ASSISTANT CODE EDITOR

PUBLISHED BY THE STATE OF IOWA UNDER AUTHORITY OF CHAPTER 14 HEREOF

1972
14.17 Citation of permanent Code or supplements. The permanent Codes or supplements thereto published subsequent to the adjournment of the extra session of the Fortieth General Assembly shall be known and cited as "The Code .........", or "supplement to the Code .........", giving year of edition of such Code or supplement thereto.

14.18 Citation of session laws. The session laws of each general assembly shall be known and cited as "....... Session of the ......... General Assembly, Chapter (or File No.), ................., Section ................." (inserting the appropriate number).

14.19 Citation of prior Codes. All prior Codes and supplements shall be cited by the year in which published.

Chapters of the Code are cited as whole numerals; as chapter 180 or chapter 180G.
Sections are cited as decimal numerals; as section 180.5 or section 180G.54. Occasionally, sections are divided into subsections as 1., 2., 3. etc.; and subsections into paragraphs a, b, c etc.; and paragraphs into subparagraphs as (1), (2), (3) etc. Example: section 180G.54, subsection 1, paragraph "a", subparagraph (3). This may be abbreviated as 180G.54{l,a, (3)}.

Section 14.20 of the Code of Iowa is as follows:

"14.20 Official statutes. The Code and session laws published under authority of the state shall constitute the only authoritative publications of the statutes of this state. No other publications of the statutes of the state shall be cited in the courts or in the reports or rules thereof."
PREFACE TO CODE 1973

The Code of 1973 is published pursuant to section 14.15 which requires that a new Code be issued “after the final adjournment of the second regular session of the general assembly.” It follows substantially the Code of 1971 as to form and the only material changes are in the addition of the laws and of the amendments passed by the sessions of the Sixty-fourth First Session and the Sixty-fourth Second Session of the General Assembly. It was deemed advisable, and because of the popular reception, to continue to publish the Code in two volumes with the index bound separately in a distinguishing color. The section numbers as they appear in the two volumes are clearly marked on the back for convenience in selection.

Your attention is called to the many cross-references under the sections that you may determine at a glance the treatment of the same subject matter in other parts of the Code. The users of the work are urged to take advantage of this quick and convenient method of finding similar laws and relevant subject matters. In the same manner the historical references following each section give quick and convenient access to the source and history of the Act.

The same numbering of the Code sections has been continued and it is only where it has been necessary to intersperse new law between numbered chapters that the alphabetical system is used. For instance where there has been new law, which cannot be incorporated in any existing chapter, it is designated by the letter A, B or C, as the case may be. See chapter 135, et seq.

The proper method of citing sections and the parts thereof is explained on the previous page.

To provide a quick method to determine where the Acts of the General Assemblies appear in the Code, Tables of Corresponding Sections have been prepared and placed in the back of volume II. A Table of Corresponding Sections from the Code of 1971 to the Code of 1973 is also provided.

Due to the great amount of editorial work involved, it has not been possible to complete a new index. However, considerable time and effort have been expended to incorporate the recent Acts in a revised index.

Your attention is called to the skeleton index printed on colored paper which will give a quick reference to subject matter frequently referred to by the users of the Code.

All changes in the Rules of Civil Procedure have been incorporated in the Code.

It is the wish of the editors to supply all who have occasion to use the Code of Iowa with a practical and convenient access to the laws. For this reason it is their hope that they may have the benefit of criticism and suggestion from the users of this work.

For a summary of the history of codification in Iowa the reader is referred to Emlin McClain’s discussion in 1 Iowa Law Bulletin 1-28; also, Dan E. Clark’s paper in Statute Law-Making in Iowa in 3 Iowa Applied History Series 399-427. For a more detailed treatment of the subject see a series of articles by Clifford Powell in The Iowa Journal of History and Politics, volumes 9-12, and an article by O. K. Patton on The Iowa Code of 1924 published in the Iowa Law Bulletin, Volume X, No. 1.
The unanimous Declaration of the thirteen united States of America.

When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the Powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed. That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.

—Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britian is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

He has refused his Assent to Laws, the most wholesome and necessary for the public good.

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other Laws for the accommodation of large districts of people, un-
We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britian, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. And for the support of this Declaration, with a firm reliance on the Protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

Article IX. The United States in Congress assembled, shall have the sole and exclusive right and power of determining on peace and war, except in the cases mentioned in the sixth article—of sending and receiving ambassadors—entering into treaties and alliances, provided that no treaty of commerce shall be made whereby the legislative power of the respective States shall be restrained from imposing such imposts and duties on foreigners, as their own people are subjected to, or from prohibiting the exportation or importation of any species of goods or commodities whatsoever—of establishing rules for deciding disputes respecting territory or hope of reward: provided also that no member of Congress shall be appointed a judge of any of said courts and felonies committed on the high seas and establishing courts for receiving and determining finally appeals in all cases of captures, provided that no member of Congress shall be appointed a judge of any of said courts.

The United States in Congress assembled, shall also be the last resort on appeal in all disputes and differences now subsisting or that hereafter may arise between two or more States concerning boundary, jurisdiction or any other cause whatever; which authority shall always be exercised in the manner following. Whenever the legislative or executive authority or lawful agent of any State in controversy with another shall present a petition to Congress, stating the matter in question and praying for a hearing, notice thereof shall be given by order of Congress to the legislative or executive authority of the other State in controversy, and a day assigned for the appearance of the parties by their lawful agents, who shall then be directed to appoint by joint consent, commissioners or judges to constitute a court for hearing and determining the matter in question: but if they cannot agree, Congress shall name three persons out of each of the United States, and from the list of such persons each party shall alternately strike out one, the petitioners beginning, until the number shall be reduced to thirteen; and from that number not less than seven, nor more than nine names. Congress shall direct, shall in the presence of Congress be drawn by lot, and the persons whose names shall be so drawn or any five of them, shall be commissioners or judges, to hear and finally determine the controversy, so always as a major part of the judges who shall hear the cause shall agree in the determination: and if either party shall neglect to attend at the day appointed, without showing reasons, which Congress shall judge sufficient, or being present shall refuse to strike, the Congress shall proceed to nominate three persons out of each State, and the Secretary of Congress shall strike in behalf of such party absent or refusing; and the judgment and sentence of the court to be appointed, in the manner before prescribed, shall be final and conclusive; and if any of the parties shall refuse to submit to the authority of such court, or to appear or defend their claim or cause, the court shall nevertheless proceed to pronounce sentence, or judgment, which shall in like manner be final and decisive, the judgment or sentence and other proceedings being in either case transmitted to Congress, and lodged among the acts of Congress for the security of the parties concerned: provided that every commissioner, before he sits in judgment, shall take an oath to be administered by one of the judges of the supreme or superior court of the State where the cause shall be tried, “well and truly to hear and determine the matter in question, according to the best of his judgment, without favour, affection or hope of reward,” provided also that no State shall be deprived of territory for the benefit of the United States.

All controversies concerning the private right of soil claimed under different grants of two or more States, whose jurisdiction as they may respect such lands, and the States which passed such grants are adjusted, the said grants or either of them being at the same time claimed to have originated antecedent to such settlement of jurisdiction, shall on the petition of either party to the Congress of the United States, be finally determined as near as may be in the same manner as is before prescribed for deciding disputes respecting territorial jurisdiction between different States.

The United States in Congress assembled shall also have the sole and exclusive right and power of regulating the alloy and value of coin struck by their own authority, or by that of the respective States—fixing the standard of weights and measures throughout the
United States.—regulating the trade and manage­
ing all affairs with the Indians, not members of any of the States, provided that the legis­lative right of any State within its own limits be not infringed or violated—establishing and regulating post-offices from one State to an­other, throughout all the United States, and ex­acting such postage on the papers passing thro' the same as may be requisite to defray the expenses of the said office—appointing all officers of the land forces, in the service of the United States, excepting regimental officers— appointing all the officers of the naval forces, and commissioning all officers whatever in the service of the United States—making rules for the government and regulation of the said land and naval forces, and directing their oper­ations.

The United States in Congress assembled shall have authority to appoint a committee, to sit in the recess of Congress, to be denominated “a Committee of the States,” and to consist of one delegate from each State; and to appoint such other committees and civil officers as may be necessary for managing the general affairs of the United States under their direction—to appoint one of their number to preside, pro­vided that no person be allowed to serve in the office of president more than one year in any term of three years; to ascertain the neces­sary sums of money to be raised for the service of the United States, and to appropriate and apply the same for defraying the public expenses—to borrow money, or emit bills on the credit of the United States, transmitting every half year to the respective States an ac­count of the sums of money so borrowed or emitted,—to build and equip a navy—to agree upon the number of land forces, and to make requisitions from each State for its quota, in proportion to the number of white inhabitants in such State; which requisition shall be binding, and thereupon the Legislature of each State shall appoint the regimental officers to raise the men and cloath, arm and equip them in a soldier like manner, at the expense of the United States; and the officers and men so cloathed, armed and equipped shall march to the place appointed, and within the time agreed on by the United States in Congress assembled: but if the United States in Congress assembled is requisite, shall be admitted into, and entitled to all the advantages of this Union: but no other colony shall be admitted into the United States, for payment and satisfaction whereof the said United States, and the public faith are hereby solemnly pledged.

The United States in Congress assembled shall never engage in a war, nor grant letters of marque and reprisal in time of peace, nor enter into any treaties or alliances, nor coin money, nor regulate the value thereof, nor ascertain the sums and expenses necessary for the defence and welfare of the United States, or any of them, nor emit bills, nor borrow money on the credit of the United States, nor appropriate money, nor agree upon the num­ber of vessels of war, to be built or purchased, or the number of land or sea forces to be raised, nor appoint a commander in chief of the army or navy, unless nine States assent to the same; nor shall a question on any other point, except for adjournment from day to day be determined, unless by the votes of a major­ity of the United States in Congress assembled.

The Congress of the United States shall have power to adjourn to any time within the year, and to any place within the United States, so that no period of adjournment be for a longer duration than the space of six months, and shall publish the journal of their proceedings monthly, except such parts thereof relating to treaties, alliances or military operations, as in their judgment require secrecy; and the yeas and nays of the delegates of each State on any question shall be entered on the journal, when it is desired by any delegate; and the delegates of a State, or any of them, at his or their re­quest shall be furnished with a transcript of the said journal, except such parts as are above excepted, to lay before the Legislatures of the several States.

Article X. The committee of the States, or any nine of them, shall be authorized to execute, in the recess of Congress, such of the powers of Congress as the United States in Congress assembled, by the consent of nine States, shall from time to time think expedient to vest them with; provided that no power be delegated to the said committee, for the exer­cise of which, by the articles of confederation, the voice of nine States in the Congress of the United States assembled is requisite.

Article XI. Canada acceding to this confed­eration, and joining in the measures of the United States, shall be admitted into, and en­titled to all the advantages of this Union: but no other colony shall be admitted into the same, unless such admission be agreed to by nine States.

Article XII. All bills of credit emitted, monies borrowed and debts contracted by, or under the authority of Congress, before the assembling of the United States, in pursuance of the present confederation, shall be deemed and considered as a charge against the United States, for payment and satisfaction whereof the said United States, and the public faith are hereby solemnly pledged.

Article XIII. Every State shall abide by the determinations of the United States in Con­gress assembled, on all questions which by
this confederation are submitted to them. And the articles of this confederation shall be inviolably observed by every State, and the Union shall be perpetual; nor shall any alteration at any time hereafter be made in any of them; unless such alteration be agreed to in a Congress of the United States, and be afterwards confirmed by the Legislatures of every State.

And whereas it has pleased the Great Governor of the world to incline the hearts of the Legislatures we respectively represent in Congress, to approve of, and to authorize us to ratify the said articles of confederation and perpetual union. Know ye that we the undersigned delegates, by virtue of the power and authority to us given for that purpose, do by these presents, in the name and in behalf of our respective constituents, fully and entirely ratify and confirm each and every of the said articles of confederation and perpetual union, and all and singular the matters and things therein contained: and we do further solemnly plight and engage the faith of our respective constituents, that they shall abide by the determinations of the United States in Congress assembled, on all questions, which by the said confederation are submitted to them. And that the articles thereof shall be inviolably observed by the States we respectively represent, and that the Union shall be perpetual.

In witness whereof we have hereunto set our hands in Congress. Done at Philadelphia in the State of Pennsylvania the ninth day of July in the year of our Lord one thousand seven hundred and seventy-eight, and in the third year of the independence of America.

SECTION 1. All legislative Powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

The House of Representatives shall be composed of Members chosen every second Year by the People of the several States, and the Electors in each State shall have the Qualifications requisite for Electors of the most numerous Branch of the State Legislature.

No Person shall be a Representative who shall not have attained to the Age of twenty five Years, and been seven Years a Citizen of the United States, and who shall not, when elected, by an Inhabitant of that State in which he shall be chosen.

Representatives and direct Taxes shall be apportioned among the several States which may be included within this Union, according to their respective Numbers, which shall be determined by adding to the whole Number of free Persons, including those bound to Service for a Term of Years, and excluding Indians not taxed, three fifths of all other Persons. The actual Enumeration shall be made within three Years after the first Meeting of the Congress of the United States, and within every subsequent Term of ten Years, in such Manner as they shall by Law direct. The Number of Representatives shall not exceed one for every thirty Thousand, but each State shall have at Least one Representative; and the Seats of the Senators of the first Class shall be vacated at the Expiration of the sixth Year, so that one third may be chosen every second Year; and if Vacancies happen by Resignation, or otherwise, during the Recess of the Legislature of the Congress of the United States, and within every subsequent Term of ten Years, such Vacancies shall be filled by the Congress; but the Term of any Senator thus chosen shall be only for the Rema...
any State, the Executive thereof may make temporary Appointments until the next Meeting of the Legislature, which shall then fill such Vacancies.

No Person shall be a Senator who shall not have attained to the Age of thirty Years, and been nine Years a Citizen of the United States, and who shall not, when elected, be an Inhabitant of that State for which he shall be chosen.

The Vice President of the United States shall be President of the Senate, but shall have no Vote, unless they be equally divided.

The Senate shall chuse their other Officers, and also a President pro tempore, in the Absence of the Vice President, or when he shall exercise the Office of President of the United States.

The Senate shall have the sole Power to try all Impeachments. When sitting for that Purpose, they shall be on Oath or Affirmation. When the President of the United States is tried the Chief Justice shall preside: And no Person shall be convicted without the Concurrence of two thirds of the Members present.

Judgment in Cases of Impeachment shall not extend further than to removal from Office, and disqualification to hold and enjoy any Office of honor, Trust or Profit under the United States: but the Party convicted shall nevertheless be liable and subject to Indictment, Trial, Judgment and Punishment, according to Law.

SECTION.  4. The Times, Places and Manner of holding Elections for Senators and Representatives, shall be prescribed in each State by the Legislature thereof: but the Congress may at any time by Law make or alter such Regulations, except as to the Places of chusing Senators.

The Congress shall assemble at least once in every Year, and such Meeting shall be on the first Monday in December, unless they shall by Law appoint a different Day.

SECTION.  7. All Bills for raising Revenue shall originate in the House of Representatives; but the Senate may propose or concur with Amendments as on other Bills.

Every Bill which shall have passed the House of Representatives and the Senate, shall, before it become a Law, be presented to the President of the United States; if he approve he shall sign it, but if not he shall return it, with his Objections to that House in which it shall have originated, who shall enter the Objections at large on their Journal, and proceed to reconsider it. If after such Reconsideration two thirds of that House shall agree to pass the Bill, it shall be sent, together with the Objections, to the other House, by which it shall likewise be reconsidered, and if approved by two thirds of that House, it shall become a Law. But in all such Cases the Votes of both Houses shall be determined by yeas and Nays, and the Names of the Persons voting for and against the Bill shall be entered on the Journal of each House respectively. If any Bill shall not be returned by the President within ten Days (Sundays excepted) after it shall have been presented to him, the Same shall be a Law, in like Manner as if he had signed it, unless the Congress by their Adjournment prevent its Return, in which Case it shall not be a Law.

Every Order, Resolution, or Vote to which the Concurrence of the Senate and House of Representatives may be necessary (except on a question of Adjournment) shall be presented to the President of the United States; and before the Same shall take Effect, shall be approved by him, or being disapproved by him, shall be repassed by two thirds of the Senate and House of Representatives, according to the Rules and Limitations prescribed in the Case of a Bill.

The Electors shall meet in their respective States, and vote by Ballot for two Persons, of whom one at least shall not be an Inhabitant of the same State with themselves. And they shall make a List of all the Persons voted for, and of the Number of Votes for each; which List they shall sign and certify, and transmit sealed to the Seat of the Government of the United States, directed to the President of the Senate. The President of the Senate shall, in the Presence of the Senate and House of Representatives, open all the Certificates, and the Votes shall then be counted. The Person having the greatest Number of Votes shall be the President, if such Number be a Majority of the whole Number of Electors appointed; and if there be more than one who have such Majority, and have an equal Number of Votes, then the House of Representatives shall immediately chuse by Ballot one of them for President; and if no Person have a Majority, then from the five highest on the List the said House shall in like Manner chuse the President. The President shall have Power to fill up all Vacancies that may happen during the Recess of the Senate, by granting Commissions which shall expire at the End of their next Session.

SECTION 3. He shall from time to time give to the Congress Information of the State of the Union, and recommend to their Consideration such Measures as he shall judge necessary and expedient; he may, on extraordinary Occasions, convene both Houses, or either of them, and in Case of Disagreement between them, with Respect to the Time of Adjournment, he may adjourn them to such Time as he shall think proper; he shall receive Ambassadors and other public Ministers; he shall take Care that the Laws be faithfully executed, and shall Commission all the Officers of the United States.

SECTION 4. The President, Vice President and all civil Officers of the United States, shall be removed from Office on Impeachment for, and Conviction of, Treason, Bribery, or other high Crimes and Misdemeanors.
ARTICLE III.

SECTION 1. The judicial Power of the United States, shall be vested in one supreme Court, and in such inferior Courts as the Congress may from time to time ordain and establish. The first ten amendments were proposed by Congress to the Legislatures of the several States on September 25, 1789, and were ratified by all of the States, except Connecticut, Georgia and Massachusetts, before the end of the year 1791, thereby becoming a part of the organic law, pursuant to the fifth article of the original Constitution.

AMENDMENT 11.

The Judicial power of the United States shall not be construed to extend to any suit in law or equity, commenced or prosecuted against one of the United States by Citizens of another State, or by Citizens or Subjects of any Foreign State.

WHEREAS, the people of the Territory of Iowa did, on the seventh day of October, eighteen hundred and forty-four, by a convention of delegates called and assembled for that purpose, form for themselves a constitution and State government; and whereas, the people of the Territory of Florida did, in like manner, by their delegates, on the eleventh day of January, eighteen hundred and thirty-nine, form for themselves a constitution and State government, both of which said constitutions are republican; and said conventions having asked the admission of their respective Territories into the Union as States, on equal footing with the original States;

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the States of Iowa and Florida be, and the same are hereby, declared to be States of the United States of America, and are hereby admitted into the Union on equal footing with the original States, in all respects whatsoever.

SEC. 2. And be it further enacted, That the following shall be the boundaries of the said State of Iowa, to wit: Beginning at the mouth of the Des Moines river, at the middle of the Mississippi, thence by the middle of the channel of that river to a parallel of latitude passing through the mouth of the Mankato or Blue-Earth river, thence west along the said parallel of latitude to a point where it is intersected by a meridian line, seventeen degrees and thirty minutes west of the meridian of Washington city, thence due south to the northern boundary line of the State of Missouri, thence easterly following that boundary to the point at which the same intersects the Des Moines river, thence by the middle of the channel of that river to the place of beginning.

SEC. 3. And be it further enacted, That the said State of Iowa shall have concurrent jurisdiction on the river Mississippi, and every other river bordering on the said State of Iowa, so far as the said rivers shall form a common boundary to said State, and any other State or States now or hereafter to be formed or bounded by the same: Such rivers to be common to both: And that the said river Mississippi, and the navigable waters leading into the same, shall be common highways, and forever free as well to the inhabitants of said State, as to all other citizens of the United States, without any tax, duty, impost, or toll therefor, imposed by the said State of Iowa.

SEC. 4. And be it further enacted, That it is made and declared to be a fundamental condition of the admission of said State of Iowa into the Union, that so much of this act as relates to the said State of Iowa shall be assented to by a majority of the qualified electors at their township elections, in the manner and at the time prescribed in the sixth section of the thirteenth article of the constitution adopted at Iowa city the first day of November, anno Domini eighteen hundred and forty-four, or by the legislature of said State. And as soon as such assent shall be given, the President of the United States shall announce the same by proclamation; and therefrom and without further proceedings on the part of Congress, the admission of the said State of Iowa into the Union, on an equal footing in all respects whatever with the original States, shall be considered as complete.

SEC. 5. And be it further enacted, That said State of Florida shall embrace the territories of East and West Florida, which by the treaty of amity, settlement and limits between the United States and Spain, on the twenty-second day of February, eighteen hundred and nineteen, were ceded to the United States.

SEC. 6. And be it further enacted, That until the next census and apportionment shall be made, each of said States of Iowa and Florida shall be entitled to one representative in the House of Representatives of the United States.

SEC. 7. And be it further enacted, That said States of Iowa and Florida are admitted into the Union on the express condition that they shall never interfere with the primary disposal of the public lands lying within them, nor levy any tax on the same whilst remaining the property of the United States: Provided, That the ordinance of the convention that formed the constitution of Iowa, and which is appended to the said constitution, shall not be deemed or taken to have any effect or validity, or to be recognized as in any manner obligatory upon the Government of the United States.
AN ACT SUPPLEMENTAL TO THE ACT FOR THE ADMISSION OF THE STATES OF IOWA AND FLORIDA INTO THE UNION.

[Approved March 3, 1845.]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the laws of the United States, which are not locally applicable, shall have the same force and effect within the State of Iowa as elsewhere within the United States.

Sec. 2. And be it further enacted, That the said State shall be one district, and be called the district of Iowa; and a district court shall be held therein, to consist of one judge, who shall reside in the said district, and be called a district judge. He shall hold, at the seat of government of the said State, two sessions of the said district court annually, on the first Monday in January, and he shall, in all things, have and exercise the same jurisdiction and powers which were by law given to the judge of the Kentucky district, under an act entitled “An act to establish the judicial courts of the United States.” He shall appoint a clerk for the said district, who shall reside and keep the records of the said court at the place of holding the same; and shall receive, for the services performed by him, the same fees to which the clerk of the Kentucky district is by law entitled for similar services.

Sec. 3. And be it further enacted, That there shall be allowed to the judge of the said district court the annual compensation of fifteen hundred dollars, to commence from the date of his appointment, to be paid quarterly at the treasury of the United States.

Sec. 4. And be it further enacted, That there shall be appointed in the said district, a person learned in the law, to act as attorney for the United States; who shall, in addition to his stated fees, be paid annually by the United States two hundred dollars, as a full compensation for all extra services; the said payments to be made quarterly, at the treasury of the United States.

Sec. 5. And be it further enacted, That a marshal shall be appointed for the said district, who shall perform the same duties, be subject to the same regulations and penalties, and be entitled to the same fees, as are prescribed and allowed to marshals in other districts; and shall, moreover, be entitled to the sum of two hundred dollars annually, as a compensation for all extra services.

Second. Third. SEC. 4. [9 Stat. L. 52]

AN ACT FOR THE ADMISSION OF THE STATE OF IOWA INTO THE UNION
[Approved December 28, 1846.]

WHEREAS, the people of the Territory of Iowa did, on the eighteenth day of May, anno Domini eighteen hundred and forty-six, by a convention of delegates called and assembled for that purpose, form for themselves a constitution and State government—which constitution is republican in its character and features—and said convention has asked admission of the said Territory into the Union as a State, on an equal footing with the original States, in obedience to “An Act for the Admission of the States of Iowa and Florida into the Union,” approved March third, eighteen hundred forty-five [5 Stat. L. 742, 743.], and “An Act to define the Boundaries of the State of Iowa, and to repeal so much of the Act of the third of March, one thousand eight hundred and forty-five as relates to the Boundaries of Iowa,” which said last act was approved August fourth, anno Domini eighteen hundred and forty-six [9 Stat. L. 52.]; Therefore—

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the State of Iowa shall be one, and is hereby declared to be one, of the United States of America, and admitted into the Union on an equal footing with the original States in all respects whatsoever.

SEC. 2. And be it further enacted, That all the provisions of “An Act supplemental to the Act for the Admission of the States of Iowa and Florida into the Union,” approved March third, eighteen hundred and forty-five [5 Stat. L. 788-790.], be, and the same are hereby declared to continue and remain in full force as applicable to the State of Iowa, as hereby admitted and received into the Union.

Approved, December 28, 1846. [9 Stat. L. 171.]
SECTION 1. Be it enacted and ordained by the General Assembly of the State of Iowa, That the propositions to the State of Iowa on her admission into the Union, made by the act of Congress, entitled "An act supplemental to the act for the admission of the States of Iowa and Florida Into the Union," approved March 3, 1845, and which are contained in the sixth section of that act, are hereby accepted in lieu of the propositions submitted to Congress by an ordinance, passed on the first day of November, eighteen hundred and forty-four, by the convention of delegates which assembled at Iowa City on the first Monday of October, eighteen hundred and forty-four, for the purpose of forming a Constitution for said State, and which were rejected by Congress: Provided, The General Assembly shall have the right, in accordance with the provisions of the second section of the tenth article of the Constitution of Iowa, to appropriate the five per cent. of the net proceeds of sales of all public lands lying within the State, which have been or shall be sold by Congress from and after the admission of said State, after deducting all expenses incident to the same, to the support of common schools.

SECTION 2. And be it further enacted and ordained, as conditions of the grants specified in the propositions first mentioned in the foregoing section, irrevocable and unalterable without the consent of the United States, that the State of Iowa will never interfere with the primary disposal of the soil within the same by the United States, nor with any regulations Congress may find necessary for securing the title in such soil to the bona fide purchasers thereof; and that no tax shall be imposed on lands, the property of the United States; and that in no case shall non-resident proprietors be taxed higher than residents; and that the bounty lands granted, or hereafter to be granted, for military services during the late war with Great Britain, shall, while they continue to be held by the patentees or their heirs, remain exempt from any tax laid by order or under the authority of the State, whether for State, County, Township, or other purposes, for the term of three years from and after the dates of the patents respectively.

SECTION 3. It is hereby made the duty of the Secretary of State, after the taking effect of this act, to forward one copy of the same to each of our Senators and Representatives in Congress, who are hereby required to procure the consent of Congress to the diversion of the five per cent. fund indicated in the proviso to the first section of this act.

SECTION 4. This act shall take effect from and after its publication in the weekly newspapers printed in Iowa City.
Iowa was organized as a Territory by Act of June 12, 1838, effective July 3, from a portion of Wisconsin Territory. The limits were defined as follows in the Act creating it:

all that part of the present Territory of Wisconsin which lies west of the Mississippi river, and west of a line drawn due north from the headwaters or sources of the Mississippi to the Territorial line.

The approximate position of the outlet of Lake Itasca, which is generally accepted as the source of the Mississippi, is latitude 47° 15' 15", longitude 95° 12' 14". The river runs north-westward for about 6 miles before it turns east. The north-south boundary line across the western part of the Lake of the Woods is in longitude 95° 09' 11.6" (p. 14).

The following clause from an Act passed in 1839 is supplementary to the Act above quoted:

That the middle or center of the main channel of the Mississippi shall be deemed, and is hereby declared, to be the eastern boundary line of the Territory of Iowa, so far or to such extent as the said Territory is bounded eastwardly by or upon said river.

On March 3, 1845, an Act was approved for the admission of Iowa to the Union as a State, but the Act required that the assent of the people of Iowa be given to it by popular vote. In this Act the boundaries were given as follows:

That the following shall be the boundaries of said State of Iowa, to wit: Beginning at the mouth of the Des Moines River, at the middle of the Mississippi, thence by the middle of the channel of that river to a parallel of latitude passing through the mouth of the Mankato or Blue-Earth river [latitude 44° 10'], thence west along the said parallel of latitude to a point where it is intersected by a meridian line, seventeen degrees and thirty minutes west of the meridian of Washington city, thence south to the northern boundary line of the State of Missouri, thence eastwardly following that boundary to the point at which the same intersects the Des Moines river, thence by the middle of the channel of that river to the place of beginning.

These boundaries were not acceptable to the people and by a popular vote were rejected.

Another constitutional convention was held in May, 1846, and Congress passed an Act, approved August 4, 1846, fixing the boundaries in accordance with the wishes of the people and described as follows:

Beginning at the middle of the main channel of the Mississippi River at a point due east of the middle of the mouth of the main channel of the Des Moines River; thence up the middle of the main channel of the said Des Moines River to a point on said river where the northern boundary line of the State of Missouri, as established by the constitution of that State, adopted June twelfth, eighteen hundred and twenty, crosses the said middle of the main channel of the said Des Moines River; thence westwardly along the said northern boundary line of the State of Missouri, as established at the time aforesaid, until an extension of said line intersect the middle of the main channel of the Missouri River, thence up the middle of the main channel of the said Missouri River, to a point opposite the middle of the main channel of the Big Sioux River, according to Nicollet's map; thence up the main channel of the said Big Sioux River, according to said map, until it is intersected by the parallel of forty-three degrees and thirty minutes north latitude; thence east along said parallel of forty-three degrees and thirty minutes, until said parallel intersect the middle of the main channel of the Mississippi River; thence down the middle of the main channel of said Mississippi River to the place of beginning.

Iowa was finally declared admitted to full statehood by Act of December 28, 1846.

The admission of Iowa appears to have left a large area to the north and west unattached, which so remained until Minnesota Territory was organized in 1849.

The Act of August 4, 1846, directed that a long-standing dispute between Missouri and Iowa Territory regarding their common boundary* be referred to the United States Supreme Court for adjudication. The area claimed by both was a strip of land about 10 miles wide and 200 miles long, north of the present boundary. Missouri maintained that the clause in that state's enabling Act, "the rapids of the river Des Moines," referred to rapids in the river of that name and not to rapids of a similar name in the Mississippi, also that the Indian boundary line so run and marked in 1816 by authority of the United States, known as the Sullivan line,** was erroneously established. A line claimed by Missouri was run by J. C. Brown in 1837 by order of the State legislature.

The United States Supreme Court decided in 1849 that the Sullivan line of 1816 is the correct boundary and ordered that it be resurveyed. The report of the commissioners ap-

*The northern boundary of Missouri had been established as "100 miles north of the junction of the Missouri and Kaw (Kansas) rivers and thence east * * *." (See 7 Howard 680 and 18 Howard 1.)

**Sullivan had disregarded the changing declination of his compass as he proceeded east; hence the southern boundary of Iowa is a curve. The following is a quotation from the commissioner's report as recorded in 10 Howard (U.S.) 15:

"We soon satisfied ourselves that the line run by Sullivan was not only not a due east line, but that it was not straight. That more or less northing should have been made in the old line was to have been expected from the fact that Sullivan ran the whole line with one variation of the needle, and that variation too great. This would account for the fact that the northing increases as he progressed east."

pointed by the court to re-mark the line was accepted in 1851.

So many of the marks on this line as established in 1850 had become lost or destroyed that the United States Supreme Court in 1896 ordered that certain parts be re-established, especially those between mileposts 50 and 55. Accordingly 20 miles of line was resurveyed by officers of the United States Coast and Geodetic Survey in 1896, and durable monuments of granite or iron were established thereon. The geographic position of milepost No. 40 was determined as latitude 40° 34.4', longitude 95° 51', and that of No. 60 as latitude 40° 34.6', longitude 93° 28'.

The survey of the north boundary of Iowa on the parallel of 43° 30', authorized by congressional Act of March 3, 1849, was completed in 1852. The position for each end of the line and for several intermediate points was determined astronomically.

This is the first State thus far noted having a boundary referred to the Washington meridian. Congress by Act approved September 28, 1850, ordered:

That hereafter the meridian of the observatory at Washington shall be adopted and used as the American meridian for all astronomic purposes and * * * Greenwich for nautical purposes.

Similar provision. §65

4.2 Common law rule of construction. The rule of the common law, that statutes in derogation thereof are to be strictly construed, has no application to this Code. Its provisions and all proceedings under it shall be liberally construed with a view to promote its objects and assist the parties in obtaining justice.

[Sections 2603; R60,§2622; C73,§2528; C97,§449; C24, 27, 31, 35, 39, 63; C16, 50, 51, 58, 62, 66, 71,§41: 64GA, ch 77, §§12–14, ch 1013, §1]

4.3 References to other statutes. Any statute which adopts by reference the whole or a portion of another statute of this state shall be construed to include subsequent amendments of the statute or the portion thereof so adopted by reference unless a contrary intent is expressed.

