Under rules prescribed by the director, net income of individuals, estates and trusts shall be allocated as follows:

1. The amount of income tax paid to another state or foreign country by a resident taxpayer of this state on income derived from sources outside of Iowa shall be allowed as a credit against the tax computed under this chapter, except that the credit shall not exceed what the amount of the Iowa tax would have been on the same income which was taxed by the other state or foreign country. The limitation on this credit shall be computed according to the following formula: Income earned outside of Iowa and taxed by another state or foreign country shall be divided by the total income of the resident taxpayer of Iowa. This quotient multiplied times the net Iowa tax as determined on the total income of the taxpayer as if entirely earned in Iowa shall be the maximum tax credit against the Iowa net tax.

2. Nonresident's net income allocated to Iowa is the net income or portion thereof, which is derived from a business, trade, profession, or occupation carried on within this state or income from any property, trust, estate, or other source within Iowa. If any business, trade, profession, or occupation is carried on partly with and partly without the state, only the portion of the net income which is fairly and equivalently attributable to that part of the business, trade, profession, or occupation carried on within the state is allocated to Iowa for purposes of section 422.5, subsection 14 and section 422.13 and income from any property, trust, estate, or other source partly within and partly without the state is allocated to Iowa in the same manner, except that annuities, interest on bank deposits and interest-bearing obligations, and dividends are allocated to Iowa only to the extent to which they are derived from a business, trade, profession, or occupation carried on within the state. However, income received by an individual who is a resident of another state is not allocated to Iowa if the income is subject to an income tax imposed by the state where the individual resides, and if the state of residence allows a similar exclusion for income received in that state by residents of Iowa. In order to implement the exclusions, the director shall designate by rule the states which allow a similar exclusion for income received by residents of Iowa, and may enter into agreements with other states to provide that similar exclusions will be allowed, and to provide suitable withholding requirements in each state.

3. Taxable income of resident and nonresident estates and trusts shall be allocated in the same manner as individuals.

422.9 Deductions from net income.

In computing taxable income of individuals, there shall be deducted from net income the larger of the following amounts:

1. An optional standard deduction of fifteen percent of the net income after deduction of federal income tax, not to exceed one thousand two hundred dollars for a married person who files separately, one thousand two hundred dollars for a single person or three thousand dollars for a husband and wife who file a joint return, a surviving spouse as defined in section 2 of the Internal Revenue Code of 1954, or an unmarried head of household as defined in the Internal Revenue Code of 1954.

A taxpayer who claims the optional standard deduction under this subsection may, after claiming the optional standard deduction, claim the direct charitable contribution as allowed and subject to the same limitations provided under section 170(i) of the Internal Revenue Code of 1954 for tax years ending on or before December 31, 1986. However, the deduction shall be computed as provided under section 170(i) of the Internal Revenue Code of 1954 as applied to tax year 1984. Married taxpayers who have filed a joint federal return and who elect to file separate returns or separately on a combined state return must allocate their allowable charitable deduction to each spouse in the proportion that each spouse's respective net income bears to the total combined net income. Taxpayers affected by the allocation provisions of section 422.8 shall be permitted a deduction in the amount as is fairly and equitably allocable to Iowa under rules prescribed by the director.

2. The total of contributions, interest, taxes, medical expense, nonbusiness losses and miscellaneous expenses deductible for federal income tax purposes under the Internal Revenue Code of 1954, with the following adjustments:

a. Subtract the deduction for Iowa income taxes.

b. Add the amount of federal income taxes paid or accrued as the case may be, during the tax year, adjusted by any federal income tax refunds. Provided, however, that where married persons, who have filed a joint federal income tax return, file separately, such total shall be divided between them according to the portion thereof paid or accrued, as the case may be, by each.
Add the amount by which expenses paid or incurred in connection with the adoption of a child by the taxpayer exceed three percent of the net income of the taxpayer, or of the taxpayer and spouse in the case of a joint return. The expenses may include medical and hospital expenses of the natural mother which are incident to the child’s birth and are paid by the taxpayer, welfare agency fees, legal fees, and all other fees and costs relating to the adoption of a child if the child is placed by a child-placing agency licensed under chapter 238 or by a person making an independent placement according to the provisions of chapter 690.

Add an additional deduction for mileage incurred by the taxpayer in voluntary work for a charitable organization consisting of the excess of the state employee mileage reimbursement over the amount deductible for federal income tax purposes. The deduction shall be proven by the keeping of a contemporaneous diary by the person throughout the period of the voluntary work in the tax year.

Subtract the adoption deduction permitted under section 222 of the Internal Revenue Code of 1954.

Add the amount, not to exceed five thousand dollars, of expenses not otherwise deductible under this section actually incurred in the home of the taxpayer for the care of a person who is the grandchild, child, parent, or grandparent of the taxpayer or the taxpayer’s spouse and who is unable, by reason of physical or mental disability, to live independently and is receiving, or would be eligible to receive if living in a health care facility licensed under chapter 135C, medical assistance benefits under chapter 249A. In the event that the person being cared for is receiving assistance benefits under chapter 239, the expenses not otherwise deductible shall be the net difference between the expenses actually incurred in caring for the person and the assistance benefits received under chapter 239.

If after applying all of the adjustments provided for in section 422.7, the allocation provisions of section 422.8 and the deductions allowable in this section subject to the modifications provided in section 172(d) of the Internal Revenue Code of 1954, the taxable income results in a net operating loss, the net operating loss shall be deducted as follows:

a. The Iowa net operating loss shall be carried back three taxable years or to the taxable year in which the individual first earned income in Iowa whichever year is the later.

b. The Iowa net operating loss remaining after being carried back as required in paragraph “a” of this subsection or if not required to be carried back shall be carried forward fifteen taxable years.

c. If the election under section 172(b)(3)(C) of the Internal Revenue Code of 1954 is made, the Iowa net operating loss shall be carried forward fifteen taxable years.

Where married persons file separately, both must use the optional standard deduction if either elects to use it.

A taxpayer affected by section 422.8 shall, if the optional standard deduction is not used, be permitted to deduct only such portion of the total referred to in subsection 2 above as is fairly and equitably allocable to Iowa under the rules prescribed by the director.

Add the amount by which expenses paid or incurred in connection with the adoption of a child by the taxpayer exceed three percent of the net income of the taxpayer, or of the taxpayer and spouse in the case of a joint return. The expenses may include medical and hospital expenses of the natural mother which are incident to the child’s birth and are paid by the taxpayer, welfare agency fees, legal fees, and all other fees and costs relating to the adoption of a child if the child is placed by a child-placing agency licensed under chapter 238 or by a person making an independent placement according to the provisions of chapter 690.

Add an additional deduction for mileage incurred by the taxpayer in voluntary work for a charitable organization consisting of the excess of the state employee mileage reimbursement over the amount deductible for federal income tax purposes. The deduction shall be proven by the keeping of a contemporaneous diary by the person throughout the period of the voluntary work in the tax year.

Subtract the adoption deduction permitted under section 222 of the Internal Revenue Code of 1954.

Add the amount, not to exceed five thousand dollars, of expenses not otherwise deductible under this section actually incurred in the home of the taxpayer for the care of a person who is the grandchild, child, parent, or grandparent of the taxpayer or the taxpayer’s spouse and who is unable, by reason of physical or mental disability, to live independently and is receiving, or would be eligible to receive if living in a health care facility licensed under chapter 135C, medical assistance benefits under chapter 249A. In the event that the person being cared for is receiving assistance benefits under chapter 239, the expenses not otherwise deductible shall be the net difference between the expenses actually incurred in caring for the person and the assistance benefits received under chapter 239.

If after applying all of the adjustments provided for in section 422.7, the allocation provisions of section 422.8 and the deductions allowable in this section subject to the modifications provided in section 172(d) of the Internal Revenue Code of 1954, the taxable income results in a net operating loss, the net operating loss shall be deducted as follows:

a. The Iowa net operating loss shall be carried back three taxable years or to the taxable year in which the individual first earned income in Iowa whichever year is the later.

b. The Iowa net operating loss remaining after being carried back as required in paragraph “a” of this subsection or if not required to be carried back shall be carried forward fifteen taxable years.

c. If the election under section 172(b)(3)(C) of the Internal Revenue Code of 1954 is made, the Iowa net operating loss shall be carried forward fifteen taxable years.

Where married persons file separately, both must use the optional standard deduction if either elects to use it.

A taxpayer affected by section 422.8 shall, if the optional standard deduction is not used, be permitted to deduct only such portion of the total referred to in subsection 2 above as is fairly and equitably allocable to Iowa under the rules prescribed by the director.

Amendment to subsection 1 retroactive to January 1, 1984 for tax years beginning on or after that date, 84 Acts, ch 1385, §44

422.10 Research activities credit.

The taxes imposed under this division shall be reduced by a state tax credit for increasing research activities in this state. For individuals, the credit shall equal six and one-half percent of the state's apportioned share of the qualifying expenditures for increasing research activities. The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures. For purposes of this section, an individual may claim a research credit for qualifying research expenditures incurred by a partnership, subchapter S corporation, and estate or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of a partnership, subchapter S corporation, or estate or trust. For purposes of this section, "qualifying expenditures for increasing research activities" means the qualifying expenditures as defined for the federal credit for increasing research activities computed under section 44F of the Internal Revenue Code of 1954, as amended to and including January 1, 1983.

Any credit in excess of the tax liability less personal exemption and child care credits provided in section 422.12 for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer's final, completed return credited to the tax liability for the following taxable year.

Effective January 1, 1985 for tax years beginning on or after that date.

422.11 Iowa venture capital fund investment credit.

The taxes imposed under this division, less credits permitted under section 422.12, shall be reduced by a state tax credit equal to five percent of the taxpayer's investment in the initial offering of securities by the Iowa venture capital fund established by the Iowa development commission and governed by a chapter 496A corporation and the Iowa venture capital fund Act*. Any credit in excess of the tax liability for the taxable year may be credited to the tax liability for the following three taxable years or until depleted in less than three years.

In the case of an estate or trust, the credit shall be allocated between each beneficiary and the estate or trust based on the ratio that the income distributed to a beneficiary bears to the total distributable net income of the estate or trust for the tax year.

Effective January 1, 1985 for tax years beginning on or after that date.

422.12 Deductions from computed tax.
There shall be deducted from but not to exceed the tax, after the same shall have been computed as provided in this division, the following:

   b. For a head of household, or a husband and wife filing a joint return, thirty dollars.

2. For tax years beginning on or after January 1, 1979 and for each of the next four succeeding tax years, the amount of the personal exemption credits provided in this subsection shall be increased in the amount of one dollar for each tax year, except that the personal exemption credit allowed under paragraph "b" of this subsection shall be increased in the amount of two dollars for each tax year. The personal exemption credits determined pursuant to this paragraph for tax years beginning on or after January 1, 1983 shall continue for succeeding tax years.

A child and dependent care credit equal to ten percent of the qualifying employment related expenses and subject to the same limitations provided by section 44A of the Internal Revenue Code of 1954.

Married taxpayers electing to file separate returns or filing separately on a combined return must allocate the child and dependent care credit to each spouse in the proportion that each spouse’s net income bears to the total combined net income.

Taxpayers affected by the allocation provisions of section 422.8 shall be permitted a deduction for the credit it only in the amount as is fairly and equitably allocable to Iowa under rules prescribed by the director.

3. A political contributions credit equal to five percent of the first one hundred dollars donated as a political contribution as defined in section 41(c) of the Internal Revenue Code of 1954. In the case of a married couple filing a joint return, a political contributions credit equal to five percent of the first two hundred dollars donated shall be allowed.

4. For the purpose of this section, the determination of whether an individual is married shall be made as of the close of the individual’s tax year unless the individual’s spouse dies during the individual’s tax year, in which case the determination shall be made as of the date of the spouse’s death. An individual legally separated from the individual’s spouse under a decree of divorce or of separate maintenance shall not be considered married.

(4) A nonresident taxpayer shall file a copy of the taxpayer’s federal income tax return for the current tax year with the return required by this section if the taxpayer is required to file a return under the Internal Revenue Code of 1954.

422.16 Withholding of income tax at source — penalties — interest — declaration of estimated tax — bond.

1. Every withholding agent and every employer as defined in this chapter and further defined in the Internal Revenue Code of 1954, with respect to income tax collected at source, making payment of wages to either a resident employee or employees, or a nonresident employee or employees, working in Iowa, shall deduct and withhold from the wages an amount which will approximate the employee's annual tax liability on a calendar year basis, calculated on the basis of tables to be prepared by the department and schedules or percentage rates, based on the wages, to be prescribed by the department. Every employee or other person shall declare to the employer or withholding agent the number of the employee's personal exemptions and dependency exemptions or credits to be used in applying the tables and schedules or percentage rates, provided that no more personal or dependency exemptions or credits may be claimed by the employee or other person than the number to which the employee or other person is entitled except as allowed under section 3204(m)(1) of the Internal Revenue Code of 1954. The claiming of exemptions or credits in excess of entitlement is a serious misdemeanor.

2. A withholding agent required to deduct and withhold tax under subsections 1 and 12, except those required to deposit on a semimonthly basis, shall deposit for each calendar quarterly period, on or before the last day of the month following the close of the quarterly period, on a quarterly deposit form as prescribed by the director and shall pay to the department, in the form of remittances made payable to "Treasurer, State of Iowa", the tax required to be withheld, or the tax actually withheld, whichever is greater, under subsections 1 and 12. However, a withholding agent who withholds more than fifty dollars in any one month, except those required to deposit on a semimonthly basis, shall deposit with the department the amount withheld, with a monthly deposit form as prescribed by the director. The monthly deposit form is due on or before the fifteenth day of the month following the month of withholding, except that a deposit is not required for the amount withheld in the third month of the quarter but the total amount of withholding for the quarter shall be computed and the amount by which the deposits for that quarter fail to equal the total quarterly liability is due with the filing of the quarterly deposit form. The quarterly deposit form is due within the month following the end of the quarter. A withholding agent who withholds more than eight thousand dollars in a semimonthly period shall deposit with the department the amount withheld, with a semimonthly deposit form as prescribed by the director. The first semimonthly deposit form for the period from the first of the month through the fifteenth of the month is due on the twenty-fifth day of the month in which the withholding occurs. The second semimonthly deposit form for the period from the sixteenth of the month through the end of the month is due on the tenth day of the month following the month in which the withholding occurs.

Every withholding agent on or before the end of the second month following the close of the calendar year in which the withholding occurs shall make an annual reporting of taxes withheld and other information prescribed by the director and send to the department copies of wage and tax statements with the return.

If the director has reason to believe that the collection of the tax provided for in subsections 1 and 12 is in jeopardy, the director may require the employer or withholding agent to make the report and pay the tax at any time, in accordance with section 422.30. The director may authorize incorporated banks, trust companies, or other depositories authorized by law which are depositories or financial agents of the United States or of this state, to receive any tax imposed under this chapter, in the manner, at the times, and under the conditions the director prescribes. The director shall also prescribe the manner, times, and conditions under which the receipt of the tax by those depositories is to be treated as payment of the tax to the department.

3. Every withholding agent employing more than two persons who expects to employ either or both of such persons for the full calendar year may, with respect to such persons, pay with the withholding tax return due for the first calendar quarter of the year the full amount of income taxes required to be withheld from the wages of such persons for the full calendar year. The amount to be paid shall be computed as if the employee were employed for the full calendar year for the same wages and with the same pay periods
as prevailed during the first quarter of the year with respect to such employee. No such lump sum payment of withheld income tax shall be made without the written consent of all employees involved. The withholding agent shall be entitled to recover from the employee any part of such lump sum payment that represents an advance to the employee. If a withholding agent pays a lump sum with the first quarterly return the withholding agent shall be excused from filing further quarterly returns for the calendar year involved unless the withholding agent hires other or additional employees.

4. Every withholding agent who fails to withhold or pay over to the department any sums required by this chapter to be withheld and paid, shall be personally, individually, and corporately liable therefor to the state of Iowa, and any sum or sums withheld in accordance with the provisions of subsections 1 and 12 hereof, shall be deemed to be held in trust for the state of Iowa.

5. In the event a withholding agent fails to withhold and pay over to the department any amount required to be withheld under subsections 1 and 12 of this section, such amount may be assessed against such employer or withholding agent in the same manner as prescribed for the assessment of income tax under the provisions of divisions II and VI of this chapter.

6. Whenever the director determines that any employer or withholding agent has failed to withhold or pay over to the department sums required to be withheld under subsections 1 and 12 of this section the unpaid amount thereof shall be a lien as defined in section 422.26, shall attach to the property of said employer or withholding agent as therein provided, and in all other respects the procedure with respect to such lien shall apply as set forth in said section 422.26.

7. Every withholding agent required to deduct and withhold a tax under subsections 1 and 12 of this section shall furnish to such employee, nonresident, or other person in respect of the remuneration paid by such employer or withholding agent to such employee, nonresident, or other person the written statement required by this chapter.

8. An employer or withholding agent shall be liable for the payment of the tax required to be deducted and withheld or the amount actually deducted, whichever is greater, under subsections 1 and 12 of this section; and any amount deducted and withheld as tax under subsections 1 and 12 of this section during any calendar year upon the wages of any employee, nonresident, or other person shall be allowed as a credit to the employee, nonresident, or other person against the tax imposed by section 422.5, irrespective of whether or not such tax has been, or will be, paid over by the employer or withholding agent to the department as provided by this chapter.

9. The amount of any overpayment of the individual income tax liability of the employee taxpayer, nonresident, or other person which may result from the withholding and payment of withheld tax by the employer or withholding agent to the department under subsections 1 and 12, as compared to the individual income tax liability of the employee taxpayer, nonresident, or other person properly and correctly determined under the provisions of section 422.4, to and including section 422.25, may be credited against any income tax or installment thereof then due the state of Iowa and any balance of one dollar or more shall be refunded to the employee taxpayer, nonresident or other person with interest at the rate in effect under section 421.7 for each month or fraction of a month, the interest to begin to accrue on the first day of the second calendar month following the date the return was due to be filed or was filed, whichever is the later date. Amounts less than one dollar shall be refunded to the taxpayer, nonresident, or other person only upon written application, in accordance with section 422.73, and only if the application is filed within twelve months after the due date of the return. Refunds in the amount of one dollar or more provided for by this subsection shall be paid by the treasurer of state by warrants drawn by the comptroller at the direction of the director, or an authorized employee of the department, and the taxpayer's return of income shall constitute a claim for refund for this purpose, except in respect to amounts of less than one dollar.

10. a. An employer or withholding agent required under this chapter to furnish a statement required by this chapter who willfully furnishes a false or fraudulent statement, or who willfully fails to furnish the statement is, for each failure, subject to a civil penalty of five hundred dollars, the penalty to be in addition to any criminal penalty otherwise provided by the Code.

b. If any person or withholding agent fails to remit at least ninety percent of the tax due with the filing of the semimonthly, monthly, or quarterly deposit form on or before the due date, or pays less than ninety percent of any tax required to be shown on the semimonthly, monthly, or quarterly deposit form, there shall be added to the tax a penalty of ten percent of the amount of the tax due.
In the case of willful failure to file a semimonthly, monthly, or quarterly deposit form with intent to evade tax or willful filing of a false semimonthly, monthly, or quarterly deposit form with intent to evade tax, in lieu of the penalty otherwise provided in this paragraph, there is added to the amount required to be shown as tax on the semimonthly, monthly, or quarterly deposit form, fifty percent of the amount of the tax. The taxpayer shall also pay interest on the tax or additional tax at the rate in effect under section 421 7, for each month counting each fraction of a month as an entire month, computed from the date the semimonthly, monthly, or quarterly deposit form was required to be filed. The penalty and interest become a part of the tax due from the withholding agent. The penalty imposed under this subsection is not subject to waiver.

c. If any withholding agent, being a domestic or foreign corporation, required under the provisions of this section to withhold on wages or other taxable Iowa income subject to this chapter, fails to withhold the amounts required to be withheld, make the required returns or remit to the department the amounts withheld, the director may, having exhaust ed all other means of enforcement of the provisions of this chapter, certify such fact or facts to the secretary of state, who shall thereupon cancel the articles of incorporation or certificate of authority (as the case may be) of such corporation, and the rights of such corporation to carry on business in the state of Iowa shall thereupon cease. The secretary of state shall immediately notify by registered mail such domestic or foreign corporation of the action taken by the secretary of state. The provisions of section 422 40, subsection 3, shall be applicable.

d. The department shall upon request of any fiduciary furnish said fiduciary with a certificate of acquittance showing that no liability as a withholding agent exists with respect to the estate or trust for which said fiduciary acts, provided the department has determined that there is no such liability.

11. a. Every person or married couple filing a joint return shall make a declaration of estimated tax if the person's or their Iowa income tax attributable to income other than wages subject to withholding can reasonably be expected to amount to fifty dollars or more for the taxable year, except that, in the cases of farmers and fishermen, the exceptions provided in the Internal Revenue Code of 1954 with respect to such declarations shall apply. The declaration provided for herein shall be filed on or before the last day of the fourth month of the taxpayer's tax year for which such declaration is filed, in such form as the director may require by regulations. The estimated tax shall be paid in quarterly installments. The first installment shall be paid at the time of filing the declaration. The other installments shall be paid on or before June 30, September 30, and January 31. However, at the election of the person or married couple filing jointly, any installment of the estimated tax may be paid prior to the date prescribed for its payment. Whenever a person or married couple filing a joint return have reason to believe that the person's or their Iowa income tax may increase or decrease, either for purposes of meeting the requirement to file a declaration of estimated tax or for the purpose of increasing or decreasing such declaration, an amended estimate shall be filed by the person or them to reflect such increase or decrease in estimated Iowa income tax.

b. In the case of persons or married couples filing jointly, the total balance of the tax payable after credits for taxes paid through withholding, as provided in subsection 1 of this section, or through declaration and payment of estimated tax, or a combination of such withholding and declaration of estimated tax payments, as provided herein, shall be due and payable on or before April 30, next following the close of the calendar year, or if the return should be made on the basis of a fiscal year, then on or before the last day of the fourth month next following the close of such fiscal year.

c. The declaration provided for in this section may be filed or amended during the taxable year under regulations prescribed by the director.

d. If a taxpayer is unable to make the taxpayer's own declaration, the declaration may be made by a duly authorized agent, or by the guardian or other person charged with the care of the person or property of such taxpayer.

e. Any amount of tax paid on a declaration of estimated tax shall be a credit against the amount of tax found payable on a final, completed return, as provided in subsection 9, relating to the credit for the tax withheld against the tax found payable on a return properly and correctly prepared under the provisions of section 422 5, to and including section 422 25, and any overpayment of one dollar or more shall be refunded to the taxpayer and the return shall constitute a claim for refund for this purpose. Amounts less than one dollar shall be refunded to the taxpayer only upon written application in accordance with section 422 74, but only if the application is filed within twelve months after the due date for the return. The method provided by the Internal Revenue Code of 1954 for determining what is applicable to the addition to tax for underpayment of the tax payable applies to persons required to file declarations and make payments of estimated tax under this section except the amount to be added to the tax for underpayment of estimated tax shall be an amount determined at the rate in effect under section 421 7. Thus addition to tax specified for underpayment of the tax payable is not subject to waiver provisions relating to reasonable cause. Under payment of estimated tax shall be determined in the same manner as provided under the Internal Revenue Code of 1954 and the exceptions therein also apply.

f. In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on the taxpayer's final, completed return for the taxable year credited to the taxpayer's tax liability for the following taxable year.

12. In the case of nonresidents having income subject to taxation by Iowa, but not subject to withholding of such tax under subsection 1 hereof, withholding agents shall withhold from such income at the same rate as provided in subsection 1 hereof, and such withholding agents and such nonresidents shall be subject to the provisions of this section, according to the context, except that such withholding agents may be absolved of such requirement to withhold taxes from such nonresident's income upon receipt of a certificate from the department issued in accordance with.
the provisions of section 422.17, as hereby amended. In the case of nonresidents having income from a trade or business carried on by them in whole or in part within the state of Iowa, such nonresident shall be considered to be subject to the provisions of subsection 12 hereof unless such trade or business is of such nature that the business entity itself, as a withholding agent, is required to and does withhold Iowa income tax from the distributions made to such nonresident from such trade or business.

13. The director shall enter into an agreement with the secretary of the treasury of the United States with respect to withholding of income tax as provided by this chapter, pursuant to an Act of Congress, section 1207 of the Tax Reform Act of 1976, Public Law 94-455, amending title 5, section 5517 of the United States Code.

14. The director may, when necessary and advisable in order to secure the collection of the tax required to be deducted and withheld or the amount actually deducted, whichever is greater, require a nonresident employer or withholding agent to file with the director a bond, issued by a surety company authorized to conduct business in this state and approved by the insurance commissioner as to solvency and responsibility, in such amount as the director may fix, to secure the payment of the tax and penalty due or which may become due. In lieu of the bond, securities shall be kept in the custody of the department and may be sold by the director at public or private sale, without notice to the depositor, if it becomes necessary to do so in order to recover any tax and penalty due. Upon any such sale, any surplus above the amounts due under this section shall be returned to the nonresident employer or withholding agent who deposited the securities.

Any nonresident whose Iowa income is not subject to section 422.16, subsection 1, in whole or in part, and who elects to be governed by subsection 12 of said section to the extent that the nonresident makes such declaration and pays the entire amount of tax properly estimated thereunder on or before the last day of the fourth month of the nonresident’s tax year, for such year, may for each such year of such election and such payment, be granted a certificate from the department authorizing each withholding agent, the income from whom the nonresident has included in the nonresident’s declaration of estimate and to the extent such income is included in such declaration of estimate, to make payments to such nonresident without withholding such tax from such payments. Withholding agents, whenever such payments exceed the amount estimated by such nonresident upon the nonresident’s declaration of estimate, as indicated upon such certificate, shall proceed to withhold tax in accordance with subsection 12 of section 422.16.

If the nonresident is reporting on the accrual basis it shall apply to all such income which first became available to the nonresident so that the nonresident might demand payment thereof regardless of when such income was earned. 1. It shall be unlawful for any present or former officer or employee of the state to divulge or to make known in any manner whatever not provided by law to any person the amount or source of income, profits, losses, expenditures, or any particular thereof, set forth or disclosed in any income return, or to permit any income return or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law; and it shall be unlawful for any person to print or publish in any manner whatever not provided by law any income return, or any part thereof or source of income, profits, losses, or expenditures appearing in any income return; and any person committing an offense against the foregoing provision shall be guilty of a serious misdemeanor. If the offender is an officer or employee of the state, such person shall also be dismissed from office or discharged from employment. Nothing herein shall prohibit turning over to duly authorized officers of the United States or tax officials of other states state information and income returns pursuant to agreement between the director and the secretary of the treasury of the United States or the secretary’s delegate or pursuant to a reciprocal agreement with another state.

422.21 Form and time of return.
Returns shall be in such form as the director may, from time to time, prescribe, and shall be filed with the department on or before the last day of the fourth month after the expiration of the tax year except that co-operative associations as defined in section 6072(d) of the Internal Revenue Code of 1954 shall file their returns on or before the fifteenth day of the ninth month following the close of the taxable year. In case of sickness, absence, or other disability, or whenever good cause exists, the director may allow further time for filing returns. The director shall cause to be prepared blank forms for said returns and shall cause them to be distributed throughout the state and to be furnished upon application, but failure to receive or secure the form shall not relieve the taxpayer from the obligations of making any return herein required. The department may as far as consistent with the provisions of the Code so draft income tax forms as to conform to the income tax forms of the internal revenue department of the United States government.
Each return by a taxpayer upon whom a tax is imposed by section 422.3, subsection 7, shall show the county of the residence of the taxpayer.
The department shall make available to persons required to make personal income tax returns under the provisions of this chapter, and when such income is derived mainly from salaries and wages or from the operation of a business or profession, a form which shall take into consideration the normal deductions and credits allowable to any such taxpayer, and which will permit the computation of the tax payable without requiring the listing of specific deductions and credits. In arriving at schedules for payment of tax under such forms the department shall as nearly as possible base such schedules upon a total of deductions and credits which will result in substantially the same payment as would have been made by such taxpayer were the taxpayer to specifically list his allowable deductions and credits. In lieu of such return any taxpayer may elect to list permissible deductions and credits as provided by law. It is the intent and purpose of this provision to simplify the procedure of collection of personal income tax, and the director shall have the power in any case when deemed necessary or advisable to require any taxpayer, who has made a return in accordance with the schedule herein provided for, to make an additional return in which all deductions and credits are specifically listed. The department may revise the schedules adopted in connection with such simplified form whenever such revision is necessitated by changes in federal income tax laws, or to maintain the collection of substantially the same amounts from taxpayers as would be received were the specific listing of deductions and credits required.
The department shall provide space on the prescribed income tax form, wherein the taxpayer shall enter the name of the school district of the taxpayer's residence. Such place shall be indicated by prominent type. A nonresident taxpayer shall so indicate. If such information is not supplied on the tax return it shall be deemed an incomplete return.
The director shall determine for the 1979 and subsequent calendar years the annual and cumulative inflation factors for those calendar years to be applied to tax years beginning on or after January 1 of that calendar year. The director shall compute the new dollar amounts as specified therein to be adjusted in section 422.5 by the latest cumulative inflation factor and round off the result to the nearest one dollar. The annual and cumulative inflation factors determined by the director are not rules as defined in section 17A.2, subsection 7.

422.22 Supplementary returns.
If the director shall be of the opinion that any taxpayer required under this division to file a return has failed to file such a return or to include in a return filed, either intentionally or through error, items of taxable income, the director may require from such taxpayer a return or supplementary return in such form as the director shall prescribe, of all the items of income which the taxpayer received during the year for which the return is made, whether or not taxable under the provisions of this division. If from a supplementary return, or otherwise, the director finds that any items of income, taxable under this division, have been omitted from the original return, the director may require the items so omitted to be added to the original return. Such supplementary return and the correction of the original return shall not relieve the taxpayer from any of the penalties to which the taxpayer may be liable under any provisions of this division; whether or not the director required a return or a supplementary return under this section.

422.23 Return by administrator.
The return by an individual, who, while living, was subject to income tax in the state during the tax year, and who has died before making the return, shall be made in the individual’s name and behalf by the administrator or executor of the estate and the tax shall be levied upon and collected from the individual’s estate. In the making of said return, the executor or administrator shall use the same method of computation, either cash or accrual, as was last used by the deceased taxpayer.
The judge of the district court in which the estate of the decedent is probated may, upon application being filed by the administrator or executor of the estate, fix a time and place for hearing upon said application and prescribe the notice to be given to the director and may upon hearing determine whether or not the said estate is subject to income tax and, if the facts warrant such a finding, enter an order relieving said executor or administrator from making an income tax report and order that the said estate is not subject to the payment of income tax. Such order shall not become final until thirty days after the same has been filed with the clerk of the district court and a copy of the order entered by the judge shall be immediately mailed to the director by said executor or administrator by registered mail and a return filed showing the mailing of the same.

§422.25 Computation of tax, interest, and penalties — limitation.
1 Within three years after the return is filed or within three years after the return became due, including any extensions of time for filing, whichever is the later, the department shall examine it and determine the correct amount of tax, and the amount determined by the department shall be the tax. However if the taxpayer omissions from income an amount as will, under the Internal Revenue Code of 1954, extend the statute of limitations for assessment of federal tax to six years under the federal law, the period for examination and determination is six years. In addition to the applicable period of limitation for examination and determination, the department may make an examination and determination at any time within six months from the date of receipt by the department of written notice from the taxpayer of the final disposition of any matter between the taxpayer and the internal revenue service with respect to the particular tax year. In order to begin the running of the six months' period, the notice shall be in writing in any form sufficient to inform the department of the final disposition with respect to that year, and a copy of the federal document showing the final disposition or final federal adjustments shall be attached to the notice. The period for examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax or in the case of a failure to file a return. In lieu of the period of limitation for any prior year for which an underpayment of tax or an elimination or reduction of an underpayment of tax due for that prior year results from an independent or secondary event, the department may make an examination and determination at any time within six months from the date of payment or the date of the event which caused the underpayment of tax. In such a case, the period of limitation shall be extended for the period of extension or for the period of time during which the event was in effect.

3 If the amount of the tax as determined by the department is less than the amount paid, the excess shall be refunded with interest, the interest to begin to accrue on the first day of the second calendar month following the date of payment or the date the return was due to be filed or was filed, whichever is the latest, at the rate in effect under section 421 7 counting each fraction of a month as an entire month under the rules prescribed by the director. If an overpayment of tax results from a net operating loss or net capital loss which is carried back to a prior year, the overpayment, for purposes of computing interest on refunds, shall be considered as having been made on the date a claim for refund or amended return carrying back the net operating loss or net capital loss is filed with the department or on the first day of the second calendar month following the date of the actual payment of the tax, whichever is later. However, when the net operating loss or net capital loss carryback to a prior year eliminates or reduces an underpayment of tax due for an earlier year, the full amount of the underpayment of tax shall bear interest at the rate in effect under section 421 7 for each month counting each fraction of a month as an entire month from the due date of the tax for the earlier year to the last day of the taxable year in which the net operating loss or net capital loss occurred.

4 All payments received must be credited first, to the penalty and interest accrued, and then to the tax due.

5 A person or withholding agent required to supply information, to pay tax, or to make, sign, or file a semimonthly, monthly, or quarterly deposit form or return or supplemental return, who willfully makes a false or fraudulent semimonthly, monthly, or quarterly deposit form or return, or willfully fails to pay the tax, supply the information, or make, sign, or file the semimonthly, monthly, or quarterly deposit form or return, at the time or times required by law, is guilty of a fraudulent practice.

6 The certificate of the director to the effect that a tax has not been paid, that a return has not been filed, or that information has not been supplied, as required under the provisions of this division shall be prima facie evidence thereof except as otherwise provided in this section.

2 In addition to the tax or additional tax determined by the department under subsection 1, the taxpayer shall pay interest on the tax or additional tax at the rate in effect under section 421 7 for each month counting each fraction of a month as an entire month, computed from the date the return was required to be filed. If any person fails to remit at least ninety percent of the tax due with the filing of the return on or before the due date, or pays less than ninety percent of any tax required to be shown on the return, there shall be added to the tax a penalty of five percent of the tax due. In case of willful failure to file a return with intent to evade tax, or in case of willfully filing a false return with intent to evade tax, in lieu of the penalty otherwise provided in this subsection, there shall be added to the amount required to be shown as tax on the return fifty percent of the amount of the tax. The penalty imposed under this subsection is not subject to waiver.

7 In the case of a false or fraudulent return made with the intent to evade tax, in lieu of the penalty otherwise provided in this subsection, there shall be added to the amount required to be shown as tax on the return fifty percent of the amount of the tax. The penalty imposed under this subsection is not subject to waiver.

8 The certificate of the director to the effect that a tax has not been paid, that a return has not been filed, or that information has not been supplied, as required under the provisions of this division shall be prima facie evidence thereof except as otherwise provided in this section.
7. The periods of limitation provided by this section may be extended by the taxpayer by signing a waiver agreement to be provided by the department. Such agreement shall stipulate the period of extension and the year or years to which such extension applies. It shall further provide that a claim for refund may be filed by the taxpayer at any time during the period of extension. In consideration of such agreement, interest due in excess of thirty-six months on either a tax deficiency or tax refund shall be waived.

8. A person or withholding agent who willfully attempts in any manner to defeat or evade a tax imposed by this division or the payment of the tax, upon conviction for each offense is guilty of a class “D” felony.

9. The jurisdiction of any offense as defined in this section is in the county of the residence of the person so charged, unless such person be a nonresident of this state or the person’s residence in this state is not established, in either of which events jurisdiction of such offense is in the county of the seat of government of the state of Iowa.

10. A prosecution for any offense defined in this section must be commenced within six years after the commission thereof, and not after.

422.26 Lien of tax — collection — action authorized.

Whenever any taxpayer liable to pay a tax and penalty imposed refuses or neglects to pay the same, the amount, including any interest, penalty, or addition to such tax, together with the costs that may accrue in addition thereto, shall be a lien in favor of the state upon all property and rights to property, whether real or personal, belonging to said taxpayer.

The lien aforesaid shall attach at the time the tax becomes due and payable and shall continue for ten years from the time the lien attaches unless sooner released or otherwise discharged. The lien may, within ten years from the date the lien attaches, be extended by filing for record a notice with the appropriate county official of any county and from the time of such filing, the lien shall be extended to the property in such county for ten years, unless sooner released or otherwise discharged, with no limit on the number of extensions. Liens having attached prior to January 1, 1969, will expire on January 1, 1979, unless extended by the director of the department of revenue. The director shall charge off any account whose lien is allowed to lapse and may charge off any account and release the corresponding lien before the lien has lapsed if the director determines under uniform rules prescribed by the director that the account is uncollectible or collection costs involved would not warrant collection of the amount due.

In order to preserve the aforesaid lien against subsequent mortgagees, purchasers or judgment creditors, for value and without notice of the lien, on any property situated in a county, the director shall file with the recorder of the county, in which said property is located, a notice of said lien.

The county recorder of each county shall prepare and keep in the recorder’s office a book to be known as “index of income tax liens”, so ruled as to show in appropriate columns the following data, under the names of taxpayers, arranged alphabetically:

1. The name of the taxpayer.
2. The name “State of Iowa” as claimant.
3. Time notice of lien was received.
4. Date of notice.
5. Amount of lien then due.
6. When satisfied.

The recorder shall endorse on each notice of lien the day, hour, and minute when received and preserve the same, and shall forthwith index said notice in said index book and shall forthwith record said lien in the manner provided for recording real estate mortgages, and the said lien shall be effective from the time of the indexing thereof.

The department shall pay a recording fee as provided in section 331.604, for the recording of the lien, or for its satisfaction.

Upon the payment of a tax as to which the director has filed notice with a county recorder, the director shall forthwith file with said recorder a satisfaction of said tax and the said claimant shall enter said satisfaction on the notice on file in his office and indicate said fact on the index aforesaid.

The department shall, substantially as provided in sections 445.6 and 445.7, proceed to collect all taxes and penalties as soon as practicable after the same become delinquent, except that no property of the taxpayer shall be exempt from the payment of said tax. In the event service has not been made on a distress warrant by the officer to whom addressed within five days from the date the distress warrant was received by the officer, the authorized revenue agents of the department are hereby empowered to serve and make return of such warrant to the clerk of the district court of the county named in the distress warrant, and all subsequent procedure shall be in compliance with chapter 626.

The attorney general shall, upon the request of the director, bring an action at law or in equity, as the facts may justify, without bond, to enforce payment of any taxes and penalties, and in such action the attorney general shall have the assistance of the county attorney of the county in which the action is pending.

It is expressly provided that the foregoing remedies of the state shall be cumulative and that no action taken by the director or attorney general shall be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy provided by law.

§422.27 Final report of fiduciary — conditions.

1. No final account of an executor, administrator, or trustee shall be allowed by any court unless such account shows, and the judge of said court finds, that all taxes imposed by the provisions of this division upon the executor, administrator, or trustee, which have become payable, have been paid, and that all taxes which may become due are secured by bond, deposit, or otherwise. The certificate of the director and the receipt for the amount of the tax therein certified shall be conclusive as to the payment of the tax to the extent of said certificate.

2. For the purpose of facilitating the settlement and distribution of estates held by fiduciaries, the director may, on behalf of the state, agree upon the amount of taxes at any time due or to become due from such fiduciaries under the provisions of this division, and payment in accordance with such agreement shall be full satisfaction of the taxes to which the agreement relates.

If such payment is not made, a distress warrant may be issued or a lien filed against such taxpayer immediately.

6 "Business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitutes integral parts of the taxpayer's regular trade or business operations.

7 "Nonbusiness income" means all income other than business income.

8 "Commercial domicile" means the principal place from which the trade of business of the taxpayer is directed or managed.

9 "Taxable in another state" For purposes of allocation and apportionment of income under this division, a taxpayer is taxable in another state if:

a In that state the taxpayer is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax, or

b The state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

10 "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

422.33 Corporate tax imposed — credit.

1 A tax is hereby imposed upon each corporation organized under the laws of this state, and upon every foreign corporation doing business in this state, annually in an amount computed by applying the following rates of taxation to the net income received by the corporation during the income year:

a On the first twenty five thousand dollars of taxable income, or any part thereof, the rate of six percent.

b On taxable income between twenty five thousand dollars and one hundred thousand dollars or any part thereof, the rate of eight percent.

c On taxable income between one hundred thousand dollars and two hundred fifty thousand dollars or any part thereof, the rate of ten percent.

d On taxable income of two hundred fifty thousand dollars or more, the rate of twelve percent.

2 If the trade or business of the corporation is carried on entirely within the state, or if the trade or business consists of the operation of a farm and the property is located entirely within the state, the tax shall be imposed on the entire net income, but if such trade or business is carried on partly within and partly without the state, or if the trade or business consists of the operation of a farm and the property is located partly within and partly without the state, the tax shall be imposed only on the portion of the net income reasonably attributable to the trade or business within the state, and net income attributable to the state to be determined as follows:

a Nonbusiness interest, dividends, rents and royalties, less related expenses, shall be allocated within and without the state in the following manner:

(1) Nonbusiness interest, dividends, and royalties from patents and copyrights shall be allocable to this state if the taxpayer's commercial domicile is in this state.

(2) Nonbusiness rents and royalties received from property located in this state are allocable to this state.

(3) Nonbusiness rents and royalties received from tangible personal property are allocable to this state to the extent that the property is utilized in this state or in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property is utilized. The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown, or unascertainable by the taxpayer tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

(4) Nonbusiness capital gains and losses from the sale or other disposition of assets shall be allocated as follows:

Gains and losses from the sale or other disposition of real property located in this state are allocable to this state.

Gains and losses from the sale or other disposition of tangible personal property are allocable to this state if the property had a situs in this state at the time of the sale or disposition or if the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

Gains and losses from the sale or disposition of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

b Net nonbusiness income of the above class having been separately allocated and deducted as above provided, the remaining net business income of the taxpayer shall be allocated and apportioned as follows:

...
(1) Business interest, dividends, rents, and royalties shall be reasonably apportioned within and without the state under rules adopted by the director.

(2) Capital gains and losses from the sale of or disposition of assets shall be apportioned to the state based upon the business activity ratio applicable to the year the gain or loss is determined if the corporation determines Iowa taxable income by a sales, gross receipts or other business activity ratio. If the corporation has only allocable income, capital gains and losses from the sale or other disposition of assets shall be allocated in accordance with paragraph "a", subparagraph (4).

(3) Where income is derived from business other than the manufacture or sale of tangible personal property, the income shall be specifically allocated or equitably apportioned within and without the state under rules of the director.

(4) Where income is derived from the manufacture or sale of tangible personal property, the part attributable to business within the state shall be in that proportion which the gross sales made within the state bear to the total gross sales.

(5) Where income consists of more than one class of income as provided in subparagraphs (1) to (4) of this paragraph, it shall be reasonably apportioned by the business activity ratio provided in rules adopted by the director.

(6) The gross sales of the corporation within the state shall be taken to be the gross sales from goods delivered or shipped to a purchaser within the state regardless of the f.o.b. point or other conditions of the sale, excluding deliveries for transportation out of the state.

For the purpose of this section, the word "sale" shall include exchange, and the word "manufacture" shall include the extraction and recovery of natural resources and all processes of fabricating and curing. The words "tangible personal property" shall be taken to mean corporeal personal property, such as machinery, tools, implements, goods, wares, and merchandise, and shall not be taken to mean money deposits in banks, shares of stock, bonds, notes, credits, or evidence of an interest in property and evidences of debt.

3. If any taxpayer believes that the method of allocation and apportionment hereinbefore prescribed, as administered by the director and applied to the taxpayer's business, has operated or will so operate as to subject the taxpayer to taxation on a greater portion of the taxpayer's net income than is reasonably attributable to business or sources within the state, the taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following taxable year.

4. In addition to all taxes imposed under this division, there is imposed upon each corporation doing business within the state a state minimum tax for tax preference equal to seventy percent of the state's apportioned share of the federal minimum tax. The state's apportioned share of the federal minimum tax is a percent equal to the ratio of the federal minimum tax on preferences attributable to Iowa to the federal minimum tax on all preferences. The director shall prescribe rules for the determination of the amount of the state's minimum tax on preferences attributable to Iowa which shall be based as much as equitably possible on the allocation and apportionment provisions of subsections 2 and 3. For purposes of this subsection, "federal minimum tax" means the federal minimum tax for tax preferences computed under sections 55 to 58 of the Internal Revenue Code of 1954 for the tax year.

5. The taxes imposed under this division shall be reduced by a state tax credit for increasing research activities in this state equal to six and one-half percent of the state's apportioned share of the qualifying expenditures for increasing research activities. The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to the total qualified research expenditures. For purposes of this subsection, "qualifying expenditures for increasing research activities" means the qualifying expenditures as defined for the federal credit for increasing research activities computed under section 44F of the Internal Revenue Code of 1954, as amended to and including January 1, 1983.

Any credit in excess of the tax liability for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following taxable year.

6. The taxes imposed under this division shall be reduced by a state tax credit equal to five percent of the taxpayer's investment in the initial offering of securities by the Iowa venture capital fund established by the Iowa development commission and approved by a chapter 496A corporation and the Iowa venture capital fund Act. Any credit in excess of the tax liability for the taxable year may be credited to the tax liability for the following three taxable years or until depleted in less than three years.

422.35 Net income of corporation — how computed.
The term "net income" means the taxable income before the net operating loss deduction, as properly computed for federal income tax purposes under the Internal Revenue Code of 1954, with the following adjustments
1 Subtract interest and dividends from federal securities
2 Add interest and dividends from foreign securities and from securities of state and other political subdivisions exempt from federal income tax under the Internal Revenue Code of 1954
3 Where the net income includes capital gains or losses, or gains or losses from property other than capital assets, and such gains or losses have been determined by using a basis established prior to January 1, 1934, an adjustment may be made, under rules and regulations prescribed by the director, to reflect the difference resulting from the use of a basis of cost or January 1, 1934, fair market value, less depreciation allowed or allowable, whichever is higher. Provided that the basis shall be fair market value as of January 1, 1955, less depreciation allowed or allowable, in the case of property acquired prior to that date if use of a prior basis is declared to be invalid.
4 Subtract fifty percent of the federal income taxes paid or accrued, as the case may be, during the tax year, adjusted by any federal income tax refunds, and add the Iowa income tax deducted in computing said taxable income
5 Add the amount by which the basis of qualified depreciable property is required to be increased for depreciation purposes under the Internal Revenue Code Amendments Act of 1964 to the extent that such amount equals the net amount of the special deduction allowed on the basis of the amount by which the depreciable basis of such qualified property was required to be reduced for depreciation purposes under the Internal Revenue Code Amendments Act of 1962
The "net amount of the special deduction" shall be computed by taking the sum of the amounts by which the basis of qualified property was required to be decreased for depreciation purposes for the years 1962 and 1963 and subtracting from it the sum of the amounts by which the basis of such property was required to be increased, prior to 1964, for depreciation or disposition purposes under the Internal Revenue Code Amendments Act of 1962
6 Subtract the amount of the work incentive program credit allowable for the tax year under section 40 or the jobs tax credit allowable for the tax year under section 44B of the Internal Revenue Code of 1954 to the extent that the credit increased federal taxable income
7 If the taxpayer is a small business corporation, subtract an amount equal to fifty percent of the wages paid to individuals named in paragraphs "a", "b", and "c" who were hired for the first time by the taxpayer during the tax year for work done in this state
a A handicapped individual domiciled in this state at the time of the hiring meets any of the following conditions
(1) Has a physical or mental impairment which substantially limits one or more major life activities
(2) Has a record of that impairment
(3) Is regarded as having that impairment
b An individual domiciled in this state at the time of the hiring who meets any of the following conditions

c An individual, whether or not domiciled in this state at the time of the hiring, who is on parole or probation and to whom the interstate probation and parole compact under section 247A 40 applies
This deduction is allowed for the wages paid to the individuals successfully completing a probationary period named in paragraphs "a", "b", and "c" during the twelve months following the date of first employment by the taxpayer and shall be deducted in the tax years when paid
For purposes of this subsection, "physical or mental impairment" means any physiologial disorder or condition, organic brain syndrome, emotional or mental illness and specific learning disabilities
For purposes of this subsection, "small business" means small business as defined in section 2201, subsection 2201, except that it shall also include the operation of a farm
8 Subtract the amount of the alcohol fuel credit allowable for the tax year under section 44E of the
§422.35, INCOME, CORPORATION, SALES AND BANK TAX

Internal Revenue Code of 1954 to the extent that the credit increased federal taxable income

9 Add the amounts deducted and subtract the amounts included in income as a result of the treatment provided in leaseback agreements under section 168(f)(8) of the Internal Revenue Code of 1954 to the extent that the amounts deducted and the amounts included in income are not otherwise deductible or included in income under the other provisions of the Internal Revenue Code of 1954. Entitlement to a credit increased federal taxable income as a result of the operation of a leaseback agreement shall not be included in a consolidated return in making the determination.

10 Add the amount of windfall profits tax deducted under section 164(a) of the Internal Revenue Code of 1954.

11 If after applying all of the adjustments provided for in this section and the allocation and apportionment provisions of section 422.33, the Iowa taxable income results in a net operating loss, such net operating loss shall be deducted as follows:

a The Iowa net operating loss shall be carried back three taxable years or to the taxable year in which the business first commenced doing business in this state, whichever is later;

b The Iowa net operating loss remaining after being carried back as required in paragraph "a" of this subsection or if not required to be carried back shall be carried forward fifteen taxable years;

c If the election under section 172(b)(3)(C) of the Internal Revenue Code of 1954 is made, the Iowa net operating loss shall be carried forward fifteen taxable years;

d No portion of a net operating loss which was sustained from that portion of the trade or business carried on outside the state of Iowa shall be deducted.

Provided, however, that a corporation affected by the allocation provisions of section 422.33 shall be permitted to deduct only such portion of the deductions for net operating loss and federal income taxes as is fairly and equitably allocable to Iowa, under rules prescribed by the director.

1 Every corporation shall make a return and the same shall be signed by the president or other duly authorized officer. Before a corporation shall be dissolved and its assets distributed it shall make a return for any settlement of the tax for any income earned in the income year up to its final date of dissolution.

2 When any corporation, liable to taxation under this division, conducts its business in such a manner as either directly or indirectly to benefit the members or stockholders thereof or any person interested in such business by selling its products or the goods or commodities in which it deals at less than the fair market price which might be obtained therefor, or where a corporation, a substantial portion of whose capital stock is owned either directly or indirectly by another corporation, acquires and disposes of the products, goods or commodities of the corporation so owning a substantial portion of its stock in such a manner as to create a loss or improper net income for either of said corporations, or where a corporation, owning directly or indirectly a substantial portion of the stock of another corporation, acquires and disposes of the products, goods, or commodities, of the corporation of which it so owns a substantial portion of the stock, in such a manner as to create a loss or improper net income for either of said corporations, the department may determine the amount of taxable income of either or any of such corporations for the calendar or fiscal year, having due regard to the reasonable profits which, but for such arrangement or understanding, might or could have been obtained, by the corporation or corporations liable to taxation under this division, from dealing in such products, goods, or commodities.

3 Where the director has reason to believe that any person or corporation so conducts a trade or business as either directly or indirectly to distort the prices of services, or otherwise, whereby the net income is arbitrarily shifted to one or another unit in a group of taxpayers carrying on business under a substantially common control, the director may require such facts as are necessary for the proper computation of the entire net income and the net income properly attributable to the state, and shall determine the same, and in the determination thereof the director shall have regard to the fair profits which would normally arise from the conduct of the trade or business.

4 Foreign corporations shall file a copy of their federal income tax return for the current tax year with the return required by this section.

5 Where a corporation is not subject to income tax and the stockholders of such corporation are taxed on the corporation’s income under the provisions of the Internal Revenue Code of 1954, the same tax treatment shall apply to such corporation and such stockholders for Iowa income tax purposes.

422.37 Consolidated returns.

Any affiliated group of corporations may, not later than the due date for filing its return for the taxable year, including any extensions thereof, under rules to be prescribed by the director, elect, and upon demand of the director shall be required, to make a consolidated return showing the consolidated net income of all such corporations and other information as the director may require, subject to the following:

1 The affiliated group filing under this section shall file a consolidated return for federal income tax purposes for the same taxable year.

2 All members of the affiliated group shall join in the filing of an Iowa consolidated return to the extent they are subject to the tax imposed by section 422.33 or have operations which constitute a part of the unitary business of one or more members which are subject to the Iowa tax.

3 Members of the affiliated group exempt from taxation by section 422.34 of the Code shall not be included in a consolidated return.
All members of the affiliated group shall use the statutory method of allocation and apportionment unless the director has granted permission to all members to use an alternative method of allocation and apportionment.

Each member of the affiliated group shall consent to the filing by specific written authorization at the time the consolidated return is filed, unless the director requires the filing of a consolidated return.

The filing of a consolidated return for any taxable year shall require the filing of consolidated returns for all subsequent taxable years so long as the filing taxpayers remain members of the affiliated group unless the director determines that the filing of separate returns will more clearly disclose the taxable incomes of each member of the affiliated group. This determination shall be made after specific request by the taxpayer for the filing of separate returns.

The computation of consolidated taxable income for the members of an affiliated group of corporations subject to tax shall be made in the same manner and under the same procedures, including all intercompany adjustments and eliminations, as are required for consolidating the incomes of affiliated corporations for the taxable year for federal income tax purposes in accordance with section 1502 of the Internal Revenue Code of 1954.

All the provisions of sections 422.15 to 422.22 of division II, insofar as the same are applicable, shall apply to corporations taxable under this division.

The secretary of state shall immediately notify by registered mail such domestic or foreign corporation of the action taken by the secretary of state.

Any person or persons who shall exercise or attempt to exercise any powers, privileges, or franchises under articles of incorporation or certificate of authority after the same are canceled, as provided in any section of this division, shall pay a penalty of not less than one hundred dollars nor more than one thousand dollars, to be recovered by an action to be brought by the director.

Any corporation whose articles of incorporation or certificate of authority to do business in this state have been canceled by the secretary of state, as provided in subsection 1, or similar provisions of prior revenue laws, upon the filing, within ten years after such cancellation, with the secretary of state, of a certificate from the department that it has complied with all the requirements of this division and paid all state taxes, fees, or penalties due from it, and upon the payment to the secretary of state of an additional penalty of fifty dollars, shall be entitled again to exercise its rights, privileges, and franchises in this state, and the secretary of state shall cancel the entry made by the secretary under the provisions of subsection 1 or similar provisions of prior revenue laws, and shall issue a certificate entitling such corporation to exercise its rights, privileges and franchises.

A person, officer or employee of a corporation, or member or employee of a partnership, who, with intent to evade a requirement of this division or a lawful requirement of the director, fails to pay tax or fails to make, sign, or verify a return or fails to supply information required under this division, is guilty of a fraudulent practice. A person, corporation, officer or employee of a corporation, or member or employee of a partnership, who, with intent to evade any of the requirements of this division, or any lawful requirement of the director, makes, renders, signs, or verifies a false or fraudulent report or statement, or supplies false or fraudulent information, or who aids, abets, directs, causes, or procures anyone so to do, is guilty of a class "D" felony. The penalty is in addition to all other penalties in this division.

Cancellation of authority - penalty - offenses.

1. If a corporation required by the provisions of this division to file any report or return or to pay any tax or fee, either as a corporation organized under the laws of this state, or as a foreign corporation doing business in this state for profit, or owning and using a part or all of its capital or plant in this state, fails or neglects to make any such report or return or to pay any such tax or fee for ninety days after the time prescribed in this division for such report or return, or for paying such tax or fee, the director may certify such fact to the secretary of state. The secretary of state shall thereupon cancel the articles of incorporation of any such corporation which is organized under the laws of this state by proper entry upon the margin of the record thereof, or cancel the certificate of authority of any such foreign corporation to do business in this state by proper entry. Tangible personal property is sold for processing within the meaning of this subsection only when it is intended that such property shall by means of fabrication, compounding, manufacturing, or germination become an integral part of other tangible personal property intended to be sold ultimately at retail, or shall be consumed as fuel in creating heat, power, or steam for processing including grain drying or for generating electric current, or consumed in implements of husbandry engaged in agricultural production, or such property is a chemical, solvent, sorbent, or reagent, which is directly used and is consumed, dissipated, or depleted, in processing personal property which is intended to be sold ultimately at retail, and which may not become a component or integral part of the finished product. 6. "Gross receipts" means the total amount of the sales of retailers, valued in money, whether received in money or otherwise; provided, however,

The sales tax shall be due in the reporting period when the materials, supplies, and equipment are withdrawn from inventory for construction purposes or when sold at retail.

10. The use within this state of tangible personal property by the manufacturer thereof, as building materials, supplies or equipment, in the performance of construction contracts or for any other purpose except for resale or processing, shall, for the purpose of this division, be construed as a sale at retail thereof by the manufacturer who shall be deemed to be the consum-

The tax shall be due and collectible when the service is rendered, furnished, or performed for the ultimate user thereof.

"Services used in the processing of tangible personal property" includes the reconditioning or repairing of tangible personal property of the type normally sold in the regular course of the retailer's business and which is held for sale upon which the gross receipts tax under this division or the use tax under chapter 423 will be paid when the tangible personal property is sold.

14 "User" means the immediate recipient of the services who is entitled to exercise a right of power over the product of such services.

15 "Value of services" means the price to the user exclusive of any direct tax imposed by the federal government or by this division.

In order for a seller to take a valid exemption certificate in good faith, the seller must exercise reasonable prudence to determine the facts supporting the valid exemption certificate, and if any facts upon such certificate would lead a reasonable person to further inquiry, then such inquiry must be made with an honest intent to discover the facts.

e. If the circumstances change and the tangible personal property or services are used or disposed of by the purchaser in a nonexempt manner, the purchaser is liable solely for the taxes and shall remit the taxes directly to the department in accordance with this subsection.

The director shall cooperate with such retailers, organizations, or associations in formulating such agreements and rules. Absorbing tax prohibited. It shall be unlawful for any retailer to advertise or hold out or state to the public or to any consumer, directly or indirectly, that the tax or any part thereof imposed by this division will be assumed or absorbed by the retailer or that it will not be considered as an element in the price to the consumer, or if added, that it or any part thereof will be refunded.

The balance remaining due after such credit for monthly deposits shall be entered on the return, provided, however, that such person may be granted an extension of time not exceeding thirty days for filing such quarterly return, upon a proper showing of necessity therefor. If such extension be granted such person shall have paid by the twentieth day of the month following the close of such quarter ninety percent of the estimated tax due.

2. If necessary or advisable in order to insure the payment of the tax imposed by this division, the director may require returns and payment of the tax to be made for other than quarterly periods, the provisions of section 422.52 or elsewhere to the contrary notwithstanding.

3. Returns shall be signed by the retailer or the retailer's duly authorized agent, and must be duly certified by the retailer to be correct.

4. If it is reasonably expected, as determined by rules prescribed by the director, that a retailer's annual tax liability will not exceed one hundred twenty dollars for a calendar year, the retailer may request and the director may grant permission, in lieu of the quarterly filing requirement of subsection 1 of this section and the remitting requirements of section 422.52, to file the return required under this section in which the retailer is engaged in business.

The monthly remittance procedure is optional for any sales tax permit holder whose average monthly collection of tax amounts to more than twenty five dollars and less than fifty dollars. If the exact amounts of the taxes due or an amount equal to not less than one third of the tax collected and paid to the department in the last preceding quarter on the deposit form are not ascertainable by the retailer, or would work undue hardship in the computation of the taxes due by the retailer, the director may provide by rules alternative procedures for estimating the amounts (but not the dates) due by the retailers. The forms prescribed by the director shall be referred to as “retailers semi-monthly tax deposit” or “retailers monthly tax deposit.” Deposit forms shall be signed by the retailer or the retailer's duly authorized agent, and shall be duly certified by the retailer or agent to be correct. 2 Every permit holder at the time of making the return required hereunder, shall compute and pay to the department the tax due for the preceding period.

3 The director may, when necessary and advisable in order to secure the collection of the tax levied under this division, require any person subject to such tax to file with the director a bond, issued by a surety company authorized to transact business in this state and approved by the insurance commissioner as to solvency and responsibility, in such amount as the director may fix, to secure the payment of any tax or penalties due or which may become due from such person. In lieu of such bond, securities approved by the director, in such amount as the director may prescribe, may be deposited with the department, which securities shall be kept in the custody of the department and may be sold by the director at public or private sale, without notice to the depositor thereof, if it becomes necessary so to do in order to recover any tax or penalties due. Upon any such sale, the surplus, if any, above the amounts due under this division shall be returned to the person who deposited the securities.

4 The tax by this division imposed upon those sales of motor vehicle fuel which are subject to tax and refund under chapter 324 shall be collected by the state treasurer by way of deduction from refunds otherwise allowable under said chapter. 5 The provisions of subsection 1, according to the context, shall apply to persons having receipts from rendering, furnishing, or performing services enumerated in section 422.43.

4 Permits issued under this division are valid and effective until revoked by the department.

5 If the holder of a permit fails to comply with any of the provisions of this division or any orders or rules of the department adopted under this division, the director may, when necessary and advisable in order to secure the collection of the tax levied under this division, require any person subject to such tax to file with the director a bond, issued by a surety company authorized to transact business in this state and approved by the insurance commissioner as to solvency and responsibility, in such amount as the director may fix, to secure the payment of any tax or penalties due or which may become due from such person. In lieu of such bond, securities approved by the director, in such amount as the director may prescribe, may be deposited with the department, which securities shall be kept in the custody of the department and may be sold by the director at public or private sale, without notice to the depositor thereof, if it becomes necessary so to do in order to recover any tax or penalties due. 422.72 Information deemed confidential.

1. It is unlawful for the director, or any person having an administrative duty under this chapter, or any present or former officer or other employee of the state authorized by the director to examine returns, to divulge in any manner whatever, the business affairs, operations, or information obtained by an investigation under this chapter of records and equipment of any person visited or examined in the discharge of official duty, or the amount or source of income, profits, losses, expenditures or any particular thereof, set forth or disclosed in any return, or to permit any return or copy of a return or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law. However, the director may authorize examination of such state returns and other state information which is confidential under this section, if a reciprocal arrangement exists, by tax officers of another state or the federal government. The director may, by rules adopted pursuant to chapter 17A, authorize examination of state information and returns by other officers or employees of this state to the extent required by their official duties and responsibilities. Disclosure of state information to tax officers of another state is limited to disclosures which have a tax administrative purpose and only to officers of those states which have laws that are as strict as the laws of this state protecting the confidentiality of returns and information. The director shall place upon the state tax form a notice to the taxpayer that state tax information may be disclosed to tax officials of another state or of the United States for tax administrative purposes. The department shall not authorize the examination of tax information by officers and employees of this state, another state, or of the United States, if the officers or employees would otherwise be required to obtain a judicial order to examine the information if it were to be obtained from another source, and if the purpose of the examination is other than for tax administration. However, the director of revenue may provide sample individual income tax information to be used for statistical purposes to the legislative fiscal bureau. The information shall not include the name or mailing address of the taxpayer or the taxpayer’s social security number. Any information contained in an individual income tax return which is provided by the director shall only be used as a part of a data base which contains similar information from a number of returns. The legislative fiscal bureau shall not have access to the income tax returns of individuals. Each request for individual in
come tax information shall contain a statement by the director of the legislative fiscal bureau that the individual income tax information received by the bureau shall be used solely for statistical purposes. This subsection does not prevent the department from authorizing the examination of state returns and state information under the provisions of section 252B.

This subsection prevails over any general law of this state relating to public records.

The director of revenue shall provide state tax returns and return information to the auditor of state, to the extent that the information is necessary to complete the annual audit of the department of revenue required by section 112. The state tax returns and return information provided by the director shall remain confidential and shall not be included in any public documents issued by the auditor of state.

A claim for refund or credit that has not been filed with the department within three years after the return upon which a refund or credit claimed became due, or within one year after the payment of the tax upon which a refund or credit is claimed was made, whichever time is the later, shall not be allowed by the director. As a result of a carryback of a net operating loss or a net capital loss, the amount of tax in a prior period is reduced and an overpayment results, the claim for refund or credit of the overpayment shall be filed with the department within the three years after the return for the taxable year of the net operating loss or net capital loss became due. Notwithstanding the period of limitation specified, the taxpayer shall have six months from the day of final disposition of any income tax matter between the taxpayer and the internal revenue service with respect to the particular tax year to claim an income tax refund or credit. Provided the taxpayer has notified the department of revenue in writing no later than six months after the expiration of the three-year limitation period of the existence of this income tax matter.

Notwithstanding the period of limitation specified, the taxpayer shall have until June 30, 1983, to file a refund claim for a tax paid on the amount of a lump sum distribution for which the taxpayer has elected under section 402(e) of the Internal Revenue Code of 1954 to be separately taxed for federal income tax purposes for the tax year beginning on January 1, 1977 and ending December 31, 1977, and for the tax year beginning on January 1, 1979 and ending December 31, 1979. Interest shall not accrue during the extended period for refund claims authorized by this section.

3 A credit, action or claim for refund arising or existing from a carryback of a net operating loss or net capital loss from tax years ending on or before December 31, 1978 is not allowed, unless the action or claim was received by the department prior to July 1, 1984. This subsection prevails over any other statutes authorizing income tax refunds or claims.

Wherever in any division of this chapter a refund is authorized, the director shall certify the amount of the refund and the name of the payee to the state comptroller. Upon certification from the director, the state comptroller shall draw a warrant on the state general fund in the amount specified payable to the named payee, and the state treasurer shall pay the same.

The department shall prepare and publish annually statistics reasonably available, with respect to the operation of this chapter, including amounts collected, classification of taxpayers, and such other facts as are deemed pertinent and valuable.

