Contracts with teachers must be in writing, and shall state the length of time the school is to be taught, the compensation per week of five days, or month of four weeks, and that the same shall be invalid if the teacher is under contract with another board of directors in the state of Iowa to teach covering the same period of time, until such contract shall have been released, and such other matters as may be agreed upon, which may include employment for a term not exceeding the ensuing school year, except as otherwise authorized, and payment by the calendar or school month, signed by the president and teacher, and shall be filed with the secretary before the teacher enters upon performance of the contract but no such contract shall be entered into with any teacher for the ensuing year or any part thereof until after the organization of the board.

Boards of school directors shall have power to arrange for an exchange of teachers in the public schools under their jurisdiction with other public school corporations either within or without the state or the United States on such terms and conditions as are approved by the state superintendent of public instruction and when so arranged and approved the board may continue to pay the salary of the teacher exchanged as provided in the contract between said teacher and the board for a period of one year, and such teacher shall not lose any privileges of tenure, old-age, and survivors' insurance, or certification as a result of such exchange. Said contract may be renewed each year as determined by the employing school board provided that the visiting exchange teacher is paid in full for the service rendered by the school authorities with whom his contract is made. Such exchange teachers must have qualifications equivalent to the regular teacher employed by the board and who is serving as the exchange teacher and must secure a special certificate covering the subjects designated for him to teach in the public schools in which the instruction is given. The state superintendent of public instruction is hereby authorized to formulate, establish, and enforce any reason-
able regulation necessary to govern the exchange of teachers as provided in this paragraph, including the waiver of Iowa certification requirements for teachers who are regularly certificated or licensed in the jurisdiction from which they come.

Said contract shall remain in force and effect for the period stated in the contract and thereafter shall be automatically continued in force and effect for equivalent periods, except as modified or terminated by mutual agreement of the board of directors and the teacher, until terminated as hereinafter provided. On or before April 15, of each year the teacher may file his written resignation with the secretary of the board of directors, or the board may by a majority vote of the elected membership of the board, cause said contract to be terminated by written notification of termination, by a registered letter mailed to the teacher not later than the tenth day of April; in event of such termination, it shall take effect at the close of the school year in which the contract is terminated by either of said methods. The teacher shall have the right to protest the action of the board, and to a hearing thereon, by notifying the president or secretary of the board in writing of such protest within twenty days of the receipt by him of the notice to terminate, in which event the board shall hold a public hearing on such protest at the next regular meeting of the board, or at a special meeting called by the president of the board for that purpose, and shall give notice in writing to the teacher of the time of the hearing on the protest. Upon the conclusion of the hearing the board shall determine the question of continuance or discontinuance of the contract by a roll call vote entered in the minutes of the board, and the action of the board shall be final. The foregoing provisions for termination shall not affect the power of the board to discharge a teacher for cause under the provisions of section 279.24. He shall be the executive officer of the board and have such powers and duties as may be prescribed by rules adopted by the board or by law. When natural obstacles to transportation of pupils to another school in the same or in another corporation or other conditions make it clearly inadvisable that such elementary school be closed, the county superintendent may authorize the board in writing to contract with a teacher for such school for a stated period of time not to exceed three months.

Any contract with any teacher which is made in violation of the provisions of this section shall be null and void from its inception and no compensation shall be due or paid to any teacher who enters into a contract in violation of the provisions of this section. No depreciation charge shall be made for the portion of the initial cost of buildings and equipment purchased with federal grants. On or before July 15, 1953, the board in each school corporation accepting tuition pupils shall cause its buildings to be appraised and an itemized statement of the results of the appraisal filed with the county superintendent. Such statement shall constitute the basis for the hereinafter provided depreciation charge. Such appraisal shall be made by a board comprised of the county or city assessor and one member appointed by the local school corporation and one member appointed by the county board of education.

The tuition rates and the computation thereon shall be filed with the county board of education not later than July 30 for its review and approval. In the event that there are not enough children of any special type in any school district to warrant the establishment of a special class, such children may be instructed in any nearby school district in which such special classes have been established, by mutual agreement of the board of directors of the school district affected, and by payment of regular tuition. The local board of directors of a school district with approval by the state department of public instruction may prescribe the use of such other aids to special education as physical therapy, corrective gymnastics, rest periods, warm lunches, social counseling, and vocational counseling and training.

The board of directors of each school district providing for handicapped children shall employ qualified teachers certified by the authority provided by law as teachers for children requiring such special education. The maximum number of pupils per teacher shall be determined by the board of directors in accordance with the rules and regulations of the state department of public instruction. [C46, 50 §281.4]

281.5 Secretary's report. In order that the state board of public instruction may estimate the financial requirements for the program of state aid for education of handicapped children, it shall be the duty of the secretary of each school district in connection with the annual school census to file a report with the county superintendent each year in July on blanks prepared for that purpose by the state division of special education listing the names, sex, age, post-office address, and disability of every physically handicapped or mentally handicapped person of school age, together with the name and post-office address of his parent or guardian, and such other pertinent information
which the division may require. Copies of these reports shall in turn be sent by the county superintendent to the division of special education on or before August 1. In the case of any person who, by reason of congenital factors, accident or prolonged illness, has not been able to finish the special education by his or her twenty-first birthday, the period of special education may be continued by the school district for not exceeding three years thereafter.

No provision of this chapter shall be construed to require or compel any person who is a member of a well-recognized church or religious denomination and whose religious convictions, in accordance with the tenets or principles of his or her church or religious denomination, are opposed to medical or surgical treatment for disease to take or follow a course of physical therapy, or submit to medical treatment, nor shall any parent or guardian who is a member of such church or religious denomination and who has such religious convictions be required to enroll a child in any course or instruction which utilizes medical or surgical treatment for disease.

281.9 Reimbursement to districts. Any school district which has maintained an approved program of special education for handicapped children during any school year shall be entitled to and receive reimbursement from the state for the excess cost of instruction of the children in said program of special education above the cost of instruction of pupils in the regular curriculum of the district which shall be determined in the following manner. cation not later than July 30 for its review 
and approval. Receiving districts may re-

county board of education. The right of ap-

It shall be unlawful for any school district 
maintaining a high school course of instruction 
to rebate to any pupils or their parents, directly 
or indirectly, any portion of the high school tuition 
collected or to be collected from the home 
district of such pupils, or to authorize or per-
mit such pupils to receive at the expense of the 
district, directly or indirectly, any special 
compensation, benefit, privilege, or other thing 
of value that is not and cannot legally be made 
available to all other pupils enrolled in such

On or before February 15 and June 15 of each 
year the secretary of the creditor district shall 
deliver to the secretary of the debtor district 
an itemized statement of such tuition fees.

### 282.21 Collection of tuition fees

If payment is not made, the board of the creditor corporation shall file with the auditor of the county of the pupil's residence a statement certified by its president specifying the amount due for tuition, and the time for which the same is claimed. In such case the cost of the tuition and transpor-

### 282.24 Tuition rates determined by superintendent

The superintendent of public instruction shall determine a maximum tuition rate to be charged for students, elementary or high school, residing within another school district
or corporation. This maximum tuition rate shall be determined in the following manner: Classify all schools, elementary and secondary, located in school districts or corporations with populations of one thousand to fourteen thousand nine hundred ninety-nine, inclusive, according to monthly per pupil costs. In such classification the school that falls within the eighty-fifth percentile of the monthly per pupil cost shall form the basis. Using this figure the elementary and high school tuition rates for the succeeding year shall be determined so that the rate for the high school student is one and seventy-five hundredths times the rate for the elementary student. The junior high school rate shall be one and fifty hundredths times the elementary rate.

The superintendent of public instruction shall, after July 1 but before September 1 of each year, notify every school in the state, affected by this section, what the computed maximum tuition rate shall be for the ensuing year.

Nothing in this section shall prevent the corporation or district in which the student resides from paying a tuition in excess of the maximum computed tuition rates, if the actual per pupil cost so warrants, but in no case may the receiving district or corporation demand more than the maximum rate. Such teacher units shall be determined for each public school corporation in the following manner:

1. Teacher units in grades one to eight inclusive, and kindergarten, shall be fixed as follows: (a) For each school in which only one teacher is employed, one teacher unit; and (b) if the total average daily attendance does not exceed forty in all schools in which more than one teacher is employed, two additional teacher units; or (c) if the total average daily attend-

1. The amount so received from the treasurer of state for teacher units in grades one to eight inclusive, and kindergarten, shall be divided by the total average daily attendance in such grades for the school year for which such teacher units were fixed. 2. The amount so received from the treasurer of state for teacher units in grades nine to twelve inclusive shall be divided by the total average daily attendance in such grades for the school year for which such teacher units were fixed. The result so obtained shall constitute the amount of refund for each pupil in such grades for whom tuition was received for such school year.

3. Provided that if tuition was paid for any such pupil for less than the full school year the amount of refund shall bear the same proportion to the amount so determined as the period for which tuition was paid bears to the full school year. [C39,§4283.09; C46, 50,§283.8]

283.9 Rules and regulations. The superintendent of public instruction is hereby authorized to adopt such rules and regulations, consistent with the provisions of this chapter, as are necessary and proper for the administration thereof. [C39,§4283.10; C46, 50,§283.9]

[54GA, ch 95, §3]

283A.4 Administration of program. The superintendent of public instruction may enter into such agreements with any agency of the federal government, with any school board, or with any other agency or person, prescribe such regulations, employ such personnel, and take such other action as he may deem necessary to provide for the establishment, maintenance, operation, and expansion of any school lunch program, and to direct the disbursement of federal and state funds, in accordance with any applicable provisions of federal or state law. CHAPTER 284
REIMBURSEMENT OF SCHOOL DISTRICTS FOR LOSS OF TAXES
Referred to in §274.44

284.1 Reimbursement—by whom computed.
284.2 Basis of computation—limitation.
284.3 Certification of amount.
284.4 Payment to district.

284.1 Reimbursement—by whom computed. When unplatted lands within the boundaries of a school district are owned by the government of the United States, by the state, by a county, or by a municipal corporation located wholly outside said school district, and such lands have been removed from taxation for school purposes, said school district shall be reimbursed, as hereinafter provided, in an amount which shall be computed by the county board of supervisors in the county in which such lands are located, which computation shall be made on or before the first day of September in the year in which said deductions are to be made. [C31, §4283-c9; C35, §4283-e1; C39, §4283.11; C46, 50, §284.1]
Referred to in §§284.2, 284.3

284.2 Basis of computation—limitation. The computation provided for in section 284.1 shall be made: (1) On the basis of the proportion that the assessable value of the total number of acres owned by the government of the United States, by the state, by the county, or by the municipal corporation, as the case may be, in such school district bears to the assessable value of the total number of acres in said school district. The average assessable value per acre of the lands so owned within the school district shall, for the purposes of the computation provided for in this chapter, not exceed the average assessable value per acre of the taxable lands in said district, or (2), if said land or any part thereof is being operated by a municipal corporation for veterans or public housing purposes, and said municipal corporation does not furnish school facilities for tenants' children of school age, then the municipal corporation shall be obligated to provide its proportionate share of the education and building costs of the school district in which said project is located and the compu-
284.4 Payment to district. Upon receipt of the certificate provided for in section 284.3, it shall become the duty of the council of such municipal corporation or the county auditor of such county, as the case may be, to cause a warrant in said amount to be drawn on the general fund of such county or such municipal corporation and delivered to the secretary of said school district.

When the computed amount is based upon lands belonging to the state or to the government of the United States, as provided herein, it shall then become the duty of the secretary of the executive council of the state to certify the amount to the state comptroller, who shall draw his warrant to the secretary of said school district and the treasurer of state shall pay the same from any funds of the state not otherwise appropriated.

If the computed reimbursement to a school district on state or government owned land within the district is not sufficient to cover the tuition such district is required to pay because of children of employees of the state or federal government who reside on such land and attend a public school outside the district in which such land is located, then the county board of supervisors shall add to the computed reimbursement to such district the difference between the computed reimbursement and the tuition such district is required to pay because of the children of such employees, and certify the total to the secretary of the executive council for payment by the state as provided by law. [C31, §§4283-c3, c12; C35, §4283-e4; C39, §4283.14; C46, 50, §284.4]

284.5 Secretary to file statement. It shall be the duty of the secretary of said school district when certifying the taxes to file a certified statement with the county auditor of the proper county showing the amount of such tax-free land, its description, and the branch of government by which owned.

It shall also be the duty of the secretary of such school district at the time of certifying the taxes to file with the county auditor a certified statement showing the names of employees of the state or federal government who live on state or government owned land within the district whose children attend a public school outside the home district as provided by law, by whom employed, the capacity of their employment, the names of their children for whom tuition is to be paid, the name of the outside school district in which their children attend, the total period of attendance, and the amount of tuition the district is required to pay for each of such children. [C31, §§4283-c5; C35, §4283-e5; C39, §4283.15; C46, 50, §284.5]

284.6 Auditor to deduct reimbursement. When levying the school tax certified by the secretary of the school board against the taxable property of such school district, the county auditor shall deduct therefrom the amount computed by the county board of supervisors and levy the remainder against the taxable property of said district. [C31, §4283-c11; C35, §4283-e6; C39, §4283.16; C46, 50, §284.6]

284.7 Commission to prepare forms. The forms necessary for carrying out the purposes of this chapter shall be prepared by the state tax commission. [C35, §4283-e7; C39, §4283.17; C46, 50, §284.7]
CHAPTER 285

STATE AID FOR TRANSPORTATION

Referred to in §§279.16, 282.7

285.1 When entitled to state aid.
1. The board of directors in every school district shall provide transportation or the costs thereof for all resident pupils attending public school, kindergarten through twelfth grade, who reside more than one mile from the school designated by the board for attendance, except as hereinafter provided:
   a. Elementary pupils residing in a district wherein is located a village, town or city under twenty thousand population wherein the designated school is located must live more than two miles from the school designated for attendance to be entitled to transportation.
   b. Elementary pupils residing in a district wherein is located a city of twenty thousand or more in population must live more than two miles from the public school designated for attendance to be entitled to transportation.
   c. Elementary pupils residing in a rural independent district, a rural township district, or a consolidated district not operating a central school, when the school in the district or subdistrict is in operation, must live more than two miles from the school in their own district or subdistrict to be entitled to transportation.
   Boards at their discretion may provide transportation for resident elementary children attending public school who live less than the distance at which transportation is required.
   d. High school pupils residing in a district containing a village, town, or city under twenty thousand population wherein a high school is located and outside the limits of the village, town, or city shall be entitled to transportation as provided in this section.
   e. High school pupils residing in a district containing a city of twenty thousand population or over must live more than three miles from high school designated for attendance to be entitled to transportation thereto.
   Boards at their discretion may provide transportation for all high school pupils residing inside the corporate limits of any town, village, or city, and more than two miles from designated high school.

2. Any pupil may be required to meet a school bus on the approved route a distance of not to exceed three-fourths of a mile without reimbursement.

3. In any district where transportation by school bus is impracticable or where school bus service is not available, the board may require the parents or guardian to transport their children to the school designated for attendance. The parent or guardian shall be reimbursed for such transportation service for elementary pupils by the board of resident district for the distance one way from the pupil's residence to the school designated for attendance at the rate of twenty-eight cents per mile per day irrespective of number of children transported. For high school pupils, the parent or guardian shall be reimbursed forty dollars per pupil per year for such service, provided however no family shall receive more than eighty dollars per year for transporting the members of the family who attend high school.

4. In all districts where unsatisfactory roads or other conditions make it advisable, the board at its discretion may require the parent or guardian to transport their children up to two miles to connect with a vehicle of transportation. The parent or guardian shall be reimbursed for such transportation by the board of resident district at the rate of twenty-eight cents per mile per day, one way, per family for the distance from pupil's residence to the bus route.

5. Where transportation by school bus is impracticable or not available or other existing conditions warrant it, arrangements may be made for use of common carriers according to uniform standards established by the state superintendent of public instruction. The cost shall be the actual cost of service not to exceed forty dollars per pupil per year.

6. When the school designated for attendance of pupils is engaged in the transportation of pupils, the sending or designating school shall use these facilities and pay the pro rata cost of transportation except that a district sending pupils to another school may make other arrangements when it can be shown that such arrangements will be more efficient and economical than to use facilities of the receiving school, providing such arrangements are approved by the county board of education.

7. If a board closes either elementary or high school facilities and is approved by the county board of education to operate its own transportation equipment, the full cost of transportation shall be paid by the board for...
all pupils living beyond the statutory walking distance from the school designated for attendance.

8. Transportation service may be suspended upon any day or days, due to inclemency of the weather, conditions of roads, or the existence of other conditions, by the board of the school district operating the busses, when in their judgment it is deemed advisable.

9. Distance to school or to a bus route shall in all cases be measured on the public highway only and over the most passable and safest route as determined by the county board of education, starting in the roadway opposite the private entrance to the residence of the pupil and ending in the roadway opposite the entrance to the school grounds or designated point on bus route.

10. The board in any district providing transportation for nonresident pupils shall collect the pro rata cost of transportation from the district of pupil's residence for all properly designated pupils so transported.

11. Boards in districts operating busses may transport nonresident pupils who attend public school, kindergarten through junior college, who are not entitled to free transportation provided they collect the pro rata cost of transportation from the parents.

12. The pro rata cost of transportation shall be based upon the actual cost for all the children transported in all school busses. It shall include one-seventh of the original net cost of the bus and such other items as shall be determined and approved by the superintendent of public instruction but no part of the capital outlay cost for school busses and transportation equipment for which the school district is reimbursed from state funds or that portion of the cost of the operation of any school bus used in transporting pupils to and from extracurricular activities shall be included in determining said pro rata cost. In any district where because of unusual conditions, the cost of transportation is in excess of the actual operating cost of the bus route used to furnish transportation to nonresident pupils, the board of the local district may charge a cost equal to the cost of other schools supplying such service to that area, upon receiving approval of the state director of school transportation. Capital outlay for school busses and transportation equipment shall be excluded from the capital outlay in determining tuition costs as provided in section 279.18, and section 282.20.

13. When a local board fails to pay transportation costs due to another school for transportation service rendered, the board of the creditor corporation shall file a sworn statement with the county board of education specifying the amount due. The county board of education shall check such claim and if the claim is valid shall certify to the county auditor. The auditor shall transmit to the county treasurer an order directing him to transfer the amount of such claim from the funds of the debtor corporation to the creditor corporation and the treasurer shall pay the same accordingly.

14. The state superintendent of public instruction may review all transportation arrangements to see that they meet all legal and established uniform standard requirements.

15. Every school district required by law to provide transportation shall be reimbursed by the state for transportation costs incurred in amount and manner as provided in this chapter. However, no state reimbursement shall be made to school districts to cover costs incurred in transporting pupils from home to a bus route, or any others not entitled to free transportation, but who are transported at the expense of the home district or the parents. [§83.79-1418, 4184; C35, §§4179-4181, 4184, 4186, 4233.5; C46, §§270.26, 270.28, 270.32, 270.34, 279.20, 285.1, 285.5; C50, §§85.1, 55GA, ch 12, §2]

285.2 Basis of reimbursement. Reimbursement shall be for the school year preceding that in which it is made on the basis of thirty dollars per pupil per annum in a district (1) transporting an average of one hundred twenty-five pupils per day, (2) its vehicles traveling one hundred sixty miles per pupil per year, and (3) having a road condition index of 1.40. To determine the amount of reimbursement to which any district shall be entitled and shall receive, adjustments from the foregoing standard shall be made and the amount determined in the following manner, to wit:

1. Adjustments for number of pupils transported:
   a. An increase of two cents for each reduction of one in the average number of pupils transported below one hundred twenty-five, until thirty dollars and fifty cents is reached for each of one hundred pupils.
   b. An increase of four cents for each reduction of one pupil in the average number of pupils transported below one hundred, until thirty dollars and fifty cents has increased to thirty-one dollars and fifty cents for each seventy-five pupils.
   c. An increase of six cents for each reduction of one in the average number of pupils transported below seventy-five, until thirty dollars and fifty cents has increased to thirty-three dollars and fifty cents for each seventy-five pupils.
   d. A decrease of two cents for each addition of one in the average number of pupils transported above one hundred twenty-five, until thirty dollars is reached for each of one hundred seventy-five pupils.
   e. A decrease of one cent for each addition of one in the average number of pupils transported above one hundred seventy-five, until twenty-nine dollars and fifty cents is reached for each of two hundred twenty-five or more pupils.

2. Adjustments for mileage:
   a. An increase of the base of thirty dollars
by three cents per year for each mile of vehicular travel in excess of one hundred sixty miles per pupil per year.

2. A decrease of the base of thirty dollars by three cents per year for each mile of vehicular travel less than one hundred sixty miles per pupil per year.

3. Adjustment for road conditions:
   An increase or decrease, as the case may be, of the base rate of thirty dollars by the percentage by which the road condition index is greater or less than 1.40.