[Sections 62, 66, 71,§43]

4.4 Presumption of enactment. In enacting a statute, it is presumed that:

1. Compliance with the Constitutions of the state and of the United States is intended.

2. The entire statute is intended to be effective.

3. A just and reasonable result is intended.

4. A result feasible of execution is intended.

5. Public interest is favored over any private interest. [64GA, ch 77, §2]
4.5 Prospective statutes. A statute is presumed to be prospective in its operation unless expressly made retrospective. [64GA, ch 77, §3]

4.8 Irreconcilable statutes. If statutes enacted at the same or different sessions of the legislature are irreconcilable, the statute latest in date of enactment by the general assembly prevails. 4.10 Re-enactment of statutes—continuation. A statute which is re-enacted, revised or amended is intended to be a continuation of the prior statute and not a new enactment, so far as it is the same as the prior statute. [64GA, ch 77, §8]

4.11 Conflicting amendments to same statutes—interpretation. If amendments to the same statute are enacted at the same or different sessions of the general assembly, one amendment without reference to another, the amendments are to be harmonized, if possible, so that effect may be given to each. If the amendments are irreconcilable, the latest in date of enactment by the general assembly prevails. [61GA, ch 77, §9]

4.12 Acts or statutes are severable. If any provision of an Act or statute or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Act or statute which can be given effect without the invalid provision or application, and to this end the provisions of the Act or statute are severable. [61GA, ch 77, §10]

4.13 General savings provision. The reenactment, revision, amendment, or repeal of a statute does not affect:
1. The prior operation of the statute or any prior action taken thereunder;
2. Any validation, cure, right, privilege, obligation, or liability previously acquired, accrued, accorded, or incurred thereunder;
3. Any violation thereof or penalty, forfeiture, or punishment incurred in respect thereof, prior to the amendment or repeal;
4. Any investigation, proceeding, or remedy in respect of any privilege, obligation, liability, penalty, forfeiture, or punishment; and the investigation, proceeding, or remedy may be instituted, continued, or enforced, and the penalty, forfeiture, or punishment imposed, as if the statute had not been repealed or amended.

If the penalty, forfeiture, or punishment for any offense is reduced by a re-enactment, revision, or amendment of a statute, the penalty, forfeiture, or punishment if not already imposed shall be imposed according to the statute as amended. [64GA, ch 77, §11]

THE BUDGET
See §8.6(17)

8.21 Budget transmitted. Not later than February 1 of the year of each biennial legislative session, the governor shall transmit to the legislature a document to be known as a budget, setting forth his financial program for each of the fiscal years of the ensuing biennium and having the character and scope hereinafter set forth. [SS15,§191-b; C21, 27, 31,§334; C35,§84-e14; C39,§84.14; C46, 50, 54, 58, 62, 66, 71,§8.21]

Referred to in $8.27

8.22 Nature and contents. The budget shall consist of three parts, the nature and contents of which shall be as follows:

PART I
Referred to in Part III
Governor's budget message. Part I shall consist of the governor's budget message, in which he shall set forth:

1. His program for meeting all the expenditure needs of the government for each of the years of the biennium to which the budget relates, indicating the classes of funds, general or special, from which such appropriations are to be made and the means through which such expenditures shall be financed.

2. Financial statements giving in summary form:
   a. The condition of the treasury at the end of the last completed fiscal year, the estimated condition of the treasury at the end of the year in progress, and the estimated condition of the treasury at the end of each of the two years to which the budget relates if his budget proposals are put into effect.
   b. Statements showing the bonded indebtedness of the government, debt authorized and unissued, debt redemption and interest requirements and condition of the sinking funds, if any.
   c. A summary of appropriations recommended for each of the two years of the biennium to which the budget relates for each department and establishment and for the government as a whole, in comparison with the actual expenditures for the last completed fiscal year and the estimated expenditures for the year in progress.
   d. A summary of the revenue, estimated to be received by the government during each of the two years of the biennium to which the budget relates, classified according to sources, in comparison with the actual revenue received by the government during the last completed fiscal year and estimated income during the year in progress.
   e. Such other financial statements, data and comments as in his opinion are necessary or desirable in order to make known in all practicable detail the financial condition and operation of the government and the last and the effect that the budget as proposed by him will have on such condition and operations.

If the estimated revenues of the government for the ensuing biennium as set forth in the budget on the basis of existing laws, plus the estimated amounts in the treasury at the close of the year in progress, available for expenditure in the ensuing biennial period is less than the aggregate recommended for the ensuing biennial period as contained in the budget, the governor shall make recommendations to the legislature in respect to the manner in which such deficit shall be met, whether by an increase in the state tax or the imposition of new taxes, increased rates on existing taxes, or otherwise, and if the aggregate of such estimated revenues, plus estimated balances in the treasury is greater than such recommended appropriations for the ensuing biennial period, he shall make such recommendations in reference to the application of such surplus to the reduction of debt or otherwise, to the reduction in taxation, or to such other action as in his opinion is in the interest of the public welfare.

PART II
Referred to in Part III
Recommended appropriations. Part II shall present in detail for each of the two years of the ensuing biennium his recommendations for appropriations to meet the expenditure needs of the government from each general class of funds, in comparison with actual expenditures for each of said purposes during the last completed fiscal year and estimated expenditures for the year in progress, classified by departments and establishments and indicating for each the appropriations recommended for:

1. Meeting the cost of administration, operation, and maintenance of such departments and establishments.

2. Appropriations for meeting the cost of land, public improvements, and other capital outlays in connection with such departments and establishments.

Each item of expenditure, actual or estimated, and appropriations recommended for administration, operation and maintenance of each department or establishment shall be supported by detailed statements showing the actual and estimated expenditures and appropriations classified by objects according to a standard scheme of classification to be prescribed by the state comptroller, hereinafore provided for.
PART III

Appropriation bills. Part III shall embrace a draft or drafts of appropriation bills having for their purpose to give legal sanction to the appropriations recommended to be made in Parts I and II. Such appropriation bills shall indicate the funds, general or special, from which such appropriations shall be paid, but such appropriations need not be in greater detail than to indicate the total appropriation to be made for:

1. Administration, operation, and maintenance of each department and establishment for each fiscal year of the biennium.

2. The cost of land, public improvements, and other capital outlays for each department and establishment, itemized by specific projects or classes of projects of the same general character. [SS15,§191-b; C24, 27, 31,§§332, 333, 335; C35,§84-e; C39,§84.15; C46, 50, 54, 58, 62, 66, 71,§8.22]

Immediately upon the receipt by him of the tentative budget provided for by section 8.25 the governor shall make provision for public hearings thereon, at which he may require the attendance of the heads and other officers of all departments, establishments and other persons receiving or requesting the grant of state funds and the giving by them of such explanations and suggestions as they may be called upon to give or as they may desire to offer in respect to items of requested appropriations in which they are interested. The governor shall also extend invitations to the governor-elect and the state comptroller to be present at such hearings and to participate in the hearings through the asking of questions or the expression of opinion in regard to the items of the tentative budget. [C24, 27, 31,§331; C35,§84-e; C39, §84.19; C46, 50, 54, 58, 62, 66, 71,§8.26]

The governor shall transmit to the legislature supplemental estimates for such appropriations as in his judgment may be necessary on account of laws enacted after transmission of the budget, or as he deems otherwise in the public interest. He shall accompany such estimates with a statement of the reasons therefor, including the reasons for their omission from the budget. Whenever such supplemental estimates amount to an aggregate which, if they had been contained in the budget, would have required the governor to make a recommendation for the raising of additional revenue, he shall make such recommendation. [C35,§84-e; C39,§84.21; C46, 50, 54, 58, 62, 66, 71,§8.28]

EXECUTION OF THE BUDGET

8.30 Availability of appropriations. The appropriations made shall not be available for expenditure until allotted as provided for in section 8.31. All appropriations now or hereafter made are hereby declared to be maximum and proportionate appropriations, the purpose being to make the appropriations payable in full in the amounts named in the event that the estimated budget resources during each fiscal year of the biennium for which such appropriations are made, are sufficient to pay all of the appropriations in full. The governor shall restrict allotments only to prevent an overdraft or deficit in any fiscal year for which appropriations are made. [C35,§84-e2; C39, §84.23; C46, 50, 54, 58, 62, 66, 71,§8.30]

8.31 Quarterly requisitions — exceptions — modifications. Before an appropriation for administration, operation and maintenance of any department or establishment shall become available, there shall be submitted to the governor, not less than twenty days before the beginning of each quarter of each fiscal year, a requisition for an allotment of the amount estimated to be necessary to carry on its work during the ensuing quarter. Such requisition shall contain such details of proposed expenditures as may be required by the governor.

The governor shall approve such allotments, unless he finds that the estimated budget resources during the fiscal year are insufficient to pay all appropriations in full, in which event he may modify such allotments to the extent he may deem necessary in order that there shall be no overdraft or deficit in the several funds of the state at the end of such fiscal year, and shall submit copies of the allotments thus approved or modified to the head of the department or establishment concerned, and to the state comptroller, hereinabove provided for, who shall set up such allotments on his books and be governed accordingly in his control of expenditures.

Allotments of appropriations made for equipment, land, permanent improvements, and other capital projects may, however, be allotted in one amount by major classes or projects for which they are expendable without regard to quarterly periods.

Allotments thus made may be subsequently modified by the governor either upon the written request of the head of the department or establishment concerned, or in the event the governor finds that the estimated budget resources during the fiscal year are insufficient to pay all appropriations in full, upon his own initiative to the extent he may deem necessary in order that there shall be no overdraft or deficit in the several funds of the state at the end of such fiscal year; and the head of the department or establishment and the state comptroller, hereinabove provided for, shall be given notice of such modification in the same way as in the case of original allotments.

Provided, however, that the allotment requests of all departments and establishments collecting governmental fees and other revenue which supplement a state appropriation shall attach to the summary of requests a statement showing how much of the proposed allotments are to be financed from (1) state appropriations, (2) stores, and (3) repayment receipts.

The procedure to be employed in controlling the expenditures and receipts of the state fair board and the institutions under the state board of regents, whose collections are not deposited in the state treasury, will be that outlined in section 8.6, subsection 7. The finding by the governor that the estimated budget resources during the fiscal year are insufficient to pay all appropriations in full, as provided herein, shall be subject to the concurrence in such finding by the executive council before reductions in allotment shall be made, and in the event any reductions in allotment be made, such reductions shall be uniform and prorated between all departments, agencies and establishments upon the basis of their respective appropriations. [C35,§84-e2; C39, §84.24; C46, 50, 54, 58, 62, 66, 71,§8.31]

See 1958 Opinion of Atty. Gen. page 58

8.32 Conditional availability of appropriations. All appropriations made to any department or establishment of the government as receive or collect moneys available for expenditures by them under provisions declared to be in addition to such repayment receipts, and such appropriations are to be available as and to the extent that such receipts are insufficient to meet the costs of administration, operation, and maintenance, or public improvements of such departments:

Provided, that such receipts or collections shall be deposited in the state treasury as part of the general fund or special funds in all cases, except those collections made by the state fair board, the institutions under the state board of regents and the state conservation commission.

Provided further, that no repayment receipts shall be available for expenditures until allotted as provided in section 8.31; and

Provided further, that the collection of repayment receipts by the state fair board and the institutions under the state board of regents shall be deposited in a bank or banks duly designated and qualified as state depositories, in the name of the state of Iowa, for the use of such boards and institutions, and such
§ 8.32, EXECUTION OF THE BUDGET

funds shall be available only on the check of such boards or institutions depositing them, which are hereby authorized to withdraw such funds, but only after allotment by the governor as provided in section 8.31; and

Provided further, that this chapter shall not apply to endowment or private trust funds or to gifts to institutions owned or controlled by the state or to the income from such endowment or private trust funds, or to private funds belonging to students or inmates of state institutions.

The provisions of this chapter shall not be construed to prohibit the state fair board from creating an emergency or sinking fund out of the receipts of the state fair and state appropriation for the purpose of taking care of any emergency that might arise beyond the control of the board of not to exceed three hundred thousand dollars, provided, however, that any expenditure from said fund shall be subject to the approval of the executive council. Neither shall the provisions of this chapter be construed to prohibit the state fair board from retaining an additional sum of not to exceed three hundred fifty thousand dollars to be used in carrying out the provisions of chapter 173.

[C35, §84-e26; C39, §84.26; C46, 50, 54, 58, 62, 66, 71, §8.32]

8.33 Limit of expenditures—reversion. No obligation of any kind whatsoever shall be incurred or created subsequent to the last day of the biennial fiscal term for which an appropriation for administration, operation, support, and maintenance is made against any said appropriation. Except when specific provision otherwise is made in the Act making the appropriation. On the last day of the biennial fiscal term it shall be the duty of the head of each department, board, or commission, or officer receiving appropriations for administration, operation, support, and maintenance under any Act, to file with the state comptroller a list of all obligations incurred, and for which warrants have not been drawn, up to and including that date. On September 30, following the close of each biennial fiscal term all unencumbered or unobligated balances of appropriations made for said biennial fiscal term shall revert to the state treasury and to the credit of the fund from which the appropriation or appropriations were made, except that capital expenditures for the purchase of land or the erection of the buildings or new construction shall continue in force until the attainment of the object or the completion of the work for which such appropriations are made. 3. Foster the interest of institutions of learning and of industrial, civic, professional, and employee organizations in the improvement of personnel standards in the state merit system.

**19A.8 Director’s duties.** The director, as executive head of the department, shall direct and supervise all of the administrative and technical activities of the department. In addition to the duties imposed by the director elsewhere in this chapter, it shall be his duty:

1. To apply and carry out the provisions of this chapter.

2. To attend meetings of the commission and to act as its secretary and keep minutes of its proceedings.

3. To establish and maintain a roster of all employees in the state merit system in which there shall be set forth, as to each employee, the class title, pay or status, and other pertinent data.

4. To appoint such employees of the department and such experts and special assistants as may be necessary to carry out effectively the provisions of this chapter. Staff employees shall be appointed in accordance with the provisions of this chapter.

5. To foster and develop, in cooperation with appointing authorities and others, programs for the improvement of employee effectiveness, including training, safety, health, counseling, and welfare.

6. To encourage and exercise leadership in the development of effective personnel administration within the several departments in the state merit system, and to make available the facilities of the department of merit employment to this end.

7. To investigate the operation and effect of this law and of the rules made thereunder and to report semiannually his findings and recommendations to the commission.
8. To make an annual report to the commission regarding the work of the department and such special reports as he may consider desirable.

9. To perform any other lawful acts which he may consider necessary or desirable to carry out the purposes and provisions of this chapter.

The director shall designate, with the approval of the commission, an employee of the department to act for him in his absence or inability from any cause to discharge the powers and duties of this office.

The director shall utilize appropriate persons, including officers and employees in the state merit system to assist in the preparation and rating of tests. The director shall confer with agency personnel to assist in preparing examinations for professional and technical classes. An appointing authority may excuse any employee in his division from his regular duties for the time required for his work as an examiner. Such officers and employees shall not be entitled to extra pay for their services as examiners but shall be paid their necessary traveling and other expenses.

The director shall quarterly render a statement to those covered departments which operate in whole or in part from other than general fund appropriations for a pro rata share of the cost of administration of the merit employment department. Such expense shall be paid by the state departments or agencies in the same manner as other expenses of such department are paid and shall constitute a "repayment receipt" to the merit employment department. [C71.§19A.8]

19A.9 Rules adopted. The merit employment commission shall adopt and may amend rules for the administration and implementation of this chapter in accordance with chapter 17A. The director shall prepare and submit proposed rules to the commission. The rules shall provide:

1. For the preparation, maintenance, and revision of a position classification plan from a schedule by separate department for each position and type of employment not otherwise provided for by law for all employees in the merit system, after consultation with appointing authorities and after a public hearing held by the commission. Such pay plan shall become effective only after it has been approved by the executive council after submission from the commission. Review of the pay plan for revisions shall be made in the same manner at the discretion of the director, but not less than annually. Each employee shall be paid at one of the rates set forth in the pay plan for the class of position in which employed and, unless otherwise designated by the commission, shall begin employment at the first step of the established range for his class. Unless otherwise established by law, the governor, with the approval of the executive council, shall establish a pay plan for all exempt positions in the executive branch of government except for employees of the governor, board of regents, the state educational radio and television facility board, the superintendent of public instruction and members of the professional staff of the department of public instruction, appointed under the provisions of section 257.24, who possess a current, valid teacher's certificate or who are assigned to vocational activities or programs, the commission for the blind, members of the Iowa highway safety patrol and other peace officers, as defined in section 97A.1, employed by the department of public safety, and officers and enlisted men of the armed services under state jurisdiction.

Referred to in §313.4

3. For open competitive examinations to test the relative fitness of new applicants for the respective positions. Such examinations shall be practical in character and shall relate to such matters as will fairly test the ability of the applicant to discharge the duties of the position to which appointment is sought.
Where the Code of Iowa establishes certification, registration and licensing provisions, such documents shall be considered prima-facie evidence of basic skills accomplishment, and such persons shall be exempt from further basic skills testing.

Examinations need not be held until after the rules have been adopted, the service classified, and a pay plan established, but shall be held no later than one year after September 1, 1967. Such examinations shall be announced publicly at least fifteen days in advance of the date fixed for the filing of applications therefor, and shall be advertised through the communications media. The director may, however, in his discretion, continue to receive applications and examine candidates for a period adequate to assure a sufficient number of eligibles to meet the needs of the system, and may add the names of successful candidates to existing eligible lists in accordance with their respective ratings.

4. For promotions which shall give appropriate consideration to the applicant’s qualifications, record of performance, and conduct. Vacancies shall be filled by promotion whenever practicable and in the best interest of the system and shall be by competitive or non-competitive examination. Such examinations shall be of the same nature and content as those used in establishing competitive registers for the class. A promotion means a change in the status of an employee, from a position in one class to a position in another class having a higher entrance salary.

5. For the establishment of eligible lists for appointment and promotion, upon which lists shall be placed the names of successful candidates in the order of their relative excellence in the respective examinations. Eligibility for appointment from any such list shall continue for at least one year and not longer than three years.

6. For the rejection of candidates or eligibles who fail to comply with reasonable requirements such as physical condition, training and experience, or who are habitual criminals or alcoholics who have not been rehabilitated from the use of alcohol for a period of six months, or addicted to narcotics, or who have attempted any deception or fraud in connection with an examination.

7. For the appointment by the appointing authority of a person standing among the highest three on the appropriate eligible list to fill a vacancy.

8. For a probation period of one year, excluding educational or training leave, before appointment may be made complete, and during which period a probationer may be discharged or reduced in class or rank, or replaced on the eligible list. The appointing authority shall within ten days prior to the expiration of an employee’s probation period notify the director in writing whether the services of the employee have been satisfactory or unsatisfactory. If the employee’s services are unsatisfactory, he shall be dropped from the payroll on or before the expiration of his probation period. If satisfactory, the appointment shall be deemed permanent. The determination of the appointing authority shall be final and conclusive.

9. For emergency employment for not more than sixty calendar days in any twelve-month period without examination, and for intermittent employment for not more than one hundred eighty calendar days in any twelve-month period. For intermittent employment the employee must have had a probationary, permanent, or temporary appointment.

10. For provisional employment without competitive examination when there is no appropriate eligible list available. No such provisional employment shall continue longer than one hundred eighty calendar days nor shall successive provisional appointments be allowed, except during the first two years after September 1, 1967 in order to avoid stoppage of orderly conduct of the business of the state.

11. For transfer from a position in one department to a similar position in another department involving similar qualifications, duties, responsibilities, and salary ranges. Whenever an employee transfers or is transferred from one state department or agency to another state department or agency, his seniority rights, any accumulated sick leave, and accumulated vacation time, as provided in the law, shall be transferred to the new place of employment and credited to him.

12. For reinstatement of persons who have attained permanent status and who resign in good standing or who are laid off from their positions without fault or delinquency on their part, within a period equal to the period of their continuous employment with the state but for a period not longer than two years.

13. For establishing in co-operation with the appointing authorities a system of service records of all employees in the classified service, which service records shall be considered in determining salary increases provided in the pay plan; as a factor in promotion tests; as a factor in determining the order of layoffs because of lack of funds or work and in reinstatement; as a factor in demotions, discharges or transfers; and for the regular evaluation, at least annually, of the qualifications and performance of all employees in the classified service.

14. For layoffs by reason of lack of funds or work, or organization, and for re-employment of employees so laid off, giving primary consideration in both layoffs and re-employment to performance record and secondary consideration to seniority in service. Any employee who has been laid off may keep his name on a preferred employment list for one year, which list shall be exhausted by the agency enforcing the layoff before selection. The determination of the appointing authority shall be final and conclusive.

15. For imposition, as a disciplinary measure, of a suspension from the service without pay for not longer than thirty days.
§19A.9, STATE MERIT SYSTEM

16 For discharge, suspension, or reduction in rank or grade for any of the following causes: Failure to perform assigned duties, inadequacy in performing assigned duties, negligence, inefficiency, incompetence, insubordination, unrehabilitated alcoholism or narcotic addiction, dishonesty, any act or conduct which adversely affects the employee's performance or the agency employing him, and any other good cause for discharge, suspension, or reduction. The person discharged, suspended, or reduced shall be given a written statement of the reasons for his discharge, suspension, or reduction within twenty-four hours after the discharge, suspension, or reduction. A copy thereof shall be filed with the director. All persons concerned with the administration of this chapter shall use their best efforts to ensure that this chapter and rules hereunder shall not be a means of protecting or retaining unqualified or unsatisfactory employees and to cause the discharge, suspension, or reduction in rank of all employees who should be discharged, suspended, or reduced for any of the causes stated in this subsection.

17 For establishment of a uniform plan for resolving employee grievances and complaints.

18 For attendance regulations, and special leaves of absence, with or without pay or reduced pay in the various classes of positions in the classified service. Annual sick leave and vacation time shall be granted in accordance with section 79.1.

19 For the development and operation of programs to improve the work effectiveness and moral of employees in the merit system including training, safety, health, welfare, counseling, recreation, and employee relations.

20 Notwithstanding any provisions to the contrary, no rule or regulation shall be adopted by the department which would deprive the state of Iowa, or any of its agencies or institutions of federal grants or other forms of financial assistance.

21 For veterans preference through a provision that honorably separated veterans who served on active duty in the armed forces of the United States in any war campaign or expedition for which a campaign badge or service medal has been authorized by the government of the United States shall have five points added to the grade or score attained in qualifying examinations for appointment to jobs.

Veterans who have a service-connected disability or are receiving compensation disability benefits or pension under laws administered by the veterans administration shall have ten points added to the grades attained in qualifying examinations. A veteran who has been awarded the Purple Heart for disabilities incurred in action shall be considered to have a service-connected disability.

22 For acceptance of the qualifications, requirements, regulations, and general provisions established under other sections of the Code pertaining to professional registration, certification, and licensing.

23 For the establishment of work test appointments for positions of unskilled labor, attendants, aides, janitors, food service workers, laundry workers, porters, elevator operators, custodial, or similar types of employment when the character of the work makes it impracticable to supply the needs of the service effectively by written or other type of competitive examination. If this subsection conflicts with any other provisions of this chapter, the provisions of this subsection shall govern the positions to which it applies. All persons appointed to the positions specified in this subsection shall serve a probationary period in accordance with this chapter, may acquire permanent status, and are subject to the same rules as other classified employees. Such persons shall be required to pass promotional examinations as prescribed by this chapter and the rules adopted by the merit employment commission before they may be promoted to a higher classification. C71, §19A.9, §19A.10

Referred to in §19A.12, 313.4

19A.10 Use of buildings for examinations, etc. All officers and employees of the state and of municipalities and political subdivisions of the state shall allow the department the reason- able use of public buildings under their control, and furnish heat, light, and furniture for any examination, hearing, or investigation authorized by this chapter. The department shall pay to a municipality or political subdivision the reasonable cost of any such facilities furnished. C71, §19A.10

19A.11 Aid by state employee—records and information. All officers and employees of the state shall comply with and aid in all proper ways in carrying out the provisions of this chapter and the rules, regulations, and orders hereunder. All officers and employees shall furnish any records or information which the director or the commission may require for any purpose of this chapter. The director may institute and maintain any action or proceeding at law or in equity that he considers necessary or appropriate to secure compliance with this chapter and the rules and orders hereunder.

The director may, with the approval of the commission, delegate to a person under the merit system in any department, agency, board, commission, or installation thereof, located away from the seat of government any of the duties heretofore imposed upon the director. C71, §19A.11

19A.12 All two-year employees covered. An employee holding a position covered by this chapter as of September 1, 1967, and who has held such position or other position covered by this chapter for two consecutive years or more immediately prior to September 1, 1967, shall be given permanent appointment as stated in section 19A.9, subsection 8, provided that:
1. The employee has been certified by the director as having met the minimum qualifications established for the classification of the position held, and the employee has been recommended by the appointing authority as having given satisfactory service during the prior period of employment, or

2. The employee who does not meet the minimum qualifications established for the classification of the position held, but has been recommended by the appointing authority as having given satisfactory service during the prior period of service and has been certified by the director as having passed a qualifying examination for the position.

An employee holding a position covered by this chapter who fails to obtain permanent status by either of the options described in subsections 1 and 2 of this section, or who has been employed for a period of less than two consecutive years immediately prior to September 1, shall be permitted to apply for the position held or any other position covered by this chapter through the qualifying and examining procedure established under this chapter, and may be appointed to such position on a noncompetitive basis.

Nothing herein shall preclude the reclassification or reallocation as provided by this chapter of any position held by any such incumbent. Appointments made subsequent to September 1, 1967 and prior to establishment of an eligible list shall be subject to the provisions of this chapter and the rules of the commission concerning provisional appointments. [C71, §19A.12]

19A.13 Certification of payrolls — actions. No state disbursing or auditing officer shall make or approve or take part in making or approving any payment for personal service to any person holding a position in the merit system unless the payroll voucher or account of such pay bears the certification of the director, or of his authorized agent, that the persons named therein have been appointed and employed in accordance with the provisions of this chapter and the rules, regulations, and orders thereunder, and that funds are available for the payment of the persons.

The director may for proper cause withhold certification from an entire payroll or from any specific item or items thereon. The director may, however, provide that certification of payrolls may be made once every six months, and such certification shall remain in effect except in the case of any officer or employee whose status has changed after the last certification of his payroll. In the latter case no voucher for payment of salary to such employee shall be issued or payment of salary made without further certification by the director.

Any citizen may maintain a suit to restrain a disbursing officer from making any payment in contravention of any provision of this chapter, rule, or order thereunder. Any sum paid contrary to any provision of this chapter or any rule, regulation, or order thereunder may be recovered in an action maintained by any citizen, from any officer who made, approved, or authorized such payment or who signed or countersigned a voucher, payroll, check, or warrant for such payment, or from the sureties on the official bond of any such officer. All moneys recovered in any such action shall be paid into the state treasury.

Any person appointed or employed in contravention of any provision of this chapter or of any rule, regulation, or order thereunder who performs service for which he is not paid, may maintain an action against the officer or officers who purported so to appoint or employ him to recover the agreed pay for such services or the reasonable value thereof if no pay was agreed upon. No officer shall be reimbursed by the state at any time for any sum paid to such person on account of such services.

If the director wrongfully withholds certification of the payroll voucher or account of any employee, such employee may maintain a proceeding in the courts to compel the director to certify such a payroll voucher or account. [C71, §19A.13]

19A.14 Appeal to appointing authority. Any employee who is discharged, suspended, or reduced in rank or grade, except during his probation period, may appeal to the appointing authority and if not satisfied, may, within thirty days after such discharge, reduction, or suspension appeal to the commission for review thereof. Upon such review, both the appealing employee and the appointing authority whose action is reviewed shall, within thirty days following the date of filing of the appeal to the commission, have the right to a hearing closed to the public, unless a public hearing is requested by the employee, and to present evidentiary facts thereat. Technical rules of evidence shall not apply at any hearing so held. If the commission finds that the action complained of was taken by the appointing authority for any political, religious, racial, national origin, sex, age or nonmerit reasons, the employee shall be reinstated to his former position without loss of pay for the period of the suspension. In all other cases the merit employment commission shall have jurisdiction to hear and determine the rights of merit system employees and may affirm, modify, or reverse any case on its merits. The employee or the state may obtain judicial review of the commission’s decision by writ of certiorari as provided by division XIV of the rules of civil procedure. [C71, §19A.14]

19A.15 Records public. The records of the department, except personal information in an employee’s file if the publication of such information would serve no proper public purpose, shall be public records and shall be open to public inspection, subject to reasonable regulations as to the time and manner of inspection which may be prescribed by the director. Each employee shall have access to his personal file.
Any applicant for a position subject to the provisions of this chapter shall be permitted to review, in accordance with such regulations as the director may prescribe, any test, grade, or evaluation resulting from the application for employment. [C71,§19A.15]

19A.16 Services to political subdivisions. Subject to the rules approved by the commission, the director may enter into agreements with any municipality or political subdivision of the state to furnish services and facilities of the agency to such municipality or political subdivision in the administration of its personnel on merit principles. Any such agreement shall provide for the reimbursement to the state of the reasonable cost of the services and facilities furnished. All municipalities and political subdivisions of the state are authorized to enter into such agreements.

Nothing in this chapter shall affect any municipal civil service programs presently established under and pursuant to the provisions of chapter 365. [C71,§19A.16]

19A.17 Oaths and subpoenas. The commission, each member of the commission, and the director shall have power to administer oaths, subpoena witnesses, and compel the production of books and papers pertinent to any investigation or hearing authorized by this chapter. Any person who shall fail to appear in response to a subpoena or produce any books or papers pertinent to any such investigation or hearing or who shall knowingly give false testimony therein shall be guilty of a misdemeanor. [C71,§19A.17]

19A.18 Discrimination prohibited. No person shall be appointed or promoted to, or demoted or discharged from, any position in the merit system, or in any way favored or discriminated against with respect to employment in the merit system because of his political or religious opinions or affiliations or race or national origin or sex, or age.

No person holding a position in the classified service shall, during his working hours or when performing his duties or when using state equipment or at any time on state property, take part in any way in soliciting any contribution for any political party or any person seeking political office, nor shall such employee engage in any political activity that will impair his efficiency during working hours or cause him to be tardy or absent from his work. The provisions of this section do not preclude any employee from holding any office for which no pay is received or any office for which only token pay is received.

No person shall seek or attempt to use any political endorsement in connection with any appointment to a position in the merit system.

No person shall use or promise to use, directly or indirectly, any official authority or influence, whether possessed or anticipated, to secure or attempt to secure for any person an appointment or advantage in appointment to a position in the merit system, or an increase in pay or other advantage in employment in any such position, for the purpose of influencing the vote or political action of any person or for any consideration.

Any employee shall use his official authority or influence for the purpose of interfering with an election or affecting the results thereof.

Any officer or employee in the merit system who violates any of the provisions of this section shall be subject to suspension, dismissal, or demotion subject to the right of appeal herein.

The commission shall adopt any rules necessary for further restricting political activities of persons holding positions in the classified service, but only to the extent necessary to comply with federal standards in order that the present Iowa merit system council shall be absorbed by the Iowa merit employment department. In any event all employees shall retain the right to vote as they please and to express their opinions on all subjects.

Any officer or employee in the merit system who shall become a candidate for any partisan elective office for remuneration shall, commencing thirty days prior to the date of the primary or general election and continuing until such person is eliminated as a candidate, either voluntarily or otherwise, automatically receive leave of absence without pay and during such period shall perform no duties connected with the office or position so held. [C71,§19A.18]

19A.19 Prohibited actions. No person shall make any false statement, certificate, mark, rating, or report with regard to any test, certification, or appointment made under any provision of this chapter or in any manner commit or attempt to commit any fraud preventing the impartial execution of this chapter and the rules hereunder.

No person shall, directly or indirectly, give, render, pay, offer, solicit, or accept any money, service, or other valuable consideration for or on account of any appointment, proposed appointment, promotion, or proposed promotion to, or any advantage in, a position in the merit system.

No employee of the department, examiner, or other person shall defeat, deceive, or obstruct any person in his right to examination, eligibility certification, or appointment under this chapter, or furnish to any person any special or secret information for the purpose of affecting the rights or prospects of any person with respect to employment in the merit system. [C71,§19A.19]

19A.20 Penalty. Any person who willfully violates any provision of this chapter or any rules adopted in accordance with this chapter shall be guilty of a misdemeanor and upon conviction shall be punished therefor by a fine of not more than one hundred dollars or by imprisonment in the county jail for not more than thirty days. [C71,§19A.20]
19A.21 Acceptance of grants. The department is authorized and directed to accept on behalf of the state any grant or contribution, federal or otherwise, made to assist in meeting the cost of carrying out the purpose of this chapter.