Every taxpayer subject to the tax imposed by sections 422.33 and 422.60 shall file a declaration of estimated tax for the taxable year if the amount of tax payable, less credits, can reasonably be expected to be more than one thousand dollars for the taxable year. For purposes of this division, “estimated tax” means the amount which the taxpayer estimates to be the tax due and payable under division III or V of this chapter for the taxable year. If during the first quarter of the taxable year it is determined that the taxpayer’s tax liability for the taxable year will exceed one thousand dollars, the declaration of estimated tax shall be filed on or before the last day of the fourth month of the taxable year. If after the last day of the third month and before the first day of the sixth month of the taxable year it is determined that the taxpayer’s tax liability for the taxable year will exceed one thousand dollars, the declaration of estimated tax shall be filed on or before the last day of the fourth month of the taxable year. If after the last day of the third month and before the first day of the sixth month of the taxable year, the amount of the underpayment shall be filed on or before the last day of the taxable year.

422.86  Payment of estimated tax.

The first installment shall be paid at the time of the filing of the declaration. The second and third installments shall be paid not later than the last day of the sixth month and the last day of the taxable year, respectively.
2. If the declaration of estimated tax is timely filed after the last day of the fourth month but not later than the last day of the sixth month of the taxable year, the estimated tax shall be paid in three equal installments. The first installment shall be paid at the time of the filing of the declaration. 5. If the declaration of estimated tax is not filed as required under section 422.85, all installments of estimated tax which would have been payable on or before such time shall be paid at the time the declaration of estimated tax is filed. The remaining installments of estimated tax, if any, shall be paid at the time and in the amounts in which they would have been payable if the declaration had been timely filed.

If an amendment to a declaration is filed, the remaining installments shall be ratably adjusted to reflect the increase or decrease in the estimated tax by reason of such amendment.

1. If the taxpayer submits an underpayment of the estimated tax, the taxpayer is subject to an underpayment penalty at the rate established under section 421.7 upon the amount of the underpayment for the period of the underpayment.
2. The amount of the underpayment shall be the excess of the amount of the installment which would be required to be paid if the estimated tax was equal to eighty percent of the tax shown on the return of the taxpayer for the taxable year over any amount of installments paid on or before the date prescribed for payment.
3. If the taxpayer did not file a return during the taxable year, the amount of the underpayment shall be equal to eighty percent of the taxpayer’s tax liability for the taxable year over any amount of installments paid on or before the date prescribed for payment.
4. The period of the underpayment shall run from the date the installment was required to be paid to the last day of the fourth month following the close of the taxable year or the date on which such portion is paid, whichever date first occurs.
5. A payment of estimated tax on any installment date shall be considered a payment of any previous underpayment only to the extent such payment exceeds the amount of the installment determined under subsection 2 or 3 of this section for such installment date.

422.89  Exception to penalty.
The penalty for underpayment of any installment of estimated tax imposed under section 422.88 shall not be imposed if the total amount of all payments of estimated tax made on or before the last date pre-
scribed for the payment of such installment equals or exceeds the amount which would have been required to be paid on or before such date if the estimated tax amount at least to one of the following:

1. The tax shown on the return of the taxpayer for the preceding taxable year, if a return showing a liability for tax was filed by the taxpayer for the preceding taxable year and such preceding year was a taxable year of twelve months.

2. An amount equal to the tax computed at the rates applicable to the taxable year but otherwise on the basis of the facts shown on the return of the taxpayer for, and the law applicable to, the preceding taxable year.

3. An amount equal to eighty percent of the tax for the taxable year computed by placing an annualized basis the taxable income:
   a. For the first three months of the taxable year if an installment is required to be paid in the fourth month,
   b. For the first three months or for the first five months of the taxable year if an installment is required to be paid in the sixth month,
   c. For the first six months or for the first eight months of the taxable year if an installment is required to be paid in the ninth month, and
   d. For the first nine months or for the first eleven months of the taxable year if an installment is required to be paid in the twelfth month of the taxable year.

The taxable income shall be placed on an annualized basis by multiplying the taxable income as determined under this subsection by twelve and dividing the resulting amount by the number of months in the taxable year (three, five, six, eight, nine, or eleven months, as the case may be) referred to in this subsection.

[C79, 81 §422 89]

422.90 Penalty not subject to waiver.

[C79, 81 §422 90]

422.91 Credit for estimated tax.

Any amount of tax paid on a declaration of estimated tax shall be a credit against the amount of tax due on a final, completed return, and any overpayment of five dollars or more shall be refunded to the taxpayer with interest, the interest to begin to accrue on the first day of the second calendar month following the date of payment or the date the return was due to be filed or was filed, whichever is the latest, at the rate established under section 422.75, and the return shall constitute a claim for refund for this purpose.

Amounts less than five dollars shall be refunded to the taxpayer upon written application in accordance with section 422.75, but only if the application is filed within twelve months after the due date for the return.

In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on its final, completed return for the taxable year credited to the tax liability for the following taxable year.

[C79, 81 §422 92]

422.93 Public utility accounting method.

Nothing in this chapter shall be construed to require the Iowa State Commerce Commission to allow or require the use of any particular method of accounting by any public utility to compute its tax expense, depreciation expense or operating expense for purposes of establishing its cost of service for rate making purposes and for reflecting operating results in its regulated books of account.

DIVISION IX

FUEL TAX CREDIT

Referred to in §§324.17 to 324.19

422.110 Income tax credit in lieu of refund.

In lieu of the fuel tax refund provided in sections 324.17 to 324.19, each person or corporation subject to taxation under divisions II or III of this chapter, except those persons or corporations licensed under section 324.4 or 324.36, may elect to receive an income tax credit for tax years beginning on or after January 1, 1975. The person or corporation which elects to receive an income tax credit shall cancel its refund permit obtained under section 324.18 within thirty days after the first day of its tax year. For the purposes of this section, the term "person" includes a person claiming a tax credit based upon the person's proportionate share of the earnings from a partnership or corporation which corporation or partnership as a business entity is not subject to a tax under division II or III of this chapter as a partnership or corporation. When the election to receive an income tax credit has been made, it remains effective for at least one tax year, and for subsequent tax years unless a change is requested and a new refund permit applied for within thirty days after the first day of the person's or corporation's tax year. The income tax credit shall be the amount of the Iowa fuel tax paid on fuel purchased by the person or corporation and used as follows:

1. Motor fuel as defined in section 324.2, subsection 1, used for the purpose of operating or propelling farm tractors, corn shellers, roller mills, truck-mounted feed grinders, stationary engines, aircraft, for producing denatured alcohol within the state, for cleaning or dyeing, or for any purpose other than in watercraft or in motor vehicles operated or intended to be operated upon the public highways.

2. Special fuel as defined in section 324.33, subsection 1, used for the purpose of operation of corn shellers, roller mills and feed grinders mounted on trucks.

3. Motor fuel placed in motor vehicles and used, other than on public highways, in the extraction and processing of natural deposits.

4. Motor fuel or special fuel used by a bona fide commercial fisherman, licensed and operating under an owner's certificate for commercial fishing gear issued pursuant to section 110.1.

However, no credit shall be given with respect to motor fuel taken out of the state in fuel supply tanks of motor vehicles, or motor fuel used in the performance of a contract which is paid out of state funds unless the contract for the work contains a certificate made under penalty for false certificate that the estimate, bid or price to be paid for the work includes no amount representing motor fuel tax subject to a credit. The right to a credit under this section is not assignable and the credit may be claimed only by the person or corporation that purchased the fuel.

[C75, 77, §422.86, C79, 81, §422.110, 82 Acts, ch 1176, §2]

Referred to in §422.111

422.111 Fuel tax credit as income tax credit.

The fuel tax credit may be applied against the income tax liability of the person or corporation as determined on the tax return filed for the year in which the fuel tax was paid. The fuel tax credit for tax paid on motor fuel used for the purpose of operating aircraft must be itemized separately. The department shall provide forms for claiming the fuel tax credit. If the fuel tax credit would result in an overpayment of income tax, the person or corporation may apply for a refund of the amount of overpayment or may have the overpayment credited to income tax due in subsequent years. Each person or corporation that claims...
a fuel tax credit shall maintain the original invoices showing the purchase of the fuel on which a credit is claimed. No invoice is acceptable in support of a claim for credit unless it is a separate serially numbered invoice covering no more than one purchase of motor fuel or special fuel, prepared by the seller on a form approved by the department, nor unless it is legibly written with no corrections or erasures and shows the date of sale, the name and address of the seller and of the purchaser, the kind of fuel, the gallonage in figures, the per gallon price of the fuel, the total purchase price including the Iowa fuel tax, and that the total purchase price has been paid. However, to refund invoices made on a billing machine the department may waive these requirements. If an original invoice is lost or destroyed, the department may approve a credit supported by a copy identified and certified by the seller as being a true copy of the original. Each person or corporation that claims a fuel tax credit shall maintain complete records of purchases of motor fuel or special fuel on which Iowa fuel tax was paid, and for which a fuel tax credit is claimed.

In order to verify the validity of a claim for credit the department of revenue shall have the right to require the claimant to furnish such additional proof of validity as the department of revenue may determine and to examine the books and records of the claimant. Failure of the claimant to furnish the books and records for examination shall constitute a waiver of rights to claim a credit related to that taxpayer’s year and the department may disallow the entire credit claimed by the taxpayer for that year.

If in verifying the validity of a claim for a refund of fuel taxes through an income tax credit under this section for tax years beginning on or after January 1, 1975 and ending on or before December 31, 1976, the department discovers that all requirements of the law with respect to a refund of fuel taxes through an income tax credit have been complied with except for the provision of section 422.110 requiring cancellation of the refund permit, the department may allow the income tax credit.

[C75, 77, §422 87, C79, 81, §422 111]

422.112 Aircraft fuel tax transfer.

The department shall certify quarterly to the treasurer of state the amount of credit that has been taken against income tax liability since the time of the last certification, for the Iowa fuel tax paid on motor fuel, special fuel and motor fuel used for the purpose of operating aircraft, and the treasurer of state shall transfer the amount of the total credit from the motor fuel tax fund, or in the case of aircraft motor fuel, from the separate fund established by section 324 82, to the general fund of the state.

422A 1 Hotel and motel tax

422A 2 Local transient guest tax fund

422A 1 Hotel and motel tax.

A city or county may impose by ordinance of the city council or by resolution of the board of supervisors a hotel and motel tax, at a rate not to exceed seven percent, which shall be imposed in increments of one or more full percentage points upon the gross receipts from the renting of any and all sleeping rooms, apartments, or sleeping quarters in any hotel, motel, inn, public lodging house, rooming house, or tourist court, or in any place where sleeping accommodations are furnished to transient guests for rent, whether with or without meals except the gross receipts from the renting of sleeping rooms in dormitories and in memorial unions at all universities and colleges located in the state of Iowa. The tax when imposed by a city shall apply only within the corporate boundaries of that city and when imposed by a county shall apply only outside incorporated areas within that county. "Renting" and "rent" include any kind of direct or indirect charge for such sleeping rooms, apartments, sleeping quarters, or the use thereof. However, such tax shall not apply to the gross receipts from the renting of a sleeping room, apartment, or sleeping quarters while rented by the same person for a period of more than thirty-one consecutive days.

A local hotel and motel tax shall be imposed on January 1, April 1, July 1, or October 1, following the notification of the director of revenue. Once imposed, the tax shall remain in effect at the rate imposed for a minimum of one year. A local hotel and motel tax shall terminate only on March 31, June 30, September 30, or December 31. At least sixty days prior to the tax being effective or prior to a revision in the tax rate, or prior to the repeal of the tax, a city or county shall provide notice by certified mail of such action to the director of revenue.
A city or county shall impose a hotel and motel tax or increase the tax rate, only after an election at which a majority of those voting on the question favors imposition or increase. However, a hotel and motel tax shall not be repealed or reduced in rate if obligations are outstanding which are payable as provided in section 422A.2, unless funds sufficient to pay the principal, interest and premium, if any, on the outstanding obligations at and prior to maturity have been properly set aside and pledged for such purpose. The election shall be held at the time of that city's or county's general election.

The director of revenue shall administer the provisions of a local hotel and motel tax as nearly as possible in conjunction with the administration of the state sales tax law. The director shall provide appropriate forms, or provide on the regular state tax forms, for reporting local hotel and motel tax liability. All monies received or refunded one hundred eighty days after the date on which a city or county terminates its local hotel and motel tax shall be deposited in or withdrawn from the state general fund.

The director, in consultation with local officials, shall collect and account for a local hotel and motel tax and shall credit all revenues to a "local transient guest tax fund" established by section 422A.2.

No tax permit other than the state tax permit required under section 422.53 may be required by local authorities.

The tax herein levied shall be in addition to any state sales tax imposed under section 422.43. The provisions of sections 422.25, subsection 4, 422.30, 422.48 to 422.52, 422.54 to 422.58, 422.67, 422.68, 422.69, subsection 1, and 422.70 to 422.75, consistent with the provisions of this chapter, shall apply with respect to the taxes authorized under this chapter, in the same manner and with the same effect as if the hotel and motel taxes were retail sales taxes within the meaning of those statutes. Notwithstanding the provisions of this paragraph, the director shall provide for only quarterly filing of returns as prescribed in section 422.51. Further, the director may require all persons as defined in section 422.42, who are engaged in the business of deriving gross receipts subject to tax under this chapter, to register with the department.

[C79, 81, §422A.1]
Referred to in §422A 2

422A.2 Local transient guest tax fund.

1. There is created in the office of the treasurer of state a local transient guest tax fund which shall consist of all moneys credited to such fund under section 422A.1.

2. All moneys in the local transient guest tax fund shall be remitted at least quarterly by the treasurer of state, pursuant to rules of the director of revenue, to each city in the amount collected from businesses in that city and to each county in the amount collected from businesses in the unincorporated areas of the county.

3. Moneys received by the city from this fund shall be credited to the general fund of the city, subject to the provisions of subsection 4.

4. The revenue derived from any hotel and motel tax authorized by this chapter shall be used as follows:

a. Each county or city which levies the tax shall spend at least fifty percent of the revenues derived therefrom for the acquisition of sites for, or constructing, improving, enlarging, equipping, repairing, operating, or maintaining of recreation, convention, cultural, or entertainment facilities including but not limited to memorial buildings, halls and monuments, civic center convention buildings, auditoriums, coliseums, and parking areas or facilities located at those recreation, convention, cultural, or entertainment facilities or the payment of principal and interest, when due, on bonds or other evidence of indebtedness issued by the county or city for those recreation, convention, cultural, or entertainment facilities; or for the promotion and encouragement of tourist and convention business in the city or county and surrounding areas.

b. The remaining revenues may be spent by the city or county which levies the tax for any city or county operations authorized by law as a proper purpose for the expenditure within statutory limitations of city or county revenues derived from ad valorem taxes.

c. Any city or county which levies and collects the hotel and motel tax authorized by this chapter may pledge irrevocably an amount of the revenues derived therefrom for each of the years the bonds remain outstanding to the payment of bonds which the city or county may issue for one or more of the purposes set forth in paragraph "a" of this subsection. Any revenue pledged to the payment of such bonds may be credited to the spending requirement of paragraph "a" of this subsection.

d. The provisions of division III of chapter 384 relating to the issuance of corporate purpose bonds apply to the issuance by a city of bonds payable as provided in this section and the provisions of chapter 331, division IV, part 3, relating to the issuance of county purpose bonds apply to the issuance by a county of bonds payable as provided in this section. The provisions of chapter 76 apply to the bonds payable as provided in this section except that the mandatory levy to be assessed pursuant to section 76.2 shall be at a rate to generate an amount which together with the receipts from the pledged portion of the hotel and motel tax is sufficient to pay the interest and principal on the bonds. All amounts collected as a result of the levy assessed pursuant to section 76.2 and paid out in the first instance for bond principal and interest shall be repaid to the city or county which levied the tax from the first available hotel and motel tax collections received in excess of the requirement for the payment of the principal and interest of the bonds and when repaid shall be applied in reduction of property taxes.

The amount of bonds which may be issued under section 76.3 shall be the amount which could be retired from the actual collections of the hotel and motel tax for the last four calendar quarters, as certified by the director of revenue. The amount of tax revenues pledged jointly by other cities or counties may be considered for the purpose of determining the amount of bonds which may be issued. If the hotel and motel tax has been in effect for less than four calendar quarters, the tax collected within the shorter period may be adjusted to project the collections for the full year for the purpose of determining the amount of the bonds which may be issued.
A city or county, jointly with one or more other cities or counties as provided in chapter 28E, may pledge irrevocably any amount derived from the revenues of the hotel and motel tax to the support or payment of bonds issued for a project within the purposes set forth in paragraph "a" of this subsection and located within one or more of the participatory cities or counties or may apply the proceeds of its bonds to the support of any such project. Revenue so pledged or applied shall be credited to the spending requirement of paragraph "a" of this subsection.

If a person fails to file a claim or to have a claim on file with the assessor for the credits provided in this chapter, the person is deemed to have waived the homestead credit for the year in which the person failed to file the claim or to have a claim on file with the assessor.

425.7 Appeals permitted — disallowed claims and penalty. 1. Any person whose claim is denied under the provisions of this chapter may appeal from the action of the board of supervisors to the district court of the county in which said claimed homestead is situated by giving written notice of such appeal to the county auditor of said county within twenty days from the date of mailing of notice of such action by the board of supervisors.

2. In the event any claim under this chapter is allowed, any owner of an eligible homestead may appeal from the action of the board of supervisors to the district court of the county in which said claimed homestead is situated by giving written notice of such appeal to the county auditor of said county and such notice to the owner of said claimed homestead as a judge of the district court shall direct.

3. If the director of revenue determines that any claim for homestead credit has been allowed by any board of supervisors which is not justifiable under the law and not substantiated by proper facts, the director may, at any time within twenty-four months from July 1 of the year in which the claim is allowed, set aside the allowance. Notice of the disallowance shall be given to the county auditor of the county in which the claim has been improperly granted and a written notice of the disallowance shall also be addressed to the claimant at the claimant’s last known address.
The claimant or the board of supervisors may seek judicial review of the action of the director of revenue in accordance with the Iowa administrative procedure Act. In any case where a claim is so disallowed by the director of revenue and a petition for judicial review is not filed with respect to the disallowance, any amounts of credits allowed and paid from the homestead credit fund including the penalty, if any, become a lien upon the property on which credit was originally granted, if still in the hands of the claimant, and not in the hands of a bona fide purchaser, and any amount so erroneously paid including the penalty, if any, shall be collected by the county treasurer in the same manner as other taxes and the collections shall be returned to the department of revenue and credited to the homestead credit fund. The director of revenue may institute legal proceedings against a homestead credit claimant for the collection of all payments made on disallowed credits and the penalty, if any. If a homestead credit is disallowed and the claimant failed to give written notice to the assessor as required by section 425.2 when the property ceased to be used as a homestead by the claimant, a civil penalty equal to fifty percent of the amount of the disallowed credit is assessed against the claimant.

425.8 Forms — rules.

The director of revenue shall prescribe the form for the making of verified statement and designation of homestead, the form for the supporting affidavits required herein, and such other forms as may be necessary for the proper administration of this chapter. Whenever necessary, the department of revenue shall forward to the county auditors of the several counties in the state the prescribed sample forms, and the county auditors shall furnish blank forms prepared in accordance therewith with the assessment rolls, books, and supplies delivered to the assessors. The department of revenue shall prescribe and the county auditors shall provide on the forms for claiming the homestead credit a statement to the effect that the owner realizes that he or she must give written notice to the assessor when the owner changes the use of the property.

The director of revenue may prescribe rules, not inconsistent with the provisions of this chapter, necessary to carry out and effectuate its purposes.

Referred to in §331 559

425.9 Credits in excess of tax — appeals — refunds.

If the amount of credit apportioned to any homestead under the provisions of this chapter in any year shall exceed the total tax, exclusive of any special assessments levied against said homestead, then such excess shall be remitted by the county treasurer to the department of revenue to be redeposited in the homestead credit fund and be reallocated the following year by the department as provided hereunder. If any claim for credit made hereunder has been denied by the board of supervisors, and such action is subsequently reversed on appeal, the credit shall be allowed on the homestead involved in said appeal, and the director of revenue, the county auditor, and the county treasurer shall make such credit and change their books and records accordingly.

In the event the appealing taxpayer has paid one or both of the installments of the tax payable in the year or years in question on such homestead valuation, remittance shall be made to such taxpayer of the amount of such credit.

The amount of such credit shall be allocated and paid from the surplus redeposited in the homestead credit fund provided for in the first paragraph of this section.

Referred to in §331 559

425.10 Reversal of allowed claim.

In the event any claim is allowed, and subsequently reversed on appeal, any credit made thereunder shall be void, and the amount of such credit shall be charged against the property in question, and the director of revenue, the county auditor, and the county treasurer are authorized and directed to correct their books and records accordingly. The amount of such erroneous credit, when collected, shall be returned by the county treasurer to the homestead credit fund to be reallocated the following year as provided herein.

425.11 Definitions.

For the purpose of this chapter and wherever used in this chapter:

1. The word "homestead" shall have the following meaning:

a. The homestead must embrace the dwelling house which the owner, in good faith, is occupying as a home on July 1 of the year for which the credit is claimed, except as herein provided.

When any person is inducted into active service under the Selective Training and Service Act of the United States or whose voluntary entry into active service results in a credit on the quota of persons required for service under the Selective Training and Service Act, or who, being a member of any component part of the military, naval, or air forces or nurse corps of this state or nation, is called or ordered into active service, such person shall be considered as occupying or living on the homestead during such service and, where equitable or legal title of the homestead is in the spouse of the person who is a member of or is inducted into the armed services of the United States, the spouse shall be considered as occupying or living on the homestead during such service.

When any person is confined in a nursing home, extended-care facility, or hospital, such person shall be considered as occupying or living on a homestead where such person is the owner of such homestead and such person maintains such homestead and does not lease, rent, or otherwise receive profits from other persons for the use thereof.

b. It may contain one or more contiguous lots or tracts of land with the buildings or other appurtenances thereon habitually, and in good faith, used as a part of the homestead.
c. It must not embrace more than one dwelling house, but where a homestead has more than one dwelling house situated thereon, the credit provided for in this chapter shall apply to the home and buildings used by the owner, but shall not apply to any other dwelling house and buildings appurtenant.

d. The words "dwelling house" shall embrace any building occupied wholly or in part by the claimant as a home.

2. The word "owner" shall mean the person who holds the fee simple title to the homestead, and in addition shall mean the person occupying as a surviving spouse or the person occupying under a contract of purchase which contract has been recorded in the office of the county recorder of the county in which the property is located, or the person occupying the homestead under devise or by operation of the inheritance laws where the whole interest passes or where the divided interest is shared only by persons related or formerly related to each other by blood, marriage or adoption, or the person occupying the homestead under a deed which conveys a divided interest where the divided interest is shared only by persons related or formerly related to each other by blood, marriage or adoption or where the person occupying the homestead holds a life estate with the reversion interest in a horizontal property regime under chapter 499B, regardless of whether the underlying land committed to the horizontal property regime is in fee or as a leasehold interest, provided that the holder of the interest in the horizontal property regime is liable for and pays property tax on the homestead. For the purpose of this chapter the word "owner" shall be construed to mean a bona fide owner and not one for the purpose only of availing the person of the benefits of the homestead whose annual income, together with that of the titleholder's spouse, if any, for the last preceding twelve-month income tax accounting period exceeds ten thousand dollars. For the purpose of this section "income" means taxable income for federal income tax purposes plus income from securities of state and other political subdivisions exempt from federal income tax. Any veteran or a beneficiary of the veteran who acquires a different homestead, the credit allowed under the provisions of the United States Code, title 38, chapter 21, sections 801 and 802, the credit allowed on the homestead from the homestead credit fund shall be the entire amount of the tax levied on the homestead. The credit allowed shall be continued to the estate of the veteran who is deceased or the surviving spouse remains unmarried. This section is not applicable to the holder of title to any homestead whose annual income, together with that of the titleholder's spouse, if any, for the last preceding twelve-month income tax accounting period exceeds ten thousand dollars. For the purpose of this section "income" means taxable income for federal income tax purposes plus income from securities of state and other political subdivisions exempt from federal income tax. Any veteran or a beneficiary of the veteran who elects to secure the credit provided in this section is not eligible for any other real property tax exemption provided by law for veterans of military service. If the veteran acquires a different homestead, the credit allowed under the provisions of this section may be claimed on a new homestead unless the veteran fails to meet the other requirements of this section.

3. The words "assessed valuation" shall mean the taxable valuation of the homestead as fixed by the assessor, or by the board of review, under the provisions of section 441.21, without deducting therefrom the exemptions authorized in section 427.9.

Where not in conflict with the terms of the definitions above set out, the provisions of chapter 561 shall control.

425.15 Disabled veteran tax credit.

If the owner of the homestead, allowed a credit under this chapter, is a veteran of any of the military forces of the United States who acquired the homestead under the provisions of the United States Code, title 38, chapter 21, sections 801 and 802, the credit allowed on the homestead from the homestead credit fund shall be the entire amount of the tax levied on the homestead. The credit allowed shall be continued to the estate of the veteran who is deceased or the surviving spouse and any child, as defined in section 234.1 who are the beneficiaries of the veteran so long as the surviving spouse remains unmarried. This section is not applicable to the holder of title to any homestead whose annual income, together with that of the titleholder's spouse, if any, for the last preceding twelve-month income tax accounting period exceeds ten thousand dollars. For the purpose of this section "income" means taxable income for federal income tax purposes plus income from securities of state and other political subdivisions exempt from federal income tax. 425.17 Definitions.
As used in this division, unless the context otherwise requires

1. "Income" means the sum of Iowa net income as defined in section 422.7, plus all of the following to the extent not already included in Iowa net income: Capital gains, alimony, child support money, cash public assistance and relief, except property tax relief granted under this division, the gross amount of any pension or annuity, including but not limited to railroad retirement benefits, all payments received under the federal social security Act, and all military retirement and veterans' disability pensions, interest received from the state or federal government or any of its instrumentalities, workers' compensation and the gross amount of disability income or "loss of time" insurance. "Income" does not include gifts from non-governmental sources, or surplus foods or other relief in kind supplied by a governmental agency.

2. "Household" means a claimant, spouse, and any person related to the claimant or spouse by blood, marriage, or adoption and living with the claimant at any time during the base year. "Living with" refers to domicile and does not include a temporary visit.

3. "Household income" means all income of the claimant and the claimant's spouse in a household and actual monetary contributions received from any other household member during their respective twelve month income tax accounting periods ending with or during the base year.

4. "Homestead" means the dwelling owned or rented and actually used as a home by the claimant during all or part of the base year, and so much of the land surrounding it including one or more contiguous lots or tracts of land, as is reasonably necessary for use of the dwelling as a home, and may consist of a part of a multi-dwelling or multi-purpose building and a part of the land upon which it is built. It does not include personal property except that a mobile home may be a homestead. Any dwelling or a part of a multi-dwelling or multi-purpose building which is exempt from taxation does not qualify as a homestead under this division. A homestead must be located in this state. When a person is confined in a nursing home, extended care facility, or hospital, the person shall be considered as occupying or living in the person's homestead if the person is the owner of the homestead and the person maintains the homestead and does not lease, rent, or otherwise receive profits from other persons for the use of the homestead.

5. "Claimant" means a person filing a claim for credit or reimbursement under this division who has attained the age of sixty-five years on or before December 31 of the base year or who is a surviving spouse having attained the age of fifty-five years on or before December 31 of the base year, or who is totally disabled and was totally disabled on or before December 31 of the base year, and was domiciled in this state during the entire base year and is domiciled in this state at the time the claim is filed or at the time of the person's death in the case of a claim filed by the executor or administrator of the claimant's estate. "Claimant" includes a vendee in possession under a contract for deed and may include one or more joint tenants or tenants in common. In the case of a claim for rent constituting property taxes paid, the claimant shall have owned the property during any part of the base year. If a homestead is occupied by two or more persons, and more than one person is able to qualify as a claimant, the persons may determine among them who will be the claimant. If they are unable to agree, the matter shall be referred to the director of revenue not later than October 31 of each year and the director's decision shall be final.

6. "Totally disabled" means the inability to engage in any substantial gainful employment by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or is reasonably expected to last for a continuous period of not less than twelve months.

7. "Rent constituting property taxes paid" means twenty-five percent of the gross rent actually paid in cash or its equivalent during the base year by the claimant or the claimant's household solely for the right of occupancy of their homestead in the base year, and which rent constitutes the basis in the succeeding year, of a claim for reimbursement under this division by the claimant.

8. "Gross rent" means rental paid at arm's length solely for the right of occupancy of a homestead or mobile home, including rent for space occupied by a mobile home not to exceed one acre, exclusive of charges for any utilities, services, furniture, furnishings, or personal property appliances furnished by the landlord as a part of the rental agreement whether or not expressly set out in the rental agreement. If the director of revenue determines that the landlord and tenant have not dealt with each other at arm's length, and the director of revenue is satisfied that the gross rent charged was excessive, the director shall adjust the gross rent to a reasonable amount as determined by the director. If the landlord does not supply the charges for any utilities, services, furniture, furnishings, or personal property appliances furnished by the landlord, or if the charges appear to be incorrect, the director of revenue may apply a percentage determined from samples of similar gross rents paid solely for the right of occupancy.

9. "Property taxes due" means property taxes including any special assessments, but exclusive of delinquent interest and charges for services, due on a claimant's homestead in this state, but includes only property taxes for which the claimant is liable and which will actually be paid by the claimant. However, if the claimant is a person whose property taxes have been suspended under sections 427.8 and 427.9, "property taxes due" means property taxes including any special assessments, but exclusive of delinquent interest and charges for services, due on a claimant's homestead in this state, but includes only property taxes for which the claimant is liable and which would have to be paid by the claimant if the payment of the taxes have not been suspended pursuant to sections 427.8 and 427.9. "Property taxes due" shall be computed with no deduction for any credit under this division or for any homestead credit allowed under section 425.1. Each claim shall be based upon the taxes due during the fiscal year next following the base year. If a homestead is owned by two or more persons as joint tenants or tenants in common, and one or more persons are not a member of claimant's household, "property taxes due" is that part of property taxes due on the homestead which equals the own
ership percentage of the claimant and the claimant's household. The county treasurer shall include with the tax receipt a statement that if the owner of the property is sixty years of age or over or is totally disabled, or is a surviving spouse of such person who is over fifty years of age, the person may be eligible for the credit allowed under this division. If a homestead is an integral part of a farm, the claimant may use the total property taxes due for the larger unit. If a homestead is an integral part of a multifamily or multipurpose building the property taxes due for the purpose of this subsection shall be proportioned to reflect the portion which the value of the property that the household occupies as its homestead is to the value of the entire structure. For purposes of this subsection, "unit" refers to that parcel of property covered by a single tax statement of which the homestead is a part.

10 "Special assessment" means special assessments made pursuant to sections 384.37 to 384.79. The amount of a special assessment which may be included in the amount of property taxes due for one year shall be an amount equal to one-tenth of the total amount of the special assessment levied against the homestead of the claimant, if the claimant elects to pay the total amount of the special assessment in one payment. If the claimant elects to pay the special assessment in ten annual installments as provided by law, the claimant may include as a portion of the property taxes due during the fiscal year next following the base year an amount equal to the special assessment, including interest, due during that same fiscal year.

11 "Base year" means the calendar year last ending before the claim is filed.

425.18 Right to file a claim.

The right to file a claim for reimbursement or credit under this division may be exercised by the claimant or on behalf of a claimant by the claimant's legal guardian, spouse, or attorney, or by the executor or administrator of the claimant's estate. If a claimant dies after having filed a claim for reimbursement for rent constituting property taxes paid, the amount of the reimbursement may be paid to another member of the household as determined by the director. If the claimant was the only member of the household, the reimbursement may be paid to the claimant's executor or administrator, but if neither is appointed and qualified within one year from the date of the filing of the claim, the reimbursement shall escheat to the state. If a claimant dies after having filed a claim for credit for property taxes due, the amount of credit shall be paid as if the claimant had not died.

425.19 Claim and credit or reimbursement.

Subject to the limitations provided in this division, a claimant may annually claim a credit for property taxes due during the fiscal year next following the base year or claim a reimbursement for rent constituting property taxes paid in the base year. The amount of the credit for property taxes due for a homestead shall be paid on February 15 of each year by the director to the county treasurer who shall credit the money received against the amount of the property taxes due and payable on the homestead of the claimant and the amount of the reimbursement for rent constituting property taxes paid shall be paid to the claimant from the state general fund on December 31 of each year.

425.20 Filing date.

A claim for reimbursement for rent constituting property taxes paid shall not be paid or allowed unless the claim is actually filed with and in the possession of the department of revenue on or before October 31 of the year following the base year.

A claim for credit for property taxes due shall not be paid or allowed unless the claim is actually filed with the county treasurer between January 1 and July 1, both dates inclusive, immediately preceding the fiscal year during which the property taxes are due and, with the exception of a claim filed on behalf of a deceased claimant by the claimant's legal guardian, spouse, or attorney, or by the executor or administrator of the claimant's estate, contains an affidavit of the claimant's intent to occupy the homestead for six months or more during the fiscal year beginning in the calendar year in which the claim is filed. The county treasurer shall submit the claim to the director of revenue on or before August 1 of each year.

In case of sickness, absence, or other disability of the claimant or if, in the judgment of the director of revenue, good cause exists and the claimant requests an extension, the director may extend the time for filing a claim for reimbursement or credit. However, any further time granted shall not extend beyond December 31 of the year following the year in which the claim was required to be filed. Claims filed as a result of this paragraph shall be filed with the director who shall provide for the reimbursement of the claim to the claimant.

425.21 Satisfaction of outstanding tax liabilities.

425.22 One claimant per household.

Only one claimant per household per year shall be entitled to reimbursement under this division and only one claimant per household per fiscal year shall be entitled to a credit under this division.

425.23 Schedule for claims for credit or reimbursement.

The amount of any claim for credit or reimbursement filed under this division shall be determined as provided in this section.
The tentative credit or reimbursement shall be determined in accordance with the following schedule:

<table>
<thead>
<tr>
<th>Percent of property taxes due or rent constituting property taxes paid allowed</th>
<th>As a credit or reimbursement</th>
</tr>
</thead>
<tbody>
<tr>
<td>$0</td>
<td>0%</td>
</tr>
<tr>
<td>$5,000</td>
<td>50%</td>
</tr>
<tr>
<td>$7,000</td>
<td>70%</td>
</tr>
<tr>
<td>$9,000</td>
<td>90%</td>
</tr>
</tbody>
</table>

The actual credit for property taxes due shall be determined by subtracting from the tentative credit the amount of the homestead credit under section 425.24 which is allowed as a credit against property taxes due in the fiscal year following the base year by the claimant or any person of the claimant's household. If the subtraction produces a negative amount, there shall be no credit but no refund shall be required. The actual reimbursement for rent constituting property taxes paid shall be equal to the tentative reimbursement.

Any person who is eligible to file a claim for credit for property taxes due and who has a household income of five thousand dollars or less and who has a special assessment levied against the homestead may file a claim with the county treasurer that the claimant had a household income of five thousand dollars or less and that a special assessment is presently levied against the homestead. The department shall provide to the respective county treasurers such forms as are necessary for the administration of this subsection. The claim shall be filed not later than September 30 of each year. Upon the filing of the claim, no penalty or interest for late payment shall accrue against the amount of the special assessment due and payable. The claim filed by the claimant shall constitute a claim for credit of an amount equal to the actual amount due and payable upon the special assessment payable during the fiscal year against the homestead of the claimant or an amount equal to the annual payment of the special assessment levied against the homestead of the claimant and payable in annual installments through the period of years provided by the governing body of the city, whichever is less. The department of revenue shall, upon the filing of the claim with the department by the county treasurer, pay that amount of the special assessment during the current fiscal year to the county treasurer. The county treasurer shall submit the claims to the director of revenue not later than October 15 of each year. The director of revenue shall certify to the state comptroller the amount of reimbursement due each county for special assessment credits allowed under this subsection. The amount of reimbursement due each county shall be paid by the state comptroller on October 20 of each year, drawn upon warrants payable to the respective county treasurer. There is appropriated annually from the general fund of the state to the department of revenue an amount sufficient to carry out the provisions of this subsection. The county treasurer shall credit any moneys received from the department against the amount of the special assessment due and payable on the homestead of the claimant. For purposes of this subsection, a totally disabled person in computing household income shall deduct all medical and necessary care expenses paid during the twelve-month income tax accounting period used in computing household income which are attributable to the person's total disability. "Medical and necessary care expenses" are those used in computing the federal income tax deduction under section 213 of the Internal Revenue Code of 1984 as defined in section 422.3.

425.24 Maximum property tax for purpose of credit or reimbursement.

In any case in which property taxes due or rent constituting property taxes paid for any household exceeds one thousand dollars, the amount of property taxes due or rent constituting property taxes paid shall be deemed to have been one thousand dollars for purposes of this division.

425.25 Administration.

The director of revenue shall make available suitable forms with instructions for claimants. Each assessor and county treasurer shall make available the forms and instructions. The claim shall be in a form as the director may prescribe. The director may also devise a tax credit or reimbursement table, with amounts rounded to the nearest even whole dollar. Reimbursements or credits in the amount of less than one dollar shall not be paid.

425.26 Proof of claim.

Every claimant shall give the department of revenue, in support of the claim reasonable proof of:

1. Age and total disability, if any,
2. Property taxes due or rent constituting property taxes paid, including the portion of gross rent paid for providing utilities, services, furniture, furnishings, and personal property appliances, and the name and address of the owner or manager of the property rented and a statement whether the claimant is related by blood, marriage or adoption to the owner or manager of the property rented.
3. Homestead credit allowed against property taxes due,
4. Changes of homestead,
5. Household membership,
6. Household income,
7. Size and nature of property claimed as the homestead, and
8. A statement that the property taxes due and used for purposes of this division have been or will be paid by the claimant, unless the claim is filed on behalf of a deceased claimant by the claimant's legal guardian, spouse, or attorney or by the executor or administrator of the claimant's estate, and that there are no delinquent property taxes on the homestead.
9. Any information needed to determine whether the claimant is eligible for the alternative credit under section 425.23, subsection 1, paragraph "b". The director may require any additional proof necessary to support a claim.

425.27 Audit of claim.

If on the audit of a claim for credit or reimbursement under this division, the director determines the amount of the claim to have been incorrectly calculated or that the claim is not allowable, the director shall recalculate the claim and notify the claimant of the recalculation or denial and the reasons for it. The director shall not adjust a claim after three years from October 31 of the year in which the claim was filed. If the claim for reimbursement has been paid, the amount may be recovered by assessment in the same manner that income taxes are assessed under sections 422.26 and 422.30. If the claim for credit has been paid, the director shall give notification to the claimant and the county treasurer of the recalculation or denial of the claim and the county treasurer shall proceed to collect the tax owed in the same manner as other property taxes due and payable are collected and repay the amount to the director upon collection. This subsection shall apply to new installations of pollution control property for a period of ten years beginning on January 1 after the construction or installation of the property is completed. This exemption shall apply for a period of ten years beginning on January 1, 1975, to existing pollution control property if its construction or installation was completed after September 23, 1970. This exemption shall apply with respect to each of the ten annual assessments within the ten year exemption period and the property taxes payable on the basis of each of such ten annual assessments. This exemption for existing pollution control property shall begin with respect to the assessment as of January 1, 1975, and the taxes payable on the basis of this assessment during the fiscal year beginning July 1, 1976.

This exemption shall be limited to the market value, as defined in section 441 21, of the pollution control property. If the pollution control property is assessed with other property as a unit, this exemption shall be limited to the net market value added by the pollution control property, determined as of the assessment date.

Application for this exemption shall be filed with the assessing authority not later than the first of February of the first year for which the exemption is requested, on forms provided by the department of revenue. The application shall describe and locate the specific pollution control property to be exempted.

The application for a specific pollution control property shall be accompanied by a certificate of the executive director of the department of water, air, and waste management certifying that the primary use of the pollution control property is to control or abate pollution of any air or water of this state or to enhance the quality of any air or water of this state.

A taxpayer may seek judicial review of a determination of the executive director or, on appeal, of the water, air, and waste management commission in accordance with the provisions of chapter 17A.

The water, air, and waste management commission of the department of water, air and waste management shall adopt rules relating to certification under this subsection and information to be submitted for evaluating pollution control property for which a certificate is requested. The revenue department shall adopt any rules necessary to implement this subsection, including rules on identification and valuation of pollution control property. All rules adopted shall be subject to the provisions of chapter 17A.

For the purposes of this subsection “pollution control property” means personal property or improvements to real property, or any portion thereof, used primarily to control or abate pollution of any air or water of this state or used primarily to enhance the quality of any air or water of this state. In the event such property shall also serve other purposes or uses of productive benefit to the owner of the property, only such portion of the assessed valuation thereof as may reasonably be calculated to be necessary for and devoted to the control or abatement of pollution or to the enhancement of the quality of the air or water of this state shall be exempt from taxation under this subsection.

For the purposes of this subsection “pollution” means air pollution as defined in section 455B 131 or water pollution as defined in section 455B 171. “Water of the state” means the water of the state as defined in section 455B 171. “Enhance the quality” means to diminish the level of pollutants below the air or water quality standards established by the water, air, and waste management commission of the department of water, air, and waste management.

Any person owning land which qualifies for a property tax exemption under this subsection shall apply to the county assessor each year before the first of July for the exemption. The application shall be made on forms prescribed by the department of revenue. The first application shall be accompanied by a copy of the water storage permit approved by the department of water, air, and waste management and a copy of the plan for the construction of the impoundment structure and the impoundment. The construction plan shall be used to determine the total acre feet of the impoundment and the amount of land which is eligible for the property tax exemption status. The county assessor shall annually review each application for the property tax exemption under this subsection and submit it, with the recommendation of the soil conservation district commissioners, to the board of supervisors for approval or denial. Any applicant for a property tax exemption
under this subsection may appeal the decision of the board of supervisors to the district court. As used in this subsection, “impoundment” means any reservoir or pond which has a storage capacity of at least eight acre feet of water or sediment at the time of construction, “storage capacity” means the total area below the crest elevation of the principal spillway including the volume of any excavation in such area, and “impoundment structure” means any dam, earthfill or other structure used to create an impoundment.

36 Natural conservation or wildlife areas. Wetlands, recreational lakes, forest covers, rivers and streams, river and stream banks, and open prairies, as designated by the board of supervisors of the county in which located. The board of supervisors shall annually designate the real property, not to exceed in the aggregate for the fiscal year beginning July 1, 1983, the greater of one percent of the acres assessed as agricultural land or three thousand acres in each county, for which this exemption shall apply. For subsequent fiscal years, the limitation on the maximum acreage of real property that may be granted exemptions shall be the limitation for the previous fiscal year, unless the amount of acreage granted exemptions for the previous fiscal year equaled the limitation for that year, then the limitation for the subsequent fiscal year is the limitation for the previous fiscal year plus an increase, not to exceed three hundred acres, of ten percent of that limitation. The procedures of this subsection shall be followed for each assessment year to procure an exemption for the fiscal year beginning in the assessment year. The exemption shall be only for the fiscal year for which it is granted, except that an exemption granted for wetlands shall be for three fiscal years. A parcel of property may be granted subsequent exemptions. The exemption shall only be granted for parcels of property of two acres or more.

Application for this exemption shall be filed with the commissioners of the soil conservation district in which the property is located, or if not located in a district, to the board of supervisors, not later than April 15 of the assessment year, on forms provided by the department of revenue. However, in the case of an exemption granted for wetlands an application does not have to be filed for the second and third years of the three year exemption period. The application shall describe and locate the property to be exempted, and have attached to it an aerial photo of that property on which is outlined the boundaries of the property to be exempted. In the case of an open prairie which is or includes a gully area susceptible to severe erosion, an approved erosion control plan must accompany the application. Upon receipt of the application, the commissioners or the board of supervisors, if the property is not located in a soil conservation district, shall certify whether the property is eligible to receive the exemption. The commissioners or board shall not withhold certification of the eligibility of property because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the commissioners certify that the property is eligible the application shall be forwarded to the board of supervisors by May 1 of that assessment year with the certification of the eligible acreage. An application must be accompanied by an affidavit signed by the applicant that if an exemption is granted, the property will not be used for economic gain during the assessment year in which the exemption is granted.

Before the board of supervisors may designate real property for the exemption, it shall establish priorities for the types of real property for which an exemption may be granted and the amount of acreage. These priorities may be the same as or different than those for previous years. The board of supervisors shall, after the public hearing, get the approval of the governing body of the city before an exemption may be granted to real property located within the corporate limits of that city. A public hearing shall be held with notice given as provided in section 23.2 at which the proposed priority list shall be presented. After the public hearing, the board of supervisors shall adopt by resolution the proposed priority list or another priority list. Property upon which are located abandoned buildings or structures shall have the lowest priority on the list adopted, except where the board of supervisors determines that a structure has historic significance. The board of supervisors shall also provide for a procedure where the amount of acres for which exemptions are sought exceeds the amount the priority list provides for that type or in the aggregate for all types.

After receipt of an application with its accompanying certification and affidavit and the establishment of the priority list, the board of supervisors may grant a tax exemption under this subsection using the established priority list as a mandate. Real property designated for the tax exemption shall be designated by May 15 of the assessment year in which begins the fiscal year for which the exemption is granted. Notification shall be sent to the county auditor and the applicant.

The board of supervisors does not have to grant tax exemptions under this subsection, grant tax exemptions in the aggregate of the maximum acreage which may be granted exemptions, or grant a tax exemption for the total acreage for which the applicant requested the exemption. Only real property in parcels of two acres or more which is wetlands, recreational lakes, forest cover, river and stream, river and stream banks or open prairie and which is utilized for the purposes of providing soil erosion control or wildlife habitat or both, and which is subject to property tax for the fiscal year for which the tax exemption is requested, is eligible for the exemption under this subsection. However, in addition to the above, in order for a gully area which is susceptible to severe erosion to be eligible, there
must be an erosion control plan for it approved by the commissioners of the soil conservation district in which it is located or the state soil conservation committee if not located in a district. In the case of an exemption for river and stream or river and stream banks, the exemption shall not be granted unless there is included in the exemption land located at least thirty-three feet from the ordinary high water mark of the river and stream or river and stream banks. Property shall not be denied an exemption because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the real property is located within a city, the approval of the governing body must be obtained before the real property may be eligible for an exemption. For purposes of this subsection:

a. “Wetlands” means land preserved in its natural condition which is mostly under water, which produces little economic gain, which has no practical use except for wildlife or water conservation purposes, and the drainage of which would be lawful, feasible and practical and would provide land suitable for the production of livestock, dairy animals, poultry, fruit, vegetables, forage and grains. “Wetlands” includes adjacent land which is not suitable for agricultural purposes due to the presence of the land which is under water.

b. “Open prairies” includes hillsides and gully areas which have a permanent grass cover but does not include native prairies meeting the criteria of the state conservation commission.

c. “Forest cover” means land which is predominantly wooded.

d. “Recreational lake” means a body of water, which is not a river or stream, owned solely by a non-profit organization and primarily used for boating, fishing, swimming and other recreational purposes.

e. “Used for economic gain” includes, but is not limited to, using property for the storage of equipment, machinery, or crops.

37. Native prairie. Land designated as native prairie by a county conservation board or by the state conservation commission in an area not served by a county conservation board. Application for the exemption shall be made on forms provided by the department of revenue. The application forms shall be filed with the assessing authority not later than the first of February of the year for which the exemption is requested. The application must be accompanied by an affidavit signed by the applicant that if the exemption is granted, the property will not be used for economic gain during the assessment year in which the exemption is granted. If the property is used for economic gain during the assessment year in which the exemption is granted, the property shall lose its tax exemption and shall be taxed at the rate levied by the county for the fiscal year beginning in that assessment year. The first annual application shall be accompanied by a certificate from the county conservation board serving the area in which the property is located or if none exists, the state conservation commission stating that the land is native prairie. The county conservation board or the state conservation commission shall issue the certificate if the board or commission finds that the land has never been cultivated, is unimproved, is primarily a mixture of warm season grasses interspersed with flowering plants, and meets the other criteria established by the state conservation commission for native prairie. A taxpayer may seek judicial review of a decision of a board or the commission according to chapter 17A. The state conservation commission shall adopt rules to implement this subsection.

38. Land certified as a wildlife habitat. The owner of agricultural land may designate not more than two acres of the land for use as a wildlife habitat. After inspection, if the land meets the standards established by the commission for a wildlife habitat under section 110.3, the state conservation commission shall certify the designated land as a wildlife habitat and shall send a copy of the certification to the appropriate assessor. The commission may subsequently withdraw certification of the designated land if it fails to meet the established standards for a wildlife habitat and the assessor shall be given written notice of the decertification.

39. Railroad right-of-way and improvements on the right-of-way only during that period of time that the Iowa railway finance authority holds an option to purchase the right-of-way under section 307B.24.

247.2 Roads and drainage rights of way.  
Real estate occupied as a public road, and rights of way for established public levees and rights of way for established, open, public drainage improvements shall not be taxed.  
When land or rights in land are acquired in connection with the establishment or maintenance or improvement of a public road, the acquiring authority shall assist in the collection of property taxes and special assessments. However, assistance in the collection of the property taxes and special assessments does not require the payment of property taxes and special assessments on the property acquired which exceed the amount of just compensation offered as required by section 472.45 for the acquisition of the property.  
The property owner shall pay all property taxes and special assessments which are due and payable when the property owner surrenders possession of the property acquired and also those which become due and payable for the fiscal year the property is acquired in an amount equal to one-twelfth of the taxes and assessments due and payable on the property acquired for the preceding fiscal year multiplied by the number of months in the fiscal year in which the property was acquired which elapsed prior to the month in which the property owner surrenders possession, and including that month if the surrender of possession occurs after the fifteenth day of a month. For purposes of computing the payments, the property owner has surrendered possession of property acquired by eminent domain proceedings when the acquiring authority has the right to obtain possession of the acquired property by authority of section 472.26. When part but not all of the property is acquired for public road purposes, taxing authorities may collect property taxes and special assessments which the property owner is obligated to pay, in accordance with chapter 446, from that part of the property which is not acquired. The county treasurer shall collect and accept the payment received on property acquired for road purposes as full and final payment of all property tax and special assessments on the property and apportion the payment on the basis of the levy in effect in the fiscal year in which the property is acquired.  
For that portion of the prorated year for which the acquiring authority has possession of the property or part of the property acquired in connection with the establishment or improvement or maintenance of a public road, all taxes and special assessments shall be canceled.

427.3 Military service — exemptions.  
The following exemptions from taxation shall be allowed:

3 The minor child, or children owning property as tenants in common, of any such deceased soldier, sailor, mariner, or nurse.

No more than one tax exemption shall be allowed under this section or section 427 3 in the name of any honorably discharged soldier, sailor, mariner, or nurse.

427.5 Claim for military tax exemption — discharge recorded.

A person named in section 427 3, who is a resident of and domiciled in the state of Iowa, shall receive a reduction equal to the exemption to be made from any property owned by the person and so designated by the person. The claim shall have had recorded in the office of the county recorder of the county in which is located the property designated for the exemption, the military certificate of satisfactory service, order transferring to inactive status, reserve, retirement, or order of separation from service, or honorable discharge of the person claiming or through whom is claimed the exemption. If the evidence of satisfactory service, separation, retirement, furlough to reserve, inactive status, or honorable discharge is lost the claimant may record in lieu thereof a certified copy.

The person shall file with the appropriate assessor on forms obtained from the assessor the claim for exemption for the year for which the person is first claiming the exemption. The claim shall be filed not later than July 1 of the year for which the person is claiming the exemption. The claim shall set out the fact that the person is a resident of and domiciled in the state of Iowa, and a person within the terms of section 427 3, and shall give the volume and page on which the certificate of satisfactory service, order of separation, retirement, furlough to reserve, inactive status, or honorable discharge or certified copy thereof is recorded in the office of the county recorder, and may include the designation of the property from which the exemption is to be made, and shall further state that the claimant is the equitable and legal owner of the property designated.

Upon the filing and allowance of the claim, the claim shall be allowed to that person for successive years without further filing. Provided, that notwithstanding standing the filing or having on file a claim for exemption, the person or person's spouse is the legal or equitable owner of the property on July 1 of the year for which the claim is allowed. When the property is sold or transferred or the person wishes to designate different property for the exemption, a person who wishes to receive the exemption shall file for the exemption. A person who sells or transfers property which is designated for the exemption or the personal representative of a deceased person who owned such property shall provide written notice to the assessor that the property is no longer legally or equitably owned by the former claimant.

In case the owner of the property is in active service in any of the armed forces of the United States or of this state, including the nurses corps of the state or of the United States, or is sixty five years of age or older, or is disabled, the claim may be filed by any member of the owner's family, by the owner's guardian or conservator, or by any other person who may represent the owner under power of attorney. In all cases where the owner of the property is married, the spouse may file the claim for exemption. A person may not claim an exemption in more than one county of the state, and if a designation is not made the exemption shall apply to the homestead, if any.

The failure of a person to file a claim under this section before July 1 of the year for which the person is first claiming the exemption or to have the evidence of satisfactory service, separation, retirement, furlough to reserve, inactive status, or honorable discharge recorded in the office of the county recorder does not disqualify the claim if the person claiming or through whom the exemption is claimed is otherwise qualified. The belated claim shall be filed with the appropriate assessor before the succeeding July 1 and, if approved by the board of supervisors, the county treasurer shall file an amended certificate of military service tax credits with the director of revenue before the director certifies the total credits claimed by each county to the state comptroller as provided in section 426A 4.

If the assessor recommends disallowance of a claim, the assessor shall submit the reasons for the recommendation, in writing, to the county auditor.

The county auditor shall forward the claims to the board of supervisors. The board shall allow or disallow the claims. If the board disallows a claim, it shall send written notice, by certified mail, to the claimant at the claimant's last known address. The notice shall state the reasons for disallowing the claim for the exemption.

Any person whose claim is denied under the provisions of this chapter may appeal from the action of the board of supervisors in the district court of the county in which said claimed military service tax exemption is situated by giving written notice of such appeal to the county auditor of said county within twenty days from the date of mailing of notice of such action by the board of supervisors.

Upon adoption of a resolution by the county board of supervisors, any person may request, in writing, from the appropriate assessor forms for the filing for a military service tax exemption. The person may complete the form, which shall include a statement claiming the military service tax exemption and designating the property upon which the tax exemption is claimed, and mail or return it to the appropriate assessor. For the purposes of this section:

1. "Person" means an individual, partnership, joint venture, association, corporation, trust, or estate.

2. "Business enterprise" means a person engaged in business.

427A.3 Property must be listed.

The personal property tax credit authorized by this chapter does not excuse the taxpayer from listing all personal property as required in chapter 428. However, if the reduced assessment for January 1 of any year is less than the credit allowed under section 427A.2 and the additional credit allowed under section 427A.9, against the previous year's assessment, the assessor is not required to contact the taxpayer in any succeeding year if the assessor determines that the personal property valuation of the taxpayer will not be greater than the amount of the credit and the taxpayer has a claim on file in the assessor's office. The valuation of the personal property shall be determined as prescribed in chapter 441, so that the valuations of all personal property in a taxing district shall be known and shall be made a part of the tax list compiled by the county auditor under chapter 443.

427A.4 Limit of credit.

No person or business enterprise in the state shall be allowed a credit on personal property tax in excess of ten thousand dollars assessed valuation. Any person or business enterprise who owns personal property subject to taxation in more than one county of the state shall designate in reporting such property to the assessor for the purpose of assessment as required in section 427A.1 in which counties of the state the property is located and may claim the entire credit in one county or a proportionate part thereof in each county where the property is situated, and in no case shall the person or enterprise claim more than the ten thousand dollars assessed value for all personal property assessed in all counties.

Each year, on or before July 1, a taxpayer who has not previously filed an application with the assessor shall deliver to the assessor an application for personal property tax credit and state by the affidavit filed in each county where the taxpayer's personal property is situated, that the taxpayer has not claimed a total personal property tax credit in all counties in excess of a total of ten thousand dollars assessed valuation. A claim filed in 1982 and thereafter is applicable for the year in which the claim is filed and the succeeding years.

The assessor shall examine claims for the credit filed in the assessor's office and recommend the disallowance of any claim if it appears that an owner of tangible personal property has attempted to divide the ownership of the property for purpose of obtaining additional credit beyond the amount of ten thousand dollars in a year.

If any person fails to make application for the credits provided for under this chapter, the person is deemed to have waived the personal property tax credit.
Any person making a false affidavit for the purpose of obtaining the credit provided for in this section, or who knowingly receives such credit without being legally entitled thereto, or who makes claim for credit of more than ten thousand dollars in the state shall be guilty of a fraudulent practice.

427A.5 Jointly owned property — division of credit.

If personal property is owned separately by a husband and wife, they may divide the credit or one may take the entire credit, but in no case may a husband and wife receive a total credit of more than ten thousand dollars unless husband, wife or minor children own farm units separately. If personal property is owned by separate business enterprises and the business enterprises are controlled or owned by the same person, the separate business enterprises may divide the credit or one may take the entire credit, but in no case may separate business enterprises which are controlled or owned by the same person receive a total exemption of more than ten thousand dollars.

Business enterprises are controlled or owned by the same person if over fifty percent of their assets or shares of stock are controlled or owned by the same person, or if they are in fact controlled and managed by the same person, regardless of how actual title to the assets or shares of stock are held. The assessor shall deliver the sworn affidavits to the county auditor by August 1 of each year.

427A.6 Listing by auditor.

On or before July 1 of each year, the auditor of each county shall prepare a statement listing for each taxing district in the county all personal property upon which taxes shall not be collected due to the tax credit granted in this chapter. The statement shall show the tax rates of the various taxing districts and the total amount of taxes which shall not be collected in each district because of the tax credit. The auditor shall certify and forward one copy of the statement to the state comptroller on or before July 15 of each year. The department of revenue shall have the responsibility of auditing credits allowed in all counties in the state and the assessed values and assessment practices which affect the amounts of credits and the audit shall be completed within twenty-four months from July 1 of the year the claims were filed. A copy of the audit containing disallowed credits shall be sent to the county auditor, the county treasurer and state comptroller, and the individuals shall be directed to correct their books and records accordingly. A written notice of a disallowance shall be mailed by ordinary mail to the claimant at the claimant’s last known address. The amount of any erroneous credit shall be charged to the county by the state comptroller. The director of revenue shall disallow any claim where the audit or investigation revealed that the claimant was not entitled to the credit claimed. Persons and business enterprises may appeal any disallowed personal property credit to the state board of tax review.

PERSONAL PROPERTY TAX PHASE OUT

427A.9 Additional personal property tax credit.

Each taxpayer entitled to the personal property tax credit granted pursuant to sections 427A.1 to 427A.5 of this chapter is granted an additional personal property tax credit against the taxpayer’s assessed value of personal property which would otherwise be taxable in the tax year.

The amount of the additional personal property tax credit shall be a fixed amount for each tax year. The amount of the additional personal property tax credit shall be increased for the extended tax year beginning January 1, 1974, and ending June 30, 1975, and shall be increased for each tax year immediately following a tax year in which the growth of state general fund revenues, adjusted for changes in rate or basis, exceeds five and one-half percent, except that the amount of the additional personal property tax credit for taxes payable in each year of the fiscal period beginning July 1, 1977 and ending June 30, 1979 shall not exceed the amount of the additional personal property tax credit allowed for taxes payable in the fiscal year beginning July 1, 1976 and ending June 30, 1977 and the amount of the additional personal property tax credit for taxes payable in the fiscal year beginning July 1, 1979 and ending June 30, 1980 shall not exceed the amount of the additional personal property tax credit allowed for taxes payable in the fiscal year beginning July 1, 1979 and ending June 30, 1980. An increase in the additional personal property tax credit, once granted, shall continue for each succeeding tax year. For the purposes of this chapter the state comptroller may estimate the state general fund growth if necessary to avoid delay in the collection of taxes. After nine such increases have been made, all taxes on personal property shall be repealed as provided in the following section. The director of revenue and the state comptroller, jointly, shall determine the amount of the credit for each such tax year. Such amount shall be the maximum amount, rounded to the nearest ten dollars, which will permit complete funding of the replacement obligation under this division, including the replacement obligation for the tax credit granted pursuant to sections 427A.1 to 427A.5, out of the appropriation provided in this chapter.

Notwithstanding the provisions of this section which require an increase in general fund revenues in excess of five and one-half percent, adjusted for changes in rate or basis, to increase the personal property tax credit, the amount of the personal property tax credit, to be allowed for taxes payable in the fiscal period beginning July 1, 1982 and ending June 30, 1983 shall be increased as provided in this section.

As used in this division "additional personal property tax credit" means the additional personal property tax credit granted pursuant to this section.

As used in this division "tax year" means the year in which taxes are payable.

No application shall be required for the additional personal property tax credit. The assessor and county auditor shall take all necessary action to assure that each taxpayer receives the credit.

427A.10 Phase out of tax.
Effective on July 1 after the tax year in which the ninth increase in the additional personal property tax credit becomes effective, all taxes on personal property as defined in section 427A.1 are repealed, and personal property shall not thereafter be listed or assessed. This section shall prevail over all inconsistent statutes.

427A.11 Limit on assessment.
For each annual assessment of personal property through the final assessment, the total assessed value of all personal property in each assessing jurisdiction shall not exceed the total actual value of all personal property in the assessing jurisdiction as of January 1, 1973, excluding livestock. The assessor shall determine the assessed value of each taxable personal property in accordance with chapter 441. If the total assessed value exceeds the limitation established by this section, the assessor shall reduce the assessed value of each taxpayer’s personal property after the board of review adjourns and prior to certifying values to the county auditor, by the same percentage, so that the total assessed value of all personal property in the assessing jurisdiction shall be equal to the total actual value of all personal property in the assessing jurisdiction as of January 1, 1973, excluding livestock. The assessor shall inform taxpayers of any percentage that the value of personal property is reduced in the assessing jurisdiction by publication of notice in a newspaper of general circulation in the city or county. This section shall prevail over all inconsistent statutes.

Referred to in §442.2

427A.12 Replacement fund.
1. A personal property tax replacement fund is established as a permanent fund in the office of the treasurer of state, for the purpose of reimbursing the taxing districts for their loss of revenue from personal property taxes due to the provisions of this chapter, determined as provided in this section.

2. On or before January 15, 1974, the county auditor of each county shall prepare a statement listing for each taxing district in the county:
   a. The total assessed value of all personal property assessed for taxation as of January 1, 1973, excluding livestock but including other personal property eligible for tax credits granted by this chapter.
   c. The personal property tax replacement base for each taxing district, which shall be equal to the amount determined pursuant to paragraph "a" of this subsection multiplied by the millage rate specified in paragraph "b".

3. The county auditor shall certify and forward one copy each of the statement to the state comptroller and to the director of revenue not later than January 15, 1974. The director of revenue shall make any necessary corrections and certify to the state comptroller the amount of the personal property tax replacement base for each taxing district in the state, determined pursuant to subsection 2.

4. The personal property tax replacement base for each taxing district shall be permanent and shall not be adjusted, except that the state comptroller shall make any necessary corrections and shall make appropriate adjustments to reflect mergers, annexations and other changes in taxing districts or their boundaries.

5. For each state fiscal year ending with or before the year in which the ninth increase in the additional personal property tax credit under this division becomes effective, each taxing district shall be reimbursed from the personal property tax replacement fund in an amount equal to its personal property tax replacement base multiplied by a fraction the numerator of which is the total assessed value of all personal property, excluding livestock, in the taxing district on which taxes are not payable during such fiscal year because of the various tax credits granted by this chapter, and the denominator of which is the total assessed value of all personal property in the taxing district, excluding livestock but including other personal property eligible for tax credits granted by this chapter. For the half year beginning January 1, 1974, and ending June 30, 1974, the amount of reimbursement shall be half the amount determined pursuant to this subsection. The county auditor shall certify and forward to the state comptroller and the director of revenue, at the times and in the form directed by the director of revenue, any information needed for the purposes of this subsection. The director of revenue shall make any necessary corrections and certify the appropriate information to the state comptroller.

6. For each state fiscal year beginning after the year in which the ninth increase in the additional personal property tax credit under this division becomes effective, each taxing district shall be reimbursed from the personal property tax replacement fund in an amount equal to its personal property tax replacement base.

7. The amount due each taxing district shall be paid in the form of warrants payable to the respective county treasurers by the state comptroller on May 15 of each fiscal year, taking into consideration the relative budget and cash position of the state resources. For the fiscal year beginning July 1, 1984 and ending June 30, 1985, one-half of the amount due each taxing district shall be paid to the respective county treasurers by the state comptroller on May 15, 1985. For the fiscal year beginning July 1, 1985 and ending June 30, 1986, and for each succeeding fiscal year the amount due each taxing district shall be paid in the form of warrants payable to the respective county treasurers by the state comptroller on July 15 and May 15 of that fiscal year, taking into consideration the relative budget and cash position of the state resources. The July 15 payment shall be equal to the amount paid on May 15 of the preceding fiscal year and the payments received shall be an account receivable for each taxing district for the preceding fiscal year. The May 15 payment is equal to one-half of the amount of the additional personal property tax credit payable for the fiscal year. The county treasurer shall pay the proceeds to the various taxing districts in the county.

8. It is the intent of the general assembly that the amounts appropriated by this division shall be sufficient to pay in full the amounts due to all taxing
districts. If, for any fiscal year the amount appropriated to the personal property tax replacement fund is insufficient to pay in full the amounts due to all taxing districts, then the amount of each payment shall be reduced by the same percentage, so that the aggregate payments to all taxing districts shall be equal to the amount appropriated for such payments.

