b. The value of a resource or an interest in a resource in determining eligibility under this subsection is the fair market value of the resource or interest at the time of the transaction less the amount of any compensation received.

c. If a transaction described in this subsection results in uncompensated value exceeding twelve thousand dollars, the department shall provide by rule for a period of ineligibility which exceeds twenty-four months and has a reasonable relationship to the uncompensated value above twelve thousand dollars.

249A.5 Recovery of payment.
Medical assistance paid to, or on behalf of, a recipient or paid to a provider of services is not recoverable unless the assistance was incorrectly paid. Assistance incorrectly paid is recoverable from the provider, or from the recipient, while living, as a debt due the state and, upon the recipient's death, as a claim classified with taxes having preference under the laws of this state.

83 Acts, ch 153, §14

249A.6 Subrogation.
1. When payment is made by the department for medical care or expenses through the medical assistance program on behalf of a recipient, the department is subrogated, to the extent of those payments, to all monetary claims which the recipient may have against third parties as a result of the medical care or expenses received or incurred. A compromise, including but not limited to a settlement, waiver or release, of a claim to which the department is subrogated under this section does not defeat the department's right of recovery except pursuant to the written agreement of the commissioner or the commissioner's designee or except as provided in this section.

2. The department shall be given notice of monetary claims against third parties as follows:
   a. Applicants for medical assistance shall notify the department of any possible claims against third parties upon submitting the application. Recipients of medical assistance shall notify the department of any possible claims when those claims arise.
   b. A person who provides health care services to a person receiving assistance through the medical assistance program shall notify the department whenever the person has reason to believe that third parties may be liable for payment of the costs of those health care services.
   c. An attorney representing an applicant for or recipient of assistance on a claim to which the department is subrogated under this section shall notify the department of the claim of which the attorney has actual knowledge, prior to filing a claim, commencing an action or negotiating a settlement offer.
   d. The mailing and deposit in a United States post office or public mailing box of the notice, addressed to the department at its state or district office location, is adequate legal notice of the claim.
   e. The subrogation rights of the department are valid and binding on an attorney, insurer, or other third party only upon notice by the department or unless the insurer or third party has actual notice that the recipient is receiving medical assistance from the department and only to the extent to which the attorney, insurer, or third party has not made payment to the recipient or an assignee of the recipient prior to the notice. Payment of benefits by an insurer or third party pursuant to the subrogation rights of this section discharges the attorney, insurer, or third party from liability to the recipient or the recipient's assignee to the extent of the payment to the department.
   f. If a recipient of assistance through the medical assistance program incurs the obligation to pay attorney fees and court costs for the purpose of enforcing a monetary claim to which the department is subrogated under this section, upon the receipt of a judgment or settlement of the claim, the court costs and reasonable attorney fees shall first be deducted from the judgment or settlement. One-third of the remaining balance shall then be deducted and paid to the department. From the remaining balance, the claim of the department shall be paid. Any amount remaining shall be paid to the recipient. An attorney acting on behalf of a recipient of medical assistance for the purpose of enforcing a claim to which the department is subrogated shall not collect from the recipient any amount as attorney fees which is in excess of the amount which the attorney customarily would collect on claims not subject to this section.
   g. For purposes of this section the term "third party" includes an attorney, individual, institution, corporation, or public or private agency which is or may be liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant for or recipient of assistance under the medical assistance program.

If there is a difference in the opinion of the two physicians, the client shall make the final determination. In cases where the client is geographically distant from the specialist, the department shall pay transportation and child care expenses incurred in obtaining the second opinion. 249C.15 Rules adopted.
The commissioner shall adopt rules to implement this chapter and achieve its purposes.

[C71, 73, 75, 77, 79, 81, §249C.16]

CHAPTER 249D

DEPARTMENT OF ELDER AFFAIRS

SUBCHAPTER I
FINDINGS, POLICY, AND DEFINITIONS

249D.1 Short title.

This chapter, entitled the "Elder Iowan's Act", sets forth the state's commitment to its elders, their dignity, independence, and rights.
86 Acts, ch 1245, §1001

249D.2 Legislative findings and declaration.

The general assembly finds and declares that:
1. Iowa's elders constitute a fundamental resource which has been undervalued, and the means must be found to recognize and use the competence, wisdom, and experience of our elders for the benefit of all Iowans.
2. The number of persons in this state age sixty and older is increasing rapidly, and of these elders, the number of women, minorities, and persons eighty-five years of age or older is increasing at an even greater rate.
3. The social and health problems of older people are compounded by a lack of access to existing services and by the unavailability of a complete range of services in all areas of the state.
4. The ability of older people to maintain self-sufficiency and to live their lives with dignity, productivity, and creativity is a matter of profound importance and concern for this state.
86 Acts, ch 1245, §1002

249D.3 State policy and objectives.

The general assembly declares that it is the policy of the state to work toward attainment of the following objectives for Iowa's elders:
1. An adequate income in retirement.
2. Access to physical and mental health care without regard to economic status.
3. Suitable housing, appropriate to the special needs of older people.
4. Full restorative services for those who require institutional care, and a comprehensive array of community-based, long-term care services adequate to sustain older people in their communities and, whenever possible, in their homes.

252.1 “Poor person” defined.
The words “poor” and “poor person” as used in this chapter shall be construed to mean those who have no property, exempt or otherwise, and are unable, because of physical or mental disabilities, to earn a living by labor; but this section shall not be construed to forbid aid to needy persons who have some means, when the board shall be of opinion that the same will be conducive to their welfare and the best interests of the public.

252.2 Parents and children liable.
The father, mother, and children of any poor person, who is unable to maintain the poor person's self by labor, shall jointly or severally relieve or maintain such person in such manner as, upon application to the board of supervisors of the county where such person has a residence or may be, they may direct.

252.3 Putative father.
The word “father” in this chapter includes the putative father of an illegitimate child, and the question of parentage may be tried in any proceeding to recover for or compel the support of such a child, and like proceedings may be prosecuted against the mother independently or jointly with the alleged father.

252.4 Who deemed trustee.
The word “trustees” in this chapter shall be construed to include and mean any person or officer of any county or city charged with the oversight of the poor.

252.5 Remote relatives.
In the absence or inability of nearer relatives, the same liability shall extend to grandparents, if of ability without personal labor, and to the grandchildren who are of ability by personal labor or otherwise.

252.6 Enforcement of liability.
Upon the failure of such relatives so to relieve or maintain a poor person who has made application for relief, the county board of supervisors, county social welfare board, or state division of child and family services of the department of human services may apply to the district court of the county where such poor person resides or may be, for an order to compel the same.

252.7 Notice — hearing.
At least ten days' notice in writing of the application shall be given to the parties sought to be charged, service thereof to be made as of an original notice, in

which proceedings the county shall be plaintiff and the parties served defendants. No order shall be made affecting a person not served, but, as to such, notice may be given at any stage of the proceedings. The court may proceed in a summary manner to hear all the allegations and proofs of the parties, and order any one or more of the relatives who shall be able, to relieve or maintain the poor person, charging them as far as practicable in the order above named, and for that purpose may bring in new parties when necessary.

The order may be for the entire or partial support of the applicant, may be for the payment of money or the taking of the applicant to a relative’s house, or may assign the applicant for a certain time to one and for another period to another, as may be just and right, taking into view the means of the several relatives liable, but no such assignment shall be made to one who is willing to pay the amount necessary for support. If the order be for relief in any other form than money, it shall state the extent and value thereof per week, and the time such relief shall continue; or the order may make the time of continuance indefinite, and it may be varied from time to time by a new order, as circumstances may require, upon application to the court by the trustees, the poor person, or the relative affected, ten days’ notice thereof being given to the party or parties concerned.

When money is ordered to be paid, it shall be paid to such person as the court may direct. If support be not rendered as ordered, the court upon such fact being shown by the affidavit of one or more of the proper trustees, may render judgment and order execution for the amount due, rating any support ordered in kind at the valuation previously made. An appeal may be taken from the judgment rendered to the supreme court. Support for later periods under the same order may be, as it becomes due, applied for and obtained in the same manner.

There shall be allowed against the person’s estate a claim of the sixth class for that portion of the liability to the county which exceeds the total amount of all claims of the first through the fifth classes, inclusive, as defined in section 633.425, which are allowed against that estate.

252.14 Homestead — when liable.

When expenditures have been made for and on behalf of a poor person and the person’s family, as contemplated by section 252.13, the homestead of such poor person is liable for such expenditures when such poor person dies without leaving a surviving spouse, or child, as defined in section 234.1.

A more distant relation, who may have been compelled to aid a poor person, may recover from any one or more of the nearer relatives, and one so compelled to aid may recover contribution from others in the same degree, and a recovery may be had against the poor person or the person’s estate, if, after such aid or support has been given, the person aided or supported becomes able to repay the same; but proceedings to recover therefor must be brought within two years from the time a cause of action accrues.

252.16 Settlement — how acquired.

A legal settlement in this state may be acquired as follows:

1. A person continuously residing in a county in this state for a period of one year acquires a settlement in that county except as provided in subsection 7.
2. A person having acquired a settlement in a county of this state shall not acquire a settlement in any other county until the person has continuously resided in the other county for a period of one year except as provided in subsection 7.
3. A person who is an inpatient, a resident, or an inmate of or is supported by an institution whether organized for pecuniary profit or not or an institution supported by charitable or public funds in a county in this state does not acquire a settlement in the county unless the person before becoming an inpatient, a resident, or an inmate in the institution or being supported by an institution has a settlement in the county. A minor child residing in an institution assumes the settlement of the child’s custodial parent. Settlement of the minor child changes with the settlement of the child’s custodial parent, except that the child retains the settlement that the child’s custodial parent has on the child’s eighteenth birthday until the child is discharged from the institution, at which time the child acquires the child’s own settlement by continuously residing in a county for one year.
4. Minor children who reside with both parents take the settlement of the parents. If the minor child resides on a permanent basis with only one parent or a guardian, the minor child takes the settlement of the parent or guardian with whom the child resides.
An emancipated minor acquires a legal settlement in the minor's own right. An emancipated minor is one who is absent from the minor's parents with the consent of the parents, is self-supporting, and has assumed a new relationship inconsistent with being a part of the family of the parents.

A minor, placed in the care of a public agency or facility as custodian or guardian, takes the legal settlement that the parents had upon severance of the parental relationship, and retains that legal settlement until a natural person is appointed custodian or guardian at which time the minor takes the legal settlement of the natural person or until the minor person attains the age of eighteen and acquires another legal settlement in the person's own right.

5. A person with settlement in this state who becomes a member on active duty of an armed service of the United States retains the settlement during the period of active duty. A person without settlement in this state who is a member on active duty of an armed service of the United States within the borders of this state does not acquire settlement during the period of active duty.

6. Subsections 1, 2, 3, and 7 do not apply to a blind person who is receiving assistance under the laws of this state. A blind person receiving assistance who has resided in one county of this state for a period of six months acquires legal settlement for support as provided in this chapter.

7. A person hospitalized in or receiving treatment at a state mental health institute or state hospital-school does not acquire legal settlement in the county in which the institute or hospital-school is located unless the person is discharged from the institute or hospital-school, continuously resides in the county for a period of one year subsequent to the discharge, and during that year is not hospitalized in and does not receive treatment at the institute or hospital-school.

252.17 Settlement continues.
A legal settlement once acquired shall so remain until such person has removed from this state for more than one year or has acquired a legal settlement in some other county or state.

252.18 Foreign paupers.
1. A person who is a county charge or is likely to become so, coming from another state and not having acquired a settlement in a county of this state or any such person having acquired a settlement in a county of this state who moves to another county, may be removed from this state or from the county into which the person has moved at the expense of the county where the person is found, upon the petition of the county to the district court in that county.

2. The court or judge shall fix the time and place of hearing on said petition and prescribe the time and manner of service of the notice of such hearing.

3. If upon the hearing on said petition such person shall be ordered to remove from the state or county and fails to do so, the person shall be deemed and declared in contempt of court and may be punished accordingly; or the judge may order the sheriff of the county seeking the removal to return such person to the state or county of the person's legal settlement.

252.19 Repealed by 66GA, ch 1245(4), §525.

252.20 and 252.21 Repealed by 58GA, ch 181, §2.

252.22 Contest between counties — chapter applicable to county public hospitals.
When relief is granted to a poor person having a settlement in another county, the auditor shall at once by mail notify the auditor of the county of settlement of that fact, and, within fifteen days after receipt of the notice, the auditor shall inform the auditor of the county granting relief if the claim of settlement is disputed. If it is not, the poor person, at the request of the auditor or board of supervisors of the county of settlement, may be maintained where the person then is at the expense of the county of legal settlement, and without affecting legal settlement as provided in section 252.16.

All laws relating to the support of the poor as provided by this chapter shall be applicable to care, treatment, and hospitalization provided by county public hospitals.

252.23 Trial.
If the alleged settlement is disputed, then, within thirty days after notice thereof as above provided, a copy of the notices sent and received shall be filed in the office of the clerk of the district court of the county against which claim is made, and a cause docketed without other pleadings, and tried as an ordinary action, in which the county affording the relief shall be plaintiff, and the other defendant, and the burden of proof shall be upon the county granting the relief.

252.24 County of settlement liable.
The county where the settlement is shall be liable to the county rendering relief for all reasonable charges and expenses incurred in the relief and care of a poor person.

When relief as herein provided is furnished by any governmental agency of the county, township or city, such relief shall be deemed to have been furnished by the county in which such agency is located and the agency furnishing such relief shall certify the correctness of the costs of such relief to the board of supervisors of said county and said county shall collect from the county of such person's settlement. 252A.3 Spouse liable for support.
For the purpose of this chapter:
1. A spouse in one state is hereby declared to be liable for the support of the spouse and any child or children under eighteen years of age and any other dependent residing or found in the same state or in another state having substantially similar or reciprocal laws, and, if possessed of sufficient means or able to earn such means, may be required to pay for their support a fair and reasonable sum according to the spouse's means, as may be determined by the court having jurisdiction of the respondent in a proceeding instituted under this chapter.
2. A parent in one state is hereby declared to be liable for the support of the parent's child or children under eighteen years of age residing or found in the same state or in another state having substantially similar or reciprocal laws, whenever the other parent of such child or children is dead, or cannot be found, or is incapable of supporting such child or children, and, if the liable parent is possessed of sufficient means or able to earn such means, the liable parent may be required to pay for the support of such child or children a fair and reasonable sum according to the parent's means, as may be determined by the court having jurisdiction of the respondent in a proceeding instituted under this chapter.
3. The parents in one state are hereby declared to be severally liable for the support of a dependent child eighteen years of age or older residing or found in the same state or in another state having substantially similar or reciprocal laws, whenever such child is unable to maintain the child's self and is likely to become a public charge.
4. A child or children born of parents who, at any time prior or subsequent to the birth of such child, have entered into a civil or religious marriage ceremony, shall be deemed the legitimate child or children of both parents, regardless of the validity of such marriage.

252A.4 Jurisdiction.
For the purposes of this chapter:

3. The courts of both the initiating state and the responding state shall have the power to order testimony to be taken in either or both of such states by deposition or written interrogatories, and to limit the nature and the extent to which the right so to take testimony shall be exercised, provided that the respondent is given a full and fair opportunity to answer the allegations of the petitioner.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §252A.4]

252A.5 When proceeding may be maintained.
A proceeding to compel support of a dependent may be maintained under this chapter in any of the following cases:
1. Where the petitioner and the respondent are residents of or domiciled or found in the same state.
2. Where the petitioner resides in one state and the respondent is a resident of or is domiciled or found in another state having substantially similar or reciprocal laws.
3. Where the respondent is not and never was a resident of or domiciled in the initiating state and the petitioner resides or is domiciled in such state and the respondent is believed to be a resident of or domiciled in another state having substantially similar or reciprocal laws.
4. Where the respondent was or is a resident of or domiciled in the initiating state and has departed or departs from such state leaving therein a dependent in
need of and entitled to support under this chapter and
is believed to be a resident of or domiciled in another
state having substantially similar or reciprocal laws.

5. Whenever the state or a political subdivision
thereof furnishes support to a dependent, it has the
same right through proceedings instituted by the peti-
tioner's representative to invoke the provisions hereof
as the dependent to whom the support was furnished,
for the purpose of securing reimbursement of expendi-
tures so made and of obtaining continuing support; the
petition in such case may be verified by any official
having knowledge of such expenditures and consent of
the dependent shall not be required in order to instit-
tute proceedings under this chapter.

[§50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §252A.5]

252A.6 How commenced — trial.

1. A proceeding under this chapter shall be com-
enced by a petitioner, or a petitioner's representative,
by filing a verified petition in the court in
equity in the county of the state wherein the peti-
tioner resides or is domiciled, showing the name, age,
residence and circumstances of the petitioner, alleging
that the petitioner is in need of and is entitled to
support from the respondent, giving the respondent's
name, age, residence and circumstances, and praying
that the respondent be compelled to furnish such sup-
port. The petitioner may include in or attach to the
petition any information which may help in locating
or identifying the respondent including, but without
limitation by enumeration, a photograph of the re-
spondent, a description of any distinguishing marks of
the respondent's person, other names and aliases by
which the respondent has been or is known, the name
of the respondent's employer, the respondent's finger-
prints, or social security number.

2. If the respondent be a resident of or domiciled
in such state and the court has or can acquire jurisdis-
cion of the person of the respondent under existing
laws in effect in such state, such laws shall govern and
control the procedure to be followed in such proceed-
ing.

3. If the court of this state acting as an initiating
state finds that the petition sets forth facts from which
it may be determined that the respondent owes a duty
of support and that a court of the responding state
may obtain jurisdiction of the respondent or the re-
spondent's property, it shall so certify and shall cause
three copies of (a) the petition (b) its certificate and (c)
this chapter to be transmitted to the court in the re-
sponding state. If the name and address of such court
is unknown and the responding state has an informa-
tion agency comparable to that established in the ini-
tiating state it shall cause such copies to be trans-
mitted to the state information agency or other
proper official of the responding state, with a request
that it forward them to the proper court, and that the
court of the responding state acknowledge receipt of
such hearing, but it shall be the duty of the petitioner's
representative of the responding state to appear on
behalf of and represent the petitioner at all stages of
the proceeding.

4. When the court of this state, acting as a re-
sponding state, receives from the court of an initiating
state the aforesaid copies, it shall docket the cause,
notify the county attorney or other official acting as
petitioner's representative, set a time and place for a
hearing, and take such action as is necessary in accord-
ance with the laws of this state to serve notice and thus
obtain jurisdiction over the respondent. If a court of
the state, acting as a responding state, is unable to
obtain jurisdiction of the respondent or the respon-
dent's property due to inaccuracies or inadequacies in
the petition or otherwise, the court shall communicate
this fact to the court in the initiating state, shall on its
own initiative use all means at its disposal to trace the
respondent or the respondent's property, and shall
hold the case pending the receipt of more accurate
information or an amended petition from the court in
the initiating state.

However, if the court of the responding state is un-
able to obtain jurisdiction because the respondent re-
sides in or is domiciled or found in another county of
the responding state, the papers received from the
court of the initiating state may be forwarded by the
court of the responding state which received the pa-
pers to the court of the county in the responding state
in which the respondent resides or is domiciled or
found, and the court of the initiating state shall be
notified of the transfer. The court of the county where
the respondent resides or is domiciled or found shall
acknowledge receipt of the papers to both the court of
the initiating state and the court of the responding
state which forwarded them, and shall take full juris-
diction of the proceedings with the same powers as if
it had received the papers directly from the court of
the initiating state.

5. It shall not be necessary for the petitioner or the
petitioner's witnesses to appear personally at such
hearing, but it shall be the duty of the petitioner's
representative of the responding state to appear on
behalf of and represent the petitioner at all stages of
the proceeding.

6. If at such hearing the respondent controverts
the petition and enters a verified denial of any of the
material allegations thereof, the judge presiding at
such hearing shall stay the proceedings and transmit
to the judge of the court in the initiating state a tran-
script of the clerk's minutes showing the denials en-
tered by the respondent.

7. Upon receipt by the judge of the court in the
initiating state of such transcript, such court shall take
such proof, including the testimony of the petitioner
and the petitioner's witnesses and such other evidence
as the court may deem proper, and, after due deliber-
a­tion, the court shall make its recommendation, based
on all of such proof and evidence, and shall transmit
to the court in the responding state an exemplified
transcript of such proof and evidence and of its pro-
ceedings and recommendation in connection therewith.

8. Upon the receipt of such transcript, the court in
the responding state shall resume its hearing in the
proceeding and shall give the respondent a reasonable
opportunity to appear and reply.

9. Upon the resumption of such hearing, the re-
respondent shall have the right to examine or cross-
examine the petitioner and the petitioner's witnesses
by means of depositions or written interrogatories,
and the petitioner shall have the right to examine or
cross-examine the respondent and the respondent's
witnesses by means of depositions or written interro-
gatories.

10. If a respondent, duly summoned by a court in
the responding state, willfully fails without good cause
to appear as directed in the summons, the respondent shall be punished in the same manner and to the same extent as is provided by law for the punishment of a defendant or witness who willfully disobeys a summons or subpoena duly issued out of such court in any other action or proceeding cognizable by said court.

11. If, on the return day of the summons, the respondent appears at the time and place specified in the summons and fails to answer the petition or admits the allegations of the petition, or, if, after a hearing has been duly held by the court in the responding state in accordance with this section, the court has found and determined that the prayer of the petitioner, or any part of the prayer, is supported by the evidence adduced in the proceeding, and that the petitioner is in need of and entitled to support from the respondent, the court shall make and enter an order directing the respondent to furnish support to the petitioner and to pay a sum as the court shall determine, having due regard to the parties' means and circumstances. A certified copy of the order shall be transmitted by the court to the court in the initiating state and the copy shall be filed with and made a part of the records of the court in the proceeding. Upon entry of an order for support or upon failure of a person to make payments pursuant to an order for support, the court may require the respondent to provide security, a bond, or other guarantee which the court determines is satisfactory to secure the payment of the support. Upon the respondent's failure to pay the support under the order, the court may declare the security, bond, or other guarantee forfeited.

12. The court making such order may require the respondent to make payment at specified intervals to the clerk of the district court, or to the dependent, or to any state or county agency, and to report personally to the sheriff or any other official, at such times as may be deemed necessary.

13. A respondent who shall willfully fail to comply with or violate the terms or conditions of the support order or of the respondent's probation shall be punished by the court in the same manner and to the same extent as is provided by law for a contempt of such court or a violation of probation ordered by such court in any other suit or proceeding cognizable by such court.

14. The court of this state when acting as a responding state shall have the following duties which may be carried out through the clerk of the court: Upon receipt of a payment made by the respondent pursuant to any order of the court or otherwise, to transmit the same forthwith to the court of the initiating state, and upon request to furnish to the court of the initiating state a certified statement of all payments made by the respondent.

15. Any order of support issued by a court of the state acting as a responding state shall not supersede any previous order of support issued in a divorce or separate maintenance action, but the amounts for a particular period paid pursuant to either order shall be credited against amounts accruing or accrued for the same period under both.

16. The court of the initiating state shall receive and accept all payments made by the respondent to the probation department or bureau of the court of the responding state and transmitted by the latter on behalf of the respondent. Upon receipt of any such payment, and under such rules as the court of the initiating state may prescribe, the court, or its probation department or bureau, as the court may direct, shall deliver such payment to the dependent person entitled thereto, take a proper receipt and acquittance therefor, and keep a permanent record thereof.

252A.13 Recipients of public assistance — assignment of support payments.
A person entitled to periodic support payments pursuant to an order or judgment entered in a uniform support action under this chapter, who is also a recipient of public assistance, is deemed to have assigned the person's rights to the support payments, to the extent of public assistance received by the person, to the department of human services. The department shall immediately notify the clerk of court by mail when a person entitled to support payments has been determined to be eligible for public assistance. Upon notification by the department that a person entitled to periodic support payments pursuant to this chapter is receiving public assistance, the clerk of court shall make a notation of the automatic assignment in the judgment docket and lien index. The notation constitutes constructive notice of the assignment. The clerk of court shall docket the foreign support action under this chapter, who is also a recipient of public assistance, the post-office address of the petitioner, showing the post-office address of the respondent, the amount of support remaining unpaid, a description and the location of any property of the respondent available upon execution, and a list of the states in which the order is registered. Upon receipt of these documents the clerk of the court, with payment of a filing fee of six dollars, shall file them in the registry of foreign support orders. The filing constitutes registration under this chapter.

2. Promptly upon registration, the clerk of the court shall send by restricted certified mail to the respondent at the address given a notice of the registration with a copy of the registered support order and the post-office address of the petitioner, or the petitioner may request that the respondent be personally served with the notice and the copy of the order in the same manner as original notices are personally served. 2. The respondent shall have twenty days after receiving notice of the registration in which to petition the court to vacate the registration or for other relief. If the respondent does not so petition, the respondent is in default and the registered support order is confirmed.

3. At the hearing to enforce the registered support order the respondent may present only matters that would be available to the respondent as defenses in an action to enforce a foreign money judgment. However, the court in its discretion may consider the income and resources of the respondent, the respondent's ability to pay, and any material changes of circumstances since the granting of registered support order, and may modify the amount of the support in the same manner as other support orders are modified. If the respondent states to the court that an appeal from the order is pending or will be taken or that a stay of execution has been granted, the court shall stay enforcement of the order until the appeal is concluded, the time for appeal has expired, or the order is vacated, upon satisfactory proof that the respondent has furnished security for payment of the support as ordered by the court. If the respondent shows to the court any ground upon which enforcement of a support order of this state may be stayed the court shall stay enforcement of the order for an appropriate period if the respondent furnishes the same security for payment of the support ordered that is required for a support order of this state.

Sections 252B.13 through 252B.17 apply to all initial or modified orders for support entered under this chapter, chapter 234, 252A, 252C, 675, or any other chapter of the Code. 1. The department of human services and the judicial department shall establish a mutually agreed effective date, between April 1, 1987 and April 1, 1988, to effectuate the transfer of these functions from each clerk of the district court to the collection services center. The department shall cause to be published in the administrative bulletin a cumulative list of effective dates by county, once agreed upon and determined, which list shall be final and inclusive of all counties on the next date of publication subsequent to April 1, 1988.

2. In addition, for orders of support entered before April 1, 1987, the judicial department or the child support recovery unit shall notify the payee and the obligor that the obligor will be directed to pay future support payments to the collection services center as of the date provided in the notice. The notice to the obligor shall be equivalent of a court order directing the payment of the sums to the collection services center.

3. The notice of the change in the direction of payments shall be sent by ordinary mail to the payee's and the obligor's last known addresses or the persons shall be personally served with the notice in the manner provided for service of an original notice at least fifteen days prior to the date provided in the notice for the redirection of the payments. The notice shall include the following:
   a. The name of the payee and, if different in whole or part, the names of the persons to whom the obligation of support is owed by the obligor.
   b. The name of the obligor.
   c. The amount of the periodic support payment, the due dates of the payments and any arrearages, and
   d. The beginning date for sending payments to the collection services center.

4. Sixty days prior to the mutually agreed effective date in subsection 1, the clerk of the district court shall transfer to the collection services center information regarding all existing orders of support which direct the payment of support to the clerk of the district court. The form and content of the transfer shall be prescribed by the department after consultation with the judicial department but at a minimum shall include the data elements required for the notice in subsection 3.

5. On or after the mutually agreed effective date in subsection 1, but in any event not later than April 1, 1988, any payments received by the clerk of the district court for support or for the satisfaction of arrearages shall be sent by the clerk to the address specified by the collection services center within ten days of receipt of the payments.

86 Acts, ch 1246, §316

252B.17 Admissibility and identification of support payment records.

Copies of support payment records maintained by the collection services center, when certified over the signature of a designated employee of the center, shall be considered to be satisfactorily identified and shall be admitted in any proceeding as prima facie evidence of the transactions. Additional proof of the official character of the person certifying the record or the authenticity of the person's signature shall not be required. Whenever an employee of the collection services center is served with a summons, subpoena, subpoena duces tecum, or order directing that person to produce such records, the employee may comply by transmitting a copy of the payment records certified as described above to the clerk of the district court.

    2. "Court order" means a judgment or order of a court of this state or another state requiring the payment of a set or determinable amount of monetary support.
    3. "Department" means the department of human services.
    4. "Dependent child" means a person who meets the eligibility criteria established in chapter 234 or 239 and whose support is required by chapter 234, 239, 252A, 598, or 675.
    5. "Director" means the director of the child support recovery unit of the department of human services, or the director's designee.
    6. "Public assistance" means foster care costs paid by the department pursuant to chapter 234 or assistance provided pursuant to chapter 239.
    7. "Responsible person" means a parent, relative, guardian, or another person legally liable for the support of a child or a child's caretaker.

84 Acts, ch 1278, §1

252C.2 Assignment — creation of support debt — subrogation.
    1. By accepting public assistance for or on behalf of a dependent child or a dependent child's caretaker, the recipient is deemed to have made an assignment to the department of any and all right, title, and interest in any support obligation and arrearages owed to or for the child or caretaker up to the amount of public assistance paid for or on behalf of the child or caretaker.
    2. The payment of public assistance to or for the benefit of a dependent child or a dependent child's caretaker creates a support debt due and owing to the department by the responsible person in an amount equal to the public assistance payment, except that the support debt is limited to the amount of a support obligation established by court order or by the director. If a court order has not been entered, the director may establish a support debt in favor of the individual or the individual's child or ward and against the responsible person, in an amount determined to be consistent with the responsible person's ability to pay and the needs of the dependent child, both as to amounts accrued and accruing, and with the schedule of minimum support guidelines in section 252C.10.
    3. The provision of child support collection or paternity determination services under chapter 252B to an individual, even though the individual is ineligible for public assistance, creates a support debt due and owing to the individual or the individual's child or ward by the responsible person in the amount of a support obligation established by court order or by the director. If a court order has not been entered, the director may establish a support debt in favor of the individual or the individual's child or ward and against the responsible person, in an amount determined to be consistent with the responsible person's ability to pay and the needs of the dependent child, both as to amounts accrued and accruing, and with the schedule of minimum support guidelines in section 252C.10.

4. The department is subrogated to the rights of a dependent child or a dependent child's caretaker to bring a court action or to execute an administrative remedy for the collection of support. The director may petition an appropriate court for modification of a court order on the same grounds as a party to the court order can petition the court for modification.

84 Acts, ch 1278, §2

252C.3 Notice of support debt — failure to respond — hearing — order.
    1. In the absence of a court order, the director may issue a notice establishing and demanding payment of an accrued or accruing support debt due and owed to the department or an individual under section 252C.2. The notice shall be served upon the responsible person in accordance with the rules of civil procedure. The notice shall include all of the following:
    a. The amount of any monthly public assistance creating a support debt.
    b. A computation of the support debt.
    c. The name of a public assistance recipient and the name of the dependent child or caretaker for whom the public assistance is paid.
    d. A demand for immediate payment of the support debt.
    e.         (2) A statement that if a negotiation conference is requested, then the responsible person shall have ten days from the date set for the negotiation conference or twenty days from the date of service of the original notice, whichever is later, to send a request for a hearing to the office of the child support recovery unit which issued the notice.
    f. A statement that after the holding of the negotiation conference, the director may issue a new notice and finding of financial responsibility to be sent to the responsible person by regular mail addressed to the responsible person's last known address, or if applicable, to the last known address of the responsible person's attorney.
(4) A statement that if the director issues a new notice and finding of financial responsibility, then the responsible person shall have ten days from the date of issuance of the new notice or twenty days from the date of service of the original notice, whichever is later, to send a request for a hearing to the office of the child support recovery unit which issued the notice.

f. A statement that if the responsible person objects to all or any part of the notice or finding of financial responsibility and no negotiation conference is requested, then within twenty days of the date of service, the responsible person shall send to the office of the child support recovery unit which issued the notice a written response setting forth any objections and requesting a hearing.

g. A statement that if a timely written request for a hearing is received by the office of the child support recovery unit which issued the notice, the responsible person shall have the right to a hearing to be held in district court; and that if no timely written response is received, the director may enter an order in accordance with the notice and finding of financial responsibility.

h. A statement that, as soon as the order is entered, the property of the responsible person is subject to collection action, including but not limited to wage withholding, garnishment, attachment of a lien, and execution.

4. If timely written response and request for hearing is not received by the appropriate office of the child support recovery unit, the director may enter an order in accordance with the notice, and shall specify all of the following:

a. The amount of monthly support to be paid, with directions as to the manner of payment.

b. The amount of the support debt accrued and accruing in favor of the department.

c. The name of the custodial parent or agency having custody of the dependent child and the name and birth date of the dependent child for whom support is to be paid.

d. That the property of the responsible person is subject to collection action, including but not limited to wage withholding, garnishment, attachment of a lien, and execution.

5. The responsible person shall be sent a copy of the order by regular mail addressed to the responsible person's last known address, or if applicable, to the last known address of the responsible person's attorney. The order is final, and action by the director to enforce and collect upon the order, including arrearages, may be taken from the date of issuance of the order.

84 Acts, ch 1278, §3

252C.4 Certification to court — hearing — default.

1. If a timely written request for a hearing is received, the director shall certify the matter to the district court in the county in which the order has been filed, or if no such order has been filed, then to a district court in the county where the dependent child resides.

2. If the matter has not been heard previously by the district court, the certification shall include true copies of the notice and finding of financial responsibility or notice of the support debt accrued and accruing, the return of service, the written objections and request for hearing, and true copies of any administrative orders previously entered.

3. The court shall set the matter for hearing and notify the parties of the time and place of hearing.

4. The court shall consider the schedule of minimum support guidelines in section 252C.10 in establishing the monthly support payment and the amount of the support debt accrued and accruing.

5. If a party fails to appear at the hearing, upon a showing of proper notice to that party, the court may find that party in default and enter an appropriate order.

84 Acts, ch 1278, §4

252C.5 Filing and docketing of financial responsibility order — order effective as district court decree.

A true copy of any order entered by the director pursuant to this chapter, along with a true copy of the return of service, if applicable, may be filed in the office of the clerk of the district court in the county in which the dependent child resides. Upon filing, the clerk shall enter the order in the judgment docket, and the order shall have all the force, effect, and attributes of a docketed order or decree of the district court.

84 Acts, ch 1278, §5

252C.6 Interest on support debts.

Interest accrues on support debts at the rate provided in section 535.3 for court judgments. The director may collect the accrued interest but is not required to maintain interest balance accounts. The department may waive payment of the interest if the waiver will facilitate the collection of the support debt.

84 Acts, ch 1278, §6

252C.7 Employers — assignments of earnings.

In addition to other remedies provided by law for the enforcement of a support obligation, the employer of a responsible person owing a support debt shall honor a duly executed assignment of current or future earnings presented by the director to the employer as a plan to satisfy or retire the support debt. The assignment is effective until released in writing by the director. The employer is entitled to receive from the debtor a fee of two dollars for each remittance under the assignment. Payment of moneys pursuant to the assignment of earnings is a full acquittance under a contract of employment. The director is released from liability for improper receipt of moneys under an assignment of earnings upon the return of the moneys.

However, if the responsible person furnishes a bond satisfactory to the court, the temporary restraining order shall be vacated.

84 Acts, ch 1278, §8

1. As used in this section, "monthly net income" means gross monthly income minus payroll taxes as defined in section 85.61, subsection 10, mandatory pension contributions, health insurance or health benefit payments for dependents, and deductions not to exceed twenty-five dollars per month for a responsible person's health insurance, health benefit payments, or medical expenses.

2. In ordering a responsible person to pay reasonable and necessary child support, the director shall set the monthly amount of the child support by multiplying the responsible person's monthly net income by the percentage indicated in the following guidelines, unless the director makes express findings of fact as to the reason for deviating from the guidelines. However, the director may set the child support above the amount in the guidelines without making express findings of fact if the parties expressly agree to the amount of the child support.

(2) The basic living needs of the responsible person.
(3) The financial needs of the dependent child or children to be supported.

Upon entry of a court order or upon the failure of a person to make payments pursuant to a court order, the court may require the person to provide security, a bond, or other guarantee which the court determines is satisfactory to secure the payment of the support obligation. Upon the person's failure to pay the support obligation under the court order, the court may declare the security, bond, or other guarantee forfeited.

CHAPTER 252D

DELINQUENT SUPPORT PAYMENTS — ASSIGNMENT OF INCOME

Applies to all support payments which are or become delinquent on or after July 1, 1984, 84 Acts, ch 1239, §7

252D.1 Support definition — delinquent support payments — assignment of income.
252D.2 Motion to quash.
252D.3 Notice of assignment.
252D.4 Duties of payor — liability.

252D.1 Support definition — delinquent support payments — assignment of income.
1. As used in this chapter, unless the context otherwise requires, "support" or "support payments" means any amount which the court may require a person to pay for the benefit of a child under a temporary order or a final judgment or decree, and may include child support, maintenance, and, if contained in a child support order, spousal support, and any other term used to describe these obligations. These obligations may include support for a child who is between the ages of eighteen and twenty-two years and who is regularly attending an accredited school in pursuance of a course of study leading to a high school diploma or its equivalent, or regularly attending a course of vocational technical training either as a part of a regular school program or under special arrangements adapted to the individual person's needs, or is, in good faith, a full-time student in a college, university, or area school, or has been accepted for admission to a college, university, or area school and the next regular term has not yet begun; and may include support for a child of any age who is dependent on the parties to the dissolution proceedings because of physical or mental disability.
2. All orders of support shall direct the payment of the support to the clerk of the district court pursuant to section 598.22.
3. If support payments ordered under section 252A.6, subsection 12, section 598.21, or section 675.25, or under a comparable statute of a foreign jurisdiction, as certified to the child support recovery unit established in section 252B.2, are not paid to the clerk of the district court pursuant to section 598.22 and become delinquent in an amount equal to the payment for one month, upon application of a person entitled to receive the support payments, the child support recovery unit or the district court may enter an ex parte order notifying the person whose income is to be assigned, of the delinquent amount, of the amount of income or wages to be withheld, and of the procedure to file a motion to quash the order of assignment, and shall order an assignment of income and become delinquent in an amount equal to the payment for one month and if the clerk of the district court determines, after providing an opportunity for a hearing, that no income is to be assigned, or the amount of income is to be assigned, of the delinquent amount, of the amount of income or wages to be withheld, and of the procedure to file a motion to quash the order of assignment, and shall order an assignment of income and notify an employer, trustee, or other payor by certified mail of the order of the assignment of income requiring the withholding of specified sums to be deducted from the delinquent person's periodic earnings, trust income, or other income sufficient to pay the support obligation and, except for trusts governed by the federal Retirement Equity Act of 1984, Pub. L. No. 98-397, requiring the payment of such sums to the clerk of the district court. For trusts governed by the federal Retirement Equity Act of 1984, Pub. L. No. 98-397, the assignment of income shall require the payment of such sums to the alternate payee. The assignment of income is binding on an existing or future employer, trustee, or other payor ten days after the receipt of the order by certified mail. The amount of an assignment of income shall not exceed the amount specified in 15 U.S.C. §1673(b). The assignment of income has priority over a garnishment or an assignment for a purpose other than the support of the dependents in the court order being enforced. The child support recovery unit or the district court, upon the application of any party, by ex parte order, may modify the assignment of income on the full payment of the delinquency or in an instance where the amount being withheld exceeds the amount specified in 15 U.S.C. §1673(b), or may revoke the assignment of income upon the termination of parental rights, emancipation, death or majority of the child, or upon a change of custody.

4. A person entitled by court order to receive support payments or a person responsible for enforcing such a court order may petition the clerk of the district court for an assignment of income. If the petition is verified and establishes that support payments are delinquent in an amount equal to the payment for one month and if the clerk of the district court determines, after providing an opportunity for a hearing, that notice of the mandatory assignment of income as provided in section 252D.3 has been given, the clerk of the district court shall order an assignment of income under subsection 3.

The clerk of the district court shall schedule a hearing on the motion to quash for a time not later than seven days after the filing of the motion to quash and the notice of the motion to quash. The clerk shall mail to the parties copies of the motion to quash, the notice of the motion to quash, and the order scheduling the hearing.

When such complaint is filed, the clerk of juvenile court shall furnish the county attorney and board of supervisors with a copy thereof and said board shall, by the general relief director or such other agent as it may select, make a thorough investigation of facts as to the legal residence of the patient, and the ability of the patient or others chargeable with the patient's support to pay the expense of such treatment and care; and shall file a report of such investigation in the office of the clerk, at or before the time of hearing.

The complainant, the county attorney, the general relief director or other agent of the board of supervisors, and the patient, or any person representing the patient, may introduce evidence and be heard. If the court finds that said patient is a legal resident of Iowa and is pregnant or is suffering from a malady or deformity which can probably be improved or cured or advantageously treated by medical or surgical treatment or hospital care, and that neither the patient nor any person legally chargeable with the patient's support is able to pay the expenses thereof, then the clerk of court, except in obstetrical cases and cases of crippled children, shall immediately ascertain from the admitting physician at the university hospital whether such person can be received as a patient within a period of thirty days, and if the patient can be so received, the court, or in the event of no actual contest, the clerk of the court, shall then enter an order directing that said patient be sent to the university hospital for proper medical and surgical treatment and hospital care. If the court ascertain, excepting in obstetrical cases and orthopedic cases, that a person of the age or sex of the patient, or afflicted by the complaint, disease or deformity with which such person is affected cannot be received as a patient at the university hospital within the period of thirty days, then the court or the clerk shall enter an order directing the board of supervisors of the county to provide adequate treatment at county expense for the patient at home or in a hospital. 255.10 Religious belief — denial of order.
The court in its discretion may refuse to make such order in any case where the court finds the patient or the patient's parent, parents, or guardian are members of a religious denomination whose tenets preclude dependence on the practice of medicine or surgery and desire in good faith to rely upon the practice of their religion for relief from disease or disorder.

255.13 Attendant — physician — compensation.
If the physician appointed to examine the patient shall certify that an attendant to accompany the patient to the said hospital is necessary, and the university hospital attendant and ambulance service is not available, then the court or judge or clerk of the court may appoint an attendant who shall receive not exceeding two dollars per day for the time thus necessarily employed and actual necessary traveling expenses by the most feasible route to said hospital whether by ambulance, train or automobile; but if such appointee is a relative of the patient or a member of the patient's immediate family, or receives a salary or other compensation from the public for the patient's full-time services, then no such examination fee shall be paid. The authorities in control of the medical college shall designate some physician to pass upon the admission of such patient, and it shall be the physician's duty to receive such patient into the hospital and to provide for the patient, if available, a cot, bed, or room in said hospital, and to assign the patient to the appropriate clinic and for treatment by the proper physician, unless, in the physician's judgment, the presence of the patient in the hospital would be dangerous to other patients, or there is no reasonable probability that the patient may be benefited by the proposed treatment or hospital care. 255.16 County quotas.
Subject to subsequent qualifications in this section, there shall be treated at the university hospital during each fiscal year a number of committed indigent patients from each county which shall bear the same relation to the total number of committed indigent patients admitted during the year as the population of such county shall bear to the total population of the state according to the last preceding official census. This standard shall apply to indigent patients, the expenses of whose commitment, transportation, care and treatment shall be borne by appropriated funds and shall not govern the admission of either obstetrical or orthopedic patients. If the number of patients admitted from any county shall exceed by more than ten percent the county quota as fixed and ascertained under the first sentence of this section, the charges and expenses of the care and treatment of such patients in excess of ten percent of the quota shall be paid from the funds of such county at actual cost; but if the number of excess patients from any county shall not exceed ten percent, all costs, expenses, and charges incurred in their behalf shall be paid from the appro-

The university hospital authorities may at their discretion receive into the hospital for medical, obstetrical or surgical treatment or hospital care, patients not committed thereto under the provisions of this chapter; but the treatment or care of such patients shall not in any way interfere with the proper medical or surgical treatment or hospital care of committed patients. The university hospital ambulances and ambulance personnel may be used for the transportation of such patients at a reasonable charge if specialized equipment is required and is not otherwise available and if such use does not interfere with the ambulance transportation of patients committed to the hospital.

All of the provisions of this chapter except as to commitment of patients shall apply to such patients. The university hospital authorities shall collect from the person or persons liable for the support of such patients reasonable charges for hospital care and service and deposit the same with the treasurer of the university for the use and benefit of the university hospital. Earnings of the hospital whether from private patients, cost patients, or indigents shall be administered so as to increase as much as possible, the service available for indigents, including the acquisition, construction, reconstruction, completion, equipment, improvement, repair, and remodeling of medical buildings and facilities and additions thereto and the payment of principal and interest on bonds issued to finance the cost thereof as authorized by the provisions of chapter 263A. The hospital authorities may, if necessary, appoint an attendant to accompany such patient and discharged patients, and the compensation of such attendant shall be fixed by the state board of regents and charged by the hospital as part of the costs of transporting patients. The compensation paid to and the expenses of the attendant shall be audited and paid in the same manner as is provided by law for the compensation of an attendant appointed by the court.

To arrive at a proper basis for the payment of said bills for treatment, care, and maintenance, the state board of regents shall cause to be made annually an audit of the accounts of the university hospital, and determine the average cost per day for the care and maintenance of each patient therein, exclusive of the salaries of the members of the faculty of said university college of medicine, and said bills shall be allowed at such average cost. All accounts shall be so adjusted and paid as to reimburse the funds of the hospital used for the purposes of this chapter.

Warrants issued under section 255.25 shall be promptly drawn on the treasurer of state and forwarded by the director of revenue and finance to the treasurer of the state university, and the same shall be by the treasurer of the state university placed to the credit of the funds which are set aside for the support of said hospital. The superintendent of the said university hospital shall certify to the auditor of state on the first day of January, April, July and October of each year, the amount as herein provided not previously certified by the superintendent due the state from the several counties having patients chargeable thereto, and the auditor of state shall thereupon charge the same to the county so owing. The county auditor, upon receipt of the certificate, shall enter it to the credit of the state in the ledger of state accounts, and at once issue a notice to the county treasurer authorizing the county treasurer to transfer the amount to the general state revenue, which notice shall be filed by the treasurer as authority for making the transfer. The county treasurer shall include the amount transferred in the next remittance of state taxes to the treasurer of state, to accrue to the credit of the university hospital fund.

The state auditor shall certify the total cost of commitment, transportation and caring for each indigent patient under the terms of this statute to the county auditor of such patient’s legal residence, and such certificate shall be preserved by the county auditor and shall be a debt due from the patient or the persons legally responsible for the patient’s care, maintenance or support; and whenever in the judgment of the board of supervisors the same or any part thereof shall be collectible, the said board may in its own name collect the same and is hereby authorized to institute suits for such purpose; and after deducting the county’s share of such cost shall cause the balance to be paid into the state treasury to reimburse the university hospital fund.

Should any county fail to pay these bills within sixty days from the date of certificate from the superintendent, the director of revenue and finance shall charge the delinquent county the penalty of one percent per month on and after sixty days from date of certificate until paid. Such penalties shall be credited to the general fund of the state.

