ties for prevention of contamination, as well as the use of natural processes such as groundwater recharge, natural decay, and chemical or biological decomposition.

7. “Remediation” means a process used to protect the public health and safety or the environment from contamination, including by doing all of the following:
   a. Controlling, containing, or stabilizing the effects caused by a prohibited release.
   b. Investigating, identifying, or analyzing a contaminant or a contamination source; collecting samples, including soil and water samples; assessing the condition of a site; monitoring a contaminated site; providing for structural testing; or providing for engineering services.
   c. Providing for site cleanup.

8. a. “Responsible person” means a person who is legally liable for the contamination or who is legally responsible for abating contamination under any applicable law, including chapters 455B and 455E, and the common law. This may include a person causing, allowing, or otherwise participating in the activities or events which cause the contamination, persons who have failed to conduct their activities so as to prevent the release of contaminants into groundwater, persons who are obligated to abate a condition, or persons responsible for or a successor to such persons.
   b. “Responsible person” does not include a person who caused contamination by acting in a manner unauthorized by the owner of the pesticide or fertilizer, including a person who trespasses upon a site.

9. “Site cleanup” means measures used to contain, reduce, or eliminate contamination present at a site including by using active site cleanup or passive site cleanup measures, or complying with a correction action required or recommended by the department of natural resources or the United States environmental protection agency.

DIVISION IX
OIL SPILLS

455B.701 Oil spill immunity.
1. Definitions. As used in this section, unless the context otherwise requires:
   a. “Damages” means damages of any kind for which liability may exist under the laws of this state resulting from, arising out of, or relating to the discharge or threatened discharge of oil.
   b. “Discharge” means any emission, other than natural seepage, intentional or unintentional, and includes, but is not limited to, spilling, leaking, pumping, pouring, emitting, emptying, or dumping.
   c. “Federal on-scene coordinator” means the federal official designated by the federal agency in charge of the removal efforts or by the United States environmental protection agency or the United States coast guard to coordinate and direct responses under the national contingency plan.
   e. “Oil” means oil of any kind or in any form, including, but not limited to, petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil.
   f. “Remove” or “removal” means containment and removal of oil or a hazardous substance from water and shorelines or the taking of other actions as may be necessary to minimize or mitigate damage to the public health or welfare, including, but not limited to, fish, shellfish, wildlife, and public and private property, shorelines, and beaches.
   g. “Removal costs” means the costs of removal that are incurred after a discharge of oil has occurred or, in any case in which there is a substantial threat of a discharge of oil, the costs to prevent, minimize, or mitigate oil pollution from such an incident.
   h. “Responsible party” means a responsible party as defined under 33 U.S.C. § 2701.

2. Exemption from liability.
   a. Notwithstanding any other provisions of law, a person is not liable for removal costs or damages which result from acts or omissions taken or made in the course of rendering care, assistance, or advice consistent with the national contingency plan or as otherwise directed by the federal on-scene coordinator or by the state official with responsibility for oil spill response.
   b. Paragraph “a” does not apply to the following:
      (1) A responsible party.
      (2) When the damage involves personal injury or wrongful death.
      (3) If the person is grossly negligent or engages in willful misconduct.
   c. A responsible party is liable for any removal costs and damages that another person is relieved of under paragraph “a”.
   d. This section does not affect the liability of a responsible party for oil spill response under state law.

DIVISION X
CONTAMINATED PROPERTY
— FINANCIAL LIABILITY

455B.751 Definitions.
As used in this division, unless the context otherwise requires:
1. “Acquired” means purchased, leased, obtained by inheritance or descent and distribution, or obtained by foreclosure sale under chapter 654, nonjudicial voluntary foreclosure under section 654.18, deed in lieu of foreclosure under section 654.19, foreclosure without redemption under section 654.20, or nonjudicial foreclosure of nonagriculture mortgages under chapter 655A.

2. “Hazardous substance” means the same as defined in section 455B.381 or 455B.411.

3. “Hazardous waste” means the same as defined in section 455B.411.

4. “Potentially responsible party” means a person whose acts or omissions were a proximate cause of the contamination of the acquired property, or a person whose negligent acts or omissions are a proximate cause of injury or damages resulting from exposure to such contamination. Injury or damages to persons or property arising by reason of contamination that migrates from the acquired property shall not be deemed to be caused by an act or omission of the person that acquired the property, except to the extent that the act or omission of such person exacerbated the release of such contamination.

5. “Regulated substance” means the same as defined in section 455B.471.

6. “Response action” means any action taken to reduce, minimize, eliminate, clean up, control, assess, or monitor a release of hazardous substances, hazardous waste, or regulated substances to protect the public health, safety, or the environment.

7. “Third party” means any person other than a person that holds indicia of title to property as identified in section 455B.752, subsection 1, or that has acquired property as identified in section 455B.752, subsection 2.

8. “Third-party liability” means any liability or obligation, other than contractual obligations that specifically waive all or part of the immunity provided by section 455B.752, arising out of or resulting from contamination of property by a hazardous substance, hazardous waste, or a regulated substance, including without limitation, claims for injury, personal injury, death, consequential damages, exemplary damages, lost profits, trespass, loss of use of property, loss of rental value, reduction in property value, property damages, or statutory or common law nuisance.

NEW section

455B.752 Immunity from third-party liability.

A person that holds indicia of ownership of property contaminated by a hazardous substance, hazardous waste, or regulated substance, and that satisfies all of the conditions provided in section 455B.381, subsection 7, paragraphs “a”, “b”, and “c”, or section 455B.471, subsection 6, paragraph “b”, subparagraphs (1), (2), and (3), or a person that has acquired property contaminated by a hazardous substance, hazardous waste, or regulated substance, shall not be liable to any third party for any third-party liability arising from such contamination provided that all of the following apply:

1. The person does not knowingly cause or permit a new or additional hazardous substance, hazardous waste, or regulated substance to arise on or from the acquired property that injures a third party or contaminates property owned or leased by a third party.

2. The person is not a potentially responsible party or affiliated with any potentially responsible party by reason of any of the following:
   a. Any direct or indirect familial relationship.
   b. Any contractual, corporate, or financial relationship, other than a contractual, corporate, or financial relationship that is created by the instruments by which title to the property is conveyed or financed or by a contract for the sale of goods or services.
   c. A reorganization of a business entity that is or was a potentially responsible party.

CHAPTER 455C
BEVERAGE CONTAINERS CONTROL

455C.1 Definitions.
As used in this chapter unless the context otherwise requires:
1. “Beverage” means wine as defined in section 123.3, subsection 37, alcoholic liquor as defined in section 123.3, subsection 5, beer as defined in section 123.3, subsection 7, mineral water, soda water and similar carbonated soft drinks in liquid form and intended for human consumption.
2. “Beverage container” means any sealed glass, plastic, or metal bottle, can, jar or carton containing a beverage.
3. “Commission” means the environmental protection commission of the department.
4. “Consumer” means any person who purchases a beverage in a beverage container for use or consumption.
5. “Dealer” means any person who engages in the sale of beverages in beverage containers to a consumer.
6. “Dealer agent” means a person who solicits or picks up empty beverage containers from a dealer for the purpose of returning the empty beverage containers to a distributor or manufacturer.
7. “Department” means the department of natural resources created under section 455A.2.
8. “Director” means the director of the department.
9. “Distributor” means any person who engages in the sale of beverages in beverage containers to a dealer in this state, including any manufacturer who engages in such sales.
10. “Geographic territory” means the geographical area within a perimeter formed by the outermost boundaries served by a distributor.
11. “Manufacturer” means any person who bottles, cans, or otherwise fills beverage containers for sale to distributors or dealers.
12. “Nonrefillable beverage container” means a beverage container not intended to be refilled for sale by a manufacturer.
13. “Redemption center” means a facility at which consumers may return empty beverage containers and receive payment for the refund value of the empty beverage containers.

455C.2 Refund values.
1. A refund value of not less than five cents shall be paid by the consumer on each beverage container sold in this state by a dealer for consumption off the premises. Upon return of the empty beverage container upon which a refund value has been paid to the dealer or person operating a redemption center and acceptance of the empty beverage container by the dealer or person operating a redemption center, the dealer or person operating a redemption center shall return the amount of the refund value to the consumer.
2. In addition to the refund value provided in subsection 1 of this section, a dealer, dealer agent, or person operating a redemption center may compact empty metal beverage containers with the approval of the distributor required to accept the containers.

455C.3 Payment of refund value.
Except as provided in section 455C.4:
1. A dealer shall not refuse to accept from a consumer any empty beverage container of the
§455C.3, BEVERAGE CONTAINERS CONTROL

455C.4 Refusal to accept containers.
1. Except as provided in section 455C.5, subsection 3, a dealer, a person operating a redemption center, a distributor, or a manufacturer may refuse to accept any empty beverage container which does not have stated on it a refund value as provided under section 455C.2.
2. A dealer may refuse to accept and to pay the refund value of any empty beverage container if the place of business of the dealer and the kind and brand of empty beverage containers are included in an order of the department approving a redemption center under section 455C.6.

455C.5 Refund value stated on container — exceptions.
1. Each beverage container sold or offered for sale in this state by a dealer shall clearly indicate by embossing or by a stamp, label or other method securely affixed to the container, the refund value of the container. The department shall specify, by rule, the minimum size of the refund value indication on the beverage containers.
2. A person, except a distributor, shall not import into this state after July 1, 1979 a beverage container which does not have securely affixed to the container the refund value indication. The provisions of this subsection do not apply if:
   a. For beverage containers containing alcoholic liquor as defined in section 123.3, subsection 5, the total capacity of the containers is not more than one quart or, in the case of alcoholic liquor personally obtained outside the United States, one gallon.
   b. For beverage containers containing beer as defined in section 123.3, subsection 7, the total capacity of the containers is not more than two hundred eighty-eight fluid ounces.
   c. For all other beverage containers, the total capacity of the containers is not more than five hundred seventy-six fluid ounces.
3. The provisions of subsections 1 and 2 of this section do not apply to a refillable glass beverage container which has a brand name permanently marked on it and which has a refund value of not less than five cents, to any other refillable bever-
BEVERAGE CONTAINERS CONTROL, §455C.12

Any person may establish a redemption center to facilitate the return of empty beverage containers and to serve dealers of beverages. The department shall approve a redemption center if it finds that the redemption center will provide a convenient service to consumers for the return of empty beverage containers. The order of approval shall state the name and address of the person responsible for the establishment of the redemption center, and the names and addresses of the dealers to be served by the redemption center. The application shall contain such other information as the director may reasonably require.

1. To facilitate the return of empty beverage containers and to serve dealers of beverages, any person may establish a redemption center, subject to the approval of the department, at which consumers may return empty beverage containers and receive payment of the refund value of such beverage containers.

2. An application for approval of a redemption center shall be filed with the department. The application shall state the name and address of the person responsible for the establishment and operation of the redemption center, the kind and brand names of the beverage containers which will be accepted at the redemption center; and the names and addresses of the dealers to be served by the redemption center. The application shall contain such other information as the director may reasonably require.

3. The department shall approve a redemption center if it finds that the redemption center will provide a convenient service to consumers for the return of empty beverage containers. The order of the department approving a redemption center shall state the dealers to be served by the redemption center and the kind and brand names of empty beverage containers which the redemption center must accept. The order may contain such other provisions to insure that the redemption center will provide a convenient service to the public as the director may determine.

4. The department may review the approval of any redemption center at any time. After written notice to the person responsible for the establishment and operation of the redemption center, and to the dealers served by the redemption center, the commission may, after hearing, withdraw approval of a redemption center if the commission finds there has not been compliance with the department’s order approving the redemption center, or if the redemption center no longer provides a convenient service to the public.

5. All approved redemption centers shall meet applicable health standards.

[C79, 81, §455C.6]

455C.7 Unapproved redemption centers.

Any person may establish a redemption center which has not been approved by the department, at which a consumer may return empty beverage containers and receive payment of the refund value of the beverage containers. The establishment of an unapproved redemption center shall not relieve any dealer from the responsibility of redeeming any empty beverage containers of the kind and brand sold by the dealer.

[C79, 81, §455C.7]

455C.8 Snap-top cans prohibited.

A person shall not sell or offer for sale at retail in this state any metal beverage container so designed and constructed that a part of the container is detachable in opening the container.

[C79, 81, §455C.8]

455C.9 Rules adopted.

The commission shall adopt, upon recommendation of the director, the rules necessary to carry out the provisions of this chapter, subject to the provisions of chapter 17A.

[C79, 81, §455C.9]

455C.10 Appeal.

Any person aggrieved by an order of the department relating to the approval or withdrawal of approval for a redemption center may seek judicial review of such order as provided in chapter 17A.

[C79, 81, §455C.10]

455C.11 Annual appropriation.

Repealed by 87 Acts, ch 22, § 17.

455C.12 Penalties.

1. Any person violating the provisions of section 455C.2, 455C.3, 455C.5, and 455C.8, or a rule adopted under this chapter shall be guilty of a simple misdemeanor.

2. A distributor who collects or attempts to collect a refund value on an empty beverage container when the distributor has paid the refund value on the container to a dealer, redemption center, or consumer is guilty of a fraudulent practice.

3. Any person who does any of the following acts is guilty of a fraudulent practice:

a. Collects or attempts to collect the refund value on the container a second time, with the knowledge that the refund value has once been paid by the distributor to a dealer, redemption center or consumer.

b. Manufactures, sells, possesses or applies a false or counterfeit label or indication which shows or purports to show a refund value for a beverage container, with intent to use the false or counterfeit label or indication.

c. Collects or attempts to collect a refund value on a container with the use of a false or counterfeit label or indication showing a refund value, knowing the label or indication to be false or counterfeit.

4. As used in this section, a false or counterfeit label or indication means a label or indication purporting to show a valid refund value which has not been initially applied as authorized by a distributor.
§455C.12, BEVERAGE CONTAINERS CONTROL

5. Subsection 2 and subsection 3, paragraph “a” of this section have no application to empty beverage containers which are intended to be refillable and are in a standard of condition except for sanitization to be refillable by the manufacturer.

[C79, §455C.12]

455C.13 Distributors’ agreements authorized.

A distributor may enter into a contract or agreement with any other distributor, manufacturer or person for the purpose of collecting or paying the refund value on, or disposing of, beverage containers as provided in this chapter.

[C81, §455C.13]

455C.14 Redemption of refused nonrefillable metal beverage containers.

1. If the refund value indication required under section 455C.5 on an empty nonrefillable metal beverage container is readable but the redemption of the container is lawfully refused by a dealer or person operating a redemption center under other sections of this chapter or rules adopted pursuant to these sections, the container shall be accepted and the refund value paid to a consumer as provided in this section. Each beer distributor selling nonrefillable metal beverage containers in this state shall provide individually or collectively by contract or agreement with a dealer, person operating a redemption center or another person, at least one facility in the county seat of each county where refused empty nonrefillable metal beverage containers having a readable refund value indication as required by this chapter are accepted and redeemed. In cities having a population of twenty-five thousand or more, the number of the facilities provided shall be one for each twenty-five thousand population or a fractional part of that population.

2. A beer distributor violating this section is guilty of a simple misdemeanor.

[C81, §455C.14]

455C.15 Plastic cans prohibited.

1. A person shall not manufacture, offer for sale, or sell any single-serving beverage container which is a plastic can nor offer for sale or sell any beverage packaged in a single-serving plastic can. For the purposes of this section, a "plastic can" means a beverage container which, in addition to the closure mechanism, is composed of plastic and metal.

2. A person violating this section is guilty of a serious misdemeanor.

89 Acts, ch 44, §1

455C.16 Beverage containers — disposal at sanitary landfill prohibited.

Beginning July 1, 1990, the final disposal of beverage containers by a dealer, distributor, or manufacturer, or person operating a redemption center, in a sanitary landfill, is prohibited. Beginning September 1, 1992, the final disposal of beverage containers used to contain alcoholic liquor as defined in section 123.3, subsection 5, by a dealer, distributor, or manufacturer, or person operating a redemption center in a sanitary landfill, is prohibited.

455D.11A Financial assurance — waste tire collection or processing sites.
455D.11B Permitting of waste tire collection or processing sites — fees.
455D.1 Definitions.
As used in this chapter unless the context otherwise requires:
1. “Commission” means the environmental protection commission.
2. “Department” means the department of natural resources created pursuant to section 455A.2.
3. “Deposit” means the amount paid by the consumer to the retailer at the time of initial purchase that is intended to encourage the return of materials or containers and which is returned in full to the consumer when the used material or container is redeemed.
4. “Director” means the director of the department.
5. “Rebate” means the portion of the amount paid by the consumer to the retailer at the time of initial purchase that is returned to the consumer when the used material or container is returned for disposal.
6. “Recycling” means any process by which waste, or materials which would otherwise become waste, are collected, separated, or processed and revised or returned to use in the form of raw materials or products. “Recycling” includes but is not limited to the composting of yard waste which has been previously separated from other waste, but does not include any form of energy recovery.
7. “Waste abatement fee” means the amount paid by the consumer to the retailer at the time of initial purchase of a product that is intended to support the cost of proper disposal.
8. “Waste reduction” means practices which reduce, avoid, or eliminate both the generation of solid waste and the use of toxic materials so as to reduce risks to health and the environment and to avoid, reduce, or eliminate the generation of wastes or environmental pollution at the source and not merely achieved by shifting a waste output or waste stream from one environmental medium to another environmental medium.
89 Acts, ch 272, §1

455D.2 Findings.
The general assembly finds that:
1. Iowa’s environment is precious and no person has the right to pollute Iowa’s air, water, or soil. The environment is vulnerable and irreplaceable, and all Iowans have an ongoing responsibility to conserve, preserve, and enhance the state’s natural resources to guarantee their continued existence and use by the present and future generations.
2. The land itself is the source of Iowa’s livelihood not only for the purposes of an agricultural economy, but for the establishment of manufacturing plants, business offices, and residences. While zoning establishes restrictions on the use of land for social order, a similar system has not been established to maintain environmental order below the ground. Protection of the environment includes not only visible but invisible threats as well.
3. The rapidly rising volume of waste deposited by society threatens the capacity of existing and future landfills. The nature of waste disposal today means that unknown quantities of potentially toxic and hazardous materials are being buried and pose a constant threat to the groundwater supply. In addition, the nature of the waste and disposal methods utilized allow the waste to remain basically inert for decades, if not centuries, without decomposition.
4. Wastes filling Iowa’s landfills may, at best, represent a potential resource. However, without proper management, wastes are hazards to the environment and life itself.
§455D.3, WASTE VOLUME REDUCTION AND RECYCLING

5. The reduction of solid waste at the source and the recycling of reusable waste materials will reduce the flow of waste to sanitary landfills and increase the supply of reusable materials for the use of the public.

89 Acts, ch 272, §2

455D.3 Goals for waste stream reduction — procedures — reductions and increases in fees.

1. Year 1994 and 2000 goals. The goal of the state is to reduce the amount of materials in the waste stream, existing as of July 1, 1988, twenty-five percent by July 1, 1994, and fifty percent by July 1, 2000, through the practice of waste volume reduction at the source and through recycling. For the purposes of this section, “waste stream” means the disposal of solid waste as “solid waste” is defined in section 455B.301.

Notwithstanding section 455D.1, subsection 6, facilities which employ combustion of solid waste with energy recovery and refuse-derived fuel, which are included in an approved comprehensive plan, and which were in operation prior to July 1, 1989, may include these processes in the definition of recycling for the purpose of meeting the state goal if at least thirty-five percent of the waste reduction goal, required to be met by July 1, 2000, pursuant to this section, is met through volume reduction at the source and recycling and reuse, as established pursuant to section 455B.301A, subsection 1, paragraphs “a” and “b”.

2. Projected waste stream — year 2000. A planning area may request the department to allow the planning area to project the planning area’s waste stream for the year 2000 for purposes of meeting the year 2000 fifty percent waste volume reduction and recycling goals required by this section. The department shall make a determination of the eligibility to use this option based upon the annual tonnage of solid waste processed by the planning area and the population density of the area the planning area serves. If the department agrees to allow the planning area to make year 2000 waste stream projections, the planning area shall calculate the year 2000 projections and submit the projections to the department for approval. The planning area shall use data which is current as of July 1, 1994, and shall take into account population, employment, and industrial changes and documented diversions due to existing programs. The planning area shall use the departmental methodology to calculate the tonnage necessary to be diverted from landfills in order to meet the year 2000 fifty percent waste volume reduction and recycling goals required by this section. Once the department approves the year 2000 projections, the projections shall not be changed prior to the year 2001.

3. Departmental monitoring.
   a. By October 31, 1994, a planning area shall submit to the department a solid waste abatement table which is updated through June 30, 1994. By April 1, 1995, the department shall report to the general assembly on the progress that has been made by each planning area on attainment of the July 1, 1994, twenty-five percent goal.

   If at any time the department determines that a planning area has met or exceeded the twenty-five percent goal, but has not met or exceeded the fifty percent goal, a planning area shall subtract sixty cents from the total amount of the tonnage fee imposed pursuant to section 455B.310. If at any time the department determines that a planning area has met or exceeded the fifty percent goal, a planning area shall subtract fifty cents from the total amount of the tonnage fee imposed pursuant to section 455B.310. The reduction in tonnage fees pursuant to this paragraph shall be taken from that portion of the tonnage fees which would have been allocated for funding alternatives to landfills pursuant to section 455E.11, subsection 2, paragraph “a”, subparagraph (1).

   b. By October 31, 2000, a planning area shall submit to the department, a solid waste abatement table which is updated through June 30, 2000. By April 1, 2001, the department shall report to the general assembly on the progress that has been made by each planning area on attainment of the July 1, 2000, fifty percent goal.

   If at any time the department determines that a planning area has met or exceeded the fifty percent goal, the planning area shall subtract fifty cents from the total amount of the tonnage fee imposed pursuant to section 455B.310. This amount shall be in addition to any amount subtracted pursuant to paragraph “a” of this subsection. The reduction in tonnage fees pursuant to this paragraph shall be taken from that portion of the tonnage fees which would have been allocated to funding alternatives to landfills pursuant to section 455E.11, subsection 2, paragraph “a”, subparagraph (1). Except for fees required under subsection 4, paragraph “a”, a planning area failing to meet the fifty percent goal is not required to remit any additional tonnage fees to the department.

4. Solid waste management techniques. A planning area that fails to meet the twenty-five percent goal shall implement the following solid waste management techniques:
   a. Remit fifty cents per ton to the department, as of July 1, 1995. The funds shall be deposited in the solid waste account under section 455E.11, subsection 2, paragraph “a”, to be used for funding
alternatives to landfills pursuant to section 455E.11, subsection 2, paragraph “a”, subparagraph (1). Moneys under this paragraph shall be remitted until such time as evidence of attainment of the twenty-five percent goal is documented in subsequent comprehensive plans submitted to the department.

b. Notify the public of the planning area’s failure to meet the waste volume reduction goals of this section, utilizing standard language developed by the department for that purpose.

c. Develop draft ordinances which shall be used by local governments for establishing collection fees that are based on volume or on the number of containers used for disposal by residents.

d. Conduct an educational and promotional program to inform citizens of the manner and benefits of reducing, reusing, and recycling materials and the procurement of products made with recycled content. The program shall include the following:

   (1) Targeted waste reduction and recycling education for residents, including multifamily dwelling complexes having five or more units.

   (2) An intensive one-day seminar for the commercial sector regarding the benefits of and opportunities for waste reduction and recycling.

   (3) Promotion of recycling through targeted community and media events.

   (4) Recycling notification and education packets to all new residential, commercial, and institutional collection service customers that include, at a minimum, the manner of preparation of materials for collection, and the reasons for separation of materials for recycling.

455D.4 Waste volume reduction policies.

1. It is the policy of this state to encourage the development of waste volume reduction programs and education at the local government level through incentives, technical assistance, grants, and other practical measures.

2. It is the policy of this state to support and encourage the development of new uses and markets for recycled goods, placing emphasis on the development, in Iowa, of businesses relating to waste reduction and recycling.

3. The provision of education concerning waste volume reduction at the elementary through high school levels and through community organizations will enhance the success of local programs requiring public involvement.

4. This state supports and encourages manufacturing methods which are environmentally sustainable, technologically safe, and ecologically sound. The state shall encourage manufacturing methods which enhance waste reduction by creating products with longer usage life, and by creating products which are adaptable to secondary uses, require less input material, and decrease resource consumption.

5. The people of this state recognize that a variety of benefits result from a comprehensive waste reduction policy including the following environmental, economic, governmental, and public benefits:

   a. Not producing waste in the first instance is the most certain means for avoiding the widely recognized health and environmental damage associated with waste. Although waste reduction will never eliminate all wastes, to the extent that waste reduction is achieved it results in the most certain form of direct risk reduction.

   b. Waste reduction may result in reduced pollution control costs for industry by stimulating and promoting beneficial technological and management reorganization within industry in place of pollution control strategies which channel capital into nonproductive pollution control expenditures.

   c. The government is better able to administer programs which offer a variety of benefits to industry and which reduce the overall cost of government involvement than it is to administer programs which offer few benefits to industry and require increasingly extensive, complex, and costly governmental actions.

   d. Public confidence in environmental policies of the government is important for the effectiveness of these policies. Waste reduction poses no adverse environmental and public health effects and does not, therefore, lead to increased public concern. Waste reduction also increases the public confidence that the government and industry are doing all that is possible to protect human health and the environment.

89 Acts, ch 272, §4

455D.5 Statewide waste reduction and recycling network — established.

1. The department shall establish a statewide waste reduction and recycling network to promote the waste management policy contained in section 455B.481 and the waste management hierarchy contained in section 455B.301A. Programs established shall encourage waste generators to reduce the volume of waste generated and to recycle or properly dispose of the waste that is generated. The network shall utilize existing recycling companies when possible. The programs may utilize financial and legal incentives, education, technical assistance, regulation, and other methods as appropriate to implement the programs. The programs may involve the development of public and private sector initiatives, the development of markets and other opportunities for waste reduction and recycling, and other related efforts.

2. The elements of the network shall include but are not limited to all of the following:
a. Promotion of efforts to increase the amount of recyclable materials used by the public.
b. Promotion of efforts to recover recyclable materials from the waste stream.
c. Promotion of local efforts to implement recycling collection centers located at disposal sites or other convenient local sites.
d. Promotion of local efforts of curbside collection of separated recyclable waste materials.
e. Provision of public education programs which promote public awareness of waste volume reduction and the use of recyclable materials.
f. Promotion of the creation of markets for recyclable materials.
g. Promotion of research, manufacturing processes, and product development, which provide for waste reduction through decreased material input, and resource consumption.
h. Promotion of the concentration of the efforts of the business and industry resource search service by the small business assistance center for the safe and economic management of solid waste and hazardous substances at the university of northern Iowa, to locate existing waste streams and materials from businesses and industries which generate small amounts of waste and to catalyze the reuse of these materials in the production of goods and services.

§455D.7, WASTE VOLUME REDUCTION AND RECYCLING

4. Enter into contracts and agreements, with the approval of the commission, for contracts in excess of twenty-five thousand dollars, with local units of government, other state agencies, governments of other states, governmental agencies of the United States, other public and private contractors, and other persons as may be necessary or beneficial in carrying out the department’s duties under this chapter.

§455D.5, WASTE VOLUME REDUCTION AND RECYCLING

The director shall:

1. Unless otherwise specified in this chapter, adopt rules necessary to implement this chapter. Initial recommendations shall be made to the commission no later than July 1, 1991.

2. Seek, receive, and accept funds in the form of appropriations, grants, awards, wills, bequests, endowments, and gifts for deposit in the waste reduction and recycling trust fund to be used for programs relating to the duties of the department under this chapter.

3. Administer and coordinate the waste volume reduction and recycling fund created under section 455D.15.

4. Enter into contracts and agreements, with the approval of the commission, for contracts in excess of twenty-five thousand dollars, with local units of government, other state agencies, governments of other states, governmental agencies of the United States, other public and private contractors, and other persons as may be necessary or beneficial in carrying out the department’s duties under this chapter.

5. Submit a report to the general assembly on or before July 1, 1990, that characterizes the solid waste stream in Iowa and that contains a strategy for managing each major component of the waste stream. The strategy shall describe the actions necessary to assure that each segment of the waste stream is managed according to the highest appropriate priority of the waste management hierarchy.

6. Develop a strategy and recommend to the commission the adoption of rules necessary to implement a strategy for white goods and waste oil by January 1, 1990.

7. Develop a strategy and recommend to the commission the adoption of rules necessary to implement by January 1, 2004, a strategy for the recycling of electronic goods and the disassembling and removing of toxic parts from electronic goods.

8. Provide financial assistance through expenditure of the waste volume reduction and recycling fund to public and private entities to promote and enable the development and implementation of markets and industries in Iowa that will support and complement the state’s waste reduction and recycling programs.

9. Study the technology available for the reclamation and recycling of refrigerant, including the findings of nationwide industry surveys, and make recommendations concerning whether or not all persons providing refrigerator or air conditioner repair services should own or have access to refrigerant reclamation or recycling machinery.

10. Identify products made from recycled or recovered materials and provide a list of these products to the department of administrative services and to all other state agencies to assist in the development and review of procurement specifications. The director shall also develop, in cooperation with the director of the department of administrative services, a program to promote the procurement of listed products and seek information from state agencies using products containing recycled or recovered materials to evaluate their performance. The program shall also provide that the director seek information from suppliers regarding product performance and recovered material content of products offered for sale. Based on the evaluation, and information regarding the recyclability of the components of products and their longevity, and, where applicable, the energy efficiency of such products, the department shall publish information on recommended products for procurement. This information shall be provided to all state agencies as well as city and county purchasing agencies.

§455D.6, WASTE VOLUME REDUCTION AND RECYCLING

4. Enter into contracts and agreements, with the approval of the commission, for contracts in excess of twenty-five thousand dollars, with local units of government, other state agencies, governments of other states, governmental agencies of the United States, other public and private contractors, and other persons as may be necessary or beneficial in carrying out the department’s duties under this chapter.

§455D.7, WASTE VOLUME REDUCTION AND RECYCLING

The commission shall:

1. Unless otherwise specified in this chapter, adopt rules necessary to implement this chapter pursuant to chapter 17A. Initial rules shall be adopted no later than April 1, 1992.

2. Prohibit land disposal of specific components of the waste stream for which the department has developed and implemented a strategy for alternative disposal according to the waste
management hierarchy.

3. Establish by rule standards for the acceptance of recyclable or rebatable products at redemption centers. The standards may address matters of public health and handling by the redemption center.

4. Recommend to the general assembly, annually, the imposition of waste abatement fees, rebates, and deposits.

89 Acts, ch 272, §7

455D.8 Deposits, rebates, and waste abatement fees.

The commission shall recommend to the general assembly, annually, deposits, rebates, and waste abatement fees on elements of the waste stream when necessary to encourage waste reduction, and the recycling and recovery of useful components of that waste stream element, or to encourage proper management and disposal of components that cannot be recycled or recovered. In making these recommendations, the commission shall not recommend the imposition of a deposit, rebate, or waste abatement fee on an element that is being properly managed through a market-driven or publicly supported recycling, recovery, or source separation program. The commission shall recommend to the general assembly that a deposit, rebate, or waste abatement fee is removed from an element of the waste stream when the commission determines that market forces will ensure that the element is recycled, recovered, or properly managed and disposed.

89 Acts, ch 272, §8

455D.9 Land disposal of yard waste — prohibited.

1. Beginning January 1, 1991, land disposal of yard waste as defined by the department is prohibited. However, yard waste which has been separated at its source from other solid waste may be accepted by a sanitary landfill for the purposes of soil conditioning or composting.

2. The department shall assist local communities in the development of collection systems for yard waste generated from residences and shall assist in the establishment of local composting facilities. Within one hundred twenty days of the adoption of rules by the department regarding yard waste, each city and county shall, by ordinance, require persons within the city or county to separate yard waste from other solid waste generated. Municipalities which provide a collection system for solid waste shall provide for a collection system for yard waste which is not composted.

3. The department shall develop rules which define yard waste and provide for the safe and proper method of composting. The rules adopted for a composting facility to be located on property owned by an applicant for a permit prior to July 1, 1992, when the property is located within twenty miles of a metropolitan area of two hundred fifty thousand or more, shall require that prior to the issuance of a permit for a composting facility, the applicant shall submit an economic impact statement to the department. For the purpose of this subsection, “economic impact statement” means an estimate of the economic impact of the siting of a composting facility at a specific location on affected property owners.

4. State and local agencies responsible for the maintenance of public lands in the state shall give preference to the use of composted materials in all land maintenance activities.

5. This section does not prohibit the use of yard waste as land cover or as soil conditioning material.

6. This section prohibits the incineration of yard waste at a sanitary disposal project.

89 Acts, ch 272, §9; 90 Acts, ch 1191, §4; 92 Acts, ch 1182, §5

455D.9A Disposal of baled solid waste at a sanitary landfill — prohibited.

Beginning January 1, 1992, a person shall not dispose of baled solid waste at a sanitary landfill and a sanitary landfill shall not accept baled solid waste for final disposal. Solid waste which is baled on-site may be disposed of at the sanitary landfill.

91 Acts, ch 113, §1; 99 Acts, ch 14, §1

455D.10 Land disposal of lead acid batteries — prohibited — collection for recycling.

1. Beginning July 1, 1990, land disposal of lead acid batteries is prohibited.

2. A person offering for sale or selling lead acid batteries at retail in the state shall do all of the following:

   a. Accept used lead acid batteries from customers who purchase new lead acid batteries, at the point of sale.

   b. Post written notice that land disposal of lead acid batteries is prohibited and that state law requires the retailer to accept lead acid batteries for recycling when new lead acid batteries are purchased.

3. A person offering for sale or selling lead acid batteries at wholesale shall accept used lead acid batteries from retailers who purchase new lead acid batteries for resale to consumers, or from wholesale customers.

89 Acts, ch 272, §10

455D.10A Household batteries — heavy metal content and recycling requirements.

1. Definitions. As used in this section and in section 455D.10B unless the context otherwise requires:

   a. “Button cell battery” means a household battery which resembles a button or coin in size and shape.
§455D.10A, WASTE VOLUME REDUCTION AND RECYCLING

b. “Consumer” means a person who purchases household batteries for personal or business use.

c. “Easily removed” means a battery or battery pack which can be removed from a battery-powered product by the consumer, using common household tools.

d. “Household battery” means any type of dry cell battery used by consumers, including but not limited to mercuric oxide, carbon-zinc, zinc air, silver oxide, nickel-cadmium, nickel-hydride, alkaline, lithium, or sealed lead acid batteries.

e. “Institutional generator” means a governmental, commercial, industrial, communications, or medical facility which generates waste mercuric oxide, nickel-cadmium, or sealed lead acid rechargeable batteries.

f. “Rechargeable consumer product” means a product that is primarily powered by a rechargeable battery and is primarily used or purchased to be used for household purposes.

g. “Rechargeable household battery” means a small sealed nickel-cadmium or sealed lead acid battery used for nonvehicular purposes and weighing less than twenty-five pounds, which can be recharged by the consumer and reused.

2. Mercury content limited.

a. A person shall not sell, distribute, or offer for retail sale in this state an alkaline manganese battery that contains more than twenty-five one-thousandths of a percent mercury by weight. A person shall not sell, distribute, or offer for sale at retail in this state an alkaline manganese household battery manufactured on or after January 1, 1996, to which mercury has been added. This paragraph does not apply to alkaline manganese button cell batteries.

b. A person shall not sell, distribute, or offer for retail sale in this state an alkaline manganese button cell battery which contains more than twenty-five milligrams of mercury.

3. Recycling/disposal requirements for household batteries.

a. Beginning July 1, 1996, a system or systems shall be in place to protect the health and safety of Iowans, and the state’s environment, from the toxic components of used household batteries. The system or systems shall include at least one of the following elements:

(1) Elimination or reduction to the extent established by rule of the department, of heavy metals and other toxic components in nickel-cadmium, mercuric oxide, or sealed lead acid household batteries, to ensure protection of public health, safety, and the environment when placed in or disposed of as part of mixed municipal solid waste.

(2) Establishment of a comprehensive recycling program for each type of battery listed in subparagraph (1) that is sold, distributed, or offered for sale in this state. An institutional generator shall provide for the on-site source separation and collection of used mercuric oxide batteries, nickel-cadmium rechargeable batteries, and sealed lead acid rechargeable batteries. All participants in the stream of commerce relating to the batteries, which are listed in subparagraph (1) and which are not designated as exempt pursuant to section 455D.10B, subsection 2, paragraph “c” or “d”, shall, individually or collectively, be responsible for developing and operating a system for collecting and recycling or disposal of the batteries.

(3) Provision for collection, transporting, and proper disposal of used household batteries of the types listed in subparagraph (1) which are distributed, sold, or offered for retail sale in the state. For the purposes of this paragraph, “proper disposal” means disposal which complies with all applicable state and federal laws. All participants in the stream of commerce relating to the batteries, which are listed in subparagraph (1) and which are not designated as exempt pursuant to section 455D.10B, subsection 2, paragraph “c” or “d”, shall, individually or collectively, be responsible for developing and operating a system for collecting and transporting used batteries to the appropriate dry cell battery manufacturer or to a site or facility designated by a manufacturer. Additionally, dry cell battery manufacturers shall be responsible for the recycling of used batteries in an environmentally sound manner.

b. To meet the recycling and disposal requirements of this subsection, participants in the systems established under this subsection, either individually or collectively, shall do all of the following:

(1) Identify a collection entity, other than a local government collection system, unless the local government agrees otherwise, through which the discarded batteries listed in paragraph “a”, subparagraph (1), shall be returned for collection and recycling or disposal.

(2) Inform each customer of the prohibition of disposal of batteries listed in paragraph “a”, subparagraph (1), and a safe and convenient return process available to the customer for recycling or proper disposal.

(3) After July 1, 1996, nickel-cadmium, sealed lead acid, or mercuric oxide household batteries shall not be sold, distributed, or offered for sale in the state, unless a system required by this section is in operation.

(4) The department may make recommendations to the commission to include other types of household or rechargeable batteries, not enumerated in paragraph “a”, subparagraph (1), in the requirements of this subsection.

e. This subsection does not apply to batteries

4. Rules adopted. The commission shall adopt, upon recommendation of the director, the rules necessary to carry out the provisions of this section pursuant to chapter 17A.

5. Penalties. A person violating a provision of this section is subject to a civil penalty of not more than ten thousand dollars per day of violation.

92 Acts, ch 1215, §15; 95 Acts, ch 99, §1

455D.10B Batteries used in rechargeable consumer products.

1. A person shall not distribute, sell, or offer for retail sale in the state a rechargeable consumer product manufactured on or after January 1, 1994, unless all of the following conditions are met:
   a. The battery can be easily removed by the consumer, or is contained in a battery pack that is separate from the product and can be easily removed.
   b. The battery, the instruction manual, and the product package are clearly labeled to indicate that the battery must be recycled or disposed of properly and includes the designation “Cd” or “Ni-Cd” for nickel-cadmium batteries and “Pb” or “Lead” for small lead batteries.
   c. The product cannot be redesigned or manufactured to comply with the requirements prior to January 1, 1994.
   d. The redesign of the product to comply with the requirements would result in significant danger to public health and safety.
   e. The battery poses no unreasonable hazard to public health, safety, or the environment when placed in and processed or disposed of as part of mixed municipal solid waste, pursuant to section 455D.10A.
   f. The consumer product manufacturer has in operation a program to recycle used batteries in an environmentally sound manner.

A manufacturer of a product that is powered by a battery that cannot be easily removed who has been granted an exemption under this subsection shall label the product as required in subsection 1, paragraph “b”. An exemption granted by the department to establish, construct, modify, own, or operate a tire stockpiling facility.

b. “Processing” means producing or manufacturing usable materials from waste tires.

c. “Processing site” means a site which is used for the processing of waste tires and which is owned or operated by a tire processor who has a permit for the site.

d. “Tire collector” means either a person who owns or operates a site used for the storage, collection, or deposit of more than five hundred waste tires or an authorized vehicle recycler who is licensed by the state department of transportation pursuant to section 321H.4 and who owns or operates a site used for the storage, collection, or deposit of more than three thousand five hundred waste tires.

e. “Tire processor” means a person engaged in the processing of waste tires.

f. “Waste tire” means a tire that is no longer suitable for its originally intended purpose due to wear, damage, or defect. “Waste tire” does not include a nonpneumatic tire.

g. “Waste tire collection site” means a site which is used for the storage, collection, or deposit of waste tires.

2. Land disposal of waste tires is prohibited beginning July 1, 1991, unless the tire has been processed in a manner established by the department. A sanitary landfill shall not refuse to accept a waste tire which has been properly processed.

3. The department shall conduct a study and make recommendations to the general assembly by January 1, 1991, concerning a waste tire abatement program which includes but is not limited to the following:
   a. The number and geographic distribution of waste tires generated and existing in the state.
   b. The development of markets for the recycling and processing of waste tires, in the midwestern states.
   c. The methods to establish reliable sources of waste tires for users of waste tires.
   d. The permitting of waste tire collection sites, waste tire processing facilities, and waste tire haulers.
   e. The methods for the cleanup of existing stockpiles of waste tires.

4. Upon completion of the study pursuant to subsection 3, the department shall determine the number of stockpiling facilities which are necessary and shall develop rules for stockpiling facilities which include but are not limited to the following:
   a. The prohibition of burning within one hundred yards of a tire stockpile.
   b. The maximum height, width, and length of a tire stockpile.
   c. Plans to control mosquitoes and rodents.
   d. A facility closure plan.
   e. Specifications for fire lanes between stockpiles.

§455D.11, WASTE VOLUME REDUCTION AND RECYCLING

455D.11A Financial assurance — waste tire collection or processing sites.

1. A person owning or operating a waste tire collection or processing site shall provide a financial assurance instrument to the department prior to the initial approval of a permit or prior to the renewal of a permit for an existing or expanding facility. The financial assurance instrument shall be used to provide for closure of the waste tire collection or processing facility.

2. The financial assurance instrument shall meet all requirements adopted by rule by the commission, and shall not be canceled, revoked, disbursed, released, or allowed to terminate without the approval of the department.

3. Financial assurance instruments may include instruments such as cash or surety bond, a letter of credit in a form prescribed by the department, a secured trust fund, a corporate guarantee, or a combination of such instruments and guarantees sufficient to satisfy the requirements of subsection 5. The department may request an annual audit, which shall remain confidential, to be performed by a third party.

4. If the owner or operator of a waste tire collection or processing site chooses to provide financial assurance in the form of a surety bond, the bond shall be executed by a surety company authorized to do business in this state. The bond shall be in a form prescribed by the commissioner of insurance and written by a company authorized by the commissioner of insurance to do business in this state. If a surety bond is canceled which has been provided as financial assurance under this subsection, the owner or operator of the waste tire collection or processing site shall demonstrate to the department within thirty days of the cancellation, a means of continued compliance with the financial assurance requirements of this section. If a means of continued compliance is not demonstrated within the thirty-day period, the department shall suspend the permit for the site, and the owner or operator shall perform proper closure of the site within thirty days. If the owner or operator does not properly close the site within the time period allowed, the department shall file a claim with the surety company, prior to the effective date of cancellation of the bond, to collect the amount of the bond for use in performing proper closure. A person who fails to provide for proper closure, notwithstanding collection by the department of the amount of the bond, is guilty of a misdemeanor.

5. Financial assurance shall be provided in the amounts as follows:

   a. For a waste tire collection or processing site, the financial assurance instrument for a waste tire collection site shall provide coverage in an amount which is equivalent to thirty-five cents per passenger tire equivalent collected by the site.
prior to July 1, 1998. The financial assurance instrument for a waste tire processing site shall provide coverage in an amount which is equivalent to thirty-five cents per passenger tire equivalent collected for processing by the site which is above the three-day processing supply of tires for the site as determined by the department. This paragraph shall take effect July 1, 1999.

b. For a waste tire collection or processing site, the financial assurance instrument for a waste tire collection site shall provide coverage in an amount which is equivalent to eighty-five cents per passenger tire equivalent collected by the site on or after July 1, 1998, and the financial assurance instrument for a waste tire processing site shall provide coverage in an amount which is equivalent to eighty-five cents per passenger tire equivalent collected for processing by the site which is above the three-day processing supply of tires for the site as determined by the department.

6. The financial assurance instrument shall not be assigned for the benefit of creditors with the exception of the state, and shall not be used to pay any final judgment against a permit holder arising out of the ownership or operation of the site. The commission shall adopt rules to establish conditions under which the department may gain access to the financial assurance instrument.

7. The requirement for financial assurance shall not apply to waste tire collection or processing sites operated by a city or county, or operated in conjunction with a sanitary landfill.

8. All requirements for financial assurance provided for in this section shall become effective July 1, 1998.

92 Acts, ch 1218, §4; 94 Acts, ch 1023, §56; 97 Acts, ch 53, §1, 2; 98 Acts, ch 1180, §1, 2

455D.11B Permitting of waste tire collection or processing sites — fees. An owner or operator of a waste tire collection or processing site, including an enclosed site, shall obtain a permit from the department prior to operation of the site. The owner or operator shall pay an annual fee of eight hundred fifty dollars to the department. The moneys collected by the department shall be deposited in the hazardous substance remedial fund established pursuant to section 455B.423 and shall be used for the following purposes:

a. Thirty percent of the moneys shall be used for market development initiatives for waste tires.

b. Thirty percent of the moneys shall be used for waste tire storage.

c. Thirty percent of the moneys shall be used for waste tire stockpile abatement initiatives which would require a cost-share agreement with the landowner.

Subsection 3 stricken

455D.11C Waste tire management fund. A waste tire management fund is created within the state treasury. Moneys received from each five dollar surcharge on the issuance of a certificate of title shall be deposited as provided in section 321.52A, subsection 2. Notwithstanding section 8.33, any unexpended balance in the fund at the end of each fiscal year shall be retained in the fund. Notwithstanding section 12C.7, any interest or earnings on investments from moneys in the fund shall be credited to the fund. Moneys from the fund that are expended by the department in closing or bringing into compliance a waste tire collection site pursuant to section 455D.11A and later recouped by the department shall be credited to the fund.

2. Moneys in the waste tire management fund are appropriated and shall be used for the following purposes:

a. Thirty percent of the moneys shall be used for the following positions:

(1) One full-time equivalent position for the administration of permits and registrations for tire processing, storage, and hauling activities.

(2) One and one-half full-time equivalent positions for waste tire-related compliance checks and inspections.

b. Ten percent of the moneys shall be used for a public education and awareness initiative related to the proper tire disposal options and environmental and health hazards posed by improper tire storage.

c. Thirty percent of the moneys shall be used for waste tire stockpile abatement initiatives which would require a cost-share agreement with the landowner.

455D.11F Waste tire disposal fees and abatement costs. A retail tire dealer who currently charges a fee relating to disposal of used tires is encouraged to include the fee within the sales price of new tires. The practice by retail tire dealers of adding the fee as a separate charge on sales invoices is discouraged.
§455D.11I, WASTE VOLUME REDUCTION AND RECYCLING

2. Notwithstanding any provision in this chapter, any generator of waste tires who is identified as being a contributor to the materials which are the object of an abatement and who can document full compliance with this chapter and administrative rules adopted pursuant to this chapter in disposing of such waste tires shall not be liable for any of the cost of recovery actions of the abatement.

96 Acts, ch 1117, §7; 98 Acts, ch 1180, §5

455D.11I Registration of waste tire haulers — bond — penalty.

1. For the purposes of this section, "waste tire hauler" means a person who transports for hire more than forty waste tires in a single load for commercial purposes.

2. A waste tire hauler shall register with, and obtain a certificate of registration from, the department before hauling waste tires in this state. Requirements for registration of a waste tire hauler shall include a provision that waste tire haulers shall pay all amounts due to any individual or group of individuals when due for damages caused by improper disposal of waste tires by the waste tire hauler or the waste tire hauler's employee while acting within the scope of employment. The waste tire hauler may apply for a certificate of registration by submitting the forms provided for that purpose and shall provide the name of the applicant and the address of the applicant's principal place of business and any additional information as deemed appropriate by the department.

3. A certificate of registration issued under this section is valid for one year from the date of issuance. A registered waste tire hauler may renew the certificate by filing a renewal application in the form prescribed by the department, accompanied by any applicable renewal fee.

4. A certificate of registration shall at all times be carried and displayed in the vehicle used for transportation of waste tires and shall be shown to a representative of the department of natural resources or the state department of transportation, upon request. The state department of transportation may inspect vehicles used for the transportation of waste tires and request that the certificate of registration of the waste tire hauler be shown.

5. The department shall establish a reasonable registration fee sufficient to offset expenses incurred in the administration of this section.

6. The department shall require that a waste tire hauler have on file with the department before the issuance or renewal of a registration certificate, a surety bond executed by a surety company authorized to do business in this state in the sum of a minimum of ten thousand dollars, which bond shall be continuous in nature until canceled by the surety. A surety shall provide at least thirty days' notice in writing to the waste tire hauler and to the department indicating the surety's intent to cancel the bond and the effective date of the cancellation. The surety bond shall be for the benefit of the citizens of this state and shall be conditioned upon the waste tire hauler's willingness to comply with this section. The surety's liability under this subsection is limited to the amount of the bond or the amount of the damages or moneys due, whichever is less. However, this subsection does not limit the amount of damages recoverable from a waste tire hauler to the amount of the surety bond. The bond shall be made in a form prescribed by the commissioner of insurance and written by a company authorized by the commissioner of insurance to do business in this state.

7. The department shall adopt rules including imposition of civil penalties necessary for the implementation and administration of this section.

8. A person who knowingly and willfully violates a provision of this section is subject to a civil penalty in an amount not to exceed ten thousand dollars. Moneys collected from the penalties imposed shall be deposited in the waste volume reduction and recycling fund established pursuant to section 455D.15.

455D.12 Plastic container labeling.

1. In this section unless the context otherwise requires:

a. "Label" means a molded imprint or raised symbol on or near the bottom of a plastic product.

b. "Plastic" means any material made of polymeric organic compounds and additives that can be shaped by flow.

c. "Plastic bottle" means a plastic container that has a neck that is smaller than the body of the container, accepts a screw-type, snap cap, or other closure, and has a capacity of sixteen fluid ounces or more, but less than five gallons.

d. "Rigid plastic container" means any formed or molded container, other than a bottle, intended for single use, composed predominantly of plastic resin, and having a relatively inflexible infinite shape or form with a capacity of eight ounces or more, but less than five gallons.

2. Beginning July 1, 1992, a person shall not distribute, sell, offer for sale in this state a plastic bottle or rigid plastic container unless the product is labeled with a code indicating the plastic resin used to produce the bottle or container. Rigid plastic bottles or rigid plastic containers with labels and basecaps of a different material shall be coded by their basic material. The code shall consist of a number placed within a triangle of arrows and letters placed below the triangle of arrows. The triangle shall be equilateral, formed by three arrows with the apex of each point of the triangle
455D.13 Land disposal of waste oil prohibited — collection.
1. A sanitary landfill shall not accept waste oil for final disposal beginning July 1, 1990.
2. A person offering for sale or selling oil at retail in the state shall do the following:
   a. Accept at the point of sale, waste oil from customers, or post notice of locations where a customer may dispose of waste oil.
   b. Post written notice that it is unlawful to dispose of waste oil in a sanitary landfill.
   89 Acts, ch 272, §13

455D.14 Products manufactured with chlorofluorocarbons prohibited.  
Beginning January 1, 1990, a person shall not sell, offer for sale, purchase, or use plastic foam packaging products or food service items manufactured with chlorofluorocarbons.  Beginning January 1, 1998, a person shall not sell, offer for sale, purchase, or use plastic foam products, not previously prohibited, which are manufactured with fully halogenated chlorofluorocarbons.  A person violating this section is guilty of a serious misdemeanor.
   89 Acts, ch 272, §14

455D.15 Waste volume reduction and recycling fund.  
1. A waste volume reduction and recycling fund is created within the state treasury.  Moneys received by the department from fees, including general revenue, federal funds, awards, wills, bequests, gifts, or other moneys designated shall be deposited in the state treasury to the credit of the fund.  Notwithstanding section 8.33, any unexpended balance in the fund at the end of each fiscal year shall be retained in the fund.  Any interest and earnings on investments from money in the fund shall be credited to the fund, section 12C.7 notwithstanding.
2. The department shall award grants based upon the solid waste management hierarchy set forth in section 455B.301A, subsection 1.  A grant shall not be awarded to a county, city, or central planning agency which has not complied with the requirements of a comprehensive solid waste management program and which has not complied with or demonstrated an intent to comply with the requirements of section 455B.306.
3. The fund shall be utilized for the following purposes:
   a. The initial thirty-five thousand dollars collected for deposit in the fund shall be appropriated to the department for establishment of the pollution hotline program established pursuant to section 455B.116, and for the salary and support of not more than one full-time equivalent position.
   b. To provide financial assistance to public and private entities to develop and implement waste reduction and minimization programs for Iowa industries.
   c. To provide financial assistance to public and private entities and to develop and implement programs to create and enhance markets for recyclable and other waste products.
   d. To develop and implement educational and technical assistance programs that support and encourage waste reduction and recycling efforts by Iowans.
   e. To administer the provisions of chapter 455B, division IV, part 1.
   f. The department may utilize up to ten percent of the fund to administer the provisions of this chapter.
   g. To provide grants to local communities or private individuals for projects which establish recycling collection centers, establish local curbside collection of separated recyclable waste materials, promote public awareness regarding waste volume reduction and the use of recyclable materials, and create markets for recyclable materials.  Grants shall not be awarded for incineration.
   h. To provide technical assistance to local communities in establishing collection systems and composting facilities for yard waste.
   i. To fund the study required pursuant to section 455D.11, subsection 3, and to provide loans and grants for waste tire recycling and reprocessing projects.
   j. To carry out the functions of the department of natural resources concerning recycling.
   k. To promote the recycling of chlorofluorocarbons used as refrigerant.

455D.19 Packaging — heavy metal content.

1. The general assembly finds and declares all of the following:
a. The management of solid waste can pose a wide range of hazards to public health and safety and to the environment.
b. Packaging comprises a significant percentage of the overall solid waste stream.
c. The presence of heavy metals in packaging is a concern in light of the likely presence of heavy metals in emissions or ash when packaging is incinerated or in leachate when packaging is landfilled.
d. Lead, mercury, cadmium, and hexavalent chromium, on the basis of available scientific and medical evidence, are of particular concern.
e. It is desirable as a first step in reducing the toxicity of packaging waste to eliminate the addition of heavy metals to packaging.
f. The intent of the general assembly is to achieve reduction in toxicity without impeding or discouraging the expanded use of postconsumer materials in the production of packaging and its components.

2. As used in this section unless the context otherwise requires:
a. “Distributor” means a person who takes title to one or more packages or packaging components purchased for promotional purposes or resale. A person involved solely in delivering packages or packaging components on behalf of third parties is not a distributor.
b. “Incidental presence” means the presence of a regulated metal as an unintended or undesired ingredient of a package or packaging component.
c. “Intentional introduction” means an act of deliberately utilizing a regulated metal in the formulation of a package or packaging component where its continued presence is desired in the final package or packaging component to provide a specific characteristic, appearance, or quality. Intentional introduction does not include the use of a regulated metal as a processing agent or intermediate to impart certain chemical or physical changes during manufacturing, if the incidental presence of a residue of the metal in the final package or packaging component is neither desired nor deliberate, and if the final package or packaging component is in compliance with subsection 4, paragraph “c”. Intentional introduction also does not include the use of recycled materials as feedstock for the manufacture of new packaging materials, if the recycled materials contain amounts of a regulated metal and if the new package or packaging component is in compliance with subsection 4, paragraph “c”.

d. “Regulated metal” means any metal regulated under this section.

e. “Manufacturer” means a person who produces one or more packages or packaging components.
f. “Manufacturing” means physical or chemical modification of one or more materials to produce packaging or packaging components.
g. “Package” means a container which provides a means of marketing, protecting, or handling a product including a unit package, intermediate package, or a shipping container. “Package” also includes but is not limited to unsealed receptacles such as carrying cases, crates, cups, pails, rigid foil and other trays, wrappers and wrapping films, bags, and tubs.
h. “Packaging component” means any individual assembled part of a package including but not limited to interior and exterior blocking, bracing, cushioning, weatherproofing, exterior strapping, coatings, closures, inks, labels, tin-plated steel that meets ASTM (American society for testing and materials) international specification A-623, electro-galvanized coated steel, or hot-dipped coated galvanized steel that meets ASTM (American society for testing and materials) international specification A-525 or A-879.
i. “Reusable entities” means packaging or packaging components having a controlled distribution and reuse subject to the exemption provided in subsection 5, paragraph “e”.

3. A manufacturer or distributor shall not offer for sale or sell, or offer for promotional purposes a package or packaging component, in this state, which includes, in the package itself, or in any packaging component, inks, dyes, pigments, adhesives, stabilizers, or any other additives, any lead, cadmium, mercury, or hexavalent chromium which has been intentionally introduced as an element during manufacturing or distribution as opposed to the incidental presence of any of these elements and which exceed the concentration level established by the department.

4. The concentration levels of lead, cadmium, mercury, and hexavalent chromium present in a package or packaging component shall not exceed the following:
a. Six hundred parts per million by weight by July 1, 1992.
b. Two hundred fifty parts per million by weight by July 1, 1993.
c. One hundred parts per million by weight by July 1, 1994.
Concentration levels of lead, cadmium, mercury, and hexavalent chromium shall be determined using ASTM (American Society for Testing and Materials) international test methods, as revised, or United States environmental protection agency test methods for evaluating solid waste, S-W 846, as revised.

5. The following packaging and packaging components are exempt from the requirements of this section:
   a. Packaging or packaging components with a code indicating a date of manufacture prior to July 1, 1990, and packaging or packaging components used by the alcoholic beverage industry or the wine industry prior to July 1, 1992.
   b. Packages or packaging components to which lead, cadmium, mercury, or hexavalent chromium have been added in the manufacturing, forming, printing, or distribution process in order to comply with health or safety requirements of federal law or for which there is no feasible alternative if the manufacturer of a package or packaging component petitions the department for an exemption from the provisions of this paragraph for a particular package or packaging component. The department may grant a two-year exemption, if warranted by the circumstances, and an exemption may, upon meeting either criterion of this paragraph, be renewed for two years. For purposes of this paragraph, a use for which there is no feasible alternative is one in which the regulated substance is essential to the protection, safe handling, or function of the package's contents.
   c. Packages and packaging components that would not exceed the maximum contaminant levels established but for the addition of recycled materials.
   d. Packages or packaging components that are reused, but exceed contaminant levels set forth in subsection 4, paragraph “c”, if all of the following criteria are met:
      (1) The product being conveyed by the package, including any packaging component, is regulated under federal or state health or safety requirements.
      (2) Transportation of the packaged product is regulated under federal or state transportation requirements.
      (3) The disposal of the packages or packaging components is performed according to federal or state radioactive or hazardous waste disposal requirements.
      The department may grant a two-year exemption if warranted by the circumstances and an exemption may, upon meeting the criteria of this paragraph, be renewed for additional two-year periods.
   e. Packages or packaging components which qualify as reusable entities that exceed the contaminant levels set forth in subsection 4, paragraph “c”, if the manufacturers or distributors of such packages or packaging components petition the department for an exemption and receive approval from the department according to the following standards based upon a satisfactory demonstration that the environmental benefit of the controlled distribution and reuse is significantly greater than if the same package is manufactured in compliance with the contaminant levels set forth in subsection 4, paragraph “c”. The department may grant a two-year exemption, if warranted by the circumstances, and an exemption may, upon meeting the four criteria listed in subparagraphs (1) through (4), be renewed for additional two-year periods.

In order to receive an exemption, the application must ensure that reusable entities are used, transported, and disposed of in a manner consistent with the following criteria:
   (1) A means of identifying in a permanent and visible manner those reusable entities containing regulated metals for which an exemption is sought.
   (2) A method of regulatory and financial accountability so that a specified percentage of the reusable entities manufactured and distributed to another person are not discarded by that person after use, but are returned to the manufacturer or the manufacturer's designee.
   (3) A system of inventory and record maintenance to account for the reusable entities placed in, and removed from, service.
   (4) A means of transforming returned entities, that are no longer reusable, into recycled materials for manufacturing or into manufacturing wastes which are subject to existing federal or state laws or regulations governing manufacturing wastes to ensure that these wastes do not enter the commercial or municipal waste stream.

The application for an exemption must document the measures to be taken by the applicant as set out in subparagraphs (1) through (4).

6. By July 1, 1992, a manufacturer or distributor of packaging or packaging components shall make available to purchasers, to the department, and to the general public upon request, certificates of compliance which state that the manufacturer's or distributor's packaging or packaging components comply with, or are exempt from, the requirements of this section.

If the manufacturer or distributor of the package or packaging component reformulates or creates a new package or packaging component, the manufacturer or distributor shall provide an amended or new certificate of compliance for the reformulated or new package or packaging component.

7. The commission shall adopt rules to administer this section and recommend any other toxic substances contained in packaging to be added to the list in order to further reduce the toxicity of packaging waste.

8. A manufacturer or distributor who does not comply with the requirements of this section is

455D.19 Waste volume reduction and recycling penalties.

A person who is guilty of a violation of this chapter shall be subject to a fine of not less than $100 and not more than $1,000.

The amounts specified in this chapter for violations may be increased by the governor for violations committed on or after January 1, 2007.

455D.20 Refuse-derived fuel — calculation as portion of waste reduction goal.

Repealed by 2004 Acts, ch 1078, § 3.

455D.21 Local ordinance — curbside collection.

A city council or county board of supervisors which provides for the collection of solid waste by its residents shall consider as a proposed ordinance, the mandatory curbside collection of recyclable materials which have been separated from other solid waste. The proposed ordinance shall be considered in accordance with chapter 331 or 380.

CHAPTER 455E
GROUNDWATER PROTECTION

455E.1 Title.
This chapter shall be known and may be cited as the “Groundwater Protection Act”.
87 Acts, ch 225, §101

455E.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Active cleanup” means removal, treatment, or isolation of a contaminant from groundwater through the directed efforts of humans.
2. “Commission” means the environmental protection commission created under section 455A.6.
3. “Contaminant” means any chemical, ion, radionuclide, synthetic organic compound, microorganism, waste, or other substance which does not occur naturally in groundwater or which naturally occurs at a lower concentration.
4. “Contamination” means the direct or indirect introduction into groundwater of any contaminant caused in whole or in part by human activities.
5. “Department” means the department of natural resources created under section 455A.2.
6. “Director” means the director of the department.
7. “Groundwater” means any water of the state, as defined in section 455B.171, which occurs beneath the surface of the earth in a saturated geological formation of rock or soil.
8. “Passive cleanup” means the removal or treatment of a contaminant in groundwater through management practices or the construction of barriers, trenches, and other similar facilities for prevention of contamination, as well as the use of natural processes such as groundwater recharge, natural decay, and chemical or biological decomposition.
87 Acts, ch 225, §102

455E.3 Findings.
The general assembly finds that:
1. Groundwater is a precious and vulnerable natural resource. The vast majority of persons in the state depend on groundwater as a drinking water source. Agriculture, commerce, and industry also depend heavily on groundwater. Historically, the majority of Iowa’s groundwater has been usable for these purposes without treatment. Protection of groundwater is essential to the health, welfare, and economic prosperity of all citizens of the state.
2. Many activities of humans, including the manufacturing, storing, handling, and application to land of pesticides and fertilizers; the disposal of solid and hazardous wastes; the storing and handling of hazardous substances; and the improper construction and the abandonment of wells and septic systems have resulted in groundwater contamination throughout the state.
3. Knowledge of the health effects of contaminants varies greatly. The long-term detriment to human health from synthetic organic compounds in particular is largely unknown but is of concern.
4. Any detectable quantity of a synthetic organic compound in groundwater is unnatural and undesirable.
5. The movement of groundwater, and the movement of contaminants in groundwater, are often difficult to ascertain or control. Decontamination is difficult and expensive to accomplish. Therefore, preventing contamination of groundwater is of paramount importance.

87 Acts, ch 225, §103

**455E.4 Groundwater protection goal.**

The intent of the state is to prevent contamination of groundwater from point and nonpoint sources of contamination to the maximum extent practical, and if necessary to restore the groundwater to a potable state, regardless of present condition, use, or characteristics.

87 Acts, ch 225, §104

**455E.5 Groundwater protection policies.**

1. It is the policy of the state to prevent further contamination of groundwater from any source to the maximum extent practical.

2. The discovery of any groundwater contamination shall require appropriate actions to prevent further contamination. These actions may consist of investigation and evaluation or enforcement actions if necessary to stop further contamination as required under chapter 455B.

3. All persons in the state have the right to have their lawful use of groundwater unimpaired by the activities of any person which render the water unsafe or unpotable.

4. All persons in the state have the duty to conduct their activities so as to prevent the release of contaminants into groundwater.

5. Documentation of any contaminant which presents a significant risk to human health, the environment, or the quality of life shall result in either passive or active cleanup. In both cases, the best technology available or best management practices shall be utilized. The department shall adopt rules which specify the general guidelines for determining the cleanup actions necessary to meet the goals of the state and the general procedures for determining the parties responsible by July 1, 1989. Until the rules are adopted, the absence of rules shall not be raised as a defense to an order to clean up a source of contamination.

6. Adopting health-related groundwater standards may be of benefit in the overall groundwater protection or other regulatory efforts of the state. However, the existence of such standards, or lack of them, shall not be construed or utilized in derogation of the groundwater protection goal and protection policies of the state.

7. The department shall take actions necessary to promote and assure public confidence and public awareness. In pursuing this goal, the department shall make public the results of groundwater investigations.

8. Education of the people of the state is necessary to preserve and restore groundwater quality.

The content of this groundwater protection education must assign obligations, call for sacrifice, and change some current values. Educational efforts should strive to establish a conservation ethic among Iowans and should encourage each Iowan to go beyond enlightened self-interest in the protection of groundwater quality.

87 Acts, ch 225, §105

**455E.6 Legal effects — liability.**

This chapter supplements other legal authority and shall not enlarge, restrict, or abrogate any remedy which any person or class of persons may have under other statutory or common law and which serves the purpose of groundwater protection. An activity that does not violate chapter 455B or 459, subchapters II and III, does not violate this chapter. In the event of a conflict between this section and another provision of this chapter, it is the intent of the general assembly that this section prevails.

Liability shall not be imposed upon an agricultural producer for the costs of active cleanup, or for any damages associated with or resulting from the detection in the groundwater of any quantity of nitrates provided that application has been in compliance with soil test results and that the applicator has properly complied with label instructions for application of the fertilizer. Compliance with the above provisions may be raised as an affirmative defense by an agricultural producer.

Liability shall not be imposed upon an agricultural producer for costs of active cleanup, or for any damages associated with or resulting from the detection in the groundwater of pesticide provided that the applicator has properly complied with label instructions for application of the pesticide and that the applicator has a valid appropriate applicator’s license. Compliance with the above provisions may be raised as an affirmative defense by an agricultural producer.

87 Acts, ch 225, §106

**455E.7 Primary administrative agency.**

The department is designated as the agency to coordinate and administer groundwater protection programs for the state.

87 Acts, ch 225, §107

**455E.8 Powers and duties of the director.**

In addition to other groundwater protection duties, the director, in cooperation with soil and water conservation district commissioners and with other state and local agencies, shall:

1. Develop and administer a comprehensive groundwater monitoring network, including point of use, point of contamination, and problem assessment monitoring sites across the state, and the assessment of ambient groundwater quality.

2. Include in the annual report required by section 455A.4, the number and concentration of contaminants detected in groundwater. This in-
§455E.9, GROUNDWATER PROTECTION

Powers and duties of the commission.

1. The commission shall adopt rules to implement this chapter.

2. When groundwater standards are proposed by the commission, all available information to develop the standards shall be considered, including federal regulations and all relevant information gathered from other sources. A public hearing shall be held in each congressional district prior to the submittal of a report on standards to the general assembly. This report on how groundwater standards may be a part of a groundwater protection program shall be submitted by the department to the general assembly for its consideration by January 1, 1989.

§455E.10 Joint duties — local authority.

1. All state agencies shall consider groundwater protection policies in the administration of their programs. Local agencies shall consider groundwater protection policies in their programs. All agencies shall cooperate with the department in disseminating public information and education materials concerning the use and protection of groundwater, in collecting groundwater management data, and in conducting research on technologies to prevent or remedy contamination of groundwater.

2. Political subdivisions are authorized and encouraged to implement groundwater protection policies within their respective jurisdictions, provided that implementation is at least as stringent but consistent with the rules of the department.

§455E.11 Groundwater protection fund established — appropriations.

1. A groundwater protection fund is created in the state treasury. Moneys received from sources designated for purposes related to groundwater monitoring and groundwater quality standards shall be deposited in the fund. Notwithstanding section 8.33, any unexpended balances in the groundwater protection fund and in any of the accounts within the groundwater protection fund at the end of each fiscal year shall be retained in the fund and the respective accounts within the fund. Notwithstanding section 12C.7, subsection 2, interest or earnings on investments or time deposits of the moneys in the groundwater protection fund or in any of the accounts within the groundwater protection fund shall be credited to the groundwater protection fund or the respective accounts within the groundwater protection fund. The fund may be used for the purposes established for each account within the fund.

The director shall include in the departmental budget prepared pursuant to section 455A.4, subsection 1, a proposal for the use of groundwater protection fund moneys, and a report of the uses of the groundwater protection fund moneys appropriated in the previous fiscal year.

The secretary of agriculture shall submit the report on a biennial basis to the governor in the same manner as provided in section 7A.3. The report shall include a proposal for the use of groundwater protection fund moneys, and uses of the groundwater protection fund moneys appropriated in the two previous fiscal years.

2. The following accounts are created within the groundwater protection fund:

   a. A solid waste account. Moneys received from the tonnage fee imposed under section 455B.310 and from other sources designated for environmental protection purposes in relation to sanitary disposal projects shall be deposited in the solid waste account. Moneys shall be allocated as follows:

          ...
(1) After the one dollar and fifty-five cents is allocated pursuant to subparagraph (2), the remaining moneys from the tonnage fee shall be used for funding alternatives to landfills and shall be allocated as follows:

(a) Fifty thousand dollars to the department to implement the special waste authorization program.

(b) One hundred sixty-five thousand dollars to the department to be used for the by-products and waste search service at the university of northern Iowa.

(c) The remaining funds shall be used by the department to develop and implement demonstration projects for landfill alternatives to solid waste disposal including recycling programs.

(2) One dollar and fifty-five cents shall be used as follows:

(a) Forty-eight percent to the department to be used for the following purposes:

(i) Eight thousand dollars shall be transferred to the Iowa department of public health for departmental duties required under section 135.11, subsections 21 and 22, and section 139A.21.

(ii) The administration and enforcement of a groundwater monitoring program and other required programs relating to solid waste management.

(iii) The development of guidelines for groundwater monitoring at sanitary disposal projects as defined in section 455B.301.

(iv) The waste management assistance program of the department.

(b) Sixteen percent to the university of northern Iowa to develop and maintain the Iowa waste reduction center for the safe and economic management of solid waste and hazardous substances.

(c) Six and one-half percent for the department to establish a program to provide competitive grants to regional coordinating councils for projects in regional economic development centers related to a by-products and waste exchange system. Grantees under this program shall coordinate activities with other available state or multi-state waste exchanges, including but not limited to the by-products and waste search service at the university of northern Iowa. The department shall consult with the Iowa department of economic development and the waste reduction center at the university of northern Iowa in establishing criteria for and the awarding of grants under this program. The department shall expend not more than thirty thousand dollars of the moneys appropriated under this subparagraph subdivision to contract with the by-products and waste search service at the university of northern Iowa to provide training and other technical services to grantees under the program. If regional economic development centers cease to exist, the department shall transfer existing contracts to one or more community colleges or councils of governments and shall revise the criteria and rules for this program to allow community colleges or councils of governments to be applicants for competitive grants.

(d) Nine and one-half percent to the department to establish permanent household hazardous waste collection sites so that both urban and rural populations are served and so that collection services are available to the public on a regular basis.

(e) Three percent to the department for payment of transportation costs related to household hazardous waste collection programs.

(f) Eight and one-half percent to the department to provide additional toxic cleanup days or other efforts of the department to support permanent household hazardous material collection systems and special events for household hazardous material collection, and for the natural resource geographic information system required under section 455E.8, subsection 6. Departmental rules adopted for implementation of toxic cleanup days shall provide sufficient flexibility to respond to the household hazardous material collection needs of both small and large communities. Repayment moneys from the Iowa business loan program for waste reduction and recycling pursuant to section 455B.310, subsection 2, paragraph "b", Code 1993, and discontinued pursuant to 1993 Iowa Acts, chapter 176, section 45, shall be placed into this account to support household hazardous materials programs of the department.

(g) Three percent for the Iowa department of economic development to establish, in cooperation with the department of natural resources, a marketing initiative to assist Iowa businesses producing recycling or reclamation equipment or services, recyclable products, or products from recycled materials to expand into national markets. Efforts shall include the reuse and recycling of sawdust.

(h) Five and one-half percent to the department for the provision of assistance to public and private entities in developing and implementing waste reduction and minimization programs for Iowa industries.

(i) An agriculture management account. Moneys collected from the groundwater protection fee levied pursuant to section 200.8, subsection 4, the portion of the fees collected pursuant to sections 206.8, subsection 2, and 206.12, subsection 3, and other moneys designated for the purpose of agriculture management shall be deposited in the agriculture management account. The agriculture management account shall be used for the following purposes:

(1) Nine thousand dollars of the account is appropriated to the Iowa department of public health for carrying out the departmental duties under section 135.11, subsections 21 and 22, and section 139A.21.

(2) Two hundred thousand dollars of the moneys deposited in the agriculture management ac-
count is appropriated to the department of agriculture and land stewardship for the fiscal year beginning July 1, 1987, and ending June 30, 1988, for the demonstration projects regarding agriculture drainage wells and sinkholes. Any remaining balance of the appropriation made for the purpose of funding such demonstration projects for the fiscal year beginning July 1, 1987, and ending June 30, 1988, shall not revert to the account, notwithstanding section 8.33, but shall remain available for the purpose of funding such demonstration projects during the fiscal period beginning July 1, 1988, and ending June 30, 1990.

(3) Of the remaining moneys in the account:

(a) Thirty-five percent is appropriated annually for the Leopold center for sustainable agriculture at Iowa state university of science and technology.

(b) Two percent is appropriated annually to the department and, except for administrative expenses, is transferred to the Iowa department of public health for the purpose of administering grants to counties and conducting oversight of county-based programs for the testing of private rural water supply wells, private rural water supply well sealing, and the proper closure of private rural abandoned wells and cisterns. Not more than thirty-five percent of the moneys is appropriated annually for grants to counties for the purpose of conducting programs of private rural water supply testing, private rural water supply well sealing, the proper closure of private rural abandoned wells and cisterns, or any combination thereof. An amount agreed to by the department of natural resources and the Iowa department of public health shall be retained by the department of natural resources for administrative expenses.

A county applying for grants under this subparagraph subdivision shall submit only one application. To be eligible for a grant, a county must have adopted standards for private water supply and private disposal facilities at least as stringent as the standards adopted by the commission. During each fiscal year, the amount granted each eligible applicant shall be the total funds available divided by the number of eligible counties applying. Upon receipt of the grant, the county may apply the funds to any one or more of the above three programs.

Not more than six percent of the moneys is appropriated annually to the state hygienic laboratory to assist in well testing. For purposes of this subparagraph subdivision, “cistern” means an artificial reservoir constructed underground for the purpose of storing rainwater.

(c) The department shall allocate a sum not to exceed seventy-nine thousand dollars of the moneys appropriated for the fiscal year beginning July 1, 1987, and ending June 30, 1988, for the preparation of a detailed report and plan for the establishment, on July 1, 1988, of the center for health effects of environmental contamination. The plan for establishing the center shall be presented to the general assembly on or before January 15, 1988. The report shall include the assemblage of all existing data relating to Iowa drinking water supplies, including characteristics of source, treatment, presence of contaminants, precise location, and usage patterns to facilitate data retrieval and use in research; and detailed organizational plans, research objectives, and budget projections for the anticipated functions of the center in subsequent years. The department may allocate annually a sum not to exceed nine percent of the moneys of the account to the center, beginning July 1, 1988.

(d) Thirteen percent of the moneys is appropriated annually to the department of agriculture and land stewardship for financial incentive programs related to agricultural drainage wells and sinkholes, for studies and administrative costs relating to sinkholes and agricultural drainage wells programs. Of the moneys allocated for financial incentive programs, the department may reimburse landowners for engineering costs associated with voluntarily closing agricultural drainage wells. The financial incentives allocated for voluntary closing of agricultural drainage wells shall be provided on a cost-share basis which shall not exceed fifty percent of the estimated cost or fifty percent of the actual cost, whichever is less. Engineering costs do not include construction costs, including costs associated with earth moving.

c. A household hazardous waste account. The moneys collected pursuant to section 455F.7 and moneys collected pursuant to section 29C.8A which are designated for deposit, shall be deposited in the household hazardous waste account. Two thousand dollars is appropriated annually to the Iowa department of public health to carry out departmental duties under section 135.11, subsections 21 and 22, and section 139A.21. The remainder of the account shall be used to fund toxic cleanup days and the efforts of the department to support a collection system for household hazardous materials, including public education programs, training, and consultation of local governments in the establishment and operation of permanent collection systems, and the management of collection sites, education programs, and other activities pursuant to chapter 455F, including the administration of the household hazardous materials permit program by the department of revenue.

The department shall submit to the general assembly, annually on or before January 1, an itemized report which includes but is not limited to the total amount of moneys collected and the sources of the moneys collected, the amount of moneys expended for administration of the programs funded within the account, and an itemization of any other expenditures made within the previous fiscal year.
d. A storage tank management account. All fees collected pursuant to section 455B.473, subsection 5, and section 455B.479, shall be deposited in the storage tank management account, except those moneys deposited into the Iowa comprehensive petroleum underground storage tank fund pursuant to section 455B.479. Funds shall be expended for the following purposes:

(1) One thousand dollars is appropriated annually to the Iowa department of public health to carry out departmental duties under section 135.11, subsections 21 and 22, and section 139A.21.

(2) Twenty-three percent of the proceeds of the fees imposed pursuant to section 455B.473, subsection 5, and section 455B.479 shall be deposited in the account annually, up to a maximum of three hundred fifty thousand dollars. If twenty-three percent of the proceeds exceeds three hundred fifty thousand dollars, the excess shall be deposited into the fund created in section 455G.3. Three hundred fifty thousand dollars is appropriated from the storage tank management account to the department of natural resources for the administration of a state storage tank program pursuant to chapter 455B, division IV, part 8, and for programs which reduce the potential for harm to the environment and the public health from storage tanks.

(3) The remaining funds in the account are appropriated annually to the Iowa comprehensive petroleum underground storage tank fund.

e. An oil overcharge account. The oil overcharge moneys distributed by the United States department of energy, and approved for the energy related components of the groundwater protection strategy available through the energy conservation trust created in section 473.11, shall be deposited in the oil overcharge account as appropriated by the general assembly.

CHAPTER 455F

HOUSEHOLD HAZARDOUS WASTE

455F.1 Definitions.

As used in this chapter unless the context otherwise requires:

1. “Commission” means the state environmental protection commission.

2. “Department” means the department of natural resources.

3. “Display area label” means the signage used by a retailer to mark a household hazardous material display area as prescribed by the department of natural resources.

4. “Household hazardous material” means a product used for residential purposes and designated by rule of the department of natural resources and may include any hazardous substance as defined in section 455B.411, subsection 2; and any hazardous waste as defined in section 455B.411, subsection 3; and shall include but is not limited to the following materials: motor oils, motor oil filters, gasoline and diesel additives, degreasers, waxes, polishes, pure solvents, lacquers, thinners, caustic household cleaners, spot and stain remover with petroleum base, petroleum-based fertilizers, and paints with the exception of latex-based paints. However, “household hazardous material” does not include noncaustic...
§455F.1, HOUSEHOLD HAZARDOUS WASTE

455F.1 Household hazardous waste.

household cleaners, laundry detergents or soaps, dishwashing compounds, chlorine bleach, personal care products, personal care soaps, cosmetics, and medications.

5. “Manufacturer” means a person who manufactures or produces a household hazardous material for resale in this state.

6. “Residential” means a permanent place of abode, which is a person’s home as opposed to a person’s place of business.

7. “Retailer” means a person offering for sale or selling a household hazardous material to the ultimate consumer, within the state.

8. “Wholesaler” or “distributor” means a person other than a manufacturer or manufacturer’s agent who engages in the business of selling or distributing a household hazardous material within the state, for the purpose of resale.

455F.2 Policy statement.

It is the policy of this state to educate Iowans regarding the hazardous nature of certain household products, proper use of the products, and the proper methods of disposal of residual product and containers in order to protect the public health, safety, and the environment.

87 Acts, ch 225, §501; 97 Acts, ch 191, §1

455F.4 Consumer information booklets.

A retailer shall maintain and prominently display a booklet, developed by the department, in cooperation with manufacturers, distributors, wholesalers, and retailer associations and provided to retailers at departmental expense, which provides information regarding the proper use of household hazardous materials and specific instructions for the proper disposal of certain substance categories. The department shall also develop and provide to a retailer, at departmental expense, bulletins regarding household hazardous materials which provide information designated by rule of the commission. The retailer shall distribute the bulletins without charge to customers.

A manufacturer or distributor of household hazardous materials who authorizes independent contractor retailers to sell the products of the manufacturer or distributor on a person-to-person basis primarily in the customer’s home, shall print informational lists of its products which are designated by the department as household hazardous materials. These lists of products and the consumer information booklets prepared in accordance with this section shall be provided by the manufacturer or distributor in sufficient quantities to each contractor retailer for dissemination to customers. During the course of a sale of a household hazardous material by a contractor retailer, the customer shall in the first instance be provided with a copy of both the list and the consumer information booklet. In subsequent sales to the same customer, the list and booklet shall be noted as being available if desired.

87 Acts, ch 225, §504

455F.5 Duties of the commission.

The commission shall:

1. Adopt rules which establish a uniform label to be supplied and used by retailers.

2. Adopt rules which designate the type and amount of information to be included in the consumer information booklets and bulletins.

87 Acts, ch 225, §505

455F.6 Duties of the department.

The department shall:

1. Designate products which are household hazardous materials and, based upon the designations and in consultation with manufacturers, distributors, wholesalers, and retailer associations, develop a household hazardous product list for the use of retailers in identifying the products.

2. Enforce the provisions of this chapter and implement the penalties established.

3. Identify, after consulting with departmental staff and the listing of other states, no more than fifty commonly used household products which, due to level of toxicity, extent of use, nondegradability, or other relevant characteristic, constitute the greatest danger of contamination of the groundwater when placed in a landfill. The department may identify additional products by rule.

87 Acts, ch 225, §506; 88 Acts, ch 1169, §14

455F.7 Household hazardous materials permit.

1. A retailer offering for sale or selling a household hazardous material shall have a valid permit for each place of business owned or operated by the retailer for this activity. All permits provided for in this division shall expire on June 30 of each year. Every retailer shall submit an annual application by July 1 of each year and a fee of twenty-five dollars to the department of revenue for a permit upon a form prescribed by the director of revenue. Permits are nonrefundable, are based upon an annual operating period, and are not prorated. A person in violation of this section shall be subject to permit revocation upon notice and hearing. The department shall remit the fees collected to the household hazardous waste account of the groundwater protection fund. A person distributing general use pesticides labeled for agricultural or lawn and garden use with gross annual pesticide sales of less than ten thousand dollars is subject to the requirements and fee payment prescribed by this section.

2. A manufacturer or distributor of household hazardous materials, which authorizes retailers
as independent contractors to sell the products of the manufacturer or distributor on a person-to-
person basis primarily in the customer’s home, may obtain a single household hazardous materi-
als permit on behalf of its authorized retailers in the state, in lieu of individual permits for each re-
tailer, and pay a fee of twenty-five dollars. How-
ever, a manufacturer or distributor which has gross retail sales of three million dollars or more in the state shall pay an additional permit fee of one hun-
dred dollars for each subsequent increment of three million dollars of gross retail sales in the state, up to a maximum permit fee of three thou-
sand dollars.
§455F.8A, HOUSEHOLD HAZARDOUS WASTE, §455F.8A

455F.8 Household hazardous waste cleanup program created.
The department shall conduct programs to col-
lect and dispose of small amounts of hazardous wastes which are being stored in residences or on farms. The program shall be known as “toxic cleanup days.” The department shall promote and conduct the program and shall by contract with a qualified and bonded waste handling company, collect and properly dispose of wastes believed by the person disposing of the waste to be hazardous. The department shall establish maximum amounts of hazardous wastes to be accepted from a person during the toxic cleanup days program. Amounts accepted from a person above the maxi-

mum shall be limited by the department and may be subject to a fee set by the department, but the department shall not assess a fee for amounts ac-
cepted below the maximum amount. The depart-
ment shall designate the times and dates for the collection of wastes. In order to achieve the maxi-

mum benefit from the program, the department shall offer toxic cleanup days on a statewide basis and provide at least one toxic cleanup day in each departmental region. Toxic cleanup days shall be offered in both rural and urban areas to provide a comparison of response levels and to test the vi-

ability of multicounty toxic cleanup days. The de-
partment shall prepare an annual report citing the results and costs of the program for submittal to the general assembly.

455F.8A, HOUSEHOLD HAZARDOUS WASTE, §455F.8A

455F.8A Household hazardous material collection sites.
1. By January 1, 1991, the department shall complete an assessment of the needs of local gov-
ernments for temporary collection sites for house-
hold hazardous materials. Upon completion of the assessment, the department shall design a model facility which would adequately serve the needs identified. During the design phase, the depart-
ment shall also identify facility permit require-
ts.

2. a. Following the completion of the assessment and design of the model facility, the department shall set a goal of establishing a three-year

competitive grant program to assist in the develop-
ment of five pilot household hazardous waste re-
duction and collection programs.

b. The grant program shall provide for the es-

tablishment of five pilot sites so that both rural and urban populations are served.

c. The department shall develop criteria to evaluate proposals for the establishment of sites. The criteria shall give priority to proposals for sites which provide the most efficient services and which provide local, public, and private contributions for establishment of the sites. The criteria shall also include a requirement that the recipient of a grant design and construct a facility sufficient for the collection, sorting, and packaging of mate-

rials prior to transportation of the materials to the final disposal site. Final review of design and con-
struction of the proposed facilities shall be by the department.

d. The recipients of grants shall provide for collection of hazardous wastes from conditionally exempt small quantity generators in the area of the facility established. The facility shall require payment for collection from conditionally exempt small quantity generators if the amount of waste disposed is greater than ten pounds. Condition-

ally exempt small quantity generators which de-

liver their hazardous wastes to the site shall not be required to obtain a permit to transport the hazardous waste to the site.

455F.9 Education program.
A recipient of a household hazardous waste re-
duction and collection program grant shall do all of the following:
1. Identify a regional or local agency to coordi-

nate a public education effort, and provide for staff to implement the education program.

2. Establish a community education effort to be integrated within the existing educational sys-

tem regarding household hazardous waste reduc-

tion and recycling.

3. Develop a plan for the recycling of hazardous substances not minimized by the public. The plan shall optimize resource use while minimizing waste and shall include a formal arrangement for the exchange of materials at no cost to the partici-

pants and an arrangement for the acceptance by the department of administrative services or the local or regional government agency of hazardous materials useful in its operations.

455F.9, HOUSEHOLD HAZARDOUS WASTE, §455F.9

455F.9 Education program.
In addition to the toxic cleanup days program,
the department shall implement a public information and education program regarding the use and disposal of household hazardous materials. The program shall provide appropriate information concerning the reduction in use of the materials, including the purchase of smaller quantities, selection of alternative products, and hazards associated with the use of unregistered and unregulated alternative products. The department shall cooperate with existing educational institutions, the household product industry, distributors, wholesalers, and retailers, and other agencies of government and shall enlist the support of service organizations, whenever possible, in promoting and conducting the programs in order to effectuate the household hazardous materials policy of the state.

87 Acts, ch 225, §509; 97 Acts, ch 191, §3

455F.10 Penalty.
Any person violating a provision of this chapter or a rule adopted pursuant to this chapter is guilty of a simple misdemeanor.
87 Acts, ch 225, §510

455F.11 Recycling and reclamation programs.
Up to eighty thousand dollars of the moneys deposited in the household hazardous waste account shall be allocated to the department of natural resources for city, county, or service organization projects relative to recycling and reclamation events. A city, county, or service organization shall submit a competitive grant to the department of natural resources by April 1 for approval by the department no later than May 15.
87 Acts, ch 225, §512
environmetal protection agency governing that tank, and not from the effective compliance date, unless the effective compliance date of the regulation is the effective date of the regulation. An owner or operator of a petroleum underground storage tank required by federal or state law to maintain proof of financial responsibility for that underground storage tank is subject to this chapter and chapter 424.

a. As of May 5, 1989, tanks excluded by the federal Resource Conservation and Recovery Act, subtitle I, included the following:
   (1) A farm or residential tank of one thousand one hundred gallons or less capacity used for storing motor fuel for noncommercial purposes.
   (2) A tank used for storing heating oil for consumptive use on the premises where stored.
   (3) A septic tank.
   (4) A pipeline facility, including gathering lines, regulated under any of the following:
      (c) State laws comparable to the provisions of the law referred to in subparagraph subdivision (a) or (b).
   (5) A surface impoundment, pit, pond, or lagoon.
   (6) A storm water or wastewater collection system.
   (7) A flow-through process tank.
   (8) A liquid trap or associated gathering lines directly related to oil or gas production and gathering operations.
   (9) A storage tank situated in an underground area, such as a basement, cellar, mine working, drift, shaft, or tunnel, if the storage tank is situated upon or above the surface of the floor to permit inspection of its entire surface.

b. As of May 5, 1989, tanks exempted or excluded by United States environmental protection agency financial responsibility regulations, 40 C.F.R. § 280.90, included the following:
   (1) Underground storage tank systems not in operation on or after the applicable compliance date.
   (2) Those owned or operated by state and federal governmental entities whose debts and liabilities are the debts and liabilities of a state or the United States.
   (3) Any underground storage tank system holding hazardous wastes listed or identifiable under subtitle C of the federal Solid Waste Disposal Act, or a mixture of such hazardous waste and other regulated substances.
   (4) Any wastewater treatment tank system that is part of a wastewater treatment facility regulated under section 307(b) or 402 of the federal Clean Water Act.
   (5) Equipment or machinery that contains regulated substances for operational purposes such as hydraulic lift tanks and reservoirs and electrical equipment tanks.
   (6) Any underground storage tank system whose capacity is one hundred ten gallons or less.
   (7) Any underground storage tank system that contains a de minimis concentration of regulated substances.
   (8) Any emergency spill or overflow containment underground storage tank system that is expeditiously emptied after use.
   (9) Any underground storage tank system that is part of an emergency generator system at nuclear power generation facilities regulated by the nuclear regulatory commission under 10 C.F.R. pt. 50, appendix A.
   (10) Airport hydrant fuel distribution systems.
   (11) Underground storage tank systems with field-constructed tanks.

c. If and when federal law changes, the department of natural resources shall adopt by rule such additional requirements, exemptions, deferrals, or exclusions as required by federal law. It is expected that certain classes of tanks currently exempted or excluded by federal regulation will be regulated by the United States environmental protection agency in the future. A tank which is not required by federal law to maintain proof of financial responsibility shall not be subject to department of natural resources rules on proof of financial responsibility.

455G.2 Definitions.
As used in this chapter unless the context otherwise requires:
1. “Aboveground petroleum storage tank” means the same as defined in section 101.21.
2. “Aboveground petroleum storage tank site” means the same as “tank site” as defined in section 101.21, subsection 8.
3. “Authority” means the Iowa finance authority created in chapter 16.
4. “Board” means the Iowa comprehensive petroleum underground storage tank fund board.
5. “Bond” means a bond, note, or other obligation issued by the authority for the fund and the purposes of this chapter.
6. “Claimant” means an owner or operator who has received assistance under the remedial account or who has coverage under the insurance fund* with respect to a release, or an installer or inspector who has coverage under the insurance fund.*
7. “Community remediation” means a program of coordinated testing, planning, or remediation, involving two or more tank sites potentially connected with a continuous contaminated area, pursuant to rules adopted by the board. A commu-
nity remediation does not expand the scope of coverage otherwise available or relieve liability otherwise imposed under state or federal law.

8. “Corrective action” means an action taken to minimize, eliminate, or clean up a release to protect the public health and welfare or the environment. Corrective action includes, but is not limited to, excavation of an underground storage tank for the purposes of repairing a leak or removal of a tank, removal of contaminated soil, and cleansing of groundwaters or surface waters. Corrective action does not include replacement of an underground storage tank or other capital improvements to the tank. Corrective action specifically excludes third-party liability. Corrective action includes the expenses incurred to prepare a site cleanup report for approval by the department of natural resources detailing the planned response to a release or suspected release, but not necessarily all actions proposed to be taken by a site cleanup report.

9. “Diminution” is the amount of petroleum which is released into the environment prior to its intended beneficial use.

10. “Diminution rate” is the presumed rate at which petroleum experiences diminution, and is equal to one-tenth of one percent of all petroleum deposited into a tank.

11. “Free product” means a regulated substance that is present as a nonaqueous phase liquid.

12. “Fund” means the Iowa comprehensive petroleum underground storage tank fund.

13. “Improvement” means the acquisition, construction, or improvement of any tank, tank system, or monitoring system in order to comply with state and federal technical requirements or to obtain insurance to satisfy financial responsibility requirements.

14. “Insurance” includes any form of financial assistance or showing of financial responsibility sufficient to comply with the federal Resource Conservation and Recovery Act or the Iowa department of natural resources’ underground storage tank financial responsibility rules.

15. “Insurance board” means the Iowa underground storage tank insurance board created under section 455G.11.*

16. “Insurance premium” includes any form of premium or payment for insurance or for obtaining other forms of financial assurance, or showing of financial responsibility.

17. “Petroleum” means petroleum, including crude oil or any fraction of crude oil which is liquid at standard conditions of temperature and pressure (sixty degrees Fahrenheit and fourteen and seven-tenths pounds per square inch absolute).

18. “Potentially responsible party” means a person who may be responsible or liable for a release for which the fund has made payments for corrective action or third-party liability.

19. “Precorrective action value” means the purchase price of the tank site paid by the owner after October 26, 1990.

20. “Release” means any spilling, leaking, emitting, discharging, escaping, leaching, or dispersing from an underground storage tank into groundwater, surface water, or subsurface soils.

21. “Small business” means a business that meets all of the following requirements:
   a. Is independently owned and operated.
   b. Owns at least one, but no more than twelve tanks at no more than two different tank sites.
   c. Has a net worth of four hundred thousand dollars or less.

22. “Tank” means an underground storage tank for which proof of financial responsibility is, or on a date definite will be, required to be maintained pursuant to the federal Resource Conservation and Recovery Act and the regulations from time to time adopted pursuant to that Act or successor Acts or amendments.

23. “Third-party liability” means both of the following:
   a. Property damage including physical injury to tangible property, but not including loss of use, other than costs to remediate.
   b. Bodily injury including sickness, bodily injury, illness, or death.

§455G.2. PETROLEUM STORAGE TANKS — UPGRADES AND ABATEMENT

1. The Iowa comprehensive petroleum underground storage tank fund is created as a separate fund in the state treasury, and any funds remaining in the fund at the end of each fiscal year shall not revert to the general fund but shall remain in the Iowa comprehensive petroleum underground storage tank fund. Interest or other income earned by the fund shall be deposited in the fund. The fund shall include moneys credited to the fund under this section, section 423.43, subsection 1, paragraph “a”, and sections 455G.8, 455G.9, and 455G.11.* and other funds which by law may be credited to the fund. The moneys in the fund are appropriated to and for the purposes of the board as provided in this chapter. Amounts in the fund shall not be subject to appropriation for any other purpose by the general assembly, but shall be used only for the purposes set forth in this chapter. The treasurer of state shall act as custodian of the fund and disburse amounts contained in it as directed by the board including automatic disbursements.
of funds as received pursuant to the terms of bond indentures and documents and security provisions to trustees and custodians. The treasurer of state is authorized to invest the funds deposited in the fund at the direction of the board and subject to any limitations contained in any applicable bond proceedings. The income from such investment shall be credited to and deposited in the fund. The fund shall be administered by the board which shall make expenditures from the fund consistent with the purposes of the programs set out in this chapter without further appropriation. The fund may be divided into different accounts with different depositaries as determined by the board and to fulfill the purposes of this chapter.

2. The board shall assist Iowa’s owners and operators of petroleum underground storage tanks in complying with federal environmental protection agency technical and financial responsibility regulations by establishment of the Iowa comprehensive petroleum underground storage tank fund. The authority may issue its bonds, or series of bonds, to assist the board, as provided in this chapter.

3. The purposes of this chapter shall include but are not limited to any of the following:

a. To establish a remedial account to fund corrective action for petroleum releases as provided by section 455G.9.

b. To establish a loan guarantee account, as provided by and to the extent permitted by section 455G.10.

c. To establish an insurance fund for insurable underground storage tank risks within the state as provided by section 455G.11.

d. To establish a marketability fund for the purposes as stated in section 455G.21.

e. To establish an aboveground petroleum storage tank fund as provided in section 455G.23.

4. The state, the general fund of the state, or any other fund of the state, other than the Iowa comprehensive petroleum underground storage tank fund, is not liable for a claim or cause of action in connection with a tank not owned or operated by the state, or agency of the state. All expenses incurred by the fund shall be payable solely from the fund and no liability or obligation shall be imposed upon the state. The liability of the fund is limited to the extent of coverage provided by the account or fund under which a claim is submitted, subject to the terms and conditions of that coverage. The liability of the fund is further limited by the monies made available to the fund, and no remedy shall be ordered which would require the fund to exceed its then current funding limitations to satisfy an award or which would restrict the availability of monies for higher priority sites. The state is not liable for a claim presented against the fund.

5. For purposes of payment of refunds of the environmental protection charge under section 424.15 by the department of revenue, the treasurer of state shall allocate to the department of administrative services the total amount budgeted by the fund’s board for environmental protection charge refunds. Any unused funds shall be remitted to the treasurer of state.

For temporary exceptions, changes, or other nonmodified enactments modifying these statutory provisions, see annual Acts of the general assembly.

455G.4 Governing board.

1. Members of the board. The Iowa comprehensive petroleum underground storage tank fund board is established consisting of the following members:

a. The director of the department of natural resources, or the director’s designee.

b. The treasurer of state, or the treasurer’s designee.

c. The commissioner of insurance, or the commissioner’s designee.

d. Two public members appointed by the governor and confirmed by the senate to staggered four-year terms, except that of the first members appointed, one public member shall be appointed for a term of two years and one for a term of four years. A public member shall have experience, knowledge, and expertise of the subject matter embraced within this chapter. Two public members shall be appointed with experience in either, or both, financial markets or insurance.

e. Two owners or operators appointed by the governor. One of the owners or operators appointed pursuant to this paragraph shall have been a petroleum systems insured through the underground storage tank insurance fund or a successor to the underground storage tank insurance fund and shall have been an insured through the insurance account of the comprehensive petroleum underground storage tank fund on or before October 26, 1990. One of the owners or operators appointed pursuant to this paragraph shall be self-insured.

f. The director of the legislative services agency, or the director’s designee. The director under this paragraph shall not participate as a voting member of the board.

A public member appointed pursuant to paragraph “d” shall not have a conflict of interest. For purposes of this section a ‘conflict of interest’ means an affiliation, within the twelve months before the member’s appointment, with the regu-
lated tank community, or with a person or property and casualty insurer offering competitive insurance or other means of financial assurance or which previously offered environmental hazard insurance for a member of the regulated tank community.

The filling of positions reserved for public representatives, vacancies, membership terms, payment of compensation and expenses, and removal of members are governed by chapter 69. Members of the board are entitled to receive reimbursement of actual expenses incurred in the discharge of their duties within the limits of funds appropriated to the board or made available to the fund. Each member of the board may also be eligible to receive compensation as provided in section 7E.6. The members shall elect a voting chairperson of the board from among the members of the board.

2. **Department cooperation with board.** The director of the department of natural resources shall cooperate with the board in the implementation of this part so as to minimize unnecessary duplication of effort, reporting, or paperwork and maximize environmental protection.

3. **Rules and emergency rules.**
   a. The board shall adopt rules regarding its practice and procedures, develop underwriting standards, establish premiums for insurance fund coverage and risk factors, procedures for investigating and settling claims made against the fund, determine appropriate deductibles or retentions in coverages or benefits offered, and otherwise implement and administer this chapter.
   b. The board may adopt administrative rules under section 17A.4, subsection 2, and section 17A.5, subsection 2, paragraph “b”, to implement this subsection for one year after May 5, 1989.
   c. Rules necessary for the implementation and collection of the environmental protection charge shall be adopted on or before June 1, 1989.
   d. Rules necessary for the implementation and collection of insurance fund premiums shall be adopted prior to offering insurance to an owner or operator of a petroleum underground storage tank or other person.
   e. Rules related to the establishment of the insurance fund and the terms and conditions of coverage shall be adopted as soon as practicable to permit owners and operators to meet their applicable compliance date with federal financial responsibility regulations.
   f. Rules to facilitate and encourage the use of community remediation whenever possible shall be adopted.
   g. The board shall adopt rules relating to appeal procedures which shall require the administrator to deliver notice of appeal to the affected parties within fifteen days of receipt of notice, require that the hearing be held within one hundred eighty days of the filing of the petition unless good cause is shown for the delay, and require that a final decision be issued no later than one hundred twenty days following the close of the hearing. The time restrictions in this paragraph may be waived by mutual agreement of the parties.

4. **Public bid.** All contracts entered into by the board, including contracts relating to community remediation, shall be awarded on a competitive basis to the maximum extent practical. In those situations where it is determined that public bidding is not practical, the basis for the determination of impracticability shall be documented by the board or its designee. This subsection applies only to contracts entered into on or after July 1, 1992.

5. **Contract approval.**
   a. The board shall approve any contract entered into pursuant to this chapter if the cost of the contract exceeds seventy-five thousand dollars.
   b. A listing of all contracts entered into pursuant to this chapter shall be presented at each board meeting and shall be made available to the public. The listing shall state the interested parties to the contract, the amount of the contract, and the subject matter of the contract.
   c. The board shall be required to review and approve or disapprove the administrator’s failure to approve a contract under section 455G.12A. Review by the board shall not be required for cancellation or replacement of a contract for a site included in a community remediation project or when an emergency situation exists.

6. **Reporting.** Beginning July 2003, the board shall submit a written report quarterly to the legislative council, the chairperson and ranking member of the committee on natural resources and environment in the senate, and the chairperson and ranking member of the committee on environmental protection in the house of representatives regarding changes in the status of the program including, but not limited to, the number of open claims by claim type; the number of new claims submitted and the eligibility status of each claim; a summary of the risk classification of open claims; the status of all claims at high-risk sites including the number of corrective action design reports submitted, approved, and implemented during the reporting period; total moneys reserved on open claims and total moneys paid on open claims; and a summary of budgets approved and invoices paid for high-risk site activities including a breakdown by corrective action design report, construction and equipment, implementation, operation and maintenance, monitoring, over excavation, free product recovery, site reclassification, reporting and other expenses, or a similar breakdown. In each report submitted by the board, the board shall include an estimated timeline to complete corrective action at all currently eligible high-risk sites where a corrective action design report has been submitted by a claimant and approved during the reporting period. The timeline shall in-
455G.5 Independent contractors to be retained by board.

The board shall administer the fund. A contract entered into on or after July 1, 1992, to retain a person to act as the administrator of the fund shall be subject to public bid. All other contracts to retain a person under this section shall be in compliance with the public bidding requirements of section 455G.4, subsection 4.

The board may enter into a contract or an agreement authorized under chapter 28E with a private agency or person, the department of natural resources, the Iowa finance authority, the department of administrative services, the department of revenue, other departments, agencies, or governmental subdivisions of this state, another state, or the United States, in connection with its administration and implementation of this chapter or chapter 424 or 455B.

The board may reimburse a contractor, public or private, retained pursuant to this section for expenses incurred in the execution of a contract or agreement. Reimbursable expenses include, by way of example, but not exclusion, the costs of collecting the environmental protection charge or administering specific delegated duties or powers of the board.

Unnumbered paragraph 2 amended

455G.6 Iowa comprehensive petroleum underground storage tank fund — general and specific powers.

In administering the fund, the board has all of the general powers reasonably necessary and convenient to carry out its purposes and duties and may do any of the following, subject to express limitations contained in this chapter:

1. Guarantee secured and unsecured loans, and enter into agreements for corrective action, acquisition and construction of tank improvements, and provide for the insurance program. The loan guarantees may be made to a person or entity owning or operating a tank. The board may take any action which is reasonable and lawful to protect its security and to avoid losses from its loan guarantees.

2. Acquire, hold, and mortgage personal property and real estate and interests in real estate to be used.

3. Purchase, construct, improve, furnish, equip, lease, option, sell, exchange, or otherwise dispose of one or more improvements under the terms it determines.

4. Grant a mortgage, lien, pledge, assignment, or other encumbrance on one or more improvements, revenues, asset of right, accounts, or funds established or received in connection with the fund, including revenues derived from the use tax under section 423.43, subsection 1, paragraph “a”, and deposited in the fund or an account of the fund.

5. Provide that the interest on bonds may vary in accordance with a base or formula.

6. Contract for the acquisition, construction, or both of one or more improvements or parts of one or more improvements and for the leasing, subleasing, sale, or other disposition of one or more improvements in a manner it determines.

7. The board may contract with the authority for the authority to issue bonds and do all things necessary with respect to the purposes of the fund, as set out in the contract between the board and the authority. The board may delegate to the authority and the authority shall then have all of the powers of the board which are necessary to issue and secure bonds and carry out the purposes of the fund, to the extent provided in the contract between the board and the authority. The authority may issue the authority's bonds in principal amounts which, in the opinion of the board, are necessary to provide sufficient funds for the fund, the payment of interest on the bonds, the establishment of reserves to secure the bonds, the costs of issuance of the bonds, other expenditures of the authority incident to and necessary or convenient to carry out the bond issue for the fund, and all other expenditures of the board necessary or convenient to administer the fund. The bonds are investment securities and negotiable instruments within the meaning of and for purposes of the uniform commercial code, chapter 554.

8. Bonds issued under this section are payable solely and only out of the moneys, assets, or revenues of the fund, all of which may be deposited with trustees or depositories in accordance with bond or security documents and pledged by the board to the payment thereof, and are not an indebtedness of this state or the authority, or a charge against the general credit or general fund of the state or the authority, and the state shall not be liable for any financial undertakings with respect to the fund. Bonds issued under this chapter shall contain on their face a statement that the bonds do not constitute an indebtedness of the state or the authority.

9. The proceeds of bonds issued by the author-
ity and not required for immediate disbursement may be deposited with a trustee or depository as provided in the bond documents and invested in any investment approved by the authority and specified in the trust indenture, resolution, or other instrument pursuant to which the bonds are issued without regard to any limitation otherwise provided by law.

10. The bonds shall be:
   a. In a form, issued in denominations, executed in a manner, and payable over terms and with rights of redemption, and be subject to such other terms and conditions as prescribed in the trust indenture, resolution, or other instrument authorizing their issuance.
   b. Negotiable instruments under the laws of the state and may be sold at prices, at public or private sale, and in a manner, as prescribed by the authority. Chapters 73A, 74, 74A and 75 do not apply to their sale or issuance of the bonds.
   c. Subject to the terms, conditions, and covenants for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter and as determined by the trust indenture, resolution, or other instrument authorizing their issuance.

11. The bonds are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, savings and loan associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them.

12. Bonds must be authorized by a trust indenture, resolution, or other instrument of the authority, approved by the board. However, a trust indenture, resolution, or other instrument authorizing the issuance of bonds may delegate to an officer of the issuer the power to negotiate and fix the details of an issue of bonds.

13. Neither the resolution, trust agreement, nor any other instrument by which a pledge is created needs to be recorded or filed under the Iowa uniform commercial code, chapter 554, to be valid, binding, or effective.

14. Bonds issued under the provisions of this section are declared to be issued for an essential public and governmental purpose and all bonds issued under this chapter shall be exempt from taxation by the state of Iowa and the interest on the bonds shall be exempt from the state income tax and the state inheritance and estate tax.

15. a. Subject to the terms of any bond documents, moneys in the fund or fund accounts may be expended for administration expenses, civil penalties, moneys paid under an agreement, stipulation, or settlement, for the costs associated with sites within a community remediation project, for costs related to contracts entered into with a state agency or university, costs for activities relating to litigation, or for the costs of any other activities as the board may determine are necessary and convenient to facilitate compliance with and to implement the intent of federal laws and regulations and this chapter. For purposes of this chapter, administration expenses include expenses incurred by the underground storage tank section of the department of natural resources in relation to tanks regulated under this chapter.

b. The authority granted under this subsection which allows the board to expend fund moneys on an activity the board determines is necessary and convenient to facilitate compliance with and to implement the intent of federal laws and regulations and this chapter, shall only be used in accordance with the following:
   (1) Prior board approval shall be required before expenditure of moneys pursuant to this authority shall be made.
   (2) If the expenditure of fund moneys pursuant to this authority would result in the board establishing a policy which would substantially affect the operation of the program, rules shall be adopted pursuant to chapter 17A prior to the board or the administrator taking any action pursuant to this proposed policy.

16. The board shall cooperate with the department of natural resources in the implementation and administration of this chapter to assure that in combination with existing state statutes and rules governing underground storage tanks, the state will be, and continue to be, recognized by the federal government as having an “approved state account” under the federal Resource Conservation and Recovery Act, especially by compliance with the Act’s subtitle I financial responsibility requirements as enacted in the federal Superfund Amendments and Reauthorization Act of 1986 and the financial responsibility regulations adopted by the United States environmental protection agency at 40 C.F.R. pts. 280 and 281. Whenever possible this chapter shall be interpreted to further the purposes of, and to comply, and not to conflict, with such federal requirements.
§455G.7 Security for bonds — capital reserve fund — irrevocable contracts.

1. For the purpose of securing one or more issues of bonds for the fund, the authority, with the approval of the board, may authorize the establishment of one or more special funds, called "capital reserve funds". The authority may pay into the capital reserve funds the proceeds of the sale of its bonds and other money which may be made available to the authority from other sources for the purposes of the capital reserve funds. Except as provided in this section, money in a capital reserve fund shall be used only as required for any of the following:
   a. The payment of the principal of and interest on bonds or of the sinking fund payments with respect to those bonds.
   b. The purchase or redemption of the bonds.
   c. The payment of a redemption premium required to be paid when the bonds are redeemed before maturity.

However, money in a capital reserve fund shall not be withdrawn if the withdrawal would reduce the amount in the capital reserve fund to less than the capital reserve fund requirement, except for the purpose of making payment, when due, of principal, interest, redemption premiums on the bonds, and making sinking fund payments when other money pledged to the payment of the bonds is not available for the payments. Income or interest earned by, or increment to, a capital reserve fund from the investment of all or part of the capital reserve fund may be transferred by the authority to other accounts of the fund if the transfer does not reduce the amount of the capital reserve fund below the capital reserve fund requirement.

2. If the authority decides to issue bonds secured by a capital reserve fund, the bonds shall not be issued if the amount in the capital reserve fund is less than the capital reserve fund requirement, unless at the time of issuance of the bonds the authority deposits in the capital reserve fund from the proceeds of the bonds to be issued or from other sources, an amount which, together with the amount then in the capital reserve fund, is not less than the capital reserve fund requirement.

3. In computing the amount of a capital reserve fund for the purpose of this section, securities in which all or a portion of the capital reserve fund is invested shall be valued by a reasonable method established by the authority. Valuation shall include the amount of interest earned or accrued as of the date of valuation.

4. In this section, "capital reserve fund requirement" means the amount required to be on deposit in the capital reserve fund as of the date of computation.

5. To assure maintenance of the capital reserve funds, the authority shall, on or before July 1 of each calendar year, make and deliver to the governor the authority's certificate stating the sum, if any, required to restore each capital reserve fund to the capital reserve fund requirement for that fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including the sum, if any, required to restore each capital reserve fund to the capital reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the authority pursuant to this section shall be deposited in the applicable capital reserve fund.

6. All amounts paid by the state pursuant to this section shall be considered advances by the state and, subject to the rights of the holders of any bonds of the authority that have previously been issued or will be issued, shall be repaid to the state without interest from all available revenues of the fund in excess of amounts required for the payment of principal, interest, redemption premiums on the bonds of the authority, the capital reserve fund, and operating expenses.

7. If any amount deposited in a capital reserve fund is withdrawn for payment of principal, premium, or interest on the bonds or sinking fund payments with respect to bonds thus reducing the amount of that fund to less than the capital reserve fund requirement, the authority shall immediately notify the governor and the general assembly of this event and shall take steps to restore the capital reserve fund to the capital reserve fund requirement for that fund from any amounts designated as being available for such purpose.

§455G.8 Revenue sources for fund.
Revenue for the fund shall include, but is not limited to, the following, which shall be deposited with the board or its designee as provided by any bond or security documents and credited to the fund:

1. Bonds issued to capitalize fund. The proceeds of bonds issued to capitalize and pay the costs of the fund, and investment earnings on the proceeds except as required for the capital reserve funds.

2. Use tax. The revenues derived from the use tax imposed under chapter 423, subchapter III. The proceeds of the use tax under section 423.43, subsection 1, paragraph "a," shall be allocated, consistent with this chapter, among the fund's accounts, for debt service and other fund expenses, according to the fund budget, resolution, trust agreement, or other instrument prepared or
entered into by the board or authority under direction of the board.

3. Storage tank management fee. That portion of the storage tank management fee proceeds which are deposited into the fund, pursuant to section 455B.479.

4. Cost recovery enforcement. Cost recovery enforcement net proceeds as provided by section 455G.13 shall be allocated to the innocent landowners fund created under section 455G.21, subsection 2, paragraph "a". When federal cleanup funds are recovered, the funds are to be deposited to the remedial account of the fund and used solely for the purpose of future cleanup activities.

5. Other sources. Interest attributable to investment of money in the fund or an account of the fund. Moneys in the form of a devise, gift, bequest, donation, federal or other grant, reimbursement, repayment, judgment, transfer, payment, or appropriation from any source intended to be used for the purposes of the fund.

2003 amendment to subsection 2 is effective July 1, 2004; 2003 Acts, 1st Ex, ch 2, §205

Subsection 2 amended

455G.9 Remedial program.

1. Limits of remedial account coverage. Monies in the remedial account shall only be paid out for the following:

   a. (1) Corrective action for an eligible release reported to the department of natural resources on or after July 1, 1987, but prior to May 5, 1989. Third-party liability is specifically excluded from remedial account coverage. For a claim for a release under this subparagraph, the remedial program shall pay in accordance with subsection 4. For a release to be eligible for coverage under this subparagraph the following conditions must be satisfied:

      (a) The owner or operator applying for coverage shall not be a person who is maintaining, or has maintained, proof of financial responsibility for federal regulations through self-insurance.

      (b) The owner or operator applying for coverage shall not have claimed bankruptcy any time on or after July 1, 1987.

      (c) The claim for coverage pursuant to this subparagraph must have been filed with the board prior to September 1, 1990.

      (d) The owner or operator at the time the release was reported to the department of natural resources must have been in compliance with then current monitoring requirements, if any, or must have been in the process of compliance efforts with anticipated requirements, including installation of monitoring devices, a new tank, tank improvements or retrofit, or any combination.

   (2) Corrective action, up to one million dollars total, and subject to prioritization rules as established pursuant to section 455G.12A, for a release reported to the department of natural resources after May 5, 1989, and on or before October 26, 1990. Third-party liability is specifically excluded from remedial account coverage. Corrective action coverage provided pursuant to this paragraph may be aggregated with other financial assurance mechanisms as permitted by federal law to satisfy required aggregate and per occurrence limits of financial responsibility for both corrective action and third-party liability, if the owner’s or operator’s effective financial responsibility compliance date is prior to October 26, 1990. School districts who reported a release to the department of natural resources prior to December 1, 1990, shall have until July 1, 1991, to report a claim to the board for remedial coverage under this subparagraph.

   (3) Corrective action for an eligible release reported to the department of natural resources on or after January 1, 1984, but prior to July 1, 1987. Third-party liability is specifically excluded from remedial account coverage. For a claim for a release under this subparagraph, the remedial program shall pay in accordance with subsection 4. For a release to be eligible for coverage under this subparagraph the following conditions must be satisfied:

      (a) The owner or operator applying for coverage shall be currently engaged in the business for which the tank connected with the release was used prior to the report of the release.

      (b) The owner or operator applying for coverage shall not be a person who is maintaining, or has maintained, proof of financial responsibility for federal regulations through self-insurance.

      (c) The owner or operator applying for coverage shall not have claimed bankruptcy any time on or after January 1, 1985.

      (d) The claim for coverage pursuant to this subparagraph must have been filed with the board prior to September 1, 1990.

      (e) The owner or operator at the time the release was reported to the department of natural resources must have been in compliance with then current monitoring requirements, if any, or must have been in the process of compliance efforts with anticipated requirements, including installation of monitoring devices, a new tank, tank improvements or retrofit, or any combination.

      (4) One hundred percent of the costs of corrective action for a release reported to the department of natural resources on or before July 1, 1991, if the owner or operator is not a governmental entity and is a not-for-profit organization exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code with a net annual income of twenty-five thousand dollars or less for the year 1990, and if the tank which is the subject of the corrective action is a registered tank
and is under one thousand one hundred gallons capacity.

(5) For the purposes of calculating corrective action costs under this paragraph, corrective action shall include the cost of a tank system upgrade required by section 455B.474, subsection 1, paragraph "g", subparagraph (9). Payments under this subparagraph shall be limited to a maximum of ten thousand dollars for any one site.

(6) For the purposes of calculating corrective action costs under this paragraph, corrective action shall include the costs associated with monitoring required by the rules adopted under section 455B.474, subsection 1, paragraph "g", but corrective action shall exclude monitoring used for leak detection required by rules adopted under section 455B.474, subsection 1, paragraph "c".

b. Corrective action and third-party liability for a release discovered on or after January 24, 1989, for which a responsible owner or operator able to pay cannot be found and for which the federal underground storage tank trust fund or other federal moneys do not provide coverage.

For the purposes of this section property shall not be deemed or quitclaimed to the state or board in lieu of cleanup. Additionally, the ability to pay shall be determined after a claim has been filed. The board is not liable for any cost where either the responsible owner or operator, or both, have a net worth greater than fifteen thousand dollars, or where the responsible party can be determined. Third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

c. Corrective action and third-party liability for a tank owned or operated by a financial institution eligible to participate in the remedial account under section 455G.16 if the prior owner or operator is unable to pay, if so authorized by the board as part of a condition or incentive for financial institution participation in the fund pursuant to section 455G.16. Third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

d. One hundred percent of the costs of corrective action and third-party liability for a release situated on property acquired by a county for delinquent taxes pursuant to chapters 445 through 448, for which a responsible owner or operator able to pay, other than the county, cannot be found. A county is not a “responsible party” for a release in connection with property which it acquires in connection with delinquent taxes, and does not become a responsible party by sale or transfer of property so acquired. Third-party liability specifically excludes any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

e. Corrective action for a release reported to the department of natural resources after May 5, 1989, and on or before October 26, 1990, in connection with a tank owned or operated by a state agency or department which elects to participate in the remedial account pursuant to this paragraph. A state agency or department which does not receive a standing unlimited appropriation which may be used to pay for the costs of a corrective action may opt, with the approval of the board, to participate in the remedial account. As a condition of opting to participate in the remedial account, the agency or department shall pay all registration fees, storage tank management fees, environmental protection charges, and all other charges and fees upon all tanks owned or operated by the agency or department in the same manner as if the agency or department were a person required to maintain financial responsibility.

Once an agency has opted to participate in the remedial program, it cannot opt out, and shall continue to pay all charges and fees upon all tanks owned or operated by the agency or department so long as the charges or fees are imposed on similarly situated tanks of a person required to maintain financial responsibility. The board shall by rule adopted pursuant to chapter 17A provide the terms and conditions for a state agency or department to opt to participate in the remedial account. A state agency or department which opts to participate in the remedial account shall be subject to the minimum copayment schedule of subsection 4, as if the state agency or department were a person required to maintain financial responsibility.

f. One hundred percent of the costs up to twenty thousand dollars incurred by the board under section 455G.12A, subsection 2, unnumbered paragraph 2, for site cleanup reports. Costs of a site cleanup report which exceed twenty thousand dollars shall be considered a cost of corrective action and the amount shall be included in the calculations for corrective action cost copayments under subsection 4. The board shall have the discretion to authorize a site cleanup report payment in excess of twenty thousand dollars if the site is participating in community remediation.

g. Corrective action for the costs of a release under all of the following conditions:

(1) The property upon which the tank causing the release was situated was transferred by inheritance, devise, or bequest.

(2) The property upon which the tank causing the release was situated has not been used to store or dispense petroleum since December 31, 1975.

(3) The person who received the property by inheritance, devise, or bequest was not the owner of the property during the period of time when the
release which is the subject of the corrective action occurred.

(4) The release was reported to the board by October 26, 1991.

Corrective action costs and copayment amounts under this paragraph shall be paid in accordance with subsection 4.

A person requesting benefits under this paragraph may establish that the conditions of subparagraphs (1), (2), and (3) are met through the use of supporting documents, including a personal affidavit.

h. One hundred percent of the costs of corrective action for a governmental subdivision in connection with a tank which was in place on the date the release was discovered or reported if the governmental subdivision did not own or operate the tank which caused the release and if the governmental subdivision did not obtain the property upon which the tank giving rise to the release is located on or after May 3, 1991. Property acquired pursuant to eminent domain in connection with a United States department of housing and urban development approved urban renewal project is eligible for payment of costs under this paragraph whether or not the property was acquired on or after May 3, 1991.

i. Notwithstanding section 455G.1, subsection 2, corrective action, for a release which was tested prior to October 26, 1990, and for which the site was issued a no-further-action letter by the department of natural resources and which was later determined, due to sale of the property or removal of a nonoperating tank, to require remediation which was reported to the administrator by October 26, 1992, in an amount as specified in subsection 4. In order to qualify for benefits under this paragraph, the applicant must not have operated a tank on the property during the period of time for which the applicant owned the property and the applicant must not be a financial institution.

j. One hundred percent of the costs of corrective action for a governmental subdivision in connection with a tank if the governmental subdivision did not own or operate the tank from which the release occurred, and the property was acquired pursuant to eminent domain after the release occurred. A governmental subdivision which acquires property pursuant to eminent domain in order to obtain benefits under this paragraph is not a responsible party for a release in connection with property which it acquired, and does not become a responsible party by sale or transfer of property so acquired.

k. Corrective action in response to a high risk condition caused by a release from an underground storage tank located on a site for which the department, after January 31, 1997, has issued a no further action certificate under section 455B.474. As a condition of receiving benefits under this paragraph, the department must determine that the condition necessitating the corrective action was not a result of a release that occurred after the issuance of the no further action certificate, and that the site qualified for remedial benefits under this section prior to the issuance of the no further action certificate. No more than one hundred thousand dollars per site may be used for the costs of a corrective action under this paragraph. This paragraph does not confer a legal right on an owner or operator of petroleum-contaminated property or on any other person to receive benefits under this paragraph.

l. Costs for the permanent closure of an underground storage tank system that was in place on the date an eligible claim was submitted under paragraph “a”. Reimbursement is limited to costs approved by the board prior to the closure activities and the closure activities must be completed not later than December 31, 2005.

2. Remedial account funding. The remedial account shall be funded by that portion of the proceeds of the use tax imposed under chapter 423, subchapter III, and other moneys and revenues budgeted to the remedial account by the board.

3. Trust fund to be established. When the remedial account has accumulated sufficient capital to provide dependable income to cover the expenses of expected future releases or expected future losses for which no responsible owner is available, the excess capital shall be transferred to a trust fund administered by the board and created for that purpose.

4. Minimum copayment schedule. An owner or operator shall be required to pay the greater of five thousand dollars or eighteen percent of the first eighty thousand dollars of the total costs of corrective action for that release.

If a site's actual expenses exceed eighty thousand dollars, the remedial account shall pay the remainder, as required by federal regulations, of the total costs of the corrective action for that release, not to exceed one million dollars, except that a county shall not be required to pay a copayment in connection with a release situated on property acquired in connection with delinquent taxes, as provided in subsection 1, paragraph “d”, unless subsequent to acquisition the county actively operates a tank on the property for purposes other than risk assessment, risk management, or tank closure.

5. Recovery of gain on sale of property. If an owner or operator ceases to own or operate a tank site for which remedial account benefits were received within ten years of the receipt of any account benefit and sells or transfers a property interest in the tank site for an amount which exceeds one hundred twenty percent of the precorrective action value, adjusted for equipment and capital improvements, the owner or operator shall refund to the remedial account an amount equal to ninety percent of the amount in excess of one hundred twenty percent of the precorrective action value.
up to a maximum of the expenses incurred by the remedial account associated with the tank site plus interest, equal to the interest for the most recent twelve-month period for the most recent bond issue for the fund, on the expenses incurred, compounded annually. An owner or operator under this subsection shall notify the board of the sale or transfer of the property interest in the tank site. Expenses incurred by the fund are a lien upon the property recordable and collectible in the same manner as the lien provided for in section 424.11 at the time of sale or transfer, subject to the terms of this section.

This subsection shall not apply if the sale or transfer is pursuant to a power of eminent domain, or benefits. When federal cleanup funds are recovered, the funds are to be deposited to the remedial account of the fund and used solely for the purpose of future cleanup activities.

6. Recurring releases treated as a newly reported release. A release shall be treated as a release reported on or after May 5, 1989, if prior to May 5, 1989, a release was reported to the department, corrective action was taken pursuant to a site cleanup report approved by the department, and the work performed was accepted by the department. For purposes of this subsection, work performed is accepted by the department if the department did not order further action within ninety days of the date on which the department had notice that the work was completed, unless the department clearly indicated in writing to the owner, operator, contractor, or other agent that additional work would be required beyond that specified in the site cleanup report or in addition to the work actually performed.

7. Expenses of cleanup not required. When an owner or operator who is eligible for benefits under this chapter is allowed by the department of natural resources to monitor in place, the expenses incurred for cleanup beyond the level required by the department of natural resources are not covered under any of the accounts established under the fund. The cleanup expenses incurred for work completed beyond what is required is the responsibility of the person contracting for the excess cleanup.

8. Owner or operator defined. For purposes of receiving benefits under this section, “owner or operator” means the then current tank owner or operator or the owner of the land for which a covered release was reported or application for benefits was submitted on or before the relevant application deadlines of this section.

9. Self-insured. For a self-insured as determined under 567 IAC 136.6(455B), to qualify for remedial benefits under this section, tanks shall be upgraded by January 1, 1995, as specified by the United States environmental protection agency in 40 C.F.R. § 280.21, as amended through January 1, 1989. A self-insured who qualifies for benefits under this section shall repay any benefits received if the upgrade date is not met.

10. Expenses incurred by governmental subdivisions. The board may adopt rules for reimbursement for reasonable expenses incurred by a governmental subdivision for treating, handling, or disposing, as required by the department, of petroleum-contaminated soil and groundwater encountered in a public right-of-way during installation, maintenance, or repair of a public improvement. The board may seek full recovery from a responsible party liable for the release for such expenses and for all other costs and reasonable attorney fees and costs of litigation for which monies are expended by the fund. Any expense described in this subsection incurred by the fund constitutes a lien upon the property from which the release occurred. A lien shall be recorded and an expense shall be collected in the same manner as provided in section 424.11.

For future repeal of subsection 1, paragraph 1 effective December 31, 2006, see 2004 Acts, ch 1094, § 5
2003 amendment to subsection 2 is effective July 1, 2004; 2003 Acts, 1st Ex, ch 2, § 205
Subsection 1, NEW paragraph 1
Subsection 2 amended

455G.12 Board authority for prioritization.

If the board determines that, within the realm of sound business judgment and practice, prioritization of assistance is necessary in light of funds available for loan guarantees or insurance coverage, the board may develop rules for assistance or coverage prioritization based upon adherence or planned adherence of the owner or operator to higher than minimum environmental protection and safety compliance considerations.

Prior to the adoption of prioritization rules, the board shall at minimum review the following issues:

1. The positive environmental impact of assistance prioritization.

2. The economic feasibility, including the availability of private financing, for an owner or operator to obtain priority status.

3. Any negative impact on Iowa’s rural petroleum distribution network which could result
from prioritization.
4. Any similar prioritization systems in use by the private financing or insurance markets in this state, including terms, conditions, or exclusions.
5. The intent of this chapter that the board shall maximize the availability of reasonably priced, financially sound insurance coverage or loan guarantee assistance.

§455G.12A  Cost containment authority.
1. Validity of contracts. A contract in which one of the parties to the contract is an owner or operator of a petroleum underground storage tank, for goods or services which may be payable or reimbursable from the fund, is invalid unless and until the administrator has approved the contract as fair and equitable to the tank owner or operator, and found that the contract terms are within the range of usual and customary rates for similar or equivalent goods or services within the state, and found that the goods or services are necessary for the owner or operator to comply with fund or regulatory standards. An owner or operator may appoint the administrator as an agent for the purposes of negotiating contracts with suppliers of goods or services compensable by the fund. The administrator may select another contractor for goods or services other than the one offered by the owner or operator, if the scope of the proposed work or actual work of the offered contractor does not reflect the quality of workmanship required, or the costs are determined to be excessive.

2. Contract approval. In the course of review and approval of a contract pursuant to this section, the administrator may require an owner or operator to obtain and submit three bids, provided that the administrator coordinates bid submission with the department. The administrator may require specific terms and conditions in a contract subject to approval.

The board shall have authority to contract for site cleanup reports. The board’s responsibility for site cleanup reports is limited to those site cleanup reports subject to approval by the department of natural resources and required in connection with the remediation of a release which is eligible for benefits under section 455G.9. The site cleanup report shall address existing and available remedial technologies and the costs associated with the use of each technology. The board shall not have the authority to affect a contract which has been given written approval under this section.

3. Exclusive contracts. The administrator may enter into a contract or an exclusive contract with the supplier of goods or services required by a class of tank owners or operators in connection with an expense payable or reimbursable from the fund, to supply a specified good or service for a gross maximum price, fixed rate, on an exclusive basis, or subject to another contract term or condition reasonably calculated to obtain goods or services for the fund or for tank owners and operators at a reasonable cost. A contract may provide for direct payment from the fund to a supplier.

The administrator may retain, subject to board approval, an independent person to assist in the review of work required in connection with a release or tank system for which fund benefits are sought, and to establish prevailing cost of goods and services needed. Nothing in this section is intended to preempt the regulatory authority of the department.

4. Prior approval by administrator. Unless emergency conditions exist, a contractor performing services pursuant to this section shall have the budget for the work approved by the administrator prior to commencement of the work. No expense incurred which is above the budgeted amount shall be paid unless the administrator approves such expense prior to its being incurred. All invoices or bills shall be submitted with appropriate documentation as deemed necessary by the board, no later than thirty days after the work has been performed. Neither the board nor an owner or operator is responsible for payment for work incurred which has not been previously approved by the board.

§455G.13  Cost recovery enforcement.
1. Full recovery sought from owner. The board shall seek full recovery from the owner, operator, or other potentially responsible party liable for the released petroleum which is the subject of a corrective action, for which the fund expends moneys for corrective action or third-party liability, and for all other costs, including reasonable attorney fees and costs of litigation for which moneys are expended by the fund in connection with the release. When federal cleanup funds are recovered, the funds are to be deposited to the remedial account of the fund and used solely for the purpose of future cleanup activities.

2. Limitation of liability of owner or operator. Except as provided in subsection 3:
   a. The board or the department of natural resources shall not seek recovery for expenses in connection with corrective action for a release from an owner or operator eligible for assistance under the remedial account except for any unpaid portion of the deductible or copayment. This section does not affect any authorization of the department of natural resources to impose or collect civil or administrative fines or penalties or fees. The remedial account shall not be held liable for any third-party liability.
   b. An owner or operator’s liability for a release for which coverage is admitted under the insurance fund shall not exceed the amount of the deductible.

3. Owner or operator not in compliance, subject to full and total cost recovery. Notwithstanding
subsection 2, the liability of an owner or operator shall be the full and total costs of corrective action and bodily injury or property damage to third parties, as specified in subsection 1, if the owner or operator has not complied with the financial responsibility or other underground storage tank rules of the department of natural resources or with this chapter and rules adopted under this chapter.

4. **Treble damages for certain violations.** Notwithstanding subsections 2 and 3, the owner or operator, or both, of a tank are liable to the fund for punitive damages in an amount equal to three times the amount of any cost incurred or moneys expended by the fund as a result of a release of petroleum from the tank if the owner or operator did any of the following:

a. Failed, without sufficient cause, to respond to a release of petroleum from the tank upon, or in accordance with, a notice issued by the director of the department of natural resources.

b. After May 5, 1989, failed to perform any of the following:

1. Failed to register the tank, which was known to exist or reasonably should have been known to exist.

2. Intentionally failed to report a known release.

The punitive damages imposed under this subsection are in addition to any costs or expenditures recovered from the owner or operator pursuant to this chapter and in addition to any other penalty or relief provided by this chapter or any other law. However, the state, a city, county, or other political subdivision shall not be liable for punitive damages.

5. **Lien on tank site.** Any amount for which an owner or operator is liable to the fund, if not paid when due, by statute, rule, or contract, or determination of liability by the board or department of natural resources after hearing, shall constitute a lien upon the real property where the tank, which was the subject of corrective action, is situated, and the liability shall be collected in the same manner as the environmental protection charge pursuant to section 424.11.

6. **Joinder of parties.** The department of natural resources has standing in any case or contested action related to the fund or a tank to assert any claim that the department may have regarding the tank at issue in the case or contested action, upon motion and sufficient showing by a party to a cost recovery or subrogation action provided for under this section, the court or the administrative law judge shall join to the action any party that may be liable for costs and expenditures of the type recoverable pursuant to this section.

7. **Strict liability.** The standard of liability for a release of petroleum or other regulated substance as defined in section 455B.471 is strict liability.

8. **Third-party contracts not binding on board, proceedings against responsible party.** An insurance, indemnification, hold harmless, conveyance, or similar risk-sharing or risk-shifting agreement shall not be effective to transfer any liability for costs recoverable under this section. The fund, board, or department of natural resources may proceed directly against the owner or operator or other allegedly responsible party. This section does not bar any agreement to insure, hold harmless, or indemnify a party to the agreement for any costs or expenditures under this chapter, and does not modify rights between the parties to an agreement, except to the extent the agreement shifts liability to an owner or operator eligible for assistance under the remedial account for any damages or other expenses in connection with a corrective action for which another potentially responsible party is or may be liable. Any such provision is null and void and of no force or effect.

9. **Later proceedings permitted against other parties.** The entry of judgment against a party to the action does not bar a future action by the board or the department of natural resources against another person who is later alleged to be or discovered to be liable for costs and expenditures paid by the fund. Notwithstanding section 668.5, no other potentially responsible party may seek contribution or any other recovery from an owner or operator eligible for assistance under the remedial account for damages or other expenses in connection with corrective action for a release for which the potentially responsible party is or may be liable. Subsequent successful proceedings against another party shall not modify or reduce the liability of a party against whom judgment has been previously entered.

10. **Claims against potentially responsible parties.** Upon payment by the fund for corrective action or third-party liability pursuant to this chapter, the rights of the claimant to recover payment from any potentially responsible party, are assumed by the board to the extent paid by the fund. A claimant is precluded from receiving double compensation for the same injury.

In an action brought pursuant to this chapter seeking damages for corrective action or third-party liability, the court shall permit evidence and argument as to the replacement or indemnification of actual economic losses incurred or to be incurred in the future by the claimant by reason of insurance benefits, governmental benefits or programs, or from any other source.

A claimant may elect to permit the board to pursue the claimant’s cause of action for any injury not compensated by the fund against any potentially responsible party, provided the attorney general determines such representation would not be a conflict of interest. If a claimant so elects, the board’s litigation expenses shall be shared on a pro rata basis with the claimant, but the claim-
§455G.13, PETROLEUM STORAGE TANKS — UPGRADES AND ABATEMENT

ant’s share of litigation expenses is payable exclusively from any share of the settlement or judgment payable to the claimant.

11. Exclusion of punitive damages. The fund shall not be liable in any case for punitive damages.

12. Recovery or subrogation — installers and inspectors. Notwithstanding any other provision contained in this chapter, the board or a person insured under the insurance fund has no right of recovery or right of subrogation against an installer or an inspector insured by the insurance fund for the tank giving rise to the liability other than for recovery of any deductibles paid.

§455G.14 Fund not subject to regulation.
The fund, including but not limited to insurance coverage offered by the insurance fund, is not subject to regulation under chapter 502 or Title XIII, subtitle 1.

89 Acts, ch 131, §54; 98 Acts, ch 1068, §14

§455G.15 Fund not part of the Iowa insurance guaranty association.
Notwithstanding any other provisions of law to the contrary, the fund shall not be considered an insurance company or insurer under the laws of this state and shall not be a member of nor be entitled to claim against the Iowa insurance guaranty association created under chapter 515B.

89 Acts, ch 131, §56

§455G.16 Financial institution participation in fund.
The board may impose conditions on the participation of a financial institution in the fund. Conditions shall be reasonably intended to increase the quantity of private capital available for loans to tank owners or operators who are small businesses within the meaning of section 455G.2. Additionally, the board may offer incentives to financial institutions meeting conditions imposed by the board. Incentives may include extended fund coverage of corrective action or third-party liability expenses, waiver of copayment or deductible requirements, or other benefits not offered to other participants, if reasonably intended to increase the quantity of private capital available for loans by an amount greater than the increased costs of the incentives to the fund.

Third-party liability expenses under this section specifically exclude any claim, cause of action, or suit, for personal injury including, but not limited to, loss of use or of private enjoyment, mental anguish, false imprisonment, wrongful entry or eviction, humiliation, discrimination, or malicious prosecution.

89 Acts, ch 131, §57; 91 Acts, ch 252, §37

§455G.17 Inspectors — education — registration.
1. The board shall adopt certification procedures and standards for the following classes of persons as underground storage tank installation inspectors:

   a. A licensed engineer, except that if underground storage tank installation is within the scope of practice of a particular class of licensed engineer, additional training shall not be required for that class. A licensed engineer for whom underground storage tank installation is within the scope of practice shall be an "authorized inspector", rather than a "certified inspector".

   b. A fire marshal, or other person unaffiliated with the tank owner, operator, or installer.

2. The board shall adopt approved curriculum for training both engineers and fire marshals or other unaffiliated persons as a precondition to their certification as underground storage tank installation inspectors.

3. The board shall adopt approved curricula for training persons to install underground storage tanks in such a manner that the resulting installation may be certified under section 455G.11, subsection 10, and provide fire safety and environmental protection guidelines for persons removing tanks.

4. The board shall require by rule that all certified or authorized underground storage tank inspectors register with the board and that all persons trained to perform or performing certified tank installations register with the board. A person’s failure to register shall not affect the person’s certification, or the certification of an otherwise eligible installation performed by that person, but rules may provide for a civil penalty of no more than fifty dollars. The board may provide a list of registrants to any interested person. The board may impose a fee for registration to recover the costs of administering the registration account.

89 Acts, ch 131, §58; 90 Acts, ch 1235, §41; 91 Acts, ch 252, §38, 39

§455G.18 Groundwater professionals — certification.
1. The department of natural resources shall adopt rules pursuant to chapter 17A requiring the certification of groundwater professionals. The rules shall include provisions for suspension or revocation of certification for good cause.

2. A groundwater professional is a person who provides subsurface soil contamination and groundwater consulting services or who contracts to perform remediation or corrective action services and is one or more of the following:
a. A person certified by the American institute of hydrology, the national water well association, the American board of industrial hygiene, or the association of groundwater scientists and engineers.

b. A professional engineer registered in Iowa.

c. A professional geologist certified by a national organization.

d. Any person who has five years of direct and related experience and training as a groundwater professional or in the field of earth sciences.

e. Any other person with a license, certification, or registration to practice hydrogeology or groundwater hydrology issued by any state in the United States or by any national organization, provided that the license, certification, or registration process requires, at a minimum, all of the following:
   
   (1) Possession of a bachelor’s degree from an accredited college.

   (2) Five years of related professional experience.

3. The department of natural resources may provide for a civil penalty of no more than fifty dollars for failure to obtain certification. An interested person may obtain a list of certified groundwater professionals from the department of natural resources. The department of natural resources may impose a fee for the certification of persons under this section.

4. The certification of groundwater professionals shall not impose liability on the board, the department, or the fund for any claim or cause of action of any nature, based on the action or inaction of groundwater professionals certified pursuant to this section.

5. Any person who was not previously registered as a groundwater professional who requests certification under this section, after January 1, 1996, shall be required to attend a course of instruction and pass a certification examination. The administrator of the fund shall hold certification courses and offer examinations. An applicant who successfully passes the examination shall be certified as a groundwater professional.

6. A groundwater professional who was registered prior to January 1, 1996, shall not be required to attend the course of instruction but shall be required to pass the certification examination by January 1, 1997.

7. All groundwater professionals shall be required to complete continuing education requirements as adopted by the department.

8. The board may provide for exemption from the certification requirements of this section for a professional engineer registered pursuant to chapter 542B, if the person is qualified in the field of geotechnical, hydrological, environmental groundwater, or hydrogeological engineering.

9. Notwithstanding the certification requirements of this section, a site cleanup report or corrective action design report submitted by a registered groundwater professional shall be accepted by the department in accordance with section 455B.474, subdivision 2, paragraph “d,” subparagraph subdivision (e), and paragraph “f,” subparagraph (5).

455G.20 Final approval.

Notwithstanding any other provision to the contrary, the department of natural resources shall have final approval for a determination as to when remediation shall begin on a site.

92 Acts, ch 1217, §9

455G.21 Marketability fund.

1. A marketability fund is created as a separate fund in the state treasury under the control of the board. The board shall administer the marketability fund. Notwithstanding section 8.33, moneys remaining in the marketability fund at the end of each fiscal year shall not revert to the general fund but shall remain in the marketability fund. The marketability fund shall include, notwithstanding section 12C.7, interest earned by the marketability fund or other income specifically allocated to the marketability fund.

2. The marketability fund shall be used for the following purposes:

   a. The innocent landowners fund shall be established as a separate fund in the state treasury under the control of the board. The innocent landowners fund shall include any moneys recovered pursuant to cost recovery enforcement under section 455G.13. Notwithstanding section 455G.1, subsection 2, benefits for the costs of corrective action may be provided to the owner of a petroleum-contaminated property, or an owner or operator of an underground storage tank located on the property, who is not otherwise eligible to receive benefits under section 455G.9 due to the date on which the release causing the contamination was reported or the date the claim was filed. An owner of a petroleum-contaminated property, or an owner or operator of an underground storage tank located on the property, shall be eligible for payment of corrective action costs subject to copayment requirements under section 455G.9, subsection 4. The board may adopt rules conditioning receipt of benefits under this paragraph to those petroleum-contaminated properties which present a higher degree of risk to the public health and safety or the environment and may adopt rules providing for denial of benefits under this paragraph to a person who did not make a good faith attempt to comply with the provisions of this chapter. This paragraph does not confer a legal right to an owner of petroleum-contaminated property, or an owner or operator of an underground storage tank located
on the property, for receipt of benefits under this paragraph.

b. The remainder of the moneys shall be used for payment of remedial benefits as provided in section 455G.9.

3. Moneys in the fund shall not be used for purposes of bonding or providing security for bonding under chapter 455G.

§455G.22, PETROLEUM STORAGE TANKS — UPGRADES AND ABATEMENT

SUBCHAPTER II
ABOVEGROUND PETROLEUM STORAGE TANK FUND

§455G.23, PETROLEUM STORAGE TANKS — UPGRADES AND ABATEMENT

Aboveground petroleum storage tank fund.

1. An aboveground petroleum storage tank fund is created as a separate fund in the state treasury under the control of the board. The board shall administer the aboveground petroleum storage tank fund. Notwithstanding section 8.33, moneys remaining in the aboveground petroleum storage tank fund at the end of each fiscal year shall not revert to the general fund but shall remain in the aboveground petroleum storage tank fund. The aboveground petroleum storage tank fund shall include, notwithstanding section 12C.7, interest earned by the aboveground petroleum storage tank fund or other income specifically allocated to the aboveground petroleum storage tank fund.

2. The board may reimburse the owner of an aboveground petroleum storage tank site up to twenty-five thousand dollars per site, but not more than a total of one hundred thousand dollars per owner, for the upgrade or permanent closure of the aboveground petroleum storage tank site provided all of the following criteria are met:

a. By January 1, 2004, the aboveground petroleum storage tank site was registered with the state fire marshal pursuant to section 101.22.

b. The aboveground petroleum storage tank contains petroleum as defined in section 455B.471.

c. Not later than February 18, 2005, the owner shall submit an application for reimbursement, on a form provided by the board.

d. Upgrade expenses must be incurred after January 1, 2004, and not later than February 18, 2005. Upgrade activities are limited to the installation or improvement of equipment or systems required to comply with 40 C.F.R. § 112, specifically:

1. Secondary containment.

2. Corrosion protection.

3. Loss prevention.

5. Drainage.

e. Permanent closure activities, including tank system removal, decommission, and disposal, must occur after January 1, 2004, and not later than February 18, 2005, unless the owner is a party to an agreement entered into pursuant to subsection 3 and the tanks meet one of the following criteria:

1. All tanks are empty by February 18, 2005.

2. All tanks containing petroleum on or after February 18, 2005, meet the requirements of 40 C.F.R. § 112 et seq. and any applicable provisions of chapter 101 and the administrative rules adopted pursuant to chapter 101.

3. The board, or a contractor approved under subsection 6, may enter into contracts with qualified businesses to provide permanent closure services at eligible aboveground petroleum storage tank sites. The board or a contractor may limit reimbursement to those activities approved under the terms of the contracts. The board or a contractor may allow permanent closure activities to occur and be reimbursed after February 18, 2005, at those tank sites where the owner timely applied for reimbursement and agreed to allow the board or a contractor to complete the permanent closure at a time determined to be convenient to the board. All activities conducted under this subsection must be completed by December 31, 2006.

4. The board may enter into an agreement authorized under chapter 28E with the state fire marshal for the development and maintenance of a database to track registration, technical information, and other information determined necessary to evaluate the operation and safety of aboveground petroleum storage tank sites in Iowa.

5. The board may limit reimbursement to those activities that receive prior budget approval from the board.

6. The board may enter into a contract with a qualified business to provide for administration of this section.

7. This section is repealed December 31, 2006.

CHAPTER 455H

LAND RECYCLING AND REMEDIATION STANDARDS

SUBCHAPTER 1
GENERAL PROVISIONS

455H.101 Short title. This chapter shall be known and may be cited as the “Iowa Land Recycling and Environmental Remediation Standards Act.”

49 Acts, ch 127, §1

455H.102 Scope. The environmental remediation standards established under this chapter shall be used for any response action or other site assessment or remediation that is conducted at a site enrolled pursuant to this chapter notwithstanding provisions regarding water quality in chapter 455B, division III; hazardous conditions in chapter 455B, division IV, part 4; hazardous waste and substance management in chapter 455B, division IV, part 5; underground storage tanks, other than petroleum underground storage tanks, in chapter 455B, division IV, part 8; contaminated sites in chapter 455B, division VIII; and groundwater protection in chapter 455E.

97 Acts, ch 127, §2

455H.103 Definitions. As used in this chapter, unless the context requires otherwise:

1. “Affected area” means any real property affected, suspected of being affected, or modeled to be likely affected by a release occurring at an enrolled site.

2. “Affiliate” means a corporate parent, subsidiary, or predecessor of a participant, a co-owner or co-operator of a participant, a spouse, parent, or child of a participant, an affiliated corporation or enterprise of a participant, or any other person substantially involved in the legal affairs or management of a participant, as defined by the department.

455H.104 Declaration of policy.

455H.105 Duties of the commission.

455H.106 Duties of the department.

455H.107 Land recycling program.

455H.511 Federal stringency.
§455H.103, LAND RECYCLING AND REMEDIATION STANDARDS

3. “Background levels” means concentrations of hazardous substances naturally occurring and generally present in the environment in the vicinity of an enrolled site or an affected area and not the result of releases.

4. “Commission” means the environmental protection commission created under section 455A.6.

5. “Department” means the department of natural resources created under section 455A.2.

6. “Director” means the director of the department of natural resources appointed under section 455A.3.

7. “Enrolled site” means any property which has been or is suspected to be the site of or affected by a release and which has been enrolled pursuant to this chapter by a participant.

8. “Hazardous substance” has the same meaning as defined in section 455B.381.

9. “Noncancer health risk” means the potential for adverse systemic or toxic effects caused by exposure to noncarcinogenic hazardous substances expressed as the hazard quotient for a hazardous substance. A hazard quotient is the ratio of the level of exposure of a hazardous substance over a specified time period to a reference dose for a similar exposure period.

10. “Participant” means any person who enrolls property pursuant to this chapter. A participant is a participant only to the extent the participant complies with the requirements of this chapter.

11. “Protected groundwater source” means a saturated bed, formation, or group of formations which has a hydraulic conductivity of at least forty-four-hundredths meters per day and a total dissolved solids concentration of less than two thousand five hundred milligrams per liter.

12. “Protected party” means any of the following:
   a. A participant, including, but not limited to, a development authority or fiduciary.
   b. A person who develops or otherwise occupies an enrolled site after the issuance of a no further action letter.
   c. A successor or assignee of a protected party, as to an enrolled site of a protected party.
   d. A lender which practices commercial lending including, but not limited to, providing financial services, holding of security interests, workout practices, and foreclosure or the recovery of funds from the sale of an enrolled site.
   e. A parent corporation or subsidiary of a participant.
   f. A co-owner or co-operator, either by joint tenancy or a tenancy in common, or any other party sharing a legal relationship with the participant.
   g. A holder of a beneficial interest of a land trust or inter vivos trust, whether revocable or irrevocable, as to any interests in an enrolled site.
   h. A mortgagee or trustee of a deed of trust existing as to an enrolled site as of the date of issuance of a no further action letter.
   i. A transferee of the participant whether the transfer is by purchase, eminent domain, assignment, bankruptcy proceeding, partition, dissolution of marriage, settlement or adjudication of any civil action, charitable gift, or bequest, in conjunction with the acquisition of title to the enrolled site.
   j. An heir or devisee of a participant.
   k. A government agency or political subdivision which acquires an enrolled site through voluntary or involuntary means, including, but not limited to, abandonment, tax foreclosure, eminent domain, or escheat.

13. “Release” means any spilling, leaking, pumping, pouring, emitting, discharging, injecting, escaping, leaching, dumping, or disposing into the environment of a hazardous substance, including the abandonment or discarding of barrels, containers, and other closed receptacles containing any hazardous substance, but excludes all of the following:
   a. Any release which results in exposure to persons solely within a workplace, with respect to a claim which such persons may assert against the employer of such persons.
   b. Emissions from the engine exhaust of a motor vehicle, rolling stock, aircraft, vessel, or pipeline pumping station engine.
   c. The release of source, by-product, or special nuclear material from a nuclear incident, as those terms are defined in the federal Atomic Energy Act of 1954, if such release is subject to requirements with respect to financial protection established by the nuclear regulatory commission under 42 U.S.C. § 2210 or, for the purposes of 42 U.S.C. § 9604 or any other response action, any release of source, by-product, or special nuclear material from any processing site designated under 42 U.S.C. § 7912(a)(1) or 7942(a).
   d. The use of pesticides in accordance with the product label.

14. “Response action” means an action taken to reduce, minimize, eliminate, clean up, control, assess, or monitor a release to protect the public health and safety or the environment. “Response action” includes, but is not limited to, investigation, excavation, removal, disposal, cleansing of groundwaters or surface waters, natural biodegradation, institutional controls, technological controls, or site management practices.

97 Acts, ch 127, §3; 99 Acts, ch 114, §39

455H.104 Declaration of policy.

The general assembly finds and declares all of the following:

1. Some real property in Iowa is not put to its highest productive use because it is contaminated or it is perceived to be contaminated as a result of past activity on the property. The reuse of these sites is an important component of a sound land-
use policy that will prevent the needless development of prime farmland and open-space and natural areas, and reduce public expenditures for installing new infrastructure.

2. Incentives should be put in place to encourage capable persons to voluntarily develop and implement cleanup plans.

3. The safe reuse of property should be encouraged through the adoption of environmental remediation standards developed through an open process which take into account the risks associated with any release at the site. Any remediation standards adopted by this state must provide for the protection of the public health and safety and the environment.

97 Acts, ch 127, §4

455H.105 Duties of the commission.
The commission shall do all of the following:
1. Adopt rules pertaining to the assessment, evaluation, and cleanup of the presence of hazardous substances which allow participants to carry out response actions using background standards, statewide standards, or site-specific cleanup standards pursuant to this chapter.

2. Adopt rules establishing statewide standards and criteria for determination of background standards and site-specific cleanup standards.

3. Adopt rules establishing a program intended to encourage and enhance assessment, evaluation, and cleanup of sites which may have been the site of or affected by a release.

4. Adopt rules establishing a program to administer the land recycling fund established in section 455H.401.

5. Adopt rules establishing requirements for the submission, performance, and verification of site assessments, cleanup plans, and certifications of completion. The rules shall provide that all site assessments, cleanup plans, and certifications of completion submitted by a participant shall be prepared by or under the supervision of an appropriately trained professional, including a groundwater professional certified pursuant to section 455G.18.

6. Adopt rules for public notice of the proposed verification of a certificate of completion by the department where the certificate of completion is conditioned on the use of an institutional or technological control.

97 Acts, ch 127, §5

455H.106 Duties of the department.
The department shall do all of the following:
1. Enter into agreements or issue orders in connection with the enrollment of property into a program established pursuant to this chapter.

2. Issue no further action letters upon the demonstration of compliance with applicable standards for an affected area by a participant.

3. Enter into agreements or issue orders providing for institutional and technological controls to assure compliance with applicable standards pursuant to this chapter.