For the fiscal year beginning July 1, 1973, and ending June 30, 1974, there is appropriated the sum of thirty-one million nine hundred thousand dollars. For the fiscal year beginning July 1, 1974, and ending June 30, 1975, and each succeeding fiscal year, there is appropriated the sum of thirty-five million seven hundred thousand dollars. In each fiscal year for which an increase in the additional personal property tax credit becomes effective as provided in this division, the appropriation under this section shall be increased by three million eight hundred thousand dollars, and such increased appropriation shall continue for each succeeding fiscal year. DIVISION I
INDUSTRIAL REAL ESTATE, MACHINERY, AND EQUIPMENT — NEW CONSTRUCTION EXEMPTION

427B.1 Actual value added exemption from tax — public hearing.
as real estate pursuant to section 427A.1, subsection 1, paragraph "e". New construction means new buildings and structures and includes new buildings and structures which are constructed as additions to existing buildings and structures. New construction does not include reconstruction of an existing building or structure which does not constitute complete replacement of an existing building or structure or refitting of an existing building or structure, unless the reconstruction of an existing building or structure is required due to economic obsolescence and the reconstruction is necessary to implement recognized industry standards for the manufacturing and processing of specific products and the reconstruction is required for the owner of the building or structure to continue to competitively manufacture or process those products which determination shall receive prior approval from the city council of the city or the board of supervisors of the county upon the recommendation of the Iowa development commission. The exemption shall also apply to new machinery and equipment assessed as real estate pursuant to section 427A.1, subsection 1, paragraph "e", unless the machinery or equipment is part of the normal replacement or operating process to maintain or expand the existing operational status. Warehouse means a building or structure used as a public warehouse for the storage of goods pursuant to chapter 554, article 7, except that it does not mean a building or structure used primarily to store raw agricultural products or from which goods are sold at retail. Distribution center means a building or structure used primarily for the storage of goods which are intended for subsequent shipment to retail outlets. Distribution center does not mean a building or structure used primarily to store raw agricultural products, used primarily by a manufacturer to store goods to be used in the manufacturing process, used primarily for the storage of petroleum products, or used for the retail sale of goods.

The ordinance may be enacted not less than thirty days after a public hearing is held in accordance with section 358A.6 in the case of a county, or section 362.3 in the case of a city. The ordinance shall designate the length of time the partial exemption shall be available and may provide for an exemption schedule in lieu of that provided in section 427B.3. However, an alternative exemption schedule adopted shall not provide for a larger tax exemption in a particular year than is provided for that year in the schedule contained in section 427B.3.

427B.2 Zoning under chapter 358A.
1. The board of supervisors of a county which has appointed a county zoning commission and provided for county zoning under chapter 358A may provide for a partial exemption from property taxation of the actual value added to industrial real estate as provided under section 427B.1.
2. The board of supervisors of a county which has not appointed a zoning commission may provide for a partial exemption from property taxation of the actual value added to industrial real estate as provided under section 427B.1 in the following areas:

a. Outside the incorporated limits of a city to which a city has extended its zoning ordinance pursuant to section 414.23 which complies with the city's zoning ordinance.
b. Outside the incorporated limits of a city which has adopted a zoning ordinance but which has not extended the ordinance to the area permitted under section 414.23 if the property would be within the area to which a city may extend a zoning ordinance pursuant to section 414.23.
c. Outside the incorporated limits of a city which has not adopted a zoning ordinance but which would be within the area to which a city may extend a zoning ordinance pursuant to section 414.23.
3. The board of supervisors of a county which has not appointed a zoning commission may provide for a partial exemption from property taxation of the actual value added to industrial real estate as provided under section 427B.1 in an area where the partial exemption could not otherwise be granted under this chapter where the actual value added is to industrial real estate existing on July 1, 1979.

To grant an exemption under the provisions of this section, the county board of supervisors shall comply with all of the requirements imposed by this chapter upon the city council of a city.

427B.3 Period of partial exemption.
The actual value added to industrial real estate for the reasons specified in section 427B.1 is eligible to receive a partial exemption from taxation for a period of five years. However, if property ceases to be classified as industrial real estate or ceases to be used as a warehouse or distribution center, the partial exemption for the value added shall not be allowed for subsequent assessment years. "Actual value added" as used in this chapter means the actual value added as of the first year for which the exemption is received, except that actual value added by improvements to machinery and equipment means the actual value as determined by the assessor as of January 1 of each year for which the exemption is received. The amount of actual value added which is eligible to be exempt from taxation shall be as follows:

a. For the first year, seventy-five percent.
b. For the second year, sixty percent.
c. For the third year, forty-five percent.
d. For the fourth year, thirty percent.
e. For the fifth year, fifteen percent.

This schedule shall be followed unless an alternative schedule is adopted by the city council of a city or the board of supervisors of a county in accordance with section 427B.1.

However, the granting of the exemption under this section for new construction constituting complete replacement of an existing building or structure shall not result in the assessed value of the industrial real estate being reduced below the assessed value of the industrial real estate before the start of the new construction added.

427B.4 Application for exemption by property owner.
An application shall be filed for each project resulting in actual value added for which an exemption is claimed. The application for exemption shall be filed by the owner of the property with the local assessor by February 1 of the assessment year in which the value added is first assessed for taxation. Applications for exemption shall be made on forms prescribed by the director of revenue and shall contain information pertaining to the nature of the improvement, its cost, and other information deemed necessary by the director of revenue.

A person may submit a proposal to the city council of the city or the board of supervisors of a county to receive prior approval for eligibility for a tax exemption on new construction. The city council or the board of supervisors, by ordinance, may give its prior approval of a tax exemption for new construction if the new construction is in conformance with the zoning plans for the city or county. The prior approval shall also be subject to the hearing requirements of section 427B.1. Prior approval does not entitle the owner to exemption from taxation until the new construction has been completed and found to be qualified real estate. However, if the tax exemption for new construction is not approved, the person may submit an amended proposal to the city council or board of supervisors to approve or reject.

[C81, §427B.4; 82 Acts, ch 1104, §24]
Referred to in §427B 14

427B.5 Exemption may be repealed.
When in the opinion of the city council or the county board of supervisors continuation of the exemption granted by this chapter ceases to be of benefit to the city or county, the city council or the county board of supervisors may repeal the ordinance authorized by section 427B.1, but all existing exemptions shall continue until their expiration.

[C81, §427B.5]
Referred to in §427B 14

427B.6 Dual exemptions prohibited.
A property tax exemption under this chapter shall not be granted if the property for which the exemption is claimed has received any other property tax exemption authorized by law.

Referred to in §427B 14

427B.7 to 427B.9 Reserved.

Real estate shall be listed and assessed in 1981 and every two years thereafter. The assessment of real estate shall be the value of the real estate as of January 1 of the year of the assessment. The year 1981 and each odd-numbered year thereafter shall be a reassessment year. In any year, after the year in which an assessment has been made of all the real estate or personal property in any assessing jurisdiction, it shall be the duty of the assessor to value and assess or revalue and reassess, as the case may require, any real estate and personal property that the assessor finds was incorrectly valued or assessed, or was not listed, valued and assessed, in the assessment year immediately preceding, any real estate or personal property the assessor finds has changed in value subsequent to January 1 of the preceding real estate or personal property assessment year. Contempts ch 665

436.7 Actual value — how ascertained.
The director of revenue shall first ascertain the actual value of the entire property owned by said company, from said statements or otherwise, for that purpose taking the aggregate market value of all shares of capital stock, in case said shares have a market value, and, in case they have none, taking the actual value thereof or of the capital of said company, in whatever manner the same is divided, in case no shares of capital stock have been issued, provided, however, that in case the whole or any portion of the property of said company shall be encumbered by a mortgage or mortgages, the director shall ascertain the actual value of such property by adding to the market value or the aggregate shares of stock or to the value of the capital, in case there shall be no such shares, the aggregate amount of the market or cash value of such mortgage or mortgages, and the result shall be deemed and treated as the actual value of the property of such company. The director shall, for the purpose of ascertaining the actual value of the property within the state, next ascertain from such statements or otherwise the actual value of the property, both real and personal, owned by the company, and which is used exclusively outside the general business of the company, and also the actual value of that part of its property, if any, without the state which cannot lawfully be considered in determining the mileage value of its route, and the aggregate of such values shall be deducted from the entire actual value of the property as above ascertained. The director shall next ascertain and deduct the actual value of the sea or ocean routes of any such company, and in ascertaining the same may take into consideration the earnings, both gross and net per mile, of such sea or ocean routes, as compared with the earnings, gross and net, of the land routes of such company, or may ascertain their value in any other practicable manner, and may require that the reports heretofore provided for shall show such earnings. Thereupon the director shall ascertain the actual value of the property of such company within the state, and for that purpose may take into consideration the proportional value of the company’s property without and within the state, and shall take as a basis of valuation of the company’s property in this state the proportion of the whole aggregate value of the property of said company, as above ascertained, after making the deductions above provided for which the length of the routes within the state bears to the whole length of the routes of such company other than sea or ocean routes, and such amount so ascertained shall be considered and taken to be the entire actual value of the property of such company within the state. From the entire actual value of the property within the state so ascertained, there shall be deducted by the director the actual value of all the real estate, buildings, machinery, appliances, and personal property not used exclusively in the conduct of the business within the state that are subject to local taxation within the counties, townships, and other assessment districts as hereinafter described in section 436.3, subsection 6 [S13, §1346-d, C24, 27, 31, 35, 39, 7083; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, 436 7] 436.8 Actual value per mile — taxable value.

The director of revenue shall thereupon ascertain the value per mile of the property within the state, by dividing the total value as above ascertained, after deducting the specific properties locally assessed within the state, by the number of miles within the state, and the result shall be deemed and held to be the actual value per mile of the property of such company within the state. The assessed or taxable value shall be determined by taking that percentage of the actual value so ascertained, as is provided by section 441.21, and such valuation and assessment shall be in the same ratio as that of the property of individuals [S13, §1346-e, C24, 27, 31, 35, 39, 7084; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, 436 8] 436.9 Assessment in each county — how certified. The director of revenue shall thereupon, for the purpose of determining what amount shall be assessed to said company in each county of the state through, across, into, or over which the route of said company extends, multiply the value per mile, as above ascertained, by the number of miles in each of said counties, as reported in said statements, or as otherwise ascertained, and the result thereof, with the mileage and the rate of assessment per mile, shall be by the director certified to the auditor respectively of the several counties through, into, over, and across which the routes of said company extend. The county auditor shall transmit a copy of said order to the trustees of each township and to the proper taxing boards in lesser taxing districts into which the line or lines of said company extend in the county. 4. The estimated expense of assessment appeals. All such expense items shall be included in the budget adopted for the ensuing year.

All tax levies and expenditures provided for herein shall be subject to the provisions of chapter 24 and the conference board is hereby declared to be the certifying board.

Any tax for the maintenance of the office of assessor and other assessment procedure shall be levied only upon the property in the area assessed by said assessor and such tax levy shall not exceed forty and one-half cents per thousand dollars of assessed value in assessing areas where the valuation upon which the tax is levied does not exceed ninety-two million, six hundred thousand dollars; thirty-three and three-fourths cents per thousand dollars of assessed value in assessing areas where the valuation upon which the tax is levied exceeds ninety-two million, six hundred thousand dollars and does not exceed one hundred eleven million, one hundred twenty thousand dollars; twenty-seven cents per thousand dollars of assessed value in assessing areas where the valuation upon which the tax is levied exceeds one hundred eleven million, one hundred twenty thousand dollars. The county treasurer shall credit the sums received from such levy to a separate fund to be known as the “assessment expense fund” and from which fund all expenses incurred under this chapter shall be paid. In the case of a county where there is more than one assessor the
treasurer shall maintain separate assessment expense funds for each assessor.

The county auditor shall keep a complete record of said funds and shall issue warrants thereon only on requisition of the assessor.

The assessor shall not issue requisitions so as to increase the total expenditures budgeted for the operation of the assessor's office. However, for purposes of promoting operational efficiency, the assessor shall have authority to transfer funds budgeted for specific items for the operation of the assessor's office from one unexpended balance to another; such transfer shall not be made so as to increase the total amount budgeted for the operation of the office of assessor, and no funds shall be used to increase the salary of the assessor or the salaries of permanent deputy assessors. The assessor shall issue requisitions for the examining board and for the board of review on order of each board and for costs and expenses incident to assessment appeals, only on order of the city legal department, in the case of cities, and of the county attorney in the case of counties.

Unexpended funds remaining in the assessment expense fund at the end of a year shall be carried forward into the next year.

441.17 Duties of assessor.

The assessor shall:

1. Devote full time to the duties of the assessor's office and shall not engage in any occupation or business interfering or inconsistent with such duties.

2. Cause to be assessed, in accordance with section 441.21, all the property, personal and real, in the assessor's county or city as the case may be, except such as is exempt from taxation, or the assessment of which is otherwise provided for by law.

3. Have access to all public records of the county and, so far as practicable, make or cause to be made a careful examination of all such records and files in order to obtain all available information which may contribute to the accurate listing at its taxable value, and to the proper persons, of all property subject to assessment by the assessor.

4. Co-operate with the director of revenue as may be necessary or required, and obey and execute all orders, directions, and instructions of the director of revenue, insofar as the same may be required by law.

5. Have power to apply to the district court of the county for an order to examine witnesses and requiring the production of books and records of any person, firm, association or corporation within the county, whenever the assessor has reason to believe that such person, firm, association or corporation has not listed property as provided by law. The proceeding for the examination of witnesses and examination of the books and records of any such taxpayer, to determine the existence of taxable property, shall be instituted and conducted in the manner provided for the discovery of property under the provisions of chapter 630. The court shall make an appropriate finding as to the existence of taxable property not listed. All taxable property discovered thereby shall thereupon be assessed by the assessor in the manner provided by law.

In all cases where the court finds that the taxpayer has not listed the taxpayer's property, as provided by law, and in all hearings where the court decides a matter against the taxpayer, the costs shall be paid by the taxpayer, otherwise they shall be paid out of the assessment expense fund. The fees and mileage to be paid witnesses shall be the same as prescribed by law in proceedings in the district courts of this state in civil cases. Where the costs are taxed to the taxpayer they shall be added to the taxes assessed against said taxpayer and the taxpayer's property and shall be collected in the same manner as are other taxes.

6. Make up all assessor's books and records as prescribed by the director of revenue, turn the completed assessor's books and records required for the preparation of the tax list over to the county auditor each year when the board of review has concluded its hearings and the county auditor shall proceed with the preparation of the current year tax list and the assessor shall co-operate with the auditor in the preparation of the tax lists.

7. Submit on or before May 1 of each year completed assessment rolls to the board of review.

8. Lay before the board of review such information as the assessor may possess which will aid said board in performing its duties in adjusting the assessments to the valuations required by law.

9. Furnish to the director of revenue any information which the assessor may have relative to the ownership of any property that may be assessable within this state, but not assessable or subject to being listed for taxation by the assessor.

10. Measure the exterior length and exterior width of all mobile homes except those for which measurements are contained in the manufacturer's and importer's certificate of origin, and report the information to the county treasurer. Check all mobile homes and travel trailers for inaccuracy of measurements as necessary or upon written request of the county treasurer and check travel trailers for violations of registration and report the findings immediately to the county treasurer. If a mobile home has been converted to real estate the title shall be collected and returned to the county treasurer for cancelation. If taxes due for prior years have not been paid, the assessor shall collect the unpaid taxes due as a condition of conversion. The assessor shall make frequent inspections and checks within the assessor jurisdiction of all mobile homes and mobile home parks and travel trailers and make all the required and needed reports to carry out the purposes of this section.

441.19 Owner to assist — provisions for assessment.

The assessor shall list every person in the assessor's county or city as the case may be and assess all the property therein, personal and real, except such as is heretofore exempted or otherwise assessed. Any person who shall refuse to assist in making out a list of the person's property, or of any property which the person is by law required to assist in listing, or who shall refuse to make either of the oaths or affirmations or combinations thereof required by section 441.20, shall be guilty of a simple misdemeanor.

1. Supplemental and optional to the procedure for the assessment of property by the assessor as provided in this chapter, the assessor is hereby authorized to require from all persons required to list their property for taxation as provided by sections 428.1, 428.2 and 428.3, a supplemental return to be prescribed by the director of revenue upon which such person shall list the person's property. Such supplemental return shall be in substantially the same form as now prescribed by law for the assessment rolls used in the listing of property by the assessors, and the director of revenue may prescribe separate supplemental forms for the listing of personal property, both tangible and intangible. It shall be the duty of every person required to list property for taxation to make a complete listing of such property upon such supplemental forms and to return the same to the assessor as promptly as possible. Such return shall be verified over the signature of the person making the return and the provisions of section 441.25 shall apply to any person making such return. The assessor shall make such supplemental return forms available as soon as practicable after the first day of January of each year. The assessor shall make such supplemental return forms available to the taxpayer by mail, or at a designated place within the taxing district.

2. Upon receipt of such supplemental return from any person the assessor shall prepare a roll assessing such person as hereinafter provided. In the preparation of such assessment roll the assessor shall be guided not only by the information contained in such supplemental roll, but by any other information the assessor may have or which may be obtained by the assessor as prescribed by the law relating to the assessment of property. The assessor shall not be bound by any values as listed in such supplemental return, and may include in the assessment roll any property omitted from the supplemental return which in the knowledge and belief of the assessor should be listed as required by law by the person making the supplemental return. Upon completion of such roll the assessor shall deliver to the person submitting such supplemental return a copy of the assessment roll, either personally or by mail.

3. Any taxpayer aggrieved by the action of the assessor in the preparation of an assessment roll upon which a supplemental return has been made shall have the same rights and privileges of appeal as provided by law in connection with the assessment rolls prepared in entirety by the assessor, but no assessment rolls prepared by the assessor after receiving a supplemental return shall be deemed insufficient or invalid because of the fact that such assessment roll does not bear the signature of the person assessed, and the signature of the person listing property upon the supplemental return shall be deemed a signature on the roll as prepared by the assessor.

4. The supplemental returns herein provided for shall be preserved in the same manner as assessment rolls, but shall be confidential to the assessor, board of review, or director of revenue, and shall not be open to public inspection, but any final assessment roll as made out by the assessor shall be a public record, provided that such supplemental return shall be available to counsel of either the person making the return or of the public, in case any appeal is taken to the board of review or to the court.

5. In the event of failure of any person required to list property to make a supplemental return, as required herein, on or before the fifteenth day of February of any year when such listing is required, the assessor shall proceed in the listing and assessment of the person's property as provided by this chapter, and no person subject to taxation shall be relieved of the person's obligation to list the person's property through failure to make a supplemental return as herein provided, and any roll prepared by the assessor after receiving a supplemental return or when prepared in accordance with other provisions of this chapter, shall be a valid assessment.

6. The provisions of this chapter relating to assessment rolls shall be applicable to the preparation of rolls upon which a supplemental return has been received, insofar as they are not in conflict with the provisions of this section.

On or before February 15 of each year, each owner of industrial real estate shall submit to the local assessor a report listing by year of acquisition and by acquisition cost the owner's machinery as described in section 427A.1, subsection 1, paragraph "e", and specifying any machinery added or removed during the preceding assessment year. A report containing an itemized list of machinery by year of acquisition and by acquisition cost shall be required only when deemed necessary by the assessor. The reports shall be submitted on forms prescribed by the director of revenue or on forms submitted by the taxpayer and approved by the assessor which forms shall contain the same information as is required to be reported on forms prescribed by the director. If a person shall knowingly enter false information on the report, the person shall be guilty of a simple misdemeanor. Also, if a person refuses to file the report provided for in this paragraph, the assessor shall proceed in accordance with the provisions of section 441.24.

441.20 Oath.

The assessor shall administer the oath or affirmation printed on the assessment rolls hereinafter pre-
441.21 Actual, assessed and taxable value

1. All real and tangible personal property subject to taxation shall be valued at its actual value which shall be entered opposite each item, and except as otherwise provided in this section, shall be assessed at one hundred percent of its actual value, and the value so assessed shall be taken and considered as the assessed value and taxable value of the property upon which the levy shall be made.

b. The actual value of all property subject to assessment and taxation shall be the fair and reasonable market value of such property except as otherwise provided in this section “Market value” is defined as the fair and reasonable value in the year in which the property is listed and valued between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and each being familiar with all the facts relating to the particular property. Sale prices of the property or comparable property in normal transactions reflecting market value, and the probable availability or unavailability of persons interested in purchasing the property, shall be taken into consideration in arriving at its market value. In arriving at market value, sale prices of property in abnormal transactions not reflecting market value shall not be taken into account, or shall be adjusted to eliminate the effect of factors which distort market value, including but not limited to sales to immediate family of the seller, foreclosure or other forced sales, contract sales, discounted purchase transactions or purchase of adjoining land or other land to be operated as a unit.

c. In assessing and determining the actual value of special purpose industrial real and tangible personal property having an actual value of five million dollars or more, the assessor shall equalize the values of such property with the actual values of other comparable special purpose industrial property in other counties of the state. Such special purpose industrial property includes, but is not limited to, chemical plants. If a variation of ten percent or more exists between the actual values of comparable industrial property having an actual value of five million dollars or more located in separate counties, the assessors of such counties shall consult with each other and with the department of revenue to determine if adequate reasons exist for such variation. If no such reasons exist, the assessors shall make adjustments in such actual values to provide for a variation of ten percent or less. For the purposes of this paragraph, special purpose industrial property includes structures which are designed and erected for operation of a unique and special use, are not rentable in existing condition and are incapable of conversion to ordinary commercial or in industrial use except at a substantial cost.

d. Actual value of property in one assessing jurisdiction shall be equalized as compared with actual value of property in an adjoining assessing jurisdiction. If a variation of five percent or more exists between the actual values of similar, closely adjacent property in adjoining assessing jurisdictions in Iowa, the assessors thereof shall determine whether adequate reasons exist for such variation. If no such reasons exist, the assessors shall make adjustments in such actual values to reduce the variation to five percent or less.

e. The actual value of agricultural property shall be determined on the basis of productivity and net earning capacity of the property determined on the basis of its use for agricultural purposes capitalized at a rate of seven percent and applied uniformly among counties and among classes of property. Any formula or method employed to determine productivity and net earning capacity of property shall be adopted in full by rule.

f. In counties or townships in which field work on a modern soil survey has been completed since January 1, 1949, the assessor and the department of revenue shall place emphasis upon the results of such survey in determining the productive and earning capacity of such agricultural property.

g. Notwithstanding any other provision of this section, the actual value of any property shall not exceed its fair and reasonable market value, except agricultural property which shall be valued exclusively as provided in paragraph “e” of this subsection.

2. The market value of an inventory or goods in bulk shall be their market value as such inventory or goods in bulk, not their retail or unit price. Such market value shall be fair and reasonable based on market value of similar classes of property.

In the event market value of the property being assessed cannot be readily established in the foregoing manner, then the assessor may determine the value of the property using the other uniform and recognized appraisal methods including its productive and earning capacity, if any, industrial conditions, its cost, physical and functional depreciation and obsolescence and replacement cost, and all other factors which would assist in determining the fair and reasonable market value of the property but the actual value shall not be determined by use of only one such factor.

The following shall not be taken into consideration in arriving at market value:

a. Notwithstanding any other provision of this section, the actual value of any property shall not exceed its fair and reasonable market value, except agricultural property which shall be valued exclusively as provided in paragraph “e” of this subsection.

b. The market value of an inventory or goods in bulk shall be their market value as such inventory or goods in bulk, not their retail or unit price. Such market value shall be fair and reasonable based on market value of similar classes of property.

3. “Actual value”, “taxable value”, or “assessed value” as used in other sections of the Code in relation to assessment of property for taxation shall mean the valuations as determined by this section, however, other provisions of the Code providing special methods or formulas for assessing or valuing specified...
property shall remain in effect, but this section shall be applicable to the extent consistent with such provisions. The assessor and department of revenue shall disclose at the written request of the taxpayer all information in any formula or method used to determine the actual value of the taxpayer's property.

The burden of proof shall be upon any complainant attacking such valuation as excessive, inadequate, inequitable or capricious; however, in protest or appeal proceedings when the complainant offers competent evidence by at least two disinterested witnesses that the market value of the property is less than the market value determined by the assessor, the burden of proof thereafter shall be upon the officials or persons seeking to uphold such valuation to be assessed.

4. For valuations established as of January 1, 1978, agricultural and residential property shall be assessed at a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1978, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total equalized value of such property in the state in 1975, adjusted for additions or deletions to said value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment submitted in 1976 and 1977, plus six percent of the 1975 equalized value of such property or the amount of value added by the revaluation of existing properties in 1976, 1977 and 1978 whichever is less. The divisor shall be the total value of such property in the state as reported by the assessors on the abstracts of assessment submitted in 1977, plus the amount of value added in 1978 by the revaluation of existing properties.

5. For valuations established as of January 1, 1979, the percentage of actual value at which agricultural and residential property shall be assessed shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus six percent of the amount so determined. However, if the difference between the dividend so determined for either class of property and the dividend for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is less than six percent, the 1979 dividend for the other class of property shall be the dividend as determined for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is increased in arriving at the 1979 dividend for the other class of property. The divisor for each class of property shall be the total actual value of all such property in the state in the preceding year, as reported by the assessors on the abstracts of assessment submitted for 1978, plus the amount of value added to said total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. The director shall utilize information reported on abstracts of assessment submitted pursuant to section 441.45 in determining such percentage. For valuations established as of January 1, 1980, and each year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which agricultural and residential property shall be assessed shall be calculated in accordance with the methods provided herein including the limitation of increases in agricultural and residential assessed values to the percentage increase of the other class of property if the other class increases less than the allowable limit adjusted to include the applicable and current values as equalized by the director of revenue, except that any references to six percent in this subsection shall be four percent.

6. For valuations established as of January 1, 1979, commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 6, shall be assessed as a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the total actual valuation for each class of property established for 1978, plus six percent of the amount so determined. The divisor for each class of property shall be the valuation for each class of property established for 1978, as reported by the assessors on the abstracts of assessment for 1978, plus the amount of value added to the total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. For valuations established as of January 1, 1979, property valued by the department of revenue pursuant to chapters 428, 433, 436, 437, and 438 shall be considered as one class of property and shall be assessed as a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined
in this section. The dividend shall be the total actual valuation established for 1978 by the department of revenue, plus ten percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 436, 437, and 438 shall be the valuation established for 1978, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1979. For valuations established as of January 1, 1980, commercial property, industrial property, excluding properties referred to in section 427A 1, subsection 6, shall be assessed at a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1979, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1979, plus four percent of the amount so determined. The divisor for each class of property shall be the total actual value of all such property in 1979, as equalized by the director of revenue pursuant to section 441 49, plus the amount of value added to the total actual value by the revaluation of existing properties in 1980. The director shall utilize information reported on the abstracts of assessment submitted pursuant to section 441 45 in determining such percentage. For valuations established as of January 1, 1980, property valued by the department of revenue pursuant to chapters 428, 433, 436, 437, and 438 shall be assessed at a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1979 by the department of revenue, plus eight percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 436, 437, and 438 shall be the valuation established for 1979, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1980. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441 49 at which commercial property and industrial property, excluding properties referred to in section 427A 1, subsection 6, shall be assessed shall be calculated in accordance with the methods provided herein, except that any references to six percent in this subsection shall be four percent. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value at which property valued by the department of revenue pursuant to chapters 428, 433, 436, 437, and 438 shall be assessed shall be calculated in accordance with the methods provided herein, except that any references to ten percent in this subsection shall be eight percent. Beginning with valuations established as of January 1, 1979, and each year thereafter, property valued by the department of revenue pursuant to chapter 434 shall also be assessed at a percentage of its actual value which percentage shall be equal to the percentage determined by the director of revenue for commercial property, industrial property, or property valued by the department of revenue pursuant to chapters 428, 433, 436, 437, and 438, whichever is lowest. For valuations established as of January 1, 1978, the assessors shall report the aggregate taxable values and the number of dwellings located on agricultural land and the aggregate taxable value of all other structures on agricultural land. Beginning with valuations established as of January 1, 1981, the agricultural dwellings located on agricultural land shall be valued at their market value as defined in this section. Agricultural dwellings shall be valued as rural residential property and shall be assessed at the same percentage of actual value as is all other residential property. For the purpose of computing the debt limitations for municipalities, political subdivisions and school districts, the term "actual value" means the "actual value" as determined by subsections 1 to 3 of this section without application of any percentage reduction and entered opposite each item, and as listed on the tax list as provided in section 443 2 as "actual value." Whenever any board of review or other tribunal changes the assessed value of property, all applicable records of assessment shall be adjusted to reflect such change in both assessed value and actual value of such property. Any normal and necessary repairs to a building, not amounting to structural replacements or modification, shall not increase the taxable value of the building. This paragraph applies only to repairs of two thousand five hundred dollars or less per building per year. Notwithstanding paragraph "a" of this subsection, any construction or installation of gas production systems using waste or manure to produce gas completed on property classified as agricultural, residential, commercial, or industrial property shall not increase the actual, assessed and taxable values of the property for assessment years beginning on January 1, 1979 and ending on or before December 31, 1985. In addition, notwithstanding paragraph "a" of this subsection, any construction or installation of a solar energy system on property so classified shall not increase the actual, assessed and taxable values of the property for five full assessment years. As used in this subsection "solar energy system" means either of the following: (1) A system of equipment capable of collecting and converting incident solar radiation or wind energy into thermal, mechanical or electrical energy and transforming these forms of energy by a separate apparatus to storage or to a point of use which is constructed or installed after January 1, 1978.
(2) A system that uses the basic design of the building to maximize solar heat gain during the cold season and to minimize solar heat gain in the hot season and that uses natural means to collect, store and distribute solar energy which is constructed or installed after January 1, 1981.

In assessing and valuing the property for tax purposes, the assessor shall disregard any market value added by a solar energy system to a building. The director of revenue shall adopt rules, after consultation with the energy policy council, specifying the types of equipment and structural components to be included under the guidelines provided in this subsection.

10. Not later than November 1, 1979 and November 1 of each subsequent year, the director shall certify to the county auditor of each county the percentages of actual value at which residential property, agricultural property, commercial property, industrial property, and property valued by the department of revenue pursuant to chapters 428, 433, 434, 436, 437, and 438 in each assessing jurisdiction in the county shall be assessed for taxation. The county auditor shall proceed to determine the assessed values of agricultural property, residential property, commercial property, industrial property, and property valued by the department of revenue pursuant to chapters 428, 433, 434, 436, 437, and 438 by applying such percentages to the current actual value of such property, as reported to the county auditor by the assessor, and the assessed values so determined shall be the taxable values of such properties upon which the levy shall be made.

11. The percentage of actual value computed by the director for agricultural property, residential property, commercial property, industrial property and property valued by the department of revenue pursuant to chapters 428, 433, 434, 436, 437, and 438 and used to determine assessed values of those classes of property does not constitute a rule as defined in section 17A.2, subsection 7.

If there has been an increase or decrease in the valuation of the property, or upon the written request of the person assessed, the assessor shall, at the time of making the assessment, inform the person assessed, in writing, of the valuation put upon the taxpayer's property, and notify the person, if the person feels aggrieved, to appear before the board of review and show why the assessment should be changed. The owners of real property shall be notified not later than April 15 of any adjustment of the real property assessment.

441.24 Refusal to furnish statement.
1. Such appeal is in addition to the appeal allowed to the person whose property is assessed and shall be taken in the name of the county, city, township, drainage district, levee district, or school district interested, and tried in the same manner, except that the notice of appeal shall also be served upon the owner of the property concerning which the complaint is made and affected thereby or person required to return said property for assessment. [S13, §1373; C24, 27, 31, 35, 39, §7135; C46, 50, 54, 58, §405.25, 442.10; C62, 66, 71, 73, 75, 77, 79, 81, §441.42] Referred to in §441.78

441.43 Power of court.
Upon trial of any appeal from the action of the board of review fixing the amount of assessment upon any property concerning which complaint is made, the court may increase, decrease, or affirm the amount of the assessment appealed from. [S13, §1373; C24, 27, 31, 35, 39, §7136; C46, 50, 54, 58, §405.24, 442.11; C62, 66, 71, 73, 75, 77, 79, 81, §441.43] Referred to in §443.11

441.44 Notice of voluntary settlement.
No voluntary court settlement of an assessment appeal shall be valid unless written notice thereof shall first be served upon each of the taxing bodies interested in the taxes derived from such assessment. [C46, 50, 54, 58, §405.27; C62, 66, 71, 73, 75, 77, 79, 81, §441.44] Referred to in §441.44

441.45 Abstract to state department of revenue.
The county assessor of each county and each city assessor shall, on or before July 1 of each year, make out and transmit to the department of revenue an abstract of the real and personal property in the assessor's county or city, as the case may be, and file a copy thereof with the county auditor, in which the assessor shall set forth:
1. The number of acres of land and the aggregate taxable values of the same, exclusive of city lots, re-
turned by the assessors, as corrected by the board of review.

2. The aggregate taxable values of real estate by class in each township and city in the county, returned as corrected by the board of review.

3. The aggregate taxable values of personal property.

4. Other facts as may be required by the director of revenue.

In any case where a board of review continues in session beyond June 1, under provisions of sections 441.33 and 441.37 the abstract of the real and personal property shall be made out and transmitted to the department of revenue within fifteen days after the date of final adjournment by said board. [R60, §741; C73, §§833; C97, §1377; S13, §1361; C24, 27, 31, 35, 39, §1117, 7139; C46, 50, 54, 58, §441.20, 442.14; C62, 66, 71, 73, 75, 77, 79, 81, §441.45]

441.46 Assessment year.

The assessment date of January 1 is the first date of an assessment year period which constitutes a calendar year commencing January 1 and ending December 31. All property tax statutes providing for tax exemptions or credits and requiring that a claim be filed, shall be construed to require the claims to be filed by July 1 of the assessment year. If no claim is required to be filed to procure an exemption or credit, the status of the property as exempt or taxable on July 1 of the fiscal year which commences during the assessment year determines its eligibility for exemption or credit. Any statute requiring proration of property taxes for any purpose shall be for the fiscal year, and the proration shall be based on the status of the property during the fiscal year.

The assessment date for property taxes for the fiscal period beginning January 1, 1973 and ending June 30, 1974 and which became delinquent during the fiscal period beginning January 1, 1974 and ending June 30, 1975, was January 1, 1973. The assessment date for property taxes for the fiscal year beginning July 1, 1974 and ending June 30, 1975 and which became delinquent during the fiscal year beginning July 1, 1975 and ending June 30, 1976, was January 1, 1974. Thereafter, the assessment date is January 1 for taxes for the fiscal year which commences six months after the assessment date and which become delinquent during the fiscal year commencing eighteen months after the assessment date. [C77, 79, 81, §441.46]

441.47 Adjusted valuations.

The director of revenue on or about August 15, 1977 and every two years thereafter shall order the equalization of the levels of assessment of each class of property in the several assessing jurisdictions by adding to or deducting from the valuation of each class of property such percentage in each case as may be necessary to bring the same to its taxable value as fixed in this chapter and chapters 427 to 443. The director shall adjust to actual value the valuation of any class of property as set out in the abstract of assessment when the valuation is at least five percent above or below actual value as determined by the director. For purposes of such value adjustments and before such equalization the director shall adopt, in the manner prescribed by chapter 17A, such rules as may be necessary to determine the level of assessment for each class of property in each county. The rules shall cover: (1) The proposed use of the assessment-sales ratio study set out in section 421.17, subsection 6; (2) the proposed use of any statewide income capitalization studies; (3) the proposed use of other methods that would assist the director in arriving at the accurate level of assessment of each class of property in each assessing jurisdiction.

[C51, §481, 482; R60, §742; C73, §834; C97, §1379; C24, 27, 31, 35, 39, §7142; C46, 50, 54, 58, §442.16; C62, 66, 71, 73, 75, 77, 79, 81, §441.47]

441.48 Notice of adjustment.

Before the director of revenue shall adjust the valuation of any class of property any such percentage, the director shall serve ten days’ notice by mail, on the county auditor of the county whose valuation is proposed to be adjusted and the director shall hold an adjourned meeting after such ten days’ notice, at which time the county or assessing jurisdiction may appear by its county council or board of supervisors, city or county attorney, and other assessing jurisdiction, city or county officials, and make written or oral protest against such proposed adjustment, which protest shall consist simply of a statement of the error, or errors, complained of with such facts as may lead to their correction, and at such adjourned meeting final action may be taken in reference thereto. [C24, 27, 31, 35, 39, §7142; C46, 50, 54, 58, §405.23, 442.17; C62, 66, 71, 73, 75, 77, 79, 81, §441.48]

441.49 Adjustment by auditor.

The director shall keep a record of the review and adjustment proceedings and finish the proceedings on or before October 1 unless for good cause the proceedings cannot be completed by that date. The director shall notify each county auditor by mail of the final action taken at the proceedings and specify any adjustments in the valuations of any class of property to be made effective for the jurisdiction.

However, an assessing jurisdiction may request the director to permit the use of an alternative method of applying the equalization order to the property values in the assessing jurisdiction, provided that the final valuation shall be equivalent to the director’s equalization order. The assessing jurisdiction shall notify the county auditor of the request for the use of an alternative method of applying the equalization order and the director’s disposition of the request. The request to use an alternative method of applying the equalization order, including procedures for notifying affected property owners and appealing valuation adjustments, shall be made within ten days from the date the county auditor receives the equalization order and the valuation adjustments, and appeal procedures shall be completed by November 30 of the year of the equalization order. Compliance with the provisions of section 441.21 is sufficient grounds for the director to permit the use of an alternative method of applying the equalization order.

On or before October 15 the county auditor shall cause to be published in official newspapers of general circulation the final equalization order. Failure to
publish the equalization order has no effect upon the validity of the orders.

The county auditor shall add to or deduct from the valuation of each class of property in the county the required percentage, rejecting all fractions of fifty cents or less in the result, and counting all fractions over fifty cents as one dollar. For any special charter city that levies and collects its own tax based on current year assessed values, the equalization percentage shall be applied to the following year’s values, and shall be considered the equalized values for that year for purposes of this chapter.

The local board of review shall reconvene in special session from October 15 to November 15 for the purpose of hearing the protests of affected property owners or taxpayers within the jurisdiction of the board whose valuation of property if adjusted pursuant to the equalization order issued by the director of revenue will result in a greater value than permitted under section 441.21. The board of review shall accept protests only during the first ten days following the date the local board of review reconvenes. The board of review shall limit its review to only the timely filed protests. The board of review may adjust all or a part of the percentage increase ordered by the director of revenue by adjusting the actual value of the property under protest to one hundred percent of actual value. Any adjustment so determined by the board of review shall not exceed the percentage increase provided for in the director’s equalization order. The determination of the board of review on filed protests is final, subject to review by the director of revenue for the purpose of determining whether the board’s actions substantially altered the equalization order. In making the review, the director has all the powers provided in chapter 421, and in exercising the powers the director is not subject to chapter 17A. Not later than fifteen days following the adjournment of the board, the board of review shall submit to the director of revenue, on forms prescribed by the director, a report of all actions taken by the board of review during this session.

Not later than ten days after the date the final equalization order is issued, the city or county officials of the affected county or assessing jurisdiction may appeal the final equalization order to the state board of tax review. The appeal shall not delay the implementation of the equalization orders.

Tentative and final equalization orders issued by the director of revenue are not rules as defined in the laws of this state, then the appeal shall not delay the implementation of the equalization orders. The conference board shall have power to employ appraisers or other technical or expert help to assist in the valuation of property, the cost thereof to be paid in the same manner as other expenses of the assessor’s office. The conference board may certify for purposes of this chapter shall be in conflict with any of the laws of this state, then the provisions of this chapter shall prevail.

Whenever in the laws of this state, the words “assessor” or “assessors” appear, singly or in combination with other words, they shall be deemed to mean and refer to the county or city assessor, as the case may be.

Conflicting laws.

If any of the provisions of this chapter shall be in conflict with any of the laws of this state, then the provisions of this chapter shall prevail.

Appraisers employed.

The conference board shall have power to employ appraisers or other technical or expert help to assist in the valuation of property, the cost thereof to be paid in the same manner as other expenses of the assessor’s office. The conference board may certify for levy annually an amount not to exceed forty and one-half cents per thousand dollars of assessed value of taxable property for the purpose of establishing a special appraiser’s fund, to be used only for such purposes. From time to time the conference board may direct the transfer of any unexpended balance in the special appraiser’s fund to the assessment expense fund.

Repealed by 65GA, ch 1230, §8, 9.

Failure to perform duty.

If any assessor or member of any board of review shall knowingly fail or neglect to make or require the assessment of property for taxation to be of and for its taxable value as provided by law or to perform any of the duties required of the assessor or member by law, at the time and in the manner specified, the assessor or member shall forfeit and pay the sum of five hundred dollars to be recovered in an action in the district court in the name of the county or in the name of the city as the case may be, and for its use, and the action against the assessor shall be against the assessor and the assessor’s sureties.

Construction.

Whenever in the laws of this state, the words “assessor” or “assessors” appear, singly or in combination with other words, they shall be deemed to mean and refer to the county or city assessor, as the case may be.

Conflicting laws.

If any of the provisions of this chapter shall be in conflict with any of the laws of this state, then the provisions of this chapter shall prevail.

Assessor’s duties — combined appointment.

When the duties of the county assessor are combined with the duties of another officer or employee as provided in section 331.23, subsection 1, the person named to perform the combined duties shall be appointed as provided in sections 441.5 to 441.8.

Platting for assessment and taxation by auditor.

Whenever a lot or subdivision of land is owned by two or more persons in severalty, and the description of one or more of the different parts or parcels thereof cannot, in the judgment of the county auditor or the assessor, be made sufficiently certain and accurate for the purposes of assessment and taxation without noting the metes and bounds of the same, or whenever the proprietor of any subdivision of land has sold or con-
veyed any part thereof, or invested the public with any rights therein, and has failed to file for record a plat as provided in chapter 409, the county auditor by certified mail shall notify all of the owners, and demand compliance. If the owners fail to execute and file the plat within sixty days after the issuance of such notice to execute and file said plat for record, the auditor shall cause a plat to be made as the auditor deems appropriate in accordance with the provisions of chapter 409. The auditor may contract for the services of a registered land surveyor as necessary to comply with this section. Every conveyance of land in this state shall be deemed to be a warranty that the description therein contained is sufficiently definite and accurate to enable the auditor to enter the same on the plat book required to be kept, and when there is presented for entry on the transfer book any conveyance in which the description is not sufficiently definite and accurate, the auditor shall note such fact on the deed, with that of the entry for transfer, and shall notify the person presenting it that the land therein is not sufficiently described, and that it must be presented within sixty days thereafter. If the grantor in the conveyance shall neglect for sixty days thereafter to file for record a plat thereof, then the auditor shall proceed as is provided in this section, and cause the plat to be made in accordance with the provisions of chapter 409 and recorded in the office of the auditor, and in the office of the county recorder, and in the office of the assessor.

CHAPTER 442
SCHOOL FOUNDATION PROGRAM

442.1 State school foundation program.
This chapter establishes a state school foundation program. For each school year, each school district in the state is entitled to receive state school foundation aid, which shall be an amount per pupil equal to the difference between the amount per pupil of foundation property tax in the district, and the state foundation base or the district cost per pupil, whichever is less. However, if the amount so determined for any district is less than two hundred dollars per pupil, the district is entitled to receive not less than two hundred dollars per pupil. However, if the receipt of two hundred dollars by a school district plus the money raised by the foundation property tax exceeds the maximum allowed district cost for the budget year, the district shall be entitled to receive in state foundation aid an amount equal to the difference between the money raised by the foundation property tax for the budget year and the district cost for the budget year. In making computations and payments under this chapter, except in the case of computations relating to funding of special education support services, media services and educational services provided through the area education agencies, the state comptroller shall round amounts to the nearest whole dollar.

442.2 Foundation property tax — livestock credit.
1 Each school district shall cause to be levied each year, for the school general fund, a foundation property tax of five dollars and forty cents per thousand dollars of assessed valuation on all taxable property in the district. For the purpose of this chapter, a school district is defined as a school corporation organized under chapter 274.
2 The amount paid to each school district for the tax credit for livestock under section 427.17 shall be regarded as property tax. The portion of the payment which is foundation property tax shall be determined by applying the foundation property tax rate to the taxable value of livestock assessed for taxation in the district as of January 1, 1973, determined pursuant to section 427.17, and adjusted to actual value as provided in Acts of the Sixty-fifth General Assembly, chapter 1231, section 174. A school district is hereby authorized to levy a tax on all of the taxable property within the district in an amount equal to the difference between the amount due to a school district from the personal property tax replacement fund for the preceding year and the amount actually received during the preceding fiscal year from the personal property tax replacement fund.
3 The amount paid to each school district from the personal property tax replacement fund shall be made annually in equal payments not less than one hundred dollars by a school district plus the money raised by the foundation property tax for the budget year and the district cost for the budget year.
lished by sections 427A.9 to 427A.14 shall be regarded as property tax. For budget years beginning after the year in which the ninth increase in the additional personal property tax credit becomes effective as provided in said sections, the portion of the payment which is foundation property tax shall be determined by applying the foundation property tax rate to the total actual value of all personal property assessed for taxation in the district as of January 1, 1973, excluding livestock, but including other personal property eligible for tax credits granted by sections 427A.9 to 427A.14. For budget years to and including the year in which the ninth increase in the additional personal property tax credit becomes effective as provided in said sections, the portion of the payment which is foundation property tax shall be determined by the state comptroller pursuant to uniform methods established by the comptroller.

4. For purposes of section 442.1, the “amount per pupil of foundation property tax” and the “money raised by the foundation property tax” do not include the tax levied under subsection 1 on the property of a railroad corporation or its trustee which corporation has been declared bankrupt or is in bankruptcy proceedings.

Referred to in §442.5, 442.14, 442.43

442.3 State foundation base.

The state foundation base for the school year beginning July 1, 1972, is seventy percent of the state cost per pupil. Except as otherwise provided in this section, for each succeeding school year the state foundation base shall be increased by the amount of one percent of the state cost per pupil, up to a maximum of eighty percent of the state cost per pupil. However, for the school years beginning July 1, 1980, July 1, 1981, and July 1, 1982, the state foundation base shall be the same as the state foundation base for the school year beginning July 1, 1979. For the school year beginning July 1, 1984, the state foundation base is eighty percent of the state cost per pupil if the estimate of the ending fund balance of the state general fund for the fiscal year beginning July 1, 1984 and ending June 30, 1985, as estimated by the state comptroller in January, 1984, is equal to or greater than thirty million dollars. The district foundation base is the larger of the state foundation base or the amount per pupil which the district will receive from foundation property tax and state school foundation aid.

442.4 Enrollment.

1. Basic enrollment for the budget year beginning July 1, 1979 and each subsequent budget year is determined by adding the resident pupils who were enrolled on the second Friday of September in the base year in public elementary and secondary schools of the district and in public elementary and secondary schools in another district or state for which tuition is paid by the district. For the school year beginning July 1, 1975, and each succeeding school year, pupils enrolled in prekindergarten programs other than special education programs are not included in basic enrollment.

Resident pupils of high school age for which the district pays tuition to attend an Iowa area school are included in basic enrollment on a full-time equivalent basis as of the second Friday of September in the base year for the budget year beginning July 1, 1979 and each subsequent budget year.

Shared-time and part-time pupils of school age, irrespective of the districts in which the pupils reside, are included in basic enrollment as of the second Friday of September in the budget year for the budget year beginning July 1, 1979 and each subsequent budget year, in the proportion that the time for which they are enrolled or receive instruction for the school year is to the time that full-time pupils carrying a normal course schedule, at the same grade level, in the same school district, for the same school year, are enrolled and receive instruction. Tuition charges to the parent or guardian of a shared-time or part-time out-of-district pupil shall be reduced by the amount of any increased state aid occasioned by the counting of the pupil.

Pupils attending a university laboratory school are not counted in any district's basic enrollment, but the laboratory school shall report them directly to the department of public instruction.

A school district shall certify its basic enrollment to the department of public instruction by September 25 of each year, and the department shall promptly forward the information to the state comptroller. For purposes of determining whether a district is entitled to an advance for increasing enrollment a determination of actual enrollment shall be made on the second Friday of September in the budget year by counting the pupils in the same manner and to the same extent that they are counted in determining basic enrollment, but substituting the count in the budget year for the count in the base year. In addition, a school district shall determine its additional enrollment because of special education defined in section 442.38, on December 1 of each year and if the district is entitled to an advance for special education, it shall certify its additional enrollment because of special education to the department of public instruction by December 15 of each year, and the department shall promptly forward the information to the state comptroller.

2. An adjusted enrollment for each district shall be computed as follows:

a. For the school year beginning July 1, 1980, and each subsequent school year, the adjusted enrollment for a school district is equal to the larger of the following:

(1) The basic enrollment for the base year.

(2) The basic enrollment for the budget year.

If a school district uses subparagraph (2) of this paragraph for its adjusted enrollment and the district's actual enrollment for the budget year is larger than the adjusted enrollment computed under subparagraph (2) of this paragraph, the district may be eligible to receive an advance for increasing enrollment under section 442.28.

b. For the school year beginning July 1, 1979, if a district has a decrease from the basic enrollment in the base year to the basic enrollment in the budget year the state comptroller shall compute an amount
to be added to the basic enrollment for the budget year. The amount to be added is equal to one hundred percent of the basic enrollment decrease to the extent that it does not exceed two and one-half percent of the base year's basic enrollment, and fifty percent of the remaining basic enrollment decrease. If the school district's basic enrollment in the base year is equal to or less than the basic enrollment for budget year the adjusted enrollment shall equal the basic enrollment for the budget year.

3. For the school year beginning July 1, 1980, and each subsequent school year, budget enrollment means the sum of the following:
   a. Twenty-five percent of the basic enrollment for the school year beginning July 1, 1979.
   b. Seventy-five percent of the adjusted enrollment computed under subsection 2, paragraph "a," of this section.
   c. Adjustments made by the state comptroller under subsection 5 of this section.

4. For the school year beginning July 1, 1984 and each succeeding school year, if a school district's basic enrollment for the budget year is larger than its budget enrollment for the budget year, the district shall use its basic enrollment for the budget year in lieu of its budget enrollment for the budget year for computations required in this chapter.

5. For the school year beginning July 1, 1984 and each succeeding school year, if an amount equal to the district cost per pupil for the budget year minus the amount included in the district cost per pupil for the budget year to compensate for the cost of special education support services for a school district for the budget year times the budget enrollment of the school district for the budget year is less than one hundred two percent times an amount equal to the district cost per pupil for the base year minus the amount included in the district cost per pupil for the base year to compensate for the cost of special education support services for a school district for the base year times the budget enrollment for the school district for the base year, the state comptroller shall increase the budget enrollment for the school district for the budget year to a number which will provide that one hundred two percent amount.

6. For the school year beginning July 1, 1980, and each subsequent school year, weighted enrollment is the budget enrollment as modified by application of the special education weighting plan in section 281.9 and the supplementary weighting plan in this chapter.

Commemorating the school year beginning July 1, 1981 and each school year thereafter, the weighted enrollment shall be determined on the basis of a count of a district's additional enrollment because of special education, as defined in section 442.38, on December 1 of the base year.

442.5 Miscellaneous income — expenditures.

1. As used in this chapter:
   a. "Miscellaneous income" means all receipts deposited to the general fund of a school district which are not obtained from state aid provided under section 442.1 or from property tax authorized under section 442.2 or 442.9. Miscellaneous income includes property tax levied under the provisions of section 613A.7, to fund the costs of tort liability insurance for the school district.
   b. "Expenditures" means the total amounts paid out of the general fund of a school district, exclusive of amounts paid for the following purposes, for which special levies are authorized:
      (1) A contract for the use of a library under section 298.7.
      (2) A judgment under sections 298.15 to 298.17.
      (3) Tort liability under chapter 613A.
      (4) Asbestos removal or encapsulation under section 279.43.
   2. The authorized expenditures during a school year may not exceed the lesser of the budget for that year certified under section 24.17 plus any allowable amendments permitted in this section, or the authorized budget, which is the sum of the district cost for that year plus the actual miscellaneous income received for that year plus the actual unspent balance from the preceding year. If actual miscellaneous income for a school year exceeds the anticipated miscellaneous income in the certified budget for that year, or if an unspent balance has not been previously certified, a school district may amend its certified budget.

442.7 State percent of growth — allowable growth.

1. For school years subsequent to the school year beginning July 1, 1978, a state percent of growth for the budget year shall be computed by the state comptroller prior to September 15 in the base year and forwarded to the superintendent of public instruction. The state percent of growth shall be an average of the following four percentages of growth except as otherwise provided in paragraph "c" of this subsection:
   a. The difference in the receipts of state general fund revenues computed or estimated as follows:
      (1) The percentage of change between the revenues received during the second year preceding the base year and the revenues received during the year preceding the base year.
      (2) The percentage of change between the revenues received during the year preceding the base year and the revenues received during the base year.
   b. The difference in the gross national product implicit price deflator published by the bureau of eco-
nomic analysis, United States department of commerce, computed or estimated as a percentage of change for the following

1. From the value for the quarter ending December 31, 1980 to the beginning of the base year to the value for the quarter ending December 31, 1979.

2. From the value for the quarter ending December 31, 1979 to the beginning of the base year.

The computation of the percentage change in the gross national product implicit price deflator shall be based, to the extent possible, on the latest available figures of these deflators published by the bureau of economic analysis.

c. If the average of the percentages computed or estimated under paragraph "b" of this subsection exceeds the average of the percentages computed under subsection 1, paragraph "b" of this section.

3. If the state percent of growth so computed is negative, that percentage shall not be used and the state percent of growth shall be zero.

4. Each year prior to September 15, the state comptroller shall recompute the state percent of growth for the previous year using adjusted estimates and the actual figures available. The difference between the recomputed state percent of growth for the base year and the original computation shall be added to or subtracted from the state percent of growth for the budget year, as applicable. However, for the budget year beginning July 1, 1980, only, the state comptroller shall recompute the state percent of growth for the previous year using adjusted estimates and the actual figures available based only upon the consumer price index.

With regard to values of gross national product implicit price deflators, the recomputation of the state percent of growth for the previous year shall be made only with respect to the value of the deflator for the quarter which occurred subsequent to the calculation of the state percent of growth for the previous year. If subsection 1, paragraph "c," of this section is used in the calculation of the state percent of growth for the previous year, the calculation made in subsection 1, paragraph "b," of this subsection shall not be used in the recomputation of the state percent of growth for the previous year.

For the school year beginning July 1, 1981, the recomputation of the state percent of growth for the year beginning July 1, 1980, computed prior to September 15, 1980 and added to or subtracted from the state percent of growth for the school year beginning July 1, 1981, shall also include a percent equal to the difference between the estimate made of the percentage of growth in the receipts of state general fund revenue by the state comptroller prior to September 15, 1978 in computing the state percent of growth for the school year beginning July 1, 1979 and the actual figures of the percentage of growth in the receipts of state general fund revenue.

5. Notwithstanding subsections 1 through 4, for the school year beginning July 1, 1984, if the estimate of the ending fund balance of the state general fund for the fiscal year beginning July 1, 1984 and ending June 30, 1985, as estimated by the state comptroller in January 1984, is equal to or greater than thirty million dollars and the state foundation base increases to eighty percent pursuant to section 442.3, the state percent of growth, including the recomputations required under subsection 4, shall be six and two tenths percent.

6. The basic allowable growth per pupil for the budget year shall be computed by multiplying the state cost per pupil for the base year times the state percent of growth for the budget year.

7. The allowable growth per pupil for each school district is the basic allowable growth per pupil, for the budget year modified as follows:

a. If the state cost per pupil for the budget year exceeds the district cost per pupil for the budget year, the basic allowable growth per pupil for the budget year is modified to equal one hundred ten percent of the product of the state cost per pupil for the base year times the state percent of growth for the budget year. However, the basic allowable growth per pupil for the budget year under this paragraph shall not exceed the difference between the state cost per pupil for the budget year and the district cost per pupil for the budget year. For purposes of this paragraph the state cost per pupil and the district cost per pupil shall not include special education support service costs, and the district cost per pupil for the budget year shall not include that portion of the budget cost per pupil created by additions or subtractions to the allowable growth per pupil for the budget year and for prior school years beginning with the school year commencing July 1, 1977, as provided under paragraph "b" of this subsection.

b. By the school budget review committee under section 442.13.

c. For the school year beginning July 1, 1975 only, by adding to the basic allowable growth per pupil for the budget year an amount to compensate for the costs of special education support services provided through the area education agency. The total amount for each area shall be based upon the program plans submitted by the special education director of the area education agency as required by section 273.5, which shall be modified as necessary and approved by the department of public instruction according to the criteria and limitations of section 273.5 and chapter 281. The amount of additional allowable growth per pupil for the budget year for each district in an area shall be determined by dividing the total amount for the area so determined by the weighted enrollment of the area for the budget year.

d. For the school year beginning July 1, 1976 and ending with the school year beginning July 1, 1980, by adding to the basic allowable growth an amount to compensate for the additional costs of special education support services provided through the area education agency. For the school years beginning July 1,
1978 and July 1, 1979 only, the total amount for each area shall be equal to the total amount approved for special education support services for the base year times one hundred percent plus the state percent of growth. In addition to the amount provided in this paragraph to each area for the school years beginning July 1, 1978 and July 1, 1979 to compensate for the additional costs of special education support services, each area may be granted by the state board an additional amount to serve children newly identified as requiring the services pursuant to plans submitted by the special education director of the area education agency as required by section 273.5. The total of additional amounts granted throughout the state by the state board for the school year beginning July 1, 1978 shall not exceed the total amount approved for special education support services for the school year beginning July 1, 1977 times four and eighty-seven hundredths percent, and for the school year beginning July 1, 1979 shall not exceed the total amount approved for special education support services for the school year beginning July 1, 1978 times three percent. For the school year beginning July 1, 1980 the total amount for the state for special education support services shall not exceed the total amount approved for special education support services for the base year times one hundred percent plus the state percent of growth, and the total amount for each area shall be determined by the state board of public instruction pursuant to plans submitted by the special education director of the area education agency as required by section 273.5, which shall be modified as necessary and approved by the state board of public instruction according to the criteria and limitations of section 273.5 and chapter 281 and within the total amount for the state provided in this paragraph. The amount of additional allowable growth per pupil for the budget year for each district in an area shall be determined by dividing the total amount for the area so determined by the weighted enrollment of the area for the budget year.

e. For the school years prior to the school year beginning July 1, 1981, for the additional allowable growth computed under paragraphs "c" and "d" of this subsection, the state board of public instruction, in cooperation with the appropriate personnel of the area education agency, shall determine the amounts for each area education agency, as required and the state comptroller shall calculate the amounts of additional allowable growth for each district necessary to fund the total special education support services costs as increased for the budget year under paragraph "d" of this subsection, and shall calculate the amounts due from each district to its area education agency by multiplying the additional allowable growth per pupil necessary to fund the total special education support services costs as increased for the budget year under paragraph "d" of this subsection by the weighted enrollment in the district for the budget year. The state comptroller shall deduct the amounts so calculated for each school district from the state aid due to the district pursuant to this chapter and shall pay the amounts to the area education agencies on a quarterly basis during each school year. The state comptroller shall notify each school district of the amount of state aid deducted for this purpose and the balance of state aid will be paid to the district. If a district does not qualify for state aid under this chapter in an amount sufficient to cover its amount due to the area education agency as calculated by the state comptroller, the school district shall pay the deficiency to the area education agency from other moneys received by the district, on a quarterly basis during each school year.

f. By the state comptroller under section 442.35.

9. Allowable growth. For the school year beginning July 1, 1981 and succeeding school years, the amount included in the district cost per pupil in weighted enrollment for special education support services costs for each district in an area education agency for a budget year is the amount included in the district cost per pupil in weighted enrollment for special education support services costs in the base year plus the allowable growth added to state cost per pupil for special education support services costs for the budget year, except as provided in paragraph "h". Funds shall be paid to area education agencies as provided in section 442.25.

h. For the school year beginning July 1, 1983 and succeeding school years, the state board of public instruction may direct the state comptroller to increase or reduce the allowable growth added to district cost per pupil in weighted enrollment for a budget year for special education support services costs in an area education agency, if the base year cost per pupil for special education support services costs for the area education agency as calculated by the state comptroller exceeds one hundred percent of the product of the state cost per pupil for the base year times the state percent of growth for the budget year.

i. For the school year beginning July 1, 1981 and succeeding school years, the allowable growth added to state cost per pupil for special education support services costs is the amount included in state cost per pupil for special education support services costs for the base year times the state percent of growth for the budget year. However, for the school year beginning July 1, 1981, no allowable growth shall be added, except as provided under subsection 9.

j. For the school year beginning July 1, 1981 and succeeding school years, the allowable growth added to state cost per pupil for special education support services costs is the amount included in state cost per pupil for special education support services costs for the base year times the state percent of growth for the budget year.
442.8 State cost per pupil.
As used in this chapter, "state cost per pupil" for the school year beginning July 1, 1975, and subsequent school years means state cost per pupil in weighted enrollment. The state cost per pupil for the school year beginning July 1, 1972, is nine hundred three dollars. The state cost per pupil for the school year beginning on July 1, 1973, and for each succeeding school year is the base year's state cost per pupil plus the allowable growth for the budget year. If the state percent of growth is zero, the state cost per pupil shall be the same as the base year's state cost per pupil.

However, for the budget years beginning July 1, 1980, July 1, 1982, July 1, 1983, and July 1, 1984, the state cost per pupil shall equal the base year's state cost per pupil plus the allowable growth for the budget year plus an adjustment to the state cost per pupil. For the budget years beginning July 1, 1980, July 1, 1982, July 1, 1983, and July 1, 1984, the adjustment to the state cost per pupil is twenty dollars per pupil, thirteen dollars per pupil, eight dollars per pupil, and eight dollars per pupil, respectively.

Commencing with the school year beginning July 1, 1976, and ending with the school year beginning July 1, 1979, the allowable growth added to the state cost per pupil as otherwise computed under section 442.7 shall be the basic allowable growth increased by an amount equal to the average of the amounts of allowable growth added for each school district in the state for additional special education support services needed for that year to serve newly identified children who require the services, under sections 273.9, subsection 3 and 442.7, subsection 5, paragraph "d". The state comptroller shall compute the applicable amount of allowable growth to be added to the state cost per pupil for each school year.

442.9 District cost per pupil — district cost — additional school district property tax levy.
1. The state comptroller shall determine the additional school district property tax levy for each school district, which is in addition to the foundation property tax levy, as follows:

a. As used in this chapter, "district cost per pupil" for the school year beginning July 1, 1975, and subsequent school years means district cost per pupil in weighted enrollment. The district cost per pupil for the budget year is equal to the district cost per pupil for the base year plus the allowable growth. However, district cost per pupil does not include additional allowable growth added for programs for gifted and talented children, for programs for returning dropouts, and for educational improvement projects, under this chapter or for school districts that have a negative balance of funds raised for special education instruction programs under section 442.13, subsection 14, paragraph "b", and does not include additional allowable growth established by the school budget review committee for a single school year only.

b. The district cost for the budget year is equal to the district cost per pupil for the budget year multiplied by the weighted enrollment, plus the additional district cost allocated to the district under section 442.27 to fund media services and educational services provided through the area education agency. A school district may not increase its district cost for the budget year except to the extent that an excess tax levy is authorized by the school budget review committee as provided in section 442.13.

c. The amount to be raised by the additional school district property tax levy is equal to the district cost for the budget year, less the product of the state or district foundation base and the weighted enrollment.

2. No later than May 1 of each year, the state comptroller shall notify the county auditor of each county the amount, in dollars and cents per thousand dollars of assessed value, of the additional property tax levy in each school district in the county. Each county auditor shall spread the additional property tax levy for each school district over all taxable property in the district.

442.10 Special education support services balances.
Notwithstanding chapters 273 and 281 and sections of this chapter relating to the moneys available to area education agencies for special education support services, for the school year commencing July 1, 1983 and succeeding school years, the state board of public instruction may direct the state comptroller to deduct amounts from the portions of school district budgets that fund special education support services in an area education agency. The total amount deducted in an area shall be based upon excess special education support services unreserved and undesignated fund balances in that area education agency for a school year. The state comptroller shall determine the amount deducted from each school district in an area education agency on a proportional basis. The state comptroller shall determine from the amounts deducted from the portions of school district budgets that fund area education agency special education support services the amount that would have been local property taxes and the amount that would have been state aid and for the next following budget year shall increase the district's total state school aids available under this chapter for area education agency special education support services and reduce the district's property tax levy for area education agency special education support services by the amount necessary for the property tax portion of the deductions made under this section during the budget year.

The amount deducted from a school district's budget shall not affect the calculation of the state cost per pupil or its district cost per pupil in that school year or a subsequent year.

442.11 Reserved.
442.12 School budget review committee.
A school budget review committee is established, consisting of the superintendent of public instruction, the state comptroller, and three members appointed by the governor to represent the public and to serve three year staggered terms. The committee shall meet and hold hearings each year and shall continue in session until it has reviewed budgets of school districts, as provided in section 442.13. It may call in school board members and employees as necessary for the hearings. Legislators shall be notified of hearings concerning school districts in their constituencies.

The committee shall adopt its own rules of procedure. The superintendent of public instruction shall serve as chairperson, and the state comptroller shall serve as secretary. The committee members representing the public are entitled to receive a per diem equal to the per diem of members of the board of public instruction, and their necessary travel and other expenses while engaged in their official duties. Expense payments shall be made from appropriations to the department of public instruction.

[C71, §442 21, C73, 75, 77, 79, 81, §442 12]
Referred to in §442 14 442 43

442.13 Duties of the committee.
1 The school budget review committee may recommend the revision of any rules, regulations, directives, or forms relating to school district budgeting and accounting, confer with local school boards or their representatives and make recommendations relating to any budgeting or accounting matters, and may direct the superintendent of public instruction or the state comptroller to make studies and investigations of school costs in any school district.

2 The committee shall report to each session of the general assembly, which report shall include any recommended changes in laws relating to school districts, and shall specify the number of hearings held annually, the reasons for the committee's recommendations, information about the amounts of property tax levied by school districts for a cash reserve, and other information the committee deems advisable.

3 The committee shall review the proposed budget and certified budget of each school district, and may make recommendations. The committee may make decisions affecting budgets to the extent provided in this chapter. The costs and computations referred to in this section relate to the budget year unless otherwise expressly stated.

4 Subject to the minimum for the school years beginning July 1, 1974, and July 1, 1975, as provided in section 442.7, the committee may establish a modified allowable growth by reducing the allowable growth.

a If the district cost per pupil exceeds the state cost per pupil.

b If in the committee's judgment the district cost is unreasonably high in relation to the comparative cost factors of similar districts, even if the district cost per pupil does not exceed the state cost per pupil.

