of goods covered by such contract whether actually handled by the association or not, and in order to reimburse the association for any loss or damage which it or its members may sustain through the member's failure to deliver his products to or to procure his supplies from the association.

In case it is difficult or impracticable to determine the actual amount of damage suffered by the association or its members through such failure to comply with the terms of such a contract, the association and the member may agree upon a sum to be paid as liquidated damages for the breach of his contract, said amount to be stated in the contract.

SEC. 5408-a14. Cost of service—dues, etc.—reserve fund.

Associations formed under this chapter shall perform services for their members on a basis of the lowest practicable cost, and may provide for meeting the cost thereof through dues, assessments, or service charges, which shall be prescribed in the by-laws. Such charges shall be set high enough to provide a margin of safety above current operating costs and fixed charges upon borrowed capital.

Out of any surplus remaining in any given year, the directors shall each year set aside not less than ten per cent of such savings for the accumulation of a reserve fund until such reserve shall equal at least forty per cent of the invested capital of the association, not less than one per cent nor more than five per cent for a permanent educational fund from which expenditures shall be made annually at the discretion of the directors for the purpose of teaching cooperation, and the remainder to be returned to the members as a patronage dividend proportioned on a uniform basis to each member upon the value of business done by him through the association.

[39 G. A., ch. 122, § 14.]

1 All corporations, or associations heretofore organized and doing 
2 business under prior statutes, or which have attempted so to organize 
3 and do business cooperatively, shall have the benefit of all the provis- 
4 ions of this chapter and be bound thereby, on filing with the secretary 
5 of state a written declaration signed and sworn to by the president and 
6 secretary, to the effect that said company or association has, by a ma- 
7 jority vote of its stockholders, decided to accept the benefits of and to 
8 be bound by the provisions of this chapter. 

[39 G. A., ch. 122, § 16.]

SEC. 5408-a17. Who may use term "cooperative"—penalty—

for market, handling and marketing the products of their members.
Such persons may organize and operate such associations, and such
associations may make the necessary contracts and agreements to
effect that purpose, any law to the contrary notwithstanding.

[39 G. A., ch. 176, § 1.]

Contracts and agreements entered into between associations and

so agree, shall be construed as liquidated damages and be enforcible in
the full amount thereof both at law and in equity.

1 Should any section of this chapter or any part thereof be held by
2 any court of competent jurisdiction to be unconstitutional, such section
3 or part thereof shall be deemed to be independent of and unrelated
4 to any other section or part of this chapter, and such decision shall
5 affect only the specific provision which it is held offends against the
6 constitution, and shall not be held to be an inducement to the passage
7 of any other section or provision of this chapter.

[39 G. A., ch. 189, § 6.]

SEC. 5427. Accounts—how kept—open to inspection and examination—fee.

1 The general accounts of every person, firm, association, company or corporation doing business in this state pursuant to the provisions of this chapter shall be kept in a businesslike and intelligent manner and in sufficient detail that the secretary of state can ascertain at any time upon inspection and examination its financial condition, and any person, firm, association, company or corporation engaged in the business of buying or selling stocks, bonds or other securities and subject to the provisions of this chapter, shall keep its books of account during business hours, except Sundays and legal holidays, open to its members, stockholders and investors and to the secretary of state or his duly authorized agents or representatives, and the said secretary of state shall have the right to make an examination and inspection of the books, accounts and financial condition of any such person, firm, association, company or corporation engaged in the business of dealing in stocks, bonds and other securities pursuant to the provisions of this chapter. The right, powers and privileges of the secretary of state in connection with such examination shall be the same as is now provided with reference to examination of state and savings banks, and such person, firm, association, company or corporation so examined shall pay a fee to the secretary of state for each of such examinations not to exceed ten dollars per day, or fraction thereof, spent by said secretary of state or his duly authorized representative while absent from the seat of government in making such examination, and shall further pay the actual traveling and hotel expenses of said examiner. Upon failure or refusal of any person, firm, association, company or corporation to pay the fees herein required, upon the demand of the secretary of state or his duly authorized representative, the secretary of state may suspend its right to sell, offer or negotiate for sale any of its stocks, bonds or other securities in this state until such fee or fees are paid.

[S. S., '15, § 1920-u10; 39 G. A., ch. 189, § 3.]
SEC. 5429. Fees—account kept.

All fees herein provided for shall be collected by the secretary of state and by him covered into the state treasury on the first secular day of each month; and the secretary of state shall keep a record of the receipts and expenditures incurred in carrying out the provisions of this chapter.

Every person, firm, association, company or corporation that has received a permit to transact business in this state and desires to appoint agents or representatives shall cause said agent or representative to register with the secretary of state and file with said officer his written appointment and authority to represent said person, firm, association, company or corporation as its agent in this state, and such further information as the secretary may require, and receive from said secretary a certificate showing that the principal represented by said agent or representative has complied with the provisions of this chapter and received a certificate to do business. All such certificates shall be subject to revocation by the secretary of state if upon examination or investigation the secretary finds that the agent is misrepresenting the kind and character of securities, the nature of the business or is thereby, or otherwise defrauding the people of this state, in the sale of stocks, bonds or other securities. All such certificates, unless sooner revoked, shall expire on the first day of July of each year. A charge of three dollars shall be made by the secretary of state for each certificate issued to such agent.

SEC. 5432-a1. Secret agents—failure to disclose interest—penalty.

The agent’s commission shall be paid to the agent only out of the purchase price of the stock and then only when and as such purchase price is paid by the purchaser.

SEC. 5432-a3. Resale contracts.

No resale contract shall be entered into in the state of Iowa in connection with the sale of any stock, bonds or other security contemplated by this chapter, unless such resale contract is in writing signed by the parties and is accompanied by a performance bond in the penal sum of at least twice the amount in such resale contract, which bond shall be signed by himself and a responsible surety company authorized to do business in Iowa.

[39 G. A., ch. 189, § 5.]