4. Take actions necessary, including the revocation, suspension, or modification of permits or agreements, the issuance of orders, and the initiation of administrative or judicial proceedings, to enforce the provisions of this chapter and any agreements, covenants, easements, or orders issued pursuant to this chapter.

97 Acts, ch 127, §6

455H.107 Land recycling program.
1. A person may enroll property in the land recycling program pursuant to this chapter to carry out a response action in accordance with rules adopted by the commission which outline the eligibility for enrollment. The eligibility rules shall reasonably encourage the enrollment of all sites potentially eligible to participate under this chapter and shall not take into account any amounts the department may be reimbursed under this chapter.

2. All participants shall enter into an agreement with the department to reimburse the department for actual costs incurred by the department in reviewing documents submitted as part of the enrollment of the site. This fee shall not exceed seven thousand five hundred dollars per enrolled site. An agreement entered into under this subsection must allow the department access to the enrolled site and must require a demonstration of the participant’s ability to carry out a response action reasonably associated with the enrolled site.

3. All of the following shall not be enrolled in the land recycling program:
   a. Property for which corrective action is needed or has been taken for petroleum underground storage tanks under chapter 455B, division IV, part 8. However, such property may be enrolled to address hazardous substances other than petroleum from underground storage tanks.
   b. Property which has been placed or is proposed to be included on the national priorities list established pursuant to the federal Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. § 9601 et seq.
   c. An animal feeding operation structure as defined in section 459.102.

4. If the site cleanup assessment demonstrates that the release on the enrolled site has affected additional property, all property which is shown to be affected by the release on the enrolled site shall be enrolled in addition to the enrolled site.

5. Following enrollment of the property in the land recycling program, the participant shall proceed on a timely basis to carry out response actions
in accordance with the rules implementing this chapter.
6. Once the participant has demonstrated the affected area is in compliance with the standards described in subchapter 2, the department shall proceed on a timely basis and issue a no further action letter pursuant to section 455H.301.
7. The participant may withdraw the enrolled site from further participation in the land recycling program at any time upon written notice to the department. Any participant who withdraws an enrolled site from further participation in the program shall not be entitled to any refund or credit for the enrollment fee paid pursuant to this section and shall, subject to the limitation on fees in subsection 2, be liable for any costs actually incurred by the department. The department or court may determine that a participant who withdraws prior to completion of all response actions identified for the enrolled site forfeits all benefits and immunities provided by this chapter as to the enrolled site. If it is deemed necessary and appropriate by the department, a participant who withdraws shall stabilize the enrolled site in accordance with a plan approved by the department. 97 Acts, ch 127, §7

SUBCHAPTER 2
RESPONSE ACTION STANDARDS
AND REVIEW PROCEDURES

455H.201 Cleanup standards.
1. A participant carrying out a response action shall take such response actions as necessary to assure that conditions in the affected area comply with any of the following, as applicable:
   a. Background standards established pursuant to section 455H.202.
   b. Statewide standards established pursuant to section 455H.203.
   c. Site-specific cleanup standards established pursuant to section 455H.204.
2. A participant may use a combination of these standards to implement a site remediation plan and may propose to use the site-specific cleanup standards whether or not efforts have been made to comply with the background or statewide standards.
3. Until rules setting out requirements for background standards, statewide standards, or site-specific cleanup standards are finally adopted by the commission and effective, participants may utilize site-specific cleanup standards for any hazardous substance utilizing the procedures set out in the department’s rules implementing risk-based corrective action for underground storage tanks and, where relevant, the United States environmental protection agency’s guidance regarding risk assessment for superfund sites.
4. The standards may be complied with through a combination of response actions that may include, but are not limited to, treatment, removal, technological or institutional controls, and natural attenuation and other natural mechanisms, and can include the use of innovative or other demonstrated measures. 97 Acts, ch 127, §8

455H.202 Background standards.
1. Methods to identify background standards shall be adopted by the commission after consideration of the joint recommendations of the department and the technical advisory committee.
2. The demonstration that the affected area meets the background standard shall be documented by the participant in the following manner:
   a. Compliance with the background standard shall be demonstrated by collection and analysis of representative samples from environmental media of concern.
   b. A final report that documents compliance with the background standard shall be submitted to the department and shall include, as appropriate, all of the following:
      (1) A description of procedures and conclusions of the site investigation to characterize the nature, extent, direction, volume, and composition of hazardous substances.
      (2) The basis for selecting environmental media of concern, descriptions of removal or decontamination procedures performed in remediation, and summaries of sampling methodology and analytical results which demonstrate that the background standard has been complied with.
      (3) The basis for determining the background levels.
97 Acts, ch 127, §9

455H.203 Statewide standards.
1. Statewide standards shall be adopted by the commission after consideration of the joint recommendations of the department and the technical advisory committee. The standards must provide for the protection of the public health and safety and the environment.
2. In establishing these standards, all of the following shall be considered:
   a. Separate standards shall be established for hazardous substances in soil, in groundwater which is a protected groundwater source, and in groundwater which is not a protected groundwater source.
   b. In groundwater which is a protected groundwater source, the standards shall be the maximum contaminant levels established pur-
455H.204 Site-specific cleanup standards.

1. Procedures to establish site-specific cleanup standards shall be adopted by the commission after consideration of the joint recommendations of the department and the technical advisory committee. Site-specific cleanup standards must provide for the protection of the public health and safety and the environment.

2. Site-specific cleanup standards and appropriate response actions shall take into account all of the following provided, however, that an affected area shall not be required to be cleaned up to levels below or more restrictive than background levels:
   
a. The most appropriate exposure scenarios based on current or probable future residential, commercial, industrial, or other industry-accepted scenarios.
   
b. Exposure pathway characterizations including contaminant sources, transport mechanisms, and exposure pathways.
   
c. Affected human or environmental receptors and exposure scenarios based on current or probable projected use scenarios.
   
d. Risk-based corrective action assessment principles which identify risks presented to the public health and safety or the environment by each released hazardous substance in a manner that will protect the public health and safety or the environment using a tiered procedure consistent with the ASTM (American society for testing and materials) international standards applied to non-petroleum and petroleum hazardous substances.
   
e. Other relevant site-specific risk-related factors such as the feasibility of available technologies, existing background levels, current and planned future uses, ecological, aesthetic, and other relevant criteria, and the applicability and availability of technological and institutional controls.
   
f. Cleanup shall not be required in an affected area that does not present any of the following:
      
      (1) An increased cancer risk from a single contaminant at the point of exposure of five in one mil-

suant to the department’s drinking water standards or, for contaminants that do not have established drinking water standards, the standards shall be derived in a manner comparable to that used for establishment of drinking water standards. An affected area shall not be required to be cleaned up to concentration levels below or more restrictive than background levels.

c. In groundwater which is not a protected groundwater source, the standards shall be no more protective than a standard reflecting an increased cancer risk of one in ten thousand from exposure to contaminants that are known or probable human carcinogens; a standard reflecting a noncancer health risk of one-tenth from exposure to contaminants that are possible human carcinogens; or a standard reflecting a noncancer health risk of one from exposure to contaminants that are not known, probable, or possible human carcinogens. An affected area shall not be required to be cleaned up to levels below or more restrictive than background levels.

d. In soil, the standards shall be no more protective than a standard reflecting an increased cancer risk of five in one million from exposure to contaminants that are known or probable human carcinogens; a standard reflecting a noncancer health risk of one-tenth from exposure to contaminants that are possible human carcinogens; or a standard reflecting a noncancer health risk of one from exposure to contaminants that are not known, probable, or possible human carcinogens. An affected area shall not be required to be cleaned up to levels below or more restrictive than background levels.

e. Statewide standards specified in paragraphs “b”, “c”, and “d” assume exposure to individual contaminants in groundwater or soil. If more than one contaminant exists in a medium or exposure to contaminants can occur from more than one medium, standards shall be adjusted to reflect a cumulative increased cancer risk that is no less protective than one in ten thousand and a cumulative noncancer health risk to the same target human organ that is no less protective than one. Risks associated with background levels of contaminants shall not be included in the cumulative risk determination.

3. The demonstration that the affected area meets the statewide standard shall be documented by the participant, as appropriate, in the following manner:

a. Compliance with cleanup levels shall be demonstrated by collection and analysis of representative samples from the environmental medium of concern.

b. A final report that documents compliance with the statewide standard shall be submitted to the department which includes, as appropriate, the descriptions of procedures and conclusions of the site investigation to characterize the nature, extent, direction, rate of movement at the site and cumulative effects, if any, volume, composition, and concentration of hazardous substances in environmental media, the basis for selecting environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, descriptions of removal or treatment procedures performed in remediation, and summaries of sampling methodology and analytical results which demonstrate that hazardous substances have been removed or treated to applicable levels.

8. to satisfy the requirements of this section.

Subsection 2, paragraph d amended

455H.205 Variances.

1. A participant may apply to the department for a variance from any applicable provision of this chapter.
2. The department may issue a variance from applicable standards only if the participant demonstrates all of the following:
   a. The participant demonstrates either of the following:
      (1) It is technically infeasible to comply with the applicable standards.
      (2) The cost of complying with the applicable standards exceeds the benefits.
   b. The proposed alternative standard or set of standards in the terms and conditions set forth in the application will result in an improvement of environmental conditions in the affected area and ensure that the public health and safety will be protected.
   c. The establishment of and compliance with the alternative standard or set of standards in the terms and conditions is necessary to promote, protect, preserve, or enhance employment opportunities or the reuse of the enrolled site.
3. If requested by a participant, the department may issue a variance from any other provision of this chapter if the department determines that the variance would be consistent with the declaration of policy of this chapter and is reasonable under the circumstances.
97 Acts, ch 127, §12

455H.206 Institutional and technological controls.

1. In achieving compliance with the cleanup standards under this chapter, a participant may use an institutional or technological control. The director may require reasonable proof of financial assurance where necessary to assure a technological control remains effective.
2. An institutional or technological control includes any of the following:
   a. A state or federal law or regulation.
   b. An ordinance of any political subdivision of the state.
   c. A contractual obligation recorded and executed in a manner satisfying chapter 558.
   d. A control which the participant can demonstrate reduces or manages the risk from a release through the period necessary to comply with the applicable standards.
   e. An environmental protection easement.
3. If the department’s determination of compliance with applicable standards pursuant to subchapter 3 is conditioned on a restriction in the use of any real estate in the affected area, the par-
participant must utilize an institutional control. If the restriction in use is to limit the use to nonresidential use, the participant must use an environmental protection easement as the institutional control. Environmental protection easements may also be used to implement other institutional or technological controls. An environmental protection easement must be granted by the fee title owners of the relevant real estate. The participant shall furnish to the department abstracts of title and other documents sufficient to enable the department to determine that the easements will be enforceable. An environmental protection easement shall be in a form provided by rule of the department. An environmental protection easement must provide all of the following:

a. The easement names the state, acting through the department, as grantee.
b. The easement identifies the activity either being restricted or required through the institutional or technological control.
c. The easement runs with the land, binding the owner of the land and the owner's successors and assigns.
d. The easement shall include an acknowledgment by the director of acceptance of the easement by the department.
e. The easement is filed in the office of the recorder of the county in which the real estate is located and in any central registry which may be created by the director.

4. If the use of an institutional or technological control is confirmed in a no further action letter issued pursuant to section 455H.301, the institutional or technological control may be enforced in district court by the department, a political subdivision of this state, the participant, or any successor in interest to the participant. An environmental protection easement granted pursuant to subsection 3 shall be enforceable in perpetuity notwithstanding sections 614.24 through 614.38. After the recording of the easement, each instrument transferring an interest in the area affected by the easement shall include a specific reference to the recorded easement. If a transfer instrument fails to include a specific reference to the recorded easement, the transferor may lose any of the benefits provided by this chapter.

5. An institutional or technological control, except for an environmental protection easement, may be removed, discontinued, modified, or terminated by the participant upon a demonstration that the control no longer is required to assure compliance with the applicable standard. Upon review and approval by the department, the department shall issue an amendment to its no further action letter approving the removal, discontinuance, modification, or termination of an institutional or technological control which is no longer needed.

6. An environmental protection easement granted pursuant to subsection 3 may be released or amended only by a release or amendment of the easement executed by the director and filed with the county recorder. The department may determine that any person who intentionally violates an environmental protection easement or other technological or institutional control contained in a no further action letter loses any of the benefits provided by this chapter as to the affected area. In the event the technological or institutional controls fail to achieve compliance with the applicable standards, the participant shall undertake an additional response action sufficient to demonstrate to the department compliance with applicable standards. Failure to proceed in a timely manner in performing the additional response action may result in termination of the participant's enrollment in the land recycling program.

455H.207 Response action — permitting requirements.

1. A participant who would be otherwise required to obtain a permit, license, plan approval, or other approval from the department under any provision of the Code may obtain a consolidated standards permit for the activities in connection with the response action for which the permit, license, plan approval, or other approval is required. The consolidated standards permit shall encompass all the substantive requirements applicable to those activities under any applicable federal or state statute, rule, or regulation and any agreements the director had entered into with the United States environmental protection agency under those statutes, rules, or regulations.

2. In addition to any other notice or hearing requirements of relevant chapters, at least ten days prior to issuing a permit under this section, the director shall publish a notice of the proposed permit which contains a general description of the activities to be conducted in the affected area under the permit. The notice shall be published in the official newspaper, as designated by the county board of supervisors pursuant to section 349.1, of the county in which the site is located. A person may submit written or oral comments on or objections to the permit. After considering the comments and objections, the director shall approve or deny the application for the consolidated standards permit.

3. A participant issued a consolidated standards permit under this section in connection with a particular activity is not required to obtain a permit, license, plan approval, or other approval from the department in connection with any activity under the applicable provisions of the Code or rules. A participant who obtains a consolidated standards permit for a particular activity is deemed to be in compliance with the requirement to obtain from the department a permit, license, plan approval, or other approval in connection with the activity under the applicable provisions
§455H.208 Public participation.

Public participation shall be a required component of the process for participants for all sites enrolled in the land recycling program. The required level of public participation shall vary depending on the conditions existing at a site. At a minimum, the department shall notify all adjacent property owners, occupants of adjacent property, and the city or county in which the property is located of a site's enrollment in the land recycling program and of the scope of work described in the participation agreement, and give the notified parties the opportunity to obtain updates regarding the status of activities relating to the enrolled site in the land recycling program. The notification shall not be required before the participant has had the opportunity to collect basic information characterizing the nature and extent of the contamination, but the notification shall be required in a timely manner allowing appropriate parties to have input in the formulation of the response action. If contaminants from the enrolled site have migrated off the enrolled site or are likely to migrate off the enrolled site, as determined by the department, the department shall notify by direct mailing all potentially affected parties, including the city or county in which the potentially affected property is located, and officials in charge of any potentially impacted public water supply and the notified parties shall be given opportunity to comment on proposed response actions. The department may require the participant of an enrolled site to publish public notice in a local newspaper if widespread interest in the site exists or is likely to exist as determined by the department. The department shall consider reasonable comments from potentially affected parties in determining whether to approve or disapprove a proposed response action or site closure.

SUBCHAPTER 3
EFFECTS OF PARTICIPATION

§455H.301 No further action letters.

1. Once a participant demonstrates that an affected area meets applicable standards and the department has certified that the participant has met all requirements for completion, the department shall promptly issue a no further action letter to the participant.

2. A no further action letter shall state that the participant and any protected party are not required to take any further action at the site related to any hazardous substance for which compliance with applicable standards is demonstrated by the participant in accordance with applicable standards, except for continuing requirements specified in the no further action letter. If the participant was a person having control over a hazardous substance, as that phrase is defined in section 455B.381, at the time of the release, a no further action letter may provide that a further response action may be required, where appropriate, to protect against an imminent and substantial threat to public health, safety, and welfare. A protected party who was a person having control over a hazardous substance, as that phrase is defined in section 455B.381, at the time of the release, may be required by the department to conduct a further response action, where appropriate, to protect against an imminent and substantial threat to public health, safety, and welfare. If a person transfers property to an affiliate in order for that person or the affiliate to obtain a benefit to which the transferor would not otherwise be eligible under this chapter or to avoid an obligation under this chapter, the affiliate shall be subject to the same obligations and obtain the same level of benefits as those available to the transferor under this chapter.

A no further action letter shall be void if the department demonstrates by clear, satisfactory, and convincing evidence that any approval under this chapter was obtained by fraud or material misrepresentation, knowing failure to disclose material information, or false certification to the department.

3. The department shall provide, upon request, a no further action letter as to the affected area to each protected party.

4. The department shall condition the no further action letter upon compliance with any institutional or technological controls relied upon by the participant to demonstrate compliance with the applicable standards.

5. A no further action letter shall be in a form recordable in county real estate records as provided in chapter 558.

97 Acts, ch 127, §14

§455H.302 Covenants not to sue.

Upon issuance of a no further action letter pursuant to section 455H.301, a covenant not to sue arises by operation of law. The covenant releases the participant and each protected party from liability to the state, in the state's capacity as a regulator administering environmental programs, to perform additional environmental assessment, remedial activity, or response action with regard to the release of a hazardous substance for which
the participant and each protected party has complied with the requirements of this chapter.

97 Acts, ch 127, §16

455H.303 Cessation of statutory liability.

Upon issuance of a no further action letter pursuant to section 455H.301, except as provided in that section, the participant and each protected party shall no longer have liability under chapter 455A, under chapter 455B other than liability for petroleum underground storage tanks, or under chapters 455D and 455E to the state or to any other person as to any condition at the affected area with regard to hazardous substances for which compliance with applicable standards was demonstrated by the participant in accordance with this chapter and for which the department has provided a certificate of completion.

97 Acts, ch 127, §17

455H.304 Limitation of liability.

a. “Environmental claim” means a civil action for damages for environmental harm and includes a civil action under this chapter for recovery of the costs of conducting a response action, but does not include a civil action for damages for a breach of contract or another agreement between persons or for a breach of a warranty that exists pursuant to the Code or common law of this state.

b. “Environmental harm” means injury, death, loss, or threatened loss to a person or property caused by exposure to or the release of a hazardous substance.

c. Appurtenances to poles, towers, foundations, or other structures supporting or sustaining any such lines.

d. Main or distribution lines above or below the surface of the ground.

2. Except as may be required in accordance with obligations incurred pursuant to participation in the land recycling program established in this chapter, all of the following, or any person or employee thereof, are relieved of any further liability for any environmental claim resulting from the presence of hazardous substances at, or the release of hazardous substances from, an enrolled site where a response action is being or has been conducted under this chapter, unless an action or omission of the person, state agency, political subdivision, or public utility, or an officer or employee thereof, constitutes willful or wanton misconduct or intentionally tortious conduct:

a. A contractor working for another person in conducting any response action under this chapter.

b. A state agency or political subdivision that is conducting a voluntary response action or a maintenance activity on lands, easements, or rights-of-way owned, leased, or otherwise held by the state agency or political subdivision.

c. A state agency when an officer or employee of the state agency provides technical assistance to a participant undertaking a response action under this chapter or rules adopted pursuant to this chapter, or to a contractor, officer, or employee of the agency, in connection with the response action.

d. A public utility, as defined in section 476.1, which is performing work in any of the following:

1. An easement or right-of-way of a public utility across an affected area where a response action is being or has been conducted and where the public utility is constructing or has main or distribution lines above or below the surface of the ground for purposes of maintaining the easement or right-of-way for construction, repair, or replacement of any of the following:

a. Main or distribution lines above or below the surface of the ground.

b. Poles, towers, foundations, or other structures supporting or sustaining any such lines.

c. Appurtenances to poles, towers, foundations, or other structures supporting or sustaining any such lines.

2. An affected area where a response action is being conducted that is necessary to establish or maintain utility service to the property, including, without limitation, the construction, repair, or replacement of any of the following:

a. Main or distribution lines above or below the surface of the ground.

b. Poles, towers, foundations, or other structures supporting or sustaining any such lines.

c. Appurtenances to poles, towers, foundations, or other structures supporting or sustaining any such lines.

3. This section does not create, and shall not be construed to create, a new cause of action against or substantive legal right against a person, state agency, political subdivision, or public utility, or an officer or employee thereof.

4. This section does not affect, and shall not be construed as affecting, any immunities from civil liability or defenses established by another section of the Code or available at common law, to which a person, state agency, political subdivision, or public utility, or officer or employee thereof, may be entitled under circumstances not covered by this section.

97 Acts, ch 127, §18

455H.305 Participation not deemed an admission of liability.

1. Enrolling a site pursuant to this chapter or participating in a response action does not constitute an admission of liability under the statutes of this state, the rules adopted pursuant to the statutes, or the ordinances and resolutions of a political subdivision, or an admission of civil liability under the Code or common law of this state.

2. The fact that a person has become a participant in a response action under this chapter is not admissible in any civil, criminal, or administrative proceeding initiated or brought under any law of this state other than to enforce this chapter.

3. All information, documents, reports, data produced, and any sample collected as a result of
enrolling any property under this chapter are not admissible against the person undertaking the response action, and are not discoverable in any civil or administrative proceeding against the participant undertaking the response action except in a judicial or administrative proceeding initiated to enforce this chapter in connection with an alleged violation thereof. This prohibition against admissibility does not apply to any person whose covenant not to sue has been revoked under this chapter.

4. Enrolling a site pursuant to this chapter or participating in a response action shall not be construed to be an acknowledgment that the conditions at the affected area identified and addressed by the response action constitute a threat or danger to public health or safety or the environment.

97 Acts, ch 127, §19

455H.306 Liability protections.
The protections from liability afforded under this chapter shall be in addition to the exclusions to any liability protections afforded participants under any other provision of the Code.
97 Acts, ch 127, §20

455H.307 Liability — new release — condition outside affected area.
Protections afforded in this chapter shall not relieve a person from liability for a release of a hazardous substance occurring at the enrolled site after the issuance of a no further action letter or from liability for any condition outside the affected area addressed in the cleanup plan and no further action letter.
97 Acts, ch 127, §21

455H.308 Relationship to federal law.
The liability protection and immunities afforded under this chapter extend only to liability or potential liability arising under state law. It is not intended to provide any relief as to liability or potential liability arising under federal law. This section shall not be construed as precluding any agreement with a federal agency by which it agrees to provide liability protection based on participation and completion of a cleanup plan under this chapter.
97 Acts, ch 127, §22

455H.309 Incremental property taxes.
To encourage economic development and the recycling of contaminated land to promote the purposes of this chapter, cities and counties may provide by ordinance that the costs of carrying out response actions under this chapter are to be reimbursed, in whole or in part, by incremental property taxes over a six-year period. A city or county which implements the option provided for under this section shall provide that taxes levied on property enrolled in the land recycling program under this chapter each year by or for the benefit of the state, city, county, school district, or other taxing district shall be divided as provided in section 403.19, subsections 1 and 2, in the same manner as if the enrolled property was taxable property in an urban renewal project. Incremental property taxes collected under this section shall be placed in a special fund of the city or county. A participant shall be reimbursed with moneys from the special fund for costs associated with carrying out a response action in accordance with rules adopted by the commission. Beginning in the fourth of the six years of collecting incremental property taxes, the city or county shall begin decreasing by twenty-five percent each year the amount of incremental property taxes computed under this section.
97 Acts, ch 127, §23

SUBCHAPTER 4
LAND RECYCLING FUND

455H.401 Land recycling fund.
1. A land recycling fund is created within the state treasury under the control of the commission. Moneys received from fees, general revenue, federal funds, gifts, bequests, donations, or other moneys so designated shall be deposited in the fund. Any unexpended balance in the land recycling fund at the end of each fiscal year shall be retained in the fund, notwithstanding section 8.33.
2. The commission may use the land recycling fund to provide for all of the following:
   a. Financial assistance to political subdivisions of the state for activities related to an enrolled site.
   b. Financial assistance and incentives for qualifying enrolled sites.
   c. Funding for any other purpose consistent with this chapter and deemed appropriate by the commission.
97 Acts, ch 127, §24

SUBCHAPTER 5
MISCELLANEOUS PROVISIONS

455H.503 Recordkeeping requirements.
The director shall maintain a record of the affected areas or portion of affected areas for which no further action letters were issued under section 455H.301 and which involve institutional or technological controls that restrict the use of any of the enrolled sites to comply with applicable stan-
§455H.504 Transferability of participation benefits.
A no further action letter, a covenant not to sue, and any agreement authorized to be entered into and entered into under this chapter and the rules adopted pursuant to this chapter may be transferred by the participant or a later recipient to any other person by assignment or in conjunction with the acquisition of title to the enrolled site to which the document applies.
97 Acts, ch 127, §28

§455H.505 Emergency response.
The provisions of this chapter shall not prevent or impede the immediate response of the department or a participant to an emergency which involves an imminent or actual release of a hazardous substance which threatens public health and safety or the environment. The emergency response action taken by the participant shall comply with the provisions of this chapter and the participant shall not be prejudiced by the mitigation measures undertaken to that point.
97 Acts, ch 127, §29

§455H.506 Interim response.
The provisions of this chapter shall not prevent or impede a participant from undertaking mitigation measures to prevent significant impacts on human health or the environment. A response action for the site shall not be prejudiced by the mitigation measures undertaken prior to enrolling a property in the land recycling program. The effects of any interim mitigation measure shall be taken into account in the department's evaluation of the participant's compliance with applicable standards.
97 Acts, ch 127, §30

§455H.507 Transition from existing programs.
Except for any enrolled site which is the subject of an enforcement action by an agency of the state or the federal government prior to July 1, 1997, for any property where actions similar to a response action have commenced pursuant to any provision of chapter 455B prior to July 1, 1997, the person carrying out the action shall elect within ninety days following the final adoption of rules implementing this chapter to either continue to proceed in accordance with the laws and rules in effect prior to July 1, 1997, or to proceed pursuant to this chapter.
97 Acts, ch 127, §31

§455H.508 Participant protection.
A participant shall not be subject to either a civil enforcement action by an agency of this state or a political subdivision of this state, or an action filed pursuant to section 455B.112 regarding any release, response action, or condition which is the subject of the response action. This protection is contingent on the participant proceeding on a due and timely basis to carry out the response action.
97 Acts, ch 127, §32

§455H.509 Removal of a site from the registry listing.
An enrolled site listed on the registry of confirmed hazardous waste or hazardous substance disposal sites, established pursuant to section 455B.426, which has completed a response action as to the conditions which led to its original listing on the registry, shall be removed from the registry listing, once a letter of no further action has been issued pursuant to section 455H.301.
97 Acts, ch 127, §33

§455H.510 Relationship to federal programs.
The provisions of this chapter shall not prevent the department from enforcing both specific numerical cleanup standards and monitoring of compliance requirements specifically required to be enforced by the federal government as a condition of the receipt of program authorization, delegation, primacy, or federal funds.
97 Acts, ch 127, §34

§455H.511 Federal stringency.
Any rules or standards established pursuant to this chapter shall be no more stringent than those required under any comparable federal law or regulation.

CHAPTER 455K
ENVIRONMENTAL AUDIT PRIVILEGE AND IMMUNITY

455K.1 Title.
This chapter shall be known and cited as the “Environmental Audit Privilege and Immunity Act”.
98 Acts, ch 1109, §1

455K.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Department” means the department of natural resources created under section 455A.2 or its delegated authority.
2. “Environmental audit” means a voluntary evaluation of a facility or operation, of an activity at a facility or operation, or of an environmental management system at a facility or operation when the facility, operation, or activity is regulated under state or federal environmental laws, rules, or permit conditions, conducted by an owner or operator, an employee of the owner or operator, or an independent contractor retained by the owner or operator that is designed to identify historical or current noncompliance with environmental laws, rules, ordinances, or permit conditions, discover environmental contamination or hazards, remedy noncompliance or improve compliance with environmental laws, or improve an environmental management system. Once notification is given to the department, an environmental audit shall be completed within a reasonable time not to exceed six months unless an extension is approved by the department based on reasonable grounds.
3. “Environmental audit report” means a document or set of documents generated and developed for the primary purpose and in the course of or as a result of conducting an environmental audit. An “environmental audit report” includes supporting information which may include, but is not limited to, the report document itself, observations, samples, analytical results, exhibits, findings, opinions, suggestions, recommendations, conclusions, drafts, memoranda, drawings, photographs, computer-generated or electronically recorded information, maps, charts, graphs, surveys, implementation plans, interviews, discussions, correspondence, and communications related to the environmental audit. An “environmental audit report” may include any of the following components:
   a. An executive summary prepared by the person conducting the environmental audit which may include the scope of the environmental audit, the information gained in the environmental audit, conclusions, recommendations, exhibits, and appendices.
   b. Memoranda and documents analyzing portions or all of the report and discussing implementation issues.
   c. An implementation plan which addresses correcting past noncompliance, improving current compliance or an environmental management system, or preventing future noncompliance.
   d. Periodic updates documenting progress in completing the implementation plan.
4. “Inquiring party” means any party appearing before a court or a presiding officer in an administrative proceeding seeking to review or obtain an in camera review of an environmental audit report.
5. “Owner or operator” means the person or entity who caused the environmental audit to be undertaken.

455K.8 Voluntary disclosure of environmental violation — immunity.
455K.9 Other privileges not affected.
455K.10 Environmental auditor training program.
455K.11 Summary.
455K.12 Rulemaking.
455K.13 Costs.
6. “Privilege” means the protections provided in regard to an environmental audit report as provided in this chapter.

§455K.3 Privilege.
1. Material included in an environmental audit report generated during an environmental audit conducted after July 1, 1998, is privileged and confidential and is not discoverable or admissible as evidence in any civil or administrative proceeding, except as otherwise provided in this chapter. The environmental audit report shall be labeled “ENVIRONMENTAL AUDIT REPORT: PRIVILEGED DOCUMENT.” Failure to label each document within the report does not constitute a waiver of the environmental audit privilege or create a presumption that the privilege does or does not apply.
2. A person shall not be compelled to testify in regard to or produce a document included in an environmental audit report in any of the following circumstances:
   a. If the testimony or document discloses any component listed in section 455K.2, subsection 3, that was made as part of the preparation of an environmental audit report that is addressed in a privileged part of an environmental audit report.
   b. If the person is any of the following:
      (1) A person who conducted any portion of the environmental audit but did not personally observe the physical events of an environmental violation.
      (2) A person to whom the results of the environmental audit report are disclosed under section 455K.4, subsection 2.
      (3) A custodian of the environmental audit report.
      (4) A person who conducted or participates in the preparation of an environmental audit report and who has observed physical events of an environmental violation may testify about those events but shall not be compelled to testify about or produce documents related to the preparation of or any privileged part of an environmental audit or any component listed in section 455K.2, subsection 3.
   4. An employee of a state agency or other governmental employee shall not request, review, or otherwise use an environmental audit report during an agency inspection of a regulated facility or operation, or an activity of a regulated facility or operation.
   5. A party asserting the privilege under this section has the burden of establishing the applicability of the privilege.
   6. The privilege provided in this section is in addition to the privilege provided to assistance programs pursuant to section 455B.484A.

§455K.4 Waiver of privilege — disclosure.
1. The privilege described in section 455K.3 shall not apply to the extent that the privilege is expressly waived in writing by the owner or operator who prepared the environmental audit report or caused the report to be prepared.
2. Disclosure of an environmental audit report or any other information generated by an environmental audit does not waive the privilege established in section 455K.3 if the disclosure meets any of the following criteria:
   a. The disclosure is made to address or correct a matter raised by the environmental audit and the disclosure is made to any of the following:
      (1) A person employed by the owner or operator, including temporary and contract employees.
      (2) A legal representative of the owner or operator.
      (3) An officer or director of the regulated facility or operation or a partner of the owner or operator.
      (4) An independent contractor retained by the owner or operator.
   b. The disclosure is made under the terms of a confidentiality agreement between any person and the owner or operator of the audited facility or operation.
3. A party to a confidentiality agreement described in subsection 2, paragraph “b,” who violates that agreement is liable for damages caused by the disclosure and for any other penalties stipulated in the confidentiality agreement.
4. Information that is disclosed under subsection 2, paragraph “b”, is confidential and is not subject to disclosure under chapter 22. A governmental entity, governmental employee, or governmental official who discloses information in violation of this subsection is subject to the penalty provided in section 22.6.
5. The protections provided by federal or state law shall be afforded to individuals who disclose information to law enforcement authorities.
6. The provisions of this chapter shall not abrogate the protections provided by federal and state law regarding confidentiality and trade secrets.

§455K.5 Required disclosure.
1. A court or a presiding officer in an administrative hearing may require disclosure of a portion of an environmental audit report in a civil or administrative proceeding if the court or presiding officer affirmatively determines, after an in camera review, that any of the following exists:
   a. The privilege is asserted for a fraudulent purpose.
   b. The portion of the environmental audit report is not subject to the privilege under section 455K.6.
c. The portion of the environmental audit report shows evidence of noncompliance with a state or federal environmental or other law, rule, or permit condition and appropriate efforts to achieve compliance with the law or ordinance were not promptly initiated and pursued with reasonable diligence after discovery of noncompliance.

d. The portion of the environmental audit report shows clear and convincing evidence of substantial actual personal injury, which information is not otherwise available.

e. The portion of the environmental audit report shows a clear and present danger to the public health or the environment.

2. A party seeking disclosure under this section has the burden of proving that subsection 1 applies.

3. A decision of a presiding officer in an administrative hearing under subsection 1 may be directly appealed to the district court without disclosure of the environmental audit report to any person unless so ordered by the court.

4. A determination of a court under this section is subject to interlocutory appeal to an appropriate appellate court.

5. If a court finds that a person claiming privilege under this chapter intentionally claimed the privilege for material not privileged as provided in section 455K.6, the person is subject to a fine not to exceed one thousand dollars.

6. Privilege provided in this chapter does not apply if an owner or operator of the facility or operation has been found in a civil or administrative proceeding to have committed serious violations in this state that constitute a pattern of continuous or repeated violations of environmental laws, administrative rules, or permit conditions, that were due to separate and distinct events giving rise to the violations within the three-year period prior to the date of disclosure.

455K.7 Review of privileged documents.

1. The privileges created in this chapter shall not apply to criminal investigations or proceedings. An environmental audit report, supporting documents, and testimony relating thereto may be obtained by a prosecutor’s subpoena pursuant to the rules of criminal procedure. If an environmental audit report is obtained, reviewed, or used in a criminal investigation or proceeding, the administrative and civil evidentiary privilege established in this chapter is not waived or made inapplicable for any purpose other than for the criminal investigation or proceeding.

2. Notwithstanding the privilege established in this chapter, the department may review information in an environmental audit report, but such review does not waive or make the administrative and civil evidentiary privilege inapplicable to the report. A regulatory agency shall not adopt a rule or impose a condition that circumvents the purpose of this chapter.

3. If information is required to be made available to the public by operation of a specific state or federal law, rule, or permit condition, the governmental authority shall notify the person claiming the privilege of the potential for public disclosure prior to obtaining such information under subsection 1 or 2.

4. If privileged information is disclosed under subsection 2 or 3, on the motion of a party, a court or the presiding officer in an administrative hearing shall suppress evidence offered in any civil or administrative proceeding that arises or is derived from review, disclosure, or use of information obtained under this section if the review, disclosure, or use is not authorized under section 455K.6. A party having received information under subsection 2 or 3 has the burden of proving that the evidence offered did not arise and was not derived from the review of privileged information.

455K.6 Materials not privileged.

1. The privilege described in this chapter does not apply to any of the following:

   a. A document, communication, datum, report, or other information required by a regulatory agency to be collected, developed, retained, or reported under a state or federal environmental law, rule, or permit condition.

   b. Information obtained by observation, sampling, or monitoring by a regulatory agency or a regulatory agency’s authorized designee.

   c. Information obtained from a source not involved in the preparation of the environmental audit report.

2. This section does not limit the right of a person to agree to conduct an environmental audit and disclose an environmental audit report.

455K.8 Voluntary disclosure of environmental violation — immunity.

1. An owner or operator is eligible for immunity under this section from the time the department receives official notification from the owner or operator of a scheduled environmental audit. An owner or operator is immune from any administrative or civil penalty associated with the information disclosed if the owner or operator makes a prompt voluntary disclosure to the department regarding an environmental violation which is discovered through the environmental audit. The owner or operator creates a rebuttable presumption that the disclosure is voluntary by meeting the criteria provided in subsection 2 at the time of disclosure. To rebut the presumption that a disclosure is voluntary, the department or other party has the burden of proving that the disclosure was
not voluntary. Immunity is not provided if the violations of state or federal environmental law, rule, or permit condition are intentional or if the violations of state or federal law, rule, or permit condition resulted in substantial actual injury or imminent and substantial risk of injury to persons, property, or the environment.

2. The disclosure of information is voluntary if all of the following circumstances exist:
   a. The disclosure arises out of an environmental audit and relates to privileged information as provided in section 455K.3.
   b. The person making the disclosure uses reasonable efforts to pursue compliance and to correct the noncompliance within a reasonable period of time after completion of the environmental audit in accordance with a remediation schedule submitted to and approved by the department. If evidence shows that the noncompliance is due to the failure to obtain a permit, reasonable effort may be demonstrated by the submittal of a complete permit application within a reasonable time. Disclosure of information required to be reported by state or federal law, rule, or permit condition is not considered to be voluntary disclosure and the immunity provisions in this section are not applicable.
   c. Environmental violations are identified in an environmental audit report and disclosed to the department before the environmental violations are reported by any person not involved in conducting the environmental audit or to whom the environmental audit report was disclosed.
   d. Environmental violations are identified in an environmental audit report and disclosed to the department before the environmental violations are reported to the proper regulatory agency that has jurisdiction over the disclosed violation prior to the agency’s commencement of an investigation.

3. If an owner or operator has not provided the department with notification of a scheduled environmental audit prior to performing the audit, a disclosure of information is voluntary if the environmental violations are identified in an environmental audit report and disclosed by certified mail to the proper regulatory agency that has jurisdiction over the disclosed violation prior to the agency’s commencement of an investigation.

4. If a person is required to make a disclosure relating to a specific issue under a specific permit condition or under an order issued by the department, the disclosure is not voluntary with respect to that issue.

5. Except as provided in this section, this section does not impair the authority of the proper regulatory agency to require a technical or remedial action or to order injunctive relief.

6. Upon application to the department, the time period within which the disclosed violation is corrected under subsection 2 may be extended if it is not practical to correct the noncompliance within the reasonable period of time initially approved by the department. The department shall not unreasonably withhold the grant of an extension. If the department denies an extension, the department shall provide the requesting party with a written explanation of the reasons for the denial. A request for de novo review of the department’s decision may be made to the appropriate court.

7. Immunity provided under this section from administrative or civil penalties does not apply under any of the following circumstances:
   a. If an owner or operator of the facility or operation has been found in a civil or administrative proceeding to have committed serious violations in this state that constitute a pattern of continuous or repeated violations of environmental laws, administrative rules, and permit conditions and that were due to separate and distinct events giving rise to the violations within the three-year period prior to the date of disclosure, or if under section 459.604 an owner or operator of a facility or operation is classified as a habitual violator.
   b. If a violation of an environmental law, administrative rule, permit condition, settlement agreement, or order on consent, final order, or judicial order results in a substantial economic benefit which gives the violator a clear advantage over its business competitors.
   c. In cases where the conditions of a voluntary disclosure are not met but a good faith effort was made to voluntarily disclose and resolve a violation detected in an environmental audit, the state regulatory authorities shall consider the nature and extent of any good faith effort in deciding the appropriate enforcement response and shall consider reducing any administrative or civil penalties based on mitigating factors showing that one or more of the conditions for voluntary disclosure have been met.

9. The immunity provided by this section does not abrogate the responsibility of a person as provided by applicable law to report a violation, to correct the violation, conduct necessary remediation, or respond to third-party actions. This chapter shall not be construed to confer immunity from liability in any private civil action except those actions brought pursuant to section 455B.111.

10. Information required by rule to be submitted to the department as part of a disclosure made pursuant to this section is not privileged information.

98 Acts, ch 1109, §8

455K.9 Other privileges not affected.
This chapter shall not limit, waive, or abrogate the scope or nature of any statutory or common-law privilege, including the work product doctrine and the attorney-client privilege.

98 Acts, ch 1109, §9

455K.10 Environmental auditor training program.
A training program for and standards for certification of environmental auditors shall be developed jointly by the Iowa waste reduction center.
and the department. The training program shall be administered by the Iowa waste reduction center. The program shall provide training on the proper conduct of an environmental audit; local, state, and federal environmental ordinances, rules, and laws that apply to businesses in this state; and the environmental audit laws in this state. The program shall be made available to small and large business owners and operators, consulting engineers, regulatory personnel, and citizens through the community college system. A fee may be assessed for participation in the program. Upon completion of the training program, program participants may elect to be tested by the department for certification as an environmental auditor for the purposes of this chapter.

98 Acts, ch 1109, §10

455K.11 Summary.
On or before December 1 of each year, the department shall make available a summary of the number of environmental audit notices received, the violations, and the remediation status of the violations reported pursuant to this chapter during the preceding fiscal year.

98 Acts, ch 1109, §11

455K.12 Rulemaking.
The department shall adopt rules pursuant to chapter 17A necessary to administer this chapter.

98 Acts, ch 1109, §12

455K.13 Costs.
The necessary costs incurred by the department under this chapter shall be funded from appropriations made to the department from the general fund of the state.

CHAPTER 456
GEOLOGICAL SURVEY
Chapter transferred from ch 460A in Code 2003 pursuant to Code editor directive; 2002 Acts, 2nd Ex, ch 1003, §260, 262

456.1 Geological survey created — definitions.
A geological survey of the state is created within the department. As used in this chapter, unless the context otherwise requires:
1. “Department” means the department of natural resources created under section 455A.2.
2. “Director” means the director of the department.

456.2 State geologist — qualifications.
The director shall appoint the state geologist. The state geologist must have a degree in geology from an accredited college or university and must have at least five years of geological experience. The annual salary of the state geologist shall be determined by the director.

456.3 Survey.
The state geologist shall be director of the survey and shall make a complete survey of the natural resources of the state in all their economic and scientific aspects, including the determination of the order, arrangement, dip, and comparative...
magnitude of the various formations; the discovery and examination of all useful deposits, including their richness in mineral contents and their fossils; and the investigation of the position, formation, and arrangement of the different ores, coals, clays, building stones, glass sands, marls, peats, mineral oils, natural gases, mineral and artesian waters, and such other minerals or other materials as may be useful, with particular regard to the value thereof for commercial purposes and their accessibility.

456.4 Investigations — collection — renting space.  
The state geologist shall investigate the characteristics of the various soils and their capacities for agricultural purposes, the streams, and other scientific and natural resource matters that may be of practical importance and interest. For the purpose of preserving well drilling samples, rock cores, fossils, and other materials as may be necessary to carry on investigations, the state geologist shall have the authority to lease or rent sufficient space for storage of these materials with the approval of the director of the department of administration services. A complete cabinet collection may be made to illustrate the natural products of the state, and the state geologist may also furnish suites of materials, rocks, and fossils for colleges and public museums within the state, if it can be done without impairing the general state collection.

456.5 Authority to enter lands.  
For the purpose of carrying on the aforesaid investigations the state geologist and the state geologist’s assistants and employees shall have authority to enter and cross all lands within the state; provided that in so doing no damage is done to private property.  

[C24, 27, 31, 35, 39, §4553; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §305.5]

456.8 Cooperation.  
The state geologist shall cooperate with the United States geological survey, with other federal and state organizations, and with adjoining state surveys in the making of topographic maps and the study of geologic problems of the state when, in the opinion of the state geologist, such cooperation will result in profit to the state.  

[S13, §2500; C24, 27, 31, 35, 39, §4556; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §305.8]

[2002 Acts, 2nd Ex, ch 1003, §260, 262]

456.11 Maps — surveys.
The operator of any underground mine shall comply with the following provisions relative to maps and surveys:

1. Scale. Each mine map shall be drawn to a scale of not more than two hundred feet to the inch.

2. General specifications. Each map shall show the name of the state, county, and township in which the mine is located, the designation of the mine, the name of the company or operator, the certificate of the mining engineer or surveyor as to the accuracy and date of the survey, the north point, and the scale to which the map is drawn.

3. Boundaries and surface lines. Every map shall correctly show the surface boundary lines of the mineral rights pertaining to each mine and all section or quarter section lines or corners within the same, the lines of town lots and streets, the tracks and sidetracks of all railroads, the location of all wagon roads, rivers, streams, and ponds, and reservations made of the mineral.

4. Underground conditions. For the underground workings, the map shall show all shafts, slopes, tunnels, or other openings to the surface or to the workings of a contiguous mine; all excavations, entries, rooms, and crosscuts; the location of the escape ways, and of the fan or furnace or other means of ventilation and the direction of air currents, and the location of permanent pumps, hauling engines, engine planes, abandoned works, fire walls, and standing water.

5. Separate maps. A separate and similar map drawn to the same scale in all cases shall be made of each layer of minerals mined in any mine in this state. A separate map shall also be made of the surface whenever the surface buildings, lines, or objects are so numerous as to obscure the details of the mine workings if drawn upon the same sheet with them, and in such case the surface map shall be drawn upon transparent cloth or paper so that it can be laid upon the map of the underground workings and thus truly indicate the local relation of lines and objects on the surface to the excavations of the mine and any other principal workings of the mine.

6. Rise and dip of minerals. Each map of underground workings shall also show by profile drawing and measurement, the last one hundred fifty feet approaching the boundary lines, showing the rise and dip of the minerals.

7. Copies. The original or true copies of the maps shall be kept at the office of the mine, and true copies thereof shall also be furnished the state geologist within thirty days after the completion of the same.

8. Extensions. An accurate extension of the last preceding survey of every mine in active operation shall be made once in every twelve months prior to July 1 of every year and the result of such survey with the date thereof, shall be promptly and accurately entered upon the original map, and a true, correct, and accurate copy of the extended map shall be forwarded to the state geologist so as to show all changes in plan of new work in the mine, and all extensions of the old workings to the most advanced face or boundary of the workings which have been made since the last preceding survey, and the parts of the mine abandoned or worked out after the last preceding survey shall be clearly indicated and shown by colorings, which copy must be delivered to the state geologist within thirty days after the last survey is made.

9. Abandoned mine. When any underground mine is worked out or is about to be abandoned or indefinitely closed, the operator of the same shall make or cause to be made a completed and extended map of the mine and the result of the same shall be duly extended on all maps of the mine and copies thereof so as to show all excavations and the most advanced workings of the mine, and their exact relation to the boundary or section lines on the surface, and deliver to the state geologist a copy of the completed map.

10. Copies furnished. The state geologist shall provide the division of soil conservation within the department of agriculture and land stewardship a copy of each map and map extension received by the geologist under this section.

When the operator of any mine neglects or refuses for a period of ninety days to furnish to the state geologist the map or plan, or a copy thereof, of such mine or any extension thereof, as provided in this chapter, the state geologist shall cause to be made an accurate map or plan of such mine or extension as the case may be, at the expense of the operator. The cost shall be paid by the state and recovered from such operator. It shall be the duty of the county attorney of the county in which such mine is located, at the request of the state geologist, to bring action in the name of the state for such recovery.

[S13, §2485-a, 2496-m; C24, 27, 31, 35, 39,
456.13 Maps property of state — custody — copies.
The maps so delivered to the state geologist shall be the property of the state and shall remain in the custody of the state geologist. They shall be kept at the office of the geological survey and be open to examination by all persons interested in the maps; but such examination shall only be made in the presence of the state geologist or a designee, and the state geologist shall not permit any copies of the maps to be made without the written consent of the operator or the owner of the property, except as provided in section 456.11 or if the mine has been abandoned for at least five years.

CHAPTER 456A
REGULATION AND FUNDING — NATURAL RESOURCES DEPARTMENT

456A.1 Definitions.

456A.2 through 456A.5 Reserved.

456A.6 Expenses generally.
The members and employees of the commission, the director and officers shall be reimbursed for all actual and necessary expenses incurred by them in the discharge of their official duties when absent from their usual place of abode, unless said appointees or employees are serving under a contract which requires them to defray their own expenses.
456A.11 Reserved.

456A.12 Lighting by law enforcement vehicles of conservation officer.
The required usage of lighting devices set out in sections 321.384 through 321.409 and section 321.415 does not apply to official law enforcement vehicles operated by conservation officers appointed under section 456A.13, while these vehicles are being used in criminal investigations or while attempting to apprehend suspected criminals.

456A.13 Officers and employees — peace officer status.
The director shall employ the number of assistants, including a professionally trained state forester, that are necessary to carry out the duties imposed on the commission; and, under the same conditions, the director shall appoint the number of full-time officers and supervisory personnel that are necessary to enforce all laws of the state and rules and regulations of the commission. The full-time officers and supervisory personnel have the same powers that are conferred by law on peace officers in the enforcement of all laws of the state of Iowa and the apprehension of violators. A person appointed as a full-time officer shall be at least twenty-one years of age on the date of appointment and shall not be employed as a full-time officer after attaining the age of sixty-five. "Full-time officer" means any person appointed by the director to enforce the laws of this state.

456A.16 Income tax refund checkoff for fish and game fund.
A person who files an individual or a joint income tax return with the department of revenue under section 422.13 may designate any amount to be paid to the state fish and game protection fund. If the refund due on the return or the payment remitted with the return is insufficient to pay the additional amount designated by the taxpayer to the state fish and game protection fund, the amount designated shall be reduced to the remaining amount of refund or the remaining amount remitted with the return.

The revenues received shall be used within the state of Iowa for habitat development and shall be deposited in the state fish and game protection fund. The revenue may be used for the matching of federal funds. The revenues and matched federal funds may be used for acquisition of land, leasing of land or obtaining of easements from willing sellers for use of land as wildlife habitats for game and nongame species. Not less than fifty percent of the funds derived from the checkoff shall be used for the purposes of preserving, protecting, perpetuating and enhancing nongame wildlife in this state. Nongame wildlife includes those animal species which are endangered, threatened or not commonly pursued or killed either for sport or profit. Notwithstanding the exemption in section 427.1, the land acquired with the revenues and matched federal funds is subject to the full consolidated levy of property taxes which shall be paid from those revenues. In addition the revenues may be used for the development and enhancement of wildlife lands and habitat areas and for research and management necessary to qualify for federal funds.

The director of revenue shall draft the income tax form to allow the designation of contributions to the state fish and game protection fund on the tax return.

The department of revenue on or before January 31 of the year following the preceding calendar year shall certify the total amount designated on
the tax return forms due in the preceding calendar year and shall report the amount to the state treasurer. The state treasurer shall credit the amount to the state fish and game protection fund.

The general assembly shall appropriate annually from the state fish and game protection fund the amount credited to the fund from the checkoff to the department for the purposes specified in this section.

The action taken by a person for the checkoff is irrevocable.

The department shall adopt rules to implement this section. However, before a checkoff pursuant to this section shall be permitted, all liabilities on the books of the department of administrative services and accounts identified as owing under section 5A.504 and the political contribution allowed under section 68A.601 shall be satisfied.

All refunds and reimbursements relating to activities shall be only on authorization by the general assembly.

456A.17 Funds — restrictions.
The following four funds are created in the state treasury:

1. A state fish and game protection fund.
2. A state conservation fund.
3. An administration fund.
4. A county conservation board fund.

The state fish and game protection fund, except as otherwise provided, consists of all moneys accruing from license fees and all other sources of revenue arising under the fish and wildlife programs. Notwithstanding section 12C.7, subsection 2, interest or earnings on investments or time deposits of the moneys in the state fish and game protection fund shall be credited to that fund.

The county conservation board fund consists of all moneys credited to it by law or appropriated to it by the general assembly.

The conservation fund, except as otherwise provided, consists of all other funds accruing to the department for the purposes embraced by this chapter.

The administration fund shall consist of an equitable portion of the gross amount of the state fish and game protection fund and the state conservation fund, to be determined by the commission, sufficient to pay the expense of administration entitled by this chapter.

All receipts and refunds and reimbursements related to activities funded by the administration fund are appropriated to the administration fund. All refunds and reimbursements related to activities of the state fish and game protection fund shall be credited to the state fish and game protection fund.

Notwithstanding section 8.33, revenues deposited in the state conservation fund, and remaining in the state conservation fund on June 30 of any fiscal year shall not revert to the general fund of the state but shall remain available for expenditure for one year after the close of the fiscal year during which such revenues were deposited. Any such revenues remaining unexpended at the end of the one-year period during which the revenues are available for expenditure shall revert to the general fund of the state.

The department may apply for a loan for the construction of facilities for the collection and treatment of waste water under the state water pollution control works and drinking water facilities financing program as established in sections 455B.291 through 455B.299. In order to provide for the repayment of a loan granted under the financing program, the commission may impose a lien on not more than ten percent of the annual revenues from user fees and related revenue derived from park and recreation areas under chapter 461A which are deposited in the state conservation fund. If a lien is established as provided in this paragraph, repayment of the loan is the first priority on the revenues received and dedicated for the loan repayment each year.

The director shall, at least monthly, make return and pay to the treasurer of state all moneys then in the director’s hands belonging to the five funds.

456A.19 Expenditures.
All funds accruing to the fish and game protection fund, except an equitable portion of the administration fund, shall be expended solely in carrying on fish and wildlife activities. Expenditures incurred by the department in carrying on the activities shall be only on authorization by the general assembly.
The department shall by October 1 of each year submit to the department of management for transmission to the general assembly a detailed estimate of the amount required by the department during the succeeding year for carrying on fish and wildlife activities. The estimate shall be in the same general form and detail as required by law in estimates submitted by other state departments.

Any unexpended balance at the end of the biennium shall revert to the fish and game protection fund.

All administrative expense shall be paid from the administration fund.

All other expenditures shall be paid from the conservation fund.

All expenditures under this chapter are subject to approval by the director of management and the director of the department of administrative services.

All moneys credited to the county conservation board fund shall be used to provide grants to county conservation boards to provide funding for the purposes of chapter 350. These grants are in addition to moneys appropriated to the conservation boards from the county boards of supervisors. The grants shall be made to the conservation boards based upon the needs of the boards. Applications shall be made by the boards to the commission.

§456A.20  Limitation on nursery stock — exception.

1. Moneys appropriated to the department which are used in growing or handling nursery stock shall be used for growing or handling of the nursery stock for distribution only on state-owned lands. However, the department may do any of the following:

- Produce and sell game cover packets and trees for erosion control at private sale.
- Produce trees for a demonstration windbreak in each township in the state.
- Dispose of growing trees under a departmental plan of distribution.

2. The department shall deposit a portion of the moneys that it receives from selling trees and shrubs as provided in this section to the forestry management and enhancement fund as created in section 456A.21. The amount deposited in the fund shall equal five cents for each coniferous tree and ten cents for each hardwood tree and shrub sold.

§456A.21 Forestry management and enhancement fund.

1. A forestry management and enhancement fund is created in the state treasury under the department’s control. The fund is composed of moneys deposited into the fund pursuant to section 456A.20, moneys appropriated by the general assembly, and moneys available to and obtained or accepted by the department from the United States or private sources for placement in the fund.

2. Moneys in the fund are subject to an annual audit by the auditor of state. The fund is subject to warrants written by the director of the department of administrative services, drawn upon the written requisition of the department.

3. The fund shall be used exclusively to support the management and enhancement of forests, including woodlands or timber stands in this state, on private lands in cooperation with the owners of those lands. The department shall use moneys in the fund to support the following full-time equivalent positions in addition to those supported from the general fund of the state:

- Four forestry technicians who shall serve regions of the state as designated by the department.
- One professional forester who shall serve the southwest region of the state.

4. The fund shall be used exclusively to support the management and enhancement of forests, including woodlands or timber stands in this state, on private lands in cooperation with the owners of those lands. The department shall use moneys in the fund to support the following full-time equivalent positions in addition to those supported from the general fund of the state:

5. The commission may adopt rules pursuant to chapter 17A to administer this section.

6. Section 8.33 shall not apply to moneys in the fund. Notwithstanding section 12C.7, moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this section.

7. Any unexpended balance at the end of the biennium shall revert to the forestry management and enhancement fund.

8. Legislative findings; 99 Acts, ch 206, §24

§456A.23 General duties.

The department shall protect, propagate, increase, and preserve the wild mammals, fish, birds, reptiles, and amphibians of the state and enforce by proper actions and proceedings the laws, rules, and regulations relating to them. The department shall collect, classify, and preserve all statistics, data, and information as in its opinion tend to promote the objects of this chapter; conduct research in improved conservation methods, and disseminate information to residents and nonresidents of Iowa in conservation matters.
456A.24 Specific powers.

The department is hereby authorized and empowered to:

1. Expend, as authorized by the general assembly under section 456A.19, any and all moneys accruing to the fish and game protection fund from any and all sources in carrying out the purposes of this chapter; any Act, or Acts, not consistent with this provision are hereby repealed so far as they may apply to the fish and game protection fund.

2. Acquire by purchase, condemnation, lease, agreement, gift, and devise lands or waters suitable for the purposes hereinafter enumerated, and rights of way thereto, and to maintain the same for the following purposes, to wit:
   a. Public hunting, fishing, and trapping grounds and waters to provide areas in which any person may hunt, fish, or trap in accordance with the law and the rules of the department;
   b. Fish hatcheries, fish nurseries, game farms, and wild mammal, fish, bird, reptile, and amphibian refuges.

3. Extend and consolidate lands or waters suitable for the above purposes by exchange for other lands or waters and to purchase, erect, and maintain buildings necessary to the work of the department.

4. Capture, propagate, buy, sell, or exchange any species of wild mammal, fish, bird, reptile, and amphibian needed for stocking the lands or waters of the state, and to feed, provide for, and care for them.

5. The department is hereby authorized to adopt and enforce such departmental rules governing procedure as may be necessary to carry out the provisions of this chapter; also to carry out any other laws the enforcement of which is vested in the department.

6. The department is hereby further authorized to adopt, publish, and enforce such administrative orders as are authorized in section 481A.38.

7. Pay the salaries, wages, compensation, traveling, and other necessary expenses of the commissioners, director, officers, and other employees of the department, and to expend money for necessary supplies and equipment, and to make such other expenditures as may be necessary for the carrying into effect the purposes of this chapter.

8. Control by shooting or trapping any wild mammal, fish, bird, reptile, and amphibian for the purpose of preventing the destruction of or damage to private or public property, but shall not go upon private property for that purpose without the consent of the owner or occupant.

9. Provide for the protection against fire and other destructive agencies on state and privately owned forests, parks, wildlife areas, and other property under its jurisdiction, and cooperate with federal and other state agencies in protection programs approved by the department, and with the consent of the owner, on privately owned areas.

10. Provide conservation employees, when on duty, suitable uniforms, equipment, arms, and supplies.

11. Establish a program governing the harvesting and sale of American ginseng subject to the convention on international trade in endangered species of wild fauna and flora and adopt rules providing for the time and conditions for harvesting the ginseng; the registration of dealers and exporters, the records kept by dealers and exporters, and the certification of legal taking. The time for harvesting of wild ginseng shall not begin before September 1 or extend beyond November 1. A person violating this subsection or rules adopted by the department pursuant to this subsection is subject to a scheduled fine pursuant to section 805.8B, subsection 4.

13. Apply to any appropriate agency or officer of the United States government to participate in or receive aid from any federal program relating to forests or forestry management. The department may enter into contracts and agreements with the United States government or an appropriate agency of the United States government or commercial enterprises as necessary to secure funding for the acquisition, development, improvement, and management of forests and other resources and to provide funds or assistance to local governments or private citizens involved in forestry management. In connection with obtaining the benefits of a forestry program, the director shall coordinate the department's activities with and represent the interests of all state agencies and the political subdivisions of the state having interests in forests or forestry management.

14. Enter into an interstate wildlife violators compact with one or more states to enforce state laws and rules relating to the protection and conservation of wildlife subject to the requirements of section 28E.9. The commission may adopt rules as necessary for the implementation of the compact.

The state of Iowa assents to the provisions of the Act of Congress entitled “An Act to provide that the United States shall aid the states in wildlife restoration projects, and for other purposes”, approved September 2, 1937, 50 Stat. L. 917, and the department may perform acts as necessary to the conduct and establishment of co-operative wildlife restoration projects, as defined in the Act of Congress, in compliance with the Act and with regulations promulgated by the secretary of agriculture under the Act. No funds accruing to the state of Iowa from fishing license fees shall be diverted for any other purposes than as set out in sections 456A.17 and 456A.19.

456A.30 Federal assistance for outdoor recreation.
The legislature finds that the state of Iowa and its subdivisions should enjoy the benefits of federal assistance programs for the planning and development of the outdoor recreation resources of the state, including the acquisition of lands and waters and interests therein. It is the purpose of this section and sections 456A.31 through 456A.34 to provide authority to enable the state of Iowa and its subdivisions to participate in the benefits of such programs.

456A.32 Application for aid.
The department may apply to any appropriate agency or officer of the United States for participation in or the receipt of aid from any federal program respecting outdoor recreation. The department may enter into contracts and agreements with the United States or any appropriate agency of the United States and, for purposes of preparation, maintenance, and updating of the comprehensive plan, may from time to time engage and contract for the services and advice of a professional planner of outdoor recreation plans and facili-
ties and hire employees for such purposes as deemed necessary. In connection with obtaining the benefits of any such program, the department shall co-ordinate the department's activities with and represent the interests of all agencies and subdivisions of the state having interests in the planning, development, and maintenance of outdoor recreation resources and facilities.

456A.34 Limit on state's commitment.
The department shall not make a commitment or enter into an agreement pursuant to an exercise of authority under sections 456A.30 through 456A.35 until the department has determined that sufficient funds are available to the department for meeting the state's share, if any, of project costs. It is the legislative intent that, to the extent necessary to assure the proper operation and maintenance of areas and facilities acquired or developed pursuant to any program participated in by this state under authority of these sections, the areas and facilities shall be publicly maintained for outdoor recreation purposes. The department may enter into and administer agreements with the United States or any appropriate agency of the United States for planning, acquisition, and development projects involving participating federal aid funds on behalf of any subdivision of this state, if the subdivision gives necessary assurances to the department that it has available sufficient funds to meet its shares, if any, of the cost of the project and that the acquired or developed areas will be operated and maintained at the expense of the subdivision for public outdoor recreation use.

456A.36 Timber buyers.
1. As used in this section, unless the context otherwise requires:
   a. "Employee" means a person in service or under contract for hire, expressed or implied, oral or written, who is engaged in any phase of the enterprise or business.
   b. "Timber" means trees, standing or felled, and logs which can be used for sawing or processing into lumber for building or structural purposes or for the manufacture of an article. However, "timber" does not include firewood, Christmas trees, fruit or ornamental trees or wood products not used or to be used for building, structural, manufacturing, or processing purposes.
   c. "Timber buyer" means a person engaged in the business of buying timber from the timber growers for sawing into lumber, for processing, or for resale, but does not include a person who occasionally purchases timber for sawing or processing for the person's own use and not for resale. "Timber buyer" includes a person who contracts with a timber grower on a shared-profit basis to harvest timber from the timber grower's land.
   d. "Timber grower" means the owner, tenant, or operator of land in this state who has an interest in, or is entitled to receive a part of the proceeds from, the sale of timber grown in this state and includes a person exercising authority to sell timber.
   e. "Timber buyer" includes a person who contracts with a timber grower on a shared-profit basis to harvest timber from the timber grower's land.
   d. "Timber grower" means the owner, tenant, or operator of land in this state who has an interest in, or is entitled to receive a part of the proceeds from, the sale of timber grown in this state and includes a person exercising authority to sell timber.
   e. "Timber grower" includes a person who contracts with a timber grower on a shared-profit basis to harvest timber from the timber grower's land.

2. A timber buyer shall file with the commission a surety bond signed by the person as principal and a corporate surety authorized to engage in the business of executing surety bonds within the state. In lieu of a corporate surety a timber buyer may, with the approval of the commission, file a bond signed by the timber buyer as principal and accompanied by a bank certificate of deposit in a form approved by the commission showing to the satisfaction of the commission that funds equal to the amount of the required bond are on deposit in a bank to be held by the bank for the period covered by the certificate. The funds shall be made payable upon demand to the director, subject to the provisions of this section, for the use and benefit

of the people of the state and for the use and benefit of a timber grower from whom the timber buyer purchased and who is not paid by the timber buyer or for the use and benefit of a timber grower whose timber has been cut by the timber buyer or the timber buyer’s agents, and who has not been paid.

The principal amount of the bond shall be ten percent of the total amount paid to timber growers during the preceding year, plus ten percent of the total amount due or delinquent and unpaid to timber growers at the end of the preceding year, and ten percent of the market value of growers’ shares of timber harvested during the previous year. However, the total amount of the bond shall be not less than three thousand dollars and not more than fifteen thousand dollars.

The bond or surety shall not be canceled or altered except upon at least sixty days’ notice in writing to the commission.

Bonds shall be in the form approved by the director, be conditioned to secure an honest cutting and accounting for timber purchased by the timber buyer, secure payment to the timber growers, and insure the timber growers against all fraudulent acts of the timber buyer in the purchase and cutting of the timber of this state.

If a timber buyer fails to pay when due an amount due a timber grower for timber purchased, or fails to pay legally determined damages for timber wrongfully cut by a timber buyer or the buyer’s agent, or commits a violation of this section, an action on the bond for forfeiture may be commenced. The action is not exclusive and is in addition to other legal remedies available.

The timber grower, the owner of timber cut, or the director may bring action on the bond for payment of the amount due from proceeds of the bond in the district court of the county in which the place of business of the timber buyer is situated or in any other lawful venue.

The attorney general, upon request of the commission, shall institute proceedings to have the bond of the timber buyer forfeited for violation of any of the provisions of this section or for noncompliance with a commission rule. A timber buyer whose bond has been forfeited shall not engage in the business of buying timber for one year after the forfeiture.

If the commission realizes more than the amount of liability from the security, after deducting expenses incurred in converting the security into money, the commission shall pay the excess to the timber buyer who furnished the security.

3. The following are violations of this section:
   a. For a timber buyer to fail to pay, as agreed, for timber purchased.
   b. For a timber buyer to cut or cause to be cut or appropriate timber not purchased.
   c. For a timber buyer to willfully make a false statement in connection with the bond or other information required to be given to the commission or a timber grower.
   d. For a timber buyer to fail to honestly account to the timber grower or the commission for timber purchased or cut if the buyer is under a duty to do so.
   e. For a timber buyer to commit a fraudulent act in connection with the purchase or cutting of timber.
   f. For a timber buyer to transport timber without written proof of ownership or the written consent of the owner.
   g. For a person to purchase timber without obtaining, prior to taking possession of the timber, written proof of the vendor’s ownership of the timber or the written consent of the owner of the timber. The purchaser shall keep the written proof of ownership or consent on file for at least three months from the date the timber was released to the purchaser’s possession.

4. a. With the written consent of the timber buyer, the commission, its agents and other employees may inspect the premises and records of the timber buyer.
   b. If the timber buyer refuses admittance, or if prior to such refusal the director demonstrates the necessity for a warrant, the director may make application under oath to the district court of the county in which the premises or records are located for the issuance of a search warrant.
   c. In the application the director shall state that an inspection of the premises or record designated in the application may result in evidence tending to reveal the existence of violations of the provisions of this section or rule issued by the commission pursuant to this section. The application shall describe the premises or records to be inspected, give the date of the last inspection if known, give the date and time of the proposed inspection, declare the need for such inspection, recite that notice of desire to make an inspection has been given to affected persons and that admission was refused if that be the fact, and state that the inspection has no purpose other than to carry out the purpose of the statute or rule pursuant to which inspection is to be made.
   d. The court may issue a search warrant, after examination of the applicant and any witnesses, if the court is satisfied that there is probable cause to believe the existence of the allegations contained in the application.
   e. In making investigations, examinations, or surveys pursuant to the authority of this subsection, the director must execute the warrant in a reasonable manner within ten days after its date of issuance.

5. A person who engages in business as a timber buyer without filing a bond or surety with the commission or in violation of any of the provisions of this section, or a timber buyer who refuses to permit inspection of premises, books, accounts, or records as provided in this section is guilty of a serious misdemeanor.

6. The commission may promulgate rules as
necessary to carry out the provisions of this section.
7. The commission may, by application to a district court, obtain an injunction restraining a person who engages in the business of timber buying in this state from engaging in the business until that person complies with this section. Upon refusal or neglect to obey the order of the court, the court may compel obedience by proceedings for contempt.

456A.37 Aquatic invasive species — prevention and control.
1. Definitions. As used in this section:
   a. “Eurasian water milfoil” means myriophyllum spicatum, a submerged aquatic weed that invades lakes, ponds, reservoirs, and other bodies of water.
   b. “Infestation of an aquatic invasive species” means an infestation of Eurasian water milfoil that occupies more than twenty percent of the littoral area of a body of water or an infestation of any other species defined as an aquatic invasive species in this section.
   c. “Aquatic invasive species” means a species that is not native to an ecosystem and whose introduction causes or is likely to cause economic or environmental harm or harm to human health including but not limited to habitat alteration and degradation, and loss of biodiversity. For the purposes of this section, “aquatic invasive species” are limited to Eurasian water milfoil, purple loosestrife, and zebra mussels, except as provided in subsection 4.
   d. “Purple loosestrife” means lythrum salicaria, a wetland plant that invades marshes, lakeshores, and other wetlands.
   e. “Watercraft” means any vessel which through the buoyance of water floats upon the water and is capable of carrying one or more persons.
   f. “Zebra mussel” means dreissena polymorpha, a small mussel that invades lakes, rivers, and other bodies of water.
2. Aquatic invasive species management plan.
   Before January 1, 2005, the commission shall prepare a long-term statewide aquatic invasive species water management plan. The plan shall address all of the following:
   a. The detection and prevention of accidental introductions into the state of aquatic invasive species.
   b. A public awareness campaign regarding aquatic invasive species.
   c. The control and eradication of aquatic invasive species in public waters.
   d. The development of a plan of containment strategies that at a minimum includes all of the following:
      (1) The participation by lake associations, local citizen groups, and local units of government in the development of lake management plans where aquatic invasive species exist.
      (2) Notice to travelers of the penalties for violation of laws relating to aquatic invasive species.
3. Grants. The director of the department of natural resources shall accept gifts, donations, and grants to aid in accomplishing the control and eradication of aquatic invasive species.
4. Rulemaking. The commission shall adopt rules pursuant to chapter 17A for the implementation and administration of this section. The rules shall do all of the following:
   a. Restrict the introduction, propagation, use, possession, and spread of aquatic invasive species.
   b. Identify bodies of water with infestations of aquatic invasive species. The department shall require that such bodies of water be posted as infested. The department may prohibit boating, fishing, swimming, and trapping in infested bodies of water.
   If the commission determines that an additional species should be defined as an “aquatic invasive species”, the species may be defined by the commission by rule as an “aquatic invasive species” subject to enactment of the definition by the general assembly at the next regular session of the general assembly. Failure of the general assembly to enact the definition pursuant to this paragraph constitutes a nullification of the definition effective upon adjournment of that next regular session of the general assembly.
5. Prohibitions.
   a. A person shall not do any of the following:
      (1) Transport an aquatic invasive species on a public road.
      (2) Place a trailer or launch a watercraft that contains or to which an aquatic invasive species is attached in public waters.
      (3) Operate a watercraft in a marked aquatic invasive species infestation area.
   b. A person who violates this subsection is subject to a scheduled fine pursuant to section 805.8B, subsection 5.

456B.1 Definitions.
As used in this chapter unless the context otherwise requires:
1. “Commission” means the natural resource commission.
2. “Department” means the department of natural resources created under section 455A.2.
3. “Director” means the director of the department.
4. “Protected wetlands” means type 3, type 4, and type 5 wetlands as described in circular 39, Wetlands of the United States, 1971 Edition, published by the United States department of the interior. However, a protected wetland does not include land where an agricultural drainage well has been plugged causing a temporary wetland or land within a drainage district or levee district.
5. “Wetlands” means an area of two or more acres in a natural condition that is mostly under water or waterlogged during the spring growing season and is characterized by vegetation of hydric soils.

C93, §456B.7

456B.8 Jurisdiction — public access.
Any such agreement with any landowner shall give the commission jurisdiction of such land, waters, and streams to accomplish the purposes set out in said agreement and in case any improvement contemplated by section 456B.7 is for the sole purpose of improving any stream and not mainly for the purpose of preventing silting in a state-owned lake, then said agreement with the landowner shall include an easement of public access to said stream where improved and along the banks thereof.
[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §108.8]
C93, §456B.8

456B.9 Accreted land.
Any land created, by any such improvement, in areas now under the jurisdiction of the state will remain under such jurisdiction until otherwise disposed of.
[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §108.9]
C93, §456B.9
456B.10 Artificial lakes — soil conservation.
In the construction of artificial lakes on intermittent streams, for which funds are appropriated by the general assembly, the commission shall not proceed with actual construction work unless and until soil conservation practices are in effect on at least seventy-five percent of the land comprising the watershed of the proposed impoundment, or a willingness to carry on such practices has been shown by the owners or operators of seventy-five percent of the land by signing of a soil conservation farm plan and co-operative agreements with the local soil and water conservation district governing body.

456B.11 Agricultural drainage wells — wetlands — conservation easements.
The department shall develop and implement a program for the acquisition of wetlands and conservation easements on and around wetlands that result from the closure or change in use of agricultural drainage wells upon implementation of the programs specified in section 460.302 to eliminate groundwater contamination caused by the use of agricultural drainage wells. The program shall be coordinated with the department of agriculture and land stewardship. The department may use moneys appropriated for this purpose from the agriculture management account of the groundwater protection fund in addition to other moneys available for wetland acquisition, protection, development, and management.

456B.12 Inventory of protected wetlands.
The department shall inventory the wetlands and marshes of each county and make a preliminary designation as to which constitute protected wetlands. The department shall consult with the county conservation board in making the preliminary designations. Upon completion of the inventory with preliminary designations, the department shall use an existing map or prepare a map and a list of the marshes and wetlands which are designated as protected wetlands in each county. The department shall file at least one copy of the list and map with the county conservation board and the county recorder. The department shall notify the landowners affected by the preliminary wetlands designation by certified mail. The notice shall state that any person may challenge the designation of the protected wetlands or may request the designation of additional marshes or wetlands as protected wetlands, by doing one of the following:
1. Filing a petition for a hearing with the director within sixty days following the date of notice. The petition shall state specifically the reasons for disputing the preliminary designations of the department. The hearing shall be held in the county within sixty days following the expiration of the sixty-day period for filing petitions.
2. Filing a request for mediation with the farm mediation service as provided in section 654A.16 within sixty days following the date of the notice. The department shall participate in mediation as provided in section 654A.16.

Within sixty days following the completion of the hearing, or the issuance of a mediation release in which both parties agree to the designation or no agreement is reached, the director shall issue an order designating the protected wetlands in the county. The order shall be considered a final decision of the department in a contested case for the purposes of judicial review pursuant to chapter 17A.

456B.13 Protection of wetlands.
1. A person shall not drain a protected wetland without first obtaining a permit from the department.
2. The department shall not issue a permit to drain a protected wetland except under one of the following conditions:
a. The protected wetland is replaced by the applicant with a wetland of equal or greater value as determined by the department.
b. The protected wetland does not meet the criteria for continued designation as a protected wetland.
3. This section does not prohibit any of the following:
a. A landowner utilizing the bed of a protected wetland for pasture or cropland if there is no construction of dikes, ditches, tile lines, or buildings and the agricultural use does not result in drainage.
b. A person maintaining, repairing, or replacing an improvement to a drainage district as provided in chapter 468, as long as the improvement continues to serve the drainage district and the functions of the improvement are not expanded beyond the scope of functions as designed prior to the maintenance, repair, or replacement.
§456B.14, SPECIAL PROVISIONS — NATURAL RESOURCES DEPARTMENT

Civil penalty.
A person who violates the permit requirement of section 456B.13 is subject to a civil penalty of not more than five hundred dollars for each day that the violation continues. A civil penalty assessed under this section shall not apply until the fourth day after a violator is given written notification of the violation.

457A.2 Definitions.
1. “Conservation easement” means an easement in, servitude upon, restriction upon the use of, or other interest in land owned by another, created for any of the purposes set forth in section 457A.1. A conservation easement shall be transferable to any other public body authorized to acquire conservation easements. A conservation easement shall be perpetual unless expressly limited to a lesser term, or unless released by the holder, or unless a change of circumstances renders the easement no longer beneficial to the public. A comparative economic test shall not be used to determine whether a conservation easement is beneficial to the public. A conservation easement shall be enforceable during the term of the easement notwithstanding sections 614.24 through 614.38.
2. “Natural and cultural resources” includes, but is not limited to, archaeological and historical resources.

457A.3 Recording.
Conservation easements shall be recorded as other instruments affecting real estate are recorded, and each public body acquiring one or more conservation easements shall maintain a current inventory thereof. Unrecorded and uninventoryed conservation easements shall be deemed abandoned.
CHAPTER 457B

MIDWEST INTERSTATE LOW-LEVEL RADIOACTIVE WASTE COMPACT

457B.1 Low-level radioactive waste compact. The midwest interstate low-level radioactive waste compact is entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I — POLICY AND PURPOSE

There is created the "Midwest Interstate Low-Level Radioactive Waste Compact". The states party to this compact recognize that the Congress of the United States, by enacting the Low-Level Radioactive Waste Policy Act, as amended by the Low-Level Radioactive Waste Policy Amendments Act of 1985, has provided for and encouraged the development of low-level radioactive waste compacts as a tool for disposing of such waste. The party states acknowledge that the Congress declared that each state is responsible for providing for the availability of disposal for low-level radioactive waste generated as a result of certain defense activities of the federal government or other activities that are the responsibility of the federal government. The party states also recognize that the disposal of low-level radioactive waste is handled most efficiently on a regional basis and that the safe and efficient management of low-level radioactive waste generated in the region requires that sufficient capacity to dispose of such waste be properly provided.

It is the policy of the party states to enter into a regional low-level radioactive waste disposal compact for the purpose of:

1. Providing the instrument and framework for a cooperative effort;
2. Providing sufficient facilities for the proper and efficient disposal of low-level radioactive waste that is generated in the region;
3. Protecting the health and safety of the citizens of the region;
4. Ensuring source reduction and the environmentally sound treatment of waste that is generated to minimize the amount of waste to be disposed of;
5. Ensuring that the costs, expenses, liabilities, and obligations of low-level radioactive waste disposal are paid by generators and other persons who use compact facilities to dispose of their waste;
6. Ensuring that the obligations of low-level radioactive waste disposal are paid by generators and other persons who use compact facilities to dispose of their waste;
7. Ensuring that the obligations of low-level radioactive waste disposal are paid by generators and other persons who use compact facilities to dispose of their waste;
8. Ensuring that the party states that comply with the requirements of the compact shall be entitled to the benefits and privileges provided therein; and
9. Ensuring that the party states that comply with the requirements of the compact shall be entitled to the benefits and privileges provided therein.

The powers accorded by this chapter shall be in addition to, and not in derogation of, all powers provided by law with respect to the public bodies and consent organizations established or created pursuant to the requirements of the Compact.

The powers accorded by this chapter shall be in addition to, and not in derogation of, all powers provided by law with respect to the public bodies and consent organizations established or created pursuant to the requirements of the Compact.

A conservation easement may be held by a private, nonprofit organization for public benefit if the instrument granting the easement or the bylaws of the organization provide that the easement will be transferred to a public body or other private, nonprofit organization upon the dissolution of the private, nonprofit organization.
with the terms of this compact and fulfill their obligations under it share equitably in the benefits of the successful disposal of low-level radioactive waste; and

9. Ensuring the environmentally sound, economical, and secure disposal of low-level radioactive wastes.

b. Implicit in the congressional consent to this compact is the expectation by the Congress and the party states that the appropriate federal agencies will actively assist the compact commission and the individual party states to this compact by:
   1. Expeditious enforcement of federal rules, regulations, and laws;
   2. Imposition of sanctions against those found to be in violation of federal rules, regulations, and laws; and
   3. Timely inspection of their licensees to determine their compliance with these rules, regulations, and laws.

ARTICLE II — DEFINITIONS

As used in this compact, unless the context clearly requires a different construction:

a. “Care” means the continued observation of a facility after closing for the purposes of detecting a need for maintenance, ensuring environmental safety, and determining compliance with applicable licensure and regulatory requirements and including the correction of problems which are detected as a result of that observation.

b. “Close”, “closed”, or “closing” means that the compact facility with respect to which any of those terms are used has ceased to accept low-level radioactive waste for disposal. “Permanently closed” means that the compact facility with respect to which the term is used has ceased to accept low-level radioactive waste because a compact facility has operated for twenty years or a longer period of time as authorized by article VI, section 1, its capacity has been reached, the commission has authorized it to close pursuant to article III, section h, subsection 7, the host state of such facility has withdrawn from the compact or had its membership revoked, or this compact has been dissolved.

c. “Commission” means the midwest interstate low-level radioactive waste commission.

d. “Compact facility” means a waste disposal facility that is located within the region and that is established by a party state pursuant to the designation of that state as a host state by the commission.

e. “Development” includes the characterization of potential sites for a waste disposal facility, siting of such a facility, licensing of such a facility, and other actions taken by a host state prior to the commencement of construction of a facility to fulfill its obligations as a host state.

f. “Disposal” with regard to low-level radioactive waste, means the permanent isolation of that waste in accordance with the requirements established by the United States nuclear regulatory commission or the licensing agreement state.

g. “Disposal plan” means the plan adopted by the commission for the disposal of low-level radioactive waste within the region.

h. “Facility” means a parcel of land or site, together with the structures, equipment, and improvements on or appurtenant to the land or site, which is or has been used for the disposal of low-level radioactive waste, which is being developed for that purpose, or upon which the construction of improvements or installation of equipment is occurring for that purpose.

i. “Final decision” means a final action of the commission determining the legal rights, duties, or privileges of any person. “Final decision” does not include preliminary, procedural, or intermediate actions by the commission, actions regulating the internal administration of the commission, or actions of the commission to enter into or refrain from entering into contracts or agreements with vendors to provide goods or services to the commission.

j. “Generator” means a person who first produces low-level radioactive waste, including, without limitation, any person who does so in the course of or incident to manufacturing, power generation, processing, waste treatment, waste storage, medical diagnosis and treatment, research, or other industrial or commercial activity. If the person who first produced an item or quantity of low-level radioactive waste cannot be identified, “generator” means the person first possessing the low-level radioactive waste who can be identified.

k. “Host state” means any state which is designated by the commission to host a compact facility or has hosted a compact facility.

l. “Long-term care” means those activities taken by a host state after a compact facility is permanently closed to ensure the protection of air, land, and water resources and the health and safety of all people who may be affected by the compact facility.

m. “Low-level radioactive waste” or “waste” means radioactive waste that is not classified as high-level radioactive waste and that is Class A, B, or C low-level radioactive waste as defined in 10 C.F.R. § 61.55, as that section existed on January 26, 1983. “Low-level radioactive waste” or “waste” does not include any such radioactive waste that is owned or generated by the United States department of energy; by the United States navy as a result of the decommissioning of its vessels; or as a result of research, development, testing, or production of an atomic weapon.

n. “Operates”, “operational”, or “operating” means that the compact facility with respect to which any of those terms is used accepts low-level radioactive waste for disposal.

o. “Party state” means an eligible state that enacts this compact into law, pays any eligibility fee established by the commission, and has not with-
drawn from this compact or had its membership in this compact revoked, provided that a state that has withdrawn from this compact or had its membership revoked becomes a party state if it is re-admitted to membership in this compact pursuant to article VIII, section a. “Party state” includes a host state. “Party state” also includes statutorily created administrative departments, agencies, or instrumentalities of a party state, but does not include municipal corporations, regional or local units of government, or other political subdivisions of a party state that are responsible for governmental activities on less than a statewide basis.

p. “Person” means any individual, corporation, association, business enterprise, or other legal entity either public or private and any legal successor, representative, agent, or agency of that individual, corporation, association, business enterprise, or other legal entity. “Person” also includes the United States, states, political subdivisions of states, and any department, agency, or instrumentality of the United States or a state.

q. “Region” means the area of the party states.

r. “Site” means the geographic location of a facility.

s. “State” means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands or other territorial possession of the United States.

u. “Treatment” means any method, technique or process, including storage for radioactive decay, designed to change the physical, chemical or biological characteristics or composition of low-level radioactive waste in order to render the low-level radioactive waste safer for transport or management, amenable to recovery, convertible to another usable material or reduced in volume.

v. “Waste management,” “manage waste,” “management of waste,” “management,” or “managed” means the storage, treatment, or disposal of low-level radioactive waste.

ARTICLE III — THE COMMISSION

a. There is created the midwest interstate low-level radioactive waste commission. The commission consists of one voting member from each party state. The governor of each party state shall notify the commission in writing of its member and any alternates. An alternate may act on behalf of the member only in that member’s absence. The method for selection and the expenses of each commission member shall be the responsibility of the member’s respective state.

b. Each commission member is entitled to one vote. Except as otherwise specifically provided in this compact, an action of the commission is binding if a majority of the total membership casts its vote in the affirmative. A party state may direct its member or alternate member of the commission how to vote or not vote on matters before the commission.

c. The commission shall elect annually from among its members a chairperson. The commission shall adopt and publish, in convenient form, bylaws and policies which are not inconsistent with this compact, including procedures for the use of binding arbitration under article VI, section o, and procedures which substantially conform with the provisions of the federal Administrative Procedure Act (5 U.S.C. § 500 to 559) in regard to notice, conduct, and recording of meetings; access by the public to records; provision of information to the public; conduct of adjudicatory hearings; and issuance of decisions.

d. The commission shall meet at least once annually and shall also meet upon the call of the chairperson or any other commission member.

e. All meetings of the commission shall be open to the public with reasonable advance notice. The commission may, by majority vote, close a meeting to the public for the purpose of considering sensitive personnel or legal strategy matters. However, all commission actions and decisions shall be made in open meetings and appropriately recorded.

f. The commission may establish advisory committees for the purpose of advising the commission on any matters pertaining to waste management.

g. The office of the commission shall be in a party state. The commission may appoint or contract for and compensate such limited staff necessary to carry out its duties and functions. The staff shall have the responsibilities and authority delegated to it by the commission in its bylaws. The staff shall serve at the commission’s pleasure with the exception that staff hired as the result of securing federal funds shall be hired and governed under applicable federal statutes and regulations. In selecting any staff, the commission shall assure that the staff has adequate experience and formal training to carry out the functions assigned to it by the commission.

h. The commission may do any or all of the following:

1. Appear as an intervenor or party in interest before any court of law or any federal, state, or local agency, board, or commission in any matter related to waste management. In order to represent its views, the commission may arrange for any expert testimony, reports, evidence, or other participation.

2. Review any emergency closing of a compact facility, determine the appropriateness of that closing, and take whatever lawful actions are necessary to ensure that the interests of the region are protected.

3. Take any action which is appropriate and necessary to perform its duties and functions as provided in this compact.
4. Approve the disposal of naturally occurring and accelerator-produced radioactive material at a compact facility. The commission shall not approve the acceptance of such material without first making an explicit determination of the effect of the new low-level radioactive waste stream on the compact facility's maximum capacity. Such approval requires the affirmative vote of a majority of the commission, including the affirmative vote of the member from the host state of the compact facility that would accept the material for disposal. Any such host state may at any time rescind its vote granting the approval and, thereafter, additional naturally occurring and accelerator-produced radioactive material shall not be disposed of at a compact facility unless the disposal is again approved. All provisions of this compact apply to the disposal of naturally occurring and accelerator-produced radioactive material that has been approved for disposal at a compact waste facility pursuant to this subsection.

5. Enter into contracts in order to perform its duties and functions as provided in this compact.

6. When approved by the commission, with the member from each host state in which an affected compact facility is operating or being developed or constructed voting in the affirmative, enter into agreements to do any of the following:
   (a) Import for disposal within the region low-level radioactive waste generated outside the region.
   (b) Export for disposal outside the region low-level radioactive waste generated inside the region.
   (c) Dispose of low-level radioactive waste generated within the region at a facility within the region that is not a compact facility.

7. Authorize a host state to permanently close a compact facility located within its borders earlier than otherwise would be required by article VI, section i. Such closing requires the affirmative vote of a majority of the commission, including the affirmative vote of the member from the state in which the affected compact facility is located.

i. The commission shall do all of the following:
   1. Submit an annual report to, and otherwise communicate with, the governors and the appropriate officers of the legislative bodies of the party states regarding the activities of the commission.
   2. Adopt and amend, by a two-thirds vote of the membership, in accordance with the procedures and criteria developed pursuant to article IV, a regional disposal plan which designates host states for the establishment of needed compact facilities.
   3. Adopt an annual budget.
   4. Establish and implement a procedure for determining the capacity of a compact facility. The capacity of a compact facility shall be established as soon as reasonably practical after the host state of the compact facility is designated and shall not be changed thereafter without the consent of the host state. The capacity of a compact facility shall be based on the projected volume, radioactive characteristics, or both, of the low-level radioactive waste to be disposed of at the compact facility during the period set forth in article VI, section i.

5. Provide a host state with funds necessary to pay reasonable development expenses incurred by the host state after it is designated to host a compact facility.

6. Establish and implement procedures for making payments from the remedial action fund provided for in section p.

7. Establish and implement procedures to investigate a complaint joined in by two or more party states regarding another party state's performance of its obligations.

8. Adopt policies promoting source reduction and the environmentally sound treatment of low-level radioactive waste in order to minimize the amount of low-level radioactive waste to be disposed of at compact facilities.

9. Establish and implement procedures for obtaining information from generators regarding the volume and characteristics of low-level radioactive waste projected to be disposed of at compact facilities and regarding generator activities with respect to source reduction, recycling, and treatment of low-level radioactive waste.

10. Prepare annual reports regarding the volume and characteristics of low-level radioactive waste projected to be disposed of at compact facilities.

j. Funding for the commission shall be provided as follows:
   1. When no compact facility is operating, the commission may assess fees to be collected from generators of low-level radioactive waste in the region. The fees shall be reasonable and equitable. The commission shall establish and implement procedures for assessing and collecting the fees. The procedures may allow the assessing of fees against less than all generators of low-level radioactive waste in the region; provided that if fees are assessed against less than all generators of waste in the region, generators paying the fees shall be reimbursed the amount of the fees, with reasonable interest, out of the revenues of operating compact facilities.
   2. When a compact facility is operating, funding for the commission shall be provided through a surcharge collected by the host state as part of the fee system provided for in article VI, section j. The surcharge to be collected by the host state shall be determined by the commission and shall be reasonable and equitable.
   3. In the aggregate, the fees or surcharges, as the case may be, shall be no more than is necessary to:
      (a) Cover the annual budget of the commission.
      (b) Provide a host state with the funds neces-
sary to pay reasonable development expenses incurred by the host state after it is designated to host a compact facility.

c. Provide moneys for deposit in the remedial action fund established pursuant to section p.

d. Provide moneys to be added to an inadequately funded long-term care fund as provided in article VI, section o.

k. Financial statements of the commission shall be prepared according to generally accepted accounting principles. The commission shall contract with an independent certified public accountant to annually audit its financial statements and to submit an audit report to the commission. The audit report shall be made a part of the annual report of the commission required by this article.

l. The commission may accept for any of its purposes and functions and may utilize and dispose of any donations, grants of money, equipment, supplies, materials and services from any state or the United States, or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm, or corporation. The nature, amount, and condition, if any, attendant upon any donation or grant accepted or received by the commission together with the identity of the donor, grantor, or lender, shall be detailed in the annual report of the commission.

m. The commission is a legal entity separate and distinct from the party states. Members of the commission and its employees are not personally liable for actions taken by them in their official capacity. The commission is not liable or otherwise responsible for any costs, expenses, or liabilities resulting from the development, construction, operation, regulation, closing, or long-term care of any compact facility or any noncompact facility made available to the region by any contract or agreement entered into by the commission under section h, subsection 6. Nothing in this section relieves the commission of its obligations under this article or under contracts to which it is a party. Any liabilities of the commission are not liabilities of the party states.

n. Final decisions of the commission shall be made, and shall be subject to judicial review, in accordance with all of the following conditions:

1. Every final decision shall be made at an open meeting of the commission. Before making a final decision, the commission shall provide an opportunity for public comment on the matter to be decided. Each final decision shall be reduced to writing and shall set forth the commission's reasons for making the decision.

2. Before making a final decision, the commission may conduct an adjudicatory hearing on the proposed decision.

3. Judicial review of a final decision shall be initiated by filing a petition in the United States district court for the district in which the person seeking the review resides or in which the commission's office is located not later than sixty days after issuance of the commission's written decision. Concurrently with filing the petition for review with the court, the petitioner shall serve a copy of the petition on the commission. Within five days after receiving a copy of the petition, the commission shall mail a copy of it to each party state and to all other persons who have notified the commission of their desire to receive copies of such petitions. Any failure of the commission to so mail copies of the petition does not affect the jurisdiction of the reviewing court. Except as otherwise provided in this subsection, standing to obtain judicial review of final decisions of the commission and the form and scope of the review are subject to and governed by 5 U.S.C. § 706.

4. If a party state seeks judicial review of a final decision of the commission that does any of the following, the facts shall be subject to trial de novo by the reviewing court unless trial de novo of the facts is affirmatively waived in writing by the party state:
   (a) Imposes financial penalties on a party state.
   (b) Suspends the right of a party state to have waste generated within its borders disposed of at a compact facility or at a noncompact facility made available to the region by an agreement entered into by the commission under section h, subsection 6.
   (c) Terminates the designation of a party state as a host state.
   (d) Revokes the membership of a party state in this compact.
   (e) Establishes the amounts of money that a party state that has withdrawn from this compact or had its membership in this compact revoked is required to pay under article VIII, section e. Any such trial de novo of the facts shall be governed by the federal rules of civil procedure and the federal rules of evidence.

5. Preliminary, procedural, or intermediate actions by the commission that precede a final decision are subject to review only in conjunction with review of the final decision.

6. Except as provided in subsection 5, actions of the commission that are not final decisions are not subject to judicial review.

o. Unless approved by a majority of the commission, with the member from each host state in which an affected compact facility is operating or is being developed or constructed voting in the affirmative, no person shall do any of the following:

1. Import low-level radioactive waste generated outside the region for disposal within the region.

2. Export low-level radioactive waste generated within the region for disposal outside the region.

3. Manage low-level radioactive waste generated outside the region at a facility within the region.

4. Dispose of low-level radioactive waste gen-
erated within the region at a facility within the region that is not a compact facility.

p. The commission shall establish a remedial action fund to pay the costs of reasonable remedial actions taken by a party state if an event results from the development, construction, operation, closing, or long-term care of a compact facility that poses a threat to human health, safety, or welfare or to the environment. The amount of the remedial action fund shall be adequate to pay the costs of all reasonably foreseeable remedial actions. A party state shall notify the commission as soon as reasonably practical after the occurrence of any event that may require the party state to take a remedial action. The failure of a party state to notify the commission does not limit the rights of the party state under this section.

If the moneys in the remedial action fund are inadequate to pay the costs of reasonable remedial actions, the amount of the deficiency is a liability with respect to which generators shall provide indemnification under article VII, section g. Generators who provide the required indemnification have the rights of contribution provided in article VII, section g. This section applies to remedial action taken by a party state regardless of whether the party state takes the remedial action on its own initiative or because it is required to do so by a court or regulatory agency of competent jurisdiction.

q. If the commission makes payment from the remedial action fund provided for in section p, the commission is entitled to obtain reimbursement under applicable rules of law from any person who is responsible for the event giving rise to the remedial action. Reimbursement may be obtained from a party state only if the event giving rise to the remedial action resulted from the activities of that party state as a generator of waste.

r. If this compact is dissolved, all moneys held by the commission shall be used first to pay for any ongoing or reasonably anticipated remedial actions. Remaining moneys shall be distributed in a fair and equitable manner to those party states that have operating or closed compact facilities within their borders and shall be added to the long-term care funds maintained by those party states.

ARTICLE IV — REGIONAL DISPOSAL PLAN

The commission shall adopt and periodically update a regional disposal plan designed to ensure the safe and efficient disposal of low-level radioactive waste generated within the region. In adopting a regional low-level radioactive waste disposal plan, the commission shall do all of the following:

a. Adopt procedures for determining, consistent with considerations for public health and safety, the type and number of compact facilities which are presently necessary and which are projected to be necessary to dispose of low-level radioactive waste generated within the region;

b. Develop and adopt procedures and criteria for identifying a party state as a host state for a compact facility. In developing these criteria, the commission shall consider all of the following:

1. The health, safety, and welfare of the citizens of the party states.
2. The existence of compact facilities within each party state.
3. The minimization of low-level radioactive waste transportation.
4. The volumes and types of low-level radioactive wastes projected to be generated within each party state.
5. The environmental impacts on the air, land, and water resources of the party states.
6. The economic impacts on the party states.

c. Conduct such hearings, and obtain such reports, studies, evidence, and testimony required by its approved procedures prior to identifying a party state as a host state for a needed compact facility;

d. Prepare a draft disposal plan and any update thereof, including procedures, criteria, and host states, which shall be made available in a convenient form to the public for comment. Upon the request of a party state, the commission shall conduct a public hearing in that state prior to the adoption or update of the disposal plan. The disposal plan and any update thereof shall include the commission’s response to public and party state comment.

ARTICLE V — RIGHTS AND OBLIGATIONS OF PARTY STATES

a. Each party state shall act in good faith in the performance of acts and courses of conduct which are intended to ensure the provision of facilities for regional availability and usage in a manner consistent with this compact.

b. Except for low-level radioactive waste attributable to radioactive material or low-level radioactive waste imported into the region in order to render the material or low-level radioactive waste amenable to transportation, storage, disposal, or recovery, or in order to convert the low-level radioactive waste or material to another usable material, or to reduce it in volume or otherwise treat it, each party state has the right to have all low-level radioactive wastes generated within its borders disposed of at compact facilities subject to the payment of all fees established by the host state under article VI, section j, and to the provisions contained in article VI, sections l and s, article VIII, section d, article IX, sections c and d, and article X. All party states have an equal right to the payment of all fees established by the host state subject to the provisions contained in article VI, sections l and s, article VIII, sections c and d, and article X.
c. If a party state's right to have waste generated within its borders disposed of at compact facilities, or at any noncompact facility made available to the region by an agreement entered into by the commission under article III, section h, subsection 6, is suspended, low-level radioactive waste generated within its borders by any person shall not be disposed of at any such facility during the period of the suspension.

d. To the extent permitted by federal law, each party state may enforce any applicable federal and state laws, regulations, and rules pertaining to the packaging and transportation of waste generated within or passing through its borders. Nothing in this section shall be construed to require a party state to enter into any agreement with the United States nuclear regulatory commission.

e. Each party state shall provide to the commission any data and information the commission requires to implement its responsibilities. Each party state shall establish the capability to obtain any data and information required by the commission.

f. If, notwithstanding the sovereign immunity provision in article VII, section f, subsection 1, and the indemnification provided for in article III, section p, article VI, section o, and article VII, section g, a party state incurs a cost as a result of an inadequate remedial action fund or an exhausted long-term care fund, or incurs a liability as a result of an action described in article VII, section f, subsection 1, and not described in article VII, section f, subsection 2, the cost or liability shall be the pro rata obligation of each party state and each state that has withdrawn from this compact or had its membership in this compact revoked. The commission shall determine each state's pro rata obligation in a fair and equitable manner based on the amount of low-level radioactive waste from each such state that has been or is projected to be disposed of at the compact facility with respect to which the cost or liability to be shared was incurred. No state shall be obligated to pay the pro rata obligation of any other state. The pro rata obligations provided for in this section do not result in the creation of state debt. Rather, the pro rata obligations are contractual obligations that shall be enforced by only the commission or an affected party state.

g. If the party states make payment pursuant to this section, the surcharge or fee provided for in article III, section j, shall be used to collect the funds necessary to reimburse the party states for those payments. The commission shall determine the time period over which reimbursement shall take place.

ARTICLE VI — DEVELOPMENT, OPERATION, AND CLOSING OF COMPACT FACILITIES

a. A party state may volunteer to become a host state, and the commission may designate that state as a host state.

b. If not all compact facilities required by the regional disposal plan are developed pursuant to section a, the commission may designate a host state.

c. After a state is designated a host state by the commission, it is responsible for the timely development and operation of the compact facility it is designated to host. The development and operation of the compact facility shall not conflict with applicable federal and host state laws, rules, and regulations, provided that the laws, rules, and regulations of a host state and its political subdivisions shall not prevent, nor shall they be applied so as to prevent, the host state's discharge of the obligation set forth in this section. The obligation set forth in this section is contingent upon the discharge by the commission of its obligation set forth in article III, section i, subsection 5.

d. If a party state designated as a host state fails to discharge the obligations imposed upon it by section c, its host state designation may be terminated by a two-thirds vote of the commission with the member from the host state of any then operating compact facility voting in the affirmative. A party state whose host state designation has been terminated has failed to fulfill its obligations as a host state and is subject to the provisions of article VIII, section d.

e. Any party state designated as a host state may request the commission to relieve that state of the responsibility to serve as a host state. Except as set forth in section d, the commission may relieve a party state of its responsibility only upon a showing by the requesting party state that, based upon criteria established by the commission that are consistent with applicable federal criteria, no feasible potential compact facility site exists within its borders. A party state relieved of its host state responsibility shall repay to the commission any funds provided to that state by the commission for the development of a compact facility, and also shall pay to the commission the amount the commission determines is necessary to ensure that the commission and the other party states do not incur financial loss as a result of the state being relieved of its host state responsibility. Any funds so paid to the commission with respect to the financial loss of the other party states shall be distributed forthwith by the commission to the party states that would otherwise incur the loss. In addition, until the state relieved of its responsibility is again designated as a host state and a compact facility located in that state begins operating, it shall annually pay to the commission, for deposit in the remedial action fund, an amount the commission determines is fair and equitable in light of the fact the state has been relieved of the responsibility to host a compact facility, but continues to enjoy the benefits of being a member of this compact.

f. The host state shall select the technology for
the compact facility. If requested by the commission, information regarding the technology selected by the host state shall be submitted to the commission for its review. The commission may require the host state to make changes in the technology selected by the host state if the commission demonstrates that the changes do not decrease the protection of air, land, and water resources and the health and safety of all people who may be affected by the compact facility. If requested by the host state, any commission decision requiring the host state to make changes in the technology shall be preceded by an adjudicatory hearing in which the commission shall have the burden of proof.

g. A host state may assign to a private contractor the responsibility, in whole or in part, to develop, construct, operate, close, or provide long-term care for a compact facility. Assignment of such responsibility by a host state to a private contractor does not relieve the host state of any responsibility imposed upon it by this compact. A host state may secure indemnification from the private contractor for any costs, liabilities, and expenses incurred by the host state resulting from the development, construction, operation, closing, or long-term care of a compact facility.

h. To the extent permitted by federal and state law, a host state shall regulate and license any compact facility within its borders and ensure the long-term care of that compact facility.

i. A host state shall ensure that a compact facility within its borders that is permanently closed is properly cared for so as to ensure protection of air, land, and water resources and the health and safety of all people who may be affected by the facility.

j. The development of subsequent compact facilities shall be as follows:

1. No compact facility shall begin operating until the commission designates the host state of the next compact facility.

2. The following actions shall be taken by the state designated to host the next compact facility within the specified number of years after the compact facility it is intended to replace begins operation:

   a. Within three years, enact legislation providing for the development of the next compact facility or take those actions necessary to secure that the state has been designated to host. If a host state fails to take any of these actions within the specified time, all low-level radioactive waste generated by a person within that state shall be denied access to the then operating compact facility, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, section d, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, section e, subsection 6, until the license is obtained. The state designated to host the next compact facility.

b. Within seven years, initiate site characterization investigations and tests to determine licensing suitability for the next compact facility.

c. Within eleven years, submit a license application for the next compact facility that the responsible licensing authority deems complete.

If a host state fails to take any of these actions within the specified time, all low-level radioactive waste generated by a person within that state shall be denied access to the then operating compact facility, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, section d, subsection 6, until the action is taken. Denial of access may be rescinded by the commission, with the member from the host state of the then operating compact facility voting in the affirmative. A host state that fails to take any of these actions within the specified time has failed to fulfill its obligations as a host state and is subject to the provisions of this section, and article VIII, section d.

3. Within fourteen years after a compact facility begins operating, the state designated to host the next compact facility shall have obtained a license from the responsible licensing authority to construct and operate the compact facility the state has been designated to host. If the license is not obtained within the specified time, all low-level radioactive waste generated by any person within the state designated to host the next compact facility shall be denied access to the then operating compact facility, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, section h, subsection 6, until the license is obtained. The state designated to host the next compact facility shall have failed in its obligations as a host state and shall be subject to section d, and article VIII, section d. In addition, at the sole option of the host state of the then operating compact facility, all low-level radioactive waste generated by any person within any party state that has not fully discharged its obligations under section i, shall be denied access to the then operating com-
pact facility, and to a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, section h, subsection 6, until the license is obtained. Denial of access may be rescinded by the commission, with the member from the host state of the then operating compact facility voting in the affirmative.

4. If twenty years after a compact facility begins operating, the next compact facility is not ready to begin operating, the state designated to host the next compact facility shall have failed in its obligation as a host state and shall be subject to section d, and article VIII, section d. If at the time the capacity of the then operating compact facility has been reached, or twenty years after the facility began operating, whichever occurs first, the next compact facility is not ready to begin operating, the host state of the then operating compact facility, without the consent of any other party state or the commission, may continue to operate the facility until a compact facility in the next host state is ready to begin operating. During any such period of continued operation of a compact facility, all low-level radioactive waste generated by any person within the state designated to host the next compact facility shall be denied access to the then operating compact facility and to a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, section h, subsection 6. In addition, during such period, at the sole option of the host state of the then operating compact facility, all low-level radioactive waste generated by any person within any party state that has not fully discharged its obligations under section i, shall be denied access to the then operating compact facility and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, section h, subsection 6. Denial of access may be rescinded by the commission, with the member from the host state of the then operating compact facility voting in the affirmative. The provisions of this subsection shall not apply if their application is inconsistent with an agreement between the host state of the then operating compact facility and the commission as authorized in section i, or inconsistent with section p or q.

5. During any period that access is denied for low-level radioactive waste disposal pursuant to section l, subsections 2, 3, or 4, the party state designated to host the next compact disposal facility shall pay to the host state of the then operating compact facility an amount the commission determines is reasonably necessary to ensure that the host state, or an agency or political subdivision thereof, does not incur financial loss as a result of the denial of access.

6. The commission may modify any of the requirements contained in section l, subsections 2 and 3, if it finds that circumstances have changed so that the requirements are unworkable or unnecessarily rigid or no longer serve to ensure the timely development of a compact facility. The commission may adopt such a finding by a two-thirds vote, with the member from the host state of the then operating compact facility voting in the affirmative.

n. This compact shall not prevent an emergency closing of a compact facility by a host state to protect air, land, and water resources and the health and safety of all people who may be affected by the compact facility. A host state that has an emergency closing of a compact facility shall notify the commission in writing within three working days of its action and shall, within thirty working days of its action, demonstrate justification for the closing.

o. A party state that has fully discharged its obligations under section i shall not again be designated a host state of a compact facility without its consent until each party state has been designated to host a compact facility and has fully discharged its obligations under section i, or has been relieved under section e, of its responsibility to serve as a host state.

p. Each host state of a compact facility shall establish a long-term care fund to pay for monitoring, security, maintenance, and repair of the facility after it is permanently closed. The expenses of administering the long-term care fund shall be paid out of the fund. The fee system established by the host state that establishes a long-term care fund shall be used to collect moneys in amounts that are adequate to pay for all long-term care of the compact facility. The moneys shall be deposited into the long-term care fund. Except where the matter is resolved through arbitration, the amount to be collected through the fee system for deposit into the fund shall be determined through an agreement between the commission and the host state establishing the fund. Not less than three years, nor more than five years, before the compact facility it is designated to host is scheduled to begin operating, the host state shall propose to the commission the amount to be collected through the fee system for deposit into the fund. If, one hundred eighty days after such proposal is made to the commission, the host state and the commission have not agreed, either the commission or the host state may require the matter to be decided through binding arbitration. The method of administration of the fund shall be determined by the host state establishing the long-term care fund, provided that moneys in the fund shall be used only for the purposes set forth in this section, and shall be invested in accordance with the standards applicable to trustees under the laws of the host state establishing the fund. If, after a compact facility is closed, the commission determines the long-term care fund established with respect to that compact facility is not adequate to pay for all long-term care for that compact facility, the
commission shall collect and pay over to the host state of the closed compact facility, for deposit into the long-term care fund, an amount determined by the commission to be necessary to make the amount in the fund adequate to pay for all long-term care of the compact facility. If a long-term care fund is exhausted and long-term care expenses for the compact facility with respect to which the fund was created have been reasonably incurred by the host state of the compact facility, those expenses are a liability with respect to which generators shall provide indemnification as provided in article VII, section g. Generators that provide indemnification shall have contribution rights as provided in article VII, section g.

p. A host state that withdraws from the compact or has its membership revoked shall immediately and permanently close any compact facility located within its borders, except that the commission and a host state may enter into an agreement under which the host state may continue to operate, as a noncompact facility, a facility within its borders that, before the host state withdrew or had its membership revoked, was a compact facility.

q. If this compact is dissolved, the host state of any then operating compact facility shall immediately and permanently close the compact facility, provided that a host state may continue to operate a compact facility or resume operating a previously closed compact facility, as a noncompact facility, subject to all of the following requirements:

1. The host state shall pay to the other party states the portion of the funds provided to that state by the commission for the development, construction, operation, closing, or long-term care of a compact facility that is fair and equitable, taking into consideration the period of time the compact facility located in that state was in operation and the amount of waste disposed of at the compact facility, provided that a host state that has fully discharged its obligations under section i, shall not be required to make such payment.

2. The host state shall physically segregate low-level radioactive waste disposed of at the compact facility after this compact is dissolved from low-level radioactive waste disposed of at the compact facility before this compact is dissolved.

3. The host state shall indemnify and hold harmless the other party states from all costs, liabilities, and expenses, including reasonable attorneys' fees and expenses, caused by operating the compact facility after this compact is dissolved, provided that this indemnification and hold-harmless obligation shall not apply to costs, liabilities, and expenses resulting from the activities of a host state as a generator of waste.

4. Moneys in the long-term care fund established by the host state that are attributable to the operation of the compact facility before this compact is dissolved, and investment earnings thereon, shall be used only to pay the cost of monitoring, securing, maintaining, or repairing that portion of the compact facility used for the disposal of low-level radioactive waste before this compact is dissolved. Such moneys and investment earnings, and moneys added to the long-term care fund through a distribution authorized by article III, section r, also may be used to pay the cost of any remedial action made necessary by an event resulting from the disposal of waste at the facility before this compact is dissolved.

r. Financial statements of a compact facility shall be prepared according to generally accepted accounting principles. The commission may require the financial statements to be audited on an annual basis by a firm of certified public accountants selected and paid by the commission.

s. Low-level radioactive waste may be accepted for disposal at a compact facility only if the generator of the low-level radioactive waste has signed, and there is on file with the commission, an agreement to provide indemnification to a party state, or employee of that state, for all of the following:

1. Any cost of a remedial action described in article III, section p, that, due to inadequacy of the remedial action fund, is not paid as set forth in that provision.

2. Any expense for long-term care described in section o that, due to exhaustion of the long-term care fund, is not paid as set forth in that provision.

3. Any liability for damages to persons, property, or the environment incurred by a party state, or employee of that state while acting within the scope of employment, resulting from the development, construction, operation, regulation, closing, or long-term care of a compact facility, or a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, section h, subsection 6, or other matter arising from this compact. The agreement also shall require generators to indemnify the party state or employee against all reasonable attorney's fees and expenses incurred in defending an action for such damages. This indemnification shall not extend to liability based on any of the following:

(a) The activities of the party states as generators of waste.

(b) The obligations of the party states to each other and the commission imposed by this compact or other contracts related to the disposal of low-level radioactive waste under this compact.

(c) Activities of a host state or employees thereof that are grossly negligent or willful and wanton.

The agreement shall provide that the indemnification obligation of generators shall be joint and several, except that the indemnification obligation of the party states with respect to their activities as generators of low-level radioactive waste shall not be joint and several, but instead shall be prorated according to the amount of waste that
each state had disposed of at the compact facility giving rise to the liability. Such proration shall be calculated as of the date of the event giving rise to the liability. The agreement shall be in a form approved by the commission with the member from the host state of any then operating compact facility voting in the affirmative. Among generators there shall be rights of contribution based on equitable principles, and generators shall have rights of contribution against another person responsible for such damages under common law, statute, rule, or regulation, provided that a party state that through its own activities did not generate any low-level radioactive waste disposed of at the compact facility giving rise to the liability, an employee of such a party state, and the commission may waive the requirement that the party state sign and file such an indemnification agreement as a condition to being able to dispose of low-level radioactive waste generated as a result of the party state’s activities. Such a waiver shall not relieve a party state of the indemnification obligation imposed by article VII, section g.

ARTICLE VII — OTHER LAWS AND REGULATIONS

a. Nothing in this compact:
1. Abrogates or limits the applicability of any act of Congress or diminishes or otherwise impairs the jurisdiction of any federal agency expressly conferred thereon by the Congress;
2. Prevents the enforcement of any other law of a party state which is not inconsistent with this compact;
3. Prohibits any generator from storing or treating, on its own premises, low-level radioactive waste generated by it within the region;
4. Affects any administrative or judicial proceeding pending on the effective date of this compact;
5. Alters the relations between and the respective internal responsibility of the government of a party state and its subdivisions;
6. Affects the generation, treatment, storage, or disposal of waste generated by the atomic energy defense activities of the secretary of the United States department of energy or successor agencies or federal research and development activities as described in 42 U.S.C. § 2021;
7. Affects the rights and powers of any party state or its political subdivisions, to the extent not inconsistent with this compact, to regulate and license any facility or the transportation of waste within its borders.
8. Requires a party state to enter into any agreement with the United States nuclear regulatory commission.
9. Limits, expands, or otherwise affects the authority of a state to regulate low-level radioactive waste classified by any agency of the United States government as below regulatory concern or otherwise exempt from federal regulation.

b. If a court of the United States finally determines that a law of a party state conflicts with this compact, this compact shall prevail to the extent of the conflict. The commission shall not commence an action seeking such a judicial determination unless commencement of the action is approved by a two-thirds vote of the membership of the commission.

c. Except as authorized by this compact, no law, rule, or regulation of a party state or of any of its subdivisions or instrumentalities may be applied in a manner which discriminates against the generators of another party state.

d. Except as provided in article III, section m, and section f of this article, no provision of this compact shall be construed to eliminate or reduce in any way the liability or responsibility, whether arising under common law, statute, rule, or regulation, of any person for penalties, fines, or damages to persons, property, or the environment resulting from the development, construction, operation, closing, or long-term care of a compact facility, or a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, section h, subsection 6, or other matter arising from this compact. The provisions of this compact shall not alter otherwise applicable laws relating to compensation of employees for workplace injuries.

e. Except as provided in 28 U.S.C. § 1251(a), the district courts of the United States have exclusive jurisdiction to decide cases arising under this compact. This section does not apply to proceedings within the jurisdiction of state or federal regulatory agencies or to judicial review of proceedings before state or federal regulatory agencies. This section shall not be construed to diminish other laws of the United States conferring jurisdiction on the courts of the United States.

f. For the purposes of activities pursuant to this compact, the sovereign immunity of party states and employees of party states shall be as follows:
1. A party state or employee thereof, while acting within the scope of employment, shall not be subject to suit or held liable for damages to persons, property, or the environment resulting from the development, construction, operation, regulation, closing, or long-term care of a compact facility, or any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, section h, subsection 6. This applies whether the claimed liability of the party state or employee is based on common law, statute, rule, or regulation.
2. The sovereign immunity granted in subsection 1 does not apply to any of the following:
   a. Actions based upon the activities of the party states as generators of low-level radioactive waste. With regard to those actions, the sovereign immunity of the party states shall not be affected
by this compact.

(b) Actions based on the obligations of the party states to each other and the commission imposed by this compact, or other contracts related to the disposal of low-level radioactive waste under this compact. With regard to those actions, the party states shall have no sovereign immunity.

(c) Actions against a host state, or employee thereof, when the host state or employee acted in a grossly negligent or willful and wanton manner.

(g) If in an action described in section f, subsection 1, and not described in section f, subsection 2, it is determined that, notwithstanding section f, subsection 1, a party state, or employee of that state who acted within the scope of employment, is liable for damages or has liability for other matters arising under this compact as described in article VI, section s, subsection 3, the generators who caused waste to be placed at the compact facility with respect to which the liability was incurred shall indemnify the party state or employee against that liability. Those generators also shall indemnify the party state or employee against all reasonable attorney’s fees and expenses incurred in defending against any such action. The indemnification obligation of generators under this section shall be joint and several, except that the indemnification obligation of party states with respect to their activities as generators of waste shall not be joint and several, but instead shall be prorated according to the amount of waste each state has disposed of at the compact facility giving rise to the liability. Among generators, there shall be rights of contribution based upon equitable principles, and generators shall have rights of contribution against another person responsible for damages under common law, statute, rule, or regulation. A party state that through its own activities did not generate low-level radioactive waste disposed of at the compact facility giving rise to the liability, an employee of a party state, and the commission shall have no contribution obligation under this section. This section shall not be construed as a waiver of the sovereign immunity provided for in section f, subsection 1.

The sovereign immunity of a party state provided for in section f, subsection 1, shall not be extended to a private contractor assigned responsibilities as authorized in article VI, section g.

ARTICLE VIII — ELIGIBLE PARTIES, WITHDRAWAL, REVOCATION, SUSPENSION OF ACCESS, ENTRY INTO FORCE, AND TERMINATION

a. Any state may petition the commission to be eligible for membership in the compact. The commission may establish appropriate eligibility requirements. These requirements may include, but are not limited to, an eligibility fee or designation as a host state. A petitioning state becomes eligible for membership in the compact upon the approval of the commission, including the affirmative vote of the member from each host state in which a compact facility is operating or being developed or constructed. Any state becoming eligible upon the approval of the commission becomes a member of the compact when the state enacts this compact into law and pays the eligibility fee established by the commission.

b. The commission is formed upon the appointment of commission members and the tender of the membership fee payable to the commission by three party states. The governor of the first state to enact this compact shall convene the initial meeting of the commission. The commission shall cause legislation to be introduced in the Congress which grants the consent of the Congress to this compact, and shall take action necessary to organize the commission and implement the provisions of this compact.

c. A party state that has fully discharged its obligations under article VI, section i, or has been relieved under article VI, section e, of its responsibilities to serve as a host state, may withdraw from this compact by repealing the authorizing legislation and by receiving the unanimous consent of the commission. Withdrawal takes effect on the date specified in the commission resolution consenting to withdrawal. All legal rights of the withdrawn state established under this compact, including, but not limited to, the right to have low-level radioactive waste generated within its borders disposed of at compact facilities, cease upon the effective date of withdrawal, but any legal obligations of that party state under this compact, including, but not limited to, those set forth in section e continue until they are fulfilled.

d. Any party state that fails to comply with the terms of this compact or fails to fulfill its obligations may have reasonable financial penalties imposed against it, may have the right to have low-level radioactive waste generated within its borders disposed of at compact facilities, or a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, section h, subsection 6, suspended, or may have its membership in the compact revoked by a two-thirds vote of the commission, provided that the membership of the party state designated to host the next compact facility shall not be revoked unless the member from the host state of a then operating compact facility votes in the affirmative. Revocation takes effect on the date specified in the resolution revoking the party state's membership. All legal rights of the revoked party state established under this compact, including, but not limited to, the right to have low-level radioactive waste generated within its borders disposed of at compact facilities, cease upon the effective date of revocation, but any legal obligations of that party state under this compact, including, but not limited to, those set forth in section e continue until they are fulfilled. The chairperson of the commission shall transmit written
notice of a revocation of a party state's membership in the compact, suspension of a party state's low-level radioactive waste disposal rights, or imposition of financial penalties immediately following the vote of the commission to the governor of the affected party state, governors of all the other party states, and the Congress of the United States.

e. A party state that withdraws from this compact or has its membership in the compact revoked before it has fully discharged its obligations under article VI forthwith shall repay to the commission the portion of the funds provided to that state by the commission for the development, construction, operation, closing, or long-term care of a compact facility that the commission determines is fair and equitable, taking into consideration the period of time the compact facility located in that host state was in operation and the amount of low-level radioactive waste disposed of at the compact facility. If at any time after a compact facility begins operating, a party state withdraws from the compact or has its membership revoked, the withdrawing or revoked party state shall be obligated forthwith to pay to the commission, the amount the commission determines would have been paid under the fee system established by the host state of the compact facility, to dispose of at the compact facility the estimated volume of low-level radioactive waste generated in the withdrawing or revoked party state that would have been disposed of at the compact facility from the time of withdrawal or revocation until the time the compact facility is closed. Any funds so paid to the commission shall be distributed by the commission to the persons who would have been entitled to receive the funds had they originally been paid to dispose of low-level radioactive waste at the facility. Any person receiving funds from the commission shall apply the funds to the purposes to which they would have been applied had they originally been paid to dispose of low-level radioactive waste at the facility. Any person receiving funds from the commission shall apply the funds to the purposes to which they would have been applied had they originally been paid to dispose of low-level radioactive waste at the facility. In addition, a withdrawing or revoked party state forthwith shall pay to the commission an amount the commission determines to be necessary to cover all other costs and damages incurred by the commission and the remaining party states as a result of the withdrawal or revocation. The intention of this section is to eliminate the amount the commission determines is reasonably necessary to ensure that the host state, or any political subdivision thereof, does not incur financial loss as a result of the suspension of access.

g. This compact becomes effective upon enactment by at least three eligible states and consent to this compact by the Congress. The consent given to this compact by the Congress shall extend to any future admittance of new party states and to the power of the commission to regulate the shipment and disposal of waste and disposal of naturally occurring and accelerator-produced radioactive material pursuant to this compact. Amendments to this compact are effective when enacted by all party states and, if necessary, consented to by the Congress. To the extent required by the Low-Level Radioactive Waste Policy Amendments Act of 1985, 42 U.S.C. § 2021(d)(4)(d), every five years after this compact has taken effect, the Congress by law may withdraw its consent.

h. The withdrawal of a party state from this compact, the suspension of low-level radioactive waste disposal rights, the termination of a party state's designation as a host state, or the revocation of a state's membership in this compact does not affect the applicability of this compact to the remaining party states.

i. This compact may be dissolved and the obligations arising under this compact may be terminated only as follows:

1. Through unanimous agreement of all party states expressed in duly enacted legislation; or

2. Through withdrawal of consent to this compact by the Congress under Article I, section 10, of the United States Constitution, in which case dissolution shall take place one hundred twenty days after the effective date of the withdrawal of consent.

Unless explicitly abrogated by the state legislation dissolving this compact, or if dissolution results from withdrawal of congressional consent, the limitations on the investment and use of long-term care funds in article VI, section o and section q, subsection 4, the contractual obligations in article V, section f, the indemnification obligations and contribution rights in article VI, sections o and s, and article VII, section g, and the operation rights indemnification and hold-harmless obligations in article VI, section q, shall remain in force notwithstanding dissolution of this compact.

ARTICLE IX — PENALTIES AND ENFORCEMENT

a. Each party state shall prescribe and enforce penalties against any person who is not an official of another state for violation of any provision of this compact.

b. The parties to this compact intend that the courts of the United States shall specifically enforce the obligations, including the obligations of party states and revoked or withdrawn party
states, established by this compact.

c. The commission, an affected party state, or both may obtain injunctive relief, recover damages, or both to prevent or remedy violations of this compact.

d. Each party state acknowledges that the transport into a host state of low-level radioactive waste packaged or transported in violation of applicable laws, rules, and regulations may result in the imposition of sanctions by the host state which may include reasonable financial penalties assessed against any generator, transporter, or collector responsible for the violation, or suspension or revocation of access to the compact facility in the host state by a generator, transporter, or collector responsible for the violation.

e. Each party state has the right to seek legal recourse against a party state which acts in violation of this compact.

f. This compact shall not be construed to create a cause of action for a person other than a party state or the commission. Nothing in this section shall limit the right of judicial review set forth in article III, section n, subsection 3, or the rights of contribution set forth in article III, section p, article VI, sections o and s, and article VII, section g.

ARTICLE X — SEVERABILITY AND CONSTRUCTION

The provisions of this compact shall be severable and if any provision of this compact is finally determined by a court of competent jurisdiction to be contrary to the constitution of a participating state or of the United States or the application thereof to a person or circumstance is held invalid, the validity of the remainder of this compact to that person or circumstance and the applicability of the entire compact to any other person or circumstance shall not be affected thereby. If a provision of this compact shall be held contrary to the constitution of a state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters. If any provision of this compact imposing a financial obligation upon a party state, or a state that has withdrawn from this compact or had its membership in this compact revoked, is finally determined by a court of competent jurisdiction to be unenforceable due to the state’s constitutional limitations on its ability to pay the obligation, then that state shall use its best efforts to obtain an appropriation to pay the obligation, and, if the state is a party state, its right to have low-level radioactive waste generated within its borders disposed of at compact facilities, or a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, section h, subsection 6, shall be suspended until the appropriation is obtained.

458A.1 Declaration of policy.  
It is declared to be in the public interest to foster, to encourage, and to promote the development, production, and utilization of natural resources of oil and gas and metallic minerals in the state in such a manner as will prevent waste; to authorize and to provide for the operation and development of oil and gas and metallic minerals properties in such a manner that a greater ultimate recovery of oil and gas and metallic minerals be had and that the correlative rights of all owners be fully protected; and to encourage and to authorize such measures as will result in the greatest possible economic recovery of oil and gas and metallic minerals within the state to the end that the landowners, the royalty owners, the producers, and the general public realize and enjoy the greatest possible good from these vital natural resources. It is further declared that the general welfare of the people requires that the underground and surface water of the state be protected from pollution and conserved in the best interests of the people of the state.

C93, §458A.1

458A.2 Definitions.  
As used in this chapter, unless the context otherwise requires:
1. “Certificate of clearance” means a permit prescribed by the department for the transportation or the delivery of oil or gas or product and issued or registered in accordance with the rule or order requiring the permit.
2. “Commission” means the environmental protection commission of the department.
3. “Department” means the department of natural resources created under section 455A.2.
4. “Director” means the director of the department or a designee.
5. “Exploration” means an on-site geologic examination from the surface of an area by core, rotary, percussion, or other drilling for the purpose of obtaining stratigraphic or metallic mineral resource information or establishing the nature of a known metallic mineral deposit.
6. “Field” means the general area underlaid by one or more pools.
7. “Gas” means and includes all natural gas and all other fluid hydrocarbons which are produced at the wellhead and not hereinafter defined as oil.
8. “Illegal gas” means gas which has been produced from any well within this state in excess of the quantity permitted by any rule or order of the department.
9. “Illegal oil” means oil which has been produced from any well within the state in excess of the quantity permitted by any rule or order of the department.
10. “Illegal product” means any product derived in whole or in part from illegal oil or illegal gas.
11. “Metallic mineral resources” means the valuable minerals of an area containing metals such as, but not restricted to, lead, copper, zinc, and iron that are presently recoverable or may be recoverable in the future.
12. “Oil” means and includes crude petroleum oil and other hydrocarbons regardless of gravity which are produced at the wellhead in liquid form and the liquid hydrocarbons known as distillate or condensate recovered or extracted from gas, other than gas produced in association with oil and commonly known as casinghead gas.
13. “Owner” means the person who has the right to drill into and produce from a pool and to appropriate the oil or gas that person produces therefrom either for that person or others or for that person and others.
14. “Person” means and includes any natural person, corporation, association, partnership, receiver, trustee, personal representative, guardian, fiduciary or other representative of any kind, and includes any department, agency, or instrumentality of the state or of any governmental subdivision thereof.
15. “Pool” means an underground reservoir containing a common accumulation of oil or gas or both; each zone of a structure which is completely separated from any other zone in the same structure is a pool, as that term is used in this chapter.
16. “Producer” means the owner of a well or wells capable of producing oil or gas or both.

17. “Product” means any commodity made from oil or gas and includes refined crude oil, crude tops, topped crude, processed crude, processed crude petroleum, residue from crude petroleum, cracking stock, uncracked fuel oil, fuel oil, treated crude oil, residuum, gas oil, casinghead gasoline, natural-gas gasoline, kerosene, benzine, wash oil, waste oil, blended gasoline, lubricating oil, blends or mixtures of oil with one or more liquid products or by-products derived from oil or gas, and blends or mixtures of two or more liquid products or by-products derived from oil or gas, whether herein-above enumerated or not.

18. “Reasonable market demand” means the demand for oil or gas for reasonable current requirements for consumption and use within and without the state, together with such quantities as are reasonably necessary for building up or maintaining reasonable working stocks and reasonable reserves of oil or gas or product.

19. “Waste” means and includes
   a. Physical waste, as that term is generally understood in the oil and gas industry,
   b. The inefficient, excessive, or improper use of, or the unnecessary dissipation of reservoir energy,
   c. The location, spacing, drilling, equipping, operating, or producing of any oil or gas well or wells in a manner which causes, or tends to cause, reduction in the quantity of oil or gas ultimately recoverable from a pool under prudent and proper operations, or which causes or tends to cause unnecessary or excessive surface loss or destruction of oil or gas,
   d. The inefficient storing of oil, and
   e. The production of oil or gas in excess of transportation or marketing facilities or in excess of reasonable market demand.

20. “Well” means any hole drilled to determine stratigraphic sequence, mineralization, or for the discovery of oil or gas.

21. The word “and” includes the word “or” and the use of the word “or” includes the word “and”.

The use of the plural includes the singular and the use of the singular includes the plural.

458A.4 Duties and powers of director.
The director shall administer this chapter. The director shall make investigations the director deems proper to determine whether waste exists or is imminent or whether other facts exist which justify action. The director has the authority:

1. To require:
   a. Identification of ownership of oil or gas wells, producing leases, tanks, plants, structures, and facilities for the refining or intrastate transportation of oil and gas;
   b. The making and filing of all mechanical well logs and the filing of directional surveys if taken, and the filing of reports on well location, drilling and production, and the filing free of charge of samples and core chips and of complete cores less tested sections when requested in the department within six months after the completion or abandonment of the well;
   c. The drilling, casing, operation, and plugging of wells in such manner as to prevent the escape of oil or gas out of one stratum into another, the intrusion of water into oil or gas stratum, the pollution of fresh water supplies by oil, gas, or highly mineralized water, to prevent blowouts, cavings, seepages, and fires, and to prevent the escape of oil, gas, or water into workable coal or other mineral deposits;
   d. The furnishing of a reasonable bond with good and sufficient surety, conditioned upon the full compliance with this chapter, and the rules of the department prescribed to govern the production of oil and gas on state and private lands within the state of Iowa;
   e. That the production from wells be separated into gaseous and liquid hydrocarbons, and that each be accurately measured by the means and upon standards prescribed by the department;
   f. The operation of wells with efficient gas-oil and water-oil ratios, and to fix these ratios;
   g. Certificates of clearance in connection with the transportation or delivery of any native and indigenus Iowa produced crude oil, gas, or any product;
   h. Metering or other measuring of any native and indigenous Iowa produced crude oil, gas, or product in pipelines, gathering systems, barge terminals, loading racks, refineries, or other places; and
   i. That every person who produces, sells, purchases, acquires, stores, transports, refines, or processes native and indigenous Iowa produced crude oil or gas in this state shall keep and maintain within this state complete and accurate records of the quantities of oil or gas, which records shall be available for examination by the department at all reasonable times, and that every such person file with the department the reports it may prescribe with respect to the oil or gas or the products of the oil or gas.

2. To regulate:
   a. The drilling, producing, and plugging of wells, and all other operations for the production of oil or gas;
   b. The shooting and chemical treatment of wells;
c. The spacing of wells;

d. Operations to increase ultimate recovery such as cycling of gas, the maintenance of pressure, and the introduction of gas, water, or other substances into producing formations; and

e. Disposal of highly mineralized water and oil field wastes.

3. To limit and to allocate the production of oil and gas from any field, pool, or area.

4. To classify wells as oil or gas wells for purposes material to the interpretation or enforcement of this chapter.

5. To promulgate and to enforce rules and orders to effectuate the purposes and the intent of this chapter.

6. To make rules or orders for the classification of wells as oil wells or dry natural gas wells; or wells drilled, or to be drilled, for geological information, or as wells for secondary recovery projects, or wells for the disposal of highly mineralized water, brine, or other oil field wastes, or wells for the storage of dry natural gas, or casinghead gas, or wells for the development of reservoirs for the storage of liquid petroleum gas and for the exploration and production of metallic mineral resources.

458A.5 Drilling permit required.

It is unlawful to commence operations for the drilling of a well for oil or gas or the production of metallic minerals or to commence operations to deepen any well to a different geological formation without first giving the director notice of intention to drill, and without first obtaining a permit from the director, under rules prescribed by the department and paying to the department a fee established by rule of the department for the well. The fee shall be deposited in the general fund of the state.

458A.6 Department shall determine market demand and regulate the amount of production.

The department shall determine market demand for each marketing district and regulate the amount of production as follows:

1. The department shall limit the production of oil and gas within each marketing district to that amount which can be produced without waste, and which does not exceed the reasonable market demand.

2. When the department limits the total amount of oil or gas which may be produced in the state or a marketing district, the department shall allocate or distribute the allowable production among the pools in the district on a reasonable basis, giving, where reasonable under the circumstances to each pool with small wells of settled production, an allowable production which prevents the general premature abandonment of the wells in the pool.

3. When the department limits the total amount of oil or gas which may be produced in any pool in this state to an amount less than that amount which the pool could produce if no restriction were imposed, which limitation is imposed either incidental to, or without, a limitation of the total amount of oil or gas produced in the marketing district wherein the pool is located, the department shall allocate or distribute the allowable production among the wells or producing properties in the pool on a reasonable basis, preventing or minimizing reasonable avoidable drainage, so that each property will have the opportunity to produce or to receive its just and equitable share, subject to the reasonable necessities for the prevention of waste.

4. In allocating the market demand for gas between pools within marketing districts, the department shall give due regard to the fact that gas produced from oil pools is to be regulated in a manner which will protect the reasonable use of its energy for oil production.

5. The department is not required to determine the reasonable market demand applicable to any single pool, except in relation to all other pools within the same marketing district, and in relation to the demand applicable to the marketing district. In allocating allowables to pools, the department may consider, but is not bound by nominations of purchasers to purchase from particular fields, pools, or portions thereof. The department shall allocate the total allowable for the state in a manner which prevents undue discrimination between marketing districts, fields, pools, or portions thereof resulting from selective buying or nomination by purchasers.

458A.7 Department shall set spacing units.

The department shall set spacing units as follows:

1. When necessary to prevent waste, to avoid the drilling of unnecessary wells, or to protect correlative rights, the department shall establish spacing units for a pool. Spacing units when established shall be of uniform size and shape for the entire pool, except that when found to be necessary for any of the purposes above mentioned, the
department may divide any pool into zones and establish spacing units for each zone, which units may differ in size and shape from those established in any other zone.

2. The size and shape of spacing units are to be such as will result in the efficient and economical development of the pool as a whole.

3. An order establishing spacing units for a pool shall specify the size and shape of each unit and the location of the permitted well thereon in accordance with a reasonably uniform spacing plan. Upon application, if the director finds that a well drilled at the prescribed location would not produce in paying quantities, or that surface conditions would substantially add to the burden or hazard of drilling such well, the director is authorized to enter an order permitting the well to be drilled at a location other than that prescribed by such spacing order; however, the director shall include in the order suitable provisions to prevent the production from the spacing unit of more than its just and equitable share of the oil and gas in the pool.

4. An order establishing units for a pool shall cover all lands determined or believed to be underlaid by the pool, and may be modified by the director from time to time to include additional areas determined to be underlaid by the pool. When found necessary for the prevention of waste, or to avoid the drilling of unnecessary wells or to protect correlative rights, an order establishing spacing units in a pool may be modified by the director to increase the size of spacing units in the pool or any zone of the pool, or to permit the drilling of additional wells on a reasonable uniform plan in the pool, or any zone of the pool. Orders of the director may be appealed to the department within thirty days.

[C93, §458A.8; C66, 71, 73, 75, 77, 79, 81, §84.8; 82 Acts, ch 1199, §43, 96]

458A.9 Voluntary agreements for unit operation valid.

An agreement for the unit or co-operative development and operation of a field or pool, in connection with the conduct of a repressuring or pressure maintenance operations, cycling or recycling operations, including the extraction and separation of liquid hydrocarbons from natural gas, or any other method of operation, including water floods, may be performed without being in violation of any of the statutes of this state relating to trusts, monopolies, or contracts and combinations in restraint of trade, if the agreement is approved by the department as being in the public interest, protective of correlative rights, and reasonably necessary to increase ultimate recovery or to prevent waste of oil or gas. The agreements bind only the persons who execute them, and their heirs, successors, assigns, and legal representatives.

C93, §458A.9

458A.10 Liens for development and operating costs.

A person to whom another is indebted for expenses incurred in drilling and operating a well on a drilling unit required to be formed as provided
for in section 458A.8, may, in order to secure payment of the amount due, fix a lien upon the interest of the debtor in the production from the drilling unit or the unit area, as the case may be, by filing for record, with the recorder of the county where property involved, or any part thereof, is located, an affidavit setting forth the amount due and the interest of the debtor in such production. The person to whom the amount is payable may, at the expense of the debtor, store all or any part of the production upon which the lien exists until the total amount due, including reasonable storage charges, is paid or the commodity is sold at foreclosure sale and delivery is made to the purchaser. The lien may be foreclosed as provided for with respect to foreclosure of a lien on chattels.

458A.11 Rules covering practice before department.
1. The department shall prescribe rules governing the practice and procedure before it.
2. An order or amendment of an order, except in an emergency, shall not be made by the department without a public hearing upon at least ten days' notice. The public hearing shall be held at the time and place prescribed by the department, and any interested person is entitled to be heard.
3. When an emergency requiring immediate action is found to exist the department may issue an emergency order without notice of hearing, which shall be effective upon promulgation. An emergency order shall not remain effective for more than fifteen days.
4. Any notice required by this chapter shall be given at the election of the department either by personal service or by letter to the last recorded address and one publication in a newspaper of general circulation in the county where the land affected or some part of the land is situated. The notice shall issue in the name of the state, shall be signed by the director, shall specify the time and number of the proceeding, the time and place of the hearing, and shall briefly state the purpose of the proceeding. Should the department elect to give notice by personal service, the service may be made by any officer authorized to serve process, or by any agent of the department, in the same manner as is provided by law for the service of original notices in civil actions in the district court of the state. Proof of the service by such agent shall be by the affidavit of the person making personal service.
5. All orders issued by the department shall be in writing, shall be entered in full and indexed in books to be kept by the director for that purpose, and shall be public records open for inspection at all times during reasonable office hours. A copy of any rule or order certified by the director or any officer of the department shall be received in evidence in all courts of this state with the same effect as the original.
6. The department may act upon its own motion, or upon the petition of any interested person. On the filing of a petition concerning any matter within the jurisdiction of the department, the department shall promptly fix a date for a hearing and shall cause notice of the hearing to be given. The hearing shall be held without undue delay after the filing of the petition. The department shall enter its order within thirty days after the hearing.

458A.12 Summoning witnesses, administering oaths, requiring production of records — hearing examiners appointed.
1. The department may summon witnesses, administer oaths, and require the production of records, books, and documents for examination at any hearing or investigation conducted. A person shall not be excused from attending and testifying, or from producing books, papers, and records before the department or a court, or from obedience to the subpoena of the department or a court, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of the person may tend to incriminate the person or subject the person to a penalty or forfeiture. However this subsection does not require a person to produce any books, papers, or records, or to testify in response to any inquiry not pertinent to some question lawfully before the department or court for determination. A natural person is not subject to criminal prosecution or to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which, in spite of objections, the person may be required to testify or produce as evidence, documentary or otherwise, before the department or a court, or from producing books, papers, and records at a hearing of the department. However, a person testifying shall not be exempted from prosecution and punishment for perjury committed in so testifying.
2. In case of failure or refusal on the part of any person to comply with the subpoena issued by the department, or in case of the refusal of any witness to testify as to any matter regarding which the witness may be interrogated, any court in the state, upon the application of the department, may issue an attachment for the person and compel the person to comply with the subpoena, and to attend before the department and produce the records, books, and documents for examination, and to give testimony. The courts may punish for contempt as in the case of disobedience to a like subpoena issued by the court, or for refusal to testify.
3. The department may appoint a hearing ex-
458A.12 Oil, gas, and other minerals.

Sec. 1. Powers of the department acting by the attorney general, shall seize and sell the same, or the department may bring a civil action in rem in the district court of the county where the oil, gas, or product is found, or the department acting by the attorney general, shall issue a notice, with a copy of the complaint attached thereto, which shall be served in the manner provided for service of original notices in civil actions, upon any and all persons having or claiming any interest in the illegal oil, illegal gas, or illegal products described in the petition. Service shall be completed by the filing of an affidavit by the person making the service, stating the time and manner of making such service. Any person who fails to appear and answer within the period of thirty days shall be forever barred by the judgment based on such service. If the court, on a properly verified petition, or affidavits, or oral testimony, finds that grounds for seizure and sale exist, the court shall issue an immediate order of seizure, describing the oil, gas, or product to be seized and directing the sheriff of the county to take such oil, gas, or product into the sheriff’s custody, actual or constructive, and to hold the same subject to the further order of the court. The court, in such order of seizure, may direct the sheriff to deliver the oil, gas, or product seized by the sheriff under the order to an agent appointed by the court as the agent of the court; such agent to give bond in an amount and with such surety as the court may direct, conditioned upon the agent’s compliance with the orders of the court concerning the custody and disposition of such oil, gas, or product.

4. Any person having an interest in oil, gas, or product described in an order of seizure and contesting the right of the state to the seizure and sale thereof may, prior to the sale thereof as herein provided, obtain the release thereof, upon furnishing bond to the sheriff approved by the court, in an amount equal to one hundred fifty percent of the market value thereof as the court may direct, if and when ordered by the court, and upon full compliance with the further orders of the court.

5. If the court, after a hearing upon a petition for the seizure and sale of oil, gas, or product, finds that such oil, gas, or product is contraband, the court shall order the sale thereof by the sheriff in the same manner and upon the same notice of sale as provided by law for the sale of personal property on execution of judgment entered in a civil action except that the court may order that the illegal oil, illegal gas, or illegal product be sold in specified lots or portions and at specified intervals. Upon such sale, title to the oil, gas, or product sold shall vest in the purchaser free of the claims of any and all persons having any title thereto or interest
therein at or prior to the seizure thereof, and the
same shall be legal oil, legal gas, or legal product,
as the case may be, in the hands of the purchaser.
6. All proceeds derived from the sale of illegal
oil, illegal gas, or illegal product, as above pro-
vided, after payment of costs of suit and expenses
incident to the sale and all amounts paid as pen-
alties provided for by this chapter shall be paid to
the state treasurer and credited to the general
fund.

458A.16 Penalties.
1. Any person who violates any provision of
this chapter, or any rule or order of the department
where no other penalty is provided is guilty of a
simple misdemeanor.
2. If any person, for the purpose of evading this
chapter, or any rule or order of the department,
makes or causes to be made any false entry or
statement in a report required by this chapter or
by any rule or order, or makes or causes to be made
any false entry in any record, account, or memo-
randum required by this chapter, or by any rule or
order, or omits, or causes to be omitted, from any
record, account, or memorandum, full, true, and
correct entries as required by this chapter, or by
any rule or order, or removes from this state or de-
stroys, mutilates, alters, or falsifies any such rec-
ord, account, or memorandum, the person is guilty
of a fraudulent practice.
3. Any person knowingly aiding or abetting
any other person in the violation of any provision
of this chapter, or any rule or order of the depart-
ment is subject to the same penalty as that pre-
scribed by this chapter for the violation by the oth-
er person.

458A.17 Action to restrain violation or
threatened violation.
1. If it appears that any person is violating or
threatening to violate any provision of this chap-
ter, or any rule or order of the department, the
department shall bring suit against the person in the
district court of any county where the violation oc-
curs or is threatened, to restrain the person from
continuing the violation or from carrying out the
threat of violation. In the suit, the court has juris-
diction to grant to the department, without bond
or other undertaking, the prohibitory and manda-
tory injunctions as the facts may warrant, includ-
ing temporary restraining orders, preliminary in-
juctions, temporary, preliminary, or final orders
restraining the movement or disposition of any il-
ger oil, illegal gas, or illegal product, any of which
the court may order to be impounded or placed in
the custody of an agent appointed by the court.
2. If the department fails to bring suit to enjoin
a violation or threatened violation of any provision
of this chapter, or any rule or order of the depart-
ment, within ten days after receipt of written re-
quest to do so by any person who is or will be ad-
versely affected by the violation, the person mak-
ing the request may bring suit in the person’s own
behalf to restrain the violation or threatened
violation in any court in which the department
might have brought suit. The department shall be
made a party defendant in the suit in addition to
the person violating or threatening to violate a
provision of this chapter, or a rule or order of the
department, and the action shall proceed and in-
junctive relief may be granted to the department
or the petitioner without bond in the same manner
as if suit had been brought by the department.

All rights and interests in or to oil, gas or other
minerals underlying land, whether created by or
arising under deed, lease, reservation of rights, or
otherwise, which rights or interests are owned by
any person other than the owner of the land, shall
be assessed and taxed separately to the owner of
such rights or interests in the same manner as oth-
er real estate. The taxes on such rights or inter-
ests which are not owned by the owner of the land
shall not be a lien on the land.

458A.20 Tax sale — redemption by owner.
When any such rights or interests not owned by
the owner of the land are sold at tax sale, and when
the owner of such rights or interests does not re-
deem under the provisions of chapter 447 within
ninety days after such tax sale, the owner of the
land shall thereafter have the same right of re-
demption as the owner of such rights or interests
has, and redemption by the owner of the land shall
terminate all right of redemption of the owner of
such rights or interests.

C93, §458A.20
458A.21 Lease of public lands.
The state, counties and cities and other political subdivisions may lease publicly owned lands under their respective jurisdictions for the purpose of oil or gas or metallic minerals exploration and production. Any such leases shall be entered into on behalf of the state by the executive council, on behalf of a county by the board of supervisors, on behalf of a city by the council and on behalf of another political subdivision by the governing body. The leases shall be upon terms and conditions as agreed upon.

Revenues derived from the leasing of state-owned lands shall be paid into the general fund of the state. Revenues derived from the leasing of other public lands shall be paid into the general fund of the respective lessor political subdivision.

(C39, §1360.10; C46, 50, 54, 58, 62, §84.10; C66, 71, 73, 75, 77, 79, 81, §84.21; 81 Acts, ch 41, §5)

458A.22 Duty to have forfeited lease released — affidavit of noncompliance — notice to landowner — remedies.

When any oil, gas, or metallic mineral lease given on land situated in Iowa and recorded, becomes forfeited by failure of the lessee to comply with its provisions or the Iowa law, the lessee shall, within sixty days after date of forfeiture of the lease, have the lease surrendered in writing, duly acknowledged and placed on record in the county where the leased land is situated, or the lease may be released by a marginal release on margin of the record without cost to the owner of land described in the lease. If the lessee fails to execute and record a release of the recorded lease within the time provided for, the owner of the land may execute and file with the recorder of the counties in which the forfeited lease has been recorded an affidavit of noncompliance in substantially the following form:

AFFIDAVIT OF NONCOMPLIANCE

State of Iowa )
County of ............ ) ss.

........................................, being first duly sworn, upon oath deposes and says that the deponent is ................................ as referred to in an (oil and gas) (metallic mineral) mining lease dated the ............ day of ............ (month), ............ (year), which lease is recorded in Volume ..........., Page ..........., of the County Records of ............ County, ..........., and which lease covers the following described lands: ........................................
cated that said lease has not been forfeited and that said lessee still claims that said lease is in full force and effect, then the said affidavit shall not be recorded but the county recorder shall notify the owner of the land of the action of the lessee, and the owner of the land shall be entitled to the remedies provided by this chapter for the cancellation of such disputed lease. If the lessee shall not notify the county recorder as above provided, then the county recorder shall record said affidavit, and thereafter the record of the said lease shall not be notice to the public of the existence of said lease or of any interest therein or rights thereunder, and said record shall not be received in evidence in any court of the state on behalf of the lessee against the lessor, and said lease shall stand forfeited.

[C39, §1360.06; C46, 50, 54, 58, 62, §84.6; C66, 71, 73, 75, 77, 79, 81, §84.22; 81 Acts, ch 41, §6, 7] C93, §458A.22

458A.23 Action to obtain release — damages, costs and attorney's fees — attachment.

Should the owner of such lease neglect or refuse to execute a release as provided by this chapter, or contend lease is in full force and effect, then the owner of the leased premises may sue in any court of competent jurisdiction to obtain such release, and may also recover in such action the sum of one hundred dollars as damages, and all costs, together with a reasonable attorney's fee for preparing and prosecuting the suit, and may also recover any additional damages that the evidence in the case will warrant. In all such actions, writs of attachment may issue as in other cases.

458A.24 Extension upon contingency — affidavit.

If a recorded lease contains the statement of any contingency upon the happening of which the term of any such lease may be extended, the owner of said lease may at any time before the expiration of the definite term of said lease file with said county recorder an affidavit setting forth the description of the lease, that the affiant is the owner thereof and the facts showing that the required contingency has happened, or the record of such lease shall not impart notice to the public of the continuance of said lease. This affidavit shall be recorded in full by the county recorder and such record together with that of the lease shall be due notice to the public of the existence and continuing validity of said lease, until the same shall be forfeited, canceled, set aside, or surrendered according to law.

[C39, §1360.08; C46, 50, 54, 58, 62, §84.8; C66, 71, 73, 75, 77, 79, 81, §84.24] C93, §458A.24

458A.25 Liens for labor or materials and of contractor and subcontractor — manner of perfecting liens — enforcement of liens.

Provisions of chapter 572 as to mechanic's liens or labor and materials furnished for improvements on real estate and of contractors and subcontractors, shall apply to labor and materials furnished for gas or oil wells, or pipe lines, and such liens shall not attach on the real estate, but shall attach to the whole of the lease held, and upon the gas or oil wells, buildings and appurtenances and pipe lines for which said labor or materials were furnished, and shall be perfected and enforced as provided by said chapter.

SUBCHAPTER I
GENERAL PROVISIONS
459.101 Title.
This chapter shall be known and may be cited as the "Animal Agriculture Compliance Act". 2002 Acts, ch 1137, §68, 71; 2002 Acts, 2nd Ex, ch 1003, §260, 262

459.102 Definitions.
As used in this chapter, unless the context otherwise requires:
1. "Aerobic structure" means an animal feeding operation structure other than an egg wash-water storage structure which employs bacterial action which is maintained by the utilization of air or oxygen and which includes aeration equipment.
2. "Anaerobic lagoon" means an unformed manure storage structure, if the primary function of the structure is to store and stabilize manure, the structure is designed to receive manure on a regular basis, and the structure's design waste loading rates provide that the predominant biological activity is anaerobic. An anaerobic lagoon does not
include any of the following:

a. A settled open feedlot effluent basin that collects and stores only precipitation-induced run-off from an open feedlot.

b. An anaerobic treatment system that includes collection and treatment facilities for all off gases.

c. “Animal” means a species classified as cattle, swine, horses, sheep, chickens, or turkeys.

d. “Animal feeding operation” means a lot, yard, corral, building, or other area in which animals are confined and fed and maintained for forty-five days or more in any twelve-month period, and all structures used for the storage of manure from animals in the operation. An animal feeding operation does not include a livestock market.

e. “Animal feeding operation structure” means a confinement building, manure storage structure, or egg washwater storage structure.

f. “Animal unit” means a unit of measurement based upon the product of multiplying the number of animals of each category by a special equivalency factor as follows:

- Slaughter or feeder cattle .......... 1.000
- Immature dairy cattle ............ 1.000
- Mature dairy cattle ............... 1.400
- Butcher or breeding swine weighing more than fifty-five pounds ............... 0.400
- Swine weighing fifteen pounds or more but not more than fifty-five pounds ........ 0.100
- Sheep or lambs ..................... 0.100
- Horses .............................. 2.000
- Turkeys weighing one hundred twelve ounces or more ...................... 0.018
- Turkeys weighing less than one hundred twelve ounces .................... 0.0085
- Chickens weighing forty-eight ounces or more .......................... 0.010
- Chickens weighing less than forty-eight ounces ............................ 0.0025

7. “Animal unit capacity” means a measurement used to determine the maximum number of animal units that may be maintained as part of an animal feeding operation at any one time, including as provided in sections 459.201 and 459.301.

8. “Animal weight capacity” means the product of multiplying the maximum number of animals which the owner or operator confines in an animal feeding operation at any one time by the average weight during a production cycle.

9. “Cemetery” means a space held for the purpose of permanent burial, entombment, or interment of human remains that is owned or managed by a political subdivision or private entity, or a cemetery regulated pursuant to chapter 523I or 566A. However, “cemetery” does not include a pioneer cemetery as defined in section 331.325.

10. “Commercial enterprise” means a building which is used as a part of a business that manufactures goods, delivers services, or sells goods or services, which is customarily and regularly used by the general public during the entire calendar year and which is connected to electric, water, and sewer systems. A commercial enterprise does not include a farm operation.

11. “Commercial manure service” means a sole proprietor or business association as defined in section 202B.102, engaged in the business of transporting, handling, storing, or applying manure for a fee.

12. “Commercial manure service representative” means a natural person who is any of the following:

a. A manager of a commercial manure service.

As used in this paragraph a “manager” is a person who is actively involved in the operation of a commercial manure service and takes an important part in making management decisions substantially contributing to or affecting the success of the commercial manure service.

b. An employee, agent, or contractor of a commercial manure service, if the person is engaged in transporting, handling, storing, or applying manure on behalf of the commercial manure service.

13. “Commission” means the environmental protection commission created pursuant to section 455A.6.

14. “Confinement feeding operation” means an animal feeding operation in which animals are confined to areas which are totally roofed.

15. “Confinement feeding operation building” or “confinement building” means a building used in conjunction with a confinement feeding operation to house animals.

16. “Confinement feeding operation structure” means an animal feeding operation structure that is part of a confinement feeding operation.