PREFACE TO 1987 IOWA CODE

The 1987 Iowa Code is published pursuant to chapter 14. Its form is substantially the same as the 1985 Iowa Code, and it includes the permanent enactments of the 1985 and 1986 sessions of the Seventy-first General Assembly which take effect on or before July 1, 1987. The Code is published in three volumes with a separate index bound in a different color.

Because of the extensive reorganization of the executive branch, enacted primarily in 1986 Iowa Acts, chapter 1245, a large number of Code references to official and departmental names needed to be changed. The General Assembly did not enact all of these changes specifically, but left many to be done by the Code editor, under the authority of Iowa Code section 14.13, and the expression of legislative intent found mainly in 1986 Iowa Acts, chapter 1245. However, if there was doubt as to the correct change, the former terminology was left, and further legislation will be required. The system of uniform terminology set out in Iowa Code chapter 7E was not fully implemented this year and further development and application of it will occur, so that it will be fully implemented by the statutory deadline of July 1, 1988. Therefore, the user will find inconsistencies of terminology, and should be aware of the statement in 1986 Iowa Acts, chapter 1245, section 2064, that “In cases of inconsistent usage of terminology, superseded terms shall be read to be consistent with the intent of this Act, until necessary changes in language are made under this section.”

The bracketed material at the end of most Code sections indicates the history of the subject matter of the section. Beginning with the Code of 1985, the histories were not continued, but source notes were added to indicate the location in the Iowa Acts of subsequent amendments and enactments.

Please note that a codified version of the 1857 Constitution of the State of Iowa, as well as the original version, is now included with the introductory material at the beginning of Volume I.

At the end of Volume III are further historical materials, Tables showing the “Disposition of Acts,” “Corresponding Sections of Code 1985 to Code Supplement 1985 and Code 1987,” and “Internal References to Sections and Chapters of Code 1987” which is new and replaces the internal reference footnotes formerly found under the individual Code sections and chapter headings.

The editorial staff of the Iowa Code strives to make it an accurate and convenient record of the permanent laws of Iowa, and will welcome comments and suggestions for improvements.

The plan is subject to the approval of the state board.

12. The state board shall determine whether the deficiencies have been corrected. If the deficiencies have not been corrected, the state board may determine that the school district or nonpublic school is not accredited or may grant additional time for implementation of the plan. If the state board does not grant accreditation, the state board shall merge the territory of the school district with one or more contiguous school districts. Division of assets and liabilities of the school district shall be as provided in sections 275.29 through 275.31. Until the merger is completed, the school district shall pay tuition for its resident students to an accredited school district under section 282.24.

(1) Courses comprising the limited program.
(2) Health requirements for personnel.
(3) Plant facilities.

§258A.3 Authority of licensing boards.
1 Notwithstanding any other provision of this chapter, each licensing board shall have the powers to:
   a Administer and enforce the laws and administrative rules provided for in this chapter and any other statute to which the licensing board is subject.
   b Adopt and enforce administrative rules which provide for the partial re-examination of the professional licensing examinations given by each licensing board.
   c Review or investigate, or both, upon written complaint or upon its own motion pursuant to other evidence received by the board, alleged acts or omissions which the board reasonably believes constitute cause under applicable law or administrative rule for licensee discipline.
   d Determine in any case whether an investigation, or further investigation, or a disciplinary proceeding is warranted.
   e Initiate and prosecute disciplinary proceedings.
   f Impose licensee discipline.
   g Petition the district court for enforcement of its authority with respect to licensees or with respect to other persons violating the laws which the board is charged with administering.
   h Register or establish and register peer review committees.
   i Refer to a registered peer review committee for investigation, review, and report to the board, any complaint or other evidence of an act or omission which the board reasonably believes to constitute cause for licensee discipline. However, the referral of any matter shall not relieve the board of any of its duties and shall not divest the board of any authority or jurisdiction.
   j Determine and administer the renewal of licenses for periods not exceeding three years.
2 Each licensing board may impose one or more of the following as licensee discipline:
   a Revoke a license, or suspend a license either until further order of the board or for a specified period, upon any of the grounds specified in section 114 21, 116 21, 117 29, 118 13, 118A 15, 147 55, 148B 7, 153 34, 154A 24, 169 13, or 602 3203 or chapter 135E, 151, 507B or 522, as applicable, or upon any other grounds specifically provided for in this chapter for revocation of the license of a licensee subject to the jurisdiction of that board, or upon failure of the licensee to comply with a decision of the board imposing licensee discipline.
   b Revoke, or suspend either until further order of the board or for a specified period, the privilege of a licensee to engage in one or more specified procedures, methods, or acts incident to the practice of the profession, if pursuant to hearing or stipulated or agreed settlement the board finds that because of a lack of education or experience, or because of negligence, or careless acts or omissions, or because of one or more intentional acts or omissions, the licensee has demonstrated a lack of qualifications which are necessary to assure the residents of this state a high standard of professional and occupational care.
   c Impose a period of probation under specified conditions, whether or not in conjunction with other sanctions.
   d Require additional professional education or training, or re-examination, or any combination, as a condition precedent to the reinstatement of a license or of any privilege incident thereto, or as a condition precedent to the termination of any suspension.
   e Impose civil penalties by rule, if the rule specifies which offenses or acts are subject to civil penalties. The amount of civil penalty shall be in the discretion of the board, but shall not exceed one thousand dollars. Failure to comply with the imposition of a civil penalty may be grounds for further license discipline.
   f Issue a citation and warning respecting licensee behavior which is subject to the imposition of other sanctions by the board.
3 The powers conferred by this section upon a
licensing board shall be in addition to powers specified elsewhere in the Code. The powers of any other person specified elsewhere in the Code shall not limit the powers of a licensing board conferred by this section, nor shall the powers of such other person be deemed limited by the provisions of this section.

4 Nothing contained in this section shall be construed to prohibit informal stipulation and settlement by a board and a licensee of any matter involving licensee discipline. However, licensee discipline shall not be agreed to or imposed except pursuant to a written decision which specifies the sanction and which is entered by the board and filed.

All health-care boards shall file written decisions which specify the sanction entered by the board with the Iowa department of public health which shall be available to the public upon request. All health-care boards shall have on file the written and specified decisions and sanctions entered by the board and shall be available to the public upon request.

[C79, 81, §258A 5]

258A.4 Duties of board.

1 Each licensing board shall have the following duties in addition to other duties specified by this chapter or elsewhere in the Code:

a Establish procedures by which complaints which relate to licensure or to licensee discipline shall be received and reviewed by the board,

b Establish procedures by which disputes between licensees and clients which result in judgments or settlements in or of malpractice claims or actions shall be investigated by the board,

c Establish procedures by which any recommendation taken by a peer review committee shall be reported to and reviewed by the board if a peer review committee is established,

d Establish procedures for registration with the board of peer review committees if a peer review committee is established,

e Define by rule those recommendations of peer review committees which shall constitute disciplinary recommendations which must be reported to the board if a peer review committee is established,

f Define by rule acts or omissions which are grounds for revocation or suspension of a license under section 114 21, 116 21, 117 29, 118 13, 118A 15, 147 55, 148B 7, 153 34, 154A 24, 169 13, 455B 191 or 602 3203 or chapter 135E, 151, 507B or 522, as applicable, and to define by rule acts or omissions which constitute negligence, careless acts or omissions within the meaning of section 258A 3, subsection 2, paragraph "b", which licensees are required to report to the board pursuant to section 258A 9, subsection 2,

g Establish the procedures by which licensees shall report those acts or omissions specified by the board pursuant to paragraph "f" of this subsection,

h Give written notice to another licensing board or to a hospital licensing agency if evidence received by the board either alleges or constitutes reasonable cause to believe the existence of an act or omission which is subject to discipline by that other board or agency,

i Require each health care licensing board to file with the Iowa department of public health a copy of each decision of the board imposing licensee discipline. Each nonhealth care board shall have on file a copy of each decision of the board imposing licensee discipline which copy shall be properly dated and shall be in simple language and in the most concise form consistent with clearness and comprehensiveness of subject matter.

The commissioner of insurance shall by rule in consultation with the licensing boards enumerated in section 258A 1, require insurance carriers which insure professional and occupational licensees for acts or omissions which constitute negligence, careless acts or omissions in the practice of a profession or occupation to file reports with the commissioner of insurance. The reports shall include information pertaining to incidents by a licensee which may affect the licensee as defined by rule, involving an insured of the insurer. The commissioner of insurance shall forward reports pursuant to this section to the appropriate licensing board.

2 Each licensing board shall submit to the senate and house committees on state government in January of each year, commencing in January of 1979, a summary of the activities of that board since the preceding report respecting the following subjects:

a The adoption or nonadoption of rules relating to the duties of the board as specified in this section,

b The number of complaints, peer review committee disciplinary actions, and judgments and settlements reviewed or investigated by the board, the number of formal disciplinary proceedings commenced before the board or in the courts, the number and types of sanctions imposed, and the number and status of appeals to the court of board decisions, and the number and types of peer review committees registered by the board.

258A.5 Licensee disciplinary procedure — rule-making delegation.

1 Each licensing board may establish by rule licensee disciplinary procedures. Each licensing board may impose licensee discipline under these procedures.

2 Rules promulgated under subsection 1 of this section:

a Shall comply with the provisions of chapter 17A,

b Shall designate who may or shall initiate a licensee disciplinary investigation and a licensee disciplinary proceeding, and who shall prosecute a disciplinary proceeding and under what conditions, and shall state the procedures for review by the licensing board of findings of fact if a majority of the licensing board does not hear the disciplinary proceeding,

c Shall state whether the procedures are an alternative to or an addition to the procedures stated in sections 114 22, 116 23, 117 35, 117 36, 118A 16, 147 58 to 147 71, 148 6 to 148 9, 153 23 to 153 30, 153 33, 154A 23, and 155 14 to 155 16,

d Shall specify methods by which the final decisions of the board relating to disciplinary proceedings shall be published.

[C79, 81, §258A 5]
§258A.6 Hearings — power of subpoena — decisions.
1. Disciplinary hearings held pursuant to this chapter shall be heard by the board sitting as the hearing panel, or by a panel of not less than three board members who are licensed in the profession, or by a panel of not less than three members appointed pursuant to subsection 2. Notwithstanding chapters 17A and 21 a disciplinary hearing shall be open to the public at the discretion of the licensee.

2. When, in the opinion of a majority of the board, it is desirable to obtain specialists within an area of practice of a profession when holding disciplinary hearings, a licensing board may appoint licensees not having a conflict of interest to make findings of fact and to report to the board. Such findings shall not include any recommendation for or against licensee discipline.

3. The presiding officer of a hearing panel may issue subpoenas pursuant to rules of the board on behalf of the board or on behalf of the licensee. A licensee may have subpoenas issued on the licensee's behalf. A subpoena issued under the authority of a licensing board may compel the attendance of witnesses and the production of professional records, books, papers, correspondence and other records, whether or not privileged or confidential under law, which are deemed necessary as evidence in connection with a disciplinary proceeding.

Nothing in this subsection shall be deemed to enable a licensing board to compel an attorney of the licensee, or stenographer or confidential clerk of the attorney, to disclose any information when privileged against disclosure by section 622.10. In the event of a refusal to obey a subpoena, the licensing board may petition the district court for its enforcement. Upon proper showing, the district court shall order the person to obey the subpoena, and if the person fails to obey the order of the court the person may be found guilty of contempt of court. The presiding officer of a hearing panel may also administer oaths and affirmations, take or order that depositions be taken, and pursuant to rules of the board, grant immunity to a witness from disciplinary proceedings initiated either by the board or by other state agencies which might otherwise result from the testimony to be given by the witness to the panel.

4. In order to assure a free flow of information for accomplishing the purposes of this section, and notwithstanding section 622.10, all complaint files, investigation files, other investigation reports, and other investigative information in the possession of a licensing board or peer review committee acting under the authority of a licensing board or its employees or agents which relates to licensee discipline are privileged and confidential, and are not subject to discovery, subpoena, or other means of legal compulsion for their release to a person other than the licensee and the boards, their employees and agents involved in licensee discipline, and are not admissible in evidence in a judicial or administrative proceeding other than the proceeding involving licensee discipline. However, investigative information in the possession of a licensing board or its employees or agents which relates to licensee discipline may be disclosed to appropriate licensing authorities within this state, the appropriate licensing authority in another state, the District of Columbia, or a territory or country in which the licensee is licensed or has applied for a license. If the investigative information in the possession of a licensing board or its employees or agents indicates a crime has been committed, the information shall be reported to the proper law enforcement agency. However, a final written decision and finding of fact of a licensing board in a disciplinary proceeding, including a decision referred to in section 258A.3, subsection 4, is a public record.

Pursuant to the provisions of section 17A.19, subsection 6, if a waiver of privilege has been involuntary and evidence has been received at a disciplinary hearing, the court shall order withheld the identity of the individual whose privilege was waived.

5. Licensee discipline shall not be imposed except upon the affirmative vote of a majority of the licensing board.

Employees of the board shall be employed subject to chapter 19A. The qualifications of the executive secretary shall be determined by the board.

2. All employees of a licensing board shall be reimbursed subject to the rules of the director of revenue and finance for their expenses incurred in the performance of official duties. All reimbursements shall constitute costs of sustaining the board.

3. Licensees appointed to serve on a hearing panel pursuant to section 258A.6, subsection 2, shall be compensated at the rate of forty dollars for each day of actual duty, and shall be reimbursed for actual expenses reasonably incurred in the performance of duties.

4. Salaries, per diem, and expenses incurred in the performance of official duties of the board or its employees shall be paid from funds appropriated by the general assembly.

[C79, 81, §258A.7]

§258A.8 Immunities.
1. A person shall not be civilly liable as a result of the person's acts, omissions or decisions in good faith as a member of a licensing board or as an employee or agent in connection with the person's duties.

2. A person shall not be civilly liable as a result of filing a report or complaint with a licensing board or peer review committee, or for the disclosure to a licensing board or its agents or employees, whether or not pursuant to a subpoena of records, documents, testimony or other forms of information which constitute privileged matter concerning a recipient of health care services or some other person, in connection with
§258A.8
proceedings of a peer review committee, or in connection
with duties of a health care board. However, such
immunity from civil liability shall not apply if such act
is done with malice.
3. A person shall not be dismissed from employ-
ment, and shall not be discriminated against by an
employer because the person filed a complaint with a
licensing board or peer review committee, or because
the person participated as a member, agent or employ-
ee of a licensing board or peer review committee, or
presented testimony or other evidence to a licensing
board or peer review committee.

Any employer who violates the terms of this section
shall be liable to any person aggrieved for actual and
punitive damages plus reasonable attorney fees.

[C79, 81, §258A.8]

258A.9 Duties of licensees.
1. Each licensee of a licensing board, as a condition
of licensure, is under a duty to submit to a physical or
mental examination when directed in writing by the
board for cause. All objections shall be waived as to the
admissibility of the examining physician’s testimony
or reports on the grounds of privileged communica-
tions. The medical testimony or report shall not be
used against the licensee in any proceeding other than
one relating to licensee discipline by the board, or one
commenced in district court for revocation of the li-
censee’s privileges. The licensing board, upon probable
cause, shall have the authority to order physical or
mental examination, and upon refusal of the licensee
to submit to the examination the licensing board may
order that the allegations pursuant to which the order
of physical or mental examination was made shall be
taken to be established.

2. A licensee has a continuing duty to report to the
licensing board by whom the person is licensed those
acts or omissions specified by rule of the board pursu-
ant to section 258A.4, subsection 1, paragraph “f”,
when committed by another person licensed by the
same licensing board. This subsection does not apply
to licensees under chapter 116 when the observations
are a result of participation in programs of practice
review, peer review and quality review conducted by
professional organizations of certified public account-
ants, for educational purposes and approved by the
board of accountancy.

3. A licensee shall have a continuing duty and obli-
gation, as a condition of licensure, to report to the
licensing board by which the licensee is licensed every
adverse judgment in a professional or occupational
malpractice action to which the licensee is a party, and
every settlement of a claim against the licensee alleg-
ing malpractice.

4. A licensee who willfully fails to comply with sub-
section 2 or 3 of this section commits a violation of this
chapter for which licensee discipline may be imposed.

260A.2 Educational improvement projects.
The board of directors of a school district may make application by November 1 of a school year to the department of education for funding for an educational improvement project to be carried out in the school district during the next following school year. The board of directors may apply for an educational excellence incentive award or for additional allowable growth, or both, to fund the project.

An educational improvement project is a project that has not been implemented, requires additional funding for implementation that the district cannot provide, is designed to achieve academic excellence, and has general application in other school districts throughout the state. The project may relate to curriculum, instructional practices, expansion of educational program or staff development.

The application shall include the goals and objectives of the project, staff utilization plans, evaluation criteria and procedures, the program budget, and other factors the department deems necessary. The board shall include in its application the process used in the school district to involve parents, teachers, administrators, and students in the planning and development of the project.

The total cost of a project shall not exceed one percent of the district cost per pupil of the school district for the budget year multiplied by the budget enrollment of the school district for the budget year or five thousand dollars, whichever is greater.

The department of education shall review the project applications and shall prior to February 15 of that school year send written notification of approval to the school district proposing the project and the director of the department of management and school budget review committee. The written notification shall include notification whether a district has been granted an educational excellence incentive award by the department.

If a project was not carried out or if the cost of carrying out a project was less than the amount approved for the project, the department of education shall notify the director of the department of management. The director of the department of management shall determine for a project the amount not expended that was additional allowable growth and the amount not expended that was from the educational excellence incentive award and shall reduce the district's tax levy computed under section 442.9 for the next following budget year to reduce the anticipated receipts from the tax levy by the amount of additional allowable growth not expended and the district's total state school aids available under chapter 442 for the next following budget year by the amount of the award not expended.

261.72 Forgivable loan administration.
The college aid commission shall administer the forgivable loan program in the same manner as specified in section 261.15 for the tuition grant program. The maximum loan that a student is eligible to receive is an amount equal to the maximum tuition grant awarded by the commission for the same fiscal year. A student is eligible to receive both a tuition grant and a forgivable loan. The interest rate for the forgivable loan shall be equal to the interest rate being collected by an eligible lender under the Iowa guaranteed student loan program for the year in which the forgivable loan is made.  
85 Acts, ch 33, §702

261.73 Interest and principal payment.
A student receiving a forgivable loan under section 261.71 shall begin paying the annual cost of interest immediately following graduation on an annual basis for five years. If the student remains an Iowa resident and is employed in a teaching position in an area in which a teaching shortage exists, as determined by the department of education, for five years immediately following graduation, the student is not responsible for payment of the principal amount of the loan and shall not pay interest on the loan. If the commission determines that the student does not meet the criteria for elimination of the principal and interest payments, the commission shall establish by rule a plan for repayment of the principal and interest over a ten-year period. If a student who is required to make the repayment does not make the required payments, the commission shall provide for collecting the payments.

There is created a forgivable loan repayment fund for deposit of payments made by the recipients. Payments made by the recipients of the loans shall be credited to the fund and may be used to make additional loans under the program. Moneys in the fund shall not revert to the general fund of the state at the close of a fiscal year.

This chapter may be cited as the “Iowa Higher Education Loan Authority Act”.
[82 Acts, ch 1031, §1]

261A.2 Declaration of purpose.
It is declared that for the benefit of the people of the state of Iowa, the conduct and increase of their commerce, the protection and enhancement of their welfare, the development of continued prosperity and the improvement of their health and living conditions, it is essential that this and future generations of youth be given the fullest opportunity to learn and to develop their intellectual and mental capacities and skills; that to achieve these ends it is of the utmost importance that students attending institutions of higher education located in Iowa have reasonable financial alternatives to enhance their access to such institutions; that reasonable financial access to institutions of higher education will assist youth in achieving the optimum levels of learning and development of their intellectual and mental capacities and skills; that it is the purpose of this chapter to provide a measure of assistance and an alternative method to enable students and the families of students attending institutions of higher education located in Iowa to appropriately and prudently finance the cost or a portion of the cost of higher education; and that it is the intent of this chapter to supplement federal guaranteed higher education loan programs, other student loan programs, and grant or scholarship programs to provide the needed additional options for the financing of a student’s higher education in execution of the public policy set forth above.
[82 Acts, ch 1031, §2]

261A.3 Legislative findings.
The general assembly finds as follows:
1. The establishment of the authority is in all re-
spects for the benefit of the people of the state of Iowa, for the improvement of their education, health and welfare, and for the promotion of the economy, which are public purposes
2 The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter
3 There exists a serious problem in this state regarding the ability of students to obtain financing for the cost of education beyond the high school level
4 Escalating costs of securing such an education have contributed to the difficulties faced by students in attempting to finance an education
5 Without public action as contemplated by this chapter, many students will be forced to postpone or abandon plans for obtaining additional education
6 It is in the interests and welfare of the citizens of the state to provide a means for assisting students to continue their education
7 Without public action as contemplated by this chapter, the inability to obtain educational financing will result in declining enrollments at institutions of higher education
8 It is necessary to create a higher education loan authority to encourage the investment of private capital in the provision of funds for the financing of student loans
9 All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned, or granted.
[82 Acts, ch 1031, §3]

96 Acts, ch 1245, §1455

261A.6 Membership of authority.

1. The authority consists of five members to be appointed by the governor subject to confirmation by the senate. The powers of the authority are vested in and exercised by the members of the authority. Each member of the authority shall be a resident of the state and not more than three members shall be members of the same political party.

2. The members of the authority shall be appointed by the governor for terms of six years beginning and ending as provided in section 69.19. A member of the authority is eligible for reappointment. The governor shall fill a vacancy for the remainder of the unexpired term. A member of the authority may be removed by the governor for misfeasance, malfeasance, or willful neglect of duty or other cause after notice and a public hearing unless the notice and hearing are waived by the member in writing.

3. The members of the authority shall annually elect one of the members as chairperson and one as vice chairperson. The members of the authority may appoint an executive director, an assistant executive director, and other officers as the members of the authority determine. The officers shall not be members of the authority, shall serve at the pleasure of the authority, and shall receive compensation as fixed by the authority.

5. Three members of the authority constitute a quorum. The affirmative vote of a majority of the members of the authority is necessary for any action taken by the authority. The majority shall not include a member who has a conflict of interest and a statement by a member of a conflict of interest is conclusive for this purpose. A vacancy in the membership of the authority does not impair the right of a quorum to exercise the rights and perform the duties of the authority. An action taken by the authority under this chapter may be authorized by resolution at a regular or special meeting, and each resolution shall take effect immediately and need not be published or posted, except as provided in section 261A.25. Meetings of the authority shall be held at the call of the chairperson or at the request of two members.

However, in each case to which this chapter is applicable, the trustee, director, officer, or employee of the participating institution shall abstain from discussion, deliberation, action, and vote by the authority in respect to an undertaking pursuant to this chapter in which the participating institution of higher education has an interest; and the person having a favorable reputation for skill, knowledge, and experience in state and municipal finance shall abstain from discussion, deliberation, action, and vote by the authority in respect to a sale, purchase, or ownership of obligations of the authority in which an investment banking firm or insurance company or bank of which the person is a partner, officer, or employee has or may have a current or future interest; and the person having a favorable reputation for skill, knowledge, and experience in the higher education loan finance field shall abstain from discussion, deliberation, action, and vote by the authority in respect to an action of the authority in which a partnership, firm, joint venture, sole proprietorship, or corporation of which the person is an owner, venturer, participant, partner, officer, or employee has or may have a current or future interest.

10. All employees of the authority are exempt from chapters 19A and 97B.

261A.7 Duties of authority.

The authority shall:

1. Adopt rules for the regulation of its affairs and the conduct of its business.
2. Adopt an official seal and alter the seal at pleasure.
3. Maintain an office at a place or places it designates.
4. Establish criteria for and guidelines encompassing the types of and qualifications for education loan financing programs. The authority may issue obligations for the purpose of making authority loans to institutions participating in a program of the authority for the purpose of providing education loans. The criteria and guidelines established by the authority for its education loan financing programs include eligibility standards for borrowers the authority determines are necessary or desirable in order to effectuate the purposes of this chapter, including the following:
   a. Each student shall have a certificate of admission or enrollment at a specific participating institution.
   b. Each student or the student's parents shall satisfy financial qualifications the authority establishes to effectuate the purposes of this chapter.
   c. Each student and the student's parents shall submit information required by the authority to the applicable institution.

The authority may contract with financial institutions and other qualified loan origination and servicing organizations, which shall assist in prequalifying borrowers for education loans and which shall service and administer each education loan and each institution's respective loan series portfolio. Each education loan's fees shall include a portion, if necessary, to cover the applicable pro rata cost of a servicing organization.

The authority may establish criteria governing the eligibility of institutions to participate in its programs, the making of authority loans and education loans, provisions for default, the establishment of default reserve funds, the purchase of default insurance, the provision of prudent debt service reserves, and the furnishing by participating institutions of higher education of additional guarantees of the education loans, authority loans, or obligations that the authority determines necessary. Criteria shall be established to assure the marketability of the obligations and the adequacy of the security for the obligations.

The authority shall establish limitations upon the principal amounts and the terms of education loans, criteria regarding the qualifications and characteristics of borrowers and procedures for allocating authority loans among institutions eligible for its program in order to effectuate the purposes of this chapter.
5. Issue obligations for its corporate purposes and fund or refund the obligations as provided in this chapter.
6. Fix and revise from time to time and charge and collect rates, fees, and charges for the services furnished or to be furnished by the authority, and contract with persons in respect to the services, including financial institutions, loan originators, servicers, administrators, issuers of letters of credit, and insurers.
7. Establish rules under chapter 17A with respect to authority loans, education loans, and education loan series portfolios.
8. Receive and accept from any source, loans, contributions or grants for or in aid of an authority education loan financing program or any portion of a program and, when required, use the funds, property, or labor only for the purposes for which it was loaned, contributed, or granted.
9. Make authority loans to institutions and require that the proceeds of the authority loans be used for making education loans and paying costs and fees in connection with the education loans.
10. Charge to and apportion among participating institutions its administrative and operating costs and expenses incurred in the exercise of its powers and duties.
11. Borrow working capital funds and other funds as necessary for start-up and continuing operations, provided that the funds are borrowed in the name of the authority only. Borrowings are limited obligations of the character described in section 261A.12 and are payable solely from revenues of the authority or the proceeds of obligations pledged for that purpose.
12. Notwithstanding other provisions in this chapter, commingle and pledge as security for a series or issue of obligations, with the consent of all of the institutions which are participating in the series or issue, the education loan series portfolios and some or all future education loan series portfolios of the institutions, and the loan funding deposits of the institutions. However, the education loan series portfolios and other security and moneys set aside in a fund or funds pledged for a series or issue of obligations shall be held for the sole benefit of the series or issue separate and apart from education loan series portfolios and other security and moneys pledged for any other series or issue of obligations. Obligations may be issued in series under one or more resolutions or trust agreements in the discretion of the authority.
13. Examine records and financial reports of participating institutions, and examine records and financial reports of a contractor organization or institution retained by the authority.
14. Require that authority loans be used solely to make education loans. The authority shall require that institutions require that each borrower under an education loan use the proceeds solely for the cost of attendance and that each borrower certify as to the use of the proceeds.
15. Authorize its officers, agents, and employees to take any other action and do all things necessary or desirable in order to carry out the purposes of this chapter.

[82 Acts, ch 1031, §7]

261A.8 Powers of authority.

The authority may:
1. Sue and be sued in its own name, plead and be impleaded.
2. Employ consultants, attorneys, accountants, financial experts, loan processors, bankers, managers, and other employees and agents necessary in the authority's judgment, and fix their compensation.
3. When refunding obligations are issued to refund obligations, the proceeds of which were used to make authority loans, reduce the amount it is owed by the institutions which had received authority loans from the proceeds of the refunded obligations. The institutions may use this reduced amount to reduce the amount of interest being paid on education loans which the institutions had made pursuant to the authority loans from the proceeds of the refunded obligations.

[82 Acts, ch 1031, §8]
261A.9 Expenses of authority — limitation of liability.
Expenses incurred in carrying out this chapter are payable solely from funds provided under this chapter and, except as specifically authorized under this chapter, a liability shall not be incurred by the authority beyond the extent to which moneys have been provided under this chapter.

[82 Acts, ch 1031, §9]

261A.10 Acquisition of moneys, endowments, properties and guarantees.
The authority may establish guidelines relating to the deposits of moneys, endowments, or properties by institutions which would provide prudent security for education loan funding programs, authority loans, education loans, or for obligations and may establish guidelines relating to guarantees of or contracts to purchase education loans or obligations by the institutions or by financial institutions or others. A default reserve fund may be established for each series or issue of obligations. The authority may receive moneys, endowments, properties, and guarantees it deems appropriate and, if necessary, may take title in the name of the authority or in the name of a participating institution or a trustee.

[82 Acts, ch 1031, §10]

261A.11 Conveyance of loan funding deposit after payment of principal and interest.
When the principal of and interest on obligations of the authority issued to finance the cost of an education loan financing program or programs, including any refunding obligations issued to refund and refinance the obligations, have been fully paid and retired or when adequate provision has been made to fully pay and retire the obligations of the authority, and all other conditions of the bond resolution have been satisfied and the lien created by the bond resolution has been released in accordance with its provisions, the authority shall promptly perform functions and execute deeds and conveyances necessary and required to convey remaining moneys, properties, and other assets comprising loan funding deposits to the institutions which furnished the loan funding deposits in proportion to the amounts furnished by the respective institutions.

[82Acts, ch 1031, §11]

261A.12 Obligations.
1 The authority may from time to time issue obligations for any corporate purpose and the obligations of the authority are declared to be negotiable for all purposes notwithstanding their payment from limited sources and without regard to any other law.
2 The authority shall not have outstanding at any one time obligations in an aggregate principal amount exceeding one hundred million dollars excluding obligations issued to refund the obligations of the authority.
3 Each issue of obligations is payable solely out of revenues of the authority pertaining to the program relating to the issue, including principal and interest on authority loans and education loans, payments by institutions of higher education, banks, insurance companies, or others pursuant to letters of credit or purchase agreements, investment earnings from funds or accounts maintained pursuant to the bond resolution, insurance proceeds, loan funding deposits, proceeds of sales of education loans, proceeds of refunding obligations, and fees, charges, and other revenues of the authority from the program.
4 Obligations may be issued as serial obligations or as term obligations, or both. Obligations shall be authorized by a bond resolution of the authority and shall bear dates, mature at times not later than the year following the last year in which the final payments in an education loan series portfolio are due, or thirty years, whichever is sooner, from their respective dates of issue, bear interest at rates, be payable at times, be in denominations, be in a form, either coupon or fully registered, carry registration and conversion privileges, be payable in lawful money of the United States of America, and be subject to terms of redemption as the bond resolution provides. Obligations shall be executed by the manual or facsimile signatures of officers of the authority designated by the authority. Obligations shall be sold in a manner and at prices as the authority determines.
5 A bond resolution may contain provisions, which shall be a part of the contract with the holders of the obligations to be authorized, as to all of the following:
   a Pledging or assigning the revenues derived from the authority loans and education loans with respect to which the obligations are to be issued;
   b The fees and other amounts to be charged, and the sums to be raised in each year, and the use, investment, and disposition of the sums;
   c The setting aside of loan funding deposits, debt service reserves, capitalized interest accounts, cost of insurance accounts, and sinking funds, and their regulation, investment, and disposition;
   d Limitations on the use of the education loans;
   e Limitations on the purpose to which or the investments in which the proceeds of sale of an issue of obligations then or thereafter to be issued may be applied;
   f Limitations on the issuance of additional obligations, the terms upon which additional obligations may be issued and secured, the terms upon which additional obligations may rank on a parity with, or be subordinate or superior to, other obligations;
   g The refunding of outstanding obligations;
   h The procedure, if any, by which the terms of a contract with holders of obligations may be amended or abrogated, the amount of obligations to which the holders must consent to the amendment or abrogation, and the manner in which the consent may be given;
   i Defining the acts or omissions to act which constitute a default in the duties of the authority to holders of obligations and providing the rights or remedies of holders in the event of a default;
   j Providing for guarantees, pledges, endowments, letters of credit, property, or other security for the benefit of the holders of the obligations;
   k Any other matters relating to the obligations which the authority deems desirable;
6 Neither the members of the authority nor a person executing the obligations is liable personally on the obligations or subject to personal liability or accountability by reason of their issuance.
7. The authority may purchase its obligations out of funds available. The authority may hold, pledge, cancel, or resell obligations subject to and in accordance with agreements with holders of obligations.

8. The authority may refund any of its obligations. Refunding obligations shall be issued in the same manner as other obligations of the authority.

[82 Acts, ch 1031, §12]

261A.13 Trust agreement to secure obligations.
In the discretion of the authority, obligations may be secured by a trust agreement by and between the authority and a corporate trustee or trustees, which may be a trust company or bank located in the state of Iowa that has the powers of a trust company. The bond resolution shall pledge the revenues to be received by the authority, may contain provisions for protecting and enforcing the rights and remedies of the holders of obligations as reasonable and proper and not in violation of law, including provisions that have been authorized to be included in any bond resolution of the authority, and may restrict the individual right of action by holders of obligations. A trust agreement may contain other provisions the authority deems reasonable and proper for the security of the holders of obligations. Expenses incurred in carrying out the trust agreement may be treated as a part of the cost of the operation of an education loan program.

[82 Acts, ch 1031, §13]

261A.14 Payment of obligations — nonliability of state.
Obligations are obligations of the authority only, and not of the state of Iowa. Each obligation shall state upon its face that it represents and constitutes a debt of the authority, but not of the state of Iowa within the meaning of any constitutional or statutory limitation, and that it does not constitute a pledge of the full faith and credit of the authority or of the state of Iowa. The obligations shall not grant to the owners or holders of the obligations the right to have the authority or the state levy taxes or appropriate funds for the payment of the principal or interest on the obligations. The obligations are payable, and shall state that they are payable, solely from the revenues pledged for their payment in accordance with the bond resolution.

This chapter does not authorize the authority or any department, board, commission, or other agency to create an obligation of the state within the meaning of the constitution or laws of Iowa.

[82 Acts, ch 1031, §14]

261A.15 Pledge of revenues.
The authority shall fix, revise, charge, and collect fees and may contract with a person to do so. Each agreement entered into by the authority with an institution shall provide that the fees and other amounts payable by the institution of higher education with respect to a program of the authority are sufficient at all times to meet all of the following:

1. To pay its share of the administrative costs and expenses of the program.
2. To pay the principal of, the premium, if any, and the interest on outstanding obligations of the authority, issued in respect of the program to the extent that other revenues of the authority pledged for the payment of the obligations are insufficient to pay the obligations as they become due and payable.
3. To create and maintain reserves which may but need not be required or provided for in the bond resolution relating to the obligations of the authority.
4. To establish and maintain whatever education loan servicing, control, or audit procedures are deemed by the authority to be necessary to the prudent operation of the authority.

The authority shall pledge the revenues from each program as security for the issue of obligations relating to the program. A pledge is valid and binding from the time when the pledge is made, the revenues pledged by the authority are immediately subject to the lien of the pledge without physical delivery of the pledge or further act, and the lien of the pledge is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the authority or a participating institution, irrespective of whether the parties have notice of the lien. The bond resolution and a financing statement, continuation statement, or other instrument by which the authority’s interest in revenues is assigned need not be filed or recorded in public records in order to perfect the lien against third parties except that a copy of it shall be filed in the records of the authority and with the treasurer of state.

[82 Acts, ch 1031, §23]

261A.24 Chapter as alternative method — powers not subject to supervision or regulation.

Sections 261A.1 to 261A.23 provide a complete, additional, and alternative method for the doing of the things authorized by the chapter and the limitations imposed by this chapter do not affect powers or rights conferred by other laws, and the issuance of obliga-
tions and refunding obligations under this chapter need not comply with the requirements of any other law applicable to the issuance of obligations. Except as otherwise expressly provided in this chapter, the powers granted to the authority under this chapter are not subject to the supervision or regulation and do not require the approval or consent of a city or political subdivision or department, division, commission, board, body, bureau, official, or agency of a political subdivision or of the state.

HIGHER EDUCATION FACILITIES PROGRAM

261A.32 Legislative findings.

The general assembly finds

1 For the benefit of the people of the state of Iowa, the increase of their commerce, welfare, and prosperity, and the improvement of their health and living conditions, it is essential that this and future generations of youth be given the greatest opportunity to learn and to fully develop their intellectual and mental capacities and skills.

2 To achieve these ends it is of the utmost importance that educational institutions within the state be provided with appropriate additional means of assisting the youth in achieving the required levels of learning and development of their intellectual and mental capacities and skills through new or enhanced physical facilities and equipment at these institutions.

3 The financing and refinancing of educational facilities, through means as described in this division, other than the appropriation of public funds to institutions, is a valid public purpose.

[85 Acts, ch 210, §2]

261A.33 Purpose of division.

It is the purpose of this division to provide a measure of assistance and an alternative method of enabling institutions in the state to finance the acquisition, construction, and renovation of needed educational facilities, structures and equipment and to refund, refinance, or reimburse outstanding indebtedness incurred by them or advances made by them, including advances from an endowment or any other similar fund, for the construction, acquisition, or renovation of needed educational facilities and structures, whether or not constructed, acquired, or renovated prior to July 1, 1985.

[85 Acts, ch 210, §3]

261A.34 Definitions.

As used in this division, unless the context otherwise requires

1 "Project" means any property located within the state, constructed or acquired before or after July 1, 1985 that may be used or will be useful in connection with the instruction, feeding, or recreation of students, the conducting of research, administration, or other work of an institution, or any combination of the foregoing "Project" includes, but is not limited to, any academic facility, administrative facility, assembly hall, athletic facility, instructional facility, laboratory, library, maintenance facility, student health facility, recreational facility, research facility, student union, or other facility suitable for the use of an institution.

2 "Property" means the real estate upon which a project is or will be located, including equipment, machinery, and other similar items necessary or convenient for the operation of the project in the manner for which its use is intended, but not including such items as fuel, supplies, or other items that are customarily deemed to result in a current operation charge. Property does not include property used or to be used primarily for sectarian instruction or study, or as a place for devotional activities or religious worship, or any property which is used or to be used primarily in connection with any part of the program of a school or
department of divinity for any religious denomination or the training of ministers, priests, rabbis, or other professional persons in the field of religion.

3. "Cost" as applied to a project or any portion of a project financed under this division means all or a part of the cost of construction and acquisition of land, buildings, or structures, including the cost of machinery and equipment; finance charges; interest prior to, during, and after completion of the construction for a reasonable period as determined by the authority; reserves for principal and interest; extensions, enlargements, additions, replacements, renovations, and improvements; improvements, replacements, and renovations for energy conservation and other purposes; engineering, financial, and legal services; plans, specifications, studies, surveys, estimates of cost of revenue, administrative expenses, expenses necessary or incidental to determining the feasibility or practicability of constructing the project; and such other expenses as the authority determines may be necessary or incidental to the construction and acquisition of the project, the financing of the construction and acquisition, and the placing of the project in operation.

4. "Obligation" means an obligation issued by the authority under this division.

85 Acts, ch 210, §4

261A.35 General power of authority.
The authority is authorized to assist institutions in the constructing, financing, and refinancing of projects, and the authority may take action authorized by this division.

85 Acts, ch 210, §5

261A.36 Issuance of obligations.
The authority may issue obligations of the authority for any of its corporate purposes as provided for in this division, and fund or refund the obligations pursuant to this division.

85 Acts, ch 210, §6

261A.37 Loans authorized.
The authority may make loans to an institution for the cost of a project in accordance with an agreement between the authority and the institution, except that a loan shall not exceed the total cost of the project, as determined by the institution and approved by the authority.

85 Acts, ch 210, §7

261A.38 Issuance of obligations — conditions.
The authority may issue obligations and make loans to an institution and refund, refinance or reimburse outstanding obligations, indebtedness, mortgages, or advances, including advances from an endowment or any similar fund, issued, made, or given by the institution, whether before or after July 1, 1985, for the cost of a project, when the authority finds that the financing prescribed in this section is in the public interest, and either alleviates a financial hardship upon the institution, results in a lesser cost of education, or enables the institution to offer greater security for a loan or loans to finance a new project or projects or to effect savings in interest costs or more favorable amortization terms.

85 Acts, ch 210, §8

261A.39 General powers — apportionment of costs.
The authority may do all things necessary or convenient to carry out the purposes of this division. The authority may charge to and equitably apportion among participating institutions its administrative costs and expenses incurred in the exercise of the powers and duties conferred on the authority by this division.

85 Acts, ch 210, §9

261A.40 Joint and combination projects.
The authority may undertake a project for two or more institutions jointly or for any combination of institutions, and may combine for financing purposes, with the consent of all of the institutions which are involved, the project and some or all future projects of any institution or institutions, and this division applies to and is for the benefit of the authority and the joint participants. However, the money set aside in a fund or funds pledged for any series or issue of obligations shall be held for the sole benefit of the series or issue separate and apart from money pledged for another series or issue of obligations of the authority. To facilitate the combining of projects, obligations may be issued in series under one or more resolutions or trust agreements and may be fully open-ended, thus providing for the unlimited issuance of additional series, or partially open-ended, limited as to additional series. The authority may permit an institution to substitute one or more projects of equal value, as determined by an independent appraiser satisfactory to the authority, for a project financed under this division on terms and subject to conditions the authority prescribes.

85 Acts, ch 210, §10

261A.41 Expenses.
Expenses incurred in carrying out this division are payable solely from funds provided under this division and a liability or obligation shall not be incurred by the authority beyond the extent to which money is provided under this division.

85 Acts, ch 210, §11

261A.42 Obligations.
The authority may provide by resolution for the issuance of obligations for the purpose of paying, refinancing, or reimbursing all or part of the cost of a project. The authority shall not have outstanding at any one time obligations issued pursuant to this division in an aggregate principal amount exceeding one hundred fifty million dollars. Except to the extent payable from payments to be made on federally guaranteed securities as provided in section 261A.45, the principal of and the interest on the obligations shall be payable solely out of the revenue of the authority derived from the project to which they relate and from other facilities pledged or made available for this purpose by the institution for whose benefit the obligations were issued. The obligations of each issue shall be dated, shall bear interest at rate or rates, without regard to any limit contained in any other statute or law of the state, and shall mature at times not exceeding forty years from the date of issuance, all as determined by the authority; and may be made redeemable before maturity at the prices and under terms fixed by the authority in the authorizing resolution.
Except as otherwise provided by this division, the obligations are to be paid solely out of the revenue of the project to which they relate and, in certain instances, out of the revenue of certain other facilities, and subject to section 261A.45 with respect to a pledge of government securities, the obligations may be unsecured or secured in the manner and to the extent determined by the authority. The authority shall determine the form of the obligations, including interest coupons, if any, to be attached, and shall fix the denominations of the obligations and the places of payment of principal and interest which may be at any bank or trust company within or without the state. The obligations and coupons attached, if any, shall be executed by the manual or facsimile signatures of officers of the authority designated by the authority. If an official of the authority whose signature or a facsimile of whose signature appears on any obligations or coupons ceases to be an official before the delivery of the obligations, the signature or facsimile, nevertheless, is valid and sufficient for all purposes the same as if the individual had remained an official of the authority until delivery. Obligations issued under this division have all the qualities and incidents of negotiable instruments, notwithstanding this payment from limited sources and without regard to any other law. The obligations may be issued in coupon or in registered form, or both, and one form may be exchangeable for the other in the manner as the authority may determine. Provision may be made for the registration of any coupon obligations as to principal alone and also as to both principal and interest, and for the conversion into coupon obligations of any obligations registered as to both principal and interest. The obligations may be sold in the manner, either at public or private sale, as the authority determines.

The proceeds of the obligations of each issue shall be used solely for the payment of the cost of the project for which the obligations have been issued, and shall be disbursed in the manner and under the restrictions, if any, as the authority provides in the resolution authorizing the issuance of the obligations or in the trust agreement provided for in section 261A.44 securing the obligations. If the proceeds of the obligations of an issue, by error of estimates or otherwise, are less than the costs, additional obligations may in like manner be issued to provide the amount of the deficit, and, unless otherwise provided in the resolution authorizing the issuance of the obligations or in the trust agreement securing them, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the obligations first issued. If the proceeds of the obligations of an issue shall exceed the cost of the project for which the same shall have been issued, the surplus shall be deposited to the credit of the sinking fund for the obligations. Prior to the preparation of definitive obligations, the authority may, under like restrictions, issue interim receipts or temporary obligations, with or without coupons, exchangeable for definitive obligations when the obligations have been executed and are available for delivery.

The authority may also provide for the replacement of obligations which become mutilated or are destroyed or lost. Obligations may be issued under this division without obtaining the consent of an officer, department, division, commission, board, bureau, or agency of the state, and without other proceedings or conditions other than those which are specifically required by this division. The authority may purchase its bonds out of funds available for that purpose. The authority may hold, pledge, cancel, or resell the obligations, subject to and in accordance with any agreement with the obligation holders. Members of the authority and any person executing the obligations are not liable personally on the obligations or subject to personal liability or accountability by reason of the issuance of the obligations.

85 Acts, ch 210, §12

261A.43 Resolution provisions.

The resolution authorizing obligations or an issue of obligations may contain provisions, which shall be a part of the contract with the holders of the obligations to be authorized, as to:

1. Pledging or assigning the revenue of the project with respect to which the obligations are to be issued or the revenue of other property or facilities.
2. Setting aside reserves or sinking funds, and the regulation, investment, and disposition of them.
3. Limitations on the use of the project.
4. Limitations on the purpose to which or the investments in which the proceeds of sale of an issue of obligations then or thereafter to be issued may be applied and pledging the proceeds to secure the payment of the obligations or an issue of the obligations.
5. Limitations on the issuance of additional obligations, the terms upon which additional obligations may be issued and secured, and the refunding of outstanding obligations.
6. The procedure, if any, by which the terms of any contract with obligation holders may be amended or abrogated, the amount of obligations the holders of which must consent to the amendment or abrogation, and the manner in which the consent may be given.
7. Limitations on the amount of money derived from the project to be expended for operating, administrative, or other expenses of the authority.
8. Defining the acts or omissions to act which constitute a default in the duties of the authority to holders of its obligations and providing the rights and remedies of the holders in the event of a default.
9. Mortgaging a project and the project site or other property for the purpose of securing the obligation holders.
10. Other matters relating to the obligations which the authority deems desirable.

85 Acts, ch 210, §13

261A.44 Obligations secured by trust agreement.

