[A portion of subsection 1 was inadvertently omitted in the 1993 Code]

125.2 Definitions.
For purposes of this chapter, unless the context clearly indicates otherwise:

4. “Chronic substance abuser” means a person who meets all of the following criteria:
   a. Habitually lacks self control as to the use of chemical substances to the extent that the person is likely to seriously endanger the person’s health, or to physically injure the person’s self or others, if allowed to remain at liberty without treatment.

   a. If a person claims an Iowa homestead, then the person's residence shall be in the county where that homestead is claimed, irrespective of any other factors.
   b. If paragraph “a” does not apply, and the person continuously has been provided or has maintained living quarters within any county of this state for a period of not less than one year, whether or not at the same location within that county, then the person's residence shall be in that county, irrespective of other factors. However, this paragraph shall not apply to unemancipated persons under eighteen years of age who are wards of this state.
   c. If paragraphs “a” and “b” do not apply, or, if the person is under eighteen years of age, is unemancipated, and is a ward of this state, then the person shall be unclassified with respect to county of residence, and payment of all costs shall be made by the department as provided in this chapter.

Four types of licenses may be issued by the department. A renewable license may be issued for one, two, or three years. A treatment program applying for its initial license may be issued a license for two hundred seventy days. A license issued for
two hundred seventy days shall not be renewed or extended.

2. The licensing requirements of this chapter do not apply to any of the following:
   a. A hospital providing care or treatment to substance abusers or chronic substance abusers licensed under chapter 135B which is accredited by the joint commission on the accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, the American osteopathic association, or another recognized organization approved by the commission. All survey reports from the accrediting or licensing body must be sent to the department.

125.14 Licenses — renewal — fees.

The commission shall meet to consider all cases involving initial issuance, and renewal, denial, suspension, or revocation of a license. The department shall issue a license to an applicant whom the commission determines meets the licensing requirements of this chapter. Licenses shall expire no later than three years from the date of issuance and shall be renewed upon timely application made in the same manner as for initial issuance of a license unless notice of nonrenewal is given to the licensee at least thirty days prior to the expiration of the license. The department shall not charge a fee for licensing or renewal of programs contracting with the department for provision of treatment services. A fee may be charged to other licensees.

125.14A Personnel of a licensed program admitting juveniles.

1. If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or with access to a child when the child is alone, by a program admitting juveniles subject to licensure under this chapter, or for a person will reside in a facility utilized by such a program, and if the person has been convicted of a crime or has a record of founded child abuse, the department of human services and the program, for an employee of the program, shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The department of human services shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services.

2. If the department of human services determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a program licensed under this chapter, or resides in a licensed facility the department shall notify the program that an evaluation will be conducted to determine whether prohibition of the person’s licensure, employment, or residence is warranted.

3. In an evaluation, the department of human services and the program for an employee of the
program shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. The department of human services may permit a person who is evaluated to be licensed, employed, or to reside, or to continue to be licensed, employed, or to reside in a program, if the person complies with the department’s conditions relating to the person’s licensure, employment, or residence, which may include completion of additional training. For an employee of a licensee, these conditional requirements shall be developed with the licensee. The department of human services has final authority in determining whether prohibition of the person’s licensure, employment, or residence is warranted and in developing any conditional requirements under this subsection.

4. If the department of human services determines that the person has committed a crime or has a record of founded child abuse which warrants prohibition of licensure, employment, or residence, the person shall not be licensed under this chapter to operate a program admitting juveniles and shall not be employed by a program or reside in a facility admitting juveniles licensed under this chapter.

5. In addition to the record checks required under this section, the department of human services may conduct dependent adult abuse record checks in this state and may conduct these checks in other states, on a random basis. The provisions of this section, relative to an evaluation following a determination that a person has been convicted of a crime or has a record of founded child abuse, shall also apply to a random check conducted under this subsection.

6. Beginning July 1, 1994, a program or facility shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

7. On or after July 1, 1994, a program or facility shall include the following inquiry in an application for employment: “Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?”

125.15A Licensure — emergencies.

1. The department may place an employee or agent to serve as a monitor in a licensed substance abuse treatment program or may petition the court for appointment of a receiver for a program when any of the following conditions exist:
   a. The program is operating without a license.
   b. The commission has suspended, revoked, or refused to renew the existing license of the program.
   c. The program is closing or has informed the department that it intends to close and adequate arrangements for the location of clients have not been made at least thirty days before the closing.
   d. The department determines that an emergency exists, whether or not it has initiated Revocation or nonrenewal procedures, and because of the unwillingness or inability of the licensee to remedy the emergency, the department determines that a monitor or receiver is necessary. As used in this paragraph, “emergency” means a threat to the health, safety, or welfare of a client that the program is unwilling or unable to correct.

2. The monitor shall observe operation of the program, assist the program with advice regarding compliance with state regulations, and report periodically to the department on the operation of the program.

125.16 Transfer of license or change of location prohibited.

A license issued under this chapter may not be transferred, and the location of the physical facilities occupied or utilized by any program licensed under this chapter shall not be changed without the prior written consent of the commission.

125.17 License suspension or revocation.

Violation of any of the requirements or restrictions of this chapter or of any of the rules properly established pursuant to this chapter is cause for suspension, revocation or refusal to renew a license. The director shall at the earliest time feasible notify a licensee whose license the commission is considering suspending or revoking and shall inform the licensee what changes must be made in the licensee’s operation to avoid such action. The
licensee shall be given a reasonable time for compliance, as determined by the director, after receiving such notice or a notice that the commission does not intend to renew the license. When the licensee believes compliance has been achieved, or if the licensee considers the proposed suspension, revocation or refusal to renew unjustified, the licensee may submit pertinent information to the commission who shall expeditiously make a decision in the matter and notify the licensee of the decision.

[C75, 77, §224B.18; C79, 81, §125.18]

125.18 Hearing before commission.
If a licensee under this chapter makes a written request for a hearing within thirty days of suspension, revocation or refusal to renew a license, a hearing before the commission shall be expeditiously arranged by the department of inspections and appeals whose decision is subject to review by the commission. If the role of a commission member is inconsistent with the member’s job role or function, or if any commission member feels unable for any reason to disinterestedly weigh the merits of the case before the commission, the member shall not participate in the hearing and shall not be entitled to vote on the case. The commission shall issue a written statement of its findings within thirty days after conclusion of the hearing upholding or reversing the proposed suspension, revocation or refusal to renew a license. Action involving suspension, revocation or refusal to renew a license shall not be taken by the commission unless a quorum is present at the meeting. A copy of the decision shall be promptly transmitted to the affected licensee who may, if aggrieved by the decision, seek judicial review of the actions of the commission in accordance with the terms of chapter 17A.

125.19 Reissuance or reinstatement.
After suspension, revocation or refusal to renew a license pursuant to this chapter, the affected licensee shall not have the license reissued or reinstated within one year of the effective date of the suspension, revocation or expiration upon refusal to renew, unless by order of the commission. After that time, proof of compliance with the requirements and restrictions of this chapter and the rules established pursuant to this chapter must be presented to the commission prior to reissuance or reinstatement of a license.

[C75, 77, §224B.20; C79, 81, §125.19]

125.20 Rules.
The department shall establish rules pursuant to chapter 17A requiring facilities to use reasonable accounting and reimbursement systems which recognize relevant cost-related factors for substance abuse patients. A facility shall not be licensed nor shall any payment be made under this chapter to a facility which fails to comply with those rules or which does not permit inspection by the department or examination of all records, including financial records, methods of administration, general and special dietary programs, the disbursement of drugs and methods of supply, and any other records the department deems relevant to the establishment of such a system. However, rules issued pursuant to this paragraph shall not apply to any facility referred to in section 125.13, subsection 2 or section 125.43.

The commission has exclusive power in this state to approve and license chemical substitutes and antagonists programs, and monitor chemical substitutes and antagonists programs to ensure that the programs are operating within the rules established pursuant to this chapter. The commission shall grant approval and license if the requirements of the rules are met and no state funding is requested. This section requires approval of chemical substitutes and antagonists programs conducted by persons exempt from the licensing requirements of this chapter by section 125.13, subsection 2.
The department may:
1. Provide advice, consultation, and technical assistance to chemical substitutes and antagonists programs.

2. The department shall adopt rules governing the approval of line item budgets for the operation of facilities. The rules shall include provisions for the approval of a facility’s budget by the department.

125.32 Acceptance for treatment — rules.
The department shall adopt and may amend and repeal rules for acceptance of persons into the treatment program, subject to chapter 17A, considering available treatment resources and facilities, for the purpose of early and effective treatment of substance abusers, chronic substance abusers, intoxicated persons, and concerned family members. In establishing the rules the department shall be guided by the following standards:
1. If possible a patient shall be treated on a voluntary rather than an involuntary basis.
2. A patient shall be initially assigned or transferred to outpatient treatment, unless the patient is found to require inpatient, residential, or halfway house treatment.
3. A person shall not be denied treatment solely because the person has withdrawn from treatment against medical advice on a prior occasion or because the person has relapsed after earlier treatment.
4. An individualized treatment plan shall be prepared and maintained on a current basis for each patient after the assessment process.
5. Provision shall be made for a continuum of co-ordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and may utilize other appropriate treatment.

125.33 Voluntary treatment of substance abusers.
1. A substance abuser or chronic substance abuser may apply for voluntary treatment or rehabilitation services directly to a facility or to a licensed physician and surgeon or osteopathic physician and surgeon. If the proposed patient is a minor or an incompetent person, a parent, a legal guardian or other legal representative may make the application. The licensed physician and surgeon or osteopathic physician and surgeon or any employee or person acting under the direction or supervision of the physician and surgeon or osteopathic physician and surgeon, or the facility shall not report or disclose the name of the person or the fact that treatment was requested or has been undertaken to any law enforcement officer or law enforcement agency; nor shall such information be admissible as evidence in any court, grand jury, or administrative proceeding unless authorized by the person seeking treatment. If the person seeking such treatment or rehabilitation is a minor who has personally made application for treatment, the fact that the minor sought treatment or rehabilitation or is receiving treatment or rehabilitation services shall not be reported or disclosed to the parents or legal guardian of such minor without the minor’s consent, and the minor may give legal consent to receive such treatment and rehabilitation.

2. Subject to rules adopted by the department, the administrator or the administrator’s designee in charge of a facility may determine who shall be admitted for treatment or rehabilitation. If a person is refused admission, the administrator or the administrator’s designee, subject to rules adopted by the department, shall refer the person to another facility for treatment if possible and appropriate.

3. A substance abuser or chronic substance abuser seeking treatment or rehabilitation and who is either addicted or dependent on a chemical substance may first be examined and evaluated by a licensed physician and surgeon or osteopathic physician and surgeon who may prescribe a proper course of treatment and medication, if needed. The licensed physician and surgeon or osteopathic physician and surgeon may further prescribe a course of treatment or rehabilitation and authorize another licensed physician and surgeon or osteopathic physician and surgeon or facility to provide the prescribed treatment or rehabilitation services. Treatment or rehabilitation services may be provided to a person individually or in a group. 1. An intoxicated person may come voluntarily to a facility for emergency treatment. A person who appears to be intoxicated or incapacitated by a chemical substance in a public place and in need of help may be taken to a facility by a peace officer under section 125.91. If the person refuses the proffered help, the person may be arrested and charged with intoxication under section 123.46, if applicable.

2. If no facility is readily available the person may be taken to an emergency medical service customarily used for incapacitated persons. The peace officer in detaining the person and in taking the person to a facility shall make every reasonable effort to protect the person's health and safety. In detaining the person the detaining officer may take reasonable steps for self-protection. Detaining a person under section 125.91 is not an arrest and no entry or other record shall be made to indicate that the person who is detained has been arrested or charged with a crime.

3. A person who arrives at a facility and voluntarily submits to examination shall be examined by a licensed physician as soon as possible after the person arrives at the facility. The person may then be admitted as a patient or referred to another health facility. The referring facility shall arrange for transportation.

4. If a person is voluntarily admitted to a facility, the person's family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, the request shall be respected.

5. A peace officer who acts in compliance with this section is acting in the course of the officer's official duty and is not criminally or civilly liable therefor, unless such acts constitute willful malice or abuse.

6. If the physician in charge of the facility determines it is for the patient's benefit, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment.

7. A licensed physician and surgeon or osteopathic physician and surgeon, facility administrator, or an employee or a person acting as or on behalf of the facility administrator, is not criminally or civilly liable for acts in conformity with this chapter, unless the acts constitute willful malice or abuse.

125.44 Agreements with facilities — liability for costs.
The director may, consistent with the comprehensive substance abuse program, enter into written agreements with a facility as defined in section 125.2 to pay for one hundred percent of the cost of the care, maintenance, and treatment of sub-
stance abusers and chronic substance abusers, except when section 125.43A applies. All payments for state patients shall be made in accordance with the limitations of this section. Such contracts shall be for a period of no more than one year.

The contract may be in the form and contain provisions as agreed upon by the parties. The contract shall provide that the facility shall admit and treat substance abusers and chronic substance abusers regardless of where they have residence. If one payment for care, maintenance, and treatment is not made by the patient or those legally liable for the patient, the payment shall be made by the department directly to the facility. Payments shall be made each month and shall be based upon the rate of payment for services negotiated between the department and the contracting facility.

If a facility projects a temporary cash flow deficit, the department may make cash advances at the beginning of each fiscal year to the facility. The repayment schedule for advances shall be part of the contract between the department and the facility. This section does not pertain to facilities that have a contract with the department voluntarily or pursuant to section 125.75, 125.81, or 125.91 or section 321J.3 or 124.409 only for the amount of the cost of providing care, maintenance, and treatment for the substance abuser or chronic substance abuser while a voluntary or committed patient in a facility. This section does not prohibit any individual from paying any portion of the cost of treatment.

The department is liable for the cost of care, treatment, and maintenance of substance abusers and chronic substance abusers admitted to the facility voluntarily or pursuant to section 125.75, 125.81, or 125.91 or section 321J.3 or 124.409 only to those facilities that have a contract with the department under this section, only for the amount computed according to and within the limits of liability prescribed by this section, and only when the substance abuser or chronic substance abuser is unable to pay the costs and there is no other person, firm, corporation, or insurance company bound to pay the costs.

The department’s maximum liability for the costs of care, treatment, and maintenance of substance abusers and chronic substance abusers in a contracting facility is limited to the total amount agreed upon by the parties and specified in the contract under this section.

2. To any program providing unnecessary, duplicative or overlapping services within the same geographical area, or
3. To any program which has adequate resources at its disposal.

§125.55 Audits. All licensed substance abuse programs are subject to annual audit either by the auditor of state or in lieu of the examination by the auditor of state the substance abuse program may contract with or employ certified public accountants to conduct the audit, in accordance with sections 11.6 and 11.19. The audit format shall be as prescribed by the auditor of state. The certified public accountant shall submit a copy of the audit to the director. A licensed substance abuse program is also subject to special audits as the director requests. The licensed substance abuse program or the department shall pay all expenses incurred by the auditor of state in conducting an audit under this section.
125.59 Transfer of certain revenue — county program funding.

The treasurer of state, on each July 1 for that fiscal year, shall transfer the estimated amounts to be received from section 123.36, subsection 9 and section 123.143, subsection 1 to the department.

1. Of these funds, notwithstanding section 125.13, subsection 1, one-half of the transferred amount shall be used for grants to counties operating a substance abuse program involving only education, prevention, referral or posttreatment services, either with the counties' own employees or by contract with a nonprofit corporation. The grants shall not annually exceed ten thousand dollars to any one county, subject to the following conditions:

a. The money shall be paid to the county after expenditure by the county and submission of the requirements in paragraph "b" on the basis of one dollar for each three dollars spent by the county. The county may submit a quarterly claim for reimbursement.

b. The county shall submit an accounting of the expenditures and shall submit an annual financial report, a description of the program, and the results obtained within sixty days after the end of the fiscal year in which the money is granted.

If the transferred amount for this subsection exceeds grant requests funded to the ten thousand dollar maximum, the Iowa department of public health may use the remainder to increase grants pursuant to subsection 2.

2. Of these funds, one-half of the transferred amount shall be used for prevention programs in addition to the amount budgeted for prevention programs by the department in the same fiscal year. The department shall use this additional prevention program money for grants to a county, person, or nonprofit agency operating a prevention program. A grant to a county, person, or nonprofit agency is subject to the following conditions:

a. The money shall be paid to the county, person, or nonprofit agency after submission of the requirements in paragraph "b" on the basis of two dollars for each dollar designated for prevention by the county, person, or nonprofit agency.

b. The county, person, or nonprofit agency shall submit a description of the program.

c. The county, person, or nonprofit agency shall submit an annual financial report and the results obtained before June 10 of the same fiscal year in which the money is granted.

The department may consider in-kind contributions received by a county, person, or nonprofit agency for matching purposes required in paragraph "a".

DIVISION V

IN VOLUNTARY COMMITMENT OR TREATMENT
OF CHRONIC SUBSTANCE ABUSERS

125.75 Involuntary commitment or treatment — application.
Proceedings for the involuntary commitment or treatment of a chronic substance abuser to a facility may be commenced by the county attorney or an interested person by filing a verified application with the clerk of the district court of the county where the respondent is presently located or which is the respondent’s place of residence. The clerk or the clerk’s designee shall assist the applicant in completing the application. The application shall:
1. State the applicant’s belief that the respondent is a chronic substance abuser.
2. State any other pertinent facts.
3. Be accompanied by one or more of the following:
a. A written statement of a licensed physician in support of the application.
b. One or more supporting affidavits corroborating the application.
c. Corroborative information obtained and reduced to writing by the clerk or the clerk’s designee, but only when circumstances make it infeasible to obtain, or when the clerk considers it appropriate to supplement, the information under either paragraph “a” or paragraph “b”.

125.75A Involuntary commitment or treatment of minors — jurisdiction.
The juvenile court has exclusive original jurisdiction in proceedings concerning a minor for whom an application for involuntary commitment or treatment is filed under section 125.75. In proceedings under this division concerning a minor’s involuntary commitment or treatment, the term “court”, “judge”, or “clerk” means the juvenile court, judge, or clerk.

98 Acts, ch 1181, §21

125.76 Appointment of counsel for applicant.
The applicant, if not the county attorney, may apply for the appointment of counsel if financially unable to employ an attorney to assist the applicant in presenting evidence in support of the application for commitment. If the applicant applies for the appointment of counsel, the application shall include the submission of a financial statement as required under section 815.9.

125.77 Service of notice.
Upon the filing of an application for involuntary commitment, the clerk shall docket the case and immediately notify a district court judge, a district associate judge, or magistrate who is admitted to the practice of law in this state, who shall review the application and accompanying documentation. The clerk shall send copies of the application and supporting documentation, together with the notice informing the respondent of the procedures required by this division, to the sheriff, for immediate service upon the respondent. If the respondent is taken into custody under section 125.81, service of the application, documentation, and notice upon the respondent shall be made at the time the respondent is taken into custody.

91 Acts, ch 108, §1

125.78 Procedure after application.
As soon as practical after the filing of an application for involuntary commitment or treatment, the court shall:
1. Determine whether the respondent has an attorney who is able and willing to represent the respondent in the commitment proceeding, and if not, whether the respondent is financially able to employ an attorney and capable of meaningfully assisting in selecting an attorney. In accordance with those determinations, the court shall allow the respondent to select an attorney or shall assign an attorney to the respondent. If the respondent is financially unable to pay an attorney, the county shall compensate the attorney at an hourly rate to be established by the county board of supervisors in substantially the same manner as provided in section 815.7.
2. If the application includes a request for a court-appointed attorney for the applicant and the court is satisfied that a court-appointed attorney is necessary to assist the applicant in a meaningful presentation of the evidence, and that the applicant is financially unable to employ an attorney, the court shall appoint an attorney to represent the applicant and the county shall compensate the attorney at an hourly rate to be established by the
county board of supervisors in substantially the same manner as provided in section 815.7.

3. Issue a written order:

a. Scheduling a tentative time and place for a hearing, subject to the findings of the report required under section 125.80, subsections 3 and 4, but not less than forty-eight hours after notice to the respondent, unless the respondent waives the forty-eight-hour notice requirement.

b. Requiring an examination of the respondent, prior to the hearing, by one or more licensed physicians who shall submit a written report of the examination to the court as required by section 125.80.

125.79 Respondent's attorney informed.
The court shall direct the clerk to furnish at once to the respondent's attorney, copies of the application for involuntary commitment of the respondent and the supporting documentation, and of the court's order issued pursuant to section 125.78, subsection 3. If the respondent is taken into custody under section 125.81, the attorney shall also be advised of that fact. The respondent's attorney shall represent the respondent at all stages of the proceedings and shall attend the commitment hearing.

125.80 Physician's examination — report — scheduling of hearing.

1. An examination of the respondent shall be conducted within a reasonable time and prior to the commitment hearing by one or more licensed physicians as required by the court's order. If the respondent is taken into custody under section 125.81, the examination shall be conducted within twenty-four hours after the respondent is taken into custody. If the respondent desires, the respondent may have a separate examination by a licensed physician of the respondent's own choice. The court shall notify the respondent of the right to choose a physician for a separate examination. The reasonable cost of the examinations shall be paid from county funds upon order of the court if the respondent lacks sufficient funds to pay the cost.

A licensed physician conducting an examination pursuant to this section may consult with or request the participation in the examination of facility personnel, and may include with or attach to the written report of the examination any findings or observations by facility personnel who have been consulted or have participated in the examination.

If the respondent is not taken into custody under section 125.81, but the court is subsequently informed that the respondent has declined to be examined by a licensed physician pursuant to the court order, the court may order limited detention of the respondent as necessary to facilitate the examination of the respondent by the licensed physician.

2. A written report of the examination by a court-designated physician shall be filed with the clerk prior to the hearing date. A written report of an examination by a physician chosen by the respondent may be similarly filed. The clerk shall immediately:

a. Cause a report to be shown to the judge who issued the order.

b. Cause the respondent's attorney to receive a copy of the report of a court-designated physician.

3. If the report of a court-designated physician is to the effect that the respondent is not a chronic substance abuser, the court, without taking further action, may terminate the proceeding and dismiss the application on its own motion and without notice.

4. If the report of a court-designated physician is to the effect that the respondent is a chronic substance abuser, the court shall schedule a commitment hearing as soon as possible. The hearing shall be held not more than forty-eight hours after the report is filed, excluding Saturdays, Sundays, and holidays, unless an extension for good cause is requested by the respondent, or as soon thereafter as possible if the court considers that sufficient grounds exist for delaying the hearing.

125.81 Immediate custody.

If a person filing an application requests that a respondent be taken into immediate custody, and the court upon reviewing the application and accompanying documentation, finds probable cause to believe that the respondent is a chronic substance abuser who is likely to injure the person or other persons if allowed to remain at liberty, the court may enter a written order directing that the respondent be taken into immediate custody by the sheriff, and be detained until the commitment hearing, which shall be held no more than five days after the date of the order, except that if the fifth day after the date of the order is a Saturday, Sunday, or a holiday, the hearing may be held on the next business day. The court may order the respondent detained for the period of time until the hearing is held, and no longer except as provided in section 125.88, in accordance with subsection 1 if possible, and if not, in accordance with subsection 2 or, only if neither of these alternatives is available in accordance with subsection 3. Detention may be:

1. In the custody of a relative, friend, or other suitable person who is willing and able to accept responsibility for supervision of the respondent,
with reasonable restrictions as the court may order including but not limited to restrictions on or a prohibition of any expenditure, encumbrance, or disposition of the respondent’s funds or property.

2. In a suitable hospital, the chief medical officer of which shall be informed of the reasons why immediate custody has been ordered. The hospital may provide treatment which is necessary to preserve the respondent’s life, or to appropriately control the respondent’s behavior which is likely to result in physical injury to the person or to others if allowed to continue, and other treatment as deemed appropriate by the chief medical officer.

3. In the nearest facility which is licensed to care for persons with mental illness or substance abuse, provided that detention in a jail or other facility intended for confinement of those accused or convicted of a crime shall not be ordered.

The respondent’s attorney may be allowed by the court to present evidence and arguments before the court’s determination under this section. If such an opportunity is not provided at that time, respondent’s attorney shall be allowed to present evidence and arguments after the issuance of the court’s order of confinement and while the respondent is confined.

125.82 Commitment hearing.

1. At a commitment hearing, evidence in support of the contentions made in the application shall be presented by the applicant, or by an attorney for the applicant, or by the county attorney if the county attorney is the applicant. During the hearing the applicant and the respondent shall be afforded an opportunity to testify and to present and cross-examine witnesses, and the court may receive the testimony of other interested persons. If the respondent is present at the hearing, as provided in subsection 3, and has been medicated within twelve hours, or a longer period of time as the court may designate, prior to the beginning of the hearing or a session of the hearing, the court shall be informed of that fact and of the probable effects of the medication upon convening of the hearing.

2. A person not necessary for the conduct of the hearing shall be excluded, except that the court may admit a person having a legitimate interest in the hearing. Upon motion of the applicant, the court may exclude the respondent from the hearing during the testimony of a witness if the court determines that the witness’ testimony is likely to cause the respondent severe emotional trauma.

3. The person who filed the application and a physician or professional who has examined the respondent in connection with the commitment hearing shall be present at the hearing, unless prior to the hearing the court for good cause finds that their presence is not necessary. The respondent shall be present at the hearing unless prior to the hearing the respondent’s attorney stipulates in writing that the attorney has conversed with the respondent, and that in the attorney’s judgment the respondent cannot make a meaningful contribution to the hearing, or that the respondent has waived the right to be present, and the basis for the attorney’s conclusions. A stipulation to the respondent’s absence shall be reviewed by the court before the hearing, and may be rejected if it appears that insufficient grounds are stated or that the respondent’s interests would not be served by the respondent’s absence.

4. The respondent’s welfare is paramount, and the hearing shall be tried as a civil matter and conducted in as informal a manner as is consistent with orderly procedure. Discovery as permitted under the Iowa rules of civil procedure is available to the respondent. The court shall receive all relevant and material evidence, but the court is not bound by the rules of evidence. A presumption in favor of the respondent exists, and the burden of evidence and support of the contentions made in the application shall be upon the person who filed the application. If upon completion of the hearing the court finds that the contention that the respondent is a chronic substance abuser has not been sustained by clear and convincing evidence, the court shall deny the application and terminate the proceeding.

5. If the respondent is not taken into custody under section 125.81, but the court finds good cause to believe that the respondent is about to depart from the jurisdiction of the court, the court may order limited detention of the respondent as authorized in section 125.81, as is necessary to ensure that the respondent will not depart from the jurisdiction of the court without the court’s approval until the proceeding relative to the respondent has been concluded.

125.83 Placement for evaluation.

If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, the court shall order the respondent placed at a facility or under the care of a suitable facility on an outpatient basis as expeditiously as possible for a complete evaluation and appropriate treatment. The court shall furnish to the facility at the time of admission or outpatient placement, a written statement of facts setting forth the evidence on which the finding is based. The administrator of the facility shall report to the court no more than fifteen days after the individual is admitted to or placed under the care of the facility, which shall include the chief medical officer’s recommendation.
concerning substance abuse treatment. An extension of time may be granted for a period not to exceed seven days upon a showing of good cause. A copy of the report shall be sent to the respondent’s attorney who may contest the need for an extension of time if one is requested. If the request is contested, the court shall make an inquiry as it deems appropriate and may either order the respondent released from the facility or grant extension of time for further evaluation. If the administrator fails to report to the court within fifteen days after the individual is admitted to the facility, and no extension of time has been requested, the administrator is guilty of contempt and shall be punished under chapter 665. The court shall order a rehearing on the application to determine whether the respondent should continue to be held at the facility.

125.83A Placement in certain federal facilities.
1. If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, and the court is furnished evidence that the respondent is in need of treatment, but does not appear to benefit from treatment in a facility operated by the veterans administration or another agency of the United States government and that the facility is willing to receive the respondent, the court may so order. The respondent, when so placed in a facility operated by the veterans administration or another agency of the United States government within or outside of this state, shall be subject to the rules of the veterans administration or other agency, but shall not lose any procedural rights afforded the respondent by this chapter. The chief officer of the facility shall have, with respect to the respondent so placed, the same powers and duties as the chief medical officer of a hospital in this state would have in regard to submission of reports to the court, retention of custody, transfer, convalescent leave, or discharge. Jurisdiction is retained in the court to maintain surveillance of the respondent’s treatment and care, and at any time to inquire into the respondent’s condition and the need for continued care and custody.

2. Upon receipt of a certificate stating that a respondent placed under this chapter is eligible for care and treatment in a facility operated by the veterans administration or another agency of the United States government which is willing to receive the respondent without charge to the state of Iowa or any county in the state, the chief medical officer may transfer the respondent to that facility. Upon so doing, the chief medical officer shall notify the court which ordered the respondent’s placement in the same manner as would be required in the case of a transfer under section 125.86, subsection 2, and the respondent transferred shall be entitled to the same rights as the respondent would have under that subsection. No respondent shall be transferred under this section who is confined pursuant to conviction of a public offense or whose placement was ordered upon contention of incompetence to stand trial by reason of mental illness, without prior approval of the court which ordered that respondent’s placement.

3. A judgment or order of commitment by a court of competent jurisdiction of another state or the District of Columbia, under which any person is hospitalized or placed in a facility operated by the veterans administration or another agency of the United States government, shall have the same force and effect with respect to that person while the person is in this state as the judgment or order would have if the person were in the jurisdiction of the court which issued it. That court shall be deemed to have retained jurisdiction of the person so placed for the purpose of inquiring into that person’s condition and the need for continued care and custody, as do courts in this state under this section. Consent is given to the application of the law of the state or district in which the court is situated which issued the judgment or order as regards authority of the chief officer of any facility, operated in this state by the veterans administration or another agency of the United States government, to retain custody, transfer, place on convalescent leave, or discharge the person so committed.

125.84 Evaluation report.
The facility administrator’s report to the court of the chief medical officer’s substance abuse evaluation of the respondent shall be made no later than the expiration of the time specified in section 125.83. At least two copies of the report shall be filed with the clerk, who shall distribute the copies in the manner described by section 125.80, subsection 2. The report shall state one of the four following alternative findings:

1. That the respondent does not, as of the date of the report, require further treatment for substance abuse. If the report so states, the court shall order the respondent’s immediate release from involuntary commitment and terminate the proceedings.

2. That the respondent is a chronic substance abuser who is in need of full-time custody, care, and treatment in a facility, and is considered likely to benefit from treatment. If the report so states, the court shall enter an order which may require the respondent’s continued placement and commitment to a facility for appropriate treatment.

3. That the respondent is a chronic substance abuser who is in need of treatment, but does not require full-time placement in a facility. If the re-

125.85 Custody, discharge, and termination of proceeding.

1. A respondent committed under section 125.84, subsection 2, shall remain in the custody of a facility for treatment for a period of thirty days, unless sooner discharged. The department is not required to pay the cost of any medication or procedure provided to the respondent during that period which is not necessary or appropriate to the specific objectives of detoxification and treatment of substance abuse. At the end of the thirty-day period, the respondent shall be discharged automatically unless the administrator of the facility, before expiration of the period, obtains a court order for the respondent’s recommitment pursuant to an application under section 125.75, for a further period not to exceed ninety days.

2. A respondent recommitted under subsection 1 who has not been discharged by the facility before the end of the ninety-day period shall be discharged at the expiration of that period unless the administrator of the facility, before expiration of the period, obtains a court order for the respondent’s recommitment pursuant to an application under section 125.75, for a further period not to exceed ninety days.

3. Upon the filing of an application for recommitment under subsection 1 or 2, the court shall schedule a recommitment hearing for no later than ten days after the date the application is filed. A copy of the application, the notice of hearing, and any reports shall be served or provided in the manner and to the persons as required by sections 125.77 to 125.80, 125.83 and 125.84.

4. Following a respondent’s discharge from a facility or from treatment, the administrator of the facility shall immediately report that fact to the court which ordered the respondent’s commitment or treatment. The court shall issue an order confirming the respondent’s discharge from the facility or from treatment, as the case may be, and shall terminate the proceedings pursuant to which the order was issued. Copies of the order shall be sent by regular mail to the facility and the respondent.

5. A person who is placed for evaluation at a facility under section 125.83 or who is committed to a facility under section 125.84, subsection 2, shall remain at that facility unless discharged or otherwise permitted to leave by the court or administrator of the facility. If a person placed at a facility or committed to a facility leaves the facility without permission or without having been discharged, the administrator may notify the sheriff of the person’s absence and the sheriff shall take the person into custody and return the person promptly to the facility.

§125.86 Periodic reports required.

1. No more than thirty days after entry of a court order for commitment to a facility under section 125.84, subsection 2, and thereafter at successive intervals not to exceed ninety days for as long as involuntary commitment of the respondent continues, the administrator of the facility shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer the respondent’s condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will be required to remain at the facility.

2. No more than sixty days after entry of a court order for treatment of a respondent under section 125.84, subsection 3, and thereafter at successive intervals not to exceed ninety days for as long as involuntary treatment continues, the administrator of the facility shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer the respondent’s condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will require treatment by the facility. If the respondent fails or refuses to submit to treatment as ordered by the court, the administra-
tor of the facility shall at once notify the court, which shall order the respondent committed for treatment as provided by section 125.84, subsection 3, unless the court finds that the failure or refusal was with good cause, and that the respondent is willing to receive treatment as provided in the court's order, or in a revised order if the court sees fit to enter one. If the administrator of the facility reports to the court that the respondent requires full-time custody, care, and treatment in a facility, and the respondent is willing to be admitted voluntarily to the facility for these purposes, the court may enter an order approving the placement upon consultation with the administrator of the facility in which the respondent is to be placed. If the respondent is unwilling to be admitted voluntarily to the facility, the procedure for determining involuntary commitment, as provided in section 125.84, subsection 3, shall be followed.

[82 Acts, ch 1212, §14]

### 125.87 Status during appeal.

If a respondent appeals to the supreme court from a lower court's finding that commitment is warranted, the respondent shall be committed if already in custody, pursuant to an order of immediate custody under section 125.81 or pursuant to an order for evaluation and treatment under section 125.83, before notice of appeal was filed, unless the supreme court orders otherwise.

[82 Acts, ch 1212, §15]

### 125.88 Status if commitment delayed.

If a court directs a respondent who was previously ordered taken into immediate custody under section 125.81 to be placed at a facility for evaluation and appropriate treatment under section 125.83, and no suitable facility can immediately admit the respondent, the respondent shall remain in custody as previously ordered by the court, notwithstanding the time limits stated in section 125.81, until a suitable facility can admit the respondent. The court shall take appropriate steps to expedite the admission of the respondent to a suitable facility at the earliest feasible time.

[82 Acts, ch 1212, §16]

### 125.89 Respondents charged with or convicted of crime.

1. If a court orders a respondent placed at a facility for evaluation and treatment under section 125.83 at a time when the respondent has been convicted of a public offense, or when there is pending against the respondent an unresolved formal charge of a public offense, and the respondent's liberty has therefore been restricted in any manner, the findings of fact required by section 125.83 shall clearly so inform the administrator of the facility where the respondent is placed.

2. The commitment powers of the court under section 124.409 supersede the procedures and requirements of this division.

[82 Acts, ch 1212, §17]

### 125.90 Judicial hospitalization referee.

Judicial hospitalization referees shall be utilized as provided in section 229.21 for performing the duties of the court prescribed by this division.

[C79, 81, §229.51(3); 82 Acts, ch 1212, §18]

### 125.91 Emergency detention.

1. The procedure prescribed by this section shall only be used for an intoxicated person who has threatened, attempted, or inflicted physical self-harm or harm on another, and is likely to inflict physical self-harm or harm on another unless immediately detained, or who is incapacitated by a chemical substance, if that person cannot be taken into immediate custody under sections 125.75 and 125.81 because immediate access to the court is not possible.

2. A peace officer who has reasonable grounds to believe that the circumstances described in subsection 1 are applicable, may, without a warrant, take or cause that person to be taken to the nearest available facility referred to in section 125.81, subsection 2 or 3. Such an intoxicated or incapacitated person may also be delivered to a facility by someone other than a peace officer upon a showing of reasonable grounds. Upon delivery of the person to a facility under this section, the chief medical officer may order treatment of the person, but only to the extent necessary to preserve the person's life or to appropriately control the person's behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue. The peace officer or other person who delivered the person to the facility shall describe the circumstances of the matter to the administrator. If the administrator in consultation with the chief medical officer has reasonable grounds to believe that the circumstances in subsection 1 are applicable, the administrator shall at once communicate with the nearest available magistrate as defined in section 801.4, subsection 10. The magistrate shall immediately proceed to the facility where the person is detained, except that if the administrator's communication with the magistrate occurs between the hours of midnight and seven a.m. and the magistrate deems it appropriate under the circumstances described by the administrator, the magistrate may delay going to the facility, and in that case, shall give the administrator verbal instructions either directing that the person be released forthwith, or authorizing the person's continued detention at the facility. In the latter case, the magistrate shall:

a. Arrive at the facility where the person is being detained as soon as possible and no later than twelve o'clock noon of the same day on which the administrator's communication occurred.

b. By the close of business on the next working
§125.91, CHEMICAL SUBSTANCE ABUSE

3. Upon arrival at the facility, the magistrate shall at once review the validity of the detention. Unless convinced upon initial inquiry that there are no grounds for further detention of the person, the magistrate shall ensure that the person has or is provided legal counsel at the earliest practical time in the manner prescribed by section 125.78, subsection 1, and shall arrange for the counsel to be present, if practical, before proceeding further under this subsection. The magistrate shall immediately notify counsel of the respondent's emergency detention. Counsel shall be afforded an opportunity to visit the respondent and to make appropriate preparations before or after the magistrate's order is issued. If the magistrate finds, upon review of the information presented by the administrator under subsection 2 and of other information or evidence the magistrate deems relevant, that there is probable cause to believe that the circumstances described in subsection 1 are applicable, the magistrate shall enter a written order detaining the person at the facility, or, if the facility where the person is at the time is not an appropriate facility, detaining and transporting the person to an appropriate facility. The magistrate's order shall state the circumstances under which the person was detained or otherwise delivered to a facility, and the grounds supporting the finding of probable cause to believe that person is a chronic substance abuser likely to physically injure the person or others if not detained. The order shall be filed with the clerk in the county where it is anticipated that an application will be filed under section 125.75, and a certified copy of the order shall be delivered to the administrator of the facility where the person is detained, at the earliest practical time.

4. The chief medical officer of the facility shall examine and may detain the person pursuant to the magistrate's order for a period not to exceed forty-eight hours from the time the order is dated, except Saturdays, Sundays, and holidays, unless the order is dismissed by a magistrate. The facility may provide treatment which is necessary to preserve the person's life or to appropriately control the person's behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue or is otherwise deemed medically necessary by the chief medical officer, but shall not otherwise provide treatment to the person without the person's consent. The person shall be discharged from the facility and released from detention no later than the expiration of the forty-eight-hour period, unless an application for involuntary commitment is filed with the clerk pursuant to section 125.75. The detention of a person by the procedure in this section, and not in excess of the period of time prescribed by this section, shall not render the peace officer, physician, or facility detaining the person liable in a criminal or civil action for false arrest or false imprisonment if the peace officer, physician, or facility had reasonable grounds to believe that the circumstances described in subsection 1 were applicable.

5. The cost of detention in a facility under the procedure prescribed in this section shall be paid in the same way as if the person had been committed to the facility pursuant to an application filed under section 125.75. 2. A person is not subject to the penalties of subsection 1 if the person establishes a guaranty or undertaking signed by, and containing the name and address of another person residing in this state from whom the person received the article in good faith, to the effect that the article is not adulterated or misbranded.

3. A publisher, radio-broadcast licensee, or agency or medium which disseminates false advertising, except the manufacturer, packer, distributor, or seller of the article to which false advertising relates, is not liable under this section for the dissemination of the false advertising, unless the person knew or believed that the advertising was deceptive, false, or misleading or the person has refused upon the request of the board to furnish the board the name and address, if known, of the manufacturer, packer, distributor, seller, or advertising agency which caused the person to disseminate the advertisement.

5. A violation of this chapter is a violation of section 714.16, subsection 2, paragraph “a”.

§126.6 Embargo.

1. If a duly authorized agent of the board finds, or has probable cause to believe, that a drug, device, or cosmetic is adulterated or so misbranded as to be dangerous or fraudulent, within the meaning of this chapter, or is in violation of section 126.12, the agent shall affix to the article a tag or other appropriate marking, giving notice that the article is, or is suspected of being, adulterated or misbranded and has been detained or embargoed, and warning all persons not to remove or dispose of the article by sale or otherwise until permission for removal or disposal is given by an authorized agent or the court. It is unlawful for a person to remove or dispose of the detained or embargoed article by sale or otherwise without such permission.

2. When an article is adulterated or misbranded or is in violation of section 126.12 and has been detained or embargoed, a petition may be filed with the district court in whose jurisdiction the article is located, detained, or embargoed for an order for condemnation of the article. If a duly authorized agent has found that an article which is embargoed or detained is not adulterated or misbranded, the agent shall remove the tag or other marking.

3. If the court finds that a sampled, detained, or embargoed article is adulterated or misbranded, the article shall be destroyed at the expense of the claimant of the article, under the supervision of the agent, and all court costs and fees, and storage and other proper expenses, shall be taxed against the claimant of the article or the claimant’s agent; but if the adulteration or misbranding can be corrected by proper labeling or processing of the article, the court, after entry of the decree and after costs, fees, storage, and other expenses have been paid and a good and sufficient bond, conditioned that the article shall be so labeled or processed, has been executed, may by order direct that the article be delivered to the claimant for such labeling or processing under the supervision of a duly authorized agent of the board. The expense of supervision shall be paid by the claimant. The article shall be returned to the
claimant and the bond shall be discharged on the representation to the court by the board that the article is no longer in violation of this chapter, and that the expenses of supervision have been paid.

Before a violation of this chapter is reported to any such attorney for the institution of a criminal proceeding, the person against whom the proceeding is contemplated shall be given appropriate notice and an opportunity to present the person's views before the board or its agent, either orally or in writing, in person or by attorney, with regard to the contemplated proceeding. 126.9 Drugs and devices — adulteration.
A drug or device is adulterated under any of the following circumstances:
1. a. If it consists in whole or in part of any filthy, putrid, or decomposed substance.
   b. If it has been produced, prepared, packed, or held under insanitary conditions whereby it may have been contaminated with filth, or whereby it may have been rendered injurious to health.
   c. If it is a drug and the methods used in, or the facilities or controls used for its manufacture, processing, packing, or holding do not conform to or are not operated or administered in conformity with current good manufacturing practice to assure that the drug meets the requirements of this chapter as to safety and has the identity and strength, and meets the quality and purity characteristics, which it purports or is represented to possess.
   d. If its container is composed, in whole or part, of any poisonous or deleterious substance which may render the contents injurious to health.
2. If it purports to be or is represented as a drug, the name of which is recognized in an official compendium, and its strength differs from, or its quality or purity falls below, the standards set forth in the official compendium. A determination as to strength, quality, or purity shall be made in accordance with the tests or methods of assay set forth in the official compendium, or in the absence of or inadequacy of such tests or methods of assay, those prescribed under authority of the federal Act. A drug defined in an official compendium is not adulterated under this subsection because it differs from the standard of strength, quality, or purity set forth in the official compendium, if its difference in strength, quality, or purity from such standards is plainly stated on its label. If a drug is recognized in both the United States Pharmacopoeia National Formulary and the Homeopathic Pharmacopoeia of the United States it is subject to the United States Pharmacopoeia National Formulary unless it is labeled and offered for sale as a homeopathic drug, in which case it is subject to the Homeopathic Pharmacopoeia of the United States and not to the United States Pharmacopoeia National Formulary.
3. If it is not subject to subsection 2 and its strength differs from, or its purity or quality falls below, that which it purports or is represented to possess.
4. If it is a drug and any substance has been mixed or packed with it so as to reduce its quality or strength, or any substance has been substituted for it wholly or in part.
5. If it is, or purports to be or is represented as, a device which is subject to a performance standard established under section 514 of the federal Act, unless the device is in all respects in conformity with such standard.
6. If it is a device banned by the board or by the United States food and drug administration.
7. If it is a device and the methods used in, or the facilities or controls used for its manufacture, packing, storage, or installation are not in conformity with applicable requirements under section 520(f)(1) of the federal Act or an applicable condition as prescribed by an order under section 520(f)(2) of the federal Act.
8. If it is a device for which an exemption has been granted under section 520(g) of the federal Act for investigational use and the person who was granted the exemption or any investigator who uses the device under the exemption fails to comply with a requirement prescribed by or under that section.

89 Acts, ch 197, §9
CS89, §203B.9
C93, §126.9
§126.10 Drugs and devices — misbranding — labeling.

A drug or device is misbranded under any of the following circumstances:

1. If its labeling is false or misleading in any particular.
2. If in a package form unless it bears a label containing both of the following:
   a. The name and place of business of the manufacturer, packer, or distributor.
   b. An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count.

However, under paragraph "a" reasonable variations shall be permitted, and exemptions as to small packages shall be allowed, in accordance with rules adopted by the board.

3. If any word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices, in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

4. If it is for use by humans and contains any quantity of the narcotic or hypnotic substance alphaleucaine, barbituric acid, beta-eucaine, bromal, cannabial, carbromal, chloral, cocoa, codeine, heroin, marijuana, morphine, opium, paraldehyde, peyote, or sulphonmethane; or any chemical derivative of such a substance, which derivative, after investigation, has been designated as habit forming, by rules adopted by the board shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.

5. a. If it is a drug, unless both of the following apply:
   (1) Its label bears, to the exclusion of any other nonproprietary name except the applicable systematic chemical name or the chemical formula:
      (a) The established name of the drug, as specified in paragraph "c", if such exists; and
      (b) If the drug is fabricated from two or more ingredients, the established name and quantity of each active ingredient, including the quantity, kind, and proportion of any alcohol, and also including, whether active or not, the established name and quantity or proportion of any bromides, ether, chloroform, acetalaldehyde, octophenethetin, amidopyrine, antipyrine, atropine, hyoscine, hyoscynamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances, contained therein. However, the requirement for stating the quantity of the active ingredients, other than the quantity of those specifically named in this subparagraph subdivision, applies only to prescription drugs.
   (2) For a prescription drug, the established name of the prescription drug or of an ingredient is printed, on the label and on any labeling on which a name for the prescription drug or an ingredient is used, prominently and in type at least half as large as that used thereon for any proprietary name or designation for the prescription drug or ingredient. However, to the extent that compliance with subparagraph (1), subparagraph subdivision (b) or this subparagraph is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.

b. If it is a device and it has an established name, unless its label bears, to the exclusion of any other nonproprietary name, its established name, as defined in paragraph "d", prominently printed in type at least half as large as that used thereon for any proprietary name or designation for the device, except that to the extent compliance with this paragraph is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.

c. As used in paragraph "a", the term "established name", with respect to a drug or ingredient thereof, means one of the following:
   (1) The applicable official name designated pursuant to section 508 of the federal Act.
   (2) If no such official name exists and the drug or ingredient is an article recognized in an official compendium, then its official title in the compendium.
   (3) If neither subparagraph (1) nor (2) applies, then the common or usual name, if any, of the drug or ingredient. However, if subparagraph (2) applies to an article recognized in the United States Pharmacopoeia National Formulary and in the Homeopathic Pharmacopoeia of the United States under different official titles, the official title used in the United States Pharmacopoeia National Formulary applies unless it is labeled and offered for sale as a homeopathic drug, in which case the official title used in the Homeopathic Pharmacopoeia of the United States applies.

As used in paragraph "b", the term "established name" with respect to a device means one of the following:

   (1) The applicable official name of the device pursuant to section 508 of the federal Act.
   (2) If no such official name exists and the device is an article recognized in an official compendium, then its official title in the compendium.
   (3) If neither subparagraph (1) nor (2) applies, then any common or usual name of the device.

6. Unless its labeling bears both of the following:
   a. Adequate directions for use.
b. Adequate warnings against use in those pathological conditions, or by children, where its use may be dangerous to health, or against unsafe dosage or methods or durations of administration or application, in the manner and form necessary for the protection of users.

However, if a requirement of paragraph "a", as applied to a drug or device, is not necessary for the protection of the public health, the board or the secretary shall adopt rules or regulations exempting the drug or device from that requirement.

