5. Subsequent to the entry of a permanency order

   e. The absence of a parent is due to the parent's admission or commitment to any institution, hospital, or health facility or due to active service in the state or federal armed forces.

DIVISION IX
INTERSTATE COMPACT ON PLACEMENT OF CHILDREN

232.158 Interstate compact on placement of children.
The interstate compact on the placement of children is hereby enacted into law and entered into with all other jurisdictions legally joining therein in form substantially as follows:

ARTICLE I — PURPOSE AND POLICY

It is the purpose and policy of the party states to co-operate with each other in the interstate placement of children to the end that:
   a. Each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.
   b. The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.
   c. The proper authorities of the state from which the placement is made may obtain the most complete information on the basis of which to evaluate a projected placement before it is made.
   d. Appropriate jurisdictional arrangements for the care of children will be promoted.

ARTICLE II — DEFINITIONS

As used in this compact:
   a. "Child" means a person who, by reason of minority, is legally subject to parental, guardianship or similar control.
   b. "Sending agency" means a party state, officer or employee thereof; a subdivision of a party state; a person, corporation, association, charitable agency or other entity which sends, brings, or causes to be sent or brought any child to another party state.
   c. "Receiving state" means the state to which a child is sent, brought, or caused to be sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons.
   d. "Placement" means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution, but not in an institution caring for the mentally ill, mentally defective, or epileptic, in an institution primarily educational in character, or in a hospital or other medical facility.

ARTICLE III — CONDITIONS FOR PLACEMENT

a. A sending agency shall not send, bring, or cause to be sent or brought into any other party state a child for placement in foster care or as a preliminary to a possible adoption unless the sending agency complies with every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children in the receiving state.
   b. Prior to sending, bringing or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring, or place the child in the receiving state. The notice shall contain:
      1. The name, date and place of birth of the child.
      2. The identity and address or addresses of the parents or legal guardian.
      3. The name and address of the person, agency or institution to or with which the sending agency proposes to send, bring or place the child.
      4. A full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.
c Any public officer or agency in a receiving state which is in receipt of a notice pursuant to paragraph "b" of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

d The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

ARTICLE IV — PENALTY FOR ILLEGAL PLACEMENT

The sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place, or care for children.

ARTICLE V — RETENTION OF JURISDICTION

a. The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

b. When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one or more services in respect of such case by the latter as agent for the sending agency.

c. Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state, nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in paragraph "a" hereof.

ARTICLE VI — INSTITUTIONAL CARE OF DELINQUENT CHILDREN

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to the child being sent to such other party jurisdiction for institutional care and the court finds that:

a. Equivalent facilities for the child are not available in the sending agency's jurisdiction, and

b. Institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

ARTICLE VII — COMPACT ADMINISTRATOR

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general co-ordinator of activities under this compact in the officer's jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE VIII — LIMITATIONS

This compact shall not apply to:

b. Any placement, sending or bringing of a child into a receiving state pursuant to any other interstate compact to which both the state from which the child is sent or brought and the receiving state are party, or to any other agreement between said states which has the force of law.

ARTICLE IX — ENACTMENT AND WITHDRAWAL

This compact shall be open to joinder by any state, territory or possession of the United States, the District of Columbia, the commonwealth of Puerto Rico, and, with the consent of Congress, the government of Canada or any province thereof. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

The “appropriate public authorities” as used in article III of the interstate compact on the placement of children shall, with reference to this state, mean the state department of human services.

As used in paragraph “a” of article V of the interstate compact on the placement of children, the phrase “appropriate authority in the receiving state” with reference to this state shall mean the state department of human services.

232.162 Authority to enter agreements.
The officers and agencies of this state and its subdivisions having authority to place children are hereby empowered to enter into agreements with appropriate officers or agencies of or in other party states pursuant to paragraph “b” of article V of the interstate compact on the placement of children. Any such agreement which contains a financial commitment or imposes a financial obligation on this state or subdivision or agency thereof shall not be binding unless it has the approval in writing of the administrator of family and children’s services in the case of the state and the county general relief director in the case of a subdivision of the state.

232.163 Visitation, inspection or supervision.
Any requirements for visitation, inspection or supervision of children, homes, institutions or other agencies in another party state which may apply under the provisions of this chapter shall be deemed to be met if performed pursuant to an agreement entered into by appropriate officers or agencies of this state or a subdivision thereof as contemplated by paragraph “b” of article V of the interstate compact on the placement of children.

DIVISION X
INTERSTATE COMPACT ON JUVENILES

232.171 Interstate juvenile compacts.
The state of Iowa through its courts and agencies is hereby authorized to enter into interstate compacts on juveniles in behalf of this state with any other contracting state which legally joins therein in substantially the following form.
The contracting states solemnly agree:

ARTICLE I — FINDINGS AND PURPOSES

That juveniles who are not under proper supervision and control, or who have absconded, escaped or run away, are likely to endanger their own health, morals and welfare, and the health, morals and welfare of others. The co-operation of the states party to this compact is therefore necessary to provide for the welfare and protection of juveniles and of the public with respect to
1. Co-operative supervision of delinquent juveniles on probation or parole;
2. The return, from one state to another, of delinquent juveniles who have escaped or absconded;
3. The return, from one state to another, of non-delinquent juveniles who have run away from home; and
4. Additional measures for the protection of juveniles and of the public, which any two or more of the party states may find desirable to undertake cooperatively. In carrying out the provisions of this compact the party states shall be guided by the noncriminal, reformatory and protective policies which guide their laws concerning delinquent, neglected or dependent juveniles generally. It shall be the policy of the states party to this compact to co-operate and observe their respective responsibilities for the prompt return and acceptance of juveniles and delinquent juveniles who become subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the foregoing purposes.

ARTICLE II — EXISTING RIGHTS AND REMEDIES

That all remedies and procedures provided by this compact shall be in addition to and not in substitution for other rights, remedies and procedures, and shall not be in derogation of parental rights and responsibilities.

ARTICLE III — DEFINITIONS

That, for the purposes of this compact, “delinquent juvenile” means any juvenile who has been adjudged delinquent and who, at the time the provisions of this compact are invoked, is still subject to the jurisdiction of the court that has made such adjudication or to the jurisdiction or supervision of an agency or institution pursuant to an order of such court; “probation or parole” means any kind of conditional release of juveniles authorized under the laws of the states party hereto; “court” means any court having jurisdiction over delinquent, neglected or dependent children; “state” means any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico; and “residence” or any variant thereof means a place at which a home or regular place of abode is maintained.

ARTICLE IV — RETURN OF RUNAWAYS

a. That the parent, guardian, person or agency entitled to legal custody of a juvenile who has not been adjudged delinquent but who has run away without the consent of such parent, guardian, person or agency may petition the appropriate court in the demanding state for the issuance of a requisition for the juvenile’s return. The petition shall state the name and age of the juvenile, the name of the petitioner and the basis of entitlement to the juvenile’s custody, the circumstances of the juvenile’s running away, the juvenile’s location if known at the time application is made, and such other facts as may tend to show that the juvenile who has run away is endangering the juvenile’s own welfare or the welfare of others and is not an emancipated minor. The petition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the document or documents on which the petitioner’s entitlement to the juvenile’s custody is based, such as birth certificates, letters of guardianship, or custody decrees. Such further affidavits and other documents as may be deemed proper may be submitted with such petition. The judge of the court to which this application is made may hold a hearing thereon to determine whether for the purposes of this compact the petitioner is entitled to the legal custody of the juvenile, whether or not it appears that the juvenile has in fact run away without consent, whether or not the juvenile is an emancipated minor, and whether or not it is in the best interest of the juvenile to compel the juvenile’s return to the state. If the judge determines, either with or without a hearing, that the juvenile should be returned, the judge shall present to the appropriate court or to the executive authority of the state where the juvenile is alleged to be located a written requisition for the return of such juvenile. Such requisition shall set forth the name and age of the juvenile, the determination of the court that the juvenile has run away without the consent of a parent, guardian, person or agency entitled to the juvenile’s legal custody, and that it is in the best interest and for the protection of such juvenile that the juvenile be returned. In the event that a proceeding for the adjudication of the juvenile as a delinquent, neglected or dependent juvenile is
pending in the court at the time when such juvenile runs away, the court may issue a requisition for the return of such juvenile upon its own motion, regardless of the consent of the parent, guardian, person or agency entitled to legal custody, reciting therein the nature and circumstances of the pending proceeding. The requisition shall in every case be executed in duplicate and shall be signed by the judge. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of such court. Upon the receipt of a requisition demanding the return of a juvenile who has run away, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing the officer or person to take into custody and detain such juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No juvenile detained upon such order shall be delivered over to the officer whom the court demanding the juvenile shall have appointed to receive the juvenile, unless the juvenile shall first be taken forthwith before a judge of a court in the state, who shall inform the juvenile of the demand made for the juvenile’s return, and who may appoint counsel or guardian ad litem for the juvenile. If the judge of such court shall find that the requisition is in order, the judge shall deliver such juvenile over to the officer whom the court demanding the juvenile shall have appointed to receive the juvenile. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a juvenile who has run away from another state party to this compact without the consent of a parent, guardian, person or agency entitled to the juvenile’s legal custody, such juvenile may be taken into custody without a requisition and brought forthwith before a judge of the appropriate court who may appoint counsel or guardian ad litem for such juvenile and who shall determine after a hearing whether sufficient cause exists to hold the person, subject to the order of the court, for the person’s own protection and welfare, for such a time not exceeding ninety days as will enable the person’s return to another state party to this compact pursuant to a requisition for the person’s return from a court of that state. If, at the time when a state seeks the return of a juvenile who has run away, there is pending in the state wherein the juvenile is found any criminal charge, or any proceeding to have the juvenile adjudicated a delinquent juvenile for an act committed in such state, or if the juvenile is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, the juvenile shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the juvenile being returned, shall be permitted to transport such juvenile through any and all states party to this compact, without interference. Upon the juvenile’s return to the state from which the juvenile ran away, the juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

b That the state to which a juvenile is returned under this Article shall be responsible for payment of the transportation costs of such return.

c That “juvenile” as used in this Article means any person who is a minor under the law of the state of residence of the parent, guardian, person or agency entitled to the legal custody of such minor.

ARTICLE V — RETURN OF ESCAPEES AND ABSCONDES

a That the appropriate person or authority from whose probation or parole supervision a delinquent juvenile has absconded or from whose institutional custody the delinquent juvenile has escaped shall present to the appropriate court or to the executive authority of the state where the delinquent juvenile is alleged to be located a written requisition for the return of such delinquent juvenile. Such requisition shall state the name and age of the delinquent juvenile, the particulars of the juvenile’s adjudication as a delinquent juvenile, the circumstances of the breach of the terms of the juvenile’s probation or parole or of the juvenile’s escape from an institution or agency vested with the juvenile’s legal custody or supervision, and the location of such delinquent juvenile, if known, at the time the requisition is made. The requisition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the judgment, formal adjudication, or order of commitment which subjects such delinquent juvenile to probation or parole or to the legal custody of the institution or agency concerned. Such further affidavits and other documents as may be deemed proper may be submitted with such requisition. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of the appropriate court. Upon the receipt of a requisition demanding the return of a delinquent juvenile who has absconded or escaped, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing the officer or person to take into custody and detain such delinquent juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No delinquent juvenile detained upon such order shall be delivered over to the officer whom the appropriate person or authority demanding the juvenile shall have appointed to receive the juvenile, unless the juvenile shall first be taken forthwith before a judge of an appropriate court in the state, who shall inform the juvenile of the demand made for the juvenile’s return and who may appoint coun-
sel or guardian ad litem for the juvenile. If the judge of such court shall find that the requisition is in order, the judge shall deliver such delinquent juvenile over to the officer whom the appropriate person or authority demanding the juvenile shall have appointed to receive the juvenile. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

Upon reasonable information that a person is a delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with the person's legal custody or supervision in any state party to this compact, such person may be taken into custody in any other state party to this compact without a requisition. But in such event, the person must be taken forthwith before a judge of the appropriate court, who may appoint counsel or guardian ad litem for such person and who shall determine, after a hearing, whether sufficient cause exists to hold the person subject to the order of the court for such a time, not exceeding ninety days, as will enable the person's detention under a detention order issued on a requisition pursuant to this Article. If, at the time when a state seeks the return of a delinquent juvenile who has either absconded while on probation or parole or escaped from an institution or agency vested with the juvenile's legal custody or supervision, there is pending in the state wherein the juvenile is detained any criminal charge or any proceeding to have the juvenile adjudicated a delinquent juvenile for an act committed in such state, or if the juvenile is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, the juvenile shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the delinquent juvenile being returned, shall be permitted to transport such delinquent juvenile through any and all states party to this compact, without interference. Upon the juvenile's return to the state from which the juvenile escaped or absconded, the delinquent juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

b. That the state to which a delinquent juvenile is returned under this Article shall be responsible for payment of the transportation costs of such return.

ARTICLE VI — VOluntary RETURN PROCEDURE

That any delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with the juvenile's legal custody or supervision in any state party to this compact, and any juvenile who has run away from any state party to this compact, who is taken into custody without a requisition in another state party to this compact under the provisions of Article IV "a" or of Article V "a", may consent to the juvenile's immediate return to the state from which the juvenile absconded, escaped or ran away. Such consent shall be given by the juvenile or delinquent juvenile and the juvenile's counsel or guardian ad litem, if any, by executing or subscribing a writing, in the presence of a judge of the appropriate court, which states that the juvenile or delinquent juvenile and the juvenile's counsel or guardian ad litem, if any, consent to the juvenile's return to the demanding state. Before such consent shall be executed or subscribed, however, the judge, in the presence of counsel or guardian ad litem, if any, shall inform the juvenile or delinquent juvenile of the juvenile's rights under this compact. When the consent has been duly executed, it shall be forwarded to and filed with the compact administrator of the state in which the court is located and the judge shall direct the officer having the juvenile or delinquent juvenile in custody to deliver the juvenile to the duly accredited officer or officers of the state demanding the juvenile's return, and shall cause to be delivered to such officer or officers a copy of the consent. The court may, however, upon the request of the state to which the juvenile or delinquent juvenile is being returned, order the juvenile to return unaccompanied to such state and shall provide the juvenile with a copy of such court order; in such event a copy of the consent shall be forwarded to the compact administrator of the state to which said juvenile or delinquent juvenile is ordered to return.

ARTICLE VII — CO-OPERATIVE SUPERVISION OF PROBATIONERS AND PAROLEES

a. That the duly constituted judicial and administrative authorities of a state party to this compact (herein called "sending state") may permit any delinquent juvenile within such state, placed on probation or parole, to reside in any other state party to this compact (herein called "receiving state") while on probation or parole, and the receiving state shall accept such delinquent juvenile, if the parent, guardian or person entitled to the legal custody of such delinquent juvenile is residing or undertakes to reside within the receiving state. Before granting such permission, opportunity shall be given to the receiving state to make such investigations as it deems necessary. The authorities of the sending state shall send to the authorities of the receiving state copies of pertinent court orders, social case studies and all other available information which may be of value to and assist the receiving state in supervising a probationer or parolee under this compact. A receiving state, in its discretion, may agree to accept supervision of a probationer or parolee in cases where the parent, guardian or person entitled to the legal custody of the delinquent juvenile is not a resident of the receiving state, and if so accepted the sending state may transfer supervision accordingly.

b. That each receiving state will assume the duties of visitation and of supervision over any such delinquent juvenile and in the exercise of those
§232.171, JUVENILE JUSTICE

That the duly constituted administrative authorities of a state party to this compact may enter into supplementary agreements with any other state or states party hereto for the co-operative care, treatment and rehabilitation of delinquent juveniles whenever they shall find that such agreements will improve the facilities or programs available for such care, treatment and rehabilitation. Such care, treatment and rehabilitation may be provided in an institution located within any state entering into such supplementary agreement. Such supplementary agreements shall

1. Provide the rates to be paid for the care, treatment and custody of such delinquent juveniles, taking into consideration the character of facilities, services and subsistence furnished.

2. Provide that the delinquent juvenile shall be given a court hearing prior to the juvenile being sent to another state for care, treatment and custody.

3. Provide that the state receiving such a delinquent juvenile in one of its institutions shall act solely as agent for the state sending such delinquent juvenile.

4. Provide that the sending state shall at all times retain jurisdiction over delinquent juveniles sent to an institution in another state.

5. Provide for reasonable inspection of such institutions by the sending state.

6. Provide that the consent of the parent, guardian, person or agency entitled to the legal custody of said delinquent juvenile shall be secured prior to the juvenile being sent to another state, and

7. Make provision for such other matters and details as shall be necessary to protect the rights and equities of such delinquent juveniles and of the cooperating states.

ARTICLE XI — ACCEPTANCE OF FEDERAL AND OTHER AID

That any state party to this compact may accept any and all donations, gifts and grants of money, equipment and services from the federal or any local government, or any agency thereof and from any person, firm or corporation, for any of the purposes and functions of this compact, and may receive and utilize the same subject to the terms, conditions and regulations governing such donations, gifts and grants.

ARTICLE XII — COMPACT ADMINISTRATORS

That the governor of each state party to this compact shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XIII — EXECUTION OF COMPACT

That this compact shall become operative immediately upon its execution by any state as between it
and any other state or states so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.

ARTICLE XIV — RENUNCIATION

That this compact shall continue in force and remain binding upon each executing state until renounced by it. Renunciation of this compact shall be by the same authority which executed it, by sending six months' notice in writing of its intention to withdraw from the compact to the other states party hereto. The duties and obligations of a renouncing state under Article VII hereof shall continue as to parolees and probationers residing therein at the time of withdrawal until retaken or finally discharged. Supplementary agreements entered into under Article X hereof shall be subject to renunciation as provided by such supplementary agreements, and shall not be subject to the six months' renunciation notice of the present Article.

ARTICLE XV — RENDITION AMENDMENT

a. This Article shall provide additional remedies, and shall be binding only as among and between those party states which specifically execute the same.

b. All provisions and procedures of Articles V and VI of the Interstate Compact on Juveniles shall be construed to apply to any juvenile charged with being a delinquent by reason of a violation of any criminal law. Any juvenile charged with being a delinquent by reason of violating any criminal law shall be returned to the requesting state upon a requisition to the state where the juvenile may be found. A petition in such case shall be filed in a court of competent jurisdiction in the requesting state where the violation of criminal law is alleged to have been committed. The petition may be filed regardless of whether the juvenile has left the state before or after the filing of the petition. The requisition described in Article V of the compact shall be forwarded by the judge of the court in which the petition has been filed.

OUT OF STATE CONFINEMENT AMENDMENT

a. Whenever the duly constituted judicial or administrative authorities in a sending state shall determine that confinement of a probationer or reconfined of a parolee is necessary or desirable, said officials may direct that the confinement or reconfined be in an appropriate institution for delinquent juveniles within the territory of the receiving state, such receiving state to act in that regard solely as agent for the sending state.

b. Escapees and absconders who would otherwise be returned pursuant to Article V of the compact may be confined or reconfined in the receiving state pursuant to this amendment. In any such case the information and allegations required to be made and furnished in a requisition pursuant to such Article shall be made and furnished, but in place of the demand pursuant to Article V, the sending state shall request confinement or reconfined in the receiving state. Whenever applicable, detention or orders as provided in Article V may be employed pursuant to this paragraph preliminary to disposition of the escapee or absconder.

c. The confinement or reconfined of a parolee, probationer, escapee, or absconder pursuant to this amendment shall require the concurrence of the appropriate judicial or administrative authorities of the receiving state.

d. As used in this amendment (1) “Sending state” means sending state as that term is used in Article VII of the compact or the state from which a delinquent juvenile has escaped or absconded within the meaning of Article V of the compact, (2) “receiving state” means any state, other than the sending state, in which a parolee, probationer, escapee, or absconder may be found, provided that said state is a party to this amendment.

e. Every state which adopts this amendment shall designate at least one of its institutions for delinquent juveniles as a “Compact Institution” and shall confine persons therein as provided in paragraph “a” hereof unless the sending and receiving state in question shall make specific contractual arrangements to the contrary. All states party to this amendment shall have access to “Compact Institutions” at all reasonable hours for the purpose of inspecting the facilities thereof and for the purpose of visiting such of said state’s delinquents as may be confined in the institution.

f. Persons confined in “Compact Institutions” pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed from said “Compact Institution” for transfer to an appropriate institution within the sending state, for return to probation or parole, for discharge or for any purpose permitted by the laws of the sending state.

g. All persons who may be confined in a “Compact Institution” pursuant to the provisions of this amendment shall be treated in a reasonable and humane manner. The fact of confinement or reconfined in a receiving state shall not deprive any person so confined or reconfined of any rights which said person would have had if confined or reconfined in an appropriate institution of the sending state, nor shall any agreement to submit to confinement or reconfined pursuant to the terms of this amendment be construed as a waiver of any rights which the delinquent would have had if the delinquent had been confined or reconfined in any appropriate institution of the sending state except that the hearing or hearings, if any, to which a parolee, probationer, escapee, or absconder may be entitled (prior to confinement or reconfined) by the laws of the sending state may be had before the appropriate judicial or administrative officers of the receiving state. In this event, said judicial and administrative officers shall act as agents of the sending state after
consultation with appropriate officers of the sending state.

h. Any receiving state incurring costs or other expenses under this amendment shall be reimbursed in the amount of such costs or other expenses by the sending state unless the states concerned shall specifically otherwise agree. Any two or more states party to this amendment may enter into supplementary agreements determining a different allocation of costs as among themselves.

i. This amendment shall take initial effect when entered into by any two or more states party to the compact and shall be effective as to those states which have specifically enacted this amendment. Rules and regulations necessary to effectuate the terms of this amendment may be promulgated by the appropriate officers of those states which have enacted this amendment.

232.172 Confinement of delinquent juvenile.

In addition to any institution in which the authorities of this state may otherwise confine or order the confinement of a delinquent juvenile, such authorities may, pursuant to the out-of-state confinement amendment to the interstate compact on juveniles, confine or order the confinement of a delinquent juvenile in a compact institution within another party state.

In those counties where the county maintains an office to provide juvenile victim restitution services, the probation officer may use that office's services. The department shall establish a schedule of charges to be made for care and services provided, on a graduated scale related to the income and resources of the person responsible for payment, by rules adopted pursuant to chapter 17A. A dispositional order of the juvenile court requiring the provision of foster care shall establish, after notice and a reasonable opportunity to be heard is provided to a parent or guardian, the amount of the parent's or guardian's liability for the cost of foster care provided by the department. In establishing the amount of the liability, the court shall take into consideration the department's schedule of charges, and if the amount established deviates from the schedule of charges, the court shall explain the deviation in its order. The order shall direct the payment of the liability to the clerk of the district court for the use of the department's foster care recovery unit. The order shall be filed with the clerk and shall have the same force and effect as a judgment when entered in the judgment docket and lien index. A dispositional order establishing the amount of a parent's or guardian's liability for the cost of foster care shall not vacate a prior court order which establishes the parent's or guardian's child support obligation.

CHILD ABUSE INFORMATION REGISTRY

Definitions applicable to this division see §232 68

235A.12 Legislative findings and purposes.

The general assembly finds and declares that a central registry is required to provide a single source for the state-wide collection, maintenance and dissemination of child abuse information. Such a registry is imperative for increased effectiveness in dealing with the problem of child abuse. The general assembly also finds that vigorous protection of rights of individual privacy is an indispensable element of a fair and effective system of collecting, maintaining and disseminating child abuse information.

The purposes of this section and sections 235A 13 to 235A 23 are to facilitate the identification of victims or potential victims of child abuse by making available a single, statewide source of child abuse data, to facilitate research on child abuse by making available a single, statewide source of child abuse data, and to provide maximum safeguards against the unwarranted invasions of privacy which such a registry might otherwise entail.

a. Any of the following as a result of the willful or negligent acts or omissions of a caretaker:
   (1) Physical injury to or unreasonable confinement or unreasonable punishment of a dependent adult.
   (2) The commission of a sexual offense under chapter 709 or section 726.2 with or against a dependent adult.
   (3) Exploitation of a dependent adult which means the act or process of taking unfair advantage of a dependent adult or the adult's physical or financial resources for one's own personal or pecuniary profit by the use of undue influence, harassment, duress, deception, false representation, or false pretenses.

   b. The deprivation of the minimum food, shelter, clothing, supervision, physical and mental health care, and other care necessary to maintain a dependent adult's life or health as a result of the acts or omissions of the dependent adult.
2. Dependent adult abuse does not include:
a. Depriving a dependent adult of medical treatment if the dependent adult holds a belief or is an adherent of a religion whose tenets and practices call for reliance on spiritual means in place of reliance on medical treatment. However, this provision does not preclude a court from ordering that medical service be provided to the dependent adult if the dependent adult's health requires it.
b. The withholding and withdrawing of health care from a dependent adult who is terminally ill in the opinion of a licensed physician, when the withholding and withdrawing of health care is done at the request of the dependent adult or at the request of the dependent adult's next-of-kin or guardian pursuant to the applicable procedures under chapter 125, 222, 229, or 633.
3. "Dependent adult" means a person eighteen years of age or older who is unable to protect the person's own interests or unable to adequately perform or obtain services necessary to meet essential human needs, as a result of a physical or mental condition which requires assistance from another, or as defined by departmental rule.
4. "Caretaker" means a related or nonrelated person who has the responsibility for the protection, care, or custody of a dependent adult as a result of assuming the responsibility voluntarily, by contract, through employment, or by order of the court.

5 “Individual employed as an outreach person” means a natural person who, in the course of employment, makes regular contacts with dependent adults regarding available community resources.

6 The department of human services shall operate a program relating to the providing of services in cases of dependent adult abuse. The program shall emphasize the reporting and evaluation of dependent adult abuse of an adult who is unable to protect the adult’s own interests or unable to perform or obtain essential services. The program shall include:

   a. The establishment of multidisciplinary teams to provide leadership at the local and district levels in the delivery of services to victims of dependent adult abuse. A team shall include a membership of individuals who possess knowledge and skills related to the diagnosis, assessment, and disposition of dependent adult abuse cases and who are professionals practicing in the disciplines of medicine, public health, mental health, social work, law, law enforcement, and other disciplines relative to dependent adults. Members of the team shall include, but are not limited to, persons representing the area agencies on aging, county attorneys, health care providers, and others involved in advocating or providing services for dependent adults.

   b. Provisions for information sharing and case consultation among service providers, care providers, and victims of dependent adult abuse.

   c. Procedures for referral of cases among service providers, including the referral of victims of dependent adult abuse residing in licensed health care facilities.

7 a. A health practitioner, as defined in section 232.68, who examines, attends, or treats a dependent adult and who reasonably believes the dependent adult has suffered dependent adult abuse, shall report the suspected abuse to the department of human services. If the health practitioner examines, attends, or treats the dependent adult as a member of the staff of a hospital or similar institution, the health practitioner shall immediately notify the person in charge of the institution or the person’s designated agent, and the person in charge or the designated agent shall make the report.

   b. A self-employed social worker, a social worker under the jurisdiction of the department of human services, a social worker employed by a public or private agency or institution, or by a public or private health care facility as defined in section 135C.1, a certified psychologist, a member of the staff of a mental health center, a member of the staff of a hospital, a member of the staff or employee of a public or private health care facility as defined in section 135C.1, or a peace officer, who, in the course of employment, examines, attends, counsels, or treats a dependent adult and reasonably believes the dependent adult has suffered adult abuse shall report the suspected abuse to the department of human services. An in-home homemaker home health aide or an individual employed as an outreach person shall report suspected adult abuse to the department of human services. If a person is required to report under this section as a member of the staff or employee of a public or private institution, agency, or facility, the person shall immediately notify the person in charge of the institution, agency, or facility, or the person’s designated agent, and the person in charge or the designated agent shall make the report.

   c. Any other person who believes that a dependent adult has suffered abuse may report the suspected abuse to the department of human services.

   The department shall receive dependent adult abuse reports and shall collect, maintain, and disseminate the reports pursuant to sections 235A.12 through 235A.23 by expanding the central registry for child abuse to include reports of dependent adult abuse. The department shall evaluate the reports expeditiously. However, the state department of inspections and appeals is solely responsible for the evaluation and disposition of adult abuse cases within health care facilities and shall inform the department of human services of such evaluations and dispositions.

   b. The department of human services shall inform the appropriate county attorneys of any reports. County attorneys, law enforcement agencies, multidisciplinary teams, and social services agencies in the state shall cooperate and assist in the evaluation upon the request of the department.

   c. Upon a showing of probable cause that a dependent adult has been abused, a district court may authorize a person, authorized by the department to make an evaluation, to enter the residence of, and to examine the dependent adult.

7 a. If, upon completion of the evaluation or upon referral from the Iowa department of public health, the department of human services determines that the best interests of the dependent adult require district court action, the department shall initiate action for the appointment of a guardian or conservator or for admission or commitment to an appropriate institution or facility pursuant to the applicable procedures under chapter 125, 222, 229, or 633. The appropriate county attorney shall assist the department in the preparation of the necessary papers to initiate the action and shall appear and represent the department at all district court proceedings.

   b. The department shall assist the district court during all stages of court proceedings involving a suspected case of adult abuse.

   c. In every case involving adult abuse which is substantiated by the department and which results in a judicial proceeding on behalf of the dependent adult, legal counsel shall be appointed by the court to represent the dependent adult in the proceedings. The court may also appoint a guardian ad litem to represent the dependent adult if necessary to protect the dependent adult’s best interests. The same attorney may be appointed to serve both as legal
counsel and as guardian ad litem. Before legal counsel or a guardian ad litem is appointed pursuant to this section, the court shall require the dependent adult and any person legally responsible for the support of the dependent adult to complete under oath a detailed financial statement. If, on the basis of that financial statement, the court deems that the dependent adult or the legally responsible person is able to bear all or a portion of the cost of the legal counsel or guardian ad litem, the court shall so order. In cases where the dependent adult or the legally responsible person is unable to bear the cost of the legal counsel or guardian ad litem, the expenses shall be paid by the county.

9 The department of human services shall complete an assessment of needed services and shall make appropriate referrals to services. The department may provide necessary protective services and may establish a sliding fee schedule for those persons able to pay a portion of the protective services.

10 A person participating in good faith in reporting or cooperating or assisting the department of human services in evaluating a case of dependent adult abuse has immunity from liability, civil or criminal, which might otherwise be incurred or imposed based upon the act of making the report or giving the assistance. The person has the same immunity with respect to participation in good faith in a judicial proceeding resulting from the report or assistance or relating to the subject matter of the report or assistance.

It shall be unlawful for any person or employer to discharge, suspend, or otherwise discipline a person required to report or voluntarily reporting an instance of suspected dependent adult abuse pursuant to subsection 7, cooperating or assisting the department of human services in evaluating a case of dependent adult abuse, or participating in judicial proceedings relating to the reporting or assistance based solely upon the person's reporting or participation relative to the instance of dependent adult abuse. A person or employer found in violation of this paragraph shall, upon conviction, be guilty of a simple misdemeanor.

11 A person, institution, agency, or facility required by this section to report a suspected case of a dependent adult abuse who knowingly and willfully fails to do so is guilty of a simple misdemeanor. A person, institution, agency, or facility required by this section to report a suspected case of dependent adult abuse who knowingly fails to do so is civilly liable for the damages proximately caused by the failure.

12 The department of inspections and appeals shall adopt rules which require licensed health care facilities to separate an alleged dependent adult abuser from a victim following an allegation of perpetration of abuse and prior to the completion of an investigation of the allegation.

235B.2 Information, education, and training requirements.

1 The department of elder affairs, in cooperation with the department of human services, shall conduct a public information and education program. The elements and goals of the program include but are not limited to:

4 The department of inspections and appeals shall provide training to investigators regarding the collection and preservation of evidence in the case of suspected dependent adult abuse.

5 A person required to report cases of dependent adult abuse pursuant to section 235B, subsection 7, other than a physician whose professional practice does not regularly involve providing primary health care to adults, shall complete two hours of training relating to the identification and reporting of dependent adult abuse within six months of initial employment or self-employment which involves the examination, attending, counseling, or treatment of adults on a regular basis. Within one month of initial employment or self-employment, the person shall obtain a statement of the abuse reporting requirements from the person's employer or, if self-employed, from the department. The person shall complete at least two hours of additional dependent adult abuse identification and reporting training every five years.

If the person is an employee of a hospital or similar institution, or of a public or private institution, agency, or facility, the employer shall be responsible for providing the training. Assistance shall be granted under this chapter to a dependent child who
1. Is living in a suitable family home maintained by a specified relative
2. Is living in this state other than for a temporary purpose, with a specified relative who is living in this state voluntarily with the intent of making the relative’s home in this state and not for a temporary purpose
3. Is not, with respect to assistance applied for by reason of partial or total unemployment of a parent, the child of a parent who
   a. Has been unemployed for less than thirty days prior to receipt of assistance under this chapter
   b. Is partially or totally unemployed due to a work stoppage which exists because of a labor dispute at the factory, establishment or other premises at which the parent is or was last employed
   c. At any time during the thirty day period prior to receipt of assistance under this chapter or at any time thereafter while assistance is payable under this chapter, has not been available for employment, has not actively sought employment, or has without good cause refused any bona fide offer of employment or training for employment. The following reasons for refusing employment or training are not good cause: Unsuitable or unpleasant work or training, if the parent is able to perform the work or training without unusual danger to the parent’s health, or the amount of wages or compensation, unless the wages for employment are below the federal minimum wage.
   d. Has not registered for work with the state employment service established pursuant to section 96 12, or thereafter has failed to report at an employment office in accordance with regulations prescribed pursuant to section 96 4, subsection 1
   e. Has failed to participate in or to cooperate in any work or training program made available to the parent under chapter 249C, or has without good cause withdrawn from such program before completion. The department of human services shall have a program under chapter 249C for the partially or totally unemployed parent under this subsection.

The division may prescribe requirements in addition to or in lieu of the foregoing, for eligibility for assistance under this chapter to children whose parents are partially or totally unemployed, which are necessary to secure financial participation of the federal government in payment of such assistance.

239.3 Application for assistance — assignment of support rights.
An application for assistance shall be made to the department. The application shall be in writing or reduced to writing in the manner and upon the form prescribed by the administrator. The application shall be made by the specified relative with whom the dependent child resides or will reside, and shall contain the information required on the application form. One application may be made for several dependent children of the same family if they reside or will reside with the same specified relative.

An applicant for assistance under this chapter and other persons covered by an application are deemed to have assigned to the department of human services at the time of application all rights to periodic support payments to the extent of public assistance received by the applicant and other persons covered by the application. An assignment takes effect upon determination that an applicant or another person covered by an application is eligible for assistance under this chapter, applies to both current and accrued support obligations, and terminates when an applicant or another person covered by an application ceases to receive assistance under this chapter, except with respect to the amount of unpaid support obligations accrued under the assignment.

If an applicant or another person covered by an application ceases to receive assistance under this chapter and the applicant or other person covered by the application receives a periodic support payment, the department of human services is entitled only to that amount of the periodic support payment above the current periodic support obligation.

239.4 Investigation of application.
If the department receives a notification that a child is a dependent child or receives an application for assistance, an investigation and record of the circumstances shall promptly be made in order to ascertain if the child is a dependent child and to ascertain the facts supporting the application.

In cases involving physical or mental incapacity of either parent, the department may require as a condition for granting assistance that incapacity be determined by a physician or be supported by pertinent medical evidence.

239.5 Granting of assistance — amount — payment — cooperation of parent.
1. Upon the completion of an investigation the department shall decide whether the child is eligible for assistance and determine the amount of the assistance. The department shall, within thirty days, notify the specified relative with whom the child is living or will be living, of the decision.
2. In determining the amount of assistance, the department shall take into consideration the income
and resources of the dependent child, the dependent child’s parent or stepparent, or any other needy specified relative claiming assistance. However, in determining the amount of assistance for recipients, the department may disregard a reasonable amount of the income and resources, in order to encourage the recipients to become self-supporting. The term “income” means income remaining after deduction of expenses reasonably attributable to the earning or securing of that income in accordance with standards established by the department.

3. The department shall establish services to help recipients become self-supporting, shall participate in the work and training program established by chapter 249C, and shall cooperate with other public agencies and with private agencies to secure employment, education, and vocational training for recipients. Assistance, when granted, shall be paid at least monthly to the specified relative with whom the child is residing, upon the order of the division.

4. The department may order the assistance paid to a protective payee if it has been demonstrated that the specified relative with whom the child is residing is unable to manage the assistance in the best interests of the child. A protective payment shall not be made beyond two years, except as provided in 45 C.F.R. sec 234.60, and shall otherwise conform to the requirements of 42 U.S.C. sec 606(b)(2) and the regulations adopted pursuant to that section. If consistent with these regulations, the department may petition the Iowa district court sitting in probate to establish, pursuant to chapter 633, a conservatorship over a recipient. If a conservatorship is established, the recipient’s assistance shall be paid to the conservator. In addition to the assistance, an amount not to exceed ten dollars per case per month may be allowed for conservatorship or guardianship fees if authorized by court order.

5. A vendor payment may be made if the department determines payment to a third party is essential to assure the proper use of assistance on behalf of a recipient. A vendor payment shall be made in accordance with 45 C.F.R. sec 234.60.

6. The division shall provide for the prompt notification of the department’s child support recovery unit if assistance is provided to a child whose parent is absent from the home. An applicant for or a recipient of assistance shall, as a condition of eligibility, cooperate with the child support recovery unit and the department in identifying and locating the parent of the child, in enforcing rights to periodic support payments, and, if necessary, in establishing paternity of the child, unless the applicant or recipient has good cause for refusing to cooperate, as determined by the department in accordance with the best interests of the child and with standards prescribed in 45 C.F.R. sec 232.40, et seq. If a specified relative with whom a child is residing is found to be ineligible for assistance because of failure to comply with the cooperation requirements of this subsection, assistance, determined without regard to the needs of the specified relative, shall be provided to a protective payee for the child. A protective payment made under this subsection is not subject to the two year restriction in subsection 4.

7. The director of revenue and finance upon receipt of a written signed request from a recipient, shall order that payments be made directly to a bank, savings and loan association, or credit union of the recipient’s choice.

8. Assistance to a protective payee for the child who is absent from the home An applicant for or a recipient of assistance shall, as a condition of eligibility, the department may order the assistance paid to a third party is essential to assure the proper use of assistance on behalf of the recipient. A vendor payment may be made if the department determines payment to a third party is essential to assure the proper use of assistance on behalf of the recipient.

239.6 Periodic reconsideration, changes, and termination — reports.

Assistance is subject to reconsideration every six months and may be reconsidered more frequently. After an investigation, assistance may be continued, renewed, suspended, changed in amount, or entirely withdrawn, as the findings of the investigation warrant. As a condition of eligibility, the department may require periodic reports from recipients concerning their income, resources, family composition, and other circumstances.

239.7 Appeal — judicial review.

If an application is not acted upon within a reasonable time, if it is denied in whole or in part, or if any award of assistance is modified, suspended, or canceled under any provision of this chapter, the applicant or recipient may appeal to the department of human services. The department shall give the appellant reasonable notice and opportunity for a fair hearing before the director or the director’s designee. Judicial review of the result of such hearing may be sought in accordance with the terms of the Iowa administrative procedure Act. Upon receipt of the notice of the filing of a petition for judicial review, the department shall furnish the petitioner with a copy of any papers filed in support of the petitioner's position, a transcript of any testimony taken, and a copy of the department's decision.

239.8 Out-of-state assistance.

Out of state assistance shall be made only to a recipient who retains residency in this state and remains otherwise eligible for assistance. The department shall periodically determine eligibility for assistance to out of state recipients.