Obligations issued under this division may be secured by a trust agreement by and between the authority and an incorporated trustee, which may be a trust company or bank having the powers of a trust company in or without the state. The trust agreement or the resolution providing for the issuance of the obligations may pledge or assign the revenue to be received or proceeds of any contract pledged and may convey or mortgage the project or any portion of the project. A pledge or assignment made by the authority pursuant to this section is valid and binding from the time that the pledge or assignment is made, and the revenue
pledged and thereafter received by the authority is immediately subject to the lien of the pledge or assignment without physical delivery or any further act. The lien of the pledge or assignment is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the authority irrespective of whether the parties have notice of the lien. The resolution or trust agreement by which a pledge is created or an assignment made shall be filed or recorded in the records of the authority, with the secretary of state, and in each county in which the project is located. The trust agreement or resolution providing for the issuance of the obligations may contain provisions for protecting and enforcing the rights and remedies of the obligation holders as are reasonable and proper, not in violation of law, or provided for in this division. A bank or trust company incorporated under the laws of this state which acts as depository of proceeds of the obligations, revenue, or other money shall furnish the indemnifying obligations or pledge the securities as required by the authority. The trust agreement may set forth the rights and remedies of the obligation holders and of the trustee, and may restrict the individual right of action by obligation holders. The trust agreement or resolution may contain other provisions the authority deems reasonable and proper for the security of the obligation holders. Expense incurred in carrying out the trust agreement or resolution may be treated as a part of the cost of the operation of a project.

85 Acts, ch 210, §14

261A.45 Obligations issued to acquire federally guarantied securities.

The authority may finance the cost of a project, refund outstanding indebtedness, or reimburse advances from an endowment or similar fund of an institution as authorized by this division, by issuing its obligations pursuant to a plan of financing involving the acquisition of a federally guaranteed security or the acquisition or entering into of commitments to acquire a federally guaranteed security. For the purposes of this section, “federally guaranteed security” means any direct obligation of, or obligation the principal of and interest on which are fully guaranteed or insured by the United States, or an obligation issued by, or the principal of and interest on which are fully guaranteed or insured by any agency or instrumentality of the United States, including without limitation an obligation that is issued pursuant to the National Housing Act, or any successor provision of law.

The authority may acquire or enter into commitments to acquire a federally guaranteed security and pledge or otherwise use the federally guaranteed security in the manner the authority deems in its best interest to secure or otherwise provide a source of repayment of its obligations issued to finance or refinance a project, or may enter into an appropriate agreement with an institution whereby the authority may make a loan to the institution for the purpose of acquiring or entering into commitments to acquire a federally guaranteed security. An agreement entered into pursuant to this section may contain provisions deemed necessary or desirable by the authority for the security or protection of the authority or the holders of the obligations, except that the authority, prior to making an acquisition, commitment, or loan, shall determine and enter into an agreement with the institution or another appropriate institution to require that the proceeds derived from the acquisition of a federally guaranteed security will be used, directly or indirectly, for the purpose of financing or refinancing a project.

The obligations issued pursuant to this section shall not exceed in principal amount the cost of financing or refinancing the project as determined by the participating institution and approved by the authority, except that the costs may include, without limitation, all costs and expenses necessary or incidental to the acquisition of or commitment to acquire a federally guaranteed security and to the issuance and obtaining of insurance or guarantee of an obligation issued or incurred in connection with a federally guaranteed security. In other respects the bonds are subject to this division, and the trust agreement creating the bonds may contain provisions set forth in this division as the authority deems appropriate.

If a project is financed or refinanced pursuant to this section, the title to the project shall remain in the participating institution owning the project, subject to the lien of a mortgage or security interest securing, directly or indirectly, the federally guaranteed securities being purchased or to be purchased.

85 Acts, ch 210, §15

261A.46 Obligations not liability of state or political subdivision.

Obligations issued pursuant to this division are not debts of the state or of any political subdivision of the state or a pledge of the faith and credit of the state or of any political subdivision, but the obligations are limited obligations of the authority payable solely from the funds or securities, pledged for their payment as authorized in this division, unless the obligations are refunded by refunding obligations issued under this division, which refunding obligations shall be payable solely from funds or securities pledged for their payment as authorized in this division. All revenue obligations shall contain on their face a statement to the effect that the obligations, as to both principal and interest, are not obligations of the state, or of any political subdivision of the state, but are limited obligations of the authority payable solely from revenue or securities pledged for their payment. Expenses incurred in carrying out this division are payable solely from funds provided under this division, and this division does not authorize the authority to incur indebtedness or liability on behalf of or payable by the state or any political subdivision of the state.

85 Acts, ch 210, §16

261A.47 Money received by authority.

All money received by the authority, whether as proceeds from the sale of obligations, from revenue, or otherwise, shall be deemed to be trust funds to be held and applied solely as provided in this division, but prior to the time when needed for use may be invested to the extent and in the manner provided by the authority. The funds shall be deposited, held, and secured as determined by the authority, except to the extent provided otherwise in the resolution authorizing the issuance of the related obligations or in the
trust agreement securing the obligations. The resolution authorizing the issuance of the obligations or the trust agreement securing the obligations shall provide that an officer, bank or trust company to which the money is entrusted shall act as trustee of the money and shall hold and apply the money for the purposes of this division, subject to the provisions of this division and of the authorizing resolution or trust agreement.

85 Acts, ch 210, §17

261A.48 Powers of holders and trustees.
A holder of obligations or of the coupons pertaining to obligations and the trustee under a trust agreement, except to the extent the rights given in this division are restricted by the authorizing resolution or trust agreement, may, by suit, mandamus, or other proceedings, protect and enforce any and all rights under the laws of this state, or under the trust agreement or resolution authorizing the issuance of the obligations, and may enforce and compel the performance of all duties required by this division or by the trust agreement or resolution to be performed by the authority or by an officer, employee, or agent of the authority, including the fixing, charging, and collecting of fees and charges authorized in this division and required by the resolution or trust agreement to be fixed and collected.

The rights of holders include the right to compel the performance of all duties of the authority required by this division or the resolution or trust agreement, to enjoin unlawful activities, and in the event of default with respect to the payment of any principal of, premium, if any, and interest on an obligation or in the performance of a covenant or agreement on the part of the authority in the resolution, to apply to a court having jurisdiction of the cause to appoint a receiver to administer and operate the project, the revenue of which is pledged to the payment of the principal of, premium, if any, and interest on the obligations, the receiver to have full power to pay and to provide for payment of the principal of, premium, if any, and interest on the obligations, and to have the powers, subject to the direction of the court, as are permitted by law and are accorded receivers in general equity cases, including the power to foreclose the mortgage on the project in the same manner as the foreclosure of a mortgage on real estate of private corporations, but excluding any power to pledge additional revenue of the authority to the payment of the principal, premium, and interest.

85 Acts, ch 210, §18

261A.49 Bondholders — pledge — agreement of the state.
The state pledges to and agrees with the holders of any obligations issued under this division, and with those parties who enter into contracts with the authority pursuant to this division, that the state will not limit or alter the rights vested in the authority until the obligations, together with the interest on the obligations, are fully met and discharged and the contracts are fully performed on the part of the authority, except that this section does not preclude the limitation or alteration if and when adequate provision is made by law for the protection of the rights of the holders of the obligations of the authority or those entering into contracts with the authority.

85 Acts, ch 210, §19

261A.50 Provisions controlling.
The powers granted the authority under this division are in addition to the powers of the authority contained in other provisions of this chapter. All other provisions of this chapter apply to obligations issued pursuant to and powers granted the authority under this division, except to the extent they are inconsistent with this division.

CHAPTER 272B
EDUCATION COMPACT

272B.1 Compact for education.
272B.2 Education commission of the states.

272B.1 Compact for education.
The compact for education is hereby entered into
and enacted into law with all jurisdictions legally join-
ing therein, in the form substantially as follows:

ARTICLE 1 — PURPOSE AND POLICY

1. It is the purpose of this compact to:
a. Establish and maintain close co-operation and
understanding among executive, legislative, profes-
sional educational and lay leadership on a nationwide
basis at the state and local levels.
b. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.

c. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

d. Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

2. It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

3. The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

ARTICLE II — STATE DEFINED
As used in this compact, “state” means a state, territory or possession of the United States, the District of Columbia, or the commonwealth of Puerto Rico.

ARTICLE III — THE COMMISSION

1. The education commission of the states, hereinafter called “the commission”, is hereby established. The commission shall consist of seven members representing each party state.* One of such members shall be the governor; two shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed ten nonvoting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations or professional educators or persons concerned with educational administration.

2. The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to article IV and adoption of the annual report pursuant to article III, paragraph 10.

3. The commission shall have a seal.

4. The commission shall elect annually, from among its members, a chairperson, who shall be a governor, a vice chairperson and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

5. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

6. The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

7. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph 6 of this article shall be reported in the annual report of the commis-
sion. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

8. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

9. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

10. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

ARTICLE IV — POWERS

In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

3. Develop proposals for adequate financing of education as a whole and at each of its many levels.

4. Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

ARTICLE V

CO-OPERATION WITH FEDERAL GOVERNMENT

1. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

2. The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

ARTICLE VI — COMMITTEES

1. To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of thirty-two members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One-fourth of the voting membership of the steering committee shall consist of governors, one-fourth shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the commission shall be elected as follows:

Sixteen for one year and sixteen for two years. The chairperson, vice chairperson, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regular ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two-term limitation.

2. The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two or more of the party states.

3. The commission may establish such additional committees as its bylaws may provide.

ARTICLE VII — FINANCE

1. The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

2. The total amount of appropriation requests
under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

3. The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to article III, paragraph 7, of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to article III, paragraph 7 thereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

4. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

5. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

6. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

**ARTICLE VIII — ELIGIBLE PARTIES**

**ENTRY INTO AND WITHDRAWAL**

1. This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term "governor", as used in this compact, shall mean the closest equivalent official of such jurisdiction.

2. Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: Provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.

3. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

**ARTICLE IX — CONSTRUCTION AND SEVERABILITY**

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters.

AREA EDUCATION AGENCY

273.1 Intent.
It is the intent of the general assembly to provide an effective, efficient, and economical means of identifying and serving children from under five years of age through grade twelve who require special education and any other children requiring special education as defined in section 281.2; to provide for media services and other programs and services for pupils in grades kindergarten through twelve and children requiring special education as defined in section 281.2; to provide a method of financing the programs and services; and to avoid a duplication of programs and services provided by any other school corporation in the state.

[C75, 77, 79, 81, §273.1]

273.2 Area education agency established — powers — services and programs.
There are established throughout the state fifteen area education agencies, each of which is governed by an area education agency board of directors. The boundaries of an area education agency shall not divide a school district. The director of the department of education shall change boundaries of area education agencies to take into account mergers of local school districts and changes in boundaries of local school districts, when necessary to maintain the policy of this chapter that a local school district shall not be a part of more than one area education agency.

An area education agency established under this chapter is a body politic as a school corporation for the purpose of exercising powers granted under this chapter, and may sue and be sued. An area education agency may hold property and execute lease-purchase agreements pursuant to section 273.3, subsection 7, and if the lease exceeds ten years or the purchase price of the property to be acquired pursuant to a lease-purchase agreement exceeds twenty-five thousand dollars, the area education agency shall conduct a public hearing on the proposed lease-purchase agreement and receive approval from the area education agency board of directors and the director of the department of education before entering into the agreement.

The area education agency board shall furnish educational services and programs as provided in sections 273.1 to 273.9 and chapter 281 to the pupils enrolled in public or nonpublic schools located within its boundaries which are on the list of approved schools pursuant to section 257.25.* The programs and services provided shall be at least commensurate with programs and services existing on July 1, 1974. The programs and services provided to pupils enrolled in nonpublic schools shall be comparable to programs and services provided to pupils enrolled in public schools within constitutional guidelines.

The area education agency board shall provide for special education services and media services for the local school districts in the area and shall encourage and assist school districts in the area to establish programs for gifted and talented children.

The area education agency board may provide for the following programs and services to local school districts within the limits of funds available:
1. In-service training programs for employees of school districts and area education agencies, provided at the time programs and services are established they do not duplicate programs and services available in that area from the universities under the state board of regents and from other universities and four-year institutions of higher education in Iowa.
2. Educational data processing pursuant to section 257.10, subsection 14.**
3. Research, demonstration projects and models, and educational planning for children under five years of age through grade twelve and children requiring special education as defined in section 281.2 as approved by the state board of education.
4. Auxiliary services for nonpublic school pupils as provided in section 257.26.** However, if auxiliary services are provided their funding shall be based on the type of service provided.
5. Other educational programs and services for children under five years through grade twelve and children requiring special education as defined in section 281.2 and for employees of school districts and area education agencies as approved by the state board of education.

The board of directors of an area education agency shall not establish programs and services which duplicate programs and services which are or may be provided by the area schools under the provisions of
273.3 Duties and powers of area education agency board.

The board in carrying out the provisions of section 273.2 shall:

1. Determine the policies of the area education agency for providing programs and services.

2. Be authorized to receive and expend money for providing programs and services as provided in sections 273.1 to 273.9, chapters 281 and 442. All costs incurred in providing the programs and services, including administrative costs, shall be paid from funds received pursuant to sections 273.1 to 273.9 and chapters 281 and 442.

3. Provide data and prepare reports as directed by the director of the department of education.

4. Provide for advisory committees as deemed necessary.

Be authorized, subject to rules and regulations of the state board of education, to provide directly or by contractual arrangement with public or private agencies for special education programs and services, media services, and educational programs and services requested by the local boards of education as provided in this chapter, including but not limited to contracts for the area education agency to provide programs or services to the local school districts and contracts for local school districts, other educational agencies, and public and private agencies to provide programs and services to the local school districts in the area education agency in lieu of the area education agency providing the services. Contracts may be made with public or private agencies located outside the state if the programs and services comply with the rules of the state board.

6. Area education agencies may co-operate and contract between themselves and with other public agencies to provide special education programs and services, media services, and educational services to schools and children residing within their respective areas.

7. Be authorized to lease, subject to the approval of the director of the department of education and to receive by gift and operate and maintain facilities and buildings necessary to provide authorized programs and services. However, a lease for less than ten years and with an annual cost of less than twenty-five thousand dollars does not require the approval of the director. If a lease requires approval, the director shall not approve the lease until the director is satisfied by investigation that public school corporations within the area do not have suitable facilities available.

8. Be authorized, subject to the approval of the director of the department of education, to enter into agreements for the joint use of personnel, buildings, facilities, supplies, and equipment with school corporations as deemed necessary to provide authorized programs and services.

Be authorized to make application for, accept, and expend state and federal funds that are available for programs of educational benefit approved by the director of the department of education, and cooperate with the department in the manner provided in federal-state plans or department rules in the effectuation and administration of programs approved by the director, or approved by other educational agencies, which agencies have been approved as state educational authorities.

10. In any county operating a juvenile home, upon request of the county board of supervisors, provide suitable curriculum, teaching staff, books, supplies, and other necessary materials for the instruction of children of school age who are maintained in the juvenile home of the county, as provided in section 232.142. An area education agency shall also provide suitable curriculum, teaching staff, books, supplies, and other necessary materials for the instruction of children of school age in juvenile homes other than those operated by a county if the juvenile home meets the criteria adopted by the board of education and if the children have been placed in the juvenile homes by the district court and parental rights have been terminated. The department of education shall adopt rules under chapter 17A for the instruction provided by area education agencies under this subsection. Reimbursement for the cost of instruction provided under this section shall be made pursuant to section 273.11.

11. Be authorized to perform all other acts necessary to carry out the provisions and intent of this chapter.

12. Employ personnel to carry out the functions of the area education agency which shall include the employment of an administrator who shall possess a certificate issued under section 260.9. The administrator shall be employed pursuant to section 279.20 and sections 279.23, 279.24 and 279.25. The salary for an area education agency administrator shall be established by the board based upon the previous experience and education of the administrator. The provisions of section 279.13 shall apply to the area education agency board and to all teachers employed by the area education agency. The provisions of sections 279.23, 279.24 and 279.25 shall apply to the area education board and to all administrators employed by the area education agency.

13. Prepare an annual budget estimating income and expenditures for programs and services as provided in sections 273.1 to 273.9 and chapter 281 within the limits of funds provided under section 281.9 and chapter 442. The board shall give notice of a public hearing on the proposed budget by publication in an official county newspaper in each county in the territory of the area education agency in which the principal place of business of a school district that is a part of the area education agency is located. The notice shall specify the date, which shall be not later than November 10 of each year, the time, and the location of the public hearing. The proposed budget as approved by the board shall then be submitted to the state board of education, on forms provided by the department, no later than December 1 preceding the
next fiscal year for approval. The state board shall review the proposed budget of each area education agency and shall prior to January 1 either grant approval or return the budget without approval with comments of the state board included. Any unapproved budget shall be resubmitted to the state board for final approval.

14. Be authorized to pay, out of funds available to the board reasonable annual dues to an Iowa association of school boards. Membership shall be limited to those duly elected members of the area education agency board.

15. At the request of an employee through contractual agreement the board may arrange for the purchase of an individual annuity contract for any of its employees from any company the employee chooses that is authorized to do business in this state, and through an Iowa-licensed insurance agent that the employee selects, for retirement or other purposes, and may make payroll deductions in accordance with the arrangements for the purpose of paying the entire premium due, and to become due, under the contract. The deductions shall be made in the manner which will qualify the annuity premiums for the benefits under section 403(b) of the Internal Revenue Code of 1954, as defined in section 422.3. The employee's rights under the annuity contract are nonforfeitable except for the failure to pay premiums.

The cost of publication shall be paid by the area education agency.

The board of each separate school district which is located entirely or partially inside an area education agency director district shall cast a vote for director of the area education agency board based upon the ratio that the population of the school district, or portion of the school district, in the director district bears to the total population in the director district. 7. Census changes. The board of the area education agency shall redraw boundary lines of director districts in the area education agency after each census to compensate for changes in population if changes in population have taken place.

Where feasible, boundary lines of director districts shall coincide with the boundary lines of school districts and the boundary lines of election precincts established pursuant to sections 49.3 to 49.6.

CHAPTER 275

REORGANIZATION OF SCHOOL DISTRICTS
§275.1 Declaration of policy — surveys — definitions.

It is the policy of the state to encourage economical and efficient school districts which will ensure an equal educational opportunity to all children of the state. All areas of the state shall be in school districts maintaining kindergarten and twelve grades. If a school district ceases to maintain kindergarten and twelve grades except as otherwise provided in sections 280 15, 257 28,* and 282 7, subsection 1, it shall reorganize within six months or the state board shall attach the school district not maintaining kindergarten and twelve grades to one or more adjacent districts. Voluntary reorganizations under this chapter shall be commenced only if the affected school districts are contiguous to one another. A reorganized district shall meet the requirements of section 275 3.

If a district is attached, division of assets and liabilities shall be made as provided in sections 275 29 to 275 31. The area education agency boards shall develop detailed studies and surveys of the school districts within the area education agency and all adjacent territory for the purpose of providing for reorganization of school districts in order to effect more economical operation and the attainment of higher standards of education in the schools. The plans shall be revised periodically to reflect reorganizations which may have taken place in the area education agency and adjacent territory.

As used in this chapter unless the context otherwise requires:
1. "Eligible elector" means eligible elector as defined in section 39 3, subsection 1.
2. "Qualified elector" means qualified elector as defined in section 39 3, subsection 2.
3. "School districts affected" means the school districts named in the reorganization petition whether a school district is affected in whole or in part.

*Ch 257 repealed by 86 Acts ch 1245 §1499A see §256 13

§275.2 Scope of surveys.

The scope of the studies and surveys shall include the following matters in the various districts in the area education agency and all districts adjacent to the area education agency. The adequacy of the educational program, pupil enrollment, property valuations, existing buildings and equipment, natural community areas, road conditions, transportation, economic factors, individual attention given to the needs of students, the opportunity of students to participate in a wide variety of activities related to the total development of the student, and other matters that may bear on educational programs meeting minimum standards required by law. The plans shall also include suggested alternate plans that incorporate the school districts in the area education agency into reorganized districts that meet the enrollment standards specified in section 275 3 and may include alternate plans proposed by school districts for sharing programs under section 280 15, 257 28,* or 282 7 as an alternative to school reorganization.

*Ch 257 repealed by 86 Acts ch 1245 §1499A see §256 13

§275.3 Minimum size.

No new school district shall be planned by an area education agency board nor shall any proposal for creation or enlargement of any school district be approved by an area education agency board or submitted to electors unless there reside within the proposed limits of such district at least three hundred persons of school age who were enrolled in public schools in the preceding school year. Provided, however, that the director of the department of education shall have authority to grant permission to an area education agency board to approve the formation or enlargement of a school district containing a lower school enrollment than required in this section on the written request of such area education agency board if such request is accompanied by evidence tending to show that sparsity of population, natural barriers or other good reason makes it impracticable to meet the school enrollment requirement.

§275.9 Methods of effectuating reorganization plans.

When any school district is enlarged, reorganized, or changes its boundaries pursuant to the plans hereinafter provided, such enlargement, reorganization of each such school district is defined to include all of the following acts:

2. Adoption of the written joint plan at a joint session of the several area education agency boards in whose areas the territory is situated. A quorum of each of the boards is necessary to transact business. Votes shall be taken in the manner prescribed in section 275.16.

3. Filing said plan with the state department of public instruction.

For purposes of subsection 1 hereof, joint planning shall be evidenced by filing the following items with the state department of public instruction:

than thirty days. The date of the continued hearing
shall be announced at the original meeting. Additional

board may continue the hearing as provided in section
275 15.

Votes of each member of an area education agency
board in attendance shall be weighted so that the total
number of votes eligible to be cast by members of each
board in attendance shall be equal. However, if the joint boards cast a tie vote and are unable to agree to a decision fixing the boundaries for the proposed school corporation or to a decision to dismiss the petition, the time during which actions must be taken under section 275.15 shall be extended from ten days to fifteen days after the conclusion of the hearing under section 275.15, and the joint board shall reconvene not less than ten and not more than fifteen days after the conclusion of the hearing. At the hearing the joint board shall reconsider its action and if a tie vote is again cast it is a decision granting the petition and changing the plans of any and all of the agency boards affected by the petition and fixing the boundaries for the proposed school corporation. The director districts shall be composed of contiguous territory as compact as practicable.

The proposed date shall be as soon as possible pursuant to sections 39.2, subsections 1 and 2, and 47.6, subsections 1 and 2, but not later than the third Tuesday in January of the calendar year in which the reorganization takes effect. The election shall be conducted as provided in section 277.3, and nomination petitions shall be filed pursuant to section 277.4, except as otherwise provided in this subsection. Nomination petitions shall be filed with the secretary of the board of the existing school district in which the candidate resides, signed by not less than ten eligible voters of the newly formed district, and filed not less than thirty days prior to the date set for the special school election.

However, in districts that include all or a part of a city of fifteen thousand or more population and in districts in which the proposition to establish a new corporation provides for the election of seven directors, the three newly elected directors receiving the most votes shall be elected to serve until the directors’ successors qualify after the fourth regular school election date occurring after the effective date of the reorganization.

4. The board of the newly formed district shall organize within fifteen days after the special election upon the call of the area education agency administrator. 5. Section 49.8, subsection 4 does not permit a director to remain on the board of a school district after the effective date of a boundary change which places the director’s residence outside the boundaries of the district. 6. The board of the newly formed district shall appoint an acting superintendent and an acting board secretary. The appointment of the acting superintendent shall not be subject to the continuing contract provisions of sections 279.20, 279.23, and 279.24.

The respective boards to which such expenses are certified shall audit and order the same paid from the general fund. In the event of failure of any board to so audit and pay the expenses certified to it, the area education agency administrator shall certify the expenses to the county auditor in the same manner as is provided for tuition claims in section 262.21 and the funds shall be transferred by the county treasurer from the school districts to the area board for payment of said expenses.

275.27 Community school districts — part of area education agency.

School districts created or enlarged under this chapter are community school districts and are part of the area education agency in which the greatest number of qualified electors of the district reside at the time of the special election called for in section 275.18, and sections of the Code applicable to the common schools generally are applicable to these districts in addition to the powers and privileges conferred by this chapter.

275.28 Plan of division of assets and liabilities.

A plan of reorganization in addition to setting up the territory to comprise the reorganized districts may provide for a division of assets and liabilities of the old districts between reorganized districts. If no provision is made in the plan for division of assets and liabilities, such division shall be made under the provisions of sections 275.29 to 275.31, inclusive.

275.29 Division of assets and liabilities after reorganization.

Between July 1 and July 20, the board of directors of the newly formed school district shall meet with the boards of all the old districts, or parts of districts, affected by the organization of the new school corporation for the purpose of reaching joint agreement on an equitable division of the assets of the several school corporations or parts of school corporations and an equitable distribution of the liabilities of the affected corporations or parts of corporations. In addition, if outstanding bonds are in existence in any district, the boards shall meet together prior to March 15 prior to the school year the reorganization is effective to determine the distribution of the bonded indebtedness between the districts so that the newly formed district may certify its budget under the procedures specified in chapter 24. The boards shall consider the mandatory levy required in section 76.2 and shall assure the satisfaction of outstanding obligations of each affected school corporation.

The respective boards to which such expenses are certified shall audit and order the same paid from the general fund. In the event of failure of any board to so audit and pay the expenses certified to it, the area education agency administrator shall certify the expenses to the county auditor in the same manner as is provided for tuition claims in section 262.21 and the funds shall be transferred by the county treasurer from the school districts to the area board for payment of said expenses.

275.25 Payment of expenses.

If a district is established or changes its boundaries it shall pay all expenses incurred by the area education agency administrator and the area education agency board in connection with the proceedings. The county commissioner of elections shall assess the costs of the election against the district as provided in section 47.3. If the proposition is dismissed or defeated at the election all expenses shall be apportioned among the several districts in proportion to the assessed valuation of property therein.

If the proposed district or boundary change embraces territory in more than one area education agency such expenses shall be certified to and, if necessary, apportioned among the several districts by the joint agency board. If in only one agency the certification shall be made by the agency administrator.
275.30 Arbitration.
If the boards cannot agree on such division and distribution, the matters on which they differ shall be decided by disinterested arbitrators, one selected by each board having an interest therein, and if the number thus selected is even, then one shall be added by the area education agency administrator. The decision of the arbitrators shall be made in writing and filed with the secretary of the new corporation, and any party to the proceedings may appeal therefrom to the district court by serving notice thereof on such secretary within twenty days after the decision is filed. Such appeal shall be tried in equity and a decree entered determining the entire matter, including the levy, collection, and distribution of any necessary taxes.

275.31 Taxes and appropriation to effect equalization.
If necessary to equalize the division and distribution, the board or boards may provide for the levy of additional taxes, which shall be sufficient to satisfy the mandatory levy required in section 76.2 or other liabilities of the districts, upon the property of a corporation or part of a corporation and for the distribution of the tax revenues so as to effect equalization. When the board or boards are considering the equalization levy, the division and distribution shall not impair the security for outstanding obligations of each affected corporation. Any owner of bonds of an affected corporation may bring suit in equity for adjustment of the division and distribution in compliance with this section. If the property tax levy for the amount estimated and certified to apply on principal and interest on lawful bonded indebtedness in the newly formed district is greater than the property tax levy for the amount estimated and certified to apply on principal and interest in the year preceding the reorganization or dissolution for a school district that is a party to the reorganization or dissolution and that had a certified enrollment of less than six hundred for the school year prior to the reorganization or dissolution, the board of the newly formed district shall inform the board of the newly formed district the amount of debt service aid under this section. Debt service aid shall be placed in the schoolhouse fund of said corporation and shall be used only for the purpose for which voted.

275.32 School buildings — tax levy.
The board of any school corporation shall establish attendance centers and provide suitable buildings for each school in the district, and may at the regular or a special meeting call a special election to submit to the qualified electors of the district the question of voting a tax or authorizing the board to issue bonds, or both, for any or all of the following purposes:

1. To secure sites, build, purchase, or equip school buildings.
2. To build or purchase a superintendent's or teacher's house or houses.
3. To repair or improve any school building or grounds, or superintendent's or teacher's house or houses, when the cost will exceed five thousand dollars.

All moneys received for such purposes shall be placed in the schoolhouse fund of said corporation and shall be used only for the purpose for which voted.

275.33 Contracts of new district.
1. The terms of employment of superintendents, principals, and teachers, for the school year following the effective date of the formation of the new district shall not be affected by the formation of the new district, except in accordance with the provisions of sections 279.15 to 279.18 and 279.24 and the authority and responsibility to offer new contracts or to continue, modify, or terminate existing contracts pursuant to sections 279.12, 279.13, 279.15 to 279.21, 279.23, and 279.24 for the school year beginning with the effective date of the reorganization shall be transferred from the boards of the existing districts to the board of the new district on the third Tuesday of January prior to the school year the reorganization is effective.

2. The collective bargaining agreement of the district with the largest basic enrollment, as defined in section 442.4, in the new district shall serve as the base agreement and the employees of the other districts involved in the formation of the new district shall automatically be accreted to the bargaining unit of that collective bargaining agreement for purposes of negotiating the contracts for the following years without further action by the public employment relations board. If only one collective bargaining agreement is in

removal of the newly formed district. The department of management shall notify the county auditor of each applicable county of the amount, in dollars and cents per thousand dollars of assessed valuation, of the property tax levy in each portion of each applicable newly formed school district in the county for the amount estimated and certified to apply on principal and interest on lawful bonded indebtedness, and the boundaries of the portions within the newly formed district for which the levies shall be made. The county auditor shall spread the applicable property tax levy for each portion of a school district over all taxable property in that portion of the district.

The board of the newly formed district, using the base agreement as its existing contract, shall bargain with the combined employees of the existing districts for the school year beginning with the effective date of the reorganization. The bargaining shall be completed by March 15 prior to the school year in which the reorganization becomes effective or within one hundred eighty days after the organization of the new board, whichever is later. If a bargaining agreement was already concluded by the board and employees of the existing district with the contract serving as the base agreement for the school year beginning with the effective date of the reorganization, that agreement shall be void. However, if the base agreement contains multiyear provisions affecting school years subsequent to the effective date of the reorganization, the base agreement shall remain in effect as specified in the agreement.

The provisions of the base agreement shall apply to the offering of new contracts, or continuation, modification, or termination of existing contracts as provided in subsection 1 of this section.

§275.35 Change of method of elections.

Any existing or hereafter created or enlarged school district may change the number of directors to either five or seven and may also change its method of election of school directors to any method authorized by section 275.12 by submission of a proposal, stating the proposed new method of election and describing the boundaries of the proposed director districts if any, by the school board of such district to the electors at any regular or special school election. The board shall notify the county commissioner of elections who shall publish notice of the election in the manner provided in section 49.53. §275.36 Submission of change to electors.

If a petition for a change in the number of directors or in the method of election of school directors, describing the boundaries of the proposed director districts, if any, signed by eligible electors of the school district equal in number to at least thirty percent of those who voted in the last previous annual school election in the school district, but not less than twenty-five persons, and accompanied by affidavit as required by section 275.13 be filed with the school board of a school district, not earlier than six months and not later than two months before a regular or special school election, the school board shall submit such proposition to the voters at such election. If a proposition for a change in the number of directors or in the method of election of school directors submitted to the voters under this section is rejected, it shall not be resubmitted to the voters of the district in substantially the same form within the next three years; if it is approved, no other proposal may be submitted to the voters of the district under this section within the next six years.

§275.38 Implementing changed method of election.

If change in the method of election of school directors is approved at a regular or special school election, the directors who were serving unexpired terms or were elected concurrently with approval of the change of method shall serve out the terms for which they were elected. If the plan adopted is that described in section 275.12, subsection 2, paragraph “b,” “c,” “d,” or “e,” the board shall at the earliest practicable time designate the districts from which residents are to be elected as school directors at each of the next three succeeding annual school elections, arranging so far as possible for elections of directors as residents of the respective districts to coincide with the expiration of terms of incumbent members residing in those districts. If an increase in the size of the board from five to seven members is approved concurrently with the change in method of election of directors, the board shall make the necessary adjustment in the manner prescribed in section 275.37, as well as providing for implementation of the districting plan under this section.

[C75, 77, 79, 81, §275.38]

§275.39 Excluded territory included in new petition.

§275.40 Repealed by 65GA, ch 1172, §133.
275.41 Alternative method for director elections —
temporary appointments.
1. As an alternative to the method specified in sec-
tion 275.25 for electing directors in a newly formed
community school district, the procedure specified
in this section may be used.
2. The board of the former school district with the
largest population involved in the merger shall design-
nate four directors to be retained as members of the
board of the newly formed district. Other school dis-
tricts involved in the merger shall each be allowed to
retain directors in proportion to the ratio that the
population of the former school district bears to the
most populous district involved in the merger, except
that no district involved in the merger shall retain less
than one director.
3. If the procedure in subsection 2 results in four
members being retained from the largest district in-
volved in the merger and only a single member from
the other district involved in the merger, the reorgani-
zation petition may specify that the distribution of the
board members who are retained from the districts
involved in the merger be five to one, five to two, or six
to one.
4. If the total number of directors determined
under subsection 2 or 3 is an odd number, the board of
the district with the largest population shall design-
ate the term of office of one of the members who is
retained to commence at the organizational meeting of
the board of the newly formed district and to end at
the organizational meeting following the fourth regu-
lar school election held thereafter in the manner speci-
fied in the reorganization petition.

If the total number of directors determined under
subsection 2 or 3 is an even number, that number of
directors shall function until a special election can be
held, at which time an additional director shall be
elected to a term from the newly formed district end-
ing at the organizational meeting following the fourth
regular school election held thereafter. The procedure
for calling the special election shall be the procedure
specified in section 275.25.
5. The boards of directors of school districts which
are involved in the merger which have three or more
directors who are retained, shall each designate two of
the directors who are retained to serve terms that ex-
pire at the organizational meeting following the second
regular school election held thereafter. All other direc-
tors who are retained shall serve terms that expire at
the organizational meeting following the third regular
school election held thereafter. If there is an insuffi-
cient number of board members eligible to be retained
from a former school district, the board of the former
school district may appoint members to fill the vacan-
cies. A vacancy occurs if there is an insufficient num-
ber of former board members who reside in the newly
formed district or if there is an insufficient number of
members who are willing to serve on the board of the newly
formed district.
6. At the second regular school election held after
the effective date of the merger, the two vacancies
which will occur on the board shall be filled in a man-
ner specified in the reorganization petition.
7. At the third regular school election held after
the effective date of merger, if a five-member board is
specified in the reorganization petition, two directors
shall be elected in the manner specified in the reorga-
nization petition and if a seven-member board is
specified in the reorganization petition, four directors
shall be elected, two for one-year terms and two for
three-year terms, in the manner specified in the reor-
ganization petition.
8. The board of the newly formed district shall
organize within forty-five days after the approval of
the merger upon the call of the area education agency
administrator. The new board shall have control of
the employment of all personnel for the newly formed dis-
trict for the ensuing school year. Following the organi-
zation of the new board the board shall have authority
to establish policy, organize curriculum, enter into
contracts and complete such planning and take such
action as is essential for the efficient management of
the newly formed community school district.
9. The board of the newly formed district shall
appoint an acting superintendent and an acting board
secretary. The appointment of the acting superintend-
ent shall not be subject to the continuing contract
provision of sections 279.20, 279.23, and 279.24.
Section 49.8, subsection 4, shall not permit a direc-
tor to remain on the board of a school district after the
effective date of a boundary change which places the
director's residence outside the boundaries of the dis-
trict. Vacancies so caused on any board shall be filled
in the manner provided in sections 279.6 and 279.7.

DISSOLUTION OF DISTRICTS

275.51 Dissolution commission.
As an alternative to school district reorganization
prescribed in this chapter, the board of directors of a
school district may establish a school district dissolu-
tion commission to prepare a proposal of dissolution
of the school district and attachment of all of the school
district to one or more contiguous school dis-
tricts and to include in the proposal a division of the
assets and liabilities of the dissolving school district.

The dissolution commission shall consist of seven
members appointed by the board for a term of office
ending either with a report to the board that no pro-
posal can be approved or on the date of the election on
the proposal. Members of the dissolution commission
must be eligible electors who reside in the school dis-
trict, not more than three of whom may be members
of the board of directors of the school district. Mem-
bers shall be appointed from throughout the school
district and should represent the various socioeco-

omic factors present in the school district.

Members of the dissolution commission shall serve
without compensation and may be appointed to a sub-
sequent commission. A vacancy on the commission
shall be filled in the same manner as the original ap-
pointment was made.

The board of the school district shall certify to the
area education agency board that a commission has
been formed, the names and addresses of commission
members, and that the commission members repre-
sent the various geographic areas and socioeconomic
factors present in the district.

[C81, §275.51]
§275.52 Meetings.
The commission shall hold an organizational meeting not more than fifteen days after its appointment and shall elect a chairperson and vice chairperson from its membership. Thereafter the commission may meet as often as deemed necessary upon the call of the chairperson or a majority of the commission members.

The commission shall request statements from contiguous school districts outlining each district’s willingness to accept attachments of the affected school district to the contiguous districts and what conditions, if any, the contiguous school district recommends. The commission shall meet with boards of contiguous school districts and with residents of the affected school district to the extent possible in drawing up the dissolution proposal. The commission may seek assistance from the area education agency and the department of education.

[C81, §275.52]

§275.53 Dissolution proposal.
The commission shall send a copy of its dissolution proposal or shall inform the board that it cannot agree upon a dissolution proposal not later than one year following the date of the organizational meeting of the commission. The commission shall also send a copy of the dissolution proposal by registered mail to the boards of directors of all school districts to which area of the affected school district will be attached. If the board of a district to which area of the affected school district will be attached objects to the attachment, that portion of the dissolution proposal will not be included in the proposal voted upon under section 275.55 and the director of the department of education shall attach the area to a contiguous school district. If the board of a district to which area of the affected school district will be attached objects to the division of assets and liabilities contained in the dissolution proposal, section 275.30 applies for the division of assets and liabilities to that district.

If a dissolution proposal adopted by a board contains provisions that ninety-five percent or more of the taxable valuation of the dissolving district would be assumed and attached to a single school district, the dissolving school district shall cease further proceedings to dissolve and shall comply with reorganization procedures specified in this chapter.

[C81, §275.54]
86 Acts, ch 1245, §1465

§275.55 Election.
The board of the school district shall call a special election to be held not later than forty days following the date of the final hearing on the dissolution proposal. The special election may be held at the same time as the regular school election. The proposition submitted to the voters residing in the school district at the special election shall describe each separate area to be attached to a contiguous school district and shall name the school district to which it will be attached.

The board shall give written notice of the proposed date of the election to the county commissioner of elections. The proposed date shall be pursuant to sections 39.2, subsections 1 and 2 and 47.6, subsections 1 and 2. The county commissioner of elections shall give notice of the election by one publication in the same newspaper in which the previous notice was published about the hearing, which publication shall not be less than four nor more than twenty days prior to the election.

The proposition shall be adopted if a majority of the electors voting on the proposition approve its adoption.

The attachment is effective July 1 following its approval.

[C81, §275.55]

§275.56 Increasing enrollment.
If the enrollment of a school district increases or is expected to increase because an adjacent district has dissolved or is expected to dissolve, the board of directors of the school district shall determine whether there is a need to hire additional certificated or noncertificated employees. If the board of directors determines that there is a need to hire additional employees, the board shall determine the nature and number of the necessary new positions. Individuals who were employees of the dissolved district may apply for the new positions. The board shall hire those applicants who were employees of the dissolved district whenever the applicant is certificated for the new position or, in the case of noncertificated personnel, is otherwise qualified. If two employees of the dissolved district apply for a single certificated position, the applicant who is best qualified in the opinion of the board shall be hired. The board is not required to hire applicants who were employees of the dissolved district if
the district has been dissolved for one or more school years. Applicants who are re-employed under this section shall maintain in the re-employing district vacation, salary or alternatively placement on a salary schedule based on the employee's years of experience, sick leave, and completion of probationary status as defined by section 279.19.

CHAPTER 278
POWERS OF ELECTORS

278.1 Enumeration.
The voters at the regular election shall have power to:
1. Direct a change of textbooks regularly adopted.
2. Direct the sale, lease, or other disposition of any schoolhouse or site or other property belonging to the corporation, and the application to be made of the proceeds thereof, provided, however, that nothing herein shall be construed to prevent the sale, lease, exchange, gift or grant and acceptance of any interest in real or other property by the board of directors without an election to the extent authorized in section 297.22.
3. Determine upon additional branches that shall be taught.
4. Instruct the board that school buildings may or may not be used for meetings of public interest.
5. Direct the transfer of any surplus in the schoolhouse fund to the general fund.
6. Authorize the board to obtain, at the expense of the corporation, roads for proper access to its schoolhouses.
7. Vote a schoolhouse tax, not exceeding sixty-seven and one-half cents per thousand dollars of assessed value in any one year, for the purchase of grounds, for construction of schoolhouses or buildings, for the payment of debts contracted for the erection or construction of schoolhouses or buildings, not including interest on bonds, for procuring or acquisition of libraries, for opening roads to schoolhouses or buildings, for the purchase of buildings or equipment for buildings or schoolhouses, for the purpose of repairing, remodeling, reconstructing, improving or expanding the schoolhouses or buildings for the school district, for the purpose of landscaping, paving, or improving the schoolhouse or building grounds, or for the rental of facilities pursuant to chapter 28E. Interest earned from investments of these funds may be used for the purposes voted. The power to levy a schoolhouse tax, when voted, shall continue for the period of time authorized by the voters and shall not be affected by any change in the boundaries of the school district, except as otherwise provided in this section. If each school district involved in a school reorganization under chapter 275 has voted the schoolhouse tax and if the voters have not voted upon the proposition to levy the schoolhouse tax in the reorganized district, the schoolhouse tax is in effect for the reorganized district for the least amount and the shortest time for which it is in effect in any of the districts. Authorized levies for the period of time presently approved shall not be affected as a result of a failure of a proposition proposed to expand the purposes for which the funds may be expended. As used in this subsection, "repair" means to restore the existing structure or thing to its original condition, as near as may be, after decay, waste, injury, or partial destruction, but does not include maintenance or customary repainting; and "reconstruction" means to rebuild or to restore again as an entity the thing which was lost or destroyed.
8. Authorize a change to either five or seven directors. The proposition for the change shall specify the number of directors to be elected, and which of the methods of election authorized by section 275.12, subsection 2 is to be used if the change is approved by the voters.
9. Authorize the establishment or abandonment of director districts or a change of boundaries of director districts. If a proposition submitted to the voters under this subsection or subsection 8 of this section is rejected, it may not be resubmitted to the voters of the district in substantially the same form within the next three years; if it is approved, no other proposal may be submitted to the voters of the district under this subsection or subsection 8 of this section within the next six years.
10. Change the name of the school district, without affecting its corporate existence, rights, or obligations, and subject to the requirements of section 274.6.

The board may, with approval of sixty percent of the voters, voting in a regular or special election in the school district, make extended time contracts not to exceed twenty years in duration for rental of buildings to supplement existing schoolhouse facilities; and where it is deemed advisable for buildings to be constructed or placed on real estate owned by the school district, such contracts may include lease-purchase option agreements, such amounts to be paid out of the schoolhouse fund.

Before entering into a rental or lease-purchase option contract, authorized by the electors, the board shall first adopt plans and specifications for a building or buildings which it considers suitable for the intended use and also adopt a form of rental or lease-purchase option contract. The board shall then invite bids thereon, by advertisement published once each week for two consecutive weeks, in a newspaper published in the county in which the building or buildings are to be located, and the rental or lease-purchase option contract shall be awarded to the lowest responsible bidder, but the board may reject any and all bids and advertise for new bids.
The voters at the regular or special election shall have power to vote a schoolhouse tax not exceeding one dollar and thirty-five cents per thousand dollars of assessed value in any one year providing for lease-purchase option of school buildings.

278.2 Submission of proposition.

The board may, and upon the written request of twenty-five eligible electors of any district having a population of five thousand or less, or of fifty eligible electors of any other district, shall direct the county commissioner of elections to provide in the notice of the regular election for submitting any proposition authorized by law to the voters. However, in the case of a proposition authorized by section 278.1, subsection 8 or 9, the requirements of section 275.36 shall govern with respect to the number of signatures required on a petition for submission of the proposition. When the board has directed the commissioner to submit to the voters a proposition authorized by section 278.1, subsection 8 or 9, it shall not thereafter direct the commissioner to submit at the same election any other proposition under either of these subsections.

3. The board of directors of a school district may request approval from the department of education for a pilot program for an innovative school year. The board may approve a policy for educational
leave for certificated school employees and for reimbursement for tuition paid by certificated school employees for courses approved by the board. For the purpose of this section “educational leave” means a leave granted to an employee for the purpose of study including study in areas outside of a teacher's area of specialization, travel, or other reasons deemed by the board to be of value to the school system.

The contract may include employment for a term not exceeding the ensuing school year, except as otherwise authorized. The resignation must be filed not later than the last day of the current school year or the date specified by the employing board for return of the contract, whichever date occurs first. However, a teacher shall not be required to return a contract to the board or to resign less than twenty one days after the contract has been offered.

3. If the provisions of a contract executed or automatically renewed under this section conflict with a collective bargaining agreement negotiated under chapter 29 and effective when the contract is executed or renewed, the provisions of the collective bargaining agreement shall prevail.

[R60, §2055, C73, §1757, C97, §2778, SS15, §2778, C24, 27, 31, 35, 39, §4229; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §279 13]

However, if the district is subject to reorganization under chapter 275, the notification shall not occur until after the first organizational meeting of the board of the newly formed district.

2. Notification of recommendation of termination of a teacher's contract shall be in writing and shall be personally delivered to the teacher, or mailed by certified mail. The notification shall be complete when received by the teacher. The notification and the recommendation to terminate shall contain a short and plain statement of the reasons, which shall be for just cause, why the recommendation is being made. The notification shall be given at or before the time the recommendation is given to the board.

As a part of the termination proceedings, the teacher’s complete personnel file of employment by that board shall be available to the teacher, which file shall contain a record of all periodic evaluations between the teacher and appropriate supervisors. Within five days of the receipt of the written notice that the superintendent is recommending termination of the contract, the teacher may request, in writing to the secretary of the board, a private hearing with the board. The private hearing shall not be subject to chapter 21 and shall be held no sooner than ten days and no later than twenty days following the receipt of the request unless the parties otherwise agree. The secretary of the board shall notify the teacher in writing of the date, time, and location of the private hearing, and at least five days before the hearing shall also furnish to the teacher any documentation which may be presented to the board at the private hearing and a list of persons who may address the board in support of the superintendent’s recommendation at the private hearing. At least three days before the hearing, the teacher shall provide any documentation the teacher expects to present at the private hearing, along with the names of any persons who may address the board on behalf of the teacher. This exchange of information shall be at the time specified unless otherwise agreed.