The secretary of state may issue to any broker, or dealer in stocks, bonds or other securities, an annual permit, which permit shall entitle such stockbroker or dealer to sell, offer or negotiate for sale any stocks, bonds or other securities within this state, except those stocks, bonds or other securities, the sale of which would work a fraud upon the purchaser; provided, however, that such stockbroker or dealer shall file on the first and fifteenth day of each month a detailed list of the stocks, bonds or other securities on hand for sale or listed for sale by him, and also those sold by him during the preceding one-half month and not previously reported; provided further, that the secretary of state shall refuse to grant a permit, or shall cancel a permit previously granted, to any such stockbroker or dealer when he finds by investigation or otherwise that such stockbroker or dealer is selling or offering for sale within this state any stocks, bonds or other securities which would work a fraud upon the purchasers thereof. In order that the secretary of state may determine the nature and kind of securities to be sold and the character of the applicant, he is authorized to make investigation as otherwise provided herein, the expenses incurred thereby to be paid as provided in section fifty-four hundred twenty-seven of this supplement. The applicant shall also pay a fee of fifty dollars to the secretary of state for each of said annual permits, which permit, unless sooner revoked by the secretary of state, shall expire on the first secular day of July of each year. If said permit is issued after the first of January of any year, the fee shall be reduced one-half.

Before being granted such permit by the secretary of state, the stockbroker or dealer shall give a bond in the penal sum of five thousand dollars to the state of Iowa, for the use and benefit of any interested person, conditioned upon a strict compliance with this chapter and the honest and faithful application of all funds received by said broker, which bond shall be approved by the executive council and filed with the secretary of state.

Said bond shall be further conditioned for the payment of all damages suffered by any person damaged or defrauded by reason of the violation of any of the provisions of this chapter, or by reason of any fraud connected with or growing out of any transaction contemplated by the provisions of this chapter.

Action may be brought upon said bond in the county where the plaintiff resides, or in any county in which any of the defendants
may be sued, or in any county of the state wherein any of the trans-
actions relating to the subject matter of the action transpired.

SEC. 5438. False representations punished—penalty.
1 Any person, firm, association, company or corporation, or any
2 agent or representative thereof, whether subject to the provisions of
3 this chapter or otherwise, that sells, offers for sale or negotiates for
4 the sale of any stocks, bonds, or other securities within this state,
5 and knowingly makes any false representations or statement as to the
6 nature, character or value of such security, or the amount of the earn-
7 ing power of such security whether in the nature of interest, dividends
8 or otherwise, or knowingly makes any false or fraudulent representa-
9 tion concerning the financial condition, the assets or the property of
10 the company, firm or corporation issuing said security, or knowingly
11 makes any other false or fraudulent representation to any person for
12 the purpose of inducing said person to purchase said security, or con-
13 ceals any material fact in the advertisement or prospectus of such
14 security for the purpose of defrauding the purchaser, or knowingly
15 violates any of the provisions of this chapter with intent to defraud,
16 shall be deemed guilty of a felony and upon conviction thereof shall
17 be punished by a fine of not less than five hundred dollars or more
18 than five thousand dollars or by imprisonment in the penitentiary or
19 reformatory for not more than five years or by both such fine and im-
20 prisonment.

NOTE: The above section has been compiled by applying 39 G. A., ch. 189,
§ 4 to section 5438 of the compiled code instead of applying it to section 1920-u21
of the supplemental supplement to the code, '15. This has been necessary in
order to give the proper meaning to the section. The difficulty evidently came
about because of the difference in the numbers of the lines in the two sections.

SEC. 5438-a1. Promotion by state officials and employees.
1 No state official or employee of the state of Iowa shall use his name
2 in his official capacity in connection with the indorsement or recom-
3 mendation of the organization or the promotion of any company or in
4 the disposal to the public of its securities, nor shall anyone use the sta-
5 tionery of the state of Iowa or of any official thereof in connection with
6 any such transaction. Whoever violates the aforesaid provision shall,
7 upon conviction, by any court of competent jurisdiction, be deemed
8 guilty of a misdemeanor and fined in any sum not to exceed five hun-
9 dred dollars or be punished by confinement in a county jail for not more
10 than ninety days, or by both such fine and imprisonment.

6 be made on order of such secretary by warrant drawn by the auditor
7 of state against such fund upon the state treasurer, an itemized state-
8 ment of expense so incurred to be filed with the state board of audit.

[39 G. A., ch. 189, § 5.]

A vacancy in such office shall be filled by the governor only for the balance of the unexpired term.

Before entering upon the duties of his office, the deputy commissioner shall give a bond in the penal sum of ten thousand dollars conditioned as provided in section six hundred twelve of the compiled code, the same to be approved by the executive council and filed with the secretary of state. The commissioner of insurance is also empowered and directed to appoint such other clerks and assistants as shall be needed in the performance of the duties of his office; and he may contract such expenses as may be necessary in the performance of his official duties, including all actual and necessary expenses incurred in attending meetings of the insurance commissioners and such other expense as shall be approved by the executive council; but the total amount to be so expended for such contingent expenses shall not exceed the sum of one thousand dollars annually; and there is hereby appropriated out of any funds in the state treasury not otherwise appropriated two thousand dollars annually or so much thereof as may be necessary to meet the expenses thus incurred. Before the commissioner of insurance shall issue such certificate of compliance, he shall first be satisfied with the general plan of such organization and the character of the advertising to be used; he shall also fix the time within such organization shall be completed; he shall also prescribe the method of keeping books and accounts of such corporation and those of fiscal agents.

subscription price of said stock may be used by the company for office expense but no portion of such amount shall be used in the payment of salaries for officers and directors before the issuance by the commissioner of insurance of authority to transact an insurance business.

The commissioner of insurance shall have power to regulate all other matters in connection with the organization of such domestic corporations, and the sale of stock or the issuing of certificates by all insurance corporations within the state of Iowa, to the end that fraud may be prevented in the organization of such companies and the sale of their stocks and securities. [39 G. A., ch. 224, § 3.]