The road condition index for any district shall be obtained by (a) multiplying the miles of hard surfaced (including black top), gravel, and unsurfaced roads over which the school busses travel by 1.00, 1.39, and 1.55 respectively; (b) adding the amounts thus obtained, and (c) dividing the total by the total bus mileage.

The three computations provided for in subsections 1, 2 and 3, immediately preceding, shall be added together and divided by three and the amount so obtained shall be the amount to be paid to the district per pupil transported, by way of reimbursement. In school districts where transportation by school bus is not practicable or available, and approved special transportation arrangements are made, the distribution formula shall be waived and the reimbursement from the state for such costs shall be twenty-three dollars per pupil per school year, except that in no event shall any district be reimbursed in any amount in excess of the actual cost per pupil per year.

Reimbursement from the state for transportation costs incurred shall be paid to:

a. Districts for transportation provided to its own school for all pupils entitled to free transportation.

b. Districts for transportation provided to another school for all pupils entitled to free transportation.

c. Districts for transportation provided to pupils residing in one district and who are entitled to transportation but are transported to a school other than to the school which is operating the transportation equipment.

When the pupils from the sending district are transported by the receiving district the reimbursement will be made to the sending district and shall constitute a credit to the sending district on the cost of transportation. The receiving district in billing the sending district shall bill only for the difference between the state reimbursement and the actual approved cost of transportation.

The appropriation for transportation shall be used to reimburse school districts for cost incurred in the amount and manner as are provided in this chapter. In the event the balance is insufficient to reimburse the district in full for the approved claims, the amount available shall be prorated to the several districts in ratio to amount earned. [C46, 50, §285.2; 55GA, ch 120, §1]

285.3 Report by secretary of district. The secretary of each district entitled to transpor-

tation aid shall, on or before the first day of July of each year, report to the state depart-
ment of public instruction the information required by the latter, such information as it may require for determining the amount the district shall be reimbursed for transportation of pupils. The state department may require further supporting data and information, and from the said reports, data and information it shall determine and compute the amount to which each district is entitled to reimbursement, and shall certify same for payment to the state comptroller who shall draw warrants upon such certification and cause same to be delivered to the districts so entitled. [C46, 50, §285.3]

285.4 Pupils sent to another district. On or before July 8, 1949, the board in districts not maintaining high school facilities shall by re-

cord action designate the school or schools for attendance of all high school pupils from their respective districts. In making designations, the board shall give consideration to the wishes of the majority of the patrons, the adequacy of the facilities and curricular offerings and available bus service to avoid duplication of transportation facilities to different receiving schools.

When a board closes its elementary school facilities for lack of pupils or by action of the board, it shall, if there is a school bus service available in the area, designate for attendance the school operating the busses, provided the board of such school is willing to receive the pupils and the facilities and curricular offerings are adequate. The board of the district where the pupils reside may with the approval of the county board of education, subject to legal limitations and established uniform standards, designate another rural school and provide their own transportation if the transportation costs will be less than to use the established bus service.

All designations must be submitted to the county board of education on or before July 15, for review and approval. The county board of education shall after due investigation alter or change designations to make them conform to legal requirements and established uniform standards for making designations and for locating and establishing bus routes. After designations are made, they will remain the same from year to year except that on or before July 15, of each year, the rural board or parents may petition the county board for a change of designation to another school. Appeals from the decision of the county board on designations may be made by either the parents or board to the state superintendent of public instruction as provided in section 285.12 and section 285.13. [C35, §§4274-e1, -e3, -e4, -e6; C39, §§4274.03, 4274.05, 4274.06, 4274.08; C46, §§282.10, 282.12, 282.13, 282.15, 285.4; C50, §285.4]

285.5 Contracts for transportation.

1. Contracts for school bus service with private parties shall be in writing and be for the transportation of children who attend public school. Such contracts shall define the route,
the length of time, service contracted for, the compensation, the vehicle to be used. The contract shall prescribe the duties of the contractor and driver of the vehicles and shall provide that every person in charge of a vehicle conveying children to and from school shall be at all times subject to any rules said board shall adopt for the protection of the children, or to govern the conduct of the persons in charge of said conveyance. Contracts may be made for a period not to exceed three years.

The contract shall provide that the contractor will sell the equipment to the board should he desire to terminate the contract, provided the board should desire to purchase said equipment, the price of the equipment to be determined by an appraisal board composed of one person appointed by the school board, one appointed by the owner of the equipment, and a third selected by these two.

2. The contractor shall operate the vehicle himself or provide a driver who must be approved by the board. The contractor and driver shall be subject to all laws and prescribed standards for school bus drivers. Failure to comply shall constitute grounds for dismissal of the driver or cancellation of the contract if the board so desires.

3. All vehicles of transportation provided by contractor shall be inspected, approved and certified before being put into operation.

4. All contracts may be terminated by either party on a ninety-day notice.

5. The state superintendent of public instruction shall prepare a uniform contract containing provisions not in conflict with this chapter which shall be used by all schools in contracting for transportation service.

6. All contractors shall carry liability insurance in amounts and kind as provided in the official contract.

7. All contracts for transportation service and for drivers of school-owned and operated busses shall be made with someone outside the board except where no other transportation service is available, a board member may transport his own children.

8. Private busses other than common carriers not used exclusively in transportation of pupils while under contract to a school district shall meet all requirements for school-owned busses, as to construction and operation.

9. All bus drivers for school-owned equipment shall be under contract with the board. SUPPLEMENTARY AID TO SCHOOL DISTRICTS

286.1 Right of districts to financial aid.

286.2 Definitions.

286.3 Aid to qualified districts.

286.4 Conditions and requirements — mandatory tax levy.

286.5 Basis of aid.

286.6 Determination of total aid.

286.7 Information furnished by school district.

286.1 Right of districts to financial aid. For the purpose of equalizing educational opportunity in the school districts throughout the state, the several school districts in the state shall be entitled to and receive financial aid from the state in the manner and amount as provided in this chapter. The aid provided for in this chapter is supplementary aid. Supplementary aid is that aid which is available to districts which qualify under the provisions of this chapter. [C46, 50, §286.1]

286.2 Definitions. For the purposes of this chapter an elementary pupil is a pupil of school age attending public school who has not entered the ninth grade, and a high school pupil is a pupil of school age attending public school in any of the grades ninth to twelfth inclusive. [C46, 50, §286.2]

286.3 Aid to qualified districts. Supplementary aid shall be paid by the state to those districts which qualify, as hereinafter provided. [C46, 50, §286.3]

286.4 Conditions and requirements — mandatory tax levy. Supplementary aid shall be paid under the following conditions and requirements:

1. Supplementary aid shall be paid to a district only when the funds described in subsection 2 of this section are insufficient to meet an educational cost of ninety dollars per elementary child and one hundred forty-five dollars per high school child in average daily attendance, and then only to the extent of this deficiency.

2. The funds which shall be considered available to any district to meet the educational cost described in subsection 1 of this section, shall include: (a) The estimated proceeds of a

standard local tax rate (exclusive of the rate for the schoolhouse fund) of seventeen mills for independent districts with high schools, ten mills for consolidated and other districts with high schools, and seven mills for elementary districts; (b) proceeds of the semiannual apportionment; (c) estimated proceeds of the moneys and credits tax; and (d) receipts in the general fund called “other revenue” and “other nonrevenue”, (excluding transfers from the schoolhouse fund).

3. No school district shall receive financial aid under the provisions of this chapter for reimbursement for any year in which a school tax levy for the general fund of at least ten mills was not made in such district. [C46, 50, §286.4; 55GA, ch 13, §§1-3]

286.5 Basis of aid. Supplementary aid shall be on the basis of per school census child and shall be computed and determined as follows:

1. Multiply ninety dollars by the combined number of nontuition elementary students in average daily attendance and average number of nontuition elementary students for which the district pays tuition to another district.

2. Multiply one hundred forty-five dollars by the combined number of nontuition high school students in average daily attendance and average number of high school students for which the district pays tuition to another district.

3. Take the sum of the amounts found in subsections 1 and 2 of this section.

4. From this sum, subtract the receipts in the general fund, which are described in subsection 2 of section 286.

5. Divide the remainder obtained in subsection 4 by the school census to determine the
amount per census child to which the district may be entitled in supplementary aid. [C46, 50,§286.5; 55GA, ch 13,§§4, 5]

286.6 Determination of total aid. The amount of supplementary aid per census child to which the district is entitled, if any, shall be multiplied by the school census to obtain the total state aid to which the district is entitled. [C46, 50,§286.6]

286.7 Information furnished by school district. The supplementary aid shall take the form of reimbursement to the school district for its educational program of the preceding year. At the close of each school year, but not later than June 30, the local district shall supply to the state department of public instruction the information required for calculation of the amount reimbursable to the district. Forms for this purpose shall be supplied by the state department to each school district at the beginning of each school year. After the claim has been calculated and validated for accuracy, the department of public instruction shall immediately certify to the state comptroller the amount of reimbursement due to each school district, and in no event shall the process of certification, calculation and validation extend more than sixty days beyond the time when a given district has submitted its data for the preceding year. In event that the amount appropriated for reimbursement of the school districts is insufficient to pay in full the amounts to each of the school districts, then the amount of each payment shall be reduced by the state comptroller in the ratio that the total funds appropriated and available bears to the total amount certified for reimbursement. [C46, 50,§286.7]

[C50,§286A.3]

286A.4 Determination. The general school aid funds allocated to each district shall be determined as follows:

Multiply this product by the actual number of days school was officially in session, not to exceed one hundred eighty days.
2. Multiply twenty cents by the combined number of nontuition high school students in average daily attendance and average number of high school students for which the district pays tuition to another district. Said division and appraisement shall be approved or disapproved by said board at its first meeting after such report, and in case it disapproves the same it may at once order another division and appraisement. If the board of supervisors approves, the county auditor shall make and keep a record of such division, appraisement, and approval; but no school lands of any kind shall be sold for less than the appraised value per acre, except as hereinafter provided; nor shall any member of the board

At such time and place, or at such other time and place as the sale may be adjourned to, he shall offer to the highest bidder, subject to the provisions of this chapter, and sell, either for cash or one-third cash and the balance on a credit not exceeding ten years, with interest on the same at the rate of not less than three and one-half percent per annum, to be paid at the office of the county treasurer of said county on the first day of January in each year, delinquent interest to bear the same rate as the principal. 302.6 Sale without appraiserment. When the board of supervisors of any county has once offered for sale any school lands in compliance with the requirements of this chapter, and they remain unsold, and it is unable to obtain therefor the appraised value thereof, and in the opinion of said board it is for the best interests of the school fund that the same be sold for a less price, it may instruct the auditor to transmit to the secretary of state a certified copy of its proceedings in relation to the order of sale thereof and subsequent proceedings in relation thereto, including the action of the township trustees, and the price per acre at which the land had been appraised, which transcript the secretary of state shall submit to the executive council; and if it approves of a sale at a less sum it shall certify such approval to the auditor of the county from which said transcript came, which certificate shall be transcribed in the minute book of the board of supervisors, and thereupon said land may again be offered and sold to the highest bidder, after notice given as in case of sales in the first instance, without being again appraised. When lands are sold upon a partial credit, the contract therefor shall be at once reduced to writing, signed by the proper parties, recorded in the county where the land is situated, and immediately thereafter filed in the office of the county auditor. Any purchaser or his assigns may at any time pay the full amount for lands with accrued interest, and receive from the county auditor a certificate of purchase, which shall be at once transmitted to the secretary of state and will entitle the holder to a patent for the lands, to be issued by the secretary of state and the governor. All school lands sold in pursuance of law shall be subject to taxation from and after the execution and delivery of a contract of purchase. All sales made, where the full price is not paid, shall be subject to the law relative to the prevention or punishment of waste, and in all such cases the township trustees in each township are charged with the duty of preventing the commission of waste upon any school lands lying in their township, and, if attempted, they shall apply by petition for an injunction to stay the same, and if granted the writ shall issue without bond, and the court issuing it may make such order in the premises as shall be equitable and best calculated to prevent threatened injury, and may adjudge damages for any injury done, the costs to abide the event of the action, and the damages adjudged shall be paid to the county treasurer and the county treasurer shall forthwith pay the same to the state treasurer which shall become a part of the permanent school fund. When lands have been sold and bid in by the state in behalf of the school fund upon a judgment in favor of such fund, the land may be held in like manner as other school lands, and when lands have been conveyed to the counties in which they are situated for the use of the school fund, instead of to the state, such conveyance shall be valid and binding, and upon proper certificates of sales patents shall issue in like manner as in cases where the conveyances were properly made to the state. [C73, §1850; C97, §2844; C24, 27, 31, 35, 39, §4476; C46, 50, §302.8]

302.9 Cash or collateral security. When, in the judgment of the board of supervisors, any school lands are of such a character that a sale upon partial credit would be unsafe or incompatible with the interest of the school fund, and especially in the case of timbered lands, the board of supervisors may in its discretion exact the whole of the purchase money in advance; or if it sells such land upon a partial credit, as hereinbefore prescribed, it shall require good collateral security for the payment of the part upon which credit is given. [R60, §1974; C73, §1853; C97, §2845; C24, 27, 31, 35, 39, §4477; C46, 50, §302.9]

302.11 School fund accounts—audit of losses. The state comptroller shall keep the school fund accounts in books provided for that purpose, separate and distinct from the revenue books. The auditor of state shall audit all losses to the permanent school or university fund which shall have been occasioned by the defalcation, mismanagement, or fraud of the agents or officers controlling and managing the same, and for this purpose shall prescribe such regulations for those officers as may be necessary to ascertain such losses. The board of approval in planning said construction program shall distribute the improvements in such manner as will give to each township, as soon as may be, an equitable mileage of improved roads, and those townships which have heretofore improved their township roads shall not be discriminated against in this new improvement program.

The board of supervisors of any county may provide that the work of maintaining the local county roads of a township shall be performed by the township trustees, subject to the supervision of the county highway engineer. In such case the township trustees shall retain their road equipment, and the board of supervisors shall set aside in the county treasury a sum from the secondary road maintenance fund, which shall be said township's proportionate share of the maintenance funds for said county devoted to local county roads. [S13, §424-b; C24, 27, 31, 35, 39, §4680; C46, 50, §309.87]

309.88 Construction and maintenance. If a majority of the voters vote in favor of such authorization, the board shall have authority to construct and maintain said bridge, and may agree with the adjoining state, or with any other municipal division thereof, as to what part of said bridge said county will construct and maintain, or as to what percentage of the cost of construction and maintenance said county shall pay, and such county shall be under no greater liability than as evidenced by such agreement. [S13, §§424-b,-c; C24, 27, 31, 35, 39, §4681; C46, 50, §309.88]

309.89 Levy—bond. In order to build and maintain such bridge, the board may, from year to year and on all the property in the county, levy an annual tax of not to exceed one-fourth mill. The board may, in the manner provided for funding outstanding county indebtedness, issue the bonds of the county in the amount of the authorized expenditure. The maturity of such bonds may be distributed through a period of twenty years. In case bonds are so issued, the board shall maintain sufficient levies to meet the principal and interest as in other cases of bonds issued for outstanding county indebtedness. [S13, §424-b; C24, 27, 31, 35, 39, §4682; C46, 50, §309.89]

"County's allotment of road use tax fund" or "allotment of road use tax fund" shall mean that part of the road use tax fund allotted to any county by the treasurer of state from the portion of the state road use tax fund which he has credited to the secondary road construction fund of the counties.

2. "Federal aid" or "federal aid secondary road fund" shall mean funds allotted to the state of Iowa by the federal government to aid in the construction of secondary roads and which funds must be matched with funds under the control of the state highway com-

mission. [C39, §4686.01; C46, 50, §310.1; 54GA, ch 103, §23]

310.2 Supervisors agreement. The county board of supervisors of any county is empowered, on behalf of the county, to enter into any arrangement or agreement with or required by the duly constituted federal or state authorities in order to secure the full cooperation of the government of the United States and of the state of Iowa, and the benefit of all present and future federal or state allotments in aid of secondary road construction, reconstruction or improvement. [C39, §4686.02; C46, 50, §310.2]

310.3 Funds. There is hereby created a fund which shall be known as the farm-to-market road fund which shall be made up as follows:

1. All federal aid secondary road funds received by the state.
2. All road use tax funds by law credited to the farm-to-market road fund.
3. All other funds which may, under the provisions of this chapter or any other law, be credited or appropriated for the use of the farm-to-market road fund. [C39, §4686.03; C46, 50, §310.3]

Allocation of funds, §310.2.

310.4 Use of fund. Said farm-to-market road fund is hereby appropriated for and shall be used in the establishment, construction, reconstruction or improvement of the farm-to-market road system, including the drainage, grading, surfacing, construction of bridges and culverts, the elimination, protection, or improvement of railroad crossings, the acquiring of additional right of way and all other expenses incurred in the construction, reconstruction or improvement of said farm-to-market road system under this chapter. [C39, §4686.04; C46, 50, §310.4]

Referred to in §310.34.

310.5 Repealed by 53GA, ch 122, §11, see §308A.5.

310.6 Accounts by highway commission. The state highway commission shall keep accounts in relation to the farm-to-market road fund and each county's allotment thereof, crediting each fund with all amounts by law creditable thereto, and charging each with all duly and finally approved vouchers for claims properly chargeable thereto. [C39, §4686.06; C46, 50, §310.6]

310.7 Treasurer's monthly statement. The account of the farm-to-market road fund, kept by the state comptroller and the state treasurer, shall deal with said fund as a single fund with all credits thereto and disbursements therefrom. [C39, §4686.07; C46, 50, §310.7]

See treasurer's report to highway commission, §310.4.

310.8 Quarterly statement to county engineer. The state highway commission shall, quarterly, advise each county engineer of the condition of said county's allotment of the farm-to-market road fund. Said statement shall show the balance in said county's allotment at the beginning of said period, the amount or amounts allotted to said county during said period, the amount disbursed from said county's allotment during said period, and the balance in said county's allotment at the end of said period. Said statement shall also show the estimated outstanding obligations against the said county's allotment at the date of said statement. [C39, §4686.08; C46, 50, §310.8]

310.9 Projects approved by commission. Before approving any farm-to-market road project the state highway commission shall satisfy itself that the county engineer's office in that county is organized, equipped and financed to discharge satisfactorily the duties herein required. Before any county can receive any portion of the farm-to-market road fund allotted on an equalization basis, such county must have made every reasonable effort by the levy of local taxes and otherwise to provide funds for the improvement of its secondary road system. [C39, §4686.09; C46, 50, §310.9]

Referred to in §310.10.

310.10 System designated—additions. The farm-to-market road system shall embrace those main secondary roads (not including roads within cities and towns) which connect rural areas with each other and with the towns, cities, and primary roads, and which have heretofore been designated as farm-to-market roads under section 310.9, as amended, and section 310.10, Code 1946. Said road system may, with consent of the state highway commission, be changed and modified by the board of supervisors.

When all farm-to-market roads in any county have been built to established grade, bridged and surfaced in a manner suited to the traffic thereon, additional mileage may be added to the farm-to-market road system in said county. [C39, §4686.10; C46, 50, §310.10]

Referred to in §305.2.