5 If a district has unusual circumstances, creating an unusual need for additional funds, including but not limited to the following circumstances, the committee may grant supplemental aid to the district from any funds appropriated to the department of public instruction for the use of the school budget review committee for this purpose, and such aid shall be miscellaneous income and shall not be included in district cost, or may establish a modified allowable growth for the district by increasing its allowable growth, or both.

a Any unusual increase or decrease in enrollment.

b Unusual natural disasters.

c Unusual transportation problems and for which the per pupil transportation costs are substantially higher than the state average per pupil transportation costs due to sparsity of the population, topographical factors, and other obstacles which hinder the efficient transportation of pupils.

d Unusual initial staffing problems.

e The closing of a nonpublic school, wholly or in part.

f Substantial reduction in miscellaneous income due to circumstances beyond the control of the district.

g Unusual necessity for additional funds to permit continuance of a course or program which provides substantial benefit to pupils.

h Unusual need for a new course or program which will provide substantial benefit to pupils, if the district establishes such need and the amount of necessary increased cost.

i Unusual need for additional funds for special education or compensatory education programs.

j Year round or substantially year round attendance programs which apply toward graduation requirements, including but not limited to trimester or four quarter programs. Enrollment in such programs shall be adjusted to reflect equivalency to normal school year attendance.

k Severe hardship due to the exclusion of miscellaneous income from computations under this chapter. For the school year beginning July 1, 1973, the committee shall increase the district's allowable growth to the extent necessary to prevent such hardship.

l Transportation equipment needs which become necessary because of the furnishing of transportation to nonpublic school pupils under chapter 285.

m Enrollment decrease caused by the availability of transportation to nonpublic school pupils in a district.

n Costs of special education programs and services for children requiring special education who are living in a state-supported institution, charitable institution, or licensed boarding home which does not maintain a school and the child has not been counted in the weighted enrollment under section 281.

o Any unique problems of districts to include minority problems, vandalism, civil disobedience and other costs incurred by school districts.

p If a nonpublic school closes wholly or in part, the committee may authorize an increase in the district general fund tax levy, but only to the extent necessary to cover the cost of absorbing the former nonpublic school pupils into the public school system.

q The school board shall establish the amount of necessary increased cost to the satisfaction of the school budget review committee before an increase in tax levy is authorized.

r The committee may authorize a district to spend a reasonable and specified amount from its...
unexpended cash balance for the purpose or purposes of furnishing, equipping, and contributing to the construction of a new building or structure for which the voters of the district have approved a bond issue as provided by law or a tax as provided in chapter 278 and for major building repairs as defined in section 297.5. No other expenditure, including but not limited to expenditures for salaries or recurring costs, shall be authorized under this subsection. Expenditures authorized under this subsection shall not be included in allowable growth or district cost, and the portion of the unexpended cash balance which is authorized to be spent shall be regarded as if it were miscellaneous income. Any part of such amount which is not actually spent for the authorized purpose shall revert to its former status as part of the unexpended cash balance.

8 The committee may approve or modify the initial base year district cost of any district which changes accounting procedures.

9 When the committee makes a decision under subsections 3 to 8, it shall make all necessary changes in the district cost, budget, and tax levy. It shall give written notice of its decision, including all such changes, to the school board through the state comptroller.

10 All decisions by the committee under this chapter shall be made in accordance with reasonable and uniform policies which shall be consistent with this chapter. All such policies of general application shall be stated in rules adopted in accordance with chapter 17A. The committee shall take into account the intent of this chapter to equalize educational opportunity, to provide a good education for all children of Iowa, to provide property tax relief, to decrease the percentage of school costs paid from property taxes, and to provide reasonable control of school costs. The committee shall also take into account the amount of funds available.

11 Failure by any school district to provide information or appear before the committee as requested for the accomplishment of review or hearing shall constitute justification for the committee to instruct the state comptroller to withhold any state aid to that district until the committee’s inquiries are satisfied completely.

12 The committee shall review the recommendations of the superintendent of public instruction relating to the special education weighting plan, and shall establish a weighting plan for each school year after the school year commencing July 1, 1975, and report the plan to the superintendent of public instruction.

13 The committee may recommend that two or more school districts jointly employ and share the services of any school personnel, or acquire and share the use of classrooms, laboratories, equipment, and facilities as specified in section 280.15.

14 For the budget school year beginning July 1, 1982 and succeeding school years, there is appropriated to each school district the amount of state aid portion of five percent of the receipts for special education instruction programs in each district that would have been state aid and the amount that would have been property taxes for each eligible school district.

For the budget school year beginning July 1, 1982 and each subsequent school year, there is appropriated from the general fund of the state to the school budget review committee an amount equal to the property tax portion of five percent of the receipts for special education instruction programs in each district.

a. If the amount certified for a school district to the state comptroller under this subsection for the base year is positive, the state comptroller shall subtract the amount of the positive balance from the amount of state aid remaining to be paid to the district during the budget year. If the positive amount exceeds the amount of state aid that remains to be paid to the district, the school district shall pay the remainder on a quarterly basis prior to June 30 of the budget year to the state comptroller from other funds received by the district. The state comptroller shall determine the amount of the positive balance that would have been local property tax revenues and shall increase the district’s total state aid available under this chapter for the next following budget year by the amount so determined and shall reduce the district’s tax levy computed under section 442.19 for the next following budget year by the amount necessary to compensate for the increased state aid.

b. If the amount certified for a school district to the state comptroller under this subsection for the base year is negative, the state comptroller shall determine the amount of the deficit that would have been state aid and the amount that would have been property taxes for each eligible school district.

For the budget school year beginning July 1, 1982, and each subsequent school year, there is for the accomplishment of review or hearing shall constitute justification for the committee to instruct the state comptroller to withhold any state aid to that district until the committee’s inquiries are satisfied completely.

A school district is eligible to receive supplemental aid payments during the budget year if the school district certifies to the school budget review committee that for the year following the budget year it will request the school budget review committee to instruct the state comptroller to increase the district’s allowable growth and will fund the allowable growth either by using moneys from its unexpended cash balance to reduce the district’s property tax levy or by using cash reserve moneys to equal the amount of the deficit that would have been property taxes and any part of the state aid portion of the deficit not received as supplemental aid. The state comptroller shall make the necessary adjustments to the school district’s budget to provide the additional allowable growth and shall make the supplemental aid payments.

If the amount appropriated under this paragraph is insufficient to make the supplemental aid payments, the state comptroller shall prorate the payments on the basis of the amount appropriated.

15 Annually the school budget review committee shall review the amount of property tax levied by each school district for a cash reserve authorized in section...
298.10 If in the committee's judgment, the amount of a district's cash reserve levy is unreasonably high, the committee shall instruct the state comptroller to reduce that district's tax levy computed under section 442.9 for the following budget year by the amount the cash reserve levy is deemed excessive. A reduction in a district's property tax levy for a budget year under this subsection does not affect the district's authorized budget.

442.14 Additional enrichment amount.
1 For the budget year beginning July 1, 1980, and each succeeding school year, if a school board wishes to spend more than the amount permitted under sections 442.1 to 442.13, and the school board has not attempted by resolution to raise an additional enrichment amount for that budget year, the school board may raise an additional enrichment amount not to exceed ten percent of the state cost per pupil multiplied by the budget enrollment in the district, as provided in this section.

2 The board shall determine the additional enrichment amount per pupil needed, within the limits of this section, and shall direct the county commissioner of elections to submit the question of whether to raise that amount under this section and section 442.15, to the qualified electors of the school district at a regular school election held during September of the base year or at a special election held not later than February 15 of the base year. Only one election on the question shall be held during a twelve month period. If a majority of those voting favors raising the enrichment amount, the board may include the approved amount in its certified budget.

3 The additional enrichment amount needed shall be raised within the limits provided in this section by a combination of an enrichment property tax and a school district income surtax imposed in the proportion of a property tax of twenty-seven cents per thousand dollars of assessed valuation of taxable property in the district for each five percent of income surtax.

4 The additional enrichment amount for a district is limited to the amount which may be raised by a combination tax in the prescribed proportion which does not exceed a property tax of one dollar and eight cents per thousand dollars of assessed valuation and an income surtax of twenty percent.

5 Any additional enrichment amount of a school district, not exceeding five percent of the state cost per pupil, which was approved at a referendum prior to July 1, 1978, shall remain in effect for the period for which it was approved.

442.15 Computation of enrichment amount.
If a majority of those voting in an election approves raising the additional enrichment amount under section 442.14 and this section, the board shall certify to the state comptroller that the required procedures have been carried out, and the state comptroller shall establish the amount of additional enrichment property tax to be levied and the amount of school district income surtax to be imposed for each school year for which the additional enrichment amount is authorized. The state comptroller shall determine these amounts based upon the most recent figures available for the district's valuation of taxable property, individual state income tax paid, and budget enrollment in the district, and shall certify to the district's county auditor the amount of enrichment property tax, and to the director of revenue the amount of school district income surtax to be imposed.

The school district income surtax shall be imposed on the state individual income tax for the calendar year during which the school's budget year begins, or for a taxpayer's fiscal year ending during the second half of that calendar year or the first half of the succeeding calendar year, and shall be imposed on all individuals residing in the school district on the last day of the applicable tax year. As used in this section, "state individual income tax" means the tax computed under section 422.5, less the deductions allowed in sections 422.10, 422.11 and 422.12.

An additional enrichment amount authorized under section 442.14 or a lesser amount than the amount so authorized may be continued as provided in this section for a period of five school years. If the amount authorized is less than the maximum of ten percent of the state cost per pupil and the board wishes to increase the amount, it shall re-establish its authority to do so in the manner provided in section 442.14. If the board wishes to continue any additional enrichment amount beyond the five year period, it shall re-establish its authority to do so in the manner provided in section 442.14 within the twelve month period prior to termination of the five-year period.

442.18 Deposit of school district income surtax.
The director of revenue shall deposit all moneys received as school district income surtax to the credit of each district from which the moneys are received, in a "school district income surtax fund" which is established in the office of the treasurer of state.
Effective July 1, 1980, the director of revenue shall deposit all school district income surtax moneys re
received on or before November 1 of the year following the close of the school budget year for which the surtax is imposed to the credit of each district from which the moneys are received in the school district income surtax fund. All school district surtax moneys received or refunded after November 1 of the year following the close of the school budget year for which the surtax is imposed shall be deposited in or withdrawn from the general fund of the state and shall be considered part of the cost of administering the school district surtax.

The department of revenue shall, not later than January 15, 1980, submit a report to the general assembly specifying the amount of school district income surtax moneys credited to the school district income surtax fund after November 1, 1978 and November 1, 1979 which were attributed to individual income tax returns filed and received in 1978 and 1979 respectively after the date on which such returns shall have been filed. The report shall also specify the amount of school district income surtax moneys received or refunded as a result of an audit or from the filing of amended returns. The report shall specify the names of each school district which has imposed a school district income surtax and the amount of additional income surtax moneys received from late filed returns and received or refunded from audited and amended returns and the administrative costs incurred by the department in processing these returns and the issuance of warrants to the respective school districts which have received additional surtax moneys from late filed returns and audited and amended returns.

442.19 School district income surtax certification.

On or before October 20 each year, the director of revenue shall make an accounting of the school district income surtax collected under this chapter applicable to tax returns for the last preceding calendar year, or for fiscal year taxpayers, on the last day of their tax year ending during that calendar year and after the date of the election approving the surtax, from taxpayers in each school district in the state which has imposed a surtax, and shall certify to the state comptroller and the state department of public instruction the amount of total school district income surtax credited from the taxpayers of each school district. Additional returns in process, if any, at the time of certification shall be completed and the additional amount of school district income surtax reported to the state comptroller for distribution back to the school district with the first installment of the following school year.

442.20 School district income surtax distribution.
The state comptroller shall draw warrants in payment of the amount of surtax payable to each of the school districts in two installments to be paid on approximately the first day of December and the first day of February, and shall cause the warrants to be delivered to the respective school districts.

442.22 Cash reserve information.

If a school district receives less state school foundation aid under section 442.26 than is due under that section for a base year and the school district uses funds from its cash reserve during the base year to make up for the amount of state aid not paid, the board of directors of the school district shall include in its general fund budget document information about the amount of the cash reserve used to replace state school foundation aid not paid.

The state comptroller shall notify each school district of the amount of state aid deducted for these purposes and the balance of state aid shall be paid to the district. If a district does not qualify for state aid under this chapter in an amount sufficient to cover its amount due to the area education agency as calculated by the state comptroller, the school district shall pay the deficiency to the area education agency from other moneys received by the district, on a quarterly basis during each school year.

All state aids paid under this chapter, unless otherwise stated, shall be paid in monthly installments beginning on September 15 of a budget year and ending on June 15 of the budget year and the installments shall be as nearly equal as possible as determined by the state comptroller, taking into consideration the relative budget and cash position of the state resources. However, the state aids paid to school districts under section 442.28 shall be paid in monthly installments beginning on December 15 and ending on June 15 of a budget year and state aids paid to school districts under section 442.38 shall be paid in monthly installments beginning on February 15 and ending on June 15 of a budget year.

442.27 Funding media and other services.

Media services and educational services provided through the area education agencies shall be funded, to the extent provided, by an addition to the district cost of each school district, determined as follows:

1. For the budget year beginning July 1, 1975, the total amount funded in each area for media services shall be the greater of an amount equal to the costs for media services in the area in the base year times the sum of one hundred percent plus the state percent of growth, or an amount equal to five dollars times the enrollment served in the area in the budget year. The costs for media services in the area in the base year beginning July 1, 1974, shall be a proportionate part of the budgeted expenditures by county school systems and joint county systems formerly serving pupils in the area based upon the enrollment served in that area in the base year by each county school system and joint county system compared to the total enrollment served by that county system or joint county system.

2. For the school year beginning July 1, 1978 and each succeeding budget year through the budget year beginning July 1, 1981, the total amount funded for each area for media services excluding the cost for media resource material shall be the total amount funded in the area for media service in the base year times the sum of one hundred percent plus the state percent of growth plus the costs for media resource material for the budget year.

For the school year beginning July 1, 1981, the total amount to be funded for media services, including the costs for media resource material which shall only be used for the purchase or replacement of material required in section 273.6, subsection 1, paragraphs "a," "b" and "c," shall be equal to the total amount funded in the area for media service in the base year times the sum of one hundred percent plus the state percent of growth.

3. a. However, for the budget year beginning July 1, 1978, each area in which the amount funded for media services per pupil without inclusion of the costs for media resource material is less than the maximum media service cost per pupil for the enrollment served during the budget year, that area shall receive additional funding for equalization purposes as provided in this paragraph. Each such area shall be funded, in addition to the amount funded under the provisions of subsection 2, an amount equal to one-third of the difference between the product of the maximum media service cost per pupil times the enrollment served in the budget year in the area and that amount the area is eligible to receive for media services other than for media resource material under subsection 2. For the budget year beginning July 1, 1979, each area in which the amount funded for media services, other than for media resource material, is less than the maximum media service cost per pupil for the enrollment served in the area in the budget year, in addition to the amount funded for media services other than media resource material under the provision of subsection 2, shall be funded at an amount equal to one-half of the difference between the product of the maximum media service cost per pupil times the enrollment served in the budget year in the area and that amount the district is eligible to receive under subsection 2 for media services other than for media resource material. For the budget year beginning July 1, 1980, each area shall be funded at that amount generated by multiplying the maximum media service cost per pupil times the enrollment served in the area for the budget year.

For the purposes of this section "maximum media service cost per pupil" means, for the school year beginning July 1, 1978, one hundred percent plus the state percent of growth times eight dollars without inclusion of the cost for media resource material. For each succeeding school year prior to the school year beginning July 1, 1981, the "maximum media service cost per pupil" without inclusion of the cost of media resource material shall be equal to the one hundred percent plus the state percent of growth for the budget year times the maximum media service cost per pupil for the base year.

b. In addition to the funding provided for media services under subsections 1 and 2 and paragraph "a" of this subsection, for the school year beginning July 1, 1978, an amount shall be funded to be added to media service funds for each area for purchase and replacement of media resource material required in section 273.6, subsection 1, paragraphs "a," "b" and "c." The amount shall be equal to three dollars times the enrollment served in the area in the budget year. For each succeeding school year subsequent to the school year beginning July 1, 1978, and prior to the school year beginning July 1, 1981, the amount to fund media resource material, which shall only be used for the purchase and replacement of material required in section 273.6, subsection 1, paragraphs "a," "b" and "c," shall be equal to the total amount funded in the area for media resource material in the base year times the sum of one hundred percent plus the state percent of growth.

4. For the school year beginning July 1, 1982 and succeeding school years, the total amount funded in each area for media services in the budget year shall be computed as provided in this subsection. For the school year beginning July 1, 1982, the total amount funded in each area for media services in the base year, including the cost for media resource material which shall only be used for the purchase or replacement of material required in section 273.6, subsection 1, paragraphs "a," "b" and "c," shall be divided by the enrollment served in the base year to provide an area media services cost per pupil in the base year, and the state comptroller shall compute the state media services cost per pupil in the base year which is equal to the average of the area media services costs per pupil in the base year. For the year beginning July 1, 1982 and succeeding school years, the state comptroller shall compute the allowable growth for media services in the budget year by multiplying the state media services cost per pupil in the base year times the state percent of growth for the budget year, and the total amount funded in each area for media services cost in the budget year equals the area media services cost per pupil in the base year plus the allowable growth for media services in the budget year times the enrollment served in the budget year. Funds shall be paid to area education agencies as provided in section 442.25.
5. For the budget year beginning July 1, 1975, the total amount funded in each area for educational services shall be an amount equal to ten dollars times the enrollment served in the area in the budget year.

6. For each succeeding budget year through the budget year beginning July 1, 1980, the total amount funded in each area for educational services shall be the total amount funded in the area for educational services in the base year times the sum of one hundred percent plus the state percent of growth. For the school year beginning July 1, 1981, the total amount funded in each area for educational services is the total amount funded in the area for educational services in the base year.

7. For the school year beginning July 1, 1982 and succeeding school years, the total amount funded in each area for educational services in the budget year shall be computed as provided in this subsection. For the school year beginning July 1, 1982, the total amount funded in each area for educational services in the base year shall be divided by the enrollment served in the area in the base year to provide an area educational services cost per pupil in the base year, and the state comptroller shall compute the state educational services cost per pupil in the base year, which is equal to the average of the area educational services costs per pupil in the base year. For the year beginning July 1, 1982 and succeeding school years, the state comptroller shall compute the allowable growth for educational services by multiplying the state educational services cost per pupil in the base year times the state percent of growth for the budget year, and the total amount funded in each area for educational services for the budget year equals the area educational services cost per pupil for the base year plus the allowable growth for educational services in the budget year times the enrollment served in the area in the budget year. Funds shall be paid to area education agencies as provided in section 442.25.

8. For school years prior to the school year beginning July 1, 1982, of the total amounts funded in each area each year for media services and educational services, a portion shall be allocated to each district in the area. The portion to be allocated to each district in an area shall be the same percentage of the total amount that the enrollment served in the budget year in the district is of the enrollment served in the budget year in the area.

9. For school years prior to the school year beginning July 1, 1982, the portion allocated to each district in an area each budget year for media services and educational services shall be added to the district cost of that district for the budget year as provided in section 442.9.

10. For school years prior to the school year beginning July 1, 1982, the state board of public instruction and the state comptroller shall determine the total amounts funded in each area for media services and educational services each year, and the amounts to be allocated to each district. The state comptroller shall deduct the amounts so calculated for each school district from the state aid due to the district pursuant to this chapter and shall pay the amounts to the districts' area education agencies on a quarterly basis during each school year. The state comptroller shall notify each school district the amount of state aid deducted for this purpose and the balance which will be paid to the district. If a district does not qualify for state aid under this chapter in an amount sufficient to cover the amount due to its area education agency as calculated by the state comptroller, the school district shall pay the deficiency to its area education agency from other moneys received by the district, on a quarterly basis during each school year.

11. "Enrollment served" means the basic enrollment plus the number of nonpublic school pupils served with media services or educational services, as applicable, except that if a nonpublic school pupil receives services through an area other than the area of the pupil's residence, the pupil shall be deemed to be served by the area of the pupil's residence, which shall by contractual arrangement reimburse the area through which the pupil actually receives services. For the budget year beginning July 1, 1975, the total number of nonpublic pupils served by each area education agency and the number of nonpublic school pupils residing within each school district in the area to be served by the area education agency for media and educational services shall be submitted by the department of public instruction as approved by the state board to the state comptroller within one week after June 10, 1975. For school years subsequent to the school year beginning July 1, 1979, each school district shall include in the second Friday in September enrollment report the number of nonpublic school pupils within each school district for media and educational services served by the area.

12. For the school year beginning July 1, 1978, and for each subsequent school year, if an area education agency does not serve nonpublic school pupils in a manner comparable to services provided public school pupils for media and educational services, as determined by the state board of public instruction, the state board shall instruct the state comptroller to reduce the funds for media services and educational services one time by an amount to compensate for such reduced services. The media services budget shall be reduced by an amount equal to the product of the cost per pupil in basic enrollment for media services in the budget year times the difference between the enrollment served and the basic enrollment recorded for the area for the budget year beginning July 1, 1975. The educational services budget shall be reduced by an amount equal to the product of the cost per pupil in basic enrollment for educational services in the budget year times the difference between the enrollment served and the basic enrollment recorded for the budget year beginning July 1, 1975.

The provisions of this subsection shall apply only to media and educational services which cannot be diverted for religious purposes.

Notwithstanding the provisions of this subsection, an area education agency shall distribute to nonpublic schools media materials purchased wholly or partially with federal funds in a manner comparable to the distribution of such media materials to public schools as determined by the state board of public instruction.

[C77, §442.27; C79, §442.2, 442.27; C81, §442.27, 81 Acts, ch 94, §9–15; 82 Acts, ch 1100, §27]

Referred to in §273.9, 273.12, 442.9

442.28 Advance for increasing enrollment.
If a district's actual enrollment for the budget year, determined under section 442.4, is higher than its budget enrollment for the budget year, the district is entitled to an advance from the state of an amount equal to its district cost per pupil less the amount per pupil for special education support services, computed as a part of district cost under the provisions of section 442.7 for the budget year multiplied by the difference between the actual enrollment for the budget year and the budget enrollment for the budget year. The advance shall be miscellaneous income.

If a district receives an advance under this section for a budget year, the state comptroller shall determine the amount of the advance which would have been met by local property tax revenues if the actual enrollment for the budget year had been used in determining district cost for that budget year, shall reduce the district's total state school aids available under this chapter for the next following budget year by the amount so determined, and shall increase the district's tax levy computed under section 442.9, for the next following budget year by the amount necessary to compensate for the reduction in state aid, so that the local property tax for the next following year will be increased only by the amount which would have been increased in the budget year if the actual enrollment could have been used to establish the levy.

There is appropriated each year from the general fund of the state the amount required to pay advances authorized under this section, which shall be paid to school districts in the same manner as other state aids are paid under section 442.26.

442.29 Reimbursement restrictions for prior years.
Notwithstanding the provisions of sections 281.9 and 281.11 as those sections are in effect prior to July 1, 1975, reimbursement shall not be made to local school districts for the special education costs for the school year beginning July 1, 1974, incurred for programs provided for the school year beginning July 1, 1971, or prior years, but reimbursement shall be made to local school districts for new and expanded programs for the school year beginning July 1, 1974 beyond those programs provided for the school year beginning July 1, 1971, and reimbursement applied for by county boards of education and joint county boards of education under those sections shall be made.

442.30 Temporary increase in per pupil cost
1 For the school year beginning July 1, 1979, the state cost per pupil shall be increased to an amount which would otherwise have resulted for the school year beginning July 1, 1979, if the surplus balances for area education agency support services and for area education inherited funds had not been offset against the total support budgets for the school year beginning July 1, 1978. This adjustment is to compensate for the reductions made to state cost based upon the temporary offset of support budgets by certain area education agency fund balances.

2 Notwithstanding the provisions of chapter 1095 as enacted by the Sixty-seventh General Assembly, 1978 Session, as it pertains to the amount of the reduction to the support service costs to be allocated among the school districts, the amount of the special education support services cost to be reduced for area education agency XIII is equal to ninety nine thousand one hundred eighty two dollars rather than a reduction of one hundred twenty one thousand one hundred thirty two dollars.

3 To meet the special problems that result from budget reductions due to declining enrollments prior to the modifications in the adjustments for declining enrollments to take effect commencing with the school year beginning July 1, 1979, there is appropriated from the general fund of the state for the fiscal years beginning July 1, 1978 and ending June 30, 1980, to the school budget review committee the sum of two million five hundred thousand dollars or so much thereof as necessary to be used to minimize the impact of the factor listed in subsection 4. The school budget review committee may also establish a modified allowable growth for the school district by increasing the allowable growth for the school district to provide additional funds to assist the school district with hardships which result from the impact on the school district's budget resulting from declining enrollment.

4 To assess whether a district has hardships resulting from reduced funds because of declining enrollment, the school budget review committee shall consider whether the school district will be forced to terminate an existing educational program because of insufficient funds and thus diminish the overall quality of the school program for the budget year from that provided in the base year.

442.31 Gifted and talented children
For the school year beginning July 1, 1981 and succeeding school years, boards of school districts, individually or jointly with the boards of other school districts, requesting to use additional allowable growth for gifted and talented children programs, may annually submit program plans for gifted and talented children programs and budget costs, including requests for additional allowable growth for funding the programs, to the department of public instruction and to the applicable gifted and talented children advisory council, if an advisory council has been established, as provided in this chapter. A district shall not identify more than three percent of its budget enrollment for the budget year as gifted and talented if the district is requesting to use additional allowable growth to finance the program.

The parent or guardian of a pupil may request that a gifted and talented children program be established for pupils who qualify as gifted and talented children under section 442.33, including demonstrated achievement or potential ability in a single subject area.

The department shall employ a consultant for gifted and talented children programs.

The department of public instruction shall adopt rules under chapter 17A relating to the administration of sections 442.31 to 442.35, 442.40 and 442.41. The rules shall prescribe the format of program plans submitted under section 442.32 and shall require that programs fulfill specified objectives. The department
shall encourage and assist school districts to provide programs for gifted and talented children whether or not additional allowable growth is requested under this chapter.

The budget of an approved gifted and talented children program for a school district, after subtracting funds received from other sources for that purpose, shall be funded annually on a basis of one-fourth or more from the district cost of the school district and up to three-fourths by an increase in allowable growth as defined in section 442.7. Annually, the state comptroller shall establish a modified allowable growth for each district equal to the difference between the approved budget for the gifted and talented children program for that district and the sum of the amount funded from the district cost of the school district plus funds received from other sources.

[C79, 81, §442.36]

442.37 Special education balances reduced.
1. The purpose of this section is to reduce the school district balances for special education instruction programs which were not expended for special education instruction.

2. For the purposes of this section, "unencumbered special education instruction funds" means those funds received by a school district for special education instruction programs for the school years beginning July 1, 1975, July 1, 1976, and July 1, 1977, for special education instruction which were not encumbered prior to January 1, 1978, or which were not an approved expenditure by the department of public instruction based upon applications for approval received by the department prior to January 1, 1978. The unencumbered special education instruction funds shall be those funds received for special education instruction programs based on funds raised for weighted enrollment in excess of the district cost per pupil times the adjusted enrollment in the year of receipt.

3. The state comptroller shall reduce the total state aid to be received by a school district in the school year beginning July 1, 1978, by sixty-five percent of the unencumbered special education instruction funds of the district. The amount shall be certified to the state comptroller by the department of public instruction upon request by the state comptroller.

4. Notwithstanding the provisions of section 442.9, for the school year beginning July 1, 1978, the state comptroller shall reduce for each school district the amount of property tax to be levied for the school year by an amount equal to thirty-five percent of the unencumbered special education instruction funds.

5. Notwithstanding subsections 3 and 4, a school district receiving the minimum state aid under the provisions of section 442.1, shall have the state aid to be received for the budget year beginning July 1, 1978, reduced by the portion of unencumbered special education instruction funds that two hundred dollars per

pupil is of the school district’s district cost per pupil for the school year beginning July 1, 1977. The property tax to be levied for the school district shall be reduced by the unencumbered special education instruction funds remaining after reduction for the state aid portion of such funds as provided in this subsection.

[C79, 81, §442.37]

442.38 Advance for special education.

If a school district’s additional enrollment because of special education determined by the district on December 1 in the budget year is greater than its additional enrollment because of special education determined by the district on December 1 in the base year, the school district is entitled to an advance from the state of an amount equal to its district cost per pupil for the budget year less the amount per pupil for special education support services, computed as a part of district cost under section 442.7 for the budget year multiplied by the district’s increase in additional enrollment because of special education. The advance shall be miscellaneous income.

For the purpose of this section, a school district’s additional enrollment because of special education is determined by multiplying the weighting for each category of child under section 281.9 times the number of children in each category totaled for all categories minus the actual enrollment.

If a district receives an advance under this section for a budget year, the state controller shall determine the amount of the advance which would have been met by local property tax revenues if the additional enrollment because of special education in the budget year had been used for that budget year in determining district cost, shall reduce the district’s total state school aids available under this chapter for the next following budget year by the amount so determined, and shall increase the district’s tax levy computed under section 442.9, for the next following budget year by the amount necessary to compensate for the reduction in state aid, so that the local property tax for the next following year will be increased only by the amount which it would have been increased in the budget year if the additional enrollment because of special education in the budget year could have been used to establish the levy.

There is appropriated each year from the general fund of the state the amount required to pay advances authorized under this section, which shall be paid to school districts in the same manner as other state aids are paid under section 442.26.

[C81, §442.38]

442.39 Supplementary weighting plan.

In order to provide additional funds for school districts which send their resident pupils to another school district or to an area school for classes, which jointly employ and share the services of teachers under section 280.15, or which use the services of a teacher employed by another school district, a supplementary weighting plan for determining enrollment is adopted as follows:

1. Pupils in a regular curriculum attending all their classes in the district in which they reside and taught by teachers employed by that district, are assigned a weighting of one.

2. Pupils attending classes in another school district or an area school, attending classes taught by a teacher who is employed jointly under section 280.15, or attending classes taught by a teacher who is employed by another school district, are assigned a weighting of one plus one-tenth times the percent of the pupil’s school day during which the pupil attends classes in another district or area school, attends classes taught by a teacher who is jointly employed under section 280.15, or attends classes taught by a teacher who is employed by another school district.

3. A pupil eligible for the weighting plan provided in section 281.9 is not eligible for the weighting plan provided in this section.

4. For the school year beginning July 1, 1983 and succeeding school years, a school district receiving additional funds under subsection 2 for its pupils at the ninth grade level and above that are enrolled in sequential mathematics courses; the advanced algebra level and above; chemistry, advanced chemistry, physics or advanced physics courses; or foreign language courses at the second year level and above shall have an additional weighting of one pupil added to its total.

442.40 Advisory council.

At the written request of one or more boards of school districts, in an area education agency, the area education agency board shall establish one or more gifted and talented children advisory councils and shall appoint members for four-year staggered terms. The terms of office of advisory council members shall commence on July 1 of each year. An advisory council shall consist of seven members including teachers, parents, school administrators, and other persons interested in education in the area. Except as otherwise provided in this section, members shall be eligible electors residing in the merged area. Members shall serve without compensation but shall be reimbursed for actual and necessary expenses and mileage incurred in the performance of their duties from funds available to the area education agency.

If an area education agency has a weighted enrollment of more than thirty-five thousand, the board may appoint additional advisory councils for each thirty-five thousand weighted enrollment or fraction of thirty-five thousand. If more than one advisory council is appointed by the board, the board shall divide the merged area along school district boundary lines for jurisdiction of the advisory councils, and membership of these advisory councils shall be appointed from the designated portion of the merged area.

[C81, §442.40]

4 Review program plans and proposed budgets for a gifted and talented children program, in consultation with a gifted and talented children consultant employed by the area education agency, when requested by a local board.

5 When requested by a local board, evaluate the results of a gifted and talented children program and file a written report together with recommendations for improvement or change with the board of directors of the applicable school district, the area education agency and the department of public instruction. The evaluation shall be conducted by three or more members of the advisory council.

442.42 Special education additional funds.

The school budget review committee shall review the requests submitted by area education agencies and may allocate additional funds to area education agencies on the basis of need from any funds appropriated to the department of public instruction for the use of the school budget review committee.

[C81, §442.42]

442.43 Supplemental school income surtax.

1 For the budget school year beginning July 1, 1981, if the board of a school district wishes to spend more than the amount permitted under sections 442.1 to 442.13, the board may call a special election to determine whether to impose a supplemental school income surtax on individual state income tax for the calendar year beginning January 1, 1981. The supplemental school income surtax for the school district shall not exceed an amount equal to the difference between the portion of district cost of the district attributable to regular program costs for the school year beginning July 1, 1981 and the state percent of the actual district cost of the district shall not exceed an amount equal to the difference between the portion of district cost of the district attributable to regular program costs for the school year beginning July 1, 1981 if the state percent of the state individual income tax paid. The state comptroller shall certify to the director of revenue the amount of supplemental school income surtax to be imposed.

2 Following approval at the special election, the board shall certify to the state comptroller that the required procedures have been carried out and the state comptroller shall establish the amount of supplemental school income surtax to be imposed based upon the most recent figures available for the district's individual state income tax paid. The state comptroller shall certify to the director of revenue the amount of supplemental school income surtax to be imposed.

The supplemental school income surtax shall be imposed on the state individual income tax for the calendar year beginning January 1, 1981, or for a taxpayer's fiscal year ending during the second half of that calendar year or the first half of the succeeding calendar year, and shall be imposed on all individuals residing in the school district on the last day of the applicable tax year. As used in this section, “state individual income tax” means the tax computed under section 422.5, less the deductions allowed in section 422.12.

4 Sections 442.16, 442.17, 442.19, and 442.20 apply to the supplemental school income surtax established in this section. The director of revenue shall deposit all money received as supplemental school income surtax to the credit of each district from which the moneys are received, in a “supplemental school income surtax fund” which is established in the office of the treasurer of state.

[81 Acts, ch 94, §17]

442.44 Appropriation for special courses.

The state comptroller shall pay to each school district in this state an amount equal to fifty dollars times the sum of the number of pupils enrolled for the entire school year on a full-time equivalent basis in foreign language courses at the first year level and twenty-five dollars times the sum of the number of pupils enrolled for the entire school year on a full-time equivalent basis in sequential mathematics courses at the advanced algebra level and above and in chemistry, advanced chemistry, physics, and advanced physics courses.

Payment for a budget year shall be determined on the basis of the full-time equivalent enrollment in the courses for the base year.

The department of public instruction shall adopt rules under chapter 17A to carry out this section.

For the school year beginning July 1, 1984 and each succeeding school year, there is appropriated from the general fund of the state to the state comptroller the sum of two million one hundred thousand dollars, or so much thereof as is necessary, to make the payments to school districts required by this section. If the funds appropriated are insufficient to make the payments required under this section, the state comptroller shall prorate the payments to school districts.

Moneys received by a school district under this section are miscellaneous income. Moneys received by a school district for pupils enrolled in science and mathematics courses shall be used only for purchase of equipment and supplies.

The affidavit shall be made by the holder of the certificate or by the holder’s agent or attorney, and in either of the latter cases stating that the affiant is the agent or attorney, of the holder of the certificate. The affidavit shall be filed by the treasurer and entered upon the sale book opposite the entry of the sale, and the record or affidavit is presumptive evidence of the completed service of the notice. In the case of an extension the tax bears interest at the rate in effect under section 421.7 from the expiration of the last day of the ninth month after the decedent's death. 450.7 Lien of tax.

1. The tax is a charge against and a lien upon the estate subject to tax under this chapter, and all property of the estate or owned by the decedent from the death of the decedent until paid, subject to the following limitations:

a. Inheritance taxes owing with respect to a passing of property of a deceased person whose estate has not been administered in this state are no longer a lien against the property twenty years from the date of death of the decedent owner, except to the extent taxes are attributable to remainder or deferred interests which have not been finally vested in possession for at least ten years.

b. Inheritance taxes owing with respect to a passing of property of a deceased person whose estate has been administered in this state are no longer a lien against the property ten years from the date of death of the decedent owner, except to the extent taxes are attributable to remainder or deferred interests and are deferred in accordance with the provisions of this chapter.
2. Notice of the lien is not required to be recorded. The rights of the state under the lien have priority over all subsequent mortgages, purchases, or judgment creditors; and a conveyance after the decedent's death of the property subject to a lien does not discharge the property except as otherwise provided in this chapter. However, if additional tax is determined to be owing under this chapter or chapter 451 after the lien has been released under paragraph "a" or "b", the lien does not have priority over subsequent mortgages, purchases, or judgment creditors unless notice of the lien is recorded in the office of the recorder of the county where the estate is probated, or where the property is located if the estate has not been administered. The department of revenue may release the lien by filing in the office of the clerk of the court in the county where the property is located, the decedent owner died, or the estate is pending or was administered, one of the following:

a. A receipt in full payment of the tax.

b. A certificate of nonliability for the tax as to all property reported in the estate.

c. A release or waiver of the lien as to all or any part of the property reported in the estate, which shall release the lien as to the property designated in the release or waiver.

3. The sale, exchange, mortgage, or pledge of property by the personal representative pursuant to a testamentary direction or power, pursuant to section 633.387, or under order of court, divests the property from the lien of the tax. The proceeds from that sale, exchange, mortgage, or pledge shall be held by the personal representative subject to the same priorities for the payment of the tax as existed with respect to the property before the transaction, and the personal representative is personally liable for payment of the tax to the extent of the proceeds.

450.84 Costs charged against estate — exceptions.
In all cases where an estate or interest therein so passes as to be liable to taxation under this chapter, all costs of the proceedings had for the assessment of such tax shall be chargeable to such estate as other costs in probate proceedings and, to discharge the lien, all costs as well as the taxes must be paid. In all other cases the costs are to be paid as ordered by the court. When a decision adverse to the state has been rendered, with an order that the state pay the costs, it shall be the duty of the clerk of the court in which such action was pending to certify the amount of such costs to the director of revenue, who shall, if said costs be correctly certified and the case has been finally terminated and the tax if any due has been paid, present the claim to the state comptroller to audit and, said claim being allowed by said comptroller, the comptroller is directed to issue a warrant on the treasurer of state in payment of such costs. [S13, §1481-a35; C24, 27, 31, 35, 39, §7388; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.84] Referred to in §450 85

450.86 Securities and assets held by bank, etc.
A safe deposit company, trust company, bank, or other institution or person holding securities or assets, exclusive of life insurance policies payable to named beneficiaries, which securities or other assets are located in a safety deposit box or other security enclosure of the decedent, after receiving knowledge of the death shall not deliver or transfer them to the transferee, joint owner, or beneficiary of the decedent unless the tax for which the securities or assets are liable under this chapter is first paid, or the payment is secured by bond as provided in this chapter. However, all the contents shall be reported in writing to the department of revenue, and thereafter may be delivered to the personal representative. The director of revenue, personally or by any person duly authorized by the director, shall examine the securities or assets at the time of a proposed delivery or transfer. Failure to give written notice of the contents of the safety deposit box or other security enclosure to the department of revenue at the time of or prior to the delivery of the securities or assets to the personal representative or transferee, joint owner, or beneficiary renders the safe deposit company, trust company, bank, or other institution or person liable for the payment of the tax upon the securities or assets as provided in this chapter.

[S13, §1481-a36; C24, 27, 31, 35, 39, §7389; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.86]
83 Acts, ch 177, §30, 38

450.87 Transfer of corporation stock.
If a foreign personal representative assigns or transfers any corporate stock or obligations in this state standing in the name of a decedent or in trust for a decedent liable to tax, the tax shall be paid to the department of revenue on or before the transfer; otherwise the corporation permitting its stock to be transferred is liable to pay the tax, interest, and costs, and the director of revenue shall enforce the payment of the tax, interest, and costs.

[S13, §1481-a37; C24, 27, 31, 35, 39, §7390; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.87]
83 Acts, ch 177, §31, 38

450.88 Corporations to report transfers.
Every Iowa corporation organized for pecuniary profit shall, on July 1 of each year, by its proper officers under oath, make a full and correct report to the director of revenue of all transfers of its stocks made during the preceding year by any person who appears on the books of the corporation as the owner of the stock, when the transfer is made to take effect at or after the death of the owner or transferee, and all transfers which are made by a personal representative, referee, or any person other than the owner or person in whose name the stocks appeared of record on the books of the corporation, prior to the transfer. This report shall show the name of the owner of the stocks and the owner’s place of residence, the name of the person at whose request the stock was transferred, the person’s place of residence and the authority by virtue of which the person acted in making the transfer, the name of the person to whom the transfer was made, and the residence of the person, together with other information the officers reporting have relating to estates of persons deceased who may have been owners of stock in the corporation. If it appears that any stock transferred is subject to tax under this chapter, and the tax has not been paid, the director of revenue shall notify the corporation in writing of its liability for the payment of the tax, and shall bring suit against the corporation as in other cases unless payment of the tax is made within sixty days from the date of notice.

This section does not apply if the lien has been released under section 450.7 or the director has issued a consent to transfer.

83 Acts, ch 177, §32, 38

450.89 Foreign estates — deduction of debts.
Repealed by 83 Acts, ch 177, §37, 38. See §450.12(2).

450.90 Property in this state belonging to foreign estate.
When property, real or personal, within this state belongs to a foreign estate and the foreign estate passes in part exempt from the tax imposed by this chapter and in part subject to the tax and there is not a specific devise of the property within this state to exempt persons or if it is within the authority or discretion of the foreign personal representative administering the estate to dispose of the property not specifically devised to exempt persons in the payment of liabilities owing by the decedent at the time of death, or in the satisfaction of legacies, devises, or trusts given to direct or collateral legatees or devisees or in payment of the distributive shares of any direct and collateral heirs, then the property within the jurisdiction of this state belonging to the foreign estate is subject to the tax imposed by this chapter, and the tax due shall be assessed as provided in section 450.12, subsection 2, relating to the deduction of the proportionate share of liabilities. However, if the value of the property so situated exceeds the total amount of the estate passing to other persons than those exempt from the tax imposed by this chapter, the excess is not subject to tax.

[S13, §1481-a40; C24, 27, 31, 35, 39, §7393; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §450.90]
83 Acts, ch 177, §33, 38

450.91 Foreign estates — reciprocity — personal property.
The tax imposed by this chapter in respect to personal property of nonresidents (other than tangible personal property having an actual situs in this state) shall not be payable (1) if the decedent at the time of the decedent’s death was a resident of a state or territory of the United States which at the time of death did not impose a transfer tax or death tax of any character in respect to personal property of residents of this state (other than tangible personal property having an actual situs in such state or territory), or (2) if the laws of the state or territory of residence of the decedent at the time of the decedent’s death contained a reciprocal provision under which nonresidents were exempted from transfer taxes or death taxes of every character in respect of personal property (other than tangible personal prop-
450.92 Compromise settlement.
Whenever an estate charged or sought to be charged with the inheritance tax is of such a nature, or is so disposed, that the liability of the estate is doubtful, or the value thereof cannot with reasonable certainty be ascertained under the provisions of law, the Director of Revenue may, with the written approval of the Attorney General, which approval shall set forth the reasons therefor, compromise with the beneficiaries or representatives of such estates, and compound the tax thereon; but said settlement must be approved by the district court or judge of the proper court, and after such approval the payment of the amount of the taxes so agreed upon shall discharge the lien against the property of the estate.

450.93 Unknown heirs.
Whenever the heirs or persons entitled to any estate or any interest therein are unknown or their place of residence cannot with reasonable certainty be ascertained under the provisions of law, the Director of Revenue may, with the written approval of the Attorney General, which approval shall set forth the reasons therefor, compromise with the beneficiaries or representatives of such estates, and compound the tax thereon; but said settlement must be approved by the district court or judge of the proper court, and after such approval the payment of the amount of the taxes so agreed upon shall discharge the lien against the property of the estate.

450.94 Return — determination — appeal.
1. "Taxpayer" as used in this section means a person liable for the payment of tax as stated in section 450.5.
2. The taxpayer shall file an inheritance tax return on forms to be prescribed by the director of revenue. When an inheritance tax return is filed, the department shall examine it and determine the correct amount of tax. If the amount paid is less than the correct amount due, the department shall notify the taxpayer of the total amount due together with any penalty and interest which shall be a sum certain if paid on or before the last day of the month in which the notice is postmarked, or on or before the last day of the following month if the notice is postmarked after the twentieth day of a month and before the first day of the following month.
3. If the amount paid is greater than the correct tax, penalty and interest due, the department shall refund the excess, with interest after sixty days from the date of payment at the rate in effect under section 421.7, under the rules prescribed by the director. However, the director shall not allow a claim for refund or credit that has not been filed with the department within three years after the tax payment upon which a refund or credit is claimed became due, or one year after the tax payment was made, whichever time is the later. A determination by the department of the amount of tax, penalty and interest due, or the amount of refund for excess tax paid, is final unless the person aggrieved by the determination appeals to the director for a revision of the determination within ninety days from the postmark date of the notice of determination of tax, penalty and interest due or refund owing. The director shall grant a hearing, and upon the hearing the director shall determine the correct tax, penalty and interest or refund due, and notify the appellant of the decision by certified mail. The decision of the director is final unless the appellant seeks judicial review of the director's decision under section 450.59 within sixty days after the postmark date of the notice of the director's decision.
4. Payments received must be credited first to the penalty and interest accrued and then to the tax due.
5. The amount of tax imposed under this chapter shall be assessed according to one of the following:
a. Within three years after the return is filed with respect to property reported on the final inheritance tax return.
b. At any time after the tax became due with respect to property not reported on the final inheritance tax return, but not later than three years after the omitted property is reported to the department on an amended return or on the final inheritance tax return if one was not previously filed.

450.95 Appropriation.
There is hereby appropriated out of any funds in the state treasury not otherwise appropriated a sum sufficient to carry out the provisions of section 450.94.

450.96 Contingent estates.
Estates in expectancy which are contingent or defeasible and in which proceedings for the determination of the tax have not been taken or where the taxation has been held in abeyance, shall be valued at their full, undiminished value when the persons entitled to the estates come into the beneficial enjoyment or possession of the estates, without diminution for or on account of any valuation previously made. When an estate, devise, or legacy can be divested by the act of
or omission of the legatee or devisee, it shall be taxed as if there were no possibility of the divesting. When a devise, bequest, or transfer is one in part contingent, and in part vested so that the beneficiary will come into possession and enjoyment of a portion of the inheritance on or before the happening of the event upon which the possible defeating contingency is based, a tax shall be imposed and collected upon the bequest or transfer as upon a vested interest, at the highest rate possible under this chapter if no contingency existed; provided that if the contingency reduces the value of the estate or interest taxed, and the amount of tax paid is in excess of the tax for which the bequest or transfer is liable upon the removal of the contingency, the excess shall be refunded as provided in sections 450.94 and 450.95 in other cases.

DEPARTMENT OF REVENUE MORTALITY TABLE

The two factors across the page equal one hundred percent. Multiply the corpus of the estate by the first factor to obtain value of the life estate.

Use the second factor to obtain the remainder interest if the tax is to be paid at the time of probate, or to determine if there would be any tax due.

All figures are based on the 1958 CSO Mortality Table with interest at four percent.

This table to be used for estates of decedents where death occurs on or after July 4, 1965.

450A.2 Imposition of tax.
A tax is hereby imposed on the transfer of any property, included in a generation skipping transfer occurring at the same time as, or after, the death of the deemed transferor, equal to the amount of the maximum federal credit allowable under section 2602(c)5C of the Internal Revenue Code of 1954, for that portion of state estate, inheritance, legacy or succession tax paid in respect of any property included in the generation skipping transfer.

Where the deemed transferor is a resident of Iowa and all property included in a generation skipping transfer has a situs in Iowa, or is subject to the jurisdiction of the courts of Iowa, an amount equal to the total credit as allowed under the Internal Revenue Code of 1954 shall be paid to the state of Iowa. Where the deemed transferor is a nonresident or where property included in a generation skipping transfer has a situs outside the state of Iowa and not subject to the jurisdiction of Iowa courts, the tax shall be prorated on the basis that the value of Iowa property included in the generation skipping transfer bears to the total value of property included in the generation skipping transfer.
federal generation skipping transfer tax purposes under the Internal Revenue Code of 1954.

[C79, 81, §450A.3]

450A.4 Payment of the tax.
The tax imposed by this chapter shall be paid within twelve months after the death of the deemed transferor if the transfer occurs at that time, or if later, the day which is twelve months after the day on which such generation skipping transfer occurred. For purposes of this chapter, any property transferred during the three years period ending on the date of the deemed transferor's death and which is included in a generation skipping transfer under the Internal Revenue Code of 1954 shall be considered as transferred on the deemed transferor's death.

[C79, 81, §450A.4]

Referred to in §450A.11

450A.5 Liability for the tax.
The distributee of the property shall be personally liable for the tax to the extent of the fair market value, determined as of the time of the distribution, of the property received in the distribution. If the tax is attributable to a taxable termination, as defined in section 2613 of the Internal Revenue Code of 1954, the distribution, legacy or succession tax paid in respect of any property included in a generation skipping transfer shall be deemed transferor's death and which is included in a generation skipping transfer under the Internal Revenue Code of 1954 shall be considered as transferred on the deemed transferor's death.

[C79, 81, §450A.5]

450A.6 Lien of the tax.
The tax imposed by this chapter shall be a lien on the property subject to the tax for a period of ten years from the time the generation skipping transfer occurs. Full payment of the tax due and interest, if any, shall release the lien and discharge the distributee and trustee of personal liability. Unless the lien has been perfected by recording, a transfer by the distributee or the trustee to a bona fide purchaser for value shall divest the property of the lien. If the lien is perfected by recording, the rights of the state under the lien have priority over all subsequent mortgages, purchases or judgment creditors. The department may release the lien prior to the payment of the tax due if adequate security for payment of the tax is given.

[C79, 81, §450A.6]

450A.7 Disposal of tax.
The proceeds of the tax shall be credited to the general fund of the state.

[C79, 81, §450A.7]

450A.8 Returns.
It shall be the duty of the persons liable for the payment of the tax to file a return with the department, in such form as the director may prescribe, containing sufficient information to enable the department to determine the maximum federal credit allowable for the payment of the tax imposed by this chapter. A copy of the federal return filed for the purpose of paying the generation skipping transfer tax shall be submitted to the department at the time the Iowa return is filed. Copies of all amended or supplemental returns shall be submitted to the department at the time such returns are filed with the internal revenue service.

[C79, 81, §450A.8]

Referred to in §450A.11

450A.9 Delinquent returns.
If the tax imposed by this chapter is not paid within the time prescribed by law, the tax is delinquent and shall draw interest thereafter at the rate in effect under section 421.7 until paid.

[C79, 81, §450A.9; 81 Acts, ch 131, §18]

450A.10 Director to enforce collection.
It shall be the duty of the director to enforce collection of the tax imposed by this chapter and shall with all the rights of a party in interest, represent the state in any proceedings to collect the tax. The director shall have the power to bring suit against any person liable for the payment of the tax, interest and costs and may foreclose the lien of the tax in the same manner as is now prescribed for the foreclosure of real estate mortgages and upon judgment may cause execution to be issued to sell so much of the property necessary to satisfy the tax, interest and costs due.

[C79, 81, §450A.10]

450A.11 Duty to claim maximum credit.
It shall be the duty of any person liable for the payment of the tax to claim the maximum federal credit allowable for that portion of state estate, inheritance, legacy or succession tax paid in respect of any property included in a generation skipping transfer. Claiming on a federal return a sum less than the maximum federal credit allowable shall not relieve any person liable for the tax of the duty to pay the tax imposed under this chapter.

If an amended or supplemental return is filed with the internal revenue service which results in a change in the amount of tax owing under this chapter, the persons liable for the payment of the tax shall submit an amended return, on forms prescribed by the director, indicating the amount of the tax then owing as a result of such change.

If any federal generation skipping transfer tax has been paid before the enactment of this chapter, the persons liable for the payment of the tax under this chapter shall file an amended federal return claiming the maximum federal credit allowable and file the Iowa returns specified in section 450A.8 within six months after the enactment of this chapter or within the time limit provided in section 450A.4 whichever is the later.

[C79, 81, §450A.11]

450A.12 Applicable statutes.
All of the provisions of chapter 450 with respect to the payment and collection of the tax imposed under that chapter, including penalty and interest upon delinquent taxes, are applicable to the provisions of this chapter, except as they are in conflict with this chapter. The director shall adopt and promulgate rules necessary for the enforcement of this chapter.

[C79, 81, §450A.12]

450A.13 Retroactive.
The provisions of this chapter are retroactive to April 30, 1976, for any generation skipping transfer made after April 30, 1976, except for those generation skipping transfers excepted under section 2006(c) of the federal Tax Reform Act of 1976 and to this extent the provisions of this chapter are retroactive.

[C79, 81, §450A.13]
450A.14 Limitation.
The tax imposed under section 450A.2 shall not be construed to impose a federal and state generation skipping tax obligation greater than the tax payable had this chapter not been enacted.

2. “Taxpayer” means a qualified heir liable for the inheritance tax imposed under chapter 450 on qualified real property
3. “Qualified real property” “qualified use” “cessation of qualified use” and “qualified heir” mean the same as defined in section 2032A of the Internal Revenue Code of 1954
4. For purposes of subsection 1, the Internal Revenue Code of 1954 shall be interpreted to include the provisions of Pub L No 98-4
[81 Acts, ch 147, §12]
83 Acts, ch 179, §18, 23, 84 Acts, ch 1305, §39
Referred to in §§450B.1

450B.2 Alternate election of value for qualified use.
Notwithstanding section 450.37, the value of qualified real property for the purpose of the tax imposed under chapter 450 may, at the election of the taxpayer, be its value for the use under which it qualifies as prescribed by section 2032A of the Internal Revenue Code of 1954. A taxpayer may make an election under this section only if all of the following conditions are met
1. An election for federal estate tax purposes was made with regard to the qualified real property under section 2032A of the Internal Revenue Code of 1954.
2. All persons who signed the agreement referred to in section 2032A(d)(2) of the Internal Revenue Code of 1954 make the election under this section and sign an agreement with the department of revenue consenting to the application of section 450B.3 with respect to the qualified real property.
3. The total decrease in the value of the qualified real property as a result of the election under this section does not exceed the dollar limitation specified in section 2032A(a)(2) of the Internal Revenue Code of 1954.

The election under this section shall be made by the taxpayer in the manner as the director of revenue may prescribe by rule. The value for the qualified use under this section shall be the value as determined and accepted for federal estate tax purposes.

The definitions and special rules specified in section 2032A(e) of the Internal Revenue Code of 1954 shall apply with respect to qualified real property for which an election was made under this section except that rules shall be prescribed by the director of revenue in lieu of the regulations promulgated by the secretary of treasury.

The director shall prescribe regulations setting forth the application of this chapter in the case of an interest in a partnership, corporation, or trust which, with respect to the decedent, is an interest in a closely held business within the meaning of section 6166(b)(1) of the Internal Revenue Code of 1954. Such regulations shall conform as nearly as possible with the regulations promulgated by the United States secretary of treasury in respect to such interests.
[81 Acts, ch 147, §13]
Referred to in §§450B.4

450B.3 Additional inheritance tax applicable.
There is imposed upon the qualified heir an additional inheritance tax if, within ten years after the decedent’s death and before the death of the qualified heir, the qualified heir disposes of, other than to a member of the family, any interest in qualified real property for which an election under section 450B.2 was made or ceases to use for the qualified use the qualified real property for which an election under section 450B.2 was made as prescribed in section 2032A(c) of the Internal Revenue Code of 1954. The additional inheritance tax shall be the amount computed under section 450B.5 and shall be due six months after the date of the disposition or cessation of qualified use referred to in this section. The amount of the additional inheritance tax shall accrue interest at the rate of ten percent per year from nine months after the decedent’s death to the due date of the tax.
The tax shall be paid to the department of revenue and shall be deposited into the general fund of the state. Taxes not paid within the time prescribed in this section shall draw interest at the rate of ten percent per annum until paid. There shall not be an additional inheritance tax if the disposition or cessation occurs ten years or more after the decedent's death.

[81 Acts, ch 147, §14, 15, 82 Acts, ch 1023, §26, 27, 34]

Referred to in §450B 2 450B 5 450B 6

450B.4 Reserved

450B.5 Ratio of applicable tax.

The amount of the additional inheritance tax imposed by section 450B 3 is the excess of what the tax imposed by chapter 450 would have been had the election to use the qualified use valuation under section 450B 2 not been made over the tax paid on the real estate based on qualified use valuation. However, if all of the real estate valued under section 450B 2 is not disposed of or does not cease to be used for the qualified use, the amount of the additional inheritance tax is the amount computed by applying the ratio that the real estate subject to the qualified use valuation which has been disposed of or which the qualified use ceases to bear to all the real estate subject to the qualified use valuation passing to the taxpayer to the excess of the tax which would have been imposed by chapter 450 had the election under section 450B 2 not been made over the tax paid on the real estate based on qualified use valuation. However, the additional inheritance tax shall not be computed on a value greater than the fair market value of the qualified real estate at the time the disposition or cessation of the qualified use occurs.

[81 Acts, ch 147, §16]

Referred to in §450B 3

450B.6 Lien of tax.

A lien is created in favor of the state for the additional inheritance tax which may be imposed by section 450B 3 on the qualified real property for which an election has been made under section 450B 2. The lien created by this section shall continue until the tax has been paid or ten years after the tax is due, whichever date occurs first. However, the lien shall expire ten years after the decedent's death if the qualified heir has not disposed of or ceased to use for the qualified use the qualified real property which would impose the tax under section 450B 3. The department of revenue may release the lien prior to the payment of the tax due, if any, if adequate security for payment of the tax is given.

Unless the lien has been perfected by recording in the office of the recorder in the county where the estate is probated, a transfer of the qualified real property to a bona fide purchaser for value shall vest the property of the lien. If the lien is perfected by recording, the rights of the state under the lien have priority over all subsequent mortgagees, purchasers or judgment creditors. The lien may be foreclosed by the director of revenue in the same manner as is now prescribed for the foreclosure of real estate mortgages and upon judgment, execution shall be issued to sell as much of the property necessary to satisfy the tax, interest and costs due.

[81 Acts, ch 147, §17, 82 Acts, ch 1023, §28, 34]

450B.7 Other inheritance tax laws applicable.

Funds so excepted shall receive credit for interest or earnings derived from such investments or time deposits made from such funds. Such interest or earnings on any fund created by direct vote of the people shall be credited to the fund to retire any such indebtedness after which the fund itself shall be credited.

453.16 Security for deposit of public funds.
1. Before a deposit of public funds is made by a public officer with a depository institution in excess of the amount insured by federal deposit insurance or federal savings and loan insurance, and before the investment of public funds in investments authorized in section 452.10 which either are not obligations of or guaranteed by the United States government or any of its agencies, are in excess of the amount insured by federal deposit insurance or federal savings and loan insurance, or are investments by the treasurer of state specifically authorized by section 452.10 to be made as additional investments under section 97B.7, sub-section 2, paragraph "b", the public officer shall obtain security for the deposit or investment by one or more of the following:

The bond shall be conditioned that the deposit shall be paid promptly on the order of the public officer making the deposit and shall be approved by the officer making the deposit.
   b. The depository institution may deposit, maintain, pledge and assign for the benefit of the public officer in the manner provided in this chapter, securities approved by the public officer, the market value of which is not less than one hundred ten percent of the total deposits of public funds placed by that public officer in the depository institution.       2. If public funds are secured by both the assets of a depository institution and a bond of a surety company, the assets and bond shall be held as security for a rateable proportion of the deposit on the basis of the market value of the assets and of the total amount of the surety bonds.

453.17 Deposit of securities.
1. A depository institution which receives public funds shall pledge securities owned by it as required by this chapter in one of the following methods:
   a. The securities shall be deposited with the county, city, or other public officers at the option of the officers.
   b. The securities shall be deposited pursuant to a bailment agreement with a financial institution having facilities for the safekeeping of securities and doing business in the state. A financial institution which receives securities for safekeeping is liable to the public officer to whom the securities are pledged for any loss suffered by the public officer if the financial institution relinquishes custody of the securities contrary to the provisions of this chapter or the instrument governing the pledge of the securities.
   c. The securities shall be deposited with the federal reserve bank of Chicago, Illinois or the federal home loan bank of Des Moines, Iowa pursuant to a bailment agreement.

The condition of the surety bond or the deposit of securities, instruments, or a joint custody receipt, must be that the depository institution will promptly pay to the parties entitled public funds, including any interest on the funds, in its custody upon lawful demand and, when required by law, pay the funds to the public officer who made the deposit.
453.19 Withdrawals, exchanges of security.
1. Securities pledged pursuant to this chapter may be withdrawn on application of the pledging depository institution and upon approval of the public officer to whom the securities are pledged if the deposit of securities is no longer necessary to comply with this chapter, or is required for collection by virtue of its maturity or for exchange. The depository institution shall replace securities so withdrawn for collection or exchange.
2. In an exchange of deposited securities for new securities, the amount of security on deposit at any time shall not be decreased below that otherwise required by this chapter.
3. In the event of substitution or exchange of securities, the holder or custodian of the securities shall, on the same day, forward by certified mail, return receipt requested, to the public officer and the depository institution, a receipt specifically describing and identifying both the substituted securities and those released and returned to the depository institution.

2. The deposit of securities by a depository institution pursuant to this chapter constitutes consent by the depository institution to the disposition of the securities in accordance with this section.
3. When a depository institution is closed by order of its primary regulatory agency, the public officer shall demand and receive from each custodian the securities pledged to secure deposits of public funds and, with the advice and counsel of the committee referred to in section 453.6, liquidate in an orderly manner the securities or part of the securities as determined advisable at public or private sale and distribute the proceeds as provided in this section.
4. The claim of a public officer for purposes of this section shall be the amount of the officer's deposits plus interest to the date the funds are distributed to the public officer at the rate the depository institution agreed to pay on the funds reduced by the portion of the funds which is insured by federal deposit insurance.
5. The public officer shall remit to the depository institution any of its collateral or the proceeds of its collateral in excess of the amount so distributable to public officers.

455.28 Establishment — further investigation.

If the board shall find that such petition complies with the requirements of law in form and substance, and that such improvement would be conducive to the public health, convenience, welfare, benefit, or utility, and that the cost thereof is not excessive, and no claim shall have been filed for damages, it may locate and establish the said district in accordance with the recommendation of the engineer and the report and plans on file, or it may refuse to establish the proposed district if it deem best, or it may direct the engineer or another one employed for that purpose to make further examinations, surveys, plats, profiles, and reports for the modification of said plans, or for new plans in accordance with sections 455 17 and 455 18,
and continue further hearing to a fixed date. All parties over whom the board then has jurisdiction shall take notice of such further hearing; but any new parties rendered necessary by any modification or change of plans shall be served with notice as for the original establishment of a district. The county auditor shall appoint three appraisers as provided for in section 455.30 to assess the value of the right of way required for open ditches or other improvements.

[S13, §1989-a5; C24, 27, 31, 35, 39, §7448; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.28]  
Referred to in §455.19

455.29 Settling basins — purchase or lease of lands.  
If a settling basin or basins are provided as a part of a drainage improvement, the board of supervisors may buy or lease the necessary lands in lieu of condemning said lands. The board may by purchase acquire the necessary lands required for right of way for open ditches or other improvements in lieu of condemning said lands.

[C27, 31, 35, §7448-1; C39, §7448.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.29]

455.30 Appraisers.  
If the board shall find that such improvement will materially benefit said lands, will be conducive to the public health, convenience, welfare, benefit, or utility, and that the law has been complied with as to form and substance of the petition, the service of notice, and the survey and report of the engineer, and that said improvement should be made, then if any claims for damages shall have been filed, further proceedings shall be continued to an adjourned, regular, or special session, the date of which shall be fixed at the time of adjournment, and of which all interested parties shall be notified. The appraisers shall appraise the damages, one of whom shall be an engineer, and two freeholders of the county who shall not be interested in nor related to any person interested in the proposed improvement, and the said appraisers shall take and subscribe an oath to examine the said premises, ascertain and impartially assess all damages according to their best judgment, skill, and ability.

[S13, §1989-a5; C24, 27, 31, 35, 39, §7449; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.30]  
Referred to in §455.28, §455.211

455.31 Assessment — report — adjournment — other appraisers.  
The appraisers appointed to assess damages shall view the premises and determine and fix the amount of damages to which each claimant is entitled, and shall place a separate valuation upon the acreage of each owner taken for right of way for open ditches or for settling basins, as shown by plat of engineer, and shall, at least five days before the date fixed by the board to hear and determine the same, file with the county auditor reports in writing, showing the amount of damage sustained by each claimant. Should the report not be filed in time, or should any good cause for delay exist, the board may postpone the time of final action on the subject, and, if necessary, the auditor may appoint other appraisers.

[S13, §1989-a6; C24, 27, 31, 35, 39, §7450; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.31]

455.32 Award by board.  
At the time fixed for hearing and after the filing of the report of the appraisers, the board shall examine said report, and may hear evidence thereon, both for and against each claim for damages and compensation, and shall determine the amount of damages and compensation due each claimant, and may affirm, increase, or diminish the amount awarded by the appraisers.

[S13, §1989-a6; C24, 27, 31, 35, 39, §7451; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.32]  
Referred to in §455.211

455.33 Dismissal or establishment.  
The board shall at said meeting, or at an adjourned session thereof, consider the costs of construction of said improvement as shown by the reports of the engineer and the amount of damages and compensation awarded to all claimants, and if, in its opinion, such costs of construction and amount of damages awarded create a greater burden than should justly be borne by the lands benefited by the improvement, it shall then dismiss the petition and assess the costs and expenses to the petitioners and their bondsmen, but if it finds that such cost and expense is not a greater burden than should be justly borne by the land benefited by the improvement, it shall finally and permanently locate and establish said district and improvement.

[S13, §1989-a6; C24, 27, 31, 35, 39, §7452; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.33]

455.34 Dismissal on remonstrance.  
If, at or before the time set for final hearing as to the establishment of a proposed levee, drainage, or improvement district, except subdrainage district, there shall have been filed with the county auditor, or auditors, in case the district extends into more than one county, a remonstrance signed by a majority of the landowners in the district, and these remonstrants must in the aggregate own seventy percent or more of the lands to be assessed for benefits or taxed for said improvements, remonstrating against the establishment of said levee, drainage, or improvement district, setting forth the reasons therefor, the board or boards as the case may be, shall assess to the petitioners and their bondsmen or apportion the costs among them as the board or boards may deem just or as said parties may agree upon. When all such costs have been paid, the board or boards of supervisors shall dismiss said proceedings and cause to be filed with the county auditor all surveys, plats, reports, and records in relation to the proposed district.