Said examiners and assistants and the said commissioner shall receive actual and necessary traveling, hotel and other expenses while engaged in conducting examinations away from their respective places of residence.

CHAPTER 4

SECTION 5509. Articles of incorporation—certificates.

"Certificates of membership" or "certificate", when used in this chapter with respect to the insurance of the members, shall be taken to mean and include policy of insurance. The articles of incorporation and by-laws of any such association shall show its plan of business, and be submitted to the commissioner of insurance and the attorney general, and if they are found by those officers to comply with the provisions of this title, chapter and of law, they shall approve the same. When the articles are thus approved, they shall be recorded in the office of the secretary of state, and a notice published within ninety days in the manner and for the time provided in the general incorporation laws.

[C., '97, § 1785; 39 G. A., ch. 58, § 1.]

SEC. 5512. Assessments.

The articles and by-laws of each such association shall state the objects to which the money to be collected is to be devoted, and no part of the proceeds thereof shall be applied to any other purpose than as stated, and the excess, if any, beyond payment of the benefit, shall be set aside and applied only to like purposes, except that all sums collected for expenses and not used for that purpose may be transferred to the benefit, emergency or reserve fund.

[C., '97, § 1788; S., '13, § 1788; 40 G. A., ch. 171, § 1.]
SEC. 5513. Insurable age—beneficiary—assignment of policy.

No association organized or operating under this chapter shall issue a certificate of membership to any person under fifteen nor over sixty-five years of age, nor unless the beneficiary named in the certificate is the husband, wife, relative, legal representative, heir, creditor or legatee of the insured member, nor shall any such certificate be assigned. Any certificate issued or assignment made in violation of this section shall be void. The beneficiary named in the certificate may be changed at any time at the pleasure of the assured, as may be provided for in the articles or by-laws, but no certificate issued for the benefit of a wife or children shall be thus changed so as to become payable to the creditors; provided that the foregoing provisions of this section shall not be applicable except as to certificates issued prior to July fourth, nineteen hundred twenty-three, to life associations organized and operating under this chapter issuing life insurance policies or certificates of membership, and any member or policy-holder in any such life association shall have the right to designate his beneficiary, and unless the policy is issued without the right of revocation, shall have the right to change the beneficiary in the manner authorized by the rules, laws and regulations of the association, or as may be provided in the policy contract; and no beneficiary under any policy shall have or obtain any vested right or interest in the death benefits to be payable under said policy, until such benefits shall become due and payable after the death of the insured.

[C., '97, § 1789; 40 G. A., ch. 171, § 2.]

SEC. 5518. Foreign companies.

Any association organized under the laws of any other state to carry on the business of insuring the lives of persons, or of furnishing benefits to the widows, orphans, heirs or legatees of deceased members, or of paying accident indemnity, or surrender value of certificates of insurance, upon the stipulated premium plan or assessment plan, may be permitted to do business in the state by complying with the requirements hereinafter made, but not otherwise.

It shall file with the commissioner of insurance a copy of its charter or articles of incorporation, duly certified by the proper officers of the state wherein it was organized, together with a copy of its by-laws, application and policy or certificate of membership.

It shall also file with the commissioner a statement, signed and verified by its president and secretary, which shall show the name and location of the association, its principal place of business, the names of its president, secretary and other principal officers, the number of certificates or policies in force, the aggregate amount insured thereby, the amount paid to beneficiaries in the event of death or accident, the amount paid on the last death loss and the date thereof, the amount of cash or other assets owned by the association and how invested, and any other information which the commissioner may require.

The statement, papers and proofs thus filed shall show that the death loss or surrender value of the certificate of insurance or accident indemnity is in the main provided for by assessments upon or contributions by surviving members of such association, and that it is legally organized, honestly managed, and that an ordinary assess-
ment upon its members or other regular contributions to its mortuary
fund are sufficient to pay its maximum certificate to the full limit
named therein.

Upon its complying with the provisions of this section, and of
section fifty-five hundred thirty-four of the compiled code, and the
payment of twenty-five dollars, the commissioner shall issue to it a
certificate of authority to do business in this state, provided the same
right is extended by the state in which said association is organized
to associations of the same class in this state.

When the commissioner doubts the solvency of any foreign asso-
ciation, and the failure to pay the full limit named in its certificate
or policy shall be such evidence of its insolvency as to require the
commissioner to investigate it, he shall for this or other good cause,
at the expense of such association, cause an examination of its books,
papers and business to be made, and if upon such examination he
finds that the association is not financially sound, or is not paying its
policies or certificates in full, or is conducting its business fraudu-
ently, or if it shall fail to make the statement required by law, he
may revoke its authority and prohibit it from doing business until
it shall again comply with the provisions of this chapter.

If the commissioner appoints someone not receiving a regular
salary in his office to make this examination, such examiner shall
receive ten dollars per day for his services in addition to his actual
traveling and hotel expenses, to be paid by the association examined,
or by the state on the approval of the executive council, if the asso-
ciation fails to pay the same.

The provisions of this section shall apply to fraternal beneficiary
associations doing exclusively an accident insurance business, and
upon compliance with the provisions of this chapter, and the provi-
sions of chapter five of title eighteen, so far as the same are appli-
cable, such associations may be authorized to transact business within
this state.

[C., '97, § 1794; S., '13, § 1794; 39 G. A., ch. 58, § 2.]

SEC. 5523. Organizations prohibited — valuation of policies —
separate class of policyholders.