310.11 Nonparticipating county—funds reserved. Any county having complied with the provisions of this chapter may by its board of supervisors submit to the state highway commission for its approval project statements for the construction, reconstruction, or improvement of farm-to-market roads. [C39, §4686.11; C46, 50, §310.11]

310.13 Surveys, plans and estimates. If the state highway commission approves a project submitted by the board of supervisors, the county engineer shall proceed to make or cause to be made, the surveys, plans and estimates for said project, and submit the same to the board of supervisors and the highway commission for approval. The construction work on said project shall be done in
accordance with said approved plans, except insofar as the same may be modified to meet unforeseen or better understood conditions, and no such modification shall be deemed an invalidating matter. [C39, §4686.13; C46, 50, §310.13]

310.14 Bids—highway commission or county supervisors. When the approved plans and specifications for any farm-to-market road project are filed with the state highway commission, it shall, if the estimated cost exceeds one thousand dollars, proceed to advertise for bids and make recommended award of contract. Said recommended award of contract shall be submitted to the board of supervisors of the county in which said project is located for its concurrence. Upon receiving the concurrence of the county board on said recommended contract award, the state highway commission shall take final action awarding said contract. Provided, that the state highway commission shall determine and advise the county board as to any approved farm-to-market road project which is to be financed without the use of federal funds. On such project the above procedure shall be reversed. The county board shall advertise for bids, and, subject to concurrence by the state highway commission, award contract for the construction work. [C39, §4686.14; C46, 50, §310.14] See §814.2

310.15 Repealed by 53GA, ch 125, §2, see §308A.10.

310.16 Claims charged to county allotment. All claims for improving farm-to-market roads hereunder shall be paid from the farm-to-market road fund and charged to the allotment of said fund for the county in which said project is located. [C39, §4686.16; C46, 50, §310.16]

310.17 Repealed by 53GA, ch 125, §4, see §308A.12.

310.18 Partial payments during construction. Partial payments may be made on the work during the progress thereof, but no such partial payment shall be deemed final acceptance of the work nor a waiver of any defect therein. The approval of any claims by the board of supervisors or by the state highway commission may be evidenced by the signature of the chairman of said board or commission, or a majority of the members of the board or commission, on the individual claims or on the abstract of a number of claims with the individual claims attached to said abstract. [C39, §4686.18; C46, 50, §310.18]

310.19 Supervision and inspection of work. The county engineer is charged with the duty of supervision, inspection and direction of the work of construction of farm-to-market road projects under this chapter. In such capacity, the county engineer shall be under the supervision of the commission. [C39, §4686.19; C46, 50, §310.19]

310.20 Supervisors resolution to state treasurer. Any county may, in any year, by resolution of its board of supervisors, make available for improvement or construction of farm-to-market roads within the county any portion of its allotment of road use tax funds. Upon certification of such a resolution, the state treasurer shall place in the county's allotment of the farm-to-market road fund the amount authorized by such resolution. [C39, §4686.20; C46, 50, §310.20]

310.21 Repealed by 53GA, ch 125, §6, see §§308A.6, 308A.14.

310.22 Right of way—how acquired. Right of way for farm-to-market road projects under this chapter may be acquired by the county. However, the county board may request the state highway commission to acquire such right of way and in either event such right of way may be paid for out of the county's allotment of the farm-to-market road fund. Should the board of supervisors request the state highway commission to acquire the right of way on any farm-to-market road project, the said commission shall proceed to the acquisition of said right of way under the same laws and in the same manner as though said project were a primary road project. [C39, §4686.22; C46, 50, §310.22]

310.23 and 310.24 Repealed by 54GA, ch 103, §22, see §§306.13 and 306.15.

310.26 Repealed by 53GA, ch 127, §5, see §308A.7.

310.27 Period of allocation—reversion. The farm-to-market road fund allotted to any county as provided in this chapter shall remain available for expenditure in said county for three years after the close of the calendar year during which said sums respectively were allocated. Any sum remaining unexpended at the end of the period during which it is available for expenditure, shall be reappropriated among all the counties as provided in section 312.5 for original allocations.

For the purposes of this section, any sums of the farm-to-market road fund allotted to any county shall be presumed to have been "expended" when a contract shall have been let by the state highway commission obligating said sums. [C39, §4686.27; C46, 50, §310.27; 55GA, ch 125, §1]

310.28 Engineering and other expense. Engineering, inspection and administration expense in connection with any farm-to-market road project may be paid from said county's allotment of the farm-to-market road fund. Any such expense incurred by the state highway commission may in the first instance be advanced out of the primary road fund, said amounts later being reimbursed to said funds out of the farm-to-market road fund.
Provided, that no part of the salary or expense of the county engineer, any member of the county board of supervisors, any member of the state highway commission, the chief engineer, or any department head or district engineer of the commission shall be paid out of the farm-to-market road fund. [C39, §4686.28; C46, 50, §310.28]

310.29 Maintenance by county. Any farm-to-market road constructed under the provisions of this chapter shall be maintained by the county in a manner satisfactory to the federal authorities and to the state highway commission. Should any county fail to so maintain any such road, the state highway commission shall give the board of supervisors notice of that fact. If within sixty days after receipt of such notice the said highway has not been placed in proper condition of maintenance the commission shall proceed immediately to have such highway placed in proper condition of maintenance and charge the cost thereof against said county's allotment of the farm-to-market road fund. The amount so expended for maintenance work by the highway commission shall be reimbursed to said county's allotment of the farm-to-market road fund, from said county's secondary road maintenance fund, before any more farm-to-market road projects in said county are approved by the commission. [C39, §4686.29; C46, 50, §310.29]

310.30 Repealed by 53GA, ch 127, §5.

310.31 Repealed by 53GA, ch 122, §14.

310.32 Widening roads—prohibition. The highway commission shall not compel the widening of any of the farm-to-market roads in any county over sixty-six feet without the consent of the county board of supervisors. [C39, §4686.32; C46, 50, §310.32]

310.33 Repealed by 52GA, ch 162, §4.

310.34 Secondary road research fund. Notwithstanding the provisions of section 310.4, the state highway commission is hereby authorized to set aside each year not to exceed one and one-half percent of the receipts in the farm-to-market road fund in a fund to be known as the secondary road research fund. [C50, §310.34]

310.35 Use of fund. The secondary road research fund shall be used by the state highway commission solely for the purpose of financing engineering studies and research projects which have as their objective the more efficient use of funds and materials that are available for the construction and maintenance of secondary roads, including bridges and culverts located thereon. [C50, §310.35]

310.36 Report to governor. The research projects and engineering studies authorized herein shall be conducted in cooperation with the county engineers. Once each year the highway commission shall file a report with the governor and county engineers showing the work accomplished and projects undertaken under section 310.35, and copies of a biennial report of the same for the use and benefit of the general assembly shall be filed with the chief clerk of the house of representatives and the secretary of the senate on or before January 31 of each odd-numbered year. [C50, §310.36]

CHAPTER 311
SECONDARY ROAD ASSESSMENT DISTRICTS

311.1 Power to establish. In order to provide for the graveling, oiling, or other suitable surfacing of secondary roads, the board of supervisors shall have power, on petition, to establish secondary road assessment districts. [C24, 27, 31, 35, 39, §4746; C46, §311.1; C50, §311.1]
311.2 **Width of district.** Any such secondary road assessment district shall be not more than one-half mile wide on each side of the road or roads to be improved by said district. [C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, §311.2]

311.3 **Amount of assessment.** Special assessments in the aggregate amount of not less than twenty-five percent of the estimated cost of surfacing any road included in a secondary road assessment district project shall be apportioned and levied on the lands included in said secondary road assessment district. [C24, 27, 31, 35, 39, §4753; C46, §311.10; C50, §311.3]

311.4 **County line road.** Whenever it is desired to surface a secondary road on a county line, as a secondary road assessment district project, the board of supervisors of any county concerned may establish an assessment district in its county, and levy and collect special assessments for the payment of that portion of the estimated cost of such project assessable against lands in that county. Each county shall pay its share of the cost of said project as provided in this chapter, in the same manner as though the project were located wholly within that county. [C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, §311.4]

311.5 **Project in city or town.** Any road or street which is a continuation of a secondary road within any city or town and which the county board desires to improve by graveling, oiling, or other suitable surfacing, may by resolution of the county board and concurrence by the council of the city or town be improved as a secondary road assessment district project or part thereof as herein provided. The lands within such city or town abutting on or adjacent to such street or road may be included within such secondary road assessment district and assessed on account of such improvement upon the same basis and in the same manner as though such lands were located outside of a city or town. [C24, §4754; C27, 31, 35, §4745-a1; C39, §4745.1; C46, §311.2; C50, §311.5]

311.6 **Petition—information required.** The petition for a secondary road assessment district proposing to establish such district shall intelligently describe the road or roads proposed to be improved, the nature of the proposed improvement, the percentage of the estimated cost of the surfacing of said road proposed to be assessed against the property in the said district and the lands proposed to be included in such district.

Such petition shall be signed by thirty-five percent of the owners of the lands within such proposed district, or by thirty-five percent of the owners of the land within such proposed district who reside within said county. [C24, 27, 31, 35, 39, §4746; C46, §311.3; C50, §311.6]

311.7 **Improvement by private funds.** When any owner or group of owners of not less than seventy-five percent of the lands adjacent to, or abutting upon any secondary road or roads shall, on or before December 1 of any year petition the board of supervisors of their county for the improving by graveling or other suitable surfacing, of said road or roads, and for the assessment of not less than fifty percent (or such greater portion as may be provided in said petition) of the cost of such improving, by graveling or other suitable surfacing, to the lands adjacent to, or abutting upon said road or roads, the board of supervisors shall, in the order in which such petitions were filed with it, include and give preference to said project or projects in the secondary road construction program of said county for the ensuing year. When a proper petition is filed, it shall retain its preference in succeeding years.

The board of supervisors shall proceed during the ensuing year with the construction and completion of said project under the same procedure as is prescribed generally for the improvement of secondary roads by assessment, and shall, as the law may provide, establish a special secondary road assessment district and assess against the lands included therein not less than fifty percent (or such greater portion as may be provided in said petition) of the engineer's estimated cost of the surfacing of the road or roads included in said project against all the lands adjacent to or abutting upon the said road or roads.

Provided, that should the owner or owners of all the lands included in any special secondary road assessment district under this section, subscribe and deposit with the county treasurer an amount not less than fifty percent (or such greater portion as may be provided in said petition) of the engineer's estimated cost of the surfacing of the road or roads included in said project, the board of supervisors shall not establish such special assessment district as herein provided, but shall accept the said donations in lieu of an assessment, and shall otherwise proceed to the improvement of said road or roads as herein provided.

Provided further, that the total expenditure of secondary road funds of the county in any year for or on account of special secondary road assessment district projects on local secondary roads under this section shall not exceed the total secondary road funds legally expendable for construction on local secondary roads in said county in said year, and the expenditure of secondary road funds of the county, in any township in any three-year period, for or on account of said special secondary road assessment district projects on local secondary roads under this section, shall not exceed said township's pro rata share, on the area basis, of the total secondary road funds legally expendable for construction on local secondary roads in said county in said three-year period, unless there be a township or townships from which there are no petitions filed during the first two years of said three-year period.

If the engineer's estimated cost of the grading, bridges, culverts, and draining of the road proposed to be included in any special assessment district project under this section, ex-
ceeds an average of seven thousand dollars per mile, the board of supervisors of said county may appeal to the state highway commission as to whether the county shall proceed with the construction of said project. The state highway commission shall hold a hearing on said matter, at a time and place of which the petitioners and the county board shall be duly notified, and shall have an opportunity to appear and be heard. After such hearing the state highway commission shall determine whether the county shall proceed with said project, which determination shall be final.

Upon the completion of such road or roads, and the satisfaction of all claims in relation thereto, any balance then remaining of the funds provided by the sponsors shall be returned to them according to their respective interests, providing all guarantees made by such sponsors have been fulfilled.

Any road or roads so improved by graveling or other suitable surfacing under the provisions of this section shall be maintained by the county from the secondary road fund. [C24, 27, 31, 35, §4747, 4753; C46, §§311.4, 311.10; C50, §311.7; 54GA, ch 106, §§1, 2]

§311.8, SECONDARY ROAD ASSESSMENT DISTRICTS 888

311.8 County engineer's report. Upon the filing of such petition with the county auditor proposing the establishment of such secondary road assessment district, the county engineer shall file a report with the county auditor, which report shall include:
1. An estimate of the cost of the surfacing proposed on the road or roads included in such proposed district.
2. A plat of said proposed district which plat shall show the road or roads proposed to be improved, the various tracts and parcels of real estate included in said proposed district, and the ownership of such lands.
3. An approximately equitable apportionment of not less than twenty-five percent of the estimated cost of said improvement among the tracts and parcels of real estate included in such proposed district.
4. A statement whether all of the secondary roads to be surfaced in said proposed secondary road assessment district project have been built to permanent grade and properly drained.
5. Any information the county engineer may deem pertinent. [C24, 27, 31, 35, §§4746, 4748; C46, §§311.3, 311.5; C50, §311.8]

311.9 Publicly owned real estate. In making said apportionment, real estate owned by the state, county or any city or town, shall be treated as other real estate, but no other publicly owned real estate shall be included. In apportioning benefits to real estate owned by a town, city, the county or the state, no consideration shall be given to the buildings thereon. [C24, §4707; C27, 31, 35, §§4753-8; C39, §§4753.01; C46, §311.11; C50, §311.9]

311.10 Estimate and apportionment — presumption. Said estimated cost shall carry the presumption, in the absence of a contrary showing, that the same correctly represents the probable cost of said project as nearly as can be determined in advance of the actual doing and completion of the work. Said apportionment shall carry the presumption, in the absence of a contrary showing, that the same is fair, just, equitable, and in proportion to the benefits and not in excess thereof. [C24, §§4707; C27, 31, 35, §§4753-8; C39, §§4753.01; C46, §§311.11; C50, §311.10]

311.11 Hearing — notice. The board of supervisors shall fix a time for hearing on the proposal for the establishment of said secondary road assessment district and on the apportionment of not less than twenty-five percent of the estimated cost of the proposed improvement, and shall cause the county auditor to publish notice of said hearing. Said notice shall state:
1. The time and place of hearing,
2. The road or roads proposed to be improved,
3. The type of surfacing proposed,
4. The estimated cost of the proposed improvement,
5. A description of the lands lying within said proposed district,
6. The ownership of said lands as shown by the transfer books in the auditor's office,
7. A statement of the amount apportioned to each tract or parcel of real estate as shown by the engineer's report,
8. That at said hearing the amount apportioned to any tract or parcel of land may be increased or decreased without further notice,
9. That all objections to the establishment of said district, to the said apportionment report, or to the proceedings relating thereto must be specifically made in writing and filed with the county auditor on or before noon of the day set for such hearing, and
10. That a failure to make and file such objections will be deemed a conclusive waiver of all such objections. [C24, §§4707, 4750, 4751; C27, 31, 35, §§4750, 4751, 4753-8; C39, §§4750, 4751, 4753.01; C46, §§311.7, 311.8, 311.11; C50, §311.11]

311.12 Publication of notice. Such notice shall be published once each week for two successive weeks in some newspaper published in the county as near as practicable to said district. The last publication shall be not less than five days previous to said hearing. Proof of such publication shall be made by the publisher by affidavit filed with the county auditor. [C24, §§4707; C27, 31, 35, §§4753-8; C39, §§4753.01; C46, §§311.11; C50, §311.12]

311.13 Errors in notice or apportionment report. Any omission or error in said apportionment report or notice with respect to any tract or parcel of real estate or the description thereof, or the name of the owner, or the amount of the assessment apportioned thereto, shall work no loss of jurisdiction on the part of
the board over such proceeding. Such omission or error shall only affect the particular tract of real estate or person in question. If, before or after the board has entered its final order in the establishment of the said district or in the appportionment proceedings, such omission or error is discovered, the board shall fix a time for a hearing as to such party or real estate and shall cause service of notice to be made upon them, either by publication as in this chapter provided, or by personal service in the time and manner required for service of original notices in the district court. After such hearing the board shall proceed as to such person or land as though such omission or error had not occurred. [C24,§4707; C27, 31, 35, §4753-a1; C39,§4753.01; C46,§311.11; C50,§311.13]

311.14 Appearance. The appearance of any interested party, either in writing or personally, or by authorized agent, before the board of supervisors at any stage of the pending proceedings for a secondary road assessment district shall be deemed a final appearance. Only interested parties shall have the right to appear in such proceedings. All persons so appearing shall state for whom they appear. The clerk of the board shall make definite entry accordingly in the minutes of the board. [C24, §4707; C27, 31, 35, §4753-a1; C39,§4753.01; C46, §311.11; C50,§311.14]

311.15 Hearing—adjournment—order. Hearings on the proposed establishment of said district may be adjourned from time to time without loss of jurisdiction by the board. On final hearing the board shall proceed to a determination of said matters. It may reject, approve, or modify and approve said proposal. The board may exclude lands from the district or may add lands thereto or otherwise modify the proposal.

Should the proposal be approved in whole or in part, the board shall establish such district. The order of the board establishing such district shall state the road or roads to be improved, the type of improvement, and the lands included in said district. Said order shall be final. No lands shall thereafter be added to or excluded from said district. [C24,§4707; C27, 31, 35,§4753-a2; C39,§4753.02; C46,§311.12; C50,§311.15]

The first installment shall be payable on the date of such agreement. The other installments with interest on the whole amount unpaid shall be paid annually thereafter at the same time and in the same manner as the March semiannual payment of ordinary taxes.

An owner of land who has availed himself of said ten-year option may at any time discharge his assessment by paying the balance then due on all unpaid installments, with interest on the entire amount of the unpaid installments for thirty days in advance. [C24, §4710; C27, 31, 35,§4753-a3; C39,§4753.03; C46, §311.13; C50,§311.17]

311.20 Variation between estimated and actual cost. Any variation between the engineer's estimated cost and the actual cost of a secondary road assessment district project shall in no way affect the validity of the assessment. It is the intent of this chapter that the assessment shall be based on the estimated cost and not on the actual cost. [C24,§4711; C27, 31, 35, §4753-a4; C39,§4753.04; C46,§311.14; C50,§311.20]

If no special assessment certificates are issued and sold on account of any particular secondary road assessment district, the special assessments on lands included in that district, and the interest on such assessments when collected, shall be transferred to the secondary road fund of said county. If certificates are issued and sold in anticipation of the special assessments levied on any such district as herein provided, the proceeds of such certificates shall be credited to the secondary road fund of said county. In that event, the special assessments in anticipation of which certificates have been issued, and the interest on such assessments shall, when collected, be used to retire such certificates. [C24, 27, 31, 35, 39, §4752; C46, §311.9; C50, §311.23]

The appellant shall, on or before the first day of the first term of the court, after taking said appeal, docket said appeal and file a petition setting forth the order or decision of the board of supervisors appealed from, and his specific objections thereto. A failure to comply with either of these requirements shall be deemed a conclusive waiver of the appeal and in such case the court shall dismiss the same. Appellee need not file answer, but may do so. [C24, §4714; C27, 31, 35, §4753-a6; C39, §4753.06; C46, §311.16; C50, §311.25]

Each special assessment and all installations thereof shall be a lien upon the real estate upon which it is levied from the date of such certificate by the county auditor to the same extent and in the same manner as taxes levied for state and county purposes. Changes in the amount of any special assessment by reason of any ruling of the district court on appeals, shall be likewise certified and the county treasurer shall make the proper correction on his books. 311.27 Each district separate unit. Each assessment district shall be considered a unit and all funds received by the county treasurer for or on behalf of such unit shall be carried as a distinct and separate account and under the same specific name as that used by the board in establishing such unit. Each issue of certificates shall be under, and in accordance with, a duly adopted resolution of the board and which shall recite (1) the name or designation of the road district on account of which the certificates are issued; (2) that a stated amount (naming the amount) has been specially assessed against the lands within said district; (3) that a stated amount of said aggregate special assessment has not yet been paid (naming the unpaid amount); (4) that it

314.3 Claims—approval and payment. All claims for construction, reconstruction, improvement, repair, or maintenance on any
highway shall be itemized on voucher forms prepared for that purpose, sworn to by the claimants, certified to by the engineer in charge, and then forwarded to the board or commission in control of that highway for final audit and approval. Claims payable from the farm-to-market road fund shall be approved by both the board of supervisors and the state highway commission. Upon approval by the highway commission of vouchers which are payable from the farm-to-market road fund, or from the primary road fund, as the case may be, such vouchers shall be forwarded to the state comptroller, who shall draw warrants therefor, and said warrants shall be paid by the treasurer of the state from the farm-to-market road fund or from the primary road fund, as the case may be.

[SS15, §1527-s10; C24, §§4653, 4702; C27, 31, 35, §§4653, 4755-b15; C39, §§4653, 4686.17, 4755.15; C46, §§309.59, 310.17, 313.15; C50, §308A.12]

314.4 Partial payments. Partial payments may be made on highway contract work during the progress thereof, but no such partial payment shall be deemed final acceptance of the work nor a waiver of any defect therein. The approval of any claim by the board or commission in control of the work, or highway on which the work is located, may be evidenced by the signature of the chairman of said board or commission, or of a majority of the members of said board or commission, on the individual claims or on the abstract of a number of claims with the individual claims attached to said abstract. The board or commission in control of any secondary road or any primary road is authorized, subject to approval of the council, to eliminate danger at railroad crossings and to construct, reconstruct, improve, repair, and maintain any road or street which is an extension of such road within any town or city. Provided, that this authority shall not apply to the extensions of secondary roads located in cities over twenty-five hundred population, where the houses or business houses average less than two hundred feet apart.