279.16 Private hearing — decision — record.

The participants at the private hearing shall be at least a majority of the members of the board, their legal representatives, if any, the superintendent, the superintendent’s designated representatives, if any, the teacher's immediate supervisor, the teacher, the teacher's representatives, if any, and the witnesses for the parties. The evidence at the private hearing shall be limited to the specific reasons stated in the superintendent’s notice of recommendation of termination. No participant in the hearing shall be hale for any damages to any person if any statement at the hearing is determined to be erroneous as long as the statement was made in good faith. The superintendent shall pre
sent evidence and argument on all issues involved and the teacher may cross-examine, respond and present evidence and argument in the teacher's behalf relevant to all issues involved. Evidence may be by stipulation of the parties and informal settlement may be made by stipulation, consent, or default or by any other method agreed upon by the parties in writing. The board shall employ a certified shorthand reporter to keep a record of the private hearing. The proceedings or any part thereof shall be transcribed at the request of either party with the expense of transcription charged to the requesting party.

The presiding officer of the board may administer oaths in the same manner and with like effect and under the same penalties as in the case of magistrates exercising criminal or civil jurisdiction. The board shall cause subpoenas to be issued for such witnesses and the production of such books and papers as either the board or the teacher may designate. The subpoena as shall be signed by the presiding officer of the board.

In case a witness is duly subpoenaed and refuses to attend, or in case a witness appears and refuses to testify or to produce required books or papers, the board shall, in writing, report such refusal to the district court of the county in which the administrative office of the school district is located, and the court shall proceed with the person or witness as though the refusal had occurred in a proceeding legally pending before the court.

The board shall not be bound by common law or statutory rules of evidence or by technical or formal rules of procedure, but it shall hold the hearing in such manner as is best suited to ascertain and conserve the substantial rights of the parties. Process and procedure under sections 279.13 to 279.19 shall be as summary as reasonably may be.

At the conclusion of the private hearing, the superintendent and the teacher may file written briefs and arguments with the board within three days or such other time as may be agreed upon.

If the teacher fails to timely request a private hearing or does not appear at the private hearing, the board may proceed and make a determination upon the superintendent’s recommendation, which determination in that case shall be not later than April 10, or not later than five days after the scheduled date for the private hearing, whichever is applicable. The board shall convene in open session and by roll call vote determine the termination or continuance of the teacher’s contract.

Within five days after the private hearing, the board shall, in executive session, meet to make a final decision upon the recommendation and the evidence as herein provided. The board shall also consider any written brief and arguments submitted by the superintendent and the teacher.

The record for a private hearing shall include:
1. All pleadings, motions and intermediate rulings.
2. All evidence received or considered and all other submissions.
3. A statement of all matters officially noticed.
4. All questions and offers of proof, objections and rulings thereon.
5. All findings and exceptions.
6. Any decision, opinion, or conclusion by the board.
7. Findings of fact shall be based solely on the evidence in the record and on matters officially noticed in the record.

The decision of the board shall be in writing and shall include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts and supporting the findings. Each conclusion of law shall be supported by cited authority or by reasoned opinion.

When the board has reached a decision, opinion, or conclusion, it shall convene in open meeting and by roll call vote determine the continuance or discontinuance of the teacher’s contract. The record of the private conference and findings of fact and exceptions shall be exempt from the provisions of chapter 22. The secretary of the board shall immediately mail notice of the board’s action to the teacher.

[C77, 79, 81, §279.16]

279.17 Appeal by teacher to adjudicator.

If the teacher is no longer a probationary teacher, the teacher may, within ten days, appeal the determination of the board to an adjudicator by filing a notice of appeal with the secretary of the board. The notice of appeal shall contain a concise statement of the action which is the subject of the appeal, the particular board action appealed from, the grounds on which relief is sought and the relief sought.

Within five days following receipt by the secretary of the notice of appeal, the board or the board’s legal representative, if any, and the teacher or the teacher’s representative, if any, may select an adjudicator who resides within the boundaries of the merged area in which the school district is located. If an adjudicator cannot be mutually agreed upon within the five-day period, the secretary shall notify the chairperson of the public employment relations board by transmitting the notice of appeal, and the chairperson of the public employment relations board shall within five days provide a list of five adjudicators to the parties. Within three days from receipt of the list of adjudicators, the parties shall select an adjudicator by alternately removing a name from the list until only one name remains. The person whose name remains shall be the adjudicator. The parties shall determine by lot which party shall remove the first name from the list submitted by the chairperson of the public employment relations board. The secretary of the board shall inform the chairperson of the public employee relations board of the name of the adjudicator selected.

If the teacher does not timely request an appeal to an adjudicator the decision, opinion, or conclusion of the board shall become final and binding.

Within thirty days after filing the notice of appeal, or within further time allowed by the adjudicator, the board shall transmit to the adjudicator the original or a certified copy of the entire record of the private hearing which may be the subject of the petition. By stipulation of the parties to review the proceedings, the record of the case may be shortened. The adjudicator may require or permit subsequent corrections or additions to the shortened record.

The record certified and filed by the board shall be the record upon which the appeal shall be heard and no additional evidence shall be heard by the adjudicator. In such appeal to the adjudicator, especially when
considering the credibility of witnesses, the adjudicator shall give weight to the fact findings of the board; but shall not be bound by them.

Before the date set for hearing a petition for review of board action, which shall be within ten days after receipt of the record unless otherwise agreed or unless the adjudicator orders additional evidence be taken before the board, application may be made to the adjudicator for leave to present evidence in addition to that found in the record of the case. If it is shown to the adjudicator that the additional evidence is material and that there were good reasons for failure to present it in the private hearing before the board, the adjudicator may order that the additional evidence be taken before the board upon conditions determined by the adjudicator. The board may modify its findings and decision in the case by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions, with the adjudicator and mail copies of the new findings or decisions to the teacher.

The adjudicator may affirm board action or remand to the board for further proceedings. The adjudicator shall reverse, modify, or grant any appropriate relief from the board action if substantial rights of the teacher have been prejudiced because the board action is:

1. In violation of a board rule or policy or contract; or
2. Unsupported by a preponderance of the competent evidence in the record made before the board when that record is viewed as a whole; or
3. Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

The adjudicator shall, within fifteen days after the hearing, make a decision and shall give a copy of the decision to the teacher and the secretary of the board. The decision of the adjudicator shall become the final and binding decision of the board unless either party within ten days notifies the secretary of the board that the decision is rejected. The board may reject the decision by majority vote, by roll call, in open meeting and entered into the minutes of the meeting. The board shall immediately notify the teacher of its decision by certified mail. The teacher may reject the adjudicator's decision by notifying the board's secretary in writing within ten days of the filing of such decision.

All costs of the adjudicator shall be shared equally by the teacher and the board.

[C77, 79, 81, §279.17]

279.18 Appeal by either party to court.

If either party rejects the adjudicator’s decision, the rejecting party shall, within thirty days of the initial filing of such decision, appeal to the district court of the county in which the administrative office of the school district is located. The notice of appeal shall be immediately mailed by certified mail to the other party. The adjudicator shall transmit to the reviewing court the original or a certified copy of the entire record which may be the subject of the petition. By stipulation of all parties to the review proceedings, the record of such a case may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional cost. The court may require or permit subsequent corrections or additions to the shortened record.

In proceedings for judicial review of the adjudicator’s decision, the court shall not hear any further evidence but shall hear the case upon the certified record. In such judicial review, especially when considering the credibility of witnesses, the court shall give weight to the fact findings of the board; but shall not be bound by them. The court may affirm the adjudicator’s decision or remand to the adjudicator or the board for further proceedings upon conditions determined by the court. The court shall reverse, modify, or grant any other appropriate relief from the board decision or the adjudicator’s decision equitable or legal and including declaratory relief if substantial rights of the petitioner have been prejudiced because the action is:

1. In violation of constitutional or statutory provisions; or
2. In excess of the statutory authority of the board or the adjudicator; or
3. In violation of a board rule or policy or contract; or
4. Made upon unlawful procedure; or
5. Affected by other error of law; or
6. Unsupported by a preponderance of the competent evidence in the record made before the board and the adjudicator when that record is viewed as a whole; or
7. Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

An aggrieved or adversely affected party to the judicial review proceeding may obtain a review of any final judgment of the district court by appeal to the supreme court. The appeal shall be taken as in other civil cases, although the appeal may be taken regardless of the amount involved.

[C77, 79, 81, §279.18]

279.19 Probationary period.

The first two consecutive years of employment of a teacher in the same school district are a probationary period. However, a board of directors may waive the probationary period for any teacher who previously has served a probationary period in another school district and the board may extend the probationary period for an additional year with the consent of the teacher.

In the case of the termination of a probationary teacher's contract, the provisions of sections 279.15 and 279.16 shall apply.

The board’s decision shall be final and binding unless the termination was based upon an alleged violation of a constitutionally guaranteed right of the teacher or an alleged violation of public employee rights of the teacher under section 20.10.

[C77, 79, 81, §279.19]

279.19A Extracurricular contracts.

1. School districts employing individuals to coach interscholastic athletic sports shall issue a separate extracurricular contract for each of these sports. An extracurricular contract offered under this section shall be separate from the contract issued under section 279.13. Wages for employees who coach these sports shall be paid pursuant to established or negoti-
ated supplemental pay schedules. An extracurricular contract shall be in writing, and shall state the number of contract days for that sport, the annual compensation to be paid, and any other matters as may be mutually agreed upon. The contract shall be for a single school year.

2. An extracurricular contract shall be continued automatically in force and effect for equivalent periods, except as modified or terminated by mutual agreement of the board of directors and the employee, or terminated in accordance with this section. An extracurricular contract shall initially be offered by the employing board to an individual on the same date that contracts are offered to teachers under section 279.13. An extracurricular contract may be terminated at the end of a school year pursuant to sections 279.15 through 279.19. If the school district offers an extra curricular contract for a sport for the subsequent school year to an employee who is currently performing under an extracurricular contract for that sport, and the employee does not wish to accept the extracurricular contract for the subsequent school year, the employee may resign from the extracurricular contract within twenty one days after it has been received.

Section 279.13, subsection 3, applies to this section.

3. The board of directors of a school district may require an employee who has resigned from an extracurricular contract to accept, as a condition of employment under section 279.13, the extracurricular contract for the subsequent school year if all of the following conditions apply:

a. The employee has accepted a teaching contract issued by the board pursuant to section 279.13 for the subsequent school year.

b. The board of directors has made a good faith effort to fill the coaching position with a certificated or authorized replacement.

c. The position has not been filled by June 1 of the year in which the employee resigned the extracurricular contract.

4. As a condition of employment under section 279.13, the board of directors of a school district may require an employee who has been issued a teaching contract pursuant to section 279.13 to accept an extracurricular contract for which the employee is certificated or may require as a condition of employment that an applicant for a teaching contract pursuant to section 279.13 accept an extracurricular contract if all of the following conditions apply:

a. The individual who held the coaching position during the year has not been issued a teaching contract by the board pursuant to section 279.13 for the subsequent school year, or has been terminated from the extracurricular contract.

b. The board of directors has made a good faith effort to fill the coaching position with a certificated or authorized replacement.

c. The position has not been filled by June 1 of the year in which the vacancy occurred for the interscholastic athletic sport.

5. Within seven days following June 1 of that year, the board shall notify the employee in writing if the board intends to require the employee to accept an extracurricular contract for the subsequent school year under subsection 3 or 4. If the employee believes that the board did not make a good faith effort to fill the position the employee may appeal the decision by notifying the board in writing within ten days after receiving the notification.

The appeal shall state why the employee believes that the board did not make a good faith effort to fill the position. If the parties are unable to informally resolve the dispute, the parties shall attempt to agree upon an alternative means of resolving the dispute.

If the dispute is not resolved by mutual agreement, either party may appeal to the district court.

6. Subsections 3, 4, and 5 do not apply if the terms of a collective bargaining agreement provide otherwise.

7. An extracurricular contract may be terminated prior to the expiration of that contract pursuant to section 279.27.

8. A termination proceeding of an extracurricular contract either by the board pursuant to subsection 2 or pursuant to section 279.27 does not affect a contract issued pursuant to section 279.13. A termination of a contract entered into pursuant to section 279.13, or a resignation from that contract by the teacher, constitutes an automatic termination or resignation of the extracurricular contract in effect between the same teacher and the employing school board.

9. For the purposes of this section, “good faith effort” includes advertising for the position in an appropriate publication, interviewing applicants, and giving serious consideration to those certificated or authorized, and otherwise qualified, applicants who apply.

The board of directors of a school district may employ for head coach of other interscholastic athletic activities or for assistant coach of any interscholastic athletic activity, an individual who possesses a coaching authorization issued by the department of education. An individual who has been issued a coaching authorization or who possesses a teaching certificate with a coaching endorsement but is not issued a teaching contract under section 279.13 and who is employed by the board of directors of a school district serves at the pleasure of the board of directors and is not subject to sections 279.13 through 279.19, and 279.27. The board of directors of a public school district shall not allow discrimination in any educational program on the basis of race, color, creed, sex, marital status or place of national origin.

2 Payment of program costs shall not be deferred for a period longer than ten years from the date of commencement of the project.
3 Costs of on the job training for employees shall not exceed fifty percent of the annual gross payroll costs for up to one year of the new jobs. For purposes of this subsection, "gross payroll" can be the gross wages, salaries, and benefits for the jobs in training in the project.
4 A provision which fixes the minimum amount of incremental property taxes, new jobs credit from withholding, or tuition and fee payments which shall be paid for program costs.
5 Any payments required to be made by an employer are a lien upon the employer's business property until paid and have equal precedence with ordinary taxes and shall not be divested by a judicial sale. 83 Acts, ch 171, §3, 8

280B.4 Incremental property taxes.
If an agreement provides that all or part of program costs are to be paid for by incremental property taxes, the board of directors shall provide by resolution that taxes levied on the employer's taxable business property, where new jobs are created as a result of a project, each year by or for the benefit of the state, city, county, school district, or other taxing district after the effective date of the resolution shall be divided as provided in section 403 19, subsections 1 and 2, in the same manner as if the employer's business property, where new jobs are created as a result of a project, was taxable property in an urban renewal project and the resolution was an ordinance within the meaning of those subsections. The taxes received by the board of directors shall be allocated to and when collected be paid into a special fund of the area school and may be irrevocably pledged by the area school to pay the principal and interest on the certificates issued by the area school to finance or refinance, in whole or in part, the project. However, with respect to any urban renewal project as to which an ordinance is in effect under section 403 19, the collection of incremental property taxes authorized by this chapter are suspended in favor of collection of incremental taxes under section 403 19. As used in this section, "taxes" includes, but is not limited to, all levies on an ad valorem basis upon land or real property of the employer's business, where new jobs are created as a result of a project.
83 Acts, ch 171, §4, 8

280B.5 New jobs credit from withholding.
If an agreement provides that all or part of program costs are to be met by receipt of new jobs credit from withholding, it shall be done as follows:
1 New jobs credit from withholding shall be based upon the wages paid to the employees in the new jobs.
2 An amount equal to one and one half percent of the gross wages paid to the employer to each employee participating in a project shall be credited from the payment made by an employer pursuant to section 422 16. If the amount of the withholding by the employer is less than one and one half percent of the gross wages paid to the employees covered by the agreement, then the employer shall receive a credit against other withholding taxes due by the employer.
3 The employer shall remit the amount of the credit quarterly in the same manner as withholding payments are reported to the department of revenue and finance, to the area school to be allocated to and when collected paid into a special fund of the area school to pay the principal of and interest on certificates issued by the area school to finance or refinance, in whole or in part, the project. When the principal and interest on the certificates have been paid, the employer credits shall cease and any money received after the certificaters have been paid shall be remitted to the treasurer of state to be deposited in the general fund of the state.
4 The new jobs credit from withholding and the special fund into which it is paid, may be irrevocably pledged by an area school for the payment of the principal and interest on the certificate issued by an area school to finance or refinance, in whole or in part, the project.
5 The employer shall certify to the department of
revenue and finance that the credit in withholding is in accordance with an agreement and shall provide other information the department may require.

5. An area school shall certify to the department of revenue and finance the amount of new jobs credit from withholding an employer has remitted to the special fund and shall provide other information the department may require.

6. An employee participating in a project will receive full credit for the amount withheld as provided in section 422.16.

83 Acts, ch 171, §5, 8

280B.6 Certificates.

To provide funds for the present payment of the costs of new jobs training programs, an area school may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement. The receipts shall be pledged to the payment of principal of and interest on the certificates.

1. Certificates may be sold at public sale as provided by chapter 75 or at private sale at par, premium, or discount at the discretion of the board of directors. However, chapter 76 does not apply to the issuance of these certificates.

2. Certificates may be issued with respect to a single project or multiple projects and may contain terms or conditions as the board of directors may provide by resolution authorizing the issuance of the certificates.

3. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded, may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a higher, lower, or equivalent rate of interest than the certificates being renewed or refunded.

4. To further secure the payment of the certificates, the board of directors shall, by resolution, provide for the assessment of an annual levy of a standby tax upon all taxable property within the merged area. A copy of the resolution shall be sent to the county auditor of each county in which the merged area is located. The revenues from the standby tax shall be deposited in a special fund and shall be expended only for the payment of principal of and interest on the certificates issued as provided in this section, when the receipt of payment for program costs as provided in the agreement is insufficient. If payments are necessary and made from the special fund, the amount of the payments shall be promptly paid into the special fund from the first available payments received for program costs as provided in the agreement which are not required for the payment of principal or interest on certificates due. No reserves may be built up in this fund in anticipation of a projected default. The board of directors shall adjust the annual standby tax levy for each year to reflect the amount of revenues in the special fund and the amount of principal and interest which is due in that year.

5. Before certificates are issued, the board of directors shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person may, within fifteen days after the publication of the notice by action in the district court of a county in the area within which the area school is located, appeal the decision of the board of directors in proposing to issue the certificates. The action of the board of directors in determining to issue the certificates is final and conclusive unless the district court finds that the board of directors has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of directors to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

6. The board of directors shall determine if revenues are sufficient to secure the faithful performance of obligations in the agreement.

280B.7 Department of economic development.

The Iowa department of economic development in consultation with the department of education shall coordinate the new jobs training program. The Iowa department of economic development shall adopt, amend, and repeal rules under chapter 17A that the area school will use in developing projects with new and expanding industrial new jobs training proposals. The department is authorized to make any rule that is adopted, amended, or repealed effective immediately upon filing with the administrative rules coordinator or at a subsequent stated date prior to indexing and publication, or at a stated date less than thirty-five days after filing, indexing, and publication. If an agreement is entered into, the area school and the
employer shall notify the department of revenue and finance as soon as possible. An agreement may provide, but is not limited to:

Property subject to the lien may be sold for sums due and delinquent at a tax sale, with the same forfeitures, penalties, and consequences as for the nonpayment of ordinary taxes. The purchaser at tax sale obtains the property subject to the remaining payments.

§280C.5 New jobs credit from withholding.

If an agreement provides that all or part of program costs are to be met by receipt of new jobs credit from withholding, it shall be done as follows:

1. New jobs credit from withholding shall be based upon the wages paid to the employees in the new jobs.

2. An amount equal to one and one-half percent of the gross wages paid by the employer to each employee participating in a project shall be credited from the payment made by an employer pursuant to section 422 16. §280C.6 Job training fund — advances.

1. There is established for the area schools an area school job training fund under the supervision of the treasurer of state. The area school job training fund consists of two separate accounts containing moneys as follows:

To receive the funds for this advance from the area school job training fund, the area school shall submit an application to the treasurer of state. The treasurer shall provide the funds to the extent available. The amount of the advance shall not exceed seventy-five thousand dollars for any project. The advance shall be repaid with interest from the sources provided in the agreement. The rate of interest to be charged for advances made in a calendar month is equal to one half of the average rate of interest on certificates issued by area schools pursuant to chapter 280B for the previous twelve months. 1. "Children requiring special education" means persons under twenty-one years of age, including children under five years of age, who are handicapped in obtaining an education because of physical, mental, communication or learning disabilities or who are behaviorally disordered, as defined by the rules of the department of education.

2. "Special education" means classroom, home, hospital, institutional, or other instruction designed to meet the needs of children requiring special education as defined in subsection 1, transportation and corrective and supporting services required to assist children requiring special education, as defined in subsection 1, in taking advantage of, or responding to, educational programs and opportunities, as defined by rules of the state board of education.

3. It is the policy of this state to require school districts and state operated educational programs to provide or make provision, as an integral part of public education, for a free and appropriate public education sufficient to meet the needs of all children requiring special education. This chapter is not to be construed as encouraging separate facilities or segregated programs designed to meet the needs of children requiring special education when the children can benefit from all or part of the education program as offered by the local school district. To the maximum extent possible, children requiring special education shall attend regular classes and shall be educated with children who do not require special education. Whenever possible, handicances to learning and to the normal functioning of children requiring special education within the regular school environment shall be overcome by the provision of special aids and services rather than by separate programs for those in need of special education. Special classes, separate schooling or other removal of children requiring special education from the regular educational environment, shall occur only when, and to the extent that the nature or severity of the educational handicap is such that education in regular classes, even with the use of supplementary aids and services, cannot be accomplished satisfactorily. For those children who cannot adapt to the regular educational or home living conditions, and who are attending facilities under chapters 263, 269 and 270, upon the request of the board of directors of an area education agency, the department of human services shall provide residential or detention facilities and the area education agency shall provide special education programs and services. The area education agencies shall co-operate with the board of regents to provide the services required by this Act.

Special aids and services shall be provided to children requiring special education who are less than five years of age if the aids and services will reasonably permit the child to enter the educational process or school environment when the child attains school age.

Every child requiring special education shall, if reasonably possible, receive a level of education commensurate with the level provided each child who does not require special education. The cost of providing such an education shall be paid as provided in section 273.9 this chapter and chapter 442. It shall be the primary responsibility of each school district to provide special education to children who reside in that district if the children requiring special education are properly identified, the educational program or service has been approved, the teacher or instructor has been certified, the number of children requiring special education needing that educational program or service is sufficient to make offering the program or service feasible, and the program or service cannot more economically and equally be obtained from the area education agency, another school district, another group of school districts, a qualified private agency, or in co-operation with one or more other districts.

4. Any funds received by the school district of the child's residence for the child's education, derived from funds received through chapter 442, this chapter and section 273.9 shall be paid by the school district of the child's residence to the appropriate education agency, private agency, or other school district providing special education for the child pursuant to contractual arrangements as provided in section 273.3, subsections 5 and 7.

The board of directors of the local district or the area education agency may establish and operate one or more special education centers to provide diagnostic, therapeutic, corrective, and other services, on a more comprehensive, expert, economical, and efficient basis than can be reasonably provided by a single school district. The services, if offered by the area education agency board, may be provided in the regular schools using personnel and equipment of the area education agency or, if it is impractical or inefficient to provide them on the premises of a regular school, the area education agency may provide services in its own facilities. To the maximum extent feasible, centers shall be established at and in conjunction with, or in close proximity to one or more elementary and secondary schools. Local districts or the area education agencies may accept diagnostic and evaluation studies conducted by other individuals, hospitals, or centers, if determined to be competent. In order to render proper instruction to each child requiring special education, the school districts shall certify children requiring special education for special instruction in accordance with the requirements set up by the division of special education and shall provide examinations for children preliminary to making certification. The examinations necessary for the certification of children requiring special education shall be prescribed by the state division of special education. Final decision in case of disagreement or appeal is the responsibility of the director of the department of education, who may secure the advice of competent medical and educational authorities including the Iowa department of public health, the university hospitals, the department of human services, the superintendent of the state school for the deaf, and the superintendent of the Iowa Braille and Sight Saving School [C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §281 7]

86 Acts, ch 1245, §1481

Exceptions.

It shall not be incumbent upon the school districts to keep a child requiring special education in regular instruction when the child cannot sufficiently profit from the work of the regular classroom, nor to keep such child requiring special education in the special class or instruction for children requiring special education when it is determined by the director of special education of an area education agency that the child can no longer benefit from the instruction or needs more specialized instruction available in special schools. However, the school district shall count the child requiring special education in the enrollment as provided in sections 273 9, 281 9 and 442 4 and shall insure that appropriate educational provisions are made for the child requiring special education within the limits of funds available under the provisions of this chapter and chapters 273 and 442.

An area education agency director of special education may request approval from the department of education to continue the special education program of a person beyond the person's twenty-first birthday if the person had an accident or prolonged illness that resulted in delays in the initiation of or interruptions in that person's special education program. Approval may be granted by the department to continue the special education program of that person for up to three years or until the person's twenty-fourth birthday. No provision of this chapter shall be construed to require or compel any person who is a member of a well recognized church or religious denomination and whose religious convictions, in accordance with the tenets or principles of the person's church or religious denomination, are opposed to medical or surgical treatment for disease to take or follow a course of physical therapy, or submit to medical treatment, nor shall any parent or guardian who is a member of such church or religious denomination and who has such religious convictions be required to enroll a child in any course or instruction which utilizes medical or surgical treatment for disease [C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §281 8]

84 Acts, ch 1001, §1

Weighting plan — audits — evaluations — expenditures.

1. In order to provide funds for the excess costs of instruction of children requiring special education, above the costs of instruction of pupils in a regular curriculum, a special education weighting plan for determining enrollment in each school district is adopted as follows
   a. Pupils in a regular curriculum are assigned a weighting of one
   b. Children requiring special education who require special adaptations while assigned to a regular classroom for basic instructional purposes and handicapped pupils placed in a special education class who receive part of their instruction in regular classrooms are assigned a weighting of one and two-tenths for the school year commencing July 1, 1975
   c. Children requiring special education who require full time, self contained special education placement with little integration into a regular classroom are assigned a weighting of two and two-tenths for the school year commencing July 1, 1975
   d. Children requiring special education who are severely handicapped or who have multiple handicaps
are assigned a weighting of four and four-tenths for the school year commencing July 1, 1975.

e. Shared-time and part-time pupils of school age who require special education shall be placed in the proper category and counted in the proportion that the time for which they are enrolled or receive instruction for the school year bears to the time that full-time pupils, carrying a normal course schedule, in the same school district, for the same school year are enrolled and receive instruction.

2. The weighting for each category of child multiplied by the number of children in each category in the enrollment of a school district, as identified and certified by the director of special education for the area, determines the weighted enrollment to be used in that district for purposes of computations required under the state school foundation plan in chapter 442.

3. The weight that a child is assigned under this section shall be dependent upon the required educational modifications necessary to meet the special education needs of the child. Enrollment for the purpose of this section, and all payments to be made pursuant thereto, includes all children for whom a special education program or course is to be provided pursuant to sections 273.1 to 273.9 and this chapter, whether or not the children are actually enrolled upon the records of a school district.

4. On December 1, 1987, and no later than December 1 every two years thereafter, for the school year commencing the following July 1, the director of the department of education shall report to the school budget review committee the average costs of providing instruction for children requiring special education in the categories of the weighting plan established under this section, and the director of the department of education shall make recommendations to the school budget review committee for needed alterations to make the weighting plan suitable for subsequent school years. The school budget review committee shall establish the weighting plan for each school year after the school year commencing July 1, 1987, and shall report the plan to the director of the department of education. The school budget review committee shall not alter the weighting assigned to pupils in a regular curriculum, but it may increase or decrease the weighting assigned to each category of children requiring special education by not more than two-tenths of the weighting assigned to pupils in a regular curriculum. The state board of education shall adopt rules under chapter 17A for the purchase of transportation equipment pursuant to this section.

5. The division of special education shall audit the reports required in section 273.5 to determine that all children in the area who have been identified as requiring special education have received the appropriate special education instructional and support services, and to verify the proper identification of pupils in the area who will require special education instructional services during the school year in which the report is filed. The division shall certify to the state comptroller the correct total enrollment of each school district in the state, determined by applying the appropriate pupil weighting index to each child requiring special education, as certified by the directors of special education in each area.

6. The division may conduct an evaluation of the special education instructional program or special education support services being provided by an area education agency, school district, or private agency, pursuant to sections 273.1 to 273.9 and this chapter, to determine if the program or service is adequate and proper to meet the needs of the child; if the child is benefiting from the program or service; if the costs are in proportion to the educational benefits being received; and if there are any improvements that can be made in the program or service. A written report of the evaluation shall be sent to the area education agency, school district, or private agency evaluated and to the president of the senate and speaker of the house of representatives of the general assembly.

7. The costs of special education instructional programs include the costs of purchase of transportation equipment to meet the special needs of children requiring special education with the approval of the director of the department of education. The state board of education shall adopt rules under chapter 17A for the purchase of transportation equipment pursuant to this section.

8. Commencing with the school year beginning July 1, 1976, a school district may expend an amount not to exceed two-sevenths of an amount equal to the district cost of a school district for the costs of regular classroom instruction of a child certified under the special education weighting plan in subsection 1, paragraph "b", as a handicapped pupil who is enrolled in a special class, but who receives part of the pupil's instruction in a regular classroom. Unencumbered funds generated for special education instructional programs for the school year beginning July 1, 1975 and for the school year beginning July 1, 1976 shall not be expended for such purpose.

9. Commencing with the school year beginning July 1, 1975, funds generated for special education instructional programs under this chapter and chapter 442 shall not be expended for modifications of school buildings to make them accessible to children requiring special education. Unencumbered funds generated for special education instructional programs for the school years beginning July 1, 1975 and July 1, 1976, shall not be expended for such purpose unless approved by the department of public instruction based upon applications received by the department prior to January 1, 1978 and approved prior to April 1, 1978.

281.10 Repealed by 65GA, ch 1172, §133.

281.11 Program plans.

Program plans submitted to the department of education pursuant to section 273.5 for approval by the director of the department of education shall establish all of the following:

1. That there are sufficient children requiring special education within the area.

2. That the service or program will be provided by the most appropriate educational agency.

3. That the educational agency providing the service or program has employed qualified special educational personnel.
4. That the instruction is a natural and normal progression of a planned course of instruction.
5. That all revenue raised for support of special education instruction and services is expended for actual delivery of special education instruction or services.
6. Other factors as the state board may require.

§282.3

4. That the instruction is a natural and normal progression of a planned course of instruction.
5. That all revenue raised for support of special education instruction and services is expended for actual delivery of special education instruction or services.
6. Other factors as the state board may require.

281.12 Children placed by district court.
Notwithstanding section 282.27, a child who has been identified as requiring special education, who has been placed in a facility or home by the district court, and for whom parental rights have been terminated by the district court, shall be provided special education programs and services on the same basis as the programs and services are provided for children requiring special education who are residents of the school district in which the child has been placed. The special education instructional costs shall be certified to the director of the department of education not later than September 1 of each year for the preceding fiscal year by the area education agency director of special education of the district in which the child has been placed. The director of the department of education shall review the costs and submit a requisition to the director of revenue and finance. The amount due shall be paid by the treasurer of state to the school district or agency providing the program from any funds in the general fund of the state not otherwise appropriated upon warrants drawn and signed by the director of revenue and finance.

282.3 Admission and exclusion of pupils.
1. The board may exclude from school children under the age of six years when in its judgment such children are not sufficiently mature to be benefited by regular instruction, or any incorrigible child or any child who in its judgment is so abnormal that regular instruction would be of no substantial benefit, or any child whose presence in school may be injurious to the
health or morals of other pupils or to the welfare of such school. However, the board shall provide special education programs and services under the provisions of chapters 273, 281, and 442 for all children requiring special education.

2. The conditions of admission to public schools for work in the year immediately preceding the first grade and in the first grade shall be as follows:

No child under the age of six years on the fifteenth of September of the current school year shall be admitted to any public school unless the board of directors of the school shall have adopted and put into effect courses of study for the school year immediately preceding the first grade, approved by the department of education and shall have employed a teacher or teachers for this work with standards of training approved by the department of education.

No child shall be admitted to the first grade unless the child is six years of age on or before the fifteenth of September of the current school year; except that a child under six years of age who has been admitted to school work for the year immediately preceding the first grade under conditions approved by the department of education, or who has demonstrated the possession of sufficient ability to profit by first-grade work on the basis of tests or other means of evaluation recommended or approved by the department of education, may be admitted to first grade at any time before December 31.

3. Nothing herein provided shall prohibit a school board from requiring the attainment of a greater age than the age requirements herein set forth.

282.4 Majority vote — suspension.

The board may, by a majority vote, expel any scholar from school for immorality, or for a violation of the regulations or rules established by the board, or when the presence of the scholar is detrimental to the best interests of the school; and it may confer upon any teacher, principal, or superintendent the power temporarily to dismiss a scholar, notice of such dismissal being at once given in writing to the president of the board.

Every school shall be free of tuition to all actual residents between the ages of five and twenty-one years and to resident honorably discharged soldiers, sailors, and marines, as many months after becoming twenty-one years of age as they have spent in the military or naval service of the United States before they became twenty-one, provided, however, fees may be charged covering instructional costs for a summer school program. The board of education may, in a hardship case, exempt a student from payment of the above fees. Every person, however, who shall attend any school after graduation from a four-year course in an approved high school or its equivalent shall be charged a sufficient tuition fee to cover the cost of the instruction received by such person.

282.7 Attending in another corporation — payment.

1. The board of directors of a school district by record action may discontinue any or all of grades seven through twelve and negotiate an agreement for attendance of the pupils enrolled in those grades in the schools of one or more contiguous school districts having accredited* school systems. If the board designates more than one contiguous district for attendance of its pupils, the board shall draw boundary lines within the school district for determining the school districts of attendance of the pupils. The portion of a district so designated shall be contiguous to the accredited school district designated for attendance. Only entire grades may be discontinued under this subsection and if a grade is discontinued, all higher grades in that district shall also be discontinued. A school district that has discontinued one or more grades under this subsection has complied with the requirements of section 275.1 relating to the maintenance of kindergarten and twelve grades. A pupil who graduates from another school district under this subsection shall receive a diploma from the receiving district. Tuition shall be paid by the resident district as provided in section 282.24, subsection 2. The agreement shall provide for transportation and authority and liability of the affected boards.

2. A school district which does not have an area vocational technical high school or program, established and approved under chapter 258, may permit a resident child to attend school in another district which has such a school or program. The child shall meet the entrance requirements of the school district which has the area school or program. Tuition at the maximum rate prescribed in section 282.24, subsection 1, but not transportation, for such a child shall be paid by the resident district as required in section 282.20.

282.8 Attending school outside state.

The boards of directors of school districts located near the state boundaries may designate schools of equivalent standing across the state line for attendance of both elementary and high school pupils when the public school in the adjoining state is nearer than any appropriate public school in a pupil's district of residence or in Iowa. Distance shall be measured by the nearest traveled public road. Arrangements shall be subject to reciprocal agreements made between the chief state school officers of the respective states. Notwithstanding section 282.1, arrangements between districts pursuant to the reciprocal agreements made under this section shall establish tuition and transportation fees in an amount acceptable to the affected boards, but the tuition and transportation fees shall not be less than the lower average cost per pupil for the previous school year of the two affected school districts. For the purpose of this section average cost per pupil for the previous school year is determined by dividing the district's operating expenditures for the previous school year by the number of children enrolled in the district on the second Friday of September of the previous school year. A person attending school in another state shall continue to be treated as a pupil of the district of residence in the apportionment of the current school fund and the payment of state aid.

ATTENDANCE OUTSIDE OF HOME DISTRICT

282.19 Child living in foster care facility.

A child who is living in a licensed child foster care facility as defined in section 237.1 in this state which is located in a school district other than the school district in which the child resided before receiving foster care may enroll in and attend an accredited school in the school district in which the child is living. If a child does not require special education and was not counted in the basic enrollment of a school district for a budget year under section 422.4, the tuition and transportation, when required by law, shall be paid by the treasurer of the pupil's residence in the state treasury. A pupil attending school in another state shall continue to be treated as a pupil of the district of residence in the apportionment of the current school fund and the payment of tuition and transportation fees.

[C31, 35, §4274-c1, -c2, 4275; C39, §4274.01, 4274.02, 4275; C46, §282.8, 282.9, 282.17; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §282.8, 282.17; 81 Acts, ch 89, §1]

282.20 Tuition fees — payment.

The school corporation in which the student resides shall pay from the general fund to the secretary of the corporation in which the student is permitted to enroll, a tuition fee as prescribed in section 282.24.

It shall be unlawful for any school district to rebate to any pupils or their parents, directly or indirectly, any portion of the tuition collected or to be collected or to authorize or permit such pupils to receive at the expense of the district, directly or indirectly, any special compensation, benefit, privilege, or other thing of value that is not and cannot legally be made available to all other pupils enrolled in its schools. Any superintendent or board members responsible for such unlawful act shall each be personally liable to a fine of not to exceed one hundred dollars. Action to recover such penalty or action to enjoin such unlawful act may be instituted by the board of any school district or by a taxpayer in any school district.

On or before February 15 and June 15 of each year the secretary of the creditor district shall deliver to the secretary of the debtor district an itemized statement of such tuition fees.

282.21 Collection of tuition fees.

If payment is not made, the board of the creditor corporation shall file with the auditor of the county of the pupil's residence a statement certified by its president specifying the amount due for tuition, and the time for which the same is claimed. The auditor shall transmit to the county treasurer an order directing the county treasurer to transfer the amount of such account from the funds of the debtor corporation to the creditor corporation, and the county treasurer shall pay the same accordingly.

282.24 Tuition fees established.

1. There is established a maximum tuition fee that may be charged for elementary and high school students residing within another school district or corporation except students attending school in another district under section 282.7, subsection 1. That fee is the district cost per pupil of the receiving district as computed in section 422.2, subsection 1, paragraph "a".

A school corporation which owns facilities used as attendance centers for students shall maintain an itemized statement of the appraised value of all buildings owned by the school corporation. Beginning July 1, 1976, the appraisal shall be updated at least one time every five years.

The director of the department of education shall, after July 1 but before September 1 of each year, notify every school in the state, affected by this section, what the computed maximum tuition rate shall be for the ensuing year.
This subsection does not prevent the corporation or district in which the student resides from paying a tuition in excess of the maximum computed tuition rates, if the actual per pupil cost of the preceding year so warrants, but the receiving district or corporation shall not demand more than the maximum rate.

2. The tuition fee charged by the board of directors for pupils attending school in the district under section 282.7, subsection 1, shall not exceed the actual cost of providing the educational program for either the high school or the junior high school in that district and shall not be less than the maximum tuition rate in that district. For the purpose of this section, high school means a school which commences with either grade nine or grade ten as determined by the board of directors of the district, and junior high school means the remaining grades commencing with grade seven.

[C35, §4233-e; C39, §4233.3; C46, §279.18; C50, 54, 58, 62, 66, 71, 73, 75, §279.18, 282.24; C77, 79, 81, §282.24]

282.26 High school students attending advanced courses.

The board of any junior college school district may, by mutual agreement with any college or university, permit any specially qualified high school student to attend advanced courses of academic instruction therein.

The state board of regents and the department of education may by rule permit such students to attend any institution of higher learning under their jurisdiction. Credit earned in any such course at a junior college, college or university may be applied toward credit for high school graduation. No public school funds shall be expended for payment of tuition or other costs for such attendance at any college or university, unless such payment is expressly permitted or required by law.

The foregoing provisions shall also apply to junior colleges, colleges and universities in adjacent states when such institutions are located nearer to the homes or schools of the school district than the closest junior college, college or university within the state.

[C66, 71, 73, 75, 77, 79, 81, §282.26]

282.27 Payment for certain children.

When a child requiring special education is living in a state-supported institution, charitable institution, or licensed boarding home as defined in this chapter which does not maintain a school, and the residence of the child requiring special education is in a school district other than the school district in which the state-supported institution, charitable institution, or licensed boarding home is located, the child is eligible for special education programs and services provided for children requiring special education who are residents of the school district in which the institution or boarding home is located. The special education instructional costs shall be computed by means of weighted enrollment for that child under the provisions of chapters 273, 281, and 442 as if that child were a resident of the school district in which the institution or boarding home is located, but the child shall be included in the enrollment count in the district of residence in the manner provided in sections 281.9 and 442.4. The costs as computed shall be paid by the district of residence. A child requiring special education shall not be denied special education programs and services because of a dispute over determination of residence of that child. If there is a dispute over the residence of the child, the director of the department of education shall determine the residence of the child. However, if the special education instructional costs incurred on behalf of the child exceed the amount which would be allowed if the child were provided the programs and services in the district of residence, the treasurer of the school district of residence shall make payment at the maximum amount allowed in that district for a child requiring special education who is similarly handicapped. If the child requiring special education is not counted in the weighted enrollment of any district under section 281.9, and payment is not made by any district, the district in which the institution or boarding home is located may certify the special education instructional costs to the director of the department of education not later than September 1 of each year for the preceding fiscal year. The director of the department of education shall review the costs and submit a requisition to the director of revenue and finance. The amount due shall be paid by the treasurer of state to the district in which the institution or licensed boarding home is located from any funds in the general fund of the state not otherwise appropriated upon warrants drawn and signed by the director of revenue and finance. For the purposes of this section, the term "district of residence of the child" means the residence of the parent or legal guardian, or the location of the district court if the district court is the legal guardian of the child.

ACCEPTANCE AND DISTRIBUTION OF FEDERAL FUNDS

283.1 Federal funds accepted.

The director of the department of education is the “state educational authority” for the purpose of accepting and administering funds appropriated by congress for educational purposes and the funds shall be deposited with the treasurer of state and disbursed through the department of revenue and finance on vouchers audited as provided by law. When state matching funds are required as a condition to the acceptance of federal funds, the director of the department of education may make expenditures for matching only from funds provided by the legislature for that purpose. However, when federal funds may be matched with expenditures from funds appropriated for the general operation of the department of education, this may be done with the approval of the legislative council.

CHAPTER 284

INTERSTATE AGREEMENT ON QUALIFICATION
OF EDUCATIONAL PERSONNEL

284.1 Interstate agreement.

The interstate agreement on qualification of educational personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I — PURPOSE, FINDINGS, AND POLICY

1. The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of co-operation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interest of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of co-operation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this agreement can increase the availability of educational personnel.

ARTICLE II — DEFINITIONS

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement.

3. "Accept", or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating state" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to article III of this agreement.

6. "Receiving state" means a state (and the subdivisions thereof) which accepts educational personnel in accordance with the terms of a contract made pursuant to article III of this agreement.

ARTICLE III — INTERSTATE EDUCATIONAL PERSONNEL CONTRACTS

1. The designated state official of a party state may make one or more contracts on behalf of that state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this article only with states in which the official finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in the official's state.

2. Any such contract shall provide for:
   a. Its duration.
   b. The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.
   c. Such waivers, substitutions, and conditional ac-
ceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards
d Any other necessary matters
3 No contract made pursuant to this agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods
4 Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954
5 The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state
6 A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states

ARTICLE IV — APPROVED AND ACCEPTED PROGRAMS

1 Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state
2 To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in applicable contract

ARTICLE V — INTERSTATE CO-OPERATION

The party states agree that
1 They will, so far as practicable, prefer the making of multilateral contracts pursuant to article III of this agreement
2 They will facilitate and strengthen co-operation in interstate certification and other elements of educational personnel qualification and for this purpose shall co-operate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification

ARTICLE VI — AGREEMENT EVALUATION

The designated state officials of any party states may meet from time to time as a group to evaluate programs under the agreement, and to formulate recommendations for changes

ARTICLE VII — OTHER ARRANGEMENTS

Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel

ARTICLE VIII — EFFECT AND WITHDRAWAL

1 This agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this agreement
2 Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states
3 No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms

ARTICLE IX — CONSTRUCTION AND SEVERABILITY

This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters

284.2 Designated state official.
The designated state official for this state, within the meaning of article II, paragraph 2, of the interstate agreement on qualification of educational personnel as set forth in section 284.1, shall be the director of the department of education. The director shall enter into contracts pursuant to article III of the agreement only with the approval of the specific text thereof by the state board of education

284.3 Contracts on file.
True copies of all contracts made on behalf of this state pursuant to the interstate agreement on quali
cation of educational personnel shall be kept on file in the department of education and in the office of the secretary of state. The department of education shall publish all such contracts in convenient form.

CHAPTER 285

STATE AID FOR TRANSPORTATION

285.1 When entitled to state aid.
1. The board of directors in every school district shall provide transportation, either directly or by reimbursement for transportation, for all resident pupils attending public school, kindergarten through twelfth grade, except that:
a. Elementary pupils shall be entitled to transportation only if they live more than two miles from the school designated for attendance.
b. High school pupils shall be entitled to transportation only if they live more than three miles from the school designated for attendance.

For the purposes of this subsection, high school means a school which commences with either grade nine or grade ten, as determined by the board of directors of the school district or by the governing authority of the nonpublic school in the case of nonpublic schools.

Boards in their discretion may provide transportation for some or all resident pupils attending public school or pupils who attend nonpublic schools who are not entitled to transportation. Boards in their discretion may collect from the parent or guardian of the pupil not more than the pro rata cost for such optional transportation, determined as provided in subsection 12.

To the extent that this section as amended requires transportation which was not required before August 15, 1973, the board of directors shall not be required to provide such transportation before July 1, 1978.

2. Any pupil may be required to meet a school bus on the approved route a distance of not to exceed three-fourths of a mile without reimbursement.

3. In a district where transportation by school bus is impracticable or where school bus service is not available, the board may require parents or guardians to furnish transportation for their children to the schools designated for attendance. Except as provided in section 285.3, the parent or guardian shall be reimbursed for such transportation service for public and nonpublic school pupils by the board of the resident district in an amount equal to eighty dollars plus seventy-five percent of the difference between eighty dollars and the previous school year's statewide average per pupil transportation cost, as determined by the department of education.

However, a parent or guardian shall not receive reimbursement for furnishing transportation for more than two family members who attend elementary school and one family member who attends high school.

4. In all districts where unsatisfactory roads or other conditions make it advisable, the board at its discretion may require the parents or guardians of public and nonpublic school pupils to furnish transportation for their children up to two miles to connect with vehicles of transportation. The parents or guardians shall be reimbursed for such transportation by the boards of the resident districts at the rate of twenty-eight cents per mile per day, one way, per family for the distance from the pupil's residence to the bus route.

5. Where transportation by school bus is impracticable or not available or other existing conditions warrant it, arrangements may be made for use of common carriers according to uniform standards established by the director of the department of education and at a cost based upon the actual cost of service and approved by the board.

6. When the school designated for attendance of pupils is engaged in the transportation of pupils, the sending or designating school shall use these facilities and pay the pro rata cost of transportation except that a district sending pupils to another school may make
other arrangements when it can be shown that such arrangements will be more efficient and economical than to use facilities of the receiving school, providing such arrangements are approved by the board of the area education agency.

7. If a local board closes either elementary or high school facilities and is approved by the board of the area education agency to operate its own transportation equipment, the full cost of transportation shall be paid by the board for all pupils living beyond the statutory walking distance from the school designated for attendance.

8. Transportation service may be suspended upon any day or days, due to inclemency of the weather, conditions of roads, or the existence of other conditions, by the board of the school district operating the buses, when in their judgment it is deemed advisable and when the school or schools are closed to all children.

9. Distance to school or to a bus route shall in all cases be measured on the public highway only and over the most passable and safest route as determined by the area education agency board, starting in the roadway opposite the private entrance to the residence of the pupil and ending in the roadway opposite the entrance to the school grounds or designated point on bus route.

10. The board in any district providing transportation for nonresident pupils shall collect the pro rata cost of transportation from the district of pupil's residence for all properly designated pupils so transported.