7. If it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed in the official compendium. However, the method of packaging may be modified with the consent of the board or the secretary. If a drug is recognized in both the United States Pharmacopoeia National Formulary and the Homeopathic Pharmacopoeia of the United States, it is subject to the requirements of the United States Pharmacopoeia National Formulary with respect to packaging and labeling unless it is labeled and offered for sale as a homeopathic drug, in which case it is subject to the Homeopathic Pharmacopoeia of the United States, and not to the United States Pharmacopoeia National Formulary. However, if an inconsistency exists between this subsection and subsection 5 as to the name by which the drug or its ingredients shall be designated, subsection 5 prevails.

8. If it has been found by the board or the secretary to be a drug liable to deterioration, unless it is packaged in the form and manner, and its label bears a statement of the precautions that the board or the secretary by rule or regulation requires as necessary for the protection of public health. Such a rule or regulation shall not be established for a drug recognized in an official compendium until the board or the secretary has informed the appropriate body charged with the revision of the official compendium of the need for such packaging or labeling requirements and that body has failed within a reasonable time to prescribe such requirements.

9. a. If it is a drug and its container is so made, formed, or filled as to be misleading.
   b. If it is an imitation of another drug.
   c. If it is offered for sale under the name of another drug.

10. If it is dangerous to health when used in the dosage or manner, or with the frequency or duration prescribed, recommended, or suggested in its labeling.

11. If it is, or purports to be, or is represented as a drug composed wholly or partly of insulin, unless both of the following apply:
   a. It is from a batch with respect to which a certificate or release has been issued pursuant to section 506 of the federal Act.
   b. The certificate or release is in effect with respect to the drug.

12. If it is, or purports to be, or is represented as a drug, composed wholly or partly of any kind of penicillin, streptomycin, chlorotetracycline, chloramphenicol, bacitracin, or any other antibiotic drug, or any derivative thereof, unless both of the following apply:
   a. It is from a batch with respect to which a certificate or release has been issued pursuant to section 507 of the federal Act.
   b. The certificate or release is in effect with respect to the drug.

However, this subsection does not apply to any drug or class of drugs exempted by regulations adopted under section 507(c) or 507(d) of the federal Act.

13. If it is a color additive, the intended use of which is for the purpose of coloring only, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to that color additive, as contained in regulations adopted under section 706 of the federal Act.

14. If it is a prescription drug distributed or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued or caused to be issued by the manufacturer, packer, or distributor with respect to the prescription drug a true statement of all of the following:
   a. The established name as defined in subsection 5, printed prominently and in type at least half as large as that used for any trade or brand name thereof.
   b. The formula showing quantitatively each ingredient of the prescription drug to the extent required for labels under subsection 5.
   c. Other information in brief summary relating to side effects, contraindications, and effectiveness as required in regulations adopted pursuant to section 701(e) of the federal Act.

15. If it was manufactured, prepared, propagated, compounded, or processed in an establishment in this state not duly registered under section 510 of the federal Act, if it was not included on a list required by section 510(j) of the federal Act, if a notice or other information respecting it was not provided as required by that section or section 510(k) of the federal Act, or if it does not bear the symbols from the uniform system for identification of devices prescribed under section 510(e) of the federal Act that are required by regulation.

16. If it is a drug and its packaging or labeling is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. § 1471 et seq.

17. If a trademark, trade name, other identifying mark, imprint, or device of another trademark, trade name, mark, or imprint or any likeness of the foregoing has been placed thereon or upon its container with intent to defraud.

b. It is sold, distributed, or used in violation of regulations adopted pursuant to section 520(e) of the federal Act.

   a. A true statement of the device’s established name as defined in subsection 5, printed prominently and in type at least half as large as that used for any trade or brand name thereof.

   b. A brief statement of the intended uses of the device and relevant warnings, precautions, side effects, and contraindications; and in the case of a specific device made subject to regulations adopted pursuant to the federal Act, a full description of the components of the device or the formula showing quantitatively each ingredient of the device to the extent required in regulations under the federal Act.

If an article is alleged to be misbranded because the labeling or advertising is misleading, then in determining whether the labeling or advertising is misleading, there shall be taken into account, among other things, not only representations made or suggested by statement, word, design, device, or any combination thereof, but also the extent to which the labeling or advertising fails to reveal facts material in the light of such representations, or material with respect to consequences which may result from the use of the article to which the labeling or advertising relates, under the conditions of use prescribed in the labeling or advertising or under customary or usual conditions of use.

The representation of a drug, in its labeling, as an antiseptic shall be considered to be a representation that it is a germicide, except in the case of a drug purporting to be, or represented as, an antiseptic for inhibitory use as a wet dressing, ointment, dusting powder, or such other use as involves prolonged contact with the body.

126.11 Exemptions in cases of drugs and devices — dispensing by prescription only.

1. The board shall adopt rules exempting from any labeling or packaging requirement of this chapter drugs and devices which are, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at establishments other than those where originally processed or packaged, on condition that such drugs and devices are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment.

2. Drug and device labeling or packaging exemptions adopted pursuant to the federal Act shall apply to drugs and devices in this state except insofar as modified or rejected by rules adopted by the board.

3. a. This lettered paragraph applies to a drug intended for use by humans which is any of the following:

   (1) Is a habit-forming drug to which section 126.10, subsection 4 applies.

   (2) Because of its toxicity or other potentiality for harmful effect, or the method of its use, or the collateral measures necessary to its use, is not safe for use except under the supervision of a practitioner licensed by law to administer the drug.

   (3) Is limited by an approved application under section 505 of the federal Act to use under the professional supervision of a practitioner licensed by law to administer the drug.

Such a drug shall be dispensed only upon a written prescription of a practitioner licensed by law to administer the drug, or upon an oral prescription of such a practitioner which is reduced promptly to writing and filed by the pharmacist, or by refilling any such written or oral prescription if the refilling is authorized by the prescriber either in the original prescription or by oral order which is reduced promptly to writing and filed by the pharmacist. The act of dispensing a drug contrary to this paragraph while the drug is held for sale results in the drug being misbranded.

b. A drug dispensed by filling or refilling a written or oral prescription of a practitioner licensed by law to administer the drug is exempt from section 126.10, except subsection 1, subsection 9, paragraphs “b” and “c”, and subsections 11 and 12, and the packaging requirements of subsections 7, 8, and 16, if the drug bears a label containing the name and address of the dispenser, the date of the prescription or of its filling, the name of the prescriber, and, if stated in the prescription, the name of the patient, and the directions for use and cautionary statements, if any, contained in the prescription. This exemption does not apply to a drug dispensed in the course of the conduct of the business of dispensing drugs pursuant to diagnosis by mail, or to a drug dispensed in violation of
paragraph “a” of this subsection.

c. The board may, by rule, remove a drug subject to section 126.10, subsection 4, and section 505 of the federal Act from the requirements of paragraph “a” of this subsection when such requirements are not necessary for the protection of the public health.

d. A drug which is subject to paragraph “a” of this subsection is misbranded if, at any time prior to dispensing, its label fails to bear the statement: “Caution: Federal Law Prohibits Dispensing Without Prescription”, or “Caution: State Law Prohibits Dispensing Without Prescription”. A drug to which paragraph “a” of this subsection does not apply is misbranded if, at any time prior to dispensing, its label bears the caution statement quoted in the preceding sentence.

e. Prescription drug samples dispensed by a practitioner licensed by law to administer such drugs are exempt from section 126.10.

126.12 New drugs.

1. A person shall not sell, deliver, offer for sale, hold for sale, or give away a new drug unless both of the following apply:

b. A copy of the letter of approval or approvability issued by the United States food and drug administration is on file with the secretary of the board, if the product is manufactured in this state.

2. A person shall not use in humans a new drug limited to investigational use unless the person has filed with the United States food and drug administration a completed and signed “Notice of Claimed Investigational Exemption for a New Drug” form in accordance with 21 C.F.R. § 312.1 and the exemption has not been terminated. The drug shall be plainly labeled in compliance with section 505(i) or 507(d) of the federal Act.

3. This section does not apply to either of the following:

a. A drug which is not a new drug as defined in the federal Act.

b. A drug which is licensed under the federal Public Health Service Act of July 1, 1944, 42 U.S.C. § 201 et seq. or under the Animal Virus, Serum, Toxin, Antitoxin Act of March 4, 1913, 21 U.S.C. § 151 et seq.

126.13 Reserved.

126.14 Cosmetics — adulteration.

A cosmetic is adulterated if any of the following apply:

1. It bears or contains a poisonous or deleterious substance which may render it injurious to users under the conditions of use prescribed in its labeling or under customary or usual conditions of use. However, this does not apply to coal-tar hair dye if the label of the dye bears the following legend conspicuously displayed: “Caution — This product contains ingredients which may cause skin irritation on certain individuals and a preliminary test according to accompanying directions should first be made. This product must not be used for dyeing the eyelashes or eyebrows; to do so may cause blindness”; and the label bears adequate directions for the preliminary testing. For the purposes of this subsection and subsection 5, “hair dye” does not include eyelash dyes or eyebrow dyes.

2. It consists in whole or in part of any filthy, putrid, or decomposed substance.

3. It has been produced, prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health.

4. Its container is composed, in whole or in part, of a poisonous or deleterious substance which may render the contents injurious to health.

5. It is not a hair dye and it is, or it bears or contains a color additive which is, unsafe within the meaning of section 706(a) of the federal Act.

1. Its labeling is false or misleading in any particular.

2. If in package form unless it bears a label containing both of the following:

a. The name and place of business of the manufacturer, packer, or distributor.

b. An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count, which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label.

3. A word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed there with such conspicuousness, as compared with other words, statements, designs, or devices in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

4. Its container is so made, formed, or filled as to be misleading.

5. It is a color additive, unless its packaging and labeling are in conformity with the packaging
and labeling requirements applicable to that color additive prescribed under section 706 of the federal Act. This subsection does not apply to packages of color additives which, with respect to their use of cosmetics, are marketed and intended for use only in or on hair dyes, as specified in section 126.14, subsection 1.

6. Its packaging or labeling is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. § 1471 et seq.

The board shall adopt rules exempting from any labeling requirement of this chapter, cosmetics which are in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where they are originally processed or packed, on condition that such cosmetics are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment. Cosmetic labeling exemptions adopted under the federal Act apply to cosmetics in this state except as modified or rejected by rules adopted by the board.

The inspection shall be commenced and completed with reasonable promptness.

b. Paragraph “a” does not apply to any of the following:

1. Pharmacies which maintain establishments in conformance with laws of this state regulating the practice of pharmacy and medicine and which are regularly engaged in dispensing prescription drugs, or devices, upon prescription of practitioners licensed to administer the drugs or devices to patients under the care of the practitioners in the course of their professional practice, and which do not, either through a subsidiary or otherwise, manufacture, prepare, propagate, compound, or process drugs or devices for sale other than in the regular course of their business of dispensing or selling drugs or devices at retail.

It is unlawful for any such carrier or person to fail to permit such access to and copying of any such record so requested when the request is accompanied by a statement in writing specifying the nature or kind of drug, device, or cosmetic to which the request relates.

6. Evidence obtained under this section or evidence which is directly or indirectly derived from such evidence obtained under this section, shall not be used in a criminal prosecution of the person from whom the evidence was obtained; and carriers are not subject to the other provisions of this chapter by reason of their receipt, carriage, holding, or delivery of drugs, devices, or cosmetics in the usual course of business as carriers.

135B.6 Denial, suspension, or revocation of license — hearings and review.

The department may deny, suspend, or revoke a license in any case where it finds that there has been a substantial failure to comply with this chapter or the rules or minimum standards adopted pursuant to this chapter.

A denial, suspension, or revocation shall be effected by mailing to the applicant or licensee by certified mail, or by personal service of a notice setting forth the particular reasons for the action.

A denial, suspension, or revocation shall become effective thirty days after the mailing or service of the notice, unless the applicant or licensee, within the thirty-day period gives written notice to the department requesting a hearing, in which case the notice is suspended. If a hearing has been requested, the applicant or licensee shall be given an opportunity for a prompt and fair hearing before the department. At any time at or prior to hearing, the department may rescind the notice of denial, suspension, or revocation upon being satisfied that the reasons for the denial, suspension, or revocation have been or will be removed. The department shall enforce the rules. Rules or standards shall not be adopted or enforced which would have the effect of denying a license to a hospital or other institution required to be licensed, solely by reason of the school or system of practice employed or permitted to be employed by physicians in the hospital, if the school or system of practice is recognized by the laws of this state.

The rules shall state that a hospital shall not deny clinical privileges to physicians and surgeons, podiatric physicians, osteopaths, osteopathic surgeons, dentists, certified health service providers in psychology, physician assistants, or advanced registered nurse practitioners licensed under chapter 148, 148C, 149, 150, 150A, 152, or 153, or section 154B.7, solely by reason of the license held by the practitioner or solely by reason of the school or institution in which the practitioner received medical schooling or postgraduate training if the medical schooling or postgraduate training was accredited by an organization recognized by the council on postsecondary accreditation or an accrediting group recognized by the United States department of education. A hospital may establish procedures for interaction between a patient and a practitioner. The rules shall not prohibit a hospital from limiting, restricting, or revoking clinical privileges of a practitioner for violation of hospital rules, regulations, or procedures established under this paragraph, when applied in good faith and in a nondiscriminatory manner. This paragraph shall not require a hospital to expand the hospital's current scope of service delivery solely to offer the services of a class of providers not currently providing services at the hos-

§135B.22 Character of services.
Pathology and radiology services performed in hospitals are the product of the joint contribution of hospitals, doctors and technicians but these services constitute medical services which must be
performed by or under the direction and supervision of a doctor, and no hospital shall have the right, directly or indirectly, to direct, control or interfere with the professional medical acts and duties of the doctor in charge of the pathology or radiology facilities or of the technicians under the doctor’s supervision. Nothing herein contained shall affect the rights of third parties as a result of negligence in the operation or maintenance of the aforesaid pathology and radiology facilities.

135B.23 Agreement with doctor.
Each hospital shall arrange for such services and for the direction and supervision of its pathology or radiology department by entering into either an oral or written agreement with a doctor who is a member of or acceptable to the hospital medical staff. Such doctor may or may not be a specialist. The department may be supervised and directed by a qualified member of the staff and specific services may be referred to a specialist, or the specialist may also direct and supervise the department as may be desired. Upon the effective date of regulations which may be adopted by the United States department of health and human services prohibiting combined billing by hospitals and hospital-based physicians under Title XVIII of the federal Social Security Act, the charges for all pathology and radiology services in a hospital, may upon the mutual agreement of the hospital, physician and third-party payer, be billed separately, the hospital component of the charges being included in the hospital bill and the doctor component being billed by the doctor.

TECHNICAL PLANNING ASSISTANCE

135B.33 Technical assistance — plan — grants.
Subject to availability of funds, the Iowa department of public health shall provide technical planning assistance to local boards of health and hospital governing boards to ensure access to hospital services in rural areas. The department shall encourage the local boards of health and hospital governing boards to adopt a long-term community health services and developmental plan including the following:
1. An analysis of demographic trends in the health facility services area, affecting health facility and health-facility-related health care utilizations.
2. A review of inpatient services currently provided, by type of service and the frequency of provision of that service, and the cost-effectiveness of that service.
3. An analysis of resources available in proximate health facilities and services that might be provided through alternative arrangements with such health facilities.
4. An analysis of cooperative arrangements that could be developed with other health facilities in the area that could assist those health facilities in the provision of services.
5. An analysis of community health needs, including long-term care, nursing facility care, pediatric and maternity services, and the health facilities' potential role in facilitating the provision of services to meet these needs.
6. An analysis of alternative uses for existing health facility space and real property, including use for community health-related and human service-related purposes.
7. An analysis of mechanisms to meet indigent patient care needs and the responsibilities for the care of indigent patients.
8. An analysis of the existing tax levying of the health facilities for patient care, on a per capita basis and per hospital patient basis, and projections on future needs for tax levying to continue for the provision of care.

Providers may cooperatively coordinate to develop one long-term community health services and developmental plan for a geographic area, provided the plan addresses the issues enumerated in this section.
The health facilities may seek technical assistance or apply for matching grant funds for the plan development. The department shall require compliance with subsections 1 through 8 when the facility applies for matching grant funds.

§135C.2 Purpose — rules — special classifications — protection and advocacy agency.

1. The purpose of this chapter is to promote and encourage adequate and safe care and housing for individuals who are aged or who, regardless of age, are infirm, convalescent, or mentally or physically dependent, by both public and private agencies by providing for the adoption and enforcement of rules and standards:

a. For the housing, care, and treatment of individuals in health care facilities, and

b. For the location, construction, maintenance, renovation, and sanitary operation of such health care facilities which will promote safe and adequate care of individuals in such homes so as to further the health, welfare, and safety of such individuals.

2. Rules and standards prescribed, promulgated, and enforced under this chapter shall not be arbitrary, unreasonable, or confiscatory and the department or agency prescribing, promulgating, or enforcing such rules or standards shall have the burden of proof to establish that such rules or standards meet such requirements and are consistent with the economic problems and conditions involved in the care and housing of persons in health care facilities.

3. a. The department shall establish by administrative rule the following special classifications:

(1) Within the residential care facility category, a special license classification for residential facilities intended to serve persons with mental illness.

(2) Within the nursing facility category, a special license classification for nursing facilities which designate and dedicate the facility or a special unit within the facility to provide care for per-
persons who suffer from chronic confusion or a dementing illness. A nursing facility which designates and dedicates the facility or a special unit within the facility for the care of persons who suffer from chronic confusion or a dementing illness shall be specially licensed. For the purposes of this subsection, "designate" means to identify by a distinctive title or label and "dedicate" means to set apart for a definite use or purpose and to promote that purpose.

b. The department may also establish by administrative rule special classifications within the residential care facility, intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, or nursing facility categories, for facilities intended to serve individuals who have special health care needs or conditions in common. Rules establishing a special classification shall define the problem or condition to which the special classification is relevant and establish requirements for an approved program of care commensurate with the problem or condition. The rules may grant special variances or considerations to facilities licensed within the special classification.

c. The rules adopted for intermediate care facilities for persons with mental retardation shall be consistent with, but no more restrictive than, the federal standards for intermediate care facilities for persons with mental retardation established pursuant to the federal Social Security Act, § 1905(c)(d), as codified in 42 U.S.C. § 1396d, in effect on January 1, 1989. However, in order to be licensed the state fire marshal must certify to the department an intermediate care facility for persons with mental retardation as meeting the applicable provisions of either the health care occupancy chapter or the residential board and care chapter of the life safety code of the national fire protection association, 1985 edition. The department shall adopt additional rules for intermediate care facilities for persons with mental retardation pursuant to section 135C.14, subsection 8.

d. Notwithstanding the limitations set out in this subsection regarding rules for intermediate care facilities for persons with mental retardation, the department shall consider the federal interpretive guidelines issued by the federal centers for Medicare and Medicaid services when interpreting the department's rules for intermediate care facilities for persons with mental retardation. This use of the guidelines is not subject to the rulemaking provisions of sections 17A.4 and 17A.5, but the guidelines shall be published in the Iowa administrative bulletin and the Iowa administrative code.

5. The department shall establish a special classification within the residential care facility category in order to foster the development of residential care facilities which serve persons with mental retardation, chronic mental illness, a developmental disability, or brain injury, as described under section 225C.26, and which contain five or fewer residents. A facility within the special classification established pursuant to this subsection is exempt from the requirements of section 135.63. The department shall adopt rules which are consistent with rules previously developed for the waiver demonstration project pursuant to 1986 Iowa Acts, chapter 1246, section 206, and which include all of the following provisions:

a. A facility provider under the special classification must comply with rules adopted by the department for the special classification. However, a facility provider which has been accredited by the accreditation council for services to persons with mental retardation and other developmental disabilities shall be deemed to be in compliance with the rules adopted by the department.

b. A facility must be located in an area zoned for single or multiple-family housing or in an unincorporated area and must be constructed in compliance with applicable local requirements and the rules adopted for the special classification by the state fire marshal in accordance with the concept of the least restrictive environment for the facility residents. Local requirements shall not be more restrictive than the rules adopted for the special classification by the state fire marshal and the state building code requirements for single or multiple-family housing.

c. Facility provider plans for the facility's accessibility to residents must be in place.

d. A written plan must be in place which documents that a facility meets the needs of the facility's residents pursuant to individual program plans developed according to age appropriate and least restrictive program requirements.

e. A written plan must be in place which documents that a facility's residents have reasonable access to employment or employment-related training, education, generic community resources, and integrated opportunities to promote interaction with the community.

f. The facilities licensed under this subsection shall be eligible for funding utilized by other licensed residential care facilities for persons with mental retardation, or licensed residential care facilities for persons with mental illness, including
but not limited to funding under or from the federal social services block grant, the state supplementary assistance program, state mental health and developmental disabilities services funds, and county funding provisions.

6. a. This chapter shall not apply to adult day services provided in a health care facility. However, adult day services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

b. The level of care certification provisions pursuant to sections 135C.3 and 135C.4, the license application and fee provisions pursuant to section 135C.7, and the involuntary discharge provisions pursuant to section 135C.14, subsection 8, shall not apply to respite care services provided in a health care facility. However, respite care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

c. The department shall adopt rules to implement this subsection.

7. The rules adopted by the department regarding nursing facilities shall provide that a nursing facility may choose to be inspected either by the department or by the joint commission on accreditation of health care organizations. The rules regarding acceptance of inspection by the joint commission on accreditation of health care organizations shall include recognition, in lieu of inspection by the department, of comparable inspections and inspection findings of the joint commission on accreditation of health care organizations, if the department is provided with copies of all requested materials relating to the inspection process.

§135C.4 Residential care facilities.

Each facility licensed as a residential care facility shall provide an organized continuous twenty-four-hour program of care commensurate with the needs of its residents and under the immediate direction of a licensed registered nurse, who has had at least two years of recent experience in a chronic or acute psychiatric setting. Medical and nursing service must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the nursing facility must be based on a physician's written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing.

§135C.5 Limitations on use.

Another business or activity shall not be carried on in a health care facility, or in the same physical structure with a health care facility, unless such business or activity is under the control of and is directly related to and incidental to the operation of the health care facility or unless the business or activity is approved by the department and the state fire marshal. A business or activity is approved by the department and the state fire marshal, in accordance with chapter 17A, if the department and the state fire marshal, in accordance with chapter 17A, shall adopt rules which establish criteria for approval of a business or activity which the admission is made is licensed to provide and is capable of providing.

§135C.3 Nature of care.

1. A licensed nursing facility shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed nurse. Medical and nursing services must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the nursing facility must be based on a physician's written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing.

a. This chapter shall not apply to adult day services provided in a health care facility. However, adult day services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

b. The level of care certification provisions pursuant to sections 135C.3 and 135C.4, the license application and fee provisions pursuant to section 135C.7, and the involuntary discharge provisions pursuant to section 135C.14, subsection 8, shall not apply to respite care services provided in a health care facility. However, respite care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

c. The department shall adopt rules to implement this subsection.

7. The rules adopted by the department regarding nursing facilities shall provide that a nursing facility may choose to be inspected either by the department or by the joint commission on accreditation of health care organizations. The rules regarding acceptance of inspection by the joint commission on accreditation of health care organizations shall include recognition, in lieu of inspection by the department, of comparable inspections and inspection findings of the joint commission on accreditation of health care organizations, if the department is provided with copies of all requested materials relating to the inspection process.

135C.6 License required — exemptions.
1. A person or governmental unit acting severally or jointly with any other person or governmental unit shall not establish or operate a health care facility in this state without a license for the facility. A supported community living service, as defined in section 225C.21, is not required to be licensed under this chapter, but is subject to approval under section 225C.21 in order to receive public funding.

2. A health care facility suitable for separation and operation with distinct parts may, where otherwise qualified in all respects, be issued multiple licenses authorizing various parts of such facilities to be operated as health care facilities of different license categories.

3. No change in a health care facility, its operation, program, or services, of a degree or character affecting continuing licensability shall be made without prior approval thereof by the department. The department may by rule specify the types of changes which shall not be made without its prior approval.

4. No department, agency, or officer of this state or of any of its political subdivisions shall pay or approve for payment from public funds any amount or amounts to a health care facility under any program of state aid in connection with services provided or to be provided an actual or prospective resident in a health care facility, unless the facility has a current license issued by the department and meets such other requirements as may be in effect pursuant to law.

5. No health care facility established and operated in compliance with law prior to January 1, 1976, shall be required to change its corporate or business name by reason of the definitions prescribed in section 135C.1, provided that no health care facility shall at any time represent or hold out to the public or to any individual that it is licensed as, or provides the services of, a health care facility to the public or to any individual that it is licensed to provide. Any health care facility shall at any time represent or hold out to the public or to any individual that it is licensed as, or provides the services of, a health care facility established or renamed after January 1, 1976, shall use any name indicating that it holds a different type of license than it has been issued.

6. A health care facility operated by and for the exclusive use of members of a religious order, which does not admit more than two individuals to the facility from the general public, may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.

7. A freestanding hospice facility which operates a hospice program in accordance with 42 C.F.R. § 418 may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.

8. Residential programs providing care to not more than four individuals and receiving moneys appropriated to the department of human services under provisions of a federally approved home and community-based services waiver for persons with mental retardation or other medical assistance program under chapter 249A shall not be required to be licensed as a health care facility under this chapter. In approving a residential program under this subsection, the department of human services shall consider the geographic location of the program so as to avoid an overconcentration of such programs in an area. In order to be approved under this subsection, a residential program shall not be required to involve the conversion of a licensed residential care facility for persons with mental retardation.

9. Contingent upon the department of human services receiving federal approval, a residential program which serves not more than eight individuals and is licensed as an intermediate care facility for persons with mental retardation may surrender the facility license and continue to operate under a federally approved medical assistance home and community-based services waiver for persons with mental retardation, if the department of human services has approved a plan submitted by the residential program.

10. Notwithstanding section 135C.9, nursing facilities which are accredited by the joint commission on accreditation of health care organizations shall be licensed without inspection by the department, if the nursing facility has chosen to be inspected by the joint commission on accreditation of health care organizations in lieu of inspection by the department.

135C.7 Application — fees.
Licenses shall be obtained from the department. Applications shall be upon such forms and shall include such information as the department may reasonably require, which may include affirmative evidence of compliance with such other statutes and local ordinances as may be applicable. Each application for license shall be accompanied
by the annual license fee prescribed by this section, subject to refund to the applicant if the license is denied, which fee shall be paid over into the state treasury and credited to the general fund if the license is issued. There shall be an annual license fee based upon the bed capacity of the health care facility, as follows:

1. Ten beds or less, twenty dollars.
2. More than ten and not more than twenty-five beds, forty dollars.
3. More than twenty-five and not more than seventy-five beds, sixty dollars.
4. More than seventy-five and not more than one hundred fifty beds, eighty dollars.

135C.8 Scope of license.
Licenses for health care facilities shall be issued only for the premises and persons or governmental units named in the application and shall not be transferable or assignable except with the written approval of the department, obtained prior to the purchase of the facility involved. Licenses shall be posted in a conspicuous place on the licensed premises as prescribed by regulation of the department. Such licenses, unless sooner suspended or revoked, shall expire one year after the date of issuance and shall be renewed annually upon an application by the licensee. Applications for such renewal shall be made in writing to the department, accompanied by the required fee, at least thirty days prior to the expiration of such license in accordance with regulations promulgated by the department. Health care facilities which have allowed their licenses to lapse through failure to make timely application for renewal of their licenses shall pay an additional fee of twenty-five percent of the annual license fee prescribed in section 135C.7.

135C.9 Inspection before issuance — notice of deficiencies.
1. The department shall not issue a health care facility license to any applicant until:
   a. The department has ascertained that the staff and equipment of the facility is adequate to provide the care and services required of a health care facility of the category for which the license is sought. Prior to the review and approval of plans and specifications for any new facility and the initial licensing under a new licensee, a resume of the programs and services to be furnished and of the means available to the applicant for providing the same and for meeting requirements for staffing, equipment, and operation of the health care facility, with particular reference to the professional requirements for services to be rendered, shall be submitted in writing to the department for review and approval. The resume shall be reviewed by the department within ten working days and returned to the applicant. The resume shall, upon the department's request, be revised as appropriate by the facility from time to time after issuance of a license.
   b. The facility has been inspected by the state fire marshal or a deputy appointed by the fire marshal for that purpose, who may be a member of a municipal fire department, and the department has received either a certificate of compliance or a provisional certificate of compliance by the facility with the fire hazard and fire safety rules and standards of the department as promulgated by the fire marshal and, where applicable, the fire safety standards required for participation in programs authorized by either Title XVIII or Title XIX of the United States Social Security Act (42 U.S.C. § 1395 to 1395ll and 1396 to 1396g). The certificate or provisional certificate shall be signed by the fire marshal or the fire marshal's deputy who made the inspection. If the state fire marshal or a deputy finds a deficiency upon inspection, the notice to the facility shall be provided in a timely manner and shall specifically describe the nature of the deficiency, identifying the Code section or subsection or the rule or standard violated. The notice shall also specify the time allowed for correction of the deficiency, at the end of which time the fire marshal or a deputy shall perform a follow-up inspection.

2. The rules and standards promulgated by the fire marshal pursuant to subsection 1, paragraph “b” of this section shall be substantially in keeping with the latest generally recognized safety criteria for the facilities covered, of which the applicable criteria recommended and published from time to time by the national fire protection association shall be prima facie evidence. The rules and standards promulgated by the fire marshal shall be promulgated in consultation with the department and shall, to the greatest extent possible, be consistent with rules adopted by the department under this chapter.

3. The state fire marshal or the fire marshal's deputy may issue successive provisional certificates of compliance for periods of one year each to a facility which is in substantial compliance with the applicable fire hazard and fire safety rules and standards, upon satisfactory evidence of an intent, in good faith, by the owner or operator of the facility to correct the deficiencies noted upon inspection within a reasonable period of time as determined by the state fire marshal or the fire marshal's deputy. Renewal of a provisional certificate shall be based on a showing of substantial progress in eliminating deficiencies noted upon the last previous inspection of the facility without the appearance of additional deficiencies other than those arising from changes in the fire hazard and fire
safety rules, regulations and standards which have occurred since the last previous inspection, except that substantial progress toward achievement of a good faith intent by the owner or operator to replace the entire facility within a reasonable period of time, as determined by the state fire marshal or the fire marshal's deputy, may be accepted as a showing of substantial progress in eliminating deficiencies, for the purposes of this section.

4. If a facility subject to licensure under this chapter, a facility exempt from licensure under this chapter pursuant to section 135C.6, or a family home under section 335.25 or 414.22, has been issued a certificate of compliance or a provisional certificate of compliance under subsection 1 or 3, or has otherwise been approved as complying with a rule or standard by the state or a deputy fire marshal or a local building department as defined in section 103A.3, the state or deputy fire marshal or local building department which issued the certificate, provisional certificate, or approval shall not apply additional requirements for compliance with the rule or standard unless the rule or standard is revised in accordance with chapter 17A or with local regulatory procedure following issuance of the certificate, provisional certificate, or approval.

135C.10 Denial, suspension or revocation.

The department shall have the authority to deny, suspend, or revoke a license in any case where the department finds that there has been repeated failure on the part of the facility to comply with the provisions of this chapter or the rules or minimum standards promulgated hereunder, or for any of the following reasons:

1. Cruelty or indifference to health care facility residents.
2. Appropriation or conversion of the property of a health care facility resident without the resident's written consent or the written consent of the resident's legal guardian.
3. Permitting, aiding, or abetting the commission of any illegal act in the health care facility.
4. Inability or failure to operate and conduct the health care facility in accordance with the requirements of this chapter and the minimum standards and rules issued pursuant thereto.
5. Obtaining or attempting to obtain or retain a license by fraudulent means, misrepresentation, or by submitting false information.
6. Habitual intoxication or addiction to the use of drugs by the applicant, manager or supervisor of the health care facility.
7. Securing the devise or bequest of the property of a resident of a health care facility by undue influence.
8. Willful failure or neglect to maintain a continuing in-service education and training program for all personnel employed in the facility.
9. In the case of an application by an existing licensee for a new or newly acquired facility, continuing or repeated failure of the licensee to operate any previously licensed facility or facilities in compliance with the provisions of this chapter or of the rules adopted pursuant to it.
10. In the case of a license applicant or existing licensee which is an entity other than an individual, the department may deny, suspend, or revoke a license if any individual, who is in a position of control or is an officer of the entity, engages in any act or omission proscribed by this section.

135C.11 Notice — hearings.

1. The denial, suspension, or revocation of a license shall be effectuated by delivering to the applicant or licensee by certified mail or by personal service of a notice setting forth the particular reasons for such action. Such denial, suspension, or revocation shall become effective thirty days after the mailing or service of the notice, unless the applicant or licensee, within such thirty-day period, shall give written notice to the department requesting a hearing, in which case the notice shall be deemed to be suspended. If a hearing has been requested, the applicant or licensee shall be given an opportunity for a prompt and fair hearing before the department. At any time at or prior to the hearing the department may rescind the notice of the denial, suspension, or revocation upon being satisfied that the reasons for the denial, suspension, or revocation have been or will be removed. On the basis of any such hearing, or upon default of the applicant or licensee, the determination involved in the notice may be affirmed, modified, or set aside by the department. A copy of such decision shall be sent by certified mail, or served personally upon the applicant or licensee. The applicant or licensee may seek judicial review pursuant to section 135C.13.

2. The procedure governing hearings authorized by this section shall be in accordance with the rules promulgated by the department. A full and complete record shall be kept of all proceedings, and all testimony shall be reported but need not be transcribed unless judicial review is sought pursuant to section 135C.13. Copies of the transcript may be obtained by an interested party upon payment of the cost of preparing the copies. Witnesses may be subpoenaed by either party and
shall be allowed fees at a rate prescribed by the department’s rules. The director may, after advising the resident advocate committee established pursuant to section 135C.25, either proceed in accordance with section 135C.30, or remove all residents and suspend the license or licenses of any health care facility, prior to a hearing, when the director finds that the health or safety of residents of the health care facility requires such action on an emergency basis. The fact that no resident advocate committee has been appointed for a particular facility shall not bar the director from exercising the emergency powers granted by this subsection with respect to that facility.

135C.12 Conditional operation.
If the department has the authority under section 135C.10 to deny, suspend or revoke a license, the department or director may, as an alternative to those actions:
1. Apply to the district court of the county in which the licensee’s health care facility is located for appointment by the court of a receiver for the facility pursuant to section 135C.30.
2. Conditionally issue or continue a license dependent upon the performance by the licensee of reasonable conditions within a reasonable period of time as set by the department so as to permit the licensee to commence or continue the operation of the health care facility pending full compliance with this chapter or the regulations or minimum standards promulgated under this chapter. If the licensee does not make diligent efforts to comply with the conditions prescribed, the department may, under the proceedings prescribed by this chapter, suspend or revoke the license. No health care facility shall be operated on a conditional license for more than one year.
3. The department, in evaluating corrections of deficiencies in a facility in receivership or operating on a conditional license, may determine what is satisfactory compliance, provided that in so doing it shall employ established criteria which shall be uniformly applied to all facilities of the same license category.

135C.13 Judicial review.
Judicial review of any action of the director may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county where the facility or proposed facility is located, and pending final disposition of the matter the status quo of the applicant or licensee shall be preserved except when the director, with the advice and consent of the resident advocate committee established pursuant to section 135C.25, determines that the health, safety or welfare of the residents of the facility is in immediate danger, in which case the director may order the immediate removal of such residents. The fact that no resident advocate committee has been appointed for a particular facility shall not bar the director from exercising the emergency powers granted by this subsection with respect to that facility.

135C.14 Rules.
The department shall, in accordance with chapter 17A and with the approval of the state board of health, adopt and enforce rules setting minimum standards for health care facilities. In so doing, the department, with the approval of the state board of health, may adopt by reference, with or without amendment, nationally recognized standards and rules, which shall be specified by title and edition, date of publication, or similar information. The rules and standards required by this section shall be formulated in consultation with the director of human services or the director’s designee, with the state fire marshal, and with affected industry, professional, and consumer groups, and shall be designed to further the accomplishment of the purposes of this chapter and shall relate to:
1. Location and construction of the facility, including plumbing, heating, lighting, ventilation, and other housing conditions, which shall ensure the health, safety and comfort of residents and protection from fire hazards. The rules of the department relating to protection from fire hazards and fire safety shall be promulgated by the state fire marshal in consultation with the department, and shall be in keeping with the latest generally recognized safety criteria for the facilities covered of which the applicable criteria recommended and published from time to time by the national fire protection association are prima facie evidence. To the greatest extent possible, the rules promulgated by the state fire marshal shall be consistent with the rules adopted by the department under this chapter.
2. Number and qualifications of all personnel, including management and nursing personnel, having responsibility for any part of the care provided to residents.
3. All sanitary conditions within the facility and its surroundings including water supply, sewage disposal, food handling, and general hygiene, which shall ensure the health and comfort of residents.
4. Diet related to the needs of each resident and based on good nutritional practice and on recommendations which may be made by the physi-
rules and minimum standards as provided for by the department. The director may grant successive thirty-day extensions of the time for compliance where evidence of a good faith attempt to achieve compliance is furnished, if the extensions will not place in undue jeopardy the residents of the facility to which the extensions are granted.

1. Renovation of an existing health care facility, not already in compliance with all applicable standards, shall be permitted only if the fixtures and equipment to be installed and the services to be provided in the renovated portion of the facility will conform substantially to current operational standards. Construction of an addition to an existing health care facility shall be permitted only if the design of the structure, the fixtures and equipment to be installed, and the services to be provided in the addition will conform substantially to current construction and operational standards.

135C.16 Inspections.

1. In addition to the inspections required by sections 135C.9 and 135C.38, the department shall make or cause to be made such further unannounced inspections as it deems necessary to adequately enforce this chapter. At least one general unannounced inspection shall be conducted for each health care facility within a thirty-month period. The inspector shall show identification to the person in charge of the facility and state that an inspection is to be made before beginning the inspection. An employee of the department who gives unauthorized advance notice of an inspection made or planned to be made under this subsection or section 135C.38 shall be disciplined as determined by the director, except that if the employee is employed pursuant to the merit system provisions of chapter 19A the discipline shall not exceed the discipline authorized pursuant to that chapter.

2. The department shall prescribe by rule that any licensee or applicant for license desiring to make specific types of physical or functional alterations or additions to its facility or to construct new facilities shall, before commencing the alteration or additions or new construction, submit plans and specifications to the department for preliminary inspection and approval or recommendations with respect to compliance with the department's rules and standards. When the plans and specifications have been properly approved by the department or other appropriate state agency, the facility or the portion of the facility constructed or altered in accord with the plans and specifications shall not for a period of at least five years from completion of the construction or alteration be considered deficient or ineligible for licensing by reason of failure to meet any rule or standard established subsequent to approval of the plans and specifications. When construction or alteration of a facility or portion of a facility has been completed

135C.15 Time to comply.

1. Any health care facility which is in operation at the time of adoption or promulgation of any applicable rules or minimum standards under this chapter shall be given reasonable time from the date of such promulgation to comply with such
3. An inspector of the department may enter any licensed health care facility without a warrant, and may examine all records pertaining to the care provided residents of the facility. An inspector of the department may contact or interview any resident, employee, or any other person who might have knowledge about the operation of a health care facility. An inspector of the department of human services shall have the same right with respect to any facility where one or more residents are cared for entirely or partially at public expense, and an investigator of the designated protection and advocacy agency shall have the same right with respect to any facility where one or more residents have developmental disabilities or mental illnesses, and the state fire marshal or a deputy appointed pursuant to section 135C.9, subsection 1, paragraph “b” shall have the same right of entry into any facility and the right to inspect any records pertinent to fire safety practices and conditions within that facility. If any such inspector has probable cause to believe that any institution, building, or agency not licensed as a health care facility is in fact a health care facility as defined by this chapter, and upon producing identification that the individual is an inspector is denied entry thereto for the purpose of making an inspection, the inspector may, with the assistance of the county attorney of the county in which the purported health care facility is located, apply to the district court for an order requiring the owner or occupant to permit entry and inspection of the premises to determine whether there have been any violations of this chapter.

135C.17 Duties of other departments.
It shall be the duty of the department of human services, state fire marshal, and the officers and agents of other state and local governmental units, and the designated protection and advocacy agency to assist the department in carrying out the provisions of this chapter, insofar as the functions of these respective offices and departments are concerned with the health, welfare, and safety of any resident of any health care facility. It shall be the duty of the department to cooperate with the protection and advocacy agency by responding to all reasonable requests for assistance and information as required by federal law and this chapter.

135C.18 Employees.
The department may employ, pursuant to chapter 19A, such assistants and inspectors as may be necessary to administer and enforce the provisions of this chapter.

135C.19 Public disclosure of inspection findings — posting of citations.
1. Following an inspection of a health care facility by the department pursuant to this chapter, the department’s final findings with respect to compliance by the facility with requirements for licensing shall be made available to the public in a readily available form and place. Other information relating to a health care facility obtained by the department which does not constitute the department’s findings from an inspection of the facility shall not be made available to the public except in proceedings involving the citation of a facility for a violation under section 135C.40, or the denial, suspension, or revocation of a license under this chapter. The name of a person who files a complaint with the department shall be confidential.
2. A citation for a class I or class II violation which is issued to a health care facility and which has become final, or a copy of the citation, shall be prominently posted as prescribed in rules, until the violation is corrected to the department's satisfaction. The citation or copy shall be posted in a place in plain view of the residents of the facility cited, persons visiting the residents, and persons inquiring about placement in the facility. A copy of each citation required to be posted by this subsection shall be sent by the department to the department of human services and to the designated protection and advocacy agency if the facility has one or more residents with developmental disabilities or mental illness.

3. If the facility cited subsequently advises the department of human services that the violation has been corrected to the satisfaction of the department of inspections and appeals, the department of human services shall maintain this advisory in the same file with the copy of the citation. The department of human services shall not disseminate to the public any information regarding citations issued by the department of inspections and appeals, but shall forward or refer inquiries to the department of inspections and appeals.

135C.20 Information distributed.

The department shall prepare, publish and send to licensed health care facilities an annual report of its activities and operations under this chapter and such other bulletins containing fundamental health principles and data as may be deemed essential to assure proper operation of health care facilities, and publish for public distribution copies of the laws, standards and rules pertaining to their operation.

135C.20A Report cards — facility inspections — complaint procedures — availability to public — electronic access.

1. The department shall develop and utilize a report card system for the recording of the findings of any inspection of a health care facility. The report card shall include but is not limited to a summary of the findings of the inspection, any violation found, any enforcement action taken including any citations issued and penalties assessed, any actions taken to correct violations or deficiencies, and the nature and status of any action taken with respect to any uncorrected violation for which a citation was issued.

2. The report card form shall be developed by the department in cooperation with representatives of the department of elder affairs, the state long-term care resident’s advocate, representatives of resident advocate committees, representatives of protection and advocacy entities, consumers, and other interested persons.

3. The department shall make any completed report cards electronically accessible to the public, on a monthly basis, and shall compile the report cards on an annual basis and make the compilation electronically accessible to the public. The annual compilation shall also be available at the office of the department at the seat of government and shall be available to the public by mail, upon request and at the department’s expense.

4. In addition to the monthly and annual compilations, the department shall provide compilations of the report cards on a cumulative basis. The cumulative compilation shall reflect the report cards of health care facilities during the four-year period prior to the production of the cumulative compilation. The cumulative compilation shall be applicable to a particular health care facility as a four-year report card history of that facility becomes available. The cumulative compilation shall be available to the public in the same manner as the annual compilation.

135C.20B Governor’s award — quality care.

1. A governor’s award for quality care is established, to be awarded annually by the governor to a health care facility in the state which demonstrates provision of the highest quality care to residents.

2. The department shall adopt rules establishing the criteria to determine quality care. In developing the criteria, the department shall consult with the members of Iowa partners for resident care and shall also consider all of the following:

a. The report cards completed pursuant to section 135C.20A.

b. Any unique services provided by a facility to its residents to improve the quality of care in the facility.

c. Any information submitted by care review committee members or residents with regard to the quality of care of the facility.

d. Whether the facility accepts residents for whom costs of care are paid under chapter 249A.

135C.21 Penalties.

1. Any person establishing, conducting, managing, or operating any health care facility without a license shall be guilty of a serious misdemeanor. Each day of continuing violation after conviction or notice from the department by certified mail of a violation shall be considered a separate offense or chargeable offense. Any such person establishing, conducting, managing or operating any health care facility without a license may be by any court of competent jurisdiction temporarily or permanently restrained therefrom in any
action brought by the state.

2. Any person who prevents or interferes with or attempts to impede in any way any duly authorized representative of the department or of any of the agencies referred to in section 135C.17 in the lawful enforcement of this chapter or of the rules adopted pursuant to it is guilty of a simple misdemeanor. As used in this subsection, lawful enforcement includes but is not limited to:
   a. Contacting or interviewing any resident of a health care facility in private at any reasonable hour and without advance notice.
   b. Examining any relevant books or records of a health care facility.
   c. Preserving evidence of any violation of this chapter or of the rules adopted pursuant to it.

135C.23 Express requirements for admission or residence.
No individual shall be admitted to or permitted to remain in a health care facility as a resident, except in accordance with the requirements of this section.

1. Each resident shall be covered by a contract executed at the time of admission or prior thereto by the resident, or the resident's legal representative, and the health care facility, except as otherwise provided by subsection 5 with respect to residents admitted at public expense to a county care facility operated under chapter 347B. Each party to the contract shall be entitled to a duplicate original thereof, and the health care facility shall keep on file all contracts which it has with residents and shall not destroy or otherwise dispose of any such contract for at least one year after its expiration. Each such contract shall expressly set forth:
   a. The terms of the contract.
   b. The services and accommodations to be provided by the health care facility and the rates or charges therefor.
   c. Specific descriptions of any duties and obligations of the parties in addition to those required by operation of law.
   d. Any other matters deemed appropriate by the parties to the contract. No contract or any provision thereof shall be drawn or construed so as to relieve any health care facility of any requirement or obligation imposed upon it by this chapter or any standards or rules in force pursuant to this chapter, nor contain any disclaimer of responsibility for injury to the resident, or to relatives or other persons visiting the resident, which occurs on the premises of the facility or, with respect to injury to the resident, which occurs while the resident is under the supervision of any employee of the facility whether on or off the premises of the facility.

2. A health care facility shall not knowingly admit or retain a resident:
   a. Who is dangerous to the resident or other residents.
   b. Who is in an acute stage of alcoholism, drug addiction, or mental illness.
   c. Whose condition or conduct is such that the resident would be unduly disturbing to other residents.
   d. Who is in need of medical procedures, as determined by a physician, or services which cannot be or are not being carried out in the facility.

This section does not prohibit the admission of a patient with a history of dangerous or disturbing behavior to an intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility when the intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility has a program which has received prior approval from the department to properly care for and manage the patient. An intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility is required to transfer or discharge a resident with dangerous or disturbing behavior when the intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility cannot control the resident's dangerous or disturbing behavior. The department, in coordination with the state mental health and developmental disabilities commission created in section 225C.5, shall adopt rules pursuant to chapter 17A for programs to be required in intermediate care facilities for persons with mental illness, intermediate care facilities for persons with mental retardation, nursing facilities, and county care facilities that admit patients or have residents with histories of dangerous or disturbing behavior.

The denial of admission of a person to a health care facility shall not be based upon the patient's condition, which is the existence of a specific disease in the patient, but the decision to accept or deny admission of a patient with a specific disease shall be based solely upon the ability of the health care facility to provide the level of care required by the patient.

3. Except in emergencies, a resident who is not essentially capable of managing the resident's own affairs shall not be transferred out of a health care facility or discharged for any reason without
prior notification to the next of kin, legal representative, or agency acting on the resident’s behalf. Where such next of kin, legal representative, or agency cannot be reached or refuses to cooperate, proper arrangements shall be made by the facility for the welfare of the resident before the resident’s transfer or discharge.

4. No owner, administrator, employee, or representative of a health care facility shall pay any commission, bonus, or gratuity in any form whatsoever, directly or indirectly, to any person for residents referred to such facility, nor accept any commission, bonus, or gratuity in any form whatsoever, directly or indirectly, for professional or other services or supplies purchased by the facility or by any resident, or by any third party on behalf of any resident, or of the facility.

5. Each county which maintains a county care facility under chapter 347B shall develop a statement in lieu of, and setting forth substantially the same items as, the contracts required of other health care facilities by subsection 1. The statement must be approved by the county board of supervisors and by the department. When so approved, the statement shall be considered in force with respect to each resident of the county care facility.