The phrase “subject to the approval of the council” as it appears in this section, shall be construed as authorizing the council to consider said proposed improvement only in its relationship to municipal improvements such as sewers, water lines establishing grades, change of established street grades, sidewalks, and other public improvements. The locations of such road extensions shall be determined by the board or commission in control of such road or road system. [C31, 35, §§4644-c47; C39, §§4644.45, 4686.21; C46, §§309.45, 310.21; C50, §308A.14; 54GA, ch 165, §69]

314.7 Trees — ingress or egress — drainage. Officers, employees, and contractors in charge of improvement or maintenance work on any highway shall not cut down or injure any tree growing by the wayside which does not materially obstruct the highway, or tile drains, or interfere with the improvement or maintenance of the road, and which stands in front of any town lot, farmyard orchard or feed lot, or any ground reserved for any public use. Nor shall they destroy or injure reasonable ingress or egress to any property, or turn the natural drainage of the surface water to the injury of adjoining owners. It shall be their duty to use strict diligence in draining the surface water from the public road in its natural channel. To this end they may enter upon the adjoining lands for the purpose of removing from such natural channel obstructions that impede the flow of such water. [C24, 27, §4791; C31, 35, §4644-c46; C39, §4644.44; C46, §§309.44; C50, §308A.16]

Whenever it may become necessary in grading the highways to make a cut which will disturb, or fill which will cover up, a government or other established corner or land monument, it shall be the duty of the engineer to establish permanent witness corners or monuments, and make a record of the same, which shall show the distance and direction the witness corner is from the corner disturbed or covered up. When said construction work is completed the engineer shall permanently re-establish said corner or monument. A failure to perform said duties shall subject the engineer to the payment of not less than ten dollars nor more than fifty dollars to be collected on his bond. [S13, §1527-s7; C24, 27, 31, 35, §4656; C39, §4644-c46; C46, §§309.62; C50, §308A.17]

314.9 Prospecting for gravel. The board or commission in control of any highway or highway system, or the engineer or any other person employed by said board or commission, may after written notice to the owner and to the occupant, enter upon private land and make surveys, borings and excavations thereon, for the purpose of determining whether gravel or other material exists on said land of suitable quality and in sufficient quantity, to
warrant the purchase or condemnation of said land or part thereof and roadway thereto to secure such material for the improvement or maintenance of such highway or highway system. Any damage caused by such entry, survey, borings and excavations shall be determined by agreement or in the manner provided for the award of damages in condemnation of land for highway purposes. No such prospecting shall be done within twenty rods of the dwelling house or buildings on said land without written consent of the owner. No discrimination shall be made in the use of such bridge as between such utilities. Joint use of telephone, telegraph, electric transmission or pipe lines may not be required. No grant to any public utility to use such bridge shall in any way interfere with the use of such bridge by the public for highway purposes. [S13, §24-a; C24, 27, 31, 35, 39, §4683; C46, §309.90; C50, §308A.20]

FLIGHT STRIPS

315.1 Definition.

315.2 Construction and maintenance by commission.

315.3 Federal government to pay cost.

315.1 Definition. The term “flight strip” as used in this chapter is construed and defined to mean a field or area of various width and length, but usually about five hundred feet wide and about one mile long, and containing one runway for the landing and take-off of aircraft. The runway itself is usually about one hundred fifty feet wide and about one mile long. The excess width of the field or area over and above the width of the runway itself is used for parking motor vehicles, grounded planes, and for other necessary ground facilities. [C46, 50, §315.1]

315.2 Construction and maintenance by commission. In order to facilitate the war effort, the state highway commission, upon request of the commissioner of public roads of the United States, is hereby authorized to co-operate with the public roads administration of the United States in the location, construction, and maintenance of flight strips in this state. To that end the state highway commission may make surveys, plans, specifications, and estimates, acquire right of way for, and construct and maintain such flight strips.

The state highway commission may enter into contracts in any manner approved by the commissioner of public roads for the construction and maintenance of any such flight strips, or may perform such construction and maintenance work by force account, and may comply with the rules, regulations, and instructions of the commissioner of public roads in the construction and maintenance of such flight strips. [C46, 50, §315.2]

315.4 State to advance funds.

315.5 Condemnation of right of way and gravel pits.

315.3 Federal government to pay cost. The entire cost of the right of way, surveys, preliminary engineering costs, construction, and maintenance of such flight strips shall be paid by the federal government or some agency other than the state of Iowa. None of the cost of the right of way, construction, or maintenance of any such flight strips shall be paid by the state of Iowa. [C46, 50, §315.3]

315.4 State to advance funds. In order to avoid delays, payment for right of way and for work on flight strips constructed or maintained by the state highway commission in cooperation with the United States public roads administration, may be advanced from the primary road fund. When payment for such right of way or work on such flight strips is received by the state of Iowa from the federal government, the funds so received shall be credited to the primary road fund. [C46, 50, §315.4]

315.5 Condemnation of right of way and gravel pits. The state highway commission shall have authority to purchase or to institute and maintain proceedings for the condemnation of the necessary right of way for flight strips and for the condemnation of land, including a sufficient roadway to such land by the most reasonable route, for the purpose of obtaining gravel or other suitable material with which to construct, improve, or maintain such flight strips.

All the provisions of the law relating to the condemnation of land for public state purposes shall apply to the provisions hereof. [C46, 50, §315.5]

The board of supervisors of each county shall annually appoint a county weed commissioner who shall be a person not otherwise employed by the county and one who is familiar with the various types of weeds and the recognized methods for their control and elimination. The county weed commissioner's appointment shall be effective as of March 1 and continue for a term of one year unless he is sooner removed from office as provided for by law. The county weed commissioner may, with the approval of the board of supervisors, appoint a deputy or such number of deputies as are necessary to carry out the purposes of this chapter. The name and address of the person appointed as county weed commissioner shall, within ten days of the making of the appointment, be certified to the county auditor and to the secretary of agriculture. The board of supervisors shall fix the compensation of the county weed commissioner and his deputies, if any, and in addition to said compensation, they shall be paid their necessary travel expense; said compensation and expense shall be paid from the county general fund. Notwithstanding the provisions of this section as to time of hiring the county weed commissioner, the board of supervisors shall prescribe the time per year he shall work which may be during the part of year when noxious weeds can effectively be killed. Compensation shall be for the period of actual work only. The board of supervisors shall likewise determine whether employment shall be by hour, day or month and the rate of pay per employment time. Such entry may be made without the consent of the landowner or person in possession or control of the land but actual work of destruction shall not be commenced until five days after the service of a notice in writing on the landowner and on the person in possession or in control of the land. The notice shall state the facts as to failure of compliance with the county program of weed destruction order or orders made by the board of supervisors and shall be served in the same manner as an original notice except as hereinafter provided. The notice may be served by the weed commissioner, his deputies or any person designated in writing by the weed commissioner and filed in the office of the county auditor. Provided, however, that service on persons living temporarily or permanently outside of the county may be made by sending the written notice of noncompliance by registered mail to said person at the last known address to be ascertained, if necessary, from the last tax list in the county treasurer’s office. Where any person, firm or corporation owning land within the county has filed a written instrument in the office of the county auditor designating the name and address of its agent, the notice herein provided may be served on that agent. In computing time hereunder it shall be from the date of service as evidenced by the registered mail book at the postoffice where mailed. Nothing herein shall prevent the landowner from harvesting, in proper season, the grass grown on the road along his land. [S13, §§1565-c,-d,-f; SS15, §1565-a; C24, 27, 31, 35, §§4817, 4819; C39, §4829.11; C46, 50, §317.11]

The board of supervisors of each county shall each year, upon recommendation of the county weed commissioner, or commissioners, by resolution prescribe and order a program of weed destruction to be followed by landowners or tenants or both, which may be expected to destroy and immediately keep under control any areas infested with any noxious weeds on farm land, and shall designate the destruction dates to prevent seed production of all varieties of noxious weeds. Quack grass in pasture land, rough timbered land or on the highways, railroad rights of way and public lands, when acting as soil binder, may be exempt from such order if approved by the supervisors. [S13, §§1565-c, d; C24, 27, 31, 35, §4821; C39, §4829.13; C46, 50, §317.13]

[S13, §§1565-c, d; C24, 27, 31, 35, §4822; C39, §4829.15; C46, 50, §317.15]

317.16 Failure to comply. In case of a substantial failure to comply by the date prescribed in any order of destruction of weeds made pursuant to the provisions of this chapter, the weed commissioner or his deputies shall, subsequent to the time after service of the notice provided for in section 317.6 enter upon the land and cause such weeds to be destroyed. The actual cost and expense of such cutting, burning or otherwise destroying of said weeds, the cost of serving notice and special meetings or proceedings, if any, shall be paid from the county general fund and, together with the additional assessment to apply toward costs of supervision and administration, be recovered by an assessment against the tract of real estate on which the weeds were growing, as provided in section 317.21. [S13, §§1565-c, d; C24, 27, 31, 35, §4823; C39, §4829.16; C46, 50, §317.16]

[C39, §4829.17; C46, 50, §317.17]

317.18 Order for destruction on roads. The board of supervisors shall order all weeds other than noxious weeds, on all county trunk and local county roads and between the fence lines thereof to be cut, burned or otherwise destroyed to prevent seed production thereof, either upon its own motion or upon receipt of written notice requesting such action from any residents of the township in which such roads are located, or any person regularly using said roads. Said order shall define the roads along which said weeds are required to be cut, burned or otherwise destroyed and shall require said weeds to be cut, burned or otherwise destroyed within thirty days after the publication of said order in the official newspapers of the county. If the adjoining owner fails to cut, burn or otherwise destroy said weeds as required in said order the county commissioner shall have same cut, burned or otherwise destroyed and the cost thereof shall be paid from the general county fund, and recovered later by an assessment against the adjoining property owners as provided in section 317.21. [C39, §4829.18; C46, 50, §317.18]

317.19 Road clearing fund. The board of supervisors in any county may levy against all the taxable property, other than incorporated cities and towns, in said county not to exceed three-fourths mill, the proceeds of which said levy shall be known as the "road-clearing fund" and shall be used for no purpose except to cut, burn or otherwise destroy all weeds, second or undergrowth brush on said county trunk and local county roads between the fence rows of such roads thereof in time to prevent reseeding.

Out of said fund so provided for in this section the board of supervisors shall have the power to purchase or hire necessary equipment or to contract with the adjoining landowner to carry out the purposes of this section. [C46, 50, §317.19]
§317.20 Levy for equipment and materials—use on private property. An additional one-fourth mill may be levied by the county board of supervisors for the purpose of purchasing weed eradicating equipment and materials to carry out the duties of the county weed commissioner for use on all lands in the county, public or private. Whenever equipment or materials so purchased are used on private property within the corporate limits of cities or towns by the weed commissioner, the cost of materials used and an amount to be fixed by the board of supervisors for the use of said equipment shall be returned to this one-fourth mill fund by the county treasurer upon the collection of the special assessment taxed against said property. In the certification to the county auditor and the county treasurer by the clerk of the board of supervisors this apportionment shall be designated along with the special tax assessed under the provisions of section 317.21. Such equipment and its use shall be subject to the authorization and direction of the county board of supervisors. [C50, §317.20]

§317.21 Cost of such destruction. When the commissioner, or commissioners, destroy any weeds under the authority of sections 317.16 or 317.18, after failure of the landowner responsible therefor to destroy such weeds pursuant to the order of the board of supervisors, the cost of such destruction shall be assessed against the land and collected from the landowner responsible in the following manner: 1. Annually, after the weed commissioner has completed his program of destruction of weeds by reason of noncompliance by persons responsible therefor, the board of supervisors shall determine as to each tract of real estate the actual cost of labor and materials used by the commissioner in cutting, burning or otherwise destroying said weeds, the cost of serving notice and special meetings or proceedings, if any. To the total of all such sums expended, they shall add an amount equal to twenty-five percent thereof to compensate for the cost of supervision and administration and assess the resulting sum against said tract of real estate by a special tax, which shall be certified to the county auditor and county treasurer by the clerk of the board of supervisors, and shall be placed upon the tax books, and collected, together with interest and penalty after due, in the same manner as other unpaid taxes. Such tax shall be due on March 1 after such assessment, and shall be delinquent after March 31. When collected, said funds shall be paid into the fund from which said costs were originally paid. 2. Before making any such assessment, the board of supervisors shall prepare a plat or schedule showing the several lots, tracts of land or parcels of ground to be assessed which shall be in accord with the assessor’s records and the amount proposed to be assessed against each of the same for destroying or controlling weeds during the calendar year. 3. Such board shall thereupon fix a time for the hearing on such proposed assessments, which time shall not be later than December 15 of the year, and at least twenty days prior to the time thus fixed for such hearing shall give notice thereof to all concerned that such plat or schedule is on file, and that the amounts as shown therein will be assessed against the several lots, tracts of land or parcels of ground described in said plat or schedule at the time fixed for such hearing, unless objection is made thereto. Notice of such hearing shall be given by one publication in official county newspapers in the county in which the property to be assessed is situated; or by posting a copy of such notice on the premises affected and by mailing a copy by registered mail to the last known address of the person owning or controlling said premises. At such time and place the owner of said premises or anyone liable to pay such assessment, may appear with the same rights given by law before boards of review, in reference to assessments for general taxation. After such notation of lien, the county treasurer shall deliver the certificate of title to the first lienholder. The holder shall also note a cancellation of same on the face of the certificate of title over his, her or its signature, and deliver the release and certificate of title to the county treasurer where title was issued who shall note the cancellation of said lien on the face of the certificate of title and on the duplicate of same on file in his office, and on the same day shall notify the department, which shall note such release on the duplicate title in its file. The percentage of miles such fleets operate in this state, as related to the total miles such fleets operate in all states, shall be used by the commissioner to determine what percentage of the total number of vehicles in such fleets are to be registered in this state. The commissioner may require fleet owners to submit under oath such information as he deems necessary for the proper carrying out of the provisions of this section, and his determination of the number of vehicles in fleets subject to this section to be registered in this state shall be final. Any nonresident motor vehicle, trailer, or semitrailer shall be subject to all laws, rules and regulations governing the operation of such vehicles on the highways of this state, and violations of such laws, rules or regulations by any carrier may be a ground for denial of registration exemption to such carrier. [C39, §5019.05; C46, 50, §321.256]

321.257 Traffic-control signal legend. Whenever traffic is controlled by traffic-control signals exhibiting the words “Go”, “Caution” or “Stop” or exhibiting different colored lights successively one at a time the following colors only shall be used and said terms and lights shall indicate as follows:

1. **Green alone or “Go”**.
   Vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection at the time such signal is exhibited.
   Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk.

2. **Yellow alone or “Caution”** when shown following the green or “Go” signal.
   Vehicular traffic facing the signal shall stop before entering the nearest crosswalk at the intersection, but if such stop cannot be made in safety a vehicle may be driven cautiously through the intersection.
   Pedestrians facing such signal are thereby advised that there is insufficient time to cross the roadway, and any pedestrian then starting to cross shall yield the right of way to all vehicles.

3. **Red alone or “Stop”**.
   Vehicular traffic facing the signal shall stop before entering the nearest crosswalk at an intersection or at such other point as may be indicated by a clearly visible line and shall remain standing until green or “Go” is shown alone.
   No pedestrian facing such signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic.

4. **Red with green arrow**.
   Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow but shall not interfere with other traffic or endanger pedestrians lawfully within a crosswalk.
   No pedestrian facing such signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic.
§321.258, MOTOR VEHICLES AND LAW OF THE ROAD

The motorman of any streetcar shall obey all the above signals as applicable to vehicles. [C39,§5019.06; C46, 50,§321.257]

321.258 Flashing signals. Whenever flashing red or yellow signals are used they shall require obedience by vehicular traffic as follows:

1. Flashing red (Stop signal). When a red lens is illuminated by rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

2. Flashing yellow (Caution signal). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution. [C39,§5019.07; C46, 50,§321.258]

No person shall place, maintain, or display upon or in view of any highway any unauthorized sign, signal, or device which purports to be or is an imitation of or resembles an official parking sign, curb or other marking, traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal, and no person shall place or maintain or shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising. This shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information of a type that cannot be mistaken for official signs.

Every such prohibited sign, signal, or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice. [C39,§5019.08; C46, 50,§321.259]

321.260 Interference with devices, signs, or signals. No person shall without lawful authority attempt to or in fact alter, deface, injure, knock down, or remove any official traffic-control device or any railroad sign or signal or any inscription, shield, or insignia thereon, or any other part thereof. On all other main highways the city or town shall furnish and erect suitable signs giving similar information to traffic on such highways. [S15,§1571-m20; C24,§5030; C27, 31, 35,§5030-b2; C39,§5023.05; C46, 50,§321.289]

321.290 Special restrictions. Whenever the state highway commission shall determine upon the basis of an engineering and traffic investigation that any speed limit hereinbefore set forth is greater than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of a highway, said commission shall declare a reasonable and safe speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected at such intersection or other place or part of the highway. [C39,§5023.08; C46, 50,§321.292]

321.293 Local authorities may alter limits. Peace officers are hereby authorized to enforce this provision by directions to drivers, and in the event of apparent willful disobedience to this provision and refusal to comply with direction of an officer in accordance herewith the continued slow operation by a driver shall be a misdemeanor, and be punished as provided in section 321.482. The state highway commission upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this chapter, the commission shall determine and declare the maximum speed which such structure can withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained at a distance of two hundred feet before each end of such structure.

Upon the trial of any person charged with a violation of this section, proof of said determination of the maximum speed by said commission and the existence of said signs shall constitute conclusive evidence of the maximum speed which can be maintained with safety to such bridge or structure. [C39,§5023.11; C46, 50,§321.296]

321.296 Emergency vehicles — speed. The speed limitations set forth in this chapter shall not apply to authorized emergency vehicles when responding to emergency calls and the drivers thereof sound audible signal by bell, siren, or exhaust whistle. Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle. [S13,§1569, 1571-m18; C24, 27, 31, 35,§5021, 5022; C39,§5024.03; C46, 50,§321.299]

The driver of a vehicle may overtake and, allowing sufficient clearance, pass another vehicle proceeding in the same direction either upon the left or upon the right on a roadway with unobstructed pavement of sufficient width for four or more lines of moving traffic when such movement can be made in safety.

No person shall drive off the pavement or upon the shoulder of the roadway in overtaking or passing on the right. [C39,§5024.06; C46, 50,§321.302]

321.303 Limitations on overtaking on the left. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to the right-hand side of the roadway before coming within one hundred feet of any vehicle approaching from the opposite direction. [C39,§5024.07; C46, 50,§321.303]

321.304 Prohibited passing. No vehicle shall, in overtaking and passing another vehicle or at any other time, be driven to the left side of the roadway under the following conditions:

1. When approaching the crest of a grade or upon a curve in the highway where the driver's view along the highway is obstructed for a distance of approximately seven hundred feet.
2. When approaching within one hundred feet of any narrow bridge, viaduct, or tunnel, when so signposted, or when approaching within one hundred feet of or traversing any intersection or railroad grade crossing.

3. When official signs are in place directing that traffic keep to the right or a distinctive center line or off-center line is marked, which distinctive line also so directs traffic as declared in the sign manual adopted by the state highway commission. [C55, §5024-e1; C39, §5024.08; C46, 50, §321.304]

321.305 One-way roadways and rotary traffic islands. Upon a roadway designated and signposted for one-way traffic a vehicle shall be driven only in the direction designated.

A vehicle passing around a rotary traffic island shall be driven only to the right of such island. [C39, §5024.09; C46, 50, §321.305]

321.306 Roadways laned for traffic. Whenever any roadway has been divided into three or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

A vehicle shall be driven as nearly as practical entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

Upon a roadway which is divided into three lanes a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation.

Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction and drivers of vehicles shall obey the directions of every such sign. [C39, §5024.10; C46, 50, §321.306]

321.307 Following too closely. The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway. [C39, §5024.11; C46, 50, §321.307]

321.308 Towed vehicles—distance requirements. The driver of any motor truck, or of a motor vehicle drawing another vehicle, when traveling upon a roadway, outside of a business or residence district shall not follow within three hundred feet of another motor truck, or of a motor vehicle drawing another vehicle. The provisions of this section shall not be construed to prevent overtaking and passing nor shall the same apply upon any lane specially designated for use by motor trucks. [C31, 35, §5067-d9; C39, §5024.12; C46, 50, §321.308]

321.309 Towing—convoy—drawbars. No person shall pull or tow by motor vehicle another motor vehicle over any highway outside the limits of any incorporated city or town, except in case of temporary movement for repair or other emergency, unless such person has complied with the provisions of sections 321.57 and 321.58. Provided, however, if such person is a nonresident of the state of Iowa and has complied with the laws of the state of his residence governing licensing and registration as a transporter of motor vehicles he shall not be required to pay the fee provided in section 321.58 but only to submit proof of his status as a bona fide manufacturer or transporter as may reasonably be required by the department.

Every person pulling or towing by motor vehicle another motor vehicle in convoy or caravan shall maintain a distance of at least five hundred feet between the units of said convoy or caravan.

The drawbar or towing arm between a motor vehicle pulling or towing another motor vehicle shall be of a type approved by the commissioner. [C31, 35, §5067-d9; C39, §5024.13; C46, 50, §321.309]

Nothing in this section shall prohibit any utility or company operating a pipe line into or through this state from moving on such highways a two-axle truck with a four-wheel trailer attached upon which trailer is mounted a portable pumping unit necessary for emergency use during repairs to such pipe line, provided that the gross weight of such trailer and the pumping equipment mounted thereon shall not exceed fifteen thousand pounds and that the combined length, height or weight of such truck and trailer combination does not exceed the length, height or weight limits prescribed by law for combinations of motor vehicles. Any such trailer when so moved shall be subject to registration in this state or entitled to reciprocal operating privileges upon the same conditions as are applicable to motor vehicles generally, and when subject to registration in this state the fee therefor shall be the same as prescribed by law for a trailer upon which well drilling equipment is mounted.

