In so doing, he shall at least every six months evaluate the scope of the program currently being provided under this chapter, project the probable cost of continuing a like program, compare such probable cost with the remaining balance of the state appropriation made for payment of assistance under this chapter during the current appropriation period, and expand or curtail the program accordingly; provided that in no event shall the scope of the program be less than payment of all costs of the care and services to which reference is made in section 249A.2, subsection 5, which are provided to the individuals and families described in section 249A.3, subsection 1. After each evaluation of the scope of the program, the commissioner shall report his conclusions and his action thereon to the general assembly through the legislative council or in such other manner as the general assembly may by resolution direct.

5. May, to the extent possible, contract with a private organization or organizations whereby such organization will handle the processing of and the payment of claims for services rendered under the provisions of this chapter and under such rules and regulations as shall be promulgated by such department. The state department may give due consideration to the advantages of contracting with any organization which may be serving in Iowa as "intermediate" or "carrier" under Title XVIII of the federal Social Security Act, as amended.

6. At least ten days' notice in writing of the application shall be given to the parties sought to be charged, service thereof to be made as of an original notice, in which proceedings the county shall be plaintiff and the parties served defendants. No order shall be made affecting a person not served, but, as to such, notice may be given at any stage of the proceedings. The court may proceed in a summary manner to hear all the allegations and proofs of the parties, and order any one or more of the relatives who shall be able, to relieve or maintain him or her, charging them as far as practicable in the order above named, and for that purpose may bring in new parties when necessary. Manner of service, R.C.P. 56(a)

252.8 Scope of order. The order may be for the entire or partial support of the applicant, may be for the payment of money or the taking of the applicant to a relative's house, or may assign him or her for a certain time to one and for another period to another, as may be just and right, taking into view the means of the several relatives liable, but no such assignment shall be made to one who is willing to pay the amount necessary for support. If the order be for relief in any other form than money, it shall state the extent and value thereof per week, and the time such relief shall continue; or the order may make the time of continuance indefinite, and it may be varied from time to time by a new order, as circumstances may require, upon application to the court by the trustees, the poor person, or the relative affected, ten days' notice thereof being
given to the party or parties concerned. (C51, §§793-795; R60, §§1361-1363; C73, §§1337-1339; C97, §§2219; C24, 27, 31, 35, §5304; C39, §3828.080; C46, 50, 54, 58, 62, 66, 71, 73, §252.8).

252.9 Judgment—appeal. When money is ordered to be paid, it shall be paid to such person as the court may direct. If support be not rendered as ordered, the court upon such fact being shown by the affidavit of one or more of the proper trustees, may render judgment and order execution for the amount due, rating any support ordered in kind at the valuation previously made. An appeal may be taken from the judgment rendered to the supreme court. Support for later periods under the same order may be, as it becomes due, applied for and obtained in the same manner. (C51, §§796-798; R60, §§1364-1366; C73, §§1340-1342; C97, §§2219; C24, 27, 31, 35, §5305; C39, §3828.081; C46, 50, 54, 58, 62, 66, 71, 73, §252.9).

252.10 Abandonment—order as to property. When father or mother abandons any child, husband his wife, or wife her husband, leaving them a public charge or likely to become such, the trustees of the township, upon application to them, may make complaint to the district court in the county in which such abandoned person resides, or in which any property of such father, mother, husband, or wife is situated, for an order to seize such property, and, upon proof of the necessary facts, the court shall issue an order, directed to the sheriff of the county, to take and hold possession of said property, subject to the further orders of the court, which order shall be executed by taking possession of chattel property wherever found, and shall entitle the officer serving the same to collect and hold the rents accruing upon real property. (C51, §§799-800; R60, §§1367, 1368; C73, §§1343, 144; C97, §2220; C24, 27, 31, 35, §5306; C39, §3828.082; C46, 50, 54, 58, 62, 66, 71, 73, §252.10).

252.11 Preservation and release of lien. Statement of the issuance of the order and a description of any real estate sought to be affected thereby, shall be entered in the encumbrance book, and from the date thereof shall be superior in right to any conveyance or lien created by the owner thereafter, and return shall be made of said order to the proper court, where the order of seizure, upon investigation, may be discharged or continued; if continued, the entire matter shall be subject to the control of the court, and it shall from time to time make such orders as to the disposition of the personal property seized, and the application of it or the proceeds thereof, as it may deem proper, and of the disposition of the rents and profits of the real estate. Should the party against whom the order issued therefor be able, and from such person's estate by filing the claim as provided by law. (C51, §§801-804; R60, §§1373, 1374; C73, §§1350, 1351, 1352; C97, §2222; C24, 27, 31, 35, §5308; C39, §3828.085; C46, 50, 54, 58, 62, 66, 71, 73, §252.11).

252.13 Recovery by county. Any county having expended any money for the relief or support of a poor person, under the provisions of this chapter, may recover the same from any of his kindred mentioned herein, from such poor person should he become able, or from his estate: from relatives by action brought within two years from the payment of such expenses, from such poor person by action brought within two years after becoming able, and from such person's estate by filling the claim as provided by law. (C51, §§805; R60, §§1374; C73, §§1350; C97, §2222; C24, 27, 31, 35, §5309; C39, §3828.085; C46, 50, 54, 58, 62, 66, 71, 73, §252.13).

252.14 Homestead—when liable. When expenditures have been made for and on behalf of a poor person and his family, as contemplated by section 252.13, the homestead of such poor person is liable for such expenditures when such poor person dies without leaving a surviving husband or wife, or child, as defined in section 234.1. A more distant relation, who may have been compelled to aid a poor person, may recover from any one or more of the nearer relatives, and one so compelled to aid may recover contribution from others in the same degree, and a recovery may be had against the poor person or his estate. If, after such aid or support has been given, the person aided or supported becomes able to repay the same; but proceedings to recover therefor must be brought within two years from the time a cause of action accrues. 252.16 Settlement—how acquired. A legal settlement in this state may be acquired as follows:

1. Any person continuously residing in any county in this state for a period of one year acquires a settlement in that county.
2. Any person having acquired a settlement in any county of this state shall not acquire a settlement in any other county until such person shall have continuously resided in said county for a period of one year.

3. A person who is an inmate of or is supported by an institution whether organized for pecuniary profit or not or an institution supported by charitable or public funds in a county in this state shall not acquire a settlement in the county unless the person before becoming an inmate in the institution or being supported by an institution has a settlement in the county. A minor child residing in an institution assumes the settlement of his parent as prescribed in subsections 5 and 6. Settlement of the minor child changes with the settlement of his parent, except that the child retains the settlement that his parent has on the child's eighteenth birthday until he is discharged from the institution, at which time he acquires his own settlement, as provided in this section.

4. Minor children who reside with both parents take the settlement of the parents. If the minor child resides on a permanent basis with only one parent or a guardian, the minor child takes the settlement of the parent or guardian with whom the child resides.

5. Any person with settlement in this state who enlists in or is inducted into the military or naval service of the United States shall retain such settlement during the period of his military or naval service. Any person without settlement in this state who is serving in said military or naval service shall acquire a settlement in this state who is serving in said military or naval service of the United States shall retain such settlement during the period of his military or naval service. Any person without settlement in this state who is serving in said military or naval service shall acquire a settlement in this state who is serving in said military or naval service.

6. The provisions of subsections 1, 2 and 3 of this section shall not apply to any blind person who is receiving assistance under the laws of this state. 252.20 and 252.21 Repealed by 58GA, ch 181. §2.

252.22 Contest between counties. When relief is granted to a poor person having a settlement in another county, the auditor shall at once by mail notify the auditor of the county of his settlement of such fact, and, within fifteen days after receipt of such notice, such auditor shall inform the auditor of the county granting relief if the claim of settlement is disputed. If it is not, the poor person, at the request of the auditor or board of supervisors of the county of his settlement, may be maintained where he then is at the expense of such county, and without affecting his legal settlement.

All laws relating to the support of the poor as provided by this chapter shall be applicable to care, treatment, and hospitalization provided by county public hospitals. [C51,§814; 616, 817; R60,§1382, 1384, 1365; C73,§1367, 1356, 1360; C97,§2228; C24, 27, 31, 35,§5317; C39,§3828.094; C46, 50, 54, 58, 62, 66, 71, 73,§252.22]

The amounts herein collected by said county shall be paid to the agency furnishing such relief. This statute as herein amended shall apply to services and supplies furnished as provided in section 139.30. Legal aid authorized herein shall be provided only through a legal aid program approved by the county board of supervisors. The amount of assistance issued to meet the needs of the person shall be determined by standards of assistance established by the county boards of supervisors. 252.43 Poor tax. The expense of supporting the poor shall be paid out of the county treasury in the same manner as other disbursements for county purposes; and in case the
ordinary revenue of the county proves insufficient for the support of the poor, the board may levy a poor tax, not exceeding forty and one-half cents per thousand dollars of assessed value, to be entered on the tax list and collected as the ordinary county tax.

Should the forty and one-half cents levy fail to provide adequate funds to take care of the poor, then the board of supervisors, with the approval of the state comptroller, shall levy an additional tax of not to exceed eighty-one cents per thousand dollars of assessed value, to be entered on the tax list and collected as the ordinary county tax. Before any such additional levy is made, a showing of the necessity for such additional levy shall be made to the state comptroller and no such additional levy shall be made unless it shall be approved in writing by the comptroller.

The expense of support for the poor for Indians residing on a reservation in this state shall be paid from funds of the state division of child and family services of the department of social services. To administer such support for Indians residing on a reservation, such state division shall have the powers and duties assigned to county officials by this chapter, or the state division or director of same may designate the director of social welfare in the county where such Indians reside to administer such relief. (C51, §844; R60, §1412; C73, §1381; C97, §2247; §13, §2247; C24, 27, 31, 35, §5337; C39, §3828.114; C46, 50, 54, 58, 62, 66, 71, 73, §252.43; 65GA, ch 1231, §23)

252.44 Maximum poor fund levy. For the extended fiscal year beginning January 1, 1974 and ending June 30, 1975, and for that period only, the maximum levy for support of the poor in each county, expressed in mills, shall be computed by the state comptroller as prescribed by this section. This computation shall be in lieu of any other statutory limitation for the period January 1, 1974 through June 30, 1975.

1. The tentative maximum poor fund millage levy for each county shall be equal to one hundred fifty percent of the total millage levy which that county made for the poor fund under all applicable statutes for the budget year beginning January 1, 1972 and ending December 31, 1972.

2. The reduction in the levy for the poor fund in each county, due to elimination of county responsibility for aid to dependent children, aid to the blind, aid to the disabled and for certain foster care expenditures, shall be established as follows:

a. The amount charged the county by the department of social services during the calendar year 1972 as the county’s share of payments made by the state for aid to dependent children, aid to the blind, aid to the disabled, and foster care for children who were under the custody, care or supervision of the state department of social services, or of a county department of social services, shall be determined.

b. The assessed valuation of property against which the county made its poor fund millage levy in 1971, payable in 1972, shall be determined.

c. The millage rate required to produce the amount determined pursuant to paragraph “a” of this subsection, levied upon the assessed valuation determined pursuant to paragraph “b” of this subsection, shall be computed. One hundred fifty percent of this millage rate shall be the millage reduction in the poor fund levy of the county.

3. The maximum poor fund millage levy for the extended fiscal year in each county shall be established as follows:

a. From the county’s tentative maximum poor fund levy determined pursuant to subsection 1, subtract the millage reduction in the poor fund levy determined pursuant to subsection 2.

b. The maximum poor fund millage levy for the extended fiscal year shall be the millage levy determined pursuant to paragraph “a” of this subsection increased by seven and one-half percent. However, the state appeal board established by chapter 24 may permit a higher levy to the extent required in order to prevent severe hardship due to unusual circumstances beyond the control of the county government, or in order to adjust for an abnormally low levy for the 1972 budget year. (65GA, ch 175, §44)

252.45 Future poor fund levy. For each fiscal year following the extended fiscal year the maximum levy for the support of the poor in each county shall be two-thirds of the maximum poor fund millage levy for the extended fiscal year beginning January 1, 1974 and ending June 30, 1975, determined pursuant to section 252.44. However, the state appeal board may permit a higher levy for any year to the extent required in order to prevent severe hardship due to unusual circumstances beyond the control of the county government. ([65 GA, ch 175, §5])

The natural parents of a child born out of wedlock shall be severally liable for the support of the child, but the liability of the natural father shall not be enforceable unless he has been adjudicated to be the child's father by a court of competent jurisdiction, or he has acknowledged paternity of the child in open court or by written statement. [C50, 54, 58, 62, 66, 71, 73, §252A.3; 65GA, ch 140, §33, ch 160, §2]

252A.4 Jurisdiction. For the purposes of this chapter:

1. The court shall have jurisdiction regardless of the state of last residence or domicile of the petitioner and the respondent and whether or not the respondent has ever been a resident of the initiating state or the dependent person has ever been a resident of the responding state.

2. The court of the responding state shall have the power to order the respondent to pay sums sufficient to provide necessary food, shelter, clothing, care, medical or hospital expenses, expenses of confinement, expenses of education of a child, funeral expenses and such other reasonable and proper expenses of the petitioner as justice requires, having regard to the circumstances of the respective parties.

3. The courts of both the initiating state and the responding state shall have the power to order testimony to be taken in either or both of such states by deposition or written interrogatories, and to limit the nature of and the extent to which the right so to take testimony shall be exercised, provided that the respondent is given a full and fair opportunity to answer the allegations of the petitioner. [C50, 54, 58, 62, 66, 71, 73, §252A.4]

252A.5 When proceeding may be maintained. A proceeding to compel support of a dependent may be maintained under this chapter in any of the following cases:

1. Where the petitioner and the respondent are residents of or domiciled or found in the same state.

2. Where the petitioner resides in one state and the respondent is a resident of or is domiciled or found in another state having substantially similar or reciprocal laws.

3. Where the respondent is not and never was a resident of or domiciled in the initiating state and the petitioner resides or is domiciled in such state and the respondent is believed to be a resident of or domiciled in another state having substantially similar or reciprocal laws.

4. Where the respondent was or is a resident of or domiciled in the initiating state and has departed or departs from such state leaving therein a dependent in need of and entitled to support under this chapter and is believed to be a resident of or domiciled in another state having substantially similar or reciprocal laws.

5. Whenever the state or a political subdivision thereof furnishes support to a dependent, it has the same right through proceedings instituted by the petitioner's representative to invoke the provisions hereof as the dependent to whom the support was furnished, for the purpose of securing reimbursement of expenditures so made and of obtaining continuing support; the petition in such case may be verified by any official having knowledge of such expenditures and consent of the dependent shall not be required in order to institute proceedings under this chapter. [C50, 54, 58, 62, 66, 71, 73, §252A.5]

252A.6 How commenced—trial.

1. A proceeding under this chapter shall be commenced by a petitioner, or a petitioner's representative, by filing a verified petition in the court in equity in the county of the state wherein he resides or is domiciled, showing the name, age, residence and circumstances of the petitioner, alleging that he is in need of and is entitled to support from the respondent, giving his name, age, residence and circumstances, and praying that the respondent be compelled to furnish such support. The petitioner may include in or attach to the petition any information which may help in locating or identifying the respondent including, but without limitation by enumeration, a photograph of the respondent, a description of any distinguishing marks of his person, other names and aliases by which he has been or is known, the name of his employer, his fingerprints, or social security number.

2. If the respondent be a resident of or domiciled in such state and the court has or
can acquire jurisdiction of the person of the respondent under existing laws in effect in such state, such laws shall govern and control the procedure to be followed in such proceeding.

3. If the court of this state acting as an initiating state finds that the petition sets forth facts from which it may be determined that the respondent owes a duty of support and that a court of the responding state may obtain jurisdiction of the respondent or his property, it shall so certify and shall cause three copies of (a) the petition (b) its certificate and (c) this chapter to be transmitted to the court in the responding state. If the name and address of such court is unknown and the responding state has an information agency comparable to that established in the initiating state it shall cause such copies to be transmitted to the state information agency or other proper official of the responding state, with a request that it forward them to the proper court, and that the court of the responding state acknowledge their receipt to the court of the initiating state.

4. When the court of this state, acting as a responding state, receives from the court of an initiating state the aforesaid copies, it shall docket the cause, notify the county attorney or other official acting as petitioner's representative, set a time and place for a hearing, and take such action as is necessary in accordance with the laws of this state to serve notice and thus obtain jurisdiction over the respondent. If a court of the state, acting as a responding state, is unable to obtain jurisdiction of the respondent or his property due to inaccuracies or inadequacies in the petition or otherwise, the court shall communicate this fact to the court in the initiating state, shall on its own initiative use all means at its disposal to trace the respondent or his property, and shall hold the case pending the receipt of more accurate information or an amended petition from the court in the initiating state.

However, if the court of the responding state is unable to obtain jurisdiction because the respondent resides in or is domiciled or found in another county of the responding state, the papers received from the court of the initiating state may be forwarded by the court of the responding state which received the papers to the court of the county in the responding state in which the respondent resides or is domiciled or found, and the court of the initiating state shall be notified of the transfer. The court of the county where the respondent resides or is domiciled or found shall acknowledge receipt of the papers to both the court of the initiating state and the court of the responding state which forwarded the papers, and shall take full jurisdiction of the proceedings with the same powers as if it had received the papers directly from the court of the initiating state.

5. It shall not be necessary for the petitioner or the petitioner's witnesses to appear personally at such hearing, but it shall be the duty of the petitioner's representative of the responding state to appear on behalf of and represent the petitioner at all stages of the proceeding.

6. If at such hearing the respondent controverts the petition and enters a verified denial of any of the material allegations thereof, the judge presiding at such hearing shall stay the proceedings and transmit to the judge of the court in the initiating state a transcript of the clerk's minutes showing the denials entered by the respondent.

7. Upon receipt by the judge of the court in the initiating state of such transcript, such court shall take such proof, including the testimony of the petitioner and the petitioner's witnesses and such other evidence as the court may deem proper, and, after due deliberation, the court shall make its recommendation, based on all of such proof and evidence, and shall transmit to the court in the responding state an exemplified transcript of such proof and evidence and of its proceedings and recommendation in connection therewith.

8. Upon the receipt of such transcript, the court in the responding state shall resume its hearing in the proceeding and shall give the respondent a reasonable opportunity to appear and reply.

9. Upon the resumption of such hearing, the respondent shall have the right to examine or cross-examine the petitioner and the petitioner's witnesses by means of depositions or written interrogatories, and the petitioner shall have the right to examine or cross-examine the respondent and the respondent's witnesses by means of depositions or written interrogatories.

10. If a respondent, duly summoned by a court in the responding state, willfully fails without good cause to appear as directed in the summons, he shall be punished in the same manner and to the same extent as is provided by law for the punishment of a defendant or witness who willfully disobeys a summons or subpoena duly issued out of such court in any other action or proceeding cognizable by said court.

11. If, on the return day of the summons, the respondent appears at the time and place specified therein and fails to answer the petition or admits the allegations thereof, or, if, after a hearing has been duly held by the court in the responding state in accordance with the provisions of this section, such court has found and determined that the prayer of the petitioner, or any part thereof, is supported by the evidence adduced in the proceeding, and that the petitioner is in need of and entitled to support from the respondent, the court shall make and enter an order directing the respondent to furnish support to the petitioner and to pay therefor such sum as the court shall determine, having due regard to the parties' means and circumstances. An exemplified copy of such order shall be transmitted by the court to the court in the initiating state and such copy
shall be filed with and made a part of the records of such court in such proceeding. The court shall place the respondent on probation on such terms and conditions as the court may deem proper or necessary to assure faithful compliance by the respondent with such order. The court shall also have power to require the respondent to furnish recognizance in the form of a cash deposit or surety bond in such amount as the court may deem proper and just to assure the payment of the amount required to be paid by the respondent for the support of the petitioner.

12. The court making such order may require the respondent to make payment at specified intervals to the clerk of the district court, or to the dependent, or to any state or county agency, and to report personally to the sheriff or any other official, at such times as may be deemed necessary.

13. A respondent who shall willfully fail to comply with or violate the terms or conditions of the support order or of his probation shall be punished by the court in the same manner and to the same extent as is provided by law for a contempt of such court or a violation of probation ordered by such court in any other suit or proceeding cognizable by such court.

14. The court of this state when acting as a responding state shall have the following duties which may be carried out through the clerk of the court: Upon receipt of a payment made by the respondent pursuant to any order of the court or otherwise, to transmit the same forthwith to the court of the initiating state, and upon request to furnish to the court of the initiating state a certified statement of all payments made by the respondent.

15. Any order of support issued by a court of the state acting as a responding state shall not supersede any previous order of support issued in a divorce or separate maintenance action, but the amounts for a particular period paid pursuant to either order shall be credited against amounts accruing or accrued for the same period under both.

16. The court of the initiating state shall receive and accept all payments made by the respondent to the probation department or bureau of the court of the responding state and transmitted by the latter on behalf of the respondent. Upon receipt of any such payment, and under such rules as the court of the initiating state may prescribe, the court, or its probation department or bureau, as the court may direct, shall deliver such payment to the dependent person entitled thereto, take a proper receipt and acquittance therefor, and keep a permanent record thereof. [C50, 54, 58, 62, 66, 71, 73, §252A.6; 65GA, ch 190, §3]

252A.7 Petitioner's representatives to appear. It shall be the duty of all petitioner's representatives of this state to appear in this state on behalf of and represent the petitioner in every proceeding pursuant to this chapter, at the time the petition is filed and at all stages of the proceeding thereafter, and to obtain and present such evidence or proof as may be required by the court in the initiating state or the responding state. [C50, 54, 58, 62, 66, 71, 73, §252A.7]

252A.8 Additional remedies. This chapter shall be construed to furnish an additional or alternative civil remedy and shall in no way affect or impair any other remedy, civil or criminal, provided in any other statute and available to the petitioner in relation to the same subject matter. [C50, 54, 58, 62, 66, 71, 73, §252A.8]

252A.9 Construction. This chapter shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of the states which enact it. [C50, 54, 58, 62, 66, 71, 73, §252A.9]

Where the action is brought by an agency of the state or county there shall be no filing fee. [C58, 62, 66, 71, 73, §252A.10]

252A.11 Custody of respondent. When the court of this state, acting either as an initiating or responding state, has reason to believe that the respondent may flee the jurisdiction it may as an initiating state request in its certificate that the court of the responding state obtain the body of the respondent by appropriate process if that be permissible under the law of the responding state; or, it may as a responding state, obtain the body of the respondent by appropriate process. [C58, 62, 66, 71, 73, §252A.11]

252A.12 Exchange lists of courts. The state division of child and family services of the department of social services is hereby designated as the state information agency under this chapter, and it shall be its duty to compile a list of the courts and their addresses in this state having jurisdiction under this chapter and transmit the same to the state information agency of every other state which has adopted this or a substantially similar Act and to maintain a register of such lists received from other states. [C58, 62, 66, 71, 73, §252A.12]
253.1 Establishment—submission to vote. The board of supervisors of each county may order the establishment of a county care facility in such county whenever it is deemed advisable, and may make the requisite contracts and carry such order into effect, provided the cost of said county care facility, if in excess of fifteen thousand dollars, shall be first estimated by said board and approved by vote of the people. It shall be the duty of physicians, public health nurses, members of boards of supervisors and township trustees, overseers of the poor, sheriffs, policemen, and public school teachers, having knowledge of persons suffering from any such malady or deformity, to file or cause such complaint to be filed. [SS15, §254-b; C24, 27, 31, 35, §4006; C39, §3828.133; C46, 50, 54, 58, 62, 66, 71, 73, §255.2]

255.4 Examination by physician. Upon the filing of such complaint, the clerk shall num-

255.5 Report by physician. Such physician shall make a report in duplicate on blanks furnished as hereinafter provided, answering the questions contained therein and setting forth the information required thereby, giving such history of the case as will be likely to aid the medical or surgical treatment or hospital care of such patient, describing the pregnancy, deformity, or malady in detail, and stating whether or not in his opinion the same can probably be improved or cured or advantageously treated, which report shall be filed in the office of the clerk within such time as the clerk may fix. [SS15, §§254-b, j; C24, 27, 31, 35, §4009; C39, §3828.136; C46, 50, 54, 58, 62, 66, 71, 73, §255.5]

255.6 Investigation and report. When such complaint is filed, the clerk shall furnish the county attorney and board of supervisors with a copy thereof and said board shall, by the overseer of the poor or such other agent as it
may select, make a thorough investigation of facts as to the legal residence of the patient, and the ability of the patient or others chargeable with his support to pay the expense of such treatment and care; and shall file a report of such investigation in the office of the clerk, at or before the time of hearing. [SS15,§254-b; C24, 27, 31, 35,§4010; C39,§3828.137; C46, 50, 54, 58, 62, 66, 71, 73,§255.6]

255.7 Notice of hearing—duty of county attorney. When the physician’s report has been filed, the clerk shall, with the consent of the court or judge, fix a time and place for hearing of the matter by the court, and the county attorney shall cause such patient and the parent or parents, guardian, or person having the legal custody of said patient, if under legal disability, to be served with such notice of the time and place of the hearing as the judge or clerk may prescribe. [SS15,§254-c; C24, 27, 31, 35,§4011; C39,§3828.138; C46, 50, 54, 58, 62, 66, 71, 73,§255.7]

The complainant, the county attorney, the overseer of the poor or other agent of the board of supervisors, and the patient, or any person representing him, or her, may introduce evidence and be heard. If the court finds that said patient is a legal resident of Iowa and is pregnant or is suffering from a malady or deformity which can probably be improved or cured or advantageously treated by medical or surgical treatment or hospital care, and that neither the patient nor any person legally chargeable with his or her support is able to pay the expenses thereof, then the court of county, except in obstetrical cases and cases of crippled children, shall immediately ascertain from the admitting physician at the university hospital whether such person can be received as a patient within a period of thirty days, and if the patient can be so received, the court, or in the event of no actual contest, the clerk of the court, shall then enter an order directing that said patient be sent to the university hospital for the necessary care as provided in the period thus necessarily employed and actual necessary traveling expenses by the most feasible route to said hospital whether such person can be received as a patient at the said university hospital without the necessity for care as provided in section 255.11, but if such a patient cannot be immediately accepted at the university hospital as ascertained by telephone if necessary, the court or the clerk may enter an order as in certain cases above set forth directing the board of supervisors to provide adequate treatment at county expense for the said patient at home or in a hospital. [SS15,§254-c; C24, 27, 31, 35,§4012; C39,§3828.139; C46, 50, 54, 58, 62, 66, 71, 73,§255.8]

Referred to in §§265.9, 265.14

255.9 Treatment for infant. Whenever a woman who is pregnant is committed to the hospital under the provisions of section 255.8, the said commitment shall authorize the hospital to provide proper medical or surgical treatment and hospital care for the infant. 255.10 Religious belief — denial of order. When the court or judge is satisfied that delay would be seriously injurious to the patient, he may make such order with the consent of the parent, if adult, or of the parent or parents, guardian, or person having the legal custody of said patient, if a minor or incompetent, without examination, report, notice, or hearing. [SS15,§254-e; C24, 27, 31, 35,§4013; C39,§3828.141; C46, 50, 54, 58, 62, 66, 71, 73,§255.10]

In cases of great emergency, when the court or judge is satisfied that delay would be seriously injurious to the patient, he may make such order with the consent of the patient, if adult, or of the parent or parents, guardian, or person having the legal custody of said patient, if a minor or incompetent, without examination, report, notice, or hearing. [SS15,§254-f; C24, 27, 31, 35,§4014; C39,§3828.142; C46, 50, 54, 58, 62, 66, 71, 73,§255.11]

Referred to in §255.8

255.12 Certified copy of order. The clerk shall prepare a certified copy of said order, which, together with a copy of the physician’s report, shall be delivered to the admitting physician of said hospital at or before the time of the reception of the patient into the hospital. [SS15,§254-j; C24, 27, 31, 35,§4015; C39,§3828.143; C46, 50, 54, 58, 62, 66, 71, 73,§255.12]

If the physician appointed to examine the patient shall certify that an attendant to accompany the patient to the said hospital is necessary, and the university hospital attendant and ambulance service is not available, then the court or judge or clerk of the court may appoint an attendant who shall receive not exceeding two dollars per day for the time thus necessarily employed and actual necessary traveling expenses by the most feasible route to said hospital whether by ambu-
lance, train or automobile; but if such appointee is a relative of the patient or a member of his immediate family, or receives a salary or other compensation from the public for his services, no such per diem compensation shall be paid him. The physician appointed by the court or clerk to make the examination and report shall receive therefor three dollars for each examination and report so made and his actual necessary expenses incurred in making such examination, but if said physician receives a salary or other compensation from the public for his full-time services, then no such examination fee shall be paid. The actual, necessary expenses of transporting and caring for the patient shall be paid as hereinafter provided. An itemized, verified statement of all charges provided for in sections 255.8 and 255.13, in cases where the patient is admitted or accepted for treatment at the university hospital, shall be filed with the superintendent of the university hospital, and upon his recommendation when approved by the judge or clerk of the court under whose order the same were incurred, they shall be charged on the regular bill for the maintenance, transportation and treatment of the patient, and be audited and paid in the manner as hereinafter provided. [SS15, §254-h; C24, 27, 31, 35, §4017; C39, §3828.143; C46, 50, 54, 58, 62, 66, 71, 73, §255.14]

The authorities in control of the medical college shall designate some physician to pass upon the admission of such patient, and it shall be his duty to receive such patient into the hospital and to provide for him, if available, a cot, bed, or room in said hospital, and to assign him to the appropriate clinic and for treatment by the proper physician, unless, in his judgment, the presence of the patient in the hospital would be dangerous to other patients, or there is no reasonable probability that he may be benefited by the proposed treatment or hospital care. If the admitting physician shall deny admission to the patient, he shall make a report in duplicate of his reasons therefor. [SS15, §254-d; C24, 27, 31, 35, §4018; C39, §3828.146; C46, 50, 54, 58, 62, 66, 71, 73, §255.15]

255.16 County quotas. Subject to subsequent qualifications in this section, there shall be treated at the university hospital during each fiscal year a number of committed indigent patients from each county which shall bear the same relation to the total number of committed indigent patients admitted during the year as the population of such county bears to the total population of the state according to the last preceding official census. This standard shall apply to Indigent patients, the expenses of whose commitment, transporta-

255.17 Report of physician in charge of clinic. If the physician or surgeon in charge of said clinic, or to whom such patient has been assigned for treatment, declines to treat such patient, he shall make a report in duplicate of his examination of such patient, and state therein his reasons for declining such treatment. 255.19 Treatment of other patients—use of earnings for new facilities. The university hospital authorities may at their discretion receive into the hospital for medical, obstetrical or surgical treatment or hospital care, patients not committed thereto under the provisions of this chapter; but the treatment or care of such patients shall not in any way interfere with the proper medical or surgical treatment or hospital care of committed patients. The university hospital ambulances and ambulance personnel may be used for the transportation of such patients at a reasonable charge if specialized equipment is required and is not otherwise available and if such use does not interfere with the ambulance transportation of patients committed to the hospital.

All of the provisions of this chapter except as to commitment of patients shall apply to such patients. The university hospital authorities shall collect from the person or persons liable for the support of such patients reasonable charges for hospital care and service and deposit the same with the treasurer of the university for the use and benefit of the university hospital. If, in the judgment of the physician or surgeon to whom the patient has been assigned for treatment, continuous residence of the patient in the hospital is unnecessary, such patient may, by the hospital authorities, be sent to his home or other appropriate place, and be required to return to the hospital when and for such length of time as may be for his benefit. The hospital authorities may, if necessary, appoint an attendant to accompany such patient and discharged patients, and the compensation of such attendant shall be fixed by the state board of regents and charged by the hospital as part of the costs of transporting patients. The compensation paid to and the expenses of the attendant shall be audited and paid in the same manner as is provided by law for the compensation of an attendant appointed by the court. [SS15, §254-e; C24, 27, 31, 35, §4025; C39, §3828.154; C46, 50, 54, 58, 62, 66, 71, 73, §255.23]

To arrive at a proper basis for the payment of said bills for treatment, care, and maintenance, the state board of regents shall cause to be made annually an audit of the accounts of the university hospital and determine the average cost per day for the care and maintenance of each patient therein, exclusive of the salaries of the members of the faculty of said university college of medicine, and said bills shall be allowed at such average cost. All accounts shall be so adjusted and paid as to reimburse the funds of the hospital used for the purposes of this chapter. A nonpublic school which offers only a prekindergarten program may, but shall not be required to, seek and obtain approval under this chapter. A list of approved schools shall be maintained by the department of public instruction. The approval standards established by the state board shall delineate and be based upon the educational program described below:

1. If a school offers a prekindergarten program, the program shall be designed to help children to work and play with others, to express themselves, to learn to use and manage their bodies, and to extend their interests and understanding of the world about them. The prekindergarten program shall relate the role of the family to the child's developing sense of self and his perception of others. Planning and carrying out prekindergarten activities designed to encourage co-operative efforts between home and school shall focus on community resources. A prekindergarten teacher employed by a school corporation or county or joint county school system, or its successor agency, and receiving a salary from state and local funds shall hold a certificate certifying that the holder is qualified to teach in prekindergarten.

2. If a school offers a kindergarten program, the program shall include experiences designed to develop healthy emotional and social habits and growth in the language arts and communication skills, as well as a capacity for the completion of individual tasks, and protection and development of physical being. A kindergarten teacher shall hold a certificate certifying that the holder is qualified to teach in kindergarten.

3. The following areas shall be taught in the grades one through six: Language arts, including reading, handwriting, spelling, oral and written English, and literature; social studies, including geography, history of the United States and Iowa with attention given to the role in history played by all persons, and a positive effort shall be made to reflect the achievements of women, minorities and any others who, in the past, may have been ignored or overlooked by reason of race, sex, religion, physical disability or ethnic background, cultures of other peoples and nations, and American citizenship, including the study of national, state and local government in the United States; mathematics; science, including conservation of natural resources and environmental awareness; health and physical education, including the effects of alcohol, tobacco, drugs and poisons on the human body; the characteristics of communicable diseases; traffic safety, including pedestrian and bicycle safety procedures; music; and art.

b. Four units of the social studies. American history, American government, government and cultures of other peoples and nations, and general consumer education, family law, and economics, including comparative and consumer economics, shall be taught in the units but need not be required as full units. All students shall be required to take one unit of American history which shall give attention to the role in history played by all persons, and a positive effort shall be made to reflect the achievements of women, minorities and any others who, in the past, may have been ignored or overlooked by reason of race, sex, religion, physical disability or ethnic background and one-half unit of the governments of Iowa and the United States, including instruction in voting statutes and procedures, voter registration requirements, the use of paper ballots and voting machines in the election process, and the method of acquiring and casting an absentee ballot.

The county auditor, upon request and at a site chosen by him, shall make available to schools within the county voting machines or sample ballots that are generally used within the county, at such times that these machines or sample ballots are not in use for their recognized purpose.

A minimum of one-eighth unit each semester shall be required, except that any pupil participating in an organized and supervised high school athletic program which requires at least as much time of participation per week as one-eighth unit may be excused from the physical education course during the time of his participation in the athletic program. Physical education activities shall emphasize leisure time activities which will benefit the student outside the school environment and after graduation from high school.

The exemption may be renewed. Such exemptions shall be granted only if the state board deems that the request made is an essential part of a planned innovative curriculum project which the state board determines will adequately meet the educational needs and interests of the pupils and be broadly consistent with the intent of the educational program as defined in subsection 6.

The request for exemption shall include all of the following:

a. Rationale of the project to include supportive research evidence.

a. A qualified school media specialist who shall meet the certification and approval standards prescribed by the department of public instruction and adequate media center facilities as hereinafter defined.
§257.25, PUBLIC INSTRUCTION 1212

(1) School media specialist. The media specialist may be employed on a part-time or full-time basis, or may devote only part time to media service activities, according to the needs of the school and the availability of media personnel, as determined by the local board. The state board shall recommend standards based upon the number of students in attendance, the nature of the academic curriculum and other appropriate factors.