239.9 Funeral expenses.

The department may pay, from funds appropriated to it for the purpose, a maximum of four hundred dollars toward funeral expenses on the death of a child who is receiving or has been authorized to receive assistance, provided.

may be probated with sufficient proceeds to allow for payment of the funeral claim.

Payments which are due the decedent's estate or beneficiary by reason of the liability of a life insurance, death or funeral benefit company, association, or society, or in the form of United States social security, railroad retirement, or veterans' benefits upon the death of the decedent, are deducted from the department's liability under this section. 246.503 Transfers — mentally ill.
1. The director may transfer at the expense of the department an inmate of one institution to another institution under the director's control if the director is satisfied that the transfer is in the best interests of the institutions or inmates.

The director may transfer at the expense of the department an inmate under the director's jurisdiction from any institution supervised by the director to another institution under the control of an administrator of a division of the department of human services with the consent and approval of the administrator and may transfer an inmate to any other institution for mental or physical examination or treatment retaining jurisdiction over the inmate when so transferred.

If the juvenile court waives its jurisdiction over a child over thirteen and under eighteen years of age pursuant to section 232.45 so that the child may be prosecuted as an adult and if the child is convicted of a public offense in the district court and committed
to the custody of the director under section 901.7, the
director may request transfer of the child to the state
training school under this section. If the administra-
tor of a division of the department of human services
consents and approves the transfer, the child may be
retained in temporary custody by the state training
school until attaining the age of eighteen, at which
time the child shall be returned to the custody of the
director of the department of corrections to serve the
remainder of the sentence imposed by the district
court. If the child becomes a security risk or becomes
a danger to other residents of the state training
school until attaining the age of eighteen, the administrator of the division of the depart-
ment of human services may immediately return the
child to the custody of the director of the department
of corrections to serve the remainder of the sentence.

2. When the director has cause to believe that an
inmate in a state correctional institution is mentally
ill, the Iowa department of corrections may cause the
inmate to be transferred to the Iowa medical and
classification center for examination, diagnosis, or
treatment. The inmate shall be confined at that
institution or a state hospital for the mentally ill
until the expiration of the inmate's sentence or until
the inmate is pronounced in good mental health. If
the inmate is pronounced in good mental health before
the expiration of the inmate's sentence, the
inmate shall be returned to the state correctional
institution until the expiration of the inmate's sen-
tence.

3. When the director has reason to believe that a
prisoner in a state correctional institution, whose
sentence has expired, is mentally ill, the director
shall cause examination to be made of the prisoner
by competent physicians who shall certify to the
director whether the prisoner is in good mental
health or mentally ill. The director may make fur-
ther investigation and if satisfied that the prisoner
is mentally ill, the director may cause the prisoner
to be transferred to one of the hospitals for the
mentally ill, or may order the prisoner to be confined
in the Iowa medical and classification center.

4. The director shall assure that an inmate trans-
ferred pursuant to this section is accompanied by a
person of the same sex as the inmate.

force.
1. Inmates who disobey the disciplinary rules of
the institution to which they are committed shall be
punished by the imposition of the penalties pre-
scribed in the disciplinary rules, according to the
following guidelines:

a. To ensure that sanctions are imposed only at
such times and to such a degree as is necessary to
regulate inmate behavior within the limits of the
disciplinary rules and to promote a safe and orderly
institutional environment.

b. To control inmate behavior in an impartial and
consistent manner.

c. To ensure that disciplinary procedures are fair
and that sanctions are not capricious or retaliatory.

d. To prevent the commission of offenses through
the deterrent effect of the sanctions available.

e. To define the elements of each offense and the
penalties which may be imposed for violations, in
general to give fair warning of prohibited conduct.

f. To provide procedures for preparation of reports
of disciplinary actions, for conducting disciplinary
hearings, and for processing of disciplinary appeals.

2. The superintendent of each institution shall
maintain a register of all penalties imposed on
inmates and the cause for which the penalties were
imposed.

3. A correctional officer of a correctional institu-
tion or the officer’s assistant shall, in case an inmate
resists the officer’s or assistant’s lawful authority, or
refuses to obey the officer’s or assistant’s lawful
command, only use such force as is reasonably
necessary under all attendant circumstances. The
use of a deadly weapon is justified under conditions
of extreme necessity and as a last resort to protect
the life or safety of a person. The use of a deadly
weapon is not justified solely to prevent damage to
or destruction of property where there is no danger to
the life or safety of a person. An officer or assistant
is justified in using force which causes injury or
death to an inmate if the officer’s or assistant’s
actions comply with the requirements of this subsec-
tion.

Inmates of the institutions may be required to perform any proper and reasonable service suited to their strength and attainments, for the benefit of the institutions or the welfare of the inmates, either in the institutions proper or in the industries established in connection with them. When an inmate of an institution is working outside the institution proper, the inmate shall be deemed at all times to be in the actual custody of the superintendent of the institution.

The director may when practicable pay the inmate an allowance as the director deems proper in view of the circumstances, and in view of the cost attending the maintenance of the inmate. The allowance is a gratuitous payment and is not a wage arising out of an employment relationship. The payment shall not exceed the amount paid to free labor for a like or equivalent service.

The director may pay all or any part of remaining allowances paid pursuant to section 246 701 directly to a dependent of the inmate, or may deposit the allowance to the account of the inmate, or may deposit a portion and allow the inmate a portion for the inmate’s personal use.

246.703 Services of inmates — institutions and public service.

Inmates shall work on state account in the main tenance of state institutions, in the erection, repair,
authorized demolition, or operation of buildings and works used in connection with the institutions, and in industries established and maintained in connection with the institutions by the director. The director shall encourage the making of agreements with departments and agencies of the state or its political subdivisions to provide products or services under an inmate work program to the departments and agencies. The director may implement an inmate work program for trustworthy inmates of state correctional institutions, under proper supervision, whether at work centers located outside the state correctional institutions or in construction or maintenance work at public or charitable facilities and for other agencies of state, county, or local government. The supervision, security, and transportation of, and allowances paid to inmates used in public service projects shall be provided pursuant to agreements made by the director and the agency for which the work is done. Housing and maintenance shall also be provided pursuant to the agreement unless the inmate is housed and maintained in the correctional facility. All such work, including but not limited to that provided in this section, shall have as its primary purpose the development of attitudes, skills, and habit patterns which are conducive to inmate rehabilitation. The director may adopt rules allowing inmates participating in an inmate work program to receive educational or vocational training outside the state correctional institutions and away from the work centers or public or charitable facilities used under a program.

However, an inmate shall not work in a public service project if the work of that inmate would replace a person employed by the state agency or political subdivision, which employee is performing the work of the public service project at the time the inmate is being considered for work in the project.

246.705 Industries — forestry nurseries.

The director may establish industries at or in connection with any of the institutions under the director's control and may make contractual agreements with the United States, other states, state departments and agencies, and subdivisions of the state, for purchase of industry products.

246.706 Revolving farm fund.

A revolving farm fund is created in the state treasury in which the department shall deposit receipts from agricultural products, nursery stock, agricultural land rentals, and the sale of livestock. However, before any agricultural operation is phased out, the department which proposes to discontinue this operation shall notify the governor, chairpersons and ranking members of the house and senate appropriations committees, and cochairs and ranking members of the subcommittee in the senate and house of representatives which has handled the appropriation for this department in the past session of the legislature. Before the department sells farm land under the control of the department, the director shall notify the governor, chairpersons and ranking members of the house and senate appropriations committees, and cochairs and ranking members of the joint appropriations subcommittee that handled the appropriation for the department during the past legislative session. The department may pay from the fund for the operation, maintenance, and improvement of farms and agricultural or nursery property under the control of the department. A purchase order for five thousand dollars or less payable from the fund is exempt from the general purchasing requirements of chapter 18. Notwithstanding standing section 833, unencumbered and unobligated receipts in the revolving farm fund at the end of a fiscal year shall not revert to the general fund of the state and the investment proceeds earned from the balance of the fund shall be credited to the fund and used for the purposes provided for in this section.
The department shall annually prepare a financial statement to provide for an accounting of the funds in the revolving farm fund. The financial statement shall be filed with the legislative fiscal bureau on or before February 1 each year.

As used in this section, “department” means the Iowa department of corrections and the Iowa department of human services.

The farm operations administrator appointed under section 246.302 shall perform the functions described under section 246.302 for agricultural operations on property of the Iowa department of human services.

The Iowa department of human services shall enter into an agreement under chapter 28D with the Iowa department of corrections to implement this section.

DIVISION VIII

IOWA STATE INDUSTRIES

Transferred in Code Supplement 1985 from chapter 216 in Code 1985
85 Acts ch 21 §54

246.801 Statement of intent.

It is the intent of this division that there be made available to inmates of the state correctional institutions opportunities for work in meaningful jobs with the following objectives:

1. To develop within those inmates willing to accept and persevere in such work:
   a. Positive attitudes which will enable them to eventually function as law abiding, self supporting members of the community,
   b. Good work habits that will assist them in eventually securing and holding gainful employment outside the correctional system, and
   c. To the extent feasible, marketable skills that can lead directly to gainful employment upon release from a correctional institution.

2. To enable those inmates willing to accept and persevere in such work:
   a. Provide or assist in providing for their dependents, thus tending to strengthen the inmates’ families while reducing the likelihood that inmates’ families will have to rely upon public assistance for subsistence.
   b. Make restitution, as the opportunity to do so becomes available, to the victims of the offenses for which the inmates were incarcerated, so as to assist the inmates in accepting responsibility for the consequences of their acts,
   c. Make it feasible to require that such inmates pay some portion of the cost of board and maintenance in a correctional institution, in a manner similar to what would be necessary if they were employed in the community, and
   d. Accumulate savings so that such inmates will have funds for necessities upon their eventual return to the community.

246.802 Definitions.

As used in this division:

1. “Industries board” means the state prison industries advisory board.

2. “Iowa state industries” means prison industries that are established and maintained by the Iowa department of corrections, in consultation with the industries board, at or adjacent to the state’s adult correctional institutions, except that an inmate work program established by the state director under section 246.805, subsection 7 is not restricted to industries at or adjacent to the institutions.

serving the best interests of such offenders and of society and effecting economies in capital expenditures and operational costs. The purpose of this compact is to provide for the mutual development and execution of such programs of co-operation for the confinement, treatment and rehabilitation of offenders with the most economical use of human and material resources.

ARTICLE II — DEFINITIONS

As used in this compact, unless the context clearly requires otherwise:
1. “State” means a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the commonwealth of Puerto Rico.
2. “Sending state” means a state party to this compact in which conviction or court commitment was had.
3. “Receiving state” means a state party to this compact to which an inmate is sent for confinement
other than a state in which conviction or court commitment was had.

4. "Inmate" means an offender who is committed, under sentence to or confined in a penal or correctional institution.

5. "Institution" means any penal or correctional facility, including but not limited to a facility for the mentally ill or mentally defective, in which inmates may lawfully be confined.

**ARTICLE III — CONTRACTS**

Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.
2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.
3. Participation in programs of inmate work, if any; the disposition or crediting of payments received by inmates on account of the work; and the crediting of proceeds from or disposal of products resulting from the work.
4. Delivery and retaking of inmates.
5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

**ARTICLE IV — PROCEDURES AND RIGHTS**

Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the sending state.

The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of article III.

Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have official review of the inmate's record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state.

Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or the inmate's status changed on account of any action or proceeding in which the inmate could have par-
§247.2, INTERSTATE CORRECTIONS COMPACT

The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in their exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V — ACTS NOT REVIEWABLE IN RECEIVING STATE — EXTRADITION

Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

An inmate who escapes from an institution in which the inmate is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI — FEDERAL AID

Any state party to this compact may accept federal aid for use in connection with any institution or program, the use of which is or may be affected by this compact or any contract pursuant hereto and any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provision, provided that if such program or activity is not part of the customary correctional regimen, the express consent of the appropriate official of the sending state shall be required therefor.

ARTICLE VII — ENTRY INTO FORCE

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states upon similar action by such state.

ARTICLE VIII — WITHDRAWAL AND TERMINATION

This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until one year after the notices provided in said statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX — OTHER ARRANGEMENTS UNAFFECTED

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a nonparty state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X — CONSTRUCTION AND SEVERABILITY

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the Constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

Without limiting the generality of the foregoing delegation of authority, the director is hereby specifically empowered and directed to

1. Determine the greatest amount, duration, and scope of assistance which may be provided, and the broadest range of eligible individuals to whom assistance may effectively be provided, under this chapter within the limitations of available funds. In so doing, the director shall at least every six months evaluate the scope of the program currently being provided under this chapter, project the probable cost of continuing a like program, compare such probable cost with the remaining balance of the state appropriation made for payment of assistance under this chapter during the current appropriation period, and expand or curtail the program accordingly, provided that reimbursement for medical and health services shall be made in accordance with subsection 9.

2. Have authority to determine, when available funds permit expansion of the program provided under this chapter beyond the minimum scope required by subsection 1 of this section, whether priority shall be given to providing additional medical assistance to the individuals and families described in section 249A.3, subsection 1, or to providing medical assistance to some or all of the individuals and families described in section 249A.3, subsection 2, unless the general assembly has by law made such determination.

3. Have authority to provide for payment under this chapter of assistance rendered to any applicant prior to the date the application is filed.

4. Have authority to contract with any corporation authorized to engage in this state in insuring groups or individuals for all or part of the cost of medical, hospital, or other health care or with any corporation maintaining and operating a medical, hospital, or health service prepayment plan under the provisions of chapter 514 or with any health maintenance organization authorized to operate in this state, for any or all of the benefits to which any recipients are entitled under this chapter to be provided by such corporation or health maintenance organization on a prepaid individual or group basis.

5. May, to the extent possible, contract with a private organization or organizations whereby such organization will handle the processing of and the payment of claims for services rendered under the provisions of this chapter and under such rules and regulations as shall be promulgated by such department. 7. Shall provide for the professional freedom of those licensed practitioners who determine the need for or provide medical care and services, and shall provide freedom of choice to recipients to select the
provider of care and services, except when the recipient is eligible for participation in a health maintenance organization or prepaid health plan which limits provider selection and which is approved by the department. However, this shall not limit the freedom of choice to recipients to select providers in instances where such provider services are eligible for reimbursement under the medical assistance program but are not provided under the health maintenance organization or under the prepaid health plan, or where the recipient has an already established program of specialized medical care with a particular provider. The department may also restrict the recipient's selection of providers to control the individual recipient's overuse of care and services, provided the department can document this overuse. The department shall promulgate rules for determining the overuse of services, including rights of appeal by the recipient.

In the event a petition for judicial review is filed, the director or the director's authorized representative shall furnish the petitioner with a copy of the application and all supporting papers, a transcript of the testimony taken at the hearing, if any, and a copy of its decision.

249A.5 Recovery of payment.

Medical assistance paid to, or on behalf of, a recipient or paid to a provider of services is not recoverable unless the assistance was incorrectly paid. Assistance incorrectly paid is recoverable from the provider, or from the recipient, while living, as a debt due the state and, upon the recipient's death, as a claim classified with taxes having preference under the laws of this state.

249A.6 Subrogation.

1. When payment is made by the department for medical care or expenses through the medical assistance program on behalf of a recipient, the department is subrogated, to the extent of those payments, to all monetary claims which the recipient may have against third parties as a result of the medical care or expenses received or incurred. A compromise, including but not limited to a settlement, waiver or release, of a claim to which the department is subrogated under this section does not defeat the department's right of recovery except pursuant to the written agreement of the director or the director's designee or except as provided in this section.

2. The department shall be given notice of monetary claims against third parties as follows:
   a. Applicants for medical assistance shall notify
4 The mailing and deposit in a United States post office or public mailing box of the notice, addressed to the department at its state or district office location, is adequate legal notice of the claim.

5 For purposes of this section the term “third party” includes an attorney, individual, institution, corporation, or public or private agency which is or may be liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant for or recipient of assistance under the medical assistance program.

6 If a recipient of assistance through the medical assistance program incurs the obligation to pay attorney fees and court costs for the purpose of enforcing a monetary claim to which the department is subrogated under this section, upon the receipt of a judgment or settlement of the claim, attorney fees and court costs for the purpose of enforcing a monetary claim to which the department is subrogated shall not be deducted from the judgment or settlement. One third of the remaining balance shall be paid to the attorney, insurer, or other third party from liability to the recipient or the recipient’s assignee to the extent of the payment to the recipient.

7 The subrogation rights of the department are valid and binding on an attorney, insurer, or other third party only upon notice by the department or unless the insurer or third party has actual notice that the recipient is receiving medical assistance from the department and only to the extent to which the attorney, insurer, or third party has not made payment to the recipient or an assignee of the recipient prior to the notice. Payment of benefits by an insurer or third party pursuant to the subrogation rights of this section discharges the attorney, insurer, or third party from liability to the recipient or the recipient’s assignee to the extent of the payment to the department.

8 A state hospital school or mental health institute, upon receipt of any payment made under this chapter for the care of any patient, shall segregate an amount equal to that portion of the payment which is required by law to be made from nonfederal funds. The money segregated shall be deposited in the medical assistance fund of the department of human services.

9 For purposes of this section the term “third party” includes an attorney, individual, institution, corporation, or public or private agency which is or may be liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant for or recipient of assistance under the medical assistance program.

10 A county shall reimburse the department on a monthly basis for that portion of the cost of assistance provided under this section to a recipient with those health care services.

12 A county shall reimburse the department for medical assistance incurred by an otherwise eligible recipient who is a resident of an intermediate care facility for the mentally retarded who is receiving medical assistance from the department.

The words “poor” and “poor person” as used in this chapter shall be construed to mean those who have no property, exempt or otherwise, and are unable, because of physical or mental disabilities, to earn a living by labor, but this section shall not be construed to forbid aid to needy persons who have some means, when the board shall be of opinion that the
same will be conducive to their welfare and the best interests of the public
[C97, §2252, C24, 27, 31, 35, §5297, C39, §3828.073; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §252 1]  

252.2 Parents and children liable.  
The father, mother, and children of any poor person, who is unable to maintain the poor person’s self by labor, shall jointly or severally relieve or maintain such person in such manner as, upon application to the board of supervisors of the county where such person has a residence or may be, they may direct  
[C51, §787, R60, §1355, C73, §1330, C97, §2216, C24, 27, 31, 35, §5298, C39, §3828.074; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §252 2]  

252.3 Putative father.  
The word “father” in this chapter includes the putative father of an illegitimate child, and the question of parentage may be tried in any proceeding to recover for or compel the support of such a child, and like proceedings may be prosecuted against the mother independently of or jointly with the alleged father  
[C51, §788, R60, §1356, C73, §1332, C97, §2250, C24, 27, 31, 35, §5299, C39, §3828.075; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §252 3]

The word “trustees” in this chapter shall be construed to include and mean any person or officer of any county or city charged with the oversight of the poor  

252.5 Remote relatives.  
In the absence or inability of nearer relatives, the same liability shall extend to grandparents, if of ability by personal labor, and to the grandchild who are of ability by personal labor or otherwise  
[C51, §787, R60, §1355, C73, §1331, C97, §2217, C24, 27, 31, 35, §5301, C39, §3828.077; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §252 5]

Upon the failure of such relatives so to relieve or maintain a poor person who has made application for relief, the county board of supervisors, county social welfare board, or state division of child and family services of the department of human services may apply to the district court of the county where such poor person resides or may be, for an order to compel the same  

83 Acts, ch 96, §157, 159  

252.7 Notice — hearing.  
At least ten days’ notice in writing of the application shall be given to the parties sought to be charged, service thereof to be made as of an original notice, in which proceedings the county shall be plaintiff and the parties served defendants. No order shall be made affecting a person not served, but, as to such, notice may be given at any stage of the proceedings. The court may proceed in a summary manner to hear all the allegations and proofs of the parties, and order any one or more of the relatives who shall be able, to relieve or maintain the poor person, charging them as far as practicable in the order above named, and for that purpose may bring in new parties when necessary  

Service of notice RCP 49.64  

252.8 Scope of order.  
The order may be for the entire or partial support of the applicant, may be for the payment of money or the taking of the applicant to a relative’s house, or may assign the applicant for a certain time to one and for another period to another, as may be just and right, taking into view the means of the several relatives liable, but no such assignment shall be made to one who is willing to pay the amount necessary for support. If the order be for relief in any other form than money, it shall state the extent and value thereof per week, and the time such relief shall continue, or the order may make the time of continuance indefinite, and it may be varied from time to time by a new order, as circumstances may require, upon application to the court by the trustees, the poor person, or the relative affected, ten days’ notice thereof being given to the parties or parties concerned  

252.9 Judgment — appeal.  
When money is ordered to be paid, it shall be paid to such person as the court may direct. If support be not rendered as ordered, the court upon such fact being shown by the affidavit of one or more of the proper trustees, may render judgment and order execution for the amount due, rating any support ordered in kind at the valuation previously made. An appeal may be taken from the judgment rendered to the supreme court. Support for later periods under the same order may be, as it becomes due, applied for and obtained in the same manner

A proceeding to compel support of a dependent

the respondent is a resident of or is domiciled or
found in another state having substantially similar
or reciprocal laws

3 Where the respondent is not and never was a

[53x799]§252A 5, UNIFORM SUPPORT OF DEPENDENTS LAW

252A.6 How commenced — trial.

1 A proceeding under this chapter shall be commenced by a petitioner, or a petitioner's representative, by filing a verified petition in the court in equity in the county of the state wherein the petitioner resides or is domiciled, showing the name, age, residence and circumstances of the petitioner, alleging that the petitioner is in need of and is entitled to support from the respondent, giving the respondent's name, age, residence and circumstances, and praying that the respondent be compelled to furnish such support. The petitioner may include in or attach to the petition any information which may help in locating or identifying the respondent including, but without limitation by enumeration, a photograph of the respondent, a description of any distinguishing marks of the respondent's person, other names and aliases by which the respondent has been or is known, the name of the respondent's employer, the respondent's fingerprints, or social security number.

2 If the respondent be a resident of or domiciled in such state and the court has or can acquire jurisdiction of the person of the respondent under existing laws in effect in such state, such laws shall govern and control the procedure to be followed in such proceeding.

3 If the court of this state acting as an initiating state finds that the petition sets forth facts from which it may be determined that the respondent owes a duty of support and that a court of the responding state may obtain jurisdiction of the respondent or the respondent's property, it shall so certify and shall cause three copies of (a) the petition (b) its certificate and (c) this chapter to be transmitted to the court in the responding state. If the name and address of such court is unknown and the responding state has an information agency comparable to that established in the initiating state it shall cause such copies to be transmitted to the state information agency or other proper official of the responding state, with a request that it forward them to the proper court, and that the court of the responding state acknowledge their receipt to the court of the initiating state.

4 When the court of this state, acting as a responding state, receives from the court of an initiating state the aforesaid copies, it shall docket the cause, notify the county attorney or other official acting as petitioner's representative, set a time and place for a hearing, and take such action as is necessary in accordance with the laws of this state to serve notice and thus obtain jurisdiction over the respondent. If a court of the state, acting as a responding state, is unable to obtain jurisdiction of the respondent or the respondent's property due to inaccuracies or inadequacies in the petition or otherwise, the court shall communicate this fact to the court in the initiating state, shall on its own initiative use all means at its disposal to trace the respondent or the respondent's property, and shall hold the case pending the receipt of more accurate information or an amended petition from the court in the initiating state.

However, if the court of the responding state is unable to obtain jurisdiction because the respondent resides in or is domiciled or found in another county of the responding state, the papers received from the court of the initiating state may be forwarded by the court of the responding state which received the papers to the court of the county in the responding state in which the respondent resides or is domiciled or found, and the court of the initiating state shall be notified of the transfer. The court of the county where the respondent resides or is domiciled or found shall acknowledge receipt of the papers to both the court of the initiating state and the court of the responding state which forwarded them, and shall take full jurisdiction of the proceedings with the same powers as if it had received the papers directly from the court of the initiating state.

5 It shall not be necessary for the petitioner or the petitioner's witnesses to appear personally at such hearing, but it shall be the duty of the petitioner's representative of the responding state to appear on behalf of and represent the petitioner at all stages of the proceeding.

6 If at such hearing the respondent controverts the petition and enters a verified denial of any of the material allegations thereof, the judge presiding at such hearing shall stay the proceedings and transmit to the judge of the court in the initiating state a transcript of the clerk's minutes showing the denials entered by the respondent.

7 Upon receipt by the judge of the court in the initiating state of such transcript, such court shall take such proof, including the testimony of the petitioner and the petitioner's witnesses and such other evidence as the court may deem proper, and, after due deliberation, the court shall make its recommendation, based on all of such proof and evidence, and shall transmit to the court in the responding state an exemplified transcript of such proof and evidence and of its proceedings and recommendation in connection therewith.

8 Upon the receipt of such transcript, the court
in the responding state shall resume its hearing in the proceeding and shall give the respondent a reasonable opportunity to appear and reply

9 Upon the resumption of such hearing, the respondent shall have the right to examine or cross examine the petitioner and the petitioner's witnesses by means of depositions or written interrogatories, and the petitioner shall have the right to examine or cross-examine the respondent and the respondent's witnesses by means of depositions or written interrogatories

10 If a respondent, duly summoned by a court in the responding state, willfully fails without good cause to appear as directed in the summons, the respondent shall be punished in the same manner and to the same extent as is provided by law for the punishment of a defendant or witness who willfully disobeys a summons or subpoena duly issued out of such court in any other action or proceeding cognizable by said court

11 If, on the return day of the summons, the respondent appears at the time and place specified in the summons and fails to answer the petition or admits the allegations of the petition, or, if, after a hearing has been duly held by the court in the responding state in accordance with this section, the court has found and determined that the prayer of the petitioner, or any part of the prayer, is supported by the evidence adduced in the proceeding, and that the petitioner is in need of and entitled to support from the respondent, the court shall make and enter an order directing the respondent to furnish support to the petitioner and to pay a sum as the court shall determine, having due regard to the parties' means and circumstances. A certified copy of the order shall be transmitted by the court to the court in the initiating state and the copy shall be filed with and made a part of the records of the court in the proceeding. Upon entry of an order for support or upon failure of a person to make payments pursuant to an order for support, the court may require the respondent to provide security, a bond, or other guarantee which the court determines is satisfactory to secure the payment of the support. Upon the respondent's failure to pay the support under the order, the court may declare the security, bond, or other guarantee forfeited.

12 The court making such order may require the respondent to make payment at specified intervals to the clerk of the district court, or to the dependent, or to any state or county agency, and to report personally to the sheriff or any other official, at such times as may be deemed necessary.

13 A respondent who willfully fail to comply with or violate the terms or conditions of the support order or of the respondent's probation shall be punished by the court in the same manner and to the same extent as is provided by law for a contempt of such court or a violation of probation ordered by such court in any other suit or proceeding cognizable by such court.

14 The court of this state when acting as a responding state shall have the following duties which may be carried out through the clerk of the court. Upon receipt of a payment made by the respondent pursuant to any order of the court or otherwise, to transmit the same forthwith to the court of the initiating state, and upon request to furnish to the court of the initiating state a certified statement of all payments made by the respondent.

15 Any order of support issued by a court of the state acting as a responding state shall not supersede any previous order of support issued in a divorce or separate maintenance action, but the amounts for a particular period paid pursuant to either order shall be credited against amounts accruing or accrued for the same period under both.

16 The court of the initiating state shall receive and accept all payments made by the respondent to the probation department or bureau of the court of the responding state and transmitted by the latter on behalf of the respondent. Upon receipt of any such payment, and under such rules as the court of the initiating state may prescribe, the court, or its probation department or bureau, as the court may direct, shall deliver such payment to the dependent person entitled thereto, take a proper receipt and acquittance thereof, and keep a permanent record thereof.

252A.7 Petitioner's representatives to appear.
It shall be the duty of all petitioner's representatives of this state to appear in this state on behalf of and represent the petitioner in every proceeding pursuant to this chapter, at the time the petition is filed and at all stages of the proceeding thereafter, and to obtain and present such evidence or proof as may be required by the court in the initiating state or the responding state.

252A.8 Additional remedies.
This chapter shall be construed to furnish an additional or alternative civil remedy and shall in no way affect or impair any other remedy, civil or criminal, provided in any other statute and available to the petitioner in relation to the same subject matter.

252A.9 Construction.
This chapter shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of the states which enact it.

252A.10 Costs advanced.
Actual costs incurred in this state incidental to any action brought under the provisions of this chapter shall be advanced by the initiating party or agency unless otherwise ordered by the court. Where the action is brought by an agency of the state or county there shall be no filing fee.
§252A.11 Custody of respondent.
When the court of this state, acting either as an initiating or responding state, has reason to believe that the respondent may flee the jurisdiction it may as an initiating state request in its certificate that the court of the responding state obtain the body of the respondent by appropriate process if that be permissible under the law of the responding state, or, it may as a responding state, obtain the body of the respondent by appropriate process

The department shall immediately notify the clerk of court by mail when a person entitled to support payments has been determined to be eligible for public assistance. Upon notification by the department that a person entitled to periodic support payments pursuant to this chapter is receiving public assistance, the clerk of court shall make a notation of the automatic assignment in the judgment docket and lien index. The notation constitutes constructive notice of the assignment. The clerk of court shall forward support payments received pursuant to section 252A 6, to which the department is entitled, to the department, unless the court has ordered the payments made directly to the department under subsection 12 of that section. The department may secure support payments in default through proceedings prescribed in this chapter. 1 A petitioner seeking to register a foreign support order in a court of this state shall transmit to the clerk of the court three certified copies of the order reflecting all modifications, one copy of the reciprocal enforcement of support act of the state in which the order was made, and a statement verified and signed by the petitioner, showing the post office address of the petitioner, the last known place of residence and post office address of the respondent, the amount of support remaining unpaid, a description and the location of any property of the respondent available upon execution, and a list of the states in which the order is registered. Upon receipt of these documents the clerk of the court, with payment of a filing fee of six dollars, shall file them in the registry of foreign support orders. The filing constitutes registration under this chapter.
2 Promptly upon registration, the clerk of the court shall send by restricted certified mail to the respondent at the address given a notice of the registration with a copy of the registered support order and the post office address of the petitioner, or the petitioner may request that the respondent be personally served with the notice and copy of the order in the same manner as original notices are personally served. However, the court in its discretion may consider the income and resources of the respondent, the respondent’s ability to pay, and any material changes of circumstances since the granting of registered support order, and may modify the amount of the support in the same manner as other support orders are modified. If the respondent states to the court that an appeal from the order is pending or will be taken or that a stay of execution has been granted, the court shall stay enforcement of the order until the appeal is concluded, the time for appeal has expired, or the order is vacated, upon satisfactory proof that the respondent has furnished security for payment of the support as ordered by the court. If the respondent shows to the court any ground upon which enforcement of a support order of this state may be stayed the court shall stay enforcement of the order for an appropriate period if the respondent furnishes the same security for payment of the support ordered that is required for a support order of this state.

If it appears to the governor that a proceeding would be effective but has not been initiated, the governor may delay honoring the demand for a reasonable time to permit the initiation of a proceeding.
3 If proceedings have been initiated and the person demanded has prevailed therein, the governor may decline to honor the demand. 3. "Department" means the department of human services.

4. "Dependent child" means a person who meets the eligibility criteria established in chapter 234 or 239 and whose support is required by chapter 234, 239, 252A, 598, or 675.

84 Acts, ch 1278, §1.

252C.2 Assignment — creation of support debt — subrogation.

1. By accepting public assistance for or on behalf of a dependent child or a dependent child's caretaker, the recipient is deemed to have made an assignment to the department of any and all right, title, and interest in any support obligation and arrearages owed to or for the child or caretaker up to the amount of public assistance paid for or on behalf of the child or caretaker.

2. The payment of public assistance to or for the benefit of a dependent child or a dependent child's caretaker creates a support debt due and owing to the department by the responsible person in an amount equal to the public assistance payment, except that the support debt is limited to the amount of a support obligation established by court order or by the administrator. If a court order has not been entered, the administrator may establish a support debt in an amount determined to be consistent with the debtor's ability to pay and the needs of the dependent child, both as to amounts accrued and accruing, and with the schedule of minimum support guidelines in section 252C.10. However, a support debt is not created in favor of the department against a responsible person for the period during which the responsible person is a recipient on the person's own behalf of public assistance for the benefit of the dependent child or the dependent child's caretaker.

3. The provision of child support collection or paternity determination services under chapter 252B to an individual, even though the individual is ineligible for public assistance, creates a support debt due and owing to the individual or the individual's child or ward by the responsible person in the amount of a support obligation established by court order or by the administrator. If a court order has not been entered, the administrator may establish a support debt in favor of the individual or the individual's child or ward and against the responsible person, in an amount determined to be consistent with the responsible person's ability to pay and the needs of the dependent child, both as to amounts accrued and accruing, and with the schedule of minimum support guidelines in section 252C.10.

4. The department is subrogated to the rights of a dependent child or a dependent child's caretaker to bring a court action or to execute an administrative remedy for the collection of support. The administrator may petition an appropriate court for modification of a court order on the same grounds as a party to the court order can petition the court for modification.

f. A statement that if the responsible person objects to all or any part of the notice or finding of financial responsibility and no negotiation conference is requested, then within twenty days of the date of service, the responsible person shall send to the office of the child support recovery unit which issued the notice a written response setting forth any objections and requesting a hearing

g. A statement that if a timely written request for a hearing is received by the office of the child support recovery unit which issued the notice, the responsible person shall have the right to a hearing to be held in district court, and that if no timely written response is received, the administrator may enter an order in accordance with the notice and finding of financial responsibility

h. A statement that, as soon as the order is entered, the property of the responsible person is subject to collection action, including but not limited to wage withholding, garnishment, attachment of a lien, and execution

However, the administrator may set the child support above the amount in the guidelines without making express findings of fact if the parties expressly agree to the amount of the child support.

DELINQUENT SUPPORT PAYMENTS — ASSIGNMENT OF INCOME

Applies to all support payments which are or become delinquent on or after July 1, 1984. 84 Acts ch 1239 §7

252D 1 Support definition — delinquent support payments — assignment of income

252D 3 Notice of assignment
252D 4 Duties of payor — liability
252D 5 Other remedies
252D 6 Administration of wage withholding procedures
252D 7 Penalty for misrepresentation

252D.1 Support definition — delinquent support payments — assignment of income.
1 As used in this chapter, unless the context otherwise requires, “support” or “support payments” means any amount which the court may require a person to pay for the benefit of a child under a temporary order or a final judgment or decree, and may include child support, maintenance, and, if contained in a child support order, spousal support, and any other term used to describe these obligations. These obligations may include support for a child who is between the ages of eighteen and twenty-two years and who is regularly attending an accredited* school in pursuance of a course of study leading to a high school diploma or its equivalent, or regularly attending a course of vocational technical training either as a part of a regular school program or under special arrangements adapted to the individual person’s needs, or is, in good faith, a full time student in a college, university, or area school, and has been accepted for admission to a college, university, or area school and the next regular term has not yet begun, and may include support for a child of any age who is dependent on the parties to the dissolution proceedings because of physical or mental disability.

2 If support payments ordered under section 234 39, section 252A 6, subsection 12, chapter 252C, section 598 21, or section 675 25, or under a comparable statute of a foreign jurisdiction, as certified to the child support recovery unit established in section 252B 2, are not paid to the clerk of the district court or the collection services center pursuant to section 598 22 and become delinquent in an amount equal to the payment for one month, upon application of a person entitled to receive the support payments, the child support recovery unit or the district court may enter an ex parte order notifying the person whose income is to be assigned, of the delinquent amount, of the amount of income or wages to be withheld, and of the procedure to file a motion to quash the order of assignment, and shall order an assignment of income and notify an employer, trustee, or other payor by certified mail of the order of the assignment of income requiring the withholding of specified sums to be deducted from the delinquent person’s periodic earnings, trust income, or other income sufficient to pay the support obligation and, except as provided in section 598 22, requiring the payment of such sums to the clerk of the district court or the collection services center. The assignment of income is binding on an existing or future employer, trustee, or other payor ten days after the receipt of the order by certified mail. The amount of an assignment of income shall not exceed the amount specified in 15 USC §1673(b). The assignment of income has priority over a garnishment or an assignment for a purpose other than the support of the dependents in the court order being enforced. The child support recovery unit or the district court, upon the application of any party, by ex parte order, may modify the assignment of income on the full payment of the delinquency or in an instance where the amount being withheld exceeds the amount specified in 15 USC §1673(b), or may revoke the assignment of income upon the termination of parental rights,
emancipation, death or majority of the child, or upon a change of custody

3 A person entitled by court order to receive support payments or a person responsible for enforcing such a court order may petition the clerk of the district court for an assignment of income. If the petition is verified and establishes that support payments are delinquent in an amount equal to the payment for one month and if the clerk of the district court determines, after providing an opportunity for a hearing, that notice of the mandatory assignment of income as provided in section 252D.3 has been given, the clerk of the district court shall order an assignment of income under subsection 2.

252D.2 Motion to quash.
1 A petitioner under section 252D.1, subsection 3, may move to quash the order of assignment at any time by asserting that the delinquency did not occur or has been paid. A person whose income has been assigned under section 252D.1 may move to quash the order of assignment by filing the motion to quash and notice of the motion to quash with the court within ten days after the entering of the court order of assignment under section 252D.1, subsection 2, or at any time upon a showing of a mistake of fact relating to the delinquency. The clerk of the district court shall schedule a hearing on the motion to quash for a time not later than seven days after the filing of the motion to quash and the notice of the motion to quash. The clerk shall mail to the parties copies of the motion to quash, the notice of the motion to quash, and the order scheduling the hearing.

2 The payor shall withhold and transmit the amount specified in the order of assignment to the clerk of the district court until the notice that the motion to quash has been granted is received.

252D.3 Notice of assignment.
All orders for support entered on or after July 1, 1984 shall notify the person ordered to pay support of the mandatory assignment of income required under section 252D.1. However, for orders for support entered before July 1, 1984, the clerk of the district court, the child support recovery unit, or the person entitled by the order to receive the support payments, shall notify each person ordered to pay support under such orders of the mandatory assignment of income required under section 252D.1. The complainant, the county attorney, the general relief director or other agent of the board of supervisors, and the patient, or any person representing the patient, may introduce evidence and be heard. If the court finds that said patient is a legal resident of Iowa and is pregnant or is suffering from a malady or deformity which can probably be improved or cured or advantageously treated by medical or surgical treatment or hospital care, and that neither the patient nor any person legally chargeable with the patient's support is able to pay the expenses thereof, then the clerk of court, except in obstetrical cases and cases of crippled children, shall immediately ascertain from the admitting physician at the university hospital whether such person can be received as a patient within a period of thirty days, and if the patient can be so received, the court, or in the event of no actual contest, the clerk of the court, shall then enter an order directing that said patient be sent to the university hospital for proper medical and surgical treatment and hospital care. If the court ascertain, excepting in obstetrical cases and orthopedic cases, that a person of the age or sex of the patient, or afflicted by the complaint, disease or deformity with which such person is affected cannot be received as a patient at the university hospital within the period of thirty days, then the court or the clerk shall enter an order directing the board of supervisors of the county to provide adequate treatment at county expense for the patient at

home or in a hospital. Obstetrical cases and orthopedic cases may be committed to the university hospital without regard to the limiting period of thirty days.