This section shall not be applicable to a truck operating under an “A” registration commonly known as a pickup truck or light delivery truck hauling less than two thousand pounds on said truck nor to a farm tractor pulling or towing a four-wheeled trailer. A left turn from a one-way street into a two-way street shall be made by passing to the right of the center line of the street being entered upon leaving the intersection.

Local authorities in their respective jurisdictions may cause markers, buttons, or signs to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when markers, buttons, or signs are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by such markers, buttons, or signs. [S13,§1571-m18; C24, 27, 31, 35,§5032; C39, §5025.01; C46, 50,§321.311]

Motorcycles, motor scooters, bicycles with motor attached and semitrailers and trailers less than forty inches in width are exempt from the provisions of this section.

4. When a vehicle is equipped with a directional signal device, such device shall at all times be maintained in good working condition. No fine shall be assessed if the overload does not exceed the tolerance specified in this section. If the overload does exceed the tolerance specified in this section, the amount of the fine to be assessed shall be computed on the difference between the actual weight and the maximum legal weight specified in this section without allowance of any tolerance.

Overloads on axles and tandem axles and overloads on groups of axles or on an entire vehicle or combination of vehicles shall be considered as separate violations of the provisions of this section.

The penalties herein provided shall not be construed to be in lieu of any other penalties provided for violations of other provisions of this chapter.

Any person who issues or executes, or causes to be issued or executed, any bill of lading, manifest, or shipping document of any kind which states the false weight of the cargo set forth on such bill, manifest or document, to be less than the actual weight of such cargo, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than thirty days. [C24, 27, 31, 35, §5065; C39, §5035.12; C46, 50, §321.463; 54GA, ch 128, §1; 55GA, ch 140, §§1-4]

Referred to in §§321.452, 321.467

321.464 Investigation as to safety. The commissioner upon registering any vehicle under the laws of this state which vehicle is designed and used primarily for the transportation of property or for the transportation of ten or more persons, may require such information and may make such investigation
or test as necessary to enable him to determine whether such vehicle may safely be operated upon the highways in compliance with all the provisions of this chapter. He shall register every such vehicle for a permissible gross weight not exceeding the limitations set forth in this chapter. Every such vehicle shall meet the following requirements:

1. It shall be equipped with brakes as required in sections 321.430 and 321.431.

2. Every motor vehicle to be operated outside of business and residence districts shall have motive power adequate to propel at a reasonable speed such vehicle and any load thereon or to be drawn thereby. [C39, §5035.13; C46, 50, §321.464]

321.465 Weighing vehicles and removal of excess. Any peace officer having reason to believe that the weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a weighing of the same either by means of portable or stationary scales and may require that such vehicle be driven to the nearest public scales.

Whenever an officer upon weighing a vehicle and load, as above provided, determines that the weight is unlawful, such officer may require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of such vehicle to such limit as permitted under this chapter. All material so unloaded shall be cared for by the owner or operator of such vehicle at the risk of such owner or operator.

Any driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a weighing, or who fails or refuses when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section, shall be guilty of a misdemeanor and punished as provided in section 321.482.

Upon weighing a vehicle and load, as above provided, if such load is a sealed load, the weight officer shall issue a certificate setting forth the weights as determined by him and the number of unexpired months of the year. Any driver of a vehicle who fails or refuses to stop and submit to a weighing of the same, or who fails or refuses when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section or an action then pending against him for violation of the same, increase the gross load of any such vehicle to a higher gross weight classification by payment of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it is registered, multiplied by the number of unexpired months of the year.

Upon conversion of a truck to a truck tractor or a truck tractor to a truck, an increased gross weight registration of the proper type may be obtained for any such vehicle by payment of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the annual fee for the gross weight at which it is registered, multiplied by the number of unexpired months of the year from the date of such conversion.

It shall be unlawful for any person to operate a motor truck, trailer, truck tractor, road tractor, semitrailer or combination thereof, on the public highways with a gross weight exceeding that for which it is registered by more than five percent of the gross weight for which it is registered, provided, however, that any vehicle or vehicle combination referred to herein, while carrying a load of raw farm products, soil fertilizers, including ground limestone, raw dairy products or livestock, live poultry, eggs, may be operated with a gross weight of twenty-five percent in excess of the gross weight for which it is registered. [C24, 27, §4921; C31, 35, §§4921-cl, -c2; C39, §5035.15; C46, 50, §321.466]

way commission may grant permits for moving oversize or overweight vehicles or objects over the highways for a distance exceeding twenty-five miles, if in the judgment of the commission, such special, unusual, emergency or defense movement is essential. In no event, however, is the gross weight on any axle to exceed the maximum axle load as prescribed in section 321.463 hereinof.

The state highway commission as to primary roads, and the county board of supervisors as to secondary roads may, in their discretion, grant permits for the operation of electric trolley busses, or trackless trolley busses, on such roads in any township adjacent to any city of over one hundred fifty thousand population, and which township has an unincorporated population of over seven thousand five hundred, all according to the latest available federal census.

a. To such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident;
b. To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident an automobile liability policy or bond with respect to his operation of motor vehicles not owned by him;

c. To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the commissioner, covered by any other form of liability insurance policy or bond; or

d. To such owner if such owner is at the time of such accident qualified as a self-insurer under section 321A.34, or to any such operator operating such motor vehicle for such self-insurer.

3. No such policy or bond shall be effective under this section unless issued by an insurance company or surety company authorized to do business in this state, except that if such motor vehicle was not registered in this state, or was a motor vehicle which was registered elsewhere than in this state at the effective date of the policy or bond, or the most recent renewal thereof, such policy or bond shall not be effective under this section unless the insurance company or surety company if not authorized to do business in this state shall execute a power of attorney authorizing the commissioner to accept service on its behalf or to perform any act in its behalf.

Upon receipt of a report of a motor vehicle accident and information that an automobile liability policy or surety bond meeting the requirements of this chapter was in effect at the time of this accident covering liability for damages resulting from such accident, the commissioner shall forward by regular mail to the insurance carrier or surety carrier which issued such policy or bond a copy of such information concerning insurance or bond coverage, and it shall be presumed that such policy or bond was in effect and provided coverage to both the operator and the owner of the motor vehicle involved in such accident unless the insurance carrier or surety carrier shall notify the commissioner otherwise within fifteen days from the mailing of such information to such carrier; provided, however, that in the event the commissioner shall later ascertain that erroneous information had been given him in respect to the insurance or bond coverage of the operator or owner of a motor vehicle involved in such accident, he shall take such action as he is otherwise authorized to do under this chapter within sixty days after the receipt by him of correct information with respect to such coverage. 3. To the owner of a motor vehicle if at the time of the accident the vehicle was being operated without his permission, express or implied, or was parked by a person who had been operating such motor vehicle without such permission.

4. If, prior to the date that the commissioner would otherwise suspend license and registration or nonresident's operating privilege under section 321A.5, there shall be filed with the commissioner evidence satisfactory to him that the person who would otherwise have to file security has been released from liability or been finally adjudicated not to be liable or has executed a warrant for confession of judgment, payable when and in such installments as the parties have agreed to, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments, with respect to all claims for injuries or damages resulting from the accident; provided, however, in the event there shall be any default in the payment of any installment under any confession of judgment, then, upon notice of such default, the commissioner shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until the entire amount provided for in said confession of judgment has been paid; and provided, further, that in the event there shall be any default in the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the commissioner shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until:

2. Such license and registration shall remain suspended or revoked and shall not at any time thereafter be renewed nor shall any license be thereafter issued to such person, nor shall any motor vehicle be thereafter registered in the name of such person until permitted under the motor vehicle laws of this state and not then unless and until he shall give and thereafter maintain proof of financial responsibility.

321A.18 Alternate methods of giving proof.

Proof of financial responsibility when required under this chapter may be given by filing:

1. A certificate of insurance as provided in section 321A.19 or section 321A.20; or
2. A bond as provided in section 321A.24; or
3. A certificate of deposit of money or securities as provided in section 321A.25. [C50, §321A.18]

321A.19 Certificate of insurance as proof.

1. Proof of financial responsibility may be furnished by filing with the commissioner the written certificate of any insurance carrier duly authorized to do business in this state certifying that there is in effect a motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. Such certificate shall give the effective date of such motor vehicle liability policy, which date shall be the same as the effective date of the certificate, and shall designate by explicit description or by appropriate reference all motor vehicles covered thereby, unless the policy is issued to a person who is not the owner of a motor vehicle.

2. No motor vehicle shall be or continue to be registered in the name of any person required to file proof of financial responsibility unless such motor vehicle is so designated in such a certificate. [C50, §321A.19]

321A.20 Certificate furnished by nonresident as proof.

1. The nonresident owner of a motor vehicle not registered in this state may give proof of financial responsibility by filing with the commissioner a written certificate or certificates of an insurance carrier authorized to transact business in the state in which the motor vehicle, or motor vehicles, described in such certificate are registered, or if such nonresident does not own a motor vehicle, then in the state in which the insured resides, provided such certificate otherwise conforms with the provisions of this chapter, and the commissioner shall accept the same upon condition that said insurance carrier complies with the following provisions with respect to the policies so certified:

a. Said insurance carrier shall execute a
power of attorney authorizing the commissioner to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this state.

b. Said insurance carrier shall agree in writing that such policies shall be deemed to conform with the laws of this state relating to the terms of motor vehicle liability policies issued herein.

2. If any insurance carrier not authorized to transact business in this state, which has qualified to furnish proof of financial responsibility, defaults in any said undertakings or agreements, the commissioner shall not thereafter accept as proof any certificate of said carrier whether theretofore filed or thereafter tendered as proof, so long as such default continues. [CS0,§321A.20]

321A.21 “Motor vehicle liability policy" defined.

1. A "motor vehicle liability policy" as said term is used in this chapter shall mean an owner's or an operator's policy of liability insurance, certified as provided in section 321A.19 or section 321A.20 as proof of financial responsibility, and issued, except as otherwise provided in section 321A.20, by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named therein as insured.

2. Such owner's policy of liability insurance:

a. Shall designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted; and

b. Shall insure the person named therein and any other person, as insured, using any such motor vehicle or motor vehicles with the express or implied permission of such named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance, or use of such motor vehicle or motor vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such motor vehicle, as follows: Five thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, ten thousand dollars because of bodily injury to or death of two or more persons in any one accident, and one thousand dollars because of injury to or destruction of property of others in any one accident.

3. Such operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.

4. Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability, and shall contain an agreement or be indorsed that insurance is provided thereunder in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

5. Such motor vehicle liability policy need not insure any liability under any workmen's compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment other than domestic, of the insured, or while engaged in the operation, maintenance, or repair of any such motor vehicle nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

6. Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

a. The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of said policy shall defeat or void said policy.

b. The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage.

c. The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in paragraph b of subsection 2 of this section.

d. The policy, the written application therefor, if any, and any rider or indorsement which does not conflict with the provisions of the chapter shall constitute the entire contract between the parties.

7. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this section.

8. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.
9. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

10. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.

11. Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy. [C50,§321A.21] Referred to in §§321A.13, 321A.14

321A.22 Notice of cancellation or termination of certified policy. When an insurance carrier has certified a motor vehicle liability policy under section 321A.19 or section 321A.20, the insurance so certified shall not be cancelled or terminated until at least ten days after a notice of cancellation or termination of the insurance so certified shall be filed in the office of the commissioner, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any motor vehicle designated in both certificates. [C50,§321A.22] Referred to in §§321A.13, 321A.14

321A.23 Chapter not to affect other policies. 1. This chapter shall not be held to apply to or affect policies of automobile insurance against liability which may now or hereafter be required by any other law of this state, and such policies, if they contain an agreement or are indorsed to conform with the requirements of this chapter, may be certified as proof of financial responsibility under this chapter.

2. This chapter shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on his behalf of motor vehicles not owned by the insured. [C50, §321A.23] Referred to in §§321A.13, 321A.14

321A.24 Bond as proof. 1. Proof of financial responsibility may be evidenced by the bond of a surety company duly authorized to transact business within this state, or a bond with at least two individual sureties each owning real estate within this state, and together having equities equal in value to at least twice the amount of the bond, which real estate shall be scheduled in the bond approved by a judge or clerk of a court of record, which said bond shall be conditioned for payment of the amounts specified in subsection 10 of section 321A.1. Such bond shall be filed with the commissioner and shall not be cancelable except after ten days written notice to the commissioner. Such bond shall constitute a lien in favor of the state upon the real estate so scheduled of any surety, which lien shall exist in favor of any holder of a final judgment against the person who has filed such bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damage because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use, or operation of a motor vehicle after such bond was filed, upon the filing of notice to that effect by the commissioner in the office of the proper clerk of court of the county where such real estate shall be located. Any individual surety so scheduling real estate security shall furnish satisfactory evidence of title thereto and the nature and extent of all encumbrances thereon and the value of the surety's interest therein, in such manner as the judge or clerk of the court of record approving the bond may require. The notice filed by the commissioner shall, in addition to any other matters by him deemed to be pertinent, contain a legal description of the real estate so scheduled, the name of the holder of the record title, the amount for which it stands as security, and the name of the person in whose behalf proof is so being made. Upon the filing of such notice the clerk of the court of such county shall retain the same as part of the records of such court and enter upon the encumbrance book the date and hour of filing, the name of the surety, the name of the record titleholder, the description of the real estate, and the further notation that a lien is charged on such real estate pursuant to the notice filed hereunder. From and after the entry of the foregoing upon the encumbrance book all persons whomsoever shall be charged with notice thereof.

2. If such a judgment, rendered against the principal on such bond shall not be satisfied within sixty days after it has become final, the judgment creditor may, for his own use and benefit and at his sole expense, bring an action or actions in the name of the state against the company or persons executing such bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond. An action to foreclose any lien upon real estate scheduled by any surety under the provisions of this chapter shall be by equitable proceeding in the same manner as is provided for the foreclosure of real estate mortgages. [C50,§321A.24] Referred to in §§321A.13, 321A.14

321A.25 Money or securities as proof. 1. Proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named therein has deposited with him eleven thousand dollars in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of eleven thousand dollars. The state treasurer shall not accept any such deposit and issue a certificate therefor and the commissioner shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.
2. Such deposit shall be held by the state treasurer to satisfy, in accordance with the provisions of this chapter, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, resulting from the loss of use thereof, use, or operation of a motor vehicle after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid. [C50, §321A.25]

Referred to in §§321A.13, 321A.14, 321A.18

321A.26 Owner may give proof for others. Whenever any person required to give proof of financial responsibility hereunder is or later becomes an operator in the employ of any owner, or is or later becomes a member of the immediate family or household of the owner, the commissioner shall accept proof given by such owner in lieu of proof by such other person to permit such other person to operate a motor vehicle for which the owner has given proof as herein provided or has qualified as a self-insurer under section 321A.34. The commissioner shall designate the restrictions imposed by this section on the face of such person's license. [C50, §321A.26]

Referred to in §§321A.13, 321A.14, 321A.33

321A.27 Substitution of proof. [C50, §321A.27]

321A.28 Other proof may be required. Whenever any proof of financial responsibility filed under the provisions of this chapter no longer fulfills the purposes for which required, the commissioner shall for the purpose of this chapter, require other proof as required by this chapter and shall suspend the license and registration or the nonresident's operating privilege pending the filing of such other proof. [C50, §321A.28]

Referred to in §§321A.13, 321A.14

321A.29 Duration of proof—when proof may be canceled or returned.

1. The commissioner shall upon request consent to the immediate cancellation of any bond or certificate of insurance, or the commissioner shall direct and the state treasurer shall return to the person entitled thereto any money or securities deposited pursuant to this chapter as proof of financial responsibility, or the commissioner shall waive the requirement of filing proof, in any of the following events:

a. At any time after three years from the date such proof was required when, during the three-year period preceding the request, the commissioner has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license, registration, or nonresident's operating privilege of the person by or for whom such proof was furnished; or

b. In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

c. In the event the person who has given proof surrenders his license and registration to the commissioner;

An affidavit of the applicant as to the nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the commissioner.

3. Whenever any person whose proof has been canceled or returned under paragraph c of subsection 1 of this section applies for a license or registration within a period of three years from the date proof was originally required, any such application shall be refused unless the applicant shall re-establish such proof for the remainder of such three-year period. This chapter shall not in any wise affect the rights of any conditional vendor, chattel mortgagee, or lessor of a motor vehicle registered in the name of another as owner who has been refused for any reason other than refusal to file proof, to sell, assign, transfer, or otherwise dispose of such vehicle and the proceeds from such disposition, under the provisions of this chapter. [C50, §321A.30]

the retail installment sale of such motor vehicles or any one or more thereof only to a designated person or class of persons. Any such condition, agreement, or understanding between any manufacturer or distributor and a motor vehicle dealer in this state is hereby declared to be against the public policy of this state and to be unlawful and void.

5. No manufacturer or distributor of motor vehicles or any agent of such manufacturer or distributor, shall terminate or threaten to terminate any contract, agreement, or understanding for the sale of new motor vehicles to any motor vehicle dealer in this state, before the expiration date of said contract, agreement, or understanding, without just, reasonable and lawful cause therefor or because such motor vehicle dealer failed to sell, assign, or transfer any retail installment contract arising from the retail sale of such motor vehicles or any one or more of them to a person or a class of persons designated by such manufacturer or distributor.

322.4 Application for license. Each person before engaging in this state in the business of selling at retail motor vehicles or representing or advertising that he is engaged or intends to engage in such business in this state shall file in the office of the department an application for license as a motor vehicle dealer in the state in such form as the department may prescribe, duly verified by oath, which application shall include the following:

1. The name of the applicant and his principal place of business wherever situated.
   a. If the applicant is an individual—the name or style under which he intends to engage in such business.
   b. If the applicant is a copartnership—the name or style under which such copartnership intends to engage in such business and the name and post-office address of each partner.
   c. If the applicant is a corporation—the state of incorporation and the name and post-office address of each officer and director thereof.

2. The make or makes of new motor vehicles, if any, which the applicant will offer for sale to retail in this state.

3. The location of each place of business within this state to be used by the applicant for the conduct of his business.

4. If the applicant is a party to any contract or agreement or understanding with any manufacturer or distributor of motor vehicles or is about to become a party to such a contract, agreement, or understanding, the applicant shall state the name of each such manufacturer and distributor and the make or makes of new motor vehicles, if any, which are the subject matter of each such contract.

5. A statement of the previous history, record, and association of the applicant and if the applicant is a copartnership, of each partner thereof and if the applicant is a corporation, of each officer and director thereof, which statement shall be sufficient to establish to the department the reputation in business of the applicant.

6. A description of the general plan and method of doing business in this state, which the applicant will follow if the license applied for in such application is granted.

7. A financial statement of the applicant showing his true financial condition as of a date not more than six months prior to the date of such application.

8. Such other information touching the business of the applicant as the department may require.

For the purpose of investigating the matters contained in such application the department may withhold the granting of a license for a period not exceeding thirty days. [C39, §5039.04; C46, 50, §322.4]

322.5 License fee. The license fee for a motor vehicle dealer for each calendar year or part thereof shall be the sum of fifteen dollars, to be paid to the department at the time a license is applied for. In case the application is denied, the department shall refund the amount of such fee to the applicant. [C39, §5039.05; C46, 50, §322.5]

322.6 Denial of license. The department shall deny the application of any person for a license as a motor vehicle dealer and refuse to issue a license to him as such, if, after reasonable notice and a hearing, the department determines that such applicant:

1. Has made a material false statement in his application for the license; or
2. Has not complied with the provisions of this chapter; or
3. Is of bad business repute; or
4. Has been guilty of a fraudulent act in connection with selling, bartering, or otherwise dealing in motor vehicles; or
5. Is about to engage in any practice in connection with the sale, barter, or otherwise dealing in motor vehicles, which is fraudulent or in violation of the law; or
6. Has entered into contract or agreement or is about to enter into a contract or agreement with any manufacturer or distributor of motor vehicles which is contrary to any provision of this chapter; or
7. Has a contract or agreement with any manufacturer or distributor of motor vehicles or is about to enter into a contract or agreement with any manufacturer or distributor of motor vehicles, who without just, reason-
able, and lawful cause therefor, has terminated within ninety days from the date of application a contract or agreement with a motor vehicle dealer in any county of the state in which the applicant proposes to engage in business;

8. Does not have a place of business within the meaning of this chapter;

9. Has violated any of the provisions of sections 321.77, 321.78, 321.80, 321.81, 321.92, 321.97, 321.98, 321.99, and 321.100.