No life, health or accident insurance company or association,
other than fraternal beneficiary associations, which issues contracts,
the performance of which is contingent upon the payment of assess-
ments of call made upon its members, shall do business within this
state except such companies or associations as are now [March 23,
1907] authorized to do business within this state and which, if a
life insurance company or association, shall value their assessment
policies or certificates of membership as yearly renewable term poli-
cies according to the standard of valuation of life insurance policies
prescribed by the laws of this state; provided, however, that the
insurance commissioner of this state may authorize any health or
accident insurance company or association organized under the laws
of any other state or territory, to do business in this state, if, under
the laws of such state or territory health and accident insurance
companies or associations organized under the laws of this state are
permitted to do business in such state. The provisions of this section
shall not apply to unincorporated assessment associations now exist-
ing in this state, and having policyholders or certificates of member-
19 ship numbering not less than two hundred fifty, and which were or-
20 ganized or in existence in this state as such unincorporated assess-
21 ment associations prior to March twenty-third, nineteen hundred
22 seven; but any such unincorporated assessment association now ex-
23 isting in this state, having policyholders or certificates of member-
24 ship numbering not less than two hundred fifty and which were or-
25 ganized or in existence in this state prior to March twenty-third,
26 nineteen hundred seven, may, by becoming hereafter incorporated
27 in this state, and complying with the provisions of this chapter, be-
28 come entitled to all of the privileges hereof, in which event it shall be-
29 come amenable to the provisions of this chapter as far as they are
30 applicable.

Any life insurance association, other than fraternal beneficiary
32 associations, incorporated and doing business under the provisions
33 of this chapter, may establish a separate class of members or policy-
34 holders to whom it may issue certificates or policies of insurance
35 on the legal reserve or level premium plan, provided that all such
36 policies on the legal reserve or level premium plan shall be valued on a
37 basis not lower than the valuations required for insurance companies
38 operating on the level premium or the natural premium plan under
39 the provisions of chapter two, title eighteen of the compiled code and
40 amendments thereto. The net cash value of all policies in force on
41 the legal reserve or level premium plan in any such association shall
42 be ascertained in accordance with the basis of valuations which shall
43 be adopted for said policies, and the amount of such ascertained val-
44 uation, and all other amounts which shall be accumulated and held
45 in trust for the benefit of members or policyholders of any class or
46 held for the purpose of fulfilling any contract in its policies or cer-
47 tificates, shall be invested in the securities provided in section fifty-
48 five hundred thirty-two of the compiled code, and deposited with the
49 commissioner of insurance as therein provided.

An amount of the funds herein provided for, not less than the
51 reserve valuation required to be maintained on all such policies on
52 the legal reserve or level premium plan, shall be held at all times for
53 the exclusive use and benefit of the class of policyholders having
54 policies on said legal reserve or level premium plan.

SECTION 5556. Insurable age—beneficiary.

No fraternal association created or organized under the provi-
2 sions of this chapter shall issue any certificate of membership to any
3 person under the age of fifteen years, nor over the age of sixty-five
4 years, nor unless the beneficiary under said certificate shall be the
5 wife, husband, relative by blood to the fourth degree, father-in-law,
6 mother-in-law, son-in-law, daughter-in-law, step-father, step-mother,
7 step-children, children by legal adoption, legal representative or to a
8 person or persons dependent upon the member; provided that if after
the issuance of the original certificate the member shall become de-

privilege, with the consent of the governing body or board of the
society, to make such institution his beneficiary. Within the above
restrictions each member shall have the right to designate his bene-
iciary and from time to time have the same changed in accordance
with the laws, rules or regulations of the society, and no beneficiary
shall have or obtain any vested interest in said benefit until the same
has become due and payable upon the death of said member, provided
that any society may, by its laws, limit the scope of beneficiaries with-
in the above classes; provided further, that any association or so-
ciety, whose articles of incorporation, or constitution, or rules, or by-
laws, provide that at the time of the admission to membership into
such society, every member, when joining shall belong to one occu-

articles of incorporation, or constitution, or rules, or by-laws.

SEC. 5564. Annual certificate—amount of insurance required.

Before any beneficiary society, order or association shall be au-
thorized to commence business within this state, it shall submit to
the commissioner of insurance its by-laws or rules by which it is to
be governed, and also its articles of incorporation, if a corporation,
which shall include its plan of business. The commissioner shall
thereupon submit its articles of incorporation to the attorney general
for examination, and if found by him to be in harmony with this
title, chapter and with law, he shall so certify upon said articles and
return them to the commissioner. If the commissioner shall approve
the articles and also the by-laws or rules, he shall issue to the society,
order or association a permit in writing, authorizing it to transact
business within this state for a period of one year from the first day
of April of the year of its issue, for which certificate and all proceed-
ings in connection therewith, there shall be paid to the commissioner
a fee of twenty-five dollars, and for each annual renewal thereof a
like fee shall be paid; provided, however, that before such certificate
shall be issued, the fraternal society, order or association shall have
actual bona fide applications upon the lives of at least five hundred
persons, residents of this state, for at least one thousand dollars of
insurance each, and the commissioner may require the presentation
of such applications, signed by the applicants themselves. No renewal
of certificate of authority shall be made to any society, order, or asso-

insurance in force shall be reduced below the above requirements.
Societies, orders or associations not organized under the laws of this
state, in addition to the requirements of the provisions of section
fifty-five hundred sixty-one of the compiled code must also comply
with all of the provisions of this chapter, except as to the residence
of membership; provided that no such society, order or association
shall be authorized to transact business within this state unless it
shall be shown to have actual members, in good standing, of at least
one thousand, and at least one million dollars of insurance in force.

1. The commissioner of insurance may, at any time he may deem it advisable, either in person or by his legally appointed representative, make an examination of or inquire into the affairs of any fraternal beneficiary association authorized or seeking to be authorized to transact business within this state, provided the examination of associations organized under the laws of this state shall not be less frequent than once during each biennial period.

SEC. 5576. Expenses—how paid.

1. In addition to the compensation of the assistants, the commissioner of insurance or examiner and assistants shall be entitled to actual and necessary traveling, hotel and other expenses while conducting examinations away from their respective places of residence, the same to be paid by the treasurer of state upon warrants drawn by the auditor of state, bills therefor having been filed under oath and approved by the state board of audit. Such expense and compensation shall, by the commissioner, be charged to and collected from the associations examined and should any association neglect or refuse to pay the same, the commissioner shall at once revoke its certificate of authority to transact business within this state.