11. Boards in districts operating buses may transport nonresident pupils who attend public school, kindergarten through junior college, who are not entitled to free transportation provided they collect the pro rata cost of transportation from the parents.

12. The pro rata cost of transportation shall be based upon the actual cost for all the children transported in all school buses. It shall include one-seventh of the original net cost of the bus and such other items as shall be determined and approved by the director of the department of education but no part of the capital outlay cost for school buses and transportation equipment for which the school district is reimbursed from state funds or that portion of the cost of the operation of any school bus used in transporting pupils to and from extra-curricular activities shall be included in determining said pro rata cost. In any district where because of unusual conditions, the cost of transportation is in excess of the actual operating cost of the bus route used to furnish transportation to nonresident pupils, the board of the local district may charge a cost equal to the cost of other schools supplying such service to that area, upon receiving approval of the state director of school transportation.

13. When a local board fails to pay transportation costs due to another school for transportation service rendered, the board of the creditor corporation shall file a sworn statement with the area education agency board specifying the amount due. The agency board shall check such claim and if the claim is valid shall certify to the county auditor. The auditor shall transmit to the county treasurer an order directing the county treasurer to transfer the amount of such claim from the funds of the debtor corporation to the creditor corporation and the treasurer shall pay the same accordingly.

14. Resident pupils attending a nonpublic school located either within or without the school district of the pupil's residence shall be entitled to transportation on the same basis as provided for resident public school pupils under this section. The public school district providing transportation to a nonpublic school pupil shall determine the days on which bus service is provided, which shall be based upon the days for which bus service is provided to public school pupils, and the public school district shall determine bus schedules and routes. In the case of nonpublic school pupils the term "school designated for attendance" means the nonpublic school which is designated for attendance by the parents of the nonpublic school pupil.

15. If the nonpublic school designated for attendance is located within the public school district in which the pupil is a resident, the pupil shall be transported to the nonpublic school designated for attendance as provided in this section.

16. a. If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil's residence, the pupil may be transported by the district of residence to a public school or other location within the district of the pupil's residence. A public school district in which a nonpublic school is located may establish school bus collection locations within its district from which nonresident nonpublic school pupils may be transported to and from a nonpublic school located in the district. If a pupil receives such transportation, the district of the pupil's residence shall be relieved of any requirement to provide transportation.

b. As an alternative to paragraph "a" of this subsection, subject to section 285.9, subsection 3, where practicable, and at the option of the public school district in which a nonpublic school pupil resides, the school district may transport a nonpublic school pupil to a nonpublic school located outside the boundary lines of the public school district if the nonpublic school is located in a school district contiguous to the school district which is transporting the nonpublic school pupils, or may contract with the contiguous public school district in which a nonpublic school is located for the contiguous school district to transport the nonpublic school pupils to the nonpublic school of attendance within the boundary lines of the contiguous school district.

c. If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil's residence and the district of residence meets the requirements of subsections 14 to 16 of this section by using subsection 17, paragraph "c", of this section and the district in which the nonpublic school is located is contiguous to the district of the pupil's residence and is willing to provide transportation under subsection 17, paragraph "a" or "b", of this section, the district in which the nonpublic school is located may provide transportation services, subject to section 285.9, subsection 3, and may make the claim for reimbursement under section 285.2. The district in which the nonpublic school is located shall notify the district of the pupil's residence that it is making the claim for reimbursement, and the district of the pupil's residence shall be relieved of the requirement for providing transportation and shall not make a claim for reimbursement for
those nonpublic school pupils for which a claim is filed by the district in which the nonpublic school is located.

17. The public school district may meet the requirements of subsections 14 to 16 by any of the following:
   a. Transportation in a school bus operated by a public school district.
   b. Contracting with private parties as provided in section 285.5. However, contracts shall not provide payment in excess of the average per pupil transportation costs of the school district for that year.
   c. Utilizing the transportation reimbursement provision of subsection 3.
   d. Contracting with a contiguous public school district to transport resident nonpublic school pupils the entire distance from the nonpublic pupil's residence to the nonpublic school located in the contiguous public school district or from the boundary line of the public school district to the nonpublic school.

18. The director of the department of education may review all transportation arrangements to see that they meet all legal and established uniform standards.

19. Transportation authorized by this chapter is exempt from all laws of this state regulating common carriers.

20. Transportation for which the pro rata cost or other charge is collected shall not be provided outside the state of Iowa except in accordance with rules adopted by the department of education in accordance with chapter 17A. The rules shall take into account any applicable federal requirements.

21. Boards in districts operating buses may in their discretion transport senior citizens, children, handicapped and other persons and groups, who are not otherwise entitled to free transportation, and shall collect the pro rata cost of transportation. Transportation under this subsection shall not be provided when the school bus is being used to transport pupils to or from school unless the board determines that such transportation is desirable and will not interfere with or delay the transportation of pupils.

A claim shall not exceed the average transportation costs of the district per pupil transported except as otherwise provided. If transportation is provided under section 285.1, subsection 3, the amount of a claim shall be determined under section 285.9, regardless of the average transportation costs of the district per pupil transported.

Claims shall be accompanied by an affidavit of an officer of the public school district affirming the accuracy of the claim. By February 1 and by July 15 of each year, the department shall certify to the department of revenue and finance the amounts of approved claims to be paid, and the department of revenue and finance shall draw warrants payable to school districts which have established claims. 2. Review and approve all transportation arrangements between districts in the agency and in all districts in the agency not operating high schools. If such transportation arrangements, designations, and contracts are not in conformity with the law or established uniform standards for the locating and operating of bus routes, the agency board shall, after receiving all facts, make such alterations or changes as necessary to make the arrangements, designations, and contracts conform to the legal and established requirements and shall notify local board of such action.
3. Approve all bus routes outside the boundary of the district of the school operating buses.
4. When a local board fails to make designations and other necessary arrangements for transportation as required by law, the agency board shall, after due notice to the local board, make necessary arrangements in conformity with law and established requirements. Notice shall be given to the local board of the arrangements as made. The arrangements shall be binding on the local board which shall pay the costs for service as arranged.

285.10 Powers and duties of local boards.
The powers and duties of the local school boards shall be to:
1. Provide transportation for each resident pupil who attends public school, and each resident pupil who attends a nonpublic school, and who is entitled to transportation under the laws of this state.
2. Establish, maintain and operate bus routes for the transportation of pupils so as to provide for the economical and efficient operation thereof without duplication of facilities, and to properly safeguard the health and safety of the pupils transported.
3. Purchase or lease buses and other transportation facilities, and maintain same, and to enter into contracts for transportation subject to any provisions of law affecting same.
4. Employ such drivers and other employees as may be necessary and prescribe their qualifications and adopt rules for their conduct.
5. Exercise any and all powers and duties relating to transportation of pupils enjoined upon them by law.
6. Shall purchase liability insurance and other insurance coverage which the board deems advisable to insure the school district, its officers, employees and agents against liability incurred as a result of operating school buses, including but not limited to liability to pupils or other persons lawfully transported. Section 613A.7 shall apply to such insurance. However, the board of directors in its discretion shall determine the insurance coverages and limits, and the school district and directors shall not be liable as a result of any such discretionary decision.
7. When a school qualifies to purchase buses, they may be purchased as follows:
   a. From such funds as may be available in the general fund.
   b. May purchase buses and enter into contract to pay for such buses over a five-year period as follows: One-fourth of the cost when bus is delivered and the balance in equal annual installments, plus simple interest due. The interest rate shall be the lowest rate available and shall not exceed the rate in effect under section 74A.2. The bus shall serve as security for balance due. Bus bodies and chassis shall be purchased or separate contracts unless the bus is constructed as an integral unit, inseparable as to body and chassis, by the manufacturer or is a used or demonstrator bus.
8. Boards in school districts which have sufficient resident pupils they are required to transport to warrant the purchase of transportation equipment may purchase buses needed to provide the transportation.
9. In the discretion of the board, furnish a school bus and services of a qualified driver to an organization of, or sponsoring activities for, senior citizens, children, handicapped or other persons and groups in this state. The board shall charge and collect an amount sufficient to reimburse all costs of furnishing the bus and driver except when the bus is used for transporting pupils to and from extracurricular activities sponsored by the school. A school bus shall be used as provided in this subsection only at times when it is not needed for transportation of pupils.
10. In the discretion of the board furnish a school bus and services of a qualified driver for transportation of persons other than pupils to activities in which pupils from the school are participants or are attending the activity or for which the school is a sponsor. The board shall charge and collect an amount sufficient to reimburse all costs of furnishing the bus and driver. A school bus shall be used as provided in this
285.10 Bus routes — basis of operation.
The establishment and operation of bus routes and the contracting for transportation shall be based upon the following considerations:

1. Each bus route shall be planned and adjusted to utilize the normal seating capacity of each bus insofar as it is possible to do so.
2. Each bus route shall serve only those pupils living in those areas where transportation by bus is the most economical method for providing adequate transportation facilities.
3. A route shall not be extended for the purpose of accommodating pupils whose homes are nearer another bus route.
4. Special contracts for transportation of pupils entitled to transportation shall be entered into only when it is more economical to make such special provision than to provide same by regular bus route, or when by reason of physical or mental handicap of the pupil such pupil cannot be transported with safety by bus.
5. The boards shall take advantage of all tax exemptions on fuel, equipment, and of such other economies as are available.
6. The use of school buses shall be restricted to transporting pupils to and from school and to and from extracurricular activities sponsored by the school when such extracurricular activity is under the direction of a qualified member of the faculty and a part of the regular school program and to transporting other persons to the extent permitted by section 285.1, subsection 1, and section 285.10, subsections 9 and 10.

School employees of districts operating buses may be transported to and from school and approved activities which they are required to attend as a result of their responsibilities. Provided, however, nothing in this subsection shall prohibit the use of school buses in transporting a school teacher going to and from her school when such school is on an established school bus route and such teacher makes arrangements with the district operating such school bus.

7. No bus shall leave the public highway to receive or discharge pupils unless their safety is enhanced thereby, or the private road is maintained in the same manner as a public roadway.
8. Bus routes shall be established only to give service to properly designated pupils.
9. Bus drivers for school buses must present a certificate of physical fitness each year before being permitted to operate any vehicles transporting children to and from school.

Bus drivers must hold a regular or special chauffer's license and in addition, a special school bus driver permit issued by the department of education.

285.12 Disputes — hearings and appeals.
In the event of a disagreement between a school patron and the board of the school district, the patron if dissatisfied with the decision of the district board, may appeal the same to the area education agency board, notifying the secretary of the district in writing within ten days of the decision of the board and by filing an affidavit of appeal with the agency board within the ten-day period. The affidavit of appeal shall include the reasons for the appeal and points at issue. The secretary of the local board on receiving notice of appeal shall certify all papers to the agency board which shall hear the appeal within ten days of the receipt of the papers and decide it within three days of the conclusion of the hearing and shall immediately notify all parties of its decision. Either party may appeal the decision of the agency board to the director of the department of education by notifying the opposite party and the agency administrator in writing within five days after receipt of notice of the decision of the agency board and shall file with the director of the department of education an affidavit of appeal, reasons for appeal, and the facts involved in the disagreement. The agency administrator shall, within ten days of said notice, file with the director all records and papers pertaining to the case, including action of the agency board. The director shall hear the appeal within fifteen days of the filing of the records in the director's office, notifying all parties and the agency administrator of the time of hearing. The director shall forthwith decide the same and notify all parties of the decision and return all papers with a copy of the decision to the agency administrator. The decision of the director shall be subject to judicial review in accordance with the terms of the Iowa administrative procedure Act. Pending final order made by the director, upon any appeal prosecuted to such director, the order of the agency board from which the appeal is taken shall be operative and be in full force and effect.

285.13 Disagreements between boards.
In the event of a disagreement between the board of a school district and the board of an area education agency, the board of the school district may appeal to the director of the department of education and the procedure and times provided for in section 285.12 shall prevail in any such case. The decision of the director shall be subject to judicial review in accordance with the terms of the Iowa administrative procedure Act.

285.14 Nonstandard buses — penalties.
Any person who operates or permits to be operated as a school bus to transport pupils, any vehicle which does not comply with the requirements provided by law or by the rules and regulations of the department of education, or for which there is not a valid temporary certificate for operation, shall be guilty of a simple misdemeanor.

A vehicle used for an approved driver education course in which the driver education teacher transports driver education students from their residences for street or highway driving is not a school bus.

285.15 Forfeiture of reimbursement rights.
The failure of any local district to comply with the
provisions of this chapter or any other laws relating to the transportation of pupils, or any rules made by the department of education under this chapter or the final decisions of the area education agency board, or the final decisions of the department of education shall during the period such failure to comply existed forfeit the rights to collect transportation costs from school or parents while operating in such illegal manner. Any superintendent, board, or board member who knowingly operates or permits to be operated any school bus transporting public school pupils in violation of any school transportation law shall be deemed guilty of a simple misdemeanor.

The state area school funding plan is established for the fiscal year beginning July 1, 1986 and succeeding fiscal years. Funds appropriated specifically for distribution under this chapter shall be allocated to the area schools established under chapter 280A in the manner provided in this chapter. If the funds appropriated for distribution under this chapter are insufficient to make the allocations required, the department of management shall prorate the allocations. However, an area school shall be allocated an amount at least equal to the state general aid allocated for the base year unless the formula is fully funded under this chapter.

86 Acts, ch 1246, §145

286A.2 Definitions.

As used in this chapter and chapter 280A, unless the context otherwise requires:

1. “Contact hour” means fifty minutes of contact between an instructor and students in a scheduled course offering for which students are registered.

   The total contact hours for an area school in a cost center for a budget year for purposes of determining state general aid under this chapter are the average of the total contact hours offered by the area school in that cost center for the base year and the two fiscal years preceding the base year.

   2. “Contact hour eligible for general aid” is a contact hour as provided in subsection 1 except for the
contact hours of nonresident students, contact hours of students in avocational or recreational programs, and contact hours of students in courses or programs the direct operational costs of which are entirely paid by federal, state, or other governmental agencies, or private subsidy, or both

3 "Base year" means base year as defined in section 442.6

4 "Budget year" means budget year as defined in section 442.6

5 "State percent of growth" is the state percent of growth calculated under section 442.7

6 "Area school allowable growth for an instructional cost center" is a dollar amount determined by the department of management by multiplying the state average cost per contact hour for that cost center for a base year times the state percent of growth for the budget year

7 "Instructional cost center" means one of the following areas of course offerings of the area schools

   a Arts and sciences cost center
   b Vocational technical preparatory cost center
   c Vocational technical supplementary cost center
   d Adult basic education and high school completion cost center
   e Continuing and general education cost center

8 "Noninstructional function" means all of the following functions

   a General institutional function
   b Student services function
   c Physical plant, including plant maintenance and utility costs functions
   d Library services function

9 "State average cost per contact hour for an instructional cost center" is the actual state average cost per contact hour for that instructional cost center for all area schools for the base year beginning July 1, 1985 adjusted in succeeding years to equal the base year's state average cost per contact hour for the instructional cost center plus the area school allowable growth for the instructional cost center for the budget year. The state average cost per contact hour does not include expenditures for capital outlay

   86 Acts, ch 1246, §146

286A.3 Foundation support level.
The department of management shall determine for the base year beginning July 1, 1985, the state average cost per contact hour for each instructional cost center. The state foundation support level per contact hour for each instructional cost center is sixty-five percent of the state average cost per contact hour for that year.

For the budget year commencing July 1, 1986 and succeeding budget years, the department of management shall determine the area school allowable growth for each instructional cost center and shall add those amounts to the foundation support level per contact hour for each instructional cost center for the base year in order to determine the foundation support level per contact hour for the budget year. However, for any budget year for which funds are appropriated by the general assembly for salary improvement for the arts and sciences cost center and for the vocational-technical preparatory cost center, the foundation support level per contact hour for those cost centers for the budget year shall be increased by a salary improvement cost per contact hour. However, the salary improvement cost per contact hour is not included in the foundation support level per contact hour for those cost centers. Funds appropriated for salary improvement for a budget year shall be divided by the total number of contact hours in the arts and sciences cost center and the vocational-technical preparatory cost center in all area schools for the budget year to determine a salary improvement cost per contact hour. Salary improvement moneys received by an area school shall be added to the base salaries of recipients of the moneys, and shall supplement, not supplant, the results of a collective bargaining agreement negotiated under chapter 20, if any.

86 Acts, ch 1246, §147

286A.4 Support per instructional cost center.
Each area school shall multiply the state foundation support level per contact hour for each instructional cost center for a budget year by the number of contact hours eligible for state general aid in the area school in the cost center for the budget year to obtain the support per cost center in that area school. The total support for an area school for instructional cost centers is the sum of the support per cost center for all five instructional cost centers.

86 Acts, ch 1246, §148

286A.5 General institutional function.
The general institutional function cost for the base year commencing July 1, 1985 is determined by multiplying the area school's total expenditures for the fiscal year beginning July 1, 1985 by thirteen and ninety-six hundredths percent, which is the average percent of total expenditures of the area schools for general institutional function costs.

The foundation support level for the general institutional function for an area school for the base year beginning July 1, 1985 is sixty-five percent of the area school's general institutional support function cost for that year.

For the budget year beginning July 1, 1986 and succeeding budget years, the foundation support level for the general institutional support function for an area school is the foundation support level for the base year plus a general institutional function allowable growth amount. The allowable growth amount is determined by the department of management by multiplying the state percent of growth for the budget year by the state average general institutional function cost for the base year.

For the base year beginning July 1, 1989, and each four years thereafter, the department shall recalculate the average percent of total expenditures of the area schools for general institutional function costs and shall use that percent for the four next following budget years.

86 Acts, ch 1246, §149

286A.6 Student services function cost.
The state student services function cost for the base year commencing July 1, 1985 is determined by dividing the total of all area schools' expenditures for the student services function for that year by the total number of contact hours eligible for general aid in the
state for that year to achieve a state average student services function cost per contact hour for the base year.

The foundation support level per contact hour for the student services function cost for the base year beginning July 1, 1985 is sixty-five percent of the state average student services function cost per contact hour for that year.

For the budget year beginning July 1, 1986 and succeeding budget years, the foundation support level per contact hour eligible for state general aid for the student services function cost for an area school is the foundation support level per contact hour for the base year plus a student services support allowable growth amount. The allowable growth amount is determined by the department of management by multiplying the state percent of growth for the budget year by the state average student services function cost per contact hour for the base year. The total is then multiplied by the number of contact hours in the area school to determine the foundation support for the student services function cost for a budget year.

86 Acts, ch 1246, §150

286A.7 Physical plant function cost.

The physical plant function cost includes physical plant maintenance cost and the physical plant utility cost.

1. The physical plant function cost for the base year commencing July 1, 1985 for all area schools is determined by dividing the total physical plant maintenance cost of all area schools for that year by the total square feet of buildings of the area schools for that year to achieve a state average cost per square foot.

The foundation support level per square foot for the physical plant maintenance costs for the base year beginning July 1, 1985 is sixty-five percent of the state average cost per square foot for that year.

For the budget year beginning July 1, 1986 and succeeding budget years, the foundation support level per square foot for the physical plant maintenance costs for an area school is the foundation support level per square foot for the base year plus a physical plant maintenance allowable growth amount. The allowable growth amount is determined by the department of education by multiplying the state percent of growth for the budget year by state average cost per square foot. The total is then multiplied by the number of cubic feet in buildings of the area school to determine the foundation support for the physical plant function cost for a budget year.

86 Acts, ch 1246, §152

286A.8 Library function cost.

The library function cost for a base year for an area school is determined by the department of education by multiplying the total of the area school’s support for the five instructional cost centers, for the general institutional support function, for the student services function, and for the physical plant function for that year by three and thirty-three hundredths percent, which is the average percent of the area schools’ support expended for the library function cost. The department shall notify the department of management.

The foundation support level for the library services function for an area school for a base year is sixty-five percent of the area school’s library function cost for that year.

For the budget year beginning July 1, 1986 and each succeeding budget year, the foundation support level for the library function for an area school is the foundation support level for the base year plus a library allowable growth amount. The allowable growth amount is determined by the department of education by multiplying the state percent of growth for the budget year by the state average library function cost for the base year for each area school. The department shall notify the department of management.

86 Acts, ch 1246, §153

286A.9 Area school moneys.

The difference between the amount of an area school’s budget and the sum of the amount of state general aid plus the amount raised by the tax levy under section 280A.17 may include tuition, student fees, revenues received from property tax levies other than the levy established in section 280A.17, federal moneys, and other moneys received by the area school.

86 Acts, ch 1246, §154

286A.10 Expenditures for base year.

When an area school determines its total expenditures, expenditures for the student services function, physical plant maintenance costs, physical plant utility costs, and costs per cost center for the base year beginning July 1, 1985 for purposes of determining state general aid under this chapter, the area school shall use the actual costs and expenditures for the first three quarters of the fiscal year and shall estimate the costs of the fourth quarter. When actual costs and
§286A.10

Expenditures are known, the department of education shall direct the department of management to adjust the support levels for the cost centers and noninstructional functions and the amount of state general aid to be paid for that budget year on the basis of the actual figures.

86 Acts, ch 1246, §154

286A.11  State general aid amount.

The amount of state general aid to which an area school is entitled for a budget year under this chapter is equal to the sum of the following:

1. An amount equal to the difference between the total of foundation support levels for the five instructional cost centers and the four noninstructional functions, and the amount raised by the tax levy under section 280A.17.

2. An amount for operation of a public radio station if one has been established for the area school and has been funded by the state. The amount is the amount for operation of the radio station for the base year plus an amount equal to the cost of operation for the base year multiplied by the state percent of growth for the budget year.

3. Fifty thousand dollars if the area school has fewer than one million contact hours. The department of education shall calculate the difference between the amount of state general aid each area school that has fewer than one million contact hours would receive if a foundation support level of seventy percent were used in lieu of the sixty-five percent specified in this chapter and the amount the area school would receive under this chapter. The area school shall receive that difference in lieu of the fifty thousand dollars granted under this subsection if the difference is greater than fifty thousand dollars.

86 Acts, ch 1246, §155

286A.12  Payment of appropriation.

Payment shall be made by the department of revenue and finance in four installments due on or about November 15, February 15, and May 15 of a budget year and on or about August 15 of the next following budget year, and installments shall be as nearly equal as possible, as determined by the department of revenue and finance, taking into consideration the relative budget and cash position of the state resources.

The payment made on or about August 15 of the next following budget year is an account receivable for the budget year.

86 Acts, ch 1246, §156

286A.13  Misrepresentation of required information.

An area school which misrepresents the cost for a cost center or its contact hours shall repay any excess funds received under this chapter.

86 Acts, ch 1246, §157

286A.14  Area school budget review.

1. An area school budget review procedure is established for the school budget review committee created in section 442.12. The school budget review committee, in addition to its duties under chapter 442, shall meet and hold hearings each year under this chapter to review unusual circumstances of area schools, either upon the committee's motion or upon the request of an area school. The committee may grant supplemental aid to the area school from funds appropriated to the department of education for area school budget review purposes, or an amount may be added to the area school allowable growth for all cost centers and area school allowable growth for noninstructional functions for the budget year either on a temporary or permanent basis, or both.

Unusual circumstances shall include but not be limited to the following:

a. An unusual increase or decrease in enrollment.

b. Natural disasters.

c. Unusual staffing problems.

d. Unusual necessity for additional funds to permit continuance of a course or program which provides substantial benefit to students.

e. Unusual need for a new course or program which will provide substantial benefit to students, if the area school establishes the need and the amount of necessary increased cost.

f. Unique problems of area schools to include vandalism, civil disobedience, and other costs incurred by area schools.

2. When the school budget review committee makes a decision under subsection 1, it shall provide written notice of its decision, including all changes, to the board of directors of the area school and to the department of management.

3. All decisions by the school budget review committee under this chapter shall be made in accordance with reasonable and uniform policies which shall be consistent with this chapter.

4. Failure by an area school to provide information or appear before the school budget review committee as requested for the accomplishment of review or hearing constitutes justification for the committee to instruct the department of revenue and finance to withhold state area school aid to that area school until the committee's inquiries are satisfied completely.

86 Acts, ch 1246, §158

286A.15  Information furnished by area school.

Each area school shall supply to the department of management and the department of education the information required for calculation of the amount of state area school aid due each area school under the state area school funding plan. Forms for reporting information to calculate the state area school aid for a budget year shall be supplied by the department of management to each area school.

86 Acts, ch 1246, §159

286A.16  Rules.

The department of education shall adopt rules and definitions of terms necessary for the administration of this chapter. The school budget review committee shall adopt rules under chapter 17A to carry out section 286A.14.

When the county board of supervisors has once offered for sale school lands held under section 302.1 in compliance with the requirements of this chapter, and they remain unsold, and it is unable to obtain the appraised value of the lands, and in the opinion of the board, it is for the best interests of the permanent school fund that the lands be sold for a less price, it may instruct the auditor to transmit to the secretary of state a certified copy of its proceedings in relation to the order of sale of the land and subsequent proceedings in relation to the sale, including the action of the township trustees, and the price per acre at which the land had been appraised. The secretary of state shall submit the transcript of the proceedings to the executive council; and if it approves of a sale at a less sum, it shall certify the approval to the auditor of the county from which the transcript came. 83 Acts, ch 108, §22

303.63 Trial to court.
If upon the hearing, which shall be tried de novo, it appears to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take evidence as it directs and report the evidence to the court with findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. 303A.8 Library compact authorized.

The library division of the department of cultural affairs is hereby authorized to enter into interstate library compacts on behalf of the state of Iowa with any state bordering on Iowa which legally joins therein in substantially the following form.

The contracting states agree that:

ARTICLE I — PURPOSE

Because the desire for the services provided by public libraries transcends governmental boundaries and can be provided most effectively by giving such services to communities of people regardless of jurisdictional lines, it is the policy of the states who are parties to this compact to co-operate and share their responsibilities in providing joint and co-operative library services in areas where the distribution of population makes the provision of library service on an interstate basis the most effective way to provide adequate and efficient services.

ARTICLE II — PROCEDURE

The appropriate state library officials and agencies having comparable powers with those of the Iowa library commission of the party states or any of their political subdivisions may, on behalf of said states or political subdivisions, enter into agreements for the co-operative or joint conduct of library services when they shall find that the executions of agreements to that end as provided herein will facilitate library services.

ARTICLE III — CONTENT

Any such agreement for the co-operative or joint establishment, operation or use of library services, facilities, personnel, equipment, materials or other items not excluded because of failure to enumerate shall, as among the parties of the agreement:

1. Detail the specific nature of the services, facilities, properties or personnel to which it is applicable;
2. Provide for the allocation of costs and other financial responsibilities;
3. Specify the respective rights, duties, obligations and liabilities;
4. Stipulate the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of said agreement.

ARTICLE IV — CONFLICT OF LAWS

Nothing in this compact or in any agreement entered into hereunder shall alter, or otherwise impair any obligation imposed on any public library by otherwise applicable laws, or be constituted to supersede.

ARTICLE V — ADMINISTRATOR

Each state shall designate a compact administrator with whom copies of all agreements to which the state or any subdivision thereof is party shall be filed. The administrator shall have such powers as may be conferred by the laws of the administrator's state and may consult and co-operate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact.

ARTICLE VI — EFFECTIVE DATE

This compact shall become operative when entered in by two or more entities having the powers enumerated herein.
ARTICLE VII — RENUNCIATION

This compact shall continue in force and remain binding upon each party state until six months after any such state has given notice of repeal by the legislature. Such withdrawal shall not be construed to relieve any party to an agreement authorized by Articles II and III of the compact from the obligation of that agreement prior to the end of its stipulated period of duration.

ARTICLE VIII — SEVERABILITY — CONSTRUCTION

The provisions of this compact shall be severable. It is intended that the provisions of this compact be reasonably and liberally construed.

303A.9 Administrator.

The administrator of the library division shall be the compact administrator. The compact administrator shall receive copies of all agreements entered into by the state or its political subdivisions and other states or political subdivisions; consult with, advise and aid such governmental units in the formulation of such agreements; make such recommendations to the governor, legislature, governmental agencies and units as the administrator deems desirable to effectuate the purposes of this compact and consult and co-operate with the compact administrators of other party states.

306.4 Jurisdiction of systems

The jurisdiction and control over the roads and streets of the state are vested as follows:

1. Jurisdiction and control over the primary roads shall be vested in the department.
2. Jurisdiction and control over the secondary roads shall be vested in the county board of supervisors of the respective counties.
3. Jurisdiction and control over the municipal street system shall be vested in the governing bodies of each municipality, except that the department and the municipal governing body shall exercise concurrent jurisdiction over the municipal extensions of primary roads in all municipalities. The parties exercising concurrent jurisdiction shall enter into agreements with each other as to the kind and type of construction, reconstruction, repair and maintenance and the division of costs thereof.
4. Jurisdiction and control over the roads and streets in any state park, state institution or other state land shall be vested in the board, commission, or agency in control of such park, institution, or other state land, except that:
   a. The department and the controlling agency shall have concurrent jurisdiction over any road which is an extension of a primary road and which both enters and exits from the state land at separate points. The department may expend the moneys available for such roads in the same manner as the department expends such funds on other roads over which the department exercises jurisdiction and control. The parties exercising concurrent jurisdiction may enter into agreements with each other as to the kind and type of construction, reconstruction, repair and maintenance and the division of costs thereof. In the absence of such agreement, the jurisdiction and control of such roads shall remain in the board of supervisors of the county.
   b. The board of supervisors of any county and the controlling state agency shall have concurrent jurisdiction over an extension of a secondary road which both enters and exits from a county park or other county conservation area at separate points. The board of supervisors of any county may expend moneys available for such roads in the same manner as the board expends such funds on other roads over which the board exercises jurisdiction and control. The parties exercising concurrent jurisdiction may enter into agreements with each other as to the kind and type of construction, reconstruction, repair and maintenance and the division of costs thereof. In the absence of such agreement, the jurisdiction and control of such roads shall remain in the board of supervisors of the county.

306.5 Continuity of systems in municipalities, parks and institutions.

The primary, trunk and trunk collector systems shall be continuous interconnected systems and provision shall be made for the continuity of such systems by the designation of extension within municipalities, state parks, state institutions, other state lands and county parks and conservation areas. The mileage of such extensions of these systems shall be included in the total mileage of a particular primary, trunk or trunk collector system and shall also be listed separately as an extension of such road system.

The department may reallocate mileage within the systems under its jurisdiction. The board of supervisors or the governing body of municipalities may alter the classification of roads under their jurisdiction with the approval of the functional classification board as provided in section 306.6.

306.6 Functional classification board.

1. A functional classification board shall be appointed for each county and shall operate under procedural rules promulgated by the department under the provisions of chapter 17A. Said board shall consist of three members to be appointed as follows: The department shall appoint one member from the staff of the department, the county board of supervisors shall appoint one member who shall be either the county engineer or one of its own members, and the third member shall be a municipal official from within the county who shall be appointed by a majority of the mayors of the cities of the county. The mayors shall meet at the call of the chairperson of the county board of supervisors who shall act as chairperson of the meeting without vote. In the event the mayors cannot agree to and appoint this member within thirty days after the call of the meeting by the chairperson, the two members...
§306.6 previously appointed shall select the third member. The board shall serve without additional compensation and shall:

a. Classify each segment of each rural public road and each municipal street in the county in accordance with the classifications found in section 306.1.

b. Establish continuity between the systems within the county and with the systems of adjacent counties.

c. File a copy of the proposed road classification in the office of county engineer for public information and hold a public hearing before final approval of any road classification action. Notice of the date, the time, and the place of such hearing, and the filing of such proposed road classification for public information shall be published in an official newspaper in general circulation throughout the affected area at least twenty days prior to the established date of the hearing.

d. Report the selected classifications to the department. The department shall review the reports of the county classification boards and may:

1. Alter the classification of roads coinciding with or crossing county lines to provide continuity of the various county systems.

2. Adjust the mileage of roads classified in the trunk and trunk collector systems to assure equitable distribution among the counties of the total mileage of such systems.

3. Any action authorized under subparagraphs (1) and (2) of this paragraph "d" shall not be taken by the department until the proposed action has been thoroughly discussed with the affected county classification boards and their comments heard.

2. A state functional classification review board is created, consisting of one state senator appointed by the majority leader of the senate, one state representative appointed by the speaker of the house of representatives, one supervisor appointed by the Iowa state association of county supervisors, one engineer appointed by the Iowa county engineers' association, two persons appointed by the league of Iowa municipalities, one of whom shall be a licensed professional engineer, and two persons appointed by the department, one of whom shall be a commissioner and the other a staff member. This board shall select a permanent chairperson from among its members by majority vote of the total membership. Except as otherwise provided, the members of the board shall serve without additional compensation to the salary and expenses authorized for the office or position held by the member. The supervisor appointed by the Iowa state association of county supervisors, the engineer appointed by the Iowa county engineers' association, and the two persons appointed by the league of Iowa municipalities shall be reimbursed for their actual and necessary expenses incurred in the performance of their official duties as members of the board from funds allocated under section 312.2, subsection 12. The legislative members shall be paid for their actual and necessary expenses and, when the general assembly is not in session, per diem as provided in sections 2.10 and 2.12. The department's members of the board shall be reimbursed for their actual and necessary expenses from the funds appropriated pursuant to section 313.5.

It shall be the responsibility of the state functional classification review board to hear any and all appeals from classification boards or board members, relative to disputes arising out of the functional classification of any segment of highway or street. It shall also be the responsibility of the board to establish the necessary guidelines, procedures, and the time limits to be followed in transferring jurisdiction in accordance with section 306.8. The state functional classification review board shall have the authority and the responsibility to make final administrative determinations based on sound functional classification principles for all disputes relative to functional classification including those disputes relative to the transfer of jurisdiction. The review board shall also serve, when requested jointly by state and local jurisdictions, as an advisory committee for review and adjustment of construction and maintenance guidelines used in updating road and street needs studies.

It is the intent of the general assembly that effective July 1, 1979 the functional reclassification of roads shall be implemented as provided by law.

§306.7 Functions changed or new roads added.

If the function of any road or street has been altered by new construction or by reconstruction or relocation, or if a new road or street has been constructed, the functional classification board shall reclassify said roads or streets within one year. If the functional classification board does not classify any road or street as provided herein, the department shall make the classification.

§306.8 Transfer of jurisdiction.

When a change of jurisdiction occurs as a result of the classification or reclassification of a road or street, the unit of government having jurisdiction shall, prior to such change of jurisdiction, either place the road or street and any structures on the road in good repair or provide for the transfer of money to the appropriate jurisdiction sufficient for the repairs to the road or street and any structures on the road.

Transfers of the jurisdiction and control of roads and streets may take place if agreements are entered into between the jurisdictions of government involved in the transfer of such roads and streets.

§306.9 Diagonal roads — restoring existing roads.

It is declared to be the policy of the state of Iowa that relocation of primary highways through cultivated land shall be avoided to the maximum extent possible. Whenever the volume of traffic for which the road is designed or other conditions require such relocation, diagonal routes shall be avoided wherever feasible and prudent alternatives exist.

It is further declared that improvement of two-lane roads shall utilize the existing right of way unless alignment or other conditions make changes imperative, and when any two-lane road is expanded to a four-lane road, the normal procedure would be that the additional right of way would be contiguous to the existing right of way unless relocated for compelling reasons.
reasons. This policy shall not apply to any highway project for which the corridor has been approved by the state department of transportation and which corridor has been finalized by September 1, 1977.

It is further declared to be the policy of the state of Iowa that on construction of roads classified as freeway expressway and which are designed with four-lane divided roadways, access controls shall be limited to the minimum level necessary to comply with federal aid requirements.

Unless otherwise required by the federal law or regulation, it is also the policy of this state that road use tax fund moneys shall be used to rehabilitate or reconstruct existing roads, streets, and bridges using substantially existing right of way. This paragraph shall not apply where additional right of way is needed for the construction or completion of designated interstate or city routes and highway bypasses.

[§306.17 Appeal.]

Notwithstanding the terms of the Iowa administration, thereon in either or any of the counties where such road, or part thereof, is located, at least twenty days prior to the date of hearing, the location of the particular road, or part thereof, or crossing, the vacation and closing of which is to be considered, and such other data as may be deemed pertinent.

306.14 Objections — claims for damages.

At such hearing, the department, the board of supervisors, or the agency in control of affected state lands, as the case may be, and any interested person, may appear and object and be heard. Any person owning land abutting on a road which it is proposed to vacate and close, shall have the right to file, in writing, a claim for damages at any time on or before the date fixed for hearing.

306.15 Purchase and sale of property.

If as to any one or more properties affected by the proposed vacation and closing of a secondary road, it appears to the board of supervisors to be in the interest of economy or public welfare, the board may purchase or condemn, by proceeding as this chapter provides, the entire properties, and make payment for them. After the road has been vacated and closed the board shall sell the properties at the best attainable price.

After the hearing, the agency which instituted the proceedings and conducted the hearing shall enter an order either dismissing the proceedings, or vacating and closing the road, part thereof, or crossing, in which event it shall determine and state in the order the amount of the damages allowed to each claimant. The order thus entered shall be final except as to the amount of the damages unless the order is rescinded as provided in section 306 17. A copy of the order shall be filed with the county auditor of the county in which the road, part thereof, or crossing, is located and with the department and the agency in control of any affected state land.

Notwithstanding the terms of the Iowa administra-

tive procedure Act, any claimant for damages may, by 
serving, within twenty days after the order has been 
issuance of a written notice upon the agency which insti­
tuted and conducted the proceedings, appeal as to the 
amount of damages, to the district court of the county 
in which the land is located, in the manner and form 
prescribed in chapter 472 with reference to appeals 
from condemnation, and the proceedings shall there 
after conform to the applicable provisions of that 
chapter. If, in the opinion of the agency, the damages 
as finally determined on appeal are excessive, the 
agency may rescind its order vacating and closing the 
road, part thereof, or crossing, and the right of way 
shall remain under the jurisdiction of the agency. If the 
order is rescinded at any time after an appeal is taken, 
the agency shall pay reasonable attorney fees incurred 
by the claimant as taxed by the court.

306.19 Purchase or condemnation of right of way — 
procedure — closing driveway — alternative access.

1 In the maintenance, relocation, establishment, 
or improvement of any road, including the extension 
of such road within cities, the agency having jurisdicti­
ion and control of such road shall have authority to 
purchase or to institute and maintain proceedings for 
the condemnation of the necessary right of way ther­

chase or institute and maintain proceedings for the 
condemnation of land necessary for highway drainage, 
or land containing gravel or other suitable material for 
the improvement of maintenance of highways, togeth­

thereto.

2 Whenever the agency condemns or purchases 
property access rights or alters by lengthening any 
existing driveway to a road from abutting property, 
except during the time required for construction and 
maintenance of the road or highway, the agency shall

a Compensate the owner for any diminution in 
the market value of the property by the denial or alter­
ation by lengthening the driveway, however, in com­
puting such diminution in value no consideration shall 
be given to the additional maintenance expense for 
maintaining the additional length of driveway, but in 
lieu thereof, both in condemnation proceedings or nego­
tiated purchases, the agency shall pay to the owner 
the sum of five dollars for every linear foot of addition 
length of driveway located on said owner's property. 
This payment shall represent just compensation to 
said property owner for the additional driveway main­
tenance caused by reason of the highway or road project

b If in the opinion of the agency it would be more 
economical to purchase the entire tract of the property 
owner than to provide and pay the maintenance ex­
pense required under the provisions of this section, 
proceed with the acquisition of the entire tract of land, 
or

c If mutually agreeable, move buildings from an 
existing location to a location requiring an equal or 
lesser length of driveway and provide an adequate 
driveway to a public road.

3 None of the foregoing requirements shall pro­
hibit the property owner and the agency from entering 
into a mutually acceptable agreement for the replace­
ment, relocation, construction, or maintenance of any 
alternate driveway on the owner's property.

4 Compensation for any property rights taken in 
the establishment of any alternative temporary or per­
manent access shall be paid as in any other purchase 
or condemnation of property. Proceedings for the con­
demnation of land for any highway shall be under the 
provisions of chapter 471 and chapter 472. Provided 
that, in the condemnation of right of way for second 
ary roads, the board of supervisors may proceed as 
provided in sections 306 28 to 306 37.

5 For the purposes of this section, the term “drive­
way” shall mean a way of ingress and egress located 
etirely on private property, consisting of a lane or 
passageway leading from a residence to a public road­
way or highway.

306.22 Sale of unused right of way.

When title to any tract of land has been or may be acquired for the construction or improvement of any highway, and when in the judgment of the agency in control of the highway, the tract will not be used in connection with or for the improvement, maintenance, or use of the highway, the agency in control of the highway may sell the tract for cash.

The department may contract for the sale of any tract of land subject to the following terms and conditions:

1. The discounted present market value of the contract offer, including the cash down payment, shall exceed one hundred ten percent of the highest cash offer submitted for the tract if a cash offer is received. The discount rate shall be the rate of interest stated in the contract.

2. The cash down payment shall be equal to or in excess of five percent of the total purchase price.

3. The term of the contract shall not exceed ten years.

4. The rate of interest stated in the contract shall not be less than the prevailing rate of interest charged on contract land sales by sellers in the county or general area in which the tract of land is located.

5. The department shall advertise for cash bids and contract offers before accepting a contract offer.

6. The appraised value of property sold under a land contract sale shall be at least five thousand dollars.

It shall be the duty of the contract purchaser to discharge and pay all taxes.

If any tract of land is sold, the sale shall be subject to the right of a utility association, company, or corporation to continue in possession of a right of way in use at the time of the sale.

306.23 Notice — preference of sale.

For the sale of unused right of way, except right of way under the jurisdiction of a county, notice of intention to sell the tract, parcel, or piece of land, or part thereof, must, not less than ten days prior to the sale, be sent by certified mail, by the agency in control of the land, to the last known address of the present owner of adjacent land from which the tract, parcel, piece of land, or part thereof, was originally bought or condemned for highway purposes, and if located in a city, to the mayor. The notice shall give an opportunity to the present owner of adjacent property to be heard and make offers for the tract, parcel, or piece of land to be sold, and if the offer is equal to or exceeds in amount any other offer received, it shall be given preference by the agency in control of the land. Neglect or failure for any reason, to comply with the notice, shall in no way prevent the giving of a clear title to the purchaser of the tract, parcel, or piece of land. 306.34 Hearing on claims for damages.

When objections to the proposed change are overruled, the board shall proceed to determine the damages to be awarded to each claimant. If the damages finally awarded are, in the opinion of the board, excessive, the proceedings shall be dismissed; if not excessive, the board may, by proper order, establish such proposed change.

Acceptance of the amount of such tender bars an appeal. Should possession of the condemned premises be taken pending appeal and the final award be not paid, the county shall be liable for all damages caused during such possession.

306.38 Rental of acquired property pending use.

In the event that land acquired for improvement of any highway is not immediately needed for such improvement, the agency in control of said highway may rent such land or buildings thereon to responsible persons for a cash rental consistent with the fair market value of similar property. The said agency may employ a local real estate firm for management and collection of rentals or may do so directly through its own personnel. The commission or service charge of such real estate company shall be paid out of such rentals.

306.39 Flooding highways — federal water resources projects.

The agency which has control and jurisdiction over any highway or highway system which may be affected by a federal water resources project may grant, sell, exchange, or convey to the United States of America, the perpetual right, power, privilege and easement to overflow, flood, and submerge all of the portion of easements for highway purposes under the control and jurisdiction of such agency.

Where such easement is conveyed in connection with any secondary road, written conveyances containing the provisions prescribed by the board of supervisors shall be made in the name of the county and signed by the chairperson of the board and the county auditor.

306.41 Temporary closing for construction.

The agency having jurisdiction and control over any highway in the state, or the chief engineer of said agency when delegated by such agency, may temporarily close sections of a highway by formal resolution entered upon the minutes of such agency when reasonably necessary because of construction, reconstruction, maintenance or natural disaster and shall cause to be erected "road closed" signs and partial or total barricades in the roadway at each end of the closed highway section and on the closed highway where that highway is intersected by other highways if such intersection remains open. Any numbered road closed for over forty-eight hours shall have a designated detour route. The agency having jurisdiction over a section of highway closed in accordance with the provisions of this section, or the persons or contractors employed to carry out the construction, reconstruction, or maintenance of the closed section of highway, shall not be liable for any damages to any vehicle that enters the closed highway section or the contents of such vehicle or for any injuries to any person that enters the closed section of highway, unless the damages are caused by gross negligence of the agency or contractor.

Nothing herein shall be construed to prohibit or deny any person from gaining lawful access to the person's property or residence, nor shall it change or limit liability to such persons.

306.42 Transfer of rights of way.

1. This section is intended to vest all documents of title in road right of way in the jurisdiction responsible for the road. This section establishes a simple method to transfer road rights of way by quit claim deed and to authorize the use of available descriptions, plats, maps or engineering drawings to effect such transfers and to provide an orderly method by which such transfers may be filed, indexed and recorded.
2. The department shall transfer by quitclaim deed to the county or to the city having jurisdiction over a road, all of the state's legal or equitable title and interest in right of way for the road or street and may transfer any adjacent unused right of way or land in excess of that needed as right of way. The deed shall be executed by the director of the department. However, if the department owns any adjacent unused right of way in excess of that needed as right of way which is located outside the incorporated limits of a city and is suitable for purposes specified in section 111A.4, subsection 2, the department may, at the request of the county and the county conservation board, transfer the property by quitclaim deed to the county for the use and benefit of the county conservation board.

3. The county or the city shall transfer by quitclaim deed to the state department of transportation when having jurisdiction over a road, all of the county's or the city's legal or equitable title and interest in rights of way for the road and may transfer any adjacent unused right of way or land in excess of that needed as right of way. The deed shall be executed by the chairperson of the board of supervisors by order of the board for county roads and by the mayor or city manager by order of the city council for city streets.

4. Transfers under this section shall be subject to the right of a utility, association, company or corporation to continue in possession of a right of way in use at the time of the transfer. Transfers shall be subject to rights of ingress and egress whether excepted, reserved or granted by the transferring authority to land or to owners of land adjacent to the right of way. Transfers shall include an index of parcels transferred by the character of the instrument or proceeding, the grantor and grantee, and date of the last instrument or proceeding acquiring rights to each parcel. Transfers shall locate the right of way by quarter-quarter section, township and range or if so acquired, by lot, block and subdivision. The transferring jurisdiction shall transmit to the receiving jurisdiction all available original documents of title or a certified true copy if the right of way was acquired by condemnation or the original deed is lost. Transfers shall be recorded and indexed in the county in which the land is located.

5. Notwithstanding requirements of chapter 114 and sections 306.22, 364.7, 409.12, 409.14 and 471.20, legal descriptions, plats, maps or engineering drawings used to describe transfers of right of way shall, where available, be descriptions, plats, maps or engineering drawings of record and shall be incorporated by reference to such title instrument or proceedings. Where a part but not all of the land acquired by a single conveyance or condemnation is being transferred, the description of that part to be transferred shall be abstracted from the present legal description, plat, map or engineering drawing of record.