(2) Organization and adequacy of collection. The media center shall be organized as a resource center of instructional material for the entire educational program. The number and kind of library and reference books, periodicals, newspapers, pamphlets, information files, audio-visual materials and other learning aids shall be adequate for the number of pupils and the needs of instruction in all courses.

b. A qualified school guidance counselor who shall meet the certification and approval standards prescribed by the department of public instruction. The guidance counselor may be employed on a part-time or full-time basis, or may devote only part time to counseling services, according to the needs of the school and the availability of guidance personnel, as determined by the local board. The state board shall recommend standards based upon the number of students in attendance and other appropriate factors. Other members of the noninstructional professional staff, including but not limited to physicians, dentists, nurses, school psychologists, speech therapists and other specialists, may also be employed or shared by one or more schools. The guidance counselor shall meet the certification and approval standards of the department of public instruction and noninstructional staff members shall meet the professional practice requirements of this state relating to their special services.

c. Arrangement for special education services.

d. Adequate instructional materials for classrooms.

10. As a basis for inclusion on the list of approved schools, the state department of public instruction shall evaluate the school educational program in the several school systems of the state for the purposes of school improvement and approval, and each public and nonpublic school system shall make such reports as the superintendent of public instruction deems necessary to show compliance with the curriculum programs and other requirements prescribed in the Code.

The state superintendent shall make recommendations and suggestions in writing to each school and school district which is subject to this section when the department of public instruction determines, after due investigation, that deficiencies exist in any school or school district.

The state board of public instruction shall adopt approval standards and rules to implement, interpret and make effective the provisions of this section. In adopting the same, the board shall take into account recognized educational standards. Standards and rules shall be of general application without specific regard to school population.

Such standards and rules shall be subject to the provisions of chapter 17A. In addition, such standards and rules shall be reported by the state board to the general assembly within twenty days after the commencement of a regular legislative session. No school or school district shall be removed from the approved list for failure to comply with such standards or rules, until at least one hundred twenty days have elapsed following the reporting of such standards and rules to the general assembly as provided in this section.

11. The state board of public instruction shall remove for cause, after due investigation and notice, any school or school district from the approved list which fails to comply with such approval standards and rules. The state board shall allow a reasonable period of time, which shall be at least one year, for compliance with such approval standards and rules if such school or school district is making a good faith effort and substantial progress toward full compliance and if the failure to comply is due to factors beyond the control of the board of directors or governing body of such school or school district. In allowing such time for compliance, the board shall follow consistent policies, taking into account the circumstances of each case. The reasonable period of time for compliance may be, but need not be, given prior to the one-year notice requirement that is required under subsection 12. A school or school district which is removed from the approved list pursuant to the provisions of this section shall be ineligible to receive state financial aid during the period of noncompliance.

The superintendent of public instruction and the president of the state board shall confer with the affected school board and with the school boards of contiguous school districts to assist the affected school board in determining how best to offer the students of that district an approved educational program. When a school district has been removed from the approved list, is ineligible to receive state aid, and can no longer continue to operate, the board of directors shall seek to merge the territory of the school district with one or more contiguous school districts pursuant to the provisions of chapter 275. If by the first of July the following school year, the district has not met the approval standards and any portion of the district has not been merged with one or more contiguous school districts, the portion that has not been merged shall be merged with one or more contiguous school districts by the state board and the provisions of sections 275.25 to 275.38 shall apply.

12. The department of public instruction shall give any school or school district which
is to be removed from the approved list at least one-year notice. Such notice shall be given by registered or certified mail addressed to the superintendent of the school district or the corresponding official of a private school, and shall specify the reasons for removal. Such notice shall also be sent by ordinary mail to each member of the board of directors or governing body of the school or school district, and to the news media which serve the area where the school or school district is located; but any good faith error or failure to comply with this sentence shall not affect the validity of any action by the state board. If, during said year, the school or school district remedies the reasons for removal and satisfies the state board that it will thereafter comply with the laws, approval standards and rules, the state board shall continue such school or school district on the approved list and shall give the school or school district notice of such action by registered or certified mail. At any time during said year, the board of directors or governing body of the school or school district may request a public hearing before the state board of public instruction, by mailing a written request to the state superintendent by registered or certified mail. The president of the state board shall promptly set a time and place for the public hearing, which shall be either in Des Moines or in the affected area. At least thirty days' notice of the time and place of the hearing shall be given by registered or certified mail addressed to the superintendent of the school district or the corresponding official of a private school. At least ten days before the hearing, notice of the time and place of the hearing and the reasons for removal shall also be published by the state department in a newspaper of general circulation in the area where the school or school district is located. At the hearing the school or school district may be represented by counsel and may present evidence. The state board may provide for the hearing to be recorded or reported. If requested by the school or school district at least ten days before the hearing, the state board shall provide for the hearing to be recorded or reported at the expense of such school or school district, using any reasonable method specified by such school or school district. Within ten days after the hearing, the state board shall render its written decision, signed by a majority of its members, and shall affirm, modify or vacate the action or proposed action to remove the school or school district from the approved list.

13. Notwithstanding the foregoing provisions of this section and as an exception to their requirements, a private high school or private combined junior-senior high school operated for the express purpose of teaching a program designed to qualify its graduates for matriculation at accredited four-year or equivalent liberal arts, scientific or technological colleges or universities shall be placed on a special approved list of college preparatory schools, which list shall signify approval of the school for such express purpose only, provided that:

a. Such school complies with minimum standards established by provisions of the Code other than this section, and administrative rules thereunder, applicable to:

1. Courses comprising such limited program.
2. Health requirements for personnel.
3. Plant facilities.
4. Other environmental factors affecting such programs.

b. At least eighty percent of those graduating from such school within the annually most recent four calendar years, other than those graduating who are aliens, graduates entering military or alternative civilian service, or graduates deceased or incapacitated before college acceptance, have been accepted by accredited four-year or equivalent liberal arts, scientific, or technological colleges or universities.

Any school claiming to be a private college preparatory school which fails in any year to comply with the requirements of paragraph "b" of this subsection shall be placed on the special approved list of college preparatory schools provisionally if such school complies with the requirements of paragraph "a" of this subsection, but such provisional approval shall not continue for more than four successive years.

1. The state board, when necessary to realize the purposes of this chapter, shall approve the enrollment in public schools for specified courses of students who also are enrolled in private schools, when the courses in which they seek enrollment are not available to them in their private schools, provided such students have satisfactorily completed prerequisites courses, if any, or have otherwise shown equivalent competence through testing. Courses made available to students in this manner shall be considered as compliance by the private schools in which such students are enrolled with any standards or laws requiring such private schools to offer or teach such courses.

2. The provisions of this section shall not deprive the respective boards of public school districts of any of their legal powers, statutory or otherwise, and in accepting such specially enrolled students, each of said boards shall prescribe the terms of such special enrollment, including but not limited to scheduling of such courses and the length of class periods. In addition, the board of the affected public school district shall be given notice by the state board of its decision to permit such special enrollment not later than six months prior to the opening of the affected public school district's school year, except that the
board of the public school district may, in its discretion, waive such notice requirement. School districts and county school systems or joint county systems, or their successor agencies, may, when available, make public school auxiliary services, which may include health services, special education services, services and materials for remedial education programs and library and resource centers, audio-visual services and materials, guidance services, scientific instruments, school testing services, and other services and materials, available to children attending nonpublic schools in the same manner and to the same extent that they are provided to public school students. Courses made available to students in this manner shall be considered as complying with any standards or laws requiring the offering of such courses. The boards of directors of districts entering into such agreements may provide for sharing the costs and expenses of such courses. [C66, 71, 73, §257.28]

257.29 Permanent revolving fund.

262.68 Speed limit on institutional grounds. The maximum speed limit of all vehicles on institutional roads at institutions under the control of the state board of regents shall be forty-five miles per hour. 262A.1 Declaration of insufficient state revenue. The general assembly hereby determines that the annual revenues of the state are insufficient to finance the immediate building requirements and other facilities and utilities services requirements of the institutions of higher learning under the jurisdiction of the state board of regents and in order to provide these buildings, facilities and utilities services when they are needed, it is necessary to authorize the issuance of revenue bonds by the state board of regents, subject to the restrictions and limitations hereinafter set forth. It is the intent of the general assembly that revenue bonds issued for academic and administrative buildings and facilities and utilities services shall supplement and not supplant legislative appropriations for the same or similar purposes. [C71, 73, §262A.1]

262A.2 Definitions. The following words or terms, as used in this chapter, shall have the respective meanings as stated:
1. "Board" shall mean the state board of regents.
2. "Institution" or "institutions" shall mean the state University of Iowa, the Iowa State University of science and technology, the University of Northern Iowa, and any other institution of higher learning under the jurisdiction of the state board of regents which offers a college program of four years or more, including any such institution the creation of which is hereafter authorized by the general assembly or which is placed under the jurisdiction of said board.
3. "Buildings and facilities" shall mean those academic buildings and other facilities used primarily for instructional and research purposes, including libraries, and such other administrative and service buildings and facilities as are deemed necessary by the board to provide supporting services to the instructional and research programs and activities of the institutions, including, without limiting the generality of the foregoing, administrative offices, facilities for business services, student services and extension and continuing education services, off-street parking areas and structures incidental to other buildings and facilities which are not primarily for parking purposes, garages, and storage and warehouse facilities, or any combination thereof. This phrase shall also include works and facilities deemed necessary by the board for furnishing utilities services to any buildings or structures operated by the institutions, including, without limiting the generality of the foregoing, water, electric, gas, communications, sewer and heating facilities, together with all necessary structures, buildings, tunnels, lines, reservoirs, mains, filters, pipes, sewers, boilers, generators, fixtures, wires, poles, equipment, treatment facilities and all other appurtenances in connection therewith, or any combination of the foregoing.
4. "Project" shall mean the acquisition by gift, purchase, lease or construction of buildings and facilities which are deemed necessary by the board for the proper performance of the instructional, research and service functions of the institutions, and additions to buildings and facilities, the reconstruction, completion, equipment, improvement, repair or remodeling of buildings and facilities, including the demolition of existing buildings and facilities which
are to be replaced, the acquisition of air rights and the construction of projects thereon, and the acquisition of property of every kind and description, whether real, personal or mixed, for buildings and facilities by gift, purchase, lease, condemnation or otherwise and the improvement of the same, or any combination of the foregoing.

5. “Student fees and charges” shall mean all tuition fees, and charges for general or special purposes levied against and collected from students attending the institutions except rates, fees, rentals or charges imposed and collected under the provisions of (a) sections 262.35 through 262.42, (b) sections 262.44 through 262.53, and (c) sections 262.55 through 262.66.

6. “Institutional income” shall mean income received by an institution from sources other than (a) student fees and charges, (b) rates, fees, rentals or charges imposed and collected under the provisions of (1) sections 262.35 through 262.42, (2) sections 262.44 through 262.53, and (3) sections 262.55 through 262.66, (c) state appropriations, and (d) “hospital income”, as that term is defined in subsection 5 of section 263A.1.

7. “Bonds” shall mean revenue bonds which are payable solely and only from student fees and charges and institutional income received by the institution at which the project is being undertaken. [C71, 73, §262A.2]

262A.3 Ten-year program and two-year bond proposal submitted each year. The board shall prepare and submit to the general assembly for approval or rejection a proposed ten-year building program for each institution, including an estimate of the maximum amount of bonds which the board expects to issue under the provisions of this chapter during each year of the ensuing biennium. Such program and estimate shall be submitted no later than seven days after the passage of this chapter by the general assembly and thereafter no later than seven days after the convening of each regular annual session of the general assembly. The building program shall contain a list of the buildings and facilities which the board deems necessary to further the educational objectives of the institutions. This list shall be revised annually, but no project shall be eliminated from the list when bonds have previously been issued by the board to pay the cost thereof. Each such list shall contain an estimate of the cost of each of the buildings and facilities referred to therein. If the general assembly rejects or fails to approve any proposed ten-year building program, such action or inaction shall not affect the status or legality of any project previously or subsequently authorized by the general assembly as provided in section 262A.4. [C71, 73, §262A.3]

262A.4 Authorization of general assembly and governor. Subject to and in accordance with the provisions of this chapter, the state board of regents after authorization by a constitutional majority of each house of the general assembly and approval by the governor may undertake and carry out any project as defined in this chapter at the institutions now or hereafter under the jurisdiction of the board. The state board of regents is authorized to operate, control, maintain, and manage buildings and facilities and additions to such buildings and facilities at each of said institutions. All contracts for the construction, completion, equipment, improvement, repair or remodeling of any building, additions, or facilities shall be let in accordance with the provisions of section 262.34. The title to all real estate acquired under the provisions of this chapter and the improvements erected thereon shall be taken and held in the name of the state of Iowa. [C71, 73, §262A.4]

Referred to in §262A.3

262A.5 Borrowing money and issuing bonds. The board is authorized to borrow money under the provisions of this chapter, and the board may issue and sell negotiable bonds to pay all or any part of the cost of carrying out any project at any institution and may refund and refinance bonds issued for any project or for refunding purposes at the same rate or at a higher or lower rate or rates of interest. Bonds issued under the provisions of this chapter shall be sold by said board at public sale on the basis of sealed proposals received pursuant to a notice specifying the time and place of sale and the amount of bonds to be sold which shall be published at least once not less than seven days prior to the date of sale in a newspaper published in the state of Iowa and having a general circulation in said state. The provisions of chapter 75 shall not apply to bonds issued under authority contained in this chapter, but such bonds shall be sold upon terms of not less than par plus accrued interest. Bonds issued to refund other bonds issued under the provisions of this chapter may either be sold in the manner hereinbefore specified and the proceeds thereof applied to the payment of the obligations being refunded, or the refunding bonds may be exchanged for and in payment and discharge of the obligations being refunded. The refunding bonds may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds may be exchanged in part or sold in parts in installments at different times or at one time. The refunding bonds may be sold or exchanged at any time on, before, or after the maturity of any of the outstanding bonds or other obligations to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds, except that the principal amount of the refunding bonds may exceed the principal amount of the bonds to be refunded to the extent necessary to pay any premium due on the call of the bonds to be refunded or to fund interest in arrears or about to become due.
All bonds issued under the provisions of this chapter shall be payable solely and only from and shall be secured by an irrevocable pledge of a sufficient portion of the student fees and charges and institutional income received by the particular institution. All bonds issued under the provisions of this chapter shall have all the qualities of a negotiable investment security under the laws of this state. [C71, 73, §262A.5]

262A.6 Form and condition of bonds. Such bonds may bear such date or dates, may bear interest at such rate or rates, payable semi-annually, may mature at such time or times, may be in such form and denominations, may carry such registration privileges, may be payable at such place or places, may be subject to such terms of redemption prior to maturity with or without premium, if so stated on the face thereof, and may contain such terms and covenants, including the establishment of reserves, all as may be provided by the resolution of the board authorizing the issuance of the bonds. In addition to the estimated cost of construction, including site costs, the cost of the project may include interest upon the bonds during construction and for six months after the estimated completion date, the compensation of a fiscal agent or adviser, engineering, architectural, administrative and legal expenses and provision for contingencies. Such bonds shall be executed by the president of the state board of regents and attested by the executive secretary, secretary or other official thereof performing the duties of secretary, and the coupons thereto attached shall be executed with the original or facsimile signatures of said president, executive secretary, secretary or other official; provided, however, that the facsimile signature of either of such officers executing such bonds may be imprinted on the face of the bonds in lieu of the manual signature of such officer, but at least one of the signatures appearing on the face of each bond shall be a manual signature. Any bonds bearing the signatures of officers in office on the date of the signing thereof shall be valid and binding for all purposes, notwithstanding that before delivery thereof any or all such persons whose signatures appear thereon shall have ceased to be such officers. Each such bond shall state upon its face the name of the institution on behalf of which it is issued, that it is payable solely and only from the student fees and charges and institutional income received by such institution as hereinbefore provided, and that it does not constitute a debt of or charge against the state of Iowa within the meaning or application of any constitutional or statutory limitation or provision. The issuance of such bonds shall be recorded in the office of the treasurer of the institution on behalf of which the same are issued, and a certificate by such treasurer to this effect shall be printed on the back of each such bond. [C71, 73, §262A.6]

262A.7 Resolution of board and covenants undertaken. Upon the determination by the state board of regents to undertake and carry out any project or to refund outstanding bonds, said board shall adopt a resolution describing generally the contemplated project and setting forth the estimated cost thereof, or describing the obligations to be refunded, fixing the amount of bonds to be issued, the maturity or maturities, the interest rate or rates and all details in respect thereof. Such resolution shall contain such covenants as may be determined by the board as to the issuance of additional bonds that may hereafter be issued payable from the student fees and charges and institutional income received by the particular institution, the amendment or modification of the resolution authorizing the issuance of any bonds, the manner, terms, and conditions and the amount or percentage of assenting bonds necessary to effectuate such amendment or modification, and such other covenants as may be deemed necessary or desirable. In the discretion of the board any bonds issued under the terms of this chapter may be secured by a trust indenture by and between the board and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the boundaries of the state of Iowa, but no such trust indenture shall convey or mortgage the buildings and facilities or any part thereof. The provisions of this chapter and of any resolution or other proceedings authorizing the issuance of bonds and providing for the establishment and maintenance of adequate student fees and charges and the application of the proceeds thereof, together with institutional income, shall constitute a contract with the holders of such bonds. [C71, 73, §262A.7]

262A.8 Student fees to pay bonds. Whenever bonds are issued by the state board of regents, it shall be the duty of said board to establish, impose, and collect student fees and charges at the institution on behalf of which such bonds are issued, and to adjust such student fees and charges from time to time, in order always to provide amounts which, together with the institutional income, will be sufficient to pay the principal of and interest on such bonds as the same become due and to maintain a reserve therefor, and said board is authorized to pledge a sufficient amount of the student fees and charges and institutional income received by such institution for this purpose. Student fees and charges and institutional income received by one institution shall not be used to discharge bonds issued for or on account of another institution. All bonds issued under the terms of this chapter shall be exempt from taxation by the state of Iowa and the interest thereon shall be exempt from the state income tax. [C71, 73, §262A.8]

262A.9 Bond fund account. A certified copy of each resolution providing for the issuance
of bonds under this chapter shall be filed with
the treasurer of the institution on behalf of
which the bonds are issued and it shall be the
duty of said treasurer to keep and maintain
separate accounts for each issue of bonds in
accordance with the covenants and directions
set out in the resolution providing for the
issuance thereof. A sufficient portion of the
student fees and charges and institutional in-
come received by each institution shall be
held in trust by the treasurer thereof, separate
and apart from all other funds, to be used
solely and only for the purposes specified in
this chapter and as may be required and pro-
vided for by the proceedings of the board
authorizing the issuance of bonds. It shall
be the duty of the treasurer of each institu-
tion to disburse funds from the proper account
for the payment of the principal of and
interest on the bonds in accordance with the
directions and covenants of the resolution
authorizing the issuance thereof. [C71, 73,
§262A.9]

262A.10 Bonds not state obligation. Under
no circumstances shall any bonds issued under
the terms of this chapter be or become or be
construed to constitute a debt of or a charge
against the state of Iowa within the purview
of any constitutional or statutory limitation or
provision. No taxes, appropriations, or other
funds of the state of Iowa may be pledged for
or used to pay such bonds or the interest
thereon but any such bonds shall be payable
solely and only as to both principal and in-
terest from the student fees and charges and
institutional income received by the institu-
tions of higher learning under the control of
this chapter, and the sole remedy for any breach
or default of the terms of any such bonds or
proceedings for their issuance shall be a pro-
ceeding either in law or in equity by suit,
action, or mandamus to enforce and compel
performance of the duties required by this
chapter and the terms of the resolution under
which such bonds are issued. [C71, 73,
§262A.10]

banks and Institutions, building and loan asso-

ment companies and other persons carrying on
a banking or investment business, all insurer-
ance companies, insurance associations, and
other persons carrying on an insurance busi-
ness and all executors, administrators, guard-
ians, trustees, and other fiduciaries may
legally invest any sinking funds, moneys, or
other funds belonging to them or within their
control in any bonds issued pursuant to this
chapter; provided, however, that nothing con-
tained in this section may be construed as
relieving any persons from any duty of exer-
cising reasonable care in selecting securities
for purchase or investment. [C71, 73,§262A.11]

262A.12 Application for gifts, loans or
grants. The state board of regents is author-
ized to apply for and accept federal or non-
federal gifts, loans, or grants of funds and to
use the same to pay all or any part of the cost
of carrying out any project at any institution
under the terms of this chapter or to use the
same, together with student fees and charges
and institutional income, for the payment of
debt service on bonds issued and to be issued
by the board pursuant to authority contained
in this chapter, in such manner as may be
provided in the resolution authorizing the
issuance of the bonds, which grants of funds
or other aid shall be considered to constitute
and may be commingled with student fees and
charges and institutional income and may, to-
gether with such student fees and charges and
institutional income, be pledged by the board
in accordance with the provisions of this chap-
ter and the bond resolution to the payment
do interest on the bonds in accordance with the
principal of and
of debt service on bonds issued and to be
issued by the board
under the authority contained in this chapter.
[C71, 73,§262A.12]

262A.13 Alternative and independent meth-
od. This chapter shall be construed as pro-
viding an alternative and independent method
for carrying out any project at any institution
of higher learning under the control of
the state board of regents, for the issuance and
sale or exchange of bonds in connection there-
with and for refunding bonds pertinent there-
by, without reference to any other statute, and
shall not be construed as an amendment of or
subject to the provisions of any other law, and
no publication of any notice, whether under
section 23.12 or otherwise, and no other or
further proceedings in respect to the issuance
or sale or exchange of bonds under this chapter
shall be required except such as are pre-
scribed by this chapter, any provisions of
other statutes of the state to the contrary not-

Any bonds or notes bearing the signatures of officers in office on the date of the signing thereof shall be valid for all purposes, notwithstanding that before delivery thereof any or all such persons whose signatures appear thereon shall have ceased to be such officers. Each such bond or note shall state upon its face the name of the institution on behalf of which it is issued, that it is payable solely and only from hospital income received by such institution as provided in this chapter, and that it does not constitute a debt of or charge against the state of Iowa within the meaning or application of any constitutional or statutory limitation or provision. The issuance of such bonds or notes shall be recorded in the office of the treasurer of the institution, and a certificate by such treasurer to this effect shall be printed on the back of each such bond or note. [C71, 73,§263A.4]

The provisions of this chapter and all resolution or other proceedings authorizing the issuance of bonds or notes and providing for the establishment and maintenance of adequate rates, fees, and charges for services rendered by the hospitals, medical clinics, and medical laboratories of the institution and the application of the proceeds thereof, together with other hospital income, shall constitute a contract with the holders of such bonds or notes. [C71, 73,§263A.5]

263A.6 Rates, fees and charges for services. Whenever bonds or notes are issued by the state board of regents, it shall be the duty of said board to establish, impose, and collect rates, fees, and charges for services rendered by the hospitals, medical clinics, and medical laboratories of the institution and to adjust such rates, fees, and charges from time to time, in order to always provide amounts which, together with other hospital income, will be sufficient to pay the principal of and interest on such bonds or notes as the same become due and to maintain a reserve therefor, and said board is authorized to pledge a sufficient amount of the hospital income received by such institution for this purpose. All bonds or notes issued under the terms of this chapter shall be exempt from taxation by the state of Iowa and the interest thereon shall be exempt from the state income tax. [C71, 73,§263A.6]

263A.7 Accounts of all funds separate. It shall be the duty of the treasurer of the institution to disburse funds from the proper account for the payment of the principal and interest on the bonds or notes in accordance with the directions and covenants of the resolution authorizing the issuance thereof. [C71, 73,§263A.7]

263A.8 No obligation of the state on bonds or notes. Under no circumstances shall any bonds or notes issued under the terms of this chapter be or become or be construed to con-
stitute a debt of or a charge against the state of Iowa within the purview of any constitutional or statutory limitation or provision. No taxes, or other funds of the state of Iowa appropriated to the institution may be pledged to pay such bonds or notes or the interest thereon but any such bonds or notes shall be payable solely and only as to both principal and interest from the hospital income received by the institution as hereinbefore provided, and the sole remedy for any breach or default of the terms of any such bonds or notes or proceedings for their issuance shall be a proceeding either in law or in equity by suit, action, or mandamus to enforce and compel performance of the duties required by this chapter and the terms of the resolution under which such bonds or notes are issued. [C71, 73, §263A.9]

263A.10 Gifts, loans or grants accepted. The state board of regents is authorized to apply for and accept federal or nonfederal gifts, loans, or grants of funds and to use the same to pay all or any part of the cost of carrying out any project at the institution under the terms of this chapter or to pay any bonds or notes and interest thereon issued for any of the purposes specified in this chapter. [C71, 73, §263A.10]

263A.11 Provisions independent of any other statute. This chapter shall be construed as providing an alternative and independent method for carrying out any project related to the medical school and any project related to the hospital at the institution, for the issuance and sale or exchange of bonds or notes in connection therewith, and for refunding bonds or notes pertinent thereto, without reference to any other statute, and shall not be construed as an amendment of or subject to the provisions of any other law, and no publication of any notice, whether under section 23.12 or otherwise, and no other or further proceedings in respect to the issuance or sale or exchange of bonds or notes under this chapter shall be required except such as are prescribed by this chapter, any provisions of other statutes of the state to the contrary notwithstanding. §272B.1, EDUCATION COMPACT

272B.1 Compact for education. The compact for education is hereby entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I—PURPOSE AND POLICY

1. It is the purpose of this compact to:
   a. Establish and maintain close co-operation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the state and local levels.
   b. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.
   c. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.
   d. Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

2. It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

3. The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

ARTICLE II—STATE DEFINED

As used in this compact, “state” means a state, territory or possession of the United States, the District of Columbia, or the commonwealth of Puerto Rico.

ARTICLE III—THE COMMISSION

1. The education commission of the states, hereinafter called “the commission”, is hereby established. The commission shall consist of seven members representing each party state.* One of such members shall be the governor; two shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed ten nonvoting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations for professional educators or persons concerned with educational administration.

*See §272B.2

2. The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to article IV and adoption of the annual report pursuant to article III, paragraph 10.

3. The commission shall have a seal.

4. The commission shall elect annually, from among its members, a chairman, who shall be a governor, a vice chairman and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

5. Irrespective of the civil service, personnel or other merit system laws of any of the
party states, the executive director subject to
the approval of the steering committee shall
appoint, remove or discharge such personnel
as may be necessary for the performance of
the functions of the commission, and shall fix
the duties and compensation of such person-
nel. The commission in its bylaws shall pro-
vide for the personnel policies and programs
of the commission.
6. The commission may borrow, accept or
contract for the services of personnel from any
party jurisdiction, the United States, or any
subdivision or agency of the aforementioned
governments, or from any agency of two or
more of the party jurisdictions or their subdi-
visions.
7. The commission may accept for any of its
purposes and functions under this compact
any and all donations, and grants of money,
equipment, supplies, materials and services,
conditional or otherwise, from any state, the
United States, or any other governmental
agency, or from any person, firm, association,
foundation, or corporation, and may receive,
utilize and dispose of the same. Any donation
or grant accepted by the commission pursuant
to this paragraph or services borrowed pur-
suant to paragraph 6 of this article shall be
reported in the annual report of the commis-
sion. Such report shall include the nature,
amount and conditions, if any, of the donation,
grant, or services borrowed, and the identity
of the donor or lender.
8. The commission may establish and main-
tain such facilities as may be necessary for
the transacting of its business. The commis-
ion may acquire, hold, and convey real and
personal property and any interest therein.
9. The commission shall adopt bylaws for
the conduct of its business and shall have the
power to amend and rescind these bylaws.
The commission shall publish its bylaws in
convenient form and shall file a copy thereof
and a copy of any amendment thereto, with
the appropriate agency or officer in each of
the party states.
10. The commission annually shall make to
the governor and legislature of each party
state a report covering the activities of the
commission for the preceding year. The com-
mision may make such additional reports
as it may deem desirable.

ARTICLE IV—POWERS
In addition to authority conferred on the
commission by other provisions of the com-
 pact, the commission shall have authority to:
1. Collect, correlate, analyze and interpret
information and data concerning educational
needs and resources.
2. Encourage and foster research in all
aspects of education, but with special refer-

3. Develop proposals for adequate financing
of education as a whole and at each of its
many levels.
4. Conduct or participate in research of the
types referred to in this article in any instance
where the commission finds that such research

regional compact organizations for higher edu-
cation, and other agencies and institutions,
both public and private.
5. Formulate suggested policies and plans
for the improvement of public education as a

or incidental to the administration of any of
its authority or functions pursuant to this
compact.

ARTICLE V—

1. If the laws of the United States specif-
cically so provide, or if administrative pro-
vision is made therefor within the federal
government, the United States may be rep-
resented on the commission by not to exceed
ten representatives. Any such representative
or representatives of the United States shall
be appointed and serve in such manner as
may be provided by or pursuant to federal
law, and may be drawn from any one or
more branches of the federal government,
but no such representative shall have a vote
on the commission.
2. The commission may provide information
and make recommendations to any executive
or legislative agency or officer of the federal
government concerning the common educa-
tional policies of the states, and may advise
with any such agencies or officers concerning
any matter of mutual interest.

ARTICLE VI—COMMITTEES
1. To assist in the expeditious conduct of
its business when the full commission is not
meeting, the commission shall elect a steering
committee of thirty-two members which, sub-

consistent with the policies of the commission,
shall be constituted and function as provided
in the bylaws of the commission. One-fourth
of the voting membership of the steering com-
mitee shall consist of governors, one-fourth
shall consist of legislators, and the remainder
shall consist of other members of the com-
mision. A federal representative on the com-

of the steering committee shall serve for terms
of two years, except that members elected
to the first steering committee of the com-
mision shall be elected as follows:
Sixteen for one year and sixteen for two
years. The chairman, vice chairman, and

Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regular ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two-term limitation.

2. The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two or more of the party states.

3. The commission may establish such additional committees as its bylaws may provide.

ARTICLE VII—FINANCE

1. The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission’s budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

2. The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

3. The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to article III, paragraph 7, of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to article III, paragraph 7 thereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

4. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

5. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

6. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VIII—ELIGIBLE PARTIES—ENTRY INTO AND WITHDRAWAL

1. This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the commonwealth of Puerto Rico. 1. As used in this section, unless the context requires otherwise:
   a. “Allowable growth” means the allowable growth for a school district as computed under section 442.7.
   b. “Enrollment” means the enrollment as determined under section 442.4, and “per pupil” means per pupil in enrollment for years prior to the school year beginning July 1, 1975, and per pupil in weighted enrollment for the school year beginning July 1, 1975, and each succeeding school year.
   c. “Weighted enrollment” means the weighted enrollment as determined under section 281.9.
2. For the school year beginning July 1, 1975, and each succeeding school year, school districts shall pay for the programs and services provided through the area education agency and shall include expenditures for the programs and services in their budgets, in accordance with the provisions of this section.

3. School districts shall pay the costs of special education instructional programs with the money available to the districts because of weighted enrollment. Special education instructional programs shall be provided at the local level if practicable, or otherwise by contractual arrangements with the area education agency board as provided in section 273.3, subsection 5, but in each case the money available through chapter 412 because of weighted enrollment for each child requiring special education instruction shall be made available to the district or agency which provides the special education instructional program to the child, subject to adjustments for transportation or other costs which may be paid by the school district in which the child is enrolled. Each district shall cooperate with its area education agency to provide an appropriate special education instructional program for each child who requires special education instruction, as identified and counted within the certification by the area director of special education or as identified by the area director of special education subsequent to the certification, and shall not provide a special education instructional program to a child who has not been so identified and counted within the certification or identified subsequent to the certification.

4. To provide moneys to pay the costs of special education support services, each school district shall add to its allowable growth for the school year beginning July 1, 1975, an amount equal to the cost per pupil in its area education agency, for special education support services needed by the agency for that year, determined in accordance with the program plans submitted by the area director of special education and approved by the department of public instruction. For each succeeding school year, each school district shall add to its allowable growth an amount equal to the cost per pupil in its area education agency, for additional special education support services needed by the agency for that year, to serve newly identified children who require the services, determined in accordance with the program plans submitted by the area director of special education and approved by the department of public instruction. The department shall make decisions regarding approval of program plans according to the criteria provided in chapter 281, and the rules promulgated by the department pursuant to that chapter and chapter 17A.

5. To provide moneys to pay the costs of media services, each school district shall add to its allowable growth for the school year beginning July 1, 1975 only, an amount equal to the cost per pupil in its area education agency for media services needed by the agency for that year, determined in accordance with the media program plans submitted by the area education agency administrator and approved by the department of public instruction. However, the amount added for each area education agency shall not exceed five dollars per pupil in that area education agency unless a larger amount per pupil was budgeted for media services for pupils in that area education agency for the school year beginning July 1, 1974, and in that case shall not exceed one hundred eight percent of the amount so budgeted. The amount budgeted for media services for pupils in an area education agency shall be determined by averaging a proportionate part of the expenditures by county school systems and joint county systems formerly serving pupils in the area education agency, based upon the enrollment in the systems compared to the enrollment in the area education agency. If the total amount added to allowable growth for all area education agencies in the state, as otherwise determined under this subsection, exceeds five dollars per pupil in the state, the state comptroller shall reduce the amount for each area proportionately so that the total amount does not exceed five dollars per pupil in the state. The department shall make decisions regarding approval of program plans according to the criteria provided in section 273.6, and the rules promulgated by the department pursuant to that section and chapter 17A.

6. To provide moneys to pay the costs of all other services which may be provided through the area education agency, each school district shall add to its allowable growth for the school year beginning July 1, 1975 only, the amount of ten dollars per pupil.

7. The department of public instruction, in cooperation with the appropriate personnel of the area education agency, shall determine the per pupil amounts for each area education agency, as required under subsections 4 and 5. The state comptroller shall calculate the amounts needed by each area education agency by multiplying the per pupil amounts needed by each agency under subsections 4, 5 and 6 by the weighted enrollment in the area education agency, and shall calculate the amounts due from each school district to its area education agency by multiplying the per pupil amounts needed by the agency by the weighted enrollment in the school district. The state comptroller shall deduct the amounts so calculated for each school district from the state aid due to the district pursuant to chapter 442 and shall pay the amounts to the area education agencies on a quarterly basis during each school year. The state comptroller shall notify each school district the amount of state aid deducted for this purpose and the balance which will be paid to the district. If a district does not qualify for state aid under chapter 442 in an amount sufficient to cover its amount
due to the area education agency as calculated by the state comptroller, the school district shall pay the deficiency to the area education agency from other moneys received by the district, on a quarterly basis during each school year. 275.12 Petition—method of election.

1. A petition describing the boundaries, or accurately describing the area included there-in by legal descriptions, of the proposed district, which boundaries or area described shall conform to plans developed or the petition shall request change of the plan, shall be filed with the area education agency administrator of the area education agency in which the greatest number of electors reside. Such petition shall be signed by voters in each existing school district affected or portion
thereof equal in number to at least twenty percent of the number of eligible voters or four hundred voters, whichever is the smaller number. School districts affected or portion thereof shall be defined to mean that area to be included in the plan of the proposed new school district.

2. Such petition shall also state the number of directors which may be either five or seven and the method of election of the school directors of the proposed district. The method of election of the directors shall be one of the following optional plans:

a. Election at large from the entire district by the electors of the entire district.

b. Division of the entire school district into designated geographical subdistricts, to be known as director districts, each of which director districts shall be represented on the school board by one director who shall be a resident of such director district but who shall be elected by the vote of the electors of the entire school district. The school district shall be divided into the same number of director districts as the number of school directors the district is authorized by law. The boundaries of such director districts and the area and population included within each district shall be such as justice, equity, and the interests of the people may require. Insofar as may be practicable, the boundaries of such districts shall follow established political or natural geographical divisions.

c. Election of not more than one-half of the total number of school directors at large from the entire district and the remaining directors from and as residents of designated director districts into which the entire school district shall be divided. In such case, all directors shall be elected by the electors of the entire school district.

d. Division of the entire school district into designated geographical subdistricts, to be known as director districts, each of which director districts shall be represented on the school board by one director who shall be a resident of such director district and who shall be elected by the voters of said director district. Place of voting in such director districts shall be designated by the county board.

3. If the petition proposes the division of the school district into director districts, the boundaries of such proposed director districts shall be described in the petition.