1 When a disagreement takes place between the owner and any person adversely interested, as to whether any land or buildings are properly a part of the homestead, the sheriff shall, at the request of either party, summon nine disinterested persons having the qualifications of jurors. The parties then, commencing with the owner, shall in turn strike off one person each, until three remain. Should either party fail to do so, the sheriff may act for him, and the three as referees shall proceed to examine and ascertain all the facts of the case, and report the same, with their opinion thereon, to the next term of court from which the execution or other process may have issued.

SEC. 6430-a8. Referring back—marking off—costs.

1 The court in its discretion may refer the whole or any part of the matter back to the same or other referees, to be selected in the same manner, or as the parties agree, giving them directions as to the report required of them. When the court is sufficiently advised in the case, it shall make its decision, and may direct the homestead to be marked off anew, or a new plat and description to be made and recorded, and take such other steps as shall be lawful and expedient in attaining the purpose of this chapter. It shall also award costs in accordance with the practice in other cases, as nearly as may be.

1 Upon the death of either husband or wife, the survivor may continue to possess and occupy the whole homestead until it is otherwise disposed of according to law, but the setting off of the distributive share of the husband or wife in the real estate of the deceased shall be such a disposal of the homestead as is herein contemplated.

SEC. 6430-a11. Survivor may take homestead—descent to issue.

1 The survivor may elect to retain the homestead for life in lieu of such share in the real estate of the deceased; but if there be no survivor, the homestead descends to the issue of either husband or wife according to the rules of descent, unless otherwise directed by will.

SEC. 6430-a12. Conveyance or incumbrance of homestead.
1 No conveyance or incumbrance of or contract to convey or in-

3 husband and wife join in the execution of the same joint instrument,
4 whether the homestead is exclusively the subject of the contract or
5 not, but such contracts may be enforced as to real estate other than
6 the homestead at the option of the purchaser or incumbrancer.

SEC. 6430-a15. Homestead exempt to family and divorced
1 spouse.
2 The homestead of every family, whether owned by the husband
3 or wife, is exempt from judicial sale, where there is no special declar-
4 ation of statute to the contrary, and such right shall continue in
5 favor of the party to whom it is adjudged by divorce decree during
6 continued personal occupancy by such party.

2 or a new homestead has been acquired with the proceeds of the old,
the new homestead, to the extent in value of the old, is exempt from execution in all cases where the old or former one would have been.

SEC. 6430-a19. For what debts homestead liable.

1 The homestead may be sold to satisfy debts of each of the following classes:

1. Those contracted prior to its acquisition, but then only to satisfy a deficiency remaining after exhausting the other property of the debtor, liable to execution.

2. Those created by written contract by persons having the power to convey, expressly stipulating that it shall be liable, but then only for a deficiency remaining after exhausting all other property pledged by the same contract for the payment of the debt.

3. Those incurred for work done or material furnished exclusively for the improvement of the homestead.

TITLE XXV

LEGALIZING ACTS

Note: The date following the historical reference, which indicates the time of taking effect of an act by publication, has been computed on the theory that such acts take effect on the first day following the last publication. (Arnold vs. Board, 151 Iowa, 165.)

In those instances in which the historical reference shows that the source of the section consists of more than one legislative enactment, the date indicates the time when the last legislative act took effect.

CHAPTER ONE-HALF

TITLE XXIX

GENERAL PROVISIONS RELATING TO CIVIL PRACTICE AND PROCEDURE

CHAPTER 1

FORMS OF ACTIONS

SECTION 7077. Construction of code provisions.

Note: This section is omitted at this point and reprinted in this supplement as section 55-al in order that the statutory rules of construction may all appear in one chapter.

CHAPTER 3

PARTIES TO ACTIONS

SECTION 7085. Plaintiffs joined.

1 All persons having an interest in the subject of the action, and 2 in obtaining the relief demanded, may join as plaintiffs, except as 3 otherwise provided. Where two or more persons claim a right of 4 recovery against the same party or parties on like causes of action 5 cognizable in equity, they may join as parties plaintiff, and relief 6 may be granted to each according to his interest.

[C., '51, § 1678; R., '60, § 2759; C., '73, § 2545; C., '97, § 3460; 40 G. A., ch. 267.]

SEC. 7103. Recovery by woman or her estate for personal injury—maximum.

Note: This section is omitted at this point and reprinted in this supplement as section 6615-al in order that closely related matters may appear in the same chapter.

CHAPTER 4

LIMITATIONS OF ACTIONS

SECTION 7118. Recovery of interest in real estate when spouse failed to join in conveyance.

1 In all cases where the holder of the legal or equitable title or 2 estate to real estate situated within this state, prior to the first day 3 of January, nineteen hundred five, conveyed said real estate or any

interest therein by deed, mortgage, or other instrument, and the
spouse failed to join therein, such spouse or the heirs at law, personal
representatives, devisees, grantees, or assignees of such spouse shall
be barred from recovery unless suit is brought therefor within one
year after the taking effect of this act [34 G. A., ch. 159, § 1]. But
in case the right to such distributive share has not accrued by the
death of the spouse making such instrument, then the one not joining
is hereby authorized to file in the recorder's office of the county where
the land is situated, a notice with affidavit, setting forth affiant's claim,
with the facts upon which such claim rests, and the residence
of such claimants; and if such notice is not filed within two years
from the taking effect of this act [34 G. A., ch. 159, § 1], such claim
shall be barred forever. Any action contemplated in this section may
include land situated in different counties, by giving notice thereof as
provided by section seventy-one hundred eighty-nine of the compiled
code. Provided that the repeal of section thirty-four hundred forty-
seven-b, supplement to the code, 1907, shall not affect any act done,
any right accruing or which has accrued or been established, nor any
suit or proceeding had or commenced in any civil cause before the
time when such repeal takes effect; but the proceedings in such cases
shall be conformed to the provisions of said repealed section as far as
consistent.