306.50 Construction program notice.

The appropriate highway authority shall provide copies of its annual construction program to the soil conservation district commissioners' office in each county. The soil conservation district commissioners' office shall review the construction program submitted by each highway authority to determine those projects which may impact upon soil erosion and water diversion or retention. 85 Acts, ch 106, §2

306.51 Soil erosion impact.

The soil conservation district commissioners shall, within thirty days after receipt of the construction program, notify the appropriate highway authority of the projects which will impact upon soil erosion and water drainage and request that the appropriate highway authority notify them of the date, time, and place for holding the design hearing on preliminary plans. 85 Acts, ch 106, §3

306.52 Review of plans.

Upon examining the preliminary plans on a road project, the soil conservation district commissioners may review each road project for which a drainage structure is required. The soil conservation commissioners shall ascertain whether or not the proposed erosion control or runoff control structure is suitable to reduce the velocity of runoff, reduce gully erosion, or provide for sedimentation or other improvement that would enhance soil conservation. The soil conservation commissioners shall also ascertain whether any other aspect of the road construction will affect soil conservation. 85 Acts, ch 106, §4
306.53 Submission of recommendations — contribution to cost.

The soil conservation district commissioners shall submit their findings and recommendations to the appropriate highway authority not later than twenty days following examination of the construction plans.

The appropriate highway authority shall respond to the soil conservation district commissioners and indicate its agreement to the suggested installation or its rejection of the proposal.

Where feasible and cost-sharing funds are available, the soil conservation district may contribute in part or in its entirety to any additional cost for the erosion control structure.

85 Acts, ch 106, §5 306.54 Reporting.

If the proposal is rejected, the appropriate highway authority shall provide a written report documenting the reason for the rejection to the soil conservation district commissioners and the state department of transportation. The state department of transportation shall submit a written report to the general assembly not later than March 1 of each year. The report shall contain only a list of those highway projects where a disagreement exists between the department and the soil conservation district commissioners and the reasons for rejecting the recommendations of the soil conservation district commissioners. The report shall be filed with the secretary of the senate and the chief clerk of the house of representatives.

CHAPTER 306A

CONTROLLED-ACCESS HIGHWAYS

306A.1 Declaration of policy.

The legislature hereby finds, determines, and declares that this chapter is necessary for the immediate preservation of the public peace, health, and safety, and for the promotion of the general welfare.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.1]

306A.2 Definition of a controlled-access facility.

For the purposes of this chapter, a controlled-access facility is defined as a highway or street especially designed for through traffic, and over, from or to which owners or occupants of abutting land or other persons have no right or easement or only a controlled right or easement of access, light, air, or view by reason of the fact that their property abuts upon such controlled-access facility or for any other reason. Such highways or streets may be freeways open to use by all customary forms of street and highway traffic or they may be parkways from which trucks, buses, and other commercial vehicles shall be excluded.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.2]

306A.3 Authority to establish controlled-access facilities.

Cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306, acting alone or in co-operation with each other or with any federal, state, or local agency or any other state having authority to participate in the construction and maintenance of highways, are hereby authorized to plan, designate, establish, regulate, vacate, alter, improve, maintain, and provide controlled-access facilities for public use wherever such authority or authorities are of the opinion that traffic conditions, present or future, will justify such special facilities; provided, that within cities such authority shall be subject to such municipal consent as may be provided by law. Said cities and highway authorities, in addition to the specific powers granted in this chapter, shall also have and may exercise, relative to controlled-access facilities, any and all additional authority now or hereafter vested in them relative to highways or streets within their respective jurisdictions. Said cities and highway authorities may regu-
late, restrict, or prohibit the use of such controlled-access facilities by the various classes of vehicles or traffic in a manner consistent with section 306A.2. [C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.3]

306A.4 Design of controlled-access facility.
Cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306, are authorized to so design any controlled-access facility and to so regulate, restrict, or prohibit access as to best serve the traffic for which such facility is intended. In this connection such cities and highway authorities are authorized to divide and separate any controlled-access facility into separate roadways by the construction of raised curbs, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, stripes, and other devices. No person shall have any right of ingress or egress to, from, or across controlled-access facilities to or from abutting lands, except at such designated points at which access may be permitted, upon such terms and conditions as may be specified from time to time. [C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.4]

306A.5 Acquisition of property and property rights.
For the purposes of this chapter, cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306 may acquire private or public property rights for controlled-access facilities and service roads, including rights of access, air, view, and light, by gift, devise, purchase, or condemnation in the same manner as such units are now or hereafter may be authorized by law to acquire such property or property rights in connection with highways and streets within their respective jurisdictions. All property rights acquired under the provisions of this chapter shall be in fee simple. In connection with the acquisition of property or property rights for any controlled-access facility or portion thereof, or service road in connection therewith, the said cities and highway authorities, in their discretion, acquire an entire lot, block, or tract of land, if, by so doing, the interests of the public will be best served, even though said entire lot, block, or tract is not immediately needed for the right of way proper. No access rights to any highway shall be acquired by any authority having jurisdiction and control over the highways of this state by adverse possession or prescriptive right. No action heretofore or hereafter taken by any such authority shall form the basis for any claim of adverse possession of, or prescriptive right to any access rights by any such authority. [C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.5]

306A.6 New and existing facilities — grade-crossing eliminations.
Cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306 may designate and establish an existing street or highway as included within a controlled-access facility. The state or any of its subdivisions shall have authority to provide for the elimination of intersections at grade of controlled-access facilities with existing state and county roads, and city or village streets, by grade separation or service road, or by closing off such roads and streets at the right of way boundary line of such controlled-access facility, the provisions of sections 306.11 to 306.17 shall apply and govern the procedure for the closing of such road or street and the method of ascertaining damages sustained by any person as a consequence of such closing, provided, however, that the highway authority desiring the closing of such road or street shall conduct the hearing and carry out the procedure therefor and pay any damages, including any allowed on appeal, as a consequence thereof, any law to the contrary notwithstanding, and after the establishment of any controlled-access facility, no highway or street which is not part of said facility shall intersect the same at grade. No city or village street, county or state highway, or other public way shall be opened into or connected with any such controlled-access facility without the consent and previous approval of the highway authorities in the state, county, city or village having jurisdiction over such controlled-access facility. Such consent and approval shall be given only if the public interest shall be served thereby. [C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.6]

306A.7 Authority of local units to consent.
Cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306 are authorized to enter into agreements with each other, or with the federal government, respecting the financing, planning, establishment, improvement, maintenance, use, regulation, or vacation of controlled-access facilities or other public ways in their respective jurisdictions, to facilitate the purposes of this chapter. [C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.7]

306A.8 Local service roads.
In connection with the development of any controlled-access facility cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306, are authorized to plan, designate, establish, use, regulate, alter, improve, maintain, and vacate local service roads and streets or to designate as local service roads and streets any existing road or street, and to exercise jurisdiction over service roads in the same manner as is authorized over controlled-access facilities under the terms of this chapter, if, in their opinion, such local service roads and streets are necessary or desirable. Such local service roads or streets shall be of appropriate design, and shall be separated from the controlled-access facility proper by means of all devices designated as necessary or desirable by the proper authority. [C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.8]

RELOCATION OF UTILITY FACILITIES

306A.10 Notice to relocate — costs paid.
Whenever the state department of transportation, city or county determines that relocation or removal of any utility facility now located in, over, along, or under any highway or street, is necessitated by the construction of a project on routes of the national
system of interstate and defense highways including
extensions within cities or on streets or highways re­sulting from interstate substitutions in a qualified
metropolitan area under title 23, U.S.C., the utility
owning or operating the facility shall relocate or re­move the same in accordance with statutory notice.
The costs of relocation or removal, including the costs
of installation in a new location, shall be ascertained
by the authority having jurisdiction over the project or
as determined in condemnation proceedings for such
purposes and may be paid from participating federal
aid or other funds.

83 Acts, ch 198, §15

306A.11 What costs included.
Cost of relocation or removal shall include the entire
amount paid by such utility properly attributable to
such relocation or removal except the cost of land or
any rights or interest in land, after deducting there­from any increase in the value of the new facility and
any salvage value derived from the old facility.
[C62, 66, 71, 73, 75, 77, 79, 81, §306A.11]

306A.12 Limitation on reimbursement.

funds to be provided by federal aid amount to at least
eighty-five percent of each reimbursement payment.

municipally or co-operatively owned systems for
supplying water, sewer, electric lights, street lights and
traffic lights, gas, power, telegraph, telephone, transit,
pipeline, heating plants, railroads and bridges, or the
like service to the public or any part thereof if such
system be authorized by law to use the streets or high­ways for the location of its facilities.

ferrous or nonferrous material.
2. "Junkyard" means an establishment or place of
business which is maintained, operated, or used pri-
marily for storing, keeping, buying, or selling junk; and
the term includes garbage dumps, sanitary fills, and
automobile graveyards.
3. "Interstate highway" includes "interstate road"
and "interstate system" and means any highway of the
primary system at any time officially designated as a
part of the national system of interstate and defense
highways by the department and approved by the ap-
propriate authority of the federal government.
4. "Primary highway" means the federal aid pri-
mary system.

transportation.
[C73, 75, 77, 79, 81, §306C.1]

306C.2 Junkyards prohibited — exceptions.
A person shall not establish, operate, or maintain a
junkyard, any portion of which is within one thousand
feet of the nearest edge of the right of way of any
interstate or primary highway, except:
1. Those which are screened by natural objects,
plantings, fences, or other appropriate means obscur-
ing them from view from the main-traveled portion of
the highway.
2. Those located within areas which are zoned for
industrial use under authority of law.
3. Those located within unzoned industrial areas
which areas shall be determined from actual land uses
and defined by regulations to be promulgated by the
department under the provisions of chapter 17A in
accordance with the standards, criteria, and rules and
regulations promulgated under authority of Title 23,
United States Code.
4. Those which are not visible from the main-trav-
eled portion of the highway.
[C73, 75, 77, 79, 81, §306C.2]

306C.3 Junkyards lawfully in existence.
Any junkyard located outside a zoned or unzoned
industrial area lawfully in existence on July 1, 1972,
which is within one thousand feet of the nearest edge
of the right of way and visible from the main-traveled
portion of any highway on the interstate or primary
system shall be screened, if feasible, by the department
or the owner under rules and direction of the depart-
ment, at locations on the highway right of way or in
areas acquired for such purposes outside the right of
way in order to obscure the junkyard from the main-
traveled way of such highways.

When the department determines that it is in the best interests of the state, it may acquire by gift, purchase, exchange, or condemnation, as provided by law, such property or rights or interests in property as may be necessary to provide adequate screening for junkyards. When the department determines that the topography of the land adjoining the highway will not permit adequate screening, or screening would not be economically feasible, the department may acquire such property or rights or interests in property as may be necessary to secure the relocation, removal, or disposal of the junkyard, and shall pay the cost of such relocation, removal, or disposal, with federal participation. However, no plan for relocation, removal, or disposal which qualifies for federal participation shall be undertaken unless the department has received notification from the federal government that the federal share to be paid is immediately available for that purpose.

[C73, 75, 77, 79, 81, §306C 6]

§306C.7 Interpretation.
Nothing in this chapter shall be construed to abrogate or affect the provisions of any lawful ordinance, regulation, or resolution, which are more restrictive than the provisions of this division.

[C73, 75, 77, 79, 81, §306C 7]

Any advertising device permitted beyond an adjacent area in unincorporated areas of the state shall be subject to the applicable permit provisions of section 306C.18.

[C73, 75, 77, 79, 81, §306C.12]

§306C.13 Control by department of transportation.

The department shall control the erection and maintenance of advertising devices authorized by section 306C.11, subsection 3, in accord with the following criteria, except that in the case of bonus interstate highways the department shall maintain the controls required under chapter 306B or the controls required by this division, whichever controls are stricter:

1. Advertising devices located within the adjacent area of interstate highways and freeway primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than five hundred feet outside of cities, and within two hundred fifty feet if inside of cities. An advertising device may not be located within two hundred fifty feet of an interchange, or rest area. The measurement shall be from the nearest widening constructed for the purpose of acceleration or deceleration of traffic movement or to from the main-traveled way to the advertising device.

2. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than one hundred feet if outside the corporate limits of a municipality. No advertising device, other than as excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by a line connecting two points each fifty feet back from the point where the street right-of-way lines of the main-traveled way and the intersecting street meet, or would meet, if extended.

3. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than three hundred feet if outside the corporate limits of a municipality. No advertising device, other than those excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by a line connecting two points each one hundred feet back from the point where the street right-of-way lines of the main-traveled way and the intersecting street meet, or would meet, if extended.

4. The distance spacing measurements fixed by subsections 2 and 3 of this section shall not apply to advertising devices which are separated by a building in such a manner that only one advertising device is located within the minimum spacing distance as visible from a highway at any one time.

5. Within a triangular area, as defined by subsections 2 and 3 of this section, occupied by a building or structure, no advertising device shall be erected or maintained closer to the intersection than the building or structure itself, except that a wall advertising device may be attached to said building or structure not to protrude more than twelve inches.

6. Official and directional signs and notices and advertising devices concerning the sale or lease of the property or activities conducted upon the property as specified in Title 23, section 131, subsection "c" of the United States Code, shall not be taken into consideration in determining compliance with spacing requirements.

7. The minimum distance between two advertising devices facing the same direction shall apply without regard to the side of the highway on which the advertising devices may be located and shall be measured along the center line of the highway between points directly opposite the advertising devices.

8. Advertising devices shall not be erected, maintained, or illuminated:

a. In a manner to obscure or otherwise physically interfere with an official traffic sign, signal, or device, or to obstruct or physically interfere with any driver's view of approaching, merging, or intersecting traffic.

b. Unless effectively shielded to prevent light from being directed at any portion of the traveled highway with such intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle.

c. Which contain, include, or are illuminated by any flashing, intermittent, or moving light or lights, except those giving public service information such as, but not limited to time, date, temperature, weather, news and similar information.

d. Which imitate or resemble an official sign or signal or device or which are erected or maintained within or closer than three hundred feet from scenic areas, as defined and determined by the department, or which are located or maintained upon trees, or painted or drawn upon rocks or natural features, or which are structurally unsafe or in substantial disrepair.

e. Which exceed one thousand two hundred square feet in area or in the case of a back-to-back or V-type advertising device, with a maximum of two facings per advertising device, seven hundred fifty square feet in area, including border and trim but excluding base and appurtenant support, and other structural members.

f. Which do not comply with all applicable state or local laws, regulations and ordinances, including but not limited to zoning, building, and sign codes as locally interpreted and applied and enforced, or which violate chapter 319; however, nothing in this division
shall prevent or restrict county or local zoning authorities from making a determination of customary use concerning size, lighting, and spacing of advertising devices in zoned commercial or industrial adjacent areas, and such determinations will be accepted in lieu of the standards of this division. The provisions of this division shall not prevent or restrict county or local zoning authorities within their respective jurisdictions from establishing standards imposing controls stricter than those required by this division.

The standards contained in this section pertaining to size, lighting, and spacing shall not apply to advertising devices erected or maintained within six hundred sixty feet of the right of way of those portions of the interstate highway system exempted from control under chapter 306B by authority of section 306B 2, subsection 5, nor to advertising devices erected and maintained within adjacent areas along primary highways within zoned and unzoned commercial and industrial areas, unless said advertising devices were erected subsequent to July 1, 1972.

§306C.14 Existing signs — six-year limit.

Any advertising device lawfully erected in existence in an adjacent area on July 1, 1972, which does not conform with the provisions of this division, shall be required to be brought into conformity or removed within six years after July 1, 1972. Any advertising device lawfully erected after said date which subsequently becomes nonconforming, shall be required to be brought into conformity or removed within five years after the date the nonconformity occurs. However, no advertising device shall be acquired or be required to be removed pursuant to this division unless the department has received notification from the federal government that the federal share of "just compensation" to be paid is immediately available to contribute to the cost of acquisition or removal, this requirement shall not apply to the acquisition or removal of advertising devices for which no federal share is payable.

§306C.15 Acquisition of signs.

The department shall acquire by purchase, gift, or condemnation, and shall pay "just compensation" upon the removal of any of the following advertising devices which are not in conformity with the provisions of this division:

1 Advertising devices lawfully in existence on July 1, 1972.

2 Advertising devices lawfully in existence on land adjoining any highway made an interstate, freeway primary, or primary highway after July 1, 1972.

3 Advertising devices lawfully erected on or after July 1, 1972, but which subsequently become nonconforming.

4 Any advertising device erected on the mistaken or negligent advice of any official or employee of the state of Iowa as to the interpretation, effect, or operation of this division, chapter 306B, or rules promulgated by the department.

§306C.16 Compensation.

Compensation required by section 306C 15 shall be paid for the following:

1 The taking from the owner of such advertising device of all right, title, leasehold, and interest in such advertising device.

2 The taking from the owner of real property on which an advertising device is located, of the right to erect and maintain such advertising devices upon that real property.

[C73, 75, 77, 79, 81, §306C 16]

§306C.17 Condemnation.

The provisions of chapters 471 and 472 shall be applicable to any such condemnation commenced pursuant to this division, and the department may take immediate possession of and remove such advertising devices under the procedures of section 472 25.

[C73, 77, 79, 81, §306C 17]

§306C.18 Permit required.

The owner of every advertising device regulated by the provisions of this chapter, except signs and advertising devices excepted by section 306C 11, subsections 1, 2 and 5, shall be required to make application to the department for a permit.

The application for a permit shall be on a form provided by the department and shall contain the name and address of the owner of the advertising device and the name and address of the owner of the real property on which it is located, the date of its erection, a description of its location, its dimensions, and such other information required by the department, together with a permit fee as provided in this section.

After July 1, 1972, no new advertising device for which an application for a permit is required may be erected without first obtaining a permit from the department, except in the case of advertising devices lawfully in existence in areas adjacent to any highway made an interstate, freeway primary, or primary highway after July 1, 1972. The owner shall be required to make application for a permit as provided for in this section within thirty days after the date the said highway acquired said designation.

Upon receipt of an application containing all the required information in due form and properly executed together with the fee required, the department shall issue a permit to be affixed to the advertising device if the advertising device will not violate any provision of this division or chapter 306B, or any rule promulgated by the department, provided that in the case of advertising devices to be acquired pursuant to section 306C 15, a provisional permit shall be issued.

The fee for both types of permits shall be twenty-five dollars for the initial fee and five dollars for each annual renewal. The fees collected for the above permits shall be credited to a special account entitled the "highway beautification fund" and all salaries and expenses incurred in administrating this chapter shall be paid from this fund or from specific appropriations for this purpose, except that surveillance of, and removal of, advertising devices performed by regular maintenance personnel are not to be charged against the account.

[C73, 75, 77, 79, 81, §306C 18]

§306C.19 Removal after notice.

Any advertising device erected or maintained after July 1, 1972 in violation of this division or the rules...
promulgated by the department, is a public nuisance and may be removed by the department upon thirty days' notice, by certified mail, to the owner of the advertising device and to the owner of the land on which the advertising device is located. The notice shall require such owners to remove the advertising device if it is prohibited, or to cause it to conform to this division or rules promulgated by the department if it is not prohibited.

1. If the owner of the advertising device or the landowner fails to act within thirty days as required in the notice, the advertising device shall be deemed to be forfeited and the department may enter upon the land and remove the advertising device. Such entry after notice, shall not be deemed a trespass and the department may be aided by injunction to abate the nuisance and to insure peaceful entry.

2. The cost of removal, including fees, costs and expenses which arise out of an action brought by the department to insure peaceful entry and removal, may be assessed against the owner of the advertising device. If the owner of the advertising device fails to pay the fees, costs, or expenses within thirty days after assessment, the department may commence an action to collect the fees, costs, or expenses, which when collected shall be paid into the "highway beautification fund".

The department may accept funds from whatever source, including any allotment of funds by the United States, or any of its departments or agencies, appropriated to carry out the purposes of Title 23, section 131 of the United States Code. The department shall take such steps as may be necessary to obtain from the United States or any of its departments or agencies, funds allotted and appropriated for the purpose of paying the federal share of just compensation to be paid to advertising device owners and owners of the real property under the terms of this chapter and Title 23, section 131, paragraph "g" of the United States Code. 306C.21 Information centers.

The department may establish or enter into agreements with private persons, firms, or corporations for the establishment of information centers in rest areas on the interstate, freeway primary, and primary highways, subject to the approval of the appropriate authority of the federal government.

[C73, 75, 77, 79, 81, §306C.21]

306C.22 Political signs.

It shall be lawful to place political signs on private property with permission of the owner or person in charge of the property at any time during the period beginning forty-five days before the date of the election to which the signs pertain and ending on the day of the election, even if such placement would otherwise be a violation of this chapter. This section shall not be construed to authorize placement of any political sign at any location where it may, because of its size, location, content or coloring constitute a traffic hazard or a detriment to traffic safety by obstructing the vision of drivers, by detracting from the visibility of any traffic-control device or by being confused with an authorized traffic-control device. The exemption from provisions of this chapter granted by this section for political signs shall expire on the seventh day following the date of the election to which the signs pertain. A municipal corporation shall adopt no ordinance which prohibits the placement of political signs on private property as permitted by this section during the period beginning twenty-one days before the date of the election to which the signs pertain, nor requires removal of the political signs so placed less than seven days after the date of that election.

306C.23 Special event signs.

It is lawful to place a special event sign on private property with permission of the owner or person in charge of the property at any time during the period beginning thirty days prior to the date of the special event to which the sign pertains and ending on the day of the special event. Special event signs shall be removed not later than twenty-four hours following the end of the special event. This section does not authorize placement of a special event sign at a location where it may, because of its size, location, content, coloring or lighting, constitute a traffic hazard or a detriment to traffic safety by obstructing the vision of drivers, by detracting from the visibility of a traffic-control device or by being confused with an authorized traffic-control device.

Any state park road which is an extension of either a primary or secondary highway which both enters and exits from a state park at separate points
shall be constructed, reconstructed, improved and maintained as provided in section 306.4. Funds allocated from the road use tax fund for the purposes of this subsection shall be apportioned in the ratio that the needs of the state institution roads and bridges, park roads and bridges or area school roads and bridges bear to the total needs of these facilities based upon the most recent quadrennial park and institution need study. The commission shall conduct a study of the road and bridge facilities in state parks, state institutions, state fairgrounds and on area school property. The study shall evaluate the construction and maintenance needs and projected needs based upon estimated growth for each type of facility to provide a quadrennially updated standard upon which to allocate funds appropriated for the purposes of this subsection.

12. Prepare, adopt and cause to be published a long-range program for the primary road system, in conjunction with the state transportation plan adopted by the commission. Such program shall be prepared for a period of at least five years and shall be revised, brought up to date and republished at least once every year in order to have a continuing five-year program. The program shall include, insofar as such estimates can be made, an estimate of the money expected to become available during the period covered by the program and a statement of the construction, maintenance, and other work planned to be performed during such period. The commission shall conduct periodic reinspections of the primary roads in order to revise, from time to time, its estimates of future needs to conform to the physical and service conditions of the primary roads. The commission shall annually cause to be published a sufficiency rating report showing the relative conditions of the primary roads. Before the last day of December of each year, the commission shall adopt and cause to be published from its long-range program, a plan of improvements to be accomplished during the next calendar year. This annual program shall list definite projects in order of urgency and shall include a reasonable year's work with the funds estimated to be available. The annual program shall be final and followed by the commission in the next year except that deviations may be made in case of disaster or other unforeseen emergencies or difficulties. The relative urgency of the proposed improvements shall be determined by a consideration of the physical condition, safety, and service characteristics of the various primary roads.

13. The commission shall adopt such rules and regulations in accordance with the provisions of chapter 17A as it may deem necessary to transact its business and for the administration and exercise of its powers and duties.

14. For the four-year period beginning July 1, 1979, and for each subsequent four-year period, prepare, adopt and cause to be published the results of a study of all roads and streets in the state. The study shall be so designed to investigate present deficiencies and future twenty-year maintenance and construction needs of the roads and the ability of each applicable authority to meet the needs for the planning, construction, repair and maintenance of roads within their jurisdiction. The commission may gather information necessary to complete this study and shall be furnished assistance from any state agency as necessary to prepare, update and publish a report to be referred to as the "quadrennial need study" for the purposes of this chapter and chapter 312. The commission shall report the results of the study to the general assembly by January 1 of the last year in each four-year period and the study shall take effect the following July 1. This subsection does not preclude the commission from updating the quadrennial need study when necessary to reflect changes in road and street needs in the state.

307B.1 Short title.
This chapter may be referred to and cited as the "Iowa Railway Finance Authority Act."
[C81, §307B.1]

307B.2 Declaration of necessity and purpose.
The purpose of this chapter is to benefit the citizens of Iowa by improving their general health, welfare and prosperity and insuring the economic and commercial development of the state and by promoting agricultural and industrial improvement. Access to adequate railway transportation facilities is essential to the economic welfare of the state. One purpose of this chapter is to preserve or provide for the citizens of Iowa those railway services now in existence or needed in the state which have a viable future but which for a variety of economic and legal reasons may not exist if the state does not provide the financing or other mechanisms referred to in this chapter. It is the intent of the chapter that any public ownership and control of railway facilities provided for in this chapter be transferred to private ownership as promptly as economically practicable subject to financing requirements. It is further intended that the authority created in this chapter be vested with all powers to enable it to accomplish the purposes of this chapter except the power to operate rolling stock.

It is the further intent of this chapter and of the general assembly that, in order to preserve rail competition and to provide for railway service in this state, the authority work primarily with railroad carriers already providing service in this state based upon their willingness and ability to meet these objectives.
[C81, §307B.2; 81 Acts 2d Ex, ch 3, §2]

307B.3 Legislative findings.
The general assembly finds and declares as follows:
1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare, for the preservation and creation of employment, and for the promotion of the economy and of agricultural and industrial improvement, which are public purposes.
2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.
3. There will exist a serious shortage of viable rail lines and railway facilities serving the urban, rural, agricultural and industrial communities of the state.
4. There exists a serious problem in this state regarding the ability of agricultural producers to transport economically farm products to traditional markets because of the abandonment and possible abandonment of railway facilities within the state.
5. These conditions are making it more and more difficult for farmers and farm related businesses to survive in the present state of the economy, thus threatening the very heart blood of Iowa.
6. One major cause of this condition has been recurrent shortages of funds in private channels and the high interest cost of borrowing.
7. These shortages have contributed to reductions in construction of new railway facilities, and have made the sale, purchase and repair of existing railway facilities a virtual impossibility in many parts of the state.
8. Iowa faces the possible consequences of two railroad bankruptcies and further reductions in service by other railroads due to deteriorating rail facilities. The loss of rail service on three thousand ninety miles may be the immediate consequence of the bankruptcies,
with a resultant increase in transportation costs. This will be accompanied by a reduction in Iowa farm income. Any prolonged loss of service on the essential portions of these rail facilities means the loss of jobs in Iowa and a loss to the state economy.

9 A stable supply of adequate funds for financing of railway facilities is required to encourage construction of railway facilities, the rehabilitation of existing facilities and to prevent the abandonment of others in an orderly and sustained manner and to reduce the problems described in this section.

10 It is necessary to create a railway finance authority to encourage the investment of private capital and stimulate the construction, rehabilitation and repair of railway facilities and to prevent the abandonment of others through the use of public financing, publicly assisted financing and other forms of public assistance.

11 All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned or granted.

However, even if a railroad company or person is negotiating for a facility's purchase, the authority may submit a bid for the acquisition of the railway facility upon approval of a resolution by the state transportation commission stating that the best interests of the state and the transportation needs thereof might not be served by the railroad company's or person's offer or negotiation. However, the commission shall not adopt such a resolution if the competing railroad corporation or person files with the state department of transportation an enforceable undertaking to operate the facility for a period of five years after its purchase.

The authority shall issue a prospectus or official statement in connection with the offering of obligations. Obligations may be issued in coupon or in registered form, or both. Provision may be made for the registration of obligations with coupons attached as to principal alone or as to both principal and interest, their exchange for obligations so registered, and for the conversion or reconversion into obligations with coupons attached of any obligations registered as to both principal and interest, and for reasonable charges for registration, exchange, conversion and reconversion. Obligations may be sold at public or private sale at the price, in the manner, and at the time determined by the governing board. 8. Additional agreements with the holders of the obligations, or the trustee for the holders, relating to the obligations or the security for the obligations.

§307B.10 Refunding of obligations.

The board may authorize and issue obligations for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of any obligations previously issued by the authority. These obligations may be issued in amounts sufficient for payment of the principal amount of the prior obligations, any redemption premiums on the prior obligations, principal maturities of any obligations maturing prior to the redemption of the remaining obligations on a parity with them, interest accrued or to accrue to the maturity date or dates of redemption of the obligations, and any project costs including expenses incurred or to be incurred in connection with this issuance, refunding, funding, and retirement. Subject to the bond proceedings, the portion of proceeds of the sale of obligations issued under this section to be applied to bond service charges on the prior obligations shall be credited to the appropriate account for those prior obligations. Obligations authorized under this section shall be deemed to be issued for those purposes for which the prior obligations were issued and are subject to the provisions of this chapter pertaining to other obligations. Obligations refunded shall not be considered to be outstanding for purposes of section 307B.7, subsection 10.

[C81, §307B.10; 81 Acts 2d Ex, ch 3, §12]

Obligations may be additionally secured by a trust agreement or indenture between the authority and a corporate trustee which may be any trust company or bank having its principal place of business within the state. Any such agreement, indenture, mortgage, or deed of trust, or any combination thereof, may contain the resolution authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions which are customary or appropriate in an agreement or indenture of such type, including, but not limited to:

1. Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the authority has fully paid the bond service charges on the obligations secured by the instrument, or provision for payment has been made.
2. In the event of default in any payments required to be made by the bond proceedings or any other agreement of the authority made as a part of the contract under which the obligations were issued, enforcement of the payments or agreement by mandamus, appointment of a receiver, suit in equity, action at law, or any combination of these.
3. The rights and remedies of the holders of obligations and of the trustee and provisions for protecting and enforcing them, including limitations on rights of individual holders of obligations.
4. The replacement of any obligations which become mutilated or are destroyed, lost, or stolen.

The principal of and interest on obligations shall be secured as provided in the bond proceedings by the pledge of pledged receipts and by assignment of leases or other contract rights of the authority, or any person
acquiring, leasing, or operating railway facilities assisted under this chapter to third parties, which assignment may cover all or any part of the railway facilities from which the receipts may be derived, including, but not limited to, any enlargements of or additions to any of these railway facilities.

Each pledge shall continue in effect until the principal of and interest on the obligations has been fully paid or provision for the payment has been duly made pursuant to the bond proceedings.

[C81, §307B.11; 81 Acts 2d Ex, ch 3, §13]

§307B.12 Payment of obligations — nonliability of state.

Obligations issued under this chapter, and judgments based on contract or tort arising from the activities of the authority or persons acting on its behalf, are not a debt or liability of the state or of any political subdivision within the meaning of any constitutional or statutory debt limitation and are not a pledge of the state's credit or taxing power within the meaning of any constitutional or statutory limitation or provision and no appropriation shall be made, directly or indirectly, by the state or any political subdivision of the state for the payment of the obligations or judgments or to fund any deficiency in the special railroad facility fund, or for the indemnification of a person subject to a judgment arising from that person's actions on the authority's behalf. These obligations and judgments are special obligations of the authority payable solely and only from the sources and special funds provided in this chapter. Funds from the general fund of the state shall not be used to pay interest or principal on obligations of the authority in the event that receipts from the taxes designated for deposit in the special railroad facility fund are insufficient.

[C81, §307B.12; 81 Acts 2d Ex, ch 3, §14]

§307B.13 Remedies of holders of obligations.

1. The bond proceedings may provide that a holder of obligations or a trustee under the bond proceedings, except to the extent that the holder's rights are restricted by the bond proceedings, may by legal proceedings, protect and enforce any rights under the laws of this state or granted by the bond proceedings. These rights include the right to compel the performance of all duties of the authority required by this chapter or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the authority in the bond proceedings, to apply to a court to appoint a receiver to receive and administer the pledged receipts which are pledged to the payment of the bond service charges on these obligations or which are the subject of the covenant or agreement, with full power to pay and to provide for payment of bond service charges on these obligations and with powers accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the authority or the state or governmental agencies of the state to the payment of the bond service charges; and if provided in the bond proceedings, the power to take possession of, mortgage, or cause the sale or otherwise dispose of any railway facilities.

Each duty of the authority and the authority's board, officers, and employees, and of each governmental agency and its officers, members, or employees, undertaken pursuant to the bond proceedings or any agreement or lease, lease-purchase agreement, or loan made under authority of this chapter, and in every agreement by or with the authority, is a duty of the authority, and of each board, officer, member or employee having authority to perform this duty, which may be specifically enjoined by the law resulting from an office, trust or station under chapter 661.

2. If the bond proceedings do not contain provisions authorized in subsection 1, if the authority defaults in the payment of principal or interest on obligations as they become due, whether at maturity or upon call for redemption, and the default continues for a period of thirty days, or if the authority fails or refuses to comply with this chapter or defaults in any covenant or agreement in the bond proceedings made for the benefit of the holders of obligations, the holders of twenty-five percent in aggregate principal amount of obligations of the issue then outstanding by instrument filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded may appoint a trustee to represent the holders of the obligations for the purposes provided in this section.

The trustee selected may, and upon written request of the holders of twenty-five percent in aggregate principal amount of the issue of obligations then outstanding, shall:

a. Enforce all rights of the holders of the obligations including the right to require the authority to carry out its agreements with the holders and to perform its duties under this chapter.

b. Bring suit upon the obligations.

c. By action require the authority to account as if it were the trustee of an express trust for the holders.

d. By action enjoin any acts or things which are unlawful or in violation of the rights of the holders.

e. Declare all the obligations due and payable and, if all defaults are made good then with the consent of the holders of twenty-five percent of the aggregate principal amount of the issue of obligations then outstanding, annul the declaration and its consequences. Before declaring the principal of obligations due and payable, the trustee shall first give thirty days notice in writing to the governor, to the authority, and to the attorney general of the state.

The trustee selected shall also have all powers necessary or appropriate for the exercise of functions specifically set forth or incident to the general representation of holders in the enforcement and protection of their rights.

3. The district court has jurisdiction of any action by the trustee on behalf of holders. The venue of the action shall be in the county in which the principal office of the authority is located.

[C81, §307B.13; 81 Acts 2d Ex, ch 3, §15]

§307B.14 Authority as public instrumentality.

The authority is performing a public function on behalf of the state and is a public instrumentality of the state. Income of the authority and all properties owned by or leased to the authority are exempt from
all taxation in the state of Iowa. This chapter does not exempt from taxation properties comprising railway facilities financially assisted under this chapter which are owned by persons other than the authority except those leased to the authority. However, properties owned by the authority which are leased or rented to a private person shall include as part of the rates, rents, fees or charges payable by that person a sum equal to the amount of tax, determined by applying the tax rate of the taxing district to the assessed value of the property, which the state, county, city, school district or other political subdivision would receive if the property were owned by a private person, any other statute to the contrary notwithstanding. This sum shall be distributed to each taxing district based upon its tax equivalent. For purposes of arriving at that tax equivalent, the property shall be valued and assessed by the assessor in whose jurisdiction the property is located, in accordance with chapter 441, but the authority, the lessee or renter on behalf of the authority, and other persons as are authorized by chapter 441 shall be entitled to protest any assessment and take appeals in the same manner as any taxpayer. The valuations shall be included in any summation of valuations in the taxing district for all purposes known to the law. 307B.15 Powers not restricted — law complete in itself.

This chapter is not a restriction or limitation upon any powers which the authority or another governmental agency has under any laws of this state, but is cumulative to any such powers. No proceedings, referendum, notice or approval is required for the creation of the authority or the issuance of any obligations or any instrument as security except as provided in this chapter. However, nothing in this chapter deprives the state and its political subdivisions of their police powers over properties of the authority or impairs any power over the authority of any official or agency of the state and its political subdivisions which is otherwise provided by law.

[C81, §307B.15; 81 Acts 2d Ex, ch 3, §17]

307B.16 Limitation of liability.

Any awards to a claimant under chapter 25A resulting from actions involving the board or a person acting in the board’s behalf shall be payable solely from funds of the authority and funds received from the state shall not be used to pay such awards.

[C81, §307B.16]

307B.17 Exemption from construction and bidding requirements for public buildings.

A railway facility is not subject to any requirements relating to public buildings, structures, grounds, works or improvements imposed by any other law, except as determined by the governing board, or any other similar requirements which may be lawfully waived by this section and any requirement of competitive bidding or other restriction imposed on the procedure for awarding contracts for such purpose or the lease, sale, or other disposition of property of the authority is not applicable to any action taken under the provisions of this chapter.

[C81, §307B.17]

307B.18 Liberal interpretation.

This chapter, being necessary for the welfare of this state and its inhabitants, shall be liberally construed to effect its purposes.

[C81, §307B.18]

307B.20 Bond anticipation notes.

The power to issue obligations under this chapter includes power to issue obligations in the form of bond anticipation notes and to renew these notes by the issuance of new notes, but the maximum maturity of these notes, including renewals, unless otherwise authorized by the general assembly, shall not exceed five years from the date of the issuance of the original notes. The holders of these notes or interest coupons of the notes have a right to be paid solely from the pledged receipts pledged to the payment of the bonds anticipated, or from the proceeds of those bonds or renewal notes, or both, as the authority provides in the bond proceedings authorizing the notes. The notes may be additionally secured by covenants of the authority to the effect that the authority will do those acts authorized by this chapter and necessary for the issuance of the bonds or renewal notes in appropriate amount, and either exchange the bonds or renewal notes therefor, or apply the proceeds of the notes to the extent necessary, to make full payment of the principal of and interest on the notes at the time contemplated, as provided in the bond proceedings. For such purpose, the authority may issue bonds or renewal notes in a principal amount and upon terms as are authorized by this chapter and are necessary to provide funds to pay when required the principal of and interest on the outstanding notes, notwithstanding any limitations prescribed by this chapter, other than the limitation contained in section 307B.7, subsection 10. All provisions for and references to obligations in this chapter are applicable to notes authorized under this section to the extent not inconsistent with this section.

All banks, trust companies, building and loan associations, savings and loan associations, investment companies and other persons carrying on a banking or investment business, all insurance companies, insurance associations and other persons carrying on an insurance business and all executors, administrators, guardians, trustees and other fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in obligations issued pursuant to this chapter. [81 Acts 2d Ex, ch 3, §18]

§307B.22 Notice.

The authority shall publish a notice of its intention to issue obligations in a newspaper published in and with general circulation in the state. The notice shall include a statement of the maximum amount of obligations proposed to be issued, and in general terms, what receipts will be pledged to pay bond service charges on the obligations. An action which questions the legality of obligations or the power of the authority to issue the obligations or the effectiveness or validity of any proceedings adopted for the authorization or issuance of the obligations shall not be brought after sixty days from the date of publication of the notice.

[81 Acts 2d Ex, ch 3, §18]

§307B.23 Special railroad facility fund.

There is created in the office of the state treasurer a “special railroad facility fund.” This fund shall include moneys credited to this fund under sections 307.29, 435.9, and other funds which by law may be credited to the special railroad facility fund. The moneys in the special railroad facility fund are hereby appropriated to and for the purposes of the authority as provided in this chapter. The funds in the special railroad facility fund shall not be considered as a part of the general fund of the state, shall not be subject to appropriation for any other purpose by the general assembly, and in determining a general fund balance shall not be included in the general fund of the state but shall remain in the special railroad facility fund to be used for the purposes set forth herein. The treasurer of state shall act as custodian of the fund and disburse amounts contained in it as directed by the authority. The treasurer of state is authorized to invest the funds deposited in the special railroad facility fund at the direction of the authority and subject to any limitations contained in the bond proceedings. The income from such investment shall be credited to and deposited in the special railroad facility fund. This fund shall be administered by the authority and may be used to purchase or upgrade railroad right-of-way and trackage facilities or to purchase general or limited partnership interests in a partnership formed to purchase, upgrade, or operate railroad right of way and trackage facilities, to pay or secure obligations issued by the authority, to pay obligations, judgments, or debts for which the authority becomes liable in its capacity as a general partner, or for any other use authorized under this chapter. The fund may also be used to purchase or upgrade railroad right-of-way and trackage facilities for the development of railroad passenger tourism.

Any moneys credited to the special railroad facility fund under section 435.9 shall be deposited in a separate account within the special railroad facility fund. The authority may issue obligations under this chapter which are secured solely by the moneys to be deposited in that separate account and the holders or owners of any such obligations shall have no rights to payment of bond service charges from any other funds in the special railroad facility fund, including any moneys accruing to the authority from the lease, sale or other disposition, or use of railway facilities, or from payment of the principal or interest on loans made, or from any other use of the proceeds of the sale of the obligations, and no such moneys may be used for the payment of bond service charges on any such obligations, except for accrued interest, capitalized interest, and reserves funded from proceeds received upon the sale of the obligations.

MISSOURI RIVER BARGE COMPACT

307C.1 Missouri river barge compact.
The Missouri river interstate barge compact is enacted into law and entered into with all other states which legally join in the compact in substantially the following form:

COMPACT BETWEEN IOWA, KANSAS, MISSOURI AND NEBRASKA FOR THE DEVELOPMENT OF THE MISSOURI RIVER FOR BARGE TRAFFIC

ARTICLE I

The purposes of this compact are to provide for planning for the most efficient use of the waters of the Missouri river, to increase the amount of barge traffic on that segment of the Missouri river below Sioux City, Iowa, to take necessary steps to develop the Missouri river and its banks to handle more barge traffic than is presently handled, to encourage barge use on that segment of the Missouri river for transporting bulk goods, especially farm commodities, to insure that the intended increase in barge traffic does not impose unacceptable damage on the Missouri river in all its various uses, including agriculture, wildlife management, and recreational opportunities, to consider the effects of diversion of the waters of the Missouri river on navigation, and to promote joint action between the compact parties to accomplish these purposes. The purposes of the compact do not include lobbying activities against user fees for barge traffic and such activities under this compact are prohibited.

ARTICLE II

It is the responsibility of the four states to accomplish the purposes in Article I through the official in each state charged with the duty of administering the public waters and to collect and correlate through those officials the data necessary for the proper administration of the compact. Those officials may, by unanimous action, adopt rules and regulations to accomplish the purposes of this compact.

ARTICLE III

The states of Iowa, Missouri, Kansas, and Nebraska agree that within a reasonable time they shall fulfill the obligations of this compact and that each shall authorize the proper official or agency in its state to take the necessary steps to promote barge use and develop the Missouri river as it flows between and within the compact states for additional barge traffic.

ARTICLE IV

This compact does not limit the powers granted in any other act to enter into interstate or other agreements relating to the Missouri river flowing between and within the compact states, alter the relations between the respective internal responsibilities of the government of a party state and its subdivisions, or impair or affect any rights, powers, or jurisdiction of the United States, or those acting by or under its authority, in, over, and to those waters of the Missouri river. Adoption of this compact by the general assembly shall not require the signatory states to adopt any legislation or to appropriate funds for its implementation.

ARTICLE V

Other states having an interest in the promotion of barge traffic on the Missouri river can join in this compact by unanimous consent of the member states. Any member state can withdraw at any time by appropriate action of its legislature.

84 Acts, ch 1257, §3

307C.4 Liberal interpretation.
This compact shall be liberally construed so as to effectuate its purposes. The compact is severable and if any phrase, clause, sentence or provision of this
compact is declared to be contrary to the constitution of any state or of the United States or the applicability of the compact to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability of it to any government, agency, person or circumstance shall not be affected. If this compact is held to be contrary to the constitution of any state participating in the compact, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

Such parkway development may be any portion of the proposed parkway which is proposed to be constructed as a project under such Act.

2 The state transportation commission, with the cooperation of the department of natural resources, shall plan, designate, and establish the exact routing of the great river road, utilizing the general guidelines established in Title 23, United States Code.

3 The director of transportation, with the cooperation of the department of natural resources, shall:

   Acquisitions of such rights in land shall be by gift, purchase, exchange, or by instituting and maintaining proceedings for condemnation. Gift, purchase, exchange, or by instituting and maintaining proceedings for condemnation.

1 When, as a result of its investigations and studies, the state transportation commission, in cooperation with the state conservation commission, finds that there may be a need in the future for the development and construction or reconstruction of segments of the great river road and when the state transportation commission determines that in order to prevent conflicting costly economic development on areas of lands to be available for the great river road when needed for such future development there is need to establish and to inform the public of the approximate location and widths of new or improved segments of the great river road to be needed, the state transportation commission may proceed to establish such location and the approximate widths in the manner provided in this section. The state transportation commission shall give notice and hold a public hearing on the matter in a convenient place in the area to be affected by the proposed improvement of the great river road. The state transportation commission shall consider and evaluate the testimony presented at the public hearing and it shall make a study and prepare a map showing location of the proposed new or reconstructed segment of the great river road and the approximate widths of right of way needed. There shall be shown on such map the existing roadway and the property lines and record owners of lands to be needed. The approval of such map shall be recorded by reference in the state transportation commission's minutes, and a notice of such action and a copy of the map showing the lands or interest in the lands needed in any county shall be filed in the office of the county recorder of such county. Notice of the action and of the filing shall be published once in a newspaper of general circulation in such county, and within sixty days following the filing, notice of the filing shall be served in registered mail on the owners of record on the date of filing and on the functional classification board of the county. Using the same procedures for approval, notice and publications, and notice to the affected record owners, the state transportation commission may, from time to time, amend the map.

2 After such location is established, within the area of the great river road as shown on the map or in such proximity to it as to result in consequential damages when the rights in land for the great river road are acquired, a person shall not erect or move in any additional structure or rebuild, alter or add to any existing structure, without giving to the state transportation commission by registered mail sixty days' notice of such contemplated construction, alteration, or addition describing the same. However, this prohibition and requirement shall not apply to any normal or emergency repairs or replacements which are necessary to maintain an existing structure of a facility in approximately its previously existing functioning condition. When the rights in land for a segment of the great river road are acquired, damages shall not be allowed for any construction, alterations, or additions in violation of this subsection.

3 Without limiting any authority otherwise existing, rights in land needed for the great river road may be acquired at any time by the state, the county, or the municipality in which such segment of the great river road is located. If an owner's contiguous land is acquired to an extent which is less than the total amount shown on the map as needed, consequential damages to the land not acquired shall be allowed as found to exist.

No county shall expend from the secondary road fund an amount in excess of the total amount of the budget or amended budget as adopted by the board of supervisors, whether such budget is approved or disapproved by the department. In order to permit any county to adjust its secondary road income to changed needs that may occur after the budget has been approved by the department the expenditures for any individual item within the budget may exceed by not more than ten percent the amount budgeted for that item without department approval or the submission of an amended budget, provided, however, that the expenditures for one or more other individual items are less than budgeted and the total expenditures from the secondary road fund do not exceed the total secondary road budget.