In any case of emergency the court or the clerk without previous inquiry may at its discretion order the patient to be immediately taken to and accepted by the university hospital for the necessary care as provided in section 255.11, but if such a patient cannot be immediately accepted at the university hospital as ascertained by telephone if necessary, the court or the clerk may enter an order as in certain cases above set forth directing the board of supervisors to provide adequate treatment at the expense for the said patient at home or in a hospital [SS15, §254 d, C24, 27, 31, 35, §4012, C39, §3828.139; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §255 8]

255.9 Treatment for infant.
Whenever a woman who is pregnant is committed to the hospital under the provisions of section 255.8, the said commitment shall authorize the hospital to provide proper medical or surgical treatment and hospital care for the infant [C31, 35, §4012 dl, C39, §3828.140, C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §255 9]

255.10 Religious belief — denial of order.
The court in its discretion may refuse to make such order in any case where the court finds the patient or the patient's parent, parents, or guardian are members of a religious denomination whose tenets preclude dependence on the practice of medicine or surgery and desire in good faith to rely upon the practice of their religion for relief from disease or disorder [C24, 27, 31, 35, §4013, C39, §3828.141, C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §255 10]

255.11 Order in case of emergency.
In cases of great emergency, when the court or judge is satisfied that delay would be seriously injurious to the patient, the court or judge may make such order with the consent of the patient, if adult, or of the parent or parents, guardian, or person having the legal custody of said patient, if a minor or incompetent, without examination, report, notice, or hearing [SS15, §254 c, C24, 27, 31, 35, §4014, C39, §3828.142, C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §255 11]

255.12 Certified copy of order.
The clerk shall prepare a certified copy of said order, which, together with a copy of the physician's report, shall be delivered to the admitting physician of said hospital at or before the time of the reception of the patient into the hospital [SS15, §254 d, C24, 27, 31, 35, §4015, C39, §3828.143, C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §255 12]

255.13 Attendant — physician — compensation.
If the physician appointed to examine the patient shall certify that an attendant to accompany the patient to the said hospital is necessary, and the university hospital attendant and ambulance service is not available, then the court or judge or clerk of the court may appoint an attendant who shall receive not exceeding two dollars per day for the time thus necessarily employed and actual necessary traveling expenses by the most feasible route to said hospital whether by ambulance, train or automobile, but if such appointee is a relative of the patient or a member of the patient's immediate family, or receives a salary or other compensation from the public for the appointee's services, no such per diem compensation shall be paid. The physician appointed by the court or clerk to make the examination and report shall receive therefor three dollars for each examination and report so made and the physician's actual necessary expenses incurred in making such examination, but if said physician receives a salary or other compensation from the public for the physician's full time services, then no such examination fee shall be paid. The actual, necessary expenses of transporting and caring for the patient shall be paid as hereinafter provided [SS15, §254 h, C24, 27, 31, 35, §4016, C39, §3828.144, C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §255 13]

255.14 Expenses — how paid.
An itemized, verified statement of all charges provided for in sections 255.8 and 255.13, in cases where the patient is admitted or accepted for treatment at the university hospital shall be filed with the superintendent of the university hospital, and upon the superintendent's recommendation when approved by the judge or clerk of the court under whose order the same were incurred, they shall be charged on the regular bill for the maintenance, transportation and treatment of the patient, and be audited and paid in the manner as hereinafter provided [SS15, §254 k, C24, 27, 31, 35, §4017, C39, §3828.145, C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §255 14]

255.15 Duty of admitting physician at hospital.
The authorities in control of the medical college shall designate some physician to pass upon the admission of such patient, and it shall be the physician's duty to receive such patient into the hospital and to provide for the patient, if available, a cot, bed, or room in said hospital, and to assign the patient to the appropriate clinic and for treatment by the proper physician, unless, in the physician's judgment, the presence of the patient in the hospital would be dangerous to other patients, or there is no reasonable probability that the patient may be benefited by the proposed treatment or hospital care. If the admitting physician shall deny admission to the patient, the physician shall make a report in duplicate of the reasons therefor [SS15, §254 m, C24, 27, 31, 35, §4018, C39, §3828.146, C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §255 15]
255.16 County quotas.
Subject to subsequent qualifications in this section, there shall be treated at the university hospital during each fiscal year a number of committed indigent patients from each county which shall bear the same relation to the total number of committed indigent patients admitted during the year as the population of such county shall bear to the total population of the state according to the last preceding official census. This standard shall apply to indigent patients, the expenses of whose commitment, transportation, care and treatment shall be borne by appropriated funds and shall not govern the admission of either obstetrical patients under chapter 255A or obstetrical or orthopedic patients under this chapter in accordance with eligibility standards pursuant to section 255A.5. If the number of patients admitted from any county shall exceed by more than ten percent the county quota as fixed and ascertained under the first sentence of this section, the charges and expenses of the care and treatment of such patients in excess of ten percent of the quota shall be paid from the funds of such county at actual cost, but if the number of excess patients from any county shall not exceed ten percent, all costs, expenses, and charges incurred in their behalf shall be paid from the appropriation for the support of the hospital.

255.18 Reports.
One duplicate of each of the reports named in sections 255 15 and 255 17 shall be preserved in the records of said hospital, and the other transmitted to the clerk of the court where said order committing the patient to said hospital was entered, and by the clerk filed and preserved among the records in the cause.

255.19 Treatment of other patients — use of earnings for new facilities.
The university hospital authorities may at their discretion receive into the hospital for medical, obstetrical or surgical treatment or hospital care, patients not committed thereto under the provisions of this chapter, but the treatment or care of such patients shall not in any way interfere with the proper medical or surgical treatment or hospital care of committed patients. The university hospital ambulances and ambulance personnel may be used for the transportation of such patients at a reasonable charge if specialized equipment is required and is not otherwise available and if such use does not interfere with the ambulance transportation of patients committed to the hospital.

All of the provisions of this chapter except as to commitment of patients shall apply to such patients. The university hospital authorities shall collect from the person or persons liable for the support of such patients reasonable charges for hospital care and service and deposit the same with the treasurer of the university for the use and benefit of the university hospital except as specified for obstetrical patients pursuant to section 255A.9. Earnings of the hospital whether from private patients, cost patients, or indigents shall be administered so as to increase as much as possible, the service available for indigents, including the acquisition, construction, reconstruction, completion, equipment, improvement, repair, and remodeling of medical buildings and facilities and additions thereto and the payment of principal and interest on bonds issued to finance the cost thereof as authorized by the provisions of chapter 263A. Adequate nursing and hospital care shall be provided for said patient during such treatment.

255.21 Treatment outside hospital — attendant.
If, in the judgment of the physician or surgeon to whom the patient has been assigned for treatment, continuous residence of the patient in the hospital is unnecessary, such patient may, by the hospital authorities, be sent to the patient's home or other appropriate place, and be required to return to the hospital when and for such length of time as may be for the patient's benefit. The hospital authorities may, if necessary, appoint an attendant to accompany such patient and discharged patients, and the compensation of such attendant shall be fixed by the state board of regents and charged by the hospital as part of the costs of transporting patients.

To arrive at a proper basis for the payment of said bills for treatment, care, and maintenance, the state board of regents shall cause to be made annually an audit of the accounts of the university hospital, and determine the average cost per day for the care and maintenance of each patient therein. Exclusive of the salaries of the members of the faculty of said university college of medicine, and said bills shall be allowed at such average cost. All accounts shall be adjusted and paid as to reimburse the funds of the hospital used for the purposes of this chapter.

The superintendent of the said university hospital shall certify to the auditor of state on the first day of January, April, July and October of each year, the amount as herein provided not previously certified by the superintendent due the state from the several counties having patients chargeable thereto. The auditor of state shall thereupon charge the same to the county so owing. A duplicate certificate shall also be mailed to the auditor of each county having patients chargeable thereto. Expenses for obstetrical patients served under section 255A 9 shall be reimbursed as specified in section 255A 9.

The county treasurer shall include the amount transferred in the next remittance of state taxes to the treasurer of state, to accrue to the credit of the university hospital fund.

The state auditor shall certify the total cost of commitment, transportation and caring for each indigent patient under the terms of this statute to the county auditor of such patient’s legal residence. The certificate shall be filed with the county auditor and shall be a debt due from the patient or the persons legally responsible for the patient’s care, maintenance or support, and whenever in the judgment of the board of supervisors the same or any part thereof shall be collectible, the said board may in its own name collect the same and is hereby authorized to institute suits for such purpose, and after deducting the county’s share of such cost shall cause the balance to be paid into the state treasury to reimburse the university hospital fund.

CHAPTER 255A

OBSTETRICAL AND NEWBORN INDIGENT PATIENT CARE PROGRAM

255A 1 State policy
255A 2 Obstetrical and newborn indigent patient care program
255A 3 Administration of program
255A 4 Patient quota formula
255A 5 Minimum eligibility standards
§255A.1, OBSTETRICAL AND NEWBORN INDIGENT PATIENT CARE PROGRAM

255A.1 State policy. It is the policy of the state to provide obstetrical and newborn care to medically indigent individuals in this state, at the appropriate and necessary level, at a licensed hospital or health care facility closest and most available to the residence of the indigent individual. 87 Acts, ch 233, §435

255A.2 Obstetrical and newborn indigent patient care program. A statewide obstetrical and newborn indigent patient care program is established for the purpose of providing obstetrical and newborn care to medically indigent residents of this state. Appropriations by the general assembly for this chapter shall be allocated for the obstetrical and newborn patient care fund within the Iowa department of public health and shall be utilized for the obstetrical and newborn indigent patient care program as specified in this chapter. Indigent patients in need of such care residing in the counties of Cedar, Clinton, Iowa, Johnson, Keokuk, Louisa, Muscatine, Scott, and Washington shall be provided the care at the university hospitals under the nonquota obstetrical program under chapter 255. 87 Acts, ch 233, §436

255A.3 Administration of program. The Iowa department of public health shall administer the statewide obstetrical and newborn indigent patient care program. The department shall adopt administrative rules to implement the program pursuant to chapter 17A. Administrative costs of the department shall not exceed three percent of the annual funds appropriated for the obstetrical and newborn patient care fund. 87 Acts, ch 233, §437

255A.4 Patient quota formula. The Iowa department of public health shall establish a patient quota formula for determining the maximum number of obstetrical and newborn patients eligible for the program from each county. The formula shall be based upon the annual appropriation for the program, the average number of live births in each county during the most recent three-year period for which statistics are available, and the per capita income for each county during the most recent one year period for which statistics are available. In accordance with this formula the department shall allocate a patient quota to each county at the beginning of each fiscal year. The department shall provide for the reallocation of an unused county quota allotment on April 1 of each year. The reallocation shall be taken only from a county which has an unused quota allotment for the portion of the fiscal year ending March 31. A county may utilize its quota allotment for a patient determined to be eligible before the end of the fiscal year but scheduled to need care after the end of the fiscal year. The reallocation of an unused county allotment shall be made to other counties on the basis of rules adopted by the department pursuant to chapter 17A. A woman who resides in a county which exceeds the patient quota allocated for the county, and who has been deemed eligible under section 255A.5, shall be served at the University of Iowa hospitals and clinics pursuant to section 255 16 87 Acts, ch 233, §438

255A.5 Minimum eligibility standards. The Iowa department of public health, in collaboration with the department of human services and in consultation with the Iowa state association of counties, shall adopt rules, pursuant to chapter 17A, establishing minimum standards for eligibility for obstetrical and newborn care, including physician examination, medical testing, ambulance services, and inpatient transportation costs, for indigent obstetrical and newborn care provided by the University of Iowa hospitals and clinics and by other licensed hospitals and physicians. The minimum standards for eligibility shall provide eligibility for persons with incomes at or below one hundred fifty percent of the annual revision of the poverty income guidelines published by the United States department of health and human services, and shall provide, but shall not be limited to providing, eligibility for uninsured and underinsured persons financially unable to pay for necessary obstetrical and newborn care and orthopedic care. The minimum standards may include a spend-down provision. The resource standards shall be set at or above the resource standards under the federal supplemental security income program. The resource exclusions allowed under the federal supplemental security income program shall be allowed and shall include resources necessary for self-employment. 87 Acts, ch 233, §439

255A.6 Application and certification for care. A person desiring obstetrical and newborn care, the cost of which is payable from the obstetrical and newborn patient care fund, or the parent or guardian of a minor desiring or in need of such care, may apply to the director of a maternal health center, operated by the Iowa department of public health, to have the cost of such care paid from the fund. In counties not served by such a center, the department shall contract with another agency, institution or
organization to receive and process applications for care. The director of the center shall first ascertain from the local office of the department of human services if the applicant would be eligible for medical assistance or for assistance under the medically needy program without any spend down requirement, pursuant to chapter 249A. If the applicant is eligible for assistance pursuant to chapter 249A, or if the applicant is eligible for maternal and child health care services covered by a maternal and child health program, the obstetrical patient care program shall not provide such assistance, care, or covered services provided under other programs. The Iowa department of public health, with the department of human services, shall jointly develop a standardized application form and shall coordinate the determination of eligibility for medical assistance and the obstetrical patient care program. In counties in which the maternal and child health clinic processes the application, the clinic shall notify the county relief office of the application process.

87 Acts, ch 233, §440

255A.7 Freedom of choice of provider.
A person certified for obstetrical and newborn care under this chapter may choose to receive the appropriate level of care at the University of Iowa hospitals and clinics or any other licensed hospital or health care facility.

87 Acts, ch 233, §441

255A.8 Reimbursable costs of care.
The obstetrical and newborn care costs of a person certified for such care under this chapter at a licensed hospital or health care facility or from licensed physicians shall be paid by the Iowa department of public health from the obstetrical and newborn patient care fund. However, a physician who provides obstetrical or newborn care at the University of Iowa hospitals and clinics to a person certified for care under this chapter is not entitled to receive any compensation for the provision of such care in accordance with section 255A.23.

87 Acts, ch 233, §442

255A.9 Allowable reimbursements.
All providers of services to obstetrical and newborn patients under this chapter shall agree to accept as full payment the reimbursements allowable under the medical assistance program established pursuant to chapter 249A, adjusted for intensity of care. However, the total reimbursement from the obstetrical and newborn patient care fund to providers of services for residents of a county is limited to that county’s obstetrical and newborn patient quota multiplied by the medical assistance program’s average reimbursement for obstetrical and newborn care for the most recent fiscal year except as otherwise provided in this section. The Iowa department of public health shall reserve ten percent of the fund annually for payment of the costs of care of a patient certified for care under this chapter in excess of the medical assistance program’s average reimbursements if the nature and extent of the care justifies such additional reimbursement. The department shall adopt rules pursuant to chapter 17A, establishing the requirements for such additional reimbursement.

87 Acts, ch 233, §443

255A.10 Procedures for payment.
The Iowa department of public health shall establish procedures for payment for providers of services to obstetrical and newborn patients under this chapter from the obstetrical and newborn patient care fund. All billings from such providers shall be submitted directly to the department. However, payment shall not be made unless the application and certification for care pursuant to section 255A.6 is performed.

87 Acts, ch 233, §444

255A.11 County responsibility for costs of care.
A county shall not be held responsible for the costs of providing obstetrical and newborn care, including physician examination, medical testing, ambulance services, and transportation costs, to pregnant women and their newborn infants who meet the eligibility requirements adopted by the Iowa department of public health.

87 Acts, ch 233, §445

255A.12 Reversion or transfer of moneys in the obstetrical and newborn patient care fund.
Moneys encumbered prior to June 30 of a fiscal year for a certified eligible pregnant woman scheduled to deliver in the next fiscal year shall not revert from the obstetrical and newborn patient care fund to the general fund of the state. Moneys allocated to the obstetrical and newborn patient care fund shall not be transferred nor voluntarily reverted from the fund within a given fiscal year.

87 Acts, ch 233, §446

255A.13 Data collection.
Beginning July 1, 1987, the University of Iowa hospitals and clinics shall submit, on a quarterly basis, UB-82 claims for all patients discharged after being served under the indigent patient program under chapter 255. The UB 82 claim shall include all data elements which are required by the Iowa health data commission.

87 Acts, ch 233, §447

255A.14 Funds — reversion of unencumbered balance.
Notwithstanding the provisions of section 833 or any other provision of law, any unencumbered balance remaining in the decentralized indigent obstetrical patient program fund on June 30 of each year shall be used for the payment of warrants issued pursuant to section 255A.25.

PREFACE TO 1989 IOWA CODE

The 1989 Iowa Code is published pursuant to Code chapter 14. Its form is substantially the same as the 1987 Iowa Code, and it covers the permanent enactments of the 1987 and 1988 sessions of the Seventy-second General Assembly. The Code is published in three volumes with a separate index bound in a different color. A Skeleton Index printed on colored paper appears at the end of each volume.

EDITORIAL DECISIONS. If there were multiple amendments to a section or part of a section, all changes that were duplicative or otherwise did not appear to conflict were harmonized as required by Code section 4.11. It was generally assumed that a strike or repeal prevailed over an amendment to the same material and did not create an irreconcilable conflict, and that the substitution of the correct title of an officer or department as authorized by law did not create a conflict. Code sections 4.4 through 4.11 provide guidance for codifying conflicting provisions. Code section 14.13 governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of the changes. At the end of Volume III are Code Editor’s Notes which explain the major editorial decisions.

HISTORIES. The bracketed material at the end of most Code sections indicates the history of the subject matter of the sections. However, beginning with the 1985 Code, the histories were not continued, but source notes were added to indicate the location in the Iowa Acts of subsequent amendments and enactments.

CONSTITUTIONS. A codified version of the 1857 Constitution of the State of Iowa, as well as the original version, is now included with the introductory material at the beginning of Volume I.

TABLES. At the end of Volume III are further reference materials including tables entitled “Disposition of Acts,” “Corresponding Sections of Code 1987 to Code Supplement 1987 and Code 1989,” and “Internal References to Sections, Chapters, and Chapter Divisions of Code 1989.” The internal reference table replaces the internal reference footnotes formerly found under the individual Code sections, and chapter and division headings.

The editorial staff of the Iowa Code welcomes your comments and suggestions for improvements.

Donovan Peeters, Director
Legislative Service Bureau

JoAnn Brown
Code Editor

256.11 Educational standards.

The state board shall adopt rules under chapter 17A and a procedure for accrediting all public and nonpublic schools in Iowa offering instruction at any or all levels from the prekindergarten level through grade twelve. The rules of the state board shall require that a multicultural, nonsexist approach is used by school districts. The educational program shall be taught from a multicultural, nonsexist approach. Global perspectives shall be incorporated into all levels of the educational program.

The rules adopted by the state board pursuant to section 256.17, Code Supplement 1987, to establish new standards shall satisfy the requirements of this section to adopt rules to implement the educational program contained in this section.

The educational program shall be as follows:

1. If a school offers a prekindergarten program, the program shall be designed to help children to work and play with others, to express themselves, to learn to use and manage their bodies, and to extend their interests and understanding of the world about them. The prekindergarten program shall relate the role of the family to the child's developing sense of self and perception of others. Planning and carrying out prekindergarten activities designed to encourage cooperative efforts between home and school shall focus on community resources. A prekindergarten teacher shall hold a certificate certifying that the holder is qualified to teach in prekindergarten. A nonpublic school which offers only a prekindergarten may, but is not required to, seek and obtain accreditation.

2. The kindergarten program shall include experiences designed to develop healthy emotional and social habits and growth in the language arts and communication skills, as well as a capacity for the completion of individual tasks, and protect and increase physical well-being with attention given to experiences relating to the development of life skills and human growth and development. A kindergarten teacher shall be certificated to teach in kindergarten. An accredited nonpublic school must meet the requirements of this subsection only if the nonpublic school offers a kindergarten program.

3. The following areas shall be taught in grades one through six: English-language arts, social studies, mathematics, science, health, human growth and development, physical education, traffic safety, music, and visual art. The health curriculum shall include the characteristics of communicable diseases including acquired immune deficiency syndrome. The state board as part of accreditation standards shall adopt curriculum definitions for implementing the elementary program.

4. The following shall be taught in grades seven and eight: English-language arts, social studies, mathematics, science, health, human growth and development, physical education, music, and visual art. The health curriculum shall include the characteristics of sexually transmitted diseases and acquired immune deficiency syndrome. The state board as part of accreditation standards shall adopt curriculum definitions for implementing the program in grades seven and eight.

5. In grades nine through twelve, a unit of credit consists of a course or equivalent related components
or partial units taught throughout the academic year. The minimum program to be offered and taught for grades nine through twelve is:

a. Five units of science including physics and chemistry; the units of physics and chemistry may be taught in alternate years.

b. Five units of the social studies including instruction in voting statutes and procedures, the use of paper ballots and voting machines in the election process, and the method of acquiring and casting an absentee ballot.

The county auditor, upon request and at a site chosen by the county auditor, shall make available to schools within the county voting machines or sample ballots that are generally used within the county, at times when these machines or sample ballots are not in use for their recognized purpose.

c. Six units of English-language arts.

d. Four units of a sequential program in mathematics.

e. Two units of general mathematics.

f. Four sequential units of one foreign language.

The department may waive the third and fourth years of the foreign language requirement on an annual basis upon the request of the board of directors of a school district or the authorities in charge of a nonpublic school if the board or authorities are able to prove that a certificated teacher was employed and assigned a schedule that would have allowed students to enroll in a foreign language class, the foreign language class was properly scheduled, students were aware that a foreign language class was scheduled, and no students enrolled in the class.

g. All students physically able shall be required to participate in physical education activities during each semester they are enrolled in school except as otherwise provided in this paragraph. A minimum of one-eighth unit each semester is required. A twelfth grade student who meets the requirements of this paragraph may be excused from the physical education requirement by the principal of the school in which the student is enrolled if the parent or guardian of the student requests in writing that the student be excused from the physical education requirement. A student who wishes to be excused from the physical education requirement must be enrolled in a cooperative or work-study program or other educational program authorized by the school which requires the student to leave the school premises for specified periods of time during the school day. The student must seek to be excused from the physical education requirement in order to enroll in academic courses not otherwise available to the student. The principal of the school shall inform the superintendent of the school district or nonpublic school that the student has been excused. Physical education activities shall emphasize leisure time activities which will benefit the student outside the school environment and after graduation from high school.

h. Five units of occupational education subjects, which may include, but are not limited to, programs, services, and activities which prepare students for employment in office and clerical, trade and industrial, consumer and homemaking, agriculture, distributive, and health occupations.

i. Three units in the fine arts which shall include at least two of the following: dance, music, theatre, and visual art.

j. One unit of health education which shall include personal health; food and nutrition; environmental health; safety and survival skills; consumer health; family life; human growth and development; substance abuse and nonuse; emotional and social health; health resources; and prevention and control of disease, including sexually transmitted diseases and acquired immune deficiency syndrome.

The state board as part of accreditation standards shall adopt curriculum standards for implementing the program in grades nine through twelve.

6. A pupil is not required to enroll in either physical education or health courses if the pupil's parent or guardian files a written statement with the school principal that the course conflicts with the pupil's religious belief.

7. Programs that meet the needs of each of the following:

a. Pupils requiring special education.

b. Gifted and talented pupils.

c. Programs for at-risk students.

Rules adopted by the state board to implement this paragraph shall be based upon the definition of at-risk student developed by the child coordinating council established in section 256A.2 and the state board shall consider the recommendations of the child coordinating council in developing the rules.

8. Upon request of the board of directors of a public school district or the authorities in charge of a nonpublic school, the director may, for a number of years to be specified by the director, grant the district board or the authorities in charge of the nonpublic school exemption from one or more of the requirements of the educational program specified in subsection 5. The exemption may be renewed. Exemptions shall be granted only if the director deems that the request made is an essential part of a planned innovative curriculum project which the director determines will adequately meet the educational needs and interests of the pupils and be broadly consistent with the intent of the educational program as defined in subsection 5.

The request for exemption shall include all of the following:

a. Rationale of the project to include supportive research evidence.

b. Objectives of the project.

c. Provisions for administration and conduct of the project, including the use of personnel, facilities, time, techniques, and activities.

d. Plans for evaluation of the project by testing and observational measures of pupil progress in reaching the objectives.

e. Plans for revisions of the project based on evaluation measures.

f. Plans for periodic reports to the department.
g. The estimated cost of the project.
9. a. Effective July 1, 1989, through June 30, 1990, to facilitate the implementation and economical operation of the educational program defined in subsections 4 and 5, each school offering any of grades seven through twelve, except a school which offers grades one through eight as an elementary school, shall meet the media center requirements specified in section 256.11, subsection 9, paragraph "a", Code Supplement 1987.
b. Effective July 1, 1990, unless a waiver has been obtained under section 256.11A, each school or school district shall have a qualified school media specialist who shall meet the certification and approval standards prescribed by the department and shall be responsible for supervision of the media centers. Each school or school district shall establish a media center, in each attendance center, which shall be accessible to students throughout the school day.

9A. Each school or school district shall provide an articulated sequential guidance program for grades kindergarten through twelve. Until July 1, 1991, a school or school district may obtain a waiver from meeting the requirements of this subsection pursuant to section 256.11A. The guidance counselor shall meet the certification and approval standards of the department.

10. The state board shall establish an accreditation process for school districts and nonpublic schools seeking accreditation pursuant to this subsection and subsections 11 and 12. As required in section 256.17, by July 1, 1989, all school districts shall meet standards for accreditation. For the school year commencing July 1, 1989 and school years thereafter, the department of education shall use a two-phase process for the continued accreditation of schools and school districts.

Phase I consists of annual monitoring by the department of education of all accredited schools and school districts for compliance with accreditation standards adopted by the state board of education as provided by section 256.17. The phase I monitoring requires that accredited school districts and schools annually complete accreditation compliance forms adopted by the state board and file them with the department of education. In addition, employees of the department of education shall complete at least one on-site visit each year to each accredited school and school district to review the educational programs and the information included in the compliance forms.

Phase II requires the use of an accreditation committee, appointed by the director of the department of education, to conduct an on-site visit to an accredited school or school district if any of the following conditions exist:

a. When the annual monitoring of phase I indicates that a school or school district may be deficient or fails to be in compliance with accreditation standards.
b. In response to a petition filed with the director requesting such a committee visitation that is signed by twenty percent or more of the registered voters of a school district.

c. In response to a petition filed with the director requesting such a committee visitation that is signed by twenty percent or more of the parents or guardians who have children enrolled in the school or school district.

d. At the direction of the state board of education.

The number and composition of the membership of an accreditation committee shall be determined by the director and may vary due to the specific nature or reason for the visit. In all situations, however, the chairperson and a majority of the committee membership shall be from the instructional and administrative program specialty staff of the department of education. Other members may include instructional and administrative staff from school districts, area education agencies, institutions of higher education, local board members and the general public.

An accreditation committee visit to a nonpublic school requires membership on the committee from nonpublic school instructional or administrative staff or board members. A member of a committee shall not have a direct interest in the nonpublic school or school district being visited.

Rules adopted by the state board may include provisions for coordination of the accreditation process under this section with activities of accreditation associations.

Prior to a visit to a school district or nonpublic school, members of the accreditation committee shall have access to all annual accreditation report information filed with the department by that nonpublic school or school district.

After visiting the school district or nonpublic school, the accreditation committee shall determine whether the accreditation standards have been met and shall make a report to the director, together with a recommendation whether the school district or nonpublic school shall remain accredited. The accreditation committee shall report strengths and weaknesses, if any, for each standard and shall advise the school or school district of available resources and technical assistance to further enhance strengths and improve areas of weakness. A school district or nonpublic school may respond to the accreditation committee’s report.

11. The director shall review the accreditation committee’s report, and the response of the school district or nonpublic school, and provide a report and recommendation to the state board along with copies of the accreditation committee’s report, the response to the report, and other pertinent information. The state board shall determine whether the school district or nonpublic school shall remain accredited. If the state board determines that a school district or nonpublic school should not remain accredited, the director, in cooperation with the board of directors of the school district, or authorities in charge of the nonpublic school, shall establish a plan prescribing the procedures that must be taken to correct deficiencies in meeting the standards, and shall estab-
lish a deadline date for completion of the procedures. The plan is subject to approval of the state board.

12. During the period of time specified in the plan for its implementation by a school district or nonpublic school, the school or school district remains accredited. The accreditation committee shall revisit the school district or nonpublic school and shall determine whether the deficiencies in the standards have been corrected and shall make a report and recommendation to the director and the state board. The state board shall review the report and recommendation, may request additional information, and shall determine whether the deficiencies have been corrected. If the deficiencies have not been corrected, the state board shall merge the territory of the school district with one or more contiguous school districts. Division of assets and liabilities of the school district shall be as provided in sections 275.29 through 275.31. Until the merger is completed, the school district shall pay tuition for its resident students to an accredited school district under section 282.24.

13. Notwithstanding subsections 1 through 12 and as an exception to their requirements, a private high school or private combined junior-senior high school operated for the express purpose of teaching a program designed to qualify its graduates for matriculation at accredited four-year or equivalent liberal arts, scientific, or technological colleges or universities shall be placed on a special accredited list of college preparatory schools, which list shall signify accreditation of the school for that express purpose only, if:

a. The school complies with minimum standards established by the Code other than this section, and rules adopted under the Code, applicable to:

(1) Courses comprising the limited program.
(2) Health requirements for personnel.
(3) Plant facilities.
(4) Other environmental factors affecting the programs.

b. At least eighty percent of those graduating from the school within the four most recent calendar years, other than those graduating who are aliens, graduates entering military or alternative civilian service, or graduates deceased or incapacitated before college acceptance, have been accepted by accredited four-year or equivalent liberal arts, scientific, or technological colleges or universities.

c. A school claiming to be a private college preparatory school which fails to comply with the requirement of paragraph "b" of this subsection shall be placed on the special accredited list of college preparatory schools provisionally if the school complies with the requirements of paragraph "a" of this subsection, but a provisional accreditation shall not continue for more than four successive years.

14. Notwithstanding subsections 1 through 13 and as an exception to their requirements, a nonpublic grade school which is reopening is accredited even if it does not have a complete grade one through grade six program. However, the nonpublic grade school must comply with other minimum standards established by law and administrative rules adopted pursuant to the law and the nonpublic grade school must show progress toward reaching a grade one through grade six program.

3. The application, pursuant to subsection 2, shall include the following:

261A.1 Short title and citation.
This chapter may be cited as the “Iowa Higher Education Loan Authority Act” [82 Acts, ch 1031, §1]

261A.2 Declaration of purpose.
It is declared that for the benefit of the people of the state of Iowa, the conduct and increase of their commerce, the protection and enhancement of their welfare, the development of continued prosperity and the improvement of their health and living conditions, it is essential that this and future generations of youth be given the fullest opportunity to learn and to develop their intellectual and mental
capacities and skills; that to achieve these ends it is of the utmost importance that students attending institutions of higher education located in Iowa have reasonable financial alternatives to enhance their access to such institutions; that reasonable financial access to institutions of higher education will assist youth in achieving the optimum levels of learning and development of their intellectual and mental capacities and skills; that it is the purpose of this chapter to provide a measure of assistance and an alternative method to enable students and the families of students attending institutions of higher education located in Iowa to appropriately and prudently finance the cost or a portion of the cost of higher education; and that it is the intent of this chapter to supplement federal guaranteed higher education loan programs, other student loan programs, and grant or scholarship programs to provide the needed additional options for the financing of a student's higher education in execution of the public policy set forth above.

[82 Acts, ch 1031, §2]

261A.3 Legislative findings.
The general assembly finds as follows:
1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their education, health and welfare, and for the promotion of the economy, which are public purposes.
2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.
3. There exists a serious problem in this state regarding the ability of students to obtain financing for the cost of education beyond the high school level.
4. Escalating costs of securing such an education have contributed to the difficulties faced by students in attempting to finance an education.
5. Without public action as contemplated by this chapter, many students will be forced to postpone or abandon plans for obtaining additional education.
6. It is in the interests and welfare of the citizens of the state to provide a means for assisting students to continue their education.
7. Without public action as contemplated by this chapter, the inability to obtain educational financing will result in declining enrollments at institutions of higher education.
8. It is necessary to create a higher education loan authority to encourage the investment of private capital in the provision of funds for the financing of student loans.
9. All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned, or granted.
[82 Acts, ch 1031, §3]

2 “Property” means the real estate upon which a project is or will be located, including equipment, machinery, and other similar items necessary or convenient for the operation of the project in the manner for which it is intended, but not including such items as fuel, supplies, or other items that are customarily deemed to result in a current operation charge. Property does not include property used or to be used primarily for sectarian instruction or study, or as a place for devotional activities or religious worship, or any property which is used or to be used primarily in connection with any part of the program of a school or department of divinity for any religious denomination or the training of ministers, priests, rabbis, or other professional persons in the field of religion.

3 “Cost” as applied to a project or any portion of a project financed under this division means all or a part of the cost of construction and acquisition of land, buildings, or structures, including the cost of machinery and equipment, finance charges, interest prior to, during, and after completion of the construction for a reasonable period as determined by the authority, reserves for principal and interest, extensions, enlargements, additions, replacements, renovations, and improvements, improvements, replacements, and renovations for energy conservation and other purposes, engineering, financial, and legal services, plans, specifications, studies, surveys, estimates of cost of revenue, administrative expenses, expenses necessary or incidental to determining the feasibility or practicability of constructing the project, and such other expenses as the authority determines may be necessary or incidental to the construction and acquisition of the project, the financing of the construction and acquisition, and the placing of the project in operation.
4 “Obligation” means an obligation issued by the authority under this division 85 Acts, ch 210, §4

261A.35 General power of authority.
The authority is authorized to assist institutions in the constructing, financing, and refinancing of projects, and the authority may take action authorized by this division 85 Acts, ch 210, §5

261A.36 Issuance of obligations.
The authority may issue obligations of the authority for any of its corporate purposes as provided for in this division, and fund or refund the obligations pursuant to this division 85 Acts, ch 210, §6

261A.37 Loans authorized.
The authority may make loans to an institution for the cost of a project in accordance with an agreement between the authority and the institution, except that a loan shall not exceed the total cost of the project, as determined by the institution and approved by the authority 85 Acts, ch 210, §7

261A.38 Issuance of obligations — conditions.
The authority may issue obligations and make loans to an institution and refund, refinance or reimburse outstanding obligations, indebtedness, mortgages, or advances, including advances from an endowment or any similar fund, issued, made, or given by the institution, whether before or after July 1, 1985, for the cost of a project, when the authority finds that the financing prescribed in this section is in the public interest, and either alleviates a financial hardship upon the institution, results in a lesser cost of education, or enables the institution to offer greater security for a loan or loans to finance a new project or projects or to effect savings in interest costs or more favorable amortization terms 85 Acts, ch 210, §8

261A.39 General powers — apportionment of costs.
The authority may do all things necessary or convenient to carry out the purposes of this division. The authority may charge to and equitably apportion among participating institutions its administrative costs and expenses incurred in the exercise of the powers and duties conferred on the authority by this division 85 Acts, ch 210, §9

261A.40 Joint and combination projects.
The authority may undertake a project for two or more institutions jointly or for any combination of institutions, and may combine for financing purposes, with the consent of all of the institutions which are involved, the project and some or all future projects of any institution or institutions, and this division applies to and is for the benefit of the authority and the joint participants. However, the money set aside in a fund or funds pledged for any series or issue of obligations shall be held for the sole benefit of the series or issue separate and apart from money pledged for another series or issue of obligations of the authority. To facilitate the combining of projects, obligations may be issued in series under one or more resolutions or trust agreements and may be fully open ended, thus providing for the unlimited issuance of additional series, or partially open ended, limited as to additional series. The authority may permit an institution to substitute one or more projects of equal value, as determined by an independent appraiser satisfactory to the authority, for a project financed under this division on terms and subject to conditions the authority prescribes 85 Acts, ch 210, §10

261A.41 Expenses.
Expenses incurred in carrying out this division are payable solely from funds provided under this division and a liability or obligation shall not be incurred by the authority beyond the extent to which money is provided under this division 85 Acts, ch 210, §11

261A.42 Obligations.
The authority may provide by resolution for the issuance of obligations for the purpose of paying, refinancing, or reimbursing all or part of the cost of a project. The authority shall not have outstanding at any one time obligations issued pursuant to this division in an aggregate principal amount exceeding one hundred fifty million dollars. Except to the extent payable from payments to be made on federally guaranteed securities as provided in section 261A 45, the principal of and the interest on the obligations shall be payable solely out of the revenue of the authority derived from the project to which they relate and from other facilities pledged or made available for this purpose by the institution for whose benefit the obligations were issued. The obligations of each issue shall be dated, shall bear interest at rate or rates, without regard to any limit contained in any other statute or law of the state, and shall mature at times not exceeding forty years from the date of issuance, all as determined by the authority, and may be made redeemable before maturity at the prices and under terms fixed by the authority in the authorizing resolution. Except as otherwise provided by this division, the obligations are to be paid solely out of the revenue of the project to which they relate and, in certain instances, out of the revenue of certain other facilities, and subject to section 261A 45 with respect to a pledge of government securities, the obligations may be unsecured or secured in the manner and to the extent determined by the authority. The authority shall determine the form of the obligations, including interest coupons, if any, to be attached, and shall fix the denominations of the obligations and the places of payment of principal and interest which may be at any bank or trust company within or without the state. The obligations and coupons attached, if any, shall be executed by the manual or
§261A.42, HIGHER EDUCATION LOAN AUTHORITY

facsimile signatures of officers of the authority designated by the authority. If an official of the authority whose signature or a facsimile of whose signature appears on any obligations or coupons ceases to be an official before the delivery of the obligations, the signature or facsimile, nevertheless, is valid and sufficient for all purposes the same as if the individual had remained an official of the authority until delivery. Obligations issued under this division have all the qualities and incidents of negotiable instruments, notwithstanding this payment from limited sources and without regard to any other law. The obligations may be issued in coupon or in registered form, or both, and one form may be exchangeable for the other in the manner as the authority may determine. Provision may be made for the registration of any coupon obligations as to principal alone and also as to both principal and interest, and for the reconversion into coupon obligations of any obligations registered as to both principal and interest. The obligations may be sold in the manner, either at public or private sale, as the authority determines.

The proceeds of the obligations of each issue shall be used solely for the payment of the cost of the project for which the obligations have been issued, and shall be disbursed in the manner and under the restrictions, if any, as the authority provides in the resolution authorizing the issuance of the obligations or in the trust agreement provided for in section 261A.44 securing the obligations. If the proceeds of the obligations of an issue, by error of estimates or otherwise, are less than the costs, additional obligations may in like manner be issued to provide the amount of the deficit, and, unless otherwise provided in the resolution authorizing the issuance of the obligations or in the trust agreement securing them, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the obligations first issued. If the proceeds of the obligations of an issue shall exceed the cost of the project for which the same shall have been issued, the surplus shall be deposited to the credit of the sinking fund for the obligations. Prior to the preparation of definitive obligations, the authority may, under like restrictions, issue interim receipts or temporary obligations, with or without coupons, exchangeable for definitive obligations when the obligations have been executed and are available for delivery.

The authority may also provide for the replacement of obligations which become mutilated or are destroyed or lost. Obligations may be issued under this division without obtaining the consent of an officer, department, division, commission, board, bureau, or agency of the state, and without other proceedings or conditions other than those which are specifically required by this division. The authority may purchase its bonds out of funds available for that purpose. The authority may hold, pledge, cancel, or resell the obligations, subject to and in accordance with any agreement with the obligation holders. Members of the authority and any person executing the obligations are not liable personally on the obligations or subject to personal liability or accountability by reason of the issuance of the obligations.

85 Acts, ch 210, §12

261A.43 Resolution provisions.

The resolution authorizing obligations or an issue of obligations may contain provisions, which shall be a part of the contract with the holders of the obligations to be authorized, as to:

1. Pledging or assigning the revenue of the project with respect to which the obligations are to be issued or the revenue of other property or facilities.