4. The area education agency board in reviewing such petition as provided in sections 275.15 and 275.16 shall review the proposed method of election of school directors and shall have the duty and authority to change or amend such plan in any manner, including the changing of boundaries of director districts if proposed, or to specify a different method of electing school directors on the basis of area, school population, or assessed valuation as may be required by law, justice, equity, and the interest of the people. In such action the area education agency board shall follow the same procedure as is required by sections 275.15 and 275.16 for other action on the petition by the area education agency board. If the proposition to establish a new corporation carries under the method hereinabove provided a special election shall be called by the area education agency administrator. The administrator shall notify the county commissioner of elections who shall publish notice by one publication in the same newspaper in which the former notices were published. Contracts with teachers must be in writing, and shall state the length of time the school is to be taught, the compensation per week of five days, or month of four weeks, and that the same shall be invalid if the teacher is under contract with another board of directors in the state of Iowa to teach covering the same period of time, until such contract shall have been released, and such other matters as may be agreed upon, which may include employment for a term not exceeding the ensuing school year, except as otherwise authorized, and payment by the calendar or school month, signed by the president and teacher, and shall be filed with the secretary before the teacher enters upon performance of the contract but no such contract shall be entered into with any teacher for the ensuing year or any part thereof until after the organization of the board.

Boards of school directors shall have power to arrange for an exchange of teachers in the public schools under their jurisdiction with other public school corporations either within or without the state or the United States on such terms and conditions as are approved by the state superintendent of public instruction and when so arranged and approved the board may continue to pay the salary of the teacher exchanged as provided in the contract between the said teacher and the board for a period of one year, and such teacher shall not lose any privileges of tenure, old-age and survivors' insurance, or certification as a result of such exchange. Said contract may be renewed each year as determined by the employing school board provided that the visiting exchange teacher is paid in full for the service rendered by the school authorities with whom his contract is made. Such exchange teachers must have qualifications equivalent to the regular teacher employed by the board and who is serving as the exchange teacher and must secure a special certificate covering the subjects designated for him to teach in the public schools in which the instruction is given. The state superintendent of public instruction is hereby authorized to formulate, establish, and enforce any reasonable regulation necessary to govern the exchange of teachers as provided in this paragraph, including the waiver of Iowa certification requirements for teachers who are regularly certified or licensed in the jurisdiction from which they come.

Said contract shall remain in force and effect for the period stated in the contract and thereafter shall be automatically continued in force and effect for equivalent periods, except as modified or terminated by mutual agreement of the board of directors and the teacher, until terminated as hereinafter provided, however, no contract shall be tendered by the employing board to a teacher under its jurisdiction prior to March 1, nor be required to be signed by the teacher and returned to the board in less than twenty-one days after being tendered. On or before April 15, of each year the teacher may file his written resignation with the secretary of the board of directors, or the board may by a majority vote of the elected membership of the board, cause said contract to be terminated by written notification of termination, by a certified letter mailed to the teacher not later than the tenth day of April; provided, however, that at least ten days prior to mailing of any notice of termination the board or its agent shall inform the teacher in writing that (1) the board is considering termination of said contract and that (2) the teacher shall have the right to a private conference with the board if the teacher files a request therefor with the president or secretary of the board within five days; and if within five days after receipt by the teacher of such written information the teacher files with the president or secretary of the board a written request for a conference and a written statement of specific reasons for considering termination, the board shall, before any notice of termination is mailed, give the teacher written notice of the time and place of such conference and at the request of the teacher, a written statement of specific reasons for considering termination, and shall hold a private conference between the board and teacher and his representative if the teacher appears at such time and place. No school board member shall be liable for any damages to any teacher if any such statement is determined to be erroneous as long as such statement was made in good faith. In event of such termination, it shall take effect at the close of the school year in which the contract is terminated by either of said methods. The teacher shall have the right to protest the action of the board, and to a hearing thereon, by notifying the president or secretary of the board in writing of such protest within twenty days of the receipt by him of the notice to terminate, in which event the board shall hold a public hearing on such protest at the next regular meeting of the board, or at a special meeting called by the president of the board for that purpose, and shall give notice in writing to
the teacher of the time of the hearing on the protest. Upon the conclusion of the hearing the board shall determine the question of continuance or discontinuance of the contract by a roll call vote entered in the minutes of the board, and the action of the board shall be final. The board of directors of each merged area shall prepare an annual budget designating the proposed expenditures for operation of the area vocational school or area community college. The board shall further designate the amounts which are to be raised by local taxation and the amounts which are to be raised by other sources of revenue in the budget. The budget of each merged area shall be submitted to the state board no later than December 1 preceding the next fiscal year for approval. The state board shall review the proposed budget and shall, prior to January 1, either grant its approval or return the budget without approval with the comments of the state board attached thereto. Any unapproved budget shall be resubmitted to the state board for final approval. Upon approval of the budget by the state board, the board of directors shall prorate the amount to be raised by local taxation among the respective school districts, in the proportion that the value of taxable property in each school district bears to the total value of taxable property in the area. The board of directors shall certify the amount so determined to the respective county auditors and the boards of supervisors shall levy a tax sufficient to raise the amount. No tax in excess of twenty and one-fourth cents per thousand dollars of assessed value shall be levied on taxable property in a merged area for the operation of an area vocational school or area community college. Taxes collected pursuant to such levy shall be paid by the respective county treasurers to the treasurer of the merged area in the same manner that other school taxes are paid to local school districts.

It is the policy of this state that the property tax for the operation of area schools shall not in any event exceed twenty and one-fourth cents per thousand dollars of assessed value, and that the present and future costs of such operation in excess of the funds raised by such levy shall not be the responsibility of the state and local school districts.

280A.18 Other funds received. In addition to revenue derived by tax levy, a board of directors of a merged area shall be authorized to receive and expend:

1. Federal funds made available and administered by the state board, for such purposes as may be provided by federal laws, rules and regulations.

7. Student fees collected from students for activities, laboratory breakage, instructional materials, and other objects and purposes for which student fees other than tuition are customarily charged by colleges and universities, as provided in a schedule of fees adopted by the area board of directors. The expenditure of funds collected from students for activities shall be determined by the student government unit with administrative and board approval. Any increases in student fees for activities shall be determined by
the student government unit with administrative and board approval. [C66, 71, §280A.18; 65GA, ch 110, §10]

The bonds shall be payable from a fund created from the proceeds of such taxes in not more than twenty years and bear interest at a rate not exceeding seven percent per annum, and shall be of such form as the board issuing the bonds shall by resolution provide. Any indebtedness incurred shall not be considered an indebtedness incurred for general and ordinary purposes. [C66, 71, §280A.20; 64GA, ch 1088, §247]

Home Rule Amendment effective July 1, 1975
See 63GA, ch 87, §60

280A.21 Election to incur indebtedness. No Indebtedness shall be incurred under section 280A.19 until authorized by an election. A proposition to incur indebtedness and issue bonds for area vocational school or area community college purposes shall be deemed carried in a merged area if approved by a sixty percent majority of all voters voting on the proposition in the area. [C66, 71, §280A.21]

280A.22 Additional tax. In addition to the tax authorized under section 280A.17, the voters in any merged area may at the annual school election vote a tax not exceeding twenty and one-fourth cents per thousand dollars of assessed value in any one year for a period not to exceed five years for the purchase of grounds, construction of buildings, payment of debts contracted for the construction of buildings, purchase of buildings and equipment for buildings, and the acquisition of libraries, and for the purpose of maintaining, remodeling, improving, or expanding the area vocational school or area community college of the merged area which tax shall be collected by the county treasurers and remitted to the treasurer of the merged area as other taxes are collected and remitted, and the proceeds of said tax shall be deposited in a separate and distinct fund to be known as the voted tax fund, to be paid out upon warrants drawn by the president and secretary of the board of directors of the merged area district for the payment of costs incurred in providing the school facilities for which the tax was voted.

In order to make immediately available to the merged area the proceeds of the voted tax hereinafter authorized to be levied, the board of directors of any such merged area is hereby authorized, without the necessity for any further election, to borrow money and enter into loan agreements in anticipation of the collection of such tax, and the proceeds derived therefrom, by resolution provide for the levy of an annual tax, within the limits of the special voted tax hereinafter authorized, sufficient to pay the amount of any such loan and the interest thereon to maturity as the same becomes due. A certified copy of this resolution shall be filed with the county auditors of the counties in which such merged area is located, and the filing thereof shall make it a duty of such auditors to enter annually this levy for collection until funds are realized to repay the loan and interest thereon in full. Said loan must mature within the number of years for which the tax has been voted and shall bear interest at a rate or rates not exceeding seven percent per annum. Any loan agreement entered into pursuant to authority herein contained shall be in such form as the board of directors shall by resolution provide and the loan shall be payable as to both principal and interest from the proceeds of the annual levy of the voted tax hereinafter authorized, or so much thereof as will be sufficient to pay the loan and interest thereon. In furtherance of the foregoing the board of directors of such merged area may, with or without notice, negotiate and enter into a loan agreement or agreements with any bank, investment banker, trust company, insurance company or group thereof, whereunder the borrowing of the necessary funds may be assured and consummated. The proceeds of such loan shall be deposited in a special fund, to be kept separate and apart from all other funds of the merged area, and shall be paid out upon warrants drawn by the president and secretary of the board of directors to pay the cost of acquiring the school facilities for which the tax was voted.

Nothing herein contained shall be construed to limit the authority of the board of directors to levy the full amount of the voted tax, but if and to whatever extent said tax is levied in any year in excess of the amount of principal and interest falling due in such year under any loan agreement, the first available proceeds thereof, to an amount sufficient to meet maturing installments of principal and interest under the loan agreement, shall be paid into the sinking fund for such loan before any of such taxes are otherwise made available to the merged area for other school purposes, and the amount required to be annually set aside to provide principal and interest on the money borrowed under such loan agreement shall constitute a first charge upon all of the proceeds of such annual special voted tax, which tax shall be pledged to pay said loan and the interest thereon.

This law shall be construed as supplemental and in addition to existing statutory authority and as providing an independent method of financing the cost of acquiring school facilities for which a tax has been voted under this
section and for the borrowing of money and execution of loan agreements in connection therewith and shall not be construed as subject to the provisions of any other law. The fact that a merged area may have previously borrowed money and entered into loan agreements under authority herein contained shall not prevent such merged area from borrowing additional money and entering into further loan agreements provided that the aggregate of the amount payable under all of such loan agreements does not exceed the proceeds of the amount payable under all of such loan agreements provided that the aggregate of the amount payable under all of such loan agreements does not exceed the proceeds of any of the powers granted by this section are hereby legalized and validated in all respects. [C66, 71, 73, §280A.22; 65GA, ch 1231, §26]

§280A.22 AREA SCHOOLS

The board of directors of each area vocational school or area community college shall:

1. Determine the curriculum to be offered in such school or college subject to approval of the state board. If an existing private educational or vocational institution within the merged area has facilities and curriculum of adequate size and quality which would duplicate the functions of the area school, the board of directors shall discuss with the institution the possibility of entering into contracts to have the existing institution offer facilities and curriculum to students of the merged area. The board of directors shall consider any proposals submitted by the private institution for providing such facilities and curriculum. The board of directors may enter into such contracts. In approving curriculum, the state board shall ascertain that all courses and programs submitted for approval are those and the curriculum being offered by an area school does not duplicate programs provided by existing public or private facilities in the area. In determining whether duplication would actually exist, the state board shall consider the needs of the area and consider whether the proposed programs are competitive as to size, quality, tuition, purposes, and area coverage with existing public and private educational or vocational institutions within the merged area.

2. Change boundaries of director districts in merged areas after each decennial census or change in boundaries of the merged area to compensate for changes in population if such population changes have taken place.

3. Have authority to determine tuition rates for instruction. Tuition for residents of Iowa shall not exceed the lowest tuition rate per semester, or the equivalent, charged by an institution of higher education under the state board of regents for a full-time resident student. However, if a local school district pays tuition for a resident pupil of high school age, the limitation on tuition for residents of Iowa shall not apply, the amount of tuition shall be determined by the board of directors of the area school with the consent of the local school board, and the pupil shall not be included in the full-time equivalent enrollment of the area school for the purpose of computing general aid to the area school. Tuition for nonresidents of Iowa shall be not less than one hundred fifty percent and not more than two hundred percent of the tuition established for residents of Iowa. Tuition for resident or nonresident students may be set at a higher figure with the approval of the state board. A lower tuition for nonresidents may be permitted under a reciprocal tuition agreement between a merged area and an educational institution in another state, if the agreement is approved by the state board.

4. Have the powers and duties with respect to such schools and colleges, not otherwise provided in this chapter, which are prescribed for boards of directors of local school districts by chapter 279.

5. Have the power to enter into contracts and take other necessary action to insure a sufficient curriculum and efficient operation and management of the school or college and maintain and protect the physical plant, equipment, and other property of the school or college.

6. Establish policy and make rules, not inconsistent with law and administrative rules, regulations, and policies of the state board, for its own government and that of the administrative, teaching, and other personnel, and the students of the school or college, and aid in the enforcement of such laws, rules, and regulations.

7. Have authority to sell any article resulting from any vocational program or course offered at an area vocational school or area community college. Governmental agencies and governmental subdivisions of the state within the merged areas shall be given preference in the purchase of such articles. All revenue received from the sale of any article shall be credited to the funds of the board of the merged area.

8. With the consent of the inventor, and in the discretion of the board, secure letters patent or copyright on inventions of students, instructors, and officials of any vocational school or community college of the merged area, or take assignment of such letters patent or copyright and make all necessary expenditures in regard thereto. Letters patent or copyright on inventions when so secured shall be the property of the board of the merged area and the royalties and earnings thereon shall be credited to the funds of the board.

9. The area board, when setting the salary of the area superintendent, shall take into consideration the salaries of administrators of educational institutions in the area, and the enrollment of the area schools; the salary range shall be from seventeen thousand dollars to twenty-seven thousand five hundred dollars per annum including additional bene-
fits, over and above the additional benefits given all full-time employees. The superintendent shall not be required to hold any teacher's certificate.

10. At the request of an employee through contractual agreement the board may arrange for the purchase of group or individual annuity contracts for any of its respective employees from any company the employee may choose that is authorized to do business in this state and through an Iowa-licensed insurance agent that the employee may select, for retirement or other purposes and may make payroll deductions in accordance with such arrangements for the purpose of paying the entire premium due and to become due under such contract. The deductions shall be made in the manner which will qualify the annuity premiums for the benefits afforded under section 403b of the Internal Revenue Code of 1954 and amendments thereto. The employee's rights under such annuity contract shall be nonforfeitable except for the failure to pay premiums. Whenever an existing tax-sheltered annuity contract is to be replaced by a new contract the agent or representative of the company shall submit a letter of intent to the company being replaced, to the insurance commissioner of the state of Iowa, and to his own company at least thirty days prior to any action by registered mail. The standard academic work load for an instructor in arts and science courses shall be fifteen credit hours per school term, and the maximum academic work load for any instructor shall be sixteen credit hours per school term, for classes taught during the normal school day. In addition thereto, any faculty member may teach a course or courses at times other than usual day-course hours, or on days other than the regular school week, involving total class instruction time equivalent to not more than a three-credit-hour course. 1. Have authority to designate any vocational school or community college as an "area vocational education school" within the meaning of, and for the purpose of administering, the Act of Congress designated the "Vocational Education Act of 1963". No vocational school or community college shall be so designated by the board for the expenditure of funds under section 35c, subsection "a", paragraph 5, Title 20, U.S.C., which has not been designated and classified as an area vocational school or area community college by the state board.

2. Change boundaries of director districts in any merged area when the board of directors of the area fails to change boundaries as required under section 280A.23, subsection 2.

3. Change boundaries of merged areas to take into account mergers of local school districts and changes in boundaries of local school districts, when necessary to maintain the policy of this chapter that no local school district shall be a part of more than one merged area. The state board may also make other changes in boundaries of merged areas with the approval of the board of directors of each merged area affected by the change. At any time when the boundaries of a merged area are so changed, the state board may authorize the board of directors of the merged area to levy additional taxes upon the property within the merged area, or any part thereof, and distribute the same so that all parts of the merged area are paying their share toward the support of the school or college.

4. Administer, allocate, and disburse any federal or state funds made available to pay any portion of the cost of acquiring sites for and constructing, acquiring, or remodeling facilities for area vocational schools or area community colleges, and establish priorities for the use of such funds.

6. Approve, in such manner as it may prescribe, sites and buildings to be acquired, erected, or remodeled for use by area vocational schools or area community colleges.

7. Have authority to adopt such administrative rules and regulations as it deems necessary to carry out the provisions of this chapter.

8. Have the power to enter into contracts with local school boards within the area that have and maintain a technical or vocational high school and with private schools or colleges in the co-operative or merged areas to provide courses or programs of study in addition to or as a part of the curriculum made available in the community college or area vocational schools.
§280A.25, AREA SCHOOLS

Existing public community or junior colleges may be converted into area vocational schools or area community colleges in the manner provided in this chapter. In addition, an existing public community or junior college may be converted into an area vocational school or area community college by agreement between the board of directors of the local school district operating the community or junior college and the board of directors of the merged area. Such agreement shall be effective only if approved by the state board of public instruction. Such agreement shall provide for reasonable compensation to such local school district.

Where the board of any local school district operating a community or junior college and the board of directors of the merged areas are not in agreement on the reasonable value of any public community or junior college which is to be converted, the matters of disagreement shall be decided by three disinterested arbitrators; one selected by the local board, one by the board of the merged area, and one by the two arbitrators so selected. The decision of the arbitrators shall be made in writing and a copy of the decision shall be filed with the secretary of the board of the merged area and the secretary of the local board. Any party to the proceedings may appeal therefrom to the district court by serving notice thereof within twenty days after the decision is filed. Such appeal shall be tried in equity and a decree entered determining the entire matter. The decree so entered shall be final. [C66, 71, 73, §280A.26]

Members of the committee shall serve without compensation but shall be allowed actual and necessary expenses while engaged in official duties. [C66, 71, 73, §280A.30]

[C66, 71, 73, §280A.32]

§280A.33 Joint action with board of regents. 1. Approval standards, except as hereinafter provided, for area and public community and junior colleges shall be initiated by the area schools branch of the department and submitted to the state board of public instruction
and the state board of regents, through the state superintendent of public instruction, for joint consideration and adoption. No proposed approval standard shall be adopted by the boards until the standard has been submitted to the advisory committee created by this chapter and its recommendations thereon obtained.

2. Approval standards for area vocational schools and for vocational programs and courses offered by area community colleges shall be initiated by the area schools branch and submitted to the state board of public instruction through the state superintendent of public instruction, for consideration and adoption. No such proposed approval standard shall be adopted by the state board until the standard has been submitted to the advisory committee created by this chapter and to the advisory committee created by chapter 258 and their recommendations thereon obtained.

3. For purposes of this section, “approval standards” shall include standards for administration, qualifications and assignment of personnel, curriculum, facilities and sites, requirements for awarding of diplomas and other evidence of educational achievement, guidance and counseling, instruction, instructional materials, maintenance, and library.

4. Approval standards shall be subject to the provisions of chapter 17A. In addition, approval standards shall be reported by the state board to the general assembly within twenty days after the commencement of a regular legislative session. No area community college or area vocational school shall be removed from the approved list for failure to comply with the approval standards until at least one hundred twenty days have elapsed following the reporting of such standards to the general assembly as provided in this section.

5. The department of public instruction shall supervise and evaluate the educational program in the several area community colleges and area vocational schools of the state for the purpose of the improvement and approval of such institutions.

6. The superintendent of public instruction shall make recommendations and suggestions in writing to each area community college and area vocational school if the department of public instruction determines, after due investigation, that deficiencies exist.

7. The state board shall maintain a list of approved area community colleges and area vocational schools, and it shall remove from the approved list for cause, after due investigation and notice, any area community college or area vocational school which fails to comply with the approval standards. An area community college or area vocational school which is removed from the approved list pursuant to this section shall be ineligible to receive state financial aid during the period of such removal. The state board shall allow a reasonable period of time, which shall be at least one year, for compliance with approval standards if an area community college or area vocational school is making a good faith effort and substantial progress toward full compliance or if failure to comply is due to factors beyond the control of the board of directors of the merged area operating the institution. In allowing time for compliance, the board shall follow consistent policies, taking into account the circumstances of each case. The reasonable period of time for compliance may be, but need not be, given prior to the one-year notice requirement that is provided in this section.

8. The department of public instruction shall give any area community college or area vocational school which is to be removed from the approved list at least one year's notice. The notice shall be given by registered or certified mail addressed to the superintendent of the area community college or area vocational school and shall specify the reasons for removal. The notice shall also be sent by ordinary mail to each member of the board of directors of the area community college or area vocational school, and to the news media which serve the merged area where the school is located; but any good faith error or failure to comply with this sentence shall not affect the validity of any action by the state board. If, during the year, the area community college or area vocational school remedies the reasons for removal and satisfies the state board that it will thereafter comply with the laws and approval standards the state board shall continue the area community college or area vocational school on the approved list and shall transmit to the area community college or area vocational school notice of the action by registered or certified mail.

9. At any time during the year after notice is given, the board of directors of the area community college or area vocational school may request a public hearing before the state board of public instruction, by mailing a written request to the superintendent of public instruction by registered or certified mail. The president of the state board shall promptly set a time and place for the public hearing, which shall be either in Des Moines or in the affected merged area. At least thirty days' notice of the time and place of the hearing shall be given by registered or certified mail addressed to the superintendent of the area community college or area vocational school. At least ten days before the hearing, notice of the time and place of the hearing and the reasons for removal shall also be published by the state department in a newspaper of general circulation in the merged area where the area community college or area vocational school is located.

10. At the hearing the area community college or area vocational school may be represented by counsel and may present evidence. The state board may provide for the hearing to be recorded or reported. If requested by the area community college or area vocational
school at least ten days before the hearing, the state board shall provide for the hearing to be recorded or reported at the expense of the area community college or area vocational school, using any reasonable method specified by the area community college or area vocational school. Within ten days after the hearing, the state board shall render its written decision, signed by a majority of its members, and shall affirm, modify or vacate the action or proposed action to remove the area community college or area vocational school from the approved list. 280A.35 Limitation on land. A merged area may not purchase land which will increase the aggregate of land owned by such area, excluding land which has been or may be acquired by donation or gift, by more than three hundred twenty acres. Such limitation shall not apply to merged areas owning more than three hundred twenty acres, excluding land acquired by donation or gift, prior to January 1, 1869.

With the approval of the state board, the board of directors of any merged area at any time may sell any land in excess of one hundred sixty acres owned by the merged area, and no election shall be necessary in connection with such sale notwithstanding any other provisions of law. The proceeds of the sale may be used for any of the purposes stated in section 280A.22. This paragraph is in addition to any authority under other provisions of law. [C 71, 73, § 280A.35]

Such agreements may include the leasing of existing buildings on public or private property, buildings to be constructed upon real estate owned by the area school, or buildings to be placed upon real estate owned by the area school.

Before entering into a lease agreement with a purchase option for a building to be constructed, or placed, upon real estate owned by the area school, the board shall first adopt plans and specifications for the proposed building which it considers suitable for the intended use, and the board shall also adopt the proposed terms of the lease agreement and purchase option. Upon obtaining the approval of the state board, the board shall invite bids thereon, by advertisement published once each week for two consecutive weeks in the county where the building is to be located. Such lease agreement shall be awarded to the lowest responsible bidder, or the board may reject all bids and readvertise for new bids. [C 71, 73, § 280A.38]

280A.39 Combining merged areas—election. Any merged area may combine with any adjacent merged area after a favorable vote by the electors of each of the areas involved. If the boards of directors of two or more merged areas agree to a combination, the question shall be submitted to the electors of each area at a special election to be held on the same day in each area. The special election shall not be held within thirty days of any general election. Prior to the special election, the board of each merged area shall notify the county commissioner of elections of the county in which the greatest proportion of the merged area's taxable base is located who shall publish notice of the election at least three times, no oftener than once a week, in one or more newspapers of general circulation within the merged area. The two respective county commissioners of elections shall conduct the election pursuant to the provisions of chapters 39 to 53. The votes cast in the election shall be canvassed by the county board of supervisors and the county commissioners of elections who conducted the election shall certify the results to the board of directors of each merged area.
If the vote is favorable in each merged area, the boards of each area shall proceed to transfer the assets, liabilities, and facilities of the areas to the combined merged area, and shall serve as the acting board of the combined merged area until a new board of directors is elected. The acting board shall submit to the state board a plan for redistricting the combined merged area, and upon receiving approval from the state board, shall provide for the election of a director from each new district at the next regular school election. The directors elected from each new district shall determine their terms by lot as provided in section 280A.12. Election of directors for the combined merged area shall follow the procedures established for election of directors of a merged area. CHAPTER 281
EDUCATION OF CHILDREN REQUIRING SPECIAL EDUCATION
Referred to in §§265.6, 273.2, 273.3, 273.5, 273.9, 280.8, 281.2, 281.9

281.1 Division of education created. There is created within the state department of public instruction a division of special education for the promotion, direction, and supervision of education for children requiring special education in the schools under the supervision and control of the department. The state superintendent, subject to the approval of the state board of public instruction, is authorized to organize the division and to employ the necessary qualified personnel to carry out the provisions of this chapter. [C46, 50, 54, 58, 62, 66, 71, 73, §281.1]

281.2 Definitions.
1. “Children requiring special education” means persons under twenty-one years of age, including children under five years of age, who are handicapped in obtaining an education because of physical, mental, emotional, communication or learning disabilities or who are chronically disruptive, as defined by the rules of the department of public instruction.

2. “Special education” means classroom, home, hospital, institutional, or other instruction designed to meet the needs of children requiring special education as defined in subsection 1; transportation and corrective and supporting services required to assist children requiring special education, as defined in subsection 1, in taking advantage of, or responding to, educational programs and opportunities, as defined by rules of the department of public instruction.

It is the policy of this state to provide and to require school districts to make provision, as an integral part of public education, for special education opportunities sufficient to meet the needs and maximize the capabilities of children requiring special education. This chapter is not to be construed as encouraging separate facilities or segregated programs designed to meet the needs of children requiring special education when such children can benefit from all or part of the education program as offered by the local school district. To the maximum extent possible, children requiring special education shall attend regular classes and shall be educated with children who do not require special education. Whenever possible, hindrances to learning and to the normal functioning of children requiring special education within the regular school environment shall be overcome by the provision of special aids and services rather than by separate programs for those in need of special education. Special classes, separate schooling or other removal of children requiring special education from the regular educational environment, shall occur only when, and to the extent that the nature or severity of the educational handicap is such that education in regular classes, even with the use of supplementary aids and services, cannot be accomplished satisfactorily. For those children who cannot adapt to the regular educational or home living conditions, and who are attending facilities under chapters 263, 269 and 270, upon the request of the board of directors of an area education agency, the department of social services shall provide residential or detention facilities and the area education agency shall
provide special education programs and services. The area education agencies shall co-operate with the board of regents to provide the services required by this Act*.

Special aids and services shall be provided to children requiring special education who are less than five years of age if the aids and services will reasonably permit the child to enter the educational process or school environment when the child attains school age.

Every child requiring special education shall, if reasonably possible, receive a level of education commensurate with the level provided each child who does not require special education. The cost of providing such an education shall be paid as provided in section 273.9 and chapters 281 and 412. It shall be the primary responsibility of each school district to provide special education to children who reside in that district if the children requiring special education are properly identified, the educational program or service has been approved, the teacher or instructor has been certified, the number of children requiring special education needing that educational program or service is sufficient to make offering the program or service feasible, and the program or service cannot more economically and equably be obtained from the area education agency, another school district, another group of school districts, a qualified private agency, or in cooperation with one or more other districts.

Any funds received by the school district of the child's residence for the child's education, derived from funds received through chapters 442 and 281 and section 273.9 shall be paid by the school district of the child's residence to the appropriate education agency, private agency, or other school district providing special education for the child pursuant to contractual arrangements as provided in section 273.3, subsections 5 and 7. [C46, 50, 54, 58, 62, 66, 71, 73, §281.2; 65GA, ch 1172, §68]

8. To initiate the establishment of classes for children requiring special education or home study services in hospitals, nursing, convalescent, juvenile and private homes, in cooperation with the management thereof and local school districts or area education agency boards.

9. To co-operate with school districts or area education agency boards in arranging for any child requiring special education to attend school in a district other than the one in which he resides when there is no available special school, class, or instruction in the districts in which he resides.

10. To co-operate with existing agencies such as the state department of social welfare, the state department of public health, the state school for the deaf, the Iowa braille and sight-saving school, the state tuberculosis sanatorium, the children's hospitals, or other agencies concerned with the welfare and health of children requiring special education in the coordination of their educational activities for such children.

16. To make rules to carry out the powers and duties provided for in this section. [C46, 50, 54, 58, 62, 66, 71, 73, §281.3; 65GA, ch 1172, §§69–71].

Amendment effective July 1, 1975

281.4 Powers of board of directors. The board of directors of any school district or area education agency, with the approval of the state department of public instruction, may provide special education programs and services as defined in this chapter. If services are provided by the area education agency, with the approval of the department of public instruction, the board of directors of the area education agency with the co-operation of the local school districts within its jurisdiction may:

1. Establish and operate special education programs and classes for the education of children requiring special education.

2. Acquire, maintain, and construct facilities in which to provide education, corrective services, and supportive services for children requiring special education.

3. Make arrangements with participating school districts for the provision of special education, corrective, and supportive services to the children requiring special education residing in the school districts.

4. Employ special education teachers and personnel required to furnish corrective or supportive services to children requiring special education services.

10. Do such other things as are necessary and incidental to the execution of any of its powers.

The board of directors of the local district or the area education agency shall employ qualified teachers certified by the authority provided by law as teachers for children requiring such special education. The maximum number of pupils per teacher shall be determined by the board of directors of the local district or the area education agency board in accordance with the rules and regulations of the state department of public instruction.

The board of directors of the local district or the area education agency may establish and operate one or more special education centers to provide diagnostic, therapeutic, corrective, and other services, on a more comprehensive, expert, economic and efficient basis than can be reasonably provided by a single school district. Such services, if offered by the area education agency board, may be provided in the regular schools using personnel and equipment of the area education agency or, whenever it is impractical or inefficient to provide them on the premises of a regular school, the area education agency may provide services in its own facilities. To the maximum extent feasible, such centers shall be established at and in conjunction with, or in close proximity to one or more elementary and secondary schools. Local districts or the area education agencies may accept diagnostic and evaluation studies conducted by other individuals, hospitals, or centers, if determined to be competent. Children requiring special education services may be identified in any way that the department of public instruction determines to be reliable. Centers established pursuant to this section may contain classrooms and other educational facilities and equipment to supplement instruction and other services to handicapped children in the regular schools, and to provide separate instruction to children whose degree or type of educational handicap makes it impractical or inappropriate for them to participate in classes with normal children. 281.6 Parent's or guardian's duties. When the school district or area education agency has provided special education services and programs as provided herein for any child requiring special education, either by admission to a special class or by supportive services, it shall be the duty of the parent or guardian to enroll said child for instruction in such special classes or supportive services as may be established, except in the event a doctor's certificate is filed with the secretary of the school district showing that it is inadvisable for medical reasons for the child requiring special education to receive the
special education provided; all the provisions and conditions of chapter 299 and amendments thereto shall be applicable to this section, and any violations shall be punishable as provided in said chapter.

A child, or his parent or guardian, or the school district in which the child resides, may obtain a review of any action or omission of state or local authorities pursuant to the procedures established in chapter 290 on the ground that the child has been or is about to be:

1. Denied entry or continuance in a program of special education appropriate to his condition and needs.
2. Placed in a special education program which is inappropriate to his condition and needs.
3. Denied educational services because no suitable program of education or related services is maintained.
4. Provided with special education which is insufficient in quantity to satisfy the requirements of law.

Amendment effective July 1, 1975

281.7 Examinations of children. In order to render proper instruction to each child requiring special education, the school districts shall certify children requiring special education for special instruction in accordance with the requirements set up by the division of special education and shall provide examinations for children preliminary to making certification. The examinations necessary for the certification of children requiring special education shall be prescribed by the state division of special education. Final decision in case of disagreement or appeal shall be the responsibility of the state superintendent of public instruction, who may secure the advice of competent medical and educational authorities including the state department of health, the university hospitals, the state department of social welfare, the superintendent of the state school for the deaf, the superintendent of the Iowa braille and sight-saving school, and the superintendent of the state tuberculosis sanatorium. [C46, 50, 54, 58, 62, 66, 71, 73,§281.7]

281.8 Exceptions to attendance. It shall not be incumbent upon the school districts or county boards of education to keep a child requiring special education in regular instruction when the child cannot sufficiently profit from the work of the regular classroom, nor to keep such child requiring special education in the special class or instruction for children requiring special education when it is determined that the child can no longer benefit therefrom, or needs more specialized instruction which is available in special state schools.

In the case of any person who, by reason of congenital factors, accident or prolonged illness, has not been able to finish the special education by his or her twenty-first birthday, the period of special education may be continued for not exceeding three years thereafter.

No provision of this chapter shall be construed to require or compel any person who is a member of a well-recognized church or religious denomination and whose religious convictions, in accordance with the tenets or principles of his or her church or religious denomination, are opposed to medical or surgical treatment for disease to take or follow a course of physical therapy, or submit to medical treatment, nor shall any parent or guardian who is a member of such church or religious denomination and who has such religious convictions be required to enroll a child in any course or instruction which utilizes medical or surgical treatment for disease. [C46, 50, 54, 58, 62, 66, 71, 73,§281.8]

281.9 Weighting plan. 1. In order to provide funds for the excess costs of instruction of children requiring special education, above the costs of instruction of pupils in a regular curriculum, a special education weighting plan for determining enrollment in each school district is adopted as follows:

a. Pupils in a regular curriculum are assigned a weighting of one.

b. Children requiring special education who require special adaptations while assigned to a regular classroom for basic instructional purposes and handicapped pupils placed in a special education class who receive part of their instruction in regular classrooms are assigned a weighting of one and eight-tenths for the school year commencing July 1, 1975.

c. Children requiring special education who require full-time, self-contained special education placement with little integration into a regular classroom are assigned a weighting of two and two-tenths for the school year commencing July 1, 1975.

d. Children requiring special education who are severely handicapped or who have multiple handicaps, or who are chronically disruptive, are assigned a weighting of four and four-tenths for the school year commencing July 1, 1975.

e. Shared-time and part-time pupils of school age who require special education shall be placed in the proper category and counted in the proportion that the time for which they are enrolled or receive instruction for the school year bears to the time that full-time pupils, carrying a normal course schedule, in the same school district, for the same school year are enrolled and receive instruction.

2. The weighting for each category of child multiplied by the number of children in each category in the enrollment of a school district, as identified and certified by the director of special education for the area, determines the weighted enrollment to be used in that district for purposes of computations required under
the state school foundation plan in chapter 442.

3. The weight that a child is assigned under this section shall be dependent upon the required educational modifications necessary to meet the special education needs of the child. Enrollment for the purpose of this section, and all payments to be made pursuant thereto, includes all children for whom a special education program or course is to be provided pursuant to sections 273.1 to 273.9 and chapter 281, whether or not the children are actually enrolled upon the records of a school district.

On December 1, 1975, and no later than December 1 every two years thereafter, for the school year commencing the following July 1, the superintendent of public instruction shall report to the school budget review committee the average days of instruction and support services during the school year commencing July 1, 1975, and shall report the plan to the superintendent of public instruction. The school budget review committee shall not alter the weighting assigned to pupils in a regular curriculum, but it may increase or decrease the weighting assigned to each category of children requiring special education by not more than two-tenths of the weighting assigned to pupils in a regular curriculum. The department of public instruction shall promulgate rules under chapter 17A, to implement the weighting plan for each year and to assist in identification and proper indexing of each child in the state who requires special education.

5. The division of special education shall audit the reports required in section 273.5 to determine that all children in the area who have been identified as requiring special education have received the appropriate special education instructional and support services, and to verify the proper identification of pupils in the area who will require special education instructional services during the school year in which the report is filed. The division shall certify to the state comptroller the correct total enrollment of each school district in the state, determined by applying the appropriate pupil weighting index to each child requiring special education, as certified by the directors of special education in each area.