The farm to market road fund allotted to any county as provided in this chapter shall remain available for expenditure in said county for three years after the close of the fiscal year during which said sums respectively were allocated. Any sum remaining unexpended at the end of the period during which it is available for expenditure, shall be reapportioned among all the counties as provided in section 312 5 for original allocations.

For the purposes of this section, any sums of the farm to market road fund allotted to any county shall be presumed to have been "expended" when a contract has been awarded obligating the sums. When projects and their estimated costs, which are proposed to be funded from the farm to-market road fund, are submitted to the department for approval, the department shall estimate the total funding necessary and the period during which claims for the projects will be filed. After anticipating the funding necessary for approved projects, the department may temporarily allocate additional moneys from the farm-to-market road fund for use in any other farm to market projects. However, a county shall not be temporarily allocated funds for projects in excess of the county's anticipated farm to market road fund allocation for the current fiscal year plus the four succeeding fiscal years.

If in the judgment of the department the anticipated claims against the primary road fund for any month are in excess of moneys available a temporary transfer for highway construction costs may be made from the farm to market road fund to the primary road fund providing there will remain in the transferring fund a sufficient balance to meet the anticipated obligations. All transfers shall be repaid from the primary road fund to the farm to market road fund within sixty days from the date of the transfer. A transfer shall be made only with the approval of the department and shall be subject to the same terms and conditions relating to the transfer of funds. Similar transfers may be made by the department from the primary road fund to the farm to market road fund and these transfers shall be subject to the same terms and conditions that transfers from the farm to market road fund to the primary road fund are subject.

310.28 Engineering and other expense.

Engineering, inspection and administration expense in connection with any farm-to-market road project may be paid from said county's allotment of the farm to market road fund. Any such expense incurred by the department may in the first instance be advanced out of the primary road fund, said amounts later being reimbursed to said funds out of the farm to-market road fund.

Provided, that no part of the salary or expense of the county engineer, any member of the county board of supervisors, any member of the department, the chief engineer, or any department head or district engineer of the department shall be paid out of the farm to market road fund.

[C39, §4866.28; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §310 28]

Any farm-to-market road constructed under this chapter shall be maintained by the county. If any county fails to satisfactorily maintain any road that is part of the federal aid secondary system, the department shall give the board of supervisors notice of that fact. If within sixty days after receipt of notice the highway has not been placed in proper condition of maintenance the department may withhold authorization for letting of any project using farm-to-market funds until a proper condition of maintenance has been restored.

311.3 **Amount of assessment.**

Special assessments in the aggregate amount of not less than fifty percent of the total estimated cost of improvement of a road included in a secondary road assessment district project shall be apportioned and levied on the lands included in the secondary road assessment district.

311.4 **County line road.**

When it is desired to improve a secondary road on a county line, as a secondary road assessment district project, the board of supervisors of any county may establish an assessment district in its county, and levy and collect special assessments for the payment of that portion of the estimated cost of the project assessable against lands in that county. Each county shall pay its share of the cost of the project as provided in this chapter, in the same manner as though the project were located wholly within that county.

311.5 **Project in city.**

A road or street which is a continuation of a secondary road within a city and which the county board desires to improve, may by resolution of the county board and concurrence by the council of the city be improved as a secondary road assessment district project or part of a project as provided in this chapter. The lands within the city abutting on or adjacent to the street or road may be included within the secondary road assessment district and assessed for the improvement upon the same basis and in the same manner as though the lands were located outside of a city.

The petition shall be signed by fifty percent of the owners of the lands within the proposed district, or by fifty percent of the owners of the land within the proposed district who reside within the county.

311.7 Improvement by private funds.

The owner or a group of owners of not less than seventy-five percent of the lands adjacent to, or abutting upon any secondary road may, on or before October 1 of any year, petition the board of supervisors of their county for the improvement of the road, and for the assessment of not less than fifty percent, or a greater portion as provided in the petition, of the cost of the improvement, to the lands adjacent to, or abutting upon the road. When the petition has been filed, the board of supervisors shall review the project proposed by the petition and may accept or reject the proposed project. If the board of supervisors accepts the petition, the board shall include the project in the secondary road construction program of the county and establish a priority for the completion of the project.

The board of supervisors shall proceed with the construction and completion of the project in accordance with its assigned priority and under the same procedure as is prescribed generally for the improvement of secondary roads by assessment, and shall establish a special secondary road assessment district and assess against the lands included in the district not less than fifty percent, or a greater portion as provided in the petition, of the engineer's estimated cost of the improvements of the road included in the project against all the lands adjacent to or abutting upon the road.

However, if the owners of all the lands included in any special secondary road assessment district under this section, subscribe and deposit with the county treasurer an amount not less than fifty percent, or a greater portion as provided in the petition, of the engineer's estimated cost of the improvement of the road included in the project, the board of supervisors shall not establish the special assessment district, but shall accept the donations in lieu of an assessment, and shall otherwise proceed to the improvement of the road.

The total expenditure of secondary road funds of the county in any year for or on account of special secondary road assessment district projects on local secondary roads under this section shall not exceed the total secondary road funds legally expendable for construction on local secondary roads in the county in the year.

Upon the completion of the road, and the satisfaction of all claims in relation to the road, any balance then remaining of the funds provided by the sponsors shall be returned to them according to their respective interests, providing all guarantees made by the sponsors have been fulfilled.

The board of supervisors shall fix a time for hearing on the proposal for the establishment of the secondary road assessment district and on the apportionment of not less than fifty percent of the estimated cost of the proposed improvement, and shall cause the county engineer to publish notice of the hearing. The notice shall state
§311.11
1. The time and place of hearing,
2. The road or roads proposed to be improved,
3. The type of surfacing proposed,
4. The estimated cost of the proposed improvement,
5. A description of the lands lying within said proposed district,
6. The ownership of said lands as shown by the transfer books in the auditor's office,
7. A statement of the amount apportioned to each tract or parcel of real estate as shown by the engineer's report,
8. That at said hearing the amount apportioned to any tract or parcel of land may be increased or decreased without further notice,
9. That all objections to the establishment of the district, to the apportionment report, or to the proceedings relating to the district or report must be specifically made in writing and filed with the county engineer on or before noon of the day set for the hearing, and
10. That a failure to make and file such objections will be deemed a conclusive waiver of all such objections.

§311.12 Publication of notice.
The notice shall be published once each week for two successive weeks in some newspaper published in the county as near as practicable to the district. The last publication shall be not less than five days previous to the hearing. Proof of the publication shall be made by the publisher by affidavit filed with the county engineer.

§311.13 Errors in notice or apportionment report.
Any omission or error in said apportionment report or notice with respect to any tract or parcel of real estate or the description thereof, or the name of the owner, or the amount of the assessment apportioned thereto, shall work no loss of jurisdiction on the part of the board over such proceeding. Such omission or error shall only affect the particular tract of real estate or person in question. If, before or after the board has entered its final order in the establishment of the said district or in the apportionment proceedings such omission or error is discovered, the board shall fix a time for a hearing as to such party or real estate and shall cause service of notice to be made upon them, either by publication as in this chapter provided, or by personal service in the time and manner required for service of original notices in the district court. After such hearing the board shall proceed as to such person or land as though such omission or error had not occurred.

§311.14 Appearance.
The appearance of any interested party, either in writing or personally, or by authorized agent, before the board of supervisors at any stage of the pending proceedings for a secondary road assessment district shall be deemed a full appearance. Only interested parties shall have the right to appear in such proceedings. All persons so appearing shall state for whom they appear. The clerk of the board shall make definite entry accordingly in the minutes of the board.

§311.15 Hearing — adjournment — order.
Hearings on the proposed establishment of said district may be adjourned from time to time without loss of jurisdiction by the board. On final hearing the board shall proceed to a determination of said matters. It may reject, approve, or modify and approve said proposal. The board may exclude lands from the district or may add lands thereto or otherwise modify the proposal.

Should the proposal be approved in whole or in part, the board shall establish such district. The order of the board establishing such district shall state the road or roads to be improved, the type of improvement, and the lands included in said district. Said order shall be final. No lands shall thereafter be added to or excluded from said district.

§311.16 Final hearing — assessment levied.
On final hearing the board shall hear and determine all objections filed. The board may increase, diminish, annul, or affirm the apportionment made in said report, or any part thereof, as may appear to the board to be just and equitable.

On the final determination the board shall levy the assessments and all installments thereof upon the real estate within the district as finally established. The entire amount of the assessment shall be then due and payable, and bear interest at a rate not exceeding that permitted by chapter 74A commencing twenty days from the date of the levy, and shall be collected at the succeeding September semiannual payment of ordinary taxes.

§311.17 Assessments over ten dollars — waiver.
If an owner other than the state or a county or city, of any tracts of land on which the assessment is more than ten dollars, shall, within twenty days from the date of the assessment, agree in writing filed in the office of the county auditor, that in consideration of the owner having the right to pay the assessment in installments, the owner will not make any objection of illegality or irregularity as to the assessment upon the real estate, and will pay the assessment plus interest, the assessment shall be payable in ten equal installments. The first installment shall be payable on the date of the agreement. The other installments with
interest on the whole amount unpaid shall be paid annually at the same time and in the same manner as the September semiannual payment of ordinary taxes. The rate of interest shall be as established by the board, but not exceeding that permitted by chapter 74A.

An owner of land who has used said ten-year option may at any time discharge the assessment by paying the balance then due on all unpaid installments, with interest on the entire amount of the unpaid installments for thirty days in advance.

311.18 Assessment delinquent — penalties.

The assessed taxes shall become delinquent on the first day of September after their maturity, shall bear the same interest, the same penalties, and be attended with the same rights and remedies for collection, as ordinary taxes.

[C24, §4710; C27, 31, 35, §4753-a3; C39, §4753.03; C46, §311.13; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311.18]

311.19 Assessment ten dollars or less.

Assessments of ten dollars or less against any tract of land, and assessments against lands owned by the state, county or city, shall be due and payable from the date of levy by the board of supervisors, or in the case of any appeal, from the date of final confirmation of the levy by the court.

In case of assessments on lands owned by the county, the assessments shall be paid from the county treasury. In case of assessments on lands owned by the state, the assessments shall be paid out of any funds in the state treasury not otherwise appropriated. In case of assessments on lands owned by a city, the assessments shall be paid from any available city fund.

311.20 Variation between estimated and actual cost.

Any variation between the engineer's estimated cost and the actual cost of a secondary road assessment district project shall in no way affect the validity of the assessment. It is the intent of this chapter that the assessment shall be based on the estimated cost and not on the actual cost.

311.21 Procedures.

The preparation and approval of plans and specifications, the advertising for bids, the award and approval of contract, the supervision and inspection of construction work, and the approval and payment of claims on any secondary road assessment district project, shall be conducted in the manner provided in the laws for secondary road construction work generally.

311.22 Road graded and drained.

Any such secondary road shall be built to permanent grade and drained in a manner approved by the county engineer before being surfaced, as provided in this chapter.

[C27, 31, 35, 39, §4746; C46, §311.3; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311.22]

311.23 Payment of construction costs.

The total cost of any secondary road assessment district project shall in the first instance be paid out of the county treasury. Any assessments which are paid in cash and in anticipation of which assessments no certificates have been issued, shall be transferred to the county treasury.

If no special assessment certificates are issued and sold on account of any particular secondary road assessment district, the special assessments on lands included in that district, and the interest on the assessments when collected, shall be transferred to the secondary road fund of the county. If certificates are issued and sold in anticipation of the special assessments levied on a district, the proceeds of the certificates shall be credited to the county treasury. In that event, the special assessments in anticipation of which certificates have been issued, and the interest on the assessments shall, when collected, be used to retire the certificates.

311.24 Appeal from assessment.

Any owner of land in a secondary road assessment district may appeal to the district court from the order of the board of supervisors in levying the assessment against the owner's real estate, by filing with the county engineer within fifteen days of the date of the levy, a bond conditioned to pay all costs in case the appeal is not sustained, and a written notice of appeal where the owner shall, with particularity, point out the specific objection which the owner desires to lodge against the levy. The appeal has precedence over all other business pending before the court except criminal matters. The appeal shall be heard as in equity. The court may raise or lower the assessment in question and make an equitable assessment in the judgment of the court. The clerk of the district court shall, upon the entry of the final order of the court, certify the final order to the county engineer. The board of supervisors shall adjust the assessments to comply with the final order of the court.

311.25 Appeal docketed.

When an appeal is taken, the county engineer shall make a transcript of the notice of appeal and appeal bond and transmit them to the district court. The appellant shall, within twenty days after perfection of the appeal, docket the appeal and file a petition setting forth the order or decision of the board of supervisors appealed from, and the appellant's specific objections. A failure to comply with either of these requirements is a conclusive waiver of the appeal and the court shall
§311.25 dismiss the petition. Appellee need not file answer, but may do so.

311.26 Assessments certified to county treasurer. 

When the board of supervisors has entered its final order as to the amounts of all special assessments on a given improvement, the county engineer shall at once certify a list of the assessments and a list of real estate upon which each assessment has been levied, with the specific designation of the district embracing the real estate, to the county treasurer, who shall enter each assessment on the tax books and continue the entry until the assessment is paid. 

Each special assessment and all installments of the special assessments are a lien upon the real estate upon which levied from the date of the certificate by the county engineer to the same extent and in the same manner as taxes levied for state and county purposes. Changes in the amount of a special assessment by reason of a ruling of the district court on appeals shall be likewise certified and the county treasurer shall make the proper correction on the books.

311.27 Each district separate unit. 

Each assessment district shall be considered a unit and all funds received by the county treasurer for or on behalf of such unit shall be carried as a distinct and separate account and under the same specific name as that used by the board in establishing such unit. 

[C24, §4716; C27, 31, 35, §4753-a8; C39, §4753.08; C46, §311.18; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §311.27]  

311.28 Certificates anticipating assessments. 

In order to render immediately available that amount of the estimated cost of an improvement which has been specially assessed, the board may issue road certificates in the name of the county in an aggregate amount not exceeding the then unpaid amount of the special assessment levied in the district. Each issue of certificates shall be under, and in accordance with, a duly adopted resolution of the board which shall recite all of the following: 

1. The name or designation of the road district on account of which the certificates are issued. 
2. That a stated amount has been specially assessed against the lands within the district. 
3. That a stated amount of the aggregate special assessment has not yet been paid. 
4. That it is necessary to render the unpaid amount immediately available. 
5. The number of road certificates authorized and the specific amount of each certificate. 
6. The specific numbering or designation of the certificates. 
7. The rate of interest which each certificate shall bear from date, not exceeding that permitted by chapter 74A. 
8. The fact that the certificates are payable solely from the proceeds of the special assessments which have been levied on the lands within the districts. 
9. That each certificate shall be payable on or before January 1 of the first year following the maturity of the last installment of the special assessments, and that interest on the certificate shall be paid annually. 
10. The authorization to the chairperson of the board, and to the county treasurer, to sign and countersign each of the certificates.

311.29 Sale of certificates. 

Upon the signing of each of the certificates by the chairperson of the board, the certificates shall be delivered to the county treasurer, who shall countersign them and who shall be responsible for them on the treasurer's bond. The treasurer may apply the certificates in payment of warrants duly authorized and issued for improving the roads within the district, or the treasurer may sell the certificates for the best attainable price and for not less than par, plus accrued interest. The certificates shall be retired in the order of their numbering.

311.30 Certificates registered — payment. 

The county treasurer shall, in connection with the road account for said district, enter the name and post-office address of all persons to whom any of said certificates are issued, with a particular designation of the certificates delivered to each person. Any subsequent holder may present the certificate to the county treasurer and cause the subsequent holder's name and post-office address to be entered in lieu of that of such former holder. Whenever the fund for such particular district has money to pay the first retrievable certificate or certificates, the county treasurer shall, by mail, as shown by the county treasurer's records, promptly notify the holder of such certificate of such fact and that from and after ten days after the mailing of such letter all interest on such certificates will cease.

311.31 Previous assessments not invalidated. 

The passage of this chapter, the provisions hereof, and the repeal of sections hereby repealed, shall not in manner affect or invalidate any secondary road district assessments levied before this chapter became effective, or any certificate in anticipation of such assessments issued before or after this chapter becomes effective. 

Said assessments and taxes shall be collected and applied to the purpose for which they were levied. Certificates in anticipation of such assessments may be issued. The proceeds of such certificates shall be applied to the purpose intended, and such certificates issued before or after this chapter becomes effective shall be paid in conformance with the provisions of this chapter.

Any road established by petition and any road improved by petition under this chapter shall be administered and maintained by the county under chapters 306, 309, 314, 317, and 319. However, the fact that right-of-way is donated by property owners for the establishment of a road or a portion of the cost of a road improvement is paid by property owners under this chapter, does not preclude the board of supervisors from exercising its responsibility over these roads as secondary roads.

See §321.145, 425.24

312.2 Allocations from fund.
The treasurer of the state shall, on the first day of each month, credit all road use tax funds which have been received by the treasurer, to the primary road fund, the secondary road fund of the counties, the farm-to-market road fund, and the street construction fund of cities in the following manner and amounts:
1. To the primary road fund, forty-five percent.
2. To the secondary road fund of the counties, twenty-eight percent.
3. To the farm-to-market road fund, nine percent.
4. To the street construction fund of the cities, eighteen percent.
5. The treasurer of state shall before making the above allotments credit annually to the highway grade crossing safety fund the sum of seven hundred thousand dollars, credit annually from the road use tax fund the sum of nine hundred thousand dollars to the highway railroad grade crossing surface repair fund, credit monthly to the primary road fund the dollars yielded from an allotment of sixty-five hundredths of one percent of all road use tax funds for the express purpose of carrying out subsection 11 of section 307A.2, section 313.4, subsection 2, and section 307.45, and credit annually to the primary road fund the sum of five hundred thousand dollars to be used for paying expenses incurred by the state department of transportation other than expenses incurred for extensions of primary roads in cities. All unobligated funds provided by this subsection, except those funds credited to the highway grade crossing safety fund, shall at the end of each year revert to the road use tax fund. Funds in the highway grade crossing safety fund shall not revert to the road use tax fund except to the extent they exceed five hundred thousand dollars at the end of any biennium. The cost of each highway railroad grade crossing repair project shall be allocated in the following manner:
a. Twenty percent of the project cost shall be paid by the railroad company.
b. Twenty percent of the project cost shall be paid by the highway authority having jurisdiction of the road crossing the railroad.
c. Sixty percent of the project cost shall be paid from the highway railroad grade crossing surface repair fund.
6. The treasurer of state shall before making the allotments provided for in this section credit monthly
to the state department of transportation funds sufficient in amount to pay the costs of purchasing certificate of title and registration forms, and supplies and materials and for the cost of prison labor used in manufacturing motor vehicle registration plates, decalcomania emblems, and validation stickers at the prison industries.

7. The treasurer of state, before making the allotments provided in this section, shall credit annually to the primary road fund from the road use tax fund the sum of seven million one hundred thousand dollars.

8. The treasurer of state, before making any allotments to counties under this section, shall reduce the allotment to any county for the secondary road fund by an amount by which the total funds that the county transferred or provided during the prior fiscal year under section 331.429, subsection 1, paragraphs "a," "b," "d," and "e," are less than seventy-five percent of the maximum funds that the county could have transferred in the prior fiscal year under section 331.429, subsection 1, paragraphs "a" and "b." Funds remaining in the secondary road fund of the counties due to a reduction of allocations to counties for failure to maintain a minimum local tax effort shall be reallocated to counties that are not reduced under this subsection pursuant to the allocation provisions of section 321.3, subsection 1, based upon the needs and area of the county. Information necessary to make allocations under this subsection shall be provided by the state department of transportation or the state comptroller upon request by the treasurer of state.

9. The treasurer of state, before making the allotments provided for in this section, shall credit annually to the division of soil conservation in the department of agriculture and land stewardship two hundred fifty thousand dollars from the road use tax funds. The division of soil conservation, in cooperation with the state department of transportation and the department of natural resources shall expend the funds, for the lease or other use of land intended for the planting or maintenance of wind erosion control barriers designed to reduce wind erosion interfering with the maintenance of highways in the state or the safe operation of vehicles on the highway. However, the funds shall not be expended for wind erosion control barriers located more than forty rods from the highway.

10. The treasurer of state shall establish a great river road fund and at the request of the state department of transportation shall credit monthly before making the allotments provided for in this section, sufficient funds to cover the anticipated costs, as identified by the state department of transportation, for the acquisition and construction of eligible highway-associated project components. Reimbursement to this fund shall be made as necessary from the funds appropriated in section 308.4. In no case shall the unreimbursed allotment to the great river road fund exceed one million dollars less the cumulative sum as annually appropriated in section 308.4*. Reimbursed funds shall be reallocated in accordance with the provisions of this section.

11. The treasurer of state shall establish a revolving fund for use by affected jurisdictions for great river road projects. Funds shall be advanced at the request of the state department of transportation to affected jurisdictions as noninterest loans and shall be utilized for the construction of eligible great river road highway projects. Funds may be advanced from the primary road fund or the farm-to-market road fund. The amount advanced and not reimbursed shall not exceed five million dollars at any one time from either the primary road fund or the farm-to-market road fund, nor shall the amount advanced and not reimbursed at any one time from all funds combined exceed seven million five hundred thousand dollars.

Funds advanced as provided by this subsection shall be administered by the state department of transportation. The department shall require repayment of the advanced funds within ten years. The treasurer of state shall, upon the request of the state department of transportation, transfer a portion of the affected local jurisdiction's allocation sufficient to meet repayment requirements if the terms of the individual agreements are not complied with.

12. The treasurer of state, before making the allotments provided in this section, shall credit annually to the primary road fund from the road use tax fund the sum of five thousand dollars to be used by the state department of transportation for payment of expenses authorized under section 306.6, subsection 2. The expense allowance shall be in accordance with the established expense reimbursement policy for employees of the state department of transportation. All unobligated funds shall at the end of each fiscal year revert to the road use tax fund.

13. The treasurer of state, before making the other allotments provided for in this section, shall credit annually to the primary road fund from the road use tax fund the sum of four million four hundred thousand dollars and to the farm-to-market road fund from the road use tax fund the sum of one million five hundred thousand dollars for partial compensation of allowing trucks to operate on the roads of this state as provided in section 321.463.

14. The state department of transportation shall expend the funds for the planting or maintenance of trees or shrubs in shelter belts for erosion control to reduce wind erosion interfering with the maintenance of highways in the state or the safe operation of vehicles on the highways.

15. The treasurer of state, before making the allotments provided for in this section, shall credit annually to the state department of transportation from the road use tax fund an amount equal to twenty-five cents on each title issuance for state and federal odometer law enforcement purposes. This subsection is effective for the fiscal period beginning July 1, 1984 and ending June 30, 1989.

The treasurer of state shall, on the first day of each month:

1. Apportion among the counties in the ratio that the needs of the secondary roads of each county bear to the total needs of the secondary roads of the state for each fiscal year based upon the total needs of secondary roads of the state as shown in the latest quadrennial need study report developed by the state department of transportation, and which is on record at the department, sixty percent of the allocation from road use tax funds which is credited to the secondary road fund of the counties, and apportion among the counties in the ratio that the area of each county bears to the total area of the state, forty percent of the allocation from road use tax funds which is credited to the secondary road fund of the counties. However, for a hold harmless period each county is guaranteed a base year amount. The amount in the secondary road fund of the counties in each fiscal year during the hold harmless period in excess of the sum of the base period amounts allocated to all counties shall be distributed proportionally based on the relative needs and area factors to only those counties entitled to receive more than the base year amount.

For the purposes of this subsection:

a "Hold harmless period" means the fiscal years beginning July 1, 1979 and ending June 30, 1985.

b "Base year amount" means the amount of the secondary road fund of the counties received by a county for the fiscal year beginning July 1, 1977.

2. Apportion among the cities of the state, in the ratio which the population of each city, as shown by the latest available federal census, bears to the total population of all such cities in the state, the percentage of the road use tax funds which is credited to the street fund of the cities, and shall remit to the city clerk of each such city the amount so apportioned to such city.

A city may have one special federal census taken each decade, and the population figure thus obtained shall be used in apportioning amounts under this subsection beginning the calendar year following the year in which the special census is certified by the secretary of state.

3. In any case where a city has been incorporated since the latest available federal census the mayor and council shall certify to the state treasurer the actual population of such incorporated city as of the date of incorporation and its apportionment of funds under this section shall be based upon such certification until the next federal census enumeration. Any community which has dissolved its corporation shall not receive any apportionment of funds under this certificate for any period after said corporation has been dissolved.

4. In any case where a city has annexed any territory since the last available federal census or special federal census, the mayor and council shall certify to the treasurer of state the actual population of such annexed territory as determined by the last certified federal census of said territory and the apportionment of funds under this section shall be based upon the population of said city as modified by the certification of the population of the annexed territory until the next federal or special federal census enumeration.

5. In any case where two or more cities have consolidated, the apportionment of funds under this section shall be based upon the population of the city resulting from said consolidation and shall be determined by combining the population of all cities involved in the consolidation as determined by the last available federal or special federal census enumeration for said consolidating city.

313.2 "Road systems" defined — roadside parks.

The roads and streets of the state are, for the purpose of this chapter, assigned to the functional classification systems established under chapter 306.

Whenever the board of supervisors of a county and the department mutually determine that a portion of a highway under the jurisdiction of either party should be transferred to the jurisdiction of the other party, the board and department may enter into an agreement to effect such transfer. Such agreement may provide that each party may undertake or share responsibility for improving said road with the costs of such improvement to be borne entirely by either the county or the department or equitably divided between the two jurisdictions. All such improvements shall be completed and all actual costs thereof paid or reimbursed prior to the time transfer of the road is made. In carrying out such agreement, the board of supervisors may expend secondary road funds of the county and the department may expend primary road funds.

However, prior to entering into the agreement, a notice of intent to execute such agreement shall be published in a newspaper of general circulation within the county and the cost of such notice shall be jointly borne by the department and the board of supervisors. If one hundred or more residents of the county request by petition or in writing that a hearing be held in regard to such agreement within ten days after the publication of the notice, the board of supervisors and the department shall hold such a hearing not more than seven days after receiving the petition or written instrument, and based upon evidence presented at such hearing shall re-examine the merits of executing such agreement and make a decision in regard to it.

The department may, for the purpose of affording access to cities or state parks, or for the purpose of shortening the direct line of travel on important routes, or to effect connections with interstate roads at the state line, add such road or roads to the primary system.

The department, either alone or in cooperation with any county, shall have the authority to utilize any land acquired incidental to the acquisition of land for highway right of way and to also accept by gift, lands not exceeding two acres in area for roadside parks and parking areas. The department may furnish necessary maintenance. The department shall also have authority to accept by gift, equipment or other installations incidental to the use of said parks and parking areas. Said parks and parking areas shall be a part of the primary road system and the department may at its discretion sell or otherwise dispose of said lands. No rest areas or rest area buildings shall be established or constructed on an interstate highway at intervals of less than sixty miles.

Reasonable maintenance and surveillance of rest area sites and buildings located thereon shall be provided by employees of the department within the limits of appropriations provided for such purpose.

313.3 Primary road fund.

There is hereby created a primary road fund which shall include and embrace:

1. All road use tax funds which are by law credited to the primary road fund.

2. All federal aid primary and urban road funds received by the state.

3. All other funds which may by law be credited to the primary road fund.

4. All revenue accrued or accruing to the state of Iowa on or after January 26, 1949, from the sale of public lands within the state, under Acts of Congress approved March 3, 1845, supplemental to the Act for the admission of the states of Iowa and Florida into the Union, chapters 75 and 76 (Fifth Statutes, pages 788 and 790), shall be placed in the primary road fund.

Unless otherwise provided, the primary road fund is hereby appropriated for highway construction.

Disbursement of fund.

1. Said primary road fund is hereby appropriated for and shall be used in the establishment, construction and maintenance of the primary road system, including the drainage, grading, surfacing, construction of bridges and culverts, the elimination or improvement of railroad crossings, the acquiring of additional right of way, all other expense incurred in the construction and maintenance of said primary road system and the maintenance and housing of the department.

2. Such fund is also appropriated and shall be used for the construction, reconstruction, improvement and maintenance of state institutional roads and state park roads and bridges on such roads and roads and bridges on area school property as provided in subsection 11 of section 307A.2, for restoration of secondary roads used as primary road detours and for compensation of counties for such use, for restoration of municipal streets so used and for compensation of cities for such use, and for the payments required in section 307.45.

3. It is further provided that there is appropriated from funds appropriated to the department which would otherwise revert to the primary road fund pursuant to the provisions of the Act appropriating the funds or chapter 8, an amount sufficient to pay the increase in salaries, which increase is not otherwise provided for by the general assembly in an appropriation bill, resulting from the annual review of the merit pay plan as provided in subsection 2 of section 19A.9. The appropriation hereinafter provided shall be in effect from the date of approval by the executive council to the end of the fiscal biennium in which it becomes effective.

4. Such fund is appropriated and shall be used by the department to provide energy and for the operation and maintenance of those primary road freeway lighting systems within the corporate boundaries of cities.

The costs of serving freeway lighting for each utility providing the service shall be determined by the utilities division of the department of commerce, and rates for such service shall be no higher than necessary to recover these costs. Funds received under the provi-
sions of this subsection shall be used solely for the operation and maintenance of a freeway lighting system.

The department shall submit to the department of management, as provided by chapter 8, a detailed estimate of the amount required by the department during each succeeding biennium for the support of the department and for engineering and administration of highway work and maintenance of the primary road system. Such estimate shall be in the same general form and detail as is required by chapter 8 and said chapter shall apply to the budgeting, appropriation, and expenditure of funds in the primary road fund in the same manner as such chapter applies to other departments. However, the amount of contracts for bituminous resurfacing, bridge painting and repair, pavement and shoulder repair, agreements with cities for maintenance on primary road extensions and agreements with counties, cities, and institutions for maintenance on state park, state institution, and other state land roads need not be included in the amount appropriated for maintenance.

The provisions of chapter 8 shall apply except that the provisions of section 8.39 shall not apply to funds appropriated to the department under section 313.4, however, the first paragraph of section 8.39 shall apply to appropriations for support of the department and for engineering and administration of highway work and maintenance of the primary road system.

Any contingent fund appropriated to the department from the primary road fund shall be subject to the following conditions:

1. A written statement from the department of management shall be obtained, recommending expenditures from the fund for the purposes requested by the department.

2. The department of management and the governor shall determine that the expenditures contemplated are in the best interest of the state, and that the purpose or project for which funds are requested was not presented to the general assembly by way of a bill and which failed to become enacted into law.

§313.22 Paving of whole street by department.

Any city and the department may enter into an agreement with respect to any project for the paving of any portion of a primary road extension, and for the construction, reconstruction, and improvement of storm sewers and electrical traffic control devices reasonably incident and necessary thereto, within such city. Said agreement shall specify that the city shall pay for that portion of the cost of said project which is not payable out of primary road funds, and may authorize the department to advertise for bids, let contracts, and supervise the construction of that portion of said project to be paid for by the city. Such agreement shall be a valid and binding obligation on the parties thereto.

313.23 Reimbursement by city.
Payment for the work, including the city's portion thereof, may in the first instance be made out of the primary road fund. Upon completion of the project, the city shall reimburse the department for the amount so advanced out of the primary road fund, including the city's portion of the engineering and inspection costs.

313.24 Separated cities.
The department shall designate the street or streets which shall constitute the primary road extensions in any city of the state, which city is separated from the remainder of the state by a river more than five hundred feet in width from bank to bank. The laws of this state relating to the construction, reconstruction or maintenance of the extensions of primary roads in cities, and to the purchase or condemnation of right of way therefor, and to the expenditure of primary road funds thereon, shall apply to the roads or streets designated hereunder, the same as though said community were not so separated from the rest of the state.

313.28 Temporary primary road detours.
When the department, for the purpose of establishing, constructing or maintaining any primary road, determines that any secondary road or portion thereof is necessary for a detour or haul road, the department, after consultation with the county board of supervisors having jurisdiction of the route, shall by order temporarily designate the secondary road or portion thereof as a temporary primary road detour or as a temporary primary road haul road, and the department shall maintain the same as a primary road until it shall revoke the temporary designation order. Prior to use of a secondary road as a primary haul road or detour, the department shall designate a representative to inspect the secondary road with the county engineer to determine and note the condition of the road.
Prior to revoking the designation, the department shall:
1. Restore the secondary road or portion thereof to as good condition as it was prior to its designation as a temporary primary road, or
2. Determine such amount as will adequately compensate the county exercising exclusive or concurrent jurisdiction over the secondary road or portion thereof for excessive traffic upon the secondary road or portion thereof during the period of its designation as a temporary primary road. The department shall certify the amount determined to the director of revenue and finance. The director of revenue and finance shall credit the amount to the county.
3. If on examination of the route, it is determined that the road can be restored to its original condition only by reconstruction, the department shall cause plans to be drawn, award the necessary contracts for work and proceed to reconstruct and make payments for in the same manner as is prescribed for primary construction projects.

A city may designate the county engineer or city engineer to inspect such street so used jointly with the representative of the department.

§313A.1 Definitions.

The following words or terms, as used in this chapter, shall have the respective meanings as stated:

1. "Toll bridge" shall mean an interstate bridge constructed, purchased or acquired under the provisions of this chapter, upon which tolls are charged, together with all appurtenances, additions, alterations, improvements, and replacements thereof, and the approaches thereto, and all lands and interests therein used therefor, and buildings and improvements thereon.

2. "Department" shall mean the state department of transportation.

3. "Construct, constructing, construction or constructed" shall include the completion, reconstruction, remodeling, repair, or improvement of any existing toll bridge or any partially constructed interstate bridge, as well as the construction of any new toll bridge.

4. "Acquisition by purchase, gift, or condemnation" as used in this chapter shall mean acquisition by the department, whether such terms "purchase, gift, or condemnation" are used singularly or in sequence.

5. "Federal bridge commission" shall mean any bridge commission organized and operating pursuant to an Act of the Congress of the United States, even though such Act of Congress may declare the bridge commission not to be an agency of the federal government.

§313A.2 Bridge to be controlled by department.

The department shall have full charge of the construction and acquisition of all toll bridges constructed or acquired under the provisions of this chapter, the operation and maintenance thereof and the imposition and collection of tolls and charges for the use thereof. The department shall have full charge of the design of all toll bridges constructed under the provisions of this chapter. The department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department shall advertise for bids for the construction, reconstruction, improvement, repair or remodeling of any toll bridge by publication of a notice once each week for at least two consecutive weeks in a newspaper published and having a general circulation throughout the state of Iowa, the first publication to appear at least fifteen days prior to the date set for receiving bids. The department shall have the power to accept such offer or offers, propositions or bids, and enter into such contract or contracts as it shall deem to be to the best interest of the state.

§313A.3 Toll bridges constructed over boundary rivers.

The department is hereby authorized to establish and construct toll bridges upon any public highway, together with approaches thereto, wherever it is considered necessary or advantageous and practical for crossing any navigable river between this state and an adjoining state. The necessity or advantage and practicability of any toll bridge shall be determined by the department. To obtain information for the consideration of the department upon the construction of any toll bridge or any other matter pertaining thereto, any officer or employee of the state, upon the request of the department, shall make reasonable examination, investigation, survey, or reconnaissance to determine material facts pertaining thereto and shall report such findings to the department. The cost thereof shall be borne by the department or office conducting it from funds provided for its functions.

§313A.4 Investigation of feasibility.

The department is hereby authorized to enter into agreements with any federal bridge commission or any county or city of this state, and with an adjoining state or county, city, or town thereof, for the purpose of implementing an investigation of the feasibility of any toll bridge project for the bridging of a navigable river forming a portion of the boundary of this state and such adjoining state. The department may use any funds available for the purposes of this section. Such agreements may provide that in the event any such project is determined to be feasible and adopted, any advancement of funds by any state, county or city may be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived from such project.

§313A.5 Acquiring existing bridge — bonds.

Whenever the department deems it necessary or advantageous and practical, it may acquire by gift, purchase, condemnation any existing bridge which connects with or may be connected with the public highways and the approaches thereto, except that the department may not condemn an existing interstate bridge used for interstate highway traffic and combined highway and railway traffic and presently owned by a municipality, or a person, firm, or corporation engaged in interstate commerce. The department may also acquire by gift or purchase two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, complete the partially constructed bridge and dismantle the bridge which it is designed to replace. In connection with the acquisition of any such bridge, bridges, or partially constructed bridge, the department and any federal bridge commission or any county, county, or other political subdivision of the state are authorized to do all acts and things as in this chapter are provided for the establishing and constructing of toll bridges and operating, financing, and maintaining such bridges if so far as such powers and requirements are applicable to the acquisition of any toll bridge and its operation, financing, and maintenance. In so doing, they shall act in the same manner and under the same procedures as provided for establishing, constructing, operating, financing, and maintaining toll bridges in so far as such manner and procedures are applicable. Without limiting the generality of the above provisions, the department is hereby authorized to cause surveys to be made to determine the propriety of acquiring any such bridge and the rights of way necessary therefor, and other facilities necessary to carry out the provisions hereof, to issue, sell, redeem bonds or issue and exchange bonds with present holders of outstanding bonds of bridges being acquired under the
provisions of this chapter and deposit and pay out of the proceeds of the bonds for the financing thereof, to impose, collect, deposit, and expend tolls therefrom; to secure and remit financial and other assistance in connection with the purchase thereof; and to carry insurance thereon.

[C71, 73, 75, 77, 79, 81, §313A.5]

313A.6 Rules adopted — financial statements.
The department, its officials, and all state officials are hereby authorized to perform such acts and make such agreements consistent with the law which are necessary and desirable in connection with the duties and powers conferred upon them regarding the construction, maintenance, and operation and insurance of toll bridges or the safeguarding of the funds and revenues required for such construction and the payment of the indebtedness incurred therefor. The department shall adopt such rules and regulations in accordance with the provisions of chapter 17A as it may deem necessary for the administration and exercise of its powers and duties granted by this chapter, and shall prepare annual financial statements regarding the operation of such toll bridges which shall be made available for inspection by the public and by the holders of revenue bonds issued by the department under the provisions of this chapter at all reasonable times.

[C71, 73, 75, 77, 79, 81, §313A.6]

313A.7 Resolution of public interest and necessity — revenue bonds.
Whenever the department deems it to be in the best interest of the primary highway system that any new toll bridge be constructed upon any public highway and across any navigable river between this state and an adjoining state, the department shall adopt a resolution declaring that the public interest and necessity require the construction of such toll bridge and authorizing the issuance of revenue bonds in an amount sufficient for the purpose of obtaining funds for such construction. The issuance of bonds as provided in this chapter for the construction, purchase, or acquisition of more than one toll bridge may, at the discretion of the department, be included in the same authority and issue or issues of bonds, and the department is hereby authorized to pledge the gross revenues derived from the operation of any such toll bridge under its control and jurisdiction to pay the principal and interest on bonds issued to pay the cost of purchasing, acquiring, or constructing any such toll bridge financed under the provisions of this chapter. The department is hereby granted wide discretion, in connection with the financing of the cost of any toll bridge, to pledge the gross revenues of a single toll bridge for the payment of bonds and interest thereon issued to pay the cost of such bridge and to pledge the gross revenues of two or more toll bridges to pay bonds issued to pay the cost of one or more toll bridges and interest thereon as long as the several bridges included herein are not more than ten miles apart.

In addition, if the department in its discretion determines that the construction of a toll bridge cannot be financed entirely through revenue bonds and that the construction of such toll bridge is necessary, the department may advance funds from the primary highway fund to pay for that part of the construction cost, including the cost of approaches and all incidental costs, which is not paid out of the proceeds of revenue bonds. However, said funds advanced from the primary highway fund shall be used only to pay the construction cost, including the cost of approaches and all incidental costs, with respect to that part of the bridge which is or will be located within the state of Iowa. After all revenue bonds and interest thereon issued and sold pursuant to this chapter and payable from the tolls and revenues of said bridge have been fully paid and redeemed or funds sufficient to pay said bonds and interest, including premium, if any, have been set aside and pledged for that purpose, then such amount advanced from the primary road fund shall be repaid to the primary road fund from the tolls and revenues of said bridge before said bridge is made a toll free bridge under the provisions of this chapter.

[C71, 73, 75, 77, 79, 81, §313A.7]

313A.8 Right of way secured.
Whenever the department shall authorize the construction of any toll bridge, the department is empowered to secure rights of way therefor and for approaches thereto by gift or purchase or by condemnation in the manner provided by law for the taking of private property for public purposes.

[C71, 73, 75, 77, 79, 81, §313A.8]

313A.9 Consent to cross state property.
The right of way is hereby given, dedicated, and set apart upon which to locate, construct, and maintain toll bridges or approaches thereto or other highway crossings, and transportation facilities thereof or thereto, through, over or across any of the lands which are now or may be the property of this state, including highways; and through, over, or across the streets, alleys, lanes, and roads within any city, county, or other political subdivision of the state. If any property belonging to any city, county or other political subdivision of the state is required to be taken for the construction of any such bridge or approach thereto or should any such property be injured or damaged by such construction, such compensation therefor as may be proper or necessary and as shall be agreed upon may be paid by the department to the particular county, city or other political subdivision of the state owning such property, or condemnation proceedings may be brought for the determination of such compensation.

[C71, 73, 75, 77, 79, 81, §313A.9]

313A.10 Resolution precedent to action.
Before the department shall proceed with any action to secure right of way or with the construction of any toll bridge under the provisions of this chapter, it shall first pass a resolution finding that public interest and necessity require the acquisition of right of way for and the construction of such toll bridge. Such resolution shall be conclusive evidence of the public necessity of such construction and that such property is necessary therefor. To aid the department in determining the public interest, a public hearing shall be held in the county or counties of this state in which any portion of a bridge is proposed to be located. Notice of such hearing shall be published at least once in a newspaper published and having a general circula-
tion in the county or counties where such bridge is proposed to be located, not less than twenty days prior to the date of the hearing. When it becomes necessary for the department to condemn any real estate to be used in connection with any such bridge, or to condemn any existing bridge, such condemnation shall be carried out in a manner consistent with the provisions of chapters 471 and 472. In eminent domain proceedings to acquire property for any of the purposes of this chapter, any bridge, real property, personal property, franchises, rights, easements, or other property or privileges appertaining thereto appropriated or dedicated to a public use or purpose by any person, firm, private, public or municipal corporation, county, city, district or any political subdivision of the state, may be condemned and taken, and the acquisition and use thereof as herein provided for the same public use or purpose to which such property has been so appropriated or dedicated, or for any other public use or purpose, shall be deemed a superior and permanent right and necessity, and a more necessary use and purpose than the public use or purpose to which such property has already been appropriated or dedicated, and any condemnation award may be paid from the proceeds of revenue bonds issued under the provisions of this chapter.

[C71, 73, 75, 77, 79, 81, §313A 10]

313A.11 Payment from available funds.

If the department determines that any toll bridge should be constructed or acquired under its authority, all costs thereof, including land, right of way, surveying, engineering, construction, legal and administrative expenses, and fees of any fiscal adviser, shall be paid out of any funds available for payment of the cost of the bridge.

[C71, 73, 75, 77, 79, 81, §313A 11]

313A.12 Revenue bonds.

The department is hereby authorized and empowered to issue revenue bonds for the acquisition, purchase or construction of any interstate bridge. Any and all bonds issued by the department for the acquisition, purchase, or construction of any interstate bridge under the authority of this chapter shall be issued in the name of the department and shall constitute obligations only of the department, shall be identified by some appropriate name, and shall contain a recital on the face thereof that the payment or redemption of said bonds and the payment of the interest thereon are secured by a direct charge and lien upon the tolls and other revenues of any nature whatever received from the operation of the particular bridge for the acquisition, purchase, or construction of which the bonds are issued and of such other bridge or bridges as may have been pledged therefor, and that neither the payment of the principal or any part thereof nor of the interest thereon or any part thereof constitutes a debt, liability, or obligation of the state of Iowa. When it is determined by the department to be in the best public interest, any bonds issued under the provisions of this chapter may be refunded and refinanced at a lower rate, the same rate or a higher rate or rates of interest and from time to time as often as the department shall find it to be advisable and necessary so to do. Bonds issued to refund other bonds theretofore issued by the department under the provisions of this chapter may either be sold in the manner hereinafter provided and the proceeds thereof applied to the payment of the bonds being refunded, or the refunding bonds may be exchanged for and in payment and discharge of the bonds being refunded. The refunding bonds may be sold or exchanged in installments at different times or an entire issue or series may be sold or exchanged at one time. Any issue or series of refunding bonds may be exchanged in part or sold in part in installments at different times or at one time. The refunding bonds may be sold at any time on, before, or after the maturity of any of the outstanding bonds to be refinanced thereby and may be issued for the purpose of refunding a like or greater principal amount of bonds, except that the principal amount of the refunding bonds may exceed the principal amount of the bonds to be refunded to the extent necessary to pay any premium due on the call of the bonds to be refunded or to fund interest in arrears or about to become due. The gross revenues of any toll bridge pledged to the payment of the bonds being refunded, together with the unpledged gross revenues of any other toll bridges located within ten miles of said bridge, may be pledged by the department to pay the principal of and interest on the refunding bonds and to create and maintain reserves therefor.

The department is empowered to receive and accept funds from the state of Iowa or the federal government or any other state upon a cooperative or other basis for the acquisition, purchase, or construction of any interstate bridge authorized under the provisions of this chapter and is empowered to enter into such agreements with the state of Iowa or any other state or the federal government as may be required for the securing of such funds.

The department is authorized and empowered to spend from annual primary road fund receipts sufficient moneys to pay the cost of operation, maintenance, insurance, collection of tolls and accounting therefor and all other charges incidental to the operation and maintenance of any toll bridge administered under the provisions of this chapter. However, said annual primary road fund receipts shall be used only to pay such costs and charges with respect to that part of the bridge which is located within the state of Iowa.

The department may also issue its revenue bonds to pay all or any part of the cost of acquiring two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, of completing the partially constructed bridge and of dismantling the bridge which it is designed to replace, and to impose and collect tolls on all of such bridges and to pledge the revenues derived therefrom to the payment of the bonds issued to finance such project. The department may also issue its revenue bonds to pay all or any part of the cost of reconstructing, completing, improving, repairing, or remodeling any interstate bridge or partially constructed bridge, impose and collect tolls, and pledge the bridge revenues to the payment of said bonds.

[C71, 73, 75, 77, 79, 81, §313A 12]

313A.13 Sale and exchange or retirement of bonds.