2. Setting aside reserves or sinking funds, and the regulation, investment, and disposition of them.

3. Limitations on the use of the project.

4. Limitations on the purpose to which or the investments in which the proceeds of sale of an issue of obligations then or thereafter to be issued may be applied and pledging the proceeds to secure the payment of the obligations or an issue of the obligations.

5. Limitations on the issuance of additional obligations, the terms upon which additional obligations may be issued and secured, and the refunding of outstanding obligations.

6. The procedure, if any, by which the terms of any contract with obligation holders may be amended or abrogated, the amount of obligations the holders of which must consent to the amendment or abrogation, and the manner in which the consent may be given.

7. Limitations on the amount of money derived from the project to be expended for operating, administrative, or other expenses of the authority.

8. Defining the acts or omissions to act which constitute a default in the duties of the authority to holders of its obligations and providing the rights and remedies of the holders in the event of a default.

9. Mortgaging a project and the project site or other property for the purpose of securing the obligation holders.

10. Other matters relating to the obligations which the authority deems desirable.

85 Acts, ch 210, §13

261A.44 Obligations secured by trust agreement.

Obligations issued under this division may be secured by a trust agreement by and between the authority and an incorporated trustee, which may be a trust company or bank having the powers of a trust company within or without the state. The trust agreement or the resolution providing for the issuance of the obligations may pledge or assign the revenue to be received or proceeds of any contract pledged and may convey or mortgage the project or any portion of the project. A pledge or assignment made by the authority pursuant to this section is valid and binding from the time that the pledge or assignment is made, and the revenue pledged and thereafter received by the authority is immediately subject to the lien of the pledge or assignment.
without physical delivery or any further act. The lien of the pledge or assignment is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the authority irrespective of whether the parties have notice of the lien. The resolution or trust agreement by which a pledge is created or an assignment made shall be filed or recorded in the records of the authority, with the secretary of state, and in each county in which the project is located. The trust agreement or resolution providing for the issuance of the obligations may contain provisions for protecting and enforcing the rights and remedies of the obligation holders as are reasonable and proper, not in violation of law, or provided for in this division. A bank or trust company incorporated under the laws of this state which acts as depository of proceeds of the obligations, revenue, or other money shall furnish the indemnifying obligations or pledge the securities as required by the authority. The trust agreement may set forth the rights and remedies of the obligation holders and of the trustee, and may restrict the individual right of action by obligation holders. The trust agreement or resolution may contain other provisions the authority deems reasonable and proper for the security of the obligation holders. Expense incurred in carrying out the trust agreement or resolution may be treated as a part of the cost of the operation of a project.

85 Acts, ch 210, §14

261A.45 Obligations issued to acquire federally guaranteed securities.

The authority may finance the cost of a project, refund outstanding indebtedness, or reimburse advances from an endowment or similar fund of an institution as authorized by this division, by issuing its obligations pursuant to a plan of financing involving the acquisition of a federally guaranteed security or the acquisition or entering into of commitments to acquire a federally guaranteed security. For the purposes of this section, “federally guaranteed security” means any direct obligation of, or obligation the principal of and interest on which are fully guaranteed or insured by the United States, or an obligation issued by, or the principal of and interest on which are fully guaranteed or insured by any agency or instrumentality of the United States, including without limitation an obligation that is issued pursuant to the National Housing Act, or any successor provision of law.

The authority may acquire or enter into commitments to acquire a federally guaranteed security and pledge or otherwise use the federally guaranteed security in the manner the authority deems in its best interest to secure or otherwise provide a source of repayment of its obligations issued to finance or refinance a project, or may enter into an appropriate agreement with an institution whereby the authority may make a loan to the institution for the purpose of acquiring or entering into commitments to acquire a federally guaranteed security. An agreement entered into pursuant to this section may contain provisions deemed necessary or desirable by the authority for the security or protection of the authority or the holders of the obligations, except that the authority, prior to making an acquisition, commitment, or loan, shall determine and enter into an agreement with the institution or another appropriate institution to require that the proceeds derived from the acquisition of a federally guaranteed security will be used, directly or indirectly, for the purpose of financing or refinancing a project.

The obligations issued pursuant to this section shall not exceed in principal amount the cost of financing or refinancing the project as determined by the participating institution and approved by the authority, except that the costs may include, without limitation, all costs and expenses necessary or incidental to the acquisition of or commitment to acquire a federally guaranteed security and to the issuance and obtaining of insurance or guarantee of an obligation issued or incurred in connection with a federally guaranteed security. In other respects the bonds are subject to this division, and the trust agreement creating the bonds may contain provisions set forth in this division as the authority deems appropriate.

If a project is financed or refinanced pursuant to this section, the title to the project shall remain in the participating institution owning the project, subject to the lien of a mortgage or security interest securing, directly or indirectly, the federally guaranteed securities being purchased or to be purchased.

85 Acts, ch 210, §15

261A.46 Obligations not liability of state or political subdivision.

Obligations issued pursuant to this division are not debts of the state or of any political subdivision of the state or a pledge of the faith and credit of the state or of any political subdivision, but the obligations are limited obligations of the authority payable solely from the funds or securities, pledged for their payment as authorized in this division, unless the obligations are refunded by refunding obligations issued under this division, which refunding obligations shall be payable solely from funds or securities pledged for their payment as authorized in this division. All revenue obligations shall contain on their face a statement to the effect that the obligations, as to both principal and interest, are not obligations of the state, or of any political subdivision of the state, but are limited obligations of the authority payable solely from revenue or securities pledged for their payment. Expenses incurred in carrying out this division are payable solely from funds provided under this division, and this division does not authorize the authority to incur indebtedness or liability on behalf of or payable by the state or any political subdivision of the state.

85 Acts, ch 210, §16

261A.47 Money received by authority.

All money received by the authority, whether as proceeds from the sale of obligations, from revenue, or otherwise, shall be deemed to be trust funds to be
held and applied solely as provided in this division, but prior to the time when needed for use may be
invested to the extent and in the manner provided by the authority. The funds shall be deposited, held,
and secured as determined by the authority, except to the extent provided otherwise in the resolution
authorizing the issuance of the related obligations or in the trust agreement securing the obligations. The
resolution authorizing the issuance of the obligations or the trust agreement securing the obligations
shall provide that an officer, bank or trust company to which the money is entrusted shall act as
trustee of the money and shall hold and apply the money for the purposes of this division, subject to the
provisions of this division and of the authorizing resolution or trust agreement.
85 Acts, ch 210, §17

261A.48 Powers of holders and trustees.
A holder of obligations or of the coupons pertaining to obligations and the trustee under a trust
agreement, except to the extent the rights given in this division are restricted by the authorizing reso-
lution or trust agreement, may, by suit, mandamus, or other proceedings, protect and enforce any and all
rights under the laws of this state, or under the trust agreement or resolution authorizing the issuance of
the obligations, and may enforce and compel the performance of all duties required by this division or
by the trust agreement or resolution authorizing the issuance of the obligations, and may enforce and compel
the performance of all duties required by this division or by the trust agreement or resolution to be performed
by the authority or by an officer, employee, or agent of the authority, including the fixing, charging, and
collecting of fees and charges authorized in this division and required by the resolution or trust
agreement to be fixed and collected.
The rights of holders include the right to compel the performance of all duties of the authority re-
quired by this division or the resolution or trust agreement, to enjoin unlawful activities, and in the
event of default with respect to the payment of any principal of, premium, if any, and interest on an
obligation or in the performance of a covenant or agreement on the part of the authority in the reso-
lution, to apply to a court having jurisdiction of the
cause to appoint a receiver to administer and operate the project, the revenue of which is pledged to the
payment of the principal of, premium, if any, and interest on the obligations, the receiver to have full
power to pay and to provide for payment of the principal of, premium, if any, and interest on the
obligations, and to have the powers, subject to the direction of the court, as are permitted by law and
are accorded receivers in general equity cases, including the power to foreclose the mortgage on the
project in the same manner as the foreclosure of a mortgage on real estate of private corporations, but
excluding any power to pledge additional revenue of the authority to the payment of the principal, pre-
mium, and interest.
85 Acts, ch 210, §18

261A.49 Bondholders — pledge — agreement of the state.
The state pledges to and agrees with the holders of any obligations issued under this division, and with
those parties who enter into contracts with the authority pursuant to this division, that the state
will not limit or alter the rights vested in the authority until the obligations, together with the
interest on the obligations, are fully met and discharged and the contracts are fully performed on the
part of the authority, except that this section does not preclude the limitation or alteration if and when
adequate provision is made by law for the protection of the rights of the holders of the obligations of the
authority or those entering into contracts with the authority.
85 Acts, ch 210, §19

261A.50 Provisions controlling.
The powers granted the authority under this division are in addition to the powers of the authority
contained in other provisions of this chapter. All other provisions of this chapter apply to obligations
issued pursuant to and powers granted the authority under this division, except to the extent they are
inconsistent with this division.

Such resolution shall contain such covenants as may be determined by the board as to the issuance of additional bonds that may thereafter be issued payable from the student fees and charges and institutional income received by the particular institution, the amendment or modification of the resolution authorizing the issuance of any bonds, the manner, terms, and conditions and the amount or percentage of assenting bonds necessary to effectuate such amendment or modification, and such other covenants as may be deemed necessary or desirable. In the discretion of the board any bonds issued under the terms of this chapter may be secured by a trust indenture by and between the board and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the boundaries of the state of Iowa, but no such trust indenture shall convey or mortgage the buildings and facilities or any part thereof. The provisions of this chapter and of any resolution or other proceedings authorizing the issuance of bonds and providing for the establishment and maintenance of adequate student fees

262A.8 Student fees to pay bonds.
Whenever bonds are issued by the state board of regents, it shall be the duty of said board to establish, impose, and collect student fees and charges at the institution on behalf of which such bonds are issued, and to adjust such student fees and charges from time to time, in order always to provide amounts which, together with the institutional income, will be sufficient to pay the principal of and interest on such bonds as the same become due and to maintain a reserve therefor, and said board is authorized to pledge a sufficient amount of the student fees and charges and institutional income received by such institution for this purpose. Student fees and charges and institutional income received by one institution shall not be used to discharge bonds issued for or on account of another institution. All bonds issued under the terms of this chapter shall be exempt from taxation by the state of Iowa and the interest thereon shall be exempt from the state income tax. It shall be the duty of the treasurer of each institution to disburse funds from the proper account for the payment of the principal of and interest on the bonds in accordance with the directions and covenants of the resolution authorizing the issuance thereof.

If the amount of bonds issued under this chapter exceeds the actual costs of the projects for which bonds were issued, the amount of the difference shall be used to pay the principal and interest due on bonds issued under this chapter. [C71, 73, 75, 77, 79, 81, §262A.9] 87 Acts, ch 233, §469

No taxes, appropriations, or other funds of the state of Iowa may be pledged for or used to pay such bonds or the interest thereon but any such bonds shall be payable solely and only as to both principal and interest from the student fees and charges and institutional income received by the institutions of higher learning under the control of the state board of regents as provided in this chapter, and the sole remedy for any breach or default of the terms of any such bonds or proceedings for their issuance shall be a proceeding either in law or in equity by suit, action, or mandamus to enforce and compel performance of the duties required by this chapter and the terms of the resolution under which such bonds are issued. [C71, 73, 75, 77, 79, 81, §262A.11]

262A.12 Application for gifts, loans or grants.

All bonds or notes issued under the terms of this chapter shall be exempt from taxation by the state of Iowa and the interest thereon shall be exempt from the state income tax.

A sufficient portion of the hospital income received by the institution shall be held in trust by the treasurer thereof, separate and apart from all other funds, to be used solely and only for the purposes specified in this chapter and as may be required and provided for by the proceedings of the board authorizing the issuance of bonds or notes. It shall be the duty of the treasurer of the institution to disburse funds from the proper account for the payment of the principal of and interest on the bonds or notes in accordance with the directions and covenants of the resolution authorizing the issuance thereof.

If the amount of bonds or notes issued under this chapter exceeds the actual costs of the projects for which the bonds or notes were issued, the amount of the difference shall be used to pay the principal and interest due on bonds or notes issued under this chapter.

265.3 Financing.
A laboratory school at each institution where so
established shall constitute a self-liquidating im-

275.1 Declaration of policy — surveys — definitions.
It is the policy of the state to encourage economical and efficient school districts which will ensure an equal educational opportunity to all children of the state. All areas of the state shall be in school districts maintaining kindergarten and twelve grades. If a school district ceases to maintain kindergarten and twelve grades except as otherwise provided in section 28E.9, 256.13, 280.15, 282.7, subsection 1 or subsections 1 and 3, or 282.8, it shall reorganize within six months or the state board shall attach the school district not maintaining kindergarten and twelve grades to one or more adjacent districts. Voluntary reorganizations under this chapter shall be commenced only if the affected school districts are contiguous to one another. A reorganized district shall meet the requirements of section 275.3.

If a district is attached, division of assets and liabilities shall be made as provided in sections 275.29 to 275.31. The area education agency boards shall develop detailed studies and surveys of the school districts within the area education agency and all adjacent territory for the purpose of providing for reorganization of school districts in order to effect more economical operation and the attainment of higher standards of education in the schools. The plans shall be revised periodically to reflect reorganizations which may have taken place in the area education agency and adjacent territory.

As used in this chapter unless the context otherwise requires:
2. "Qualified elector" means qualified elector as defined in section 39.3, subsection 2.
3. "School districts affected" means the school districts named in the reorganization petition whether a school district is affected in whole or in part.

275.2 Scope of surveys.
The scope of the studies and surveys shall include the following matters in the various districts in the area education agency and all districts adjacent to the area education agency: The adequacy of the educational program, pupil enrollment, property valuations, existing buildings and equipment, natural community areas, road conditions, transportation, economic factors, individual attention given to the needs of students, the opportunity of students to participate in a wide variety of activities related to the total development of the student, and other matters that may bear on educational programs meeting minimum standards required by law. The plans shall also include suggested alternate plans that incorporate the school districts in the area education agency into reorganized districts that meet the enrollment standards specified in section 275.3 and may include alternate plans proposed by school districts for sharing programs under section 256.13, 280.15, or 282.7 as an alternative to school reorganization.

275.3 Minimum size.
No new school district shall be planned by an area education agency board nor shall any proposal for creation or enlargement of any school district be approved by an area education agency board or submitted to electors unless there reside within the proposed limits of such district at least three hundred persons of school age who were enrolled in public schools in the preceding school year. Provided, however, that the director of the department of education shall have authority to grant permission to an area education agency board to approve the formation or enlargement of a school district con-
taining a lower school enrollment than required in this section on the written request of such area education agency board if such request is accompanied by evidence tending to show that sparsity of population, natural barriers or other good reason makes it impracticable to meet the school enrollment requirement.

In developing studies and surveys the area education agency board shall consult with the officials of school districts in the area and other citizens, and shall from time to time hold public hearings, and may employ such research and other assistance as it may determine reasonably necessary in order to properly carry on its survey and prepare definite plans of reorganization.

In addition, the area education agency board shall consult with the commissioner of public instruction in the development of surveys and plans. The commissioner of public instruction shall provide assistance to the area education agencies as requested and shall advise the area education agency boards concerning plans of contiguous area education agencies and the reorganization policies adopted by the state board of public instruction.

Following receipt of a petition pursuant to section 275.12, the area education agency board shall review its plans and determine whether the petition complies with the plans which had been adopted by the board. If the petition does not comply with the plans which had been adopted by the board, the board shall conduct further surveys pursuant to section 275.4 prior to the date set for the hearing upon the petition. Planning of joint districts shall be conducted in the same manner as planning for single districts, except as provided in this section. In the case of controversy over the planning of joint districts, the matter shall be submitted to the director of the department of education. Judicial review of the director's decision may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of that Act, petitions for judicial review must be filed within thirty days after the decision of the director. 1. A petition describing the boundaries, or accurately describing the area included therein by legal descriptions, of the proposed district, which boundaries or area described shall conform to plans developed or the petition shall request change of the plan, shall be filed with the area education agency administrator of the area education agency in which the greatest number of qualified electors reside. However, the area education agency administrator shall not accept a petition if any of the school districts affected have approved the issuance of general obligation bonds at an election pursuant to section 296.6 during the preceding six-month period. The petition shall be signed by qualified electors in each existing school district or portion affected equal in number to at least twenty percent of the number of qualified electors or four hundred qualified electors, whichever is the smaller number.

2. The petition filed under subsection 1 shall also state the name of the proposed school district and the number of directors which may be either five or seven and the method of election of the school directors of the proposed district. In such case, all directors shall be elected by the voters of the entire school district. Changes in the boundaries of director districts shall not be made during a period commencing sixty days prior to the date of the annual school election.

d. Division of the entire school district into designated geographical single director or multi-director subdistricts on the basis of population for each director, to be known as director districts, each of which director districts shall be represented on the school board by one or more directors who shall be residents of the director district and who shall be elected by the voters of the director district. Place of voting in the director districts shall be designated by the commissioner of elections. Changes in the boundaries of director districts shall not be made during a period commencing sixty days prior to the date of the annual school election.

e. In districts having seven directors, election of three directors at large by the electors of the entire district, one at each annual school election, and election of the remaining directors as residents of and by the electors of individual geographic subdistricts established on the basis of population and identified as director districts. Boundaries of the subdistricts shall follow precinct boundaries, insofar as practicable, and shall not be changed less than sixty days prior to the annual school election.

3. If the petition proposes the division of the school district into director districts, the boundaries of such proposed director districts shall be described in the petition.
4. The area education agency board in reviewing the petition as provided in sections 275.15 and 275.16 shall review the proposed method of election of school directors and may change or amend the plan in any manner, including the changing of boundaries of director districts if proposed, or to specify a different method of electing school directors as may be required by law, justice, equity, and the interest of the people. In the action, the area education agency board shall follow the same procedure as is required by sections 275.15 and 275.16 for other action on the petition by the area education agency board.

5. The petition may also include a provision that the schoolhouse tax provided in section 278.1, subsection 7, will be voted upon at the election conducted under section 275.18.

The area education agency board, when entering the order fixing the boundaries, shall consider all requests timely filed for boundary line changes. Each objection filed by a property owner shall be considered separately and an individual ruling made.

If the petition is not dismissed and the board determines that additional information is required in order to fix boundary lines of the proposed school corporation, the board may continue the hearing for no more than thirty days. The date of the continued hearing shall be announced at the original meeting. Additional objections in the form required in section 275.14 may be considered if filed with the administrator within five days, not including Saturdays, Sundays, or holidays, after the date of the original board hearing. If the hearing is continued, the area education agency administrator may conduct one or more meetings with the boards of directors of the affected districts. Notice of any such meeting must be given at least forty-eight hours in advance by the area education agency administrator in the manner provided in section 21.4. The area education agency board may request that the administrator make alternative recommendations regarding the boundary lines of the proposed school corporation. The area education agency board shall make a decision on the boundary lines within ten days following the conclusion of the continued hearing.

The administrator shall at once publish the decision in the same newspaper in which the original
notice was published. Within twenty days after the publication, the decision rendered by the area education agency board may be appealed to the district court in the county involved by any school district affected. For purposes of appeal, only those school districts which filed reorganization petitions are school districts affected. An appeal from a decision of an area education agency board or joint area education agency boards under section 275.4, 275.16, or this section is subject to appeal procedures under this chapter and is not subject to appeal under chapter 290.

275.16 Hearing when territory in different area education agencies.

If the territory described in the petition for the proposed corporation lies in more than one area education agency, the agency administrator with whom the petition is filed shall fix the time and place for a hearing and call a joint meeting of the members of all the agency boards in which territory of the proposed school corporation lies, to act as a single board for the hearing of the objections, and a majority of members of each of the agency boards of the different agencies in which any part of the proposed corporation lies, constitutes a quorum. The president of the board of directors of the area education agency in which the petition has been filed, or a member of the board designated by the president, shall preside at the joint meeting. The joint boards acting as a single board shall determine whether the petition conforms to plans or, if the petition requests a change in plans, whether a change should be made, and may change the plans of any or all the area education agency boards affected by the petition. The joint board shall determine and fix boundaries for the proposed corporation as provided in section 275.15 or dismiss the petition. The joint board may continue the hearing as provided in section 275.15.

Votes of each member of an area education agency board in attendance shall be weighted so that the total number of votes eligible to be cast by members of each board in attendance shall be equal. However, if the joint boards cast a tie vote and are unable to agree to a decision fixing the boundaries for the proposed school corporation or to a decision to dismiss the petition, the time during which actions must be taken under section 275.15 shall be extended from ten days to fifteen days after the conclusion of the hearing. The joint board shall reconvene not less than ten and not more than fifteen days after the conclusion of the hearing. At the hearing the joint board shall consider its action and if a tie vote is again cast it is a decision granting the petition and changing the plans of any and all of the agency boards affected by the petition and fixing the boundaries for the proposed school corporation. The agency administrator shall at once publish the decision in the same newspaper in which the original notice was published.

In case a controversy arises from such meeting, the area education agency board or boards or any school district aggrieved may bring the controversy to the department of education, as provided in section 275.8, within twenty days from the publication of this order, and if said controversy is taken to the department of education, a ten day notice in writing shall be given to all agency boards and school districts affected or portions thereof. The department shall have the authority to affirm the action of the joint boards, to vacate, to dismiss all proceedings or to make such modification of the action of the joint boards as in their judgment would serve the best interest of all the agencies. Judicial review of the actions of the department may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petitions for judicial review must be filed within thirty days after the decision of the department of education.

The precinct election officials shall count the ballots, and make return to and deposit the ballots with the county commissioner of elections, who shall enter the return of record in the commissioner's office. The county commissioner of elections shall certify the results of the election to the area education agency administrator. If the majority of votes cast is opposed to the proposition, a new school corporation shall be organized.

275.23A Redistricting following federal decennial census.

1 School districts which have directors who represent director districts as provided in section 275 12, subsection 2, paragraphs b through e, shall be divided into director districts on the basis of population as determined from the most recent federal decennial census. The director districts shall be as nearly as practicable to the ideal population for the districts as determined by dividing the number of director districts to be established into the population of the school district. The director districts shall be composed of contiguous territory as compact as practicable.

2 If following a federal decennial census a school district fails to meet population equality requirements, the board of directors of the school district shall adopt a resolution redrawing the director districts not earlier than November 15 of the year immediately following the year in which the federal decennial census is taken nor later than May 30 of the second year immediately following the year in which the federal decennial census is taken. A copy of the adopted plan shall be filed with the area education agency administrator of the area education agency in which the school's electors reside.

3 The school board shall notify the state commissioner of elections and the county commissioner of elections of each county in which a portion of the school district is located whenever the boundaries of director districts are changed. The board shall provide the commissioners with maps showing the new boundaries. If, following a federal decennial census a school district elects not to redraw director districts under this section, the school board shall so certify to the state commissioner of elections. The school board shall also certify to the state commissioner the populations of the retained director districts as determined under the latest federal decennial census. Upon failure of a district board to make the required changes by the dates established under this section, the state commissioner of elections shall make or cause to be made the necessary changes as soon as possible, and shall assess any expenses incurred to the school district. The state commissioner may request the services of personnel and materials available to the legislative service bureau to assist the commissioner in making any required boundary changes.

4 If more than one incumbent director, whose term extends beyond the organizational meeting of the board of directors after the regular school elec
tion following the adoption of the redrawn districts, reside in a redrawn director district, the terms of office of the affected directors expire at the organizational meeting of the board of directors following the next regular school election.

5. The boundary changes under this section take effect July 1 following their adoption for the next regular school election.

6. Section 275.9 and sections 275.14 through 275.23 do not apply to changes in director district boundaries made under this section.

275.25 Election of directors.

1. If the proposition to establish a new school district carries under the method provided in this chapter, the area education agency administrator with whom the petition was filed shall give written notice of a proposed date for a special election for directors of the newly formed school district to the commissioner of elections of the county in the district involved in the reorganization which has the greatest taxable base. The proposed date shall be as soon as possible pursuant to sections 39.2, subsections 1 and 2, and 47.6, subsections 1 and 2, but not later than the third Tuesday in January of the calendar year in which the reorganization takes effect. The election shall be conducted as provided in section 277.3, and nomination petitions shall be filed pursuant to section 277.4, except as otherwise provided in this subsection. Nomination petitions shall be filed with the secretary of the board of the existing school district in which the candidate resides, signed by not less than ten eligible electors of the newly formed district, and filed not less than thirty days prior to the date set for the special school election.

2. The number of directors of a school district is either five or seven as provided in section 275.12. In school districts that include a city of fifteen thousand or more population as shown by the most recent decennial federal census, the board shall consist of seven members elected in the manner provided in subsection 3. If it becomes necessary to increase the membership of a board, two directors shall be added according to the procedure described in section 277.23.

The county board of supervisors shall canvass the votes and the county commissioner of elections shall report the results to the area education agency administrator who shall notify the persons who are elected directors.

3. The directors who are elected and qualify to serve shall serve until their successors are elected and qualify. At the special election, the newly elected director receiving the most votes shall be elected to serve until the director’s successor qualifies after the fourth regular school election date occurring after the effective date of the reorganization; the two newly elected directors receiving the next largest number of votes shall be elected to serve until the directors’ successors qualify after the third regular school election date occurring after the effective date of the reorganization; and the two newly elected directors receiving the next largest number of votes shall be elected to serve until the directors’ successors qualify after the second regular school election date occurring after the effective date of the reorganization. However, in districts that include all or a part of a city of fifteen thousand or more population and in districts in which the proposition to establish a new corporation provides for the election of seven directors, the three newly elected directors receiving the most votes shall be elected to serve until the directors’ successors qualify after the fourth regular school election date occurring after the effective date of the reorganization.

4. The board of the newly formed district shall organize within fifteen days after the special election upon the call of the area education agency administrator. The new board shall have control of the employment of personnel for the newly formed district for the next following school year under section 275.33. Following the first organizational meeting of the board of the newly formed district, the board may establish policy, organize curriculum, enter into contracts, complete planning, and take action as necessary for the efficient management of the newly formed district.

5. Section 49.8, subsection 4 does not permit a director to remain on the board of a school district after the effective date of a boundary change which places the director’s residence outside the boundaries of the district. Vacancies caused by this occurrence on a board shall be filled in the manner provided in sections 279.6 and 279.7.

6. The board of the newly formed district shall appoint an acting superintendent and an acting board secretary. The appointment of the acting superintendent shall not be subject to the continuing contract provisions of sections 279.20, 279.23, and 279.24.

275.26 Payment of expenses.

If a district is established or changes its boundaries it shall pay all expenses incurred by the area education agency administrator and the area education agency board in connection with the proceed-
ings. The county commissioner of elections shall assess the costs of the election against the district as provided in section 47.3. If the proposition is dismissed or defeated at the election all expenses shall be apportioned among the several districts in proportion to the assessed valuation of property therein.

If the proposed district or boundary change embraces territory in more than one area education agency such expenses shall be certified to and, if necessary, apportioned among the several districts by the joint agency board. If in only one agency the certification shall be made by the agency administrator.

The respective boards to which such expenses are certified shall audit and order the same paid from the general fund. In the event of failure of any board to so audit and pay the expenses certified to it, the area education agency administrator shall certify the expenses to the county auditor in the same manner as is provided for tuition claims in section 282.21 and the funds shall be transferred by the county treasurer from the debtor district to the agency board for payment of said expenses.

§275.27 Community school districts — part of area education agency.

School districts created or enlarged under this chapter are community school districts and are part of the area education agency in which the greatest number of qualified electors of the district reside at the time of the special election called for in section 275.18, and sections of the Code applicable to the common schools generally are applicable to these districts in addition to the powers and privileges conferred by this chapter.

§275.28 Plan of division of assets and liabilities.

A plan of reorganization in addition to setting up the territory to comprise the reorganized districts may provide for a division of assets and liabilities of the old districts between reorganized districts. If no provision is made in the plan for division of assets and liabilities, such division shall be made under the provisions of sections 275.29 to 275.31, inclusive, hereof.

§275.29 Division of assets and liabilities after reorganization.

Between July 1 and July 20, the board of directors of the newly formed school district shall meet with the boards of all the old districts, or parts of districts, affected by the organization of the new school corporation for the purpose of reaching joint agreement on an equitable division of the assets of the several school corporations or parts of school corporations and an equitable distribution of the liabilities of the affected corporations or parts of corporations. In addition, if outstanding bonds are in existence in any district, the boards shall meet together prior to March 15 prior to the school year the reorganization is effective to determine the distribution of the bonded indebtedness between the districts so that the newly formed district may certify its budget under the procedures specified in chapter 24. The boards shall consider the mandatory levy required in section 76.2 and shall assure the satisfaction of outstanding obligations of each affected school corporation.

§275.30 Arbitration.

If the boards cannot agree on such division and distribution, the matters on which they differ shall be decided by disinterested arbitrators, one selected by each board having an interest therein, and if the number thus selected is even, then one shall be added by the area education agency administrator. The decision of the arbitrators shall be made in writing and filed with the secretary of the new corporation, and any party to the proceedings may appeal therefrom to the district court by serving notice thereof on such secretary within twenty days after the decision is filed. Such appeal shall be tried in equity and a decree entered determining the entire matter, including the levy, collection, and distribution of any necessary taxes.

§275.31 Taxes and appropriation to effect equalization.

If necessary to equalize the division and distribution, the board or boards may provide for the levy of additional taxes, which shall be sufficient to satisfy the mandatory levy required in section 76.2 or other liabilities of the districts, upon the property of a corporation or part of a corporation and for the distribution of the tax revenues so as to effect equalization. When the board or boards are considering the equalization levy, the division and distribution shall not impair the security for outstanding obligations of each affected corporation. Any owner of bonds of an affected corporation may bring suit in equity for adjustment of the division and distribution in compliance with this section. If the property tax levy for the amount estimated and certified to apply on principal and interest on lawful bonded indebtedness for a newly formed community school district is greater than the property tax levy for the amount estimated and certified to apply on principal and interest in the year preceding the reorganization or dissolution for a school district that is a party to the reorganization or dissolution and that had a certified enrollment of less than six hundred for the
year prior to the reorganization or dissolution, the board of the newly formed district shall inform the department of management. The department of management shall pay debt service aid to the newly formed district in an amount that will reduce the rate of the property tax levy for lawful bonded indebtedness in the portion of the newly formed district where the new rate is higher, to the rate that was levied in that portion of the district during the year preceding the reorganization or dissolution.

For the school year beginning July 1, 1987 and succeeding school years, there is appropriated from the general fund of the state to the department of management an amount sufficient to pay the debt service aid under this section. Debt service aid shall be paid in the manner provided in section 442.26.

Not later than May 1 of each year, the department of management shall inform the board of the newly formed school district the amount of debt service aid that the district will receive and the rate of the property tax levy for the amount estimated and certified to apply on principal and interest on lawful bonded indebtedness in the portion of the newly formed district where the new rate would have been higher, and for the remainder of the newly formed district. The department of management shall notify the county auditor of each applicable county of the amount, in dollars and cents per thousand dollars of assessed valuation, of the property tax levy in each portion of each applicable newly formed school district in the county for the amount estimated and certified to apply on principal and interest on lawful bonded indebtedness, and the boundaries of the portions within the newly formed district for which the levies shall be made. The county auditor shall spread the applicable property tax levy for each portion of a school district over all taxable property in that portion of the district.

The board of any school corporation shall establish attendance centers and provide suitable buildings for each school in the district, and may at the regular or a special meeting call a special election to submit to the qualified electors of the district the question of voting a tax or authorizing the board to issue bonds, or both, for any or all of the following purposes:

1. To secure sites, build, purchase, or equip school buildings.
2. To build or purchase a superintendent's or teacher's house or houses.
3. To repair or improve any school building or grounds, or superintendent's or teacher's house or houses, when the cost will exceed five thousand dollars.

All moneys received for such purposes shall be placed in the schoolhouse fund of said corporation and shall be used only for the purpose for which voted.

Section 275.33 Contracts of new district.

1. The terms of employment of superintendents, principals, and teachers, for the school year following the effective date of the formation of the new district shall not be affected by the formation of the new district, except in accordance with the provisions of sections 279.15 to 279.18 and 279.24 and the authority and responsibility to offer new contracts or to continue, modify, or terminate existing contracts pursuant to sections 279.12, 279.13, 279.15 to 279.21, 279.23, and 279.24 for the school year beginning with the effective date of the reorganization shall be transferred from the boards of the existing districts to the board of the new district on the third Tuesday of January prior to the school year the reorganization is effective.

2. The collective bargaining agreement of the district with the largest basic enrollment, as defined in section 442.4, in the new district shall serve as the base agreement and the employees of the other districts involved in the formation of the new district shall automatically be accreted to the bargaining unit of that collective bargaining agreement for purposes of negotiating the contracts for the following years without further action by the public employment relations board. If only one collective bargaining agreement is in effect among the districts which are party to the reorganization, then that agreement shall serve as the base agreement, and the employees of the other districts involved in the formation of the new district shall automatically be accreted to the bargaining unit of that collective bargaining agreement for purposes of negotiating the contracts for the following years without further action by the public employment relations board.

The board of the newly formed district, using the base agreement as its existing contract, shall bargain with the combined employees of the existing districts for the school year beginning with the effective date of the reorganization. The bargaining shall be completed by March 15 prior to the school year in which the reorganization becomes effective or within one hundred eighty days after the organization of the new board, whichever is later. If a bargaining agreement was already concluded by the board and employees of the existing district with the contract serving as the base agreement for the school year beginning with the effective date of the reorganization, that agreement shall be void. However, if the base agreement contains multiyear provisions affecting school years subsequent to the effective date of the reorganization, the base agreement shall remain in effect as specified in the agreement.

The provisions of the base agreement shall apply to the offering of new contracts, or continuation,
modification, or termination of existing contracts as provided in subsection 1 of this section.

§275.35 Change of method of elections.
Any existing or hereafter created or enlarged school district may change the number of directors to either five or seven and may also change its method of election of school directors to any method authorized by section 275.12 by submission of a proposal, stating the proposed new method of election and describing the boundaries of the proposed director districts if any, by the school board of such district to the electorate at any regular or special school election. The school board shall notify the county commissioner of elections who shall publish notice of the election in the manner provided in section 49.53. The election shall be conducted pursuant to chapters 39 to 53 by the county commissioner of elections. Such proposal shall be adopted if it is approved by a majority of the votes cast on the proposition.

§275.36 Submission of change to electors.
If a petition for a change in the number of directors or in the method of election of school directors, describing the boundaries of the proposed director districts, if any, signed by eligible electors of the school district equal in number to at least thirty percent of those who voted in the last previous annual school election in the school district, but not less than twenty-five persons, and accompanied by affidavit as required by section 275.13 be filed with the school board of a school district, not earlier than six months and not later than two months before a regular or special school election, the school board shall submit such proposal to the voters at such election. If a proposition for a change in the number of directors or in the method of election of school directors submitted to the voters under this section is rejected, it shall not be resubmitted to the voters of the district in substantially the same form within the next three years; if it is approved, no other proposal may be submitted to the voters of the district under this section within the next six years.

§275.37 Increase in number of directors.
At the next succeeding annual school election in a district where the number of directors has been increased from five to seven, and directors are elected at large, there shall be elected a director to succeed each incumbent director whose term is expiring in that year, and two additional directors. Upon organizing as required by section 279.1, the newly elected director who received the fewest votes in the election shall be assigned a term of either one year or two years if necessary in order that as nearly as possible one-third of the members of the board shall be elected each year.

§275.38 Implementing changed method of election.
If change in the method of election of school directors is approved at a regular or special school election, the directors who were serving unexpired terms or were elected concurrently with approval of the change of method shall serve out the terms for which they were elected. If the plan adopted is that described in section 275.12, subsection 2, paragraph “b,” “c,” “d,” or “e,” the board shall at the earliest practicable time designate the districts from which residents are to be elected as school directors at each of the next three succeeding annual school elections, arranging so far as possible for elections of directors as residents of the respective districts to coincide with the expiration of terms of incumbent members residing in those districts. If an increase in the size of the board from five to seven members is approved concurrently with the change in method of election of directors, the board shall make the necessary adjustment in the manner prescribed in section 275.37, as well as providing for implementation of the districting plan under this section.

§275.41 Alternative method for director elections — temporary appointments.
1. As an alternative to the method specified in section 275.25 for electing directors in a newly formed community school district, the procedure specified in this section may be used.
2. The board of the former school district with the largest population involved in the merger shall designate four directors to be retained as members of the board of the newly formed district. Other school districts involved in the merger shall each be allowed to retain directors in proportion to the ratio that the population of the former school district bears to the most populous district involved in the merger, except that no district involved in the merger shall retain less than one director.
3. If the procedure in subsection 2 results in four members being retained from the largest district involved in the merger and only a single member from the other district involved in the merger, the reorganization petition may specify that the distri-
bution of the board members who are retained from the districts involved in the merger be five to one, five to two, or six to one.

4. If the total number of directors determined under subsection 2 or 3 is an odd number, the board of the district with the largest population shall designate the term of office of one of the members who is retained to commence at the organizational meeting of the board of the newly formed district and to end at the organizational meeting following the fourth regular school election held thereafter in the manner specified in the reorganization petition.

If the total number of directors determined under subsection 2 or 3 is an even number, that number of directors shall function until a special election can be held, at which time an additional director shall be elected to a term from the newly formed district ending at the organizational meeting following the fourth regular school election held thereafter. The procedure for calling the special election shall be the procedure specified in section 275.25.

5. The boards of directors of school districts which are involved in the merger which have three or more directors who are retained, shall each designate two of the directors who are retained to serve terms that expire at the organizational meeting following the second regular school election held thereafter. All other directors who are retained shall serve terms that expire at the organizational meeting following the third regular school election held thereafter. If there is an insufficient number of board members eligible to be retained from a former school district, the board of the former school district may appoint members to fill the vacancies. A vacancy occurs if there is an insufficient number of former board members who reside in the newly formed district or if there is an insufficient number who are willing to serve on the board of the newly formed district.

6. At the second regular school election held after the effective date of the merger, the two vacancies which will occur on the board shall be filled in a manner specified in the reorganization petition.

7. At the third regular school election held after the effective date of merger, if a five-member board is specified in the reorganization petition, two directors shall be elected in the manner specified in the reorganization petition and if a seven-member board is specified in the reorganization petition, four directors shall be elected, two for one-year terms and two for three-year terms, in the manner specified in the reorganization petition.

8. The board of the newly formed district shall organize within forty-five days after the approval of the merger upon the call of the area education agency administrator. The new board shall have control of the employment of all personnel for the newly formed district for the ensuing school year. Following the organization of the new board the board shall have authority to establish policy, organize curriculum, enter into contracts and complete such planning and take such action as is essential for the efficient management of the newly formed community school district.

9. The board of the newly formed district shall appoint an acting superintendent and an acting board secretary. The appointment of the acting superintendent shall not be subject to the continuing contract provision of sections 279.20, 279.23, and 279.24.

Section 49.8, subsection 4, shall not permit a director to remain on the board of a school district after the effective date of a boundary change which places the director's residence outside the boundaries of the district. Vacancies so caused on any board shall be filled in the manner provided in sections 279.6 and 279.7.

275.42 to 275.50 Reserved.

Dissolution of Districts

275.51 Dissolution commission.

As an alternative to school district reorganization prescribed in this chapter, the board of directors of a school district may establish a school district dissolution commission to prepare a proposal of dissolution of the school district and attachment of all of the school district to one or more contiguous school districts and to include in the proposal a division of the assets and liabilities of the dissolving school district. A school district dissolution commission may also be established by the board of directors of a school district if a dissolution proposal has been prepared by eligible electors who reside within the district. The proposal must contain the names of the proposed members of the commission and be accompanied by a petition which has been signed by at least twenty percent of the eligible electors.