17. “Confinement site manure applicator” means a person, other than a commercial manure service or a commercial manure service representative, who applies manure on land if the manure originates from a manure storage structure.

18. “Covered” means organic or inorganic material placed upon an animal feeding operation structure used to store manure as provided by rules adopted by the department after receiving recommendations which shall be submitted to the department by the college of agriculture at Iowa state university.

19. “Critical public area” means land as designated by the department pursuant to rules adopted pursuant to chapter 17A, if all of the following apply:

a. The land is part of a public park, preserve, or recreation area that is owned or managed by the federal government; by the department, including under chapter 461A or 465C; or by a political subdivision.

b. The land has a unique scenic, cultural, archaeological, scientific, or historic significance or contains a rare or valuable ecological system.
20. “Department” means the department of natural resources created pursuant to section 455A.2.

21. “Designated wetland” means land designated as a protected wetland by the United States department of the interior or the department of natural resources, including but not limited to a protected wetland as defined in section 456B.1, if the land is owned and managed by the federal government or the department of natural resources. However, a designated wetland does not include land where an agricultural drainage well has been plugged causing a temporary wetland or land within a drainage district or levee district.

22. “Director” means the director of the department of natural resources.

23. “Document” means any form required to be processed by the department under this chapter regulating animal feeding operations, including but not limited to applications or related materials for permits as provided in section 459.303, manure management plans as provided in section 459.312, comment or evaluation by a county board of supervisors considering an application for a construction permit, the department’s analysis of the application including using and responding to a master matrix pursuant to section 459.304, and notices required under those sections.

24. “Earthen manure storage basin” means an earthen cavity, either covered or uncovered, which, on a regular basis, receives waste discharges from a confinement feeding operation if accumulated wastes from the basin are completely removed at least once each year.

25. “Educational institution” means a building in which an organized course of study or training is offered to students enrolled in kindergarten through grade twelve and served by local school districts, accredited or approved nonpublic schools, area education agencies, community colleges, institutions of higher education under the control of the state board of regents, and accredited independent colleges and universities.

26. “Egg washwater storage structure” means an aerobic or anaerobic structure used to store the wastewater resulting from the washing and in-shell packaging of eggs.

27. “Family member” means a person related to another person as parent, grandparent, child, grandchild, sibling, or a spouse of such a related person.

28. “Formed manure storage structure” means a covered or uncovered impoundment used to store manure from an animal feeding operation, which has walls and a floor constructed of concrete, concrete block, wood, steel, or similar materials.

29. “High-quality water resource” means that part of a water source or wetland that the department has designated as any of the following:

a. A high-quality water (Class “HQ”) or a high-quality resource water (Class “HQR”) according to 567 IAC ch. 61, in effect on January 1, 2001.

b. A protected water area system, according to a state plan adopted by the department in effect on January 1, 2001.

30. “Indemnity fee” means a fee provided in section 459.502 or 459.503.

31. “Karst terrain” means land having karst formations that exhibit surface and subterranean features of a type produced by the dissolution of limestone, dolomite, or other soluble rock and characterized by closed depressions, sinkholes, or caves.

32. “Livestock market” means any place where animals are assembled from two or more sources for public auction, private sale, or on a commission basis, which is under state or federal supervision, including a livestock sale barn or auction market, if such animals are kept for ten days or less.

33. “Major water source” means a water source that is a lake, reservoir, river, or stream located within the territorial limits of the state, or any marginal river area adjacent to the state, if the water source is capable of supporting a floating vessel capable of carrying one or more persons during a total of a six-month period in one out of ten years, excluding periods of flooding, which has been identified by rules adopted by the commission.

34. “Manure” means animal excreta or other commonly associated wastes of animals, including, but not limited to, bedding, litter, or feed losses.

35. “Manure storage structure” means a formed manure storage structure or an unformed manure storage structure. A manure storage structure does not include an egg washwater storage structure.

36. “One hundred year floodplain” means the land adjacent to a major water source, if there is at least a one percent chance that the land will be inundated in any one year, according to calculations adopted by rules adopted pursuant to section 459.103. In making the calculations, the department shall consider available maps or data compiled by the federal emergency management agency.

37. “Open feedlot” means an unroofed or partially roofed animal feeding operation if crop, vegetation, or forage growth or residue cover is not maintained as part of the animal feeding operation during the period that animals are confined in the animal feeding operation.

38. “Permittee” means a person who, pursuant to section 459.303, obtains a permit for the construction of a manure storage structure, or a confinement feeding operation, if a manure storage structure is connected to the confinement feeding operation.

39. “Professional engineer” means a person engaged in the practice of engineering as defined in section 542B.2 who is issued a certificate of licen-
459.103 General authority — commission and department.

1. The commission shall establish by rule adopted pursuant to chapter 17A, requirements relating to the construction, including expansion, or operation of animal feeding operations, including related animal feeding operation structures. The requirements shall include but are not limited to minimum manure control, the issuance of permits, and departmental investigations, inspections, and testing.

2. Any provision referring generally to compliance with the requirements of this chapter as applied to animal feeding operations also includes compliance with requirements in rules adopted by the commission pursuant to this section, orders issued by the department as authorized under this chapter, and the terms and conditions applicable to licenses, certifications, permits, or manure management plans required under subchapter III. However, for purposes of approving or disapproving an application for a construction permit as provided in section 459.304, conditions for the approval of an application based on results produced by a master matrix are not requirements of this chapter until the department approves or disapproves an application based on those results.
3. The department and the attorney general shall enforce the provisions of this chapter in the same manner as provided in chapter 455B, division I, unless otherwise provided in this chapter.

SUBCHAPTER II
ANIMAL FEEDING OPERATIONS
— AIR QUALITY

459.201 Special terms.
For purposes of this subchapter, all of the following shall apply:

1. Two or more animal feeding operations under common ownership or management are deemed to be a single animal feeding operation if they are adjacent or utilize a common system for manure storage. For purposes of determining whether two or more confinement feeding operations are adjacent, all of the following must apply:

a. At least one confinement feeding operation structure must be constructed on or after March 21, 1996.

b. A confinement feeding operation structure which is part of one confinement feeding operation is separated by less than a minimum required distance from a confinement feeding operation structure which is part of the other confinement feeding operation. The minimum required distance shall be as follows:

(1) (a) One thousand two hundred fifty feet for a confinement feeding operation having an animal unit capacity of one thousand two hundred fifty or more but less than two thousand animal units for swine maintained as part of a swine farrowing and gestating operation, two thousand seven hundred or more but less than five thousand animal units for swine maintained as part of a swine farrowing and gestating operation, five thousand four hundred or more but less than six thousand five hundred animal units for swine maintained as part of a farrow-to-finish operation, or four thousand or more but less than six thousand five hundred animal units for cattle maintained as part of a cattle operation.

(b) One thousand five hundred feet for a confinement feeding operation having an animal unit capacity of one thousand two hundred fifty or more but less than two thousand animal units for swine maintained as part of a swine farrowing and gestating operation, two thousand seven hundred or more but less than five thousand animal units for swine maintained as part of a swine farrowing and gestating operation, six thousand or more but less than eight thousand animal units for swine maintained as part of a farrow-to-finish operation, six thousand or more but less than twelve thousand animal units for swine maintained as part of a farrow-to-finish operation, or four thousand or more but less than six thousand five hundred animal units for cattle maintained as part of a cattle operation.

(2) (a) One thousand five hundred feet for a confinement feeding operation having an animal unit capacity of one thousand two hundred fifty or more but less than two thousand animal units for swine maintained as part of a swine farrowing and gestating operation, two thousand seven hundred or more but less than five thousand animal units for swine maintained as part of a swine farrowing and gestating operation, or six thousand or more but less than eight thousand animal units for swine maintained as part of a farrow-to-finish operation, or four thousand or more but less than six thousand five hundred animal units for cattle maintained as part of a cattle operation.

(b) Two thousand five hundred feet for a confinement feeding operation having an animal unit capacity of two thousand or more animal units for animals other than swine maintained as part of a swine farrowing and gestating operation, five thousand four hundred animal units or more for swine maintained as part of a swine farrowing and gestating operation, or six thousand or more animal units for cattle maintained as part of a cattle operation.

2. A confinement feeding operation structure is "constructed" when any of the following occurs:

a. Excavation for a proposed confinement feeding operation structure or proposed expansion of an existing confinement feeding operation structure, including excavation for the footings of the confinement feeding operation structure.

b. Forms for concrete are installed for a proposed confinement feeding operation structure or the proposed expansion of an existing confinement feeding operation structure.

c. Piping for the movement of manure is installed within or between confinement feeding operation structures as proposed or proposed to be expanded.

3. In calculating the animal unit capacity of a confinement feeding operation, the animal unit capacity shall include the animal unit capacity of all confinement feeding operation buildings which are part of the confinement feeding operation, unless a confinement feeding operation building has been abandoned.

4. A confinement feeding operation structure is abandoned if the confinement feeding operation structure has been razed, removed from the site of a confinement feeding operation, filled in with earth, or converted to uses other than a confinement feeding operation structure so that it cannot be used as a confinement feeding operation structure without significant reconstruction.
5. All distances between locations of objects provided in this part shall be measured in feet from their closest points, as provided by rules adopted by the department. However, a distance between a public thoroughfare and a confinement feeding operation structure shall be measured from the portion of the right-of-way which is closest to the confinement feeding operation structure.

459.202 Confinement feeding operations structures — separation distances. 
The following shall apply to confinement feeding operation structures:  
1. Except as provided in subsection 3 and sections 459.203, 459.205, and 459.206, this subsection applies to confinement feeding operation structures constructed on or after May 31, 1995, but prior to January 1, 1999; and to the expansion of structures constructed prior to January 1, 1999.  
The following table represents the minimum separation distance in feet required between a confinement feeding operation structure and a residence not owned by the owner of the confinement feeding operation, or a commercial enterprise, bona fide religious institution, or an educational institution:

5. Except as provided in sections 459.203, 459.205, and 459.206, this subsection applies to confinement feeding operation structures constructed on or after March 1, 2003, and to the expansion of confinement feeding operation structures constructed on or after March 1, 2003.

The following table represents the minimum separation distance in feet required between a confinement feeding operation structure and a public use area; or between a confinement feeding operation structure and a residence not owned by the owner of the confinement feeding operation, a commercial enterprise, a bona fide religious institution, or an educational institution, if the residence, commercial enterprise, religious institution, or educational institution is located within the corporate limits of a city:

6. Except as provided in section 459.205, a confinement feeding operation structure shall not be constructed or expanded within one hundred feet from a public thoroughfare.

Except for terminology changes from "animal" to "confinement" feeding operation structures and of "bovine" to "cattle", 2002 amendments to this section take effect March 1, 2003; for prior law effective until that date, see §455B.162, subsections 1 – 4, Code 2001; 2002 Acts, ch 1137, §67, 71

459.203 Separation distance requirements for confinement feeding operations — expansion of prior constructed operations.

A confinement feeding operation constructed or expanded prior to the date that a distance requirement became effective under section 459.202 and which does not comply with the section's distance

requirement may continue to operate regardless of the distance requirement. The confinement feeding operation may be expanded if any of the following applies:

1. a. For a confinement feeding operation constructed prior to January 1, 1999, any construction or expansion of a confinement feeding operation structure complies with the distance requirements applying to that structure as provided in section 459.202, subsections 1 and 3.

b. For a confinement feeding operation constructed on or after January 1, 1999, but prior to March 1, 2003, any construction or expansion of a confinement feeding operation structure complies with the distance requirements applying to that structure as provided in section 459.202, subsection 2 and 3.

c. For a confinement feeding operation constructed on or after March 1, 2003, any construction or expansion of a confinement feeding operation structure complies with the distance requirements applying to that structure as provided in section 459.202, subsections 4 and 5.

2. All of the following apply to the expansion of the confinement feeding operation:

a. No portion of the confinement feeding operation after expansion is closer than before expansion to a location or object for which separation is required under section 459.202.

b. For a confinement feeding operation that includes a confinement feeding operation structure constructed prior to March 1, 2003, the animal weight capacity of the confinement feeding operation as expanded is not more than the lesser of the following:

(1) Double its animal weight capacity on the following dates:

(a) May 31, 1995, for a confinement feeding operation that includes a confinement feeding operation structure constructed prior to January 1, 1999.

(b) January 1, 1999, for a confinement feeding operation that only includes a confinement feeding operation structure constructed on or after January 1, 1999, but does include a confinement feeding operation structure constructed prior to March 1, 2003.

(2) Either of the following:

(a) Six hundred twenty-five thousand pounds animal weight capacity for animals other than cattle.

(b) One million six hundred thousand pounds animal weight capacity for cattle.

c. For a confinement feeding operation that does not include a confinement feeding operation structure constructed prior to March 1, 2003, the animal unit capacity of the confinement feeding operation as expanded is not more than the lesser of the following:

(1) Double its animal unit capacity on March 1, 2003.

(2) One thousand animal units.

3. The confinement feeding operation includes a confinement feeding operation structure that is constructed prior to March 1, 2003, and is expanded by replacing one or more unformed manure storage structures with one or more formed manure storage structures, if all of the following apply:

a. The animal weight capacity or animal unit capacity, whichever is applicable, is not increased for that portion of the confinement feeding operation that utilizes all replacement formed manure storage structures.

b. Use of each replaced unformed manure storage structure is discontinued within one year after the construction of the replacement formed manure storage structure.

c. The capacity of all replacement formed manure storage structures does not exceed the amount required to store manure produced by that portion of the confinement feeding operation utilizing the formed manure storage structures during any fourteen-month period.

d. No portion of the replacement formed manure storage structure is closer to an object or location for which separation is required under section 459.202 than any other confinement feeding operation structure which is part of the operation.

§459.204 Liquid manure application — separation distance.

Except as provided in section 459.205, a person shall not apply liquid manure from a confinement feeding operation on land located within seven hundred fifty feet from a residence not owned by the titleholder of the land, a commercial enterprise, a bona fide religious institution, an educational institution, or a public use area.

C2001, §455B.162(5)
C2003, §459.204

459.205 Separation distance requirements — exemptions.

A separation distance requirement provided in this subchapter shall not apply to the following:

1. A confinement feeding operation structure, if the structure is part of a confinement feeding operation which qualifies as a small animal feeding operation. However, this subsection shall not apply if the confinement feeding operation structure is an unformed manure storage structure.
2. a. A confinement feeding operation structure which is constructed or expanded, if the titleholder of the land benefiting from the distance separation requirement executes a written waiver with the titleholder of the land where the structure is located. If a confinement feeding operation structure is constructed or expanded within the separation distance required between a confinement feeding operation structure and a public thoroughfare as required pursuant to section 459.202, the state or a political subdivision constructing or maintaining the public thoroughfare benefiting from the distance separation requirement may execute a written waiver with the titleholder of the land where the structure is located. The confinement feeding operation structure shall be constructed or expanded under such terms and conditions that the parties negotiate.

b. A written waiver under this subsection becomes effective only upon the recording of the waiver in the office of the recorder of deeds of the county in which the benefited land is located. The filed waiver shall preclude enforcement by the state of section 459.202 as it relates to a distance requirement between the confinement feeding operation structure and the location or object benefiting from the separation distance requirement.

3. A confinement feeding operation structure which is constructed or expanded within any distance from a residence, educational institution, commercial enterprise, bona fide religious institution, city, or public use area, if the residence, educational institution, commercial enterprise, or bona fide religious institution was constructed or expanded, or the boundaries of the city or public use area were expanded, after the date that the confinement feeding operation was established. The date the confinement feeding operation was established is the date on which the confinement feeding operation commenced operating. A change in ownership or expansion of the confinement feeding operation shall not change the established date of operation.

4. The application of liquid manure on land within a separation distance required between the applied manure and an object or location for which separation is required under section 459.204, if any of the following apply:

a. The liquid manure is injected into the soil or incorporated within the soil not later than twenty-four hours from the original application, as provided by rules adopted by the commission.

b. The titleholder of the land benefiting from the separation distance requirement executes a written waiver with the titleholder of the land where the manure is applied.

c. The liquid manure originates from a small animal feeding operation.

d. The liquid manure is applied by spray irrigation equipment using a center pivot mechanism as provided by rules adopted by the department, if all of the following apply:

1. The spray irrigation equipment uses hoses which discharge the liquid manure in a downward direction at a height of not more than nine feet above the soil.

2. The spray irrigation equipment disperses manure through an orifice at a maximum pressure of not more than twenty-five pounds per square inch.

3. The liquid manure is not applied within two hundred fifty feet from a residence not owned by the titleholder of the land, a commercial enterprise, a bona fide religious institution, an educational institution, or a public use area.

5. The distance between a confinement feeding operation structure and a cemetery, if any of the following apply:

a. The confinement feeding operation structure was constructed or expanded prior to January 1, 1999.

b. The construction or expansion of the confinement feeding operation structure began prior to January 1, 1999.

459.206 Qualified confinement feeding operations — manure storage structures.

1. Except as provided in subsection 2, a qualified confinement feeding operation storing manure in a manure storage structure shall only use a manure storage structure that employs bacterial action which is maintained by the utilization of air or oxygen, and which shall include aeration equipment. The type and degree of treatment technology required to be installed shall be based on the size of the confinement feeding operation, according to rules adopted by the department. The equipment shall be installed, operated, and maintained in accordance with the manufacturer’s instructions and requirements of rules adopted pursuant to this section.

2. The requirements of subsection 1 do not apply to any of the following:

a. A qualified confinement feeding operation which includes a confinement feeding operation structure constructed prior to May 31, 1995.

b. A qualified confinement feeding operation that stores manure on a dry matter basis.

C2001, §455B.162(6)

C2003, §459.206

2002 amendments to this section take effect March 1, 2003; for text of prior law effective until that date, see §455B.165, Code 2001; 2002 Acts, ch 1137, §71
§459.207 Animal feeding operations — airborne pollutants control.

1. As used in this section, unless the context otherwise requires:

   a. “Airborne pollutant” means hydrogen sulfide, ammonia, or odor.
   b. “Separated location” means a location or object from which a separation distance is required under section 459.202 or 459.204, other than a public thoroughfare.

2. The department shall conduct a comprehensive field study to monitor the level of airborne pollutants emitted from animal feeding operations in this state, including but not limited to each type of confinement feeding operation structure.

3. a. After the completion of the field study, the department may develop comprehensive plans and programs for the abatement, control, and prevention of airborne pollutants originating from animal feeding operations in accordance with this section. The comprehensive plans and programs may be developed if the baseline data from the field study demonstrates to a reasonable degree of scientific certainty that airborne pollutants emitted by an animal feeding operation are present at a separated location at levels commonly known to cause a material and verifiable adverse health effect. The department may adopt any comprehensive plans or programs in accordance with chapter 17A prior to implementation or enforcement of an air quality standard but in no event shall the plans and programs provide for the enforcement of an air quality standard prior to December 1, 2004.

   b. Any air quality standard established by the department for animal feeding operations shall be based on and enforced at distances measured from a confinement feeding operation structure to a separated location. In providing for the enforcement of the standards, the department shall take all initial measurements at the separated location. If the department determines that a violation of the standards exists, the department may conduct an investigation to trace the source of the airborne pollutant. This section does not prohibit the department from entering the premises of an animal feeding operation in compliance with section 455B.103. The department shall comply with standard biosecurity requirements customarily required by the animal feeding operation which are necessary in order to control the spread of disease among an animal population.

   c. The department shall establish recommended best management practices, mechanisms, processes, or infrastructure under the comprehensive plans and programs in order to reduce the airborne pollutants emitted from an animal feeding operation.

   d. The department shall provide a procedure for the approval and monitoring of alternative or experimental practices, mechanisms, processes, or infrastructure to reduce the airborne pollutants emitted from an animal feeding operation, which may be incorporated as part of the comprehensive plans and programs developed under this section.

SUBCHAPTER III
ANIMAL FEEDING OPERATIONS
— WATER QUALITY

§459.301 Special terms.
For purposes of this subchapter, all of the following shall apply:

1. Two or more animal feeding operations under common ownership or management are deemed to be a single animal feeding operation if they are adjacent or utilize a common area or system for manure disposal. In addition, for purposes of determining whether two or more confinement feeding operations are adjacent, all of the following must apply:

   a. At least one confinement feeding operation structure must be constructed on or after May 21, 1998.

   b. A confinement feeding operation structure which is part of one confinement feeding operation is separated by less than a minimum required distance from a confinement feeding operation structure which is part of the other confinement feeding operation. The minimum required distance shall be as follows:

      (1) One thousand two hundred fifty feet for confinement feeding operations having a combined animal unit capacity of less than one thousand animal units.

      (2) Two thousand five hundred feet for confinement feeding operations having a combined animal unit capacity of one thousand animal units or more.

2. A confinement feeding operation structure is “constructed” in the same manner as provided in section 459.201.

3. In calculating the animal unit capacity of a confinement feeding operation, the animal unit capacity shall include the animal unit capacity of all confinement feeding operation buildings which are part of the confinement feeding operation, unless the confinement feeding operation building has been abandoned as provided in section 459.201.

4. All distances between locations or objects provided in this subchapter shall be measured in feet from their closest points.

5. a. The department shall designate by rule each one hundred year floodplain in this state according to the location of the one hundred year floodplain. A person shall not be prohibited from constructing a confinement feeding operation structure on a one hundred year floodplain unless the one hundred year floodplain is designated by
rule in accordance with this subsection.

b. (1) Until the effective date of rules adopted by the department to designate the location of each one hundred year floodplain in this state, a person shall not construct a confinement feeding operation structure on land that contains a soil type classified as alluvial unless one of the following applies:

(a) If the person does not apply for a construction permit as provided in section 459.303, the person must petition the department for a declaratory order pursuant to section 17A.9 to determine whether the location of the proposed confinement feeding operation structure is located on a one hundred year floodplain. The department shall issue a declaratory order in response to the petition, notwithstanding any other provision provided in section 17A.9 to the contrary, within thirty days from the date that the petition is filed with the department.

(b) If the person does apply for a construction permit as provided in section 459.303, the person must identify that the land contains a soil type classified as alluvial. The department shall determine whether the land is located on a one hundred year floodplain.

(2) The department shall provide in its declaratory order or its approval or disapproval of a construction permit application a determination regarding whether the confinement feeding operation structure is to be located on a one hundred year floodplain, whether the confinement feeding operation structure may be constructed at the location, and any conditions for the construction.

(3) This paragraph “b” is repealed on the effective date that rules are adopted by the department pursuant to paragraph “a”. The department shall provide a caption on the adopted rule as published in the Iowa administrative bulletin as provided in section 17A.4, stating that this paragraph is repealed as provided in this subparagraph. The director of the department shall deliver a copy of the adopted rule to the Iowa Code editor.

459.302 Document processing requirements.

1. The department shall adopt and promulgate forms required to be completed in order to comply with this subchapter including forms for documents that the department shall make available on the internet.

2. a. The department shall provide for procedures for the receipt, filing, processing, and return of documents in an electronic format, including but not limited to the transmission of documents by the internet. The department shall provide for authentication of the documents that may include electronic signatures as provided in chapter 554D.

b. The department shall to every extent feasible provide for the processing of permits and manure management plans required under this subchapter using electronic systems, including programming, necessary to ensure the completeness and accuracy of the documents in accordance with the requirements of this subchapter.

459.303 Confinement feeding operations — permit requirements.

1. The department shall approve or disapprove applications for permits for the construction, including the expansion, of confinement feeding operation structures, as provided by rules adopted pursuant to this chapter. The department’s decision to approve or disapprove a permit for the construction of a confinement feeding operation structure shall be based on whether the application is submitted according to procedures required by the department and the application meets standards established by the department. A person shall not begin construction of a confinement feeding operation structure requiring a permit under this section, unless the department first approves the person’s application and issues to the person a construction permit. The department shall provide conditions for requiring when a person must obtain a construction permit.

a. Except as provided in paragraph “b”, a person must obtain a permit to construct any of the following:

(1) A confinement feeding operation structure if after construction its confinement feeding operation would have an animal unit capacity of at least one thousand animal units.

(2) The confinement feeding operation structure is an unformed manure storage structure.

b. A person is not required to obtain a permit to construct a confinement feeding operation structure if any of the following apply:

(1) The confinement feeding operation structure, if constructed, would be part of a small animal feeding operation. However, the person must obtain a permit under this section if the confinement feeding operation structure is an unformed manure storage structure.

(2) The confinement feeding operation structure is part of a confinement feeding operation which is owned by a research college conducting research activities as provided in section 459.318.

2. The department shall issue a construction permit upon approval of an application. The department shall approve the application if the application is submitted to the county board of supervisors in the county where the proposed confinement feeding operation structure is to be located.
as required pursuant to section 459.304, and the application meets the requirements of this chapter. If a county submits an approved recommendation pursuant to a construction evaluation resolution filed with the department, the application must also achieve a satisfactory rating produced by the master matrix used by the board or department under section 459.304. The department shall approve the application regardless of whether the applicant is required to be issued a construction permit.

3. The department shall not approve an application for a construction permit unless the applicant submits all of the following:
   a. An indemnity fee as provided in section 459.502 that the department shall deposit into the manure storage indemnity fund created in section 459.501.
   b. A manure management plan as provided in section 459.312 and manure management plan filing fee as provided in section 459.400.
   c. A construction permit application fee as provided in section 459.400.
   4. The applicant may submit a master matrix as completed by the applicant.

5. a. A confinement feeding operation meets threshold requirements under this subsection if the confinement feeding operation after construction of a proposed confinement feeding operation structure would have a minimum animal unit capacity of the following:
   (1) Three thousand animal units for animals other than swine maintained as part of a swine farrowing and gestating operation or farrow-to-finish operation or cattle maintained as part of a cattle operation.
   (2) One thousand two hundred fifty animal units for swine maintained as part of a swine farrowing and gestating operation.
   (3) Two thousand seven hundred fifty animal units for swine maintained as part of a farrow-to-finish operation.
   (4) Four thousand animal units for cattle maintained as part of a cattle operation.

   b. The department shall not approve an application for a construction permit unless the following apply:
   (1) If the application is for a permit to construct an unformed manure storage structure, the application must include a statement approved by a professional engineer certifying that the construction of the unformed manure storage structure complies with the construction design statement as required pursuant to section 459.304 and the application meets the requirements of this chapter.
   (2) If the application is for a permit to construct three or more confinement feeding operation structures, the application must include a statement providing that the construction of the confinement feeding operation structures will not impede drainage through established drainage tile lines which cross property boundary lines unless measures are taken to reestablish the drain-

459.304 Construction permit application procedure — county participation — comments — master matrix.

1. a. The department shall deliver a copy or require the applicant to deliver a copy of the application for a permit to construct, including expanding, a confinement feeding operation structure pursuant to section 459.303, including supporting documents, to the county board of supervisors in the county where the confinement feeding operation structure subject to the permit is proposed to be constructed.

   b. The county auditor or other county officer designated by the county board of supervisors may accept the application on behalf of the board. If the department requires the applicant to deliver a copy of the application to the county board of supervisors, the board shall notify the department that the board has received the application according to procedures required by the department.

2. Regardless of whether the county board of supervisors has adopted a construction evaluation resolution, the county may provide comment to the department on a construction permit application for a confinement feeding operation structure.

   a. The board shall provide for comment as follows:

      (1) The board shall publish a notice that the board has received the application in a newspaper having a general circulation in the county.

      (2) The notice shall include all of the following:

         (a) The name of the person applying to receive the construction permit.

         (b) The name of the township where the confinement feeding operation structure is to be constructed.

         (c) Each type of confinement feeding operation structure proposed to be constructed.

         (d) The animal unit capacity of the confinement feeding operation if the construction permit were to be approved.

         (e) The time and the place where the application may be examined as provided in section 22.2.

   (f) Procedures for providing public comments to the board as provided by the board.

   b. The board may hold a public hearing to receive public comments regarding the application. The county board of supervisors may submit comments by the board and the public to the department as provided in this section, including but not limited to all of the following:

      (1) The existence of an object or location not included in the application that benefits from a separation distance requirement as provided in section 459.202 or 459.204 or 459.310.

   (2) The suitability of soils and the hydrology of the site where construction of a confinement feeding operation structure is proposed.

   (3) The availability of land for the application of manure originating from the confinement feeding operation.

   (4) Whether the construction of a proposed confinement feeding operation structure will impede drainage through established tile lines, laterals, or other improvements which are constructed to facilitate the drainage of land not owned by the person applying for the construction permit.

3. A county board of supervisors may adopt a construction evaluation resolution relating to the construction of a confinement feeding operation structure. The board must submit such resolution to the department for filing. If the board has submitted such resolution to the department, the board may evaluate the construction permit application and submit an adopted recommendation to the department to approve or disapprove a construction permit application as provided in this subsection. The board must make its decision to recommend approval or disapproval of the permit application as provided in this subsection.

   a. For the expansion of a confinement feeding operation that includes a confinement feeding operation structure constructed prior to April 1, 2002, the board shall not evaluate a construction permit application for the construction or expansion of a confinement feeding operation structure if after the expansion of the confinement feeding operation, its animal unit capacity is one thousand six hundred sixty-six animal units or less.

   b. The board must conduct an evaluation of the application using the master matrix as provided in section 459.303. The board’s recommendation may be based on the master matrix or may be based on comments under this section regardless of the results of the master matrix.

   c. In completing the master matrix, the board shall not score criteria on a selective basis. The board must score all criteria which is part of the master matrix according to the terms and conditions relating to construction as specified in the application or commitments for manure management that are to be incorporated into a manure management plan as provided in section 459.312.

   d. The board’s adopted recommendation to the department shall include the specific reasons and any supporting documentation for the decision to recommend approval or disapproval of the application.

4. The department must receive the county board of supervisor’s comments or evaluation for approval or disapproval of an application for a construction permit not later than thirty days following the applicant’s delivery of the application to the department. Regardless of whether the department receives comments or an evaluation by a county board of supervisors, the department must approve or disapprove an application for a
construction permit within sixty days following the applicant's delivery of the application to the department. However, the applicant may deliver a notice requesting a continuance. Upon receipt of a notice, the time required for the county or department to act upon the application shall be suspended for the period provided in the notice, but for not more than thirty days after the department's receipt of the notice. The applicant may submit more than one notice. However, the department may provide that an application is terminated if no action is required by the department for one year following delivery of the application to the board. The department may also provide for a continuance when it considers the application. The department shall provide notice to the applicant and the board of the continuance. The time required for the department to act upon the application shall be suspended for the period provided in the notice, but for not more than thirty days. However, the department shall not provide for more than one continuance.

5. a. The department shall approve an application for a construction permit if the board of supervisors which has filed a county construction evaluation resolution submits an adopted recommendation to approve the construction permit application which may be based on a satisfactory rating produced by the master matrix to the department and the department determines that the application meets the requirements of this chapter. The department shall disapprove an application that does not satisfy the requirements of this chapter regardless of the adopted recommendation of the board. The department shall consider any timely filed comments made by the board as provided in this section to determine if an application meets the requirements of this chapter.

b. If the board submits to the department an adopted recommendation to disapprove an application for a construction permit that is based on a rating produced by the master matrix, the department shall first determine if the application meets the requirements of this chapter as provided in section 459.103. The department shall disapprove an application that does not satisfy the requirements of this chapter where the result produced by using the master matrix. If the application meets the requirements of this chapter, the department shall conduct an independent evaluation of the application using the master matrix. The department shall approve the application if it achieves a satisfactory rating according to the department's evaluation. The department shall disapprove the application if it produces an unsatisfactory rating regardless of whether the application satisfies the requirements of this chapter. The department shall consider any timely filed comments made by the board as provided in this section to determine if an application meets the requirements of this chapter.

c. If the county board of supervisors does not submit a construction evaluation resolution to the department, fails to submit an adopted recommendation, submits only comments, or fails to submit comments, the department shall approve the application if the application meets the requirements of this chapter as provided in section 459.103.

6. The department may conduct an inspection of the site on which the construction is proposed after providing at a minimum twenty-four hours' notice or upon receiving consent from the construction permit applicant. The county board of supervisors that has adopted a construction evaluation resolution may designate a county employee to accompany a departmental official during the site inspection. The county employee shall have the same right to access to the site's real estate as the departmental official conducting the inspection during the period that the county employee accompanies the departmental official. The departmental official and the county employee shall comply with standard biosecurity requirements customarily required by the confinement feeding operation that are necessary in order to control the spread of disease among an animal population.

7. Upon written request by a county resident, the county board of supervisors shall forward to the county resident a copy of the board's adopted recommendation, any county comments to the department on the permit application, and the department's responses, as provided in chapter 22.

8. a. The department shall deliver a notice to the applicant within three days of the department's decision to approve or disapprove an application for a construction permit. If the board of supervisors has submitted an adopted recommendation to the department for the approval or disapproval of a construction permit application as provided in this section, the department shall notify the board of the department's decision to approve or disapprove the application at the same time.

b. (1) The applicant may contest the department's decision by requesting a hearing and may elect to have the hearing conducted before an administrative law judge pursuant to chapter 17A or before the commission. If the applicant and a board of supervisors are both contesting the department's decision, the applicant may request that the commission conduct the hearing on a consolidated basis. The commission shall hear the case according to procedures established by rules adopted by the department. The commission may hear the case as a contested case proceeding under chapter 17A. The department, upon petition by the applicant, shall deliver to the administrative law judge or the commission a copy of the board of supervisors' recommendation together with the results produced by its master matrix and any supporting data or documents submitted with the
results, comments submitted by the board to the department, and the department's evaluation of the application including the results produced by its matrix and any supporting data or documents. If the commission hears the case, its decision shall be the department’s final agency action. The commission shall render a decision within thirty-five days from the date that the applicant or board files a demand for a hearing.

(2) A county board of supervisors that has submitted an adopted recommendation to the department may contest the department’s decision by requesting a hearing before the commission. The commission shall hear the case according to procedures established by rules adopted by the department. The commission may hear the case as a contested case proceeding under chapter 17A. The board may request that the department submit a copy of the department’s evaluation of the application including the results produced by its matrix and any supporting data or documents. The decision by the commission shall be the department’s final agency action. The commission shall render a decision within thirty-five days from the date that the board initiates the proceeding.

c. Judicial review of the decision of either the department or the commission may be sought in accordance with the terms of chapter 17A.

9. An applicant for a construction permit may withdraw the permit application from consideration by the department at any time by filing a written request with the department. The filing of the request shall not prejudice the right of the applicant to resubmit the application.

459.305 Master matrix.
1. The department shall adopt rules for the development and use of a master matrix. The purpose of the master matrix is to provide a comprehensive assessment mechanism in order to produce a statistically verifiable basis for determining whether to approve or disapprove an application for the construction, including expansion, of a confinement feeding operation structure requiring a permit pursuant to section 459.303.

a. The master matrix shall be used to establish conditions for the construction of a confinement feeding operation structure and for the implementation of manure management practices, which conditions shall be included in the approval of the construction permit or the original manure management plan as applicable. The master matrix shall be used to determine all of the following:

(1) The appropriate location to construct a confinement feeding operation structure, including the proximity and orientation of a proposed confinement feeding operation structure to objects or locations for which separation distances are required pursuant to sections 459.202 or 459.204 and 459.310.

(2) The appropriate type of a confinement feeding operation structure required to be constructed, including the type and size of the manure storage structure, or the installation of a related pollution-control device.

b. The master matrix shall be designed to produce quantifiable results based on the scoring of objective criteria according to an established value scale. Each criterion shall be assigned points corresponding to the value scale. The master matrix shall consider risks and factors mitigating risks if the confinement feeding operation structure were constructed according to the application.

c. The master matrix may be a computer model. However, the master matrix must be a practical tool for use by persons when completing applications and by persons when scoring applications. To every extent feasible, the master matrix shall include criteria presented in the form of questions that may be readily scored according to ascertainable data and upon which reasonable persons familiar with the location of a proposed construction site would not ordinarily disagree.

2. The master matrix shall include criteria valuing environmental and community impacts for use by county boards of supervisors and the department. The master matrix shall include definite point selections for all criteria provided in the master matrix. The master matrix shall provide only for scoring of positive points and shall not provide for deduction of points. The master matrix shall provide for a minimum threshold score required to receive a satisfactory rating. The master matrix shall be structured to ensure that it feasibly provides for a satisfactory rating. Criteria valuing environmental impacts shall account for animal agriculture's relationship to quality of the environment and the conservation of natural resources, and may include factors that refer to all of the following:

a. Topography.

b. Surface water drainage characteristics.

c. The suitability of the soils and the hydrology or hydrogeology of the site.

d. The proximity to public use areas and critical public areas.

e. The proximity to water sources, including high-quality water resources.

459.306 Construction design statement — formed manure storage structures.
1. a. Except as provided in paragraph “b”, a person shall not construct a formed manure storage structure, unless the person submits a construction design statement for filing with the department.

b. The following persons are not required to
submit a construction design statement with the department:

1. A person who constructs a formed manure storage structure as part of a small animal feeding operation.

2. A person who submits a statement approved by a professional engineer certifying that the construction of the formed manure storage structure complies with the construction design standards required in this subchapter, including a person required to submit such a statement as part of an application for a construction permit pursuant to section 459.303.

2. The construction design statement must include all of the following:
   a. A summary description of the type of formed manure storage structure proposed to be constructed, including whether such formed manure storage structure is to be constructed of concrete.
   b. (1) If the formed manure storage structure is to be constructed of concrete, a statement by the person responsible for constructing the formed manure storage structure certifying that such person will construct the formed manure storage structure in accordance with the construction design standards required in this subchapter.
   (2) If the formed manure storage structure is not to be constructed of concrete, a statement by the person responsible for constructing the formed manure storage structure certifying that such person will construct the formed manure storage structure in accordance with the construction design standards required in this subchapter.
   c. If a construction permit is required pursuant to section 459.303 for the construction of three or more confinement feeding operation structures or other than small animal feeding operations. However, the construction design standards shall apply to a formed manure storage structure that is part of a small animal feeding operation as provided in section 459.310.

1. The department may provide for different standards based on criteria developed by the department, which may include any of the following:
   a. The animal unit capacity of the manure storage structure's confinement feeding operation or the manure storage structure's manure volume capacity.
   b. Whether the manure storage structure stores manure in an exclusively dry form.
   c. Whether the manure storage structure is part of a confinement feeding operation building.
   d. The use of concrete, including its use for the structure's footings, walls, or floor.

2. The construction design standards shall be based, to every extent possible, on uniform standards such as available standards promulgated by ASTM (American society for testing and materials) international. The department may require that all or any part of a formed manure storage structure be constructed of concrete.

3. The construction design standards for concrete shall provide for all of the following:
   a. The concrete's minimum compressive strength calculated on a pounds-per-square-inch basis.
   b. The use of reinforcement, including but not limited to the grade, amount, and location of steel rebar or fiberglass, wire mesh or fabric, or similar materials set in the concrete, or the use of exterior braces to support joints.
   c. The depth of footings.
   d. The thickness of the footings, the floor, and walls.

4. A person shall only construct a formed manure storage structure on karst terrain or an area which drains into a known sinkhole pursuant to upgraded construction design standards necessary to ensure that the structure does not pollute groundwater sources.

459.307 Construction design standards — formed manure storage structures.

The department shall adopt rules establishing construction design standards for formed manure storage structures that are part of confinement feeding operations other than small animal feeding operations. However, the construction design standards shall apply to a formed manure storage structure that is part of a small animal feeding operation as provided in section 459.310.

1. The department may provide for different standards based on criteria developed by the department, which may include any of the following:

   a. The animal unit capacity of the manure storage structure's confinement feeding operation or the manure storage structure's manure volume capacity.
   b. Whether the manure storage structure stores manure in an exclusively dry form.
   c. Whether the manure storage structure is part of a confinement feeding operation building.
   d. The use of concrete, including its use for the structure's footings, walls, or floor.

2. The construction design standards shall be based, to every extent possible, on uniform standards such as available standards promulgated by ASTM (American society for testing and materials) international. The department may require that all or any part of a formed manure storage structure be constructed of concrete.

3. The construction design standards for concrete shall provide for all of the following:

   a. The concrete's minimum compressive strength calculated on a pounds-per-square-inch basis.
   b. The use of reinforcement, including but not limited to the grade, amount, and location of steel rebar or fiberglass, wire mesh or fabric, or similar materials set in the concrete, or the use of exterior braces to support joints.
   c. The depth of footings.
   d. The thickness of the footings, the floor, and walls.

4. A person shall only construct a formed manure storage structure on karst terrain or an area which drains into a known sinkhole pursuant to upgraded construction design standards necessary to ensure that the structure does not pollute groundwater sources.

Terminology change applied
459.308 Unformed manure storage structures — construction standards — inspections.

1. The department shall adopt rules requiring construction design standards for unformed manure storage structures required to be constructed pursuant to a construction permit issued pursuant to section 459.303.

2. The construction design standards for unformed manure storage structures established by the department shall account for special design characteristics of confinement feeding operations, including all of the following:
   a. The lining of the structure shall be constructed with materials deemed suitable by the department in order to minimize seepage loss through the lining's seal.
   b. The structure shall be constructed with materials deemed suitable by the department in order to control erosion on the structure's berm, side slopes, and base.
   c. The structure shall be constructed to minimize seepage into near-surface water sources.
   d. The top of the floor of the structure's liner must be above the groundwater table as determined by the department. If the groundwater table is less than two feet below the top of the liner's floor, the structure shall be installed with a synthetic liner. If the department allows an unformed manure storage structure to be located at a site by permanently lowering the groundwater table, the department shall confirm that the proposed system meets standards necessary to ensure that the structure does not pollute groundwater sources. If the department allows drain tile installed to lower a groundwater table to remain where located, the department shall require that a device be installed to allow monitoring of the water in the drain tile line. The department shall also require the installation of a device to allow shutoff of the drain tile lines, if the drain tile lines do not have a surface outlet accessible on the property where the structure is located.
   3. A person shall not construct an unformed manure storage structure on karst terrain or on an area that drains into a known sinkhole. However, a person may construct an unformed manure storage structure, if there is a twenty-five-foot vertical separation distance between the bottom of the unformed manure storage structure and underlying limestone, dolomite, or other soluble rock.
   4. The department shall conduct a routine inspection of each unformed manure storage structure at least once each year. A routine inspection conducted pursuant to this subsection shall be limited to a visual inspection of the site where the unformed manure storage structure is located. The department shall inspect the site at a reasonable time after providing at least twenty-four hours' notice to the person owning or managing the confinement feeding operation. The visual inspection shall include, but not be limited to, determining whether any of the following exists:
      (1) An adequate freeboard level.
      (2) The seepage of manure from the unformed manure storage structure.
      (3) Erosion.
      (4) Inadequate vegetation cover.
      (5) The presence of an opening allowing manure to drain from the unformed manure storage structure.
   b. Nothing in this subsection restricts the department from conducting an inspection of a confinement feeding operation which is not routine.

459.309 Settled open feedlot effluent basins — construction design standards.

If the department requires that a settled open feedlot effluent basin be constructed according to construction design standards, regardless of whether the department requires the owner to be issued a construction permit under section 459.103, any construction design standards for the basin shall be established by rule as provided in chapter 17A that exclusively account for special design characteristics of open feedlots and related basins, including but not limited to the dilute composition of settled open feedlot effluent as collected and stored in the basins.

459.310 Distance requirements.

1. Except as provided in subsections 3 and 4, the following shall apply:
   a. A confinement feeding operation structure shall not be constructed closer than five hundred feet away from the surface intake of an agricultural drainage well. A confinement feeding operation structure shall not be constructed closer than one thousand feet from a wellhead, cistern of an agricultural drainage well, or known sinkhole. However, the department may adopt rules requiring an increased separation distance under this paragraph in order to protect the integrity of a water of the state. The increased separation distance shall not be more than two thousand feet. If the department exercises its discretion to increase the separation distance requirement, the department shall not approve an application for the construction of a confinement feeding operation structure within that separation distance as provided in section 459.303.
   b. A confinement feeding operation structure shall not be constructed if the confinement feeding operation structure as constructed is closer than any of the following:
(1) Five hundred feet away from a water source other than a major water source.
(2) One thousand feet away from a major water source.
(3) Two thousand five hundred feet away from a designated wetland.

b. (1) A water source, other than a major water source, shall not be constructed, expanded, or diverted, if the water source as constructed, expanded, or diverted is closer than five hundred feet away from a confinement feeding operation structure.
(2) A major water source shall not be constructed, expanded, or diverted, if the major water source as constructed, expanded, or diverted is closer than one thousand feet from a confinement feeding operation structure.
(3) A designated wetland shall not be established, if the designated wetland is closer than two thousand five hundred feet away from a confinement feeding operation structure.

2. Except as provided in subsection 4, a confinement feeding operation structure shall not be constructed on land that is part of a one hundred year floodplain as designated by rules adopted by the department pursuant to section 459.301.

3. A separation distance required in subsection 1 shall not apply to any of the following:
   a. A location or object and a farm pond or privately owned lake, as defined in section 462A.2.
   b. A confinement feeding operation building, an egg washwater storage structure, or a manure storage structure constructed with a secondary containment barrier. The department shall adopt rules providing for the construction and use of a secondary containment barrier, including construction design standards.
   c. (1) A water source, other than a major water source, shall not be constructed, expanded, or diverted, if the water source as constructed, expanded, or diverted is closer than five hundred feet away from a confinement feeding operation structure.
   (2) A major water source shall not be constructed, expanded, or diverted, if the major water source as constructed, expanded, or diverted is closer than one thousand feet from a confinement feeding operation structure.
(4) No portion of the replacement formed manure storage structure is closer to the location or object from which separation is required under subsection 1 than any other confinement feeding operation structure which is part of the operation.

(5) The formed manure storage structure meets or exceeds the requirements of section 459.307.

b. A formed manure storage structure that is part of the confinement feeding operation is constructed on or after April 28, 2003, pursuant to a variance granted by the department. In granting the variance, the department shall make a finding of all of the following:
   (1) The replacement formed manure storage structure replaces the confinement feeding operation's existing manure storage and handling facilities.
   (2) The replacement formed manure storage structure complies with standards adopted pursuant to section 459.307.
   (3) The replacement formed manure storage structure more likely than not provides a higher degree of environmental protection than the confinement feeding operation's existing manure storage and handling facilities.
   (4) No portion of the replacement formed manure storage structure is closer to the location or object from which separation is required under subsection 1 than any other confinement feeding operation structure which is part of the operation.
   (5) The formed manure storage structure meets or exceeds the requirements of section 459.307.

5. A person shall not construct or expand an unformed manure storage structure within an agricultural drainage well area as provided in section 460.205.
95 Acts, ch 195, §26
CS95, §455B.204
C2003, §459.310
2002 amendments to this section take effect March 1, 2003; for prior law effective until that date, see §455B.204, Code 2001; 2002 Acts, ch 1137, §71

459.311 Minimum requirements for manure control.

1. A confinement feeding operation shall retain all manure produced by the operation between periods of manure disposal. A confinement feeding operation shall not discharge manure directly into water of the state or into a tile line that discharges directly into water of the state.

2. Manure from an animal feeding operation shall be disposed of in a manner which will not cause surface water or groundwater pollution. Disposal in accordance with the provisions of state law, including this chapter, rules adopted pur-
suant to the provisions of state law, including this chapter, guidelines adopted pursuant to this chapter, and section 459.314, shall be deemed as compliance with this requirement.

3. The department may require that the owner of a confinement feeding operation install and operate a water pollution monitoring system as part of an unformed manure storage structure.

4. The owner of the confinement feeding operation which discontinues the use of the operation shall remove all manure from related confinement feeding operation structures used to store manure, by a date specified in an order issued to the operation by the department, or six months following the date that the confinement feeding operation is discontinued, whichever is earlier.

459.312 Manure management plan — requirements.

1. The following persons shall submit a manure management plan, including an original manure management plan and an updated manure management plan, as required in this section to the department:

a. The owner of a confinement feeding operation, other than a small animal feeding operation, if any of the following apply:

   (1) The confinement feeding operation was constructed after May 31, 1985, regardless of whether the confinement feeding operation structure was required to be constructed pursuant to a construction permit.

   (2) The owner constructs a manure storage structure, regardless of whether the person is required to be issued a permit for the construction pursuant to section 459.303 or whether the person has submitted a prior manure management plan.

b. A person who applies manure from a confinement feeding operation, other than a small animal feeding operation, which is located in another state, if the manure is applied on land located in this state.

2. Not more than one confinement feeding operation shall be covered by a single manure management plan.

3. The owner of a confinement feeding operation who is required to submit a manure management plan under this section shall submit an updated manure management plan to the department on an annual basis. The department shall provide for a date that each updated manure management plan is required to be submitted to the department. The department may provide for staggering the dates on which updated manure management plans are due. To satisfy the requirements of an updated manure management plan, an owner of a confinement feeding operation may, in lieu of submitting a complete plan, file a document stating that the manure management plan has not changed, or state all of the changes made since the original manure management plan or a previous updated manure management plan was submitted and approved.

4. The department shall deliver a copy of the manure management plan or require the person submitting the manure management plan to deliver a copy of the manure management plan to all of the following:

a. The county board of supervisors in the county where the manure storage structure is located by the person is located.

b. The county board of supervisors in the county where the manure storage structure is located by the person is located.

c. The county board of supervisors in the county where the manure is to be applied.

The manure management plan shall be filed with the county board of supervisors. The county auditor or other county officer may accept the manure management plan on behalf of the board.

5. A person shall not remove manure from a manure storage structure which is part of a confinement feeding operation for which a manure management plan is required under this section, unless the department approves a manure management plan, including an original manure management plan and an updated manure management plan, as required in this section. The manure management plan shall be submitted by the owner of the confinement feeding operation as provided by the department in accordance with section 459.302. The owner of a confinement feeding operation required to submit a manure management plan for the construction of a manure storage structure may remove manure from another manure storage structure that is constructed, if the department has approved a manure management plan covering that manure storage structure. The department may adopt rules allowing a person to remove manure from a manure storage structure until the manure management plan is approved or disapproved by the department according to terms and conditions required by rules adopted by the department.

6. The department shall not approve an original manure management plan unless the plan is accompanied by a manure management plan filing fee required pursuant to section 459.400. The department shall not approve an updated manure management plan unless the updated manure
management plan is accompanied by an annual compliance fee required pursuant to section 459.400.

7. a. The department shall not approve an application for a permit to construct a confinement feeding operation structure unless the owner of the confinement feeding operation applying for approval submits an original manure management plan together with the application for the construction permit as provided in section 459.303.

b. The department shall not file a construction design statement as provided in section 459.306 unless the owner of the confinement feeding operation structure submits an original manure management plan together with the construction design statement. The construction design statement and manure management plan may be submitted as a part of an application for a construction permit as provided in section 459.303.

8. A manure management plan must be authenticated by the person required to submit the manure management plan as required by the department in accordance with section 459.302.

9. The department shall approve or disapprove a manure management plan according to procedures established by the department:

a. For an original manure management plan submitted due to the construction of a confinement feeding operation structure, the department shall approve or disapprove the manure management plan as follows:

   (1) If the confinement feeding operation structure is constructed pursuant to a construction permit issued pursuant to section 459.303, the manure management plan shall be approved or disapproved as part of the construction permit application.

   (2) If the confinement feeding operation structure is not constructed pursuant to a construction permit issued pursuant to section 459.303, the manure management plan shall be approved or disapproved within sixty days from the date that the department receives the manure management plan.

b. For an original manure management plan submitted for a reason other than the construction of a confinement feeding operation structure, the manure management plan shall be approved within sixty days from the date that the department receives the manure management plan.

c. For an updated manure management plan, the manure management plan shall be approved within thirty days from the date that the department receives the updated manure management plan.

10. A manure management plan shall include all of the following:

   a. Restrictions on the application of manure based on all of the following:

   (1) Calculations necessary to determine the land area required for the application of manure from a confinement feeding operation based on nitrogen use levels in order to obtain optimum crop yields according to a crop schedule specified in the manure management plan, and according to requirements adopted by the department.

   (2) (a) A phosphorus index. The department shall establish a phosphorus index by rule in order to determine the manner and timing of the application to a land area of manure originating from a confinement feeding operation. The phosphorus index shall provide for the application of manure on a field basis. The phosphorus index shall be used to determine application rates, based on the number of pounds of phosphorus that may be applied per acre and application practices. The phosphorus index shall be based on the field office technical guide for Iowa as published by the United States department of agriculture, natural resources conservation service, which sets forth nutrient management standards.

b. The department shall develop a state comprehensive nutrient management strategy. Prior to developing the state comprehensive nutrient management strategy, the department shall complete all of the following:

   (i) The development of a comprehensive state nutrient budget for the maximum volume, frequency, and concentration of nutrients for each watershed that addresses all significant sources of nutrients in a water of the state on a watershed basis.

   (ii) The assessment of the available nutrient control technologies required to identify and assess their effectiveness.

   (iii) The development and adoption of administrative rules pursuant to chapter 17A required to establish a numeric water quality standard for phosphorus.

   (c) Regardless of the development of the state comprehensive nutrient management strategy as provided in subparagraph subdivision (b), the department shall adopt rules required to establish a phosphorus index. The department shall cooperate with the United States department of agriculture natural resource conservation service technical committee for Iowa to refine and calibrate the phosphorus index in adopting the rules. Rules adopted by the department pursuant to this subparagraph shall become effective on July 1, 2003.

   (d) The department shall conduct a study that considers the effects on waters of this state from phosphorus originating from municipal and industrial sources and from farm and lawn and garden use. The department shall report the results of its study to the general assembly by January 1, 2004.

   (e) A person submitting a manure management plan shall include a phosphorus index as part of the manure management plan as follows:

   (i) A person who has submitted an original manu-
nure management plan prior to April 1, 2002, shall not be required to submit a manure management plan update which includes a phosphorus index until on and after the four-year anniversary date that the department's rules adopted to implement the phosphorus index become effective.

(ii) A person required to submit an original manure management plan on and after April 1, 2002, but prior to the date that is sixty days after the department's rules adopted to implement the phosphorus index become effective, shall not be required to submit a manure management plan update that includes a phosphorus index until on and after the two-year anniversary date that the department's rules adopted to implement the phosphorus index become effective.

(iii) A person required to submit an original manure management plan on and after the date that is sixty days after the department's rules adopted to implement the phosphorus index become effective shall include the phosphorus index as part of the original manure management plan and updated manure management plans.

Subparagraph subdivisions (b) through (e) and this paragraph are repealed on the date that any person who has submitted an original manure management plan prior to April 1, 2002, is required to submit a manure management plan update which includes a phosphorus index as provided in subparagraph subdivision (e), subparagraph subdivision part (i). The department shall publish a notice in the Iowa administrative bulletin published immediately prior to that date, and the director of the department shall deliver a copy of the notice to the Iowa Code editor.

b. Manure nutrient levels as determined by either manure testing or accepted standard manure nutrient values.

c. Manure application methods, timing of manure application, and the location of the manure application.

d. If the location of the application is on land other than land owned by the person applying for the construction permit, the plan shall include a copy of each written agreement executed between the person and the landowner where the manure will be applied.

e. An estimate of the annual animal production and manure volume or weight produced by the confinement feeding operation.

f. Methods, structures, or practices to prevent or diminish soil loss and potential surface water pollution.

g. Methods or practices to minimize potential odors caused by the application of manure by the use of spray irrigation equipment.

11. A confinement feeding operation classified as a habitual violator as provided in section 459.604 shall submit a manure management plan to the department on an annual basis, which must be approved by the department for the following year of operation. The manure management plan shall be a replacement original manure management plan rather than a manure management plan update. However, the habitual violator required to submit a replacement original manure management plan must submit an annual compliance fee in the same manner as if the habitual violator were submitting an updated manure management plan.

12. A person required to submit a manure management plan to the department shall maintain a current manure management plan and maintain records sufficient to demonstrate compliance with the manure management plan. Chapter 22 shall not apply to the records which shall be kept confidential by the department and its agents and employees. The contents of the records are not subject to disclosure except as follows:

a. Upon waiver by the person receiving the permit.

b. In an action or administrative proceeding commenced under this chapter. Any hearing related to the action or proceeding shall be closed.

c. When required by subpoena or court order.

13. The department may inspect the confinement feeding operation at any time during normal working hours, and may inspect records required to be maintained as part of the manure management plan. The department shall regularly inspect a confinement feeding operation if the operation or a person holding a controlling interest in the operation is classified as a habitual violator pursuant to section 459.604. The department shall assess and the confinement feeding operation shall pay the actual costs of the inspection.

14. A person required to authenticate a manure management plan submitted to the department who is found in violation of the terms and conditions of the plan shall not be subject to an enforcement action other than the assessment of a civil penalty pursuant to section 459.603.

95 Acts, ch 195, §25

459.313 Manure application — rules.

1. The department shall adopt rules governing the application of manure originating from an anaerobic lagoon or aerobic structure which is part of a confinement feeding operation. The rules shall establish application rates and practices to minimize groundwater or surface water pollution resulting from application, including pollution caused by runoff or other manure flow resulting from precipitation events. The rules shall establish different application rates and practices based on the water holding capacity of the soil at

7. A person required to submit a manure management plan on and after the two-year anniversary date that the department's rules adopted to implement the phosphorus index become effective, shall not be required to submit a manure management plan update.
the time of application.

2. A person shall not apply manure by spray irrigation equipment, except as provided by rules adopted by the department pursuant to chapter 17A. However, a person shall not use restricted spray irrigation equipment to apply manure originating from a confinement feeding operation, unless the manure has been diluted as provided by rules adopted by the department, including diluted by use of an anaerobic lagoon.

§459.314 Application of manure within designated areas.
1. The department shall adopt rules relating to the application of manure in close proximity to a designated area.
2. Except as otherwise provided in this subsection, a person shall not apply manure on land located within two hundred feet from a designated area, unless one of the following applies:
a. The manure is land-applied by injection or incorporation on the same date as the manure was land-applied.
b. An area of permanent vegetation cover, including filter strips and riparian forest buffers, exists for fifty feet surrounding the designated area other than an unplugged agricultural drainage well or surface intake to an unplugged agricultural drainage well, and the area of permanent vegetation cover is not subject to manure application.
c. The department adopts rules requiring an increased separation distance for the application of manure located in proximity to a high-quality water resource in order to protect the integrity of the high-quality water resource. However, the department shall not provide for an increased separation distance requirement that is more than four times the separation distance requirement that is more than four times the separation distance requirement otherwise applicable under this section.

As used in this section, “designated area” means a known sinkhole, or a cistern, abandoned well, unplugged agricultural drainage well, agricultural drainage well surface inlet, drinking water well, designated wetland, or water source. However, a “designated area” does not include a terrace tile inlet.

§459.314A Licensure — commercial manure service.
A person shall not engage in the business of a commercial manure service unless the department issues the person a commercial manure service license under this section.
1. The department shall not issue a license to a commercial manure service unless each manager of the commercial manure service is certified as a commercial manure service representative pursuant to section 459.315.
2. The department shall not issue a license to a commercial manure service if the license for the commercial manure service has been revoked within the previous three years or a person who holds a controlling interest in the commercial manure service held a controlling interest in another commercial service which has been revoked within the previous three years.
3. The department may impose conditions or limitations upon the license. However, the issuance of a license shall not be conditioned upon providing a bond or maintaining a certain financial condition. A commercial manure service shall be issued a single license regardless of the number of sites where the commercial manure service operates offices.
4. A license application must be submitted to the department on a form furnished by the department according to procedures required by the department. The license shall expire on March 1 of each year.
5. A commercial manure service shall be charged a license fee as provided in section 459.400.

§459.314B Disciplinary action — commercial manure service.
The department may issue an order to suspend or revoke the license of a commercial manure service as provided in chapter 17A, including an order to immediately suspend or revoke the license pursuant to section 17A.18A. The department may suspend or revoke the license of a commercial manure service for an applicable violation of this chapter. In addition, the department may suspend or revoke a commercial manure service's license for any of the following:
1. Committing a fraudulent act, including but not limited to engaging in a deceptive act or practice, deliberating misrepresenting or omitting a material fact in the license application, or submitting a statement verifying that an employee may be substituted for certification without paying a fee as provided in section 459.400.
2. Knowingly assisting a person in evading the provisions of this chapter.
3. Knowingly employing or executing a con-
standards for transporting, handling, storing, and applying manure, including the Iowa commercial nutrient applicators association and associations representing agricultural producers. The Iowa cooperative extension service in agriculture and home economics of Iowa state university of science and technology shall cooperate with the department in administering the continuing instructional courses. The Iowa cooperative extension service may teach continuing instructional courses, train persons selected to teach courses, or distribute informational materials to persons teaching the courses.

c. The department, in administering the certification program under this section, and the department of agriculture and land stewardship in administering the certification program for pesticide applicators may cooperate together.

4. This section shall not require a person to be certified as a confinement site manure applicator if the person applies manure which originates from a manure storage structure which is part of a small animal feeding operation.

5. a. This section shall not require a person to be certified as a commercial manure service representative if any of the following applies:

(a) Actively engaged in farming who trades work with another such person.

(b) Employed by a person actively engaged in farming not solely as a manure applicator who applies manure as an incidental part of the person's general duties.

(c) Engaged in applying manure as an incidental part of a custom farming operation.

(d) Engaged in applying manure as an incidental part of a person's duties as provided by rules adopted by the department providing for an exemption.

(2) The person transports, handles, stores, or applies manure for a period of thirty days from the date of initial employment as a commercial manure service representative and all of the following apply:

(a) The person is actively seeking certification under this section.

(b) The person is transporting, handling, storing, or applying manure under the instructions and control of a certified commercial manure service representative. The commercial manure service representative must be physically present at the site where the manure is located. The commercial manure service representative must also be in sight or immediate communication distance of the supervised person.

5. This section shall not require a person to be certified as a confinement site manure applicator if all of the following apply:
§459.315A Disciplinary action — commercial manure service representatives.

The department may issue an order to suspend or revoke the certification of a commercial manure service representative for a violation of this chapter. The department shall issue an order for the suspension or revocation of a certificate as provided in chapter 17A. The department may issue an order to immediately suspend or revoke the certification notwithstanding section 17A.18.

2003 Acts, ch 163, §12, 23

459.317 Habitual violators — pending actions — restrictions on construction.

1. As used in this section, unless the context otherwise requires:
   a. "Habitual violator" means a person classified as a habitual violator pursuant to section 459.604.
   b. "Operation of law" means a transfer by inheritance, devise or bequest, court order, dissolution decree, order in bankruptcy, insolvency, replevin, foreclosure, execution sale, the execution of a judgment, the foreclosure of a real estate mortgage, the forfeiture of a real estate contract, or a transfer resulting from a decree for specific performance.
   c. "Suspect site" means a confinement feeding operation or land where a confinement feeding operation could be constructed, if the site is subject to a suspect transaction.
   d. "Suspect transaction" means a transaction in which a habitual violator does any of the following:
      (1) Transfers a controlling interest in a suspect site to any of the following:
         a) An employee of the habitual violator or business in which the person holds a controlling interest.
         b) A person who holds an interest in a business, including a confinement feeding operation, in which the habitual violator holds a controlling interest.
         c) A person related to the habitual violator as spouse, parent, grandparent, lineal descendant of the grandparent or spouse, or a person acting in a fiduciary capacity for a related person.
      (2) Provides financing for the construction or operation of a confinement feeding operation to any person, by providing a contribution or loan to the person, or providing cash or other tangible collateral for a contribution or loan made by a third person.
   e. "Transaction" includes a transfer in any manner or by any means, including any of the following:
      (1) Delivery and acceptance between two parties, including by contract or agreement with or without consideration, including by sale, exchange, barter, or gift.
      (2) An operation of law.
      2. a. A person shall not construct or expand a confinement feeding operation structure if the person is any of the following:
         (1) A party to a pending action for a violation of this chapter* concerning a confinement feeding operation in which the person has a controlling interest and the action is commenced in district court by the attorney general.
         (2) A habitual violator.
      b. A person shall not construct or expand a confinement feeding operation structure for five years after the date of the last violation, committed by the person or confinement feeding operation in which the person holds a controlling interest, during which the person or operation was classified as a habitual violator.
      c. This subsection shall not prohibit a person from completing the construction or expansion of a confinement feeding operation structure, if any of the following apply:
         (1) The person has an unexpired permit for the construction or expansion of the confinement feeding operation structure.
         (2) The person is not required to obtain a permit for the construction or expansion of the confinement feeding operation structure.
      d. For purposes of this subsection, "construct" or "expand" includes financing and contracting to build a confinement feeding operation structure regardless of whether the person subsequently leases, owns, or operates the confinement feeding operation structure.
3. A person who receives a controlling interest in a suspect site pursuant to a suspect transaction must submit a notice of the transaction to the department within thirty days. If, after notice and opportunity to be heard, pursuant to the contested case provisions of chapter 17A, the department finds that one purpose of the transaction was to avoid the conditions and enhanced penalties imposed upon a habitual violator, the person shall be subject to the same conditions and enhanced penalties as applied to the habitual violator at the time of the transaction.

4. The department shall conduct an annual review of each confinement feeding operation which is a habitual violator and each confinement feeding operation in which a habitual violator holds a controlling interest.

CS97, §455B.202
C2003, §459.317

459.318 Exception to regulation.
1. As used in this section, “research college” means an accredited public or private college or university, including but not limited to a university under the control of the state board of regents as provided in chapter 262, or a community college under the jurisdiction of a board of directors for a merged area as provided in chapter 260C, if the college or university performs research or experimental activities regarding animal agriculture or agronomy.

2. The requirements of this subchapter which regulate animal feeding operations, including rules adopted by the department pursuant to section 459.103, shall not apply to research activities and experiments performed under the authority and regulations of a research college, if the research activities and experiments relate to animal feeding operations, including but not limited to the confinement of animals and the storage and disposal of manure originating from animal feeding operations.

3. This section shall not apply to requirements provided in any of the following:
   a. Section 459.311, including rules adopted by the department under that section.
   b. Section 459.310, including rules adopted by the department under that section.

98 Acts, ch 1209, §37
C99, §455B.206
C2003, §459.318

459.400 Compliance fees.
1. The department shall establish, assess, and collect all of the following compliance fees:
   a. A construction permit application fee that is required to accompany an application submitted to the department for approval to construct a confinement feeding operation structure as provided in section 459.303. The amount of the construction permit application fee shall not exceed two hundred fifty dollars.
   b. A manure management plan filing fee that is required to accompany an original manure management plan submitted to the department for approval as provided in section 459.312. However, the manure management plan required to be filed as part of an application for a construction permit shall be paid together with the construction permit application fee. The amount of the manure management plan filing fee shall not exceed two hundred fifty dollars.
   c. An annual compliance fee that is required to accompany an updated manure management plan submitted to the department for approval as provided in section 459.312. The amount of the annual compliance fee shall not exceed a rate of fifteen cents per animal unit based on the animal unit capacity of the confinement feeding operation covered by the manure management plan. If the person submitting the manure management plan is a contract producer, as provided in chapter 202, the active contractor shall be assessed the annual compliance fee.
   d. Educational program fees paid by persons required by the department to be certified as commercial manure service representatives or confinement site manure applicators pursuant to section 459.315. The amount of the educational program fees together with commercial manure service licensing fees shall be adjusted annually by the department based on the costs of administering section 459.315 and paying the expenses of the department relating to certification.

   (1) The fee for certification of a commercial manure service representative shall not be more than seventy-five dollars. A commercial manure service licensed pursuant to section 459.314A may pay for the annual certification of its employees. If a commercial manure service makes payment for an employee to be certified as a commercial manure service representative and that employee leaves employment, the commercial manure service may substitute a new employee to be certified for the former employee. The department shall not charge for the certification of the substituted employee. The department may require that the
commercial manure service provide the department with documentation that the substitution is valid. The department shall not charge the fee to a person who is a manager of a commercial manure service licensed pursuant to section 459.314A. The department may require that the commercial manure service provide documentation that a person is a manager.

(2) A person who is certified as a confinement site manure applicator as provided in section 459.315 is exempt from paying the certification fee if all of the following apply:
   a. The person is certified within one year from the date that a family member has been certified as a confinement site manure applicator.
   b. The family member has paid the fee for that family member’s own certification.
   c. Fees paid by persons required by the department to be licensed as a commercial manure service as provided in section 459.314A. The fee for a commercial manure service license shall not be more than two hundred dollars. The amount of the licensing fees together with educational program fees shall be adjusted annually by the department based on the costs of administering section 459.315 and paying the expenses of the department relating to certification.
   d. Compliance fees collected by the department shall be deposited into the animal agriculture compliance fund created in section 459.401.
   e. Moneys collected from all fees shall be deposited into the compliance fund’s general account.

b. Moneys collected from the annual compliance fee shall be deposited into the compliance fund’s assessment account. Moneys collected from commercial manure service license fees and educational program fees shall be deposited into the compliance fund’s educational program account.

3. At the end of each fiscal year the department shall determine the balance of unencumbered and unobligated moneys in the assessment account and the educational program account of the animal agriculture compliance fund created pursuant to section 459.401.

a. If on June 30, the balance of unencumbered and unobligated moneys in the assessment account is one million dollars or more, the department shall adjust the rate of the annual compliance fee for the following fiscal year. The adjusted rate for the annual compliance fee shall be based on the department’s estimate of the amount required to ensure that at the end of the following fiscal year the balance of unencumbered and unobligated moneys in the assessment account is not twenty-five thousand dollars or more.

459.401 Animal agriculture compliance fund.

1. An animal agriculture compliance fund is created in the state treasury under the control of the department. The compliance fund is separate from the general fund of the state.

2. The compliance fund is composed of three accounts, the general account, the assessment account, and the educational program account.
   a. The general account is composed of moneys appropriated by the general assembly and moneys available to and obtained or accepted by the department from the United States government or private sources for placement in the compliance fund. Unless otherwise specifically provided in statute, moneys required to be deposited in the compliance fund shall be deposited into the general account. The general account shall include moneys deposited into the account from all of the following:
      (1) The construction permit application fee required pursuant to section 459.303.
      (2) The manure management plan filing fee required pursuant to section 459.312.
      (3) Educational program fees required to be paid by commercial manure service representatives or confinement site manure applicators pursuant to section 459.400.
      (4) A commercial manure service license fee as provided in section 459.400.
      (5) The collection of civil penalties assessed by the department and interest on civil penalties, arising out of violations involving animal feeding operations as provided in sections 459.602 and 459.603.
   b. The assessment account is composed of moneys collected from the annual compliance fee required pursuant to section 459.400.
   c. The educational program account is composed of moneys collected from the commercial manure service license fee and the educational program fee required pursuant to section 459.400.

3. Moneys in the compliance fund are appropriated to the department exclusively to pay the expenses of the department in administering and enforcing the provisions of subchapters II and III.
as necessary to ensure that animal feeding operations comply with all applicable requirements of those provisions, including rules adopted or orders issued by the department pursuant to those provisions. The moneys shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this subsection. The department shall not transfer moneys from the compliance fund’s assessment account to another fund or account, including but not limited to the fund’s general account.

4. Moneys in the fund, which may be subject to warrants written by the director of the department of administrative services, shall be drawn upon the written requisition of the director of the department of natural resources or an authorized representative of the director.

5. Notwithstanding section 8.33, any unexpended balance in an account of the compliance fund at the end of the fiscal year shall be retained in that account. Notwithstanding section 12C.7, subsection 2, interest, earnings on investments, or time deposits of the moneys in an account of the compliance fund shall be credited to that account.

459.402 Animal agriculture compliance fees — delinquencies.

If a fee imposed under this chapter for deposit into the animal agriculture compliance fund is delinquent, the department may charge interest on any amount of the fee that is delinquent. The rate of interest shall not be more than the current rate published in the Iowa administrative bulletin by the department of revenue pursuant to section 421.7. The interest amount shall be computed from the date that the fee is delinquent, unless the department designates a later date. The interest amount shall accrue for each month in which a delinquency is calculated as provided in section 421.7, and counting each fraction of a month as an entire month. The interest amount shall become part of the amount of the fee due.

459.403 County assessment of fees prohibited.

A county shall not assess or collect a fee under this chapter for the regulation of animal agriculture, including but not limited to any fee related to the filing, consideration, or evaluation of an application for a construction permit pursuant to section 459.303 or the filing of a manure manage-
5. The following shall apply to moneys in the fund:
   a. The executive council may allocate moneys from the general fund of the state as provided in section 7D.10A in an amount necessary to support the fund, including payment of claims as provided in section 459.505. However, an allocation of moneys from the general fund of the state shall be made only if the amount of moneys in the fund, which are not obligated or encumbered, and not counting the department’s estimate of the cost to the fund for pending or unsettled claims and any amount required to be credited to the general fund of the state under this subsection, is less than one million dollars.
   b. The department shall credit an amount to the general fund of the state which is equal to an amount allocated to the fund by the executive council under paragraph “a”. The department shall credit the moneys to the general fund of the state if the moneys in the fund which are not obligated or encumbered, and not counting the department’s estimate of the cost to the fund for pending or unsettled claims and any amount required to be transferred to the general fund under this paragraph, are in excess of two million five hundred thousand dollars. The department is not required to credit the total amount to the general fund of the state during any one fiscal year.

459.502 Indemnity fees required — construction permits.

An indemnity fee shall be assessed upon permittees which shall be paid to and collected by the department, prior to issuing a permit for the construction of a confinement feeding operation as provided in section 459.303. The amount of the fees shall be based on the following:

1. If the confinement feeding operation has an animal unit capacity of less than one thousand animal units, the following shall apply:
   a. For all animals other than poultry, the amount of the fee shall be ten cents per animal unit of capacity for confinement feeding operations.
   b. For poultry, the amount of the fee shall be fourteen cents per animal unit of capacity for confinement feeding operations.

2. If the confinement feeding operation has an animal unit capacity of one thousand or more animal units but less than three thousand animal units, the following shall apply:
   a. For all animals other than poultry, the amount of the fee shall be fifteen cents per animal unit of capacity for confinement feeding operations.
   b. For poultry, the amount of the fee shall be sixteen cents per animal unit of capacity for confinement feeding operations.

3. If the confinement feeding operation has an animal unit capacity of three thousand or more animal units, the following shall apply:
   a. For all animals other than poultry, the amount of the fee shall be twenty cents per animal unit of capacity for confinement feeding operations.
   b. For poultry, the amount of the fee shall be eight cents per animal unit of capacity for confinement feeding operations.

The department shall deposit moneys collected from the fees into the fund according to procedures adopted by the department.

459.503 Indemnity fee required — manure management plan.

An indemnity fee shall be assessed upon persons required to submit an original manure management plan as provided in section 459.312, but not required to obtain a construction permit pursuant to section 459.303. A person required to submit a replacement original manure management plan shall not be assessed an indemnity fee. The amount of the fee shall be ten cents per animal unit of capacity for the confinement feeding operation covered by the manure management plan.

459.503A Indemnity fee — waiver and reinstatement.

The indemnity fee required under sections 459.502 and 459.503 shall be waived and the fee shall not be assessable or owing if, at the end of any three-month period, unobligated and unencumbered moneys in the manure storage indemnity fund, not counting the department’s estimate of the cost to the fund for pending or unsettled claims, exceed three million dollars. The department shall reinstate the indemnity fee under those sections if unobligated and unencumbered moneys in the fund, not counting the department’s estimate of the cost to the fund for pending or un-
settled claims, are less than two million dollars. 2003 Acts, ch 52, §4, 6

459.504 Use of fund for emergency cleanup.
If the department provides cleanup of a condition caused by a confinement feeding operation as provided in section 459.506, the department may use moneys in the fund for purposes of supporting the cleanup. The department shall reimburse the fund from moneys recovered by the department as reimbursement for the cleanup as provided in section 459.506.
98 Acts, ch 1209, §7, 50
C99, §455J.6
C2003, §459.504

459.505 Use of moneys by counties for cleanup.
1. A county that has acquired real estate containing a manure storage structure following nonpayment of taxes pursuant to section 446.19, may make a claim against the fund to pay cleanup costs incurred by the county as provided in section 459.506. Each claim shall include a bid by a qualified person, other than a governmental entity, to remove and dispose of the manure for a fixed amount specified in the bid.
2003 Acts, ch 1003, §260, 262
C2003, §459.505

2. If a county provides cleanup under section 459.506 after acquiring real estate following nonpayment of taxes, the department shall determine if a claim is eligible to be satisfied under this subsection, and do one of the following:
a. Pay the amount of the claim required in this section, based on the fixed amount specified in the bid submitted by the county upon completion of the work.
b. Obtain a lower fixed amount bid for the work from another qualified person, other than a governmental entity, and pay the amount of the claim required in this section, based on the fixed amount in this bid upon completion of the work. The department is not required to comply with section 8A.311 in implementing this section.
3. If a county provides cleanup of a condition causing a clear, present, and impending danger to the public health or environment, as provided in section 459.506, the county may make a claim against the fund to pay cleanup costs incurred by the county, according to procedures and requirements established by rules adopted by the department. The department shall determine if a claim is eligible to be satisfied under this subsection, and pay the amount of the claim required in this section.
4. Upon a determination that the claim is eligible for payment, the department shall provide for payment of one hundred percent of the claim, as provided in this section. If at any time the department determines that there are insufficient moneys to make payment of all claims, the department shall pay claims according to the date that the claims are received by the department. To the extent that a claim cannot be fully satisfied, the department shall order that the unpaid portion of the payment be deferred until the claim can be satisfied. However, the department shall not satisfy claims from moneys dedicated for the administration of the fund.
5. In the event of payment of a claim under this section, the fund is subrogated to the extent of the amount of the payment to all rights, powers, privileges, and remedies of the county regarding the payment amount. The county shall render all necessary assistance to the department in securing the rights granted in this section. A case or proceeding initiated by a county which involves a claim submitted to the department shall not be compromised or settled without the consent of the department. A county shall not be eligible to submit a claim to the department if the county has compromised or settled a case or proceeding, without the consent of the department.
6. If upon disposition of the real estate the county realizes an amount which exceeds the total amount of the delinquent real estate taxes, the county shall forward to the fund any excess amount which is not more than the amount expended by the fund to pay the claim by the county. 95 Acts, ch 195, §7

459.506 Cleanup.
1. a. A county that has acquired real estate on which there is located a confinement feeding operation following the nonpayment of taxes pursuant to section 446.19, may provide for cleanup, including removing and disposing of manure at any time, remediating contamination which originates from the confinement feeding operation, or demolishing and disposing of structures relating to the confinement feeding operation. The county may seek reimbursement including by bringing an action for the costs of the cleanup from the person abandoning the real estate.
b. If the confinement feeding operation has caused a clear, present, and impending danger to the public health or environment, the department may clean up the confinement feeding operation and remediate contamination which originates from the confinement feeding operation, pursuant to sections 455B.381 through 455B.399. If the department fails to commence cleanup within twenty-four hours after being notified of a condition requiring cleanup, the county may provide
for the cleanup as provided in this paragraph. The department or county may seek reimbursement including by bringing an action for the costs of the cleanup from a person liable for causing the condition.

2. A person cleaning up a confinement feeding operation located on real estate acquired by a county may demolish or dispose of any building or equipment of the confinement feeding operation located on the land according to rules adopted by the department pursuant to chapter 17A, which apply to the disposal of farm buildings or equipment by an individual or business organization.

SUBCHAPTER VI
ENFORCEMENT

459.601 Animal feeding operations — investigations and enforcement actions.
1. A person may file a complaint alleging that an animal feeding operation is in violation of this chapter,* including rules adopted by the department, or environmental standards or regulations subject to federal law and enforced by the department.

a. The complaint may be filed with the department according to procedures required by the department or with the county board of supervisors in the county where the violation is alleged to have occurred, according to procedures required by the board. The county auditor may accept the complaint on behalf of the board.

b. If the county board of supervisors receives a complaint, it shall conduct a review to determine if the allegation contained in the complaint constitutes a violation, without investigating whether the facts supporting the allegation are true or untrue.

1. If the county board of supervisors determines that the allegation does not constitute a violation, it shall notify the complainant, the animal feeding operation which is the subject of the complaint, and the department, according to rules adopted by the department.

2. If the county board of supervisors determines that the allegation constitutes a violation, it shall forward the complaint to the department which shall investigate the complaint as provided in this section.

c. If the department receives a complaint from a complainant or a county forwarding a complaint, the department shall conduct an investigation of the complaint if the department determines that the complaint is legally sufficient and an investigation is justified. The department shall receive a complaint filed by a complainant, regardless of whether the complainant has filed a complaint with a county board of supervisors.

1. The department in its discretion shall determine the urgency of the investigation, and the time and resources required to complete the investigation, based upon the circumstances of the case, including the severity of a threat to the quality of surface or subsurface water.

2. The department shall notify the county board of supervisors in the county where the violation is alleged to occur prior to investigating the premises of the alleged violation. However, the department is not required to provide notice if the department determines that a clear, present, and impending danger to the public health or environment requires immediate action.

3. The county board of supervisors may designate a county employee to accompany a departmental official during the investigation of the premises of a confinement feeding operation. The county designee shall have the same right of access to the real estate of the premises as the departmental official conducting the inspection during the period that the county designee accompanies the departmental official.

4. Upon the completion of an investigation, the department shall notify the complainant of the results of the investigation, including any anticipated, pending, or completed enforcement action arising from the investigation. The department shall deliver a copy of the notice to the animal feeding operation that is the subject of the complaint.
and the board of supervisors of the county where
the violation is alleged to have occurred.

d. A county board of supervisors or the depar-
tment is not required to divulge information
regarding the identity of the complainant.

2. When entering the premises of an animal
feeding operation, a person who is a departmen-
tal official, an agent of the department, or a person ac-
companying the departmental official or agent
shall comply with section 455B.103. The person
shall also comply with standard biosecurity re-
quirements customarily required by the animal
feeding operation which are necessary in order to
control the spread of disease among an animal
population.

A person who violates subchapter II shall be
subject to a civil penalty which shall be estab-
lished, assessed, and collected in the same manner
as provided in section 455B.109. Any civil penalty
collected shall be deposited in the animal agricul-
ture compliance fund created in section 459.401.

459.604 Habitual violators — classifica-
tion — penalties.
1. The department may impose a civil penalty
upon a habitual violator which shall not exceed
twenty-five thousand dollars for each day the
violation continues. The increased penalty may be
assessed for each violation committed subsequent

have been referred to the attorney general for le-
gal action under this chapter, and each violation
must be subject to the assessment of a civil penalty
or a court conviction, in the five years prior to the
date of the latest violation provided in this subsection,
counting any violation committed by a confine-
ment feeding operation in which the person
holds a controlling interest. A person shall be re-
moved from the classification of habitual violator
on the date on which the person and all confine-
ment feeding operations in which the person
holds a controlling interest have committed less than
three violations described in this subsection for
the prior five years. For purposes of counting vi-
lations, a continuing and uninterrupted violation
shall be considered as one violation. Different
types of violations shall be counted as separate vi-

d. Operating a confinement feeding operation,
including a confinement feeding operation struc-
ture, or a related pollution control device or prac-
tice which is part of a confinement feeding opera-
tion.

e. Failing to submit a manure management
plan as required pursuant to section 459.312, or
operating a confinement feeding operation with-
out having a manure management plan approved
by the department.

This subsection shall not apply unless the de-
partment has previously notified the person of the
person’s classification as a habitual violator. The
department shall notify persons classified as ha-
bi	ual violators of their classification, additional
restrictions imposed upon the persons pursuant to
their classification, and special civil penalties that
may be imposed upon the persons. The notice shall be sent to the persons by certified mail.

2. Moneys assessed and collected in civil penalties and interest earned on civil penalties, arising out of a violation involving an animal feeding operation, shall be deposited in the animal agriculture compliance fund as created in section 459.401.

$459.605 Habitual violators — permit restrictions.

For five years after the date of the last violation of this chapter committed by a person or by a confinement feeding operation in which the person holds a controlling interest during which the person or confinement feeding operation was classified as a habitual violator under section 459.604, all of the following shall apply:

1. The department may not issue a new permit under this chapter to the person or confinement feeding operation.

2. The department may revoke or refuse to renew an existing permit issued under this chapter to the person or confinement feeding operation, if the permit relates to a confinement feeding operation and the department determines that the continued operation of the confinement feeding operation under the existing permit constitutes a clear, present, and impending danger to the public health or environment.

CHAPTER 460
AGRICULTURAL DRAINAGE WELLS AND SINKHOLES

Chapter transferred from §159.28 – 159.29B and chapter 455I in Code 2003 pursuant to Code editor directive;

2002 Acts, ch 1137, §68, 71;
2002 Acts, 2nd Ex, ch 1003, §260, 262

SUBCHAPTER I
GENERAL PROVISIONS

460.101 Definitions.

1. “Agricultural drainage well” means a vertical opening to an aquifer or permeable substratum which is constructed by any means including but not limited to drilling, driving, digging, boring, augering, jetting, washing, or coring, and which is capable of intercepting or receiving surface or subsurface drainage water from land directly or by a drainage system.

2. “Agricultural drainage well area” means an area of land where surface or subsurface water drains into an agricultural drainage well directly or through a drainage system connecting to the agricultural drainage well.

3. “Alternative drainage system” means a drainage system constructed as part of a drainage district in order to drain surface or subsurface water from land due to the closing of an agricultural drainage well.

4. “Book”, “list”, “record”, or “schedule” kept by
a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

5. “Designated agricultural drainage well area” means an agricultural drainage well area in which there is located an anaerobic lagoon or earthen manure storage basin required to obtain a construction permit by the department of natural resources.

6. “Division” means the soil conservation division of the department of agriculture and land stewardship.

7. “Drainage district” means a drainage district established pursuant to chapter 468.

8. “Drainage system” means tile lines, laterals, surface inlets, or other improvements which are constructed to facilitate the drainage of land.

9. “Earthen storage structure” means an earthen cavity, either covered or uncovered, including but not limited to an anaerobic lagoon or earthen manure storage basin which is used to store manure, sewage, wastewater, industrial waste, or other waste as regulated by the department of natural resources, if stored in a liquid or semi-liquid state.

10. “Land” means land which is used or which is suitable for use for any purpose, if the land is located within an agricultural drainage well area which includes land used or suitable for use in farming.

11. “Surface water” means water occurring on the surface of the ground.

SUBCHAPTER II
AGRICULTURAL DRAINAGE WELLS — REGULATION

460.201 Definition.
As used in this subchapter, unless the context otherwise requires, “department” means the department of natural resources.

460.202 Preventing surface water drainage into agricultural drainage wells.
Not later than December 31, 2001, all of the following shall apply:

1. An owner of land on which an agricultural drainage well is located shall prevent surface water from draining into the agricultural drainage well. The landowner shall comply with rules, which shall be adopted by the department, in consultation with the division, required to carry out this section. The landowner shall do all of the following:
   a. If the land has a surface water intake emptying into an agricultural drainage well, including a surface water intake located in a road ditch, the landowner shall remove the surface water intake.
   b. If the land has a cistern connecting to an agricultural drainage well, the landowner shall construct and maintain sidewalls surrounding the cistern in order to prevent surface water runoff directly emptying into the agricultural drainage well.
   c. If the land has an agricultural drainage well, the landowner shall ensure that the agricultural drainage well and related drainage system are adequately ventilated in a manner that does not allow surface water to directly drain into the agricultural drainage well.
   d. The landowner shall install a locked cover over the agricultural drainage well or its cistern in order to prevent unauthorized access to the agricultural drainage well or its cistern.
   e. An agricultural drainage well shall be inspected to ensure compliance with this section, as required by the county board of supervisors in the county in which the agricultural drainage well is located.
   f. The department shall adopt guidelines as necessary to assist counties in performing inspections as provided in this section. The guidelines shall not affect the authority of a county to designate a person to perform inspections.
   g. When an agricultural drainage well shall be inspected, the county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.
   h. A person to perform inspections means a person to perform inspections as defined in section 445.1.

460.203 Closing of agricultural drainage wells and construction of alternative drainage systems.
1. Not later than December 31, 2001, the owner of land which is within a designated agricultural drainage well area shall close each agricultural drainage well located on the land. The owner shall close the agricultural drainage well in a manner using materials and according to specifications required by rules which shall be adopted by the de-
department in consultation with the division. The department may provide different closing requirements based on classifications established by the department. However, the department’s requirements shall ensure that an agricultural drainage well is closed by using sealing materials such as bentonite to permanently seal the agricultural drainage well from contamination by surface or subsurface water drainage.

2. A person owning land affected by the closing of an agricultural drainage well as required pursuant to subsection 1 may construct an alternative drainage system as part of an established or new drainage district as provided in chapter 468. The alternative drainage system shall ensure that surface or subsurface water does not drain into an agricultural drainage well.

97 Acts, ch 193, §6
CS97, §455I.3
C2003, §460.204

460.204 Notice.
1. The department shall provide information regarding landowners registering agricultural drainage wells pursuant to section 460.302 to each county board of supervisors in which an agricultural drainage well is registered.

2. The department shall notify landowners of land on which an agricultural drainage well is located of the deadline for complying with this subchapter. The notice shall be provided by print, electronic media, or other notification process. The department shall provide the notice in cooperation with the county board of supervisors in the county where the agricultural drainage well is located.

3. The department shall mail a special notice to owners of land registering agricultural drainage wells pursuant to section 460.302.

97 Acts, ch 193, §7
CS97, §455I.4
C2003, §460.204

460.205 Prohibition against constructing earthen storage structures.
A person shall not construct or expand an earthen storage structure within an agricultural drainage well area. Each day that a person operates an earthen storage structure which is constructed in violation of this section constitutes a separate violation.

97 Acts, ch 193, §8
CS97, §455I.5
C2003, §460.205

460.206 Penalties.
1. a. A person who violates section 460.202 or 460.203 is subject to a civil penalty of not more than one thousand dollars. However, if a person is found to have violated a section and again violates the section by not taking action necessary to correct a previous violation within sixty days after the person was found to have committed the previous violation, the person is subject to a civil penalty not to exceed five thousand dollars. If a person is convicted of violating a section two or more times and again violates that section by not taking action necessary to correct a previous violation within sixty days after the person was found to have committed the last previous violation, the person is subject to a civil penalty not to exceed fifteen thousand dollars.

b. A person who violates section 460.205 is subject to a civil penalty not to exceed five thousand dollars.

2. Moneys collected from the assessment of civil penalties and interest on civil penalties as provided for in this section shall be deposited in the manure storage indemnity fund as created in section 459.501.

97 Acts, ch 193, §9
CS97, §455I.6
C2003, §460.206

460.207 Reimbursement of expenses.
The expenses incurred by a county in carrying out this subchapter shall be prorated among the landowners in the county who own land on which an agricultural drainage well is located. The amount shall be placed upon the tax books, and collected with interest and penalties after due, in the same manner as other unpaid property taxes.

If expenses are incurred by a drainage district, the board shall levy an assessment on the lands in the district where an agricultural drainage well is located as provided in section 468.50.

SUBCHAPTER III
AGRICULTURAL DRAINAGE WELLS — REGISTRATION — ALTERNATIVE DRAINAGE SYSTEMS — SINKHOLES

460.301 Definition.
As used in this subchapter, unless the context otherwise requires, “department” means the department of agriculture and land stewardship.

460.302 Agricultural drainage wells.

1. An owner of an agricultural drainage well shall register the well with the department of natural resources by September 30, 1988. The department of agriculture and land stewardship, in cooperation with the department of natural resources, shall adopt rules, pursuant to chapter 17A, which provide for an appeals process for violations of this subsection.

2. An owner of an agricultural drainage well and a landholder whose land is drained by the well or wells of another person shall develop, in consultation with the department of agriculture and land stewardship and the department of natural resources, a plan which proposes alternatives to the use of agricultural drainage wells by July 1, 1988.

a. Financial incentive moneys may be allocated from the financial incentive portion of the agriculture management account of the groundwater protection fund to implement alternatives to agricultural drainage wells.

b. An owner of an agricultural drainage well and a landholder whose land is drained by the well or wells of another person shall not be eligible for financial incentive moneys pursuant to paragraph “a” if the owner fails to register the well with the department of natural resources by September 30, 1988, or if the owner fails to develop a plan for alternatives in cooperation with the department of agriculture and land stewardship and the department of natural resources.

3. The department shall:

a. On July 1, 1987 initiate a pilot demonstration and research project concerning elimination of groundwater contamination attributed to the use of agricultural chemicals and agricultural drainage wells. The project shall be established in a location in north central Iowa determined by the department to be the most appropriate. A demonstration project shall also be established in northeast Iowa to study techniques for the cleanup of sinkholes.

The agricultural drainage well pilot project shall be designed to identify the environmental, economic, and social problems presented by continued use or closure of agricultural drainage wells and to monitor possible contamination caused by agriculture land management practices and agricultural chemical use relative to agricultural drainage wells.

b. Develop alternative management practices based upon the findings from the demonstration projects to reduce the infiltration of synthetic organic compounds into the groundwater through agricultural drainage wells and sinkholes.

c. Examine alternatives and the costs of implementation of alternatives to the use of agricultural drainage wells, and examine the legal, technical, and hydrological constraints for integrating alternative drainage systems into existing drainage districts.

4. Financial incentive moneys expended through the use of the financial incentive portion of the agriculture management account may be provided by the department to landowners in the project areas for employing reduced chemical farming practices and land management techniques.

5. The secretary may appoint interagency committees and groups as needed to coordinate the involvement of agencies participating in department sponsored projects. The interagency committees and groups may accept grants and funds from public and private organizations.

6. The department shall publish a report on the status and findings of the pilot demonstration projects on or before July 1, 1989, and each subsequent year of the projects. The department of agriculture and land stewardship shall develop a priority system for the elimination of chemical contamination from agricultural drainage wells and sinkholes. The priority system shall incorporate available information regarding the significance of contamination, the number of registered wells in the area, and the information derived from the report prepared pursuant to this subsection. The highest priority shall be given to agricultural drainage wells for which the above criteria are best met, and the costs of necessary action are at the minimum level.

7. Beginning July 1, 1993, the department shall initiate an ongoing program to meet the goal of eliminating chemical contamination caused by the use of agricultural drainage wells by January 1, 1995, based upon the findings of the report published pursuant to subsection 6.

8. Notwithstanding the prohibitions of section 455B.267, subsection 4, an owner of an agricultural drainage well may make emergency repairs necessitated by damage to the drainage well to minimize surface runoff into the agricultural drainage well, upon the approval of the county board of supervisors or the board's designee of the county in which the agricultural drainage well is located. The approval shall be based upon the following conditions:

a. The well has been registered in accordance with both state and federal law.

b. The applicant will institute management practices including alternative crops, reduced application of chemicals, or other actions which will reduce the level of chemical contamination of the water which drains into the well.

c. The owner submits a written statement that approved emergency repairs are necessary and do not constitute a basis to avoid the eventual closure of the well if closure is later determined to be required. If a county board of supervisors or the board's designee approves the emergency repair of
an agricultural drainage well, the county board of supervisors or the board's designee shall notify the department of natural resources of the approval within thirty days of the approval.

CS87, §159.29

C2003, §460.302

460.303 Agricultural drainage wells — alternative drainage system assistance fund.

1. An alternative drainage system assistance fund is created in the state treasury under the control of the soil conservation division. The fund is composed of moneys appropriated by the general assembly, and moneys available to and accepted by the division or the state soil conservation committee established pursuant to section 161A.4, from the United States or private sources for placement in the fund.

2. Moneys in the fund are subject to an annual audit by the auditor of state. The fund is subject to warrants written by the director of the department of administrative services, drawn upon the written requisition of the division.

3. The fund shall be used to support the alternative drainage system assistance program as provided in section 460.304. Moneys shall be used to provide financial incentives under the program, and to defray expenses by the division in administering the program. However, not more than one percent of the money in the fund is available to defray administrative expenses. The division may adopt rules pursuant to chapter 17A to administer this section.

4. The division shall not in any manner directly or indirectly pledge the credit of the state.

5. Section 8.33 shall not apply to moneys in the fund. Notwithstanding section 12C.7, moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this section.

460.304 Agricultural drainage wells — alternative drainage system assistance program.

1. The soil conservation division shall establish an alternative drainage system assistance program as provided by rules which shall be adopted by the division pursuant to chapter 17A. The program shall be supported from moneys deposited in the alternative drainage system assistance fund created pursuant to section 460.303.

2. To the extent that moneys are available to support the program, the division shall provide cost-share moneys to persons closing agricultural drainage wells located within designated agricultural drainage well areas, and constructing alternative drainage systems which are part of a drainage district in accordance with the priority system established pursuant to section 460.302. The amount of moneys allocated in cost-share payments to a person qualifying under the program shall not exceed seventy-five percent of the estimated cost of installing the alternative drainage system or seventy-five percent of the actual cost of installing the alternative drainage system, whichever is less.

3. a. A person who owns an interest in land within a designated agricultural drainage well area shall not be eligible to participate in the program, if the person is any of the following:

(1) A party to a pending legal or administrative action, including a contested case proceeding under chapter 17A, relating to an alleged violation involving an animal feeding operation as regulated by the department of natural resources, regardless of whether the pending action is brought by the department or the attorney general.

(2) Is classified as a habitual violator for a violation of state law involving an animal feeding operation as regulated by the department of natural resources.

b. Noncrop acres located within a designated agricultural drainage well area shall not be eligible to benefit from the program.

The department of natural resources shall cooperate with the division by providing information necessary to administer this subsection.

97 Acts, ch 193, §3
CS97, §159.29B
C2003, §460.304

460.305 Sinkholes — conservation easement programs.

The department shall develop and implement a program for the prevention of groundwater contamination through sinkholes. The program shall provide for education of landowners and encourage responsible chemical and land management practices in areas of the state prone to the formation of sinkholes.

The program may provide financial incentives for land management practices and the acquisition of conservation easements around sinkholes. The program may also provide financial assistance for the cleanup of wastes dumped into sinkholes.
The program shall be coordinated with the groundwater protection programs of the department of natural resources and other local, state, or federal government agencies which could compensate landowners for resource protection measures. The department shall use moneys appropriated for this purpose from the agriculture management account of the groundwater protection fund.

C93, §461A.1

461A.2  Duties in general.
The commission shall investigate places in Iowa rich in natural history, forest reserves, archaeological specimens, and geological deposits; and the means of promoting forestry and maintaining and preserving animal and bird life and the conservation of the natural resources of the state.

[C24, 27, 31, 35, 39, §1798; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.2]
C93, §461A.2

461A.3  Duties as to parks.
It shall be the duty of the commission to establish, maintain, improve, and beautify public parks and preserves upon the shores of lakes, streams, or other waters, or at other places within the state which have become historical or which are of scientific interest, or which by reason of their natural scenic beauty or location are adapted thereto. The commission shall have the power to maintain, improve or beautify state-owned bodies of water, and to provide proper public access thereto. The commission shall have the power to provide and operate facilities for the proper public use of the areas above described.
The commission shall open all roads which pass through the Ledges State Park from September 15 to November 1 of each year.

[C24, 27, 31, 35, 39, §1799; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.3]

461A.3A  Restore the outdoors program — appropriation.
1. The department shall establish a restore the outdoors program. The purpose of the program is to provide funding for projects involving existing vertical infrastructure as defined in section 8.57, subsection 6, paragraph “c” or the construction of new vertical infrastructure if the new construction is required due to increased demand for facilities at the park or if it is not cost-effective to repair or renovate the existing vertical infrastructure. Projects shall be limited to existing state parks and other public facilities managed by the department.

2. There is appropriated from the rebuild Iowa infrastructure fund for each fiscal year of the fiscal period beginning July 1, 1997, and ending June 30, 2001, the sum of three million dollars to the department for use in the restore the outdoors program. Notwithstanding section 8.33, unencumbered or unobligated moneys remaining at the end of a fiscal year shall not revert but shall remain available for expenditure during the following fiscal year for purposes of the restore the outdoors program.
The department shall provide in its annual budget documentation to the governor and general assembly a report on the use of moneys under the program since the last report and the projected use of future moneys.
97 Acts, ch 215, §37; 98 Acts, ch 1219, §19, 26

461A.4  Construction permit — rules — commercial concessions.
A person, association, or corporation shall not build or erect any pier, wharf, sluice, piling, wall, fence, obstruction, building, or erection of any kind upon or over any state-owned land or water under the jurisdiction of the commission, without first obtaining from the commission a written permit. A permit, in matters relating to or in any manner affecting flood control, shall not be issued without approval of the environmental protection commission of the department. A person shall not maintain or erect any structure beyond the line of private ownership along or upon the shores of state-owned waters in a manner to obstruct the passage of pedestrians along the shore between the ordinary high-water mark and the water's edge, except by permission of the commission.

It shall be the duty of the commission to adopt and enforce rules governing and regulating the building or erection of any such pier, wharf, sluice, piling, wall, fence, obstruction, building or erection of any kind, and said commission may prohib-
Any person, firm, association, or corporation violating any of the provisions of this section or any rule adopted by the commission under the authority of this section shall be guilty of a simple misdemeanor.

A person, association, or corporation shall not operate a commercial concession in a park, forest, fish and wildlife area, or recreation area under jurisdiction of the department without first entering into a written contract with the department. The contract shall state the consideration and other terms under which the concession may be operated. The department may cancel or, in an emergency, suspend a concession contract for the protection of the public health, safety, morals, or welfare.

The commission may accept gifts of land or other property, or the use of lands or other property for a term of years, and improve and use the land as public lands for public parks. No contract for the purchase of such public parks shall be made to an amount in excess of funds appropriated therefor by the general assembly.

The commission may purchase or condemn highways connecting parks with the public highways. When the highways have been purchased or condemned, the proceeds of such sale shall be placed to the credit of the said public state parks fund to be used for such park purposes.

The commission may purchase or condemn lands for public parks. No contract for the purchase of such public parks shall be made to an amount in excess of funds appropriated therefor by the general assembly.

The commission shall have full power and authority to remove the same. The cost of such removal shall be paid by the owner of said pier, wharf, sluice, piling, wall, fence, obstruction, erection or building of any kind upon or over any state-owned lands or waters under their supervision and direction, when in their judgment it would be for the best interest of the public, the same to be removed within thirty days after written notice thereof by the commission. Should any person, firm, association or corporation fail to comply with said order of the commission within the time provided, the commission shall then have full power and authority to remove the same.

The cost of such removal shall be paid by the owner of said pier, wharf, sluice, piling, wall, fence, obstruction, erection or building, and the state shall have a lien upon the property removed for such costs. Said costs shall be payable at the time of removal and such lien may be enforced and foreclosed, as provided for the foreclosure of security interests in uniform commercial code, chapter 554, article 9, part 6.

The commission may accept gifts of land or other property, or the use of lands or other property for a term of years, and improve and use the land as public lands for public parks. No contract for the purchase of such public parks shall be made to an amount in excess of funds appropriated therefor by the general assembly.

The commission shall have full power and authority to remove the same. The cost of such removal shall be paid by the owner of said pier, wharf, sluice, piling, wall, fence, obstruction, erection or building of any kind upon or over any state-owned lands or waters under their supervision and direction, when in their judgment it would be for the best interest of the public, the same to be removed within thirty days after written notice thereof by the commission. Should any person, firm, association or corporation fail to comply with said order of the commission within the time provided, the commission shall then have full power and authority to remove the same.

The commission may accept gifts of land or other property, or the use of lands or other property for a term of years, and improve and use the land as public lands for public parks. No contract for the purchase of such public parks shall be made to an amount in excess of funds appropriated therefor by the general assembly.

The commission may purchase or condemn lands for public parks. No contract for the purchase of such public parks shall be made to an amount in excess of funds appropriated therefor by the general assembly.

The commission may purchase or condemn lands for public parks. No contract for the purchase of such public parks shall be made to an amount in excess of funds appropriated therefor by the general assembly.

The commission may purchase or condemn lands for public parks. No contract for the purchase of such public parks shall be made to an amount in excess of funds appropriated therefor by the general assembly.

The commission may purchase or condemn lands for public parks. No contract for the purchase of such public parks shall be made to an amount in excess of funds appropriated therefor by the general assembly.

The commission may purchase or condemn lands for public parks. No contract for the purchase of such public parks shall be made to an amount in excess of funds appropriated therefor by the general assembly.
461A.12 Conditions — lands.
The conditions attached to a gift shall be entered in writing as part of the record of the title by which the state takes the lands, and shall be inscribed upon any chart, map, or description of said park if the conditions are made by the grantor in lieu of money as a consideration paid by the state.
[C24, 27, 31, 35, 39, §1805; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.12]  
C93, §461A.12

461A.13 Conditions — personalty.
If the donation be other than real estate and a particular specification for its use be made by the donor, no part of such donation shall be used or expended for any other purpose.
[C24, 27, 31, 35, 39, §1806; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.13]  
C93, §461A.13

461A.14 Reversion of gift.
If the lands transferred to the state as a gift, or if lands purchased in whole or in part by the state from moneys given for that purpose, shall be abandoned or sold and not used for state park purposes, the donor shall reclaim the land or funds donated by filing the donor’s request in writing with the executive council within six months of the time of the abandonment or sale by the state of such lands, but no interest or other charge shall be demanded of or paid by the state. Any unclaimed funds shall be used for park purposes.

461A.18 Jurisdiction.
Jurisdiction over all meandered streams and lakes of this state and of state lands bordering thereon, not now used by some other state body for state purposes, is conferred upon the commission. The exercise of this jurisdiction is subject to the approval of the department in matters relating to or in any manner affecting flood control. The commission, with the approval of the executive council, may establish parts of the property into state parks, and when so established all of the provisions of this chapter relative to public parks apply to the property.

461A.25 Leases and easements.

The commission may recommend that the executive council lease property under the commission’s jurisdiction. All leases shall reserve to the public of the state the right to enter upon the property leased for any lawful purpose. The council may, if it approves the recommendation and the lease to be entered into is for five years or less, execute the lease in behalf of the state and commission. If the recommendation is for a lease in excess of five years, with the exception of agricultural lands specifically dealt with in Article 1, section 24 of the Constitution of the State of Iowa, the council shall advertise for bids. If a bid is accepted, the lease shall be let or executed by the council in accordance with the most desirable bid. The lease shall not be executed for a term longer than fifty years. Any such leasehold interest, including any improvements placed on it, shall be listed on the tax rolls as provided in chapters 428 and 443; assessed and valued as provided in chapter 441; taxes shall be levied on it as provided in chapter 444 and collected as provided in chapter 445; and the leasehold interest is subject to tax sale, redemption, and apportionment of taxes as provided in chapters 446, 447 and 448. The lessee shall discharge and pay all taxes.

The commission shall adopt rules providing for granting easements to political subdivisions and utility companies on state land under the jurisdiction of the department. An applicant for an easement shall provide the director with information setting forth the need for the easement, availability of alternatives, and measures proposed to prevent or minimize adverse impacts on the affected property. An easement shall be executed by the director, approved as to form by the attorney general, and if granted for a term longer than five years, approved by the commission.

461A.31A Sale of timber.
If the estimated quantity of timber grown in a state park or a preserve to be sold by the department in a sixty-day period is ten thousand board feet or more or if the estimated value of the timber grown in a state park or a preserve to be sold by the department during the same period of time is five thousand dollars or more, the department shall conduct a public hearing on the proposed sale. Notice of the hearing shall be published as provided in section 331.305. After the public hearing, the department may proceed with the sale of the timber.

99 Acts, ch 206, §27

461A.32 Sale of park lands — conveyances to cities or counties.
The commission may sell or exchange such parts of public lands under the jurisdiction of the commission as in its judgment may be undesirable for conservation purposes, excepting state-owned meandered lands already surveyed and platted at state expense as a conservation plan and project tentatively adopted and now in the process of rehabilitation and development authorized by a special legislative Act. The sale or exchange shall be made upon the terms, conditions or considerations as the commission may approve, whereupon the secretary of state shall issue a patent therefor in the manner provided by law in other cases. The proceeds of any such sale or exchange shall become a part of the funds to be expended under the provisions of this chapter.

Upon request by resolution of any city or county or any legal agency thereof, the executive council may, upon majority recommendation of the commission, convey without consideration to such city or county or legal agency thereof, such public lands under the jurisdiction of the commission as in its judgment may be desirable for city or county parks. Conveyance shall be in the name of the state, with the great seal of the state attached and shall contain a provision that when such lands cease to be used as public park by said city or county such lands revert to the state, and such park shall, within one year after such land has reverted to the state, be restored, as nearly as possible, to the condition it was in when acquired by such city, county or legal agency thereof at the expense of such city, county or legal agency.

The state may require that the city, county or legal agency thereof file a notice of intention every three years.

461A.42 Use of firearms, explosives, weapons, and fireworks prohibited — exceptions.
1. The use of firearms, explosives, and weapons of all kinds by a person is prohibited in all state parks and preserves except under the following conditions:
   a. A firearm or other weapon authorized for hunting may be used in preserves or parts of preserves designated by the state advisory board on preserves at the request of the commission.
   b. A person may use a bow and arrow with an attached bow fishing reel and ninety-pound minimum line attached to the arrow to take rough fish as provided by rule of the commission.
   c. The commission may establish, by rule, the state parks or parts of state parks where firearms may be discharged during special events, festivals and education programs, or a special hunt to control animal populations. The rules governing special hunts to control animal populations shall be applied separately to each designated state park.
2. The use of fireworks, as defined in section 727.2, in state parks and preserves is prohibited except as authorized by a permit issued by the department. The commission shall establish, by rule adopted pursuant to chapter 17A, a fireworks permit system which authorizes the issuance of a limited number of permits to qualified persons to use or display fireworks in selected state parks and preserves. A person violating this subsection is guilty of a simple misdemeanor. In addition to any other penalties, the punishment imposed for a violation of this subsection shall include assessment of a fine of not less than two hundred fifty dollars. The court shall order restitution if any damages were caused by the violation which may include, but is not limited to, community service.

ICE, SAND, AND GRAVEL REMOVAL

§461A.52 Agreement with commission.
No person shall remove any ice, sand, gravel, stone, wood, or other natural material from any lands or waters under the jurisdiction of the commission without first entering into an agreement with the commission.
[C93, §461A.52; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.52]
C93, §461A.52

§461A.53 Permits.
The commission may enter into agreements for the removal of ice, sand, gravel, stone, wood, or other natural material from lands or waters under the jurisdiction of the commission if, after investigation, it is determined that such removal will not be detrimental to the state's interest. The commission may specify the terms and consideration under which such removal is permitted and issue written permits for such removal.
[C93, §461A.53; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.53]
C93, §461A.53

§461A.54 Barriers on ice field.
Any person removing ice under a permit shall erect barriers on any part of an ice field where ice is cut, where said field crosses or traverses any part of a stream or lake that is used as a way of passage.
[C93, §461A.54; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.54]
C93, §461A.54

§461A.55 Dredging.
In removing sand, gravel, or other material from state-owned waters by dredging, the operator shall so arrange the operator's equipment that other users of the lake or stream shall not be endangered by cables, anchors, or any concealed equipment. No waste material shall be left in the water in such manner as to endanger other craft or to change the course of any stream.
[C93, §461A.55; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.55]
C93, §461A.55

§461A.56 Disturbing natural bank.
Where operations are entirely on private property adjacent to a public lake or stream the natural bank between the state and privately owned areas shall not be removed except by permission of the commission.
[C93, §461A.56; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.56]
C93, §461A.56

§461A.57 Penalties.
Any person violating any of the provisions of sections 461A.35 to 461A.56 is guilty of a simple misdemeanor.
[C93, §461A.57; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §111.57]

WATER RECREATIONAL AREAS

§461A.59 Powers in municipalities.
Municipalities or corporations organized for that purpose only, acting separately or in conjunction with other each in counties not having a county conservation board, may establish water recreational areas and when established without the support of public funds of the state of Iowa, the municipalities or corporations establishing the same, as the case may be, shall have control thereof independently of the executive council.
[C98, 71, 73, 75, 77, 79, 81, §111.59]
C93, §461A.59

§461A.60 Application for permit.
Any municipality or corporation seeking to establish a water recreational area without public
funds of the state of Iowa shall file with the commission a verified petition asking for a permit to establish a water recreational area.

[C66, 71, 73, 75, 77, 79, 81, §111.60] 86 Acts, ch 1245, §1877 C93, §461A.60

461A.61 Petition.
Said petition shall state:
1. The name of the municipality or corporation.
2. The applicant’s principal office and place of business.
3. A legal description of the lands to be included within said water recreational area, a showing that seventy-five percent of the area is either owned or under option for purchase by the applicant, together with a map thereof.
4. A general description of the public and private highways, grounds and real estate, streams and private lands of any kind within said area.
5. The tentative locations, types of dams to be constructed for any artificial lakes to be established, the proposed area to be inundated by the waters to be impounded by said dams, and a map showing the location of said dams and areas to be inundated.
6. A map showing the location of proposed roads, fixtures, utilities and other facilities necessary in the operation of said water recreational area.
7. The proposed plan of operation and regulations for the use of said facilities by the public.

[C66, 71, 73, 75, 77, 79, 81, §111.61] C93, §461A.61

461A.62 Copy to environmental protection commission.
A copy of the petition and the applications, plans, and specifications required under chapter 455B shall be filed with the environmental protection commission and any approval or permit required under chapter 455B shall be obtained prior to the establishment of the water recreational area or the granting of a permit for the area by the commission.

461A.63 Hearing — notice.
On the filing of said petition the commission shall fix a date for hearing thereon and shall cause notice thereof to be published in some newspaper of general circulation in each county in which said proposed water recreational area will be established, said notice to be published for two consecutive weeks.

[C66, 71, 73, 75, 77, 79, 81, §111.63] 86 Acts, ch 1245, §1877 C93, §461A.63

461A.64 Time and place.
Said hearing shall not be less than ten days nor more than thirty days from the date of the last publication and shall be held in the office of the commission or such place as the commission shall decide.

[C66, 71, 73, 75, 77, 79, 81, §111.64] 86 Acts, ch 1245, §1877 C93, §461A.64

461A.65 Objections.
Any person, corporation, company, levee or drainage district or city whose rights or interests may be affected by said proposed water recreational area may file written objections to said proposed water recreational area or to the granting of said permit.

[C66, 71, 73, 75, 77, 79, 81, §111.65] C93, §461A.65

461A.66 Filing.
All such objections shall be on file in the office of said commission not less than five days before the date of hearing on said application but said commission may permit the filing of said objections later than five days before said hearing in which event the applicant must be granted a reasonable time to meet said objections.

[C66, 71, 73, 75, 77, 79, 81, §111.66] 86 Acts, ch 1245, §1877 C93, §461A.66

461A.67 Examination — testimony.
The commission may examine the proposed water recreational area or may cause such examination to be made by an engineer or such other persons as it desires to be selected by it, who shall report the results of said examination to the commission. At said hearing the commission shall consider the petition and any objections filed thereto and may at its discretion hear such testimony as may aid it in determining the propriety of granting such permit.

461A.68 Final order — condition.
It may grant such permit in whole or in part upon such terms, conditions and restrictions as may be determined by it to be just and proper and in the public interest, provided that before any permit shall be granted to any such municipality or corporation the commission shall, after public hearing as provided hereby, determine whether the water recreational area will be in the interests
of the public health and welfare and an affirmative finding to such effect shall be a condition precedent to the granting of such permit.

[C66, 71, 73, 75, 77, 79, 81, §111.68] C93, §461A.68

461A.69 Costs and fees.
Applicant shall pay all costs and expenses of the hearing and necessary preliminary investigation in connection therewith, including the cost of publishing notice of hearing.

[C66, 71, 73, 75, 77, 79, 81, §111.69] C93, §461A.69

461A.70 Permit.
The commission shall cause to be prepared a uniform blank form of permit which shall provide a space for a general description of the area authorized to be included in any water recreational area to be established hereunder, the name and address of the municipality or corporation to whom said permit is granted and the terms and conditions upon which it is granted. Said permit shall be signed by the chairperson and all other members of the commission and the official seal of said commission shall be attached thereto.

461A.71 Public access and use.
Any lake in the water recreational area, together with at least twenty-five percent of the water frontage of the water recreational area and all land which adjoins and lies within one hundred yards from any point of such twenty-five percent of the water frontage, shall be permanently subject to and available for free public access and use. The municipality or corporation shall grant to the state of Iowa a perpetual easement for such public access and use, which easement shall not be impaired or destroyed in whole or in part by nonuse. However, the commission may enter into agreements from time to time with one or more municipalities or corporations for the management, development, improvement, care and maintenance of such lake, water frontage and land.

461A.72 Sale of permit.
No permit shall be sold until the sale is approved by the commission.

[C66, 71, 73, 75, 77, 79, 81, §111.72] C93, §461A.72

461A.73 Records.
The commission shall keep a record of all permits granted and issued by it showing when and to whom issued and the location of the area of the proposed water recreational area covered thereby.

[C66, 71, 73, 75, 77, 79, 81, §111.73] 86 Acts, ch 1245, §1877 C93, §461A.73

461A.74 Extension of permit.
Any municipality or corporation owning a permit granted hereby desiring to acquire an extension of said permit may petition the commission in the same manner provided for the granting of such permit and the same proceeding shall be had as on an original application.

[C66, 71, 73, 75, 77, 79, 81, §111.74] C93, §461A.74

461A.75 Condemnation of land.
Whenever a permit has been granted as provided in section 461A.70 and the commission finds that the municipality or corporation owning such permit cannot acquire at a reasonable cost any necessary land or interest therein, the commission, with the approval of the executive council, may condemn such land or interest therein as provided in chapter 6B. However, such condemnation shall be limited to land and interests therein which will be permanently subject to and available for free public access and use, as provided in section 461A.71, or which will be required for a dam or other facilities necessary for the water recreational area. All costs of such condemnation, including all costs occasioned by appeal as set out in section 6B.33, and including the award and compensation for such land or interest therein, shall be paid by such municipality or corporation. The commission may permit such municipality or corporation to use such land or interest therein for the purposes of this division, upon such terms, conditions and restrictions as the commission
shall determine to be just and proper and for free public access and use. Title to such land or interest therein shall remain in the state of Iowa.

461A.76 Contracts with local authorities.

Anything in chapter 468, subchapter I, parts 1 through 5, to the contrary, county boards of supervisors and trustees having control of any levee or drainage district established thereunder, including joint levee or drainage districts, may enter into contracts and agreements with municipalities or corporations authorized to establish water recreational areas under the provisions of this division. Such contracts or agreements shall be in writing and may be made prior to or after the establishment of a water recreational area. If made prior to the establishment of a water recreational area they may be made conditional upon the final establishment of such area and if conditional upon such final establishment may be entered into prior to the hearing provided for in section 461A.63.

Such contracts or agreements may embrace any of the following subjects:

1. For the impoundment of drainage waters to create artificial lakes or ponds.
2. For compensation to drainage districts for drainage improvements destroyed or rendered useless by the establishment of water recreational areas and the structures, waters or works thereof.
3. For the diversion of waters from established drainage ditches or tile drains to other channels.
4. For sanitary measures and precautions.
5. For the control of water levels in lakes, ponds or impoundments of water to avoid damage to or malfunction of drainage facilities.
6. For the construction of additional drainage facilities promoting the interests of either or both of the contracting parties.
7. For the granting of easements or licenses by one party to the other.
8. For the payment of money by one contracting party to the other in consideration of acts or performance of the other party required by such contract or agreement.

When any expenditure of levee or drainage district funds is proposed by the authority contained in this section and where the estimated expenditure will exceed fifty percent of the original total cost of the district and subsequent improvements therein as defined by section 468.126, the same procedure respecting notice and hearing shall be followed as is provided in said section 468.126, for repair proposals where the estimated cost of the repair exceeds fifty percent of the original total cost of the district and subsequent improvements therein.

C93, §461A.76

461A.77 Prohibited near borders of state.

In order to reduce the possibility of affecting conservation measures to flood control projects which may be in progress in other states, water recreational areas shall not be established hereunder within seventy miles of the border of any other state.

[C66, 71, 73, 75, 77, 79, 81, §111.77]
C93, §461A.77

461A.78 Method not exclusive.

This division shall not be the exclusive method for establishing a water recreational area and shall not be construed to prohibit the establishment of public recreational areas by the Missouri river preservation and land use authority under chapter 463B.

461A.79 Public outdoor recreation and resources.

1. Fifty percent of the funds appropriated for purposes of this section for public outdoor recreation and resources shall be expended on land acquisition and capital improvements in carrying out this chapter. Acquisition projects, both fee-simple and less-than-fee, from willing sellers, may be for purposes of establishment or expansion of state parks, public hunting areas, natural areas, public fishing areas, water access sites, trail corridors, and other acquisition projects that are in accord with this chapter. Notwithstanding the exemption provided by section 427.1, land acquired under this subsection is subject to the full consolidated levy of property taxes which shall be paid from revenues available to be expended under this subsection. Capital improvements may be either new developments or rehabilitative in nature. Lake and watershed restoration projects are eligible for funding under this subsection. Not more than fifty percent of the revenues available to be expended under this subsection may be used by the commission to enter into agreements with county conservation boards and county boards of supervisors in those counties without conservation boards to carry out the purposes of this subsection. The agreement shall not provide for the payment by the commission of more than seventy-five percent of the cost of the project and the agreement shall specify that the county conservation board or county board of supervisors, whichever is applicable, shall provide funds for the remaining cost of the project covered by the agreement. Money available to be expended under this subsection may be used for the matching of federal funds.

2. Forty-five percent of the funds appropriated for purposes of this section for public outdoor recreation and resources shall be expended on the state recreation tourism grant program. This pro-
gram shall provide matching grants to cities and unincorporated communities for purposes of developing or improving recreational projects or tourist attractions. A city or unincorporated community may submit an application to the commission for a matching grant, except that an unincorporated community shall submit the application through the county board of supervisors. Applications shall be reviewed by the advisory council for public outdoor recreation and resources. The advisory council shall submit recommendations to the commission regarding possible recipients and grant amounts. Grants made to an unincorporated community shall be paid to the county board of supervisors to be used for the project of the unincorporated community. The amount of the grant shall not exceed fifty percent of the cost of the development or improvement to be made and the application must demonstrate that the city or unincorporated community will provide the required matching funds.

3. Five percent of the funds appropriated for purposes of this section for public outdoor recreation and resources shall be expended on advertising which shall promote the use of recreational facilities and tourist attractions in the state. The commission shall enter into an agreement with the Iowa department of economic development for the expenditure of these funds for this purpose.

4. Moneys available to be expended for purposes of this section for public outdoor recreation and resources shall be credited to or deposited to the general fund of the state and appropriations made for purposes of this section shall be allocated as provided in this section. Moneys credited to or deposited to the general fund of the state pursuant to this subsection are subject to the requirements of section 8.60.

§461A.79, PUBLIC LANDS AND WATERS

CHAPTER 461B

USE OF STATE WATERS BY NONRESIDENTS

This chapter not enacted as a part of this title; transferred from chapter 106A in Code 1993

C93, §461B.1

461B.2 “Person” defined.
The term “person” as used in this chapter means:
1. The owner of watercraft whether it is being used and operated personally by said owner or by the owner’s agent.
2. An agent using and operating the watercraft for the agent’s principal.
3. Any person who is in charge of the watercraft and of the use and operation thereof with the express or implied consent of the owner.
[C62, 66, 71, 73, 75, 77, 79, 81, §106A.2]
C93, §461B.2

461B.3 Original notice — form.
The original notice of suit filed with the secretary of state shall be in form and substance the same as now provided in suits against residents of this state, except that the part of said notice pertaining to the return day shall be in substantially the following form, to wit:

“and unless you appear thereto and defend in the district court of Iowa in and for ................. county at the courthouse in ................., Iowa before noon of the sixtieth day following the filing of this notice with the secretary of state, default will be entered and judgment rendered against you.”

[C62, 66, 71, 73, 75, 77, 79, 81, §106A.3]
C93, §461B.3

461B.4 Manner of service.
Plaintiff in any such action shall cause the original notice of suit to be served as follows:
1. By filing a copy of said original notice of suit with said secretary of state, together with a fee of four dollars, and
2. By mailing to the defendant, and to each of the defendants if more than one, within ten days after said filing with the secretary of state, by restricted certified mail addressed to the defendant at the defendant’s last known residence or place of abode, a notification of the said filing with the secretary of state.
C93, §461B.4

461B.5 Notification to nonresident — form.
The notification, provided for by this chapter, shall be substantially in the following form, to wit:

To ................. (Here insert the name of each defendant and the defendant’s residence or last known place of abode.)

You will take notice that an original notice of suit against you, a copy of which is hereto attached, was duly served upon you at Des Moines, Iowa, by filing a copy of said notice on the ............. day of ................. (month), ........ (year), with the secretary of state.

Dated at ................., Iowa, this ........ day of ................. (month), ........ (year)

CHAPTER 461C
PUBLIC USE OF PRIVATE LANDS AND WATERS

This chapter not enacted as a part of this title; transferred from chapter 111C in Code 1993

461C.1 Purpose.
461C.2 Definitions.
461C.3 Liability of owner limited.
461C.4 Users not invitees or licensees.
461C.5 Duties and liabilities of owner of leased land.
461C.6 When liability lies against owner.
461C.7 Construction of law.
461C.1 Purpose.
The purpose of this chapter is to encourage private owners of land to make land and water areas available to the public for recreational purposes by limiting their liability toward persons entering thereon for such purposes.

[C71, 75, 77, 79, 81, §111C.1]
C93, §461C.1

461C.2 Definitions.
As used in this chapter, unless the context otherwise requires:

1. “Charge” means any consideration, the admission price or fee asked in return for invitation or permission to enter or go upon the land.

2. “Holder” means the possessor of a fee interest, a tenant, lessee, occupant or person in control of the premises; provided, however, holder shall not mean the state of Iowa, its political subdivisions, or any public body or any agencies, departments, boards or commissions thereof.

3. “Land” means abandoned or inactive surface mines, caves, and land used for agricultural purposes, including marshlands, timber, grasslands and the privately owned roads, water, water courses, private ways and buildings, structures and machinery or equipment appurtenant thereto.

4. “Recreational purpose” means the following or any combination thereof: Hunting, trapping, horseback riding, fishing, swimming, boating, camping, picnicking, hiking, pleasure driving, motorcycling, nature study, water skiing, snowmobiling, other summer and winter sports, and viewing or enjoying historical, archaeological, scenic, or scientific sites while going to and from or actually engaged therein.

88 Acts, ch 1216, §46
C93, §461C.2

461C.3 Liability of owner limited.
Except as specifically recognized by or provided in section 461C.6, an owner of land owes no duty of care to keep the premises safe for entry or use by others for recreational purposes, or to give any warning of a dangerous condition, use, structure, or activity on such premises to persons entering for such purposes.

[C71, 73, 75, 77, 79, 81, §111C.3]
C93, §461C.3

461C.4 Users not invitees or licensees.
Except as specifically recognized by or provided in section 461C.6, a holder of land who either directly or indirectly invites or permits without charge any person to use such property for recreational purposes does not thereby:

1. Extend any assurance that the premises are safe for any purpose.

2. Confer upon such person the legal status of an invitee or licensee to whom the duty of care is owed.

3. Assume responsibility for or incur liability for any injury to person or property caused by an act or omission of such persons.

[C71, 73, 75, 77, 79, 81, §111C.4]
C93, §461C.4

461C.5 Duties and liabilities of owner of leased land.
Unless otherwise agreed in writing, the provisions of sections 461C.3 and 461C.4 shall be deemed applicable to the duties and liability of an owner of land leased, or any interest or right therein transferred to, or the subject of any agreement with, the United States or any agency thereof, or the state or any agency subdivision thereof, for recreational purposes.

[C71, 73, 75, 77, 79, 81, §111C.5]
C93, §461C.5

461C.6 When liability lies against owner.
Nothing in this chapter limits in any way any liability which otherwise exists:

1. For willful or malicious failure to guard or warn against a dangerous condition, use, structure, or activity.

2. For injury suffered in any case where the owner of land charges the person or persons who enter or go on the land for the recreational use thereof, except that in the case of land or any interest or right therein, leased or transferred to, or the subject of any agreement with, the United States or any agency thereof or the state or any agency subdivision thereof, any consideration received by the holder for such lease, interest, right or agreement, shall not be deemed a charge within the meaning of this section.

[C71, 73, 75, 77, 79, 81, §111C.6]
C93, §461C.6

461C.7 Construction of law.
Nothing in this chapter shall be construed to:

1. Create a duty of care or ground of liability for injury to persons or property.

2. Relieve any person using the land of another for recreational purposes from any obligation which the person may have in the absence of this chapter to exercise care in the use of such land and in the person’s activities thereon, or from the legal consequences of failure to employ such care.

3. Amend, repeal or modify the common law doctrine of attractive nuisance.

462A.1 Declaration of policy.
It is the policy of this state to promote safety for persons and property in and connected with the use, operation and equipment of vessels and to promote uniformity of laws relating thereto.
[C97, §2511; C24, 27, 31, §1691; C35, §1703-e1; C39, §1703.01; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §106.1] C93, §462A.1

462A.2 Definitions.
As used in this chapter, unless the context clearly requires a different meaning:
1. “Alcohol concentration” means the number of grams of alcohol per any of the following:
a. One hundred milliliters of blood.
b. Two hundred ten liters of breath.
c. Sixty-seven milliliters of urine.
2. “Alcoholic beverage” includes alcohol, wine, spirits, beer, or any other beverage which contains ethyl alcohol and is fit for human consumption.
3. “Authorized emergency vessel” means any vessel which is designated or authorized by the commission for use in law enforcement, search and rescue, and disaster work.
4. “Boat livery” means a person who holds a vessel for hire, renting, leasing, or chartering including hotels, motels, or resorts which furnish a vessel to guests as part of the services of the business.
6. “Chemical test” means an analysis of a person’s blood, breath, urine, or other bodily substance for the determination of the presence of alcohol, a controlled substance, or a drug.
7. “Commission” means the natural resource commission.
8. “Controlled substance” means any drug, substance, or compound that is regulated under chapter 124, including any counterfeit substance or simulated controlled substance, as well as any metabolite or derivative of the drug, substance, or compound.
9. “Dealer” means a person who engages in whole or in part in the business of buying, selling, or exchanging vessels either outright or on conditional sale, bailment, lease, security interest, or otherwise, and who has an established place of business for sale, trade, and display of vessels. A yacht broker is a dealer.
10. “Department” means the department of natural resources.
11. “Director” means the director of the department or the director’s designee.
12. “Established place of business” means the place actually occupied either continuously or at regular periods by a dealer or manufacturer where the dealer’s or manufacturer’s books and records are kept and a large share of the dealer’s or manufacturer’s business is transacted.
13. “Farm pond” means a body of water wholly on the lands of a single owner, or a group of joint owners, which does not have any connection with any public waters and which is less than ten surface acres.
14. “Inboard” means a vessel in which the engine is located internally, the propulsion system is rigidly attached to the engine, and the propulsion mechanism is within the confines of the vessel’s extreme length and beam.
15. “Inboard-outdrive” means a vessel in which the power plant or engine is located inside of the vessel and the propulsion mechanism is located outside of the transom.
16. “Inflatable vessel” means a vessel which achieves and maintains its intended shape and buoyancy by inflation.
17. “Lienholder” means a person holding a security interest.
18. “Manufacturer” means a person engaged in the business of manufacturing or importing new and unused vessels, or new and unused outboard motors, for the purpose of sale or trade.
19. “Motorboat” means any vessel propelled by an inboard, inboard-outdrive, or outboard engine, whether or not such engine is the principal source of propulsion.
20. “Navigable waters” means all lakes, rivers, and streams, which can support a vessel capable of carrying one or more persons during a total of six months period in one out of every ten years.
21. “Nonresident” means every person who is not a resident of this state.
22. “Operate” means to navigate or otherwise use a vessel or motorboat.
23. “Operator” means a person who operates or is in actual physical control of a vessel.
24. “Owner” means a person, other than a lienholder, having the property right in or title to a motorboat or vessel. The term includes a person entitled to the use or possession of a vessel or motorboat subject to an interest in another person, reserved or created by agreement and securing payment or performance of an obligation, but the term excludes a lessee under a lease not intended as security.
25. “Passenger” means a person carried on
board a vessel, including the operator, and anyone
towed by a vessel on water skis, surfboards, inner
tubes, or similar devices.
26. “Peace officer” means:
(a) A member of the Iowa state patrol.
(b) A police officer under civil service as pro-
vided in chapter 400.
(c) A sheriff.
(d) A regular deputy sheriff who has had formal
police training.
(e) Any other certified law enforcement officer
as defined in section 80B.3, who has satisfactorily
completed an approved course relating to operat-
ing while intoxicated, either at the Iowa law en-
forcement academy or in a law enforcement training
program approved by the department of public
safety.
27. “Person” means an individual, partners-
ship, firm, corporation, or association.
28. “Personal watercraft” means a vessel, less
than sixteen feet in length, which is propelled by
a water jet pump or similar machinery as its pri-
mary source of motor propulsion and is designed
to be operated by a person sitting, standing, or
kneeling on the vessel rather than being operated
by a person sitting, standing, or kneeling inside
the vessel.
29. “Privately owned lake” means any lake, lo-
cated within the boundaries of this state and not
subject to federal control covering navigation
owned by an individual, group of individuals, or a
nonprofit corporation and which is not open to the
use of the general public but is used exclusively by
the owners and their personal guests.
30. “Proceeds” includes whatever is received
when collateral or proceeds are sold, exchanged,
collected, or otherwise disposed of. The term also
includes the account arising when the right to pay-
ment is earned under a contract right. Money,
checks, and the like are cash “proceeds”. All other
proceeds are “noncash proceeds”.
31. “Sailboard” means a windsurfing vessel
with a mount for a sail, a daggerboard, and a small
sked.
32. “Sailboat” means any watercraft operated
with a sail.
33. “Security interest” means an interest
which is reserved or created by an agreement
which secures payment or performance of an ob-
ligation and is valid against third parties gener-
ally.
34. “Serious injury” means a bodily injury
which creates a substantial risk of death, or which
causes serious permanent disfigurement, or
which causes protracted loss or impairment of the
function of any bodily organ or major bodily mem-
ber, or which causes the loss of any bodily member.
35. “State of principal use” means the state on
whose waters a vessel is used or to be used most
during a calendar year.
36. “Undocumented vessel” means any vessel
which is not required to have, and does not have,
a valid marine document issued by the bureau of
customs or a foreign government.
37. “Use” means to operate, navigate, or em-
ploy a vessel. A vessel is in use whenever it is upon
the water.
38. “Vessel” means every description of water-
craft, other than a seaplane, used or capable of be-
ing used as a means of transportation on water or
ice. Ice boats are watercraft.
39. “Vessel for hire or commercial vessel” means
a vessel for the use of which a fee of any na-
ture is imposed, including vessels furnished as a
part of lodge, hotel, or resort services.
40. “Wake” means any movement of water cre-
ated by a vessel which adversely affects the activi-
ties of another person who is involved in activities
approved for that area or which may adversely af-
fect the natural features of the shoreline.
41. “Watercraft” means any vessel which
through the buoyance force of water floats upon
the water and is capable of carrying one or more
persons.
42. “Waters of this state under the jurisdiction
of the commission” means any navigable waters
within the territorial limits of this state, and the
marginal river areas adjacent to this state, ex-
empting only farm ponds and privately owned
lakes.
43. “Writing fee” means the amount paid by the
boat owner to the county recorder for handling the
transaction.

ter.
The commission may adopt and enforce rules
under chapter 17A as necessary to carry out this
chapter and to protect private and public property
and the health, safety, and welfare of the public.
In adopting rules, the commission shall give con-
sideration to the various uses to which they may be
put by and for public and private purposes, the
preservation of each body of water, its bed, waters,
and is charged with the duty of observing, admin-

§462A.4 Operation of unnumbered vessels prohibited.
Every vessel except as provided in sections 462A.6 and 462A.6A on the waters of this state under the jurisdiction of the commission shall be numbered. A person shall not operate, maintain or give permission for the operation or maintenance of any vessel on such waters unless the vessel is numbered in accordance with this chapter or in accordance with applicable federal laws or in accordance with a federally approved numbering system of another state and unless the certificate of number awarded to the vessel is in full force and effect.

§462A.5 Registration and identification number.
1. The owner of each vessel required to be numbered by this state shall register it every two years with the county recorder of the county in which the owner resides, or, if the owner is a nonresident, the owner shall register it in the county in which such vessel is principally used. The commission shall have supervisory responsibility over the registration of all vessels and shall provide each county recorder with registration forms and certificates and shall allocate identification numbers to each county.

The owner of the vessel shall file an application for registration with the appropriate county recorder on forms provided by the commission. The application shall be completed and signed by the owner of the vessel and shall be accompanied by the appropriate fee, and the writing fee specified in section 462A.53. Upon applying for registration, the owner shall display a bill of sale, receipt, or other satisfactory proof of ownership as provided by the rules of the commission to the county recorder. If the county recorder is not satisfied as to the ownership of the vessel or that there are no undisclosed security interests in the vessel, the county recorder may register the vessel but shall, as a condition of issuing a registration certificate, require the applicant to follow the procedure provided in section 462A.5A. Upon receipt of the application in approved form accompanied by the required fees, the county recorder shall enter it upon the records of the recorder's office and shall issue to the applicant a pocket-size registration certificate. The certificate shall be executed in triplicate, one copy to be delivered to the owner, one copy to the commission, and one copy to be retained on file by the county recorder. The registration certificate shall bear the number awarded to the vessel, the passenger capacity of the vessel, and the name and address of the owner. In the use of all vessels except nonpowered sailboats, nonpowered canoes, and commercial vessels, the registration certificate shall be carried either in the vessel or on the person of the operator of the vessel when in use. In the use of nonpowered sailboats, nonpowered canoes, or commercial vessels, the registration certificate may be kept on shore in accordance with rules adopted by the commission. The operator shall exhibit the certificate to a peace officer upon request or, when involved in a collision or accident of any nature with another vessel or other personal property, to the owner or operator of the other vessel or personal property.

On all vessels except nonpowered sailboats the owner shall cause the identification number to be painted on or attached to each side of the bow of the vessel in such size and manner as may be prescribed by the rules of the commission. On nonpowered boats the number may be placed at alternate locations as prescribed by the rules of the commission. All numbers shall be maintained in a legible condition at all times.

No number, other than the number awarded to a vessel under the provisions of this chapter or granted reciprocity pursuant to this chapter, shall be painted, attached or otherwise displayed on either side of the bow of such vessel.

The owner of each vessel must display and maintain, in a legible manner and in a prominent spot on the exterior of such vessel, other than the bow, the passenger capacity of the vessel which must conform with the passenger capacity designated on the registration certificate.

2. When an agency of the United States government shall have in force an overall system of identification numbering for vessels, the numbering system prescribed by the commission pursuant to this chapter, shall be in conformity therewith.

3. The registration fees for vessels subject to this chapter are as follows:
   a. For vessels of any length without motor or sail, five dollars.
   b. For motorboats or sailboats less than twelve feet in length, eight dollars.
   c. For motorboats or sailboats twelve feet or more, but less than fifteen feet in length, ten dollars.
   d. For motorboats or sailboats fifteen feet or more, but less than eighteen feet in length, twelve dollars.
   e. For motorboats or sailboats eighteen feet or more, but less than twenty-five feet in length, eighteen dollars.
§462A.5, WATER NAVIGATION REGULATIONS

462A.5A  Filing bond as assurance of ownership.

An applicant for registration of a vessel for which the county recorder is not satisfied as to the ownership of the vessel as provided in section 462A.5, subsection 1, shall file with the department a bond in the form prescribed by the department and executed by the applicant, and also executed by a person authorized to conduct a surety business in this state. The form and amount of the bond shall be established by rule of the department. The bond shall be conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vessel or person acquiring any security interest in the vessel, and their respective successors in interest, against any expense, loss, or damage, including reasonable attorney fees, by reason of the issuance of the registration certificate of the vessel or on account of any defect in or undisclosed security interest upon the right, title, and interest of the applicant in and to the vessel. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount
of the bond. The bond shall be returned at the end of three years or prior thereto if the vessel is no longer registered in this state and the registration certificate is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond.

2002 Acts, ch 1113, §10

462A.6 Exemption from registration provisions of this chapter.

A vessel shall not be required to be registered if it is:
1. Covered by a number in full force and effect which has been awarded to it pursuant to a federally approved numbering system of another state if such vessel shall not have been within this state for a period in excess of sixty days within one calendar year.
2. Foreign vessels temporarily using the navigable waters of the United States and of this state.
3. A public vessel of the United States, a state or subdivision thereof which is used for enforcement, search and rescue or official research and studies, but not including vessels used for recreation or commercial purposes.
4. A ship’s lifeboat.
5. A type of vessel which has been exempted from registration by the commission after said commission has found that the registration or numbering of such vessel will not materially aid in their identification and such vessel would be exempt from numbering if it were subject to federal law.
6. An air mattress, inner tube, or other toy or beach type item which is being used in a recognized swimming area. In the case of a natural lake or reservoir these beach or swimming areas may be less, but in no case shall exceed three hundred feet from shore.
7. The following nonpower or nonsail vessels:
   a. Inflatable vessels, seven feet or less in length.
   b. Conventional design canoes and kayak type vessels, thirteen feet or less in length.
C39, §1703.16, 1703.22; C46, 50, 54, 58, §106.16, 106.22; C62, 66, 71, 73, 75, 77, 79, 81, §106.6] C93, §462A.6

462A.6A Exemption from display of registration and capacity numbers.

The following vessels are exempt from displaying a registration number and a passenger capacity number as required in section 462A.5:
1. Authentically constructed native American styled craft including birchbark canoes, dugout canoes, competitive racing shells, reed boats, and skin-covered canoes or boats.
2. Historically styled craft such as keel boats used only during historic recreations or public demonstrations.
3. A vessel which has a valid marine document issued by the United States coast guard and the vessel bears the identification required in the document.
4. A sailboard. However, the registration decal shall be attached to the bottom surface of the bow.

462A.7 Collisions, accidents and casualties.

1. The operator of a vessel involved in a collision, accident or other casualty shall, so far as possible without serious danger to the operator’s own vessel, crew or passengers, render to other persons affected by the collision, accident or other casualty, such assistance as may be practicable and necessary to save them from or minimize any danger caused by the collision, accident or other casualty. The operator shall also give the operator’s name, address and identification of the operator’s vessel in writing to any person injured and to the owner of any property damaged in the collision, accident or other casualty.
2. Whenever any vessel is involved in a collision, accident or casualty, except one which results only in property damage not exceeding five hundred dollars, a report thereof shall be filed with the commission. The report shall be filed by the operator of the vessel and shall contain such information as the commission may, by rule, require. The report shall be submitted without delay in death or disappearance cases and within five days in all other cases.
3. Every law enforcement officer who, in the regular course of duty, investigates an occurrence which is required to be reported by this section, shall, after completing such investigation, forward a report of such occurrence to the commission.
4. All reports shall be in writing. A vessel operator’s report shall be without prejudice to the person making the report and shall be for the confidential use of the department. However, upon request the department shall disclose the identities of the persons on board the vessels involved in the occurrence and their addresses. Upon request of a person who made and filed a vessel operator’s report, the department shall provide a copy of the vessel operator’s report to the requestor. A written vessel operator’s report filed with the department shall not be admissible in or used in evidence in any civil or criminal action arising out of the facts on which the report is based.
   a. All reports shall be in writing. A vessel operator’s report shall be without prejudice to the person making the report and shall be for the confidential use of the department. However, upon request the department shall disclose the identities of the persons on board the vessels involved in the occurrence and their addresses. Upon request of a person who made and filed a vessel operator’s report, the department shall provide a copy of the vessel operator’s report to the requestor. A written vessel operator’s report filed with the department shall not be admissible in or used in evidence in any civil or criminal action arising out of the facts on which the report is based.
   b. All written reports filed by law enforcement officers as required under subsection 3 are confidential to the extent provided in section 22.7, subsection 5, and section 622.11. However, a completed law enforcement officer’s report shall be
made available by the department or the investigating law enforcement agency to any party to a boating accident, collision, or other casualty, the party’s insurance company or its agent, or the party’s attorney on written request and payment of a fee.

5. Failure of the operator of any vessel involved in a collision, reportable accident, or other casualty, to offer assistance and aid to other persons affected by such collision, accident, or casualty, as set forth in this chapter, shall constitute a serious misdemeanor.

462A.9 Classification and required equipment.

1. Vessels subject to the provisions of this chapter shall be divided into four classes as follows:

   Class I. Less than sixteen feet in length.
   Class II. Sixteen feet or over and less than twenty-six feet in length.
   Class III. Twenty-six feet or over and less than forty feet in length.
   Class IV. Forty feet or over.

2. Every vessel, in all weathers, from sunset to sunrise, shall carry and exhibit the following lights when underway, and during that time shall exhibit no other lights which may be mistaken for those required except that the international lighting system as approved by the United States coast guard will be accepted for use on motorboats on the waters of this state.

   a. Every motorboat of classes I and II shall carry the following lights:
      (1) A bright white light aft to show all around the horizon.
      (2) A combined lantern in the fore part of the vessel and lower than the white light aft, showing green to starboard and red to port, so fixed as to throw the light from right ahead to two points abaft the beam on their respective sides.

   b. Every motorboat of classes III and IV shall carry the following lights:
      (1) A bright white light in the fore part of the vessel near the bow as practicable, so constructed as to show an unbroken light over an arc of the horizon of twenty points of the compass, so fixed as to throw the light ten points on each side of the vessel; namely, from right ahead to two points abaft the beam on either side.
      (2) A bright white light aft to show all around the horizon and higher than the white light forward.
      (3) A green light on the starboard side so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side. A red light on the port side, so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass so fixed as to throw the light from right ahead to two points abaft the beam on the port side. The said side lights shall be fitted with inboard screens of sufficient height so set as to prevent these lights from being seen across the bow.

   c. Vessels of classes I and II, when propelled by sail alone, shall carry the combined lantern, but not the white light aft prescribed by this section.

   d. Every white light required by this section shall be of such character as to be visible at a distance of at least two miles. Every colored light required by this section shall be of such character as to be visible at a distance of at least one mile. The term “visible” in this section, when applied to lights, shall mean visible on a dark night with clear atmosphere.

   e. When propelled by sail and machinery, such motorboat shall carry the lights required by this section for a motorboat propelled by machinery only.

   f. Every vessel shall carry and exhibit such other lights required by the rules and regulations of the commission.

   g. Every motorboat of class II, III or IV shall be provided with an efficient whistle or other sound producing appliance.

   h. Every motorboat of class III or IV shall be provided with an efficient bell.

   i. Every vessel shall carry at least one life preserver, life belt, ring buoy or other device, of the sort prescribed by the rules of the commission, for each passenger, so placed as to be readily accessible. This does not apply to a vessel which is a racing shell used in the sport of sculling or to a sailboard while used for windsurfing.

   j. Every motorboat shall be provided with such number, size and type of fire extinguishers capable of promptly and effectually extinguishing burning gasoline, as may be prescribed by the regulations of the commission. Such fire extinguishers shall, at all times, be kept in condition for immediate and effective use and shall be so placed as to be readily accessible. Vessels powered by outboard motors of ten horsepower or less, need not carry the extinguishers as provided herein.
8. The provisions of subsections 4, 5 and 7 of this section shall not apply to motorboats while competing in any race conducted pursuant to section 462A.16 or, if such boats are designed and used solely for racing, while engaged in such navigation as is incidental to the tuning up of the boats and engines for the race.

The operator of a motorboat, while engaged in such race, must wear a crash helmet and life preserver.

9. Every motorboat shall have the carburetor or carburetors of every engine therein, except outboard motors, using a liquid of a volatile nature as fuel, equipped with such efficient flame arrestor, backfire trap or other similar device as may be prescribed by the rules and regulations of the commission.

10. Every motorboat, except open boats, using any liquid of a volatile nature as fuel, shall be provided with the means prescribed by the rules of the commission for properly and efficiently ventilating the bilges of the engines and fuel tank compartments so as to remove any explosive or flammable gases.

11. The commission is hereby authorized to make rules and regulations modifying the equipment requirements contained in this section to the extent necessary for the safety of operators and passengers.

12. The commission is hereby authorized to establish such pilot rules as may be necessary for the safe operation of vessels on the waters of this state under the jurisdiction of the commission.

13. No person shall operate or give permission for the operation of a vessel which is not equipped as required by this section or modification thereof.

14. No person shall operate any vessel, or manipulate any water skis, surfboard or similar device while under the influence of an alcoholic beverage, marijuana, a narcotic, hypnotic or other drug, or any combination of these substances. However, this subsection does not apply to a person operating any vessel or manipulating any water skis, surfboard or similar device while under the influence of marijuana, or a narcotic, hypnotic or other drug if the substances were prescribed for the person and have been taken under the prescription and in accordance with the directions of a medical practitioner as defined in chapter 155A, or other drug if the substances were prescribed for the person and have been taken under the prescription and in accordance with the directions of a medical practitioner as defined in chapter 155A.

15. No person shall operate a vessel, or manipulate any water skis, surfboard or similar device while under the influence of alcohol and further provided the medical practitioner has not directed the person to refrain from operating a motor vehicle, any vessel or from manipulating any water skis, surfboard or similar device.

16. No person shall place, cause to be placed, operate or give permission for the operation of a motor vehicle, any vessel or from manipulating any water skis, surfboard or similar device while under the influence of alcohol and further provided the medical practitioner has not directed the person to refrain from operating a motor vehicle, any vessel or from manipulating any water skis, surfboard or similar device.

17. No person shall place, cause to be placed, throw or deposit onto or in any of the public waters, ice or land of this state any cans, bottles, garbage, rubbish, and other debris.

18. No person shall operate on the waters of this state under the jurisdiction of the conservation commission any vessel displaying or reflecting a blue light or flashing blue light unless such vessel is an authorized emergency vessel.

19. No person shall operate a vessel and enter areas in which search and rescue operations are being conducted or an area affected by a natural disaster unless authorized by the officer in charge of the search and rescue or disaster opera-
tion. Any person authorized in an area of operation shall operate the person’s vessel at a no wake speed and shall keep clear of all other vessels engaged in the search and rescue or disaster operation. A person who must operate a vessel in a disaster area to gain access or egress from the person’s home shall be considered an authorized person by the officer in charge.

6. An owner or operator shall not permit any person under twelve years of age to operate the personal watercraft unless accompanied in or on the same personal watercraft by a responsible person of at least eighteen years of age. Commencing January 1, 2003, a person who is twelve years of age or older but less than eighteen years of age shall not operate any personal watercraft unless the person has successfully completed a department-approved watercraft safety course. A person required to have a watercraft safety certificate shall carry and shall exhibit or make available the certificate upon request of an officer of the department. A violation of this subsection is a simple misdemeanor as provided in section 462A.13. However, a person charged with violating this subsection shall not be convicted if the person produces in court, within a reasonable time, a department-approved certificate. The cost of a department certificate, or any duplicate, shall not exceed five dollars.

7. A person shall not operate watercraft in a manner which unreasonably or unnecessarily interferes with other watercraft or with the free and proper navigation of the waters of the state. Anchoring under bridges, in a heavily traveled channel, in a lock chamber, or near the entrance of a lock constitutes such interference if unreasonable under the prevailing circumstances.

8. A person shall not operate a vessel in violation of restrictions as given by state-approved buoys or signs marking an area.

9. A person shall not operate on the waters of this state under the jurisdiction of the commission a vessel equipped with an engine of greater horsepower rating than is designated for the vessel by the federally required capacity plate or by the manufacturer’s plate on those vessels not covered by federal regulations.

10. A person shall not leave an unattended vessel tied or moored to a dock which is placed immediately adjacent to a public boat launching ramp or to a dock which is posted for loading and unloading.

11. A person shall not operate a vessel within fifty feet of a diver’s flag placed in accordance with the rules of the commission adopted under chapter 17A.

12. A person shall not operate a personal watercraft at any time between sundown and sunrise.

13. A person shall not chase or harass animals while operating a personal watercraft or motorboat.

462A.13 Penalty.

Any person violating any of the provisions of this chapter, or any of the rules adopted under this chapter, for which another penalty is not otherwise specifically provided, is guilty of a simple misdemeanor.

Chapter 232 shall have no application in the prosecution of offenses committed in violation of this chapter or rules and regulations which are adopted under the authority of this chapter which constitute simple misdemeanors.

462A.14 Operating a motorboat or sailboat while intoxicated.

1. A person commits the offense of operating a motorboat or sailboat while intoxicated if the person operates a motorboat or sailboat on the navigable waters of this state in any of the following conditions:
   a. While under the influence of an alcoholic beverage or other drug or a combination of such substances.
   b. While having an alcohol concentration of .10 or more.
   c. While any amount of a controlled substance is present in the person, as measured in the person’s blood or urine.

2. A person who violates subsection 1 commits:
   a. A serious misdemeanor for the first offense, punishable by any of the following:
      (1) Imprisonment in the county jail for not less than forty-eight hours, to be served as ordered by the court, less credit for any time the person was confined in a jail or detention facility following arrest. However, the court, in ordering service of the sentence and in its discretion, may accommodate the defendant’s work schedule.
      (2) Assessment of a fine of one thousand dollars. However, in the discretion of the court, if no personal or property injury has resulted from the defendant’s actions, up to five hundred dollars of the fine may be waived. As an alternative to a portion or all of the fine, the court may order the person to perform unpaid community service.
      (3) Prohibition of operation of a motorboat or sailboat for one year, pursuant to court order.
(4) Assignment to substance abuse evaluation and treatment, pursuant to subsection 12, and a course for drinking drivers.

b. An aggravated misdemeanor for a second offense, punishable by all of the following:

(1) Imprisonment in the county jail or community-based correctional facility for not less than seven days.

(2) Assessment of a fine of not less than one thousand five hundred dollars nor more than five thousand dollars.

(3) Prohibition of operation of a motorboat or sailboat for two years, pursuant to court order.

(4) Assignment to substance abuse evaluation and treatment, pursuant to subsections 12 and 13, and a course for drinking drivers.

c. A class “D” felony for a third offense and each subsequent offense, punishable by all of the following:

(1) Imprisonment in the county jail for a determinate sentence of not more than one year but not less than thirty days, or committed to the custody of the department of corrections. A person convicted of a third or subsequent offense may be committed to the custody of the director of the department of corrections, who shall assign the person to a facility pursuant to section 904.513 or the offender may be committed to treatment in the community under the provisions of section 907.13.

(2) Assessment of a fine of not less than two thousand five hundred dollars nor more than seven thousand five hundred dollars.

(3) Prohibition of operation of a motorboat or sailboat for six years, pursuant to court order.