6. The division may conduct an evaluation of the special education instructional program or special education support services being provided by an area education agency, school district, or private agency, pursuant to sections 273.1 to 273.9 and chapter 281, to determine if the program or service is adequate and proper to meet the needs of the child; if the child is benefiting from the program or service; if the costs are in proportion to the educational benefits being received; and if there are any improvements that can be made in the program or service. A written report of the evaluation shall be sent to the area education agency, school district, or private agency evaluated and to the president of the senate and speaker of the house of representatives of the general assembly. [C46, 50, 54, 58, 62, 66, 71, 73, §281.9; 65GA, ch 1172, §75]

Arrangements shall be subject to reciprocal agreements made between the state superintendent of public instruction of the respective states subject to statutory limitations as to tuition and transportation. A person attending school in the adjoining state shall be permitted to attend any approved public school in the adjoining state if said school is nearer to the pupil’s residence than any approved public high school in Iowa. [SS15, §2733-1a; C24, 27, 31, 35, 39, §4275; C46, 50, 51, 58, 62, 66, 71, 73, §282.17]

282.20 Tuition fees—payment. The school corporation in which such student resides shall pay from the general fund to the secretary of the corporation in which he shall be permitted to enter a tuition fee sufficient to cover the average cost per high school child (including both resident and tuition students) in average daily attendance in the tuition-receiving district in the preceding year. Such tuition rates shall include expenditures from the general fund for general control, instruction, auxiliary agencies except transportation costs, co-ordinate activities, operation of plant, maintenance of plant, fixed charges including insurance on buildings and contents, capital, interest paid for debt service from the general fund, interest paid for debt service and retirement of bonds from the schoolhouse fund. A pro rata charge for depreciation on buildings shall be made at the rate of two percent per annum on the appraised value, less bonded indebtedness thereon, of all buildings owned by the school corporation and used for high school purposes, but not exceeding the maximum tuition rate as determined by the state superintendent of public instruction as prescribed in section 282.24. No depreciation charge shall be made for the portion of the initial cost of buildings and equipment purchased with federal grants. The appraisal and itemized state-
ment of the appraisal filed in 1953 shall be updated commencing July 1, 1975 at least one time every five years and shall constitute the basis for the hereinafore provided depreciation charge. Such appraisal shall be made by a board comprised of the county or city assessor and one member appointed by the local school corporation and one member appointed by the area education agency board.

Tuition charges for regularly established junior high schools not extending below the seventh grade shall be computed in the same manner as prescribed above for high schools, using the costs applicable to junior high schools.

The tuition rates and the computation there-of shall be filed with the superintendent of public instruction not later than July 30 for his review and approval. Receiving districts cannot accept any tuition until approval is granted by the superintendent of public instruction.

It shall be unlawful for any school district to rebate to any pupils or their parents, directly or indirectly, any portion of the tuition collected or to be collected or to authorize or permit such pupils to receive at the expense of the district, directly or indirectly, any special compensation, benefit, privilege, or other thing of value that is not and cannot legally be made available to all other pupils enrolled in its schools. Any superintendent or board members responsible for such unlawful act shall each be personally liable to a fine of not to exceed one hundred dollars. Action to recover such penalty or action to enjoin such unlawful act may be instituted by the board of any school district or by a taxpayer in any school district.

On or before February 15 and June 15 of each year the secretary of the creditor district shall deliver to the secretary of the debtor district an itemized statement of such tuition fees. [SS15,§2733-1a; C24, 27, 31, 35, 39,§4277; C46, 50, 54, 58, 62, 66, 71, 73,§282.20; 65GA, ch 1172,§78]

282.21 Collection of tuition fees. If payment is not made, the board of the creditor corporation shall file with the auditor of the county of the pupil's residence a statement certified by its president specifying the amount due for tuition, and the time for which it is claimed. The auditor shall transmit to the county treasurer an order directing him to transfer the amount of such account from the funds of the debtor corporation to the creditor corporation, and he shall pay the same accordingly. [SS15,§2733-1a; C24, 27, 31, 35, 39,§4277; C46, 50, 54, 58, 62, 66, 71, 73,§282.21]

Referred to in §276.26

282.22 Tuition in charitable institutions. When any child is cared for in any charitable institution in this state which does not maintain a school providing secular instruction, and which institution is organized and operating under the laws of Iowa, and the domicile of the child is in another school district than that wherein the institution is situated, then such child shall be entitled to attend school in the district where such institution is located. In such case the cost of the tuition and transportation, when required by law, shall be paid by the treasurer of the state as provided in section 282.23. [C24, 27, 31, 35, 39,§4283; C46, 50, 54, 58, 62, 66, 71, 73,§282.22]

282.23 Tuition when in boarding home. When any child of school age has become a public charge and is being cared for in a children's boarding home licensed by the state, and the domicile of such child at the time it became a public charge was in another school district than the one wherein such boarding home is located, then such child shall be entitled to attend public school in the school district in which such boarding home is located, or if such district does not maintain a school offering instruction in the grade in which such child is properly classified, then such child may attend upon such instruction in any approved public school in the state that will receive it. The tuition and transportation when required of such a child, at the rates established by law, shall be paid by the treasurer of state from any funds in the state treasury not otherwise appropriated, and upon warrants drawn by the state comptroller upon the requisition of the superintendent of public instruction. If such child was in the district at the time the regular biennial school census was taken, the semiannual appropriations shall be deducted from the tuition due the district under the provisions of this section. The superintendent of public instruction is hereby empowered to require such reports as are necessary properly to carry out the provisions of this section. [C39,§4283.01; C46, 50, 54, 58, 62, 66, 71, 73,§282.23]

Referred to in §282.22

282.24 Tuition rates determined by superintendent. The superintendent of public instruction shall determine a maximum tuition rate to be charged for students, elementary or high school, residing within another school district or corporation. This maximum tuition rate shall be determined in the following manner: Classify all schools, elementary and secondary, located in school districts or corporations with populations of one thousand to fourteen thousand nine hundred ninety-nine, inclusive, according to monthly per pupil costs. In such classification the school that falls within the eighty-fifth percentile of the monthly per pupil cost shall form the basis. Using this figure the elementary and high school tuition rates for the succeeding year shall be determined so that the rate for the high school student is one and seventy-five hundredths times the rate for the elementary student. The junior high school rate shall be one and fifty hundredths times the elementary rate.

The superintendent of public instruction shall, after July 1 but before September 1 of each year, notify every school in the state,
affected by this section, what the computed maximum tuition rate shall be for the ensuing year.

Nothing in this section shall prevent the corporation or district in which the student resides from paying a tuition in excess of the maximum computed tuition rates, if the actual per pupil cost of the preceding year so warrants, but in no case may the receiving district or corporation demand more than the maximum rate. [C50, 54, 58, 62, 66, 71, 73, §282.24]

282.25 Children in state institutions. When any child is cared for in any state supported institution in this state which does not maintain a school and the domicile of the child is in another school district than that wherein the institution is situated, then such child shall be entitled to attend school in the district where such institution is located, provided, however, the board of the district has the authority to determine if such child can be benefited from such attendance. In such case the cost of tuition and transportation, at the rates established by law, shall be paid by the treasurer of the state from any funds in the state treasury not otherwise appropriated and upon warrants drawn by the state comptroller upon requisition of the superintendent of public instruction. [C66, 71, 73, §282.25]

282.26 High school students attending advanced courses. The board of any junior college school district may, by mutual agreement with any college or university, permit any specially qualified high school student to attend advanced courses of academic instruction therein.

The state board of regents and the department of public instruction may by rule permit such students to attend any institution of higher learning under their jurisdiction. Credit earned in any such course at a junior college, college or university may be applied toward credit for high school graduation. No public school funds shall be expended for payment of tuition or other costs for such attendance at any college or university, unless such payment is expressly permitted or required by law.

The foregoing provisions shall also apply to junior colleges, colleges and universities in adjacent states when such institutions are located nearer to the homes or schools of the school district than the closest junior college, college or university within the state. [C66, 71, 73, §282.26]

CHAPTER 284
INTERSTATE AGREEMENT ON QUALIFICATION OF EDUCATIONAL PERSONNEL

284.1 Interstate agreement.
284.2 Designated state official.
284.3 Contracts on file.

284.1 Interstate agreement. The interstate agreement on qualification of educational personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I—PURPOSE, FINDINGS, AND POLICY
1. The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of co-operation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interest of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of co-operation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this agreement can increase the availability of educational manpower.

ARTICLE II—DEFINITIONS
As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement.

3. "Accept", or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating state" means a state (and the subdivisions thereof) which accepts educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract
§284.1, INTERSTATE AGREEMENT—EDUCATIONAL PERSONNEL

pursuant to this article only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

2. Any such contract shall provide for:
   a. Its duration.
   b. The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.
   c. Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.
   d. Any other necessary matters.

3. No contract made pursuant to this agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

ARTICLE IV—APPROVED AND ACCEPTED PROGRAMS

1. Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

2. To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in applicable contract.

ARTICLE V—INTERSTATE CO-OPERATION

The party states agree that:

1. They will, so far as practicable, prefer the making of multilateral contracts pursuant to article III of this agreement.

2. They will facilitate and strengthen co-operation in interstate certification and other elements of educational personnel qualification and for this purpose shall co-operate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

ARTICLE VI—AGREEMENT EVALUATION

The designated state officials of any party states may meet from time to time as a group to evaluate programs under the agreement, and to formulate recommendations for changes.

ARTICLE VII—OTHER ARRANGEMENTS

Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

ARTICLE VIII—EFFECT AND WITHDRAWAL

1. This agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

2. Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

ARTICLE IX—CONSTRUCTION AND SEVERABILITY

This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters. [65GA, ch 196,§1]

Referred to in §284.2

284.2 Designated state official. The designated state official for this state, within the meaning of article II, paragraph 2, of the
interstate agreement on qualification of educational personnel as set forth in section 284.1, shall be the superintendent of public instruction. He shall enter into contracts pursuant to article III of the agreement only with the approval of the specific text thereof by the state board of public instruction. [65GA, ch 196, §2]

CHAPTER 285
STATE AID FOR TRANSPORTATION

285.1 When entitled to state aid.
1. The board of directors in every school district shall provide transportation, either directly or by reimbursement for transportation, for all resident pupils attending public school, kindergarten through twelfth grade, except that:
   a. Elementary pupils shall be entitled to transportation only if they live more than two miles from the school designated for attendance.
   b. High school pupils shall be entitled to transportation only if they live more than three miles from the school designated for attendance.

   For the purposes of this subsection, high school means a school which commences with either grade nine or grade ten, as determined by the board of directors of the school district or by the governing authority of the nonpublic school in the case of nonpublic schools.

   Boards in their discretion may provide transportation for some or all resident pupils attending public school or pupils who attend nonpublic schools who are not entitled to transportation. Boards in their discretion may collect from the parent or guardian of the pupil not more than the pro rata cost for such optional transportation, determined as provided in subsection 12.

   To the extent that this section as amended requires transportation which was not required before August 15, 1973, the board of directors shall not be required to provide such transportation before July 1, 1978.

   2. Any pupil may be required to meet a school bus on the approved route a distance of not to exceed three-fourths of a mile without reimbursement.

   3. In any district where transportation by school bus is impracticable or where school bus service is not available, the board may require the parents or guardian to transport their children to the school designated for attendance. The parent or guardian shall be reimbursed for such transportation service for elementary pupils by the board of resident district for the distance one way from the pupil's residence to the school designated for attendance at the rate of twenty-eight cents per mile per day irrespective of number of children transported. For high school pupils, the parent or guardian shall be reimbursed forty dollars per pupil per year for such service, provided however no family shall receive more than eighty dollars per year for transporting the members of the family who attend high school. The provisions of this section shall apply to eligible nonpublic school pupils as well as to eligible public school pupils. However, reimbursement for nonpublic school pupils shall not exceed forty dollars per pupil per year.

   4. In all districts where unsatisfactory roads or other conditions make it advisable, the board at its discretion may require the parent or guardian to transport their children up to two miles to connect with a vehicle of transportation. The parent or guardian shall be reimbursed for such transportation by the board of resident district at the rate of twenty-eight cents per mile per day, one way, per family for the distance from pupil's residence to the bus route.

   5. Where transportation by school bus is impracticable or not available or other existing conditions warrant it, arrangements may be made for use of common carriers according to uniform standards established by the state superintendent of public instruction. The cost shall be the actual cost of service not to exceed forty dollars per pupil per year.

285.2 Payment of claims for nonpublic school pupil transportation.
285.3 Repealed by 62GA, ch 356, §27.
285.4 Pupils sent to another district.
285.5 Contracts for transportation.
285.6 Staff in state department.
6. When the school designated for attendance of pupils is engaged in the transportation of pupils, the sending or designating school shall use these facilities and pay the pro rata cost of transportation except that a district sending pupils to another school may make other arrangements when it can be shown that such arrangements will be more efficient and economical than to use facilities of the receiving school, providing such arrangements are approved by the board of the area education agency.

7. If a local board closes either elementary or high school facilities and is approved by the board of the area education agency to operate its own transportation equipment, the full cost of transportation shall be paid by the board for all pupils living beyond the statutory walking distance from the school designated for attendance.

8. Transportation service may be suspended upon any day or days, due to inclemency of the weather, conditions of roads, or the existence of other conditions, by the board of the school district operating the buses, when in their judgment it is deemed advisable and when the school or schools are closed to all children.

9. Distance to school or to a bus route shall in all cases be measured on the public highway only and over the most passable and safest route as determined by the area education agency board, starting in the roadway opposite the private entrance to the residence of the pupil and ending in the roadway opposite the entrance to the school grounds or designated point on bus route.

10. The board in any district providing transportation for nonresident pupils shall collect the pro rata cost of transportation from the district of pupil's residence for all properly designates pupils so transported.

11. Boards in districts operating buses may transport nonresident pupils who attend public school, kindergarten through junior college, who are transported to or from transportation and provided they collect the pro rata cost of transportation from the parents.

12. The pro rata cost of transportation shall be based upon the actual cost for all the children transported in all school buses. It shall include one-seventh of the original net cost of the bus and such other items as shall be determined and approved by the superintendent of public instruction but no part of the capital outlay cost for school buses and transportation equipment for which the school district is reimbursed from state funds or that portion of the cost of the operation of any school bus used in transporting pupils to and from extra-curricular activities shall be included in determining said pro rata cost.

13. When a local board fails to pay transportation costs due to another school for transportation service rendered, the board of the creditor corporation shall file a sworn statement with the area education agency board specifying the amount due. The agency board shall check such claim and if the claim is valid shall certify to the county auditor. The auditor shall transmit to the county treasurer an order directing him to transfer the amount of said claim from the funds of the debtor corporation to the creditor corporation and the treasurer shall pay the same accordingly.

14. Resident pupils attending a nonpublic school located either within or without the school district of the pupil's residence shall be entitled to transportation on the same basis as provided for resident public school pupils under this section. The public school district providing transportation to a nonpublic school pupil shall determine the days on which bus service is provided, which shall be based upon the days for which bus service is provided to public school pupils, and the public school district shall determine bus schedules and routes. In the case of nonpublic school pupils the term "school designated for attendance" means the nonpublic school which is designated for attendance by the parents of the nonpublic school pupil.

15. If the nonpublic school designated for attendance is located within the public school district in which the pupil is a resident, the pupil shall be transported to the nonpublic school designated for attendance as provided in this section.

16. If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil's residence, the pupil may be transported by the district of residence to a public school or other location within the district of the pupil's residence. A public school district in which a nonpublic school is located may establish school bus collection locations within its district from which nonresidents of a nonpublic school may be transported to and from a nonpublic school located in the district. If a pupil receives such transportation, the district of the pupil's residence shall be relieved of any requirement to provide transportation.

17. The public school district may meet the requirements of subsections 14 to 16 by any of the following:

a. Transportation in a school bus operated by a public school district.

b. Contracting with private parties as provided in section 285.5. However, contracts shall not provide payment in excess of the average
per pupil transportation costs of the school district for that year.

c. Utilizing the transportation reimbursement provision of subsection 3. However, no reimbursement shall exceed forty dollars per nonpublic school pupil per year.

18. The state superintendent of public instruction may review all transportation arrangements to see that they meet all legal and established uniform standard requirements.

19. Transportation authorized by this chapter is exempt from all laws of this state regulating common carriers.

20. Transportation for which the pro rata cost or other charge is collected shall not be provided outside the state of Iowa except in accordance with rules adopted by the state department of public instruction in accordance with chapter 17A. The rules shall take into account any applicable federal requirements.

21. Boards in districts operating buses may in their discretion transport senior citizens, children and handicapped persons, who are not otherwise entitled to free transportation, and shall collect the pro rata cost of transportation. Transportation under this subsection shall not be provided when the school bus is being used to transport pupils to or from school unless the board determines that such transportation is desirable and will not interfere with or delay the transportation of pupils.

22. Claims for transportation costs submitted by the local board shall be prorated on the basis of funds so appropriated. The difference between the amount of payment received from the department of public instruction and the amount of the claim of a school district and shown in the budget as an expense from miscellaneous income. Any transportation reimbursements received by a local school district for transporting nonpublic school pupils shall not affect district cost limitations of chapter 442. The reimbursements provided in this section are miscellaneous income as defined in section 442.5.

On February 1 and June 1 of each year, the department of public instruction shall certify to the state comptroller the amounts of approved claims to be paid, and the state comptroller shall draw warrants payable to school districts which have established claims.

285.3 Repealed by 62GA, ch 356,§27.

285.4 Pupils sent to another district. The board in districts not maintaining high school facilities shall by record action designate the school or schools for attendance of all high school pupils in their respective districts. In making designations, the local board shall give consideration to the wishes of the majority of the patrons, the adequacy of the facilities and curricular offerings and available bus service to avoid duplication of transportation facilities to different receiving schools.

When a board closes its elementary school facilities for lack of pupils or by action of the board, it shall, if there is a school bus service available in the area, designate for attendance the school operating the buses, provided the board of such school is willing to receive them and the facilities and curricular offerings are adequate. The board of the district where the pupils reside may with the approval of the area education agency board, subject to legal limitations and established uniform standards, designate another rural school and provide their own transportation if the transportation costs will be less than to use the established bus service.

All designations must be submitted to the area education agency board on or before July 15, for review and approval. The agency board shall after due investigation alter or change designations to make them conform to legal requirements and established uniform standards for making designations and for locating and establishing bus routes. After designations are made, they will remain the same from year to year except that on or before July 15, of each year, the rural board or parents may petition the agency board for a change of designation to another school. Appeals from the decision of the agency board on designations may be made by either the parents or board to the state superintendent of public instruction as provided in section 285.12 and section 285.13.

CHAPTER 286
SUPPLEMENTARY AID TO SCHOOL DISTRICTS
Repealed by 62GA, ch 356, §25

CHAPTER 286A
GENERAL AID TO SCHOOLS

286A.1 Area vocational schools, community and junior colleges. The several merged area vocational schools or community colleges and the several school districts operating junior colleges or community colleges in the state of Iowa shall be entitled to receive financial aid from the state in the manner and amount as provided in this chapter. [C50, 54, 55, 62, 66, 71, 73, §286A.1]

286A.3 Basis of aid—standards for junior colleges. General school aid shall be distributed under this chapter on the basis provided in section 286A.4.

Approval standards for public community and junior colleges shall be established and approved as prescribed in section 286A.33, with said standards to be issued and enforced by the state department of public instruction. Eligibility for receipt of state aid for public community and junior colleges shall be determined by the state board of public instruction and the state board of regents. No aid shall be paid to a public community or junior college unless such college meets approval standards. [C50, 54, 55, 62, 66, 71, 73, §286A.3]

286A.4 Determination. The general school aid funds allocated to each district shall be determined as follows:

Multiply one dollar and thirty cents by the number of students for which the district pays tuition for such students to attend an area vocational technical high school or program which has been established and approved under the provisions of chapter 258. Multiply this product by the actual number of days that the vocational technical school was officially in session, not to exceed one hundred eighty days. A school district, in computing the tuition to charge such a student, shall deduct the amount of general aid received for such student from the regular tuition for such student. [C50, 54, 55, 62, 66, 71, 73, §286A.4]

Referred to in §286A.3
286A.5 Information furnished by school district. At the close of each school year, but not later than July 5, the local district or merged area school shall supply to the state department of public instruction the information required for calculation of the amount reimbursable to the district for elementary and secondary school. For any day student who has been enrolled on a less than a full school-day basis, the reimbursement shall be calculated proportionately to the portion for which he is enrolled as shall be determined by the state department of public instruction. For school districts operating a junior college or community college, the aid to the district for such college shall be separately appropriated, calculated, prorated when necessary, and paid as hereinbefore provided in sections 286A.8 to 286A.10. Forms for reporting information to calculate aid for elementary and secondary school purposes shall be supplied by the state department of public instruction to each school district not later than June 1. On or before August 1, the state department of public instruction shall furnish to the state comptroller estimates of the amount reimbursable for the year to each school district for general aid for elementary and secondary school purposes and upon said estimates the state comptroller shall, on or about August 1, make payment of the first half of the annual amount appropriated for such general aid. After all such claims have been calculated for the year and validated for accuracy, the state department of public instruction shall certify the same to the state comptroller prior to February 1. On or about February 1, the state comptroller shall make payment to the school districts, of the balance of the amount appropriated for such general aid, which, when taken with the first half payment, conforms to the amount of full year reimbursement due each school district as then validated and certified by the state department of public instruction. In the event that the amount appropriated for reimbursement of the school districts for such purposes is insufficient to pay in full the amounts to each of the school districts or merged areas, then the amount of each payment shall be reduced by the state comptroller in the ratio that the total respective funds appropriated and available for such aid bears to the respective total amounts certified for reimbursement. All funds received or to be received under the provisions of this chapter shall be taken into account and considered by each school district or merged area when estimating the amount required for the general fund. [C50, 54, 58, 62, 66, 71, 73, §286A.5]

286A.6 Rules. The superintendent of public instruction, subject to the approval of the state board of public instruction, is hereby authorized to adopt such rules and definitions of terms as are necessary and proper for the administration of this chapter. The necessary expenses incurred by the department of public instruction in the administration of this chapter may be paid from the appropriation therefor. When such conditions as unnatural weather hazards, bad roads, epidemics, and the like, occur to such an extent as to penalize any district, the superintendent of public instruction can adjust the formula by taking the average of several months' attendance in lieu of the months affected by such epidemics or hazards. [C50, 54, 58, 62, 66, 71, 73, §286A.6]

286A.8 General aid to junior or community colleges. School districts operating a junior or community college shall be entitled to general school aid therefor as follows: Multiply one dollar by the average daily enrollment of the students who are residents of such school district carrying twelve or more semester hours of work plus the full-time equivalent of resident students carrying less than twelve semester hours of work. Multiply two dollars and twenty-five cents by the average daily enrollment of students who are nonresidents of the district carrying twelve or more semester hours of work plus the full-time equivalent of nonresident students carrying less than twelve semester hours of work. Multiply the sum of these products by the actual number of days school was officially in session, not to exceed one hundred eighty days. For the purposes of this section, "work" means subjects or courses; for which credit may be earned and applied toward fulfillment of the requirements for a certificate, diploma, or degree; and which are approved by the state department of public instruction for state aid. [C71, 73, §286A.8]

Referred to in §§286A.5, 286A.10

286A.9 Merged area schools general aid. Merged areas operating area schools shall be entitled to general school aid. Each merged area shall be entitled to two dollars and twenty-five cents per day for the full-time equivalent enrollment of students who are residents of the state. The total amount of state aid allocated to each area shall be computed by the following formula:

State aid = Full-time equivalent enrollment × 180 days × $2.25.

The amount appropriated for general state aid for the fiscal year each year, shall first be allocated to each merged area, in accordance with the above formula, on the basis of its reimbursable full-time equivalent enrollment for the previous school year. Any amount remaining shall be allocated to each merged area as provided in sections 286A.11 and 286A.12. Any course or program, the direct operational costs of which are entirely paid by federal, state, or other governmental agencies or private subsidy, or both, shall not be eligible for reimbursement.

For the purpose of this chapter, the following definitions shall apply:

1. "Full-time equivalent enrollment" means the quotient of the total number of reimbursable hours carried by residents of the state attending a single area school, divided by five
hundred forty, which represents fifteen reimbursable hours per week for a period of thirty-six weeks.

   c. Two contact hours in an approved course of adult education that is eligible for general state aid, except that basic adult education, high school completion, and college credit courses that qualify as lecture courses will be reimbursed on a one contact hour basis. Courses dealing with recreation, hobbies, casual cultural, or self-enjoyment subjects shall not be eligible for reimbursement. [C71, 73, §286A.9]

1. At the close of each school year but not later than July 5, the board of directors of each such school district or merged area shall certify to the state department of public instruction the information necessary to compute the aid entitlement, as hereinafter provided, for the school year ending on June 30 immediately preceding the said July 1. In addition thereto, each said board shall certify to the state department, its best bona fide estimate of what the same data and information will be for the school year that commences upon the said July 1, and ends on the following June 30.

2. On the basis of estimates certified, as provided in subsection 1 hereof, thirty percent of the anticipated aid entitlement for each such school district or merged area shall be paid to the district or merged area at the end of each of the first three quarters of the school year for which said estimates have been certified. The aid payment for the fourth quarter shall be equal to the difference between the aggregate aid payments for the first three quarters and the total amount of aid entitlement computed on the basis of the actual information required for calculation, as certified in the following July, plus or minus such proportionate amount as may be necessary to make the aggregate total of general school aid paid to all such school districts or merged areas, as the case may be, for the said year equal to the respective amounts of aid funds appropriated for payment to such districts or areas in the said year.

3. Forms for the purpose of reporting the information and estimates required under subsection 1 hereof shall be supplied by the state department. After quarterly payments have been calculated they shall be certified to the state comptroller for payment. Such certification shall be made to the comptroller on or about August 1, November 1, February 1, and May 1 for aid payable for the preceding quarter. The comptroller shall pay the quarterly amounts so certified forthwith. [C71, 73, §286A.10]

§298.18 Bond tax — election — leasing buildings. The board of each school corporation shall, when estimating and certifying the amount of money required for general purposes, estimate and certify to the board of supervisors of the proper county for the schoolhouse fund the amount required to pay interest due or that may become due for the fiscal year beginning July 1, thereafter, upon lawful bonded indebtedness, and in addition thereto such amount as the board may deem necessary to apply on the principal. The amount estimated and certified to apply on principal and interest for any one year shall not exceed two dollars and seventy cents per thousand dollars of the assessed valua-
tion of the taxable property of the school corporation except as hereinafter provided.

For the sole purpose of computing the amount of bonds which may be issued as a result of the application of any limitation referred to in this section, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year's interest in the first annual levy of taxes to pay the bonds and interest shall not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies to the county auditor or auditors such first annual levy of taxes shall be sufficient to pay all principal of and interest on said bonds becoming due prior to the next succeeding annual levy and the full amount of such first annual levy shall be entered for collection by said auditor or auditors, as provided in chapter 76.

The amount estimated and certified to apply on principal and interest for any one year may exceed two dollars and seventy cents per thousand dollars of assessed value by the amount approved by the voters of the school corporation, but not exceeding four dollars and six per thousand of the assessed value of the taxable property within the school corporation, provided that the qualified voters of such school corporation have first approved such increased amount at a special election, which may be held at the same time as the regular school election. The proposition submitted to the voters at such special election shall be in substantially the following form:

"Shall the board of directors of the (insert name of school corporation) in the County of (insert name of county), State of Iowa, be authorized to levy annually a tax exceeding two dollars and seventy cents per thousand dollars, but not exceeding (insert amount) dollars and (insert amount) cents per thousand dollars of the assessed value of the taxable property within said school corporation to pay the principal of and interest on bonded indebtedness of said school corporation. It being understood that the approval of this proposition shall not limit the source of payment of the bonds and interest but shall only operate to restrict the amount of bonds which may be issued?"

Notice of the election shall be given by the county commissioner of elections by publication once each week for four consecutive weeks in a newspaper of general circulation in the school corporation. Such notice shall state the date of the election, the hours of opening and closing the polls and the exact location thereof, and the question to be submitted. The election shall be held on a date not less than four nor more than twenty days after the last publication of the notice. Such notice shall be sufficient and shall be in lieu of any other notice required by any other statute. At such election the ballot used for the submission of said proposition shall be in substantially the form for submitting special questions at general elections. The county commissioner of elections shall conduct the election pursuant to the provisions of chapters 39 to 53 and certify the results to the board of directors. Such proposition shall not be deemed carried or adopted unless the vote in favor of such proposition is equal to at least sixty percent of the total vote cast for and against said proposition at said election. Whenever such a proposition has been approved by the voters of a school corporation as hereinbefore provided, no further approval of the voters of such school corporation shall be required as a result of any subsequent change in the boundaries of such school corporation.

The voted tax levy referred to herein shall not limit the source of payment of bonds and interest but shall only restrict the amount of bonds which may be issued.

The ability of a school corporation to exceed two dollars and seventy cents per thousand dollars of assessed value to service principal and interest payments on bonded indebtedness is limited and conferred only to those school corporations engaged in the administration of elementary and secondary education.

Provided further that if a school corporation leases a building or property, which has been used as a junior college by such corporation, to a merged area school corporation operating or proposing to operate an area community college, the annual amounts certified as herein provided by such leasing school corporation for payment of interest and principal due on lawful bonded indebtedness incurred by such leasing school corporation for purchasing, building, furnishing, reconstructing, repairing, improving or remodeling the building leased or acquiring or adding to the site of such property leased, to the extent of the respective annual rent the school corporation will receive under such lease, shall not be considered as a part of the total amount estimated and certified for the purposes of determining if such amount exceeds any limitation contained in this section. 1. Scale. Each mine map shall be drawn to a scale of not more than two hundred feet to the inch.

2. General specifications. Each map shall show the name of the state, county, and township in which the mine is located, the designation of the mine, the name of the company or operator, the certificate of the mining engineer or surveyor as to the accuracy and date of the survey, the north point, and the scale to which the map is drawn.

3. Boundaries and surface lines. Every map shall correctly show the surface boundary lines of the mineral rights pertaining to each mine and all section or quarter section lines or corners within the same, the lines of town lots and streets, the tracks and sidetracks of all railroads, the location of all wagon roads, rivers, streams, and ponds, and reservations made of the mineral.

4. Underground conditions. For the underground workings, the map shall show all shafts, slopes, tunnels, or other openings to the surface or to the workings of a contiguous mine; all excavations, entries, rooms, and crosscuts; the location of the escape ways, and of the fan or furnace or other means of ventilation and the direction of air currents, and the location of permanent pumps, haul ing engines, engine planes, abandoned works, fire walls, and standing water.

5. Separate maps. A separate and similar map drawn to the same scale in all cases shall be made of each layer of minerals mined in any mine in this state. A separate map shall also be made of the surface whenever the surface buildings, lines, or objects are so numerous as to obscure the details of the mine workings if drawn upon the same sheet with them, and in such case the surface map shall be drawn upon transparent cloth or paper so that it can be laid upon the map of the underground workings and thus truly indicate the local relation of lines and objects on the surface to the excavations of the mine and any other principal workings of the mine.

6. Rise and dip of minerals. Each map of underground workings shall also show by profile drawing and measurement, the last one hundred fifty feet approaching the boundary lines, showing the rise and dip of the minerals.

7. Copies. The original or true copies of the maps shall be kept at the office of the mine, and true copies thereof shall also be furnished the state geologist within thirty days after the completion of the same.

8. Extensions. An accurate extension of the last preceding survey of every mine in active operation shall be made once in every twelve months prior to July 1 of every year and the result of such survey, with the date thereof, shall be promptly and accurately entered upon the original map, and a true, correct, and accurate copy of the extended map shall be forwarded to the state geologist so as to show all changes in plan of new work in the mine, and all extensions of the old workings to the most advanced face or boundary of the workings which have been made since the last preceding survey, and the parts of the mine abandoned or worked out after the last preceding survey shall be clearly indicated and shown by colorings, which copy must be delivered to the state geologist within thirty days after the last survey is made.
9. Abandoned mine. When any underground mine is worked out or is about to be abandoned or indefinitely closed, the operator of the same shall make or cause to be made a completed and extended map of the mine and the result of the same shall be duly extended on all maps of the mine and copies thereof so as to show all excavations and the most advanced workings of the mine, and their exact relation to the boundary or section lines on the surface, and deliver to the state geologist a copy of the completed map.

10. Copies furnished. The state geologist shall furnish the department of soil conservation a copy of each map and map extension received by him under this section. [C97, §2485; S13, §§2485, 2496-m; C24, 27, 31, 35, 39, §§1245, 1351–1355, 1357, 1358; C46, 50, 54, 58, 62, 66, 71, 73, §§82.29, 83.22; 65GA, ch 139, §27]

Referred to in §305.14

305.13 Failure to furnish map. When the operator of any mine neglects or refuses for a period of ninety days to furnish to the state geologist the map or plan, or a copy thereof, of such mine or any extension thereof, as provided in this chapter, the state geologist shall cause to be made an accurate map or plan of such mine or extension as the case may be, at the expense of the operator. The cost shall be paid by the state and recovered from such operator. It shall be the duty of the county attorney of the county in which such mine is located, at the request of the state geologist, to bring action in the name of the state for such recovery. [S13, §§2485-a, 2496-m; C24, 27, 31, 35, 39, §§1246, 1359; C46, 50, 54, 58, 62, 66, 71, 73, §§82.29, 83.22; 65GA, ch 139, §28]

305.14 Maps property of state — custody — copies. The maps so delivered to the state geologist shall be the property of the state and shall remain in the custody of the state geologist. They shall be kept at the office of the geological survey and be open to examination by all persons interested in the same; but such examination shall only be made in the presence of the state geologist or his designee, and he shall not permit any copies of the same to be made without the written consent of the operator or the owner of the property, except as provided in section 305.12. The state functional classification review board shall have the authority and the responsibility to make final administrative determinations based on sound functional classification principles for all disputes relative to functional classification. The review board shall also serve, when requested jointly by state and local jurisdictions, as an advisory committee for review and adjustment of construction and maintenance guidelines used in updating road and street needs studies. 1. In the maintenance, relocation, establishment, or improvement of any road, including the extension of such road within cities, the agency having jurisdiction and control of such road shall have authority to purchase or to institute and maintain proceedings for the condemnation of the necessary right of way therefor. Such agency shall likewise have power to purchase or institute and maintain proceedings for the condemnation of land necessary for highway drainage, or land containing gravel or other suitable material for the improvement or maintenance of highways, together with the necessary road access or right of access thereto.

2. Whenever the agency condemns or purchases property access rights or alters by lengthening any existing driveway to a road from abutting property, except during the time required for construction and maintenance of the road or highway, the agency shall:

a. Compensate the owner for any diminution in the market value of the property by the denial or alteration by lengthening the driveway; however, in computing such diminution in value no consideration shall be given to the additional maintenance expense for maintaining the additional length of driveway, but in lieu thereof, both in condemnation proceedings or negotiated purchases, the agency shall pay to the owner the sum of five dollars for every lineal foot of additional length of driveway located on said owner’s property. This payment shall represent just compensation to said property owner for the additional driveway maintenance caused by reason of the highway or road project.

b. If in the opinion of the agency it would be more economical to purchase the entire tract of the property owner than to provide and pay the maintenance expense required under the provisions of this section, proceed with the acquisition of the entire tract of land; or

c. If mutually agreeable, move buildings from an existing location to a location requiring an equal or lesser length of driveway and provide an adequate driveway to a public road.

3. None of the foregoing requirements shall prohibit the property owner and the agency from entering into a mutually acceptable agreement for the replacement, relocation, construction, or maintenance of any alternate driveway on the owner’s property.

4. Compensation for any property rights taken in the establishment of any alternative temporary or permanent access shall be paid as in any other purchase or condemnation of property. Proceedings for the condemnation of land for any highway shall be under the provisions of chapter 471 and chapter 472. Provided that, in the condemnation of right of way for secondary roads, the board of supervisors may proceed as provided in sections 306.28 to 306.37.

5. For the purposes of this section, the term “driveway” shall mean a way of ingress and egress located entirely on private property, consisting of a lane or passageway leading from a residence to a public roadway or highway. 306B.4 Purchase of existing signs. The department shall acquire by purchase, gift, or condemnation all advertising devices existing on May 21, 1965, which violate the provisions of this chapter or which fail to conform to rules and regulations promulgated by the said department under this chapter and all rights and interests of all persons in and to such devices; except that in instances involving any authorized device which fails to conform
to rules and regulations, the said department shall give notice to the owner of the device and to the owner of the land on which the device is located and shall give the owner and landowner time to conform to such rules and regulations as provided in section 306B.5 before proceeding as directed in this section. The provisions of chapters 471 and 472 shall be applicable to any such condemnation and the said department shall have the right to take immediate possession of and remove such devices under the procedures of section 472.25.