All federal grants to and the federal receipts of this department are hereby appropriated for the purpose set forth in such federal grants or receipts. [C71, §19A.21]

19A.22 Other inconsistent laws. The provisions of this chapter, including but not limited to its provisions on employees and positions to which the merit system apply, shall prevail over any inconsistent provisions of the Code and all subsequent Acts unless such subsequent Acts provide a specific exemption from the merit system. [C71, §19A.22]

19A.23 Longevity pay prohibited—exception. No state employee subject to the provisions of this chapter shall be entitled to longevity pay except those employees granted longevity pay pursuant to section 313.4, subsection 3. [64GA, ch1, §2]

1. Establishing and developing, in co-operation with the various state agencies, a system of uniform standards and specifications for purchasing. When the system is developed, all items of general use shall be purchased through the department, except items used by the highway commission, institutions under the control of the board of regents, the commission for the blind, and any other agencies exempted by law.

The director may purchase items through the highway commission, institutions under the control of the board of regents and any other agency exempted by law from centralized purchasing. These state agencies shall upon request furnish the director with a list of and specifications for all items of office equipment, furniture, fixtures, motor vehicles, heavy equipment and other related items to be purchased during the next quarter and the date by which the director must file with the agency the quantity of items to be purchased.

The department of general services shall be liable to the state agency for the proportionate costs the items purchased for it bear to the total purchase price. When items purchased have been delivered, the state agency shall notify the director and after receipt of the purchase price shall release the items to the director or upon his order.

19B.6 Competitive bidding. The director shall promulgate rules establishing competitive bidding procedures.

1. All items purchased by the department shall be purchased by a competitive bidding procedure. However, the director may exempt by regulation purchases of noncompetitive items and purchases in lots or quantities too small to be effectively purchased by competitive bidding. Preference shall be given to purchasing Iowa products and purchases from Iowa-based businesses if the bids submitted therefor are comparable in price to bids submitted by out-of-state businesses and otherwise meet the required specifications.

2. The director may also exempt the purchase of an item from a competitive bidding procedure when he determines that the best interests of the state will be served due to an immediate or emergency need for the item.

3. The director shall have the power to contract for the purchase of items by the department. Contracts for the purchase of items shall be awarded on the basis of the lowest competent bid. Contracts not based on competitive bidding shall be awarded on the basis of bidder competence and reasonable price.

4. The director may refuse all bids on any item and institute a new bidding procedure.

The director shall upon the request of any governmental subdivision furnish a list of the items and their specifications to be purchased during the next quarter and the date for filing with the director the quantity of any such items desired to be purchased for the governmental subdivision by the department of general services. Thereafter if any governmental subdivision, by the date specified, requests the director to include a specific quantity of any supplies, equipment, machines, automobiles, trucks, or any other items to be advertised for bids, to be included therein for the governmental subdivision, the director shall do so. The governmental subdivision making such request shall be liable to the state for the proportionate cost such items bear to the total purchase price. When the items purchased have been delivered, the director shall notify the respective governmental subdivision of their receipt and place of
delivery. The director shall, upon receipt of the purchase price of the respective items, release them to the proper governmental subdivision. The director may, with approval of the comptroller, establish a revolving fund to facilitate such purchases.

8. The director shall establish rules providing that any state agency may, upon request, purchase directly from a vendor if the direct purchasing is as economical or more economical than purchasing through the department, or upon a showing that direct purchasing by the state agency would be in the best interests of the state due to an immediate or emergency need.

Any state agency denied the opportunity to purchase separately by the director may appeal the decision to the executive council. The executive council shall hear and determine the appeal in the same manner as an appeal filed by an aggrieved bidder.

Any member of the executive council may bring before the council for review a decision of the director granting a state agency request for direct purchasing. The executive council shall hear and review the director’s decision in the same manner as an appeal filed by an aggrieved bidder, except that the three-day period for filing for review shall not apply.

21.2 Vehicle dispatcher—employees—duties. In order to carry out the powers vested in him by this chapter, the director of the depart-
ment of general services shall appoint a state vehicle dispatcher and such other employees as may be necessary to carry out the provisions of this chapter. The state vehicle dispatcher shall serve at the pleasure of the director and shall not be governed by the provisions of chapter 19A. Subject to the approval of the director, the state vehicle dispatcher shall have the following duties:

1. He shall assign to a state officer or employee or to a state office, department, bureau, or commission, one or more motor vehicles which may be required by the officer or department, after the officer or department has shown the necessity for such transportation. The state vehicle dispatcher shall have the power to assign a motor vehicle either for part time or full time. He shall have the right to revoke the assignment at any time.

2. The state vehicle dispatcher may cause all state-owned motor vehicles to be inspected periodically. Whenever the inspection reveals that repairs have been improperly made on the motor vehicle or that the operator is not giving it the proper care, he shall report this fact to the head of the department to which the motor vehicle has been assigned, together with recommendation for improvement.

3. The state vehicle dispatcher shall install a record system for the keeping of records of the total number of miles state-owned motor vehicles are driven and the per-mile cost of operation of each motor vehicle. Every state officer or employee shall keep a record book to be furnished by the state vehicle dispatcher in which the officer or employee shall enter all purchases of gasoline, lubricating oil, grease, and other incidental expense in the operation of the motor vehicle assigned to him, giving the quantity and price of each purchase, including the cost and nature of all repairs on the motor vehicle. Each operator of a state-owned motor vehicle shall promptly prepare at the end of each month on forms furnished by the state vehicle dispatcher and forward the same to him at the statehouse, giving the information the state vehicle dispatcher may request in the report. The state vehicle dispatcher shall each month compile the costs and mileage of state-owned motor vehicles from the reports and keep a cost history card on each motor vehicle and the costs shall be reduced to a cost-per-mile basis for each motor vehicle. It shall be the duty of the state vehicle dispatcher to call to the attention of the head of any department to which a motor vehicle has been assigned any evidence of the mishandling or misuse of any state-owned motor vehicle which is called to his attention.

4. The state vehicle dispatcher shall purchase all new motor vehicles for all branches of the state government. Before purchasing any motor vehicle he shall make requests for public bids by advertisement and he shall purchase the vehicles from the lowest responsible bidder for the type and make of motor vehicle designated. No passenger motor vehicle except the motor vehicle provided by the state for the use of the governor, ambulances, buses, trucks, or station wagons shall be purchased for an amount in excess of the sum of three thousand three hundred dollars; provided that if the passenger motor vehicle is to be used by the highway patrol or the drug law enforcement division or the division of criminal investigation and bureau of identification for actual law enforcement, the maximum amount shall be three thousand eight hundred dollars. Provided further, that for station wagons the maximum amount shall be three thousand five hundred dollars.

5. All used motor vehicles turned in to the state vehicle dispatcher shall be disposed of by public auction, and the sales shall be advertised in a newspaper of general circulation one week in advance of sale, and the receipts from the sale shall be deposited in the depreciation fund to the credit of that unit within the department or agency turning in the vehicle; except that, in the case of a used motor vehicle of special design, the state vehicle dispatcher may, with the approval of the executive council, instead of selling it at public auction, authorize the motor vehicle to be traded for another vehicle of similar design.

6. The state vehicle dispatcher may authorize the establishment of motor pools consisting of a number of state-owned motor vehicles under his supervision and which he may cause to be stored in a public or private garage. If a pool is established by the state vehicle dispatcher, any state officer or employee desiring the use of a state-owned motor vehicle on state business shall notify the state vehicle dispatcher of the need for a vehicle within a reasonable time prior to actual use of the motor vehicle. All state-owned motor vehicles shall display registration plates bearing the word "official" except cars requested to be furnished with ordinary plates by the commissioner of public safety or the director. The state vehicle dispatcher shall keep an accurate record of the registration plates used on all state cars.

All gasoline used in state-owned automobiles shall be purchased at cost from the various installations or garages of the state highway commission, state board of regents, department of social services, or state car pools throughout the state, unless such purchases are exempted by the vehicle dispatcher. The vehicle dispatcher shall study and determine the reasonable accessibility of these state-owned sources for the purchase of gasoline. If these state-owned sources for the purchase of gasoline are not reasonably accessible, the vehicle dispatcher shall authorize the purchase of gasoline from other sources. The vehicle dispatcher may prescribe a manner, other than the use of the revolving fund, in which the purchase of gasoline from state-owned sources shall be charged to the department or agency responsible for the use of the automobile. The vehicle dispatcher shall prescribe the manner in which oil and other normal automobile maintenance for state-owned automobiles may be purchased from private sources, if they cannot be reasonably obtained from a state car pool. The vehicle dispatcher may advertise for bids and award contracts for the furnishing of gasoline, oil, grease, and vehicle replacement parts for all state-owned vehicles. No state officer or employee shall use any state-owned motor vehicle for his own personal private use, nor shall he be compensated for driving his own motor vehicle except if such is done on state business with the approval of the state vehicle dispatcher, and in such case he shall not receive more than ten cents per mile. However, the state vehicle dispatcher may delegate authority to officials of the state, and department heads, for the use of private vehicles on state business up to six thousand miles per year. When a state motor vehicle has been assigned to a state officer or employee he shall not collect mileage for the use of his personal vehicle unless the state vehicle assigned to him is not usable.

This section shall not apply to elected officers of the state, judges of the district court, judges of the supreme court, or officials and employees of the state whose mileage is paid by other than state agencies. [C39, §308.5; C46, 50, 54, 58, 62, 66, 71, §21.4; 64GA, ch 84, §75, ch 87, §1, ch 1019, §1] 21.4 Amend See also §79.9

At the end of each month the state vehicle dispatcher shall render a statement to each state department or agency thereof for the actual cost of operation of all motor vehicles assigned to such department or agency, together with a fair proportion of the cost of administration of the state vehicle dispatcher's office during such month, as shall be determined by him, all subject to review by the executive council upon complaint of any state department or agency adversely affected. Such expense shall be paid by the state departments or agencies in the same manner as other expenses of such department are paid, and when such cost of operation and administration is paid by the department, such sum shall be credited to the vehicle dispatcher revolving fund. If any surplus accrues to said revolving fund in excess of twenty-five thousand dollars for which there is no anticipated need or use, the governor may order such surplus turned over to the general fund of the state. The funds
credited to each department or agency thereof shall remain the property of the department or agency. However, at the end of each biennium, the state vehicle dispatcher shall cause to revert to the fund from which it accumulated any unassigned depreciation. [C71, §21.7; 64GA, ch 84, §78]

CHAPTER 27A
UPPER MISSISSIPPI RIVERWAY COMPACT

27A.1 Compact with other states. The upper Mississippi riverway compact is hereby enacted into law and entered into with all other states which legally join therein in substantially the following form:

27A.4 Payments in lieu of taxes.
27A.5 No conflict of local functions.
27A.6 When effective.

UPPER MISSISSIPPI RIVERWAY COMPACT
ARTICLE 1—FINDINGS

The party states find that:

a. Increasing population pressures have already begun to make the need for open space
an urgent concern, and to make it inevitable that the balanced development and preservation of a comfortable environment to meet present and future requirements for healthful recreation can be secured only through systematic and co-ordinated action.

b. The boundary character of the upper Mississippi river emphasizes the regional character of many present and potential resources.

c. Despite the continuing usefulness of informal co-operation among agencies of the several states and local governments, the size of the upper Mississippi region, the complexity of its economic and social development, and the resource needs of its people require a formal instrument for joint and co-operative action in the development and maintenance of a sound and attractive upper Mississippi region.

ARTICLE II—PURPOSE AND POLICY

a. It is the purpose of this compact to: 1. Foster and take maximum advantage of the mutual advantages and benefits that can accrue to the people of the party states from the preservation, use and development of the unique scenery, recreational opportunities, fisheries, wildlife, water resources, historic sites and other natural assets along the upper Mississippi river.

b. It is the policy of the party states and of this compact to pursue the purposes set forth in paragraph “a” of this article in such ways as to:

1. Foster and take maximum advantage of public and private interest in the upper Mississippi region in a manner that will harmonize the needs of agricultural, industrial and other economic progress with the development, preservation and maintenance of an attractive and comfortable environment.

2. Hold in highest trust for the benefit of the public the special blessings and natural advantages of the upper Mississippi area.

ARTICLE III—UPPER MISSISSIPPI RIVERWAY DISTRICT

The upper Mississippi riverway district, hereinafter called “the district”, is hereby established. The district shall consist of the following land and water areas:

1. The Mississippi river, including any islands, sandbars, and marshy areas therein or formed thereby, from lock and dam number 2 near Hastings, Minnesota to lock and dam number 19 at the southern boundary of Iowa in the vicinity of Keokuk, Iowa and Hamilton, Illinois.

2. The area lying on either side of the shores of the portion of the Mississippi river described in item 1 hereof, to a distance of one mile from such shores, except that pursuant to procedures detailed in this article, the distances from the shores may be varied in order to include land and water areas appropriate to the purposes of this compact.

b. The upper Mississippi riverway commission established by this compact shall prepare, adopt, and from time to time revise a map of the district. Prior to the initial adoption of the map, the commission shall give due public notice of the proposed adoption, and shall hold at least one public hearing thereon in each of the party states. Prior to any revision of the map, the commission shall hold, on due public notice, at least one hearing in each of the states where a proposed change would alter the boundaries of the district.

c. Upon the request of a party state or states, the commission, after satisfaction of the requirements of paragraph “b” of this article, may revise the map of the district to include additional land and water areas contiguous to the district. If the commission believes that any such addition would further the purposes of this compact, it may make recommendations therefor to the appropriate party state or states.

d. The map adopted by the commission pursuant to this article and currently in force shall be conclusive evidence of the area and boundaries of the district.

ARTICLE IV—THE COMMISSION

a. There is hereby established an agency of the party states to be known as the “Upper Mississippi Riverway Commission”, hereinafter called “the commission”. The commission shall be composed of four commissioners from each party state. One of the commissioners from each party state shall be the administrative head of the state agency having responsibility for the outdoor recreational programs of the state government. If there be more than one such agency, the commissioner shall be designated, in accordance with the laws of that state, from among the relevant agency heads. The other three commissioners from each party state shall be appointed and serve in such manner as the laws of their respective party states may provide. A commissioner who is a state agency head may be represented on the commission by an alternate, if the laws of his state so provide. An alternate shall have full power to act for his principal: Provided that the commission, in such manner as its bylaws may provide, has been notified of the designation and identity of the alternate.

Referred to in §27A.2

b. The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be valid unless taken at a meeting at which a majority of the total number of votes on the commission is cast in
favor thereof. Each commissioner and alternate shall receive due notice of commission meetings and of the intended matters for consideration thereat, in accordance with the by-laws of the commission.

c. The commission shall have a seal.

d. The commission may sue and be sued in its own name.

e. The commission shall elect annually from among its members a chairman, and a vice-chairman who shall be from different states, and a treasurer. The commission shall appoint an executive director and fix his duties and compensation. Such executive director shall serve at the pleasure of the commission. The executive director, the treasurer, and such other personnel as the commission shall designate shall be bonded. The amount or amounts of such bond or bonds shall be determined by the commission.

f. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director, with the approval of the commission, shall appoint, remove, or discharge such personnel as may be necessary for the performance of the commission’s functions, and shall fix the duties and compensation of such personnel.

g. The commission may establish and maintain independently or in conjunction with a party state, a suitable retirement system for its employees. Employees of the commission shall be eligible for social security coverage in respect of old age survivors and disability insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as it may deem appropriate.

h. The commission may accept or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association or corporation.

i. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of land or interests therein, water or interests therein, money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services accepted pursuant to paragraph “k” of this article shall be a matter of public record kept by the commission. Such record shall include the nature, amount and conditions, if any, of the donation, grant or services accepted and the identity of the donor or lender.

Referred to in Article IX (d)

j. The commission may establish and maintain such facilities as may be necessary for the transacting of its business.

k. The commission may acquire, hold and convey real and personal property and any interests therein.

l. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

m. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been made by the commission. The commission may make such additional reports as it may deem desirable.

ARTICLE V—POWERS

In addition to any powers conferred on the commission elsewhere in this compact or pursuant thereto, the commission shall have power to:

a. Acquire, manage, and operate park and other recreational facilities within the district.

b. Regulate the use of its properties by the general public and maintain suitable forces of peace officers to assist therein.

c. Engage in and co-ordinate the planning of park and related recreational facilities and programs within the district.

d. Recommend common park and recreational policies to the party states or their subdivisions with respect to the district and its environs.

e. Develop and recommend measures for the protection of areas in the vicinity of any or all of its properties and any natural, historic, scenic, or recreational areas within, or in the vicinity of the district, which will promote and provide protection for their park and recreational potential and which will prevent the creation or perpetuation of conditions detracting therefrom.

f. Establish and maintain recreational, cultural, and nature study programs relating to or benefiting from location within or use of its facilities and premises.

g. Conduct studies and develop recommendations to the present and future protection, use and development in the public interest of the lands, river valleys and waters in, adjacent to, or affecting the upper Mississippi riverway district or boundary areas between party states; and assist in co-ordinating the studies, conservation efforts and planning undertaken by the several departments, agencies or municipalities of the states party to this compact with respect to such lands, river valleys and waters; and assist in the participation by the states party to this compact in federal programs which relate to the present and future protection, use and development in the public interest of such lands, river valleys and waters; with respect to:
§27A.1, UPPER MISSISSIPPI RIVERWAY COMPACT

1. Joint regional planning for the development of such areas;
2. Measures for controlling air and water pollution, maintaining water quality, and controlling water use;
3. Programs for control of soil and river bank erosion and the general improvement of the river basins;
4. Diversions of waters to and from the rivers;
5. Other restrictions, regulations or programs the commission may recommend to the party states.

The commission shall make recommendations, review and correlate studies of the federal government and other agencies, develop plans and evolve findings and do all things necessary and proper to carry out the powers conferred upon the commission by this compact; provided that no recommendation, plan or finding of the commission except with respect to its own properties shall have the force of law or be binding upon or limit the powers of any party state or its departments, agencies or municipalities.

All departments, agencies, and officers of party states and their regional and local planning agencies shall co-operate with the commission and shall give the commission reasonable prior notice of plans and activities affecting the responsibilities of the commission.

The commission shall hold public hearings with respect to any matter within the purview of this compact.

The commission shall contract with any public or private persons or entities.

The commission may do all things necessary or appropriate and incidental to the implementation of powers conferred upon it by this compact.

ARTICLE VI—TAXATION

The commission and its properties shall not be subject to taxation by any of the party states or their subdivisions. In any case where the commission owns property within a subdivision or local taxing district, which pursuant to the laws of that state is subject to state payment in lieu of taxes, if owned by the state, the state in which such subdivision or local taxing district is situated shall assume such liability, if any, for local taxes.

ARTICLE VII—CO-ORDINATED SERVICES

Whenever it appears that two or more parks, sites, recreational or cultural attractions or facilities would be enhanced in their usefulness or interest to the public by the coordination of particular services or by the common provision thereof, the commission may provide such services or arrange for their provision on a co-ordinated basis. The services referred to in this paragraph may include, but need not be limited to, the development of recreational or other programs utilizing the advantages and attractions of the parks, sites, recreational or cultural attractions or other facilities concerned in an integrated or sequential manner by tourists or other patrons; the advertising and promotion of enjoyment of regional clusters of facilities and attractions; the development and designation of areas containing two or more facilities or attractions; and the development and operation of facilities such as accommodations for the general public which will add to the accessibility or convenience of enjoyment of the facilities and attractions concerned.

b. The commission may act pursuant to this article either with respect to facilities and attractions which are owned and operated by it; owned and operated by other public or nonprofit bodies, or some or which are owned and operated by the commission and some of which are owned and operated by such other bodies. Whenever the commission provides services wholly or partly for other public or nonprofit bodies, it shall do so only by mutual consent and pursuant to sufficient arrangements for the proper allocation of costs and any other responsibilities involved.

ARTICLE VIII—CHARGES AND CONCESSIONS

a. Consistent with the policy of placing and keeping public recreational facilities within the means of the general public, the commission may open any or all of its properties and facilities to the public without charge or may fix and collect reasonable user charges calculated to reimburse it in whole or in part for the cost of the properties in question and their maintenance.

b. The terms of any concession granted by the commission shall be such as to limit the concessionaire to a just and reasonable profit and to assure the reliable performance and continuance of services appropriate to the park and recreational purposes of this compact.

c. Whenever the commission finds that any of its properties or facilities suitable for use by the public may be appropriately operated by a party state or subdivision thereof it may provide, by lease or contract, for such operation. In any such case, the lease or contract shall contain conditions sufficient to assure the maintenance, management and operation of the property or facilities in a manner consistent with the purposes of this compact and the policies of the commission.

ARTICLE IX—FINANCE

a. The commission shall submit to the governor or designated officer or officers of each party state budgets of estimated expenditures for such periods as may be required by the laws of that party state for presentation to the legislature thereof.

b. The commission shall make its budgets of estimated expenditures and appropriation requests in two parts: One shall be an "operations budget", and the other shall be a "capital outlay budget".

c. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. Such recommendations and requests for appropriations pursuant to an operations budget shall be apportioned equally among the party states. Capital outlay budgets and requests for
appropriations therefor shall be on the basis of specific real properties, projects or facilities to be newly constructed, acquired, enlarged or rehabilitated. The primary principle governing requests for appropriations pursuant to capital outlay budgets shall be that the state in which the property, project or facility is to be located shall supply the major part of any appropriated funds necessary for initial construction, acquisition, enlargement or rehabilitation, but that other party states may be requested to contribute thereto if the location of the property, project or facility is such that the people of such other state will be especially benefited thereby. Upon completion of construction, acquisition, enlargement or rehabilitation, subsequent expenditures for administration of the property, project or facility shall be chargeable to the operations budget.

d. The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under article IV "f" of this compact or otherwise acquired by it: Provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner.

e. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

f. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

g. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE XI—ADVISORY AND TECHNICAL COMMITTEES

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private persons and public officials, and in furthering any of its activities may co-operate with and use the services of any such committees and the organizations which the members represent.

ARTICLE XII—EFFECT ON OTHER LAWS, RIGHTS AND AUTHORITY

Nothing in this compact shall be construed to:

a. Withdraw or limit the jurisdiction of any party state or of the United States over the district or any part thereof.

b. Impair or limit the application of any law or ordinance of a party state or any subdivision thereof to that portion of the district lying within its territory, except as the necessity for compliance with article X of this compact, and except that the commission shall have power to make and enforce rules and regulations relating to the use of its property and facilities.

c. Make any employee or agent of the commission an employee or agent of any party state or subdivision thereof, or make any entity other than the commission legally responsible for the acts or omissions of the commission, its employees and agents.

ARTICLE XIII—ENTRY INTO FORCE AND WITHDRAWAL

a. This compact shall enter into force when enacted into law by any three of the states of Illinois, Iowa, Minnesota and Wisconsin. Thereafter it shall become effective as to any other named state upon enactment by it into law.

b. The state of Missouri may become a party to the compact by enacting the same into law. In such event the district may be expanded to include such territory within the state of Missouri and such additional territory within the state of Illinois as may be mutually agreeable to the party states and commission.

c. A party state may withdraw from this compact by enacting a statute repealing the
same. Any such withdrawal shall take effect five years after the governor of the withdrawing state shall have notified the governors of all other party states in writing of the withdrawal.

d. Upon receipt of a notice of withdrawal, the remaining party states shall determine whether they desire to continue the compact in force among themselves. If they decide to terminate the compact, they shall by timely negotiation and action provide for the winding up of the affairs of the commission and the disposition of its properties.

e. Any state which withdraws from the compact prior to termination thereof as among all the party states shall acquire all real property of the commission situated within its territory by payment to the commission of the fair value thereof at the time when the withdrawal takes effect, less its allocation during the life of the commission for the acquisition of real property.

ARTICLE XIV—CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the Constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters. [C71,§27A.1]

Referred to in §§27A.2, 27A.6

27A.2 Membership of commission. The director of the Iowa state conservation commission shall be a permanent member from Iowa of the upper Mississippi riverway commission and may designate an alternate in accordance with article IV “a” of the compact. The governor shall appoint the three remaining members from Iowa of the commission. Such members may also be members of another board or commission established by law. The appointment of the remaining three members shall be confirmed by a two-thirds vote of the senate. Vacancies occurring while the general assembly is not in session shall be filled by appointment of the governor and submitted to the senate for confirmation as herein provided, within thirty days of convening of the next regular session of the general assembly. The members so appointed shall serve for a period of four years, except that for the initial appointments, the governor shall appoint one member to serve until June 30, 1969, one member to serve until June 30, 1970, and one member to serve until June 30, 1971. Commission members from this state shall, upon certification by the comptroller, be reimbursed for the actual and necessary expenses incurred by them in the discharge of their duties. [C71, §27A.2]

Referred to in §27A.6

27A.3 Agreements with state agencies. The commission may enter into an agreement with any agency of this state for the inclusion of commission employees in any program of retirement, health, medical, or other benefits for public employees. The employees of the commission shall be placed in the same position regarding obligations, benefits, and eligibility as employees of this state, and the commission shall have responsibility for such employer contributions as may be borne by this state on behalf of its employees who participate in the program. [C71,§27A.3]

27A.4 Payments in lieu of taxes. The state shall make payments in lieu of taxes to compensate for the loss of tax revenues occasioned by the fact that property is owned by the upper Mississippi riverway commission, and thereby exempt from taxation by subdivisions of this state. Such payments shall be to the same extent and pursuant to the same procedures that apply to payments in lieu of taxes under chapter 284. [C71,§27A.4]

27A.5 No conflict of local functions. Anything in this chapter to the contrary notwithstanding, none of the functions, powers, duties and discretions of the upper Mississippi riverway district or the upper Mississippi riverway commission shall supersede or limit the functions, powers, duties and discretions of counties, townships, school districts, cities, towns, levee districts, drainage districts, levee and drainage districts, or any other governmental subdivision or of their governing officials. [C71,§27A.5]

27A.6 When effective. Sections 27A.2 and the biennial appropriation* shall not be effective until at least two other states enact laws or legislation pursuant to such state's Constitution that will allow such state to become a member state to the upper Mississippi river compact. Nothing contained in such compact shall be construed to pledge the general assembly of the state of Iowa to appropriate any specific funds or money even though such funds or money is requested by the commission pursuant to article IX of the compact; nor shall anything therein contained be construed to or actually effect any transfer of the state of Iowa's rights, title, and interest in and to any of the lands and water within the boundaries of the upper Mississippi riverway district. The upper Mississippi riverway commission and the Iowa members thereof shall not be an agency, board or commission of the state of Iowa; the acts of the commission shall be the acts, only, of the commission and not the state of Iowa. The employees of such commission shall not be employees of the state of Iowa. [C71,§27A.6]

*See 62GA, ch 97,§5
28.1 Creation of commission—terms. There is hereby created and established a commission to be known as "The Iowa Development Commission," hereinafter referred to as "the commission," to consist of eleven members, all of whom shall be appointed by the governor.

The governor shall appoint one of said members as chairman and one as vice-chairman. As the terms of the members so appointed shall expire, their successors shall be appointed, each for a term of four years; provided, however, that upon the death, disability, or resignation of any member, the governor shall appoint a person to serve for the unexpired term. [C46, 50, 54, 58, 62, 66, 71, §28.1]

INTERCHANGE OF FEDERAL, STATE AND LOCAL GOVERNMENT EMPLOYEES

28D.1 Declaration of policy. The state of Iowa recognizes that intergovernmental cooperation is an essential factor in resolving problems affecting this state and that the interchange of personnel between and among governmental agencies at the same or different levels of government is a significant factor in achieving such cooperation. [C66, 71, §28D.1]

28D.2 Definitions. For the purposes of this chapter:
1. “Sending agency” means any department or agency of the federal government or a state or local government which originates the request to have an employee of another government agency participate in this chapter.
2. “Receiving agency” means any department or agency of the federal government or a state or local government which receives an employee of another government under this chapter.

28D.3 Authority to interchange employees.

No employee shall be assigned or detailed without his expressed consent or by using undue coercion to obtain said consent. Details relating to any matter covered in this chapter may be the subject of an agreement between the sending and receiving agencies. Elected officials shall not be assigned from a sending agency nor detailed to a receiving agency.

28D.4 Status of employees.
1. Employees of a sending agency participating in an exchange of personnel as authorized in section 28D.3 may be considered during such participation to be:
a. On detail to regular work assignments of the sending agency, or
b. In a status of leave of absence from their positions in the sending agency.
2. Employees who are on detail shall be entitled to the same salary and benefits to which they would otherwise be entitled and shall remain employees of the sending agency for all other purposes except that the supervision of their duties during the period of detail may be governed by agreement between the sending agency and the receiving agency.
3. Employees who are in a leave of absence status as provided herein shall be carried on the payroll of the sending agency without pay, if they are granted annual leave or other time off with pay to the extent authorized by law and may be granted authorized sick leave in circumstances considered by the sending agency to justify such leave. Except as otherwise provided in this chapter, employees who are in a leave of absence status shall have the same rights, benefits, and obligations as employees generally who are in such leave status but notwithstanding any other provision of law such employees may be entitled to credit the period of such assignment toward benefits as employees of the sending agency.
4. Any employee who participates in an exchange under the terms of this section who suffers disability or death as a result of personal injury arising out of and in the course of an exchange, or sustained in performance of duties in connection therewith, shall be treated, for the purposes of the sending agency’s employee compensation program, as an employee, as defined in such Act, who has sustained such injury in the performance of such duty, but shall not receive benefits under that Act for any period for which he is entitled to and elects to receive similar benefits under the receiving agency’s employee compensation program. 2. Appointments of persons so assigned may be made without regard to the laws or regulations governing the selection of employees of the receiving agency.
3. Employees who are detailed to the receiving agency shall not by virtue of such detail be considered to be employees thereof, except as provided in subsection 4, nor shall they be paid a salary or wage by the receiving agency during the period of their detail. The supervision of the duties of such employees during the period of detail may be governed by agreement between the sending agency and the receiving agency.
4. Any employee of a sending agency assigned to a receiving agency in this state who suffers disability or death as a result of personal injury arising out of and in the course of such assignment, or sustained in the performance of duties in connection therewith, shall be treated for the purpose of receiving agency's employee compensation program, as an employee, as defined in such Act, who has sustained such injury in the performance of such duty, but shall not receive benefits under that Act for any period for which he elects to receive similar benefits as an employee under the sending agency's employee compensation program. CHAPTER 28F

JOINT FINANCING OF PUBLIC WORKS AND FACILITIES

28F.1 Scope of chapter. This chapter is intended to provide a means for the joint financing by public agencies of works or facilities enumerated in section 394.1. The provisions of this chapter shall be deemed to apply to the acquisition, construction, reconstruction, operation, repair, extension or improvement of such works or facilities, by a separate administrative or legal entity created pursuant to chapter 28E. [C71, §28F.1]

28F.2 Definitions. The terms “public agency”, “state”, and “private agency” shall have the meanings prescribed by section 28E.2. The term “project” or “projects” shall mean any works or facilities referred to in section 394.1 and shall include all property real and personal, pertinent thereto or connected with such project or projects, and the existing works or facilities, if any, to which such project or projects are an extension, addition, betterment or improvement. [C71, §28F.2]

28F.3 Revenue bonds. An entity created to carry out an agreement authorizing the joint exercise of those governmental powers enumerated in section 394.1 shall have power to construct, acquire, repair, improve, expand, operate and maintain a project or projects necessary to carry out the purposes of such agreement, and to issue from time to time revenue bonds payable from the revenues derived from such project or projects, or any combination of such projects, to finance the cost or part of the cost of the acquisition, construction, reconstruction, repair, extension or improvement of such project or projects, including the acquisition for the purposes of such agreement, of any property, real or personal or mixed therefor. The power of the entity to issue revenue bonds shall not be exercised until authorized by resolution or ordinance duly adopted by each of the public agencies participating in such agreement. Public agencies participating in such an agreement may not withdraw or in any way terminate, amend, or modify in any manner to the detriment of the bondholders said agreement if revenue bonds or obligations issued in anticipation of the issuance of said revenue bonds have been issued and are then outstanding and unpaid as provided for herein. Any revenue bonds for the payment and discharge of which, upon maturity or upon redemption prior to maturity, provision has been made through the setting apart in a reserve fund or special trust account created pursuant to this chapter and such cost shall include, but not be limited to, administrative expenses, acquisition and construction costs, engineering, fiscal or financial and legal expenses, surveys, plans and specifications, interest during such construction, reconstruction, repair, extension or improvement or acquisition and for one year after completion of such construction, reconstruction, repair, extension or improvement or acquisition and for one year after completion of such construction, reconstruction, repair.