(4) Assignment to substance abuse evaluation and treatment, pursuant to subsections 12 and 13, and a course for drinking drivers.

d. A class “D” felony for any offense under this section resulting in the death of persons other than the defendant, if the court determines that the person who committed the offense caused the death, and shall be imprisoned for a determinate sentence of not more than twenty-five years, or committed to the custody of the director of the department of corrections. A person convicted of a felony offense may be committed to the custody of the director of the department of corrections, who shall assign the person to a facility pursuant to section 904.513. The court shall also order that the person not operate a motorboat or sailboat for six years. The court shall also assign the defendant to substance abuse evaluation and treatment pursuant to subsections 12 and 13, and a course for drinking drivers.

e. A class “B” felony for any offense under this section resulting in the death of persons other than the defendant, if the court determines that the person who committed the offense caused the death, and shall be imprisoned for a determinate sentence of not more than twenty-five years, or committed to the custody of the director of the department of corrections, who shall assign the person to a facility pursuant to section 904.513. The court shall also order that the person not operate a motorboat or sailboat for six years. The court shall also assign the defendant to substance abuse evaluation and treatment pursuant to subsections 12 and 13, and a course for drinking drivers.

(5) If the offense under this section results in bodily injury to a person other than the defendant.

b. A minimum term of imprisonment in a county jail or community-based correctional facility imposed on a person convicted of a second or subsequent offense under subsection 2 shall be served on consecutive days. However, if the sentencing court finds that service of the full minimum term on consecutive days would work an undue hardship on the person, or finds that sufficient jail space is not available and is not reasonably expected to become available within four months after sentencing to incarcerate the person serving the minimum sentence on consecutive days, the court may order the person to serve the minimum term in segments of at least forty-eight hours and
to perform a specified number of hours of unpaid community service as deemed appropriate by the sentencing court.

4. In determining if a violation charged is a second or subsequent offense for purposes of criminal sentencing or license or privilege revocation under this section:
   a. Any conviction under this section within the previous twelve years shall be counted as a previous offense.
   b. Deferred judgments entered pursuant to section 907.3 for violations of this section shall be counted as previous offenses.
   c. Convictions or the equivalent of deferred judgments for violations in any other states under statutes substantially corresponding to this section shall be counted as previous offenses. The courts shall judicially notice the statutes of other states which define offenses substantially equivalent to an offense defined in this section and can therefore be considered corresponding statutes. Each previous violation on which conviction or deferred judgment was entered prior to the date of the violation charged shall be considered and counted as a separate previous offense.

5. A person shall not be convicted and sentenced for more than one violation of this section for actions arising out of the same event or occurrence, even if the event or occurrence involves more than one of the conditions specified in subsection 1. However, a person who refuses a test pursuant to section 462A.14B may be subject to imposition of the penalties under that section in addition to the penalties under this section if the person violates both sections, even though the actions arise out of the same event or occurrence.

6. The clerk of the district court shall immediately certify to the department a true copy of each order entered with respect to deferral of judgment, deferral of sentence, or pronouncement of judgment and sentence for a defendant under this section.

7. a. This section does not apply to a person operating a motorboat or sailboat while under the influence of a drug if the substance was prescribed for the person and was taken in accordance with the directions of a medical practitioner as defined in chapter 155A or if the substance was dispensed by a pharmacist without a prescription pursuant to the rules of the board of pharmacy examiners, if there is no evidence of the consumption of alcohol and the medical practitioner or pharmacist had not directed the person to refrain from operating a motor vehicle, or motorboat or sailboat.
   b. When charged with a violation of subsection 1, paragraph “c”, a person may assert, as an affirmative defense, that the controlled substance present in the person’s blood or urine was prescribed or dispensed for the person and was taken in accordance with the directions of a practitioner and the labeling directions of the pharmacy, as that person and place of business are defined in section 155A.3.

8. In any prosecution under this section, evidence of the results of analysis of a specimen of the defendant’s blood, breath, or urine is admissible upon proof of a proper foundation.
   a. The alcohol concentration established by the results of an analysis of a specimen of the defendant’s blood, breath, or urine withdrawn within two hours after the defendant was operating or in physical control of a motorboat or sailboat is presumed to be the alcohol concentration at the time of operating or being in physical control of the motorboat or sailboat.
   b. The presence of a controlled substance or other drug established by the results of analysis of a specimen of the defendant’s blood or urine withdrawn within two hours after the defendant was operating or in physical control of a motorboat or sailboat is presumed to show the presence of such controlled substance or other drug in the defendant at the time of operating or being in physical control of the motorboat or sailboat.
   c. The nationally accepted standards for determining detectable levels of controlled substances in the division of criminal investigation’s initial laboratory screening test for controlled substances adopted by the department of public safety shall be utilized in prosecutions under this section.

9. a. In addition to any fine or penalty imposed under this chapter, the court shall order a defendant convicted of or receiving a deferred judgment for a violation of this section to make restitution for damages resulting directly from the violation, to the victim, pursuant to chapter 910. An amount paid pursuant to this restitution order shall be credited toward any adverse judgment in a subsequent civil proceeding arising from the same occurrence. However, other than establishing a credit, a restitution proceeding pursuant to this section shall not be given evidentiary or exclusive effect in a subsequent civil proceeding arising from the same occurrence.
   b. The court may order restitution paid to any public agency for the costs of the emergency response resulting from the actions constituting a violation of this section, not exceeding five hundred dollars per public agency for each such response. For the purposes of this paragraph, “emergency response” means any incident requiring response by fire fighting, law enforcement, ambulance, medical, or other emergency services. A public agency seeking such restitution shall consult with the county attorney regarding the expenses incurred by the public agency, and the county attorney may include the expenses in the statement of pecuniary damages pursuant to section 910.3.

10. In any prosecution under this section, the results of a chemical test shall not be used to prove a violation of subsection 1, paragraph “b” or para-
graph "c", if the alcohol, controlled substance, or other drug concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the chemical test does not equal or exceed the level prohibited by subsection 1.

11. This section does not limit the introduction of any competent evidence bearing on the question of whether a person was under the influence of an alcoholic beverage or a controlled substance or other drug, including the results of chemical tests of specimens of blood, breath, or urine obtained more than two hours after the person was operating a motorboat or sailboat.

12. a. All substance abuse evaluations required under this section shall be completed at the defendant's expense.

b. In addition to assignment to substance abuse evaluation and treatment under this section, the court shall order any defendant convicted under this section to follow the recommendations proposed in the substance abuse evaluation for appropriate substance abuse treatment for the defendant. Court-ordered substance abuse treatment is subject to the periodic reporting requirements of section 125.86.

c. If a defendant is committed by the court to a substance abuse treatment facility, the administrator of the facility shall report to the court when it is determined that the defendant has received the maximum benefit of treatment at the facility and the defendant shall be released from the facility. The time for which the defendant is committed for treatment shall be credited against the defendant's sentence.

d. The court may prescribe the length of time for the evaluation and treatment or the court may request that the community college or licensed substance abuse program conducting the course for drinking drivers which the defendant is ordered to attend or the treatment program to which the defendant is committed immediately report to the court when the defendant has received maximum benefit from the course for drinking drivers or treatment program or has recovered from the defendant's addiction, dependency, or tendency to chronically abuse alcohol or drugs.

e. Upon successfully completing a course for drinking drivers or an ordered substance abuse treatment program, a court may place the defendant on probation for six months and as a condition of probation, the defendant shall attend a program providing posttreatment services related to substance abuse as approved by the court.

f. A defendant committed under this section who does not possess sufficient income or estate to make payment of the costs of the treatment in whole or in part shall be considered a state patient and the costs of treatment shall be paid as provided in section 125.44.

g. A defendant who fails to carry out the order of the court shall be confined in the county jail for twenty days in addition to any other imprisonment ordered by the court or may be ordered to perform unpaid community service work, and shall be placed on probation for one year with a violation of this probation punishable as contempt of court.

h. In addition to any other condition of probation, the defendant shall attend a program providing substance abuse prevention services or post-treatment services related to substance abuse as ordered by the court. The defendant shall report to the defendant's probation officer as ordered concerning proof of attendance at the treatment program or posttreatment program ordered by the court. Failure to attend or complete the program shall be considered a violation of probation and is punishable as contempt of court.

13. a. Upon a second or subsequent offense in violation of section 462A.14, the court upon hearing may commit the defendant for inpatient treatment of alcoholism or drug addiction or dependency to any hospital, institution, or community correctional facility in this state providing such treatment. The time for which the defendant is committed for treatment shall be credited against the defendant's sentence.

b. The court may prescribe the length of time for the evaluation and treatment or the court may request that the hospital to which the defendant is committed immediately report to the court when the defendant has received maximum benefit from the program of the hospital or institution or has recovered from the defendant's addiction, dependency, or tendency to chronically abuse alcohol or drugs.

c. A defendant committed under this section who does not possess sufficient income or estate to make payment of the costs of the treatment in whole or in part shall be considered a state patient and the costs of treatment shall be paid as provided in section 125.44.

462A.14A Implied consent to test.  
1. A person who operates a motorboat or sailboat on the navigable waters in this state under circumstances which give reasonable grounds to believe that the person has been operating a motorboat or sailboat in violation of section 462A.14 is deemed to have given consent to the withdrawal of specimens of the person's blood, breath, or urine and to a chemical test or tests of the specimens for the purpose of determining the alcohol concentration or presence of controlled substances or other drugs, subject to this section.

2. a. If a peace officer has reasonable grounds to believe that any of the following has occurred,
the peace officer may request that the motorboat or sailboat operator provide a sample of the operator's breath for a preliminary screening test using a device approved by the commissioner of public safety for that purpose:

1. The motorboat or sailboat operator may be violating or has violated section 462A.14.
2. The motorboat or sailboat has been involved in an accident resulting in injury or death.
3. The motorboat or sailboat operator is or has been operating carelessly or recklessly, in violation of section 462A.12.

b. The results of this preliminary screening test may be used for the purpose of deciding whether an arrest should be made or whether to request a chemical test authorized in this chapter, but shall not be used in any court action except to prove that a chemical test was properly requested of a person pursuant to this section.

3. The withdrawal of the body substances and the test or tests shall be administered at the written request of a peace officer having reasonable grounds to believe that the person was operating a motorboat or sailboat in violation of section 462A.14, and if any of the following conditions exist:
   a. A peace officer has lawfully placed the person under arrest for violation of section 462A.14.
   b. The motorboat or sailboat has been involved in an accident or collision resulting in personal injury or death.
   c. The person has refused to take a preliminary breath screening test provided by this chapter.
   d. The preliminary breath screening test was administered and it indicated an alcohol concentration equal to or in excess of the level prohibited by section 462A.14.
   e. The preliminary breath screening test was administered and it indicated an alcohol concentration of less than the level prohibited under section 462A.14, and the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol or a combination of alcohol and another drug.
   f. The peace officer shall determine which of the three substances, breath, blood, or urine, shall be tested.

b. If the peace officer fails to offer a test within two hours after the preliminary screening test is administered or refused, or the arrest is made, whichever occurs first, a test is not required, and there shall be no suspension of motorboat or sailboat operation privileges.

c. Refusal to submit to a chemical test of urine or breath is deemed a refusal to submit, and the peace officer shall inform the person that the person's refusal will result in the suspension of the person's privilege to operate a motorboat or sailboat, if the person is convicted of violating or has violated section 462A.14.

d. Refusal to submit to a chemical test of blood is not deemed a refusal to submit, but in that case, the peace officer shall then determine which one of the other two substances shall be tested and shall offer the test.

e. Notwithstanding paragraphs "a" through "d", if the peace officer has reasonable grounds to believe that the person was under the influence of a drug other than alcohol, or a combination of alcohol and another drug, a urine test may be required even after a blood or breath test has been administered.

f. A person who is dead, unconscious, or otherwise in a condition rendering the person incapable of consent or refusal is deemed not to have withdrawn the consent provided by this section, and the test may be given if a licensed physician certifies in advance of the test that the person is dead, unconscious, or otherwise in a condition rendering that person incapable of consent or refusal.

g. A person who has been requested to submit to a chemical test shall be advised by a peace officer of the following:

1. A refusal to submit to the test is punishable by a mandatory civil penalty of five hundred to two thousand dollars, and suspension of motorboat or sailboat operating privileges for at least a year. In addition, if the person is also convicted of operating a motorboat or sailboat while intoxicated, the person shall be subject to additional penalties.

2. If the person submits to the test and the results indicate an alcohol concentration equal to or in excess of the level prohibited under section 462A.14 and the person is convicted, the person's motorboat or sailboat operating privileges will be suspended for at least one year and up to six years, depending upon how many previous convictions the person has under this chapter, and whether or not the person has caused serious injury or death, in addition to any sentence and fine imposed for a violation of section 462A.14.

5. Refusal to submit to a test under this section does not prohibit the withdrawal of a specimen for chemical testing if a motorboat or sailboat has been involved in an accident resulting in death or serious bodily injury, if the peace officer has reasonable grounds to believe that the operator of the motorboat or sailboat was violating section 462A.14 at the time of the accident, and the peace officer has obtained, in compliance with chapter 808 or according to the procedure in section 462A.14D, a search warrant permitting the withdrawal of a specimen for chemical testing. The act of any person knowingly resisting or obstructing the withdrawal of a specimen pursuant to a search warrant issued under this section constitutes a contempt punishable by a fine not exceeding one thousand dollars or imprisonment in a county jail not exceeding one year or by both such fine and imprisonment, and further constitutes a refusal to submit, punishable under this section.

6. Only a licensed physician, licensed physician assistant as defined in section 148C.1, medi-
eral technologist, or registered nurse, acting at the request of a peace officer, may withdraw a specimen of blood for the purpose of determining the alcohol concentration or the presence of a controlled substance or other drugs. However, any peace officer, using devices and methods approved by the commissioner of public safety, may take a specimen of a person’s breath or urine for the purpose of determining the alcohol concentration or the presence of drugs. Only new equipment kept under strictly sanitary and sterile conditions shall be used for drawing blood. Medical personnel who use reasonable care and accepted medical practices in withdrawing blood specimens are immune from liability for their actions in complying with requests made of them pursuant to this section.

7. The person may have an independent chemical test or tests administered at the person’s own expense in addition to any administered at the direction of a peace officer. The failure or inability of the person to obtain an independent chemical test or tests does not preclude the admission of evidence of the results of the test or tests administered at the direction of the peace officer. Upon the request of the person who is tested, the results of the test or tests administered at the direction of the peace officer shall be made available to the person.

8. In any prosecution under section 462A.14, evidence of the results of analysis of a specimen of the defendant’s blood, breath, or urine is admissible upon proof of a proper foundation. The alcohol concentration established by the results of an analysis of a specimen of the defendant’s blood, breath, or urine withdrawn within two hours after the defendant was operating or was otherwise in physical control of a motorboat or sailboat is presumed to be the alcohol concentration at the time of operation or being in physical control of the motorboat or sailboat. If a person refuses to submit to a chemical test, proof of refusal is admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person was operating a motorboat or sailboat in violation of section 462A.14. This section does not limit the introduction of any competent evidence bearing on the question of whether a person was under the influence of an alcoholic beverage or a controlled substance or other drug, including the results of chemical tests of specimens of blood, breath, or urine obtained more than two hours after the person was operating a motorboat or sailboat.

2000 Acts, ch 1099, §3

462A.14B Refusal to submit — penalty.

1. If a person refuses to submit to a chemical testing, a test shall not be given unless the procedure in section 462A.14D is invoked. However, if the person refuses the test, the person shall be punishable by the court according to this section.

2. The court, upon finding that the officer had reasonable ground to believe the person to have been operating a motorboat or sailboat in violation of section 462A.14, that specified conditions existed for chemical testing pursuant to section 462A.14A, and that the person refused to submit to the chemical testing, shall:

a. Order that the person shall not operate a motorboat or sailboat for one year.

b. Impose a mandatory civil penalty as follows:

(1) For a first refusal under this section, five hundred dollars.

(2) For a second refusal under this section, one thousand dollars.

(3) For a third or subsequent refusal under this section, two thousand dollars.

3. If the person does not pay the civil penalty by the time the one-year order not to operate expires, the court shall extend the order not to operate a motorboat or sailboat for an additional year, and may also impose penalties for contempt.

4. The court shall not defer judgment or sentencing, or suspend execution of any order or fine applicable under this section.

5. The penalties imposed by this section shall apply in addition to any penalties imposed under section 462A.14, except that the one-year period under the order not to operate a motorboat or sailboat under this section shall be imposed and run concurrently with any period of time a defendant is ordered not to operate a motorboat or sailboat under section 462A.14.

2000 Acts, ch 1099, §4

462A.14C Statement of officer.

1. A person who has been requested to submit to a chemical test shall be advised by a peace officer of the following:

a. A refusal to submit to the test is punishable by a mandatory civil penalty of five hundred to two thousand dollars, and suspension of motorboat or sailboat operating privileges for at least a year. In addition, if the person is also convicted of operating a motorboat or sailboat while intoxicated, the person shall be subject to additional penalties.

b. If the person submits to the test and the results indicate the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 462A.14, the person’s privilege to operate a motorboat or sailboat will be prohibited for at least one year, and up to six years.

2. This section does not apply in any case involving a person described in section 462A.14A, subsection 4, paragraph "f".

3. If a person refuses to submit to a chemical test, proof of refusal is admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person was operating a motorboat or sailboat in violation of section 462A.14.
462A.14D Tests pursuant to warrants.
1. Refusal to consent to a test under section 462A.14A does not prohibit the withdrawal of a specimen for chemical testing pursuant to a search warrant issued in the investigation of a suspected violation of section 462A.14 if all of the following grounds exist:
   a. An accident has resulted in a death or personal injury reasonably likely to cause death.
   b. There are reasonable grounds to believe that one or more of the persons whose operation of a motorboat or sailboat may have been the proximate cause of the accident was violating section 462A.14 at the time of the accident.
2. Search warrants may be issued under this section in full compliance with chapter 808 or search warrants may be issued under subsection 3.
3. Notwithstanding section 808.3, the issuance of a search warrant under this section may be based upon sworn oral testimony communicated by telephone if the magistrate who is asked to issue the warrant is satisfied that the circumstances make it reasonable to dispense with a written affidavit. The following shall then apply:
   a. When a caller applies for the issuance of a warrant under this section and the magistrate becomes aware of the purpose of the call, the magistrate shall place under oath the person applying for the warrant.
   b. The person applying for the warrant shall prepare a duplicate warrant and read the duplicate warrant, verbatim, to the magistrate who shall enter, verbatim, to the magistrate who shall sign the magistrate's name on the warrant by directing the person applying for the warrant to sign the magistrate's name on the duplicate warrant. The magistrate shall immediately sign the original warrant and enter on its face the exact time when the issuance was ordered.
   c. The oral application testimony shall set forth facts and information tending to establish the existence of the grounds for the warrant and shall describe with a reasonable degree of specificity the person or persons whose operation of a motorboat or sailboat is believed to have been the proximate cause of the accident and from whom a specimen is to be withdrawn and the location where the withdrawal of the specimen or specimens is to take place.
   d. If a voice recording device is available, the magistrate may record by means of that device all of the call after the magistrate becomes aware of the purpose of the call. Otherwise, the magistrate shall cause a stenographic or longhand memorandum to be made of the oral testimony of the person applying for the warrant.
   e. If the magistrate is satisfied from the oral testimony that the grounds for the warrant exist or that there is probable cause to believe that they exist, the magistrate shall order the issuance of the warrant by directing the person applying for the warrant to sign the magistrate's name on the duplicate warrant. The magistrate shall immediately sign the original warrant and enter on its face the exact time when the issuance was ordered.
   f. The person who executes the warrant shall enter the time of execution on the face of the duplicate warrant.
   g. The magistrate shall cause any record of the call made by means of a voice recording device to be transcribed, shall certify the accuracy of the transcript, and shall file the transcript and the original record with the clerk. If a stenographic or longhand memorandum was made of the oral testimony of the person who applied for the warrant, the magistrate shall file a signed copy with the clerk.
   h. The clerk of court shall maintain the original and duplicate warrants along with the record of the telephone call and any transcript or memorandum made of the call in a confidential file until a charge, if any, is filed.
4. a. Search warrants issued under this section shall authorize and direct peace officers to secure the withdrawal of blood specimens by medical personnel under section 462A.14A. Reasonable care shall be exercised to ensure the health and safety of the persons from whom specimens are withdrawn in the execution of the warrants.
   b. If a person from whom a specimen is to be withdrawn objects to the withdrawal of blood, the warrant may be executed as follows:
      (1) If the person is capable of giving a specimen of breath, and a direct breath testing instrument is readily available, the warrant may be executed by the withdrawal of a specimen of breath for chemical testing, unless the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.
      (2) If the magistrate in support of the warrant sets forth facts and information that the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a urine sample shall be collected in lieu of a blood sample, if the person is capable of giving a urine sample and the sample can be collected without the need to physically compel the execution of the warrant.
5. The act of any person knowingly resisting or obstructing the withdrawal of a specimen pursuant to a search warrant issued under section 462A.14D constitutes contempt punishable as provided in that section and further constitutes a refusal to submit. Also, if the withdrawal of a specimen is so resisted or obstructed, section 462A.14A applies.
6. Nonsubstantive variances between the contents of the original and duplicate warrants shall not cause a warrant issued under subsection 3 to be considered invalid.
7. Specimens obtained pursuant to warrants issued under this section are not subject to disposi-
tion under section 808.9 or chapter 809 or 809A.
8. Subsections 3 to 7 of this section do not ap-
ply where a test may be administered under sec-
tion 462A.14A, subsection 4, paragraph “f”.
9. Medical personnel who use reasonable care and
accepted medical practices in withdrawing
blood specimens are immune from liability for
their actions in complying with requests made of
them pursuant to search warrants or pursuant to
section 462A.14A.
2000 Acts, ch 1099, §6

462A.14E Violations of orders not to oper-
ate a motorboat or sailboat.
1. A person who operates a motorboat or sail-
boat after the person has been ordered, pursuant
to section 462A.14 or 462A.14B, not to operate a
motorboat or sailboat commits a serious misde-
meanor, punishable with a jail term and a manda-
tory fine of one thousand dollars.
2. In addition to the jail term and fine, the
court shall extend the period of prohibition of oper-
ating a motorboat or sailboat for an additional like-
period.

462A.14F Department recordkeeping.
The department shall collect and maintain sta-
tistics on the number of arrests and convictions for
violations of section 462A.14 that occur each year.

462A.15 Water skis and surfboards.
1. No person shall operate a vessel on any wa-
ters of this state under the jurisdiction of the com-
mision for towing a person or persons on water
skis, surfboard or similar device unless there is in
such vessel a responsible person, in addition to the
operator, in a position to observe the progress of
the person or persons being towed.
2. This section does not apply to a performer
engaged in a professional exhibition or a person or
persons engaged in a professional exhibition or a
person or persons engaged in an activity autho-
rized under section 462A.16.

462A.16 Regattas, races, marine parades,
tournaments or exhibitions.
1. The commission may authorize the holding of
regattas, motorboat or other boat races, marine
parades, tournaments or exhibitions on any wa-
ters of this state under the jurisdiction of the com-
m ission. The commission shall adopt and may,
from time to time, amend regulations concerning
the safety of vessels and persons, either observers
or participants. If a regatta, motorboat or other
boat race, marine parade, tournament or exhibi-
tion is proposed to be held, the person in charge
thereof shall file an application with the commis-
sion for permission to hold such regatta, motor-
boat or other boat race, marine parade, tourna-
ment or exhibition. The application shall set forth
the date, time and location where it is proposed to
hold such regatta, motorboat or other boat race,
marine parade, tournament or exhibition and it
shall not be conducted without written authoriza-
tion of the commission.
2. The provisions of this section shall not ex-
empt any person from compliance with applicable
federal law or regulation, but nothing contained
herein shall be construed to require the securing
of a state permit under this section if a permit therefor has been obtained from an authorized
agency having jurisdiction of the waters where
such regatta, race, marine parade, tournament or
exhibition is being conducted.

462A.17 Local regulations restricted.
1. This chapter and other applicable laws of
this state govern the operation, equipment, num-
bering and all other matters relating thereto of
any vessel whenever the vessel is operated or
maintained on the waters of this state under the
jurisdiction of the commission, but this chapter
does not prevent the adoption of any ordinance or
local law relating to the operation or equipment of
vessels. Such ordinances or local law are opera-
tive only so long as they are not inconsistent with
this chapter or the rules adopted by the commis-
sion.
2. Any subdivision of this state may, but only
after public notice thereof by publication in a
newspaper having a general circulation in such
subdivision, make formal application to the com-
m ission for special rules and regulations concern-
 ing the operation of vessels on any waters within
its territorial limits and shall set forth therein the
reasons which make such special rules or regula-
tions necessary or appropriate.
3. The commission, upon application of local
authorities, may make special rules in conformity
with this chapter, concerning the operation of ves-
sels on any waters of this state under the jurisdic-
tion of the commission within the territorial limits
of any subdivision of this state. Special rules shall
only be adopted upon a finding by the commission
that the rules are necessary to carry out the poli-
cies and purposes of this chapter due to special
conditions with regard to a particular body of wa-
ter and that the special rules provide greater pro-

462A.20 Boat inspection.
Any person having, upon any waters of this state under the jurisdiction of the commission, any vessel, either for hire or offered for hire, must have such vessel and all its appurtenances annually inspected.

Every such owner shall file in the office of the commission, an application for inspection of such vessels on a blank furnished by the commission for that purpose.

Officers appointed by the commission shall have the power and authority to determine whether such vessel is safe for the transportation of passengers or cargo and upon what waters it may be used. They may determine and designate the number of passengers or cargo, including crew, that may be carried and determine whether the machinery, equipment and all appurtenances are such as to make said vessels seaworthy, where used, and such other matters as are pertinent.

After such vessels have been inspected as provided herein, a current inspection seal or tag shall be issued by the commission and shall be kept posted in a conspicuous place upon or in such vessel. Any inspection seal or tag shall be in effect only for the calendar year for which the inspection seal or tag is issued.

Private vessels may also be inspected to determine their seaworthiness at any time by representatives of the commission.

462A.21 Fees.
The annual fee for the inspection of vessels operated for hire shall be based upon the passenger-carrying capacity, including crew, for which such vessel is registered.

Such fee shall be computed at the rate of fifty cents per person capacity, except rowboats, but shall be not less than one dollar and shall not exceed the maximum of twenty dollars. The fee for inspecting rowboats shall be one dollar per boat.

The annual fee for pilot’s license is one dollar.

The annual fee for engineer’s license is two dollars.

The provisions of this section shall be applicable to all vessels which are rented to the public for hire, including vessels furnished with leased cottages. If such vessels are found to be in satisfactory condition, the inspecting officer shall attach thereto a small plate or inspection seal, indicating the date of inspection and the passenger-carrying capacity. The owner of such vessel shall not offer it for hire or allow it to be so used until such inspection has been made and the vessel found to be in satisfactory condition.

There shall be no fee charged for the inspection of private vessels not used for hire.

All fees collected shall be forwarded by the commission to the treasurer of the state, who shall place such money in a conservation fund. The money so collected shall be appropriated by the legislature to the commission solely for the administration and enforcement of navigation laws and water safety.

462A.22 Engineer or pilot license.
No vessel shall be operated for hire by a pilot or engineer upon the waters of this state under the jurisdiction of the commission unless the pilot or engineer first obtains an engineer’s or pilot’s license. A pilot’s license is required for any person who has charge of the steering or directing of the vessel’s course or who does the steering or directs the vessel’s course. An engineer’s license is required for all operators who have charge of or operate the equipment by which the boat is propelled. If one person acts in a dual or alternate capacity, the person shall first obtain both an engineer’s and pilot’s license.

Any person desiring a pilot’s or engineer’s license shall file an application with the commission upon forms prepared and furnished by the commission. Such license may be issued by the commission only upon recommendation of an officer duly authorized by the commission. Before the officer recommends such a license, the officer shall investigate the competency of the applicant, the applicant’s acquaintance with and experience in boat work, habits as to sobriety, mental and physical qualifications for the work, acquaintance with
the waters for which application to operate upon is made, familiarity with the laws and regulations pertaining to the vessel operation and all other pertinent matters. Such license shall not be issued to anyone under eighteen years of age.

Engineer’s and pilot’s licenses shall be in effect only for the calendar year in which such license is issued.

462A.23 Suspension or revocation.
1. Any officer appointed by the commission may, for cause, temporarily suspend the registration certificate of any vessel and the license of a pilot or engineer, that has been issued under this chapter, and the commission, after a due hearing on the matter at its next session, shall make final determination in the matter.

2. The commission shall forthwith revoke the registration certificate of any vessel and the pilot’s or engineer’s license of the operator of such vessel upon receiving a record of such owner or operator’s conviction of any of the following offenses, when such conviction has become final:
   a. Manslaughter resulting from the operation of a vessel.
   b. Operating a motorboat or sailboat while intoxicated, or manipulating water skis, a surfboard, or a similar device while in an intoxicated condition or under the influence of a narcotic drug.
   c. Failure to stop and render aid as required by this chapter when a collision, accident or other casualty results in the death or personal injury of another.
   d. Perjury or the making of a false affidavit or statement under oath to the commission under this chapter relating to the ownership or operation of a vessel.

3. The commission is hereby authorized to suspend the registration certificate of any vessel and the pilot’s or engineer’s license of an operator upon a showing by its records that the owner or operator:
   a. Has committed an offense for which mandatory revocation of registration certificate or pilot’s or engineer’s license is required upon conviction.
   b. Is a habitual reckless or negligent operator of a vessel.
   c. Is incompetent to operate a vessel.
   d. Has permitted an unlawful or fraudulent use of such registration certificate or pilot’s or engineer’s license.

4. The commission is hereby authorized to suspend or revoke the certificate of registration of a vessel registered under the provisions of this chapter when:
   a. It is satisfied that such registration certificate was fraudulently or erroneously obtained.
   b. It determines that a registered vessel is unsafe to be operated on waters of the state under the jurisdiction of the commission.
   c. A registered vessel has been abandoned or wrecked.
   d. Identification numbers are knowingly displayed on a vessel other than the one to which assigned.

5. Upon revocation of any registration certificate, the commission shall notify the county recorder who issued the same, who shall immediately enter the revocation upon the recorder’s records.

6. The commission is hereby authorized to suspend or revoke the special certificate of any manufacturer or dealer when it is satisfied that:
   a. Such special certificate was fraudulently or erroneously obtained.
   b. Such special certificate is being used in violation of the provisions of this chapter or the rules and regulations of the commission.
   c. Such manufacturer or dealer is violating any of the provisions of this chapter or the rules and regulations of the commission.

462A.25 Penalty.
If any owner, agent or master of any vessel, plying the waters of this state, shall hire or offer for hire, such vessel for the carrying of a person or persons thereon, without first obtaining annually, a permit as in this chapter required, and before operating such vessel in such service; or if the owner, agent or master, having obtained such permit, receives for carriage or permits carriage on such vessel a greater number of persons than authorized therein, or if any person acts as pilot or engine on any vessel, for which inspection and registration are required, without first obtaining a permit therefor; or if such pilot or engineer continues to follow such avocation after the same has been revoked or expired, the pilot or engineer shall be guilty of a serious misdemeanor. The provisions of this section shall not apply to vessels registered or numbered by authority of the United States.

§462A.26 Right-of-way rules — speed and distance rules — zoning water areas.

1. Vessel traffic shall be governed by the following rules:
   a. Passing from rear — keep to the operator’s left.
   b. Passing head on — keep to the operator’s right.
   c. Passing at right angles — vessel at the right has the right-of-way.
   d. Manually propelled vessels have the right-of-way over all other vessels.
   e. Sailboats have the right-of-way over all motor driven vessels. Motorboats, when meeting or overtaking sailboats, shall always pass on the leeward side.
   f. Any vessel backing from a landing has the right-of-way over incoming vessels.
   g. When necessary to protect the public health, safety, and welfare due to the physical nature and characteristics of any waters under the jurisdiction of the commission, the commission may promulgate further rules governing vessel traffic on such waters.

2. The commission may adopt rules governing all activities on waters and ice of this state under the jurisdiction of the commission, including impoundments constructed by or in cooperation with the federal government, when necessary and desirable to permit appropriate utilization of specific water areas, consistent with section 462A.3. The rules may include rules relating to the following:
   a. Zoning as to area, activity, vessel, or vehicle, speed, and time of day during which specified activities are permitted.
   b. Horsepower, size, and types of vessels and vehicles which may be operated.
   c. Safety precautions and practices required.

3. Except as provided in special rules promulgated under this chapter, the following speed and distance regulations apply:
   a. On all waters under the jurisdiction of the commission:
      (1) A motorboat shall not be operated at speeds greater than five miles per hour when within one hundred feet of another craft traveling at five miles per hour or less.
      (2) Motorboats shall maintain a minimum passing or meeting distance of fifty feet when both boats are traveling at speeds greater than five miles per hour.
      (3) A motorboat shall not be operated at a speed exceeding ten miles per hour unless vision is unobstructed at least two hundred feet ahead.
   b. On all inland lakes and federal impoundments under the jurisdiction of the commission.

A motorboat shall not be operated within three hundred feet of shore at a speed greater than ten miles per hour.

§462A.27 Removal of nonpermanent structures.

Every structure, not considered a permanent structure by the commission or excepted by the rules of the commission, shall be removed from the waters, ice, or land of this state under the jurisdiction of the commission on or before December 15 of each year. Failure to comply with this section shall cause the structure to be declared a public nuisance and disposition shall be in accordance with sections 483A.32 to 483A.34.

§462A.28 Unworthy vessels drydocked.

A person shall not place or allow to remain in the waters of this state under the jurisdiction of the commission, any vessel which has failed to pass inspection. All vessels shall be seaworthy for the waters on which they are being used.

§462A.29 Official duty exempted.

Peace officers, members of the commission, its deputies, agents and employees are not violating the provisions of this chapter while acting within the scope of their employment in search and rescue operations, law enforcement duty, emergency duty, and other resource management activities as determined by rules of the commission.

§462A.30 Aircraft restriction.

It is unlawful for any aircraft to make use of the inland lakes of the state, except in the transportation of persons or property between points separated by a distance of thirty miles or more. However, this section does not prohibit the use of such waters by any aircraft in danger or distress or the use of such waters by the operators of private aircraft, not operated for hire. In addition, the commission may, on the recommendation of the state department of transportation, designate certain
areas on inland lakes of the state where seaplane flight instruction may be conducted under such conditions as may be adopted by the commission and the state department of transportation.

**462A.31 Artificial lakes.**

1. Except as provided in rules adopted under this chapter, a motorboat shall not be permitted on any artificial lake under the jurisdiction of the commission except the following:
   a. A motorboat equipped with one or more outboard battery operated electric trolling motors.
   b. A motorboat equipped with any power unit mounted or carried aboard the vessel may be operated at a no-wake speed on all artificial lakes of more than one hundred acres in size under the custody of the department. However, on lake Macbride, a motorboat with a power unit exceeding ten horsepower may be operated only when permitted by rule and the rule shall not authorize such use during the period beginning on the Friday before Memorial Day and ending on Labor Day inclusive. This paragraph does not limit motorboat horsepower on natural lakes under the custody of the department or limit the department’s authority to establish special speed zoning regulations.

2. All privately owned vessels on artificial lakes under the jurisdiction of the commission shall be kept at locations designated by the commission.

3. All privately owned vessels, used on or kept at the artificial lakes under the jurisdiction of the commission, shall be seaworthy for the waters where they are kept and used. All such vessels shall be removed from state property whenever ordered by the commission, and, in any event, shall be removed from such property not later than December 15 of each year.

4. Upon construction of an artificial lake by a political subdivision of this state, the subdivision may, after publication in a newspaper of general circulation in the subdivision, make formal application to the commission for special rules relating to the operation of watercraft on the lake, and shall set forth therein the reasons which make such special rules necessary or appropriate. The commission may promulgate the special rules as provided in this chapter, concerning the operation of watercraft on a lake constructed and maintained by a subdivision of this state. Such special rules may include the following:
   a. Zoning by area and time to regulate navigation and other types of activity.
   b. Regulating the horsepower, size and type of watercraft.

5. As provided in section 350.5, county conservation boards may make regulations concerning horsepower limits and no-wake speeds on artificial lakes under their jurisdiction, except for state-owned artificial lakes managed by a county conservation board under a management agreement.

**462A.32 Rules for buoys.**

1. No private buoy shall be maintained in the waters of this state under the jurisdiction of the commission except as specified by the rules of the commission.

2. No other obstruction of any kind shall be maintained in the waters of this state under the jurisdiction of the commission without first receiving permission from the commission to maintain such obstruction.

3. It is unlawful to tamper with, move or attempt to move or, except in an emergency, moor a vessel to any waterway marker or state-approved buoy or sign.

4. No boat shall be anchored away from the shore and left unguarded unless it is attached to a legal buoy.

**462A.33 Driving over ice.**

A craft or vehicle operating on the surface of ice on the lakes and streams of this state including boundary streams and lakes and propelled by sail or by machinery in whole or in part, except automobiles, motorcycles and trucks registered under chapter 321 or snowmobiles registered under chapter 321G when they are used without endangering public safety, shall not be operated without a permit issued by the commission for the operation. A permit may be revoked by the commission if the craft or vehicle is operated in a careless manner which endangers others. Except when authorized by a permit for a special event, automobiles, motorcycles, and trucks when used on the ice of waters under the jurisdiction of the commission shall not exceed fifteen miles per hour and shall be operated in a reasonable and prudent manner.

462A.34 Authorized emergency vessels.  
Upon approach of an authorized emergency vessel displaying a blue light or flashing blue light, the operator of every other vessel shall stop and yield the right-of-way until the authorized vessel has passed. The provisions of this section shall not relieve the operator of an authorized emergency vessel from the duty to operate the vessel with due regard for the safety of all persons using the waters of this state, nor shall the provisions relieve the operator of any such vessel from liability from the operator’s negligence.

462A.34A Vehicles prohibited in streambed.  
1. Except as provided in subsection 2, a person shall not operate a motor vehicle in any of the following:  
   a. Any portion of a meandered stream.  
   b. Any portion of the bed of a nonmeandered stream which has been identified as a navigable stream or river by rule adopted by the department and which is covered by water.  
   c. Any portion of a stream identified as a trout stream by the department.  
2. This section does not prohibit the use of ford crossings of public or private roads or any other ford crossing when used for agricultural purposes, the operation of construction vehicles engaged in lawful construction, repair, or maintenance in a streambed, or the operation of motor vehicles on ice.  
3. The department of natural resources shall adopt rules identifying the navigable streams and rivers in which a motor vehicle may be operated. The department may exempt participants of organized special events from this section where the organized special event is approved by a state or local authority.  
4. As used in this section, “motor vehicle” means a motor vehicle as defined in section 321.1, subsection 42.

VEssel REGISTRATION REGULATIONS

462A.35 Special certificate for manufacturer or dealer.  
A manufacturer or dealer owning, storing, repairing, or altering a vessel required to be registered under this chapter may operate the vessel for purposes of transporting, testing, demonstrating, or selling the vessel without registering each such vessel; provided that any such vessel displays thereon a special certificate issued to the manufacturer or dealer as provided in this chapter. This special certificate shall not be used for any vessel offered for hire or for any work or service vessels owned by a manufacturer or dealer.

For applicable scheduled fines, see §805.8B, subsection 1, paragraph a

462A.36 Fee for certificate.  
Any manufacturer or dealer may, upon payment of a fee of fifteen dollars, make application to the commission, upon such forms as the commission prescribes, for a special certificate containing a general distinguishing number and for one or more duplicate special certificates. The applicant shall submit such reasonable proof of the applicant’s status as a bona fide manufacturer or dealer as the commission may require.

[C71, 73, 75, 77, 79, 81, §106.36]  
C93, §462A.36

462A.37 Number assigned — special signs.  
The commission, upon granting any such application, shall issue to the applicant a special certificate containing the applicant’s name and address, the general distinguishing number assigned to the applicant, the word “manufacturer” or “dealer”, and such other information as the commission may prescribe. The manufacturer or dealer shall have the number so awarded printed upon or attached to a removable sign or signs to be temporarily but firmly mounted upon or attached to the vessel being used, and the display must meet the requirements of this chapter and the rules and regulations of the commission.

[C71, 73, 75, 77, 79, 81, §106.37]  
C93, §462A.37  
For applicable scheduled fines, see §805.8B, subsection 1, paragraph a

462A.38 Duplicates.  
The commission shall also issue duplicate special certificates as applied for which shall have displayed thereon the general distinguishing number assigned to the applicant. Each duplicate special certificate so issued shall contain a number or symbol identifying the same from every other duplicate special certificate bearing the same general distinguishing number. The fee for each additional duplicate special certificate shall be two dollars.

[C71, 73, 75, 77, 79, 81, §106.38]  
C93, §462A.38

462A.39 Expiration date.  
Each special certificate issued hereunder shall expire at midnight on April 30 of each odd-numbered year, and a new special certificate for the ensuing biennium may be obtained upon application.
to the commission and payment of the fee provided by law.

462A.40 Record of use.
Every manufacturer or dealer shall keep a written record of the vessels upon which such special certificates are used, which record shall be open to inspection by any law enforcement officer or any officer or employee of the commission.

462A.41 Separate certificate for each boat.
If a manufacturer or dealer has an established place of business in more than one city, the manufacturer or dealer shall secure a separate and distinct special certificate and general distinguishing number for each such place of business.

462A.42 List of used boats on hand furnished.
Dealers using special certificates under the provisions of this chapter shall, before May 5 of each year, furnish the commission with a list of all used vessels held by them for sale or trade, and upon which the registration fee for the current year has not been paid, giving the previous registration number, name of previous owner at the time such vessel was transferred to the dealer, and such other information as the commission may require.

462A.43 Transfer of ownership.
Upon the transfer of ownership of any vessel, the owner, except as otherwise provided by this chapter, shall complete the form on the back of the registration certificate and shall deliver it to the purchaser or transferee at the time of delivering the vessel. All registrations must be valid for the current registration period prior to the transfer of any registration, including assignment to a dealer.

462A.44 Application for transfer.
The purchaser or transferee shall, except as otherwise provided by this chapter, within thirty days of the purchase or transfer, file a new application form with the county recorder with a fee of one dollar and the appropriate writing fee, and a transfer of number shall be awarded in the same manner as provided for in an original registration.

462A.45 Transfer by dealer.
When the purchaser or transferee of a vessel is a dealer who holds the same for resale and operates the vessel only for purposes incident to a resale and displays thereon a special dealers' certificate, or does not operate such vessel or permit it to be operated, such transferee shall not be required to obtain a new registration certificate but upon transferring the title or interest to another person the dealer shall sign the reverse side of the registration certificate of such vessel indicating the name and address of the new purchaser.

462A.46 Purchase of registered vessel by dealer.
Whenever a dealer purchases or otherwise acquires a vessel registered in this state, the dealer shall issue a signed receipt to the previous owner, indicating the date of purchase or acquisition, the name and address of such previous owner, and the registration number of the vessel purchased or acquired. The original receipt shall be delivered to the previous owner and one copy shall be mailed or delivered by the dealer to the county recorder of the county in which the vessel is registered, and one copy shall be delivered to the commission within forty-eight hours.

462A.47 Transfer to dealer.
Nothing in this section shall prohibit a dealer from obtaining a new registration and transfer of registration in the same manner as other purchasers.

462A.48 Sales by manufacturer or dealer.
Upon the sale of a vessel by a manufacturer or dealer, the purchaser shall, within thirty days of the purchase, make application for registration and the purchaser may operate the vessel without its individual identification number thereon for a period of not more than thirty-five days after the purchase date, provided that during such period the vessel shall have attached thereto, in accordance with the provisions of this chapter, a pasteboard card bearing the words “registration applied for” and the special certificate number of the dealer from whom the vessel was purchased together with the date of purchase plainly stamped or stenciled thereon.

462A.49 Prohibited use of “applied for” card.
No manufacturer or dealer shall permit the use
of such card unless an application for a registration certificate has been made.
[C71, 73, 75, 77, 79, 81, §106.49] C93, §462A.49

462A.50 Official cards only to be used.
The commission shall, upon the application of any manufacturer or dealer, furnish “registration applied for” cards free of charge. No cards shall be used except those furnished by the commission.
[C71, 73, 75, 77, 79, 81, §106.50] C93, §462A.50

462A.51 County recorder — duties.
The county recorder shall be responsible for all fees and penalties for the issuance of vessel registrations. All unused registration certificates shall be surrendered to the commission upon demand.
[C71, 73, 75, 77, 79, 81, §106.51] C93, §462A.51

462A.52 Fees remitted to commission.
Within ten days after the end of each month, a county recorder shall remit to the commission all fees collected by the recorder during the previous month. Before May 10 in odd-numbered years, a county recorder shall remit to the commission all unused license blanks for the previous biennium. All fees collected for the registration of vessels shall be forwarded by the commission to the treasurer of the state, who shall place the money in a special conservation fund. The money so collected is appropriated to the commission solely for the administration and enforcement of navigation laws and water safety.
[C71, 73, 75, 77, 79, 81, §106.52] 89 Acts, ch 102, §1 C93, §462A.52

462A.53 Amount of writing fees.
A writing fee of one dollar for each transaction shall be collected by the county recorder. If two or more functions are transacted for the same vessel at one time, the writing fee is limited to one dollar.

462A.54 Disposal of writing fees.
The writing fees collected by the county recorder shall be paid to the county treasurer by the county recorder as other such fees are paid to the county treasurer by the county recorder.
[C71, 73, 75, 77, 79, 81, §106.54] C93, §462A.54

462A.55 Sales or use tax to be paid before registration.
No vessel shall be registered by the county recorder until there has been presented to the recorder receipts, bills of sale, or other satisfactory evidence that the sales or use tax has been paid for the purchase of the vessel. If the owner of the vessel is unable to present satisfactory evidence that the sales or use tax has been paid, the county recorder shall collect the tax. On or before the tenth day of each month, the county recorder shall remit to the department of revenue the amount of the taxes so collected during the preceding month, together with an itemized statement on forms furnished by the department of revenue showing the name of each taxpayer, the make and purchase price of each vessel and motor, the amount of tax paid, and such other information as the department of revenue shall require.

462A.56 through 462A.65 Reserved.

462A.66 Inspection authority.
An officer of the commission may stop and inspect a vessel being launched, being operated, or being moored on the waters of this state under the jurisdiction of the commission to determine whether the vessel is properly registered, numbered, and equipped as provided under this chapter and rules of the commission. An officer may board a vessel in the course of an inspection if the operator is unable to supply visual evidence that the vessel is properly registered and equipped as required by this chapter and rules of the commission. The inspection shall not include an inspection of an area that is not essential to determine compliance with the provisions of this chapter and rules of the commission.
[C71, 73, 75, 77, 79, 81, §106.66] C83, §106.66

462A.67 Inspection deficiency order.
If after performing an inspection the officer determines that the vessel is not properly registered, numbered, or equipped, the officer may issue an inspection deficiency order or citation to the operator of the vessel. The inspection deficiency order may indicate any deficiencies found to exist during the inspection and shall direct the owner or operator of the vessel to properly register or number the vessel or have equipment repairs or replacements made and return a copy of the inspection deficiency order with proof of compliance with the registration, numbering, or equipment requirements to the commission within fourteen days. If such proof is not provided within fourteen days, the owner or operator is in violation of this chapter.
[C71, 73, 75, 77, 79, 81, §106.67] C83, §106.67 C93, §462A.67
462A.68 Termination of use.
A vessel for which an inspection deficiency order has been issued shall cease to be used as soon as possible and shall not be launched upon the waters of this state under the jurisdiction of the commission until the vessel is in compliance with the registration, numbering, or equipment requirement for which the order was issued.

462A.69 Public use of water for navigation purposes.
Water occurring in any river, stream, or creek having definite banks and bed with visible evidence of the flow of water is flowing surface water and is declared to be public waters of the state of Iowa and subject to use by the public for navigation purposes in accordance with law. Land underlying flowing surface water is held subject to a trust for the public use of the water flowing over it. Such use is subject to the same rights, duties, limitations, and regulations as presently apply to meandered streams, or other streams deemed navigable for commercial purposes and to any reasonable use by the owner of the land lying under and next to the flowing surface water.

462A.70 Hull identification, capacity plates, warning labels.
1. Altering or changing numbers on plates.
   a. A person shall not with fraudulent intent, deface, destroy, or alter the hull identification number, capacity plate, or any other plate, warning label, or instrument required by state or federal law on a vessel or component part nor shall a person place or stamp a hull identification number, capacity plate, or any other warning label or instrument upon a vessel or component part except one assigned thereto by state or federal law.
2. Test to determine true number or plate.
   When it appears that a hull identification number, capacity plate, or any other plate, warning label, or instrument required by state or federal law has been altered, defaced, or tampered with, a peace officer or inspector employed by the commission or any other person acting under the direction of a peace officer or inspector, may apply any recognized process or test to the vessel or part containing such number or plate for the purpose of determining the true number or plate content.
3. Right of inspection.
   Peace officers or examiners employed by the commission may inspect any vessel or component part in possession of any person or found upon the waters of this state under the jurisdiction of the commission or in a public mooring or storage area or enclosure in which vessels or component parts are kept for sale, storage, hire, or repair and to determine vessel or component part identification may board the vessel or enter the public mooring or storage area or enclosure.
4. Penalty.
   A person who is convicted of a violation of any of the provisions of this section or rules adopted under this section by the commission is guilty of a class "D" felony.

462A.71 Reciprocity.
The director, with the consent of the commission, may enter into agreements with the appropriate regulatory agencies of other states as necessary or convenient to carry out the purposes of this chapter and not inconsistent with this chapter, and may do all acts contained in the agreements.

The agreements may include, but are not restricted to, the following provisions:
1. Regulations in regard to registration, numbering, and equipment of vessels.
2. Operating requirements for vessels and vessel operators.
3. Enforcement activity of officers.

462A.72 through 462A.76 Reserved.

VEssel CERTIFICATES of TITLE

462A.77 Owner's certificate of title — in general.
1. Except as provided in subsection 3, an owner of a vessel seventeen feet or longer in length principally used on the waters of the state and to be numbered pursuant to section 462A.4 shall apply to the county recorder of the county in which the owner resides for a certificate of title for the vessel. The requirement of a certificate of title does not apply to canoes or inflatable vessels regardless of length.
2. Each certificate of title shall contain the information and shall be issued in a form the department prescribes.
3. a. A person who, on January 1, 1988, is the owner of a vessel seventeen feet or longer in length with a valid certificate of number issued by the
state is not required to file an application for a certificate of title for the vessel. A person who, on or after January 1, 1988, purchases a vessel seventeen feet or longer in length which was registered with a valid certificate of number issued by this state before January 1, 1988, shall obtain a certificate of title for the vessel.

b. A person who is the owner of a vessel that is documented with the United States coast guard is not required to file an application for a certificate of title for the vessel and the vessel is exempt from the requirements of section 462A.82, subsections 1 and 2, and section 462A.84.

4. Every owner of a vessel subject to titling under this chapter shall apply to the county recorder for issuance of a certificate of title for the vessel within thirty days after acquisition. The application shall be on forms the department prescribes, and accompanied by the required fee. The application shall be signed and sworn to before a notary public or other person who administers oaths, or shall include a certification signed in writing containing substantially the representation that statements made are true and correct to the best of the applicant’s knowledge, information, and belief, under penalty of perjury. The application shall contain the date of sale and gross price of the vessel or the fair market value if no sale immediately preceded the transfer, and any additional information the department requires. If the application is made for a vessel last previously registered or titled in another state or foreign country, it shall contain this information and any other information the department requires.

5. If a dealer buys or acquires a used vessel for resale, the dealer shall report the acquisition to the county recorder on the forms the department provides, or the dealer may apply for and obtain a certificate of title as provided in this chapter. If a dealer buys or acquires a used unnumbered vessel, the dealer shall apply for a certificate of title in the dealer’s name within fifteen days. If a dealer buys or acquires a new vessel for resale, the dealer may apply for a certificate of title in the dealer’s name.

6. Every dealer transferring a vessel requiring titling under this chapter shall assign the title to the new owner, or in the case of a new vessel assign the certificate of origin. Within fifteen days the dealer shall forward all moneys and applications to the county recorder.

7. The county recorder shall maintain a record of any certificate of title which the county recorder issues and shall keep each certificate of title on record until the certificate of title has been inactive for five years.

8. A person shall not sell, assign, or transfer a vessel titled by the state without delivering to the purchaser or transferee a certificate of title with an assignment on it showing title in the purchaser or transferee. A person shall not purchase or otherwise acquire a vessel required to be titled by the state without obtaining a certificate of title for it in that person’s name.

9. A person who owns a vessel which is not required to have a certificate of title may apply for and receive a certificate of title for the vessel and the vessel shall subsequently be subject to the requirements of this division as though the vessel was required to be titled.

§462A.77, WATER NAVIGATION REGULATIONS

4482

462A.78 Fees — surcharge — duplicates.

1. a. The county recorder shall charge a five dollar fee to issue a certificate of title, a transfer of title, a duplicate, or a corrected certificate of title.

b. In addition to the fee required under paragraph “a”, and sections 462A.82 and 462A.84, a surcharge of five dollars shall be required.

2. If a certificate of title is lost, stolen, mutilated, destroyed, or becomes illegible, the first lienholder or, if there is none, the owner named in the certificate, as shown by the county recorder’s records, shall within thirty days obtain a duplicate by applying to the county recorder. The applicant shall furnish information the department requires concerning the original certificate and the circumstances of its loss, mutilation, or destruction. Mutilated or illegible certificates shall be returned to the department with the application for a duplicate.

3. The duplicate certificate of title shall be marked plainly “duplicate” across its face, and mailed or delivered to the applicant.

4. If a lost or stolen original certificate of title for which a duplicate has been issued is recovered, the original shall be surrendered promptly to the department for cancellation.

5. The funds collected under subsection 1, paragraph “a”, shall be placed in the general fund of the county and used for the expenses of the county conservation board if one exists in that county. Of each surcharge collected as required under subsection 1, paragraph “b”, the county recorder shall remit five dollars to the department of revenue for deposit in the general fund of the state.

9. A person who owns a vessel which is not required to have a certificate of title may apply for and receive a certificate of title for the vessel and the vessel shall subsequently be subject to the requirements of this division as though the vessel was required to be titled.
agent. The certificate shall contain information the department requires. The department may adopt rules providing for the issuance of a certificate of origin for a vessel by the department upon good cause shown by the owner.

462A.80 Hull identification number of vessel.
1. Every vessel whose construction began after October 31, 1972, shall have a hull identification number assigned and affixed as required by the federal Boat Safety Act of 1971. The department shall determine the procedures for application and for issuance of the hull identification number for homebuilt boats.
2. A person shall not destroy, remove, alter, cover, or deface the manufacturer’s hull identification number, the plate bearing it, or any hull identification number the department assigns to a vessel without the department’s permission.
3. A person other than a manufacturer who constructs a vessel or uses an unconventional device as a vessel for navigation shall submit an affidavit which describes the vessel or device to the department. In cooperation with the county recorder, the department shall assign a hull identification number the department assigns to a vessel.

462A.81 Dealer’s record of vessels bought, sold, or transferred.
Every dealer shall maintain for three years a record of any vessel bought, sold, exchanged, or received for sale or exchange. This record shall be open to inspection by department representatives during reasonable business hours.

462A.82 Transfer or repossession of vessel by operation of law — coast guard documentation of vessel.
1. If ownership of a vessel is transferred by operation of law, such as by inheritance, order in bankruptcy, insolvency, replevin, or execution sale, the transferee, within thirty days after acquiring the right to possession of the vessel by operation of law, shall mail or deliver to the county recorder satisfactory proof of ownership as the county recorder requires, together with an application for a new certificate of title, and the required fee. A title tax is not required on these transactions.
2. If a lienholder repossesses a vessel by operation of law and holds it for resale, the lienholder shall secure a new certificate of title and shall pay the required fee.
3. If a vessel is documented with the United States coast guard, the owner shall mail or deliver to the county recorder proof of the documentation and the owner’s certificate of title issued pursuant to this chapter is canceled upon the delivery. A title tax is not required on these transactions.

462A.83 Security interest in vessels — exceptions.
This division does not apply to or affect any of the following:
1. A lien given by statute or rule of law to a supplier of services or materials for a vessel.
2. A lien given by statute to the United States, this state, or any political subdivision of this state.
3. A security interest in a vessel created by a manufacturer or dealer who holds the vessel for sale, but a buyer in the ordinary course of trade from the manufacturer or dealer takes free of the security interest.
4. A lien arising out of an attachment of a vessel.
5. A security interest claimed on proceeds if the original security interest did not have to be noted on the certificate of title in order to be perfected.
6. A vessel for which a certificate of title is not required under this chapter.

87 Acts, ch 134, §10
CS87, §106.83
C93, §462A.83

462A.84 Perfection and titles — fee.
1. A security interest created in this state in a vessel required to have a certificate of title is not perfected until the security interest is noted on the certificate of title.

a. To perfect the security interest, an application for security interest must be presented along
with the original title. The county recorder shall note the security interest on the face of the title and on the copy in the recorder’s office.

b. The application fee for a security interest is five dollars. The fees shall be credited to the county general fund.

2. The certificate of title shall be presented to the county recorder when the application for security interest or for assignment of the security interest is presented and a new or endorsed certificate of title shall be issued to the secured party with the name and address of the secured party upon it.

3. The secured party shall present the certificate of title to the county recorder when a release statement is filed and a new or endorsed certificate shall be issued to the owner.

462A.85 Forms — investigations.
1. The department shall prescribe and provide suitable forms for applications, certificates of title, notices of security interests, and all other notices and forms necessary to carry out this division.

2. The department may make necessary investigations to procure information required to carry out this division.

CHAPTER 462B
PROTECTED WATER AREA SYSTEM
This chapter not enacted as a part of this title; transferred from chapter 108A in Code 1993

462B.1 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Commission” means the natural resource commission.
2. “Conservation easement” means an easement as defined in section 457A.2.
3. “Department” means the department of natural resources.
5. “Management plan” means the document that states the goals and objectives of a specific protected water area which has been proposed for designation, the specific description of the area to be protected, land use agreements with property owners, the specific management programming considerations for the area, the in-depth project evaluations, analysis, justifications, and cost estimates, the proposed acquisition of fee title and conservation easements and other agreements, and the specific design and layout of facilities.
6. “Prospective protected water area” means a water area designated by the commission for which an in-depth study for permanent designation as an element of the protected water area system is conducted. Such areas shall possess outstanding cultural and natural resource values such as water conservation, scenic, fish, wetland, forest, prairie, mineral, geological, historic, archaeological, recreation, education, water quality, or flood protection values.
7. “Protected water area” means a water area permanently designated by the commission for inclusion in the protected water area system.
8. “Protected water area system” means a total comprehensive program that includes the goals and objectives, the state plan, the individual management plans, the prospective protected water areas, the protected water areas, the acquisition of fee title and conservation easements and other agreements, and the administration and management of such areas.
9. “State plan” means a long-range comprehensive document that states the goals and objectives of the protected water area system, estab-
lishes the procedure and criteria for prospective protected water area designation, provides the format for prospective area analysis, establishes a priority system for prospective area study, recommends potential areas for inclusion into the system, institutes interagency coordination, and outlines general administrative and management needs to develop and administer this system.

10. “Water area” means a river, lake, wetland, or other body of water and adjacent lands where the use of those lands affects the integrity of the water resource.

§462B.2 State plan.
The commission shall maintain a state plan for the design and establishment of an administrative framework of a protected water area system and those adjacent lands needed to protect the integrity of that system.

§462B.3 Nomination of prospective protected water areas.
After basic resource and user data are gathered by or provided to the commission and the commission deems an area has merit for inclusion into a protected water area system, it may nominate the area for prospective protected water area designation. Other public agencies, interest groups, or citizens, may also recommend nomination of water areas for consideration of inclusion into the protected water area system by submitting to the commission a statement which includes at minimum a general description of the area being recommended for nomination, the resources needing protection, and the benefits to be derived from protecting the resources and a list of the individuals, organizations, and public agencies supporting the nomination.

§462B.4 Prospective designation.
The commission may designate all or part of any water area having any or all of the resource values cited in section 462B.1, subsection 6, as a prospective protected water area. The prospective designation shall be in effect for a period not to exceed two years during which a management plan is prepared for the protection and enhancement of those values cited in section 462B.1, subsection 6.

§462B.5 Prospective designation public hearing.
After the nomination of prospective protected water areas by the commission and prior to the designation as a prospective protected water area, the commission shall conduct a public hearing in the vicinity of the water area. Notice of the hearing shall be published at least twice, not less than seven days prior to the hearing, in a newspaper having general circulation in each county in which the proposed water area is located.

§462B.6 Management plan.
The commission shall prepare and maintain a management plan containing the recommendations for the establishment, development, management, use, and administration of each prospective protected water area designated by the commission. The management plan shall be completed during the two-year prospective designation period.

§462B.7 Management plan public hearing.
The commission shall hold a final public hearing on the completed management plan in the vicinity of the water area at least thirty days before permanent designation by the commission. Notice of the hearing shall be published at least twice, not less than seven days prior to the hearing, in a newspaper having general circulation in each county in which the water area is located.

§462B.8 Designation.
The commission may adopt the management plan and may permanently designate the area into the protected water area system. Upon the commission adopting the management plan and permanently designating the area as a protected water area, the commission may submit the management plan to the legislature for funding consideration.

§462B.9 Protection methods.
The commission may use any one or a combination of the available methods, except condemnation, for managing and preserving a protected water area, including but not limited to fee and less than fee title acquisition techniques, such as ease-
462B.10 Landowner cooperation. Recognizing that most of the protected water areas may be within privately owned lands, the legislature encourages the commission to cooperate with the landowners within the designated areas in achieving the purposes of this chapter. Likewise, the landowners within the designated areas are encouraged to cooperate with the commission. Commission staff shall meet separately or in small groups with landowners within interim protected water areas during the preparation of the master plan to establish workable and acceptable agreements for the protection of the area and its accompanying resources in a manner consistent with the purposes of this chapter and the interest and concerns of the landowner.

462B.11 Judicial review. Judicial review of action of the commission may be sought in accordance with chapter 17A. Notwithstanding chapter 17A, petitions for judicial review may be filed in the district court of Polk county or of any county in which the property affected is located.

462B.12 Local tax reimbursement. The state of Iowa shall reimburse from the general fund of the state any political subdivision the amount of tax moneys lost due to any lower assessments of property resulting from lease agreements, and the acquisition of public lands and conservation easements stemming from designation of a protected water area.

462B.13 Interagency cooperation. All state and local agencies shall cooperate with the commission and coordinate their authorities, responsibilities, and program administration in a manner which will aid in the integrity of the protected water area system as outlined in the state plan, individual management plans, and commission administrative rules.

462B.14 Management cooperation with local government subdivisions. The commission may enter into written cooperative agreements with county boards of supervisors, county conservation boards, and municipal public agencies, for the management of a protected water area.

462B.15 Part of a national system. This chapter does not preclude a component of the protected water area system from being a part of the national wild and scenic river system under the federal Wild and Scenic Rivers Act, 16 U.S.C., secs. 1271 through 1287. The commission may enter into a written cooperative agreement for joint federal-state administration of rivers which may be designated under that federal Act.

462B.16 Departmental rules. The commission shall adopt under chapter 17A and enforce the administrative rules it deems necessary to carry out this chapter.
463B.1 Legislative findings.

The general assembly finds that the Missouri river is an important natural resource to the state of Iowa and that the creation of comprehensive plans which lead to the purchase, development, and preservation of land adjacent to the Missouri river will provide recreational and economic benefits to the state and to the counties and cities which border on the river. The general assembly further finds that current planning and purchase efforts relating to development of Missouri riverfront property have fallen short of the goal of developing a comprehensive plan for the recreational development of the Missouri river and that the creation of an authority which has the mission of engaging in these efforts will have a greater likelihood of reaching the desired goal.

463B.2 Missouri river preservation and land use authority created — duties.

1. A Missouri river preservation and land use authority is created to engage in comprehensive planning for and the development and implementation of strategies designed to preserve and restore the natural beauty of the land adjacent to and the water of the Missouri river through state land acquisition. Planning and implementation activities shall be coordinated with plans and implementation activities of the department of natural resources for lands owned or acquired by the department. The authority shall be composed of a representative from each of the county conservation boards of the counties which border on the Missouri river, an elected official selected by the county board of supervisors of each of the counties which border on the Missouri river, six at-large public members, and four ex officio members. The board of supervisors of the counties which border on the Missouri river shall each appoint one of the at-large public members, who shall possess a demonstrated interest in or knowledge about natural resource conservation and protection and one of whom shall also be actively engaged in the business of farming. Interest or knowledge of an at-large member may be demonstrated by membership in an association or other organization which is involved in conservation, environmental protection, or related activities. The ex officio members of the authority shall be composed of a representative from the natural resource commission of the department of natural resources, a representative from the state department of transportation, a representative from the department of cultural affairs, and a representative from the office of attorney general. Members of the authority shall serve two-year terms. Members who are also members of a county conservation board or board of supervisors shall be reimbursed only for actual expenses incurred while performing duties of the authority. At-large members shall be reimbursed for actual expenses and shall receive a per diem as specified in section 7E.6 for their performance of duties for the authority.

2. The mission of the authority is to research, develop comprehensive plans, and implement strategies which emphasize the creation of multi-purpose recreational areas that foster and accent the natural characteristics of the Missouri river and which provide for environmentally sound land and water use practices for land adjacent to the Missouri river; to designate and prioritize for purchase parcels of land which are located in areas critical for the environmental health of the Missouri river waterway; to develop plans for and to acquire parcels of land to establish a public greenbelt along the banks of the Missouri river; to develop plans for public recreational use of lands adjacent to the Missouri river, including but not limited to a public bicycle trail; and to cooperate with county and city authorities, and federal and state authorities in order to fulfill the mission of the authority.

3. The authority shall develop plans and proposals and conduct public hearings relating to the conservation, preservation, and acquisition of land adjacent to the Missouri river. In developing plans and proposals the authority shall consult with any person or organization which has interests that would be affected by the acquisition and development of Missouri river property in accor-
dance with the mission of the authority, including but not limited to utility companies, municipalities, agricultural organizations, the corps of engineers, rural water districts, soil and water conservation districts, private water suppliers, business and industry organizations, drainage and levee district associations, benefited recreational lake districts, and any soil conservation organizations. The authority shall include a copy of any plans and proposals and shall document the results and findings of those hearings in a report or series of reports. The authority shall submit an initial report, including an outline for a proposed ten-year plan and strategies for the attainment of the goals of this section, to the general assembly by the first day of the legislative session which commences in 1993. As part of the authority’s planning and coordinating effort, the authority shall consult, at least annually, with the Iowa boundary commission and shall send copies of the minutes of all meetings of the authority to the commission. Within one year of July 1, 1991, the authority shall meet with the Iowa boundary commission. Meetings with the Iowa boundary commission shall be held at a time and a place agreed to between the commission and the authority.

4. The authority shall administer the Missouri river preservation and land use fund, under section 463B.3, and shall deposit and expend moneys in the fund for the development of plans for, development of, and purchase of lands adjacent to the Missouri river and for annual payment of property taxes on any land purchased. The county treasurer shall certify the amount of taxes due to the authority. The assessed value of the property held by the authority shall be that value determined under section 427.1, subsection 18, and the authority may protest the assessed value in the manner provided by law for any property owner to protest an assessment. For purposes of chapter 257, the assessed value of any property which was acquired by the authority shall be included in the valuation base of the school district and the payments made by the authority shall be considered as property tax revenues and not as miscellaneous income. The expenditure of funds may include, but is not limited to, use of moneys from the Missouri river preservation and land use fund to match funds from state, federal, and private resources.

5. The title to all property purchased by the authority shall be taken in the name of the state, but no land shall be acquired through condemnation proceedings and all purchases shall be from willing sellers. The authority may transfer jurisdiction over any lands the authority acquires to the department of natural resources, or may enter into agreements with the department or the appropriate county conservation board, for the management of the lands. All lands purchased shall be for public use, and not for private commercial purposes, but the authority may permit the expenditure of private funds for the improvement of land or water adjacent to or purchased by the authority. All surveys and plats of lands purchased by the authority shall be filed in the manner provided in section 461A.22. Land purchased by the authority shall be managed and policed in the manner provided under agreements between the authority and the agency responsible for management of the property, except that, subject to the restrictions contained in chapter 455B, the authority shall not be required to obtain the prior permission of the natural resource commission when using private funds to establish land or water recreational areas, and any property purchased by the authority shall not be sold without the prior notification and consent of the authority.

463B.3 Missouri river preservation and land use fund.

A Missouri river preservation and land use fund is established in the office of treasurer of state, to be administered by and subject to the use of the Missouri river preservation and land use authority for the purposes established in section 463B.2. The Missouri river preservation and land use authority may accept gifts, grants, bequests, other moneys including but not limited to state or federal moneys, and in-kind contributions for deposit in the fund for the use of the authority to carry out the authority’s mission. Gifts, grants, and bequests from public and private sources, state and federal moneys, and other moneys received by the authority shall be deposited in the fund and any interest earned on the fund shall be credited to the fund to be used for the purposes specified in section 463B.2. Notwithstanding section 8.33, any unexpended or unencumbered moneys remaining in the fund at the end of a fiscal year shall not revert to the general fund, but shall remain available for expenditure by the authority in succeeding fiscal years.

### 464.1 Resolution of necessity.
Whenever, in the opinion of the commission, it is necessary and desirable for it to erect a dam or spillway across a stream or at the outlet of a lake, or to alter or reconstruct an existing dam or spillway, so as to increase or decrease its permanent height, or to permanently affect the water level above the structure, it shall proceed with said project by first adopting a resolution of necessity to be placed upon its records, in which it shall describe in a general way the work contemplated.

### 464.2 Expert plan.
The commission, upon receipt of a report and plan prepared by a competent civil engineer, showing the work contemplated, the effect on the water level, and probable cost and such other facts and recommendations as may be deemed material, may approve said plan which shall be considered a tentative plan only, for the project.

### 464.3 Hearing — damages.
After the approval the commission, if it wishes to proceed further with the project, shall, with the consent of the environmental protection commission, fix a date of hearing not less than two weeks from date of approval of the plan. Notice of the day, hour and place of hearing, relative to proposed work, shall be provided by publication at least once a week for two consecutive weeks in some newspaper of general circulation published in the county where the project is located, or in the counties where the water elevations are affected, under the tentative plan approved. The last publication shall not be less than five days prior to the day set for hearing. Any claim by any persons for damages which may be caused by the project shall be filed with the commission at or prior to the time of the hearing.

### 464.4 Adoption of plan.
If, at the time of the hearing, the commission shall find that the improvement would be conducive to the public convenience, welfare, benefit or utility, and the cost thereof is not excessive, and no claim shall have been filed for damages, it may adopt the tentative plan as final or may modify the plan, provided said modification will not, to any greater extent than the tentative plan, materially and adversely affect the interests of littoral or riparian owners.

### 464.5 Appraisal of damages.
If, at the time of the hearing, the claims for damages shall have been filed, further proceedings

shall be continued to an adjourned, regular, or special session, the date and place of which shall be fixed at the time of adjournment and of which all interested parties shall take notice, and the commission shall have the damages appraised by three appraisers to be appointed by the chief justice of the supreme court. One of these appraisers shall be a registered civil engineer resident of the state and two shall be freeholders of the state, who shall not be interested in nor related to any person affected by the proposed project.

C93, §464A.5

464A.6  Filing appraisement.
The appraisers appointed to determine the damages caused by the proposed project shall view the premises and determine and fix the amount of damages to which each claimant is entitled and shall, at least three days before the date fixed by the commission to hear and determine the same, file with the secretary of the commission reports in writing showing the amount of damages sustained by each claimant. Should good cause for delay exist, the commission may postpone the time of final action on the project.

C93, §464A.6

464A.7  Damages determined.
At the time fixed for hearing and after receipt of the report of the appraisers, the commission shall examine said report, both for and against each claim for damages and compensation and shall determine the amount of damages and compensation due each claimant and may affirm, increase or diminish the amount awarded by the appraisers. After such action, the commission may thereupon adopt a final plan for the project, and proceed with its construction, or it may dismiss the entire proceedings.

C93, §464A.7

464A.8  Judicial review — bond.
Judicial review of the orders or actions of the commission fixing the amount of compensation awarded or damages sustained by any claimant may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. The petition for review shall be accompanied by an appeal bond with sufficient sureties to be approved by the clerk of the district court conditioned to pay all costs adjudged against the petitioner.

464A.9  Final determination and costs.
The amount of damages or compensation found by the court shall be entered of record. Unless the result of the judicial review proceeding is more favorable to the petitioner than the action of the commission, all costs of the judicial review proceeding shall be taxed to the petitioner, but if more favorable, the cost shall be taxed to the respondents. All damages assessed and all costs occasioned under this chapter shall be paid from the funds of the commission.

C93, §464A.9

464A.10  Tentative plan.
If, at the time of hearing on the tentative plan, no objectors appear and no claim for damages or compensation shall have been filed, or if proper waivers giving consent to the construction of the proposed improvement have been obtained from all parties affected then the commission may adopt the tentative plan as final and proceed with the work proposed.

464B.23 Protection of banks.
Where the water backed up by any dam belonging to any mill or machinery is about to break through or over the banks of the stream or raceway, or to wash a channel, so as to turn the water of such stream or raceway, or any part thereof, out of its ordinary channel, whereby such mill or machinery will be materially injured or affected, the owner or occupant of such mill or machinery, if that person does not own such banks or the land lying contiguous thereto, may, if necessary, enter thereon and erect and keep in repair such embankments and other works as may be necessary to prevent such water from breaking through or over the banks, or washing a channel as aforesaid; such owner or occupant committing thereon no unnecessary waste or damage, and being liable to pay all damages which the owner of the lands may actually sustain by reason thereof.

464B.24 Embankments — damages.
If any person shall injure, destroy, or remove any such embankment or other works, the owner or occupant of such mill or machinery may recover from such person all damages the owner or occupant may sustain by reason thereof.

464B.25 Right to utilize fall.
Any person owning and using a water power for the purpose of propelling machinery shall have the right to acquire, maintain, and utilize the fall below such power for the purpose of improving the same, in like manner and to the same extent as provided in this chapter for the erection or heightening of milldams. After such right has been acquired, the fall shall be considered part and parcel of said water power or privilege, and the deepening or excavating of the stream, tail, or raceway, as herein contemplated, shall in no way affect any rights relating to such water power acquired by the owner thereof prior to such change.
CHAPTER 465A
OPEN SPACE LANDS

This chapter not enacted as a part of this title; transferred from chapter 111E in Code 1993

465A.1 Statement of purpose — intent.
The general assembly finds that:
1. Iowa's most significant open space lands are essential to the well-being and quality of life for Iowans and to the economic viability of the state's recreation and tourism industry.
2. Many areas of high national significance in the state have not received adequate public protection to keep them free of visual blight, resource degradation, and negative impacts from inappropriate land use and surrounding development. Some of these areas include national park service and United States fish and wildlife service properties, national landmarks and trails, the Des Moines river greenbelt, the great river road, areas where interstate highways enter the state, cross major rivers, and pass by other areas of national significance, major state park and recreation areas, unique and protected water areas, and significant natural, geological, scenic, historic, and cultural properties of the state.
3. While state and federal funds are generally available for the acquisition and protection of fish and wildlife areas and habitats as well as boating access to public waters, funding programs for public open space acquisition and protection have not been adequate to meet needs.
4. Relative to other midwestern states, Iowa ranks last in the proportion of land acquired and protected for public open space.
5. A program shall be established to:
   a. Educate the citizens of the state about the needs and urgency of protecting the state's open spaces.
   b. Plan for the protection of the state's significant open space areas.
   c. Acquire and protect those properties on a priority basis through a variety of appropriate means.

In addition to other goals for the program, it is intended that a minimum of ten percent of the state's land area be included under some form of public open space protection by the year 2000.

465A.2 Statewide open space acquisition and protection program — objectives and agency duties.
1. The department of natural resources has the following duties in undertaking programs to meet the objectives stated in section 465A.1.
   a. Prepare and conduct new education and awareness programs designed to create greater public understanding of the needs, issues, and opportunities for protecting the state's significant open spaces. The department shall incorporate the recommendations of other state agencies and private sector organizations which have interests in open space protection. The department may enter into contracts with other agencies and the private sector for preparing and conducting these programs.
   b. Prepare a statewide, long-range plan for the acquisition and protection of significant open space lands throughout the state as identified in section 465A.1. The department of transportation, department of economic development, and department of cultural affairs, private organizations, county conservation boards, city park and recreation departments, and the federal agencies with lands in the state shall be directly involved in preparing the plan. The plan shall include, but is not limited to, the following elements:
      (1) Specific acquisition and protection needs and priorities for open space areas based on the following sequence of priorities:
         (a) National.
         (b) Regional.
         (c) Statewide.
         (d) Local.
      (2) Identification of open space acquisition and protection techniques available or needed to carry out the plan.
      (3) Additional education and awareness programs which are needed to encourage the acquisition and protection of areas identified in the plan.
      (4) Management needs including maintenance, rehabilitation, and improvements.
      (5) Funding levels needed to accomplish the statewide open space programs.
      (6) Recommendations as to how federal pro-
grams can be modified or developed to assist the state’s open space programs.

c. Acquire and protect open space properties as identified by priority in the plan as funding is made available for this purpose. In acquiring and protecting open space, the department shall:

(1) Accept applications for funding assistance from federal agencies, other state agencies, regional organizations, county conservation boards, city park and recreation agencies, and private organizations with an interest in open spaces.

(2) Obtain the maximum efficiency of funds appropriated for this program through the use of acquisition and protection techniques that provide the degree of protection required at the lowest cost.

(3) Encourage the provision of supporting or matching funds; however, the absence of these funds shall not prevent the approval of those projects of clear national importance.

2. The department may enter into contracts with private consultants for preparing all or part of the plan required under subsection 1, paragraph "b". The plan shall be submitted to the general assembly by July 1, 1988. Prior to submission of the plan to the general assembly, the department shall request comments on the proposed plan from state and federal agencies and private organizations with interests in open space protection. The comments shall be submitted to the general assembly.

87 Acts, ch 174, §2
CS87, §111E.2
C93, §465A.2

465A.4 Payment in lieu of property taxes.

As a part of the budget proposal submitted to the general assembly under section 455A.4, subsection 1, paragraph "c", the director of the department of natural resources shall submit a budget request to pay the property taxes for the next fiscal year on open space property acquired by the department which would otherwise be subject to the levy of property taxes. The assessed value of open space property acquired by the department shall be that determined under section 427.1, subsection 18, and the director may protest the assessed value in the manner provided by law for any property owner to protest an assessment. For the purposes of chapter 257, the assessed value of the open space property acquired by the department shall be included in the valuation base of the school district and the payments made pursuant to this section shall be considered as property tax revenues and not as miscellaneous income. The county treasurer shall certify taxes due to the department. The taxes shall be paid annually from the departmental fund or account from which the open space property acquisition was funded. If the departmental fund or account has no moneys or no longer exists, the taxes shall be paid from funds as otherwise provided by the general assembly. If the total amount of taxes due certified to the department exceeds the amount appropriated, the taxes due shall be reduced proportionately so that the total amount equals the amount appropriated. This section applies to open space property acquired by the department on or after January 1, 1987.

CHAPTER 465B
RECREATION TRAILS

465B.1 Statement of purpose — intent.
The general assembly finds that recreation trails provide a significant benefit for the health and well-being of Iowans and state visitors. Iowa has a national reputation as a place for hiking, walking, and bicycling. The use of recreation trails has a significant influence on Iowa’s economy. Iowa’s scenic landscapes, many small communities, and existing natural and transportation corridors are ideally suited for new recreation trails to support recreation and tourism activities such as walking, biking, driving for pleasure, horseback riding, boating and canoeing, skiing, snowmobiling, and others.
The general assembly finds that a program shall be established to acquire, develop, promote, and manage existing and new recreation trails. The objective of a statewide trails program shall be for the state to acquire and develop two thousand miles of new recreation trails and completion of existing trail projects before the year 2000.

87 Acts, ch 173, §1
CS87, §111F.1
C93, §465B.1

465B.2 Statewide trails development program.
The state department of transportation shall undertake the following programs to meet the objective stated in section 465B.1:
1. Prepare a long-range plan for the acquisition, development, promotion, and management of recreation trails throughout the state. The plan shall identify needs and opportunities for recreation trails of different kinds having national, statewide, regional, and multicounty importance. Recommendations in the plan shall include but not be limited to:
a. Specific acquisition needs and opportunities for different types of trails.
b. Development needs including trail surfacing, restrooms, shelters, parking, and other needed facilities.
c. Promotional programs which will encourage Iowans and state visitors to increase use of trails.
d. Management activities including maintenance, enforcement of rules, and replacement needs.
e. Funding levels needed to accomplish the statewide trails objectives.
f. Ways in which trails can be more fully incorporated with parks, cultural sites, and natural resource sites.
2. The plan shall recommend standards for establishing functional classifications for all types of recreation trails as well as a system for determining jurisdictional control over trails. Levels of jurisdiction may be vested in the state, counties, cities, and private organizations.
3. The state department of transportation may enter into contracts for the preparation of the trails plan. The department shall involve the department of natural resources, the Iowa department of economic development, and the department of cultural affairs in the preparation of the plan. The recommendations and comments of organizations representing different types of trail users and others with interests in this program shall also be incorporated in the preparation of the trails plan and shall be submitted with the plan to the general assembly. The plan shall be submitted to the general assembly no later than January 15, 1988. Existing trail projects involving acquisition or development may receive funding prior to the completion of the trails plan.
4. The department may acquire property by negotiated purchase and hold title to property for development of trails. The department may enter into agreements with other state agencies, political subdivisions of the state, and private organizations for the planning, acquisition, development, promotion, management, operations, and maintenance of recreation trails.
The department may adopt rules under chapter...
465B.3 Involvement of other agencies.
The department of natural resources, the Iowa department of economic development, and the department of cultural affairs shall assist the state department of transportation in developing the statewide plan for recreation trails, in acquiring property, and in the development, promotion, and management of recreation trails.

465B.4 Funding.
To achieve the purposes of this chapter, the state department of transportation, other state agencies, political subdivisions of the state, and private organizations may use funds from the following sources:
1. Funds appropriated by the general assembly.
2. Private grants and gifts.
3. Federal grants and loans intended for these purposes.

CHAPTER 465C
STATE PRESERVES

This chapter not enacted as a part of this title; transferred from chapter 111B in Code 1993 Study and report to the general assembly by December 15, 2006, regarding the feasibility of dedicating a state native prairie preserve in the loess hills and other various uses of the loess hills; funding contingency; 2004 Acts, ch 1122; 2004 Acts, ch 1175, §399
the Iowa academy of science, and the state historical society shall submit to the governor a list of possible appointments. Members shall be selected from persons with a demonstrated interest in the preservation of natural lands and waters, and historic sites. The director shall serve as one member of the board. Any vacancies on the board shall be filled, for the remainder of the term vacated, by appointment by the governor provided by this chapter.

The first members appointed after the effective date of this chapter shall serve as follows: Two members to serve until July 1, 1968; two members to serve until July 1, 1969; two members to serve until July 1, 1970, and the director shall serve as long as the director is director. Members shall serve until their successors are appointed and qualified. As terms of members so appointed expire, their successors shall be appointed for terms to expire three years thereafter. Any member who has served two consecutive full terms will not be eligible for reappointment for a period of one year following the expiration of the member’s second term.

### 465C.7 Ecologist.

The director shall employ, upon recommendation by the board, at salaries fixed by the board, a trained ecologist and other personnel as necessary to carry out the powers and duties of the board.

C93, §465C.7

### 465C.8 Powers and duties.

The board shall have the following powers and duties:

1. To approve an area as a preserve.
2. To make and publish all rules necessary to carrying out the purposes of this chapter.
3. To recommend dedication as preserves, of areas owned by the state under the jurisdiction of the department.
4. To recommend acquisition of areas for dedication as preserves subject to approval by the natural resource commission.
5. To recommend dedication as preserves, areas owned by other public agencies, private groups, and individuals.
6. To make surveys and maintain registries and records of preserves and other areas of educational or scientific value and of habitats for rare and endangered species of plants and animals in the state.
7. To promote research and investigations, carry on interpretive programs and publish and disseminate information pertaining to preserves and related areas of educational or scientific value.
8. To promote the establishment and protection of, and advise in the management of, wild parks and other areas of educational or scientific value and otherwise foster and aid in the preservation of natural conditions elsewhere than in preserves.
9. To authorize payment of travel and other necessary expenses of the members of the board and advisors to the board, and salaries, wages, compensations, travel, supplies, and equipment necessary to carry out the duties of the board, and to authorize any other expenditures as may be necessary to carry into effect the purposes of this chapter.
10. To design and control the use of official state preserve signs and recommend to the state department of transportation locations for state preserve signs.
11. To submit to the governor and the legislature a report before January 15, 1967, and every two years thereafter which shall account for each preserve in the system and make such other reports and recommendations as it may deem necessary.
12. To prepare and recommend a budget, for inclusion as a line item money request in the departmental budget, for appropriation from the
465C.9 Articles of dedication. The public administrative agency or private owner shall complete articles of dedication on forms approved by the board. When the articles of dedication have been approved by the governor the board shall record them with the county recorder for the county or counties in which the area is located.

The articles of dedication may contain restrictions on development, sale, transfer, method of management, public access, and commercial or other use, and may contain such other provisions as may be necessary to further the purposes of this chapter. They may define the respective jurisdictions of the owner or operating agency and the board. They may provide procedures to be applied in case of violation of the dedication. They may recognize reversionary rights. They may vary in provisions from one preserve to another in accordance with differences in relative conditions.

465C.10 When dedicated as a preserve. An area shall become a preserve when it has been approved by the board for dedication as a preserve, whether in public or private ownership, formally dedicated as a preserve within the system by a public administrative agency or private owner and designated by the governor as a preserve.

465C.11 Area held in trust. An area designated as a preserve within the system is hereby declared put to its highest, best, and most important use for public benefit. It shall be held in trust and shall not be alienated except to another public use upon a finding by the board of imperative and unavoidable public necessity and with the approval of the commission, the general assembly by concurrent resolution, and the governor. The board's interest or interests in any area designated as a preserve shall not be taken under the condemnation statutes of this state without such a finding of imperative and unavoidable public necessity by the board, and with the consent of the commission, the general assembly by concurrent resolution, and the governor.

The board, with the approval of the governor, may enter into amendments to any articles of dedication upon its finding that such amendment will not permit an impairment, disturbance, or development of the area inconsistent with the purposes of this chapter.

Before the board shall make a finding of imperative and unavoidable public necessity, or shall enter into any amendment to articles of dedication, it shall provide notice of such proposal and opportunity for any person to be heard. Such notice shall be published at least once in a newspaper with a general circulation in the county or counties wherein the area directly affected is situated, and mailed within ten days of such published notice to all persons who have requested notice of all such proposed actions. Each notice shall set forth the substance of the proposed action and describe, with or without legal description, the area affected, and shall set forth a place and time not less than sixty days thereafter for all persons desiring to be heard to have reasonable opportunity to be heard prior to the finding of the board.

465C.12 Agencies urged to dedicate preserves. All departments, agencies, and instrumentalities of the state, including counties, municipalities, public corporations, boards, commissions, and universities shall be urged to dedicate as nature preserves within the system under the procedures outlined in this chapter, suitable areas or portions of areas within their jurisdiction.

465C.13 Other purposes not affected. Nothing contained in this chapter shall be construed as interfering with the purposes stated in the establishment of or pertaining to any state or local park, preserve, wildlife refuge, or other area or the proper management and development thereof except that any agency administering any area designated as a nature preserve under the system shall be responsible for preserving the natural character of the area in accordance with the articles of dedication.

Designation of an area as a preserve within the system shall not void or replace any protected status under law which the area would have were it not so designated.

465C.14 Confidentiality of ecologically sensitive sites and information. The director of the department of natural resources and the state ecologist shall comply with the requirements of section 22.7, subsection 21, regarding information pertaining to the nature and location of ecologically sensitive resources or sites. The director of the department of natural re-
sources, in consultation with the state ecologist, shall consult with other public officers serving as lawful custodians of ecologically sensitive information to determine whether the information should be confidential or be released.

CHAPTER 466

IMPROVEMENT OF WATERSHED ATTRIBUTES

466.1 Short title.
This chapter shall be known and may be cited as “Initiative on Improving Our Watershed Attributes (ION IOWA)”.
2000 Acts, ch 1068, §1

466.2 Legislative goal.
The goal of this chapter is to develop a comprehensive water quality program that will result in water quality improvements while reducing proposed regulatory impacts. The program shall use information, education, monitoring, technical assistance, data gathering and evaluation, incentives, and more efficient issuance of permits. The program is expected to have a menu of initiatives and approaches to appeal to a broad audience of participants and shall be coordinated so that individual initiatives work toward the objective of improved water quality. The departments of agriculture and land stewardship and natural resources shall work cooperatively with federal agencies to obtain waivers and changes in rules and procedures at national and state levels to improve the federal programs’ environmental and economic performance for Iowans. State agencies shall collaborate with other state agencies to attain the overall goal of improved water quality. The state department of transportation and the department of natural resources shall collaborate to provide for the preservation of topsoil, erosion control, water impoundment during highway construction and reconstruction, and restoration and management of roadside right-of-way for prairie restoration, wildlife habitat, and erosion control.
2000 Acts, ch 1068, §2

466.3 Iowa clean water award.
An Iowa clean water award is created. The governor and the general assembly shall give the award annually to a city or other political subdivision which has met criteria established by the department of natural resources and the department of agriculture and land stewardship identifying exemplary efforts to improve water quality within its jurisdiction.
2000 Acts, ch 1068, §3

466.4 Conservation buffer strip program.
1. As used in this section, “conservation buffer strip” means a riparian buffer, filter strip, waterway, contour buffer strip, shallow water area for wildlife, field border, or any vegetative barrier on private land that meets the criteria established by the United States department of agriculture, natural resources conservation service.
2. a. The department of agriculture and land stewardship, in consultation with the department of natural resources, shall establish a program to accelerate the United States department of agriculture’s program to install conservation buffer strips in this state.

b. The department of agriculture and land stewardship shall request waivers from the United States department of agriculture to initiate projects that reward landowners maintaining current conservation practices. The goal of the projects is to discourage the destruction of existing conservation buffer strips and to monetarily reward landowners who maintain quality conservation practices. If the waivers are granted, up to twenty-five percent of the program resources shall be committed to establishing projects.

c. The department of agriculture and land stewardship shall allow ninety days to graze animals.

d. The department of natural resources shall establish a prairie seed harvest program to assist...
in the restoration of prairies and provide for private land stewardship and public resource management through assistance with the implementation of buffer and filter strip practices, and public or private habitat development and management. The department shall carry out these efforts through landowner contacts and cooperation with private and public organizations.

e. The five-year goal of the conservation buffer strip program shall be to meet the objective of water quality improvement by enrolling an additional four hundred seven thousand five hundred acres.

2000 Acts, ch 1068, §4

466.5 Conservation reserve enhancement program.

1. A conservation reserve enhancement program is established within the department of agriculture and land stewardship to restore or construct wetlands for the purposes of intercepting tile line runoff, reducing nutrient loss, improving water quality, and enhancing agricultural production practices. The program shall be directed primarily, but not exclusively, toward the tile-drained areas of the state.

2. The department of agriculture and land stewardship shall request the assistance of and consult with the United States department of agriculture’s natural resources conservation service and farm service agency to implement the conservation reserve enhancement program. The department shall also consult with county boards of supervisors, county conservation boards, drainage district representatives, department of natural resources, and soil and water conservation districts affected by the implementation of the conservation reserve enhancement program. The department shall also collaborate with other public agencies and private organizations to develop wetland habitat and related projects to improve water quality.

3. The department of agriculture and land stewardship shall maintain a record of all wetlands established pursuant to the conservation reserve enhancement program including any conditions that may apply to the landowner’s right to remove the wetland after the provisions of the conservation reserve enhancement program contract or easement are concluded.

4. When establishing a wetland under this section, the department of agriculture and land stewardship shall be governed by the following requirements:

a. Wetland construction or restoration shall not damage the value of property in any public or private drainage system without the property owner’s consent.

b. Wetland construction or restoration shall improve water quality and provide aesthetic and habitat benefits.

c. Wetland construction or restoration under this section may be used to mitigate wetland removal by the landowner if it meets the requirements of federal agencies with wetland jurisdictional authorities. Where practicable, priority shall be given to mitigating wetland removal within the same United States geological survey hydrologic unit code 8 watershed, but a watershed confines shall not limit the use of duly authorized wetland mitigation banks.

5. The five-year goal of the conservation reserve enhancement program is the establishment of thirty-two thousand five hundred acres of wetlands.

466.6 Water quality monitoring.

The department of natural resources shall operate water quality monitoring stations for the purpose of gathering information and data to establish benchmarks for water quality in this state.

2000 Acts, ch 1068, §6

466.7 Water quality protection program.

1. The department of agriculture and land stewardship shall implement, in conjunction with the federal government and other entities, a program that provides multiobjective resource protections for flood control, water quality, erosion control, and natural resource conservation.

2. The department of agriculture and land stewardship shall implement a statewide, voluntary farm management demonstration program to demonstrate the effectiveness and adaptability of emerging practices in agronomy that protect water resources and provide other environmental benefits. A demonstration program under this subsection may complement, but shall not duplicate, projects conducted by Iowa state university extension service. The demonstration program shall be designed to concentrate on management techniques in both the livestock and crop genres and shall be offered to farm operators through an educational setting and demonstration projects. The demonstration program shall be offered in conjunction with the community colleges, Iowa state university, and private farmer demonstrations. Continuing education units shall be offered. The educational program shall be offered at no cost to farm operators who file a schedule F with the internal revenue service and do not have permitted livestock facilities or are certified under a manure management plan.

3. The department of agriculture and land stewardship shall provide financial assistance for the establishment of permanent soil and water conservation practices.

4. The department of natural resources shall provide local watershed managers with geographic information system data for their use in devel-
The department of natural resources shall develop a program that provides support to local volunteer management efforts to the different programs concerned with water quality. The department shall assist in coordinating and tracking of the volunteer component of these programs to increase efficiency and avoid duplication of efforts in water quality monitoring and watershed improvement.

6. The department of natural resources shall provide for activities supporting the analysis of water quality monitoring data for trends and for the preparation and presentation of data to the public.

7. The department of natural resources shall contract to assist its staff with the review of national pollutant discharge elimination system permits.

8. The department of natural resources shall expand floodplain protection education to better inform local officials that make decisions with regard to floodplain management.

9. The department of natural resources shall continue the establishment of an effective and efficient method of developing a total maximum daily load program, based on information gathered on other states' programs and investigation into alternative methods for satisfying the requirements.

10. The department of natural resources shall assist in coordinating and tracking of the volunteer component of these programs to increase efficiency and avoid duplication of efforts in water quality monitoring and watershed improvement.

11. The department of natural resources shall continue the establishment of an effective and efficient method of developing a total maximum daily load program, based on information gathered on other states' programs and investigation into alternative methods for satisfying the requirements.

466.8 On-site wastewater systems assistance program.
The department of natural resources shall establish an on-site wastewater systems assistance program for the purpose of providing low-interest loans to homeowners residing outside the boundaries of a city with improving on-site wastewater disposal systems.

1. The environmental protection commission shall adopt rules for carrying out the program including but not limited to criteria for homeowner participation, the methods used to provide loans, and financing terms and limits.

2. The department may make and execute agreements with public or private entities, including lending institutions as defined in section 12.32, as required to administer the program.

3. Assistance provided to homeowners shall not be used to pay the nonfederal share of the cost of any wastewater system projects receiving grants under the federal Clean Water Act, 33 U.S.C. § 1381-1387.

4. The department shall report to the general assembly annually on the progress of the on-site wastewater systems assistance program.

2001 Acts, ch 37, §2, 4; 2001 Acts, ch 176, §69, 70

466.9 On-site wastewater systems assistance fund.
1. An on-site wastewater systems assistance fund is established as a separate fund in the state treasury under the control of the department. Moneys in the fund are appropriated to the department for the exclusive purpose of supporting and administering the on-site wastewater systems assistance program as established in section 466.8.

2. The fund shall consist of all of the following:
   a. Moneys appropriated to the department by the general assembly for deposit in the fund or to carry out the purposes of the on-site wastewater systems assistance program.
   b. Moneys provided to the department by the federal government to carry out the purpose of administering the programs, policies, and undertakings authorized in the federal Clean Water Act, 33 U.S.C. § 1381-1387.
   c. Moneys collected by the department pursuant to loan agreements from homeowners receiving loans under the on-site wastewater systems assistance program.
   d. Any other moneys obtained or accepted by the department for deposit in the fund.

3. a. The fund shall consist of the following accounts:
   (1) The financing account which shall be used for the exclusive purpose of providing financing to homeowners residing outside the boundaries of a city with improving on-site wastewater systems under the on-site wastewater systems assistance program.
   (2) The administration account which shall be used by the department to defray expenses associated with carrying out the on-site wastewater systems assistance program.
   b. Of all moneys deposited into the fund each year, the department shall credit at least ninety-six percent of the moneys to the financing account and any remaining moneys to the administration account.

4. The moneys in the fund are not considered part of the general fund of the state, and in determining a general fund balance shall not be included in the general fund of the state. The moneys in the fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the fund shall be credited to the fund.

§468.1, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS

SUBCHAPTER I
ESTABLISHMENT
PART 1
GENERAL

468.1 Jurisdiction to establish.
The board of supervisors of any county shall have jurisdiction, power, and authority at any regular, special, or adjourned session, to establish a drainage district or districts, and to locate and establish levees, and cause to be constructed as hereinafter provided any levee, ditch, drain, or watercourse, or settling basins in connection therewith, or to straighten, widen, deepen, or change any natural watercourse, in such county, whenever the same will be of public utility or conducive to the public health, convenience or welfare.

468.2 Presumption and construction of laws.
1. The drainage of surface waters from agricultural lands and all other lands or the protection of such lands from overflow shall be presumed to be a public benefit and conducive to the public health, convenience, and welfare.
2. The provisions of this subchapter and all other laws for the drainage and protection from overflow of agricultural or overflow lands shall be liberally construed to promote leveeing, ditching, draining, and reclamation of wet, swampy, and overflow lands.

468.3 Definitions.
1. The term "appraisers" shall mean the persons appointed and qualified to ascertain the value of all land taken and the amount of damage arising from the construction of levee or drainage improvements.
2. Within the meaning of this subchapter, parts 1 through 5, and subchapter II, part 1, the term "board" shall embrace the board of supervisors, the joint boards of supervisors in case of intercounty levee or drainage districts, and the board of trustees in case of a district under trustee management.
3. As used in this chapter, unless the context otherwise requires, "book", "list", "record", or "schedule" kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.
4. The term "commissioners" shall mean the persons appointed and qualified to classify lands, fix percentages of benefits, apportion and assess costs and expenses in any levee or drainage district, unless otherwise specifically indicated by law.
5. The term "cost of improvements" means the costs of any improvement which is subject to special assessment including, but not limited to, the costs of engineering, preliminary reports, property valuations, estimates, plans, specifications, notices, acquisition of land, easements, rights of way, construction, repair, supervision, inspection, testing, notices and publication, interest during construction and for a reasonable period following the completion of construction, and may include the default fund which shall amount to not more than ten percent of the total cost of an improvement assessed against benefited property.
6. The term "engineer" and the term "civil engineer", within the meaning of this subchapter, parts 1 through 5, subchapter II, parts 1, 4, 5, and 6, and subchapter V, shall mean a person registered as a professional engineer under the provisions of chapter 542B.
7. For the purpose of this subchapter, parts 1 through 5, and with reference to improvements along or adjacent to the Missouri river the word "levee" shall be construed to include, in addition to its ordinary and accepted meaning, embankments, revetments, retards, or any other approved system of construction which may be deemed necessary to adequately protect the banks of any river or stream, within or adjacent to any county, from wash, cutting, or erosion.

468.4 General rule for location.
The levees, ditches, or drains herein provided for shall, so far as practicable, be surveyed and located along the general course of the natural streams and watercourses or in the general course of natural drainage of the lands of said district; but where it will be more economical or practicable such ditch or drain need not follow the course of said natural streams, watercourses, or course of natural drainage, but may straighten, shorten, or change the course of any natural stream, watercourse, or general course of drainage.
468.5 Location across railroad.
When any such ditch or drain crosses any railroad right of way, it shall when practicable be located at the place of the natural waterway across such right of way, unless said railroad company shall have provided another place in the construction of the roadbed for the flow of the water; and if located at the place provided by the railroad company, such company shall be stopped from afterwards objecting to such location on the ground that it is not at the place of the natural waterway.
[S13, §1989-a2; C24, 27, 31, 35, 39, §7427, 7428; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.7]
89 Acts, ch 126, §2
CS89, §468.5

468.6 Number of petitioners required.
Two or more owners of lands named in the petition described in section 468.8, may file in the office of the county auditor a petition for the establishment of a levee or drainage district, including a district which involves only the straightening of a creek or river. If the district described in the petition is a subdistrict, one or more owners of land affected by the proposed improvement may petition for such district.
[S13, §1989-a2, -a23; C24, 27, 31, 35, 39, §7427, 7428; C46, §455.7, 455.8; C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.7]
89 Acts, ch 126, §2
CS89, §468.6

468.7 Request by nonpetitioners.
In the event two or more landowners included in the proposed district other than the petitioners request a classification prior to the establishment of said district, they shall file in writing their request and execute a bond as required in section 468.9 to cover the expense of such classification if the district is not established. Such written request and the bond shall be filed before the board establishes a district.

89 Acts, ch 126, §2
CS89, §468.7

468.8 Petition.
The petition shall set forth:
1. An intelligible description, by congressional subdivision or otherwise, of the lands suggested for inclusion in the district.
2. That said lands are subject to overflow or are too wet for cultivation or subject to erosion or flood danger.
3. That the public benefit, utility, health, convenience, or welfare will be promoted by the suggested improvements.
4. The suggested starting point, route, terminus and lateral branches of the proposed improvements.
5. In the event the petitioners request a classification before the establishment of the district, the petition shall include a request that the district be classified as provided in sections 468.38 through 468.44 after the board has approved the report of the engineer as a tentative plan but before the district is finally established.
[S13, §1989-a2, -a23; C24, 27, 31, 35, 39, §7429; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.9]
89 Acts, ch 126, §2
CS89, §468.8

468.9 Bond.
1. There shall be filed with the petition a bond in an amount fixed and with sureties approved by the auditor, conditioned for the payment of all costs and expenses incurred in the proceedings in case the district is not finally established.
2. No preliminary expense shall be incurred before the establishment of such proposed improvement district by the board in excess of the amount of bond filed by the petitioners. In case it is necessary to incur any expense in addition to the amount of such bond, the board of supervisors shall require the filing of an additional bond by the petitioners and shall not proceed with the preliminary survey or authorize any additional expense until the additional bond is filed in a sufficient amount to cover such expense.
[S13, §1989-a2; C24, 27, 31, 35, 39, §7430, 7431; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.10, 455.11]
89 Acts, ch 126, §2
CS89, §468.9

468.10 Engineer.
1. The board shall at its first session thereafter, regular, special, or adjourned, examine the petition and if it be found sufficient in form and substance, shall appoint a disinterested and competent civil engineer who shall give bond to the county for the use of the proposed levee or drainage district, if it be established, and if not established, for the use of the petitioners, in amount and with sureties to be approved by the auditor, and conditioned for the faithful and competent performance of the engineer’s duties.
2. Any engineer employed under the provisions of this subchapter, parts 1 through 5 shall receive such compensation per diem as shall be fixed and determined by the board of supervisors.
3. The board may at any time terminate the contract with, and discharge the engineer.
4. The engineer shall keep an accurate record of the kind of work done by the engineer, the place where done, and the time engaged therein, and shall file an itemized statement thereof with the auditor. No expenses shall be incurred by the engineer except upon authority of the board, and vouchers shall be filed with the claims therefor.

468.12 Report.
The engineer shall make full written report to the county auditor, setting forth:
1. The starting point, route, and terminus of each ditch, drain, and levee, and the character and location of all other improvements.
2. A plat and profile, showing all ditches, drains, levees, settling basins, and other improvements, the course, length, and depth of each ditch, the length, size, and depth of each drain, and the length, width, and height of each levee, through each tract of land, and the particular descriptions and acreage of the land required from each forty-acre tract or fraction thereof as right of way, or for settling basin or basins, together with the congressional or other description of each tract and the names of the owners thereof as shown by the transfer books in the office of the auditor. Said plat shall describe the width of the right of way to be taken from each forty-acre tract or fraction thereof.
3. The boundary of the proposed district, including therein by color or other designation other lands that will be benefited or otherwise affected by the proposed improvements, together with the location, size, and elevation of all lakes, ponds, and deep depressions therein.
4. Plans for the most practicable and economic place and method for passing machinery, equipment, and material required in the construction of said improvements across any highways, railroads, and other utilities within the proposed district.
5. The probable cost of the proposed improvements, together with such other facts and recommendations as the engineer shall deem material.

Where the proposed district contemplates as its object flood control or soil conservance the engineer shall include in the report data describing any soil conservance or flood control improvements, the nature of the improvements, and other data as prescribed by the department of natural resources.

468.13 Procedure on report — classification.

Upon the filing of the report of the engineer recommending the establishment of the levee or drainage district, the board shall at its first regular, adjourned, or special meeting examine and consider the same, and, if the plan is not approved the board may employ said engineer or another disinterested engineer to report another plan or make additional examination and surveys and file an additional report covering such matters as the board may direct. Additional surveys and reports must be made in accordance with the provisions of sections 468.11 and 468.12. At any time prior to the final adoption of the plans they may be amended, and as finally adopted by the board shall be conclusive unless the action of the board in finally adopting them shall be appealed from as hereinafter provided.

If the petition or other landowners requested a classification of the district prior to establishment, the board shall order a classification as provided by sections 468.38 through 468.44 after they have approved the report of the engineer as a tentative plan. The notice of hearing provided by section 468.14 shall also include the requirements of the notice of hearing provided in section 468.45 as to this classification, and the hearing on the petition provided in section 468.21 shall also include the matters to be heard as provided in section 468.46. If the board establishes the district as provided in section 468.22, the classification which is finally approved at said hearing by the board shall remain the basis of all future assessments for the purposes of said district as provided in section 468.49. The landowners shall have the same right of appeal from this classification as they would have if the petition had not requested a classification prior to establishment and the classification had been made after establishment.

468.15 Service by publication — copy mailed — proof.

The notice provided in section 468.14 shall be served by publication as provided in section 331.305 before the hearing except that the notice shall be published at least twenty days before the hearing date. Proof of service, if required, shall be made by affidavit of the publisher. Copy of the notice shall also be sent by ordinary mail to each person and to the clerk or recorder of each city named in the notice at that person’s last known mailing address unless there is on file an affidavit of the auditor, or of a person designated by the board to make the necessary investigation, stating that no mailing address is known and that diligent inquiry has been made to ascertain it. The copy of notice shall be mailed not less than twenty days before the day set for hearing and proof of the service shall be by affidavit of the auditor. Proofs of service required by this section shall be on file at the time the hearing begins.

468.16 Service on agent.

If any person, corporation, or company owning or having interest in any land or other property affected by any proposed improvement under this chapter shall file with the auditor an instrument in writing designating the name and post-office address of the agent of the person, corporation, or company upon whom service of notice of said proceeding shall be made, the auditor shall, not less than twenty days prior to the date set for hearing upon said petition, send a copy of said notice by certified mail addressed to the agent so designated. Proof of such service shall be made by affidavit of the auditor filed in said proceeding at or before the date of the hearing upon the petition, and such service shall be in lieu of all other service of notice to such persons, corporations, or companies.

This designation when filed shall be in force for a period of five years thereafter and shall apply to all proceedings under said chapters during such period. The person, company, or corporation making such designation shall have the right to change the agent appointed therein or to amend it in any other particular.

468.17 Personal service.

In lieu of publication, personal service of said notice may be made upon any owner of land in the proposed district, or upon any lienholder or other person interested in the proposed improvement, in the manner and for the time required for service of original notices in the district court. Proof of such service shall be on file with the auditor on the date of said hearing.

468.18 Waiver of notice.

No service of notice shall be required upon any person who shall file with the auditor a statement in writing, signed by the person, waiving notice, or who enters an appearance in the proceedings. The filing of a claim for damages or objections to the establishment of said district or other pleading shall be deemed an appearance.

468.19 Waiver of objections and damages.

Any person, company, or corporation failing to file any claim for damages or objections to the establishment of the district at or before the time fixed for said hearing, except claims for land required for right of way, or for settling basins, shall
be held to have waived all objections and claims for damages.

(S13, §1989-a; C24, 27, 31, 35, 39, §7445; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.25]

468.20 Adjournment for service — jurisdiction retained.
If at the date set for hearing, it shall appear that any person entitled to notice has not been properly served with notice, the board may postpone said hearing and set another time for the same not less than thirty days from said date, and notice of such hearing as hereinbefore provided shall be served on such omitted parties. By fixing such new date for hearing and the adjournment of said proceeding to said date, the board shall not lose jurisdiction of the subject matter of said proceeding nor of any parties already served with notice.

(S13, §1989-a; C24, 27, 31, 35, 39, §7446; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.26]

CS89, §468.20

468.21 Hearing of petition — dismissal.
At the time set for hearing on said petition the board shall hear and determine the sufficiency of the petition in form and substance (which petition may be amended at any time before final action thereon), and all objections filed against the establishment of such district, and the board may view the premises included in the said district. If it shall find that the construction of the proposed improvement will not materially benefit said lands or would not be for the public benefit or utility nor conducive to the public health, convenience, or welfare, or that the cost thereof is excessive it shall dismiss the proceedings.

(S13, §1989-a; C24, 27, 31, 35, 39, §7447; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.27]

468.22 Establishment — further investigation.
If the board shall find that such petition complies with the requirements of law in form and substance, and that such improvement would be conducive to the public health, convenience, welfare, benefit, or utility, and that the cost thereof is not excessive, and no claim shall have been filed for damages, it may locate and establish the said district in accordance with the recommendation of the engineer and the report and plans on file; or it may refuse to establish the proposed district if it deem best, or it may direct the engineer or another one employed for that purpose to make further examinations, surveys, plats, profiles, and reports for the modification of said plans, or for new plans in accordance with sections 468.11 and 468.12, and continue further hearing to a fixed date. All parties over whom the board that has jurisdiction shall take notice of such further hearing, but any new parties rendered necessary by any modification or change of plans shall be served with notice as for the original establishment of a district. The county auditor shall appoint three appraisers as provided for in section 468.24 to assess the value of the right of way required for open ditches or other improvements.

468.23 Settling basins — purchase or lease of lands.
If a settling basin or basins are provided as a part of a drainage improvement, the board of supervisors may buy or lease the necessary lands in lieu of condemning said lands. The board may by purchase acquire the necessary lands required for right of way for open ditches or other improvements in lieu of condemning said lands.

(C27, 31, 35, §7448-a; C39, §7448.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.29]

468.24 Appraisers.
If the board shall find that such improvement will materially benefit said lands, will be conducive to the public health, convenience, welfare, benefit, or utility, and that the law has been complied with as to form and substance of the petition, the service of notice, and the survey and report of the engineer, and that said improvement should be made, then if any claims for damages shall have been filed, further proceedings shall be continued to an adjourned, regular, or special session, the date of which shall be fixed at the time of adjournment, and of which all interested parties shall take notice, and the auditor shall appoint three appraisers to assess damages, one of whom shall be an engineer, and two freeholders of the county who shall not be interested in nor related to any person interested in the proposed improvement, and the said appraisers shall take and subscribe an oath to examine the said premises, ascertain and impartially assess all damages according to their best judgment, skill, and ability.

(S13, §1989-a; C24, 27, 31, 35, 39, §7449; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.30]

468.25 Assessment — report — adjournment — other appraisers.
The appraisers appointed to assess damages shall view the premises and determine and fix the amount of damages to which each claimant is en-
468.26 Award by board. 
At the time fixed for hearing and after the filing of the report of the appraisers, the board shall examine said report, and may hear evidence thereon, both for and against each claim for damages and compensation, and shall determine the amount of damages and compensation due each claimant, and may affirm, increase, or diminish the amount awarded by the appraisers.

468.27 Dismissal or establishment — permanent easement.
The board shall at the meeting, or at an adjourned session of the meeting, consider the costs of construction of the improvement as shown by the reports of the engineer and the amount of damages and compensation awarded to all claimants, and if, in its opinion, the costs of construction and amount of damages awarded create a greater burden than should justly be borne by the lands benefited by the improvement, it shall then dismiss the petition and assess the costs and expenses to the petitioners and their sureties, but if it finds that the cost and expense is not a greater burden than should justly be borne by the land benefited by the improvement, it shall finally and permanently locate and establish the district and improvement.

Following its establishment, the drainage district is deemed to have acquired by permanent easement all right-of-way for drainage district ditches, tile lines, settling basins and other improvements, unless they are acquired by fee simple, in the dimensions shown on the survey and report made in compliance with sections 468.11 and 468.12 or as shown on the permanent survey, plat, and profile, if one is made. Upon the establishment of the district, the petitioners shall file with the county auditor the survey and report or permanent survey, plat, and profile, as set forth in sections 468.172 and 468.173. This filing constitutes notice to all persons of the rights conferred by this section. The permanent easement includes the right of ingress and egress across adjoining land and the right of access for maintenance, repair, improvement, and inspection. The owner or lessee shall be reimbursed for any crop damages incurred in the maintenance, repair, improvement, and inspection except within the right-of-way of the drainage district.

468.28 Dismissal on remonstrance.
If, at or before the time set for final hearing as to the establishment of a proposed levee, drainage, or improvement district, except subdrainage district, there shall have been filed with the county auditor or auditors, in case the district extends into more than one county, a remonstrance signed by a majority of the landowners in the district, and these remonstrants must in the aggregate own seventy percent or more of the lands to be assessed for benefits or taxed for said improvements, remonstrating against the establishment of said levee, drainage, or improvement district, setting forth the reasons therefor, the board or boards as the case may be, shall assess to the petitioners and their sureties or apportion the costs among them as the board or boards may deem just or as said parties may agree upon. When all such costs have been paid, the board or boards of supervisors shall dismiss said proceedings and cause to be filed with the county auditor all surveys, plats, reports, and records in relation to the proposed district.

468.29 Dissolution.
When for a period of two years from and after the date of the establishment of a drainage district, or when an appeal is taken or litigation brought against said district within two years from the date such appeal or litigation is finally determined, no contract shall have been let or work done or drainage certificates or bonds issued for the construction of the improvements in such district, a petition may be filed in the office of the auditor, addressed to the board of supervisors, signed by a majority of the persons owning land in such district and who, in the aggregate, own sixty percent or more of all the land embraced in said district, setting forth the above facts and reciting that provision has been made by the petitioners for the payment of all costs and expenses incurred
on account of such district. The board shall examine such petition at its next meeting after the filing thereof, and if found to comply with the above requirements, shall dissolve and vacate said district by resolution entered upon its records, to become effective upon the payment of all the costs and expenses incurred in relation to said district. In case of such vacation and dissolution and upon payment of all costs as herein provided, the auditor shall note the same on the drainage record, showing the date when such dissolution became effective.

### §468.30 Permanent survey, plat and profile.

When the improvement has been finally located and established, the board may, if necessary appoint the said engineer or a new one to make a permanent survey of said improvement as so located, showing the levels and elevations of each forty-acre tract of land and file a report of the same with the county auditor together with a plat and profile thereof.

### §468.32 Division of improvement.

After the damages as finally fixed, shall have been paid or secured, the board may divide said improvement into suitable sections, having regard to the kind of work to be done, numbering the same consecutively from outlets to the beginning, and prescribing the time within which the improvement shall be completed. A settling basin, if provided for, may be embraced in a section by itself.

### §468.33 Supervising engineer — bond.

Upon the payment or securing of damages, the board shall appoint a competent engineer to have charge of the work of construction thereof, who shall be required before entering upon the work to give a bond to the county for the use and benefit of the levee or drainage district, to be approved by the auditor in such sum as the board may fix, conditioned for the faithful discharge of the engineer's duties.

### §468.34 Advertisement for bids.

The board shall publish notice once each week for two consecutive weeks in a newspaper published in the county where the improvement is located, and publish additional advertisement and publication elsewhere as the board may direct. The notice shall state the time and place of letting the work of construction of the improvement, specifying the approximate amount of work to be done in each numbered section of the district, the time fixed for the commencement, and the time of the completion of the work, that bids will be received on the entire work and in sections or divisions of it, and that a bidder will be required to deposit with the bid cash, a certified check on and certified by a bank in Iowa, or a certified share draft from a credit union in Iowa payable to the auditor or the auditor's order, at the auditor's office, in an amount equal to ten percent of the bid, in no case to exceed ten thousand dollars. If the estimated cost of the improvement exceeds fifteen thousand dollars, the board may make additional publication for two consecutive weeks in a contractors' journal of general circulation, giving only the type of proposed construction or repairs, estimated amount, date of letting, amount of bidder's bond, and name and address of the county auditor. All notices shall fix the date to which bids will be received and upon which the work will be let. However, when the estimated cost of the improvement is less than ten thousand dollars, the board may let the contract for the construction without taking bids and without publishing notice.

### §468.35 Bids — letting of work.

1. The board shall award contract or contracts for each section of the work to the lowest responsible bidder or bidders therefor, bids to be sub-
mitted, received and acted upon separately as to the main drain and each of the laterals, and each settling basin, if any, exercising their own discretion as to letting such work as to the main drain as a whole, or as to each lateral as a whole, or by sections as to both main drain and laterals, and reserving the right to reject any and all bids and re-advertise the letting of the work.

2. A bid shall be in writing, specifying the portion of the work upon which the bid is made, and filed with the auditor. The bid shall be accompanied with a bid security. The bid security shall be in the form of a deposit of cash, a certified check on and certified by a bank in Iowa, a certified share draft drawn on a credit union in Iowa, or a bid bond with a corporate surety satisfactory to the board as provided in section 73A.20. The bid security must be payable to the auditor or the auditor’s order at the auditor’s office in a sum equal to ten percent of the amount of the bid, but not to exceed ten thousand dollars. However, if the maximum limit on a bid security would cause a denial of funds or services from the federal government which would otherwise be available, or if the maximum limit would otherwise be inconsistent with the requirements of federal law, the maximum limit may be suspended to the extent necessary to prevent denial of federal funds or services or to eliminate the inconsistency with federal requirements. The cash, check, or share draft of an unsuccessful bidder shall be returned, and the bid bond of an unsuccessful bidder shall be canceled. The bid security of a successful bidder shall be maintained as a guarantee that the bidder will enter into contract in accordance with the bids.

468.37 Contracts.

All agreements and contracts for work or materials in constructing the improvements of such district shall be in writing, signed by the chairperson of the board of supervisors for and on behalf of the district and the parties who are to perform the work or furnish the materials specified in such contract. Such contract shall specify the particular work to be done or materials to be furnished, the time when it shall begin and when it shall be completed, the amount to be paid and the times of payment, with such other terms and conditions as to details necessary to a clear understanding of the terms thereof.

468.38 Commissioners to classify and assess.

When a levee or drainage district has been located and finally established or, unless otherwise provided by law, when the required proceedings have been taken to enlarge, deepen, widen, change, or extend any of the ditches, laterals, settling basins, or drains of a district, or the required proceedings have been taken to annex additional lands to a district, or a plan of the United States government for original construction of the improvements in a district has been adopted by the district under sections 468.201 through 468.216, or where the required proceedings have been taken to enlarge, deepen, widen, change, or extend any of the ditches, laterals, settling basins, or drains of a district, or if included in the board’s resolution, adopt special common outlet classifications to be main-
468.39 Duties — time for performance — scale of benefits.

At the time of appointing said commissioners, the board shall fix the time within which said assessment, classification, and apportionment shall be made, which may be extended for good cause shown. Within twenty days after their appointment, they shall begin to inspect and classify all the lands within said district, or any change, extension, enlargement, or relocation thereof in tracts of forty acres or less according to the legal or recognized subdivisions, in a graduated scale of benefits to be numbered according to the benefit to be received by each of such tracts from such improvement, and pursue said work continuously until completed and, when completed, shall make a full, accurate, and detailed report thereof and file the same with the auditor. The lands receiving the greatest benefit shall be marked on a scale of one hundred, and those benefited in a less degree with such percentage of one hundred as the benefits received bear in proportion thereto. They shall also make an equitable apportionment of the costs, expenses, fees, and damages computed on the basis of the percentages fixed.

468.40 Rules of classification.

In the report of the appraisers so appointed they shall specify each tract of land by proper description, and the ownership thereof, as the same appears on the transfer books in the auditor’s office.

In estimating the benefits as to the lands not traversed by said improvement, they shall not consider what benefits such land shall receive after some other improvements shall have been constructed, but only the benefits which will be received by reason of the construction of the improvement in question as it affords an outlet to the drainage of such lands, or brings an outlet nearer to said lands or relieves the same from overflow and relieves and protects the same from damage by erosion.

468.41 Assessment for lateral ditches — reclassification of benefited lands.

1. In fixing the percentages and assessments of benefits and apportionment of costs of construction to lands benefited by lateral ditches and drains as a part of the entire improvement to be made in a drainage district, the commissioners shall ascertain and fix the percentage of benefits and apportionment of costs to the lands benefited by such lateral ditches on the same basis and in the same manner as if said lateral was, with its sublaterals, being constructed as a subdistrict as provided in this subchapter, parts 1 through 5, reporting separately:

a. The percentage of benefits and amount accruing to each forty-acre tract or less on account of the construction of the main ditch, drain, or watercourse including pumping plant, if any.

b. The percentage of benefits and amount accruing to each forty-acre tract or less on account of the construction of such lateral improvement.

2. When there has been a repair or improvement to a lateral ditch or drain as provided in section 468.126 and the lands benefited by the lateral have not been classified as provided in this section, the board may order a classification of the lands and the commission shall ascertain and fix the percentage of benefits and apportionment of costs to the lands benefited by such lateral ditches or drains on the same basis and in the same manner as if the lateral was with its sublaterals being constructed as a subdistrict as provided in this subchapter, parts 1 through 5. When this procedure is followed for the classification of any lateral ditch or drain in a given district, the board shall follow the same procedure for all other lateral ditches or drains in the district which have not been classified as prescribed in this section.

468.42 Railroad property — collection.

The commissioners to assess benefits and make apportionment of costs and expenses shall determine and assess the benefits to the property of any railroad company extending into or through the levee or drainage district, and make return thereof of showing the benefit and the apportionment of costs to the lands benefited by such lateral ditches or drains in the district which have not been classified as prescribed in this section.

All other proceedings in relation to railroads, except as otherwise provided, shall be the same as provided for individual property owners within the...
levee or drainage district.

§468.43 Public highways and state-owned lands.

When any public highway or other public land extends into or through a levee or drainage district, the commissioners to assess benefits shall ascertain and return in their report the amount of benefits and the apportionment of costs and expenses to such highway or other public land, and the board of supervisors shall assess the same against such highway and land.

Such assessments against primary highways and other state-owned lands under the jurisdiction of the state department of transportation shall be paid by the state department from the primary road fund on due certification of the amount by the county treasurer to the department, and against all secondary roads and other county owned lands under the jurisdiction of the board of supervisors, from county funds.

When state-owned land under the jurisdiction of the department of natural resources is situated within a levee or drainage district, the commissioners assessing benefits shall ascertain and return in their report the amount of benefits and the apportionment of costs and expenses to the land, and the board of supervisors shall assess the amount against the land.

The assessments against lands under the jurisdiction of the department of natural resources shall be paid by the executive council on certification of the amount by the county treasurer. There is appropriated from any funds in the general fund of the state not otherwise appropriated amounts sufficient to pay the certified assessments.

§468.44 Report of commissioners.

The commissioners, within the time fixed or as extended, shall make and file in the auditor’s office a written verified report in tabulated form as to each forty-acre tract, and each tract of less than forty acres, setting forth:

1. The names of the owners thereof as shown by the transfer books of the auditor’s office or the reports of the engineer on file, showing said entire classification of lands in said district.
2. The amount of benefits to highway and railroad property and the percentage of benefits to each of said other tracts and the apportionment and amount of assessment of cost and expense, or estimated costs or expense, against each:
   a. For main ditches, and settling basins.
   b. For laterals.
   c. For levees and pumping station.
   d. For erosion protection and control or flood control.
3. The aggregate amount of all assessments.
4. Any specific benefits other than those derived from the drainage of agricultural lands shall be separately stated.

§468.45 Notice of hearing.

The board shall fix a time for a hearing upon the report of the commissioners, and the auditor shall cause notice to be served upon each person whose name appears as owner, naming the person, and also upon the person or persons in actual occupancy of any tract of land without naming the person or persons, of the day and hour of such hearing, which notice shall be for the same time and served in the same manner as is provided for the establishment of a levee or drainage district, and shall state the amount of assessment of costs and expenses of construction apportioned to each owner upon each forty-acre tract or less, and that all objections thereto must be in writing and filed with the auditor at or before the time set for such hearing.

§468.46 Hearing and determination.

At the time fixed or at an adjourned hearing, the board shall hear and determine all objections filed to said report and shall fully consider the said report, and may affirm, increase, or diminish the percentage of benefits or the apportionment of costs and expenses made in said report against any body or tract of land in said district as may appear to the board to be just and equitable.

§468.47 Evidence — conclusive presumption.

At such hearing, the board may hear evidence both for and against the approval of said report or
§ 468.48 Notice of increased assessment.

The board shall cause notice to be served upon the owner of any tract of land or easement against which it is proposed to increase the assessment, requiring the owner to appear at a fixed date and show cause why such assessment should not be so increased. Such notice shall be served for the time and in the manner prescribed in section 468.15 or section 468.16, as the case may be, except that personal service in the same manner as an original notice may be made in lieu of the other methods.

§ 468.49 Classification as basis for future assessments.

A classification of land for drainage, erosion or flood control purposes, when finally adopted, shall remain the basis of all future assessments for the purpose of said district unless revised by the board in the manner provided for reclassification, except that where land included in said classification has been destroyed, in whole or in part, by the erosion of a river, or where additional right of way has been subsequently taken for drainage purposes, said land which has been so eroded and carried away by the action of a river or which has been taken for additional right of way, may be removed by said board from said district as classified, without any reclassification, and no assessment shall thereafter be made on the land so removed. Any deficiency in assessment existing as the result of said action of the board shall be spread by it over the balance of lands remaining in said district in the same ratio as was fixed in the classification of the lands, payable at the next taxpaying period.

Except districts established by mutual agreement in accordance with section 468.142 in the event any forty-acre tract or less, or any lot, tract, or parcel, as set forth in the existing classification or reclassification of any drainage district now or hereafter established, is divided into two or more tracts, whether such division is by sale or condemnation or platted as a subdivision, the classification of the original tract shall be apportioned to the resulting parcels, regardless of use, except for land taken for additional drainage right of way. The classification of the original tract may be apportioned between the resulting parcels by agreement between the parties to such division. The parties shall file with the county auditor a written agreement setting forth the original description and the description of the tracts as subdivided and the percentage of the original classification apportioned to each. This agreement shall bear the signature of all of the parties to such subdivision. The agreement contemplated herein may be contained in the deed or other instrument effecting the division of the land, which agreement shall be binding upon the grantee or grantees by their acceptance of such instrument and their signatures shall not be necessary. The auditor shall enter this agreement in the drainage record and amend the current classification of the district in accordance with such agreement.

In the event the parties to such subdivision cannot agree as to the apportionment of the percentage classification, the board of supervisors shall, upon application of either party, appoint a commission having the qualifications of commissioners, in accordance with section 468.38. The commissioners shall inspect the lands involved and apportion the existing classification of the original tract equitably and fairly to each of the several tracts as subdivided and shall make a full, accurate and detailed report thereof and file the same with the county auditor within the time set by the board. The report of the commissioners shall set forth the names of the owners thereof, the description of each of the tracts and the percentage of the original classification that each such tract shall bear (1) for main ditches and settling basins, (2) for laterals, (3) for levees and pumping station. Thereafter all the proceedings in relation thereto as to notice of hearing and fixing of percentage benefits shall be as in this subchapter, parts 1 through 5, provided in relation to original classification and assessments, and at such hearing, the board may affirm, increase or diminish the percentage of benefits so as to make them just and equitable, and cause the record of the existing classification, percentage of benefits or assessments, or both, to be modified accordingly. In the event the parties neither agree as to the apportionment of classification nor make application for the appointment of commissioners, then the auditor of the county in which the land is situated shall make such apportionment upon an equitable basis and enter the same of record as herein provided. No tract of land included within the boundary of any drainage district shall be exempt from drainage assessments or reassessments, except as herein provided.
468.50 Levy — interest.
When the board has finally determined the matter of assessments of benefits and apportionment, the board shall levy the assessments as fixed by it upon the lands within the district, but an assessment on a tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars. All assessments shall be levied at that time as a tax and shall bear interest at a rate determined by the board notwithstanding chapter 74A from that date, payable annually, except as provided as to cash payments within a specified time.

468.51 Lien of tax.
Such taxes shall be a lien upon all premises against which they are assessed as fully as taxes levied for state and county purposes.

468.52 Levy for deficiency.
If the first assessment made by the board for the original cost or for repairs of any improvement is insufficient, the board shall make an additional assessment and levy in the same ratio as the first for either purpose, but an assessment on any tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars. All assessments shall be levied at that time as a tax and shall bear interest at a rate determined by the board from that date, payable annually, except as provided as to cash payments within a specified time.

468.53 Record of drainage taxes.
All drainage or levee tax assessments shall be entered in the drainage record of the district to which they apply, and also upon the tax records of each county.
drainage or levee tax assessments not optioned for installment payments by the landowner shall become due and payable within thirty days after the levy of assessments.

§468.56 Payment of assessments.

All assessments for benefits, as corrected and approved by the board, shall be levied at one time against the property benefited, and when levied and certified by the board, are payable at the office of the county treasurer. A person may pay the person's assessment in full without interest within thirty days after the levy of assessments, and before any improvement certificates or drainage bonds are issued for the assessment, and may pay a certificate at any time after issue, with accrued interest.

CS89, §468.56

§468.57 Installment payments — waiver.

If the owner of any land against which a levy exceeding one hundred dollars has been made and certified shall, within thirty days from the date of such levy, agree in writing endorsed upon any improvement certificate referred to in section 468.70, or in a separate agreement, that in consideration of having a right to pay the owner's assessment in installments, the owner will not make any objection as to the legality of the assessment for benefit, or the levy of the taxes against the property, then such owner shall have the following options:

1. To pay one-third of the amount of the assessment at the time of filing the agreement; one-third within twenty days after the engineer in charge certifies to the auditor that the improvement is one-half completed; and the remaining one-third within twenty days after the improvement has been completed and accepted by the board. All installments shall be without interest if paid at said times, otherwise the assessments shall bear interest from the date of the levy at a rate determined by the board notwithstanding chapter 74A, payable annually, and be collected as other taxes on real estate, with like interest for delinquency.

2. To pay the assessments in not less than ten nor more than twenty equal installments, with the number of payments and interest rate determined by the board, notwithstanding chapter 74A. The first installment of each assessment, or the total amount if less than one hundred dollars, is due and payable on July 1 next succeeding the date of the levy, unless the assessment is filed with the county treasurer after May 31 in any year. The first installment shall bear interest on the whole unpaid assessment from the date of the levy as set by the board to the first day of December following the due date. The succeeding annual installments, with interest on the whole unpaid amount, to the first day of December following the due date, are respectively due on July 1 annually, and must be paid at the same time and in the same manner as the first semiannual payment of ordinary taxes.

All future installments of an assessment may be paid on any date by payment of the then outstanding balance plus interest to the next December 1, or additional annual installments may be paid after the current installment has been paid before December 1 without interest. A payment must be for the full amount of the next installment. If installments remain to be paid, the next annual installment with interest added to December 1 will be due. After December 1, if a drainage assessment is not delinquent, a property owner may pay one-half or all of the next annual installment of principal and interest of a drainage assessment prior to the delinquency date of the installment. When the next installment has been paid in full, successive principal installments may be prepaid. The county treasurer shall accept the payments of the drainage assessment, and shall credit the next annual installment or future installments of the drainage assessment to the extent of the payment or payments, and shall remit the payments to the drainage fund. If a property owner elects to pay one or more principal installments in advance, the pay schedule shall be advanced by the number of principal installments prepaid. Each installment of an assessment with interest on the unpaid balance is delinquent from October 1 after its due date, including those instances when the last day of September is a Saturday or Sunday, and bears the same delinquent interest as ordinary taxes. When collected, the interest must be credited to the same drainage fund as the drainage special assessment.

The provisions of this section and of sections 468.58 through 468.61 may within the discretion of the board, also be made applicable to repairs and improvements made under the provisions of section 468.126.

CS89, §468.57
468.58 Installment payments after appeal.
When an owner takes an appeal from the assessment against any of the owner's land, the option to pay in installments whatever assessment is finally established against such land in said appeal shall continue, if within twenty days after the final determination of said appeal the owner shall file in the office of the auditor the owner's written election to pay in installments, and within said period pay such installments as would have matured prior to that time if no appeal had been taken, together with all accrued interest on said assessment to the last preceding interest-paying date.

468.61 Surplus funds — application of.
When one-half or more of all assessments for a drainage or levee district have been paid and it is ascertained that there will be a surplus in the district fund after all assessments have been paid, the board may refund, to the owner of each tract of land, the owner's proportionate part of any surplus funds except such portion of the surplus as the board considers should be retained for a sinking fund to pay future maintenance and repair costs, by following the procedure provided in sections 468.201 and 468.205 through 468.209 so far as same are applicable, except that awards for damages shall not be canceled where there has been no change made in the improvement which would increase or decrease the damages awarded. However, modifications and changes may be made in the plan on which hearing was held without further notice or hearing, provided the same do not increase or decrease the estimated cost to the district by more than twenty-five percent.

468.62 Change of conditions — modification of plan.
If, after the improvement has been finally located and before construction thereof has been completed, there has been a change of conditions of such nature that the plan of improvement as adopted should be modified or amended, the board may direct the engineer appointed under section 468.30 or another engineer, to make a report showing such changes or modifications of the plan of improvement as may be necessary to meet the change of conditions. Upon the filing of such report, the board shall have jurisdiction to adopt said modified or amended plan of improvement or may further modify or amend and adopt the same by following the procedure provided in sections 468.201 and 468.205 through 468.209 so far as same are applicable, except that awards for damages shall not be canceled where there has been no change made in the improvement which would increase or decrease the damages awarded. However, modifications and changes may be made in the plan on which hearing was held without further notice or hearing, provided the same do not increase or decrease the estimated cost to the district by more than twenty-five percent.

468.63 Drainage subdistrict.
After the establishment of a drainage district, a person owning land within the district which has been assessed for benefits, but which is separated from the main ditch, drain, or watercourse for which it has been so assessed, by the land of others, who desires a ditch or drain constructed from the person's land across the land of the others in order to connect with the main ditch, drain, or watercourse, and is unable to agree with the intervening owners on the terms and conditions on which the person may enter upon their lands and cause to be constructed the connecting drain or ditch, may file a petition for the establishment of a subdistrict. After the petition is filed, the proceedings shall be the same as provided for the establishment of an original district.

468.64 Presumption - jurisdiction.

Such connecting ditch or drain which a person shall cause to be constructed shall be presumed conducive to the public health, welfare, convenience, and utility the same as if it had been so constructed as a part of the original improvement of said district. When such subdistrict has been established and constructed it shall become and be a part of the improvement of such drainage district as a whole and be under the control and supervision of the board to the same extent and in every way as if it had been a part of the original improvement of such district.

468.65 Reclassification.

When, after a drainage or levee district has been established, except districts established by mutual agreement in accordance with section 468.142, and the improvements thereof constructed and put in operation, there has been a material change as to lands occupied by highway or railroad right of way or in the character of the lands benefited by the improvement, or when a repair, improvement, or extension has become necessary, the board may consider whether the existing assessments are equitable as a basis for payment of the expense of maintaining the district and of making the repair, improvement or extension. If they find the same to be inequitable in any particular, they shall by resolution express such finding, appoint three commissioners possessing the qualifications prescribed in section 468.38 and order a reclassification as follows:

1. If they find the assessments to be generally inequitable they shall order a reclassification of all property subject to assessment, such as lands, highways, and railroads in said district.

2. If the inequity ascertained by the board is limited to the proportion paid by highways or railroads, a general reclassification of all lands shall not be necessary but the commissioners may evaluate and determine the fair proportion to be paid by such highways or railroads or both as provided in sections 468.42 and 468.43.

3. Any benefits of a character for which levee or drainage districts may be established and which are attributable to or enhanced by the improvement or by the repair, improvement, or extension thereof, shall be a proper subject of consideration in a reclassification notwithstanding the district may have been originally established for a limited purpose.

4. If after a district has been reclassified, the board in its judgment concludes there were errors in the reclassification or there is an inequitable assessment of benefits, the board may on its own motion, after notice to the landowners involved as provided in sections 468.14 through 468.18 and by resolution, order the district or any portion of the district to again be reclassified as prescribed in this section and in section 468.67.

The board may include in its resolution an order to the commissioners that they prepare special common outlet classifications, if needed, in conjunction with the reclassification of the district.

Such reclassification when finally adopted shall remain the basis for all future assessments unless revised as provided in this subchapter, parts 1 through 5.

468.66 Bids required.

In case the board shall finally determine that any such changes as defined in section 468.62 shall be made involving an expenditure of ten thousand dollars or more, the work shall be let by bids in the same manner as is provided for the original construction of such improvements.

468.67 Procedure governing reclassification.

The proceedings for such reclassification shall in all particulars be governed by the same rules as for original classification. The commissioners shall fix the percentage of actual benefits and make an equitable apportionment of the costs and expenses of such repairs, improvements or extensions and file a report thereof with the auditor in the same form and manner as for original classification. Thereafter, all the proceedings in relation thereto as to notice, hearing, and fixing of percentage of benefits and amount of assessments shall be as in this subchapter, parts 1 through 5, provided in relation to original classification and assessments, and at such hearing the board may affirm, increase, or diminish the percentage and assessment of benefits and apportionment of costs and expenses so as to make them just and equitable, and cause the record of the original classification, percentage of benefits, and assessments to be modified accordingly.

468.70 Installment assessments — interest-bearing warrants — improvement certificates.

The board may provide by resolution for the payment of assessments in not more than twenty annual installments with interest at a rate determined by the board, notwithstanding chapter 74A. The board may issue warrants bearing interest at the same rate, which warrants shall be numbered and state a maturity date in which event they shall bear interest from the date of issuance without being presented for payment and marked unpaid for want of funds. The warrants may be sold by the board for cash in an amount not less than their face value, together with any accrued interest.

The board may provide by resolution for the issuance of improvement certificates payable to bearer or to the contractors, naming them, who have constructed the said improvement or completed any part thereof, in payment or part payment of such work.

468.71 Form, negotiability and effect.

Each of such certificates shall state the amount of one or more drainage assessments or part thereof made against the property, designating it and the owner thereof liable for the payment of such assessments. Said certificates shall be negotiable and transfer to the bearer all right and interest in and to the tax in every such assessment or part thereof described in such certificates, and shall authorize such bearer to collect and receive every assessment embraced in said certificate by or through any of the methods provided by law for their collection as the same mature.

468.73 Sale at par — right to pay.

Any person shall have the right to pay the amount of the person’s assessment represented by any outstanding improvement certificate, with the interest thereon to the date of such payment, at any time. No improvement certificate shall be issued or negotiated for the use of the drainage district for less than par value with accrued interest up to the delivery or transfer thereof. Every such certificate, when paid, shall be delivered to the treasurer and by the treasurer surrendered to the
§468.74 Drainage bonds.

When a drainage district has been established or the making of any subsequent repair or improvement determined upon, if the board of supervisors shall find that the cost of such improvement will create assessments against the land included therein greater than should be levied in a single year upon the lands benefited by such improvement, then, instead of issuing improvement certificates, as provided in sections 468.70 through 468.73 the board may fix the amount that shall be levied and collected each year until such cost and expenses are paid, and may issue drainage bonds of the county covering all assessments exclusive of assessments of one hundred dollars and less.

Before such bonds shall be issued, the governing body of the district shall cause an action for declaratory judgment to be brought in the district court of the county in which the bonds are to be issued, asking that their legality be confirmed. The court shall fix a date for hearing thereon and notice thereof shall be given to the owners of each lot or tract of land within the district, which shall be affected by an assessment to pay the proposed bonds, as shown by the transfer books in the auditor's office; also to the holders of liens of record upon the improvements of the district, or, the tax assessor shall fix a date for hearing thereon and notice thereof shall be given to the owners of each lot or tract of land within the district, which shall be affected by an assessment to pay the proposed bonds, as shown by the transfer books in the auditor's office; also to the holders of liens of record upon the lands assessed for benefits within the district to be covered by each bond issue. The taxes levied for benefits to highways and other public lands within any drainage or levee district shall be paid at the same times and in the same proportion as assessments against the lands of private owners.

§468.75 Form.

Each of such bonds shall be numbered and have printed upon its face that it is a “Drainage Bond”, stating the county and number of the district for which it is issued, the date and maturity thereof, that it is in pursuance of a resolution of the board of supervisors, that it is to be paid only from taxes for levee and drainage improvement purposes levied and collected on the lands assessed for benefits within the district for which the bond is issued.

§468.76 Amount — interest — maturity.

In no case shall the aggregate amount of all bonds issued exceed the benefits assessed. The bonds shall not be issued for a greater amount than the aggregate amount of assessments for the payment of which they are issued, nor for a longer period of maturity than twenty years. The bonds shall bear interest at a rate determined by the board, notwithstanding chapter 74A, payable semiannually, on June 1 and December 1 of each year. The interest on unpaid assessments shall be at a rate determined by the board.

§468.77 Maturity — interest — highway benefits.

The board shall fix the amount, maturity, and interest of all bonds to be issued. It shall determine the amount of assessments to highways for benefits within the district to be covered by each bond issue. The taxes levied for benefits to highways and other public lands within any drainage or levee district shall be paid at the same times and in the same proportion as assessments against the lands of private owners.

§468.78 Sale or application at par — premium.

Such bonds may be applied at par with accrued interest to the payment of work as it progresses upon the improvements of the district, or, the board may sell, through the county treasurer, said bonds at not less than par with accrued interest and devote the proceeds to such payment. Any premium derived from the sale of said bonds shall be credited to the drainage fund of the district.

§468.79 Deficiency levy — additional bonds.

If any levy of assessments is not sufficient to meet the interest and principal of outstanding bonds.
bonds, or if default shall occur by reason of non-payment of assessments, additional assessments may be made on the same classification as the previous ones. Additional bond issues may be made when necessary to complete full payment for improvements, by the same proceedings as previous issues.

468.100 Monthly estimate — payment.

The supervising engineer shall, on or before the tenth day of each calendar month, furnish the contractor and file with the auditor estimates for work done during the preceding calendar month under the contract on each section, and the auditor shall at once draw warrants in favor of such contractor on the drainage funds of the district or give the contractor an order directing the county treasurer to deliver to the contractor or contractors improvement certificates, or drainage bonds as the case may be, for ninety percent of the estimate on work done. Such monthly estimates shall remain on file in the office of the auditor as a part of the permanent records of the district to which they relate. Drainage warrants, bonds or improvement certificates when so issued shall be in such amounts as the auditor determines, not however, in amounts in excess of one thousand dollars.

All of the provisions of this section shall, when applicable, apply to repair work and improvement work in the same force and effect as to original construction.

468.101 Completion of work — report — notice.

When the work to be done under a contract is completed to the satisfaction of the engineer in charge of construction, the engineer shall report and certify that the contract is completed to the board. Upon receipt of the report, the board shall set a day to consider the report and shall give notice of the time and purpose of the meeting by ordinary mail to the owners of the land on which the work was done, and to the owners of each tract of land or lot within the district by publication in a newspaper of general circulation in the county.
The publication is not required to name the owners of any tract of land or lot within the district. The date for considering the report by the board shall be not less than ten days after the date of mailing, or publication, whichever is later.

468.103 Final settlement — claims for damages.

If it finds the work under any contract has been completed and accepted, the board shall compute the balance due, and if there are no liens on file against such balance, it shall enter of record an order directing the auditor to draw a warrant in favor of said contractor upon the levee or drainage fund of said district or give the contractor an order directing the county treasurer to deliver to the contractor improvement certificates or drainage bonds, as the case may be, for such balance found to be due, but such warrants, improvement certificates or bonds shall not be delivered to the contractor until the expiration of thirty days after the acceptance of the work.

If any claims for damages have been filed as provided in section 468.102, the board shall review said claims and determine said claims. If the determination by the board on any claim for damages results in a finding by the board that the damages resulting to the claimant were due to the negligence of the contractor, then the board shall provide for payment of said claim out of the remaining funds owing to the contractor. If the determination by the board results in a finding that the damages resulting to the claimant were not due to the negligence of the contractor but resulted from unavoidable necessity in the performance of the contract, then the board shall allow for payment of said claim in the amount fixed by the board out of the funds in said drainage district.

§468.115 Passage across other public utilities.

The owner or operator of a public utility, whether operated publicly or privately other than steam and electric railways shall afford the contractor of any drainage project under this subchapter, parts 1 through 5, unrestricted passage for the contractor’s machines and equipment across the right of way lines or other equipment of such utility whenever recommended by the engineer and approved by the board of supervisors.

(C24, 27, 31, 35, 39, §7546; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.125)

§468.116 Failure to comply.

If the owner or operator of the utility fails to afford such passage within fifteen days after written notice from the drainage engineer so to do, the contractor, under the supervision of the engineer, may proceed to do the necessary work to afford such passage and to place said utility in the same condition as before said passage; but the owner or operator shall have the right to designate the hours of the day when such crossing or passage shall be made.

(C24, 27, 31, 35, 39, §7547; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.126)

§468.117 Expenses attending passage.

The work necessary to afford such passage shall be deemed to be covered by and included in the contract with the district under which the contractor is operating, and if the work is done by the owner or operator of such utility the reasonable expense thereof shall be paid out of the drainage funds of the district and charged to the account of the contractor.

(C24, 27, 31, 35, 39, §7548; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.127)

§468.118 Abandoned right-of-way.

If a railroad or other utility has abandoned the use of its right-of-way for the purpose it was originally acquired or has sold its right-of-way to a person who will use it for a purpose other than for which it was originally acquired, the prior right or privilege of the drainage district to pass through the right-of-way of the railroad or utility shall become a permanent easement in favor of the drainage district for drainage purposes including the right of ingress and egress through adjacent property and the right of access for maintenance, repair, improvement and inspection. The permanent easement has the same dimensions as originally specified in the engineer’s report and survey, or as acquired by use or as subsequently acquired.

If a railroad or other utility has abandoned the use of its right-of-way for the purpose it was originally acquired or has sold its right-of-way to a person who will use it for a purpose other than for which it was originally acquired in segments, each segment shall be assessed for benefits in the same proportion as the area of the segment bears to the area of the right-of-way through the forty-acre tract.

§468.119 Annexation of additional lands.

After the establishment of a levee or drainage district, if the board becomes convinced that additional lands contiguous to the district, and without regard to county boundaries, are benefited by the improvement or that the same are then receiving benefit or will be benefited by a repair or improvement to said district as contemplated in section 468.126, it may adopt, with or without a petition from owners of the proposed annexed lands, a resolution of necessity for the annexation of such additional land and appoint an engineer with the qualifications provided in this subchapter, parts 1 through 5, to examine such additional lands, to make a survey and plat thereof showing their relation, elevation, and condition of drainage with reference to such established district, and to make and file with the auditor a report as in this subchapter, parts 1 through 5, provided for the origi-
nal establishment of such district, said report to specify the character of the benefits received.

In the event the additional lands are a part of an existing drainage district, as an alternative procedure to that established by the foregoing provisions of this section, the lands may be annexed in either of the following methods:

1. A petition, proposing that the lands be included in a contiguous drainage district and signed by at least twenty percent of the landowners of those lands to be annexed, shall be filed with the governing board of each affected district.

The board of the district in which the lands are presently included may, at its next regular meeting or at a special meeting called for that purpose, adopt a resolution approving and consenting to the annexation; or

2. Whenever the owners of all of the land proposed to be annexed file a petition with the governing boards of the affected districts, the consent of the board in which the lands are then located shall not be required to consent to the annexation, and the board of the annexing district may proceed as provided in this section.

3. If either method of annexation provided for in subsections 1 and 2 of this section is completed, the board of the district to which the lands are to be annexed may adopt a resolution of necessity for the annexation of the additional lands, as provided in this section.

The right of remonstrance, as provided under section 468.28, does not apply to the owners of lands being involuntarily annexed to an established district.

468.121 Levy on annexed lands.

After annexation is made the board may levy upon the annexed lands an assessment sufficient to equal the assessments for benefit originally paid by the lands of equal classification if the finding by the board as provided by section 468.119 was that the lands should have been included in the district when originally established, plus their proportionate share of the costs of any enlargement or extension of drains required to serve the annexed lands. If the finding of the board as provided in section 468.119 was based on the fact that additional lands are now benefited by virtue of the repair, improvement, or the change of the topographical conditions made to the district and were not benefited by the district as originally established, then the board shall levy upon the annexed lands an assessment sufficient to pay their proportionate share of the costs of the repair or improvement which was the basis for the lands being annexed. If the board finds that the lands are presently receiving benefits from the district but that some were reasonably omitted from the original establishment because of the change of the topographical conditions, the assessments levied upon the annexed lands shall be limited to a proportionate share of the costs of current and future maintenance, repairs and improvements.

468.122 Use of former and abandoned surveys.

In cases where proceedings have been taken for the establishment of a levee or drainage district and an engineer has been appointed who has made a survey, return, and plat thereof and for any reason the improvement has been abandoned and the proceedings dismissed, and afterward proceedings are instituted for the establishment of a levee or drainage district which will benefit any territory surveyed in said former proceedings, the engineer shall use so much of the return, levels, surveys, plat, and profile made in said former proceedings as may be applicable. The engineer shall specify in the engineer’s reports the parts thereof so used, and in case the cost of said returns, levels, surveys, plat, and profile made in said former proceedings has been paid by the former petitioners or their sureties, then a reasonable amount shall be allowed said petitioners or sureties for the use of the same.
468.123 Unsuccessful procedure — reestablishment.

When proceedings have been instituted for the establishment of a drainage district or for any change or repair thereof, or the change of a natural watercourse, and the establishment thereof has failed for any reason either before or after the improvement is completed, the board shall have power to re-establish such district or improvement and any new improvement in connection therewith as recommended by the report of the engineer. As to all lands benefited by such re-establishment, repair, or improvement, the board shall proceed in the same manner as in the establishment of an original district, using as a basis for assessment the entire cost of the proceedings, improvement, and maintenance from the beginning; but in awarding damages and in the assessment of benefits account shall be taken of the amount of damages and taxes, if any, theretofore paid by those benefited, and credit therefor given accordingly. All other proceedings shall be the same as for the original establishment of the district, making of improvements, and assessment of benefits. 468.124 New district including old district.

If any levee or drainage district or improvement established either by legal proceedings or by private parties shall be insufficient to properly drain all of the lands tributary thereto, the board upon petition as for the establishment of an original levee or drainage district, shall have power to establish a new district covering and including such old district or improvement together with any additional lands deemed necessary. All outstanding indebtedness of the old levee or drainage district shall be assessed only against the lands included therein. [S13, §1989-a25; C24, 27, 31, 35, 39, §7554; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.133] 89 Acts, ch 126, §2

468.125 Credit for old improvement.

When such district as contemplated in section 468.124 and the new improvement therein shall include the whole or any part of the former improvement, the commissioners, for classification of lands for assessment of benefits and apportionment of costs and expenses of such new improvement, shall take into consideration the value of such old improvement in the construction of the new one and allow proper credit therefor to the parties owning the old improvement as their interests may appear. In all other respects the same proceedings shall obtain as are provided for the original establishment of levee and drainage districts. [S13, §1989-a25; C24, 27, 31, 35, 39, §7555; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.134] 89 Acts, ch 126, §2

468.126 Repair.

1. When any levee or drainage district has been established and the improvement constructed, the improvement shall be at all times under the supervision of the board of supervisors except as otherwise provided for control and management by a board of trustees and the board shall keep the improvement in repair as provided in this section.

   a. The board at any time on its own motion, without notice, may order done whatever is necessary to restore or maintain a drainage or levee improvement in its original efficiency or capacity, and for that purpose may remove silt and debris, repair any damaged structures, remove weeds and other vegetable growth, and whatever else may be needed to restore or maintain such efficiency or capacity or to prolong its useful life.

   b. The board may at any time obtain an engineer’s report regarding the most feasible means of repairing a drainage or levee improvement and the probable cost of making the repair. If the engineer advises, or the board otherwise concludes that permanent restoration of a damaged structure is not feasible at the time, the board may order temporary construction it deems necessary to the continued functioning of the improvement. If in maintaining and repairing tile lines the board finds from an engineer’s report it is more economical to construct a new line than to repair the existing line, the new line may be considered to be a repair.

   c. If the estimated cost of a repair exceeds fifteen thousand dollars, or seventy-five percent of the original total cost of the district and subsequent improvements, whichever is the greater amount, the board shall set a date for a hearing on the matter of making the proposed repairs, and shall give notice as provided in sections 468.14 through 468.18. If a hearing is required and the estimated cost of the repair exceeds twenty-five thousand dollars, an engineer’s report or a report from the soil and water conservation district conservationist shall be presented at the hearing. The requirement of a report may be waived by the board if a prior report on the repair exists and that report is less than ten years old. The board shall
not divide proposed repairs into separate programs in order to avoid the notice and hearing requirements of this paragraph. At the hearing the board shall hear objections to the feasibility of the proposed repairs, and following the hearing the board shall order that the repairs it deems desirable and feasible be made. Any interested party has the right of appeal from such orders in the manner provided in this subchapter, parts 1 through 5.

   d. The right of remonstrance does not apply to repairs as defined in this section.

2. In the case of minor repairs, or in the eradication of brush and weeds along the open ditches, not in excess of fifteen thousand dollars where the board finds that a saving to the district will result the board may cause the repairs or eradication to be done by secondary road equipment, or weed fund equipment, and labor of the county and then reimburse the secondary road fund or the weed fund from the fund of the drainage district thus benefited.