It shall be sufficient cause for refusal or revocation of a license as a motor vehicle dealer in the case of a partnership or corporation if any member of the partnership or any officer or director of the corporation has committed any act or omission which would be cause for refusing or revoking a license to such person as an individual.

In considering whether or not a contract or agreement between a motor vehicle dealer and a manufacturer or distributor of motor vehicles has been terminated by such manufacturer or distributor without just and reasonable cause therefor, the department shall take into consideration the circumstances existing at the time of such termination, including the amount of business transacted by the motor vehicle dealer pursuant to the contract or agreement and prior to such termination; the investment necessarily made and the obligation necessarily incurred by the motor vehicle dealer in the performance of his part of such contract; the permanency of such investment; the reasons for such termination by such manufacturer or distributor and the fact that it is injurious to the public welfare for the business of a motor vehicle dealer to be disrupted by termination of such contract without just and reasonable cause.

Whenever the department determines to deny the application of any person for a license as a motor vehicle dealer and refuses to issue a license to him as such, the department shall enter a final order thereof with its findings relating thereto within thirty days from the date of the hearing thereon. [C39,§5039.07; C46, 50,§322.7]

322.8 Supplemental statements. Each licensee shall promptly file with the department from time to time during the period of the license, statements supplemental to the statements contained in his application for license whenever any change shall occur in his personnel or in his plan or method of doing business or in the location of his place or places of business, so that the statements made in the application do, after such change, properly disclose the licensee's status and method and plan of doing business. The supplemental statement shall be in the form prescribed by the department and shall disclose such information as would have been required by this chapter if such changes had occurred prior to the licensee making application for a license.

If the department finds that the changes set forth in the supplemental statement do not violate the provisions of this chapter and it grants to the licensee the privilege of doing business in the manner set forth therein, it shall upon surrender to it of the license of the motor vehicle dealer, issue to him a new license appropriate to the dealer's original application as modified by such supplemental statement. [C39,§5039.08; C46, 50,§322.8]

322.9 Revocation of license. The department is hereby authorized to revoke or suspend the license of any licensee if, after notice and hearing, it finds that such licensee has been guilty of any act which would have been a ground for the denial of a license under section 322.6.

The department is further authorized to revoke or suspend the license of any licensee if, after notice and hearing, it finds that such licensee has been convicted or has forfeited bail on three charges of:

1. Failing to give the required notice to the county treasurer, upon the form on the reverse side of the certificate of registration, of any transfer of ownership of any registered motor vehicle sold or transferred by such licensee; and/or

2. Failing to join in a notice of transfer to the county treasurer with the former owner of

d. The make or makes of new motor vehicles which the licensee is licensed to sell.

2. The instrument evidencing the license or a certified copy thereof provided by the department shall be kept posted conspicuously in the principal office of the licensee and in each place of business maintained and operated by the applicant pursuant to the license in this state.

3. The license of a motor vehicle dealer shall expire and terminate, unless sooner revoked or suspended, at the end of the calendar year in which it is granted.

4. The license provided for in this chapter shall be renewed annually in the same manner and on payment of the same fee as in the case of the original license. Such renewal shall take effect on the first day of January of each year. [C39,§5039.07; C46, 50,§322.7]
a registered vehicle which such licensee has purchased or otherwise acquired the ownership of; and/or

3. Failing to make application to the county treasurer for the transfer of, and for a new certificate of registration for, any registered motor vehicle, which such licensee has purchased or otherwise acquired the ownership of; provided, however, that the provisions of this subsection shall not apply with respect to any such violations, convictions or forfeitures of bail occurring prior to July 4, 1949. [C39, §5039.09; C46, 50, §322.9]

### §322.10 Appeals.

1. An appeal may be taken by any person interested from any final order of the department to the district court of the county in which he resides or in which his principal place of business is located, within thirty days after he shall have received notice from the department of such order.

2. The appeal shall be taken by a written notice to the department and served as an original notice. When said notice is so served it shall, with the return thereon, be filed in the office of the clerk of said district court, and docketed as other cases, with the appellant as plaintiff and the department as defendant. The plaintiff shall file with such clerk a bond for the use of the defendant, with sureties approved by such clerk and in an amount fixed by him, provided in no case shall the bond be less than fifty dollars, conditioned that the plaintiff shall perform the orders of the court.

3. The court shall hear the appeal in equity, determine anew all questions submitted to it on appeal from the order of the department, and render its decree thereon. An appeal to the supreme court of this state may be taken as in other equitable actions. [C39, §5039.10; C46, 50, §322.10]

In any such action, the department may apply for and on due showing be entitled to have issued the court's subpoena, requiring forthwith the appearance of any defendant, his agent and employees and the production of documents, books, and records as may appear necessary for the hearing of such petition to testify and give evidence concerning the acts or conduct or practices or things complained of in such application for injunction. In said action an order or judgment may be entered, awarding such preliminary or final injunctions as may be proper. [C39, §5039.11; C46, 50, §322.11]

All expenses incurred and all compensation paid by the department in the administration of this chapter shall be paid out of said fund in the same manner as other state expenses and compensation are paid. Any amount in such fund in excess of ten thousand dollars at the end of any fiscal year shall be credited to the state general fund.

In connection with the enforcement of this chapter, it is hereby made the duty of the attorney general of the state of Iowa to render all necessary assistance to the department upon its request in the enforcement thereof and to that end, the attorney general shall employ such additional legal counsel as shall be necessary to adequately and fully perform such service under the direction of the department as the demands of such department shall require and any expenses so incurred by the attorney general for additional legal counsel as aforesaid shall be chargeable against and paid out of the fund herein provided. [C39, §5039.12; C46, 50, §322.12]

### §322.13 Rules and regulations.

1. The department shall have full authority to prescribe reasonable rules and regulations for the administration and enforcement of this chapter, in addition hereto and not inconsistent herewith. All rules and regulations shall be filed and entered by the department in its office in an indexed, permanent book or record, with the effective date thereof suitably indicated, and such book or record shall be a public document. Whenever a new rule or regulation is adopted by the department, a copy of the same shall be mailed by it to each licensee hereunder, and published in an Iowa newspaper having a general circulation in this state.

2. The department shall have power to prescribe the forms to be used in connection with the licensing of motor vehicle dealers as herein provided. [C39, §5039.13; C46, 50, §322.13]

2. All fuel oil used in any maintenance and construction work which is paid for from public funds.

Provided, however, that no license fee shall be imposed on motor vehicle fuel sold and exported from the state of Iowa or on motor vehicle fuel refined at a refinery in this state and stored thereat, or on motor vehicle fuel imported into the state by boat, barge or pipeline and stored at a marine or pipeline terminal so long as the same remains in storage at such refinery, marine or pipeline terminal or on motor vehicle fuel sold to the United States or any of its instrumentalities or agencies, unless permitted by the constitution and laws of the United States.

Every person, firm or corporation, who purchases or obtains motor fuel outside of this state and operates any motor vehicle into this state upon the public highways of this state and transports motor fuel in the fuel tank or tanks attached or unattached to said motor vehicle for the sole purpose of operating said vehicle, shall pay the Iowa motor fuel tax on the gallons in excess of twenty gallons consumed by such motor vehicle while operated on Iowa public highways, except that this section shall not apply to any motor vehicle coming into this state with a motor fuel tank capacity not to exceed twenty gallons. Payment of the tax shall be made by purchase of motor fuel within Iowa of such gallonage as is equivalent to the gallonage consumed while operating such motor vehicle on the public highways of Iowa, or by direct remittance to the department. If deemed necessary to determine the amount of tax due or to prevent tax evasion, the department may require from any such person, firm or corporation reports on forms prescribed by it, and tax payments in the same manner as is provided in this chapter with respect to distributors. Every person, firm or corporation, required by this section to make returns and pay the tax herein imposed, shall be subject to all of the provisions of this chapter and all fines and penalties herein imposed for violations thereof. Said license fee shall be paid to the state of Iowa but once on any particular gallonage of motor vehicle fuel. Any person selling, using or otherwise disposing of motor vehicle fuel within the state shall be liable for the license fees herein provided for, unless the same shall have been previously paid. Said license fee shall be advanced, remitted, collected and paid by the persons and at the time and in the manner hereinafter provided. The said license fees when paid shall be disposed of in the manner hereinafter provided. [C27, 31,§§7577-b38, 5093-a1; C35,§5093-f; C39,§5093.03; C46, 50,§324.2; 55GA, ch 147,§3]

324.3 Tax payable by whom. Said tax shall be paid to the state by the distributor, or other person who imports or first receives said motor vehicle fuel in this state, or who manufactures, compounds, or blends motor vehicle fuel in this state, at the times and in the manner provided in this chapter; provided, however, that when motor vehicle fuel is received by a licensed distributor from a refinery, marine or pipeline terminal in this state, only the licensed distributor receiving same therefrom shall be liable for the tax thereon, and that any person ordering the delivery of motor vehicle fuel from a refinery, marine or pipeline terminal in this state to a person in the state who is not a licensed distributor shall be liable for the tax. The interstate character of the transportation of motor vehicle fuel coming from without the state by pipeline, boat, or barge shall not be deemed to have been terminated by the mere storage thereof at a marine or pipeline terminal in this state. Any person not a licensed distributor who exports motor vehicle fuel from a refinery, marine or pipeline terminal in this state to another state shall secure from the treasurer an exporter's license and shall report each exportation to the treasurer by United States mail within forty-eight hours after such exportation; and provided further that the operator of such refinery, marine or pipeline terminal shall be required to keep, subject to inspection at any time by the state treasurer, such records, and to render to the state treasurer monthly such reports as the state treasurer may require to insure proper enforcement of the provisions of this chapter. Such distributor or other person having paid said tax, or being liable for its payment shall collect the amount thereof from any person to whom said motor vehicle fuel is sold in this state along with the selling price thereof, provided that payment of the tax to the state on liquefied gas shall be made in the manner provided for in this chapter for the payment and collection of the tax on liquefied gas. Liquefied gas sold for any purpose other than the purposes set out in subsection 4 of section
324.1 may be sold tax free, provided that on sales for the purposes set out in subsection 4, section 324.1, the amount of the tax shall be collected from the purchaser along with the selling price thereof. [C35, §5093-f4; C39, §5093.04; C46, 50, §324.3]

If any rebate, discount, commission, or other concession is granted by distributors or persons engaged in the sale of motor vehicle fuel and fuel oil of such nature as will reduce the cost or price to any purchaser or consumer of such products, the conditions, quantity, and amount of such rebate, discount, commission, or other concession shall be posted as a part of the posted price. Provided, however, at all places making wholesale sales only and upon motor vehicle transports, the words and figures shall be of such size as to be plainly legible to the public and as approved by the treasurer. All price placards shall be subject to the approval of the treasurer. Any distributor or person failing to post or keep posted the placard required by this section, or who posts placards not approved by the treasurer, as provided in this section, or who sells any motor vehicle fuel or fuel oil at a price which directly or indirectly, by any means or device, deviates from the posted price set forth on the price placard approved by the treasurer, shall be guilty of a misdemeanor and shall be punished by a fine of one hundred dollars or imprisonment in the county jail for thirty days. Nothing contained herein shall prohibit or restrict the distribution of earnings to the members of any distributor or person, nor to the distribution to consumers of road maps, publicity and other advertising media carrying the name of the distributor, person, or produce. Each day the required placard remains unposted or an unauthorized placard remains posted, or each deviation from the posted price, shall be considered a separate offense. In the event of a third conviction for the violation of any of the provisions of this section, the state treasurer may revoke the license of such distributor or person so convicted. [C27, 31, §5093-a3; C35, §5093-f4; C39, §5093.04; C46, 50, §324.4]

The treasurer, if convinced by the showing made in the application, or from any investigation he may make, that the applicant is of good moral character, and is actually engaged, or about to engage in business as a liquefied gas dealer, shall issue a license without fee. Every holder of such a license shall keep a record of receipts and sales of liquefied gas on forms prescribed or approved by the treasurer, and preserve said records for a period of three years, which records shall be open to the inspection of the treasurer or his agents or employees. 324.10 Security required of distributor before license issued. No fee shall be required for the month of June
§328.21, AERONAUTICS COMMISSION

for a new aircraft, in good faith delivered in that month, providing said aircraft is registered at the time of purchase for the following year.

4. The registration fee for an aircraft operated in scheduled interstate airline operation, owned by an Iowa person and operated part time within this state shall be a fee of ten dollars each for the first two years of registration and there after a sum equal to a percentage of the aircraft registration fee hereinafter provided for in subsections 2 and 3 of this section, which percentage shall be computed by dividing the total number of hours during which said aircraft is operated within this state by the total number of hours during which said aircraft is operated in scheduled interstate airline operation. The full registration fee shall be paid at the beginning of the registration period and adjustment and refund shall be made by the commission following the close of the registration period upon application therefor by the person in whose name the aircraft was registered, said application to be supported by such records as the commission shall prescribe.

5. Should the commission find and determine that no established manufacturer’s list price exists for any such aircraft the commission is hereby authorized and empowered to thereupon determine and fix the fair value of such aircraft which fair value shall be used in lieu of a manufacturer’s list price in computing the registration fee for each such aircraft as otherwise provided by this section.

When the fee as so computed results in a fractional part of a dollar, it shall be computed to the nearest quarter of a dollar. [C46, 50, §328.21]

Referred to in §§328.26, 328.35

328.22 Used aircraft. When an aircraft other than new is registered in Iowa the age of the aircraft in years calculated to the nearest anniversary of the date of manufacture shall be construed as the number of times previously registered, and reduction of the registration fee computed accordingly. [C46, 50, §328.22]

Referred to in §328.26

328.23 Credit on registration fees. There shall be credited upon the registration fee due for the registration of any aircraft pursuant to the provisions of this chapter, any tax, registration fee, or license fee levied upon or charged for said aircraft and paid to any other state, and the registration fee due and to be collected pursuant to the provisions of this chapter, shall be reduced by the amount of said tax, registration fee or license fee, upon the presentation of the official receipt therefor with the application for registration. [C46, 50, §328.23]

328.24 Refunds of fees. If, during the year for which an aircraft was registered and the required fee paid therefor, such aircraft is destroyed by fire or accident or junked, and its identity as an aircraft entirely eliminated, or it is removed and continuously used beyond the boundaries of the state, then the owner in whose name it was registered at the time of such destruction, dismantling, or removal from the state shall return the certificate of registration to the commission within ten days and make affidavit of such destruction, dismantling, or removal and make claim for such refund.

The registration fee for the unexpired portion of the year shall thereupon be refunded pro rata to the nearest full calendar month. [C46, 50, §328.24]

328.25 Fees in lieu of taxes. The registration fees imposed by this chapter upon aircraft shall be in lieu of all taxes, general or local, except state sales or use tax, to which aircraft might otherwise be subject. [C46, 50, §328.25]

328.28 Operation under special certificate. A manufacturer or dealer owning any aircraft otherwise required to be registered hereunder may operate the same for purposes of transporting, testing, demonstrating, or selling the same without registering each such aircraft, upon condition that any such aircraft display, in the case of aircraft, a description thereof. Every certificate of registration or special certificate issued to such owner as provided in this section and sections 328.29 to 328.33, inclusive.

A transporter may operate any such aircraft solely for the purpose of delivery upon likewise displaying therein, a special certificate issued to him as provided in these sections.

The provisions of this section and sections 328.29 to 328.33, inclusive, shall not apply to aircraft owned by manufacturer, transporter, or dealer, which are used for hire or principally for transportation of persons or property, aside from the transporting of the aircraft itself, or testing or demonstrating thereof. The following words, terms, and phrases, when used in this chapter, shall, for the purposes of this chapter, have the meaning herein given, unless otherwise specifically defined, or unless another intention clearly appears, or the context otherwise requires:

1. "Airport" means any area of land or water designed and set aside for the landing and take-off of aircraft and utilized, or to be utilized, in the interest of the public for such purposes.

2. "Airport hazard" means any structure or tree, or use of land, which obstructs the airspace required for the flight of aircraft in landing or taking-off at an airport, or is otherwise hazardous to such landing or taking-off of aircraft.

3. "Airport hazard area" means any area of land or water upon which an airport hazard
§329.2, AIRPORT ZONING

might be established if not prevented as provided by this chapter.

4. "Municipality" means any county, city, village, or town of this state.

5. "Person" means any individual, firm, copartnership, corporation, company, association, joint stock association, or body politic, and includes any trustee, receiver, assignee, or other similar representative thereof.

6. "Structure" means any object constructed or installed by man, including, but without limitation, buildings, towers, smokestacks, and overhead transmission lines, including the poles or other structures supporting the same.

7. "Tree" means any object of natural growth.

8. "Obstruction" means any tangible, inanimate physical object, natural or artificial, protruding above the surface of the ground.

9. "Commission" means the Iowa aeronautics commission; "state" or "this state" means the state of Iowa.

10. The singular shall include the plural, and the plural the singular. [C46, 50, §329.1]

329.2 Airport hazards contrary to public interest. It is hereby found that an airport hazard endangers the lives and property of users of the airport and of occupants of land and other persons in its vicinity, and also, if of the obstruction type, in effect reduces the size of the area available for the landing, taking-off and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport and the public investment therein. Accordingly, it is hereby declared:

1. That the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question;

2. That it is necessary in the interest of the public health, safety, and general welfare that the creation or establishment of airport hazards be prevented; and

3. That this should be accomplished, to the extent legally possible, by proper exercise of the police power.

4. That the prevention of the creation or establishment of airport hazards, and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which municipalities may raise and expend public funds, as an incident to the operation of airports, to acquire land or property interests therein. [C46, 50, §329.2]

See §657.2, subsection 9

329.3 Zoning regulations—powers granted.

Every municipality having an airport hazard area within its territorial limits may adopt, administer, and enforce in the manner and upon the conditions prescribed by this chapter, zoning regulations for such airport hazard area, which regulations may divide such area into zones and, within such zones, specify the land uses permitted, and regulate and restrict, for the purpose of preventing airport hazards, the height to which structures and trees may be erected or permitted to grow. [C46, 50, §329.3]

Referred to in §§329.4, 329.6

329.4 Extra-territorial airport hazard areas. When any airport hazard area appertaining to an airport owned or controlled by a municipality is located outside the territorial limits of said municipality:

1. Ordinances or resolutions. The municipality owning or controlling the airport, and the municipality within which the airport hazard area is located, may by duly adopted ordinance or resolution, as may be appropriate, adopt, administer, and enforce airport zoning regulations applicable to the airport hazard area in question.

Referred to in §329.6

2. Petition to district court. If the municipality within which is located such airport hazard area has failed or refused, within sixty days after demand has been made upon it by any municipality owning or controlling the airport, to adopt reasonably adequate airport zoning regulations under section 329.3, or to join in adopting joint airport zoning regulations as authorized in subsection 1 of this section, the municipality owning or controlling the airport may, upon a resolution of necessity therefor duly adopted by its governing body, petition the district court of the county in which such airport hazard area or any part thereof is located, in the name of the municipality owning or controlling the affected airport, praying that zoning regulations be established for the airport hazard area in question.

3. Petition—contents. Such petition shall allege all essential facts showing the necessity for bringing such action, the relief sought including proposed zoning regulations, and the necessity therefor.

4. Parties. The parties defendant in such action shall be the municipality in which such airport hazard area is located, and all persons having an apparent or contingent interest in the property located within such area, who may be joined in said action generally as a class.

5. Procedure. The action shall be triable in equity and in accordance with general rules of civil procedure, except that such action shall have precedence over any other business of the court except criminal cases, and the court shall set said petition for hearing not less than sixty days nor more than one hundred twenty days from the date it is filed with the clerk of said court.

6. Notice. The original notice in such action shall be served upon the municipality in which such airport hazard area is located, and in the same manner as original notice of any other action but not less than thirty days prior to the date set for trial; and upon all other defendants by the publication of said notice in some newspaper or newspapers of general circulation within the area described in the petition, or as near thereto as possible, which
publication shall be in the same manner as provided for the publication of other original notices, provided however that the last publication thereof shall not be less than thirty days prior to the date set for trial.

7. Decree and modification. Upon trial the court may enter decree establishing such zoning regulations as it shall find reasonable and necessary. The court having once taken jurisdiction of such matter shall retain continuing jurisdiction thereof for such subsequent modification as it may deem advisable, upon proper application of interested parties, and due showing made thereunder after such notice to possible adverse parties as the court shall prescribe.

8. Appeal. Any person or municipality adversely affected or aggrieved by any findings of the court may appeal therefrom as in other civil actions.