28F.4 Use of proceeds—negotiability. Revenue bonds may be issued, as provided in section 28F.3, to provide all or any part of the funds required to finance the cost of the acquisition, construction, reconstruction, repair, extension or improvement of any project or projects or other purposes authorized under this chapter and such cost shall include, but shall not be limited to, administrative expenses, acquisition and construction costs, engineering, fiscal or financial and legal expenses, surveys, plans and specifications, interest during such construction, reconstruction, repair, extension or improvement or acquisition and for one year after completion of such construction, reconstruction, repair, extension or improvement or acquisition and for one year after completion of such construction, reconstruction, repair, extension or improvement or after acquisition of the project or projects, initial reserve funds, acquisition of real or personal property, including fran-
chises, and such other costs as are necessary and incidental to the construction, reconstruction, repair, extension or improvement, or acquisition of such project or projects and the financing thereof. Such an entity shall have the power to retain and enter into agreements with engineers, fiscal agents, financial advisers, attorneys, architects or other consultants or advisers for planning, supervision and financing of such project or projects upon such terms and conditions as shall be deemed advisable and in the best interest of the entity. Bonds issued under the provisions of this chapter are declared to be investment securities under the laws of the state of Iowa. [C71, §28F.4]

28F.5 Source of payment — rates and charges, pledge of revenues. Such an entity shall have the power to pledge all or part of the net revenues of a project or projects to the payment of the principal of and interest on the bonds issued pursuant to this chapter and shall provide by resolution authorizing the issuance of said bonds that such net revenues of the project or projects shall be set apart in a sinking fund for that purpose and kept separate and distinct from all other revenues of the entity. The principal of and interest on the bonds so issued shall be secured by a pledge of such net revenues of the project or projects in the manner and to the extent provided in the resolution authorizing the issuance of said bonds.

Such an entity shall have the power to fix, establish and maintain such rates, tolls, fees, rentals or other charges and collect the same from the public agencies participating in the agreement or from private agencies or persons for the payment of the services and facilities provided by said project or projects. Such rates, tolls, fees, rentals or other charges shall be so fixed, established and maintained and revised from time to time whenever necessary as will always provide revenues sufficient to pay the cost of maintaining, repairing and operating the project or projects, to pay the principal of and interest of the bonds then outstanding which are payable therefrom as the same become due and payable, to provide adequate and sufficient reserves therefor, to provide for replacements, depreciations and necessary extensions and enlargements and to provide a margin of safety for the making of such payments and providing such reserves. Notwithstanding the foregoing such an entity shall have the further right to pledge to the payment of the bonds issued pursuant to this chapter, in addition to the net revenues of the project or projects pledged therefor, such other moneys that it may have and which are lawfully available therefor.

In order to pay the rates, tolls, fees, rentals or other charges levied against a public agency by an entity for the payment of the services and facilities provided by a project or projects authorized by this chapter, public agencies participating in such an agreement shall have the power by ordinance to fix, establish and maintain, rates or other charges for the use of and the services and facilities rendered by said project or projects. Such rates or charges may be so fixed, established and maintained and revised from time to time whenever necessary as will always provide such public agencies with sufficient revenue to pay the rates, tolls, fees, rentals or other charges levied against it by the entity for the payments of the services and facilities provided by said project or projects. All such rates or charges to be paid by the owners of real property, if not paid as by the ordinance provided, when due, shall constitute a lien upon such real property served by such project or projects, and shall be collected in the same manner as general taxes. [C71, §28F.5]

28F.6 Bonds not debts of the public agencies. The principal of and interest on the bonds issued by an entity under the provisions of this chapter shall be payable solely from and secured by the net revenues of the project or projects and from other funds of the entity lawfully available therefor as provided in section 28F.5 and said bonds shall not in any respect be a general obligation of any public agency participating in said entity nor shall the entity or any public agency participating in said entity be in any manner liable by reason of such net revenues or other funds being insufficient to pay said bonds. All bonds issued by the entity shall contain a recital on their face that neither the payment of the principal nor any part thereof nor any interest thereon constitutes a debt, liability or obligation of any of the public agencies participating in the agreement creating such entity or of the entity itself, except that the entity shall be liable for the payment of such bonds from the net revenues derived from the project or projects and from the other moneys lawfully available therefor and pledged thereto pursuant to the provisions of the resolution which authorized their issuance. Said bonds issued by the entity shall be authorized by resolution which may be adopted at the same meeting at which it was introduced by a majority of the members of the governing body of the entity. The terms, conditions and provisions for the authorization, issuance, sale, and security of said bonds and of the holders thereof shall be set forth in said resolution. [C71, §28F.6]

28F.7 Operation of project. Such an entity shall operate, maintain and preserve the project or projects in good repair and working order, and shall operate the project or projects in an efficient and economical manner, provided, however, that the entity may lease or rent the project or projects or any part thereof, or otherwise provide for the operation of the project or projects or any part thereof in such manner and upon such terms as the governing body of the entity shall direct. [C71, §28F.7]
28F.8 Details of revenue bonds. Revenue bonds issued pursuant to the provisions of this chapter shall bear interest at a rate or rates not exceeding seven per centum per annum, may be in one or more series, may bear such date or dates, may mature at such time or times not exceeding forty years from their respective dates, may be payable in such medium of payment, at such place or places within the state, may carry such registration privileges, may be subject to such terms of prior redemption, with or without premium, may be executed in such manner, may contain such terms, covenants and conditions, and may be in such form otherwise, as such resolution or subsequent resolutions shall provide. [C71, §28F.8] See also §§75.11 and 394.13

28F.9 Issuance of bond anticipation notes. Such an entity shall have the power, at any time and from time to time after the issuance of bonds thereof shall have been authorized, to borrow money for the purposes for which such bonds are to be issued in anticipation of the receipt of the proceeds of the sale of such bonds and within the authorized maximum amount of such bond issue. Any such loan shall be paid within three years after the date of the initial loan. Bond anticipation notes shall be issued for all moneys so borrowed under the provisions of this section, and such notes may be renewed from time to time, but all such renewal notes shall mature within the time above limited for the payment of the initial loan. Such notes shall be authorized by resolution of the governing body of the entity and shall be in such denomination or denominations, shall bear interest at such rate or rates not exceeding the maximum rate permitted by the resolution authorizing the issuance of the bonds, shall be in such form and shall be executed in such manner, all as such entity shall prescribe. If such notes shall be renewal notes, they may be exchanged for notes then outstanding on such terms as the governing body of the entity shall determine. The governing body of the entity may, in its discretion, retire any such notes from the revenues derived from the project or projects or from such other moneys of the entity which are lawfully available therefor or from a combination of each, in lieu of retiring them by means of bond proceeds, provided, however, that before the retirement of such notes by any means other than the issuance of bonds it shall amend or repeal the resolution authorizing the issuance of the bonds in anticipation of the proceeds of the sale of which such notes shall have been issued so as to reduce the authorized amount of the bond issue by the amount of the notes so retired. Such amendatory or repealing resolution shall take effect upon its passage. [C71, §28F.9]

28F.10 Refunding bonds. Refunding bonds may be issued by an entity in a principal amount sufficient to provide funds for the payment (including premium, if any) of bonds issued by said entity pursuant to the provisions of this chapter to be refunded thereby and the interest thereon and in addition for the payment of all expenses incident to the calling, retiring, or paying of such outstanding bonds to be refunded, such refunding bonds may also finance the construction of a project or projects authorized by this chapter or the improvement, addition, betterment or extension of an existing project or projects so authorized. Said refunding bonds shall not be issued to refund the principal of and interest on any bonds to be refunded unless such bonds mature or are redeemable under their terms within ten years from the date of delivery of the refunding bonds. The proceeds of said refunding bonds to be used for the payment of the principal of, interest on and redemption premiums, if any, on said bonds to be refunded which will not be due and payable immediately shall be deposited in trust for the sole purpose of making such payments in a bank or trust company within the state. Any moneys in such trust fund, prior to the date such funds will be needed for the payment of such principal of, interest on and redemption premiums, if any, of such outstanding bonds to be refunded, may be invested or reinvested as provided in the resolution authorizing said refunding bonds. Refunding bonds shall be issued in the same manner and detail as revenue bonds herein authorized. [C71, §28F.10]

28F.11 Eminent domain. Any public agency participating in an agreement authorizing the joint exercise of governmental powers pursuant to this chapter may exercise its power of eminent domain to acquire interests in property, under provisions of law then in effect and applicable to such public agency, for the use of the entity created to carry out such agreement. Any interests in property so acquired shall be deemed acquired for a public purpose of the condemning public agency, and the payment of the costs of such acquisition may be made pursuant to such agreement or to any separate agreement between or among said public agency and such entity or the other public agencies participating in such entity or any of them. Upon payment of such costs, any property so acquired shall be and become the property of the entity. [C71, §28F.11]

§29A.27 Pay and allowances — injury or death benefit board. Officers and enlisted men while in active state service shall receive the same pay and allowances as are paid for the same rank or grade for service in the armed forces of the United States. When in active state service, except when such service is for the purpose of training, enlisted men shall receive additional pay in the sum of five dollars per day; provided, however, that no employee of the state who receives pay from the state as such employee during said active state service shall receive the additional pay herein provided for enlisted men.

In the event any officer or enlisted man shall be killed while on duty or in active state service, in line of duty, or shall die as the result of injuries received or as a result of illness or disease contracted while on duty or in active state service, in line of duty, his dependents, as defined by the workmen's compensation law of the state, shall receive the maximum compensation provided by the said law.

Any officer or enlisted man who suffers injuries or contracts disease, in line of duty, while on duty or in active state service, shall receive hospitalization and medical treatment, and during the period that he is totally disabled from engaging in any gainful occupation he shall also receive the pay and allowances of his grade. In the event of partial disability, he shall be allowed such partial pay and allowances as may be determined by a board of three officers to be appointed by the governor. At least one member of the board shall be a medical officer.

Any claim for death, illness, or disease contracted in line of duty while on duty or in ac-
tive state service, shall be filed with the adju­
tant general within six months from the date of death or contraction of the illness or dis­ease.

Where the provisions of this section may be applicable or at such other times as he may consider it necessary, the adjutant general shall appoint a board of officers, one of whom shall be a medical officer, upon the occurrence of each instance of an accident or incident resulting in the injury, illness, disease, or death of a member of the military forces of the state. The board of officers shall be appointed for the purpose of determining eligibility of individuals designated in this section for benefits authorized therein. The adjutant general shall appoint such a board at least once each year for the purpose of determining the continuation of eligibility of all recipients of such benefits. The boards provided herein shall be in addition to the board authorized for appointment by the governor for the purpose of determining entitlement to partial pay and allowances for partial disability as heretofore provided.

Any party aggrieved by any decision of a board provided in this section shall have the right of appeal to the district court of the state of Iowa in and for the county of his legal residence within a period of thirty days from date of mailing by the adjutant general by certified mail of notice of such decision. The appeal shall be perfected by filing in the office of the adjutant general a written notice of appeal setting forth the order or finding from which appealed and the grounds of the appeal. Within thirty days after the filing of such notice of appeal, the adjutant general shall make, certify, and file in the office of the clerk of the district court to which the appeal is taken a full and complete transcript of all documents in the proceeding. The transcript shall include the notice of appeal, any depositions, and a transcript or certification of the evidence, if reported. The clerk shall forthwith docket such appeal. The appeal shall be heard in such district court as in equity de novo. Appeal may be taken to the supreme court from any final order or judgment or decree of the district court. The attorney general of Iowa, upon the request of the adjutant general, shall represent the board appointed by the adjutant general against whom any such appeal has been instituted.

The provisions herein provided shall apply to all individuals receiving benefits under this section or who subsequently may become entitled to such benefits.

All payments herein provided for shall be paid on the approval of the adjutant general from the contingent fund of the executive council.

In the event benefits for death, injuries or illness are paid in part by the federal government, the state shall pay only the balance necessary to constitute the above designated amounts.

No payment received by any officer or enlisted man under the provisions of this section shall bar the right of such officer or enlisted man, or their heirs or representatives, to recover damages from any partnership, corporation, firm or persons whomsoever who otherwise would be liable, nor shall any such sums received under the provisions of this section reduce the amount of damages recoverable by such officer, enlisted man, or their heirs or representatives, against any partnership, corporation, firm or persons whomsoever who otherwise would be liable. GENERAL JURISDICTION

29B.1 Persons subject to code. This chapter applies to all members of the state military forces who are not in federal service. [C66, 71,§29B.1]

29B.2 Jurisdiction to try personnel. Each person discharged from the state military forces who is later charged with having fraudulently obtained his discharge is, subject to section 29B.44, subject to trial by court-martial on that charge and is after apprehension subject to this code while in the custody of the military for that trial. Upon conviction of that charge he is subject to trial by court-martial for all offenses under this code committed before the fraudulent discharge.

No person who has deserted from the state military forces may be relieved from amenability to the jurisdiction of this code by virtue of a separation from any later period of service. [C66, 71,§29B.2]

29B.3 Territorial applicability of code. This code applies throughout the state. It also applies to all persons otherwise subject to this code while they are serving outside the state, and while they are going to and returning from such service outside the state, in the same manner and to the same extent as if they were serving inside the state.

Courts-martial and courts of inquiry may be convened and held in units of the state military forces while those units are serving outside the state with the same jurisdiction and powers as to persons subject to this code as if the proceedings were held inside the state and offenses committed outside the state may be tried and punished either inside or outside the state. [C66, 71,§29B.3]

APPREHENSION AND RESTRAINT

29B.4 Apprehension. Apprehension is the taking of a person into custody. Any person authorized by this code, or by regulations issued under it, to apprehend persons subject to this code, may arrest or apprehend a deserter from the state military forces and deliver him into the custody of the state military forces. If an offender is apprehended outside the state his return to the area must be in accordance with normal extradition procedures or reciprocal agreement. [C66, 71,§29B.4]

29B.5 Apprehension of deserters. Any civil officer having authority to apprehend offenders under the laws of the United States or of a state, territory, commonwealth, or possession, or the District of Columbia may summarily apprehend a deserter from the state military forces and deliver him into the custody of the state military forces. If an offender is apprehended outside the state his return to the area must be in accordance with normal extradition procedures or reciprocal agreement. [C66, 71,§29B.5]

29B.6 Imposition of restraint. Arrest is the restraint of a person by an order, not imposed as a punishment for an offense, directing him to remain within certain specified limits. Confinement is the physical restraint of a person.

An enlisted member may be ordered into arrest or confinement by any commissioned officer by an order, oral or written, delivered in person or through other persons subject to this code or through any person authorized by this code to apprehend persons.

A commanding officer may authorize warrant officers, petty officers or noncommissioned officers to order enlisted members of his command or subject to his authority into arrest or confinement.

A commissioned officer or a warrant officer may be ordered apprehended or into arrest or confinement only by a commanding officer to whose authority he is subject, by an order, oral or written, delivered in person or by another commissioned officer. The authority to order such persons apprehended or into arrest or confinement may not be delegated. [C54, 58, 62,§29B.6]

29B.7 Probable cause. No person may be ordered apprehended or into arrest or confinement except for probable cause.

This section does not limit the authority of persons authorized to apprehend offenders to secure the custody of an alleged offender until proper authority may be notified. [C54, 58, 62,§29B.7]

29B.8 Restraint of persons charged with offenses. Any person subject to this code charged with an offense under this code shall be ordered into arrest or confinement, as circumstances may require; but when charged
only with an offense normally tried by a summary court-martial, such person shall not ordinarily be placed in confinement. When any person subject to this code is placed in arrest or confinement prior to trial, after charges are placed against him, immediate steps shall be taken to inform him of the specific wrong of which he is accused and to try him within sixty days of informing the accused or to dismiss the charges and release him. [C54, 58, 62, §29.64; C66, 71, §29B.8]

29B.9 Posting of bond. The accused may post bond in the amount ordered by the convening authority but not to exceed twice the authorized fine for such offense, however, no bond is permitted for capital offenses. [C66, 71, §29B.9]

29B.10 Confinement in jails. Persons confined other than in a guardhouse, whether before, during or after trial by a military court, shall be confined in civil jails, penitenciaries, or prisons. [C66, 71, §29B.10]

29B.11 Reports and receiving of prisoners. Every commander of a guard, master-at-arms, warden, keeper, or officer of a city or county jail or of any other jail, penitentiary, or prison, to whose charge a prisoner is committed shall, within twenty-four hours after that commitment or as soon as he is relieved from guard, report to the commanding officer of the prisoner the name of the prisoner, the offense charged against him, and the name of the person who ordered or authorized the commitment. [C54, 58, 62, §29.68; C66, 71, §29B.11]

29B.12 Punishment prohibited before trial. Subject to section 29B.58, no person, while being held for trial or the result of a trial, may be subjected to punishment or penalty other than arrest or confinement upon the charges pending against him, nor shall the arrest or confinement imposed upon him be any more rigorous than the circumstances require to insure his presence, but he may be subjected to minor punishment during that period for infractions of discipline. [C66, 71, §29B.12]

29B.13 Delivery of offenders to civil authorities. Under such regulations as may be prescribed under this code a person subject to this code who is on active state duty who is accused of an offense against civil authority may be delivered, upon request, to the civil authority for trial. When delivery under this section is made to any civil authority of a person undergoing sentence of a court-martial, the delivery, if followed by conviction in a civil tribunal, shall be held to interrupt the execution of the sentence of the court-martial, and the offender after having answered to the civil authorities for his offense shall, upon the request of competent military authority, be returned to military custody for the completion of his sentence. [C54, §467-61; C39, §467-37; C16, 50, §29.37; C54, 58, 62, §29.61; C66, 71, §29B.13]

29B.14 Commanding officers nonjudicial punishment. Under such regulations as the adjutant general may prescribe any commanding officer may, in addition to or in lieu of admonition or reprimand, impose one of the following disciplinary punishments for minor offenses without the intervention of a court-martial:

1. Upon officer of his command:
   a. Withholding of privileges for not more than two consecutive weeks,
   b. Restriction to certain specified limits with or without suspension from duty, for not more than two consecutive weeks, or
   c. If imposed by a commanding officer of the state military forces of field grade or above, a fine or forfeiture of pay and allowances of not more than twenty-five dollars.

2. Upon other military personnel of his command:
   a. Withholding of privileges for not more than two consecutive weeks,
   b. Restriction to certain specified limits, with or without suspension from duty, for not more than two consecutive weeks,
   c. Extra duties for not more than fourteen days, which need not be consecutive, and for not more than two hours per day, holidays included,
   d. Reduction to the lowest or any intermediate grade within his promotion authority,
   e. If imposed by an officer exercising special court-martial jurisdiction over the offender, a fine or forfeiture of pay and allowances of not more than ten dollars.

A person punished under this section who considers his punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The officer who imposes the punishment, his successor in command, or superior authority may suspend, set aside, or remit any part or amount of the punishment and restore all rights, privileges and property affected.

The imposition and enforcement of disciplinary punishment under this section for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this section, but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilt.

Whenever a punishment of forfeiture of pay and allowances is imposed under this section, the forfeiture may apply to pay or allowances accruing on or after that punishment is imposed and to any pay and allowances accruing before that date. [C54, 58, 62, §29B.14; C66, 71, §29B.14]

Referred to in §§29B.18, 29B.44
29B.15 Courts-martial of state military forces not in federal service—jurisdiction—forms and proceedings. In the state military forces not in federal service, there are general, special, and summary courts-martial constituted like similar courts of the armed forces of the United States. They have the jurisdiction and powers, except as to punishments, and shall follow the forms and procedures provided for those courts.

The three kinds of courts-martial are:

1. General courts-martial, consisting of a law officer and not less than five members;
2. Special courts-martial, consisting of not less than three members; and
3. Summary courts-martial, consisting of one commissioned officer. [C35, §§467-f33, -f61; C39, §§467.35, 467.63; C46, 50, §§29.35, 29.63; C54, 58, 62, §29.69; C66, 71, §29B.15]

29B.16 Jurisdiction of courts-martial in general. Each force of the state military forces has court-martial jurisdiction over all persons subject to this code. [C35, §§467-f33, -f61; C39, §§467.35, 467.63; C46, 50, §§29.35, 29.63; C54, 58, 62, §29.69; C66, 71, §29B.16]

29B.17 Jurisdiction of general courts-martial. Subject to section 29B.16, general courts-martial have jurisdiction to try persons subject to this code for any offense made punishable by this code and may, under such limitations as the adjutant general may prescribe, adjudge any of the following punishments:

1. A fine of not more than two hundred dollars;
2. Forfeiture of pay and allowances not to exceed one thousand dollars;
3. A reprimand;
4. Dismissal or dishonorable discharge;
5. Reduction of a noncommissioned officer to the ranks; or
6. Any combination of these punishments. [C39, §§467.33, 467.63; C46, 50, §§29.33, 29.63; C54, 58, 62, §29.71; C66, 71, §29B.17]

29B.18 Jurisdiction of special or summary courts-martial. Subject to section 29B.16, special courts-martial have jurisdiction to try persons subject to this code for any offense for which they may have been punished under this code. A special court-martial has the same powers of punishment as a general court-martial except that a fine imposed by a special court-martial may not be more than one hundred dollars for a single offense.

Subject to section 29B.16, summary courts-martial have jurisdiction to try persons subject to this code, except officers, for any offense made punishable by this code.

No person with respect to whom summary courts martial have jurisdiction may be brought to trial before a summary court-martial if he objects thereto, unless under section 29B.14 he has been permitted and has elected to refuse punishment under that section. If objection to trial by summary court-martial is made by an accused who has not been permitted to refuse punishment under section 29B.14, trial shall be ordered by special or general court-martial, as may be appropriate.

A summary court-martial may sentence to a fine of not more than twenty-five dollars for a single offense, to forfeiture of pay and allowances, not to exceed two-thirds of one month's pay, and to reduction of a noncommissioned officer to the ranks. [C54, 58, 62, §§29.72, 29.75; C66, 71, §29B.18]

29B.19 Sentences of dismissal or dishonorable discharge to be approved by the governor. In the organized militia not in federal service, no sentence of dismissal or dishonorable discharge may be executed until it is approved by the governor. [C54, 58, 62, §29.75; C66, 71, §29B.19]

29B.20 Complete record. A dishonorable discharge, bad conduct discharge or dismissal may not be adjudged by any court-martial unless a complete record of the proceedings and testimony before the court has been made. [C66, 71, §29B.20]

29B.21 Confinement instead of fine. In the state military forces, not in federal service, a court-martial may, instead of imposing a fine, sentence to confinement for not more than one day for each three dollars of the authorized fine. [C35, §§467-f35; C39, §§467.37; C46, 50, §§29.37; C54, 58, 62, §§29.74; C66, 71, §29B.21]

29B.22 Judge advocates and legal officers. The adjutant general shall appoint an active or retired officer of the state military forces as state judge advocate. To be eligible for appointment, an officer must be a member of the bar of the highest court of the state and must have been a member of the bar of the state for at least five years.

The adjutant general may appoint as many assistant state judge advocates as he considers necessary. To be eligible for appointment, assistant state judge advocates must be active officers of the state military forces and members of the bar of the highest court of the state.

Convening authorities shall at all times communicate directly with their staff judge advocates in matters relating to the administration of military justice; and the staff judge advocate of any command may communicate directly with the staff judge advocate of a superior or subordinate command, or with the state judge advocate.

No person who has acted as member, law officer, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, or investigating officer, or who has been a witness for either the prosecution or defense, in any case may later act as staff judge advocate or legal officer to any reviewing authority upon the same case. [C66, 71, §29B.22]
APPOINTMENT AND COMPOSITION OF COURTS-MARTIAL

29B.23 Who may convene general courts-martial. In the state military forces not in federal service, general courts-martial may be convened by the governor, or by the adjutant general of the state of Iowa. [C39,§467.33; C46, 50,§29.33; C54, 58, 62,§29.71; C66, 71,§29B.23]

29B.24 Special courts-martial of state military forces not in federal service—who may convene. In the state military forces not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a division, brigade, regiment, wing, group, detached battalion, separate squadron, or other detached command, may convene special courts-martial. When any such officer is an accuser, the court shall be convened by a superior competent authority.

A special court-martial may not try a commissioned officer. [C54, 58,§29.72; C66, 71,§29B.24]

29B.25 Summary courts-martial—who may convene. In the state military forces not in federal service, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a division, brigade, regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment, may convene a summary court-martial consisting of an assistant state judge advocate. The proceedings shall be informal.

When only one commissioned officer is present with a command or detachment he shall be the summary court officer of that command or detachment and shall hear and determine all summary court-martial cases brought before him. [C54, 58, 62,§29.73; C66, 71,§29B.25]

29B.26 Who may serve on courts-martial. Any commissioned officer of or on duty with the state military forces is eligible to serve on all courts-martial for the trial of any person who may lawfully be brought before such courts for trial.

Any warrant officer of or on duty with the state military forces is eligible to serve on general and special courts-martial for the trial of any person, other than a commissioned officer, who may lawfully be brought before such courts for trial.

Any enlisted member of the state military forces who is not a member of the same unit as the accused is eligible to serve on general and special courts-martial for the trial of any enlisted member who may lawfully be brought before such courts for trial, but he shall serve as a member of a court only if, before the convening of the court, the accused personally has requested in writing that enlisted members serve on it. After such a request, the accused may not be tried by a general or special court-martial if the membership of which does not include enlisted members in a number comprising at least one-third of the total membership of the court, unless eligible members cannot be obtained on account of physical conditions or military exigencies. If such members cannot be obtained, the court may be convened and the trial held without them, but the convening authority shall make a detailed written statement, to be appended to the record, stating why they could not be obtained.

In this section, the word “unit” means any regularly organized body of the state military forces not larger than a company, a squadron, or a body corresponding to one of them.

When it can be avoided, no person subject to this code may be tried by a court-martial any member of which is junior to him in rank or grade.

When convening a court-martial, the convening authority shall detail as members thereof such members as, in his opinion, are best qualified for the duty by reason of age, education, training, experience, length of service, military discipline, and judicial temperament. No member is eligible to serve as a member of a general or special court-martial when he is the accuser or a witness for the prosecution or has acted as investigating officer, staff judge advocate, or as counsel in the same case. If within the command of the convening authority there is present and not otherwise disqualified a commissioned officer who is a member of the bar of the highest court of the state and of appropriate rank and grade, the convening authority shall appoint him as president of a special court-martial. Although this requirement is binding on the convening authority, failure to meet it in any case does not divest a military court of jurisdiction. [C66, 71,§29B.26]

29B.27 Law officer of a general court-martial. The authority convening a general court-martial shall detail as law officer thereof a commissioned officer who is a member of the bar of the highest court of the state, or a member of the bar of a federal court, and who is certified to be qualified for such duty by the state judge advocate. No person is eligible to act as law officer in a case if he is the accuser of a witness or has acted as investigating officer or as counsel in the same case.

The law officer may not consult with the members of the court, other than on the form of the findings as provided in section 29B.40, except in the presence of the accused, trial counsel, and defense counsel, nor may he vote with the members of the court. [C35,§467-f38; C39,§467.40; C46, 50,§29.40; C54, 58, 62,§29.79; C66, 71,§29B.27]

29B.28 Detail of trial counsel and defense counsel. For each general and special court-martial the authority convening the court shall detail trial counsel and defense counsel and such assistants as he considers appropriate. No person who has acted as investigating officer, law officer, or court member in any case may act later as trial counsel, assistant trial counsel, or, unless expressly requested
by the accused, as defense counsel, or assistant defense counsel in the same case. No person who has acted for the prosecution may act later in the same case for the defense, nor may any person who has acted for the defense act later in the same case for the prosecution.

Trial counsel or defense counsel detailed for a general court-martial must be a person who is a member of the bar of the highest court of the state, or a member of the bar of a federal court.

In the case of a special court-martial:
1. If the trial counsel is qualified to act as counsel before a general court-martial, the defense counsel detailed by the convening authority must be a person similarly qualified; and
2. If the trial counsel is a member of the bar of the highest court of the state, the defense counsel detailed by the convening authority must also be a member of the bar of the highest court of the state. [C66, 71, §29B.28]

29B.29 Detail or employment of reporters and interpreters. Under such regulations as the adjutant general may prescribe, the convening authority of a general or special court-martial or court of inquiry shall detail or employ certified court reporters, who shall record the proceedings of and testimony taken before that court. Under like regulations, the convening authority of a military court may detail or employ interpreters who shall interpret for the court. [C66, 71, §29B.29]

29B.30 Absent and additional members. No member of a general or special court-martial may be absent or excused after the accused has been arraigned except for physical disability or as the result of a challenge or by order of the convening authority for good cause.

Whenever a general court-martial is reduced below five members, the trial may not proceed unless the convening authority details new members sufficient in number to provide not less than five members. When the new members have been sworn, the trial shall proceed as if no evidence has been previously introduced, unless a verbatim record of the testimony of previously examined witnesses or a stipulation thereof is read to the court in the presence of the accused and counsel. [C66, 71, §29B.30]

29B.31 Charges and specifications. Charges and specifications shall be signed by a person subject to this code under oath before a person authorized by this code to administer oaths and shall state:
1. That the signer has personal knowledge of, or has investigated, the matters set forth therein; and
2. That they are true in fact to the best of his knowledge and belief.

Upon the preferring of charges, the proper authority shall take immediate steps to determine what disposition should be made thereof in the interest of justice and discipline, and the person accused shall be informed of the charges against him as soon as practicable. [C54, 58, 62, §29.64; C66, 71, §29B.31]

29B.32 Compulsory self-incrimination prohibited. No person subject to this code may compel any person to incriminate himself or to answer any question the answer to which may tend to incriminate him.

No person subject to this code may interrogate, or request any statement from, an accused or a person suspected of an offense without first informing him of the nature of the accusation and advising him that he does not have to make any statement regarding the offense of which he is accused or suspected and that any statement made by him may be used as evidence against him in a trial by court-martial.

No person subject to this code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade him.

No statement obtained from any person in violation of this section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against him in a trial by court-martial. [C66, 71, §29B.32]

29B.33 Investigation. No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

The accused shall be advised of the charges against him and of his right to be represented at that investigation by counsel. Upon his own request he shall be represented by civilian counsel if provided by him, or military counsel of his own selection if such counsel is reasonably available, or by counsel detailed by the officer exercising general court-martial jurisdiction over the command. At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him if they are available and to present anything he may desire in his own behalf, either in defense or mitigation, and the investigating officer shall examine witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.
If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed above, no further investigation of that charge is necessary under this section unless it is demanded by the accused after he is informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his own behalf.

The requirements of this section are binding on all persons administering this code but failure to follow them does not divest a military court of jurisdiction. [C66, 71,§29B.39]

29B.34 Forwarding of charges. When a person is held for trial by general court-martial the commanding officer shall, within eight days after the accused is ordered into arrest or confinement, if practicable, forward the charges to the adjutant general direct, together with the investigation and allied papers. If that is not practicable, he shall report in writing to the adjutant general the reasons for delay. [C66, 71,§29B.34]

29B.35 Advice of state judge advocate and reference for trial. Before directing the trial of any charge by general court-martial, the convening authority shall refer it to the state judge advocate for consideration and advice. The convening authority may not refer a charge to a general court-martial for trial unless he has found that the charge alleges an offense under this code and is warranted by evidence indicated in the report of the investigation.

If the charges or specifications are not formally correct or do not conform to the substance of the evidence contained in the report of the investigating officer, formal corrections, and such changes in the charges and specifications as are needed to make them conform to the evidence may be made. [C66, 71,§29B.35]

29B.36 Service of charges. The trial counsel to whom court-martial charges are referred for trial shall cause to be served upon the accused a copy of the charges upon which trial is to be had. In time of peace no person may, against his objection, be brought to trial before a general court-martial within a period of five days after the service of the charges upon him, or before a special court-martial within a period of three days after the service of the charges upon him. [C66, 71,§29B.36]

TRIAL PROCEDURE

29B.37 Adjutant general may prescribe rules. The procedures, including modes of proof, in cases before military courts and other military tribunals may be prescribed by the adjutant general by regulations, which shall, so far as he considers practicable, apply the principles of law and the rule of evidence generally recognized in the trial of criminal cases in the courts of the state, but which may not be contrary to or inconsistent with this code. [C66, 71,§29B.37]

29B.38 Unlawfully influencing action of court. No authority convening a general, special, or summary court-martial nor any other commanding officer, or officer serving on the staff thereof, may censure, reprimand, or admonish the court or any member, law officer, or counsel thereof, with respect to the findings or sentence adjudged by the court, or with respect to any other exercise of its or his functions in the conduct of the proceeding. No person subject to this code may attempt to influence the action of the court-martial or any other military tribunal or any member thereof, in reaching the findings or sentence in any case, or the action of any convening, approving, or reviewing authority with respect to his judicial acts. Any violation of this section shall be punished as a court-martial may direct. [C66, 71,§29B.38]

29B.39 Duties of trial counsel and defense counsel. The trial counsel of a general or special court-martial shall prosecute in the name of the state, and shall, under the direction of the court, prepare the record of the proceedings.