[S., '13, § 3447-b; 37 G. A., ch. 351, § 1.]

Note: No change made by the 38th G. A. or the 40th G. A., but reprinted
in its present form, with the addition of section 7118-al of this supplement, to meet
the wishes of the legislative checking committee.
The above section was enacted by the 34th G. A., ch. 159, § 1, and was in
itself a substitute for 31st G. A., ch. 152, § 1, which became section 3447-b of the
supplement to the code, 1907. The 37th G. A., ch. 351, § 1, amended the above
section by striking out the date "1890" and inserting in lieu thereof the date "1905".
This makes it uncertain as to the meaning of the word "act" as it appears in the
section and the word has been retained with a bracketed reference to the original
act.

SEC. 7118-al. Interpretative clause.

This act [37 G. A., ch. 351, § 3], shall not affect pending litigation,
or shall it operate to revive rights or claims already barred
by the provisions of section thirty-four hundred forty-seven-b, supplement
to the code, 1913.

[37 G. A., ch. 351, § 3.]

Note: Section 3447-b, supplement to the code, 1913, appears in amended
form as section 7118 of this supplement, but the reference in the above section
is to the original section and no corresponding compiled code number could be
substituted therefor.

SEC. 7119. Recovery of real estate on claims existing prior to
nineteen hundred—claim filed with county recorder—affidavits
to show possession.

No action based upon any claim arising or existing prior to the
first day of January, A. D., nineteen hundred, shall be maintained,
either at law or in equity, in any court to recover any real estate in
this state or to recover or establish any interest therein or claim
thereo, legal or equitable, against the holder of the record title to
such real estate in possession, when such holder of the record title
and his grantors immediate or remote are shown by the record to
have held chain of title to said real estate, since the said first day of
January, A. D., nineteen hundred, unless such claimant, by himself,
or by his attorney or agent, or if he be a minor or under legal dis-
ability, by his guardian, trustee or either parent shall within one year
from and after July fourth, nineteen hundred nineteen, file in the
office of the recorder of deeds of the county wherein such real estate
is situated, a statement in writing, which shall be duly acknowledged,
definitely describing the real estate involved, the nature and extent of
the right or interest claimed, and stating the facts upon which the
same is based.

For the purposes of this section and sections seventy-one hundred
twenty to seventy-one hundred twenty-two, inclusive, of the compiled
code, any person who holds title to real estate by will or descent from
any person who held the title of record to such real estate at the date
of his death or who holds title by decree or order of any court, or under
any tax deed, trustee’s, referee’s, guardian’s, executor’s, administra-
tor’s, receiver’s, assignee’s, master’s in chancery or sheriff’s deed, shall
be deemed to hold chain of title the same as though holding by direct
conveyance.

For the purposes of this section, such possession of said real es-
tate may be shown of record by affidavits showing such possession,
and when said affidavits have been filed and recorded, it shall be the
duty of the recorder to enter upon the margin of said record, a cer-
tificate to the effect that said affidavits were filed by the owner in
possession, as named in said affidavits, or by his attorney in fact, as
shown by the records.

SECTION 8697. Registration of organizations soliciting aid.

Note: Sections 8697 to 8700, inclusive, of the compiled code were amended by 39 G. A., ch. 59, which also enacted some additional legislation on the subject covered by said sections. The legislation of the 39th G. A. leaves the law on said subject largely regulatory; the criminal feature is now only incidental. For that reason said sections have been transferred to title V on "Regulations Under Police Power" and with the new legislation contained in 39 G. A., ch. 59, constitute chapter 24-A of said title. See section 1261-a1 of this supplement.
SEC. 8698. License by secretary of state.

Note: This section has been transferred and reprinted as section 1261-a2 of this supplement. See above note under section 8697.

[This and the two following sections repealed by 39 G. A., ch. 29, and a substitute enacted therefor which for the purposes of proper classification appears in this supplement as chapter 10-A of title XXI on "Trade and Commerce".]

Note: The substitute referred to above which was enacted by the 39th G. A. leaves the law formerly covered by sections 8701 to 8703, inclusive, of the compiled code, largely regulatory; the criminal feature is now only incidental. For that reason said substitute has been placed in title XXI as indicated above, and appears as sections 6198-a1 to 6198-a6, inclusive, of this supplement.

5342; 40 G. A., ch. 221, § 1.]
SEC. 9405-a2. Petition by defendant.
1 Such petition, when filed by the defendant, must set forth the
nature of the prosecution, the court where the same is pending, and
that such defendant cannot receive a fair and impartial trial owing
to the prejudice of the judge, or to excitement or prejudice against
the defendant in such county, and be verified on information and
belief by the affidavit of the defendant.

[Sec. '51, § 3271; R., '60, § 4728; C., '73, § 4369; C., '97, §
5343; 40 G. A., ch. 221, § 2.]

for a change in the same manner as though said county was the county
in which the case was first pending. In such case, if the change be
granted, the case shall not be sent to the county in which it was
originally pending.

[40 G. A., ch. 221, § 5.]

CHAPTER 32

TRIAL

SECTION 9434. Order of trial.

The jury having been impaneled and sworn, the trial must pro-
ceed in the following order:

1. Reading indictment and plea. The clerk or county attorney
must read the indictment and state the defendant’s plea to the jury.
2. Statement of state’s evidence. The county attorney may
briefly state the evidence by which he expects to sustain the indict-
ment.
3. Statement of defendant’s evidence. The attorney for the de-
defendant may then briefly state his defense, and the evidence by which
he expects to sustain it.
4. **Offer of state's evidence.** The state may then offer the evidence in support of the indictment.

5. **Offer of defendant's evidence.** The defendant or his counsel may then offer his evidence in support of his defense.

6. **Rebutting or additional evidence.** The parties may then, respectively, offer rebutting evidence only, unless the court, for good reasons, in furtherance of justice, permit them to offer evidence upon their original case.