3. When the board deems it necessary it may repair or reconstruct the outlet of any private tile line which empties into a drainage ditch of any district and assess the costs in each case against the land served by the private tile line.

4. For the purpose of this subsection, an "improvement" in a drainage or levee district in which any ditch, tile drain or other facility has previously been constructed is a project intended to expand, enlarge or otherwise increase the capacity of any existing ditch, drain or other facility above that for which it was designed.

a. When the board determines that improvements are necessary or desirable, the board shall appoint an engineer to make surveys as seem appropriate to determine the nature and extent of the needed improvements, and to file a report showing what improvements are recommended and their estimated costs, which report may be amended before final action. If the estimated cost of the improvements does not exceed fifteen thousand dollars, or twenty-five percent of the original cost of the district and subsequent improvements, whichever is the greater amount, the board may order the work done without notice. The board shall not divide proposed improvements into separate programs in order to avoid the limitation for making improvements without notice. If the board deems it desirable to make improvements where the estimated cost exceeds the fifteen thousand dollar or twenty-five percent limit, the board shall set a date for a hearing on the matter of constructing the proposed improvements and also on the matter of whether there shall be a reclassification of benefits for the cost of the proposed improvements, and shall give notice as provided in sections 468.14 through 468.18. At the hearing the board shall hear objections to the feasibility of the proposed improvements and arguments for or against a reclassification presented by or for any taxpayer of the district. Following the hearing the board shall order that the improvements it deems desirable and feasible be made, and shall also determine whether there should be a reclassification of benefits for the cost of improvements. If it is determined that a reclassification of benefits should be made, the board shall proceed as provided in section 468.38. In lieu of publishing the notice of a hearing as provided by this subsection, the board may mail a copy of the notice to each address where a landowner in the district resides by first class mail if the cost of mailing is less than publication of the notice. The mailing shall be made during the time the notice would otherwise be required to be published.

b. If the estimated cost of the improvements as defined in this subsection exceeds twenty thousand dollars, or the original cost of the district plus the cost of subsequent improvements in the district, whichever is the greater amount, a majority of the landowners, owning in the aggregate more than seventy percent of the total land in the district, may file a written remonstrance against the proposed improvements, at or before the time fixed for hearing on the proposed improvements, with the county auditor, or auditors in case the district extends into more than one county. If a remonstrance is filed, the board shall discontinue and dismiss all further proceedings on the proposed improvements and charge the costs incurred to date for the proposed improvements to the district. Any interested party may appeal from such orders in the manner provided in this subchapter, parts 1 through 5. However, this section does not affect the procedures of section 468.132 covering the common outlet.

5. Where under the laws in force prior to 1904, drainage ditches and levees were established and constructed without fixing at the time of establishment a definite boundary line for the body of land to be assessed for the cost thereof, the body of land which was last assessed to pay for the repair thereof shall also be considered as the established district for the purpose of this section.

6. The governing body of the district may, by contract or conveyance, acquire, within or without the district, the necessary lands or easements for making repairs or improvements under this section, including easements for borrow and easements for meander, and in addition thereto, the same may be obtained in the manner provided in the original establishment of the district, or by exercise of the power of eminent domain as provided for in chapter 6B. If additional right of way is required for any repair or improvement under this section, the same may be acquired in the same manner as provided for the acquisition of right of way in the original establishment of a district, except that where notice and hearing are not otherwise required under this section notice as provided in this subchapter, parts 1 through 5, to owners, lienholder of record, and occupants of the land
§468.126, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS

from which right of way is to be acquired shall suffice.

7. In existing districts where the stream has by erosion appropriated lands beyond its original right of way and it is more economical and feasible to acquire an easement for such erosion and meander than to undertake containment of the stream in its existing right of way, the board may, in the discharge of the duties enjoined upon it by this section, effect such acquisition as to the whole or part of the course. Right of way so taken shall be classed an improvement for the purpose of procedure under this section.

8. If the drainage records on file in the auditor’s office for a particular district do not define specifically the land taken for right-of-way for drainage purposes, the board may at any time upon its own motion employ a land surveyor to make a survey and report of the district and to actually define the right-of-way taken for drainage purposes. After the land surveyor has filed the survey and report with the board, the board shall fix a date for hearing on the report and shall serve notice of the hearing upon all landowners and lienholder of record and occupants of the lands traversed by the right-of-way in the manner and for the time required for service of original notices in the district court. At the hearing the board shall specifically define the land taken for the right-of-way. Once established, the right-of-way constitutes a permanent easement in favor of the drainage district for drainage purposes including the right of ingress and egress across adjoining land and the right of access for maintenance, repair, improvement and inspection. A person aggrieved by the action or failure to act of the board under this subsection may appeal only in compliance with sections 468.83 through 468.98. 468.127 Payment.
The costs of the repair or improvements provided for in section 468.126 shall be paid for out of the funds of the levee or drainage district. If the funds on hand are not sufficient to pay such expenses, the board within two years shall levy an assessment sufficient to pay the outstanding indebtedness and leave the balance which the board determines is desirable as a sinking fund to pay maintenance and repair expenses. Any assessment made under this section on any tract, parcel or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars.

If the board deems that the costs of the repairs or improvements will create assessments against the lands in the district greater than should be borne in one year, it may levy the same at one time and provide for the payment of said costs and assessments in the manner provided in sections 468.57 through 468.61; provided that assessments may be collected in not more than twenty installments as the board may determine. [S13, §1989-a21; C24, 27, 31, 35, 39, §7557; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.136] 89 Acts, ch 126, §2

468.128 Impounding areas and erosion control devices.
Levee and drainage districts are empowered to construct impounding areas and other flood and erosion control devices to protect lands of the district and drainage structures and may provide ways for access to improvements for the operation or protection thereof, where the cost is not excessive in consideration of the value to the district. Necessary lands or easements may be acquired within or without the district by purchase, lease or agreement, or by exercise of the right of eminent domain and may be procured by condemnation undertaken either independently or in co-operation with other districts, individuals, or any federal or state agency or political subdivision. 468.129 Revenues used for operation, maintenance and construction.
Levee and drainage districts may realize income from incidental uses of their improvements and rights of way which are not injurious to same or incompatible with the purposes of the district. Revenues derived therefrom may be expended for operating, maintenance or construction costs of the district as its governing body may elect. 468.131 Reclassification required.
When an assessment for improvements as provided in section 468.126, exceeds twenty-five percent of the original assessment and the original or subsequent assessment or report of the benefit commission as confirmed did not designate separately the amount each tract should pay for the main ditch and tile lateral drains then the board shall order a reclassification in accordance with the principles and rules set forth in section 468.41. [C24, 27, 31, 35, 39, §7562; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.141] 89 Acts, ch 126, §2 CS89, §468.131

468.132 Improvement of common outlet — notice of hearing.
When two or more drainage districts outlet into the same ditch, drain, or natural watercourse and the board determines that it is necessary to clean out, deepen, enlarge, extend, or straighten said ditch, drain, or natural watercourse in order to expeditiously carry off the combined waters of such districts, the board may proceed as provided in section 468.126. After said board has decided that such work should be done, it shall fix a date for hearing on its decision, and it shall give two weeks’ notice thereof by certified mail to the auditor of the county in which the land to be assessed for such work is located; and said county auditor shall thereupon immediately notify by certified mail the board of supervisors, and said county auditor shall thereupon immediately notify by certified mail the board or boards of trustees of the districts having supervision thereof, as to said hearing on said contemplated work. In those instances where two or more districts involved are under the supervision of the same board, or joint board if the district is intercounty, the notice shall be given to all landowners affected as prescribed for in sections 468.14 through 468.18. Each district shall be assessed for the cost of such work in proportion to the benefits derived. Common outlet for the purpose of this section shall mean an outlet where two adjacent districts have an outlet common to both of said districts and which districts are also contiguous, one to the other. [S13, §1989-a24; C24, 27, 31, 35, 39, §7563; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.142] 89 Acts, ch 126, §2 CS89, §468.132

468.133 Commissioners to apportion benefits — interest prohibited.
For the purpose of ascertaining the proportionate benefits, the board shall appoint commissioners having the qualifications of benefit commissioners, one of whom shall be an engineer. Such commissioners appointed shall not be residents of any of the districts affected, nor shall any member thereof have any interest in land in any districts affected by the contemplated work. Such commission shall determine the percentage of benefits and the sum total to be assessed to each district for the improvement.
In the event that one of the districts to be assessed under this statute shall have any improvement such as a settling basin which reduces the quality and quantity of flow or sediment, such commission may give consideration to the existence of such an improvement when they determine the percentage of benefits and the sum total to be assessed to each district for the improvement.

When said commissioners are appointed, the board shall, by proper order, fix the time when the commissioners shall report their findings, but a report filed within thirty days of the time so fixed shall be deemed a compliance with said order. On the filing of said report, the board shall fix a time for hearing thereon, and it shall give notice thereof to the auditor of the county in which the land to be assessed for such work is located by certified mail; said county auditor shall thereupon immediately notify by certified mail the board of supervisors, and board or boards of trustees of the districts having supervision thereof, as to said hearing on said commissioner’s report. In those instances where two or more districts are under the supervision of the same board, or joint board if the district is intercounty, the notice shall be given to all landowners affected as prescribed in sections 468.14 through 468.18.

468.135 Report and review — appeal.
The commissioners shall file with the board a detailed report of their findings. Said board shall review said report and may, by proper order, increase or decrease the amount which shall be charged to each district. After the final order of the board herein has been made, said board shall notify the county auditor, in the time and manner as provided in sections 468.133 and 468.134, of said order, and said county auditor shall notify by certified mail the board of supervisors, and said board or boards of trustees, of said final order.
Said board of supervisors and said board or boards of trustees, if aggrieved by said final order, may appeal therefrom to the district court of the county in which any of the improvement proposed or done is located.

Any such appeal shall be taken, perfected and conducted in the time and manner provided in section 468.83, subsection 1, and sections 468.84 through 468.88, for appeals contemplated by said sections.

468.136 Levy under original classification.

If the amount finally charged against a district does not exceed twenty-five percent of the original cost of the improvement in the district, the board shall proceed to levy the amount against all lands, highways, and railway rights of way and property within the district, in accordance with the original classification and apportionment. Any assessment made under this section on any tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars.

468.137 Levy under reclassification.

If the amount finally charged against a district exceeds twenty-five percent of the original cost of the improvement, the board may order a reclassification as provided for the original classification of a district and upon the final adoption of the new classification and apportionment shall proceed to levy that amount upon all lands, highways, and railway rights of way and property within the district, in accordance with the new classification and apportionment. An assessment made under this section on a tract, parcel, or lot within the district which is computed at less than five dollars shall be fixed at the sum of five dollars.

468.138 Removal of obstructions.

The board shall cause to be removed from the ditches, drains, and laterals of any district any obstructions which interfere with the flow of the water, including trees, hedges, or shrubbery and the roots thereof, and may cause any tile drain so obstructed to be relaid in concrete or any other adequate protection, such work to be paid for from the drainage funds of the district.

468.139 Trees and hedges.

When it becomes necessary to destroy any trees or hedges outside the right of way of any ditch, lateral, or drain in order to prevent obstruction by the roots thereof, if the board and the owners of such trees or hedges cannot agree upon the damage for the destruction thereof, the board may proceed to acquire the right to destroy and remove such trees or hedges by the same proceedings provided for acquiring right of way for said drainage improvement in the first instance.

468.140 Outlet for lateral drains — specifications.

The owner of any premises assessed for the payment of the costs of location and construction of any ditch, drain, or watercourse as in this subchapter, parts 1 through 5, provided, shall have the right to use the same as an outlet for lateral drains from the premises. The board of supervisors shall make specifications covering the manner in which such lateral drains shall be connected with the main ditches or other laterals and be maintained, and the owner shall follow such specifications in making and maintaining any such connection.

CS89, §468.140

468.141 Subdistricts in intercounty districts.

The board of supervisors of any county shall have jurisdiction to establish subdrainage districts of lands included within a district extending into two or more counties when the lands to compose such subdistricts lie wholly within such county, and to make improvements therein, repair and maintain the same, fix and levy assessments for the payment thereof, and the provisions of this section shall apply to all such drainage subdistricts, the lands of which lie wholly within one county. The proceedings for all such purposes shall be the same as for the establishment, construction, and maintenance of an original levee or drainage district the lands of which lie wholly within one county, so far as applicable, except that
one or more persons may petition for a subdistrict as provided in section 468.63.

§468.142 District by mutual agreement — presumption.
The owners of lands may provide by mutual agreement in writing duly signed, acknowledged, and filed with the auditor for combined drainage of their lands by the location and establishment of a drainage district for such purposes and the construction of drains, ditches, settling basins, and watercourses upon and through their said lands. Such drainage district shall be presumed to be conducive to the public welfare, health, convenience, or utility.

§468.143 What the agreement shall contain.
Such agreements shall contain the following:
1. A description of the lands by congressional divisions, metes and bounds, or other intelligible manner, together with the names of the owners of all said lands.
2. The location of the drains and ditches to be constructed, describing their sources and outlets and the courses thereof.
3. The character and extent of drainage improvement to be constructed, including settling basins, if any.
4. The assessment of damages, if any.
5. The classification of the lands included in such district, the amount of drainage taxes or special assessments to be levied upon and against the several tracts, and when the same shall be levied and paid.
6. Such other provisions as the board deems necessary.

§468.144 Board to establish.
When such agreement is filed, the auditor shall record it in the drainage record. The board shall at a regular, special, or adjourned session thereafter locate and establish a drainage district and locate the ditches, drains, settling basins, and watercourses thereof as provided in said agreement, and enter of record an order accordingly. The board thereafter shall carry out the object, purpose, and intent of such agreement and cause to be completed and constructed the said improvement and shall retain jurisdiction of the same as fully as in districts established in any other manner. It shall cause to be levied upon and against the lands of such district, the drainage taxes and assessments according to said agreement and when collected said taxes and assessments shall constitute the drainage funds of said district to be applied upon order of the board as in said agreement provided.

§468.145 Procedure.
The board shall proceed to carry out the provisions of the agreement, advertising for and receiving bids, letting the work, making contracts, levying assessments, paying on estimates, issuing warrants, improvement certificates, or drainage bonds as the case may be, in the same manner as in districts established on petition, except as in said mutual agreement otherwise provided.

§468.146 Outlet in adjoining county or in another state.
1. When a drainage district is established and a satisfactory outlet cannot be obtained except through lands in an adjoining county, or when an improved outlet cannot be obtained except through lands downstream from the district boundary, the board shall have the power to purchase a right of way, to construct and maintain such outlets, and to pay all necessary costs and expenses out of the district funds. The board shall have similar authority relative to the construction and maintenance of silt basins upstream from the district boundary. In case the board and the owners of the land required for such outlet or silt basin cannot agree upon the price to be paid as compensation for the land taken or used, the board is hereby empowered to exercise the right of eminent domain in order to procure such necessary right of way.
2. When a district is, or has been established in this state and no practicable outlet therefor can be obtained except through lands in an adjoining state, the board of supervisors of the county where said district is situated shall, as drainage commissioners, have power to purchase a right of way and to construct a ditch for such outlet in an adjoining state or to contribute to the construction of such a ditch, in an adjoining state and to pay for the same out of the funds of such district. Provided, however, that no drainage district or districts shall be charged or assessed any of the cost for land or work done unless previously agreed to by the board of
468.147 Tax.
The board of supervisors shall have authority to levy a tax on the lands in said drainage district established in this state to provide funds from which to pay for the improvement referred to in section 468.146, subsection 2, should such levy be necessary.

468.149 Obstructing or damaging.
Any person or persons willfully diverting, obstructing, impeding, or filling up, without legal authority, any ditch, drain, or watercourse or breaking down or injuring any levee or the bank of any settling basin, established, constructed, and maintained under any provision of law, or obstructing, or engaging in travel or agricultural practices upon the improvement or rights of way of a levee or drainage district which the governing body thereof has, by resolution, determined to be injurious to such improvement or to interfere with its proper preservation, operation or maintenance, and has prohibited, shall be deemed guilty of a serious misdemeanor and any such unlawful act as above described is hereby declared to be a nuisance and may be abated as such.

Said governing body shall also have the power to repair any ditch, drain or watercourse, or any levee or bank of any settling basin damaged by any person or persons in violation of the resolution of said governing body, after three days’ notice to such person or persons to make such repair; in the event that there is a failure to do so, and the expense thereof shall be assessed to such person or persons and shall be certified and collected as other taxes.

468.151 Actions — settlement — counsel.
Levee or drainage districts through their governing bodies are authorized to maintain actions in law or equity for the purposes of preventing or recovering damages that may accrue to such districts on account of the impairment of their functions, or the increase in the cost of maintenance or operation of such districts, or on account of damages to property owned by such districts, resulting from the construction or operation of locks, dams and pools in the Mississippi or Missouri rivers; they may make settlements and adjustments of such damages and written contracts with relation thereto, and receive any appropriations that may be made by the Congress of the United States for the increased cost to drainage or levee districts and may agree to the construction and maintenance of present equipment and of new or remedial works, improvements and equipment as a part of such damages, or as a means of lessening the damages which will be suffered by the said districts. Said districts are further authorized to employ legal and engineering counsel for such purposes and to pay for the same out of the award of damages or out of the maintenance funds of the district.

If a lump sum settlement is made between the United States and the district to provide an annual payment of income therefrom, the county treasurer of the county in which the greater portion of the district is situated shall be custodian of such principal fund. The governing body of the district shall apply to the district court for authority to invest said fund as provided by section 636.23, in addition to the investments therein approved the court may authorize investment of said fund in in-
terest-bearing bonds or warrants of said district. The income from said fund shall be disbursed by direction of the governing body of the district.

468.152 Waste banks — private use.  
The landowner may have any beneficial use of the land to which the landowner has fee title and which is occupied by the waste banks of an open ditch when such use does not interfere in any way with the easement or rights of the drainage district as contemplated by this subchapter, parts 1 through 5. For the purpose of gaining such use the landowner may smooth said waste banks, but in doing so the landowner must preserve the berms of such open ditch without depositing any additional dirt upon them.

468.153 Preliminary expenses — how paid.  
If the proposed district is all in one county, the board of supervisors may pay all necessary preliminary expenses in connection with the district. If it extends into other counties, the boards of the respective counties may pay a proportion of the expenses as the work done or expenses created in each county bears to the whole amount of work done or expenses created. The amounts shall be ascertained and reported by the engineer in charge of the work and be approved by the respective boards which shall, as soon as paid, charge the amount to the district, as their interests may appear, as soon as the district is established. If the district is not established, the amounts shall be collected upon the bond or bonds of the petitioners.

468.154 Additional help for auditor.  
If the work in the office of the auditor by reason of the existence of drainage districts is so increased that the regular officer is unable by diligence to do the same, the board of supervisors may employ such additional help as may be necessary to keep the records and transact the business of the drainage districts. The expense of such help shall be paid by the districts in proportion to the amount of work done therefor.  
[S13, §1989-a42; C24, 27, 31, 35, 39, §7584; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.165]

468.155 Employment of counsel.  
The board is authorized to employ counsel to advise and represent it and drainage districts in any matter in which they are interested. Attorney’s fees and expenses shall be paid out of the drainage fund of the district for which the services are rendered, or may be apportioned equitably among two or more districts. Such attorneys shall be allowed reasonable compensation for their services, also necessary traveling expenses while engaged in such business. Attorneys rendering such services shall file with the auditor an itemized, verified account of all claims therefor, and statement of expenses, and the same shall be audited and allowed by the board in the amount found to be due.  
[S13, §1989-a41; C24, 27, 31, 35, 39, §7585; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.166]

468.156 Compensation of appraisers.  
Persons appointed to appraise and award damages and make classification of lands and assess benefits, other than the engineer, shall receive such compensation as the board may fix and in addition thereto, the necessary expense of transportation of said persons while engaged upon their work. They shall file with the auditor an itemized, verified account of the amount of time employed upon said work and their expenses.  
[S13, §1989-a41; C24, 27, 31, 35, 39, §7586; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.167]

CS89, §468.156

468.157 Payment.  
All compensation for services rendered, fees, costs, and expenses when properly shown by itemized and verified statement shall be filed with the auditor and allowed by the board in such amounts as shall be just and true, and when so allowed shall be paid on order of the board from the levee or drainage funds of the district for which such services were rendered or expenses incurred, by warrants drawn on the treasurer by the auditor.  
[S13, §1989-a41; C24, 27, 31, 35, 39, §7587; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.169]

CS89, §468.157

468.158 Purchase at tax sale.  
When land in a levee, drainage, or improvement district is being sold at a tax sale for delinquent taxes or assessment, the board of supervisors or the district trustees, as the case may be, shall have authority to bid in such land or any part of it, paying the amount of the bid from the funds of the district, and taking the certificate of sale in their names as trustees for such district, and may thereafter pay any assessments for taxes or benefits levied against said premises from the district.
funds. The amount paid for redemption which shall include such additional payment, shall be credited to the district.

§468.159 Tax deed — sale or lease.
If no redemption shall be made the board of supervisors or trustees, as the case may be, shall receive the tax deed as trustees for the district. They shall credit the district with all income from said property. They may lease or sell and convey said property as trustees for such district and shall deposit all money received therefrom to the credit of such district. The board of trustees may also lease or sell and convey such other property of the district, both real and personal, as is no longer needed for the purposes for which the district was established, and any such leases, sales and conveyances prior to July 1, 1970, are hereby legalized and declared to be valid and binding.

This amendment in 1978 shall not be construed to affect any litigation involving the lease, sale or conveyance of property by the board of supervisors or board of trustees, as the case may be, of a drainage or levee district, which litigation is pending on July 1, 1978.

§468.160 Purchase of tax certificate.
When land in a drainage or levee district, or subdistrict, is subject to an unpaid assessment and levy for drainage purposes and has been sold for taxes by the board of supervisors of that county, or if control of the district has passed to trustees then such trustees, may purchase the certificate of sale issued by the county treasurer by depositing with the county treasurer the amount of money to which the holder of the certificate would be entitled if redemption was made at that time, and thereupon the rights of the holder of the certificate and the ownership thereof shall vest in the board of supervisors, or the trustees of that district, as the case may be, in trust for said drain district or subdistrict.

§468.161 Terms of redemption.
Redemption from said tax sale shall be made on such terms as may be agreed upon between such board of supervisors or such trustees and the owner of the land involved; but in any case in which the owner of said land will pay as much as fifty percent of the value of the land at the time of redemption the owner shall be permitted to redeem. If the parties cannot agree upon such value, either of them may bring an action against the other in the district court of the county where the land is situated, and the court shall determine the matter. The proceeding shall be triable in equity.

§468.162 Payment — assignment of certificate.
When such money is deposited with the county treasurer, the treasurer shall by mail notify the purchaser at the tax sale, or the latter’s assignee if of record, and shall pay to the holder of such certificate the sum of money deposited with the treasurer for that purpose on surrender of the certificate with proper assignment thereon to the board of supervisors, or to the trustees of the district, as the case may be, as trustee for the district.

§468.163 Funds.
Payment to the county treasurer for such certificate shall be from the fund of said drainage or levee district, or subdistrict, on a warrant issued against that fund which shall have precedence over all other outstanding warrants drawn against that fund in the order of their payment. Should there not be a sufficient amount in the fund of said district, or subdistrict, to pay said warrant then the board of supervisors, or the trustees of the district, as the case may be, are authorized to borrow a sum of money sufficient for that purpose on a warrant for that amount on the fund of the district, or subdistrict, which warrant shall bear interest from date at a rate not exceeding that permitted by chapter 74A and shall have preference in payment over all other unpaid warrants on said fund, and the county treasurer shall enter the same on the list of warrants in the treasurer’s office and call the same for payment as soon as there is sufficient money in said fund.

§468.164 Lease or sale of land.
If said certificate goes to deed to the board or to the trustees, all leases and sales of the land shall
be effected and record thereof made in the same manner in which leases and sales are effected and record thereof made when the county acquires title as a purchaser under execution sale.

### 468.165 Duty of treasurer.

### 468.166 Purchase by bondholder.

In any event where upon the request of the holder of any bond or bonds issued by any drainage district the board of supervisors shall fail, neglect or refuse to purchase the certificate of sale issued by the county treasurer and referred to in section 468.160 in manner and form as permitted by said section, the holder of such bond or bonds may, upon filing with the county auditor a sworn statement as to the making of such written request upon the board of supervisors and a recital of the failure of such board to act in the premises by complying with the provisions of said section, in the same manner and form purchase such certificate and the ownership thereof shall thereupon vest in such holder of such bond or bonds in trust for said drainage district or subdistrict, provided, however, that the holder shall have a lien upon said certificate and any beneficial interest arising therefrom for the holder's actual outlays including the holder's reasonable expenses and attorney's fees, if any, incurred in the premises. In the event any such holder of any bond or bonds shall acquire title the holder shall have a right to lease or convey said premises, upon giving thirty days' written notice to the board of supervisors by filing the same with the county auditor an itemized, verified account for services and expenses of inspection, the engineer shall file with the auditor an itemized and verified account of such service and expense to be allowed by the board in such amount as it shall find due and paid out of the drainage funds of the district. If the district extends into two or more counties, such action shall be had jointly by the several boards, and the expenses equitably apportioned among the lands in the different counties.

### 468.167 Voting power.

In any proposition arises in said district to be determined by the vote of parties owning land therein, notice of such hearing shall be given and the board of supervisors or trustees, as the case may be, while holding title in trust to any such land, shall have the same right to vote for or against such proposition as the former owner would have had if the former owner had not been divested of the title to said land.

### 468.168 Inspection of improvements.

The board of any county into which a levee or drainage improvement extends shall cause a competent engineer to inspect such levee or drainage improvement as often as it deems necessary for the proper maintenance and efficient service thereof. The engineer shall make report to the board of the condition of the improvement, together with such recommendations as the engineer deems necessary. For any claim for services and expenses of inspection, the engineer shall file with the auditor an itemized and verified account of such service and expense to be allowed by the board in such amount as it shall find due and paid out of the drainage funds of the district. If the district extends into two or more counties, such action shall be had jointly by the several boards, and the expenses equitably apportioned among the lands in the different counties.

### 468.169 Watchpersons.

When a levee has been established and constructed in any county, the board shall be empowered to employ one or more watchpersons, and fix their compensation, whose duty it shall be to watch such levee and make repairs thereon in case of emergency. Such employee shall file with the auditor an itemized, verified account for services rendered, and cost and expense incurred in watching or repairing such levee, and the same shall be audited and allowed by the board as other claims and paid by the county from funds belonging to such district.

### 468.170 Technical defects.

The collection of drainage taxes and assessments shall not be defeated where the board has acquired jurisdiction of the interested parties and the subject matter, on account of technical defects and irregularities in the proceedings occurring prior to the order of the board locating and establishing the district and the improvements therein.
§468.171 Conclusive presumption of legality.
The final order establishing such district when not appealed from, shall be conclusive that all prior proceedings were regular and according to law.
CS89, §468.171

§468.172 Drainage record.
The board shall provide a drainage record book, which shall be in the custody of the auditor, who shall keep a full and complete record therein of all proceedings relating to drainage districts, so arranged and indexed as to enable any proceedings relative to any particular district to be examined readily.
[S13, §1989-a14, -a42; C24, 27, 31, 35, 39, §7597; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.185] 89 Acts, ch 126, §2
CS89, §468.172

§468.173 Records belong to district.
All reports, maps, plats, profiles, field notes, and other documents pertaining to said matters, including all schedules, and memoranda relating to assessment of damages and benefits, shall belong to the district to which they relate, remain on file in the office of the county auditor, and be matters of permanent record of drainage proceedings.

§468.174 Membership in the national drainage association.
Any drainage district may join and become a member of the national drainage association. A drainage district may pay a membership fee and annual dues upon the approval of the drainage board of such district, but not in excess of the following:

One hundred dollars for drainage districts having indebtedness in excess of one million dollars.
Fifty dollars for drainage districts having an indebtedness of five hundred thousand dollars and less than one million dollars.
Twenty-five dollars for drainage districts having an indebtedness of two hundred fifty thousand dollars and less than five hundred thousand dollars.
Ten dollars for drainage districts having an indebtedness less than two hundred fifty thousand dollars.

The annual dues for any district shall not exceed one-twentieth of one percent of the outstanding indebtedness of the district.

CS89, §468.174

§468.175 Membership fee.
The cost of membership fees and dues shall be assessed against the land in the drainage district and collected in the same manner and in the same ratio as assessments for the cost and maintenance of the drainage district.
[C31, 35, §7598-c2; C39, §7598.02; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.188] 89 Acts, ch 126, §2
CS89, §468.175

§468.176 Other associations.
Levee or drainage districts are authorized to become members of drainage associations for their mutual protection and benefit, and may pay dues and membership fees therein out of the maintenance funds.

CS89, §468.176

§468.177 Receiver authorized.
Whenever the governing board of any drainage or levee district becomes the owner of a tax sale certificate, for any tract of land within the district, and one or more year’s taxes subsequent to the tax certificate have gone delinquent, the said governing board may, on behalf of such district, make application to the district court of the county within which such real estate or a part thereof is situated, for the appointment of a receiver to take charge of said delinquent real estate.
[C35, §7598-e1; C39, §7598.04; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.190] 89 Acts, ch 126, §2
CS89, §468.177

§468.178 Hearing and notice thereof.
Upon the filing of the petition for such appointment, the court shall fix a time and place of hearing thereon, and shall prescribe and direct the manner for the service of notice upon the owner, lienholders and persons in possession of said real estate, of the pendency of said application.
[C35, §7598-e2; C39, §7598.05; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §455.191] 89 Acts, ch 126, §2
CS89, §468.178

§468.179 Appointment — grounds.
Said application shall be heard by the court, at the time and place so designated, and after hearing thereon the court may appoint one of the members of the governing board of said drainage or lev-
ee district as receiver for said real estate, on the
grounds that the said real estate is producing re-
turns, and that the general and special taxes
against the same are not being paid, and direct the
receiver to forthwith take possession of the same
and to collect the rents, issues and profits there-
from.

§468.181 Avoidance of receivership.
The owner of any such tract of real estate may
avoid the appointment of such receiver, either be-
fore or after the action is commenced, by entering
into a good and sufficient written instrument with
the governing board of such district, agreeing to
apply the rent share of the products of said land,
or its equivalent to the payment of taxes thereon.

The rents, issues and profits of the real estate
when collected by the receiver, shall be applied as
follows:
1. To the payment of the costs and expenses of
   the receivership.
2. To the payment of current general taxes
   against said real estate.
3. To the payment of any current special taxes
   against said real estate.
4. The surplus shall be applied upon any delin-
   quent taxes or tax certificates, and the remainder,
if any, shall be paid to the owner of said real estate.

§468.184 Land classification and assess-
ment in district.
1. a. When a levee district shall have been
   located and finally established; or
   b. When the required proceedings have been
taken to enlarge, extend, strengthen, raise, relo-
cate, reconstruct, or improve any existing levee; or
   c. When the required proceedings have been
held to annex additional lands to said levee dis-
tRICT; or
   d. When a plan of the United States govern-
ment for the construction of any levee, or a portion
of a levee, in said levee district, or for the enlarg-
ing, extending, strengthening, raising, relocating,
reconstructing, or improving any existing levee, or
a portion thereof, in accordance with any such
plan in said levee district, has been heretofore or
hereafter adopted by such levee district under the
provisions of sections 468.201 through 468.216; or
   e. When the board shall, as authorized by sec-
   tion 468.65, determine that the assessments of
benefits of said levee district against the lands in
said levee district are generally inequitable the
board may by resolution, or if a petition is filed by
more than one-third of the owners, including cor-
porations, of land within said levee district and
who in the aggregate own more than one-third of
the value of the land and land improvements in
said levee district as the value thereof is then
shown by the general tax records of the county or
counties in which such land and land improve-
ments are located, requesting the board to do so,
the board shall order the lands in said levee dis-
tRICT and the improvements on the land in said lev-
ee district classified or reclassified in accordance
with the assessed taxable value of said land and
land improvements as the same are then shown
and as the same may be thereafter shown by the
assessment roll of the county or counties in which
said land and land improvements are located.
   The assessed taxable value of any land, includ-
ing land improvements exempt from general taxa-
tion but subject to assessment for levee purposes,
shall be determined by the county assessor who
shall make such determination in accordance with
the rules of assessment applicable to adjacent
lands and without any additional compensation
therefor.
2. If the board orders classification or reclassi-
fication of lands as authorized in subsection 1 of
this section, the board shall fix a time and place for
a hearing to be held upon the action of the board
in ordering such classification or reclassification,
which hearing shall be held at the county seat of
the county having the largest acreage in said levee
district. The board shall cause notice of the time
and place of such hearing to be served by the
county auditor or auditors upon each person
whose name appears as owner of lands or land
improvements within the levee district in the trans-
fer books of the auditor’s office in the county or
counties in which said levee district is located,
naming that person, and also upon the person or
persons in actual occupancy of any tract of land or
land improvements located in said levee district,
without naming that person or persons. Such no-
tice shall be for the same time and served in
the same manner as is provided for the establish-
ment of a levee district, and such notice shall state:

a. The aggregate estimated costs and expenses
which the board proposes to assess under
such classification or reclassification;

b. The total aggregate assessed taxable value
of all lands and land improvements in said levee
district;

c. That the said classification or reclassification
of benefits will be based on the assessed tax-
able value of all lands and improvements to lands
located in said levee district;

d. That each tract of land and each land im-
provement in said levee district will be assessed
for its pro rata share of said costs and expenses
based upon the ratio that the assessed value of
each tract of land and the assessed value of each
land improvement bears to the total assessed tax-
able value of all lands and all land improvements
in said district; and

e. That all objections to said method of classifi-
cation or reclassification shall be in writing and
filed with the auditor of the county in which said
land or land improvements are located before the
time set for said hearing or with the board of trust-
ees of said district at or before the time set for such
hearing.

The notice need not show the amount of such
costs and expenses to be apportioned to each such
owner or to any particular tract of land or land
improvement within such levee district.

3. If at or before the time set for said hearing
as to such classification or reclassification, there
shall have been filed with the county auditor, or
auditors in case the district extends into more
than one county, or with said board, a remon-
strance or remonstrances or objections to such
method of classification or reclassification signed
by owners of land and land improvements in the
levee district aggregating sixty percent of the total
assessed value of the lands plus land improve-
ments in said district as shown by the taxing rec-
ords in said county or counties in which said dis-

crtict is located, the board shall abandon the alter-
native method of classification or reclassification
herein authorized. The board may then proceed to
classify the lands in said levee district as autho-
rized under sections 468.38 through 468.44 or may
proceed to reclassify the same as authorized under

section 468.65 unless said remonstrances and ob-
jections filed as above provided are filed by a ma-
jority of the landowners in the levee district and
these remonstrants and objectors in the aggregate
own seventy percent or more of the acreage of
lands in the levee district and, in writing, object to
any reclassification of any kind, then the board
shall not reclassify the lands within the district
under the provision of this section nor shall the
same be reclassified under the provisions of sec-
dtion 468.65.

4. At the time fixed or at any adjourned hear-
ing if the remonstrances and objections filed at or
before the hearing are not signed by sufficient
number of owners, or the owners signing such re-
monstrances and objections do not meet the re-
quirements hereinabove provided, then the board
shall fully consider all objections and remon-
strances and shall make a determination as to
whether or not the costs and expenses shall be as-
essed:

a. By the alternative method hereinafter set
forth; or

b. As provided by sections 468.38 through
468.44; or

c. That the land should be reclassified as pro-
duced in section 468.65; or

d. On the basis of a then existing classification
of lands.

5. If the board shall determine that the cost
and expenses shall be assessed on the basis of as-
essed taxable value as hereinabove provided,
then such basis shall be used for all future assess-
ments made for the purposes of said levee district
except if said assessed taxable value of lands and
land improvements in said levee district may be
changed or revised by the county assessor in the
county or counties in which the same are located
for general tax purposes, then any such revision
made in the assessed taxable value by any such
county assessor shall automatically constitute a
revision of the classification of such land or land
improvements for future assessments made by the
board for the purpose of said levee district.

6. In lieu of the hearing provided for in the pre-
ceding subsections, the board may, and if the peti-
tion of owners provided for in the preceding sub-
sections so asks, the board shall call for an election
for the purpose of determining the question of clas-
sification on the basis of assessed value of lands
and land improvements. The question may be
submitted at a regular election of the district or at
a special election called for that purpose. It shall
not be mandatory for the county commissioner of
elections to conduct the elections, however provi-
sions of sections 49.43 through 49.47 and of sub-
chapter III of this chapter, insofar as the same are
applicable, shall govern all such elections, and the
question to be submitted shall be set forth in the
notice of election. If sixty percent of the votes cast
be in favor of the proposed change in assessment,
it shall become effective for all future assessments
as heretofore provided in this section. If the question should fail, no new election on the subject may be called for a period of one year.

7. When a levee district has been established and constructed, as an alternative to the other methods prescribed by law, upon reclassification, the levee district may adopt a method of classification and assessment uniform as to all land in the district, including railroad land, public highways and other public land and land exempt from general taxation, based on the total amount to be assessed divided by the total acres within the district. This method of classification and assessment may be adopted either by hearing or by election and shall become effective as heretofore provided in this section.

8. When a drainage district or drainage and levee district has been established and constructed, and after the lands therein have been classified in accordance with the provisions of sections 468.39, 468.40, and 468.41 or reclassified in accordance with section 468.65, the district may adopt methods of assessment for maintenance, repair, and operation of said district uniform as to all land in the district in the same manner and by the same procedures as prescribed in subsections 1 through 7 of this section. Provided, however, that only those lands drained by respective mains and laterals shall be assessed for maintenance, repair, and operation of said mains and laterals, and provided further that this alternate method of assessment shall not be applied to making improvements in the drainage system.

9. Following the adoption of any alternative method of classification or assessment as provided in this section, the same shall continue in effect until such time as the method is changed pursuant to this section or to section 468.65.

10. All proceedings taken prior to July 1, 1968, purporting to establish or re-establish a drainage or levee district or districts, or to enlarge or change the boundaries of any drainage or levee district, and any assessments not heretofore declared invalid by any court, are hereby legalized, validated, and any assessments not heretofore declared invalid by any court, are hereby legalized, validated, and confirmed.

The foregoing shall not be construed to affect any litigation that may be pending at the time this section becomes effective involving the establishment, re-establishment, enlargement, or change in boundaries or any assessments of drainage or levee districts.

468.186 Easements through a drainage district.

As used in this section, “person” shall mean any individual or group of individuals, corporation, firm, company, or association, except a railroad company.

1. When any person proposes to construct a pipeline, electric transmission line, communication line, underground service line, or other similar installations on, over, across, or beneath the right of way of any drainage or levee district, such person shall, before beginning construction, obtain from the drainage or levee district an easement to cross the district’s right of way. The governing body of the district shall require such person to agree to comply with subsection 3 of this section and may, as a condition of granting such easement, attach thereto such additional conditions as they deem necessary. When the necessary easement has been obtained, such person shall construct the installation at the person’s own expense and shall pay all costs of any reconstruction, relocation, modification, or reinstallation of the drainage or levee district’s facility which may be necessary as a result of construction of the installation for which the easement was granted.

2. After construction of the installation has been completed in accordance with all conditions under which the easement is granted, the drainage or levee district shall maintain its facility at its own expense, and the person who constructed the installation, or the person’s successors in interest, shall maintain the installation at the person’s or successor’s own expense. If the drainage or levee district subsequently undertakes any maintenance, improvement, or reconstruction of its facility which requires the modification, relocation, or reconstruction of the installation, the expense of such modification, relocation, or reconstruction shall be borne by the person who constructed the installation or the person’s successors in interest.

3. When the construction of a public highway, or any installation for which an easement has been obtained under subsection 1 of this section, on, over, across, or beneath the right of way of any drainage or levee district disturbs or requires replacement of any portion of a tile drain less than twenty inches in diameter, and a portion of such drain will remain wholly or partially exposed after the construction project has been completed, the portion which is to remain exposed and not less than three feet of such drain immediately on either side of the portion which is to remain exposed, shall be replaced either with steel pipe of not less than sixteen gauge or polyvinyl chloride pipe conforming to current industry standards regarding diameter and wall thickness.

468.187 Agreements with outside owners or other districts.

Levee and drainage districts are empowered to enter into agreements with the owners of lands ly-
§468.188 Public improvements which divide a district — procedure.

If it should develop that any type of public improvement, other than the forces of nature, has caused such a change in the district as to effectively sever and cut off some of the land in the district from other lands in the district and from the improvements in the district in such a way as to deprive the land of any further benefits from the improvement, or in some manner to divide the benefits that may be derived from two separated portions of the improvement, then the board of supervisors or the board of trustees in charge may upon notice to interested parties and hearing as provided by this subchapter, parts 1 through 5, for the original establishment of a district make an order to remove lands so deprived of benefits from the district without any reclassification, or may subdivide the district into two separate units, each of which may still derive some separate benefits from the separated portions of the district.

If the public improvement is such as to leave two separate portions of the improvement that are still operable and of benefit to the land on each side of the division made by the public improvement, then the board may divide the district into two separate units so that each may perform further work on the improvements in their respective parts, but neither shall be charged for work completed on the opposite side of the new improvement that divides them and may only be charged for the work done in that portion of the district remaining on their side of the division.

The same authority provided in this section shall vest in the board of supervisors or the board of trustees in the event a drainage district in any manner relinquishes its control over any portion of its improvements or its obligation to maintain same to another district and lands may be removed from the district or the district may be divided as provided in this section.

The board may further in dividing the district award to each of the separated portions of the district the improvement remaining in each portion, determine the value of the improvement so remaining on each side and secondly determine the contributions of the lands in the separated portions to the improvements and the upkeep of the earlier district, and if the contribution is disproportionate neither side shall owe the other portion of the district any money, but if contribution is disproportionate, the board shall determine an equitable adjustment and the amount of payment required for one portion to pay to the other to buy the existing improvement.

If land is eliminated from any further benefits, there need not be any reclassification and the board may remove the same from the district in the same manner as if the land has been destroyed in whole by the erosion of a river and spread any deficiency in assessment among the remaining lands as provided by section 468.49.

"Type of public improvement" for the purpose of this section includes drainage or levee improvements or new highways.

§468.189 Closing agricultural drainage wells — assessment of costs within a drainage district.

The costs of closing an agricultural drainage well and constructing an alternative drainage system as part of a drainage district shall be assessed as a special assessment by the board as provided in this chapter.

PART 2

FEDERAL FLOOD CONTROL CO-OPERATION

§468.201 Plan of improvement.

1. Whenever the government of the United States acting through its proper agencies or instrumentalities will undertake the original construction of improvements or the repair or alteration of existing improvements which will accomplish the purposes for which the district was established or aid in the accomplishment thereof and shall cause to be filed in the office of the auditor of the county in which said district is located a plan of such improvement or for the repair or alter-
of existing improvements, the board shall have jurisdiction, power and authority, upon the notice, hearing and determination hereinafter provided, to adopt such plan of improvement or of repair or alteration of existing improvements and to provide necessary right of way therefor; and to pay such portion of all costs and damages incident to the adoption of such plan, the construction thereunder and the maintenance and operation of the works as will not be discharged by the federal government under legislation existing at the time of adoption; also to enter into such agreements with the United States government as may be necessary to meet federal requirements including the taking over, repair and maintenance of the works and to perform under such agreements.

2. If the cost to the district of the repair or alteration of existing improvements contemplated by this section does not exceed twenty-five percent of the sum of the original cost to the district and the cost of subsequent improvements, including all federal contributions, the board may proceed under the provisions of section 468.126, without notice and hearing, and without appraisement as contemplated by section 468.210, but the remaining provisions of this section and sections 468.202 through 468.216 that are not in conflict with section 468.126 shall remain applicable.

If the federal program divides a project into separate phases, each phase shall be considered a separate program as described in section 468.126, subsection 4, and shall in no event be construed as an unauthorized division into separate programs to avoid the twenty-five percent limitation prescribed for making improvements under said section 468.126, subsection 4, without notice and hearing.

468.202 Agreement in advance.
The agreement with the federal government contemplated in section 468.201 may be entered into by the board in advance of the filing of the plan — such agreement to be effective if the plan is finally adopted. If the plan is approved the board shall make a record of any such co-operative agreement.

468.204 Engineer’s report.
The engineer shall examine the plan filed by the federal agency and the lands affected thereby and shall make and file with the county auditor a full written report which, together with the federal plan, will show the following:

1. The character and location of all contemplated improvements, and the plats, profiles and specifications thereof.

2. The particular description and acreage of land required from each forty-acre tract or fraction thereof for right of way, borrow pits or other purposes together with congressional or other description of each tract and the names of the owners thereof as shown by the transfer books in the office of the auditor.

3. A particular description of each forty-acre tract or fraction thereof that will be excluded from benefit by adoption of the plan as filed, together with the name of the owners thereof as shown by the transfer books in the office of the auditor.

4. A particular description of each forty-acre tract or fraction thereof outside the district which will benefit from adoption of the plan as filed and the name of the owner thereof as shown by the transfer books in the office of the auditor.

5. Such rights of way or portions thereof previously established or acquired as will be rendered unnecessary by adoption of the federal plan and any unpaid damages awarded therefor.

6. Such other damages previously awarded as will be affected by adoption of the federal plan.

7. The recommendation of the engineer with respect to the adoption of the plan.

468.205 Supplemental reports.
Upon the filing of such report the board shall examine and consider the same together with the plan and the commitments involved in its adoption and may require supplemental reports of the engineer or of another disinterested engineer with such data as they may deem necessary or desirable including recommendations for any change or modification, negotiate with the federal agency involved and amend the plan in such manner as may be mutually agreed upon. The engineer shall make such supplemental reports as may be required by the board or necessitated by amendment of plan.

§468.206 Notice and hearing.
If upon consideration of the plan or amended plan and the report or reports of the engineer and the commitments involved in the adoption of the plan the board finds that the district will benefit therefrom or the purposes for which the district was established will be promoted thereby, the board shall adopt the same as a tentative plan, entering order to that effect and fixing a date for hearing thereon not less than thirty days thereafter and directing the auditor to cause notice to be given of such hearing as hereinafter provided.

§468.207 Form of notice.
Such notice shall be captioned in the name of the district and shall be directed to the owners of each tract or lot within said levee or drainage district, including railroad companies having rights of way, lienholders and encumbrancers, and to all owners, lienholders or encumbrancers of lands which an adoption of the plan would exclude from benefits and of lands outside the district which will benefit therefrom and to all other persons whom it may concern and, without naming them, to the occupants of all lands affected and shall set forth that there is on file in the office of the auditor a plan of construction of the federal agency (naming it), together with reports of an engineer thereon, which the board has tentatively approved, and that such plan may be amended before final action; also the day and hour set for hearing on the adoption of said plan, and that all claims for damages, except claims for land required for right of way or construction, and all objections to the adoption of said plan for any reason must be made in writing and filed in the office of the auditor at or before the time set for hearing. Provisions of this subchapter, parts 1 through 5, for giving notice, waiver of notice, waiver of objection and damages and adjournment for service contained in sections 468.15 through 468.20 shall apply.

§468.208 Amendment — new parties.
The board may continue the hearing pending decision and may amend the plan but in the event of amendment the board shall continue further hearing to a fixed date. All parties over whom the board then has jurisdiction shall take notice of such further hearing but any new parties rendering necessary by the modification or change of plans shall be served with notice as for the original hearing.
in the office of the auditor at least five days before the date fixed by the board for hearing thereon. Should the report not be filed on time or should good cause for delay exist the board may postpone the time for final action on the subject and, if necessary, may appoint other appraisers. Thereafter the provisions of section 468.26 shall apply.

468.211 Assessment of benefits.
Appointment of commissioners to assess benefits and classify lands within the district and all proceedings relative to such assessment and classification shall be as otherwise provided in this subchapter, parts 1 through 5, except that when the lands of the district have previously been classified, the commissioners shall classify and assess only such lands as have been added to the district by adoption of the plan and recommend such changes in existing classifications as are materially affected by the plan so adopted. The board may, upon hearing, adjust the classification of lands affected by the plan.

468.212 Installments — warrants.
The board shall levy the costs contemplated in section 468.201 upon all of the lands of the district on the basis of the classification for benefits as finally established and the assessments so levied shall be paid in one installment unless the board in its discretion shall provide for the payment thereof in not more than twenty equal installments with interest at a rate determined by the board notwithstanding chapter 74A. The board may issue anticipatory warrants bearing interest at a rate determined by the board, notwithstanding chapter 74A. The warrants may be numbered and state a maturity date. The warrants may be sold by the board for cash in an amount not less than the face value thereof, together with accrued interest, if any.

STATE LANDS

468.220 Occupancy and use permitted — assessments paid.
Any levee or drainage district organized, or in the process of being organized, under the laws of this state may occupy and use for any lawful levee or drainage purpose land owned by the state of Iowa, upon first obtaining permission to do so from the state or state agency controlling the same.

In the case of lands lying within the beds of meandered streams and border streams the permission shall be obtained from the natural resource commission of the department of natural resources. In the case of lands that are under the
control of no office or agency of the state, then the permission shall be obtained from the executive council.

Such permission shall not be unreasonably withheld and shall be in the form of an easement executed by the governor or in the case of an agency, by the chairperson or presiding officer thereof, and when once granted shall be perpetual, except that if no use is made of the same for a period of five years such permission shall immediately thereafter expire.

All uses and occupancies as contemplated by this section existing on July 4, 1961, are hereby legalized.

The state of Iowa, its agencies and subdivisions shall be financially responsible for drainage and special assessments against land which they own, or hold title to, within existing drainage districts.

PART 4
BOARD OF COUNTY DRAINAGE ADMINISTRATORS

468.230 Administrators appointed.
The county board of supervisors of any county of this state in which one or more drainage districts are established may by resolution establish a board of county drainage administrators. All of the powers, duties, and responsibilities now or hereafter conferred on county boards of supervisors in this chapter shall thereupon be transferred to and thereafter exercised by the board of county drainage administrators. A drainage or levee district may be established pursuant to subchapter III.

CS89, §468.230

468.231 Administrator areas.

When establishing a board of county drainage administrators, the board of supervisors shall divide the county, along township lines, into three drainage administrator areas of approximately equal territory. The board of county drainage administrators shall consist of one resident freeholder appointed by the county board of supervisors from each area, and at least two of the administrators shall be agricultural landowners. The members first appointed shall hold office for terms of one, two, and three years respectively, as indicated and fixed by the county board of supervisors. Thereafter, succeeding members shall be appointed for a term of three years, except that vacancies occurring otherwise than by expiration of a term shall be filled by appointment for the unexpired term. Any member of the board of county drainage administrators who shall cease to have any of the qualifications prescribed by this section shall thereupon be disqualified as a member of the board and the office shall be deemed vacant. Members of the board of county drainage administrators may be removed by the county board of supervisors for cause, but every such removal shall be by written order which shall be filed with the county auditor.

468.232 Compensation.
The members of the board of county drainage administrators shall each receive compensation at an hourly rate established by the county board of supervisors for time actually devoted to the duties of their office, and reimbursement at the rate established by section 70A.9 for travel to and from meetings of, or other places of performing the duties of, the board, and other actual and necessary expenses incurred in the performance of their duties.

468.233 How paid.
The compensation and expenses of the county board of drainage administrators, for each day or portion thereof necessarily expended in the transaction of the business of a drainage or levee district, shall be paid out of the funds of the district served. The administrators shall file with the auditor or auditors, as the case may be, itemized verified statements of their time devoted to the business of the district and the expenses incurred. If the administrators transact business of more than one district on a given day, they shall prorate their claims for compensation proportionately among the districts served on that day, but in no case shall a member of the board of county drainage administrators claim or receive a sum in excess of seventeen dollars and fifty cents, plus actual and necessary expenses, for a single day.

468.234 Soil and water conservation districts.
The governing board of every drainage or levee district organized under the laws of this state shall take notice of the district plan, and shall conform to the duly adopted rules, of the soil and water conservation district or districts in which the drainage or levee district is located. However, this sec-
tation does not grant authority not otherwise granted by law to the governing boards of drainage or levee districts.

PART 5
COUNTY-CITY DRAINAGE DISTRICT

468.240 Supervisors of county over two hundred thousand may establish.

The board of a county with a population of two hundred thousand persons or more that has established a drainage district located partly within the corporate limits of a city may expend federal grants or revenue sharing money or other funds not derived from local tax levies in amounts as the board deems proper to pay any part of the cost of improvements authorized in this subchapter, parts 1 through 5. The board may issue general obligation bonds to pay any part of the cost of improvements authorized in this subchapter, parts 1 through 5. The bonds shall be issued according to the provisions of chapter 384, division III, relating to general obligation bonds for essential corporate purposes.

PART 6
DISSOLUTION OF DRAINAGE DISTRICTS

468.250 Jurisdiction to dissolve districts and abandon or transfer improvements.

Drainage or levee districts may be dissolved and abandoned or assimilated by the procedures prescribed by this part.

1. When any drainage or levee district is free from indebtedness and it shall appear that the necessity therefor no longer exists or that the expense of the continued maintenance of the ditch or levee is in excess of the benefits to be derived therefrom, the board of supervisors or board of trustees, as the case may be, shall have power and jurisdiction, upon petition of a majority of the landowners, who, in the aggregate, own sixty percent of all land in such district, to abandon the same and dissolve and discontinue such districts in the manner prescribed by sections 468.251 through 468.255. Nothing in this subsection shall prevent the board from eliminating land from a drainage district as permitted under section 468.188.

2. When one drainage or levee district, either intracounty or intercounty, includes within its territory all of the territory of one or more other drainage or levee districts, and it appears that one assessment and one governing body would be to the benefit of the owners and occupants of the land within the mutual jurisdiction of the overlying and the contained districts, the board of supervisors or board of trustees may effect the dissolution of a contained district and the transfer of jurisdiction and control over that contained district’s improvements to the overlying district, in the manner prescribed by sections 468.256 through 468.261.

(C35, §7598-g1; C39, §7598.11; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §456.1)

CS89, §468.250

468.251 Notice of hearing.

Upon the filing of such petition the board shall enter an order fixing the date for hearing thereon not less than forty days from the date of the filing thereof and shall enter an order directing the county auditor, if such district is under the control of the board of supervisors, or the clerk of the board, if under the control of a board of trustees, to immediately cause notice of hearing thereon to be served on the owners of lands in such district as may then be provided by law in proceedings for the establishment of a drainage or levee district.

(C35, §7598-g2; C39, §7598.12; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §456.2)

468.252 Hearing on petition.

At the time set for hearing on said petition the board shall hear and determine the sufficiency of the petition as to form and substance (which petition may be amended at any time before final action thereon), and all objections filed against the abandonment and dissolution of such district. If it shall find that such district is free from indebtedness and that the necessity for the continued maintenance thereof no longer exists or that the expense of the continued maintenance of such district is not commensurate with the benefits derived therefrom, it shall enter an order abandoning and dissolving such district, which order shall be filed with the county auditor of the county or counties in which such district is situated and noted on the drainage record.

(C35, §7598-g3; C39, §7598.13; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §456.3)

468.253 Appeal.

Appeal may be taken from the order of the board to the district court of the county in which such dis-
§468.254 Expense — refund.
In case there are sufficient funds on hand in such district, or there are unpaid assessments outstanding or other property belonging to such district in an amount sufficient to pay such expense, the expense of abandonment and dissolution shall be paid out of such funds or out of funds realized by the sale of such property. Where such district is free of indebtedness but there are not sufficient funds on hand or unpaid assessments outstanding or other assets to pay such expense the board shall assess such expense against the property in the district in the same proportions as the last preceding assessments of benefits. Any excess remaining to the credit of such district after sale of its assets and after payment of such expenses shall be prorated back to the property owners in the district in the proportions according to class and benefits as last assessed. If the petition is denied, the costs of said proceedings shall be paid by the petitioning owners.

§468.255 Abandonment of rights of way.
If a dissolution is effected pursuant to section 468.250, subsection 1, and sections 468.251 through 468.254, the rights of way of the district for all purposes of the district shall be deemed abandoned.

[C35, §7598-g6; C39, §7598.16; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §456.6]

468.256 Initiating dissolution of contained district.
To initiate the dissolution of a contained district under the circumstances described in section 468.250, subsection 2:
1. The board of the contained district shall enter an order for the proposed dissolution of that district and the surrender of its improvements and rights of way to the overlying district.
2. The board of supervisors or board of trustees of the overlying district shall enter an order approving the proposed acceptance of those improvements and rights of way.

468.257 Procedure for notice of hearing.
1. The board of the overlying district shall enter an order fixing a place and a time, not less than forty days after the date of the later of the two orders required by section 468.256, for a hearing on the proposals described in the two orders.
2. The auditor, or auditors if the overlying district includes land lying in two or more counties, shall cause notice of the proposals and of the hearing to be given immediately upon the entry of an order under subsection 1. The notice must:
   a. Include the texts of the orders entered pursuant to section 468.256, the date, time and place of the hearing, and a statement that all objections to the proposals embodied in the orders must be made in writing and filed in the office of the auditor at or before the time set for the hearing.
   b. Be directed to all of the following:
      (1) The owner of each tract of land or lot within the overlying district, as shown by the transfer books of the auditor’s office, including railway companies having right of way in the district.
      (2) All lienholders or encumbrancers of land within the overlying district, without naming them.
      (3) All actual occupants of land in the overlying district, without naming individuals.
      (4) All other persons whom it may concern.
   3. Except as otherwise required by section 468.16, the notice required by this section shall be served by publication once in a newspaper of general circulation in each county in which the overlying district’s land is situated. The publication shall be made not less than twenty days prior to the day set for the hearing. Proof of service shall be made by affidavit of the publisher.

89 Acts, ch 126, §2
CS89, §468.257

468.258 Procedure at hearing.
The hearing shall be convened at the time and place fixed in accordance with section 468.257, subsection 1, and the procedure at the hearing shall be as prescribed by this section.
1. The board of the contained district shall first hear all objections filed against the dissolution of the district and the surrender of its improvements to the overlying district. If, at the conclusion of that portion of the hearing, that board finds that the contained district is free of debt, that the economic benefits of the continued maintenance of that district would not be commensurate with its cost, and that it would be advantageous to dissolve and discontinue the contained district
and surrender its improvements and rights of way to the overlying district, it shall enter an order dissolving the contained district and directing the surrender of its improvements and rights of way, conditioned on acceptance by the overlying district.

2. Immediately thereafter, the board of the overlying district shall hear all objections filed against the acceptance of the contained district’s improvements and their maintenance. If it finds that the improvements are conducive to the drainage of surface waters from agricultural lands and all other lands in the overlying district or the protection of the lands from overflow, it shall enter an order accepting the improvements and rights of way of the contained district.

3. Orders issued pursuant to subsections 1 and 2 shall be filed with the county auditor of the county or counties in which the affected districts are situated and noted on the drainage record.

4. If at or before the time set for the hearing there have been filed with the county auditor or auditors, if either the contained or overlying district extends into more than one county, or with the board of either district, one or more remonstrances or objections to the dissolution of the contained district, or to the acceptance of that district’s improvements and rights of way by the overlying district, signed by owners of land and land improvements in either district aggregating sixty percent of the total assessed value of the land in that district as shown by the taxing records in the county or counties in which that district is located, the board to which the remonstrances or objections have been made shall abandon its proposed action.

[CS1, §456.13]
89 Acts, ch 126, §2
CS89, §468.258

468.259 Election in lieu of hearings.
In lieu of the hearings provided for in section 468.258, the board of either district may call an election for the purpose of determining the dissolution of the contained district or the acceptance of that district’s improvements and rights of way by the overlying district. The questions may be submitted at a regular election of the district or at a special election called for that purpose. It is not mandatory for the county commissioner of elections to conduct the elections, however the provisions of sections 49.43 to 49.47, and of subchapter III of this chapter, as they are applicable, shall govern the elections, and the question to be submitted shall be set forth in the notice of election.

1. If sixty percent or more of the votes cast are in favor of the proposed dissolution of the contained district involved, the board of that district shall enter an order dissolving the contained district and directing the surrender of its improvements and rights of way, conditioned on acceptance by the overlying district.

2. If sixty percent or more of the votes cast in the overlying district are in favor of the proposed acceptance by that district of the contained district’s improvements and rights of way, the board of the overlying district shall enter an order accepting the improvements and rights of way of the contained district.

3. Orders issued pursuant to subsections 1 and 2 shall be filed with the county auditor of the county or counties in which the affected districts are situated and noted on the drainage record.

468.260 Effect of dissolution, surrender and acceptance.
When a contained district dissolves and surrenders its improvements and rights of way to the jurisdiction and control of an overlying district, and the overlying district accepts those improvements and rights of way, in accordance with sections 468.256 through 468.259:

1. It is presumed that the classification of the lands which were included in the dissolved district, as previously determined by the commissioners in the classification of those lands as a part of the overlying district, remains equitable and no reclassification of the overlying district or any part of it is necessary.

2. The improvements surrendered and accepted are at all times under the supervision of the board of the overlying district, and it is the duty of that board to keep the improvements in repair as provided in section 468.126 as fully and completely as though the improvements were a part of the original construction or improvements in the overlying district.

3. It is presumed that:
   a. The improvements surrendered and accepted are an integral part of the overlying district’s improvements, and are a public benefit and conducive to the public health, convenience and welfare.
   b. No value is taken into consideration for the existing improvements nor is credit given to the parties owning them, and they shall not be considered an asset of the district that is dissolved.

4. The original cost and the subsequent cost of improvements in the district that has been dissolved are added to and become a part of the original cost and the subsequent cost of improvements in the overlying district.

[CS1, §456.15]
89 Acts, ch 126, §2
CS89, §468.260

468.261 Costs borne by overlying district.
The overlying district shall pay all costs of the proceedings held pursuant to sections 468.256 through 468.259.
468.270 Petition and bond.

When the levee or drainage district embraces land in two or more counties, a duplicate of the petition of any owner of land to be affected or benefited by such improvement shall be filed with the county auditor of each county into which said levee or drainage district will extend, accompanied by a duplicate bond to be filed with the auditor of each of the said counties as provided when the district is wholly within one county, in an amount and with sureties approved by the auditor of the county in which the largest acreage of the district is situated, which bond shall run in favor of the several counties in which it is filed.

§468.271 Commissioners.

Upon the filing of such petition in each county and the approval of such duplicate bond by the proper auditor, the board of each of such counties shall appoint a commissioner and the joint boards shall appoint a competent engineer who shall also act as a commissioner.

§468.272 Examination and report.

The commissioners thus appointed shall examine the application and make an inspection of all the lands embraced in the proposed district and shall determine what improvements in the way of levees, ditches, drains, settling basins, or change of natural watercourse are necessary for the drainage of the lands described in the petition. Such commissioners, including the engineer, shall file a detailed report of their examination and their findings and file a duplicate thereof in the office of the auditor of each of said counties.

§468.273 Duty of engineer.

In addition to the report of the commissioners as a whole, the engineer so appointed shall perform the same duties and in the same manner required of the engineer by subchapter I, parts 1 through 5 when the proposed district is located wholly within one county, and the engineer’s surveys, plats, profiles, field notes, and reports of the engineer’s surveys shall be made and filed in duplicate in each county.

§468.274 Notice.

Immediately upon the filing of the report of the commissioners and the engineer, if the same recommends the establishment of such district, notice shall be given by the auditor of each county to the owners of all the lots and tracts of land in the auditor’s own county respectively embraced within such district as recommended by the commissioners as shown by the transfer books in the office of the auditor of each of said counties, and also to the persons in actual occupancy of all the lots or tracts of land in such district, and also to each lienholder or encumbrancer of any of such lots or tracts as shown by the records of the respective counties.

§468.275 Contents of notice — service.

Such notice shall state the time and place, when and where the boards of the several counties will meet in joint session for the consideration of said petition and the report of the commissioners and engineer thereon, and shall in other respects be the same and served in the same time and manner as required when the district is wholly within one county, except that the auditor of each county shall give notice only to the owners, occupants, encumbrancers, and lienholders of the lots and tracts of land embraced within the proposed district in the auditor’s own county as shown by the records of such county.

§468.276 Claims for damages — filing — waiver.

Any person filing objections or claiming damages or compensation on account of the construction of such improvement shall file the same in
writing in the office of the auditor of the county in which the person’s land is situated, at or before the time set for hearing. The person may, however, file it at the time and place of hearing. If the person shall fail to file such claim at the time specified the person shall be held to have waived the person’s right thereto, but claims for land taken for right of way for any open ditch or for settling basins need not be filed.

§468.277 Organization and procedure — adjournments.
At the time set for hearing such petition, the boards of the several counties shall meet at the place designated in said notice. They shall organize by electing a chairperson and a secretary, and when deemed advisable may adjourn to meet at the call of such chairperson at such time and place as the chairperson may designate, or may adjourn to a time and place fixed by said joint boards. They shall sit jointly in considering the petition, the report and the recommendations of the engineer, in the same manner as if the district were wholly within one county.

§468.278 Tentative adoption of plans.
The said boards by their joint action may dismiss the petition and refuse to establish such district, or they may approve and tentatively adopt the plans and recommendations of the engineer for the said district.

§468.279 Appraisers.
If the said boards shall adopt a tentative plan for the district, the board of each county shall select an appraiser and the several boards by joint action shall employ an engineer, and the said appraisers and engineer shall constitute the appraisers to appraise the damages and value of all right of way required for open ditches and of all lands required for settling basins.

§468.280 Duty of appraisers — procedure.
The appraisers shall proceed in the same manner and make return of their findings and appraisement the same as when the district is wholly within one county, except that a duplicate thereof shall be filed in the auditor’s office of each of the several counties. After the filing of the report of the appraisers, all further proceedings shall be the same as where the district is wholly within one county, except as otherwise provided.

§468.281 Meetings of joint boards.
The board of supervisors of any county in which a petition for the establishment of a levee or drainage district to extend into or through two or more counties is on file, may meet with the board or boards of any other county or counties in which such petition is on file, for the purpose of acting jointly with such other board or boards in reference to said petition or any business relating to such district. Any such joint meetings held in either of the counties in which such petition is on file shall constitute a valid and legal meeting of said joint boards for the transaction of any business pertaining to said petition or to the business of such district.

§468.282 Equalizing voting power.
When the boards are of unequal membership, for the purpose of equalizing their voting power each member of the smallest board shall cast a full vote and each member of a larger board shall cast such fractional part of a vote as results from dividing the smallest number by such larger number.

§468.283 Commissioners to classify and assess.
If the boards of the several counties acting jointly shall establish the district, they shall appoint a commission consisting of one from each county, and in addition thereto a competent engineer who shall within twenty days begin to inspect the premises and classify the lands in said district fixing the percentages and assessments of benefits and the apportionment of costs and expenses and shall complete said work within the time fixed by the boards. The qualifications of said commissioners, their classification of lands, fixing percentages and assessments of benefits and apportion-
ment of costs and the report thereof in all details shall be governed in all respects by the provisions of subchapter I, parts 1 through 5, for districts wholly within one county.

[S13, §1989-a32; C24, 27, 31, 35, 39, §7612; C46, §468.285, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS]

¿468.284 Notice and service thereof — objections.

Upon the filing of the report of the commissioners to classify lands, fix and assess benefits and apportionment of costs, and expenses, the auditors of the several counties, acting jointly, shall cause notice to be served upon all interested parties of the time when and the place where the boards will meet and consider such report and make a final assessment of benefits and apportionment of costs, which notice shall be the same and served for the time and in the manner and all proceedings thereon shall be the same as provided in subchapter I, parts 1 through 5, in districts wholly within one county, except publication of notice as provided in section 468.15 shall be in each of the counties into which the district extends, and also except that said notice to be published in each of the several counties shall contain only the names of the owners of each tract of land or lot in the district located within the respective county in which said notice is to be published and the total amount of all proposed assessments on the lands located in each of the other counties into which the district extends, and except further that the objections not filed prior to the date of the hearing shall be filed with the boards at the time and place of such hearing.

[S13, §1989-a32; C24, 27, 31, 35, 39, §7613; C46, §468.284, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS]

¿468.285 Levies — certificates and bonds.

After the amount to be assessed and levied against the several tracts of land shall have been finally determined, the several boards, acting separately, and within their own counties, shall levy and collect the taxes apportioned and levied in their respective counties. They may issue warrants, improvement certificates, or bonds for the payment of the cost of such improvement within their respective counties, with the same right of landowners to pay without interest or in installments all as provided where the district is wholly within one county.

[S13, §1989-a32; C24, 27, 31, 35, 39, §7614; C46, §468.285, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS]

¿468.286 Bonds or proceeds made available.

When drainage bonds are to be issued under the provisions of section 468.285 they shall be issued at such time that they or the proceeds thereof shall be available for the use of the district at a date not later than ninety days after the actual commencement of the work on the improvement as provided in relation to districts wholly within one county.

[S24, 27, 31, 35, 39, §7615; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, §457.17, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS]

¿468.287 Supervising engineer.

At the time of finally establishing the district, the boards of the several counties, acting jointly, shall employ a competent engineer to have charge and supervision of the construction of the improvement and they shall fix the engineer’s compensation and the engineer shall, before entering upon said work, give a bond running to the several counties for the use and benefit of the district in the same amounts and of like tenor and effect as is provided in districts wholly within one county. A duplicate of such bond shall be filed with the auditor of each of said counties.

[S13, §1989-a34; C24, 27, 31, 35, 39, §7616; C46, §468.287, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS]

¿468.288 Duty of engineer.

The duties of the supervising engineer shall be the same in all respects as is provided by subchapter I, parts 1 through 5, for districts wholly within one county.

[S13, §1989-a34; C24, 27, 31, 35, 39, §7617; C46, §468.288, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS]

¿468.289 Notice of letting work — applicable procedure.

If the boards, acting jointly, shall establish such district, the auditors of the several counties shall immediately thereafter, acting jointly, cause notice to be given of the time and place of the meeting of the boards for letting contracts for the construction of the improvement. The notices, bids, bonds, and all other proceedings in relation to letting contracts shall be the same as provided where the district is wholly within one county, but duplicates of contractors’ bonds shall be filed with the auditor of each county.

[S13, §1989-a33; C24, 27, 31, 35, 39, §7618; C46, §468.289, LEVEE AND DRAINAGE DISTRICTS AND IMPROVEMENTS]
468.290 Contracts.
All contracts made for engineering work and the work of constructing improvements of an inter-county district shall be made by written contract executed by the contractor and such person as may be authorized by the boards of the several counties and by joint resolution and shall specify the work to be done, the amount of compensation therefor and the times and manner of payment, all as provided in relation to districts wholly within one county.
[S13, §1989-a33; C24, 27, 31, 35, 39, §7619; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §457.21]

468.291 Monthly estimate — payment.
The engineer in charge of the work shall furnish the contractor a monthly statement estimating the amount of work done on each section and in each county. A duplicate copy of the statement shall be filed with the auditor of each county where the work is done. When the auditor files the statement, the auditor shall draw a warrant for the contractor or give the contractor an order directing the treasurer to deliver to the contractor improvement certificates or drainage bonds, as the case may be, in favor of the contractor for ninety percent of the amount due from the auditor’s county. Drainage warrants, bonds, or improvement certificates when so issued shall be in such amounts as the auditor determines, but shall not be in amounts in excess of one thousand dollars.

PART 2
CONVERTING INTRACOUNTY DISTRICTS INTO INTERCOUNTY DISTRICT

468.305 Intracounty districts converted into intercounty district.
Whenever one or more drainage districts in one county outlet into a ditch, drain, or natural watercourse, which ditch, drain, or natural watercourse is the common carrying outlet for one or more drainage districts in another county, the boards of supervisors of such counties acting jointly may by resolution, and on petition of the trustees of any one of such districts or one or more landowners therein, in either case such petition to be accompanied by a bond as provided in section 468.270, must initiate proceedings for the establishment of an intercounty drainage district by appointing commissioners as provided in section 468.271 and by requiring a bond as provided in section 468.270 and by proceeding as provided by subchapter II, part 1, and all powers, duties, limitations, and provisions of this part and subchapter II, part 1, shall be applicable thereto.

[C27, 31, 35, §7626-a2; C39, §7626.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §458.1]
89 Acts, ch 126, §2
CS89, §468.305

468.306 Benefited land only included.
Neither any land nor any previously organized drainage district shall be included within, or assessed for, the proposed new intercounty district unless such land or unless such previously organized district shall receive special benefits from the improvements in the proposed new intercounty district.

[C27, 31, 35, §7626-a2; C39, §7626.2; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §458.2]

Trustees or boards of supervisors having charge
of any previously organized district which is pro-
gressed to be included (either in whole or in part)
within the new intercounty district may, in the
same manner and under the same procedure ap-
pel to the district court from the action of the joint
boards in establishing the new district or in in-
cluding therein the previously organized district or any part thereof.

PART 3
DRAINAGE OR LEVEE DISTRICTS EMBRACING PART OR WHOLE
OF CITY

468.315 Authority to include city.

A county board of supervisors has the same pow-
er to establish a drainage or levee district that in-
cludes the whole or any part of a city as the county
board does to establish a district located wholly
outside a city, including providing for the assess-
ment of damages and benefits within a city. How-
ever, a county board of supervisors shall not do any of the following:

1. Establish a drainage or levee district lo-
cated wholly within the corporate limits of a city,
unless the city consents by resolution adopted by
its city council.

2. Establish a district for sanitary sewer pur-
poses.

468.316 Inclusion of city — notice.

Notice of the filing of the petition for such dis-
trict and the time of hearing thereon, shall set
forth the boundaries of the territory included
within such city and directed to the city clerk and
the owners and lienholders of the property within
such boundaries without naming individuals, to
be served in the same manner as notices where the
district is wholly outside of such city.

468.317 Assessments — notice.

When the streets, alleys, public ways, or parks
or lots or parcels including railroad rights of way
of any city, or city under special charter, so in-
cluded within a levee or drainage district, will be
beneficially affected by the construction of any im-
provement in such district, it shall be the duty of
the commissioners appointed to classify and as-
sess benefits to estimate and return in their report
the percentage and assessment of benefits to such
streets, alleys, public ways, and parks, or lots or
parcels including railroad rights of way and notice
thereof shall be served upon the clerk of such city,
irrespective of the form of government, and upon
owners of lots, parcels, and railroad rights of way
so assessed.

468.318 Objections — appeal.

The council or clerk of such city or individual
owners may file objections to such percentage and
assessment of benefits in the time and manner
provided in case of landowners outside such city,
and they shall have the same right to appeal from
the finding of the board with reference to such as-
essment.

468.319 Assessments — interest.

Such assessment as finally made shall draw in-
terest at the same rate and from the same time as
assessment against lands.

468.320 Bonds, certificates and waivers.

The board of supervisors and the city council
shall have the same power in reference to issuing
improvement certificates or drainage bonds and
executing waivers on account of such assessment
for benefits to streets, alleys, public ways, parks,
and other lands as is herein conferred upon the
§468.321 Funding bonds.

Such cities may issue their funding bonds for the purpose of securing money to pay any assessment against it as provided by law.

§468.322 Jurisdiction relinquished.

If the board of supervisors of any county at any time finds that twenty-five percent or more of the total area of any established drainage district is located within the corporate limits of any city, that the district’s drains are wholly or partially constructed of sewer tile, and that the district’s drain or drains are needed or being used by the city for storm sewer or drainage purposes, the board may by resolution transfer to the city control of the entire drainage district, including the portion outside the corporate limits of the city.

CS89, §468.323

§468.323 Request for relinquishment.

When a county board of supervisors elects to transfer control of a drainage district to a city, as provided in section 468.322, the resolution effecting the transfer shall state a time not less than thirty nor more than ninety days after adoption of the resolution when the transfer of control shall take effect. The resolution shall be certified to the governing body of the city and a copy thereof filed by the county auditor, who shall spread the same upon the records of the drainage district.

CS89, §468.324

§468.324 Duty to accept.

It shall be the duty of the governing body of any city to accept control of and thereafter to administer a drainage district properly transferred to the city, commencing on the date specified in the resolution of the county board of supervisors certified to the governing body as provided in section 468.323, or at such later date as may be agreed to by the county board upon request of the governing body.

CS89, §468.325

§468.325 Jurisdiction of municipality.

After the drainage district has been taken over by the city, it shall have complete control thereof, and may use the same for any purpose that said city through its city council deems proper and necessary for the advancement of the city or its health or welfare, and the city shall be responsible for the maintenance and upkeep of said drainage district only from and after its relinquishment by the board of supervisors to the city.

CS89, §468.326

§468.326 City council to control district.

The council of any city acting under the provisions of this part shall have control, supervision and management of the district, and shall be vested with all of the powers which are now or may hereafter be conferred on the board of supervisors for the control, supervision and management of drainage districts under the laws of this state within the said district unless otherwise specifically provided.

CS89, §468.327

§468.327 Trustee control.

A district formed pursuant to this part, under the control of a city council, may be placed under the control and management of a board of trustees as provided in subchapter III of this chapter. Each trustee shall be a citizen of the United States not less than eighteen years of age and a bona fide owner of benefited land in the district for which the trustee is elected. If the owner is a family farm corporation as defined by section 9H.1, subsection 8, a business corporation organized and existing under chapter 490 or 491, or a partnership, a stockholder or officer authorized by the corporation or a general partner may be elected as a trustee of the district.

468.335 Establishment.
Whenever, in the opinion of the board of supervisors, it is necessary to drain any part of any public highway under its jurisdiction, and any land abutting upon or adjacent thereto, it may proceed without petition or bond to establish a highway drainage district by proceeding in all other respects as provided in subchapter I, parts 1 through 5.

468.336 Powers.
Such district, when established, shall have the powers granted to drainage and levee districts, and all parties interested shall have the same rights so far as applicable.

468.337 Initiation without petition.
When the board of supervisors determines on its own action to proceed to the establishment of a highway drainage district, it shall do so by the adoption of a resolution of necessity to be placed upon its records, in which it shall describe in a general way the portion of any highway or highways to be included in such district, together with the description of abutting or adjacent land and railroad rights of way to be included in such district and made subject to assessment for such improvement.

468.338 Engineer.
The board shall appoint a competent engineer for the district. If the county engineer is appointed, the engineer shall serve without additional compensation. In no case shall the county engineer act as a member of the assessment commission in a drainage district provided for in this part.

468.340 Assessment — report.
The commission for assessment of benefits and classification of the property assessed shall determine and report:
1. The separate amount which shall be paid by the county on account of the secondary road system.
2. The separate amount which shall be paid by the state on account of the primary road system.
3. The amounts which shall be assessed against the right of way or other real estate of each railway company within such district.
4. The amounts which shall be assessed against each forty-acre tract or less within such district.

468.341 Advanced payments.
The board on construction of the improvement may advance that portion to be collected by special assessment, the amount so advanced to be replaced as the first special assessments are collected. The board may in lieu of making advancements, issue warrants to be known as “Drainage Warrants”, the warrants to bear interest at a rate not exceeding that permitted by chapter 74A payable annually from the date of issue and to be paid out of the special assessments levied, when they are collected.

468.342 Payment from road funds.
The amount fixed by the final order of the board of supervisors to be paid:
1. On account of the primary road system, shall be payable by the state department of transportation on due certification of the amount by the
468.334 Dismissal — costs.
If such proceedings are dismissed or said improvement abandoned, all costs of such proceedings shall be paid out of the fund of the road system for the benefit of which said proceeding was initiated.

468.344 Condemnation of right of way.
When in the judgment of the board of supervisors, it is inadvisable to establish a drainage district but necessary to acquire right of way through private lands for the construction of ditches or drains as outlets for the drainage of highways, the board of supervisors may cause such right of way to be condemned by proceedings in the manner required for the exercise of the right of eminent domain as for works of internal improvement, except that no attorney fee shall be taxed, and pay the costs and expense of such condemnation from either or both of said secondary road funds.

468.345 Laws applicable.
All proceedings for the construction and maintenance of highway drainage districts except as provided for in this chapter shall be as provided for in subchapter I, parts 1 through 5, and subchapter II, parts 1 through 3.

468.346 Removal of trees from highway.
When the roots of trees located within a highway obstruct the ditches or tile drains of such highway, the board of supervisors shall remove such trees from highways, except shade or ornamental trees adjacent to a dwelling house or other farm buildings or feedlots, or any tree or trees for windbreaks upon cultivated lands consisting of

sandy or other light soils.

468.347 Trees outside of highways.
When the roots of trees and hedges growing outside a highway obstruct the ditches or tile drains of any highway, the board of supervisors may acquire the right to destroy such trees in the manner provided for taking private property for public use. Ornamental trees adjacent to any dwelling, orchard trees and trees used as windbreaks for a dwelling house, outbuildings, barn or feedlots, shall be exempt from the provisions of this section.

468.348 through 468.354 Reserved.

PART 5
DRAINAGE AND LEVEE DISTRICTS WITH PUMPING STATIONS

468.355 Authorization.
The board of supervisors of any county or counties in which a drainage or levee district has been organized as by law provided, may establish and maintain a pumping station or stations, when and where the same may be necessary to secure a proper outlet for the drainage of the land comprising the district or any portion thereof, and the cost of construction and maintenance of said pumping station or stations shall be levied upon and collected from the lands in the district benefited by such pumping station or stations, in the same manner as provided for in the construction and maintenance of said districts.

468.356 Petition — procedure — emergency pumping station.
Such pumping station shall not be established or maintained unless a petition therefor shall be presented to the board signed by not less than one-third of the owners of lands benefited thereby. The lands benefited by such pumping station shall be determined by the board on said petition and report of the engineer, and such other evidence as it may hear. No additional land shall be taken into any such drainage district after the improvements therein have been substantially completed, unless...
one-third of the owners of the land proposed to be annexed have petitioned therefor or consented in writing thereto.

However, the board of supervisors may install a temporary portable pumping station to remove flood waters in an emergency. The board of supervisors shall levy and collect the cost of the purchase, operation and maintenance of the pumping station from the lands in the district benefited by the pumping station in the same manner as provided for in the construction and maintenance of a drainage or levee district. For the purpose of this paragraph an emergency occurs when ponded or standing water does not freely flow to the outlet ditch and the capacity of the outlet ditch is not fully used.

468.359 Costs.
1. The cost of the establishment of such additional pumping plant or plants shall be paid in the same manner and upon the same basis as is provided for the cost of the original improvement.

2. The board of supervisors or the board of trustees, as the case may be, where the district has been established and the original improvement constructed, may proceed with the further improvement of the original project in the manner provided in section 468.126, provided, however, that the cost of such further improvement does not exceed twenty-five percent of the sum of the original cost to the district and the cost of subsequent improvements, including all federal contributions.

For the purpose of this section the word “improvement” shall include the construction, reconstruction, enlargement and relocation of levees and acquisition of rights of way therefor.

468.362 Hearing — jurisdiction of divided districts.
At the time fixed, the board shall determine the advisability of such division and shall make such order with reference thereto as shall be deemed proper, having consideration for the interests of all concerned. If such division is made, the board or boards having jurisdiction of the original district shall retain jurisdiction of the new districts created by such division for the purpose of collecting assessments theretofore made and making such additional assessments as are necessary to pay the obligations theretofore contracted. For all other
purposes, each division shall be under the jurisdiction of the board or boards of supervisors which would have had jurisdiction thereof if originally established as an independent district.

CS89, §468.363

§468.364 Assessments not affected — maintenance tax.

Each district after the division shall be conducted as though established originally as a district. Nothing herein shall affect the legality or collection of any assessments levied before the division; but the maintenance tax, if any, shall be divided in proportion to the amount paid in by each district.

[C24, 27, 31, 35, 39, §7660; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.10]

§468.365 Election and appointment of trustees.

If said district, before the division was made, was under the control and management of trustees, then each trustee shall continue to serve in the district in which the trustee is situated, and other trustees shall be elected in each new district. The election for said new trustees shall be called by the old board of trustees in each district within ten days after said division is made and shall be conducted as provided for the election of trustees.

§468.366 Settling basin — condemnation.

If, before a district operating a pumping plant is completed and accepted, it appears that portions of the lands within said district are wet or nonproductive by reason of the floods or overflow waters from one or more streams running into, through, or along said district and that said district or some other district of which such district shall have formed a part, shall have provided a settling basin to care for the said floods and overflow waters of said stream or watercourse, but no channel to said settling basin has been provided, said board or boards are hereby empowered to lease, buy, or condemn the necessary lands within or without the district for such channel. Proceedings to condemn shall be as provided for the exercise of the right of eminent domain.

468.371 Registration.

When bonds have been executed as aforesaid they shall be delivered to the county treasurer and the treasurer’s receipt taken therefor. The county treasurer shall register the same in a book provided for that purpose, which shall show the number of each bond, its date, date of sale, amount, date of maturity, and the name and address of the purchaser, and if exchanged what evidences of debt were received therefor, which record shall at all times be open to the inspection of the owners of property within the district. The treasurer shall thereupon certify on the back of each bond as follows:

This bond duly and properly registered in my office this ........ day of ................ (month), ........ (year).

468.372 Liability of treasurer — reports.

The treasurer shall stand charged on the treasurer’s official bond with all bonds so delivered to the treasurer and the proceeds thereof. The treasurer shall report under oath to the board of supervisors, at each first regular session thereof in each month, a statement of all such bonds sold or exchanged by the treasurer since the treasurer’s last report and the date of such sale or exchange and when exchanged a description of the indebtedness for which exchanged.

[C24, 27, 31, 35, 39, §7668; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.18]
89 Acts, ch 126, §2
CS89, §468.372

468.373 Sale — application of proceeds.

The county treasurer shall, under a resolution and the direction of the said county board of supervisors, sell the bonds for cash on the best available terms or exchange them on like terms for a legal indebtedness of the said district evidenced by bonds, warrants, or judgments outstanding at the date of the passage of the resolution authorizing the issue thereof, and the proceeds shall be applied and exclusively used for the purpose for which said bonds are issued. In no case shall they be sold or exchanged for a less sum than their face value and all interest accrued at the date of sale or exchange. After registration the treasurer shall deliver said bonds to the purchaser thereof and when exchanged for indebtedness of said district shall at once cancel all warrants or bonds or secure proper credits therefor on judgments.

[C24, 27, 31, 35, 39, §7669; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.19]

CS89, §468.373

468.374 Levy.

Drainage districts issuing funding or refunding bonds under this part shall levy taxes for the payment of the principal and interest thereof, where there has not been a prior levy covering same, in accordance with the provisions of the law relating to taxation.

[C24, 27, 31, 35, 39, §7670; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §461.20]
89 Acts, ch 126, §2
CS89, §468.374

468.375 Scope of Act.

Refunding bonds for the purposes set out in this part may be issued to pay off and take up bonds issued in payment for drainage improvements under prior laws or to refund any part thereof. Bonds thus issued shall substantially conform to the provisions of the law relating to drainage bonds and the face amount thereof shall be limited to the amount of the unpaid assessments, with interest
thereon, applicable to the payment of the bonds so taken up.

\[\text{CS89, §468.375} \]

**468.376 Funds available to pay bonds.**

When refunding bonds shall be issued to pay for drainage improvements under the provisions of this part, all special assessments, taxes, and sinking funds applicable to the payment of such bonds previously issued shall be applicable in the same manner and the same extent to the payment of the refunding bonds issued hereunder, and all the powers and duties to levy and collect special assessments and taxes or create liens upon property shall continue until all refunding bonds shall be paid.

The drainage district shall collect the special assessments out of which the said bonds are payable and hold the same separate and apart in trust for the payment of said refunding bonds but the provisions of this part shall not apply to assessments or bonds adjudicated to be void.

\[\text{CS89, §468.376}\]

**468.377 Limitation of actions.**

No action shall be brought questioning the validity of any of the bonds authorized by this part from and after three months from the time the same are ordered issued by the proper authorities.

\[\text{CS89, §468.377}\]

**468.378 Bankruptcy proceedings.**

All drainage districts with pumping plant and levee, which have power to incur indebtedness, through action of their own governing bodies are hereby authorized to proceed under and take advantage of all laws enacted by the Congress of the United States under the federal bankruptcy powers, which laws have for their object the relief of municipal indebtedness, including 48 Stat. L. ch 345, entitled ‘An Act to amend an Act entitled ‘An Act to establish a uniform system of bankruptcy throughout the United States’, approved July 1, 1898, and Acts amendatory thereof and supplementary thereto’, approved May 24, 1934, and the officials and governing bodies of such drainage, pumping plant and levee districts, are authorized to adopt all proceedings and to do any and all acts necessary or convenient to fully avail such drainage, pumping plant, and levee districts, of the provisions of such Acts of Congress.

\[\text{CS89, §468.378}\]

**468.379 Part applicable to districts with pumping stations.**

The provisions of this part so far as applicable shall apply to all levee districts maintaining levees for the protection of any drainage district or districts having pumping stations.

\[\text{CS89, §468.379}\]

**468.380 Construction near levee prohibited.**

No person, firm or corporation shall hereafter erect, alter, or maintain any building or other structure, except necessary public utility structures, or construct, alter, or maintain any ditch, or remove any earth within three hundred feet of the center line of any levee maintained by a drainage or levee district with pumping stations without first securing permission to so do from the governing board of said drainage or levee district with pumping stations. Such permission may be granted at any regular meeting thereof, and after written application is made therefor upon the form prescribed by said governing board.

\[\text{CS89, §468.380}\]

**468.381 Penalty.**

Every person who shall violate any provisions of this part shall be guilty of a misdemeanor punishable by a fine of not more than one hundred dollars, and in default of payment thereof, by imprisonment in the county jail for not more than thirty days.

\[\text{CS89, §468.381}\]

**468.382 Action to restrain or abate.**

In the event that any building or other structure, or any ditch is constructed, altered or maintained, or any earth removed in violation of any provisions of this part, the governing board of said drainage or levee district with pumping stations maintaining said levee, may institute an appropriate action or proceeding to prevent such unlawful construction, alteration, or maintenance, or earth removal and to restrain, correct, or abate such violation, and may by petition duly verified, setting forth the facts, apply to the district court for an order enjoining all persons, firms or corporations from such construction, alteration, maintenance, or earth removal, until the entry of the final
judgment or order.

PART 6

DRAINAGE DISTRICTS IN CONNECTION WITH UNITED STATES LEVEES

468.390 United States levees — co-operation of board.
In any case where the United States has built or shall build a levee along or near the bank of a navigable stream forming a part of the boundary of this state, the board of supervisors of any county through which the same may pass shall have the power to aid in procuring the right of way for and maintaining said levee, and providing a system of internal drainage made necessary or advisable by the construction thereof. Such improvement shall be presumed to be conducive to the public health, convenience, welfare, or utility.

[C97, §1975; C24, 27, 31, 35, 39, §7744; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.1]
89 Acts, ch 126, §2
CS89, §468.390

468.391 Manner of co-operation.
Any United States government levee under the conditions mentioned in section 468.390 may be taken into consideration by the board as a part of the plan of any levee or drainage district and improvements therein, and such board may, by agreement with the proper authorities of the United States government, provide for payment of such just and equitable portion of the costs of procuring the right of way and maintenance of such levee as shall be conducive to the public welfare, health, convenience, or utility.

[C97, §1975; C24, 27, 31, 35, 39, §7745; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.2]
89 Acts, ch 126, §2
CS89, §468.391

In the proceedings to establish such a district the engineer shall set forth in the engineer’s report, separately from other items, the amount of the cost for the right of way of such levee, of constructing and maintaining the same; and if the plan is approved and the district finally established in connection with such levee, the board shall make a record of any such co-operative arrangement and may use such part of the funds of the district as may be necessary to pay the amount so agreed upon toward the right of way and maintenance of such levee.

[C97, §1976; C24, 27, 31, 35, 39, §7746; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.3]
89 Acts, ch 126, §2
CS89, §468.392

468.393 Costs assessed.
If said district is established, the entire costs and expenses incurred under this part shall be assessed against and collected from the lands lying within such district, by the levy of a rate upon the assessable value of the land and improvements within such district, sufficient to raise the required sum; provided the board may, in their discretion, classify the land within such district and graduate the tax thereon, as provided in subchapter I.

[C97, §1982; S13, §1982; C24, 27, 31, 35, 39, §7747; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.4]
89 Acts, ch 126, §2
CS89, §468.393

468.394 Annual installments.
If the proposed improvement is the maintenance of a levee, the amount collected in any one year shall not exceed three dollars and thirty-seven and one-half cents per thousand dollars of the assessment valuation, which said assessment shall be levied at a level rate on the assessable value of the said lands, improvements, easements, and railroads within the district. If the amount necessary to pay for the improvement exceeds said sum, it shall be levied and collected in annual installments of twenty or less. For all other improvements, the board shall levy a rate sufficient to pay for the same, and may, at their discretion,
make the same payable in annual installments of twenty or less.

(C97, §1984; C24, 27, 31, 35, 39, §7748; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.5)
89 Acts, ch 126, §2
CS89, §468.394

468.395 Collection of tax.
The assessment required under sections 468.393 and 468.394 shall be made by the board of supervisors at the time of levying general taxes, after the work has been authorized, and the assessment shall be entered on the records of the board of supervisors, then entered on the tax books by the county auditor as drainage taxes, and shall be collected by the county treasurer at the same time, in the same manner, and with the same interest, as general taxes. If the assessment is not paid the treasurer shall sell all lands upon which the assessment remains unpaid, at the same time, and in the same manner, as is now by law provided for the sale of lands for delinquent taxes, including all steps up to the execution and delivery of the tax deed. The landowners shall take notice of and pay the assessments without other or further notice than as is provided for in this part. The funds realized from the assessments shall constitute the drainage fund, as contemplated in this part, and shall be disbursed on warrants drawn against that fund by the county auditor, on the order of the board of supervisors.

(C97, §1983; C24, 27, 31, 35, 39, §7749; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.6)
89 Acts, ch 126, §2
CS89, §468.395
92 Acts, ch 1016, §38

468.396 Cost of maintaining.
The board of supervisors shall have the right and power to keep and maintain any such levee, ditches, drains, or system of drainage, either in whole or in part, established under sections 468.390 through 468.395, as may in their judgment be required, and to levy the expense thereof upon the real estate within such drainage district as herein provided for, and collect and expend the same; provided, however, that no such work which shall impose a tax exceeding three dollars and thirty-seven and one-half cents per thousand dollars on the assessable value of the lands and improvements within the district shall be authorized by them, unless the same is first petitioned for and authorized in substantially the manner required by this part for the inauguration of new work except that if such work is of the kinds contemplated by section 468.126, and the cost thereof is within the limitations of said section, then the provisions of section 468.126 or section 468.188 shall supersede the limitations of this section.

(C97, §1986; C24, 27, 31, 35, 39, §7750; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §466.7)

PART 7
INTERSTATE DRAINAGE DISTRICTS

468.400 Co-operation — procedure.
When proceedings for the drainage of lands bordering upon the state line are had and the total cost of constructing the improvement in this state, including all damage, has been ascertained, and the engineer in charge, before the final establishment of the district, reports that the establishment and construction of such improvement ought to be jointly done with like proceedings for the drainage of lands in the same drainage area in such an adjoining state and that drainage proceedings are pending in such state for the drainage of such lands, the said authorities of this state may enter an order continuing the hearing on the
establishment of such district to a fixed date, of which all parties shall take notice.

468.401 Agreement as to costs.
The board shall have power, when the total cost, including damages, of constructing the improvement in such other state has been ascertained by the authorities of such other state, to enter into an agreement as to the separate amounts which the property owners of each state should in equity pay toward the construction of the joint undertaking. When such amount is thus determined, the board or boards having jurisdiction in this state shall enter the same in the minutes of their proceedings and shall proceed therewith as though such amount to be paid by the portion of the district in this state had been originally determined by them as the cost of constructing the improvement in this state.

468.402 Contracts let by joint agreement.
When the bids for construction are opened, unless the construction work on each side of the line can go forward independently, no contract shall be let by the authorities in this state, unless the acceptance of a bid or bids for the construction of the whole project is first jointly agreed upon by the authorities of both states.

468.403 Separate contracts.
The contract or contracts for the construction of that portion of the improvement within this state shall be entirely distinct and separate from the contract or contracts let by the authorities of the neighboring state; but the aggregate amount of the contract or contracts for the construction of the work within this state shall not exceed an amount equal to the amount of the benefits assessed in this state including damages and other expenses.

468.404 Conditions precedent.
No contract shall be let until the improvement shall be finally established in both states, and after the final adjustment in both states of damages and benefits. No bonds shall be issued until all litigation in both states arising out of said proceedings has been finally terminated by actual trial or agreements, or the expiration of all right of appeal.

468.405 Assessments, bonds and costs — limitation.
All proceedings except as provided in this part in relation to the establishment, construction, and management of interstate drainage districts shall be as provided for the establishment and construction of districts wholly within this state as provided in subchapter I. All such proceedings shall relate only to the lands of such district which are located wholly within this state. Boards having jurisdiction in this state may make just and equitable agreements with like authorities in such adjoining state for the joint management, repair, and maintenance of the entire improvement, after the establishment and completed construction thereof.

468.406 through 468.499 Reserved.

SUBCHAPTER III
MANAGEMENT OF DRAINAGE OR LEVEE DISTRICTS BY TRUSTEES

468.500 Trustees authorized.
In the manner provided in this subchapter, any drainage or levee district in which the original construction has been completed and paid for by bond issue or otherwise, may be placed under the control and management of a board of trustees to be elected by the persons owning land in the district that has been assessed for benefits.

A district under the control of a city council as provided in subchapter II, part 3, may be placed under the control and management of a board of trustees by the city council following the procedures provided in this subchapter for the county board of supervisors.
corporations owning land within the district assessed for benefits.

§468.502 Election.

The board, at the next regular, adjourned, or special session shall canvass the petition and if signed by the requisite number of landowners, it shall order an election to be held at some convenient place in the district not less than forty nor more than sixty days from the date of such order, for the election of three trustees of such district. It shall appoint from the freeholders of the district who reside in the county or counties, the election district, and the division of trustees in the district, and the division and appointment of judges and clerks of election. It shall not be mandatory for the county commissioner of elections to conduct elections held pursuant to this subchapter, but they shall be conducted in accordance with the provisions of chapter 49 where not in conflict with this subchapter.

§468.503 Intercounty district.

If the district extends into two or more counties, a duplicate of the petition shall be filed in the office of the auditor of each county. The boards of supervisors shall, within thirty days after the filing of such petition, meet in joint session and canvass the same, and if found to be signed by a majority of the owners of land in the district assessed for benefits, they shall by joint action order such election and appoint judges and clerks of election as provided in section 468.502.

§468.504 Election districts.

When a petition has been filed for the election of trustees to manage a district containing twenty thousand acres or more, the board, or, if the district extends into more than one county, the boards of the counties by joint action, shall, before the election, divide the district into three election districts for the purpose of securing a proper distribution of trustees in the district, and the division shall be so made that each election district will have substantially equal voting power and acreage, as nearly as may be. After the division is made there shall be elected one trustee for each of the election districts, but at the election all the qualified voters for the entire district shall be entitled to vote for each trustee. The division here provided for shall be for the purposes only of a proper distribution of trustees in the district and shall not otherwise affect the district or its management and control.

§468.505 Record and plat of election districts.

At the time of making a division into election districts, as provided in section 468.504, the board or boards shall designate by congressional divisions, subdivisions, metes and bounds, or other intelligible description, the lands embraced in each election district, and the auditor, or auditors if more than one county shall make a plat thereof in the drainage record of the district indicating thereon the boundary lines of each election district, numbering them, one, two, and three, respectively.

§468.506 Eligibility of trustees.

Each trustee shall be a citizen of the United States not less than eighteen years of age, and one of the following:

1. The bona fide owner of agricultural land in the election district for which the trustee is elected, and a resident of the county in which that district is located or of a county which is contiguous to or corners on that county.

2. The bona fide owner of nonagricultural land in the election district for which the trustee is elected, and a resident of that district. This subsection applies only when the election district is wholly within the corporate limits of a city.

3. A stockholder of a family farm corporation as defined in section 9H.1, subsection 8, which owns land in the election district who is a resident of the county in which that district is located or of a county which is contiguous to or corners on that county.

4. In a district which is a levee and drainage district which has eighty-five percent of its acreage within the corporate limits of a city and has been under the control of a city under subchap-
§462.7

§468.508 Notice of election.

The board, or, if in more than one county, the boards acting jointly, shall cause notice of said election to be given, setting forth the time and place of holding the same and the hours when the polls will open and close. Such notice shall be published for two consecutive weeks in a newspaper in which the official proceedings of the board are published in the county, or if the district extends into more than one county, then in such newspaper of each county. The last of such publications shall not be less than ten days before the date of said election.

§468.509 New owner entitled to vote.

Anyone who has acquired ownership of assessed lands since the latest certificate from the auditor shall be entitled to vote at any election if the person presents to the election board for its inspection at the time the person demands the right to vote evidence showing that the person has title.

§468.510 Qualifications of voters.

Each landowner eighteen years of age or over without regard to sex and any railway or other corporation owning land in said district assessed for benefits shall be entitled to one vote only, except as provided in section 468.511.

§468.511 Votes determined by assessment.

1. When a petition asking for the right to vote in proportion to assessment of benefits at all elections for any purpose thereafter to be held within said district, signed by a majority of the landowners owning land within said district assessed for benefits, is filed with the board of trustees, then, in all elections of trustees thereafter held within said district, any person whose land is assessed for benefits without regard to age, sex, or condition shall be entitled to one vote for each ten dollars or fraction thereof of the original assessment under the current classification against the land actually owned by the person in said district at the time of the election, but in order to have such ballot counted for more than one vote the voter shall write the voter’s name upon the ballot. The vote of any landowner of the district may be cast by absent voters ballot as provided in chapter 53 except that the form of the applications for ballots, the voters’ affidavits on the envelopes, and the endorsement of the carrier envelope for preserving the ballot shall be substantially in the form provided in subsections 2, 3 and 4, below. Application blanks, envelopes and ballots shall be provided by and submitted to the office of the county auditor in which the election is held. The cost of such blanks, envelopes, ballots and postage shall be paid by the district. For the purpose of this subchapter all landowners of the district shall be considered qualified voters, regardless of their place of residence.

2. For the purpose of this subchapter, applications for ballots shall be made on blanks substantially in the following form:

(Official Title)

4. For the purposes of this subchapter, upon receipt of the ballot, the auditor shall at once enclose the same, unopened, together with the application made by the voter in a large carrier envelope, securely seal the same, and endorse thereon over the auditor’s official signature, the following:

a. Name of the district in which the voter is a landowner.

b. Date of the election for which the ballot is cast.

c. Location of the polling place at which the ballot would be legally and properly cast if voted in person.

d. Names of the judges of the election of that polling place, and the statement that this envelope contains an absent voters ballot and must be opened only at the polls on election day while said polls are open.

468.512 Vote by agent.

Except where the provisions of section 468.511, providing for vote in proportion to assessment are invoked, any person or corporation owning land or right of way within the district and assessed for benefits may have the person’s or the corporation’s vote cast by the person’s or the corporation’s agent or proxy authorized to cast such vote by a power of attorney signed and acknowledged by such person or corporation, and filed before such vote is cast in the auditor’s office of the county in which such election is held. Every such power of attorney shall specify the particular election for which it is to be used, indicating the day, month, and year of such election, and shall be void for all elections subsequently held. The vote of the owner of any land in a drainage or levee district in any election, where the vote is not determined by assessment, may be cast by absent voters ballot in the same manner and form and subject to the same rights and restrictions as is provided in section 468.511 relating to vote by absentee ballot when votes are determined by assessment.

468.513 Vote of minor or person under legal incompetency.

The vote of any person who is a minor or under legal incompetency shall be cast by the parent, guardian, or other legal representative of the person. The person casting the vote shall deliver to the judges and clerks of election a written sworn statement giving the name, age, and place of residence of the minor or person under legal incompetency, and any false statement knowingly made to secure permission to cast such vote shall render
the party so making it guilty of the crime of perjury.

§468.514 Ballots — petition for printed ballots.
Candidates for drainage district trustee shall have their names printed on printed ballots provided a petition therefor is signed by ten qualified voters of the district and filed with the clerk of the board at least twenty-five days but not more than sixty-five days before the election. Space shall also be provided on the ballot for write-in votes.

§468.515 Candidates voted for.
Each qualified voter for the whole district shall be entitled to vote for one candidate for each district for which a trustee is to be elected.

§468.516 Election — canvass of votes — returns.
On the day designated for said election the polls shall open at one o’clock p.m. and remain open until five o’clock p.m. unless otherwise provided under section 468.522. If no convenient polling place is to be found within the district, the election may be held at some convenient place outside the district. The judges of election shall canvass the vote and certify the result, and deposit with the auditor the ballots cast, together with the pollbooks showing the names of the voters; but if there is more than one county in the district, the returns shall be filed with the auditor of the county having the greatest acreage of said district.

§468.517 Canvass — certificates of election.
The canvass of the returns by the board or boards of supervisors shall be on the next Monday following the election. If the district is in more than one county, the board of supervisors of the county with the greatest acreage in the district shall canvass the vote. The board of supervisors of the other counties in which the district is located may attend and participate in the canvass of the returns. It or they shall make a return of the results of the canvass to the auditor, who shall issue certificates to the trustees elected, and when the district extends into more than one county, then the auditor with whom the election returns were filed shall issue the certificates and certify an abstract of the canvass to each other county in which the district is located.

§468.518 Tenure of office.
The trustees so elected shall hold office until the fourth Saturday in January next succeeding their election and until their successors are elected and qualify. On the third Saturday in the January next succeeding their original election, an election shall be held at which three trustees shall be chosen, one for one year, one for two years, and one for three years, and each shall qualify and enter upon the duties of the office on the fourth Saturday of the same January. On the third Saturday in each succeeding January, an election shall be held to choose a successor to the trustee whose term is about to expire, and the term of the trustee’s office shall be for three years and until a successor has qualified.

§468.519 Levee and pumping station districts.
In levee and drainage districts having pumping stations trustees shall hold office until the fourth Saturday in January three years after election. On the third Saturday in January of each year a trustee shall be elected for a term of three years to succeed the member of the board whose term will expire on the following Saturday. At the election there shall also be elected, if necessary, a trustee to fill any vacancy which occurred before the election.

§468.520 Division of districts under trustees.
When a trustee is to be elected, it shall be for a

§468.521 Elections — how conducted.

After the first election of trustees, the trustees shall act as judges of election; however, a trustee standing for election shall not serve as a judge and shall be replaced as judge by a person not standing for election who is eligible to be elected as a trustee. The clerk of the board shall act as one of the clerks and any owner of land in the district shall be appointed by the board to act as another clerk. The trustees shall fill all vacancies in the election board. The result of each election shall be certified to the auditor or the several county auditors if the district is located in more than one county. §468.522 Change of date and time.

The date on which the annual election shall be held and the polling hours may be changed by the choice of a majority of electors of the district expressed by ballot at any annual election, and the return of the vote shall be certified in the same manner as the returns for election of trustees. The polling hours may vary from the requirements of section 468.516, but the polls shall be open for at least three consecutive hours between the hours of 8:00 a.m. and 5:00 p.m. on the election day. [SS15, §1989-a52e; C24, 27, 31, 35, 39, §7696; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.23]

§468.523 Vacancies.

If any vacancy occurs in the membership of the board of trustees between the annual elections, the remaining members of the board shall have power to fill such vacancies by appointment of persons having the same qualifications as themselves. The persons so appointed shall qualify in the same manner and hold office until the next annual election when their successors shall be elected. In the event that all places on the board become vacant, then a new board shall be appointed by the auditor, or if more than one county, then by the auditor of the county in which the greater acreage of the district is located. The persons so appointed shall hold office until the next annual election and until their successors are elected and qualify. [SS15, §1989-a68; C24, 27, 31, 35, 39, §7697; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.24]

§468.526 Powers and duties of trustees.

Trustees shall have control, supervision, and management of the district for which they are elected and shall be clothed with all of the powers now conferred on the board or boards of supervisors for the control, management, and supervision of drainage and levee districts under the laws of the state, including the power to acquire lands by conveyance, lease, or by the exercise of the power of eminent domain as provided for in chapter 6B for right of way for levees, ditches and settling basins within or without the district and to annex lands to the district, except as provided in section 468.527. Such authority shall extend only to the district for which they are elected. [SS15, §1989-a52f, -a71; C24, 27, 31, 35, 39, §7700; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.27]

All costs and expenses necessary to discharge the duties by this subchapter conferred upon trustees shall be levied and collected as provided by law and such levy shall be upon certificate by the trustees to the board or boards of supervisors.
of the amount necessary for such levy.

§462.28 Disbursement of funds.
Drainage and levee taxes when so levied and collected shall be kept by the treasurer of the county in a separate fund to the credit of the district for which it is collected, shall be expended only upon the orders of trustees, signed by the president of the board, upon which warrants shall be drawn by the auditor upon the treasurer.

§462.29 Certificates and bonds.
The board of trustees of any district shall have the same power to issue improvement certificates and levee and drainage bonds under the same conditions and with like tenor and effect as is provided by subchapter I, parts 1 through 5, for such issuance by the board of supervisors, except that in case of the issue of levee or drainage bonds, the same shall be approved by a judge of the district court in and for the county or counties in which such district lies, which approval shall be printed upon such bonds before the same are negotiated.

§462.30 Report to auditor.
Such trustees shall, from time to time, and with reasonable promptness, furnish the auditor of each county in which any part of said district is situated, with a correct report of their acts and proceedings, which report shall be signed by the chairperson and the clerk of the board and shall be recorded by the auditor in the drainage record, and shall be published in one official paper in the county having a general circulation in the district.

§462.31 Compensation — statements required.
The compensation of the trustees and the clerk of the board is hereby fixed at forty dollars per day each and necessary expenses, to be paid out of the funds of the drainage or levee district for each day necessarily expended in the transaction of the business of the district, but no one shall draw compensation for services as trustee and as clerk at the same time. The board of trustees of a district may by resolution establish for themselves and for the clerk of the district a lower rate of pay than is fixed by this section. They shall file with the auditor or auditors, if more than one county, itemized, verified statements of their time devoted to the business of the district and of the expenses incurred.

§462.32 Change to supervisor management.
Any district which has been placed under the management of trustees may be placed back under the management of the board or boards of supervisors in the manner provided in section 468.532.

§462.33 Petition — canvass.
For such purposes a petition signed by a majority of persons, including corporations, owning land within the district assessed for benefits and who in the aggregate own more than one-half the acreage of such lands, may be filed in the office of the auditor and if more than one county, then a duplicate shall be filed in the office of the auditor of each county.
The trustees shall fix a date not less than ten nor more than thirty days from the date such petition is filed for the canvass of such petition, and the trustees and auditor or auditors shall canvass said petition and certify and record in the drainage record the result.

§462.34 Remonstrance.
Remonstrances signed by the same persons who are qualified to sign the petition may be filed in the office of the auditor and if the same persons petition and remonstrate they shall be counted on the remonstrance only. Such remonstrances shall be filed not less than five days before the time set for hearing.
$468.535 When change effective.
   If the result of the canvass shows a majority in favor of such change, then it shall become effectual on the date at which the next annual election of trustees would be held, and on such date the trustees shall surrender and turn over to the board or boards of supervisors the full and complete management and control of such district, together with all books, contracts, and other documents relating thereto.
   [C24, 27, 31, 35, 39, §7712; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §462.39]

$468.536 Final report of trustees.
   On or before the date such change becomes effective, the said trustees shall make and file with the auditor, or if more than one county, a duplicate with each auditor, a final report setting forth:
   1. The amount of cash funds on hand or to the credit of the district.
   2. The amount of outstanding indebtedness of the district, and the form thereof, whether in warrants, improvement certificates, or bonds and the amount of each.
   3. Any outstanding contracts for repairs or other work to be done.
   4. A statement showing the condition of the improvements of the district, and specifying any portion thereof in need of repair.

468.566 Refinancing powers.
In order to effect such loan, the governing body of such district, or board of supervisors, is authorized to execute such agreements and contracts, and to fulfill such requirements of the loaning agency as are not inconsistent with this part; and to issue, and pledge or sell such bonds at their face value to the said Reconstruction Finance Corporation, or other loaning agency, furnishing the funds for such debt readjustment, in the amount required for such adjustment.

The governing body, or board of supervisors, shall also have the authority as a part of such plan of refinancing, adjusting, composing, and refunding its indebtedness, to cancel the old assessments collectible against the land within the district, pledged to the payment of its outstanding indebtedness and proportionately and equitably relieve the same, with interest, over the period covered by the new bonds, in an amount sufficient to pay said new bonds and interest thereon, provided, however, that the new assessments thereby created against any tract of land within the district shall not be in excess of the unpaid assessments against such tract before the readjustment or composition is made, and provided further, that
such new and extended assessment against such tract shall fully replace the old assessment.

§468.570 Extension of payment — application.

When drainage district bonds have been issued in anticipation of the collection of drainage district assessments levied on real estate within such drainage district are in default, either for failure to pay principal installments or accrued interest thereon, and funds are not on hand within thirty days after such default, ten owners of real estate in such district or the owners of not less than ten percent in amount of the outstanding drainage bonds of such district may make application to the district court of the county wherein said drainage district is located, asking for an extension of time of payment, and a reamortization of the assessments on the real estate within such drainage district, which was in default, and a new schedule of payments of the bonds and other indebtedness, and the issuance of new bonds as provided by this part.

§468.571 Petition.

Ten owners of real estate in such district, or the owners of not less than ten percent in amount of the outstanding drainage bonds of such drainage district, may institute proceedings in the district court of the county issuing such bonds wherein the drainage district is located, by filing a petition which shall set forth the names and addresses of the ten petitioning real estate owners or the names and addresses of the petitioning owners of ten percent in amount of the drainage bonds of said district, that said bonds are in default as defined in section 468.570, that the petitioners have good reason to believe that said default cannot, or will not, be removed by payment under the present schedule of said district, and asking that the matters herein presented be reviewed by the court, and determined as provided by this part.

§468.572 Hearing.

On the filing of such petition the court shall enter an order fixing the date for hearing, which date shall be at least four weeks subsequent to the date of the filing of the order.

§468.573 Parties — notice — service.

The board of supervisors of such county or counties wherein the drainage district is located, shall be notified of the proceeding and hearing by original notice served in the same manner as in civil actions; notice of said hearing shall be served upon each lienholder or encumbrancer of any land within the said drainage district as shown by the transfer books in the county auditor’s office, upon each lienholder or encumbrancer of any land within the said drainage district as shown by the county records, and upon all persons holding claims against said drainage district, as shown by the county records, and also upon all other persons whom it may concern, including bondholders and actual occupants of the land within said drainage district, without naming individuals, by publication thereof, once

468.567 Report and hearing — appeal.

At the direction of the governing board of such district, or board of supervisors, the county auditor of the county within which the land on which the indebtedness is being adjusted is situated, shall compile a tabulated report as to the lands within the said district, setting forth:

1. The name of the owner of each assessed tract as shown by the transfer books in the county auditor’s office.
2. The amount of the unpaid old assessments against each of said tracts.
3. The amount of the new assessment required to pay the new bonds to be issued, together with the installments to be paid thereon annually of principal and interest, and the maximum period of time over which such assessments shall be paid.

After such report is tabulated and filed, a hearing upon the contemplated action of the governing body of such district, or board of supervisors, to make the proposed adjustment, composition, renewal and refunding in such adjusted amount of its outstanding indebtedness, together with the issuance of bonds and the levying of assessments therefor, shall be had in the manner and upon the same notice as is prescribed in sections 468.543 through 468.545 and appeal may be made therefrom as provided in this part.

468.575 Conservator appointed.
If the court finds that the necessary parties have instituted the proceedings, and that all necessary parties have been properly served with notice, and the order of the court, and that the drainage district is in default in the payment of its installment assessments, or the interest thereon, the court shall enter an order appointing the county auditor of the county in which such drainage district is located, or if such drainage district is located in more than one county, the county auditor of the county wherein the greater portion of the lands within said drainage district are located, receiver for the said drainage district, said receiver being hereafter called “conservator”, and the said conservator shall be under the court’s direction. The conservator shall be allowed such compensation as may be determined by the court, and said conservator may employ, under the direction and approval of the court, an attorney, and such assistants as may be necessary to perform the duties required by the conservator under the law, and orders of court.
[C35, §7714-7f; C39, §7714.34; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §464.6]

468.577 Adjudication on report.
At the hearing of the conservator’s report, the court shall fix and determine the amount of money in the hands of the county treasurer belonging to the drainage district; the amount of the indebtedness of the drainage district; and to whom the indebtedness is due, and shall fix and determine the time, manner, and priority of payment of the indebtedness. The court shall fix and determine the amount of unpaid assessment or assessments against each tract of land within the drainage district, and may extend the time of payment, and reamortize and reallocate the assessments upon each tract of land within the drainage district. If the court finds that the assessments as levied against each tract of land within the drainage district are not sufficient to pay the indebtedness due and owing by the drainage district, the court may order the board of supervisors of the county within which the drainage district is located, to levy an
assessment against the lands within the drainage district, in an amount to pay the deficit. However, assessment for the payment of drainage bonds or improvement certificates shall not be levied against any tract of land if the owner of the land is not delinquent in payment of any assessment. The amount of the reassessment on a particular piece of land shall be in direct proportion to the amount of unpaid assessments on the land. The assessment or expenses incidental thereto, for the payment of drainage bonds or improvement certificates under this part, shall not be levied against any tract of land if the owner of the land had previously paid all of the owner’s assessment. The assessment shall be assessed and levied by the board of supervisors upon the lands within the drainage district, in the same proportion as the original assessment. A copy of the order entered by the court shall be filed by the clerk of the district court with the county auditor, and the schedule of payments of the indebtedness of the drainage district as fixed and determined by the court shall be entered upon the drainage records of the drainage district and also spread upon the tax records of the county, and shall become due and payable at the same time as ordinary taxes, and shall be collected in the same manner with the same interest for delinquency, and the same manner of enforcing collection by tax sale. The court may apportion the costs between the creditors of the drainage district and the drainage district.

468.578 Refunding bonds.

The court shall direct the board of supervisors to issue bonds in lieu of the outstanding drainage bonds for said drainage district, and additional bonds for the accrued interest and other indebtedness of said drainage district. Said bonds shall be payable in amounts, and at the time and manner, and with priority of payments as has been determined by order of court, as provided by section 468.577, and shall be called "conservator's drainage district bonds". Each bond shall be numbered and shall state on its face that it is a conservator's drainage district bond; that it is issued in pursuance of a resolution adopted by the board of supervisors, under order of court, and giving the name of the court and the county where such court is held; that it is issued to pay indebtedness of the drainage district; shall state the county where such district is located, and the number of the drainage district for which it is issued; shall state the date of maturity of the bond, the rate of interest thereon, which rate shall not exceed that permitted by chapter 74A, and that the bond is to be paid only from taxes assessed, levied and collected on the lands within the drainage district for which the bond is issued subject to the provisions of section 468.577. All bonds shall be signed by the chairperson of the board of supervisors and countersigned by the conservator designated as such. The interest coupons attached to said bonds shall be attested by the signature of the conservator or a facsimile thereof. When the bonds have been executed as herein required, the conservator may sell said bonds at not less than par with accrued interest thereon, and pay the indebtedness of said drainage district, or may exchange said bonds with the creditors of said drainage district in amounts as have been fixed and determined by the court, and the conservator shall cancel all drainage bonds, improvement certificates, warrants or other evidence of indebtedness received by the conservator in lieu of the conservator’s bonds.

468.579 Lien.

When conservator’s drainage district bonds are issued hereunder, nothing herein shall be construed as impairing the lien of all unpaid assessments upon the real estate within said drainage district, nor shall this part be construed as impairing the priority of the lien thereof, nor the right, duty and power of the officer authorized by law, to levy, collect and apply the proceeds thereof, to the payment of outstanding drainage bonds issued in anticipation of the collection thereof.

468.580 Trustees as parties.

Should a drainage district in default be managed by drainage district trustees, said trustees shall also be named as proper and necessary parties defendant.

468.581 Limitation of action.

No action shall be brought, questioning the validity of any conservator’s drainage district bond issued under this part from and after three months from the date of the order causing the said bonds to be issued.

**PART 3**

**FUNDING OF COUNTY DRAINAGE DISTRICTS**

**468.585 Definitions.**

As used in this part, unless the context otherwise requires:

1. “Drainage improvement” includes the construction, improvement, or repair of the principal structures, works, component parts and accessories of a storm sewer, drainage conduit, channel, or levee for the collection, detention, or discharge of drainage or surface waters.

2. “Urban drainage district” or “district” means a district defined by a county and one or more cities within the county pursuant to an agreement entered into by the county and cities in accordance with chapter 28E and this part with respect to drainage improvements which the county and cities determine benefit the property located in the cities and the designated unincorporated area of the county.

3. “Cost” means the same as defined in section 384.37, subsection 26.

**468.586 Assessment of costs of drainage improvements.**

A county may assess to property within an urban drainage district the cost of a drainage improvement within the county and drainage facilities extending outside the county. A county is empowered to proceed and construct and to assess the cost of a drainage improvement within a district in the same manner as a city may proceed under division IV of chapter 384 and the provisions of division IV of chapter 384 apply to counties with respect to drainage improvements, the assessment of their costs and the issuance of bonds for the improvements. A county may contract for a drainage improvement within a district under this part pursuant to part 3 of division III of chapter 331.

**468.587 Special assessment bonds.**

A county may issue special assessment bonds in anticipation of the collection of special assessments for the cost of drainage improvements within a district in the same manner as provided for cities under division IV of chapter 384.

**468.588 Chapter 28E agreement.**

An agreement entered into between a city and a county in accordance with chapter 28E with respect to a drainage improvement may include among others the following provisions:

1. The sharing of the total cost of the drainage improvement between the city and the county.

2. The amount of total assessments against private property within the city and within the unincorporated area of the county included within the district.

3. The method of specially assessing and determining benefits.

4. The amount of funds, if any, to be contributed by the city and county to the project other than special assessments.

5. The rates to be established and imposed upon property within the drainage district to pay the expenses of operation and maintenance of the drainage improvements.

6. The reduction of the county’s debt service tax levy rate against property within a city which is a party to the joint agreement.

**468.589 Rates and charges for services and connection.**

If a county and city have entered into an agreement pursuant to chapter 28E to create an urban drainage district, the county or city or both may, to the extent and in the manner provided in the agreement, establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of a drainage improvement against property within the district and establish, impose, adjust, and provide for the collection of charges for connection to a drainage improvement. Rates and charges must be established by ordinance of the governing body of the county or city imposing the rates or charges. Rates or charges for the services of and connection to the drainage improvement if not paid as provided by the ordinance of the governing body, are a lien upon the premises served or benefited by that improvement and may be certified to the county trea-

surver and collected in the same manner as other taxes.

SUBCHAPTER V

INDIVIDUAL DRAINAGE RIGHTS

468.600 Drainage through land of others — application.

When the owner of any land desires to construct any levee, open ditch, tile or other underground drain, for agricultural or mining purposes, or for the purposes of securing more complete drainage or a better outlet, across the lands of others or across the right of way of a railroad or highway, or when two or more landowners desire to construct a drain to serve their lands, the landowner or landowners may file with the auditor of the county in which any such land or right of way is situated, an application in writing, setting forth a description of the land or other property through which the landowner is desirous of constructing any such levee, ditch, or drain, the starting point, route, terminus, character, size, and depth thereof. The auditor shall collect a fee of one dollar for filing each application for a ditch or drain.

Manner of service, R.C.P. 1.302 – 1.315

468.602 Service upon nonresident.

In case any such owner is a nonresident of the county the owner may be personally served in the manner required for original notices or, in lieu thereof, the owner may be given notice as provided in section 468.15.

[C73, §1218; C97, §1955; S13, §1955; C24, 27, 31, 35, 39, §7717; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §465.3]
89 Acts, ch 126, §2
CS89, §468.602

468.603 Service on omitted parties — adjournment.

If at the hearing it should appear that any person entitled to notice has not been served with notice, the board may postpone such hearing and fix a new time for the same, and notice of such new time of hearing may be served on such omitted persons in the manner and for the time provided by law and by fixing such new time for hearing and by adjournment to such time, the board shall not lose jurisdiction of the subject matter of such proced-
§4 68.604 Claims for damages — waiver.
Any person or corporation claiming damages or compensation for or on account of the construction of any such improvement, shall file a claim in writing therefor with the auditor at or before the time fixed for hearing on the application. A failure to file such claim at the time specified shall be deemed to be a waiver of the right to claim or recover such damage.

§4 68.605 Hearing — sufficiency of application — damages.
At the time set for hearing on the application, if the board shall find that all necessary parties have been served with notice as required, they shall proceed to hear and determine the sufficiency of the application as to form and substance, which application may be amended both as to form and substance before final action thereon. They shall also determine the merits of the application, all objections thereto, and all claims filed for damages or compensation, and may view the premises. The board may adjourn the proceedings from day to day, but no adjournment shall be for a longer period than ten days.

§4 68.606 Shall locate when — specifications.
If the supervisors find that the levee, ditch, or drain petitioned for will be beneficial for sanitary, agricultural, or mining purposes, they shall locate the same and fix the points of entrance and exit on such land or property, the course of the same through each tract of land, the size, character, and depth thereof, when and in what manner the same shall be constructed, how kept in repair, what connections may be made therewith, what compensation, if any, shall be made to the owners of such land or property for damages by reason of the construction of any such improvements, and any other question arising in connection therewith.

§4 68.607 Findings — record.
The board shall reduce its findings, decision, and determination to writing, which shall be filed with the auditor, who shall record it in the official record of the board's proceedings, together with the application and all other papers filed in connection therewith, and the auditor shall cause the findings and decision of the board to be recorded in the office of the recorder of the county in which such land is situated and said decision shall be final unless appealed from as provided in section 468.608.

§4 68.608 Appeal — notice.
Either party may appeal to the district court from any such decision by causing to be served, within ten days from the time it was filed with the auditor, a notice in writing upon the opposite party of the taking of such appeal, which notice shall be served in the same manner as is provided for the service of original notices. If the appellant is the party petitioning for the drain, the appellant shall also file a bond, conditioned to pay all costs of appeal that may be assessed against the appellant, which bond, if good and sufficient, shall be approved by the auditor.

§4 68.609 Transcript.
In case of appeal, the auditor shall certify to the district court a transcript of the proceedings before the board, which shall be filed in said court with the appeal bond, the party appealing paying for said transcript and the docketing of said appeal, as in other cases.

§4 68.610 Appeal — how tried — costs.
The cause shall be tried in the district court by ordinary proceedings, upon such pleading as the court may direct, each party having the right to offer such testimony as shall be admissible under the rules of law. If the appellant does not recover
§468.611 Parties — judgment — orders.
The party claiming damages shall be the plaintiff and the applicant shall be the defendant; and the court shall render such judgment as shall be warranted by the verdict, the facts, and the law upon all the matters involved, and make such orders as will cause the same to be carried into effect.

§468.612 Costs and damages — payment.
The applicant shall pay the costs of the board and auditor and for the serving of notices for hearing, the fees of witnesses summoned by the board on said hearing, and the recording of the finding of the board by the county recorder.

§468.613 Construction.
Before entering on the construction of the drain, the party applying therefor shall pay to the party through whose land said drain is to be constructed the damages awarded to that party, or shall pay the same to the board for that party's use. The applicant may proceed to construct said drain in accordance with the decision of the board, and the taking of an appeal shall not delay such work.

§468.614 Construction through railroad property.
If any such ditch or drain shall be located through or across the right of way or other land of a railroad company, the board shall determine the cost of constructing the same and the railroad company shall have the privilege of constructing such improvement through its property in accordance with the specifications made by the board and recover the costs thereof as fixed by the board. Such railroad company before it may exercise such privilege shall file its election to that effect with the auditor within five days after the decision of the board is filed.

§468.615 Deposit.
In case such election is filed the applicant shall within ten days thereafter pay to the auditor, for the use of the railroad company, the cost of constructing the drainage improvement through its property, in addition to the amount that may be allowed as damages, and when the railroad company shall have completed the improvement through its property in accordance with such specifications it shall be entitled to demand and receive from the auditor such cost.

§468.616 Failure to construct.
If the railroad company shall fail to so construct the improvement for a period of thirty days after filing its election so to do, the applicant may proceed to do so and may have returned to the applicant the cost thereof deposited with the auditor.

§468.617 Repairs.
In case any dispute shall thereafter arise as to the repair of any such drain, the same shall be determined by the county board of supervisors upon application in substantially the same manner as in the original construction thereof.

§468.618 Obstruction.
Any person who shall dam up, obstruct, or in any way injure any ditch or drain so constructed, shall be liable to pay to the person owning or possessing the swamp, marsh, or other lowlands, for
468.619 Drains on abutting boundary lines.
When any watercourse or natural drainage line crosses the boundary line between two adjoining landowners and both parties desire to drain their land along such watercourse or natural drainage line, but are unable to agree as to the junction of the lines of drainage at such boundary line, the board of supervisors of the county in which said land is located shall have full power and authority upon the application of either party to hear and determine all questions arising between such parties after giving due notice to each of the time and place of such hearing, and may render such decision thereon as to said board shall seem just and equitable.

468.620 Boundary between two counties.
If any controversy referred to in section 468.619 relates to a boundary line between adjoining owners which is also the boundary line between two counties, then such controversy shall be determined by the joint action of the boards of supervisors in said two adjoining counties, and all the proceedings shall be the same as provided in section 468.619 except that it shall be by the joint action of the boards of the two counties.

468.621 Drainage in course of natural drainage — reconstruction — damages.
Owners of land may drain the land in the general course of natural drainage by constructing or reconstructing open or covered drains, discharging the drains in any natural watercourse or depression so the water will be carried into some other natural watercourse, and if the drainage is wholly upon the owner’s land the owner is not liable in damages for the drainage unless it increases the quantity of water or changes the manner of discharge on the land of another. An owner in constructing a replacement drain, wholly on the owner’s land, and in the exercise of due care, is not liable in damages to another if a previously constructed drain on the owner’s own land is rendered inequitable or less efficient by the new drain, unless in violation of the terms of a written contract. This section does not affect the rights or liabilities of proprietors in respect to running streams.

468.622 Drainage connection with highway.
When the course of natural drainage of any land runs to a public highway, the owner of such land shall have the right to enter upon such highway for the purpose of connecting the owner's drain or ditch with any drain or ditch constructed along or across the said highway, but in making such connections, the owner shall do so in accordance with specifications furnished by the highway authorities having jurisdiction thereof, which specifications shall be furnished to the owner on application. The owner shall leave the highway in as good condition in every way as it was before the said work was done.

If a tile line or drainage ditch must be projected across the right of way to a suitable outlet, the expense of both material and labor used in installing the tile line or drainage ditch across the highway and any subsequent repair thereof shall be paid from funds available for the highways affected.

468.623 Private drainage system — record.
Any person who has provided a system of drainage on land owned by the person may have the same made a matter of record in the office of the county recorder of the county in which the drainage system is located, provided any drainage system constructed after July 1, 1969, shall be made a matter of record, as is hereinafter provided.

468.624 Drainage plat book.
The county recorder shall be provided with a loose-leaf plat book, made to scale, for each section of the land within the county in which such records shall be made. Such plat book shall consist of sheets of paper interbound by sheets of tracing cloth with proper heading, margin, and binding.
edge. Said plat book shall be used for keeping a record of drainage systems filed by any landowner. Plats so offered for record shall be drawn to scale on paper measuring eight and one-half by eleven inches, giving distances in feet and indicating the size of tile used, length and location of tile lines as installed with reference to government corners and subdivisions.

468.625 Record book and index.
The county recorder shall also be provided with a record book and index referring to the plats provided for in section 468.624, and which may be used to give the owner's name, description of tracts of land drained, stating the time when drainage system was established, the kind, quality, and brand of tile used, the name and place of manufacturing plant, the name of contractors who laid the tile, the name of the engineer in charge of the survey and installation, the cost of tile, delivery, installation, and engineering expense, depths, grades, outlets, connections, contracts for agreements with adjoining landowners as to connections, and any other matters or information that may be considered of value, all of said information to be furnished by the landowner or the engineer having charge of the installation of the same and certified to under oath.

468.626 Original plat filed.
In lieu of making the record as herein provided any landowner may file with the county recorder the original plat used in the establishment of said drainage system, or a copy thereof, which shall be certified by the engineer having made the same.

468.627 Record not part of title.
The drainage records herein provided for shall not be construed as an essential part of the title to said lands, but may upon request be set out by abstracters as part of the record title of said lands.

468.628 Fees for record and copies.
The county recorder shall be entitled to collect fees for the filing and information heretofore provided for, and for the making of copies of such records the same as is provided for other work of a similar nature.

468.629 Lost records — hearing.
When the records of any mutual drain are incomplete or have been lost, or when the owner of any land affected by such mutual drain believes that the apportionment of costs or damages is inequitable or that repair or reconstruction is needed, such owner may petition the board of supervisors for relief. The board shall notify all affected parties of such petition, and set a date for a hearing on the petition. The board may adjourn the proceedings from day to day, but no adjournment shall be for more than ten days, and may order such engineering examinations, reclassifications of lands and appraisals of damages as they deem necessary. At the completion of the hearing the supervisors shall re-establish the original records or establish a revised record and basis for apportionment of costs and damages as they find equitable and advisable, and may order such repairs or reconstruction as they find to be needed. All cost of such re-establishment or revisions of records, and of the needed repair or reconstruction shall be apportioned in accordance with the basis established.

468.630 Mutual drains — establishment as district.
Whenever a landowner fails to pay the cost apportioned as provided in section 468.629, or whenever a repair or reconstruction ordered as provided in said section is not made within reasonable time, and in such other instances as the board of supervisors desires, the board by resolution shall establish such mutual drain as a drainage district; all proceedings thereafter shall be as provided for other legally established districts.

468.631 Appeal.
The decisions and actions of the board of supervisors under section 468.630 may be appealed as
468.632 Record filed with established district.

When the lands served by a mutual drain are within the boundary of an established drainage district, a complete record of the proceeding relating to such mutual drain shall be filed with and as a part of, the records of such established district.

468.633 Lost or incomplete records.

If the records referred to in section 468.632 are incomplete or have been lost, the board may re-establish such records so as to proportion future costs and damages in proportion to the benefits and damages received because of the construction of such mutual drains and improvements thereof, and may order such surveys, engineering reports, reclassification of lands and appraisal of damages as they deem necessary. All costs of such proceedings shall be assessed against the benefited lands.

468.634 Petition to combine with established district.

Upon receipt of a petition, signed by the owners of the lands served by a mutual drain, requesting that such drain be combined with an established drainage district, the board shall hold a hearing with due notice to the owners of all lands affected by said mutual drain, and if the board finds it desirable it may by resolution make such mutual drains a part of the established district. Such hearing and resolution may be continued as the board deems necessary for the collection of additional information as provided in section 468.633. Such combination with an established district shall constitute dissolution of the mutual drain, and shall be so recorded, after which such mutual drain shall be a part of the district drain in all respects.

HYDROELECTRIC PLANTS

469A.1 Certificate of convenience and necessity.
It shall be unlawful for any person, firm, association or corporation to engage in the business of constructing, maintaining or operating within this state any hydroelectric generating plant or project without first having obtained from the executive council of Iowa a certificate of convenience and necessity declaring that the public convenience and necessity require such construction, maintenance or operation.

469A.2 Public hearing.
No certificate of convenience and necessity shall be issued by the executive council except after a public hearing thereon. The executive council shall, upon the filing of an application for such a certificate, fix the time of the public hearing thereon and shall prescribe the notice which shall be given by the applicant. Any interested person, firm, association, corporation, municipality, state board or commission may intervene and participate in such proceeding and at such hearing.

469A.3 Public welfare promoted.
Before the executive council shall issue a certificate of convenience and necessity, it shall first be satisfied that the public convenience and necessity will be promoted thereby, that the applicant has the financial ability to carry out the terms and conditions imposed, and the applicant has in writing agreed to accept, abide by and comply with such reasonable terms and conditions as the executive council may require and impose.

469A.4 Rules imposed.
The executive council shall prescribe such rules as it may determine necessary for the administration of the provisions of this chapter and may amend such rules at any time.

469A.5 Costs advanced.
The executive council shall, upon the filing of an application, require the applicant to deposit with the secretary of the executive council such amount as the council shall determine, to pay the expenses to be incurred by the executive council in its investigations and in conducting the proceedings, and the executive council may, from time to time as it deems necessary, require the deposit of additional amounts for such purpose.

469A.6 Amendment or revocation.
The executive council may at any time for just cause or upon the failure of the applicant to comply with and to obey the terms and conditions attached to the issuance of any certificate, or when the public convenience and necessity demands, al-
ter, amend or revoke any certificate issued under the provisions of this chapter.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.6]

469A.7 Penalty.
Any person, firm, association or corporation who shall violate the provisions of section 469A.1, shall be guilty of a serious misdemeanor. Each separate day that a violation occurs shall constitute a separate offense.

[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §469A.7]

469A.8 Unlawful combination — receivership.
The state may take possession of a dam for which a permit has been issued under section 455B.275 through receivership proceedings, if the dam becomes owned, leased, trusted, possessed, or controlled by a person in a manner constituting an unlawful combination or trust, or if the dam is the subject or part of the subject of an agreement to limit the output of hydraulic or hydroelectric power derived from the dam for the purpose of price fixing. The receivership proceedings must be instituted by the executive council, and shall be conducted for the purpose of disposing of the dam for a lawful use. The proceeds from the disposition shall be used to reimburse the state for expenses incurred in the receivership. The remaining proceeds shall be awarded to persons found by the court to be entitled to the proceeds.

CHAPTER 470
LIFE CYCLE COST ANALYSIS OF PUBLIC FACILITIES

470.1 Definitions.
As used in this chapter unless the context otherwise requires:
1. “Commissioner” means the state building code commissioner.
2. “Department” means the department of natural resources.
3. “Director” means the director of the department of natural resources.
4. “Economic life” means the projected or anticipated useful life of a facility as expressed by a term of years.
5. “Energy system” includes but is not limited to the following equipment or measures:
   a. Equipment used to heat or cool the facility.
   b. Equipment used to heat water in the facility.
   c. On-site equipment used to generate electricity for the major facility.
   d. On-site equipment that uses the sun, wind, oil, natural gas, coal or electricity as a power source.
   e. Energy conservation measures in the facility design and construction that decrease the energy requirements of the facility.
6. “Facility” means a building having twenty thousand square feet or more of usable floor space that is heated or cooled by a mechanical or electrical system or any building, system, or physical operation which consumes more than forty thousand British thermal units (BTUs) per square foot per year.
7. “Initial cost” means the moneys required for the capital construction or renovation of a facility.
8. “Life cycle cost analysis” means an analytical technique that considers certain costs of owning, using and operating a facility over its economic life including but not limited to the following:
   a. Initial costs.
   b. System repair and replacement costs.
   c. Maintenance costs.
   d. Operating costs, including energy costs.
   e. Salvage value.
9. “Public agency” means a state agency, political subdivision of the state, school district, area education agency, or community college.
10. “Renovation” means a project where additions or alterations exceed fifty percent of the value of a facility and will affect an energy system.

[C81, §470.1]
91 Acts, ch 253, §17, 18
470.2 Policy — analysis required.
The general assembly declares that energy management is of primary importance in the design of publicly owned facilities. Commencing January 1, 1980, a public agency responsible for the construction or renovation of a facility shall, in a design begun after that date, include as a design criterion the requirement that a life cycle cost analysis be conducted for the facility. The objectives of the life cycle cost analysis are to optimize energy efficiency at an acceptable life cycle cost. The life cycle cost analysis shall meet the requirements of section 470.3.
[C81, §470.2]

470.3 Elements of analysis.
1. A life cycle cost analysis shall include but is not limited to the following elements:
   a. Specification of energy management objectives and health, safety and functional constraints. The facility design shall comply with applicable state or local building code requirements.
   b. Identification of the energy needs of the facility and energy system alternatives to meet those needs.
   c. Cost of the energy system alternatives identified in paragraph “b” of this subsection.
   d. Determination of amounts and timing of cash flow.
   e. Calculation of life cycle cost using an economic model such as, but not limited to, rate of return, annual equivalent cost or present equivalent cost.
   f. Evaluation of design and system alternatives using a method such as, but not limited to, design matrices, ranking tables or network analysis.
2. A public agency or a person preparing a life cycle cost analysis for a public facility shall provide the methods and analytical models provided by the department and available through the commissioner, which are suited to the purpose for which the project is intended. Within sixty days of final selection of a design architect or engineer, a public agency, which is also a state agency under section 7D.34, shall notify the commissioner and the department of the methodology to be used to perform the life cycle cost analysis, on forms provided by the department.
[C81, §470.3]
88 Acts, ch 1179, §6; 91 Acts, ch 253, §19

470.4 Analysis approved.
The life cycle cost analysis shall be approved by the public agency before contracts for the construction or renovation are let. A public agency may accept a facility design and shall meet the requirements of this chapter if the design meets the operational requirements of the agency and provides the optimum life cycle cost. The public agency shall retain a copy of the life cycle cost analysis and a statement justifying a design decision both of which shall be available for public inspection at reasonable hours.
[C81, §470.4]

470.5 Exceptions.
This chapter does not apply to buildings used on January 1, 1980 by the division of adult corrections of the department of human services as maximum security detention facilities or to the renovation of property nominated to, or entered in the national register of historic places, designated by statute, or included in an established list of historic places compiled by the historical division of the department of cultural affairs.
[C81, §470.5; 82 Acts, ch 1238, §22]
83 Acts, ch 96, §157, §159

470.6 Restriction on use of public funds.
Public funds shall not be used for the construction or renovation of a facility unless the design for the work is prepared in accordance with this chapter and the actual construction or renovation meets the requirements of the design.
[C81, §470.6]

470.7 Life cycle cost analysis — approval.
The public agency responsible for the new construction or renovation of a facility shall submit a copy of the life cycle cost analysis for review by the commissioner who shall consult with the department. If the public agency is also a state agency under section 7D.34, comments by the department or the commissioner, including any recommendation for changes in the analysis, shall, within thirty days of receipt of the analysis, be forwarded in writing to the public agency. If either the department or the commissioner disagrees with any aspects of the life cycle cost analysis, the public agency affected shall timely respond in writing to the commissioner and the department. The response shall indicate whether the agency intends to implement the recommendations and, if the agency does not intend to implement them, the public agency shall present its reasons. The reasons may include, but are not limited to, a description of the purpose of the facility or renovation, preservation of historical architectural features, architectural and site considerations, and health and safety concerns.

Within thirty days of receipt of the response of the public agency affected, the department, the commissioner, or both, shall notify in writing the public agency affected of the department’s, the commissioner’s, or both’s agreement or disagreement with the response. In the event of a disagreement, the department, the commissioner, or both, shall at the same time transmit the notification of disagreement with response and related papers to the executive council for resolution pursuant to section 7D.34. The life cycle cost analysis process,
including submittal and approval, and implementation exemption requests pursuant to section 470.8, shall be completed prior to the letting of contracts for the construction or renovation of a facility.

88 Acts, ch 1179, §7; 89 Acts, ch 315, §28; 91 Acts, ch 253, §20

470.8 Life cycle cost analysis — implementation and exemptions.

The public agency responsible for the new construction or renovation of a public facility shall implement the recommendations of the life cycle cost analysis.

The commissioner, in consultation with the director, shall, by rule, develop criteria to exempt facilities from the implementation requirements of this section. Using the criteria, the commissioner, in cooperation with the director, shall exempt facilities on a case by case basis. Factors to be considered when developing the exemption criteria shall include, but not be limited to, a description of the purpose of the facility or renovation, the preservation of historical architectural features, site considerations, and health and safety concerns. The commissioner and the director shall grant or deny a request for exemption from the requirements of this section within thirty days of receipt of the request.

473.1 Definitions.

As used in this chapter, unless the context otherwise requires:

1. “Commission” means the environmental protection commission of the department.
2. “Department” means the department of nat-
3. “Director” means the director of the department or a designee.
4. “Energy” or “energy sources” means gasoline, fuel oil, natural gas, propane, coal, special fuels and electricity.
5. “Supplier” means any person engaged in the business of selling, importing, storing or generating energy sources in Iowa.

§473.2 Findings.
The general assembly finds that the health, welfare, and prosperity of all Iowans require the provision of adequate, efficient, reliable, environmentally safe, and least-cost energy at prices which accurately reflect the long-term cost of using such energy resources and which are equitable to all Iowans. The goals and objectives of this policy are to ensure the following:
1. Efficiency. The provision of reliable energy at the least possible cost to Iowans in such manner that:
a. Physical, human, and financial resources are allocated efficiently.
b. All supply and demand options are considered and evaluated using comparable terms and methods in order to determine how best to meet consumers’ demands for energy at the least cost.
2. Environmental quality. The protection of the environment from the adverse external costs of an energy resource utilization so that:
a. Environmental costs of proposed actions having a significant impact on the environment and the environmental impact of the alternatives are identified, documented, and considered in the resource development.
b. The prudently and reasonably incurred costs of environmental controls are recovered.

§473.3 Energy efficiency goal.
The goal of this state is to more efficiently utilize energy resources, especially those that are nonrenewable or that have negative environmental impacts, in order to enhance the economy of the state and to decrease the state’s dependence on energy resources from outside the state by reducing the amount of energy used. This goal is to be implemented through the development of programs that promote energy efficiency and energy conservation by all Iowans, through the development and enhancement of an energy efficiency industry, through the development of indigenous energy resources that are economically and environmentally viable, and through the development and implementation of effective public information and education programs.
State government shall be a model and testing ground for the use of energy efficiency systems.

473.7 Duties of the department.
The department shall:
1. Deliver to the general assembly by January 15, 1990, a plan for the development, management, and efficient utilization of all energy resources in the state. The plan shall evaluate existing energy utilization with regard to energy efficiency and shall evaluate the future energy needs of the state. The plan shall include but is not limited to the following elements:
a. The historical use and distribution of energy in Iowa.
b. The growth rate of energy consumption in Iowa.
c. A projection of Iowa’s energy needs at a minimum of ten years into the future.
d. The impact of meeting Iowa’s energy needs on the economy of the state.
e. The impact of meeting Iowa’s energy needs on the environment of the state.
f. An evaluation of alternative sources and uses of energy.
g. Legislative recommendations that may be necessary as a basis for a state policy for the development and efficient utilization of energy resources.
h. An evaluation of the ability of existing laws and regulations surrounding the utilization of energy resources.
The department shall develop the plan with the assistance of, and in consultation with, representatives of the energy industry, economic interests, the public, and other interested parties. The department shall submit a report to the general assembly concerning the status and implementation of the plan on a biennial basis. The biennial update shall contain an evaluation of all state energy programs including expected versus actual benefits and forecasts of future energy demand in Iowa.
2. Identify a state facility in the state to be used as a marketing tool to promote energy conservation by providing a showcase for the department to demonstrate energy efficiency.
3. The department shall exchange information with other states on energy and especially on the allocation of fuel and shall request all information necessary to determine the reasonableness of any reduction of Iowa’s fuel allocation.
4. Establish a central depository within the state for energy data. The central depository shall be located at or accessible through a library which is a member of an interlibrary loan program to fa-
facilitate access to the data and information contained in the central depository. The department shall collect data necessary to forecast future energy demands in the state. The department may require a supplier to provide information pertaining to the supply, storage, distribution and sale of energy sources in this state. The information shall be furnished on a periodic basis, shall be of a nature which directly relates to the supply, storage, distribution and sale of energy sources, and shall not include any records, documents, books or other data which relate to the financial position of the supplier. Provided the department, prior to requiring any supplier to furnish it with such information, shall make every reasonable effort to determine if the same is available from any other governmental source. If it finds such information is available, the department shall not require submission of the same from a supplier. Notwithstanding the provisions of chapter 22, information and reports obtained under this section shall be confidential except when used for statistical purposes without identifying a specific supplier and when release of the information will not give an advantage to competitors and serves a public purpose. The department shall use this data to conduct energy forecasts which shall be included in the biennial update required by this section.

The department may subpoena witnesses, administer oaths and require the production of records, books, and documents for examination in order to obtain information required to be submitted under this section. In case of failure or refusal on the part of any person to comply with a subpoena issued by the department, or in case of the refusal of any witness to testify as to any matter regarding which the witness may be interrogated under this chapter, the district court, upon the application of the department, may order the person to show cause why the person should not be held in contempt for failure to testify or comply with a subpoena, and may order the person to produce the records, books, and documents for examination, and to give testimony. The courts may punish for contempt as in the case of disobedience to a like subpoena issued by the court, or for refusal to testify.

5. Develop, recommend, and implement with appropriate agencies public and professional education and communication programs in energy efficiency, energy conservation, and conversion to alternative sources of energy.

6. When necessary to carry out its duties under this chapter, enter into contracts with state agencies and other qualified contractors.

7. Receive and accept grants made available for programs relating to duties of the department under this chapter.

8. Promulgate rules necessary to carry out the provisions of this chapter, subject to review in accordance with chapter 17A. Rules promulgated by the governor pursuant to a proclamation issued under the provisions of section 473.8 shall not be subject to review or a public hearing as required in chapter 17A; however, agency rules for implementation of the governor’s proclamation are subject to the requirements of chapter 17A.

9. Examine and determine whether additional state regulatory authority is necessary to protect the public interest and to promote the effective development, utilization and conservation of energy resources. If the department finds that additional regulatory authority is necessary, the department shall submit recommendations to the general assembly concerning the nature and extent of such regulatory authority and which state agency should be assigned such regulatory responsibilities.

10. Develop and assist in the implementation of public education and communications programs in energy development, use and conservation, in co-operation with the department of education, the state university extension services and other public or private agencies and organizations as deemed appropriate by the department.

11. Develop a program to annually give public recognition to innovative methods of energy conservation.

12. Administer and coordinate federal funds for energy conservation programs including, but not limited to, the institutional conservation program, state energy conservation program, and energy extension service program, and related programs which provide energy management and conservation assistance to schools, hospitals, health-care facilities, communities, and the general public.

13. Administer and coordinate the state building energy management program including projects funded through private financing.

14. Perform monthly fuel surveys which establish a statistical average of motor fuel prices for various motor fuels provided throughout the state. Additionally, the department shall perform monthly fuel surveys in cities with populations of over fifty thousand which establish a statistical average of motor fuel prices for various motor fuels provided in those individual cities. The survey results shall be publicized in a monthly press release issued by the department.

15. Conduct a study on activities related to energy production and use which contribute to global climate change and the depletion of the stratospheric ozone layer. The study shall identify the types and relative contributions of these activities in Iowa. The department shall develop a strategy to reduce emissions from activities identified as having an adverse impact on the global climate and the stratospheric ozone layer. The department shall submit a report containing its findings.
473.8 Emergency powers.
If the department by resolution determines the health, safety, or welfare of the people of this state is threatened by an actual or impending acute shortage of usable energy, it shall transmit the resolution to the governor together with its recommendation on the declaration of an emergency by the governor and recommended actions, if any, to be undertaken. Within thirty days of the date of the resolution, the governor may issue a proclamation of emergency which shall be filed with the secretary of state. The proclamation shall state the facts relied upon and the reasons for the proclamation.

Pursuant to the proclamation of an emergency or in response to a declaration of an energy emergency by the president of the United States under the federal Emergency Energy Conservation Act of 1979, Pub. L. No. 96-102, the governor by executive order may:
1. Regulate the operating hours of energy consuming instrumentalities of state government, political subdivisions, private institutions and business facilities to the extent the regulation is not hazardous or detrimental to the health, safety, or welfare of the people of this state. However, the governor shall have no authority to suspend, amend or nullify any service being provided by a public utility pursuant to an order or rule of a federal agency which has jurisdiction over the public utility.
2. Establish a system for the distribution and supply of energy. The system shall not include a coupon rationing program, unless the program is federally mandated.
3. Curtail public and private transportation utilizing energy sources. Curtailment may include measures designed to promote the use of car pools and mass transit systems.
4. Delegate any administrative authority vested in the governor to the department or the director.
5. Provide for the temporary transfer of directors, personnel, or functions of state departments and agencies, for the purpose of performing or facilitating emergency measures pursuant to subsections 1 and 2.

If the general assembly is in session, it may revoke by concurrent resolution any proclamation of emergency issued by the governor. If the general assembly is not in session, the proclamation of emergency by the governor may be revoked by a majority vote of the standing membership of the legislative council. Such revocation shall be effective upon receipt of notice of the revocation by the secretary of state and any functions being performed pursuant to the governor's proclamation shall cease immediately.

A violation of an executive order of the governor issued pursuant to this section is a scheduled violation as provided in section 805.8C, subsection 1. If the violation is continuous and stationary in its nature and subsequent compliance can easily be ascertained, an officer may issue a memorandum of warning in lieu of a citation providing a reasonable amount of time not exceeding fourteen days to correct the violation and to comply with the requirements of the executive order.

473.9 Set-aside definitions.
As used in section 473.10 unless the context otherwise requires:
1. “Hardship” means a situation involving or potentially involving substantial discomfort or danger or economic dislocation caused by a shortage or distribution imbalance of a liquid fossil fuel.
2. “Liquid fossil fuel” means heating oils, diesel oil, motor gasoline, propane, residual fuel oils, kerosene, and aviation fuels.
3. “Prime supplier” means an individual, trustee, agency, partnership, association, corporation, company, municipality, political subdivision or other legal entity that makes the first sale of a liquid fossil fuel into the state distribution system for consumption within the state.

473.10 Reserve required.
1. If the department or the governor finds that an impending or actual shortage or distribution imbalance of liquid fossil fuels may cause hardship or pose a threat to the health and economic well-being of the people of the state or a significant segment of the state's population, the department or the governor may authorize the director to operate a liquid fossil fuel set-aside program as provided in subsection 2.
2. Upon authorization by the department or the governor the director may require a prime supplier to reserve a specified fraction of the prime supplier's projected total monthly release of liquid fossil fuel in Iowa. The director may release any or all of the fuel required to be reserved by a prime
supplier to end-users or to distributors for release through normal retail distribution channels to retail customers. However, the specified fraction required to be reserved shall not exceed three percent for propane, aviation fuel and residual oil, and five percent for motor gasoline, heating oil, and diesel oil.