The accused has the right to be represented in his defense before a general or special court-martial by civilian counsel if provided by him, or by military counsel of his own selection if reasonably available, or by the defense counsel detailed under section 29B.28. Should the accused have counsel of his own selection, the defense counsel, and assistant defense counsel, if any, who were detailed, shall, if the accused so desires, act as his associate counsel; otherwise they shall be excused by the president of the court.

In every court-martial proceeding, the defense counsel may, in the event of conviction, forward for attachment to the record of proceedings a brief of such matters he feels should be considered in behalf of the accused on review, including any objection to the contents of the record which he considers appropriate.

An assistant trial counsel of a general court-martial may, under the direction of the trial counsel or when he is qualified to be a trial counsel as required by section 29B.28, perform any duty imposed by law, regulation, or the custom of the service upon the trial counsel of the court. An assistant trial counsel of a special court-martial may perform any duty of the trial counsel.

An assistant defense counsel of a general or special court-martial may, under the direction of the defense counsel or when he is qualified to be the defense counsel as required by section 29B.28, perform any duty imposed by law, regulation, or the custom of the service upon counsel for the accused. [C66, 71,§29B.39]
29B.40 Sessions. Whenever a general or special court-martial deliberates or votes, only the members of the court may be present. After a general court-martial has finally voted on the findings, the court may request the law officer and the reporter to appear before the court to put the findings in proper form, and these proceedings shall be on the record. All other proceedings, including any other consultation of the court with counsel or the law officer, shall be made a part of the record, and shall be in the presence of the accused, the defense counsel, the trial counsel, and in general court-martial cases, the law officer. [C66, 71, §29B.40]

Referred to in §29B.27

29B.11 Continuances. A court-martial may, for reasonable cause, grant a continuance to any party for such time, and as often, as may appear to be just. [C66, 71, §29B.41]

29B.42 Challenges. Members of a general or special court-martial and the law officer of a general court-martial may be challenged by the accused or the trial counsel for cause stated to the court. The court shall determine the relevancy and validity of challenges for cause, and may not receive a challenge to more than one person at a time. Challenges by the trial counsel shall ordinarily be presented and decided before those by the accused are offered.

Each accused and the trial counsel is entitled to one peremptory challenge, but the law officer may not be challenged except for cause, as outlined in rules of civil procedure 187"f" and stated to the court. [C66, 71, §29B.42]

29B.43 Oaths. The law officer, interpreters, and, in general and special courts-martial, members, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, and reporters shall take an oath or affirmation in the presence of the accused to perform their duties faithfully.

Each witness before a military court shall be examined on oath or affirmation. [C66, 71, §29B.43]

29B.44 Statute of limitations. A person charged with desertion or absence without leave in time of war, or with aiding the enemy or with mutiny may be tried and punished at any time without limitation.

Except as otherwise provided in this section, a person charged with desertion in time of peace or with the offense punishable under section 29B.112 is not liable to be tried by court-martial if the offense was committed more than three years before the receipt of sworn charges and specifications by an officer exercising summary court-martial jurisdiction over the command or before the imposition of punishment under section 29B.14.

Periods in which the accused was absent from territory in which the state has the authority to apprehend him, or in the custody of civil authorities, or in the hands of the enemy, shall be excluded in computing the period of limitation prescribed in this section. [C66, 71, §29B.44]

Referred to in §29B.2

29B.45 Former jeopardy. No person may, without his consent, be tried a second time in any military court of the state for the same offense.

No proceeding in which an accused has been found guilty by a court-martial upon any charge or specification is a trial in the sense of this section until the finding of guilty has become final after review of the case has been fully completed.

A proceeding which, after the introduction of evidence but before a finding, is dismissed or terminated by the convening authority or on motion of the prosecution for failure of available evidence or witnesses without any fault of the accused is a trial in the sense of this section. [C66, 71, §29B.45]

29B.46 Pleas of the accused. If an accused arraigned before a court-martial makes an irregular pleading, or after a plea of guilty sets up matter inconsistent with the plea, or if it appears that he has entered the plea of guilty improvidently or through lack of understanding of its meaning and effect, or if he fails or refuses to plead, a plea of not guilty shall be entered in the record, and the court shall proceed as though he had pleaded not guilty. [C66, 71, §29B.46]

29B.47 Opportunity to obtain witnesses and other evidence. The trial counsel, the defense counsel, and the court-martial shall have equal opportunity to obtain witnesses and other evidence in accordance with such regulations as the adjutant general may prescribe.

The president of a court-martial or a summary court officer may:

1. Issue a warrant for the arrest of any accused person who having been served with a warrant and a copy of the charges, disobeys a written order by the convening authority to appear before the court;

2. Issue subpoenas duces tecum and other subpoenas;

3. Enforce by attachment the attendance of witnesses and the production of books and papers; and

4. Sentence for refusal to be sworn or to answer, as provided in actions before civil courts of the state.

Process issued in court-martial cases to compel witnesses to appear and testify and to compel the production of other evidence shall run to any part of the state and shall be exe-
cuted by civil officers as prescribed by laws of
the state. [C35, §467-f37; C39, §467.39; C46, 50,
§29.39; C54, 58; 62, §29.76; C66, 71, §29B.47]

29B.48 Refusal to appear or testify. Any
person not subject to this code who:
1. Has been duly subpoenaed to appear as a
witness or to produce books and records be­
fore a military court or before any military
or civil officer and designated to take a deposition
be read in evidence before such a court;
2. Has been duly paid or tendered the fees
and mileage of a witness at the rates allowed
for witnesses attending the courts of the state;
and
3. Willfully neglects or refuses to appear, or
refuses to qualify as a witness or to testify or
to produce any evidence which that person
may have been legally subpoenaed to produce;
is guilty of an offense against the state and a
military court may punish him in the same
manner as the civil courts of the state. [C66,
71, §29B.48]

29B.49 Contempts. A military court may
punish for contempt any person who uses any
menacing word, sign, or gesture in its pres­
ence, or who disturbs its proceedings by
any riot or disorder. The punishment may
not exceed confinement for thirty days or a
fine of one hundred dollars, or both. [C68, 71,
§29B.49]

29B.50 Depositions. At any time after
charges have been signed, as provided in sec­
tion 29B.31, any party may take depositions
under the procedure set forth in Iowa rules
of civil procedure numbers 140 through 166,
inclusive. [C66, 71, §29B.50]

29B.51 Admissibility of records of courts of
inquiry. In any case not extending to the
dismissal of a commissioned officer, the sworn
testimony contained in the duly authenticated
record of proceedings of a court of inquiry, of
a person whose oral testimony cannot be ob­
tained, may, if otherwise admissible under
the rules of evidence, be read in evidence by
any party before a court-martial if the ac­
cused was a party before the court of inquiry,
and if the same issue was involved or if the
accused consents to the introduction of such
evidence.
Such testimony may be read in evidence
only by the defense in cases extending to the
dismissal of a commissioned officer.
Such testimony may also be read in evidence
before a court of inquiry or a military board.
[C66, 71, §29B.51]

29B.52 Voting and rulings. Voting by mem­
bers of a general or special court-martial upon
questions or challenge, on the findings, and
on the sentence shall be by secret written bal­
lot. The junior member of the court shall in
each case count the votes. The count shall be
checked by the president, who shall forthwith
announce the results of the ballot to the mem­
bers of the court.

The law officer of a general court-martial
and the president of a special court-martial
shall rule upon interlocutory questions, other
than challenge, arising during the proceedings.
Any such ruling made by the law officer of a
general court-martial or by the president of a
special court-martial upon any interlocutory
question other than a motion for a finding of
not guilty, or the question of the accused's
sanity, is final and constitutes the ruling of the
court. However, the law officer or president
may change the ruling at any time during the
trial except a ruling on a motion for a finding
of not guilty that was granted. Unless a rul­ing
is final, if any member objects thereto, the
court shall be cleared and closed and the ques­tion
decided by a voice vote as provided in
section 29B.53 beginning with the junior in
rank.

Before a vote is taken on the findings, the
law officer of a general court-martial and the
president of a special court-martial shall, in
the presence of the accused and counsel, in­
struct the court as to the elements of the off­
dense and charge the court:
1. That the accused must be presumed to
be innocent until his guilt is established by
legal and competent evidence beyond a rea­
sonable doubt;
2. That in the case being considered, if there
is a reasonable doubt as to the guilt of the
accused, the doubt must be resolved in favor
of the accused and he must be acquitted;
3. That, if there is a reasonable doubt as to
the degree of guilt, the finding must be in a
lower degree as to which there is no reasona­
ble doubt; and
4. That the burden of proof of establishing
the guilt of the accused beyond reasonable
doubt is upon the state. [C66, 71, §29B.52]

29B.53 Number of votes required. No per­
son may be convicted of an offense, except by
the concurrence of two-thirds of the members
present at the time the vote is taken.
All sentences shall be determined by the
concurrence of two-thirds of the members
present at the time that the vote is taken.
All other questions to be decided by the
members of a general or special court-martial
shall be determined by a majority vote. A
tie vote on a challenge disqualifies the member
challenged. A tie vote on a motion for a find­ing
of not guilty or on a motion relating to
the question of the accused's sanity is a deter­
mation against the accused. A tie vote on
any other question is a determination in favor
of the accused. [C66, 71, §29B.53]

29B.54 Court to announce action. A court­
martial shall announce its findings and sentence
to the parties as soon as determined.
[C66, 71, §29B.54]

29B.55 Record of trial. Each court-martial
shall keep a separate record of the proceedings
of the trial of each case brought before it and
the record shall be authenticated by the sig­

natures of the president and the law officer. If the record cannot be authenticated by either the president or the law officer, by reason of his death, disability or absence, it shall be signed by a member in lieu of him. If both the president and the law officer are unavailable, the record shall be authenticated by two members. A record of the proceedings of a trial in which the sentence adjudged includes a bad-conduct discharge or is more than that which could be adjudged by a special court-martial shall contain a verbatim account of the proceedings and testimony before the court. All other records of trial shall contain such matter and be authenticated in such manner as the adjutant general may by regulation prescribe.

A copy of the record of the proceedings of each general and special court-martial shall be given to the accused as soon as it is authenticated. If a verbatim record of trial by general court-martial is not required, but has been made, the accused may buy such a record under such regulations as the adjutant general may prescribe. [C66, 71,§29B.55]

SENTENCES

29B.56 Cruel and unusual punishments—prohibited. Punishment by cruel or unusual punishment may not be adjudged by any court-martial or inflicted upon any person subject to this code. [C66, 71,§29B.56]

29B.57 Maximum fines. The punishment which a court-martial may direct for an offense may not exceed limits prescribed by this code. [C66, 71,§29B.57]

29B.58 Effective date of sentences. Whenever a sentence of a court-martial as lawfully adjudged and approved includes a forfeiture of pay or allowances in addition to confinement not suspended, the forfeiture may apply to pay or allowances becoming due on or after the date the sentence is approved by the convening authority. No forfeiture may extend to any pay or allowances accrued before that date.

Any period of confinement included in a sentence of a court-martial begins to run from the date the sentence is adjudged by the court-martial but periods during which the sentence to confinement is suspended shall be excluded in computing the service of the term of confinement, provided, however, that credit be given for confinement served prior to trial. Regulations prescribed by the adjutant general may provide that sentences of confinement may not be executed until approved by designated officers.

All other sentences of courts-martial are effective on the date ordered executed. [C66, 71,§29B.58]

29B.59 Execution of confinement. A sentence of confinement adjudged by a military court, whether or not the sentence includes discharge or dismissal, and whether or not the discharge or dismissal has been executed, may be carried into execution by confinement in any place of confinement under the control of any of the forces of the state military forces or in any jail, penitentiary, or prison designated for that purpose. Persons so confined in a jail, penitentiary, or prison are subject to the same discipline and treatment as persons confined or committed to the jail, penitentiary or prison by the courts of the state or of any political subdivision thereof.

The omission of the words “hard labor” from any sentence or punishment of a court-martial adjudging confinement does not deprive the authority executing that sentence or punishment of the power to require hard labor as a part of the punishment.

The keepers, officer, and wardens of city or county jails and of other jails, penitentiaries, or prisons shall receive persons ordered into confinement before trial and persons committed to such confinement by a military court and shall confine them according to law. No such keeper, officer or warden may require payment of any fee or charge for so receiving or confining a person. [C66, 71,§29B.59]

REVIEW BY COURTS-MARTIAL

29B.60 Execution of sentence—suspension of sentence. Except as provided in sections 29B.20 and 29B.65, a court-martial sentence, unless suspended, may be ordered executed by the convening authority when approved by him. He shall approve the sentence or such part, amount, or commuted form of the sentence as he sees fit, and may suspend the execution of the sentence as approved by him. [C66, 71,§29B.60]

29B.61 Initial action of record. After a trial by court-martial the record shall be forwarded to the convening authority, as reviewing authority, and action thereon may be taken by the person who convened the court, a commissioned officer commanding for the time being, a successor in command, or by the adjutant general. [C66, 71,§29B.61]

29B.62 Same—general court-martial records. The convening authority shall refer the record of each general court-martial to the state judge advocate, who shall submit his written opinion thereon to the convening authority. If the final action of the court has resulted in an acquittal of all charges and specifications, the opinion shall be limited to questions of jurisdiction. [C66, 71,§29B.62]

29B.63 Reconsideration and revision. If a specification before a court-martial has been dismissed on motion and the ruling does not amount to a finding of not guilty, the convening authority may return the record to the court for reconsideration of the ruling and any further appropriate action.

Where there is an apparent error or omission in the record or where the record shows improper or inconsistent action by a court-martial with respect to a finding or sentence
which can be rectified without material prejudice to the substantial rights of the accused, the convening authority may return the record to the court for appropriate action. In no case, however, may the record be returned:

1. For reconsideration of a finding of not guilty, or a ruling which amounts to a finding of not guilty;

2. For reconsideration of a finding of not guilty of any charge, unless the record shows a finding of guilty under a specification laid under that charge, which sufficiently alleges a violation of some section of this code; or

3. For increasing the severity of the sentence unless the sentence prescribed for the offense is mandatory. [C66, 71,§29B.63]

29B.64 Rehearings. If the convening authority disapproves the findings and sentence of a court-martial he may, except where there is lack of sufficient evidence in the record to support the findings, order a rehearing. In such case he shall state the reasons for disapproval. If he disapproves the findings and sentence and does not order a rehearing, he shall dismiss the charges.

Each rehearing shall take place before a court-martial composed of members not members of the court-martial which first heard the case. Upon a rehearing the accused may not be tried for any offense of which he was found not guilty by the first court-martial, and no sentence in excess of or more severe than the original sentence may be imposed, unless the sentence is based upon a finding of guilty of an offense not considered upon the merits in the original proceedings, or unless the sentence prescribed for the offense is mandatory. [C66, 71,§29B.64]

29B.65 Review of records—disposition. If the convening authority is the governor or adjutant general, his action on the review of any record of trial is final.

In all other cases not covered by this section, if the sentence of a special court-martial as approved by the convening authority includes a bad-conduct discharge, whether or not suspended, the entire record shall be sent to the appropriate staff judge advocate of the state force concerned to be reviewed in the same manner as a record of trial by general court-martial. The record and the opinion of the staff judge advocate or legal officer shall then be sent to the state judge advocate for review.

All other special and summary court-martial records shall be sent to the staff judge advocate of the appropriate force of the state military forces and shall be acted upon, transmitted, and disposed of as may be prescribed by regulations prescribed by the adjutant general.

The state judge advocate shall review the record of trial in each case sent to him for review as provided under this section. If the final action of the court-martial has resulted in an acquittal of all charges and specifications, the opinion of the state judge advocate is limited to questions of jurisdiction.

The state judge advocate shall take final action in any case reviewable by him.

In a case reviewable by the appropriate state judge advocate under this section, the state judge advocate may act only with respect to the findings and sentence as approved by the convening authority. He may affirm only such findings of guilty, and the sentence or such part or amount of the sentence, as he finds correct in law and fact and determines, on the basis of the entire record, should be approved. In consideration of the record, he may weigh the evidence, judge the credibility of witnesses, and determine controverted questions of fact, recognizing that the trial court saw and heard the witnesses. If the state judge advocate sets aside the findings and sentence, he may, except where the setting aside is based on lack of sufficient evidence in the record to support the findings, order a rehearing. If he sets aside the findings and sentence and does not order a rehearing, he shall order that the charges be dismissed.

In a case reviewable by the state judge advocate under this section, he shall instruct the convening authority to act in accordance with his decision on the review. If he has ordered a rehearing but the convening authority finds a rehearing impracticable, he may dismiss the charges.

The state judge advocate may order one or more boards of review each composed of not less than three commissioned officers of the state military forces, each of whom must be a member of the bar of the highest court of the state. Each board of review shall review the record of any trial by special court-martial including a sentence to a bad-conduct discharge, referred to it by the state judge advocate. Boards of review have the same authority on review as the state judge advocate has under this section. [C66, 71,§29B.65]

Referred to in §29B.69

29B.66 Error of law—lesser included offenses. A finding or sentence of a court-martial may not be held incorrect on the ground of an error of law unless the error materially prejudices the substantial rights of the accused.

Any reviewing authority with the power to approve or affirm a finding of guilty may approve or affirm so much of the finding as includes a lesser included offense. [C66, 71,§29B.66]

29B.67 Review counsel. Upon the final review of a sentence of a general court-martial or of a sentence to a bad-conduct discharge, the accused has the right to be represented by counsel before the reviewing authority, before the staff judge advocate, and before the appropriate state judge advocate.

Upon the request of an accused entitled to be so represented, the state judge advocate shall appoint a lawyer who is a member of the state military forces and who has the qualifi-
PUNITIVE ARTICLES

29B.67 Restorations. Under such regulations as the adjutant general may prescribe, all rights, privileges, and property affected by an executed part of a court-martial sentence which has been set aside or disapproved, except an executed dismissal or discharge, shall be restored unless a new trial or rehearing is ordered and such executed part is included in a sentence imposed upon a new trial or rehearing.

If a previously executed sentence of dishonorable or bad-conduct discharge is not imposed on a new trial, the adjutant general shall substitute therefor a form of discharge authorized for administrative issuance unless the accused is to serve out the remainder of his enlistment.

If a previously executed sentence of dismissal is not imposed on a new trial, the adjutant general shall substitute therefor a form of discharge authorized for administrative issuance, and the commissioned officer dismissed by that sentence may be reappointed by the governor alone to such commissioned grade and with such rank as in the opinion of the governor that former officer would have attained had he not been dismissed. The reappointment of such a former officer may be made if a position vacancy is available under applicable tables of organization. All times between the dismissal and reappointment shall be considered as service for all purposes.

29B.68 Vacation of suspension. Before the vacation of the suspension of a special court-martial sentence which as approved includes a bad-conduct discharge, or of any general court-martial sentence, the officer having special court-martial jurisdiction over the probationer shall hold a hearing on the alleged violation of probation. The probationer shall be represented at the hearing by counsel if he so desires.

The record of the hearing and the recommendation of the officer having special court-martial jurisdiction shall be sent for action to the adjutant general in cases involving a general court-martial sentence and to the commanding officer of the force of state military forces of which the probationer is a member in all other cases covered by this section. If the adjutant general or commanding officer vacates the suspension, any unexecuted part of the sentence except a dismissal shall be executed.

The suspension of any other sentence may be vacated by any authority competent to convene, for the command in which the accused is serving or assigned, a court of the kind that imposed the sentence.

29B.69 Petition for a new trial. At any time within two years after approval by the convening authority of a court-martial sentence which extends to dismissal, dishonorable or bad-conduct discharge, the accused may petition the governor for a new trial on ground of newly discovered evidence of fraud on the court-martial.

29B.70 Reimission or suspension. A convening authority may remit or suspend any part or amount of the unexecuted part of any sentence, including all uncollected forfeitures.

The governor may, for good cause, substitute an administrative form of discharge for a discharge or dismissal executed in accordance with the sentence of a court-martial.

29B.71 Restoration. Under such regulations as the adjutant general may prescribe, all rights, privileges, and property affected by an executed part of a court-martial sentence which has been set aside or disapproved, except an executed dismissal or discharge, shall be restored unless a new trial or rehearing is ordered and such executed part is included in a sentence imposed upon a new trial or rehearing.

If a previously executed sentence of dishonorable or bad-conduct discharge is not imposed on a new trial, the adjutant general shall substitute therefor a form of discharge authorized for administrative issuance unless the accused is to serve out the remainder of his enlistment.

If a previously executed sentence of dismissal is not imposed on a new trial, the adjutant general shall substitute therefor a form of discharge authorized for administrative issuance, and the commissioned officer dismissed by that sentence may be reappointed by the governor alone to such commissioned grade and with such rank as in the opinion of the governor that former officer would have attained had he not been dismissed. The reappointment of such a former officer may be made if a position vacancy is available under applicable tables of organization. All times between the dismissal and reappointment shall be considered as service for all purposes.

29B.72 Finality of proceedings — findings and sentences. The proceedings, findings, and sentences of court-martial as reviewed and approved, as required by this code, and all dismissions and discharges carried into execution under sentences by courts-martial following review and approval, as required by this code, are final and conclusive. Orders publishing the proceedings are binding upon all departments, courts, agencies, and officers of the state, subject only to action upon a petition for a new trial as provided in section 29B.69.

29B.77 Attempts. An act, done with specific intent to commit an offense under this code, amounting to more than mere preparation and tending, even though failing, to effect its commission, is an attempt to commit that offense.

29B.79 Solicitation. Any person subject to this code who solicits or advises another or others to desert in violation of section 29B.82 or mutiny in violation of section 29B.91 shall, if the offense solicited or advised is attempted or committed, be punished with the punishment provided for the commission of the offense, but, if the offense solicited or advised is not committed or attempted, he shall be punished as a court-martial may direct. Any or all of the publications required by section 49.11 may be made after December 31 if necessary.

Nothing in this section shall prohibit a board of supervisors which has complied with the applicable requirements of this section by December 31 of any year following a year in which the federal decennial census is taken, from thereafter changing the boundaries of any precinct in the manner and within the limitations provided by this section at any time prior to or during the year in which the next federal decennial census is taken, if the board concludes that the changes in precinct boundaries are necessary to best serve the voters affected.

The secretary of state shall be notified when precinct boundary lines are changed and a map delineating the new boundary lines supplied. [C73,$603; C97,$1090; S13,$1090; C24, 27, 31, 35, 39,$722; C46, 50, 51, 58, 62, 66, 71,$49.4; 64GA, ch 98,$21, ch 99,$1]

49.5 City precincts. The council of a city may, from time to time, by ordinance definitely fixing the boundaries, divide the city into such number of election precincts as will best serve the convenience of the voters.

Election precincts shall be of as nearly equal population as possible within the limitations of reliable data on the populations of various parts of such city, and the boundaries of each...
METHOD OF CONDUCTING ELECTIONS, §49.10

Precinct shall follow the boundaries of areas for which official population figures are available from the most recent federal decennial census. A city having a population of more than three thousand five hundred shall cause the federal decennial census to be taken on a block-by-block basis and shall preserve block statistics. Every precinct shall be contained wholly within an existing legislative district. No election precinct shall have a total population in excess of three thousand five hundred, as shown by the most recent federal decennial census, except that:

1. If in any area of the city it is not possible to devise a contiguous precinct having a population of less than three thousand five hundred by the most recent federal decennial census, because one or more of the smallest population units for which census data are available are composed of noncontiguous territory, the city council may utilize other reliable and documented indicators of population distribution in establishing precincts within that area.

2. Where an unavoidable conflict arises between the requirements of this section relating to population of precincts and the requirement that each precinct be contained wholly within an existing legislative district, the latter requirement shall take precedence.

The council shall make any changes necessary to comply with this section no earlier than July 1 and no later than December 31 of each year immediately following a year in which the federal decennial census is taken, unless the general assembly by joint resolution establishes different dates for such compliance. Any or all of the publications required by section 49.11 may be made after December 31 if necessary.

If the council fails to fix election precinct boundaries by the deadlines established pursuant to this section, the state commissioner of elections shall fix or cause to be fixed the boundaries as soon as possible. Expenses incurred by the state commissioner of elections shall be assessed to the city and paid by the city.

The state commissioner of elections may request the services of personnel of the legislative service bureau and material available to the legislative service bureau for the purpose of fixing the boundaries of election precincts as provided in this section.

Nothing in this section shall prohibit a city council which has complied with the applicable requirements of this section by December 31 of any year following a year in which the federal decennial census is taken, from thereafter changing the boundaries of any precinct in the manner and within the limitations provided by this section, at any time prior to or during the year in which the next federal decennial census is taken, if the council concludes that the changes in precinct boundaries are necessary to best serve the voters affected.

The state commissioner of elections shall be notified when precinct boundary lines are changed and a map delineating the new boundaries is supplied. [C97, §1090; S13, §1090; C24, 27, 31, 35, 39, §723; C46, 50, 51, 58, 62, 66, 71, §49.5; 64GA, ch 98, §22; ch 99, §2; ch 1023, §19] Referred to in §49.10

49.6 Power to combine township and city precincts. The board of supervisors and the council of any town or city of less than thirty-five hundred inhabitants, not including the inmates of any state institution, may combine any part of the township outside of such city with any or all the wards or precincts thereof as an election precinct, or change or abolish such precinct. No precinct so created shall have a total population in excess of three thousand five hundred as shown by the most recent federal decennial census. [C97, §1090; S13, §1090; C24, 27, 31, 35, 39, §724; C46, 50, 54, 58, 62, 66, 71, §49.6; 64GA, ch 98, §23; ch 99, §3]

49.7 Portions of townships combined. No precinct shall contain different townships or parts thereof, except where the board of supervisors has combined two or more contiguous townships into one election precinct or where, by reason of the existence of a village or incorporated town on or near a township line, the board of supervisors may create a voting precinct in compact form, from said town or village, and may include therein territory adjoin ing and adjacent to said village or town, which is situated in two or more townships.

[C97, §1090; S13, §1090; C24, 27, 31, 35, 39, §725; C46, 50, 54, 58, 62, 66, 71, §49.7; 64GA, ch 100, §1] Referred to in §49.8

49.8 Changes in precincts. In cases contemplated in section 49.7, the board may, from time to time, make such changes in said boundaries as the convenience of the voters may require. [S13, §1090; C24, 27, 31, 35, 39, §726; C46, 50, 54, 58, 62, 66, 71, §49.8]

49.10 Polling places for certain precincts. 1. Polling places for precincts outside the limits of a city, but within the township, or originally within and set off as a separate township from the township in which the city is in whole or in part situated, and a polling place for a township which entirely surrounds another township containing a city, may be fixed at some room or rooms in the courthouse or in some other building within the limits of the city as the board of supervisors may provide.

2. If a petition be filed with the county supervisors ninety days before any primary, general or special election stating that there is no suitable or adequate polling place within a township constituting a voting precinct and that it is desirable and to the interest of the voters of such township voting precinct that a polling place therefore be designated outside the territorial limits of such township precinct, the board of supervisors shall fix as a polling place for such township precinct, such polling
place outside the township precinct as the board deems most convenient to the electors of the township precinct. Such petition must be signed by voters of the precinct exceeding in number one-half the total number of votes cast in the township precinct for the office of governor at the last preceding general election. When the board of supervisors has fixed such a polling place it shall remain the polling place at all subsequent primary, general and special elections, until such time as the county board of supervisors, upon its own motion, shall fix a polling place within said precinct.

3. The city council of any city in which precinct lines have been changed to comply with section 49.5, may fix the polling place for any precinct outside the boundaries of the precinct if there is no building or facility within the precinct suitable and available for use as a polling place. In so doing, the council shall fix the polling place at the point nearest the precinct which is suitable and available for use as a polling place and is reasonably accessible to voters of the precinct. No single room or area of any building or facility shall be fixed as the polling place for more than one precinct unless there are separate entrances thereto each clearly marked on the days on which elections are held as the entrance to the polling place of a particular precinct, and suitable arrangements are made within such room or area to prevent direct access from the polling place of any precinct to the polling place of any other precinct. When the council has fixed such a polling place for any precinct it shall remain the polling place at all subsequent primary, general and special elections until the boundaries of the precinct are changed or the council fixes a new polling place, except that the polling place shall be changed to a point within the boundaries of the precinct at any time not less than sixty days before the next succeeding primary, general or special election that a building or facility suitable for use as a polling place becomes available within the precinct.

4. If two or more contiguous townships have been combined into one election precinct by the board of supervisors, the board shall provide a polling place which is convenient to all of the electors in the precinct. [C97, §1091; S13, §1091; C24, 27, 31, 35, 39, §728; C46, 50, 54, 58, 62, 66, 71, §49.10; 61GA, ch 100, §2]

49.11 Notice of boundaries of precincts. The board of supervisors or council shall number or name the several precincts established, and cause the boundaries of each to be recorded in the records of said board of supervisors or council, as the case may be, and publish notice thereof in some newspaper of general circulation, published in such county or city, once each week for three consecutive weeks, the last to be made at least thirty days before the next general election. The precincts thus established shall continue until changed. [C73, §604; C97, §1092; C24, 27, 31, 35, 39, §729; C46, 50, 54, 58, 62, 66, 71, §49.11]

If there be one or more electors of another party qualified and willing to act as such judge or clerk, in all election precincts with voters in excess of one thousand an additional election board may be named. Nothing in this chapter shall change or abrogate any of the provisions of law relating to double election boards. In any precinct using voting machines in which more than three such machines are used, the board of supervisors is authorized to name one additional judge for said precinct for each such additional machine, maintaining the bipartisan political balance hereinbefore referred to. The membership of such election board shall be made up or completed by the board of supervisors from the parties which cast the largest and next largest number of votes in said precinct at the last general election, or that one which is unrepresented. The board of supervisors shall select said members from a list of persons submitted by the official county chairman of each of aforesaid parties, filed with the said board not more than forty-five days nor less than thirty days prior to each primary and general election. In the event such lists are not timely filed, the said board shall make the selection thereof in the manner prescribed herein without such lists, or, if said lists are incomplete, the said board shall complete the selection thereof in the same prescribed manner. The board of supervisors shall also designate one member of said election board to be the chairman of that board, and of the counting board, if any, with authority over the mechanics of the work of said boards. 49.93 But one vote for same office except in groups. No voter shall vote for more than one candidate for the same office, nor for a greater number of candidates for two or more offices of the same class than there are offices of such class to be filled at such election. [C97, §§1120; S13, §§1120; C24, 27, 31, 35, 39, §810; C46, 50, 54, 58, 62, 66, 71, §49.93]

2. He may place a cross or check in the square opposite the name of each such candidate without making any cross or check in the circle at the top of such ticket.
3. He may place a cross or check in the circle at the top of such ticket and also a cross or check in any or all of the squares beneath said circle. [C97, §§1119, 1120; S13, §§1119, 1120; C24, 27, 31, 35, 39, §811; C46, 50, 54, 58, 62, 66, 71, §49.94]

dates the cross or check in the circle does not apply and to indicate his choice the voter must place a cross or check in the square opposite the name of each such candidate for whom he desires to vote whether the same appears under such marked circle or not. [C97, §§1119, 1120; S13, §1119, 1120; C24, 27, 31, 35, 39, §813; C46, 50, 54, 58, 62, 66, 71, §49.96]

He may place a cross or check in the circle at the top of a ticket on which the names of some of the candidates for whom he desires to vote appear and also a cross or check in the square opposite the name of each other candidate of his choice, whose name appears upon some ticket other than the one in which he has marked the circle at the top.