9. Enforcement. Following the entry of any final decree by the district court, and unless appeal has been taken therefrom, the zoning regulations established by such decree may be enforced, and violations thereof punished, as provided by section 329.14. [C46, 50,§329.4]

Referred to in §329.5

329.5 Prevention of airport hazards. Any municipality owning or controlling an airport may maintain actions in equity to restrain and abate as nuisances the creation or establishment of airport hazards appertaining to said airport, in violation of any zoning regulations adopted or established pursuant to the provisions of this chapter for any area whether within or without the territorial limits of said municipality. [C46, 50,§329.4]

329.6 Zoning powers—aeronautics commission. If any municipality owning or controlling an airport adjacent to which there is an airport hazard area shall fail or refuse, within sixty days after demand made upon it by the aeronautics commission of the state, to adopt reasonably adequate airport zoning regulations under section 329.3, or to proceed as provided in section 329.4, the aeronautics commission of the state may petition the district court of the county in which such airport hazard area, or any part thereof, is located, in the name of the state, praying that zoning regulations be established for the airport hazard area in question, and the provisions of subsections 3 to 9, inclusive, of section 329.4 shall apply to such actions provided, however, that such municipality shall be joined as a party defendant in any such action.

The aeronautics commission of the state may maintain actions in equity to restrain and abate as nuisances the creation or establishment of airport hazards appertaining to any airport within the state, in violation of any zoning regulations adopted or established pursuant to the provisions of this chapter. [C46, 50,§329.6]

329.7 Relation to comprehensive zoning regulations. Any municipality which has adopted, or hereafter adopts, zoning ordinances under the provisions of chapter 414, is hereby empowered to incorporate therein such airport hazard area zoning regulations as are provided for by this chapter, and to administer and enforce the same as herein provided. [C46, 50,§329.7]

329.8 Conflicting regulations. In the event of any conflict between any airport zoning regulations adopted or established under this chapter and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, the use of land, or any other matter, the more stringent limitation or requirement shall govern and prevail. [C46, 50,§329.8]

329.9 Procedure for adopting zoning regulations—zoning commission. In adopting, amending, and repealing airport zoning regulations under this chapter the governing body of the municipality shall follow the procedure as provided in sections 414.4 and 414.6. Any action taken on the part of any county under this chapter shall be by resolution of the board of supervisors thereof and no such action shall be taken without a majority of the board of supervisors voting therefor and consenting thereto. The commission so appointed shall be known as the airport zoning commission. The airport zoning commission shall consist of two members from each municipality selected by the governing body thereof and one additional member to act as chairman and to be selected by a majority vote of the members selected by the municipality. The terms of the members of the airport zoning commission shall be for six years excepting that when the board shall first be created, one of the members appointed by each municipality shall be appointed for a term of two years and one for a term of four years. Members may be removed for cause by the appointing authority upon written charges after public hearing. Vacancies shall be filled for the unexpired term of any member whose office becomes vacant in the same manner in which said member was selected. [C46, 50,§329.9]

329.10 Airport zoning requirements.

1. All airport zoning regulations adopted under this chapter shall be reasonable and none shall impose any requirement or restriction which is not necessary to effectuate the purposes of this chapter.

2. No airport zoning regulations adopted under this chapter shall require the removal, lowering, or other change or alteration of any structure or tree, or interfere with any use, not conforming to the regulations when adopted or amended, except that they may require the owner thereof to permit the municipality at its own expense to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to operators of aircraft the presence of the airport hazard.

3. All such regulations shall provide that no pre-existing nonconforming structure, tree, or
use, shall be replaced, rebuilt, altered, allowed to grow higher, or replanted, so as to constitute a greater airport hazard than it was when such airport zoning regulations or amendments thereto were adopted. [C46,50,§329.10]

329.11 Variances. Any person desiring to erect or increase the height of any structure, or to permit the growth of any tree, or otherwise use his property in violation of airport zoning regulations adopted under this chapter, may apply to the board of adjustment for a variance from the zoning regulations. Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest, but would do substantial justice and be in accordance with the spirit of the regulations and this chapter; provided, however, that any such variance may be allowed subject to any reasonable conditions that the board of adjustment may deem necessary to effectuate the purposes of this chapter, including the reservation of the right of the municipality, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to operators of aircraft the presence of the airport hazard. [C46, 50, §329.11]

329.12 Board of adjustment — creation — powers—duties. The governing body of any municipality availing or seeking to avail itself of the powers by this chapter conferred shall, by ordinance or resolution duly adopted, provide for the appointment of a board of adjustment, as provided in section 414.7. Such board of adjustment shall have the same powers and duties, and its procedure, and appeals thereto and therefrom, in all respects shall be governed by and subject to the same provisions established in sections 414.9 to 414.19, inclusive. The concurring vote of a majority of the board shall be necessary to reverse any order, requirement, decision or determination of any administrative official or to decide in favor of the applicant on any matter upon which it is required to pass under any regulations adopted pursuant to this chapter or to effect any variance therefrom.

The board of adjustment shall consist of two members from each municipality, selected by the governing body thereof, and one additional member to act as chairman and to be selected by a majority vote of the members selected by the municipality. Members shall be removable for cause by the appointing authority upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose office becomes vacant in the same manner in which said member was selected. The terms of the members of the board of adjustment shall be for five years, excepting that when the board shall first be created, one of the members appointed by each municipality shall be appointed for a term of two years and one for a term of four years. [C46, 50, §329.12]

Actions begun before July 4, 1947, see §329.12

329.13 Administration of airport zoning regulations. All airport zoning regulations adopted under this chapter shall provide for the administration and enforcement of such regulations by an administrative agency (which may be an agency created by such regulations), or by any official, board, or other existing agency of the municipality adopting the regulations, or of one or both of the municipalities which participated therein, but in no case shall such administrative agency be or include any member of the board of adjustment. The duties of any administrative agency designated pursuant to this chapter shall not include any of the powers herein delegated to the board of adjustment. [C46, 50, §329.13]

329.14 Enforcement and remedies. Each violation of this chapter or of any regulations, order, or rules promulgated pursuant to this chapter, shall constitute a misdemeanor, and the perpetrator thereof, upon conviction, shall be punished accordingly; and each day a violation continues to exist shall constitute a separate offense. [C46, 50, §329.14]

Concurrent action by the governing bodies of the political subdivision participating shall constitute joint action. And they shall furthermore require that the plans and specifications be in substantial accord with the regulations of the U. S. Department of Commerce or other department of the federal government having general supervision of air navigation as it relates to plans and specifications for airports. And if so found they shall approve such plans and specifications. [C31, 35, §5903-c7; C39, §5903.07; C46, 50, §330.9]

Such political subdivision is authorized and directed to charge the users of such improvements at rates which at all time, shall be sufficient to pay the principal and interest on the bonds issued under the provisions of this chapter, and the cost of operation and maintenance, and to provide an adequate depreciation fund. Taxes for the payment of said bonds shall be levied in accordance with chapter 76 and said bonds shall be payable through the debt service fund in not more than twenty years and bear interest at a rate not exceeding five per cent per annum and shall be of such form as the city or town council shall by resolution provide, but no city or town shall become indebted in excess of five percent of the actual value of the taxable property within said city or town, as shown by the last preceding state and county tax lists. The indebtedness incurred for the purpose provided in this section shall not be considered an indebtedness incurred for general or ordinary purposes.

Section 330.7 and this section shall be con­strued as granting additional power without limiting the power already existing in cities and towns.

The provisions of said sections shall be ap­plicable to all municipal corporations regard­less of form of government or manner of incor­poration. [C46, 50,§330.16; 55GA, ch 149, §§2–4]

347A.1 Contracts—trustees. Any county in the state of Iowa having a population less than one hundred fifty thousand is hereby authorized and empowered to acquire, construct, equip, operate and maintain a county hospital and, for the purpose of acquiring, constructing, equipping, enlarging or improving any such county hospital and acquiring the necessary lands, rights of way and other property necessary therefor, may issue revenue bonds all as in this chapter provided. All contracts for construction work of such county hospital shall be awarded by the board of supervisors on competitive bidding following such advertisement as may be prescribed by such board. The administration and management of any county hospital acquired, constructed, equipped, enlarged or improved under this chapter shall be vested in a board of hospital trustees consisting of five members appointed by the board of supervisors from among the resident citizens of the county with reference to their fitness for such office, and not more than two of such trustees shall be residents of the same township. such time as their successors are elected and qualified; thereafter during the month of November of each year the board shall reorganize by the appointment of a chairman and a secretary. The county treasurer shall be ex officio treasurer of the board of hospital trustees. The board of hospital trustees may employ, fix the compensation and remove at pleasure professional, technical and other employees, skilled or unskilled, as it may deem necessary for the operation and maintenance of the hospital, and disbursement of funds in such operation and maintenance shall be made upon order and approval of the board of hospital trustees. A county hospital may include a nurses home and nurses training school. The board of trustees shall make all rules and regulations governing its meetings and the operation of the county hospital and shall fix rates, fees and charges for the services thereby furnished so that the revenues will be at all times sufficient in the aggregate to provide for the payment of the interest on and principal of all bonds that may be issued and outstanding under the provisions of this chapter, and for the payment of all operating and maintenance expenses of the hospital. [C50,§347A.1]

347A.2 Bonds — authorization — payment. For the purpose of acquiring, constructing, equipping, enlarging or improving such hospital or any part thereof, any such county may, pursuant to resolution of the board of supervisors of such county, from time to time issue and dispose of its negotiable interest-bearing revenue bonds payable solely as to both principal and interest from the revenues to be derived from the operation of such hospital. All such bonds may bear such date or dates, may mature at such time or times not exceeding thirty years from their respective dates, may bear interest at such rate or rates not exceeding five percent per annum payable semiannually, may be in such form and payable at such place or places, and may be subject to such redemption privileges as is stated on the face thereof and as may be provided in such resolution. After a resolution authorizing such revenue bonds has been adopted the county auditor shall publish notice of such adoption in at least one newspaper of general circulation in the county at least once each week for two consecutive weeks. Such notice shall identify the resolution by the date of its adoption and shall specify the amount of bonds proposed to be issued, and if within twenty days following the date of the first publication of such notice a petition is filed with the county auditor signed by qualified voters of said county in number equal to or exceeding twenty percent of the total number of votes cast in such county for governor at the last preceding regular election whereat a governor was elected then the bonds authorized by such resolution shall not be issued unless and until the proposition to issue such bonds is approved at such election then the board of supervisors may proceed with the acquisition, construction, equipment, operation and maintenance of the county hospital and the issuance of bonds in connection therewith, all as in this chapter permitted and provided. Under no circumstances shall any bonds issued under the provisions of this chapter be or become an indebtedness of the county within the purview of any constitutional or statutory limitation or provision, and it shall be plainly stated on the face of each bond that it does not constitute such an indebtedness, but is payable solely from the revenues as aforesaid. All such bonds shall be sold in such manner and upon such terms as is prescribed by the resolution authorizing the issuance thereof, provided, that no bonds shall be sold upon terms that will result in an interest cost computed to maturity of the bonds according to standard tables of bond values of more than five percent per annum. The resolution authorizing such revenue bonds may contain such covenants as are determined by the board of supervisors to be desirable in connection with the use and application of the bond proceeds, the operation of the county hospital and the custody and application of the revenues from such operation. The sole remedy for any breach or default of the terms of any such bonds or proceedings for their issuance shall be by mandamus in a court of competent jurisdiction to compel performance and compliance therewith. [C50,§347A.2]

347A.3 Tax for maintenance and operation. If in any year, after payment of the accruing interest on and principal due of any revenue bonds issued hereunder from the revenues derived from the operation of such hospital, there be a balance of such revenues insufficient to pay the expenses of operation and maintenance of the county hospital the board of hospital trustees shall certify that fact as soon as ascertained to the board of supervisors of such county, and thereupon it shall be the duty of such board of supervisors to make the amount of such deficiency for paying the expenses of operation and maintenance of the county hospital available from other county funds or, the board of supervisors of such county shall levy a tax not to exceed four mills in any one year on all the taxable property in said county in an amount sufficient for that purpose, it being conditioned that no general county funds or the proceeds of any taxes shall ever be used or applied to the payment of the interest on or principal of any bonds issued under the provisions of this chapter, but that such general county funds or proceeds of taxes may only be
used and applied to pay such expenses of operation and maintenance of the county hospital as cannot be paid from available revenue derived from such operation. [C50, §347A.3]

**347A.4 Independent method.** This chapter shall be construed as providing an alternative and independent method for the acquisition, construction, equipment, enlargement, improvement, operation and maintenance of a county hospital, and for the issuance and sale of revenue bonds in connection therewith, and shall not be construed as an amendment of or subject to the provisions of any other law. [C50, §347A.4]

**347A.5 Discrimination prohibited.** The provisions of section 347.18 are made applicable to this chapter. [C50, §347A.5]

In all elections for trustees each qualified voter resident within the district may vote one vote for each office of trustee to be filled at the election. At all elections for trustees subsequent to the election of the first board the names of all candidates for trustees of such sanitary district shall be printed on the same ballot with candidates for other offices to be filled at such election. In case a regular election precinct includes territory lying partly within and partly without the sanitary district, it shall be the duty of the officers charged with the printing and furnishing of ballots to furnish to the election judges of such precinct two sets of official ballots, one set including the names of candidates for trustees of such sanitary district, and one set without such names. All provisions of the primary and general election laws of Iowa shall govern the nomination and election of trustees hereunder, so far as applicable, and except as modified hereby.
Vacancies in the office of trustee of a sanitary district shall be filled by the remaining members of the board for the period extending to the second secular day of January following the next biennial election, when a trustee shall be elected to fill such vacancy for the unexpired term. [C46, 50,§358.9]

358.10 Trustee’s bond. Each trustee shall, before entering upon the duties of his office, execute a bond payable to the district, with security to be approved by the board of supervisors which had jurisdiction of the petition for establishment of the district, in such form and amount as said board of supervisors may determine, which bond shall be filed with the county auditor of said county. [C46, 50,§358.10]

358.11 Sanitary district to be a body corporate. Each sanitary district organized under this chapter shall be a body corporate and politic, with the name and style under which it was organized, and by such name and style may sue and be sued, contract and be contracted with, acquire and hold real and personal property necessary for corporate purposes, adopt a corporate seal and alter the same at pleasure, and exercise all the powers conferred in this chapter.

All courts of this state shall take judicial notice of the existence of sanitary districts organized hereunder. [C46, 50,§358.11]

358.12 Board of trustees—powers. The trustees elected in pursuance of the foregoing provisions of this chapter shall constitute a board of trustees for the district by which they are elected, which board of trustees is hereby declared to be the corporate authority of such sanitary district, and shall exercise all the powers and manage and control all the affairs and property of such district. A majority of the board of trustees shall constitute a quorum, but a smaller number may adjourn from day to day. Said board of trustees shall have the right to elect a president, a clerk, and a treasurer from their own number and, from without their own number, such employees as the board may deem necessary, who shall hold their employment during the pleasure of the board, and shall prescribe the duties and fix the compensation of all employees of said sanitary district and the amount of bond to be filed by the treasurer of the district and by any employee for whom they may require bond, provided, however, that the compensation of members of the board of trustees is hereby fixed at not to exceed five dollars per day for each day the board is actually in session and five dollars per day when not in session but employed on committee service, and five cents for every mile traveled in going to and from sessions of the board and in going to and from the place of performing committee service; provided further, that members of said board shall not receive compensation for more than sixty days of session and committee service each year.

Said board of trustees shall have full power to pass all necessary ordinances, resolutions, rules and regulations for the proper management and conduct of the business of said board of trustees and of said corporation and for carrying into effect the objects for which such sanitary district is formed. [C46, 50,§358.12]

358.13 Ordinances—publication or posting—time of taking effect. All ordinances, resolutions, orders, rules and regulations adopted by the board shall take effect five days from and after their adoption and publication. The publication thereof shall be by one publication in a newspaper published in the district or by posting copies thereof in five public places within the district. [C46, 50,§358.13]

358.14 Proof of ordinances. All ordinances, resolutions, orders, rules and regulations, and the date when same became effective, may be proven by the certificate of the clerk, under the seal of the corporation, if one has been adopted, and when printed in book or pamphlet form and purporting to be published by the board of trustees such book or pamphlet shall be received as evidence of the passage and legal publication or posting thereof as of the dates mentioned therein, in all courts and places, without further proof. [C46, 50,§358.14]

358.15 Personal interest in contracts. No trustee of such district shall be directly or indirectly interested in any contract, work, or business of the district, or in the sale of any article the expense, price, or consideration of which is paid by such district; nor in the purchase of any real estate or other property belonging to the district, or which shall be sold for taxes or assessments, or by virtue of legal process at the suit of said district; provided, that nothing herein shall be construed as prohibiting the selection of any person as trustee because of his ownership of real estate in the district or because he is a taxpayer in the district. [C46, 50,§358.15]

358.16 Power to provide for sewage disposal. The board of trustees of any sanitary district organized under this chapter shall have power to provide for the disposal of the sewage thereof, including the sewage and drainage of any city, town, or village within the boundaries of such district; to acquire, lay out, locate, establish, construct, maintain, and operate one or more drains, conduits, treatment plants, disposal plants, pumping plants, works, ditches, channels, and outlets of such capacity and character as may be required for the treatment, carrying off, and disposal of the sewage and industrial wastes and other drainage incidental thereto of such district; to lay out, establish, construct, maintain, and operate all such adjuncts, additions, auxiliary improvements, and works as may be necessary or proper for accomplishment of the purposes intended, and to procure supplies of water for operating, diluting, and flushing purposes; to maintain, repair, change, enlarge, and add to such facilities, improvements, and works as may be necessary or proper to meet the future requirements for the purposes aforesaid; and, when necessary for such purposes, any such facil-
ties, improvements, and works and the maintenance and operation thereof may extend beyond the limits of such district, and the rights and powers of said board of trustees in respect thereto shall be the same as if located within said district, provided, no taxes shall be levied upon any property outside of such district; and provided further, that the district shall be liable for all damages sustained beyond its limits in consequence of any work or improvement authorized hereunder.

The board of trustees, however, may upon such petition of property owners representing at least twenty-five percent of the valuation of property not included within the district as constituted which seeks benefit from the operation of such sanitary district, include such property and the area involved within the limits of such sanitary district, and such added areas shall be subject to the same taxation as other portions of the district.

Nothing contained herein shall be construed to authorize or empower such board of trustees to operate a system of waterworks for the purpose of furnishing water to the inhabitants of the district, or to construct, maintain, or operate local municipal sewerage facilities, or to deprive municipalities within the district of their powers to construct and operate sewers for local purposes within their limits.

The board of trustees of such sanitary district may, however, upon petition of the council or governing body of any incorporated town within the sanitary district, contract with such city or town to undertake the operation of local municipal sewage facilities as part of the functioning of the sanitary district and make an agreement with such municipality for the levying of additional sewer or sewage disposal taxes, which taxes shall be levied by the municipality as now provided by law. [C46, 50, §358.16; 54GA, ch 141, §1]

358.17 Power to acquire and dispose of property. Any sanitary district organized under this chapter may acquire by purchase, condemnation, or otherwise, any and all real and personal property, rights of way and privileges, either within or without its corporate limits, required for its corporate purposes. Condemnation proceedings shall be conducted in the same manner, as near as may be, as provided for condemnation by counties under the laws of Iowa. Said sanitary districts shall have power to sell, convey, or otherwise dispose of any of the properties belonging to them when no longer required for their purposes. [C46, 50, §358.17]

358.18 Taxes—power to levy—tax sales. The board of trustees of any sanitary district organized under this chapter shall have the power by ordinance to levy annually for the purpose of paying the administrative costs of such district, and for the payment of deficiencies in special assessments a tax upon property within the territorial limits of such sanitary district not exceeding two mills on the dollar of the adjusted taxable valuation of the property within such district for the preceding calendar year.

All taxes thus levied by the board shall be certified by the clerk on or before the first day of September to the county auditor of each county wherein any of the property included within the territorial limits of said sanitary district is located, and shall by said auditor or auditors be placed upon the tax list for the current year; and the county treasurer, or treasurers, of more than one county, shall collect all taxes so levied in the same manner as other taxes, and when delinquent they shall draw the same interest and penalties. All taxes so levied and collected shall be paid over by the officer collecting the same to the treasurer of the sanitary district.