[C24, 27, 31, 35, 39, §7453; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.34]

455.35 Dissolution.  
When for a period of two years from and after the date of the establishment of a drainage district, or when an appeal is taken or litigation brought against said district within two years from the date such appeal or litigation is finally determined, no contract shall have been let or work done or drainage certificates or bonds issued for the construction of the improvements in such district, a petition may be filed in the office of the auditor, addressed to the board of supervisors, signed by a majority of the persons owning land in such district and who, in the aggregate,
own sixty percent or more of all the land embraced in said district, setting forth the above facts and reciting that provision has been made by the petitioners for the payment of all costs and expenses incurred in account of such district. The board shall examine such petition at its next meeting after the filing thereof, and if found to comply with the above requirements, shall dissolve and vacate said district by resolution entered upon its records, to become effective upon the payment of all the costs and expenses incurred in relation to said district. In case of such vacation and dissolution and upon payment of all costs as herein provided, the auditor shall note the same on the drainage record, showing the date when such dissolution became effective

[C24, 27, 31, 35, 39, §7454; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.35]

455.36 Permanent survey, plat and profile.

When the improvement has been finally located and established, the board may if necessary appoint the said engineer or a new one to make a permanent survey of said improvement as so located, showing the levels and elevations of each forty acre tract of land and tile a report of the same with the county auditor together with a plat and profile thereof

[S13, §1989-a6, C24, 27, 31, 35, 39, §7455; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.36]

Referred to in §455.69

455.37 Paying or securing damages.

The amount of damages or compensation finally determined in favor of any claimant shall be paid in the first instance by the parties benefited by the said improvement, or secured by bond in the amount of such damages and compensation with sureties approved by the auditor

455.38 Division of improvement.

After the damages as finally fixed, shall have been paid or secured, the board may divide said improvement into suitable sections, having regard to the kind of work to be done, numbering the same consecutively from outlets to the beginning, and prescribing the time within which the improvement shall be completed. A settling basin, if provided for, may be embraced in a section by itself

[S13, §1989-a7, C24, 27, 31, 35, 39, §7457; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.38]

455.39 Supervising engineer — bond.

Upon the payment or securing of damages, the board shall appoint a competent engineer to have charge of the work of construction thereof, who shall be required before entering upon the work to give a bond to the county for the use and benefit of the levee or drainage district, to be approved by the auditor in such sum as the board may fix, conditioned for the faithful discharge of the engineer's duties

[S13, §1989-a7, C24, 27, 31, 35, 39, §7458; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.39]

455.40 Advertisement for bids.

The board shall publish notice once each week for two consecutive weeks in a newspaper published in the county where the improvement is located, and publish additional advertisement and publication elsewhere as the board may direct. The notice shall state the time and place of letting the work of construction of the improvement, specifying the approximate amount of work to be done in each numbered section of the district, the time fixed for the commencement, and the time of the completion of the work, that bids will be received on the entire work and in sections or divisions of it, and that a bidder will be required to deposit with the bid cash, a certified check on and certified by a bank in Iowa, or a certified share draft from a credit union in Iowa payable to the auditor or the auditor's order, at the auditor's office, in an amount equal to ten percent of the bid, in no case to exceed ten thousand dollars. If the estimated cost of the improvement exceeds fifteen thousand dollars, the board may make additional publication for two consecutive weeks in a contractors' journal of general circulation, giving only the type of proposed construction or repairs, estimated amount, date of letting, amount of bidder's bond, and name and address of the county auditor. All notices shall fix the date to which bids will be received and upon which the work will be let. However, when the estimated cost of the improvement is less than five thousand dollars, the board may let the contract for the construction without taking bids and without publishing notice

[C73, §1212, C97, §1944, S13, §1944, SS15, §1989-a8, C24, 27, 31, 35, 39, §7459; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.40]

See §455.41

455.41 Bids — letting of work.

The board shall award contract or contracts for each section of the work to the lowest responsible bidder or bidders therefor, bids to be submitted, received and acted upon separately as to the main drain and each of the laterals, and each settling basin, if any, exercising their own discretion as to letting such work as to the main drain as a whole, or as to each lateral as a whole, or by sections as to both main drain and laterals, and reserving the right to reject any and all bids and readvertise the letting of the work

[SS15, §1989-a8, C24, 27, 31, 35, 39, §7460; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.41]

See §455.71

455.42 Manner of making bids — deposit.

A bid shall be in writing, specifying the portion of the work upon which the bid is made, and filed with the auditor. The bid shall be accompanied with a deposit of cash, or a certified check on and certified by a bank in Iowa or a certified share draft drawn on a credit union in Iowa, payable to the auditor or the auditor's order at the auditor's office in a sum equal to ten percent of the amount of the bid, but not to exceed ten thousand dollars. However, if the maximum limit on bid deposits would cause a denial of funds or services from the federal government which would otherwise be available, or if the maximum limit would otherwise be inconsistent with the requirements of federal law, the maximum limit may be suspended to the extent necessary to prevent denial of federal funds or services or to eliminate the inconsist
ency with federal requirements. The checks or share drafts of unsuccessful bidders shall be returned to them, but the checks of successful bidders shall be held as a guarantee that they will enter into contract in accordance with their bids. [SS15, §1989-a8; C24, 27, 31, 35, 39, §7461; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.42] 84 Acts, ch 1055, §11

455.43 Performance bond — return of deposit. A successful bidder is required to execute a bond with surties approved by the auditor in favor of the county for the use and benefit of the levee or drainage district and all persons entitled to liens for labor or material in an amount not less than seventy-five percent of the contract price of the work to be done, conditioned for the timely, efficient, and complete performance of the contract, and the payment, as they become due, of all just claims for labor performed and material used in carrying out the contract. When a contract is executed and bond approved by the board, the certified check or certified share draft deposited with the bid shall be returned to the bidder. [SS15, §1989-a12; C24, 27, 31, 35, 39, §7464; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.45] 84 Acts, ch 1055, §12

455.44 Contracts. All agreements and contracts for work or materials in constructing the improvements of such district shall be in writing, signed by the chairperson of the board of supervisors for and on behalf of the district and the parties who are to perform the work or furnish the materials specified in such contract. Such contract shall specify the particular work to be done or materials to be furnished, the time when it shall begin and when it shall be completed, the amount to be paid and the times of payment, with such other terms and conditions as to details necessary to a clear understanding of the terms thereof. [C24, 27, 31, 35, 39, §7463; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.44]

455.45 Commissioners to classify and assess. When a levee or drainage district shall have been located and finally established or, unless otherwise provided by law, when the required proceedings have been taken to enlarge, deepen, widen, change, or extend any of the ditches, laterals, settling basins, or drains of such district, or the required proceedings have been had to annex additional lands to such district, or a plan of the United States government for original construction of the improvements in such district has been heretofore or hereafter adopted by such district, and the ownership thereof, as the same appears on the transfer books in the auditor's office, the board shall appoint three commissioners to assess benefits and classify the lands affected by such improvement. One of such commissioners shall be a competent civil engineer and two of them shall be resident freeholders of the county in which the district is located, but not living within, nor interested in any lands included in said district, nor related to any party whose land is affected thereby. The commissioners shall take and subscribe an oath of their qualifications and to perform the duties of classification of said lands, fix the percentages of benefits and apportion and assess the costs and expenses of constructing the said improvement according to law and their best judgment, skill, and ability. If said commissioners or any of them fail or neglect to act or perform the duties in the time and as required of them by law, the board shall appoint others with like qualifications to take their places and perform said duties. [SS15, §1989-a12; C24, 27, 31, 35, 39, §7465; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.46] Referred to in §§455 96(5), 455 19, 455 56, 455 72, 455 139(4), 455 197(3, 4) See §455 74

455.46 Duties — time for performance — scale of benefits. At the time of appointing said commissioners, the board shall fix the time within which said assessment, classification, and apportionment shall be made, which may be extended for good cause shown. Within twenty days after their appointment, they shall begin to inspect and classify all the lands within said district, or any change, extension, enlargement, or relocation thereof in tracts of forty acres or less according to the legal or recognized subdivisions, in a graduated scale of benefits to be numbered according to the benefit to be received by each of such tracts from such improvement, and pursue said work continuously until completed and, when completed, shall make a full, accurate, and detailed report thereof and file the same with the auditor. The lands receiving the greatest benefit shall be marked on a scale of one hundred, and those benefited in a less degree with such percentage of one hundred as the benefits received bear in proportion thereto. They shall also make an equitable apportionment of the costs, expenses, fees, and damages computed on the basis of the percentages fixed. [SS15, §1989-a12; C24, 27, 31, 35, 39, §7466; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.47] Referred to in §§455 96(5), 455 19, 455 197(3, 4) 8

455.47 Rules of classification. In the report of the appraisers so appointed they shall specify each tract of land by proper description, and the ownership thereof, as the same appears on the transfer books in the auditor's office. In estimating the benefits as to the lands not traversed by said improvement, they shall not consider what benefits such land shall receive after some other improvements shall have been constructed, but only the benefits which will be received by reason of the construction of the improvement in question as it affords an outlet to the drainage of such lands, or brings an outlet nearer to said lands or relieves the same from overflow and relieves and protects the same from damage by erosion. [SS15, §1989-a13; SS15, §1989-a12; C24, 27, 31, 35, 39, §7467; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.48] Referred to in §§455 96(5), 455 19, 455 197(3, 4, 8)

455.48 Assessment for lateral ditches — reclassification of benefited lands. 1. In fixing the percentages and assessments of benefits and apportionment of costs of construction to lands benefited by lateral ditches and drains as a part of the entire improvement to be made in a drainage district, the commissioners shall ascertain and fix the percentage of benefits and apportionment of costs to
the lands benefited by such lateral ditches on the
same basis and in the same manner as if said lateral
was, with its sublaterals, being constructed as a sub-
district as provided in this chapter, reporting sepa-
ately:

a. The percentage of benefits and amount
accruing to each forty-acre tract or less on account of
the construction of the main ditch, drain, or water-
course including pumping plant, if any.

b. The percentage of benefits and amount accru-
ing to each forty-acre tract or less on account of
the construction of such lateral improvement.

2. When there has been a repair or improvement
to a lateral ditch or drain as provided in section
455.135 and the lands benefited by the lateral have
not been classified as provided in this section, the
board may order a classification of the lands and the
commission shall ascertain and fix the percentage of
benefits and apportionment of costs to the lands ben-
efited by such lateral ditches or drains on the same
basis and in the same manner as if the lateral was with
its sublaterals being constructed as a subdistrict as
provided in this chapter. When this procedure is fol-
lowed for the classification of any lateral ditch or
drain in a given district, the board shall follow the
same procedure for all other lateral ditches or drains
in the district which have not been classified as pre-
scribed in this section.

455.49 Railroad property — collection.

The commissioners to assess benefits and make ap-
portionment of costs and expenses shall determine and
assess the benefits to the property of any railroad
company extending into or through the levee or drain-
age district, and make return thereof showing the ben-
efit and the apportionment of costs and expenses of
construction. Such assessment when finally fixed by
the board shall constitute a debt due from the railroad
compny to the district, and unless paid it may be
allowed for the classification of any lateral ditch or
drain in a given district, the board shall follow the
same procedure for all other lateral ditches or drains
in the district which have not been classified as pre-
scribed in this section.

The commissioners, within the time fixed or as ex-
tended, shall make and file in the auditor's office a
written verified report in tabulated form as to each
forty-acre tract, and each tract of less than forty acres,
sffecting:

1. The names of the owners thereof as shown by
the transfer books of the auditor's office or the reports
of the engineer on file, showing said entire classifica-
tion of lands in said district.

2. The amount of benefits to highway and railroad
property and the percentage of benefits to each of said
other tracts and the apportionment and amount of
assessment of cost and expense, or estimated costs or
expense, against each:

a. For main ditches, and settling basins.

b. For laterals.

c. For levees and pumping station.

d. For erosion protection and control or flood con-
trol.

3. The aggregate amount of all assessments.

4. Any specific benefits other than those derived
from the drainage of agricultural lands shall be sepa-
rately stated.

455.52 Notice of hearing.

The board shall fix a time for a hearing upon the
report of the commissioners, and the auditor shall
cause notice to be served upon each person whose
name appears as owner, naming the person, and also
upon the person or persons in actual occupancy of any
tract of land without naming the person or persons, of
the day and hour of such hearing, which notice shall
be for the same time and served in the same manner
as is provided for the establishment of a levee or
drainage district, and shall state the amount of assess-
ment of costs and expenses of construction apportion-
ted to each owner upon each forty-acre tract or less,
and that all objections thereto must be in writing
and filed with the auditor at or before the time set for
such hearing.

455.53 Hearing and determination.  
At the time fixed or at an adjourned hearing, the board shall hear and determine all objections filed to said report and shall fully consider the said report, and may affirm, increase, or diminish the percentage of benefits or the apportionment of costs and expenses made in said report against any body or tract of land in said district as may appear to the board to be just and equitable.

Service of notice, R.C.P. 49-64

455.56 Classification as basis for future assessments.  
A classification of land for drainage, erosion or flood control purposes, when finally adopted, shall remain the basis of all future assessments for the purpose of said district unless revised by the board in the manner provided for reclassification, except that where land included in said classification has been destroyed, in whole or in part, by the erosion of a river, or where additional right of way has been subsequently taken for drainage purposes, said land which has been so eroded and carried away by the action of a river or which has been taken for additional right of way, may be removed by said board from said district as classified, without any reclassification, and no assessment shall thereafter be made on the land so removed. Any deficiency in assessment existing as the result of said action of the board shall be spread by it over the balance of lands remaining in said district in the same ratio as was fixed in the classification of the lands, payable at the next taxing period.  
Except districts established by mutual agreement in accordance with section 455.152 in the event any forty-acre tract or less, or any lot, tract, or parcel, as set forth in the existing classification or reclassification of any drainage district now or hereafter established, is divided into two or more tracts, whether such division is by sale or condemnation or platted as a subdivision, the classification of the original tract shall be apportioned to the resulting parcels, regardless of use, except for land taken for additional drainage right of way. The classification of the original tract may be apportioned between the resulting parcels by agreement between the parties to such division. The parties shall file with the county auditor a written agreement setting forth the original description and the description of the tracts as subdivided and the percentage of the original classification apportioned to each. This agreement shall bear the signature of all of the parties to such subdivision. The agreement contemplated herein may be contained in the deed or other instrument effecting the division of the land, which agreement shall be binding upon the grantee or grantees by their acceptance of such instrument and their signatures shall not be necessary. The auditor shall enter this agreement in the drainage record and amend the current classification of the district in accordance with such agreement.  
In the event the parties to such subdivision cannot agree as to the apportionment of the percentage classification, the board of supervisors shall, upon application of either party, appoint a commission having the qualifications of such commissioners, in accordance with section 455.45. The commissioners shall inspect the lands involved and apportion the existing classification of the original tract equitably and fairly to each of the several tracts as subdivided and shall make a full, accurate and detailed report thereof and file the same with the county auditor within the time set by the board. The report of the commissioners shall set forth the names of the owners thereof, the description of each of the tracts and the percentage of the original classification that each such tract shall bear (1) for main ditches and settling basins, (2) for laterals, (3) for levees and pumping station. Thereafter all the proceedings in relation thereto as to notice of hearing and fixing of percentage benefits shall be as in this chapter provided in relation to original classification and assessments, and at such hearing, the board may affirm, increase or diminish the percentage of benefits so as to make them just and equitable, and cause the record of the existing classification, percentage of benefits or assessments, or both, to be modified accordingly. In the event the parties neither agree as to the apportionment of classification nor make application for the appointment of commissioners, then the auditor of the county in which the land is situated shall make such apportionment upon an equitable basis and enter the same of record as herein provided. No tract of land included within the boundary of any drainage district shall be exempt from drainage assessments or reassessments, except as herein provided.

All assessments shall be levied at that time as a tax and shall bear interest at not to exceed the rate permitted by chapter 74A from that date, payable annually, except as provided as to cash payments within a specified time.

If the first assessment made by the board for the original cost or for repairs of any improvement is insufficient, the board shall make an additional assessment and levy in the same ratio as the first for either purpose, payable at the next taxpaying period after such indebtedness is incurred subject, however, to the provisions of section 455.64. Any assessment made under this section on any tract, parcel or lot within the district which is computed at less than two dollars shall be fixed at the sum of two dollars.

§455.61 Funds — disbursement — interest.

Such taxes when collected shall be kept in a separate fund known as the county drainage or levee fund and shall be paid out only for purposes properly connected with and growing out of the county drainage and levee districts on order of the board. The auditor shall continue to keep a record of each of the drainage and levee district’s funds so as to accurately reflect the financial condition of each such district account. The treasurer, on order of the board of supervisors, shall invest such funds not immediately needed for current operating expenses in United States government bonds, in time certificates of deposit, in savings accounts in such banks as the board shall approve, in the interest bearing obligations of the drainage and levee districts of the county, or as provided by chapter 453. Interest collected by the treasurer on the funds so invested shall be deposited in the county drainage or levee fund, and on July 1 of each year the auditor shall apportion and credit such interest to each drainage or levee district account in the proportion which the average credit balance of each district bears to the average balance of the county drainage or levee fund. The averages to be ascertained shall be the averages of the balances existing on the first of each month during the fiscal year immediately preceding. Interest and penalties collected on drainage or levee district taxes shall be credited to the district for which the taxes are being collected. This section shall not be construed so as to permit expenditures in behalf of any district in excess of its share of the county drainage or levee fund. The provisions of this section shall not apply to drainage and levee districts under trustee management unless the trustees consent thereto, and in the absence of such consent, section 462.29 shall apply.

1. To pay one-third of the amount of such assessment at the time of filing such agreement; one-third within twenty days after the engineer in charge shall certify to the auditor that the improvement is one-half completed; and the remaining one-third within twenty days after the improvement has been completed and accepted by the board. 2. To pay such assessments in not less than ten nor more than twenty equal installments, the number to be fixed by the board and interest at the rate fixed by the board, not exceeding that permitted by chapter 74A. One such installment shall be payable at the September semiannual taxing date in each year; provided, however, that the county treasurer shall, at the September semiannual taxing date, require only the payment of a sufficient portion of the assessments to meet the interest and the amount maturing on bonds or certificates prior to the regular time for the payment of the second installment of taxes and the balance shall be collected with such second installment and without penalty.

When all construction work has been completed and all cost paid, and all assessments have been paid in full, the board may refund, to the owner of each tract of land, the owner's proportionate part of any surplus funds except such portion of the surplus as the board considers should be retained for a sinking fund to pay future maintenance and repair costs.

Upon the filing of such report, the board shall have jurisdiction to adopt modified or amended plan of improvement or may further modify or amend and adopt the same by following the procedure provided in sections 455.202, 455.206 to 455.210 so far as same are applicable, except that awards for damages shall not be canceled where there has been no change made in the improvement which would increase or decrease the damages awarded. However, modifications and changes may be made in the plan on which hearing was held without further notice or hearing, provided the same do not increase or decrease the estimated cost to the district by more than twenty-five percent.

After the establishment of a drainage district, any person, company, or corporation owning land within such district which has been assessed for benefits, but which is separated from the main ditch, drain, or watercourse for which it has been so assessed, by the land of others, who desires a ditch or drain constructed from the person's land across the land of such others in order to connect with the main ditch, drain, or watercourse, and shall be unable to agree with such intervening owners on the terms and conditions on which the person may enter upon their lands and cause to be constructed such connecting drain or ditch, may file a petition for the establishment of a subdistrict and thereafter the proceedings shall be the same as provided for the establishment of an original district.

455.71 Presumption — jurisdiction.
Such connecting ditch or drain which a person shall cause to be constructed shall be presumed conducive to the public health, welfare, convenience, and utility the same as if it had been so constructed as a part of the original improvement of said district. When such subdistrict has been established and constructed it shall become and be a part of the improvement of such drainage district as a whole and be under the control and supervision of the board to the same extent and in every way as if it had been a part of the original improvement of such district.

[S13, §1989-a23; C24, 27, 31, 35, 39, §7491; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.71]

455.72 Reclassification.
When, after a drainage or levee district has been established, except districts established by mutual agreement in accordance with section 455.152, and the improvements thereof constructed and put in operation, there has been a material change as to lands occupied by highway or railroad right of way or in the character of the lands benefited by the improvement, or when a repair, improvement, or extension has become necessary, the board may consider whether the existing assessments are equitable as a basis for payment of the expense of maintaining the district and of making the repair, improvement or extension. If they find the same to be inequitable in any particular, they shall by resolution express such finding, appoint three commissioners possessing the qualifications prescribed in section 455.45 and order a reclassification as follows:

1. If they find the assessments to be generally inequitable they shall order a reclassification of all property subject to assessment, such as lands, highways, and railroads in said district.

2. If the inequity ascertained by the board is limited to the proportion paid by highways or railroads, a general reclassification of all lands shall not be necessary but the commissioners may evaluate and determine the fair proportion to be paid by such highways or railroads or both as provided in sections 455.49 and 455.50.

3. Any benefits of a character for which levee or drainage districts may be established and which are attributable to or enhanced by the improvement or by the repair, improvement, or extension thereof, shall be a proper subject of consideration in a reclassification notwithstanding the district may have been originally established for a limited purpose.

4. If after a district has been reclassified, the board in its judgment concludes there were errors in the reclassification or there is an inequitable assessment of benefits, the board may on its own motion, after notice to the landowners involved as provided in sections 455.20 to 455.24 and by resolution, order the district or any portion of the district to again be reclassified as prescribed in this section and in section 455.74.

Such reclassification when finally adopted shall remain the basis for all future assessments unless revised as provided in this chapter.

455.73 Bids required.
In case the board shall finally determine that any such changes as defined in section 455.69 shall be made involving an expenditure of five thousand dollars or more, said work shall be let by bids in the same manner as is provided for the original construction of such improvements.

[C24, 27, 31, 35, 39, §7493; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.73]

See §455.40, 455.41

455.74 Procedure governing reclassification.
The proceedings for such reclassification shall in all particulars be governed by the same rules as for original classification. The commissioners shall fix the percentage of actual benefits and make an equitable apportionment of the costs and expenses of such repairs, improvements or extensions and file a report thereof with the auditor in the same form and manner as for original classification. Thereafter, all the proceedings in relation thereto as to notice, hearing, and fixing of percentage of benefits and amount of assessments shall be as in this chapter provided in relation to original classification and assessments, and at such hearing the board may affirm, increase, or diminish the percentage and assessment of benefits and apportionment of costs and expenses so as to make them just and equitable, and cause the record of the original classification, percentage of benefits, and assessments to be modified accordingly.

Said certificates shall be negotiable and transferable to the bearer all right and interest in and to the tax in every such assessment or part thereof described in such certificates, and shall authorize such bearer to collect and receive every assessment embraced in said certificate by or through any of the methods provided by law for their collection as the same mature.

455.81 Drainage bonds

When a drainage district has been established or the making of any subsequent repair or improvement determined upon, if the board of supervisors shall find that the cost of such improvement will create assessments against the land included therein greater than should be levied in a single year upon the lands benefited by such improvement, then, instead of issuing improvement certificates, as provided in sections 455 77 to 455 80 the board may fix the amount that shall be levied and collected each year until such cost and expenses are paid, and may issue drainage bonds of the county covering all assessments exclusive of assessments of one hundred dollars and less.

Before such bonds shall be issued, the governing body of the district shall cause an action for declaratory judgment to be brought in the district court of the county in which the bonds are to be issued, asking that their legality be confirmed. The court shall fix a date for hearing thereof and notice thereof shall be given to the owners of each lot or tract of land within the district, which shall be affected by an assessment to pay the proposed bonds, as shown by the transfer books in the auditor’s office, also to the holders of liens of record upon said lands, and to all persons to whom it may concern without naming them specifically. Such notice shall be given by publication and mailing for the same time in advance of hearing and in the same manner prescribed in section 455 21. After the entry of the declaratory judgment adjudicating the validity of such bonds, the approval of the district court shall be endorsed on the bonds before their issuance.

455.122 Construction when company refuses.

If the railroad company shall fail, neglect, or refuse to comply with said notice, the board shall cause the same to be done under the supervision of the engineer in charge of the improvement, and such railroad company shall be liable for the cost thereof to be collected by the county for said district in any court having jurisdiction.

[S13, §1989-a18; C24, 27, 31, 35, 39, §7543; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.122]
Cost of construction across railway.
The cost of constructing the improvement across the right of way of such company, not including the cost of building or rebuilding and constructing or reconstructing any necessary culvert or bridge, when such improvement is located at the place of the natural waterway or place provided by the railroad company for the flow of the water, shall be considered as an element of such company’s damages by the appraiser to appraise damages.

 Passing drainage equipment across railway.
It shall be the duty of any steam or electric railway company to furnish the contractor unrestricted passage across its right of way, telegraph, telephone, and signal lines for the contractor’s machines and equipment, whenever recommended by the engineer and approved by the board of supervisors, and the cost thereof shall be considered as an element of such company’s damages by the appraisers thereof; provided that if such company shall fail to do so within thirty days after written notice from the auditor, the engineer shall cause the same to be done under the engineer’s direction and the company shall be liable for the cost thereof to be collected by the county in any court having jurisdiction. Provided, further, that the railway company shall have the right to designate the day and hours of the day when such crossing shall be made.

Passage across other public utilities.
The owner or operator of a public utility, whether operated publicly or privately other than steam and electric railways shall afford the contractor of any drainage project under this chapter unrestricted passage across the right of way lines or other equipment of such utility whenever recommended by the engineer and approved by the board of supervisors.

Failure to comply.
If the owner or operator of the utility fails to afford such passage within fifteen days after written notice from the drainage engineer so to do, the contractor, under the supervision of the engineer, may proceed to do the necessary work to afford such passage and to place said utility in the same condition as before said passage; but the owner or operator shall have the right to designate the hours of the day when such crossing or passage shall be made.

Expenses attending passage.
The work necessary to afford such passage shall be deemed to be covered by and included in the contract with the district under which the contractor is operating, and if the work is done by the owner or operator of such utility the reasonable expense thereof shall be paid out of the drainage funds of the district and charged to the account of the contractor.
assessment of benefits to the annexed lands only, to the same extent and in the same manner as provided in the establishment of an original district. Those parties having an interest in the lands proposed to be annexed shall have the right to receive notice, to make objections, to file claims for damages, to have hearing, to take appeals and to do all other things to the same extent and in the same manner as provided in the establishment of an original district.

[S13, §1989-a54; C24, 27, 31, 35, 39, §7550; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.129]

455.130 Levy on annexed lands.

After such annexation is made the board shall levy upon the annexed lands an assessment sufficient to equal the assessments for benefit originally paid by the lands of equal classification if the finding by the board as provided by section 455.128 was that said lands should have been included in the district when originally established, plus their proportionate share of the costs of any enlargement or extension of drains required to serve the annexed lands. If the finding of the board as provided in section 455.128 was based on the fact that additional lands are now benefited by virtue of the repair or improvement made to said district and were not benefited by the district as originally established, then the board shall levy upon said annexed lands an assessment sufficient to pay their proportionate share of the costs of said repair or improvement which was the basis for the lands being annexed.

[S13, §1989-a54; C24, 27, 31, 35, 39, §7551; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.130]

455.131 Use of former and abandoned surveys.

In cases where proceedings have been taken for the establishment of a levee or drainage district and an engineer has been appointed who has made a survey, return, and plat thereof and for any reason the improvement has been abandoned and the proceedings dismissed, and afterward proceedings are instituted for the establishment of a levee or drainage district which will benefit any territory surveyed in said former proceedings, the engineer shall use so much of the return, levels, surveys, plat, and profile made in the former proceedings as may be applicable. The engineer shall specify in the engineer's reports the parts thereof so used, and in case the cost of said returns, levels, surveys, plat, and profile made in said former proceedings has been paid by the former petitioners or their sureties, then a reasonable amount shall be allowed said petitioners or sureties for the use of the same.

[S13, §1989-a16; C24, 27, 31, 35, 39, §7552; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.131]

455.132 Unsuccessful procedure — re-establishment.

When proceedings have been instituted for the establishment of a drainage district or for any change or repair thereof, or the change of a natural watercourse, and the establishment thereof has failed for any reason either before or after the improvement is completed, the board shall have power to re-establish such district or improvement and any new improvement in connection therewith as recommended by the report of the engineer. As to all lands benefited by such re-establishment, repair, or improvement, the board shall proceed in the same manner as in the establishment of an original district, using as a basis for assessment the entire cost of the proceedings, improvement, and maintenance from the beginning; but in awarding damages and in the assessment of benefits account shall be taken of the amount of damages and taxes, if any, theretofore paid by those benefited, and credit thereof given accordingly. All other proceedings shall be the same as for the original establishment of the district, making of improvements, and assessment of benefits.

[S13, §1989-a50; C24, 27, 31, 35, 39, §7553; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.132]

455.133 New district including old district.

If any levee or drainage district or improvement established either by legal proceedings or by private parties shall be insufficient to properly drain all of the lands tributary thereto, the board upon petition as for the establishment of an original levee or drainage district, shall have power to establish a new district covering and including such old district or improvement together with any additional lands deemed necessary. All outstanding indebtedness of the old levee or drainage district shall be assessed only against the lands included therein.

[S13, §1989-a25; C24, 27, 31, 35, 39, §7554; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.133]

Referred to in §455.134

455.134 Credit for old improvement.

When such district as contemplated in section 455.133 and the new improvement therein shall include the whole or any part of the former improvement, the commissioners, for classification of lands for assessment of benefits and apportionment of costs and expenses of such new improvement, shall take into consideration the value of such old improvement in the construction of the new one and allow proper credit therefor to the parties owning the old improvement as their interests may appear. In all other respects the same proceedings shall obtain as are provided for the original establishment of levee and drainage districts.

[S13, §1989-a25; C24, 27, 31, 35, 39, §7555; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.134]

455.135 Repair.

1. When any levee or drainage district has been established and the improvement constructed, the improvement shall be at all times under the supervision of the board of supervisors except as otherwise provided for control and management by a board of trustees and the board shall keep the improvement in repair as provided in this section.

a. The board at any time on its own motion, without notice, may order done whatever is necessary to restore or maintain a drainage or levee improvement in its original efficiency or capacity, and for that purpose may remove silt and debris, repair any damaged structures, remove weeds and other vegetable growth, and whatever else may be needed to restore or maintain such efficiency or capacity or to prolong its useful life.
§455.135, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS

b "he board may at any time obtain an engineer's report regarding the most feasible means of repairing a drainage or levee improvement and the probable cost of making the repair. If the engineer advises, or the board otherwise concludes that permanent restoration of a damaged structure is not feasible at the time, the board may order temporary construction it deems necessary to the continued functioning of the improvement. If in maintaining and repairing tile lines the board finds from an engineer's report it is more economical to construct a new line than to repair the existing line, the new line may be considered to be a repair.

c If the estimated cost of any repair exceeds ten thousand dollars, or seventy five percent of the original total cost of the district and subsequent improvements, whichever is the greater amount, the board may order temporary construction or a report or a report from the soil conservation district conservationist shall be presented at the hearing. The board shall not divide proposed repairs into separate programs in order to avoid the notice and hearing requirements of this paragraph. At the hearing the board shall hear objections to the feasibility of the proposed repairs, and following the hearing the board shall order that the repairs it deems desirable and feasible be made. Any interested party shall have the right of appeal from such orders in the manner provided in this chapter.

d The right of remonstrance does not apply to repairs as defined in this section.

2 In the case of minor repairs, or in the eradication of brush and weeds along the open ditches, not in excess of five thousand dollars where the board finds that a saving to the district will result it may cause the repairs or eradication to be done by secondary road equipment, or weed fund equipment, and labor of the county and then reimburse the secondary road fund or the weed fund from the fund of the drainage district thus benefited.

3 When the board deems it necessary it may repair or reconstruct the outlet of any private tile line which empties into a drainage ditch of any district and assess the costs in each case against the land served by the private tile line.

4 For the purpose of this subsection, an "improvement" in a drainage or levee district in which any ditch, tile drain or other facility has previously been constructed is a project intended to expand, enlarge or otherwise increase the capacity of any existing ditch, drain or other facility above that for which it was designed.

a When the board determines that improvements are necessary or desirable, it shall appoint an engineer to make surveys as seem appropriate to determine the nature and extent of the needed improvements, and to file a report showing what improvements are recommended and their estimated costs, which report may be amended before final action. If the estimated cost of the improvements does not exceed five thousand dollars, or twenty five percent of the original cost of the district and subsequent improvements, whichever is the greater amount, the board may order the work done without notice. The board shall not divide proposed improvements into separate programs in order to avoid the limitation for making improvements without notice. If the board deems it desirable to make improvements where the estimated cost exceeds that limit, it shall set a date for a hearing on the matter of constructing the proposed improvements and also on the matter of whether there shall be a reclassification of benefits for the cost of the proposed improvements, and shall give notice as provided in sections 455.20 to 455.24. At the hearing the board shall hear objections to the feasibility of the proposed improvements and arguments for or against a reclassification presented by or for any taxpayer of the district. Following the hearing the board shall order that the improvements it deems desirable and feasible be made, and shall also determine whether there should be a reclassification of benefits for the cost of improvements. If it is determined that a reclassification of benefits should be made the board shall proceed as provided in section 455.45.

b If the estimated cost of the improvements as defined in this subsection exceeds twenty thousand dollars, or the original cost of the district plus the cost of subsequent improvements in the district, whichever is the greater amount, a majority of the landowners, owning in the aggregate more than seventy percent of the total land in the district, may file a written remonstrance against the proposed improvements, at or before the time fixed for hearing on the proposed improvements, with the county auditor, or auditors in case the district extends into more than one county. If a remonstrance is filed, the board shall discontinue and dismiss all further proceedings on the proposed improvements and charge the costs incurred to date for the proposed improvements to the district. Any interested party may appeal from such orders in the manner provided in this chapter. However, this section does not affect the procedures of section 455.142 covering the common outlet.

5 Where under the laws in force prior to 1904, drainage ditches and levees were established and constructed without fixing at the time of establishment a definite boundary line for the body of land to be assessed for the cost thereof, the body of land which was last assessed to pay for the repair thereof shall also be considered as the established district for the purpose of this section.

6 The governing body of the district may, by contract or conveyance, acquire, within or without the district, the necessary lands or easements for making repairs or improvements under this section, including easements for borrow and easements for meander, and in addition thereto, the same may be obtained in the manner provided in the original establishment of the district, or by exercise of the power of eminent domain as provided in chapter 472. If additional right of way is required for any repair or improvement under this section, the same may be acquired in the same manner as provided for the acquisition of right of way in the original establishment of a district, except that where notice and hearing are not otherwise required under this section notice as provided in this chapter to owners, lienholder of record, and occupants of the land from which right of way is to be acquired shall suffice.
7. In existing districts where the stream has by erosion appropriated lands beyond its original right of way and it is more economical and feasible to acquire an easement for such erosion and meander than to undertake containment of the stream in its existing right of way, the board may, in the discharge of the duties enjoined upon it by this section, effect such acquisition as to the whole or part of the course. Right of way so taken shall be classed an improvement for the purpose of procedure under this section.

8. If the drainage records on file in the auditor's office for a particular district do not define specifically the land taken for right of way for drainage purposes, the board may at any time upon its own motion employ a land surveyor to make a survey and report of said district and to actually define the right of way taken for drainage purposes. After the land surveyor has filed the survey and report with the board, the board shall fix a date for hearing on said report and shall serve notice of said hearing upon all landowners and lienholders of record and occupants of the lands traversed by said right of way in the manner and for the time required for service of original notices in the district court.

455.136 Payment.

The costs of the repair or improvements provided for in section 455.135 shall be paid for out of the funds of the levee or drainage district. If the funds on hand are not sufficient to pay such expenses, the board within two years shall levy an assessment sufficient to pay the outstanding indebtedness and leave the balance which the board determines is desirable as a sinking fund to pay maintenance and repair expenses. Any assessment made under this section on any tract, parcel or lot within the district which is computed at less than two dollars shall be fixed at the sum of two dollars.

If the board deems that the costs of the repairs or improvements will create assessments against the lands in the district greater than should be borne in one year, it may levy the same at one time and provide for the payment of said costs and assessments in the manner provided in sections 455.64 to 455.68; provided that assessments may be collected in less than ten installments as the board may determine.

[S13, §1989-a21; C24, 27, 31, 35, 39, §7557; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.136]

455.137 Impounding areas and erosion control devices.

Levee and drainage districts are empowered to construct impounding areas and other flood and erosion control devices to protect lands of the district and drainage structures and may provide ways for access to improvements for the operation or protection thereof, where the cost is not excessive in consideration of the value to the district. Necessary lands or easements may be acquired within or without the district by purchase, lease or agreement, or by exercise of the right of eminent domain and may be procured and construction undertaken either independently or in co-operation with other districts, individuals, or any federal or state agency or political subdivision. [C54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.137]

455.138 Revenues used for operation, maintenance and construction.

Levee and drainage districts may utilize income from incidental uses of their improvements and rights of way which are not injurious to same or incompatible with the purposes of the district. Revenues derived therefrom may be expended for operating, maintenance or construction costs of the district as its governing body may elect.

[C54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.138]

455.139 City may discharge treated sewage.

Any board, as defined in section 455.4, may by contract permit any city to discharge adequately treated sewage into drainage ditches. The contract shall fix the rental, make provision for termination, and shall provide that no nuisance shall be created.

[C58, 62, 66, 71, 73, §393.12; C75, 77, 79, 81, §455.139]

455.141 Reclassification required.

When an assessment for improvements as provided in section 455.135, exceeds twenty-five percent of the original assessment and the original or subsequent assessment or report of the benefit commission as confirmed did not designate separately the amount each tract should pay for the main ditch and tile lateral drains then the board shall order a reclassification in accordance with the principles and rules set forth in section 455.48.

[C24, 27, 31, 35, 39, §7562; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.141]

455.142 Improvement of common outlet — notice of hearing.

When two or more drainage districts outlet into the same ditch, drain, or natural watercourse and the board determines that it is necessary to clean out, deepen, enlarge, extend, or straighten said ditch, drain, or natural watercourse in order to expeditiously carry off the combined waters of such districts, the board may proceed as provided in section 455.135. After said board has decided that such work should be done, it shall fix a date for hearing on its decision, and it shall give two weeks' notice thereof by certified mail to the auditor of the county wherein the land to be assessed for such work is located, and said county auditor shall thereupon immediately notify by certified mail the board or boards of trustees of the districts having supervision thereof, as to said hearing on said contemplated work. In those instances where two or more districts involved are under the supervision of the same board, or joint board if the district is inter-county, the notice shall be given to all landowners affected as prescribed for in sections 455.20 to 455.24. Each district shall be assessed for the cost of such work in proportion to the benefits derived. Common outlet for the purpose of this section shall mean an outlet where two adjacent districts have an outlet common to both of said districts and which districts
are also contiguous, one to the other.  
§455.142, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS 2504

Any such appeal shall be taken, perfected and conducted in the time and manner provided in sections 455.92, 455.94 to 455.98, for appeals contemplated by said sections.

455.146 Levy under original classification.

If the amount finally charged against a district does not exceed twenty-five percent of the original cost of the improvement in said district, the board shall proceed to levy said amount against all lands, highways, and railway rights of way and property within the district, in accordance with the original classification and apportionment. Any assessment made under this section on any tract, parcel or lot within the district which is computed at less than two dollars shall be fixed at the sum of two dollars.  
[C24, 27, 31, 35, 39, §7567; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.146]

455.147 Levy under reclassification.

If the amount finally charged against a district exceeds twenty-five percent of the original cost of the improvement, the board shall order a reclassification as provided for the original classification of a district and upon the final adoption of the new classification and apportionment shall proceed to levy said amount upon all lands, highways, and railway rights of way and property within the district, in accordance with said new classification and apportionment. Any assessment made under this section on any tract, parcel or lot within the district which is computed at less than two dollars shall be fixed at the sum of two dollars.

455.148 Removal of obstructions.

The board shall cause to be removed from the ditches, drains, and laterals of any district any obstructions which interfere with the flow of the water, including trees, hedges, or shrubbery and the roots thereof, and may cause any tile drain so obstructed to be relaid in concrete or any other adequate protection, such work to be paid for from the drainage funds of the district.  
[C24, 27, 31, 35, 39, §7569; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.148]

455.149 Trees and hedges.

When it becomes necessary to destroy any trees or hedges outside the right of way of any ditch, lateral, or drain in order to prevent obstruction by the roots thereof, if the board and the owners of such trees or hedges cannot agree upon the damage for the destruction thereof, the board may proceed to acquire the right to destroy and remove such trees or hedges by the same proceedings provided for acquiring right of way for said drainage improvement in the first instance.  
[C24, 27, 31, 35, 39, §7570; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.149]

455.150 Outlet for lateral drains — specifications.

The owner of any premises assessed for the payment of the costs of location and construction of any
ditch, drain, or watercourse as in this chapter provided, shall have the right to use the same as an outlet for lateral drains from the premises. The board of supervisors shall make specifications covering the manner in which such lateral drains shall be connected with the main ditches or other laterals and be maintained, and the owner shall follow such specifications in making and maintaining any such connection.

455.151 Subdistricts in intercounty districts.
The board of supervisors of any county shall have jurisdiction to establish subdrainage districts of lands included within a district extending into two or more counties when the lands to compose such subdistricts lie wholly within such county, and to make improvements therein, repair and maintain the same, fix and levy assessments for the payment thereof, and the provisions of this section shall apply to all such drainage subdistricts, the lands of which lie wholly within one county. The proceedings for all such purposes shall be the same as for the establishment, construction, and maintenance of an original levee or drainage district the lands of which lie wholly within one county, so far as applicable, except that one or more persons may petition for a subdistrict as provided in section 455.70.

The owners of lands may provide by mutual agreement in writing duly signed, acknowledged, and filed with the auditor for combined drainage of their lands by the location and establishment of a drainage district for such purposes and the construction of drains, ditches, settling basins, and watercourses upon and through their said lands. Such drainage district shall be presumed to be conducive to the public welfare, health, convenience, or utility.

[S13, §1989-a28; C24, 27, 31, 35, 39, §7573; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.152]

Referred to in §455.56, 455.72

455.153 What the agreement shall contain.
Such agreements shall contain the following:
1. A description of the lands by congressional divisions, metes and bounds, or other intelligible manner, together with the names of the owners of all said lands.
2. The location of the drains and ditches to be constructed, describing their sources and outlets and the courses thereof.
3. The character and extent of drainage improvement to be constructed, including settling basins, if any.
4. The assessment of damages, if any.
5. The classification of the lands included in such district, the amount of drainage taxes or special assessments to be levied upon and against the several tracts, and when the same shall be levied and paid.

455.154 Board to establish.
When such agreement is filed, the auditor shall record it in the drainage record. The board shall at a regular, special, or adjourned session thereafter locate and establish a drainage district and locate the ditches, drains, settling basins, and watercourses thereof as provided in said agreement, and enter of record an order accordingly. The board thereafter shall carry out the object, purpose, and intent of such agreement and cause to be completed and constructed the said improvement and shall retain jurisdiction of the same as fully as in districts established in any other manner. It shall cause to be levied upon and against the lands of such district, the drainage taxes and assessments according to said agreement and when collected said taxes and assessments shall constitute the drainage funds of said district to be applied upon order of the board as in said agreement provided.

455.156 Outlet in adjoining county.
When a drainage district is established and a satisfactory outlet cannot be obtained except through lands in an adjoining county, or when an improved outlet cannot be obtained except through lands downstream from the district boundary, the board shall have the power to purchase a right of way, to construct and maintain such outlets, and to pay all necessary costs and expenses out of the district funds. The board shall have similar authority relative to the construction and maintenance of silt basins upstream from the district boundary. In case the board and the owners of the land required for such outlet or silt basin cannot agree upon the price to be paid as compensation for the land taken or used, the board is hereby empowered to exercise the right of eminent domain in order to procure such necessary right of way.

455.194 Avoidance of receivership.
The owner of any such tract of real estate may avoid the appointment of such receiver, either before or after the action is commenced, by entering into a good and sufficient written instrument with the governing board of such district, agreeing to apply the rent share of the products of said land, or its equivalent to the payment of taxes thereon.

[C35, §7598-e5, C39, §7598.08; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455 194]

455.195 Preference in leasing.
In the event a receiver is appointed for any tract of land, the owner if actually in possession thereof, shall have the preference to rent the same.

[C35, §7598-e6, C39, §7598.09; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455 195]

455.196 Rents — application of.
The rents, issues and profits of the real estate when collected by the receiver, shall be applied as follows:

1. To the payment of the costs and expenses of the receivership.
2. To the payment of current general taxes against said real estate.
3. To the payment of any current special taxes against said real estate.
4. The surplus shall be applied upon any delinquent taxes or tax certificates, and the remainder, if any, shall be paid to the owner of said real estate.

[C35, §7598-e7, C39, §7598.10; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455 196]

455.197 Land classification and assessment in district.

1. a. When a levee district shall have been located and finally established, or
b. When the required proceedings have been taken to enlarge, extend, strengthen, raise, relocate, reconstruct, or improve any existing levee, or

c. When the required proceedings have been held to annex additional lands to said levee district or to exclude or eliminate lands from said levee district, or
d. When a plan of the United States government for the construction of any levee, or a portion of a levee, in said levee district, or for the enlarging, extending, strengthening, raising, relocating, recon structing, or improving any existing levee, or a portion thereof, in accordance with any such plan in said levee district, has been heretofore or hereafter adopted by such levee district under the provisions of sections 455 202 to 455 217, or
e. When the board shall, as authorized by section 455 72, determine that the assessments of benefits of said levee district against the lands in said levee district are generally inequitable the board may by resolution, or if a petition is filed by more than one third of the owners, including corporations, of land within said levee district and who in the aggregate own more than one third of the value of the land and land improvements in said levee district as the value thereof is then shown by the general tax records of the county or counties in which such land and land improvements are located, requesting the board to do so, the board shall order the lands in said levee district and the improvements on the land in said levee district classified or reclassified in accordance with the assessed taxable value of said land and land improvements as the same are then shown and as the same may be thereafter shown by the assessment roll of the county or counties in which said land and land improvements are located.

The assessed taxable value of any land, including land improvements exempt from general taxation but subject to assessment for levee purposes, shall be determined by the county assessor who shall make such determination in accordance with the rules of assessment applicable to adjacent lands and without any additional compensation therefor.

2. If the board orders classification or reclassification of lands as authorized in subsection 1 of this section, the board shall fix a time and place for a hearing to be held upon the action of the board in ordering such classification or reclassification, which hearing shall be held at the county seat of the county having the largest acreage in said levee district. The board shall cause notice of the time and place of such hearing to be served by the county auditor or auditors upon each person whose name appears as owner of lands or land improvements within the levee district in the transfer books of the auditor’s office in the county or counties in which said levee district is located, naming that person, and also upon the person or persons in actual occupancy of any tract of land or land improvements located in said levee district, without naming that person or persons. Such notice shall be for the same time and served in the same manner as is provided for the establishment of a levee district, and such notice shall state:

a. The aggregate estimated costs and expenses which the board proposes to assess under such classification or reclassification.

b. The total aggregate assessed taxable value of all lands and land improvements in said levee district.

c. That the said classification or reclassification of benefits will be based on the assessed taxable value of all lands and improvements to lands located in said levee district.

d. That each tract of land and each land improvement in said levee district will be assessed for its pro rata share of said costs and expenses based upon the ratio that the assessed value of each tract of land and the assessed value of each land improvement bears to
the total assessed taxable value of all lands and all land improvements in said district, and

              e That all objections to said method of classification or reclassification shall be in writing and filed with the auditor of the county in which said lands or land improvements are located before the time set for said hearing or with the board of trustees of said district at or before the time set for such hearing

The notice need not show the amount of such costs and expenses to be apportioned to each such owner or to any particular tract of land or land improvement within such levee district

3 If at or before the time set for said hearing as to such classification or reclassification, there shall have been filed with the county auditor, or auditors in case the district extends into more than one county, or with said board, a remonstrance or remonstrances or objections to such method of classification or reclassification signed by owners of land and land improvements in the levee district aggregating sixty percent of the total assessed value of the lands plus land improvements in said district as shown by the taxing records in said county or counties in which said district is located, the board shall abandon the alternate method of classification or reclassification herein authorized. The board may then proceed to classify the lands in said levee district as authorized under sections 455 45 to 455 51 or may proceed to reclassify the same as authorized under section 455 72 unless said remonstrances and objections filed as above provided are filed by a majority of the landowners in the levee district and these remonstrants and objectors in the aggregate own seventy percent or more of the acreage of lands in the levee district and, in writing, object to any reclassification of any kind, then the board shall not reclassify the lands within the district under the provision of this section nor shall the same be reclassified under the provisions of section 455 72.

4 At the time fixed or at any adjourned hearing if the remonstrances and objections filed at or before the hearing are not signed by sufficient number of owners, or the owners signing such remonstrances and objections do not meet the requirements hereinabove provided, then the board shall fully consider all objections and remonstrances and shall make a determination as to whether or not the costs and expenses shall be assessed:

              a By the alternative method hereinabove set forth, or

              b As provided by sections 455 45 to 455 51, or

              c That the land should be reclassified as provided in section 455 72, or

              d On the basis of a then existing classification of lands

5 If the board shall determine that the cost and expenses shall be assessed on the basis of assessed taxable value as hereinabove provided, then such basis shall be used for all future assessments made for the purposes of said levee district except if said assessed taxable value of lands and land improvements in said levee district may be changed or revised by the county assessor in the county or counties in which the same are located for general tax purposes, then any such revision made in the assessed taxable value by any such county assessor shall automatically consti-
tute a revision of the classification of such land or land improvements for future assessments made by the board for the purpose of said levee district.

6 In lieu of the hearing provided for in the preceding subsections, the board may and if the petition of owners provided for in the preceding subsections so asks, the board shall call for an election for the purpose of determining the question of classification on the basis of assessed value of lands and land improvements. The question may be submitted at a regular election of the district or at a special election called for that purpose. It shall not be mandatory for the county commissioner of elections to conduct the elections, however provisions of sections 49 43 through 49 47 and of chapter 462, insofar as the same are applicable, shall govern all such elections, and the question to be submitted shall be set forth in the notice of election. If sixty percent of the votes cast be in favor of the proposed change in assessment, it shall become effective for all future assessments as heretofore provided in this section. If the question should fail, a new election on the subject may be called for a period of one year.

7 When a levee district has been established and constructed, as an alternative to the other methods prescribed by law, upon reclassification, the levee district may adopt a method of classification and assessment uniform as to all land in the district, including railroad land, public highways and other public land and land exempt from general taxation, based on the total amount to be assessed divided by the total acres within the district. This method of classification and assessment may be adopted either by hearing or by election and shall become effective as heretofore provided in this section.

8 When a drainage district or drainage and levee district has been established and constructed, and after the lands therein have been classified in accordance with the provisions of sections 455 46, 455 47, and 455 48 or reclassified in accordance with section 455 72, the district may adopt methods of assessment for maintenance, repair, and operation of said district uniform as to all land in the district in the same manner and by the same procedures as prescribed in sub sections 1 through 7 of this section. Provided, however, that only those lands drained by respective mains and laterals shall be assessed for maintenance, repair, and operation of said mains and laterals, and provided further that this alternate method of assessment shall not be applied to making improvements in the drainage system.

9 Following the adoption of any alternative method of classification or assessment as provided in this section, the same shall continue in effect until such time as the method is changed pursuant to this section or to section 455 72.

10 All proceedings taken prior to July 1, 1968, purporting to establish or reestablish a drainage or levee district or districts, or to enlarge or change the boundaries of any drainage or levee district, and any assessments not heretofore declared invalid by any court, are hereby legalized, validated, and confirmed.

The foregoing shall not be construed to affect any litigation that may be pending at the time this section becomes effective involving the establishment, enlargement, or change in boundaries or any assessments of drainage or levee districts.

[C71, 73, 75, 77, 79, 81, §455 197]
§455.198 Warrants not paid for want of funds.
Chapter 74 shall be applicable to all warrants which are legally drawn on levee and drainage district funds and are not paid for want of funds
[C71, 73, 75, 77, 79, 81, §455 198]

§455.199 Easements through a drainage district.
As used in this section, “person” shall mean any individual or group of individuals, corporation, firm, company, or association, except a railroad company
1 When any person proposes to construct a pipe line, electric transmission line, communication line, underground service line, or other similar installations on, over, across, or beneath the right of way of any drainage or levee district, such person shall, before beginning construction, obtain from the drainage or levee district an easement to cross the district’s right of way. The governing body of the district shall require such person to agree to comply with subsection 3 of this section and may, as a condition of granting such easement, attach thereto such additional conditions as they deem necessary. When the necessary easement has been obtained, such person shall construct the installation at the person’s own expense and shall pay all costs of any reconstruction, relocation, modification, or reinstallation of the drainage or levee district’s facility which may be necessary as a result of construction of the installation for which the easement was granted.
2 After construction of the installation has been completed in accordance with all conditions under which the easement is granted, the drainage or levee district shall maintain its facility at its own expense, and the person who constructed the installation, or the person’s successors in interest, shall maintain the installation at the person’s or successor’s own expense. If the drainage or levee district subsequently undertakes any maintenance, improvement, or reconstruction of its facility which requires the modification, relocation, or reconstruction of the installation, the expense of such modification, relocation, or reconstruction shall be borne by the person who constructed the installation or the person’s successors in interest.
3 When the construction of a public highway, or any installation for which an easement has been obtained under subsection 1 of this section, on, over, across, or beneath the right of way of any drainage or levee district disturbs or requires replacement of any portion of a tile drain less than twenty inches in diameter, and a portion of such drain will remain wholly or partially exposed after the construction project has been completed, the portion which is to remain exposed and not less than three feet of such drain immediately on either side of the portion which is to remain exposed, shall be replaced either with steel pipe of not less than sixteen gauge or polyvinyl chloride pipe conforming to current industry standards regarding diameter and wall thickness
[C71, 73, 75, 77, 79, 81, §455 199]

§455.200 Agreements with outside owners or other districts.
Levee and drainage districts are empowered to enter into agreements with the owners of lands lying outside of said districts, or with other levee and drain age districts or municipalities, to provide levee protection or drainage for such lands on such terms as the board may agree and subject to the following terms and conditions:
1 The facilities of the district furnishing the service shall not be overburdened.
2 There shall be no additional cost to the district furnishing the service.
3 The agreement shall be in writing, be made a part of the drainage records and shall include the following:
a) The description of the lands to be served,
b) The location of tile lines constructed or to be constructed,
c) The consideration to be paid to the district furnishing the service and the classification of the lands to be served, and
d) Such other provisions as the board deems necessary

§455.201 Public improvements which divide a district — procedure.
If it should develop that any type of public improvement, other than the forces of nature, has caused such a change in the district as to effectively sever and cut off some of the land in the district from other lands in the district and from the improvements in the district in such a way as to deprive the land of any further benefits from the improvement, or in some manner to divide the benefits that may be derived from two separated portions of the improvement, then the board of supervisors or the board of trustees in charge may upon notice to interested parties and hearing as provided by this chapter for the original establishment of a district make an order to remove lands so deprived of benefits from the district without any reclassification, or may subdivide the district into two separate entities if the public improvement splits the district into two separate units, each of which may still derive some separate benefits from the separated portions of the district.
If the public improvement is such as to leave two separate portions of the improvement that are still operable and of benefit to the land on each side of the division made by the public improvement, then the board may divide the district into two separate units so that each may perform further work on the improvements in their respective parts, but neither shall be charged for work completed on the opposite side of the new improvement that divides them and may only be charged for the work done in that portion of the district remaining on their side of the division.
The same authority provided in this section shall vest in the board of supervisors or the board of trustees in the event a drainage district in any manner relinquishes its control over any portion of its improvements or its obligation to maintain same to another district and lands may be removed from the district or the district may be divided as provided in this section.
The board may further in dividing the district award to each of the separated portions of the district the improvement remaining in each portion, determine the value of the improvement so remaining on each side and secondly determine the contributions of
the lands in the separated portions to the improvements and the upkeep of the earlier district, and if the contribution is proportionate neither side shall owe the other portion of the district any money, but if contribution is disproportionate, the board shall determine an equitable adjustment and the amount of payment required for one portion to pay to the other to buy the existing improvement.

If land is eliminated from any further benefits, there need not be any reclassification and the board may remove the same from the district in the same manner as if the land has been destroyed in whole by the erosion of a river and spread any deficiency in assessment among the remaining lands as provided by section 455.56.

"Type of public improvement" for the purpose of this section includes drainage or levee improvements or new highways.

455.202 Plan of improvement.

1. Whenever the government of the United States acting through its proper agencies or instrumentalities will undertake the original construction of improvements or the repair or alteration of existing improvements which will accomplish the purposes for which the district was established or aid in the accomplishment thereof and shall cause to be filed in the office of the auditor of the county in which said district is located a plan of such improvement or for the repair or alteration of existing improvements, the board shall have jurisdiction, power and authority, upon the notice, hearing and determination hereinafter provided, to adopt such plan of improvement or of repair or alteration of existing improvements and to provide necessary right of way therefor; and to pay such portion of all costs and damages incident to the adoption of such plan, the construction thereunder and the maintenance and operation of the works as will not be discharged by the federal government under legislation existing at the time of adoption; also to enter into such agreements with the United States government as may be necessary to meet federal requirements including the taking over, repair and maintenance of the works and to perform under such agreements.

2. If the cost to the district of the repair or alteration of existing improvements contemplated by this section does not exceed twenty-five percent of the sum of the original cost to the district and the cost of subsequent improvements, including all federal contributions, the board may proceed under the provisions of section 455.135, without notice and hearing, and without appraisal as contemplated by section 455.211, but the remaining provisions of section 455.202 through section 455.217 that are not in conflict with section 455.135 shall remain applicable.

If the federal program divides a project into separate phases, each phase shall be considered a separate program as described in section 455.135, subsection 4, and shall in no event be construed as an unauthorized division into separate programs to avoid the twenty-five percent limitation prescribed for making improvements under said section 455.135, subsection 4, without notice and hearing.

The engineer shall examine the plan filed by the federal agency and the lands affected thereby and shall make and file with the county auditor a full written report which, together with the federal plan, will show the following:

1. The character and location of all contemplated improvements, and the plats, profiles and specifications thereof.

2. The engineer shall make such supplemental reports as may be required by the board or necessitated by amendment of plan.

§455.206, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS

455.207 Notice and hearing.

If upon consideration of the plan or amended plan and the report or reports of the engineer and the commitments involved in the adoption of the plan the board finds that the district will benefit therefrom or for the purposes for which the district was established will be promoted thereby, the board shall adopt the same as a tentative plan, entering order to that effect and fixing a date for hearing thereon not less than thirty days thereafter and directing the auditor to cause notice to be given of such hearing as hereinafter provided.

§455.208 Form of notice.

Such notice shall be captioned in the name of the district and shall be directed to the owners of each tract or lot within said levee or drainage district, including railroad companies having rights of way, holders and encumbrances, and to all owners, lienholders or encumbrancers of lands which an adoption of the plan would exclude from benefits and of lands outside the district which will benefit therefrom and to all other persons whom it may concern and, without naming them, to the occupants of all lands affected and shall set forth that there is on file in the office of the auditor a plan of construction of the federal lands involved in the event of their acquisition by the board or necessary to carry out the purposes for which the district was established is furthered thereby, they shall enter order approving and adopting such final plan. Such order shall have the effect of

1. Altering the boundaries of the district to conform to the changes effected by the plan adopted.
2. Canceling all existing awards for damages for property not appropriated for right of way or construction but reinstating the claims for such damages which said claims may be amended by the claimants within ten days thereafter.
3. Canceling all unpaid assessments for benefits on lands excluded from the district by adoption of the plan. The assessments so canceled shall become part of the costs of the improvement.
5. Establishing as benefited thereby the lands added to the district by adoption of the plan and rendering same subject to classification and assessment.
6. Whenever a plan has been adopted as contemplated by this section, modification and changes can be made therein without further notice or hearing provided, the same do not increase or decrease the estimated cost of the plan to the district by more than twenty percent.

§455.209 Amendment — new parties.

The board may continue the hearing pending decision and may amend the plan but in the event of amendment the board shall continue further hearing to a fixed date. All parties over whom the board then has jurisdiction shall take notice of such further hearing but any new parties rendered necessary by the modification or change of plans shall be served with notice as for the original hearing.

455.210 Entry of order — effect.

If the board, after consideration of the subject matter, including all objections filed to the adoption of the plan and all claims for damages, shall find that the district will be benefited by adoption of the plan or the purposes for which the district was established is furthered thereby, they shall enter order approving and adopting such final plan. Such order shall have the effect of

1. Altering the boundaries of the district to conform to the changes effected by the plan adopted.
2. Canceling all existing awards for damages for property not appropriated for right of way or construction but reinstating the claims for such damages which said claims may be amended by the claimants within ten days thereafter.
3. Canceling all unpaid assessments for benefits on lands excluded from the district by adoption of the plan. The assessments so canceled shall become part of the costs of the improvement.
4. Canceling all unpaid assessments for benefits on lands excluded from the district by adoption of the plan. The assessments so canceled shall become part of the costs of the improvement.

6. Whenever a plan has been adopted as contemplated by this section, modification and changes can be made therein without further notice or hearing provided, the same do not increase or decrease the estimated cost of the plan to the district by more than twenty percent.

§455.211 Appraisement.

The board shall thereupon appoint three appraisers of the qualifications prescribed in section 455.30, who shall qualify in the manner therein provided, and shall fix a time for hearing on their report of which all interested parties shall take notice. The appraisers shall view the premises and fix and determine the damages to which each claimant is entitled, including claimants whose awards for damages were canceled by the order of adoption, and shall place a separate valuation upon the acreage of each owner taken for right of way or other purposes necessitated by adoption of the plan and shall file a report thereof in writing in the office of the auditor at least five days before the date fixed by the board for hearing thereon. Should the report not be filed on time or should good cause for delay exist the board may postpone the time for final action on the subject and, if necessary, may appoint other appraisers. Thereafter the provisions of section 455.32 shall apply.

Any levee or drainage district organized, or in the process of being organized, under the laws of this state may occupy and use for any lawful levee or drainage purpose land owned by the state of Iowa, upon first obtaining permission to do so from the state or state agency controlling the same.

In the case of lands lying within the beds of meandered streams and border streams the permission shall be obtained from the state conservation commission, or its successor. In the case of lands that are under the control of no office or agency of the state, then the permission shall be obtained from the executive council. Such permission shall not be unreasonably withheld and shall be in the form of an easement executed by the governor or in the case of an agency, by the chairperson or presiding officer thereof, and when once granted shall be perpetual, except that if no use is made of the same for a period of five years such permission shall immediately thereafter expire.

All uses and occupancies as contemplated by this section existing on July 4, 1861, are hereby legalized.
The state of Iowa, its agencies and subdivisions shall be financially responsible for drainage and special assessments against land which they own, or hold title to, within existing drainage districts.

455.219 Administrators appointed.
The county board of supervisors of any county of this state in which one or more drainage districts are established may by resolution establish a board of county drainage administrators. All of the powers, duties, and responsibilities now or hereafter conferred on county boards of supervisors in this chapter and chapters 456 to 467 shall thereupon be transferred to and thereafter exercised by the board of county drainage administrators. A drainage or levee district may be established pursuant to chapter 462.
[C71, 73, 75, 77, 79, 81, §455 219]

455.220 Administrator areas.
When establishing a board of county drainage administrators, the board of supervisors shall divide the county, along township lines, into three drainage administrator areas of approximately equal territory. The board of county drainage administrators shall consist of one resident freeholder appointed by the
county board of supervisors from each area, and at least two of the administrators shall be agricultural landowners. The members first appointed shall hold office for terms of one, two, and three years respectively, as indicated and fixed by the county board of supervisors. Thereafter, succeeding members shall be appointed for a term of three years, except that vacancies occurring otherwise than by expiration of a term shall be filled by appointment for the unexpired term. Any member of the board of county drainage administrators who shall cease to have any of the qualifications prescribed by this section shall thereupon be disqualified as a member of the board and the office shall be deemed vacant. Members of the board of county drainage administrators may be removed by the county board of supervisors for cause, but every such removal shall be by written order which shall be filed with the county auditor.

[C71, 73, 75, 77, 79, 81, §455.220]

[C71, 73, 75, 77, 79, 81, §455.221]

455.222 How paid.
The compensation and expenses of the county board of drainage administrators, for each day or portion thereof necessarily expended in the transaction of the business of a drainage or levee district, shall be paid out of the funds of the district served. The administrators shall file with the auditor or auditors, as the case may be, itemized, verified statements of their time devoted to the business of the district and the expenses incurred. If the administrators transact business of more than one district on a given day, they shall prorate their claims for compensation proportionately among the districts served on that day, but in no case shall a member of the board of county drainage administrators claim or receive a sum in excess of seventeen dollars and fifty cents, plus actual and necessary expenses, for a single day.

[C71, 73, 75, 77, 79, 81, §455.222]

455.223 Conservancy districts.
The governing board of every drainage or levee district organized under the laws of this state shall take notice of the district plan, and shall conform to the duly promulgated rules, of the conservancy district or districts in which the drainage or levee district is located; provided that this section shall not be construed to grant any authority not otherwise granted by law to the governing boards of drainage or levee districts.

The commission shall:

1 Establish policy for the implementation of programs under its jurisdiction. The commission shall appoint advisory committees to advise the commission and the executive director in carrying out their respective powers and duties.

2 Advise, consult, and cooperate with other agencies of the state, political subdivisions, and any other public or private agency to promote the orderly, efficient, and effective accomplishment of its responsibilities.