The admission of a resident to a health care facility and the resident’s presence therein shall not in and of itself confer on such facility, its owner, administrator, employees, or representatives any authority to manage, use, or dispose of any property of the resident, nor any authority or responsibility for the personal affairs of the resident, except as may be necessary for the safety and orderly management of the facility and as required by this section.

1. No health care facility, and no owner, administrator, employee, or representative thereof shall act as guardian, trustee or conservator for any resident of such facility, or any of such resident’s property, unless such resident is related to the person acting as guardian within the third degree of consanguinity.

2. A health care facility shall provide for the safekeeping of personal effects, funds and other property of its residents, provided that whenever necessary for the protection of valuables or in order to avoid unreasonable responsibility therefor, the facility may require that they be excluded or removed from the premises of the facility and kept at some place not subject to the control of the facility.

3. A health care facility shall keep complete and accurate records of all funds and other effects and property of its residents received by it for safekeeping.

4. Any funds or other property belonging to or due a resident, or expendable for the resident’s account, which are received by a health care facility shall be trust funds, shall be kept separate from the funds and property of the facility and of its other residents, or specifically credited to such resident, and shall be used or otherwise expended only for the account of the resident. Upon request the facility shall furnish the resident, the guardian, trustee or conservator, if any, for any resident, or any governmental unit or private charitable agency contributing funds or other property on account of any resident, a complete and certified statement of all funds or other property to which this subsection applies detailing the amounts and items received, together with their sources and disposition.

5. The provisions of this section notwithstanding, upon the verified petition of the county board of supervisors the district court may appoint the administrator of a county care facility as conservator or guardian, or both, of a resident of such county care facility, in accordance with the provisions of chapter 633. Such administrator shall serve as conservator or guardian, or both, without fee. The county attorney shall serve as attorney for the administrator in such conservatorship or guardianship, or both, without fee. The administrator may establish either separate or common bank accounts for cash funds of such resident wards.

The admission of a resident to a health care facility and the resident’s presence therein shall not in and of itself confer on such facility, its owner, administrator, employees, or representatives any authority to manage, use, or dispose of any property of the resident, nor any authority or responsibility for the personal affairs of the resident, except as may be necessary for the safety and orderly management of the facility and as required by this section.

1. Each health care facility shall have a resident advocate committee whose members shall be appointed by the director of the department of elder affairs or the director’s designee. A person shall not be appointed a member of a resident advocate committee for a health care facility unless the person is a resident of the service area where the facility is located. The resident advocate committee for any facility caring primarily for persons with mental illness, mental retardation, or a developmental disability shall only be appointed after consultation with the administrator of the division of mental health and developmental disabilities of the department of human services on the proposed appointments. Recommendations to the director or the director’s designee for membership on resident advocate committees are encouraged from any agency, organization, or individual. The administrator of the facility shall not be appointed to the resident advocate committee and shall not be present at committee meetings except upon request of the committee.

2. Each resident advocate committee shall pe-
periodically review the needs of each individual resident of the facility and shall perform the functions pursuant to sections 135C.38 and 231.44.

3. A health care facility shall disclose the names, addresses, and phone numbers of a resident's family members, if requested, to a resident advocate committee member, unless permission for this disclosure is refused in writing by the family member. The facility shall provide a form on which a family member may indicate a refusal to grant this permission.

4. Neither the state nor any resident advocate committee member is liable for an action by a resident advocate committee member in the performance of duty, if the action is undertaken and carried out in good faith.

135C.26 Director notified of casualties.

The director shall be notified within twenty-four hours, by the most expeditious means available, of any accident causing major injury or death, and any fire or natural or other disaster occurring in a health care facility.

[C71, 73, 75, 77, 79, 81, §135C.26]

135C.27 Federal funds to implement program.

If the department's services are necessary in order to assist another governmental unit to implement a federal program, the department may accept in compensation for such services federal funds initially available from the federal government to such other governmental unit for such purpose. Any governmental unit is authorized to transfer to the department for such services any federal funds available to such governmental unit, in accordance with applicable federal laws and regulations.

[C71, 73, 75, 77, 79, 81, §135C.27]

135C.28 Conflicting statutes.

Provisions of this chapter in conflict with the state building code shall not apply where the state building code has been adopted or when the state building code applies throughout the state.

135C.29 License list to county commissioner of elections.

To facilitate the implementation of section 53.8, subsection 3 and section 53.22, the director shall provide to each county commissioner of elections at least annually a list of each licensed health care facility in that county. The list shall include the street address or location, and the mailing address if it is other than the street address or location, of each facility.

[C77, 79, 81, §135C.29]

135C.30 Operation of facility under receivership.

When so authorized by section 135C.11, subsection 2, or section 135C.12, subsection 1, the director may file a verified application in the district court of the county where a health care facility licensed under this chapter is located, requesting that an individual nominated by the director be appointed as receiver for the facility with responsibility to bring the operation and condition of the facility into conformity with this chapter and the rules or minimum standards promulgated under this chapter.

1. The court shall expeditiously hold a hearing on the application, at which the director shall present evidence in support of the application. The licensee against whose facility the petition is filed may also present evidence, and both parties may subpoena witnesses. The court may appoint a receiver for the health care facility in advance of the hearing if the director's verified application states that an emergency exists which presents an imminent danger of resultant death or physical harm to the residents of the facility. If the licensee against whose facility the receivership petition is filed informs the court at or before the time set for the hearing that the licensee does not object to the application, the court shall waive the hearing and at once appoint a receiver for the facility.

2. The court, on the basis of the verified application and evidence presented at the hearing, may order the facility placed under receivership, and if so ordered, the court shall direct either that the receiver assume the duties of administrator of the health care facility or that the receiver supervise the facility's administrator in conducting the day-to-day business of the facility. The receiver shall be empowered to control the facility's financial resources and to apply its revenues as the receiver deems necessary to the operation of the facility in compliance with this chapter and the rules or minimum standards promulgated under this chapter, but shall be accountable to the court for management of the facility's financial resources.

3. A receivership established under this section may be terminated by the district court which established it, after a hearing upon an application for termination. The application may be filed:

a. Jointly by the receiver and the current licensee of the health care facility which is in receivership, stating that the deficiencies in the operation, maintenance or other circumstances which were the grounds for establishment of the receivership have been corrected and that there are reasonable grounds to believe that the facility will be operated in compliance with this chapter and the rules or minimum standards promulgated under this chapter.

b. By the current licensee of the facility, alleg-

135C.31 Discharge of medicaid patients.
A resident of a health care facility shall not be discharged solely because the cost of the resident’s care is being paid under chapter 249A or because the resident’s source of payment is changing from private support to payment under chapter 249A.

§135C.32 Hospice services covered by medicare.
The requirement that the care of a resident of a health care facility must be provided under the immediate direction of either the facility or the resident’s personal physician does not apply if all of the following conditions are met:
1. The resident is terminally ill.
2. The resident has elected to receive hospice services under the federal Medicare program from a medicare certified hospice program.
3. The health care facility and the medicare certified hospice program have entered into a written agreement under which the hospice program takes full responsibility for the professional management of the resident’s hospice care and the facility agrees to provide room and board to the resident.

§135C.33 Child or dependent adult abuse information and criminal records — evaluations — application to other providers.
1. Beginning July 1, 1997, prior to employment of a person in a facility, the facility shall request that the department of public safety perform a criminal history check and the department of human services perform a dependent adult abuse record check of the person in this state. In addition, the facility may request that the department of human services perform a child abuse record check in this state. Beginning July 1, 1997, a facility shall inform all persons prior to employment regarding the performance of the records checks and shall obtain, from the persons, a signed acknowledgment of the receipt of the information.

Additionally, a facility shall include the following inquiry in an application for employment: “Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?” If the person has been convicted of a crime under a law of any state or has a record of founded child or dependent adult abuse, the department of human services shall, upon the facility’s request, perform an evaluation to determine whether the crime or founded child or dependent adult abuse warrants prohibition of employment in the facility. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services. If a person owns or operates more than one facility, and an employee of one of such facilities is transferred to another such facility without a lapse in employment, the facility is not required to request additional criminal and dependent adult abuse record checks of that employee.

84 Acts, ch 1136, §1; 91 Acts, ch 107, §3
2. If the department of public safety determines that a person has committed a crime and is to be employed in a facility licensed under this chapter, the department of public safety shall notify the licensee that an evaluation, if requested by the facility, will be conducted by the department of human services to determine whether prohibition of the person's employment is warranted. If a department of human services child or dependent adult abuse record check shows that the person has a record of founded child or dependent adult abuse, the department of human services shall inform the licensee that an evaluation, if requested by the facility, will be conducted to determine whether prohibition of the person's employment is warranted.

3. In an evaluation, the department of human services shall consider the nature and seriousness of the crime or founded child or dependent adult abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child or dependent adult abuse, the circumstances under which the crime or founded child or dependent adult abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child or dependent adult abuse again, and the number of crimes or founded child or dependent adult abuses committed by the person involved. The department of human services has final authority in determining whether prohibition of the person's employment is warranted.

4. A person shall not be employed in a facility licensed under this chapter unless an evaluation has been performed by the department of human services. If the department of human services determines from the evaluation that the person has committed a crime or has a record of founded child or dependent adult abuse which warrants prohibition of employment, the person shall not be employed in a facility licensed under this chapter.

5. Beginning July 1, 1998, this section shall apply to prospective employees of all of the following, if the provider is regulated by the state or receives any state or federal funding:
   a. An employee of a homemaker, home-health aide, home-care aide, adult day services, or other provider of in-home services if the employee provides direct services to consumers.
   b. An employee of a hospice, if the employee provides direct services to consumers.
   c. An employee who provides direct services to consumers under a federal home and community-based services waiver.
   d. An employee of an elder group home certified under chapter 231B, if the employee provides direct services to consumers.
   e. An employee of an assisted living facility certified or voluntarily accredited under chapter 231C, if the employee provides direct services to consumers.

In substantial conformance with the provisions of this section, prior to the employment of such an employee, the provider shall request the performance of the criminal and dependent adult abuse record checks and may request the performance of the child abuse record checks. The provider shall inform the prospective employee and obtain the prospective employee's signed acknowledgment. The department of human services shall perform the evaluation of any criminal record or founded child or dependent adult abuse record and shall make the determination of whether a prospective employee of a provider shall not be employed by the provider.

6. a. The department of inspections and appeals, in conjunction with other departments and agencies of state government involved with criminal history and abuse registry information, shall establish a single contact repository for facilities and other providers to have electronic access to data to perform background checks for purposes of employment, as required of the facilities and other providers under this section.

   b. The department may access the single contact repository for any of the following purposes:
      (1) To verify data transferred from the department's nurse aide registry to the repository.
      (2) To conduct record checks of applicants for employment with the department.

Subsection 2 amended

135C.34 Medication aide — certification.
The department of inspections and appeals, in cooperation with other appropriate agencies, shall establish a procedure to allow a person who is certified as a medication aide in another state to become certified in this state upon completion and passage of both the certified nurse aide and certified medication aide challenge examinations, without additional requirements for certification, including but not limited to, required employment in this state prior to certification. The department shall adopt rules pursuant to chapter 17A to administer this section.

94 Acts, ch 1036, §1

135C.35 Reserved.

135C.36 Violations classified — penalties.
Every violation by a health care facility of any provision of this chapter or of the rules adopted pursuant to it shall be classified by the department in accordance with this section. The department shall adopt and may from time to time—
modify, in accordance with chapter 17A rules setting forth so far as feasible the specific violations included in each classification and stating criteria for the classification of any violation not so listed.

1. A Class I violation is one which presents an imminent danger or a substantial probability of resultant death or physical harm to the residents of the facility in which the violation occurs. A physical condition or one or more practices in a facility may constitute a Class I violation. A Class I violation shall be abated or eliminated immediately unless the department determines that a stated period of time, specified in the citation issued under section 135C.40, is required to correct the violation. A licensee is subject to a penalty of not less than two thousand nor more than ten thousand dollars for each Class I violation for which the licensee’s facility is cited.

2. A Class II violation is one which has a direct or immediate relationship to the health, safety or security of residents of a health care facility, but which presents no imminent danger nor substantial probability of death or physical harm to them. A physical condition or one or more practices within a facility, including either physical abuse of any resident or failure to treat any resident with consideration, respect and full recognition of the resident’s dignity and individuality, in violation of a specific rule adopted by the department, may constitute a Class II violation. A violation of section 135C.14, subsection 8, or section 135C.31 and rules adopted under those sections shall be at least a Class II violation and may be a Class I violation. A Class II violation shall be corrected within a stated period of time determined by the department and specified in the citation issued under section 135C.40. The stated period of time specified in the citation may subsequently be modified by the department for good cause shown. A licensee is subject to a penalty of not less than one hundred nor more than five hundred dollars for each Class II violation for which the licensee’s facility is cited. However, the director may waive the penalty if the violation is corrected within the time specified in the citation.

3. A Class III violation is any violation of this chapter or of the rules adopted pursuant to it which violation is not classified in the department’s rules nor classifiable under the criteria stated in those rules as a Class I or a Class II violation. A licensee shall not be subject to a penalty for a Class III violation, except as provided by section 135C.40, subsection 1 for failure to correct the violation within a reasonable time specified by the department in the notice of the violation.

§135C.38 Inspections upon complaints.

1. a. Upon receipt of a complaint made in accordance with section 135C.37, the department or resident advocate committee shall make a preliminary review of the complaint. Unless the department or committee concludes that the complaint is intended to harass a facility or a licensee or is without reasonable basis, it shall within twenty working days of receipt of the complaint make or cause to be made an on-site inspection of the health care facility which is the subject of the complaint.

b. The complaint investigation shall include, at a minimum, an interview with the complainant, the alleged perpetrator, and the victim of the alleged violation, if the victim is able to communicate, if the complainant, alleged perpetrator, or victim is identifiable, and if the complainant, alleged perpetrator, or victim is available. Additionally, witnesses who have knowledge of facts related to the complaint shall be interviewed, if identifiable and available. The names of witnesses may be obtained from the complainant or the victim. The files of the facility may be reviewed to ascertain the names of staff persons on duty at the time relevant to the complaint. The department shall apply a preponderance of the evidence standard in determining whether or not a complaint is substantiated. For the purposes of this subsection, “a preponderance of the evidence standard” means that the evidence, considered and
compared with the evidence opposed to it, produces the belief in a reasonable mind that the allegations are more likely true than not true. "A preponderance of the evidence standard" does not require that the investigator personally witnessed the alleged violation.

c. The department may refer to the resident advocate committee of a facility any complaint received by the department regarding that facility, for initial evaluation and appropriate action by the committee.

2. a. The complainant shall be promptly informed of the result of any action taken by the department or committee in the matter. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness.

b. Upon conclusion of the investigation, the department shall notify the complainant of the results. The notification shall include a statement of the factual findings as determined by the investigator, the statutory or regulatory provisions alleged to have been violated, and a summary of the reasons for which the complaint was or was not substantiated.

c. The department shall mail the notification to the complainant without charge. Upon the request of the complainant, the department shall mail to the complainant, without charge, a copy of the most recent final findings regarding compliance with licensing requirements by the facility to which the complaint was filed.

d. A person who is dissatisfied with any aspect of the department's handling of the complaint may contact the long-term care resident's advocate, established pursuant to section 231.42, or may contact the protection and advocacy agency designated pursuant to section 135C.2 if the complaint relates to a resident with a developmental disability or a mental illness.

3. An inspection made pursuant to a complaint filed under section 135C.37 need not be limited to the matter or matters included in the complaint. However, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection or unless in the course of the complaint investigation a violation is evident to the inspector. Upon arrival at the facility to be inspected, the inspector shall show identification to the person in charge of the facility and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department or committee, the complainant or the complainant's representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of any resident of the facility to be inspected would otherwise be violated. The protection and dignity of the resident shall be given first priority by the inspector and others.

4. If upon an inspection of a facility by its resident advocate committee pursuant to this section, the committee advises the department of any circumstance believed to constitute a violation of this chapter or of any rule adopted pursuant to it, the committee shall similarly advise the facility at the same time. If the facility's licensee or administrator disagrees with the conclusion of the committee regarding the supposed violation, an informal conference may be requested and if requested shall be arranged by the department as provided in section 135C.42 before a citation is issued. If the department thereafter issues a citation pursuant to the committee's finding, the facility shall not be entitled to a second informal conference on the same violation and the citation shall be considered affirmed. The facility cited may proceed under section 135C.43 if it so desires.

[C77, 79, 81, §135C.38]

135C.39 No advance notice of inspection — exception.

No advance notice of an on-site inspection made pursuant to section 135C.38 shall be given the health care facility or the licensee thereof unless previously and specifically authorized in writing by the director or required by federal law. The person in charge of the facility shall be informed of the substance of the complaint at the commencement of the on-site inspection.

135C.40 Citations when violations found — penalties — exception.

1. If the director determines, based on the findings of an inspection or investigation of a health care facility, that the facility is in violation of this chapter or rules adopted under this chapter, the director within five working days after making the determination, may issue a written citation to the facility. The citation shall be served upon the facility personally or by certified mail, except that a citation for a Class III violation may be sent by ordinary mail. Each citation shall specifically describe the nature of the violation, identifying the Code section or subsection or the rule or standard violated, and the classification of the violation under section 135C.36. Where appropriate, the citation shall also state the period of time allowed for correction of the violation, which shall in each case be the shortest period of time the department
135C.41 Licensee's response to citation.
Within twenty business days after service of a citation under section 135C.40, a facility shall either:
1. If it does not desire to contest the citation:
   a. Remit to the department the amount specified by the department pursuant to section 135C.36 as a penalty for each Class I violation cited, and for each Class II violation unless the citation specifically waives the penalty, which funds shall be paid by the department into the state treasury and credited to the general fund; or
   b. In the case of a Class II violation for which the penalty has been waived in accordance with the standards prescribed in section 135C.36, subsection 2, or a Class III violation, send to the department a written response acknowledging that the citation has been received and stating that the violation will be corrected within the specific period of time allowed by the citation; or
2. Notify the director that the facility desires to contest the citation and, in the case of citations for Class II or Class III violations, request an informal conference with a representative of the department.
[C77, 79, 81, §135C.41]

135C.42 Informal conference on contested citation.
The director shall assign a representative of the department, other than the inspector upon whose inspection the contested citation is based, to hold an informal conference with the facility within ten working days after receipt of a request made under section 135C.41, subsection 2. At the conclusion of the conference the representative may affirm or may modify or dismiss the citation. In the latter case, the representative shall state in writing the specific reasons for the modification or dismissal and immediately transmit copies of the statement to the director, and to the facility. If the facility does not desire to further contest an affirmed or modified citation, it shall within five working days after the informal conference, or after receipt of the written explanation of the representative, as the case may be, comply with section 135C.41, subsection 1.
[C77, 79, 81, §135C.42]

135C.43 Formal contest — judicial review.
1. A facility which desires to contest a citation for a Class I violation, or to further contest an affirmed or modified citation for a Class II or Class III violation, may do so in the manner provided by chapter 17A for contested cases. Notice of intent to formally contest a citation shall be given the department in writing within five days after service of a citation for a Class I violation, or within five days after the informal conference or after receipt of the written explanation of the representative delegated to hold the informal conference, whichever is applicable, in the case of an affirmed or modified citation for a Class II or Class III violation. A facility which has exhausted all adequate administrative remedies and is aggrieved by the final action of the department may petition for judicial review in the manner provided by chapter 17A.
2. Hearings on petitions for judicial review brought under this section shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. The times for pleadings and for hearings in such actions shall be set by the judge of the court with the object of securing a decision in the matter at the earliest possible time.
[C77, 79, 81, §135C.43]

135C.44 Treble fines for repeated violations.
The penalties authorized by section 135C.36 shall be trebled for a second or subsequent Class
I or Class II violation occurring within any twelve-month period if a citation was issued for the same Class I or Class II violation occurring within that period and a penalty was assessed therefor.

[C77, 79, 81, §135C.44]

135C.45 Refund of penalty.
If at any time a contest or appeal of any citation issued a health care facility under this chapter results in an order or determination that a penalty previously paid to or collected by the department must be refunded to the facility, the refund shall be made from any money in the state general fund not otherwise appropriated.

[C77, 79, 81, §135C.45]

135C.45A Notification penalty.
A person who notifies, or causes to be notified, a health care facility, of the time and date on which a survey or on-site inspection of the facility is scheduled, is subject to an administrative penalty of not less than one thousand dollars and not more than two thousand dollars.

90 Acts, ch 1039, §11

135C.46 Retaliation by facility prohibited.
1. A facility shall not discriminate or retaliate in any way against a resident or an employee of the facility who has initiated or participated in any proceeding authorized by this chapter. A facility which violates this section is subject to a penalty of not less than two hundred fifty nor more than five thousand dollars, to be assessed and collected by the director in substantially the manner prescribed by sections 135C.40 to 135C.43 and paid into the state treasury to be credited to the general fund, or to immediate revocation of the facility’s license.

2. Any attempt to expel from a health care facility a resident by whom or upon whose behalf a complaint has been submitted to the department under section 135C.37, within ninety days after the filing of the complaint or the conclusion of any proceeding resulting from the complaint, shall raise a rebuttable presumption that the action was taken by the licensee in retaliation for the filing of the complaint.

[C77, 79, 81, §135C.46]

135C.48 Information about complaint procedure.
The department shall make a continuing effort to inform the general public of the appropriate procedure to be followed by any person who believes that a complaint against a health care facility is justified and should be made under section 135C.37.

89 Acts, ch 283, §6

135H.6 Inspection — conditions for issuance.
The department shall issue a license to an applicant under this chapter if all the following conditions exist:

1. The department has ascertained that the applicant’s medical facilities and staff are adequate to provide the care and services required of a psychiatric institution.

2. The proposed psychiatric institution is accredited by the joint commission on the accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, the council on accreditation of services for families and children, or by any other recognized accrediting organization with comparable standards acceptable under federal regulation.

3. The applicant complies with applicable state rules and standards for a psychiatric institution adopted by the department in accordance with federal requirements under 42 C.F.R. §§ 441.150 – 441.156.

4. The applicant has been awarded a certificate of need pursuant to chapter 135, unless exempt as provided in this section.

5. The department of human services has submitted written approval of the application based on the department of human services’ determination of need. The department of human services shall identify the location and number of children in the state who require the services of a psychiatric medical institution for children. Approval of an application shall be based upon the location of the proposed psychiatric institution relative to the need for services identified by the department of human services and an analysis of the applicant’s ability to provide services and support consistent with requirements under chapter 232, particularly regarding community-based treatment. If the proposed psychiatric institution is not freestanding from a facility licensed under chapter 135B or 135C, approval under this subsection shall not be given unless the department of human services certifies that the proposed psychiatric institution is capable of providing a resident with a living environment similar to the living environment provided by a licensee which is freestanding from a facility licensed under chapter 135B or 135C.

6. The department of human services shall not give approval to an application which would cause the total number of beds licensed under this chapter for services reimbursed by the medical assistance program under chapter 249A to exceed four hundred thirty beds.

7. In addition to the beds authorized under subsection 6, the department of human services may establish not more than thirty beds licensed under this chapter at the state mental health institute at Independence. The beds shall be exempt from the certificate of need requirement under subsection 4.

8. The department of human services may give approval to conversion of beds approved under subsection 6, to beds which are specialized to provide substance abuse treatment. However, the total number of beds approved under subsection 6 and this subsection shall not exceed four hundred thirty. Conversion of beds under this subsection shall not require a revision of the certificate of need issued for the psychiatric institution making the conversion.

9. The proposed psychiatric institution is under the direction of an agency which has operated a facility licensed under section 237.3, subsection 2, paragraph "a", as a comprehensive residential facility for children for three years or of an agency which has operated a facility for three years providing psychiatric services exclusively to children or adolescents and the facility meets or exceeds requirements for licensure under section 237.3, subsection 2, paragraph "a", as a comprehensive residential facility for children.

10. A psychiatric institution licensed prior to July 1, 1999, may exceed the number of beds authorized under subsection 6 if the excess beds are used to provide services funded from a source other than the medical assistance program under chapter 249A. Notwithstanding subsections 4, 5, and 6, the provision of services using those excess beds does not require a certificate of need or a review by the department of human services.

135H.7 Personnel.

1. A person shall not be allowed to provide services in a psychiatric institution if the person has a disease which is transmissible to other persons through required contact in the workplace, which presents a significant risk of infecting other persons, which presents a substantial possibility of harming other persons, or for which no reasonable accommodation can eliminate the risk of infecting other persons.

2. a. If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or with access to a child when the child is alone, by a licensed psychiatric institution, or if a person will reside in a facility utilized by a licensee, and if the person has been convicted of a crime or has a record of founded child abuse, the department of human services and the licensee, for an employee of the licensee, shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The department of human services shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services.

b. If the department of human services determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a psychiatric institution licensed under this chapter, or resides in a licensed facility the department shall notify the program that an evaluation will be conducted to determine whether prohibition of the person’s licensure, employment, or residence is warranted.

c. In an evaluation, the department of human services and the licensee for an employee of the licensee shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. The department may permit a person who is evaluated to be licensed, employed, or to reside, or to continue to be licensed, employed, or to reside in a licensed facility, if the person complies with the department’s conditions relating to the person’s licensure, employment, or residence, which may include completion of additional training. For an employee of a licensee, these conditional requirements shall be developed with the licensee. The department of human services has final authority in determining whether prohibition of the person’s licensure, employment, or residence is warranted and in developing any conditional requirements under this paragraph.

3. If the department of human services determines that the person has committed a crime or has a record of founded child abuse which warrants prohibition of licensure, employment, or residence, the person shall not be licensed under this chapter to operate a psychiatric institution and shall not be employed by a psychiatric institution or reside in a facility licensed under this chapter.

4. In addition to the record checks required under subsection 2, the department of human services may conduct dependent adult abuse record checks in this state and may conduct these checks in other states, on a random basis. The provisions of subsections 2 and 3, relative to an evaluation following a determination that a person has been convicted of a crime or has a record of founded child abuse, shall also apply to a random dependent adult abuse record check conducted under this subsection.

5. Beginning July 1, 1994, a licensee shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

6. On or after July 1, 1994, a licensee shall include the following inquiry in an application for employment: “Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?”

§135H.8 Denial, suspension, or revocation of license.

The department may deny an application or suspend or revoke a license if the department finds that an applicant or licensee has failed or is unable to comply with this chapter or the rules establishing minimum standards pursuant to this chapter or if any of the following conditions apply:

1. It is shown that a resident is a victim of cruelty or neglect due to the acts or omissions of the licensee.

2. The licensee has permitted, aided, or abetted in the commission of an illegal act in the psychiatric institution.

3. An applicant or licensee acted to obtain or to retain a license by fraudulent means, misrepresentation, or submitting false information.

4. The licensee has willfully failed or neglected to maintain a continuing in-service education and training program for persons employed by the psychiatric institution.

5. The application involves a person who has failed to operate a psychiatric institution in compliance with the provisions of this chapter.

§135H.9 Notice and hearings.

The procedure governing notice and hearing to deny an application or suspend or revoke a license shall be in accordance with rules adopted by the department pursuant to chapter 17A. A full and complete record shall be kept of the proceedings and of any testimony. The record need not be transcribed unless judicial review is sought. A copy or copies of a transcript may be obtained by an interested party upon payment of the cost of preparing the transcript or copies.

89 Acts, ch 283, §10

§135H.10 Rules.

1. The department of inspections and appeals, in consultation with the department of human services and affected professional groups, shall adopt and enforce rules setting out the standards for a psychiatric medical institution for children and the rights of the residents admitted to a psychiatric institution. The department of inspections and appeals and the department of human services shall coordinate the adoption of rules and the enforcement of the rules in order to prevent duplication of effort by the departments and of requirements of the licensee.

2. This chapter shall not be construed as prohibiting the use of funds appropriated for foster care to provide payment to a psychiatric medical institution for children for the financial participation required of a child whose foster care placement is in a psychiatric medical institution for children. In accordance with established policies and procedures for foster care, the department of human services shall act to recover any such payment for financial participation, apply to be named payee for the child’s unearned income, and recommend parental liability for the costs of a court-ordered foster care placement in a psychiatric medical institution.

3. Except for those psychiatric medical institutions for children which are specialized to provide substance abuse treatment, unless expressly authorized in statute, the department of human services shall not include services provided by psychiatric medical institutions for children in any managed care contract.

89 Acts, ch 283, §11; 2001 Acts, ch 135, §30

§135H.11 Complaints alleging violations — confidentiality.

A person may request an inspection of a psychiatric medical institution for children by filing with the department a complaint of an alleged violation of an applicable requirement of this chapter or a rule adopted pursuant to this chapter. The complaint shall state in a reasonably specific manner the basis of the complaint. A statement of the nature of the complaint shall be delivered to the psychiatric institution involved at the time of or prior to the inspection. The name of the person who files a complaint with the department shall be kept confidential and shall not be subject to discovery, subpoena, or other means of legal compulsion for its release to a person other than department employees involved in the investigation of the complaint.

89 Acts, ch 283, §12

§135H.12 Inspections upon complaints.

1. Upon receipt of a complaint made in accordance with section 135H.11, the department shall make a preliminary review of the complaint. Unless the department concludes that the complaint is intended to harass a psychiatric institution or a licensee or is without reasonable basis, it shall within twenty working days of receipt of the complaint make or cause to be made an on-site inspection of the psychiatric institution which is the subject of the complaint. The department of inspections and appeals may refer to the department of human services any complaint received by the department if the complaint applies to rules adopted by the department of human services. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness. In any case, the complainant shall be promptly informed of the result of any action taken by the department in the matter.

2. An inspection made pursuant to a complaint filed under section 135H.11 need not be limited to the matter or matters referred to in the complaint; however, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection. Upon arrival at the psychiatric institution to be inspected, the inspector shall show identification to the person in charge of the psychiatric institution and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department, the complainant or the complainant’s representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of a resident of the psychiatric institu-

2. The name of a person who files a complaint with the department shall remain confidential and is not subject to discovery, subpoena, or any other means of legal compulsion for release to a person other than an employee of the department or an agent involved in the investigation of the complaint.

3. Information regarding a resident who has received or is receiving care shall not be disclosed directly or indirectly except as authorized under section 217.30, 232.69, or 237.21.

135H.14 Judicial review.

Judicial review of the action of the department may be sought pursuant to the Iowa administrative procedure Act, chapter 17A. Notwithstanding the Iowa administrative procedure Act, a petition for judicial review of the department's actions under this chapter may be filed in the district court of the county in which the related psychiatric medical institution for children is located or is proposed to be located. The status of the petitioner or the licensee shall be preserved pending final disposition of the judicial review.

135H.15 Penalty.

A person who establishes, operates, or manages a psychiatric medical institution for children without obtaining a license under this chapter commits a serious misdemeanor. Each day of continuing violation following conviction shall be considered a separate offense.

135H.16 Injunction.

Notwithstanding the existence or pursuit of another remedy, the department may maintain an action for injunction or other process to restrain or prevent the establishment, operation, or management of a psychiatric medical institution for children without a license.

89 Acts, ch 291, §1; 91 Acts, ch 75, §1; 92 Acts, ch 1194, §1; 2001 Acts, ch 58, §5
135I.2 Applicability.
This chapter applies to all swimming pools and spas owned or operated by local or state government, or commercial interests or private entities including, but not limited to, facilities operated by cities, counties, public or private school corporations, hotels, motels, camps, apartments, condominiums, and health or country clubs. This chapter does not apply to facilities intended for single family use or to a swimming pool or spa operated by a homeowners' association representing seventy-two or fewer dwelling units if the association's bylaws, which also apply to a rental agreement relative to any of the dwelling units, include an exemption from the requirements of this chapter, provide for inspection of the swimming pool or spa by an entity other than the department or local board of health, and assume any liability associated with operation of the swimming pool or spa. This chapter does not apply to a swimming pool or spa used exclusively for therapy under the direct supervision of qualified medical personnel. To avoid duplication and promote coordination of inspection activities, the department may enter into agreements pursuant to chapter 28E with a local board of health to provide for inspection and enforcement in accordance with this chapter.

135I.3 Registration required.
A person shall not operate a swimming pool or spa without first having registered with the department. Registration shall be renewed annually.

89 Acts, ch 291, §3

135I.4 Powers and duties.
The department is responsible for registering and regulating the operation of swimming pools, spas, and, notwithstanding chapter 89, swimming pool or spa water heaters. The department shall conduct seminars and training sessions, and disseminate information regarding health practices, safety measures, and operating procedures required under this chapter. The department may:
1. Inspect, at the time of installation and periodically thereafter, all swimming pools and spas for the purpose of detecting and eliminating health or safety hazards.
2. Establish minimum safety and sanitation criteria for the operation and use of swimming pools and spas.
3. Establish minimum qualifications for swimming pool, spa, and waterslide operators and lifeguards. Swimming pools operated by apartments, condominiums, country clubs, neighborhoods, or manufactured home communities or mobile home parks are exempt from requirements regarding lifeguards.

4. Establish and collect fees to defray the cost of administering this chapter. It is the intent of the general assembly that fees collected under this chapter be used to defray the cost of administering this chapter. However, the portion of fees needed to defray the costs of a local board of health in implementing this chapter shall be established by the local board of health. A fee imposed for the inspection of a swimming pool or spa shall not be collected until the inspection has actually been performed.

5. Adopt rules in accordance with chapter 17A for the implementation and enforcement of this chapter, and the establishment of fees. The department shall appoint an advisory committee composed of owners, operators, local officials, and representatives of the public to advise it in the formulation of appropriate rules.

6. Enter into agreements with a local board of health to implement the inspection and enforcement provisions of this chapter. The agreements shall provide that the fees established by the local board of health for inspection and enforcement shall be retained by the local board. However, inspection fees shall not be charged by the department for facilities which are inspected by third-party authorities. Third-party authorities shall be approved by the department. The department shall monitor and certify the inspection and enforcement programs of local boards of health and approved third-party authorities.

135I.5 Penalty.
A person who violates a provision of this chapter commits a simple misdemeanor. Each day upon which a violation occurs constitutes a separate violation.

89 Acts, ch 291, §5

135I.6 Enforcement.
If the department or a local board of health acting pursuant to agreement with the department determines that a provision of this chapter or a rule adopted pursuant to this chapter has been or is being violated, the department or the local board of health may order that a facility or item of equipment not be used until the necessary corrective action has been taken. The department or the local board of health may request the county attorney to bring appropriate legal proceedings to enforce this chapter, including an action to enjoin violations. The attorney general may also institute appropriate legal proceedings at the request of the department. This remedy is in addition to any other legal remedy available to the department or a local board of health.

A person or governmental unit, acting severally or jointly with any other person may establish, conduct, or maintain a hospice program in this state and receive license from the department after meeting the requirements of this division. Each application for license shall be accompanied by a nonrefundable biennial license fee determined by the department.

The hospice program shall meet the criteria...

The court shall immediately provide documentation to the pregnant minor and to the pregnant minor’s legal counsel if the pregnant minor is represented by legal counsel, demonstrating that the petition is deemed granted and that waiver of the notification requirements is deemed authorized. Resolution of a petition for authorization of waiver of the notification requirement shall be completed within ten calendar days as calculated from the day after the filing of the petition to the day of issuance of any final decision on appeal.

[C79, 81, §136C.1]
84 Acts, ch 1286, §10

136C.2 Applicability.
This chapter applies to radiation machines and radioactive material located in this state. The provisions of this chapter do not supersede or duplicate the authority and programs of any other agency of the state or the United States government. To avoid duplication and promote co-ordination of radiation protection activities, the department may enter into agreements pursuant to chapter 28E with other state and federal agencies, or with private organizations or individuals, to administer this chapter.
136C.3 Duties of department.

The department is designated the state radiation control agency and is responsible for regulating the installation and use of radiation machines and the use of radioactive materials in this state as provided in this chapter. The department shall:

1. Establish minimum criteria and safety standards for the installation, operation, and use of radiation machines and radioactive materials.

2. Establish minimum training standards including continuing education requirements, and administer examinations and disciplinary procedures for operators of radiation machines and users of radioactive materials. A state of Iowa license to practice medicine, osteopathy, chiropractic, podiatry, dentistry, dental hygiene, or veterinary medicine, or licensure as a physician assistant pursuant to chapter 148C, or certification by the board of dental examiners in dental radiography, or by the board of podiatry examiners in podiatric radiography, or enrollment in a program or course of study approved by the Iowa department of public health which includes the application of radiation to humans satisfies the minimum training standards for operation of radiation machines only.

The department shall establish a technical advisory committee made up of four technologists, one of whom shall be a limited radiography instructor, one of whom shall represent nuclear medicine technologists, one of whom shall represent radiation therapists, and one of whom shall represent diagnostic radiographers; five physicians, including one radiologist, one chiropractor, one physician representing either radiation therapy or nuclear medicine, one podiatrist, and one private practitioner; and a representative of the department. The advisory committee shall assist the department in developing and establishing criteria for the administration of this subsection.

3. Develop programs for evaluation and control of hazards associated with the use of sources of radiation with due regard for compatibility of a proposed program with federal programs regulating byproduct, source, and special nuclear materials and considering consistency of a proposed program with federal programs for regulation of radiation machines.

4. Adopt, publish, and amend rules in accordance with chapter 17A as necessary for the implementation and enforcement of this chapter. The rules may provide for the licensing and control of radioactive materials with due regard for compatibility with federal regulatory programs.

5. Issue orders as necessary in connection with licensing and registration of radiation machines and radioactive materials.

6. Advise, consult, and cooperate with other agencies of the state, the federal government, other states and interstate agencies, political subdivisions, and other organizations concerned with control of sources of radiation.

7. Encourage, participate in, or conduct studies, investigations, training, research, and demonstrations relating to control of sources of radiation.

8. Collect and disseminate information relating to control of sources of radiation. The department shall maintain the following information on file:

   a. License applications, issuances, denials, amendments, transfers, renewals, modifications, suspensions, and revocations.

   b. A list of persons possessing sources of radiation requiring registration under this chapter and any administrative or judicial action involving each person.

   c. Departmental rules relating to regulation of sources of radiation, existing or pending, and related actions.

9. Adopt rules requiring the keeping of such records with respect to activities under licenses and registration certificates issued pursuant to this chapter as the department determines necessary to effect the purposes of this chapter.

10. Adopt rules specifying the minimum training and performance standards for an individual using a radiation machine for mammography, and other rules necessary to implement section 136C.15. The rules shall complement federal requirements applicable to similar radiation machinery and shall not be less stringent than those federal requirements.

[C79, 81, §136C.3]

136C.4 Penalties.

1. It is unlawful to operate or use radiation machines or radioactive material in violation of this chapter or of any rule adopted pursuant to this chapter. Persons convicted of violating a provision of this chapter are guilty of a serious misdemeanor.

2. In addition to criminal penalties, the department may impose a civil penalty not to exceed one thousand dollars on a person who violates a provision of this chapter or a rule or order issued under this chapter, or a term, condition, or limitation of a license or registration certificate issued under this chapter, or who commits a violation for which a license or registration certificate may be revoked under rules issued pursuant to this chapter. Each day of continuing violation constitutes a separate offense in computing the civil penalty.

3. The department shall notify a person of the intent to impose a civil penalty against the person. The notice shall be by registered or certified mail to the person’s last known address and shall state...
§136C.5 Enforcement.
1. Upon determination by the department that this chapter or any rule adopted pursuant to this chapter has been or is being violated, the department may order that the radiation machine or radioactive material not be used until the necessary corrective action has been taken. If the use of the radiation machine or radioactive material continues in violation of the order of the department, the department may request the county attorney or the attorney general to make an application in the name of the state to the district court of the county in which the violations may have occurred for an order to enjoin the violations or practices.

2. The department may impound or order the impounding of radioactive material in the possession of a person who is not equipped to observe or fails to observe a provision of this chapter or of a rule adopted under this chapter.

3. The department may enter at reasonable times any private or public property to determine whether there is a violation of a provision of this chapter or of a rule issued under this chapter. However, the department must have the consent of the federal government before entering an area under the jurisdiction of the federal government.

4. The department may inspect records required to be kept under section 136C.3, subsection 9. Upon request of the department a person shall submit the records to the department for inspection.

§136C.7 Acceptance of funds.
The department may accept from any source loans, grants, gifts, or other funds to be used for programs authorized by this chapter.

84 Acts, ch 1286, §2

§136C.8 Inspections.
The department shall inspect all radiation machines and radioactive materials located in this state, for the purpose of detecting, abating, or eliminating excessive radiation exposure hazards. The inspection shall include but shall not be limited to an evaluation of the radiation machine or radioactive material as well as the immediate environment to ensure that in using the machines or materials all unnecessary hazards for patients, personnel, and other persons who may be exposed to radiation produced by the machine or materials are avoided. The inspection shall also include an evaluation of electrical hazards as well as the adequacy of mechanical supporting and restraining devices. All defects and deficiencies noted by the inspector shall be fully disclosed and discussed with the responsible persons at the time of inspection. The department shall establish rules prescribing operating procedures for radiation machines and radioactive materials which ensure minimum radiation exposure to patients, personnel, and other persons in the immediate environment.

84 Acts, ch 1286, §3

§136C.9 Registration and license requirements.
1. The department shall establish by rule a system for the registration of the possession of radiation machines and for the licensing of radioactive materials in the state. The rules may provide for the issuance of the following licenses:

   a. General licenses which do not require the filing of an application or the issuance of a document but do permit designated persons to transfer, acquire, own, possess or use quantities of or equipment using radioactive materials.

   b. Specific licenses issued upon application to a person named in the license to use, manufacture, produce, transfer, receive, acquire, or possess quantities of or equipment using radioactive material.

2. The department may exempt certain sources of radiation or kinds of uses or users from the licensing or registration requirements when the department finds that the exemption of the source of radiation, use, or users will not pose a significant risk to the health and safety of the public. The rules may provide for recognition of other state or federal licenses as the department may allow, subject to registration requirements as the department may prescribe.

3. A person shall not use, manufacture, produce, distribute, sell, transport, transfer, install, repair, receive, acquire, own, or possess any radio-
active material without a license from the department as provided in this chapter.
§ 136C.10 Fees.
The department shall establish and collect fees for the licensing and amendment of licenses for radioactive materials, the registration of radiation machines, the periodic inspection of radiation machines and radioactive materials, and the implementation of section 136C.3, subsection 2. Fees shall be in amounts sufficient to defray the cost of administering this chapter. The license fee may include the cost of environmental surveillance activities to assess the radiological impact of activities conducted by licensees. Fees collected shall be remitted to the treasurer of state who shall deposit the funds in the general fund of the state. When a registrant or licensee fails to pay the applicable fee the department may suspend or revoke the registration or license or may issue an appropriate order. Fees for the license, amendment of a license, and inspection of radioactive material shall not exceed the fees prescribed by the United States nuclear regulatory commission.
1. The governor, on behalf of the state, may enter into an agreement with the United States nuclear regulatory commission pursuant to section 274b of the Atomic Energy Act of 1954, as amended to July 1, 1984, providing for the discontinuation of certain federal licensing and related regulatory authority over byproduct, source, and special nuclear material and the assumption of regulatory authority over these materials by the state.
2. A person who, on the effective date of an agreement made under subsection 1, possesses a license issued by the United States nuclear regulatory commission for radioactive material that comes under the agreement is considered to possess the license required under this chapter. The license shall expire either ninety days after receipt from the department of a notice of expiration of the license, or on the date of expiration specified in the license issued by the nuclear regulatory commission, whichever is earlier.
§ 136C.12 Conflicting laws.
This chapter does not preempt ordinances, resolutions, or rules of a local government or of a state agency relating to radioactive material that are consistent with this chapter. This chapter does not give the department the authority to regulate a facility for the disposal of low-level radioactive waste as defined in article II of section 457B.1.
§ 136C.13 Emergencies.
If the department finds that an emergency exists involving radioactive material or radiation machines that requires immediate action to protect the public health and safety, the department may, without notice or hearing, issue an order stating that an emergency exists and requiring that action be taken as necessary to meet the emergency. An emergency order shall be effective immediately. A person to whom the order is directed shall comply with the order immediately, but on application to the department shall be afforded a hearing within ten days of the date application is made. The emergency order may be continued, modified, or revoked within thirty days after the hearing, based on the evidence presented at the hearing.
§ 136C.14 Qualified operators — display of credentials.
1. A person, other than a licensed professional, shall not operate a radiation machine or use radioactive materials for medical treatment or diagnostic purposes unless that person has completed a course of instruction approved by the department or has otherwise met the minimum training requirement established by the department.
2. A person, other than a licensed professional, who operates a radiation machine or uses radioactive materials for medical treatment or diagnostic purposes shall display the credentials which indicate that person’s qualification to operate the machine or use the materials in the immediate vicinity of the machine or where the materials are stored. A person who owns or controls the machine or materials is also responsible for the proper display of credentials of those who operate the machine or use the materials and shall not employ a person to operate the machine or use the materials for medical treatment or diagnostic purposes except as provided in this section.
§ 136C.15 Radiation machines used for mammography — registration standards and requirements — application for authority — inspection.
1. A person shall not use a radiation machine to perform mammography unless the radiation machine is registered with the department pursuant to the department’s rules and is specifically authorized for use for mammography as provided in this section.
2. The department shall authorize a radiation machine for use for mammography if the radiation machine meets all of the following:
   a. The radiation machine meets the criteria for the American college of radiology mammography accreditation program. The department shall make copies of those criteria available to the public and may by rule adopt modified criteria. The
department may accept an evaluation report issued by the American college of radiology as evidence that a radiation machine meets those criteria. If at any time the department determines that it will not accept any evaluation reports issued by the American college of radiology as evidence that a radiation machine meets those criteria, the department shall promptly notify each person who has registered a radiation machine under this paragraph.

b. The radiation machine, the film or other image receptor used in the radiation machine, and the facility where the radiation machine is used meet the requirements set forth in department rules for radiation machines.

c. The radiation machine is specifically designed to perform mammography.

d. The radiation machine is used in a facility that does all of the following:

   (1) At least annually has a qualified radiation physicist provide on-site consultation to the facility, including, but not limited to, a complete evaluation of the entire mammography system to ensure compliance with this section and the rules adopted pursuant to this section.

   (2) Maintains for at least seven years, records of the consultation required in subparagraph (1) and the findings of the consultation.

   e. The radiation machine is used according to the department rules on patient radiation exposure and radiation dose levels.

   f. The radiation machine is operated only by an individual who can demonstrate to the department that the individual is specifically trained in mammography and meets the standards established in this section, or an individual who is a physician or an osteopathic physician.

3. The department may issue a nonrenewable temporary authorization for a radiation machine for use for mammography if additional time is needed to allow submission of evidence satisfactory to the department that the radiation machine meets the standards set forth in subsection 2 for approval for mammography. A temporary authorization granted under this subsection shall be effective for no more than twelve months. The department may withdraw a temporary authorization prior to its expiration if the radiation machine does not meet one or more of the standards set forth in subsection 2.

4. To obtain authorization from the department to use a radiation machine for mammography, the person who owns or leases the radiation machine or an authorized agent of the person shall apply to the department for mammography authorization on an application form provided by the department and shall provide all of the information required by the department as specified on the application form. A person who owns or leases more than one radiation machine used for mammography shall obtain authorization for each radiation machine. The department shall process and respond to an application within thirty days after the date of receipt of the application. Upon determining to grant mammography authorization for a radiation machine, the department shall issue a certificate of registration specifying mammography authorization for each authorized radiation machine. A mammography authorization is effective for three years.

5. No later than sixty days after initial mammography authorization of a radiation machine under this section, the department shall inspect the radiation machine. After that initial inspection, the department shall annually inspect the radiation machine and may inspect the radiation machine more frequently. The department shall make reasonable efforts to coordinate the inspections under this section with the department’s other inspections of the facility in which the radiation machine is located.

6. After each satisfactory inspection by the department, the department shall issue a certificate of radiation machine inspection or a similar document identifying the facility and radiation machine inspected and providing a record of the date the radiation machine was inspected. The facility shall post the certificate or other document near the inspected radiation machine.

7. The department may withdraw the mammography authorization for a radiation machine if it does not meet one or more of the standards set forth in subsection 2.

8. The department shall provide an opportunity for a hearing in connection with a denial or withdrawal of mammography authorization.

9. Upon a finding that a deficiency in a radiation machine used for mammography or a violation of this section or the rules adopted pursuant to this section seriously affects the health, safety, and welfare of individuals upon whom the radiation machine is used for mammography, the department may issue an emergency order summarily withdrawing the mammography authorization of the radiation machine. The department shall incorporate its findings in the order and shall provide an opportunity for a hearing within five working days after issuance of the order. The order shall be effective during the proceedings.