3. The department shall periodically review and may terminate the operation of a set-aside program authorized by the department under subsection 1 when the department finds that the conditions that prompted the authorization no longer exist. The governor shall periodically review and may terminate the operation of a set-aside program authorized by the governor under subsection 1 when the governor finds that the conditions that prompted the authorization no longer exist.

4. The director shall adopt rules to implement this section.

473.11 Energy conservation trust established — receipts and disbursements.

1. a. The energy conservation trust is created within the state treasury. This state, on behalf of itself, its citizens, and its political subdivisions accepts any moneys awarded or allocated to the state, its citizens, and its political subdivisions as a result of the federal court decisions and United States department of energy settlements resulting from alleged violations of federal petroleum pricing regulations and deposits the moneys in the energy conservation trust.

b. The energy conservation trust is established to provide for an orderly, efficient, and effective mechanism to make maximum use of moneys available to the state, in order to increase energy conservation efforts and thereby to save the citizens of this state energy expenditures. The moneys in the funds in the trust shall be expended only upon appropriation by the general assembly and only for programs which will benefit citizens who may have suffered economic penalties resulting from the alleged petroleum overcharges.

c. The moneys awarded or allocated from each court decision or settlement shall be placed in a separate fund in the energy conservation trust. Notwithstanding section 12C.7, interest and earnings on investments from moneys in the trust shall be credited proportionately to the funds in the trust.

d. Unless prohibited by the conditions applying to a settlement, the petroleum overcharge moneys in the energy conservation trust may be used for the payment of attorney fees and expenses incurred by the state to obtain the moneys and shall be paid by the director of the department of administrative services from the available moneys in the trust subject to the approval of the attorney general.

e. However, petroleum overcharge moneys received pursuant to claims filed on behalf of the state, its institutions, departments, agencies, or political subdivisions shall be deposited in the general fund of the state to be disbursed directly to the appropriate claimants in accordance with federal guidelines and subject to the approval of the attorney general.

f. The moneys deposited under section 473.16 in the general fund of the state shall be used for research and development of selected projects to improve Iowa's energy independence by developing improved methods of energy efficiency, or by increased development and use of Iowa's renewable nonresource-depleting energy resources. The moneys credited to the general fund of the state under section 556.18, subsection 3, shall be used for energy conservation and alternative energy resource projects. The projects shall be selected by the director and administered by the department. Selection criteria for funded projects shall include consideration of indirect restitution to those persons in the state in the utility customer classes and the utility service territories affected by unclaimed utility refunds or deposits.

Moneys deposited into the general fund of the state under sections 473.16, 476.51, and 556.18, subsection 3, are subject to the requirements of section 8.60.

2. The treasurer of state shall be the custodian of the energy conservation trust and shall invest the moneys in the trust, in consultation with the energy fund disbursement council established in subsection 3 and the investment board of the Iowa public employees' retirement system, in accordance with the following guidelines:

a. To maximize the rate of return on moneys in the trust while providing sufficient liquidity to make fund disbursements, including contingency disbursements.

b. To absolutely insure the trust against loss.

c. To use such investment tools as are necessary to achieve these purposes.

3. An energy fund disbursement council is established. The council shall be composed of the governor or the governor's designee, the director of the department of management, who shall serve as the council's chairperson, the administrator of the division of community action agencies of the department of human rights, a designee of the director of the department of natural resources who is knowledgeable in the field of energy conservation, and other persons who are knowledgeable in the field of energy conservation.
of the house, after consultation with the majority leader and the minority leader of the house. The legislative members shall be appointed upon the convening and for the period of each general assembly. Not more than one member from each house shall be of the same political party. The council shall be staffed by the department of natural resources. The attorney general shall provide legal assistance to the council.

The council shall do all of the following:

a. Oversee the investment of moneys deposited in the energy conservation trust.

b. Make recommendations to the governor and the general assembly regarding annual appropriations from the energy conservation trust.

c. Work with the department of natural resources in adopting administrative rules necessary to administer expenditures from the trust, encourage applications for grants and loans, review and select proposals for the funding of competitive grants and loans from the energy conservation trust, and evaluate their comparative effectiveness.

d. Monitor expenditures from the trust.

e. Approve any grants or contracts awarded from the energy conservation trust in excess of five thousand dollars.

f. Prepare, in conjunction with the department of natural resources, an annual report to the governor and the general assembly regarding earnings of and expenditures from the energy conservation trust.

4. The director of the department of natural resources or the director's designee shall be the administrator of the energy conservation trust. The administrator shall disburse moneys appropriated by the general assembly from the funds in the trust in accordance with the federal court orders, law and regulation, or settlement conditions applying to the moneys in that fund, and subject to the approval of the energy fund disbursement council if such approval is required. The council, after consultation with the attorney general, shall immediately approve the disbursement of funds from the funds in the trust for projects which meet the federal court orders, law and regulations, or settlement conditions which apply to that fund.

5. The following funds are established in the energy conservation trust:

a. The Warner/Imperial fund.

b. The Exxon fund.

c. The Stripper Well fund.

d. The Diamond Shamrock fund.

e. The office of hearings and appeals second-stage settlement fund.

6. The moneys in the fund in the energy conservation trust distributed to the state as a result of the federal court decisions finding oil companies in violation of federal petroleum pricing regulations shall be expended expeditiously; until all the receipts are depleted and shall be disbursed for projects which meet the strict guidelines of the five existing federal energy conservation programs specified in Pub. L. No. 97-377, § 155, 96 Stat. 1830, 1919 (1982). The council shall approve the disbursement of moneys from the fund in the trust for other projects only if the projects meet one or more of the following conditions:

a. The projects meet the guidelines for allowable projects under a modification order entered by the federal court in the case involving Exxon corporation.

b. The projects meet the guidelines for allowable projects under a directive order entered by the federal court in the case involving Exxon corporation.

c. The projects meet the guidelines for allowable projects under the regulations adopted or written clarifications issued by the United States department of energy.

d. The projects meet the guidelines for allowable projects under the petroleum violation settlement agreement expenditure plan approved by the United States department of energy.

7. On June 30, 2003, the energy fund disbursement council established in subsection 3 shall be dissolved. At that time, the department of natural resources shall be responsible for the disbursement of any funds either received or remaining in the energy conservation trust. These disbursements shall be for projects and programs consistent with the allowable uses for the energy conservation trust. Also, at that time, and annually thereafter, the state department of transportation shall report to the department of natural resources on the status of the intermodal revolving loan fund established in the department. In the fiscal year beginning July 1, 2019, the department of natural resources shall assume responsibility for funds remaining in the intermodal revolving loan fund and disburse them for energy conservation projects and programs consistent with the allowable uses for the energy conservation trust.

473.12 Implementation of energy conservation measures—state board of regents.

1. The state board of regents shall cause to be performed comprehensive engineering analyses of facilities under the control of the state board of regents and shall implement the energy conservation measures identified in the analyses which are economically feasible and practical and which do not require more than an aggregate period of six years for the recoupment of the cost of construction of the improvements used to secure the implementation of the energy conservation measure. The comprehensive engineering analyses shall be completed no later than June 30, 1989.
2. The department may, pursuant to section 7D.34, reduce the cost of financing for implementation of the energy conservation measures identified, through funds deposited in the state of Iowa facilities improvement corporation established by the department. In order for the state board of regents to receive financing under section 7D.34, the department shall require completion of an energy management plan, including an energy audit and a comprehensive engineering analysis.

3. The state board of regents shall annually report on October 1 to the department the status of all energy conservation measures identified in their comprehensive engineering analysis, whether or not the measures have been acquired or implemented, and the results of energy usage analyses of the board’s facilities.

473.13 Implementation of energy conservation measures — state department of transportation.

1. The state department of transportation utilizing the services of the state of Iowa facilities improvement corporation shall cause to be performed comprehensive engineering analyses of facilities under the control of the state department of transportation and shall implement the energy conservation measures identified in the analyses which do not require more than an aggregate period of six years for the recoupment of the cost of construction of the improvements used to secure the implementation of the energy conservation measures. The comprehensive engineering analyses shall be completed no later than December 31, 1988.

2. The department may, pursuant to section 7D.34, reduce the cost of financing for implementation of the energy conservation measures identified, through funds deposited in the state of Iowa facilities improvement corporation established by the department. In order for the state department of transportation to receive financing, the department shall require completion of an energy management plan, including an energy audit and a comprehensive engineering analysis.

473.13A Energy conservation measures identified and implemented.

The state, state agencies, political subdivisions of the state, school districts, area education agencies, and community colleges shall identify and implement, through energy audits and engineering analyses, all energy conservation measures identified for which financing is made available by the department to the entity. The energy conservation measure financings shall be supported through payments from energy savings.

The department shall not require a school district, community college, area education agency, city, or county to perform an engineering analysis if the school district, community college, area education agency, city, or county demonstrates to the department that the facility which is the subject of the proposed engineering analysis at issue is unlikely to be in use or operation in six years by the governmental entity currently using or occupying the facility.

473.16 Additional funds.

The department may accept funds from state and local sources and shall take steps necessary to obtain federal funds allotted and appropriated for the purpose of the above described energy-related programs. These funds shall be deposited in the general fund of the state and shall be subject to the requirements of section 8.60. Federal funds received under the provisions of this section are appropriated for the purposes set forth in the federal grants.

473.19 Energy bank program.

The energy bank program is established by the
department. The energy bank program consists of the following forms of assistance for the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations:

1. Providing moneys from the petroleum overcharge fund for conducting energy audits for school districts under section 279.44, for conducting comprehensive engineering analyses for school districts and for conducting energy audits and comprehensive engineering analyses for state agencies, and political subdivisions of the state.

2. Providing loans, leases, and other methods of alternative financing from the energy loan fund established in section 473.20 and section 473.20A for the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations to implement energy conservation measures.

3. Serving as a source of technical support for energy conservation management.

4. Providing assistance for obtaining insurance on the energy savings expected to be realized from the implementation of energy conservation measures.

5. Providing self-liquidating financing for the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations pursuant to section 473.20A.

For the purpose of this section, section 473.20, and section 473.20A, "energy conservation measure" means construction, rehabilitation, acquisition, or modification of an installation in a facility or vehicle which is intended to reduce energy consumption, or energy costs, or both, or allow the use of an alternative energy source, which may contain integral control and measurement devices. "Nonprofit organization" means an organization exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code.

473.20 Energy loan fund.

An energy loan fund is established in the office of the treasurer of state to be administered by the department.

1. The department may make loans to the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations for implementation of energy conservation measures identified in a comprehensive engineering analysis. Loans shall be made for all cost-effective energy management improvements. For the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations to receive a loan from the fund, the department shall require completion of an energy management plan including an energy audit and a comprehensive engineering analysis. The department shall approve loans made under this section.

2. Cities and counties shall repay the loans from moneys in their debt service funds. Area education agencies shall repay the loans from any moneys available to them.

School districts and community colleges may enter into financing arrangements with the department or its duly authorized agents or representatives obligating the school district or community college to make payments on the loans beyond the current budget year of the school district or community college. Chapter 75 shall not be applicable. School districts shall repay the loans from moneys in either their general fund or debt service fund. Community colleges shall repay the loans from their general fund. Other entities receiving loans under this section shall repay the loans from any moneys available to them.

3. The department may accept gifts, federal funds, state appropriations, and other moneys for deposit in the energy loan fund or may fund the energy loan fund in accordance with section 473.20A.

4. For the purpose of this section, "loans" means loans, leases, or alternative financing arrangements.

5. The state, state agencies, political subdivisions of the state, school districts, area education agencies, and community colleges shall design and construct the most energy cost-effective facilities feasible and shall use the financing made available by the department to cover the incremental costs above minimum building code energy efficiency standards of purchasing energy efficient devices and materials unless other lower cost financing is available. As used in this section, "facility" means a structure that is heated or cooled by a mechanical or electrical system, or any system of physical operation that consumes energy to carry out a process.

6. The department shall not require the state, state agencies, political subdivisions of the state, school districts, area education agencies, and community colleges to implement a specific energy conservation measure identified in a comprehensive engineering analysis if the entity which prepared the analysis demonstrates to the department that the facility which is the subject of the energy conservation measure is unlikely to be used or operated for the full period of the expected payback of the energy conservation measure.

473.20A Self-liquidating financing.
1. The department of natural resources may enter into financing agreements with the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, or nonprofit organizations in order to provide the financing to pay the costs of furnishing energy conservation measures. The provisions of section 473.20 defining eligible energy conservation measures and the method of repayment of the loans apply to financings under this section.

The financing agreement may contain provisions, including interest, term, and obligations to make payments on the financing agreement beyond the current budget year, as may be agreed upon between the department of natural resources and the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, or nonprofit organizations.

2. For the purpose of funding its obligation to furnish moneys under the financing agreements, or to fund the energy loan fund created in section 473.20, the treasurer of state, with the assistance of the department of natural resources, or the treasurer of state's duly authorized agents or representatives, may incur indebtedness or enter into master lease agreements or other financing arrangements to borrow to accomplish energy conservation measures, or the department of natural resources may enter into master lease agreements or other financing arrangements to permit the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, or nonprofit organizations to borrow sufficient funds to accomplish the energy conservation measure. The obligations may be in such form, for such term, bearing such interest and containing such provisions as the department of natural resources, with the assistance of the treasurer of state, deems necessary or appropriate. Funds remaining after the payment of all obligations have been redeemed shall be paid into the energy loan fund.

3. The state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations may enter into financing agreements and issue obligations necessary to carry out the provisions of the chapter. Chapter 75 shall not be applicable.

473.40 Statewide building energy efficiency rating system.
1. The director shall adopt rules, pursuant to chapter 17A, establishing a statewide building energy efficiency rating system. The rating system shall apply to all new and existing public, commercial, industrial, and residential buildings in the state and shall be established subject to the following schedule:
   b. Ratings for existing residential buildings by July 1, 1993.
   e. Ratings for new commercial and industrial buildings by July 1, 1995.
   f. Ratings for existing commercial and industrial buildings by July 1, 1995.

The director shall adopt a minimum acceptable energy efficiency standard for each class of new buildings.

2. a. The energy efficiency rating shall be disclosed at the request of the prospective purchaser according to the terms of the offer to purchase.
   b. The energy efficiency rating shall be disclosed to a prospective lessee whose rent does not include energy cost upon request.
   c. The designer of a new residential or commercial building shall state in writing to the department that to the best of the person's knowledge, information, and belief, the new building design is in substantial compliance with the minimum energy efficiency standards established by rule of the department.
   d. Concurrent with the disclosure of an energy efficiency rating pursuant to paragraphs "a" through "e", the prospective purchaser or lessee shall be provided with a copy of an information brochure prepared by the department which includes information relevant to that class of building, including, but not limited to:
      (1) How to analyze the building's energy efficiency rating.
      (2) Comparisons to statewide averages for new and existing construction of that class.
      (3) Notice to the prospective purchaser that the seller must disclose a building's energy efficiency rating upon the prospective purchaser's request.
      (4) Information concerning methods to improve a building's energy efficiency rating.
      (5) A notice for residential buyers that qualifying income for mortgage loan purposes may be affected by the energy efficiency rating.
}

e. A new residential, commercial, or industrial building shall not be hooked up or connected to any provider of electricity, whether a regulated utility, rural electric cooperative, municipal utility, or otherwise; or natural gas, except liquid petroleum,
unless the builder states in writing to the utility that to the best of the builder’s knowledge, information, and belief, the building was built in accordance with the construction documents.

f. Each public building proposed for construction, renovation, or acquisition shall be rated pursuant to the energy efficiency rating system provided in subsection 1 prior to contracting for the construction, renovation, or acquisition. The public body proposing to contract for construction, renovation, or acquisition for a public building shall consider the energy efficiency ratings of alternatives when contracting.

3. The energy efficiency rating system adopted by the department shall provide a means of analyzing and comparing the relative energy efficiency of buildings upon sale or lease of new or existing residential, commercial, or industrial buildings. The system shall provide for rating each public building in existence to assist public officials in decision making with regard to capital improvements and public energy costs.

4. The director shall establish a voluntary working group of persons and interest groups interested in the energy efficiency rating system or energy efficiency, including, but not limited to such persons as electrical engineers, mechanical engineers, architects, and builders. The interest group shall advise the department in the development of the energy efficiency rating system and shall assist the department in implementation of the rating system by coordinating education programs for designers, builders, businesses, and other interested persons to assist compliance and to facilitate incorporation of the rating system into existing practices. The intent of the general assembly is to encourage the consideration of the energy efficiency rating system in the market, so as to provide market rewards for energy efficient buildings and those designing, building, or selling energy efficient buildings.

5. All public buildings shall be analyzed for energy efficiency using this rating system by July 1, 1996. The results of that analysis shall be submitted to the department by August 1, 1996. The department shall submit a report to the governor and general assembly by January 15, 1997, that analyzes the results of this evaluation of public buildings and includes recommendations. The results of the analysis of each building shall be submitted to the public agency or governmental subdivision which owns or operates that building as well.

6. The director shall make available energy efficiency practices information to be used by individuals involved in the design, construction, retrofitting, and maintenance of buildings for state and local governments.

7. For purposes of this section:

a. “Builder” means the prime contractor that hires and coordinates building subcontractors or if there is no prime, the contractor that completes more than fifty percent of the total construction work performed on the building. Construction work includes, but is not limited to, foundation, framing, wiring, plumbing, and finishing work.

b. “Designer” means the architect, engineer, landscape architect, builder, interior designer or other person who performs the actual design work or under whose direct supervision and responsible charge the construction documents are prepared.

c. “Public building” means a building owned or operated by the state, a state agency, or a governmental subdivision, including but not limited to a city, county, or school district.

8. The director may report an architect, professional engineer, or landscape architect to the appropriate examining board if the director believes the person has engaged in fraudulent conduct in connection with an energy efficiency rating for a building. The director may report a builder to the division of labor, bureau of contractor registration, if the director believes the builder has engaged in fraudulent conduct in connection with an energy efficiency rating for a building.

473.44 Plumbing products efficiency standards — penalty.
1. The department shall adopt rules which prescribe water use standards for each product classified as a covered product under this section. The standards adopted shall be designed to achieve the maximum efficiency of water use which the department determines is technologically and economically feasible. The department shall consult with the state building code commissioner, the Iowa department of public health, and the plumbing manufacturers’ institute, and shall review all applicable provisions under chapter 153A and chapter 155 in establishing the standards.
2. A person who knowingly violates this sec-
tion is subject to a civil penalty of not more than one hundred dollars for each violation. Local government subdivisions which enforce the standards adopted under this section may collect and utilize receipts from the penalties imposed for building code inspections and enforcement of this section.

3. For the purposes of this section, “covered products” means water closets, urinals, showerheads, lavatory faucets and replacement aerators, and kitchen faucets and replacement aerators.

CHAPTER 473A
MIDWEST ENERGY COMPACT

This chapter not enacted as a part of this title; transferred from chapter 90A in Code 1993

473A.1 Midwest energy compact.

473A.1 Midwest energy compact.
The midwest energy compact is enacted into law and entered into with all other states which legally join in the compact in substantially the following form:

INTERSTATE COMPACT ON ENERGY
ARTICLE I — PURPOSE

It is the purpose of this compact to protect, preserve, and enhance:

a. The economic and general welfare of citizens of the joining states by increasing energy efficiency and energy independence.
b. The economies and very existence of local communities in such states, the economies of which are dependent upon imported energy sources.

ARTICLE II — COMMISSION

a. Organization and management

1. There is hereby created an agency of the member states to be known as the interstate midwest energy commission, hereinafter called the commission. The commission shall consist of three residents of each member state who shall have a background in energy efficiency and who shall be appointed as follows: One member appointed by the governor, who shall serve at the pleasure of the governor; one senator appointed in the manner prescribed by the senate of the state, except that in Iowa the appointment shall be made by the president of the senate, after consultation with the majority leader and the minority leader of the senate, and except that two senators may be appointed by the governor of the state of Nebraska from the unicameral legislature of the state of Nebraska; and one member of the house of representatives appointed in the manner prescribed by the house of representatives of the state. The member first appointed by the governor shall serve for a term of one year and the senator and representative first appointed shall each serve for a term of two years. Thereafter all members appointed shall serve for two-year terms. The attorneys general of member states or assistants designated by the attorneys general shall be nonvoting members of the commission.

2. Each member shall be entitled to one vote. A member must be present to vote and no voting by proxy shall be permitted. The commission shall not act unless a majority of the voting members are present, and no action shall be binding unless approved by a majority of the total number of voting members present.

3. The commission shall be a body corporate of each member state and shall adopt an official seal to be used as it may provide.

4. The commission shall hold an annual meeting and other regular meetings as its bylaws may provide and special meetings as its executive committee may determine. The commission bylaws shall specify the dates of the annual and any other regular meetings, and shall provide for the giving of notice of annual, regular, and special meetings. Notices of special meetings shall include the reasons therefor and an agenda of the items to be considered.

5. The commission shall elect annually, from among its voting members, a chairperson, a vice chairperson, and a treasurer. The commission shall appoint an executive director who shall serve at its pleasure, and shall fix the duties and compensation of the director. The executive director shall be secretary of the commission. The commission shall make provision for the bonding of those
of its officers and employees as it may deem appropriate.

6. Irrespective of the civil service, personnel, or other merit system laws of any member state, the executive director shall appoint or discharge personnel as may be necessary for the performance of the functions of the commission and shall fix, with the approval of the commission, their duties and compensation. The commission bylaws shall provide for personnel policies and programs. The commission may establish and maintain, independently of or in conjunction with any one or more of the member states, a suitable retirement system for its full-time employees. Employees of the commission shall be eligible for social security coverage in respect of old age and survivors insurance provided that the commission takes steps as may be necessary pursuant to federal law to participate in the program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in additional programs of employee benefits as may be appropriate. The commission may borrow, accept, or contract for the services of personnel from any state, the United States, or any other governmental entity.

7. The commission may accept for any of its purposes and functions any and all donations and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any governmental entity, and may utilize and dispose of the same.

8. The commission may establish one or more offices for the transacting of its business.

9. The commission shall adopt bylaws for the conduct of its business. The commission shall publish its bylaws in convenient form, and shall file a copy of the bylaws and any amendments thereto with the appropriate agency or officer in each of the member states.

10. The commission annually shall make to the governor and legislature of each member state a report covering its activities for the preceding year. Any donation or grant accepted by the commission or services borrowed shall be reported in the annual report of the commission, and shall include the nature, amount, and conditions, if any, of the donation, gift, grant, or services borrowed and the identity of the donor or lender. The commission may make additional reports as it may deem desirable.

b. Committees

1. The commission may establish committees from its membership as its bylaws may provide for the carrying out of its functions.

ARTICLE III — POWERS AND DUTIES OF COMMISSION

a. The commission shall conduct comprehensive and continuing studies and investigations of energy efficiency measures and their relationship to and effect upon the citizens and economies of the member states.

b. The commission shall make recommendations for the correction of weaknesses and solutions to problems in present energy efficiency measures or the development of alternatives thereto, including the development, drafting, and recommendation of proposed state or federal legislation.

c. The commission is hereby authorized to do all things necessary and incidental to the administration of its functions under this compact.

ARTICLE IV — FINANCE

a. The commission shall submit to the governor of each member state a budget of its estimated expenditures for the period required by the laws of that state for presentation to the legislature of that state.

b. The moneys necessary to finance the general operations of the commission not otherwise provided for in carrying forth its duties, responsibilities, and powers as stated herein shall be appropriated to the commission by the member states, when authorized by the respective legislatures. Appropriations by member states for the financing of the operations of the commission in the initial biennium of the compact shall be in the amount of fifty thousand dollars for each member state. Thereafter the total amount of appropriations requested shall be apportioned among the member states in the manner determined by the commission. Failure of a member state to provide its share of financing is cause for the state to lose its membership in the compact.

c. The commission shall not incur any obligations of any kind prior to the making of appropriations adequate to meet the same, nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

d. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

e. The accounts of the commission shall be open for inspection at any reasonable time.

ARTICLE V — ELIGIBLE PARTIES, ENTRY INTO FORCE, WITHDRAWAL, AND TERMINATION

a. Any state contiguous to Iowa may become a
member of this compact.

b. This compact shall become effective initially when enacted into law by any five states and in additional states upon their enactment of the same into law.

c. Any member state may withdraw from this compact by enacting a statute repealing the compact, but such withdrawal shall not become effective until one year after the enactment of the repealing statute and the notification of the commission thereof by the governor of the withdrawing state. A withdrawing state shall be liable for any obligations which it incurred on account of its membership up to the effective date of withdrawal, and if the withdrawing state has specifically undertaken or committed itself to any performance of an obligation extending beyond the effective date of withdrawal, it shall remain liable to the extent of that obligation.

d. This compact shall terminate one year after the notification of withdrawal by the governor of any member state which reduces the total membership in the compact to less than five states.

CS91, §93A.1
C93, §473A.1
474.1 Creation of division and board — organization.
A utilities division is created within the department of commerce. The policymaking body for the division is the utilities board which is created within the division. The board is composed of three members appointed by the governor and subject to confirmation by the senate, not more than two of whom shall be from the same political party. Each member appointed shall serve for six-year staggered terms beginning and ending as provided by section 69.19. Vacancies shall be filled for the unexpired portion of the term in the same manner as full-term appointments are made.
The utilities board shall organize by appointing an executive secretary, who shall take the same oath as the members. The board shall set the salary of the executive secretary within the limits of the pay plan for exempt positions provided for in section 8A.413, subsection 2, unless otherwise provided by the general assembly. The board may employ additional personnel as it finds necessary. Subject to confirmation by the senate, the governor shall appoint a member as the chairperson of the board. The chairperson shall be the administrator of the utilities division. The appointment as chairperson shall be for a two-year term which begins and ends as provided in section 69.19.

As used in this chapter and chapters 475A, 476, 476A, 478, 479, 479A, and 479B, “division” and “utilities division” mean the utilities division of the department of commerce.

474.2 Certain persons barred from office.
No person in the employ of any common carrier or other public utility, or owning any bonds, stock or property in any railroad company or other public utility shall be eligible to the office of utilities board member or secretary of the utilities board; and the entering into the employ of any common carrier or other public utility or the acquiring of any stock or other interest in any common carrier or other public utility by such member or secretary after appointment shall disqualify the member or secretary to hold the office or perform the duties thereof.

474.3 Proceedings.
The utilities board may in all cases conduct its proceedings, when not otherwise prescribed by law, in such manner as will best conduce to the proper dispatch of business and the attainment of justice.

474.4 Quorum — personal interest.
A majority of the utilities board shall constitute a quorum for the transaction of business, but no member shall participate in any hearing or proceeding in which the member has any pecuniary interest.

474.5 Rules, forms and service.
1. The utilities board may from time to time make or amend its rules or orders as necessary for
the preservation of order and the regulation of proceedings before it, including forms of notice and the service thereof, which shall conform as nearly as may be to those in use in the courts of the state.

2. The utilities board shall adopt rules approving the types of city-owned or utility-owned lighting which shall be used in providing energy efficient exterior lighting under sections 364.23 and 476.62.

[C97, §2142; C24, 27, 31, 35, 39, §7869; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.5]
89 Acts, ch 297, §8
Manner of commencing actions, chapter 617

474.6 Appearances — record of votes — public hearings.

Any party may appear before the utilities board and be heard in person or by attorney. Every vote and official action thereof shall be entered of record, and, upon the request of either party or person interested, its proceedings shall be public.

[C97, §2142; C24, 27, 31, 35, 39, §7870; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.6]

474.7 Seal.
The utilities board shall have a seal, of which courts shall take judicial notice.

[C97, §2142; C24, 27, 31, 35, 39, §7871; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.7]

474.8 Office — time employed — expenses.
The utilities board shall have an office at the seat of government and each member shall devote the member’s whole time to the duties of the office, and the members and secretary and other employees shall receive their actual necessary traveling expenses while in the discharge of their official duties away from the general offices.

[C97, §2121; SS15, §2121; C24, 27, 31, 35, 39, §7872; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §474.8]

474.9 General jurisdiction of utilities board.
The utilities board has general supervision of all pipelines and all lines for the transmission, sale, and distribution of electrical current for light, heat, and power pursuant to chapters 476, 476A, 478, 479, 479A, and 479B and has other duties as provided by law.

[S13, §2120-n; C24, 27, 31, 35, 39, §7874; C46, 50, 54, 58, 62, 66, 71, 73, §474.10; C75, 77, 79, 81, §474.9]
88 Acts, ch 1134, §90; 89 Acts, ch 296, §71; 95 Acts, ch 192, §4

474.10 General counsel.
The board shall employ a competent attorney to serve as its general counsel, and assistants to the general counsel as it finds necessary for the full and efficient discharge of its duties. The general counsel is the attorney for, and legal advisor of, the board and is exempt from the merit system provisions of chapter 8A, subchapter IV. Assistants to the general counsel are subject to the merit system provisions of chapter 8A, subchapter IV. The general counsel or an assistant to the general counsel shall provide the necessary legal advice to the board in all matters and represent the board in all actions instituted in a state or federal court challenging the validity of a rule or order of the board. The existence of a fact which disqualifies a person from election or from acting as a utilities board member disqualifies the person from employment as general counsel or assistant general counsel. The general counsel shall devote full time to the duties of the office. During employment the counsel shall not be a member of a political committee, contribute to a political campaign fund other than through the income tax checkoff for contributions to the Iowa election campaign fund and the presidential election campaign fund, participate in a political campaign, or be a candidate for a political office.

474.11 to 474.54 Transferred to chapter 327C.

CHAPTER 475
COMMERCE COUNSEL
Repealed by 83 Acts, ch 127, §46 – 49, 52; see §474.10, 475A.1 – 475A.4
475A.1 Consumer advocate.

1. Appointment. The attorney general shall appoint a competent attorney to the office of consumer advocate, subject to confirmation by the senate, in accordance with section 2.32. The consumer advocate is the chief administrator of the consumer advocate division of the department of justice. The advocate’s term of office is for four years. The term begins and ends in the same manner as set forth in section 69.19.

2. Vacancy. If a vacancy occurs in the office of consumer advocate, the vacancy shall be filled for the unexpired term in the same manner as an original appointment under the procedures of section 2.32.

3. Disqualification. The existence of a fact which disqualifies a person from election or acting as utilities board member under section 474.2 disqualifies the person from appointment or acting as consumer advocate.

4. Political activity prohibited. The consumer advocate shall devote the advocate’s entire time to the duties of the office; and during the advocate’s term of office the advocate shall not be a member of a political committee or contribute to a political campaign fund other than through the income tax checkoff for contributions to the Iowa election campaign fund and the presidential election campaign fund or take part in political campaigns or be a candidate for a political office.

5. Removal. The attorney general may remove the consumer advocate for malfeasance or nonfeasance in office, or for any cause which renders the advocate ineligible for appointment, or incapable or unfit to discharge the duties of the advocate’s office; and the advocate’s removal, when so made, is final.

83 Acts, ch 127, §8, 46; 86 Acts, ch 1245, §742, 743

475A.2 Duties.

The consumer advocate shall:

1. Investigate the legality of all rates, charges, rules, regulations, and practices of all persons under the jurisdiction of the utilities board, and institute civil proceedings before the board or any court to correct any illegality on the part of any such person. In any such investigation, the person acting for the office of the consumer advocate shall have the power to ask the board to issue subpoenas, compel the attendance and testimony of witnesses, and the production of papers, books, and documents, at the discretion of the board.

2. Act as attorney for and represent all consumers generally and the public generally in all proceedings before the utilities board.

3. Institute as a party judicial review of any decision of the utilities board, if the consumer advocate deems judicial review to be in the public interest.

4. Appear for all consumers generally and the public generally in all actions instituted in any state or federal court which involve the validity of a rule, regulation, or order of the utilities board.

5. Act as attorney for and represent all consumers generally and the public generally in proceedings before federal and state agencies and related judicial review proceedings and appeals, at the discretion of the consumer advocate.

6. Appear and participate as a party in the name of the office of consumer advocate in the performance of the duties of the office.

83 Acts, ch 127, §9

475A.3 Office — employees — expenses.

1. Office. The office of consumer advocate shall be a separate division of the department of justice and located at the same location as the utilities division of the department of commerce. Administrative support services may be provided to the consumer advocate division by the department of commerce.

2. Employees. The consumer advocate may employ attorneys, legal assistants, secretaries, clerks, and other employees the consumer advocate finds necessary for the full and efficient discharge of the duties and responsibilities of the office. The consumer advocate may employ consultants as expert witnesses or technical advisors pursuant to contract as the consumer advocate finds necessary for the full and efficient discharge of the duties of the office. Employees of the consumer advocate division, other than the consumer advocate, are subject to merit employment, except as provided in section 8A.412.

3. Salaries, expenses, and appropriation.
The salary of the consumer advocate shall be fixed by the attorney general within the salary range set by the general assembly. The salaries of employees of the consumer advocate shall be at rates of compensation consistent with current standards in industry. The reimbursement of expenses for the employees and the consumer advocate is as provided by law. The appropriation for the office of consumer advocate shall be a separate line item contained in the appropriation from the general fund of the state.

475A.4 Utilities division records. The consumer advocate has free access to all the files, records, and documents in the office of the utilities division except:

1. Personal information in confidential personnel records of the utilities division;
2. Records which represent and constitute the work product of the general counsel of the utilities board, and records of confidential communications between utilities board members and their general counsel, where the records relate to a proceeding before the board in which the consumer advocate is a party or a proceeding in any state or federal court in which both the board and the consumer advocate are parties.
3. Customer information of a confidential nature which could jeopardize the customer’s competitive status and is provided by the utility to the division. Such information shall be provided to the consumer advocate by the division, if the board determines it to be in the public interest.

83 Acts, ch 127, §11; 88 Acts, ch 1134, §91; 89 Acts, ch 158, §2

475A.5 Service. The consumer advocate is entitled to service of all documents required by statute or rule to be served on parties in proceedings before the utilities board and all notices, petitions, applications, complaints, answers, motions, and other pleadings filed pursuant to statute or rule with the board.

83 Acts, ch 127, §12

475A.6 Certification of expenses to utilities division. The consumer advocate shall determine the advocate’s expenses, including a reasonable allocation of general office expenses, directly attributable to the performance of the advocate’s duties involving specific persons subject to direct assessment, and shall certify the expenses to the utilities division not less than quarterly. The expenses shall then be includable in the expenses of the division subject to direct assessment under section 476.10.

The consumer advocate shall annually, within ninety days after the close of each fiscal year, determine the advocate’s expenses, including a reasonable allocation of general office expenses, attributable to the performance of the advocate’s duties generally, and shall certify the expenses to the utilities division. The expenses shall then be includable in the expenses of the division subject to remainder assessment under section 476.10.

The consumer advocate is entitled to notice and opportunity to be heard in any utilities board proceeding on objection to an assessment for expenses certified by the consumer advocate. Expenses as assessed under this section shall not exceed the amount appropriated for the consumer advocate division of the department of justice.

The office of consumer advocate may expend additional funds, including funds for outside consultants, if those additional expenditures are actual expenses which exceed the funds budgeted for the performance of the advocate’s duties. Before the office expends or encumbers an amount in excess of the funds budgeted, the director of the department of management shall approve the expenditure or encumbrance. Before approval is given, the director of the department of management shall determine that the expenses exceed the funds budgeted by the general assembly to the office of consumer advocate and that the office does not have other funds from which such expenses can be paid. Upon approval of the director of the department of management, the office may expend and encumber funds for excess expenses. The amounts necessary to fund the excess expenses shall be collected from those utilities or persons which caused the excess expenditures, and the collections shall be treated as repayment receipts as defined in section 8.2, subsection 8.

83 Acts, ch 127, §13; 90 Acts, ch 1247, §10; 99 Acts, ch 20, §1, 6

475A.7 Consumer advisory panel. The attorney general shall appoint five members and the governor shall appoint four members to a consumer advisory panel to meet at the request of the consumer advocate for consultation regarding public utility regulation. A member shall be appointed from each congressional district with the appointee residing within the congressional district at the time of appointment. The remaining appointees shall be members at large. No more than five members shall belong to the same political party as provided in section 69.16. Not more than a simple majority of the members shall be of the same gender. The members appointed by the attorney general shall serve four-year terms at the pleasure of the attorney general and their appointments are not subject to confirmation. The members appointed by the governor shall serve four-year terms at the pleasure of the governor and their appointments are not sub-
ject to confirmation. The governor or attorney general shall fill a vacancy in the same manner as the original appointment for the unexpired portion of the member’s term. Members of the consumer advisory panel shall serve without com-

sation, but shall be reimbursed for actual expenses from funds appropriated to the consumer advocate division.

83 Acts, ch 127, §14, 47; 86 Acts, ch 1244, §60; 86 Acts, ch 1245, §746

REGULATION AUTHORITY

476.1 Applicability of authority.
The utilities board within the utilities division of the department of commerce shall regulate the rates and services of public utilities to the extent and in the manner hereinafter provided.

As used in this chapter, “board” or “utilities board” means the utilities board within the utilities division of the department of commerce.

As used in this chapter, “public utility” shall include any person, partnership, business association, or corporation, domestic or foreign, owning or operating any facilities for:

1. Furnishing gas by piped distribution system or electricity to the public for compensation.
2. Furnishing communications services to the public for compensation.
3. Furnishing water by piped distribution system to the public for compensation.

Mutual telephone companies in which at least fifty percent of the users are owners, co-operative telephone corporations or associations, telephone companies having less than fifteen thousand customers and less than fifteen thousand access lines, municipally owned utilities, and unincorporated villages which own their own distribution systems are not subject to the rate regulation provided for in this chapter.

This chapter does not apply to waterworks having less than two thousand customers, municipally owned waterworks, joint water utilities established pursuant to chapter 389, rural water districts incorporated and organized pursuant to chapters 357A and 504 or 504A, cooperative water associations incorporated and organized pursuant to chapter 499, or to a person furnishing electricity to five or fewer customers either by secondary line or from an alternate energy production facility or small hydro facility, from electricity that is produced primarily for the person’s own use.
476.1A Applicability of authority — certain electric utilities.

Electric public utilities having fewer than ten thousand customers and electric cooperative corporations and associations are not subject to the rate regulation authority of the board. Such utilities are subject to all other regulation and enforcement activities of the board, including:

a. Assessment of fees for the support of the division.

b. Safety and engineering standards for equipment, operations, and procedures.

c. Assigned area of service.

d. Pilot projects of the board.

e. Assessment of fees for the support of the Iowa energy center created in section 266.39C and the center for global and regional environmental research established by the state board of regents.

f. Filing alternate energy purchase program plans with the board, and offering such programs to customers, pursuant to section 476.47.

g. Filing energy efficiency plans and energy efficiency results with the board. The energy efficiency plans as a whole shall be cost-effective. The board may permit these utilities to file joint plans.

h. The board may waive all or part of the energy efficiency filing and review requirements for electric cooperative corporations and associations and electric public utilities which demonstrate superior results with existing energy efficiency efforts.

However, sections 476.20, 476.21, 476.41 through 476.44, 476.51, 476.56, 476.62, and 476.66 and chapters 476A and 478, to the extent applicable, apply to such electric utilities.

i. Electric cooperative corporations and associations and electric public utilities exempt from rate regulation under this section shall not make or grant any unreasonable preferences or advantages as to rates or services to any person or subject any person to any unreasonable prejudice or disadvantage.

476.1B Applicability of authority — municipally owned utilities.

1. Unless otherwise specifically provided by statute, a municipally owned utility furnishing gas or electricity is not subject to regulation by the board under this chapter, except for regulatory action pertaining to:

   a. Assessment of fees for the support of the division and the office of consumer advocate, as set forth in section 476.10.

   b. Safety standards.

   c. Assigned areas of service, as set forth in sections 476.22 through 476.26.

   d. Enforcement of civil penalties pursuant to section 476.51.

   e. Disconnection of service, as set forth in section 476.20.

   f. Discrimination against users of renewable energy resources, as set forth in section 476.21.

   g. Encouragement of alternate energy production facilities, as set forth in sections 476.41 through 476.45.

   h. Enforcement of section 476.56.

   i. Enforcement of section 476.66.

   j. Enforcement of section 476.62.

   k. Assessment of fees for the support of the Iowa energy center created in section 266.39C and the center for global and regional environmental research created by the state board of regents.

   l. Filing energy efficiency plans and energy efficiency results with the board. The energy efficiency plans as a whole shall be cost-effective. The board may permit these utilities to file joint plans.

   m. An electric power agency as defined in chapters 28F and 476A that includes as a member a city or municipally owned utility that builds transmission facilities after July 1, 2001, is subject to applicable transmission reliability rules or standards adopted by the board for those facilities.

   n. Filing alternate energy purchase program plans with the board, and offering such programs to customers, pursuant to section 476.47.

   2. The board may waive all or part of the ener-
gy efficiency filing and review requirements for municipally owned utilities which demonstrate superior results with existing energy efficiency efforts.

3. Unless otherwise specifically provided by statute, a municipally owned utility providing local exchange services is not subject to regulation by the board under this chapter except for regulatory action pertaining to the enforcement of sections 476.11, 476.29, 476.95, 476.96, 476.100, 476.101, and 476.102.

476.1C Applicability of authority — certain gas utilities.

1. Gas public utilities having fewer than two thousand customers are not subject to the regulation authority of the utilities board under this chapter unless otherwise specifically provided. Sections 476.10, 476.20, 476.21, and 476.51 apply to such gas utilities.

Gas public utilities having fewer than two thousand customers shall be subject to the assessment of fees for the support of the Iowa energy center created in section 266.39C and the center for global and regional environmental research created by the state board of regents and shall file energy efficiency plans and energy efficiency results with the board. The energy efficiency plans as a whole shall be cost-effective. The board may waive all or part of the energy efficiency filing requirements if the gas utility demonstrates superior results with existing energy efficiency efforts.

Gas public utilities having fewer than two thousand customers shall keep books, accounts, papers and records accurately and faithfully in the manner and form prescribed by the board. The board may inspect the accounts of the utility at any time.

A gas public utility having fewer than two thousand customers may make effective a new or changed rate, charge, schedule, or regulation after giving written notice of the proposed new or changed rate, charge, schedule, or regulation to all affected customers served by the public utility. The notice shall inform the customers of their right to petition for a review of the proposal to the utilities board within sixty days after notice is served if the petition contains the signatures of at least one hundred of the gas utility’s customers. The notice shall state the address of the utilities board. The new or changed rate, charge, schedule, or regulation takes effect sixty days after such valid notice is served unless a petition for review of the new or changed rate, charge, schedule, or regulation is signed by at least one hundred of the gas utility’s customers with the board prior to the expiration of the sixty-day period.

If such a valid petition is filed with the board within the sixty-day period, any new or changed rate, charge, schedule, or regulation shall take effect, under bond or corporate undertaking, subject to refund of all amounts collected in excess of those amounts which would have been collected under the rates or charges finally approved by the board. If the petition is pending within twelve months following the date the petition to review the prior proposed rate, charge, schedule, or regulation was filed with the board or until the board has made its determination of just and reasonable rates, whichever date is earlier, unless the utility applies to the board for authorization and receives authority to make a subsequent rate change at an earlier date.

Gas public utilities having fewer than two thousand customers shall not make or grant any unreasonable preferences or advantages as to rates or services to any person or subject any person to any unreasonable prejudice or disadvantage. Rates charged by a gas public utility having less than two thousand customers for transportation of customer-owned gas shall not exceed the actual cost of such transportation services including a fair rate of return.

2. If, as a result of a review of a proposed new or changed rate, charge, schedule, or regulation of a gas public utility having fewer than two thousand customers, the consumer advocate alleges in a filing with the board that the utility rates are excessive, the disputed amounts shall be specified by the consumer advocate in the filing. The gas public utility shall, within the time prescribed by the board, file a bond or undertaking approved by the board conditioned upon the refund in a manner prescribed by the board of amounts collected after the date of the filing which are in excess of those amounts which would have been collected under the rates finally approved. How-
ever, the board shall not order a refund that is greater than the amount specified in the petition, plus interest. If the board fails to render a decision within ten months following the date of filing of the petition, the board shall not order a refund of any excess amounts that are collected after the expiration of that ten-month period and prior to the date the decision is rendered.

476.1D Regulation and deregulation of communications services.

1. Except as provided in this section, the jurisdiction of the board as to the regulation of communications services is not applicable to a service or facility that is provided or is proposed to be provided by a telephone utility that is or becomes subject to effective competition, as determined by the board. In determining whether a service or facility is or becomes subject to effective competition, the board shall consider, among other factors, whether a comparable service or facility is available from a supplier other than the telephone utility in the geographic market being considered by the board and whether market forces in that market are sufficient to assure just and reasonable rates without regulation.

2. Deregulation of a service or facility for a utility is effective only after all of the following:
   a. A finding of effective competition by the board.
   b. Election by a utility providing the service or facility to file a deregulation accounting plan.
   c. Approval of a utility’s deregulation accounting plan by the board.

3. If the board determines a service or facility is subject to effective competition and approves the utility’s deregulation accounting plan, the board shall deregulate the service or facility within a reasonable time.

4. Upon deregulation, all investment, revenues, and expenses associated with the service or facility shall be removed from the telephone utility’s regulated operations and shall not be considered by the board in setting rates for the telephone utility unless they continue to affect the utility’s regulated operations. If the board considers investment, revenues, and expenses associated with unregulated services or facilities in setting rates for the telephone utility, the board shall not use any profits or costs from such unregulated services or facilities to determine the rates for regulated services or facilities. This section does not preclude the board from considering the investment, revenues, and expenses associated with the sale of classified directory advertising by a telephone utility in determining rates for the telephone utility.

5. Notwithstanding the presence of effective competition, if the board determines a service or facility is an essential communications service or facility and the public interest warrants retention of service regulation, the board shall deregulate rates and may continue service regulation.

6. The board may reimpose rate and service regulation on a deregulated service or facility if it determines the service or facility is no longer subject to effective competition.

7. The board may reimpose service regulation only on a deregulated service or facility if the board determines the service or facility is an essential communications service or facility and the public interest warrants service regulation, notwithstanding the presence of effective competition.

8. If the board reimposes regulation pursuant to subsection 6 or 7, the reimposition of regulation shall apply to all providers of the service or facility.

9. The board may investigate and obtain information from providers of deregulated services or facilities to determine whether the services or facilities are subject to effective competition or whether the service or facility is an essential communications service or facility and the public interest warrants service regulation. However, the board shall not, for purposes of this subsection, request or obtain information related to the provider’s costs or earnings.

10. The board, at the request of a long distance telephone company, shall classify such company as a competitive long distance telephone company if more than half of the company’s revenues from its Iowa intrastate telecommunications services and facilities are received from services and facilities that the board has determined to be subject to effective competition, or if more than half of the company’s revenues from its Iowa intrastate telecommunications services and facilities are received from intralata interexchange services and facilities. For purposes of this subsection, “intralata interexchange services” means those interexchange services that originate and terminate within the same local access transport area.

The board shall promptly notify the director of revenue that a long distance telephone company has been classified as a competitive long distance telephone company. Upon such notification by the board, the director of revenue shall assess the property of such competitive long distance telephone company, which property is first assessed as commercial property by the local assessor under chapters 427, 427A, 427B, 428, and 441. As used in this section, “long distance telephone company” means an entity that provides telephone service and facilities between local exchanges, but does not include a cellular service provider or a local exchange utility holding a certificate issued under section 476.29, subsection 12.

476.2 Board powers and rules — utility's Iowa office.
1. The board shall have broad general powers to effect the purposes of this chapter notwithstanding the fact that certain specific powers are hereinafter set forth. The board shall have authority to issue subpoenas and to pay the same fees and mileage as are payable to witnesses in the courts of record of general jurisdiction and shall establish all needful, just and reasonable rules, not inconsistent with law, to govern the exercise of its powers and duties, the practice and procedure before it, and to govern the form, contents and filing of reports, documents and other papers provided for in this chapter or in the board's rules. In the establishment, amendment, alteration or repeal of any of such rules, the board shall be subject to the provisions of chapter 17A.
2. The board shall employ at rates of compensation consistent with current standards in industry such professionally trained engineers, accountants, attorneys, and skilled examiners and inspectors, secretaries, clerks, and other employees as it may find necessary for the full and efficient discharge of its duties and responsibilities as required by this chapter.
3. The board may intervene in any proceedings before the federal energy regulatory commission or any other federal or state regulatory body when it finds that any decision of that tribunal would adversely affect the costs of any public utility service within the state of Iowa.
4. The board shall have authority to inquire into the management of the business of all public utilities, and shall keep itself informed as to the manner and method in which the same is conducted, and may obtain from any public utility all necessary information to enable the board to perform its duties.
5. Each rate-regulated gas and electric utility operating within the state shall maintain within the state the utility's principal office for Iowa operations. The principal office shall be subject to the jurisdiction of the board and shall house those books, accounts, papers, and records of the utility deemed necessary by the board to be housed within the state. The utility shall maintain within the state administrative, technical, and operating personnel necessary for the delivery of safe and reasonably adequate services and facilities as required pursuant to section 476.8. A public utility which violates this section shall be subject to the penalties provided in section 476.51 and shall be denied authority to recover, for a period determined by the board, the costs of an energy efficiency plan pursuant to section 476.6, subsection 8.
6. The board shall provide the general assembly with a report on the energy efficiency planning efforts undertaken by utilities required to offer energy efficiency plans pursuant to section 476.6, subsection 14. The report shall be completed by January 1, 1998.

476.3 Complaints — investigation — refunds.
1. A public utility shall furnish reasonably adequate service at rates and charges in accordance with tariffs filed with the board. When there is filed with the board by any person or body politic, or filed by the board upon its own motion, a written complaint requesting the board to determine the reasonableness of the rates, charges, schedules, service, regulations, or anything done or omitted to be done by a public utility subject to this chapter in contravention of this chapter, the written complaint shall be forwarded by the board to the public utility, which shall be called upon to satisfy the complaint or to answer it in writing within a reasonable time to be specified by the board. Copies of the written complaint forwarded by the board to the public utility and copies of all correspondence from the public utility in response to the complaint shall be provided by the board in an expeditious manner to the consumer advocate. If the board determines the public utility's response is inadequate and there appears to be any reasonable ground for investigating the complaint, the board shall promptly initiate a formal proceeding. If the consumer advocate determines the public utility's response to the complaint is inadequate, the consumer advocate may file a petition with the board which shall promptly initiate a formal proceeding if the board determines that there is any reasonable ground for investigating the complaint. The complainant or the public utility also may petition the board to initiate a formal proceeding which petition shall be granted if the board determines that there is any reasonable ground for investigating the complaint. The formal proceeding may be initiated at any time by the board on its own motion. If a proceeding is initiated upon petition filed by the consumer advocate, complainant, or the public utility, or upon the board's own motion, the board shall set the case for hearing and give notice as it deems appropriate. When the board, after a hearing held after reasonable notice, finds a public utility's rates, charges, schedules, service, or regulations are unjust, unreasonable, discriminatory, or otherwise in violation of any provision of law, the board shall determine just, reasonable, and nondiscriminatory rates, charges, schedules, service, or regulations to be observed and enforced.
2. If, as a result of a review procedure conducted under section 476.31, a review conducted under section 476.32, a special audit, an investigation by division staff, or an investigation by the consumer advocate, a petition is filed with the
board by the consumer advocate, alleging that a utility's rates are excessive, the disputed amount shall be specified in the petition. The public utility shall, within the time prescribed by the board, file a bond or undertaking approved by the board conditioned upon the refund in a manner prescribed by the board of amounts collected after the date of filing of the petition in excess of rates or charges finally determined by the board to be lawful. If upon hearing the board finds that the utility's rates are unlawful, the board shall order a refund, with interest, of amounts collected after the date of filing of the petition that are determined to be in excess of the amounts which would have been collected under the rates finally approved. However, the board shall not order a refund that is greater than the amount specified in the petition, plus interest, and if the board fails to render a decision within ten months following the date of filing of the petition, the board shall not order a refund of any excess amounts that are collected after the expiration of that ten-month period and prior to the date the decision is rendered.

Notwithstanding the provisions of this subsection, the consumer advocate shall not file a petition under this subsection that alleges a local exchange carrier's rates are excessive while the local exchange carrier is participating in a price regulation plan approved by the board pursuant to section 476.97.

3. A determination of utility rates by the board pursuant to this section that is based upon a departure from previously established regulatory principles shall apply prospectively from the date of the decision.

476.4 Tariffs filed.

Every public utility shall file with the board tariffs showing the rates and charges for its public utility services and the rules and regulations under which such services were furnished, on April 1, 1963, which rates and charges shall be subject to investigation by the board as provided in section 476.3, and upon such investigation the burden of establishing the reasonableness of such rates and charges shall be upon the public utility filing the same. These filings shall be made under such rules as the board may prescribe within such time and in such form as the board may designate. In prescribing rules and regulations with respect to the form of tariffs, the board shall, in the case of public utilities subject to regulation by any federal agency, give due regard to any corresponding rules and regulations of such federal agency, to the end that unnecessary duplication of effort and expense may be avoided so far as reasonably possible. Each public utility shall keep copies of its tariffs open to public inspection under such rules as the board may prescribe.

Every rate, charge, rule and regulation contained in any filing made with the commission on or prior to July 4, 1963, shall be effective as of such date, subject, however, to investigation as herein provided. If any such filing is made prior to the time the commission prescribes rules as aforesaid, and if such filing does not comply as to form or substance with such rules, then the public utility which filed the same shall within a reasonable time after the adoption of such rules make a new filing or filings complying with such rules, which new filing or filings shall be deemed effective as of July 4, 1963.

476.4A Exemption from tariff filings for telephone utilities.

Notwithstanding contrary provisions of this chapter, a telephone utility may offer centron, centrex, intraexchange private line, or multiline variety package service without filing a tariff unless the board determines such a procedure is not in the public interest. The telephone utility shall offer each service which is exempt from a tariff filing at a rate which exceeds the cost of the service. A telephone utility offering its services without filing a tariff shall not discriminate in an unreasonable manner for or against any customer.

A telephone utility shall provide the board with at least thirty days notice prior to a request to offer service without filing a tariff. The board may require the telephone utility to file its price lists, contracts, or cost allocations for services offered without a tariff. Any such price lists, contracts, or cost allocations so filed shall be afforded rebuttable presumptions that they meet the requirements of section 22.7, subsection 6.

The board shall consider the revenues, expenses and investment related to telephone utility services offered without a filed tariff in proceedings under section 476.3, 476.6 and 476.7.

84 Acts, ch 1267, §1

476.5 Adherence to schedules — discounts.

No public utility subject to rate regulation shall directly or indirectly charge a greater or less compensation for its services than that prescribed in its tariffs, and no such public utility shall make or grant any unreasonable preferences or advantages as to rates or services to any person or subject any person to any unreasonable prejudice or disadvantage.

Nothing in this section shall be construed to prohibit any public utility furnishing communications services from providing any service rendered by it without charge or at reduced rate to any of its active or retired officers, directors, or employees, or such officers, directors or employees of other public utilities furnishing communications ser-
476.6 Changes in rates, charges, schedules and regulations — supply and cost review — water costs for fire protection.

1. Filing with board. A public utility subject to rate regulation shall not make effective a new or changed rate, charge, schedule or regulation until the rate, charge, schedule, or regulation has been approved by the board, except as provided in subsections 8 and 10.

2. Written notice of increase. All public utilities, except those exempted from rate regulation by section 476.1, shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility no more than sixty-two days prior to and prior to the time the application for the increase is filed with the board. Public utilities exempted from rate regulation by section 476.1 shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility at least thirty days prior to the effective date of the increase. If the public utility is subject to rate regulation, the notice to affected customers shall also state that the customer has a right to file a written objection to the rate increase and that the affected customers may request the board to hold a public hearing to determine if the rate increase should be allowed. The board shall prescribe the manner and method that the written notice to each affected customer of the public utility shall be served.

3. Facts and arguments submitted. At the time a public utility subject to rate regulation files with the board an application for any new or changed rates, charges, schedules, or regulations, the public utility also shall submit factual evidence and written argument offered in support of the filing. If the filing is an application for a general rate increase, the utility shall also file affidavits containing testimonial evidence to be offered in support of the filing, although this requirement does not apply if the public utility is a rural electric cooperative.

4. Hearing set. After the filing of an application for new or changed rates, charges, schedules, or regulations by a public utility subject to rate regulation, the board, prior to the expiration of thirty days after the filing date, shall docket the case as a formal proceeding and set the case for hearing unless the new or changed rates, charges, schedules, or regulations are approved by the board. However, if an application presents no material issue of fact subject to dispute, and the board determines that the application violates a relevant statute, or is not in substantial compliance with a board rule lawfully adopted pursuant to chapter 17A, the application may be rejected by the board without prejudice and without a hearing, provided that the board issues a written order setting forth all of its reasons for rejecting the application. In the case of a gas public utility having less than two thousand customers, the board shall docket a case as a formal proceeding and set the case for hearing as provided in section 476.1C. In the case of a rural electric cooperative, the board may docket the case as a formal proceeding and set the case for hearing prior to the proposed effective date of the tariff. The board shall give notice of formal proceedings as it deems appropriate. The docketing of a case as a formal proceeding suspends the effective date of the new or changed rates, charges, schedules, or regulations until the rates, charges, schedules, or regulations are approved by the board, except as provided in subsection 10.

5. Utility hearing expenses reported. When a case has been docketed as a formal proceeding under subsection 4, the public utility, within a reasonable time thereafter, shall file with the board a report outlining the utility’s expected expenses for litigating the case through the time period allowed by the board in rendering a decision. At the conclusion of the utility’s presentation of comments, testimony, exhibits, or briefs the utility shall submit to the board a listing of the utility’s actual litigation expenses in the proceeding. As part of the findings of the board under subsection 6, the board shall allow recovery of costs of the litigation expenses over a reasonable period of time to the extent the board deems the expenses reasonable and just.

6. Finding by board. If, after hearing and decision on all issues presented for determination in the rate proceeding, the board finds the proposed rates, charges, schedules, or regulations of the utility to be unlawful, the board shall by order authorize and direct the utility to file new or changed rates, charges, schedules, or regulations which, when approved by the board and placed in effect, will satisfy the requirements of this chapter. The rates, charges, schedules, or regulations so approved are lawful and effective upon their approval.

7. Limitation on filings. A public utility shall not make a subsequent filing of an application for a new or changed rate, charge, schedule, or regulation which relates to services for which a rate filing is pending within twelve months following the date the prior application was filed or until the board has issued a final order on the prior application, whichever date is earlier, unless the public utility applies to the board for authority and receives authority to make a subsequent filing at an earlier date.

8. Automatic adjustments permitted. This chapter does not prohibit a public utility from making provision for the automatic adjustment of rates and charges for public utility service pro-
9. **Rate levels for telephone utilities.** The board may approve a schedule of rate levels for any regulated service provided by a utility providing communication services.

10. **Temporary authority.** Upon the request of a public utility, the board shall, when required by this subsection, grant the public utility temporary authority to place in effect any or all of the suspended rates, charges, schedules or regulations by filing with the board a bond or other corporate undertaking approved by the board conditioned upon the refund in a manner prescribed by the board of any amounts collected in excess of the amounts which would have been collected under rates, charges, schedules or regulations finally approved by the board. In determining that portion of the new or changed rates, charges, schedules or regulations to be placed in effect prior to a final decision, the board shall apply previously established regulatory principles and shall, at a minimum, permit rates and charges which will allow the utility the opportunity to earn a return on common stock equity equal to that which the board held reasonable and just in the most recent rate case involving the same utility or the same type of utility service, provided that if the most recent final decision of the board in an applicable rate case was rendered more than twelve months prior to the date of filing of the request for temporary rates, the board shall in addition consider financial market data that is filed or that is otherwise available to the board and shall adjust the rate of return on common stock equity that was approved in that decision upward or downward as necessary to reflect current conditions. The board shall render a decision on a request for temporary authority within ninety days after the date of filing of the request. The decision shall be effective immediately. If the board has not rendered a final decision with respect to suspended rates, charges, schedules or regulations upon the expiration of ten months after the filing date, plus the length of any delay that necessarily results either from the failure of the public utility to exercise due diligence in connection with the proceedings or from intervening judicial proceedings, plus the length of any extension permitted by section 476.33, subsection 3, then those portions that were approved by the board on a temporary basis shall be deemed finally approved by the board and the utility may place them into effect on a permanent basis, and the utility also may place into effect subject to refund and until the final decision of the board any portion of the suspended rates, charges, schedules or regulations not previously approved on a temporary basis by filing with the board a bond or other corporate undertaking approved by the board.

A public utility may choose to place in effect temporary rates, charges, schedules, or regulations without board review ten days after the filing under this section. If the utility chooses to place such rates, charges, schedules, or regulations in effect without board review, the utility shall file with the board a bond or other corporate undertaking approved by the board conditioned upon the refund in a manner prescribed by the board of amounts collected in excess of the amounts which would have been collected under rates, charges, schedules, or regulations finally approved by the board. At the conclusion of the proceeding if the board determines that the temporary rates, charges, schedules, or regulations placed in effect under this paragraph were not based on previously established regulatory principles, the board shall consider ordering refunds based upon the overpayments made by each individual customer class, rate zone, or customer group.

If the board finds that an extension of the ten-month period is necessary to permit the accumulation of necessary data with respect to the operation of a newly constructed electric generating facility that has a capacity of one hundred megawatts or more of electricity and that is proposed to be included in the rate base for the first time, the board may extend the ten-month period up to a maximum extension of six months, but only with respect to that portion of the suspended rates, charges, schedules, or regulations that are necessarily connected with the inclusion of the generating facility in the rate base. If a utility is proposing to include in its rate base for the first time a newly constructed electric generating facility that has a capacity of one hundred megawatts or more of electricity, the filing date of new or changed rates, charges, schedules, or regulations shall, for purposes of computing the time limitations stated above, be the date as determined by the board that the new plant went into service, but only with respect to that portion of the suspended rates, charges, schedules, or regulations that are necessarily connected with the inclusion of the generating facility in the rate base.

The board shall determine the rate of interest to be paid by a public utility to persons receiving refunds. The interest rate to be applied to refunds of moneys collected subject to refund under this subsection is two percent per annum plus the average quarterly interest rate at commercial banks for twenty-four-month loans for personal expenditures, as determined by the board, compounded annually. The board shall consider federal reserve statistical release G.19 or its equivalent when determining interest to be paid under this subsection.

11. **Refunds passed on to customers.** If pursuant to federal law or rule a rate-regulated public utility furnishing gas to customers in the state receives a refund or credit for past gas purchases, the savings shall be passed on to the customers in a manner approved by the board. Similarly, if pursuant to federal law or rule a rate-regulated public...
utility furnishing gas to customers in the state receives a rate for future gas purchases which is lower than the price included in the public utility's approved rate application, the savings shall be passed on to the customers in a manner approved by the board.

12. Natural gas supply and cost review. The board shall periodically conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate-regulated public utility's natural gas procurement and contracting practices. The natural gas supply and cost review shall be conducted as a contested case pursuant to chapter 17A.

Under procedures established by the board, each rate-regulated public utility furnishing gas shall periodically file a complete natural gas procurement plan describing the expected sources and volumes of its gas supply and changes in the cost of gas anticipated over a future twelve-month period specified by the board. The utilities shall file information as the board deems appropriate.

During the natural gas supply and cost review, the board shall evaluate the reasonableness and prudence of the gas procurement plan. If a utility is not taking all reasonable actions to minimize its purchase gas costs, consistent with assuring an adequate long-term supply of natural gas, the board shall not allow the utility to recover from its customers purchase gas costs in excess of those costs that would be incurred under reasonable and prudent policies and practices.

13. Electric energy supply and cost review. The board shall periodically conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate-regulated public utility's procurement and contracting practices related to the acquisition of fuel for use in generating electricity. The evaluation may review the reasonableness and prudence of actions taken by a rate-regulated public utility to comply with the federal Clean Air Act Amendments of 1990, Pub. L. No. 101-549. The proceeding shall be conducted as a contested case pursuant to chapter 17A. Under procedures established by the board, the utility shall file information as the board deems appropriate. If a utility is not taking all reasonable actions to minimize its fuel and allowance transaction costs, the board shall not allow the utility to recover from its customers fuel and allowance transaction costs in excess of those costs that would be or would have been incurred under reasonable and prudent policies and practices.

14. Energy efficiency plans. Electric and gas public utilities shall offer energy efficiency programs to their customers through energy efficiency plans. An energy efficiency plan as a whole shall be cost-effective. In determining the cost-effectiveness of an energy efficiency plan, the board shall apply the societal test, utility cost test, rate-payer impact test, and participant test. Energy efficiency programs for qualified low-income persons and for tree planting programs need not be cost-effective and shall not be considered in determining cost-effectiveness of plans as a whole. The energy efficiency programs in the plans may be provided by the utility or by a contractor or agent of the utility.

15. Water costs for fire protection in certain cities.

a. Application. A city furnished water by a public utility subject to rate regulation may apply to the board for inclusion of all or a part of the costs of fire hydrants or other improvements, maintenance, and operations for the purpose of providing adequate water production, storage, and distribution for public fire protection in the rates or charges assessed to consumers covered by the applicant's fire protection service. The application shall be made in a form and manner approved by or as directed by the board. The applicant shall provide such additional information as the board may require to consider the application.

b. Review. The board shall review the application, and may in its discretion consider additional evidence, beyond that supplied in the application or provided by the applicant in response to a request for additional information pursuant to paragraph "a", including, but not limited to, soliciting oral or written testimony from other interested parties.

c. Notice. Written notice of a proposed rate increase shall be provided by the public utility pursuant to subsection 2, except that notice shall be provided within ninety days of the date of application. Costs of the notice shall be paid for by the applicant.

d. Conditions for approval. As a condition to approving an application to include water-related fire protection costs in the utility's rates or charges, the board shall make an affirmative determination that the following conditions will be met:

(1) That the service area currently charged for fire protection, either directly or indirectly, is substantially the same service area containing those persons who will pay for water-related fire protection through inclusion of such costs within the utility's rates or charges.

(2) That the inclusion of such costs within the utility's rates or charges will not cause substantial inequities among the utility's customers.

(3) That all or a portion of the costs sought to be included in the utility's rates or charges by the applicant are reasonable in the circumstances, and limited to the purposes specified in paragraph "a".

(4) That written notice has been provided pursuant to paragraph "c" and that the costs of the notice have been paid by the applicant.

e. Inclusion within rates or charges. If the board affirmatively determines that the conditions of paragraph "d" are or will be satisfied, the board shall include the reasonable costs in the

b. A gas and electric utility required to be rate-
regulated under this chapter shall assess potential
the utility's service area to implement countywide
utility and buildings. The utility shall submit the assess-
ment to the board. Upon receipt of the assess-
ment, the board shall consult with the department of
natural resources to develop specific capacity
and energy savings performance standards for
each utility. The utility shall submit an energy ef-
ciency plan which shall include economically
achievable programs designed to attain these en-
ergy and capacity performance standards.
c. The board shall conduct contested case pro-
cedings for review of energy efficiency plans and
budgets filed by gas and electric utilities required
to be rate-regulated under this chapter. The board
may approve, reject, or modify the plans and bud-
gets. Notwithstanding the provisions of section
17A.19, subsection 5, in an application for judicial
review of the board's decision concerning a utility's
energy efficiency plan or budget, the reviewing
court shall not order a stay. Whenever a request
to modify an approved plan or budget is filed sub-
sequently by the office of consumer advocate or a
gas or electric utility required to be rate-regulated
under this chapter, the board shall promptly initi-
ate a formal proceeding if the board determines
that any reasonable ground exists for investigat-
ing the request. The formal proceeding may be ini-
tiated at any time by the board on its own motion.
Implementation of board-approved plans or bud-
gets shall be considered continuous in nature and
shall be subject to investigation at any time by the
board or the office of the consumer advocate.
d. Notice to customers of a contested case pro-
cceeding for review of energy efficiency plans and
budgets shall be in a manner prescribed by the
board.
e. A gas or electric utility required to be rate-
regulated under this chapter may recover,
through an automatic adjustment mechanism
filed pursuant to subsection 8, over a period not to
exceed the term of the plan, the costs of an energy
efficiency plan approved by the board, including
amounts for a plan approved prior to July 1, 1996,
in a contested case proceeding conducted pur-
suant to paragraph "c". The board shall periodi-
cally conduct a contested case proceeding to evalu-
ate the reasonableness and prudence of the util-
ity's implementation of an approved energy effi-
ciency plan and budget. If a utility is not taking all
reasonable actions to cost-effectively implement
an approved energy efficiency plan, the board
shall not allow the utility to recover from customers
costs in excess of those costs that would be in-
curred under reasonable and prudent imple-
mentation and shall not allow the utility to recover
future costs at a level other than what the board
determines to be reasonable and prudent. If the
result of a contested case proceeding is a judgment
against a utility, that utility's future level of cost
recovery shall be reduced by the amount by which
the programs were found to be imprudently con-
ducted. The utility shall not represent energy effi-
ciency in customer billings as a separate cost or ex-
pense unless the board otherwise approves.
f. A rate-regulated utility required to submit
an energy efficiency plan under this subsection
shall, upon the request of a state agency or politi-
cal subdivision to which it provides service, pro-
vide advice and assistance regarding measures
which the state agency or political subdivision
might take in achieving improved energy efficiency
results. The cooperation shall include assis-
tance in accessing financial assistance for energy
efficiency measures.
17. Filing of forecasts. The board shall peri-
odically require each rate-regulated gas or electric
public utility to file a forecast of future gas require-
ments or electric generating needs and the board
shall evaluate the forecast. The forecast shall in-
cude, but is not limited to, a forecast of the re-
quirements of its customers, its anticipated
sources of supply, and its anticipated means of ad-
dressing the forecasted gas requirements or elec-
tric generating needs.
18. Energy efficiency program financing. The
board may require each rate-regulated gas or
electric public utility to offer qualified customers
the opportunity to enter into an agreement for the
amount of moneys reasonably necessary to fi-
nance cost-effective energy efficiency improve-
ments to the qualified customers' residential
dwellings or businesses.
19. Allocation of replacement tax costs. The
costs of the replacement tax imposed pursuant to chapter 437A shall be reflected in the charges of utilities subject to rate regulation, in lieu of the utilities’ costs of property taxes. The imposition of the replacement taxes pursuant to chapter 437A is not intended to initiate any change in the rates and charges for the sale of electricity, the sale of natural gas, or the transportation of natural gas that is subject to regulation by the board and in effect on January 1, 1999.

The cost of the replacement taxes imposed by chapter 437A shall be allocated among and within customer classes in a manner that will replicate the tax cost burden of the current property tax on individual customers to the maximum extent practicable.

Upon the restructuring of the electric industry in this state so that individual consumers are given the right to choose their electric suppliers, replacement tax costs shall be assigned to the service corresponding to the individual generation, transmission, and delivery taxes. In all other respects, the allocation of the replacement tax costs among and within the customer classes shall remain the same to the maximum extent practicable.

Notwithstanding this subsection, the board may determine the amount of replacement tax properly included in retail rates subject to its jurisdiction. The board may determine whether the base rates or some other form of rate is most appropriate for recovery of the costs of the replacement tax, subject to the requirement that utility rates be reasonable and just. The board may also determine the appropriate allocation of the tax. Any significant modification to rate design relating to the replacement tax shall be made in a manner consistent with this subsection unless made in a contested case proceeding where the impact of such modification on competition and consumer costs is considered.

20. Replacement tax study committee. On or before July 1, 2000, the utilities board, in consultation with the department of revenue, shall initiate and coordinate the establishment of a replacement tax study committee and provide staffing assistance to the committee. It is the intent of the general assembly that the committee include representatives of the utilities board, department of revenue, department of management, investor-owned utilities, municipal utilities, cooperative utilities, local governments, major customer classes, and other stakeholders.

The committee shall study the effects of the replacement tax on both restructuring and the development of competition in the gas and electric industries in this state. The board shall report to the general assembly by January 1 of each year through 2003, the results of the study, and the committee’s recommendations as to whether the replacement tax, in its then present form, should be continued, whether a different form of taxation of electric and gas utilities should be adopted in order to allow free and fair competition in the electric and gas industries, and fair competitive prices for all classes of consumers, whether a different basis for determination of the generation, transmission, and delivery taxes should be adopted or whether the relative share of the total replacement tax burden imposed on each of the generation, transmission, and delivery functions should be modified in order to allow free and fair competition in the electric and gas industries, and fair competitive prices for all classes of consumers, and whether the replacement tax in its then present form, appropriately accounts for the decline in value of electric power generating plants. The replacement tax study committee shall reconvene by January 1, 2006, to further study these same issues, and the board shall report the results of the study and the committee’s recommendations to the general assembly by January 1, 2008.

Upon recommendation of the committee, the board may contract for services necessary to the implementation of this subsection with persons who are not state employees, including, but not limited to, facilitators, consultants, and other experts required to assist the committee. The cost of contracted services shall not be paid from appropriated funds, but shall be assessed to entities paying replacement tax pursuant to chapter 437A, subchapter II, pro rata, based on the amount of tax paid.

21. Recovery of management costs. A public utility which is assessed management costs by a local government pursuant to chapter 480A is entitled to recover those costs. If the public utility serves customers within the boundaries of the local government imposing the management costs, such costs shall be recovered exclusively from those customers.

22. Electric power generating facility emissions.

a. It is the intent of the general assembly that the state, through a collaborative effort involving state agencies and affected generation owners, provide for compatible statewide environmental and electric energy policies with respect to regulated emissions from rate-regulated electric power generating facilities in the state that are fueled by coal. Each rate-regulated public utility that is an owner of one or more electric power generating facilities fueled by coal and located in this state on July 1, 2001, shall develop a multiyear plan and budget for managing regulated emissions from its facilities in a cost-effective manner.

(1) The initial multiyear plan and budget shall be filed with the board by April 1, 2002. Updates to the plan and budget shall be filed at least every twenty-four months.

(2) Copies of the initial plan and budget, as well as any subsequent updates, shall be served on the department of natural resources.

(3) The initial multiyear plan and budget and
any subsequent updates shall be considered in a contested case proceeding pursuant to chapter 17A. The department of natural resources and the consumer advocate shall participate as parties to the proceeding.

(4) The department of natural resources shall state whether the plan or update meets applicable state environmental requirements for regulated emissions. If the plan does not meet these requirements, the department shall recommend amendments that outline actions necessary to bring the plan or update into compliance with the environmental requirements.

b. The board shall not approve a plan or update that does not meet applicable state environmental requirements and federal ambient air quality standards for regulated emissions from electric power generating facilities located in the state.

c. The board shall review the plan or update and the associated budget, and shall approve the plan or update and the associated budget if the plan or update and the associated budget are reasonably expected to achieve cost-effective compliance with applicable state environmental requirements and federal ambient air quality standards. In reaching its decision, the board shall consider whether the plan or update and the associated budget reasonably balance costs, environmental requirements, economic development potential, and the reliability of the electric generation and transmission system.

d. The board shall issue an order approving or rejecting a plan, update, or budget within one hundred eighty days after the public utility’s filing is deemed complete; however, upon good cause shown, the board may extend the time for issuing the order as follows:

(1) The board may grant an extension of thirty days.

(2) The board may grant more than one extension, but each extension must rely upon a separate showing of good cause.

(3) A subsequent extension must not be granted any earlier than five days prior to the expiration of the original one-hundred-eighty-day period, or the current extension.

e. The reasonable costs incurred by a rate-regulated public utility in preparing and filing the plan, update, or budget and in participating in the proceedings before the board and the reasonable costs associated with implementing the plan, update, or budget shall be included in its regulated retail rates.

f. It is the intent of the general assembly that the board, in an environmental plan, update, or associated budget filed under this section by a rate-regulated public utility, may limit investments or expenditures that are proposed to be undertaken prior to the time that the environmental benefit to be produced by the investment or expenditure would be required by state or federal law.

g. The board shall report to the general assembly by January 21, 2003, on the appropriateness and desirability of requiring the municipal utilities and the rural electric cooperatives to file multiyear plans and budgets for managing regulated emissions from their electric power generating facilities fueled by coal and located in this state, similar to the process required for rate-regulated public utilities under this subsection.

476.7 Application by utility for review.

If there shall be filed with the board by any public utility an application requesting the board to determine the reasonableness of the utility’s rates, charges, schedules, service or regulations, the board shall promptly initiate a formal proceeding. Such a formal proceeding may be initiated at any time by the board on its own motion. Whenever such a proceeding has been initiated upon application or motion, the board shall set the case for hearing and give such notice thereof as it deems appropriate. Whenever the board, after a hearing held after reasonable notice, finds any public utility’s rates, charges, schedules, service or regulations are unjust, unreasonable, insufficient, discriminatory or otherwise in violation of any provision of law, the board shall determine just, reasonable, sufficient, and nondiscriminatory rates, charges, schedules, service or regulations to be thereafter observed and enforced.

[C66, 71, 73, 75, §490A.7; C77, 79, 81, §476.7]

476.8 Utility charges and service.

Every public utility is required to furnish reasonably adequate service and facilities. “Reasonably adequate service and facilities” for public utilities furnishing gas or electricity includes programs for customers to encourage the use of energy efficiency and renewable energy sources. The charge made by any public utility for any heat, light, gas, energy efficiency and renewable energy programs, water or power produced, transmitted, delivered or furnished, or communications services, or for any service rendered or to be rendered in connection therewith shall be reasonable and just, and every unjust or unreasonable charge for such service is prohibited and declared unlawful. In determining reasonable and just rates, the
board shall consider all factors relating to value and shall not be bound by rate base decisions or rulings made prior to the adaption of this chapter.

The board, in determining the value of materials or services to be included in valuations or costs of operations for rate-making purposes, may disallow any unreasonable profit made in the sale of materials to or services supplied for any public utility by any firm or corporation owned or controlled directly or indirectly by such utility or any affiliate, subsidiary, parent company, associate or any corporation whose controlling stockholders are also controlling stockholders of such utility. The burden of proof shall be on the public utility to prove that no unreasonable profit is made.

§476.9 Accounts rendered to board.
1. Every public utility shall keep and render to the board in the manner and form prescribed by the board uniform accounts of all business transacted.
2. Every public utility engaged directly or indirectly in any other business than that of the production, transmission or furnishing of heat, light, water or power or furnishing communications services to the public shall, if required by the board, keep and render separately to the board in like manner and form the accounts of all such other business, in which case all the provisions of this chapter shall apply to the books, accounts, papers and records of such other business and all profits and losses may be taken into consideration by the board in determining the value of materials or services to be included in valuations or costs of operations for rate-making purposes, may disallow any unreasonable profit made in the sale of materials to or services supplied for any public utility by any firm or corporation owned or controlled directly or indirectly by such utility or any affiliate, subsidiary, parent company, associate or any corporation whose controlling stockholders are also controlling stockholders of such utility. The burden of proof shall be on the public utility to prove that no unreasonable profit is made.

3. Every public utility is required to keep and render its books, accounts, papers and records accurately and faithfully in the manner and form prescribed by the board, and to comply with all directions of the board relating to such books, accounts, papers and records.
4. The board shall consult with other state and federal regulatory bodies for the purpose of eliminating accounting discrepancies with regard to the keeping of public utility accounts before prescribing any system of accounts to be kept by the public utility.

§476.10 Investigations — expense — appropriation.
In order to carry out the duties imposed upon it by law, the board may, at its discretion, allocate and charge directly the expenses attributable to its duties to the person bringing a proceeding before the board or to persons participating in matters before the board. The board shall ascertain the certified expenses incurred and directly chargeable by the consumer advocate division of the department of justice in the performance of its duties. The board and the consumer advocate separately may decide not to charge expenses to persons who, without expanding the scope of the proceeding or matter, intervene in good faith in a board proceeding initiated by a person subject to the board's jurisdiction, the consumer advocate, or the board on its own motion. For assessments in any proceedings or matters before the board, the board and the consumer advocate separately may consider the financial resources of the person, the impact of assessment on participation by intervenors, the nature of the proceeding or matter, and the contribution of a person's participation to the public interest. The board may present a bill for expenses under this paragraph to the person, either at the conclusion of a proceeding or matter, or from time to time during its progress. Presentation of a bill for expenses under this paragraph constitutes notice of direct assessment and request for payment in accordance with this section.

The board shall ascertain the total of the division's expenses incurred during each fiscal year in the performance of its duties under law. The board shall add to the total of the division's expenses the certified expenses of the consumer advocate as provided under section 475A.6. The board shall deduct all amounts charged directly to any person from the total expenses of the board and the consumer advocate. The board may assess the amount remaining after the deduction to all persons providing service over which the board has jurisdiction in proportion to the respective gross operating revenues of such persons from intrastate operations during the last calendar year over which the board has jurisdiction. For purposes of determining gross operating revenues under this section, the board shall not include gross receipts received by a cooperative corporation or association for wholesale transactions with members of the cooperative corporation or association, provided that the members are subject to assessment by the board based upon the members' gross operating revenues, or provided that such a member is an association whose members are subject to assessment by the board based upon the members' gross operating revenues. If any portion of the remainder can be identified with a specific type of service over which the board has jurisdiction. The board may make the remainder assessments under this paragraph on a quarterly basis, based upon estimates of the expenditures for the fiscal year for the utilities division and the consumer advocate. Not more than ninety days following the close of the fiscal year, the utilities division shall conform the amount of the prior fiscal year's assessments to the requirements of this paragraph. For gas and electric public utilities exempted from
rate regulation pursuant to this chapter, the re-
mainder assessments under this paragraph shall be 
computed at one-half the rate used in comput-
ing the assessment for other persons.

A person subject to a charge or assessment shall 
pay the division the amount charged or assessed 
against the person within thirty days from the 
time the division provides notice to the person of 
the amount due, unless the person files an objec-
tion in writing with the board setting out the 
grounds upon which the person claims that such charge or assessment is excessive, unreasonable, 
erroneous, unlawful, or invalid. Upon receipt of an 
objection, the board shall set the matter for hear-
ing and issue its order in accordance with its find-
ings in the proceeding.

The order shall be subject to review in the man-
er provided in this chapter. All amounts collected 
by the division pursuant to the provisions of this 
section shall be deposited with the treasurer of 
state and credited to the general fund of the state. 
Such amounts shall be spent in accordance with 
the provisions of chapter 8.

Whenever the board shall deem it necessary in 
order to carry out the duties imposed upon it in 
connection with rate regulation under section 
476.6, investigations under section 476.3, or re-
view proceedings under section 476.31, the board 
may employ additional temporary or permanent 
staff, or may contract with persons who are not 
state employees for engineering, accounting, or 
other professional services, or both. The costs of 
these additional employees and contract services 
shall be paid by the public utility whose rates are 
being reviewed in the same manner as other ex-
penses are paid under this section. Beginning on 
July 1, 1991, there is appropriated out of any funds 
in the state treasury not otherwise appropriated, 
such sums as may be necessary to enable the board 
to hire additional staff and contract for services 
under this section. The board shall increase quar-
terly assessments specified in unnumbered para-
graph 2, by amounts necessary to enable the board 
to hire additional staff and contract for services 
under this section. The authority to hire addi-
tional temporary or permanent staff that is granted to 
the board by this section shall not be subject to lim-
itation by any administrative or executive order or 
decision that restricts the number of state em-
ployees or the filling of employee vacancies, and 
shall not be subject to limitation by any law of this 
state that restricts the number of state employees 
or the filling of employee vacancies unless that law 
is made applicable to this section by express refer-
ence to this section. Before the board expends or 
encumbers an amount in excess of the funds bud-
geted for rate regulation and before the board in-
creases quarterly assessments pursuant to this 
paragraph, the director of the department of man-
agement shall approve the expenditure or encum-
brance. Before approval is given, the director of 
the department of management shall determine 
that the expenses exceed the funds budgeted by 
the general assembly to the board for rate regula-
tion and that the board does not have other funds 
from which the expenses can be paid. Upon ap-
proval of the director of the department of man-
agement the board may expend and encumber 
funds for the excess expenses, and increase quar-
terly assessments to raise the additional funds. 
The board and the office of consumer advocate 
may add additional personnel or contract for addi-
tional assistance to review and evaluate energy ef-

4622

ficiency plans and the implementation of energy ef-
niciency programs including, but not limited to, 
professionally trained engineers, accountants, at-
torneys, skilled examiners and inspectors, and 
secretaries and clerks. The board and the office of 
consumer advocate may also contract for addition-
al assistance in the evaluation and implementa-
tion of issues relating to telecommunication com-
petition. The board and the office of the consumer 
advocate may expend additional sums beyond 
those sums appropriated. However, the authority 
to add additional personnel or contract for addi-
tional assistance must first be approved by the de-
partment of management. The additional sums 
for energy efficiency shall be provided to the board 
and the office of the consumer advocate by the util-
ities subject to the energy efficiency requirements 
in this chapter. Telephone companies shall pay 
any additional sums needed for assistance with 
telecommunication competition issues. The as-
sumptions shall be in addition to and separate from 
the quarterly assessment.

Fees paid to the utilities division shall be depos-
ited in the general fund of the state. These funds 
shall be used for the payment, upon appropriation 
by the general assembly, of the expenses of the 
utilities division and the consumer advocate divi-
sion of the department of justice. Subject to this 
section, the utilities division or the consumer ad-
vocate division may keep on hand with the trea-
surer of state funds in excess of the current needs 
of the utilities division or the consumer advocate 
division.

The administrator and consumer advocate shall 
account for receipts and disbursements according 
to the separate duties imposed upon the utilities 
and consumer advocate divisions by the laws of 
this state and each separate duty shall be fiscally 
sustaining.

All fees and other moneys collected under this 
section and sections 478.4, 479.16, and 479A.9 
shall be deposited into the general fund of the state 
and expenses required to be paid under this 
section shall be paid from funds appropriated for 
those purposes. Moneys deposited into the gener-
alfund of the state pursuant to this section and 
sections 478.4, 479.16, and 479A.9 shall be subject 
to the requirements of section 8.60.

476.10A Funding for Iowa energy center and center for global and regional environmental research.

1. a. The board shall direct all gas and electric utilities to remit to the treasurer of state one-tenth of one percent of the total gross operating revenues during the last calendar year derived from their intrastate public utility operations. The board shall by rule provide a schedule for remittances.

   b. The amounts collected pursuant to this section shall be in addition to the amounts permitted to be assessed pursuant to section 476.10. The board shall allow inclusion of these amounts in the budgets approved by the board pursuant to section 476.6, subsection 16, paragraph "c".

   c. (1) Eighty-five percent of the remittances collected pursuant to this section is appropriated to the Iowa energy center created in section 266.39C.

   (2) Fifteen percent of the remittances collected pursuant to this section is appropriated to the center for global and regional environmental research established by the state board of regents.

2. Notwithstanding section 8.33, any unexpended moneys remitted to the treasurer of state under this section shall be retained for the purposes designated. Notwithstanding section 12C.7, subsection 2, interest or earnings on investments or time deposits of the moneys remitted under this section shall be retained and used for the purposes designated, pursuant to section 476.46.

3. The Iowa energy center and the center for global and regional environmental research shall each provide a written annual report to the utilities board that describes each center’s activities and the results that each center has accomplished. Each report shall include an explanation of initiatives and projects of importance to the state of Iowa.

476.11 Telephone toll connections.

Whenever toll connection between the lines or facilities of two or more telephone companies has been made, or is demanded under the statutes of this state and the companies concerned cannot agree as to the terms and procedures under which toll communications shall be interchanged, the board upon complaint in writing, after hearing had upon reasonable notice, shall determine such terms and procedures.

The board may resolve complaints, upon notice and hearing, that a utility, operating under section 476.29, has failed to provide just, reasonable, and nondiscriminatory arrangements for interconnection of its telecommunications services with another telecommunications provider.

476.12 Rehearings before board.

Notwithstanding the Iowa administrative procedure Act, chapter 17A, any party, as defined in the rules and regulations promulgated by the board as provided in section 476.2, to a contested case before the board may within twenty days after the issuance of the final decision apply for a rehearing. The board shall either grant or refuse an application for rehearing within thirty days after the filing of the application, or may after giving the interested parties notice and opportunity to be heard and after consideration of all the facts, including those arising since the making of the order, abrogate or modify its order. A failure by the board to act upon the application for rehearing within the above period shall be deemed a refusal of the application. Neither the filing of an application for rehearing nor the granting of the application shall stay the effectiveness of an order unless the board so directs.

476.13 Judicial review.

1. Notwithstanding the Iowa administrative procedure Act, chapter 17A, the district court for Polk county or for the county in which a public utility maintains its principal place of business has exclusive venue for the judicial review under chapter 17A of actions of the board pursuant to rate regulatory powers over that public utility.

2. Upon the filing of a petition for judicial review in an action referred to in subsection 1, the clerk of the district court shall notify the chief justice of the supreme court for purposes of assignment of a district judge under section 602.1212. The judicial review proceeding shall be heard by the district judge appointed by the supreme court under section 602.1212, but in the county of venue under subsection 1.

3. Notwithstanding the Iowa administrative procedure Act, chapter 17A, if a public utility seeks judicial review of an order approving rates for the public utility, the level of rates that may be collected, under bond and subject to refund, while the appeal is pending shall be limited to the level of the temporary rates set by the board, or the level of the final rates set by the board, whichever is greater. During the period the judicial review proceeding is pending, the board shall retain jurisdiction to determine the rate of interest to be paid on any refunds eventually required on rates collected during judicial review.
§476.13, PUBLIC UTILITY REGULATION

476.14 Violations stopped.
Whenever the board shall be of the opinion that any public utility or any other person is violating this chapter or any order of the board, the board may commence an action in the district court for the county in which such violation is alleged to have occurred, to have such violation stopped and prevented by injunction, mandamus or other appropriate remedy.

[C66, 71, 73, 75, §490A.20; C77, 79, 81, §476.14]

476.15 Extent of jurisdiction.
The jurisdiction and powers of the board shall extend as hereinafter provided to the utility business of public utilities operating within this state to the full extent permitted by the Constitution and laws of the United States.

[C66, 71, 73, 75, §490A.21; C77, 79, 81, §476.15]

476.16 Annual report.
The board shall include in its annual report required under sections 7A.1 and 7A.10 among other matters, to the extent such regulation is conferred upon the board by this chapter, the following:
1. A complete financial report of receipts and expenditures, including list of public utilities and separately the amount of total fees and assessments paid by each.
2. A list of the applications, subject and disposition of each docket number under this chapter, including board fees for such docket assessed by the board.

476.17 Peak-load energy conservation.
1. The board may promulgate rules pursuant to chapter 17A which require or authorize a public utility to establish peak-load management procedures.
2. Rules of the board shall relate to reducing or limiting the peak-load period consumption.
3. In promulgating rules under this section, the board is not bound by decisions, rulings or orders which relate to the definitions of types or classes of customers and which were issued by the Iowa state commerce commission prior to July 1, 1960.
[C81, §476.17]

476.18 Impermissible charges.
1. Public utilities subject to rate regulation are prohibited from including either directly or indirectly in their charges or rates to customers the costs of lobbying.
2. Legal costs and attorney fees incurred by a public utility subject to rate regulation in an appeal in state or federal court involving the validity of any action of the board shall not be included either directly or indirectly in the public utility's charges or rates to customers except to the extent that recovery of legal costs and attorney fees is allowed by the board. The board shall allow a public utility to recover reasonable legal costs and attorney fees incurred in the appeal. The board may consider the degree of success of the legal arguments of the public utility in determining the reasonable legal costs and attorney fees to be allowed.
3. Public utilities subject to rate regulation are prohibited from including either directly or indirectly in their charges or rates to customers the costs of advertising other than advertising which is required by the board or by other state or federal regulation. However, this subsection does not apply to a utility's advertising which is deemed by the board to be necessary for the utility's customers and which is approved by the board.
4. Every ad which is published, broadcast, or otherwise displayed or disseminated to the public by a public utility which is to be charged to the customers of the public utility and which is not required by the board or by other state or federal regulation shall include a statement in the ad that the costs of the ad are being charged to the customers of the public utility. This paragraph does not apply to a utility's product or service that is or becomes subject to competition as determined by the board.
5. This section does not apply to a rural electric cooperative.

476.19 Construction of statutes.
Nothing herein contained shall be construed to invalidate any proceedings under statutes existing prior to the enactment of this chapter; nor shall any action, litigation or appeal pending prior to the effective date of rate regulation of this chapter be affected hereby.

476.20 Disconnection limited — notice — moratorium — deposits.
1. A utility shall not, except in cases of emergency, discontinue, reduce, or impair service to a community, or a part of a community, except for nonpayment of account or violation of rules and regulations, unless and until permission to do so is obtained from the board.
2. The board shall establish rules requiring a regulated public utility furnishing gas or electricity to include in the utility's notice of pending disconnection of service a written statement advising the customer that the customer may be eligible to participate in the low income home energy assistance program or weatherization assistance program administered by the division of community action agencies of the department of human services.
476.23 Electric service conflicts — certificates of authority.

1. An electric utility shall not construct or extend facilities or furnish or offer to furnish electric service to the existing point of delivery of any cus-

right. The written statement shall list the address and telephone number of the local agency which is administering the customer's low income home energy assistance program and the weatherization assistance program. The written statement shall also state that the customer is advised to contact the public utility to settle any of the customer's complaints with the public utility, but if a complaint is not settled to the customer's satisfaction, the customer may file the complaint with the board. The written statement shall include the address and phone number of the board. If the notice of pending disconnection of service applies to a residence, the written statement shall advise that the disconnection does not apply from November 1 through April 1 for a resident who is a "head of household", as defined by law, and who has been certified to the public utility by the local agency which is administering the low income home energy assistance program and weatherization assistance program as being eligible for either the low income home energy assistance program or weatherization assistance program, and that if such a resident resides within the serviced residence, the customer should promptly have the qualifying resident notify the local agency which is administering the low income home energy assistance program and weatherization assistance program. The board shall establish rules requiring that the written notice contain additional information as it deems necessary and appropriate.

3. The board shall establish rules which shall be uniform with respect to all public utilities furnishing gas or electricity relating to disconnection of service. This subsection applies both to regulated utilities and to municipally owned utilities and unincorporated villages which own their own distribution systems, and violations of this subsection subject the utilities to civil penalties under section 476.51.

A qualified applicant for the low income home energy assistance program or the weatherization assistance program who is also a "head of household", as defined in section 422.4, subsection 7, shall be promptly certified by the local agency administering the applicant's program to the applicant's public utility that the resident is a "head of household" as defined in section 422.4, subsection 7, and is qualified for the low income home energy assistance program or weatherization assistance program. Notwithstanding subsection 1, a public utility furnishing gas or electricity shall not disconnect service from November 1 through April 1 to a residence which has a resident that has been certified under this paragraph.

4. A public utility which violates a provision of this section relating to the disconnection of service or which violates a rule of the board relating to disconnection of service is subject to civil penalties imposed by the board under section 476.51.

5. The board shall establish rules which shall be uniform with respect to all public utilities furnishing gas or electricity relating to deposits which may be required by the public utility for the initiation or reinstatement of service.

a. The deposit for a residential or commercial customer for a place which has previously received service shall not be greater than the highest billing of service for one month in the previous twelve-month period.

b. The deposit for a residential or a commercial customer for a place which has not previously received service or for an industrial customer shall be the customer's projected one month's usage for the place to be serviced as determined by the public utility according to rules established by the board.

This subsection does not prohibit a public utility from requiring payment of a customer's past due account with the utility prior to reinstatement of service.

The rules shall allow a person other than the customer to pay the customer's deposit. Upon termination of service to such a customer, the deposit plus accumulated interest less any unpaid utility bill of the customer, shall be reimbursed to the person who made the deposit.

ASSIGNED AREA OF SERVICE

476.22 Definition.

As used in sections 476.23 to 476.26, unless the context otherwise requires, "electric utility" includes a public utility furnishing electricity as defined in section 476.1 and a city utility as defined in section 390.1.

[C77, 79, §476.22]
§476.23, PUBLIC UTILITY REGULATION

A customer already receiving electric service from another electric utility without having first filed with the board the express written agreement of the electric utility presently serving this customer, except as otherwise provided in this section. Any municipal corporation, after being authorized by a vote of the people, or any electric utility may file a petition with the board requesting a certificate of authority to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility. If, after notice by the board to the electric utility currently serving the customer, objection to the petition is not filed and investigation is not deemed necessary, the board shall issue a certificate within thirty days of the filing of the petition. When an objection is filed, if the board, after notice and opportunity for hearing, determines that service to the customer by the petitioner is in the public interest, including consideration of any unnecessary duplication of facilities, it shall grant this certificate in whole or in part, upon such terms, conditions, and restrictions as may be justified. Whether or not an objection is filed, any certificate issued shall require that the petitioner pay to the electric utility presently serving the customer, the reasonable price for facilities serving the customer. This price determination by the board shall include due consideration of the cost of the facilities being acquired; any necessary generating capacity and transmission capacity dedicated to the customer, including, but not limited to, electric power generating facilities and alternate energy production facilities not yet in service but for which the board has issued an order pursuant to section 476.53, and electric power generating facility emissions plan budgets approved by the board pursuant to section 476.6, subsection 22; depreciation; loss of revenue; and the cost of facilities necessary to reintegrate the system of the utility after detaching the portion sold.

2. An electric utility shall not construct or extend facilities or furnish electric service to a prospective customer not presently being served, unless its existing service facilities are nearer the proposed point of delivery than the service facilities of any other utility. However, an electric utility may extend electric service and transmission lines if the electric utility closest to the delivery point consents to this extension in writing and a copy of the agreement is filed with the board or, if the board, after notice and opportunity for hearing and after giving due consideration to the prevention of unnecessary duplication of facilities, finds that service from an electric utility other than the closest utility, is in the public interest. This subsection shall not apply if the prospective customers are within an exclusive service area assigned to an electric utility as provided in this division.

3. Notwithstanding subsections 1 and 2 of this section, any electric utility may extend electric service and transmission lines to its own utility property and facilities.

4. If not inconsistent with the provisions of this division:
   a. All rights of municipal corporations under chapter 364 to grant a person a franchise to erect, maintain, and operate plants and systems for electric light and power within the corporate boundaries, and rights acquired by franchise or agreement shall be preserved in these municipal corporations;
   b. All rights of city utilities under the city code shall be preserved in these city utilities;
   c. All rights of city utilities and joint electric utilities under chapter 390 shall be preserved in these city utilities and joint electric utilities; and
   d. All rights of cities under chapter 6B are preserved. However, prior to the institution of condemnation proceedings, the city shall obtain a certificate of authority from the board in accordance with this division and the board’s determination of price under this division shall be conclusive evidence of damages in these condemnation proceedings.

476.24 Electric utility service area maps.

1. On or before July 1, 1977, and subsequently whenever requested by the board, electric utilities furnishing electricity to the public for compensation in this state shall file, jointly or severally, with the board detailed maps of their service area drawn to a scale of not less than one inch per mile or drawn to a larger scale if required for clarity showing all of the following:
   a. The locations of an electric utility’s generation, franchised transmission lines, distribution lines, and related facilities as of January 1, 1976.
   b. All state and federal highways and other public roads within the electric utility’s service area.
   c. All section lines and numbers and township and range numbers within the electric utility’s service area.
   d. The corporate boundaries of all cities within the electric utility’s service area.
   e. All lakes and rivers within the electric utility’s service area.
   f. All railroads within the electric utility’s service area.
   g. Any additional information requested by the board.

2. On or before July 1, 1978, and subsequently when deemed by the board to be necessary, the board shall prepare or cause to have prepared a composite map of this state showing the service areas of electric utilities as submitted by the electric utilities. The form and detail of all maps shall
be determined by the board.

[C77, 79, 81, §476.24]

476.25 Assigned service areas — electric utilities — legislative policy.

It is declared to be in the public interest to encourage the development of co-ordinated state-wide electric service at retail, to eliminate or avoid unnecessary duplication of electric utility facilities, and to promote economical, efficient, and adequate electric service to the public. In order to effect that public interest, the board may establish service areas within which specified electric utilities shall provide electric service to customers on an exclusive basis. Except for good cause expressed through formal public statement, the board shall establish these exclusive service areas on or before July 1, 1979. These exclusive service area boundaries shall be established by the board upon the following basis:

1. The service area boundaries shall be in a line approximately equidistant between the electric distribution lines of adjacent electric utilities as they existed on January 1, 1976, and as shown by the maps filed in accordance with this division. However, those boundaries may be modified by the board to promote the public interest, to preserve existing service areas and electric utilities' rights to serve existing customers, and to prevent unnecessary duplication of facilities, to take account of natural and physical barriers which would make electric service beyond these barriers uneconomic and impractical and those boundaries shall be modified by the board to take account of the contracts between electric utilities which have been approved by the board pursuant to subsection 2 of this section. When an electric utility's exclusive service area is established by the board to include existing customers presently served by the facilities of another electric utility, unless a voluntary exchange of facilities is agreed upon by the electric utilities involved and approved by the board, the board after notice and opportunity for hearing, shall require the purchase of those facilities at a reasonable price to be determined by the board. The board, on its own motion or at the request of an electric utility or municipal corporation, after notice and opportunity for hearing, may modify the boundaries of an electric utility exclusive service area which it has previously established if this modification, including consideration of the factors noted in this subsection, is found to be in the public interest.

2. Contracts between electric utilities to designate service areas and customers to be served by the electric utilities or for the exchange of customers between electric utilities, when approved by the board, shall be valid and enforceable and shall be incorporated into the appropriate exclusive service areas established pursuant to subsection 1 of this section. The board shall approve a contract if it finds that the contract will eliminate or avoid unnecessary duplication of facilities, will provide adequate electric service to all areas and customers affected, will promote the efficient and economical use and development of the electric systems of the contracting electric utilities, and is in the public interest.

3. An electric utility shall not serve or offer to serve electric customers in an exclusive service area assigned to another electric utility, nor shall an electric utility construct facilities to serve electric customers in an exclusive service area assigned to another electric utility. The state, an electric utility, or any other person who is injured or threatened with injury by conduct prohibited by this section may initiate a contested case proceeding with the board under chapter 17A. Upon finding a violation of this section the board shall order appropriate corrective action including discontinuance of the unlawful service to electric customers, removal of the unlawful facility, or other disposition the board deems just and reasonable.

[C77, 79, 81, §476.25]

84 Acts, ch 1101, §1

476.26 Effect of incorporation, annexation or consolidation.

The inclusion by incorporation, consolidation, or annexation of any facilities or service area of an electric utility within the boundaries of any city shall not by such inclusion impair or affect in any respect the rights of the electric utility to continue to provide electric utility service and to extend service to prospective customers in accordance with the provisions of this division.

CROSSINGS — RAILROAD RIGHTS-OF-WAY

476.27 Public utility crossing — railroad rights-of-way.

1. Definitions. As used in this section, unless the context otherwise requires:

a. "Board" means the Iowa utilities board.

b. "Crossing" means the construction, operation, repair, or maintenance of a facility over, under, or across a railroad right-of-way by a public utility.

c. "Direct expenses" includes, but is not limited to, any or all of the following:

(1) The cost of inspecting and monitoring the crossing site.

(2) Administrative and engineering costs for review of specifications; for entering a crossing on the railroad's books, maps, and property records; and other reasonable administrative and engineering costs incurred as a result of the crossing.

(3) Document and preparation fees associated with a crossing, and any engineering specifications related to the crossing.

(4) Damages assessed in connection with the
rights granted to a public utility with respect to a crossing.

d. “Facility” means any cable, conduit, wire, pipe, casing pipe, supporting poles and guys, manhole, or other material and equipment, that is used by a public utility to furnish any of the following:

(1) Communications services.
(2) Electricity.
(3) Gas by piped system.
(4) Sanitary and storm sewer service.
(5) Water by piped system.

e. “Public utility” means a public utility as defined in section 476.1, except that, for purposes of this section, “public utility” also includes all mutual telephone companies, municipally owned facilities, unincorporated villages, waterworks, municipally owned waterworks, joint water utilities, rural water districts incorporated under chapter 357A, 504, or 504A, cooperative water associations, franchise cable television operators, and persons furnishing electricity to five or fewer persons.

f. “Railroad” or “railroad corporation” means a railroad corporation as defined in section 321.1, which is the owner, operator, occupant, manager, or agent of a railroad right-of-way or the railroad corporation’s successor in interest. “Railroad” and “railroad corporation” include an interurban railroad.

g. “Railroad right-of-way” means one or more of the following:

(1) A right-of-way or other interest in real estate that is owned or operated by a railroad corporation, the trustees of a railroad corporation, or the successor in interest of a railroad corporation.
(2) A right-of-way or other interest in real estate that is occupied or managed by or on behalf of a railroad corporation, the trustees of a railroad corporation, or the successor in interest of a railroad corporation, including an abandoned railroad right-of-way that has not otherwise reverted pursuant to chapter 327G.
(3) Another interest in a former railroad right-of-way that has been acquired or is operated by a land management company or similar entity.

h. “Special circumstances” means either or both of the following:

(1) The existence of characteristics of a segment of railroad right-of-way or of a proposed utility facility that increase the direct expenses associated with a proposed crossing.
(2) A proposed crossing that involves a significant and imminent likelihood of danger to the public health or safety, or that is a serious threat to the safe operations of the railroad, or to the current use of the railroad right-of-way, necessitating additional terms and conditions associated with the crossing.

2. Rulemaking and standard crossing fee.

The board, in consultation with the state department of transportation, shall adopt rules pursuant to chapter 17A prescribing the terms and conditions for a crossing. The rules shall provide that any crossing be consistent with the public convenience and necessity and reasonable service to the public. The rules, at a minimum, shall address the following:

a. The terms and conditions applicable to a crossing including, but not limited to, the following:

(1) Notification required prior to the commencement of any crossing activity.
(2) A requirement that the railroad and the public utility each maintain and repair the person’s own property within the railroad right-of-way, and bear responsibility for each person’s own acts and omissions; except that the public utility shall be responsible for any bodily injury or property damage that typically would be covered under a standard railroad protective liability insurance policy.
(3) The amount and scope of insurance or self-insurance required to cover risks associated with a crossing.
(4) A procedure to address the payment of costs associated with the relocation of public utility facilities within the railroad right-of-way necessary to accommodate railroad operations.
(5) Terms and conditions for securing the payment of any damages by the public utility before it proceeds with a crossing.
(6) Immediate access to a crossing for repair and maintenance of existing facilities in case of emergency.
(7) Engineering standards for utility facilities crossing railroad rights-of-way.
(8) Provision for expedited crossing, absent a claim of special circumstances, after payment by the public utility of the standard crossing fee, if applicable, and submission of completed engineering specifications to the railroad.
(9) Other terms and conditions necessary to provide for the safe and reasonable use of a railroad right-of-way by a public utility, and consistent with rules adopted by the board, including any complaint procedures adopted by the board to enforce the rules.

b. Unless otherwise agreed by the parties and subject to subsection 4, a public utility that locates its facilities within the railroad right-of-way for a crossing, other than a crossing along the public roads of the state pursuant to chapter 477, shall pay the railroad a one-time standard crossing fee of seven hundred fifty dollars for each crossing. The standard crossing fee shall be in lieu of any license or any other fees or charges to reimburse the railroad for the direct expenses incurred by the railroad as a result of the crossing. The public utility shall also reimburse the railroad for any actual flagging expenses associated with a crossing in addition to the standard crossing fee.

3. Powers not limited. a. Notwithstanding subsection 2, rules adopted by the board shall not
preclude a railroad and a public utility from otherwise negotiating the terms and conditions applicable to a crossing or the resolution of any disputes relating to such crossing.

b. Notwithstanding paragraph “a”, neither this subsection nor this section shall impair the authority of a public utility to secure crossing rights by easement pursuant to the exercise of the power of eminent domain.

4. Special circumstances. a. A railroad or public utility that believes special circumstances exist for a particular crossing may petition the board for relief.
   (1) If a petition for relief is filed, the board shall determine whether special circumstances exist that necessitate either a modification of the direct expenses to be paid, or the need for additional terms and conditions.
   (2) The board may make any necessary findings of fact and determinations related to the existence of special circumstances, as well as any relief to be granted.

   (3) A determination of the board, except for a determination on the issue of damages for the rights granted to a public utility with respect to a crossing, shall be considered final agency action subject to judicial review under chapter 17A.

   (4) The board shall assess the costs associated with a petition for relief equitably against the parties.

   b. A railroad or public utility that claims to be aggrieved by a determination of the board on the issue of damages for the rights granted to a public utility with respect to a crossing may seek judicial review as provided in subsection 5.

5. Appeals. a. A railroad or public utility that claims to be aggrieved by the board’s determination of damages for rights granted to a public utility may appeal the board’s determination to the district court in the same manner as provided in section 6B.18 and sections 6B.21 through 6B.23. In any appeal of the determination of damages, the public utility shall be considered the applicant, and the railroad shall be considered the condemnee. References in sections 6B.18 and 6B.21 to “compensation commission” mean the board as defined in this section, or appointees of the board.

   b. An appeal of any determination of the board other than the issues of damages for rights granted to a public utility shall be pursuant to chapter 17A.

6. Authority to cross — emergency relief. Pending board resolution of a claim of special circumstances raised in a petition, a public utility may, upon securing the payment of any damages, and upon submission of completed engineering specifications to the railroad, proceed with a crossing in accordance with the rules adopted by the board, unless the board, upon application for emergency relief, determines that there is a reasonable likelihood that either of the following conditions exist:

   a. That the proposed crossing involves a significant and imminent likelihood of danger to the public health or safety.

   b. That the proposed crossing is a serious threat to the safe operations of the railroad or to the current use of the railroad right-of-way.

    If the board determines that there is a reasonable likelihood that the proposed crossing meets either condition, then the board shall immediately intervene to prevent the crossing until a factual determination is made.

7. Conflicting provisions. Notwithstanding any provision of the Code to the contrary, this section shall apply in all crossings of railroad rights-of-way involving a public utility as defined in this section, and shall govern in the event of any conflict with any other provision of law.

LOCAL TELEPHONE SERVICE

476.29 Certificates for providing local telecommunications services.

1. After September 30, 1992, a utility must have a certificate of public convenience and necessity issued by the board before furnishing landline local telephone service in this state. No lines or equipment shall be constructed, installed, or operated for the purpose of furnishing the service before a certificate has been issued.

2. Except as provided in subsection 12, a certificate shall be issued by the board, after notice and opportunity for hearing, if the board determines that the service proposed to be rendered will promote the public convenience and necessity, provided that an applicant other than a local exchange carrier, as defined in section 476.96, shall not be denied a certificate if the board finds that the applicant possesses the technical, financial, and managerial ability to provide the service it proposes to render and the board finds the service is consistent with the public interest. The board shall make a determination within ninety days of the submission by the applicant of evidence of its technical, financial, and managerial ability, unless the board determines that additional time is necessary to consider the application, in which case the board may extend the time for making a determination for an additional sixty days. The board may establish reasonable conditions or restrictions on the certificate at the time of issuance.

3. A certificate is transferable, subject to approval of the board pursuant to section 476.20,
subsection 1, and for purposes of a rate-regulated local exchange utility shall be treated by the board in the same manner as a reorganization pursuant to sections 476.76 and 476.77.

4. Each certificate shall define the service territory in which land-line local telephone service will be provided. The service territory shall be shown on maps and other documentation as the board may require to be filed with the board. The board shall, by rule, specify the style, size, and kind of map or other documentation, and the information to be shown.

5. Each local exchange utility has an obligation to serve all eligible customers within the utility's service territory, unless explicitly excepted from this requirement by the board.

6. The certificate and tariffs approved by the board are the only authority required for the utility to furnish land-line local telephone service. However, to the extent not inconsistent with this section, the power to regulate the conditions required and manner of use of the highways, streets, rights-of-way, and public grounds remains in the appropriate public authority.

7. The inclusion of any facilities or service territory of a local exchange utility within the boundaries of a city does not impair or affect the rights of the utility to provide land-line local telephone service in the utility's service territory.

8. An agreement between local exchange utilities to designate service territory boundaries and customers to be served by the utilities, or for exchange of customers between utilities, when approved by the board after notice to affected persons and opportunity for hearing, is valid and enforceable and shall be incorporated into the appropriate certificates. The board shall approve an agreement if the board finds the agreement will result in adequate service to all areas and customers affected and is in the public interest.

9. A certificate may, after notice and opportunity for hearing, be revoked by the board for failure of a utility to furnish reasonably adequate telephone service and facilities. The board may also order a revocation affecting less than the entire service territory, or may place appropriate conditions on a utility to ensure reasonably adequate telephone service. Prior to revocation proceedings, the board shall notify the utility of any inadequacies in its service and facilities and allow the utility a reasonable time to eliminate the inadequacies.

10. In the event that eighty percent or more of the subscribers in a community served by a local exchange utility sign a petition indicating they are adversely affected by school reorganization or economic dislocation and prefer to have their local telephone service provided by a different local exchange utility and file that petition with the board, the board, after notice and opportunity for hearing, shall determine whether the certificate held by the local exchange utility shall be revoked or conditioned as provided in subsection 9.

11. The board shall assure that all territory in the state is served by a local exchange utility. If at any time due to certificate revocation proceedings, discontinuance of service proceedings, or any other reason, it appears that a particular territory may not be served by any local exchange utility, the board may, after notice to interested persons and opportunity for hearing, include all or part of the territory in the certificate of another local exchange utility or utilities. In determining the local exchange utility or utilities to be authorized or required to serve, the board shall consider the willingness and ability of the utilities to serve, the location of existing service facilities, the community of interest of the customers involved, and any other factors deemed relevant to the public interest.

12. The board, on or prior to September 30, 1992, shall issue to each local exchange utility in the state, without a contested case proceeding, a nonexclusive certificate to serve the area included within the utility's service territory boundaries as shown by the service territory boundary maps on record with the board on January 1, 1992. The board shall adopt rules pursuant to chapter 17A to implement the issuance of certificates.

a. A customer served by a local exchange utility, but outside the service territory of that utility when the utility's certificate is issued, shall continue to be served by that utility for as long as that customer remains eligible to receive and requests service.

b. If more than one utility has on file maps indicating service in the same territory, the board shall request the involved utilities to resolve the overlap. If the overlap is not resolved in a reasonable time, the board, after notice to interested persons and opportunity for hearing, shall determine the boundary, taking into consideration the criteria listed in subsection 11.

13. Notwithstanding other provisions of this section, approval by the voters of a city pursuant to section 388.2 of a proposal to establish or acquire a public utility providing communications services is conclusive evidence of the fact that the city has the technical, financial, and managerial ability to provide such service. Following the notice and opportunity for hearing in subsection 2, an applicant shall not be denied a certificate if the board finds the proposed service is consistent with the public interest.

14. This section does not prevent the board from adopting rules requiring or allowing local exchange utilities to provide extended area service or adjacent exchange service.

15. The board shall provide a written report to the general assembly no later than January 20, 2005, describing the current status of local telephone service in this state. The report shall include at a minimum the number of certificates of convenience issued, the number of current provid-
ers of local telephone service, and any other information deemed appropriate by the board.

RULES

476.31 Continuing audit of operation.
The board shall adopt not later than July 1, 1983, rules and policies to implement a program for the continuous review of operations of rate-regulated public utilities with respect to all matters that affect rates or charges for utility service. [81 Acts, ch 156, §1]

476.32 Review of annual reports.
The board shall review annual reports submitted by rate-regulated public utilities. The board shall commence rate-review proceedings under this chapter if an annual report indicates that the earnings of the public utility are excessive.

[81 Acts, ch 156, §2]

476.33 Rules governing hearings.
1. The board shall adopt rules pursuant to chapter 17A to provide for the completion of proceedings under section 476.3 within ten months after the date of the filing of a petition under section 476.3, subsection 2, and to provide for the completion of proceedings under section 476.6 within ten months after the date of filing of the new or changed rates, charges, schedules, or regulations under that section. These rules shall include reasonable time limitations for the submission or completion of comments and testimony, and exhibits, briefs, and hearings, and may provide for the granting of additional time upon the request of a party to the proceeding for good cause shown.
2. Additional time granted to a party under subsection 1 shall not extend the amount of time for which a utility is required to file a bond or other undertaking conditioned upon refund under section 476.3, subsection 2.
3. If in a proceeding under section 476.6 additional time is granted to a party under subsection 1, the board may extend the ten-month period during which a utility is prohibited from placing its entire rate increase request into effect under section 476.6, but an extension shall not exceed the aggregate amount of all additional time granted under subsection 1.
4. The board shall adopt rules that require the board, in rate regulatory proceedings under sections 476.3 and 476.6, to consider the use of the most current test period possible in determining reasonable and just rates, subject only to the availability of existing and verifiable data respecting costs and revenues, and in addition, to consider verifiable data that exists within nine months after the conclusion of the test year, respecting known and measurable changes in costs not associated with a different level of revenue, and known and measurable revenues not associated with a different level of costs, that are to occur at any time within twelve months after the date of commencement of the proceedings. Parties proposing adjustments that are not verifiable at the commencement of the proceedings shall include projected data related to the adjustments in their initial substantive filing with the board. For purposes of this subsection, a proceeding commences under section 476.6 upon the filing date of new or changed rates, charges, schedules, or regulations. This subsection does not limit the authority of the board to consider other evidence in proceedings under sections 476.3 and 476.6.
5. a. The board shall adopt rules that require the board, in a rate regulatory proceeding under sections 476.3 and 476.6, to consider both of the following for inclusion in rates:
   1) Capital infrastructure investments that will produce significant additional revenues and will be in service in Iowa within nine months after the conclusion of the test year.
   2) Cost of capital changes that will occur within nine months after the conclusion of the test year that are associated with a new generating plant that has been the subject of a ratemaking principles proceeding pursuant to section 476.53.
   b. This subsection is repealed effective July 1, 2007. However, any utilities board proceeding that is pending on July 1, 2007, that is being conducted pursuant to section 476.3 or 476.6 shall be completed as if this section had not been repealed. Upon repeal, the board may still consider the adjustments addressed in this subsection, but shall not be required to consider them.

PRIVATE UTILITIES REGULATION

476.41 Purpose.
It is the policy of this state to encourage the development of alternative energy production facilities and small hydro facilities in order to conserve our finite and expensive energy resources and to provide for their most efficient use.

83 Acts, ch 182, §2
476.42 Definitions.
   As used in this division, unless the context otherwise requires:
   1. "Alternate energy production facility" means any or all of the following:
      a. A solar, wind turbine, waste management, resource recovery, refuse-derived fuel, agricultural crops or residues, or woodburning facility.
      b. Land, systems, buildings, or improvements that are located at the project site and are necessary or convenient to the construction, completion, or operation of the facility.
      c. Transmission or distribution facilities necessary to conduct the energy produced by the facility to users located at or near the project site.
         A facility which is a qualifying facility under 18 C.F.R. part 292, subpart B is not precluded from being an alternate energy production facility under this division.
   2. "Electric utility" means a public utility that furnishes electricity to the public for compensation.
   3. "Next generating plant" means an electric utility's assumed next coal-fired base load electric generating plant, whether planned or not, based on current technology and undiscounted current cost.
   4. "Small hydro facility" means any or all of the following:
      a. A hydroelectric facility at a dam.
      b. Land, systems, buildings, or improvements that are located at the project site and are necessary or convenient to the construction, completion, or operation of the facility.
      c. Transmission or distribution facilities necessary to conduct the energy produced by the facility to users located at or near the project site.
         A facility which is a qualifying facility under 18 C.F.R. part 292, subpart B is not precluded from being a small hydro facility under this division.
   83 Acts, ch 182, §3; 90 Acts, ch 1252, §31 – 33; 92 Acts, ch 1017, §1

476.43 Rates for alternate energy production facilities.
   1. Subject to section 476.44, the board shall require electric utilities to do both of the following under terms and conditions that the board finds are just and economically reasonable for the electric utilities' customers, are nondiscriminatory to alternate energy producers and small hydro producers, and will further the policy stated in section 476.41:
      a. At least one of the following:
         (1) Own alternate energy production facilities or small hydro facilities located in this state.
         (2) Enter into long-term contracts to purchase or wheel electricity from alternate energy production facilities or small hydro facilities located in the utility's service area.
      b. Provide for the availability of supplemental or backup power to alternate energy production facilities or small hydro facilities on a nondiscriminatory basis and at just and reasonable rates.
   2. Upon application by the owner or operator of an alternate energy production facility or small hydro facility or any interested party, the board shall establish for the affected public utility just and economically reasonable rates for electricity purchased under subsection 1, paragraph "a". The rates shall be established at levels sufficient to stimulate the development of alternate energy production and small hydro facilities in Iowa and to encourage the continuation of existing capacity from those facilities.
   3. The board may adopt individual utility or uniform statewide facility rates. The board shall consider the following factors in setting individual or uniform rates:
      a. The estimated capital cost of the next generating plant, including related transmission facilities, to be placed in service by the electric utility serving the area.
      b. The term of the contract between the electric utility and the seller.
      c. A levelized annual carrying charge based upon the term of the contract and determined in a manner consistent with both the methods and the current interest or return requirements associated with the electric utility's new construction program.
      d. The electric utility's annual energy costs, including current fuel costs, related operation and maintenance costs, and other energy-related costs considered appropriate by the board.
      e. External factors, including but not limited to, environmental and economic factors.
      f. Other relevant factors.
      g. If the board adopts uniform statewide rates, the board shall use representative data in lieu of utility specific information in applying the factors listed in paragraphs "a" through "f".
   4. In the case of a utility that purchases all or substantially all of its electricity requirements, the rates established under this section must be based on the electric utility's current purchased power costs.
   5. In lieu of the other procedures provided by this section, an electric utility and an owner or operator of an alternate energy production facility or small hydro facility may enter into a long-term contract in accordance with subsection 1 and may agree to rates for purchase and sale transactions. A contract entered into under this subsection must be filed with the board in the manner provided for tariffs under section 476.4.
   6. This section does not require an electric utility to construct additional facilities unless those facilities are paid for by the owner or operator of the affected alternate energy production facility or
small hydro facility.

476.44 Exceptions.
1. The board shall not require an electric utility to purchase or wheel electricity from an alternate energy production facility or small hydro facility unless the facility is owned or operated by an individual, firm, copartnership, corporation, company, association, joint stock association, city, town, or county that meets both of the following:
   a. Is not primarily engaged in the business of producing or selling electricity, gas, or useful thermal energy other than electricity, gas, or useful thermal energy sold solely from alternate energy production facilities or small hydro facilities.
   b. Does not sell electricity, gas, or useful thermal energy to residential users other than the tenants or the owner or operator of the facility.

2. An electric utility subject to this division, except a utility that elects rate regulation pursuant to section 476.1A, shall not be required to own or purchase, at any one time, more than its share of one hundred five megawatts of power from alternative energy production facilities or small hydro facilities at the rates established pursuant to section 476.43. The board shall allocate the one hundred five megawatts based upon each utility's percentage of the total Iowa retail peak demand, for the year beginning January 1, 1990, of all utilities subject to this section. If a utility undergoes reorganization as defined in section 476.76, the board shall combine the allocated purchases of power for each utility involved in the reorganization.

Notwithstanding the one hundred five megawatt maximum, the board may increase the amount of power that a utility is required to own or purchase at the rates established pursuant to section 476.43 if the board finds that a utility, including a reorganized utility, exceeds its 1990 Iowa retail peak demand by twenty percent and the additional power the utility is required to purchase will encourage the development of alternate energy production facilities and small hydro facilities. The increase shall not exceed the utility's increase in peak demand multiplied by the ratio of the utility's share of the one hundred five megawatt maximum to its 1990 Iowa retail peak demand.

476.45 Exemption from excess capacity.
Capacity of an alternate energy production facility or small hydro facility, that is owned or purchased by an electric utility, shall not be included in a calculation of an electric utility's excess generating capacity for ratemaking purposes.
83 Acts, ch 182, §6; 2003 Acts, ch 29, §4, 6

476.46 Alternate energy revolving loan program.
1. The Iowa energy center created under section 266.39C shall establish and administer an alternate energy revolving loan program to encourage the development of alternate energy production facilities and small hydro facilities within the state.

2. a. An alternate energy revolving loan fund is created in the office of the treasurer of state to be administered by the Iowa energy center.
   b. The fund shall include moneys remitted to the fund pursuant to subsection 3 and any other moneys appropriated or otherwise directed to the fund.
   c. Moneys in the fund shall be used to provide loans for the construction of alternate energy production facilities or small hydro facilities as defined in section 476.42.
   d. (1) A gas or electric utility that is not required to be rate-regulated shall not be eligible for a loan under this section.
   (2) A facility shall be eligible for no more than two hundred fifty thousand dollars in loans outstanding at any time under this program.
   e. (1) Each loan shall be for a period not to exceed twenty years, shall bear no interest, and shall be repayable to the fund created under this section in installments as determined by the Iowa energy center. The interest rate upon delinquent payments shall accelerate immediately to the current legal usury limit.
   (2) Any loan made pursuant to this program shall become due for payment upon sale of the facility for which the loan was made.
   (3) Interest on the fund shall be deposited in the fund. A portion of the interest on the fund, not to exceed fifty percent of the total interest accrued, shall be used for promotion and administration of the fund.
   f. Section 8.33 shall not apply to the moneys in the fund.

3. The board shall direct all gas and electric utilities required to be rate-regulated to remit to the treasurer of state by July 1, 1996, eighty-five one-thousandths of one percent of the total gross operating revenues during calendar year 1995 derived from their intrastate public utility operations, by July 1, 1997, eighty-five one-thousandths of one percent of the total gross operating revenues during calendar year 1996 derived from their intrastate public utility operations, and by July 1, 1998, eighty-five one-thousandths of one percent of the total gross operating revenues during calendar year 1997 derived from their intrastate public utility operations. The amounts collected pursuant to this section shall be in addition to the amounts permitted to be assessed pursuant to sec-
476.47 Alternate energy purchase programs.
1. Beginning January 1, 2004, an electric utility, whether or not rate-regulated under this chapter, shall offer an alternate energy purchase program to customers, based on energy produced by alternate energy production facilities in Iowa.
2. The board shall require electric utilities to file plans for alternate energy purchase programs offered pursuant to this section.
   a. Rate-regulated electric utilities shall file plans for alternate energy purchase programs that allow customers to contribute voluntarily to the development of alternate energy in Iowa, and shall file tariffs as required by the board by rule.
   b. Electric utilities that are not rate-regulated shall offer alternate energy purchase programs at rates determined by their governing authority, and shall file tariffs with the board for informational purposes only.
3. The electric utility shall notify consumers of its alternate energy purchase program and any proposed modifications to such program at least sixty days prior to implementation of the program or any modification.
4. For purposes of this section, an electric utility may base its program on energy produced by alternate energy production facilities located outside of Iowa under any of the following circumstances:
   a. The energy is purchased by the electric utility pursuant to a contract in effect prior to July 1, 2001, and continues until the expiration of the contract, including any options to renew that are exercised by the electric utility.
   b. The electric utility has a financial interest, as of July 1, 2001, in the alternate energy production facility that is located outside of Iowa, or in an entity that has a financial interest in an alternate energy production facility located outside of Iowa.
   c. The energy is purchased by an electric utility that is not rate-regulated and that is required to purchase all of its electric power requirements from a single supplier that is physically located outside of Iowa.
5. This section shall not apply to non-rate-regulated electric utilities physically located outside of Iowa that serve Iowa customers.
6. Any consumer-owned utility may apply to the board for a waiver under this section, and the board, for good cause, may grant the waiver.

476.48 through 476.50 Reserved.

§476.51 Civil penalty.
1. A public utility which, after written notice by the board of a specific violation, violates the same provision of this chapter, the same rule adopted by the board, or the same provision of an order lawfully issued by the board, is subject to a civil penalty, which may be levied by the board, of not less than one hundred dollars nor more than two thousand five hundred dollars per violation.
2. A public utility which willfully, after written notice by the board of a specific violation, violates the same provision of this chapter, the same rule adopted by the board, or the same provision of an order lawfully issued by the board, is subject to a civil penalty, which may be levied by the board, of not less than one thousand dollars nor more than ten thousand dollars per violation. For the purpose of this section, "willful" means knowing and deliberate, with a specific intent to violate.
3. Each violation is a separate offense. In the case of a continuing violation, each day a violation continues, after the time specified for compliance in the written notice by the board, is a separate and distinct offense. Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in a compromise, the board may consider the appropriateness of the penalty in relation to the size of the public utility, the gravity of the violation, and the good faith of the public utility in attempting to achieve compliance following notification of a violation, and any other relevant factors.
4. The written notice given by the board to a public utility under this section shall specify an appropriate time for compliance.
5. Civil penalties collected pursuant to this section from utilities providing water, electric, or gas service shall be forwarded by the executive secretary of the board to the treasurer of state to be credited to the general fund of the state and to be used only for the low income home energy assistance program and the weatherization assistance program administered by the division of community action agencies of the department of human rights. Civil penalties collected pursuant to this section from utilities providing telecommunications service shall be forwarded to the treasurer of state to be credited to the general fund of the state to be used only for consumer education programs administered by the board. Penalties paid by a rate-regulated public utility pursuant to this section shall be excluded from the utility's costs when determining the utility's revenue requirement, and shall not be included either directly or indirectly in the utility's rates or charges to customers.

POLICIES

476.52 Management efficiency.
It is the policy of this state that a public utility shall operate in an efficient manner. If the board determines in the course of a proceeding conducted under section 476.3 or 476.6 that a utility is operating in an inefficient manner, or is not exercising ordinary, prudent management, or in comparison with other utilities in the state the board determines that the utility is performing in a less beneficial manner than other utilities, the board may reduce the level of profit or adjust the revenue requirement for the utility to the extent the board believes appropriate to provide incentives to the utility to correct its inefficient operation. If the board determines in the course of a proceeding conducted under section 476.3 or 476.6 that a utility is operating in such an extraordinarily efficient manner that tangible financial benefits result to the ratepayer, the board may increase the level of profit or adjust the revenue requirement for the utility. In making its determination under this section, the board may also consider a public utility’s pursuit of energy efficiency programs. The board shall adopt rules for determining the level of profit or the revenue requirement adjustment that would be appropriate.

The board shall also adopt rules establishing a methodology for an analysis of a utility’s management efficiency.
83 Acts, ch 127, §35; 89 Acts, ch 297, §11

476.53 Electric generating and transmission facilities.
1. It is the intent of the general assembly to attract the development of electric power generating and transmission facilities within the state in sufficient quantity to ensure reliable electric service to Iowa consumers and provide economic benefits to the state.

2. The general assembly’s intent with regard to the development of electric power generating and transmission facilities, as provided in subsection 1, shall be implemented in a manner that is cost-effective and compatible with the environmental policies of the state, as expressed in Title XI.

3. For purposes of this section, unless the context otherwise requires, the terms “cogeneration pilot project facility”, “energy sales agreement”, “qualified cogeneration pilot project facility”, and “utility-owned cogeneration pilot project facility” mean the same as defined in section 15.269.

4. a. The board shall specify in advance, by order issued after a contested case proceeding, the ratemaking principles that will apply when the costs of the electric power generating facility, alternate energy production facility, cogeneration pilot project facility, or energy sales agreement are included in regulated electric rates whenever a rate-regulated public utility does any of the following:

(1) Files an application pursuant to section 476A.3 to construct in Iowa a baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or an alternate energy production facility as defined in section 476.42.

(2) Leases or owns in Iowa, in whole or in part, a new baseload electric power generating facility with a nameplate generating capacity equal to or greater than three hundred megawatts or a combined-cycle electric power generating facility, or a new alternate energy production facility as defined in section 476.42.

(3) Enters into an agreement for the purchase of the electric power output of a qualified cogeneration pilot project facility or constructs a utility-owned cogeneration pilot project facility pursuant to section 15.269.

b. In determining the applicable ratemaking principles, the board shall not be limited to traditional ratemaking principles or traditional cost recovery mechanisms. Among the principles and mechanisms the board may consider, the board has the authority to approve ratemaking principles proposed by a rate-regulated public utility that provide for reasonable restrictions upon the ability of the public utility to seek a general increase in electric rates under section 476.6 for at least three years after the generating facility begins providing service to Iowa customers.

c. In determining the applicable ratemaking principles, the board shall make the following findings:

(1) The rate-regulated public utility has in effect a board-approved energy efficiency plan as required under section 476.6, subsection 16.

(2) The rate-regulated public utility has demonstrated to the board that the public utility has considered other sources for long-term electric supply and that the facility, lease, or cogeneration pilot project facility is reasonable when compared to other feasible alternative sources of supply. The rate-regulated public utility may satisfy the requirements of this subparagraph through a competitive bidding process, under rules adopted by the board, that demonstrate the facility, energy sales agreement, or lease is a reasonable alternative to meet its electric supply needs.

d. The applicable ratemaking principles shall be determined in a contested case proceeding, which proceeding may be combined with the proceeding for issuance of a certificate conducted pursuant to chapter 476A.

e. The order setting forth the applicable ratemaking principles shall be issued prior to the commencement of construction or lease of the facility, or execution of an energy sales agreement related to the cogeneration pilot project facility.
§476.53, PUBLIC UTILITY REGULATION

f. Following issuance of the order, the rate-regulated public utility shall have the option of proceeding according to either of the following:
   1. Withdrawing its application for a certificate pursuant to chapter 476A.
   2. Proceeding with the construction or lease of the facility or implementation of an energy sales agreement related to a cogeneration pilot project facility.

g. Notwithstanding any provision of this chapter to the contrary, the ratemaking principles established by the order issued pursuant to paragraph "e" shall be binding with regard to the specific electric power generating facility or cogeneration pilot project facility in any subsequent rate proceeding.

5. The utilities board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and the consumer advocate deem necessary to perform required functions as provided in this section, including but not limited to review of power purchase contracts, review of emission plans and budgets, and review of ratemaking principles proposed for construction or lease of a new generating facility or a cogeneration pilot project facility. Beginning July 1, 2002, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board and the consumer advocate to hire additional staff and contract for services under this section. The costs of the additional staff and services shall be assessed to the utilities pursuant to the procedure in section 476.10 and section 475A.6.

6. a. A qualified cogeneration pilot project facility may file a petition with the board for a determination of the avoided cost of an electric utility as provided in the federal Public Utility Regulatory Policies Act of 1978 and related federal regulations, if such a determination has not been made within the last twenty-four months or if there is reason to believe the avoided cost has changed.

b. The board shall issue its determination of the electric utility's avoided cost within one hundred twenty days after the petition is filed.

c. The board, for good cause shown, may extend the deadline for issuing the decision for an additional period not to exceed one hundred twenty days.

d. The board shall not issue a decision under this subsection without providing notice and an opportunity for hearing.

e. The utilities board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and the consumer advocate deem necessary to perform required functions as provided in this subsection. There is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board and the consumer advocate to hire additional staff and contract for services under this section. The costs of the additional staff and services shall be assessed to the electric utility pursuant to the procedure in sections 476.10 and 475A.6.

Subsection 4, paragraph b amended

476.54 Delayed payment charges.
A public utility shall not apply delayed payment charges on a customer's account if the scheduled payment was made by the customer within twenty days from the date the billing was sent to the customer. Delayed payment charges on a customer's account shall not exceed one and one-half percent per month of the past-due amount.

83 Acts, ch 127, §37

476.55 Complaint of antitrust activities.
An application for new or changed rates, charges, schedules or regulations filed under this chapter, or an application for a certificate or an amendment to a certificate submitted under chapter 476A, by an electric transmission line utility or a gas pipeline utility or a subsidiary of either shall not be approved by the board if, upon complaint by an Iowa electric or gas utility, the board finds activities which create or maintain a situation inconsistent with antitrust laws and the policies which underlie them. The board may grant the rate or facility certification request once it determines that those activities which led to the antitrust complaint have been eliminated. However, this subsection does not apply to an application for new or changed rates, charges, schedules or regulations after the expiration of the ten-month limitation and applicable extensions.

83 Acts, ch 127, §38

476.56 Energy costs provided.
A gas or electric public utility shall provide, upon the request of a person who states in writing that the person is an owner of real property, or an interested prospective purchaser or renter of the property, which is or has been receiving gas or electric service from the public utility, the annual gas or electric energy costs for the property.

88 Acts, ch 1174, §3

476.57 Limitations on use of ADAD equipment — penalty.
1. Definition. As used in this section, “ADAD equipment” means automatic dialing-announcing device equipment which is a device or system of devices used, either alone or in conjunction with other equipment, for the purpose of automatically selecting or dialing telephone numbers without the use of a live operator to disseminate prerecorded
messages to the numbers selected or dialed.
2. **Prohibition.**
   a. Except as provided in paragraph "b", a person shall not use, employ, or direct another person to use, or contract for the use of ADAD equipment.
   b. Except for ADAD equipment which randomly or sequentially selects the telephone numbers for calling, the prohibition in paragraph "a" does not apply to any of the following:
      (1) Calls made with ADAD equipment by a nonprofit organization or by an individual using the calls other than for commercial profit-making purposes or fund-raising, if the calls do not involve the advertisement or offering for sale, lease, or rental of goods, services, or property.
      (2) Calls made with ADAD equipment relating to payment for, service of, or warranty coverage of previously ordered or purchased goods or services or to persons or organizations with a prior business relationship with the persons or organizations using the calls.
      (3) Calls made with ADAD equipment relating to the collection of lawful debts.
      (4) Calls made with ADAD equipment to members or employees of the organization making the calls.
      (5) Calls made with ADAD equipment which use an initial prerecorded message of a duration no greater than seven seconds prior to a live operator intercept, or calls which involve an initial message from a live operator.
3. **Termination.** Calls made with ADAD equipment must terminate the connection with any call within ten seconds after the person receiving the call acts to disconnect the call.
4. **Penalty.** A violation of this section is a serious misdemeanor.

**ENERGY EFFICIENCY PROGRAMS**

**476.61 Energy conservation improvements — pilot programs.** Repealed by 86 Acts, ch 1134, § 1. For termination procedures see 86 Acts, ch 1134, § 2.

**476.62 Energy efficient lighting required.**
All public utility-owned exterior flood lighting, including but not limited to street and security lighting, shall be replaced when worn-out exclusively with high pressure sodium lighting or lighting with equivalent or better energy efficiency as approved in rules adopted by the board.
89 Acts, ch 297, §12

**476.63 Energy efficiency programs.**
The division shall consult with the department of natural resources in the development and implementation of public utility energy efficiency programs.

**476.64** Reserved.

**CUSTOMER CONTRIBUTION FUND**

**476.66 Customer contribution fund.**
1. The utilities board shall adopt rules which shall require each electric and gas public utility to establish a fund whose purposes shall include the receiving of contributions to assist the utility's low-income customers with weatherization measures to improve energy efficiency related to winter heating and summer cooling, and to supplement the energy assistance received under the federal low-income home energy assistance program for the payment of winter heating electric or gas utility bills.
2. The rules shall require each utility to periodically notify its customers of the availability and purpose of the fund and to provide them with forms on which they can authorize the utility to bill their contribution to the fund on a monthly basis.
3. The rules shall permit the fund to accept matching funds from persons or organizations who wish to provide assistance for customers of the utility.
4. The utility may be reimbursed by the fund for the administrative costs of the billings, disbursements, notices to customers, and financial recordkeeping. However, such reimbursement shall not exceed five percent of the total revenues collected.
5. The utility shall establish a board or committee to determine the appropriate distribution of the funds. The board or committee shall include representatives from community or regional organizations which are active in assisting citizens with payment of their winter heating bills.
6. The rules established by the utilities board shall require an annual report to be filed for each fund. The utilities board shall compile an annual statewide report of the fund results. The division of community action agencies of the department of human rights shall prepare an annual report of the unmet need for energy assistance and weatherization. Both reports shall be submitted to the appropriations committees of the general assembly on the first day of the following session.
7. Existing programs to receive customer contributions established by public utilities shall be construed to meet the requirements of this section. Such plans shall be subject to review by the
utilities board.

476.67 through 476.70  Reserved.

PUBLIC UTILITY AFFILIATES

476.71  Purpose.
It is the intent of the general assembly that a public utility should not directly or indirectly include in regulated rates or charges any costs or expenses of an affiliate engaged in any business other than that of utility business unless the affiliate provides goods or services to the public utility. The costs that are included should be reasonably necessary and appropriate for utility business. It is also the intent of the general assembly that a public utility should only provide nonutility services in a manner that minimizes the possibility of cross-subsidization or unfair competitive advantage.
89 Acts, ch 103, §2

476.72  Definitions.
As used in this division, unless the context otherwise requires:
1. “Affiliate” means a party that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with a rate-regulated public utility.
2. “Control” means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of an enterprise through ownership, by contract or otherwise.
3. “Nonutility service” includes the sale, lease, or other conveyance of commercial and residential gas or electric appliances, interior lighting systems and fixtures, or heating, ventilating, or air conditioning systems and component parts of the servicing, repair, or maintenance of such equipment.
4. “Public utility” includes only gas or electric rate-regulated public utilities and rate-regulated telephone utilities providing local exchange telecommunication service.
5. “Utility business” means the generation or transmission of electricity or furnishing of gas or furnishing electricity or furnishing rate-regulated communications services to the public for compensation.
89 Acts, ch 103, §3

476.73  Affiliate records.
1. Access to records. Every public utility and affiliate through the public utility shall provide the board with access to books, records, accounts, documents, and other data and information which the board finds necessary to effectively implement and effectuate the provisions of this chapter.

2. Separate records. The board may require affiliates of a public utility to keep separate records and the board may provide for the examination and inspection of the books, accounts, papers, and records, as may be necessary to enforce this chapter.
3. Allocation permitted. The board may inquire as to and prescribe, for ratemaking purposes, the allocation of capitalization, earnings, debts, and expenses related to ownership, operation, or management of affiliates.
89 Acts, ch 103, §4

476.74  Affiliate information required to be filed.
1. Goods and services. All contracts or arrangements providing for the furnishing or receiving of goods and services including but not limited to the furnishing or receiving of management, supervisory, construction, engineering, accounting, legal, financial, marketing, data processing, or similar services made or entered into on or after July 1, 1989, between a public utility and any affiliate shall be filed annually with the board.
2. Sales, purchases, and leases. All contracts or arrangements for the sale, lease, exchange of any property, right, or thing made or entered into on or after July 1, 1989, between a public utility and any affiliate shall be filed annually with the board.
3. Loans. All contracts or arrangements providing for any loan of money or an extension or renewal of any loan of money or any similar transaction made or entered into on or after July 1, 1989, between a public utility and any affiliate, whether as guarantor, endorser, surety, or otherwise, shall be filed annually with the board.
4. Verified copies required. Every public utility shall file with the board a verified copy of the contract or arrangement referred to in this section, or a verified summary of the unwritten contract or arrangement, and also of all the contracts and arrangements or a verified summary of the unwritten contracts or arrangements, whether written or unwritten, entered into prior to July 1, 1989, and in force and effect at that time. Any contract or agreement determined by the board to be a confidential record pursuant to section 22.7 shall be returned to the public utility filing the confidential record within sixty days after the contract or agreement is filed.
5. Exemption. The provisions of this section requiring filing of contracts or agreements with the board shall not apply to transactions with an affiliate where the amount of consideration involved is not in excess of fifty thousand dollars or five percent of the capital equity of the utility, whichever is smaller. However, regularly recurring payments under a general or continuing arrangement which aggregate a greater annual amount shall not be broken down into a series of transactions to come within this exemption. In
any proceeding involving the rates, charges or practices of the public utility, the board may exclude from the accounts of the public utility any unreasonable payment or compensation made pursuant to any contract or arrangement which is not required to be filed under this subsection.

6. Continuing jurisdiction. The board shall have the same jurisdiction over modifications or amendments of contracts or arrangements in this section as it has over the original contracts or arrangements. Any modification or amendment of contracts or arrangements shall also be filed annually with the board.

7. Sanction. For ratemaking purposes, the board may exclude the payment or compensation to an affiliate or adjust the revenue received from an affiliate associated with any contract or arrangement required to be filed with the board if the contract or arrangement is not so filed.

8. Alternative information. The board shall consult with other state and federal regulatory agencies for the purpose of eliminating duplicate or conflicting filing requirements and may adopt rules which provide that comparable information required to be filed with other state or federal regulatory agencies may be accepted by the board in lieu of information required by this section.

9. Reasonableness required. In any proceeding, whether upon the board's own motion or upon application or complaint involving the rates, charges, or practices of any public utility, the board, for ratemaking purposes may exclude from the accounts of the public utility or adjust any payment or compensation related to any transaction with an affiliate for any services rendered or for any property or service furnished or received, as described in this section, under contracts or arrangements with an affiliate unless and upon inquiry the public utility shall establish the reasonableness of the payment or compensation.

10. Exemption by rule or waiver. The board may adopt rules which exempt any public utility or class of public utility or class of contracts or arrangements from this section or waive the requirements of this section if the board finds that the exemption or waiver is in the public interest.

§4 76.75 Audits required.

The board may periodically retain a nationally or regionally recognized independent auditing firm to conduct an audit of the transactions between a public utility and its affiliates. An affiliate transaction audit shall not be conducted more frequently than every three years, unless ordered by the board for good cause. The cost of the audit shall be paid by the public utility to the independent auditing firm and shall be included in its regulated rates and charges, unless otherwise ordered by the board for good cause after providing the public utility the opportunity for a hearing on

the board's decision.

89 Acts, ch 103, §6

§476.76 Reorganization defined.

For purposes of this division unless the context otherwise requires, “reorganization” means either of the following:

1. The acquisition, sale, lease, or any other disposition, directly or indirectly, including by merger or consolidation, of the whole or any substantial part of a public utility's assets.

2. The purchase or other acquisition or sale or other disposition of the controlling capital stock of any public utility, either directly or indirectly.

89 Acts, ch 103, §7

§476.77 Time and standards for review.

1. A reorganization shall not take place if the board disapproves. Prior to reorganization, the applicant shall file with the board a proposal for reorganization with supporting testimony and evidence to establish that the reorganization is not contrary to the interests of the public utility's ratepayers and the public interest.

2. A proposal for reorganization shall be deemed to have been approved unless the board disapproves the proposal within ninety days after its filing. The board, for good cause shown, may extend the deadline for acting on an application for an additional period not to exceed ninety days. However, the board shall not disapprove a proposal for reorganization without providing for notice and opportunity for hearing. The notice of hearing shall be provided no later than fifty days after the proposal for reorganization has been filed.

3. In its review of a proposal for reorganization, the board may consider all of the following:

a. Whether the board will have reasonable access to books, records, documents, and other information relating to the public utility or any of its affiliates.

b. Whether the public utility's ability to attract capital on reasonable terms, including the maintenance of a reasonable capital structure, is impaired.

c. Whether the ability of the public utility to provide safe, reasonable, and adequate service is impaired.

d. Whether ratepayers are detrimentally affected.

e. Whether the public interest is detrimentally affected.

4. The board may adopt rules which exempt a public utility or class of public utility or class of reorganization from this section if the board finds that with respect to the public utility or class of public utility or class of reorganization review is not necessary in the public interest. The board may adopt rules necessary to protect the interest of the customers of the exempt public utility. These rules may include, but are not limited to, notification of a proposed sale or transfer of assets or
stock. The board may waive the requirements of this section, if the board finds that board review is not necessary in the public interest.

476.78 Cross-subsidization prohibited.
A rate-regulated gas or electric public utility shall not directly or indirectly include any costs or expenses attributable to providing nonutility service in regulated rates or charges. Except for contracts existing as of July 1, 1996, a rate-regulated gas or electric public utility or its affiliates shall not use vehicles, service tools and instruments, or employees, the costs, salaries, or benefits of which are recoverable in the regulated rates for electric service or gas service to install, service, or repair residential or commercial gas or electric heating, ventilating, or air conditioning systems, or interior or lighting systems and fixtures; or to sell at retail heating, ventilating, air conditioning, or interior lighting equipment. For the purpose of this section, "commercial" means a place of business primarily used for the storage or sale, at wholesale or retail, of goods, wares, services, or merchandise. Nothing in this section shall be construed to prohibit a rate-regulated gas or electric public utility from using its utility vehicles, service tools and instruments, and employees to market systems, services, and equipment, to light pilots, or to eliminate a customer emergency or threat to public safety.
89 Acts, ch 103, §9; 96 Acts, ch 1196, §12

476.79 Provision of nonutility service.
1. A rate-regulated gas or electric public utility providing any nonutility service to its customers shall keep and render to the board separate records of the nonutility service. The board may provide for the examination and inspection of the books, accounts, papers, and records of the nonutility service, as may be necessary, to enforce any provisions of this chapter.
2. The board shall adopt rules which specify the manner and form of the accounts relating to providing nonutility services which the rate-regulated gas or electric utility shall maintain.
89 Acts, ch 103, §10

476.80 Additional requirements.
A rate-regulated gas or electric public utility which engages in a systematic marketing effort as defined by the board, other than on an incidental or casual basis, to promote the availability of nonutility service from the public utility shall make available at reasonable compensation on a nondiscriminatory basis to all persons engaged primarily in providing the same competitive nonutility services in that area all of the following services to the same extent utilized by the public utility in connection with its nonutility services:
1. Access to and use of the public utility’s customer lists.
2. Access to and use of the public utility’s billing and collection system.
3. Access to and use of the public utility’s mailing system.
89 Acts, ch 103, §11

476.81 Audit required.
The board may periodically retain a nationally or regionally recognized independent auditing firm to conduct an audit of the nonutility services provided by a rate-regulated gas or electric public utility subject to the provisions of section 476.80. A nonutility service audit shall not be conducted more frequently than every three years, unless ordered by the board for good cause. The cost of the audit shall be paid by the public utility to the independent auditing firm and shall be included in its regulated rates and charges, unless otherwise ordered by the board for good cause after providing the public utility the opportunity for a hearing on the board’s decision.
89 Acts, ch 103, §12

476.82 Exemption — energy efficiency.
Notwithstanding any language to the contrary, nothing in this division shall prohibit a public utility from participating in or conducting energy efficiency projects or programs established or approved by the board or required by statute. A public utility participating in or conducting energy efficiency projects or programs established or approved by the board or required by statute shall not be subject to the provisions of sections 476.80 and 476.81 for those energy efficiency projects or programs.
89 Acts, ch 103, §13

476.83 Complaints.
Any person may file a written complaint with the board requesting that the board determine compliance by a rate-regulated gas or electric public utility with the provisions of section 476.78, 476.79, or 476.80, or any validly adopted rules to implement these sections. Upon the filing of a complaint, the board may promptly initiate a formal complaint proceeding and give notice of the proceeding and the opportunity for hearing. The formal complaint proceeding may be initiated at any time by the board on its own motion. The board shall render a decision in the proceeding within ninety days after the date the written complaint was filed, unless additional time is requested by the complainant.

COMPETITIVE NATURAL GAS PROVIDERS

476.86 Definitions.
As used in this section and section 476.87, unless the context otherwise requires:
1. “Aggregator” means a person who combines retail end users into a group and arranges for the acquisition of competitive natural gas services without taking title to those services.
2. “Competitive natural gas provider” means a person who takes title to natural gas and sells it for consumption by a retail end user in the state of Iowa. “Competitive natural gas provider” includes an affiliate of an Iowa gas utility.

“Competitive natural gas provider” does not include the following:
a. A public utility which is subject to rate regulation under this chapter.
b. A municipally owned utility which provides natural gas service within its incorporated area or within the municipal natural gas competitive service area, as defined in section 437A.3, subsection 4641 PUBLIC UTILITY REGULATION, §476.87, PUBLIC UTILITY REGULATION, §476.86

476.87 Certification of competitive natural gas providers.
1. The board shall certify all competitive natural gas providers and aggregators providing natural gas services in this state. In an application for certification, a competitive natural gas provider or aggregator must reasonably demonstrate managerial, technical, and financial capability sufficient to obtain and deliver the services such provider or aggregator proposes to offer. The board may establish reasonable conditions or restrictions on the certificate at the time of issuance. The board shall adopt rules to establish specific criteria for certification. The board shall make a determination on an application for certification within ninety days of its submission, unless the board determines that additional time is necessary to consider the application, in which case the board may extend the time for making a determination for an additional sixty days.
2. The board may resolve disputes involving the provision of natural gas services by a competitive natural gas provider or aggregator.
3. The board shall allocate the costs and expenses reasonably attributable to certification and dispute resolution in this section to persons identified as parties to such proceeding who are engaged in or who seek to engage in providing natural gas services or other persons identified as participants in such proceeding. The funds received for the costs and the expenses of certification and dispute resolution shall be remitted to the treasurer of state for deposit in the general fund of the state as provided in section 476.10.

476.88 through 476.90 Reserved.

ALTERNATIVE OPERATOR SERVICES

476.91 Alternative operator services.
1. Definitions. As used in this section, unless the context otherwise requires:
a. “Alternative operator services company” means a nongovernmental company which receives more than half of its Iowa intrastate telecommunications services revenues from calls placed by end-user customers from telephones other than ordinary residence or business telephones. The definition is further limited to include only companies which provide operator assistance, either through live or automated intervention, on calls placed from other than ordinary residence or business telephones, and does not include services provided under contract to rate-regulated local exchange utilities.
b. “Contracting entity” means an entity providing telephones other than ordinary residence or business telephones for use by end-user customers which has contracted with an alternative operator services company to provide telecommunications services to those telephones.
c. “End-user customer” means a person who places a local or toll call.
d. “Other than ordinary residence or business telephones” means telephones other than the residence or business telephones of the customary users of the telephones, including but not limited to pay telephones and telephones in motel, hotel, hospital, and college dormitory rooms.
2. Jurisdiction. Notwithstanding any finding by the board that a service or facility is subject to competition and should be deregulated pursuant to section 476.1, all intrastate telecommunications services provided by alternative operator services companies to end-user customers, using other than ordinary residence or business telephones, are subject to the jurisdiction of the board and shall be rendered pursuant to tariffs approved by the board. Alternative operator services companies shall be subject to all requirements and sanctions provided in this chapter. Contracting entities shall be subject to the requirements of any board regulations concerning telecommunications services provided by alternative operator services companies.
3. Requirements. The board shall adopt and enforce requirements for the provision of services by alternative operator services companies and contracting entities.
4. Billing by local exchange utilities. Notwithstanding any finding by the board that a service or facility is subject to competition and should be deregulated pursuant to section 476.1, a regulated local exchange utility shall not perform billing and collection functions relating to regulated telecommunications services provided by an alter-
native operator services company, unless the alternative operator services company has filed a statement with the local exchange utility signed by a corporate officer, or other authorized person having personal knowledge, that all regulated telecommunications services to be billed shall be rendered pursuant to tariffs approved by the board.