3 Adopt, modify, or repeal rules necessary to implement this chapter and the rules deemed necessary for the effective administration of the department. When the commission proposes or adopts rules to implement a specific federal environmental program and the rules impose requirements more restrictive than the federal program being implemented requires, the commission shall identify in its notice of intended action or adopted rule preamble each rule that is more restrictive than the federal program requires and shall state the reasons for proposing or adopting the more restrictive requirement. In addition, the commission shall include with its reasoning a financial impact statement detailing the general impact upon the affected parties. It is the intent of the general assembly that the commission exercise strict oversight of the
operations of the department. The rules shall include departmental policy relating to the disclosure of information on a violation or alleged violation of the rules, standards, permits or orders issued by the department and keeping of confidential information obtained by the department in the administration and enforcement of this chapter. Rules adopted by the executive committee before January 1, 1981 shall remain effective until modified or rescinded by action of the commission.

4. Approve the departmental budget request prior to submission to the state comptroller. The commission may increase, decrease, or strike any proposed expenditure within the departmental budget request before granting approval.

5. Issue orders and directives necessary to insure integration and co-ordination of the programs administered by the department.

6. Make a concise annual report to the governor and the general assembly, which report shall contain information relating to the accomplishments and status of the programs administered by the department and include recommendations for legislative action which may be required to protect or enhance the environment or to modernize the operation of the department or any of the programs or services assigned to the department and recommendations for the transfer of powers and duties of the department as deemed advisable by the commission. The annual report shall conform to the provisions of section 17.3.

7. Approve all contracts and agreements between the department and other public or private persons or agencies.

8. Obtain an adequate public employees fidelity bond to cover those officers and employees of the department accountable for property or funds of this state.

9. Hold public hearings, except when the evidence to be received is confidential pursuant to this chapter or chapter 22, necessary to carry out its powers and duties. The commission may issue subpoenas requiring the attendance of witnesses and the production of evidence pertinent to the hearings. A subpoena shall be issued and enforced in the same manner as provided in civil actions.

10. Upon request of at least four members of the commission before adopting or modifying a rule, the executive director shall prepare and publish with the notice required under section 17A.4, subsection 1, paragraph "a", a comprehensive estimate of the economic impact of the proposed rule or modification.

11. Appoint a water coordinator who shall coordinate requests from the public for information or assistance relating to the administration of water resources laws and programs and the resolution of water-related problems.

12. a. Adopt, by rule, procedures and forms necessary to implement the provisions of this chapter relating to permits or conditional permits. The commission may also adopt, by rule, a schedule of fees for permit and conditional permit applications and a schedule of fees which may be periodically assessed for administration of permits and conditional permits. In determining the fee schedules, the commission shall consider:

   (1) the state's reasonable cost of reviewing applications, issuing permits and conditional permits, and checking compliance with the terms of the permits.
   (2) the relative benefits to the applicant and to the public of permit and conditional permit review, issuance, and monitoring compliance.
   (3) the typical costs of the particular types of projects or activities for which permits or conditional permits are required, provided that in no circumstances shall fees be in excess of the actual costs to the department.
   b. The fees collected by the department under this subsection shall be remitted to the treasurer of state and credited to the general fund of the state.
   c. The fees collected by the department under this subsection shall be remitted to the treasurer of state and credited to the general fund of the state.
   d. The fees collected by the department under this subsection shall be remitted to the treasurer of state and credited to the general fund of the state.

455B.106 Appeal board.
In lieu of an appeal being heard by the full membership of the commission, the chairperson of the commission may appoint an appeal board consisting of three or more members of the commission or a hearing officer to conduct a hearing on the appeal of an aggrieved person from the action or order of the executive director as provided in chapter 17A.

455B.107 Warrants by comptroller.
The state comptroller shall draw warrants on the treasurer of state for all disbursements authorized by the provisions of this chapter upon itemized and verified vouchers bearing the approval of the executive director.

455B.108 Office facilities.
The department of general services shall provide the department with appropriate office facilities.

455B.109 Schedule of fines — minor violations.
1. The commission may establish, by rule, a schedule or range of civil penalties which may be administratively assessed. The schedule shall provide procedures and criteria for the administrative assessment of penalties of not more than one thousand dollars for minor violations of this chapter or rules, permits or orders adopted or issued under this chapter. In adopting a schedule or range of penalties and in proposing or assessing a penalty, the commission and executive director shall consider among other relevant factors the following:
   a. The costs saved or likely to be saved by noncompliance by the violator.
   b. The gravity of the violation.
   c. The degree of culpability of the violator.
   d. The maximum penalty authorized for that violation under this chapter.
Penalties may be administratively assessed only after an opportunity for a contested case hearing which may be combined with a hearing on the merits of the alleged violation. Major violations, violations not fitting within the schedule, or violations which the commission determines should be referred to the attorney general for legal action shall not be governed by the schedule established under this subsection.

2. If the commission establishes a schedule for minor violations, the commission shall provide, by rule, a procedure for the screening of alleged violations to determine which cases may be appropriate for the administrative assessment of penalties. However, the screening procedure shall not limit the discretion of the department to refer any case to the attorney general for legal action.

3. A penalty shall be paid within thirty days of the date the order assessing the penalty becomes final. When a person against whom a civil penalty is assessed under this section seeks timely judicial review of an order imposing the penalty as provided under chapter 17A, the order is not final for the purposes of this section until all judicial review processes are completed. Additional judicial review may not be sought after the order becomes final. A person who fails to timely pay a civil penalty assessed by a final order of the department shall pay, in addition, interest at the rate of one and one-half percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid. The attorney general shall institute, at the request of the department, summary proceedings to recover the penalty and any accrued interest.

4. All civil penalties assessed by the department and interest on the penalties shall be deposited in the general fund of the state.

5. This section does not require the commission or the executive director to pursue an administrative remedy before seeking a remedy in the courts of this state.

Sections 455B.10 to 455B.29, Code 1981, renumbered as §455B.131 to 455B.149 in Code 1983

455B.131 Definitions.

When used in this division II, unless the context otherwise requires:

1. “Air contaminant” means dust, fume, mist, smoke, other particulate matter, gas, vapor (except water vapor), odorous substance, radioactive substance, or any combination thereof.

2. “Air contaminant source” means any and all sources of emission of air contaminants whether privately or publicly owned or operated. Air contaminant source includes, but is not limited to, all types of businesses, commercial and industrial plants, works, shops, and stores, heating and power plants and stations, buildings and other structures of all types including single and multiple family residences, office buildings, hotels, restaurants, schools, hospitals, churches and other institutional buildings, automobiles, trucks, tractors, buses, aircraft, and other motor vehicles, garages, vending and service locations and stations, railroad locomotives, ships, boats, and other water-borne craft, portable fuel-burning equipment, indoor and outdoor incinerators of all types, refuse dumps and piles, and all stack and other chimney outlets from any of the foregoing.

3. “Air pollution” means presence in the outdoor atmosphere of one or more air contaminants in sufficient quantities and of such characteristics and duration as is or may reasonably tend to be injurious to human, plant, or animal life, or to property, or which unreasonably interferes with the enjoyment of life and property.

4. “Atmosphere” means all space outside of buildings, stacks or exterior ducts.

5. “Emission” means a release of one or more air contaminants into the outside atmosphere.

6. “Person” means an individual, partnership, co-partnership, co-operative, firm, company, public or private corporation, political subdivision, agency of the state, trust, estate, joint stock company, an agency or department of the federal government or any other legal entity, or a legal representative, agent, officer, employee or assigns of such entities.

7. “Political subdivision” means any municipality, township, or county, or district, or authority, or any portion, or combination of two or more thereof.

8. “Major stationary source” means a stationary air contaminant source which directly emits, or has the potential to emit, one hundred tons or more of an air pollutant per year including a major source of fugitive emissions of a pollutant as determined by rule by the commission or the administrator of the United States environmental protection agency.

9. “Schedule and timetable of compliance” means a schedule of remedial measures including an enforceable sequence of actions or operations leading to compliance with an emission limitation, other limitation, prohibition, or standard.

[C71, §136B.2; C73, 75, 79, 81, §455B.10]
Referred to in §437.1

455B.132 Executive agency.

The department shall be the agency of the state to prevent, abate, or control air pollution.

[C73, 75, 79, 81, §455B.11]

455B.133 Duties.

The commission shall:

1. Develop comprehensive plans and programs for the abatement, control, and prevention of air pollution in this state, recognizing varying requirements for different areas in the state. The plans may include emission limitations, schedules and timetables for compliance with the limitations, measures to prevent the significant deterioration of air quality and other measures as necessary to assure attainment and maintenance of ambient air quality standards.

2. Adopt, amend, or repeal rules pertaining to the evaluation, abatement, control, and prevention of air pollution. The rules may include those that are necessary to obtain approval of the state implementation plan under section 110 of the federal Clean Air Act as amended through January 1, 1979.
3 Adopt, amend, or repeal ambient air quality standards for the atmosphere of this state on the basis of providing air quality necessary to protect the public health and welfare

4 Adopt, amend or repeal emission limitations or standards relating to the maximum quantities of air contaminants that may be emitted from any air contaminant source. The standards or limitations adopted under this section shall not exceed the standards or limitations promulgated by the administrator of the United States environmental protection agency or the requirements of the federal Clean Air Act as amended to January 1, 1979. This does not prohibit the commission from adopting a standard for a source or class of sources for which the United States environmental protection agency has not promulgated a standard.

a (1) The commission shall establish standards of performance unless in the judgment of the commission it is not feasible to adopt or enforce a standard of performance. If it is not feasible to adopt or enforce a standard of performance, the commission may adopt a design, equipment, material, work practice or operational standard, or combination of those standards in order to establish reasonably available control technology or the lowest achievable emission rate in non-attainment areas, or in order to establish best available control technology in areas subject to prevention of significant deterioration review, or in order to adopt the emission limitations promulgated by the administrator of the United States environmental protection agency under section 111 or 112 of the federal Clean Air Act as amended to January 1, 1979.

(2) If a person establishes to the satisfaction of the commission that an alternative means of emission limitation will achieve a reduction in emissions of an air pollutant at least equivalent to the reduction in emissions of the air pollutant achieved under the design, equipment, material, work practice or operational standard, the commission shall amend its rules to permit the use of the alternative by the source for purposes of compliance with this paragraph with respect to the pollutant.

(3) A design, equipment, material, work practice or operational standard promulgated under this paragraph shall be promulgated in terms of a standard of performance when it becomes feasible to promulgate and enforce the standard in those terms.

(4) For the purpose of this paragraph, the phrase “not feasible to adopt or enforce a standard of performance” refers to a situation in which the commission determines that the application of measurement methodology to a particular class of sources is not practicable due to technological or economic limitations.

b If the maximum standards for the emission of sulphur dioxide from solid fuels have to be reduced in an area to meet ambient air quality standards, a contract for coal produced in Iowa and burned by a facility in that area that met the sulphur dioxide emission standards in effect at the time the contract went into effect shall not be exempted from the decreased requirement until the expiration of the contract period or December 31, 1983, whichever first occurs, if there is any other reasonable means available to satisfy the ambient air quality standards. To qualify under this subsection, the contract must be recorded with the county recorder of the county where the burning facility is located within thirty days after the signing of the contract.

c The degree of emission limitation required for control of an air contaminant under an emission standard shall not be affected by that part of the stack height of a source that exceeds good engineering practice, as defined in rules, or any other dispersion technique. This paragraph shall not apply to stack heights in existence before December 30, 1970, or dispersion techniques implemented before that date.

5 Classify air contaminant sources according to levels and types of emissions, and other characteristics which relate to air pollution. The commission may require, by rule, the owner or operator of any air contaminant source to establish and maintain such records, make such reports, install, use and maintain such monitoring equipment or methods, sample such emissions in accordance with such methods at such locations and intervals, and using such procedures as the commission shall prescribe, and provide such other information as the commission may reasonably require. Such classifications may be for application to the state as a whole, or to any designated area of the state, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

6 Require, by rules, notice of the construction of any air contaminant source which may cause or contribute to air pollution, and the submission of plans and specifications to the department, or other information deemed necessary, for the installation of air contaminant sources and related control equipment. The rules shall allow the owner or operator of a major stationary source to elect to obtain a conditional permit in lieu of a construction permit. The rules relating to a conditional permit for an electric power generating facility subject to chapter 476A and other major stationary sources shall allow the submission of engineering descriptions, flow diagrams and schematics that quantitatively and qualitatively identify emission streams and alternative control equipment that will provide compliance with emission standards. Such rules shall not specify any particular method to be used to reduce undesirable levels of emissions, nor type, design, or method of installation of any equipment to be used to reduce such levels of emissions, nor the type, design, or method of installation or type of construction of any manufacturing processes or kinds of equipment, nor specify the kind or composition of fuels permitted to be sold, stored, or used unless authorized by subsection 4 of this section.

7 The commission may give technical advice pertaining to the construction or installation of the equipment or any other recommendation.

Commission rules establishing maximum permissible sulfate content shall not apply to an expansion of an industrial anaerobic lagoon facility which was constructed prior to February 22, 1979.

[C71, §136B 4, C73, 75, 77, 79, 81, §455B 12, 82 Acts, ch 1124, §1]
The executive director shall
1. Publish and administer the rules and standards established by the commission. The department shall furnish a copy of such rules or standards to any person upon request.
2. Provide technical, scientific, and other services required by the commission or for the effective administration of this division II.
3. Grant, modify, or deny permits for the construction of new or modified air contaminant sources and for related control equipment, and conditional permits for electric power generating facilities subject to chapter 476A and other major stationary sources, subject to the rules adopted by the commission. The department shall furnish necessary application forms for such permits.
4. No air contaminant source shall be installed, altered so that it significantly affects emissions, or placed in use unless a construction or conditional permit has been issued for the source.
5. The condition of expected performance shall be reasonably detailed in the construction or conditional permit.
6. All applications for permits other than conditional permits for electric generating facilities shall be subject to such notice and public participation as may be provided by rule by the commission. Upon denial or limitation of a permit other than a conditional permit for an electric generating facility, the applicant shall be notified of such denial and informed of the reason or reasons therefor, and such applicant shall be entitled to a hearing before the commission.
7. All applications for conditional permits for electric power generating facilities shall be subject to such notice and opportunity for public participation as may be consistent with chapter 476A or any agreement pursuant thereto under chapter 28E. The applicant or intervenor may appeal to the commission from the denial of a conditional permit or any of its conditions. For the purposes of chapter 476A, the issuance or denial of a conditional permit by the executive director or by the commission upon appeal shall be a determination that the electric power generating facility does or does not meet the permit and licensing requirements of the commission. The issuance of a conditional permit shall not relieve the applicant of the responsibility to submit final and detailed construction plans and drawings and an application for a construction permit for control equipment that will meet the emission limitations established in the conditional permit.
8. (1) Notwithstanding any other provision of division II of this chapter, the following siting requirements shall apply to anaerobic lagoons:
   - Anaerobic lagoons which are used in connection with animal feeding operations containing less than six hundred twenty-five thousand pounds live animal weight capacity of animal species other than beef cattle or containing less than one million six hundred thousand pounds live animal weight capacity of beef cattle, shall be located at least one thousand two hundred fifty feet from a residence not owned by the owner of the feeding operation or from a public use area other than a public road. Anaerobic lagoons which are used in connection with industrial treatment of wastewater where the average wastewater discharge flow is greater than one hundred thousand gallons per day shall be located at least one thousand eight hundred seventy-five feet from a residence not owned by the owner of the lagoon or from a public use area other than a public road. These separation distances apply to the construction of new facilities and the expansion of existing facilities.
   - No air contaminant source shall be installed, altered so that it significantly affects emissions, or placed in use unless a construction or conditional permit has been issued for the source.
   - The condition of expected performance shall be reasonably detailed in the construction or conditional permit.
   - All applications for permits other than conditional permits for electric generating facilities shall be subject to such notice and public participation as may be provided by rule by the commission. Upon denial or limitation of a permit other than a conditional permit for an electric generating facility, the applicant shall be notified of such denial and informed of the reason or reasons therefor, and such applicant shall be entitled to a hearing before the commission.
   - All applications for conditional permits for electric power generating facilities shall be subject to such notice and opportunity for public participation as may be consistent with chapter 476A or any agreement pursuant thereto under chapter 28E. The applicant or intervenor may appeal to the commission from the denial of a conditional permit or any of its conditions. For the purposes of chapter 476A, the issuance or denial of a conditional permit by the executive director or by the commission upon appeal shall be a determination that the electric power generating facility does or does not meet the permit and licensing requirements of the commission. The issuance of a conditional permit shall not relieve the applicant of the responsibility to submit final and detailed construction plans and drawings and an application for a construction permit for control equipment that will meet the emission limitations established in the conditional permit.
   - Notwithstanding any other provision of division II of this chapter, the following siting requirements shall apply to anaerobic lagoons:
ty of the public, the practicability of reducing or limiting the emissions from the air pollution source, and the suitability or unsuitability of the air pollution source to the area where it is located. An order may include advisory recommendations for the control of emissions from an air contaminant source and the reduction of the emission of air contaminants

10 Encourage voluntary cooperation by persons or affected groups in restoring and preserving a reasonable quality of air within the state

11 Encourage political subdivisions to handle air pollution problems within their respective jurisdictions

12 Review and evaluate air pollution control programs conducted by political subdivisions of the state with respect to whether the programs are consistent with the provisions of division II of this chapter and rules adopted by the commission

13 Hold public hearings, except when the evidence to be received is confidential pursuant to section 455B 137, necessary to accomplish the purposes of division II of this chapter. The executive director may issue subpoenas requiring the attendance of witnesses and the production of evidence pertinent to the hearings. A subpoena shall be issued and enforced in the same manner as in civil actions

[C71, §136B 4, 136B 5, C73, 75, 77, 79, §455B 12, 455B 13, C81, §455B 13, 82 Acts, ch 1124, §2, 3]

Referred to in §455B 146

455B.135 Limit on authority.

Nothing contained in this division II shall be deemed to grant to the commission or the executive director any authority or jurisdiction with respect to air pollution existing solely within residences, or solely within commercial and industrial plants, works, or shops under the jurisdiction of chapters 88 and 91, or to affect the relations between employers and employees with respect to, or arising out of, any condition of air pollution

[C71, §136B 6, C73, 75, 77, 79, 81, §455B 14]

455B.136 Assistance on demand.

The commission and the executive director may request and receive assistance from any other agency, department, or educational institution of the state, or political subdivision thereof, when it is deemed necessary or beneficial by the commission or the executive director. The department may reimburse such agencies for special expense resulting from expenditures not normally a part of the operating expenses of any such agency

[C71, §136B 7, C73, 75, 77, 79, 81, §455B 15]

455B.137 Privileged information.

Information received by the commission or any employees of the department through filed reports, in speculations, or as otherwise authorized in this division II concerning trade secrets, secret industrial processes, or other privileged communications, except emission data, shall not be disclosed or opened to public inspection, except as may be necessary in a proceeding concerning a violation of said division or of any rules promulgated thereunder, or as otherwise authorized or ordered by appropriate court action or proceedings. Nothing herein shall be construed to prevent the executive director from compiling or publishing analyses or summaries relating to the general condition of the atmosphere, provided that such analyses or summaries do not reveal any information otherwise confidential under this section

Referred to in §455B 144 455B 148

455B.138 Resolution of violations — appeal.

1 When the executive director has evidence that a violation of any provision of division II of this chapter, or rule, standard or permit established or issued under division II has occurred, the executive director shall notify the alleged violator and, by informal negotiation, attempt to resolve the problem. If the negotiations fail to resolve the problem within a reasonable period of time, the executive director shall issue an order directing the violator to prevent, abate or control the emissions or air pollution involved. The order shall prescribe the date by which the violation shall cease and may prescribe timetables for necessary action to prevent, abate or control the emissions of air pollution. The order may be appealed to the commission

2 After the hearing on appeal, the commission may affirm, modify or rescind the order of the executive director

3 The executive director shall keep a complete record of the hearings and proceeding and the record shall be open to public inspection, subject to section 455B 137. Upon request, a copy of the transcript shall be furnished to the violator or alleged violator at the violator's or alleged violator's expense.

4 An appeal to the commission under this section shall be conducted as a contested case under chapter 17A

[C71, §136B 9, C73, 75, 77, 79, 81, §455B 17]

Referred to in §455B 149

455B.139 Emergency orders.

If the executive director has evidence that any person is causing air pollution and that such pollution creates an emergency requiring immediate action to protect the public health and safety, or property, the executive director may, without notice, issue an emergency order requiring such person to reduce or discontinue immediately the emission of air contaminants. A copy of the emergency order shall be served by personal service. An emergency order issued by the executive director may be appealed to the commission. After hearing on appeal, the commission may affirm, modify or rescind the order of the executive director

[C71, §136B 9(5), C73, 75, 77, 79, 81, §455B 18]

Referred to in §455B 145

455B.140 Judicial review.

Judicial review of actions of the commission or of the executive director may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county in which the alleged offense was committed

[C71, §136B 10, C73, 75, 77, 79, 81, §455B 19]

455B.141 Legal action.
§455B.141, DEPARTMENT OF WATER, AIR AND WASTE MANAGEMENT 2526

If action to prevent, control, or abate air pollution is not taken in accordance with the rules established, or orders issued by the department, or if the executive director has evidence that an emergency exists by reason of air pollution which requires immediate action to protect the public health or property, the attorney general, at the request of the executive director, shall commence legal action, in the name of the state, for an injunction to prevent any further or continued violation of such rule or order.

[C71, §136B 11, C73, 75, 77, 79, 81, §455B 20]
Referred to in §455B 142 455B 145

455B.142 Burden of proof.

In all proceedings with respect to any alleged violation of the provisions of this division II or any rule established by the commission, the burden of proof shall be upon the department except in an action for an injunction as provided in section 455B 141.

[C71, §136B 12, C73, 75, 77, 79, 81, §455B 21]

455B.143 Variance.

Any person who owns or operates any plant, building, structure, process, or equipment may apply for a variance from the rules or standards adopted by the commission by filing an application with the department. The application shall be accompanied by such information and data required by the commission.

1 The executive director shall promptly investigate the application and approve or disapprove the application. The executive director may grant a variance if the executive director finds that:

- a The emissions occurring or proposed to occur do not endanger or tend to endanger human health or safety or property, and
- b Compliance with the rules or standards from which the variance is sought will produce serious hardship without equal or greater benefits to the public.

2 The applicant may request a review hearing before the commission if the application is denied.

3 In determining under what conditions and to what extent a variance may be granted, the executive director shall give due recognition to the progress which the applicant has made toward eliminating or preventing air pollution. In such a case, the executive director shall consider the reasonableness of the request, conditioned upon such applicant effecting a partial abatement of the particular air pollution within a reasonable period of time, or the executive director may prescribe other requirements with which such applicant shall comply.

4 The executive director may grant a variance for a specified period of time, not exceeding one year, and the executive director may further specify that the applicant make periodic reports specifying the progress that has been made toward compliance with any rule for which the variance was granted. A variance may be extended from year to year by affirmative action of the executive director.

5 The executive director shall maintain a record of each variance granted specifying the reasons for its issuance or extension.

[C71, §136B 13, C73, 75, 77, 79, 81, §455B 22]

455B.144 Local control program.

1 Any political subdivision may conduct an air pollution control program within the boundaries of its jurisdiction, or may jointly conduct an air pollution control program with other political subdivisions of this state or of other states, except that every joint program shall be established and administered as provided in chapter 28E. In conducting such programs, political subdivisions may adopt and enforce rules or standards to secure and maintain adequate air quality within their respective jurisdictions.

2 If the board of supervisors in any county establishes an air pollution control program and has obtained a certificate of acceptance, the agency implementing the program may regulate air pollution within the county including any incorporated areas therein until such incorporated areas obtain a certificate of acceptance as a joint or separate agency.

[C71, §136B 14, C73, 75, 77, 79, 81, §455B 23]
Referred to in §71 1 182

455B.145 Acceptance of local program.

When an air pollution control program conducted by a political subdivision, or a combination thereof, is deemed upon review as provided in section 455B 134, to be consistent with the provisions of this division II or the rules established thereunder, the executive director shall accept such program in lieu of state administration and regulation of air pollution within the political subdivisions involved. Nothing contained in this section shall be construed to limit the power of the executive director to take emergency action under the provisions of sections 455B 139 and 455B 141 or to administer a part of the local program that has been suspended.

1 In evaluating an air pollution control program, consideration shall be given to whether such program provides for the following:

- a Ordinances, rules and standards establishing requirements consistent with, or more strict than, those imposed by this division II or rules and standards adopted by the commission.
- b Enforcement of such requirements by appropriate administrative and judicial process.
- c Administrative organization, staff, financial and other resources necessary to administer an efficient and effective program.
- d Location of emission monitoring devices in areas of the political subdivision in compliance with uniform state standards adopted by the commission.

The commission shall adopt uniform state standards for the location of emission monitoring devices specifying such intervals and such procedures to provide a reasonably consistent measurement of emissions from air contaminant sources regardless of the political subdivision of the state in which the sources may be located.

2 Upon acceptance of a local air pollution control program, the executive director shall issue a certificate of acceptance to the appropriate local agency.

- a Any political subdivision desiring a certificate of acceptance shall apply to the department on forms prescribed by the executive director.
- b The executive director shall promptly investigate the application and approve or disapprove the application. The executive director may conduct a public hearing before action is taken to approve or disapprove. If the executive director approves issu-
ing a certificate, the political subdivision may appeal the action to the commission. At the hearing on appeal, the commission shall decide whether the local program is substantially consistent with the provisions of this division II, or rules adopted thereunder, and whether the local program is being enforced. The burden of proof shall be upon the political subdivision.

c. If the executive director determines at any time that a local air pollution program is being conducted in a manner inconsistent with the substantive provisions of this division II or the rules adopted thereunder, the executive director shall notify the political subdivision, citing the deviations from the acceptable standards and the corrective measures to be completed within a reasonable amount of time. If the corrective measures are not implemented as prescribed, the executive director shall suspend in whole or in part the certificate of acceptance of such political subdivision and shall administer the regulatory provisions of said division in whole or in part within the political subdivision until the appropriate standards are met. Upon receipt of evidence that necessary corrective action has been taken, the executive director shall reinstate the suspended certificate of acceptance, and the political subdivision shall resume the administration of the local air pollution control program within its jurisdiction. In cases where the certificate of acceptance is suspended, the political subdivision may appeal the suspension to the commission.

d. Nothing in this division II shall be construed to supersede the jurisdiction of any local air pollution control program in operation on the first of January, 1973, except that any such program shall meet all requirements of said division.

[Refer to §331 382]

455B.148 Fees. Repealed by 83 Acts, ch 136, §8, see §455B 105(12)

455B.149 Energy or economic emergency.

1. Upon application by the owner or operator of a fuel burning stationary source, and after notice and opportunity for public hearing, the commission may petition the president, under section 110, subsection "F," paragraph 1 of the federal Clean Air Act as amended to January 1, 1979, for a determination that a national or regional energy emergency exists. If the president determines an emergency exists, the commission may suspend any requirement of this division or a rule or permit issued under this division. A temporary emergency suspension under this subsection shall be issued only if there exists in the vicinity of the source a temporary emergency involving high levels of unemployment or loss of necessary energy supplies for residential buildings and if the unemployment or loss can be totally or partially alleviated by the suspension. Only one suspension may be issued for a source on the basis of the same set of circumstances or on the basis of the same emergency. A suspension shall remain in effect for a maximum of four months. The commission may include in a suspension a provision directing the executive director to delay for a period identical to the period of the suspension a compliance schedule or increment of progress to which the source is subject under section 455B 138, if the source is unable to comply with the schedule or increment solely because of the conditions on the basis of which the suspension was issued.

2. If a plan revision has been submitted to the administrator of the United States environmental protection agency under section 110 of the federal Clean Air Act as amended to January 1, 1979, and if the commission determines that the revision meets the requirements of that section and the revision is necessary to prevent the closing of an air contaminant source for one year or more and to prevent substantial increases in unemployment which would result from the closing, and if the administrator has not approved or disapproved within the required four month period, the commission may issue a temporary emergency suspension of the part of the applicable implementation plan which is proposed to be revised with respect to the source. The determination under this subsection shall not be made with respect to a source which would close without regard to whether or not the proposed plan revision is approved. A temporary emergency suspension issued under this subsection shall remain in effect for a maximum of four months. A temporary emergency suspension under this subsection may include a provision directing the executive director to delay for a period identical to the period of the suspension a compliance schedule or increment of progress to which the source is subject under section 119 of the federal Clean Air Act as in effect prior to August 7, 1977, or section 113, subsection "d" of the.
§455B.149, DEPARTMENT OF WATER, AIR AND WASTE MANAGEMENT  2528

federal Clean Air Act as amended to January 1, 1979, upon a finding that the source is unable to comply with the schedule or increment solely because of the conditions on the basis of which a suspension was issued under this subsection

15  “Schedule of compliance” means a schedule of remedial measures including an enforceable sequence of actions or operations leading to compliance with any effluent standard, water quality standard, or any other requirement of this part of this division or any rule promulgated pursuant thereto

16  “Sewer extension” means pipelines or conduits constituting main sewers, lateral sewers or trunk sewers used for conducting pollutants to a larger interceptor sewer or to a point of ultimate disposal

17  “Water supply distribution system extension” means any extension to the pipelines or conduits which carry water directly from the treatment facility, source or storage facility to the consumer’s service connection

18  “Production capacity” means the amount of potable water which can be supplied to the distribution system in a twenty four-hour period

19  “Public water supply system” means a system for the provision to the public of piped water for human consumption, if the system has at least fifteen service connections or regularly serves at least twenty five individuals. The term includes any source of water and any collection, treatment, storage, and dis
tribution facilities under control of the operator of the system and used primarily in connection with the system, and any collection or pretreatment storage facilities not under such control which are used primarily in connection with the system.

20. "Maximum contaminant level" means the maximum permissible level of any physical, chemical, biological or radiological substance in water which is delivered to any user of a public water supply system.

21. "Private water supply" means any water supply for human consumption which has less than fifteen service connections and regularly serves less than twenty-five individuals.

22. "Private sewage disposal system" means a system which provides for the treatment or disposal of domestic sewage from four or fewer dwelling units or the equivalent of less than sixteen individuals on a continuing basis.

23. "Semi-public sewage disposal system" means a system for the treatment or disposal of domestic sewage which is not a private sewage disposal system and which is not owned by a city, a sanitary sewer district, or a designated and approved management agency under section 1288 of the federal Water Pollution Control Act (33 U.S.C. sec. 1288).

455B.172 Jurisdiction of department and local boards.

1. The department is the agency of the state to prevent, abate, or control water pollution and to conduct the public water supply program.

2. The department is the state agency designated to carry out the state responsibilities related to private water supplies and private sewage disposal systems for the protection of the health of the citizens of this state. The commission shall adopt minimum standards and provide model standards for private water supplies and private sewage disposal facilities for use of the local boards of health. Each local board of health is the agency to regulate private water supplies and private sewage disposal systems, but the department shall maintain jurisdiction over discharges to a water of the state. Each local board of health shall adopt standards relating to the design and construction of private water supplies and private sewage disposal facilities, which standards shall not be lower than the minimum standards adopted by the commission.

455B.173 Duties.

The commission shall:

1. Develop comprehensive plans and programs for the prevention, control and abatement of water pollution.

2. Establish, modify, or repeal water quality standards, pretreatment standards and effluent standards. The effluent standards may provide for maintaining the existing quality of the water of the state where the quality thereof exceeds the requirements of the water quality standards.

If the federal environmental protection agency has promulgated an effluent standard or pretreatment standard pursuant to section 301, 306 or 307 of the federal Water Pollution Control Act, a pretreatment or effluent standard adopted pursuant to this section shall not be more stringent than the federal effluent or pretreatment standard for such source. This section may not preclude the establishment of a more restrictive effluent limitation in the permit for a particular point source if the more restrictive effluent limitation is necessary to meet water quality standards, the establishment of an effluent standard for a source or class of sources for which the federal environmental protection agency has not promulgated standards pursuant to section 301, 306 or 307 of the federal Water Pollution Control Act. Except as required by federal law or regulation, the commission shall not adopt an effluent standard more stringent with respect to any pollutant than is necessary to reduce the concentration of that pollutant in the effluent to the level due to natural causes, including the mineral and chemical characteristics of the land, existing in the water of the state to which the effluent is discharged. Notwithstanding any other provision of this part of this division, any new source, the construction of which was commenced after October 18, 1972, and which was constructed as to meet all applicable standards of performance for the new source or any more stringent effluent limitation required to meet water quality standards, shall not be subject to any more stringent effluent limitations during a ten-year period beginning on the date of completion of construction or during the period of depreciation or amortization of the pollution control equipment for the facility for the purposes of section 167 and 169 or both sections of the Internal Revenue Code of 1954, whichever period ends first.

3. Establish, modify or repeal rules relating to the location, construction, operation, and maintenance of disposal systems and public water supply systems and specifying the conditions under which the executive director shall issue, revoke, suspend, modify or deny permits for the operation, installation, construction, addition to or modification of any disposal system or public water supply system, or for the discharge of any pollutant or for the disposal of water wastes resulting from poultry and livestock operations. The rules specifying the conditions under which the executive director shall issue permits for the construction of an electric power generating facility subject to chapter 476A shall provide for issuing a conditional permit upon the submission of engineering descriptions, flow diagrams and schematics that qualitatively and quantitatively identify effluent streams and alternative disposal systems that will provide compliance with effluent standards or limitations.

No rules shall be adopted which regulate the hiring of operators of disposal systems or public water supply systems except rules which regulate the certification of operators as to their technical competency.

A publicly owned treatment works whose discharge meets the final effluent limitations which were contained in its discharge permit on the date that construction of the publicly owned treatment works was approved by the department shall not be required to
meet more stringent effluent limitations for a period of ten years from the date the construction was completed and accepted but not longer than twelve years from the date that construction was approved by the department.

4 Co operate with other state or interstate water pollution control agencies in establishing standards, objectives, or criteria for the quality of interstate waters originating or flowing through the state.

5 Establish, modify or repeal rules relating to drinking water standards for public water supply systems. Such standards shall specify maximum contaminant levels or treatment techniques necessary to protect the public health and welfare. The drinking water standards must assure compliance with federal drinking water standards adopted pursuant to the federal Safe Drinking Water Act.

6 Establish, modify or repeal rules relating to inspection, monitoring, record keeping and reporting requirements for the owner or operator of any public water supply or any disposal system or of any source which is an industrial user of a publicly or privately owned disposal system.

7 Adopt a statewide plan for the provision of safe drinking water under emergency circumstances. All public agencies, as defined in chapter 28E, shall cooperate in the development and implementation of the plan. The plan shall detail the manner in which the various state and local agencies shall participate in the response to an emergency. The department may enter into any agreement, subject to approval of the commission, with any state agency or unit of local government or with the federal government which may be necessary to establish the role of such agencies in regard to the plan. This plan shall be coordinated with disaster emergency plans.

8 Formulate and adopt specific and detailed statewide standards pursuant to chapter 17A for review of plans and specifications and the construction of sewer systems and water supply distribution systems and extensions to such systems not later than October 1, 1977. The standards shall be based on criteria contained in the "Recommended Standards for Sewage Works" and "Recommended Standards for Water Works" (Ten States Standards) as adopted by the Great Lakes Upper Mississippi River Board of State Sanitary Engineers, design manuals published by the department, applicable federal guidelines and standards, standard textbooks, current technical literature and applicable safety standards. The material standards for polyvinyl chloride pipe shall not exceed the specification for polyvinyl chloride pipe in designations D 1784-69, D-2241 73, D 2564 76, D 2672 76, D 3036-73 and D-3139 73 of the American Society of Testing and Material. The rules adopted which directly pertain to the construction of sewer systems and water supply distribution systems and the review of plans and specifications for such construction shall be known respectively as the Iowa Standards for Sewer Systems and the Iowa Standards for Water Supply Distribution Systems and shall be applicable in each governmental subdivision of the state. Exceptions shall be made to the standards so formulated only upon special request to and receipt of permission from the department. The department shall publish the standards and make copies of such standards available to governmental subdivisions and to the public.

Referred to in §455B 181

§455B.174 Executive director's duties
The executive director shall:

1 Conduct investigations of alleged water pollution violations. The permits shall contain conditions and schedules of compliance as necessary to meet the requirements of this part of this division or of any rule or standard established or permit issued pursuant there to.

2 Conduct periodic surveys and inspection of the construction, operation, self-monitoring, record keeping and reporting of all public water supply systems and all disposal systems except as provided in section 455B 183.

3 Take any action or actions allowed by law which, in the executive director's judgment, are necessary to enforce or secure compliance with the provisions of this part of this division or of any rule or standard established or permit issued pursuant there to.

4 Approve or disapprove the plans and specifications for the construction of disposal systems or public water supply systems except for those sewer extensions and water supply distribution system extensions which are reviewed by a city or county public works department as set forth in section 455B 183. The executive director shall issue, revoke, suspend, modify or deny permits for the operation, installation, construction, addition to or modification of any disposal system or public water supply system except for sewer extensions and water supply distribution system extensions which are reviewed by a city or county public works department as set forth in section 455B 183. The executive director shall also issue, revoke, suspend, modify or deny permits for the discharge of any pollutant. The permits shall contain conditions and schedules of compliance as necessary to meet the requirements of this part of this division and the federal Water Pollution Control Act. A permit shall not be issued to operate or discharge from any disposal system unless the conditions of the permit assure that any discharge from the disposal system meets or will meet all applicable state and federal water quality standards and effluent standards and the issuance of the permit is not otherwise prohibited by the federal Water Pollution Control Act. All applications for discharge permits are subject to public notice and opportunity for public participation including public hearing as the commission may by rule require. The executive director shall promptly notify the applicant in writing of the executive director's action and, if the permit is denied, state the reasons for denial. The applicant may appeal to the commission from the denial of a permit or from any condition in any permit if the applicant files notice of appeal with the executive director within thirty days of the notice of denial or issuance of the permit. The executive director shall notify the applicant within thirty days of the time and place of the hearing.
Copies of all forms or other paper instruments required to be filed during on site inspections or investigations shall be given to the owner or operator of the disposal system or public water supply system being investigated or inspected before the inspector or investigator leaves the site. Any other report, statement, or instrument shall not be filed with the department unless a copy is sent by ordinary mail to the owner or operator of the disposal system or public water supply system within ten working days of the filing. If an inspection or investigation is done in cooperation with another state department, the department involved and the areas inspected shall be stated.

The executive director shall also issue or deny conditional permits for the construction of disposal systems for electric power generating facilities subject to chapter 476A. All applications for conditional permits shall be subject to such notice and opportunity for public participation as may be required by the commission and as may be consistent with chapter 476A and any agreement pursuant thereto under chapter 28E. The applicant or an intervenor may appeal to the commission from the denial of a conditional permit or any of its conditions. For the purposes of chapter 476A, the issuance or denial of a conditional permit by the executive director or the commission upon appeal shall be a determination that the electric power generating facility does or does not meet the permit and licensing requirements of the commission. The issuance of a conditional permit shall not relieve the applicant of the responsibility to submit final and detailed construction plans and drawings and an application for a construction permit for a disposal system that will meet the effluent limitations in the conditional permit.

5 Conduct random inspections of work done by city and county public works departments to ensure such public works departments are complying with this Act [66GA, ch 1204]. If a city or county public works department is not complying with section 455B.183 in reviewing plans and specifications or in granting permits or both, the department shall perform these functions in that jurisdiction until the city or county public works department is able to perform them. Performance of these functions in a jurisdiction by a local public works department shall not be suspended or revoked until after notice and opportunity for hearing as provided in chapter 17A.

The department shall give technical assistance to city and county public works departments upon request of such local public works departments [C97, §2565; C24, 27, 31, 35, 39, §2191; C46, 50, 54, 58, 62, §135 11(7)]. 83 Acts, ch 137, §4

455B.175 Violations.

If there is substantial evidence that any person has violated or is violating any provision of this part of this division, or of any rule or standard established or permit issued pursuant thereto, then

1 The executive director may issue an order directing the person to desist in the practice which constitutes the violation or to take such corrective action as may be necessary to ensure that the violation will cease. The person to whom such order is issued may cause to be commenced a contested case within the meaning of the Iowa administrative procedure Act by filing with the executive director within thirty days a notice of appeal to the commission. On appeal the commission may affirm, modify or vacate the order of the executive director, or

2 If it is determined by the executive director that an emergency exists respecting any matter affecting or likely to affect the public health, the executive director may issue any order necessary to terminate the emergency without notice and without hearing. Any such order shall be binding and effective immediately and until such order is modified or vacated at a hearing before the commission or by a court, or

3 The executive director, with the approval of the commission, may request the attorney general to institute legal proceedings pursuant to section 455B.187 [C66, 71, §455B 12, 455B 15, 455B 17, 73, 75, §455B 34, 455B 37, 77, 79, 81, §455B 34].

83 Acts, ch 137, §5

455B.176 Criteria considered.

In establishing, modifying, or repealing water quality standards the commission shall base its decision upon data gathered from sources within the state regarding the following:

1 The protection of the public health,
2 The size, depth, surface area covered, volume, direction and rate of flow, stream gradient, and temperature of the affected water of the state,
3 The character and uses of the land area bordering the affected water of the state,
4 The uses which have been made, are being made, or may be made of the affected water of the state for public, private, or domestic water supplies, irrigation, livestock watering, propagation of wildlife, fish, and other aquatic life, swimming, boating, or other recreational activity, transportation, and disposal of sewage and wastes,
5 The extent of contamination resulting from natural causes including the mineral and chemical characteristics,
6 The extent to which floatable or settleable solids may be permitted,
7 The extent to which suspended solids, colloids, or a combination of solids with other suspended substances may be permitted,
8 The extent to which bacteria and other biological organisms may be permitted,
9 The amount of dissolved oxygen that is to be present and the extent of the oxygen demanding substances which may be permitted,
10 The extent to which toxic substances, chemicals or deleterious conditions may be permitted,
11 The economic costs and benefits. The goal shall be a reasonable balance between total costs to the people and to the economy, and the resultant benefits to the people of Iowa [C66, 71, §455B 13, 73, 75, 77, 79, 81, §455B 35].

455B.177 Declaration of policy.

1 The general assembly finds and declares that because the federal Water Pollution Control Act, pro
vides for a permit system to regulate the discharge of pollutants into the waters of the United States and provides that permits may be issued by states which are authorized to implement that Act, it is in the interest of the people of Iowa to enact this Act [66GA, ch 1204] in order to authorize the state to implement the federal Water Pollution Control Act, and federal regulations and guidelines issued pursuant to that Act.

2. The general assembly further finds and declares that because the federal Safe Drinking Water Act, Public Law 93-523, provides for the implementation of said Act by states which have adequate authority to do so, it is in the interest of the people of Iowa to implement the provisions of the federal Safe Drinking Water Act and federal regulations and guidelines issued pursuant thereto.

[C77, 79, 81, §455B.36; 82 Acts, ch 1050, §4]

455B.178 Judicial review.

Except as provided in section 455B.187, subsection 6, judicial review of any order or other action of the commission or of the executive director may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county in which the alleged offense was committed or such final order was entered.

455B.179 Trade secrets protected.

Upon a satisfactory showing by any person to the executive director that public disclosure of any record, report, permit, permit application or other document or information or part thereof would divulge methods or processes entitled to protection as a trade secret, any such record, report, permit, permit application or other document or part thereof other than effluent data and analytical results of monitoring or public water supply systems, shall be accorded confidential treatment. Notwithstanding the provisions of chapter 22, a person in connection with duties or employment by the department shall not make public any information accorded confidential status, however any such record or other information accorded confidential status may be disclosed or transmitted to other officers, employees or authorized representatives of this state or the United States concerned with carrying out this part of this division or when relevant in any proceeding under this Act [66GA, ch 1204].

455B.180 Stay order.

The granting of a stay may be conditioned upon the furnishing by the appellant of such reasonable security as the court may direct. A stay may be vacated on application of the department or any other party after hearing by the court.

[C66, 71, §455B.20; C73, 75, 77, 79, 81, §455B.41]

455B.181 Variances and exemptions.

The executive director may, after public notice and hearing, grant exemptions from a maximum contaminant level or treatment technique, or both. The executive director may also grant a variance from drinking water standards for public water supply systems when the characteristics of the raw water sources, which are available to a system, cannot meet the requirements with respect to maximum contaminant level of the standards despite application of the best treatment techniques which are generally available and if the executive director determines that the variance will not result in an unreasonable risk to the public health. A schedule of compliance may be prescribed by the executive director, at the time the variance or exemption is granted. The executive director shall also require the interim measures to minimize the contaminant levels of systems subject to the variance or exemption as may reasonably be implemented. The executive director may also issue variances from other rules of the commission if necessary and appropriate. The denial of a variance or exemption may be appealed to the commission.

[C77, 79, 81, §455B.42]

455B.182 Failure constitutes contempt.

Failure to obey any order issued by the department with reference to a violation of this part of this division or any rule promulgated or permit issued pursuant thereto shall constitute prima-facie evidence of contempt. In such event the department may certify to the district court of the county in which such alleged disobedience occurred the fact of such failure. The district court after notice, as prescribed by the court, to the parties in interest shall then proceed to hear the matter and if it finds that the order was lawful and reasonable it shall order the party to comply with the order. If the person fails to comply with the court order, that person shall be guilty of contempt and shall be fined not to exceed five hundred dollars for each day that the person fails to comply with the court order. The penalties provided in this section shall be considered as additional to any penalty which may be imposed under the law relative to nuisances or any other statute relating to the pollution of any waters of the state or related to public water supply systems and a conviction under this section shall not be a bar to prosecution under any other penal statute.

455B.183 Written permits required.

It is unlawful to carry on any of the following activities without first securing a written permit from the executive director, or from a city or county public works department if the public works department reviews the activity under this section, as required by the commission:

1. The construction, installation or modification of any disposal system or public water supply system or part thereof or any extension or addition thereto except those sewer extensions and water supply distribution system extensions that are subject to review and approval by a city or county public works department pursuant to this section and private sewage disposal systems. A permit shall be issued for the construction, installation or modification of a public water supply system or part of a system if a qualified, registered engineer certifies to the commission that the plans for the system or part of the system meet the requirements of state and federal law or regulations.
The permit shall state that approval is based only upon the engineer’s certification that the system’s design meets the requirements of all applicable state and federal laws and regulations and the review of the department shall be advisory.

2. The construction or use of any new point source for the discharge of any pollutant into any water of the state.

3. The operation of any waste disposal system or public water supply system or any part of or extension or addition to the system. This provision does not apply to a pretreatment system the effluent of which is to be discharged directly to another disposal system for final treatment and disposal, a semi-public sewage disposal system, the construction of which has been approved by the department and which does not discharge into water of the state or a private sewage disposal system which does not discharge into a water of the state. The exemption of this paragraph shall not apply to any industrial waste discharges.

Upon adoption of standards by the commission pursuant to section 455B.173, subsections 5 to 8, plans and specifications for sewer extensions and water supply distribution system extensions covered by this section shall be submitted to the city or county public works department for approval if the local public works department employs a qualified, registered engineer who reviews the plans and specifications using the specific state standards known as the Iowa Standards for Sewer Systems and the Iowa Standards for Water Supply Distribution Systems that have been formulated and adopted by the commission pursuant to section 455B.173, subsections 5 to 8. The local agency shall issue a written permit to construct if all of the following apply:

a. The submitted plans and specifications are in substantial compliance with departmental rules and the Iowa Standards for Sewer Systems and the Iowa Standards for Water Supply Distribution Systems.

b. The extensions primarily serve residential consumers and will not result in an increase greater than five percent of the capacity of the treatment works or serve more than two hundred fifty dwelling units or, in the case of an extension to a water supply distribution system, the extension will have a capacity of less than five percent of the system or will serve fewer than two hundred fifty dwelling units.

c. The proposed sewer extension will not exceed the capacity of any treatment works which received a state or federal monetary grant after 1972.

d. The proposed water supply distribution system extension will not exceed the production capacity of any public water supply system constructed after 1972.

After issuing a permit, the city or county public works department shall notify the executive director of such issuance by forwarding a copy of the permit to the executive director. In addition, the local agency shall submit quarterly reports to the executive director including such information as capacity of local treatment plants and production capacity of public water supply systems as well as other necessary information requested by the executive director for the purpose of implementing this chapter.

Plans and specifications for all other waste disposal systems and public water supply systems, including sewer extensions and water supply distribution system extensions not reviewed by a city or county public works department under this section, shall be submitted to the department before a written permit may be issued. Plans and specifications for public water supply systems and water supply distribution system extensions must be certified by a registered engineer as provided in subsection 1. The construction of any such waste disposal system or public water supply system shall be in accordance with standards formulated and adopted by the commission pursuant to section 455B.173, subsections 5 to 8. If it is necessary or desirable to make material changes in the plans or specifications, revised plans or specifications together with reasons for the proposed changes must be submitted to the department for a supplemental written permit. The revised plans and specifications for a public water supply system must be certified by a registered engineer as provided in subsection 1.

Prior to the adoption of statewide standards, the department may delegate the authority to review plans and specifications to those governmental subdivisions if in addition to compliance with subsection 3 the governmental subdivisions agree to comply with all state and federal regulations and submit plans for the review of plans and specifications including a complete set of local standard specifications for such improvements.

The executive director may suspend or revoke delegation of review and permit authority after notice and hearing as set forth in chapter 17A if the executive director determines that a city or county public works department has approved extensions which do not comply with design criteria, which exceed the capacity of waste treatment plants or the production capacity of public water supply systems or which otherwise violate state or federal requirements.

The department shall exempt any public water supply system from any requirement respecting a maximum contaminant level or any treatment technique requirement of an applicable national drinking water regulation if these regulations apply to contaminants which the commission determines are harmless or beneficial to the health of consumers and if the owner of a public water supply system determines that funds are not reasonably available to provide for controlling amounts of those contaminants which are harmless or beneficial to the health of consumers.

455B.184 Disposal system plans.

The department may also require the owner of a disposal system, discharging pollutants into any water of the state, or of a public water supply system to file with it complete plans of the whole or any part of such system and any other information and records concerning the installation and operation of such system.

455B.185 Data from departments.

The commission and the executive director may request and receive from any department, division, board, bureau, commission, public body, or agency of
the state, or of any political subdivision thereof, or from any organization, incorporated or unincorporated, which has for its object the control or use of any of the water resources of the state, such assistance and data as will enable the commission or the executive director to properly carry out their activities and effectuate the purposes of this part of division III. The department shall reimburse such agencies for special expense resulting from expenditures not normally a part of the operating expenses of any such agency.

[C66, 71, §455B 27, C73, 75, 77, 79, 81, §455B 47]

§455B.186 Prohibited discharges.
A pollutant shall not be disposed of by dumping, depositing or discharging such pollutant into any water of the state except that this section shall not be construed to prohibit the discharge of adequately treated sewage, industrial waste, or other waste pursuant to a permit issued by the executive director. A pollutant whether treated or untreated shall not be discharged into any state owned natural or artificial lake.

§455B.187 Penalties — burden of proof.
1. Any person who violates any provision of part 1 of division III of this chapter or any permit, rule, standard, or order issued under part 1 of division III of this chapter shall be subject to a civil penalty not to exceed five thousand dollars for each day of violation. The civil penalty shall be an alternative to any criminal penalty provided under part 1 of division III of this chapter.

2. Any person who willfully or negligently discharges any pollutants in violation of section 455B 183 or 455B 186 or in violation of any condition or limitation included in any permit issued under section 455B 183 or 455B 186 or in violation of any water quality standard or effluent standard or, with respect to the introduction of pollutants into publicly owned treatment works, violates a pretreatment standard or toxic effluent standard, shall be punished by a fine not to exceed ten thousand dollars for each day of violation. If the conviction is for a violation committed by a person after the person's first conviction under this section, the punishment shall be a fine not to exceed twenty thousand dollars for each day of violation.

3. Any person who knowingly makes any false statement, representation, or certification in any application, record, report, plan or other document, or required to be maintained under part 1 of division III of this chapter, or who falsifies, tampers with or knowingly renders inaccurate any monitoring device or method required to be maintained under part 1 of division III of this chapter or by any permit, rule, regulation, or order issued under part 1 of division III of this chapter, shall upon conviction be punished by a fine of not more than ten thousand dollars or by imprisonment in the county jail for not more than six months or by both such fine and imprisonment.

4. The attorney general shall, at the request of the executive director with approval of the commission, institute any legal proceedings, including an action for an injunction or a temporary injunction, necessary to enforce the penalty provisions of part 1 of division III of this chapter or to obtain compliance with the provisions of part 1 of division III of this chapter or any rules promulgated or any provision of any permit issued under part 1 of division III of this chapter. In any such action, any previous findings of fact of the executive director or the commission after notice and hearing shall be conclusive if supported by substantial evidence in the record when the record is viewed as a whole.

5. In all proceedings with respect to any alleged violation of the provisions of this part 1 of division III or any rule established by the commission or the department, the burden of proof shall be upon the commission or the department except in an action for contempt as provided in section 455B 182.

6. If the attorney general has instituted legal proceedings in accordance with this section, all related issues which could otherwise be raised by the alleged violator in a proceeding for judicial review under section 455B 178 shall be raised in the legal proceedings instituted in accordance with this section.

1. It is recognized that the protection of life and property from floods, the prevention of damage to lands from floods, and the orderly development, wise use, protection, and conservation of the water resources of the state by their considered and proper use is of paramount importance to the welfare and prosperity of the people of the state, and to realize these objectives, it is the policy of the state to correlate and vest the powers of the state in a single agency, the department, with the duty and authority to assess the water needs of all water users at five-year intervals for the twenty years beginning January 1, 1985, and ending December 31, 2004, utilizing a data base developed and managed by the Iowa geological survey, and prepare a general plan of water allocation for this state, considering the quantity and quality of water resources available in this state designed to meet the specific needs of the water users. The department shall also develop and the commission shall adopt no later than January 1, 1985, a plan for delineation of flood plain and floodway boundaries for selected stream reaches in the various river basins of the state.
commission shall, by the end of the eleventh week of the 1985 regular session, prepare and deliver to the secretary of the senate and the chief clerk of the house identical bills embodying a third plan, taking into account the reasons cited by either the secretary of the senate or chief clerk of the house for failure of the second plan. The commission shall coordinate state planning with local and national planning, and, in safeguarding the interests of the state and its people, shall undertake the resolution of any conflicts that may arise between the water resources policies, plans, and projects of the federal government and the water resources policies, plans, and projects of the state, its agencies, and its people. This section does not limit or supplant the functions, duties, and responsibilities of other state or local agencies or institutions with regard to planning of water-associated projects within the particular area of responsibility of those state or local agencies or institutions.

3. The commission shall enter into negotiations and agreements with the federal government relative to the operation of, or the release of water from, any project that has been authorized or constructed by the federal government when the commission deems the negotiations and agreements to be necessary for the achievement of the policies of this state relative to its water resources.

4. The commission, on behalf of the state, shall enter into negotiations with the federal government relative to the inclusion of conservation storage features for water supply in any project that has been authorized by the federal government when the commission deems the negotiations to be necessary for the achievement of the policies of this state, however, an agreement reached pursuant to these negotiations does not bind the state until enacted into law by the general assembly.

The term of the contracts shall be commensurate with the investment and use concerned, but the commission shall not enter into any such contract for a term in excess of the maximum period provided for water use permits.

7. The commission shall procure flood control works and water resources projects from or by cooperation with any agency of the United States, by cooperation with the cities and other subdivisions of the state under the laws of the state relating to flood control and use of water resources, and by cooperation with the action of landowners in areas affected by the works or projects when the commission deems the projects to be necessary for the achievement of the policies of this state.

8. The commission shall promote the policies set forth in this part and shall represent this state in all matters within the scope of this part. The commission shall adopt rules pursuant to chapter 17A as necessary to transact its business and for the administration and exercise of its powers and duties.

Upon application by any person for permission to divert, pump, or otherwise take waters from any watercourse, underground basin or watercourse, drainage ditch, or settling basin within this state for any purpose other than a nonregulated use, the executive director shall investigate the effect of the use upon the natural flow of the watercourse, the effect of the use upon the owners of any land which might be affected by the use, and whether the use is consistent with the plan of water allocation priorities for this state.
3 Upon application by any person for approval of the construction or maintenance of any structure, dam, obstruction, deposit, or excavation to be erected, used, or maintained in or on the flood plans of any river or stream, the department shall investigate the effect of the construction or maintenance project on the efficiency and capacity of the floodway. In determining the effect of the proposal the department shall consider fully its effect on flooding of or flood control for any proposed works and adjacent lands and property on the wise use and protection of water resources, on the quality of water, on fish, wildlife, and recreational facilities or uses, and on all other public rights and requirements.

455B.265 Permits for diversion, storage, and withdrawal.

If the department determines after due investigation that the diversion, storage, or withdrawal of water will not be detrimental to the public interests, including drainage and levee districts, or to the interests of property owners with prior or superior rights who may be affected, the department shall grant a permit for the diversion, storage, or withdrawal. Permits shall be granted for a period of ten years except permits for withdrawal of water which may be granted for less than ten years if geological data on the capacity of the aquifer and the rate of its recharge are indeterminate and permits for the storage of water which may be granted for the life of the structure unless revoked by the commission. All existing storage permits are extended for the life of the structure unless withdrawn for good cause. Permits may be granted which provide for less diversion, storage, or withdrawal of waters than set forth in the application. A permit granted shall remain as an appurtenance of the land described in the permit through the date specified in the permit and any extension of the permit or until an earlier date when the permit or any extension of the permit is canceled under section 455B.271. Upon application for a permit prior to the termination date specified in the permit, a permit may be renewed by the department for a period of ten years.

455B.266 Priority of permits for diversion, storage, and withdrawal.

In the consideration of applications for permits, priority in processing shall be given to persons in the order that the applications are received, except that this processing priority shall not affect the substantive priorities established under the plan of water allocation priorities for this state and except where the application of this priority system prevents the prompt approval of routine applications or where the public health, safety or welfare will be threatened by delay. The executive director or the commission on appeal shall determine the duration and frequency of withdrawal and the quantity of water for which a permit may be granted. Any person with an existing irrigation system in use prior to May 16, 1957, shall be issued a permit to continue unless its use damages some other riparian user. If there is competition for water, the use of water for irrigation has a lower priority than other beneficial uses of water subject to conditions which the commission may establish by rule. Except as otherwise provided in this section, until the plan of water allocation priorities is enacted as provided in section 455B.263, subsection 1, the principles and policies of beneficial use shall establish the standards for the determination of the disposition of permit applications. After it is enacted as provided in section 455B.263, subsection 1, the plan of water allocation priorities shall establish the standards for determination of the disposition of permit applications. This part does not impair the vested right of any person.

455B.267 Permits for beneficial use — prohibitions

1 The executive director or the commission may issue a permit for beneficial use of water in a water course if the established average minimum water flow is preserved.
2 A use of water shall not be authorized if it will impair the effect of this chapter or any other pollution control law of this state.
3 A permit shall not be issued or continued if it will impair the navigability of any navigable water course.

455B.268 When permit required.

1 A permit shall be required for the following:
   a A municipal corporation or a person supplying a municipal corporation which increases its water use in excess of one hundred thousand gallons or three percent whichever is the greater, per day more than its highest per day beneficial use prior to May 16, 1957.
   b The corporation or person shall make reasonable provision for the storage of water at times when the daily use of the water by the corporation or person is less than the amount specified in this subsection.
   c Except for a nonregulated use, a person using in excess of twenty-five thousand gallons of water per day, diverted, stored, or withdrawn from any source of supply except a municipal water system or any other source specifically exempted under this part.
   d A person who diverts water or any material from the surface directly into an underground watercourse or basin.
2 Industrial users of water having their own water supply within the territorial boundaries of municipal corporations when the water use exceeds three percent more than the highest per day beneficial use prior to May 16, 1957.
3 The commission may adopt, modify, or repeal rules pursuant to chapter 17A specifying the conditions under which the executive director may authorize specific nonrecurring minor uses of water for periods not to exceed one year through registration.
4 Notwithstanding any exemptions from permit requirements, nothing in this part exempts water.
users from requirements for reporting which the com-
mission adopts by rule.

455B.269 Taking water prohibited.  
A person shall not take water from a natural water-
course, underground basin or watercourse, drainage 
ditch, or settling basin within this state for any pur-
pose other than a nonregulated use except in compli-
ance with the sections of this part which relate to the 
withdrawal, diversion, or storage of water. However, 
extisting uses may be continued during the period of 
the pendency of an application for a permit.

455B.270 Rights preserved.  
The sections of this part which relate to the with-
drawal, diversion, or storage of water do not deprive 
you of the right to use diffused waters, to drain 
land by use of tile, open ditch, or surface drainage, or 
to construct an impoundment on the person’s prop-
erty or across a stream that originates on the person’s 
property if provision is made for safe construction and 
for a continued established average minimum flow 
when the flow is required to protect the rights of water 
users below.

455B.271 Modification or cancellation of permits.  
Each permit issued under section 455B.265 is irrev-
ocable for its term and for any extension of its term 
except as follows:  
1. A permit may be modified or canceled by the 
department with the consent of the permittee. 
2. Subject to appeal to the commission, a permit 
may be modified or canceled by the executive director 
if any of the following occur: 
   a. There is a breach of the terms of the permit. 
   b. There is a violation of the law pertaining to the 
      permit by the permittee or the permittee’s agents. 
   c. There is a circumstance of nonuse as provided 
in section 455B.272. 
      d. The department finds that modification or can-
      cellation is necessary to protect the public health or 
safety, to protect the public interest in lands or wa-
ters, or to prevent substantial injury to persons or 
property in any manner. Before the modification or 
cancellation is effective, the department shall give at 
least thirty days’ written notice mailed to the permit-
tee at the permittee’s last known address, stating the 
grounds of the proposed modification or cancellation 
and giving the permittee an opportunity to be heard 
on the proposal. 
3. By written order to the permittee, the depart-
ment may suspend operations under a permit if the 
executive director finds it necessary in an emergency 
to protect the public health, to protect the public in-
terest in waters against imminent danger of substan-
tial injury in any manner or to an extent not expressly 
authorized by the permit, or to protect persons or 
property against imminent danger. The department 
may require the permittee to take measures necessary 
to prevent or remedy the injury, but an order shall not 
be in effect for more than thirty days from the date of 
issue without giving the permittee at least ten days’ 
written notice of the order and an opportunity to be 
heard on the order.

455B.272 Termination of permit.  
The right of the permittee and the permittee’s suc-
cessors to the use of water shall terminate when the 
permittee or the permittee’s successors fail for three 
consecutive years to use it for the specific beneficial 
purpose authorized in the permit and, after notifica-
tion by the department of intent to cancel the permit 
for nonuse, the permittee or the permittee’s succes-
sors fail to demonstrate adequate plans to use water 
within a reasonable time. However, nonuse of water 
due to adequate rainfall does not constitute grounds 
for cancellation of a permit to use water for irrigation.

455B.273 Disposal of permit.  
A permittee may sell, transfer, or assign a permit by 
conveying, leasing, or otherwise transferring the own-
ership of the land described in the permit, but the 
permit does not constitute ownership or absolute 
rights of use of the waters. The waters remain subject 
to the principle of beneficial use and the orders of the 
executive director or commission.

455B.274 Unauthorized depleting uses.  
If a person files a complaint with the department 
that another person is making a depleting use of water 
not expressly exempted as a nonregulated use under 
this part and without a permit to do so, the depart-
ment shall cause an investigation to be made and if 
the facts stated in the complaint are verified the de-
partment shall order the discontinuance of the use.  
[C58, 62, 66, 71, 73, 75, 77, 79, 81, §455A.32; 82 Acts, 
ch 1199, §28, 96]

455B.275 Prohibited acts — powers of commission 
and executive director.  
1. A person shall not permit, erect, use or maintain 
a structure, dam, obstruction, deposit, or excavation 
in or on a floodway or flood plains, which will adversely 
affect the efficiency of or unduly restrict the capaci-
ty of the floodway, or adversely affect the control, 
development, protection, allocation, or utilization of 
the water resources of the state, and the same are 
declared to be public nuisances. However, this subsec-
tion does not apply to dams constructed and operated 
der the authority of chapter 469.  
2. The department may commence, maintain, and 
prosecute any appropriate action to enjoin or abate a 
uisance, including any of the nuisances specified in 
subsection 1 and any other nuisance which adversely 
affects flood control.
3 If a person desires to erect or make or to permit a structure, dam, obstruction, deposit or excavation, other than a dam constructed and operated under chapter 469, to be erected, made, used, or maintained on or on any floodway or flood plains, the person shall file a verified written application with the department, setting forth information as required by rule of the commission. The department, after an investigation, shall approve or deny the application imposing conditions and terms as prescribed by the department.

4 The department may maintain an action in equity to enjoin a person from erecting or making or permitting to be made a structure, dam, obstruction, deposit, or excavation other than a dam constructed and operated under the authority of chapter 469, for which a permit has not been granted. The department may also seek judicial abatement of any structure, dam, obstruction, deposit, or excavation erected or made without a permit required under this part. The abatement proceeding may be commenced to enforce an administrative determination of the department in a contested case proceeding that a public nuisance exists and should be abated. The costs of abatement shall be borne by the violator. Notwithstanding section 93A 11, a structure, dam, obstruction, deposit, or excavation on a floodway or flood plain in an agricultural area established under chapter 93A is not exempt from the sections of this part which relate to regulation of flood plains and floodways.

5 The department may remove or eliminate a structure, dam, obstruction, deposit, or excavation in a floodway which adversely affects the efficiency of or unduly restricts the capacity of the floodway, by an action in condemnation, and in assessing the damages in the proceeding, the appraisers and the court shall take into consideration whether the structure, dam, obstruction, deposit, or excavation is lawfully in or on the floodway in compliance with this part.

6 The department may require, as a condition of an approval order or permit granted pursuant to this part or chapter 469, the furnishing of a performance bond with good and sufficient surety, conditioned upon full compliance with the order or permit and the rules of the commission. In determining the need for and amount of bond, the department shall give consideration to the hazard posed by the construction and maintenance of the approved works and the protection of the health, safety, and welfare of the people of the state. This subsection does not apply to orders or permits granted to a governmental entity.

7 When approving a request to straighten a stream, the department may establish as a condition of approval a permanent prohibition against tillage of land owned by the person receiving the approval and lying within a minimum distance from the stream sufficient in the judgment of the director or commission to hold soil erosion to reasonable limits. The department shall record the prohibition in the office of the county recorder of the appropriate county and the prohibition shall attach to the land.