10. If the department withdraws the mammography authorization of a radiation machine, the radiation machine shall not be used for mammography. An application for reinstatement of a mammography authorization shall be filed and processed in the same manner as an application for mammography authorization under subsection 4, except that the department shall not issue a reinstated certificate of mammography registration until the department inspects the radiation machine and determines that it meets the standards set forth in subsection 2. The department shall conduct an inspection required under this subsection no later than sixty days after receiving a proper application for reinstatement of a mam-
mography authorization.
11. The department shall establish fees pursuant to section 136C.10 for the application for authorization and the inspection related to a radiation machine used for mammography.

their bare hands. Where ready-to-eat food is rou-
tinely handled by employees, employers should
adopt reasonable sanitary procedures to reduce
the risk of the transmission of pathogenic organisms.

h. In seeking to minimize employees’ physical contact with ready-to-eat foods, no single method or device is universally practical or necessarily the most effective method to prevent the transmission of pathogenic organisms in all situations. As such, each public food service establishment shall review its operations to identify procedures where ready-to-eat food must be routinely handled by its employees and adopt one or more of the following sanitary alternatives, to be used either alone or in combination, to prevent the transmission of pathogenic organisms:

1. The use of suitable food handling materials including, but not limited to, deli tissues, appropriate utensils, or dispensing equipment. Such materials must be used in conjunction with thorough hand washing practices in accord with subparagraph (3).

4. The use of such other practices, devices, or products that are found by the division to achieve a comparable level of protection to one or more of the sanitary alternatives in subparagraphs (1) through (3).

c. Regardless of the sanitary alternatives in use, each public food service establishment shall establish:

1. Systematic focused education and training of all food service employees involved in the identified procedures regarding the potential for transmission of pathogenic organisms from contact with ready-to-eat food. The importance of proper hand washing and hygiene in preventing the transmission of illness, and the effective use of the sanitary alternatives and monitoring systems utilized by the public food service establishment, shall be reinforced. The content and duration of this training shall be determined by the manager of the public food service establishment.

Municipal corporations shall not regulate, license, inspect, or collect license fees from food establishments and food processing plants, except as provided in this section.

A municipal corporation may enter into an agreement with the director to provide that the municipal corporation shall license, inspect, and otherwise enforce this chapter within its jurisdiction. The director may enter into the agreement if the director finds that the municipal corporation has adequate resources to perform the required functions. Notwithstanding any provision of this chapter to the contrary, if a care provider sustains an exposure from an individual while rendering health care services or other services, the individual to whom the care provider was exposed is deemed to consent to a test to determine if the individual has a contagious or infectious disease and is deemed to consent to notification of the care provider of the results of the test, upon submission of
an exposure report by the care provider to the hospital or other person specified in this section to whom the individual is delivered by the care provider. The exposure report form may be incorporated into the Iowa prehospital care report, the Iowa prehospital advanced care report, or a similar report used by an ambulance, rescue, or first response service or law enforcement agency.

b. The hospital or other person specified in this section to whom the individual is delivered shall conduct the test. If the individual is delivered by the care provider to an institution administered by the Iowa department of corrections, the test shall be conducted by the staff physician of the institution. If the individual is delivered by the care provider to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. The sample and test results shall only be identified by a number and shall not otherwise identify the individual tested.

c. A hospital, institutions administered by the department of corrections, and jails shall have written policies and procedures for notification of a care provider under this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. 3. The notification to the care provider shall advise the care provider of possible exposure to a particular contagious or infectious disease and recommend that the care provider seek medical attention. The notification shall be provided as soon as is reasonably possible following determination that the individual has a contagious or infectious disease. The notification shall not include the name of the individual tested for the contagious or infectious disease unless the individual consents. If the care provider who sustained an exposure determines the identity of the individual diagnosed or confirmed as having a contagious or infectious disease, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual diagnosed with or confirmed as having a contagious or infectious disease.

4. This section does not require or permit, unless otherwise provided, a hospital, health care provider, or other person to administer a test for the express purpose of determining the presence of a contagious or infectious disease, except that testing may be performed if the individual consents and if the requirements of this section are satisfied.

5. This section does not preclude a hospital or a health care provider from providing notification to a care provider under circumstances in which the hospital’s or health care provider’s policy provides for notification of the hospital’s or health care provider’s own employees of exposure to a contagious or infectious disease that is not life-threatening if the notice does not reveal a patient’s name, unless the patient consents.

6. A hospital, health care provider, or other person participating in good faith in complying with provisions authorized or required under this section is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

7. A hospital’s or health care provider’s duty of notification under this section is not continuing but is limited to a diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of health care services or other services to which notification under this section applies.

8. A hospital, health care provider, or other person who is authorized to perform a test under this section who performs the test in compliance with this section or who fails to perform the test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

9. A hospital, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the test authorized.

10. The department shall adopt rules pursuant to chapter 17A to administer this section. The department may determine by rule the contagious or infectious diseases for which testing is reasonable and appropriate and which may be administered under this section.

11. The employer of a care provider who sustained an exposure under this section shall pay the costs of testing for the individual who is the source of the exposure and of the testing of the care

139A.22 Prevention of transmission of HIV or HBV to patients.
1. A hospital shall adopt procedures requiring the establishment of protocols applicable on a case-by-case basis to a health care provider determined to be infected with HIV or HBV who ordinarily performs exposure-prone procedures as determined by an expert review panel, within the hospital setting. The protocols established shall be in accordance with the recommendations issued by the centers for disease control and prevention of the United States department of health and human services. The expert review panel may be an established committee of the hospital. The procedures may provide for referral of the health care provider to the expert review panel established by the department pursuant to subsection 3 for establishment of the protocols. The procedures shall require reporting noncompliance with the protocols by a health care provider to the examining board with jurisdiction over the relevant health care providers.
2. A health care facility shall adopt procedures in accordance with recommendations issued by the centers for disease control and prevention of the United States department of health and human services, applicable to a health care provider determined to be infected with HIV or HBV who ordinarily performs or assists with exposure-prone procedures within the health care facility. The procedures shall require referral of the health care provider to the expert review panel established by the department pursuant to subsection 3.
3. The department shall establish an expert review panel to determine on a case-by-case basis under what circumstances, if any, a health care provider determined to be infected with HIV or HBV practicing outside the hospital setting or referred to the panel by a hospital or health care facility may perform exposure-prone procedures. If a health care provider determined to be infected with HIV or HBV does not comply with the determination of the expert review panel, the panel shall report the noncompliance to the examining
board with jurisdiction over the health care provider. A determination of an expert review panel pursuant to this section is a final agency action appealable pursuant to section 17A.19.

4. The health care provider determined to be infected with HIV or HBV, who works in a hospital setting, may elect either the expert review panel established by the hospital or the expert review panel established by the department for the purpose of making a determination of the circumstances under which the health care provider may perform exposure-prone procedures.

5. A health care provider determined to be infected with HIV or HBV shall not perform an exposure-prone procedure except as approved by the expert review panel established by the department pursuant to subsection 3, or in compliance with the protocol established by the hospital pursuant to subsection 1 or the procedures established by the health care facility pursuant to subsection 2.

6. The board of medical examiners, the board of physician assistant examiners, the board of podiatric examiners, the board of nursing, the board of dental examiners, and the board of optometry examiners shall require that licensees comply with the recommendations issued by the centers for disease control and prevention of the United States department of health and human services for preventing transmission of human immunodeficiency virus and hepatitis B virus to patients during exposure-prone invasive procedures, with the recommendations of the expert review panel established pursuant to subsection 3, with hospital protocols established pursuant to subsection 1, and with health care facility procedures established pursuant to subsection 2, as applicable.

7. Information relating to the HIV status of a health care provider is confidential and subject to the provisions of section 141A.9. A person who intentionally or recklessly makes an unauthorized disclosure of such information is subject to a civil penalty of one thousand dollars. The attorney general or the attorney general’s designee may maintain a civil action to enforce this section. Proceedings maintained under this section shall provide for the anonymity of the health care provider and all documentation shall be maintained in a confidential manner. Information relating to the HBV status of a health care provider is confidential and shall not be accessible to the public. Information regulated by this section, however, may be disclosed to members of the expert review panel established by the department or a panel established by hospital protocol under this section. The information may also be disclosed to the appropriate examining board by filing a report as required by this section. The examining board shall consider the report a complaint subject to the confidentiality provisions of section 272C.6. A licensee, upon the filing of a formal charge or notice of hearing by the examining board based on such a complaint, may seek a protective order from the board.

8. The expert review panel established by the department and individual members of the panel shall be immune from any liability, civil or criminal, for reasonable actions taken in the good faith performance of functions authorized or required by this section. A hospital, an expert review panel established by the hospital, and individual members of the panel shall be immune from any liability, civil or criminal, for reasonable actions taken in the good faith performance of functions authorized or required by this section. Complaints, investigations, reports, deliberations, and findings of the hospital and its panel with respect to a named health care provider suspected, alleged, or found to be in violation of the protocol required by this section constitute peer review records under section 147.135, and are subject to the specific confidentiality requirements and limitations of that section.

See §139A.23

139A.23 Contingent repeal.

If the provisions of Pub. L. No. 102-141 relating to requirements for prevention of transmission of HIV or HBV to patients in the performance of exposure-prone procedures are repealed, section 139A.22 is repealed.

(2) When the physician believes in good faith that the infected person, despite strong encouragement, has not and will not warn the third party and will not participate in the voluntary partner notification program.

Notwithstanding subsection 4, the department or a physician may reveal the identity of a person who has tested positive for the HIV infection pursuant to this subsection only to the extent necessary to protect a third party from the direct threat of transmission. 2. Within seven days of diagnosing a person as having an AIDS-related condition, the diagnosing physician shall make a report to the department on a form provided by the department.

3. Within seven days of the death of a person resulting from an AIDS-related condition, the attending physician shall make a report to the department on a form provided by the department.

   d. The gender of the patient.
   e. The race and ethnicity of the patient.
   f. The patient's marital status.
   g. The patient's telephone number.
   h. The name and address of the laboratory or blood bank.
   i. The date the test was found to be positive and the collection date.
   j. The name of the physician or health care provider who performed the test.

The department shall notify the individual each time the department determines that the individual has failed to file a required report. The department shall inform the individual in the notification that the individual may provide information to the department to explain or dispute the failure to report.

141A.7 Test results — counseling — application for services.

1. Prior to undergoing an HIV-related test, information shall be available to the subject of the test concerning testing and any means of obtaining additional information regarding HIV infection and risk reduction. At any time that the subject of an HIV-related test is informed of confirmed positive test results, counseling concerning the emotional and physical health effects shall be initiated. Particular attention shall be given to explaining the need for the precautions necessary to avoid transmitting the virus. The subject shall be given information concerning additional counseling.

2. Notwithstanding subsection 1, the provisions of this section do not apply to any of the following:

   b. A person engaged in the business of insurance who is subject to section 505.16.

   c. The performance by a health care provider or health facility of an HIV-related test when the subject of the test is deceased and a documented significant exposure has occurred.

   d. A person may apply for voluntary treatment, contraceptive services, or screening or treatment for HIV infection and other sexually transmitted diseases directly to a licensed physician and surgeon, an osteopathic physician and surgeon, or a family planning clinic. Notwithstanding any other provision of law, however, a minor shall be informed prior to testing that, upon confirmation according to prevailing medical technology of a positive HIV-related test result, the minor's legal guardian is required to be informed by the testing facility. Testing facilities where minors are tested shall have available a program to assist minors and legal guardians with the notification process which emphasizes the need for family support and assists in making available the resources necessary to accomplish that goal. However, a testing facility which is precluded by federal statute, regulation, or centers for disease control and prevention guidelines from informing the legal guardian is exempt from the notification requirement. The minor shall give written consent to these procedures and to receive the services, screening, or treatment. Such consent is not subject to later disaffirmance by reason of minority.

   99 Acts, ch 181, §11

Uniform anatomical gift Act, see chapter 142C

141A.8 Care provider notification.

1. a. Notwithstanding any provision of this chapter to the contrary, if a care provider sustains a significant exposure from an individual, the individual to whom the care provider was exposed is deemed to consent to a test to determine the presence of HIV infection in that individual and is deemed to consent to notification of the care provider of the HIV test results of the individual, upon submission of a significant exposure report by the care provider to the hospital or other person specified in this section to whom the individual is delivered by the care provider. The significant exposure report form may be incorporated into the Iowa prehospital care report, the Iowa prehospital advanced care report, or a similar report used by an ambulance, rescue, or first response service or law enforcement agency.
b. The hospital or other person specified in this section to whom the individual is delivered shall conduct the test. If the individual is delivered by the care provider to an institution administered by the Iowa department of corrections, the test shall be conducted by the staff physician of the institution. If the individual is delivered by the care provider to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. The sample and test results shall only be identified by a number and no reports otherwise required by this chapter shall be made which otherwise identify the individual tested.

c. A hospital, institutions administered by the department of corrections, and jails shall have written policies and procedures for notification of a care provider under this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. The identity of the designated representative of the care provider shall not be revealed to the individual tested. The designated representative shall inform the hospital, institution administered by the department of corrections, or jail of those parties who received the notification, and following receipt of this information and upon request of the individual tested, the hospital, institution administered by the department of corrections, or jail shall inform the individual of the parties to whom notification was provided.

2. a. If the test results are positive, the hospital or other person performing the test shall notify the subject of the test and ensure the performance of counseling and reporting requirements of this chapter in the same manner as for an individual from whom actual consent was obtained.

b. If the HIV test results of the subject of the test are positive, the hospital or other person performing the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider who sustained the exposure.

c. The notification shall be provided as soon as is reasonably possible following determination that the HIV test results of the subject of the test are positive. The notification shall not include the name of the individual tested for HIV infection unless the individual provides a specific written release. If the care provider who sustained the significant exposure determines the identity of the individual tested, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual tested.

3. This section does not require or permit, unless otherwise provided, a hospital, health care provider, or other person to administer a test for the express purpose of determining the presence of HIV infection, except that testing may be performed if the individual consents and if the requirements of this section are satisfied.

4. This section does not preclude a hospital or health care provider from providing notification to a care provider under circumstances in which the hospital's or health care provider's policy provides for notification of the hospital's or health care provider's own employees of exposure to HIV infection if the notice does not reveal a patient's name, unless the patient consents.

5. A hospital, health care provider, or other person participating in good faith in making a report under the notification provisions of this section, under procedures similar to this section for notification of its own employees upon filing of a significant exposure report, or in failing to make a report under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

6. A hospital's or health care provider's duty to notify under this section is not continuing but is limited to the diagnosis of HIV infection made in the course of admission, care, and treatment following the rendering of health care services or other services to the individual with the infection to which notification under this section applies.

7. Notwithstanding subsection 6, if, following discharge from or completion of care or treatment by a hospital, an individual for whom a significant exposure report was submitted but which report did not result in notification, wishes to provide information regarding the individual's HIV infection status to the care provider who submitted the report, the hospital shall provide a procedure for notifying the care provider.

8. A hospital, health care provider, or other person who is authorized to perform an HIV test under this section, who performs the HIV test in compliance with this section or who fails to perform an HIV test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

9. A hospital, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the HIV test authorized.

10. The employer of a care provider who sustained a significant exposure under this section shall pay the costs of HIV testing for the individual who is the source of the significant exposure and of the testing and counseling of the care provider, if the significant exposure was sustained during the course of employment. However, the department shall pay the costs of HIV testing for the individual who is the source of the significant exposure and of the testing and counseling of the care provider who renders direct aid without compensation.

A person shall not be compelled to disclose the identity of any person upon whom an HIV-related test is performed, or the results of the test in a manner which permits identification of the subject of the test, except to persons entitled to that information under this chapter. a. To the subject of the test or the subject’s legal guardian subject to the provisions of section 141A.7, subsection 3, when applicable.

(2) Pleadings pertaining to disclosure of test results shall substitute a pseudonym for the true name of the subject of the test. The disclosure to the parties of the subject’s true name shall be communicated confidentially in documents not filed with the court.

(3) Before granting an order, the court shall provide the person whose test results are in question with notice and a reasonable opportunity to participate in the proceedings if the person is not already a party.

(4) Court proceedings as to disclosure of test results shall be conducted in camera unless the subject of the test agrees to a hearing in open court or unless the court determines that a public hearing is necessary to the public interest and the proper administration of justice.

(5) Upon the issuance of an order to disclose test results, the court shall impose appropriate safeguards against unauthorized disclosure, which shall specify the persons who may gain access to the information, the purposes for which the information shall be used, and appropriate prohibitions on future disclosure.

l. To an employer, if the test is authorized to be required under any other provision of law.

142C.3  Donation of anatomical gifts — persons who may execute — manner of executing.
1.  A competent individual who is at least eighteen years of age, or a minor fourteen through seventeen years of age with written consent of a parent or legal guardian, may make an anatomical gift for one or more of the purposes listed in section 142C.5, may limit an anatomical gift to one or more of the purposes listed in section 142C.5, or may refuse to make an anatomical gift, the gift to take effect upon the death of the donor.
2.  An anatomical gift may be made only by completion of a document of gift or as otherwise provided in this section. If the prospective donor is a minor fourteen through seventeen years of
age, to be valid, a document of gift shall be signed by the minor and the minor’s parent or legal guardian. If the document of gift requires the signature of the donor, but the donor is unable to sign the document, the document of gift shall be signed by another individual and by two witnesses, all of whom sign at the direction and in the presence of the donor, the other individual, and the two witnesses. The document of gift, including an entry in a donor registry, shall provide certification that the document has been executed in the prescribed manner.

3. If a donor indicates the wish to become a donor, pursuant to section 321.189, and the indication is attached to or imprinted or noted on an individual’s driver’s license or nonoperator’s identification card, or if a donor indicates the wish to become a donor via an entry in a donor registry and the entry is certified as being executed in the prescribed manner, the document, including an entry in a donor registry, shall be considered a valid document of gift.

4. A document of gift may designate a particular physician, technician, or enucleator to perform the appropriate procedures. In the absence of a designation or if the designee is not available to perform the procedures, the donee or other person authorized to accept the anatomical gift may employ or authorize any physician, technician, or enucleator to perform the appropriate procedures.

5. A document of gift by will takes effect upon the death of the testator, whether or not the will is probated. For the purposes of a document of gift by will, invalidation of the will for testamentary purposes does not result in the invalidation of the document of gift.

6. A donor may amend or revoke a document of gift by any of the following means:
   a. A signed statement, executed by the donor.
   b. An oral statement made by the donor in the presence of two individuals.
   c. Any form of communication during a terminal illness or injury addressed to a health care professional, licensed or certified pursuant to chapter 148, 148C, 150A, or 152.
   d. The delivery of a written statement, signed by the donor, to a specified donee to whom a document of gift has been delivered.

7. The donor of an anatomical gift made by will may amend or revoke the gift as provided in subsection 6 or in the manner provided for amendment or revocation of wills.

8. A document of gift that is not revoked by the donor prior to the donor’s death does not require the consent or concurrence of any other person after the donor’s death and is sufficient legal authority, following the donor’s death, for the removal of any part donated under the document of gift, without the consent or concurrence of any other person. A person, including but not limited to a family member, a guardian, an attorney in fact named under a durable power of attorney for health care, or an executor of the donor’s estate, is not authorized to and shall not revoke or in any way supersede a document of gift that is not revoked by the donor prior to the donor’s death.

9. An individual may refuse to make an anatomical gift of the individual’s body or part by completing any written document expressing the individual’s refusal to make an anatomical gift. During a terminal illness or injury, the refusal may be by an oral statement or other form of unwritten communication addressed to a health care professional licensed or certified under chapter 148, 148C, 150A, or 152.

10. In the absence of a contrary indication by the donor, an anatomical gift of a part does not constitute a refusal to donate other parts nor does it constitute a limitation on an anatomical gift made pursuant to section 142C.4.

11. In the absence of a contrary indication by the donor, a revocation or amendment of an anatomical gift does not constitute a refusal to make a subsequent anatomical gift. If the donor intends a revocation to constitute a refusal to make an anatomical gift, the donor shall make the refusal pursuant to subsection 9.

12. A document of gift may be in the form of a specific donor card such as an eye donor card, a uniform donor card, a driver’s license, a nonoperator’s identification card, an entry in a donor registry, a will, or any other written document executed pursuant to this chapter. A uniform donor card shall include the options of donating any and all parts, or any specific part or parts. A uniform donor card may, but is not required to, be in the following form:

The document of gift, or a copy, may be deposited in any hospital, organ procurement organization, bank or storage organization, or donor registry office that accepts the document of gift for safekeeping or for the facilitation of procedures after the death of the donor. 144.29A Termination of pregnancy reporting.

1. A health care provider who initially identifies and diagnoses a spontaneous termination of pregnancy or who induces a termination of pregnancy shall file with the department a report for each termination within thirty days of the occurrence. The health care provider shall make a good faith effort to obtain all of the following information that is available with respect to each termination:
   a. The confidential health care provider code as assigned by the department.
   b. The report tracking number.
   c. The maternal health services region of the Iowa department of public health, as designated as of July 1, 1997, in which the patient resides.
   d. The race of the patient.
   e. The age of the patient.
   f. The marital status of the patient.
   g. The educational level of the patient.
   h. The number of previous pregnancies, live births, and spontaneous or induced terminations of pregnancies.
   i. The month and year in which the termination occurred.
   j. The number of weeks since the patient’s last menstrual period and a clinical estimate of gestation.

2. It is the intent of the general assembly that the information shall be collected, reproduced, released, and disclosed in a manner specified by rule of the department, adopted pursuant to chapter 17A, which ensures the anonymity of the patient who experiences a termination of pregnancy, the health care provider who identifies and diagnoses or induces a termination of pregnancy, and the hospital, clinic, or other health facility in which a termination of pregnancy is identified and diagnosed or induced. The department may share information with federal public health officials for the purposes of securing federal funding or conducting public health research. However, in sharing the information, the department shall not relinquish control of the information, and any agreement entered into by the department with federal public health officials to share information shall prohibit the use, reproduction, release, or disclosure of the information by federal public health officials in a manner which violates this section. The department shall publish, annually, a demographic summary of the information obtained pursuant to this section, except that the department shall not reproduce, release, or disclose any information obtained pursuant to this section which reveals the identity of any patient, health care provider, hospital, clinic, or other health facility, and shall ensure anonymity in the following ways:
   a. The department may use information concerning the report tracking number or concerning the identity of a reporting health care provider, hospital, clinic, or other health facility only for purposes of information collection. The department shall not reproduce, release, or disclose this information for any purpose other than for use in annually publishing the demographic summary under this section.
   b. The department shall enter the information, from any report of termination submitted, within thirty days of receipt of the report, and shall immediately destroy the report following entry of the information. However, entry of the information from a report shall not include any health care provider, hospital, clinic, or other health facility identification information including, but not limited to, the confidential health care provider code, as assigned by the department.
   c. To protect confidentiality, the department shall limit release of information to release in an aggregate form which prevents identification of any individual patient, health care provider, hospital, clinic, or other health facility. For the purposes of this paragraph, “aggregate form” means a compilation of the information received by the department on termination of pregnancies for each information item listed, with the exceptions of the report tracking number, the health care provider code, and any set of information for which the amount is so small that the confidentiality of any person to whom the information relates may be compromised. The department shall establish a methodology to provide a statistically verifiable basis for any determination of the correct amount at which information may be released so that the confidentiality of any person is not compromised.
   3. Except as specified in subsection 2, reports, information, and records submitted and maintained pursuant to this section are strictly confidential and shall not be released or made public upon subpoena, search warrant, discovery proceedings, or by any other means.
   4. The department shall assign a code to any health care provider who may be required to report a termination under this section. An application procedure shall not be required for assignment of a code to a health care provider.
   5. A health care provider shall assign a report tracking number which enables the health care provider to access the patient’s medical information without identifying the patient.
   6. To ensure proper performance of the reporting requirements under this section, it is preferred that a health care provider who practices within a hospital, clinic, or other health facility authorize one staff person to fulfill the reporting requirements.
   7. For the purposes of this section, “health care provider” means an individual licensed under
chapter 148, 148C, 148D, 150, 150A, or 152, or any individual who provides medical services under the authorization of the licensee.

8. For the purposes of this section, “inducing a termination of pregnancy” means the use of any means to terminate the pregnancy of a woman known to be pregnant with the intent other than to produce a live birth or to remove a dead fetus.

9. For the purposes of this section, “spontaneous termination of pregnancy” means the occurrence of an unintended termination of pregnancy at any time during the period from conception to twenty weeks gestation and which is not a spontaneous termination of pregnancy at any time during the period from twenty weeks or greater which is reported to the department as a fetal death under this chapter.

A dead body or fetus brought into this state for final disposition shall be accompanied by a burial-transit permit under the law of the state in which the death occurred.

The state registrar, without a court order, shall not issue a permit without the consent of the surviving spouse or in case of such spouse’s absence, death, or incapacity, the next of kin. Disinterment for the purpose of reburial may be allowed by court order only upon a showing of substantial benefit to the public. Disinterment for the purpose of autopsy or reburial by court order shall be allowed only when reasonable cause is shown that someone is criminally or civilly responsible for such death, after hearing, upon reasonable notice prescribed by the court to the surviving spouse or in the spouse’s absence, death, or incapacity, the next of kin. Section amended by: 85 Acts, ch 3, §3; 92 Acts, ch 1132, §1 – 3; 2002 Acts, ch 1061, §1

144A.3 Declaration relating to use of life-sustaining procedures.

1. A competent adult may execute a declaration at any time directing that life-sustaining procedures be withheld or withdrawn. The declaration shall be given operative effect only if the declarant’s condition is determined to be terminal and the declarant is not able to make treatment decisions.

2. The declaration must be signed by the declarant or another person acting on behalf of the declarant at the direction of the declarant, must contain the date of the declaration’s execution, and must be witnessed or acknowledged by one of the following methods:

   a. Is signed by at least two individuals who, in the presence of each other and the declarant, witnessed the signing of the declaration by the declarant or by another person acting on behalf of the declarant at the declarant’s direction. At least one of the witnesses shall be an individual who is not a relative of the declarant by blood, marriage, or adoption within the third degree of consanguinity.

The following individuals shall not be witnesses for a declaration:

   (1) A health care provider attending the declarant on the date of execution of the declaration.

   (2) An employee of a health care provider attending the declarant on the date of execution of the declaration.

   (3) An individual who is less than eighteen years of age.

   b. Is acknowledged before a notarial officer within this state.

3. It is the responsibility of the declarant to provide the declarant’s attending physician or health care provider with the declaration. An attending physician or health care provider may presume, in the absence of actual notice to the contrary, that the declaration complies with this chapter and is valid.

4. A declaration or similar document executed in another state or jurisdiction in compliance with the law of that state or jurisdiction shall be deemed valid and enforceable in this state, to the extent the declaration or similar document is consistent with the laws of this state. A declaration or similar document executed by a veteran of the armed forces which is in compliance with the federal department of veterans affairs advance directive requirements shall be deemed valid and enforceable.

5. A declaration executed pursuant to this chapter may, but need not, be in the following form:

   DECLARATION

   If I should have an incurable or irreversible condition that will result either in death within a relatively short period of time or a state of permanent unconsciousness from which, to a reasonable degree of medical certainty, there can be no recovery, it is my desire that my life not be prolonged by the administration of life-sustaining procedures. If I am unable to participate in my health care decisions, I direct my attending physician to withhold or withdraw life-sustaining procedures that merely prolong the dying process and are not necessary to my comfort or freedom from pain.

144A.4 Revocation of declaration.

1. A declaration may be revoked at any time and in any manner by which the declarant is able to communicate the declarant’s intent to revoke, without regard to mental or physical condition. A revocation is only effective as to the attending physician upon communication to such physician by the declarant or by another to whom the revocation was communicated.
§144A.4, LIFE-SUSTAINING PROCEDURES

2. The attending physician shall make the revocation a part of the declarant's medical record.

85 Acts, ch 3, §5

144A.5 Determination of terminal condition.

When an attending physician who has been provided with a declaration determines that the declarant is in a terminal condition, this decision must be confirmed by another physician. The attending physician must record that determination in the declarant's medical record.

85 Acts, ch 3, §6

144A.6 Treatment of qualified patients.

1. A qualified patient has the right to make decisions regarding use of life-sustaining procedures as long as the qualified patient is able to do so. If a qualified patient is not able to make such decisions, the declaration shall govern decisions regarding use of life-sustaining procedures.

2. The declaration of a qualified patient known to the attending physician to be pregnant shall not be in effect as long as the fetus could develop to the point of live birth with continued application of life-sustaining procedures. However, the provisions of this subsection do not impair any existing rights or responsibilities that any person may have in regard to the withholding or withdrawal of life-sustaining procedures.

85 Acts, ch 3, §8; 87 Acts, ch 100, §1; 2002 Acts, ch 1061, §4

Subsection 1, paragraph a amended

1. If an attending physician issues an out-of-hospital do-not-resuscitate order for an adult patient under this section, the physician shall use the form prescribed pursuant to subsection 2, in addition to any other information necessary to provide clear and reliable instructions to a health care provider.

2. The department, in collaboration with interested parties, shall prescribe uniform out-of-hospital do-not-resuscitate order forms and uniform personal identifiers, and shall adopt administrative rules necessary to implement this section. The uniform forms and personal identifiers shall be used statewide.

3. The out-of-hospital do-not-resuscitate order form shall include all of the following:

a. The patient's name.

b. The patient's date of birth.

c. The name of the individual authorized to act on the patient's behalf, if applicable.

5. In fulfilling the instructions of an out-of-
hospital do-not-resuscitate order under this chapter, a health care provider shall continue to provide appropriate comfort care and pain relief to the patient.

6. An out-of-hospital do-not-resuscitate order shall not apply when a patient is in need of emergency medical services due to a sudden accident or injury resulting from a motor vehicle collision, fire, mass casualty, or other cause of a sudden accident or injury which is outside the scope of the patient’s terminal condition.

7. An out-of-hospital do-not-resuscitate order is deemed revoked at any time that a patient, or an individual authorized to act on the patient’s behalf as designated on the out-of-hospital do-not-resuscitate order, is able to communicate in any manner the intent that the order be revoked, without regard to the mental or physical condition of the patient. A revocation is only effective as to the health care provider upon communication to that provider by the patient, an individual authorized to act on the patient’s behalf as designated in the order, or by another person to whom the revocation is communicated.

8. The personal wishes of family members or other individuals who are not authorized in the order to act on the patient’s behalf shall not supersede a valid out-of-hospital do-not-resuscitate order.

9. If uncertainty regarding the validity or applicability of an out-of-hospital do-not-resuscitate order exists, a health care provider shall provide necessary and appropriate resuscitation.

10. A health care provider shall document compliance or noncompliance with an out-of-hospital do-not-resuscitate order and the reasons for not complying with the order, including evidence that the order was revoked or uncertainty regarding the validity or applicability of the order.

11. This section shall not preclude a hospital licensed under chapter 135B from honoring an out-of-hospital do-not-resuscitate order entered in accordance with this section and in compliance with established hospital policies and protocols.

144A.8 Transfer of patients.

1. An attending physician who is unwilling to comply with the requirements of section 144A.5, or who is unwilling to comply with the declaration of a qualified patient in accordance with section 144A.6 or an out-of-hospital do-not-resuscitate order pursuant to section 144A.7A, or who is unwilling to comply with the provisions of section 144A.7 or 144A.7A shall take all reasonable steps to effect the transfer of the patient to another physician.

2. If the policies of a health care provider preclude compliance with the declaration or out-of-hospital do-not-resuscitate order of a qualified patient under this chapter or preclude compliance with the provisions of section 144A.7 or 144A.7A, the provider shall take all reasonable steps to effect the transfer of the patient to a facility in which the provisions of this chapter can be carried out.

144A.9 Immunities.

1. In the absence of actual notice of the revocation of a declaration or of an out-of-hospital do-not-resuscitate order, the following, while acting in accordance with the requirements of this chapter, are not subject to civil or criminal liability or guilty of unprofessional conduct:

   a. A physician who causes the withholding or withdrawal of life-sustaining procedures from a qualified patient.

   b. The health care provider in which such withholding or withdrawal occurs.

   c. A person who participates in the withholding or withdrawal of life-sustaining procedures under the direction of or with the authorization of a physician.

4. In the absence of actual notice of the revocation of an out-of-hospital do-not-resuscitate order, a health care provider who complies with this chapter is not subject to civil or criminal liability or guilty of unprofessional conduct in entering, executing, or otherwise participating in an out-of-hospital do-not-resuscitate order.

144A.10 Penalties.

1. Any person who willfully conceals, holds, cancels, destroys, alters, defaces, or obliterates the declaration, out-of-hospital do-not-resuscitate order, or out-of-hospital do-not-resuscitate identifier of another without the declarant’s or patient’s consent or who falsifies or forges a revocation of the declaration or out-of-hospital do-not-resuscitate order of another is guilty of a serious misdemeanor.

2. Any person who falsifies or forges the declaration or out-of-hospital do-not-resuscitate order of another, or willfully conceals or withholds personal knowledge of or delivery of a revocation as provided in section 144A.4 or 144A.7A, with the intent to cause a withholding or withdrawal of life-sustaining procedures, is guilty of a serious misdemeanor.

Section amended
§144A.11, LIFE-SUSTAINING PROCEDURES

144A.11 General provisions.
1. Death resulting from the withholding or withdrawal of life-sustaining procedures pursuant to a declaration or out-of-hospital do-not-resuscitate order and in accordance with this chapter does not, for any purpose, constitute a suicide, homicide, or dependent adult abuse.
2. The executing of a declaration pursuant to section 144A.3 or an out-of-hospital do-not-resuscitate order pursuant to section 144A.7A does not affect in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance is legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures pursuant to this chapter, notwithstanding any term of the policy to the contrary.
3. A physician, health care provider, health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not require any person to execute a declaration or an out-of-hospital do-not-resuscitate order as a condition for being insured for, or receiving, health care services.
4. This chapter creates no presumption concerning the intention of an individual who has not executed a declaration or an out-of-hospital do-not-resuscitate order with respect to the use, withholding, or withdrawal of life-sustaining procedures in the event of a terminal condition.
5. This chapter shall not be interpreted to increase or decrease the right of a patient to make decisions regarding use of life-sustaining procedures as long as the patient is able to do so, nor to impair or supersede any right or responsibility that any person has to effect the withholding or withdrawal of medical care in any lawful manner. In that respect, the provisions of this chapter are cumulative.
6. This chapter shall not be construed to condone, authorize or approve mercy killing or euthanasia, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying.

144A.12 Application to existing declarations.
A declaration executed prior to April 23, 1992, shall remain valid and shall be given effect in accordance with the then-applicable provisions of this chapter. If a declaration executed prior to April 23, 1992, includes a provision which would not have been given effect under this chapter prior to April 23, 1992, but which would be given effect under 1992 Acts, chapter 1132, then the provision shall be given effect in accordance with 1992 Acts, chapter 1132.

b. The durable power of attorney for health care contains the date of its execution and is witnessed or acknowledged by one of the following methods:

   1) Is signed by at least two individuals who, in the presence of each other and the principal, witnessed the signing of the instrument by the principal or by another person acting on behalf of the principal at the principal’s direction.

   2) Is acknowledged before a notarial officer within this state.

2. The following individuals shall not be witnesses for a durable power of attorney for health care:

1. A health care provider attending the principal on the date of execution.

2. An employee of a health care provider attending the principal on the date of execution unless the individual to be designated is related to the principal by blood, marriage, or adoption within the third degree of consanguinity.

91 Acts, ch 140, §4

§144B.5 Durable power of attorney for health care — form.

1. A durable power of attorney for health care executed pursuant to this chapter may, but need not, be in the following form:

   I hereby designate ................ as my attorney in fact (my agent) and give to my agent the power to make health care decisions for me. This power exists only when I am unable, in the judgment of my attending physician, to make those health care decisions. The attorney in fact must act consistently with my desires as stated in this document or otherwise made known.

   Except as otherwise specified in this document, this document gives my agent the power, where otherwise consistent with the law of this state, to consent to my physician not giving health care or stopping health care which is necessary to keep me alive.

   This document gives my agent power to make health care decisions on my behalf, including to consent, to refuse to consent, or to withdraw consent to the provision of any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. This power is subject to any statement of my desires and any limitations included in this document.

   My agent has the right to examine my medical records and to consent to disclosure of such records.

   2. In addition to the foregoing, the principal may provide specific instructions in the document conferring the durable power of attorney for
§144B.6 Attorney in fact — priority to make decisions.

1. Unless the district court sitting in equity specifically finds that the attorney in fact is acting in a manner contrary to the wishes of the principal or the durable power of attorney for health care provides otherwise, an attorney in fact who is known to the health care provider to be available and willing to make health care decisions has priority over any other person, including a guardian appointed pursuant to chapter 633, to act for the principal in all matters of health care decisions. The attorney in fact has authority to make a particular health care decision only if the principal is unable, in the judgment of the attending physician, to make the health care decision. If the principal objects to a decision to withhold or withdraw health care, the principal shall be presumed to have the capacity to revoke a durable power of attorney for health care.

2. In exercising the authority under the durable power of attorney for health care, the attorney in fact has a duty to act in accordance with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact at any time. A declaration executed by the principal pursuant to the life-sustaining procedures Act, chapter 144A, shall not be interpreted as expressing an intent to prohibit the withdrawal of hydration or nutrition when required to be provided parenterally or through intubation and shall not otherwise restrict the authority of the attorney in fact unless either the declaration or the durable power of attorney for health care expressly provides otherwise. If the principal's desires are unknown, the attorney in fact has a duty to act in the best interests of the principal, taking into account the principal's overall medical condition and prognosis.

91 Acts, ch 140, §6

§144B.7 Authority to review medical records.

Except as limited by the durable power of attorney for health care, an attorney in fact has the same right as the principal to receive and review medical records of the principal, and to consent to the disclosure of medical records of the principal when acting pursuant to the durable power of attorney for health care.

91 Acts, ch 140, §7

§144B.8 Revocation of durable power of attorney.

1. A durable power of attorney for health care may be revoked at any time and in any manner by which the principal is able to communicate the intent to revoke, without regard to mental or physical condition. Revocation may be by notifying the attorney in fact orally or in writing. Revocation may also be made by notifying a health care provider orally or in writing while that provider is engaged in providing health care to the principal. A revocation is only effective as to a health care provider upon its communication to the provider by the principal or by another to whom the principal has communicated revocation. The health care provider shall document the revocation in the treatment records of the principal.

2. The principal is presumed to have the capacity to revoke a durable power of attorney for health care.

3. Unless it provides otherwise, a valid durable power of attorney for health care revokes any prior durable power of attorney for health care.

4. If authority granted by a durable power of attorney for health care is revoked under this section, an individual is not subject to criminal prosecution or civil liability for acting in good faith reliance upon the durable power of attorney for health care unless the individual has actual knowledge of the revocation.

5. The fact of execution and subsequent revocation of a durable power of attorney shall have no effect upon subsequent health care decisions made in accordance with accepted principles of law and standards of medical care governing those decisions.

91 Acts, ch 140, §8

§144B.9 Immunities and responsibilities.

1. A health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action if the health care provider relies on a health care decision and both of the following requirements are satisfied:

   a. The decision is made by an attorney in fact who the health care provider believes in good faith is authorized to make the decision.

   b. The health care provider believes in good faith that the decision is not inconsistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the health care provider, and, if the decision is to withhold or withdraw health care necessary to keep the principal alive, the health care provider has provided an opportunity for the principal to object to the decision.

2. Notwithstanding a contrary health care decision of the attorney in fact, the health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action for failing to withhold or withdraw health care necessary to keep the principal alive. However, the attorney
in fact may make provisions to transfer the responsibility for the care of the principal to another health care provider.

3. An attorney in fact is not subject to criminal prosecution or civil liability for any health care decision made in good faith pursuant to a durable power of attorney for health care.

4. It shall be presumed that an attorney in fact, and a health care provider acting pursuant to the direction of an attorney in fact, are acting in good faith and in the best interests of the principal absent clear and convincing evidence to the contrary.

5. For purposes of this section, acting in “good faith” means acting consistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact, or where those desires are unknown, acting in the best interests of the principal, taking into account the principal’s overall medical condition and prognosis.

6. A health care provider or attorney in fact may presume that a durable power of attorney for health care is valid absent actual knowledge to the contrary.

144B.10 Emergency treatment.
This chapter does not affect the law governing health care treatment in an emergency.
91 Acts, ch 140, §10

144B.11 Prohibited practices.
1. A health care provider, health care service plan, insurer, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not condition admission to a facility, or the providing of treatment, or insurance, on the requirement that an individual execute a durable power of attorney for health care.

2. A policy of life insurance shall not be legally impaired or invalidated in any manner by the withholding or withdrawing of health care pursuant to the direction of an attorney in fact appointed pursuant to this chapter.
91 Acts, ch 140, §11

144B.12 General provisions.
1. This chapter does not create a presumption concerning the intention of an individual who has not executed a durable power of attorney for health care and does not impair or supersede any right or responsibility of an individual to consent, refuse to consent, or withdraw consent to health care on behalf of another in the absence of a durable power of attorney for health care.

2. This chapter shall not be construed to condone, authorize, or approve any affirmative or deliberate act or omission which would constitute mercy killing or euthanasia.

3. If after executing a durable power of attorney for health care designating a spouse as attorney in fact, the marriage between the principal and the attorney in fact is dissolved, the power is thereby revoked. In the event of remarriage to each other, the power is reinstated unless otherwise revoked by the principal.

4. It is the responsibility of the principal to provide for notification of a health care provider of the terms of the principal’s durable power of attorney for health care.

CHAPTER 145A
AREA HOSPITALS

Consolidation of hospital service; see chapter 348

145A.1 Consolidation for purpose.
Any of the political subdivisions of this state may consolidate to acquire and operate an area hospital for the purpose of providing hospital service for all residents of such area.

145A.2 Definitions.
As used in this chapter, unless the context indicates otherwise:
1. “Area hospital” means a hospital established and operated by a merged area.
2. “Board” means the board of trustees of an area hospital.
3. “Merged area” means a public corporation formed by the residents of two or more contiguous or noncontiguous political subdivisions which have merged resources to establish and operate an area hospital.
4. “Officials” means the respective governing bodies of political subdivisions.
5. “Political subdivision” means any county, township, school district or city.

145A.3 Official planning — maximum levy.
The officials of a political subdivision may plan the formation of a public corporation as a merged area to establish and operate an area hospital. In planning for an area hospital, a county board of supervisors may exclude from the merged area any township of the county which the board of supervisors determines would not sufficiently benefit by the merger and the portion of the county not so excluded shall constitute one public corporation for the purposes of this chapter. Plans for an area hospital shall include the maximum amount to be levied for debt service and operation and maintenance of the area hospital in the portion of the merged area within each political subdivision taking part in the merger. However, the maximum tax rates for the various political subdivisions may vary as the officials determine, based upon the need for hospital service of the residents of each political subdivision, the proximity of the residents to the proposed location of the hospital, the property values within the subdivision, and the expected service benefits to the residents of each subdivision by the proposed area hospital.

145A.4 Plans.
Officials of the various subdivisions may expend public funds for the purpose of formulating plans and in carrying out plans for a merged area and may arrive at an equitable distribution of costs to be paid by each participating political subdivision.

145A.5 Order of approval.
When a plan is approved, the officials approving the plan shall jointly issue an order of approval. The order shall specify the area to be merged, the maximum rate of tax to be levied for debt service and operation and maintenance of the proposed area hospital in the portion of the merged area within each political subdivision, the proposed location of the hospital building, the estimated cost of the establishment of the hospital, and any other details concerning the establishment and operation of the hospital the officials deem pertinent. The order shall be published in one or more newspapers which have general circulation within the merged area once each week for three consecutive weeks, but the newspapers selected need not be published in the merged area. The pub-
lished order shall contain a notice to the residents of each subdivision of the proposed merged area that if the residents fail to protest as provided in this chapter, the order shall be deemed approved upon the expiration of a sixty-day period following the date of the last published notice.

[C71, 73, 75, 77, 79, 81, §145A.5]
85 Acts, ch 123, §4

145A.6 Petition of protest.
The plans formulated for the area hospital shall be deemed approved unless, within sixty days after the third and final publication of the order, a petition protesting the proposed plan containing the signatures of at least five percent of the registered voters of any political subdivision within the proposed merged area is filed with the respective officials of the protesting petitioners.

[C71, 73, 75, 77, 79, 81, §145A.6]
2001 Acts, ch 56, §8

145A.7 Special election.
When a protesting petition is received, the officials receiving the petition shall call a special election of all registered voters of that political subdivision for the purpose of approving or rejecting the order setting out the proposed merger plan. The vote will be taken by ballot in the form provided by sections 49.43 to 49.47, and the election shall be initiated and held as provided in chapter 49. A majority vote of those registered voters voting at said special election shall be sufficient to approve the order and thus include the political subdivision within the merged area.

[C71, 73, 75, 77, 79, 81, §145A.7]
2001 Acts, ch 56, §9

145A.8 Effect on other subdivisions.
A protest petition filed in one political subdivision shall have no effect upon the other political subdivisions of the proposed merged area; and in the portion of the proposed area where no protest petition is filed within sixty days after the last published notice, the residents of that portion of the area shall be deemed to have approved the proposed plan, and shall not take part in any special election.

[C71, 73, 75, 77, 79, 81, §145A.8]

145A.9 Continuance or abandonment.
If the voters at the special election approve by a majority vote the proposed plan, then the plan may be carried out as originally proposed. However, if the voters of any political subdivision within the proposed area reject the plan as set out in the original order, then said original order shall be wholly nullified.

[C71, 73, 75, 77, 79, 81, §145A.9]

145A.10 Board of hospital trustees.
Upon acceptance of a plan, the officials of the merged area acting as a committee of the whole shall appoint a board of hospital trustees. The board of trustees shall then meet, elect a chairperson and adopt such rules for the organization of the board as may be necessary. The number and composition of the board shall be determined by the committee appointing the board; but as a matter of public policy the committee is directed to apportion the board into area districts in such a way that the residents of all of the merged area will be represented as nearly equally as possible on the board.

[C71, 73, 75, 77, 79, 81, §145A.10]

145A.11 Terms of members.
The terms of members of the board shall be four years, except that members of the initial board shall determine their respective terms by lot so that the terms of one-half of the members, as nearly as may be, shall expire at the next general election. The remaining initial terms shall expire at the following general election. The successors of the initial board shall be chosen from area districts at regular elections, and shall be nominated and elected in the same manner as county hospital trustees as provided in section 347.25, except that nomination papers on behalf of a candidate shall be signed by not less than twenty-five eligible electors from the area district.

[C71, 73, 75, 77, 79, 81, §145A.11]

145A.12 Operation and management.
The board shall govern the operation and management of the area hospital and may do all things necessary to establish and operate the hospital. The board has all the general powers, duties, and responsibilities of the trustees of county public hospitals as set out in sections 347.13 and 347.14 and may enter into contracts for the operation and management of area hospital facilities.

145A.13 Political status.
A merged area as a public corporation formed under this chapter may exercise the powers granted under this chapter, and may sue and be sued, purchase and sell property, incur indebtedness in accordance with constitutional limitations, and exercise all the powers granted by law and other powers incident to public corporations of like character and not inconsistent with the laws of this state.

[C71, 73, 75, 77, 79, 81, §145A.13]
85 Acts, ch 123, §6

145A.14 Budget for operation.
The board shall prepare an annual budget designating the proposed expenditures for operation
of the area hospital and payment of bonded indebtedness, and the amount to be raised by taxation, following the requirements of chapter 24. The board shall prorate the amount to be raised for operations by local taxation among the respective political subdivisions forming a part of the merged area in the proportion that the product of the value of taxable property and the maximum tax levy rate in each political subdivision bears to the total product of the value of taxable property and the maximum tax levy rate in the entire merged area, as set out in the published order of merger. The board of hospital trustees shall certify the amount so determined to the respective levying officials of the affected counties, and the officials shall levy a tax sufficient to raise the annual budget. Taxes collected pursuant to the levy shall be paid by the respective county treasurers to the treasurer of the area hospital in the same manner that school taxes are paid to local school districts.

145A.15 Treasurer of hospital.

If the area hospital is located within the corporate limits of any city, the city treasurer shall act as treasurer of the area hospital; and if the area hospital is located outside the limits of any city, the county treasurer shall act as the treasurer of the area hospital; provided, however, the board may appoint some other person to serve as treasurer. The board may require that the treasurer furnish appropriate bond for faithful performance of the treasurer’s duties.

[CT1, 73, 75, 77, 79, 81, §145A.15]

145A.16 Funds to aid hospital.