2. He may place a cross or check in the square opposite the name of each candidate for whom he desires to vote without placing any cross or check in any circle. [C97, §§1119, 1120; S13, §§1119, 1120; C24, 27, 31, 35, 39, §814; C46, 50, 51, 55, 58, 62, 66, 71, §49.97]

If, for any reason, it is impossible to determine from a ballot, as marked, the choice of the voter for any office, such ballot shall not be counted for such office. When there is a conflict between the cross or check in the circle on one ticket and the cross or check in the square on another ticket on the ballot, the cross or check in the square shall be held to control, and the cross or check in the circle in such case shall not apply as to that office. Any ballot marked in any other manner than as authorized in sections 49.92 to 49.97, and in such manner as to show that the voter employed such mark for the purpose of identifying his ballot, shall be rejected. [C97, §1120; S13, §1120; C24, 27, 31, 35, 39, §815; C46, 50, 54, 58, 62, 66, 71, §49.98]

50.3 Double or defective ballots. If two or more marked ballots are so folded together as to appear to be cast as one, the judges shall endorse thereon "Rejected as double". Such ballots shall not be counted, but shall be folded together and kept as hereinafter directed. Every ballot not counted shall be endorsed "Defective" on the back thereof. When there is a tie vote due to such an excess, there shall be a new election. No person residing in another precinct at the time of the general election shall be allowed to vote at such special election. When the new vote is taken and returned, the canvass shall be completed. It shall retire to a partitioned space of room provided for that purpose and there proceed to count and tabulate the ballots as it shall find them deposited in the ballot box. The receiving board shall continue to receive the votes of electors in the other box provided, until such time as the counting board shall have finished counting and tabulating the ballots cast in the first ballot box. The two boards shall then exchange the ballot box for the second box and so continue until they have counted and tabulated all the votes cast on that election day. When the hour arrives for closing the polls, the receiving board shall certify to all matters pertaining to casting of ballots and shall then unite with the counting board in the counting of ballots. The judges shall then divide the ballots not counted and each group of judges and clerks shall proceed to canvass their portion of the same. When

**52.1 Use of voting machines.** At all state, county, city, town, primary, and township elections held in the state, ballots or votes may be cast, registered, recorded, and counted by means of voting machines, as hereinafter provided. [S13,§1137-a7; C24, 27, 31, 35, 39,§904; C46, 50, 54, 58, 62, 66, 71,§52.1]

52.2 Purchase. The board of supervisors of any county, or the council of any incorporated city or town in the state may, by a majority vote, authorize, purchase, and order the use of voting machines in any one or more voting precincts within said county, city, or town, until otherwise ordered by said board of supervisors or city or town council. [S13,§1137-a8; C24, 27, 31, 35, 39,§905; C46, 50, 54, 58, 62, 66, 71,§52.2]

52.3 Terms of purchase—tax levy. The local authorities, on the adoption and purchase of a voting machine, may provide for the payment therefor in such manner as they may deem for the best interest of the locality, and may for that purpose issue bonds, certificated of indebtedness, or other obligations, which shall be a charge on the county, city, or town, or levy not to exceed one-half mill; and any amounts so levied and collected in excess of actual costs of voting machines shall revert to the general fund of the county, city, or town concerned. In the case of a city or town, any such funds collected under this section shall be held in a separate account in the municipal enterprises fund and shall be used for no other purpose than the purchase of voting machines. Such bonds, certificates, or other obligations may be issued with or without interest, payable at such time or times as the authorities may determine, but shall not be issued or sold at less than par. [S13,§1137-a14; C24, 27, 31, 35, 39,§906; C46, 50, 54, 58, 62, 66, 71, §52.3]

52.4 Commissioners—term—removal. The governor shall appoint three commissioners, not more than two of whom shall be from the same political party. The said commissioners shall hold office for the term of five years, subject to removal at the pleasure of the governor. [S13,§1137-a9; C24, 27, 31, 35, 39,§907; C46, 50, 54, 58, 62, 66, 71,§52.4]

52.5 Examination of machine. Any person or corporation owning or being interested in any voting machine may call upon the said commissioners to examine the said machine, and make report to the secretary of state upon the capacity of the said machine to register the will of voters, its accuracy and efficiency, and with respect to its mechanical perfections and imperfections. Their report shall be filed in the office of the secretary of state and shall state whether in their opinion the kind of machine so examined can be safely used by such voters at elections under the conditions prescribed in this chapter. If the report states that the machine can be so used, it shall be deemed approved by the commissioners, and machines of its kind may be adopted for use at elections as herein provided. Any form of voting machine not so approved cannot be used at any election. [S13,§1137-a10: C24, 27, 31, 35, 39,§908; C46, 50, 54, 58, 62, 66, 71,§52.5]

52.6 Compensation. Each commissioner is entitled to one hundred fifty dollars for his compensation and expenses in making such examination and report, to be paid by the person or corporation applying for such examination. No commissioner shall have any interest whatever in any machine reported upon. Provided that said commissioner shall not receive to exceed fifteen hundred dollars and reasonable expenses in any one year; and all sums collected for such examinations over and above said maximum salaries and expenses shall be turned into the state treasury. [S13,§1137-a10: C24, 27, 31, 35, 39,§909; C46, 50, 54, 58, 62, 66, 71,§52.6]

52.7 Construction of machine approved. A voting machine approved by the state board of voting machine commissioners must be so constructed as to provide facilities for voting for the candidates of at least seven different parties or organizations, must permit a voter to vote for any person for any office although not nominated as a candidate by any party or organization, and must permit voting in absolute secrecy.

It must also be so constructed as to prevent voting for more than one person for the same office, except where the voter is lawfully entitled to vote for more than one person for that office; and it must afford him an opportunity to vote for any or all persons for that office as he is by law entitled to vote for and no more, at the same time preventing his voting for the same person twice.

It may also be provided with one ballot in each party column or row containing only the words "presidential electors", preceded by the party name, and a vote for such ballot shall operate as a vote for all the candidates of such party for presidential electors.

Such machine shall be so constructed as to accurately account for every vote cast upon it. [S13,§1137-a11; C24, 27, 31, 35, 39,§910; C46, 50, 54, 58, 62, 66, 71,§52.7]
§52.8 Experimental use. The board of supervisors of any county or the council of any city or town may provide for the experimental use at an election in one or more districts, of a machine which it might lawfully adopt, without a formal adoption thereof; and its use at such election shall be as valid for all purposes as if it had been lawfully adopted. [S13,§1137-a13; C24, 27, 31, 35, 39,§912; C46, 50, 54, 58, 62, 66, 71,§52.9]

52.9 Duties of local authorities—certificate of test. The local authorities adopting a voting machine shall, as soon as practicable thereafter, provide for each polling place one or more voting machines in complete working order, and shall thereafter keep them in repair, and shall have the custody thereof and of the furniture and equipment of the polling place when not in use at an election. If it shall be impracticable to supply each and every election district with a voting machine or voting machines at any election following such adoption, as many may be supplied as it is practicable to procure, and the same may be used in such election district or districts within the county, city, or town as the officers adopting the same may direct.

It shall be the duty of the county auditor or the city clerk or their duly authorized agents not less than twelve hours before the opening of the polls on the morning of the election to examine and test said machines. The chairman of each political party shall be notified in writing of the time said machines shall be examined and tested so that they may be present, or have a representative present. Those present for the examination and testing shall sign a certificate which shall read substantially as follows:

The Undersigned Hereby Certify that, having duly qualified, we were present and witnessed the testing and preparation of the following voting machines; that we believe the same to be in proper condition for use in the election of

On those voting machines presently equipped with an after-election latch and on all machines placed in use after January 1, 1961, in this state, the after-election latch shall be fully used by the election officials. [S13,§1137-a13; C24, 27, 31, 35, 39,§912; C46, 50, 54, 58, 62, 66, 71,§52.9]

52.10 Ballots—form. All ballots shall be printed in black ink on clear, white material, of such size as will fit the ballot frame, and in as plain, clear type as the space will reasonably permit. The party name for each political party represented on the machine shall be prefixed to the list of candidates of such party. The order of the list of candidates of the several parties or organizations shall be arranged as provided in sections 49.30 to 49.42, inclusive, except that the lists may be arranged in horizontal or vertical columns. [S13,§1137-a13; C24, 27, 31, 35, 39,§913; C46, 50, 54, 58, 62, 66, 71,§52.10]

52.11 Locking of unused party row. At all general elections the officer in charge of preparing the ballot upon every voting machine shall cause the party row next underneath the names of the Republican candidates, and also the party row underneath the names of the Democratic candidates, to be locked and left blank except when more than seven political parties have nominated candidates whose names are entitled to be placed on the official ballot. [C27, 31, 35,§913-a1; C39,§913.1; C46, 50, 54, 58, 62, 66, 71,§52.11]

52.12 Exception—party circle and general form. The provisions of section 49.42 shall not be applicable to voting machines owned prior to April 1, 1921, by any county or municipality insofar as they relate to the party circle and the form of the ballot generally; but nothing herein contained shall prohibit the use of voting machines equipped to comply with the foregoing provisions. [C24, 27, 31, 35, 39,§914; C46, 50, 54, 58, 62, 66, 71,§52.12]

52.13 Sample ballots. The officers or board charged with the duty of providing ballots for any polling place shall provide therefor two sample ballots, which shall be arranged in the form of a diagram showing the entire front of the voting machine as it will appear after the official ballots are arranged for voting on election day. Such sample ballots shall be open to public inspection at such polling place during the day of election and the day next preceding election day. [S13,§1137-a16; C24, 27, 31, 35, 39,§915; C46, 50, 54, 58, 62, 66, 71,§52.13]

52.14 Two sets of ballots. Two sets of ballots shall be provided for each polling place for each election for use in the voting machine. [S13,§1137-a17; C24, 27, 31, 35, 39,§916; C46, 50, 54, 58, 62, 66, 71,§52.14]

52.15 Delivery of ballots. The ballots and stationery shall be delivered to the election board of each election precinct before ten o’clock in the forenoon of the day next pre-
52.16 Duties of election officers—Independent ballots. The judges of election and clerks of each precinct shall meet at the polling place therein, at least three-quarters of an hour before the time set for the opening of the polls at each election, and shall proceed to arrange within the guardrail the furniture, stationery, and voting machine for the conduct of the election. The judges of election shall then and there have the voting machine, ballots, and stationery required to be delivered to them for such election; and, if it be an election at which registered voters only can vote, the registry of such electors required to be made and kept therefor. The judges shall thereupon cause at least two instruction cards to be posted conspicuously within the polling place. If not previously done, they shall arrange, in their proper place on the voting machine, the ballots containing the names of the offices to be filled at such election, and the names of the candidates nominated therefor. If not previously done, the machine shall be so arranged as to show that no vote has been cast, and the same shall not be thereafter operated, except by electors in voting. Before the polls are open for election, each judge shall carefully examine every machine and see that no vote has been cast, and the same shall be subject to inspection of the election officers. Ballots voted for any person whose name does not appear on the machine as a nominated candidate for office, are herein referred to as independent ballots. When two or more persons are to be elected to the same office, and the machine requires that all independent ballots voted for that office be deposited in a single receptacle or device, an elector may vote in or by such receptacle or device for one or more persons whose names do not appear upon the machine with or without the names of one or more persons whose names do so appear. With that exception, and except for presidential electors, no independent ballot shall be voted for any person for any office whose name appears on the machine as a nominated candidate for that office; any independent ballot so voted shall not be counted. An independent ballot must be cast in its appropriate place on the machine, or it shall be void and not counted. [S13,§1137-a19; C24, 27, 31, 35, 39,§918; C46, 50, 54, 58, 62, 66, 71,§52.16]

52.17 Voting machine in plain view. The exterior of the voting machine and every part of the polling place shall be in plain view of the election officers. The voting machine shall be placed at least three feet from every wall and partition of the polling place, and at least four feet from the clerk’s table. [S13,§1137-a20; C24, 27, 31, 35, 39,§919; C46, 50, 54, 58, 62, 66, 71,§52.17]

52.18 Method of voting. After the opening of the polls, the judges shall not allow any voter to enter the voting machine booth until they ascertain that he is duly entitled to vote. Only one voter at a time shall be permitted to enter the voting machine booth to vote. The operating of the voting machine by the elector while voting shall be secret and obscured from all other persons, except as provided by this chapter in cases of voting by assisted electors. No voter shall remain within the voting machine booth longer than three minutes, and if he shall refuse to leave it after the lapse of three minutes, he shall be removed by the judges. [S13,§1137-a21; C24, 27, 31, 35, 39,§920; C46, 50, 54, 58, 62, 66, 71,§52.18]

52.19 Instructions. In case any elector after entering the voting machine booth shall ask for further instructions concerning the manner of voting, two judges of opposite political parties shall give such instructions to him; but no judge or other election officer or person assisting an elector shall in any manner request, suggest, or seek to persuade or induce any such elector to vote any particular ticket, or for any particular candidate, or for or against any particular amendment, question, or proposition. After receiving such instructions, such elector shall vote as in the case of an unassisted voter. [S13,§1137-a22; C24, 27, 31, 35, 39,§921; C46, 50, 54, 58, 62, 66, 71,§52.19]

52.20 Injury to machine. No voter, or other person, shall deface or injure the voting machine or the ballot thereon. It shall be the duty of the judges to enforce the provisions of this section. During the entire period of an election, at least one of their number, designated by them from time to time, shall be stationened beside the entrance to the booth and shall see that it is properly closed after a voter has entered it to vote. He shall also, at such intervals as he may deem proper or necessary, examine the face of the machine to ascertain whether it has been defaced or injured, to detect the wrongdoer, and to repair any injury. [S13,§1137-a23; C24, 27, 31, 35, 39,§922; C46, 50, 54, 58, 62, 66, 71,§52.20]

52.21 Canvass of vote—tally sheet. As soon as the polls of the election are closed, the judges of the election thereat shall immediately lock the voting machine against voting and open the counting compartments in the presence of all persons who may be lawfully within the polling place, and proceed to canvass the vote. Said judges shall use a voting machine return and tally sheet in substantially the following form: [S13,§1137-a24; C24, 27, 31, 35, 39,§923; C46, 50, 54, 58, 62, 66, 71,§52.21]

The room occupied by the absentee ballot counting board shall be policed in such manner as to prevent any person from obtaining information regarding the progress of the count before the polls are closed. §53.40 Request requirements — transmission of ballot. Request in writing for ballot for the primary election and for the general election may be made by any member of the armed forces of the United States who is or will be a qualified voter on the day of the election at which said ballot is to be cast, at any time prior to either of said elections, the request stating for which election the request is made. In the case of the general election on such request may likewise be made, not more than seventy days before said election, for and on behalf of a voter in the armed forces of the United States by a spouse, parent, parent-in-law, adult brother, adult sister, or adult child of any such voter, residing in the county of said voter's residence, provided that any such request made by other than the voter may be required to be made on forms prescribed by the Iowa servicemen's ballot commission.

A request shall show the residence (including street address, if any) of the voter, the age and the city or town, including street address, if any, or township, county and state, and shall designate the address to which the ballot is to be sent, and in the case of the primary election, the party affiliation of such voter. Such request shall be made to the county auditor of the county of the voter's residence, provided that if the request is made by the voter to any elective state, city, town or county official, the said official shall forward it to the county auditor of the county of the voter's residence, and such request so forwarded shall have the same force and effect as if made direct to the county auditor by the voter.

The county auditor shall immediately on the fortieth day prior to the particular election transmit ballots to the voter by mail or otherwise, postage prepaid, as may be directed by the Iowa servicemen's ballot commission, requests for which are in his hands at that time, and thereafter so transmit ballots immediately upon receipt of requests for same. A request for ballot for the primary election which does not state the party affiliation of the voter making the request shall be void and of no effect. A request which does not show that the person for whom ballot is requested will be a qualified voter in the precinct in which said ballot is to be cast on the day of the election for which the ballot is requested, shall not be honored; provided that a request which states the age and the city or town, including street address, if any, or township, and county where-in the voter resides, and which shows a suf-
ficient period of residence, shall be sufficient to show that he is such a qualified voter. A request by the voter containing substantially the information required herein shall be sufficient.

If the affidavit on the ballot envelope shows that the affiant is not a qualified voter on the day of the election at which said ballot is offered for voting, the envelope shall not be opened, but the envelope and ballot contained therein shall be preserved and returned by the judges of election to the county auditor, who shall preserve same for the period of time and under the conditions provided for in sections 50.12 to 50.15, inclusive. Not more than one ballot shall be transmitted by the county auditor to any voter for a particular election. In the event the county auditor shall receive more than one absent voter's ballot, provided for by this division, from or purporting to be from any one voter for a particular election, all of said ballots so received from or purporting to be from such voter shall be null and void, and the county auditor shall not deliver any of said ballots to the judges of election, but shall retain them in his office, and preserve them for the period and under the conditions provided for in sections 50.12 to 50.15, inclusive. [C54, 58, 62, 66, 71, §53.41]

4. Investigate complaints and charges against members of its house and if warranted, report the results of such investigation to its house with recommendations for further action.

5. Recommend legislation relating to legislative ethics and lobbying activities.

The code of ethics and rules relating to lobbyists and lobbying activities shall not become effective until approved by the members of the house to which the proposed code and rules apply. The code or rules may be amended either upon the recommendation of the ethics committee or by members of the general assembly.

Violation of the code of ethics may result in the suspension of a member from the general assembly and the forfeiture of his salary if directed by a two-thirds vote of the house to which the member belongs. §73.2, PREFERENCE FOR IOWA PRODUCTS AND LABOR

§73.2 Advertisements for bids — form. All such requests and bids shall contain therein a paragraph in easily legible print, reading as follows:

"By virtue of statutory authority, a preference will be given to products and provisions grown and coal produced within the state of Iowa." [C27, 31, 35,§1171-b1; C39,§1171.01; C46, 50, 54, 58, 62, 66, 71,§73.1]

Every commission, board, committee, officer or other governing body of the state, or of any county, township, school district, city or town, and every person acting as contracting agent for any such commission, board, committee, officer or other governing body of the state, or of any county, township, school district, city or town, shall give preference to Iowa labor in the constructing or building of any public improvement or works, and every contract entered into by any such commission, board, committee, officer or other governing body of the state for the construction or building of any public improvement or works shall contain a provision requiring that preference shall be given to Iowa domestic labor in the constructing or building of such public improvement or works. The provisions of this and sections 73.4 and 73.5 shall not apply to the purchase of materials and supplies to be used in the construction of any road or highway. [C31, 35,§1171-d1; C39,§1171.03; C46, 50, 54, 58, 62, 66, 71,§73.3]

§73.4 “Person” defined. A person shall be deemed to be a domestic laborer of the state if he is a citizen and has resided in this state for more than six months. [C31, 35,§1171-d2; C39,§1171.04; C46, 50, 54, 58, 62, 66, 71,§73.4]

§73.5 Violations. Any officer or person who is connected with, or is a member or agent or representative of any commission, board, committee, officer or other governing body of this state, or of any county, township, school district, city or town, or contractor, who fails to give preference to Iowa labor as required in sections 73.3 and 73.4, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not to exceed one hundred dollars, or by imprisonment in the county jail for not to exceed thirty days. Each separate case of failure to give preference to Iowa labor shall constitute a separate offense. [C31, 35, §1171-d3; C39,§1171.05; C46, 50, 54, 58, 62, 66, 71,§73.5]

The provisions of this section shall not be applicable if coal produced within the state cannot be procured of a quantity or quality reasonably suited to the needs of such purchaser, nor if the equipment now installed is not reasonably adaptable to the use of coal produced within the state, nor if the use of coal produced within the state would materially lessen the efficiency or increase the cost of operating such purchaser’s heating or power plant, nor to mines employing miners not now under the provisions of the workmen’s compensation Act or who permit the miners to work in individual units in their own rooms. [C39,§1171.06; C46, 50, 54, 58, 62, 66, 71,§73.6]

[C39,§1171.07; C46, 50, 54, 58, 62, 66, 71,§73.7]

§73.8 Certificate. No bid for coal produced in Iowa which comes under the provisions of section 73.7, shall be considered unless it
states the name of the producer and gives the location of the mine from which the coal is to be produced, and unless there is attached thereto a certificate of the secretary of the state mine inspectors that the producer designated in such bid is now complying with all the workmen's compensation and mining laws of the state. [C39,§1171.08; C46, 50, 54, 58, 62, 66, 71,§73.8]

[C39,§1171.09; C46, 50, 54, 58, 62, 66, 71, §73.9]

Referred to in §§73.7, 73.10

[C51,§§66, 153; R60,§§87, 361; C73,§§79, 328; C97,§§105, 483, 600; S13,§183; C24, 27, 31,§§136, 5160, 5647, 7496; C35,§1171-f3; C39,§1171.13; C46, 50, 54, 58, 62, 66, 71,§74.2]

74.4 Assignment of warrant. When any warrant shall be assigned or transferred after being so endorsed, the assignee or transferee shall be under duty, for his own protection, to notify the treasurer in writing of such assignment or transfer and of his post-office address. Upon receiving such notification, the treasurer shall correct the aforesaid record accordingly. [C24, 27, 31,§7497; C35,§1171-f4; C39,§1171.14; C46, 50, 54, 58, 62, 66, 71,§74.4]

74.5 Call for payment. When the treasurer has funds on hand in the fund on which such warrants are drawn, sufficient to pay a warrant, he shall, by notice posted at his office and in a place readily accessible to the public, call said warrant or warrants for payment, giving the number thereof. Said warrants shall be paid in the order of presentation. If the treasurer of a school district is unable to sell the warrants at the maximum rate of interest provided in this section or at a lower rate of interest and receives at least two certificates of refusal, the treasurer may offer the warrants for public sale, by publishing notice of the sale for two consecutive weeks in a newspaper of general circulation in the jurisdiction of the governing body issuing the warrants, giving not less than ten days' notice of the time and place of the sale. The notice shall include a statement of the amount of the warrants offered for sale.

MATURITY AND PAYMENT OF BONDS

See also ch 23 relating to public contracts and bonds

76.1 Mandatory retirement. Hereafter issues of bonds of every kind and character by counties, cities, towns, and school corporations shall be consecutively numbered. The annual levy shall be sufficient to pay the interest and approximately such portion of the principal of the bonds as will retire them in a period not exceeding twenty years from date of issue. Each issue of bonds shall be scheduled to mature serially in the same order as numbered. [C27, 31, 36, §1179-b1; C39, §1179.1; C46, 50, 54, 58, 62, 66, 71, §76.1]

76.2 Mandatory levy. The governing authority of these political subdivisions before issuing bonds shall, by resolution, provide for the assessment of an annual levy upon all the taxable property in such public corporation sufficient to pay the interest and principal of such bonds within a period named not exceeding twenty years. A certified copy of this resolution shall be filed with the county auditor or auditors of the counties, as the case may be, in which such public corporation is located; and the filing thereof shall make it a duty of such officer or officers to enter annually this levy for collection until funds are realized to pay the bonds in full.

If the resolution is so filed prior to the first day of October, said annual levy shall begin with the tax levy of the year of filing. If the resolution is filed after the first day of October

in any year, such levy shall begin with the levy of the calendar year succeeding the year of the filing of such resolution. [C27, 31, 35, §1179-b2; C39, §1179.2; C46, 50, 54, 58, 62, 66, 71, §76.2]
Refered to in §24.4

76.3 Tax limitations. Tax limitations in any law for the issuance of bonds shall be based on the latest equalized actual valuation then existing and shall only restrict the amount of bonds which may be issued. For the sole purpose of computing the amount of bonds which may be issued as a result of the application of any such tax limitation, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year’s interest in the first annual levy of taxes to pay the bonds and interest shall not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies to the county auditor or auditors such first annual levy of taxes shall be sufficient to pay all principal of and interest on said bonds becoming due prior to the next succeeding annual levy and the full amount of such first annual levy shall be entered for collection by said auditor or auditors, as provided in this chapter. [C31, 35, §1179-c1; C39, §1179.3; C46, 50, 54, 58, 62, 66, 71, §76.3]

76.4 Permissive application of funds. Whenever the governing authority of such political subdivision shall have on hand funds derived from any other source than taxation which may be appropriated to the payment either of interest or principal, or both principal and interest of such bonds, such funds may be so appropriated and used and the levy for the payment of the bonds correspondingly reduced. [C27, 31, 35, §1179-b3; C39, §1179.4; C46, 50, 54, 58, 62, 66, 71, §76.4]

76.5 Exceptions. The provisions of this chapter shall not apply to bonds, the interest or principal of which are payable out of the primary road fund or out of special assessments against benefited property. [C27, 31, 35, §1179-b4; C39, §1179.5; C46, 50, 54, 58, 62, 66, 71, §76.5]

76.6 Place of payment. The principal and interest of all bonds of a public corporation in this state are payable at the office of the treasurer or public official charged with the duty of making payment, unless the proceedings of the governing body authorizing the issuance of the bonds provide that the bonds and interest thereon may also be payable at one or more banks or trust companies within or without the state of Iowa or as may be otherwise provided by chapter 419. [C35, §1179-f1; C39, §1179.6; C46, 50, 54, 58, 62, 66, 71, §76.6; 61GA, ch 102, §1]

EXTENSION OR RENEWAL OF BONDS

76.7 Particular bonds affected — payment. Counties, cities, towns, and school corporations may at any time or times extend or renew any legal indebtedness or any part thereof they may have represented by bonds or certificates where such indebtedness is payable from a limited annual tax or from a voted annual tax, and may by resolution fund or refund the same and issue bonds therefore running not more than twenty years to be known as funding or refunding bonds, and make provision for the payment of the principal and interest thereon from the proceeds of an annual tax for the period covered by such bonds similar to the tax authorized by law or by the electors for the payment of the indebtedness so extended or renewed. [C46, 50, 54, 58, 62, 66, 71, §76.7]

Refered to in §76.9

76.8 Laws applicable. All laws relating to the issuance of funding or refunding bonds by counties, cities, towns, and school corporations, as the case may be, not inconsistent with the provisions herein contained and to the extent the same may be applicable, shall govern the issuance of the funding and refunding bonds for the purpose herein authorized. [C46, 50, 54, 58, 62, 66, 71, §76.8]

Refered to in §76.9

76.9 No limit of former power. Sections 76.7 and 76.8 shall be construed as granting additional power without limiting the power already existing in counties, cities, towns, and school corporations. [C46, 50, 54, 58, 62, 66, 71, §76.9]

[C39, §1242.8; C46, 50, 54, 58, 62, 66, 71, §82.25]

Referred to in §§82.24

§82.26 Right to enter mine. The inspector shall have the right at all reasonable times, by day or night, to enter any mine in his district or any district to which he may be sent by the governor, for the purpose of ascertaining its condition, and the manner of its operation, by making personal examination and inquiry in relation thereto, but not so as to unnecessarily obstruct or impede the working of the mine; and to this end the mine owner or person in charge shall furnish such mine inspector all necessary assistance. [C39, §1242.9; C46, 50, 54, 58, 62, 66, 71, §82.26]

§82.27 Terms defined. Wherever the word "operator" occurs in this chapter it shall include the owner, lessee, agent, managing officer, and person in charge of any mine. The word "mine" as used in this chapter means any underground or surface mine opened for the purpose of removing any ores or mineral solids for commercial purposes. [C46, 50, 54, 58, 62, 66, 71, §82.27]

Referred to in §63A.7

§82.28 Maps—surveys. The operator of any mine shall comply with the following provisions relative to maps and surveys:

1. Scale. Each mine map shall be drawn to a scale of not more than two hundred feet to the inch.

2. General specifications. Each map shall show the name of the state, county, and township in which the mine is located, the designation of the mine, the name of the company or operator, the certificate of the mining engineer...
or surveyor as to the accuracy and date of the survey, the north point, and the scale to which the map is drawn.

3. **Boundaries and surface lines.** Every such map or plan shall correctly show the surface boundary lines, with the headings or corners belonging to each mine and all section or quarter section lines or corners within the same, the lines of town lots and streets, the tracks and sidetracks of all railroads, the location of all wagon roads, rivers, streams, and ponds, and reservations made of coal and mineral.

4. **Underground conditions.** For the underground workings said map shall show all shafts, slopes, tunnels, or other openings to the surface or to the workings of a contiguous mine; all excavations, entries, rooms, and crosscuts; the location of the escape ways, and of the fan or furnace or other means of ventilation and the direction of air currents, and the location of permanent pumps, haulage engines, engine planes, abandoned works, fire walls, and standing water.

5. **Separate maps.** A separate and similar map drawn to the same scale in all cases shall be made of each and every seam of coal operated in any mine in this state. A separate map shall also be made of the surface whenever the surface buildings, lines, or objects are so numerous as to obscure the details of the mine workings if drawn upon the same sheet with them, and in such case the surface map shall be drawn upon transparent cloth or paper so that it can be rolled up on the map of the underground workings and thus truly indicate the local relation of lines and objects on the surface to the excavations of the mine and any other principal workings of the mine.

6. **Rise and dip of seam.** Each map of underground workings shall also show by profile drawing and measurement, the last one hundred fifty feet approaching the boundary lines, showing the rise and dip of the seam.

7. **Copies.** The original or true copies of all such maps shall be kept at the office of the mine, and true copies thereof shall also be furnished the state mine inspector for the district in which said mine is located, within thirty days after the completion of the same.

8. **Extensions.** An accurate extension of the last preceding survey of every mine in active operation shall be made once in every twelve months prior to July 1 of every year and the result of such survey, with the date thereof, shall be promptly and accurately entered upon the original map, and a true, correct, and accurate copy of said extended map shall be forwarded to the inspector of mines in the district in which said mine is located so as to show all changes in plan of new work in the mine, and all extensions of the old workings to the most advanced face or boundary of said workings which have been made since the last preceding survey, and the parts of the mine abandoned or worked out after the last preceding survey shall be clearly indicated and shown by colorings, which copy must be delivered to the inspector of mines within thirty days after the last survey is made.

9. **Abandoned mine.** When any coal mine is worked out or is about to be abandoned or indefinitely closed, the operator of the same shall make or cause to be made a completed and extended map of said mine and the result of the same shall be duly extended on all maps of the mine and copies thereof so as to show all excavations and the most advanced workings of the mine, and their exact relation to the boundary or section lines on the surface, and deliver to the inspector a copy of the completed map.

10. **Surveys ordered.** The inspector shall order a survey to be made of the workings of any mine, and the result to be extended on the maps of the same and the copies thereof, when in his judgment the safety of the support of the surface, the conservation of the property, or the safety of an adjoining mine requires it. If not made by the operator when ordered by the inspector, such inspector shall cause it to be made and paid for by the state and the amount collected from the operator. [C97, §2185; S13, §2485; C24, 27, 31, 35, 39, §12145; C16, 50, 54, 58, 62, 66, 71, §82.28]

82.29 Failure to furnish map. When the operator of any mine neglects or refuses for a period of ninety days to furnish to said inspector the map or plan, or a copy thereof, of such mine or any extension thereof, as provided in this chapter, the inspector shall cause to be made an accurate map or plan of such mine or extension as the case may be, at the expense of the operator. The cost shall be paid by the state and recovered from such operator. It shall be the duty of the county attorney of the county in which the mine is located at the request of the inspector, to bring action in the name of the state for such recovery. [S13, §2485-a; C24, 27, 31, 35, 39, §12146; C46, 50, 54, 58, 62, 66, 71, §82.29]

82.30 Maps property of state — custody — copies. The maps so delivered to the inspector shall be the property of the state and shall remain in the custody of the inspector during his term of office, and be delivered to his successor in office. They shall be kept at the office of the inspector and be open to examination by all persons interested in the same; but such examination shall only be made in the presence of the inspector or his office assistant, and he shall not permit any copies of the same to be made without the written consent of the operator or the owner of the property, except as otherwise provided. [C97, §2185; S13, §2485; C24, 27, 31, 35, 39, §12147; C46, 50, 54, 58, 62, 66, 71, §82.30]

82.31 Escape ways and air shafts. The operator of any mine shall construct and maintain at least two distinct openings for each seam of coal worked, which, in mines operated by shaft, shall be separated by a drift or煤 seam of not less than three hundred feet in breadth, and in mines operated by slope or drift not less
§82.31, MINES AND MINERALS

than two hundred feet in breadth, through which ingress and egress at all times shall be unobstructed to the employees and persons having occasion to use the same as escape ways or places of exit from the mine; but where five or a less number of persons are employed, the mine inspector in the exercise of a sound discretion shall have the power to waive the requirements of this section. [C97, §2486; S13, §2486; C24, 27, 31, 35, 39, §1218; C16, 50, 54, 58, 62, 66, 71, §82.31]

§82.32 Constructing escape shafts. In all mines there shall be allowed one year to make escape shafts or other means of exit as provided by law, but not more than twenty persons shall be employed in such mine at any time until the provisions of the law relating to escape shafts or other means of exit shall have been complied with and after the expiration of the period above mentioned it shall not be operated until made to conform to the provisions of law with reference to the escape shafts or other means of exit. [C97, §2487; S13, §2487; C27, 31, 35, §1248a; C39, §1218.1; C16, 50, 54, 58, 62, 66, 71, §82.32]

§82.33 Stairways—air and escape shafts. All escape shafts not provided with hoisting appliances as hereinafter provided shall have stairs at an angle of not more than sixty degrees in ascent, nor less than two and one-half feet in width, with proper, safe, and substantial landings at convenient and easy distances, and equipped with substantial handrails or banisters. If a shaft be used for an escape way and air shaft, that part used as an escape way shall be divided and partitioned closely with substantial material from the part used as an air shaft, all of which shall be kept in safe condition. [S13, §2486.1; C24, 27, 31, 35, 39, §1249; C16, 50, 54, 58, 62, 66, 71, §82.33]

§82.34 Hoisting appliances for escape shafts. All escape shafts not provided with stairs shall be provided with suitable appliances for hoisting underground workmen at all times, ready for use both day and night, while the workmen are in the mine. The hoisting apparatus shall be separate and apart from the hoisting shaft, and the equipment shall include a depth indicator, brake on the drum, steel or iron cable, safety catches on cages, and covers on cages to securely protect any person while on the cage. [S13, §2486b; C24, 27, 31, 35, 39, §1250; C16, 50, 54, 58, 62, 66, 71, §82.34]

§82.35 Underground connection. Where two or more mines are connected underground the owners by joint agreement may use the hoisting shaft, slope, or drift of the one as an escape way for the other, and the road or traveling ways thereto on either side shall be kept clear of every obstruction to travel by the respective operators, and the intervening doors, if any, shall remain unlocked and ready at all times for immediate use. When such connection has once been established between contiguous mines, it shall be unlawful for the operator of either mine to close the same without consent of both of contiguous operators and of the inspector of mines of the district; but when either operator desires to abandon mining operations, the expenses and duty of maintaining such connection shall devolve upon the party continuing operation. [S13, §2486-c; C24, 27, 31, 35, 39, §1251; C16, 50, 51, 58, 62, 66, 71, §82.35]

§82.36 Location of shafts—approval. No escape shaft or other place of exit, air shaft; or opening for ventilation, not including hoisting shafts, shall be located or constructed without first giving notice to the mine inspector, and obtaining his approval thereof in writing who shall retain a copy and file in his office and preserve with other records of that mine. [S13, §2486-d; C24, 27, 31, 35, 39, §1252; C16, 50, 51, 58, 62, 66, 71, §82.36]

§82.37 Additional air way or escape way. The mine inspector of the district in which any mine is located shall have the right at any time to order such additional air way or escape way, shaft, opening, or other place of exit as may be deemed necessary for the purpose of furnishing necessary additional ventilation or means of escape. [S13, §2486-d; C24, 27, 31, 35, §1253; C16, 50, 51, 58, 62, 66, 71, §82.37]

Upon such hearing the court shall render and enter such order or decree as the evidence warrants in equity and justice. [S13, §2486-e; C24, 27, 31, 35, 39, §1255; C16, 50, 51, 58, 62, 66, 71, §82.38]

§82.39 Ventilation—obstruction prohibited. Escape ways shall be ventilated and kept free from vitiated air, accumulation of ice, and obstructions of every kind; nor shall steam or heated air be discharged therein during the daytime unless an attendant be kept in charge thereof and the equipment so arranged that the steam or warm air may be readily turned off at any time, and a conspicuous signboard placed in plain view indicating the point where the steam or warm air may be turned off. All surface or other water which flows therein shall be conducted by rings or other means to receptacles so as to keep the stairway reasonably free from water. [S13, §2486-f; C24, 27, 31, 35, 39, §1256; C16, 50, 51, 58, 62, 66, 71, §82.39]

§82.40 Traveling ways—signboards. In any mine affected by this chapter and every seam of coal or other mineral worked therein, the following requirements shall apply:

1. Ways. There shall be constructed kept, and maintained safe and accessible traveling ways to and from any and all escape ways or places of exit, which shall be maintained free from falls of roof, standing water, and other obstructions and made at least five feet high and seven feet wide. In any case when, in the judgment of the inspector of the district where the mine is located, it is impracticable by rea-
son of any conditions to make the traveling way of such dimensions, then the traveling way may be made and maintained not less than three feet in height and six feet in width, upon written permission of the mine inspector.