The revenue bonds may be issued and sold or exchanged by the department from time to time and in such amounts as it deems necessary to provide suffi-
icient funds for the acquisition, purchase, or construction of any such bridge and to pay interest on bonds issued for the construction of any toll bridge during the period of actual construction and for six months after completion thereof. The department is hereby authorized to adopt all necessary resolutions prescribing the form, conditions, and denominations of the bonds, the maturity dates therefor, and the interest rate or rates which the bonds shall bear. All bonds of the same issue need not bear the same interest rate. Principal and interest of the bonds shall be payable at such place or places within or without the state of Iowa as determined by the department, and the bonds may contain provisions for registration as to principal or interest, or both. Interest shall be payable at such times as determined by the department and the bonds shall mature at such times and in such amounts as the department prescribes. The department may provide for the retirement of the bonds at any time prior to maturity, and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds and any coupons attached thereto shall be signed by such officials of the department as the department may direct. Successive issues of such bonds within the limits of the original authorization shall have equal preference with respect to the payment of the principal thereof and the payment of interest thereon. The department may fix different maturity dates, serially or otherwise, for successive issues under any one original authorization. All bonds issued under the provisions of this chapter shall have all the qualities of negotiable instruments under the laws of the state of Iowa. All bonds issued and sold hereunder shall be sold to the highest and best bidder on the basis of sealed proposals received pursuant to a notice specifying the time and place of sale and the amount of bonds to be sold which shall be published at least once not less than seven days prior to the sale in a newspaper published in the state of Iowa and having a general circulation in said state. None of the provisions of chapter 75 shall apply to bonds issued under the provisions of this chapter but such bonds shall be sold upon terms of not less than par plus accrued interest. The department may reject any or all bids received at the public sale and may thereafter sell the bonds at private sale on such terms and conditions as it deems most advantageous to its own interests, but not at a price below that of the best bid received at the advertised sale. The department may enter into contracts and borrow money through the sale of bonds of the same character as those herein authorized, from the United States or any agency thereof, upon such conditions and terms as may be agreed to and the bonds shall be subject to all the provisions of this chapter, except that any bonds issued hereunder to the United States or any agency thereof need not first be offered at public sale. The department may also provide for the private sale of bonds issued under the provisions of this chapter to the state treasurer of Iowa upon such terms and conditions as may be agreed upon, and in such event said bonds need not first be offered at public sale. Temporary or interim bonds, certificates, or receipts, of any denomination, and with or without coupons attached, signed by such official as the department may direct, may be issued and deliv-

ered until the definitive bonds are executed and available for delivery.
[C71, 73, 75, 77, 79, 81, §313A.13]

313A.14 Proceeds in trust fund.
The proceeds from the sale of all bonds authorized and issued under the provisions of this chapter shall be deposited by the department in a fund designated as the construction fund of the particular interstate bridge or bridges for which such bonds were issued and sold, which fund shall not be a state fund and shall at all times be kept segregated and set apart from all other funds and in trust for the purposes herein set out. Such proceeds shall be paid out or disbursed solely for the acquisition, purchase, or construction of such interstate bridge or bridges and expenses incident thereto, the acquisition of the necessary lands and easements therefor and the payment of interest on such bonds during the period of actual construction and for a period of six months thereafter, only as the need therefor shall arise and the department may agree with the purchaser of said bonds upon any conditions or limitations restricting the disbursement of such funds that may be deemed advisable, for the purpose of assuring the proper application of such funds. All moneys in such fund and not required to meet current construction costs of the interstate bridge or bridges for which such bonds were issued and sold, and all funds constituting surplus revenues which are not immediately needed for the particular object or purpose to which they must be applied or are pledged may be invested in obligations issued or guaranteed by the United States or by any person controlled by or supervised by and acting as an instrumentality of the United States pursuant to authority granted by the Congress of the United States; provided, however, that the department may provide in the proceedings authorizing the issuance of said bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment and such provisions shall thereupon be binding upon the department and all officials having anything to do with such investment. Any surplus which may exist in said construction fund shall be applied to the retirement of bonds issued for the acquisition, purchase, or construction of any such interstate bridge by purchase or call and, in the event such bonds cannot be purchased at a price satisfactory to the department and are not by their terms callable prior to maturity, such surplus shall be paid into the fund applicable to the payment of principal and interest of said bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying such surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called and such limitations and conditions shall be followed and observed in the application and use of such surplus. All bonds so retired by purchase or call shall be immediately canceled.
[C71, 73, 75, 77, 79, 81, §313A.14]

313A.15 Toll revenue fund.
All tolls or other revenues received from the operation of any toll bridge acquired, purchased, or constructed with the proceeds of bonds issued and sold
hereunder shall be deposited by the department to the credit of a special trust fund to be designated as the toll revenue fund of the particular toll bridge or toll bridges producing such tolls or revenue, which fund shall be a trust fund and shall at all times be kept segregated and set apart from all other funds.

[C71, 73, 75, 77, 79, 81, §313A 15]

§313A.16 Funds transferred to place of payment.

From the money so deposited in each separate construction fund as heretofore provided, at the direction of the department there shall be transferred to the place or places of payment named in said bonds such sums as may be required to pay the interest as it becomes due on all bonds issued and outstanding for the construction of such particular toll bridge or toll bridges during the period of actual construction and during the period of six months immediately thereafter. The department shall thereafter transfer from each separate toll revenue fund to the place or places of payment named in the bonds for which said revenues have been pledged such sums as may be required to pay the interest on said bonds and redeem the principal thereof as such interest and principal become due. All funds so transferred for the payment of principal of or interest on bonds issued for any particular toll bridge or toll bridges shall be segregated and applied solely for the payment of said principal or interest. The proceeds authorizing the issuance of the bonds may provide for the setting up of a reserve fund or funds out of the tolls and other revenues not needed for the payment of principal and interest, as the same currently matures, and for the preservation and continuance of such fund in a manner to be provided therein, and such proceedings may also require the immediate application of all surplus moneys in such toll revenue fund to the retirement of such bonds prior to maturity, by call or purchase, in such manner and upon such terms and the payment of such premiums as may be deemed advisable in the judgment of the department. The moneys remaining in each separate toll revenue fund after providing the amount required for the payment of principal of and interest on bonds as heretofore provided, shall be held and applied as provided in the proceedings authorizing the issuance of said bonds. In the event the proceedings authorizing the issuance of said bonds do not require surplus revenues to be held or applied in any particular manner, they shall be utilized and used for such other purposes incidental to the construction, operation, and maintenance of any toll bridge as the department may determine and as permitted under sections 313A 7 and 313A 12.

[C71, 73, 75, 77, 79, 81, §313A 16]

§313A.17 Warrants for payment.

Warrants for payments to be made on account of such bonds shall be drawn by the department on duly approved vouchers. Moneys required to meet the costs of purchase or construction and all expenses and costs incidental to the acquisition, purchase, or construction of any particular interstate bridge or to meet the costs of operating, maintaining, and repairing the same, shall be paid by the department from the proper fund therefor upon duly approved vouchers. All interest received or earned on money deposited in each and every fund herein provided for shall be credited to and become a part of the particular fund upon which said interest accrues.

[C71, 73, 75, 77, 79, 81, §313A 17]

§313A.18 Depositaries or paying agents.

The department may provide in the proceedings authorizing the issuance of bonds or may otherwise agree with the purchasers of bonds regarding the deposit of all moneys constituting the construction fund and the toll revenue fund and provide for the deposit of such money at such times and with such depositaries or paying agents and upon the furnishing of such security as may meet with the approval of the purchasers of such bonds.

[C71, 73, 75, 77, 79, 81, §313A 18]

§313A.19 Expenses of department.

Notwithstanding any provision contained in this chapter, the proceeds received from the sale of bonds and the tolls or other revenues received from the operation of any toll bridge may be used to defray any expenses incurred by the department in connection with and incidental to the issuance and sale of bonds for the acquisition, purchase, or construction of any such toll bridge including expenses for the preparation of surveys and estimates, legal, fiscal, and administrative expenses, and the making of such inspections and examinations as may be required by the purchasers of such bonds, provided, that the proceedings authorizing the issuance of such bonds may contain appropriate provisions governing the use and application of said bond proceeds and toll or other revenues for the purposes herein specified.

[C71, 73, 75, 77, 79, 81, §313A 19]

§313A.20 No diminution of duties while bonds outstanding.

While any bonds issued by the department remain outstanding, the powers, duties or existence of the department or of any other official or agency of the state shall not be diminished or impaired in any manner that will affect adversely the interests and rights of the holders of such bonds. The holder of any bond may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon any state department, official, or employee or imposed upon the department or its officers, agents, and employees in connection with the acquisition, purchase, construction, maintenance, operation, and insurance of any bridge and in connection with the collection, deposit, investment, application, and disbursement of all tolls and other revenues derived from the operation and use of any bridge and in connection with the deposit, investment, and disbursement of the proceeds received from the issuance of bonds, provided, that the enumeration of such rights and remedies herein shall not be deemed to exclude the exercise or prosecution of any other rights or remedies by the holders of such bonds.

[C71, 73, 75, 77, 79, 81, §313A 20]

§313A.21 Insurance or indemnity bond.

When any toll bridge authorized hereunder is being built by the department it may carry or cause to be carried such an amount of insurance or indemnity bond or bonds as protection against loss or damage as
it may deem proper. The department is hereby further empowered to carry such an amount of insurance to cover any accident or destruction in part or in whole to any toll bridge. All moneys collected on any indemnity bond or insurance policy as the result of any damage or injury to any such toll bridge shall be used for the purpose of repairing or rebuilding of any such toll bridge as long as there are revenue bonds against any such structure outstanding and unredeemed. The department is also empowered to carry insurance or indemnity bonds insuring against the loss of tolls or other revenues to be derived from any such toll bridge by reason of any interruption in the use of such toll bridge from any cause whatever, and the proceeds of such insurance or indemnity bonds shall be paid into the fund into which the tolls and other revenues of the bridge thus insured are required to be paid and shall be applied to the same purposes and in the same manner as other moneys in the said fund. Such insurance or indemnity bonds may be in an amount equal to the probable tolls and other revenues to be received from the operation of such toll bridge during any period of time that may be determined upon by the department and fixed in its discretion, and be paid for out of the toll revenue fund as may be specified in said proceedings. The department may provide in the proceedings authorizing the issuance of bonds for the carrying of insurance as authorized by this chapter and the purchase and carrying of insurance as authorized by this chapter shall thereupon be obligatory upon the department and be paid for out of the toll revenue fund as may be specified in said proceedings.

[C71, 73, 75, 77, 79, 81, §313A.21]

### 313A.22 Toll charges fixed by department.

The department is hereby empowered to fix the rates of toll and other charges for all interstate bridges acquired, purchased, or constructed under the terms of this chapter. Toll charges so fixed may be changed from time to time as conditions may warrant. The department in establishing toll charges shall give due consideration to the amount required annually to pay the principal of and interest on bonds payable from the revenues thereof. The tolls and charges shall be at all times fixed at rates sufficient to pay the bonds and interest as they mature, together with the creation and maintenance of bond reserve funds and other funds as established in the proceedings authorizing the issuance of the bonds, for any particular toll bridge. The amounts required to pay the principal of and interest on bonds shall constitute a charge and lien on all such tolls and other revenues and interest thereon, and sinking funds created therefrom received from the use and operation of said toll bridge, and the department is hereby authorized to pledge a sufficient amount of said tolls and revenues for the payment of bonds issued under the provisions of this chapter and interest thereon and to create and maintain a reserve therefor. Such tolls and revenues, together with the interest earned thereon, shall constitute a trust fund for the security and payment of such bonds and shall not be used or pledged for any other purpose as long as such bonds or any of them are outstanding and unpaid.

[C71, 73, 75, 77, 79, 81, §313A.22]

### 313A.23 Political subdivision may aid.

Whenever a proposed interstate bridge is to be acquired, purchased or constructed, any city, county, or other political subdivision located in relation to such facility so as to benefit directly or indirectly thereby, may, either jointly or separately, at the request of the department advance or contribute money, rights of way, labor, materials, and other property toward the expense of acquiring, purchasing or constructing the bridge, and for preliminary surveys and the preparation of plans and estimates of cost thereof and other preliminary expenses. Any such city, county, or other political subdivision may, either jointly or separately, at the request of the department advance or contribute money for the purpose of guaranteeing the payment of interest or principal on the bonds issued by the department to finance the bridge. Appropriations for such purposes may be made from any funds available, including county road funds received from or credited by the state, or funds obtained by excess tax levies made pursuant to law or the issuance of general obligation bonds for this purpose. Money or property so advanced or contributed may be immediately transferred or delivered to the department to be used for the purpose for which contribution was made. The department may enter into an agreement with a city, county, or other political subdivision to repay any money or the value of a right of way, labor, materials or other property so advanced or contributed. The department may make such repayment to a city, county, or other political subdivision and reimburse the state for any expenditures made by it in connection with the bridge out of tolls and other revenues for the use of the bridge.

[C71, 73, 75, 77, 79, 81, §313A.23]

### 313A.24 Sale of excess land to political subdivisions.

If the department deems that any land, including improvements thereon, is no longer required for toll bridge purposes and that it is in the public interest, it may negotiate for the sale of such land to the state or to any city, county, or other political subdivision or municipal corporation of the state. The department shall certify the agreement for the sale to the state executive council, with a description of the land and the terms of the sale and the state executive council may execute the deed and deliver it to the grantee.

[C71, 73, 75, 77, 79, 81, §313A.24]

### 313A.25 Sale to public.

If the department is of the opinion that any land, including improvements thereon, is no longer required for toll bridge purposes, it may be offered for sale upon publication of a notice once each week for two consecutive weeks in a newspaper published and having a general circulation throughout the state of Iowa, specifying the time and place fixed for the receipt of bids.

[C71, 73, 75, 77, 79, 81, §313A.25]

### 313A.26 Acceptance or rejection of bids.

The department may reject all such bids if the highest bid does not equal the reasonable fair market value of the real property, plus the value of the improvements thereon, computed on the basis of the reproduction value less depreciation. The department may accept the highest and best bid, and certify the agreement for the sale to the state executive council, with
§313A.26  
a description of the land and the terms of the sale and  
the state executive council shall execute the deed and  
deliver it to the grantee.  
[C71, 73, 75, 77, 79, 81, §313A.26]  

313A.27 Franchises for use of bridge.  
If the department deems it consistent with the use  
and operation of any toll bridge, the department may  
grant franchises to persons, firms, associations, private  
or municipal corporations, the United States govern­  
ment or any agency thereof, to use any portion of  
the property of any toll bridge, including approaches  
thereto, for the construction and maintenance of  
water pipes, flumes, gas pipes, telephone, telegraph  
electric light and power lines and conduits, trams  
or railways, and any other such facilities in the manner  
of granting franchises on state highways.  
[C71, 73, 75, 77, 79, 81, §313A.27]  

313A.28 Deposit of proceeds.  
Any moneys received pursuant to the provisions of  
sections 313A.24 through 313A.27 shall be deposited  
by the department into the separate and proper trust  
fund established for the bridge.  
[C71, 73, 75, 77, 79, 81, §313A.28]  

313A.29 Tolls imposed for improving other bridges.  
The department shall have the right to impose and  
reimpose tolls for pedestrian or vehicular traffic over  
any interstate bridges under its control and jurisdict­  
ion for the purpose of paying the cost of reconstruc­  
ting and improving existing bridges and their  
approaches, purchasing existing bridges, and con­  
structing new bridges and approaches, provided that  
any such existing bridge or new bridge is located with­  
in ten miles of the bridge on which tolls are so imposed  
or reimposed, to pay interest on and create a sinking  
fund for the retirement of revenue bonds issued for the  
account of such projects and to pay any and all costs  
and expenses incurred by the department in connec­  
tion with and incidental to the issuance and sale of  
bonds and for the preparation of surveys and esti­  
mates and to establish the required interest reserves  
for and during the estimated construction period and  
for six months thereafter.  
[C71, 73, 75, 77, 79, 81, §313A.29]  

313A.30 Bridges as part of primary roads.  
The bridges herein provided for may be incorpora­  
ted into the primary road system as toll free bridges  
whenever the costs of the construction of the bridges  
and the approaches thereto and the reconstruction  
and improvement of existing bridges and approaches  
thereto, including all incidental costs, have been paid  
and when all revenue bonds and interest thereon issued  
and sold pursuant to this chapter and payable from the  
tolls and revenues thereof shall have been fully paid and  
redeemed or funds sufficient to pay said bonds and interest, including premium, if any, have been set aside and pledged for that purpose. However, tolls may again be imposed as provided in section 313A.29.  
[C71, 73, 75, 77, 79, 81, §313A.30]  

313A.31 Revenue bonds.  
The department shall have the power and is hereby  
authorized by resolution to issue, sell, or pledge its  
revenue bonds in an amount sufficient to provide funds to pay all or any part of the costs of construction of a new bridge and approaches thereto and the reconstruction, improvement, and maintaining of an existing bridge and approaches thereto, including all costs of survey, acquisition of right of way, engineering, legal, fiscal and incidental expenses, to pay the interest due thereon during the period beginning with the date of issue of the bonds and ending at the expiration of six months after the first imposition and collection of tolls from the users of said bridges, and all costs incidental to the issuance and sale of the bonds.  
Except as may be otherwise specifically provided by statute, all of the other provisions of this chapter shall govern the issuance and sale of revenue bonds issued under this section, the execution thereof, the disbursement of the proceeds of issuance thereof, the interest rate or rates thereon, their form, terms, conditions, covenants, negotiability, denominations, maturity date or dates, the creation of special funds or accounts safeguarding and providing for the payment of the principal thereof and interest thereon, and their manner of redemption and retirement.  
Such bonds shall include a covenant that the payment of the principal thereof and the interest thereon are secured by a first and direct charge and lien on all of the tolls and other gross revenues received from the operation of said toll bridges and from any interest which may be earned from the deposit or investment of any such revenues.  
The tolls and charges shall be at all times fixed at rates sufficient to pay the bonds and interest as they mature, together with the creation and maintenance of bond reserve funds and other funds as established in the proceedings authorizing the issuance of the bonds.  
[C71, 73, 75, 77, 79, 81, §313A.31]  

313A.32 Operation and control of bridge.  
The department is hereby authorized to operate and  
to assume the full control of said toll bridges and each  
portion thereof whether within or without the borders  
of the state of Iowa, with full power to impose and  
collect tolls from the users of such bridges for the  
purpose of providing revenues at least sufficient to pay  
the cost and incidental expenses of construction and  
acquisition of said bridges and approaches in both  
states in which located and for the payment of the  
principal and interest on its revenue bonds as au­  
thorized by this chapter.  
[C71, 73, 75, 77, 79, 81, §313A.32]  

313A.33 No obligation of state.  
Under no circumstances shall any bonds issued  
under the terms of this chapter be or become or be  
construed to constitute a debt of or charge against the  
state of Iowa within the purview of any constitutional or statutory limitation or provision. No taxes, appropriations or other funds of the state of Iowa may be pledged for or used to pay such bonds or the interest thereon, but any such bonds shall be payable solely and only as to both principal and interest from the tolls and revenues derived from the operation of any toll bridge or toll bridges acquired, purchased, or constructed under this chapter, and the sole remedy for any breach or default of the terms of any such bonds.
or proceedings for their issuance shall be a proceeding either in law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by this chapter and the terms of the resolution under which such bonds are issued.

4. A provision that all acts pertaining to the design and construction of such toll bridges may be done and performed by the department and that any and all contracts for the construction of such toll bridges shall be awarded in the name of the department.

A provision that the state of Iowa and adjoining state and all governmental agencies or subdivisions party to such agreement shall be reimbursed out of the proceeds of the sale of such bonds or out of tolls and revenues as herein allowed for any advances they may have made or expenses they may have incurred for any of the purposes for which said revenue bonds may be issued, after duly verified itemized statements of such advances and expenses have been submitted to and been approved by all parties to such agreement.

6. A provision that when all outstanding indebtedness or other obligations payable from the revenues of such bridges have been paid the adjoining state agrees to accept ownership of that portion of the bridge within such state and agrees to pay the cost of maintaining such portions of the bridge or proportionate share of the total cost of maintaining the bridge.

[C71, 73, 75, 77, 79, 81, §313A.39]
314.1 Bidders' statements of qualifications — basis for awarding contracts.

The agency having charge of the receipt of bids and the award of contracts for the construction, reconstruction, improvement, repair or maintenance of any highway, may require, for any highway contract letting, that each bidder shall file with said agency a statement showing the bidder's financial standing, equipment, and experience in the execution of like or similar work. Said statements shall be on standard forms prepared by the department and shall be filed with said agency previous to the letting at which such bidder expects to bid. The agency may, in advance of the letting, notify the bidder as to the amount and the nature of the work for which the bidder is deemed qualified to bid.

In the award of contracts for the construction, reconstruction, improvement, repair or maintenance of any highway, the agency having charge of awarding such contracts shall give due consideration not only to the prices bid but also to the mechanical or other equipment and the financial responsibility and experience in the performance of like or similar contracts. The agency may reject any or all bids, or may let by private contract or build by day labor, at a cost not in excess of the lowest bid received. Upon the completion of any contract or project on either the farm-to-market road fund or the primary road fund, or from the primary road fund, as the case may be, such vouchers shall be forwarded to the director of revenue and finance, who shall draw warrants therefor and said warrants shall be paid by the treasurer of revenue and finance, who shall draw warrants therefor and said warrants shall be paid by the treasurer of the state from the farm-to-market road fund or, if the primary road fund is insufficient, the primary road fund shall be itemized on voucher forms prepared for that purpose, certified to by the claimants and by the engineer in charge, and then forwarded to the agency in charge of that highway for final audit and approval.

Claims payable from the farm-to-market road fund shall be approved by both the board of supervisors and the department. Upon approval by the department of vouchers which are payable from the farm-to-market road fund, or from the primary road fund, as the case may be, such vouchers shall be forwarded to the director of revenue and finance, who shall draw warrants therefor and said warrants shall be paid by the treasurer of the state from the farm-to-market road fund or, if the primary road fund is insufficient, the primary road fund shall be itemized on voucher forms prepared for that purpose, certified to by the claimants and by the engineer in charge, and then forwarded to the agency in charge of that highway for final audit and approval.

Claims payble from the farm-to-market road fund shall be itemized on voucher forms prepared for that purpose, certified to by the claimants and by the engineer in charge, and then forwarded to the agency in charge of that highway for final audit and approval.

314.2 Interest in contract prohibited.

No state or county official or employee, elective or appointive shall be directly or indirectly interested in any contract for the construction, reconstruction, improvement or maintenance of any highway, bridge or culvert, or the furnishing of materials therefor. The letting of a contract in violation of the foregoing provisions shall invalidate the contract and such violation shall be a complete defense to any action to recover any consideration due or earned under the contract at the time of its termination.

314.3 Claims — approval and payment.

All claims for construction, reconstruction, improvement, repair, or maintenance on any highway shall be itemized on voucher forms prepared for that purpose, certified to by the claimants and by the engineer in charge, and then forwarded to the agency in charge of that highway for final audit and approval. Claims payable from the farm-to-market road fund shall be approved by both the board of supervisors and the department. Upon approval by the department of vouchers which are payable from the farm-to-market road fund, or from the primary road fund, as the case may be, such vouchers shall be forwarded to the director of revenue and finance, who shall draw warrants therefor and said warrants shall be paid by the treasurer of the state from the farm-to-market road fund or, if the primary road fund is insufficient, the primary road fund shall be itemized on voucher forms prepared for that purpose, certified to by the claimants and by the engineer in charge, and then forwarded to the agency in charge of that highway for final audit and approval.

314.4 Partial payments.

Partial payments may be made on highway contract work during the progress thereof, but no such partial...
payment shall be deemed final acceptance of the work
nor a waiver of any defect therein. The approval of any
claim by the agency in control of the work, or highway
on which the work is located, may be evidenced by the
signature of the chairperson of said agency, or of a
majority of the members of said agency, on the indi-
vidual claims or on the abstract of a number of claims
with the individual claims attached to said abstract.
§314.7 Trees — ingress or egress — drainage.
The phrase "subject to the approval of the council"
as it appears in this section, shall be construed as
authorizing the council to consider said proposed im-
provement only in its relationship to municipal im-
provements such as sewers, water lines, establishing
grades, change of established street grades, sidewalks
and other public improvements. The locations of such
road extensions shall be determined by the agency in
control of such road or road system.

314.8 Government markers preserved.
Whenever it may become necessary in grading the
highways to make a cut which will disturb, or fill which
will cover up, a government or other established corner
or land monument, it shall be the duty of the engineer
to establish permanent witness corners or monu-
ments, and make a record of the same, which shall
show the distance and direction the witness corner is
from the corner disturbed or covered up. When said
construction work is completed the engineer shall per-
manently re-establish said corner or monument. A
failure to perform said duties shall subject the engineer
to a fine of not less than ten dollars nor more than fifty
dollars to be collected on the engineer's bond.

The agency in control of any highway or highway
system or the engineer, or any other authorized person
employed by said agency, may after thirty days' writ-
ten notice by restricted certified mail addressed to the
owner and also to the occupant, enter upon private
land for the purpose of making surveys, soundings,
drillings, appraisals and examinations as it deems ap-
propriate or necessary to determine the advisability or
practicability of locating and constructing a highway
thereon or for the purpose of determining whether
gravel or other material exists on said land of suitable
quality and in sufficient quantity to warrant the pur-
chase or condemnation of said land or part thereof.
Such entry, after notice, shall not be deemed a tres-
pass, and the agency may be aided by injunction to
insure peaceful entry. The agency shall pay actual
damages caused by such entry, surveys, soundings,
drillings, appraisals or examinations.
Any damage caused by such entry, surveys, sound-
ings, drillings, appraisals or examinations shall be de-
determined by agreement or in the manner provided for
the award of damages in condemnation of land for
highway purposes. No such soundings or drillings shall
be done within twenty rods of the dwelling house or
buildings on said land without written consent of
owner.

No discrimination shall be made in the use of such bridge as between such utilities. Joint use of telephone, telegraph, electric transmission or pipe lines may not be required. No grant to any public utility to use such bridge shall in any way interfere with the use of such bridge by the public for highway purposes.

§314.12 Borrow pits — topsoil preserved.

In the award of contracts for the construction, reconstruction, improvement, repair or maintenance of any highway, the agency having charge of awarding such contracts shall require that when fill dirt, soil or other materials are to be removed from borrow pits acquired by title or easement, whether by agreement or condemnation, for use in the project, adequate provision shall be made for the restoration of the borrow pit area, either by removal and replacement of a minimum of eight inches of topsoil, or by fertilizing, mulching, reseeding or other appropriate measures to provide vegetative cover or prevent erosion, except where a lake or subwater table conditions are designed, or where the area is zoned for commercial, industrial, or residential use, or where the borrow is in locations of white oak, sand, loess or undrainable clays. However, the department may also determine, on a case-by-case basis, that an individual who is not a member of one of the enumerated groups is socially and economically disadvantaged. A rebuttable presumption exists that individuals in the following groups are socially and economically disadvantaged:
      (1) “Black Americans” which includes persons having origins in any of the black racial groups of Africa.
      (2) “Hispanic Americans” which includes persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

2. Set-aside. Notwithstanding section 314.1, there may be set aside for bidding by prequalified disadvantaged business enterprises a percentage of the total annual dollar amount of public contracts let by the department. The annual dollar amount set aside for bidding by prequalified disadvantaged business enterprises shall not exceed ten percent of the total dollar amount of federal aid highway construction contracts let by the department and federal aid transit dollars administered by the department. The director may estimate the set-aside amount at the beginning of each fiscal year and a suit shall not be brought by any party as a result of this estimate. Set-aside contracts will be awarded to the lowest responsible prequalified disadvantaged business enterprise. This section shall not be construed as limiting the department’s right to refuse any or all disadvantaged business enterprise bids.

3 In order to prevent unjust enrichment or a duplication of payments to any condemnee, the courts of this state, when determining just compensation in condemnation proceedings, shall not allow any damages which duplicate any of the benefits provided under the provisions of this chapter [C71, §316.2]

316.3 Declaration of policy.

The purpose of this chapter is to establish a uniform policy for the fair and equitable treatment of persons displaced as a result of state and federally assisted highway projects in order that such persons shall not suffer disproportionate injuries as a result of programs designed for the benefit of the public as a whole. The general assembly declares that replacement housing for persons displaced by highway projects is a necessary and essential part of such highway projects. This chapter shall be known and may be cited as the "Highway Relocation Assistance Law" [C73, 75, 77, 79, 81, §316.3]

316.4 Moving and related expenses.

1 Whenever the acquisition of real property for a program or project undertaken by the department will result in the displacement of any person, the department shall make a payment to any displaced person, upon proper application as approved by such department, for

a Actual reasonable expenses in moving the person, the person's family, business, farm operation, or other personal property,

b Actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the department, and

c Actual reasonable expenses in searching for a replacement business or farm

2 Any displaced person eligible for payments under subsection 1 who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection 1 may receive a moving expense allowance, determined according to a schedule established by the department, not to exceed three hundred dollars, and a dislocation allowance of two hundred dollars

3 Any displaced person eligible for payments under subsection 1 who is displaced from the person's place of business or farm operation and who elects to accept the payment authorized by this subsection in lieu of the payment authorized by subsection 1, may receive a fixed payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall be not less than two thousand five hundred dollars nor more than ten thousand dollars. In the case of a business, no payment shall be made under this subsection unless the department is satisfied that the business cannot be relocated without a substantial loss of its existing patronage, and, is not a part of a commercial enterprise having at least one other establishment not being acquired for a highway project which is engaged in the same or similar business. For purposes of this subsection, the term "average annual net earnings" means one-half of any net earnings of the business or farm operation, before federal, state, and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project, or during such other period as the department determines to be more equitable for establishing such earnings, and includes any compensation paid by the business or farm operation to the owner, the owner's spouse, or the owner's dependents during such period [C71, §316.3, C73, 75, 77, 79, 81, §316.4]

1 In addition to payments otherwise authorized by this chapter, the department shall make an additional payment not in excess of fifteen thousand dollars to any displaced person who is displaced from a dwelling actually owned and occupied by such dis-
placed person for not less than one hundred eighty days prior to the initiation of negotiations for the acquisition of the property. Such additional payment shall include the following elements:

a. The amount, if any, which when added to the acquisition cost of the dwelling acquired by the department, equals the reasonable cost of a comparable replacement dwelling which is a decent, safe, and sanitary dwelling adequate to accommodate such displaced person, reasonably accessible to public services and places of employment and available on the private market. All determinations required to carry out this paragraph shall be made in accordance with administrative rules established by the department in making these additional payments.

b. The amount, if any, which will compensate such displaced person for any increased interest costs which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired by the department was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than one hundred and eighty days prior to the initiation of negotiations for the acquisition of such dwelling. Such amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

c. Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

2. The additional payment authorized by this section shall be made only to such a displaced person who purchases and occupies a replacement dwelling which is decent, safe, and sanitary not later than the end of the one-year period beginning on the date on which the person receives from the department final payment of all costs of the acquired dwelling, or on the date on which the person moves from the acquired dwelling, whichever is the later date.

[C71, §316.4(1), 316.5; C73, 75, 77, 79, 81, §316.5]

In addition to amounts otherwise authorized by this chapter, the department shall make a payment to or for any displaced person displaced from any dwelling not eligible to receive a payment under section 316.5 which dwelling was actually and lawfully occupied by such displaced person for not less than ninety days prior to the initiation of negotiations for acquisition of such dwelling. Such payment shall be either:

1. The amount necessary to enable such displaced person to lease or rent for a period not to exceed four years, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, and reasonably accessible to the person's place of employment, but not to exceed four thousand dollars, or

2. The amount necessary to enable such person to make a down payment, including incidental expenses described in section 316.5, subsection 1, paragraph "c", on the purchase of a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities, but not to exceed four thousand dollars, except that if such amount exceeds two thousand dollars, such person must equally match any such amount in excess of two thousand dollars, in making the down payment.

[C71, §316.4(2), 316.5; C73, 75, 77, 79, 81, §316.6]  

316.7 Relocation assistance advisory services.

1. Whenever the acquisition of real property for a highway project undertaken by the department will result in the displacement of any person, the department shall provide a relocation assistance advisory program for displaced persons which shall offer the services described in subsection 3. If the department determines that any person occupying property immediately adjacent to the real property acquired is caused substantial economic injury because of the acquisition, the department may offer such person relocation advisory services under such program.

2. The department shall co-operate to the maximum extent feasible with federal, state or local agencies to assure that such displaced persons receive the maximum assistance available to them.

3. Each relocation assistance advisory program required by subsection 1 shall include such measures, facilities, or services as may be necessary or appropriate in order to:
   a. Determine the need, if any, of displaced persons, for relocation assistance;
   b. Provide current and continuing information on the availability, prices, and rentals, of comparable decent, safe, and sanitary sales and rental housing, and of comparable commercial properties and locations for displaced businesses;
   c. Assure that, within a reasonable period of time, prior to displacement there will be available in areas not generally less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families and individuals displaced, decent, safe, and sanitary dwellings, as defined by the department, equal in number to the number of and available to such displaced persons who require such dwellings and reasonably accessible to their places of employment, except that the department may prescribe by departmental rules situations when such assurances may be waived;
   d. Assist a displaced person displaced from the person's business or farm operation in obtaining and becoming established in a suitable replacement location;
   e. Supply information concerning federal and state housing programs, and other federal or state programs offering assistance to displaced persons; and
   f. Provide other advisory services to displaced persons in order to minimize hardships to such persons in adjusting to relocation.

4. The department shall co-ordinate relocation activities with project work, and other planned or pro-
posed governmental actions in the community or nearby areas which may affect the carrying out of relocation assistance programs.

4. Any vehicle which does not meet the equipment requirements of this chapter due to the particular use for which it is designed or intended, may be registered by the department upon payment of appropriate fees and after inspection and certification by the department that the vehicle is not in an unsafe condition and will not endanger any person. A person is not required to have a certificate of title to register a vehicle under this subsection. If the owner elects to have a certificate of title issued for the vehicle, a fee of ten dollars shall be paid by the person making the application upon issuance of a certificate of title. If the department's inspection reveals that the vehicle may be safely operated only under certain conditions or on certain types of roads, the department may restrict the registration to limit operation of the vehicle to the appropriate conditions or roads. This subsection shall not apply to snowmobiles as defined in section 321G.1. Section 321.382 does not apply to a vehicle registered under this subsection which is operated exclusively by a handicapped person who has obtained a special identification device as provided in section 601E.6, providing the special identification device is carried in the vehicle and shown to any peace officer on request.

Upon receipt of the application for title and payment of the required fees for motor vehicle, trailer*, or semitrailer, the county treasurer shall, when satisfied as to the application's genuineness and regularity, and, in the case of a mobile home, that taxes are not owing under chapter 135D, issue a certificate of title and, except for a mobile home, a registration receipt and shall file the application, the manufacturer's or importer's certificate, certificate of title, or other evidence of ownership, as prescribed by the department. The registration receipt shall be delivered to the owner and shall contain upon its face the date issued, the name and address of the owner, the registration number assigned to the vehicle, the title number assigned to the owner of the vehicle, the amount of the fee paid, the amount of tax paid pursuant to section 423.7, type of fuel used and a description of the vehicle as determined by the department and upon the reverse side a form for notice of transfer of the vehicle. The county treasurer shall maintain in the county record system information contained on the registration receipt. The information shall be accessible by registration number and shall be open for public inspection during reasonable business hours. Copies the department requires shall be sent to the department in the manner and at the time the department directs. The certificate of title shall contain upon its face the identical information required upon the face of the registration receipt. In addition, the certificate of title shall contain a statement of the owner's title, the amount of tax paid pursuant to section 423.7, the name and address of the previous owner, and a statement of all security interests and encumbrances as shown in the application, upon the vehicle described including the nature of the security interest, date of notation and name and address of the secured party. The certificate shall bear the seal of the county treasurer, the signature of the county treasurer or that of the deputy county treasurer, and shall provide space for the signature of the owner. The owner shall sign the certificate of title in the space provided with pen and ink upon its receipt. The certificate of title shall contain upon the reverse side a form for assignment of title or interest and warranty by the owner, for reassignments by a licensed dealer and for application for a new certificate of title by the transferee as provided in this chapter. All certificates of title shall be typewritten or printed by other mechanical means. The original certificate of title shall be delivered to the owner if no security interest or encumbrance appears thereon. Otherwise the certificate of title shall be delivered by the county treasurer to the person holding the first security interest or encumbrance as shown in the certificate. The county treasurer shall maintain in the county records system information contained on the certificate of title. The information shall be accessible by title certificate number for a period of three years from the date of notification of cancellation of title or that a new title has been issued as provided in this chapter. Copies the department requires shall be sent to the department in the manner and at the time the department directs. The department shall designate a uniform system of title numbers to indicate the county of issuance.

A vehicle shall be registered for the registration year. A vehicle registered for the first time in this state shall be registered for the remaining unexpired months of the registration year and pay a registration fee prorated for the remaining unexpired months of the registration year.
If the county treasurer or department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, the county treasurer or department may register the vehicle but shall as a condition of issuing a certificate of title and registration receipt, require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and either accompanied by the deposit of cash with the department or also executed by a person authorized to conduct a surety business in this state. The bond shall be in an amount equal to one and one half times the current value of the vehicle as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of title of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, and any deposit accompanying it, shall be returned at the end of three years or prior thereto if the vehicle is no longer registered in this state and the county treasurer or department has been notified of the pendency of an action to recover on the bond.

325 §321.27

321.26 Multiple registration periods and adjustments.

1 There are established twelve registration periods for the registration of vehicles by the county treasurer. Each registration period shall commence on the first day of each calendar month following the month of the birth of the owner of the vehicle and end on the last day of the twelfth month.

2 The county treasurer may adjust the renewal or expiration date of vehicles when deemed necessary to equalize the number of vehicles registered in each twelve-month period or for the administrative efficiency of the county treasurer's office. The adjustment shall be accomplished by delivery of a written notice to the vehicle owner of the adjustment and allowance of a credit for the remaining months of the unused portion of the registration fee, rounded to the nearest whole dollar, which amount shall be deducted from the annual registration fee due at the time of registration. Upon receipt of the notification the owner shall, within thirty days, surrender the registration card and registration plates to the county treasurer of the county where the vehicle is registered, except that the registration plates shall not be surrendered if validation stickers or other emblems are used to designate the month and year of expiration of registration. Upon payment of the annual registration fee, less the credit allowed for the remaining months of the unused portion of the registration fee, the county treasurer shall issue a new registration card and registration plates, validation stickers, or emblems which indicate the month and year of expiration of registration.

3 Vehicles subject to registration which are owned by a person other than a natural person shall be registered for a registration year as determined by the county treasurer.

321.27 Implementation of twelve-month registration period.

To implement the change from calendar year registration to the system provided for in section 321.26, the vehicles registered by the county treasurer on or after December 1, 1983, shall be registered as follows:

1 Vehicle registrations which are not delinquent may be registered on or after December 1, 1983 up to and including January 31, 1984 without penalty. Registration fees paid on or after February 1, 1984 shall be subject to a penalty equal to five percent of the annual registration fee and an additional penalty of five percent shall be added the first day of each succeeding month, until the fee is paid.

2 Vehicles shall be registered for the registration year as defined in section 321.1, subsection 82. If the registration year of the vehicle is for a period of less than twelve months, the registration fee shall be prorated for the remaining unexpired months, except as provided in subsection 3.

3 The owner of a vehicle for which the registration year begins on February 1 may elect to register the vehicle for a period of one month or thirteen months. The owner of a vehicle for which the registration year begins on March 1 may elect to register the vehicle for a period of two months or fourteen months. The owner of a vehicle for which the registration year begins on April 1 may elect to register the vehicle for a period of three months or fifteen months.
4. When a registration fee computed contains a fractional part of a dollar, the fee shall be computed to the nearest whole dollar. However, the fee shall not be less than one dollar.

321.30 Grounds for refusing registration or title.
The treasurer shall refuse registration and issuance of a certificate of title or any transfer of title and registration upon any of the following grounds:

1. That the application contains any false or fraudulent statement or that the applicant has failed to furnish required information or reasonable additional information requested by the department or that the applicant is not entitled to registration and issuance of a certificate of title of the vehicle under this chapter.

2. That the vehicle is mechanically unfit or unsafe to be operated or moved upon the highways, providing such condition is revealed by a member of this department, or any peace officer.

3. That the treasurer has reasonable ground to believe that the vehicle is a stolen or embezzled vehicle or that the granting of registration and issuance of a certificate of title would constitute a fraud against the rightful owner.

4. That the registration of the vehicle stands suspended or revoked for any reason as provided in the motor vehicle laws of this state.

5. That the required fee has not been paid except as provided in section 321.48.

6. That the required use tax has not been paid.

7. If application for registration and certificate of title for a new vehicle is not accompanied by a manufacturer's or importer's certificate duly assigned.

8. If application for a transfer of registration and issuance of a certificate of title for a used vehicle registered in this state is not accompanied by a certificate of title duly assigned.

9. If application and supporting documents are insufficient to authorize the issuance of a certificate of title as provided by this chapter, except that an initial registration or transfer of registration may be issued as provided in section 321.23.

10. In the case of a mobile home, that taxes are owing under chapter 135D for a previous year.

11. In the case of a mobile home converted from real estate, real estate taxes which are delinquent.

The treasurer shall also refuse registration of any vehicle if the applicant for registration of such vehicle has failed to pay the required registration fees of any vehicle owned or previously owned when the registration fee was required to be paid by the applicant and for which vehicle the registration was suspended or revoked under the provisions of section 321.101, subsection 4, until such fees are paid together with any accrued penalties.

The records system shall also contain a record of the certificate of title including such information as the department deems necessary. The information to be kept in the records system shall be entered within forty-eight hours after receipt insofar as is practical. The records system shall constitute the permanent record of ownership of each vehicle titled under the laws of this state.

The department may make photostatic, microfilm, or other photographic copies of certificates of title, registration receipts, or other records, reports or documents which are required to be retained by the department. When copies have been made, the department may destroy the original records in such manner as prescribed by the director. The photostatic, microfilm, or other photographic copies, when no longer of use, may be destroyed in the manner prescribed by the director, subject to the approval of the state records commission. Photostatic, microfilm, or other photographic copies of records shall be admissible in evidence when duly certified and authenticated by the officer having custody and control of the copies of records. Records of vehicle certificates of title may be destroyed seven years after the date of issue.

2. County records system. Each county treasurer's office shall maintain a county records system for vehicle registration and certificate of title documents. The records system shall consist of information from the certificate of title including the notation and cancellation of security interests, information from the registration receipt, and such information shall be maintained by retention of one copy of the registration receipt in a registration number file and one copy of the title certificate in a title number file. In lieu of retaining one copy of the registration receipt and one copy of the title certificate, the information may be maintained in such other manner as may be approved by the department, provided such information is accessible by title certificate number and registration number.

The county treasurer may make photostatic, microfilm, or other photographic copies of certificates of
title, registration receipts, or other records, reports or documents which are required to be retained by the county treasurer. When copies of records have been made, the county treasurer may destroy the original records three years after they have been issued, in such manner as prescribed by the department. Records of vehicle certificates of title for vehicles that are delinquent for five or more consecutive years may be destroyed by the county treasurer. 1. Plates issued. The county treasurer upon receiving application, accompanied by proper fee, for registration of a vehicle shall issue to the owner one registration plate for a motorcycle, motorized bicycle, truck tractor, trailer, or semitrailer and two registration plates for every other motor vehicle. The registration plates, including special registration plates, shall be assigned to the owner of a vehicle. When the owner of a registered vehicle transfers or assigns ownership of the vehicle to another person, the owner shall remove the registration plates from the vehicle. The owner shall forward the plates to the county treasurer where the vehicle is registered or the owner may have the plates assigned to another vehicle within thirty days after transfer, upon payment of the fees required by law. The owner shall immediately affix registration plates retained by the owner to another vehicle owned or acquired by the owner, providing the owner complies with section 321.46. The department shall adopt rules providing for the assignment of registration plates to the transferee of a vehicle for which a credit is allowed under section 321.46, subsection 6.

2. Validation stickers. In lieu of issuing new registration plates each registration year for a vehicle renewing registration, the department may reassign the registration plates previously issued to the vehicle and may adopt and prescribe annual validation stickers indicating payment of registration fees. The department shall issue two validation stickers for each set of registration plates. One sticker shall specify the year of expiration of the registration period. The second sticker shall specify the month of expiration of the registration period and need not be reissued annually. The month of registration shall not be required on registration plates or validation stickers issued for vehicles registered under chapter 326. The stickers shall be displayed only on the rear registration plate, except that the stickers shall be displayed on the front registration plate of a truck-tractor.

The state department of transportation shall promulgate rules to provide for the placement of motor vehicle registration validation stickers on all registration plates issued for the motor vehicle when such validation stickers are issued in lieu of issuing new registration plates under the provisions of this section.

3. Radio operators plates. The owner of an automobile, light delivery truck, panel delivery truck, or pickup who holds an amateur radio license issued by the federal communications commission may, upon written application to the county treasurer accompanied by a fee of five dollars, order special registration plates bearing the call letters authorized the radio station covered by the person’s amateur radio license. When received by the county treasurer, such special registration plates shall be issued to the applicant in exchange for the registration plates previously issued to the person. Not more than one set of special registration plates may be issued to an applicant. Said fee shall be in addition to and not in lieu of the fee for regular registration plates. Special registration plates must be surrendered upon expiration of the owner’s amateur radio license and the owner shall thereupon be entitled to the owner’s regular registration plates. The county treasurer shall validate special plates in the same manner as regular registration plates, upon payment of five dollars in addition to the regular annual registration fee.

4. Multiyear plates. In lieu of issuing annual registration plates for trailers and semitrailers, the department may issue multiyear registration plates for a three-year period or a six-year period for trailers and semitrailers licensed under chapter 326 upon payment of the appropriate registration fee. The application shall be approved by the department and the special registration plates shall be issued to the applicant in exchange for the previous registration plates issued to the person. The fee for the special plates shall be five dollars which shall be in addition to the regular annual registration fee. The department shall validate the special plates in the same manner as regular registration plates are validated under this section at the regular annual registration fee. However, the special plates shall not be renewed without the applicant furnishing evidence to the department that the owner of the motor vehicle is still a handicapped or paraplegic person as defined in section 601E.1. The special registration plates shall be surrendered in exchange for regular registration plates when the owner of the motor vehicle no longer qualifies as a handicapped or paraplegic person as defined in section 601E.1.

Each applicant applying for special registration plates under this subsection may purchase only one set of registration plates under this subsection. The application is subject to approval by the department, in consultation with the adjutant general, and the special registration plates shall be issued to the applicant in exchange for the registration plates previously issued to the person. The special plates shall contain the letters "POW" and three numerals and are subject to an annual registration fee of fifteen dollars. The department shall validate the special plates in the same manner as regular registration plates are validated under this section.

The application shall be approved by the department, in consultation with the adjutant general, and the special registration plates shall be issued to the applicant in exchange for the registration plates previously issued to the person. The fee for the special plates shall be five dollars which shall be in addition to the regular annual registration fee.