In addition to revenue derived by tax levy, the board of hospital trustees of a merged area shall be authorized to receive and expend:

1. Federal funds which may be available by federal laws, rules and regulations.
2. State aid which may be available by state laws and rules.
3. Fees and expenses charged to persons using the facilities of the hospital.
4. Donations and gifts which may be accepted by the hospital trustees and expended in accordance with the terms of the gift without compliance with the local budget law.

[CT1, 73, 75, 77, 79, 81, §145A.16]

145A.17 Indebtedness and bonds.

Boards of hospital trustees may by resolution acquire sites and buildings by purchase, lease, construction, or otherwise, for use by area hospitals and may by resolution contract indebtedness on behalf of the merged area and issue bonds bearing interest at a rate not exceeding the rate of interest permitted by chapter 74A, to raise funds in accordance with chapter 75 for the purpose of acquiring the sites and buildings.

[CT1, 73, 75, 77, 79, 81, §145A.17] 85 Acts, ch 123, §8

145A.18 Taxes.

Taxes for the payment of bonds issued under section 145A.17 shall be levied in accordance with chapter 76 and in the same proportion as provided in section 145A.14. Any indebtedness incurred shall not be considered an indebtedness incurred for general and ordinary purposes.

145A.19 Special tax.

In addition to the tax authorized in connection with the annual budget and with the issuance of bonds, the voters in any merged area may at any regular election vote a special tax for a period not to exceed five years for the purchase of grounds, purchase or construction of buildings, purchase of equipment, and for the purpose of maintaining, remodeling, improving, or expanding the hospital area. Such a tax shall not exceed one-fourth of the maximum levy of each political subdivision as set out in the published order of merger, but the total tax levy for annual budget, bonds, and special purposes shall not exceed the maximum levy as proposed in the published order of merger.

[CT1, 73, 75, 77, 79, 81, §145A.19]

145A.20 Revenue bonds.

In addition to any other provisions of this chapter and for the purpose of acquiring, constructing, equipping, enlarging, or improving a hospital building or any part of a hospital building, merged areas may issue revenue bonds and the board has all the powers and duties of a county board of supervisors as provided in chapter 331, division IV, part 4 and section 347A.3.

145A.21 Amendment of plan of merger — procedures — qualifications.

A plan of merger once approved may be amended. An amendment shall be formulated and approved in the same manner and subject to the same limitations as provided in sections 145A.3 through 145A.9 for the formulation and approval of an original plan of merger. However, an amendment to a plan of merger shall not in any way impair the obligation of or source of payment for bonds or other indebtedness duly contracted prior to the effective date of the amendment to the plan of merger.

85 Acts, ch 123, §11
145A.22 Actions subject to contest of elections — filing actions — limitation.

Except as provided with respect to election contests, after one hundred twenty days following the third and final publication of the order of approval of the plan or amendment to the plan of merger, an action shall not be filed to contest the regularity of the proceedings with respect to a plan of merger or amendment to a plan of merger. After one hundred twenty days the organization of the merged area is conclusively presumed to have been lawful.

145B.2 Application to department of public health.

An institution may apply annually to the Iowa department of public health for authority to obtain animals from a pound. The pound may tender to such institution dogs in its custody seized or held by authority of the state, municipality, or other political subdivision. However, a dog shall not be tendered unless it has been held for redemption by its owner or for sale for a period of not less than three nor more than fifteen days. A dog lawfully licensed at the time of its seizure shall not be tendered unless its owner consents in writing. Unless a dog is sick or injured or lawfully licensed at the time of seizure, a pound shall not destroy a dog while a request of an authorized institution to that pound is pending.

145B.3 Dogs held for redemption by owner.

An institution so authorized by the Iowa department of public health may request dogs from a pound. The pound may tender to such institution dogs in its custody seized or held by authority of the state, municipality, or other political subdivision. However, a dog shall not be tendered unless it has been held for redemption by its owner or for sale for a period of not less than three nor more than fifteen days. A dog lawfully licensed at the time of its seizure shall not be tendered unless its owner consents in writing. Unless a dog is sick or injured or lawfully licensed at the time of seizure, a pound shall not destroy a dog while a request of an authorized institution to that pound is pending.

[C62, 66, 71, 73, 75, 77, 79, 81, §351A.3] C93, §145B.3

145B.4 Fee.

An institution obtaining dogs from a pound shall pay to the municipality or other political subdivision under whose authority each dog is held or was seized a reasonable fee not to exceed five dollars for each dog so obtained, and shall provide for the transportation of the dogs so obtained from the pound.

145B.5 Care and treatment.

Animals used in any institution authorized by this chapter shall receive every consideration for their bodily comfort; they shall be kindly treated, properly fed and their surroundings kept in a sanitary condition. All major operative procedures may be done under local infiltration anesthesia.
If the nature of the study is such that the animal may survive, acceptable techniques shall be followed throughout the operation. If the study does not require survival, the animal shall be killed in a humane manner at the conclusion of the observations. The post-operative care of experimental animals shall be such as to minimize discomfort during convalescence. All conditions shall be maintained for the animal’s comfort in accordance with the best practices followed in human medicine and surgery.

145B.6 Penalty.
It shall be a simple misdemeanor for any person or corporation to violate any provision of this chapter. Any pound failing or refusing to comply with the provisions of this chapter shall become immediately ineligible for any public moneys notwithstanding the provisions of any contract, and it shall be unlawful for any public body to pay any public moneys to a pound after receipt by it of a notice of such noncompliance or refusal from any institution authorized by the Iowa department of public health to obtain dogs until such time as such institution shall have withdrawn its notice or the department shall have notified such public body that such notice was without foundation.

145B.7 Construction.
This chapter shall be so construed and interpreted as to effectuate its purpose of making available for scientific, educational and research purposes unclaimed, unwanted and unlicensed dogs.

146.1 Liability of persons relating to performance of abortions.

An individual who may lawfully perform, assist, or participate in medical procedures which will result in an abortion shall not be required against that individual's religious beliefs or moral convictions to perform, assist, or participate in such procedures. A person shall not discriminate against any individual in any way, including but not limited to employment, promotion, advancement, transfer, licensing, education, training or the granting of hospital privileges or staff appointments, because of the individual's participation in or refusal to participate in recommending, performing or assisting in an abortion procedure. For the purposes of this chapter, "abortion" means the termination of a human pregnancy with the intent other than to produce a live birth or to remove a dead fetus. Abortion does not include medical care which has as its primary purpose the treatment of a serious physical condition requiring emergency medical treatment necessary to save the life of a mother.

[C77, 79, 81, §146.1]

146.2 Liability of hospitals refusing to perform abortions.
A hospital, which is not controlled, maintained and supported by a public authority, shall not be required to permit the performance of an abortion. The refusal to permit such procedures shall not be grounds for civil liability to any person nor a basis for any disciplinary or other recriminatory action against the hospital.

§147.47 Special conditions.
An examining board shall have power to provide by rule that no reciprocal relation shall be entered into by the department with any state with reference to licenses to practice the profession for which such examining board conducts examinations, unless every person licensed in another state when applying for a license to practice in this state shall comply with one or both of the following conditions:

The fact of such change shall be determined by the proper examining board and certified to the department for its guidance in enforcing the provisions of this section.

§147.49 License of another state.
The department shall, upon presentation of a license to practice a profession issued by the duly constituted authority of another state, with which this state has established reciprocal relations, and subject to the rules of the examining board for such profession, license said applicant to practice in this state, unless under the rules of said examining board a practical examination is required in such cases. §147.51 Applicability of other provisions.
All the provisions of this chapter relative to applications, transmittal of the names of eligible candidates, certification of successful applicants, and issuance of licenses thereto, in the case of regular examinations, shall apply as far as applicable to applicants for practical examinations.

§147.52 Reciprocity.
When the laws of any state or the rules of the authorities of said state place any requirement or disability upon any person holding a diploma or certificate from any college in this state in which one of the professions regulated by this subtitle is taught, which affects the right of said person to be licensed in said state, the same requirement or disability shall be placed upon any person holding a diploma from a similar college situated therein, when applying for a license to practice in this state.

The department and each examining board shall have power to establish the necessary rules, not inconsistent with law, for carrying out the reciprocal relations with other states which are authorized by this chapter.

Verification of automated dispensing accuracy and completeness remains the responsibility of the pharmacist or practitioner and shall be determined in accordance with rules adopted by the boards of pharmacy, medicine, dentistry, and podiatry for their respective licensees.

A dentist, physician, or podiatric physician who dispenses prescription drugs, other than drug samples, pursuant to this subsection, shall register the fact that they dispense prescription drugs with the practitioner’s respective examining board at least biennially.

A physician, dentist, or podiatric physician who dispenses prescription drugs, other than drug samples, pursuant to this subsection, shall offer to provide the patient with a written prescription that may be dispensed from a pharmacy of the patient’s choice or offer to transmit the prescription to a pharmacy of the patient’s choice.

3. A physician’s assistant or registered nurse may supply when pharmacist services are not reasonably available or when it is in the best interests of the patient, on the direct order of the supervising physician, a quantity of properly packaged and labeled prescription drugs, controlled substances, or contraceptive devices necessary to complete a course of therapy. However, a remote clinic, staffed by a physician’s assistant or registered nurse, where pharmacy services are not reasonably available, shall secure the regular advice and consultation of a pharmacist regarding the distribution, storage, and appropriate use of such drugs, substances, and devices.

4. Notwithstanding subsection 3, a physician assistant shall not dispense prescription drugs as an incident to the practice of the supervising physician or the physician assistant, but may supply, when pharmacist services are not reasonably available, or when it is in the best interests of the patient, a quantity of properly packaged and labeled prescription drugs, controlled substances, or medical devices necessary to complete a course of therapy. However, a remote clinic, staffed by a physician assistant, where pharmacy services are not reasonably available, shall secure the regular advice and consultation of a pharmacist regarding the distribution, storage, and appropriate use of such drugs, substances, and devices. Prescription drugs supplied under the provisions of this subsection shall be supplied for the purpose of accommodating the patient and shall not be sold for more than the cost of the drug and reasonable overhead costs, as they relate to supplying prescription drugs to the patient, and not at a profit to the physician or the physician assistant. If prescription drug supplying authority is delegated to a supervising physician to a physician assistant, a nurse or staff assistant may assist the physician assistant in providing that service. Rules shall be adopted by the board of physician assistant examiners, after consultation with the board of pharmacy examiners, to implement this subsection.

5. Notwithstanding subsection 1 and any other provision of this section to the contrary, a physician may delegate the function of prescribing drugs, controlled substances, and medical devices to a physician assistant licensed pursuant to chapter 148C. When delegated prescribing occurs, the supervising physician’s name shall be used, recorded, or otherwise indicated in connection with each individual prescription so that the individual who dispenses or administers the prescription knows under whose delegated authority the physician assistant is prescribing. Rules relating to the authority of physician assistants to prescribe drugs, controlled substances, and medical devices pursuant to this subsection shall be adopted by the board of physician assistant examiners, after consultation with the board of medical examiners and the board of pharmacy examiners, as soon as possible after July 1, 1991. The rules shall be reviewed and approved by the physician assistant rules review group created under subsection 7 and shall be adopted in final form by January 1, 1993. However, the rules shall prohibit the prescribing of schedule II controlled substances which are listed as stimulants or depressants pursuant to chapter 124. If rules are not reviewed and approved by the physician assistant rules review group created under subsection 7 and adopted in final form by January 1, 1993, a physician assistant may prescribe drugs as a delegated act of a supervising physician under rules adopted by the board of physician assistant examiners and subject to the rules review process established in section 148C.7. The board of physician assistant examiners shall be the only board to regulate the practice of physician assistants relating to prescribing and supplying prescription drugs, controlled substances and medical devices, notwithstanding section 148C.6A.

6. Health care providers shall consider the instructions of the physician assistant to be instructions of the supervising physician if the instructions concern duties delegated to the physician assistant by a supervising physician.

7. A physician assistant rules review group is established consisting of two physician assistants selected by the board of physician assistants, two physicians selected by the board of medical examiners, and one physician currently practicing as a supervising physician of physician assistants selected by the four other members of the rules review group no later than August 1, 1991. The rules review group shall select its own chairperson.

The rules review group shall review and approve or disapprove rules proposed for adoption relating to the authority of physician assistants to supply or prescribe drugs, controlled substances, and medical devices pursuant to subsection 5. Approval shall be by a simple majority of the members of the rules review group. A rule shall not be-

2. If communications fail during an emergency or nonemergency situation, the emergency medical care provider may perform any emergency medical care procedure for which that individual is certified and which is included in written protocols if in the judgment of the emergency medical care provider the life of the patient is in immediate danger and such care is required to preserve the patient’s life.

3. The department shall adopt rules to authorize medical care procedures which can be initiated in accordance with written protocols prior to the establishment of communication.

95 Acts, ch 40, §2

147A.22 Legislative findings and intent — purpose.
The general assembly finds the following:
1. Trauma is a serious health problem in the state of Iowa and is the leading cause of death of younger Iowans. The death and disability associated with traumatic injury contributes to the significant medical expenses and lost work, and adversely affects the productivity of Iowans.

2. Optimal trauma care is limited in many parts of the state. With health care delivery in transition, access to quality trauma and emergency medical care continues to challenge our rural communities.

3. The goal of a statewide trauma care system is to coordinate the medical needs of the injured person with an integrated system of optimal and cost-effective trauma care. The result of a well-coordinated statewide trauma care system is to reduce the incidences of inadequate trauma care and preventable deaths, minimize human suffering, and decrease the costs associated with preventable mortality and morbidity.

4. The development of the Iowa trauma care system will achieve these goals while meeting the unique needs of the rural residents of the state.

95 Acts, ch 40, §3

147A.23 Trauma care system development.

1. The department is designated as a lead agency in this state responsible for the development of a statewide trauma care system.

2. The department, in consultation with the trauma system advisory council, shall develop, coordinate, and monitor a statewide trauma care system. This system shall include, but not be limited to, the following:

   a. The categorization of all hospitals and emergency care facilities by the department as to their capacity to provide trauma care services. The categorization shall be determined by the department from self-reported information provided to the department by the hospital or emergency care facility. This categorization shall not be construed to imply any guarantee on the part of the department as to the level of trauma care services available at the hospital or emergency care facility.

   b. The issuance of a certificate of verification of all categorized hospitals and emergency care facilities from the department at the level preferred by the hospital or emergency care facility. The standards and verification process shall be established by rule and may vary as appropriate by level of trauma care capability. To the extent possible, the standards and verification process shall be coordinated with other applicable accreditation and licensing standards.

   c. Upon verification and the issuance of a certificate of verification, a hospital or emergency care facility agrees to maintain a level of commitment and resources sufficient to meet responsibilities and standards as required by the trauma care criteria established by rule under this subchapter. Verifications are valid for a period of three years or as determined by the department and are renewable. As part of the verification and renewal process, the department may conduct periodic on-site reviews of the services and facilities of the hospital or emergency care facility.

   d. The department is responsible for the funding of the administrative costs of this subchapter. Any funds received by the department for this purpose shall be deposited in the emergency medical services fund established in section 135.25.

   e. This section shall not be construed to limit the number and distribution of level I, II, III, and IV categorized and verified trauma care facilities in a community or region.

   b. A valid standard certificate issued by the educational commission for foreign medical graduates or similar accrediting agency.

2. Pass an examination prescribed by the medical examiners which shall include subjects which determine the applicant's qualifications to practice medicine and surgery and which shall be given according to the methods deemed by the medical examiners to be the most appropriate and practicable. However, the federation licensing examination (FLEX) or any other national standardized examination which the medical examiners shall approve may be administered to any or all applicants in lieu of or in conjunction with other examinations which the medical examiners shall prescribe. The medical examiners may establish necessary achievement levels on all examinations for a passing grade and adopt rules relating to examinations.

§148.5 Resident physician license.

A license shall be valid for a duration as determined by the board. The fee for each license shall be set by the medical examiners to cover the administrative costs of issuing the license. The medical examiners shall determine in each instance those eligible for a license, whether or not examinations shall be given, and the type of examinations. Requirements of the law pertaining to regular permanent licensure shall not be mandatory for a resident physician license except as specifically designated by the medical examiners. The granting of a resident physician license does not in any way indicate that the person licensed is necessarily eligible for regular permanent licensure, nor are the medical examiners in any way obligated to license the individual.

§148.6 Revocation.

1. The medical examiners, after due notice and hearing in accordance with chapter 17A, may issue an order to discipline a licensee for any of the grounds set forth in section 147.55, chapter 272C, or this subsection. 1. The medical examiners may, upon their own motion or upon verified complaint in writing, and shall, if such complaint is filed by the director of public health, issue an order fixing the time and place for hearing. A written notice of the time and place of the hearing together with a statement of the charges shall be served upon the licensee at least ten days before the hearing in the manner required for the service of notice of the commencement of an ordinary action or by restricted certified mail.

2. If the licensee has left the state, the notice and statement of the charges shall be so served at least twenty days before the date of the hearing, wherever the licensee may be found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by said rules. In case the licensee fails to appear, either in person or by counsel at the time and place designated in said notice, the medical examiners shall proceed with the hearing as hereinafter provided.

3. The hearing shall be before a member or members designated by the board or before an administrative law judge appointed by the board according to the requirements of section 17A.11, subsection 1. The presiding board member or administrative law judge shall issue subpoenas at the request and on behalf of the licensee. The hearing shall be open to the public.

The administrative law judge shall be an attorney vested with full authority of the board to schedule and conduct hearings. The administrative law judge shall prepare and file with the medical examiners the administrative law judge's findings of fact and conclusions of law, together with a complete written transcript of all testimony and evidence introduced at the hearing and all exhibits, pleas, motions, objections, and rulings of the administrative law judge.

4. A stenographic record of the proceedings shall be kept. The licensee shall have the opportunity to appear personally and by an attorney, with
The right to produce evidence in the licensee’s own behalf, to examine and cross-examine witnesses and to examine documentary evidence produced against the licensee.

5. If a person refuses to obey a subpoena issued by the presiding member or administrative law judge or to answer a proper question during the hearing, the presiding member or administrative law judge may invoke the aid of a court of competent jurisdiction or judge of this court in requiring the attendance and testimony of the person and the production of papers. A failure to obey the order of the court may be punished by the court as a civil contempt may be punished.

6. Unless the hearing is before the entire board, a transcript of the proceeding, together with exhibits presented, shall be considered by the entire board at the earliest practicable time. The licensee and the licensee’s attorney shall have the opportunity to appear personally to present the licensee’s position and arguments to the board. The board shall determine the charge or charges upon the merits on the basis of the evidence in the record before it.

7. If a majority of the members of the board vote in favor of finding the licensee guilty of an act or offense specified in section 147.55 or 148.6, the board shall prepare written findings of fact and its decision imposing one or more of the following disciplinary measures:
   a. Suspend the licensee’s license to practice the profession for a period to be determined by the board.
   b. Revoke the licensee’s license to practice the profession.
   c. Suspend imposition of judgment and penalty or impose the judgment and penalty, but suspend enforcement and place the physician on probation. The probation ordered may be vacated upon noncompliance. The medical examiners may restore and reissue a license to practice medicine and surgery, osteopathic medicine and surgery or osteopathy, but may impose a disciplinary or corrective measure which it might originally have imposed. A copy of the medical examiners’ order, findings of fact, and decision, shall be served on the licensee in the manner of service of an original notice or by certified mail return receipt requested.

8. Judicial review of the board’s action may be sought in accordance with the terms of the Iowa administrative procedure Act.

9. The medical examiners’ order revoking or suspending a license to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy or to discipline a licensee shall remain in force and effect until the appeal is finally determined and disposed of upon its merit.

 expiration of nerve mechanism controlling such body functions, or by the correction of anatomical maladjustments, or by other therapeutic agents, methods and modalities used supplementary thereto; but such supplementary agents, methods or modalities shall be used only preliminary to, preparatory to or in conjunction with such manual treatment. Such osteopathic practice is hereby declared not to be the practice of medicine within the meaning of chapter 148, nor the practice of osteopathic medicine and surgery within the meaning of chapter 150A, and is not subject to the provisions of chapter 148 or chapter 150A, except sections 148.6 to 148.9, inclusive.

§151.12 Temporary certificate.

The chiropractic examiners may, in their discretion, issue a temporary certificate authorizing the licensee to practice chiropractic if, in the opinion of the chiropractic examiners, a need exists and the person possesses the qualifications prescribed by the chiropractic examiners for the license, which shall be substantially equivalent to those required for licensure under this chapter. The chiropractic examiners shall determine in each instance those eligible for this license, whether or not examinations shall be given, and the type of examinations. No requirements of the law pertaining to regular permanent licensure are mandatory for this temporary license except as specifically designated by the chiropractic examiners. The granting of a temporary license does not in any way indicate that the person so licensed is eligible for regular licensure, nor are the chiropractic examiners in any way obligated to so license the person.

The temporary certificate shall be issued for one year and at the discretion of the chiropractic examiners may be renewed, but a person shall not practice chiropractic in excess of three years while holding a temporary certificate. The fee for this license shall be set by the chiropractic examiners and if extended beyond one year a renewal fee per year shall be set by the chiropractic examiners. The fees shall be based on the administrative costs of issuing and renewing the licenses. The chiropractic examiners may cancel a temporary certificate at any time, without a hearing, for reasons deemed sufficient to the chiropractic examiners.

When the chiropractic examiners cancel a temporary certificate they shall promptly notify the licensee by registered mail, at the licensee's last-named address, as reflected by the files of the chiropractic examiners, and the temporary certificate is terminated and of no further force and effect three days after the mailing of the notice to the licensee.

The board may also prescribe by rule conditions of license reinstatement. The board shall prescribe rules of procedure by which to restrict, suspend, or revoke a license. These procedures shall conform to the provisions of chapter 17A.
2. In addition to the grounds stated in section 147.55, the following are grounds for suspension or revocation under subsection 1 of this section:
   b. Continued practice while knowingly having an infectious or contagious disease which could be harmful to a patient's welfare.
   c. Conviction for a felony in the courts of this state or another state, territory, or country if the felony relates to the practice of nursing.    d. (1) Having a license to practice nursing as a registered nurse or licensed practical nurse revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is prima facie evidence of such fact.
      (2) Having a license to practice nursing as a registered nurse or licensed practical nurse revoked or suspended, or having other disciplinary action taken, by a licensing authority in another state which has adopted the nurse licensure compact contained in section 152E.1 and which has communicated information relating to such action pursuant to the coordinated licensure information system established by the compact. h. (1) Inability to practice nursing with reasonable skill and safety by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.

(2) The board may, upon probable cause, request a licensee to submit to an appropriate medical examination by a designated physician. If requested by the licensee, the licensee may also designate a physician for an independent medical examination. The reasonable costs of such examinations and medical reports to the board shall be paid by the board. Refusal or failure of a licensee to complete such examinations shall constitute an admission of any allegations relating to such condition. All objections shall be waived as to the admissibility of the examining physicians' testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a registered nurse or licensed practical nurse in another proceeding and shall be confidential. At reasonable intervals, a registered nurse or licensed practical nurse shall be afforded an opportunity to demonstrate that the registered nurse or licensed practical nurse can resume the competent practice of nursing with reasonable skill and safety to patients.

CHAPTER 152E
NURSE LICENSURE COMPACT

152E.1 Form of compact.

The nurse licensure compact is entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I — FINDINGS AND PURPOSE

a. The party states find all of the following:
1. The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws.
2. Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public.
3. The expanded mobility of nurses and the use of advanced communication technologies as part of our nation’s health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation.
4. New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex.
5. The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states.

b. The general purposes of this compact are to:
1. Facilitate the states’ responsibility to protect the public’s health and safety.
2. Ensure and encourage the cooperation of party states in the areas of nurse regulation.
3. Facilitate the exchange of information between party states in the areas of nurse regulation and adverse actions.
4. Promote compliance with the laws governing the practice of nursing in each jurisdiction.
5. Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.

ARTICLE II — DEFINITIONS

As used in this compact:
a. “Adverse action” means a home or remote state action.
b. “Alternative program” means a voluntary, nondisciplinary monitoring program approved by a nurse licensing board.

c. “Coordinated licensure information system” means an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws, which is administered by a nonprofit organization composed of and controlled by state nursing boards.

d. “Current significant investigative information” means either of the following:

1. Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction.

2. Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.

e. “Home state” means the party state which is the nurse’s primary state of residence.

f. “Home state action” means any administrative, civil, equitable, or criminal action permitted by the home state’s laws which are imposed on a nurse by the home state’s licensing board or other authority, including actions against an individual’s license such as revocation, suspension, probation, or any other action which affects a nurse’s authorization to practice.

g. “Licensing board” means a party state’s regulatory body responsible for issuing nurse licenses.

h. “Multistate licensure privilege” means current, official authority from a remote state permitting the practice of nursing as either a registered nurse or a licensed practical or vocational nurse in such party state. All party states have the authority, in accordance with existing state due process law, to take actions against the nurse’s privilege such as revocation, suspension, probation, or any other action which affects a nurse’s authorization to practice.

i. “Nurse” means a registered nurse or licensed practical or vocational nurse, as those terms are defined by each party state’s practice laws.

j. “Party state” means any state that has adopted this compact.

k. “Remote state” means a party state, other than the home state, where either of the following applies:

1. Where the patient is located at the time nursing care is provided.

2. In the case of the practice of nursing not involving a patient, in such party state where the recipient of nursing care is located.

l. “Remote state action” means either of the following:

1. Any administrative, civil, equitable, or criminal action permitted by a remote state’s laws which is imposed on a nurse by the remote state’s licensing board or other authority, including actions against an individual’s multistate licensure privilege to practice in the remote state.

2. Cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards of remote states.

m. “State” means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

n. “State practice laws” means those individual party state laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. “State practice laws” does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

ARTICLE III — GENERAL PROVISIONS AND JURISDICTION

a. A license to practice registered nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate licensure privilege to practice as a registered nurse in such party state. A license to practice licensed practical or vocational nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate licensure privilege to practice as a licensed practical or vocational nurse in such party state. In order to obtain or retain a license, an applicant must meet the home state’s qualifications for licensure and license renewal as well as all other applicable state laws.

b. Party states may, in accordance with state due process laws, limit or revoke the multistate licensure privilege of any nurse to practice in their state and may take any other actions under their applicable state laws necessary to protect the health and safety of their citizens. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

c. Every nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is rendered. In addition, the practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of a party state. The practice of nursing subjects a nurse to the jurisdiction of the nurse licensing board and the courts, as well as the laws, in that party state.

d. This compact does not affect additional re-
requirements imposed by states for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as a license to practice registered nursing if one is required by state law as a pre-condition for qualifying for advanced practice registered nurse authorization.

e. Individuals not residing in a party state shall continue to be able to apply for nurse licensure as provided for under the laws of each party state. However, the license granted to these individuals shall not be recognized as granting the privilege to practice nursing in any other party state unless explicitly agreed to by that party state.

ARTICLE IV — APPLICATIONS FOR LICENSURE IN A PARTY STATE

a. Upon application for a license, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any restrictions on the multistate licensure privilege, and whether any other adverse action by any state has been taken against the license.

b. A nurse in a party state shall hold licensure in only one party state at a time, issued by the home state.

c. A nurse who intends to change the nurse's primary state of residence may apply for licensure in the new home state in advance of such change. However, new licenses shall not be issued by a party state until after a nurse provides evidence of change in the nurse's primary state of residence satisfactory to the new home state's licensing board.

d. 1. If a nurse changes the nurse's primary state of residence by moving between two party states, and obtains a license from the new home state, the license from the former home state is no longer valid.

2. If a nurse changes the nurse's primary state of residence by moving from a nonparty state to a party state, and obtains a license from the new home state, the individual state license issued by the nonparty state is not affected and shall remain in full force if so provided by the laws of the nonparty state.

3. If a nurse changes the nurse's primary state of residence by moving from a party state to a nonparty state, the license issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.

ARTICLE V — ADVERSE ACTIONS

In addition to the general provisions described in article III, the following provisions apply:

a. The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.

b. The licensing board of a party state shall have the authority to complete any pending investigations for a nurse who changes primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

c. A remote state may take adverse action affecting the multistate licensure privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the license issued by the home state.

d. For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.

e. The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.

f. Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of licensure action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.

ARTICLE VI — ADDITIONAL AUTHORITIES INVESTED IN PARTY STATE NURSE LICENSING BOARDS

Notwithstanding any other powers, party state nurse licensing boards shall have the authority to do all of the following:

a. If otherwise permitted by state law, recover
from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

b. Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a nurse licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located.

c. Issue cease and desist orders to limit or revoke a nurse's authority to practice in the state.

d. Promulgate uniform rules and regulations as provided for in article VIII, section c.

ARTICLE VII — COORDINATED LICENSURE INFORMATION SYSTEM

a. All party states shall participate in a cooperative effort to create a coordinated database of all licensed registered nurses and licensed practical or vocational nurses. This system shall include information on the licensure and disciplinary history of each nurse, as contributed by party states, to assist in the coordination of nurse licensure and enforcement efforts.

b. Notwithstanding any other provision of law, all party states' licensing boards shall promptly report adverse actions, actions against multistate licensure privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials, to the coordinated licensure information system.

c. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

d. Notwithstanding any other provision of law, all party states' licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

e. Any personally identifiable information obtained by a party state's licensing board from the coordinated licensure information system shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

f. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

g. The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

ARTICLE VIII — COMPACT ADMINISTRATION AND INTERCHANGE OF INFORMATION

a. The head of the nurse licensing board, or the head's designee, of each party state shall be the administrator of this compact for the head's state.

b. The compact administrator of each party state shall furnish to the compact administrator of each other party state any information and documents including, but not limited to, a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.

c. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under article VI, section d.

ARTICLE IX — IMMUNITY

A party state or the officers or employees or agents of a party state's nurse licensing board who acts in accordance with the provisions of this compact shall not be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

ARTICLE X — ENTRY INTO FORCE, WITHDRAWAL, AND AMENDMENT

a. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but such withdrawal shall not take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

b. Withdrawal shall not affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

c. This compact shall not be construed to invalidate or prevent any nurse licensure agreement or
other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this compact.

d. This compact may be amended by the party states. An amendment to this compact shall not become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

ARTICLE XI — CONSTRUCTION AND SEVERABILITY

a. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

b. 1. In the event party states find a need for settling disputes arising under this compact, the party states may submit the issues in dispute to an arbitration panel which shall be comprised of an individual appointed by the compact administrator in the home state, an individual appointed by the compact administrator in the remote state or states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.

2. The decision of a majority of the arbitrators shall be final and binding.

153.33 Powers of board.
Subject to the provisions of this chapter, any provision of this subtitle to the contrary notwithstanding, the board shall exercise the following powers:
1. To initiate investigations of and conduct hearings on all matters or complaints relating to the practice of dentistry, dental hygiene, or dental assisting or pertaining to the enforcement of any provision of this chapter, to provide for mediation of disputes between licensees or registrants and their patients when specifically recommended by the board, to revoke or suspend licenses or registrations, or the renewal thereof, issued under this or any prior chapter, to provide for restitution to patients, and to otherwise discipline licensees and registrants.

Subsequent to an investigation by the board, the board may appoint a disinterested third party to mediate disputes between licensees or registrants and patients. Referral of a matter to mediation shall not preclude the board from taking disciplinary action against the affected licensee or registrant.
2. To appoint investigators, who shall not be members of the examining board, to administer and aid in the enforcement of the provisions of law relating to those persons licensed to practice dentistry and dental hygiene, and persons registered as dental assistants. The amount of compensation for the investigators shall be determined pursuant to chapter 19A. Investigators authorized by the board of dental examiners have the powers and status of peace officers when enforcing this chapter and chapters 147 and 272C.
3. All employees needed to administer this chapter shall be appointed pursuant to the merit system.
4. To initiate in its own name or cause to be initiated in a proper court appropriate civil proceedings against any person to enforce the provisions of this chapter or this subtitle relating to the practice of dentistry, and the board may have the benefit of counsel in connection therewith. Any such judicial proceeding as may be initiated by the board shall be commenced and prosecuted in the same manner as any other civil action and injunctive relief may be granted therein without proof of actual damage sustained by any person but such injunctive relief shall not relieve the person so enjoined from criminal prosecution by the attorney general or county attorney for violation of any provision of this chapter or this subtitle relating to the practice of dentistry.
5. In any investigation made or hearing conducted by the board on its own motion, or upon written complaint filed with the board by any person, pertaining to any alleged violation of this chapter or the accusation against any licensee, the following procedure and rules so far as material to such investigation or hearing shall obtain:
   a. The accusation of such person against any licensee shall be reduced to writing, verified by some person familiar with the facts therein stated, and three copies thereof filed with the board.
   b. If the board shall deem the charges sufficient, if true, to warrant suspension or revocation of license, it shall make an order fixing the time and place for hearing thereon and requiring the licensee to appear and answer thereto, such order, together with a copy of the charges so made to be served upon the accused at least twenty days before the date fixed for hearing, either personally or by certified or registered mail, sent to the licensee’s last known post office address as shown by the records of the board.
   c. At the time and place fixed in said notice for said hearing, or at any time and place to which the said hearing shall be adjourned, the board shall hear the matter and may take evidence, administer oaths, take the deposition of witnesses, including the person accused, in the manner provided by law in civil cases, compel the appearance of witnesses before it in person the same as in civil cases by subpoena issued over the signature of the chairperson of the board and in the name of the state of Iowa, require answers to interrogatories and compel the production of books, papers, accounts, documents and testimony pertaining to the matter under investigation or relating to the hearing.
   d. In all such investigations and hearings pertaining to the suspension or revocation of licenses,
the board and any person affected thereby may have the benefit of counsel, and upon the request of the licensee or the licensee’s counsel the board shall issue subpoenas for the attendance of such witnesses in behalf of the licensee, which subpoenas when issued shall be delivered to the licensee or the licensee’s counsel. Such subpoenas for the attendance of witnesses shall be effective if served upon the person named therein anywhere within this state, provided, that at the time of such service the fees now or hereafter provided by law for witnesses in civil cases in district court shall be paid or tendered to such person.

e. In case of disobedience of a subpoena lawfully served hereunder, the board or any party to such hearing aggrieved thereby may invoke the aid of the district court in the county where such hearing is being conducted to require the attendance and testimony of such witnesses. Such district court of the county within which the hearing is being conducted may, in case of contumacy or refusal to obey such subpoena, issue an order requiring such person to appear before said board, and if so ordered give evidence touching the matter involved in the hearing. Any failure to obey such order of the court may be punished by such court as a contempt thereof.

f. If the licensee or registrant pleads guilty, or after hearing shall be found guilty by the board of any of the charges made, it may suspend for a limited period or revoke the license or registration, and the last renewal thereof, and shall enter the order on its records and notify the accused of the revocation or suspension of the person’s license or registration, as the case may be, who shall thereupon surrender that license or registration to the board. Any such person whose license or registration has been so revoked or suspended shall not thereafter and while such revocation or suspension is in force and effect practice dentistry, dental hygiene, or dental assisting within this state.

g. The findings of fact made by the board acting within its power shall, in the absence of fraud, be conclusive, but the district court shall have power to review questions of law involved in any final decision or determination of the board; provided, that application is made by the aggrieved party within thirty days after such determination by certiorari, mandamus or such other method of review or appeal permitted under the laws of this state, and to make such further orders in respect thereto as justice may require.

h. Pending the review and final disposition thereof by the district court, the action of the board suspending or revoking such license shall not be stayed.

7. To promulgate rules as may be necessary to implement the provisions of this chapter.

153.33A Dental hygiene committee.
1. A three-member dental hygiene committee of the board of dental examiners is created, consisting of the two dental hygienist members of the board and one dentist member of the board. The dentist member of the committee must have supervised and worked in collaboration with a dental hygienist for a period of at least three years immediately preceding election to the committee. The dentist member shall be elected to the committee annually by a majority vote of board members.

2. The committee shall have the authority to adopt recommendations regarding the practice, discipline, education, examination, and licensure of dental hygienists, subject to subsection 3, and shall carry out duties as assigned by the board. The committee shall have no regulatory or disciplinary authority with regard to dentists, dental assistants, dental lab technicians, or any other auxiliary dental personnel.

The board shall decline to ratify committee recommendations only if the board makes a specific finding that a recommendation exceeds the jurisdiction or expands the scope of the committee beyond the authority granted in subsection 2, creates an undue financial impact on the board, or is not supported by the record. The board shall pay the necessary expenses of the committee and of the board in implementing committee recommendations ratified by the board.

4. This section shall not be construed as impacting or changing the scope of practice of the profession of dental hygiene or authorizing the independent practice of dental hygiene.

Conviction as used in this subsection includes a conviction of an offense which if committed in this state would be a felony without regard to its designation elsewhere, and includes a finding or verdict of guilt made or returned in a criminal proceeding even if the adjudication of guilt is withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or another state constitutes conclusive evidence of the conviction.
10. For a violation of a law of this state, another state, or the United States, without regard to its designation as either a felony or misdemeanor, which law relates to the practice of dentistry, dental hygiene, or dental assisting. A certified copy of the final order or judgment of conviction or plea of guilty in this state or another state constitutes conclusive evidence of the conviction.
11. The revocation or suspension of a license or registration to practice dentistry, dental hygiene, or dental assisting or other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is conclusive or prima facie evidence.

15. For being a party to or assisting in any violation of any provision of this chapter.

Any faculty member so certified shall, prior to commencing the member’s duties in the college or dental hygiene program, make written application to the
state board of dental examiners for a permit. The permit shall be for a period determined by the board and may be renewed at the discretion of the state board of dental examiners. The fee for the faculty permit and the renewal shall be set by the state board of dental examiners based upon the administrative cost of issuance of the permit. The fee shall be deposited in the same manner as fees provided for in section 147.82. The faculty permit shall be valid during the time the holder remains a member of the faculty and shall subject the holder to all provisions of this chapter.

A board for the licensing and regulation of hearing aid dispensers is established. The board shall consist of three licensed hearing aid dispensers and two members who are not licensed hearing aid dispensers who shall represent the general public. Members, who shall be residents of the state of Iowa, shall be appointed by the governor, subject to confirmation by the senate. A licensed member shall be actively employed as a hearing aid dispenser and shall have been so engaged for five years preceding appointment, the last two of which shall have been in Iowa. An applicant shall not be ineligible for certification because of age, citizenship, sex, race, religion, marital status or national origin although the application may require citizenship information. The board may consider the past felony record of an applicant only if the felony conviction relates directly to the practice of fitting or selection and sale of hearing aids. 2. Is free of contagious or infectious disease.
3. Pays the necessary fees set by the board pursuant to section 154A.17.

[C75, 77, 79, 81, §154A.10]

154A.11 Examinations.
Examinations for licensing shall be given as often as deemed necessary by the board, but no less than one time per year. The scope of the examination and methods of procedure shall be prescribed by the board. Any written examination may be given by representatives of the board.

An applicant who has failed the examination may request in writing information from the board concerning the applicant’s examination grade and subject areas or questions which the applicant failed to answer correctly, except that if the board administers a uniform, standardized examination, the board shall only be required to provide the examination grade and such other information concerning the applicant’s examination results which are available to the board.

[C75, 77, 79, 81, §154A.11]
2000 Acts, ch 1140, §38

154A.12 Scope of examination.
The examination required by this chapter shall be designed to demonstrate the applicant’s adequate technical qualifications including, but not limited to, the following:

1. Written tests of knowledge in areas such as physics of sound, anatomy and physiology of hearing, and the function of hearing aids, as these areas pertain to the fitting or selection and sale of hearing aids.
2. Evidence of knowledge of the medical and rehabilitation facilities that are available in the area served, for children and adults who have hearing problems.
3. Evidence of knowledge of situations in which it is commonly believed that a hearing aid is inappropriate.

The board shall not require the applicant to possess the degree of professional competence nor-
temporarily expected of physicians.

154A.13 Temporary permit.
A person who has not been employed as a hearing aid dispenser prior to January 1, 1975, may obtain a temporary permit from the department upon completion of the application accompanied by the written verification of employment from a licensed hearing aid dispenser. The department shall issue a temporary permit for one year which shall not be renewed or reissued. The fee for issuance of the temporary permit shall be set by the board pursuant to section 154A.17. The temporary permit entitles an applicant to engage in the fitting or selection and sale of hearing aids under the supervision of a person holding a valid license.

154A.14 Reciprocity.
If the board determines that another state or jurisdiction has requirements equivalent to or higher than those provided in this chapter, the department may issue a license by reciprocity to applicants who hold valid certificates or licenses to dispense and fit hearing aids in the other state or jurisdiction. An applicant for a license by reciprocity is not required to take a qualifying examination, but is required to pay the license fee as provided in section 154A.17. The holder of a license of reciprocity is registered in the same manner as the holder of a regular license. Fees, grounds for renewal, and procedures for the suspension and revocation of license by reciprocity are the same as for a regular license.

154A.15 License renewal.
Licenses shall be renewed in multiyear intervals in a manner determined by the board. The renewal fee shall be determined by the board pursuant to section 154A.17. The department shall notify every person licensed under this chapter of the date of expiration of the license and the amount of fee required for its renewal. The notice shall be mailed at least one month in advance of the expiration date. A person who fails to renew a license by the expiration date shall be allowed to do so within thirty days following its expiration, but the board may assess a reasonable penalty.

154A.16 Repealed by 77 Acts, ch 95, § 25.

154A.17 Fees.
The fees for the examination shall be set by the board on the basis of the annual cost of administration. The fees for the temporary permit, license, renewal of a license, and issuance of a duplicate license, shall be set by the board on the basis of the cost of sustaining the board and the administrative costs of the department. The fees for licensure and permit shall be based upon, but not limited to:

1. Actual expenses and compensation of members of the board.
2. Supplies and other expenses.
3. Costs submitted by the department.

154A.18 Display of license.
A person shall not engage in business as a hearing aid dispenser, or display a sign, or in any other way advertise or claim to be a hearing aid dispenser after January 1, 1975, unless the person holds a valid license issued by the department as provided in this chapter. The license shall be conspicuously posted in the person’s office or place of business. The department shall issue duplicate licenses to valid license holders operating more than one office. A license confers upon the holder the right to operate a business as a hearing aid dispenser.

154A.19 Exceptions.
This chapter shall not prohibit a corporation, partnership, trust, association, or other organization maintaining an established business address from engaging in the business of selling or offering for sale hearing aids at retail without a license if it employs only licensed hearing aid dispensers in the direct fitting or selection and sale of hearing aids. Such an organization shall file annually with the board a list of all licensed hearing aid dispensers and persons holding temporary permits directly or indirectly employed by it. Such an organization shall also file with the board a statement on a form approved by the board that the organization submits itself to the rules and regulations of the board and the provisions of this chapter which the department deems applicable.

This chapter shall not apply to a person who engages in the practices covered by this chapter if this activity is part of the academic curriculum of an accredited institution of higher education, or part of a program conducted by a public or charitable institution, or nonprofit organization, unless the institution or organization also dispenses or sells hearing aids.

This chapter shall not prevent any person from engaging in practices covered by this chapter, provided the person, or organization employing the person, does not dispense or sell hearing aids.

154A.20 Rights of purchaser.
1. A hearing aid dispenser shall deliver, to each person supplied with a hearing aid, a receipt which contains the licensee’s signature and shows the licensee’s business address and the number of the license, together with specifications as to the make, model, and serial number of the hearing aid furnished, and full terms of sale clearly stated, including the date of consummation of the sale of the hearing aid. If a hearing aid is sold which is not new, the receipt and the container must be clearly marked “used” or “reconditioned”, with the terms of guarantee, if any.
2. The receipt shall bear the following statement in type no smaller than the largest used in the body copy portion of the receipt:

“The purchaser has been advised that any examination or representation made by a licensed hearing aid dispenser in connection with the fitting or selection and selling of this hearing aid is not an examination, diagnosis, or prescription by a person licensed to practice medicine in this state and therefore, must not be regarded as medical opinion or advice.”

3. Whenever any of the following conditions are found to exist either from observations by the licensed hearing aid dispenser or person holding a temporary permit or on the basis of information furnished by a prospective hearing aid user, the hearing aid dispenser or person holding a temporary permit shall, prior to fitting and selling a hearing aid to any individual, suggest to that individual in writing that the individual's best interests would be served if the individual would consult a licensed physician specializing in diseases of the ear, or if no such licensed physician is available in the community, then a duly licensed physician:
   a. Visible congenital or traumatic deformity of the ear.
   b. History of, or active drainage from the ear within the previous ninety days.
   c. History of sudden or rapidly progressive hearing loss within the previous ninety days.

   g. Obstruction of the ear canal, by structures of undetermined origin, such as foreign bodies, impacted cerumen, redness, swelling, or tenderness from localized infections of the otherwise normal ear canal.
4. A copy of the written recommendation shall be retained by the licensed hearing aid dispenser for the period of seven years. A person receiving the written recommendation who elects to purchase a hearing aid shall sign a receipt for the same, and the receipt shall be kept with the other papers retained by the licensed hearing aid dispenser for the period of seven years. Nothing in this section required to be performed by a licensed hearing aid dispenser shall mean that the hearing aid dispenser is engaged in the diagnosis of illness or the practice of medicine or any other activity prohibited by this chapter.
5. No hearing aid shall be sold by any individual licensed under this chapter to a person twelve years of age or younger, unless within the preceding six months a recommendation for a hearing aid has been made by a physician specializing in otorlaryngology. A replacement of an identical hearing aid within one year shall be an exception to this requirement.
6. A licensed hearing aid dispenser shall, upon the consummation of a sale of a hearing aid, keep and maintain records in the dispenser’s office or place of business at all times and each such record shall be kept and maintained for a seven-year period. These records shall include:
   a. Results of test techniques as they pertain to fitting of the hearing aids.
   b. A copy of the written receipt and the written recommendation.

154A.21 Notice of address.
A licensee or person holding a temporary permit shall notify the department in writing of the address of the place where the licensee or permittee engages or intends to engage in business as a hearing aid dispenser. The department shall keep a record of the place of business of licensees and persons holding temporary permits.

154A.22 Deposit of fees.
The department shall deposit all fees collected under the provisions of this chapter in the general fund of the state. Compensation and travel expenses of members and employees of the board, and other expenses necessary for the board to administer and carry out the provisions of this chapter shall be paid from funds appropriated from the general fund of the state.
[C75, 77, 79, 81, §154A.22]

154A.23 Complaints.
Any person wishing to make a complaint against a licensee or holder of a temporary permit shall file a written statement with the board within twelve months from the date of the action upon
which the complaint is based. If the board determines that the complaint alleges facts which, if proven, would be cause for the suspension or revocation of the license of the licensee or the permit of the holder of a temporary permit, it shall make an order fixing a time and place for a hearing and requiring the licensee or holder of a temporary permit complained against to appear and defend. The order shall contain a copy of the complaint, and the order and copy of the complaint shall be served upon the licensee or holder of a temporary permit at least twenty days before the date set for hearing, either personally or as provided in section 154A.21. Continuance or adjournment of a hearing date may be made for good cause. At the hearing the licensee or holder of a temporary permit may be represented by counsel. The licensee or holder of a temporary permit and the board may take depositions in advance of hearing and after service of the complaint, and either may compel the attendance of witnesses by subpoenas issued by the board. The board shall issue such subpoenas at the request of a licensee or holder of a temporary permit. Either party taking depositions shall give at least five days’ written notice to the other party of the time and place of such depositions, and the other party may attend, with counsel, if desired, and cross-examine.

If the board determines from the evidence and proofs submitted that the licensee or holder of a temporary permit is guilty of violating any of the provisions of this chapter, or any of the regulations promulgated by the board pursuant to this chapter, the department shall, within thirty days after the hearing, issue an order refusing to issue or renew, or revoking or suspending, as the case may be, the hearing aid dispenser’s license or temporary permit. The order shall include the findings of fact and the conclusions of law made by the board and counsel. A copy of the order shall be sent to the licensee or holder of a temporary permit by registered mail. The records of the department shall reflect the action taken by the board on the charges, and the department shall preserve a record of the proceedings in a manner similar to that used by courts of record in this state.

The final order of the board in the proceedings may be appealed to the district court of the county where the licensee or holder of a temporary permit resides, or in which the licensed hearing aid dispenser’s principal place of business is located.

The department shall send a copy of the complaint and a copy of the board’s final order to the attorney general for purposes of information in the event the licensee or holder of a temporary permit pursues a court appeal and for consideration as to whether the violations are flagrant enough to justify prosecution. The attorney general and all county attorneys shall assist the department in the enforcement of the provisions of this chapter.

154A.24 Suspension or revocation.