2. Signboards. At all points where the passage or traveling ways to an escape shaft or place of exit intersect other roadways or entries, conspicuous signboards shall be placed thereat indicating the way to such shaft or place of exit.

3. Inspection. All traveling ways shall be inspected by the mine foreman or his assistant at least once each week, and written report of their condition made and filed in the office of the mine, which shall be open for examination to all the employees of the mine and all other persons entitled thereto at all reasonable times.

[S13, §2486-k; C24, 27, 31, 35, 39, §1257; C16, 50, 54, 58, 62, 66, 71, §82.41]

Referred to in §82.42

82.42 Time and manner of trial—final order. When an appeal is taken as provided in section 82.11, the case shall be docketed and precedence given over all other cases excepting criminal cases where the party is in jail, and the inspector may bring the case on for hearing before any judge of the judicial district where the mine is located by giving five days' notice in writing to the opposite party. If the evidence shows that the order was a reasonable one as made by the inspector the findings and order of the inspector shall stand as made by him. If the evidence shows that the order was not a reasonable one, the court shall vacate it or so modify it as to be equitable and just. [S13, §2486-k; C24, 27, 31, 35, 39, §1258; C16, 50, 54, 58, 62, 66, 71, §82.42]

On all single-track haulage roads where hauling is done by machinery or other mechanical device, and on all gravity or inclined planes in mines where it is impracticable to construct a separate traveling way, and which persons employed in the mines must use while performing their work, or travel, on foot, to and from their work, places of refuge must be cut in the side wall not less than three feet in depth and four feet wide and five feet high, and not more than twenty yards apart unless there be a clear space of not less than two and one-half feet between the car when on the track and the rib or side of the entry of the haulage way. [S13, §2486-k; C24, 27, 31, 35, 39, §1260; C16, 50, 54, 58, 62, 66, 71, §82.44]

Referred to in §82.45

82.45 Separate traveling way—exception. In no case shall such haulage way, referred to in section 82.44 be used as a traveling way unless it shall first be determined by the inspector that it is impracticable to construct, keep, or maintain a separate traveling way; and in all cases, unless otherwise determined by the inspector to be impracticable, there shall be kept and maintained a separate traveling way for the employees which shall at all times be maintained in good and safe condition and free from falls of roof and other obstructions. All entries constructed after July 4, 1911, in which the haulage is done by animals and wherein employees work or use the same as a means of ingress and egress to and from their working places, shall be maintained substantially eight feet in width from one rib or side of the
entry or haulage way to the opposite side, and shall be kept free from timbers or refuse and as even on the surface each side of the track as may be reasonably practicable; but this section shall not apply to such haulage ways in long-wall work when the inspector of the district where the mine is located shall determine that it is impracticable to maintain such width of entry or haulage way. [S13,§2486-i; C24, 27, 31, 35, 39, §1264; C46, 50, 54, 58, 62, 66, 71, §82.48]

All breaks-through in entries except the last one shall be securely closed and all stoppings in breaks-through except the one next to the last in entries shall be made with some substantial material so as to securely and completely close the same, and prevent the air from passing through or in any part thereof, which shall be subject to the state mine inspector's approval, who is hereby authorized and empowered to require any change to be made in the material or construction of such stoppings. The stopping in next to the last breaks-through in entries may be constructed temporarily of some suitable material until one additional breaks-through has been made, when the temporary stopping shall be replaced by permanent stopping as by this section provided. [S13,§2488-d; C24, 27, 31, 35, 39, §1266; C46, 50, 54, 58, 62, 66, 71, §82.50]

All breaks-through in the rooms, except the last one, shall be closed and securely fastened so as to prevent the air from passing through the same, which stoppings shall be subject to the approval of the mine inspector of the district in which the mine is operated. [S13,§2488-e; C24, 27, 31, 35, 39, §1267; C46, 50, 54, 58, 62, 66, 71, §82.51]

It shall be unlawful to erect, keep, or maintain any inflammable structure or building or other material in the space intervening between the main or hoisting shaft, slope, or drift, and the escape shaft or other place of exit; or any powder magazine in such location or manner as to jeopardize the free and safe exit of employees from the mine by any escape shaft or other place of exit in case of fire or other casualty to the main shaft, slope, drift, buildings, or other structures. [S13,§2486-g; C24, 27, 31, 35, 39, §1269; C46, 50, 54, 58, 62, 66, 71, §82.53]

The operator of any mine shall provide and maintain an amount of ventilation of not less than one hundred cubic feet of air per minute for each person employed in the mine and not less than five hundred cubic feet of air per minute for each animal used therein, which shall be so circulated throughout the mine as to dilute, render harmless, and expel all noxious and poisonous gases in all working parts of the mine. In no case shall the air current be a greater distance than sixty feet from the working face, except when making crosscuts in entries for an air course, then the distance shall not be greater than seventy feet; but in a special case requiring it, the state mine inspector may, in writing, grant permission to go beyond the limit herein mentioned. When the air current is carried to the working face of the room in double room mining, such air current shall be treated as a compliance with this section. [C97,§2488; §13,§2488; C24, 27, 31, 35, 39, §1272; C46, 50, 54, 58, 62, 66, 71, §82.56]

The measurement of the air currents in any mine shall be taken at the bottom of the intake and near the mouth of each split thereof, and also near the working face of the entries. The person in charge of the mine shall be furnished with an anemometer by the owner or lessee of the mine, and shall take the measurements of the air as in this section provided at least once each week and make a record thereof showing the time and place the measurements were taken. Such record shall be kept at the office of the mine, and a report showing such measurements sent each month to the inspector of the district. [S13,§2488; C24, 27, 31, 35, 39, §1273; C46, 50, 54, 58, 62, 66, 71, §82.57]

82.58 Air current split—men on split. In every mine the air current shall be split and so conducted that not more than eighty employees at any time shall be working on or in each split, except in case of emergency. But the inspector of the district where the mine is located may in writing grant permission for a greater number, not exceeding fifty additional, when the required number of cubic feet of air per minute is properly circulated therein. [S13,§2488-a; C24, 27, 31, 35, 39, §1274; C46, 50, 54, 58, 62, 66, 71, §82.58]
82.59 Contrivances for supplying air. Efficient means in the way of exhaust steam, fans, furnaces, or other contrivances of sufficient capacity shall be kept in operation to supply air current, but if a furnace is used it shall be so constructed by lining the upcast for a distance of not less than fifty feet or for such greater distance as in special cases may be required by the mine inspector, with incombustible material. No furnace shaft shall be constructed in connection with an escape shaft or other way of exit for the employees of a mine. [C97, §2488; S13, §§2486-d, 2488-b; C24, 27, 31, 35, 39, §1275; C46, 50, 54, 58, 62, 66, 71, §82.59]

When the mine inspector finds the air insufficient or the employees working under unsafe or improper health conditions, he shall at once give notice to the mine operator, and upon failure to make the necessary changes within such time as the Inspectors shall fix, such inspector shall order the employees, except such as may be necessary to correct the defect and make the repairs, to cease work and remain out of the mine until such conditions are corrected. [C97, §2488; S13, §2488-f; C24, 27, 31, 35, 39, §1276; C46, 50, 54, 58, 62, 66, 71, §82.60]

82.61 Speaking tubes. The operator of any mine shall, where the voice cannot be distinctly heard from top to bottom, provide and maintain a metal speaking tube or other adequate means of communication and keep the same in complete order from the bottom or interior to the top or exterior. [C97, §2489; S13, §2489; C24, 27, 31, 35, 39, §1277; C46, 50, 54, 58, 62, 66, 71, §82.61]

§82.101 Gasoline motors prohibited. In any mine hereafter opened or equipped for operation no gasoline haulage motor shall be installed or used in the underground workings for any purpose, and it shall be the duty of the mine inspector to enforce the provisions of this section. [C24, 27, 31, 35, 39, §1311; C46, 50, 54, 58, 62, 66, 71, §82.101]

§82.102 Methane gas—open lights prohibited. Notwithstanding the fact that coal mines in Iowa are classified as nongassy, where the inspector finds that the air at the working face, roof, or rib contains more than twenty-five hundredths of one per centum of methane gas when tested by a permissible methane gas detector or a permissible flame safety lamp, the mine inspector shall immediately forbid the use of any kind of open lights in the mine and the operator shall then furnish and keep in good order electric cap-lamps of a kind approved by the United States bureau of mines, in addition to the flame safety lamps required to make an examination for gas. [C97, §2493; S13, §2493-a; C24, 27, 31, 35, 39, §1312; C46, 50, 54, 58, 62, 66, 71, §82.102]

§82.103 Preshift examination for gas. Any mine regularly employing fifteen or more men underground shall make a preshift examination with a safety lamp or a methane gas detector within four hours prior to the start of every shift on each working day. Such examination shall be made by a competent employee certified by the state board of mine examiners as qualified to perform such an examination. A safety lamp or methane gas detector shall not be required during daily inspections made at any other time except as hereinafter provided. Provided, however, that in longwall operations, an examination of the face shall not be required until such time as the removal of coal from in front of the face shall make such examination possible. Such examination shall be made with a safety lamp or a methane gas detector every day which the mine produces coal.

The preshift examination and the examination provided for longwall mines shall include testing of the roof in each working place and the person making such examination shall put his initials and the date of such examination on a suitable marker in each of the places examined, and a daily record of such examinations shall be kept at the office of the mine.

Notwithstanding the number of persons employed in any mine, where the state mine inspector finds that a preshift or other examination would provide greater safety in any mine or reduce the danger of accidents, the state mine inspector may order such examinations as he shall find to be required.

When the operator of any mine uses explosives in shooting coal from the solid or otherwise, he shall designate a person to make the above-mentioned examinations and such operator shall also designate an alternate, who may be the foreman of the mine, to make examinations when the regular examiner is not available. Provided, however, that persons so designated by the mine operator shall be limited to those persons who shall have appeared before the board of mine examiners at their regular meetings and demonstrated to the satisfaction of the board, their knowledge of the construction and operation of the flame safety lamp and the methane gas detector, approved by the bureau of mines, and demonstrated their proficiency in making examinations for the detection of methane gas and air deficiency in coal mines. [S13, §2495-a; C24, 27, 31, 35, 39, §1313; C46, 50, 51, 58, 62, 66, 71, §82.103]

§82.104 Check-in and check-out maintained. In order to promote safety in coal mines of this state, there shall be a suitable check-in and check-out system maintained by the operator of every underground mine in this state. Which system shall first be approved by the state mine inspector, such check-in and check-out system shall be such as to insure that every person other than the shot firer shall have left the mine before any shots are fired. [S13, §2495-a; C24, 27, 31, 35, 39, §1314; C46, 50, 54, 58, 62, 66, 71, §82.104]

§82.105 Electrical current permitted in mines. All wires or cables at or in any mine used for transmitting electrical current in excess of one hundred volts shall be armored or insulated insofar as practicable, except trolley and all return wires or cables. Wires or cables used for conducting or transmitting current in excess of two hundred seventy-five volts shall be placed and protected for the safety of persons and animals as provided in section 82.106. [C24, 27, 31, 35, 39, §1315; C46, 50, 54, 58, 62, 66, 71, §82.105]

§82.106 Electrical current. All wires, cables, or transformers used at or in any mine for transmitting, conducting, or transforming electrical current in excess of two hundred seventy-five volts shall be armored, insulated, isolated, or placed so as to prevent injury to persons and animals insofar as possible consistent with the use for which such instrumentalities are intended. At the approach to a transformer, if used, there shall be placed a sign, with the word "danger" and the number of volts of electrical current conducted, indicated thereon in large plain letters and figures, on which light shall be thrown at all times when elec-
trical current is being conducted or transmitted. [C24, 27, 31, 35, 39, §1316; C46, 50, 54, 58, 62, 66, 71, §82.106]

82.107 Grounding and insulation of current. Electric pumps and stationary electric machines shall be insulated and grounded in their emplacement, by the use of wires or other equivalent means and inspected with such frequency and kept in such repair that contact therewith will be rendered harmless insofar as possible consistent with the use for which such machinery is intended. [C24, 27, 31, 35, 39, §1317; C46, 50, 54, 58, 62, 66, 71, §82.107]

82.108 Electrical equipment. It shall be unlawful for any person to inspect, repair, handle, disturb, or interfere with any of the electrical equipment or machinery of a mine except the mine inspector, operator, superintendent, mine foreman, or those designated by such persons to do such work, and those whom such designated persons may request or permit to aid in the work of handling or repairing. All damages sustained on account of a failure to weigh and credit to the proper person any coal mined shall be recoverable in an action brought within two years from the time the right thereto accrued, and a knowledge of a violation of this provision by the miner shall not be a defense thereto. [C97, §2490; S13,§2490; C24, 27, 31, 35, 39, §1319; C46, 50, 54, 58, 62, 66, 71, §82.109]

The owner, operator, lessee, or person in charge of any gypsum mine shall make or cause to be made an accurate map or plan of such mine, drawn to a scale not more than two hundred feet to the inch, on which shall appear the name of the state, county, and township in which the mine is located, the designation of the mine, the name of the company or owner, operator, lessee, or person in charge, the certificate of the mining engineer or surveyor as to the accuracy and date of the survey, the north point, and the scale to which the drawing is made. [S13,§2490-m; C24, 27, 31, 35, 39,§1351: C46, 50, 54, 58, 62, 66, 71,§83.14]

§83.15 Details required. Every such map or plan shall correctly show the surface boundary lines of the rights pertaining to each mine and all section or quarter-section lines or corners within the same; the lines of town lots or streets; the tracks or sidetracks of all railroads, the location of all wagon roads, rivers, streams, ponds, and reservations made of gypsum and mineral. For the underground workings said map shall show all shafts, slopes, tunnels, or other opening to the surface or to the workings of a contiguous mine; all excavations, entries, rooms, and crosscuts; the location of the escape ways, and of the fan or furnace or other means of ventilation and the direction of air currents and the location of permanent pumps, hauling engines, engine planes, abandoned works, fire walls, and standing water. [S13,§2490-m; C24, 27, 31, 35, 39,§1352: C46, 50, 54, 58, 62, 66, 71,§83.15]

§83.16 Separate maps. A separate and similar map drawn to the same scale in all cases shall be made of each and every seam of gypsum operated in any mine in the state. A separate map shall also be made of the surface whenever the surface buildings, lines, or objects are so numerous as to obscure the detail of the mine workings if drawn upon the same sheet with them and in such case the surface map shall be drawn upon transparent cloth or paper so it can be laid upon the map of the underground workings and thus truly indicate the local relation of lines and objects on the surface to the excavation of the mine, together with any other principal workings of the mines. [S13,§2490-m; C24, 27, 31, 35, 39,§1353: C46, 50, 51, 58, 62, 66, 71,§83.16]

§83.17 Rise and dip of seam. Each map shall also show, by profile drawing and measurement, the last one hundred fifty feet approaching the boundary lines, showing the rise and dip of the seam. [S13,§2490-m; C24, 27, 31, 35, 39,§1354: C46, 50, 54, 58, 62, 66, 71,§83.17]

The maps so delivered to the inspector shall be the property of the state and shall remain in the custody of the said inspector during his term of office and be delivered to his successor in office. They shall be kept at the office of the inspector and be open to examination to all persons interested in the same. But such examinations shall only be made in the presence of the inspector or his office assistant, and he shall not permit any copies of the same to be made without the written consent of the operator or the owner of the property, except as herein and otherwise provided. [S13,§2490-m; C24, 27, 31, 35, 39,§1356: C46, 50, 54, 58, 62, 66, 71,§83.19]

§83.20 Additional survey. An accurate extension of the last preceding survey of every mine in active operation shall be made once in every twelve months prior to July 1 of every year and the result of such survey with the date thereof shall be brought in the name of the owner of the property, except as herein and otherwise provided. [S13,§2490-m; C24, 27, 31, 35, 39,§1357: C46, 50, 54, 58, 62, 66, 71,§83.20]

to show all changes in plan of new work in the mine, and all extension of the old workings to the most advanced face or boundary of said workings which have been made since the last preceding survey, and the parts of the mine abandoned or worked out after the last preceding survey shall be clearly indicated and shown by colorings, which copy must be delivered to the inspector of mines within thirty days after the last survey is made. [S13,§2496-m; C24, 27, 31, 35, 39,§1357; C46, 50, 54, 58, 62, 66, 71,§83.20]

§83.21 Abandoned mine. When any gypsum mine is worked out or is about to be abandoned or indefinitely closed, the owner, operator, lessee, or person in charge of the same shall make or cause to be made a complete extended map of said mine and the result of the same shall be duly extended on all maps of the mine and copies thereof so as to show all excavations and the most advanced workings of the mine and their exact relation to the boundary of section lines on the surface, and deliver to the inspector a copy of the completed maps. [S13,§2496-m; C24, 27, 31, 35, 39,§1357; C46, 50, 54, 58, 62, 66, 71,§83.21]

The state inspector of mines shall order a survey to be made of the workings of any mine and the result to be extended on the maps of the same and the copies thereof whenever in his judgment the safety of the workmen, the support of the surface, the conservation of the property, or the safety of the adjoining mine requires it; and if not made by the owner, operator, lessee, or person in charge when ordered by the inspector it shall be made or cause to be made by the inspector and paid for by the state and the amount collected from the owner, operator, lessee, or person in charge as other debts are collected. [S13,§2496-m; C24, 27, 31, 35, 39,§1359; C46, 50, 54, 58, 62, 66, 71,§83.22]

CHAPTER 83A
SURFACE MINING

83A.1 Policy. It is hereby declared to be the policy of this state to provide for the rehabilitation and conservation of land affected by surface mining and thereby to preserve natural resources, protect and perpetuate the taxable value of property, and protect and promote the health, safety and general welfare of the people of this state. [C71,§83A.1]

83A.2 Definitions. When used in this chapter, unless the context otherwise requires:
1. "Overburden" means all of the earth and other materials disturbed from their natural state in the process of surface mining.
2. "Surface mining" means the mining of coal, gypsum, clay, stone, sand, gravel or other ores or mineral solids for sale or for processing or consumption in the regular operation of a business by removing the overburden lying above natural deposits thereof and mining directly from the natural deposits thereby exposed, or by mining directly from deposits lying exposed in their natural state. Removal of overburden and mining of limited amounts of any ores or mineral solids shall not be considered surface mining when done only for the purpose and to the extent necessary to determine the location, quantity, or quality of any natural deposit, so long as no ores or mineral solids removed during exploratory excavation or mining are sold, processed for sale, or consumed in the regular operation of a business.

3. "Operator" means any person, firm, partnership, or corporation engaged in and controlling a surface mining operation but shall not include a political subdivision of the state of Iowa.

4. "Active site" means a site where surface mining is being conducted.

5. "Inactive site" means a site where surface mining is not being conducted but where overburden has been disturbed in the past for the purpose of conducting surface mining and an operator anticipates conducting further surface mining operations in the future.

6. "Pit" means a tract of land from which overburden has been or is being removed for the purpose of surface mining.

7. "Affected land" means the area of land from which overburden has been removed or upon which overburden has been deposited or both.

8. "Spoil bank" means overburden removed from its natural position and deposited elsewhere in the process of surface mining.

9. "Ridge" means a lengthened elevation of overburden removed from its natural position and deposited elsewhere in the process of surface mining.

10. "Peak" means a projecting point of overburden removed from its natural position and deposited elsewhere in the process of surface mining.

11. "Irregular spoil bank" means a spoil bank characterized by ridges, peaks, or both, rather than by a continuous slope, when viewed horizontally.

12. "Department" means the department of mines and minerals.

13. "Board" means the state mining board.

14. "Advisory board" means the "land rehabilitation advisory board" in the department of mines and minerals.

15. "Inspector" means the state mine inspector and any other employee of the department of mines and minerals responsible for administration or enforcement of this chapter.

Referred to in §83A.7
2. Advise the state mining board with respect to surface mined land rehabilitation demonstration projects.

3. Advise the state mining board on the gathering, preparation, and dissemination of information on methods of rehabilitating land which has been surface mined and on any state, federal, or other financial assistance which may be available to assist in paying the cost of rehabilitation of the land.

4. Prepare and present to the general assembly, not later than January 1, 1973, a report on the extent of successful revegetation of land in Iowa rehabilitated pursuant to this chapter and recommendations for any legislation believed necessary to encourage and assist revegetation of surface mined land. [C71,§83A.6]

83A.7 Surface mining license. No person, firm, partnership, or corporation shall engage in surface mining or operation of an underground mine or mines, as defined by section 83A.2 and by section 82.27, without first obtaining a license from the department. Licenses shall be issued upon application submitted on a form provided by the department and shall be accompanied by a fee of fifty dollars. Each applicant shall be required to furnish on the form information necessary to identify the applicant. Licenses shall expire on the one year from date of issuance and shall be renewed by the department upon application submitted within thirty days prior to the expiration date and accompanied by a fee of ten dollars. [C71,§83A.7]

Refer to in 83A.14

83A.8 Suspension or revocation of license. The department may, with approval of the board, commence proceedings to suspend, revoke, or refuse to renew a license of any licensee for repeated or willful violation of any of the provisions of this chapter or of chapters 82 or 83. The department shall by certified mail or personal service serve on the licensee notice in writing of the charges and grounds upon which the license is to be suspended, revoked, or will not be renewed. The notice shall include the time and the place at which a hearing shall be held before the board to determine whether to suspend, revoke, or refuse to renew the license. The hearing shall be not less than fifteen nor more than thirty days after the mailing or service of the notice. [C71,§83A.8]

83A.9 Hearing — counsel. Any licensee whose license the department proposes to suspend, revoke, or refuse to renew shall have the right to counsel and may produce witnesses and present statements, documents, and other information in his behalf at the hearing. If after full investigation and hearing the licensee is found to have willfully or repeatedly violated any of the provisions of this chapter or of chapters 82 or 83, the board may affirm or modify the proposed suspension, revocation, or refusal to renew the license. When the board finds that a license should be suspended or revoked or should not be renewed, the department shall so notify the licensee in writing by certified mail or by personal service. [C71,§83A.9]

83A.10 Notice—effective date of suspension. Suspension or revocation of a license shall become effective thirty days after the mailing or service of notice to the licensee. When the department proposes to deny an application for renewal of a license and administrative proceedings relevant to the renewal application are pending or in progress on the day the license is to expire, the license shall remain in force until the proceedings have been completed if the licensee has paid the renewal fee. If the board finds the license should not be renewed, the renewal fee shall be refunded and the license shall expire on the expiration date or thirty days after mailing or service of notice to the licensee, whichever is later. [C71,§83A.10]

83A.11 Appeal to district court. A licensee may, within the thirty-day period following notice that his license has been suspended, revoked, or will not be renewed, file a notice of appeal in the district court. An appeal under this section shall operate to stay the suspension or revocation of a license or the expiration of an unrenewed license pending final decision of the appeal. A copy of the notice of appeal shall also be served upon the department, which shall within thirty days after receipt of the notice certify and file with the court a copy of the record and decision including the transcript of the hearings on which the revocation, suspension, or refusal to renew the license was based. [C71,§83A.11]

83A.12 Equitable action. The trial before the court shall be an equity action and legal evidence pertaining to the issue of whether the license shall be suspended, revoked, or renewed may be submitted including new or additional evidence not submitted to the department. The court shall have the power to affirm, modify, or reverse the decision of the department. The clerk of court upon entry of judgment of suspension, revocation, or refusal to renew the license shall immediately forward to the department a certified copy thereof. [C71,§83A.12]

83A.13 Registering site of mine. Within fifteen days after beginning surface mining or removal of overburden at any site not previously registered, an operator engaging in surface mining in this state shall register the site with the department. Application for registration shall be made upon a form provided by the department. The registration fee shall be established by the department in an amount equal to the cost of administering the registration provisions of this chapter, as estimated by the department. The application shall include a description of the tract or tracts of land where the site is located and the
estimated number of acres at the site to be affected by surface mining. The description shall include the section, township, range, and county in which the land is located and shall otherwise describe the land with sufficient certainty to determine the location and to distinguish the land to be registered from other lands. The application shall include a statement explaining the source of the applicant's legal right to conduct surface mining on the land. [C71,§83A.13]

Referred to in §§83A.15, 83A.16, 84A.21, 84A.29

83A.14 Bond. The application for registration shall be accompanied by a bond or security as required under sections 83A.23 or 83A.24 if overburden is removed. After ascertaining that the applicant is licensed under section 83A.7 and is not in violation of this chapter with respect to any site previously registered with the department, the department shall register the site and shall issue the applicant written authorization to conduct surface mining on the site. [C71,§83A.14]

Referred to in §§83A.15, 83A.16, 83A.21, 83A.24

83A.15 Amendment or cancellation. An operator may at any time apply for amendment or cancellation of registration of any site. The application for amendment or cancellation of registration shall be submitted by the operator on a form provided by the department and shall identify as required under section 83A.13 the tract or tracts of land to be added to or removed from registration. If the application is for an increase in the area of a registered site the application shall be processed in the same manner as an application for original registration. If the application is to cancel registration of any or all of the unmined part of a site, the department shall after ascertaining that no overburden has been disturbed or deposited on the land order release of the bond or the security posted on the land being removed from registration and cancel or amend the operator's written authorization to conduct surface mining on the site. Fees for amendment or cancellation of registration shall be determined as provided in section 83A.14. No land where overburden has been disturbed or deposited shall be removed from registration or released from bond or security under this section. [C71,§83A.15]

Referred to in §§83A.21, 83A.23, 83A.24

83A.16 Transfer to new operator. If control of an active site or the right to conduct any future mining at an inactive site is acquired by an operator other than the operator holding authorization to conduct surface mining on the site, the new operator shall within fifteen days apply for registration of the site in the new operator's name. The application shall be made and processed as provided under sections 83A.13 and 83A.14. The former operator's bond or security shall not be released until the new operator's bond or security has been accepted by the department. [C71, §83A.16]

Referred to in §§84A.17, 83A.21

83A.17 Spoil banks. Every operator authorized under this chapter to engage in surface mining on a site where mining operations disturb overburden containing acid-forming materials shall, when feasible, avoid placing on the surfaces of spoil banks any materials likely to form acid in amounts which will prevent or impede establishment of desirable vegetation on the spoil banks. After completion of mining operations the operator shall within the time specified in section 83A.19:

1. Grade irregular spoil banks to reduce peaks and ridges to a rolling topography suitable for establishment of desirable vegetation by striking off ridges and peaks to a width of at least twenty-four feet at the top.

2. Grade spoil banks other than irregular spoil banks to slopes having a maximum of one foot of vertical rise for each three feet of horizontal distance except that where the original topography of the affected land was steeper than one foot of vertical rise for each three feet of horizontal distance, the spoil bank shall be graded to blend with the surrounding terrain.

3. Construct an earth dam in the final cut at any site where a lake or pond may be formed if necessary to properly control drainage from the site and if formation of a lake will not interfere with underground or other mining operations or damage adjoining property.

4. Cover, with at least two feet of earth or spoil material, acid-forming materials present in a mineral seam exposed by mining operations if the exposed acid-forming materials are not covered by impounded water.