306B.5 Nuisance declared. Any advertising device erected adjacent to any interstate system after May 21, 1965, which violates the provisions of this chapter or fails to comply with the rules and regulations promulgated by the department is a public nuisance. The department shall give thirty days' notice, by certified mail, to the owner of the device and to the owner of the land on which said device is located to remove such advertising device if it is a prohibited device or cause it to conform to rules and regulations if it is an authorized device. If the landowner or owner of the device fails to act within thirty days as required in the notice, the said department may file a petition in the district court of the county where such advertising device is located to abate the nuisance. If the court finds that a violation exists as alleged in the petition, the court shall enter an order of abatement against the person or persons erecting or maintaining such advertising device and against the person or persons owning the land on which such advertising device is located. If the landowner or owner of the sign fails to act within the time required in the order of abatement, the said department may give thirty days' notice to the landowner or owner of the sign and at the end of thirty days the department may enter upon the land and remove the sign. Such entry after notice, shall not be deemed a trespass and the department may be aided by injunction to abate the nuisance and to insure peaceful entry. The cost of removal, including any fees and costs or expenses as may arise out of any action brought by the department to secure peaceful entry and removal, shall be assessed against the owner of the sign. Should the owner of the sign fail to promptly pay such fees, costs or expenses, the department shall proceed to advertise and sell the sign for purposes of collecting the same. Any balance from the total receipts of the sale after deducting the fees, costs and expenses, including those of the sale, shall be paid to the owner of the sign; however, if in the opinion of the department, the proceeds of the sale will not be sufficient to justify the expense involved, the sign may be used, scrapped, dismantled, or otherwise destroyed or disposed of by the department as it sees fit.

306B.6 Misdemeanor. Whoever erects or maintains an advertising device in violation of this chapter or in violation of rules and regulations promulgated by the department under this chapter shall be guilty of a misdemeanor and upon conviction be fined not less than twenty-five dollars nor more than one hundred dollars.

306B.7 Federal agreements. The department may enter into agreements with the secretary of commerce of the United States concerning the erection, maintenance, regulation, location, frequency and related matters of advertising devices permitted under this chapter. The department may accept any allotment of funds by the United States or any department or agency thereof appropriated under Title 23 U.S.C. or amendments thereto to accomplish the purposes of this chapter.

The department shall control the erection and maintenance of advertising devices authorized by section 306C.11, subsection 3, in accord with the following criteria, except that in the case of bonus interstate highways the department shall maintain the controls required under chapter 306B or the controls required by this division, whichever controls are stricter:

1. Advertising devices located within the adjacent area of interstate highways and freeway primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than five hundred feet outside of cities, and within two hundred fifty feet if inside of cities. An advertising device may not be located within two hundred fifty feet of an interchange, or rest area. The measurement shall be from the nearest widening constructed for the purpose of acceleration or deceleration of traffic movement to or from the main-traveled way to the advertising device.

2. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than one hundred feet if inside the corporate limits of a municipality. No advertising device, other than one excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by the line connecting two points each fifty feet back from the point where the street right of way lines of the main-traveled way and the intersecting street meet, or would meet, if extended.

3. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than three hundred feet if outside the corporate limits of a municipality. No advertising device, other than those excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by a line connecting two points each one hundred feet back from the point where the street right-of-way lines of the main-traveled way and the intersecting street meet, or would meet, if extended.

5. Within a triangular area, as defined by subsections 2 and 3 of this section, occupied by a building or structure, no advertising device shall be erected or maintained closer to the intersection than the building or structure itself, except that a wall advertising device may be attached to said building or structure not to protrude more than twelve inches.

6. Official advertising devices and advertising devices concerning the sale or lease of the property or activities conducted upon the property as specified in Title 23, section 131, paragraph “c” of the United States Code, shall not be taken into consideration in determining compliance with spacing requirements.

8. Advertising devices shall not be erected, maintained, or illuminated:

   a. In a manner to obscure or otherwise physically interfere with an official traffic sign, signal, or device, or to obstruct or physically interfere with any driver’s view of approaching, merging, or intersecting traffic.

   b. Unless effectively shielded to prevent light from being directed at any portion of the traveled highway with such intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle.

   c. Which contain, include, or are illuminated by any flashing, intermittent, or moving light or lights, except those giving public service information such as, but not limited to time, date, temperature, weather, news and similar information.

   f. Which do not comply with all applicable state or local laws, regulations and ordinances,
§306C.13, JUNKYARDS AND BILLBOARDS

including but not limited to zoning, building, and sign codes as locally interpreted and applied and enforced, or which violate chapter 319; however, nothing in this division shall prevent or restrict county or local zoning authorities from making a determination of customary use concerning size, lighting, and spacing of advertising devices in zoned commercial or industrial adjacent areas, and such determinations will be accepted in lieu of the standards of this division. The provisions of this division shall not prevent or restrict county or local zoning authorities within their respective jurisdictions from establishing standards imposing controls stricter than those required by this division.

g. The standards contained in this section pertaining to size, lighting, and spacing shall not apply to advertising devices erected or maintained within six hundred sixty feet of the right of way of those portions of the interstate highway system exempted from control under chapter 306B by authority of section 306B.2, subsection 5, nor to advertising devices erected and maintained within adjacent areas along primary highways within zoned and unzoned commercial and industrial areas, unless said advertising devices were erected subsequent to July 1, 1972. Any advertising device lawfully erected after said date which subsequently becomes nonconforming, shall be required to be brought into conformity or removed within five years after the date the nonconformity occurs. However, no advertising device shall be acquired or be required to be removed pursuant to this division unless the department has received notification from the federal government that the federal share of "just compensation" to be paid is immediately available to contribute to the cost of acquisition or removal; this requirement shall not apply to the acquisition or removal of advertising devices for which no federal share is payable. [C73, §306C.14; 65GA, ch 201, §5, ch 1180, §68]

The owner shall be required to make application for a permit as provided for in this section within thirty days after the date the said highway acquired said designation.

Upon receipt of an application containing all the required information in due form and

The general assembly of the state of Iowa hereby declares that the intent of this chapter is to assent to any Act of the United States Congress authorizing the development of any national parkway located wholly or partly within the state of Iowa, to the full extent that is necessary to secure any benefits under such Act, provided that the hunting of migratory waterfowl and other game and fishing shall not be prohibited or otherwise restricted by the United States government or any of its designated agencies in control of said project, and to authorize the appropriate state boards, commissions, departments and the governing bodies of counties, cities and villages and especially the state transportation commission to co-operate in the planning and development of all national parkways that may be proposed for development in Iowa, with any agency or department of the government of the United States in which is vested the necessary authority to construct or otherwise develop such national parkways. Whenever authority shall exist for the planning and development of any national parkway, of which any portion shall be located in the state of Iowa, it shall be the duty of the state transportation commission to co-operate in the planning and development of all national parkways that may be proposed for development in Iowa, with any agency or department of the government of the United States in which is vested the necessary authority to construct or otherwise develop such national parkways. Whenever authority shall exist for the planning and development of any national parkway, of which any portion shall be located in the state of Iowa, it shall be the duty of the state transportation commission to co-operate in the planning and development of all national parkways that may be proposed for development in Iowa, with any agency or department of the government of the United States in which is vested the necessary authority to construct or otherwise develop such national parkways. Whenever authority shall exist for the planning and development of any national parkway, of which any portion shall be located in the state of Iowa, it shall be the duty of the state transportation commission to co-operate in the planning and development of all national parkways that may be proposed for development in Iowa, with any agency or department of the government of the United States in which is vested the necessary authority to construct or otherwise develop such national parkways.

1. "Secretary", "parkway", "scenic landscape", "sightly or safety easement", "access", "parkway road", "parkway development", "frontage" and other similar terms have the same meaning as defined in any Act of the Congress of the United States related to a national parkway.

2. "National parkway" has the same meaning as defined in Public Law 93-87, first session, Ninety-third Congress of the United States.

4. "A scenic and recreational highway" means a public highway designated to allow enjoyment of aesthetic and scenic views, points of historical, archeological and scientific interest, state parks and other recreational areas and includes both the right of way and conservation area.

5. "Scenic easement" means a servitude which is acquired by gift, purchase, exchange or condemnation and is designed to permit land to remain in private ownership for its normal agricultural, residential or other use and, at the same time, to restrict and control the future use of the land for the purpose of preserving, restoring or enhancing the natural and historic beauty of the land subject to the scenic easement.

6. "Right of way" means land area dedicated to public use for a highway and its maintenance, and includes land acquired in fee simple or by permanent easement for highway purposes, but does not include temporary easements or rights for supplementary highway appurtenances.

§308.4 Transportation commission authority.

1. The state transportation* commission shall make such investigations, surveys, studies and plans in connection with any proposed national parkway or parkway development as it shall deem necessary or desirable to determine if the proposed development is under the terms of the Act of the United States Congress applicable to such parkway or any regulations under such Act and is advantageous to the state. Such parkway development may be any portion of the proposed parkway which is proposed to be constructed as a project under such Act.

2. The state transportation* commission, with the co-operation of the state conservation commission, shall also:

a. Plan, designate and establish the exact routing of the great river road, utilizing the general guidelines established in Title 23, United States Code.

b. Acquire all rights in land necessary for reconstruction or relocation of any portions of the great river road where such reconstruction or relocation is imperative for the safety of the traveling public, or where the condition or location of existing segments of the highway is not in keeping with the intent of the provisions of this chapter. Acquisitions of such rights in land shall be by gift, purchase, exchange, or by instituting and maintaining proceedings for condemnation. Gift, purchase, exchange, and condemnation shall include acquisition of a scenic easement. A scenic easement acquired under this chapter shall constitute easements both at law and in equity, and all legal and equitable remedies, including prohibitory and mandatory injunctions, shall be available to protect and enforce the state's interest in such scenic easements. Any scenic easement acquired under this chapter shall be deemed to be appurtenant to the roadway to which it is adjacent or from which it is visible.
The duties created by any scenic easement acquired under this chapter shall be binding upon and enforceable against the original owner of the land subject to the scenic easement and his heirs, successors, and assigns in perpetuity, unless the instrument creating the scenic easement expressly provides for a lesser duration. A court shall not declare any scenic easement acquired under this chapter to have been extinguished or to have become unenforceable by virtue of changed conditions or frustration of purpose.

c. Accept and administer state, federal and any other public or private funds made available for the acquisition of rights in land and for the planning and construction or reconstruction of any segment of the great river road and any state and federal funds for the maintenance of that part of the great river road constituting the right of way. 308.9 Establishing locations for the highway.

1. When, as a result of its investigations and studies, the state transportation* commission, in cooperation with the state conservation commission, finds that there may be a need in the future for the development and construction or reconstruction of segments of the great river road and when the state transportation* commission determines that in order to prevent conflicting costly economic development on areas of lands to be available for the great river road when needed for such future development, there is need to establish and to inform the public of the approximate location and widths of new or improved segments of the great river road to be needed, the state transportation commission may proceed to establish such location and the approximate widths in the manner provided in this section. The state transportation commission shall give notice and hold a public hearing on the matter in a convenient place in the area to be affected by the proposed improvement of the great river road. The state transportation commission shall consider and evaluate the testimony presented at the public hearing and it shall make a study and prepare a map showing location of the proposed new or reconstructed segment of the great river road and the approximate widths of right of way needed. There shall be shown on such map the existing roadway and the property lines and record owners of lands to be needed. The approval of such map shall be recorded by reference in the state transportation commission's minutes, and a notice of such action and a copy of the map showing the lands or interest in the lands needed in any county shall be filed in the office of the county recorder of such county. Notice of the action and of the filing shall be published once in a newspaper of general circulation in such county, and within sixty days following the filing, notice of the filing shall be served by registered mail on the owners of record on the date of filing and on the functional classification board of the county. Using the same procedures for approval, notice and publications, and notice to the affected record owners, the state transportation commission may, from time to time, amend the map.

2. After such location is established, within the area of the great river road as shown on the map or in such proximity to it as to result in consequential damages when the rights in land for the great river road are acquired, a person shall not erect or move in any additional structure or rebuild, alter or add to any existing structure, without giving to the state transportation commission by registered mail sixty days' notice of such contemplated construction, alteration, or addition describing the same. However, this prohibition and requirement shall not apply to any normal or emergency repairs or replacements which are necessary to maintain an existing structure of a facility in approximately its previously existing functioning condition. When the rights in
land for a segment of the great river road are acquired, damages shall not be allowed for any construction, alterations, or additions in violation of this subsection.

3. Without limiting any authority otherwise existing, rights in land needed for the great river road may be acquired at any time by the state, the county, or the municipality in which such segment of the great river road is located. If an owner's contiguous land is acquired to an extent which is less than the total amount shown on the map as needed, consequential damages to the land not acquired shall be allowed as found to exist. [C62, 66, 71, 73, §308.5; 65GA, ch 1181, §4]

When any owner or group of owners of not less than seventy-five percent of the lands adjacent to, or abutting upon any secondary road or roads shall, on or before October 1 of any year petition the board of supervisors of their county for the improving by graveling or other suitable surfacing, of said road or roads, and for the assessment of not less than fifty percent (or such greater portion as may be provided in said petition) of the cost of such improving, by graveling or other suitable surfacing, to the lands adjacent to, or abutting upon said road or roads, the board of supervisors shall, in the order in which such petitions were filed with it, include and give preference to said project or projects in the secondary road construction program of said county for the ensuing year. When a proper petition is filed, it shall retain its preference in succeeding years. 

The board of supervisors shall proceed during the ensuing year with the construction and completion of said project under the same procedure as is prescribed generally for the improvement of secondary roads by assessment, and shall, as the law may provide, establish a special secondary road assessment district and assess against the lands included therein not less than fifty percent (or such greater portion as may be provided in said petition) of the engineer's estimated cost of the surfacing of the road or roads included in said project against all the lands adjacent to or abutting upon the said road or roads. 

Provided, that should the owner or owners of all the lands included in any special secondary road assessment district under this section, subscribe and deposit with the county treasurer an amount not less than fifty percent (or such greater portion as may be provided in said petition) of the engineer's estimated cost of the surfacing of the road or roads included in said project, the board of supervisors shall not establish such special assessment district as herein provided, but shall accept the said donations in lieu of an assessment, and shall otherwise proceed to the improvement of said road or roads as herein provided. 

Provided further, that the total expendi­ture of secondary road funds of the county in any year for or on account of special secondary road assessment district projects on local secondary roads under this section shall not exceed the total secondary road funds legally expendable for construction on local secondary roads in said county in said year, and the expenditure of secondary road funds of the county, in any township in any three-year period, for or on account of special secondary road assessment district projects on local sec-
ondary roads under this section, shall not exceed said township's pro rata share, on the area basis, of the total secondary road funds legally expendable for construction on local secondary roads in said county in said three-year period, unless there be a township or townships from which there are no petitions filed during the first two years of said three-year period.

If the engineer's estimated cost of the grading, bridges, culverts, and draining of the road proposed to be included in any special assessment district project under this section, exceeds an average of seven thousand dollars per mile, the board of supervisors of said county may appeal to the state transportation commission as to whether the county shall proceed with the construction of said project. The state transportation commission shall hold a hearing on said matter, at a time and place of which the petitioners and the county board shall be duly notified, and shall have an opportunity to appear and be heard. After such hearing the state transportation commission shall determine whether the county shall proceed with said project, which determination shall be final.

Upon the completion of such road or roads, and the satisfaction of all claims in relation thereto, any balance then remaining of the funds provided by the sponsors shall be returned to them according to their respective interests, providing all guarantees made by such sponsors have been fulfilled.

Any road or roads so improved by graveling or other suitable surfacing under the provisions of this section shall be maintained by the county from the secondary road fund. §311.10 Estimate and apportionment — presumption. Said estimated cost shall carry the presumption, in the absence of a contrary showing, that the same correctly represents the probable cost of said project as nearly as can be determined in advance of the actual doing and completion of the work. Said apportionment shall carry the presumption, in the absence of a contrary showing, that the same is fair, just, equitable, and in proportion to the benefits and not in excess thereof. §311.11 Hearing—notice. The board of supervisors shall fix a time for hearing on the proposal for the establishment of said secondary road assessment district and on the apportionment of not less than twenty-five percent of the estimated cost of the proposed improvement, and shall cause the county auditor to publish notice of said hearing. Said notice shall state:

1. The time and place of hearing,
2. The road or roads proposed to be improved,
3. The type of surfacing proposed,
4. The estimated cost of the proposed improvement,
5. A description of the lands lying within said proposed district,
6. The ownership of said lands as shown by the transfer books in the auditor's office,
7. A statement of the amount apportioned to each tract or parcel of real estate as shown by the engineer's report,
8. That at said hearing the amount apportioned to any tract or parcel of land may be increased or decreased without further notice,
9. That all objections to the establishment of said district, to the said apportionment report, or to the proceedings relating thereto must be specifically made in writing and filed with the county auditor on or before noon of the day set for such hearing, and
10. That a failure to make and file such objections will be deemed a conclusive waiver of all such objections. [C24, §§4707, 4750, 4751;
§311.19 Assessment ten dollars or less. Assessments of ten dollars or less against any person or land as though such omission or error is discovered, the board shall fix a time for a hearing as to such party or real estate and shall cause service of notice to be made upon them, either by publication as in this chapter provided, or by personal service in the time and manner required for service of original notices in the district court. After such hearing the board shall proceed as to such person or land as though such omission or error had not occurred. [C24, §4707; C27, 31, 35, §4753-a1; C39, §4753.01; C46, §311.11; C50, 54, 58, 62, 66, 71, 73, §311.13]

§311.13 Errors in notice or apportionment report. Any omission or error in said apportionment report or notice with respect to any tract or parcel of real estate or the description thereof, or the name of the owner, or the amount of the assessment apportioned thereto, shall work no loss of jurisdiction on the part of the board over such proceeding. Such omission or error shall only affect the particular tract of real estate or person in question. If, before or after the board has entered its final order in the establishment of the said district or in the apportionment proceedings such omission or error is discovered, the board shall fix a time for a hearing as to such party or real estate and shall cause service of notice to be made upon them, either by publication as in this chapter provided, or by personal service in the time and manner required for service of original notices in the district court. After such hearing the board shall proceed as to such person or land as though such omission or error had not occurred. §311.14 Appearance. The appearance of any interested party, either in writing or personally, or by authorized agent, before the board of supervisors at any stage of the pending proceedings for a secondary road assessment district shall be deemed a full appearance. Only interested parties shall have the right to appear in such proceedings. All persons so appearing shall state for whom they appear. The clerk of the board shall make definite entry accordingly in the minutes of the board. [C24, §4707; C27, 31, 35, §4753-a1; C39, §4753.01; C46, §311.11; C50, 54, 58, 62, 66, 71, 73, §311.14]

§311.15 Hearing—adjournment—order. Hearings on the proposed establishment of said district may be adjourned from time to time without loss of jurisdiction by the board. On final hearing the board shall proceed to a determination of said matters. It may reject, approve, or modify and approve said proposal. The board may exclude lands from the district or may add lands thereto or otherwise modify the proposal.

Should the proposal be approved in whole or in part, the board shall establish such district. The order of the board establishing such district shall state the road or roads to be improved, the type of improvement, and the amount of the assessment apportioned thereto, or the name of the owner, or the amount of the assessment apportioned thereto, shall work no loss of jurisdiction on the part of the board over such proceeding. Such omission or error shall only affect the particular tract of real estate or person in question. If, before or after the board has entered its final order in the establishment of the said district or in the apportionment proceedings such omission or error is discovered, the board shall fix a time for a hearing as to such party or real estate and shall cause service of notice to be made upon them, either by publication as in this chapter provided, or by personal service in the time and manner required for service of original notices in the district court. After such hearing the board shall proceed as to such person or land as though such omission or error had not occurred. §311.16 Final hearing—assessment levied. On final hearing the board shall hear and determine all objections filed. The board may increase, diminish, annul, or affirm the apportionment made in said report, or any part thereof, as may appear to the board to be just and equitable.

On the final determination the board shall levy such assessments and all installments thereof upon the real estate within said district as finally established. The entire amount of said assessment shall be then due and payable, and bear interest at six percent per annum commencing twenty days from the date of said levy, and shall be collected at the next succeeding March semiannual payment of ordinary taxes. [C24, §4710; C27, 31, 35, §4753-a3; C39, §4753.03; C46, §311.13; C50, 54, 58, 62, 66, 71, 73, §311.16]

§311.17 Assessments over ten dollars—waiver. If any owner other than the state or a county or city, of any tracts of land on which the assessment is more than ten dollars, shall, within twenty days from the date of said assessment, agree in writing filed in the office of his having the right to pay his assessment upon his said real estate, and will pay the same with six percent interest thereon, then and in that case said assessment shall be payable in ten equal installments. The first installment shall be payable on the date of such agreement. The other installments with interest on the whole amount unpaid shall be paid annually thereafter at the same time and in the same manner as the March semiannual payment of ordinary taxes.

An owner of land who has availed himself of said ten-year option may at any time discharge his assessment by paying the balance due on all unpaid installments, with interest on the entire amount of the unpaid installments for thirty days in advance. [Home Rule Amendment effective July 1, 1975]

311.20 Variation between estimated and actual cost. Any variation between the engineer's estimated cost and the actual cost of a secondary road assessment district project shall in no way affect the validity of the assessment. It is the intent of this chapter that the assessment shall be based on the estimated cost and not on the actual cost. [C24, §4711; C27, 31, 35, §4753-a4; C39, §4753-04; C46, §311.14; C50, 54, 58, 62, 66, 71, 73, §311.20]

311.21 Procedures. The preparation and approval of plans and specifications, the advertising for bids, the award and approval of contract, the supervision and inspection of construction work, and the approval and payment of claims on any secondary road assessment district project, shall be conducted in the manner provided in the laws for secondary road construction work generally. [C24, 27, 31, 35, 39, §§4749, 4752; C46, §§311.6, 311.9; C50, 54, 58, 62, 66, 71, 73, §311.21]

311.22 Road graded and drained. Any such secondary road shall be built to permanent grade and drained in a manner approved by the county engineer before being surfaced, as provided in this chapter. [C27, 31, 35, 39, §4746; C46, §§311.3; C50, 54, 58, 62, 66, 71, 73, §311.22]

311.23 Payment of construction costs. The total cost of any secondary road assessment district project shall in the first instance be paid out of the secondary road fund of said county. Any assessments which are paid in cash and in anticipation of which assessments, no certificates have been issued, shall be transferred to the secondary road fund.

If no special assessment certificates are issued and sold on account of any particular secondary road assessment district, the special assessments on lands included in that district, and the interest on such assessments, when collected, shall be transferred to the secondary road fund of said county. If certificates are issued and sold in anticipation of the special assessments levied on any such district as herein provided, the proceeds of such certificates shall be credited to the secondary road fund of said county. In that event, the special assessments in anticipation of which certificates have been issued, and the interest on such assessments shall, when collected, be used to retire such certificates. [C24, 27, 31, 35, 39, §4752; C46, §§311.9; C50, 54, 58, 62, 66, 71, 73, §311.23]

311.24 Appeal from assessment. Any owner of land in a secondary road assessment district may appeal to the district court from the order of the board of supervisors in levying the assessment against his real estate, by filing with the county auditor within fifteen days of the date of such levy, a bond conditioned to pay all costs in case the appeal is not sustained, and a written notice of appeal wherein he shall, with particularity, point out the specific objection which he desires to lodge against such levy. Said appeal shall have precedence over all other business pending before the court except criminal matters. The appeal shall be heard as in equity. The court may raise or lower the assessment in question and make an equitable assessment in the judgment of the court. The clerk of the district court shall, upon the entry of the final order of the court, certify such final order to the county auditor. The board of supervisors shall at once adjust the assessments as to comply with the final order of the court. [C24, §4713; C27, 31, 35, §4753-a5; C39, §4753.05; C46, §§311.15; C50, 54, 58, 62, 66, 71, 73, §311.24]

311.25 Appeal docketed. When an appeal is taken, the county auditor shall at once make a transcript of the notice of appeal and appeal bond and transmit the same to the district court. The appellant shall, within twenty days after perfection of said appeal, docket said appeal and file a petition setting forth the order or decision of the board of supervisors appealed from, and his specific objections thereunto. A failure to comply with either of these requirements shall be deemed a conclusive waiver of the appeal and in such case the court shall dismiss the same. Appellee need not file answer, but may do so. [C24, §4714; C27, 31, 35, §4753-a6; C39, §4753.06; C46, §§311.16; C50, 54, 58, 62, 66, 71, 73, §311.25]

311.26 Assessments certified to county treasurer. When the board of supervisors has entered its final order as to the amounts of all special assessments on a given improvement, the county auditor shall at once certify a list of such assessments and a list of real estate upon which each assessment has been levied, with the specific designation of the district embracing such real estate, to the county treasurer, who shall enter each assessment on the tax books and continue such entry until such assessment is paid.

Each special assessment and all installments thereof shall be a lien upon the real estate upon which it is levied from the date of such certificate by the county auditor to the same extent and in the same manner as taxes levied for state and county purposes. Changes in the amount of any special assessment by rea-

§311.27 Each district separate unit. Each assessment district shall be considered a unit and all funds received by the county treasurer for or on behalf of such unit shall be carried as a distinct and separate account and under the same specific name as that used by the board in establishing such unit. [C24, §4716; C27, 31, 35, §4753-a8; C39, §4753.08; C46, §311.18; C50, 54, 58, 62, 66, 71, 73, §311.27]

§311.28 Certificates anticipating assessments. In order to render immediately available that amount of the estimated cost of an improvement which has been specially assessed, the board may issue road certificates in the name of the county in an aggregate amount not exceeding the then unpaid amount of the special assessment levied in said district. Each issue of certificates shall be under, and in accordance with, a duly adopted resolution of the board and which shall recite (1) the name or designation of the road district on account of which the certificates are issued; (2) that a stated amount (naming the amount) has been specially assessed against the lands within said district; (3) that a stated amount of said aggregate special assessment has not yet been paid (naming the unpaid amount); (4) that it is necessary to render such unpaid amount immediately available; (5) the number of road certificates authorized and the specific amount of each certificate; (6) the specific numbering or designation of such certificates; (7) the rate of interest which each certificate shall bear from date, to wit, not to exceed six percent per annum; (8) the fact that said certificates are payable solely from the proceeds of the special assessments which have been levied on the lands within said districts; (9) that each certificate shall be payable on or before the first day of January of the first year following the maturity of the last installment of such special assessments, and that interest thereon shall be paid annually; (10) the authorization to the chairman of the board, and to the county auditor, respectively, to sign and countersign each of said certificates. [C24, §4717; C27, 31, 35, §4753-a9; C39, §4753.09; C46, §311.19; C50, 54, 58, 62, 66, 71, 73, §311.28]

§311.29 Sale of certificates. Upon the signing of each of said certificates by the chairman of the board, said certificates shall be delivered to the county auditor, who shall countersign the same, charge the county treasurer with the amount thereof, and deliver the same to the latter officer, who shall be responsible therefor on his bond. The treasurer may apply said certificates in payment of any warrants duly authorized and issued for surfacing the roads within said district, or he may sell the same for the best attainable price and for not less than par, plus accrued interest, and credit the proceeds to the secondary road fund. Such certificates shall be retired in the order of the consecutive numbering thereof. [C24, §4717; C27, 31, 35, §4753-a9; C39, §4753.09; C46, §311.19; C50, 54, 58, 62, 66, 71, 73, §311.29]

§311.30 Certificates registered — payment. The county treasurer shall, in connection with the road account for said district, enter the name and post-office address of all persons to whom any of said certificates are issued, with a particular designation of the certificates delivered to each person. Any subsequent holder may present his certificate to the county treasurer and cause his name and post-office address to be entered in lieu of that of such former holder. Whenever the fund for such particular district has money to pay the first retireable certificate or certificates, the county treasurer shall, by mail, as shown by his records, promptly notify the holder of such certificate of such fact and that from and after ten days after the mailing of such letter all interest on such certificates will cease. [C24, §4717; C27, 31, 35, §4753-a9; C39, §4753.09; C46, §311.19; C50, 54, 58, 62, 66, 71, 73, §311.30]

§311.31 Previous assessments not invalidated. The passage of this chapter, the provisions hereof, and the repeal of sections here­by repealed, shall not in manner affect or invalidate any secondary road district assessments levied before this chapter became effective, or any certificate in anticipation of such assessments issued before or after this chapter becomes effective.

Said assessments and taxes shall be collected and applied to the purpose for which they were levied. Certificates in anticipation of such assessments may be issued. The proceeds of such certificates shall be applied to the purpose intended, and such certificates issued before or after this chapter becomes effective shall be paid in conformance with the provisions of this chapter. The treasurer of the state shall, on the first day of each month, credit all road use tax funds which have come into his hands, to the primary road fund, the secondary road fund of the counties, the farm-to-market road fund, and the street construction fund of cities in the following manner and amounts:

6. The treasurer of state shall before making the above allotments credit annually to the primary road fund the sum of two million five hundred thousand dollars or an amount equal to one-ninth of the federal allotment whichever is the smaller, said sum to be used for matching the federal allotment to the state of Iowa for the use of the interstate and national defense highways in the state of Iowa.

1. Apportion among the counties in the ratio that the needs of the secondary roads of each county bear to the total needs of the secondary roads of the state for the twenty-year improvement program developed by the automotive safety foundation and filed with the Iowa highway study committee created by chapter 426, Acts of the Fifty-eighth General Assembly, and which is on record at the department, sixty percent of the allocation from road use tax funds which he has credited to the secondary road fund of the counties, and apportion among the counties in the ratio that the area of such county bears to the total area of the state, forty percent of the allocation from road use tax funds which he has credited to the secondary road fund of the counties.

the road use tax funds which he has credited to the street fund of the cities, and shall remit to the city clerk of each such city the amount so apportioned to such city. A city may have one special federal census taken each decade, and the population figure thus obtained shall be used in apportioning amounts under this subsection beginning the calendar year following the year in which the special census is certified by the secretary of state.

312.7 Balance maintained in fund. The treasurer of state shall maintain in the road use tax fund in the state treasury, of the funds collected as provided in chapter 321 or as said chapter may be amended, a cash balance sufficient, when added to the cash balance of receipts in the road use tax fund from other sources, to pay the anticipated expenditures from the road use tax fund for the ensuing month.

All funds to become due to said villages so consolidated shall be paid to the county auditor of the county in which the said tract of land and said villages are situated. Said fund shall, thereupon, be administered and expended by the county board of supervisors of said county for the construction, reconstruction, repair, and maintenance of roads and streets within the plats of such villages in the same manner and with the same powers and duties as city councils in cities. Such amounts spent on arterial streets and such amounts spent on local streets shall be shown on the annual street report required by section 312.14.

Of the total street construction and reconstruction expenditures made each year from road use tax funds by each city, at least seventy-five percent shall be spent on the arterial streets of such city. 312.15 When funds not allocated. No funds shall be allocated to any city until such city shall have complied with the provisions of sections 312.12 and 312.14.

The department shall notify the treasurer of state if any city fails to comply with the provisions of sections 312.10 to 312.14. [C62, 66, 71, 73, §312.15; 65GA, ch 1087, §32, ch 1180, §84]

CHAPTER 313

IMPROVEMENT OF PRIMARY ROADS

Referred to in §307.24

313.1 Federal and state co-operation. The department is empowered on behalf of the state to enter into any arrangement or contract with and required by the duly constituted federal authorities, in order to secure the full co-operation of the government of the United States, and the benefit of all present and future federal allotments in aid of highway construction, reconstruction, improvement or maintenance. The good faith of the state is hereby pledged to cause to be made available each year, sufficient funds to equal the total of any sums now or hereafter apportioned to the state for road purposes by the United States government for such year, and to maintain the roads constructed with said funds. [C24, §4688; C27, 31, 35, §4755-b1; C39, §4755.01; C46, 50, 54, 58, 62, 66, 71, 73, §313.1; 65GA, ch 1180, §86]

313.2 “Road systems” defined — roadside parks. The roads and streets of the state are, for the purpose of this chapter, assigned to the functional classification systems established under chapter 306.

Whenever the board of supervisors of a county and the department mutually determine that a portion of a highway under the jurisdiction of either party should be transferred to the jurisdiction of the other party, the board and department may enter into an agreement to effect such transfer. Such agreement may provide that each party may undertake or share responsibility for improving said road with the costs of such improvement to be borne entirely by either the county or the department or equitably divided between the two jurisdictions. All such improvements shall be completed and all actual costs thereof paid or reimbursed prior to the time transfer of the road is made. In carrying out such agreement, the board of supervisors may expend secondary road funds of the county and the department may expend primary road funds.

However, prior to entering into the agreement, a notice of intent to execute such agreement shall be published in a newspaper of general circulation within the county and the cost of such notice shall be jointly borne by the department and the board of supervisors. If one hundred or more residents of the county request by petition or in writing that a hearing be held in regard to such agreement within ten days after the publication of the notice, the board of supervisors and the department shall hold such a hearing not more than seven days after receiving the petition or written instrument, and based upon evidence presented at such hearing shall re-examine the merits of executing such agreement and make a decision in regard to it.
§313.2, PRIMARY ROAD IMPROVEMENT

The department may, for the purpose of affording access to cities or state parks, or for the purpose of shortening the direct line of travel on important routes, or to effect connections with interstate roads at the state line, add such road or roads to the primary system.

The department, either alone or in co-operation with any county, shall have the authority to utilize any land acquired incidental to the acquisition of land for highway right of way and to also accept by gift, lands not exceeding two acres in area for roadside parks and parking areas. The department may furnish necessary maintenance. The department shall also have authority to accept by gift, equipment or other installations incidental to the use of said parks and parking areas. Said parks and parking areas shall be a part of the primary road system and the department may at its discretion sell or otherwise dispose of said lands. No rest areas or rest area buildings shall be established or constructed on an interstate highway at intervals of less than sixty miles.

Reasonable maintenance and surveillance of rest area sites and buildings located thereon shall be provided by regular maintenance employees of the department under the district maintenance engineer in the district where the rest areas are located within the limits of appropriations provided for such purpose. No transfer of jurisdiction and control of any road or street as required by this Act* shall be effective until the enactment of legislation which allocates the road use tax fund in a manner different from the law existing on January 1, 1974, and in a manner which compensates state, county and municipal jurisdictions for additional highway, road or street needs acquired by such transfer as determined by the department.

Notwithstanding the foregoing provision of this section, transfers in jurisdiction and control of roads and streets may take place if agreements are entered into by the jurisdictional divisions of government involved in the transfer of such roads and streets. [C24,§4689; C27, 31, 35,§4755-b3; C39,§4755.03; C46, 50, 54, 58, 62, 66, 71, 73, 75, §313.3]

2. Such fund is also appropriated and shall be used for the construction, reconstruction, improvement and maintenance of state institutional roads and state park roads and bridges on such roads as provided in subsection 12 of section 307A.2, for restoration of secondary roads used as primary road detours and for compensation of counties for such use, for restoration of municipal streets so used and for compensation of cities for such use, and for the payments required in section 307A.5.

3. It is further provided that there is appropriated from funds appropriated to the department which would otherwise revert to the primary road fund pursuant to the provisions of the Act appropriating the funds or chapter 8, an amount sufficient to pay the increase in salaries, which increase is not otherwise provided for by the general assembly in an appropriation bill, resulting from the annual review of the merit pay plan as provided in subsection 2 of section 19A.3. The appropriation herein provided shall be in effect from the date of approval by the executive council to the end of the fiscal biennium in which it becomes effective. [C24,§4690; C27, 31, 35,§4755-b4; C39,§4755.04; C46, 50, 54, 58, 62, 66, 71, 73,§313.4; 65GA, ch 102,§9, ch 1087,§32, ch 1180,§86]

Any contingent fund appropriated to the department from the primary road fund shall be subject to the following conditions:

1. A written statement from the state comptroller shall be obtained, recommending expenditures from the fund for the purposes requested by the department.

2. The comptroller and the governor shall determine that the expenditures contemplated are in the best interest of the state, and that the purpose or project for which funds are requested was not presented to the general assembly by way of a bill and which failed to become enacted into law.

5. “Federal bridge commission” shall mean any bridge commission organized and operating pursuant to an Act of the Congress of the United States, even though such Act of Congress may declare the bridge commission not to be an agency of the federal government. [C71, 73, §313A.1; 65GA, ch 1180, §87]

Amendment effective July 1, 1975

313A.2 Bridge to be controlled by department. The department shall have full charge of the construction and acquisition of all toll bridges constructed or acquired under the provisions of this chapter, the operation and maintenance thereof and the imposition and collection of tolls and charges for the use thereof. The department shall have full charge of the design of all toll bridges constructed under the provisions of this chapter. The department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable.