The dissolution commission shall consist of seven members appointed by the board for a term of office ending either with a report to the board that no proposal can be approved or on the date of the election on the proposal. Members of the dissolution commission must be eligible electors who reside in the school district, not more than three of whom may be members of the board of directors of the school district. Members shall be appointed from throughout the school district and should represent the various socioeconomic factors present in the school district.

Members of the dissolution commission shall serve without compensation and may be appointed to a subsequent commission. A vacancy on the commission shall be filled in the same manner as the original appointment was made.

The board of the school district shall certify to the area education agency board that a commission has been formed, the names and addresses of commission members, and that the commission members represent the various geographic areas and socioeconomic factors present in the district.

[88 Acts, ch 1263, §3]

275.52 Meetings.

The commission shall hold an organizational
meeting not more than fifteen days after its appoint
ment and shall elect a chairperson and vice chair
person from its membership. Thereafter the commis
sion may meet as often as deemed necessary upon
the call of the chairperson or a majority of the
commission members.

The commission shall request statements from
contiguous school districts outlining each district's
willingness to accept attachments of the affected
school district to the contiguous districts and what
conditions, if any, the contiguous school district
recommends. The commission shall meet with
boards of contiguous school districts and with resi
dents of the affected school district to the extent
possible in drawing up the dissolution proposal. The
commission may seek assistance from the area edu
cation agency and the department of education.

[C81, §275 52]

275.53 Dissolution proposal.

The commission shall send a copy of its dissolution
proposal or shall inform the board that it cannot
agree upon a dissolution proposal not later than one
year following the date of the organizational meet
ning of the commission. The commission shall also
send a copy of the dissolution proposal by registered

CHAPTER 278

POWERS OF ELECTORS

278.1 Enumeration.
The voters at the regular election shall have power to:

1. Direct a change of textbooks regularly adopted.
2. Direct the sale, lease, or other disposition of any schoolhouse or site or other property belonging to the corporation, and the application to be made of the proceeds thereof, provided, however, that nothing herein shall be construed to prevent the sale, lease, exchange, gift or grant and acceptance of any interest in real or other property by the board of directors without an election to the extent authorized in section 297.22.
3. Determine upon additional branches that shall be taught.
4. Instruct the board that school buildings may or may not be used for meetings of public interest.
5. Direct the transfer of any surplus in the schoolhouse fund to the general fund.
6. Authorize the board to obtain, at the expense of the corporation, roads for proper access to its schoolhouses.
7. Vote a schoolhouse tax, not exceeding sixty-seven and one half cents per thousand dollars of assessed value in any one year, for the purchase of grounds, for construction of schoolhouses or buildings, for the payment of debts contracted for the erection or construction of schoolhouses or buildings, not including interest on bonds, for procuring or acquisition of libraries, for opening roads to schoolhouses or buildings, for the purchase of buildings or equipment for buildings or schoolhouses, for the purpose of repairing, remodeling, reconstructing, improving or expanding the schoolhouses or buildings for the school district, for the purpose of landscaping, paving, or improving the schoolhouse or building grounds, or for the rental of facilities pursuant to chapter 28E. Interest earned from investments of these funds may be used for the purposes voted. The power to levy a schoolhouse tax, when voted, shall continue for the period of time authorized by the voters and shall not be affected by any change in the boundaries of the school district, except as otherwise provided in this section. If each school district involved in a school reorganization under chapter 275 has voted the schoolhouse tax and if the voters have not voted upon the proposition to levy the schoolhouse tax in the reorganized district, the schoolhouse tax is in effect for the reorganized district for the least amount and the shortest time for which it is in effect in any of the districts. Authorized levies for the period of time presently approved shall not be affected as a result of a failure of a proposition proposed to expand the purposes for which the funds may be expended. As used in this subsection, “repair” means to restore the existing structure or thing to its original condition, as near as may be, after decay, waste, injury, or partial destruction, but does not include maintenance or customary repainting, and “reconstruction” means to rebuild or to restore again as an entity the thing which was lost or destroyed.
8. Authorize a change to either five or seven directors. The proposition for the change shall specify the number of directors to be elected, and which of the methods of election authorized by section 275.12, subsection 2 is to be used if the change is approved by the voters.
9. Authorize the establishment or abandonment of director districts or a change of boundaries of director districts. If a proposition submitted to the voters under this subsection or subsection 8 of this section is rejected, it may not be resubmitted to the voters of the district in substantially the same form within the next three years, if it is approved, no other proposal may be submitted to the voters of the district under this subsection or subsection 8 of this section within the next six years.
10. Change the name of the school district, without affecting its corporate existence, rights, or obligations, and subject to the requirements of section 274.6.

The board may, with approval of sixty percent of the voters, voting in a regular or special election in the school district, make extended time contracts not to exceed twenty years in duration for rental of buildings to supplement existing schoolhouse facilities, and where it is deemed advisable for buildings to be constructed or placed on real estate owned by the school district, such contracts may include lease purchase option agreements, such amounts to be paid out of the schoolhouse fund.

Before entering into a rental or lease purchase option contract, authorized by the electors, the board shall first adopt plans and specifications for a building or buildings which it considers suitable for the intended use and also adopt a form of rental or lease purchase option contract. The board shall then
invite bids thereon, by advertisement published once each week for two consecutive weeks, in a newspaper published in the county in which the building or buildings are to be located, and the rental or lease-purchase option contract shall be awarded to the lowest responsible bidder, but the board may reject any and all bids and advertise for new bids.

The voters at the regular or special election shall have power to vote a schoolhouse tax not exceeding one dollar and thirty-five cents per thousand dollars of assessed value in any one year providing for lease-purchase option of school buildings.

278.2 Submission of proposition.

The board may, and upon the written request of twenty-five eligible electors of any district having a population of five thousand or less, or of fifty eligible electors of any other district, shall direct the county commissioner of elections to provide in the notice of the regular election for submitting any proposition authorized by law to the voters. However, in the case of a proposition authorized by section 278.1 subsection 8 or 9, the requirements of section 275.36 shall govern with respect to the number of signatures required on a petition for submission of the proposition. When the board has directed the commissioner to submit to the voters a proposition authorized by section 278.1, subsection 8 or 9, it shall not thereafter direct the commissioner to submit at the same election any other proposition under either of these subsections.

278.3 Power given electors not to limit directors’ power.

The power vested in the electors by section 278.1 shall not affect or limit the power granted to the board of directors of a school district in section 297.7, subsection 2, and the authority granted in said subsection shall be construed as independent of the power vested in the electors by section 278.1.
279.1 Organization.

If the teacher is no longer a probationary teacher, the teacher may, within ten days, appeal the determination of the board to an adjudicator by filing a notice of appeal with the secretary of the board. The notice of appeal shall contain a concise statement of the action which is the subject of the appeal, the particular board action appealed from, the grounds on which relief is sought and the relief sought.

Within five days following receipt by the secretary of the notice of appeal, the board or the board’s legal representative, if any, and the teacher or the teacher’s representative, if any, may select an adjudicator who resides within the boundaries of the merged area in which the school district is located. If an adjudicator cannot be mutually agreed upon within the five day period, the secretary shall notify the chairperson of the public employment relations board by transmitting the notice of appeal, and the chairperson of the public employment relations board shall within five days provide a list of five adjudicators to the parties. Within three days from receipt of the list of adjudicators, the parties shall select an adjudicator by alternately removing a name from the list until only one name remains. The person whose name remains shall be the adjudicator. The parties shall determine by lot which party shall remove the first name from the list submitted by the chairperson of the public employment relations board. The secretary of the board shall inform the chairperson of the public employee relations board of the name of the adjudicator selected.

If the teacher does not timely request an appeal to an adjudicator the decision, opinion, or conclusion of the board shall become final and binding.

Within thirty days after filing the notice of appeal, or within further time allowed by the adjudicator, the board shall transmit to the adjudicator the original or a certified copy of the entire record of the private hearing which may be the subject of the petition. By stipulation of the parties to review the proceedings, the record of the case may be shortened. The adjudicator may require or permit subsequent corrections or additions to the shortened record.

The record certified and filed by the board shall be the record upon which the appeal shall be heard and no additional evidence shall be heard by the adjudicator. In such appeal to the adjudicator, especially when considering the credibility of witnesses, the adjudicator shall give weight to the fact findings of the board, but shall not be bound by them.

Before the date set for hearing a petition for review of board action, which shall be within ten days after receipt of the record unless otherwise agreed or unless the adjudicator orders additional evidence be taken before the board, application may be made to the adjudicator for leave to present evidence in addition to that found in the record of the case. If it is shown to the adjudicator that the additional evidence is material and that there were good reasons for failure to present it in the private hearing before the board, the adjudicator may order that the additional evidence be taken before the board upon conditions determined by the adjudicator. The board may modify its findings and decision in the case by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions, with the adjudicator and mail copies of the new findings or decisions to the teacher.

The adjudicator may affirm board action or remand to the board for further proceedings. The adjudicator shall reverse, modify, or grant any appropriate relief from the board action if substantial rights of the teacher have been prejudiced because the board action is

1 In violation of a board rule or policy or contract, or
2 Unsupported by a preponderance of the competent evidence in the record made before the board when that record is viewed as a whole, or
3 Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

The adjudicator shall, within fifteen days after the hearing, make a decision and shall give a copy of the decision to the teacher and the secretary of the board. The decision of the adjudicator shall become the final and binding decision of the board unless either party within ten days notifies the secretary of the board that the decision is rejected. The board may reject the decision by majority vote, by roll call, in open meeting and entered into the minutes of the meeting. The board shall immediately notify the teacher of its decision by certified mail. The teacher may reject the adjudicator’s decision by notifying the board’s secretary in writing within ten days of the filing of such decision.

All costs of the adjudicator shall be shared equally by the teacher and the board.

[C77, 79, 81, §279-17]
§279.18 Appeal by either party to court.
If either party rejects the adjudicator's decision, the rejecting party shall, within thirty days of the initial filing of such decision, appeal to the district court of the county in which the administrative office of the school district is located. The notice of appeal shall be immediately mailed by certified mail to the other party. The adjudicator shall transmit to the reviewing court the original or a certified copy of the entire record which may be the subject of the petition. By stipulation of all parties to the review proceedings, the record of such a case may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional cost. The court may require or permit subsequent corrections or additions to the shortened record.

In proceedings for judicial review of the adjudicator's decision, the court shall not hear any further evidence but shall hear the case upon the certified record. In such judicial review, especially when considering the credibility of witnesses, the court shall give weight to the fact findings of the board; but shall not be bound by them. The court may affirm the adjudicator's decision or remand to the adjudicator or the board for further proceedings upon conditions determined by the court. The court shall reverse, modify, or grant any other appropriate relief from the board decision or the adjudicator's decision equitable or legal and including declaratory relief if substantial rights of the petitioner have been prejudiced because the action is:
1. In violation of constitutional or statutory provisions; or
2. In excess of the statutory authority of the board or the adjudicator; or
3. In violation of a board rule or policy or contract; or
4. Made upon unlawful procedure; or
5. Affected by other error of law; or
6. Unsupported by a preponderance of the competent evidence in the record made before the board and the adjudicator when that record is viewed as a whole; or
7. Unreasonable, arbitrary or capricious or characterized by an abuse of discretion or a clearly unwarranted exercise of discretion.

An aggrieved or adversely affected party to the judicial review proceeding may obtain a review of any final judgment of the district court by appeal to the supreme court. The appeal shall be taken as in other civil cases, although the appeal may be taken regardless of the amount involved.

§279.19 Probationary period.
The first two consecutive years of employment of a teacher in the same school district are a probationary period. However, a board of directors may waive the probationary period for any teacher who previously has served a probationary period in another school district and the board may extend the probationary period for an additional year with the consent of the teacher.

In the case of the termination of a probationary teacher's contract, the provisions of sections 279.15 and 279.16 shall apply.

The board's decision shall be final and binding unless the termination was based upon an alleged violation of a constitutionally guaranteed right of the teacher or an alleged violation of public employee rights of the teacher under section 20.10.

[C77, 79, 81, §279.19]

§279.19A Extracurricular contracts.
1. School districts employing individuals to coach interscholastic athletic sports shall issue a separate extracurricular contract for each of these sports. An extracurricular contract offered under this section shall be separate from the contract issued under section 279.13. Wages for employees who coach these sports shall be paid pursuant to established or negotiated supplemental pay schedules. An extracurricular contract shall be in writing, and shall state the number of contract days for that sport, the annual compensation to be paid, and any other matters as may be mutually agreed upon. The contract shall be for a single school year.

2. An extracurricular contract shall be continued automatically in force and effect for equivalent periods, except as modified or terminated by mutual agreement of the board of directors and the employee, or terminated in accordance with this section. An extracurricular contract shall initially be offered by the employing board to an individual on the same date that contracts are offered to teachers under section 279.13. An extracurricular contract may be terminated at the end of a school year pursuant to sections 279.15 through 279.19. If the school district offers an extracurricular contract for a sport for the subsequent school year to an employee who is currently performing under an extracurricular contract for that sport, and the employee does not wish to accept the extracurricular contract for the subsequent year, the employee may resign from the extracurricular contract within twenty-one days after it has been received.

Section 279.13, subsection 3, applies to this section.

3. The board of directors of a school district may require an employee who has resigned from an extracurricular contract to accept, as a condition of employment under section 279.13, the extracurricular contract for the subsequent school year if all of the following conditions apply:
   a. The employee has accepted a teaching contract issued by the board pursuant to section 279.13 for the subsequent school year.
   b. The board of directors has made a good faith effort to fill the coaching position with a certificated or authorized replacement.
   c. The position has not been filled by June 1 of the year in which the employee resigned the extracurricular contract.

4. As a condition of employment under section
the board of directors of a school district may require an employee who has been issued a teaching contract pursuant to section 279 13 to accept an extracurricular contract for which the employee is certificated, or may require as a condition of employment that an applicant for a teaching contract under section 279 13 accept an extracurricular contract if all of the following conditions apply:

a. The individual who held the coaching position during the year has not been issued a teaching contract by the board pursuant to section 279 13 for the subsequent school year, or has been terminated from the extracurricular contract

b. The board of directors has made a good faith effort to fill the coaching position with a certificated or authorized replacement

c. The position has not been filled by June 1 of the year in which the vacancy occurred for the interscholastic athletic sport

5. Within seven days following June 1 of that year, the board shall notify the employee in writing if the board intends to require the employee to accept an extracurricular contract for the subsequent school year under subsection 3 or 4. If the employee believes that the board did not make a good faith effort to fill the position the employee may appeal the decision by notifying the board in writing within ten days after receiving the notification.

The appeal shall state why the employee believes that the board did not make a good faith effort to fill the position if the parties are unable to informally resolve the dispute, the parties shall attempt to agree upon an alternative means of resolving the dispute.

If the dispute is not resolved by mutual agreement, either party may appeal to the district court.

6. Subsections 3, 4, and 5 do not apply if the terms of a collective bargaining agreement provide otherwise.

7. An extracurricular contract may be terminated prior to the expiration of that contract pursuant to section 279 27.

8. A termination proceeding of an extracurricular contract either by the board pursuant to subsection 2 or pursuant to section 279 27 does not affect a contract issued pursuant to section 279 13.

A termination of a contract entered into pursuant to section 279 13, or a resignation from that contract by the teacher, constitutes an automatic termination or resignation of the extracurricular contract in effect between the same teacher and the employing school board.

9. For the purposes of this section, "good faith effort" includes advertising for the position in an appropriate publication, interviewing applicants, and giving serious consideration to those certificated or authorized, and otherwise qualified, applicants who apply.

5. Such other matters as may be agreed upon

The contract shall be signed by the president and the administrator and shall be filed with the secretary of the board on or before May 1 of each year or the date specified by the board for return of the contract, whichever date occurs first.

Administrators employed in a school district for less than two consecutive years are probationary administrators. However, a board may waive the probationary period for any administrator who has previously served a probationary period in another school district and the board may extend the probationary period for an additional year with the consent of the administrator. If a board determines that it should terminate a probationary administrator's contract, the board shall notify the administrator not later than March 31 that the contract will not be renewed beyond the current year. The notice shall be in writing by letter, personally delivered, or mailed by certified mail. The notice shall be complete when received by the administrator. Within ten days after receiving the notice, the administrator may request a private conference with the board to discuss the reasons for termination. The board's decision to terminate a probationary administrator's contract shall be final unless the termination was based upon an alleged violation of a constitutionally guaranteed right of the administrator.

The board may, by majority vote of the membership of the board, cause the contract of an administrator to be terminated. If the board determines that it should consider the termination of a nonprobationary administrator's contract, the following procedure shall apply:

On or before March 31, the administrator shall be notified in writing by letter personally delivered or mailed by certified mail that the board has voted to consider termination of the contract. Notice of board action shall be personally delivered or mailed to the administrator.

The board may be represented by a legal representative, if any, and the administrator shall appear and may be represented by counsel or by representative, if any. A transcript or recording shall be made of the proceedings at the hearing. A school board member or administrator is not liable for any damage to an administrator or board member if a statement made at the hearing is determined to be erroneous as long as the statement was made in good faith.

The administrative law judge shall, within ten days following the date of the hearing, make a proposed decision as to whether or not the administrator should be dismissed, and shall give a copy of the proposed decision to the administrator and the school board. Findings of fact shall be prepared by the administrative law judge. The proposed decision of the administrative law judge shall become the final decision of the board unless within ten days after the filing of the decision the administrator files a written notice of appeal with the board, or the board on its own motion determines to review the decision.

If the administrator appeals to the board, or if the board determines on its own motion to review the proposed decision of the administrative law judge, a private hearing shall be held before the board within five days after the petition for review, or motion for review, has been made or at such other time as the parties agree. The private hearing is not subject to chapter 21. The board may hear the case de novo upon the record as submitted before the administrative law judge. In cases where there is an appeal from a proposed decision or where a proposed decision is reviewed on motion of the board, an opportunity shall be afforded to each party to file exceptions, present briefs and present oral arguments to the board which is to render the final decision. Each conclusion of law shall be supported by cited authority or by reasoned opinion.

When the board has reached a decision, opinion, or conclusion, it shall convene in open meeting and by roll call vote determine the continuance or discontinuance of the administrator's contract. The record of the private conference and findings of fact and exceptions shall be exempt from the provisions of chapter 22. The secretary of the board shall immediately personally deliver or mail notice of the board's action to the administrator.

The administrator may within thirty days after notification by the board of discontinuance of the contract appeal to the district court of the county in which the administrative office of the school district is located.

The levy certified under this section is in addition to any other levy authorized for that school district by law and is not subject to budget limitations otherwise provided by law. CHAPTER 280
UNIFORM SCHOOL REQUIREMENTS

For student search restrictions see chapter 808A

280.1 Title.
This chapter may be known and shall be cited as the “Uniform School Requirements” chapter [C75, 77, 79, 81, §280 1]

280.2 Definitions.
The term “public school” means any school directly supported in whole or in part by taxation. The term “nonpublic school” means any other school [C24, 27, 31, 35, 39, §4251; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §280 2]

280.3 Duties of board.
The board of directors of each public school district and the authorities in charge of each nonpublic school shall prescribe the minimum educational program for the schools under their jurisdictions. The minimum educational program shall be the curriculum set forth in section 256 11, except as otherwise provided by law. The board of directors of a public school district shall not allow discrimination in any educational program on the basis of race, color, creed, sex, marital status or place of national origin.

A nonpublic school which is unable to meet the minimum educational program may request an exemption from the state board of education. The authorities in charge of the nonpublic school shall file with the director of the department of education the names and locations of all schools desiring to be exempted and the names, ages, and post office ad
dresses of all pupils of compulsory school age who are enrolled. The director, subject to the approval of the state board, may exempt the nonpublic school from compliance with the minimum educational program for two school years. When the exemption has once been granted, renewal of the exemption for each succeeding school year may be conditioned by the director, with the approval of the board, upon proof of achievement in the basic skills of arithmetic, the communicative arts of reading, writing, grammar, and spelling, and an understanding of United States history, history of Iowa, and the principles of American government, of the pupils of compulsory school age exempted in the preceding year. Proof of achievement shall be determined on the basis of tests or other means of evaluation prescribed by the director of the department of education with the approval of the state board of education. The testing or evaluation, if required, shall be accomplished prior to submission of the request for renewal of the exemption. Renewal requests shall be filed with the director by April 15 of the school year preceding the school year for which the applicants desire exemption. This section shall not apply to schools eligible for exemption under section 299.24.

The board of directors of each public school district and the authorities in charge of each nonpublic school shall establish and maintain attendance centers based upon the needs of the school age pupils enrolled in the school district or nonpublic school. Kindergarten and prekindergarten programs may be provided. In addition, the board of directors or governing authority may include in the educational program of any school such additional courses, subjects, or activities which it deems fit the needs of the pupils.

85 Acts, ch 212, §21, 22

**280.4 Medium of instruction — special instruction.**

The medium of instruction in all secular subjects taught in both public and nonpublic schools shall be the English language, except when the use of a foreign language is deemed appropriate in the teaching of any subject or when the student is non-English-speaking. When the student is non-English-speaking, both public and nonpublic schools shall provide special instruction, which shall include but need not be limited to either instruction in the English language or a transitional bilingual program, until the student demonstrates a functional ability to speak, write, read and understand the English language. As used in this section, “non-English-speaking student” means a student whose native language is not English and whose inability or limited ability to speak, write or read English significantly impedes educational progress.

1. The board of directors of a school district may submit an application to the school budget review committee for funds provided by 1982 Iowa Acts, chapter 1260, section 47, for instruction in the English language, a transitional bilingual, or other special instruction program when support for the program from other federal, state or local sources is not available or is inadequate. The department of education shall review all applications for funding and provide recommendations to the school budget review committee regarding their disposition. The school budget review committee shall not grant funds to a public school for instruction in the English language, a transitional bilingual or other special instruction program unless the program offered by the public school is available to nonpublic school students in the district.

2. The department of education shall promulgate rules relating to the identification of non-English-speaking students who require special instruction under this section and to application procedures for funds available under this section.

3. Grants made to a school pursuant to this section shall not exceed four hundred dollars for each student in the program. A public school may receive funds for nonpublic school students attending the program offered by the public school. However, the amount granted for each nonpublic school student in a program shall not exceed the amount granted for each public school student in the program.

4. In order to provide funds for the excess costs of instruction of non-English-speaking students above the costs of instruction of pupils in a regular curriculum, students identified as non-English-speaking are assigned an additional weighting of two-tenths and that weighting shall be included in the weighted enrollment of the school district of residence.

**280.7 Dental clinics.**

Boards of directors in all public school districts
may establish and maintain dental clinics for children and offer courses of instruction on mouth hygiene. The boards may employ such legally qualified dentists and dental hygienists as may be necessary to accomplish the purpose of this section. The cost of the dental clinic shall be paid from the general fund. [C24, 27, 31, 35, 39, §4260; C46, 50, 54, 58, 62, 66, 71, 73, §280.11; C75, 77, 79, 81, §280.7]

The board of directors of each public school district shall make adequate educational provisions for each resident child requiring special education appropriate to the nature and severity of the child's handicapping condition pursuant to rules promulgated by the department under the provisions of chapters 273 and 281.

280.9 Career education.
The board of directors of each public school district and the authorities in charge of each nonpublic school shall incorporate into the educational program the total concept of career education to enable students to become familiar with the values of a work-oriented society. Curricular and cocurricular teaching-learning experiences from the prekindergarten level through grade twelve shall be provided for all students currently enrolled in order to develop an understanding that employment may be meaningful and satisfying. However, career education does not mean a separate vocational-technical program is required. A vocational-technical program includes units or partial units in subjects which have as their purpose to equip students with marketable skills.

Essential elements in career education shall include, but not be limited to:
1. Awareness of self in relation to others and the needs of society.
2. Exploration of employment opportunities and experience in personal decision making.
3. Experiences which will help students to integrate work values and work skills into their lives.

280.9A History and government required.
The board of directors of each local public school district and the authorities in charge of each nonpublic school shall require that all students in grades nine through twelve complete, as a condition of graduation, instruction in American history and the governments of Iowa and the United States, including instruction in voting statutes and procedures, voter registration requirements, the use of paper ballots and voting machines in the election process, and the method of acquiring and casting an absentee ballot. 88 Acts, ch 1129, §1

Every student and teacher in any public or nonpublic school shall wear industrial quality eye-protective devices at all times while participating, and while in a room or other enclosed area where others are participating, in any phase or activity of a course which may subject the student or teacher to the risk or hazard of eye injury from the materials or processes used in any of the following courses:
1. Vocational or industrial arts shops or laboratories involving experience with any of the following:
   a. Hot molten metals.
   b. Milling, sawing, turning, shaping, cutting, grinding or stamping of any solid materials.
   c. Heat treatment, tempering or kiln firing of any metal or other materials.
   d. Gas or electric arc welding.
   e. Repair or servicing of any vehicle while in the shop.
   f. Caustic or explosive materials.
2. Chemical or combined chemical-physical laboratories involving caustic or explosive chemicals or hot liquids or solids when risk is involved. Visitors to such shops and laboratories shall be furnished with and required to wear the necessary safety devices while such programs are in progress.

It shall be the duty of the teacher or other person supervising the students in said courses to see that the above requirements are complied with. Any student failing to comply with such requirements may be temporarily suspended from participation in the course and the registration of a student for the course may be canceled for willful, flagrant or repeated failure to observe the above requirements.

The board of directors of each local public school district and the authorities in charge of each nonpublic school shall provide the safety devices required herein. Such devices may be paid for from the general fund, but the board may require students and teachers to pay for the safety devices and shall make them available to students and teachers at no more than the actual cost to the district or school.

"Industrial quality eye-protective devices", as used in this section, means devices meeting American National Standard, Practice for Occupational and Educational Eye and Face Protection promulgated by the American National Standards Institute, Inc.

280.11 Ear-protective devices.
Every student and teacher in any public or nonpublic school shall wear industrial quality ear-protective devices while the student or teacher is participating in any phase or activity of a course which may subject the student or teacher to the risk or hazard of hearing loss from noise in processes or procedures used in any of the following courses:
1. Vocational or industrial arts shops or laboratories involving experiences with any of the following:
   a. Milling, sawing, turning, shaping, cutting, grinding or stamping of any solid materials.
   b. Kiln firing of any metal or other materials.
   c. Electric arc welding.
   d. Repair or servicing of any vehicle while in shop.
280.13 Requirements for interscholastic contests and competitions.

A public school shall not participate in or allow students representing a public school to participate in any extracurricular interscholastic contest or competition which is sponsored or administered by an organization as defined in this section, unless the organization is registered with the department of education, files financial statements with the department in the form and at the intervals prescribed by the director of the department of education, and is in compliance with rules which the state board of education adopts for the proper administration, supervision, operation, adoption of eligibility requirements, and scheduling of extracurricular interscholastic contests and competitions and the organizations. For the purposes of this section “organization” means a corporation, association, or organization which has as one of its primary purposes the sponsoring or administration of extracurricular interscholastic contests or competitions, but does not include an agency of this state, a public or private school or school board, or an athletic conference or other association whose interscholastic contests or competitions do not include more than twenty schools.

[C66, 71, 73, §257.25(10); C75, 77, 79, 81, §280.13] 85 Acts, ch 212, §24; 86 Acts, ch 1245, §1468

280.13A Sharing interscholastic activities.

If a school district does not provide an interscholastic activity for its students, the board of directors of that school district may complete an agreement with another school district to provide for the eligibility of its students in interscholastic activities provided by that other school district. A copy of each agreement completed under this section shall be filed with the appropriate organization as organization is defined in section 280.13 not later than April 30 of the school year preceding the school year in which the agreement takes effect, unless an exception is granted by the organization for good cause. An agreement completed under this section shall be deemed approved unless denied by the governing organization within ten days after its receipt. A governing organization shall determine whether an agreement would substantially prejudice the interscholastic activities of other schools. An agreement denied by a governing organization under this section may be appealed to the state board of education under chapter 290.

For the purpose of this section, “substantial prejudice” includes, but is not limited to, situations where shared interscholastic activities may result in an unfair domination of an interscholastic activity or substantial disruption of activity classifications and management.

It is not necessary that school districts that are parties to an agreement under this section must be engaged in sharing academic programming and receiving supplementary weighting under section 442.39.

280.15 Joint employment and sharing.
Two or more public school districts may jointly employ and share the services of any school personnel, or acquire and share the use of classrooms, laboratories, equipment and facilities. Classes made available to students in the manner provided in this section shall be considered as complying with the requirements of section 275.1 relating to the maintenance of kindergarten and twelve grades by a school district. If students attend classes in another school district under this section under an agreement that provides for whole grade sharing, the boards of directors of districts entering into these agreements shall provide for sharing the costs and expenses as provided in sections 282.10 through 282.12.

280.16 Open enrollment.
For the school years commencing July 1, 1988 and July 1, 1989, a parent or guardian residing in a school district in which the high school offers fewer than forty-one curriculum units either on its own or under a sharing agreement that does not meet the criteria for section 282.11 may enroll the parent’s or guardian’s child in a public school in a contiguous school district in the manner provided in this section if the conditions specified in this section exist.

Not later than February 1 of the preceding school year, the parent or guardian shall send notification to the district of residence and to the department of education on forms prescribed by the department of education that the parent or guardian intends to enroll the parent’s or guardian’s child in a public school in a contiguous school district because the academic curriculum of the contiguous school district provides substantial educational opportunities for a pupil that are not available to that pupil in the district of residence. The notification shall list the educational opportunities that the parent or guardian believes are necessary for the child and shall describe the manner in which the contiguous district can provide those educational opportunities. The state board of education shall adopt rules under chapter 17A that define educational opportunity.

However, if a parent or guardian chooses to reenroll the child in the district of residence, or to enroll the child in another school district, during the four-year period, the parent or guardian shall pay the maximum tuition fee to the district pursuant to section 282.24.

The board of directors of the district of residence shall approve or disapprove the request within thirty days of its receipt. The parent or guardian may appeal the decision of the board under chapter 290. If the parent or guardian appeals to the state board of education, the board of the district of residence must prove to the state board that the conditions listed in the request do not exist and the request of the parent or guardian is not valid.

Following approval of the transfer, the board of the district of residence shall transmit a copy of the form to the contiguous school district. The board of the contiguous school district shall enroll the pupil in a school in the contiguous district for the following school year unless the contiguous district does not have classroom space for the pupil.

The board of directors of the district of residence shall pay to the contiguous school district the lower district cost per pupil of the two districts for that school year. Quarterly payments shall be made to the contiguous district. Notwithstanding section 285.1 relating to transportation of nonresident pupils, the parent or guardian is responsible for transporting the student without reimbursement to and from a point on a regular school bus route of the contiguous district.

A student who attends school in a contiguous school district is not eligible to participate in interscholastic athletic contests and athletic competitions during the first year of enrollment under this section except for an interscholastic sport in which the district of residence and the contiguous school district jointly participate.

The committee appointed by the board under section 280.12 shall advise the board concerning the development of goals, the assessment process to be used, and the measurements to be used.

The periodic assessment used by a school district to determine whether its student achievement goals have been met shall use various measures for determination, of which standardized tests may be one. The board shall ensure that the achievement of goals for a grade level has been assessed at least once during every four-year period.

§280A.22 Facilities levy by vote — borrowing — temporary cash reserve levy.

1. In addition to the tax authorized under section 280A 17, the voters in any merged area may at the annual school election vote a tax not exceeding twenty and one fourth cents per thousand dollars of assessed value in any one year for a period not to exceed ten years for the purchase of grounds, construction of buildings, payment of debts contracted for the construction of buildings, purchase of buildings and equipment for buildings, and the acquisition of libraries, for the purpose of paying costs of utilities, and for the purpose of maintaining, remodeling, improving, or expanding the area vocational school or area community college of the merged area. If the tax levy is approved under this section, the costs of utilities shall be paid from the proceeds of the levy. The tax shall be collected by the county treasurers and remitted to the treasurer of the merged area as provided in section 331-552, subsection 29. The proceeds of the tax shall be
deposited in a separate and distinct fund to be known as the voted tax fund, to be paid out upon warrants drawn by the president and secretary of the board of directors of the merged area district for the payment of costs incurred in providing the school facilities for which the tax was voted.

b In order to make immediately available to the merged area the proceeds of the voted tax hereinafter authorized to be levied, the board of directors of any such merged area is hereby authorized, without the necessity for any further election, to borrow money and enter into loan agreements in anticipation of the collection of such tax, and such board shall, by resolution, provide for the levy of an annual tax, within the limits of the special voted tax hereinafter authorized, sufficient to pay the amount of any such loan and the interest thereon to maturity as the same becomes due. A certified copy of this resolution shall be filed with the county auditors of the counties in which such merged area is located, and the filing thereof shall make it a duty of such auditors to enter annually this levy for collection until funds are realized to repay the loan and interest thereon in full. Said loan must mature within the number of years for which the tax has been voted and shall bear interest at a rate or rates not exceeding that permitted by chapter 74A. Any loan agreement entered into pursuant to authority herein contained shall be in such form as the board of directors shall by resolution provide and the loan shall be payable as to both principal and interest from the proceeds of the annual levy of the voted tax hereinafter authorized, or so much thereof as will be sufficient to pay the loan and interest thereon. In furtherance of the foregoing the board of directors of such merged area may, with or without notice, negotiate and enter into a loan agreement or agreements with any bank, investment banker, trust company, insurance company or group thereof, whereunder the borrowing of the necessary funds may be assured and consummated. The proceeds of such loan shall be deposited in a special fund, to be kept separate and apart from all other funds of the merged area, and shall be paid out upon warrants drawn by the president and secretary of the board of directors to pay the cost of acquiring the school facilities for which the tax was voted.

c If the boundary lines of a merged area are changed, the levy of the annual tax provided in this section sufficient to pay the amount due for a loan agreement and the interest on the loan agreement to maturity shall continue in any territory severed from the merged area until the loan with interest on the loan has been paid in full.

d Nothing herein contained shall be construed to limit the authority of the board of directors to levy the full amount of the voted tax, but if and to whatever extent said tax is levied in any year in excess of the amount of principal and interest falling due in such year under any loan agreement, the first available proceeds thereof, to an amount sufficient to meet maturing installments of principal and interest under the loan agreement, shall be paid into the sinking fund for such loan before any of such taxes are otherwise made available to the merged area for other school purposes, and the amount required to be annually set aside to pay the principal of and interest on the money borrowed under such loan agreement shall constitute a first charge upon all of the proceeds of such annual special voted tax, which tax shall be pledged to pay said loan and the interest thereon.

e This law shall be construed as supplemental and in addition to existing statutory authority and as providing an independent method of financing the cost of acquiring school facilities for which a tax has been voted under this section and for the borrowing of money and execution of loan agreements in connection therewith and shall not be construed as subject to the provisions of any other law. The fact that a merged area may have previously borrowed money and entered into loan agreements under authority herein contained shall not prevent such merged area from borrowing additional money and entering into further loan agreements provided that the aggregate of the amount payable under all of such loan agreements does not exceed the proceeds of the voted tax. All acts and proceedings heretofore taken by the board of directors or by any official of any merged area for the exercise of any of the powers granted by this section are hereby legalized and validated in all respects.

2 The proceeds of the tax voted under subsection 1, paragraph "a", prior to July 1, 1987 shall be used for the purposes for which it was approved by the voters and may be used for the purpose of paying the costs of utilities.

3 In addition to the tax authorized under section 280A 17, the board of directors of an area school may certify for levy by March 15, 1982 and March 15, 1983, a tax on taxable property in the merged area at rates that will provide total revenues for the two years equal to five percent of the area school's general fund expenditures for the fiscal year ending June 30, 1980 in order to provide a cash reserve for that area school. As nearly as possible, one half the revenue for the cash reserve fund shall be collected during each year.

The revenues derived from the levies shall be placed in a separate cash reserve fund. Moneys from the cash reserve fund shall only be used to alleviate temporary cash shortages. If moneys from the cash reserve fund are used to alleviate a temporary cash shortage, the cash reserve fund shall be reimbursed immediately from the general fund of the area school as funds in the general fund become available, but in no case later than June 30 of the current fiscal year, to repay the funds taken from the cash reserve fund.

280A.23 Authority of area directors.
The board of directors of each area vocational school or area community college shall
1. Determine the curriculum to be offered in such school or college subject to approval of the state board. If an existing private educational or vocational institution within the merged area has facilities and curriculum of adequate size and quality which would duplicate the functions of the area school, the board of directors shall discuss with the institution the possibility of entering into contracts to have the existing institution offer facilities and curriculum to students of the merged area. The board of directors shall consider any proposals submitted by the private institution for providing such facilities and curriculum. The board of directors may enter into such contracts. In approving curriculum, the state board shall ascertain that all courses and programs submitted for approval are needed and that the curriculum being offered by an area school does not duplicate programs provided by existing public or private facilities in the area. In determining whether duplication would actually exist, the state board shall consider the needs of the area and consider whether the proposed programs are competitive as to size, quality, tuition, purposes, and area coverage with existing public and private educational or vocational institutions within the merged area.

2. Have authority to determine tuition rates for instruction. Tuition for residents of Iowa shall not exceed the lowest tuition rate per semester, or the equivalent, charged by an institution of higher education under the state board of regents for a full-time resident student. However, if a local school district pays tuition for a resident pupil of high school age, the limitation on tuition for residents of Iowa shall not apply, the amount of tuition shall be determined by the board of directors of the area school with the consent of the local school board, and the pupil shall not be included in the full-time equivalent enrollment of the area school for the purpose of computing general aid to the area school. Tuition for nonresidents of Iowa shall be not less than one hundred fifty percent and not more than two hundred percent of the tuition established for residents of Iowa. Tuition for resident or nonresident students may be set at a higher figure with the approval of the state board. A lower tuition for nonresidents may be permitted under a reciprocal tuition agreement between a merged area and an educational institution in another state, if the agreement is approved by the state board. The board may designate that portion of the tuition moneys collected from students be used for student aid purposes.

3. Have the powers and duties with respect to such schools and colleges, not otherwise provided in this chapter, which are prescribed for boards of directors of local school districts by chapter 279 except that the board of directors is not required to prohibit the use of tobacco and the use or possession of alcoholic liquor or beer by any student under the provisions of section 279.9.

4. Have the power to enter into contracts and take other necessary action to insure a sufficient curricu-ulum and efficient operation and management of the school or college and maintain and protect the physical plant, equipment, and other property of the school or college.

5. Establish policy and make rules, not inconsistent with law and administrative rules, regulations, and policies of the state board, for its own government and that of the administrative, teaching, and other personnel, and the students of the school or college, and aid in the enforcement of such laws, rules, and regulations.

6. Have authority to sell a student-constructed building and the property on which the student-constructed building is located or any article resulting from any vocational program or course offered at an area vocational school or area community college by any procedure which may be adopted by the board. Governmental agencies and governmental subdivisions of the state within the merged areas shall be given preference in the purchase of such articles. All revenue received from the sale of any article shall be credited to the funds of the board of the merged area.

7. With the consent of the inventor, and in the discretion of the board, secure letters patent or copyright on inventions of students, instructors, and officials of any vocational school or community college of the merged area, or take assignment of such letters patent or copyright and make all necessary expenditures in regard thereto. Letters patent or copyright on inventions when so secured shall be the property of the board of the merged area and the royalties and earnings thereon shall be credited to the funds of the board.

8. Set the salary of the area superintendent. In setting the salary, the board shall consider the salaries of administrators of educational institutions in the merged area and the enrollment of the area school.