A bond or security posted under this chapter to assure rehabilitation of land affected by surface mining shall not be released until all rehabilitation work required by this section has been performed to the department's satisfaction, except when a replacement bond or security is posted by a new operator under section 83A.16. [C71,§83A.17]

Referred to in §§83A.19, 83A.21, 83A.23, 83A.28

83A.18 Periodic reports. Every operator shall file with the department a periodic report for each site under registration indicating whether the site is presently active or inactive. Each report shall make reference to the most recent registration of the site and shall show:

1. The location and extent of all land on the site affected by surface mining during the period covered by the report.

2. The extent to which removal of mineral products from all or any part of the affected land has been completed.

A report as prescribed by this section shall be filed not later than twelve months after original registration of the site and prior to the expiration of each subsequent twelve-month period thereafter. A report shall also be filed within thirty days after completion of all surface mining operations at the site regardless of the date of the last preceding report. Forms
§83A.18, SURFACE MINING

on which periodic reports required by this section shall be filed shall be provided by the department. [C71,§83A.18]

Referred to in §§83A.19, §83A.21

83A.19 Rehabilitation of land. An operator of a surface mine shall rehabilitate land affected by surface mining within twenty-four months after the filing of a report required under section 83A.18 indicating the mining of any part of a site has been completed. Each operator, upon completion of any rehabilitation work required by section 83A.17, shall apply to the department in writing for approval of the work. The department shall within a reasonable time determined by departmental rule inspect the completed rehabilitation work. Upon determination by the department that the operator has satisfactorily completed all required rehabilitation work on the land included in the application, the department shall release the bond or security on the rehabilitated land, shall remove the land from registration, and shall terminate or amend as necessary the operator’s authorization to conduct surface mining on the site. [C71,§83A.19]

Referred to in §§83A.17, 83A.20, 83A.21, §83A.24

83A.20 Extension of time. The time for completion of rehabilitation work may be extended upon presentation by the operator of evidence satisfactory to the department that rehabilitation of affected land cannot be completed within the time specified by section 83A.19 without unreasonably impeding removal of mineral products from other parts of an active site or future removal of mineral products from an inactive site. [C71,§83A.20]

Referred to in §83A.21

83A.21 Political subdivision engaged in mining. Any political subdivision of the state of Iowa which engages or intends to engage in surface mining shall meet all requirements of sections 83A.13 through 83A.20 except the subdivision shall not be required to post bond or security on registered land. When a political subdivision engaging in surface mining violates any provision of this chapter or any rule or regulation adopted by the department pursuant to this chapter, the department shall notify the chief administrative officer or governing body of the subdivision. If after a reasonable time determined by the department, the subdivision has not commenced corrective measures approved by the department, the violation shall be referred to the board. The chief administrative officer or governing body of the subdivision shall be notified in writing of the referral. [C71,§83A.21]

83A.22 Hearing on violation. Upon receipt of the referral, the board shall schedule a hearing on the violation by the political subdivision within thirty days after the date of receipt. The board shall upon written request from the chief administrative officer or governing board afford representatives of the subdivision the right to appear before the board at the hearing. Representatives of the subdivision shall have the right to counsel, and may produce witnesses and present statements, documents, and other information with respect to the alleged violation for consideration of the board at the hearing. If the board determines the subdivision is in violation of any of the provisions of this chapter or of any rule or regulation adopted by the department pursuant to this chapter, the board shall request the attorney general to institute proceedings to enjoin the subdivision from conducting further surface mining operations until the subdivision has completed corrective measures to the satisfaction of the department. [C71, §83A.22]

83A.23 Form of bond. Each bond filed with the department by an operator pursuant to this chapter shall be in a form prescribed by the department, payable to the state of Iowa, and conditioned upon faithful performance by the operator of all requirements of this chapter and all rules and regulations adopted by the department pursuant to this chapter. The bond shall be signed by the operator as principal and by a corporate surety licensed to do business in Iowa as surety. In lieu of a bond, the operator may deposit cash or government securities with the department on the same conditions as prescribed by this section for filing of bonds. The amount of the bond or other security required to be filed with an application for registration of a surface mining site, or to increase the area of a site previously registered, shall be equal to the estimated cost of rehabilitating the site as required under section 83A.17. The estimated cost of rehabilitation of each individual site shall be determined by the department on the basis of relevant factors including, but not limited to, topography of the site, mining methods being employed, depth and composition of overburden, and depth of the mineral deposit being mined. The department may require an applicant for registration or amendment of registration of a site to furnish information necessary to estimate the cost of rehabilitating the site. The penalty of the bond or the amount of cash or securities on deposit may be increased or reduced from time to time in accordance with section 83A.15. [C71,§83A.23]

Referred to in §§83A.14, §83A.24

83A.24 Single bond for multiple sites. Any operator who registers with the department two or more surface mining sites may elect, at the time the second or any subsequent site is registered, to post a single bond in lieu of separate bonds on each site. Any single bond so posted shall be in an amount equal to the estimated cost of rehabilitating all sites the operator has registered, determined as provided in section 83A.23. The penalty of a single bond on two or more surface mining sites may be increased or decreased from time to time in accordance with sections 83A.14, 83A.15, and 83A.19. When an operator elects to post a single bond in lieu of separate bonds previously posted on individual sites, the separate bonds shall not be released until the new bond has
been accepted by the department. [C71, §83A.24]

Referred to in §83A.14

§83A.25 Cancellation of bond. No bond filed with the department by an operator pursuant to this chapter may be canceled by the surety without at least ninety days’ notice to the department. If the license to do business in Iowa of any surety of a bond filed with the department is suspended or revoked, the operator, within thirty days after receiving notice thereof from the department, shall substitute for the surety a corporate surety licensed to do business in Iowa. Upon failure of the operator to make substitution of surety as herein provided, the department shall have the right to suspend the operator’s authorization to conduct surface mining on the site covered by the bond until substitution has been made. The commissioner of insurance shall notify the department whenever the license of any surety to do business in Iowa is suspended or revoked. [C71, §83A.25]

§83A.26 Inspection of site. An inspector may enter at all times upon any lands on which any operator is authorized to conduct surface mining for the purpose of determining whether the operator is or has been complying with the provisions of this chapter. The department shall give written notice to any operator who violates any of the provisions of this chapter or any rules and regulations adopted by the department pursuant to this chapter. If corrective measures approved by the department are not commenced within ninety days, the violation shall be referred to the board. The operator shall be notified in writing of the referral. [C71, §83A.26]

§83A.27 Hearing on violations. Upon receipt of the referral, the board shall schedule a hearing on the violation by the operator within thirty days after the date of receipt. The board shall notify the operator, the right to appear before the board at the hearing. The operator shall have the right to counsel, and may produce witnesses and present statements, documents, and other information with respect to the alleged violation. If the board determines that the operator is in violation of this chapter or of any rule or regulation adopted by the department pursuant to this chapter, the board shall request the attorney general to institute bond forfeiture proceedings. [C71, §83A.27]

§83A.28 Forfeiture of bond. The attorney general, upon request of the board, shall institute proceedings for forfeiture of the bond posted by an operator to guarantee rehabilitation of a site where the operator is in violation of any of the provisions of this chapter or any rule or regulation adopted by the department pursuant to this chapter. Forfeiture of the operator’s bond shall fully satisfy all obligations of the operator to rehabilitate affected land covered by the bond. The department shall have the power to rehabilitate as required by section 83A.17 any surface mined land with respect to which a bond has been forfeited, using the proceeds of the forfeiture to pay for the necessary rehabilitation work. [C71, §83A.28]

§83A.29 Penalty for failure to register. Any operator who fails to make timely application for registration of each site where surface mining is being conducted is guilty of a misdemeanor and on conviction shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars or by imprisonment not to exceed thirty days, or both such fine and imprisonment. Each day surface mining activities are conducted at a site for which no application for registration has been made as required under section 83A.13 shall constitute a separate violation. [C71, §83A.29]

§83A.30 Governor’s approval of rules. A plan or rules setting health and safety standards for surface mining within this state shall not be valid or effective until approved by the governor after ascertaining that proper funding for such a program is available and that such a program does not duplicate a program provided by any federal agency. [C71, §83A.30]
84.1 Declaration of policy. It is hereby declared to be in the public interest to foster, to encourage, and to promote the development, production, and utilization of natural resources of oil and gas in the state in such a manner as will prevent waste; to authorize and to provide for the operation and development of oil and gas properties in such a manner that a greater ultimate recovery of oil and gas be had and that the correlative rights of all owners be fully protected; and to encourage and to authorize such measures as will result in the greatest possible economic recovery of oil and gas within the state to the end that the landed interests, the royalty owners, the producers, and the general public realize and enjoy the greatest possible good from these vital natural resources.

It is hereby further declared that the general welfare of the people requires that the underground and surface water of the state be protected from pollution and conserved in the best interests of the people of the state. [C39, §1360.01; C46, 50, 54, 55, 62, 66, 71, §84.1]

84.2 Definitions. As used in this chapter, unless the context otherwise requires:

1. “Waste” means and includes
   a. Physical waste, as that term is generally understood in the oil and gas industry,
   b. The inefficient, excessive, or improper use of, or the unnecessary dissipation of reservoir energy,
   c. The location, spacing, drilling, equipping, operating, or producing of any oil or gas well or wells in a manner which causes, or tends to cause, reduction in the quantity of oil or gas ultimately recoverable from a pool under prudent and proper operations, or which causes or tends to cause unnecessary or excessive surface loss or destruction of oil or gas,
   d. The inefficient storing of oil, and
   e. The production of oil or gas in excess of transportation or marketing facilities or in excess of reasonable market demand.

2. “Person” means and includes any natural person, corporation, association, partnership, receiver, trustee, executor, administrator, guardian, fiduciary or other representative of any kind, and includes any department, agency, or instrumentality of the state or of any governmental subdivision thereof; the masculine gender, in referring to a person, includes the feminine and the neuter genders.

6. “Field” means the general area underlaid by one or more pools.

7. “Owner” means the person who has the right to drill into and produce from a pool and to appropriate the oil or gas he produces therefrom, whether for himself or others or for himself and others.

8. “Producers” means the owner of a well or wells capable of producing oil or gas or both.

9. “Product” means any commodity made from oil or gas and includes refined crude oil, crude tops, topped crude, processed crude, processed crude petroleum, residue from crude petroleum, cracking stock, uncracked fuel oil, fuel oil, treated crude oil, residuum, gas oil, casinghead gasoline, natural-gas gasoline, kerosene, benzine, wash oil, waste oil, blended gasoline, lubricating oil, blends or mixtures of oil with one or more liquid products or by-products derived from oil or gas, and blends or mixtures of two or more liquid products or by-products derived from oil or gas, whether hereinabove enumerated or not.

10. “Reasonable market demand” means the demand for oil or gas for reasonable current requirements for consumption and use within and without the state, together with such quantities as are reasonably necessary for building up or maintaining reasonable working stocks and reasonable reserves of oil or gas or product.

tion or the delivery of oil or gas or product and issued or registered in accordance with the rule, regulation, or order requiring such permit.

15. The word "and" includes the word "or" and the use of the word "or" includes the word "and". The use of the plural includes the singular and the use of the singular includes the plural.

16. "Council" means Iowa natural resources council as defined in chapter 455A. [C66, 71, §84.2]

84.3 Waste prohibited. Waste of oil and gas is prohibited. [C66, 71,§84.3]

84.4 Jurisdiction of council. The council has the duty of administering the provisions of this chapter. The state geologist shall act as administrator with the duty and responsibility of enforcing the regulations and orders of the council applicable to the crude petroleum oil and natural gas resources of this state and the provisions of this chapter. The council has the duty and authority to make such investigations as it deems proper to determine whether waste exists or is imminent or whether other facts exist which justify action. The council acting through the office of the state geologist has the authority:

1. To require:
   a. Identification of ownership of oil or gas wells, producing leases, tanks, plants, structures, and facilities for the refining or intrastate transport-ation of oil and gas;
   b. The making and filing of all mechanical well logs and the filing of directional surveys if taken, and the filing of reports on well location, drilling and production, and the filing free of charge of samples and core chips and of complete cores less tested sections when requested in the office of the state geologist within six months after the completion or abandonment of the well;
   c. The drilling, casing, operation, and plug-ging of wells- in such manner as to prevent the escape of oil or gas out of one stratum into another, the intrusion of water into oil or gas stratum, the pollution of fresh water supplies by oil, gas, or highly mineralized water, to pre­vent blowouts, cavings, seepages, and fires, and to prevent the escape of oil, gas, or water into workable coal or other mineral deposits;
   d. The furnishing of a reasonable bond with good and sufficient surety, conditioned upon the full compliance with the provisions of this chapter, and the rules and regulations of the council prescribed to govern the production of oil and gas on state and private lands within the state of Iowa;
   e. That the production from wells be sep-a­rated into gaseous and liquid hydrocarbons, and that each be accurately measured by such means and upon such standards as may be prescribed by the council;
   f. The operation of wells with efficient gas-oil and water-oil ratios, and to fix these ratios;
   g. Certificates of clearance in connection with the transportation or delivery of any native and indigenous Iowa produced crude oil, gas, or any product;
   h. Metering or other measuring of any native and indigenous Iowa produced crude oil, gas, or product in pipe lines, gathering systems, barge terminals, loading racks, refineries, or other places; and
   i. That every person who produces, sells, purchases, acquires, stores, transports, refines, or processes native and indigenous Iowa pro­duced crude oil or gas in this state shall keep and maintain within this state complete and accurate records of the quantities thereof, which records shall be available for examina­tion by the council or its agents at all reason­able times, and that every such person file with the council such reports as it may pre­scribe with respect to such oil or gas or the products thereof.

2. To regulate:
   a. The drilling, producing, and plugging of wells, and all other operations for the produc­tion of oil or gas;
   b. The shooting and chemical treatment of wells;
   c. The spacing of wells;
   d. Operations to increase ultimate recovery such as cyeiling of gas, the maintenance of pressure, and the introduction of gas, water, or other sub­stances into producing formations; and
   e. Disposal of highly mineralized water and oil field wastes.

3. To limit and to allocate the production of oil and gas from any field, pool, or area.

4. To classify wells as oil or gas wells for purposes material to the interpretation or en­forcement of this chapter.

5. To promulgate and to enforce rules, regu­lations, and orders to effectuate the purposes and the intent of this chapter.

6. To make rules, regulations, or orders for the classification of wells as oil wells or dry natural gas wells; or wells drilled, or to be drilled, for geological information, or as wells for secondary recovery projects, or wells for the disposal of highly mineralized water, brine, or other oil field wastes, or wells for the stor­age of dry natural gas, or casinghead gas, or wells for the development of reservoirs for the storage of liquid petroleum gas. [C39,§§1360.04, 1369.65; C46, 50, 54, 58, 62,§§84.4, 84.5; C66, 71, §84.4]

84.5 Drilling permit required. It shall be unlawful to commence operations for the drill­ing of a well for oil or gas or commence opera­tions to deepen any well to a different geologi­cal formation without first giving the state geologist notice of intention to drill, or without first obtaining a permit from the state geologist, under such rules and regulations as may be pre­scribed by the council and pay­ing to the council a fee of fifty dollars for such

well. Such fee shall be used by the council for administering this chapter, including the payment of expenses incurred in publishing legal notice. [C39, §1360.03; C46, 50, 54, 58, 62, §84.3; C66, 71, §84.5]

84.6 Council shall determine market demand and regulate the amount of production. The council shall determine market demand for each marketing district and regulate the amount of production as follows:

1. The council shall limit the production of oil and gas within each marketing district to that amount which can be produced without waste, and which does not exceed the reasonable market demand.

2. Whenever the council limits the total amount of oil or gas which may be produced in the state or a marketing district, the council shall allocate or distribute the allowable production among the pools therein on a reasonable basis, giving, where reasonable under the circumstances to each pool with small wells of settled production, an allowable production which prevents the general premature abandonment of such wells in the pool.

3. Whenever the council limits the total amount of oil or gas which may be produced in any pool in this state to an amount less than that amount which the pool could produce if no restriction were imposed, which limitation is imposed either incidental to, or without, a limitation of the total amount of oil or gas produced in the marketing district wherein the pool is located, the council shall allocate or distribute the allowable production among the several wells or producing properties in that pool on a reasonable basis, preventing or minimizing reasonable avoidable drainage, so that each property will have the opportunity to produce or to receive its just and equitable share, subject to the reasonable necessities for the prevention of waste.

4. In allocating the market demand for gas and between pools within marketing districts, the council shall give due regard to the fact that gas produced from oil pools is to be regulated in a manner as will protect the reasonable use of its energy for oil production.

5. The council shall not be required to determine the reasonable market demand applicable to any single pool, except in relation to all other pools within the same marketing district, and in relation to the demand applicable to the marketing district. In allocating allowables to pools, the council may consider, but shall not be bound by nominations of purchasers to purchase from particular fields, pools, or portions thereof. The council shall allocate the total allowable for the state in such manner as prevents undue discrimination between marketing districts, fields, pools, or portions thereof resulting from selective buying or nomination by purchasers. [C66, 71, §84.6]

84.7 Council shall set spacing units. The council shall set spacing units as follows:

1. When necessary to prevent waste, to avoid the drilling of unnecessary wells, or to protect correlative rights, the council shall establish spacing units for a pool. Spacing units when established shall be of uniform size and shape for the entire pool, except that when found to be necessary for any of the purposes above-mentioned, the council is authorized to divide any pool into zones and establish spacing units for each zone, which units may differ in size and shape from those established in any other zone.

2. The size and shape of spacing units are to be such as will result in the efficient and economical development of the pool as a whole.

3. An order establishing spacing units for a pool shall specify the size and shape of each unit and the location of the permitted well thereon in accordance with a reasonably uniform spacing plan. Upon application, if the state geologist finds that a well drilled at the prescribed location would not produce in paying quantities, or that surface conditions would substantially add to the burden or hazard of drilling such well, the state geologist is authorized to enter an order permitting the well to be drilled at a location other than that prescribed by such spacing order; however, the state geologist shall include in the order suitable provisions to prevent the production from the spacing unit of more than its just and equitable share of the oil and gas in the pool.

4. An order establishing units for a pool shall cover all lands determined or believed to be underlaid by such pool, and may be modified by the state geologist from time to time to include additional areas determined to be underlaid by such pool. When found necessary for the prevention of waste, or to avoid the drilling of unnecessary wells or to protect correlative rights, an order establishing spacing units in a pool may be modified by the state geologist to increase the size of spacing units in the pool or any zone thereof, or to permit the drilling of additional wells on a reasonable uniform plan in the pool, or any zone thereof. Orders of the state geologist may be appealed to the council within thirty days. [C39, §1360.02; C46, 50, 54, 58, 62, §84.7; C66, 71, §84.7]

84.8 Integration of fractional tracts.

1. When two or more separately owned tracts are embraced within a spacing unit, or when there are separately owned interests in all or a part of the spacing unit, then the owners and royalty owners thereof may pool their interests for the development and operation of the spacing unit. In the absence of voluntary pooling the council upon the application of any interested person, shall enter an order pooling all interests in the spacing unit for the development and operations thereof. Each such pooling order shall be made after notice and hearing, and shall be upon terms and conditions that are just and reasonable, and that afford to the owner of each tract or interest in the spacing unit the opportunity to recover or receive, without unnecessary expense, his just and equitable share. Operations incidental to the drilling of a well upon any portion of a spacing unit covered by a pooling order shall
be deemed for all purposes, the conduct of such operations upon each separately owned tract in the drilling unit by the several owners thereof. That portion of the production allocated to each tract included in a spacing unit covered by a pooling order shall, when produced, be deemed for all purposes to have been produced from such tract by a well drilled thereon.

2. Each such pooling order shall make provision for the drilling and operation of a well on the spacing unit, and for the payment of the reasonable actual cost thereof by the owners of interests in the spacing unit, plus a reasonable charge for supervision. In the event of any dispute as to such costs the council shall determine the proper costs. If one or more of the owners shall drill and operate, or pay the expenses of drilling and operating the well for the benefit of others, then, the owner or owners so drilling or operating shall, upon complying with the terms of section 84.10, have a lien on the share of production from the spacing unit accruing to the interest of each of the other owners for the payment of his proportionate share of such expenses. All the oil and gas subject to the lien shall be marketed and sold and the proceeds applied in payment of the expenses secured by such lien as provided for in section 84.10. [C66, 71,§84.10]

Refered to in §84.10

84.9 Voluntary agreements for unit operation valid. An agreement for the unit or co-operative development and operation of a field or pool, in connection with the conduct of a repressuring or pressure maintenance operations, cycling or recycling operations, including the extraction and separation of liquid hydrocarbons from natural gas in connection therewith, or any other method of operation, including water floods, is authorized and may be performed and shall not be held or construed to violate any of the statutes of this state relating to trusts, monopolies, or contracts and combinations in restraint of trade, if the agreement is approved by the council as being in the public interest, protective of correlative rights, and reasonably necessary to increase ultimate recovery or to prevent waste of oil or gas. Such agreements bind only the persons who execute them, and their heirs, successors, assigns, and legal representatives. [C66, 71,§84.9]

84.10 Liens for development and operating costs. A person to whom another is indebted for expenses incurred in drilling and operating a well on a drilling unit required to be formed as provided for in section 84.8, may, in order to secure payment of the amount due, fix a lien upon the interest of the debtor in the production from the drilling unit or the unit area, as the case may be, by filing for record, with the recorder of the county where property involved, or any part thereof, is located, an affidavit setting forth the amount due and the interest of the debtor in such production. The person to whom the amount is payable may, at the expense of the debtor, store all or any part of the production upon which the lien exists until the total amount due, including reasonable storage charges, is paid or the commodity is sold at foreclosure sale and delivery is made to the purchaser. The lien may be foreclosed as provided for with respect to foreclosure of a lien on chattels. [C66, 71,§84.10]

Refered to in §84.8

84.11 Rules covering practice before council.

1. The council shall prescribe rules governing the practice and procedure before it.

2. No order, or amendment thereof, except in an emergency, shall be made by the council without a public hearing upon at least ten days' notice. The public hearing shall be held at such time and place as may be prescribed by the council, and any interested person shall be entitled to be heard.

3. When an emergency requiring immediate action is found to exist the council is authorized to issue an emergency order without notice of hearing which shall be effective upon promulgation. No emergency order shall remain effective for more than fifteen days.

4. Any notice required by this chapter shall be given at the election of the council either by personal service or by letter to the last recorded address and one publication in a newspaper of general circulation in the state capital city and in a newspaper of general circulation in the county where the land affected, or some part thereof, is situated. The notice shall issue in the name of the state, shall be signed by the state geologist, shall specify the style and number of the proceeding, the time and place of the hearing, and shall briefly state the purpose of the proceeding. Should the council elect to give notice by personal service, such service may be made by any officer authorized to serve process, or by any officer of the council, in the same manner as is provided by law for the service of original notices in civil actions in the district court of the state. Proof of the service by such agent shall be by the affidavit of the person making personal service.

5. All orders issued by the council shall be in writing, shall be entered in full and indexed in books to be kept by the state geologist for that purpose, and shall be public records open to inspection at any time during reasonable office hours. A copy of any rule, regulation, or order certified by the state geologist or any officer of the council shall be received in evidence in all courts of this state with the same effect as the original.

6. The council may act upon its own motion, or upon the petition of any interested person. On the filing of a petition concerning any matter within the jurisdiction of the council, the council shall promptly fix a date for a hearing thereon, and shall cause notice of the hearing to be given. The hearing shall be held without undue delay after the filing of the petition. The council shall enter its order within thirty days after the hearing. [C66, 71,§84.11]
84.12 Summoning witnesses, administering oaths, requiring production of records—hearings before the council.

1. The council shall have the power to summon witnesses, to administer oaths, and require the production of records, books, and documents for examination at any hearing or investigation conducted. No person shall be excused from attending and testifying, or from producing books, papers, and records before the council or a court, or from obedience to the subpoena of the council or a court, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; provided, that nothing herein contained shall be construed as requiring any person to produce any books, papers, or records, or to testify in response to any inquiry not pertinent to some question lawfully before such council or court for determination. No natural person shall be subject to criminal prosecution or to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which, in spite of his objections, he may be required to testify or produce evidence, documentary or otherwise, before the council or court, or in obedience to subpoena; provided, that no person testifying shall be exempted from prosecution and punishment for perjury committed in so testifying.

2. In case of failure or refusal on the part of any person to comply with the subpoena issued by the council, or in case of the refusal of any witness to testify as to any matter regarding which he may be interrogated, any court in the state, upon the application of the council, may issue an attachment for such person and compel him to comply with such subpoena, and to attend before the council and produce such records, books, and documents, for examination, and to give his testimony. Such courts shall have the power to punish for contempt as in the case of disobedience to a like subpoena issued by the court, or for refusal to testify therein.

3. The council may appoint a hearing examiner or examiners to conduct hearings required by this chapter. When so appointed, such hearing examiner or examiners shall have and exercise all of the powers delegated to the council by this section. [C66, 71.§84.12]

84.13 Person adversely affected—rehearing.

Any person adversely affected by any order of the council may within thirty days after its effective date apply to the council in writing for a rehearing. The application for rehearing shall be acted upon within fifteen days after its filing, and if granted, the rehearing shall be held without undue delay. [C66, 71, §84.13]

84.14 Appeal to district court—procedure of appeal.

1. Any person adversely affected by an order entered by the council, may appeal from such order to the district court at the seat of government or the district court of any county in which the property affected or some portion thereof is located or to the court of last appeal. Notice of appeal must be filed by such person with the council within thirty days after the entry of the order complained of, or within thirty days after the entry of the order overruling a motion for rehearing or sustaining the original order in the event a motion for rehearing has been filed. The notice of appeal must identify the order and the grounds of appeal, and reasonably specify that portion of the record which the appellant desires included in the transcript upon appeal. Immediately upon the filing of the notice of appeal the council shall certify to the appellant the estimated cost of preparing the transcript of appeal of the proceedings upon which the order complained of was entered. The amount of the estimated cost must be deposited with the council within ten days after the mailing of the certification of the costs to the appellant. Upon the deposit of the costs the council shall prepare and certify the transcript. The transcript shall be delivered to the appellant, or his designated attorney, within sixty days after the filing of the notice of appeal.

2. Within ninety days after the filing of the notice of appeal, the appellant must file in the district court the transcript of the proceedings before the council, together with a petition for review which states briefly the grounds for the appeal. An appeal shall be perfected by filing the notice of appeal within the specified thirty day period. The appeal may be dismissed by the district court for failure of the appellant to make the required cost deposit or to file the transcript and petition for review within the time specified, unless for good cause shown the time is extended by order of the district court. If the district court deems the transcript insufficient, the court may dismiss the appeal or return the transcript to the appellant for proper additions, and thereafter assess such further costs against the appellant as the court in its discretion deems sufficient.

3. At the time of filing of the notice of appeal, if an application for the suspension of the order is filed, the council shall enter an order fixing the amount of the supersedeas bond. Within ten days after the entry of an order by the council which fixes the amount of the bond, the appellant must file with the council a supersedeas bond in the required amount and with proper surety; upon approval of the bond, the council shall suspend the order complained of until its final disposition upon appeal. The bond shall run in favor of the state of Iowa for the use and benefit of any person who may suffer damage by reason of the suspension of the order in the event the same is affirmed by the district court. If the order of the council is not superseded, it shall continue in force and effect as if no appeal was pending.

4. The district court shall, insofar as is practicable, give precedence to appeals from orders.
of the council. Upon the appeal of such an order the district court shall review the proceedings before the council as disclosed by the transcript upon appeal, and thereafter enter its judgment affirming or reversing the order appealed. Orders of the council shall be sustained if the council has regularly pursued its authority and its findings and conclusions are sustained by the law and by substantial and credible evidence. [C66, 71, §81.14]

84.15 Acquisition and handling illegal oil and gas prohibited—seizure of illegal oil and gas and sale thereof.

1. The sale, purchase, acquisition, transportation, refining, processing, or handling of illegal oil, illegal gas, or illegal product is hereby prohibited. However, no penalty by way of fine shall be imposed upon a person who sells, purchases, acquires, transports, refines, processes, or handles illegal oil, illegal gas, or illegal product unless

   a. Such person knows, or is put on notice, of facts indicating that illegal oil, illegal gas, or illegal product is involved, or

   b. Such person fails to obtain a certificate of clearance with respect to such oil, gas, or product where prescribed by order of the council, or fails to follow any other method prescribed by an order of the council for the identification of such oil, gas or product.

2. Illegal oil, illegal gas, and illegal product are declared to be contraband and are subject to seizure and sale as herein provided; seizure and sale to be in addition to any and all other remedies and penalties provided in this chapter for violations relating to illegal oil, illegal gas, or illegal product. Whenever the council by order finds that any oil, gas or product is illegal, the council acting by the attorney general, shall bring a civil action in rem in the district court of the county where such oil, gas, or product is found, to seize and sell the same, or the council may include such an action in rem for the seizure and sale of illegal oil, illegal gas, or illegal product in any suit brought for an injunction or penalty involving illegal oil, illegal gas, or illegal product. Any person claiming an interest in oil, gas, or product affected by any such action shall have the right to intervene as an interested party in such action.

3. Actions for the seizure and sale of illegal oil, illegal gas, or illegal product shall be strictly in rem, and shall proceed in the name of the state as plaintiff against the illegal oil, illegal gas, or illegal products as defendant. No bond or similar undertaking shall be required of the plaintiff. Upon the filing of the petition for seizure and sale, the attorney general shall issue a notice, with a copy of the complaint attached thereto, which shall be served in the manner provided for service of original notices in civil actions, upon any and all persons having or claiming any interest in the illegal oil, illegal gas, or illegal product described in the petition. Service shall be completed by the filing of an affidavit by the person making the service, stating the time and manner of making such service. Any person who fails to appear and answer within the period of thirty days shall be forever barred by the judgment based on such service. If the court, on a properly verified petition, or affidavits, or oral testimony, finds and holds that illegal oil, gas, or product for sale exist, the court shall issue an immediate order of seizure, describing the oil, gas, or product to be seized and directing the sheriff of the county to take such oil, gas, or product into his custody, actual or constructive, and to hold the same subject to the further order of the court. The court, in such order of seizure, may direct the sheriff to deliver the oil, gas, or product seized by him under the order to an agent appointed by the court as the agent of the court; such agent to give bond in an amount and with such surety as the court may direct, conditioned upon his compliance with the orders of the court concerning the custody and disposition of such oil, gas, or product.

4. Any person having an interest in oil, gas, or product described in an order of seizure and contesting the right of the state to the seizure and sale thereof may, prior to the sale thereof as herein provided, obtain the release thereof, upon furnishing bond to the sheriff approved by the court, in an amount equal to one hundred fifty percent of the market value of the oil, gas, or product to be released, and conditioned as the court may direct upon re-delivery to the sheriff of such product released or upon payment to the sheriff of the market value thereof as the court may direct, if and when ordered by the court, and upon full compliance with the further orders of the court.

5. If the court, after a hearing upon a petition for the seizure and sale of oil, gas or product, finds that such oil, gas, or product is contraband, the court shall order the sale thereof by the sheriff in the same manner and upon the same notice of sale as provided by law for the sale of personal property on execution of judgment entered in a civil action except that the court may order that the illegal oil, illegal gas, or illegal product be sold in specified lots or portions and at specified intervals. Upon such sale, title to the oil, gas, or product sold shall vest in the purchaser free of the claims of any and all persons having any title thereto or interest therein at or prior to the seizure thereof, and the same shall be legal oil, legal gas, or legal product, as the case may be, in the hands of the purchaser.

6. All proceeds derived from the sale of illegal oil, illegal gas, or illegal product, as above provided, after payment of costs of suit and expenses incident to the sale and all amounts paid as penalties provided for by this chapter shall be paid to the state treasurer and credited to the general fund. [C66, 71, §81.15]

84.16 Penalties.

1. Any person who violates any provision of this chapter, or any rule, regulation, or order
of the council shall be subject to a penalty of not more than one thousand dollars for each act of violation and for each day that such violation continues, unless the penalty for such violation is otherwise specifically provided for and made exclusive in this chapter.

2. If any person, for the purpose of evading this chapter, or any rule, regulation, or order of the council, shall make or cause to be made any false entry or statement in a report required by this chapter or by any such rule, regulation, or order, or shall make or cause to be made any false entry in any record, account, or memorandum required by this chapter, or by any such rule, regulation, or order, or shall omit, or cause to be omitted, from any such record, account, or memorandum, such person shall be guilty of a misdemeanor and, upon conviction, shall be subject to a fine of not more than five thousand dollars or imprisonment in a county jail for a term not exceeding six months, or to both such fine and imprisonment.

3. Any person knowingly aiding or abetting any other person in the violation of any provision of this chapter, or any rule, regulation, or order of the council shall be subject to the same penalty as that prescribed by this chapter for the violation by such other person.

4. The penalties provided in this section shall be recoverable by suit filed by the attorney general in the name and on behalf of the council, in the district court of the county in which the defendant resides, or in which any defendant resides, if there be more than one defendant, or in the district court of any county in which the violation occurred. The payment of any such penalty shall not operate to legalize any illegal oil, illegal gas, or illegal product involved in the violation for which the penalty is imposed, or to relieve a person on whom the penalty is imposed from liability to any other person for damages arising out of such violation. [C66, 71.§84.16]

84.17 Action to restrain violation or threatened violation.

1. Whenever it appears that any person is violating or threatening to violate any provision of this chapter, or any rule, regulation, or order of the council, the council shall bring suit against such person in the district court of any county where the violation occurs or is threatened, to restrain such person from continuing such violation or from carrying out the threat of violation. In any such suit, the court shall have jurisdiction to grant to the council, without bond or other undertaking, such prohibitory and mandatory injunctions as the facts may warrant, including temporary restraining orders, preliminary injunctions, temporary, preliminary, or final orders restraining the movement or disposition of any illegal oil, illegal gas, or illegal product, any of which the court may order to be impounded or placed in the custody of an agent appointed by the court.

2. If the council shall fail to bring suit to enjoin a violation or threatened violation of any provision of this chapter, or any rule, regulation, or order of the council, within ten days after receipt of written request to do so by any person who is or will be adversely affected by such violation, the person making such request may bring suit in his own behalf to restrain such violation or threatened violation in any court in which the council might have brought suit. The council shall be made a party defendant in such suit in addition to the person violating or threatening to violate a provision of this chapter, or a rule, regulation, or order of the council, and the action shall proceed and injunctive relief may be granted to the council or the petitioner without bond in the same manner as if suit had been brought by the council. [C66, 71.§84.17]

84.18 Mineral rights taxed separately. All rights and interests in or to oil, gas or other minerals underlying land, whether created by or arising under deed, lease, reservation of rights, or otherwise, which rights or interests are owned by any person other than the owner of the land, shall be assessed and taxed separately to the owner of such rights or interests in the same manner as other real estate. The taxes on such rights or interests which are not owned by the owner of the land shall not be a lien on the land. [C66, 71.§84.18]

84.19 Rate. In order to pay the costs of assessment and collection and provide a reasonable minimum standard of taxation, the taxes on any such rights or interests not owned by the owner of the land, shall be not less than five cents per acre. [C66, 71.§84.19]

84.20 Tax sale — redemption by owner.