The department shall advertise for bids for the construction, reconstruction, improvement, repair or remodeling of any toll bridge by publication of a notice once each week for at least two consecutive weeks in a newspaper published and having a general circulation throughout the state of Iowa, the first publication to appear at least fifteen days prior to the date set for receiving bids. The department shall have the power to accept such offer or offers, propositions or bids, and enter into such contract or contracts as it shall deem to be in the best interest of the state. [C71, 73, §313A.2; 65GA, ch 1180, §89]

Amendment effective July 1, 1975

313A.3 Toll bridges constructed over boundary rivers. The department is hereby authorized to establish and construct toll bridges upon any public highway, together with approaches thereto, wherever it is considered necessary or advantageous and practical for crossing any navigable river between this state and an adjoining state. The necessity or advantage and practicality of any toll bridge shall be determined by the department. To obtain information for the consideration of the department upon the construction of any toll bridge or any other matter pertaining thereto, any officer or employee of the state, upon the request of the department, shall make reasonable examination, investigation, survey, or reconnaissance to determine material facts pertaining thereto and shall report such findings to the department. The cost thereof shall be borne by the department or office conduct-
ing it from funds provided for its functions. [C71, 73,§313A.3; 65GA, ch 1180,§89]

Amendment effective July 1, 1975

313A.4 Investigation of feasibility. The department is hereby authorized to enter into agreements with any federal bridge commission or any county or city of this state, and with an adjoining state or county, city, or town thereof, for the purpose of implementing an investigation of the feasibility of any toll bridge project for the bridging of a navigable river forming a portion of the boundary of this state and such adjoining state. The department may use any funds available for the purposes of this section. Such agreements may provide that in the event any such project is determined to be feasible and adopted, any advancement of funds by any state, county or city may be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived from such project. [C71, 73,§313A.4; 65GA, ch 1087,§32, ch 1180,§89]

Amendment effective July 1, 1975

313A.5 Acquiring existing bridge — bonds. Whenever the department deems it necessary or advantageous and practical, it may acquire by gift, purchase, or condemnation any interstate bridge which connects with or may be connected with the public highways and the approaches thereto, except that the department may not condemn an existing Interstate bridge used for Interstate highway traffic and combined highway and railway traffic and presently owned by a municipality, or a person, firm, or corporation engaged in interstate commerce. The department may also acquire by gift or purchase two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, complete the partially constructed bridge and dismantle the bridge which it is designed to replace. In connection with the acquisition of any such bridge, bridges, or partially constructed bridge, the department and any federal bridge commission or any city, county, or other political subdivision of the state are authorized to do all acts and things as in this chapter are provided for the establishing and constructing of toll bridges and operating, financing, and maintaining such bridges insofar as such powers and requirements are applicable to the acquisition of any toll bridge and its operation, financing, and maintenance. In so doing, they shall act in the same manner and under the same procedures as provided for establishing, constructing, operating, financing, and maintaining toll bridges insofar as such manner and procedures are applicable. Without limiting the generality of the above provisions, the department is hereby authorized to cause surveys to be made to determine the propriety of acquiring any such bridge and the rights of way necessary therefor, and other facilities necessary to carry out the provisions hereof; to issue, sell, redeem bonds or issue and exchange bonds with present holders of outstanding bonds of bridges being acquired under the provisions of this chapter and deposit and pay out of the proceeds of the bonds for the financing thereof, to impose, collect, deposit, and expend tolls therefrom; to secure and remit financial and other assistance in connection with the purchase thereof; and to carry insurance thereon. [C71, 73,§313A.5; 65GA, ch 1087,§32, ch 1180,§89]

Amendment effective July 1, 1975

313A.6 Rules adopted—financial statements. The department, its officials, and all state officials are hereby authorized to perform such acts and make such agreements consistent with the law which are necessary and desirable in connection with the duties and powers conferred upon them regarding the construction, maintenance, and operation and insurance of toll bridges or the safeguarding of the funds and revenues required for such construction and the payment of the indebtedness incurred therefor. The department shall adopt such rules and regulations in accordance with the provisions of chapter 17A as it may deem necessary for the administration and exercise of its powers and duties granted by this chapter, and shall prepare annual financial statements regarding the operation of such toll bridges which shall be made available for inspection by the public and by the holders of revenue bonds issued by the department under the provisions of this chapter at all reasonable times. [C71, 73,§313A.6; 65GA, ch 1180,§89]

Amendment effective July 1, 1975

313A.7 Resolution of public interest and necessity—revenue bonds. Whenever the department deems it to be in the best interest of the primary highway system that any new toll bridge be constructed upon any public highway and across any navigable river between this state and an adjoining state, the department shall adopt a resolution declaring that the public interest and necessity require the construction of such toll bridge and authorizing the issuance of revenue bonds in an amount sufficient for the purpose of obtaining funds for such construction. The issuance of bonds as provided in this chapter for the construction, purchase, or acquisition of more than one toll bridge may, at the discretion of the department, be included in the same authority and issue or issues of bonds, and the department is hereby authorized to pledge the gross revenues derived from the operation of any such toll bridge under its control and jurisdiction to pay the principal of and interest on bonds issued to pay the cost of purchasing, acquiring, or constructing any such toll bridge financed under the provisions of this chapter. The department is hereby granted wide discretion, in connection with the financing of the cost of any toll bridge, to
pledge the gross revenues of a single toll bridge for the payment of bonds and interest thereon issued to pay the cost of such bridge and to pledge the gross revenues of two or more toll bridges to pay bonds issued to pay the cost of one or more toll bridges and interest thereon as long as the several bridges included herein are not more than ten miles apart.

In addition, if the department in its discretion determines that the construction of a toll bridge cannot be financed entirely through revenue bonds and that the construction of such toll bridge is necessary, the department may advance funds from the primary highway fund to pay for that part of the construction cost, including the cost of approaches and all incidental costs, which is not paid out of the proceeds of revenue bonds. However, said funds advanced from the primary highway fund shall be used only to pay the construction cost, including the cost of approaches and all incidental costs, with respect to that part of the bridge which is or will be located within the state of Iowa. After all revenue bonds and interest thereon issued and sold pursuant to this chapter and payable from the tolls and revenues of said bridge have been fully paid and redeemed or funds sufficient to pay said bonds and interest, including premium, if any, have been set aside and pledged for that purpose, then such amount advanced from the primary road fund shall be repaid to the primary road fund from the tolls and revenues of said bridge before said bridge is made a toll free bridge under the provisions of this chapter. [C71, 73, §313A.7; 65GA, ch 1180, §89]

Referred to in §313A.16
Amendment effective July 1, 1975

313A.8 Right of way secured. Whenever the department shall authorize the construction of any toll bridge, the department is empowered to secure rights of way therefor and for approaches thereto by gift or purchase or by condemnation in the manner provided by law for the taking of private property for public purposes. [C71, 73, §313A.8; 65GA, ch 1180, §89]

Amendment effective July 1, 1975

313A.9 Consent to cross state property. The right of way is hereby given, dedicated, and set apart upon which to locate, construct, and maintain toll bridges or approaches thereto or other highway crossings, and transportation facilities thereof or thereto, through, over or across any of the lands which are now or may be the property of this state, including highways; and through, over, or across the streets, alleys, lanes, and roads within any city, county, or other political subdivision of the state. If any property belonging to any city, county or other political subdivision of the state is required to be taken for the construction of any such bridge or approach thereto or should any such property be injured or damaged by such construction, such compensation therefor as may be proper or necessary and as shall be agreed upon may be paid by the department to the particular county, city or other political subdivision of the state owning such property, or condemnation proceedings may be brought for the determination of such compensation. [C71, 73, §313A.8; 65GA, ch 1087, §32, ch 1180, §89]

Amendment effective July 1, 1975

313A.10 Resolution precedent to action. Before the department shall proceed with any action to secure right of way or with the construction of any toll bridge under the provisions of this chapter, it shall first pass a resolution finding that public interest and necessity require the acquisition of right of way for and the construction of such toll bridge. Such resolution shall be conclusive evidence of the public necessity of such construction and that such property is necessary therefor. To aid the department in determining the public interest, a public hearing shall be held in the county or counties of this state in which any portion of a bridge is proposed to be located. Notice of such hearing shall be published at least once in a newspaper published and having a general circulation in the county or counties where such bridge is proposed to be located, not less than twenty days prior to the date of the hearing. When it becomes necessary for the department to condemn any real estate to be used in connection with any such bridge, or to condemn any existing bridge, such condemnation shall be carried out in a manner consistent with the provisions of chapters 471 and 472. In eminent domain proceedings to acquire property for any of the purposes of this chapter, any bridge, real property, personal property, franchises, rights, easements, or other property or privileges appurtenant thereto appropriated or dedicated to a public use or purpose by any person, firm, private, public, or municipal corporation, county, city, district or any political subdivision of the state, may be condemned and taken, and the acquisition and use thereof as herein provided for the same public use or purpose to which such property has been so appropriated or dedicated, or for any other public use or purpose, shall be deemed a superior and permanent right and necessity, and a more necessary use and purpose than the public use or purpose to which such property has already been appropriated or dedicated, and any condemnation award may be paid from the proceeds of revenue bonds issued under the provisions of this chapter. [C71, 73, §313A.10; 65GA, ch 1087, §32, ch 1180, §89]

Amendment effective July 1, 1975

313A.11 Payment from available funds. If the department determines that any toll bridge should be constructed or acquired under its authority, all costs thereof, including land, right of way, surveying, engineering, construction, legal and administrative expenses, and fees of any fiscal adviser, shall be paid out of any funds available for payment of
the cost of the bridge. [C71, §313A.11; 65GA, ch 1180, §89]
Amendment effective July 1, 1975

313A.12 Revenue bonds. The department is hereby authorized and empowered to issue revenue bonds for the acquisition, purchase or construction of any interstate bridge. Any and all bonds issued by the department for the acquisition, purchase, or construction of any interstate bridge under the authority of this chapter shall be issued in the name of the department and shall constitute obligations only of the department, shall be identified by some appropriate name, and shall contain a recital on the face thereof that the payment or redemption of said bonds and the payment of the interest thereon are secured by a direct charge and lien upon the tolls and other revenues of any nature whatever received from the operation of the particular bridge for the acquisition, purchase, or construction of which the bonds are issued and of such other bridge or bridges as may have been pledged therefor, and that neither the payment of the principal or any part thereof nor of the interest thereon or any part thereof constitutes a debt, liability, or obligation of the state of Iowa. When it is determined by the department to be in the best public interest, any bonds issued under the provisions of this chapter may be refunded and refinanced at a lower rate, the same rate or a higher rate or rates of interest and from time to time as often as the department shall find it to be advisable and necessary so to do. Bonds issued to refund other bonds theretofore issued by the department under the provisions of this chapter may either be sold in the manner hereinafter provided and the proceeds thereof applied to the payment of the bonds being refunded, or the refunding bonds may be exchanged for and in payment and discharge of the bonds being refunded. The refunding bonds may be sold or exchanged in instalment or in whole from time to time and in such amounts as the department deems necessary. The refunding bonds may exceed the principal or interest, or both. Interest shall be payable at such times as determined by the department and the bonds shall mature at one time. Any issue or series of refunding bonds may be exchanged in part or sold in part in instalments at different times or at one time. The refunding bonds may be sold at any time on, before, or after the maturity of any of the outstanding bonds to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds, except that the principal amount of the refunding bonds may exceed the principal amount of the bonds to be refunded to the extent necessary to pay any premium due on the call of the bonds to be refunded or to fund interest in arrears or about to become due. The gross revenues of any toll bridge pledged to the payment of the bonds being refunded, together with the unpledged gross revenues of any other toll bridges located within ten miles of said bridge, may be pledged by the department to pay the principal of and interest on the refunding bonds and to create and maintain reserves therefor.

The department is empowered to receive and accept funds from the state of Iowa or the federal government or any other state upon a co-operative or other basis for the acquisition, purchase, or construction of any interstate bridge authorized under the provisions of this chapter and is empowered to enter into such agreements with the state of Iowa or any other state or the federal government as may be required for the securing of such funds.

The department is authorized and empowered to spend from annual primary road fund receipts sufficient moneys to pay the cost of operation, maintenance, insurance, collection of tolls and accounting therefor and all other charges incidental to the operation and maintenance of any toll bridge administered under the provisions of this chapter. However, said annual primary road fund receipts shall be used only to pay such costs and charges with respect to that part of the bridge which is located within the state of Iowa.

The department may also issue its revenue bonds to pay all or any part of the cost of acquiring two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, of completing the partially constructed bridge and of dismantling the bridge which it is designed to replace, and to impose and collect tolls on all of such bridges and to pledge the revenues derived therefrom to the payment of the bonds issued to finance such project. The department may also issue its revenue bonds to pay all or any part of the cost of reconstructing, completing, improving, repairing, or remodeling any interstate bridge or partially constructed bridge, impose and collect tolls, and pledge the bridge revenues to the payment of said bonds. [C71, §313A.12; 65GA, ch 1180, §89]
Amendment effective July 1, 1975

313A.13 Sale and exchange or retirement of bonds. The revenue bonds may be issued and sold or exchanged by the department from time to time and in such amounts as it deems necessary to provide sufficient funds for the acquisition, purchase, or construction of any such bridge and to pay interest on bonds issued for the construction of any toll bridge during the period of actual construction and for six months after completion thereof. The department is hereby authorized to adopt all necessary resolutions prescribing the form, conditions, and denominations of the bonds, the maturity dates thereof, and the interest rate or rates which the bonds shall bear. All bonds of the same issue need not bear the same interest rate. Principal and interest of the bonds shall be payable at such place or places within or without the state of Iowa as determined by the department, and the bonds may contain provisions for registration as to principal or interest, or both. Interest shall be payable at such times as determined by the department and the bonds shall mature at
§313A.13, INTERSTATE BRIDGES

such times and in such amounts as the department prescribes. The department may provide for the retirement of the bonds at any time prior to maturity, and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds and any coupons attached thereto shall be signed by such officials of the department as the department may direct. Successive issues of such bonds within the limits of the original authorization shall have equal preference with respect to the payment of the principal thereof and the payment of interest thereon. The department may fix different maturity dates, serially or otherwise, for successive issues under any one original authorization. All bonds issued under the provisions of this chapter shall have all the qualities of negotiable instruments under the laws of the state of Iowa. All bonds issued and sold hereunder shall be sold to the highest and best bidder on the basis of sealed proposals received pursuant to a notice specifying the time and place of sale and the amount of bonds to be sold which shall be published at least once not less than seven days prior to the sale in a newspaper published in the state of Iowa and having a general circulation in said state. None of the provisions of chapter 75 shall apply to bonds issued under the provisions of this chapter but such bonds shall be sold upon terms of not less than par plus accrued interest. The department may reject any or all bids received at the public sale and may thereafter sell the bonds at private sale on such terms and conditions as it deems most advantageous to its own interests, but not at a price below that of the best bid received at the advertised sale. The department may enter into contracts and borrow money through the sale of bonds of the same character as those herein authorized, from the United States or any agency thereof, upon such conditions and terms as may be agreed to and the bonds shall be subject to all the provisions of this chapter, except that any bonds issued hereunder to the United States or any agency thereof need not first be offered at public sale. The department may also provide for the private sale of bonds issued under the provisions of this chapter to the state treasurer of Iowa upon such terms and conditions as may be agreed upon, and in such event said bonds need not first be offered at public sale. Temporary or interim bonds, certificates, or receipts, of any denomination, and with or without coupons attached, signed by such official as the department may direct, may be issued and delivered until the definitive bonds are executed and available for delivery. [C71, 73,§313A.13; 65GA, ch 1180,§89]

Amendment effective July 1, 1976

313A.14 Proceeds in trust fund. The proceeds from the sale of all bonds authorized and issued under the provisions of this chapter shall be deposited by the department in a fund designated as the construction fund of the particular interstate bridge or bridges for which such bonds were issued and sold, which fund shall not be a state fund and shall at all times be kept segregated and set apart from all other funds and in trust for the purposes herein set out. Such proceeds shall be paid out or disbursed solely for the acquisition, purchase, or construction of such interstate bridge or bridges and expenses incident thereunto, the acquisition of the necessary lands and easements therefor and the payment of interest on such bonds during the period of actual construction and for a period of six months thereafter, only as the need therefor shall arise and the department may agree with the purchaser of said bonds upon any conditions or limitations restricting the disbursement of such funds that may be deemed advisable, for the purpose of assuring the proper application of such funds. All moneys in such fund and not required to meet current construction costs of the interstate bridge or bridges for which such bonds were issued and sold, and all funds constituting surplus revenues which are not immediately needed for the particular object or purpose to which they must be applied or are pledged may be invested in obligations issued or guaranteed by the United States or by any person controlled by or supervised by and acting as an instrumentality of the United States pursuant to authority granted by the Congress of the United States; provided, however, that the department may provide in the proceedings authorizing the issuance of said bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment and such provisions shall thereupon be binding upon the department and all officials having anything to do with such investment. Any surplus which may exist in said construction fund shall be applied to the retirement of bonds issued for the acquisition, purchase, or construction of any such interstate bridge by purchase or call and, in the event such bonds cannot be purchased at a price satisfactory to the department and are not by their terms callable prior to maturity, such surplus shall be paid into the fund applicable to the payment of principal and interest of said bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying such surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called and such limitations and conditions shall be followed and observed in the application and use of such surplus. All bonds so retired by purchase or call shall be immediately canceled. [C71, 73,§313A.14; 65GA, ch 1180,§89]

and sold hereunder shall be deposited by the department to the credit of a special trust fund to be designated as the toll revenue fund of the particular toll bridge or toll bridges producing such tolls or revenue, which fund shall be a trust fund and shall at all times be kept segregated and set apart from all other funds. 313A.16 Funds transferred to place of payment. From the money so deposited in each separate construction fund as hereinabove provided, at the direction of the department there shall be transferred to the place or places of payment named in said bonds such sums as may be required to pay the interest as it becomes due on all bonds issued and outstanding for the construction of such particular toll bridge or toll bridges during the period of actual construction and during the period of six months immediately thereafter. The department shall thereafter transfer from each separate toll revenue fund to the place or places of payment named in the bonds for which said revenues have been pledged such sums as may be required to pay the interest on said bonds and redeem the principal thereof as such interest and principal become due. All funds so transferred for the payment of principal of or interest on bonds issued for any particular toll bridge or toll bridges shall be segregated and applied solely for the payment of said principal or interest. The proceedings authorizing the issuance of the bonds may provide for the setting up of a reserve fund or funds out of the tolls and other revenues not needed for the payment of principal and interest, as the same currently matures and for the preservation and continuance of such fund in a manner to be provided therein, and such proceedings may also require the immediate application of all surplus moneys in such toll revenue fund to the retirement of such bonds before or at maturity, by call or purchase, in such manner and upon such terms and the payment of such premiums as may be deemed advisable in the judgment of the department. The moneys remaining in each separate toll revenue fund after providing the amount required for the payment of principal of and interest on bonds as hereinabove provided, shall be held and applied as provided in the proceedings authorizing the issuance of said bonds. In the event the proceedings authorizing the issuance of said bonds do not require surplus revenues to be held or applied in any particular manner, they shall be allocated and used for such other purposes incidental to the construction, operation, and maintenance of any toll bridge as the department may determine and as permitted under sections 313A.7 and 313A.12. [C71, 73, §313A.16; 65GA, ch 1180, §89]

All interest received or earned on money deposited in each and every fund herein provided for shall be credited to and become a part of the particular fund upon which said interest accrues. Notwithstanding any provision contained in this chapter, the proceeds received from the sale of bonds and the tolls or other revenues received from the operation of any toll bridge may be used to defray any expenses incurred by the department in connection with and incidental to the issuance and sale of bonds for the acquisition, purchase, or construction of any such toll bridge including expenses for the preparation of surveys and estimates, legal, fiscal and administrative expenses, and the making of such inspections and examinations as may be required by the purchasers of such bonds; provided, that the proceedings authorizing the issuance of such bonds may contain appropriate provisions governing the use and application of said bond proceeds and toll or other revenues for the purposes herein specified. While any bonds issued by the department remain outstanding, the powers, duties or existence of the department or of any other official or agency of the state shall not be diminished or impaired in any manner that will affect adversely the interests and rights of the holders of such bonds. The holder of any bond may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon any state department, official, or employee or imposed upon the department or its officers, agents, and employees in connection with the acquisition, purchase, construction, maintenance, operation, and insurance of any bridge and in connection with the col-

§313A.21 Insurance or indemnity bond. When any toll bridge authorized hereunder is being built by the department it may carry or cause to be carried such an amount of insurance or indemnity bond or bonds as protection against loss or damage as it may deem proper. The department is hereby further empowered to carry such an amount of insurance to cover any accident or destruction in part or in whole to any toll bridge. All moneys collected on any indemnity bond or insurance policy as the result of any damage or injury to any such toll bridge shall be used for the purpose of repairing or rebuilding of any such toll bridge as long as there are revenue bonds against any such structure outstanding and unredeemed. The department is also empowered to carry insurance or indemnity bonds insuring against the loss of tolls or other revenues to be derived from any such toll bridge by reason of any interruption in the use of such toll bridge from any cause whatever, and the proceeds of such insurance or indemnity bonds shall be paid into the fund into which the tolls and other revenues of the bridge thus insured are required to be paid and shall be applied to the same purposes and in the same manner as other moneys in the said fund. Such insurance or indemnity bonds may be in an amount equal to the probable tolls and other revenues to be received from the operation of such toll bridge during any period of time that may be determined upon by the department and fixed in its discretion, and be paid for out of the toll revenue fund as may be specified in said proceedings. The department may provide in the proceedings authorizing the issuance of bonds for the carrying of insurance as authorized by this chapter and the purchase and carrying of insurance as authorized by this chapter shall thereupon be obligatory upon the department and be paid for out of the toll revenue fund as may be specified in said proceedings. §313A.22 Toll charges fixed by department. The department is hereby empowered to fix the rates of toll and other charges for all interstate bridges acquired, purchased, or constructed under the terms of this chapter. Toll charges so fixed may be changed from time to time as conditions may warrant. The department in establishing toll charges shall give due consideration to the amount required annually to pay the principal of and interest on bonds payable from the revenues thereof. The tolls and charges shall be at all times fixed at rates sufficient to pay the bonds and interest as they mature, together with the creation and maintenance of bond reserve funds and other funds as established in the proceedings authorizing the issuance of the bonds, for any particular toll bridge. The amounts required to pay the principal of and interest on bonds shall constitute a charge and lien on all such tolls and other revenues and interest thereon and sinking funds created therefrom received from the use and operation of said toll bridge, and the department is hereby authorized to pledge a sufficient amount of said tolls and revenues for the payment of bonds issued under the provisions of this chapter and interest thereon and to create and maintain a reserve therefor. Such tolls and revenues, together with the interest earned thereon, shall constitute a trust fund for the security and payment of such bonds and shall not be used or pledged for any other purpose as long as such bonds or any of them are outstanding and unpaid. §313A.23 Political subdivision may aid. Whenever a proposed interstate bridge is to be acquired, purchased or constructed, any city, county, or other political subdivision located in relation to such facility so as to benefit directly or indirectly thereby, may, either jointly or separately, at the request of the department advance or contribute money, rights of way, labor, materials, and other property toward the expense of acquiring, purchasing or constructing the bridge, and for preliminary surveys and the preparation of plans and estimates of cost therefor and other preliminary expenses. Any such city, county, or other political subdivision may, either jointly or separately, at the request of the department advance or contribute money for the purpose of guaranteeing the payment of interest or principal on the bonds issued by the department to finance the bridge. Appropriations for such purposes may be made from any funds available, including county road funds received from or credited by the state, or funds obtained by excess tax levies made pursuant to law or the issuance of general obligation bonds for this purpose. Money or property so advanced or contributed may be immediately transferred or delivered to the department to be used for the purpose for which contribution was made. The department may enter into an agreement with a city, county, or other political subdivision to repay any money or the value of a right of way, labor, materials or other property so advanced or contributed. The department may make such repayment to a city, county, or other political subdivision and reimburse the state for any expenditures made by it in connection with the bridge out of tolls and other revenues.

The department shall certify the agreement for the sale to the state executive council, with a description of the land and the terms of the sale and the state executive council may execute the deed and deliver it to the grantee. The department may accept the highest and best bid, and certify the agreement for the sale to the state executive council, with a description of the land and the terms of the sale and the state executive council shall execute the deed and deliver it to the grantee. all costs incidental to the issuance and sale of the bonds.

Except as may be otherwise specifically provided by statute, all of the other provisions of this chapter shall govern the issuance and sale of revenue bonds issued under this section, the execution thereof, the disbursement of the proceeds of issuance thereof, the interest rate or rates thereon, their form, terms, conditions, covenants, negotiability, denominations, maturity date or dates, the creation of special funds or accounts safeguarding and providing for the payment of the principal thereof and interest thereon, and their manner of redemption and retirement.

No taxes, appropriations or other funds of the state of Iowa may be pledged for or used to pay such bonds or the interest thereon, but any such bonds shall be payable solely and only as to both principal and interest from the tolls and revenues derived from the operation of any toll bridge or toll bridges acquired, purchased, or constructed under this chapter, and the sole remedy for any breach or default of the terms of any such bonds or proceedings for their issuance shall be a proceeding either in law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by this chapter and the terms of the resolution under which such bonds are issued. 4. A provision that all acts pertaining to the design and construction of such toll bridges may be done and performed by the department and that any and all contracts for the construction of such toll bridges shall be awarded in the name of the department.

316.3 Declaration of policy.

The purpose of this chapter is to establish a uniform policy for the fair and equitable treatment of persons displaced as a result of state and federally assisted highway programs in order that such persons shall not suffer disproportionate injuries as a result of programs designed for the benefit of the public as a whole. The general assembly declares that replacement housing for persons displaced by highway projects is a necessary and essential part of such highway projects. This chapter shall be known and may be cited as the "Highway Relocation Assistance Law." [C71, §316.3; C73, §316.3]

316.4 Moving and related expenses.

1. Whenever the acquisition of real property for a program or project undertaken by the department will result in the displacement of any person, the department shall make a payment to any displaced person, upon proper application as approved by such department, for:
   a. Actual reasonable expenses in moving himself, his family, business, farm operation, or other personal property;

   c. Actual reasonable expenses in searching for a replacement business or farm.

2. Any displaced person eligible for payments under subsection 1 who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection 1 may receive a moving expense allowance, determined according to a schedule established by the department not to exceed three hundred dollars; and a dislocation allowance of two hundred dollars.

3. Any displaced person eligible for payments under subsection 1 who is displaced from his place of business or from his farm operation and who elects to accept the payment authorized by this subsection in lieu of the payment authorized by subsection 1, may receive a fixed payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall be not less than two thousand five hundred dollars nor more than ten thousand dollars. In the case of a business, no payment shall be made under this subsection unless the department is satisfied that the business cannot be relocated without a substantial loss of its existing patronage and is not a part of a commercial enterprise having at least one other establishment not being acquired for a highway project which is engaged in the same or similar business. For purposes of this subsection, the term "average annual net earnings" means one-half of any net earnings of the business or farm operation, before federal, state, and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, or during such other period as the department determines to be more equitable for establishing such earnings, and includes any compensation paid by the business or farm operation to the owner, his spouse, or his dependents during such period. Such amount shall be equal to the excess of the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

c. Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

2. The additional payment authorized by this section shall be made only to such a displaced person who purchases and occupies a replacement dwelling which is decent, safe, and sanitary not later than the end of the one-year period beginning on the date on which he receives from the department final payment of all costs of the acquired dwelling, or on the date on which he moves from the acquired dwelling, whichever is the later date. 1. The amount necessary to enable such displaced person to lease or rent for a period not to exceed four years, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, but not to exceed four thousand dollars, except that if such amount exceeds two thousand dollars, such person must equally match any such amount in excess of two thousand dollars, in making the down payment. Number plates and weight limitation emblems which are issued with registrations or registration increases are hereby declared to be integral parts of the registration of the vehicle for which issued. The weight limitation emblems shall be applied to both sides of the vehicle, either to the doors of the cab or to the lower front corner of the box, or such other location as designated by the commissioner.

In lieu of issuing new registration plates each year for a vehicle renewing registration, the department may reassign the registration plates previously issued to such vehicle and may adopt and prescribe an annual validation sticker indicating payment of registration fee, which annual validation sticker shall be attached to said registration plates bearing the numerals indicating the year for which the original plates are validated.

If an abandoned motor vehicle has not been reclaimed as provided for in subsection 3, the police authority shall make a determination as to whether or not the motor vehicle shall be sold for use upon the highways. If it is to be sold as a motor vehicle for use upon the highways, it shall first be inspected as required by section 321.238 and have a valid certificate of inspection affixed. If the motor vehicle is not sold for use upon the highways, it shall only be sold to a dealer licensed under chapter 322 or to a demolisher for junk, or demolished and sold as scrap or sold as provided in section 321.88 with a restricted certificate of title and not for use upon the highways. The police authority shall sell the motor vehicle at public auction. Notwithstanding any other provision of this section, any police authority, which has taken into possession any abandoned motor vehicle which lacks an engine or two or more wheels or other structural part which renders the vehicle totally inoperable may dispose of such motor vehicle to a demolisher for junk without the notification procedures enumerated in subsection 3 and without public auction. The purchaser of the motor vehicle shall take title free and clear of all liens and claims of ownership, shall receive a sales receipt from the police authority, and shall be entitled to register the motor vehicle and receive a certificate of title if sold for use upon the highways or a restricted certificate of title as the case may be; however, if the motor vehicle is sold or disposed of to a demolisher for junk, the sales receipt by itself shall be sufficient title only for purposes of transferring the motor vehicle to such demolisher for demolition, wrecking, or dismantling and, when so transferred, no further titling of the motor vehicle shall be permitted. From the proceeds of the sale of an abandoned motor vehicle the police authority shall reimburse itself for the expenses of the auction, the costs of towing, preserving, and storing which resulted from placing the abandoned motor vehicle in custody, all notice and publication costs incurred pursuant to subsection 3, the cost of inspection, and any other costs incurred except costs of bookkeeping and other administrative costs. Any remainder from the proceeds of a sale shall be held for the owner of the motor vehicle or entitled lienholder for ninety days, and shall then be deposited in the reimbursement fund received by the department pursuant to section 321.145, subsection 2. The costs to police authorities of auction, towing, preserving, storage, and all notice and publication costs, inspection costs and all other costs which result from placing other abandoned vehicles in custody, whenever the proceeds from a sale
of such other abandoned motor vehicles are insufficient to meet these expenses and costs, shall be paid from the reimbursement fund of the department under section 321.145, subsection 2. In the event the reimbursement fund is temporarily exhausted, payment shall be deferred until the reimbursement fund contains sufficient funds to meet the claims.

The state comptroller shall establish by rule a claims procedure to be followed by police authorities in obtaining expenses and costs from the fund. [C73, §321.89; 65GA, ch 1087, §32, ch 1180, §111]

1. Garagekeepers and abandoned motor vehicles. Any motor vehicle left in a garage operated for commercial purposes after the period for which the vehicle was to remain on the premises shall, after notice by certified mail to the last known registered owner of the vehicle addressed to his last known address of record to reclaim the vehicle within ten days of the date of the notice, be deemed an abandoned motor vehicle unless reclaimed by the owner within such ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. All abandoned motor vehicles left in garages may be taken into custody by a police authority upon the request of the garagekeeper and sold in accordance with the procedures set forth in section 321.89, subsection 3, unless the motor vehicle is reclaimed. The proceeds of the sale shall be first applied to the garagekeeper's charges for towing and storage, and any surplus proceeds shall be distributed in accordance with section 321.89, subsection 4. Nothing in this section shall be construed to impair any lien of a garagekeeper under the laws of this state, or the right of a garagekeeper to foreclose his lien, provided that a garagekeeper shall be deemed to have abandoned his artisan lien when such vehicle is taken into custody by the police authority. For the purposes of this section "garagekeeper" means any operator of a parking place or establishment, motor vehicle storage facility, or establishment for the servicing, repair, or maintenance of motor vehicles.

b. The application shall set out the name and address of the applicant, the year, make, model, and serial number of the motor vehicle, if ascertainable, together with any other identifying features, and shall contain a concise statement of the facts surrounding the abandonment, or a statement that the title of the motor vehicle is lost or destroyed, or the reasons for the defect of title in the owner. In making the application the demolisher shall describe the motor vehicle as required by subsection 2, paragraph “b”. The police authority shall issue the certificate of authority upon complying with subsection 2, paragraph “c”, but shall be excused from following the notification procedures as required therein. No further titling of the motor vehicle shall be permitted. After the motor vehicle has been demolished, processed, or changed so that it physically is no longer a motor vehicle, the demolisher shall surrender the auction sales receipt or certificate of authority to dispose of or demolish a motor vehicle to the department of public safety for cancellation. The department of public safety shall issue such forms, rules, and regulations governing the surrender of auction sales receipts, certificates of title, and certificates of authority to dispose of or demolish motor vehicles, and the cancellation and surrender of the registrations and certificates of title for such motor vehicles as are appropriate.

The fee for an instruction permit shall be three dollars and for a temporary driver's permit, five dollars.

There shall be a fee of twenty dollars for reinstatement of a chauffeur's license or operator's license which is, after notice and opportunity for hearing, suspended or revoked pursuant to sections 321.209, 321.210, except subsection 4 thereof, and 321B.7. Such twenty-dollar fee shall be collected only if the person whose license was suspended or revoked was served personally with notice thereof. If the person whose license was suspended or revoked was served notice thereof by restricted certified mail, the reinstatement fee shall be ten dollars. [C31, 35, §4960-d26; C39, §5013.16; C46, 50, 54, 58, 62, 66, 71, 73, §321.191]

321.192 Disposal of fees. Such license fees shall be forwarded by the department to the treasurer of state who shall place same in the general fund of the state, provided that for each operator's license issued by a county sheriff for which a license fee is paid, the sheriff issuing the same shall be entitled to retain the sum of fifteen cents and for each chauffeur's license, the sum of fifty cents, which shall be credited to the county general fund. [C31, 35, §4960-d25; C39, §5013.17; C46, 50, 54, 58, 62, 66, 71, 73, §321.192]

321.193 Restricted licenses. When provided in rules adopted pursuant to chapter 17A, the department upon issuing an operator's or chauffeur's license shall have authority whenever good cause appears to impose restrictions suitable to the licensee's driving ability with respect to the type of vehicle or special mechanical control devices required on a motor vehicle which the licensee may operate or such other restrictions applicable to the licensee, including licenses issued under section 321.194, as the department may determine to be appropriate to assure the safe operation of a motor vehicle by the licensee.

The department may either issue a special restricted license or may set forth such restrictions upon the usual license form.

The department may upon receiving satisfactory evidence of any violation of the restrictions of such license suspend or revoke the same but the licensee shall be entitled to a hearing as upon a suspension or revocation under this chapter.

It is a misdemeanor, punishable as provided in section 321.482, for any person to operate a motor vehicle in any manner in violation of the restrictions imposed in a restricted license issued to him. [C39, §5013.18; C46, 50, 54, 58, 62, 66, 71, 73, §321.193]

Such license shall expire on the licensee's eighteenth birthday or upon issuance of a temporary driver's permit. For the purpose of establishing a need for the license provided for in this section, each application shall be accompanied by an affidavit from the school board or superintendent of the applicant's school which affidavit shall be upon a form provided by the department and shall state the facts deemed to justify the issuance of a license to the applicant. Neither such affidavit nor the inability to obtain the same shall be binding on the department but may be considered by the department in its determining of whether or not to grant the application. The fact that the applicant resides at a distance less than one mile from his school shall be prima-facie evidence of the nonexistence of any necessity for the issuance of such a license. A license issued hereunder is subject to suspension or revocation in like manner as
any other license or permit issued under any law of this state and in addition thereto the department may suspend such license upon receiving satisfactory evidence that the licensee has violated the restrictions of such license or has been involved in two or more accidents chargeable to such licensee and the department shall revoke any license issued hereunder upon receiving a record of such licensee's conviction for two or more violations of any law of this state or city ordinance, other than parking regulations, regulating the operation of motor vehicles on highways and after revoking a license hereunder the department shall not grant application for any new license or permit until the expiration of one year or until the licensee attains his sixteenth birthday whichever is the longer period. [C31, 35, §§4960-d27; C39, §5013.20; C46, 50, 54, 53, 62, 66, 71, 73, §321.195]

For the purposes of this section the birthday anniversary of a person born on February 29 shall be deemed to occur on March 1. All applications for renewal of operators' licenses shall be made under the direct supervision of a uniformed member of the department and shall be approved by such uniformed member. The director may, in his discretion, authorize the renewal of a valid license upon application without an examination provided that, a person holding such license has not more than three convictions of moving traffic violations during the previous two years and, provided that such person satisfactorily passes a vision test as prescribed by the department.