9. At the request of an employee through contractual agreement the board may arrange for the purchase of group or individual annuity contracts for any of its employees from any company the employee chooses that is authorized to do business in this state and through an Iowa-licensed insurance agent that the employee selects, for retirement or other purposes, and may make payroll deductions in accordance with the arrangements for the purpose of paying the entire premium due and to become due under the contract. The deductions shall be made in the manner which will qualify the annuity premiums for the benefits under section 403(b) of the Internal Revenue Code, as defined in section 422.3. The employee's rights under the annuity contract are nonforfeitable except for the failure to pay premiums. If an existing tax-sheltered annuity contract is to be replaced by a new contract the agent or representative of the company shall submit a letter of intent by registered mail to the company being replaced, to the insurance commissioner of the state of Iowa, and to the agent's or representative's own company at least thirty days prior to any action. This
letter of intent shall contain the policy number and description of the contract being replaced and a description of the replacement contract.

10. Make necessary rules to provide for the policing, control, and regulation of traffic and parking of vehicles and bicycles on the property of the area school. The rules may provide for the use of institutional roads, driveways, and grounds; registration of vehicles and bicycles; the designation of parking areas; the erection and maintenance of signs designating prohibitions or restrictions; the installation and maintenance of parking control devices except parking meters; and assessment, enforcement, and collection of reasonable penalties for the violation of the rules.

Rules made under this subsection may be enforced under procedures adopted by the board of directors. Penalties may be imposed upon students, faculty, and staff for violation of the rules, including, but not limited to, a reasonable monetary penalty which may be deducted from student deposits and faculty or staff salaries or other funds in possession of the area school or added to student tuition bills. The rules made under this subsection may also be enforced by the impoundment of vehicles and bicycles parked in violation of the rules, and a reasonable fee may be charged for the cost of impoundment and storage prior to the release of the vehicle or bicycle to the owner. Each area school shall establish procedures for the determination of controversies in connection with the imposition of penalties. The procedures shall require giving notice of the violation and the penalty prescribed and providing the opportunity for an administrative hearing.

11. Be authorized to issue to employees of merged area schools school credit cards to use for payment of authorized expenditures incurred in the performance of work-related duties.

12. During the second week of August of each year, publish by one insertion in at least one newspaper published in the merged area a summarized statement verified by affidavit of the secretary of the board showing the receipts and disbursements of all funds of the area school for the preceding fiscal year. The statement of disbursements shall show the names of the persons, firms, or corporations, and the total amount paid to each during the fiscal year. The board is not required to make the publications and notices required under sections 279.34, 279.35, and 279.36.

13. Adopt policies and procedures for the use of telecommunications as an instructional tool at the area school. The policies and procedures shall include but not be limited to policies and procedures relating to programs, educational policy, practices, staff development, use of pilot projects, and the instructional application of the technology.

14. In its discretion, adopt rules relating to the classification of students enrolled in the area school who are residents of Iowa's sister states as residents or nonresidents for tuition and fee purposes.

280A.24 Area community college.

The board of directors of a merged area initially organized for the establishment of, and which is operating, an area vocational school may with the approval of the state board expand the curriculum of the school to qualify as an area community college. The state board shall upon approval officially classify the school as an area community college.

The standard academic work load for an instructor in arts and science courses shall be fifteen credit hours per school term, and the maximum academic work load for any instructor shall be sixteen credit hours per school term, for classes taught during the normal school day. In addition thereto, any faculty member may teach a course or courses at times other than usual day-course hours, or on days other than the regular school week, involving total class instruction time equivalent to not more than a three-credit-hour course. The total work load for such instructors shall not exceed the equivalent of eighteen credit hours per school term.

280A.25 Duties of director.

The director shall:

1. Designate a vocational school or community college as an "area vocational education school" within the meaning of, and for the purpose of administering, the Act of Congress designated the "Vocational Education Act of 1963". A vocational school or community college shall not be so designated by the director of the department of education for the expenditure of funds under 20 U.S.C. 35c(a)(5), which has not been designated and classified as an area vocational school or area community college by the state board.

2. Change boundaries of director districts in a merged area when the board fails to change boundaries as required by law.

3. Make changes in boundaries of merged areas with the approval of the board of directors of each merged area affected by the change. When the boundaries of a merged area are changed, the director of the department of education may authorize the board of directors of the merged area to levy additional taxes upon the property within the merged area, or any part of the merged area, and distribute the taxes so that all parts of the merged area are paying their share toward the support of the school or college.

4. Administer, allocate, and disburse federal or state funds made available to pay a portion of the
cost of acquiring sites for and constructing, acquiring, or remodeling facilities for area vocational schools or area community colleges, and establish priorities for the use of such funds.

5. Administer, allocate, and disburse federal or state funds available to pay a portion of the operating costs of area vocational schools or area community colleges.

7. Propose administrative rules to carry out this chapter subject to approval of the state board.

8. Enter into contracts with local school boards within the area that have and maintain a technical or vocational high school and with private schools or colleges in the co-operative or merged areas to provide courses or programs of study in addition to or as a part of the curriculum made available in the community college or area vocational schools.

9. Make arrangements with boards of merged areas and local school districts to permit students attending high school to participate in vocational-technical programs and advanced college placement courses and obtain credit for such participation for application toward the completion of a high school diploma. The granting of credit is subject to the approval of the director of the department of education.

11. Adopt rules prohibiting an area school that does not provide intercollegiate athletics as a part of its program on July 1, 1987 from adding intercollegiate athletics to its program after that date.

12. Ensure that area schools that provide intercollegiate athletics as a part of their program comply with section 601A.9.

§280A.26 Former community or junior colleges.

A local school district which operated a community or junior college for any period between September 1, 1964, and July 4, 1965, may continue to operate the college. Existing public community or junior colleges may be converted into area vocational schools or area community colleges in the manner provided in this chapter. An existing public community or junior college may be converted into an area vocational school or area community college by agreement between the board of directors of the local school district and the board of directors of the merged area. The agreement is effective only if approved by the director of the department of education. The agreement shall provide for reasonable compensation to the local school district.

Where the board of any local school district operating a community or junior college and the board of directors of the merged areas are not in agreement on the reasonable value of any public community or junior college which is to be converted, the matters of disagreement shall be decided by three disinterested arbitrators; one selected by the local board, one by the board of the merged area, and one by the two arbitrators so selected. The decision of the arbitrators shall be made in writing and a copy of the decision shall be filed with the secretary of the board of the merged area and the secretary of the local board. Any party to the proceedings may appeal therefrom to the district court by serving notice thereof within twenty days after the decision is filed. Such appeal shall be tried in equity and a decree entered determining the entire matter. The decree so entered shall be final.

**280A.33 Joint action with board of regents.**

1. Approval standards, except as hereinafter provided, for area and public community and junior colleges shall be initiated by the area schools branch of the department and submitted to the state board of education and the state board of regents, through the director of the department of education, for joint consideration and adoption.

2. Approval standards for area vocational schools and for vocational programs and courses offered by area community colleges shall be initiated by the area schools branch and submitted to the state board of education through the director of the department of education, for consideration and adoption. No such proposed approval standard shall be adopted by the state board until the standard has been submitted to the advisory committee created by chapter 258 and its recommendations thereon obtained.

3. For purposes of this section, “approval standards” shall include standards for administration, qualifications and assignment of personnel, curriculum, facilities and sites, requirements for awarding of diplomas and other evidence of educational achievement, guidance and counseling, instruction, instructional materials, maintenance, and library.

An area community college or area vocational school which is removed from the approved list pursuant to this section is ineligible to receive state financial aid during the period of removal. The director shall allow a reasonable period of time, which shall be at least one year, for compliance with approval standards if an area community college or area vocational school is making a good faith effort and substantial progress toward full compliance or if failure to comply is due to factors beyond the control of the board of directors of the merged area operating the institution. In allowing time for compliance, the director shall follow consistent policies, taking into account the circumstances of each case. The reasonable period of time for compliance may be, but need not be, given prior to the one-year notice requirement that is provided in this section.

8. The director of the department of education shall give an area community college or area vocational school which is to be removed from the approved list at least one year's notice. The notice shall be given by registered or certified mail addressed to the superintendent of the area community college or area vocational school and shall specify the reasons for removal. The notice shall also be sent by ordinary mail to each member of the board of directors of the area community college or area vocational school and to the news media which serve the merged area where the school is located; but any good faith error or failure to comply with this sentence shall not affect the validity of any action by the director. If, during the year, the area community college or area vocational school remedies the reasons for removal and satisfies the director that it will thereafter comply with the laws and approval standards, the director shall continue the area community college or area vocational school on the approved list and shall transmit to the area community college or area vocational school notice of the action by registered or certified mail.

9. At any time during the year after notice is given, the board of directors of the area community college or area vocational school may request a public hearing before the director of the department of education, by mailing a written request to the director by registered or certified mail. At least ten days before the hearing, notice of the time and place of the hearing and the reasons for removal shall also be published by the department in a newspaper of general circulation in the merged area where the area community college or area vocational school is located.

10. At the hearing the area community college or area vocational school may be represented by counsel and may present evidence. Within ten days after the hearing, the director shall render a written decision, and shall affirm, modify, or vacate the action or proposed action to remove the area community college or area vocational school from the approved list. The board of directors of the merged area school may request a review of the decision of the director by the state board. The state board may affirm, modify, or vacate the decision, or may direct a rehearing before the director. [C66, 71, 73, §257.25, 280A.33; C75, 77, 79, 81, §280A.33]

The agreements may include the leasing of existing buildings on public or private property, buildings to be constructed upon real estate owned by the area school, or buildings to be placed upon real estate owned by the area school.

Before entering into a lease agreement with a purchase option for a building to be constructed, or placed, upon real estate owned by the area school, the board shall first adopt plans and specifications for the proposed building which it considers suitable for the intended use, and the board shall also adopt the proposed terms of the lease agreement and purchase option. Upon obtaining the approval of the director of the department of education, if approval of the director is required, the board shall invite bids, by advertisement published once each week for two consecutive weeks in the county where the building is to be located. The special election shall not be held within thirty days of any general election. Prior to the special election, the board of each merged area shall notify the county commissioner of elections of the county in which the greatest proportion of the merged area's taxable base is located who shall publish notice of the election according to section 49.53. The two respective county commissioners of elections shall conduct the election pursuant to the provisions of chapters 39 to 53. The votes cast in the

§280B.3 Agreement.
An area school may enter into an agreement to establish a project. If an agreement is entered into, the area school and the employer shall notify the department of revenue and finance as soon as possible. An agreement may provide, but is not limited to
1 Program costs, including deferred costs, may be paid from one or a combination of the following sources

If an agreement provides that all or part of program costs are to be paid for by incremental property taxes, the board of directors shall provide by resolution that taxes levied on the employer's taxable business property, where new jobs are created as a
result of a project, each year by or for the benefit of the state, city, county, school district, or other taxing district after the effective date of the resolution shall be divided as provided in section 403.19, subsections 1 and 2, in the same manner as if the employer's business property, where new jobs are created as a result of a project, was taxable property in an urban renewal project and the resolution was an ordinance within the meaning of those subsections. The taxes received by the board of directors shall be allocated to and when collected be paid into a special fund of the area school and may be irrevocably pledged by the area school to pay the principal of and interest on the certificates issued by the area school to finance or refinance, in whole or in part, the project. 280B.5 New jobs credit from withholding.

If an agreement provides that all or part of program costs are to be met by receipt of new jobs credit from withholding, it shall be done as follows:

1. New jobs credit from withholding shall be based upon the wages paid to the employees in the new jobs.

2. An amount equal to one and one-half percent of the gross wages paid by the employer to each employee participating in a project shall be credited from the payment made by an employer pursuant to section 422.16. If the amount of the withholding by the employer is less than one and one-half percent of the gross wages paid to the employees covered by the agreement, then the employer shall receive a credit against other withholding taxes due by the employer. The employer shall remit the amount of the credit quarterly in the same manner as withholding payments are reported to the department of revenue and finance, to the area school to be allocated to and when collected be paid into a special fund of the area school to pay the principal of and interest on certificates issued by the area school to finance or refinance, in whole or in part, the project. 3. The new jobs credit from withholding and the special fund into which it is paid, may be irrevocably pledged by an area school for the payment of the principal of and interest on the certificate issued by an area school to finance or refinance, in whole or in part, the project.

4. The employer shall certify to the department of revenue and finance that the credit in withholding is in accordance with an agreement and shall provide other information the department may require.

5. An area school shall certify to the department of revenue and finance the amount of new jobs credit from withholding an employer has remitted to the special fund and shall provide other information the department may require.

6. An employee participating in a project will receive full credit for the amount withheld as provided in section 422.16.

83 Acts, ch 171, §5, 8

280B.6 Certificates.

To provide funds for the present payment of the costs of new jobs training programs, an area school may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement. The receipts shall be pledged to the payment of principal of and interest on the certificates.

1. Certificates may be sold at public sale or at private sale at par, premium, or discount at the discretion of the board of directors. Chapter 75 does not apply to the issuance of these certificates.

2. Certificates may be issued with respect to a single project or multiple projects and may contain terms or conditions as the board of directors may provide by resolution authorizing the issuance of the certificates.

3. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded, may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a higher, lower, or equivalent rate of interest than the certificates being renewed or refunded.

4. To further secure the payment of the certificates, the board of directors shall, by resolution, provide for the assessment of an annual levy of a standby tax upon all taxable property within the merged area. A copy of the resolution shall be sent to the county auditor of each county in which the merged area is located. The revenues from the standby tax shall be deposited in a special fund and shall be expended only for the payment of principal of and interest on the certificates issued as provided in this section, when the receipt of payment for program costs as provided in the agreement is insufficient. If payments are necessary and made from the special fund, the amount of the payments shall be promptly repaid into the special fund from the first available payments received for program costs as provided in the agreement which are not required for the payment of principal of or interest on certificates due. No reserves may be built up in this fund.
in anticipation of a projected default. The board of directors shall adjust the annual standby tax levy for each year to reflect the amount of revenues in the special fund and the amount of principal and interest which is due in that year.

5 Before certificates are issued, the board of directors shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person may, within fifteen days after the publication of the notice by action in the district court of a county in the area within which the area school is located, appeal the decision of the board of directors in proposing to issue the certificates. The action of the board of directors in determining to issue the certificates is final and conclusive unless the district court finds that the board of directors has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of directors to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

6 The board of directors shall determine if revenues are sufficient to secure the faithful performance of obligations in the agreement.

280B.7 Department of economic development.
The Iowa department of economic development in consultation with the department of education shall coordinate the new jobs training program. The Iowa department of economic development shall adopt, amend, and repeal rules under chapter 17A that the area school will use in developing projects with new and expanding industrial new jobs training proposals. The department is authorized to make any rule that is adopted, amended, or repealed immediately upon filing with the administrative rules coordinator or at a subsequent stated date prior to indexing and publication, or at a stated date less than thirty-five days after filing, indexing, and publication. The department shall prepare an annual report for the governor and general assembly on the activities of the industrial new jobs training program.

An area school may enter into an agreement to establish a project. However, before an area school and a small business enter into an agreement to establish a project, the area school shall consult with the local office of the division of job service of the department of employment services to determine if there already exists in the community, a skilled or experienced group of unemployed workers, as a result of a plant closing or reduction in force, sufficiently large to supply the needs of the new or expanding small business. 1. New jobs credit from withholding shall be based upon the wages paid to the employees in the new jobs.

2. An amount equal to one and one half percent of the gross wages paid by the employer to each employee participating in a project shall be credited from the payment made by an employer pursuant to section 422 16. 280C.6 Job training fund.

1. There is established for the area schools an area school job training fund under the supervision of the treasurer of state. The area school job training fund consists of two separate accounts containing moneys as follows:

   a. A permanent school fund repayment account to which shall be credited the interest and principal from repayment of loans originating from the permanent school fund appropriation in section 280C 8, made to employers for program costs, and interest earned from moneys in the account. Moneys in this account shall be used to repay the appropriation from the permanent school fund. At the end of each calendar quarter, the treasurer of state shall transfer the moneys in the account and any moneys in the surplus account of the Iowa plan fund for economic development created in section 99E 31 to the permanent school fund as repayment of the loan from the permanent school fund. If there are moneys in the permanent school fund repayment account after the permanent school fund loan has been fully repaid, those moneys shall be transferred to the revolving loan account provided in paragraph "b" of this section.

   b. A revolving loan account to which shall be credited moneys appropriated for the fiscal year beginning July 1, 1987, and for succeeding fiscal years for the purposes of this chapter plus the interest and principal from repayment of advances made to employers for program costs and interest earned from moneys in the revolving loan account. Moneys in this account shall be used to provide advances to employers for program costs upon request of boards of directors of the area schools. Beginning July 1, 1995, the Iowa department of economic development shall reserve a portion of the moneys in the revolving loan account to pay a portion of the original one million dollar appropriation in section 280C 8 which, based upon projections of the state treasurer, may still be owed to the permanent school fund on June 30, 1996. The department shall reserve a portion of the moneys in the revolving loan account only if the moneys in the permanent school fund repayment account created in paragraph "a" and moneys in the "surplus" account of the Iowa plan fund for economic development are insufficient to repay the loan from the permanent school fund.

2. To provide funds for the present payment of the costs of a new jobs training program by the employer, the area school may provide to the employer an advance of the moneys to be used to pay for the program costs as provided in the agreement. To receive the funds for this advance from the revolving loan account, the area school shall submit an application to the department of economic development. The amount of the advance shall not exceed fifty thousand dollars for any project. The advance shall be repaid with interest from the sources provided in the agreement. The rate of interest to be charged for advances made in a calendar month is equal to one half of the average rate of interest on tax exempt certificates issued by area schools pursuant to chapter 280B for the previous twelve months. The rate shall be computed by the Iowa department of economic development.

85 Acts, ch 235, §6, 88 Acts, ch 1131, §1

280C.7 Department of economic development to coordinate.

The Iowa department of economic development in consultation with the department of education and the division of job service of the department of
employment services shall coordinate the new jobs training program. The department of economic development shall adopt, amend, and repeal rules under chapter 17A that the area school will use in developing projects with new and expanding small business new jobs training proposals. The department shall establish by rule criteria for determining what constitutes a small business. A project shall not be funded under this chapter unless the department approves the project. The department shall establish by rule criteria for approval of projects. The department is authorized to make any rule that is adopted, amended, or repealed effective immediately upon filing with the administrative rules coordinator or at a subsequent stated date prior to indexing and publication, or at a stated date less than thirty-five days after filing, indexing, and publication. The Iowa department of economic development shall prepare an annual report for the governor and general assembly on the activities and the future anticipated needs of this new jobs training program.

280C.8 Appropriations.

Notwithstanding sections 8 6, 302 1, and 302 1A, there is appropriated from the permanent school fund, for the fiscal period beginning July 1, 1985, and ending June 30, 1996, the sum of one million dollars to provide funds for the purposes of and deposits in the area school job training fund created in section 280C 6. The money appropriated under this section is a loan from the permanent school fund to the area school job training fund. The interest on the loan shall be prepaid for a three-year period from funds appropriated by this section. The rate of interest shall be determined by the treasurer of state.

At the end of each calendar quarter the treasurer of state shall transfer moneys to repay the amount of the loan from the permanent school fund from the following sources:

1. Moneys in the permanent school fund repayment account created in section 280C 6, subsection 1, paragraph “a”.
2. Moneys to be credited to the “surplus” account of the Iowa plan fund for economic development created in section 99E 31.

On and after June 30, 1996, the moneys reserved by the Iowa department of economic development from the revolving loan account created in section 280C 6, subsection 1, paragraph “b”, shall be used to repay a portion of the loan from the permanent school fund provided the conditions stated in section 280C 6, subsection 1, paragraph “b”, are met.

See Code editor's note to §10A 601(1) at the end of Vol III.
§281.2, EDUCATION OF CHILDREN REQUIRING SPECIAL EDUCATION

Education as defined in subsection 1; transportation and corrective and supporting services required to assist children requiring special education, as defined in subsection 1, in taking advantage of, or responding to, educational programs and opportunities, as defined by rules of the state board of education.

3. It is the policy of this state to require school districts and state operated educational programs to provide or make provision, as an integral part of public education, for a free and appropriate public education sufficient to meet the needs of all children requiring special education. This chapter is not to be construed as encouraging separate facilities or segregated programs designed to meet the needs of children requiring special education when the children can benefit from all or part of the education program as offered by the local school district. To the maximum extent possible, children requiring special education shall attend regular classes and shall be educated with children who do not require special education. Whenever possible, hindrances to learning and to the normal functioning of children requiring special education within the regular school environment shall be overcome by the provision of special aids and services rather than by separate programs for those in need of special education. Special classes, separate schooling or other removal of children requiring special education from the regular educational environment, shall occur only when, and to the extent that the nature or severity of the educational handicap is such that education in regular classes, even with the use of supplementary aids and services, cannot be accomplished satisfactorily. For those children who cannot adapt to the regular educational or home living conditions, and who are attending facilities under chapters 263, 269 and 270, upon the request of the board of directors of an area education agency, the department of human services shall provide residential or detention facilities and the area education agency shall provide special education programs and services. The area education agencies shall co-operate with the board of regents to provide the services required by this Act.*

Special aids and services shall be provided to children requiring special education who are less than five years of age if the aids and services will reasonably permit the child to enter the educational process or school environment when the child attains school age.

Every child requiring special education shall, if reasonably possible, receive a level of education commensurate with the level provided each child who does not require special education. The cost of providing such an education shall be paid as provided in section 273.9, this chapter and chapter 442. It shall be the primary responsibility of each school district to provide special education to children who reside in that district if the children requiring special education are properly identified, the educational program or service has been approved, the teacher or instructor has been certified, the number of children requiring special education needing that educational program or service is sufficient to make offering the program or service feasible, and the program or service cannot more economically and equably be obtained from the area education agency, another school district, another group of school districts, a qualified private agency, or in co-operation with one or more other districts.

4. Any funds received by the school district of the child's residence for the child's education, derived from funds received through chapter 442, this chapter and section 273.9 shall be paid by the school district of the child's residence to the appropriate education agency, private agency, or other school district providing special education for the child pursuant to contractual arrangements as provided in section 273.3, subsections 5 and 7.

281.8 Exceptions.
It shall not be incumbent upon the school districts to keep a child requiring special education in regular instruction when the child cannot sufficiently profit from the work of the regular classroom, nor to keep such child requiring special education in the special class or instruction for children requiring special education when it is determined by the director of special education of an area education agency that the child can no longer benefit from the instruction or needs more specialized instruction available in special schools. 281.9 Weighting plan — audits — evaluations — expenditures.

1 In order to provide funds for the excess costs of instruction of children requiring special education, above the costs of instruction of pupils in a regular curriculum, a special education weighting plan for determining enrollment in each school district is adopted as follows

a. Pupils in a regular curriculum are assigned a weighting of one.

b. Children requiring special education who require special adaptations while assigned to a regular classroom for basic instructional purposes and handicapped pupils placed in a special education class who receive part of their instruction in regular classrooms are assigned a weighting of one and eight tenths for the school year commencing July 1, 1975.

c. Children requiring special education who are severely handicapped or who have multiple handicaps are assigned a weighting of four and four-tenths for the school year commencing July 1, 1975.

d. Children requiring special education who are assigned full time, self-contained special education placement with little integration into a regular classroom are assigned a weighting of two and two-tenths for the school year commencing July 1, 1975.

e. Shared-time and part-time pupils of school age who require special education shall be placed in the proper category and counted in the proportion that the time for which they are enrolled or receive instruction for the school year bears to the time that full-time pupils, carrying a normal course schedule, in the same school district, for the same school year are enrolled and receive instruction.

2 The weighting for each category of child multiplied by the number of children in each category in the enrollment of a school district, as identified and certified by the director of special education for the area, determines the weighted enrollment to be used in that district for purposes of computations required under the state school foundation plan in chapter 442.

3 The weight that a child is assigned under this section shall be dependent upon the required educational modifications necessary to meet the special education needs of the child. Enrollment for the purpose of this section, and all payments to be made pursuant thereto, includes all children for whom a special education program or course is to be provided pursuant to sections 273.1 to 273.9 and this chapter, whether or not the children are actually enrolled upon the records of a school district.

4 On December 1, 1987, and no later than December 1 every two years thereafter, for the school year commencing the following July 1, the director of the department of education shall report to the school budget review committee the average costs of providing instruction for children requiring special education in the categories of the weighting plan established under this section, and the director of the department of education shall make recommendations to the school budget review committee for needed alterations to make the weighting plan suitable for subsequent school years. The school budget review committee shall establish the weighting plan for each school year after the school year commencing July 1, 1987, and shall report the plan to the director of the department of education. The school budget review committee shall not alter the weighting assigned to pupils in a regular curriculum, but it may increase or decrease the weighting assigned to each category of children requiring special education by not more than two-tenths of the weighting assigned to pupils in a regular curriculum. The state board of education shall adopt rules under chapter 17A, to implement the weighting plan for each year and to assist in identification and proper indexing of each child in the state who requires special education.

5 The division of special education shall audit the reports required in section 273.5 to determine that all children in the area who have been identified as requiring special education have received the appropriate special education instructional and support services, and to verify the proper identification of pupils in the area who will require special education instructional services during the school year in which the report is filed. The division shall certify to the director of the department of management the correct total enrollment of each school district in the state, determined by applying the appropriate pupil weighting index to each child requiring special education, as certified by the directors of special education in each area.

6 The division may conduct an evaluation of the special education instructional program or special education support services being provided by an area education agency, school district, or private agency pursuant to sections 273.1 to 273.9 and this chapter, to determine if the program or service is adequate and proper to meet the needs of the child, if the child is benefiting from the program or service, if the costs are in proportion to the educational benefits being received, and if there are any improvements that can be made in the program or service. A written report of the evaluation shall be sent to the area education agency, school district, or private agency evaluated and to the president of the senate and speaker of the house of representatives of the general assembly.

7 The costs of special education instructional programs include the costs of purchase of transportation equipment to meet the special needs of children requiring special education with the approval of the director of the department of education. The state board of education shall adopt rules under chapter 17A for the purchase of transportation equipment pursuant to this section.

8 Commencing with the school year beginning July 1, 1976, a school district may expend an amount not to exceed two-sevenths of an amount equal to the district cost of a school district for the costs of regular classroom instruction of a child certified under the special education weighting plan in subsection 1, paragraph "b", as a handicapped...

Unencumbered funds generated for special education instructional programs for the school year beginning July 1, 1975 and for the school year beginning July 1, 1976 shall not be expended for such purpose.

9. Commencing with the school year beginning July 1, 1975, funds generated for special education instructional programs under this chapter and chapter 442 shall not be expended for modifications of school buildings to make them accessible to children requiring special education. Unencumbered funds generated for special education instructional programs for the school years beginning July 1, 1975 and July 1, 1976, shall not be expended for such purpose unless approved by the department of public instruction based upon applications received by the department prior to January 1, 1978 and approved prior to April 1, 1978.

2. That the service or program will be provided by the most appropriate educational agency.
3. That the educational agency providing the service or program has employed qualified special educational personnel.

281.15 Reimbursement for special education services.
1. The state board of education in conjunction with the department of education shall develop a program to utilize federally funded health care programs, except the federal medically needy program for individuals who have a spend-down, to share in the costs of services which are provided to children requiring special education.
2. The department of education shall designate an area education agency to develop a system for collecting the information necessary to implement procedures for billing and collecting the costs of the services. The area education agency shall begin to develop the system immediately. The area education agency shall consult with and work jointly with state agencies and federal agencies to determine procedures and standards which shall be initiated by all area education agencies to qualify for receipt of benefits under federal programs.
3. The department of education, in conjunction with the area education agency, shall determine those specific services which are covered by federally funded health care programs, which shall include, but not be limited to, physical therapy, audiology, speech language therapy, and psychological evaluations. The department shall also determine which other special services may be subject to reimbursement and the qualifications necessary for personnel providing those services. If it is determined that services are required from other service providers, these providers shall be reimbursed for those services.
4. All services referred to in subsection 1 shall be initially funded by the area education agency and shall be provided regardless of subsequent subrogation collections. The area education agency shall make a claim for reimbursement to federally funded health care programs.
5. Not later than July 1, 1988, the area education agency designated by the department of education shall have developed the program for collecting for the services provided. The program shall be distributed to all of the area education agencies in the state. All area education agencies shall begin collecting the information on July 1, 1988.
6. Effective November 1, 1988, all area education agencies in the state shall participate in the program and begin billing for and collecting for the covered services and shall bill for services provided retroactive to July 1, 1988. Retroactive Title XIX billing is contingent upon state plan approval. Nothing contained in this section shall be construed to allow nonlicensed individuals to perform services which otherwise require licenses under the laws of this state or to allow licensed providers to perform services outside their scope of practice.
7. All reimbursements received by the area education agencies for eligible services shall be paid annually to the treasurer of state. The treasurer of state shall credit all receipts received under this subsection to the general fund of the state.
8. The department of education and the department of human services may adopt rules pursuant to chapter 17A as these agencies deem necessary to implement this section. These rules shall take effect immediately as provided in section 17A.5, subsection 2, paragraph "b".
9. Students or their parents or guardians covered by a federal health care program shall provide...

1 The board may exclude from school children under the age of six years when in its judgment such children are not sufficiently mature to be benefited by regular instruction, or any incorrigible child or any child who in its judgment is so abnormal that regular instruction would be of no substantial benefit, or any child whose presence in school may be injurious to the health or morals of other pupils or to the welfare of such school. However, the board shall provide special education programs and services under the provisions of chapters 273, 281, and 442 for all children requiring special education.

Every school shall be free of tuition to all actual residents between the ages of five and twenty-one years and to resident honorably discharged soldiers, sailors, and marines, as many months after becoming twenty-one years of age as they have spent in the military or naval service of the United States before they became twenty-one, provided, however, fees may be charged covering instructional costs for a summer school program. The board of education may, in a hardship case, exempt a student from payment of the above fees. Every person, however, who shall attend any school after graduation from a four-year course in an approved high school or its equivalent shall be charged a sufficient tuition fee to cover the cost of the instruction received by such person.

This section shall not apply to tuition authorized by chapter 280A.

282.7 Attending in another corporation — payment.

1. The board of directors of a school district by record action may discontinue any or all of grades seven through twelve and negotiate an agreement for attendance of the pupils enrolled in those grades in the schools of one or more contiguous school districts having accredited school systems. If the board designates more than one contiguous district for attendance of its pupils, the board shall draw boundary lines within the school district for determining the school districts of attendance of the pupils. The portion of a district so designated shall be contiguous to the accredited school district designated for attendance. Only entire grades may be discontinued under this subsection and if a grade is discontinued, all higher grades in that district shall also be discontinued. A school district that has discontinued one or more grades under this subsection has complied with the requirements of section 275.1 relating to the maintenance of kindergarten and twelve grades. A pupil who graduates from another school district under this subsection shall receive a diploma from the receiving district. The boards of directors entering into an agreement under this section shall provide for sharing the costs and expenses as provided in sections 282.10 through 282.12. The agreement shall provide for transportation and authority and liability of the affected boards.

2. A school district which does not have an area vocational technical high school or program, established and approved under chapter 258, may permit a resident child to attend school in another district which has such a school or program. The child shall meet the entrance requirements of the school district which has the area school or program. Tuition at the maximum rate prescribed in section 282.24, subsection 1, but not transportation, for such a child shall be paid by the resident district as required in section 282.20.

3. Notwithstanding section 282.8 and section 28E.9, a school district may negotiate an agreement under subsection 1 for attendance of its pupils in a school district located in a contiguous state subject to a reciprocal agreement by the two state boards in the manner provided in this subsection. Prior to negotiating an agreement with the school district in the contiguous state, the board of directors shall file a written request with the state board of education for a determination whether the school district in the contiguous state meets requirements substantially similar to those required for accredited or approved school districts in this state and the school district receives or has available services equivalent
to those that would be provided in this state by an area education agency. The school district shall also obtain approval by the department of education of the sharing proposal, before the agreement becomes effective. Six months prior to making the request for approval, the district shall request a feasibility study from the department of education. If the state board of this state and the corresponding state board in the contiguous state agree that the school districts of their respective states meet substantially similar requirements and have substantially similar services available to the school district, and if the Iowa department of education approves the proposed contract, the two state boards may sign a reciprocal agreement for attendance of their pupils in the school district of the other state, subject to the approval signed between the boards of directors of the two districts. A school district that negotiates an agreement with a school district in a contiguous state under this subsection is not eligible for supplementary weighting under section 442.39 as a result of that agreement.

The boards of directors of school districts located near the state boundaries may designate schools of equivalent standing across the state line for attendance of both elementary and high school pupils when the public school in the adjoining state is nearer than any appropriate public school in a pupil's district of residence or in Iowa. Distance shall be measured by the nearest traveled public road. Arrangements shall be subject to reciprocal agreements made between the chief state school officers of the respective states. Notwithstanding section 282.1, arrangements between districts pursuant to the reciprocal agreements made under this section shall establish tuition and transportation fees in an amount acceptable to the affected boards, but the tuition and transportation fees shall not be less than the lower average cost per pupil for the previous school year of the two affected school districts. For the purpose of this section average cost per pupil for the previous school year is determined by dividing the district's operating expenditures for the previous school year by the number of children enrolled in the district on the third Friday of September of the previous school year. A person attending school in another state shall continue to be treated as a pupil of the district of residence in the apportionment of the current school fund and the payment of state aid.

Whole grade sharing may either be one-way or two-way sharing.

2. One-way whole grade sharing occurs when a school district sends pupils to one or more other school districts for instruction and does not receive a substantial number of pupils from those districts in return.

3. Two-way whole grade sharing occurs when a school district sends pupils to one or more other school districts for instruction and receives a substantial number of pupils from those school districts in return.

Not applicable to sharing agreements signed before July 1, 1987. 87 Acts, ch 224, §79

282.11 Procedure.
Not less than ninety days prior to signing a whole grade sharing agreement whereby all or a substantial portion of the pupils in a grade in the district will attend school in another district, the board of directors of each school district that is negotiating, extending, or renewing a sharing agreement, shall publicly announce its intent to negotiate a sharing agreement under section 21.4, subsection 1. Within thirty days of the board's public notice, a petition may be filed with the department of education requesting that a feasibility study be completed. The petition shall be signed by twenty percent of the eligible electors in the district. The director of the department of education may determine that a feasibility study conducted by the board satisfies the request, provided that the study conforms with the criteria contained in section 256.9.

Not less than thirty days prior to signing a whole grade sharing agreement whereby all or a substantial portion of the pupils in a grade in the district will attend school in another district, the board of directors of each school district that is a party to a proposed sharing agreement shall hold a public hearing at which the proposed agreement is described, and at which the parent or guardian of an affected pupil and certificated employees of the
§282.11, SCHOOL ATTENDANCE AND TUITION

school district shall have an opportunity to comment on the proposed agreement. Within the thirty-day period prior to the signing of the agreement, the parent or guardian of an affected pupil may request the board of directors to send the pupil to another contiguous school district. The request shall be based upon one of the following:

1. That the agreement will not meet the educational program needs of the pupil.
2. That adequate consideration was not given to geographical factors.

The board shall allow or disallow the request prior to the signing of the agreement, or the request shall be deemed granted. If the board disallows the request, the board shall indicate the reasons why the request is disallowed and notify the parent or guardian that the decision of the board may be appealed as provided in this section.

If the board disallows the request of a parent or guardian of an affected pupil, the parent or guardian, not later than March 1, may appeal the sending of that pupil to the school district specified in the agreement, to the state board of education. The basis for the appeal shall be the same as the basis for the request to the board. An appeal shall specify a contiguous school district to which the parent or guardian wishes to send the affected pupil. If the parent or guardian appeals, the standard of review of the appeal is a preponderance of evidence that the parent's or guardian's hardship outweighs the benefits and integrity of the sharing agreement. The state board may require the district of residence to pay tuition to the contiguous school district specified by the parent or guardian, or may deny the appeal by the parent or guardian. If the state board requires the district of residence to pay tuition to the contiguous school district specified by the parent or guardian, the tuition shall be equal to the tuition established in the sharing agreement. The decision of the state board is binding on the boards of directors of the school districts affected, except that the decision of the state board may be appealed by either party to the district court.

3. For two-way sharing, the costs shall be determined by mutual agreement of the boards.

ATTENDANCE OUTSIDE OF HOME DISTRICT

282.17 High school outside home district.

282.18 Open enrollment.

It is the intent of the general assembly to allow a pupil with special and exceptional needs to enroll in a district contiguous to the pupil's resident district if the contiguous district offers coursework or programs, not already available to the pupil, that would meet the needs of the pupil.

1. Except as provided in subsection 2, for the school year commencing July 1, 1990, and each succeeding school year, a parent or guardian residing in a school district may be allowed to enroll the parent's or guardian's child or ward in a public school in a contiguous school district as provided in this section.

Not later than November 1, 1989, or not later than November 1 of the preceding school year, the parent or guardian shall notify the district of residence and the department of education that the parent or guardian intends to enroll the parent's or guardian's child or ward in a contiguous school district. Notice shall be made in the form and manner prescribed by the department of education and shall contain a description of the substantial educational opportunities necessary and available for the child in the receiving district that are not available in the district of residence and a statement that the child intends to take advantage of the opportunity before graduation. The state board of education shall adopt rules under chapter 17A by January 1, 1989, that define substantial educational opportunity. The definition shall include, but not be limited to, whether the contiguous district offers coursework or programs not available in the district of residence. A request under this section is for a period of not less than four years, unless the pupil will graduate within the four-year period.

The board of directors of the district of residence shall approve or disapprove the request within thirty days of receipt of the parent's and guardian's notice. The parent or guardian may appeal the decision of the board under chapter 290. If the parent or guardian appeals to the state board of education, the parent or guardian must prove by substantial evidence to the state board that the conditions listed in the request exist and the denial of the request of the parent or guardian was an abuse of discretion by the board of the district of residence.

Following approval of the transfer, the board of the district of residence shall transmit a copy of the form to the contiguous school district. The board of the contiguous school district shall enroll the pupil in a school in the contiguous district for the following school year, unless the contiguous school district does not have classroom space for the pupil or enrolling the pupil in the contiguous district will adversely affect the minority enrollment in the resident or contiguous school district because of voluntary or court ordered desegregation. The child

shall, however, be included in the basic enrollment of the district of residence for purposes of section 442.4.

The board of directors of the district of residence shall pay to the receiving school district an amount which is equal to the lesser of the state aid portion of the resident district’s cost per pupil or the state aid of the receiving district’s cost per pupil. For the purpose of this section, “state aid portion of a district’s cost per pupil” is the state foundation aid for the budget year received by the district under section 442.26 for regular program costs divided by the district’s basic enrollment for the budget year. In addition, the state aid amount shall include monies received under sections 294A.9 and 294A.14. If the amount paid to the receiving school district is not equal to that district’s cost per pupil, the receiving district has the option of either accepting the amount paid by the district of residence, or billing the parent or guardian for the difference between the district cost per pupil and the amount received from the district of residence. The district of residence may reimburse the parent for any difference paid to the receiving district. Quarterly payment shall be made to the receiving district. Notwithstanding section 285.1 relating to transportation of nonresident pupils, the parent or guardian is responsible for transporting the pupil without reimbursement to and from a point on a regular school bus route of the receiving district. A parent or guardian who chooses to reenroll the child in the district of residence, or to enroll the child in another school district, during the four-year period covered by the request, shall pay the maximum tuition fee to the enrolling district pursuant to section 282.24. However, the tuition fee requirement does not apply if a child is enrolled in another school district, during the four-year period covered by the request, because of a change in the child’s place of residence.