PRICE REGULATION FOR TELECOMMUNICATIONS SERVICES PROVIDERS

476.95 Findings — statement of policy.
The general assembly finds all of the following:

1. Communications services should be available throughout the state at just, reasonable, and affordable rates from a variety of providers.

2. In rendering decisions with respect to regulation of telecommunications companies, the board shall consider the effects of its decisions on competition in telecommunication markets and, to the extent reasonable and lawful, shall act to further the development of competition in those markets.

3. In order to encourage competition for all telecommunications services, the board should address issues relating to the movement of prices toward cost and the removal of subsidies in the existing price structure of the incumbent local exchange carrier.

4. Regulatory flexibility is appropriate when competition provides customers with competitive choices in the variety, quality, and pricing of communications services, and when consistent with consumer protection and other relevant public interests.

5. The board should respond with speed and flexibility to changes in the communications industry.

6. Economic development can be fostered by the existence of advanced communications networks.

95 Acts, ch 199, §6

476.96 Definitions.
As used in section 476.95, this section, and sections 476.97 through 476.102, unless the context otherwise requires:

1. “Basic communications service” includes at a minimum, basic local telephone service, switched access, 911 and E-911 services, and dual party relay service. The board is authorized to classify by rule at any time, any other two-way switched communications services as basic communications services consistent with community expectations and the public interest.

2. “Basic local telephone service” means the provision of dial tone access and usage, for the transmission of two-way switched communications within a local exchange area, including, but not limited to, the following:
   a. Residence service and business services, including flat rate or local measured service, private branch exchange trunks, trunk type hunting services, direct inward dialing, and the network access portion of central office exchanged exchange service.
   b. Extended area service.
   c. Touch tone service when provided separately.
   d. Call tracing.
   e. Calling number blocking on either a per call or a per line basis.
   f. Local exchange white pages directories.
   g. Installation and repair of local network access.
   h. Local operator services, excluding directory assistance.
   i. Toll service blocking and 1-900 and 1-976 access blocking.

3. “Competitive local exchange service provider” means any person, including a municipal utility, that provides local exchange services, other than a local exchange carrier or a nonrate-regulated wireline provider of local exchange services under an authorized certificate of public convenience and necessity within a specific geographic area described in maps filed with and approved by the board as of September 30, 1992.

4. “Interim number portability” means one or more mechanisms by which a local exchange customer at a particular location may change the customer’s local exchange services provider without any change in the local exchange customer’s telephone number, while experiencing as little loss of functionality as is feasible using available technology.

5. “Local exchange carrier” means any person that was the incumbent and historical rate-regulated wireline provider of local exchange services or any successor to such person that provides local exchange services under an authorized certificate of public convenience and necessity within a specific geographic area described in maps filed with and approved by the board as of September 30, 1992.

6. “Nonbasic communications services” means all communications services subject to the board’s jurisdiction which are not deemed either by statute or by rule to be basic communications services, including any service offered by the local exchange carrier for the first time after July 1, 1995. A service is not considered new if it constitutes the bundling, unbundling, or repricing of an already existing service. Consistent with community expectations and the public interest, the board may reclassify by rule as nonbasic those two-way switched communications services previously
classified by rule as basic.

7. "Provider number portability" means the capability of a local exchange customer to change the customer's local exchange services provider at the customer's same location without any change in the local exchange customer's telephone number, while preserving the full range of functionality that the customer currently experiences. "Provider number portability" includes the equal availability of information concerning the local exchange provider serving the number to all carriers, and the ability to deliver traffic directly to that provider without having first to route traffic to the local exchange carrier or otherwise use the services, facilities, or capabilities of the local exchange carrier to complete the call, and without the dialing of additional digits or access codes.

95 Acts, ch 199, §7; 97 Acts, ch 81, §4, 6

476.97 Price regulation.

1. Notwithstanding contrary provisions of this chapter relating to rate regulation, the board may approve a plan for price regulation submitted by a rate-regulated local exchange carrier. The plan for price regulation is not effective until the approval by the board of tariffs implementing the unbundling of essential facilities pursuant to section 476.101, subsection 4, except for a local exchange carrier with less than seventy-five thousand access lines whose plan for price regulation will be effective concurrent with the approval of its plan. The board may approve a plan for price regulation prior to the adoption of rules related to the unbundling of essential facilities or concurrent with a rate proceeding under section 476.3, 476.6, or 476.7. During the term of the plan, the board shall regulate the prices of the local exchange carrier's basic and nonbasic communications services pursuant to the requirements of the price regulation plan approved by the board. The local exchange carrier shall not be subject to rate of return regulation during the term of the plan.

2. The board, after notice and opportunity for hearing, may approve, modify, or reject the plan. The board shall approve, modify, or reject the plan by no later than ninety days after the date the plan is filed. The local exchange carrier shall have ten days to accept or reject any board modifications to its plan. If the local exchange carrier rejects a modification to its plan, the board shall reject the plan without prejudice to the local exchange carrier to submit another plan.

3. A price regulation plan, at a minimum, shall include provisions, consistent with the provisions of this section and any rules adopted by the board, for the following:

a. (1) Establishing and changing prices, terms, and conditions for basic communications services. The initial plan for price regulation must include a proposal, which the board shall approve, for reducing the local exchange carrier's average intrastate access service rates to the local exchange carrier's average interstate access service rates in effect as of the last day of the calendar year immediately preceding the date of filing of the plan, as follows:

   (a) A local exchange carrier with five hundred thousand or more access lines in this state shall reduce its average intrastate access service rates by at least one hundred percent of the difference between average intrastate access service rates and average interstate access service rates as of the date that the plan becomes effective.

   (b) A local exchange carrier with fewer than five hundred thousand but seventy-five thousand or more access lines in this state shall reduce its average intrastate access service rates to its average interstate access service rates in increments of at least twenty-five percent, with the initial reduction to take effect on approval of the plan and equal annual reductions on each anniversary of the approval during the first three years that its plan is in effect.

   (c) A local exchange carrier with fewer than seventy-five thousand access lines in this state shall reduce its average intrastate access service rates to its average interstate access service rates with equal annual reductions during a period beginning no more than two years and ending no more than five years from the plan's inception.

2) The board, during the term of the plan for a local exchange carrier with five hundred thousand or more access lines in this state, may consider further reductions toward economic costs in the local exchange carrier's average intrastate access service rates. The board may consider offsetting such reductions by an explicit subsidy replacement to the extent that such offsets are competitively neutral. In determining economic costs of access service the board shall consider all relevant costs of the service including shared and common costs of the local exchange carrier.

3) This section shall not be construed to do either of the following:

   (a) Prohibit an additional decrease in a carrier's average intrastate access service rate during the term of the plan.

   (b) Permit any increase in a carrier's average intrastate access service rates during the term of the plan.

4) The plan shall also provide that the initial prices for basic communications services shall be three percent less than the rates approved and in effect at the time the local exchange carrier files its plan. A local exchange carrier which elects to reduce its rates by three percent shall not, at a later time, increase its rates for basic communications services as a result of the carrier's compliance with the board's rules relating to unbundling. In lieu of the three percent reduction, and prior to the adoption of rules relating to unbundling pursuant to section 476.101, subsection 4, paragraph "a", subparagraph (1), the local exchange carrier...
may request and the board may establish a regulated revenue requirement in a rate proceeding under section 476.3 or 476.6 commenced after July 1, 1995. After the determination of the local exchange carrier's regulated revenue requirement pursuant to the rate proceeding, the local exchange carrier shall not immediately implement rates designed to recover that regulated revenue requirement. Following the adoption of rules relating to unbundling pursuant to section 476.101, subsection 4, paragraph "a", subparagraph (1), the local exchange carrier shall commence a tariff proceeding for the approval of tariffs implementing such unbundling. The board has six months to complete this tariff proceeding and determine the local exchange carrier's final unbundled rates. The local exchange carrier shall carry forward the regulated revenue requirement determined by the board pursuant to the rate proceeding and design rates that comply with the board's rules relating to unbundling that recover the regulated revenue requirement, and that implement the board's approved rate design established in the tariff proceeding.

In lieu of taking the three percent reduction, a local exchange carrier that submits a plan for price regulation after the board adopts rules relating to unbundling may file a rate proceeding under section 476.3 or 476.6 and the board may approve rates designed to comply with those rules which allow the carrier to recover the established regulated revenue requirement and that implement the board's approved rate design established in the tariff proceeding.

(5) The plan shall provide for both increases and decreases in the prices for basic communications services reflecting annual changes in inflation. Initially, the board shall use the gross domestic product price index, as published by the federal government, for an inflation measure. The board by rule may adopt a more current measure of inflation. Any plan in effect as of July 1, 2003, that contains a productivity factor shall strike the productivity factor on a prospective basis.

(6) The plan may provide that price increases for basic communications services which are permitted under this section may be deferred and accumulated for a maximum of three years into a single price increase, provided that a deferred and accumulated price increase under this section shall not at any time exceed six percent. A price decrease for basic communications services shall not be deferred or accumulated, except that price decreases of less than two percent may be deferred by the local exchange carrier for one year. A price decrease required under this section may be offset by a price increase for a basic communications service that would have been permitted under this section in the previous twelve-month period, but which was deferred by the local exchange carrier.

b. Reporting new service offerings to the board.

c. Reflecting in rates any changes in revenues, expenses, and investment due to exogenous factors beyond the control of the local exchange carrier.

d. Providing notice to customers, the board, and the consumer advocate of changes in prices, terms, or conditions for basic and nonbasic communications services.

e. The board shall consider the extent to which a proposed plan complies with the requirements of subsection 3 and achieves the following:

a. Just, nondiscriminatory, and reasonable rates.

b. High quality, universally available communications services.

c. Encouragement of investment in communications infrastructure, efficiency improvements, and technological innovation.

d. The introduction of new communications products and services from a variety of sources.

e. Regulatory efficiency including reduction of regulatory costs and delays. A plan shall not provide for waiver of, release from, or delay in implementing the provisions of this section, section 476.101 or 476.102 or any rules adopted by the board pursuant to those sections.

5. Notwithstanding an approved plan for price regulation, the board shall continue to have regulatory authority over the following:

a. The level, extent, and timing of the unbundling of essential facilities offered by a local exchange carrier.

b. Ensuring against cross-subsidization between nonbasic communications services and basic communications services.

6. Any person, including the consumer advocate, a body politic, or the board on its own motion, may file a written complaint pursuant to section 476.3, subsection 1, regarding a local exchange carrier's implementation, operation under, or satisfaction of the purposes of its price regulation plan.

7. The consumer advocate may represent consumers before the board regarding any rule, order, or proceeding pertaining to price regulation. The consumer advocate may act as attorney for and represent consumers generally before any state or federal court concerning a board rule, order, or proceeding pertaining to price regulation.

8. In implementing price regulation, the board shall consider competitively neutral methods to assist lower-income Iowans to secure and retain telephone services.

9. The board shall determine the duration of any plan. The board shall review a local exchange carrier's operation under its plan, with notice and an opportunity for hearing, within four years of
most recent annual change in the gross domestic 
gate revenue weighted prices does not exceed the 
tions services following the initial twelve-month 
connection. A price-regulated local exchange car-
tering to the terms and conditions of unbundled services and inter-
connection. A price-regulated local exchange car-
may increase its rates for basic communications services following the initial twelve-month 
period to the extent that the change in its aggregate revenue weighted prices does not exceed the most recent annual change in the gross domestic product price index, as published by the federal government. If application of that formula achieves a negative result, prices shall be reduced so that the cumulative price change for basic services, including prior price reductions in these services, achieves the negative result. The board by 
rule may adopt different measures of inflation if they are found to be more reflective of the individual price-regulated carriers.

1. Price increases for basic communications services which are permitted under this subsection may be deferred and accumulated for a maximum of three years into a single price increase, provided that a deferred and accumulated price increase under this subsection shall not at any time exceed six percent. A price decrease for basic communications services shall not be deferred or accumulated, except that price decreases of less than two percent may be deferred by the local exchange carrier for one year. A price decrease required under this section may be offset by a price increase for a basic communications service that would have been permitted under this section in the previous twelve-month period, but which was deferred by the local exchange carrier. A rate change pursuant to this subsection may take effect thirty days after the notification of the board and consumers.

2. A price-regulated local exchange carrier shall not increase its aggregate revenue weighted prices for nonbasic communications services more than six percent in any twelve-month period.

4. A price-regulated local exchange carrier may reduce the price for any basic communications service, to an amount not less than the total service long-run incremental cost for such service on one day's notice filed with the board. For purposes of this subsection, "total service long-run incremental costs" means the difference between the company's total cost and the total cost of the company less the applicable service, feature, or function.

5. A price-regulated local exchange carrier may offer new service alternatives for any basic communications services on thirty days prior notice to the board, provided that the preexisting basic communications service rate structure continues to be offered to customers. New telecommunications services shall be considered nonbasic communications services as defined in section 476.96, subsection 6.

6. A price-regulated local exchange carrier must reduce the average intrastate access service rates to the carrier's average interstate access service rates. Such carrier shall reduce the average intrastate access service rates by at least twenty-five percent of the difference of such rates within ninety days of the election to be price-regulated and twenty-five percent each of the next three years.

f. A local exchange carrier shall notify custom-
ers of a rate change under this subsection at least thirty days prior to the effective date of the rate change.

g.  A local exchange carrier which elects to become price regulated under this subsection shall also be subject to the following:

(1) The local exchange carrier shall not be subject to rate-of-return regulation while operating under price regulation.

(2) All regulated services shall be provided pursuant to board-approved tariffs.

(3) All new regulated service offerings shall be reported to the board.

(4) Rates may be adjusted by the board to reflect any changes in revenues, expenses, and investment due to exogenous factors beyond the control of the local exchange carrier, including, but not limited to, the effects of local competition. The board shall have one hundred eighty days to consider rate changes proposed under this subparagraph, but for good cause may grant one extension of sixty days, not to exceed a total of two hundred forty days.

h. The board may review a local exchange carrier’s operation under this subsection, with notice and an opportunity for hearing, after four years of the carrier’s election to be price-regulated. The local exchange carrier, consumer advocate, or any person may propose, and the board may approve, any reasonable modifications to the price regulation requirements in this subsection as a result of the specific carrier review, with the following limitations:

(1) Such modifications shall not require a reduction in the rates for any basic communications service or a return to rate-base, rate-of-return regulation.

(2) Such proposals for modifications under this paragraph “h” are limited to no more than one every three years.

The board shall approve, or approve subject to modification, a proposal for modification within one hundred eighty days of filing, but for good cause may grant one extension of sixty days, not to exceed a total of two hundred forty days. Reasonable modifications may include increases without offsetting decreases in any rate for basic and non-basic communications service of the carrier. In reviewing the carrier’s proposal, the board shall consider, but not be limited to, potential rate consolidations, the impact of competition or other external factors since election of price regulation, the impact of the proposal on the carrier’s ability to attract capital, and the impact of the proposal on the ability of the carrier to deploy advanced telecommunications services.

i. This subsection shall not be construed to prohibit an additional decrease or to permit any increase in a local exchange carrier’s average intrastate access service rates during the term of the local exchange carrier’s operation under price regulation.

j. Upon the request of a local exchange carrier, the board shall, when required by this subsection, grant the carrier temporary authority to place in effect seventy-five percent, or such lesser amount as the carrier may request, of the requested increases in rates, charges, schedules, or regulations by filing with the board a bond conditioned upon the refund in a manner to be prescribed by the board of any amounts collected from any customer class in excess of the amounts which would have been collected under rates, charges, schedules, or regulations finally approved by the board. The board shall approve a request for temporary authority within thirty days after the date of filing of the request. The decision shall be effective immediately.

The board shall determine the rate of interest to be paid by a public utility to persons receiving refunds. The interest rate to be applied to refunds of moneys collected subject to refund under this subsection is one percent per annum plus the average quarterly interest rate at commercial banks for twenty-four-month loans for personal expenditures, as determined by the board, compounded annually. The board shall consider federal reserve statistical release G.19 or its equivalent when determining interest to be paid under this subsection.

k. The board and the consumer advocate may employ additional temporary staff, or may contract for professional services with persons who are not state employees, as the board and consumer advocate deem necessary to review a local exchange carrier’s operations, proposal for modifications, rate change proposal, or proposed changes in aggregate revenue weighted prices pursuant to this subsection. Beginning July 1, 2002, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board to hire additional staff and contract for services under this subsection. The costs of the additional staff and services shall be assessed to the local exchange carrier pursuant to the procedures in sections 475A.6 and 476.10.

12. a. The Iowa broadband initiative is created to provide access to advanced telecommunications services to all customers in all exchanges served by rate-regulated local exchange carriers where advanced telecommunications services are not already available at affordable rates, to the extent consistent with technological limitations and the public interest as determined by the board. The general assembly specifically finds that regulatory flexibility is appropriate when fostering economic development through the increased availability of advanced telecommunications services.

b. For purposes of this section, “advanced telecommunications services” is defined as infrastructure capable of delivering a data transmission speed of at least two hundred kilobits per second.
in each direction.

c. Any rate-regulated local exchange carrier may implement a single increase in monthly rates for residential or business dial tone access service lines by an amount not to exceed two dollars per month. The increase shall be included in the customer's bill as an unidentified part of the overall rate for service. The revenue from this increase shall be used to provide advanced telecommunications services in each of the carrier's local exchange central office wire centers where advanced telecommunications services are not currently available at affordable rates in all or a substantial part of the exchange, subject to the requirements in subparagraphs (1) through (7). In addition, any increase or decrease required by an approved price regulation plan that, as of July 1, 2003, has been deferred pursuant to subsection 3, paragraph “a”, subparagraph (6), shall not be implemented and the amount of any deferral shall also be used to provide advanced telecommunications services, subject to the following requirements:

1. Any carrier electing to participate in the Iowa broadband initiative shall file for the board's review and approval a plan for using the revenue resulting from the rate increase. In reviewing the plan, the board shall consider investments and expenditures by the carrier that will best serve the public interest as described in this subsection, including upgrading the existing telecommunications infrastructure to permit improved data services for customers who cannot be offered advanced telecommunications services because of their geographical location. The board shall adopt rules to implement its review process, including rules that specify the initial plan filing requirements, further define the public interest, and identify some of the factors the board will consider in reviewing plans.

2. The carrier shall use the revenue resulting from the rate increase to implement its approved plan. Whenever the board is of the opinion that a carrier is not complying with its approved plan, the board shall file an action in the district court for any county in which such violation is alleged to have occurred to have such violation stopped and prevented by injunction, mandamus, or other appropriate remedy. The board may also, after notice and opportunity for hearing, require that the carrier refund any revenue resulting from the rate increase that has not been used to implement its approved plan. The board may also enforce the approved plan with civil penalties, pursuant to section 476.51.

3. The carrier shall file annual reports with the board detailing its progress toward completion of its approved plan.

4. The carrier, the board, or any other interested person may propose modifications to a carrier's plan at any time.

5. By choosing to participate in the Iowa broadband initiative, the participating carrier agrees to make available to other carriers, on both a wholesale and an unbundled basis, the services and facilities that result from implementation of the participating carrier's plan. The wholesale rates and unbundled rates shall be set by the board, which shall consider, among other factors, the extent to which the service or facility was financed by the revenues generated by the rate increase allowed under this paragraph “c”.

6. Upon completion of its initial Iowa broadband initiative plan, a carrier shall do one or more of the following:

a. File a plan for board review and approval for continued use of the revenue resulting from the rate increase for further deployment of advanced services.

b. File a rate of return rate proceeding pursuant to section 476.6 to determine new rates.

c. File proposed tariffs for board review and approval to reduce the monthly rates that were increased under this subsection by an amount equal to the increase.

7. A carrier choosing to participate in the Iowa broadband initiative shall also apply a credit, in an amount equal to the amount of the residential service increase, to the monthly local exchange service rate for qualified applicants for low-income lifeline assistance programs. This credit shall continue for as long as the retail rate increase is in effect.

476.98 Earnings calculation and report.
The consumer advocate shall calculate an estimate of the return of a local exchange carrier operating under price regulation pursuant to section 476.97 as if the carrier were subject to rate-of-return regulation. The calculation shall be based upon the annual report of such carrier and other information provided to the consumer advocate by the carrier. The calculation shall be made every two years beginning following the end of the second calendar year after the year in which the plan becomes effective. Notwithstanding section 476.1D, subsection 4, the consumer advocate shall make two calculations pursuant to this section with one calculation taking into account the investment, revenues, and expenses associated with the sale of classified directory advertising, and one calculation not taking into account such investment, revenues, and expenses. The consumer advocate shall provide a written report to the general assembly including the results of this calculation on or before July 1 of the year immediately following the two-year period for which a calculation is made. If, after a review of the information used to make the calculation required in this section, the consumer advocate determines that the public interest would be better served by a different form of rate regulation, the consumer advocate shall
provide a recommendation that the general assembly direct the utilities board to implement a different form of rate regulation.

§476.99 Additional price regulation plan provisions.
In addition to the provisions required in section 476.97, a local exchange carrier, prior to operating under price regulation, shall make provision for the following:
1. Reflecting in rates any changes due to changes in the average cost of the local exchange carrier resulting from the sale of an exchange in this state.
2. Encouraging modernization of the local exchange carrier’s telecommunications infrastructure. This provision shall include a requirement that the local exchange carrier develop and file with the board an increased modernization plan.
95 Acts, ch 199, §10

LOCAL EXCHANGE COMPETITION

§476.100 Prohibited acts.
A local exchange carrier shall not do any of the following:
1. Discriminate against another provider of communications services by refusing or delaying access to the local exchange carrier’s services.
2. Discriminate against another provider of communications services by refusing or delaying access to essential facilities on terms and conditions no less favorable than those the local exchange carrier provides to itself and its affiliates.
A local telecommunications facility, feature, function, or capability of the local exchange carrier’s network is an essential facility if all of the following apply:
a. Competitors cannot practically or economically duplicate the facility, feature, function, or capability; or obtain the facility, feature, function, or capability from another source.
b. The use of the facility, feature, function, or capability by potential competitors is technically and economically feasible.
c. Denial of the use of the facility, feature, function, or capability by competitors is unreasonable.
d. The facility, feature, function, or capability will enable competition.
3. Degradate the quality of access or service provided to another provider of communications services.
4. Fail to disclose in a timely manner, upon reasonable request and pursuant to a protective agreement concerning proprietary information, all information reasonably necessary for the design of network interface equipment, network interface services, or software that will meet the specifications of the local exchange carrier’s local exchange network.
5. Unreasonably refuse or delay interconnections or provide inferior interconnections to another provider.
6. Use basic exchange service rates, directly or indirectly, to subsidize or offset the costs of other products or services offered by the local exchange carrier.
7. Discriminate in favor of itself or an affiliate in the provision and pricing of, or extension of credit for, any telephone service.
95 Acts, ch 199, §11

§476.101 Local exchange competition.
1. A certificate of public convenience and necessity to provide local telephone service shall not be interpreted as conveying a monopoly; exclusive privilege, or franchise. A competitive local exchange service provider shall not be subject to the requirements of this chapter, except that a competitive local exchange service provider shall obtain a certificate of public convenience and necessity pursuant to section 476.29, file tariffs, notify affected customers prior to any rate increase, file reports, information, and pay assessments pursuant to section 476.2, subsection 4, and sections 476.9, 476.10, 476.16, 476.102, and 477C.7, and shall be subject to the board's authority with respect to adequacy of service, interconnection, discontinuation of service, civil penalties, and complaints. If, after notice and opportunity for hearing, the board determines that a competitive local exchange service provider possesses market power in its local exchange market or markets, the board may apply such other provisions of this chapter to a competitive local exchange service provider as it deems appropriate.
2. The duty of a local exchange carrier includes the duty, in accordance with requirements prescribed by the board pursuant to subsection 3 and other laws, to provide equal access to, and interconnection with, its facilities so that its network is fully interoperable with the telecommunications services and information services of other providers, and to offer unbundled essential facilities.
3. A local exchange carrier shall provide reasonable access to ducts, conduits, rights-of-way, and other pathways owned or controlled by the local exchange carrier to which reasonable access is necessary to a competitive local exchange service provider in order for a competitive local exchange service provider to provide service and is feasible for the local exchange carrier.
Upon application of a local exchange carrier or a competitive local exchange service provider, the board shall determine any matters concerning reasonable access to ducts, conduits, rights-of-way, and other pathways owned or controlled by the local exchange carrier upon which agreement cannot be reached, including but not limited to, matters regarding valuation, space, and capacity restraints, and compensation for access.
4. a. Prior to September 1, 1995, the board shall initiate a rulemaking proceeding to adopt rules that satisfy the requirements enumerated in subparagraphs (1) through (4). The rulemaking proceeding shall be completed as promptly as possible. The board, upon petition or on its own motion, may conduct a separate evidentiary hearing on the same or related subjects. The evidence from a hearing may be considered by the board during the rulemaking proceeding, provided that the board announces its intention to do so prior to the oral presentation in the rulemaking proceeding. The rules shall do the following:

(1) Require a local exchange carrier to provide unbundled essential facilities of its network, and allow reasonable and nondiscriminatory equal access to, use of, and interconnection with, those unbundled essential facilities on reasonable, cost-based, and tariffed terms and conditions. The board’s rules must require a local exchange carrier, including those operating under a plan of price regulation, to file tariffs implementing the unbundled essential facilities within ninety days of the board’s final order adopting such rules, except for local exchange carriers with less than seventy-five thousand access lines which must file such tariffs within two years of July 1, 1995. Such access, use, and interconnection shall be on terms and conditions no less favorable than those the local exchange carrier provides to itself and its affiliates for the provision of local exchange, access, and toll services. This subsection shall not be construed to establish a presumption as to the level of interconnection charges, if any, to be determined by the board pursuant to subparagraph (2).

(2) Establish reciprocal cost-based compensation for termination of telecommunications services between local exchange carriers and competitive local exchange service providers.

(3) Require local exchange carriers to make interim number portability available on request of a competitive local exchange service provider, and to implement provider number portability as soon as the availability of necessary technology makes provider number portability economically and technically feasible, as determined by the board. The rules shall also devise a reasonable and nondiscriminatory mechanism for the recovery of all recurring and nonrecurring costs of interim and provider number portability.

(4) Develop the cost methodology appropriate for a competitive telecommunications environment.

b. The rules adopted in paragraph “a”, subparagraphs (2) and (3), do not apply to local exchange carriers with less than seventy-five thousand access lines until a competitive local exchange service provider has filed for a certificate to provide basic communications services in an exchange or exchanges of the local exchange carrier, or the board determines that competitive necessity requires the implementation of the rules in paragraph “a”, subparagraphs (2) and (3), by the local exchange carrier.

5. Local exchange carriers shall file tariffs or price lists in accordance with board rules with respect to the services, features, functions, and capabilities offered to comply with board rules on unbundling of essential facilities and interconnection. Local exchange carriers shall submit with the tariffs or price lists for basic communications services and toll services supporting information that is sufficient for the board to determine the relationship between the proposed charges and the costs of providing such services, features, functions, or capabilities, including the imputed cost of intrastate access service rates in toll service rates pursuant to existing board orders. The board shall review the tariffs or price lists to ensure that the charges are cost-based and that the terms and conditions contained in the tariffs or price lists unbundle any essential facilities in accordance with the board’s rules and any other applicable laws.

6. This section shall not be construed to prohibit the board from enforcing rules or orders entered in contested cases pending on July 1, 1995, to the extent that such rules and orders are consistent with the provisions of this section.

7. Except as provided under section 476.29, subsection 2, and this section, the board shall not impose or allow a local exchange carrier to impose restrictions on the resale of local exchange services, functions, or capabilities. The board may prohibit residential service from being resold as a different class of service.

8. Any person may file a written complaint with the board requesting the board to determine compliance by a local exchange carrier with the provisions of sections 476.96 through 476.100, 476.102, and this section, or any board rules implementing those sections. Upon the filing of such complaint, the board may promptly initiate a formal complaint proceeding and give notice of the proceeding and the opportunity for hearing. The formal complaint proceeding may be initiated at any time by the board on its own motion. The board shall render a decision in the proceeding within ninety days after the date the written complaint was filed.

9. A telecommunications carrier, as defined in the federal Telecommunications Act of 1996, shall not do any of the following:

a. Use customer information in a manner which is not in compliance with 47 U.S.C. § 222.

b. Disparage the services offered by another telecommunications carrier through false or misleading statements.

c. Take any action that disadvantages a customer who has chosen to receive services from another telecommunications carrier.

10. In a proceeding associated with the granting of a certificate under section 476.29, approving maps and tariffs for competitive local exchange providers provided for in this section, or in resolv-

changing a complaint filed pursuant to subsection 8 and proceedings under 47 U.S.C. § 251-254, the board shall allocate the costs and expenses of the proceedings to persons identified as parties in the proceeding who are engaged in or who seek to engage in providing telecommunications services or other persons identified as participants in the proceeding. The funds received for the costs and expenses shall be remitted to the treasurer of state for deposit in the general fund of the state as provided in section 476.10.

UNIVERSAL SERVICE

§476.102 Universal service.
1. The board shall initiate a proceeding to preserve universal service such that it shall be maintained in a competitively neutral fashion. As a part of this proceeding, the board shall determine the difference between the cost of providing universal service and the prices determined to be appropriate for such service.
2. The board shall base policies for the preservation of universal service on the following principles:
   a. A plan adopted by the board should ensure the continued viability of universal service by maintaining quality services at just and reasonable rates.
   b. The plan should define the nature and extent of the service encompassed within any entities’ universal service obligations.
   c. The plan should establish specific and predictable mechanisms to provide competitively neutral support for universal service. Those mechanisms shall include a nondiscriminatory mechanism by which funds to support universal service shall be collected, and a mechanism for disbursement of support funds to eligible subscribers, either directly to those subscribers, or to the subscriber’s provider of local exchange services chosen by the subscriber.
   d. The plan should be based on other principles as the board determines are necessary and appropriate for the protection of the public interest, convenience, and necessity and consistent with the purposes of sections 476.95 through 476.101 and this section.
95 Acts, ch 199, §13

CHANGE IN SERVICE

§476.103 Unauthorized change in service — civil penalty.
1. Notwithstanding the deregulation of a communications service or facility under section 476.1D, the board may adopt rules to protect consumers from unauthorized changes in telecommunications service. Such rules shall not impose undue restrictions upon competition in telecommunications markets.
2. As used in this section, unless the context otherwise requires:
   a. “Change in service” means the designation of a new provider of a telecommunications service to a consumer, including the initial selection of a service provider, and includes the addition or deletion of a telecommunications service for which a separate charge is made to a consumer account.
   b. “Consumer” means a person other than a service provider who uses a telecommunications service.
   c. “Executing service provider” means, with respect to any change in telecommunications service, a service provider who executes an order for a change in service received from another service provider.
   d. “Service provider” means a person providing a telecommunications service.
   e. “Submitting service provider” means a service provider who requests another service provider to execute a change in service.
   f. “Telecommunications service” means a local exchange or long distance telephone service other than commercial mobile radio service.
3. The board shall adopt rules prohibiting an unauthorized change in telecommunications service. The rules shall be consistent with federal communications commission regulations regarding procedures for verification of customer authorization of a change in service. The rules, at a minimum, shall provide for all of the following:
   a. (1) A submitting service provider shall obtain verification of customer authorization of a change in service before submitting such change in service.
   (2) Verification appropriate under the circumstances for all other changes in service.
   (3) The verification may be in written, oral, or electronic form and may be performed by a qualified third party.
   (4) The reasonable time period during which the verification is to be retained, as determined by the board.
   b. A customer shall be notified of any change in service.
   c. Appropriate compensation for a customer affected by an unauthorized change in service.
   d. Board determination of potential liability, including assessment of damages, for unauthorized changes in service among the customer, previous service provider, executing service provider, and submitting service provider.
   e. A provision encouraging service providers to resolve customer complaints without involvement of the board.
   f. The prompt reversal of unauthorized changes in service.
   g. Procedures for a customer, service provider, or the consumer advocate to submit to the board
complaints of unauthorized changes in service.

4. a. In addition to any applicable civil penalty set out in section 476.51, a service provider who violates a provision of this section, a rule adopted pursuant to this section, or an order lawfully issued by the board pursuant to this section, is subject to a civil penalty, which, after notice and opportunity for hearing, may be levied by the board, of not more than ten thousand dollars per violation. Each violation is a separate offense.

b. A civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in a compromise, the board may consider the size of the service provider, the gravity of the violation, any history of prior violations by the service provider, remedial actions taken by the service provider, the nature of the conduct of the service provider, and any other relevant factors.

c. A civil penalty collected pursuant to this subsection shall be forwarded by the executive secretary of the board to the treasurer of state to be credited to the general fund of the state and to be used only for consumer education programs administered by the board.

d. A penalty paid by a rate-of-return regulated utility pursuant to this section shall be excluded from the utility's costs when determining the utility's revenue requirement, and shall not be included either directly or indirectly in the utility's rates or charges to its customers.

e. The board shall not commence an administrative proceeding to impose a civil penalty under this section for acts subject to a civil enforcement action pending in court under section 714D.7.

5. If the board determines, after notice and opportunity for hearing, that a service provider has shown a pattern of violations of the rules adopted pursuant to this section, the board may by order do any of the following:

a. Prohibit any other service provider from billing charges to residents of Iowa on behalf of the service provider determined to have engaged in such a pattern of violations.

b. Prohibit certificated local exchange service providers from providing exchange access services to the service provider.

c. Limit the billing or access services prohibition under paragraph "a" or "b" to a period of time. Such prohibition may be withdrawn upon a showing of good cause.

d. Revoke the certificate of public convenience and necessity of a local exchange service provider.

6. The board has primary jurisdiction over a complaint pursuant to this section initiated by a service provider.

7. Subsection 6 does not preclude proceedings before the federal communications commission to enforce applicable federal law. However, a service provider or a consumer, for the same alleged acts, shall not pursue a complaint both before the federal communications commission and pursuant to this section.

8. The board shall adopt competitively neutral rules establishing procedures for the solicitation, imposition, and lifting of preferred carrier freezes. A valid preferred carrier freeze prevents a change in service unless the subscriber gives the service provider from whom the freeze was requested the subscriber's express consent.

SEVERABILITY

476.104 Severability.

If any provision of this chapter or its application to any person or circumstance is held invalid or otherwise rendered ineffective by any entity, the invalidity or ineffectiveness shall not affect other provisions or applications of this chapter that can be given effect without the invalid or ineffective provision or application, and to this end the provisions of this chapter are severable.

SUBCHAPTER I
ELECTRIC POWER GENERATING FACILITIES

476A.1 Definitions.

As used in this subchapter, unless the context otherwise requires:

1. “Agency” means an agency as defined in section 17A.2, subsection 1.

2. “Board” means the utilities board within the utilities division of the department of commerce.

4. “Commence to construct” means significant alteration of a site to install permanent equipment or structures but does not include activities incidental to preliminary engineering, environmental studies or acquisition of a site for a facility.

5. “Facility” means any electric power generating plant or a combination of plants at a single site, owned by any person, with a total capacity of twenty-five megawatts of electricity or more and those associated transmission lines connecting the generating plant to either a power transmission system or an interconnected primary transmission system or both. Transmission lines subject to the provisions of this subchapter shall not require a franchise under chapter 478.

6. “Regulatory agency” means an agency which issues licenses or permits required for the construction, operation or maintenance of a facility pursuant to statutes or rules in effect on the date on which an application for a certificate is accepted by the utilities board.

476A.2 Certificate required.

1. Commencing January 1, 1977, a person shall not commence to construct a facility except as provided in section 476A.9 unless a certificate for the facility has been issued by the board. This subchapter shall not apply to persons who prior to July 1, 1976:

   a. Have acquired a site for a facility; and,

   b. Have publicly announced the intention to construct a facility; and,

   c. Have let contracts for major components of a facility.

2. Any significant alteration, as determined by the board, in the location, construction, maintenance, or operation of a facility whether constructed before or after July 1, 1976, shall require an application for an amendment to a certificate or a certificate, whichever is appropriate. “Significant alteration” shall include but shall not be limited to a change in the type of fuel used by the major electric generating facility.

3. Any person required to obtain a certificate or an amendment to a certificate shall construct, operate and maintain the facility according to the terms of the certificate and any amendments to the certificate. A certificate shall only be issued pursuant to this subchapter.

4. This subchapter shall not apply to an electric power generating plant, or combination of plants at a single site, with a total capacity of more than twenty-five but less than one hundred megawatts of electricity if the owner or operator prior
to January 1, 1990, has met all of the following conditions:
   a. Acquired a site for the facility.
   b. Publicly announced the intention to construct a facility at that site.
   c. Let contracts for major components of the facility.

90 Acts, ch 1252, §42; 2001 Acts, 1st Ex, ch 4, §35, 36

§476A.3 Application submitted — review.
An application for a certificate or an amendment to a certificate shall be submitted to the board in compliance with the regulatory agencies. Regulatory agencies receiving a copy of the application shall conduct a preliminary review of the contents and shall evaluate the application for completeness and compliance with the regulatory agency’s permit and licensing requirements within a reasonable amount of time.
   [C77, 79, 81, §476A.3]

§476A.4 Hearing scheduled — notice.
1. The proceeding for the issuance of a certificate or an amendment to a certificate shall be treated in the same manner as a contested case pursuant to the provisions of chapter 17A. Upon acceptance of an application by the board, a public hearing shall be scheduled.
2. The board shall serve notice of the proceeding on the following:
   a. Interested agencies, as determined by the board, and regulatory agencies.
   b. County and city zoning authorities from the area in which the proposed site is located.
   c. Owners of real property located within one thousand linear feet of the proposed site.
3. Notice of the proceeding in the form provided in section 17A.12, subsection 2, shall be published in a newspaper of general circulation in each county in which the proposed site is located once a week for two consecutive weeks with the second publication being at least twenty days prior to the date of the hearing. The board shall be responsible for publication and delivery of notices required by this section.
4. The board shall conduct the hearing, as described in subsection 1, in the county in which the construction of the greater portion of the facility is being proposed.
5. A proceeding for the issuance of a certificate under section 476A.5 may be consolidated with a contested case proceeding for determination of applicable ratemaking principles under section 476A.53.
   [C77, 79, 81, §476A.4]
2001 Acts, 1st Ex, ch 4, §13, 36

§476A.5 Proceeding — role of regulatory agencies and local authorities.
1. The board shall conduct the contested case proceeding. Regulatory agencies which appear on record at the proceeding shall state whether the application meets their permit and licensing requirements. If the application does not meet such requirements, the regulatory agency shall recommend amendments to the application which outline actions necessary to bring the applicant in compliance with the regulatory agency’s permit and licensing requirements. The board shall not issue a certificate for a facility which does not meet the permit and licensing requirements of a regulatory agency.
2. If a regulatory agency which received notice pursuant to section 476A.4 fails to appear of record in the contested case proceeding, the board shall conclusively presume that the facility meets the regulatory agency’s permit and licensing requirements and the regulatory agency shall immediately issue any license or permit required for the construction, operation or maintenance of the facility.
3. City and county zoning authorities designated as parties to the proceeding may appear on record and may state whether the facility meets city, county and airport zoning requirements. The failure of a facility to meet zoning requirements established pursuant to chapters 329, 335 and 414 shall not preclude the board from issuing the certificate and to that extent the provisions of this subsection shall supersede the provisions of chapters 329, 335 and 414.
   [C77, 79, 81, §476A.5]

§476A.6 Decision — criteria.
The board shall render a decision on the application in an expeditious manner. A certificate shall be issued to the applicant if the board finds all of the following:
1. The services and operations resulting from the construction of the facility are consistent with legislative intent as expressed in section 476.53 and the economic development policy of the state as expressed in Title I, subtitle 5, and will not be detrimental to the provision of adequate and reliable electric service.
2. The applicant is willing to construct, maintain, and operate the facility pursuant to the provisions of the certificate and this subchapter.
3. The construction, maintenance, and operation of the facility will be consistent with reasonable land use and environmental policies and consonant with reasonable utilization of air, land, and water resources, considering available technology and the economics of available alternatives.
   [C77, 79, 81, §476A.6]
§476A.7 Issuance of certificate — effect.
1. Issuance of a certificate by the board:
   a. Authorizes construction of the facility on the site designated in the certificate according to the terms and conditions stated in the certificate and licenses and permits issued by regulatory agencies during the proceeding; and
   b. Gives the applicant the power of eminent domain to the extent and under such conditions as the board may approve, prescribe and find necessary for the public convenience, use and necessity, proceeding in the manner of works of internal improvement under chapter 6B. The burden of proving the necessity for the exercise of the power of eminent domain shall be on the person issued the certificate.
2. A certificate may be transferred, subject to the approval of the board, to a person who agrees to comply with the terms of the certificate including any amendments to the certificate. Certificates shall be transferable by operation of law to any receiver, trustee or similar assignee under a mortgage, deed of trust or similar instrument.
3. Pursuant to the provisions of section 476.53, a rate-regulated public utility shall have the option of withdrawing its application for issuance of a certificate at any time prior to the issuance of the certificate, or after the certificate has been issued.

§476A.8 Further approvals prohibited — exception.
Upon issuance of a certificate, notwithstanding any provision of law except statutory requirements relating to the protection of employees engaged in the construction of the facility, a regulatory agency, city or county shall not require any further approval, permit or license for the construction of the facility.

[C77, 79, 81, §476A.8]

§476A.9 Advance site preparation.
Subsequent to the hearing held pursuant to section 476A.5 and in the event of extensive delay in the issuance of a certificate, the board may permit an applicant having an application docketed for hearing to begin work to prepare the site for construction of the facility. Any activities conducted pursuant to this section shall have no probative value in the board's decision concerning the actual issuance of a certificate.

[C77, 79, 81, §476A.9]

§476A.10 Costs of proceeding.
The applicant for a certificate, or an amendment to certificate, shall pay all the costs and expenses incurred by the division in reaching a decision on the application including the costs of examinations of the site, the hearing, publishing of notice, division staff salaries, the cost of consultants employed by the division, and other expenses reasonably attributable to the proceeding.

[C77, 79, 81, §476A.10]

Notwithstanding the provisions of chapter 17A:
1. Any proceeding or oral presentation held on an application for a certificate or an amendment to a certificate shall be held in lieu of any other proceeding or oral presentation required for a license or permit necessary for the construction, maintenance or operation of a facility.
2. The decision of the board shall be considered a single agency action. The agency action shall be subject to judicial review in the manner provided in chapter 17A.
3. Only parties to the proceeding before the board may seek judicial review of the final order of the board.

[C77, 79, 81, §476A.11]

§476A.12 Rules.
The board shall adopt rules pursuant to chapter 17A necessary to implement the provisions of this subchapter including but not limited to the promulgation of facility siting criteria, the form for an application for a certificate and an amendment to a certificate, the description of information to be furnished by the applicant, the determination of what constitutes a significant alteration to a facility, and the establishment of minimum guidelines for public participation in the proceeding.

§476A.13 Staff assistance — federal preemption.
1. The board may request staff assistance from other federal, state and local agencies, pursuant to chapter 28D, to assist in discharging the responsibilities assigned to the board pursuant to this subchapter. The board may exercise the powers and responsibilities assigned to the board under this subchapter jointly with other governmental agencies pursuant to chapter 28E.
2. This subchapter shall not apply to any facility over which an agency of the federal government has exclusive jurisdiction. When concurrent jurisdiction exists with certain powers reserved to the state, the state shall exercise those powers with respect to facilities operating within this state to the full extent permitted by the Constitution and the laws of the United States.

§476A.14 Penalties.
1. Any person who commences to construct a facility as provided in this subchapter without having first obtained a certificate, or who
constructs, operates or maintains any facility other than in compliance with a certificate issued by the board or a certificate amended pursuant to this subchapter, or who causes any of these acts to occur, shall be liable for a civil penalty of not more than ten thousand dollars for each violation or for each day of continuing violation. Civil penalties collected pursuant to this subsection shall be forwarded by the clerk of court to the treasurer of state for deposit in the general fund of the state.

2. The district court shall have exclusive jurisdiction to grant restraining orders and temporary or permanent injunctive relief as may be necessary to obtain compliance with this subchapter.

3. Persons convicted of violating any provision of this subchapter shall be guilty of a simple misdemeanor.

476A.15 Waiver.

The board, if it determines that the public interest would not be adversely affected, may waive any of the requirements of this subchapter.

476A.16 through 476A.19 Reserved.

SUBCHAPTER II
ELECTRIC POWER AGENCIES

476A.20 Definitions.

For purposes of this subchapter, unless the context otherwise requires:

1. “Electric power agency” means an entity as defined in section 28F.2.

2. “Facility” means an electric power generating plant, or transmission line or system, as defined in section 476A.1.

3. “Public bond or obligation” means an obligation as defined in section 76.14.

476A.21 Electric power agency — general authority.

In addition to other powers conferred upon an electric power agency under chapter 28F or other applicable law, an electric power agency may exercise all other powers reasonably necessary or appropriate for or incidental to the effectuation of the electric power agency’s authorized purposes, including without limitation the powers enumerated in chapters 6A and 6B for purposes of constructing or acquiring an electric power facility.

2. An electric power agency, in connection with its property and affairs, and in connection with property within its control, may exercise any and all powers that might be exercised by a natural person or a private corporation in connection with similar property and affairs.

3. The enumeration of specified powers and functions of an electric power agency in this subchapter is not a limitation of the powers of an electric power agency, but the procedures prescribed for exercising the powers and functions enumerated in this subchapter control and govern in the event of any conflict with any other provision of law.

4. The authority conferred pursuant to this subchapter applies to electric power agencies, notwithstanding any contrary provisions of section 28F.1.

2001 Acts, 1st Ex, ch 4, §19, 36

476A.23 Issuance of public bonds or obligations — purposes — limitations.

1. An electric power agency may from time to time issue its public bonds or obligations in such principal amounts as the electric power agency deems necessary to provide sufficient funds to carry out any of its purposes and powers, including but not limited to any of the following:

   a. The acquisition or construction of any project to be owned or leased by the electric power agency, or the acquisition of any interest in such project or any right to the capacity of such project, including the acquisition, construction, or acquisition of any interest in an electric power generating plant to be constructed in this state, or the acquisition, construction, or acquisition of any interest in a transmission line or system.

   b. The funding or refunding of the principal of, or interest or redemption premiums on, any public bonds or obligations issued by the electric power agency whether or not the public bonds or obligations or interest to be funded or refunded have become due.

   c. The establishment or increase of reserves to secure or to pay the public bonds or obligations or interest on the public bonds or obligations.

   d. The payment of all other costs or expenses of the electric power agency incident to and necessary to carry out its purposes and powers.

2. Notwithstanding anything in this subchapter or chapter 28F to the contrary, a facility shall not be financed with the proceeds of public bonds
or obligations, the interest on which is exempt from federal income tax, unless the public issuer of such public bonds or obligations covenants that the issuer shall comply with the requirements or limitations imposed by the Internal Revenue Code or other applicable federal law to preserve the tax exemption of interest payable on the bonds or obligations.

3. Notwithstanding anything in this subchapter or chapter 28F to the contrary, an electric power generating facility shall not be financed under this subchapter unless all of the following conditions are satisfied:
   a. The portion of the electric power generating facility financed by the electric power agency is not designed to serve the electric power requirements of retail customers of members that are municipal electric utilities established in the state after January 1, 2001.
   b. The electric power agency annually files with the utilities board, in a manner to be determined by the utilities board, information regarding sales from the electric power generating facility in sufficient detail to determine compliance with these provisions.

The utilities board shall report to the general assembly if any of the provisions are being violated.

476A.24 Public bonds or obligations authorized by resolution of board of directors — terms.
1. The board of directors of an electric power agency, by resolution, may authorize the issuance of public bonds or obligations of the electric power agency.
2. The public bonds or obligations may be issued in one or more series under the resolution or under a trust indenture or other security agreement.
3. The resolution, trust indenture, or other security agreement, with respect to such public bonds or obligations, shall provide for all of the following:
   a. The date on the public bonds or obligations.
   b. The time of maturity.
   c. The rate of interest.
   d. The denomination.
   e. The form, either coupon or registered.
   f. The conversion, registration, and exchange privileges.
   g. The rank or priority.
   h. The manner of execution.
   i. The medium of payment, including the place of payment, either within or outside of the state.
   j. The terms of redemption, either with or without premium.
   k. Such other terms and conditions as set forth by the board in the resolution, trust indenture, or other security agreement.
4. Public bonds or obligations authorized by the board of directors shall not be subject to any restriction under other law with respect to the amount, maturity, interest rate, or other terms of obligation of a public agency or private person.

476A.25 Public bonds or obligations payable solely from agency revenues or funds.
1. The principal of and interest on any public bonds or obligations issued by an electric power agency shall be payable solely from the revenues or funds pledged or available for their payment as authorized in this subchapter.
2. Each public bond or obligation shall contain all of the following terms:
   a. That the principal of or interest on such public bonds or obligations is payable solely from revenues or funds of the electric power agency.
   b. That neither the state or a political subdivision of the state other than the electric power agency, nor a public agency that is a member of the electric power agency is obligated to pay the principal or interest on such public bonds or obligations.
   c. That neither the full faith and credit nor the taxing power of the state, of any political subdivision of the state, or of any such public agency is pledged to the payment of the principal of or the interest on the public bonds or obligations.

2001 Acts, 1st Ex, ch 4, §22, 36

476A.26 Public bonds or obligations — types — sources for payment — security.
1. Except as otherwise expressly provided by this subchapter or by the electric power agency, every issue of public bonds or obligations of the electric power agency shall be payable out of any revenues or funds of the electric power agency, subject only to any agreements with the holders of particular public bonds or obligations pledging any particular revenues or funds.
2. An electric power agency may issue types of public bonds or obligations as it may determine, including public bonds or obligations as to which the principal and interest are payable exclusively from the revenues from one or more projects, or from an interest in such project or projects, or a right to capacity of such project or projects, or from any revenue-producing contract made by the electric power agency with any person, or from its revenues generally.
3. Any public bonds or obligations may be additionally secured by a pledge of any grant, subsidy, or contribution from any public agency or other person, or a pledge of any income or revenues, funds, or moneys of the electric power agency from any other source.

2001 Acts, 1st Ex, ch 4, §23, 36
§476A.27 Public bonds or obligations and rates for debt service not subject to state approval.

Public bonds or obligations of an electric power agency may be issued under this subchapter, and rents, rates, and charges may be established in the same manner as provided in section 28F.5 and pledged for the security of public bonds or obligations and interest and redemption premiums on such public bonds or obligations, without obtaining the consent of any department, division, commission, board, bureau, or agency of the state and without any other proceeding or the happening of any other condition or occurrence, except as specifically required by this subchapter.

2001 Acts, 1st Ex, ch 4, §24, 36

§476A.28 Public bonds or obligations to be negotiable.

All public bonds or obligations of an electric power agency shall be negotiable within the meaning and for all of the purposes of the uniform commercial code, chapter 554, subject only to the registration requirement of section 76.10.

2001 Acts, 1st Ex, ch 4, §25, 36

§476A.29 Validity of public bonds or obligations at delivery — temporary bonds.

1. Any public bonds or obligations may be issued and delivered, notwithstanding that one or more of the officers executing them shall have ceased to hold office at the time when the public bonds or obligations are actually delivered.

2. Pending preparation of definitive bonds or obligations, an electric power agency may issue temporary bonds or obligations that shall be exchanged for the definitive bonds or obligations upon their issuance.

2001 Acts, 1st Ex, ch 4, §26, 36

§476A.30 Public or private sale of bonds and obligations.

Public bonds or obligations of an electric power agency may be sold at public or private sale for a price and in a manner determined by the electric power agency.

2001 Acts, 1st Ex, ch 4, §27, 36

§476A.31 Public bonds or obligations as suitable investments for governmental units, financial institutions, and fiduciaries.

The following persons may legally invest any debt service funds, money, or other funds belonging to such person or within such person’s control in any public bonds or obligations issued pursuant to this subchapter:

1. A bank, trust company, savings association, building and loan association, savings and loan association, or investment company.

2. An insurance company, insurance associa-

tion, or any other person carrying on an insurance business.

3. An executor, administrator, conservator, trustee, or other fiduciary.

4. Any other person authorized to invest in bonds or obligations of the state.

Investment of public funds; §12B.10
Insurance companies; §§511.8, 515.35
Banks; §524.901
Savings and loan associations; §§534.213
Investments by fiduciaries; §636.23

§476A.32 Resolution, trust indenture, or security agreement constitutes contract — provisions.

The resolution, trust indenture, or other security agreement under which any public bonds or obligations are issued shall constitute a contract with the holders of the public bonds or obligations, and may contain provisions, among others, prescribing any of the following terms:

1. The terms and provisions of the public bonds or obligations.

2. The mortgage or pledge of and the grant of a security interest in any real or personal property and all or any part of the revenue from any project or any revenue producing contract made by the electric power agency with any person to secure the payment of public bonds or obligations, subject to any agreements with the holders of public bonds or obligations which might then exist.

3. The custody, collection, securing, investment, and payment of any revenues, assets, money, funds, or property with respect to which the electric power agency may have any rights or interest.

4. The rates or charges for electric energy sold by, or services rendered by, the electric power agency, the amount to be raised by the rates or charges, and the use and disposition of any or all revenue.

5. The creation of reserves or debt service funds and the regulation and disposition of such reserves or funds.

6. The purposes to which the proceeds from the sale of any public bonds or obligations to be issued may be applied, and the pledge of the proceeds to secure the payment of the public bonds or obligations.

7. Limitations on the issuance of any additional public bonds or obligations, the terms upon which additional public bonds or obligations may be issued and secured, and the refunding of outstanding public bonds or obligations.

8. The rank or priority of any public bonds or obligations with respect to any lien or security.

9. The creation of special funds or moneys to be held for operating expenses, payment, or redemption of public bonds or obligations, reserves or other purposes, and the use and disposition of moneys held in these funds.

10. The procedure by which the terms of any
contract with or for the benefit of the holders of public bonds or obligations may be amended or abrogated, the amount of public bonds or obligations the holders of which must consent to such amendment or abrogation, and the manner in which consent may be given.

11. The definition of the acts or omissions to act that constitute a default in the duties of the electric power agency to holders of its public bonds or obligations, and the rights and remedies of the holders in the event of default including, if the electric power agency so determines, the right to accelerate the date of the maturation of the public bonds or obligations or the right to appoint a receiver or receivers of the property or revenues subject to the lien of the resolution, trust indenture, or other security agreement.

12. Any other or additional agreements with or for the benefit of the holders of public bonds or obligations or any covenants or restrictions necessary or desirable to safeguard the interests of the holders.

13. The custody of any of the electric power agency's property or investments, the safekeeping of such property or investments, the insurance to be carried on such property or investments, and the use and disposition of insurance proceeds.

14. The vesting in a trustee or trustees, within or outside the state, of such property, rights, powers, and duties as the electric power agency may determine; or the limiting or abrogating of the rights of the holders of any public bonds or obligations to appoint a trustee, or the limiting of the rights, powers, and duties of such trustee.

15. The appointment of and the establishment of the duties and obligations of any paying agent or other fiduciary within or outside the state.

2001 Acts, 1st Ex, ch 4, §29, 36

476A.33 Mortgage or trust deed to secure bonds.
For the security of public bonds or obligations issued or to be issued by an electric power agency, the electric power agency may mortgage or execute deeds of trust of the whole or any part of its property.
2001 Acts, 1st Ex, ch 4, §30, 36

476A.34 No personal liability on public bonds or obligations.
An official, director, member of an electric power agency, or any person executing public bonds or obligations shall not be liable personally on the public bonds or obligations or be subject to any personal liability or accountability by reason of the issuance of such public bonds or obligations.
2001 Acts, 1st Ex, ch 4, §31, 36

476A.35 Repurchase of securities.
An electric power agency may purchase public bonds or obligations out of any funds available for such purchase, and hold, pledge, cancel, or resell the public bonds or obligations, subject to and in accordance with any agreements with the holders.
2001 Acts, 1st Ex, ch 4, §32, 36

476A.36 Pledge of revenue as security.
An electric power agency may pledge its rates, rents, and other revenues, or any part of such rates, rents, and revenues, as security for the repayment, with interest and redemption premiums, if any, of the moneys borrowed by the electric power agency or advanced to the electric power agency for any of its authorized purposes and as security for the payment of moneys due and owed by the electric power agency under any contract.
2001 Acts, 1st Ex, ch 4, §33, 36

CHAPTER 476B
WIND ENERGY PRODUCTION TAX CREDIT

476B.1 Definitions.
For purposes of this chapter, unless the context otherwise requires:
1. “Board” means the utilities board within the utilities division of the department of commerce.

476B.6 Issuance of tax credit certificates.

476B.7 Transfer of tax credit certificates.

476B.8 Use of tax credit certificates.

476B.9 Registration of tax credit certificates.

2. “Department” means the department of revenue.

3. “Qualified electricity” means electricity produced from wind at a qualified facility.

4. “Qualified facility” means an electrical production facility that meets all of the following:
a. Produces electricity from wind.

b. Is located in Iowa.

c. Was originally placed in service on or after July 1, 2004, but before July 1, 2007.

2004 Acts, ch 1175, §409, 418

Section takes effect May 17, 2004, and applies retroactively to taxable years beginning on or after January 1, 2004; 2004 Acts, ch 1175, §418

NEW section

476B.2 General rule.

The owner of a qualified facility shall, for each kilowatt-hour of qualified electricity that the owner sells during the ten-year period beginning on the date the qualified facility was originally placed in service, be allowed a wind energy production tax credit to the extent provided in this chapter against the tax imposed in chapter 422, divisions II, III, and V, and chapter 432.

2004 Acts, ch 1175, §410, 418

Section takes effect May 17, 2004, and applies retroactively to taxable years beginning on or after January 1, 2004; 2004 Acts, ch 1175, §418

NEW section

476B.3 Credit amount.

1. Except as limited by subsection 2, the wind energy production tax credit allowed under this chapter equals the product of one cent multiplied by the number of kilowatt-hours of qualified electricity sold by the owner during the taxable year.

2. a. The maximum amount of tax credit which a group of qualified facilities operating as one unit may receive for a taxable year equals the rate of credit times thirty-two percent of the total number of kilowatts of nameplate generating capacity.

b. However, if for the previous taxable year the amount of the tax credit for the group of qualified facilities operating as one unit is less than the maximum amount available as provided in paragraph "a", the maximum amount for the next taxable year shall be increased by the amount of the previous year's unused maximum credit.

Section takes effect May 17, 2004, and applies retroactively to taxable years beginning on or after January 1, 2004; 2004 Acts, ch 1175, §418

NEW section

476B.4 Limitations.

1. a. The wind energy production tax credit shall not be allowed for any kilowatt-hour of electricity produced on wind energy conversion property for which the owner has claimed or otherwise received for that property the benefit of special valuation under section 427B.26 or section 441.21, subsection 8, or the exemption from retail sales tax under section 422.45, subsection 48, Code Supplement 2003, a or section 423.3, subsection 54, as applicable.

b. The disallowance of the tax credit pursuant to paragraph "a" does not apply to an owner of a qualified facility that owns, directly or indirectly, in the aggregate, a total annual turbine nameplate capacity of all such property of less than one mega-watt. A qualified facility under this paragraph shall not be owned by more than one person.

2. The wind energy production tax credit shall not be allowed for any kilowatt-hour of electricity that is sold to a related person. For purpose of this subsection, persons shall be treated as related to each other if such persons would be treated as a single employer under the regulations prescribed under section 52(b) of the Internal Revenue Code.

In the case of a corporation that is a member of an affiliated group of corporations filing a consolidated return, such corporation shall be treated as selling electricity to an unrelated person if such electricity is sold to such a person by another member of such group.

NEW section

476B.5 Application for tax credit certificates.

1. a. To be eligible to receive the wind energy production tax credit, the owner must first receive approval of the board of supervisors of the county in which the qualified facility is located. The application for approval may be submitted prior to commencement of the construction of the qualified facility but shall be submitted no later than the close of the owner's first taxable year for which the credit is to be applied for. The application must contain the owner's name and address, the address of the qualified facility, and the dates of the owner's first and last taxable years for which the credit will be applied for. Within forty-five days of the receipt of the application for approval, the board of supervisors shall either approve or disapprove the application. After the forty-five-day limit, the application is deemed to be approved.

b. Upon approval of the application, the owner may apply for the tax credit as provided in subsection 2. In addition, approval of the application is acceptance by the applicant for the assessment of the qualified facility for property tax purposes for a period of twelve years and approval by the board of supervisors for the payment of the property taxes levied on the qualified property to the state. For purposes of property taxation, the qualified facility shall be centrally assessed and shall be exempt from any replacement tax under section 437A.6 for the period during which the facility is subject to property taxation. The property taxes to be paid to the state are those property taxes which make up the consolidated tax levied on the qualified facility and which are due and payable in the twelve-year period beginning with the first fiscal year beginning on or after the end of the owner's first taxable year for which the credit is applied for. Upon approval of the application, the board of supervisors shall notify the county treasurer to state on the tax statement which lists the
The owner’s application must contain, but need not be limited to, all of the following information: the owner’s name, tax identification number, and address, the number of kilowatt-hours of qualified electricity sold by the owner during the preceding taxable year, the address of the qualified facility at which the qualified electricity was produced, and the denomination that each tax credit certificate is to carry. For the first taxable year for which the credit is applied for, there shall be attached to the application a notarized copy of the board of supervisors’ approval as required in subsection 1.

3. The board shall, in conjunction with the department, prescribe appropriate forms, including board of supervisors’ approval forms, and instructions to enable owners to claim the tax credit allowed under this chapter. If the board prescribes these forms and instructions, an owner’s application for a tax credit certificate shall not be valid unless made on and in accordance with these forms and instructions.

2004 Acts, ch 1175, §413, 418

476B.6 Issuance of tax credit certificates.

1. If the owner meets the criteria for eligibility for the wind energy production tax credit, the board shall determine the validity of the application and if valid, shall approve the application for credit. Once approval of the credit for a qualified facility is granted, subsequent approval is not required for the same qualified facility. However, application is required to be filed as provided in section 476B.5, subsection 2, for purposes of the issuance of credit certificates. The board shall issue one or more tax credit certificates to the owner not later than thirty days after the application is submitted to the board. Each tax credit certificate must contain the owner’s name, address, and tax identification number, amount of tax credits, the first taxable year the certificates may be used, which shall not be for a taxable year beginning prior to July 1, 2005, and the expiration date of the tax credit certificate, which shall be seven years from its date of issuance and any other information required by the department. Once issued by the board, the tax credit certificate shall be binding on the board and the department and shall not be modified, terminated, or rescinded. The board shall notify the department and identify the qualified facility for which the owner received tax credit certificates that property taxes levied on the qualified facility are to be paid to the department.

2. If the tax credit application is filed by a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, the tax credit certificate may, at the election of the owner, be issued directly to equity holders or beneficiaries of the owner in proportion to their pro rata share of the income of such entity. If the owner elects to have the tax credit certificate issued directly to its equity holders or beneficiaries, the owner must, in the application made under section 476B.5, identify its equity holders or beneficiaries, and the amount of such entity’s income that is allocable to each equity holder or beneficiary.

2004 Acts, ch 1175, §413, 418

476B.7 Transfer of tax credit certificates.

Wind energy production tax credit certificates issued under this chapter may be transferred to any person or entity. Within thirty days of transferring, the transferee must submit the transferred tax credit certificate to the board along with a statement containing the transferee’s name, tax identification number, and address, and the denomination that each replacement tax credit certificate is to carry and any other information required by the department. Within thirty days of receiving the transferred tax credit certificate and the transferee’s statement, the board shall issue one or more replacement tax credit certificates to the transferee. Each replacement certificate must contain the information required under section 476B.6 and must have the same effective taxable year and the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule of the board shall not be transferable. A tax credit shall not be claimed by a transferee under this chapter until a replacement tax credit certificate identifying the transferee as the proper holder has been issued.

The tax credit shall only be transferred once. The transferee may use the amount of the tax credit transferred against the taxes imposed under chapter 422, divisions II, III, and V, and chapter 432 for any tax year the original transferor could have claimed the tax credit. Any consider-
ation received for the transfer of the tax credit shall not be included as income under chapter 422, divisions II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, divisions II, III, and V.

2004 Acts, ch 1175, §415, 418

Section takes effect May 17, 2004, and applies retroactively to taxable years beginning on or after January 1, 2004; 2004 Acts, ch 1175, §418

NEW section

§476B.8 Use of tax credit certificates.

To claim a wind energy production tax credit under this chapter, a taxpayer must attach one or more tax credit certificates to the taxpayer’s tax return. A tax credit certificate shall not be used or attached to a return filed for a taxable year beginning prior to July 1, 2005. The tax credit certificate or certificates attached to the taxpayer’s tax return shall be issued in the taxpayer’s name, expire on or after the last day of the taxable year for which the taxpayer is claiming the tax credit, and show a tax credit amount equal to or greater than the tax credit claimed on the taxpayer’s tax return. Any tax credit in excess of the taxpayer’s tax liability for the taxable year may be credited to the taxpayer’s tax liability for the following seven taxable years or until depleted, whichever is the earlier.

CHAPTER 477

TELEGRAPH AND TELEPHONES — CABLE SYSTEMS

477.1 Right-of-way.

Any person, firm, and corporation, within or without the state, may construct a telegraph or telephone line or cable system along the public roads of the state, or across or under the rivers or over, under, or through any lands belonging to the state or any private individual, and may erect or install necessary fixtures. However, construction of a telegraph or telephone line or cable system along a primary road is subject to rules adopted by the state department of transportation.

§477.1, TELEGRAPH AND TELEPHONES — CABLE SYSTEMS, §477.1

477.2 Removal of lines and cable systems.

When any road along which the telegraph or telephone line or cable system has been constructed or installed is changed, the person, firm or corporation shall, upon ninety days’ notice in writing, remove the telegraph or telephone lines or cable system to the road as established. The notice may be served upon any agent or operator in the em-
ploy of the person, firm or corporation.
[C73, §1324; C97, §2158; C24, 27, 31, 35, 39, §8301; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.2; C77, 79, 81, §477.2]

§477.4, TELEGRAPH AND TELEPHONES — CABLE SYSTEMS, §477.4

477.3 Construction — installation — damages.
The fixtures shall not be constructed or installed in a manner which causes inconvenience to the public in the use of any road or in the navigation of any stream; nor shall they be erected or installed on the private grounds of any individual without paying the individual a just equivalent for the damage the individual sustains by the construction or installation.

§477.4, TELEGRAPH AND TELEPHONES — CABLE SYSTEMS, §477.4

477.4 Condemnation.
If the person over or through whose lands this telegraph or telephone line or cable system passes claims more damages than the proprietor of the line or cable system is willing to pay, the amount of damages sustained may be determined in the same manner as provided for taking private property for works of internal improvement.
[C51, §782; R60, §1350; C73, §1326; C97, §2160; C24, 27, 31, 35, 39, §8303; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.4; C77, 79, 81, §477.4]

§477.5, TELEGRAPH AND TELEPHONES — CABLE SYSTEMS, §477.5

477.5 Equal facilities — delay.
If the proprietor of any telegraph or telephone line within the state, or the person having the control and management thereof, refuses to furnish equal facilities to the public and to all connecting lines for the transmission of communications in accordance with the nature of the business which it undertakes to carry on, or to transmit the same with fidelity and without unreasonable delay, the law in relation to limited partnerships, corporations, and to the taking of private property for works of internal improvement, shall not longer apply to them, and property taken for the use thereof without the consent of the owner may be recovered by the owner.
[C51, §783; R60, §1351; C73, §1327; C97, §2161; C24, 27, 31, 35, 39, §8304; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.5; C77, 79, 81, §477.5]

§477.6, TELEGRAPH AND TELEPHONES — CABLE SYSTEMS, §477.6

477.6 Delay — willful error — revealing contents.
Any person employed in transmitting messages by telegraph or telephone must do so with fidelity and without unreasonable delay, and if anyone willfully fails thus to transmit them, or intentionally transmits a message erroneously, or makes known the contents of any message sent or received to any person except the person to whom it is addressed, or such person's agent or attorney, or willfully and wrongfully takes or receives any telegraph or telephone message, the person is guilty of a simple misdemeanor.

§477.7, TELEGRAPH AND TELEPHONES — CABLE SYSTEMS, §477.7

477.7 Mistakes and delays.
The proprietor of a telegraph or telephone line is liable for all mistakes in transmitting or receiving messages made by any person in the proprietor's employment, or for any unreasonable delay in their transmission or delivery, and for all damages resulting from failure to perform the foregoing or any other duty required by law, the provisions of any contract to the contrary notwithstanding.
[C51, §785; R60, §1353; C73, §1329; C97, §2163; C24, 27, 31, 35, 39, §8306; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.7; C77, 79, 81, §477.7]

§477.8, TELEGRAPH AND TELEPHONES — CABLE SYSTEMS, §477.8

477.8 Negligence presumed.
In any action against any telegraph or telephone company for damages caused by erroneous transmission of a message, or by unreasonable delay in delivery of a message, negligence on the part of the telegraph or telephone company shall be presumed upon proof of erroneous transmission or of unreasonable delay in delivery, and the burden of proof that such error or delay was not due to negligence upon its part shall rest upon such company.
[C97, §2164; C24, 27, 31, 35, 39, §8307; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.8; C77, 79, 81, §477.8]

§477.9, TELEGRAPH AND TELEPHONES — CABLE SYSTEMS, §477.9

477.9 Presentation of claim.
No action for the recovery of such damages shall be maintained unless a claim therefor is presented in writing to such company, officer or agent thereof within sixty days from time cause of action accrues.
[C97, §2164; C24, 27, 31, 35, 39, §8308; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.9; C77, 79, 81, §477.9]

§477.9A, TELEGRAPH AND TELEPHONES — CABLE SYSTEMS, §477.9A

477.9A Deregulated services.
A telegraph or telephone company whose services are deregulated by the board under section 476.1D may use public notice as a means of conveying terms and conditions to customers where identification of those customers is infeasible or impractical. Public notice may also be used to convey changes in terms and conditions, other than price increases or limitations of liability, to all other customers, but only if those customers were put on notice that this means would be used to convey subsequent changes. Notwithstanding section
477.7, when services are deregulated by the board under section 476.1D, a telephone or telephone company, in any contract, agreement, or by means of public notice, may reasonably limit its liability under section 477.7 in the course of providing the deregulated communications services to its customers, except for acts of willful misconduct. However, this section does not allow a greater limitation on liability than exists in any contract or approved tariff as of the effective date of the deregulation of the services.

RECIPIROCAL SERVICE

477.10 Definitions.

1. “Local exchange”, within the meaning of this Act, shall refer to a telephone line or lines or to a telephone switchboard or switchboards operating by virtue of a franchise granted by a city furnishing telephonic communication between two or more members of the public within the same city, village, community, locality or neighborhood, which said line or lines or switchboard or switchboards shall be under the same management and control.

“Local exchange” within the meaning of this Act shall not include or refer to privately owned or leased lines or switchboards, operated and used by members of the public other than telephone or telegraph companies as a public utility by which the public is offered telephonic service.

2. “Local exchange company” within the meaning of this Act, shall refer to any one or more individuals, firms or corporations operating one or more local exchanges as herein defined.

3. “Long distance company” within the meaning of this Act shall include or refer to one or more persons, firms or corporations operating connecting lines between two or more local exchanges, one or more of which local exchanges are owned by a local telephone company other than such person, firm or corporation, over which line or lines telephonic communication is had between members of the public connected with said local exchanges.

[C35, §8308-f1; C39, §8308.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.10; C77, 79, 81, §477.10]

477.11 Facilities to local exchange.

Long distance companies shall furnish equal facilities to any local exchange within the state desiring same, and to that end shall immediately make, or at the option of the long distance company, shall immediately permit to be made under its direction and at reasonably accessible places to be designated by such long distance company, the necessary connections between said local exchange and said long distance company telephone system to effect the furnishing of equal facilities to such local exchange.

[C35, §8308-f2; C39, §8308.2; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.11; C77, 79, 81, §477.11]

477.12 Transmission of messages.

After such connection has been made said long distance company shall transmit communications and messages to, from and through all local exchanges connected with its system when requested, with fidelity and equality and without discrimination or unreasonable delay.

[C35, §8308-f3; C39, §8308.3; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.12; C77, 79, 81, §477.12]

477.13 Facilities to long distance companies.

A connected local exchange company shall accept and furnish telephonic connection for all messages offered over the lines or through the system of any long distance company without discrimination or unreasonable delay, and with equality.

[C35, §8308-f4; C39, §8308.4; C46, 50, 54, 58, 62, 66, 71, 73, 75, §488.13; C77, 79, 81, §477.13]

477.14 Violations — effect.

Should any local exchange company or long distance company refuse or fail to furnish the connection or service above required, the law in relation to limited partnerships, corporations, or the taking of private property for works of internal improvement shall no longer apply to them and property taken for the use thereof without the consent of the owner may be recovered by the owner.

CHAPTER 477C
DUAL PARTY RELAY SERVICE

477C.1 Dual party relay service — purpose.
The general assembly finds that the provision of a statewide dual party relay service will further the public interest and protect the health, safety, and welfare of the people of Iowa through an increase in the usefulness and availability of the telephone system. Many persons who are deaf, hard-of-hearing, or have speech impairments are not able to utilize the telephone system without this type of service. Therefore, it is the purpose of this chapter to enable the orderly development, operation, promotion, and funding of a statewide dual party relay service.

91 Acts, ch 194, §1; 93 Acts, ch 75, §6; 96 Acts, ch 1129, §96

477C.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Board” means the utilities board within the department of commerce created in section 474.1.
2. “Communication impairment” means the inability to use the telephone for communication without a telecommunications device for the deaf.
3. “Council” means the dual party relay council established in section 477C.5.
4. “Dual party relay service” or “relay service” means a communication service which provides communication-impaired persons access to the telephone system functionally equivalent to the access available to persons not communication-impaired.
5. “Telecommunications device for the deaf” means any specialized or supplemental telephone equipment used by communication-impaired persons to provide access to the telephone system.

91 Acts, ch 194, §2

477C.3 Dual party relay service.
With the advice of the council, the board shall plan, establish, administer, and promote a statewide program to provide dual party relay service as follows:
1. The board may enter into the necessary contracts and arrangements with private entities to provide for the delivery of relay service.
2. The relay service, to the extent reasonably possible, shall allow persons with communication impairments to use the telephone system in a manner and at a rate equivalent to persons without communication impairments.
3. The relay service may be provided on a stand-alone basis within the state, with other states, or with telephone utilities providing relay service in other states.
4. The board may employ additional personnel, pursuant to section 476.10, to plan, establish, administer, and promote the relay service.

477C.4 Telecommunications devices for the deaf.
With the advice of the council, the board may plan, establish, administer, and promote a program to secure, finance, and distribute telecommunications devices for the deaf. The board may establish eligibility criteria for persons to receive telecommunications devices for the deaf, including, but not limited to, requiring certification that the recipient cannot use the telephone for commu-

477C.5 Dual party relay council.
1. A dual party relay council is established, consisting of eleven members appointed by the board. The council shall advise the board on all matters concerning relay service and equipment distribution programs.
2. The council shall consist of:
   a. Six consumers who have communication impairments.
   b. Two representatives from telephone companies.
   c. One representative from the division of deaf services of the department of human rights.
   d. One representative from the office of the consumer advocate of the department of justice.
   e. One member of the board or a designee of the board.
3. Council members who are not state or local government officers or employees shall be reimbursed for their necessary and actual expenses incurred in performance of their duties and shall receive a per diem of fifty dollars when the council is meeting, payable from moneys available to the board pursuant to section 477C.7.

91 Acts, ch 194, §5; 94 Acts, ch 1023, §57

477C.6 Budget.
The board shall review and approve the proposed annual budget of the relay service program authorized in section 477C.3 and the equipment distribution program authorized in section 477C.4.

§478.1, ELECTRIC TRANSMISSION LINES

478.1 Franchise.
1. A person shall not construct, erect, maintain, or operate a transmission line, wire, or cable that is capable of operating at an electric voltage of sixty-nine kilovolts or more along, over, or across any public highway or grounds outside of cities for the transmission, distribution, or sale of electric current without first procuring from the utilities board within the utilities division of the department of commerce a franchise granting authority as provided in this chapter.

2. A franchise shall not be required for electric lines constructed entirely within the boundaries of property owned by a person primarily engaged in the transmission or distribution of electric power or entirely within the boundaries of property owned by the end user of the electric power.

3. If the transmission line, wire, or cable is capable of operating only at an electric voltage of less than sixty-nine kilovolts, no franchise is required. However, the utilities board shall retain jurisdiction over all such lines, wires, or cables.

4. A person who seeks to construct, erect, maintain, or operate a transmission line, wire, or cable that will operate at an electric voltage of less than sixty-nine kilovolts outside of cities and that cannot secure the necessary voluntary easements to do so may petition the board pursuant to section 478.3, subsection 1, for a franchise granting authority for such construction, erection, maintenance, or operation, and for the use of the right of eminent domain.

Authorization in cities, §364.2

478.2 Petition for franchise — informational meetings held.
1. Any person authorized to transact business in the state including cities may file a verified petition asking for a franchise to erect, maintain, and operate a line or lines for the transmission, distribution, use, and sale of electric current outside cities and for such purpose to erect, use, and maintain poles, wires, guy wires, towers, cables, conduits, and other fixtures and appliances necessary for conducting electric current for light, heat, or power over, along, and across any public lands, highways, streams, or the lands of any person, company, or corporation, and to acquire necessary interests in real estate for such purposes.

2. As conditions precedent to the filing of a petition with the utilities board requesting a franchise for a new transmission line, and not less than thirty days prior to the filing of such petition, the person shall hold informational meetings in each county in which real property or rights will be affected.

   a. A member of the board, the counsel of the board, or a hearing examiner designated by the board shall serve as the presiding officer at each meeting, shall present an agenda for such meeting which shall include a summary of the legal rights of the affected landowners, and shall distribute and review the statement of individual rights required under section 6B.2A, subsection 1. A formal record of the meeting shall not be required.

   b. The meeting shall be held at a location reasonably accessible to all persons that may be affected by the granting of the franchise.

3. The person seeking the franchise for a new transmission line shall give notice of the informational meeting to each person, company, or corporation determined to be the landowner affected by the proposed project and any person, company, or corporation in possession of or residing on the property.

   a. For the purposes of this section, unless the context otherwise requires:

      (1) “Landowner” means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property.

      (2) “Transmission line” means any line capable of operating at sixty-nine kilovolts or more and extending a distance of not less than one mile across privately owned real estate.

   b. The notice shall contain the following:

      (1) The name of the applicant.

      (2) The applicant's principal place of business.

      (3) A general description and purpose of the proposed project.

      (4) The general nature of the right-of-way desired.

      (5) The possibility that the right-of-way may be acquired by condemnation if approved by the utilities board.

      (6) A map showing the route of the proposed project.

      (7) A description of the process used by the utilities board in making a decision on whether to approve a franchise or grant the right to take property by eminent domain.

      (8) A statement that the landowner has the right to be present at such meetings and to file objections with the utilities board.

      (9) The place and time of the meeting.

   c. The notice shall be served not less than thirty days prior to the time set for the meeting by certified mail with return receipt requested and shall be published once in a newspaper of general circulation in the county at least one week and not more than three weeks before the time of the meeting and such publication shall be considered notice to landowners whose residence is not known.

4. A person seeking rights under this chapter shall not negotiate or purchase any easements or other interests in land in any county known to be affected by the proposed project prior to the infor-
478.3 Petition — requirements.
1. All petitions shall set forth:
   a. The name of the individual, company, or corporation asking for the franchise.
   b. The principal office or place of business.
   c. The starting points, routes, and termini of the proposed lines, accompanied with a map or plat showing such details.
   d. A general description of the public or privately owned lands, highways, and streams over, across, or along which any proposed line will pass.
   e. General specifications as to materials and manner of construction.
   f. The maximum voltage to be carried over each line.
   g. Whether or not the exercise of the right of eminent domain will be used and, if so, a specific reference to the lands described in paragraph “d” which are sought to be subject thereto.
   h. An allegation that the proposed construction is necessary to serve a public use.

2. Petitions for transmission lines capable of operating at sixty-nine kilovolts or more and extending a distance of not less than one mile across privately owned real estate shall also set forth an allegation that the proposed construction represents a reasonable relationship to an overall plan of transmitting electricity in the public interest and substantiation of such allegations, including but not limited to, a showing of the following:
   a. The relationship of the proposed project to present and future economic development of the area.
   b. The relationship of the proposed project to comprehensive electric utility planning.
   c. The relationship of the proposed project to the needs of the public presently served and future projections based on population trends.
   d. The relationship of the proposed project to the existing electric utility system and parallel existing utility routes.
   e. The relationship of the proposed project to any other power system planned for the future.
   f. The possible use of alternative routes and methods of supply.
   g. The relationship of the proposed project to the present and future land use and zoning ordinances.
   h. The inconvenience or undue injury which may result to property owners as a result of the proposed project.

The utilities board may waive the proof required for such allegations which are not applicable to a particular proposed project.

478.4 Franchise — hearing.
The utilities board shall consider the petition and any objections filed to it in the manner provided. It shall examine the proposed route or cause any engineer selected by it to do so. If a hearing is held on the petition it may hear testimony as may aid it in determining the propriety of granting the franchise. It may grant the franchise in whole or in part upon the terms, conditions, and restrictions, and with the modifications as to location and route as may seem to it just and proper. Before granting the franchise, the utilities board shall make a finding that the proposed line or lines are necessary to serve a public use and represents a reasonable relationship to an overall plan of transmitting electricity in the public interest. A franchise shall not become effective until the petitioners shall pay, or file an agreement to pay, all costs and expenses of the franchise proceeding, whether or not objections are filed, including costs of inspections or examinations of the route, hearing, salaries, publishing of notice, and any other expenses reasonably attributable to it. The funds received for the costs and the expenses of the franchise proceeding shall be remitted to the treasurer of state for deposit in the general fund of the state as provided in section 476.10.

478.5 Notice — objections filed.
Upon the filing of such petition, the utilities board shall cause a notice, addressed to the citizens of each county through which the proposed line or lines will extend, to be published in a newspaper located in each such county for two consecutive weeks. Said notice shall contain a general statement of the contents and purpose of the petition, a general description of the lands and highways to be traversed by the proposed line or lines, and shall state that any objections thereto must be filed in writing with the board not later than twenty days after the date of last publication of the notice. Any person, company, city or corporation whose rights may be affected, shall have the right to file written objections to the proposed improvement or to the granting of such franchise; such ob-
§478.6 Taking under eminent domain.  
Upon the filing of objections or when a petition involves the taking of property under the right of eminent domain, the utilities board shall set the matter for hearing and fix a time and place for the hearing. The hearing shall not be less than thirty days from the date of last publication and, where a new proposed transmission line exceeds one mile in length, shall be held in the county seat of the county located at the midpoint of the proposed electric transmission line. Written notice of the time and place of the hearing shall be served by the board, by ordinary mail, on the applicant, and those having filed objections. If no objections are filed and the petition does not involve the taking of property under the right of eminent domain, the board may grant a franchise without a hearing; however, the board may conduct a hearing if the board deems it necessary.

Where a petition seeks the use of the right of eminent domain over specific parcels of real property, the board shall prescribe the notice to be served upon the owners of record and parties in possession of the property over which the right of eminent domain is sought. The notice shall include the statement of individual rights required pursuant to section 6B.2A, subsection 1.

When the board grants a franchise to any person, company, or corporation for the construction, erection, maintenance, and operation of transmission lines, wires, and cables for the transmission of electricity, such person, company, or corporation shall be vested with the power of condemnation to such extent as the board may approve and find necessary for public use.

§478.7 Form of franchise.  
The general counsel for the utilities board shall prepare a blank form of franchise, which shall provide space for a general description of the improvement authorized, the name and address of the person or corporation to whom granted, the general terms and conditions upon which the franchise is granted, and other things as necessary. This blank form shall be filled out and signed by the chairperson of the utilities board which grants the franchise, and the official seal shall be attached. The franchise is subject to regulations and restrictions as the general assembly prescribes, and to rules, not inconsistent with statutes, as the utilities board may establish.

§478.8 Valuation of franchise.  
No financial consideration shall be charged for such franchise. In fixing the value for rate-making purposes of the property of any person, company, or corporation owning it or operating under it no account shall be taken of, and no increased value shall be allowed for, any such franchise, except that the reasonable cost to the petitioners of obtaining said franchise may be included in the cost of constructing said line.

§478.9 Exclusive rights — duration of franchise.  
No exclusive right shall ever be given by franchise or otherwise to any person, company, corporation or city to conduct electrical energy, or to place electric wires, along or over or across any public highway or public place or ground; and no franchise or privilege shall ever be granted for any such purpose for a longer period than twenty-five years.

§478.10 Franchise transferable — notice.  
When any such electric transmission line or lines are sold and transferred either by voluntary or judicial sale, such transfer shall carry with it the franchise under which the said improvement is owned, maintained, or operated. If a transfer of such franchise is made before the improvement for which it was issued is constructed, in whole or in part, such transfer shall not be effective till the person, company, or corporation to whom it was issued shall file in the office of the utilities board granting the franchise a notice in writing stating the date of such transfer and the name and address of the transferee.

§478.11 Record of franchises.  
The utilities board shall keep a record of all such franchises granted and issued by it, when and to whom issued, with a general statement of the location, route, and termini of the transmission line or lines covered thereby. When any transfer of such franchise has been made as provided in this chapter, the board shall also make note upon its record.
of the date of such transfer and the name and address of the transferee. [C24, 27, 31, 35, 39, §8318; C46, 50, 54, 58, 62, §489.10; C66, 71, 73, 75, §489.11; C77, 79, 81, §478.11]

478.11 Acceptance of franchise.
Any person, company, or corporation obtaining a franchise as in this chapter provided, or owning or operating under one, shall be conclusively held to an acceptance of the provisions thereof and of all laws relating to the regulation, supervision, or control thereof which are now in force or which may be hereafter enacted, and to have consented to such reasonable regulation as the utilities board may, from time to time, prescribe. The provisions of this chapter shall apply equally to assignees as well as to original owners. [S13, §2120-o; C24, 27, 31, 35, 39, §8319; C46, 50, 54, 58, 62, §489.11; C66, 71, 73, 75, §489.12; C77, 79, 81, §478.12]

478.12 Extension of franchise — public notice.
1. Any person, firm, or corporation owning a franchise granted under this chapter or previously existing law may petition the utilities board for an extension of the franchise. The board shall adopt rules governing extension applications and proceedings with the intent that the extension applications and proceedings are less extensive than original applications and proceedings. Assessment of costs shall be as provided in section 478.4.
2. If the extension of franchise is sought for all lines in a given county or counties, the published notice need not contain a general description of the lands and highways traversed by the lines, but in lieu of containing such description the petitioner may offer to provide to any interested party, free of charge and within ten working days, a current, accurate map showing the location of the lines for which the franchise extension is sought. The public notice shall advise the citizens of the county or counties affected of the availability of such map. If this alternate procedure is not followed, the publication of the description of the lands and highways traversed by the lines shall be done in the manner as in an original application for franchise.
3. An extension under this section shall be granted only for a valid, existing franchise, and the lands, roads, or streams covered by the franchise over, through, or upon which electric transmission lines have in fact been erected or constructed and are in use or operation at the time of the application for the extension of the franchise.
4. The application for the extension of the franchise shall be accompanied by the written consent of the applicant that the provisions of all laws relating to public utilities, franchises, and transmission lines, or to the regulation, supervision, or control thereof which are then in force or which may be hereafter enacted, shall apply to its existing line or lines, franchises, and rights as if the franchise had been granted, the lines had been constructed, or rights had been obtained under the provisions of this chapter.
5. An extension of a franchise is not required for an electric transmission line that has been permanently retired from operation at sixty-nine kilovolts or more but that remains in service at a lower voltage. The board shall be notified of changes in operating status. [S13, §2120-o; C24, 27, 31, 35, 39, §8320; C46, 50, 54, 58, 62, §489.12; C66, 71, 73, 75, §489.13; C77, 79, 81, §478.13]

478.13 Eminent domain — procedure — entering on land — reversion on nonuse.
Any city which owns or operates a system for the distribution of electric light or power, and which has obtained electric energy for such distribution from any person or firm or corporation owning or operating an electric light and power plant or transmission line, shall be entitled to have the service reasonably needed by such municipality and its patrons continued at and for a reasonable rate and charge under reasonable rules of service.
It shall be unlawful for the owner or operator of such light and power plant or transmission line to disconnect or discontinue such service (except during nonpayment of reasonable charges) so long as such operator holds or enjoys any franchise to go upon or use any public streets, highways, or grounds.
Until the municipality and the operator shall agree upon a rate or charge for such service the municipality shall pay and the operator shall accept the rate provided in the expired contract if any existed, and if none existed then the rate before paid. This shall be without prejudice, however, to the right of either party to test in court or before any lawfully constituted rate-making tribunal the reasonableness of such rate.
This section shall not apply if the original service to the municipality was given in case of emergency or for any other temporary purpose. [C24, 27, 31, 35, 39, §8321; C46, 50, 54, 58, 62, §489.13; C66, 71, 73, 75, §489.14; C77, 79, 81, §478.14]

478.14 Service furnished.
Any city which owns or operates a system for the distribution of electric light or power, and which has obtained electric energy for such distribution from any person or firm or corporation owning or operating an electric light and power plant or transmission line, shall be entitled to have the service reasonably needed by such municipality and its patrons continued at and for a reasonable rate and charge under reasonable rules of service.
It shall be unlawful for the owner or operator of such light and power plant or transmission line to disconnect or discontinue such service (except during nonpayment of reasonable charges) so long as such operator holds or enjoys any franchise to go upon or use any public streets, highways, or grounds.
Until the municipality and the operator shall agree upon a rate or charge for such service the municipality shall pay and the operator shall accept the rate provided in the expired contract if any existed, and if none existed then the rate before paid. This shall be without prejudice, however, to the right of either party to test in court or before any lawfully constituted rate-making tribunal the reasonableness of such rate.
This section shall not apply if the original service to the municipality was given in case of emergency or for any other temporary purpose. [S13, §2120-o; C24, 27, 31, 35, 39, §8320; C46, 50, 54, 58, 62, §489.12; C66, 71, 73, 75, §489.11; C77, 79, 81, §478.11]
ever, that where two hundred K V lines or higher voltage lines are to be constructed, the person, company, or corporation may apply to the board for a wider right of way not to exceed two hundred feet, and the board may for good cause extend the width of such right of way for such lines to the person, company, or corporation applying for the same. The burden of proving the necessity for public use shall be on the person, company or corporation seeking the franchise. A homestead site, cemetery, orchard or schoolhouse location shall not be condemned for the purpose of erecting an electric substation. If agreement cannot be made with the private owner of lands as to damages caused by the construction of said transmission line, or electric substations, the same proceedings shall be taken as provided for taking private property for works of internal improvement.

Any person, company or corporation proposing to construct a transmission line or other facility which involves the taking of property under the right of eminent domain and desiring to enter upon the land, which it proposes to appropriate, for the purpose of examining or surveying the same, shall first file with the utilities board, a written statement under oath setting forth the proposed routing of the line or facility including a description of the lands to be crossed, the names and addresses of owners, together with request that a permit be issued by said board authorizing said person, company or corporation or its duly appointed representative to enter upon the land for the purpose of examining and surveying and to take and use thereon any vehicle and surveying equipment necessary in making the survey. Said board shall within ten days after said request issue a permit, accompanied by such bond in such amount as the board shall approve, to the person, company or corporation making said application, if in its opinion the application is made in good faith and not for the purpose of harassing the owner of the land. If the board is of the opinion that the application is not made in good faith or made for the purpose of harassment to the owner of said land it shall set the matter for hearing and it shall be heard not more than twenty days after filing said application. Notice of the time and place of hearing shall be given by said board, to the owner of said land by registered mail with a return receipt requested, not less than ten days preceding date of hearing.

Any person, company or corporation that has obtained a permit in the manner herein prescribed may enter upon said land or lands, as above provided, and shall be liable for actual damages sustained in connection with such entry. An action in damages shall be the exclusive remedy.

If an electric transmission line right of way, or any part thereof, is wholly abandoned for public utility purposes by the relocation of the transmission lines, is not used or operated for a period of five years, or if its construction has been commenced and work has ceased and has not in good faith been resumed for five years, the right of way shall revert to the person or persons who, at the time of the abandonment or reversion, are the owners of the tract from which such right of way was taken. Following such abandonment of right of way, the owner or holder of purported fee title to such real estate may serve notice upon the owner of such right of way easement, or the owner’s successor in interest, and upon any party in possession of said real estate, a written notice which shall (1) accurately describe the real estate in question, (2) set out the facts concerning ownership of the fee, ownership of the right of way easement, and the period of abandonment, and (3) notify said parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless said parties shall, within one hundred twenty days after the completed service of notice, file an affidavit with the county recorder of the county in which the real estate is located disputing the facts contained in said notice. Said notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication no affidavit therefor shall be required before publication. If no affidavit disputing the facts contained in the notice is filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached thereto or endorsed thereon, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of such right-of-way.

Condemnation procedure, chapter 6B

§478.16 Injury to person or property. Repealed by 86 Acts, ch 1198, § 1.

§478.17 Access to lines — damages.

Individuals or corporations operating such transmission lines shall have reasonable access to the same for the purpose of constructing, reconstructing, enlarging, repairing, or locating the poles, wires, or construction and other devices used in or upon such line, but shall pay to the owner of such lands and of crops thereon all damages to said lands or crops caused by entering, using, and occupying said lands for said purposes. Nothing herein contained shall prevent the execution of an agreement between the person or company owning or operating such line and the owner of said land or crops with reference to the use thereof.

[S13, §2120-t; C24, 27, 31, 35, 39, §8324; C46,
§478.18 Supervision of construction — location.
1. The utilities board shall have power of supervision over the construction of a transmission line and over its future operation and maintenance.
2. A transmission line shall be constructed near and parallel to roads, to the right of way of the railways of the state, or along the division lines of the lands, according to the government survey, wherever the same is practicable and reasonable, and so as not to interfere with the use by the public of the highways or streams of the state, nor unnecessarily interfere with the use of any lands by the occupant.

§478.19 Manner of construction.
Such lines shall be built of strong and proper wires attached to strong and sufficient supports properly insulated at all points of attachment; all wires, poles, and other devices which by ordinary wear or other causes are no longer safe shall be removed and replaced by new wires, poles, or other devices, as the case may be, and all abandoned wires, poles, or other devices shall be at once removed. Where wires carrying current are carried across, either above or below wires used for other service, the said transmission line shall be constructed in such manner as to eliminate, so far as practicable, damages to persons or property by reason of said crossing. There shall also be installed sufficient devices to automatically shut off electric current through said transmission line whenever connection is made whereby current is transmitted from the wires of said transmission line to the ground, and there shall also be provided a safe and modern improved device for the protection of said line against lightning. The utilities board shall have power to make and enforce such further and additional rules relating to location, construction, operation and maintenance of said transmission line as may be reasonable.

All transmission lines, wires or cables outside of cities for the transmission, distribution or sale of electric current at any voltage shall be constructed and maintained in accordance with standards adopted by rule by the utilities board.

§478.20 Distance from buildings.
No transmission line shall be constructed, except by agreement, within one hundred feet of any dwelling house or other building, except where said line crosses or passes along a public highway or is located alongside or parallel with the right of way of any railway company. In addition to the foregoing, each person, company, or corporation shall conform to any other rules, regulations, or specifications established by the utilities board, in the construction, operation, or maintenance of such lines.

§478.21 Nonuse — revocation of franchise — extensions of time.
1. If the improvement for which a franchise is granted is not constructed in whole or in part within two years from the date the franchise is granted, or within two years after final unappealable disposition of judicial review of a franchise order or of condemnation proceedings, the franchise shall be forfeited and the utilities board which granted the franchise shall revoke the franchise and make a record of the revocation, unless the person holding the franchise petitions the board for an extension of time.
2. Upon a showing of sufficient justification for the delay of construction, the board may grant one or more extensions of time for periods up to two years for each extension.

§478.22 Action for violation.
When the board determines that a person is in violation of this chapter, the board may commence an action in the district court of the county in which the violation is alleged to have occurred, for injunctive relief or other appropriate remedy.

§478.23 Prior franchises — legislative control.
Any such franchise heretofore granted under previously existing law shall not be abrogated by the provisions of this chapter, but all such franchises and all franchises granted under the provisions of this chapter shall be subject to further legislative control.
478.24 Violations.
Any person, company or corporation constructing or undertaking to construct or maintain any electric transmission line, without first procuring a franchise for such purpose in accordance with the provisions of this chapter, shall be guilty of a serious misdemeanor; and for violating any of the other provisions of this chapter relating to electric transmission lines or disobeying any order or rule made by the utilities board in relation thereto, shall be guilty of a simple misdemeanor.
[S13, §1527-d; C24, 27, 31, 35, 39, §8332; C46, 50, 54, 58, 62, §489.23; C66, 71, 73, 75, §489.24; C77, 79, 81, §478.24]

478.25 Wire crossing railroads — supervision.
The utilities board shall have general supervision over any and all wires whatsoever crossing under or over any railroad track and shall make rules prescribing the manner in which such wires shall cross such track; but in no case shall the board prescribe a less height for any wire than twenty-two feet above the top of the rails of any railroad track.
[S13, §2120-d, -e, -h; C24, 27, 31, 35, 39, §8333; C46, 50, 54, 58, 62, §489.24; C66, 71, 73, 75, §489.25; C77, 79, 81, §478.25]

478.26 Wires across railroad right of way at highways.
The utilities board shall prescribe the manner for the crossing of wires over and across railroad rights of way at highways and other places within the state.
[S13, §2120-i; C24, 27, 31, 35, 39, §8334; C46, 50, 54, 58, 62, §489.25; C66, 71, 73, 75, §489.26; C77, 79, 81, §478.26]

478.27 Wires — how strung.
No corporation or person shall place or string any such wire for transmitting electric current or any wire whatsoever across any track of a railroad except in the manner prescribed by the utilities board.
[S13, §2120-f; C24, 27, 31, 35, 39, §8335; C46, 50, 54, 58, 62, §489.26; C66, 71, 73, 75, §489.27; C77, 79, 81, §478.27]

478.28 Examination of existing wires.
The utilities board shall, either by personal examination or otherwise, obtain information where railroad tracks are crossed by wires contrary to, or not in compliance with, the rules prescribed by it. It shall order such change or changes to be made by the persons or corporations owning or operating such wires as may be necessary to make the same comply with said rules and within such reasonable time as it may prescribe.
[S13, §2120-g; C24, 27, 31, 35, 39, §8336; C46, 50, 54, 58, 62, §489.27; C66, 71, 73, 75, §489.28; C77, 79, 81, §478.28]

478.29 Civil penalties.
A person who violates a provision of this chapter is subject to a civil penalty, which may be levied by the board, of not more than one hundred dollars per violation or one thousand dollars per day of a continuing violation, whichever is greater. Civil penalties collected pursuant to this section shall be forwarded by the executive secretary of the board to the treasurer of state to be credited to the Iowa energy center created in section 266.39C.

Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the board shall consider the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance after notification of a violation.
[S13, §2120-j; C24, 27, 31, 35, 39, §8337; C46, 50, 54, 58, 62, §489.28; C66, 71, 73, 75, §489.29; C77, 79, 81, §478.29]

478.30 Crossing highway.
Nothing in this chapter shall prevent any such individual or corporation having its high tension line on its own private right of way on both sides of any highway, from crossing such public highway under such rules and regulations as the utilities board may prescribe, and subject from time to time to legislative control as to duration and use.
[C24, 27, 31, 35, 39, §8338; C46, 50, 54, 58, 62, §489.29; C66, 71, 73, 75, §489.30; C77, 79, 81, §478.30]

478.31 Temporary permits for lines less than one mile.
Notwithstanding the provisions of section 478.1 any person, company or corporation proposing to construct an electric transmission line not exceeding one mile in length and which does not involve the taking of property under the right of eminent domain may obtain a temporary construction permit from the utilities board by proceeding in the manner hereinafter set forth. Said person, company or corporation shall first file with the board a verified petition setting forth the requirements of section 478.3, subsection 1, paragraphs “a” through “h”, with the further allegation that the petitioner is the nearest electric utility to the proposed point of service.

The petition shall also state that the filing thereof constitutes an application for a temporary construction permit and shall also have endorsed thereon the approval of the appropriate highway authority or railroad concerned if such line is to be constructed over, across or along a public highway
or railroad.

Upon receipt of such petition the utilities board shall consider same and may grant a temporary construction permit in whole or in part upon such terms, conditions and restrictions, and with such modifications as to location as may seem to it just and proper, however, no finding of public use will be made at the time of the issuance of the permit, such finding to be made, if substantiated by petitioner, at the subsequent consideration of the propriety of granting a franchise for the line subject to the permit. The signature of one utilities board member on such permit shall be sufficient. The issuance of such permit shall constitute temporary authority for the permit holder to construct the line for which the permit is granted.

Upon the granting of such temporary construction permit the utilities board shall cause the publication of notice required by section 478.5 and all other requirements shall be complied with as in the manner provided for the granting of a franchise. If a hearing is required then the petitioner shall make a sufficient and proper showing thereat before a franchise will be issued for the line. Any franchise issued will be subject to all applicable provisions of this chapter.

Notwithstanding anything foregoing, if the utilities board shall determine that a franchise should not be granted, or that further restrictions, conditions or modifications are required, or if the petitioner shall fail to make a sufficient and proper showing of the necessity for the granting of a franchise within six months of the granting of the temporary construction permit, the permit issued hereunder shall become null and void and the permit holder may be required to take such action deemed necessary by the board to remove, modify or relocate the construction undertaken by virtue of the temporary permit issued hereunder.

478.32 Rehearing — judicial review.
Any person, company, or corporation aggrieved by the action of the utilities board in granting or failing to grant a franchise under the provisions of this chapter, shall be entitled to the rehearing procedure provided in section 476.12. Judicial review of actions of the board may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

§478.33 Cancellation.
A person seeking to acquire an easement or other property interest for the construction, maintenance or operation of an electric transmission line shall:
1. Allow the landowner or a person serving in a fiduciary capacity in the landowner’s behalf to cancel any agreement granting an easement or other interest by certified mail with return requested to the company’s principal place of business if received by the company within seven days, excluding Saturday and Sunday, of the date of the contract and inform the landowner or such fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or such fiduciary.
2. Provide the landowner or a person serving in a fiduciary capacity in the landowner’s behalf with a form in duplicate for the notice of cancellation.
3. Not record any agreement until after the period for cancellation has expired.
4. Not include in the agreement any waiver of the right to cancel in accordance with this section.
The landowner or a person serving in a fiduciary capacity in the landowner’s behalf may exercise the right of cancellation only once for each transmission line project.

478.34 and 478.35 Reserved.

not sell or offer for sale in this state a decorative gas lamp manufactured after December 31, 1978.

2. As used in this section "decorative gas lamp" means a device installed for the purpose of producing illumination by burning natural, mixed or liquid petroleum gas and utilizing either a mantle or an open flame, but does not include portable camp lanterns or gas lamps.

3. Persons convicted of violating this section shall be guilty of a simple misdemeanor.

4. Notwithstanding subsection 1, commencing January 1, 1990, a person may sell or offer for sale in this state a decorative gas lamp manufactured after December 31, 1978, if the utilities board within the utilities division of the department of commerce determines, after notice and an opportunity for interested persons to comment at an oral presentation, that the sale or offer for sale of decorative gas lamps does not violate the public interest.

CHAPTER 479
PIPPINES AND UNDERGROUND GAS STORAGE

479.1 Purpose — applicability.
It is the purpose of the general assembly in enacting this law to confer upon the utilities board the power and authority to supervise the transportation or transmission of any solid, liquid, or gaseous substance, except water, within or through this state by pipeline, whether specifically mentioned in this chapter or not, and the power and authority to supervise the underground storage of gas, to protect the safety and welfare of the public in its use of public or private highways, grounds, waters, and streams of any kind in this state. However, this chapter does not apply to interstate natural gas or hazardous liquid pipelines, pipeline companies, and underground storage, as these terms are defined in chapters 479A and 479B.

[C35, §8338-f14; C39, §8338.22; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.1; C77, 79, 81, §479.1]
88 Acts, ch 1074, §27, 95 Acts, ch 192, §5

479.2 Definitions.
As used in this chapter:
1. “Board” means the utilities board within the utilities division of the department of commerce.
2. “Pipeline” means a pipe, pipes, or pipelines used for the transportation or transmission of a solid, liquid, or gaseous substance, except water, within or through this state. However, the term does not include interstate pipe, pipes, or pipelines used for the transportation or transmission of natural gas or hazardous liquids.
3. “Pipeline company” means a person engaged in or organized for the purpose of owning, operating, or controlling pipelines for the trans-
portation or transmission of any solid, liquid, or gaseous substance, except water, within or through this state. However, the term does not include a person owning, operating, or controlling interstate pipelines for the transportation or transmission of natural gas or hazardous liquids.

4. “Underground storage” means storage of gas in a subsurface stratum or formation of the earth.

§479.5 Application for permit.

A pipeline company doing business in this state shall file with the board its verified petition asking for a permit to construct, maintain and operate its pipeline or lines along, over or across any public or private highways, grounds, waters or streams of any kind in this state except in accordance with the provisions of this chapter.

No pipeline company shall construct, maintain or operate any pipeline or lines under, along, over or across any public or private highways, grounds, waters or streams of any kind in this state except in accordance with the provisions of this chapter.

The board is vested with power and authority and it shall be its duty to supervise all pipelines and underground storage facilities and whenever said board shall determine that any pipeline and underground storage facilities or any apparatus, device or equipment used in connection therewith is unsafe and dangerous it shall immediately in writing notify said pipeline company, constructing or operating said pipeline and underground storage facilities, device, apparatus or other equipment to repair or replace any defective or unsafe part or portion of said pipeline and underground storage facilities, device, apparatus or equipment.

All faulty construction, as determined by the inspector, shall be repaired immediately by the contractor operating for the pipeline company and the cost of such repairs shall be paid by said contractor. If such repairs are not made by contractor, the board shall proceed to collect under the provisions of section 479.26.

The pipeline company seeking the permit for a new pipeline shall give notice of the informational meeting to each person determined to be a landowner affected by the proposed project and each person in possession of or residing on the property. For the purposes of the informational meeting, “landowner” means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property and “pipeline” means a line transporting a solid, liquid, or gaseous substance, except water, under pressure in excess of one hundred fifty pounds per square inch and extending a distance of not less than five miles or having a future anticipated extension of an overall distance of five miles.

The notice shall set forth the name of the applicant; the applicant’s principal place of business; the general description and purpose of the proposed project; the general nature of the right-of-way desired; the possibility that the right-of-way may be acquired by condemnation if approved by the utilities board; a map showing the route of the proposed project; a description of the process used by the utilities board in making a decision on whether to approve a permit including the right to take property by eminent domain; that the landowner has a right to be present at such meeting and to file objections with the board; and a designation of the time and place of the meeting. The notice shall be served by certified mail with return receipt requested not less than thirty days pre-

See also §479.29
vious to the time set for the meeting, and shall be published once in a newspaper of general circulation in the county. The publication shall be considered notice to landowners whose residence is not known and to each person in possession of or residing on the property provided a good faith effort to notify can be demonstrated by the pipeline company.

A pipeline company seeking rights under this chapter shall not negotiate or purchase any easements or other interests in land in any county known to be affected by the proposed project prior to the informational meeting.

479.6 Petition.

Said petition shall state:
1. The name of the individual, firm, corporation, company, or association asking for said permit.
2. The applicant’s principal office and place of business.
3. A legal description of the route of said proposed line or lines, together with a map thereof.
4. A general description of the public or private highways, grounds and waters, streams and private lands of any kind along, over or across which said proposed line or lines will pass.
5. The specifications of material and manner of construction.
6. The maximum and normal operating pressure under which it is proposed to transport any solid, liquid, or gaseous substance, except water.
7. If permission is sought to construct, maintain and operate facilities for the underground storage of gas said petition shall include the following information in addition to that stated above:
   a. A description of the public or private highways, grounds and waters, streams and private lands of any kind under which such storage is proposed, together with a map thereof.
   b. Maps showing the location of proposed machinery, appliances, fixtures, wells and stations necessary for the construction, maintenance and operation of such underground storage facilities.
8. The possible use of alternative routes.
9. The relationship of the proposed project to the present and future land use and zoning ordinances.
10. The inconvenience or undue injury which may result to property owners as a result of the proposed project.
11. By affidavit, that informational meetings were held in each county which the proposed project will affect and the time and place of each meeting.

[C31, §8338-d4; C35, §8338-f19; C39, §8338.27; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.6; C77, 79, 81, §479.6]

479.7 Hearing — notice.

Upon the filing of said petition the board shall fix a date for hearing thereon and shall cause notice thereof to be published in some newspaper of general circulation in each county through which said proposed line or lines or gas storage facilities will extend; said notice to be published for two consecutive weeks.

Where a petition seeks the use of the right of eminent domain over specific parcels of real property, the board shall prescribe the notice to be served upon the owners of record and parties in possession of the property over which the use of the right of eminent domain is sought. The notice shall include the statement of individual rights required pursuant to section 6B.2A.

2000 Acts, ch 1179, §25, 30

479.8 Time and place.

The hearing shall not be less than ten days nor more than thirty days from the date of the last publication and where the proposed new pipeline would operate under pressure exceeding one hundred fifty pounds per square inch and exceed five miles in length, shall be held in the county seat of the county located at the midpoint of the proposed line or lines or the county in which the proposed gas storage facility would be located.

[C31, §8338-d6; C35, §8338-f21; C39, §8338.29; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.8; C77, 79, 81, §479.8; 81 Acts, ch 159, §10]

479.9 Objections.

Any person, corporation, company or city whose rights or interests may be affected by said pipeline or lines or gas storage facilities may file written objections to said proposed pipeline or lines or gas storage facilities or to the granting of said permit.

[C31, §8338-d7; C35, §8338-f22; C39, §8338.30; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.9; C77, 79, 81, §479.9]

479.10 Filing.

All such objections shall be on file in the office of said board not less than five days before the date of hearing on said application but said board may permit the filing of said objections later than five days before said hearing, in which event the applicant must be granted a reasonable time to meet said objections.

[C31, §8338-d8; C35, §8338-f23; C39, §8338.31; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.10; C77, 79,
479.11 Examination — testimony.
The said board may examine the proposed route of said pipeline or lines and location of said gas storage area, or may cause such examination to be made by an engineer selected by it. At said hearing the said board shall consider said petition and any objections filed thereto and may in its discretion hear such testimony as may aid it in determining the propriety of granting such permit.
[C31, §8338-d9; C35, §8338-f24; C39, §8338.32; C46, 50, 54, 58, 62, 66, 71, 73, 75, $490.11; C77, 79, 81, §479.11]

479.12 Final order — condition.
The board may grant a permit in whole or in part upon terms, conditions, and restrictions as to safety requirements and as to location and route as determined by it to be just and proper. Before a permit is granted to a pipeline company, the board, after a public hearing as provided in this chapter, shall determine whether the services proposed to be rendered will promote the public convenience and necessity, and an affirmative finding to that effect is a condition precedent to the granting of a permit.
[C31, §8338-d10; C35, §8338-f25; C39, §8338.33; C46, 50, 54, 58, 62, 66, 71, 73, 75, $490.12; C77, 79, 81, §479.12]

479.13 Costs and fees.
The applicant shall pay all costs of the informational meetings, hearing, and necessary preliminary investigation including the cost of publishing notice of hearing, and shall pay the actual unrecovered costs directly attributable to construction inspections conducted by the board or the board's designee.
[C31, §8338-d11, -d12; C35, §8338-f26; C39, §8338.34; C46, 50, 54, 58, 62, 66, 71, 73, 75, $490.13; C77, 79, 81, §479.13] 88 Acts, ch 1074, §31

479.14 Inspection fee.
A pipeline company shall pay an annual inspection fee of fifty cents per mile of pipeline or fraction thereof for each inch of diameter of the pipeline located in the state, the inspection fee to be paid to the board for the calendar year in advance between January 1 and February 1 of each year.
[C31, §8338-d13; C35, §8338-f27; C39, §8338.35; C46, 50, 54, 58, 62, 66, 71, 73, 75, $490.14; C77, 79, 81, §479.14]

479.15 Failure to pay.
It shall be the duty of the board to collect all inspection fees provided in this chapter, and failure to pay any such inspection fee within thirty days after the time the same shall become due shall be cause for revocation of the permit.
[C35, §8338-f28; C39, §8338.36; C46, 50, 54, 58, 62, 66, 71, 73, 75, $490.15; C77, 79, 81, §479.15]

479.16 Receipt of funds.
All moneys received under this chapter shall be remitted monthly to the treasurer of state and credited to the general fund of the state as provided in section 476.10.

479.18 Permit.
The board shall prepare and issue any permit granted in accordance with section 479.12. Said permit shall show the name and address of the pipeline company to which it is issued and identify by reference thereto the decision and order of the board under which said permit is issued. It shall be signed by the chairperson of the board and the official seal of the board shall be affixed thereto.
[C31, §8338-d16; C35, §8338-f32; C39, §8338.40; C46, 50, 54, 58, 62, 66, 71, 73, 75, $490.19; C77, 79, 81, §479.18]

479.19 Limitation on grant.
No exclusive right shall ever be granted to any pipeline company to construct, maintain, and operate its pipeline or lines along, over or across any public highway, grounds or waters and no such permit shall ever be granted for a longer period than twenty-five years.
[C31, §8338-d17; C35, §8338-f33; C39, §8338.41; C46, 50, 54, 58, 62, 66, 71, 73, 75, $490.20; C77, 79, 81, §479.19]

479.20 Sale of permit.
No permit shall be sold until the sale is approved by the board.

479.21 Transfer of permit.
If a transfer of such permit is made before the construction for which it was issued is completed in whole or in part such transfer shall not be effec-
§479.22 Records.

The board shall keep a record of all permits granted and issued by it, showing when and to whom it was issued and the location and route of said pipeline or lines or gas storage area covered thereby. When any transfer of such permit has been made as provided in this chapter the said board shall also note upon its record the date of such transfer and the name and address of said transferee.

§479.23 Extension of permit.

A pipeline company may petition the board for the extension of a permit granted under this chapter by filing a petition containing the information required by section 479.6, subsections 1 through 4, 6, and 7, and section 479.26.

[C31, §8338-d22; C35, §8338-f36; C39, §8338-44; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.23; C77, 79, 81, §479.22]

§479.24 Eminent domain.

A pipeline company granted a pipeline permit under this chapter shall be vested with the right of eminent domain* to the extent necessary and as prescribed and approved by the board, not exceeding seventy-five feet in width for right-of-way and not exceeding one acre in any one location in addition to right-of-way for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline. The board may grant additional eminent domain rights where the pipeline company has presented sufficient evidence to adequately demonstrate that a greater area is required for the proper construction, operation, and maintenance of the pipeline or for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline.

A pipeline company having secured a permit for underground storage of gas shall be vested with the right of eminent domain to the extent necessary and as prescribed and approved by the board in order to appropriate for its use for the underground storage of gas any subsurface stratum or formation in any land which the board shall have found to be suitable and in the public interest for the underground storage of gas, and may appropriate other interests in property, as may be required to adequately examine, prepare, maintain, and operate the underground gas storage facilities. This chapter does not authorize the construction of a pipeline longitudinally on, over or under any railroad right-of-way or public highway, or at other than an approximate right angle to a railroad track or public highway without the consent of the railroad company, the state department of transportation, or the county board of supervisors, and this chapter does not authorize or give the right of condemnation or eminent domain for such purposes.

§479.25 Damages.

A pipeline company operating a pipeline or a gas storage area shall have reasonable access to the pipeline or gas storage area for the purpose of constructing, operating, maintaining; or locating pipes, pumps, pressure apparatus or other stations, wells, devices, or equipment used in or upon the pipeline or gas storage area; shall pay the owner of the land for the right of entry and the owner of crops for all damages caused by entering, using, or occupying the land; and shall pay to the owner all damages caused by the completion of construction of the pipeline due to wash or erosion of the soil at or along the location of the pipeline and due to the settling of the soil along and above the pipeline. However, this section shall not prevent the execution of an agreement between the pipeline company and the owner of land or crops with reference to the use of the land.

§479.26 Financial condition of permittee — bond.

Before any permit is granted under this chapter the applicant must satisfy the board that the applicant has property within this state other than pipelines, subject to execution of a value in excess of two hundred fifty thousand dollars, or the applicant must file and maintain with the board a surety bond in the penal sum of two hundred fifty thousand dollars with surety approved by the board, conditioned that the applicant will pay all damages legally recovered against it growing out of the construction or operation of its pipeline and gas storage facilities in the state of Iowa. When the pipeline company deposits with the board security satisfactory to the board as a guaranty for the payment of the damages, or furnishes to the board satisfactory proofs of its solvency and finan-
cial ability to pay the damages, the pipeline company is relieved of the provisions requiring bond. [C31, §8338-27; C35, §8338-40; C39, §8338-48; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.27; C77, 79, 81, §479.26; 81 Acts, ch 159, §11]

§479.27 Venue.
In all cases arising under this chapter, the district court of any county in which property of a pipeline company is located shall have jurisdiction.
[C31, §8338-42; C35, §8338-41; C39, §8338-49; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.28; C77, 79, 81, §479.27]
95 Acts, ch 192, §11

§479.28 Orders — enforcement.
If said pipeline company fails to obey an order within a time prescribed by the said board the said board may commence an equitable action in the district court of the county where said defective, unsafe, or dangerous portion of said pipeline, device, apparatus or equipment is located to compel compliance with its said order. If, after due trial of said action the court finds that said order is reasonable, equitable and just, it shall decree a mandatory injunction compelling obedience to and compliance with said order and may grant such other relief as may be just and proper. Appeal from said decree may be taken in the same manner as in other actions.
[C31, §8338-30; C35, §8338-42; C39, §8338-50; C46, 50, 54, 58, 62, 66, 71, 73, 75, §490.29; C77, 79, 81, §479.28]

§479.29 Land restoration.
1. The board shall, pursuant to chapter 17A, adopt rules establishing standards for the restoration of agricultural lands during and after pipeline construction. In addition to the requirements of section 17A.4, the board shall distribute copies of the notice of intended action and opportunity for oral presentations to each county board of supervisors. Any county board of supervisors may, under the provisions of chapter 17A, and subsequent to the rulemaking proceedings, petition under those provisions for additional rulemaking to establish standards for land restoration after pipeline construction within that county. Upon the request of the petitioning county, the board shall schedule a hearing to consider the merits of the petition. Rules adopted under this section shall not apply to land located within city boundaries unless the land is used for agricultural purposes. Rules adopted under this section shall address, but are not limited to, all of the following subject matters:

a. Topsoil separation and replacement.

b. Temporary and permanent repair to drain tile.

c. Removal of rocks and debris from the right-of-way.

d. Restoration of areas of soil compaction.

e. Restoration of terraces, waterways, and other erosion control structures.

f. Revegetation of untilled land.

g. Future installation of drain tile or soil conservation structures.

h. Restoration of land slope and contour.

i. Restoration of areas used for field entrances and temporary roads.

j. Construction in wet conditions.

k. Designation of a pipeline company point of contact for landowner inquiries or claims.

2. The county board of supervisors shall cause an on-site inspection for compliance with the standards adopted under this section to be performed at any pipeline construction project in the county. A licensed professional engineer familiar with the standards adopted under this section and registered under chapter 542B shall be responsible for the inspection. A county board of supervisors may contract for the services of a licensed professional engineer for the purposes of the inspection. The reasonable costs of the inspection shall be borne by the pipeline company.

3. If the inspector determines that there has been a violation of the standards adopted under this section, of the land restoration plan, or of an independent agreement on land restoration or line location executed in accordance with subsection 10, the inspector shall give oral notice, followed by written notice, to the pipeline company and the contractor operating for the pipeline company and order corrective action to be taken in compliance with the standards. The costs of the corrective action shall be borne by the contractor operating for the pipeline company.

4. An inspector shall adequately inspect underground improvements altered during construction of pipeline. An inspection shall be conducted at the time of the replacement or repair of the underground improvements. An inspector shall be present on the site at all times at each phase and separate activity of the opening of the trench, the restoration of underground improvements, and backfilling. The pipeline company and its contractor shall keep an inspector continually informed of the work schedule and any schedule changes. If proper notice is given, construction shall not be delayed due to an inspector’s failure to be present on the site.

5. If the pipeline company or its contractor does not comply with the requirements of this section, with the land restoration plan, or with an independent agreement on land restoration or line location executed in accordance with subsection 10, the county board of supervisors may petition the board for an order requiring corrective action to be taken. In addition, the county board of supervisors may file a complaint with the board seeking imposition of civil penalties pursuant to section 479.31.
§479.30 Entry for land surveys.

After the informational meeting or after the filing of a petition if no informational meeting is required, a pipeline company may enter upon private land for the purpose of surveying and examining the land to determine the direction or depth of a pipeline by giving ten days' written notice by restricted certified mail to the landowner as defined in section 479.5 and to any person residing on or in possession of the land. The entry for land surveys authorized in this section shall not be deemed a trespass and may be aided by injunction. The pipeline company shall pay the actual damages caused by the entry, survey, and examination.

[C81, §479.30]
95 Acts, ch 192, §13

479.31 Civil penalty.

A person who violates this chapter or any rule or order issued pursuant to this chapter shall be subject to a civil penalty levied by the board not to exceed ten thousand dollars for each violation. Each day that the violation continues shall constitute a separate offense. However, the maximum civil penalty shall not exceed five hundred thousand dollars for any related series of violations. Civil penalties collected pursuant to this section shall be credited to and are appropriated for the Iowa energy center created in section 266.39C.

Any civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance, after notification of a violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the state to the person charged, or may be recovered in a civil action.

479.32 Rehearing — judicial review.

Rehearing procedure for any person, company or corporation aggrieved by the action of the board in granting or failing to grant a permit under the provisions of this chapter shall be as provided in section 476.12. Judicial review may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

479.33 Authorized federal aid.

The board may enter into agreements with and receive moneys from the United States department of transportation for the inspection of pipelines to determine compliance with applicable standards of pipeline safety, and for enforcement of the applicable standards of pipeline safety as provided by Pub. L. No. 103-272, as codified in 49 U.S.C. § 60101 – 60125.

479.34 Cancellation.
A person seeking to acquire an easement or other property interest for the construction, maintenance or operation of a pipeline shall:

1. Allow the landowner or a person serving in a fiduciary capacity in the landowner's behalf to cancel an agreement granting an easement or other interest by certified mail with return receipt requested to the company's principal place of business if received by the company within seven days, excluding Saturday and Sunday, of the date of the contract and inform the landowner or such fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or such fiduciary.

2. Provide the landowner or a person serving in a fiduciary capacity in the landowner's behalf with a form in duplicate for the notice of cancellation.

3. Not record any agreement until after the period for cancellation has expired.

4. Not include in the agreement any waiver of the right to cancel in accordance with this section.

The landowner or a person serving in a fiduciary capacity in the landowner's behalf may exercise the right of cancellation only once for each pipeline project.

[CS1, §479.34]

479.35 to 479.40 Reserved.

479.41 Arbitration agreements.
If an easement or other written agreement between a landowner and a pipeline company provides for the determination through arbitration of the amount of monetary damages sustained by a landowner and caused by the construction, maintenance, or repair of a pipeline, and if either party has not appointed its arbitrator or agreed to an arbitrator under the agreement within thirty days after the other party has invoked the arbitration provisions of the agreement by written notice to the other party by restricted certified mail, the landowner or the pipeline company may petition a judicial magistrate in the county where the real property is located for the appointment of an arbitrator to serve in the stead of the arbitrator who would have been appointed or agreed to by the other party. Before filing the petition the landowner or pipeline company shall give notice of the petitioning of the judicial magistrate by restricted certified mail to the other party and file proof of mailing with the petition. If after hearing, the magistrate finds that the landowner or pipeline company has not been diligent in appointing or reasonable in agreeing to an arbitrator, the magistrate shall appoint an impartial arbitrator who shall have all of the powers and duties of an arbitrator appointed or agreed to by the other party under the agreement.

For purposes of this section only, "landowner" means the persons who signed the easement or other written agreement, their heirs, successors, and assigns.

[81 Acts, ch 159, §2, 3]
95 Acts, ch 192, §15

479.42 Subsequent pipelines.
A pipeline company shall not install a subsequent pipeline upon its existing easement when a damage claim from the installation of its previous pipeline on that easement has not been resolved, unless the damage claim is under litigation, arbitration, or a proceeding pursuant to section 479.46.

With the exception of claims for damage to drain tile and future crop deficiency, for this section to apply, landowners and tenants must submit in writing their claims for damages caused by installation of the pipeline within one year of final cleanup on the real property.

[81 Acts, ch 159, §2, 4]
95 Acts, ch 192, §16

479.43 Damage agreement.
A pipeline company shall not install a pipeline until there is a written statement on file with the board as to how damages resulting from the construction of the pipeline shall be determined and paid, except in cases of eminent domain. The company shall provide a copy of the statement to the landowner.

[81 Acts, ch 159, §2, 5]

479.44 Negotiated fee.
In lieu of a one-time lump sum payment for an easement or other property interest allowing a pipeline to cross the property, a landowner and the pipeline company may negotiate an annual fee, to be paid over a fixed number of years. Unless the easement provides otherwise, the annual fee shall run with the land and shall be payable to the owner of record.

[81 Acts, ch 159, §2, 6]

479.45 Particular damage claims.
1. Compensable losses shall include, but are not limited to, all of the following:
   a. Loss or reduced yield of crops or forage on the pipeline right-of-way, whether caused directly by construction or from disturbance of usual farm operations.
   b. Loss or reduced yield of crops or yield from land near the pipeline right-of-way resulting from lack of timely access to the land or other disturbance of usual farm operations, including interference with irrigation.
   c. Fertilizer, lime, or organic material applied by the landowner to restore land disturbed by construction to full productivity.
   d. Loss of or damage to trees of commercial or other value that occurs at the time of construction,
restoration, or at the time of any subsequent work by the pipeline company.

e. The cost of or losses in moving or relocating livestock, and the loss of gain by or the death or injury of livestock caused by the interruption or relocation of normal feeding.

f. Erosion on lands attributable to pipeline construction.

g. Damage to farm equipment caused by striking a pipeline, debris, or other material reasonably associated with pipeline construction while engaged in normal farming operations as defined in section 480.1.

2. A claim for damage for future crop deficiency within the easement strip shall not be precluded from renegotiation under section 6B.52 on the grounds that it was apparent at the time of settlement unless the settlement expressly releases the pipeline company from claims for damage to the productivity of the soil. The landowner shall notify the company in writing fourteen days prior to harvest in each year to assess crop deficiency.

3. A claim for damage for future crop deficiency within the easement strip shall be made as to damages, a landowner whose land was affected by the installation of the pipeline or a pipeline company may file with the board of supervisors a petition asking that a compensation commission determine the damages arising from the installation of the pipeline.

4. The commissioners shall view the land at the time provided in the notice and assess the damages sustained by the landowner by reason of the installation of the pipeline and they shall file their report with the sheriff. The appraisement of damages returned by the commissioners is final unless appealed. After the appraisement of damages has been delivered to the sheriff by the compensation commission, the sheriff shall give written notice by ordinary mail to the pipeline company and the landowner of the date the appraisement of damages was made, the amount of the appraisement, and that any interested party may appeal to the district court within thirty days of the date of mailing. The sheriff shall endorse the date of mailing of notice on the original appraisement of damages. At the time of appeal, the appealing party shall give written notice to the adverse party or the party’s attorney and the sheriff.

5. Chapter 6B applies to this section to the extent it is applicable and consistent with this section.

6. The pipeline company shall pay all costs of the assessment made by the commissioners and reasonable attorney fees and costs incurred by the landowner as determined by the commissioners if the award of the commissioners exceeds one hundred ten percent of the final offer of the pipeline company prior to the determination of damages; if the award does not exceed one hundred ten percent, the landowners shall pay the fees and costs incurred by the pipeline company. The pipeline company shall file with the sheriff an affidavit setting forth the most recent offer made to the landowner. Commissioners shall receive a per diem of fifty dollars and actual and necessary expenses incurred in the performance of their official duties. The pipeline company shall also pay all costs occasioned by the appeal, including reasonable attorney fees to be taxed by the court, unless on the trial of the appeal the same or a lesser amount of damages is awarded than was allowed by the commission from which the appeal was taken.

7. As used in this section, “damages” means compensation for damages to the land, crops, and
other personal property caused by the construction activity of installing a pipeline and its attendant structures but does not include compensation for a property interest, and "landowner" includes a farm tenant.

8. The provisions of this section do not apply if the easement provides for any other means of negotiation or arbitration.

§479.47 Subsequent tiling.
All additional costs of new tile construction caused by an existing pipeline shall be paid by the pipeline company. To receive compensation under this section, the landowner or agent of the landowner shall either present an invoice specifying the additional costs caused by the presence of the pipeline which is accompanied by a written verification of the additional costs by the county engineer or soil and water conservation district conservationist or reach an agreement with the pipeline company on the project design and share of the cost to be paid by the pipeline company during the planning of the tiling project.

§479.48 Reversion on nonuse.
1. If a pipeline right-of-way, or any part of a pipeline right-of-way, is wholly abandoned for pipeline purposes by the relocation of the pipeline, is not used or operated for a period of five consecutive years, or if the construction of the pipeline has been commenced and work has ceased and has not in good faith resumed for five years, the right-of-way may revert as provided in this section to the person who, at the time of the abandonment or nonuse, is the owner of the tract from which such right-of-way was taken. For purposes of this section, a pipeline or a pipeline right-of-way is not considered abandoned or unused if it is transporting product or is being actively maintained with reasonable anticipation of a future use.

2. To effect a reversion on nonuse of right-of-way, the owner or holder of purported fee title to such real estate shall serve notice upon the owner of such right-of-way easement and, if filed of record, successors in interest and upon any party in possession of the real estate. The written notice shall accurately describe the real estate and easement in question, set out the facts concerning ownership of the fee, ownership of the right-of-way easement, and the period of abandonment or nonuse, and notify the parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless the parties shall, within one hundred twenty days after the completed service of notice, file an affidavit with the county recorder of the county in which the real estate is located disputing the facts contained in the notice.

3. The notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication an affidavit shall not be required before publication. If an affidavit disputing the facts contained in the notice is not filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached and endorsed, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of such right-of-way.

4. Upon reversion of the easement, the landowner may require the pipeline company to remove any pipe or pipeline facility remaining on the property. Provisions of this chapter relating to damages shall apply when the pipeline is removed.

5. Unless otherwise agreed to in writing by the landowner and the pipeline company, if a pipeline right-of-way is abandoned for pipeline use, but the pipe is not removed from the right-of-way, the pipeline company shall remain subject to section 479.49, shall remain responsible for the additional costs of subsequent tiling as provided for in section 479.47, shall mark the location of the line in response to a notice of proposed excavation in accordance with chapter 480, and shall remain subject to the damage provisions of this chapter in the event access to or excavation relating to the pipe is required. The landowner shall provide reasonable access to the pipeline in order to carry out the responsibilities of this subsection.

§479.49 Farmland improvements.
A landowner or contractor may require a representative of the pipeline company to be present on site, at no charge to the landowner, at all times during each phase and separate activity related to a farmland improvement within fifty feet of either side of a pipeline. If the pipeline company and the landowner or contractor constructing the farmland improvement mutually agree that a representative of the pipeline company is not required to be present, the requirements of this section are waived in relation to the farmland improvement which would have otherwise made the requirements of this section applicable. A farmland improvement includes, but is not limited to, the terracing of farmland and tiling.
CHAPTER 479A
INTERSTATE NATURAL GAS PIPELINES

479A.1 Purpose.
It is the purpose of the general assembly in enacting this law to confer upon the utilities board the power and authority to implement certain controls over the transportation of natural gas to protect landowners and tenants from environmental or economic damages which may result from the construction, operation, or maintenance of a pipeline within the state. It is also the purpose of the general assembly in enacting this law to provide for the board to act as an agent for the federal government in determining pipeline company compliance with the standards of the federal government for pipelines within the boundaries of the state.
88 Acts, ch 1074, §1

479A.2 Definitions.
As used in this chapter, unless the context requires otherwise:
1. “Board” means the utilities board within the utilities division of the department of commerce.
2. “Pipeline” means an interstate pipe, pipes, or pipelines used for the transportation or transmission of natural gas within or through this state.
3. “Pipeline company” means a person engaged in or organized for the purpose of owning, operating, or controlling pipelines.
4. “Underground storage” means the storage of natural gas in a subsurface stratum or formation of the earth by a pipeline company.
88 Acts, ch 1074, §2

479A.3 Conditions attending operation.
A pipeline company shall not construct, maintain, or operate pipeline under, along, over, or across any public or private highways, grounds, waters, or streams of any kind in this state except in accordance with this chapter.
88 Acts, ch 1074, §3

479A.4 Construction inspection.
The board shall supervise pipelines, pipeline companies, and underground storage, and shall inspect the construction, maintenance, and condition of pipelines and underground storage facilities in accordance with section 479A.18. When inspecting for safety standard compliance, the board shall apply only United States department of transportation safety standards.
88 Acts, ch 1074, §4

479A.5 Notice prior to construction.
Before beginning construction in this state, a pipeline company shall provide an adequate opportunity for state inspection, by giving written notice to the chairperson of the board stating the time, date, location, and nature of the construction. The notice shall be filed with the chairperson of the board not less than five business days before commencement of the construction.
88 Acts, ch 1074, §5

479A.6 Cost of construction inspection.
A pipeline company shall pay actual unrecovered costs directly attributable to construction inspections conducted by the board or the board’s designee.
88 Acts, ch 1074, §6

479A.7 Annual inspection fee.
A pipeline company shall pay an annual inspection fee of fifty cents per mile of pipeline or fraction
Chapter 479A. Interstate Natural Gas Pipeline System

**479A.8 Failure to pay — penalties.**

The board shall collect the inspection fees, and failure to pay an inspection fee within thirty days after the time the fee becomes due is cause for the assessment of civil penalties in accordance with section 479A.16.

88 Acts, ch 1074, §7

**479A.9 Deposit of funds.**

Moneys received under this chapter shall be credited to the general fund of the state as provided in section 476.10.

88 Acts, ch 1074, §9; 94 Acts, ch 1107, §8; 99 Acts, ch 85, §10, 11

**479A.10 Rules.**

The board shall adopt rules, pursuant to chapter 17A for the enforcement of this chapter.

88 Acts, ch 1074, §10

**479A.11 Damages.**

A pipeline company operating pipelines or underground storage shall be given reasonable access to the pipelines and storage areas for the purpose of constructing, operating, maintaining, or locating their pipes, pumps, pressure apparatus, or other stations, wells, devices, or equipment used in or upon a pipeline or storage area, but shall pay the owner of the lands for the right of entry and the owner of crops on the land all damages caused by entering, using, or occupying the lands for these purposes; and shall pay to the owner of the lands, after the completion of construction of the pipeline or storage, all damages caused by settling of the soil along and above the pipeline, and wash or erosion of the soil along the pipeline due to the construction of the pipeline. However, this section does not prevent the execution of an agreement with other terms between the pipeline company and the owner of the land or crops with reference to their use.

88 Acts, ch 1074, §11; 95 Acts, ch 192, §19

**479A.12 Financial condition of company — bond or other security.**

Before construction is begun by a pipeline company, the company shall satisfy the board that the company has property subject to execution within this state other than pipelines, of a value in excess of two hundred fifty thousand dollars, or the company must file and maintain with the board a surety bond in the penal sum of two hundred fifty thousand dollars with surety approved by the board, conditioned that the company will pay any and all damages legally recovered against it growing out of the construction, abandonment, or operation of its pipeline and underground storage facilities in this state, or the company shall deposit with the board security satisfactory to the board as a guaranty for the payment of that amount of damages, or furnish to the board satisfactory proofs of its solvency and financial ability to pay that amount of damages.

88 Acts, ch 1074, §12; 98 Acts, ch 1093, §1

**479A.13 Jurisdiction.**

In all cases arising under this chapter, the district court of any county in which property of a pipeline company is located has jurisdiction of a case involving that company.

88 Acts, ch 1074, §13; 95 Acts, ch 192, §20

**479A.14 Land restoration — standards — inspection.**

1. The board shall adopt rules establishing standards for the restoration of agricultural lands during and after pipeline construction. In addition to the requirements of section 17A.4, the board shall distribute copies of the notice of intended action and opportunity for oral presentations to each county board of supervisors. A county board of supervisors may, under chapter 17A and subsequent to the rulemaking proceedings, petition for additional rulemaking to establish standards for land restoration after pipeline construction within that county. Upon the request of the petitioning county, the board shall schedule a hearing to consider the merits of the petition. Rules adopted under this section shall not apply to land located within city boundaries unless the land is used for agricultural purposes. Rules adopted under this section shall address, but are not limited to, all of the following subject matters:

   a. Topsoil separation and replacement.
   b. Temporary and permanent repair to drain tile.
   c. Removal of rocks and debris from the right-of-way.
   d. Restoration of areas of soil compaction.
   e. Restoration of terraces, waterways, and other erosion control structures.
   f. Revegetation of untitled land.
   g. Future installation of drain tile or soil conservation structures.
   h. Restoration of land slope and contour.
   i. Restoration of areas used for field entrances and temporary roads.
   j. Construction in wet conditions.
   k. Designation of a pipeline company point of contact for landowner inquiries or claims.

2. The county board of supervisors shall cause an on-site inspection for compliance with the standards adopted under this section to be performed at any pipeline construction project in the county. A licensed professional engineer familiar with the standards adopted under this section and regis-
tered under chapter 542B shall be responsible for the inspection. The reasonable costs of the inspection shall be borne by the pipeline company.

3. If the inspector determines that there has been a violation of the standards adopted under this section, of the land restoration plan, or of an independent agreement on land restoration executed in accordance with subsection 10, the inspector shall give oral notice, followed by written notice, to the pipeline company and the contractor operating for the pipeline company, and order corrective action to be taken in compliance with the standards. The costs of the corrective action shall be borne by the contractor operating for the pipeline company.

4. An inspector shall adequately inspect underground improvements altered during construction of a pipeline. An inspection shall be conducted at the time of the replacement or repair of the underground improvements. An inspector shall be present on the site at all times at each phase and separate activity of the opening of the trench, the restoration of underground improvements, and backfilling. The pipeline company and its contractor shall keep an inspector continually informed of the work schedule and any schedule changes. If proper notice is given, construction shall not be delayed due to an inspector's failure to be present on the site.

5. If the pipeline company or its contractor does not comply with the requirements of this section, with the land restoration plan, or with an independent agreement on land restoration executed in accordance with subsection 10, the county board of supervisors may petition the board for an order requiring corrective action to be taken. In addition, the county board of supervisors may file a complaint with the board seeking imposition of civil penalties pursuant to section 479A.16.

6. The pipeline company shall allow landowners and the inspector to view the proposed center line of the pipeline before commencing trenching operations to ensure that construction takes place in the proper location.

7. An inspector may temporarily halt the construction if the construction is not in compliance with this chapter and the standards adopted under this chapter, the land restoration plan approved by the board, or the terms of an independent agreement with the pipeline company regarding line location or land restoration executed in accordance with subsection 10, until the inspector consults with the supervisory personnel of the pipeline company.

8. The board shall instruct inspectors appointed by the county board of supervisors regarding the content of this chapter and the standards and the inspectors' responsibility to require construction conforming with them.

9. Prior to the initiation of construction, the pipeline company shall file a written land restoration plan with the board describing the methods and procedures by which compliance with this section and the standards adopted under this section will be achieved. The board shall review this plan to ensure that the requirements of this section and rules adopted pursuant to this section are met. After board review, the pipeline company shall provide copies of the plan to all landowners of property that will be disturbed by the construction. The requirements of this subsection may be waived by the board to the extent an environmental impact statement addressing the land restoration subjects in subsection 1 was prepared by the federal energy regulatory commission.

10. This section does not preclude the application of provisions for protecting or restoring property that are different than those prescribed in this section, in rules adopted pursuant to this section, or in the land restoration plan if the alternative provisions are contained in agreements independently executed by the pipeline company and the landowner, and if the alternative provisions are not inconsistent with state law or with rules adopted by the board. Independent agreements on land restoration or line location between the landowner and pipeline company shall be in writing and a copy provided to the county inspector.

11. For the purposes of this section, "construction" includes the removal of a previously constructed pipeline.

479A.15 Entry for land surveys.

A pipeline company may enter upon private land for the purpose of surveying and examining the land to determine direction or depth of a pipeline by giving ten days' written notice by restricted certified mail to the landowner and to any person residing on or in possession of the land. For purposes of this section only, "landowner" means a person listed on the tax assessment rolls as residing on or in possession of the land. The entry for land surveys authorized in this section is not a trespass and may be aided by injunction. The pipeline company shall pay the actual damages caused by the entry and survey.

88 Acts, ch 1074, §15; 95 Acts, ch 192, §22

479A.16 Civil penalty.

A person who violates this chapter or a rule or an order issued pursuant to this chapter is subject to a civil penalty levied by the board not to exceed one thousand dollars for each violation. Each day that the violation continues constitutes a separate offense. However, the civil penalty shall not exceed two hundred thousand dollars for any related series of violations. Civil penalties collected pursuant to this section shall be credited to and are appropriated for the Iowa energy center created in section 266.39C.

A civil penalty may be compromised by the
board. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance after notification of a violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the state to the person charged, or may be recovered in a civil action. 88 Acts, ch 1074, §16; 95 Acts, ch 192, §23

479A.17 Rehearing — judicial review.
Rehearing procedure for a person aggrieved by the action of the board in assessing or failing to assess civil penalties under this chapter shall be as provided in section 476.12. Judicial review may be sought in accordance with chapter 17A. 88 Acts, ch 1074, §17

479A.18 Federal inspection.
The board may enter into agreements with and receive moneys from the United States department of transportation for the inspection of pipelines to determine compliance with the applicable standards of pipeline safety as provided by Pub. L. No. 103-272, as codified in 49 U.S.C. § 60101 – 60125. 88 Acts, ch 1074, §18; 95 Acts, ch 49, §14

479A.19 Right to cancel agreement.
1. A person seeking to acquire an easement or other property interest for the construction, maintenance, or operation of a pipeline shall allow the landowner or a person serving in a fiduciary capacity in the landowner’s behalf to cancel an agreement granting an easement or other interest by certified mail with return requested to the company’s principal place of business if received by the company within seven days, excluding Saturday and Sunday, of the date of the contract; shall inform the landowner or fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or fiduciary; and shall provide the landowner or fiduciary with a form in duplicate for the notice of cancellation.
2. A person seeking to acquire an easement or other property interest for the construction, maintenance, or operation of a pipeline shall not record an agreement until after the period for cancellation has expired, and shall not include in an agreement a waiver of the right to cancel in accordance with this section.
3. The landowner or a person serving in a fiduciary capacity in the landowner’s behalf may exercise the right of cancellation only once for each pipeline project. 88 Acts, ch 1074, §19

479A.20 Arbitration agreements.
Notwithstanding conflicting provisions of chapter 679A, if an easement or other written agreement between a landowner and a pipeline company provides for the determination through arbitration of the amount of monetary damages sustained by a landowner and caused by the construction, maintenance, or repair of a pipeline, and if either party has not appointed its arbitrator or agreed to an arbitrator under the agreement within thirty days after the other party has invoked the arbitration provisions of the agreement by written notice to the other party by restricted certified mail, the landowner or the pipeline company may petition a magistrate in the county where the real property is located for the appointment of an arbitrator to serve in place of the arbitrator who would have been appointed or agreed to by the other party. Before filing the petition the landowner or pipeline company shall give notice of the petitioning of the magistrate by restricted certified mail to the other party and file proof of mailing with the petition. If, after hearing, the magistrate finds that the landowner or pipeline company has not been diligent in appointing or reasonable in agreeing to an arbitrator, the magistrate shall appoint an impartial arbitrator who shall have all of the powers and duties of an arbitrator appointed or agreed to by the other party under the agreement.

For purposes of this section only, “landowner” means the persons who signed the easement or other written agreement, their heirs, successors, and assigns. 88 Acts, ch 1074, §20; 95 Acts, ch 192, §24

479A.21 Subsequent pipelines.
A pipeline company shall not install a subsequent pipeline upon its existing easement when a damage claim from the installation of its previous pipeline on that easement has not been resolved unless that claim is under litigation or arbitration or is the subject of a proceeding pursuant to section 479A.25. 88 Acts, ch 1074, §21; 95 Acts, ch 192, §25

479A.22 Damage statement.
A pipeline company shall not install a pipeline unless there is a written statement on file with the board as to how damages resulting from the construction of the pipeline shall be determined and paid, except in cases of eminent domain. The company shall provide a copy of the statement to the landowner. 88 Acts, ch 1074, §22

479A.23 Negotiated annual fee.
In lieu of a one-time lump sum payment for an easement or other property interest allowing a pipeline to cross property, a landowner and the pipeline company may negotiate an annual fee, to be paid over a fixed number of years. Unless the
479A.24 Particular damage claims.

1. Compensable losses shall include, but are not limited to, all of the following:
   a. Loss or reduced yield of crops or forage on land near the pipeline right-of-way, whether caused directly by construction or from disturbance of usual farm operations.
   b. Loss or reduced yield of crops or yield from land near the pipeline right-of-way resulting from lack of timely access to the land or other disturbance of usual farm operations, including interference with irrigation.
   c. Fertilizer, lime, or organic material applied by the landowner to restore land disturbed by construction to full productivity.
   d. Loss of or damage to trees of commercial or other value that occurs at the time of construction, restoration, or at the time of any subsequent work by the pipeline company.
   e. The cost of or losses in moving or relocating livestock, and the loss of gain by, or the death or injury of livestock caused by the interruption or relocation of normal feeding.
   f. Erosion on lands attributable to pipeline construction.
   g. Damage to farm equipment caused by striking a pipeline, debris, or other material reasonably associated with pipeline construction while engaged in normal farming operations as defined in section 480.1.

2. If the board of supervisors by resolution approves the petition, the landowner or pipeline company shall commence the proceeding by filing an application with the chief judge of the judicial district of the county for the appointment of a compensation commission as provided in section 6B.4.

   The application shall contain all of the following:
   a. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.
   b. A description of the nature of the damage claimed to have occurred and the amount of the damage claimed.
   c. The name and address of the pipeline company claimed to have caused the damage or the name and address of the affected landowner.

3. After the commissioners have been appointed, the applicant shall serve notice on the pipeline company or the landowner stating all of the following:
   a. That a compensation commission has been appointed to determine the damages caused by the installation of the pipeline.
   b. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.
   c. The place, date, and time when the commissioners will view the premises and proceed to appraise the damages and that the pipeline company or landowner may appear before the commissioners.

   If more than one landowner petitions the county board of supervisors, the application to the chief judge, notice to the pipeline company, and appraisement of damages shall be consolidated into one application, notice, and appraisement. The county attorney may assist in coordinating the consolidated application and notice, but does not become an attorney for the landowners by doing so.

4. The commissioners shall view the land at the time provided in the notice and assess the damages sustained by the landowner by reason of the installation of the pipeline. The commissioners shall file their report with the sheriff. The appraisement of damages returned by the commissioners is final unless appealed. After the appraisement of damages has been delivered to the sheriff by the compensation commission, the sheriff shall give written notice by ordinary mail to the pipeline company and the landowner of the date the appraisement of damages was made, the amount of the appraisement, and that any interested party may appeal to the district court within thirty days of the date of mailing. The sheriff shall endorse the date of mailing of notice on the origi-
nal appraisement of damages. At the time of appeal, the appealing party shall give written notice to the adverse party or the party’s attorney and the sheriff.

5. Chapter 6B applies to this section to the extent it is applicable and consistent with this section.

6. The pipeline company shall pay all costs of the assessment made by the commissioners and reasonable attorney fees and costs incurred by the landowner as determined by the commissioners, if the award of the commissioners exceeds one hundred ten percent of the final offer of the pipeline company prior to the determination of damages. If the award does not exceed one hundred ten percent, the landowners shall pay the fees and costs incurred by the pipeline company. The pipeline company shall file with the sheriff an affidavit setting forth the most recent offer made to the landowner. Commissioners shall receive a per diem of fifty dollars and actual and necessary expenses incurred in the performance of their official duties. The pipeline company shall also pay all costs occasioned by the appeal, including reasonable attorney fees to be taxed by the court, unless on the trial of the appeal the same or a lesser amount of damages is awarded than was allowed by the commission from which the appeal was taken.

7. As used in this section, “damages” means compensation for damages to the land, crops, and other personal property caused by the construction activity of installing a pipeline and its attendant structures but does not include compensation for a property interest, and “landowner” includes a tenant.

8. This section does not apply if the easement provides for any other means of negotiation or arbitration.

479A.26 Subsequent tiling.
Additional costs of new tile construction caused by an existing pipeline shall be paid by the pipeline company. To receive compensation under this section, the landowner or agent of the landowner shall either present an invoice specifying the additional costs caused by the presence of the pipeline which is accompanied by a written verification of the additional costs by the county engineer or soil and water conservation district conservationist or reach an agreement with the pipeline company on the project design and share of the cost to be paid by the pipeline company during the planning of the tiling project.

88 Acts, ch 1074, §26; 92 Acts, ch 1103, §10; 95 Acts, ch 192, §27

479A.27 Reversion on nonuse.
1. If a pipeline right-of-way, or any part of a pipeline right-of-way, is wholly abandoned for pipeline purposes by the relocation of the pipeline, is not used or operated for a period of five consecutive years, or if the construction of the pipeline has been commenced and work has ceased and has not in good faith resumed for five years, the right-of-way may revert as provided in this section to the person who, at the time of the abandonment or nonuse, is the owner of the tract from which such right-of-way was taken. Abandonment of pipeline facilities requires approval from the federal energy regulatory commission prior to this provision taking effect.

2. To effect a reversion on nonuse of right-of-way, the owner or holder of purported fee title to such real estate shall serve notice upon the owner of such right-of-way easement and, if filed of record, successors in interest and upon any party in possession of the real estate. The written notice shall accurately describe the real estate and easement in question, set out the facts concerning ownership of the fee, ownership of the right-of-way easement, and the period of abandonment or nonuse, and notify the parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless the parties shall, within one hundred twenty days after the completed service of notice, file an affidavit with the county recorder of the county in which the real estate is located disputing the facts contained in the notice.

3. The notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication an affidavit shall not be required before publication. If an affidavit disputing the facts contained in the notice is not filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached and endorsed, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of such right-of-way.

4. Upon reversion of the easement, the landowner may require the pipeline company to remove any pipe or pipeline facility remaining on the property to the extent such removal is in accordance with the terms of the abandonment authority from the federal energy regulatory commission. Provisions of this chapter relating to damages shall apply when the pipeline is removed.

5. Unless otherwise agreed to in writing by the landowner and the pipeline company, if a pipeline right-of-way is abandoned for pipeline use, but the pipe is not removed from the right-of-way, the pipeline company shall remain subject to section 479A.28, shall remain responsible for the additional costs of subsequent tiling as provided for in section 479A.26, shall mark the location of the line in response to a notice of proposed excavation in accordance with chapter 480, and shall remain subject to the damage provisions of this chapter in
the event access to or excavation relating to the pipe is required. The landowner shall provide reasonable access to the pipeline in order to carry out the responsibilities of this subsection.

99 Acts, ch 85, §6, 11; 2000 Acts, ch 1139, §3

**479A.28 Farmland improvements.**
A landowner or contractor may require a representative of the pipeline company to be present on site, at no charge to the landowner, at all times during each phase and separate activity related to a farmland improvement within fifty feet of either side of a pipeline. If the pipeline company and the landowner or contractor constructing the farmland improvement mutually agree that a representative of the pipeline company is not required to be present, the requirements of this section are waived in relation to the farmland improvement which would have otherwise made the requirements of this section applicable. A farmland improvement includes, but is not limited to, the terracing of farmland and tiling.

**CHAPTER 479B**

HAZARDOUS LIQUID PIPELINES
AND STORAGE FACILITIES

479B.1 Purpose — authority.
It is the purpose of the general assembly in enacting this law to grant the utilities board the authority to implement certain controls over hazardous liquid pipelines to protect landowners and tenants from environmental or economic damages which may result from the construction, operation, or maintenance of a hazardous liquid pipeline or underground storage facility within the state, to approve the location and route of hazardous liquid pipelines, and to grant rights of eminent domain where necessary.

95 Acts, ch 192, §28

479B.2 Definitions.
As used in this chapter, unless the context appears otherwise:
1. **“Board”** means the utilities board within the utilities division of the department of commerce.
2. **“Hazardous liquid”** means crude oil, refined petroleum products, liquefied petroleum gases, anhydrous ammonia, liquid fertilizers, liquefied carbon dioxide, alcohols, and coal slurries.
3. **“Pipeline”** means an interstate pipe or pipeline and necessary appurtenances used for the transportation or transmission of hazardous liquids.
4. **“Pipeline company”** means a person engaged in or organized for the purpose of owning, operating, or controlling pipelines for the transportation or transmission of any hazardous liquid or underground storage facilities for the underground storage of any hazardous liquid.
5. **“Underground storage”** means storage of hazardous liquid in a subsurface stratum or formation of the earth.
6. “Utilities division” means the utilities division of the department of commerce.

95 Acts, ch 192, §29

479B.3 Conditions attending operation.
A pipeline company shall not construct, maintain, or operate a pipeline or underground storage facility under, along, over, or across any public or private highways, grounds, waters, or streams of any kind in this state. Any pipeline company now owning or operating a pipeline or underground storage facility in this state shall be issued a permit by the board upon supplying the information as provided for in section 479B.5, subsections 1 through 5, and meeting the requirements of section 479B.13.

A pipeline company doing business in this state and proposing to store hazardous liquid underground within this state shall file with the board a verified petition asking for a permit to construct, maintain, and operate facilities for the underground storage of hazardous liquid which includes the construction, placement, maintenance, and operation of machinery, appliances, fixtures, wells, pipelines, and stations necessary for the construction, maintenance, and operation of the underground storage facilities.

The pipeline company shall hold informational meetings in each county in which real property or property rights will be affected at least thirty days prior to filing the petition for a new pipeline. A member of the board, or a person designated by the board, shall serve as the presiding officer at each meeting and present an agenda for the meeting which shall include a summary of the legal rights of the affected landowners. No formal record of the meeting shall be required. The meeting shall be held at a location reasonably accessible to all persons who may be affected by granting the permit.