The director shall be authorized to assign not to exceed ten percent of the total number of Iowa highway safety patrolmen authorized by law for the purposes of carrying out the provisions of this section.

Any resident of Iowa holding a valid operator's or chauffeur's license who is temporarily absent from the state, or incapacitated, may, at the time for renewal for such license, obtain from the sheriff of the county of his residence a form to apply for a temporary extension of his license. The department upon receipt of such application form properly filled out shall, upon a showing of good cause, issue a temporary extension of such license for not to exceed six months. The department shall prescribe and furnish such forms to each county sheriff.

As used in this section, "moving traffic violations" shall not include violations of any section of the Code or any municipal ordinance pertaining to the standards to be maintained for motor vehicle equipment, except sections 321.430 or 321.431 or any municipal ordinance pertaining to motor vehicle brake requirements. The department shall not suspend a license for a period of more than one year, except that a license suspended because of incompetency to drive a motor vehicle shall be suspended until the department receives satisfactory evidence that the former holder thereof is competent to operate a motor vehicle and a refusal to reinstate shall constitute a denial of license within the provisions of section 321.210; upon revoking a license the department shall not in any event grant application for a new license until the expiration of one year after such revocation. 321.238 Motor vehicle inspection—test drive conditions.

1. The director may grant permits for the operation of vehicle inspection stations authorized to issue official certificates of inspection of vehicles. The director may adopt such rules and regulations, subject to the provisions of chapter 17A, as shall be necessary for the efficient operation and maintenance of vehicle inspection stations.

2. Application for an authorized inspection station permit shall be made upon forms provided by the director. The biennial fee for an inspection station permit shall be five dollars. The fee shall be submitted with the application for the permit.

3. Upon determining that the inspection station of an applicant for an authorized inspection station permit is properly equipped, has competent personnel to conduct vehicle inspections, and can properly conduct such inspections, the director shall grant such permit.

a. Supervise and cause inspections to be made of each vehicle inspection station issued a permit.

b. Provide instructions and all necessary forms to authorized inspection stations for the inspection of vehicles and the issuance of official certificates of inspection. The copy of the statement of inspection to be delivered by the inspection station to the owner of the vehicle inspected shall state the name and address of the inspection station and shall contain a conspicuous notice in substance as follows: "NOTICE: You should immediately notify the inspection station of any complaint about the inspection of this vehicle. If possible, your notice should be given within fifteen days after the date of inspection or before this vehicle has been driven five hundred miles after the inspection, whichever occurs first, or, if the inspection station sold the vehicle to you, within fifteen days after the sale or before this vehicle has been driven five hundred miles after the sale, whichever occurs first. Your notice should be in writing, specifying the complaint. Notice forms are available at any inspection station. You also have the right to make a complaint about the inspection to the director, statehouse, Des Moines, Iowa."

Forms for notice of complaint shall be provided by the department to all authorized inspection stations, who shall provide them to any person upon request. The copy of the statement of inspection to be delivered by the inspection station to the owner of the vehicle inspected shall also contain a notice, which shall be printed on the face of the statement of inspection in eight-point boldface type, which contains the words "THE SAFETY INSPECTION IS APPLICABLE ONLY TO THE ITEMS CHECKED AND DOES NOT GUARANTEE OR WARRANT THE CONDITION OF THESE ITEMS OR THE OVERALL CONDITION OF THE VEHICLE."

c. Maintain and post at the office of the department lists of all stations holding permits and of stations whose permits have been revoked.

5. No permit for an official inspection station shall be assigned or transferred or used at
any location other than the location designated in the permit and each authorized inspection station shall post its permit in a conspicuous place at the designated location of the station.

6. Official certificates of inspection shall be purchased by inspection stations from the department at a cost of twenty-five cents per certificate. A permit holder shall receive a credit or a refund, to be paid from the motor vehicle inspection fund, created by this section, in the amount of twenty-five cents for each unused certificate returned to the department.

7. No person shall make, possess, issue, or knowingly use any imitation or counterfeit of an official certificate of inspection. No person shall display or cause or permit to be displayed upon any vehicle any certificate of inspection knowing the certificate to be fictitious, or issued for another vehicle, or issued without an inspection having been made. No person shall possess a blank certificate of inspection nor shall any person issue an official certificate of inspection who does not hold a valid permit for the issuance of such certificate.

8. The fee for inspection, including the issuance of the certificate of inspection, shall be uniform according to class of vehicle and shall be established by the director. The fee shall be a reasonable and just charge based upon the average cost and time necessary to perform the inspection, and shall be retained by the inspection station. No inspection station shall absorb the inspection fee, or advertise or represent in any manner that the fee or any part of the fee is directly or indirectly absorbed by the station, nor shall any inspection station charge a fee for inspection services under this section in an amount other than the fees herein provided.

9. All fees collected by the department under the provisions of this section shall be remitted monthly to the treasurer of state. The moneys remitted shall be placed by the treasurer of state in a special fund to be known as the "motor vehicle inspection fund" and shall be used to defray the cost of administering the provisions of this section. Any unencumbered balance in excess of twenty thousand dollars remaining in the motor vehicle inspection fund at the end of each fiscal year shall revert to the general fund of the state on the thirtieth day of September following the end of the fiscal year.

10. In making a vehicle inspection, the inspection station shall inspect such of the following equipment as is applicable to the vehicle: brakes, lights, turning signals, steering, sound devices, glass, mirrors, exhaust system, windshield wipers, seat belts, tires and such other safety equipment as may be prescribed for inspection under rules and regulations adopted by the director. The inspection station shall also inspect each motor vehicle to ascertain that none of the factory installed emission control devices have been removed or rendered inoperable.

Upon completion of inspection of a vehicle and determination that its equipment is in adequate condition and proper adjustment to warrant issuance of a certificate of inspection, the inspection station which has made the inspection shall affix an official certificate of inspection to such vehicle in the manner specified by the director. Except as otherwise provided, the certificate shall be valid for the period commencing with the calendar month of issue and ending at midnight on the last day of the twelfth calendar month following the month of issue and shall not be valid thereafter. The certificate shall cease to be valid if the vehicle is sold at retail during the twelve-month period.

11. If an inspection discloses the necessity for repairs, the owner of the vehicle or person having custody thereof shall be so notified. Repairs and adjustments need not be made at the inspection station which made the inspection and if the owner or person having custody of the vehicle elects not to have the repairs or adjustments made at that time a certificate of rejection shall be affixed to the vehicle. If an official certificate of inspection has been affixed to the vehicle which is valid on the date of rejection, the certificate of inspection shall no longer be valid even though the period for which it was issued has not expired and the inspection station shall remove the certificate. After correction of the stated defects, the inspection station which made the inspection shall reinspect the vehicle once without additional charge if requested so to do within thirty days after its issuance of the rejection certificate.

The owner or other person having custody of the vehicle shall have such repairs made or defects corrected as are required by the rejection certificate within thirty days from the date of the rejection certificate. A vehicle for which the repairs are not made or defects not corrected, shall not thereafter be operated on the streets or highways until a valid certificate of inspection has been obtained and affixed to the vehicle.

The owner or person having custody of the vehicle to which a certificate of rejection has been affixed may appeal the rejection to the department. The appeal shall be in writing and shall be filed with the department within ten days of the rejection. The department shall hold a hearing on the appeal within ten days of receipt of the appeal and shall issue a decision affirming the rejection or disallowing the rejection, in whole or in part, within seven days of the hearing.

12. Every motor vehicle subject to registration under the laws of this state, except motor vehicles registered under section 321.115, when first registered in this state and each time when sold at retail or otherwise transferred for use within this state, or when registration is changed from a registration as provided in section 321.115 to a regular regis-
tion, except transfers by operation of law as set out in section 321.47, shall be inspected at an authorized inspection station, unless there is affixed to the motor vehicle a valid certificate of inspection which was issued for the motor vehicle not more than sixty days prior to the date on which the vehicle was sold and the vehicle has not been sold at retail during the sixty-day period. However, the certificate of inspection for a new motor vehicle which has not previously been sold at retail and which is not sold within sixty days after the date the inspection was performed may be revalidated by the inspection station without another inspection provided the motor vehicle has not been driven more than one hundred miles since the inspection was performed. If the motor vehicle is subject to inspection, the authorized inspection station shall issue and affix a valid certificate of inspection or certificate of rejection, as the case may be, in accordance with the results of the inspection. The applicant shall file with an application for title to the vehicle or for registration thereof under the provisions of section 321.23, subsection 2 or 3, with the county treasurer of the county of his residence, a statement on a form provided by the director, signed by an authorized inspection station certifying the date that a certificate of inspection was issued for and affixed to the vehicle. The county treasurer shall not issue a title to the vehicle or register the vehicle unless such statement is filed with the application showing that the inspection of the vehicle was made not more than sixty days prior to the date of sale or transfer, or unless the vehicle was purchased out of this state by a resident of this state who resides outside of this state, but desires to maintain his Iowa residency and he executes a statement to that effect in form and content as prescribed by the director. The county treasurer shall stamp the registration card for such vehicle with the words "not inspected." A vehicle so registered shall be inspected at an authorized inspection station within fifteen days after being brought into this state. The county treasurer shall mail the statement of inspection or statement of out-of-state residency to the department at the time of mailing copies of the registration receipt. The department may destroy any forms, certificates or statements after one year from the date they are filed unless they relate to pending appeals.

13. Any peace officer who makes an investigation of an accident may direct that any motor vehicle involved in the accident shall be inspected at an official inspection station within the time fixed by such peace officer.

14. The director may authorize the acceptance in this state of a certificate of inspection issued in another state having an inspection law substantially similar to the provisions of this chapter pertaining to vehicle inspection.

15. Judicial review of the actions of the commissioner may be sought in accordance with the terms of the Iowa administrative procedure Act.

16. The inspection of any vehicle and issuance of a certificate of inspection shall not be construed in any court as a warranty of the mechanical condition of the vehicle, and the failure to discover any defect in any vehicle in the course of an inspection under the provisions of this section shall not be the basis of an action for damages in any court.

17. It is a misdemeanor for any owner or operator of any vehicle required to be inspected to fail to comply with the provisions of this section.

18. A person shall not sell or transfer any motor vehicle, other than transfers to a dealer licensed under chapter 322, and other than transfers by operation of law as set out in section 321.47 unless there is a valid official certificate of inspection affixed to such vehicle at the time of sale. Any person violating the provisions of this section shall be subject to a fine of one hundred dollars and shall be liable to the purchaser in damages for all costs involved in obtaining a valid certificate of inspection for such vehicle.

19. As used in this section, "sale" means the delivery of possession of a vehicle to a person who has purchased or contracted to purchase the vehicle.

20. After an investigation and hearing conducted by a hearing officer designated by the commissioner of public safety held in the county in which the inspection station is located, the commissioner may, if the hearing officer finds that the inspection station is not properly equipped or it is not properly conducting inspections, issue a warning, suspend the vehicle inspection station's permit for a period not to exceed ninety days, or revoke the vehicle inspection station's permit and require the operator of the vehicle inspection station to surrender the permit issued to the operator.

21. Notice of the suspension or revocation shall be by certified mail, return receipt requested, addressed to the operator of the vehicle inspection station for which the permit was issued. The suspension or revocation shall become effective ten days from the date of the mailing of the notice unless the permit holder files a written request for a review hearing of the suspension or revocation order. The review hearing shall be de novo and shall be conducted at the seat of government by a review board composed of the following persons:

a. A senior officer of the Iowa highway safety patrol designated by the commissioner.

b. The state car dispatcher or his designee.

c. An employee of the state highway commission experienced in automotive mechanics designated by the director of highways.

Notwithstanding any other rule or statute to the contrary, the deposition of any witness taken in the manner prescribed by the rules.
of civil procedure shall be admissible at any hearing conducted by the review board in lieu of the witness appearing in person. Costs of depositions shall be paid from the motor vehicle inspection fund.

After the hearing, the review board may sustain, modify, or reverse the commissioner’s order of suspension or revocation. A suspension or revocation sustained or modified by the review board shall take effect ten days from the date of the decision. Judicial review of actions of the review board may be sought in accordance with the terms of the Iowa administrative procedure act.

The review board shall have the power to issue subpoenas to compel the attendance of witnesses and the production of documents, papers, books, records and other evidence before it in any hearing conducted by it under this section.

If any person shall refuse to obey any such subpoena, or to give testimony, or to produce evidence as required thereby, any judge of the district court of the state in and for Polk county may, upon application and proof of such refusal, make an order awarding process of subpoena, or subpoena duces tecum, out of said court, for the witness to appear before the review board and to give testimony, and to produce evidence as required thereby. Upon filing such order in the office of the clerk of said court, the clerk shall issue process of subpoena, as directed, under the seal of said court, requiring the person to whom it is directed to appear at the time and place therein designated.

Witnesses shall receive three dollars for each day’s attendance and ten cents per mile for each mile actually traveled. Witnesses shall be compensated from the motor vehicle inspection fund. The treasurer of state may make rules setting forth the procedure for such reimbursement.

22. In any proceedings to suspend or revoke a vehicle inspection station’s permit, there shall be a presumption that the inspection of a motor vehicle was properly conducted unless a written notice specifying the complaint is given to the operator or an employee of the vehicle inspection station which inspected the vehicle within fifteen calendar days after the date of the inspection or before the vehicle has been driven five hundred miles after the inspection, whichever occurs first, or if the vehicle inspection station sold the motor vehicle within fifteen calendar days after the date of the sale or before the vehicle has been driven five hundred miles after the sale, whichever occurs first. The written notice may be informal. This presumption may be overcome only by clear and convincing evidence.

23. No person shall knowingly deliver possession of a motor vehicle, trailer or semitrailer to a person who has purchased or contracted to purchase at retail such motor vehicle, trailer, or semitrailer which does not contain those parts or is not equipped with such lamps and brakes and other equipment in proper condition and adjustment as required by this chapter or which is equipped in any manner in violation of the chapter, except when such sale is made in accordance with the provisions of section 321.51.

321.239 Counties may restrict parking of vehicles. The county board of supervisors may adopt, amend, or repeal traffic ordinances to regulate or prohibit the standing or parking of vehicles within the right of way of any highway under its jurisdiction.

Any person violating a traffic ordinance adopted under this section shall be guilty of a misdemeanor and shall, upon conviction, be fined not to exceed twenty-five dollars, or be imprisoned not to exceed seven days in the county jail. The form and style of the information shall be in the name of the county and as against the person in violation of the traffic ordinance. [C73, §321.239]

[S13, §1571-m20; C24, 27, 31, 35, §499; C39, §5018; C46, 50, 54, 58, 62, 66, 71, 73, §321.248]

321.249 School zones. Cities and counties shall have the power to establish school zones and provide for the stopping of all motor vehicles approaching said zones, when movable stop signs have been placed in the streets in such cities and highways in counties at the limits of the zones, this notwithstanding the provisions of any statute to the contrary. All traffic-control devices provided for school zones shall conform to specifications included in the manual of traffic-control devices adopted.
321.250 Discriminations. When the local authorities of other states shall, by the adoption of rules and regulations or otherwise, prohibit motor vehicles registered under the laws of this state from operating upon highways in any subdivision of such other state, the local authorities of this state may, by ordinance or otherwise, require the motor vehicles of the subdivisions of such other state while operating by their own power in this state to be registered under the laws of this state. Amendment effective July 1, 1975

321.251 Rights of owners of real property. Nothing in this chapter shall be construed to prevent the owner of real property used by the public for purposes of vehicular travel by permission of the owner and not as matter of right from prohibiting such use, or from requiring other or different or additional conditions than those specified in this chapter, or otherwise regulating such use as may seem best to such owner. [C39, §5018.16; C46, 50, 54, 58, 62, 66, 71, 73, §321.251]

The department shall adopt a manual and specifications for a uniform system of traffic-control devices consistent with the provisions of this chapter for use upon highways within this state. Such uniform system shall correlate with and so far as possible conform to the system then current as approved by the American association of state highway officials.

The department shall include in its manual of traffic-control devices, specifications for a uniform system of highway signs for the purpose of naming, warning, regulating, and guiding traffic to organized off-highway permanent camps, and camp areas, operated by recognized and established civic, religious, and nonprofit charitable organizations. The commission shall purchase, install, and maintain such signs upon the prepayment by the organization of the cost of such purchase, installation, and maintenance. 321.257 Traffic-control signal legend. Whenever traffic is controlled by traffic-control signals exhibiting the words “GO,” “Caution” or “Stop” or exhibiting different colored lights successively one at a time the following colors only shall be used and said terms and lights shall indicate as follows:

1. Green alone or “GO.”

Vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection at the time such signal is exhibited.

Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk.

2. Yellow alone or “Caution” when shown following the green or “GO” signal.

Vehicular traffic facing the signal shall stop before entering the nearest crosswalk at the intersection, but if such stop cannot be made in safety a vehicle may be driven cautiously through the intersection.
Pedestrians facing such signal are thereby advised that there is insufficient time to cross the roadway, and any pedestrian then starting to cross shall yield the right of way to all vehicles.

3. Red alone or "Stop." Vehicular traffic facing a steady red signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then before entering the intersection, and shall remain standing until an indication to proceed is shown. A right turn shall be permitted at an intersection by vehicular traffic which has come to a complete stop unless a sign is in place prohibiting such a turn. Any right turn made pursuant to this subsection shall be made in such a manner that it does not interfere with other vehicular or pedestrian traffic lawfully using the intersection.

Vehicular traffic on a one-way highway facing a steady red signal may, after making a stop pursuant to this subsection, cautiously enter the intersection and make a left turn onto an intersecting one-way highway on which traffic travels to the left, unless a sign is in place prohibiting such a turn. Any left turn made pursuant to this subsection shall be made in such a manner that it does not interfere with other vehicular or pedestrian traffic lawfully using the intersection.

No pedestrian facing such signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic, but a vehicle turning right at such intersection shall yield the right of way to a pedestrian lawfully entering such intersection.

4. Red with green arrow. Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow but shall not interfere with other traffic or endanger pedestrians lawfully within a crosswalk.

No pedestrian facing such signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic. The motorman of any streetcar shall obey all the above signals as applicable to vehicles. [C39,§5019.06; C46, 50, 54, 58, 62, 66, 71, 73, §321.257; 65GA, ch 1188,§1]

321.258 Flashing signals. Whenever flashing red or yellow signals are used they shall require obedience by vehicular traffic as follows:

1. Flashing red (Stop signal). When a red lens is illuminated by rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

2. Flashing yellow (Caution signal). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution. [C39,§5019.07; C46, 50, 54, 58, 62, 66, 71, 73,§321.259]

321.259 Unauthorized signs, signals or markings. No person shall place, maintain, or display upon or in view of any highway any sign, signal, marking, or device which purports to be or is an imitation of or resembles an official parking sign, curb or other marking, traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal, if such sign, signal, marking, or device has not been authorized by the department and local authorities with reference to streets and highways under their jurisdiction and no person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising. This shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information of a type that cannot be mistaken for official signs.

Every such prohibited sign, signal, or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice. [C39,§5019.08; C46, 50, 54, 58, 62, 66, 71, 73, §321.259; 65GA, ch 1180,§§105, 113]

4. License revoked. When the court orders a person to enroll, attend and successfully complete a course for drinking drivers, the court shall also order that the revocation of the person's drivers license shall be for an indefinite period and until the required course is successfully completed and proof of completion has been filed with the department and the provisions of chapter 321A have been complied with.

5. Training course not available. No person shall have his drivers license revoked indefinitely under this division for failure to enroll in a course where the required course is not taught within a radius of one hundred miles from his usual residence.

6. Temporary permit. Any person required to attend a course by the provisions of this division, who is subject to a drivers license suspension or revocation, may be issued a temporary driving permit by the department restricted to driving to and from his home, place of employment, in his employment and the location of the required course. Any person who does not receive a temporary driving permit may after the period of license suspension or revocation under section 321.281 have his drivers license reissued subject to suspension for failure to comply with the provisions of this division. This section shall not permit the issuance of a temporary driving permit or reissuance of a drivers license where the provisions of chapter 321A have not been complied with.

Successful completion of a course required by this division shall not reverse a drivers license suspension or revocation or reduce the length of a suspension or revocation under section 321.281; however, the director may reduce the length of a suspension or revocation contingent upon successful completion of a course for drinking drivers.

7. Course offered at area schools. The course provided in this division shall be offered on a regular basis at each area school as defined in section 280A.2.
Enrollment in the courses shall not be limited to persons ordered to enroll, attend and successfully complete the course under the provisions of subsection 2, and any person convicted of operating a motor vehicle while under the influence of an alcoholic beverage who was not ordered to enroll, shall be allowed to enroll and attend a course for drinking drivers.

The course required by this division shall be taught by the area schools under the department of public instruction and approved by the department.

The department of public instruction shall establish reasonable fees to defray the expense of obtaining classroom space, instructor salaries, and class materials. No person shall be denied enrollment in a course by reason of his indigency.

8. No discharge from employment. No employer shall discharge a person from his employment solely for the reason of work absence to attend a course required by this division. Any employer who violates this section shall be liable for triple damages occasioned by the unlawful discharge from employment.

9. Course available within one year. The course required by this division shall, within the limit of available funds and instructors, be open for enrollment not later than one year after July 1, 1972.

10. Hearing after revocation. Upon written request the department shall afford a person having his drivers license revoked indefinitely under the provisions of this division an opportunity for a hearing before the director, within twenty days after receipt of the request and in the county where the licensee resides unless another county is mutually agreed upon. Following the hearing the revocation may be rescinded if the director determines the revocation is not authorized by this division.

11. List of places and dates where course available. The department of public instruction shall prepare a list of the locations of the courses taught under this division, the dates and times taught, the procedure for enrollment, and the schedule of course fees. The list shall be kept current and a copy of the list shall be sent to each court having jurisdiction over offenses provided in chapter 321.

12. Data preserved. The department of public instruction shall maintain enrollment, attendance, successful and nonsuccessful completion data on the persons ordered to enroll, attend and successfully complete a course for drinking drivers. This data shall be regularly forwarded to the department.

13. Fee for temporary permit. The fee for a temporary driving permit under subsection 6 shall be three dollars. The temporary driving permit must be in the permittee's immediate possession while operating a motor vehicle and shall be invalid when the permittee is issued a drivers license. The temporary driving permit shall be canceled upon conviction for a moving traffic violation.

14. Penalty. Any person violating a restriction or a temporary driving permit issued under subsection 6 shall be guilty of a misdemeanor. [C73,§§321B.15-321B.28; 65GA, ch 1151, §47, ch 1180, §§119, 120]

SPEED RESTRICTIONS

321.285 Speed restrictions. Any person driving a motor vehicle on a highway shall drive the same at a careful and prudent speed not greater than nor less than is reasonable and proper, having due regard to the traffic, surface and width of the highway and of any other conditions then existing, and no person shall drive any vehicle upon a highway at a speed greater than will permit him to bring it to a stop within the assured clear distance ahead, such driver having the right to assume, however, that all persons using said highway will observe the law.

The following shall be the lawful speed except as hereinbefore or hereinafter modified, and any speed in excess thereof shall be unlawful:

1. Twenty miles per hour in any business district.

2. Twenty-five miles per hour in any residence or school district.

3. Forty miles per hour for any motor vehicle drawing another vehicle, except as hereinafter specified.

4. Forty-five miles per hour in any suburban district. Each school district as defined in subsection 59 of section 321.1 shall be marked by distinctive signs as provided by the current manual of uniform traffic control devices adopted by the department and placed on the highway at the limits of such school district.

5. Sixty miles per hour from sunset to sunrise and seventy miles per hour from sunrise to sunset.

6. Fifty-five miles per hour for any motor vehicle drawing a one- or two-wheel trailer or a tandem wheel trailer not more than thirty-two feet in length including towing arm and not more than eight feet in width.

7. Reasonable and proper, but not greater than sixty miles per hour at any time between sunrise and sunset, and not greater than fifty miles per hour at any time between sunset and sunrise, on secondary roads unless such roads are surfaced with concrete or asphalt or a combination of both, in which case the speed limits shall be the same as provided in subsection 5 of this section. Whenever the board of supervisors of any county shall determine upon the basis of an engineering and traffic investigation conducted by the department when so requested by said board that the speed limit on any secondary road is greater than is reasonable and proper under the condi-
§321.285, MOTOR VEHICLES—SPEED RESTRICTIONS

ions found to exist at any intersection or other place or upon any part of a secondary road, said board shall determine and declare a reasonable and proper speed limit thereat. Such speed limits as determined by the board of supervisors shall be effective when appropriate signs giving notice thereof are erected by the board of supervisors at such intersection or other place or part of the highway.

8. Notwithstanding any other speed restrictions, the speed limits for all vehicular traffic, except vehicles subject to the provisions of section 321.286 on fully controlled-access, divided, multilane highways included in, and as a part of, the national system of interstate highways designated by the federal bureau of public roads and this state [23 U.S.C. 103 (d)] shall be seventy-five miles per hour from sunrise to sunset and sixty-five miles per hour from sunset to sunrise, except that the speed limit for any motor vehicle drawing a one-wheel or two-wheel trailer or a tandem wheel trailer shall be sixty-five miles per hour. However, the department or the cities, with the approval of the department, may establish a lower speed limit upon such highways located within the corporate limits of any city used as city alternate routes, commonly referred to as "freeways." For the purposes of this subsection a fully controlled-access highway is a highway that gives preference to through traffic by providing access connections with selected public roads only and by prohibiting crossings at grade or direct private driveway connections. It is further provided that a minimum speed of forty miles per hour, road conditions permitting, shall be established on the highways referred to in this subsection.

It is further provided that any kind of vehicle, implement, or conveyance incapable of attaining and maintaining a speed of forty miles per hour shall be prohibited from using the interstate system. 2. Fifty-five miles per hour on all primary roads.

3. Fifty miles per hour on all secondary roads.

2. When approaching and passing an animal which is being led, ridden, or driven upon a public highway.

3. When approaching and traversing a crossing or intersection of public highways, or a bridge, or a sharp turn, or a curve, or a steep descent, in a public highway.

321.289 Speed signs — duty to install. The department shall furnish and place on primary roads or on extensions of primary roads within any city suitable standard signs showing the points at which the rate of speed changes and the maximum rate of speed in the district which the vehicle is entering. On all other main highways the city shall furnish and erect suitable signs giving similar information to traffic on such highways. 321.290 Special restrictions. Whenever the department shall determine upon the basis of an engineering and traffic investigation that any speed limit hereinafter set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of the primary road system or upon any part of a primary road extension, the department shall determine and declare a reasonable and safe speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected at such intersection or other place or part of the highway.

Local authorities in their respective jurisdictions may in their discretion subject to the approval of the department authorize by ordinance higher speeds than those stated in section 321.285 upon through highways or upon highways or portions thereof where stop or yield signs have been erected at the entrances thereto provided signs are erected giving notice of the authorized speed, but local authorities shall not having authority to authorize by ordinance a speed in excess of fifty-five miles per hour. If local authorities fail to authorize by ordinance higher speeds than those stated in section 321.285 upon through highways or upon highways or portions thereof where stop signs have been erected at the entrances thereto, the department may recommend, upon the basis of an engineering and traffic investigation, to the local authorities that the speed limit be increased. If local authorities fail to increase the speed limit upon said recommendation of the department, said department shall declare a reasonable and safe speed limit which shall be effective when appropriate signs are erected giving notice thereof. 321.294 Minimum speed regulation. No person shall drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law. Peace officers are hereby authorized to enforce this provision by directions to drivers, and in the event of apparent willful disobedience to this provision and refusal to comply with direction of an officer in accordance herewith the continued slow operation by a driver shall be a misdemeanor, and be punished as provided in section 321.452. No person shall drive a vehicle on any public bridge or elevated structure at a speed which is greater than the maximum speed permitted under this chapter on the street or highway at a point where said street or highway joins said bridge or elevated structure, provided that if the maximum speed permitted on said street or highway differs from the maximum speed on any other street or highway joining said bridge or elevated structure, then the lowest of said speeds shall be the maximum speed limit on said bridge or elevated structure, subject to the following:

The department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this chapter, the department shall determine and declare the maximum speed of vehicles which such structure can withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained at a distance of two hundred feet before each end of such structure.

No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, subject to the following:

321.297 Driving on right-hand side of roadway—exceptions.

1. A vehicle shall be driven upon the right half of the roadway upon all roadways of sufficient width, except as follows:

   a. When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement.

   b. When an obstruction exists making it necessary to drive to the left of the center of the roadway, provided, any person so doing shall yield the right of way to all vehicles traveling in the proper direction upon the unobstructed portion of the roadway within such distance as to constitute an immediate hazard.

   c. Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon.

   d. Upon a roadway restricted to one-way traffic.

2. Any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic upon all roadways, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection, an alley, private road or driveway.

3. A vehicle shall not be driven upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, to the left of the center line of the roadway, except when authorized by official traffic-control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection 1, paragraph "b." This subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road, or driveway. 1. A vehicle shall be driven upon the right side of the roadway until safely clear of the overtaken vehicle.

2. Any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall yield the right of way to all vehicles traveling in the proper direction upon the unobstructed portion of the roadway within such distance as to constitute an immediate hazard.

3. A vehicle shall give way to the right in favor of the traveler on the right side of the roadway and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle. [S13,§1569; C24, 27, 31, 35, §§5021, 5022; C39,§5024.03; C46, 50, 54, 58, 62, 66, 71, 73,§321.298]

321.300 Failure to recognize signal. Any driver of a vehicle that is overtaken by a faster moving vehicle who fails to heed the signal of the overtaking vehicle when it is given under such circumstances that he could, by the exercise of ordinary care and precaution, hear such signal and who fails to yield that part of the traveled way as herein provided, shall be guilty of a misdemeanor punishable as provided in section 321.482. [C24, 27, 31, 35,§5023; C39,§5024.04; C46, 50, 54, 58, 62, 66, 71, 73,§321.300]

321.302 Overtaking on the right. The driver of a vehicle may overtake and pass upon the right of another vehicle which is making or about to make a left turn.

The driver of a vehicle may overtake and, allowing sufficient clearance, pass another vehicle proceeding in the same direction either upon the left or upon the right on a roadway with unobstructed pavement of sufficient width for four or more lines of moving traffic when such movement can be made in safety. No person shall drive off the pavement or upon the shoulder of the roadway in overtaking or passing on the right. [C39,§5024.06; C46, 50, 54, 58, 62, 66, 71, 73,§321.302]

321.303 Limitations on overtaking on the left. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite di-
section or any vehicle overtaken. In every event the overtaking vehicle must return to the right-hand side of the roadway before coming within one hundred feet of any vehicle approaching from the opposite direction. [C39, §5024.07; C46, 50, 54, 58, 62, 66, 71, 73, §321.303]

321.304 Prohibited passing. No vehicle shall, in overtaking and passing another vehicle or at any other time, be driven to the left side of the roadway under the following conditions:

1. When approaching the crest of a grade or upon a curve in the highway where the driver's view along the highway is obstructed for a distance of approximately seven hundred feet.

2. When approaching within one hundred feet of any narrow bridge, viaduct, or tunnel, when so signposted, or when approaching within one hundred feet of or traversing any intersection or railroad grade crossing.

3. Where official signs are in place directing that traffic keep to the right or a distinctive center line or off-center line is marked, which distinctive line also so directs traffic as declared in the sign manual adopted by the state highway commission. [C35, §5024-e1; C39, §5024.08; C46, 50, 54, 58, 62, 66, 71, 73, §321.304]

A vehicle passing around a rotary traffic island shall be driven only to the right of such island. [C39, §5021.09; C46, 50, 54, 58, 62, 66, 71, 73, §321.305]

321.306 Roadways laned for traffic. Whenever any roadway has been divided into three or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

A vehicle shall be driven as nearly as practical entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

Upon a roadway which is divided into three lanes a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation.

Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction and drivers of vehicles shall obey the directions of every such sign.

Vehicles moving in a lane designated for slow-moving traffic shall yield the right of way to vehicles moving in the same direction in a lane not so designated when such lanes merge to form a single lane.

A portion of a highway provided with a lane for slow-moving vehicles does not become a roadway marked for three lanes of traffic. [C39, §5024.10; C46, 50, 54, 58, 62, 66, 71, 73, §321.306]

321.307 Following too closely. The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway. [C39, §5024.11; C46, 50, 54, 58, 62, 66, 71, 73, §321.307]

321.308 Motor trucks and towed vehicles — distance requirements. The driver of any motor truck, or of a motor vehicle drawing another vehicle, when traveling upon a roadway outside of a business or residence district shall not follow within three hundred feet of another motor truck, or of a motor vehicle drawing another vehicle. The provisions of this section shall not be construed to prevent overtaking and passing nor shall the same apply upon any lane specially designated for use by motor trucks. [C31, 35, §5067-d9; C39, §5024.12; C46, 50, 54, 58, 62, 66, 71, 73, §321.308]

321.309 Towing — convoys — drawbars. No person shall pull or tow by motor vehicle, for hire, another motor vehicle over any highway outside the limits of any incorporated city, except in case of temporary movement of a disabled motor vehicle to the place where repairs will be made, unless such person has complied with the provisions of sections 321.57 and 321.58. Provided, however, if such person is a nonresident of the state of Iowa and has complied with the laws of the state of his residence governing licensing and registration as a transporter of motor vehicles he shall not be required to pay the fee provided in section 321.58 but only to submit proof of his status as a bona fide manufacturer or transporter as may reasonably be required by the department.

Every person pulling or towing by motor vehicle another motor vehicle in convoy or caravan shall maintain a distance of at least five hundred feet between the units of said convoy or caravan.

The drawbar or towing arm between a motor vehicle pulling or towing another motor vehicle shall be of a type approved by the commissioner, except in case of the temporary movement of a disabled vehicle in an emergency situation. with the exception that this section shall not apply to any motor truck, truck tractor or road tractor registered at a combined gross weight of ten tons or more nor to a farm tractor towing a four-wheeled trailer, or to any farm tractor or motor vehicle towing implements of husbandry, or a wagon box trailer used by a farmer in transporting produce, farm products or supplies hauled to and from market.

Any four-wheeled trailer towed by a truck tractor or road tractor shall be registered under the semitrailer provisions of section 321.122, provided, however, that the provisions of this section shall not be applicable to motor vehicles drawing wagon box trailers used by a farmer in transporting produce, farm products or supplies hauled to and from market. §321.430 Brake, hitch and control requirements.

1. Every motor vehicle, other than a motorcycle, when operated upon a highway shall be equipped with brakes adequate to control the movement of and to stop and hold such vehicle, including two separate means of applying the brakes, each of which means shall be effective to apply the brakes to at least two wheels. If these two separate means of applying the brakes are connected in any way, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the motor vehicle without brakes on at least two wheels.

2. Every motorcycle, and bicycle with motor attached, when operated upon a highway shall be equipped with at least one brake, which may be operated by hand or foot.

3. Every trailer or semitrailer of a gross weight of three thousand pounds or more, and every trailer coach or travel trailer of a gross weight of three thousand pounds or more intended for use for human habitation, shall be equipped with brakes adequate to control the movement of and to stop and hold such vehicle, and so designed as to be applied by the
driver of the towing motor vehicle from its cab, or with self-actuating brakes, and weight equalizing hitch with a sway control of a type approved by the director of public safety. Every semitrailer, travel trailer, or trailer coach of a gross weight of three thousand pounds or more shall be equipped with a separate, auxiliary means of applying the brakes on the semitrailer, travel trailer, or trailer coach from the cab of the towing vehicle. Trailers or semitrailers with a truck or truck tractor need only comply with the brake requirements.

4. Except as otherwise provided in this chapter, every new motor vehicle, trailer, or semitrailer hereafter sold in this state and operated upon the highways shall be equipped with service brakes upon all wheels of every such vehicle with the following exceptions:
   a. Any motorcycle.
   b. Any trailer or semitrailer of less than three thousand pounds gross weight need not be equipped with brakes.
   c. Trucks and truck tractors having three or more axles need not have brakes on the front wheels, except that such vehicles equipped with two or more front axles shall be equipped with brakes on at least one of such axles; provided that the service brakes of such vehicle comply with the performance requirements of section 321.431.
   d. Only such brakes on the vehicle or vehicles being towed in a driveaway-towaway operation need be operative as may be necessary to insure compliance by the combination of vehicles with the performance requirements of section 321.431. The term "driveaway-towaway" operation as used in this subsection means any operation in which any motor vehicle or motor vehicles, new or used, constitute the commodity being transported, when one or more of wheels of any such motor vehicle or motor vehicles are on the roadway during the course of transportation, whether or not any such motor vehicle furnishes the motive power. (S13, §1571-ml7; C24, 27, 31, 35, §5039; C39, §5034.39; C46, 50, 54, 58, 62, 66, 71, 73, §321.430; 65GA, ch 1180, §110)

When one vehicle is towing or pulling another vehicle the drawbar or other connection shall be of sufficient strength to pull all weight towed thereby and shall be fastened to the frame of the towing vehicle in such manner as to prevent sidesway, and in addition to such principal connection there shall be a safety chain which shall be so fastened as to be capable of holding the towed vehicle should the principal connection for any reason fail.