A student who attends school in a contiguous school district is not eligible to participate in interscholastic athletic contests and athletic competitions during the first year of enrollment under this section except for an interscholastic sport in which the district of residence and the contiguous school district jointly participate.

2. This section does not apply if the contiguous district, in which the parent or guardian wishes to enroll the child, is a party to a sharing agreement, which covers the request, with the district of residence under sections 282.7 through 282.12. If a resident or receiving district is participating in a reorganization study under chapter 275, subsection 1 shall not be available to a parent or guardian until the study is completed.

282.19 Child living in foster care facility.

A child who is living in a licensed child foster care facility as defined in section 237.1 in this state which is located in a school district other than the school district in which the child resided before receiving foster care may enroll in and attend an accredited school in the school district in which the child is living. The instructional costs for students who do not require special education shall be paid as provided in section 282.31, subsection 1, paragraph "b" or for students who require special education shall be paid as provided in section 282.31, subsections 2 or 3.

282.20 Tuition fees – payment.

The school corporation in which the student resides shall pay from the general fund to the secretary of the corporation in which the student is permitted to enroll, a tuition fee as prescribed in section 282.24.

It shall be unlawful for any school district to rebate to any pupils or their parents, directly or indirectly, any portion of the tuition collected or to be collected or to authorize or permit such pupils to receive at the expense of the district, directly or indirectly, any special compensation, benefit, privilege, or other thing of value that is not and cannot legally be made available to all other pupils enrolled in its schools. Any superintendent or board members responsible for such unlawful act shall each be personally liable to a fine of not to exceed one hundred dollars. Action to recover such penalty or action to enjoin such unlawful act may be instituted by the board of any school district or by a taxpayer in any school district.

On or before February 15 and June 15 of each year the secretary of the creditor district shall deliver to the secretary of the debtor district an itemized statement of such tuition fees.

282.21 Collection of tuition fees.

If payment is not made, the board of the creditor corporation shall file with the auditor of the county of the pupil’s residence a statement certified by its president specifying the amount due for tuition, and the time for which the same is claimed. The auditor shall transmit to the county treasurer an order directing the county treasurer to transfer the amount of such account from the funds of the debtor corporation to the creditor corporation, and the county treasurer shall pay the same accordingly.

282.24 Tuition fees established.

1. There is established a maximum tuition fee that may be charged for elementary and high school
students residing within another school district or corporation except students attending school in another district under section 282.7, subsection 1 or subsections 1 and 3. That fee is the district cost per pupil of the receiving district as computed in section 442.9, subsection 1, paragraph “a”.

A school corporation which owns facilities used as attendance centers for students shall maintain an itemized statement of the appraised value of all buildings owned by the school corporation. Beginning July 1, 1976, the appraisal shall be updated at least one time every five years.

The director of the department of education shall, after July 1 but before September 1 of each year, notify every school in the state, affected by this section, what the computed maximum tuition rate shall be for the ensuing year.

This subsection does not prevent the corporation or district in which the student resides from paying a tuition in excess of the maximum computed tuition rates, if the actual per pupil cost of the preceding year so warrants, but the receiving district or corporation shall not demand more than the maximum rate.

2. For the purpose of this section, high school means a school which commences with either grade nine or grade ten as determined by the board of directors of the district, and junior high school means the remaining grades commencing with grade seven.

The state board of regents and the department of education may by rule permit such students to attend any institution of higher learning under their jurisdiction. Credit earned in any such course at a junior college, college or university may be applied toward credit for high school graduation. No public school funds shall be expended for payment of tuition or other costs for such attendance at any college or university, unless such payment is expressly permitted or required by law.

The foregoing provisions shall also apply to junior colleges, colleges and universities in adjacent states when such institutions are located nearer to the homes or schools of the school district than the closest junior college, college or university within the state.

282.28 Children at Eldora and Toledo.

Annually, the area education agency in which the state training school and the Iowa juvenile home are located and the department of human services on behalf of the training school and juvenile home shall submit an annual joint application by January 1 for the next succeeding school year to the department of education describing the proposed special education instructional and support programs and service improvements for the training school and juvenile home. The department of education shall review and approve or modify the program and proposed budget by February 1 and shall notify the area education agency and the department of human services of the approved budget. The moneys for the approved budget shall supplement and not supplant moneys equal to the moneys expended for education for the fiscal year beginning July 1, 1986 by the department of human services. The moneys for the approved budget shall be used to ensure that the training school and juvenile home comply with appropriate administrative rules relating to special education adopted by the department of education.

The area education agency shall submit a claim to the department of education by August 1 following the school year for the actual costs of the special education programs and services provided at the training school and juvenile home. The department shall review and approve or modify the claims by September 1 and shall notify the department of revenue and finance of the approved claim amount. The total amount of the approved claim shall be paid by the department of revenue and finance to the area education agency by October 1. The total amount paid by the department of revenue and finance shall be deducted monthly from the state foundation aid paid under section 442.26 during the remainder of that fiscal year to all school districts in the state. The portion of the total amount of the approved claim that shall be deducted from the state aid of a school district shall be the same as the ratio that the budget enrollment for the budget year of the school district bears to the total budget enrollment in the state for that budget year. The department of revenue and finance shall transfer the total amount of the approved claim from the moneys appropriated under section 442.26 for payment to the area education agency.

The portion of the total amount of the approved claims that shall be deducted from the state aid of a school district shall be the same as the ratio that the budget enrollment for the budget year of the school district bears to the total budget enrollment in the state for that budget year. The department of revenue and finance shall transfer the total amount of the approved claims from the moneys appropriated under section 442.26 for payment to the area education agencies.
   b A child who lives in a facility or home pursuant to section 282.19, and who does not require special education and who is not enrolled in the educational program of the district of residence of the child, shall be included in the basic enrollment of the school district in which the facility or home is located.

However, on June 30 of a school year, if the board of directors of a school district determines that the number of children under this paragraph who were counted in the basic enrollment of the school district on the third Friday of September of that school year is fewer than the sum of the number of months all children were enrolled in the school district under this paragraph during the school year divided by nine, the secretary of the school district may submit a claim to the department of education by August 1 following the school year for an amount equal to the district cost per pupil of the district for the previous school year multiplied by the difference between the number of children counted and the number of children calculated by the number of months of enrollment. The amount of the claim shall be paid by the department of revenue and finance to the school district by October 1 in the same manner as the claims are paid under paragraph "a".
2 a. The actual special education instructional costs incurred for a child who lives in a facility pursuant to section 282.19 or for a child who is placed in a facility or home pursuant to section 282.29, who requires special education and who is not enrolled in the educational program of the district of residence of the child but who receives an educational program from the district in which the facility or home is located, shall be paid by the district of residence of the child to the district in which the facility or home is located, and the costs shall include the cost of transportation.
   b A child shall not be denied special education programs and services because of a dispute over the determination of district of residence of the child. The director of the department of education shall determine the district of residence when a dispute arises regarding the determination of the district of residence for a child who requires special education pursuant to this subsection.
3. The actual special education instructional costs, including transportation, for a child who requires special education shall be paid by the department of revenue and finance to the school district in which the facility or home is located, only when a district of residence cannot be determined, and the child was not included in the weighted enrollment of any district pursuant to section 281.9, and the payment pursuant to subsection 2, paragraph "a" was not made by any district. The district shall submit a proposed program and budget to the department of education by January 1 for the next succeeding school year. The department of education shall review and approve or modify the program and proposed budget and shall notify the district by February 1. The district shall submit a claim by August 1 for the actual cost of the program. The total amount of the approved claim shall be paid by the department of revenue and finance to the school district by October 1. The total amount paid by the department of revenue and finance shall be deducted monthly from the state foundation aid paid under section 442.26 during the remainder of that fiscal year to all school districts in the state. The portion of the total amount of the approved claims that shall be deducted from the state aid of a school district shall be the same as the ratio that the budget enrollment for the budget year of the school district bears to the total budget enrollment in the state for the budget year. The department of revenue and finance shall transfer the total amount of the approved claims from moneys appropriated under section 442.26 for payment to the school district.

4. For purposes of this section, "district of residence" means the school district in which the parent or legal guardian of the child resides or the district in which the district court is located if the district court is the guardian of the child.

CHAPTER 284
INTERSTATE AGREEMENT ON QUALIFICATION OF EDUCATIONAL PERSONNEL

284 1 Interstate agreement
284 2 Designated state official
284 3 Contracts on file

284.1 Interstate agreement.
The interstate agreement on qualification of educational personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows

ARTICLE I — PURPOSE, FINDINGS, AND POLICY

1 The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interest of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end

2 The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this agreement can increase the availability of educational personnel

ARTICLE II — DEFINITIONS

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

ARTICLE IX — CONSTRUCTION AND SEVERABILITY

This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. CHAPTER 285

STATE AID FOR TRANSPORTATION

285.1 When entitled to state aid. The board of directors in every school district shall provide transportation, either directly or by reimbursement for transportation, for all resident pupils attending public school, kindergarten through twelfth grade, except that:

a. Elementary pupils shall be entitled to transportation only if they live more than two miles from the school designated for attendance.

b. High school pupils shall be entitled to transportation only if they live more than three miles from the school designated for attendance.

For the purposes of this subsection, high school means a school which commences with either grade...
nine or grade ten, as determined by the board of directors of the school district or by the governing authority of the nonpublic school in the case of nonpublic schools.

Boards in their discretion may provide transportation for some or all resident pupils attending public school or pupils who attend nonpublic schools who are not entitled to transportation. Boards in their discretion may collect from the parent or guardian of the pupil not more than the pro rata cost for such optional transportation, determined as provided in subsection 12.

To the extent that this section as amended requires transportation which was not required before August 15, 1973, the board of directors shall not be required to provide such transportation before July 1, 1978.

2. Any pupil may be required to meet a school bus on the approved route a distance of not to exceed three-fourths of a mile without reimbursement.

3. In a district where transportation by school bus is impracticable, where necessary to implement a whole grade sharing agreement under section 282.10, or where school bus service is not available, the board may require parents or guardians to furnish transportation for their children to the schools designated for attendance. Except as provided in section 285.3, the parent or guardian shall be reimbursed for such transportation service for public and nonpublic school pupils by the board of the resident district in an amount equal to eighty dollars plus seventy-five percent of the difference between eighty dollars and the previous school year’s statewide average per pupil transportation cost, as determined by the department of education.

However, a parent or guardian shall not receive reimbursement for furnishing transportation for more than three family members who attend elementary school and one family member who attends high school.

4. In all districts where unsatisfactory roads or other conditions make it advisable, the board at its discretion may require the parents or guardians of public and nonpublic school pupils to furnish transportation for their children up to two miles to connect with vehicles of transportation. The parents or guardians shall be reimbursed for such transportation by the boards of the resident districts at the rate of twenty-eight cents per mile per day, one way, per family for the distance from the pupil’s residence to the bus route.

5. Where transportation by school bus is impracticable or not available or other existing conditions warrant it, arrangements may be made for use of common carriers according to uniform standards established by the director of the department of education and at a cost based upon the actual cost of service and approved by the board.

6. When the school designated for attendance of pupils is engaged in the transportation of pupils, the sending or designating school shall use these facilities and pay the pro rata cost of transportation except that a district sending pupils to another school may make other arrangements when it can be shown that such arrangements will be more efficient and economical than to use facilities of the receiving school, providing such arrangements are approved by the board of the area education agency.

7. If a local board closes either elementary or high school facilities and is approved by the board of the area education agency to operate its own transportation equipment, the full cost of transportation shall be paid by the board for all pupils living beyond the statutory walking distance from the school designated for attendance.

8. Transportation service may be suspended upon any day or days, due to inclemency of the weather, conditions of roads, or the existence of other conditions, by the board of the school district operating the buses, when in their judgment it is deemed advisable and when the school or schools are closed to all children.

9. Distance to school or to a bus route shall in all cases be measured on the public highway only and over the most passable and safest route as determined by the area education agency board, starting in the roadway opposite the private entrance to the residence of the pupil and ending in the roadway opposite the entrance to the school grounds or designated point on bus route.

10. The board in any district providing transportation for nonresident pupils shall collect the pro rata cost of transportation from the district of pupil’s residence for all properly designated pupils so transported.

11. Boards in districts operating buses may transport nonresident pupils who attend public school, kindergarten through junior college, who are not entitled to free transportation provided they collect the pro rata cost of transportation from the parents.

12. The pro rata cost of transportation shall be based upon the actual cost for all the children transported in all school buses. It shall include one-seventh of the original net cost of the bus and other items as determined and approved by the director of the department of education but no part of the capital outlay cost for school buses and transportation equipment for which the school district is reimbursed from state funds or that portion of the cost of the operation of a school bus used in transporting pupils to and from extra-curricular activities shall be included in determining the pro rata cost. In a district where, because of unusual conditions, the cost of transportation is in excess of the actual operating cost of the bus route used to furnish transportation to nonresident pupils, the board of the local district may charge a cost equal to the cost of other schools supplying such service to that area, upon receiving approval of the director of the department of education.

13. When a local board fails to pay transportation costs due to another school for transportation service rendered, the board of the creditor corporation shall file a sworn statement with the area education agency.
agency board specifying the amount due. The agency board shall check such claim and if the claim is valid shall certify to the county auditor. The auditor shall transmit to the county treasurer an order directing the county treasurer to transfer the amount of such claim from the funds of the debtor corporation to the creditor corporation and the treasurer shall pay the same accordingly.

14 Resident pupils attending a nonpublic school located either within or without the school district of the pupil’s residence shall be entitled to transportation on the same basis as provided for resident public school pupils under this section. The public school district providing transportation to a nonpublic school pupil shall determine the days on which bus service is provided, which shall be based upon the days for which bus service is provided to public school pupils, and the public school district shall determine bus schedules and routes. In the case of nonpublic school pupils the term “school designated for attendance” means the nonpublic school which is designated for attendance by the parents of the nonpublic school pupil.

15 If the nonpublic school designated for attendance is located within the public school district in which the pupil is a resident, the pupil shall be transported to the nonpublic school designated for attendance as provided in this section.

16 a. If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil’s residence, the pupil may be transported by the district of residence to a public school or other location within the district of the pupil’s residence. A public school district in which a nonpublic school is located may establish school bus collection locations within its district from which nonresident nonpublic school pupils may be transported to and from a nonpublic school located in the district. If a pupil receives such transportation, the district of the pupil’s residence shall be relieved of any requirement to provide transportation.

b. As an alternative to paragraph “a” of this subsection, subject to section 285.9, subsection 3, where practicable, and at the option of the public school district in which a nonpublic school pupil resides, the school district may transport a nonpublic school pupil to a nonpublic school located outside the boundary lines of the public school district if the nonpublic school is located in a school district contiguous to the school district which is transporting the nonpublic school pupils, or may contract with the contiguous public school district in which a nonpublic school is located for the contiguous school district to transport the nonpublic school pupils to the nonpublic school of attendance within the boundary lines of the contiguous school district.

c. If the nonpublic school designated for attendance of a pupil is located outside the boundary line of the school district of the pupil’s residence and the district of residence meets the requirements of subsections 14 to 16 of this section by using subsection 17, paragraph “c”, of this section and the district in which the nonpublic school is located is contiguous to the district of the pupil’s residence and is willing to provide transportation under subsection 17, paragraph “a” or “b”, of this section, the district in which the nonpublic school is located may provide transportation services, subject to section 285.9, subsection 3, and may make the claim for reimbursement under section 285.2. The district in which the nonpublic school is located shall notify the district of the pupil’s residence that it is making the claim for reimbursement, and the district of the pupil’s residence shall be relieved of the requirement for providing transportation and shall not make a claim for reimbursement for those nonpublic school pupils for which a claim is filed by the district in which the nonpublic school is located.

17 The public school district may meet the requirements of subsections 14 to 16 by any of the following:

a. Transportation in a school bus operated by a public school district.

b. Contracting with private parties as provided in section 285.5. However, contracts shall not provide payment in excess of the average per pupil transportation costs of the school district for that year.

c. Utilizing the transportation reimbursement provision of subsection 3.

d. Contracting with a contiguous public school district to transport resident nonpublic school pupils the entire distance from the nonpublic pupil’s residence to the nonpublic school located in the contiguous public school district or from the boundary line of the public school district to the nonpublic school.

18 The director of the department of education may review all transportation arrangements to see that they meet all legal and established uniform standard requirements.

19 Transportation authorized by this chapter is exempt from all laws of this state regulating common carriers.

20 Transportation for which the pro rata cost or other charge is collected shall not be provided outside the state of Iowa except in accordance with rules adopted by the department of education in accordance with chapter 17A. The rules shall take into account any applicable federal requirements.

21 Boards in districts operating buses may in their discretion transport senior citizens, children, handicapped and other persons and groups, who are not otherwise entitled to free transportation, and shall collect the pro rata cost of transportation. Transportation under this subsection shall not be provided when the school bus is being used to transport pupils to or from school unless the board determines that such transportation is desirable and will not interfere with or delay the transportation of pupils.

22 Notwithstanding subsection 1, paragraph “a”, a parent or guardian of an elementary pupil entitled to transportation pursuant to subsection 1, may request that a child day care facility be designated for purposes of subsection 9 rather than the residence of the pupil. The request shall be submit-
Warrant payments shall be made to a public school district for a period of time of at least onesemester and may not be submitted more than twice during a school year.

Paid to parents and guardians of nonpublic school pupils for furnishing transportation services to nonpublic school pupils as provided in this section. The portion of the amount appropriated for approved claims under section 285.1, subsection 3, shall be determined under section 285.3.

The costs of providing transportation to nonpublic school pupils as provided in section 285.1 shall not be included in the computation of district cost under chapter 442, but shall be shown in the budget as an expense from miscellaneous income. Any transportation reimbursements received by a local school district for transporting nonpublic school pupils shall not affect district cost limitations of chapter 442. The reimbursements provided in this section are miscellaneous income as defined in section 442.5.

Claims for reimbursement shall be made to the department of education by the public school district providing transportation or transportation reimbursement during a school year on a form prescribed by the department, and the claim shall state the services provided and the actual costs incurred. A claim shall not exceed the average transportation costs of the district per pupil transported except as otherwise provided. If transportation is provided under section 285.1, subsection 3, the amount of a claim shall be determined under section 285.3 regardless of the average transportation costs of the district per pupil transported.

Claims shall be accompanied by an affidavit of an officer of the public school district affirming the accuracy of the claim. By February 1 and by July 15 of each year, the department shall certify to the department of revenue and finance the amounts of approved claims to be paid, and the department of revenue and finance shall draw warrants payable to school districts which have established claims. The department of revenue and finance shall determine claims shall be allowed where practical, and at the option of the public school district of the pupil's residence, subject to approval by the area education agency of the pupil's residence, under section 285.9, subsection 3, the public school district of the pupil's residence may transport a pupil to a school located in a contiguous public school district outside the boundary lines of the public school district of the pupil's residence. The public school district of the pupil's residence may contract with the contiguous public school district or with a private contractor under section 285.5 to transport the pupil to the school of attendance within the boundary lines of the contiguous public school district. The public school district in which the pupil resides may contract with the contiguous public school district or with a private contractor under section 285.5 to transport the pupil from the pupil's residence or from designated school bus collection locations to the school located within the boundary lines of the contiguous public school district, subject to the approval of the area education agency of the pupil's residence. The public school district of the pupil's residence may utilize the reimbursement provisions of section 285.1, subsection 3.

The portion of the amount appropriated under section 285.2 to pay claims to reimburse parents or guardians of nonpublic school pupils for furnishing transportation for their children is equal to eighty dollars plus seventy-five percent of the difference between eighty dollars and the previous school year's statewide average per pupil transportation costs as determined by the department of education multiplied by the total number of nonpublic school pupils for which the parent or guardian furnishes transportation, except that all elementary pupils and two members of a family who attend a nonpublic high school shall be included in the total number.

determine a supplemental payment amount per par­
tent or guardian. That supplemental payment
amount per parent or guardian shall be paid to each
eligible parent or guardian transporting nonpublic
school pupils in addition to the base payment.

285.4 Pupils sent to another district.
When a board closes its elementary school facili­
ties for lack of pupils or by action of the board, it
shall, if there is a school bus service available in the
area, designate for attendance the school operating
the buses, provided the board of such school is
willing to receive them and the facilities and curric­

where the pupils reside may with the approval of the
area education agency board, subject to legal limita­

use the established bus service.

All designations must be submitted to the area
education agency board on or before July 15, for
review and approval. The agency board shall after
due investigation alter or change designations to
make them conform to legal requirements and es­
established uniform standards for making designa­
tions and for locating and establishing bus routes.
After designations are made, they will remain the
same from year to year except that on or before July
15, of each year, the rural board or parents may
petition the agency board for a change of designation
to another school. Appeals from the decision of the
agency board on designations may be made by either
the parents or board to the director of the depart­
ment of education as provided in section 285.12 and
section 285.13.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §285.10]

285.11 Bus routes — basis of operation.

The establishment and operation of bus routes and the contracting for transportation shall be based upon the following considerations:

1 Each bus route shall be planned and adjusted to utilize the normal seating capacity of each bus insofar as it is possible to do so.

2 Each bus route shall serve only those pupils living in those areas where transportation by bus is the most economical method for providing adequate transportation facilities.

3 A route shall not be extended for the purpose of accommodating pupils whose homes are nearer an other bus route.

4 Special contracts for transportation of pupils entitled to transportation shall be entered into only when it is more economical to make such special provision than to provide same by regular bus route, or when by reason of physical or mental handicap of the pupil such pupil cannot be transported with safety by bus.

5 The boards shall take advantage of all tax exemptions on fuel, equipment, and of such other economies as are available.

6 The use of school buses shall be restricted to transporting pupils to and from school and to and from extracurricular activities sponsored by the school when such extracurricular activity is under the direction of a qualified member of the faculty and a part of the regular school program and to transporting other persons to the extent permitted by section 285.1, subsection 1, and section 285.10, subsections 9 and 10. School employees of districts operating buses may be transported to and from school and approved activities which they are required to attend as a result of their responsibilities. Provided, however, nothing in this subsection shall prohibit the use of school buses in transporting a school teacher going to and from the teacher's school when such school is on an established school bus route and such teacher makes arrangements with the district operating such school bus.

7 No bus shall leave the public highway to receive or discharge pupils unless their safety is enhanced thereby, or the private road is maintained in the same manner as a public roadway.

8 Bus routes shall be established only to give service to properly designated pupils.

9 Bus drivers for school buses must present a certificate of physical fitness each year before being permitted to operate any vehicles transporting children to and from school.

10 Bus drivers must hold a regular or special chauffeur's license and in addition, a special school bus driver permit issued by the department of education.

285.12 Disputes — hearings and appeals.

In the event of a disagreement between a school patron and the board of the school district, the patron if dissatisfied with the decision of the district board, may appeal the same to the area education agency board, notifying the secretary of the district in writing within ten days of the decision of the board and by filing an affidavit of appeal with the agency board within the ten day period. The affidavit of appeal shall include the reasons for the appeal and points at issue. The secretary of the local board on receiving notice of appeal shall certify all papers to the agency board which shall hear the appeal within ten days of the receipt of the papers and decide it within three days of the conclusion of the hearing and shall immediately notify all parties of its decision. Either party may appeal the decision of
the agency board to the director of the department of education by notifying the opposite party and the agency administrator in writing within five days after receipt of notice of the decision of the agency board and shall file with the director of the department of education an affidavit of appeal, reasons for appeal, and the facts involved in the disagreement. The agency administrator shall, within ten days of said notice, file with the director all records and papers pertaining to the case, including action of the agency board. The director shall hear the appeal within fifteen days of the filing of the records in the director's office, notifying all parties and the agency administrator of the time of hearing. The director shall forthwith decide the same and notify all parties of the decision and return all papers with a copy of the decision to the agency administrator. The decision of the director shall be subject to judicial review in accordance with the terms of the Iowa administrative procedure Act. Pending final order made by the director, upon any appeal prosecuted to such director, the order of the agency board from which the appeal is taken shall be operative and be in full force and effect.

285.13 Disagreements between boards.
In the event of a disagreement between the board of a school district and the board of an area education agency, the board of the school district may appeal to the director of the department of education and the procedure and times provided for in section 285.12 shall prevail in any such case. The decision of the director shall be subject to judicial review in accordance with the terms of the Iowa administrative procedure Act.

285.14 Nonstandard buses — penalties.
Any person who operates or permits to be operated as a school bus to transport pupils, any vehicle which does not comply with the requirements provided by law or by the rules and regulations of the department of education, or for which there is not a valid temporary certificate for operation, shall be guilty of a simple misdemeanor.

A vehicle used for an approved driver education course in which the driver education teacher transports driver education students from their residences for street or highway driving is not a school bus.

285.15 Forfeiture of reimbursement rights.
The failure of any local district to comply with the provisions of this chapter or any other laws relating to the transportation of pupils, or any rules made by the department of education under this chapter or the final decisions of the area education agency board, or the final decisions of the department of education shall during the period such failure to comply existed forfeit the rights to collect transportation costs from school or parents while operating in such illegal manner. Any superintendent, board, or board member who knowingly operates or permits to be operated any school bus transporting public school pupils in violation of any school transportation law shall be deemed guilty of a simple misdemeanor.

285.16 “Nonpublic school” defined.

CHAPTER 286
SUPPLEMENTARY AID TO SCHOOL DISTRICTS

Repealed by 62GA, ch 356, §25
286A.1 State area school funding plan.
The state area school funding plan is established for the fiscal year beginning July 1, 1986 and succeeding fiscal years. Funds appropriated specifically for distribution under this chapter shall be allocated to the area schools established under chapter 280A in the manner provided in this chapter. If the funds appropriated for distribution under this chapter are insufficient to make the allocations required, the department of management shall pro rate the allocations. However, an area school shall be allocated an amount at least equal to the state general aid allocated for the base year unless the formula is fully funded under this chapter.

86 Acts, ch 1246, §145

286A.2 Definitions.
As used in this chapter and chapter 280A, unless the context otherwise requires:
1. "Contact hour" means fifty minutes of contact between an instructor and students in a scheduled course offering for which students are registered.

The total contact hours for an area school in a cost center for a budget year for purposes of determining state general aid under this chapter are the average of the total contact hours offered by the area school in that cost center for the base year and the two fiscal years preceding the base year.

2. "Contact hour eligible for general aid" is a contact hour as provided in subsection 1 except for the contact hours of nonresident students, contact hours of students in avocational or recreational programs, and contact hours of students in courses or programs the direct operational costs of which are entirely paid by federal, state, or other governmental agencies, or private subsidy, or both.

3. "Base year" means base year as defined in section 442.6.

4. "Budget year" means budget year as defined in section 442.6.

5. "State percent of growth" is the state percent of growth calculated under section 442.7.

6. "Area school allowable growth for an instructional cost center" is a dollar amount determined by the department of management by multiplying the state average cost per contact hour for that cost center for a base year times the state percent of growth for the budget year.

7. "Instructional cost center" means one of the following areas of course offerings of the area schools:
   a. Arts and sciences cost center
   b. Vocational technical preparatory cost center
   c. Vocational technical supplementary cost center
   d. Adult basic education and high school completion cost center
   e. Continuing and general education cost center

8. "Noninstructional function" means all of the following functions:
   a. General institutional function
   b. Student services function
   c. Physical plant, including plant maintenance and utility costs functions
   d. Library services function

9. "State average cost per contact hour for an instructional cost center" is the actual state average cost per contact hour for that instructional cost center and all area schools for the base year beginning July 1, 1985 adjusted in succeeding years to equal the base year’s state average cost per contact hour for the instructional cost center plus the area school allowable growth for the instructional cost center for the budget year. The state average cost per contact hour does not include expenditures for capital outlay.

86 Acts, ch 1246, §146

Education appropriations subcommittee to review method of calculating total contact hours and report to general assembly in 1990. 88 Acts, ch 1284 §37

286A.3 Foundation support level.
The department of management shall determine for the base year beginning July 1, 1985, the state average cost per contact hour for each instructional
cost center. The state foundation support level per contact hour for each instructional cost center is sixty-five percent of the state average cost per contact hour for that year.

For the budget year commencing July 1, 1986 and succeeding budget years, the department of management shall determine the area school allowable growth for each instructional cost center and shall add those amounts to the foundation support level per contact hour for each instructional cost center for the base year in order to determine the foundation support level per contact hour for the budget year. However, for any budget year for which funds are appropriated by the general assembly for salary improvement for the arts and sciences cost center and for the vocational-technical preparatory cost center, the foundation support level per contact hour for those cost centers for the budget year shall be increased by a salary improvement cost per contact hour. However, the salary improvement cost per contact hour is not included in the foundation support level per contact hour for those cost centers. Funds appropriated for salary improvement for a budget year shall be divided by the total number of contact hours in the arts and sciences cost center and the vocational-technical preparatory cost center in all area schools for the budget year to determine a salary improvement cost per contact hour. Salary improvement moneys received by an area school shall be added to the base salaries of recipients of the moneys, and shall supplement, not supplant, the results of a collective bargaining agreement negotiated under chapter 20, if any.

86 Acts, ch 1246, §147

286A.4 Support per instructional cost center.
Each area school shall multiply the state foundation support level per contact hour for each instructional cost center for a budget year by the number of contact hours eligible for state general aid in the area school in the cost center for the budget year to obtain the support per cost center in that area school. The total support for an area school for instructional cost centers is the sum of the support per cost center for all five instructional cost centers.

86 Acts, ch 1246, §148

286A.5 General institutional function.
The general institutional function cost for the base year commencing July 1, 1985 for an area school is determined by multiplying the area school's total expenditures for the fiscal year beginning July 1, 1985 by thirteen and ninety-six hundredths percent, which is the average percent of total expenditures of the area schools for general institutional function costs.

The foundation support level for the general institutional function for an area school for the base year beginning July 1, 1985 is sixty-five percent of the area school’s general institutional support function cost for that year.

For the budget year beginning July 1, 1986 and succeeding budget years, the foundation support level for the general institutional support function for an area school is the foundation support level for the base year plus a general institutional function allowable growth amount. The allowable growth amount is determined by the department of management by multiplying the state percent of growth for the budget year by the state average general institutional function cost for the base year.

For the base year beginning July 1, 1989, and each four years thereafter, the department shall recalculate the average percent of total expenditures of the area schools for general institutional function costs and shall use that percent for the four next following budget years.

86 Acts, ch 1246, §149

286A.6 Student services function cost.
The state student services function cost for the base year commencing July 1, 1985 is determined by dividing the total of all area schools' expenditures for the student services function for that year by the total number of contact hours eligible for general aid in the state for that year to achieve a state average student services function cost per contact hour for the base year.

The foundation support level per contact hour for the student services function cost for the base year beginning July 1, 1985 is sixty-five percent of the state average student services function cost per contact hour for that year.

For the budget year beginning July 1, 1986 and succeeding budget years, the foundation support level per contact hour eligible for state general aid for the student services function cost for an area school is the foundation support level per contact hour for the base year plus a student services support allowable growth amount. The allowable growth amount is determined by the department of management by multiplying the state percent of growth for the budget year by the state average student services function cost per contact hour for the base year. The total is then multiplied by the number of contact hours in the area school to determine the foundation support for the student services function cost for a budget year.

86 Acts, ch 1246, §150

286A.7 Physical plant function cost.
The physical plant function cost includes physical plant maintenance cost and the physical plant utility cost.

1. The physical plant function cost for the base year commencing July 1, 1985 for all area schools is determined by dividing the total physical plant maintenance cost of all area schools for that year by the total square feet of buildings of the area schools for that year to achieve a state average cost per square foot.

The foundation support level per square foot for the physical plant maintenance costs for the base year beginning July 1, 1985 is sixty-five percent of the state average cost per square foot for that year.

For the budget year beginning July 1, 1986 and succeeding budget years, the foundation support level per square foot for the physical plant mainte-
nance costs for an area school is the foundation support level per square foot for the base year plus a physical plant maintenance allowable growth amount. The allowable growth amount is determined by the department of education by multiplying the state percent of growth for the budget year by state average cost per square foot for the base year. The total is then multiplied by the number of square feet in buildings of the area school to determine the foundation support for the physical plant maintenance costs for a budget year. The department shall notify the department of management.

2 The physical plant utility function cost for the base year commencing July 1, 1985 for all area schools is determined by dividing the total physical plant utility costs of all area schools for that year by the total cubic feet of buildings of the area schools for that year to achieve a state average cost per cubic foot. The foundation support level per cubic foot for the physical plant utility cost for the base year beginning July 1, 1985 is sixty-five percent of the state average cost per cubic foot for the base year for that year.

For the budget year beginning July 1, 1986 and succeeding budget years, the foundation support level per cubic foot for the physical plant utility cost for an area school is the foundation support level per cubic foot for the base year plus a physical plant utility allowable growth amount. The allowable growth amount is determined by the department of education by multiplying the state percent of growth for the budget year by the state average cost per cubic foot for the base year. The total is then multiplied by the number of cubic feet in buildings of the area school to determine the foundation support for the physical plant utility cost for a budget year. The department shall notify the department of management.

3 The foundation support for the physical plant maintenance cost added to the foundation support for the physical plant utility cost for a budget year equals the foundation support for the physical plant function for a budget year.

286A.8 Library function cost.
The library function cost for a budget year for an area school is determined by the department of education by multiplying the total of the area school's support for the five instructional cost centers, for the general institutional support function, for the student services function, and for the physical plant function for that year by three and thirty three hundredths percent, which is the average percent of the area schools' support expended for the library function cost. The department shall notify the department of management.
The foundation support level for the library services function for an area school for a base year is sixty-five percent of the area school's library function cost for that year.

286A.9 Area school moneys.
The difference between the amount of an area school's budget and the sum of the amount of state general aid plus the amount raised by the tax levy under section 280A 17 may include tuition, student fees, revenues received from property tax levies other than the levy established in section 280A 17, federal moneys, and other moneys received by the area school.

286A.10 Expenditures for base year.
When an area school determines its total expenditures, expenditures for the student services function, physical plant maintenance costs, physical plant utility costs, and costs per cost center for the base year beginning July 1, 1985 for purposes of determining state general aid under this chapter, the area school shall use the actual costs and expenditures for the first three quarters of the fiscal year and shall estimate the costs of the fourth quarter. When actual costs and expenditures are known, the department of education shall direct the department of management to adjust the support levels for the cost centers and noninstructional functions and the amount of state general aid to be paid for that budget year on the basis of the actual figures.

286A.11 State general aid amount.
The amount of state general aid to which an area school is entitled for a budget year under this chapter is equal to the sum of the following:
1 An amount equal to the difference between the total of foundation support levels for the five instructional cost centers and the four noninstructional functions, and the amount raised by the tax levy under section 280A 17.
2 An amount for operation of a public radio station if one has been established for the area school and has been funded by the state. The amount is the amount for operation of the radio station for the base year plus an amount equal to the cost of operation for the base year multiplied by the state percent of growth for the budget year.
3 Fifty thousand dollars if the area school has fewer than one million contact hours.
The department of education shall calculate the difference between the amount of state general aid each area school that has fewer than one million contact hours would receive if a foundation support level of seventy percent were used in lieu of the sixty-five percent specified in this chapter and the amount the area school would receive under this chapter. The area school shall receive that difference in lieu of the fifty thousand dollars granted under this subsection if the difference is greater than fifty thousand dollars.
4 An amount equal to the general allocation of the area school as determined under section 405A 2.

286A.12 Payment of appropriation.
Payment shall be made by the department of
revenue and finance in four installments due on or about November 15, February 15, and May 15 of a budget year and on or about August 15 of the next following budget year, and installments shall be as nearly equal as possible, as determined by the department of revenue and finance, taking into consideration the relative budget and cash position of the state resources.

The payment made on or about August 15 of the next following budget year is an account receivable for the budget year.

86 Acts, ch 1246, §156

286A.13 Misrepresentation of required information.

An area school which misrepresents the cost for a cost center or its contact hours shall repay any excess funds received under this chapter.

86 Acts, ch 1246, §157

286A.14 Area school budget review.

1. An area school budget review procedure is established for the school budget review committee created in section 442 12. The school budget review committee, in addition to its duties under chapter 442, shall meet and hold hearings each year under this chapter to review unusual circumstances of area schools, either upon the committee’s motion or upon the request of an area school. The committee may grant supplemental aid to the area school from funds appropriated to the department of education for area school budget review purposes, or an amount may be added to the area school allowable growth for all cost centers and area school allowable growth for noninstructional functions for the budget year either on a temporary or permanent basis, or both.

Unusual circumstances shall include but not be limited to the following:

a. An unusual increase or decrease in enrollment
b. Natural disasters
c. Unusual staffing problems
d. Unusual necessity for additional funds to permit continuance of a course or program which will provide substantial benefit to students, if the area school establishes the need and the amount of necessary increased cost
f. Unique problems of area schools to include vandalism, civil disobedience, and other costs incurred by area schools.

2. When the school budget review committee makes a decision under subsection 1, it shall provide written notice of its decision, including all changes, to the board of directors of the area school and to the department of management.

3. All decisions by the school budget review committee under this chapter shall be made in accordance with reasonable and uniform policies which shall be consistent with this chapter.

4. Failure by an area school to provide information or appear before the school budget review committee as requested for the accomplishment of review or hearing constitutes justification for the committee to instruct the department of revenue and finance to withhold state area school aid to that area school until the committee’s inquiries are satisfied completely.

86 Acts, ch 1246, §158

286A.15 Information furnished by area school.

Each area school shall supply to the department of management and the department of education the information required for calculation of the amount of state area school aid due each area school under the state area school funding plan. Forms for reporting information to calculate the state area school aid for a budget year shall be supplied by the department of management to each area school.

86 Acts, ch 1246, §159

286A.16 Rules.

The department of education shall adopt rules and definitions of terms necessary for the administration of this chapter. The school budget review committee shall adopt rules under chapter 17A to carry out section 286A 14.

5 "Teacher" means an individual holding a teaching certificate issued under chapter 260, letter of authorization, or a statement of professional recognition issued by the board of educational examiners who is employed in a nonadministrative position by a school district or area education agency pursuant to a contract issued by a board of directors under section 279.13. A teacher may be employed in both an administrative and a nonadministrative position by a board of directors and shall be considered a part-time teacher for the portion of time that the teacher is employed in a nonadministrative position.

Effective July 1, 1988, "teacher" includes an individual employed on less than a full-time basis by a school district through a contract between the school district and an institution of higher education with an approved teacher education program in which the teacher is enrolled in a graduate teacher education program.

6 "Teacher's regular compensation" means the annual salary specified in a teacher's contract pursuant to the salary schedule adopted by the board of directors or negotiated under chapter 20. It does not include pay earned by a teacher for performance of additional noninstructional duties and does not include the costs of the employer's share of fringe benefits.

294A.3 Educational excellence fund.

An educational excellence fund is established in the office of treasurer of state to be administered by the department of education. Moneys appropriated by the general assembly for deposit in the fund shall be paid to school districts and area education agencies pursuant to the requirements of this chapter and shall be expended only to pay for increases in the regular compensation of teachers and other salary increases for teachers, to pay the costs of the employer's share of federal social security and Iowa public employees' retirement system, or a pension and annuity retirement system established under chapter 294, payments on the salary increases, and to pay costs associated with providing specialized or general training. Moneys received by school districts and area education agencies shall not be used for pay earned by a teacher for performance of additional noninstructional duties.

If moneys are appropriated by the general assembly to the fund for distribution under this chapter the moneys shall be allocated by the department so that the allocations of moneys for phases I and II are made prior to the allocation of moneys for phase III.