8 The commission shall establish, by rule, thresholds for dimensions and effects, and any structure, dam, obstruction, deposit, or excavation having smaller dimensions and effects than those established by the commission is not subject to regulation under this section.

The thresholds shall be established so that only those structures, dams, obstructions, deposits, or excavations posing a significant threat to the well-being of the public and the environment are subject to regulation.

455B.276 Flood plains — encroachment limits.

The commission may establish and enforce rules for the orderly development and wise use of the flood plains of any river or stream within the state and alter, change, or revoke the rules. The commission shall determine the characteristics of floods which reasonably may be expected to occur and may establish by order encroachment limits, protection methods, and minimum protection levels appropriate to the flooding characteristics of the stream and to reasonable use of the flood plains. The order shall fix the length of flood plains to be regulated at any practical distance, the width of the zone between the encroachment limits so as to include portions of the flood plains adjoining the channel, which with the channel, are required to carry and discharge the flood waters or flood flow of the river or stream, and the design discharge and water surface elevations for which protection shall be provided for projects outside the encroachment limits but within the limits of inundation. Plans for the protection of projects proposed for areas subject to inundation shall be reviewed as plans for flood control works within the purview of section 455B.277. An order establishing encroachment limits shall not be issued until notice of the proposed order is given and opportunity for public hearing is given for the presentation of protests against the order. In establishing the limits, the commission shall avoid to the greatest possible degree the evacuation of persons residing in the area of a floodway, the removal of residential structures occupied by the persons in the area of a floodway, and the removal of structures erected or made prior to July 4, 1965, which are located on the flood plains of a river or stream but not within the area of a floodway.

The commission shall cooperate with and assist local units of government in the establishment of encroachment limits, flood plain regulations, and zoning ordinances relating to flood plain areas within their jurisdiction. Encroachment limits, flood plain regulations, or flood plain zoning ordinances proposed by local units of government shall be submitted to the department for review and approval prior to adoption by the local units of government. Changes or variations from an approved regulation or ordinance as it relates to flood plain use are subject to approval by the commission prior to adoption. Individual applications, plans, and specifications and individual approval orders shall not be required for works on the flood plains constructed in conformity with encroachment limits, flood plain regulations, or zoning ordinances adopted by the local units of government and approved by the commission.

§455B.277 Flood control works coordinated.

All flood control works in the state, which are established and constructed after April 16, 1949, shall be coordinated in design, construction, and operation according to sound and accepted engineering practice so as to effect the best flood control obtainable throughout the state. A person shall not construct or install works of any nature for flood control until the proposed works and the plans and specifications for the works are approved by the department. The department shall consider all the pertinent facts relating to the proposed works which will affect flood control and water resources in the state and shall determine whether the proposed works in the plans and specifications will be in aid of and acceptable as part of, or will adversely affect and interfere with flood control in the state, adversely affect the control, development, protection, allocation, or utilization of the water resources of the state, or adversely affect or interfere with an approved local water resources plan. In the event of disapproval, the department shall set forth the objectionable features so that the proposed works and the plans and specifications for the proposed works may be corrected or adjusted to obtain approval.

This section applies to drainage districts, soil conservation districts, the state conservation commission, political subdivisions of the state, and private persons undertaking projects relating to flood control.

1. The commission shall adopt, modify, or repeal rules establishing procedures by which permits required under this part shall be issued, suspended, revoked, modified, or denied. The rules shall include provisions for application, public notice and opportunity for public hearing, and contested cases. Public notice of a decision by the executive director to issue a permit shall be given in a manner designed to inform persons who may be adversely affected by the permitted project or activity.

2. Action by the department upon an application for a permit required under this part may be appealed to the commission by the applicant or any affected person within thirty days of the department's action. A hearing before the commission or its designee is a contested case. The hearings and judicial review of decisions of the commission shall be carried out in accordance with chapter 17A. Notwithstanding chapter 17A, petitions for judicial review may be filed in the district court of Polk county or of any county in which the property affected is located. If the commission, the district court, or the supreme court determines that the action of the commission shall be stayed, the petitioner shall file an appropriate bond approved by the court.

1. Offer advice and assistance as appropriate to the boards of the several conservancy districts in the state in discharging their powers and duties.

2. Review and make recommendations as necessary to bring the plan of each of the conservancy districts, and any subsequent changes in the plan, into conformity with the statewide water resources plan established by the commission pursuant to section 455B.263.

3. Inform the board of any conservancy district of any of the following:
   a. The receipt of each application for a permit to divert, store, or withdraw either surface or underground waters at any place within the district, filed with the executive director pursuant to this part.

Every city and county of this state shall provide for the establishment and operation of a sanitary disposal project for final disposal of solid waste by its residents not later than July 1, 1975. Sanitary disposal projects may be established either separately or through cooperative efforts for the joint use of the participating public agencies as provided by law.
Cities and counties may execute with public and private agencies contracts, leases, or other necessary instruments, purchase land and do all things necessary not prohibited by law for the collection of solid waste, establishment and operation of sanitary disposal projects, and general administration of the same. 455B.304 Rules established.
The commission shall establish rules for the proper administration of the provisions of this part 1 of division IV which shall reflect and accommodate as far as is reasonably possible those current and generally accepted methods and techniques for treatment and disposal of solid waste which will serve the purposes of part 1 of this division which shall take into consideration the factors, including others which it may deem proper, as existing physical conditions, topography, soils and geology, climate, transportation, and land use, the rules including but not limited to rules relating to the establishment and location of sanitary disposal projects, sanitary practices, inspection of sanitary disposal projects, collection of solid waste, disposal of solid waste, pollution controls, the issuance of permits, approved methods of private disposition of solid waste, the general operation and maintenance of sanitary disposal projects, and the implementation of part 1 of this division. Prior to issuance of rules or amendments thereto, the commission shall hold at least one public hearing on the proposed rules or amendments, and shall give notice of the hearing at least thirty days in advance by publishing notice in a newspaper of general circulation in the state.

The heavy metal content of the sludge shall not exceed that allowed by rules of the commission. An owner of a publicly owned treatment works which sells wet or dry sludge is not subject to criminal liability for acts or omissions in connection with a sale, and is not subject to any action by the purchaser to recover damages for harm to person or property caused by sludge that is delivered pursuant to a sale unless it is a result of a violation of the written agreement or if the heavy metal content of the sludge exceeds that allowed by rules of the commission.

Nothing in this section shall provide immunity to any person from action by the department pursuant to section 455B.307. The rules promulgated under this paragraph shall be generally consistent with those rules of the department existing on January 1, 1982 regarding the land application of municipal sewage sludge except that they may provide for different methods of application for wet sludge and dry sludge.

455B.332 Policy.
The department shall be the agency of the state to establish policy for the transportation, storage, handling, and disposal of radioactive material for the purpose of protecting the public health and safety.

455B.333 Rules for transporting.
The commission shall provide, by rule, for the proper methods of transporting, storage, and handling of radioactive material except that the provisions of this section shall not apply to the transportation, handling, or storage of radioactive material by licensed physicians and surgeons, licensed osteopathic physicians and surgeons, licensed podiatrists, licensed dentists or licensed pharmacists within the scope of their practice or by qualified employees of licensed hospitals within the scope of their duties. In adopting such rules, the commission shall consider the methods and techniques used by the United States nuclear regulatory commission and radiation control agencies of other states for the regulation of the transporting, handling, and storage of radioactive material. The commission shall also consult with the department of public safety in the development of rules for the transporting of radioactive material on the public roads of this state.

The commission may approve or prohibit the establishment and operation of a nuclear waste disposal site in this state by a private person. In determining whether to grant or deny a permit to establish and operate a nuclear waste disposal site, the commission shall consider the need for a nuclear waste disposal site and the existing physical conditions, topography, soils and geology, climate, transportation, and land use at the proposed site. If the commission decides to issue a permit to establish and operate a nuclear waste disposal site, it shall establish, by rule, standards and procedures for the safe operation and maintenance of the proposed site. The order may be issued orally to the person whose operation constitutes the emergency by the executive director and confirmed by a copy of such order to be sent by certified mail within twenty-four hours after the issuance of the oral order. The emergency order shall be effective immediately. Any person receiving an emergency order may request a hearing before the commission within thirty days following the receipt of the order. The commission shall schedule a hearing within fourteen days after receipt of the request for a hearing and give written notice to the alleged violator by certified mail. The commission may also schedule a hearing in the absence of a request by the alleged violator.

The executive director may, if an emergency exists, impound or order the impounding of any radioactive material in the possession of any person who is not equipped to observe, or fails to observe, the provisions of this part 2 of division IV or any rules adopted under said part.

The executive director shall:

1. Issue, revoke, suspend, modify or deny permits for persons owning or operating a facility for the treatment, storage or disposal of a hazardous waste identified by the commission under section 455B.412, subsection 2. Permits shall be issued for a period as the commission may by rule prescribe.

2. Administer examinations to determine the competence of operators and supervisory personnel at facilities for the treatment, storage or disposal of hazardous waste that are required to have a permit under section 455B.415. The executive director shall issue, revoke, suspend, or deny certificates of competency for persons as supervisory or operating personnel at facilities for the treatment, storage or disposal of hazardous waste.

3. Inspect and investigate hazardous waste generators and transporters and treatment, storage and disposal facilities as may be necessary to determine compliance with sections 455B.411 to 455B.421 and rules adopted and permits and orders issued pursuant to sections 455B.411 to 455B.421. The executive director shall periodically survey or inspect the construction, operation and monitoring, reporting and recordkeeping systems of hazardous waste generators and transporters and treatment, storage and disposal facilities.

[C81, §455B.132]

455B.414 Hazardous waste notification.

1. A person who on the effective date of a rule adopted under section 455B.412, subsection 2 identifying a hazardous waste as subject to sections 455B.411 to 455B.421 and rules adopted and permits and orders issued pursuant to sections 455B.411 to 455B.421. The executive director shall periodically survey or inspect the construction, operation and monitoring, reporting and recordkeeping systems of hazardous waste generators and transporters and treatment, storage and disposal facilities.

[C81, §455B.414]

455B.414 Permit required.

1. Except as provided in subsection 2 and 4, a person shall not construct or operate a facility for the treatment, storage or disposal of a hazardous waste identified under section 455B.412, subsection 2 if the owner or operator has obtained a permit for the facility from the executive director.

2. The owner or operator of a facility for the treatment, storage or disposal of a hazardous waste identified under section 455B.412, subsection 2 existing on the effective date of the rule listing the waste shall obtain a permit for the facility within six months of the effective date of the rule. A person owning or operating a facility for the treatment, storage or disposal of a hazardous waste that existed on the effective date of the rule identifying the waste and that is required to have a permit under sections 455B.411 to 455B.421 is considered to have a permit until a final administrative determination is made if the person meets the following conditions:

   a. The person has given notice as required by section 455B.414.

   b. The person has applied for a permit.

   c. The executive director has determined that the failure to issue the permit is not the result of the failure of the applicant to furnish information reasonably required or requested to process the application.

3. The commission may by rule specify the information required to be submitted with the application for a permit and the conditions under which the executive director shall issue, deny, revoke, suspend or modify permits. However, a permit shall not be issued for a treatment, storage or disposal facility unless the applicant presents evidence of financial responsibility and continuity of operation consistent with the degree and duration of risks associated with the treatment, storage or disposal of the hazardous waste as determined by the commission.

4. A permit is not required for the storage of a hazardous waste identified under section 455B.412, subsection 2 when the only purpose of the storage is to accumulate for a period of up to ninety days sufficient quantities of the waste for transportation, treatment or disposal unless a permit for the storage is required under federal law.

5. A permit issued pursuant to this section shall be in addition to other licenses, permits or variances authorized or required by law, including, but not limited to, the requirements of chapter 358A.

6. If the executive director denies a permit, the executive director shall inform the applicant in writing of the reasons for the denial. The applicant may appeal to the commission from the denial of a permit or from a condition of a permit if the applicant files a notice of appeal with the executive director within thirty days of receipt of the denial or issuance of the permit.

455B.416 Inspections.

1. For purposes of developing a rule, conducting a study of hazardous waste management, compiling a site inventory, or enforcing sections 455B.411 to 455B.421, a person who generates, stores, treats, transports, disposes of or otherwise handles or has
handled hazardous waste shall, upon request of the executive director, furnish information relating to the hazardous waste and permit the executive director at reasonable times to have access to and copy records relating to the waste. For the purpose of developing a rule or enforcing sections 455B 411 to 455B 421, the executive director may:

a. Enter at reasonable times an establishment or other place where hazardous waste is or has been generated, stored, treated or disposed of, or a vehicle transporting hazardous waste;

b. Inspect and obtain samples from a person of a hazardous waste and of containers or labeling associated with the waste;

c. Install, service and take samples from monitoring equipment on the property.

The inspection shall be completed within a reasonable period of time.

2. If the executive director obtains a sample, prior to leaving the premises, the executive director shall give the owner, operator, or agent in charge a receipt describing the sample obtained and if requested a portion of each sample equal in volume or weight to the portion retained. If the sample is analyzed, a copy of the results of the analysis shall be furnished promptly to the owner, operator, or agent in charge.

3. Documents or information obtained from a person under this section shall be available to the public except as provided in this subsection. Upon a showing by the executive director that documents or information, or a particular part of the documents or information to which the executive director has access under this section if made public would divulge commercial or financial information obtained from a person and privileged or confidential or a trade secret, the executive director shall consider the documents or information or the particular portion of the documents or information confidential. However, the document or information may be disclosed to officers, employees or authorized representatives of the United States charged with implementing the federal Solid Waste Disposal Act, to employees of the state of Iowa or of other states when the document or information is relevant to the discharge of their official duties, and when relevant in any proceeding under the federal Solid Waste Disposal Act or this part.

4. If upon receipt of any information, the executive director determines that the presence of a hazardous waste at a facility or site at which hazardous waste is, or has been, stored, treated, or disposed of, or the release of the waste from the facility or site may present a substantial hazard to human health or the environment, the executive director may issue an order requiring the owner or operator of the facility or site to conduct reasonable monitoring, testing, analysis, and reporting, with respect to the facility or site to conduct monitoring, testing, analysis, and reporting, when relevant in any proceeding under the federal Solid Waste Disposal Act or this part.

a. If the executive director determines that no owner or operator referred to in this subsection is able to conduct monitoring, testing, analysis, or reporting satisfactorily to the executive director, if the executive director deems any action carried out by an owner or operator to be unsatisfactory, or if the executive director cannot initially determine that there is an owner or operator referred to in this subsection who is able to conduct monitoring, testing, analysis, or reporting, the executive director may conduct reasonable monitoring, testing, or analysis to determine the nature and extent of the hazard associated with the site. The executive director may require the owner or operator referred to in this subsection to reimburse the executive director or other authority or person for the costs of the monitoring, testing, analysis, or reporting.

b. The executive director shall not order a person to pay the costs of monitoring, testing, analysis, or reporting carried out by the executive director which confirms the results of monitoring, testing, analysis, or reporting done pursuant to an earlier order of the executive director.

c. For purposes of carrying out this subsection, the executive director may exercise the powers set forth in section 455B 417.

"Emergency" as used in this subsection means a situation where the handling, storage, treatment, transportation or disposal of a hazardous waste is presenting an imminent and substantial threat to human health or the environment.

c When the executive director determines that a disposal site contains hazardous waste in an amount and under conditions that cause an imminent threat to human health and that the person responsible for the site will not properly and promptly remove the waste or eliminate the threat, the executive director may take action as necessary to remove the waste or permanently alleviate or eliminate the threat to human health. The costs of removing the waste or alleviating or eliminating the threat shall be recovered from the person responsible for the disposal site.

d The executive director with the approval of the commission, may request the attorney general to institute legal proceedings pursuant to subsection 2 of this section.

Consideration for a contract for purchase of land shall not be in excess of funds appropriated by the general assembly for that purpose. The executive council upon recommendation of the commission may lease land purchased under this section to any person except the state or a state agency. This section does not authorize the state to own or operate a hazardous waste treatment or disposal facility for the treatment and disposal of hazardous wastes other than those generated by the state. The terms of the lease shall establish responsibility for long-term monitoring and maintenance of the site. The lessee is subject to all applicable requirements of this part including permit requirements. The commission may require the lessee to post bond conditioned upon performance of conditions of the lease relating to long-term monitoring and maintenance. However, at least seventy-five percent of the fund shall be used for the purposes stated in paragraphs "d" and "e".

3. Neither the state nor its officers, employees or agents are liable for an injury caused by a dangerous condition at an abandoned or uncontrolled site unless the condition is the result of gross negligence on the part of the state, its officers, employees or agents.

4. The executive director may contract with any person to perform the acts authorized in this section.

5. Moneys shall not be used from the fund for abandoned site cleanup unless the executive director has made all reasonable efforts to secure voluntary agreements to pay the costs of necessary remedial actions from owners or operators of abandoned or uncontrolled hazardous waste sites or other responsible persons.

6. The executive director shall make all reasonable efforts to recover the full amount of funds expended from the fund through litigation or cooperative agreements with responsible persons. The executive director shall take all necessary action to ensure that the registry provides a complete listing of all sites. The registry shall contain the exact location of each site and identify the types of waste found at each site.

2 The executive director shall investigate all known or suspected abandoned or uncontrolled sites and determine whether each site should be included in the registry. In the evaluation of known or suspected abandoned or uncontrolled sites, the executive director may enter private property and perform tests and analyses in the manner provided in section 455B.416.

3 In developing and maintaining the annual report, the executive director shall assess the relative priority of the need for action at each site to remedy environmental and health problems resulting from the presence of hazardous wastes at the sites. In making its assessments of relative priority, the executive director, in cooperation with the state department of health on matters relating to public health, shall place every site in one of the following classifications:

When the executive director finds that a site on the registry has been properly closed under section 455B 427, sub section 3, paragraph "e", with no evidence of potential adverse impact, this finding shall be filed with the county recorder. The finding shall state that the executive director's finding does not warrant to a future purchaser of the site that the site will be free from any future adverse impacts as a result of use of the site as a hazardous waste disposal site.
455B.432 Liability.
Acts or omissions of the executive director or the department in carrying out the duties imposed by sections 455B.423 through 455B.431 shall not be cause for a claim against the state within the meaning of chapter 25A.

PART 6
HAZARDOUS WASTE MANAGEMENT METHODS

455B.441 Purpose and guidelines
The purpose of this part is to protect the public health and the environment by providing a procedure for establishing appropriate sites and properly designed facilities for the treatment, storage, and disposal of hazardous waste. It is the intent of the general assembly that in the implementation of this part the department of water, air and waste management shall emphasize alternatives to land burial of hazardous waste whenever possible with emphasis on the following management methods in the following order: Source reduction, reuse, resource recovery, incineration, and detoxification.

455B.442 Definitions.
As used in this part 6 of division IV unless the context otherwise requires:

1. “Facility” means land and structures, other appurtenances, and improvements on the land used for the treatment, storage, or disposal of a hazardous waste required to have a permit under section 455B.415.
2. “Facility” does not include land, structures, other appurtenances and improvements contiguous to the source of generation and owned and operated by and exclusively for the treatment, storage, or disposal of hazardous waste of the generator.
3. As used in this subsection property is contiguous if it is divided only by a public or private way.
4. “Hazardous waste” means a hazardous waste as defined in section 455B.411, subsection 3 and listed under section 455B.412, subsection 2.

   e. The density of population in areas adjacent to probable transportation routes to the site.
   f. The risk and effect of accidents during the transportation of hazardous wastes to the site.

A municipality shall not be required to pay any portion of the costs associated with the response to a release or threatened release of a hazardous waste from a facility into the land, air, or water that threatens or may threaten human health or the environment unless the municipality is responsible for or in control of the facility or unless the municipality is otherwise subject to liability under this subsection.

However, this section does not limit the authority of the executive director under sections 455B.413 and 455B.415. A local unit of government shall not unduly restrict the transportation of hazardous waste to a facility for which a license has been issued under this part 6 of division IV.
[81 Acts, ch 152, §11]

455B.452 Single hearing — judicial review.

CHAPTER 455D

HAZARDOUS CHEMICALS RISKS — RIGHT TO KNOW
Referred to in §25A 14 455B 420

DIVISION I
GENERAL PROVISIONS

455D 1 Short title.
This chapter may be cited as the “Hazardous Chemi-
cals Risks Right to Know Act.”
84 Acts, ch 1085, §1

455D 2 Legislative findings.
1 The general assembly finds as follows
a The proliferation of hazardous chemicals in the
environment poses a growing threat to the public
health, safety, and welfare.
b The constantly increasing number and variety
of hazardous chemicals and the many routes of expo-
sure to them make it difficult and expensive to ade-
quately monitor and detect any adverse health effects
attributable to the hazardous chemicals.
c Individuals are often able to detect and thus
minimize effects of exposure to hazardous chemicals if
they are aware of the identity of the chemicals and
the early symptoms of unsafe exposure.
d Individuals have an inherent right to know the
full range of the risks they face so that they can make
reasoned decisions and take informed action concern-
ing their employment and their living conditions.
e Local fire and other government emergency re-
sponse departments require detailed information
about the identity, characteristics, and quantities of
hazardous chemicals used and stored in communities
within their jurisdictions, in order to adequately plan
for, and respond to, emergencies, and enforce compli-
ance with applicable laws and regulations concerning
these chemicals.
f The extent of the toxic contamination of the air,
water, and land has caused a high degree of concern
and much of this concern is needlessly aggravated by
the unfamiliarity of the chemicals.
g There is a need to coordinate the existing regu-
latory and reporting responsibilities on hazardous
chemical users and producers and to provide uniform
access to information.
84 Acts, ch 1085, §2

As used in this section, "farming" means the cultivation of land for the production of agricultural crops, the raising of poultry, the production of eggs, the production of fruit or other horticultural crops, grazing or the production of livestock, spraying, or harvesting. The department of agriculture shall cooperate with the bureau in an investigation of an agricultural employer's complaint filed pursuant to section 455D.9.

2. Notwithstanding subsection 1, a pesticide dealer, a commercial applicator, or a certified applicator who retails or stores a pesticide as defined in section 206.2, subsection 1, shall comply with sections 455D.14 and 455D.15 for those hazardous chemicals stored or available for sale.

455D.5 Transportation of hazardous chemicals.

Except for section 455D.9, this chapter does not apply to the transportation of hazardous chemicals if the transportation is regulated by federal law or regulation.

455D.6 Liability of state or political subdivision.

The state or any of its political subdivisions is not liable for damages in any claim pursuant to chapter 25A or chapter 613A based upon an act or omission of an employee of the state or political subdivision when the employee exercised due care in the execution of this chapter or a rule adopted under this chapter. Any duty created in this chapter is a duty to the public generally and not to any person or group of persons.

455D.7 Implementation.
investigation that this section has been violated, the commissioner shall bring an action in the appropriate district court against the person. The district court has jurisdiction, for cause shown, to restrain violations of this section and order appropriate relief including revocation or reinstatement of the employee to the former position with back pay. 455D.10 Special training.
An employer shall provide special training when the employer either assigns an employee to a special assignment or task which increases the employee’s potential exposure to a hazardous chemical or the employer contracts with a person outside the employ of the employer if the person is under the supervision of the employer and may be exposed to hazardous chemicals. The training shall be available for review and approval upon inspection by the bureau and shall be designed to inform the employee or the outside contractor of the presence of the hazardous chemical, the nature of the chemical and the health hazards it presents, and the proper handling procedures for the hazardous chemical.

84 Acts, ch 1085, §10

455D.11 Educational research laboratory.

2 A research laboratory shall submit a plan for the supervision and handling of hazardous chemicals and the development of training programs for employees who work with or clean up hazardous chemicals. The plan shall be consistent with this division and is subject to the approval of the bureau.
3 As used in this division, a research laboratory means a specially designated area used primarily for research in which hazardous chemicals are used by or under the direct supervision of a technically qualified person.

84 Acts, ch 1085, §11

DIVISION III
COMMUNITY RIGHT TO KNOW

455D.12 Community information on hazardous chemicals.
1 The public has a right to be informed about the presence of hazardous chemicals in the community and the potential health and environmental hazards that the chemicals pose.
2 The bureau shall receive and handle requests for information and complaints under this division which involve employer information covered under division II. The bureau shall adopt rules pursuant to chapter 17A regarding requests for information and the investigation and adjudication of complaints.
3 Requests for information under this division are confidential.

84 Acts, ch 1085, §12

455D.13 Accessibility of records.
1 Except as provided in subsection 2, records that are required to be kept by employers under this chapter are accessible to the public. Any records that are used to determine that certain information should not be accessible to the public for the reasons that the information is not relevant to public health and safety or that release of the information would cause damage to the employer.
2 Records do not need to be accessible to the public if any of the following apply:
   a. The information is trade secret information under this chapter and any rules regarding the release of the information.
   b. Under recommendation from the interagency council, the bureau has adopted rules specifying that certain classes or categories of records must not be released by employers.

Referred to in §455D.19

455D.14 Signs identifying hazardous chemicals.
If a building or structure has a floor space of five thousand square feet or less, an employer shall post signs on the outside of the building or structure identifying the type of each hazardous chemical contained in the building or structure. If the building has more than five thousand square feet, the employer shall post a sign at the place within the building where each hazardous chemical is permanently stored to identify the type of hazardous chemical. If the hazardous chemical or a portion of the hazardous chemical is moved within the building, the employer shall also move the sign or post an additional sign at the location where the hazardous chemical is moved. All letters and figures on signs required by this section shall be at least three inches in height. However, upon the written application of an employer, the bureau may permit less stringent sign posting requirements. The signs shall comply with the national fire protection association’s standard system for the identification of fire hazards of materials, based upon NFPA 704 1980. The bureau shall adopt rules exempting employers from the requirements of this section when a building
or structure or a portion of a building or structure does not contain significant amounts of a hazardous chemical.

The information shall be provided in sufficient specificity that the local fire department is informed of the nature of the hazardous chemicals, the hazards presented by the chemicals, and the appropriate response in dealing with an emergency involving the hazardous chemicals. The information shall conform to guidelines adopted by the bureau from recommendations of the interagency council under section 455D.19. The employer shall send the information by certified mail. The bureau shall adopt rules exempting employers from this requirement when buildings or structures do not contain significant amounts of a hazardous chemical.

DIVISION V
HAZARDOUS CHEMICALS INFORMATION INTERAGENCY COUNCIL

455D.16 Interagency council.

1. A hazardous chemicals information interagency coordinating council is created. The council shall be organized under chapter 28E. The council is composed of three voting members consisting of the designee of the commissioner of public health, the designee of the executive director of the department of water, air and waste management, and the designee of the labor commissioner. The council shall provide technical assistance to employers and the bureau on establishing safety procedures to minimize the public environmental and occupational health hazards from the use of hazardous chemicals and provide aid and assistance to small employers, vendors, sellers, or dispensers in the preparation of material safety data sheets as required by this chapter.

2. The interagency council has as its primary purpose to establish and facilitate interagency communication to accomplish the purposes of this chapter. The council shall place special emphasis upon avoiding duplication in regulation and reporting responsibilities of the agencies. The council shall review the implementation of this chapter. At least annually the council shall hold a public hearing regarding the provision of information under this chapter and consider public concerns regarding hazardous chemical reporting and regulation. The council shall report annually to the governor and the general assembly. The report shall contain information regarding the activities of the council, recommendations for modifications of this chapter that would further its purposes, and a summary of the information presented at any public hearing held by the council.

455D.17 Recommendations of interagency council.

The interagency council may recommend by the unanimous vote of the three voting members any of the following actions:

1. Expansion of the federal occupational safety and health administration's list of hazardous chemicals or reporting required under this chapter. The bureau shall adopt rules pursuant to chapter 17A to expand the list of information required if the bureau decides to follow the recommendation.

2. Expansion of the list of hazardous wastes reported to the department of water, air and waste management under 42 U.S.C. secs. 6921-6934 as amended to January 1, 1981, or information required concerning the wastes. The department shall adopt rules pursuant to chapter 17A to expand the list or information if the department decides to follow the recommendation.

However, the interagency council may make such recommendations only upon scientific evidence that there may be a significant threat to public health and safety without such action.

Referred to in §455D.8

455D.18 Role of department of health.

CHAPTER 456
DISSOLUTION OF DRAINAGE DISTRICTS
Referred to in §331 382, 455 215, 455 219, 467C 6

456.1 Jurisdiction to dissolve districts and abandon
or transfer improvements.

Drainage or levee districts may be dissolved and
abandoned or assimilated by the procedures pre-
scribed by this chapter.
1. When any drainage or levee district is free from
indebtedness and it shall appear that the necessity
therefor no longer exists or that the expense of the
continued maintenance of the ditch or levee is in ex-
cess of the benefits to be derived therefrom, the board
of supervisors or board of trustees, as the case may be,
shall have power and jurisdiction, upon petition of a
majority of the landowners, who, in the aggregate, own
sixty percent of all land in such district, to abandon
the same and dissolve and discontinue such districts
in the manner prescribed by sections 456.2 to 456.6.
Nothing in this subsection shall prevent the board
from eliminating land from a drainage district as per-
mitted under section 455.201.
2. When one drainage or levee district, either in-
tracounty or intercounty, includes within its territory
all of the territory of one or more other drainage or
levee districts, and it appears that one assessment and
one governing body would be to the benefit of the
owners and occupants of the land within the mutual
jurisdiction of the overlying and the contained dis-
tricts, the board of supervisors or board of trustees
may effect the dissolution of a contained district and
the transfer of jurisdiction and control over that con-
tained district's improvements to the overlying dis-
trict, in the manner prescribed by sections 456.11 to
456.16.

Referred to in §456 1, 456 6

456.2 Notice of hearing.

Upon the filing of such petition the board shall
enter an order fixing the date for hearing thereon not
less than forty days from the date of the filing thereof
and shall enter an order directing the county auditor,
if such district is under the control of the board of
supervisors, or the clerk of the board, if under the
control of a board of trustees, to immediately cause
notice of hearing thereon to be served on the owners
of lands in such district as may then be provided by
law in proceedings for the establishment of a drainage
or levee district.

Referred to in §456 1, 456 6

456.3 Hearing on petition.

At the time set for hearing on said petition the
board shall hear and determine the sufficiency of the
petition as to form and substance (which petition may
be amended at any time before final action thereon),
and all objections filed against the abandonment and
dissolution of such district. If it shall find that such
district is free from indebtedness and that the neces-
sity for the continued maintenance thereof no longer
exists or that the expense of the continued mainte-
nance of such district is not commensurate with the
benefits derived therefrom, it shall enter an order
abandoning and dissolving such district, which order
shall be filed with the county auditor of the county or
counties in which such district is situated and noted
on the drainage record.

Referred to in §456 1

456.4 Appeal.

Appeal may be taken from the order of the board to
the district court of the county in which such district
or a part thereof is situated, in the same time and
manner as appeal may be taken from an order of the
board of supervisors establishing a district.
[C35, §7598-g4; C39, §7598.14; C46, 50, 54, 58, 62,

Appeals, §455 92 et seq
456.5 Expense — refund.
In case there are sufficient funds on hand in such district, or there are unpaid assessments outstanding or other property belonging to such district in an amount sufficient to pay such expense, the expense of abandonment and dissolution shall be paid out of such funds or out of funds realized by the sale of such property. Where such district is free of indebtedness but there are not sufficient funds on hand or unpaid assessments outstanding or other assets to pay such expense the board shall assess such expense against the property in the district in the same proportions as the last preceding assessments of benefits. Any excess remaining to the credit of such district after sale of its assets and after payment of such expenses shall be prorated back to the property owners in the district in the proportions according to class and benefits as last assessed. If the petition is denied, the costs of said proceedings shall be paid by the petitioning owners.

456.6 Abandonment of rights of way.
If a dissolution is effected pursuant to section 456.1, subsection 1, and sections 456.2 to 456.5, the rights of way of the district for all purposes of the district shall be deemed abandoned.

456.11 Initiating dissolution of contained district.
To initiate the dissolution of a contained district under the circumstances described in section 456.1, subsection 2:
1. The board of supervisors or board of trustees of the district proposed to be dissolved shall enter an order for the proposed dissolution of that district and the surrender of its improvements and rights of way to the overlying district.
2. The board of supervisors or board of trustees of the overlying district shall enter an order approving the proposed acceptance of those improvements and rights of way.

456.12 Procedure for notice of hearing.
1. The board of the overlying district shall enter an order fixing a place and time, not less than forty days after the date of the later of the two orders required by section 456.11, for a hearing on the proposals described in the two orders.
2. The auditor, or auditors if the overlying district includes land lying in two or more counties, shall cause notice of the proposals and of the hearing to be given immediately upon the entry of an order under subsection 1. The notice must:
   a. Include the texts of the orders entered pursuant to section 456.11, the date, time and place of the hearing, and a statement that all objections to the proposals embodied in the orders must be made in writing and filed in the office of the auditor at or before the time set for the hearing.
   b. Be directed to all of the following:
      (1) The owner of each tract of land or lot within the overlying district, as shown by the tax records in the county or counties in which the affected district is situated.
      (2) All lienholders or encumbrancers of land within the overlying district, without naming them.
      (3) All actual occupants of land in the overlying district, without naming individuals.
      (4) All other persons whom it may concern.
   3. Except as otherwise required by section 455.22, the notice required by this section shall be served by publication once in a newspaper of general circulation in each county in which the overlying district's land is situated. The publication shall be made not less than twenty days prior to the day set for the hearing.
4. Proof of service shall be made by affidavit of the publisher.

456.13 Procedure at hearing.
The hearing shall be convened at the time and place fixed in accordance with section 456.12, subsection 1, and the procedure at the hearing shall be as prescribed by this section.
1. The board of the contained district shall first hear all objections filed against the dissolution of the district and the surrender of its improvements to the overlying district. If, at the conclusion of that portion of the hearing, the board finds that the contained district is free of debt, that the economic benefits of the continued maintenance of that district would not be commensurate with its cost, and that it would be advantageous to dissolve and discontinue the contained district and surrender its improvements and rights of way to the overlying district, it shall enter an order dissolving the contained district and directing the overlying district to accept the improvements and rights of way.
2. Immediately thereafter, the board of the overlying district shall hear all objections filed against the acceptance of the contained district's improvements and their maintenance. If it finds that the improvements are conducive to the drainage of surface waters from agricultural lands and all other lands in the overlying district or the protection of the lands from over flow, it shall enter an order accepting the improvements and rights of way of the contained district.
3. Orders issued pursuant to subsections 1 and 2 shall be filed with the county auditor of the county or counties in which the affected districts are situated and noted on the drainage record.
4. If at or before the time set for the hearing there have been filed with the county auditor or auditors, if either the contained or overlying district extends into more than one county, or with the board of either district, one or more remonstrances or objections to the dissolution of the contained district, or to the acceptance of that district's improvements and rights of way by the overlying district, signed by owners of land and land improvements in either district aggregating sixty percent of the total assessed value of the land in that district as shown by the tax records in the county or counties in which that district is located, the board to which the remonstrances or objections have been made shall abandon its proposed action.

456.14 Election in lieu of hearings.  
In lieu of the hearings provided for in section 456.13, the board of either district may call an election for the purpose of determining the dissolution of the contained district or the acceptance of that district’s improvements and rights of way by the overlying district. The questions may be submitted at a regular election of the district or at a special election called for that purpose. It is not mandatory for the county commissioner of elections to conduct the elections, however the provisions of sections 49.43 to 49.47, and of chapter 462, as they are applicable, shall govern the elections, and the question to be submitted shall be set forth in the notice of election.

1. If sixty percent or more of the votes cast are in favor of the proposed dissolution of the contained district involved, the board of that district shall enter an order dissolving the contained district and directing the surrender of its improvements and rights of way, conditioned on acceptance by the overlying district.

2. If sixty percent or more of the votes cast in the overlying district are in favor of the proposed acceptance by that district of the contained district’s improvements and rights of way, the board of the overlying district shall enter an order accepting the improvements and rights of way of the contained district.

3. Orders issued pursuant to subsections 1 and 2 shall be filed with the county auditor of the county or counties in which the affected districts are situated and noted on the drainage record.

456.15 Effect of dissolution, surrender and acceptance.  
When a contained district dissolves and surrenders its improvements and rights of way to the jurisdiction and control of an overlying district, and the overlying district accepts those improvements and rights of way, in accordance with sections 456.11 to 456.14

1. It is presumed that the classification of the lands which were included in the dissolved district, as previously determined by the commissioners in the classification of those lands as a part of the overlying district, remains equitable and no reclassification of the overlying district or any part of it is necessary.

2. The improvements surrendered and accepted are at all times under the supervision of the board of the overlying district, and it is the duty of that board to keep the improvements in repair as provided in section 455.135 as fully and completely as though the improvements were a part of the original construction or improvements in the overlying district.

3. It is presumed that:
   a. The improvements surrendered and accepted are an integral part of the overlying district’s improvements, and are a public benefit and conducive to the public health, convenience and welfare.
   b. No value is taken into consideration for the existing improvements nor is credit given to the parties owning them, and they shall not be considered an asset of the district that is dissolved.

4. The original cost and the subsequent cost of improvements in the district that has been dissolved are added to and become a part of the original cost and the subsequent cost of improvements in the overlying district.

[C81, §456.15]
Referred to in §456.1

456.16 Costs borne by overlying district.

If the amount necessary to pay for the improvement exceeds said sum, it shall be levied and collected in annual installments of twenty or less. The landowners shall take notice of and pay such assessments without other or further notice than such as is provided for in this chapter. The funds realized from such assessments shall constitute the drainage fund, as contemplated in this chapter, and shall be disbursed on warrants drawn against that fund by the county auditor, on the order of the board of supervisors.

467.1 Co-operation — procedure.
When proceedings for the drainage of lands bordering upon the state line are had and the total cost of constructing the improvement in this state, including all damage, has been ascertained, and the engineer in charge, before the final establishment of the district, reports that the establishment and construction of such improvement ought to be jointly done with like proceedings for the drainage of lands in the same drainage area in such an adjoining state and that drainage proceedings are pending in such state for the drainage of such lands, the said authorities of this state may enter an order continuing the hearing on the report, that portion of the improvement within this state including damages, of constructing the improvement in such district to a fixed date, of which all parties shall take notice
[SS15, §1989 a77, C24, 27, 31, 35, 39, §7752; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467 1]

467.2 Agreement as to costs.
The board shall have power, when the total cost, including damages, of constructing the improvement in such other state has been ascertained by the authorities of such other state, to enter into an agreement as to the separate amounts which the property owners of each state should in equity pay toward the construction of the joint undertaking. When such amount is thus determined, the board or boards having jurisdiction in this state shall enter the same in the minutes of their proceedings and shall proceed there with as though such amount to be paid by the portion of the district in this state had been originally determined by them as the cost of constructing the improvement in this state
[SS15, §1989 a77, C24, 27, 31, 35, 39, §7753; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467 2]

467.3 Contracts let by joint agreement.
When the bids for construction are opened, unless the construction work on each side of the line can go forward independently, no contract shall be let by the authorities in this state, unless the acceptance of a bid or bids for the construction of the whole project is first jointly agreed upon by the authorities of both states
[SS15, §1989 a77, C24, 27, 31, 35, 39, §7754; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467 3]

467.4 Separate contracts.
The contract or contracts for the construction of that portion of the improvement within this state shall be entirely distinct and separate from the contract or contracts let by the authorities of the neighboring state, but the aggregate amount of the contract or contracts for the construction of the work within this state shall not exceed an amount equal to the amount of the benefits assessed in this state including damages and other expenses

467.5 Conditions precedent.
No contract shall be let until the improvement shall be finally established in both states, and after the final adjustment in both states of damages and benefits. No bonds shall be issued until all litigation in both states arising out of said proceedings has been finally terminated by actual trial or agreements, or the expiration of all right of appeal
[SS15, §1989 a78, C24, 27, 31, 35, 39, §7756; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467 5]
467.6 **Assessments, bonds and costs — limitation.**

All proceedings except as provided in this chapter in relation to the establishment, construction, and management of interstate drainage districts shall be as provided for the establishment and construction of districts wholly within this state as provided in chapter 455. All such proceedings shall relate only to the lands of such district which are located wholly within this state. Boards having jurisdiction in this state may make just and equitable agreements with like authorities in such adjoining state for the joint management, repair, and maintenance of the entire improvement, after the establishment and completed construction thereof.

The votes for the office of district commissioner shall be canvassed in the same manner as the votes for county officers, and the returns shall be certified to the commissioners of the district. A plurality shall be sufficient to elect commissioners, and no primary election for the office shall be held. 7 To construct, improve, and maintain such structures as may be necessary or convenient for the performance of any of the operations authorized in this chapter. Any approval or permits from the council required under other provisions of law shall be obtained by the district prior to initiation of any construction activity.

8 To develop comprehensive plans for the conservation of soil resources and for the control and prevention of soil erosion and for the prevention of erosion, floodwater, and sediment damages within the district, which plans shall specify in such detail as may be possible, the acts, procedures, performances, and avoidance and necessary or desirable for the effectuation of such plans, including the specification of engineering operations, methods of cultivation, the growing of vegetation, cropping programs, tillage practices, and changes in use of land, and to publish such plans and information and bring them to the attention of owners and occupiers of lands within the district.

12. No provisions with respect to the acquisition, operation, or disposition of property by other public bodies shall be applicable to a district organized hereunder unless the legislature shall specifically so state.

13. After the formation of any district under the provisions of this chapter, all participation hereunder shall be purely voluntary, except as specifically stated herein.

15. To take notice of the conservancy district plan, and conform to the duly promulgated rules of the conservancy district or conservancy districts in which the soil conservation district is located; provided that this subsection does not grant any authority not otherwise granted by law to the commissioners of soil conservation districts.

16. At any time after five years after the organization of a district under the provisions of this chapter, any twenty-five owners of land lying within the boundaries of such district, but in no case less than twenty percent of the owners of land lying within such district, may file a petition with the state soil conservation committee praying that the operations of the district be terminated and the existence of the district discontinued. The committee may conduct such public meetings and public hearings upon such petition as may be necessary to assist in the consideration thereof. Within sixty days after such a petition has been received by the committee, the department shall give due notice of the holding of a referendum, and shall supervise such referendum, and issue appropriate regulations governing the conduct thereof, the question to be submitted by ballots upon which the words “For terminating the existence of the ...” and “Against terminating the existence of the ...” shall be printed, with a square before each proposition and a direction to insert an X mark in the square before one or the other of said propositions as the voter
may favor or oppose discontinuance of such district. All owners of lands lying within the boundaries of the district shall be eligible to vote in such referendum. Only such landowners shall be eligible to vote. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

When sixty-five percent of the landowners vote to terminate the existence of such district, the state soil conservation committee shall advise the commissioners to terminate the affairs of the district. The commissioners shall dispose of all property belonging to the district at public auction and shall pay over the proceeds of such sale to be covered into the state treasury. The commissioners shall thereupon file an application, duly verified, with the secretary of state for the discontinuance of such district, and shall transmit with such application the certificate of the state soil conservation committee setting forth the determination of the committee that the continued operation of such district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of and the proceeds paid over as in this section provided, and shall set forth a full accounting of such properties and proceeds of the sale. The secretary of state shall issue to the commissioners a certificate of dissolution and shall record such certificate in an appropriate book of record in the secretary of state's office.

Upon issuance of a certificate of dissolution under the provisions of this section, all ordinances and regulations theretofore adopted and in force within such districts shall be of no further force and effect. All contracts theretofore entered into, to which the district or commissioners are parties, shall remain in force and effect for the period provided in such contracts. The state soil conservation committee shall be substituted for the district or commissioners as party to such contracts. The committee shall be entitled to all benefits and subject to all liabilities under such contracts and shall have the same right and liability to perform, to require performance, and sue and be sued thereon, and to modify or terminate such contracts by mutual consent or otherwise, as the commissioners of the district would have had.

The state soil conservation committee shall not entertain petitions for the discontinuance of any district nor conduct referenda upon such petitions nor make determinations pursuant to such petitions in accordance with the provisions of this chapter, more often than once in five years.

DIVISION III

SUBDISTRICTS

§467A.13 Purpose of subdistricts.

Subdistricts of a soil conservation district may be formed as hereinafter provided for the purposes of co-operating with conservancy districts and of carrying out watershed protection and flood prevention programs within the subdistrict but may not be formed solely for the purpose of establishing or taking over the operation of an existing drainage district.

§467A.14 Petition to form.

When the landowners in a proposed subdistrict desire that a subdistrict be organized, they shall file a petition with the commissioners of the soil conservation district. The area must be contiguous and in the same watershed but in no event shall it include any area located within the boundaries of an incorporated city. The petition shall set forth an intelligible description by congressional subdivision, or otherwise, of the land suggested for inclusion in the subdistrict and shall state whether the special annual tax or special benefit assessments will be used, or whether the use of both is contemplated. The petition shall contain a brief statement giving the reasons for organization, requesting that the proposed area be organized as a subdistrict and must be signed by sixty-five percent of the landowners in the proposed subdistrict. Land already in one subdistrict cannot be included in another. The soil conservation district commissioners shall review such petition and if found adequate shall arrange for a hearing thereon.

§467A.15, SOIL AND WATER CONSERVATION

The commissioners of a soil conservation district in which the subdistrict is formed shall be the governing body of the subdistrict. When a subdistrict lies in more than one soil conservation district, the combined board of commissioners shall be the governing body. The governing body of the subdistrict shall appoint three trustees living within the subdistrict to assist with the administration of the subdistrict

After obtaining agreements to carry out recommended soil conservation measures and proper farm plans from owners of not less than fifty percent of the lands situated in the subdistrict, a subdistrict shall have the authority to impose a special annual tax, the proceeds of which shall be used for the repayment of actual and necessary expenses incurred to organize the subdistrict, to acquire land or rights or interests therein by purchase or condemnation, repair, alteration, maintenance and operation of the present and future works of improvement within its boundaries.

On or before January 10 of each year its governing body shall make an estimate of the amount it deems necessary to be raised by such special tax for the ensuing year and transmit said estimate in dollars to the board of supervisors of the county in which the subdistrict lies.

If portions of the subdistrict are in more than one county, then the governing body, as hereinafter designated in such event, after arriving at the estimate in dollars deemed necessary for the entire subdistrict shall ratably apportion such amount between the counties and transmit and certify the prorated portion to the respective boards of supervisors of each of the counties.

The board or boards of supervisors shall upon receipt of certification from the governing body of the district make the necessary levy on the assessed valuation of all real estate within the boundaries of the subdistrict lying within their respective county to raise said amounts, but in no event to exceed one dollar and eight cents per thousand dollars of assessed value.

The special tax so levied shall be collected in the same manner as other taxes with like penalty for delinquency, with the proceeds therefrom to be kept in a separate account by the appropriate county treasurer or treasurers identified by the official name of the subdistrict and expenditures therefrom shall be made on requisition of the chairperson and secretary of the governing body of the subdistrict.

The governing body of the subdistrict, upon determination that benefits from works of improvement as set forth in the watershed work plan to be installed will exceed costs thereof, and that funds needed for purposes of the subdistrict require levy of a special benefit assessment as provided in section 467A.23, in lieu of the special annual tax as provided in section 467A.20, shall record its decision to use said taxing authority and shall have authority, upon majority vote of said governing body and with the approval of the state soil conservation committee, to issue warrants or bonds payable in not more than forty semianual installments in connection therewith, and to pledge and assign the proceeds of the special benefit assessment and other revenues of the subdistrict as security therefor. Such warrants and bonds of indebtedness shall be general obligations of the subdistrict, exempt from all taxes, state and local, and in no event shall such warrants and bonds constitute an indebtedness of the soil conservation district or the state of Iowa.

After obtaining agreements to carry out recommended soil conservation measures and proper farm plans from owners of not less than fifty percent of the lands situated in the subdistrict, the governing body of the subdistrict shall have the authority to establish a special tax for the purpose of organization, construction, repair, alteration, enlargement, extension and operation of present and future works of improvement within the boundaries of said subdistrict. The governing body shall appoint three appraisers to assess benefits and classify the land affected by such improvements. One of such appraisers shall be a competent registered professional engineer and two of them shall be resident landowners of the county or counties in which the subdistrict is located but not living within nor owning or operating any lands included in said subdistrict.

The appraisers shall take and subscribe an oath of their qualifications and to perform the duties of classification of said lands, fix the percentages, benefits and apportion and assess the costs and expenses of construction of the said improvement according to law and their best judgment, skill, and ability. If said appraisers or any of them fail or neglect to act or perform the duties in the time and as required of them by law, the governing body of the subdistrict shall appoint others with like qualifications to take their places and perform said duties.

Within twenty days after their appointment, they shall begin to inspect and classify all the lands within said district, or any change, extension, enlargement, or relocation thereof in tracts of forty acres or less according to the legal or recognized subdivisions, in a graduated scale of benefits to be numbered according to the benefit to be received by each of such tracts from such improvement, and pursue said work continuously until completed and, when completed, shall make a full, accurate, and detailed report thereof and file the same with the governing body. The lands receiving the greatest benefit shall be marked on a scale of one hundred, and those benefited in a less degree with such percentage of one hundred as the benefits received bear in proportion thereto.

The amount of benefit appraised to each forty acres of land within the subdistrict shall be determined by the improvements within said subdistrict based upon the work plan as agreed upon by the subdistrict.

All such installments shall be without interest if paid at said times, otherwise said assessments shall bear interest from the date of the levy at a rate fixed by the governing body of the subdistrict, but not exceeding that permitted by chapter 74A, payable annually, and be collected as other taxes on real estate, with like penalty for delinquency.

SOIL AND WATER CONSERVATION, §467A.42

DIVISION V
SOIL AND WATER CONSERVATION PRACTICES

467A.42 Soil and water conservation practices.
In addition to the definitions established by section 467A 3, as used in sections 467A 43 to 467A 53 and sections 467A 61 to 467A 66, unless the context otherwise requires:

1. "Soil loss limit" means the maximum amount of soil loss due to erosion by water or wind, expressed in terms of tons per acre per year, which the commission of the respective soil conservation districts shall determine is acceptable in order to meet the objectives expressed in section 467D 1.

2. "Soil and water conservation practices" means any of the practices designated in or pursuant to this subsection which serve to prevent erosion of soil by wind or water, in excess of applicable soil loss limits, from land used for agricultural or horticultural purposes only:

   a. "Permanent soil and water conservation practices" means planting of perennial grasses, legumes, shrubs, or trees, the establishment of grassed waterways, and the construction of terraces, or other permanent soil and water practices approved by the state soil conservation committee.

   b. "Temporary soil and water conservation practices" means planting of annual or biennial crops, use of strip cropping, contour planting, minimum or mulch tillage, and any other cultural practices approved by the state soil conservation committee.

3. "Erosion control practices" means:

   a. The construction or installation, and maintenance, of such structures or devices as are necessary to carry to a suitable outlet from the site of any building housing four or more residential units, any commercial or industrial development or any publicly or privately owned recreational or service facility of any kind, not served by a central storm sewer system, any water which:

      (1) Would otherwise cause erosion in excess of the applicable soil loss limit, and

      (2) Does not carry nor constitute sewage, industrial waste, or other waste as defined by section 455B 102.

   b. The employment of temporary devices or structures, temporary seeding, fibre mats, plastic, straw, or other measures adequate to prevent erosion in excess of the applicable soil loss limits from the site of, or land directly affected by, the construction of any public or private street, road or highway, any residential, commercial, or industrial building or development, or any publicly or privately owned recreational or service facility of any kind, at all times prior to completion of such construction.

   c. The establishment and maintenance of vegetation upon the right of way of any completed portion of any public street, road, or highway, or the construction or installation thereon of structures or devices, or
other measures adequate to prevent erosion from the right of way in excess of the applicable soil loss limits.

4. "Agricultural land" has the meaning assigned that term by section 172C.1.

5. "Farm unit" means a single contiguous tract of agricultural land, or two or more adjacent tracts of agricultural land, located within a single soil conservation district, upon which farming operations are being conducted by a person who owns or is purchasing or renting all of such land, or by that person's tenant or tenants. If a landowner has multiple farm tenants, the land on which farming operations are being conducted by each tenant shall constitute a separate farm unit. This definition does not prohibit land which is within a single soil conservation district and is owned or being purchased by the same person, or is being rented by the same tenant, from being treated as two or more farm units if the commissioners of the soil conservation district deem it preferable to do so.

6. "Conservation folder" means compiled information concerning the topography, soil composition, natural or artificial drainage characteristics and other pertinent factors concerning a particular farm unit, which are necessary to the preparation of a sound and equitable conservation agreement for that farm unit. The specific items to be contained in a conservation folder shall be prescribed by administrative rules of the department of soil conservation. The department shall provide by rule that an updated farm plan prepared for a particular farm unit within ten years prior to the effective date of this subsection shall be considered an adequate replacement for the conservation folder for that farm unit.

7. "Farm unit soil conservation plan" means a plan jointly developed by the owner and, if appropriate, the operator of a farm unit and the commissioners of the soil conservation district within which that farm unit is located, based on the conservation folder for that farm unit and identifying those permanent soil and water conservation practices and temporary soil and water conservation practices the use of which may be expected to prevent soil loss by erosion from that farm unit in excess of the applicable soil loss limit or limits. The plan shall if practicable identify alternative practices by which this objective may be attained.

8. "Conservation agreement" means a commitment by the owner or operator of a farm unit to implement a farm unit soil conservation plan or, with the approval of the commissioners of the soil conservation district within which the farm unit is located, a portion of a farm unit soil conservation plan. The commitment shall be conditioned on the furnishing by the soil conservation district of such technical or planning assistance in the establishment of, and cost sharing or other financial assistance for establishment and maintenance of the soil and water conservation practices necessary to implement the plan, or a portion of the plan.

467A.43 Duty of property owners.
To conserve the fertility, general usefulness, and value of the soil and soil resources of this state, and to prevent the injurious effects of soil erosion, it is hereby made the duty of the owners of real property in this state to establish and maintain soil and water conservation practices or erosion control practices, as required by the regulations of the commissioners of the respective soil conservation districts. As used in this section, "owners of real property in this state" includes each state government agency, each political subdivision of the state and each agency of such a political subdivision which has under its control publicly owned land, including but not limited to agricultural land, forests, parks, the grounds of state educational, penal and human service institutions, public highways, roads and streets, and other public rights of way.

467A.44 Rules by commissioners — scope.
The commissioners of each soil conservation district shall, with approval of and within time limits set by administrative order of the state soil conservation committee, adopt such reasonable regulations as are deemed necessary to establish a soil loss limit or limits for the district and provide for the implementation of the limit or limits, and may subsequently amend or repeal their regulations as they deem necessary. The state soil conservation committee shall review the soil loss limit regulations adopted by the soil conservation districts at least once every five years, and shall recommend any changes in the regulations of any soil conservation district which the state committee deems necessary to assure that the district's soil loss limits are reasonable and attainable. The commissioners may:

1. Classify land in the district on the basis of topography, soil characteristics, current use, and other factors affecting propensity to soil erosion.

2. Establish different soil loss limits for different classes of land in the district if in their judgment and that of the state soil conservation committee a lower soil loss limit should be applied to some land than can reasonably be applied to other land in the district, it being the intent of the general assembly that no land in the state be assigned a soil loss limit that cannot reasonably be applied to such land.

3. Require the owners of real property in the district to employ either soil and water conservation practices or erosion control practices, and:

a. May not specify the particular practices to be employed so long as such owners voluntarily comply with the applicable soil loss limits established for the district.

b. May specify two or more approved soil and water conservation practices or erosion control practices, one of which shall be employed by the landowner to bring erosion from land under the landowner's control within the applicable soil loss limit of the district when an administrative order is issued to the landowner.

c. In no case may the commissioners require:
   (1) The employment of erosion control practices as defined in section 467A.42, subsection 3, on land used in good faith for agricultural or horticultural purposes only.
   (2) The employment of soil and water conservation practices or erosion control practices on that portion of any public street, road or highway completed or under construction within the corporate limits of
any city, which is or will become the traveled or sur-
fac ed portion of such street, road, or highway.

(3) That any owner or operator of agricultural
land refrain from fall plowing of land on which the
owner or operator intends to raise a crop during the
next succeeding growing season, however, on those
lands which are prone to excessive wind erosion the
commissioners may require that reasonable temporary
measures be taken to minimize the likelihood of
wind erosion so long as such measures do not unduly
increase the cost of operation  of the farm on which the
land is located. However, fall plowing of soil which is
commonly known as gumbo shall always be permitted.

d May require that a person under an order to
employ soil and water conservation practices or ero-
sion control practices submit up to three bids to the
commissioners for the work and provide an explana-
tion to the commissioners if a bid other than the
lowest bid has been selected by that person.

Regulations which the commissioners propose to
adopt, amend, or repeal shall be submitted to the state
soil conservation committee, in such form as the com-
mittee shall prescribe, for its approval. The committee
may approve the regulations as submitted, or with

time not less than ten nor more than thirty days after
such publication when a hearing on the proposed reg-

shall include the full text of the proposed regulations
or shall state that the proposed regulations are on file

soil conservation district.

467A.47 Inspection of land on complaint.

The commissioners of any soil conservation district
shall inspect or cause to be inspected any land within
the district, upon receipt of a written and signed com-
plaint, from an owner or occupant of land being
damaged by sediment, that soil erosion is occurring
thereon in excess of the limits established by the dis-
 tract's soil erosion control regulations. If they find
that sediment damages are occurring to property owned
or occupied by the person filing the complaint and that
such excess soil erosion is so occurring on the land
inspected, they shall issue an administrative order to
the landowner or landowners of record. and to the
occupant of the land if known to the commissioners,
describing said land and stating as nearly as possible
the extent to which soil erosion thereon exceeds the
limits established by the district's regulations. The
order shall be delivered either by personal service or
by restricted certified mail to each of the persons to
whom it is directed, and shall:

1. In the case of erosion occurring on the site of
any construction project or similar undertaking in-
volving the removal of all or a major portion of the
vegetation or other cover, exposing bare soil directly
to water or wind, state a time not more than five days
after service or mailing of the notice of the order when
work necessary to establish or maintain erosion con-
 trol practices must be commenced, and a time not
more than thirty days after service or mailing of the
notice of the order when the work is to be satisfactori-
ly completed.

2. In all other cases, state a time not more than six
months after service or mailing of the notice of the
order, by which work needed to establish or maintain
the necessary soil and water conservation practices or
erosion control measures must be commenced, and a
time not more than one year after the service or mail-
ing of the notice of the order when the work is to be
satisfactorily completed, unless the requirements of
the order are superseded by the provisions of section

467A.48 Application for public cost-sharing funds.

1. An owner or occupant of land in this state is not
required to establish any new permanent or tempo-
rary soil and water conservation practice unless public
or other cost-sharing funds have been specifically ap-
proved for that land and actually made available to
the owner or occupant. The amount of cost-sharing
funds made available shall not exceed seventy-five
percent of the estimated cost as established by the
commissioners of a permanent soil and water conser-
vation practice, or seventy-five percent of the actual
cost, whichever is less, or an amount set by the state
soil conservation committee for a temporary soil and
water conservation practice, except as otherwise pro-
vided by law with respect to land classified as agricul-
tural land under conservation cover. The commis-
sioners shall establish the estimated cost of
permanent soil and water conservation practices in
the district based upon one and two-tenths of the
average cost of the practices installed in the district
during the previous year. The average costs shall be
reviewed and approved by the commissioners each
calendar year.

2. The state soil conservation committee shall re-
view these requirements once each year, and may au-
 thorize soil conservation district commissioners to
make the mandatory establishment of any specified
§467A.48, SOIL AND WATER CONSERVATION

soil and water conservation practice in any particular case conditional on a higher proportion of public cost-sharing than is required by this section. When the commissioners have been so authorized, they shall, in determining the amount of cost-sharing for establishment of a specified soil and water conservation practice to comply with an administrative order issued pursuant to section 467A.47, consider the extent to which the practice will contribute benefits to the public in relation to the benefits that will accrue to the individual owner or occupant of the land on which the practice is to be established. Evidence that an application for public or other cost-sharing funds, from a source or sources having authority to pay a portion of the cost of work needed to comply with an administrative order issued pursuant to section 467A.47, has been submitted to the proper officer or agency constitutes commencement of the work within the meaning of sections 467A.43 to 467A.53.

3. Upon receiving evidence of the submission of an application, the commissioners shall forward to the officer or agency to which the application was made a written request to receive notification of the disposition of the application. When notified of the approval of the application, the commissioners shall issue to the same parties who received the original administrative order, or their successors in interest, a supplementary order, to be delivered in the same manner as provided by sections 467A.43 to 467A.53 for delivery of original administrative orders. The supplementary order shall state a time, not more than six months after approval of the application for public cost-sharing funds, by which the work needed to comply with the original administrative order shall actually be commenced, and a time thereafter when the work is to be satisfactorily completed. If feasible, that time shall be within one year after the date of the supplementary order, but the owner of land on which a soil and water conservation practice is being established under this section is not required to incur a cost for the practice in any one calendar year which exceeds ten dollars per acre for each acre of land belonging to that owner and located in the county containing the land on which the required practice is being established or in counties contiguous to that county.

The commissioners shall petition the district court for a court order requiring immediate compliance with an administrative order previously issued by the commissioners as provided in section 467A.47, if:

1. The work necessary to comply with the administrative order is not commenced on or before the date specified in such order, or in any supplementary order subsequently issued as provided in section 467A.48, unless in the judgment of the commissioners the failure to commence or complete the work as required by the administrative order is due to factors beyond the control of the person or persons to whom such order is directed and the person or persons can be relied upon to commence and complete the necessary work at the earliest possible time.

2. Such work is not being performed with due diligence, or is not satisfactorily completed by the date specified in the administrative order, or when completed does not reduce soil erosion from such land below the limits established by the soil conservation district’s regulations.

3. The person or persons to whom the administrative order is directed advise the commissioners that they do not intend to commence or complete such work.

467A.50 Burden — court order.
In any action brought under section 467A.49, the burden of proof shall be upon the commissioners to show that soil erosion is in fact occurring in excess of the applicable soil loss limits and that the defendant has not established or maintained soil and water conservation practices or erosion control practices in compliance with the soil conservation district’s regulations. With respect to construction, repair, or maintenance of any public street, road, or highway, evidence that soil erosion control standards equivalent to or in excess of those currently imposed by the United States government on the project or like projects involving use of federal funds shall create a presumption of compliance with the applicable soil loss limit. Upon receiving satisfactory proof, the court shall issue an order directing the landowner or landowners to comply with the administrative order previously issued by the commissioners. The court may modify such administrative order if deemed necessary. Notice of the court order shall be given either by personal service or by restricted certified mail to each of the persons to whom the order is directed, who may within thirty days from the date of the court order appeal to the supreme court. Any person who fails to comply with a court ordered issued pursuant to this section within the time specified in such order, unless the order has been stayed pending an appeal, shall be deemed in contempt of court and may be punished accordingly.

467A.51 Entering on land.
The commissioners and their authorized agents or employees may enter upon any private or public property, except private dwellings, at any reasonable time to classify land by soil sampling or other appropriate methods or to determine whether soil erosion is occurring on the property in violation of the district’s regulations.

1. If the owner or occupant of any property refuses admittance, or if prior to such refusal the commissioners demonstrate the need for a warrant, the commissioners may make an application under oath or affirmation to the district court of the county in which the property is located for the issuance of a search warrant.

2. In the application the commissioners shall state that entry on the premises is mandated by the laws of this state or that entry is needed to conduct soil sampling necessary to classify soil in the district as specified in section 467A.44, subsection 1, or to determine whether soil erosion is occurring on the property in violation of the district’s regulations. The application shall describe the area or premises, give the date of the
last known investigation or sampling, give the date and time of the proposed inspection, declare the need for such inspection, recite that notice of desire to make an inspection has been given to affected persons and that admission was refused if that be the fact, and state that the inspection has no purpose other than to carry out the purpose of the statute, ordinance or regulation pursuant to which the inspection is to be made.

3. The court may issue a search warrant, after examination of the applicant and any witnesses, if the court is satisfied that there is probable cause to believe the existence of the allegations in the application.

4. In soil sampling and making investigations pursuant to a warrant, the commissioners must execute the warrant in a reasonable manner within the time period specified in the warrant.

467A.61 Discretionary inspection by commissioners — actions upon certain findings.

1. In addition to the authority granted by section 467A.47, the commissioners of any soil conservation district may inspect or cause to be inspected any land within the district on which they have reasonable grounds to believe that soil erosion is occurring in excess of the limits established by the district’s soil erosion control regulations. If the commissioners find from an inspection conducted under authority of either section 467A.47 or this section that soil erosion is occurring on that land in excess of the applicable soil loss limits established by the district’s soil erosion control regulations, they shall send notice of that finding to the landowner or landowners of record, and to the occupant of the land if known to the commissioners. The notice shall describe the land affected and shall state as nearly as possible the extent to which soil erosion from that land exceeds the applicable soil loss limits.

a. If the commissioners find that the excessive erosion described in the notice is not causing sediment damage to property owned or occupied by any person other than the owner or occupant of the land on which the excessive soil erosion is occurring, and that the rate of the excessive erosion is less than twice the applicable soil loss limit, the notice required by this subsection shall include or be accompanied by information regarding financial or other assistance which the commissioners are able to make available to the owner or occupant of the land to aid in achieving compliance with the applicable soil loss limits.

b. If the commissioners find that the excessive soil erosion described in the notice is not causing sediment damage to property owned or occupied by any person other than the owner or occupant of the land on which it is occurring, but that the erosion is occurring at a rate equal to or greater than twice the applicable soil loss limit, the notice shall so state, shall include or be accompanied by the information required by paragraph “a” of this subsection, and shall be delivered by personal service or by restricted certified mail to each of the persons to whom the notice is directed. A notice given under this paragraph shall also include or be accompanied by information explaining the provisions of subsection 2.