7. **Arguments.** When the evidence is concluded, unless the case is submitted to the jury on both sides without argument, the county attorney must commence, the defendant follow by one or two counsel, at his option, unless the court permit him to be heard by a larger number, and the county attorney conclude, confining himself to a response to the arguments of the defendant's counsel. Where two or more defendants are on trial for the same offense, they may be heard by one counsel each; and when the affirmative of the issue is with the defendant, the court may, in its discretion, award to the defendant the last argument. The court shall not restrict counsel as to time in their arguments to the jury.

8. **Instructions.** Upon the conclusion of the arguments, the court shall charge the jury in writing, without oral explanation or qualification, stating the law of the case.

   
   [C., '51, § 2991; R., '60, §§ 4785, 4788; C., '73, §§ 4420, 4423; C., '97, § 5372.]

   
   **Note:** No change made in the above section by the 39th G. A. or the 40th G. A., but reprinted to correct error in printing of compiled code.

**SEC. 9454. Instructions.**

1. The rules relating to the instruction of juries in civil cases shall be applicable to the trial of criminal prosecutions.

   [C., '51, §§ 3017, 3018; R., '60, §§ 4813, 4814; C., '73, §§ 4440, 4441; C., '97, § 5386.]

   **Note:** No change made in the above section by the 39th G. A. or the 40th G. A. but reprinted to correct historical reference.

**APPEALS**

**SECTION 9559. Appeal defined—time taken—parties.**

1. The mode of reviewing in the supreme court any judgment, action or decision of the district court in a criminal case is by appeal. An appeal can only be taken from the final judgment, and within sixty days thereafter. Either the defendant or state may appeal.

   [R., '60, §§ 4904-4906; C., '73, §§ 4520-4522; C., '97, § 5448; S., '13, § 5448; 40 G. A., ch. 222, § 1.]

§ 9564 APPEALS Tit. XXXIV, Ch. 45

3 from which the appeal is taken that he is unable to pay for a tran-
4 script of the evidence, such judge may order the same made at the
5 expense of the county where said defendant was tried.

[C., '73, § 3777; C., '97, § 254; S. S., '15, § 254-a2.]

Note: The above section relates solely to appeals in criminal cases. It has
heretofore constituted a part of section 6941 of the compiled code. See also sec­
tions 6941-a1 to 6941-a3, inclusive, of this supplement.

SEC. 9564. Appeal by defendant—effect.

An appeal taken by the defendant does not stay the execution of
the judgment, unless bail is put in; but where the judgment is impris-
onment in the penitentiary, and an appeal is taken within the time pro-
vided after judgment is rendered, and the defendant is unable to give
bail, and that fact is satisfactorily shown to the court, or judge thereof,
6 it may, in its discretion, order the sheriff or officer having the defend-
ant in custody to detain him in custody, without taking him to the
penitentiary, to abide the judgment on the appeal, if the defendant
9 desires it.

TABLE OF CORRESPONDING SECTIONS OF THE CODE OF 1897, SUPPLEMENT OF 1913, AND SUPPLEMENTAL SUPPLEMENT OF 1915

This table shows the sections of the Compiled Code and of the Supplement to said Code which correspond in subject matter with the sections of the Code of 1897, Supplement of 1913, and Supplemental Supplement of 1915.

The table also shows, at the proper places by entries in italics, the Compiled Code and Supplement numbers given to the new legislation enacted by the Thirty-seventh, Thirty-eighth, Thirty-ninth and Fortieth General Assemblies. This table, however, is not to be used for the purpose of finding such legislation in the Compiled Code or Supplement, as there are special tables for this purpose immediately following this table. The new legislation of the Thirty-seventh, Thirty-eighth, Thirty-ninth, and Fortieth General Assemblies has been incorporated into this table merely for the purpose of showing the place it has been given with reference to the sections of the Code of 1897, Supplement of 1913, and Supplemental Supplement of 1915.

(“S.” before a number in the left-hand column indicates Supplement of 1913; “S. S.” indicates Supplemental Supplement of 1915; other numbers indicate Code of 1897. Sections which appeared for the last time in either the Supplement of 1902 or the Supplement of 1907 are indicated in the footnotes.

An entry in the center column shows an amendment, substitute, repeal, or new legislation. “A.” indicates an amendment; “R&S.” indicates a repeal and substitution; “R.” indicates a repeal. Other entries, which are in italics, indicate new legislation.

“S.” before a number in the right-hand column indicates Supplement to the Compiled Code; other numbers indicate Compiled Code. A blank, “…” indicates section omitted because temporary, special, or repealing in character.—EDITORS.)

| S. 39–286 repealed C. '97, 121, 124, 127 to 131, inc. 194, 135, 142; S. '73, 118, 119, 120, 122, 125, 126, 126-a to 126-d, inc. 137, 187-a, 144-h to 144-d, inc.; S. 8, 15, 152-a to 152-d, inc. 156, 188, 141, 144-e to 144-o, inc.; and 37–9–1, 2 and 37–183–125. This act also in effect enacted a substitute for all of these repealed sections, which appeared in the 1921 Supplement as 241–a1 to 241–a77, inclusive. It has been impossible to indicate this repeal and substitute in one entry because the sections repealed and substituted are not consecutive sections. Consequently, the complete substitution, as amended by 40–275, is given after each group of consecutive sections. |

*Amended by 37–9–1.

*This act was inadvertently disregarded in compiling the Supplement, 1913. Sections 2882-b, c and d should not have appeared in said Supplement. The effect of 35-327 was to repeal 30-117 and 34-149, and to enact a substitute thereto, and it has been so treated in the table.*

TABLE OF CORRESPONDING SECTIONS
OF THE
THIRTY-SEVENTH GENERAL ASSEMBLY

This table shows the sections of the compiled code and of the supplement to said code which correspond in subject matter with the sections of the acts of the 37th general assembly, which constituted new or substituted legislation. The table also shows the sections of said code and supplement which contain the amendments of said general assembly as applied to the sections of the code of 1897, supplement of 1913, supplemental supplement of 1915, and acts of the 37th general assembly.