87 Acts, ch 224, §3.

DIVISION II

PHASE I

294A.4 Goal.

The goal of phase I is to provide for establishment of pay plans incorporating sufficient annual compensation to attract quality teachers to Iowa's public school system. This is accomplished by increasing the minimum salary. A beginning salary which is competitive with salaries paid to other professionals will provide incentive for top quality individuals to enter the teaching profession.

294A.5 Minimum salary supplement.

For the school year beginning July 1, 1987 and succeeding school years, the minimum annual salary paid to a full-time teacher as regular compensation shall be eighteen thousand dollars.

For the school year beginning July 1, 1987 for phase I, each school district and area education agency shall certify to the department of education by the third Friday in September the names of all teachers employed by the district or area education agency whose regular compensation is less than eighteen thousand dollars per year for that year and the amounts needed as minimum salary supplements. The minimum salary supplement for each eligible teacher is the total of the difference between eighteen thousand dollars and the teacher's regular compensation plus the amount required to pay the employer's share of the federal social security and Iowa public employees' retirement system, or a pension and annuity retirement system established under chapter 294, payments on the additional salary moneys.

The board of directors shall report the salaries of teachers employed on less than a full-time equivalent basis, and the amount of minimum salary supplement shall be prorated.

87 Acts, ch 224, §5.
294A.6 Payments.
For the school year beginning July 1, 1987, the department of education shall notify the department of revenue and finance of the total minimum salary supplement to be paid to each school district and area education agency under phase I and the department of revenue and finance shall make the payments. For school years after the school year beginning July 1, 1987, if a school district or area education agency reduces the number of its full-time equivalent teachers below the number employed during the school year beginning July 1, 1987, the department of revenue and finance shall reduce the total minimum salary supplement payable to that school district or area education agency so that the amount paid is equal to the ratio of the number of full-time equivalent teachers employed in the school district or area education agency for that school year divided by the number of full-time equivalent teachers employed in the school district or area education agency for the school year beginning July 1, 1987 and multiplying that fraction by the total minimum salary supplement paid to that school district or area education agency for the school year beginning July 1, 1987.

87 Acts, ch 224, §6

294A.7 Reserved.

DIVISION III

PHASE II

294A.8 Goal.
The goal of phase II is to keep Iowa's best educators in the profession and assist in their development by providing general salary increases.

87 Acts, ch 224, §7

294A.9 Phase II program.
Phase II is established to improve the salaries of teachers. For each fiscal year, the department of education shall allocate to each school district for the purpose of implementing phase II an amount equal to seventy-five dollars and ninety-three cents multiplied by the district's certified enrollment and to each area education agency for the purpose of implementing phase II an amount equal to three dollars and fifty-five cents multiplied by the enrollment served in the area education agency, if the general assembly has appropriated sufficient monies to the fund so that pursuant to section 294A.3, thirty-eight million five hundred thousand dollars will be allocated by the department to school districts and area education agencies for phase II. If, because of the amount of the appropriation made by the general assembly to the fund, less than thirty-eight million five hundred thousand dollars is allocated for phase II, the department of education shall adjust the amount for each student in certified enrollment and each student in enrollment served based upon the amount allocated for phase II.

The department of education shall certify the amounts of the allocations for each school district and area education agency to the department of revenue and finance and the department of revenue and finance shall make the payments to school districts and area education agencies.

If a school district has discontinued grades under section 282.7, subsection 1, or students attend school in another school district, under an agreement with the board of the other school district, the board of directors of the district of residence shall transmit the phase II moneys allocated to the district for those students based upon the full-time equivalent attendance of those students to the board of the school district of attendance of the students.

If a school district uses teachers under a contract between the district and the area education agency in which the district is located, the school district shall transmit to the employing area education agency a portion of its phase II allocation based upon the portion that the salaries of teachers employed by the area education agency and assigned to the school district for a school year bears to the total teacher salaries paid in the district for that school year, including the salaries of the teachers employed by the area education agency.

If the school district or area education agency is organized under chapter 20 for collective bargaining purposes, the board of directors and certified bargaining representative for the certificated employees shall mutually agree upon a formula for distributing the phase II allocation among the teachers. For the school year beginning July 1, 1987 only, the parties shall follow the procedures specified in chapter 20 except that if the parties reach an impasse, neither impasse procedures agreed to by the parties nor sections 20.20 through 20.22 shall apply and the phase II allocation shall be divided as provided in section 294A.10. Negotiations under this section are subject to the scope of negotiations specified in section 20.9. If a board of directors and certified bargaining representative for certificated employees have not reached mutual agreement by July 15, 1987 for the distribution of the phase II payment, section 294A.10 will apply.

If the school district or area education agency is not organized for collective bargaining purposes, the board of directors shall determine the method of distribution.

87 Acts, ch 224, §8

294A.10 Failure to agree on distribution.
For the school year beginning July 1, 1987 only, if the board of directors and certified bargaining representative for the certificated employees have not reached agreement under section 294A.9, the board of directors shall divide the payment among the teachers employed by the district or area education agency as follows:
1. All full-time teachers whose regular compensation is equal to or more than the minimum salary for phase I will receive an equal amount from the phase II allocation.
2. A teacher who will receive a minimum salary supplement under section 294A.5 will receive mon-
ed $s equal to the difference between the amount from the phase II allocation and the minimum salary supplement paid to that teacher.

3. The amount from the phase II allocation will be prorated for a teacher employed on less than a full-time basis.

4. An amount from the phase II allocation includes the amount required to pay the employers’ share of the federal social security and Iowa public employees’ retirement system, or a pension and annuity retirement system established under chapter 294, payments on the additional salary.

294A.11 Reports.

By August 15, 1987, each school district and area education agency shall file a report with the department of education, on forms provided by the department of education, specifying the method used to distribute the phase II allocation.

Reports filed by area education agencies shall include a description of the method used to distribute phase II allocations to teachers employed by the area education agency working under contract in a school district.

294A.13 Phase III program.

For the school year beginning July 1, 1987 and succeeding school years, each school district and area education agency that meets the requirements of this section is eligible to receive moneys for the implementation under phase III of a performance-based pay plan or supplemental pay plan, or a combination of the two.

294A.14 Phase III payments.

For each fiscal year, the department shall allocate the remainder of the moneys appropriated by the general assembly to the fund for phase III, subject to section 294A.18. If fifty million dollars is allocated for phase III, the payments for an approved plan for a school district shall be equal to the product of a district’s certified enrollment and ninety-eight dollars and sixty-three cents, and for an area education agency shall be equal to the product of an area education agency’s enrollment served and four dollars and sixty cents. If the moneys allocated for phase III are either greater than or less than fifty million dollars, the department of education shall adjust the amount for each student in certified enrollment and each student in enrollment served based upon the amount allocated for phase III.

If a school district has discontinued grades under section 282.7, subsection 1, or students attend school in another school district, under an agreement with the board of the other school district, the board of directors of the district of residence shall transmit the phase III moneys allocated to the district for those students based upon the full-time equivalent attendance of those students to the board of the school district of attendance of the students.

A plan shall be developed using the procedure specified under section 294A.15. The plan shall provide for the establishment of a performance-based pay plan, a supplemental pay plan, or a combination of the two pay plans and shall include a budget for the cost of implementing the plan. In addition to the costs of providing additional salary for teachers and the amount required to pay the employers’ share of the federal social security and Iowa public employees’ retirement system, or a pension and annuity retirement system established under chapter 294, payments on the additional salary, the budget may include costs associated with providing specialized or general training. Moneys received under phase III shall not be used to employ additional employees of a school district, except that phase III moneys may be used to employ substitute teachers, part-time teachers, and other employees needed to implement plans that provide innovative staffing patterns or that require that a teacher employed on a full-time basis be absent from the classroom for specified periods for fulfilling other instructional duties. However, all teachers employed are eligible to receive additional salary under an approved plan.

For the purpose of this section, a performance-based pay plan shall provide for salary increases for teachers who demonstrate superior performance in completing assigned duties. The plan shall include the method used to determine superior performance of a teacher. For school districts, the plan may include assessments of specific teaching behavior, assessments of student performance, assessments of
other characteristics associated with effective teaching, or a combination of these criteria.

For school districts, a performance based pay plan may provide for additional salary for individual teachers or for additional salary for all teachers assigned to an attendance center. For area education agencies, a performance based pay plan may provide for additional salary for individual teachers or for additional salary for all teachers assigned to a specific discipline within an area education agency. If the plan provides additional salary for all teachers assigned to an attendance center, or specific discipline, the receipt of additional salary by those teachers shall be determined on the basis of whether that attendance center or specific discipline, meets specific objectives adopted for that attendance center, or specific discipline. For school districts, the objectives may include, but are not limited to, decreasing the dropout rate, increasing the attendance rate, or accelerating the achievement growth of students enrolled in that attendance center.

If a performance based pay plan provides additional salary for individual teachers:

1. The plan may provide for salary moneys in addition to the existing salary schedule of the school district or area education agency and may require the participation by the teacher in specialized training requirements.

2. The plan may provide for salary moneys by replacing the existing salary schedule or as an option to the existing salary schedule and may include specialized training requirements, general training requirements, and experience requirements.

A supplemental pay plan may provide for supplementing the costs of vocational agriculture programs as provided in section 294A.17.

For the purpose of this section, a supplemental pay plan in a school district shall provide for the payment of additional salary to teachers who participate in either additional instructional work assignments or specialized training during the regular school day or during an extended school day, school week, or school year. A supplemental pay plan in an area education agency shall provide for the payment of additional salary to teachers who participate in either additional work assignments or improvement of instruction activities with school districts during the regular school day or during an extended school day, school week, or school year.

For school districts, additional instructional work assignments may include but are not limited to general curriculum planning and development, vertical articulation of curriculum, horizontal curriculum coordination, development of educational measurement practices for the school district, attendance at workshops and other programs for service as cooperating teachers for student teachers, development of plans for assisting beginning teachers during their first year of teaching, attendance at summer staff development programs, development of staff development programs for other teachers to be presented during the school year, and other plans locally determined in the manner specified in section 294A.15 and approved by the department of education under section 294A.16 that are of equal importance or more appropriately meet the educational needs of the school district.

For area education agencies, additional instructional work assignments may include but are not limited to providing assistance and support to school districts in general curriculum planning and development, providing assistance to school districts in vertical articulation of curriculum and horizontal curriculum coordination, development of educational measurement practices for school districts in the area education agency, development of plans for assisting beginning teachers during their first year of teaching, attendance or instruction at summer staff development programs, development of staff development programs for school district teachers to be presented during the school year, and other plans determined in the manner specified in section 294A.15 and approved by the department of education under section 294A.16 that are of equal importance or more appropriately meet the educational needs of the area education agency.

Any summer school program for which the teacher's salary is paid or supplemented under a supplemental pay plan, shall be open to nonpublic school students in the manner provided in section 256.12. 87 Acts, ch 224, §13, 88 Acts, ch 1266, §7, 88 Acts, ch 1284, §49.

294A.15 Development of plan.

The board of directors of a school district desiring to receive moneys under phase III shall appoint a committee consisting of representatives of school administrators, teachers, parents, and other individuals interested in the public schools of the school district to develop a proposal for distribution of phase III moneys to be submitted to the board of directors. The board of directors of an area education agency desiring to receive moneys under phase III shall appoint a committee of similar membership to develop a proposal. If the school district or area education agency is organized under chapter 20 for collective bargaining purposes, the board shall provide that one of the teacher members of the committee is an individual selected by the certified bargaining representative for certificated employees of the district or area education agency. The proposal developed by the committee shall be submitted to the board of directors of the school district or area education agency for consideration by the board in developing a plan. For the school year beginning July 1, 1987, if the school district or area education agency is organized for collective bargaining purposes under chapter 20, the portions of the proposed plan that are within the scope of negotiations specified in section 20.9 require the mutual agreement by January 1, 1988 of both the board of directors of the school district or area education agency and the certified bargaining representative for the certificated employees. In succeeding years, if the school district or area education agency is organized for...
collective bargaining purposes, the portions of the proposed plan that are within the scope of the negotiations specified in section 20.9 are subject to chapter 20.

Nothing in this chapter shall be construed to expand or restrict the scope of negotiations in section 20.9.

A plan adopted by the board of directors of a school district or area education agency shall be submitted to the department of education not later than July 1 of a school year for that school year. Amendments to multiple year plans may be submitted annually.

If a school district uses teachers under a contract between the district and the area education agency in which the district is located, the school district shall make provision for those teachers under phase III.

The department of education shall review each plan and its budget and notify the department of management of the names of school districts and area education agencies with approved plans.

However, for the school year beginning July 1, 1987, a board of directors may submit a proposed plan and budget not later than January 1, 1988, and the department of education shall notify the school districts and area education agencies not later than February 15, 1988 that their plans have been approved by the department. 294A.18 Determination of phase III allocation.
On February 1, 1988, the governor shall certify to the department of education the amount of money available for allocation under phase III. If pursuant to any provision of law, the governor certifies an amount lower than the allocation that would otherwise be made under this chapter, the department of education shall, if necessary, adjust the amount for each student in certified enrollment and each student in enrollment served which are included in approved plans pursuant to section 294A.14 and shall review the budgets of the approved plans.

§297.36  Loan agreements.
In order to make immediately available proceeds of the schoolhouse tax which has been approved by the voters as provided in section 278 1, subsection 7, the board of directors may, with or without notice, borrow money and enter into loan agreements in anticipation of the collection of the tax with a bank, investment banker, trust company, insurance company, or insurance group.

By resolution, the board shall provide for an annual levy which is within the limits of the tax approved by the voters to pay for the amount of the principal and interest due each year until maturity. The board shall file a certified copy of the resolution with the auditor of each county in which the district is located. The filing of the resolution with the auditor shall make it the duty of the auditor to annually levy the amount certified for collection until funds are realized to repay the loan and interest on the loan in full.

The loan must mature within the period of time authorized by the voters and shall bear interest at a rate which does not exceed the limits provided under chapter 74A. A loan agreement entered into pursuant to this section shall be in a form as the board of directors shall by resolution provide and the loan shall be payable as to both principal and interest from the proceeds of the annual levy of the voted tax pursuant to section 278 1, subsection 7, or so much thereof as will be sufficient to pay the loan and interest on the loan.

The proceeds of a loan must be deposited in a fund which is separate from other district funds. Warrants paid from this fund must be for purposes authorized by the voters as provided in section 278 1, subsection 7.

This section does not limit the authority of the board of directors to levy the full amount of the voted tax, but if and to whatever extent the tax is levied in any year in excess of the amount of principal and interest falling due in that year under a loan agreement, the first available proceeds, to an amount sufficient to meet maturing installments of principal and interest under the loan agreement, shall be paid into the sinking fund for the loan before the taxes are otherwise made available to the school corporation for other school purposes, and the amount required to be annually set aside to pay principal of and interest on the money borrowed under the loan agreement shall constitute a first charge upon the proceeds of the special voted tax, which tax shall be pledged to pay the loan and the interest on the loan.

This section is supplemental and in addition to existing statutory authority to finance the purposes specified in section 278 1, subsection 7, and for the borrowing of money and execution of loan agreements in connection with that section and subsection, and is not subject to any other law. The fact that a school corporation may have previously borrowed money and entered into loan agreements under authority of this section does not prevent the school corporation from borrowing additional money and entering into further loan agreements if the aggregate of the amount payable under all of the loan agreements does not exceed the proceeds of the voted tax.

The amount estimated and certified to apply on principal and interest for any one year shall not exceed two dollars and seventy cents per thousand dollars of the assessed valuation of the taxable property of the school corporation except as hereinafter provided.

For the sole purpose of computing the amount of bonds which may be issued as a result of the application of any limitation referred to in this section, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year's interest in the first annual levy of taxes may be avoided, and in certifying the annual levies to the county auditor or auditors such first annual levy of taxes shall be sufficient to pay all principal of and interest on said bonds becoming due prior to the next succeeding annual levy and the full amount of such first annual levy shall be entered for collection by said auditor or auditors, as provided in chapter 76.

The amount estimated and certified to apply on principal and interest for any one year may exceed two dollars and seventy cents per thousand dollars of assessed value by the amount approved by the voters of the school corporation, but not exceeding four dollars and five cents per thousand of the assessed value of the taxable property within any school corporation, provided that the qualified voters of such school corporation have first approved such increased amount at a special election, which may be held at the same time as the regular school election. 1. Provided further that if a school corporation leases a building or property, which has been used as a junior college by such corporation, to a merged area school corporation operating or proposing to operate an area community college, the annual amounts certified as herein provided by such leasing school corporation for payment of interest and principal due on lawful bonded indebtedness incurred by such leasing school corporation for purchasing, building, furnishing, reconstructing, repairing, improving or remodeling the building leased or acquiring or adding to the site of such property leased, to the extent of the respective annual rent the school corporation will receive under such lease, shall not be considered as a part of the total amount estimated and certified for the purposes of determining if such amount exceeds any limitation contained in this section.

2. The ability of a school corporation to exceed two dollars and seventy cents per thousand dollars of assessed value to service principal and interest payments on bonded indebtedness is limited and confined only to those school corporations engaged in the administration of elementary and secondary education.

3. Of the initial commission the person receiving the highest number of votes shall receive a five-year term of office, the next highest a four-year term, the next highest a three-year term, the next highest a two-year term, and the fifth highest a one-year term. [C77, 79, 81, §303.29]

### 303.30 Procedures.

Prior to issuance or denial of a certificate of appropriateness the commission shall take such action as may reasonably be required to inform persons likely to be materially affected by the application, and shall give the applicant and such persons an opportunity to be heard. In cases where the commission deems it necessary, it may hold a public hearing concerning the application. The commission shall vote upon any application for a certificate of appropriateness within sixty days after its submission to the commission.

If the commission determines that the proposed construction, reconstruction, alteration, restoration, moving, demolition, or the change in use is appropriate, it shall forthwith approve such application and shall issue to the applicant a certificate of appropriateness.

If the commission determines that the proposed
construction, reconstruction, alteration, restoration, moving or demolition of buildings, structures, appurtenant fixtures, outdoor advertising signs or natural features, or the proposed change in use would be incongruous with the historical, architectural, archaeological or cultural aspects of the district, a certificate of appropriateness shall not be issued, and the commission shall place upon its records the reasons for such determination and shall notify the applicant of such determination, furnishing the applicant an attested copy of its reasons and its recommendations, if any, as appearing in the records of the commission.

The commission may approve the application in any case where a person would suffer extreme hardship, not including loss of profit, unless the certificate of appropriateness was issued. Any applicant aggrieved by a determination of the commission may appeal to the district court for the county in which the land concerned is located within sixty days of the commission's action.

[C77, 79, 81, §303.30]

[C77, 79, 81, §303.31]

303.32 Ordinary maintenance and repair.
Nothing in this subchapter of this chapter shall be construed to prevent the ordinary maintenance or repair of any exterior feature in a district which does not involve a change in design, material or outer appearance, nor to prevent the construction, reconstruction, alteration, restoration or demolition of any such feature which is required by public safety because of an unsafe or dangerous condition.

[C77, 79, 81, §303.32]

303.33 Termination of district.
Two years after the establishment of a district, a referendum for the termination of the district shall be held if ten percent of the eligible voters in the district so request. If the qualified electors, by a majority of those voting, favor termination, this Act* will no longer have any effect on the property formerly included in the district.

If an election is held to terminate a district under this section and such attempt fails, another referendum for termination of the district in question shall not take place for a period of two years.

[C77, 79, 81, §303.33]

*See 76 Acts, ch 1159, §14

303.34 Historical preservation districts.

1. An area of historical significance shall be proposed by the governing body of the city on its own motion or upon the receipt by the governing body of a petition signed by residents of the city. The city shall submit a description of the proposed area of historical significance or the petition describing the proposed area, if the proposed area is a result of the receipt of a petition, to the historical division which shall determine if the proposed area meets the criteria in subsection 2 and may make recommendations concerning the proposed area. Any recommendations made by the division shall be made available by the city to the public for viewing during normal working hours at a city government place of public access.

2. A city shall not designate an area as an area of historical significance unless it contains contiguous pieces of property under diverse ownership which meets the criteria specified in section 303.20, subsection 1, paragraphs "a" to "f".

3. A city may provide by ordinance for the establishment of a commission to deal with matters involving areas of historical significance but shall provide by ordinance for such commission upon the enactment of the ordinance designating an area as an area of historical significance as required in subsection 4. Upon the establishment of the commission the city shall provide by ordinance for the method of appointment, the number, and terms, of members of the commission and for the duties and powers of the commission. The commission shall contain not less than three members. The members of the commission shall be appointed with due regard to proper representation of residents and property owners of the city and their relevant fields of knowledge including but not limited to history, urban planning, architecture, archaeology, law, and sociology. At least one resident of each designated area of historical significance shall be appointed to the commission. Cities with a population of more than fifty thousand shall not appoint more than one-third of the members to the commission of an area of historical significance that are members of a city zoning commission appointed pursuant to chapter 414. The commission shall have the power to approve or deny applications for proposed alterations to exterior features within an area designated as an area of historical significance. An aggrieved party may appeal the commission's action to the governing body of the city. If not satisfied by the decision of the governing body, the party may appeal within sixty days of the governing body's decision to the district court for the county in which the designated area is located. On appeal the governing body or the district court as the case may be shall consider whether the commission has exercised its powers and followed the guidelines established by the law and ordinance, and whether the commission's action was patently arbitrary or capricious.

4. An area shall be designated an area of historical significance upon enactment of an ordinance of the city. Before the ordinance or an amendment to it is enacted, the governing body of the city shall
submit the ordinance or amendment to the historical division for its review and recommendations [C81, §303.34, 82 Acts, ch 1238, §19]

Members of the board shall not receive compensation for more than sixty days of session and board service each year.

2. The board of trustees shall formulate and administer a land use plan which includes all ordinances, resolutions, rules, and regulations necessary for the proper administration of the land use district. The library division of the department of cultural affairs is hereby authorized to enter into interstate library compacts on behalf of the state of Iowa with any state bordering on Iowa which legally joins therein in substantially the following form.

    The contracting states agree that

ARTICLE I — PURPOSE

Because the desire for the services provided by public libraries transcends governmental boundaries and can be provided most effectively by giving such services to communities of people regardless of jurisdictional lines, it is the policy of the states who are parties to this compact to cooperate and share their responsibilities in providing joint and cooperative library services in areas where the distribution of population makes the provision of library service on an interstate basis the most effective way to provide adequate and efficient services

ARTICLE II — PROCEDURE

The appropriate state library officials and agencies having comparable powers with those of the Iowa library commission of the party states or any of their political subdivisions may, on behalf of said
states or political subdivisions, enter into agreements for the cooperative or joint conduct of library services when they shall find that the executions of agreements to that end as provided herein will facilitate library services.

ARTICLE III — CONTENT

Any such agreement for the cooperative or joint establishment, operation or use of library services, facilities, personnel, equipment, materials or other items not excluded because of failure to enumerate shall, as among the parties of the agreement

1. Detail the specific nature of the services, facilities, properties or personnel to which it is applicable,

2. Provide for the allocation of costs and other financial responsibilities,

3. Specify the respective rights, duties, obligations and liabilities,

4. Stipulate the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of said agreement.

ARTICLE IV — CONFLICT OF LAWS

Nothing in this compact or in any agreement entered into hereunder shall alter, or otherwise impair any obligation imposed on any public library by otherwise applicable laws, or be constituted to supersede.

ARTICLE V — ADMINISTRATOR

Each state shall designate a compact administrator with whom copies of all agreements to which the state or any subdivision thereof is party shall be filed. The administrator shall have such powers as may be conferred by the laws of the administrator's state and may consult and cooperate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact.

ARTICLE VI — EFFECTIVE DATE

This compact shall become operative when entered in by two or more entities having the powers enumerated herein.

ARTICLE VII — RENUNCIAATION

This compact shall continue in force and remain binding upon each party state until six months after any such state has given notice of repeal by the legislature. Such withdrawal shall not be construed to relieve any party to an agreement authorized by Articles II and III of the compact from the obligation of that agreement prior to the end of its stipulated period of duration.

ARTICLE VIII — SEVERABILITY — CONSTRUCTION

The provisions of this compact shall be severable. It is intended that the provisions of this compact be reasonably and liberally construed.

303A.8 Administrator.
The administrator of the library division shall be the compact administrator. The compact administrator shall receive copies of all agreements entered into by the state or its political subdivisions and other states or political subdivisions, consult with, advise and aid such governmental units in the formulation of such agreements, make such recommendations to the governor, legislature, governmental agencies and units as the administrator deems desirable to effectuate the purposes of this compact and consult and cooperate with the compact administrators of other party states.

305.11 Expenses. Repealed by 86 Acts, ch 1245, §18990.

305.12 Maps — surveys.

The operator of any underground mine shall comply with the following provisions relative to maps and surveys:

1. Scale. Each mine map shall be drawn to a scale of not more than two hundred feet to the inch.

2. General specifications. Each map shall show the name of the state, county, and township in which the mine is located, the designation of the mine, the name of the company or operator, the certificate of the mining engineer or surveyor as to the accuracy and date of the survey, the north point, and the scale to which the map is drawn.

3. Boundaries and surface lines. Every map shall correctly show the surface boundary lines of the mineral rights pertaining to each mine and all section or quarter section lines or corners within the same, the lines of town lots and streets, the tracks and sidetracks of all railroads, the location of all wagon roads, rivers, streams, and ponds, and reservations made of the mineral.

4. Underground conditions. For the underground workings, the map shall show all shafts, slopes, tunnels, or other openings to the surface or to the workings of a contiguous mine; all excavations, entries, rooms, and crosscuts; the location of the escape ways, and of the fan or furnace or other means of ventilation and the direction of air currents, and the location of permanent pumps, hauling engines, engine planes, abandoned works, fire walls, and standing water.

5. Separate maps. A separate and similar map drawn to the same scale in all cases shall be made of each layer of minerals mined in any mine in this state. A separate map shall also be made of the surface whenever the surface buildings, lines, or objects are so numerous as to obscure the details of the mine workings if drawn upon the same sheet with them, and in such case the surface map shall be drawn upon transparent cloth or paper so that it can
be laid upon the map of the underground workings and thus truly indicate the local relation of lines and objects on the surface to the excavations of the mine and any other principal workings of the mine.

6. Rise and dip of minerals. Each map of underground workings shall also show by profile drawing and measurement, the last one hundred fifty feet approaching the boundary lines, showing the rise and dip of the minerals.

7. Copies. The original or true copies of the maps shall be kept at the office of the mine, and true copies thereof shall also be furnished the state geologist within thirty days after the completion of the same.

8. Extensions. An accurate extension of the last preceding survey of every mine in active operation shall be made once in every twelve months prior to July 1 of every year and the result of such survey, with the date thereof, shall be promptly and accurately entered upon the original map, and a true, correct, and accurate copy of the extended map shall be forwarded to the state geologist so as to show all changes in plan of new work in the mine, and all extensions of the old workings to the most advanced face or boundary of the workings which have been made since the last preceding survey, and the parts of the mine abandoned or worked out after the last preceding survey shall be clearly indicated and shown by colorings, which copy must be delivered to the state geologist within thirty days after the last survey is made.

9. Abandoned mine. When any underground mine is worked out or is about to be abandoned or indefinitely closed, the operator of the same shall make or cause to be made a completed and extended map of the mine and the result of the same shall be duly extended on all maps of the mine and copies thereof so as to show all excavations and the most advanced workings of the mine, and their exact relation to the boundary or section lines on the surface, and deliver to the state geologist a copy of the completed map.

10. Copies furnished. The state geologist shall provide the division of soil conservation within the department of agriculture and land stewardship a copy of each map and map extension received by the geologist under this section.

305.13 Failure to furnish map.
When the operator of any mine neglects or refuses for a period of ninety days to furnish to the state geologist the map or plan, or a copy thereof, of such mine or any extension thereof, as provided in this chapter, the state geologist shall cause to be made an accurate map or plan of such mine or extension as the case may be, at the expense of the operator. The cost shall be paid by the state and recovered from such operator. It shall be the duty of the county attorney of the county in which such mine is located, at the request of the state geologist, to bring action in the name of the state for such recovery.

305.14 Maps property of state — custody — copies.
The maps so delivered to the state geologist shall be the property of the state and shall remain in the custody of the state geologist. They shall be kept at the office of the geological survey and be open to examination by all persons interested in the maps; but such examination shall only be made in the presence of the state geologist or a designee, and the state geologist shall not permit any copies of the maps to be made without the written consent of the operator or the owner of the property, except as provided in section 305.12 or if the mine has been abandoned for at least five years.

1 The state department of transportation in letting contracts for road construction shall take action to see that historical objects will not be needlessly destroyed if such destruction cannot be avoided and reasonable action shall be taken to obtain all information concerning such objects prior to destruction. If it should appear that the proposed construction will result in the destruction of historical objects and it is determined by the appropriate authority that such objects cannot be reasonably removed or otherwise preserved, consideration shall be given to possible alternate locations of the highway.

2 If during the course of construction, historical objects are encountered, the appropriate authority shall be notified immediately and steps taken to excavate and preserve the objects if practicable or if preservation is impracticable, to permit the appropriate authority to obtain and record data relative thereto.

3 Agreements may be entered into with the appropriate authority to pay from federal highway funds the reasonable cost of salvage work. Extra work orders may be issued to the contractor where necessary and extra work orders may be issued in cases within the meaning of "subsurface or lateral conditions" or "unknown physical conditions" where such terms are used in the standard contract forms. CHAPTER 305B
MUSEUM PROPERTY
Retroactive applicability see §305B 13

305B 1 Short title.
This chapter may be cited as the “Museum Property Act”. 88 Acts, ch 1117, §1

305B 2 Definitions.
As used in this chapter, unless the context requires otherwise:
1 “Museum” means an institution located in Iowa operated by a nonprofit corporation or a public agency, primarily for educational, scientific, historic preservation, or aesthetic purposes, which owns, borrows, cares for, exhibits, studies, archives, or catalogs property “Museum” includes, but is not limited to, historical societies, historic sites or landmarks, parks, monuments, and libraries.
2 “Loan” means a deposit of property not accompanied by a transfer of title to the property.
3 “Property” means a tangible object, animate or inanimate, under a museum’s care which has intrinsic historic, artistic, scientific, or cultural value.
4 “Undocumented property” means property in the possession of a museum for which the museum cannot determine by reference to the museum’s records the property’s owner.
5 “Lender” means a person whose name appears on the records of the museum as the person legally entitled to property held or owing by the museum.
6 “Lender’s address” means the most recent address as shown on the museum’s records pertaining to the property on loan from the lender.
7 “Claimant” means a person who files a notice of intent to preserve an interest in property on loan to a museum as provided in section 305B 8.
8 “Claimant’s address” means the most recent address as shown on a notice of intent to preserve an interest in property on loan to a museum, or notice of change of address, which notice is on file with the museum.
88 Acts, ch 1117, §2

305B 3 Basic notice requirement.
1 Contents. In addition to any other information prescribed for a particular notice, all notices given pursuant to this chapter shall contain the following information.
§305B.7 Acquiring title to undocumented property.

1. A museum may acquire title to undocumented property held by a museum for seven years or longer with no valid claim or written contact by any person, all verifiable through the museum's written records, by giving notice of acquisition of title to undocumented property

2. If a lender or claimant does not respond to the notice provided in subsection 1 within three years by
§305B.7, MUSEUM PROPERTY

filing a notice of intent to retain an interest in property on loan, the museum's title to the property becomes uncontestable under section 305B.9.

3. A notice of acquisition of title must include a statement containing substantially the following information:

"The records of (name of museum) fail to indicate the owner of record of certain property in its possession. The museum intends to acquire title to the below described property: (general description of the property). If you claim ownership or other legal interest in this property you must contact the institution, establish your ownership of the property pursuant to section 305B.8, and make arrangements to collect the property. If you fail to do so promptly, you will be considered to have waived any claim you may have had to the property."

88 Acts, ch 1117, §7

305B.8 Notice of intent to preserve an interest in property — requirements — form — disclosure.

1. A notice of intent to preserve an interest in property on loan to a museum filed pursuant to this chapter shall be in writing and contain all of the following information:

a. A description of the property adequate to enable the museum to identify the property.

b. Documentation sufficient to establish the claimant as owner of the property.

c. A statement attesting to the truth, to the best of the signer's knowledge, of all information included in or with the notice.

d. The signature, under penalty of perjury, of the claimant or a person authorized to act on behalf of the claimant.

2. The museum need not retain a notice which does not meet the requirements set forth in subsection 1. If, however, the museum does not intend to retain a notice for this reason, the museum shall promptly notify the claimant at the address given on the notice that the museum believes the notice is ineffective to preserve an interest, and the reasons for the insufficiency. The fact that a museum retains a notice under section 305B.12 does not mean that the museum accepts the sufficiency or accuracy of the notice or that the notice is effective to preserve an interest in property on loan to the museum.

3. The department of cultural affairs shall adopt by rule a form for notice of intent to preserve an interest in property on loan to a museum. The form shall satisfy the requirements of subsection 1 and shall notify the claimant of the rights and procedures to preserve an interest in museum property. The form shall also facilitate recordkeeping and record retrieval by a museum. At a minimum the form shall provide a place for recording evidence of receipt of a notice by a museum, including the date of receipt, signature of the person receiving the notice, and the date on which a copy of the receipt is returned to the claimant.

88 Acts, ch 1117, §8

305B.9 Limitations on actions against museums.

1. An action shall not be brought against a museum for damages because of injury to or loss of property loaned to the museum more than three years from the date the museum gives the lender or claimant notice of the injury or loss or ten years from the date of the injury or loss, whichever occurs earlier.

2. An action shall not be brought against a museum to recover property on loan more than one year from the date the museum gives the lender or claimant notice of its intent to terminate the loan or notice of acquisition of title to undocumented property.

3. An action shall not be brought against a museum to recover property on loan more than seven years from the date of the last written contact between the lender or claimant and the museum as evidenced by the museum's records.

4. A lender or claimant is considered to have donated loaned property to the museum if the lender fails to file an action to recover the property on loan to the museum within the periods specified in subsections 1 through 3.

5. A person who purchases property from a museum acquires good title to the property if the museum represents that it has acquired title to the property pursuant to subsection 4.

6. Notwithstanding subsections 3 and 4, a lender or claimant who was not given notice as provided in this chapter that the museum intended to terminate a loan, as provided in section 305B.6, and who proves that the museum received an adequate notice of intent to preserve an interest in loaned property, which satisfies all of the requirements of section 305B.8, within the seven years immediately preceding the filing of an action to recover the property, may recover the property or, if the property has been disposed of, the reasonable value of the property at the time it was disposed of plus interest at the legal rate.

7. A museum is not liable at any time, in the absence of a court order, for returning property to the original lender, even if a claimant other than the lender has filed a notice of intent to preserve an interest in property. If persons claim competing interests in property in the possession of a museum, the burden is upon the claimants to prove their interest in an action in equity initiated by a claimant. A museum is not liable at any time for returning property to an uncontested claimant who produced reasonable proof of ownership pursuant to section 305B.8.

88 Acts, ch 1117, §9

305B.10 Museum obligations.

In order to take title pursuant to this chapter a museum has the following obligations to a lender or claimant:

1. The museum shall retain all written records regarding the property for at least three years from the date of taking title pursuant to this chapter.
2. The museum shall keep written records on all loaned property acquired pursuant to section 305B.6. Records shall contain the following information:
   a. Lender’s name, address, and phone number.
   b. Claimant’s name, address, and phone number.
   c. The nature and terms of the loan.
   d. The beginning date of the loan period, if known.

3. A museum accepting a loan of property on or after January 1, 1989, shall inform the lender in writing at the time of the loan of the provisions of this chapter. A copy of the form notice prescribed in section 305B.8, or a citation to this chapter, is adequate for this purpose.

4. The museum is responsible for notifying a lender or claimant of the museum’s change of address or dissolution.

88 Acts, ch 1117, §10

305B.11 Required museum recordkeeping.

On or after January 1, 1989, a museum shall at minimum maintain and retain the following records, either originals or accurate copies, for a period of not less than twenty-five years:

1. A notice of intent to preserve an interest in property.
2. The loan agreement, if any, and a receipt or ledger for property on loan.
3. A receipt or ledger for property delivered to an owner or claimant.
4. Records containing the following information, as available, for property in the museum’s possession:
   a. Lender’s name, address, and phone number.
   b. Claimant’s name, address, and phone number.
   c. Donor’s name, address, and phone number.
   d. Seller’s name, address, and phone number.
   e. The nature and terms of the transaction (loan for specified term, loan for unspecified term, donation, purchase, etc.).
   f. The beginning date of the loan period or transaction date.

The department of cultural affairs may by rule determine the minimum form and substance of recordkeeping by museums with regard to museum property to implement this chapter.

88 Acts, ch 1117, §11

305B.12 Lender obligations to museum.

1. The lender or claimant of property on loan to a museum shall notify the museum of a change of address or change in ownership of the property. Failure to notify the museum of these changes may result in the lender’s or claimant’s loss of rights in the property.

2. The lender or claimant of property on loan to a museum may file with the museum a notice of intent to preserve an interest in the property as provided for in section 305B.8. The filing of a notice of intent to preserve an interest in property on loan to a museum does not validate or make enforceable any claim which would be extinguished under the terms of a written agreement, or which would otherwise be invalid or unenforceable.

88 Acts, ch 1117, §12

305B.13 Retroactive applicability.

1. Sections 305B.1 through 305B.8 are retroactively applicable to all property in the possession of a museum within the state on or after January 1, 1988.

2. Section 305B.9 is effective July 1, 1989, and when effective is retroactively applicable to all property in the possession of the museum before July 1, 1989, and is prospectively applicable to all property in the possession of the museum on or after July 1, 1989, for which a claim is filed on or after July 1, 1989.

1. Functional classification of roads and streets

The roads and streets of this state are classified into the following systems

a. The freeway expressway system
b. The arterial system
c. The arterial connector system
d. The trunk system
e. The trunk collector system
f. The area service system
g. The municipal arterial system
h. The municipal collector system
i. The municipal service system
j. The municipal residential alley system
k. The state park, state institution and other state land road system

l. The county conservation parkway system

2. Definitions of road and street systems

For the purpose of functionally classifying the roads and streets of this state, the following words and phrases relating to roads and streets shall have the following meanings

a. The freeway-expressway system shall consist of those roads connecting and serving the major urban and regional areas of the state with high volume, long distance traffic movements, and generally connecting with like roads of adjacent states. The national system of interstate and defense highways shall be a part of the freeway expressway system. The freeway-expressway system, including the national interstate and defense highway mileage, shall not exceed two thousand six hundred sixty miles.
b The arterial system shall consist of those roads which connect the freeway expressway system with the arterial connector system, or which serve long distance movements of traffic, or which serve as collectors of long distance traffic from other systems to the freeway expressway system. The arterial system shall not exceed three thousand five hundred miles.

c The arterial connector system shall consist of those roads providing service for short distance intra state and interstate traffic, or providing connections between highways classified as arterial or freeway expressway.

d. The trunk system shall consist of those intra county and intercounty roads which serve principal traffic generating areas, and connect such areas to other trunk roads and roads on the arterial or freeway expressway system. The trunk system shall not exceed twenty thousand miles. The trunk collector system and the trunk system shall constitute the farm to market road system of the state.

e. The trunk collector system shall consist of those roads providing service for short distance intra county and intercounty traffic, or providing connections between roads classified as trunk and area service. The trunk collector system shall not exceed twenty thousand miles. The trunk collector system and the area service system shall constitute the farm to market road system of the state.

f. The area service system shall include those public roads outside of municipalities not otherwise classified.