2. Beginning January 1, 1985, or five years after the completion of the conservation folder for a particular farm unit pursuant to this section, whichever date is later, the commissioners of the soil conservation district in which that farm unit is located may petition the district court for an appropriate order with respect to that farm unit if its owner or occupant has been sent a notice by the commissioners under subsection 1, paragraph “b” for three or more consecutive years. The commissioners’ petition shall seek a court order which states a time not more than six months after the date of the order when the owner or occupant must commence, and a time when the owner or occupant must complete the steps necessary to comply with the order. The time allowed to complete the establishment of any temporary soil and water conservation practice employed to comply or advance toward compliance with the court’s order shall be not more than one year after the date of that order, and the time allowed to complete the establishment of any permanent soil and water conservation practice employed to comply with the court’s order shall be not more than five years after the date of that order. The provisions of section 467A.48 shall apply to a court order issued under this subsection. The steps required of the farm unit owner or operator by the court order shall be those which are necessary to do one of the following:

a. Bring the farm unit which is the subject of the order into compliance with its farm unit soil conservation plan, if such a plan had been agreed upon prior to the time the commissioners petitioned for the order.

b. Bring the farm unit which is the subject of the order into compliance with a plan developed for that farm unit by the commissioners, in accordance with guidelines established by the department of soil conservation, and presented to the court as a part of the commissioners’ petition, if a farm unit soil conservation plan has not previously been agreed upon for that farm unit. A plan presented to the court by the commissioners under this paragraph shall specify as many alternative approved soil and water conservation practices as feasible, among which the owner or occupant of the farm unit may choose in taking the steps necessary to comply with the court’s order.
§467A.61, SOIL AND WATER CONSERVATION

c Bring the farm unit which is the subject of the order into compliance with a soil conservation plan developed by the owner or occupant of that farm unit as an alternative to the proposed soil conservation plan developed by the commissioners, if the owner or occupant so petitions the court and the court finds that the owner or occupant's plan will bring the farm unit into conformity with the applicable soil loss limits of the district.

3 The commissioners may also cause an inspection of land within the district on which they have reasonable grounds to believe that a permanent soil and water conservation practice established with public cost sharing funds is not being properly maintained or is being altered in violation of section 467A 7, subsection 16. If the commissioners find that the practices are not being maintained or have been altered in violation of section 467A 7, subsection 16, the commissioners shall issue an administrative order to the landowner who made the unauthorized removal, alteration or modification to maintain, repair, or reconstruct the permanent soil and water conservation practices. The requirement for maintenance and repair is for the length of time as defined in section 467A 7, subsection 16. Public cost sharing funds are not available for the work under this order. If the landowner fails to comply with the administrative order, the commissioners may petition the district court for an order compelling compliance with the order. Upon receiving satisfactory proof, the court shall issue an order directing compliance with the administrative order and may modify the administrative order. The provisions of section 467A 50 relating to notice, appeals and contempt of court shall apply to proceedings under this subsection.

a Each farm unit shall be furnished a conservation folder complying with the rules of the department by the soil conservation district in which the farm unit is located, not later than January 1, 1985, or as soon thereafter as adequate funding is available for the work under this order. If the landowner fails to comply with the administrative order, the commissioners may petition the district court for an order compelling compliance with the order. Upon receiving satisfactory proof, the court shall issue an order directing compliance with the administrative order and may modify the administrative order. 467A.64 Erosion controls plans required for certain projects.

1. If a political subdivision has adopted a sediment control ordinance which the commissioners and the political subdivision jointly agree is at least as equally effective as the commissioners' rules in preventing erosion from exceeding the established soil loss limits, the commissioners and the political subdivision shall execute an agreement under chapter 28E allowing an agency authorized by the political subdivision to receive and file an affidavit from a person, prior to initiating a land disturbing activity in that subdivision, stating that the proposed activity will not exceed the established soil loss limits. A copy of the affidavit shall be mailed to the district as a part of the terms of the agreement. The affidavit shall be in a form prescribed by the department and made available by the district.

2. Prior to initiating a land disturbing activity in a political subdivision which has not adopted sediment control ordinances as described in subsection 1, a person engaged in the land disturbing activity shall file a signed affidavit with the soil conservation district that the project will not exceed the soil loss limits. The affidavit shall be in a form prescribed by the department and made available by the district.

3. For the purposes of this section, "land disturbing activity" means a land change such as the tilling, clearing, grading, excavating, transporting or filling of land which may result in soil erosion from water or wind and the movement of sediment and sediment related pollutants into the waters of the state or onto lands in the state but does not include the following:
   a. Tilling, planting or harvesting of agricultural, horticultural or forest crops.
   b. Preparation for single-family residences separately built unless in conjunction with multiple construction in subdivision development.
   c. Minor activities such as home gardens, landscaping, repairs and maintenance work.
   d. Surface or deep mining.
   e. Installation of public utility lines and connections, fence posts, sign posts, telephone poles, electric poles and other kinds of posts or poles.
   f. Septic tanks and drainage fields unless they are to serve a building whose construction is a land disturbing activity.
   g. Construction and repair of the tracks, right of way, bridges, communication facilities and other related structures of a railroad.
   h. Emergency work to protect life or property.
   i. Disturbed land areas of less than twenty-five thousand square feet unless a political subdivision by ordinance establishes a smaller exception or establishes conditions for this exception.
   j. The construction, relocation, alteration or maintenance of public roads by a public body.

4. If the agency authorized under subsection 1 determines that a land disturbing activity is not being conducted in compliance with the soil loss limits, it shall file a written and signed complaint with the soil conservation district commissioners. The complaint shall have the same effect and validity as a complaint filed by an owner or occupant of land being damaged by sediment pursuant to section 467A.47. If the affidavit is filed with the district or the political subdivision, the commissioners may proceed on their own complaint. The soil conservation district commissioners may issue an administrative order as provided in that section to the person conducting the land disturbing activity.

467A.65 Cost sharing for certain lands restricted.

1. It is the intent of this act that, effective January 1, 1981, each tract of agricultural land which has not been plowed or used for growing row crops at any time within fifteen years prior to that date, shall for purposes of this section be considered classified as agricultural land under conservation cover. If any tract of land so classified is thereafter plowed or used for growing row crops, the commissioners of the soil conservation district in which the land is located shall not approve use of state cost-sharing funds for establishing permanent or temporary soil and water conservation practices on that tract of land in an amount greater than one-half the amount of cost-sharing funds which would be available for that land if it were not considered classified as agricultural land under conservation cover. The restriction imposed by this section shall apply even if an administrative order or court order has been issued requiring establishment of soil and water conservation practices on that land. The commissioners may waive the restriction imposed by this section if they determine in advance that the purpose of plowing or row cropping land classified as land under conservation cover is to revitalize permanent pasture and that the land will revert to permanent pasture within two years after it is plowed.

2. When receiving an application for state cost-sharing funds to pay a part of the cost of establishing a permanent or temporary soil and water conservation practice, the commissioners of the soil conservation district to which the application is submitted shall require the applicant to state in writing whether, to the best of the applicant's knowledge, the land on which the proposed practice will be established is land considered to be classified as agricultural land under conservation cover, as defined in subsection 1. An applicant who knowingly makes a false statement of material facts or who falsely denies knowledge of material facts in completing the written statement required by this subsection commits a simple misdemeanor and, in addition to the penalty prescribed therefore by law, shall be required to repay to the department of soil conservation any cost-sharing funds made available to the applicant in reliance on the false statement or false denial.

467A.71 Conservation practices revolving loan fund.

1 The state soil conservation committee may establish a conservation practices revolving loan fund composed of any money appropriated by the general assembly for that purpose, and of any other moneys available to and obtained or accepted by the committee from the federal government or private sources for placement in that fund. Except as otherwise provided by subsection 3, the assets of the conservation practices revolving loan fund shall be used only to make loans directly to owners of land in this state with a net worth not to exceed three hundred thousand dollars for the purpose of establishing on that land any new permanent soil and water conservation practice which the commissioners of the soil conservation district in which the land is located have found is necessary or advisable to meet the soil loss limits established for that land. Revolving loan funds and public cost-sharing funds shall not be used in combination for funding a particular soil and water conservation practice. The net worth of the applicant shall be provided by a financial institution of the state of Iowa. Each loan made under this section shall be for a period not to exceed ten years, shall bear no interest, and shall be repayable to the conservation practices revolving loan fund in equal yearly installments due March 1 of each year the loan is in effect. The interest rate upon loans for which payment is delinquent shall accelerate immediately to the current legal usury limit. Applicants shall be eligible for no more than ten thousand dollars in loans outstanding at any time under this program. “Permanent soil and water conservation practices” has the same meaning as defined in section 467A 42 and those established under this program are subject to the requirements of section 467A 7, subsection 16. Loans made under this program shall come due for payment upon sale of the land on which those practices are established.

2 The general assembly finds and declares the following:

a The erosion of topsoil on agricultural land by wind and water is a serious problem within the state and one which threatens to destroy the natural resource most responsible for Iowa’s prosperity.

b It is necessary to the preservation of the economy and well being of the state to encourage soil conservation practices by providing loans for permanent soil and water conservation practices on agricultural land within the state.

c The use of state funds for the conservation practices revolving loan fund established under subsection 1 is in the public interest, and the purposes of this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned, or granted. 3 The state soil conservation committee may authorize payment from the conservation practices revolving loan fund, from fees and from any income received by investments of money in the fund for costs, commissions, attorney fees and other reasonable expenses related to and necessary for making and protecting direct loans under this section, and for the recovery of moneys loaned or the management of property acquired in connection with such loans.

4 This section does not negate the provisions of section 467A 48 that an owner or occupant of land in this state shall not be required to establish any new soil and water conservation practice unless public cost-sharing funds have been approved and are available for the land affected. However, the owner of land with respect to which an administrative order to establish soil and water conservation practices has been issued under section 467A 47 but not complied with for lack of public cost-sharing funds, may waive the right to await availability of such funds and instead apply for a loan under this section to establish any permanent soil and water conservation practices necessary to comply with the order. If a landowner does so, that loan application shall be given preference by the state soil conservation committee if there are applications for more loans under this section than can be made from the money available in the conservation practices loan reserve fund. If it is found necessary to deny an application for a soil and water conservation practices loan to a landowner who has waived the right to availability of public cost-sharing funds before complying with an administrative order issued under section 467A 47, the landowner’s waiver is void.

In counties where soil conservation districts exist the commissioners in said county shall be responsible for the inspection of all flood and erosion control structures built on private land under easement to the county; shall furnish such technical assistance as they may have available in making estimates of needed repairs without cost to the county, and shall report any needed repair and the nature thereof to the county board of supervisors. [C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467B.8]

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §467B.13] Referred to in §331 401

467B.14 Allocation.
Sixty-five percent of any such payments or payment received from the federal government shall be distributed to the general fund of the school districts of the county after the county auditor has determined the districts which are principally affected by the federal flood control project involved in an amount deemed to be the equitable share of each such district and the amount allocated to each school district shall be paid over to the treasurer of such school district.

The county auditor shall certify to the executive council of the state the amounts allocated to each school district in the previous year, on January 2 of the following year. The executive council of the state shall deduct this amount from any tax free land reimbursement claim filed that year under section 284.4*; except that in no case shall the deduction result in an amount less than the total of the tax free land reimbursement plus any benefits payable to the school district other than the amounts specified in this paragraph. The remaining ten percent of any such payment received by the county treasurer from the federal government, or so much thereof as may be deemed necessary by the board of supervisors, shall be allocated to the local fire departments of the unincorporated villages, townships and cities of the county which are principally affected by the federal flood control project involved, to be paid and prorated among them as determined by the board of supervisors. If the funds prorated to local fire departments in any county are less than ten percent of the total county share of such federal payments for any year, the amount which exceeds such prorations shall revert back to and be divided equally between the secondary road fund and the local school district fund. Such board shall also have jurisdiction, power and authority at any regular, special or adjourned session to establish, in the same manner that the districts hereinabove referred to are established, districts having for their purpose soil conservation in mining areas within the county, and provide that anyone engaged in removing the surface soil over any bed or strata of coal in such district for the purpose of obtaining such coal shall replace the surface soil as nearly as practicable to its original position, and provide that, upon abandonment of such removal operation, all surface soil shall be so replaced. a. That portion of Sac county not included in the Des Moines river conservancy district and also all territory within the corporate limits of the city of Wall Lake, as such limits existed on January 1, 1969, including the portion of such city within any of the sections of land listed in paragraph ‘h’ of subsection 4 of this section.

b. That portion of Carroll county not included in either the Des Moines river conservancy district or the southern Iowa conservancy district and also all territory within the corporate limits of the city of Arcadia, as such limits existed on January 1, 1969, including the portion of such city within any of the sections of land listed in paragraph ‘i’ of subsection 4 of this section.

c. That portion of Harrison county not included in the southern Iowa conservancy district.

467D.4 Governing body.

The governing body of each conservancy district shall be one of the following:
1. The state soil conservation committee established by section 467A.4.
2. A board of not less than five nor more than nine members elected from conservancy district wards established under section 467D.5. Conservancy district board members so elected shall be reimbursed for travel and other actual and necessary expenses incurred in performing their duties. The member of the state soil conservation committee appointed from that conservancy district is an ex officio nonvoting member of the district board of directors.

467D.5 Election of conservancy district board.

1. The state soil conservation committee acting in its capacity as a conservancy district board may propose division of a conservancy district, currently being governed by the state soil conservation committee under subsection 1 of section 467D.4, into not less than five nor more than nine wards. Ward boundaries shall coincide with county boundaries, except that each ward shall lie entirely within the conservancy district of which it is a part. Each ward shall be composed of contiguous territory and shall be drawn with equality of population as an objective, insofar as that objective can reasonably be implemented while meeting the other requirements of this subsection. The division of a conservancy district into wards shall not become effective until it is approved by the soil conservation districts located entirely or partially within that ward.

2. The board of directors of a conservancy district which has been divided into wards under subsection 1 shall consist of one director from each ward so established, who shall be elected as provided by subsection 3. Each director shall serve a term of three years beginning on the first day of January, following that director’s election, which is not a Sunday or a holiday. When a proposal for establishment of wards in a conservancy district has been approved by the state soil conservation committee, the members of the first elected board shall be chosen as provided by subsection 3 except that the election shall be held not more than one hundred eighty days after the date of approval of the proposal for establishment of wards. The first elected board of directors shall take office on a day specified by the state soil conservation committee, which shall be not more than thirty days after election of the directors is completed. Upon taking office, the first elected board shall divide itself by lot into three classes as nearly equal in size as possible. Thereafter, successors to members of the first class shall be elected in the first succeeding calendar year, successors to members of the second class shall be elected in the second succeeding calendar year, and successors to members of the third class shall be elected in the third succeeding calendar year after the year in which the first elected board takes office.

3. Each member of a conservancy district board of directors shall be elected at a ward convention attended by delegates chosen by and from among the commissioners of the respective soil conservation districts located entirely or partially within that ward.

a. A convention shall be held for each ward not earlier than October 1 nor later than November 30 of each year in which a director is to be elected from that ward. Each ward convention shall be called and its location shall be determined by the board of directors of the conservancy district of which the ward is a part. The conventions shall be held within the boundaries of the respective wards, and may be held in conjunction with other meetings attended by soil conservation district commissioners where doing so will avoid or reduce expense for travel and for use of convention sites. Notice of the time, date and place of a ward convention shall be published by the conservancy district board of directors, at least thirty days prior to the convention date, in at least one newspaper of general circulation in the ward. The cost of publication shall be paid by the conservancy district.

b. The commissioners of each separate soil conservation district located entirely or partially within a conservancy district ward shall jointly cast a single, weighted vote for director of the conservancy district from that ward. The weight of the vote cast by the commissioners of each soil conservation district shall be based upon the ratio that the population of the soil conservation district, or portion of the district, bears
to that of the entire ward. The population of each soil conservation district, or portion of a district, shall be determined by the department of soil conservation.

c. A candidate for election to the conservancy district board from a ward may file a statement of candidacy with the secretary of the conservancy district board at least ten days before the date of the ward's convention. The statement of candidacy shall state the candidate's name and address and shall indicate the soil conservation district within which the candidate resides. The list of candidates in each ward where an election is to occur shall be sent by ordinary mail to the commissioners of each soil conservation district located entirely or partially within the ward, immediately after the last day for filing. The filing of a statement of candidacy shall not be a prerequisite for election as a conservancy district director. A delegate to a ward convention shall not be bound by the soil conservation district commissioners to pledge the delegate's vote to any candidate prior to the date of the convention.

4. Any eligible elector as defined in section 39.3 residing in a conservancy district ward is eligible to be elected to represent that ward on the board. A conservancy district board member need not be a soil conservation district commissioner, but the same individual may hold both offices concurrently. A person shall be elected to the board for no more than two consecutive terms. A vacancy is created when a member of the board removes the member's residence from the ward the member was elected to represent. A vacancy shall be filled by appointment of the state soil conservation committee from a list of nominees submitted by the remaining members of the board, for the period until the next regular election under subsection 3. At that election, a board member shall be elected for the remaining balance of the unexpired term.

4. Encourage, foster, and promote establishment, enlargement, or consolidation of drainage, levee, soil conservation, flood control, and sanitation districts, as may be desirable, provided that this subsection shall not be construed to vest the board with authority to directly establish, enlarge, or consolidate any such districts by any procedure not otherwise prescribed by law.

5. Review the plans and co-ordinate the programs and activities between counties, cities and any of the entities listed in subsection 4 of this section, and otherwise advise and assist the governing bodies of such entities in any appropriate manner, in all cases which relate to any matter within the jurisdiction of the conservancy district, provided that the board shall have only advisory and consultative powers with respect to any such entities except as otherwise specifically provided in this chapter.

6. Have authority to enter into binding agreements, with respect to any matter within the jurisdiction of the conservancy district, with:

a. Any person, firm, corporation or association, the state of Iowa, or any of its political subdivisions.

b. The federal government, or any of the agencies thereof.

c. Other states or agencies or subdivisions thereof comparable in purpose to the district, provided all such agreements are entered into jointly with the department in accordance with other provisions of law.

7. Have authority to expend funds outside the state of Iowa, or in adjoining conservancy districts, pursuant to agreements made under subsection 6 of this section, where necessary in order to more effectively or efficiently achieve the objectives of this chapter, and to receive funds from other states for expenditure in Iowa, or from other conservancy districts for expenditure in the district receiving such funds.

8. Have authority to acquire by gift, lease, purchase, grant, or inheritance any property, real or personal, in fee or a lesser interest, needed to achieve the objectives of this chapter, and to sell and convey property owned but no longer needed by the conservancy district. The board shall also have authority to acquire by condemnation proceedings any real property, in fee or a lesser interest, needed to achieve the objectives of this chapter, but no condemnation proceedings shall be instituted by the board less than fifteen days after a letter has been sent by restricted certified mail to the owner or owners of the property sought, setting forth in detail the reasons why the property is needed and the board's best offer for the property.

9. Construct, operate, maintain, repair, enlarge, and make such internal improvements as are necessary to implement the conservancy district's overall plan.

10. Have authority to sue and be sued in the name of the conservancy district, and bring action to abate soil erosion nuisances in the manner prescribed by section 467D.23.

11. Maintain at its office a record of all the conservancy district's proceedings, rules and orders, and furnish copies of them to the department and the department of water, air and waste management upon request.

12. Establish, administer and direct various advisory committees as authorized by this chapter.

467D.16 Plan — priorities — aid.

The board shall prepare a plan for accomplishment of the objectives of this chapter within the conservancy district. For this purpose the board may request and shall obtain from any state agency or political subdivision information which the agency or subdivision has already collected which is pertinent to preparation of the plan, shall consult with soil conservation district commissioners, and may conduct hearings it deems necessary. The plan shall establish an order of priorities for carrying out projects necessary to accomplish the objectives of this chapter, shall conform as nearly as practicable to the comprehensive water allocation plan established by the department of water, air and waste management pursuant to section 455B.263 and shall reflect the following general policies:

1. First consideration shall be given to work needed at or near the source of the streams in the district, and on or along the tributaries thereto, to the greatest extent practicable.

2. Conservancy district funds shall not be expended for functions or improvements which are:
   a. The responsibility of other political subdivisions and are within their abilities, reasonable consideration being given to their other duties and obligations.
   b. Constructed or implemented, or planned for construction or implementation, on one or more tracts of privately owned land and primarily benefit those lands rather than other lands in the conservancy district.

467D.17 Plan presented to committee, department of water, air and waste management, and soil conservation districts.

The board shall tentatively adopt the plan by resolution and shall present the plan to the committee and the department of water, air and waste management for review. The department of water, air and waste management shall within ninety days review the plan as presented and make recommendations it deems necessary to bring the conservancy district’s plan into conformity with the comprehensive water allocation plan established by the department of water, air and waste management pursuant to section 455B.263. The recommendations of the department of water, air and waste management shall be submitted to the board for incorporation into the plan. The plan shall then be submitted to the soil conservation districts located entirely or partially within the conservancy district. The soil conservation districts shall review, comment and record a vote within ninety days indicating their support of or opposition to the plan in the same manner provided in section 467D.5, subsection 1. The committee shall inform the soil conservation districts of the votes of the districts within the conservancy district. The committee shall review the plan as presented, give consideration to the comments and votes of the soil conservation districts, give final approval or disapproval of the plan within ninety days, and provide a written statement detailing the basis of its decision.

A subsequent major change in the plan, as determined by the conservancy board, is not effective until approved by the process provided in this section for approval of the original plan.

467D.18 Working program.

The plan and the order of priorities established thereby shall constitute the working program of the conservancy district. The plan shall be reviewed from time to time and shall be changed as deemed necessary as the result of experience gained in construction and maintenance of internal improvements by the conservancy district, and in operation of the conservancy district, or as the result of changed conditions. The board may initiate changes in the conservancy district plan on its own motion or at the direction of the department.

[C73, 75, 77, 79, 81, §467D.18]

467D.19 Implementation.

After final approval of the plan, the board shall begin to implement the plan as expeditiously as possible, within the limitations of available appropriations and other financial resources. When implementation of the plan involves construction or improvement of any internal improvement by the conservancy district, the board may order the preparation of detailed plans and specifications, and a refined cost estimate. Upon completion of the plans, specifications and cost estimate to its satisfaction, the board shall adopt them, subject to the approval of the department, and shall let contracts in accordance with section 467D.20. Any approval or permits from the department of water, air and waste management required under other law shall be obtained by the conservancy district prior to initiation of any construction activity.

467D.20 Bids on work — deposit.

When the estimated total cost of construction, enlargement, alteration or repair of an internal improvement exceeds five thousand dollars, the conservancy district shall advertise for bids on the proposed improvement by two publications in at least one newspaper of general circulation in the conservancy district. The first advertisement shall be not less than fifteen days prior to the date set for receiving bids and shall let the work to the lowest responsible bidder submitting a sealed proposal. However, if in the judgment of the board the bids received are not acceptable, all bids may be rejected and new bids requested. All bids shall be accompanied, in a separate envelope, by a deposit of money, credit union certified share draft or certified check, in an amount to be named in the advertise-
ment for bids, as security that the bidder will enter into a contract in accordance with the terms of the bid. The board shall fix the bid security in an amount equal to at least five percent, but not more than ten percent of the estimated total cost of the work. The checks or deposits of money of the unsuccessful bidders shall be returned as soon as the successful bidder is determined, and the share draft, check or deposit of money of the successful bidder shall be returned upon execution of the contract documents.

84 Acts, ch 1055, §13
Referred to in §467D.19

467D.21 Protection against siltation.
Any other provision of this chapter notwithstanding, no conservancy district shall let a contract for any internal improvement of any kind unless its engineer shall recommend, and the board shall find, that the proposed internal improvement would be adequately protected against siltation by soil and water conservation practices existing within the watershed of the internal improvement, or which would be developed as a part of the internal improvement, or that the nature of the internal improvement precludes the probability of damage due to siltation.

[C73, 75, 77, 79, 81, §467D.21]

467D.22 Procedure after finding.
When the conservancy district's plan calls for an internal improvement which cannot be undertaken due to a finding that the internal improvement would not be adequately protected against siltation, the board shall undertake to effect the development of the needed soil and water conservation practices in the watershed of the proposed internal improvement by:

1. Consultation and co-operation with, and appropriate assistance to, the commissioners of any soil conservation district in the state.
2. Securing the establishment of, or repair or maintenance within a subdistrict of a soil conservation district, a soil conservation and flood control district, a drainage district, a levee district, a sanitary district, or other appropriate special district, in the manner prescribed by law.

[C73, 75, 77, 79, 81, §467D.22]

467D.23 Erosion as nuisance — injunction.
Soil erosion resulting in or contributing to damage by siltation to any internal improvement of a conservancy district, or resulting in or contributing to damage to property not owned by the owner or occupant of the land on which such erosion is occurring, is hereby declared to be a nuisance. The board of the conservancy district whose internal improvement is so damaged, the commissioners of the soil conservation district within which such erosion is occurring, or the owner or owners of any property so damaged, may bring action to enjoin and abate any such nuisance as provided by chapter 657. It shall be an adequate defense to such an action that any defendant, prior to the time the cause of action arose, had submitted application for public cost-sharing funds pursuant to section 467A.48, or had established or maintained soil and water conservation practices or erosion control practices approved by the commissioners of the soil conservation district in which the erosion complained of occurred, or had taken other reasonable and prudent measures to prevent excessive soil erosion, and that the erosion complained of was an isolated occurrence caused by a single prolonged or unusually heavy rainfall, unusually rapid melting of accumulated snow, severe windstorm, or other similar event beyond the control of the defendant. The remedy for any soil erosion which constitutes a nuisance under this section shall be limited to requiring that the owner or occupant of the land on which the erosion is occurring take such measures as are necessary to comply with the regulations of the soil conservation district in which the land is located, and the fine and jail sentence provided by section 657.3 shall not apply in any action arising under this section.

[C73, 75, 77, 79, 81, §467D.23]
Referred to in §467D.6(10), 467D.24

467D.24 Surveys — soundings — drillings.
The board, the commissioners of a soil conservation district, or an engineer or any other authorized person employed by the board or commissioners, may after thirty days' written notice by restricted certified mail addressed to the owner and also to the occupant, enter upon private land for the purpose of making surveys, soundings, drillings, appraisals, and examinations as deemed appropriate or necessary to determine the advisability or practicability of locating an internal improvement on said land or part thereof, to determine whether soil erosion is occurring thereon which constitutes a nuisance under section 467D.23 or is in violation of the soil conservation district's regulations; provided, no soundings or drillings shall be made within twenty rods of the dwelling house or buildings on said land without the written consent of the owner. Such entry, after notice, shall not be deemed a trespass, and the board or commissioners may be aided by injunction to insure peaceful entry. The board shall pay actual damages caused by such entry, surveys, soundings, drillings, appraisals, or examinations. The amount of such damages, if any, shall be determined by agreement or in the manner provided for the award of damages in condemnation of land for conservancy district purposes.

[C73, 75, 77, 79, 81, §467D.24]
469.1 Prohibition — permit.

A dam shall not be constructed, maintained, or operated in this state in any navigable or meandered stream for any purpose, or in any other stream for manufacturing or power purposes, nor shall any water be taken from the streams for industrial purposes, unless a permit has been granted by the department of water, air and waste management to the person, firm, corporation, or municipality constructing, maintaining, or operating the dam.

469.5 When permit granted.
If it appears to the department of water, air and waste management that the construction, operation, or maintenance of the dam will not materially obstruct existing navigation, materially affect other public rights, or endanger life or public health, and any water taken from the stream in connection with the project, excepting water taken by a municipality for distribution in its water mains, is returned to the stream at the nearest practicable point without being materially diminished in quantity, polluted or rendered deleterious to fish life, it shall grant the permit, upon the terms and conditions as it may prescribe. OF PUBLIC FACILITIES
Referred to in §331 361

470.1 Definitions.
As used in this chapter unless the context otherwise requires
1 "Public agency" means a county, city, school district, school corporation or combination thereof or an executive board, commission, bureau, division, office or department of the state
2 "Facility" means a building having twenty thousand square feet or more of usable floor space that is heated or cooled by a mechanical or electrical system
3 "Initial cost" means the moneys required for the capital construction or renovation of a facility
4 "Renovation" means a project where additions or alterations exceed fifty percent of the value of a facility and will affect an energy system
5 "Economic life" means the projected or anticipated useful life of a facility as expressed by a term of years
6 "Life cycle cost analysis" means an analytical technique that considers certain costs of owning, using and operating a facility over its economic life including but not limited to the following
   a Initial costs
   b System repair and replacement costs
   c Maintenance costs
   d Operating costs, including energy costs
   e Salvage value

   a Equipment used to heat or cool the facility
   b Equipment used to heat water in the facility
   c On site equipment used to generate electricity for the major facility
   d On site equipment that uses the sun, wind, oil, natural gas, coal or electricity as a power source
   e Energy conservation measures in the facility design and construction that decrease the energy requirements of the facility
[C81, §470 1]

470.2 Policy — analysis required.
The general assembly declares that energy management is of primary importance in the design of publicly owned facilities. Commencing January 1, 1980, a public agency responsible for the construction or renovation of a facility shall, in a design begun after that date, include as a design criterion the requirement that a life cycle cost analysis be conducted for the facility. The objectives of the life cycle cost analysis are to optimize energy efficiency at an acceptable life cycle cost. The life cycle cost analysis shall meet the requirements of section 470.3
[C81, §470 2]

472.2 By whom conducted.
Such proceedings shall be conducted:
1. By the attorney general when the damages are payable from the state treasury.
2. By the county attorney, when the damages are payable from funds disbursed by the county, or by any township, or school corporation.
3. By the city attorney, when the damages are payable from funds disbursed by the city.

This section shall not be construed as prohibiting any other authorized representative from conducting such proceedings.
[C73, §1271; C97, §2024; S13, §2024-a, -d, -f; C24, 27, 31, 35, 39, §7823; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §472.2]

472.3 Application — recording — notice — time for appraisement — new proceedings.
Such proceedings shall be instituted by a written application filed with the chief judge of the judicial district of the county in which the land sought to be condemned is located. Said application shall set forth:
1. A description of all the property in the county, affected or sought to be condemned, by its congressional numbers, in tracts not exceeding one-sixteenth of a section, or, if the land consists of lots, by the numbers of the lot and block, and plat designation.
2. A plat showing the location of the right of way or other property sought to be condemned with reference to such description.
3. The names of all record owners of the different tracts of land sought to be condemned, or otherwise affected by such proceedings, and of all record holders of liens and encumbrances on such lands; also the place of residence of all such persons so far as known to the applicant.
4. The purpose for which condemnation is sought.
5. A request for the appointment of a commission to appraise the damages.

7. The applicant shall promptly certify that its application for condemnation has been approved by the chief judge and shall file the original approved application with the county recorder in the manner required under section 472.37. The county recorder shall file and index the application in the record of deeds and preserve the application as required by sections 472.38 and 558.55. The filing and indexing constitute constructive notice to all parties that a proceeding to condemn the property is pending and that the applicant has the right to acquire the property from all owners, lienholders, and encumbrancers whose interests are of record at the time of the filing. When indexed, the proceeding is considered pending so as to charge all persons not having an interest in the property with notice of its pendancy, and while pending no interest can be acquired by the third parties in the property against the rights of the applicant. If the appraiser of damages is not made within one hundred twenty days, the proceedings instituted under this section are terminated and all rights and interests of the applicant arising out of the application for condemnation terminate. The applicant may reinstitute a new condemnation proceeding at any time. The reinstated proceedings are entirely new proceedings and not a revival of the terminated proceeding.

Other information may be included. The statement must be verified by the Iowa housing finance authority or by a local agency authorized under rules of the authority. Upon proper filing of the statement and the report of the condemnation commission assessing damages, and deposit of the amount assessed with the sheriff, the applicant for condemnation may take possession as provided in section 472.25 if the property is abandoned, or may take steps to obtain possession after ninety days from the date of the filing of the statement, report, and deposit, if the property is inhabited.

Citizen members shall be appointed for overlapping terms of not less than three nor more than five years or thereafter until their suc-

In the performance of its duties, the commission may cooperate with, contract with, and accept and expend funds from federal, state, or local agencies, public or semipublic agencies, or private individuals or corporations, and may carry out such cooperative undertakings and contract. It may enter into other contracts and make expenditures for the purchase of required equipment and supplies, and exercise all other powers necessary to carry out the purposes of this chapter. The expenditures of the commission, exclusive of gifts or grants to the commission or its contract receipts, shall be within the amounts appropriated or provided to the commission by the governing bodies of the area served by the commission, who are empowered to determine, agree upon, and appropriate funds for the payment of the expenses of the commission of its respective shares thereof. 473A.4 Powers and duties.

The commission shall have the power and duty to make comprehensive studies and plans for the development of the area it serves which will guide the unified development of the area and which will eliminate planning duplication and promote economy and efficiency in the co-ordinated development of the area and the general welfare, convenience, safety, and prosperity of its people. The plan or plans collectively shall be known as the regional or metropolitan development plan. The plans for the development of the area may include, but shall not be limited to, recommendations with respect to existing and proposed highways, bridges, airports, streets, parks and recreational areas, schools and public institutions and public utilities, public open spaces, and sites for public buildings and structures; districts for residence, business, industry, recreation, agriculture, and forestry; water supply, sanitation, drainage, protection against floods and other disasters; areas for housing developments, slum clearance and urban renewal and redevelopment; location of private and public utilities, including but not limited to sewerage and water supply systems; and such other recommendations concerning current and impending problems as may affect the area served by the commission. Time and priority schedules and cost estimates for the accomplishment of the recommendations may also be included in the plans. The plans shall be based upon and include appropriate studies of the location and extent of present and anticipated populations; social, physical, and economic resources, problems and trends; and governmental conditions and trends. The commission is also authorized to make surveys, land-use studies, and urban renewal plans, provide technical services and other planning work for the area it serves and for cities, counties, and other political subdivisions in the area. A plan or plans of the commission may be adopted, added to, and changed from time to time by a majority vote of the planning commission. The plan or plans may in whole or in part be adopted by the governing bodies of the co-operating cities and counties as the general plans of such cities and counties. The commission may also assist the governing bodies and other public authorities or agencies within the area it serves in carrying out any regional plan or plans, and assist any planning commission, board or agency of the cities and counties and political subdivisions in the preparation or effectuation of local plans and planning consistent with the program of the commission. The commission may cooperate and confer, as far as possible, with planning agencies of other states or of regional groups of states adjoining its area.

A planning commission formed under the provisions of this chapter shall, upon designation as such by the governor, serve as a district, regional or metropolitan agency for comprehensive planning for its area for the purpose of carrying out the functions as defined for such an agency by federal, state and local laws and regulations.

[C66, 71, 73, 75, 77, 79, 81, §473A.4]

473A.5 Plans distributed.

Copies of the plan or plans and amendments or revisions of a plan or plans prepared by a commission may be transmitted by the commission to the chief administrative officers, the legislative bodies, the planning commissions, boards or agencies of the counties and cities, within its area, and to regional or metropolitan planning commissions established for adjoining areas. A commission may make copies of its plan or plans or parts of plans available for general distribution or sale, and may advise and supply information, as far as available, to persons and organizations who may request such advice and information and who are concerned with the area's development problems. It may also provide information to state and local agencies and to the public at large, in order to foster public awareness and understanding of the objectives of regional or metropolitan planning, and in order to stimulate public interest and participation in the orderly, integrated development of the area served by the commission.

[C66, 71, 73, 75, 77, 79, 81, §473A.5]
473A.6 Filing documents with commission.
To facilitate effective and harmonious planning of the region or metropolitan area, all governing bodies in the area served by a commission, and all county and city planning commissions, boards or agencies in the area may file with the commission, for its information, all county or city plans, zoning ordinances, official maps, building codes, subdivision regulations, or amendments or revisions of them, as well as copies of their regular and special reports dealing in whole or in part with planning matters. County or city governing bodies, or county or city local planning commissions, boards or agencies may also submit proposals to a commission for such plans, ordinances, maps, codes, regulations, amendments or revisions prior to their adoption, in order to afford an opportunity to the commission to study such proposals and to render advice thereon.
[C66, 71, 73, 75, 77, 79, 81, §473A.6]

473A.7 Construction of provisions.
Nothing in this chapter shall be construed to remove or limit the powers of the co-operating cities, counties, school districts, benefited water districts, benefited fire districts, sanitary districts, or similar districts as provided by state law. All legislative power with respect to zoning and other planning legislation shall remain with the governing body of the co-operative cities and counties. Each participating city or county may continue to have its own planning commission or board but may under the joint agreement and in the interest of economy and efficiency and in the interest of uniform standards and procedures, request the metropolitan or regional planning commission to assume duties and functions of local planning agencies in whole or in part. The metropolitan or regional planning commission shall have the duty and function of promoting public interest and understanding of the economic and social necessity for long-term co-ordinated planning for the metropolitan or regional area, but its official recommendations shall be made to the governing bodies of the co-operating cities, counties, school districts, benefited water districts, benefited fire districts, sanitary districts, or similar districts.

As used in this chapter and chapter 475A, the words “commission” and “commerce commission” mean the Iowa state commerce commission.

474.2 Certain persons barred from office.

No person in the employment of any common carrier or other public utility, or owning any bonds, stock or property in any railroad company or other public utility shall be eligible to the office of Iowa state commerce commissioner or secretary of the commerce commission, and the entering into the employ of any common carrier or other public utility or the acquiring of any stock or other interest in any common carrier or other public utility by such commissioner or secretary after appointment shall disqualify the commissioner or secretary to hold the office or perform the duties thereof.

The general counsel shall also represent the grain warehouse division in all administrative proceedings before the commission brought under chapters 542, 542A, and 543. The existence of a fact which disqualifies a person from election or acting as state commerce commissioner disqualifies the person from employment as general counsel or assistant general counsel. The general counsel shall devote the counsel’s entire time of employment to the duties of the office; and during employment the counsel shall not be a member of a political committee, contribute to a political campaign fund other than through the income tax check-off for contributions to the Iowa election campaign fund and the presidential election campaign fund, participate in a political campaign, or be a candidate for a political office.

As used in this section "comparable worth" means the value of work as measured by the composite of the skill, effort, responsibility, and working conditions normally required in the performance of work.

The consumer advocate shall make a report to the legislative council which shall contain a copy of the affirmative action plan adopted and details regarding the manner in which compliance is made for establishing salaries and benefits based on comparable worth. 83 Acts, ch 127, §14, 47
**RATE REGULATION AUTHORITY**

**476.1 Applicability of authority.**

The Iowa state commerce commission shall regulate the rates and services of public utilities to the extent and in the manner hereinafter provided.

As used in this chapter, “commission” or “commerce commission” means the Iowa state commerce commission.

As used in this chapter, “public utility” shall include any person, partnership, business association, or corporation, domestic or foreign, owning or operating any facilities for:

1. Furnishing gas by piped distribution system or electricity to the public for compensation.
2. Furnishing communications services to the public for compensation.
3. Furnishing water by piped distribution system to the public for compensation.

Mutual telephone companies in which at least fifty percent of the users are owners, co-operative telephone corporations or associations, telephone companies having less than fifteen thousand customers and less than fifteen thousand access lines, municipally owned utilities, and unincorporated villages which own their own distribution systems are not subject to the rate regulation provided for in this chapter.

This chapter does not apply to water works having less than two thousand customers, municipally owned water works, or rural water districts incorporated and organized pursuant to chapters 357A and 504A, or to a person furnishing electricity to five or fewer customers from electricity that is produced primarily for the person’s own use.

A telephone company otherwise exempt from rate regulation and having telephone exchange facilities which cross state lines may elect, in a writing filed with the commission, to have its rates regulated by the commission. When a written election has been filed with the commission, the commission shall assume rate regulation jurisdiction over the company.

The jurisdiction of the commission under this chapter shall include programs designed to promote the use of energy conservation strategies by rate or service-regulated gas and electric utilities. These programs shall be cost effective. The commission may initiate these programs as pilot projects to accumulate sufficient data to determine if the programs meet the requirements of this paragraph.

The jurisdiction of the commission as to the regulation of communications services is not applicable to a service or facility provided by a telephone utility that is or becomes subject to competition, as determined by the commission. In determining whether a service or facility is or becomes subject to competition, the commission shall consider whether a comparable service or facility is available from a supplier other than the telephone utility. When a service or facility provided by a telephone utility becomes subject to competition, the commission shall, within a reasonable period of time, deregulate that service or facility. Upon deregulation, all investment, revenues, and expenses associated with the service or facility shall be removed from the telephone utility’s regulated operations and shall not be considered by the commission in setting rates for the telephone utility unless they continue to affect the company’s regulated operations.

In the event that the commission considers in vestment, revenues, and expenses associated with unregulated services or facilities in setting rates for the telephone utility, the commission shall not use any profits or costs from such unregulated services or facilities to determine the rates for regulated services or facilities. Nothing in this section shall preclude the commission from considering the investment, revenues and expenses associated with the sale of classified directory advertising by a telephone utility in determining rates for the telephone utility.

**476.2 Powers — rules.**

The commission shall have broad general powers to effect the purposes of this chapter notwithstanding the fact that certain specific powers are hereinafter set forth. The commission shall have authority to issue subpoenas and to pay the same fees and mileage as are payable to witnesses in the courts of record of general jurisdiction and shall establish all needful, just and reasonable rules, not inconsistent with law, to govern the exercise of its powers and duties, the practice and procedure before it, and to govern the form, contents and filing of reports, documents and other papers provided for in this chapter or in the commission’s rules. In the establishment, amendment, alteration or repeal of any of such rules, the commission shall be subject to the provisions of chapter 17A.

The commission shall employ at rates of compensation consistent with current standards in industry such professionally trained engineers, accountants, attorneys, and skilled examiners and inspectors, secretaries, clerks, and other employees as it may find...
necessary for the full and efficient discharge of its duties and responsibilities as required by this chapter.

The commission is hereby authorized and empowered to intervene in any proceedings before the federal power commission or any other federal or state regulatory body when it finds that any decision of such tribunal would adversely affect the costs of any public utility service within the state of Iowa.

The commission shall have authority to inquire into the management of the business of all public utilities, and shall keep itself informed as to the manner and method in which the same is conducted, and may obtain from any public utility all necessary information to enable the commission to perform its duties.

The commission shall promulgate rules concerning the use of energy conservation strategies by rate or service regulated gas and electric utilities by July 1, 1981. The commission may prescribe appropriate rates for any approved energy conservation program. Nothing in this paragraph subjects the rates of municipal utilities to the regulatory authority of the commission.

476.3 Complaints — investigation.

1 A public utility shall furnish reasonably adequate service at rates and charges in accordance with tariffs filed with the commission. When there is filed with the commission by any person or body politic, or filed by the commission upon its own motion, a written complaint requesting the commission to determine the reasonableness of the rates, charges, schedules, service, regulations, or anything done or omitted to be done by a public utility subject to this chapter in contravention of this chapter, the written complaint shall be forwarded by the commission to the public utility, which shall be called upon to satisfy the complaint or to answer it in writing within a reasonable time to be specified by the commission. Copies of the written complaint forwarded by the commission to the public utility and copies of all correspondence from the public utility in response to the complaint shall be provided by the commission in an expeditious manner to the consumer advocate. If the commission determines the public utility's response is inadequate and there appears to be any reasonable ground for investigating the complaint, the commission shall promptly initiate a formal proceeding. If the consumer advocate determines the public utility's response to the complaint is inadequate, the consumer advocate may file a petition with the commission which shall promptly initiate a formal proceeding if the commission determines that there is any reasonable ground for investigating the complaint. The formal proceeding may be initiated at any time by the commission on its own motion. If a proceeding is initiated upon petition filed by the consumer advocate or upon the commission's own motion, the commission shall set the case for hearing and give notice as it deems appropriate. When the commission, after a hearing held after reasonable notice, finds a public utility's rates, charges, schedules, service, or regulations are unjust, unreasonable, discriminatory, or otherwise in violation of any provision of law, the commission shall determine just, reasonable, and nondiscriminatory rates, charges, schedules, service, or regulations to be observed and enforced.

2 If, as a result of a review procedure conducted under section 476 31, a review conducted under section 476 32, a special audit, an investigation by commission staff, or an investigation by the consumer advocate, a complaint is filed by commission staff, or a petition is filed with the commission by the consumer advocate, alleging that a utility's rates are excessive, the disputed amount shall be specified in the complaint or petition. The public utility shall, within the time prescribed by the commission, file a bond or undertaking approved by the commission conditioned upon the refund in a manner prescribed by the commission of amounts collected after the date of filing of the complaint or petition in excess of rates or charges finally determined by the commission to be lawful. If upon hearing the commission finds that the utility's rates are unlawful, the commission shall order a refund, with interest, of amounts collected after the date of filing of the complaint or petition that are determined to be in excess of the amounts which would have been collected under the rates finally approved. However, the commission shall not order a refund that is greater than the amount specified in the complaint or petition, plus interest, and provided that if the commission fails to render a decision within ten months following the date of filing of the complaint or petition, the commission shall order a refund of any excess amounts that are collected after the expiration of that ten-month period and prior to the date the decision is rendered.

3 A determination of utility rates by the commission pursuant to this section that is based upon a departure from previously established regulatory principles shall apply prospectively from the date of the decision.

476.4 Tariffs filed.

Every public utility shall file with the commission the rates and charges for its public utility services and the rules and regulations under which such services were furnished, on April 1, 1963, which rates and charges shall be subject to investigation by the commission as provided in section 476 3, and upon such investigation the burden of establishing the reasonableness of such rates and charges shall be upon the public utility filing the same. These filings shall be made under such rules as the commission may prescribe within such time and in such form as the commission may designate. In prescribing rules and regulations with respect to the form of tariffs, the commission shall, in the case of public utilities subject to regulation by any federal agency, give due regard to any corresponding rules and regulations of such federal agency, to the end that unnecessary duplication of effort and expense may be avoided so far as reasonably possible. Each public utility shall keep copies of its tariffs open to public inspection under such rules as the commission may prescribe.

Every rate, charge, rule and regulation contained in any filing made with the commission on or prior to July 4, 1963, shall be effective as of such date, subject, however, to investigation as herein provided. If any such filing is made prior to the time the commission
prescribes rules as aforesaid, and if such filing does not comply as to form or substance with such rules, then the public utility which filed the same shall with in a reasonable time after the adoption of such rules make a new filing or filings complying with such rules, which new filing or filings shall be deemed effective as of July 4, 1963

476.4A Exemption from tariff filings for telephone utilities.

Notwithstanding contrary provisions of this chapter, a telephone utility may offer centren, centrex, intraexchange private line, or multiline variety pack age service without filing a tariff unless the commission determines such a procedure is not in the public interest. The telephone utility shall offer each service which is exempt from a tariff filing at a rate which exceeds the cost of the service. A telephone utility offering its services without filing a tariff shall not discriminate in an unreasonable manner for or against any customer.

A telephone utility shall provide the commission with at least thirty days notice prior to a request to offer service without filing a tariff. The commission may require the telephone utility to file its price lists, contracts, or cost allocations for services offered without a tariff. Any such price lists, contracts, or cost allocations so filed shall be afforded rebuttable presumptions that they meet the requirements of section 227, subsection 6.

The commission shall consider the revenues, expenses and investment related to telephone utility services offered without a tariff in proceedings under section 476 3, 476 6 and 476 7.

84 Acts, ch 1267, §1

476.5 Adherence to schedules — discounts.

No public utility subject to rate regulation shall directly or indirectly charge a greater or less compensation for its services than that prescribed in its tariff, and no such public utility shall make or grant any unreasonable preferences or advantages as to rates or services to any person or subject any person to any unreasonable prejudice or disadvantage.

Nothing in this section shall be construed to prohibit any public utility furnishing communications services from providing any service rendered by it without charge or at reduced rate to any of its active or retired officers, directors, or employees, or such officers, directors or employees of other public utilities furnishing communications services. Provided, however, said service is for personal use, and not for engaging in a business for profit.

476.6 Changes in rates, charges, schedules and regulations — supply and cost review.

Filing with commission. A public utility subject to rate regulation shall not make effective a new or changed rate, charge, schedule or regulation until the rate, charge, schedule, or regulation has been approved by the commission, except as provided in subsections 11 and 13.

A subscriber of a telephone exchange or service, who is declared to be legally blind under section 422 12, subsection 1, paragraph “e”, is exempt from any charges for telephone directory assistance that may be approved by the commerce commission.

2 Telephone directory assistance charges — record provided. The Iowa state commerce commission shall not approve a schedule of directory assistance charges unless the schedule provides that residential customers be provided a record of the date and time of each directory assistance call made from their residence.

3 Telephone directory assistance charges — approval by commission. Notwithstanding contrary provisions of this section, a public utility shall not implement a charge for telephone directory assistance or implement a new or changed rate for telephone directory assistance except pursuant to a tariff that has been filed with the commission and finally approved by the commission.

4 First seven calls exempted. A telephone directory assistance tariff that is approved by the commission on or after July 1, 1981, shall be subject to the limitation that a subscriber shall not be charged for the first seven directory assistance calls made from the subscriber’s station during each of the first twelve months in which the tariff is in effect, and a charge made in violation of this limitation is an unlawful charge within the meaning of this chapter.

5 Written notice of increase. All public utilities, except those exempted from rate regulation by section 476 1, shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility no more than sixty two days prior to and prior to the time the application for the increase is filed with the commission. Public utilities exempted from rate regulation by section 476 1 shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility at least thirty days prior to the effective date of the increase. If the public utility is subject to rate regulation, the notice to affected customers shall state that the customer has a right to file a written objection to the rate increase and that the affected customers may request the commission to hold a public hearing to determine if the rate increase should be allowed. The commission shall prescribe the manner and method that the written notice to each affected customer of the public utility shall be served.

6 Facts and arguments submitted. At the time a public utility subject to rate regulation files with the commission an application for any new or changed rates, charges, schedules, or regulations, the public utility also shall submit factual evidence and written argument offered in support of the filing. If the filing is an application for a general rate increase, the utility shall also file affidavits containing testimonial evidence to be offered in support of the filing, although this requirement does not apply if the public utility is a rural electric cooperative.

7 Hearing set. After the filing of an application for new or changed rates, charges, schedules, or regulations by a public utility subject to rate regulation, the commission, prior to the expiration of thirty days after the filing date, shall docket the case as a formal proceeding and set the case for hearing unless the new or changed rates, charges, schedules, or regulations are approved by the commission. In the case of a rural
electric cooperative, the commission may docket the case as a formal proceeding and set the case for hearing prior to the proposed effective date of the tariff. The commission shall give notice of formal proceedings as it deems appropriate. The docketing of a case as a formal proceeding suspends the effective date of the new or changed rates, charges, schedules, or regulations until the rates, charges, schedules, or regulations are approved by the commission, except as provided in subsection 13.

8 Utility hearing expenses reported. When a case has been docketed as a formal proceeding under subsection 7, the public utility, within a reasonable time thereafter, shall file with the commission a report outlining the utility’s expected expenses for litigating the case through the time period allowed by the commission in rendering a decision. At the conclusion of the utility’s presentation of comments, testimony, exhibits, or briefs the utility shall submit to the commission a listing of the utility’s actual litigation expenses in the proceeding. As part of the findings of the commission under subsection 9, the commission shall allow recovery of costs of the litigation expenses over a reasonable period of time to the extent the commission deems the expenses reasonable and just.

9 Finding by commission. If, after hearing and decision on all issues presented for determination in the rate proceeding, the commission finds the proposed rates, charges, schedules, or regulations of the utility to be unlawful, the commission shall, by order authorize and direct the utility to file new or changed rates, charges, schedules, or regulations which, when approved by the commission and placed in effect, will satisfy the requirements of this chapter. The rates, charges, schedules, or regulations so approved are lawful and effective upon their approval.

10 Limitation on filings. A public utility shall not make a subsequent filing of an application for a new or changed rate, charge, schedule, or regulation which relates to services for which a rate filing is pending within twelve months following the date the prior application was filed or until the commission has issued a final order on the prior application, whichever date is earlier, unless the public utility applies to the commission for authority and receives authority to make a subsequent filing at an earlier date.

11 Automatic adjustments permitted. This chapter does not prohibit a public utility from making provision for the automatic adjustment of rates and charges for public utility service provided that a schedule showing the automatic adjustment of rates and charges is first filed with the commission.

If an automatic adjustment is used, the adjustment must be reduced to zero at least once in every twelve-month period, and all appropriate charges collected by the automatic adjustment shall be incorporated in the utility’s other rates at that time.

12 Rate levels for telephone utilities. The commission may approve a schedule of rate levels for any regulated service provided by a utility providing communication services.

13 Temporary authority. Upon the request of a public utility, the commission shall, when required by this subsection, grant the public utility temporary authority to place in effect any or all of the suspended rates, charges, schedules or regulations by filing with the commission a bond or other undertaking approved by the commission conditioned upon the refund in a manner to be prescribed by the commission of any amounts collected in excess of the amounts which would have been collected under rates, charges, schedules or regulations finally approved by the commission. In determining that portion of the new or changed rates, charges, schedules or regulations to be placed in effect prior to a final decision, the commission shall apply previously established regulatory principles and shall, at a minimum, permit rates and charges which will allow the utility the opportunity to earn a return on common stock equity equal to that which the commission held reasonable and just in the most recent rate case involving the same utility or the same type of utility service, provided that if the most recent final decision of the commission in an applicable rate case was rendered more than twelve months prior to the date of filing of the request for temporary rates, the commission shall in addition consider financial market data that is filed or that is otherwise available to the commission and shall adjust the rate of return on common stock equity that was approved in that decision upward or downward as necessary to reflect current conditions. The commission shall render a decision on a request for temporary authority within ninety days after the date of filing of the request. The decision shall be effective immediately. If the commission has not rendered a final decision with respect to suspended rates, charges, schedules or regulations upon the expiration of ten months after the filing date, plus the length of any delay that necessarily results either from the failure of the public utility to exercise due diligence in connection with the proceedings or from intervening judicial proceedings, plus the length of any extension permitted by section 476:33, subsection 3, those portions that were approved by the commission on a temporary basis shall be deemed finally approved by the commission and the utility may place them into effect on a permanent basis, and the utility also may place into effect subject to refund and until the final decision of the commission any portion of the suspended rates, charges, schedules or regulations not previously approved on a temporary basis by filing with the commission a bond or other undertaking approved by the commission.

If the commission finds that an extension of the ten month period is necessary to permit the accumulation of necessary data with respect to the operation of a newly constructed electric generating facility that has a capacity of one hundred megawatts or more of electricity and that is proposed to be included in the rate base for the first time, the commission may extend the ten month period up to a maximum extension of six months, but only with respect to that portion of the suspended rates, charges, schedules or regulations that are necessarily connected with the inclusion of the generating facility in the rate base. If a utility is proposing to include in its rate base for the first time a newly constructed electric generating facility that has a capacity of one hundred megawatts or more of electricity, the filing date of new or changed rates, charges, schedules or regulations shall, for purposes of computing the ninety day and ten month limitations stated above, be the date as determined by
the commission that the new plant went into service, but only with respect to that portion of the suspended rates, charges, schedules or regulations that are necessarily connected with the inclusion of the generating facility in the rate base.

The commission shall determine the rate of interest to be paid by a public utility to persons receiving refunds. The interest rate to be applied to refunds of moneys collected subject to refund under this subsection is two percent per annum plus the average quarterly interest rate at commercial banks for twenty-four month loans for personal expenditures, as determined by the commission, compounded annually. The commission shall consider federal reserve statistical release G 19 or its equivalent when determining interest to be paid under this subsection.

14 **Refunds passed on to customers.** If pursuant to federal law or rule a rate regulated public utility furnishing gas to customers in the state receives a refund or credit for past gas purchases, the savings shall be passed on to the customers in a manner approved by the commission. Similarly, if pursuant to federal law or rule a rate regulated public utility furnishing gas to customers in the state receives a rate for future gas purchases which is lower than the price included in the public utility's approved rate application, the savings shall be passed on to the customers in a manner approved by the commission.

15 **Natural gas supply and cost review.** The commerce commission shall periodically, but not less than annually, conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate regulated public utility's natural gas procurement and contracting practices. The natural gas supply and cost review shall be conducted as a contested case pursuant to chapter 17A. Under procedures established by the commerce commission, each rate regulated public utility furnishing gas shall periodically file a complete natural gas procurement plan describing the expected sources and volumes of its gas supply and changes in the cost of gas anticipated over a future twelve-month period specified by the commission. The plan shall describe all major contracts and gas supply arrangements entered into by the utility for obtaining gas during the specified twelve-month period. The description of the major contracts and arrangements shall include the price of gas, the duration of the contract or arrangement, and an explanation or description of any other term or provision as required by the commission. The plan shall also include the utility's evaluation of the reasonableness and prudence of its decisions to obtain gas in the manner described in the plan, an explanation of the legal and regulatory actions taken by the utility to minimize the cost of gas purchased by the utility, and such other information as the commission may require.

Contemporaneously with the natural gas procurement plan, the public utility shall file with the commission a five-year forecast of the gas requirement of its customers, its anticipated sources of supply, and projections of gas costs. The forecast shall include a description of all relevant major contracts and gas supply arrangements entered into or contemplated between the gas utility and its suppliers, a description of all major gas supply arrangements which the gas utility knows have been, or expects will be, entered into between the utility's principal pipeline suppliers and their major sources of gas, and such other information as the commission may require.

During the natural gas supply and cost review, the commission shall evaluate the reasonableness and prudence of the gas procurement plan. In evaluating the gas procurement plan, the commission shall consider the volume, cost, and reliability of the major alternative gas supplies available to the utility, the cost of alternative fuels available to the utility's customers, the availability of gas in storage, the appropriate legal and regulatory actions which the utility could take to minimize the cost of purchased gas, the gas procurement practices of the utility, and other relevant factors. If a utility is not taking all reasonable actions to minimize its purchase gas costs, consistent with assuring an adequate long-term supply of natural gas, the commission shall not allow the utility to recover from its customers purchase gas costs in excess of those costs that would be incurred under reasonable and prudent policies and practices.

The commission shall also evaluate the five-year forecast filed by the public utility. The commission may indicate any cost items in the five-year forecast that on the basis of present evidence in the record the commission would be unlikely to permit the utility to recover from its customers in rates, charges or purchased gas clauses established in the future. Nothing in this section prohibits the commission from disallowing the recovery of other related or unrelated costs on the basis of evidence received in a later contested case proceeding.

The commission shall adopt rules pursuant to chapter 17A to implement the provisions of this section prior to January 1, 1984.

16 **Annual electric energy supply and cost review.** The commerce commission shall conduct an annual proceeding for the purpose of evaluating the reasonableness and prudence of a rate regulated public utility's procurement and contracting practices related to the acquisition of fuel for use in generating electricity. The proceeding shall be conducted as a contested case pursuant to chapter 17A. Under procedures established by the commerce commission, the utility shall file information as the commission deems appropriate. If a utility is not taking all reasonable actions to minimize its fuel costs, the commission shall not allow the utility to recover from its customers fuel costs in excess of those costs that would be incurred under reasonable and prudent policies and practices.

Contemporaneously with the annual review proceeding, the commission shall analyze the electric generating capacity needs for the next decade by the public utility's customers under procedures established by the commission. The utility shall file information regarding future capacity needs of its customers as deemed appropriate by the commission.

§476.7 Application by utility for review.
If there shall be filed with the commission by any public utility an application requesting the commission to determine the reasonableness of the utility's rates, charges, schedules, service or regulations, the commission shall promptly initiate a formal proceeding. Such a formal proceeding may be initiated at any time by the commission on its own motion. Whenever such a proceeding has been initiated upon application or motion, the commission shall set the case for hearing and give such notice thereof as it deems appropriate. Whenever the commission, after a hearing held after reasonable notice, finds any public utility's rates, charges, schedules, service or regulations are unjust, unreasonable, insufficient, discriminatory or otherwise in violation of any provision of law, the commission shall determine just, reasonable, sufficient and nondiscriminatory rates, charges, schedules, service or regulations to be thereafter observed and enforced.

Every public utility is required to furnish reasonably adequate service and facilities "reasonably adequate service and facilities" for public utilities furnishing gas or electricity includes programs for customers to encourage the use of energy conservation and renewable energy sources. The charge made by any public utility for any heat, light, gas, energy conservation and renewable energy programs, water or power produced, transmitted, delivered or furnished, or communications services, or for any service rendered or to be rendered or to be rendered in connection therewith shall be reasonable and just, and every unjust or unreasonable charge for such service is prohibited and declared unlawful. In determining reasonable and just rates, the commission shall consider all factors relating to value and shall not be bound by rate base decisions or rulings made prior to the adoption of this chapter.

The commission, in determining the value of materials or services to be included in valuations or costs of operations for rate-making purposes, may disallow any unreasonable profit made in the sale of materials to or services supplied for any public utility by any firm or corporation owned or controlled directly or indirectly by such utility or any affiliate, subsidiary, parent company, associate or any corporation whose controlling stockholders are also controlling stockholders of such utility. The burden of proof shall be on the public utility to prove that no unreasonable profit is made.

The remainder shall be assessed by the commission to the public utilities in proportion to their respective gross operating revenues during the last calendar year derived from intrastate public utility operations and shall be assessed within ninety days of the close of the fiscal year based upon an estimate of the commission expenditures for the first half of the commission's fiscal year and again within ninety days of the close of the fiscal year as necessary to conform the amount of the assessment to the requirements of this section. The written statement shall list the address and telephone number of the local agency which is administering the customer's low income home energy assistance program and the weatherization assistance program. come home energy assistance program or weatherization assistance program, and that if such a resident resides within the serviced residence, the customer should promptly have the qualifying resident notify the local agency which is administering the low income home energy assistance program and weatherization assistance program. The commerce commission shall establish rules requiring that the written notice contain additional information as it deems necessary and appropriate.

3. The commerce commission shall establish rules which shall be uniform with respect to all public utilities furnishing gas or electricity relating to disconnection of service. This subsection applies both to regulated utilities and to municipally owned utilities and unincorporated villages which own their own distribution systems, and violations of this subsection subject the utilities to civil penalties under section 476.51.

A qualified applicant for the low income home energy assistance program or the weatherization assistance program who is also a "head of household" as defined in section 422.4, subsection 11, shall be promptly certified by the local agency administering the applicant's program to the applicant's public utility that the resident is a "head of household" as defined in section 422.4, subsection 11, and is qualified for the low income home energy assistance program or weatherization assistance program. Notwithstanding subsection 1, a public utility furnishing gas or electricity shall not disconnect service from November 1 through April 1 to a residence which has a resident that has been certified under this paragraph.

4. A public utility which violates a provision of this section relating to the disconnection of service or which violates a rule of the commerce commission relating to disconnection of service is subject to civil penalties imposed by the commission under section 476.51.

5. The commerce commission shall establish rules which shall be uniform with respect to all public utilities furnishing gas or electricity relating to deposits which may be required by the public utility for the initiation or reinstatement of service.

a. The deposit for a residential or commercial customer for a place which has previously received service shall not be greater than the highest billing of service for one month for the place in the previous twelve-month period.

b. The deposit for a residential or a commercial customer for a place which has not previously received service or for an industrial customer shall be the customer's projected one month's usage for the place to be serviced as determined by the public utility according to rules established by the commerce commission.

This subsection does not prohibit a public utility from requiring payment of a customer's past due account with the utility prior to reinstatement of service.

The rules shall allow a person other than the customer to pay the customer's deposit. Upon termination of service to such a customer, the deposit plus accumulated interest less any unpaid utility bill of the customer, shall be reimbursed to the person who made the deposit.

Referred to in §93.30

476.23 Electric service conflicts — certificates of authority.

1. An electric utility shall not construct or extend facilities or furnish or offer to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility without having first filed with the commission the express written agreement of the electric utility presently serving this customer, except as otherwise provided in this section. Any municipal corporation, after being authorized by a vote of the people, or any electric utility may file a petition with the commission requesting a certificate of authority to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility. If, after notice by the commission to the electric utility currently serving the customer, objection to the petition is not filed and investigation is not deemed necessary, the commission shall issue a certificate within thirty days of the filing of the petition. When an objection is filed, if the commission, after notice and opportunity for hearing, determines that service to the customer by the petitioner is in the public interest, including consideration of any unnecessary duplication of facilities, it shall grant this certificate in whole or in part, upon such terms, conditions, and restrictions as may be justified. Whether or not an objection is filed, any certificate issued shall require that the petitioner pay to the electric utility presently serving the customer, the reasonable price for facilities serving the customer. This price determination by the commission shall include due consideration of the cost of the facilities being acquired, any necessary generating capacity and transmission capacity dedicated to the customer, depreciation, loss of revenue, and the cost of facilities necessary to reintegrate the system of the utility after detaching the portion sold.
2. An electric utility shall not construct or extend facilities or furnish electric service to a prospective customer not presently being served, unless its existing service facilities are nearer the proposed point of delivery than the service facilities of any other utility. However, an electric utility may extend electric service and transmission lines if the electric utility closest to the delivery point consents to this extension in writing and a copy of the agreement is filed with the commission or, if the commission, after notice and opportunity for hearing and after giving due consideration to the prevention of unnecessary duplication of facilities, finds that service from an electric utility, other than the closest utility, is in the public interest. This subsection shall not apply if the prospective customers are within an exclusive service area assigned to an electric utility as provided in this division.

3. Notwithstanding subsections 1 and 2 of this section, any electric utility may extend electric service and transmission lines to its own utility property and facilities.

4. If not inconsistent with the provisions of this division:
   a. All rights of municipal corporations under chapter 364 to grant a person a franchise to erect, maintain, and operate plants and systems for electric light and power within the corporate boundaries, and rights acquired by franchise or agreement shall be preserved in these municipal corporations;
   b. All rights of city utilities under the city code shall be preserved in these city utilities;
   c. All rights of city utilities and joint electric utilities under chapter 390 shall be preserved in these city utilities and joint electric utilities; and
   d. All rights of cities under chapter 472 are preserved. However, prior to the institution of condemnation proceedings, the city shall obtain a certificate of authority from the commission in accordance with this division and the commission's determination of price under this division shall be conclusive evidence of damages in these condemnation proceedings.

5. All state and federal highways and other public roads within the electric utility's service area.
6. All lakes and rivers within the electric utility's service area.
7. All railroads within the electric utility's service area.
8. Any additional information requested by the commission.
9. Any additional information requested by the commission.

2. On or before July 1, 1978, and subsequently when deemed by the commission to be necessary, the commission shall prepare or cause to have prepared a composite map of this state showing the service areas of electric utilities as submitted by the electric utilities. The form and detail of all maps shall be determined by the commission.