The connection between a truck tractor and a semitrailer with a gross weight of three thousand pounds or more shall be of a type approved by the director, and the commissioner is hereby given authority to approve or disapprove such types of connection submitted to him. In no event shall the maximum gross weight, including the tolerances hereinafter set forth, exceed seventy-three thousand two hundred eighty pounds.

A tolerance above the maximum legal weight of any axle or vehicle or combination of vehicles may be allowed as follows:
Three percent on any axle, including tandem axles.

Eight percent of the gross weight on any particular group of axles.

Eight percent on the total gross weight of a vehicle or combination of vehicles.

The weight on any one axle, including a tandem axle, of a vehicle which is transporting livestock may exceed the legal maximum weight given in this chapter providing that the gross weight on any particular group of axles on such vehicle does not exceed the gross weight allowable under this chapter for such group of axles.

Any person who operates any vehicle in violation of the provisions of this section, and any owner, or any other person, employing or otherwise directing the operator of any vehicle who requires or knowingly permits the operation of any vehicle in violation of the provisions of this section shall upon conviction or a plea of guilty be punished in accordance with the following schedule:

No fine shall be assessed if the overload does not exceed the tolerance specified in this section. If the overload does exceed the tolerance specified in this section, the amount of the fine to be assessed shall be computed on the difference between the actual weight and the maximum legal weight specified in this section without allowance of any tolerance, by applying the appropriate rate in the preceding schedule for the total percentage of overload. The total percentage of overload shall be determined by dividing the appropriate maximum legal weight as specified in this section without allowance for any tolerance into the amount of pounds overloaded.

Overloads on axles and tandem axles and overloads on groups of axles or on an entire vehicle or combination of vehicles shall be considered as separate violations of the provisions of this section.

The penalties herein provided shall not be construed to be in lieu of any other penalties provided for violations of other provisions of this chapter.

Any person who issues or executes, or causes to be issued or executed, any bill of lading, manifest, or shipping document of any kind which states the false weight of the cargo set forth on such bill, manifest or document, to be less than the actual weight of such cargo, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than thirty days. 321.464 Investigation as to safety. The director upon registering any vehicle under the laws of this state which vehicle is designed and used primarily for the transportation of property or for the transportation of ten or more persons, may require such information and may make such investigation or test as necessary to enable him to determine whether such vehicle may safely be operated upon the highways in compliance with all the provisions of this chapter. He shall register every such vehicle for a permissible gross weight not exceeding the limitations set forth in this chapter. Every such vehicle shall meet the following requirements:

1. It shall be equipped with brakes as required in sections 321.430 and 321.431.

2. Every motor vehicle to be operated outside of business and residence districts shall have motive power adequate to propel at a reasonable speed such vehicle and any load thereon or to be drawn thereby. [C39, §5035.13; C46, 50, 51, 54, 58, 62, 66, 71, 73, §321.464; 65GA, ch 1180, §110]

Amendment effective July 1, 1975

321.465 Weighing vehicles and removal of excess. Any peace officer having reason to believe that the weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a weighing of the same either by means of portable or stationary scales and may require that such vehicle be driven to the nearest public scales.

Whenever an officer upon weighing a vehicle and load, as above provided, determines that the weight is unlawful, such officer may require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of such vehicle to such limit as permitted under this chapter. All material so unloaded shall be cared for by the owner or operator of such vehicle at the risk of such owner or operator.

Any driver of a vehicle who fails or refuses to stop and submit the vehicle and load to weighing, or who fails or refuses when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section, shall be guilty of a misdemeanor and punished as provided in section 321.482.

Upon weighing a vehicle and load, as above provided, if such load is a sealed load, the weight officer shall issue a certificate setting forth the weights as determined by him and the seal number or numbers, if requested by the operator. [C31, 35, §4921-d1; C39, §5035.14; C46, 50, 51, 54, 58, 62, 66, 71, 73, §321.465]

321.466 Increased loading capacity—reregistration. An increased gross weight registration...
tion may be obtained for any vehicle by pay-
ment of the difference between the annual fee
for the higher gross weight and the amount
of the fee for the gross weight at which it is
registered.

With respect to a vehicle held by a dealer
for sale or trade, an increased gross weight
registration may be obtained for any such
vehicle on or after April 10 of each year upon
change of ownership by payment of one-
twelfth of the difference between the annual
fee for the higher gross weight and the amount
of the fee for the gross weight at which it is
registered, multiplied by the number of unex-
pired months of the year.

On or after July 1 of each year, the owner
of a motor truck, truck tractor, road tractor,
semitrailer or trailer may, if his operation
thereof has not resulted in a conviction under
this section or an action then pending against
him for violation of the same, increase the gross
load of any such vehicle to a higher gross
weight classification by payment of one-
twelfth of the difference between the annual
fee for the higher gross weight and the amount
of the fee for the gross weight at which it is
registered, multiplied by the number of unex-
pired months of the year.

Upon conversion of a truck to a truck tractor
or a truck tractor to a truck, an increased
gross weight registration of the proper type
may be obtained for any such vehicle by pay-
ment, except as provided in section 321.106, of
one-twelfth of the difference between the an-
nual fee for the higher gross weight and the
amount of the annual fee for the gross weight
at which the vehicle is registered, multiplied by
the number of unexpired months of the year
from the date of such conversion.

The registered gross weight of any vehicle
or combination of vehicles may also be in-
creased by installing and using a properly
registered auxiliary axle or axles, and the com-
bined registered gross weight of such
vehicle and auxiliary axle or axles shall de-
termine the total registered gross weight
thereof. No auxiliary axle may be used to
convert a single axle to a tandem axle unless
equipped with a device to equalize the load
carried by the single axle and the said auxil-
ary axle when in tandem and when in motion
or when standing, and the load transmitted to
the highway by either the single axle or the
auxiliary axle shall not exceed that permitted
for any single axle, nor shall the load trans-
mitt ed to the highway when in tandem and
when in motion or when standing, exceed
that permitted for any tandem axle.

It shall be unlawful for any person to oper-
ate a motor truck, trailer, truck tractor, road
tractor, semitrailer or combination thereof, or
any such vehicle equipped with a transferable
auxiliary axle or axles, on the public high-
ways with a gross weight exceeding that for
which it is registered by more than five
percent of the gross weight for which it is
registered, provided, however, that any
vehicle or vehicle combination referred to
herein, while carrying a load of raw farm
products, soil fertilizers, including ground
limestone, raw dairy products or livestock,
live poultry, eggs, may be operated with a
gross weight of twenty-five percent in excess
of the gross weight for which it is registered.

For the purposes of this section cracked or
ground soybeans, sargo, corn, wheat, rye, oats
or other grain shall be deemed to be raw farm
products, provided that such products are
being directly delivered to a farm, from the
place where the whole grain had been de-
erivered from a farm for the purpose of crack-
ning or grinding and immediate delivery to
the farm to which such cracked or ground
products are being delivered.

The truck operator shall have in his posses-
sion a receipt showing place of processing on
his return trip.

Any person operating a vehicle on the public
highways with a gross weight exceeding that
for which it is registered shall be subject to a
fine of one dollar for each one hundred pounds
that the actual gross weight of the vehicle ex-
ceds the registered gross weight. [C24, 27,

321.471 Local authorities may restrict. Lo-
cal authorities with respect to highways under
their jurisdiction may by ordinance or resolu-
tion prohibit the operation of vehicles upon
any such highway or impose restrictions as to
the weight of vehicles to be operated upon any
such highway, except farm tractors as defined in
section 321.1, subsection 7, for a total period of not
to exceed ninety days in any one calendar year, whenever any said highway by
reason of deterioration, rain, snow, or other
climatic conditions will be seriously damaged
or destroyed unless the use of vehicles there-
on is prohibited or the permissible weights
thereof reduced.

Any person who violates the provisions of
such ordinance or resolution shall, upon convic-
tion or a plea of guilty, be subject to a fine
determined by dividing the difference between
the actual weight and the maximum weight
established by the ordinance or resolution by
one hundred, and multiplying the quotient by
two dollars. Local authorities may issue spe-
cial permits, during periods such restrictions
are in effect, to permit limited operation of ve-
hicles upon specified routes with loads in ex-
cess of any restrictions imposed under this
section, but not in excess of load restrictions
imposed by any other provision of this chap-
ter, and such authorities shall issue such per-
mits upon a showing that there is a need to
move to market farm produce of the type sub-
ject to rapid spoilage or loss of value or to
move to any farm feeds or fuel for home heat-
ing purposes. [C24, 27, §§4996; C31, 35, §§4880-e, 1,
321.472 Signs posted. The local authority enacting any such ordinance or resolution shall erect or cause to be erected and maintained signs designating the provisions of the ordinance or resolution at each end of that portion of any highway affected thereby, and the ordinance or resolution shall not be effective unless and until such signs are erected and maintained. [C31, 35, §4686-c1; C39, §5035.21; C46, 50, 54, 58, 62, 66, 71, 73, §321.472]

Referred to in §321.476(8) 

321.473 Limiting trucks. Local authorities with respect to highways under their jurisdiction may also, by ordinance or resolution, prohibit the operation of trucks or other commercial vehicles, or may impose limitations as to the weight thereof, on designated highways, which prohibitions and limitations shall be designated by appropriate signs placed on such highways. [C39, §5035.22; C46, 50, 54, 58, 62, 66, 71, 73, §321.473]

Referred to in §321.236(8), 321.474 

321.474 Department may restrict. The department shall likewise have authority as hereinabove granted to local authorities to determine by resolution and to impose restrictions as to the weight of vehicles, except farm tractors as defined in section 321.1, subsection 7, operated upon any highway under the jurisdiction of said department and such restrictions shall be effective when signs giving notice thereof are erected upon the highway or portion of any highway affected by such resolution. Resolutions imposing restrictions under section 321.473 shall be for a definite period of time not to exceed twelve months. The expiration date of the resolution shall appear on all signs posted as required by this section.

Any person who violates the provisions of such resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the resolution by one hundred, and multiplying the quotient by two dollars. The department may issue special permits, during periods such restrictions are in effect, to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this section, but not in excess of load restrictions imposed by any other provision of this chapter. The department shall issue special permits in accordance with the foregoing to trucks moving farm produce, which decays or loses its value if not speedily put to its intended use, to market upon a showing to the department that there is a requirement for trucking such produce or to trucks moving to any farm feeds or fuel necessary for home heating purposes. [C24, 27, 31, 35, §5066; C39, §5035.23; C46, 50, 54, 58, 62, 66, 71, 73, §321.474; 65GA, ch 220, §3, ch 1180, §113]

Amendment effective July 1, 1975

321.475 Liability for damage. Any person driving any vehicle, object, or contrivance upon any highway or highway structure shall be liable for all damage which said highway or structure may sustain as a result of any illegal operation, driving, or moving of such vehicle, object, or contrivance, or as a result of operation, driving, or moving any vehicle, object, or contrivance weighing in excess of the maximum weight in this chapter but authorized by a special permit issued as provided in this chapter.

Whenever such driver is not the owner of such vehicle, object, or contrivance, but is so operating, driving, or moving the same with the express or implied permission of said owner, then said owner and driver shall be jointly and severally liable for any such damage. Such damage may be recovered in a civil action brought by the authorities in control of such highway or highway structure. [C39, §5035.24; C46, 50, 54, 58, 62, 66, 71, 73, §321.475]

Authority is also hereby granted to subject to weighing and inspection, vehicles which have moved from a highway onto private property under circumstances which indicate that the load of the vehicle, if any, is substantially the same as the load which the vehicle carried before moving onto the private property.

Any person who prevents or in any manner obstructs an officer attempting to carry out the provisions of this section is guilty of a misdemeanor and shall be punished as provided in section 321.482. [C46, 50, 54, 58, 62, 66, 71, 73, §321.476; 65GA, ch 1180, §113]

321A.5 Security required following accident—exceptions.

1. The director shall, immediately or within sixty days after the receipt of a report of a motor vehicle accident within this state which has resulted in bodily injury or death, or damage to the property of any person in excess of one hundred dollars, suspend the license of each operator and all registrations of each owner of a motor vehicle in any manner involved in such accident, and if such operator is a nonresident the privilege of operating a motor vehicle within this state, and if such owner is a nonresident the privilege of the use within this state of any motor vehicle owned by him, unless such operator or owner or both shall deposit security in a sum which shall be sufficient in the judgment of the director to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against such operator or owner; provided notice of such suspension shall be sent by the director to such operator and owner not less than ten days prior to the effective date of such suspension and shall state the amount required as security.

2. This section shall not apply under the conditions stated in section 321A.6 or to any of the following:

a. To such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident;

b. To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident an automobile liability policy or bond with respect to his operation of motor vehicles not owned by him;

c. To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the director, covered by any other form of liability insurance policy or bonds;

d. To such owner if such owner is at the time of such accident qualified as a self-insurer under section 321A.34, or to any such operator operating such motor vehicle for such self-insurer;

3. No such policy or bond shall be effective under this section unless issued by an insurance company or surety company authorized to do business in this state, except that if such motor vehicle was not registered in this state, or was a motor vehicle which was registered elsewhere than in this state at the effective date of the policy or bond, or the most recent renewal thereof, such policy or bond shall not be effective under this section unless the insurance company or surety company if not authorized to do business in this state shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in any action upon such policy
or bond arising out of such accident; provided, however, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than ten thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than twenty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than five thousand dollars because of injury to or destruction of property of others in any one accident.

Upon receipt of a report of a motor vehicle accident and information that an automobile liability policy or surety bond meeting the requirements of this chapter was in effect at the time of this accident covering liability for damages resulting from such accident, the director shall forward by regular mail to the insurance carrier or surety carrier which issued such policy or bond a copy of such information concerning insurance or bond coverage, and it shall be presumed that such policy or bond was in effect and provided coverage to both the operator and the owner of the motor vehicle involved in such accident unless the insurance carrier or surety carrier shall notify the director otherwise within fifteen days from the mailing of such information to such carrier; provided, however, that in the event the director shall later ascertain that erroneous information had been given him in respect to the insurance or bond coverage of the operator or owner of a motor vehicle involved in such accident, he shall take such action as he is otherwise authorized to do under this chapter within sixty days after the receipt by him of correct information with respect to such coverage. [C31, 35, §5079-¢4; C39, §5021.01; C46, §321.275; C50, 54, 58, 62, 66, 71, 73, §321A.5; 65GA, ch 1180, §117]

1. To the operator or the owner of a motor vehicle involved in any accident wherein no injury or damage was caused to the person or property of anyone other than such operator or owner.

2. To the operator or the owner of a motor vehicle if at the time of the accident the vehicle was stopped, standing, or parked, whether attended or unattended, except that the requirements of this chapter shall apply in the event the director determines that any such stopping, standing, or parking of the vehicle was illegal or that the vehicle was not equipped with lighted lamps or illuminating devices or flags when and as required by the laws of this state and that any such violation contributed to the accident.

3. To the owner of a motor vehicle if at the time of the accident the vehicle was being operated without his permission, express or implied, or was parked by a person who had been operating such motor vehicle without such permission.

4. If, prior to the date that the director would otherwise suspend license and registration or nonresident's operating privilege under section 321A.5, there shall be filed with the director evidence satisfactory to him that the person who would otherwise have to file security has been released from liability or been finally adjudicated not to be liable or has executed a warrant for confession of judgment, payable when and in such installments as the parties have agreed to, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments, with respect to all claims for injuries or damages resulting from the accident, provided, however, in the event there shall be any default in the payment of any installment under any confession of judgment, then, upon notice of such default, the director shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until the entire amount provided for in said confession of judgment has been paid; and provided, further, that in the event there shall be any default in the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the director shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until:

a. Such person deposits and thereafter maintains security as required under section 321A.5 in such amount as the director may then determine; or

b. One year shall have elapsed following the date when such security was required and during such period no action upon such agreement has been instituted in a court in this state. [C50, 54, 58, 62, 66, 71, 73, §321A.6; 65GA, ch 1180, §117]

321A.7 Duration of suspension. The license and registration and nonresident's operating privilege suspended as provided in section 321A.5 shall remain so suspended and shall not be renewed nor shall any such license or registration be issued to such person until:

1. Such person shall deposit or there shall be deposited on his behalf the security required under section 321A.5; or

2. One year shall have elapsed following the date of such accident and evidence satisfactory to the director has been filed with him that during such period no action for damages arising out of such accident has been instituted; or

3. Evidence satisfactory to the director has been filed with him of a release from liability, or a final adjudication of nonliability, or a warrant for confession of judgment, or a
duly acknowledged written agreement, in accordance with subsection 4 of section 321A.6; provided, however, in the event there shall be any default in the payment of any installment under any confession of judgment, then, upon notice of such default, the director shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until the entire amount provided for in said confession of judgment has been paid; and provided, further, that in the event there shall be any default in the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the director shall forthwith suspend the license and registration or nonresident's operating privilege of such person defaulting which shall not be restored unless and until (a) such person deposits and thereafter maintains security as required under section 321A.5 in such amount as the director may then determine, or (b) one year shall have elapsed following the date when such security was required and during such period no action upon such agreement has been instituted in a court in this state. 3. Such operator’s policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner’s policy of liability insurance.

4. Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

5. Such motor vehicle liability policy need not insure any liability under any workmen’s compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance, or repair of any such motor vehicle nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

   c. The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in paragraph “b” of subsection 2 of this section.
   d. The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of the chapter shall constitute the entire contract between the parties.

7. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage the term “motor vehicle liability policy” shall apply only to that part of the coverage which is required by this section.

8. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

9. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

10. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.

Proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named therein has deposited with him twenty-five thousand dollars in cash, or securities such as may legally be purchased by a state bank or for trust funds of a market value of twenty-five thousand dollars. The state treasurer shall not accept any such deposit and issue a certificate therefor and the director shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.

2. ages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use, or operation of a motor vehicle after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid. Whenever any person required to give proof of financial responsibility hereunder is or later becomes an operator in the employ of any owner, or is or later becomes a member of the immediate family or household of the owner, the director shall accept proof given by such owner in lieu of proof by such other person to permit such other person to operate a motor vehicle for which the owner has given proof as herein provided or has qualified as a surety under section 321A.34. 321A.29 Duration of proof — when proof may be canceled or returned.
1. The director shall upon request consent to the immediate cancellation of any bond or certificate of insurance, or the director shall direct and the state treasurer shall return to the person entitled thereto any money or securities deposited pursuant to this chapter as proof of financial responsibility, or the director shall revoke the requirement of filing proof, in any of the following events:

a. At any time after three years from the date such proof was required when, during the three-year period preceding the request, the director has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license, registration, or nonresident’s operating privilege of the person by or for whom such proof was furnished; or

b. In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

c. In the event the person who has given proof surrenders his license and registration to the director;

2. Provided, however, that the director shall not consent to the cancellation of any bond or the return of any money or securities in the event any action for damages upon a liability covered by such proof is then pending or any judgment upon any such liability is then unsatisfied, or in the event the person who has filed such bond or deposited such money or securities has within one year immediately preceding such request been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the director.

3. Whenever any person whose proof has been canceled or returned under paragraph “c” of subsection 1 of this section applies for a license or registration within a period of three years from the date proof was originally required, any such application shall all be refused unless the applicant shall re-establish such proof for the remainder of such three-year period. If any person shall fail to return to the director the license or registration as provided herein, the director shall forthwith direct any peace officer to secure possession thereof and to return the same to the director. §321A.34 Self-insurers.

1. Any person in whose name more than twenty-five motor vehicles are registered may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the director as provided in subsection 2 of this section.

2. The director may, in his discretion, upon the application of such a person, issue a certificate of self-insurance when he is satisfied that such person is possessed and will continue to be possessed of ability to pay judgments obtained against such person for damages arising out of the ownership, maintenance, or use of any vehicle owned by such person.

3. Upon not less than five days’ notice and a hearing pursuant to such notice, the director may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment for damages arising out of the ownership, maintenance, or use of any vehicle owned by such self-insurer within thirty days after such judgment shall have become final shall constitute a reasonable ground for the cancellation of a certificate of self-insurance. CHEMICAL TEST
321B.1 Declaration of policy. The general assembly hereby determines and declares that the provisions of this division are necessary in order to control alcoholic beverages and aid the enforcement of laws prohibiting operation of a motor vehicle while under the influence of an alcoholic beverage. [C66, 71, 73,§321B.1]

321B.2 Definitions. As used in this chapter the words "peace officer" mean:
1. Members of the highway patrol.
2. Police officers under civil service as provided in chapter 400.
4. Regular deputy sheriffs who have had formal police training.

321B.3 Implied consent to test. Any person who operates a motor vehicle in this state upon a public highway, under such circumstances as to give reasonable grounds to believe the person to have been operating a motor vehicle while under the influence of an alcoholic beverage, shall be deemed to have given consent to the withdrawal from his body of specimens of his blood, breath, saliva, or urine, and to a chemical test or tests thereof, for the purpose of determining the alcoholic content of his blood, subject to the provisions hereinafter set out. The withdrawal of such body substances, and the test or tests thereof, shall be administered at the written request of a peace officer having reasonable grounds to believe the person to have been operating a motor vehicle upon a public highway of this state while under the influence of an alcoholic beverage, and only after the peace officer has placed such person under arrest for the offense of operating a motor vehicle while under the influence of an alcoholic beverage. The peace officer shall determine which of the four substances, breath, blood, saliva, or urine, shall be tested. Refusal to submit to a chemical
§321B.3, IMPLIED CONSENT LAW

Test of urine, saliva or breath shall be deemed a refusal to submit, and the provisions of section 321B.7 shall apply. A refusal to submit to a chemical test of blood shall not be deemed a refusal to submit, but in that case, the peace officer shall then determine which one of the other three substances shall be tested, and shall offer such test. If such peace officer fails to provide a test within two hours after such arrest, no test shall be required, and there shall be no revocation under the provisions of section 321B.7. [C66, 71, 73, §321B.3; 65GA, ch 1194, §1]

Referred to in §321B.5

321B.4 Taking sample for test. Only a licensed physician, or a medical technologist or registered nurse designated by a licensed physician as his representative, acting at the written request of a peace officer may withdraw such body substances for the purpose of determining the alcoholic content of the person's blood. However, any peace officer, using devices and methods approved by the commissioner of public safety, may take a specimen of a person's breath or urine for the purpose of determining the alcoholic content of the person's blood. Only new, originally factory wrapped, disposable syringes and needles, kept under strictly sanitary and sterile conditions shall be used for drawing blood.

Such person may have an independent chemical test or tests administered in addition to any administered at the direction of a peace officer. The failure or inability of the person to obtain an independent chemical test or tests shall not preclude the admission in evidence of the results of the test or tests taken at the direction of the peace officer. Upon the request of the person who is tested, the results of the test or tests taken at the direction of the peace officer shall be made available to him. [C66, 71, 73, §321B.4]

Referred to in §321B.5

321B.5 Dead or unconscious persons. Any person who is dead, unconscious or who is otherwise in a condition rendering him incapable of consent or refusal shall be deemed not to have withdrawn the consent provided by section 321B.3, and the test may be given; provided that a licensed physician shall certify in advance of such test that such person is dead, unconscious or otherwise in a condition rendering him incapable of consent or refusal. In such case such condition shall obviate the requirements of arrest and advice pursuant to section 321B.6. [C66, 71, 73, §321B.5]

Referred to in §321B.6

321B.6 Statement of officer. A peace officer shall advise any person who is requested to take any chemical test that a refusal to submit to such test will result in revocation of the person's license or privilege to operate a motor vehicle; provided, however, that this requirement shall not apply in the case of any person referred to in section 321B.5. [C66, 71, 73, §321B.6]

Referred to in §321B.6

321B.7 Refusal to submit. If a person under arrest refuses to submit to the chemical testing, no test shall be given, but the director, upon the receipt of a sworn report of the peace officer that he had reasonable grounds to believe the arrested person to have been operating a motor vehicle upon a public highway of this state while under the influence of an alcoholic beverage, that he had placed such person under arrest for the offense of operating a motor vehicle while under the influence of an alcoholic beverage and that the person had refused to submit to the chemical testing, shall revoke his license or permit to drive and any non-resident operating privilege for a period of not less than one hundred twenty days nor more than one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, the director shall deny to the person the issuance of a license or permit within one year from the date of the alleged violation, subject to review as hereinafter provided. The effective date of any such revocation shall be twenty days after the director has mailed notice of such revocation to such person by registered or certified mail. [C65, 71, 73, §321B.7; 65GA, ch 1180, §119]

Referred to in §§321.191, 321B.3

Amendment effective July 1, 1975

321B.8 Hearing. Upon the written request of a person whose privilege to drive has been revoked or denied, the director shall grant the person an opportunity to be heard within twenty days after the receipt of the request, but the request must be made within thirty days of the effective date of revocation or denial. The hearing shall be before the director, in the county wherein the alleged events occurred for which the person was arrested, unless the director and the person agree that the hearing may be held in some other county. The hearing may be recorded and its scope shall cover the issues of whether a peace officer had reasonable grounds to believe the person to have been operating a motor vehicle upon a public highway of this state while under the influence of an alcoholic beverage, whether the person was placed under arrest and whether he refused to submit to the test or tests. The director shall order that the revocation or denial be either rescinded or sustained. [C66, 71, 73, §321B.8; 65GA, ch 1180, §119, ch 1194, §2]

Amendment effective July 1, 1975

321B.9 Judicial review. Judicial review of the actions of the director may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court in the county wherein the alleged events occurred for which the licensee was arrested or in the county in which the administrative hearing was held. [C66, 71, 73, §321B.9; 65GA, ch 1090, §134, ch 1180, §119]

Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while operating a motor vehicle upon a public highway of this state while under the influence of an alcoholic beverage, evidence of the amount of alcohol in the person's blood at the time of the act alleged as shown by a chemical analysis of his blood, breath, saliva or urine is admissible. [C66, 71, 73, §321B.10]

321B.11 Proof of refusal admissible. If the person under arrest refuses to submit to the test or tests, proof of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person was operating a motor vehicle upon a public highway of this state while under the influence of an alcoholic beverage. [C66, 71, 73, §321B.11]

321B.12 Other evidence. The provisions of this division shall not be construed as limiting the introduction of any other competent evidence bearing on the question of whether the person was under the influence of an alcoholic beverage. [C66, 71, 73, §321B.12]

321B.13 Information relayed to other states. When it has been finally determined under the procedures of this division that a nonresident's privilege to operate a motor vehicle in this state has been revoked or denied, the department shall give information in writing of the action taken to the official in charge of traffic control or public safety of the state of the person's residence and of any state in which he has a license. [C66, 71, 73, §321B.13; 65GA, ch 1180, §120]

321B.15 Driving while license denied or revoked. Any person whose license, or driving privilege, has been denied or revoked as provided in this chapter, and who drives any motor vehicle upon the highways of this state while such license or privilege is denied or revoked, is guilty of a misdemeanor and upon conviction shall be punished as provided for misdemeanors in section 321.482. The department, upon receiving the record of the conviction of any person under this section upon a charge of driving a motor vehicle while the license of such person was revoked, shall extend the period of revocation for an additional like period, and the department shall not issue a new license during such additional period. [65GA, ch 1194, §3]

Section 321B.16, Code 1973, transferred to §321.283(1)

321B.16 to 321B.28 Transferred to 321.283.

CHAPTER 321C

INTERSTATE DRIVERS LICENSE COMPACTS

321C.1 Authority to compact.

321C.2 Enforcement.

1. Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

2. Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II—DEFINITIONS

As used in this compact:

a. "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

b. "Home state" means the state which issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.
c. "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III—REPORTS OF CONVICTION
The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

Referred to in Art. IV

ARTICLE IV—EFFECT OF CONVICTION
a. The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

1. Manslaughter or negligent homicide resulting from the operation of a motor vehicle;

2. Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

3. Any felony in the commission of which a motor vehicle is used;

4. Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

b. As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

c. If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision "a" of this article, such party state shall construe the denominations and descriptions appearing in subdivision "a" hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

ARTICLE V—APPLICATIONS FOR NEW LICENSES
Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

1. The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

2. The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

3. The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI—APPLICABILITY OF OTHER LAWS
Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other co-operative arrangement between a party state and a non-party state.

ARTICLE VII—COMPACT ADMINISTRATOR AND INTERCHANGE OF INFORMATION
a. The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

b. The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII—ENTRY INTO FORCE AND WITHDRAWAL
a. This compact shall enter into force and become effective as to any state when it has enacted the same into law, to drive issued by.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the
compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX—CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable. [C66, 71, 73, §321C.1; 65GA, ch 1180, §121]

321D.1 Authority to compact. The director of transportation may, subject to the approval of the state transportation commission, enter into vehicle equipment safety compacts with other jurisdictions legally joining therein in substantially the following form.

The contracting states agree:

ARTICLE I—FINDINGS AND PURPOSES

a. The party states find that:

1. Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.
2. There is a vital need for the development of greater interjurisdictional co-operation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.
3. To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision "a" of this article.

b. The purposes of this compact are to:

1. Promote uniformity in regulation of and standards for equipment.
2. Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.
3. To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision "a" of this article.

b. It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

ARTICLE II—DEFINITIONS

As used in this compact:

a. "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

b. "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.
c. "Equipment" means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

ARTICLE III—THE COMMISSION

a. There is hereby created an agency of the party states to be known as the "Vehicle Equipment Safety Commission" hereinafter called the commission. The commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which he represents. If authorized by the laws of his party state, a commissioner may provide for the discharge of his duties and the performance of his functions on the commission, either for the duration of his membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of his identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.

b. The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

c. The commission shall have a seal.

d. The commission shall elect annually, from among its members, a chairman, a vice-chairman and a treasurer. The commission may appoint an executive director and fix his duties and compensation. Such executive director
shall serve at the pleasure of the commission, and together with the treasurer shall be bonded in such amount as the commission shall determine. The executive director also shall serve as secretary. If there be no executive director, the commission shall elect a secretary in addition to the other officers provided by this subdivision.

e. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director with the approval of the commission, or the commission if there be no executive director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the commission's functions, and shall fix the duties and compensation of such personnel.

f. The commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full-time employees. Employees of the commission shall be eligible for social security coverage in respect of old-age and survivor's insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

g. The commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

h. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize and dispose of the same.

Referred to in Art. VI c

i. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

j. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

k. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been issued by the commission. The commission may make such additional reports as it may deem desirable.

ARTICLE IV—RESEARCH AND TESTING

The commission shall have power to:

a. Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

b. Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

c. Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing.

d. Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or co-ordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

ARTICLE V—VEHICULAR EQUIPMENT

a. In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceeding or other action provided or authorized by this article. No less than sixty days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

b. Following the hearing or hearings provided for in subdivision "a" of this article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

c. Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

d. The commission shall send prompt notice of its action in issuing any rule, regulation or
code pursuant to this article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

e. If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

f. Except as otherwise specifically provided in or pursuant to subdivisions “e” and “g” of this article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

g. The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the commission pursuant to this article if such agency specifically finds, after public hearing on due notice, that a variation from the commission’s rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subdivision.

ARTICLE VI—FINANCE

a. The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

b. Each of the commission’s budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: One-third in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission’s budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

c. The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under Article III “h” of this compact, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under Article III “h” hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

d. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the commission.

e. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

f. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VII—CONFLICT OF INTEREST

a. The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the commission or on its behalf for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator’s jurisdiction of residence, employment or business, any violation of a commission rule or regulation adopted pursuant to this article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

b. Nothing contained in this article shall be deemed to prevent a contractor for the commission from using any facilities subject to his control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.
ARTICLE VIII—ADVISORY AND TECHNICAL COMMITTEES

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may co-operate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX—ENTRY INTO FORCE AND WITHDRAWAL

a. This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal. [C66, 71, 73, §321D.1; 65GA, ch 1180, §122]

Amendment effective July 1, 1975

321D.2 Enforcement. The agencies and officers of this state and its subdivisions and municipalities shall enforce this compact and do all things appropriate to effect its purpose and intent which may be within their respective jurisdictions. [C66, 71, 73, §321D.2]

321E.4 Adjustments on pavement for variations in road width and traffic. The following adjustments to the schedule under section 321E.3 shall be made for paved surface widths and traffic volumes to arrive at the effective load width used in determining the distance which shall be allowed:

1. For each foot of roadway width more than twenty-four feet, two feet shall be subtracted from the actual load width at the rate of two feet for each one thousand vehicles per day less than four thousand vehicles per day. [C71, 73,§321E.8]

2. For traffic volumes under four thousand vehicles per day the effective load width shall be determined by subtracting from the actual load width at the rate of two feet for each one thousand vehicles per day less than four thousand vehicles per day. [C71, 73,§321E.9]

321E.5 Adjustments on gravel roads. The following adjustments to the schedule under section 321E.3 shall be made for gravel surface widths and traffic volumes to arrive at the effective load width used in determining the distance which shall be allowed:

1. For each foot of roadway width more than twenty-four feet, two feet shall be subtracted from the actual load width at the rate of two feet for each one thousand vehicles per day less than four thousand vehicles per day. [C71, 73,§321E.1]

2. For traffic volumes under four thousand vehicles per day the effective load width shall be determined by subtracting from the actual load width at the rate of two feet for each one thousand vehicles per day less than four thousand vehicles per day. [C71, 73,§321E.2]

321E.6 Variations in road width and traffic. A movement of an indivisible load or construction machinery being temporarily moved over a highway or highways having sections carrying varying volumes of traffic and having varying surface widths shall have its permissible total distance computed on the basis of the lowest volume of traffic or the greatest highway width, whichever produces the greater distance by the foregoing schedule. However, no movement over a section or sections carrying a given shorter permissible maximum shall be greater than that shorter maximum and, in computing the distance which would be traveled on a section or sections having a certain width and traffic volume, distances which would be traveled on sections carrying shorter permissible move distances shall be included. [C71, 73,§321E.8]

321E.7 Load limits per axle. The gross weight on any axle of any vehicle or combination of vehicles traveling under a permit issued in accordance with the provisions of this chapter shall not exceed the maximum axle load prescribed in section 321.463; except that, construction machinery being temporarily moved on streets, roads, or highways may have a gross weight of thirty-six thousand pounds on any single axle equipped with a minimum size twenty-six point five-inch by twenty-five-inch flotation pneumatic tires and a maximum gross weight of twenty thousand pounds on any single axle equipped with minimum size eighteen-inch by twenty-five-inch flotation pneumatic tires, provided that the total gross weight of the vehicle or a combination of vehicles does not exceed a maximum of one hundred twenty-six thousand pounds; and except that a manufacturer of machinery or equipment manufactured or assembled in Iowa may be granted a permit for the movement of such machinery or equipment
§321E.7, VEHICLES OF EXCESSIVE SIZE AND WEIGHT

mounted on pneumatic tires with axle loads exceeding the maximum axle load prescribed in section 321.463 for distances not to exceed twenty-five miles at a speed not greater than twenty miles per hour. The movement of such machinery or equipment shall be over a specified route between the place of assembly or manufacture and a storage area, shipping point, proving ground, experimental area, weighing station, or another manufacturing plant. [C31, 35, §5067-d7, -d8; C39, §5035.16; C46, 50, 54, 58, 62, 66, §321.467; C71, 73, §321E.7; 65GA, ch 213, §6]

1. Vehicles with indivisible loads having an overall width not to exceed twelve feet, five inches or mobile homes including appurtenances not to exceed twelve feet, five inches and an overall length not to exceed seventy-five thousand pounds may be moved for unlimited distances over specified routes. The height of such vehicle and load shall be limited only to the height limitations of underpasses, bridges, power lines, and other established height restrictions on the specified route. An official escort may be provided for such movement at the option of the permit holder.

2. Vehicles with indivisible loads having an overall width not to exceed fourteen feet, zero inches and an overall length not to exceed eighty feet, zero inches shall be restricted to trip distances not to exceed fifty highway and street miles in total aggregate.