Representing that the service or advice of a person licensed to practice medicine, or one who is certificated as a clinical audiologist by the board of examiners of speech pathology and audiology or its equivalent, will be used or made available in the fitting or selection, adjustment, maintenance, or repair of hearing aids when that is not true, or using the words “doctor”, “clinic”, “clinical audiologist”, “state approved”, or similar words, abbreviations or symbols which tend to connote the medical or other professions, except where the title “certified hearing aid audiologist” has been granted by the national hearing aid society, or that the hearing aid dispenser has been recommended by this state or the board when such is not accurate.
   f. Habitual intemperance.

q. Representing or implying that a hearing aid is or will be “custom-made”, “made to order”, “prescription made”, or in any other sense especially fabricated for an individual person when such is not the case.

Such appropriate action may include revocation of a license, if necessary, or placing the licensee on probation for a period not exceeding six months, and shall be taken only for cause after due notice and a hearing on the charge or complaint.

6. Conduct a continuing study and investigation of nursing homes, and administrators of nursing homes, in this state with a view to the improvement of the standards imposed for the licensing of such administrators and of procedures and methods for the enforcement of such standards with respect to administrators of nursing homes who have been licensed as such.

CODE OF IOWA

2003

CONTAINING

ALL STATUTES OF A GENERAL AND PERMANENT NATURE

Published under the authority of Iowa Code chapter 2B by the Legislative Service Bureau GENERAL ASSEMBLY OF IOWA Des Moines

2002
PREFACE TO 2003 IOWA CODE

The 2003 Iowa Code is published pursuant to Code chapter 2B. Its form is substantially the same as the 2001 Iowa Code, and it covers the permanent enactments of the 2001 and 2002 sessions of the Seventy-ninth General Assembly. The 2003 Code is published in four textual volumes and one Tables and Index volume. A Skeleton and Popular Name Index printed on colored paper appears at the end of each volume.

ARRANGEMENTS OF CODE TITLES, SUBTITLES, AND CHAPTERS. The Table of Contents on page v enumerates the titles and subtitles found in the Code, and each volume contains an Analysis by Titles, Subtitles, and Chapters for that volume.

EDITORIAL DECISIONS. If multiple amendments were enacted to a section or part of a section, all changes that are duplicative or otherwise do not appear to conflict are harmonized as required by Code section 4.11. It is generally assumed that a strike or repeal prevails over an amendment to the same material and does not create an irreconcilable conflict, and that the substitution of the correct title of an officer or department as authorized by law does not create a conflict. Code sections 4.4 through 4.11 provide guidance for codifying conflicting provisions. References to the Iowa court rules have been updated to reflect changes made in the 4th edition of that publication. Code section 2B.13 governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of the changes. At the end of Volume IV are Code Editor’s Notes which explain the major editorial decisions relating to enactments of the 2002 session. The Code Editor’s Notes relating to enactments of the 2001 session appear at the end of the 2001 Code Supplement.

HISTORIES. Bracketed material at the end of many Code sections traces the history of the subject matter of those sections up through 1982. Beginning with the 1985 Code, that form of section history was not updated. An amendment to or enactment of a section which occurred during or after the 1983 legislative session is indicated by the addition of an Acts citation at the end of the section. If a section is transferred to a new location, the section history will indicate the Code or Code Supplement in which the transfer took place.

CONSTITUTIONS. A codified version of the 1857 Constitution of the State of Iowa, as well as the original version, is included with the introductory material at the beginning of Volume I.

TABLES. The tables appear at the beginning of the index volume which is entitled “Tables and Index.”

The editorial staff of the Iowa Code welcomes your comments and suggestions for improvements.

DIVISION II

SOIL AND WATER CONSERVATION DISTRICTS

161A.5 Soil and water conservation districts.

1. The one hundred soil and water conservation districts* established in the manner which was prescribed by law prior to July 1, 1975 shall continue in existence with the boundaries and the names* in effect on July 1, 1975. If the existence of a district so established is discontinued pursuant to section 161A.10, a petition for re-establishment of the district or for annexation of the former district’s territory to any other abutting district may be submitted to, and shall be acted upon by, the state soil conservation committee in substantially the manner provided by section 467A.5, Code 1975.

2. The governing body of each district shall consist of five commissioners elected on a nonpartisan basis for staggered four-year terms commencing on the first day of January that is not a Sunday or holiday following their election. Any eligible elector residing in the district is eligible to the office of commissioner, except that no more than one commissioner shall at any one time be a resident of any one township. A vacancy is created in the office of any commissioner who changes residence into a township where another commissioner then resides. If a commissioner is absent for sixty or more percent of monthly meetings dur-
ing any twelve-month period, the other commission-
er by their unanimous vote may declare the
member’s office vacant. A vacancy in the office
of commissioner shall be filled by appointment of the
state soil conservation committee until the next
succeeding general election, at which time the bal-
ance of the unexpired term shall be filled as pro-
vided by section 69.12.

3. At each general election a successor shall be
chosen for each commissioner whose term will ex-
pire in the succeeding January. Nomination of
candidates for the office of commissioner shall be
made by petition in accordance with chapter 45,
except that each candidate’s nominating petition
shall be signed by at least twenty-five eligible elec-
tors of the district. The petition form shall be fur-
nished by the county commissioner of elections.
Every candidate shall file with the nomination pa-
pers an affidavit stating the candidate’s name, the
candidate’s residence, that the person is a can-
didate and is eligible for the office of commissioner,
and that if elected the candidate will qualify for
the office. The affidavit shall also state that the
candidate is aware that the candidate is disquali-
cied from holding office if the candidate has been
convicted of a felony or other infamous crime and
the candidate’s rights have not been restored by
the governor or by the president of the United
States.

The signed petitions shall be filed with the
county commissioner of elections not later than
five p.m. on the sixty-ninth day before the general
election. The votes for the office of district com-
missioner shall be canvassed in the same manner
as the votes for county officers, and the returns
shall be certified to the commissioners of the dis-
trict. A plurality is sufficient to elect commissi-
ioner shall be canvassed in the same manner
who received the highest number of votes for the
office. If the canvass shows that the two candi-
dates receiving the highest and the second highest
number of votes for the office of district commis-
sioner are both residents of the same township,
the board shall certify as elected the candidate
who received the highest number of votes for the
office and the candidate receiving the next highest
number of votes for the office who is not a resident
of the same township as the candidate receiving the
highest number of votes.

To encourage local school districts to provide instruction in the importance of and in some of the basic methods of soil conservation, as a part of course work relating to conservation of natural resources and environmental awareness required in rules adopted by the state board of education pursuant to section 256.11, subsections 3 and 4, and to offer technical assistance to schools in developing such instructional programs.

18. To develop a soil and water resource conservation plan for the district.

a. The district plan shall contain a comprehensive long-range assessment of soil and surface water resources in the district consistent with rules approved by the committee under section 161A.4.

In developing the plan the district may receive technical support from the United States department of agriculture natural resources conservation service and the county board of supervisors in the county where the district is located. The division and the Iowa cooperative extension service in agriculture and home economics may provide technical support to the district. The support may include, but is not limited to, the following: assessing the condition of soil and surface water in the district, including an evaluation of the type, amount, and quality of soil and water, the threat of soil erosion and erosion, floodwater, and sediment damages, and necessary preventative and control measures; developing methods to maintain or improve soil and water condition; and cooperating with other state and federal agencies to carry out this support.

b. The title page of the district plan and a notification stating where the plan may be reviewed shall be recorded with the recorder in the county in which the district is located, and updated as necessary, after the committee approves and the administrator of the division signs the district plan. The commissioners shall provide notice of the recording and may provide a copy of the approved district plan to the county board of supervisors in the county where the district is located. The district plan shall be filed with the division as part of the state soil and water resource conservation plan provided in section 161A.4.

19. To enter into agreements pursuant to chapter 161C with the owner or occupier of land within the district or cooperating districts, or any other private entity or public agency, in carrying out water protection practices, including district and multidistrict projects to protect this state’s groundwater and surface water from point and nonpoint sources of contamination, including but not limited to agricultural drainage wells, sinkholes, sedimentation, and chemical pollutants.

§161A.10, SOIL AND WATER CONSERVATION

§161A.10 Discontinuance of districts.

At any time after five years after the organization of a district under this chapter, any twenty-five owners of land lying within the boundaries of the district, but in no case less than twenty percent of the owners of land lying within the district, may file a petition with the committee asking that the operations of the district be terminated and the existence of the district discontinued. The committee may conduct public meetings and public hearings upon the petition as necessary to assist in the consideration of the petition. Within sixty days after a petition has been received by the committee, the division shall give due notice of the holding of a referendum, shall supervise the referendum, and shall issue appropriate rules governing the conduct of the referendum. The question is to be submitted by ballots upon which the words “For terminating the existence of the . . . . . . . . . . . . . . . . . . . . . . (name of the soil and water conservation district to be here inserted)” and “Against terminating the existence of the . . . . . . . . . . . . . . . . . . . . . . (name of the soil and water conservation district to be here inserted)” shall be printed, with a square before each proposition and a direction to insert an X mark in the square before one or the other of the propositions as the voter favors or opposes discontinuance of the district. All owners of lands lying within the boundaries of the district are eligible to vote in the referendum. No informalities in the conduct of the referendum or in any matters relating to the referendum invalidate the referendum or the result of the referendum if notice was given substantially as provided in this section and if the referendum was fairly conducted.

When sixty-five percent of the landowners vote to terminate the existence of the district, the committee shall advise the commissioners to terminate the affairs of the district. The commissioners shall dispose of all property belonging to the district at public auction and shall pay over the proceeds of the sale to be deposited into the state treasury. The commissioners shall then file an application, duly verified, with the secretary of state for the discontinuance of the district, and shall transmit with the application the certificate of the committee setting forth the determination of the committee that the continued operation of the district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of and the proceeds paid over as provided in this section, and shall set forth a full accounting of the properties and proceeds of the sale. The secretary of state shall issue to the commissioners a certificate of dissolution and shall record the certificate in an appropriate book of record in the secretary of state's office.

Upon issuance of a certificate of dissolution under this section, all ordinances and regulations previously adopted and in force within the districts are of no further force and effect. All contracts previously entered into, to which the district or commissioners are parties, remain in force and effect for the period provided in the contracts. The committee is substituted for the district or commissioners as party to the contracts. The committee is entitled to all benefits and subject to all liabilities under the contracts and has the same right and liability to perform, to require performance, to sue and be sued, and to modify or terminate the contracts by mutual consent or otherwise, as the commissioners of the district would have had.

The committee shall not entertain petitions for the discontinuance of any district nor conduct referenda upon discontinuance petitions nor make determinations pursuant to the petitions in accordance with this chapter, more often than once in five years.

§161A.11 Report to governor.

The division shall submit to the governor, no later than January 1 next preceding each biennial legislative session, a report which shall state the number and acreage of districts in existence or in process of organization, together with an estimate of the number and probable acreage of the districts which may be organized during the ensuing biennial fiscal period, and a statement of the balances of funds, if any, available to the division for its administrative and other expenses arising from this chapter, and for allocation among the several districts during the ensuing biennial fiscal period.

161A.9 State agencies to co-operate.

Agencies of this state which shall have jurisdiction over, or be charged with the administration of, any state-owned lands, and of any county, or other governmental subdivision of the state, which shall have jurisdiction over, or be charged with the administration of, any county-owned or other publicly owned lands, lying within the boundaries of any district organized hereunder, may co-operate to the fullest extent with the commissioners of such districts in the effectuation of programs and operations undertaken by the commissioners under the provisions of this chapter.

161A.12 Statement to department of management.

On or before October 1 next preceding each annual legislative session, the division shall submit to the department of management, on official estimate blanks furnished for those purposes, statements and estimates of the expenditure requirements for each fiscal year, and a statement of the balance of funds, if any, available to the division, and the estimates of the division as to the sums needed for the administrative and other expenses of the division for the purposes of this chapter.

161A.13 Purpose of subdistricts.

Subdistricts of a soil and water conservation district may be formed as provided in this chapter for the purposes of carrying out watershed protection and flood prevention programs within the subdistrict but shall not be formed solely for the purpose of establishing or taking over the operation of an existing drainage district.

161A.14 Petition to form.

When the landowners in a proposed subdistrict desire that a subdistrict be organized, they shall file a petition with the commissioners of the soil and water conservation district. The area must be contiguous and in the same watershed but it shall not include any area located within the boundaries of an incorporated city. The petition shall set forth an intelligible description by congressional subdivision, or otherwise, of the land suggested for inclusion in the subdistrict and shall state whether the special annual tax or special benefit assessments will be used, or whether the use of both is contemplated. The petition shall contain a brief statement giving the reasons for organization, and requesting that the proposed area be organized as a subdistrict, and must be signed by sixty-five percent of the landowners in the proposed subdistrict. Land already in one subdistrict cannot be included in another. The soil and water conservation district commissioners shall review the petition and if it is found adequate shall arrange for a hearing on it.

161A.15 Notice and hearing.

Within thirty days after a petition has been filed with the soil and water conservation district commissioners, they shall fix a date, hour, and place for a hearing and direct the secretary to cause notice to be given to the owners of each tract of land, or lot, within the proposed subdistrict as shown by the transfer books of the auditor’s office, and to each lienholder, or encumbrancer, of any such lands as shown by the county records, and to all other persons whom it may concern, and without naming individuals all actual occupants of land in the proposed subdistrict, of the pendency and purpose of the petition and that all objections to establishment of the subdistrict for any reason must be made in writing and filed with the secretary of the soil and water conservation district at, or before, the time set for hearing. The soil and water conservation district commissioners shall consider and determine whether the operation of the subdistrict within the defined boundaries as proposed is desirable, practicable, feasible, and of necessity in the interest of health, safety, and public welfare. All interested parties may attend the hearing and be heard. The soil and water conservation district commissioners may for good cause adjourn the hearing to a day certain which shall be announced at the time of adjournment and made a matter of record. If the soil and water conservation district commissioners determine that the petition meets the requirements set forth in this section and in section 161A.5, they shall declare that the subdistrict is duly organized and shall record such action in their official minutes together with an appropriate official name or designation for the subdistrict.

161A.16 Publication of notice.

The notice of hearing on the formation of a subdistrict shall be by publication once each week for two consecutive weeks in some newspaper of general circulation published in the county or district, the last of which shall be not less than ten days prior to the day set for the hearing on the petition. Proof of such service shall be made by affidavit of the publisher, and be on file with the secretary of the district at the time the hearing begins.
161A.17 Subdistrict in more than one district.
If the proposed subdistrict lies in more than one soil and water conservation district, the petition may be presented to the commissioners of any one of such districts, and the commissioners of all such districts shall act jointly as a board of commissioners with respect to all matters concerning the subdistrict, including its formation. They shall organize as a single board for such purposes and shall designate its chairperson, vice chairperson, and secretary-treasurer to serve for terms of one year. Such a subdistrict shall be formed in the same manner and has the same powers and duties as a subdistrict formed in one soil and water conservation district.

161A.18 Certification.
Following the entry in the official minutes of the soil and water conservation district commissioners of the creation of the subdistrict, the commissioners shall certify this fact on a separate form, authentic copies of which shall be recorded with the county recorder of each county in which any portion of the subdistrict lies, and with the division of soil conservation.

161A.19 Governing body.
The commissioners of a soil and water conservation district in which the subdistrict is formed are the governing body of the subdistrict. When a subdistrict lies in more than one soil and water conservation district, the combined board of commissioners is the governing body. The governing body of the subdistrict shall appoint three trustees living within the subdistrict to assist with the administration of the subdistrict.

161A.20 Special annual tax.
After obtaining agreements to carry out recommended soil conservation measures and proper farm plans from owners of not less than fifty percent of the lands situated in the subdistrict, a subdistrict shall have the authority to impose a special annual tax, the proceeds of which shall be used for the repayment of actual and necessary expenses incurred to organize the subdistrict, to acquire land or rights or interests therein by purchase or condemnation, repair, alteration, maintenance and operation of the present and future works of improvement within its boundaries.

On or before January 10 of each year its governing body shall make an estimate of the amount it deems necessary to be raised by such special tax for the ensuing year and transmit said estimate in dollars to the board of supervisors of the county in which the subdistrict lies.

If portions of the subdistrict are in more than one county, then the governing body, as hereinbefore designated in such event, after arriving at the estimate in dollars deemed necessary for the entire subdistrict shall ratably apportion such amount between the counties and transmit and certify the prorated portion to the respective boards of supervisors of each of the counties.

The board or boards of supervisors shall upon receipt of certification from the governing body of the district make the necessary levy on the assessed valuation of all real estate within the boundaries of the subdistrict lying within their respective county to raise said amounts, but in no event to exceed one dollar and eight cents per thousand dollars of assessed value.

The special tax so levied shall be collected in the same manner as other taxes with like penalty for delinquency, with the proceeds therefrom to be kept in a separate account by the appropriate county treasurer or treasurers identified by the official name of the subdistrict and expenditures therefrom shall be made on requisition of the chairperson and secretary of the governing body of the subdistrict.

161A.21 Condemnation by subdistrict.
A subdistrict of a soil and water conservation district may condemn land or rights or interests in the subdistrict to carry out the authorized purposes of the subdistrict.

161A.22 General powers applicable — warrants or bonds.
A subdistrict organized under this chapter has all of the powers of a soil and water conservation district in addition to other powers granted to the subdistrict in other sections of this chapter.

The governing body of the subdistrict, upon determination that benefits from works of improvement as set forth in the watershed work plan to be installed will exceed costs thereof, and that funds needed for purposes of the subdistrict require levy of a special benefit assessment as provided in section 161A.23, in lieu of the special annual tax as provided in section 161A.20, shall record its decision to use its taxing authority and, upon majority vote of the governing body and with the approval of the state soil conservation committee, may issue warrants or bonds payable in not more than
forty semiannual installments in connection with the special benefit assessment, and pledge and assign the proceeds of the special benefit assessment and other revenues of the subdistrict as security for the warrants or bonds. The warrants and bonds of indebtedness are general obligations of the subdistrict, exempt from all taxes, state and local, and are not indebtedness of the soil and water conservation district or the state of Iowa.

161A.23 Agreement by fifty percent of landowners.

After obtaining agreements to carry out recommended soil conservation measures and proper farm plans from owners of not less than fifty percent of the lands situated in the subdistrict, the governing body of the subdistrict shall have the authority to establish a special tax for the purpose of organization, construction, repair, alteration, enlargement, extension and operation of present and future works of improvement within the boundaries of said subdistrict. The governing body shall appoint three appraisers to assess benefits and classify the land affected by such improvements. One of such appraisers shall be a competent registered professional engineer and two of them shall be resident landowners of the county or counties in which the subdistrict is located but not living within nor owning or operating any lands included in said subdistrict.

The appraisers shall take and subscribe an oath of their qualifications and to perform the duties of classification of said lands, fix the percentages, benefits and apportion and assess the costs and expenses of construction of the said improvement according to law and their best judgment, skill, and ability. If said appraisers or any of them fail or neglect to act or perform the duties in the time and as required of them by law, the governing body of the subdistrict shall appoint others with like qualifications to take their places and perform said duties.

At the time of appointing said appraisers, the governing body shall fix the time within which said assessment, classification, and apportionment shall be made, which may be extended for good cause shown. Within twenty days after their appointment, they shall begin to inspect and classify all the lands within said district, or any change, extension, enlargement, or relocation thereof in tracts of forty acres or less according to the legal or recognized subdivisions, in a graduated scale of benefits to be numbered according to the benefit to be received by each of such tracts from such improvement, and pursue said work continuously until completed and, when completed, shall make a full, accurate, and detailed report thereof and file the same with the governing body. The lands receiving the greatest benefit shall be marked on a scale of one hundred, and those benefited in a less degree with such percentage of one hundred as the benefits received bear in proportion thereto.

The amount of benefit appraised to each forty acres of land within the subdistrict shall be determined by the improvements within said subdistrict based upon the work plan as agreed upon by the subdistrict.

The assessment so levied shall be kept in a separate account by the appropriate county treasurer or treasurers, identified by the official name of the subdistrict and expenditures therefrom shall be made on requisition of the chairperson and secretary of the governing body of the subdistrict.

If the owner of any premises against which a levy exceeding one hundred dollars has been made and certified shall, within thirty days from the date of such levy, agree in writing in a separate agreement, that in consideration of having a right to pay the owner's assessment in installments, the owner will not make any objection as to the legality of the assessment for benefit, or the levy of the taxes against the owner's property, then such owner shall have the following options:
1. To pay one half of the amount of such assessment at the time of filing such agreement and the remaining one half shall become due and payable one year from the date of filing such agreement. All such installments shall be without interest if paid at said times, otherwise said assessments shall bear interest from the date of the levy at a rate fixed by the governing body of the subdistrict, but not exceeding that permitted by chapter 74A, payable annually, and be collected as other taxes on real estate, with like penalty for delinquency.

2. To pay such assessments in not less than ten nor more than forty equal installments, the number to be fixed by the governing body of the subdistrict and interest at the rate fixed by the governing body of the subdistrict, not exceeding that permitted by chapter 74A. After a subdistrict has been established and the improvements thereof constructed and put in operation, if the governing body shall find that the original assessments are not equitable as a basis for the expenses of any enlargement or extension thereof which may have become necessary, they shall order a new classification of all lands in said subdistrict by resolution, and appoint three appraisers, which shall meet the same requirements as set forth in section 161A.23.

Upon the completion of the reclassification, those affected by such reclassification shall have the right to appeal as hereinafter set forth.

Subdistricts organized under the provisions of this chapter shall designate in the petition which of the taxing methods will be used or may stipulate that both methods are contemplated for use. DIVISION V

SOIL AND WATER CONSERVATION PRACTICES

PART 1

DUTIES AND OBLIGATIONS

161A.42 Soil and water conservation practices.

In addition to the definitions established by section 161A.3, as used in this division, unless the context otherwise requires:

1. “Agricultural land” has the meaning assigned that term by section 9H.1.

2. “Conservation agreement” means a commitment by the owner or operator of a farm unit to implement a farm unit soil conservation plan or, with the approval of the commissioners of the soil and water conservation district within which the farm unit is located, a portion of a farm unit soil conservation plan. The commitment shall be conditioned on the furnishing by the soil and water conservation district of technical or planning assistance in the establishment of, and cost sharing or other financial assistance for establishment and maintenance of the soil and water conservation practices necessary to implement the plan, or a portion of the plan.

3. “Conservation folder” means compiled information concerning the topography, soil composition, natural or artificial drainage characteristics, and other pertinent factors concerning a particular farm unit, which is necessary to the preparation of a sound and equitable conservation agreement for that farm unit. The specific items to be contained in a conservation folder shall be prescribed by administrative rules of the department. The department shall provide by rule that an updated farm plan prepared for a particular farm unit within ten years prior to the effective date of this subsection shall be considered an adequate replacement for the conservation folder for that farm unit.

4. “Cost-share” or “cost-sharing” means a contribution of money made by the state in order to pay a percentage of the costs related to the establishment of voluntary or mandatory practices as provided under this chapter, including but not limited to soil and water conservation practices and erosion control practices.

5. “Erosion control practices” means:

a. The construction or installation, and maintenance, of such structures or devices as are necessary to carry to a suitable outlet from the site of any building housing four or more residential units, any commercial or industrial development or any publicly or privately owned recreational or service facility of any kind, not served by a central storm sewer system, any water which:

(1) Would otherwise cause erosion in excess of the applicable soil loss limit; and

b. The employment of temporary devices or structures, temporary seeding, fibre mats, plastic, straw, or other measures adequate to prevent erosion in excess of the applicable soil loss limits from the site of, or land directly affected by, the construction of any public or private street, road or highway, any residential, commercial, or industrial building or development, or any publicly or privately owned recreational or service facility of any kind, at all times prior to completion of such construction.

c. The establishment and maintenance of vegetation upon the right of way of any completed portion of any public street, road, or highway, or the construction or installation thereon of structures or devices, or other measures adequate to prevent erosion from the right of way in excess of the applicable soil loss limits.

6. “Farm unit” means a single contiguous tract of agricultural land, or two or more adjacent tracts of agricultural land, located within a single soil and water conservation district, upon which farming operations are being conducted by a person who owns or is purchasing or renting all of the land, or by that person’s tenant or tenants. If a landowner has multiple farm tenants, the land on which farming operations are being conducted by each tenant is a separate farm unit. This definition does not prohibit land which is within a single soil and water conservation district and is owned or being purchased by the same person, or is being rented by the same tenant, from being treated as two or more farm units if the commissioners of the soil and water conservation district deem it preferable to do so.

7. “Farm unit soil conservation plan” means a plan jointly developed by the owner and, if appropriate, the operator of a farm unit and the commissioners of the soil and water conservation district within which that farm unit is located, based on the conservation folder for that farm unit and identifying those permanent soil and water conservation practices and temporary soil and water conservation practices the use of which may be expected to prevent soil loss by erosion from that farm unit in excess of the applicable soil loss limit or limits. The plan shall if practicable identify alternative practices by which this objective may be attained.

8. “Forest” means stands of native or introduced trees containing at least two hundred trees per acre and located on privately owned land. However, a stand of fruit trees is not a forest.

9. “Professional forester” means a forestry graduate of an institution of higher learning, who has a minimum of two years of forest management experience.

10. “Soil and water conservation practices”
§161A.43 Duty of property owners — liability.

To conserve the fertility, general usefulness, and value of the soil and soil resources of this state, and to prevent the injurious effects of soil erosion, it is hereby made the duty of the owners of real property in this state to establish and maintain soil and water conservation practices or erosion control practices, as required by the regulations of the commissioners of the respective soil and water conservation districts. As used in this section, "owners of real property in this state" includes each state government agency, each political subdivision of the state and each agency of such a political subdivision which has under its control publicly owned land, including but not limited to agricultural land, forests, parks, the grounds of state educational, penal and human service institutions, public highways, roads and streets, and other public rights of way.

A landowner shall not be liable for a claim based upon or arising out of a claim of negligent design or specification, negligent adoption of design or specification, or negligent installation, construction, or reconstruction of a soil and water conservation practice or an erosion control practice that was installed, constructed, or reconstructed in accordance with generally recognized engineering or safety standards, criteria, or design theory in existence at the time of the installation, construction, or reconstruction. A claim shall not be allowed for failure to upgrade, improve, or alter any aspect of an existing soil and water conservation practice or erosion control practice to a new, changed, or altered design standard. This paragraph does not apply to claims based on a failure of a landowner to upgrade, improve, or alter a soil and water conservation practice or erosion control practice in violation of law. This paragraph does not apply to claims based upon gross negligence.

§161A.44 Rules by commissioners — scope.

The commissioners of each soil and water conservation district shall, with approval of and within time limits set by administrative order of the state soil conservation committee, adopt reasonable regulations as are deemed necessary to establish a soil loss limit or limits for the district and provide for the implementation of the limit or limits, and may subsequently amend or repeal their regulations as they deem necessary. The committee shall review the soil loss limit regulations adopted by the soil and water conservation districts at least once every five years, and shall recommend changes in the regulations of a soil and water conservation district which the committee deems necessary to assure that the district's soil loss limits are reasonable and attainable. The commissioners may:

1. Classify land in the district on the basis of topography, soil characteristics, current use, and other factors affecting propensity to soil erosion.

2. Establish different soil loss limits for different classes of land in the district if in their judgment and that of the state soil conservation committee a lower soil loss limit should be applied to some land than can reasonably be applied to other land in the district, it being the intent of the general assembly that no land in the state be assigned a soil loss limit that cannot reasonably be applied to such land.

3. Require the owners of real property in the district to employ either soil and water conservation practices or erosion control practices, and:

   a. May not specify the particular practices to be employed so long as such owners voluntarily
§161A.44, SOIL AND WATER CONSERVATION

comply with the applicable soil loss limits established for the district.

b. May specify two or more approved soil and water conservation practices or erosion control practices, one of which shall be employed by the landowner to bring erosion from land under the landowner’s control within the applicable soil loss limit of the district when an administrative order is issued to the landowner.

c. In no case may the commissioners require:

(1) The employment of erosion control practices as defined in section 161A.42, subsection 4, on land used in good faith for agricultural or horticultural purposes only.

(2) The employment of soil and water conservation practices or erosion control practices on that portion of any public street, road or highway completed or under construction within the corporate limits of any city, which is or will become the traveled or surfaced portion of such street, road, or highway.

(3) That any owner or operator of agricultural land refrain from fall plowing of soil on which the owner or operator intends to raise a crop during the next succeeding growing season, however on those lands which are prone to excessive wind erosion the commissioners may require that reasonable temporary measures be taken to minimize the likelihood of wind erosion so long as such measures do not unduly increase the cost of operation of the farm on which the land is located. However, fall plowing of soil which is commonly known as gumbo shall always be permitted.

d. May require that a person under an order to employ soil and water conservation practices or erosion control practices submit up to three bids to the commissioners for the work and provide an explanation to the commissioners if a bid other than the lowest bid has been selected by that person.

161A.45 Submission of regulations to committee—hearing.

Regulations which the commissioners propose to adopt, amend, or repeal shall be submitted to the committee, in a form prescribed by the committee, for its approval. The committee may approve the regulations as submitted, or with amendments as it deems necessary. The commissioners shall, after approval, publish notice of hearing on the proposed regulations, as approved, in a newspaper of general circulation in the district, setting a date and time not less than ten nor more than thirty days after the publication when a hearing on the proposed regulations will be held at a specified place. The notice shall include the full text of the proposed regulations and shall state that the proposed regulations are on file and available for review at the office of the affected soil and water conservation district.

At the hearing, the commissioners or their designees shall explain, in reasonable detail, the reasons why adoption, amendment, or repeal of the regulations is deemed necessary or advisable. Any landowner, or any occupant of land who would be affected by the regulations, shall be afforded an opportunity to be heard for or against the proposed regulations. At the conclusion of the hearing, the commissioners shall announce and enter of record their decision whether to adopt or modify the proposed regulations. Any modification must be approved by the committee, which may at its discretion order the commissioners to republish the regulations and hold another hearing in the manner prescribed by this chapter.

161A.47 Inspection of land on complaint.

The commissioners shall inspect or cause to be inspected any land within the district to determine if land is being damaged by sediment, from soil erosion occurring on neighboring land in excess of the limits established by the district’s soil erosion control regulations. If the land is privately owned, the commissioners shall make or cause to be made the inspection, upon receiving a written complaint signed by an owner or occupant of land claiming that the owner’s or occupant’s land is being damaged by sediment. If the land is subject to a public interest, the commissioners shall make or cause to be made the inspection upon a majority vote of commissioners at an open meeting held pursuant to chapter 21. Land is subject to a public interest if the land is publicly held, subject to an easement held by the public, or the subject of an improvement made at public expense.

If, after the inspection, the commissioners find that sediment damages are occurring to land which is owned or occupied by the person filing the complaint or subject to a public interest, and that excess soil erosion is occurring on neighboring land, the commissioners shall issue an administrative order to the landowner or landowners of record, and to the occupant of the land if known to the commissioners. The order shall describe the land and state as nearly as possible the extent to which soil erosion on the land exceeds the limits established by the district’s regulations. The order shall be delivered either by personal service or by restricted certified mail to each of the persons to whom it is directed, and shall:

1. In the case of erosion occurring on the site
of any construction project or similar undertaking involving the removal of all or a major portion of the vegetation or other cover, exposing bare soil directly to water or wind, state a time not more than five days after service or mailing of the notice of the order when work necessary to establish or maintain erosion control practices must be commenced, and a time not more than thirty days after service or mailing of the notice of the order when the work is to be satisfactorily completed.

2. In all other cases, state a time not more than six months after service or mailing of the notice of the order, by which work needed to establish or maintain the necessary soil and water conservation practices or erosion control measures must be commenced, and a time not more than one year after the service or mailing of the notice of the order when the work is to be satisfactorily completed, unless the requirements of the order are superseded by the provisions of section 161A.48.

161A.48 Mandatory establishment of soil and water conservation practices.

1. An owner or occupant of agricultural land in this state is not required to establish any new permanent or temporary soil and water conservation practice unless cost-share or other public moneys have been specifically approved for that land and made available to the owner or occupant pursuant to section 161A.74.

2. Evidence that an application for cost-share or other public moneys, from a source or sources having authority to pay a portion of the cost of work needed to comply with an administrative order issued pursuant to section 161A.47, has been submitted to the proper officer or agency constitutes commencement of the work within the meaning of sections 161A.43 through 161A.53.

3. Upon receiving evidence of the submission of an application, the commissioners shall forward to the officer or agency to which the application was made a written request to receive notification of the disposition of the application. When notified of the approval of the application, the commissioners shall issue to the same parties who received the original administrative order, or their successors in interest, a supplementary order, to be delivered in the same manner as provided by sections 161A.43 to 161A.53 for delivery of original administrative orders. The supplementary order shall state a time, not more than six months after approval of the application for public cost-sharing funds, by which the work needed to comply with the original administrative order shall actually be commenced, and a time thereafter when the work is to be satisfactorily completed. If feasible, that time shall be within one year after the date of the supplementary order, but the owner of land on which a soil and water conservation practice is being established under this section is not required to incur a cost for the practice in any one calendar year which exceeds ten dollars per acre for each acre of land belonging to that owner and located in the county containing the land on which the required practice is being established or in counties contiguous to that county.

161A.49 Petition for court order.

The commissioners shall petition the district court for a court order requiring immediate compliance with an administrative order previously issued by the commissioners as provided in section 161A.47, if:

1. The work necessary to comply with the administrative order is not commenced on or before the date specified in such order, or in any supplementary order subsequently issued as provided in section 161A.48, unless in the judgment of the commissioners the failure to commence or complete the work as required by the administrative order is due to factors beyond the control of the person or persons to whom such order is directed and the person or persons can be relied upon to commence and complete the necessary work at the earliest possible time.

2. Such work is not being performed with due diligence, or is not satisfactorily completed by the date specified in the administrative order, or when completed does not reduce soil erosion from such land below the limits established by the soil and water conservation district’s regulations.

3. The person or persons to whom the administrative order is directed advise the commissioners that they do not intend to commence or complete such work.

161A.50 Burden — court order.

In any action brought under section 161A.49, the burden of proof shall be upon the commissioners to show that soil erosion is in fact occurring in excess of the applicable soil loss limits and that the defendant has not established or maintained soil and water conservation practices or erosion control practices in compliance with the soil and water conservation district’s regulations. With respect to construction, repair, or maintenance of any public street, road, or highway, evidence that soil erosion control standards equivalent to or in excess of those currently imposed by the United States government on the project or like projects involving use of federal funds shall create a pre-
sumption of compliance with the applicable soil loss limit. Upon receiving satisfactory proof, the court shall issue an order directing the landowner or landowners to comply with the administrative order previously issued by the commissioners. The court may modify such administrative order if deemed necessary. Notice of the court order shall be given either by personal service or by restricted certified mail to each of the persons to whom the order is directed, who may within thirty days from the date of the court order appeal to the supreme court. Any person who fails to comply with a court order issued pursuant to this section within the time specified in such order, unless the order has been stayed pending an appeal, shall be deemed in contempt of court and may be punished accordingly.

161A.51 Entering on land.
The commissioners and their authorized agents or employees may enter upon any private or public property, except private dwellings, at any reasonable time to classify land by soil sampling or other appropriate methods or to determine whether soil erosion is occurring on the property in violation of the district’s regulations.

1. If the owner or occupant of any property refuses admittance, or if prior to such refusal the commissioners demonstrate the need for a warrant, the commissioners may make an application under oath or affirmation to the district court of the county in which the property is located for the issuance of a search warrant.

2. In the application the commissioners shall state that entry on the premises is mandated by the laws of this state or that entry is needed to conduct soil sampling necessary to classify soil in the district as specified in section 161A.44, subsection 1, or to determine whether soil erosion is occurring on the property in violation of the district’s regulations. The application shall describe the area or premises, give the date of the last known investigation or sampling, give the date and time of the proposed inspection, declare the need for such inspection, recite that notice of desire to make an inspection has been given to affected persons and that admission was refused if that be the fact, and state that the inspection has no purpose other than to carry out the purpose of the statute, ordinance or regulation pursuant to which the inspection is to be made.

3. The court may issue a search warrant, after examination of the applicant and any witnesses, if the court is satisfied that there is probable cause to believe the existence of the allegations in the application.

4. In soil sampling and making investigations pursuant to a warrant, the commissioners must execute the warrant in a reasonable manner within the time period specified in the warrant.

Each state agency shall enter into an agreement with the soil and water conservation district in which the state agency has public land under its control in cultivation. The agreement shall contain a plan of the state agency to prevent soil erosion in excess of soil loss limits by the use of soil and water conservation practices and erosion control practices. This section applies to all public land which is used for horticultural or agricultural purposes. State soil conservation cost-sharing funds shall not be used on these public lands. Conservation plans required by this section shall be completed by July 1, 1986, and implementation shall occur consistent with the schedule contained in the conservation plan. Application for exemption from this section may be submitted to the appropriate soil and water conservation district. The exemption shall be granted for land upon which soil management research for the purposes of the study, evaluation, understanding and control of erosion, sedimentation and run-off water is conducted by or in conjunction with institutions governed by the board of regents.

161A.61 Discretionary inspection by commissioners — actions upon certain findings.

1. In addition to the authority granted by section 161A.47, the commissioners of a soil and water conservation district may inspect or cause to be inspected any land within the district on which they have reasonable grounds to believe that soil erosion is occurring in excess of the limits established by the district's soil erosion control regulations. If the commissioners find from an inspection conducted under authority of either section 161A.47 or this section that soil erosion is occurring on that land in excess of the applicable soil loss limits established by the district's soil erosion control regulations, they shall send notice of that finding to the landowner or landowners of record, and to the occupant of the land if known to the commissioners. The notice shall describe the land affected and shall state as nearly as possible the extent to which soil erosion from that land exceeds the applicable soil loss limits.

a. If the commissioners find that the excessive erosion described in the notice is not causing sediment damage to property owned or occupied by any person other than the owner or occupant of the land on which the excessive soil erosion is occurring, and that the rate of the excessive erosion is less than twice the applicable soil loss limit, the notice required by this subsection shall include or be accompanied by information regarding financial or other assistance which the commissioners are able to make available to the owner or occupant of the land to aid in achieving compliance with the applicable soil loss limits.

b. If the commissioners find that the excessive soil erosion described in the notice is not causing sediment damage to property owned or occupied by any person other than the owner or occupant of the land on which it is occurring, but that the erosion is occurring at a rate equal to or greater than twice the applicable soil loss limit, the notice shall so state, shall include or be accompanied by the information required by paragraph “a” of this subsection, and shall be delivered by personal service or by restricted certified mail to each of the persons to whom the notice is directed. A notice given under this paragraph shall also include or be accompanied by information explaining the provisions of subsection 2.

2. Beginning January 1, 1985, or five years after the completion of the conservation folder for a particular farm unit pursuant to this section, whichever date is later, the commissioners of the soil and water conservation district in which that farm unit is located may petition the district court for an appropriate order with respect to that farm unit if its owner or occupant has been sent a notice by the commissioners under subsection 1, paragraph “b” for three or more consecutive years. The commissioners' petition shall seek a court order which states a time not more than six months after the date of the order when the owner or occupant must commence, and a time when the owner or occupant must complete the steps necessary to comply with the order. The time allowed to complete the establishment of a temporary soil and water conservation practice employed to comply or advance toward compliance with the court's order shall be not more than one year after the date of that order, and the time allowed to complete the establishment of a permanent soil and water conservation practice employed to comply with the court's order shall be not more than five years after the date of that order. Section 161A.48 applies to a court order issued under this subsection. The steps required of the farm unit owner or operator by the court order are those which are necessary to do one of the following:

a. Bring the farm unit which is the subject of the order into compliance with its farm unit soil conservation plan, if such a plan had been agreed upon prior to the time the commissioners petitioned for the order.

b. Bring the farm unit which is the subject of the order into compliance with a plan developed for that farm unit by the commissioners, in accordance with guidelines established by the division of soil conservation, and presented to the court as a part of the commissioners' petition, if a farm unit soil conservation plan has not previously been agreed upon for that farm unit. A plan presented to the court by the commissioners under this paragraph shall specify as many alternative approved soil and water conservation practices as feasible, among which the owner or occupant of the farm unit may choose in taking the steps necessary to comply with the court's order.

c. Bring the farm unit which is the subject of the order into compliance with a soil conservation plan developed by the owner or occupant of that farm unit as an alternative to the proposed soil conservation plan developed by the commissioners, if the owner or occupant so petitions the court and the court finds that the owner or occupant's plan will bring the farm unit into conformity with the applicable soil loss limits of the district.

3. The commissioners may also cause an inspection of land within the district on which they have reasonable grounds to believe that a permanent soil and water conservation practice established with public cost-sharing funds is not being properly maintained or is being altered in violation of section 161A.7, subsection 16. If the commissioners find that the practices are not being maintained or have been altered in violation of section 161A.7, subsection 16, the commissioners shall issue an administrative order to the landowner who made the unauthorized removal, alteration or modification to maintain, repair, or reconstruct the permanent soil and water conservation practices. The requirement for maintenance and...
repair is for the length of life as defined in section 161A.7, subsection 16. Public cost-sharing funds are not available for the work under this order. If the landowner fails to comply with the administrative order, the commissioners may petition the district court for an order compelling compliance with the order. Upon receiving satisfactory proof, the court shall issue an order directing compliance with the administrative order and may modify the administrative order. The provisions of section 161A.50 relating to notice, appeals and contempt of court shall apply to proceedings under this subsection.

161A.62 Duties of commissioners and of owners and occupants of agricultural land — restrictions on use of cost-sharing funds.

The commissioners of each soil and water conservation district shall seek to implement or to assist in implementing the following requirements:

1. Each farm unit shall be furnished a conservation folder complying with the rules of the department by the soil and water conservation district in which the farm unit is located, not later than January 1, 1985, or as soon thereafter as adequate funding is available to permit completion of a conservation folder for every farm unit in the state. Technical assistance in the development of the conservation folder may be provided by the United States department of agriculture natural resources conservation service through the memorandum of understanding with the district or by the department. The department shall provide by rule that an updated farm plan prepared for a particular farm unit within ten years prior to the effective date of this subsection shall be considered an adequate replacement for the conservation folder for that farm unit. Upon completion of the conservation folder for a particular farm unit, the district shall send the owner of that farm unit, and also the operator of the farm unit if known by the commissioners to be other than the owner, a letter offering that person or those persons a copy of the folder. The district shall keep a record of the date the folder is completed and the letter is sent. The folder shall be updated from time to time by the district as it deems necessary.

2. The commissioners of each soil and water conservation district shall complete preparation of a farm unit soil conservation plan for each farm unit within the district, not later than January 1, 1985, or five years after completion of the conservation folder for that farm unit, whichever date is later, or as soon thereafter as adequate funding is available to permit compliance with this requirement. Technical assistance in the development of the farm unit soil conservation plan may be provided by the United States department of agriculture natural resources conservation service through the memorandum of understanding with the district or by the department. The commissioners shall make every reasonable effort to consult with the owner and, if appropriate, with the operator of that farm unit, and to prepare the plan in a form which is acceptable to that person or those persons. The plan shall be drawn up and completed without expense to the owner or operator of the farm unit, except that the owner or operator shall not be reimbursed for the value of the owner’s or occupant’s own time devoted to participation in the preparation of the plan. If the commissioners’ plan is unacceptable to the owner or operator of the farm unit, that person or those persons may prepare an alternative farm unit soil conservation plan identifying permanent or temporary soil and water conservation practices which may be expected to achieve compliance with the soil loss limit or limits applicable to that farm unit, and submit that plan to the soil and water conservation district commissioners for their review.

3. Within one year after completion of a farm unit soil conservation plan for a particular farm unit which is acceptable both to the commissioners of the soil and water conservation district within which the farm unit is located and to the owner and, if appropriate, to the operator of that farm unit, the commissioners shall offer to enter into a soil conservation agreement with the owner, and also with the operator if appropriate, based on the mutually acceptable farm unit soil conservation plan.

A prospective purchaser of an interest in agricultural land located in this state is entitled to obtain additional copies of either or both of the documents referred to in this section from the office of the soil and water conservation district in which the land is located, promptly upon request, at a fee not to exceed the cost of reproducing them. All persons who identify themselves to the commissioners or staff of a soil and water conservation district as prospective purchasers of agricultural land in the district shall be given information, prepared in ac-
cordance with rules of the department, which clearly explains the provisions of section 161A.76.

161A.64 Erosion control plans required for certain projects.
1. If a political subdivision has adopted a sediment control ordinance which the commissioners and the political subdivision jointly agree is at least as equally effective as the commissioners' rules in preventing erosion from exceeding the established soil loss limits, the commissioners and the political subdivision shall execute an agreement under chapter 28E allowing an agency authorized by the political subdivision to receive and file an affidavit from a person, prior to initiating a land disturbing activity in that subdivision, stating that the proposed activity will not exceed the established soil loss limits. A copy of the affidavit shall be mailed to the district as a part of the terms of the agreement. The affidavit shall be in a form prescribed by the department and made available by the district.

2. Prior to initiating a land disturbing activity in a political subdivision which has not adopted sediment control ordinances as described in subsection 1, a person engaged in the land disturbing activity shall file a signed affidavit with the soil and water conservation district that the project will not exceed the soil loss limits. The affidavit shall be in a form prescribed by the department and made available by the district.

3. For the purposes of this section, “land disturbing activity” means a land change such as the tilling, clearing, grading, excavating, transporting or filling of land which may result in soil erosion from water or wind and the movement of sediment and sediment related pollutants into the waters of the state or onto lands in the state but does not include the following:
   a. Tilling, planting or harvesting of agricultural, horticultural or forest crops.
   b. Preparation for single-family residences separately built unless in conjunction with multiple construction in subdivision development.
   c. Minor activities such as home gardens, landscaping, repairs and maintenance work.
   d. Surface or deep mining.
   e. Installation of public utility lines and connections, fence posts, sign posts, telephone poles, electric poles and other kinds of posts or poles.
   f. Septic tanks and drainage fields unless they are to serve a building whose construction is a land disturbing activity.
   g. Construction and repair of the tracks, right of way, bridges, communication facilities and other related structures of a railroad.
   h. Emergency work to protect life or property.
   i. Disturbed land areas of less than twenty-five thousand square feet unless a political subdivision by ordinance establishes a smaller exception or establishes conditions for this exception.
   j. The construction, relocation, alteration or maintenance of public roads by a public body.

4. If the agency authorized under subsection 1 determines that a land disturbing activity is not being conducted in compliance with the soil loss limits, it shall file a written and signed complaint with the soil and water conservation district commissioners. The complaint shall have the same effect and validity as a complaint filed by an owner or occupant of land being damaged by sediment pursuant to section 161A.47. If the affidavit is filed with the district or the political subdivision, the commissioners may proceed on their own complaint. The soil and water conservation district commissioners may issue an administrative order as provided in that section to the person conducting the land disturbing activity.

The division may establish a conservation practices revolving loan fund composed of any money appropriated by the general assembly for that purpose, and of any other moneys available to and obtained or accepted by the committee from the federal government or private sources for placement in that fund. Except as otherwise provided by subsection 3, the assets of the conservation practices revolving loan fund shall be used only to make loans directly to owners of land in this state for the purpose of establishing on that land any new permanent soil and water conservation practice which the commissioners of the soil and water conservation district in which the land is located have found is necessary or advisable to meet the soil loss limits established for that land. A loan shall not be made for establishing a permanent soil and water conservation practice on land that is subject to the restriction on state cost-sharing funds of section 161A.76. Revolving loan funds and public cost-sharing funds shall not be used in combination for funding a particular soil and water conservation practice. Each loan made under this section shall be for a period not to exceed ten years, shall bear no interest, and shall be repayable to the conservation practices revolving loan fund in equal yearly installments due March 1 of each year the loan is in effect. The interest rate upon loans for which payment is delinquent shall accelerate immediately to the current legal usury limit. Applicants are eligible for no more than ten thousand dollars in loans outstanding at any time under this program. “Permanent soil and water conservation practices” has the same meaning as defined in section 161A.42 and those established under this program are subject to the requirements of section 161A.7, subsection 16. Loans made under this program shall come due for payment upon sale of the land on which those practices are established.

2. The general assembly finds and declares the following:

a. The erosion of topsoil on agricultural land by wind and water is a serious problem within the state and one which threatens to destroy the natural resource most responsible for Iowa’s prosperity.

b. It is necessary to the preservation of the economy and well-being of the state to encourage soil conservation practices by providing loans for permanent soil and water conservation practices on agricultural land within the state.

c. The use of state funds for the conservation practices revolving loan fund established under subsection 1 is in the public interest, and the purposes of this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned, or granted.