Sales for delinquent taxes owing to such sanitary district shall be made at the same time and in the same manner as such sales are made for other taxes, and all provisions of the law of this state relating to the sale of property for delinquent taxes shall be applicable, so far as may be, to such sales. [C46, 50, §358.18; 54GA, ch 141, §2]

358.19 Records and disbursements. The clerk of each sanitary district shall keep a record of all the proceedings and actions of the trustees. The treasurer shall receive, collect, and disburse all moneys belonging to the district, and no claim shall be paid or disbursement made until it has been duly audited by the board of trustees. [C46, 50, §358.19]

358.20 Rentals and charges. Any sanitary district may by ordinance establish just and equitable rates or charges or rentals for the utilities and services furnished by it to be paid to such district by every person, firm or corporation whose premises are served by a connection to such utilities and services directly or indirectly. Such rates, charges, or rentals, as near as may be in the judgment of the board of trustees of the district, shall be equitable and in proportion to the services rendered and the cost thereof, and taking into consideration in the case of each such premises the quantity of sewage produced thereby and its concentration, strength, and pollution qualities. The board of trustees may change such rates, charges, or rentals from time to time as it may deem advisable, and by ordinance may provide for the collection thereof. The board is authorized to contract with any municipality within the district, whereby such municipality may collect or assist in collecting any of such rates, charges, or rentals, whether in conjunction with water rentals or otherwise, and any such municipality is hereby empowered to undertake such collection and render such service. Such rates, charges, or rentals, if not paid when due, shall constitute a lien upon the property served by a connection as aforesaid and shall be collected in the same manner as other taxes.

In no case shall such rates, charges, or rentals, or the funds accruing from the collection thereof, be used to meet that part of
the cost of any construction within the district which has been financed by special assessment against benefited properties. The provisions of chapter 393 shall apply to sanitary districts organized under this section insofar as they are applicable. [C46, 50, §358.20; 54GA, ch 141, §3]

**358.21 Debt limit—borrowing—bonds—purposes.** Any sanitary district organized hereunder may borrow money for its corporate purposes, but shall not become indebted in any manner or for any purpose to an amount in the aggregate exceeding five percent on the value of the taxable property within such district, to be ascertained by the last state and county tax lists previous to the incurring of such indebtedness. Indebtedness within this constitutional limit shall not include the indebtedness of any other municipal corporation located wholly or partly within the boundaries of such sanitary district.

Subject only to this debt limitation, any such sanitary district organized hereunder shall have and is hereby vested with all of the same powers to issue bonds, including both general obligation and revenue bonds, which cities and towns now or may hereafter have under the laws of this state. In the application of such laws to this chapter, the words used in any such laws referring to municipal corporations or to cities and towns shall be held to include sanitary districts organized under this chapter; the words “council” or “city council” shall be held to include the board of trustees of a sanitary district; the words “mayor” and “clerk” shall be held to include the president and clerk of any such board of trustees or sanitary district; and like construction shall be given to any other words in such laws where required to permit the exercise of such powers by sanitary districts.

Any and all bonds issued hereunder shall be signed by the president of the board of trustees and attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached thereto shall be attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached thereto shall be attested by the signature of the clerk.

The proceeds of any bond issue made under the provisions of this section shall be used only for the purpose of acquiring, locating, laying out, establishing and construction of drainage facilities, conduits, treatment plants, pumping plants, works, ditches, channels and outlets of such capacity and character as may be required for the treatment, carrying off and disposal of the sewage and industrial wastes and other drainage incidental thereto of such district, or to repair, change, enlarge and add to such facilities as may be necessary or proper to meet the requirements present and future for the purposes aforesaid. Proceeds from such bond issue may also be used for the payment of special assessment deficiencies. Said bonds shall be payable in not more than twenty annual installments and at interest not exceeding five percent per annum, and shall be made payable at such place and be of such form as the board of trustees shall by resolu-

Any sanitary district issuing bonds as authorized in this section is hereby granted authority to pledge the future avails of a tax levy not exceeding five mills per annum to the payment of the principal and interest of such bonds after the same come due, and the power to impose and certify said levy is hereby granted to the trustees of sanitary districts organized under the provisions of this chapter. [C46, 50, §358.21; 54GA, ch 141, §4, ch 145, §94]

“*Or*” in enrolled Act

**358.22 Special assessments.** The board of trustees of any sanitary district may provide for payment of all or any portion of the costs and expenses of constructing, reconstructing, or extending any drains, sewers, or laterals, and other necessary adjuncts thereto, including pumping stations, by assessing all, or any portion thereof, on abutting and adjacent property according to the benefits derived thereby, and for this purpose said board may define adjacent property as all that included within a designated benefited district or districts to be fixed by the board, which may be all of the property located within the sanitary district or any lesser portion thereof. It shall constitute no objection to any special assessment that the improvement for which the same is levied is outside the limits of such sanitary district, but no special assessment shall be made upon property situated outside of such sanitary district. Special assessments shall be in proportion to the special benefits conferred upon the property thereby, and not in excess of such benefits, and the same shall not exceed twenty-five percent of the actual value of the property at the time of levy, and the last preceding assessment roll shall be taken as prima-facie evidence of such value.

Such assessments may be made to extend over a period of ten years, payable in nearly equal annual installments as practicable, and certificates or bonds may be issued in anticipation thereof. Proceedings for improvements to be made and paid for, in whole or in part, by special assessments, as herein authorized shall be initiated by resolution of necessity, and said resolution and the plat, schedule, hearings, notices, objections, orders, assessments, levies, contracts, bonds, certification of assessments, liens, payment, tax sales, and appeals, and the issuance and sale of certificates, and bonds, shall correspond, as near as may be, to the provisions thereof contained in chapters 391, 391A and 396, and all provisions of said chapters shall govern such proceedings, to the extent applicable, except as modified hereby. A majority vote of the board of trustees shall be requisite and sufficient for any action required by the board under the provisions of this section. [C46, 50, §358.22; 54GA, ch 141, §5]

Referred to in §358.23

**358.23 Appeal to district court.** Any person aggrieved by any proceeding had by the board of supervisors or by the board of trustees as
CHAPERT 358A
COUNTY ZONING COMMISSION

358A.1 Where applicable. The provisions of this chapter shall apply only to counties which now have, or may hereafter have, a population of not less than sixty thousand inhabitants as determined by the last preceding official federal census, and then only at the option of the board of supervisors of any such county. [C50, 358A.1] Referred to in §§358A.3, 358A.25

358A.2 Farms exempt. No regulation or ordinance adopted under the provisions of this chapter shall be construed to apply to land, farm houses, farm barns, farm outbuildings or other buildings, structures, or erections which are adapted, by reason of nature and area, for use for agricultural purposes as a primary means of livelihood, while so used. [C50, 358A.2] Referred to in §§358A.3, 358A.25

358A.3 Powers. Subject to the provisions of sections 358A.1 and 358A.2, the board of supervisors of any county is hereby empowered to regulate and restrict the height, number of structures, and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts and other open spaces, the density of population, and the location and use of buildings, structures, and land for trade, industry, residence or other purposes, and to regulate, restrict and prohibit the use for residential purposes of tents, trailers and portable or potentially portable structures; provided that such powers shall be exercised only with reference to land and structures located within the county but lying outside of the corporate limits of any city or town; provided further that no restriction of industrial or commercial enterprise, buildings or structures in unincorporated areas shall become effective until approved by a majority, in number and amount of assessment, of the resident real property taxpayers owning real property in the area or district in which such restriction is to be imposed, either (1) at an election held for that purpose, or (2) by their signing an appropriate document indicating their approval. [C50, 358A.3]

358A.4 Areas and districts. For any and all of said purposes the board of supervisors may divide the county, or any area or areas within the county, into districts of such number, shape, and area as may be deemed best suited to carry out the purposes of this chapter; and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair, or use of buildings, structures or land. All such regulations and restrictions shall be uniform for each class or kind of buildings throughout each district, but the regulations in one district may differ from those in other districts. [C50, 358A.4]

358A.5 Objectives. Such regulations shall be made in accordance with a comprehensive plan and designed to lessen congestion in the street or highway; to secure safety from fire, panic, and other dangers; to protect health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements.

Such regulations shall be made with reasonable consideration, among other things, to the character of the area of the district and the peculiar suitability of such area for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout such county. [C50, 358A.5]

358A.6 Public hearings. The board of supervisors shall provide for the manner in which such regulations and restrictions and the
boundaries of such districts shall be determined, established, and enforced, and from time to time amended, supplemented or changed. However, no such regulation, restriction, or boundary shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen days notice of the time and place of such hearing shall be published in a paper of general circulation in such county. [C50, §358A.6]

Referred to in §358A.7

358A.7 Changes and amendments. Such regulations, restrictions, and boundaries may, from time to time, be amended, supplemented, changed, modified, or repealed. In case, however, of a protest against such change signed by the owners of twenty percent or more either of the area included in such proposed change, or of the area immediately adjacent thereto and within five hundred feet of the boundaries thereof, such amendment shall not become effective except by the favorable vote of at least sixty percent of all of the members of the board of supervisors. The provisions of section 358A.6 relative to public hearings and official notice shall apply equally to all changes or amendments. [C50, §358A.7]

358A.8 Commission appointed. In order to avail itself of the powers conferred by this chapter, the board of supervisors shall appoint a commission, to be known as the county zoning commission, to recommend the boundaries of the various original districts, and appropriate regulations and restrictions to be enforced therein. Such commission shall, with due diligence, prepare a preliminary report and hold public hearings thereon before submitting its final report; and the board of supervisors shall not hold its public hearings or take action until it has received the final report of such commission. After the adoption of such regulations, restrictions, and boundaries of districts, the zoning commission may, from time to time, recommend to the board of supervisors amendments, supplements, changes or modifications. [C50, §358A.8]

358A.9 Administrative officer. The board of supervisors shall appoint an administrative officer authorized to enforce the resolutions or ordinances so adopted by the board of supervisors. Such administrative officer may be a person holding other public office in the county, or in a city or other governmental subdivision within the county, and the board of supervisors is authorized to pay to such officer out of the general fund such compensation as it shall deem fit. [C50, §358A.9]

358A.10 Board of adjustment. The board of supervisors shall provide for the appointment of a board of adjustment, and in the regulations and restrictions adopted pursuant to the authority of this chapter shall provide that the said board of adjustment may, in appropriate cases, and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinances or regulations in harmony with its general purpose and intent and in accordance with the general or specific rules therein contained, and provide that any property owner aggrieved by the action of the board of supervisors in the adoption of such regulations and restrictions may petition the said board of adjustment direct to modify regulations and restrictions as applied to such property owners. [C50, §358A.10]

358A.11 Membership of board. The board of adjustment shall consist of five members each to be appointed for a term of five years, excepting that when the board shall first be created, one member shall be appointed for a term of five years, one for a term of four years, one for a term of three years, one for a term of two years, and one for a term of one year. Members shall be removable for cause by the appointing authority upon written charges and after public hearing. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant. [C50, §358A.11]

358A.12 Rules and regulations. The board shall adopt rules in accordance with the provisions of any regulation or ordinance adopted pursuant to this chapter. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. Such chairman, or in his absence, the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record. [C50, §358A.12]

358A.13 Appeals to board. Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the county affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the board of adjustment, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board of adjustment all the papers constituting the record upon which the action appealed from was taken. [C50, §358A.13]

358A.14 Stay of proceedings. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case proceedings shall not be
§358A.15, COUNTY ZONING COMMISSION

stayed otherwise than by a restraining order which may be granted by the board of adjustment or by a court of record on application on notice to the officer from whom the appeal is taken and on due cause shown. [C50,§358A.14]

358A.15 Powers of board. The board of adjustment shall have the following powers:
1. To hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by an administrative official in the enforcement of this chapter or of any ordinance adopted pursuant thereto.
2. To hear and decide special exceptions to the terms of the ordinance upon which such board is required to pass under such ordinance.
3. To authorize upon appeal, in specific cases, such variance from the terms of the ordinance as will not be contrary to the public interest, where owing to special conditions a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed and substantial justice done. [C50,§358A.15]

358A.16 Decision. In exercising the above mentioned powers such board may, in conformity with the provisions of this chapter, reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken. [C50,§358A.16]

358A.17 Vote required. The concurring vote of three members of the board shall be necessary to reverse any order, requirement, decision, or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance or to effect any variation in such ordinance. [C50,§358A.17]

358A.18 Petition to court. Any person or persons, jointly or severally, aggrieved by any decision of the board of adjustment under the provisions of this chapter, or any taxpayer, or any officer, department, board or bureau of the county, may present to a court of record a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within thirty days after the filing of the decision in the office of the board. [C50,§358A.18]

358A.19 Review by court. Upon the presentation of such petition, the court may allow a writ of certiorari directed to the board of adjustment to review such decision of the board of adjustment and shall prescribe therein the time within which a return thereunto must be made and served upon the realtor's attorney, which shall not be less than ten days and may be extended by the court. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order. [C50,§358A.19]

358A.20 Record advanced. The board of adjustment shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by such writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified. [C50,§358A.20]

358A.21 Trial to court. If upon the hearing which shall be tried de novo it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take such evidence as it may direct and report the same to the court with its findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review. Costs shall not be allowed against the board unless it shall appear to the court that it acted with gross negligence or in bad faith or with malice in making the decision appealed from. [C50,§358A.21]

358A.22 Precedence. All issues in any proceedings under the foregoing sections shall have preference over all other civil actions and proceedings. [C50,§358A.22]

358A.23 Restraining order. In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained; or any building, structure, or land is used in violation of this chapter or of any ordinance or other regulation made under authority conferred thereby, the board of supervisors, in addition to other remedies, may institute any appropriate action or proceedings to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance, or use, to restrain, correct, or abate such violation, to prevent the occupancy of said building, structure, or land, or to prevent any illegal act, conduct, business, or use in or about such premises. [C50,§358A.23]

358A.24 Conflict with other regulations. Wherever the regulations made under authority of this chapter require a greater width or size of yards, courts or open spaces, or require a lower height of building or less number of stories, or require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required in any other statute or local ordinance or regulation, the provisions of the regulations made under authority of this chapter shall govern. Wherever the provisions of any other statute or local ordinance or regulation require a greater
width or size of yards, courts or other open spaces, or require a lower height of building or a less number of stories, or require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required by the regulations made under authority of this chapter, the provisions of such statute or local ordinance or regulation shall govern. [C50, §358A.24]

**358A.25 Plumbing code enforced.** Subject to the provisions of sections 358A.1 and 358A.2, the board of supervisors of any county is further authorized to adopt regulations to provide that every dwelling, whether now or hereafter erected within the county but outside the corporate limits of any city or town which shall develop a private water supply or install a pressure water system or install sanitary house drains, shall comply with the recommendations of the state department of health on minimum requirements as set out in the state plumbing code* in regard to such development or installation. Any such regulation may be enforced in the same manner as any other regulation adopted under this chapter. [C50, §358A.25]

*See §135.11(8)

**358A.26 Penalty.** In addition to any other remedy granted herein, the violation on any regulation, restriction or boundary adopted under this chapter or the occupancy or use of any structure erected, altered or maintained in violation of this chapter shall constitute a misdemeanor. Such occupancy or use shall be deemed a continuing violation and may be the subject of repeated prosecutions if so continued. Every person convicted of a misdemeanor, by reason of violations hereinabove set forth, shall be punished by a fine of not more than one hundred dollars or by imprisonment of not more than thirty days. [C50, §358A.26]

### CHAPTER 358B
#### COUNTY LIBRARIES

358B.1 Power to establish. Counties may provide for the formation and maintenance of free public libraries open to the use of all inhabitants under proper regulations, and may purchase, erect, or rent buildings or rooms suitable for this purpose and provide for the compensation of necessary employees. [C50, §358B.1]

358B.2 Library districts formed. A county library district may be established composed of one county or two or more adjacent counties and may include or exclude the entirety of a city or town partly within one of the counties. Electors residing within the proposed district in a number not less than five percent of those voting for governor within said district at the last general election may petition the board of supervisors of the county or counties for the establishment of such county library district. Said petition shall clearly designate the area to be included in the district. The board of supervisors of each county containing area within the proposed district shall submit the proposition to the electors within their respective counties at any general or primary election provided said election occurs not less than forty days after the filing of the petition.

A county library district shall be established, if a majority of the electors, voting on the proposition and residing outside of cities and towns maintaining a free public library as provided by section 378.1 favor it. The result of the election within cities and towns maintaining a free public library under the above-mentioned provision shall be considered separately, and no such city or town shall be included within the county library district unless a majority of its electors, voting on the proposition, favor its inclusion. In such cases the boundaries of an established district may vary from those of the proposed district. After the establishment of a county library district other areas may be included by mutual agreement of the board of trustees of the county library district and the governing body of the area sought to be included. [C50, §358B.2]

358B.3 Gifts accepted. Counties may receive, hold and dispose of all gifts, donations, devises, and bequests that may be made to them for the purpose of establishing, increasing, or improving any library. When the conditions thereof have been accepted by the county, their use for the county library may be enforced against the county board of supervisors by the library board by an action of mandamus or by other proper action. [C50, §358B.3]
§358B.4 Library trustees. In any county or counties in which a library district has been established a board of library trustees, consisting of five, seven, or nine electors of the library district, shall be appointed by the board or boards of supervisors of the county or counties comprising such library district. Membership on the library board shall be apportioned between the rural and city and town areas of the district in proportion to the population in each of such areas. In the event the library district is composed of two or more counties, representation on said library board shall be equitably divided between or among said counties in proportion to the population in each of such counties. [C50,§358B.4]

§358B.5 Terms. Of said trustees so appointed on boards to consist of nine members, three shall hold office for two years, three for four years, and three for six years; on boards to consist of seven members, two shall hold office for two years, two for four years, and three for six years; and on boards to consist of five members, one shall hold office for two years, two for four years, and two for six years, from the first day of July following their appointment in each case. At their first meeting they shall cast lots for their respective terms, reporting the result of such lot to the board of supervisors. All subsequent appointments, whatever the size of the board, shall be for terms of six years each. Vacancies shall be filled for unexpired terms by the governing body of the taxing unit of the district represented by the retiring member. [C50,§358B.5]

§358B.6 Removal or absence of trustee. The board of library trustees may declare the office of a trustee vacant by his removal from the library district, or his unexplained absence from six consecutive regular meetings. [C50,§358B.6]

3. To employ a librarian, such assistants and employees as may be necessary for the proper management of said library, and fix their compensation; but, prior to such employment, the compensation of such librarian, assistants, and employees shall be fixed for the term of employment by a majority of the members of said board voting in favor thereof.

4. To remove such librarian, assistants, or employees by a vote of two-thirds of such board for misdemeanor, incompetency, or inattention to the duties of such employment.

5. To select and make purchases of books, pamphlets, magazines, periodicals, papers, maps, journals, furniture, fixtures, stationery, and supplies for such library.

6. To authorize the use of such libraries by school corporations or by nonresidents of the area which is taxed to support such libraries and to fix charges therefor.

7. To make and adopt, amend, modify, or repeal bylaws, rules, and regulations, not inconsistent with law, for the care, use, government, and management of such library and the business of said board, fixing and enforcing penalties for the violation thereof.

8. To have exclusive control of the expenditures of all taxes levied for library purposes as provided by law, and of the expenditures of all moneys available by gift or otherwise for the erection of library buildings, and of all other moneys belonging to the library fund, including fines and rentals collected under the rules of the board of trustees. Said board shall keep a record of its proceedings.

9. To accept gifts of any property, including trust funds; to take the title to said property in the name of said library; to execute deeds and bills of sale for the conveyance of said property; and to expend the funds received by them from such gifts, for the improvement of said library. [C50,§358B.8]

§358B.9 Methods of service. Library service shall be accomplished by one or more of the following methods in whole or in part:

Provided that where a free public library is maintained jointly by two or more counties, the library trustees may elect a library treasurer therefor, and it shall be the duty of the city and county treasurers to pay over to said library treasurer any and all library taxes that may be collected by them monthly.

Such library treasurer shall be required to furnish a bond conditioned as provided by section 64.2 in such amount as agreed upon by
the boards of supervisors and the cost thereof shall be paid by the counties. [C50, §358B.10]

The maintenance of a county library shall be on a proportionate population basis whereby each taxing unit as hereinafter defined shall bear its share in proportion to its population to the whole of said county library district. The board of library trustees shall on or before July 10 of each year make an estimate of the amount it deems necessary for the maintenance of the county library and shall transmit said estimate in dollars to the board or boards of supervisors and to the city and town councils within the district. The entire rural area of each county in the library district shall be considered as a separate taxing unit. Each city and town which is a part of the county library district shall be considered as a separate taxing unit. The board of supervisors and the council of each city and town composing said county library district shall make the necessary millage levies accordingly for library maintenance purposes of not to exceed two mills. Any unexpended balance in the library maintenance fund at the end of the fiscal year shall remain in said fund and be available without reappropriation. [C50, §358B.13]

358B.14 Not applicable to contract service. The provisions of this chapter pertaining to the establishment of a county library district shall not apply to any area receiving library service from any city or town library under the provisions of chapter 378, unless the petition for a county library district shall, in addition to the required signatures of electors, be signed by the governing body of the area receiving library service under contract. [C50, §358B.14]

358B.15 Existing contracts assumed. Whenever a county library district is established the board of trustees thereof shall assume all the obligations of the existing contracts made by cities, towns, townships, school corporations or counties to receive library service from free public libraries. [C50, §358B.15]