The omission of a chapter or section number from either of the two left-hand columns shows that the same is temporary, special, legalizing, or repealing in character and, therefore, does not appear in the compiled code or supplement to said code.

An asterisk (*) indicates that the session law citation thus marked is an amendment to some section of the code of 1897, supplement of 1913, supplemental supplement of 1915, or acts of the 37th general assembly, and that the compiled code or supplement section indicated in the right-hand column shows such section of law as amended by said session law citation, plus such changes as are indicated in the right-center column. The session law citations which are not marked with an asterisk (*) consist of either new or substituted legislation.

An entry in the right-center column shows an amendment, substitute, or repeal of the session law citation in the left-hand column. "A." indicates an amendment; "R&S." indicates a repeal and substitution; "R." indicates a repeal. "S." before a number in the right-hand column indicates supplement to the compiled code; other numbers indicate compiled code.

*Indicates citation is only an amendment which as applied to existing law appears in section found in right-hand column, plus such changes as are shown in the right-center column.

TABLE OF CORRESPONDING SECTIONS

OF THE
THIRTY-EIGHTH GENERAL ASSEMBLY

This table shows the sections of the compiled code and of the supplement to said code which correspond in subject matter with the sections of the acts of the 38th general assembly, which constituted new or substituted legislation. The table also shows the sections of said code and supplement which contain the amendments of said general assembly as applied to the sections of the code of 1897, supplement of 1913, supplemental supplement of 1915, and acts of the 37th and 38th general assemblies.

An asterisk (*) indicates that the session law citation thus marked is an amendment to some section of the code of 1897, supplement of 1913, supplemental supplement of 1915, or acts of the 37th or 38th general assemblies, and that the compiled code or supplement section indicated in the right-hand column shows such section of law as amended by said session law citation, plus such changes as are indicated in the right-center column. The session law citations which are not marked with an asterisk (*) consist of either new or substituted legislation.

The omission of a chapter or section number from either of the two left-hand columns shows that the same is temporary, special, legalizing, or repealing in character and, therefore, does not appear in the compiled code or supplement to said code.

An entry in the right-center column shows an amendment, substitute, or repeal of the session law citation in the left-hand column. "A." indicates an amendment; "R&S." indicates a repeal and substitution; "R." indicates a repeal. "S." before a number in the right-hand column indicates supplement to the compiled code; other numbers indicate compiled code.

TABLE OF CORRESPONDING SECTIONS
OF THE
THIRTY-NINTH GENERAL ASSEMBLY

This table shows the sections of the compiled code and of the supplement to said code which correspond in subject matter with the sections of the acts of the 39th general assembly, which constituted new or substituted legislation. The table also shows the sections of said code and supplement which contain the amendments of said general assembly as applied to the sections of the code of 1897, supplement of 1913, supplemental supplement of 1915, and acts of the 37th, 38th and 39th general assemblies.

[An asterisk (*) indicates that the session law citation thus marked is an amendment to some section of the code of 1897, supplement of 1913, supplemental supplement of 1915, or acts of the 37th, 38th, or 39th general assemblies, and that the compiled code or supplement section indicated in the right-hand column shows such section of law as amended by said session law citation, plus such changes as are indicated in the right-center column. The session law citations which are not marked with an asterisk (*) consist of either new or substituted legislation.]

The omission of a chapter or section number from either of the two left-hand columns shows that the same is temporary, special, legalizing, or repealing in character and, therefore, does not appear in the compiled code or supplement to said code.

An entry in the right-center column shows an amendment, substitute, or repeal of the session law citation in the left-hand column. "A." indicates an amendment; "R&S." indicates a repeal and substitution; "R." indicates a repeal.

"S." before a number in the right-hand column indicates supplement to the compiled code; other numbers indicate compiled code.

*Indicates citation is only an amendment which as applied to existing law appears in section found in right-hand column, plus such changes as are shown in the right-center column.

††Session law citation in left-hand column has been treated in the supplement as amending this section as it appeared in the compiled code by changing cross reference contained therein.

*40-266-4 repealed § 6982 of the compiled code and enacted a substitute therefor. As to whether the amendment to said § 6982 contained in 39-42-1, 2 was thereby repealed, quaere.

*Indicates citation is only an amendment which as applied to existing law appears in section found in right-hand column, plus such changes as are shown in the right-center column.
This table shows the sections of the supplement to the compiled code which correspond in subject matter with the sections of the acts of the 40th general assembly, which constituted new or substituted legislation. The table also shows the sections of said supplement which contain the amendments of said general assembly as applied to the sections of the code of 1897, supplement of 1913, supplemental supplement of 1915, and the acts of the 37th, 38th, 39th and 40th general assemblies.

The omission of a chapter or section from the left-hand column shows that the same is temporary, special, legalizing, or repealing in character and does not appear in the supplement to the compiled code.

An asterisk (*) indicates that the session law citation thus marked is an amendment to some section of the code of 1897, supplement of 1913, supplemental supplement of 1915, or acts of the 37th, 38th, 39th, or 40th general assemblies, and that the supplement section indicated in the right-hand column shows such section of law as amended by said session law citation. The session law citations which are not marked with an asterisk (*) consist of either new or substituted legislation.

INDEX

The following index has been hastily prepared, and covers, briefly, all sections of the Compiled Code which have been amended or substituted by the Thirty-ninth or the Fortieth General Assemblies; also, all new legislation of a general or permanent nature enacted by the Thirty-ninth or the Fortieth General Assemblies; also, all sections which have been given new numbers because of a relocation or division thereof; also, the few sections which were omitted from the Compiled Code, but which have been printed in the Supplement to supply the omission. For all other sections, the searcher must rely upon the index in the Compiled Code.—Editors.