3. The division may:

a. Contract, sue and be sued, and promulgate administrative rules necessary to carry out the provisions of this section, but the committee shall not in any manner directly or indirectly pledge the credit of the state of Iowa.

b. Authorize payment from the conservation practices revolving loan fund and from fees for costs, commissions, attorney fees and other reasonable expenses related to and necessary for making and protecting direct loans under this section, and for the recovery of moneys loaned or the management of property acquired in connection with such loans.

4. This section does not negate the provisions of section 161A.48 that an owner or occupant of land in this state shall not be required to establish any new soil and water conservation practice unless public cost-sharing funds have been approved and are available for the land affected. However, the owner of land with respect to which an administrative order to establish soil and water conservation practices has been issued under section 161A.47 but not complied with for lack of public cost-sharing funds, may waive the right to await availability of such funds and instead apply for a loan under this section to establish any permanent soil and water conservation practices necessary to comply with the order. If a landowner does so, that loan application shall be given reasonable preference by the state soil conservation committee if there are applications for more loans under this section than can be made from the money available in the conservation practices revolving loan fund. If it is found necessary to deny an application for a soil and water conservation practices loan to a landowner who has waived the right to availability of public cost-sharing funds before complying with an administrative order issued under section 161A.47, the landowner’s waiver is void.

§161A.72 Administration.

1. Financial incentives provided under this chapter shall be administered by the division. The incentives shall be supported with funds appropriated by the general assembly, and moneys available to or obtained by the division or the committee from public or private sources, including but not limited to the United States, other states, or private organizations. The division shall adopt all rules consistent with chapter 17A necessary to carry out the purpose of this division as provided in section 161A.70.

2. The commissioners of a district shall, to the extent funding is available, contract with a person
who is an owner or occupant of land within the district applying to establish soil and water conservation practices as provided in this chapter. Under the agreement, the person shall receive financial incentives to establish permanent soil and water conservation practices and management practices, in consideration for promising to maintain the practices according to rules adopted by the division. If the land subject to an agreement is converted to a nonagricultural use that does not require a permanent soil and water conservation practice which has been established with financial incentives, the permanent soil and water conservation practice shall not be removed until the owner pays an amount to the district, which shall be deposited into a fund established by the district for use in providing financial incentives under this chapter. The amount shall be a prorated share of the amount paid in financial incentives to establish the practice, as provided in rules adopted by the division.

92 Acts, ch 1184, §7; 96 Acts, ch 1083, §4

161A.73 Voluntary establishment of soil and water conservation practices.

1. The division shall establish voluntary financial incentive programs which shall provide for the following:

a. The allocation of cost-share moneys as financial incentives provided for the purpose of establishing permanent soil and water conservation practices, including but not limited to terraces, diversions, grade stabilization structures, grassed waterways, and critical area planting. The financial incentives shall not exceed fifty percent of the estimated cost of establishing the practices, or fifty percent of the actual cost, whichever is less.

b. The allocation of moneys as financial incentives provided for the purpose of establishing management practices to control soil erosion on land that is row cropped, including but not limited to no-till planting, ridge-till planting, contouring, and contour strip-cropping. The division shall by rule establish limits on the amount of incentives which shall be authorized for payment to landowners upon establishment of the practice.

c. The allocation of cost-share moneys as financial incentives provided to establish practices to protect watersheds above publicly owned lakes of the state from soil erosion and sediment. The financial incentives shall be awarded to watersheds which are of the highest importance based on soil loss as established by the natural resource commission pursuant to section 456A.33A. The financial incentives shall not exceed seventy-five percent of the estimated cost of establishing the practices as determined by the commissioners or seventy-five percent of the actual cost of establishing the practices, whichever is less.

d. The allocation of cost-share moneys as financial incentives to establish permanent grass and buffer zones, including an erosion control structure or an erosion control practice to mitigate the effects of concentrated runoff on surface water quality. The financial incentives shall not exceed one hundred percent of the estimated cost of establishing a zone, as determined by the commissioners, or one hundred percent of the actual cost of establishing the zone, whichever is less.

e. The allocation of cost-share moneys as financial incentives for the same purposes that are supported from the soil and water enhancement account of the resources enhancement and protection fund as provided in section 455A.19, or by the water protection practices account of the water protection fund established pursuant to section 161C.4. The financial incentives shall not exceed fifty percent of the estimated cost of establishing the practices, or fifty percent of the actual cost, whichever is less.

2. The commissioners of a district may establish voluntary financial incentive programs which shall provide for the following:

a. The allocation of cost-share moneys as financial incentives under a special agreement with owners of land in the district who promise to adopt a watershed conservation plan as provided by rules which shall be adopted by the division. The watershed conservation plan shall be in conjunction with the owners’ respective farm unit soil conservation plans. The funding agreement must provide for the funding of a project which includes five or more contiguous farm units which have at least five hundred acres of agricultural land and which constitutes at least seventy-five percent of the agricultural land located within a watershed or subwatershed. The financial incentives shall not exceed sixty percent of the estimated cost of the project as determined by the commissioners or sixty percent of the actual cost, whichever is less.

b. The allocation of cost-share moneys as financial incentives to encourage summer construction of permanent soil and water conservation practices. The practices must be constructed on or after June 1 but not later than September 15. The commissioners may also provide for the payment of moneys on a prorated basis to compensate persons for the production loss on an area disturbed by construction, according to rules which shall be adopted by the division. The commissioners shall not allocate cost-share moneys to support summer construction during a fiscal year in which applications for cost-share moneys required to establish permanent soil and water conservation practices, other than established by summer construction, equal the total amount available to support the nonsummer construction practices. The financial incentives shall not exceed sixty percent of the estimated cost of establishing the practice as determined by the commissioners, or sixty percent of the actual cost of establishing the practice, whichever is less.

3. a. The division may reimburse private
landowners for a portion of the cost of fencing materials and installation for permanent fence used to protect forest land from domestic livestock grazing, if the division determines that the grazing has caused excessive soil loss. For purposes of this subsection, forests shall be considered as agricultural land eligible for cost-share moneys. The total expenditure of reimbursement moneys shall not exceed fifty percent of the total landowner expenditures. Expenditures for boundary and road fence construction and for repair and replacement of existing fences are not eligible for reimbursement unless the complete fence is replaced.

b. A landowner shall sign an agreement with the division as a condition for receiving cost-share moneys. The agreement shall provide that the landowner shall maintain the fence for a minimum of ten years and shall follow written professional forester recommendations relating to land protected by fencing. The recommendations must be approved by the state forester or the forester’s designee.

c. A landowner who violates the maintenance agreement shall maintain, repair, or reconstruct the damaged fence, or shall pay the division an amount equal to the amount of cost-share moneys reimbursed.

d. The division shall adopt rules to administer this subsection, including rules relating to procedures required to receive reimbursement, and eligibility requirements such as the minimum forest acreage required, and the maximum reimbursement amount allowed.

161A.74 Mandatory establishment of soil and water conservation practices — allocations.

1. The commissioners shall allocate cost-share moneys to establish mandatory soil and water conservation practices, as provided in sections 161A.43 through 161A.53, according to the following requirements:

a. The financial incentives shall not exceed more than fifty percent of the estimated cost of establishing the practices as determined by the commissioners, or fifty percent of the actual cost of establishing the practices, whichever is less. However, the commissioners may allocate an amount determined by the committee for management of soil and water conservation practices, except as otherwise provided regarding land classified as agricultural land under conservation cover.

b. The commissioners shall establish the estimated cost of the permanent soil and water conservation practices in the district based upon one and two-tenths of the average cost of the practices installed in the district during the previous year. The average costs shall be reviewed and approved by the commissioners each year.

2. The committee shall review requirements of this section once each year. The committee may authorize commissioners in districts to condition the establishment of a mandatory soil and water conservation practice in a specific case on a higher proportion of public cost-sharing than is required by this section. The commissioners shall determine the amount of cost-sharing moneys allocated to establish a specific soil and water conservation practice in accordance with an administrative order issued pursuant to section 161A.47 by considering the extent to which the practice will contribute benefits to the individual owner or occupant of the land on which the practice is to be established.

92 Acts, ch 1184, §9; 92 Acts, ch 1239, §53, §54

161A.75 Use of moneys for emergency repairs.

1. The commissioners of a district may allocate moneys otherwise available for voluntary financial incentive programs as provided in section 161A.73 to provide for the restoration of permanent soil and water conservation practices which are damaged or destroyed because of a disaster emergency. In providing for the restoration, the commissioners may allocate moneys under this section for construction, reconstruction, installation, or repair projects. For each project the commissioners must determine that the allocation is necessary in order to restore permanent soil and water conservation practices in order to prevent erosion in excess of the applicable soil loss limits caused by the disaster emergency.

2. In order to allocate moneys under this section, the disaster emergency must have occurred in an area subject to a state of disaster emergency pursuant to a proclamation made by the governor as provided in section 29C.6. The commissioners shall use the moneys only to the extent that moneys from other sources, including any moneys provided by the state or federal government in response to the disaster emergency, are not adequate. The commissioners are not required to allocate the moneys on a cost-share basis.

3. Following the disaster emergency, the commissioners shall submit a report to the committee providing information regarding restoration projects and moneys allocated under this section for the projects.

161A.76 Cost sharing for certain lands restricted.

1. It is the intent of this chapter that, effective January 1, 1981, each tract of agricultural land which has not been plowed or used for growing row crops at any time within fifteen years prior to that date, shall for purposes of this section be considered classified as agricultural land under conservation cover. If a tract of land so classified is thereafter plowed or used for growing row crops, the commissioners of the soil and water conserva-
tion district in which the land is located shall not approve use of state cost-sharing funds for establishing permanent or temporary soil and water conservation practices on that tract of land in an amount greater than one-half the amount of cost-sharing funds which would be available for that land if it were not considered classified as agricultural land under conservation cover. The restriction imposed by this section applies even if an administrative order or court order has been issued requiring establishment of soil and water conservation practices on that land. The commissioners may waive the restriction imposed by this section if they determine in advance that the purpose of plowing or row cropping land classified as land under conservation cover is to revitalize permanent pasture and that the land will revert to permanent pasture within two years after it is plowed.

2. When receiving an application for state cost-sharing funds to pay a part of the cost of establishing a permanent or temporary soil and water conservation practice, the commissioners of the soil and water conservation district to which the application is submitted shall require the applicant to state in writing whether, to the best of the applicant’s knowledge, the land on which the proposed practice will be established is land considered to be classified as agricultural land under conservation cover, as defined in subsection 1. An applicant who knowingly makes a false statement of material facts or who falsely denies knowledge of material facts in completing the written statement required by this subsection commits a simple misdemeanor and, in addition to the penalty required by this subsection commits a similar misdemeanor.

As provided in section 12B.10 shall be credited to the Iowa infrastructure fund. Notwithstanding section 12C.7, interest or earnings on investments made pursuant to this section or as provided in section 12B.10 shall be credited to the blufflands protection revolving fund. Notwithstanding section 8.33, unobligated or unencumbered funds credited to the blufflands protection revolving fund shall not exceed two million five hundred thousand dollars. Any funds in excess of two million five hundred thousand dollars shall be credited to the rebuild Iowa infrastructure fund.

2. A blufflands protection revolving fund is created in the state treasury. All proceeds shall be divided into two equal accounts. One account shall be used for the purchase of blufflands along the Mississippi river and its tributaries and the other account shall be used for the purchase of blufflands along the Missouri river and its tributaries. The proceeds of the revolving fund are appropriated to make loans to conservation organizations which agree to purchase bluffland properties adjacent to state public lands. The department of agriculture and land stewardship, in conjunction with the department of natural resources, shall adopt rules pursuant to chapter 17A to administer the disbursement of funds. Notwithstanding section 12C.7, interest or earnings on investments made pursuant to this section or as provided in section 12B.10 shall be credited to the blufflands protection revolving fund. Notwithstanding section 8.33, unobligated or unencumbered funds credited to the blufflands protection revolving fund shall not exceed two million five hundred thousand dollars. Any funds in excess of two million five hundred thousand dollars shall be credited to the rebuild Iowa infrastructure fund.

1. As used in this section, unless the context otherwise requires:
   a. For purposes of this section only, “bluffland” means a cliff, headland, or hill with a broad, steep face along the channel or floodplain of the Missouri or Mississippi river and their tributaries.
   b. “Conservation organization” means a nonprofit corporation incorporated in Iowa or an entity organized and operated primarily to enhance and protect natural resources in this state.

2. A blufflands protection revolving fund is created in the state treasury. All proceeds shall be divided into two equal accounts. One account shall be used for the purchase of blufflands along the Mississippi river and its tributaries and the other account shall be used for the purchase of blufflands along the Missouri river and its tributaries. The proceeds of the revolving fund are appropriated to make loans to conservation organizations which agree to purchase bluffland properties adjacent to state public lands. The department of agriculture and land stewardship, in conjunction with the department of natural resources, shall adopt rules pursuant to chapter 17A to administer the disbursement of funds. Notwithstanding section 12C.7, interest or earnings on investments made pursuant to this section or as provided in section 12B.10 shall be credited to the blufflands protection revolving fund. Notwithstanding section 8.33, unobligated or unencumbered funds credited to the blufflands protection revolving fund shall not exceed two million five hundred thousand dollars. Any funds in excess of two million five hundred thousand dollars shall be credited to the rebuild Iowa infrastructure fund.

   a. This section is repealed on July 1, 2005.
   b. The principal and interest from any blufflands protection loan outstanding on July 1, 2005, and payable to the blufflands protection revolving fund, shall be paid to the administrative director of the division of soil conservation on or after July 1, 2005, pursuant to the terms of the loan agreement and shall be credited to the rebuild Iowa infrastructure fund.

161C.2 Water protection projects and practices.

1. a. Each soil and water conservation district, alone and whenever practical in conjunction with other districts, shall carry out district-wide and multiple-district projects to support water protection practices in the district or districts, including projects to protect this state's groundwater and surface water from point and nonpoint sources of contamination, including but not limited to contamination by agricultural drainage wells, sinkholes, sedimentation, or chemical pollutants.

b. Any work project with an estimated cost of twenty-five thousand dollars or more shall be undertaken as a public contract as provided in chapters 73A and 573. The local contracting organization shall designate a contracting officer and shall establish procedures to manage the contract, approve bills for payment, and review proposed change orders or amendments to the contract.

2. An owner of or occupant of land within a district may establish a water protection practice under this chapter by entering into an agreement with the district in which the owner or occupant receives financial assistance to establish water
protection practices in consideration for promising to maintain the practices according to rules adopted by the division. The financial assistance may be in the form of grants, loans, or cost-sharing arrangements. An agreement shall not be binding until the assistance is specifically approved for that land and made available to the owner or occupant.

3. The division shall approve an award of financial assistance based on an application submitted by the owner or occupant of the land. The division may require a copy of the application with an evaluation of the application by the district. Each application for financial assistance shall be considered under a priority system adopted by the district for disbursement of unallocated funds. The district, under the supervision of a district technician, shall design proposed clean water practices for which financial assistance has been obligated. The district shall determine compliance with applicable design standards and specifications. The landowner shall construct and is liable for the performance of the water protection practices on the land.

4. The division shall adopt rules necessary for the administration of this chapter, including rules relating to the approval of programs and projects, designing a project or water protection practices, the estimation of costs of a project or program, and the inspection of projects or practices being placed or maintained on the land.

161C.4 Water protection fund.

A water protection fund is created within the division. The fund is composed of money appropriated by the general assembly for that purpose, and moneys available to and obtained or accepted by the state soil conservation committee from the United States or private sources for placement in the fund. The fund shall be divided into two accounts, the water quality protection projects account and the water protection practices account. The first account shall be used to carry out water quality protection projects to protect the state's surface and groundwater from point and nonpoint sources of contamination. The second account shall be used to establish water protection practices with individual landowners including but not limited to woodland establishment and protection, establishment of native grasses and forbs, sinkhole management, agricultural drainage well management, streambank stabilization, grass waterway establishment, stream buffer strip establishment, and erosion control structure construction. Twenty-five percent of funds appropriated to the water protection practices account shall be used for woodland establishment and protection, establishment of native grasses and forbs. Soil and water conservation district commissioners shall give priority to applications for practices that implement their soil and water resource conservation plan. The fund shall be a revolving fund from which moneys may be used for loans, grants, administrative costs, and cost-sharing.

In administering the fund the division may:

1. Contract, sue and be sued, and adopt rules necessary to carry out the provisions of this section, but the division or committee shall not in any manner directly or indirectly pledge the credit of this state.

2. Authorize payment from the water protection fund and from fees for costs, commissions, and other reasonable expenses.

161C.5 Organic nutrient management fund.

An organic nutrient management fund is created in the state treasury under the control of the division. The fund is composed of moneys appropriated by the general assembly, and moneys available to and obtained or accepted by the division or the state soil conservation committee, from the United States or private sources for placement in the fund.

2. Moneys in the fund are subject to an annual audit by the auditor of state. The fund is subject to warrants by the director of revenue and finance, drawn upon the written requisition of the division.

3. The fund shall be used to support the organic nutrient management program provided in section 161C.6. Moneys shall be used to provide financial incentives under the program and to pay for expenses incurred by the division in adminis-
tering the program. Not more than two percent of the moneys shall be used to pay for administering the program. Moneys expended for financial incentives shall be allocated on a cost-share basis. The division may adopt rules to administer this section.

4. The division shall not in any manner directly or indirectly pledge the credit of the state.

5. Section 8.33 shall not apply to moneys in the fund. Moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this section.

94 Acts, ch 1198, §33

161C.6 Organic nutrient management program.

1. The division shall establish an organic nutrient management program as provided by rules which shall be adopted by the division. The program shall be supported from moneys deposited in the organic nutrient management fund.

2. a. The program shall provide financial incentives to establish livestock manure management systems to facilitate the proper utilization of livestock manure as a nutrient source, and to protect the water resources of the state from livestock manure runoff.

b. A person shall not be eligible to participate in the program, unless the person is an individual family farmer, an individual actively engaged in farming as provided in section 9H.1, subsection 1, paragraph "a", or the person is a family farm corporation, family farm limited partnership, a family trust, or a family farm limited liability company, all as defined in section 9H.1.

c. The amount of moneys allocated in cost-share payments to a person qualifying under the organic nutrient management program shall not exceed fifty percent of the estimated cost of establishing the system or fifty percent of the actual cost, whichever is less.

d. The division shall maintain records regarding each award of financial incentives under this section, including the name of the person; the amount of the award; the location of the livestock manure management system established with financial incentive moneys; and whether the person is a family farm corporation, family farm limited partnership, family trust, or a family farm limited liability company.

e. The department shall not allocate moneys to a person who is a party to a legal or administrative action, including a contested case proceeding under chapter 17A, which relates to an alleged violation of chapter 455B or 459, subchapters II and III, involving the disposal of livestock waste, until the action is resolved. The department of natural resources shall cooperate with the division by providing information necessary to administer this paragraph.

f. A person shall not use moneys allocated pursuant to this section for purposes of paying an amount imposed pursuant to a fine or civil penalty, or for remediating or restoring the condition of an area contaminated by livestock waste.

g. A person qualifying under the program shall not receive more than seven thousand five hundred dollars in financial incentives during any fiscal year beginning on July 1 and ending on June 30. A person who has received financial assistance in a prior fiscal year is eligible to receive financial assistance in a subsequent fiscal year, unless the financial assistance is used to support the establishment of a system previously receiving assistance under this program.

94 Acts, ch 1198, §4

161C.7 Watershed protection.

1. The department of agriculture and land stewardship shall initiate and coordinate the establishment of a watershed protection task force and provide staffing assistance to the task force. It is the intent of the general assembly that the task force include representatives of the department of agriculture and land stewardship, the department of natural resources, the emergency management division of the department of public defense, county conservation boards, soil and water conservation districts, and any other appropriate stakeholders. The task force shall study the condition of watershed protection in the state and provide recommendations to the department of agriculture and land stewardship regarding soil conservation, water quality protection, flood control, and other natural resource conservation issues. The task force shall submit recommendations to the department by January 1 of each year through January 1, 2001.

2. The department of agriculture and land stewardship shall implement and administer a watershed protection program. The department of agriculture and land stewardship, in consultation with the department of natural resources, shall annually establish a prioritized list of watersheds that are of the highest importance to the state's water quality. The watershed protection program shall, to the extent practical, target for assistance those watersheds on the prioritized list. A soil and water conservation district, in cooperation with state agencies, local units of government, and private organizations, may submit an application for assistance to the department which provides a strategy for protecting soil, water quality, and other natural resources, and improving flood control in the watershed. Upon approval of an application, the department may provide a grant to the soil and water conservation district for purposes of carrying out the strategy provided in the application.

3. A watershed protection account is created within the water protection fund created in section 161C.4. Moneys credited to the account shall be distributed under the watershed protection
program.

4. Administrative rules used for water quality protection projects under the water protection program shall be used to administer the watershed protection program.

4. A hungry canyons alliance is created. The hungry canyons alliance shall be governed by a board of directors appointed as provided in its bylaws and the board shall carry out its responsibilities under the general direction of the loess hills development and conservation authority. The bylaws of the hungry canyons alliance are subject to review and approval of the loess hills development and conservation authority.

161D.2 Loess hills development and conservation fund.

A loess hills development and conservation fund is created in the state treasury. The fund shall include a hungry canyons account and a loess hills alliance account which shall be administered by the loess hills development and conservation authority. The proceeds of the respective accounts shall be used for the purposes specified in section 161D.1 or 161D.6 as applicable. SUBCHAPTER 2

SOUTHERN IOWA DEVELOPMENT AND CONSERVATION AUTHORITY

161D.11 Southern Iowa development and conservation authority created — membership and duties.

1. A southern Iowa development and conservation authority is created. The counties of Appanoose, Clarke, Davis, Decatur, Jefferson, Lucas, Monroe, Van Buren, Wapello, and Wayne are entitled to one voting member each on the authority, but membership or participation in projects of the authority is not required. Each member of the authority shall be appointed by the respective board of supervisors for a term to be determined by each board of supervisors, but the term shall not be for less than one year. An appointee shall serve without compensation, but an appointee may be reimbursed for actual expenses incurred while performing the duties of the authority as determined by each board of supervisors. The authority shall meet, organize, and adopt rules of procedures as deemed necessary to carry out its duties. The authority may appoint working committees that include other individuals in addition to voting members.

2. The mission of the authority is to develop and coordinate plans for projects related to the unique natural resources, rural development, and infrastructure problems of counties in the most fragile areas of the southern Iowa drift plain. The authority’s mission is established in part as a response to the erosion of soils, degradation of water resources, and the destabilization of stream channels in the fragile glacial till soils of southern Iowa that have occurred in a large part due to unchecked conversion of grassland to cropland. This land use conversion was brought about by the economic pressures of past federal agricultural poli-
cies that disregarded the fragile nature of the southern Iowa soil resource and the incompatibility of these soils with the subsidized commodities. The resulting erosion of the land has damaged the rural infrastructure of this area, destroyed public roads and bridges, adversely impacted stream water quality and riparian habitat, affected other public and private improvements, and severely threatens the potable water supply of the region. Reducing soil erosion, preventing sedimentation, and stopping nutrients and pesticides from entering water resources are all necessary to protect the rural infrastructure in the southern area of the state. Important protection measures include structural improvements and the reestablishment of grasslands for sustainable economic uses.

3. The authority shall cooperate with the division of soil conservation of the department of agriculture and land stewardship, the affected soil and water conservation districts, the department of natural resources, and the state department of transportation in carrying out its mission and duties. The authority shall also cooperate with appropriate federal agencies, including the United States environmental protection agency, the United States department of interior, and the United States department of agriculture natural resources conservation service. The authority shall make use of technical resources available through member counties and cooperating agencies.

4. The authority shall administer the southern Iowa development and conservation fund created under section 161D.12 and shall deposit and expend moneys in the fund for the planning, development, and implementation of development and conservation activities or measures in the member counties.

5. This section is not intended to affect the authority of the department of natural resources in its acquisition, development, and management of public lands within the counties represented by the authority.

99 Acts, ch 30, §1

161D.12 Southern Iowa development and conservation fund.
A southern Iowa development and conservation fund is created in the state treasury, to be administered by the southern Iowa development and conservation authority. The proceeds of the fund shall be used for the purposes specified in section 161D.11. The southern Iowa development and conservation authority may accept gifts, bequests, other moneys including, but not limited to, state or federal moneys, and in-kind contributions for deposit in the fund. The gifts, grants, bequests from public and private sources, state and federal moneys, and other moneys received by the authority shall be deposited in the fund and any interest earned on moneys in the fund shall be credited to the fund to be used for the purposes specified in section 161D.11. Notwithstanding section 8.33, any unexpended or unencumbered moneys remaining in the fund at the end of the fiscal year shall not revert to the general fund of the state, but the moneys shall remain available for expenditure by the authority in succeeding fiscal years.

161D.13 Annual report — audit.
1. The southern Iowa development and conservation authority shall submit to the department of management, the legislative fiscal bureau, and the division of soil conservation of the department of agriculture and land stewardship, on or before December 31 annually, a report including information regarding all of the following:
   a. Its operations and accomplishments.
   b. Its budget, receipts, and actual expenditures during the previous fiscal year, in accordance with classifications it establishes for its operating and capital accounts.
   c. Its assets and liabilities at the end of the previous fiscal year and the status of reserves, special, and other funds.
   d. A statement of its proposed and projected activities.
   e. Recommendations to the governor and the general assembly, as deemed necessary.
   f. Any other information deemed necessary.
2. The annual report shall identify performance goals of the authority, and clearly indicate the extent of progress during the reporting period in attaining these goals.
3. The southern Iowa development and conservation fund shall be subject to an annual audit by the auditor of state.

The sterilization shall involve a procedure which permanently destroys the capacity of a dog or cat to reproduce, either by the surgical removal or alteration of its reproductive organs, or by the injection or ingestion of a serum. The pound or animal shelter shall not relinquish custody until it provides for one of the following:

a. Sterilization performed by a veterinarian licensed pursuant to chapter 169.

b. The execution of an agreement with a person intended to be the permanent custodian of the dog or cat. The agreement must provide that the custodian shall have the dog or cat sterilized by a veterinarian licensed pursuant to chapter 169.

2. The pound or animal shelter maintaining custody of the dog or cat may require that a person being transferred ownership of the dog or cat reimburse the pound or animal shelter for the amount in expenses incurred by the pound or animal shelter in sterilizing the dog or cat, if the dog or cat is sterilized prior to the transfer of ownership of the dog or cat to the person.

3. a. The sterilization agreement may be on a form which shall be prescribed by the department. The agreement shall contain the signature and address of the person receiving custody of the dog or cat, and the signature of the representative of the pound or animal shelter.

d. A person who fails to satisfy the terms of the sterilization agreement shall return the dog or cat within twenty-four hours following receipt of a demand letter which shall be delivered to the person by the pound or animal shelter personally or by certified mail.

4. a. A person who does not comply with the provisions of a sterilization agreement is guilty of a simple misdemeanor.

b. A person who fails to return a dog or cat upon receipt of a demand letter is guilty of a simple misdemeanor.

c. A pound or animal shelter which knowingly fails to provide for the sterilization of a dog or cat is subject to a civil penalty of up to two hundred dollars. The department may enforce and collect civil penalties according to rules which shall be adopted by the department. Each violation shall constitute a separate offense. Moneys collected from civil penalties shall be deposited into the general fund of the state and are appropriated on July 1 of each year in equal amounts to each track licensed to race dogs to support the racing dog adoption program as provided in section 99D.27. Upon the third offense, the department may suspend or revoke a certificate of registration issued to the pound or animal shelter pursuant to this chapter. The department may bring an action in district court to enjoin a pound or animal shelter from transferring animals in violation of this section. In bringing the action, the department shall not be required to allege facts necessary to show, or tending to show, a lack of adequate remedy at law, that irreparable damage or loss will result if the action is brought at law, or that unique or special circumstances exist.
5. This section shall not apply to the following:
   a. The return of a dog or cat to its owner by a pound or animal shelter.
   b. The transfer of a dog or cat by a pound or animal shelter which has obtained an enforcement waiver issued by the department. The pound or shelter may apply for an annual waiver each year as provided by rules adopted by the department. The department shall grant a waiver, if it determines that the pound or animal shelter is subject to an ordinance by a city or county which includes stricter requirements than provided in this section. The department shall not charge more than ten dollars as a waiver application fee. The fees collected by the department shall be deposited in the general fund of the state.
   c. The transfer of a dog or cat to an institution as defined in section 145B.1, a research facility as defined in section 162.2, or a person licensed by the United States department of agriculture as a class B dealer pursuant to 9 C.F.R. subchapter A, part 2. However, a class B dealer who receives an unsterilized dog or cat from a pound or animal shelter shall either sterilize the dog or cat or transfer the unsterilized dog or cat to an institution or research facility provided in this paragraph. The class B dealer shall not transfer a dog to an institution or research facility, if the dog is a greyhound registered with the national greyhound association and the dog raced at a track associated with pari-mutuel racing, unless the class B dealer receives written approval of the transfer from a person who owned an interest in the dog while the dog was racing.

163.15 Indemnifying owner.

Whenever any animal is found to be infected with one of the contagious diseases enumerated in section 163.2 or one which has been designated by the department thereunder, if there be no other provisions for indemnifying the owner in case the same be condemned and ordered by the department to be killed, and the secretary of agriculture determines that the existence of said communicable disease constitutes a threat to the general welfare or the public health of the inhabitants of the state, the secretary shall formulate a program of eradication including therein the condemnation and killing of the infected animals; provided however, that said program shall not be put into effect as hereinafter provided until the same has been approved by the executive council.

If an animal infected with a contagious disease is destroyed under a program of eradication as provided in this section, the owner shall be compensated according to one of the following methods:

1. a. A determination of an indemnity amount as agreed to by appraisal. The determination shall be made by appraisers who shall be three competent and disinterested persons, including one who is appointed by the department, one who is appointed by the owner, and one who is appointed by agreement of the department and the owner. The appraisers shall report their appraisal under oath to the department. The appraisers shall receive compensation and expenses as provided for by the program.

b. A claim for an indemnity filed by the owner shall not exceed the amount agreed upon by the majority decision of the appraisers. For an animal other than registered purebred stock the indemnity amount shall be based on current market prices. For registered purebred stock, the indemnity amount may exceed market prices by not more than fifty percent. The indemnity amount shall be less any amount of indemnification that the owner might be allowed from the United States department of agriculture. An indemnity shall not be allowed for an animal if the department of agriculture and land stewardship determines that the animal has been fed raw garbage as provided in section 163.26.

c. A claim for an indemnity by the owner and a claim for compensation and expenses by the appraisers shall be filed with the department and submitted by the secretary of agriculture to the executive council for its approval or disapproval.

d. Upon approval by the executive council, there is appropriated to the department from any moneys in the general fund of the state not otherwise appropriated moneys sufficient to carry out the provisions of this subsection.

2. A formula established by rule adopted by the department that is effective as determined by the department in accordance with chapter 17A and applicable upon approval of the plan of eradication approved by the executive council. The formula shall be applicable to indemnify owners if the executive council, upon recommendation by the secretary of agriculture, determines that an animal population in this state is threatened with infection from an exceptionally contagious disease.

a. An owner shall be paid an indemnity amount based on the formula, only if the owner elects to be paid under the formula in lieu of the determination by appointed appraisers as otherwise provided in this section.

b. The formula shall provide for the payment of the fair market value of an animal based on market prices paid for similar animals according to categories or criteria established by the department, which may include payment based on the species, breed, type, weight, sex, age, purebred status, and condition of the animal. The department may provide for deductions based on other compensation received by the owner for the destruction of the animals. The department may exclude a claim if the person would be ineligible to receive compensation by three appointed appraisers as provided in this section.

If an owner elects to be paid an indemnity amount based on a method that provides either a determination by appointed appraisers or pur-

A person shall not otherwise use an altered or otherwise false certificate in connection with such transaction.

§163.28 Licenses.

Before any person shall process any public or commercial garbage for swine, application for a license shall be made to the department setting forth the name and address of the applicant’s proposed place of business, and the method used to process such garbage as outlined in section 163.27.

On receipt of such application, the secretary or the secretary's authorized agent shall at once inspect the premises on which the applicant proposes to conduct such business. If the inspector finds that said building complies with the requirements of this chapter, and with the rules of the department, and that the applicant is a responsible and suitable person, the inspector shall so certify in writing to the department.

On receipt of such certificate, the department shall issue a license to said applicant to conduct such business at the place specified until the first day of September following date of issue.

The license fee for each processing plant shall be fifty dollars, except that the first license may be prorated on a monthly basis as prescribed by the department. The secretary shall not issue a license which would permit the processing of any garbage for swine feeding after September 1, 1970.

Subchapter II

Feeding Garbage to Animals

163.26 Definition.

For the purposes of this subchapter, “garbage” means putrescible animal and vegetable wastes resulting from the handling, preparation, cooking, and consumption of foods, including animal carcases or parts, and includes all waste material, by-products of a kitchen, restaurant, hotel, or slaughterhouse, every refuse accumulation of animal, fruit, or vegetable matter, liquids or otherwise, except grain not consumed, that is collected from hog sales pen floors in public stockyards and fed under the control of the department of agriculture and land stewardship. Animals or parts of animals, which are processed by slaughterhouses or rendering establishments, and which as part of the processing are heated to not less than 212 degrees F. for thirty minutes, are not garbage for purposes of this chapter.

§163.27 Boiling garbage.

It shall be unlawful for any person, firm, partnership, or corporation to feed garbage to animals unless such garbage has been heated to a temperature of 212 degrees F. for thirty minutes, or other acceptable method, as provided by rules promulgated by the department, provided this requirement shall not apply to an individual who feeds to the individual’s own animals only the garbage obtained from the individual’s own household. It shall be unlawful for any person, firm, partnership, or corporation to feed any public or commercial garbage which would permit the processing of any garbage for swine feeding after September 1, 1970.

Subchapter III

Movement of Swine

163.30 Swine imported or native — pig dealers.

1. This section shall apply to all swine moved interstate and intrastate, except swine moved directly to a slaughtering establishment for immediate slaughter.

2. When used in this chapter:

a. “Dealer” means any person who is engaged in the business of buying for resale, or selling, or exchanging swine as a principal or agent or who claims to be so engaged, but does not include the owner or operator of a farm who does not claim to be so engaged, and who sells or exchanges only those swine which have been kept by the person solely for feeding or breeding purposes.

b. “Move” or “movement” means to ship, transport, or deliver swine by land, water, or air, except that “move” or “movement” does not mean a relocation.

c. “Relocate” or “relocation” means to ship, transport, or deliver swine by land, water, or air, to different premises, if the ownership of the swine does not change, the prior and new premises are located within the state, and the shipment, transportation, or delivery between the prior and new premises occurs within the state.

d. “Separate and apart” means a manner of holding swine so as not to have physical contact with other swine on the premises.

3. No person shall act as a dealer without first securing a dealer’s license from the department. The fee for a dealer’s license shall be five dollars per annum and all licenses shall expire on the first day of July following date of issue. Licenses shall be numbered and the dealer shall retain the number from year to year. To secure a license, the applicant must file with the department a bond in the sum of ten thousand dollars with the secretary...
named as trustee, for the use and benefit of anyone
damaged by a violation of this section, except that
the bond shall not be required for dealers who are
bonded in the same or a greater amount than re-
quired pursuant to the federal Packers and Stock-
yards Act.

Each employee or agent doing business by buy-
ing for resale, selling or exchanging feeder swine
in the name of a licensed dealer, shall be required
to secure a permit and identification card issued
by the department showing the person is em-
ployed by or represents a licensed dealer. All such
permits and identification cards shall be issued
upon application forms furnished by the depart-
ment at a cost of three dollars per annum, and
shall expire on the first day of July following the
date of issue.

A permittee shall not represent more than one
dealer. Failure of a licensee or permittee to comply
with this chapter or a rule made pursuant to this
chapter is cause for revocation by the secretary of
the permit or license after notice to the alleged of-
fender and the holding of a hearing by the secre-
tary. Rules shall be made in accordance with chap-
ter 17A. A rule, the violation of which is made the
basis for revocation, except temporary emergency
rules, shall first have been approved after public
hearing as provided in section 17A.4 after giving
twenty days’ notice of the hearing as follows:

By mailing notice, by ordinary mail, to every
person filing a request for notice accompanied by
an addressed envelope with prepaid postage. Any
person may file such a request to be listed with any
agency for notice for the time and place for all
hearings on proposed rules, which request shall be
accompanied by a remittance of five dollars. Such
fee shall be added to the operating fund of the de-
partment. The listing shall expire semiannually
on January 1 and July 1.

4. All swine moved shall be individually iden-
tified with a distinctive and easily discernible ear
tag affixed in either ear of the animal or other
identification acceptable to the department,
which has been specified by rule promulgated un-
der the department’s rulemaking authority. The
department shall make ear tags available at con-
venient locations within each county and shall sell
such tags at a price not exceeding the cost to pro-
ducers and others to comply with this section.

Every seller, dealer and market operator shall
keep a record of the ear tag numbers, or other ap-
proved identification, and the farm of origin of
swine moved by or through that person, which rec-
ords shall be made available by that person to any
appropriate representative of the department or
the United States department of agriculture.

5. All swine moved shall be accompanied by an
official health certificate or veterinarian inspec-
tion certificate issued by the state of origin and
prepared and signed by a veterinarian. The health
certificate or veterinary inspection certificate
shall show the point of origin, the point of destina-
tion, individual identification, immunization sta-
tus, and, when required, any movement permit
number assigned to the shipment by the depart-
ment. All such movement of swine shall be com-
pleted within seventy-two hours unless an exten-
sion of time for movement is granted by the de-
partment.

However, swine may be moved intrastate direct-
ly to an approved state, federal or auction market
without such identification or certification, there
to be identified and certified.

However, registered swine for exhibition or
breeding purposes which can be individually iden-
tified by an ear notch or tattoo or other method ap-
proved by the department are excepted from this
identification requirement. In addition, native
Iowa swine moved from farm to farm shall be ex-
cepted from the identification requirement if the
owner transferring possession of the feeder pigs
executes a written agreement with the person tak-
ing possession of the feeder pigs. The agreement
shall provide that the feeder pigs shall not be com-
mingled with other swine for a period of thirty
days. The owner transferring possession shall be
responsible for making certain that the agreement
is executed and for providing a copy of the agree-
ment to the person taking possession.

The department may combine an official health
certificate or a veterinarian inspection certificate
with a certificate of inspection required under
chapter 166D.

6. The department may require issuance of
movement permits on certain categories of swine
moved, prior to their movement, pursuant to de-
partmental rule. The rule shall be promulgated
when in the judgment of the secretary, such move-
ments would otherwise threaten or imperil the
eradication of hog cholera in Iowa.

7. All swine moved shall be quarantined sepa-
rate and apart from other swine located at the
Iowa farm of destination for thirty days beginning
with their arrival at such premises, or if such in-
coming swine are not held separate and apart, all
swine on such premises shall be thus quarantined,
except animals moving from such premises direct-
ly to slaughter.

There can only be one transfer by a dealer, in-
volving not more than two markets, prior to quar-
antine.

8. The use of anti-hog-cholera serum or anti-
body concentrate shall be in accordance with rules
issued by the department.

9. All swine found by a registered veterinarian
to have any infectious, contagious, or communica-
table swine disease after delivery to any livestock
sale barn or auction market for resale other than
for slaughter, shall be immediately returned to the
consignor’s premises to be quarantined separate
and apart for fifteen days. Such swine may not be
moved from such premises for any purpose unless
an official health certificate or veterinarian inspec-
tion certificate accompanies the movement or
unless they are sent to slaughter. This subsection shall in no way supersede the requirements of sections 163A.2 and 163A.3.

An annual license may be obtained from the department upon application and payment of a ten-dollar fee. Each license shall expire on the first of July following the date of issue. An application shall be made on a form provided by the department and shall contain the name of the person engaged in the business of leasing breeding bulls as lessor, the address of such business, the registration number of each breeding bull, and a description as to breed, color and other distinguishing marks, leased as lessor, and such other information as the secretary of agriculture may specify by

When an additional breeding bull to be leased is acquired by a licensee, the department shall issue a tag or approve an identifying mark for such animal without fee. The tag or identifying mark shall be permanently attached to the breeding bull.

[C79, 81, §163.42]

163.43 Health certificate required.

2. The health certificate shall be issued by a licensed veterinarian who examines the breeding bull and signs the health certificate. The health certificate shall include all of the following:
   a. A statement that, to the best of the knowledge and belief of the veterinarian, the breeding bull is apparently free from any infectious, contagious, or communicable disease.
   b. A statement that the breeding bull has reacted negatively to a test for brucellosis conducted within six months prior to the date that the veterinarian signs the health certificate.

SUBCHAPTER VI
FOOT AND MOUTH DISEASE

163.51 Security measures.
1. The department may establish security measures in order to control outbreaks of foot and mouth disease in this state, including by providing for the prevention, suppression, and eradication of foot and mouth disease. In administering and enforcing this section, the department may adopt rules and shall issue orders in a manner consistent with sound veterinary principles and federal law for the control of outbreaks of the disease. The department may implement the security measures by doing any of the following:
   a. If the department determines that an animal is infected with or exposed to foot and mouth disease, or the department suspects that an animal is so infected or exposed, the department may provide for all of the following:
      (1) The quarantine, condemnation, or destruction of the animal. The department may establish quarantined areas and regulate activities in the quarantined areas, including movement or relocation of animals or other property within, into, or from the quarantined areas. This section does not authorize the department to provide for the destruction of personal property other than an animal.
      (2) The inspection or examination of the animal's premises in order to perform an examination or test to determine whether the animal is or was infected or exposed or whether the premises is contaminated. The department may take a blood or tissue sample of any animal on the premises.
      (3) The compelling of a person who is the owner or custodian of the animal to provide information regarding the movement or relocation of the animal or the vaccination status of the animal or the herd where the animal originates. The department may issue a subpoena for relevant testimony or records as defined in section 516E.1. In the case of a failure or refusal of the person to provide testimony or records, the district court upon application of the department or the attorney general acting upon behalf of the department, may order the person to show cause why the person should not be held in contempt. The court may order the person to provide testimony or produce the record or be punished for contempt as if the person refused to testify before the court or disobeyed a subpoena issued by the court.
      b. The department may provide for the cleaning and disinfection of real or personal property if the department determines that the property is contaminated with foot and mouth disease or suspects that the property is contaminated with foot and mouth disease.
   b. If the department determines that there is a suspected outbreak of foot and mouth disease in this state, the department shall immediately notify all of the following:
      (1) The governor or a designee of the governor. The notification shall contain information regarding actions being implemented or recommended in order to determine if the outbreak is genuine and measures to control a genuine outbreak.
      (2) The administrative unit of the United States department of agriculture responsible for controlling outbreaks in this state.
      a. If the department confirms an outbreak of foot and mouth disease in this state, the department shall cooperate with the governor; federal agencies, including the United States department of agriculture; and state agencies, including the emergency management division of the department of public defense, in order to provide the public with timely and accurate information regarding the outbreak. The department shall cooperate with organizations representing agricultural producers in order to provide all necessary information to agricultural producers required to control the outbreak.
   3. The department shall cooperate with federal agencies, including the United States department of agriculture, other state agencies and law enforcement entities, and agencies of other states. Other state agencies and law enforcement entities shall assist the department.
   4. a. To the extent that an animal’s owner would not otherwise be compensated, section 163.15 shall apply to the owner’s loss of any animal destroyed under this section.
      b. Upon the request of the executive council, the department shall develop and submit a plan to the executive council that compensates an owner for property, other than an animal, that is inadvertently destroyed by the department as a result of the department’s regulation of activities in a quarantined area. The plan shall not be implemented without the approval of at least three members of the executive council. The payment of the compensation under the plan shall be made in the same manner as provided in section 163.15. The owner may submit a claim for compensation prior to the plan’s implementation. The executive council may apply the plan retroactively, but not earlier than June 1, 2001.
   5. Nothing in this section limits the department’s authority to regulate animals or premises under other provisions of state law, including this chapter.

1. The department shall establish, by rule, civil penalties which may be administratively or judicially assessed. The attorney general shall cooperate with the department in the assessment and collection of civil penalties.
2. a. Except as provided in paragraph “b”, a person violating a provision of this chapter, or a rule adopted pursuant to this chapter, shall be subject to a civil penalty of at least one hundred dollars but not more than one thousand dollars. In the case of a continuing violation, each day of the continuing violation is a separate violation. However, a person shall not be subject to a civil penalty totaling more than twenty-five thousand dollars.
   b. Notwithstanding the provisions of paragraph “a”, a person who falsifies a health certificate, veterinarian inspection certificate, or certificate of inspection shall be subject to a civil penalty of not more than five thousand dollars for each reference to an animal falsified on the certificate. However, a person who falsifies a certificate of inspection issued pursuant to chapter 166D shall be subject to a civil penalty as provided in this section or section 166D.16, but not both. A person shall not be subject to a civil penalty totaling more than twenty-five thousand dollars for falsifying a certificate, regardless of the number of animals falsified on the certificate.

The department or the attorney general acting on behalf of the department may apply to the district court for injunctive relief in order to restrain a person from acting in violation of this chapter. In order to obtain injunctive relief, the department shall not be required to post a bond or prove the absence of an adequate remedy at law unless the court for good cause otherwise orders. The court may order any form of prohibitory or mandatory relief that is appropriate under principles of equity, including but not limited to issuing a temporary or permanent restraining order.

CHAPTER 163A
BRUCELLOSIS CONTROL IN SWINE

163A.1 Definitions.
As used in this chapter:
1. “Accredited veterinarian” means a veterinarian who is licensed by the state in which the veterinarian practices, is approved by the department of agriculture and land stewardship or the livestock sanitary authority of that state, and is accredited by the United States department of agriculture.
2. “Brucellosis” means the disease wherein an animal of the porcine species is infected with brucella microorganisms irrespective of the occurrence or absence of clinical symptoms of infectious abortion.
3. “Brucellosis test” means the test for brucellosis which is approved by the department and administered in accordance with the techniques approved by the department.
4. “Health certificate” or “certificate of health” or “interstate health certificate” means a legible record, made on an official form of the state of origin or the animal disease eradication branch of the United States department of agriculture or any successor agency thereto, and issued by an accredited veterinarian of the state of origin or a veterinarian in the employ of the animal disease eradication branch of the United States department of agriculture or any successor agency thereto, which shows that the animals listed thereon meet the health requirements of the state of destination.
5. “Infected animal” or “reactor” means an animal which has given a positive reaction as determined by departmental standards to the brucellosis test.
6. “Licensed veterinarian” means a veterinari-
an licensed to practice in Iowa.

7. “Negative animal” means an animal which does not give a positive reaction to the brucellosis test.

8. “Official brucellosis test report” means a legible record made on an official form prescribed by the department.

9. a. “Validated brucellosis-free herd” means:

   (1) A herd which has had at least one test made on all boars, sows and gilts over six months of age without positive reactions; or

   (2) A herd which has been tested pursuant to a test approved by rule of the Iowa department of agriculture and land stewardship pursuant to chapter 17A, which test is in compliance with the recommended uniform methods and rules of the animal and plant health inspection service of the United States department of agriculture.

b. The validation made pursuant to paragraph “a”, subparagraph (1), shall be in force and effect for one year from the date of the last test and shall be renewable on an annual basis by the completion of a single test on boars, sows and gilts over six months of age with no positive reactions. A validation made pursuant to paragraph “a”, subparagraph (2), shall be in force and effect and shall be renewable in the manner specified in the rule adopted by the Iowa department of agriculture and land stewardship.

c. If the Iowa department of agriculture and land stewardship adopts a rule under paragraph “a”, subparagraph (2), and the recommended uniform methods and rules of the animal and plant health inspection service of the United States department of agriculture are subsequently changed, the Iowa department of agriculture and land stewardship shall not change its rule if the effect would be to make less restrictive the standards or procedures for validating a brucellosis-free herd.

Thereafter, a negative test shall be required for each subsequent change of ownership or service. If an animal is added to a validated brucellosis-free herd, it must be a negative animal that either comes from another validated brucellosis-free herd or has been negative to at least one brucellosis test, or if required by rules of the department, to two brucellosis tests conducted not less than thirty days nor more than sixty days apart, the last test being within thirty days prior to the introduction of the animal into the herd.

163A.4 Intrastate movement.
The brucellosis test for the intrastate movement of breeding swine shall be conducted by a licensed veterinarian who has been approved by the department to operate a laboratory for making tests for brucellosis, or any official state or federal laboratory.

163A.5 Interstate shipments.
All Iowa breeding swine four months of age and over, entering Iowa for breeding or exhibition purposes, shall be accompanied by an official interstate health certificate issued by an accredited veterinarian of the state of origin, showing that such swine meet the Iowa entry requirements and are negative to the test for brucellosis conducted by an official laboratory of the state of origin within thirty days of entry; provided, that swine from validated brucellosis-free herds may enter the state or be exhibited without a test for brucellosis when accompanied by a certificate of health issued by an accredited veterinarian of the state of origin or a veterinarian employed by the animal disease eradication branch of the United States department of agriculture or any successor agency thereof, showing such swine to have originated from brucellosis-free herds and giving the certificate herd number and showing that the herd has been tested within the past twelve months.

163A.6 Exhibition swine.
All Iowa breeding swine four months of age and over for exhibition within the state of Iowa shall meet all requirements for exhibition purposes and shall also be accompanied by an official brucellosis test report showing the swine to have been negative to the brucellosis test conducted within sixty days of date of exhibition unless such swine are from validated brucellosis-free herds.

163A.7 Reactor tag.
All swine showing a positive reaction to the brucellosis test shall be tagged in the left ear with a reactor identification tag and moved to slaughter on such form as shall be designated by the depart-
163A.7 Brucellosis Control in Swine.

The herd of origin shall be placed under immediate quarantine to be retested no sooner than thirty days or later than sixty days from the date of the test showing the positive reaction. Such quarantine shall remain in effect until a complete negative herd test is conducted on all swine intended or used for breeding purposes.

163A.8 Swine for Slaughter.

Swine from herds under quarantine may be moved to slaughter on a form designated for this purpose and issued by the department or an accredited veterinarian.

163A.9 Rules.

CHAPTER 165
ERADICATION OF BOVINE TUBERCULOSIS
Definitions applicable to chapter; see §159.1

165.1 Co-operation.
The state department of agriculture and land stewardship is hereby authorized to co-operate with the federal department of agriculture for the purpose of eradicating tuberculosis from the dairy and beef breeds of cattle in the state.

[C24, 27, 31, 35, 39, §2665; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §165.1]

165.2 State as accredited area.
The state of Iowa is hereby declared to be and is hereby established as an accredited area for the eradication of bovine tuberculosis from the dairy and breeding cattle of the state. It shall be the duty of the department of agriculture and land stewardship to eradicate bovine tuberculosis in all of the counties of the state in the manner provided by law as it appears in this chapter. Said department shall proceed with the examination, including the tuberculin test, of all such cattle as rapidly as practicable and as is consistent with efficient work, and as funds are available for paying the indemnities as provided by law.

An owner of dairy or breeding cattle in the state shall conform to and abide by the rules laid down by the department and the federal department of agriculture and follow their instructions designed to suppress the disease, prevent its spread, and avoid reinfection of the herd.
165.3 Appraisal.
Before being tested, such animals shall be appraised at their cash value for breeding, dairy, or beef purposes by the owner and a representative of the department, or a representative of the federal department of agriculture, or by the owner and both of such representatives. If these parties cannot agree as to the amount of the appraisal, there shall be appointed three competent and disinterested persons, one by the department, one by the owner, and the third by the first two appointed, to appraise such animals, which appraisal shall be final. Every appraisal shall be under oath or affirmation and the expense of the same shall be paid by the state, except as provided in this chapter.

165.4 Presence of tuberculosis.
If, after such examination, tubercular animals are found, the department shall have authority to order such disposition of them as it considers most desirable and economical. If the department deems that a due regard for the public health warrants it, it may enter into a written agreement with the owner, subject to such conditions as it may prescribe, for the separation and quarantine of such diseased animals. Subject to such conditions, the diseased animals may continue to be used for breeding purposes.

165.5 Nonright to receive compensation.
Any animal retained, under section 165.4, by the owner for ninety days after it has been adjudged infected with tuberculosis shall not be made the basis of any claim for compensation against the state.

165.6 Amount of indemnity.
When breeding animals are slaughtered following any test, there shall be deducted from their appraised value the proceeds from the sale of salvage. The owner shall be paid by the state one-third of the sum remaining after the above deduction is made, but the state shall in no case pay to such owner a sum in excess of seventy-five dollars for any registered purebred animal or fifty dollars for any grade animal.

165.7 Pedigree.
The pedigree of purebred cattle shall be proved by certificate of registry from the herdbooks where registered.

165.8 Right to receive pay.
No compensation shall be paid to any person for an animal condemned for tuberculosis unless said animal, if produced in, or imported into, the state has been owned by such owner for at least six months prior to condemnation or was raised by such person.

The department in making examinations of cattle shall give priority to applications by owners for the testing of dairy cattle from which are sold, or are offered for sale, in cities milk or milk products in liquid or condensed form.

165.10 Examination by department.
The department may at any time, on its own motion, make an examination of any herd, and in case animals are destroyed, the appraisement and payment shall be made as provided in this chapter.

165.11 Records public.
All records pertaining to animals infected with tuberculosis shall be open for public inspection and the department shall furnish such information relative thereto as may be requested.

165.12 Tuberculosis-free herds.
The department shall establish rules for determining when a herd of cattle, tested and maintained under the provisions of this chapter, the laws of the United States, and the rules of the state department of agriculture and land stewardship and the federal department of agriculture, shall be considered as tuberculosis-free. When any herd meets such requirements the owner shall be entitled to a certificate from the department showing that the herd is a tuberculosis-free accredited herd. Such certificate shall be revoked whenever the herd no longer meets the necessary requirements for an accredited herd, but the herd may be reinstated as an accredited herd upon subsequent compliance with such requirements.

165.13 Tuberculin.
The department shall have control of the sale,
distribution, and use of all tuberculin in the state, and shall formulate rules for its distribution and use. Only a licensed veterinarian shall apply a tuberculin test to cattle within this state.

[C24, 27, 31, 35, 39, §2678; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §165.13]

An accredited veterinarian is one who has successfully passed an examination set by the department and the federal department of agriculture and may make tuberculin tests of accredited herds of cattle under the uniform methods and rules governing accredited herd work which are approved by the United States department of agriculture.

165.16 Equipment for inspector. The department may furnish each inspector with the necessary tuberculin and other material, not including instruments and utensils, necessary to make the tests provided for in this chapter.

[C24, 27, 31, 35, 39, §2681; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §165.16]

165.17 Compensation. An inspector shall receive compensation for such testing as determined by the department.

2. If it appears to the secretary of agriculture that the balance in the fund on January 20 is insufficient to carry on the work in the state for the following fiscal year, the secretary shall notify the board of supervisors of each county to levy an amount sufficient to pay the expenses estimated to be incurred under subsection 1 for the following fiscal year, subject to a maximum levy of thirty-three and three-fourths cents per thousand dollars of assessed value of all taxable property in the county.

3. Not later than December 15 or June 15 of a year in which the tax is collected, the county treasurer shall transmit the amount of the tax levied and collected to the treasurer of state, who shall credit it to the brucellosis and tuberculosis eradication fund.

If the owner refuses to so confine the cattle the department may employ sufficient help to properly confine them and the expense of such help shall be paid by the owner or deducted from the indemnity if any is paid. Such owner shall comply with all the requirements for the establishment and maintenance of a tuberculosis-free accredited herd.

[C24, 27, 31, 35, 39, §2699; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §165.26]

The cattle owned by any owner who violates the provisions of this chapter, or which have reacted to the tuberculin test, shall be quarantined by the department until the law is complied with. When such quarantines are established no beef or dairy products shall be sold from cattle under quarantine until the test has been applied or the quarantine released.

The accredited veterinarians appointed under this chapter shall enforce this quarantine and all of the rules of the department of agriculture and land stewardship of the state of Iowa and of the provisions of this chapter, and in so doing may call to their assistance any peace officer of the state.

166B.2 General authority.
The department may destroy or require the destruction of any swine which the state veterinarian knows to be, or suspects is, affected with or exposed to hog cholera, whenever the department finds such destruction to be necessary to prevent or reduce the danger of the spread of hog cholera. Disposal of condemned swine shall be under the supervision of a regulatory employee. Salvage of apparently healthy marketable swine is permissible as a minimum provision and may be discontinued in favor of total herd disposition with indemnification as necessary and without such salvage in
any case or at any time when it is determined by the department and the United States department of agriculture that the procedure would constitute an undue threat to the eradication program. Before being condemned and ordered to be destroyed, a positive diagnosis of hog cholera affecting the herd must be confirmed by a state or federal laboratory or personnel approved by the department and the United States department of agriculture.

[C66, 71, 73, 75, 77, 79, 81, §166B.2]

166B.3 Appraisal and indemnification.

The department shall appraise any swine destroyed or ordered destroyed pursuant to this chapter at not to exceed current market value and shall indemnify the owner of such swine in an amount not to exceed two hundred dollars for purebred, inbred or hybrid or breeding swine; and not to exceed one hundred dollars for all other swine, provided that fifty percent or more of all such indemnities are paid by the United States department of agriculture.

[C66, 71, 73, 75, 77, 79, 81, §166B.3]

166B.4 Institution of indemnification.

It is hereby recognized and declared that indemnification for destruction of swine infected with or exposed to hog cholera is an expression of the public policy of this state but employed only in the final stages of eradication of the disease, or as a means of preventing or minimizing its recurrence. The department of agriculture and land stewardship shall not therefore institute an initial program of indemnification pursuant to the chapter until it is mutually agreed between the state department of agriculture and land stewardship and the United States department of agriculture that such action is necessary in order to carry out the hog-cholera eradication program.

[C66, 71, 73, 75, 77, 79, 81, §166B.4]

166B.5 Co-operation with United States.

The department may co-operate with the United States, or any department, agency or officer thereof, in the control and eradication of hog cholera, including the sharing in payment of indemnities for swine destroyed.

[C66, 71, 73, 75, 77, 79, 81, §166B.5]

166B.6 Rules.

The department of agriculture and land stewardship may make, promulgate, amend, repeal, and enforce necessary rules for implementing this chapter.

[C66, 71, 73, 75, 77, 79, 81, §166B.6]

166B.7 Judicial review.

Judicial review of department action under this chapter may be sought in accordance with the terms of the Iowa administrative procedure Act. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county, wherein the hogs are situated.

[C66, 71, 73, 75, 77, 79, 81, §166B.7]
166D.1 Purpose — rules.
This chapter provides for measures to control the transmission and incidence, and for the eventual eradication, of pseudorabies among swine within this state. The department shall adopt rules to carry out the provisions of this chapter.

At least four members of the committee must be actively engaged in swine production. The members shall serve staggered terms of two years, except that the initial board members shall serve unequal terms. Swine sampled shall be identified with a numbered metal ear tag. The department shall make the ear tags available. Ear notches or other numbered identification methods approved by the department may be used at the herd owner’s expense.

Test results shall be reported on forms prescribed by the department signed by the veterinarian and transmitted to the department within fourteen days following completion of the tests. Copies shall be made available to the attending veterinarian. Upon receipt, the attending veterinarian shall provide copies to the herd owner.

At least ninety percent of swine in the herd must have been on the premises as a part of the herd for at least sixty days prior to
testing, or swine in the herd must have been moved or relocated directly from another qualified negative herd. To remain certified, the herd must be retested and recertified each month as provided by the department. The herd shall be recertified when the greater of five head of swine or at least ten percent of the herd's breeding swine react negatively to a test.

b. Before being added to the herd new swine including swine returning to the herd after contact with nonherd swine, shall be isolated until the new swine react negatively to a test conducted thirty days or more after the swine has been placed in isolation. Swine from a herd of unknown status must react negatively to a test not more than thirty days prior to movement from the herd of unknown status and retested in isolation at least thirty days after movement onto the premises where the qualified negative herd is located.

c. Swine from another qualified negative herd may be added without isolation or testing.

d. The owner shall make a request to the department for approval or reapproval of a qualified negative herd when the required tests are completed. Upon satisfactory proof that all requirements have been met, the herd shall be recertified by the department.

2. A monitored herd shall be initially certified, recertified, and maintained as follows:

a. The herd shall be certified when a statistical sampling of the herd is determined to be noninfected.

b. In order to remain certified the herd must be retested and recertified as provided by the department. The herd must be recertified annually. The herd shall be recertified when a statistical sampling of the herd is determined to be noninfected within twelve months from initial certification or the most recent recertification.

A herd shall not be certified or recertified, if the herd is located within a county which is designated by the department as in stage II of the national pseudorabies eradication program, unless the herd is vaccinated with a modified-live differentiable vaccine pursuant to section 166D.11 and as required by the department.

c. A monitored herd may receive new swine into the herd from a noninfected herd.

d. The owner shall make a request to the department for certification or recertification of a qualified differentiable negative herd when the required tests are completed. Upon satisfactory proof that all requirements have been met, the herd shall be recertified by the department.

166D.8 Infected herds.

An infected herd which is not quarantined under section 166D.9, shall either adopt a herd cleanup plan or a feeder pig cooperator herd cleanup plan.

1. a. A herd cleanup plan shall apply to a herd if feeder pigs are not moved from the herd. The plan shall provide for one of the following:

   (1) The testing of all swine capable of being accurately diagnosed with pseudorabies and the removal of infected swine from the herd.
   (2) Depopulation.

b. A herd cleanup plan must be implemented as follows:

   (1) If the plan provides for the testing and removal of swine, all breeding swine must be tested with a differentiable test and react negatively to the test within fifteen days after the herd is classified by the department as infected. All breeding swine reacting positively to the test must be removed as provided in this section. At least thirty days after removal of the breeding swine reacting positively, all remaining breeding swine must be tested and react negatively to the test. Subsequent testing and removal must be conducted as provided in this subparagraph until all breeding swine react negatively. When all breeding swine are tested and react negatively to the test, the department shall classify the herd as a noninfected herd.
Acts, ch 1110, §1, 25

Certified as an approved premises.

A plan shall include terms and conditions for being used as provided in section 166D.10B, the cleanup location where the herd is kept is an approved premises as provided in section 166D.10. If the location where the herd is kept has been approved by the department or inspection service. The disinfectant shall be provided if any of the following apply:

1. Costs of testing and vaccination may be paid as provided in section 166D.11.
2. The epidemiologist must either conduct two successive statistical samplings at least ninety days apart, or conduct statistical samplings according to rules adopted by the department which are consistent with the national pseudorabies eradication program, which reveal no infection within the new breeding swine.
3. The epidemiologist must either conduct two successive statistical samplings at least ninety days apart, or conduct statistical samplings according to rules adopted by the department which are consistent with the national pseudorabies eradication program, which reveal no infection within the new breeding swine.
4. A herd removed from quarantine under this subsection shall be tested by statistical sampling one year later, unless an epidemiologist determines that the herd must be tested earlier.

166D.10 Movement of swine.
1. A person shall not sell, lease, exhibit, loan, move, or relocate swine within the state unless the swine are accompanied by a certificate of inspection in the same manner as provided for an official health certificate or veterinarian certificate as provided in section 163.30. The department may combine the certificate of inspection with an official health certificate or veterinarian inspection certificate. A certificate of inspection is not required if any of the following apply:

The disinfectant shall be approved by the department or inspection service. The premises must have been maintained free of swine for thirty days. However, the epidemiologist for good cause may determine that premises shall be maintained free of swine for a period greater or less than thirty days.

b. Swine reacting positively to a test have been removed from the premises. Remaining swine, except suckling pigs, must be tested and react negatively to the test thirty days or more after removal of the herd's swine reacting positively to the test.

c. The swine reacting positively to a test have been removed from the premises. At least thirty days after removal of the positive swine, breeding swine remaining plus a random sample equaling twenty-eight of grower-finishing swine more than two months of age must react negatively to the test. While the state is in stage III or IV of the national pseudorabies program pursuant to federal regulations, the grower-finisher swine must react negatively to a test at least thirty days after reacting negatively to the last test.

3. While the state is classified in stage I, II, or III of the national pseudorabies program pursuant to federal regulations, the following requirements must be satisfied:

a. All swine present on the date the quarantine was imposed have been removed.

§166D.10, PSEUDORABIES CONTROL

(1) A transportation certificate accompanies the relocated swine.

The department may adopt rules excusing a person from maintaining relocation records, if the department determines that the purposes of the chapter as provided in section 166D.1 are not furthered by the requirement.
(3) A certificate of inspection, or an official health certificate or a veterinarian inspection certificate as provided in section 163.30, has been issued for the swine within thirty days prior to the date of relocation. The department may adopt rules excusing a person from complying with this subparagraph if the department determines that the purposes of the chapter as provided in section 166D.1 are not furthered by the requirement.

A transportation certificate accompanying relocated swine shall cite the relevant relocation record and certificate of inspection, or official health certificate or veterinarian inspection certificate. The department may provide for the examination of the relocation records on the owner’s premises during normal business hours, or may require that reports containing relevant information contained in relocation records and certificates of inspection, or official health certificates or veterinarian inspection certificates, be periodically submitted to the department. For purposes of this section, swine production information contained in relocation records is a trade secret as provided in section 22.7, unless otherwise provided by rules adopted by the department. The department shall provide for the disclosure of confidential information only to the extent required for enforcement of this chapter, the detection and prosecution of public offenses, or to comply with a subpoena or court order.

If any part of the herd is subsequently moved or relocated, the swine must be moved or relocated in accordance with this section and sections 166D.7, 166D.8, and 166D.10A.

2. Swine that are moved shall be individually identified as provided in section 163.30, which may include requirements for affixing ear tags to swine. However, native Iowa feeder pigs moved from farm to farm within the state shall be exempted from the identification requirements of this subsection if the owner transferring possession of the feeder pigs executes a written agreement with the person taking possession of the feeder pigs. The agreement shall provide that the feeder pigs shall not be commingled with other swine for a period of thirty days. The owner transferring possession shall be responsible for making certain that the agreement is executed and for providing a copy of the agreement to the person taking possession.

As used in this subsection, “farm to farm within the state” does not include the movement or relocation of native Iowa feeder pigs to the possession of a dealer licensed pursuant to section 163.30. Native Iowa feeder pigs that are moved shall be accompanied by a certificate of inspection, or an official health certificate or veterinarian certificate as provided in section 163.30, unless swine are otherwise exempted from this requirement by this section.

(a) A person shall not move swine into this state for breeding purposes, unless one of the following applies:

(i) The swine is moved from a qualified negative herd or qualified differentiable negative herd.

(ii) The swine reacts negatively to a differentiable test, within thirty days prior to moving the swine.

(b) A person shall not move a feeder swine which is moved into this state, unless the feeder swine reacts negatively to a differentiable test within thirty days prior to movement from a herd in this state.

(2) If a person moves the swine into a county which is designated by the department as in stage II of the national pseudorabies eradication program, the following shall apply:

(a) Except as provided in this subparagraph, the owner of swine shall vacinate the swine with a modified-live differentiable vaccine, prior to moving swine into the stage II county. A person is not required to vaccinate swine prior to moving swine into the stage II county if one of the following applies:

(i) The swine is part of a herd that cannot be vaccinated under the law of the state or country in which the herd is kept immediately prior to being moved into the stage II county.

(ii) The swine is an isowean feeder pig.

(iii) The swine is moved either to a fixed concentration point or slaughtering establishment.

(b) For swine which are not vaccinated before being moved into a stage II county as provided in this paragraph, the following shall apply:

(i) For swine other than swine moved into a herd within a stage II county as an isowean feeder pig, the swine must be immediately vaccinated with a differentiable vaccine, as provided in section 166D.11. The swine shall be considered as part of a herd of unknown status, until tested negative and vaccinated.

(ii) For swine moved into a herd within a stage II county as an isowean feeder pig, the swine moved into the herd must be immediately vaccinated with a differentiable vaccine, as provided in section 166D.11. The department may require that the swine be revaccinated with a differentiable vaccine at a later date. The swine shall be considered as part of a herd of unknown status, until tested negative and vaccinated.

94 Acts, ch 1198, §35

169.5 Board of veterinary medicine.

1. The governor shall appoint, subject to confirmation by the senate, a board of five individuals, three of whom shall be licensed veterinarians and two of whom shall not be licensed veterinarians, but shall be knowledgeable in the area of animal husbandry and who shall represent the general public. The representatives of the general public shall not prepare, grade or otherwise administer examinations to applicants for license to practice veterinary medicine. The board shall be known as the Iowa board of veterinary medicine. Each licensed veterinarian shall be actively engaged in veterinary medicine and shall have been so engaged for a period of five years immediately preceding appointment, the last two of which shall have been in Iowa. A member of the board shall not be employed by or have any material or financial interest in any wholesale or jobbing house dealing in supplies, equipment or instruments used or useful in the practice of veterinary medicine. The person designated as the state veterinarian shall serve as secretary of the board.

Professional associations or societies composed of licensed veterinarians may recommend the names of potential board members to the governor, but the governor is not bound by the recommendations.

2. The members of the board shall be appointed for a term of three years except the terms of the members of the initial board shall be rotated in such a manner that at least one member shall retire each year and a successor be appointed. The term of each member shall commence and end as provided by section 69.19. Members shall serve no more than three terms or nine years total, whichever is less.

3. Any vacancy in the membership of the board caused by death, resignation, removal, or otherwise, shall be filled for the period of the unexpired term in the same manner as original appointments.

4. Members of the board shall, in addition to necessary traveling and other expenses, set their own per diem compensation at a rate not exceeding the per diem specified in section 7E.6 for each day actually engaged in the discharge of their duties including compensation for the time spent traveling to and from the place of conducting the examination and for a reasonable number of days for the preparation of examination and the reading of papers, in addition to the time actually spent in conducting examinations, within the limits of funds appropriated to the board.

5. The department shall furnish the board with all articles and supplies required for the public use and necessary to enable the board to perform the duties imposed upon it by law. Such articles and supplies shall be obtained by the department in the same manner in which the regular supplies for the department are obtained, and the department shall assess the costs to the board for such articles and supplies. The board shall also reimburse the department for direct and indirect administrative costs incurred in issuing and renewing the licenses.

6. The board shall meet at least once each year as determined by the board. Other necessary meetings may be called by the president of the board by giving proper notice. Except as provided, a majority of the board constitutes a quorum. Meetings shall be open and public except that the board may meet in closed session to prepare, approve, administer, or grade examinations, or to deliberate the qualifications of an applicant for license or the disposition of a proceeding to discipline a licensed veterinarian.

7. At its annual meeting, the board shall organize by electing a president and such other officers as may be necessary. Officers of the board serve for terms of one year and until a successor is elected, without limitation on the number of terms an officer may serve. The president shall serve as chairperson of board meetings.

The duties of the board shall include carrying on the correspondence of the board, keeping permanent accounts and records of all receipts and disbursements by the board and of all board proceedings, including the disposition of all applications for license, and keeping a register of all persons currently licensed by the board. All board records shall be open to public inspection during regular office hours.

At the end of each fiscal year, the president and secretary shall submit to the governor a report on the transactions of the board, including an account of moneys received and disbursed.

8. The board shall set the fees by rule for a license to practice veterinary medicine issued upon the basis of the examination. It shall also set the fees by rule for a license granted on the basis of reciprocity, a renewal of a license to practice veterinary medicine, a certified statement that a licensee is licensed to practice in this state, and an issuance of a duplicate license when the original is lost or destroyed. The fee shall be based upon the administrative costs of sustaining the board and shall include, but shall not be limited to, the following:

a. Per diem, expenses, and travel of board members.

b. Costs to the department for administration of this chapter.

9. Upon a three-fifths vote, the board may:

a. Examine and determine the qualifications and fitness of applicants for a license to practice
veterinary medicine in the state.

b. Issue, renew, or deny issuance or renewal of licenses and temporary permits to practice veterinary medicine in this state.

c. Establish and publish annually a schedule of fees for licensing and registration of veterinarians. The fee schedule shall be based on the board’s anticipated financial requirements for the year.

d. Conduct investigations for the purpose of discovering violations of this chapter or grounds for disciplining licensed veterinarians.

e. Hold hearings on all matters properly brought before the board and administer oaths, receive evidence, make the necessary determinations, and enter orders consistent with the findings. The board may require by subpoena the attendance and testimony of witnesses and the production of papers, records, or other documentary evidence and commission depositions. An administrative law judge may be appointed pursuant to section 17A.11 to perform those functions which properly repose in an administrative law judge.

f. Employ full-time or part-time personnel, professional, clerical, or special, as are necessary to effectuate the provisions of this chapter.

g. Appoint from its own membership one or more members to act as representatives of the board at any meeting within or without the state where such representation is deemed desirable.

h. Bring proceedings in the courts for the enforcement of this chapter or any regulations made pursuant to this chapter.

i. Adopt, amend, or repeal rules relating to the standards of conduct for, testing of, and revocation or suspension of certificates issued to veterinary assistants. However, a certificate shall not be suspended or revoked by less than a two-thirds vote of the entire board in a proceeding conducted in compliance with section 17A.12.

j. Adopt, amend, or repeal all rules necessary for its government and all regulations necessary to carry into effect the provision of this chapter, including the establishment and publication of standards of professional conduct for the practice of veterinary medicine.

The powers enumerated above are granted for the purpose of enabling the board to effectively supervise the practice of veterinary medicine and are to be construed liberally to accomplish this objective.

10. A person who provides veterinary medical services, owns a veterinary clinic, or practices in this state shall obtain a certificate from the board and apply to the same standards of conduct, as provided in this chapter and rules adopted by the board, as apply to a licensed veterinarian, unless the board determines that the same standards of conduct are inapplicable. The board shall issue, renew, or deny a certificate; adopt rules relating to the standards of conduct; and take disciplinary action against the person, including suspension or revocation of a certificate, in accordance with the procedures established in section 169.14. Certification fees shall be established by the board pursuant to subsection 9, paragraph "j".

Fees shall be established in an amount sufficient to fully offset the costs of certification pursuant to this subsection. For the fiscal year beginning July 1, 2001, and ending June 30, 2002, the department shall retain fees collected to administer the program of certifying veterinary clinics and the fees retained are appropriated to the department for the purposes of this chapter. For the fiscal year beginning July 1, 2001, and ending June 30, 2002, notwithstanding section 8.33, fees which remain unexpended at the end of the fiscal year shall not revert to the general fund of the state but shall be available for use for the following fiscal year to administer the program. For the fiscal year beginning July 1, 2002, and succeeding fiscal years, certification fees shall be deposited in the general fund of the state and are appropriated to the department to administer the certification provisions of this subsection. This subsection shall not apply to an animal shelter, as defined in section 162.2, that provides veterinary medical services to animals in the custody of the shelter.

169.7 Status of persons previously licensed.

Any person holding a valid license to practice veterinary medicine in this state on January 1, 1979 shall be recognized as a licensed veterinarian
§169.8 Qualifications.

Any person desiring a license to practice veterinary medicine in this state shall make written application to the board on a form approved by the board. The application shall show the applicant is a graduate of an accredited or approved college of veterinary medicine or the holder of an ECFVG certificate. The application shall also show such other information and proof as the board may require by rule. The application shall be accompanied by a fee in the amount established and published by the board.

If the board determines that the applicant possesses the proper qualifications, it shall admit the applicant to the next examination, or if the applicant is eligible for license without examination under section 169.10, the board may grant a license to the applicant. If an applicant is found not qualified to take the examination or for a license without examination, the secretary of the board shall immediately notify the applicant in writing of such finding and the grounds therefor. An applicant found unqualified may request a hearing on the question of the applicant’s qualification under the procedure set forth in section 169.14. Any applicant who is found not qualified shall be allowed the return of the application fee.

Based upon an applicant’s education, experience, and training, the board may grant a limited license to an applicant to perform a restricted range of activities within the practice of veterinary medicine, as specified by the board.

Every individual licensed under this chapter shall keep the license displayed in the place at which an office is maintained.

The name, location, number of years of practice of the person to whom a license is issued, the number of the certificate, and the date of registration thereof shall be entered in a book kept in the office of the department of agriculture and land stewardship, to be known as the “registry book”, and the same shall be open to public inspection.

When any person licensed to practice under this chapter changes residence, the board shall be notified within thirty days and such change shall be noted in the registry book.

169.9 Examinations.

The board shall hold at least one examination during each year and may hold such additional examinations as it deems necessary. The secretary shall give public notice of the time and place for each examination at least ninety days in advance of the date set for the examination. A person desiring to take an examination shall make application at least thirty days before the date of the examination.

The preparation, administration, and grading of examinations shall be governed by rules prescribed by the board. Examinations shall be designed to test the examinee’s knowledge of and proficiency in the subjects and techniques commonly taught in veterinary schools. To pass the examination, the examinee must demonstrate scientific and practical knowledge sufficient to establish competency to practice veterinary medicine in the judgment of the board. All examinees shall be tested by a written examination, supplemented by such oral interviews and practical demonstrations as the board may deem necessary. The board may adopt and use the examination prepared by the national board of veterinary examiners as a part of the examination given to examinees.

After each examination, the board shall notify each examinee of the examination result, and the board shall issue licenses to the individuals successfully completing the examination. The board shall record the new licenses and issue a certificate of registration to the new licensees. Any individual failing an examination shall be admitted to any subsequent examination on payment of the application fee.

In all written examinations the identity of the individual taking the same shall not be disclosed upon the examination papers in such a way as to enable the members of the examining board to know by whom written until after the papers have been passed upon.

169.10 License by endorsement.

1. The board may issue a license to practice veterinary medicine in this state without written examination to an applicant who meets all of the following requirements:

   a. Has graduated from an accredited college of veterinary medicine or has received a certificate from the educational commission for foreign veterinary graduates at least five years prior to application.
   
   b. Has actively practiced for at least two thousand hours during the five years preceding application.
   
   c. Has not previously failed and not subsequently passed a veterinary licensing examination in this state.
   
   d. Holds a current license to practice veterinary medicine in another state or United States territory or province of Canada.
e. Is not subject to license investigation, suspension, or revocation in any state, United States territory, or province of Canada.

f. Provides other information and proof as the board may require by rule.

2. The board may issue a license to practice veterinary medicine in this state without written or oral examination to an applicant who meets all of the following requirements:

a. Holds a current certification as a diplomate of a national specialty board or college recognized by the board by rule.

b. Is not subject to license investigation, suspension, or revocation in any state, United States territory, or province of Canada.

c. Provides other information and proof as the board may require by rule.

§169.11 Temporary permit.

The board may issue without examination a temporary permit to practice veterinary medicine in this state:

1. To a qualified applicant for license pending examination and the temporary permit shall expire the day after the notice of results of the first examination given after the permit is issued. The temporary permit holder should keep the secretary continually advised of the permit holder’s current address.

2. To a nonresident veterinarian validly licensed in another state, territory, or district of the United States or a foreign country who pays the fee established and published by the board. Such temporary permit shall be issued for a period of no more than one hundred eighty days and no more than one permit shall be issued to a person during each calendar year.

[C79, 81, §169.11]

§169.12 License renewal.

All licenses shall expire in multiyear intervals as determined by the board but may be renewed by registration with the board and payment of the registration renewal fee established and published by the board. Prior to expiration the secretary shall mail a notice to each licensed veterinarian that the license will expire and provide the licensee with a form for registration.

Any person who shall practice veterinary medicine after license expiration is practicing in violation of this chapter. However, a person may renew an expired license within five years of the date of its expiration by making written application for renewal and paying the current renewal fee plus all delinquent renewal fees. After five years have elapsed since the date of expiration, a license may not be renewed, and the holder must make application for a new license and take the license examination.

The board may by rule waive the payment of the registration renewal fee of a licensed veterinarian during the period when the veterinarian is on active duty with any branch of the armed services of the United States.

Any licensee who is desirous of changing residence to another state or territory shall, upon application to the department and payment of the legal fee, receive a certified statement that the licensee is a duly licensed practitioner in this state.

[S13, §2538-j; C24, 27, 31, 35, 39, §2769, 2769.1, 2798; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, §169.6, 169.35; C79, 81, §169.12]

§169.13 Discipline of licensees.

The board of veterinary medicine, after due notice and hearing, may revoke or suspend a license to practice veterinary medicine if it determines that a veterinarian licensed to practice veterinary medicine is guilty of any of the following acts or offenses:

1. Knowingly making misleading, deceptive, untrue, or fraudulent representation in the practice of the profession.

2. Being convicted of a felony in the courts of this state or another state, territory, or country. Conviction as used in this paragraph includes a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding in which a finding or verdict of guilt is made or returned, but the adjudication or guilt is either withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state is conclusive evidence.

3. Violating a statute or law of this state, another state, or the United States, without regard to its designation as either felony or misdemeanor, which statute or law relates to the practice of veterinary medicine.

4. Having the person’s license to practice veterinary medicine revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is conclusive or prima facie evidence.

5. Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice veterinary medicine.

6. Being adjudged mentally incompetent by a court of competent jurisdiction. The adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

7. Being guilty of a willful or repeated departure from, or the failure to conform to, the minimal standard of acceptable and prevailing practice of veterinary medicine as defined in rules adopted by
the board, in which proceeding actual injury to an animal need not be established; or the committing by a veterinarian of an act contrary to honesty, justice, or good morals, whether the act is committed in the course of the practice or otherwise, and whether committed within or without this state.

8. Inability to practice veterinary medicine with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition. The board, upon probable cause, may compel a veterinarian to submit to a mental or physical examination by designated physicians. Failure of a veterinarian to submit to an examination constitutes an admission to the allegations made against that veterinarian and the finding of fact and decision of the board may be entered without the taking of testimony or presentation of evidence. At reasonable intervals, a veterinarian shall be afforded an opportunity to demonstrate that the veterinarian can resume the competent practice of veterinary medicine with reasonable skill and safety to animals.

A person licensed to practice veterinary medicine who makes application for the renewal of the person's license as required by section 169.12 gives consent to submit to a mental or physical examination as provided by this paragraph when directed in writing by the board. All objections shall be waived as to the admissibility of the examining physician's testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a veterinarian in another proceeding and are confidential except for other actions filed against a veterinarian to revoke or suspend that person's license.

9. Willful or repeated violation of lawful rules adopted by the board or violation of a lawful order of the board, previously entered by the board in a disciplinary hearing.

[S13, §2538-e; C24, 27, 31, 35, 39, §2799; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, §169.36; C79, 81, §169.13]

83 Acts, ch 115, §8

169.14 Procedure for suspension or revocation.

A proceeding for the revocation or suspension of a license to practice veterinary medicine or to discipline a person licensed to practice veterinary medicine shall be substantially in accord with the following:

1. The board, upon its own motion or upon a verified complaint in writing, may request the department of inspections and appeals to conduct an investigation of the charges contained in the complaint. The department of inspections and appeals shall report its findings to the board, and the board may issue an order fixing the time and place for hearing if a hearing is deemed warranted. A written notice of the time and place of the hearing, together with a statement of the charges, shall be served upon the licensee at least ten days before the hearing in the manner required for the service of notice of the commencement of an ordinary action.

2. If the licensee has left the state, the notice and statement of the charges shall be so served at least twenty days before the date of the hearing, wherever the licensee may be found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by those rules. If the licensee fails to appear either in person or by counsel at the time and place designated in the notice, the board shall proceed with the hearing.

3. The hearing shall be before a member or members designated by the board or before an administrative law judge appointed by the board according to the requirements of section 17A.11, subsection 1. The presiding board member or administrative law judge may issue subpoenas, administer oaths, and take or cause depositions to be taken in connection with the hearing. The member or officer shall issue subpoenas at the request and on behalf of the licensee.

4. A mechanized or stenographic record of the proceedings shall be kept. The licensee shall be given the opportunity to appear personally and by attorney, with the right to produce evidence in one's own behalf, to examine and cross-examine witnesses, and to examine documentary evidence produced against the licensee.

5. If a person refuses to obey a subpoena issued by the presiding member or administrative law judge or to answer a proper question put to that person during the hearing, the presiding member or administrative law judge may invoke the aid of a court of competent jurisdiction in requiring the attendance and testimony of that person and the production of papers. A failure to obey the order of the court may be punished by the court as a civil contempt may be punished.

6. Unless the hearing is before the entire board, a transcript of the proceeding, together with exhibits presented, shall be considered by the entire board at the earliest practicable time. The licensee and attorney shall be given the opportunity to appear personally and by attorney, with the right to produce evidence in one's own behalf, to examine and cross-examine witnesses, and to examine documentary evidence produced against the licensee.

7. Upon three members of the board voting in favor of finding the licensee guilty of an act or offense specified in section 169.13, the board shall prepare written findings of fact and its decision imposing one or more of the following disciplinary measures:
a. Suspend the license to practice veterinary medicine for a period to be determined by the board.
b. Revoke the license to practice veterinary medicine.
c. Suspend imposition of judgment and penalty or impose the judgment and penalty, but suspend enforcement and place the veterinarian on probation. The probation ordered may be vacated upon noncompliance. The board may restore and reissue a license to practice veterinary medicine, and may impose a disciplinary or corrective measure which it might originally have imposed.
8. Judicial review of the board's action may be sought in accordance with chapter 17A.
9. The filing of a petition for review does not in itself stay execution or enforcement of board action. Upon application, the board or the review court, in appropriate cases, may order a stay pending the outcome of the review proceedings.

§169.19 Enforcement — penalties.
1. Any person who practices veterinary medicine without a currently valid license or temporary permit is guilty of a fraudulent practice. Each act of such unlawful practice shall constitute a distinct and separate offense.
2. A person who shall practice veterinary medicine without a currently valid license or temporary permit shall not receive any compensation for services so rendered.
3. The county attorney of the county in which any violation of this chapter occurs shall conduct the necessary prosecution for such violation. Notwithstanding this provision, the board of veterinary medicine or any citizen of this state may bring an action to enjoin any person from practicing veterinary medicine without a currently valid license or temporary permit. If a local authority takes custody of the livestock, the local authority shall deliver notice of the custody to the livestock owner within forty-eight hours after taking custody of the livestock. The forty-eight-hour period shall exclude any time that falls on a Sunday or a holiday recognized by the state or the United States. The notice shall be made in writing and delivered by certified mail or personal service to the last known mailing address of the livestock owner.
b. If the aggrieved party does not know the name and address of the livestock owner, the aggrieved party shall make reasonable efforts to determine the identity of the livestock owner. The reasonable efforts shall include obtaining the name and address of the owner of the brand appearing on the livestock from the department of agriculture and land stewardship under chapter 169A. If the name and address of the livestock owner cannot be determined, the aggrieved party shall publish the notice as soon as possible at least once each week for two consecutive weeks in a newspaper having general circulation in the county where the livestock is located.
2. A notice required under this section shall at least provide all of the following:

   a. To a landowner for damages caused by the livestock owner’s livestock which have trespassed on the landowner’s land, including but not limited to property damage and costs incurred by the landowner’s custody of the livestock including maintenance costs. A livestock owner’s liability is not affected by the failure of a landowner to take custody of the livestock. A livestock owner shall not be liable for damages incurred by a landowner if the livestock trespassed through a fence that was not maintained by the landowner as required pursuant to chapter 359A.
   b. To a landowner who takes custody of livestock on a public road as provided in section 169C.2 for costs incurred by the landowner in taking custody of the livestock, including maintenance costs.

The aggrieved party or livestock owner must bring the action within thirty days following receipt or publication of the notice as required by section 169C.3. The court may join all other claims arising out of the same facts that are alleged in the claim for damages. The civil action may be heard by a district judge or a district associate judge. The civil action may be heard by the district court sitting in small claims as provided in chapter 631.

c. If the livestock is in the custody of an aggrieved party or livestock care provider, a rebuttable presumption arises that the livestock has trespassed or strayed from the control of the livestock owner. The rebuttable presumption shall not apply if a criminal charge has been filed involving the removal or transfer of the livestock. The burden of proof regarding all other matters of dispute shall be on the aggrieved party.

d. The failure of an aggrieved party to provide notice as required by section 169C.3 shall not bar the aggrieved party from being awarded a judgment, if the court determines that the livestock owner had actual knowledge that the livestock had trespassed or strayed and the name and address of the aggrieved party.

2. If a civil action is brought by the livestock owner or aggrieved party, the matter shall be heard by a court on an expedited basis. The aggrieved party shall provide for the transfer of the livestock to the livestock owner, if the livestock owner posts a bond or other security with the court in the amount of the aggrieved party's claim. If a bond or security is not posted, the aggrieved party or livestock care provider shall keep custody of and provide maintenance to the livestock. However, the livestock owner shall post the bond or other security if the matter is set for hearing more than thirty days from the date that the petition bringing the civil action is filed. The court shall order the immediate disposition of the livestock as provided in chapter 717, if the livestock is permanently distressed by disease or injury to a degree that would result in severe or prolonged suffering.

3. If a civil action is not timely brought as provided in this section, title to the livestock shall transfer to the aggrieved party thirty days following receipt of the notice by the livestock owner or the first date of the notice's publication as required pursuant to section 169C.3, if the parties fail to agree to the amount, terms, or conditions of payment or if the identity of the livestock owner cannot be determined. Title to the livestock shall transfer subject to any applicable security interests or liens.

4. A landowner is liable to the livestock owner for twice the fair market value of livestock that the landowner transfers to a person other than a local authority in violation of section 169C.2.

5. If the aggrieved party is a local authority, the local authority shall reimburse the landowner for the landowner's damages from proceeds received from the sale of the livestock, after satisfying any superior security interests or liens.

[C73, 75, 77, 79, 81, §172A.3]

172A.4 Proof of financial responsibility required.
No license shall be issued by the secretary to a dealer or broker until the applicant has furnished proof of financial responsibility as provided in this section. The proof may be in the following forms:
1. A bond of a surety company authorized to do business in the state of Iowa in the form prescribed by and to the satisfaction of the secretary, conditioned for the payment of a judgment against the applicant furnishing the bond because of nonpayment of obligations in connection with the purchase of animals.
   a. The amount of bond for an established dealer or broker who does not maintain a business location in this state shall be not less than the nearest multiple of five thousand dollars above twice the average daily value of purchases of livestock originating in this state, handled by such applicant during the preceding twelve months or such parts thereof as the applicant was purchasing livestock.    b. The amount of bond for an established dealer or broker who maintains one or more business locations in this state shall be not less than the nearest multiple of five thousand dollars above twice the average daily value of purchases of livestock originating in this state handled by the applicant during the preceding twelve months or such parts thereof as the applicant was purchasing livestock. The bond of a person who maintains one or more business locations in this state shall be conditioned for the payment only of those claims which arise from purchases of livestock originating in this state.
   c. If a new dealer or broker not previously covered by this chapter applies for a license, the amount of bond shall be based on twice the estimated average daily value of purchases of livestock originating in this state.
   d. For the purpose of computing average daily value, two hundred sixty is deemed the number of business days in a year.
   e. Whenever a dealer or broker’s weekly purchases exceed one hundred fifty percent of the dealer’s or broker’s average weekly volume, the department shall require additional bond in an amount determined by the department.
   f. The licensee and surety of the bond shall be held and firmly bound unto the secretary as trustee for all persons who may be damaged because of nonpayment of obligations in connection with the purchase of animals originating in this state. Any person damaged because of such nonpayment may maintain suit in the person’s own behalf to recover on the bond, even though not named as a party to the bond.
   g. For purposes of subsection 1, “purchases of livestock originating in this state” shall not include purchases by dealers or brokers from their subsidiaries.

2. A bond equivalent may be filed in lieu of a bond. The trust agreement shall provide as beneficiary, the secretary for the benefit of those persons damaged because of nonpayment of obligations in connection with the purchase of animals originating in this state. The fund in trust shall be an amount calculated in the exact manner as provided in subsection 1. The fund in trust shall not be subject to attachment for any other claim, or to levy of execution upon a judgment based on any other claim.

3. Any person damaged by nonpayment of obligations or by any misrepresentation or fraud on the part of a broker or dealer may maintain an action against the broker or dealer, and the sureties on the bonds or the trustee of a trust fund. The aggregate liability of the sureties or the trust for all such damage shall not exceed the amount of the bond or trust. In the event that the aggregate claims exceed the total amount of the bond or trust, the amount payable on account of any claim.
shall be in the same proportion to the amount of the bond or trust as the individual claim bears to the aggregate claims.

Unless the person damaged files claim with the dealer or broker, and with the sureties or trustee, and with the department within ninety days after the date of the transaction on which the claim is based, the claimant shall be barred from maintaining an action on the bond or trust and from receiving any proceeds from the bond or trust.

4. Whenever the secretary determines that the business volume of the applicant or licensee is such as to render the bond or trust inadequate, the amount of the bond or trust shall be, upon notice, adjusted.

5. All bonds and trust agreements shall contain a provision requiring that at least thirty days' prior notice in writing be given to the secretary by the party terminating the bond or trust agreement as a condition precedent to termination.

Whenever a bond or a trust agreement is to be terminated by a cancellation by the surety or trustee, the secretary shall cause to be published notices of the proposed cancellation not less than ten days prior to the date the cancellation is effective. The notices shall be published as follows:

a. In the Iowa administrative code.

b. In a newspaper of general circulation in the county in which the licensee maintains a business location, or if the licensee maintains no business location in this state, in the county where the licensee transacts a substantial part of the licensee's business.

c. By general news release to all news media. Failure by the secretary to cause the publication of notice as required by this paragraph shall not be deemed to prevent or delay the cancellation.

The termination of a bond or a trust agreement shall not release the parties from any liability arising out of the facts or transactions occurring prior to the termination date.

Trust funds shall not be withdrawn from trust by a licensee until the expiration of ninety days after the date of termination of the trust, and then only if no claims secured by the agreement have been filed with the secretary. If any claims have been filed with the secretary, the withdrawal of funds by the licensee shall not be permitted until the claims have been satisfied or released and evidence of the satisfaction or release filed with the secretary.

6. A person who is not a resident of this state and who either maintains no business location in this state or maintains one or more business locations in this state, and a person who is a resident of this state and who maintains more than one business location in this state, may submit a consolidated proof of financial responsibility. The consolidated proof of financial responsibility shall consist of a bond or a trust agreement meeting all of the requirements of this section, except that the calculation of the amount of the bond or the amount of the trust fund shall be based on the average daily value of all purchases of livestock originating in this state. A person who submits consolidated proof of financial responsibility shall maintain separate records for each business location, and shall maintain such other records respecting purchases of livestock as the secretary by rule shall prescribe.

If livestock is bought on a yield or grade and yield basis, a dealer or broker shall upon the express request in writing of the seller, transmit or deliver to the seller or the seller’s duly authorized agent before the close of the next business day following such purchase or delivery, whichever is later, up to eighty percent of the estimated purchase price, and pay the remaining balance on the next business day following the determination of the purchase price.

4. Failure to comply with this section shall be a violation of this chapter.

172A.10 Injunctions — criminal penalties.

If any person who is required by this chapter to be licensed fails to obtain the required license, or if any person who is required by this chapter to maintain proof of financial responsibility, or if any licensee fails to discontinue engaging in licensed activities when that person’s license has been suspended, such failure shall be deemed a nuisance and the secretary may bring an action on behalf of the state to enjoin such nuisance. Such actions may be heard on not less than five days notice to the person whose activities are sought to be enjoined. The failure to obtain a license when required, or the failure to maintain proof of financial responsibility shall constitute a violation of this chapter.

Any person convicted of violating any provision of this chapter shall be guilty of a serious misdemeanor.

   b. Failure to pay for purchases of livestock in the manner required by section 172A.9.

   An order of suspension issued by the secretary shall be effective for an indefinite period, unless and until the person establishes to the satisfaction of the secretary that the person has taken reasonable precautions to prevent a recurrence of the act or omission in the future.

2. The secretary shall have the authority temporarily to suspend without hearing the license of any licensee in any of the following circumstances:

   a. The licensee fails to maintain proof of financial responsibility, or the surety on the licensee’s bond loses its authorization to issue bonds in this state, or the trustee of a trust fund loses its authorization to engage in the business of a fiduciary.
   b. Claims are filed with the secretary against the bond or trust in an aggregate amount equal to ten percent or more of the amount of the bond.

   A temporary suspension shall be effective on the date of issuance of the order of suspension, and until a revocation hearing has been held and the secretary either has entered an order of revocation of the license, or has terminated the order of suspension.

172A.12 Revocation of license.

1. The secretary shall have the authority to revoke the license of a dealer or broker or agent upon notice and hearing if any of the following conditions exist:

   b. The person has refused access to the secretary to the books and records of the person as required by this chapter.
   c. Any other conditions exist which in the opinion of the secretary reasonably establish that it would be financially detrimental to livestock producers of this state to permit the person to engage in licensed activities in this state.

2. An order of revocation shall be effective upon the issuance of the order of revocation, and until the order is rescinded by the secretary, or until the decision of the secretary is reversed by a final order of a court of this state.