The pipeline company seeking the permit for a new pipeline shall give notice of the informational meeting to each landowner affected by the proposed project and each person in possession of or residing on the property. For the purposes of the informational meeting, “landowner” means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property and “pipeline” means a line transporting a hazardous liquid under pressure in excess of one hundred fifty pounds per square inch and extending a distance of not less than five miles or having a future anticipated extension of an overall distance of five miles.

The notice shall set forth the following: the name of the applicant, the applicant’s principal place of business, the general description and purpose of the proposed project, the general nature of the right-of-way desired, a map showing the route or location of the proposed project, that the landowner has a right to be present at the meeting and to file objections with the board, and a designation of the time and place of the meeting. The notice shall be sent by restricted certified mail and shall be published once in a newspaper of general circulation in the county not less than thirty days before the date set for the meeting. The publication shall be considered notice to landowners whose residence is not known and to each person in possession of or residing on the property provided a good faith effort to notify can be demonstrated by the pipeline company.

A pipeline company seeking rights under this chapter shall not negotiate or purchase an easement or other interest in land in a county known to be affected by the proposed project prior to the informational meeting.

95 Acts, ch 192, §30

479B.4 Application for permit — informational meeting — notice.
A pipeline company doing business in this state shall file a verified petition with the board asking for a permit to construct, maintain, and operate a new pipeline along, over, or across the public or private highways, grounds, waters, and streams of any kind in this state. Any pipeline company now owning or operating a pipeline or underground storage facility in this state shall be issued a permit by the board upon supplying the information as provided for in section 479B.5, subsections 1 through 5, and meeting the requirements of section 479B.13.

A pipeline company doing business in this state and proposing to store hazardous liquid underground within this state shall file with the board a verified petition asking for a permit to construct, maintain, and operate facilities for the underground storage of hazardous liquid which includes the construction, placement, maintenance, and operation of machinery, appliances, fixtures, wells, pipelines, and stations necessary for the construction, maintenance, and operation of the underground storage facilities.

The pipeline company shall hold informational meetings in each county in which real property or property rights will be affected at least thirty days prior to filing the petition for a new pipeline. A member of the board, or a person designated by the board, shall serve as the presiding officer at each meeting and present an agenda for the meeting which shall include a summary of the legal rights of the affected landowners. No formal record of the meeting shall be required. The meeting shall be held at a location reasonably accessible to all persons who may be affected by granting the permit.

The pipeline company seeking the permit for a new pipeline shall give notice of the informational meeting to each landowner affected by the proposed project and each person in possession of or residing on the property. For the purposes of the informational meeting, “landowner” means a person listed on the tax assessment rolls as responsible for the payment of real estate taxes imposed on the property and “pipeline” means a line transporting a hazardous liquid under pressure in excess of one hundred fifty pounds per square inch and extending a distance of not less than five miles or having a future anticipated extension of an overall distance of five miles.

The notice shall set forth the following: the name of the applicant, the applicant’s principal place of business, the general description and purpose of the proposed project, the general nature of the right-of-way desired, a map showing the route or location of the proposed project, that the landowner has a right to be present at the meeting and to file objections with the board, and a designation of the time and place of the meeting. The notice shall be sent by restricted certified mail and shall be published once in a newspaper of general circulation in the county not less than thirty days before the date set for the meeting. The publication shall be considered notice to landowners whose residence is not known and to each person in possession of or residing on the property provided a good faith effort to notify can be demonstrated by the pipeline company.

A pipeline company seeking rights under this chapter shall not negotiate or purchase an easement or other interest in land in a county known to be affected by the proposed project prior to the informational meeting.

95 Acts, ch 192, §31

479B.5 Petition.
A petition for a permit shall state all of the following:

1. The name of the individual, firm, corporation, company, or association applying for the permit.

2. The applicant’s principal office and place of business.

3. A legal description of the route of the proposed pipeline and a map of the route.

4. A general description of the public or private highways, grounds, waters, streams, and private lands of any kind along, over, or across which the proposed pipeline will pass.

5. If permission is sought to construct, maintain, and operate facilities for the underground storage of hazardous liquids the petition shall include the following additional information:
   a. A description and a map of the public or private highways, grounds, waters, streams, and private lands of any kind under which the storage is proposed.
   b. Maps showing the location of proposed machinery, appliances, fixtures, wells, and stations necessary for the construction, maintenance, and operation of the hazardous liquid storage facilities.

6. The possible use of alternative routes.

7. The relationship of the proposed project to the present and future land use and zoning ordinances.

8. The inconvenience or undue injury which may result to property owners as a result of the
proposed project.

9. An affidavit attesting to the fact that informational meetings were held in each county affected by the proposed project and the time and place of each meeting.

95 Acts, ch 192, §32

**479B.6 Hearing — notice.**

After the petition is filed, the board shall fix a date for a hearing and shall publish notice for two consecutive weeks, in a newspaper of general circulation in each county through which the proposed pipeline or hazardous liquid storage facilities will extend.

The hearing shall not be less than ten days nor more than thirty days from the date of the last publication of the notice. If the pipeline exceeds five miles in length, the hearing shall be held in the county seat of the county located at the midpoint of the proposed pipeline or the county in which the proposed hazardous liquid storage facility would be located.

95 Acts, ch 192, §33

**479B.7 Objections.**

A person, including a governmental entity, whose rights or interests may be affected by the proposed pipeline or hazardous liquid storage facilities may file written objections.

All objections shall be on file with the board not less than five days before the date of hearing on the application. However, the board may permit the filing of the objections later than five days before the hearing, in which event the applicant must be granted a reasonable time to meet the objections.

95 Acts, ch 192, §34

**479B.8 Examination — testimony.**

The board may examine the proposed route of the pipeline and location of the underground storage facility. At the hearing the board shall consider the petition and any objections and may hear testimony to assist the board in making its determination regarding the application.

95 Acts, ch 192, §35

**479B.9 Final order — condition.**

The board may grant a permit in whole or in part upon terms, conditions, and restrictions as to location and route as it determines to be just and proper. A permit shall not be granted to a pipeline company unless the board determines that the proposed services will promote the public convenience and necessity.

95 Acts, ch 192, §36

**479B.10 Costs and fees.**

The applicant shall pay all costs of the informational meetings, hearing, and necessary preliminary investigation including the cost of publishing notice of hearing, and shall pay the actual unrecovered costs directly attributable to inspections conducted by the board.

95 Acts, ch 192, §37

**479B.11 Inspection fee.**

If the board enters into agreements with the United States department of transportation pursuant to section 479B.23, a pipeline company shall pay an annual fee of fifty cents per mile of pipeline or fraction thereof for each inch of diameter of the pipeline located in the state. The inspection fee shall be paid to the board between January 1 and February 1 for the calendar year.

The board shall collect all fees. Failure to pay any fee within thirty days from the due date shall be grounds for revocation of the permit or assessment of civil penalties.

95 Acts, ch 192, §38

**479B.12 Use of funds.**

All moneys received under this chapter, other than civil penalties collected pursuant to section 479B.21, shall be remitted monthly to the treasurer of state and credited to the general fund of the state.

95 Acts, ch 192, §39

**479B.13 Financial condition of permittee — bond.**

Before a permit is granted under this chapter the applicant must satisfy the board that the applicant has property within this state other than pipelines or underground storage facilities, subject to execution of a value in excess of two hundred fifty thousand dollars, or the applicant must file and maintain with the board a surety bond in the penal sum of two hundred fifty thousand dollars with surety approved by the board, conditioned that the applicant will pay all damages legally recovered against it growing out of the construction, maintenance, or operation of its pipeline or underground storage facilities in this state. When the pipeline company deposits with the board security satisfactory to the board as a guaranty for the payment of the damages, or furnishes to the board satisfactory proofs of its solvency and financial ability to pay the damages, the pipeline company is relieved of the provisions requiring bond.

95 Acts, ch 192, §40

**479B.14 Permits — limitations — sale or transfer — records — extension.**

The board shall prepare and issue permits. The permit shall show the name and address of the pipeline company to which it is issued and identify the decision and order of the board under which the permit is issued. The permit shall be signed by the chairperson of the board and the official seal of
the board shall be affixed to it.

The board shall not grant an exclusive right to any pipeline company to construct, maintain, or operate its pipeline along, over, or across any public or private highway, grounds, waters, or streams. The board shall not grant a permit for longer than twenty-five years.

A permit shall not be sold until the sale is approved by the board.

If a transfer of a permit is made before the construction for which it was issued is completed in whole or in part, the transfer shall not be effective until the pipeline company to which it was issued files with the board a notice in writing stating the date of the transfer and the name and address of the transferee.

The board shall keep a record of all permits granted by it, showing when and to whom granted and the location and route of the pipeline or underground storage facility, and if the permit has been transferred, the date and the name and address of the transferee.

A pipeline company may petition the board for an extension of a permit granted under this section by filing a petition containing the information required by section 479B.5, subsections 1 through 5, and meeting the requirements of section 479B.13.

95 Acts, ch 192, §41

479B.15 Entry for land surveys.

After the informational meeting or after the filing of a petition if no informational meeting is required, a pipeline company may enter upon private land for the purpose of surveying and examining the land to determine direction or depth of pipelines by giving ten days' written notice by restricted certified mail to the landowner as defined in section 479B.4 and to any person residing on or in possession of the land. The entry for land surveys shall not be deemed a trespass and may be aided by injunction. The pipeline company shall pay the actual damages caused by the entry, survey, and examination.

95 Acts, ch 192, §42

479B.16 Eminent domain.

A pipeline company granted a pipeline permit shall be vested with the right of eminent domain, to the extent necessary and as prescribed and approved by the board, not exceeding seventy-five feet in width for right-of-way and not exceeding one acre in any one location in addition to right-of-way for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline. The board may grant additional eminent domain rights where the pipeline company has presented sufficient evidence to adequately demonstrate that a greater area is required for the proper construction, operation, and maintenance of the pipeline or for the location of pumps, pressure apparatus, or other stations or equipment necessary to the proper operation of its pipeline.

A pipeline company granted a permit for underground storage of hazardous liquid shall be vested with the right of eminent domain to the extent necessary and as prescribed and approved by the board in order to appropriate for its use for the underground storage of hazardous liquid any subsurface stratum or formation in any land which the board shall have found to be suitable and in the public interest for the underground storage of hazardous liquid, and may appropriate other interests in property, as may be required adequately to examine, prepare, maintain, and operate the underground storage facilities.

This chapter does not authorize the construction of a pipeline longitudinally on, over, or under any railroad right-of-way or public highway, or at other than an approximate right angle to a railroad track or public highway without the consent of the railroad company, the state department of transportation, or the county board of supervisors, and this chapter does not authorize or give the right of condemnation or eminent domain for such purposes.

95 Acts, ch 192, §43

479B.17 Damages.

A pipeline company operating a pipeline or an underground storage facility shall have reasonable access to the pipeline or underground storage facility for the purpose of constructing, operating, maintaining, or locating pipes, pumps, pressure apparatus, or other stations, wells, devices, or equipment used in or upon the pipeline or underground storage facility. A pipeline company shall pay the owner of the land for the right of entry and the owner of crops for all damages caused by entering, using, or occupying the lands and shall pay to the owner all damages caused by the completion of construction of the pipeline due to wash or erosion of the soil at or along the location of the pipeline and due to the settling of the soil along and above the pipeline. However, this section does not prevent the execution of an agreement between the pipeline company and the owner of the land or crops with reference to the use of the land.

95 Acts, ch 192, §44, 62

479B.18 Venue.

In all cases arising under this chapter, the district court of any county in which property of a pipeline company is located has jurisdiction of a case involving the pipeline company.

95 Acts, ch 192, §45

479B.19 Orders — enforcement.

If the pipeline company fails to obey an order within the period of time determined by the board, the board may commence an equitable action in the district court of the county where the pipeline,
device, apparatus, equipment, or underground storage facility is located to compel compliance with its order. If, after trial, the court finds that the order is reasonable, equitable, and just, the court shall decree a mandatory injunction compelling obedience to and compliance with the order and may grant other relief as may be just and proper. Appeal from the decree may be taken in the same manner as in other actions.

95 Acts, ch 192, §46

479B.20 Land restoration standards.
1. The board, pursuant to chapter 17A, shall adopt rules establishing standards for the restoration of agricultural lands during and after pipeline or underground storage facility construction. In addition to the requirements of section 17A.4, the board shall distribute copies of the notice of intended action and opportunity for oral presentations to each county board of supervisors. Any county board of supervisors may, under the provisions of chapter 17A, and subsequent to the rulemaking proceedings, petition under those provisions for additional rulemaking to establish standards for land restoration after pipeline construction within that county. Upon the request of the petitioning county, the board shall schedule a hearing to consider the merits of the petition.

Rules adopted under this section shall not apply to land located within city boundaries unless the land is used for agricultural purposes. Rules adopted under this section shall address, but are not limited to, all of the following subject matters:

a. Topsoil separation and replacement.
b. Temporary and permanent repair to drain tile.
c. Removal of rocks and debris from the right-of-way.
d. Restoration of areas of soil compaction.
e. Restoration of terraces, waterways, and other erosion control structures.
f. Revegetation of untillled land.
g. Future installation of drain tile or soil conservation structures.
h. Restoration of land slope and contour.
i. Restoration of areas used for field entrances and temporary roads.
j. Construction in wet conditions.
k. Designation of a pipeline company point of contact for landowner inquiries or claims.

2. The county board of supervisors shall cause an on-site inspection for compliance with the standards adopted under this section to be performed at any pipeline construction project in the county. A licensed professional engineer familiar with the standards adopted under this section and registered under chapter 542B shall be responsible for the inspection. A county board of supervisors may contract for the services of a licensed professional engineer for the purposes of the inspection. The reasonable costs of the inspection shall be paid by the pipeline company.

3. If the inspector determines that there has been a violation of the standards adopted under this section, of the land restoration plan, or of an independent agreement on land restoration or line location executed in accordance with subsection 10, the inspector shall give oral notice, followed by written notice, to the pipeline company and the contractor operating for the pipeline company and order corrective action to be taken in compliance with the standards. The costs of the corrective action shall be borne by the contractor operating for the pipeline company.

4. An inspector shall adequately inspect underground improvements altered during construction of the pipeline. An inspection shall be conducted at the time of the replacement or repair of the underground improvements. An inspector shall be present on the site at all times at each phase and separate activity of the opening of the trench, the restoration of underground improvements, and backfilling. The pipeline company and its contractor shall keep an inspector continually informed of the work schedule and any schedule changes. If proper notice is given, construction shall not be delayed due to an inspector’s failure to be present on the site.

5. If the pipeline company or its contractor does not comply with the requirements of this section, with the land restoration plan or line location, or with an independent agreement on land restoration executed in accordance with subsection 10, the county board of supervisors may petition the board for an order requiring corrective action to be taken. In addition, the county board of supervisors may file a complaint with the board seeking imposition of civil penalties under section 479B.21.

6. The pipeline company shall allow landowners and the inspector to view the proposed center line of the pipeline prior to commencing trenching operations to ensure that construction takes place in its proper location.

7. An inspector may temporarily halt the construction if the construction is not in compliance with this chapter and the standards adopted pursuant to this chapter, the land restoration plan, or the terms of an independent agreement with the pipeline company regarding land restoration or line location executed in accordance with subsection 10, until the inspector consults with the supervisory personnel of the pipeline company.

8. The board shall instruct inspectors appointed by the board of supervisors regarding the content of the statutes and rules and the inspectors’ responsibility to require construction conforming with the standards provided by this chapter.

9. Petitioners for a permit for pipeline construction shall file with the petition a written land restoration plan showing how the requirements of this section, and of rules adopted pursuant to this
A person who violates this chapter or any rule or order issued pursuant to this chapter shall be subject to a civil penalty levied by the board in an amount not to exceed one thousand dollars for each violation. Each day that the violation continues shall constitute a separate offense. However, the maximum civil penalty shall not exceed two hundred thousand dollars for any related series of violations. Civil penalties collected pursuant to this section shall be credited to and are appropriated for the use of the Iowa energy center created in section 266.39C.

A civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in compromise, the appropriateness of the penalty to the size of the pipeline company charged, the gravity of the violation, and the good faith of the person charged in attempting to achieve compliance, after notification of a violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owed by the state to the person charged, or may be recovered in a civil action.

479B.22 Rehearing — judicial review.
Rehearing procedure for any person aggrieved by actions of the board under this chapter shall be as provided in section 476.12. Judicial review may be sought in accordance with the terms of chapter 17A.

479B.23 Authorized federal aid.
The board may enter into agreements with and receive moneys from the United States department of transportation for the inspection of pipelines to determine compliance with applicable standards of pipeline safety, and for enforcement of the applicable standards of pipeline safety as provided by 49 U.S.C. § 60101 et seq.

479B.24 Cancellation.
A pipeline company seeking to acquire an easement or other property interest for the construction, maintenance, or operation of a pipeline or underground storage facility shall do all of the following:

1. Allow the landowner or a person serving in a fiduciary capacity on the landowner’s behalf to cancel an agreement granting an easement or other interest by restricted certified mail to the pipeline company’s principal place of business if received by the pipeline company within seven days, excluding Saturday and Sunday, of the date of the agreement and inform the landowner or the fiduciary in writing of the right to cancel prior to the signing of the agreement by the landowner or the fiduciary.

2. Provide the landowner or a person serving in a fiduciary capacity in the landowner’s behalf with a form in duplicate for the notice of cancellation.

3. Not record an agreement until after the period for cancellation has expired.

4. Not include in the agreement a waiver of the right to cancel in accordance with this section. The landowner or a person serving in a fiduciary capacity in the landowner’s behalf may exercise the right of cancellation only once for each pipeline project.

479B.25 Arbitration agreements.
If an easement or other written agreement between a landowner and a pipeline company provides for the determination through arbitration of the amount of monetary damages sustained by a landowner and caused by the construction, maintenance, or repair of a pipeline or underground storage facility, and if either party has not appointed its arbitrator or agreed to an arbitrator under the agreement within thirty days after the other party has invoked the arbitration provisions of the agreement by written notice to the other party by restricted certified mail, the landowner or the pipeline company may petition a magistrate in the county where the real property is located for the appointment of an arbitrator to serve in the stead of the arbitrator who would have been appointed or agreed to by the other party. Before filing the petition the landowner or pipeline company shall give notice of the petitioning of the magistrate by restricted certified mail to the other party and file proof of mailing with the petition.

If after hearing, the magistrate finds that the
§479B.25, HAZARDOUS LIQUID PIPELINES AND STORAGE FACILITIES

...landowner or pipeline company has not been diligent in appointing or reasonable in agreeing to an arbitrator, the magistrate shall appoint an impartial arbitrator who shall have all of the powers and duties of an arbitrator appointed or agreed to by the other party under the agreement.

For purposes of this section only, “landowner” means the person who signed the easement or other written agreement, or the person’s heirs, successors, and assigns. 95 Acts, ch 192, §52, 62

§479B.26 Subsequent pipeline or underground storage facility.

A pipeline company shall not construct a subsequent pipeline or underground storage facility upon its existing easement when a damage claim from the installation of its previous pipeline on that easement has not been resolved unless that claim is under litigation or arbitration, or is the subject of a proceeding pursuant to section 479B.30.

With the exception of claims for damage to drain tile and future crop deficiency, for this section to apply, landowners and tenants must submit their claims in writing for damages caused by construction of the pipeline or underground storage facility within one year of final cleanup on the real property by the pipeline company. 95 Acts, ch 192, §53

§479B.27 Damage agreement.

A pipeline company shall not construct a pipeline or underground storage facility until a written statement is on file with the board as to how damages resulting from the construction of the pipeline shall be determined and paid, except in cases of eminent domain. The pipeline company shall provide a copy of the statement to the landowner. 95 Acts, ch 192, §54

§479B.28 Negotiated fee.

In lieu of a one-time lump sum payment for an easement or other property interest allowing a pipeline to cross property or allowing underground storage of hazardous liquids, a landowner and the pipeline company may negotiate an annual fee, to be paid over a fixed number of years. Unless the easement provides otherwise, the annual fee shall run with the land and shall be payable to the owner of record. 95 Acts, ch 192, §55

§479B.29 Particular damage claims.

1. Compensable losses shall include, but are not limited to, all of the following:

   a. Loss or reduced yield of crops or forage on the pipeline right-of-way, whether caused directly by construction or from disturbance of usual farm operations.

   b. Loss or reduced yield of crops or yield from land near the pipeline right-of-way resulting from lack of timely access to the land or other disturbance of usual farm operations, including interference with irrigation.

   c. Fertilizer, lime, or organic material applied by the landowner to restore land disturbed by construction to full productivity.

   d. Loss of or damage to trees of commercial or other value that occurs at the time of construction, restoration, or at the time of any subsequent work by the pipeline company.

   e. The cost of or losses in moving or relocating livestock, and the loss of gain by or the death or injury of livestock caused by the interruption or relocation of normal feeding.

   f. Erosion on lands attributable to pipeline construction.

   g. Damage to farm equipment caused by striking a pipeline, debris, or other material reasonably associated with pipeline construction while engaged in normal farming operations as defined in section 480.1.

2. A claim for damage for future crop deficiency within the easement strip shall not be prejudiced from renegotiation under section 6B.52 on the grounds that it was apparent at the time of settlement unless the settlement expressly releases the pipeline company from claims for damage to the productivity of the soil. The landowner shall notify the pipeline company in writing fourteen days prior to harvest in each year to assess crop deficiency. 95 Acts, ch 192, §56, 62; 99 Acts, ch 85, §8, 11

§479B.30 Determination of construction damages.

1. The county board of supervisors shall determine when construction of a pipeline or underground storage facility has been completed in that county for the purposes of this section. Not less than ninety days after the completion of construction and if an agreement cannot be made as to damages, a landowner whose land was affected by the construction of the pipeline or underground storage facility or the pipeline company may file with the board of supervisors a petition asking that a compensation commission determine the damages arising from construction of the pipeline.

2. If the board of supervisors by resolution approves the petition, the landowner or pipeline company shall commence the proceeding by filing an application with the chief judge of the judicial district for the county for the appointment of a compensation commission as provided in section 6B.4. The application shall contain all of the following information:

   a. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

   b. A description of the nature of the damage claimed to have occurred and the amount of the
damage claimed.

c. The name and address of the pipeline company claimed to have caused the damage or the name and address of the affected landowner.

3. After the commissioners have been appointed, the applicant shall serve notice on the pipeline company or the landowner stating all of the following:

a. That a compensation commission has been appointed to determine the damages caused by the construction of the pipeline or underground storage facility.

b. The name and address of the applicant and a description of the land on which the damage is claimed to have occurred.

c. The date, time, and place when the commissioners will view the premises and proceed to appraise the damages and that the pipeline company or landowner may appear before the commissioners.

If more than one landowner petitions the county board of supervisors, the application to the chief judge, notice to the pipeline company, and appraisement of damages shall be consolidated into one application, notice, and appraisement. The county attorney may assist in coordinating the consolidated application and notice, but does not become an attorney for the landowners by doing so.

4. The commissioners shall view the land at the time provided in the notice and assess the damages sustained by the landowner by reason of the construction of the pipeline or underground storage facility and they shall file their report with the sheriff. The appraisement of damages returned by the commissioners is final unless appealed. After the appraisement of damages has been delivered to the sheriff by the compensation commission, the sheriff shall give written notice by ordinary mail to the pipeline company and the landowner of the date the appraisement of damages was made, the amount of the appraisement, and that any interested party may appeal to the board of supervisors, the application to the chief judge, notice to the pipeline company, and appraisement of damages is awarded than was allowed by the commission from which the appeal was taken.

5. As used in this section, “damages” means compensation for damages to the land, crops, and other personal property caused by the construction of a pipeline and its attendant structures or underground storage facility but does not include compensation for a property interest, and “landowner” includes a farm tenant.

6. The provisions of this section do not apply if the easement provides for any other means of negotiation or arbitration.

479B.31 Subsequent tiling.
All additional costs of new tile construction caused by an existing pipeline or underground storage facility shall be paid by the pipeline company. To receive compensation under this section, the landowner or agent of the landowner shall either present an invoice specifying the additional costs caused by the presence of the pipeline which is accompanied by a written verification of the additional costs by the county engineer or soil and water conservation district conservationist or reach an agreement with the pipeline company on the project design and share of the cost to be paid by the pipeline company during the planning of the tiling project.

479B.32 Reversion on nonuse.
1. If a pipeline right-of-way, or any part of the pipeline right-of-way, is wholly abandoned for pipeline purposes by the relocation of the pipeline, is not used or operated for a period of five consecutive years, or if the construction of the pipeline has been commenced and work has ceased and has not in good faith resumed for five years, the right-of-way may revert as provided in this section to the person who, at the time of the abandonment or nonuse, is the owner of the tract from which such right-of-way was taken. For purposes of this section, a pipeline or a pipeline right-of-way is not considered abandoned or unused if it is transporting product or is being actively maintained with reasonable anticipation of a future use.

2. To effect a reversion on nonuse of right-of-way, the owner or holder of purported fee title to such real estate shall serve notice upon the owner of such right-of-way easement and, if filed of record, successors in interest and upon any party in
possession of the real estate. The written notice shall accurately describe the real estate and easement in question, set out the facts concerning ownership of the fee, ownership of the right-of-way easement, and the period of abandonment or non-use, and notify the parties that such reversion shall be complete and final, and that the easement or other right shall be forfeited, unless the parties shall, within one hundred twenty days after the completed service of notice, file an affidavit with the county recorder of the county in which the real estate is located disputing the facts contained in the notice.

3. The notice shall be served in the same manner as an original notice under the Iowa rules of civil procedure, except that when notice is served by publication an affidavit shall not be required before publication. If an affidavit disputing the facts contained in the notice is not filed within one hundred twenty days, the party serving the notice may file for record in the office of the county recorder a copy of the notice with proofs of service attached and endorsed, and when so recorded, the record shall be constructive notice to all persons of the abandonment, reversion, and forfeiture of such right-of-way.

4. Upon reversion of the easement, the landowner may require the pipeline company to remove any pipe or pipeline facility remaining on the property. Provisions of this chapter relating to damages shall apply when the pipeline is removed.

5. Unless otherwise agreed to in writing by the landowner and the pipeline company, if a pipeline right-of-way is abandoned for pipeline use, but the pipe is not removed from the right-of-way, the pipeline company shall remain subject to section 479B.33, shall remain responsible for the additional costs of subsequent tiling as provided for in section 479B.31, shall mark the location of the line in response to a notice of proposed excavation in accordance with chapter 480, and shall remain subject to the damage provisions of this chapter in the event access to or excavation relating to the pipe is required. The landowner shall provide reasonable access to the pipeline in order to carry out the responsibilities of this subsection.

479B.33 Farmland improvements.
A landowner or contractor may require a representative of the pipeline company to be present on site, at no charge to the landowner, at all times during each phase and separate activity related to a farmland improvement within fifty feet of either side of a pipeline. If the pipeline company and the landowner or contractor constructing the farmland improvement mutually agree that a representative of the pipeline company is not required to be present, the requirements of this section are waived in relation to the farmland improvement which would have otherwise made the requirements of this section applicable. A farmland improvement includes, but is not limited to, the terracing of farmland and tiling.

CHAPTER 480
UNDERGROUND FACILITIES INFORMATION

480.1 Definitions.
1. “Board” means the board of directors of the notification center.
2. “Damage” means any impact with, destruction, impairment, or penetration of, or removal of support from an underground facility, including damage to its protective coating, housing, or device.
3. “Emergency” means a condition where there is clear and immediate danger to life or health, or essential services, or a potentially significant loss of property.
4. “Excavation” means an operation in which a structure or earth, rock, or other material in or on the ground is moved, removed, or compressed, or otherwise displaced by means of any tools, equipment, or explosives and includes, but is not limited to, grading, trenching, tiling, digging,
ditching, drilling, augering, tunneling, scraping, cable or pipe plowing, driving, and demolition of structures.

"Excavation" does not include normal farming operations, residential, commercial, or similar gardening, the opening of a grave site in a cemetery, normal activities involved in land surveying pursuant to chapter 542B, operations in a solid waste disposal site which has planned for underground facilities, the replacement of an existing traffic sign at its current location and at no more than its current depth, and normal road or highway maintenance which does not change the original grade of the roadway or the ditch.

5. "Excavator" means a person proposing to engage or engaging in excavation.

6. "Normal farming operations" means plowing, cultivation, planting, harvesting, and similar operations routine to most farms, but excludes chisel plowing, sub-soiling, or ripping more than fifteen inches in depth, drain tile excavating, terracing, digging or driving a post in a new location other than replacing a post while repairing a fence in its existing location, and similar operations.

7. "Notification center" means the statewide notification center established in section 480.3.

8. "Operator" means a person owning or operating an underground facility including, but not limited to, public, private, and municipal utilities. An operator does not include a person who owns or otherwise lawfully occupies real property where an underground facility is located only for the use and benefit of the owner or occupant on the property.

9. "Person" means a person as defined in section 4.1, subsection 20.

10. "Underground facility" means an item of personal property owned or leased by the operator which is buried or placed below ground for use in connection with the storage or conveyance of, or the provision of services supplying water, sewage, electronic, telephonic, or telegraphic communications, electric energy, hazardous liquids, or petroleum products including natural gas or other substances, and includes, but is not limited to, pipes, sewers, conduits, cables, valves, lines, wires, manholes, and attachments to such property but does not include sanitary sewer laterals, storm sewer laterals, and water service lines providing service to abutting private properties.

480.2 Public deposit of location information. Repealed by 92 Acts, ch 1103, § 11, 12.

480.3 Notification center established — participation.

1. a. A statewide notification center is established and shall be organized as a nonprofit corporation pursuant to chapter 504 or 504A.

   (1) The center shall be governed by a board of directors which shall represent and be elected by operators, excavators, and other persons who participate in the center. The board, with input from all interested parties, shall determine the operating procedures and technology needed for a single statewide notification center and establish a notification process.

   (2) In addition, the board shall either establish a competitive bidding procedure to select a vendor to provide the notification service or retain sufficient and necessary staff to provide the notification service.

   a. If a vendor is selected, the vendor contract shall be for a three-year period, which may be extended upon the approval of the board for a period not exceeding an additional three years. The terms of the vendor contract may be modified from time to time by the board and the vendor. The contract shall be reviewed, with an opportunity to receive new bids, at the end of the term of the contract.

   b. If the board retains staff to provide the notification service, the board, at the board’s discretion, may review the notification service at any time and make a determination to use the competitive bidding procedure to select a vendor.

   c. The board is subject to chapters 21 and 22.

2. The board shall implement the latest and most cost-effective technological improvements for the center in order to provide operators and excavators with the most accurate data available and in a timely manner to allow operators and excavators to perform their responsibilities with the minimum amount of interruptions.

3. Every operator shall participate in and share in the costs of the notification center. The financial condition and the transactions of the notification center shall be audited at least once each year by a certified public accountant. The notification center shall not provide any form of aid or make a contribution to a political party or to the campaign of a candidate for political or public office. In addition to any applicable civil penalty, as provided in section 480.6, a violation of this section
480.3 UNDERGROUND FACILITIES INFORMATION

constitutes a simple misdemeanor.

Subsection 1, paragraph a amended

480.4 Required notice — location and marking of underground facilities — exception.

1. a. Except as otherwise provided in this section, prior to any excavation, an excavator shall contact the notification center and provide notice of the planned excavation. This notice must be given at least forty-eight hours prior to the commencement of the excavation, excluding Saturdays, Sundays, and legal holidays. The notification center shall establish a toll-free telephone number to allow excavators to provide the notice required pursuant to this subsection.

b. A notice provided pursuant to this subsection for a location within a city shall include the following information:

(1) A street address or block and lot numbers, or both, of the proposed area of excavation.
(2) The name and address of the excavator.
(3) The excavator’s telephone number.
(4) The type and extent of the proposed excavation.
(5) Whether the discharge of explosives is anticipated.
(6) The date and time when excavation is scheduled to begin.
(7) Approximate location of the excavation on the property.
(8) If known, the name of the housing development and property owner.

c. A notice provided pursuant to this subsection for a location outside a city shall include the following information:

(1) The name of the county, township, range, and section.
(2) The name and address of the excavator.
(3) The excavator’s telephone number.
(4) The type and extent of the proposed excavation.
(5) Whether the discharge of explosives is anticipated.
(6) The date and time when excavation is scheduled to begin.
(7) Approximate location of the excavation on the property.
(8) If known, the quarter section, E911 address and global positioning system coordinate, name of property owner, name of housing development with street address or block and lot numbers, or both.

d. For purposes of the requirements of this section, an excavation commences the first time excavation occurs in an area that was not previously identified by the excavator in an excavation notice.

2. The notification center, upon receiving notice from an excavator, shall immediately transmit the information contained in the notice to each operator in the area of the proposed excavation and provide the names of all operators in that area to the excavator. The notification center shall assign an inquiry identification number to each notice and shall maintain a record of each notice for at least six years from the date the notice is received. The notification center shall not assess an operator who requests in writing not to receive a notification of its own excavations for any portion of the costs associated with such excavations.

3. a. (1) An operator who receives notice from the notification center shall mark the horizontal location of the operator’s underground facility and the excavator shall use due care in excavating in the marked area to avoid damaging the underground facility. The operator shall complete such locating and marking within forty-eight hours after receiving the notice, excluding Saturdays, Sundays, and legal holidays, unless otherwise agreed by the operator and the excavator. The locating and marking of the underground facilities shall be completed at no cost to the excavator. If, in the opinion of the operator, the planned excavation requires that the precise location of the underground facilities be determined, the excavator, unless otherwise agreed upon between the excavator and the operator, shall hand dig test holes to determine the location of the facilities unless the operator specifies an alternate method.

(2) The marking required under this subsection shall be done in a manner that will last for a minimum of five working days on any nonpermanent surface, or a minimum of ten working days on any permanent surface. If the excavation will continue for any period longer than such periods, the operator shall remark the location of the underground facility upon the request of the excavator. The remark shall be made through the notification center.

b. An operator who receives notice from the notification center and who determines that the operator does not have any underground facility located within the proposed area of excavation shall notify the excavator concerning this determination prior to the indicated date of commencement of excavation.

c. For purposes of this chapter, the “horizontal location of any underground facility” is defined as including an area eighteen inches on either side of the underground facility.

4. An excavator is responsible for preserving the markings required in subsection 3 at all times during the excavation. If the markings will be destroyed or otherwise altered during the excavation, the excavator must establish suitable reference points which will enable the excavator to locate the underground facility at all times during the excavation.
5. The operator shall mark the location of any underground facility to conform with the uniform color code established by the American public works association’s utility location and coordination council.

6. The only exception to this section shall be when an emergency exists. Under such conditions, excavation operations can begin immediately, provided reasonable precautions are taken to protect the underground facilities. The excavator shall notify the notification center of the excavation as soon as practical.

92 Acts, ch 1103, §4; 98 Acts, ch 1049, §2

### 480.5 Damage to underground facility — report to operator.

An excavator shall as soon as practical notify the operator when any damage occurs to an underground facility as a result of an excavation. The notice shall include the type of facility damaged and the extent of the damage. If damage occurs, an excavator shall refrain from backfilling in the immediate area of the underground facilities until the damage has been investigated by the operator, unless the operator authorizes otherwise.

If the damage results in an emergency, the excavator shall take all reasonable actions to alleviate the emergency including, but not limited to, the evacuation of the affected area. The excavator shall leave all equipment situated where the equipment was at the time the emergency was created and immediately contact the operator and appropriate authorities and necessary emergency response agencies.

92 Acts, ch 1103, §5

### 480.6 Civil penalties.

1. A person who violates a provision of this chapter is subject to a civil penalty as follows:
   a. For a violation related to natural gas and hazardous liquid pipelines, an amount not to exceed ten thousand dollars for each violation for each day the violation continues, up to a maximum of five hundred thousand dollars.
   b. For a violation related to any other underground facility, an amount not to exceed one thousand dollars for each violation for each day the violation continues, up to a maximum of twenty thousand dollars.

2. The attorney general, upon the receipt of a complaint, may institute any legal proceedings necessary to enforce the penalty provisions of this chapter.

3. All amounts collected pursuant to this section shall be remitted to the treasurer of state, who shall deposit the amount in the general fund of the state.

92 Acts, ch 1103, §6

### 480.7 Injunction.

Any affected person may make application to the district court for injunctive relief from any violation of this chapter.

92 Acts, ch 1103, §7

### 480.8 Local ordinances and regulations unaffected.

This chapter does not affect or impair any local ordinances or other provisions of law requiring permits to be obtained before excavation. However, a permit issued by any governing body does not relieve the excavator from complying with the requirements of this chapter, unless the governing body is the excavator and the governing body and the operator have agreed in writing to waive notification under this chapter. However, such an agreement shall not be considered in the issuance of any required permit.

92 Acts, ch 1103, §8

### 480.9 Liability for owner of farmland.

An owner of farmland used in a farm operation, as defined in section 352.2, who complies with the requirements of this chapter shall not be held responsible for any damages to an underground facility, including fiber optic cable, if the damage occurred on the farmland in the normal course of the farm operation, unless the owner intentionally damaged the underground facility or acted with wanton disregard or recklessness in causing the damage to the underground facility. For purposes of this section, an “owner” includes a family member, employee, or tenant of the owner.

PUBLIC UTILITIES IN PUBLIC RIGHTS-OF-WAY

- 480A.1 Purpose.
- 480A.2 Definitions.
- 480A.3 Fees.
- 480A.4 In-kind services.
- 480A.5 Arbitration.
- 480A.6 Franchise ordinance not superseded.
§480A.1, PUBLIC UTILITIES IN PUBLIC RIGHTS-OF-WAY

480A.1 Purpose.
The general assembly finds that it is in the public interest to define the right of local governments to charge public utilities for the location and operation of public utility facilities in local government rights-of-way.
98 Acts, ch 1148, §3, 9

480A.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. "Local government" means a county, city, township, school district, or any special-purpose district or authority.
2. "Management costs" means the reasonable costs a local government actually incurs in managing public rights-of-way.
3. "Public right-of-way" means the area on, below, or above a public roadway, highway, street, bridge, cartway, bicycle lane, or public sidewalk in which the local government has an interest, including other dedicated rights-of-way for travel purposes and utility easements. A public right-of-way does not include the airwaves above a public right-of-way with regard to cellular or other non-wire telecommunications or broadcasts service or utility poles owned by a local government or a municipal utility.
4. "Public utility" means a person owning or operating a facility used for furnishing natural gas by piped distribution system, electricity, communications services not including cable television systems, or water by piped distribution system, to the public for compensation.
98 Acts, ch 1148, §4, 9

480A.3 Fees.
A local government shall not recover any fee from a public utility for the use of its right-of-way, other than a fee for its management costs. A local government may recover from a public utility only those management costs caused by the public utility's activity in the public right-of-way. A fee or other obligation under this section shall be imposed on a competitively neutral basis. When a local government's management costs cannot be attributed to only one entity, those costs shall be allocated among all users of the public rights-of-way, including the local government itself. The allocation shall reflect proportionately the costs incurred by the local government as a result of the various types of uses of the public rights-of-way.
This section does not prohibit the collection of a franchise fee as permitted in section 480A.6.
98 Acts, ch 1148, §5, 9

480A.4 In-kind services.
A local government, in lieu of a fee imposed under this chapter, shall not require in-kind services by a public utility right-of-way user, or require in-kind services as a condition of the use of the local government's public right-of-way.
98 Acts, ch 1148, §6, 9

480A.5 Arbitration.
1. A public utility that is denied registration, denied a right-of-way permit, that has its right-of-way permit revoked, or that believes that the fees imposed on such user by the local government do not conform to the requirements of this chapter may request in writing that such denial, revocation, or fee imposition be reviewed by the governing body of the local government. The governing body of the local government shall act within sixty days on a timely written request. A decision by the governing body affirming the denial, revocation, or fee imposition must be in writing and supported by written findings establishing the reasonableness of the decision.
2. Upon affirmation by the governing body of the denial, revocation, or fee imposition, the public utility may do either of the following:
a. With the consent of the governing body, have the matter finally resolved by binding arbitration. Binding arbitration must be before an arbitrator agreed to by both the local government and the public utility. If the parties are unable to agree on an arbitrator, the matter shall be resolved by a three-person arbitration panel made up of one arbitrator selected by the local government, one arbitrator selected by the public utility, and one arbitrator selected by the other two arbitrators. The cost and expense of a single arbitrator shall be borne equally by the local government and the public utility. If a three-person arbitration panel is selected, each party shall bear the expense of its own arbitrator and the parties shall jointly and equally bear the cost and expense of the third arbitrator, and of the arbitration. Each party to the arbitration shall pay its own costs, disbursements, and attorney fees.
b. Bring an action in district court to review a decision of the governing body made under this section.
98 Acts, ch 1148, §7, 9

480A.6 Franchise ordinance not superseded.
This chapter does not modify or supersede the rights and obligations of a local government and the public utility established by the terms of any existing or future franchise granted, approved, and accepted pursuant to section 364.2, subsection 4. A city which collects a city franchise fee from an entity pursuant to section 364.2, subsection 4, under an existing or future franchise, shall not also collect a fee from that entity under section 480A.3.
98 Acts, ch 1148, §8, 9

481A.1 Definitions.
Words and phrases as used in this chapter and chapters 350, 456A, 456B, 457A, 461A through 461C, 462A, 462B, 463B, 464A, 465A through 465C, 481B, 482, 483A, 484A, and 484B and such other chapters as relate to the subject matter of these chapters shall be construed as follows:
1. “Alien” shall not be construed to mean any person who has applied for naturalization papers.
2. “Amphibian” means a member of the class Amphibia.
3. “Aquaculture” means the controlled propagation, growth, and harvest of aquatic organisms, including, but not limited to fish, amphibians, reptiles, mollusks, crustaceans, gastropods, algae, and other aquatic plants, by an aquaculturist.
4. “Aquaculture unit” means all private waters for aquaculture with or without buildings, used for the purpose of propagating, raising, holding, or harvesting aquatic organisms for commercial purposes.

5. “Aquaculturist” means an individual involved in producing, transporting, or marketing aquatic products from private waters for commercial purposes.

6. “Bag limit” or “possession limit” is the number of any kind of game, fish, bird or animal or other wildlife form permitted to be taken or held in a specified time.

7. “Bait” includes, but is not limited to, minnows, green sunfish, orange-spotted sunfish, gizzard shad, frogs, crayfish, salamanders, and mussels.

8. “Biological balance” means that condition when the number of animals present over the long term is at or near the number of animals of a particular species that the available habitat is capable of supporting.

9. “Bird” means a member of the class Aves.

10. “Buy” means to purchase, offer to purchase, barter for, trade for, or lease.

11. “Closed season” is that period of time during which hunting, fishing, trapping or taking is prohibited.

12. “Commercial purposes” means selling, giving, or furnishing to others.

14. “Contraband” as used in the laws pertaining to the work of the commission shall mean anything, the possession of which was illegally procured, or the possession of which is unlawful.

15. “Department” means the department of natural resources.

16. “Director” means the director of the department or the director’s designee.

17. “Farm deer” means the same as defined in section 170.1.

18. “Fish” means a member of the class Pisces.

19. “Frog” means a member of the order Anura.

20. “Fur-bearing animals” means the following which are declared to be fur-bearing animals for the purpose of regulation and protection under the Code: beaver, badger, mink, otter, muskrat, raccoon, skunk, opossum, spotted skunk or civet cat, weasel, coyote, bobcat, wolf, groundhog, red fox, and gray fox. This chapter does not apply to domesticated fur-bearing animals.

21. “Game” means all of the animals specified in this subsection except those designated as not protected, and includes the heads, skins, and any other parts, and the nests and eggs of birds and their plumage.

   a. The Anatidae: such as swans, geese, brants, and ducks.

   b. The Gallidae: such as wild turkeys, grouse, pheasants, partridges, and quail.

   c. The Gallinae: such as wild turkeys, grouse, pheasants, partridges, and quail.

   d. The Columbidae: such as mourning doves and wild rock doves only.

   e. The Sciuridae: such as gray squirrels and fox squirrels.

   f. The Leporidae: cotton-tail rabbits and jackrabbits only.

   g. The Leporidae: cottontail rabbits and jackrabbits only.

   h. The Cervidae: such as elk or deer, other than farm deer.

22. “Measurement of fish” is the length from end of nose to longest tip of tail.

23. “Minnows” means chubs, suckers, shiners, dace, stonerollers, mud minnows, redhorse, bluntnose, and fathead minnows.

24. “Mussels” means the pearly fresh water mussels, clams or naiads, and their shells.

25. “Open season” is that period of time during which hunting, fishing, trapping or taking is permitted.

26. “Person” shall mean any person, firm, partnership or corporation.

27. “Possession” is both active and constructive possession and any control of things referred to.

28. “Private waters for aquaculture” means waters confined within an artificial containment, such as man-made ponds, vats, tanks, raceways, and other indoor or outdoor facilities constructed wholly within or on the land of an owner or lessee and used for aquaculture.

29. “Reptile” means a member of the class Reptilia.

30. “Sell” or “sale” is selling, bartering, exchanging, offering or exposing for sale.

31. “Spawn” means any of the eggs of any fish, amphibian, or mussel.

32. “Take” or “taking” or “attempting to take” or “hunting” is any pursuing, or any hunting, fishing, killing, trapping, snaring, netting, searching for or shooting at, stalking or lying in wait for any game, animal, bird, or fish protected by the state laws or rules adopted by the commission whether or not such animal be then subsequently captured, killed, or injured.

33. “Transport” or “transportation” is all carrying or moving or causing to be carried or moved.

34. “Turtle” means any member of the order Testudines.

35. “Whitetail” means an animal belonging to the cervidae family and classified as part of the virginianus species of the odocoileus genus, commonly referred to as whitetail.

36. “Wild animal” means a wild mammal, bird, fish, amphibian, reptile, or other wildlife found in this state, whether game or nongame, migratory or nonmigratory; the ownership and title to which is claimed by this state.

37. “Wild mammal” means a member of the
§481A.1 WILDLIFE CONSERVATION

481A.1 State ownership and title — exceptions.
The title and ownership of all fish, mussels, clams, and frogs in any of the public waters of the state, and in all ponds, sloughs, bayous, or other land and waters adjacent to any public waters stocked with fish by overflow of public waters, and of all wild game, animals, and birds, including their nests and eggs, and all other wildlife, found in the state, whether game or nongame, native or migratory, except deer in parks and in public and private preserves, the ownership of which was acquired prior to April 19, 1911, are hereby declared to be in the state, except as otherwise provided in this chapter. The title and ownership of all aquatic organisms in aquaculture units and private aquacultural waters shall be in private persons.

[C93, §481A.2]

481A.2 State ownership and title — exceptions.
The title and ownership of all fish, mussels, clams, and frogs in any of the public waters of the state, and in all ponds, sloughs, bayous, or other land and waters adjacent to any public waters stocked with fish by overflow of public waters, and of all wild game, animals, and birds, including their nests and eggs, and all other wildlife, found in the state, whether game or nongame, native or migratory, except deer in parks and in public and private preserves, the ownership of which was acquired prior to April 19, 1911, are hereby declared to be in the state, except as otherwise provided in this chapter. The title and ownership of all aquatic organisms in aquaculture units and private aquacultural waters shall be in private persons.

[C93, §481A.2]

481A.3 Conclusive presumption.
Any person catching, taking, killing, or having in possession any of such fish, mussels, clams, frogs, game, animals, or birds, their nests or eggs, or other wildlife in violation of the provisions of this chapter, shall be held to consent that the title to the same shall be and remain in the state for the purpose of regulating and controlling the catching, taking, or having in possession the same, and disposing thereof after such catching, taking, or killing.

[C93, §481A.3]

481A.4 Fish hatcheries — game farms.
The commission may establish and control the state hatcheries and game farms, which shall be used for the purpose of stocking the waters of the state with fish and the natural covers with game birds to the extent of the means provided for that purpose; and impartially and equitably distribute all birds, eggs, and fry raised by or furnished to the state, or for it through other sources, in the streams, lakes, and natural covers of the state.

[C97, §2539; SS15, §2539; C24, 27, 31, 35, 39, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §109.4]

481A.5 State game refuges.
1. The commission may establish state game refuges or sanctuaries on any land owned by the state of Iowa suitable for this purpose when necessary for the preservation of biological balance pursuant to the provisions of section 481A.39, for the protection of public parks, for the protection of the public health, safety and welfare, or to effect sound wildlife management.

2. In emergency situations when the maintenance of the biological balance as provided in section 481A.39 is threatened, the director may establish temporary state game refuges in conformity with sound wildlife management. The establishment of a temporary refuge shall be accomplished by posting notices in conspicuous places around the refuge. The establishment of a temporary refuge by the director shall be effective until five days after the next meeting of the commission or for such longer time as the commission may determine is necessary to maintain a biological balance as provided in section 481A.39 and to effect sound wildlife management.

[C93, §481A.5]

481A.6 Game management area.
The commission may establish a game management area upon any public lands or waters, or with the consent of the owner upon any private lands or waters, when necessary to maintain a biological balance as provided in section 481A.39 or to provide for public hunting, fishing, or trapping in conformity with sound wildlife management; and when a game management area is established, the commission shall with the consent of the owner, if any, have the right to post and prohibit, and to regulate or limit the lands or waters against trespassing, hunting, fishing, or trapping, and any violation of the regulations is unlawful.

[C93, §481A.6]

481A.7 Hunting on game refuges.
1. It shall be unlawful to hunt, pursue, kill, trap or take any wild animal, bird, or game on any state game refuge so established at any time of the year, and no one shall carry firearms thereon, providing, however, that predatory birds and animals may be killed or trapped under the authority and direction of the director.

2. The commission may specify the distance from a state game refuge where shooting is prohib-
481A.10 Notice of establishment.
When any such refuge or preserve is established by the commission, it shall post notices of such establishment in conspicuous places around the refuge.

481A.9 Spawning grounds.
To effect sound wildlife management and maintain biological balance as provided in section 481A.39, the commission may set aside certain portions of any state waters for spawning grounds where the same are suitable for this purpose for such length of time as it may deem advisable by the posting of notices in conspicuous places around such area, and it shall be unlawful for any person to fish or to in any manner interfere with the spawning of fish in this area. Any person violating any of the provisions of this section shall be guilty of a simple misdemeanor.

481A.10 Reports and accounting.
At the time provided by law, the director shall make a report to the governor of the director’s doings for the preceding biennial period, including therein an itemized statement of all receipts and disbursements; also all contracts for the taking of soft fish from the waters of this state, with the profits accruing from such contracts; also such other information upon the subject of the culture of fish and the protection of game as may be of value. All funds derived under said contracts shall be paid into the state fish and game protection fund.

481A.10A Farmer advisory committee.
The director shall establish a farmer advisory committee for the purpose of providing information to the department regarding crop and tree damage caused by deer, wild turkey, and other predators. The committee shall serve without compensation or reimbursement for expenses.

481A.11 Confiscated or accidentally killed game.
Except as provided in section 481A.13, any game or fish seized by the commission under section 481A.12 or any game accidentally killed by a motor vehicle on a public highway shall, when salvageable, be disposed of as determined by the commission or its designee.

481A.12 Seizure of wildlife taken or handled illegally.
The director or any peace officer shall seize with or without warrant and take possession of, or direct the disposal of, any fish, furs, birds, or animals, or mussels, clams, or frogs, which have been caught, taken, or killed at a time, in a manner, or for a purpose, or had in possession or under control, or offered for shipment, or illegally transported in the state or to a point beyond its borders, contrary to the Code. All fish, furs, birds, or animals, or mussels, clams, or frogs seized under this section may be relinquished to a representative of the commission or disposed of.

481A.13 Search warrants.
Any court having jurisdiction of the offense, upon receiving proof of probable cause for believing that any fish, mussels, clams, frogs, birds, furs, or animals caught, taken, killed, had in possession, under control, or shipped, contrary to the Code, or hidden or concealed in any place, shall issue a search warrant and cause a search to be made in any place therefor. The property so seized under warrant shall be safely kept under the direction of the court so long as necessary for the purpose of being used as evidence in any trial, and if a trial results in a conviction the property seized shall be confiscated by the director or the director’s officers.
§481A.14 Dams — fishways.  
It shall be unlawful for any person, firm, or corporation to place, erect, or cause to be placed or erected, any dam or other device or contrivance in such manner as to hinder or obstruct the free passage of fish up, down, or through such waters, except as otherwise provided in this chapter. Dams for manufacturing or other lawful purposes may be erected across the waters of the state. No permanent dam or obstruction across such waters shall be erected or maintained which is not provided with a fishway, except by written approval of the director, nor shall any pumping station or plant except sand pumping and dredging machines, in or connected with such waters be constructed or operated except by written approval of the director, which is not provided with screens to prevent fish from entering the pumping station or plant. Such fishways and screens shall be constructed and used according to the plans and specifications prepared and furnished by the director. Any dam, obstruction, or pumping plant which is not so constructed is a public nuisance and may be abated accordingly.

§481A.15 Destruction or alteration of dam.  
It is unlawful for any owner or the owner’s agent to remove or destroy any existing dam, or alter it in a way so as to lower the water level, without having received written approval from the environmental protection commission of the department.

§481A.16 Taking by director for stocking and exchange.  
The director may take from the public waters of the state, at any time and in any manner, any fish for the purpose of propagating or restocking other waters, or exchanging with fish and wildlife agencies of other states, the federal government, or private fish hatcheries.

§481A.17 Reserved.

§481A.18 Hunting accidents — mandatory reporting.  
A person who is involved in a hunting accident with a firearm and the accident results in injury to a person or property damage exceeding one hundred dollars, shall report the accident to the sheriff’s office in the county where the accident occurred or to the department within twelve hours after the accident occurred. If an injury in the accident prevents timely reporting, the report shall be made as soon as practicable. Failure to report as required in this section is a simple misdemeanor.

§481A.19 Reciprocity of states.  
Any person licensed by the authorities of Illinois, Minnesota, Missouri, Wisconsin, Nebraska, and South Dakota to take fish, game, mussels, or fur-bearing animals from or in the waters forming the boundary between such states and Iowa, may take them from that portion of said waters lying within the territorial jurisdiction of this state, without having procured a license therefor from the director of this state, in the same manner that persons holding Iowa licenses may do, if the laws of Illinois, Minnesota, Missouri, Wisconsin, Nebraska, or South Dakota, respectively, extend a similar privilege to persons so licensed under the laws of Iowa.

§481A.20 Parrots and canaries.  
This chapter shall not be construed to forbid the selling or shipping of parrots, canaries, or any other cage birds which are imported from other countries or not native to any part of the United States.

§481A.21 Birds as targets.  
A person shall not keep or use any live pigeon or other bird as a target, to be shot at for amusement or as a test of skill in marksmanship, or shoot at a bird kept or used for such purpose, or be a party to such shooting, or lease any building, room, field, or premises, or knowingly permit the use thereof, for the purpose of such shooting. This section does not prevent any person from shooting at live pigeons, sparrows, and starlings when used in the training of hunting dogs.

For applicable scheduled fines, see §805.8B, subsection 3, paragraph c
481A.22 Field and retriever meets — permit required.

All officially sanctioned field meets or trials and retriever meets or trials where the skill of dogs is demonstrated in pointing, retrieving, trailing, or chasing any game bird, game animal, or fur-bearing animal shall require a field trial permit. Except as otherwise provided by law, it shall be unlawful to kill any wildlife in such events. Notwithstanding the provisions of section 481A.21 it shall be lawful to hold field meets or trials and retriever meets or trials where dogs are permitted to work in exhibition or contest whereby the skill of dogs is demonstrated by retrieving dead or wounded game birds which have been propagated by licensed game breeders within the state or secured from lawful sources outside the state and lawfully brought into the state. All such birds must be released on the day of trials on premises where the trials are held.

Such birds released may be shot by official guns after having secured a permit as herein provided. Such permits may be issued by the director of the department upon proper application and the payment of a fee of two dollars for each trial held. A representative of the department shall attend all such trials and enforce the laws and regulations governing same.

The person or persons designated by the committee in charge to do the shooting for such trials shall be known as the official guns, and no other person shall be permitted to kill or attempt to kill any of the birds released for such trials.

Before any birds are released under this section, they must each have attached a tag provided by the department and attached by a representative of the department at a cost of not more than ten cents for each tag. All tags are to remain attached to birds until prepared for consumption.

It is unlawful for any person to hold, conduct, or to participate in a field or retriever trial before the permit required by this section has been secured or for any person to possess or remove from the trial grounds any birds which have not been tagged as herein required.

481A.24 Use of mobile radio transmitter prohibited — exceptions.

1. For the purposes of this section:
   a. “One-way mobile radio transmitter” means a radio capable of transmitting a signal only but not capable of transmitting a voice signal. The signal may be tracked or located by radio telemetry or located by an audible sound.
   b. “Two-way mobile radio transmitter” means a radio capable of transmitting and receiving voice messages including, but not limited to, a citizen band radio or a cellular telephone.

2. Except as otherwise provided in this section, a person who is hunting shall not use a one-way or two-way mobile radio transmitter to communicate the location or direction of game or fur-bearing animals or to coordinate the movement of other hunters. This subsection does not apply to the hunting of coyotes except during the shotgun deer season as set by the commission under section 481A.38.

3. A licensed falconer may use a one-way mobile radio transmitter to recover a free-flying bird of prey properly banded and covered on the falconry permit.

4. A person hunting with the aid of a dog may use at any time a one-way mobile transmitter designed to track or aid in the recovery of the dog.

481A.38 Prohibited acts — restrictions on the taking of wildlife — special licenses.

It is unlawful for a person to take, pursue, kill, trap or ensnare, buy, sell, possess, transport, or attempt to so take, pursue, kill, trap or ensnare, buy, sell, possess, or transport any game, protected nongame animals, fur-bearing animals or fur or skin of such animals, mussels, frogs, spawn or fish or any part thereof, except upon the terms, conditions, limitations, and restrictions set forth herein, and administrative rules necessary to carry out the purposes set out in section 481A.39, or as provided by the Code.

1. The commission may upon its own motion and after an investigation, alter, limit, or restrict the methods or means employed and the instruments or equipment used in taking wild mammals, birds subject to section 481A.48, fish, reptiles, and amphibians, if the investigation reveals that the action would be desirable or beneficial in promoting the interests of conservation, or the commission may, after an investigation when it is found there is imminent danger of loss of fish through natural causes, authorize the taking of fish by means found advisable to salvage imperiled fish populations.

The commission shall adopt a rule permitting a crossbow to be used only by individuals with disabilities who are physically incapable of using a bow and arrow under the conditions in which a bow and arrow is permitted. The commission shall prepare an application to be used by an individual requesting the status. The application shall require the individual’s physician to sign a statement declaring that the individual is not physically able to use a bow and arrow.

2. If the commission finds that the number of hunters licensed or the type of license issued to take deer or wild turkey should be limited or further regulated, the commission shall adopt procedures, by rule, for issuing the licenses. This subsection does not apply to the hunting of wild turkey on a hunting preserve licensed under chapter 484B.

3. The department and the commission shall exercise regulatory authority regarding seasons, bag limits, possession limits, locality, the method of taking, or the taking of fish and wildlife by members of the Sac and Fox tribe of the Mississippi in Iowa within the boundaries of the Sac and Fox tribe settlement in Tama county only to the extent provided in a written agreement between the tribal council of the Sac and Fox tribe of the Mississippi in Iowa and the department. The written agreement shall not be construed to supersede or impair the regulatory authority exercised by the commission pursuant to the federal Migratory Bird Treaty Act, the federal Migratory Bird Stamp Hunting Act, the federal Endangered Species Act, or other federal law. The department and the commission shall not unreasonably fail to enter into an agreement and shall pursue such an agreement in an expedient manner. This subsection shall become effective upon signing of the written agreement by the director of the department and the chairperson of the Sac and Fox tribe of the Mississippi in Iowa.

481A.39 Biological balance maintained.

The commission is designated the sole agency to determine the facts as to whether biological balance does or does not exist. The commission shall, by administrative rule, extend, shorten, open, or close seasons and set, increase, or reduce catch limits, bag limits, size limits, possession limits, or territorial limitations or further regulate taking conditions in accordance with sound fish and wild-
life management principles.

§481A.39, WILDLIFE CONSERVATION

§481A.42 Nongame protected — exclusion.
Protected nongame species include wild fish, wild birds, wild bats, wild reptiles, and wild amphibians, an egg, a nest, a dead body or part of a dead body, and a product made from part of a body of a wild fish, wild bird, wild bat, wild reptile, or wild amphibian. However, nongame does not include game, fish that may be taken pursuant to regulations established under the Code or departmental rule, fur-bearing animals, turtles, or frogs, as defined in this chapter. The commission shall designate by rule those species of nongame which by their abundance or habits are declared a nuisance, and these species shall not be protected. Rules adopted shall include, but are not limited to, a provision that states that any bat, except for the Indiana bat, which is found within a building that is occupied by human beings is not a protected nongame species.

§481A.43 through 481A.46 Reserved.

§481A.47 Importing fish and game — permits.

It shall be unlawful except as otherwise provided for any person, firm or corporation, to bring into the state of Iowa for the purpose of propagating or introducing, or to place or introduce into any of the inland or boundary waters of the state, any fish or spawn thereof that are not native to such waters, or introduce or stock any bird or animal unless application is first made in writing to the commission for a permit therefor and such permit granted. Such permit shall be granted only after the commission has made such investigation or inspection of the fish, birds or animals as it may deem necessary to determine whether or not such fish, birds or animals are free from disease and whether or not such introduction will be beneficial or detrimental to the native wildlife and the people of the state, and may or may not approve such planting, releasing or introduction according to its findings. Nothing in the above shall prohibit licensed game breeders from securing native or exotic birds or animals from outside the state and bringing them into the state and they shall not be required to have a permit as provided above when such birds or animals are not released to the wild but are held on the game breeder’s premises as breeding stock.

§481A.48 Restrictions on game birds and animals.

1. No person, except as otherwise provided by law, shall willfully disturb, pursue, shoot, kill, take or attempt to take or have in possession any of the following game birds or animals except within the open season established by the commission: Gray or fox squirrel, bobwhite quail, cottontail or jack rabbit, duck, snipe, pheasant, goose, woodcock, partridge, coot, rail, ruffed grouse, wild turkey, pigeons, or deer. The seasons, bag limits, possession limits and locality shall be established by the department or commission under the authority of sections 456A.24, 481A.38, and 481A.39.

2. The commission may adopt rules for the taking and possession of migratory birds which are subject to the federal “Migratory Bird Treaty Act” and “Migratory Bird Stamp Hunting Act” during the time and in the manner permitted under those federal Acts. The commission shall not adopt a rule for the taking or possession of a migratory bird for which an open season is not authorized by another paragraph of this section.

3. The commission may by rule permit the taking and possession of designated raptors and crows during the time and in the manner permitted under the federal “Migratory Bird Treaty Act”.

4. The commission shall establish methods by which pigeons may be taken which may include, but are not limited to, the use of trapping, chemical repellants, or toxic perchers.

5. The commission shall establish one or more firearm seasons or to coincide with one or more other firearm deer hunting seasons. Any pistol or revolver firing a magnum three hundred fifty-seven thousandths of one inch caliber or larger, centerfire, straight wall ammunition propelling an expanding-type bullet is legal for hunting deer during the pistol or revolver seasons. The commission shall adopt rules to allow black powder pistols or revolvers for hunting deer. The rules shall not allow pistols or revolvers with shoulder stock or long-barrel modifications. The barrel length of a pistol or revolver used for deer hunting shall be at least four inches. The rules may limit types of ammunition. A person who is sixteen years of age or less shall not hunt deer with a pistol or revolver. A person possessing a prohibited pis-
tol or revolver while hunting deer commits a scheduled violation under section 805.8B, subsection 3, paragraph "h", subparagraph (5).

For applicable scheduled fines, see §805.8B, subsection 3, paragraph c

### 481A.51 Hunting license not trapping license.

A hunting license shall not permit the holder to trap any fur-bearing animal as defined in this chapter.

[SS15, §2563-a1; C24, 27, §1718; C31, §1718-c1; C39, §1794.014; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §109.51]

For applicable scheduled fines, see §805.8B, subsection 3, paragraph c

### 481A.52 Exhibiting catch to officer.

A person who has in possession any game bird or game animal, fish or fur or part thereof shall upon request of the director or any officer appointed by the department exhibit it to the director or officer, and a refusal to do so is a violation of the Code.

[C31, §1768-c1; C39, §1794.015; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §109.52]

For applicable scheduled fines, see §805.8B, subsection 3, paragraph d

### 481A.53 Chasing from dens.

It is unlawful to have in possession while hunting or to use while hunting any ferret or any device or any substance to be used for chasing animals from their dens.

[C31, §1767-c1; C39, §1794.016; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §109.53]

For applicable scheduled fine, see §805.8B, subsection 3, paragraph d

### 481A.54 Shooting rifle, shotgun, pistol, or revolver over water, highway, or railroad right-of-way.

1. A person shall not shoot any rifle on or over any of the public waters or public highways of the state or any railroad right-of-way.

2. A person shall not shoot a shotgun with a slug load, pistol, or revolver on or over a public roadway as defined in section 321.1, subsection 65.

3. This section does not apply to any peace officers or military personnel in the performance of their official duties.

[C31, §1772-c2; C39, §1794.017; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §109.54]

For applicable scheduled fines, see §805.8B, subsection 3, paragraph b

### 481A.55 Selling game.

1. Except as otherwise provided, a person shall not buy or sell, dead or alive, a bird or animal or any part of one which is protected by this chapter, but this section does not apply to fur-bearing animals, and the skins, plumage, and antlers of legally taken game. This section does not prohibit the purchase of jackrabbits from sources outside this state. A person shall not purchase, sell, barter, or offer to purchase, sell, or barter for millinery or ornamental use the feathers of migratory game birds; and a person shall not purchase, sell, barter, or offer to purchase, sell, or barter mounted specimens of migratory game birds.

2. Section 481A.50 and this section do not apply to a game species, fur-bearing animal species, or variety of fish protected under this chapter which is sold by a nonprofit corporation as a part of a meal. The number of game of a game species or fur-bearing animal species, or variety of fish protected by this chapter which are donated by a person to a nonprofit corporation plus any additional game of the same species or same variety of fish in the person’s possession must not exceed the person’s legal possession limit.

[C97, §2554; SS15, §2554; C24, 27, 31, §1769; C39, §1794.018; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §109.55]

For applicable scheduled fines, see §805.8B, subsection 3, paragraph d

### 481A.56 Training dogs.

1. A person having a valid hunting license may train a bird dog on any game birds and a person having a valid fur harvester license may train a coonhound, foxhound, or trailing dog on any fur-bearing animals at any time of the year including during the closed season on such birds or animals. However, the animals when pursued to a tree or den shall not be further chased or removed in any manner from the tree or den. A person having a hunting license may train a dog on coyote or groundhog.
§ 481A.56  WILDLIFE CONSERVATION

Only a pistol, revolver, or other gun shooting blank cartridges shall be used while training dogs during closed season except as provided in subsection 2 of this section.

2. Any pen-raised game bird may be used and may be shot in the training of bird dogs. Before any bird is released or used in the training of dogs, the bird shall have attached a band procured from the commission. The commission may charge a fee for such bands but the fee shall not exceed ten cents for each band.

3. A call back pen or live trap may be used for the purpose of retrieving banded birds when released in the wild for training purposes. Any bird not so banded when taken in a call back pen or trap shall be immediately returned unbanded to the wild. All call back pens or live traps when in use shall have attached a metal tag plainly labeled with the owner’s name and address. Conservation officers shall have authority to confiscate such traps when found in use and not properly labeled.

4. The commission shall have the power to adopt rules prohibiting the training of any hunting dog on any game bird, game animal, or fur-bearing animal in the wild at any time when it has been determined that such training might have an adverse effect on the populations of these species.

For applicable scheduled fines, see §805.8B, subsection 3, paragraph d.

§ 481A.57  Possession and storage.

A person having lawful possession of game or fur-bearing animals or their pelts, except deer venison, may hold them for not to exceed thirty days after the close of the open season for such game or furbearers. A person having lawful possession of deer venison which is taken with a valid deer hunting license, may hold the deer venison from the date of taking until the following September 1. From September 1 until the first day of the next deer open season for which the person holds a valid deer hunting license, the person shall not possess more than twenty-five pounds of deer venison. Any person may possess up to twenty-five pounds of deer venison if the deer was obtained from a lawful source. A permit to hold for a longer period may be granted by the department.

For applicable scheduled fines, see §805.8B, subsection 3, paragraph e.

§ 481A.58  Trapping birds or poisoning animals.

No person except those acting under the authority of the director shall capture or take or attempt to capture or take, with any trap, snare or net, any game bird, nor shall any person use any poison or any medicated or poisoned food or any other substance for the killing, capturing or taking of any game bird or animal.

For applicable scheduled fines, see §805.8B, subsection 3, paragraph c.

§ 481A.59  Pigeons — interference prohibited.

It shall be unlawful for any person or persons, except the owner or the owner’s representatives, to shoot, kill, maim, injure, steal, capture, detain, or to interfere with any homing pigeon, commonly called “carrier pigeon”, which shall at the time, have the name, initials, or other identification of its owner, stamped, marked, or attached thereon; or to remove any mark, band, or other means of identification from such pigeon which has the name, initials, or emblem of the owner stamped or marked upon it.

Whoever shall violate the provisions of this section shall be punished as is provided in section 481A.32.

For applicable scheduled fines, see §805.8B, subsection 3, paragraph d.

§ 481A.60  Raising game — rulemaking authority.

A person shall not raise or sell game or furbearing animals of the kinds protected by this chapter, except rock doves and pigeons, without first procuring a game breeder’s license as provided by law. The commission may adopt rules which ensure that all game birds, game animals, and furbearing animals handled and confined by licensed game breeders are provided with humane care and treatment. A violation of a rule adopted by the commission is a cause of license revocation. This section does not apply to governmental zoos and exhibits.

For applicable scheduled fines, see §805.8B, subsection 3, paragraph e.

§ 481A.61  Licensed game breeders — marketing game — penalty.

1. Except as otherwise provided by law, a licensed game breeder whose original stock is obtained from a lawful source may possess any game
bird, game animal, or fur-bearing animal, or any of their parts. Possession and use of the game birds, game animals, or fur-bearing animals obtained from a licensed game breeder are lawful.

2. Fur-bearing animals shall not be acquired for breeding or propagating purposes from any source unless they have been pen-raised for at least two successive generations.

3. A game breeder’s license is not a license to possess, breed, propagate, sell, or dispose of any species which is defined as endangered or threatened under state law unless the species is listed on the license. Its possession, breeding, propagation, sale, and disposal are subject to all applicable state and federal statutes.

4. A licensed game breeder shall not acquire protected live game animals, game birds, their eggs, or fur-bearing animals taken from the wild within this state.

5. Game birds or game animals may be sold for food only under the following conditions:
   a. The licensed game breeder shall file with the commission a facsimile of a stamp of similar type to that used by the United States department of agriculture in grading meat.
   b. Licensed game breeders may sell dressed game birds or game animals to markets for resale providing each game bird or game animal has affixed upon it in a conspicuous and legible manner the imprint of the game breeder’s stamp.
   c. The stamp shall bear the name and number of the game breeder in letters of at least twelve-point type size.

6. Markets selling stamped game shall:
   a. Maintain the stamp on each game bird or game animal until the bird or animal is disposed of or sold.
   b. Keep a record showing the total number of game birds or game animals sold together with the name and address of the game breeder from whom purchased and the number of game birds and animals in each purchase.

7. Markets selling stamped game, together with their records, are subject to inspection by an authorized representative of the commission at any reasonable time.

8. Violation of a provision of this section may be cause for license revocation.

[C39, §1794.023; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §109.61]

For applicable scheduled fines, see §805.8B, subsection 3, paragraph c

481A.62 Records — reports — inspection.

1. A holder of a game breeder’s license shall keep the records and make the reports required by this section on forms provided by the department. The records shall be open for inspection at any reasonable time by the department or its authorized agents.

2. At the time of every sale or conveyance of an animal, animal parts, or products, the licensee shall complete a game breeder’s sales receipt on forms provided by the department. The forms shall require the following information:
   a. The name, address, county, and license number assigned to the breeder.
   b. The name and address of the purchaser.
   c. The number, species, sex, and age of the animals or birds conveyed.

3. Licensees shall maintain business records for all species in an annual report record book. The records shall include the following information:
   a. For each animal acquired other than by birth on the licensee’s game farm, the sex and species, the date of acquisition, the number acquired, and the name and address of the source from which acquired.
   b. For each animal born on the licensee’s game farm, the sex, species, date of birth, and number of any band, tag, or tattoo subsequently attached to the animal.
   c. For each animal sold or disposed of other than by death the same information required by the game breeder’s sales receipt.
   d. For each animal which dies, disappears, or is destroyed on the licensee’s game farm, the sex, species, date of death, and the number of any band, tag, or tattoo attached to the animal.

The licensee’s copies of the required sales receipts shall be kept with the record book and are considered a part of it.

Records required by this section shall be entered in the annual report record book within forty-eight hours of the event.

4. Each licensee shall file an annual report with the commission on or before January 31. The report shall detail the game breeder’s operations during the preceding license year. The original report shall be forwarded to the department and a copy shall be retained in the breeder’s file for a period of three years from the date of expiration of the breeder’s last license issued. Failure to keep or submit the required records and report are grounds for a refusal to renew a license for the succeeding year.

5. An on-site inspection of facilities shall be conducted by an officer of the commission prior to the initial issuance of a game breeder’s license. The facilities may be reinspected by an officer of the commission at any reasonable time.

6. Any officer of the commission may enter any place where any game bird, game animal, or fur-bearing animal is at the time located, or where it has been kept, or where the carcass of such animal may be, for the purpose of examining it in any way that may be necessary to determine whether it was or is infected with any contagious or infectious disease.

7. For the purpose of this section, infectious and contagious disease includes rabies, hoof-and-mouth disease, leptospirosis, blackhead, or any
other communicable disease so designated by the commission.

8. The commission may regulate or prohibit the importation into the state and exportation from the state of any species of game bird, game animal, or fur-bearing animal, domesticated or not, which in its opinion, for any reason, is determined to be detrimental to the health of animals within or without the state.

9. The commission may quarantine or destroy any game bird, game animal, or fur-bearing animal which is found to be infected with any contagious or infectious disease.

10. A licensed game breeder or other person having control of any game bird, game animal, or fur-bearing animal shall not knowingly offer for sale, sell, or barter such birds or animals which have an infectious or contagious disease, or allow such birds or animals to run at large or come in contact with any other game birds, game animals, or fur-bearing animals.

481A.64 Reserved.

481A.65 Licenses.

The director, after investigation, may issue to any person a scientific collector's license, a wildlife salvage permit, educational project permit, or a wildlife rehabilitation permit. A scientific collector's license will authorize the licensee to collect for scientific purposes only, any birds, nests, eggs, or wildlife. A wildlife salvage permit will authorize the permittee to salvage for educational purposes, any birds, nests, eggs, or animals according to the rules of the department. An educational project permit authorizes the permittee to collect, keep, or possess for educational purposes birds, fish, or wildlife which are not endangered, threatened, or otherwise specially managed according to the rules of the department. A wildlife rehabilitation permit will authorize the permittee to possess for rehabilitation purposes only, any orphaned or injured wildlife according to the rules of the department. A person to whom a license or permit is issued shall not dispose of any birds, nests, eggs, or wildlife or their parts except upon written permission of the director. The application for such licenses and permits shall be made upon blanks furnished by the department. The commission shall establish, by rule, the tenure and applicable fee for each permit authorized in this section. Each holder of a license or permit shall, by January 31 of each year, file with the department a report showing all specimens collected or possessed under authority of the license or permit. Upon a showing of cause the department may enter and inspect the premises and collections authorized by this section. A license or permit may be revoked by the director, after due notice, at any time for cause.

481A.68 Tip-up fishing device.
1. As used in this section, "tip-up fishing device" means an ice fishing mechanism with an attached flag or signal to indicate fishing action, used to hold a fishing rod or pole with line and hook.
2. A person shall not use more than three tip-up fishing devices for fishing in the waters of the Mississippi river, the Missouri river, and the Big Sioux river, and their connected backwaters. A person may use two or three hooks on the same line, but the total number of hooks used by each person shall not exceed three. Each tip-up fishing device used in fishing shall have attached a tag plainly labeled with the owner's name and address. A person shall not use a tip-up fishing device for fishing within three hundred feet of a dam or spillway or in a part of the river which is closed or posted against use of the device. Three tip-up fishing devices may be used in addition to the two lines with no more than two hooks per line, as specified in section 481A.72.
3. An untagged tip-up fishing device found in use shall be confiscated by any officer appointed pursuant to section 456A.13 or 456A.14.

§481A.92 Traps — disturbing dens — tags for traps.

1. A person shall not use or attempt to use colony traps in taking, capturing, trapping, or killing any game or fur-bearing animals except muskrats as determined by rule of the commission. Box traps capable of capturing more than one game or fur-bearing animal at each setting are prohibited.

A valid hunting license is required for box trapping cottontail rabbits and squirrels. All traps and snares used for the taking of fur-bearing animals shall have a metal tag attached plainly labeled with the user’s name and address. All traps and snares, except those which are placed entirely under water, shall be checked at least once every twenty-four hours. Officers appointed by the department may confiscate such traps and snares found in use that are not properly labeled or checked.

2. Except as otherwise provided, a person shall not use chemicals, explosives, smoking devices, mechanical ferrets, wire, tool, instrument, or water to remove fur-bearing animals from their dens. Humane traps, or traps designed to kill instantly, with a jaw spread, as originally manufactured, exceeding eight inches are unlawful to use except when placed entirely under water.

All snares shall have a functional deer lock which will not allow the snare loop to close smaller than two and one-half inches in diameter.

FUR DEALERS

481A.94 Definition.
The term "fur dealer" as used in this chapter shall mean any person, firm, partnership, or corporation engaged in the business of buying, bartering, trading or otherwise obtaining raw hides or skins of fur-bearing animals.

481A.95 License — reciprocity.
1. A license shall be required of each fur dealer and each employee, agent, or representative of a fur dealer except when the employee, agent, or representative is operating solely on the premises of a licensed fur dealer. A fur dealer shall conduct business only at the location specified on the dealer's license, at an established fur auction, at the nonadvertised residence of a licensed fur harvester, or at the place of business specified on the license of any fur dealer. A nonresident licensed fur dealer may purchase location permits to operate at locations other than at the location specified on the fur dealer's license. A resident licensed fur dealer may obtain location permits without fee.

481A.96 Possession by dealer.
A licensed fur dealer may have in possession at any time skins or hides of animals which have been lawfully taken.

481A.97 Reports.
Fur dealers shall keep accurate, current records of their transactions. The records shall show the number and kinds of hides and skins which have been purchased, the date of purchase, and the name and address of the seller. Such records shall be open at all reasonable times to inspection by the commission. On or before May 15 of each year, each fur dealer shall file a verified inventory with the commission. The inventory shall include all transactions for the preceding year.

481A.98 Reporting violations.
Each fur dealer shall report to the commission, the name of any person if known to the dealer, who attempts to sell any skins or hides which appear to have been unlawfully taken, or possessed by that person.

481A.99 through 481A.119 Reserved.

PROHIBITED ACTS

481A.120 Hunting from aircraft or snowmobiles prohibited.
A person, either singly or as one of a group of persons, shall not intentionally kill or wound, attempt to kill or wound, or pursue any animal, fowl, or fish from or with an aircraft in flight or from or with any self-propelled vehicles designed for travel on snow or ice which utilize sled type runners, or skis, or an endless belt tread, or wheel or any combination thereof and which are commonly known as snowmobiles.

481A.121 Turtles and crayfish — taking by nonresidents or aliens.
It shall be unlawful for any nonresident or alien to take turtles or crayfish in Iowa, by any means
or method, except from the Missouri and Mississippi rivers and the Big Sioux river.

1. A person shall not hunt deer with firearms unless the person is at the time wearing one or more of the following articles of visible, external apparel: A vest, coat, jacket, sweatshirt, sweater, shirt, or coveralls, the color and material of which shall be solid blaze orange.

2. A person shall not hunt upland game birds, as defined by the department, unless the person is at the time wearing one or more of the following articles of visible, external apparel: A hat, cap, vest, coat, jacket, sweatshirt, sweater, shirt, or coveralls, the color and material of which shall be at least fifty percent solid blaze orange.

1. As used in this section, “feedlot” means a lot, yard, corral, or other area in which livestock are present and confined, for the purposes of feeding and growth before slaughter. The term does not include areas which are used for the raising of crops or other vegetation and upon which livestock are allowed to graze or feed.

2. A person violating subsection 1 is guilty of a simple misdemeanor.

3. This section does not apply to the discharge of a firearm for the purpose of target shooting on premises posted as a target shooting range that is open to the public, if the premises have been used as a target shooting range prior to the erection of a building inhabited by people or domestic livestock, or prior to the construction of a feedlot, located within two hundred yards of the target shooting range. This subsection applies only to the erection of a building inhabited by people or domestic livestock or to the construction of a feedlot located within two hundred yards of the target shooting range that is open to the public and that is identified as a target shooting range by the city, county, state, or federal government, which erection or construction occurs on or after May 14, 2004.

4. As used in this subsection, “target shooting” means the discharge of a firearm at an inanimate object, for amusement or as a test of skill in marksmanship.

5. This section does not apply to the discharge of a firearm on premises identified as a public hunting area, if the premises have been identified as a public hunting area prior to the erection of a building inhabited by people or domestic livestock, or prior to the construction of a feedlot, located within two hundred yards of the public hunting area. This subsection applies only to the erection of a building inhabited by people or domestic livestock or to the construction of a feedlot located within two hundred yards of a public hunting area, which erection or construction occurs on or after May 14, 2004.

6. As used in this subsection, “public hunting area” means public lands or waters available for hunting by the public, and identified as a public hunting area by the city, county, state, or federal government.

7. A person violating subsection 1 is guilty of a simple misdemeanor.

8. For applicable scheduled fine, see §805.8B, subsection 3, paragraph d.

9. Section amended and editorially divided into subsections 1 and 2.

481A.122 Hunters’ orange apparel.

1. A person shall not hunt with firearms unless the person is at the time wearing one or more of the following articles of visible, external apparel: A hat, cap, vest, coat, jacket, sweatshirt, sweater, shirt, or coveralls, the color and material of which shall be solid blaze orange.

1. A person shall not hunt deer with firearms unless the person is at the time wearing one or more of the following articles of visible, external apparel: A hat, cap, vest, coat, jacket, sweatshirt, sweater, shirt, or coveralls, the color and material of which shall be solid blaze orange.

2. A person shall not hunt upland game birds, as defined by the department, unless the person is at the time wearing one or more of the following articles of visible, external apparel: A hat, cap, vest, coat, jacket, sweatshirt, sweater, shirt, or coveralls, the color and material of which shall be at least fifty percent solid blaze orange.

3. A person violating subsection 1 is guilty of a simple misdemeanor.

4. This section does not apply to the discharge of a firearm on premises identified as a public hunting area, if the premises have been identified as a public hunting area prior to the erection of a building inhabited by people or domestic livestock, or prior to the construction of a feedlot, located within two hundred yards of the public hunting area. This subsection applies only to the erection of a building inhabited by people or domestic livestock or to the construction of a feedlot located within two hundred yards of a public hunting area, which erection or construction occurs on or after May 14, 2004.

5. As used in this subsection, “public hunting area” means public lands or waters available for hunting by the public, and identified as a public hunting area by the city, county, state, or federal government.

6. A person violating subsection 1 is guilty of a simple misdemeanor.

7. For applicable scheduled fine, see §805.8B, subsection 3, paragraph d.

8. Section amended and editorially divided into subsections 1 and 2.

481A.123 Prohibited hunting near buildings, feedlots.

1. A person shall not discharge a firearm or shoot or attempt to shoot a game or fur-bearing animal within two hundred yards of a building inhabited by people or domestic livestock or within two hundred yards of a feedlot unless the owner or tenant has given consent. However, within the corporate limits of a city, a person may take deer with a firearm within fifty yards of a building inhabited by people or domestic livestock, or a feedlot pursuant to an approved special deer population control plan, if the person obtains permission from the owner or tenant of the building or feedlot.

2. As used in this section, “feedlot” means a lot, yard, corral, or other area in which livestock are present and confined, for the purposes of feeding and growth before slaughter. The term does not include areas which are used for the raising of crops or other vegetation and upon which livestock are allowed to graze or feed.

3. This section does not apply to the discharge of a firearm for the purpose of target shooting on premises posted as a target shooting range that is open to the public, if the premises have been used as a target shooting range prior to the erection of a building inhabited by people or domestic livestock, or prior to the construction of a feedlot, located within two hundred yards of the target shooting range. This subsection applies only to the erection of a building inhabited by people or domestic livestock or to the construction of a feedlot located within two hundred yards of a target shooting range that is open to the public and that is identified as a target shooting range by the city, county, state, or federal government, which erection or construction occurs on or after May 14, 2004.

4. As used in this subsection, “target shooting” means the discharge of a firearm at an inanimate object, for amusement or as a test of skill in marksmanship.

5. This section does not apply to the discharge of a firearm on premises identified as a public hunting area, if the premises have been identified as a public hunting area prior to the erection of a building inhabited by people or domestic livestock, or prior to the construction of a feedlot, located within two hundred yards of the public hunting area. This subsection applies only to the erection of a building inhabited by people or domestic livestock or to the construction of a feedlot located within two hundred yards of a public hunting area, which erection or construction occurs on or after May 14, 2004.

6. As used in this subsection, “public hunting area” means public lands or waters available for hunting by the public, and identified as a public hunting area by the city, county, state, or federal government.

7. A person violating subsection 1 is guilty of a simple misdemeanor.

8. For applicable scheduled fine, see §805.8B, subsection 3, paragraph d.

9. Section amended and editorially divided into subsections 1 and 2.

481A.124 Taking predominantly white deer of the whitetail species prohibited.

1. A person shall not take a predominantly white deer in this state.

2. This section only applies to whitetail, other than farm deer that are kept as provided in chapter 170.

3. A person violating subsection 1 is guilty of a simple misdemeanor.

4. This section does not apply to the discharge of a firearm for the purpose of target shooting on premises posted as a target shooting range that is open to the public, if the premises have been used as a target shooting range prior to the erection of a building inhabited by people or domestic livestock, or prior to the construction of a feedlot, located within two hundred yards of the target shooting range. This subsection applies only to the erection of a building inhabited by people or domestic livestock or to the construction of a feedlot located within two hundred yards of a target shooting range that is open to the public and that is identified as a target shooting range by the city, county, state, or federal government, which erection or construction occurs on or after May 14, 2004.

5. As used in this subsection, “target shooting” means the discharge of a firearm at an inanimate object, for amusement or as a test of skill in marksmanship.

6. This section does not apply to the discharge of a firearm on premises identified as a public hunting area, if the premises have been identified as a public hunting area prior to the erection of a building inhabited by people or domestic livestock, or prior to the construction of a feedlot, located within two hundred yards of the public hunting area. This subsection applies only to the erection of a building inhabited by people or domestic livestock or to the construction of a feedlot located within two hundred yards of a public hunting area, which erection or construction occurs on or after May 14, 2004.

7. As used in this subsection, “public hunting area” means public lands or waters available for hunting by the public, and identified as a public hunting area by the city, county, state, or federal government.

8. A person violating subsection 1 is guilty of a simple misdemeanor.

10. Section amended and editorially divided into subsections 1 and 2.

481A.125 Intentional interference with lawful hunting, fishing, or fur-harvesting activities — penalties.

1. As used in this section, “interfere with hunting, fishing, or fur-harvesting activities” means one or more of the following:

a. To intentionally place oneself in a location where a human presence may affect the behavior of a fur-bearing animal, game, bird, or fish or the feasibility of killing or taking a fur-bearing animal, game, bird, or fish with the intent of obstructing or harassing another person who is lawfully hunting, fishing, or fur harvesting.

b. To intentionally create a visual, aural, olfactory, or physical stimulus for the purpose of affecting the behavior of a fur-bearing animal, game,
bird, or fish with the intent of obstructing or harass- ing another person who is lawfully hunting, fishing, or fur harvesting.

c. To intentionally affect the condition or alter the placement of personal property used for the purpose of killing or taking a fur-bearing animal, game, bird, or fish with the intent of obstructing or harassing another person who is lawfully hunting, fishing, or fur harvesting.

2. A person shall not interfere with the lawful hunting, fishing, or fur-harvesting activities of another person in an area where hunting, fishing, or fur harvesting is authorized by a custodian of public property or an owner or lessee of private property.

3. A person who commits:
   a. A first offense of interfering with hunting, fishing, or fur-harvesting activities is guilty of a simple misdemeanor.
   b. A second or subsequent offense is punishable as a serious misdemeanor.

4. If a person who commits interfering with hunting, fishing, or fur-harvesting activities possesses a license, certificate, or permit issued by the department, the license, certificate, or permit is subject to suspension or revocation pursuant to section 481A.134.

5. This section shall not prohibit a landowner, tenant, or an employee of a landowner or tenant from performing normal agricultural operations or a law enforcement officer from performing official duties.

§481A.126 Taxidermy.

1. “Taxidermist” as used in this section means a person engaged in the business of preserving or mounting game, fish, or fur-bearing animals as defined in this chapter.

2. A license is required for the practice of taxidermy. The commission, upon application and payment of the required license fee, shall furnish proper certificates to the applicant. The director may revoke the license for good cause.

3. A licensed taxidermist may possess at any time game, fish, or fur-bearing animals which have been lawfully taken.

4. A taxidermist shall keep accurate records of its transactions showing the numbers and kinds of specimens received for preserving, the date of acquisition, and the name and address of the owner of the specimens.

5. A person shall not put or leave any game, fish, or fur-bearing animal in the custody of another person for the purpose of having taxidermy services performed unless each specimen has a tag attached which is signed by the possessor and states the address of the possessor, the total number and species of the specimens and the date the specimens were killed.

6. All transactions, tags, and specimens left in the custody of the taxidermist by another person shall be open to inspection by a conservation officer at any reasonable hour.

CIVIL DAMAGES — SUSPENSIONS

481A.130 Damages in addition to penalty — animals — ginseng.

1. In addition to the penalties for violations of this chapter and chapters 350, 461A, 481B, and 482, a person convicted of unlawfully selling, taking, catching, killing, injuring, destroying, or having in possession any animal, shall reimburse the state for the value of such as follows:
   a. For each elk, antelope, buffalo, or moose, two thousand five hundred dollars.
   b. For each wild turkey, two hundred dollars.
   c. For each bird or animal or the raw pelt or plumage of such bird or animal for which damages are not otherwise prescribed, fifty dollars.
   d. For each fish, reptile, mussel, or amphibian, fifteen dollars.
   e. For each beaver, mink, otter, red fox, gray fox, or raccoon, two hundred dollars.
   f. For each animal classified by the commission as an endangered or threatened species, one thousand dollars.
   g. For each antlered deer, reimbursement shall be based on the point score of the antlered deer as measured by the Boone and Crockett club’s net scoring system for whitetail deer as follows:
      (1) 150 points or less: A minimum of two thousand dollars and not more than five thousand dollars, and eighty hours of community service or, in lieu of the community service, a minimum of four thousand dollars and not more than ten thousand dollars, in an amount that is deemed reasonable by the court.
      (2) More than 150 points: A minimum of five thousand dollars and not more than ten thousand dollars, and eighty hours of community service or, in lieu of the community service, a minimum of ten thousand dollars and not more than twenty thousand dollars, in an amount that is deemed reasonable by the court.
   h. For each deer, except as provided in paragraph “g”, and for each swan or crane, one thousand five hundred dollars.
2. In addition to any other penalty, a person convicted of unlawfully harvesting wild ginseng in violation of section 456A.24 shall reimburse the state at one hundred fifty percent of the ginseng’s market value, as determined by the department.

3. This section does not apply to a landowner who cooperates with the department of natural resources and the department of agriculture and land stewardship to remove all whitetail from enclosed land as provided in section 170.5, even if all whitetail are not removed.

481A.131 Judgment — execution.
In each case of conviction of unlawfully taking, catching, killing, injuring, destroying or having in possession any fish, game or fur-bearing animal, the court shall enter a judgment in favor of the state of Iowa for liquidated damages in an amount as provided in section 481A.130, and it shall be the duty of the commission and the prosecuting attorney or attorney general, to collect the liquidated damages by execution or otherwise. If two or more persons who have acted together are convicted of the unlawful taking, catching, killing, injuring, destroying or having possession of any fish, game or fur-bearing animal, the judgment shall be entered against them jointly. Any liquidated damages received under this section and section 481A.130 shall be remitted to the treasurer of the state who shall credit such damages to the state fish and game protection fund.

The return of any uninjured fish, game or fur-bearing animal which has been unlawfully taken, caught, or possessed, to the place where taken or caught or to any other place approved by the commission, shall constitute the discharge of any liquidated damages provided under section 481A.130.

Civil suits for the collection of judgments may be prosecuted by the attorney general or by county attorneys.[C75, 77, 79, §109.131; 82 Acts, ch 1211, §4] 86 Acts, ch 1245, §1854

481A.132 Service of process or arrest — pendency of damage claim.
Service of process upon or arrest of any person charged with provisions of this chapter for which damages may be assessed pursuant to section 481A.130, shall serve as notice of the pendency of the liquidated damage claim. Trial on the criminal charge may be separated from the determination of the liquidated damage claim in the discretion of the court or by the request of the defendant, but upon conviction of the defendant in the criminal case, the only issue to be determined by the court on the liquidated damage claim is the fact of such conviction.C77, 79, §109.132] C93, §481A.132

481A.133 Suspension of licenses, certificates, and permits.
A person who is assessed damages pursuant to section 481A.130 shall immediately surrender all licenses, certificates, and permits to hunt, fish, or trap in the state to the department. The licenses, permits, and certificates, and the privileges associated with them shall remain suspended until the assessed damages and any accrued interest are paid or a payment schedule is established by the court. Upon payment of the assessed damages and any accrued interest, the suspension shall be lifted. If a payment schedule is established, the suspension shall be lifted and remain so unless the person fails to make a payment pursuant to that schedule. CANCELLATIONS, SUSPENSIONS, REVOCATIONS, AND PENALTIES

481A.134 Authority to cancel, suspend, or revoke license — point system.
The department shall establish rules pursuant to chapter 17A providing for the suspension or revocation of licenses issued by the department. The rules may include procedures for summary cancellation of a license based on documentation that the licensee failed to pay the applicable fee for the license. For purposes of determining when to suspend or revoke a license issued by the department under this section, the department shall adopt a point system pursuant to chapter 17A for the purpose of weighing the seriousness of violations of the provisions of this chapter or chapter 481B, 482, 483A, 484A, or 484B. A holder of an aquaculture unit license may:
1. Possess, propagate, buy, sell, deal in, and transport the aquatic organisms produced from breeding stock legally acquired, including minnows.
2. Sell fish for stocking purposes within or outside the state. Fish which are nonindigenous to Iowa shall not be received or sold in the state unless the aquaculture unit has obtained an importation permit from the department. The department shall establish, by rule, requirements governing importation, and shall include a list of approved aquaculture species. Failure to comply with this subsection will result in loss of license and a violator is subject to the scheduled fine provided in section 805.8B.
3. Hold, feed, and sell carp, buffalofish, and other fish legally taken by commercial fishers.
4. Harvest aquatic life on land under control of the aquaculture unit with commercial devices without obtaining any permits for the devices.
5. a. Sell bait, including minnows, frogs, and clams, propagated or raised within the licensed unit without having to obtain a bait dealer’s license. However, aquaculture units wishing to take bait from areas other than their licensed units must also obtain a bait dealer’s license.
   b. A nonresident aquaculture unit licensee shall be limited to selling bait at wholesale unless the home state of the nonresident licensee allows residents of this state to sell bait at retail.
6. Take any gull, tern, or merganser within the bounds of the unit. An owner or operator of the licensed aquaculture unit, however, must first obtain a permit for this activity from the department or the United States fish and wildlife service. Each permittee shall file an annual report with the department which itemizes the birds taken during the period covered by the permit, and dispose of birds taken according to methods established by the department. The department shall not issue a subsequent permit to any person failing to file this report.

For applicable scheduled fines, see §805.8B, subsection 3, paragraph d
Subsection 5 amended

481A.143 Licensed aquaculture units — requirements.
1. Each licensed aquaculture unit shall prepare an annual report of all fish bought, sold, and shipped. The records shall include species name as well as the weight, volume, or count of fish involved. Reports shall be filed on or before December 31 of each year for the preceding year. The department may refuse to renew a unit license if the annual report is not provided.
2. Each licensed aquaculture unit shall secure its breeding stock from licensed aquaculture units or licensed aquaculturists in the state or from lawful sources outside the state. An aquaculture unit shall not secure stock in any other manner.
3. A shipment of fish must be accompanied by a duplicate of the sales invoice showing the name and address of the producer, date of shipment, the species being transported, the weight, volume, or count of each species being shipped and the name and address of the consignee. A duplicate of the sales invoice must be retained by the aquaculture unit or aquaculturist for one year following the sale.
4. A licensed aquaculture unit shall comply with all state laws pertaining to possession, taking, or selling of bait which it handles. The director may revoke the unit license of any person violating this subsection or a rule adopted by the department.

481A.144 Licensed bait dealers — requirements.
1. A person shall not sell minnows, frogs, crayfish, salamanders, and mussels for fish bait without first obtaining a bait dealer’s license from the department upon payment of the license fee. A licensee shall comply with all laws pertaining to taking, possessing, and selling of bait handled by the licensee. If convicted of violating a provision of this chapter or a rule adopted pursuant to this chapter, a licensee shall forfeit the licensee’s bait dealer license upon demand of the director.
2. When taking bait from lakes and streams, bait dealers shall take only the size of bait which they can use, and shall return all small minnows and frogs to the water immediately.
3. A minnow and bait box and a tank shall be open to inspection by the department at all times. A licensee shall have tanks and bait boxes of sufficient size and with proper aeration to keep the bait alive and prevent substantial loss.
4. A person shall not take or attempt to take minnows for commercial purposes from any waters of the state or shall not transport minnows without first obtaining a bait dealer’s license. However, a person taking or transporting minnows for personal use is not required to have a bait dealer’s license.

92 Acts, ch 1216, §6; 93 Acts, ch 99, §2
For applicable scheduled fines, see §805.8B, subsection 5, paragraph k

481A.145 Taking and selling of minnows and other bait — regulations.
1. Except for species listed as threatened or endangered under chapter 481B, a licensed bait dealer may take sufficient bait from lakes and
streams of this state that are not closed to the taking of bait, to supply the licensee’s customers for hook and line fishing if the licensee is present while the bait is being taken.

2. Except as otherwise provided in this chapter, a person shall not carry, transport, ship, or cause to be carried, transported, or shipped, any minnows for the purpose of sale beyond the boundaries of the state. Minnows which are bred, hatched, propagated, or raised on a licensed aquaculture unit may be transported outside the state.

3. A person shall not transport, use, sell or offer to sell for bait or introduce into any inland waters of this state or into any waters from which the waters of the state may become stocked, any minnows or fish of the carp, quillback, gar, or dogfish species. Fish of the carp, quillback, gar, or dogfish species may be returned to the waters from which they are taken. A person shall not possess live gizzard shad at any lake in this state.

4. Minnow traps not exceeding thirty-six inches in length may be used when the taking of minnows is allowed. Each trap, when in use, shall have a metal tag attached plainly labeled with the owner’s name and address.

5. A person shall not use a minnow dip net which exceeds four feet in diameter, a cast net which exceeds ten feet in diameter, or a minnow seine which exceeds twenty feet in length or has a mesh size smaller than one-quarter inch bar measure. Licensed bait dealers may obtain a permit from the department to use minnow seines longer than twenty feet, but not exceeding fifty feet in length.

6. The department may designate certain lakes and streams, and parts of them, from which minnow populations should be protected for the best management of the lakes or streams. If an investigation of a lake or stream or a portion of a lake or stream by the department indicates that the minnow population should be protected, the lake or stream or a portion of the lake or stream shall be closed to the taking of minnows for a period of time deemed advisable by the department.

For applicable scheduled fines, see §805.8B, subsection 3, paragraphs c, d, and k

481A.146 Authority of the director.

The director may take any fish from the public waters of the state, at any time and in any manner, for the purpose of propagation or restocking other waters, or exchanging with fish and wildlife agencies of other states, the federal government, or licensed aquaculture units.

92 Acts, ch 1216, §8

481A.147 Theft of fish.

All fish in an aquaculture unit are private property and are not the property of the state, and the theft of fish from an aquaculture unit is punishable as provided in section 714.2.

POLLUTION — RESTITUTION

481A.151 Restitution for pollution causing injury to wild animals.

1. A person who is liable for polluting a water of this state in violation of state law, including this chapter, shall also be liable to pay restitution to the department for injury caused to a wild animal by the pollution. The amount of the restitution shall also include the department’s administrative costs for investigating the incident. The administration of this section shall not result in a duplication of damages collected by the department under section 455B.392, subsection 1, paragraph “c”.

2. The commission shall adopt rules providing for procedures for investigations and the administrative assessment of restitution amounts. The rules shall establish an opportunity to appeal a departmental action including by a contested case proceeding under chapter 17A. A final administrative decision assessing an amount of restitution may be enforced by the attorney general at the request of the director.

3. Rules adopted by the commission shall provide for methods used to determine the extent of an injury and the monetary values for the loss of injured wild animals based on species.

a. The rules shall provide for methods used to count dead fish and to calculate restitution values. The rules may incorporate methods and values published by the American fisheries society. To every extent practicable, the values shall be based on the estimates of lost recreational angler opportunities where applicable. As an alternative method of valuation, the rules may provide that for fish species that are protected by catch limits, possession limits, size limits, or closed seasons applicable to anglers, liquidated damages apply. The amount of the liquidated damages shall not exceed fifteen dollars per fish. For fish species that are classified by the commission as endangered or threatened, the rules may establish liquidated damages not to exceed one thousand dollars per fish.

b. The rules shall provide guidelines for estimating the extent of loss of a species that is affected by a pollution incident but which would not be practical to count in sample areas. The rules may establish liquidated damage amounts for species whose replacement cost is difficult to determine.

4. Moneys collected by the department in restitution shall be deposited into the state fish and game protection fund. The moneys shall be used exclusively to support restoration or improvement
of fisheries, including but not limited to aquatic habitat improvement projects as provided in rules adopted by the commission. However, moneys collected from restitution paid for investigative costs shall be used as determined by the director.

CHAPTER 481B
ENDANGERED PLANTS AND WILDLIFE

This chapter not enacted as a part of this title; transferred from chapter 109A in Code 1993
See §481A.134 and 481A.135 for point system and additional penalties

481B.1 Definitions.
As used in this chapter:
1. “Commission” means the natural resource commission.
2. “Director” means the director of the department of natural resources.
3. “Endangered species” means any species of fish, plant life, or wildlife which is in danger of extinction throughout all or a significant part of its range. “Endangered species” does not include a species of insecta determined by the commission or the secretary of the United States department of interior to constitute a pest whose protection under this chapter would present an overwhelming and overriding risk to humans.
4. “Fish or wildlife” means any member of the animal kingdom, including any mammal, fish, amphibian, mollusk, crustacean, arthropod, or other invertebrate, and includes any part, product, egg, or offspring, or the dead body of parts thereof. Fish or wildlife includes migratory birds, nonmigratory birds, or endangered birds for which protection is afforded by treaty or other international agreement.
5. “Import” means to bring into, or introduce into, or attempt to bring into, or attempt to introduce into, any place subject to the jurisdiction of this state.
6. “Person” means person as defined in section 4.1, subsection 20.
7. “Plant” or “plant life” means any member of the plant kingdom, including seeds, roots, and other parts thereof.
8. “Species” includes any subspecies of fish, plant life, or wildlife and any other group of fish, plants, or wildlife of the same species or smaller taxa in common spatial arrangement that interbreed or cross-pollinate when mature.
9. “Take”, in reference to fish and wildlife, means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, collect and it includes an attempt to engage in any such conduct.
10. “Take”, in reference to plants, means to collect, pick, cut, dig up or destroy in any manner.
11. “Threatened species” means any species which is likely to become an endangered species within the foreseeable future throughout all or a significant portion of its range.

86 Acts, ch 1245, §1856, 1857
C93, §481B.1

481B.2 Cooperation with federal government.
The commission shall perform those acts necessary for the conservation, protection, restoration, and propagation of endangered and threatened species in cooperation with the federal government, pursuant to Public Law 93-205, and pursuant to rules promulgated by the secretary of the interior.
[C77, 79, §109A.2]
C93, §481B.2

481B.3 Investigations.
The director shall conduct investigations on fish, plants, and wildlife in order to develop information relating to population, distribution, habitat needs, limiting factors, and other biological and ecological data to determine management measures necessary for their continued ability to sustain themselves successfully. On the basis of these determinations and other available scientific and commercial data, which may include consultation with scientists and others who may have specialized knowledge, learning, or experience, the commission shall pursuant to chapter 17A pro-
mulgate a rule listing those species of fish, plants, and wildlife which are determined to be endangered or threatened within the state.

The commission shall review the state list of endangered and threatened species at least every two years and may amend the list.

[C77, 79, 81, §109A.3]  
C93, §481B.3

481B.4 Programs.  
The director shall establish programs, including acquisition of land or aquatic habitat, necessary for the management of endangered or threatened species.

In carrying out the programs authorized by this section, the commission may enter into co-operative agreements with federal and state agencies, political subdivisions of the state, or with private persons for the administration and management of any area or program established under this section or for investigation as outlined in section 481B.3.

[C77, 79, 81, §109A.4]  
C93, §481B.4

481B.5 Prohibitions.  
Except as otherwise provided in this chapter or by rule, a person shall not take, possess, transport, import, export, process, sell or offer for sale, buy or offer to buy, nor shall a common or contract carrier transport or receive for shipment, any species of fish, plants, or wildlife appearing on the following lists which shall be adopted by rule of the commission:

1. The list of fish, plants, and wildlife indigenous to the state determined to be endangered or threatened within the state pursuant to section 481B.3.

2. The United States list of endangered or threatened native fish and wildlife as contained in 50 C.F.R. pt. 17 as amended to December 30, 1991.

3. The United States list of endangered or threatened plants as contained in 50 C.F.R. pt. 17 as amended to December 30, 1991.

For applicable scheduled fines, see §805.8B, subsection 3, paragraph e

481B.6 Species not on list.  
The commission may, by rule, treat any species as an endangered species or threatened species even though it is not listed pursuant to section 481B.3 if it finds that the species so closely resembles in appearance a species which is listed pursuant to section 481B.3 and that enforcement personnel would have substantial difficulty in attempting to differentiate between the listed and unlisted species, and the effect of this substantial difficulty is an additional threat to an endangered or threatened species, or finds that the treatment of an unlisted species will substantially facilitate the enforcement and further the intent of this chapter.

[C77, 79, 81, §109A.6]  
C93, §481B.6

481B.7 Special care to ensure survival.  
The director may permit the taking, possession, purchase, sale, transportation, importation, exportation, or shipment of endangered or threatened species which appear on the state list for scientific, zoological, or educational purposes, for propagation in captivity of such fish, plants, or wildlife, to ensure their survival.

[C77, 79, 81, §109A.7]  
C93, §481B.7

481B.8 Damage to property or human life.  
Upon good cause shown and where necessary to reduce damage to property or to protect human health, endangered or threatened species found on the state list may be removed, captured, or destroyed, but only pursuant to a permit issued by the director.

[C77, 79, 81, §109A.8]  
C93, §481B.8

481B.9 Exemptions.  
A species of fish, plant, or wildlife appearing on any of the lists of endangered species or threatened species which enters the state from another state or from outside the territorial limits of the United States may enter, be transported, possessed, and sold in accordance with rules adopted by the commission.

CHAPTER 481C
WILD ANIMAL DEPREDATION PROCEDURES

481C.1 Wild animal depredation unit. A wild animal depredation unit is established within the department of natural resources. The unit shall be comprised of two wild animal depredation biologists. 
97 Acts, ch 180, §2; 2002 Acts, ch 1162, §72

481C.2 Duties. The director of the department of natural resources shall enter into a memorandum of agreement with the United States department of agriculture, animal damage control division. The wild animal depredation unit shall serve and act as the liaison to the department for the producers in the state who suffer crop and nursery damage due to wild animals. The department shall issue depredation permits to any landowner who incurs crop and nursery damage of one thousand dollars or more due to wild animals. The criteria for issuing depredation permits shall be established in administrative rules in consultation with the farmer advisory committee created in section 481A.10A. The administrative rules adopted pursuant to this section shall not require a producer to erect or maintain fencing at a cost exceeding one thousand dollars as a requisite for receiving a depredation permit or for participation in a depredation plan. 
97 Acts, ch 180, §3; 98 Acts, ch 1203, §4

481C.3 Funding. The revenue from nonresident deer and wild turkey hunting licenses shall be used to pay the salaries, support, and maintenance of the wild animal depredation unit established pursuant to section 481C.1. 
97 Acts, ch 180, §4; 2000 Acts, ch 1154, §33

CHAPTER 482
COMMERCIAL FISHING

This chapter not enacted as a part of this title; transferred from chapter 109B in Code 1993
See §481A.134 and 481A.135 for point system and additional penalties

482.1 Authority of the commission. The natural resource commission shall observe, administer, and enforce this chapter. The natural resource commission may adopt and enforce rules under chapter 17A as necessary to carry out this chapter. The natural resource commission may:

1. Remove or cause to be removed from the waters of the state any aquatic species that in the judgment of the commission is an underused renewable resource or has a detrimental effect on other aquatic populations. All proceeds from a sale of these aquatic organisms shall be credited to the state fish and game protection fund.
2. Issue to any person a permit or license authorizing that person to take, possess, and sell underused, undesirable, or injurious aquatic organisms from the waters of the state. The person receiving a permit or license shall comply with the applicable provisions of this chapter.

3. Authorize the director to enter into written contracts for the removal of underused, undesirable, or injurious organisms from the waters of the state. The contracts shall specify all terms and conditions desired. Sections 482.4, 482.6, and 482.14 do not apply to these contracts.

4. Prohibit, restrict, or regulate commercial fishing, commercial turtle fishing, and commercial mussel fishing in any waters of the state.

5. Revoke the license of a licensee and the licensee’s designated operators for up to one year if the licensee or any designated operator has been convicted of a violation of chapter 481A, 482, or 483A.

6. Regulate the numbers of commercial fishers, commercial turtle fishers, and commercial mussel fishers and the amount, type, seasonal use, mesh size, construction and design, manner of use, and other criteria relating to the use of commercial gear for any body of water or part thereof.

7. Establish catch quotas, seasons, size limits, and other regulations for any species of commercial fish, turtles, or mussels for any body of water or part thereof.

8. Designate by listing species as commercial fish, turtles, or mussels.

9. Designate any body of water or its part as protected habitat and restrict, prohibit, or otherwise regulate the taking of commercial fish, turtles, and mussels in protected habitat areas.

Employees of the commission may lift and inspect any commercial gear at any time when being used and may inspect commercial catches, commercial markets, and landings, and examine catch records of commercial fishers, commercial turtle fishers, and commercial mussel fishers upon demand.

Officers of the commission may seize and retain as evidence any illegal fish, turtles, or mussels, or any illegal commercial gear, or any other personal property used in violation of any provision of the Code, and may confiscate any untagged or illegal commercial gear as contraband.

482.2 Definitions.
As used in this chapter, unless the context otherwise requires:

1. “Boundary waters” means the waters of the Mississippi, Missouri, and Big Sioux rivers.

2. “Commercial fisher” means a person who is licensed to take and sell fish from waters of the state.

3. “Commercial fishing” means taking, attempting to take, or transporting of fish for the purpose of selling, bartering, exchanging, offering, or exposing for sale.

4. “Commercial gear” means the capturing equipment used by commercial fishers, commercial turtle fishers, and commercial mussel fishers.

5. “Commercial mussel fisher” means a person who is licensed to take and sell freshwater mussels from waters of the state. A resident commercial mussel license holder must have resided in this state for one year preceding the person’s application for a commercial mussel fishing license.

6. “Commercial mussel fishing” means taking, attempting to take, or transporting of freshwater mussels for the purpose of selling, bartering, exchanging, offering, or exposing for sale.

7. “Commercial species” means species of fish, turtles, and freshwater mussels which may be lawfully taken and sold by commercial fishers, commercial turtle fishers, and commercial mussel fishers, as established by rule by the commission.

8. “Commercial turtle fisher” means a person who is licensed to take and sell turtles from the waters of the state.

9. “Commercial turtle fishing” means taking, attempting to take, or transporting of turtles for the purpose of selling, bartering, exchanging, offering, or exposing for sale.

10. “Constant attendance” means the presence of a commercial fisher or a designated operator whenever commercial gear is in use.

11. “Director” means the director of the department of natural resources, and the director’s duly authorized assistants, deputies, or agents.

12. “Game fish” means all species and size categories of fish not included as “commercial species” or minnows.

13. “Inland waters of the state” means all public waters of the state excluding the boundary waters of the Mississippi, Big Sioux, and Missouri rivers.

14. “Licensed commercial gear” means any commercial gear that is licensed as provided in this chapter and that, when in use, has attached the proper tags as provided by this chapter.

15. “Nonresident or alien” means a person who does not qualify as a resident of the state of Iowa either because of a bona fide residence in another state or because of citizenship of a country other than the United States. However, “alien” does not include a person who has applied for naturalization papers.

16. “Resident” means a person who is legally subject to motor vehicle registration and driver’s license laws of this state, or who is qualified to vote in an election of this state.
17. “Waters of the state” means all of the waters under the jurisdiction of the state.

91 Acts, ch 170, §1
C93, §482.2

482.3 Commercial fishing — where permitted.

It is unlawful to use commercial gear in the taking of commercial fish, turtles, and mussels from the waters of the state, except as otherwise provided by statute or administrative rules of the commission.

86 Acts, ch 1141, §3
C87, §109B.3
C93, §482.3

For applicable scheduled fine, see §805.8B, subsection 3, paragraph e

482.4 Commercial licenses and gear tags.

1. A person shall not use or operate commercial gear unless at least one individual at the site where the commercial gear is being operated possesses an appropriate valid commercial license, or a designated operator’s license. A license is valid from the date of issue to January 10 of the succeeding calendar year.

2. A commercial fisher may designate a person as a designated operator to lift and to fish with any licensed commercial fishing gear owned by the commercial fisher. A commercial fisher shall not have more than five designated operators. A designated operator’s license shall be assigned to not more than three operators during a year and a designated operator’s license shall be valid for use only by an operator who possesses the license and has signed the license. The signature of any preceding designated operator who possessed the license shall be crossed out. A designated operator shall not lift or fish any commercial fishing gear without possessing a designated operator’s license which is signed by the operator. A designated operator’s license which is not signed by the operator in possession of the license is forfeited to the state.

3. A boundary water annual sport trotline license permits the licensee to use a maximum of four trotlines with two hundred hooks in the aggregate. All boundary water sport trotlines shall be tagged with the name and address of the licensee on a metal tag affixed above the waterline.

4. Commercial fishers and turtle fishers shall purchase gear tags from the commission to be affixed to each piece of gear in use. Notwithstanding the fee rates for gear tags of subsection 7, the minimum fee for a gear tag is five dollars. All tags are valid for ten years from the date of issue. In addition to the gear tags, all gear shall be tagged with a metal tag showing the name and address of the licensee and whether the gear is fish or turtle gear.

5. All numbered fish gear tags are inter-changeable among the different types of commercial fishing gear.

6. Annual license fees are as follows:
   a. Commercial fishing, resident
      ........................................ $ 200.00
   b. Commercial fishing, nonresident
      ........................................ $ 400.00
   c. Designated operator, resident
      ........................................ $ 50.00
   d. Designated operator, nonresident
      ........................................ $ 100.00
   e. Commercial turtle, resident
      ........................................ $ 50.00
   f. Commercial turtle, nonresident
      ........................................ $ 100.00
   g. Commercial mussel fisher, resident
      ........................................ $ 200.00
   h. Commercial mussel fisher, nonresident
      ........................................ $ 1,000.00
   i. Commercial mussel buyer, nonresident
      ........................................ $ 5,000.00
   j. Boundary water sport trotline, resident
      ........................................ $ 10.00
   k. Boundary water sport trotline, nonresident
      ........................................ $ 20.00
   l. Commercial mussel fisher, nonresident
      ........................................ $ 2,500.00
   m. Commercial mussel helper, resident
      ........................................ $ 50.00
   n. Commercial mussel helper, nonresident
      ........................................ $ 100.00

7. Commercial fish gear tags are required on the following units of commercial fishing gear at the listed fee:
   a. Seine, resident, one gear tag for each 100 feet or fraction thereof
      ........................................ $ 1.00
   b. Seine, nonresident, one gear tag for each 100 feet or fraction thereof
      ........................................ $ 2.00
   c. Trammel net, resident, one gear tag for each 100 feet or fraction thereof
      ........................................ $ 1.00
   d. Trammel net, nonresident, one gear tag for each 100 feet or fraction thereof
      ........................................ $ 2.00
   e. Gill net, resident, one gear tag for each 100 feet or fraction thereof
      ........................................ $ 1.00
   f. Gill net, nonresident, one gear tag for each 100 feet or fraction thereof
      ........................................ $ 2.00
   g. Entrapment nets, resident, one gear tag per net
      ........................................ $ 1.00
   h. Entrapment nets, nonresident, one gear tag per net
      ........................................ $ 2.00
   i. Commercial trotline, resident, one gear tag for each 50 hooks or less
      ........................................ $ 1.00
j. Commercial trotline, nonresident, one gear tag for each 50 hooks or less .......................... $ 2.00

8. Turtle trap gear tags are not interchangeable with other commercial gear. Turtle trap gear tag fees are as follows:
   a. Commercial turtle trap, resident, one gear tag per trap ........................................... $ 1.00
   b. Commercial turtle trap, nonresident, one gear tag per trap ........................................... $ 2.00

§482.9 Unlawful methods.

It is unlawful:
1. To use commercial gear which is not in accordance with this chapter or the rules of the commission.
2. To use commercial gear within nine hundred feet from a navigation dam on the boundary waters.
3. To use commercial gear within three hundred feet from the mouth of a tributary stream emptying into the boundary waters.
4. For a person to lift or to fish licensed commercial gear of another person, except by the licensee and the licensee's designated operators.
5. To employ chemicals, electricity, or explosives into the water for taking fish, turtles, or freshwater mussels except as authorized by the director.
6. To have in one's possession game fish or other fish, turtles, or mussels deemed illegal by other provisions of law while engaged in commercial activities. A fish caught in commercial fishing that is not lawful to possess shall be handled with wet hands and immediately released under water with as little injury as possible.
7. To block or inhibit navigation through channels with commercial fishing gear unless a minimum of three feet of water depth is maintained over float lines of any entanglement gear or leads to trap nets. Gear shall not block over one-half the width of a navigable channel if there is less than three feet of water over the gear.

§482.8 Baits.

1. It is lawful for licensed commercial fishers, designated operators, commercial turtle fishers, and licensed sport trotline fishers to pursue, take, possess, and transport any commercial fish or their parts, bait fish, turtles, frogs, salamanders, leeches, crayfish, or any other aquatic invertebrates for bait unless otherwise prohibited by law.
2. It is lawful to use any member of the following families as bait fish in boundary waters: Cyprinidae, the minnows; Catostomidae, the suckers; Umbrae, the mudminnows; Clupeidae, the herrings; Hiodontidae, the mooneyes; Amiidae, the bowfin unless otherwise prohibited by law.
3. It is lawful to use green sunfish, Lepomis cyanellus, and orange-spotted sunfish, Lepomis humilis, for bait fish.
4. It is lawful to use minnow seines for taking bait in the boundary waters. Minnow seines may not exceed fifty feet in length and eight feet in depth.
5. It is lawful to use any member of the following families as bait fish in boundary waters: Cyprinidae, the minnows; Catostomidae, the suckers; Umbrae, the mudminnows; Clupeidae, the herrings; Hiodontidae, the mooneyes; Amiidae, the bowfin unless otherwise prohibited by law.
482.10 Sale of commercial fish.
1. A person possessing a commercial fishing license or designated operator’s license may possess and sell any commercial fish, turtles, or freshwater mussels, or their parts, which have been lawfully taken.
2. All intrastate and interstate shipments of commercial fish or turtles must be accompanied by a label which shows the name and address of the seller and the kinds and pounds of the catches being sold. Individuals purchasing fish, turtles, or mussels from a commercial fisher, turtle fisher, or mussel fisher need not possess a license.

482.11 Turtles.
1. A person shall not take, possess, or sell turtles from the waters of the state without an appropriate license.
   a. A valid sport fishing license entitles a person to take and possess a maximum of one hundred pounds of live turtles or fifty pounds of dressed turtles. The sale of live or dressed turtles is not permitted with a sport fishing license.
   b. A commercial turtle license is required to take and possess more than one hundred pounds of live or fifty pounds of dressed turtles. The holder of a commercial turtle license may sell live or dressed turtles.
   c. A commercial fishing license or a designated operator’s license entitles fishers to operate any licensed commercial fishing gear for taking, possessing, or selling turtles.
   d. An individual possessing a valid commercial turtle license may have the assistance of one unlicensed individual in the commercial taking of turtles.
2. It is unlawful to take, possess, or sell any species of turtles except those designated by the commission by rule.
3. The method of taking turtles shall only be by hand, turtle hook, turtle trap, licensed commercial fishing gear, or other means designated by commission rules. Sport fishers may also use hook-and-line in catching turtles.
4. Any unattended fishing gear used to take turtles on a sport fishing license shall have affixed a metal tag provided by the owner bearing the owner’s name and address.

482.12 Freshwater mussels.
1. A person shall not take, possess, or sell freshwater mussels from the waters of the state without an appropriate license.

a. A sport fishing license entitles a person to take and possess a maximum amount of mussels or shells daily as authorized by rule of the department or commission under the authority of sections 456A.24, 481A.38, 481A.39, and 482.1.
   b. A commercial mussel license is required to take more than twenty pounds of mussels or shells daily, or possess more than twenty pounds of mussels or shells. The holder of a commercial mussel license may sell mussels or shells.
   c. A commercial mussel buyer license is required to buy mussels or shells.
   d. A commercial mussel helper license is required to assist commercial mussel fishers in the possessing, processing, or transporting of commercial freshwater mussels. The taking or sale of mussels or shells is not permitted with a commercial mussel helper license.
2. A person may take all species of freshwater mussels, or their parts, except where otherwise prohibited by rules of the commission.
3. The method of taking freshwater mussels shall only be by hand, by diving, or by crowfoot bar, a device designed to catch mussels by inserting hooks between the shells, or by other means designated by rules of the commission. A crowfoot bar shall not exceed twenty feet in length and a licensee shall not fish more than three bars.

483A.1A Definitions.

As used in this chapter unless the context otherwise requires:

1. “Commission” means the natural resource commission.

2. “Department” means the department of natural resources created under section 455A.2.

3. “Director” means the director of the department.

4. “License” means a privilege granted by the commission to fish, hunt, fur harvest, pursue, catch, kill, take in any manner, use, have possession of, sell, or transport all or a part of a wild animal, bird, game, or fish, including any privilege related to a license granted by issuance of a stamp or a payment of a fee.

5. “License agent” means an individual, business, or governmental agency authorized to sell a license.

6. “License document” means an authorization, certificate, or permit issued by the department or a license agent that lists and confers one or more license privileges.

7. “Resident” means a natural person who meets any of the following criteria:
   a. Has physically resided in this state at least thirty consecutive days immediately before applying for or purchasing a resident license under this chapter and has been issued an Iowa driver’s license or an Iowa nonoperator’s identification card.
   b. Is a full-time student at an educational institution located in this state and resides in this state while attending the educational institution.
A student qualifies as a resident pursuant to this paragraph only for the purpose of purchasing any resident license specified in section 483A.1 or 484A.2.

c. Is a nonresident under eighteen years of age whose parent is a resident of this state.

d. Is a member of the armed forces of the United States who is serving on active duty, claims residency in this state, and has filed a state individual income tax return as a resident pursuant to chapter 422, division II, for the preceding tax year, or is stationed in this state.

e. Is registered to vote in this state.

483A.2 Dual residency.

A resident license shall be limited to persons who do not claim any resident privileges, except as defined in section 483A.1A, subsection 7, paragraphs "b", "c", and "d", in another state or country. A person shall not purchase or apply for any resident license or permit if that person has claimed residency in any other state or country.

2000 Acts, ch 1116, §6

483A.3 Wildlife habitat fee.

1. A resident or nonresident person required to have a hunting or fur harvester license shall not hunt or trap unless the person has paid the wildlife habitat fee. This section shall not apply to residents who have permanent disabilities or who are younger than sixteen or older than sixty-five years of age. Wildlife habitat fees shall be administered in the same manner as hunting and fur harvester licenses except all revenue derived from wildlife habitat fees shall be used within the state of Iowa for habitat development and shall be deposited in the state fish and game protection fund, except as provided in subsection 2. The revenue may be used for the matching of federal funds. The revenues and any matched federal funds shall be used for acquisition of land, leasing of land, or obtaining of easements from willing sellers for use as wildlife habitats. Notwithstanding the exemption provided by section 427.1, any land acquired with the revenues and matched federal funds shall be subject to the full consolidated levy of property taxes which shall be paid from those revenues. In addition the revenue may be used for the development and enhancement of wildlife lands and habitat areas. Not less than fifty percent of all revenue from wildlife habitat fees shall be used by the commission to enter into agreements with county conservation boards or other public agencies in order to carry out the purposes of this section. The state share of funding of those agreements provided by the revenue from wildlife habitat fees shall not exceed seventy-five percent.

2. Up to sixty percent of the revenues from wildlife habitat fees which are not required under subsection 1 to be used by the commission to enter into agreements with county conservation boards or other public agencies may be credited to the wildlife habitat bond fund as provided in section 483A.53.

483A.3A Fish habitat development funding.

Three dollars from each resident and nonresident annual and seven-day fishing license sold shall be deposited in the state fish and game protection fund and shall be used within this state for fish habitat development. Not less than fifty percent of this amount shall be used by the commission to enter into agreements with county conservation boards to carry out the purposes of this section.

2003 strike and rewrite of section takes effect December 15, 2003, and applies to licenses and fees for years beginning on or after January 1, 2004; 2003 Acts, ch 152, §6

483A.4 “Permanent disability” defined.

For the purpose of obtaining a license, a person has a permanent disability if any of the following apply:

1. The person has been found under the provisions of the federal Social Security Act, Title II, or any other public or private pension system to have a total, permanent physical or mental condition which prevents that person from engaging in the person’s occupation or qualifies that person for retirement.

2. The person has a severe physical disability and has qualified for a special license under section 483A.24.

483A.6 Trout fishing fee.
Any person required to have a fishing license shall not fish for or possess trout unless that person has paid the trout fishing fee. The proceeds from the fee shall be used exclusively for the trout program designated by the commission. The commission may grant a permit to a community event in which trout will be stocked in water which is not designated trout water and a person may catch and possess trout during the period and from the water covered by the permit without having paid the trout fishing fee.

C93, §483A.6

For applicable scheduled fines, see §805.8B, subsection 3, paragraph c

483A.7 Wild turkey license and tag.
1. A resident hunting wild turkey who is required to have a license must have a resident hunting license in addition to the wild turkey hunting license and must pay the wildlife habitat fee. Upon application and payment of the required fees for archery-only licenses, a resident archer shall be issued two wild turkey licenses for the spring season.

2. The wild turkey hunting license shall be accompanied by a tag designed to be used only once. If a wild turkey is taken, the wild turkey shall be tagged and the tag shall be dated.

3. A nonresident wild turkey hunter is required to have a nonresident hunting license and a nonresident wild turkey hunting license and pay the wildlife habitat fee. The commission shall annually limit to two thousand three hundred licenses the number of nonresidents allowed to have wild turkey hunting licenses. Of the licenses issued, not more than thirty-five percent of the licenses shall be bow season licenses and, after the first six thousand nonresident licenses have been issued, all additional licenses shall be issued for antlerless deer only. The commission shall allocate the nonresident deer hunting licenses issued among the zones based on the populations of deer. However, a nonresident applicant may request one or more hunting zones, in order of preference, in which the applicant wishes to hunt. If the request cannot be fulfilled, the applicable fees shall be returned to the applicant. A nonresident applying for a deer hunting license must exhibit proof of successfully completed a hunter safety and ethics education program as provided in section 483A.27 or its equivalent as determined by the department before the license is issued.

4. The commission may provide, by rule, for the issuance of an additional antlerless deer license to a person who has been issued an antlerless deer license. The rules shall specify the number of additional antlerless deer licenses which may be issued, and the season and zone in which the license is valid. The fee for an additional antlerless deer license shall be ten dollars for residents.

5. A nonresident owning land in this state may apply for one of the first six thousand nonresident deer licenses not limited to antlerless deer, and the provisions of subsection 3 shall apply. However, if a nonresident owning land in this state is unsuccessful in obtaining one of the first six thousand nonresident deer licenses, the landowner shall be given preference for one of the two thousand five

483A.8 Deer license and tag.
1. A resident hunting deer who is required to have a hunting license must have a resident hunting license in addition to the deer hunting license and must pay the wildlife habitat fee.

2. The deer hunting license shall be accompanied by a tag designed to be used only once. When a deer is taken, the deer shall be tagged and the tag shall be dated.

3. A nonresident hunting deer is required to have a nonresident hunting license and a nonresident deer license and must pay the wildlife habitat fee. The commission shall annually limit to eight thousand five hundred licenses the number of nonresidents allowed to have deer hunting licenses. Of the first six thousand nonresident deer licenses issued, not more than thirty-five percent of the licenses shall be bow season licenses and, after the first six thousand nonresident deer licenses have been issued, all additional licenses shall be issued for antlerless deer only. The commission shall allocate the nonresident deer hunting licenses issued among the zones based on the populations of deer. However, a nonresident applicant may request one or more hunting zones, in order of preference, in which the applicant wishes to hunt. If the request cannot be fulfilled, the applicable fees shall be returned to the applicant. A nonresident applying for a deer hunting license must exhibit proof of successfully completed a hunter safety and ethics education program as provided in section 483A.27 or its equivalent as determined by the department before the license is issued.

For applicable scheduled fines, see §805.8B, subsection 3, paragraph c
hundred antlerless only nonresident deer licenses. A nonresident owning land in this state shall pay the fee for a nonresident antlerless only deer license and the license shall be valid to hunt on the nonresident’s land only. A nonresident owning land in this state is eligible for only one nonresident deer license annually. If one or more parcels of land have multiple nonresident owners, only one of the nonresident owners is eligible for a nonresident antlerless only deer license. If a nonresident jointly owns land in this state with a resident, the nonresident shall not be given preference for a nonresident antlerless only deer license. The department may require proof of land ownership from a nonresident landowner applying for a nonresident antlerless only deer license.

6. The commission shall provide by rule for the issuance to a nonresident of a nonresident antlerless deer hunting license that is valid for use only during the period beginning on December 24, 2003, and ending at sunset on January 2, 2004, and costs fifty dollars. A nonresident hunting deer with a license issued under this subsection shall be otherwise qualified to hunt deer in this state and shall have a nonresident hunting license and pay the wildlife habitat fee. Pursuant to this subsection, the commission shall make available for issuance only the remaining nonresident antlerless deer hunting licenses allocated under subsection 3 that have not yet been issued for the 2003 – 2004 antlerless deer hunting seasons.

483A.10 Issuance of licenses.
The licenses issued pursuant to this chapter shall be issued by the department or the license agents as specified by rules of the commission. A county recorder may issue licenses subject to the rules of the commission. The rules shall include the application procedures as necessary. The licenses shall show the total cost of the license including a writing fee to be retained by the license agent and any administrative fees to be forwarded to the department, if applicable. A person authorized to issue a license or collect a fee pursuant to this chapter or chapter 484A shall charge the fee specified in this chapter or chapter 484A only plus a writing fee and administrative fee, if applicable.

483A.12 Fees.
The license agent shall be responsible for all fees for the issuance of hunting, fishing, and fur harvester licenses sold by the license agent. All unused license blanks shall be surrendered to the department upon the department’s demand.

A license agent shall retain a writing fee of fifty cents from the sale of each license except that the writing fee for a free deer or wild turkey license as authorized under section 483A.24, subsection 2, shall be one dollar. If a county recorder is a license agent, the writing fees retained by the county recorder shall be deposited in the general fund of the county.

483A.13 Destroyed blanks.
When license blanks in the possession of a license agent are accidentally destroyed, the holder of the blanks shall only be relieved from accountability upon the presentation of satisfactory explanation and the filing of a bond to the director that the blanks have actually been so destroyed. The commission may determine by rule what shall constitute a satisfactory explanation of the occurrence.

§483A.14 Duplicate licenses and permits. When any license for which a fee has been set has been lost, destroyed, or stolen, the director or a license agent may issue a replacement license, if evidence is available to demonstrate issuance of the original license and a fee of two dollars is paid, to be placed in the fish and game protection fund. If, on examination of the evidence, the director or the license agent, as the case may be, is satisfied that the license has been lost, destroyed, or stolen, the director or the license agent shall issue a duplicate license which shall be plainly marked “duplicate” and the duplicate shall serve in lieu of the original license and it shall contain the same information and signature as the original. The license agent shall charge a writing fee of one dollar and the departmental administrative fee for each duplicate license issued pursuant to this section. The license agent shall retain the writing fee.

§483A.15 Accounting. The director shall establish, by rule, specific requirements for remittance of funds, and the necessary accounting and reporting for all types of licenses issued based on the manner and location of the issuance.

§483A.17 Tenure of license. Every license, except as otherwise provided in this chapter, is valid from the date issued to January 15 for the subsequent calendar year. However, except for possession and exhibition of deer licenses and tags or wild turkey licenses and tags, a person charged with violating this section shall not be convicted if the person produces in court, within a reasonable time, a license document for hunting, fishing, or fur harvesting issued to that person and valid when the person was charged with a violation of this section.

§483A.18 Form of licenses. All hunting, fishing, and fur harvester licenses shall contain a general description of the licensee.

Such licenses shall be upon such forms as the commission shall adopt. The address and the signature of the applicant and all signatures and other writing shall be in ink. All licenses shall clearly indicate the nature of the privilege granted.

§483A.19 Showing license document to officer. Every person shall, while fishing, hunting, or fur harvesting, show the person’s license document to any peace officer or the owner or person in lawful control of the land or water upon which the licensee may be fishing, hunting, or fur harvesting when requested by the persons to do so. Any failure to so carry or refuse to show or so exhibit the person’s license document shall be a violation of this chapter. However, except for possession and exhibition of deer licenses and tags or wild turkey licenses and tags, a person charged with violating this section shall not be convicted if the person produces in court, within a reasonable time, a license document for hunting, fishing, or fur harvesting issued to that person and valid when the person was charged with a violation of this section.

§483A.20 Reciprocity. Licenses for bait dealers or for fishing, hunting, or fur harvesting shall not be issued to residents of states that do not sell similar licenses or certificates to residents of Iowa. However, this requirement is not applicable to the licensing of nonresident wholesale bait dealers who sell to licensed wholesale bait dealers in Iowa for resale.

§483A.21 Revocation or suspension. Upon the conviction of a licensee of any violation of chapter 481A, or of any administrative order adopted and published by the commission, the magistrate may, as a part of the judgment, revoke one or more license privileges of the licensee, or suspend the privileges for any definite period.

The magistrate shall revoke the hunting license or suspend the privilege of procuring a hunting license for a period of one year of any person who...
has been convicted twice within a year of trespassing while hunting. If any of the license privileges of a licensee who purchased more than one license privilege is revoked, the remaining license privileges of the licensee shall still be valid and the magistrate shall enter on the license document the privilege that is revoked. A person shall not purchase a license for a privilege that was revoked or suspended during the period of revocation or suspension.

In addition to other civil and criminal penalties imposed for illegally taking or possessing an elk, antelope, buffalo, or moose, the court shall revoke the hunting license of a violator. The violator shall not be allowed to procure a hunting license for the next two calendar years.

§483A.23 Game birds or animals as pets.

Any person may possess not more than two game birds or fur-bearing animals confined as pets without being required to purchase a license as a game breeder, but the person shall not be allowed to increase the person’s stock beyond the original number nor shall the person be allowed to kill or sell such stock. Game birds or animals confined as authorized in this section must be obtained from a licensed game breeder or a legal source outside of this state.

C93, §483A.23

For applicable scheduled fines, see §805.8B, subsection 3, paragraph c

§483A.24 When license not required — special licenses.

1. Owners or tenants of land, and their juvenile children, may hunt, fish or trap upon such lands and may shoot by lawful means ground squirrels, gophers, or woodchucks upon adjacent roads without securing a license so to do; except, special licenses to hunt deer and wild turkey shall be required of owners and tenants but they shall not be required to have a special wild turkey hunting license to hunt wild turkey on a hunting preserve licensed under chapter 484B.

2. a. As used in this subsection:

(1) “Family member” means a resident of Iowa who is the spouse or child of the owner or tenant who resides with the owner or tenant.

(2) “Farm unit” means all parcels of land, not necessarily contiguous, which are operated as a unit for agricultural purposes and which are under the lawful control of the owner or tenant.

(3) “Owner” means an owner of a farm unit who is a resident of Iowa and who is one of the following:

(a) Is the sole operator of the farm unit.

(b) Makes all of the farm operation decisions but contracts for custom farming or hires labor for all or part of the work on the farm unit.

(c) Participates annually in farm operation decisions or cropping practices on specific fields of the farm unit that are rented to a tenant.

(d) Raises specialty crops on the farm unit including, but not limited to, orchards, nurseries, or tree farms that do not always produce annual income but require annual operating decisions about maintenance or improvement.

(e) Has all or part of the farm unit enrolled in a long-term agricultural land retirement program of the federal government.

An “owner” does not mean a person who owns a farm unit and who employs a farm manager or third party to operate the farm unit, or a person who owns a farm unit and who rents the entire farm unit to a tenant who is responsible for all farm operations. However, this paragraph does not apply to an owner who is a parent of the tenant and who resides in this state.

(4) “Tenant” means a person who is a resident of Iowa and who rents and actively farms a farm unit owned by another person. A member of the owner’s family may be a tenant. A person who works on the farm for a wage and is not a family member does not qualify as a tenant.

b. Upon written application on forms furnished by the department, the department shall issue annually without fee one deer or one wild turkey license, or both, to the owner of a farm unit or to a member of the owner’s family, but not to both, and to the tenant or to a member of the tenant’s family, but not to both. The deer hunting license or wild turkey hunting license issued shall be valid only on the farm unit for which an applicant qualifies pursuant to this subsection and
shall be equivalent to the least restrictive license issued under section 481A.38. The owner or the tenant need not reside on the farm unit to qualify for a free license to hunt on that farm unit. A free deer hunting license issued pursuant to this subsection shall be valid during all shotgun deer seasons.

c. In addition to the free deer hunting license received, an owner of a farm unit or a member of the owner's family and the tenant or a member of the tenant's family may purchase a deer hunting license for any option offered to paying deer hunting licensees. An owner of a farm unit or a member of the owner's family and the tenant or a member of the tenant's family may also purchase two additional antlerless deer hunting licenses which are valid only on the farm unit for a fee of ten dollars each.

d. If the commission establishes a deer hunting season to occur in the first quarter of a calendar year that is separate from a deer hunting season that continues from the last quarter of the preceding calendar year, each owner and each tenant of a farm unit located within a zone where a deer hunting season is established, upon application, shall be issued a free deer hunting license for each of the two calendar quarters. Each license is valid only for hunting on the farm unit of the owner and tenant.

3. The director shall provide up to twenty-five nonresident deer hunting licenses for allocation as requested by a majority of a committee consisting of the majority leader of the senate, speaker of the house of representatives, and director of the department of economic development, or their designees. The licenses provided pursuant to the subsection shall be in addition to the number of nonresident licenses authorized pursuant to section 483A.8. The purpose of the special nonresident licenses is to allow state officials and local development groups to promote the state and its natural resources to nonresident guests and dignitaries. Photographs, videotapes, or any other form of media resulting from the hunting visitation shall not be used for political campaign purposes. The nonresident licenses shall be issued without application upon payment of the nonresident wild turkey hunting license fee and the wildlife habitat fee. The licenses are valid in all zones open to wild turkey hunting. The hunter safety and ethics education certificate requirement pursuant to section 483A.27 is waived for a nonresident issued a license pursuant to this subsection.

4. A person having a dog entered in a licensed field trial is not required to have a hunting license or fur harvester license to participate in the event or to exercise the person's dog on the area on which
the field trial is to be held during the twenty-four hour period immediately preceding the trial.

9. The commission shall issue without charge a special fishing license to residents of Iowa sixteen years or more of age who the commission finds have severe mental or physical disabilities. The commission is hereby authorized to prepare an application to be used by the person requesting the special license, which would require that the person's attending physician sign the form declaring that the person has a severe mental or physical disability and is eligible for exempt status.

10. No person shall be required to have a special wild turkey license to hunt wild turkey on a hunting preserve licensed under chapter 484B.

11. A lessee of a camping space at a campground may fish on a private lake or pond on the premises of the campground without a license if the lease confers an exclusive right to fish in common with the rights of the owner and other lessees.

12. The department may issue a permit, subject to conditions established by the department, which authorizes patients of a substance abuse facility, residents of health care facilities licensed under chapter 135C, and persons cared for in juvenile shelter care homes as provided for in chapter 232 to fish without a license as a supervised group.

13. Upon payment of the fee of thirty dollars for a lifetime hunting and fishing combined license, the department shall issue a hunting and fishing combined license to a resident of Iowa who is a veteran, as defined in section 35.1, who was a veteran, was entitled to compensation under the United States department of veterans affairs at the time of his discharge, was a prisoner of war during the veteran's military service, or is disabled by a service-connected disability rated by the department of veterans affairs as listed under section 904.102, that is administered by the department of corrections.

14. The department shall issue without charge a special annual fishing or combined hunting and fishing license to residents of this state who have permanent disabilities and whose income falls below the federal poverty guidelines as published by the United States department of health and human services. The commission shall provide for, by rule, an application to be used by a person requesting a special annual license, which would require that the person's attending physician sign the form declaring that the person has a severe mental or physical disability and is eligible for exempt status.

15. No person shall be required to have a special hunting license for hunting the deer harvested with the license to an establishment designated by the department of corrections.

483A.24A Harvested deer.

1. Intent. It is the intent of the general assembly in enacting this section, to express its concern to the natural resource commission about the burgeoning deer population in this state, by requiring the natural resource commission to make additional antlerless deer hunting licenses available to encourage hunters in this state to assist the commission in bringing the state's deer population under control.

2. Definitions. As used in this section:

a. “Department of corrections” means the Iowa department of corrections.

b. “Establishment” means an establishment as defined in section 189A.2 where animals or poultry are prepared for food purposes or where wild deer may be processed or dressed for human consumption.

c. “Public institution” means a public institution listed under section 904.102, that is administered by the department of corrections.

3. The natural resource commission shall provide for rule by the distribution of antlerless deer hunting licenses to any resident hunters and applicants qualified under section 483A.24. The licenses shall be in addition to antlerless deer hunting licenses otherwise allocated in this chapter to resident hunters and applicants qualified under section 483A.24 and shall be equivalent to the least restrictive license issued pursuant to section 481A.38. Pursuant to this section, the department shall make available for issuance at least an additional eighteen thousand antlerless deer hunting licenses for resident hunters for the 2002 – 2003 antlerless deer hunting seasons than were available for the 2003 – 2004 antlerless deer hunting seasons.
5. Each resident hunter or applicant qualified under section 483A.24 shall be otherwise qualified to hunt deer in this state. A wildlife habitat fee shall not be required. The commission shall establish, by rules adopted pursuant to chapter 17A, the procedures for allocating the antlerless deer hunting licenses.

6. The department of corrections may, in cooperation with the commission, contract with one or more establishments to receive, process, package, and deliver the harvested deer meat to the public institutions in the manner specified by the department of corrections and at a cost to the department of corrections that is competitive with the cost of obtaining similar meat products in the private sector.

7. A person violating a provision of this section or a rule adopted pursuant to this section is guilty of a simple misdemeanor punishable as a scheduled violation as provided in section 483A.42.

483A.27 Hunter safety and ethics education program — license requirement.

1. A person born after January 1, 1967, shall not obtain a hunting license unless the person has satisfactorily completed a hunter safety and ethics education course approved by the commission. A person who is eleven years of age or more may enroll in an approved hunter safety and ethics education course, but a person who is eleven years of age and who has successfully completed the course shall be issued a certificate of completion which becomes valid on the person’s twelfth birthday. A certificate of completion from an approved hunter safety and ethics education course issued in this state since 1960, by another state, or by a foreign nation, is valid for the requirements of this section.

2. A certificate of completion shall not be issued to a person who has not satisfactorily completed a minimum of ten hours of training in an approved hunter safety and ethics education course. The department shall establish the curriculum for the first ten hours of an approved hunter safety and ethics education course offered in this state. Upon completion of the ten-hour curriculum, each person shall pass an individual oral test or a written test provided by the department. The department shall establish the criteria for successfully passing the tests. Based on the results of the test and demonstrated safe handling of a firearm, the instructor shall determine the persons who shall be issued a certificate of completion.

3. The department shall provide a manual on hunter safety education which shall be used by all instructors and persons receiving hunter safety and ethics education training in this state.

4. The department shall provide for the certification of persons who wish to become hunter safety and ethics instructors. A person shall not act as an instructor in hunter safety and ethics education as provided in this section without first obtaining an instructor’s certificate from the department.

5. An officer of the department or a certified instructor may issue a certificate to a person who has not completed the hunter safety and ethics education course but meets the criteria established by the commission.

6. A public or private school or organization approved by the department may co-operate with the department in providing a course in hunter safety and ethics education as provided in this section without first obtaining an instructor’s certificate from the department.

7. A hunting license obtained under this section by a person who gave false information or presented a fraudulent certificate of completion shall be revoked and a new hunting license shall not be issued for at least two years from the date of conviction. A hunting license obtained by a person who was born after January 1, 1967, but has not satisfactorily completed the hunter safety and ethics education course or has not met the requirements established by the commission, shall be revoked.

8. The commission shall adopt rules in accor-
Section 483A.27, Fishing and Hunting Licenses, Contraband, and Guns

9. The initial hunter safety certificate shall be issued without cost. A duplicate certificate shall be issued at a cost of three dollars.

10. A person under eighteen years of age who is required to exhibit a valid hunting license, shall also exhibit a valid certificate of completion from a state approved hunter safety and ethics education course upon request of an officer of the department. A failure to carry or refusal to exhibit the certificate of completion as provided in this subsection is a violation of this chapter. A violator is guilty of a simple misdemeanor as provided in section 483A.42.

11. A hunter safety and ethics instructor certified by the department shall be allowed to conduct an approved hunter safety and ethics education course on public school property with the approval of a majority of the board of directors of the school district. The conduct of an approved hunter safety and ethics education course is not a violation of any public policy, rule, regulation, resolution, or ordinance which prohibits the possession, display, or use of a firearm, bow and arrow, or other hunting weapon on public school property or other public property in this state.

483A.28 and 483A.29 Reserved.

483A.31 Reciprocal fishing privileges authorized.

1. Reciprocal fishing privileges are contingent upon a grant of similar privileges by another state to residents of this state.

2. The commission may negotiate fishing reciprocity agreements with other states.

3. When another state confers upon fishing licensees of this state reciprocal rights, privileges, and immunities, a fishing license issued by that state entitles the licensee to all rights, privileges, and immunities in the public waters of this state enjoyed by the holders of equivalent licenses issued by this state, subject to duties, responsibilities, and liabilities imposed on its own licensees by the laws of this state.

483A.32 Public nuisance.

Any device, contrivance, or material used to violate a rule adopted by the commission, or any other provision of this chapter or chapter 481A, 481B, 482, 484A, or 484B, is a public nuisance and may be condemned by the state. The director, the director's officers, or any peace officer, shall seize the devices, contrivances, or materials used as a public nuisance, without warrant or process, and deliver them to a magistrate having jurisdiction. An automobile shall not be construed to be a public nuisance under this section.

483A.33 Disposition of property seized as public nuisance.

The disposition of property seized pursuant to section 483A.32 shall be conducted as follows:

1. The officer taking possession of property seized as a public nuisance shall make a written inventory of the property and deliver a copy of the inventory to the person from whom the property was seized. The inventory shall include the name of the person taking custody of the seized property, the date and place of seizure, and the name of the seizing public agency. Property which has been seized shall be safely secured and stored by the public agency which caused its seizure unless directed otherwise by the county attorney of the county where the property was seized or by the attorney general.

2. a. The county attorney or attorney general may file with the clerk of the district court for the county in which the property was seized a notice of condemnation which shall include a description of the property claimed to be condemned by the state, the grounds upon which the state claims that the property has been condemned, the date and place of seizure, and the name of the person from whom the property was seized.

b. The notice shall be filed not later than six months after the property was seized. Failure to file within the time limit terminates the state's right to claim a condemnation of the property.

c. The state shall give notice of condemnation to the person from whom the property was seized and any person identified as an owner or lien holder, by certified mail, personal service, or publication.

3. a. The person from whom the property was seized may make application for its return in the office of the clerk of the district court for the county
in which the property was seized. The application shall be filed within thirty days after the receipt of the notice of condemnation. Failure to file the application within this time period terminates the interest of the person and the ownership of the property shall be transferred to the state.

b. The application for return of condemnable property shall be written and shall state the specific item or items sought, the nature and the source of the claimant's interest in the property, and the grounds upon which the claimant seeks to avoid condemnation. The ownership of property is not sufficient grounds for its return. The written application shall be specific and the claimant shall be limited at the judicial hearing to proof of the grounds set forth in the application for return. The fact that the property is inadmissible as evidence or that it may be suppressed is not grounds for its return. If specific grounds for return are not provided in the application for return, or the grounds are insufficient as a matter of law, the court may enter judgment on the pleadings without further hearing.

4. If an application for return of condemnable property is timely and of sufficient grounds, the claim shall be set for hearing. The hearing shall be held not less than ten nor more than thirty days after the filing of the claim. The proceeding shall be conducted by a magistrate or a district associate judge. All claims to the same property shall be heard in one proceeding, unless it is shown that the proceeding would result in prejudice to one or more of the parties.

5. a. Upon a finding by the court that the property is condemnable, the court shall enter an order transferring title of the property to the state, and placed at the disposal of the director, who may use or sell the property, depositing the proceeds of the sale in the state fish and game protection fund.

b. Upon a finding by the court that the property should not be condemned, the property shall be returned to the person from whom it was seized. If the property is necessary for use as evidence in a criminal proceeding, the property shall not be returned until its use as evidence is no longer required.

WILDLIFE HABITAT BONDS

483A.50 Definitions.

When used in this division, unless the context otherwise requires:
1. “Bonds” means negotiable wildlife habitat bonds of the commission issued pursuant to this division and includes all bonds, notes, and other obligations issued in anticipation of these bonds or as refunding bonds pursuant to this division.
2. “Treasurer” means the treasurer of state of the state of Iowa.
3. “Wildlife habitat bond fund” means the fund created by section 483A.53.
86 Acts, ch 1231, §2
C87, §110.50
C93, §483A.50

483A.51 Bonds issued by the commission.

1. The commission may issue its negotiable bonds in principal amounts as, in the opinion of the commission, are necessary to provide funds for the acquisition of real property for the development and enhancement of wildlife lands and habitat areas, the payment of interest on its bonds and all other expenditures of the commission incident to and necessary or convenient to carry out the acquisition. However, the commission shall not have a total principal amount of bonds outstanding at any time in excess of eight million dollars. The bonds shall be deemed to be investment securities and negotiable instruments within the meaning of and for all purposes of chapter 554, the uniform commercial code.
2. Bonds issued by the commission are payable solely and only from the revenues credited to the wildlife habitat bond fund. Taxes or appropriations shall not be pledged for the payment of the bonds. Bonds are not an obligation of this state or any political subdivision of this state other than the commission within the meaning of any constitutional or statutory debt limitations, but are special obligations of the commission payable solely and only from the sources provided in this division, and the commission shall not pledge the general credit or taxing power of this state or any political subdivision of this state or make its debts payable out of any moneys except those of the wildlife habitat bond fund.
3. Bonds must be authorized by a resolution of the commission. However, a resolution authorizing the issuance of obligations may delegate to an officer of the commission the power to negotiate and fix the details of an issue of bonds or notes by an appropriate certificate of the authorized officer.
4. The bond proceedings shall provide for the purpose of the bonds, principal amount and principal maturity or maturities, the interest rate or rates or the maximum interest rate, the date of the bonds and the dates of payment of interest on the bonds, their denomination, the terms and conditions upon which parity bonds may be issued, and the establishment within or without the state of a place or places of payment of principal of and interest on the bonds. The purpose of the bonds may be stated in the bond proceedings in terms describing the general purpose or purposes to be served. The commission may cause to be issued a prospectus or official statement in connection with the offering of the bonds. Bonds may be issued in coupon or in registered form, or both. Provision may be made for the registration of bonds with coupons attached as to principal alone, or as to both principal and interest, their exchange for bonds so registered, and for the conversion or reconversion into bonds with coupons attached of any bonds registered as to both principal and interest, and for reasonable charges for registration, exchange, conversion, and reconversion. Bonds shall be sold in the manner and at the time determined by the commission. Chapter 75 and sections 73A.12 through 73A.16 do not apply to these bonds. The bonds are negotiable instruments. The bond proceedings may contain additional provisions as to:
a. The redemption of bonds prior to maturity at the option of the commission at the price and on the terms and conditions provided in the bond proceedings.
b. Other terms of the bonds and concerning execution and delivery of the bonds.
c. The delegation of responsibility for any act relating to the issuance, execution, sale, redemption, or other matter pertaining to the bonds to any other officer, agency of the state, or other person or body.
d. Additional agreements with the bondholders relating to the bonds.
e. Payment from the proceeds of the sale of the bonds of all legal and financial expenses incurred by the commission in the issuance, sale, delivery, and payment of the bonds.

f. Other matters, alike or different, which may in any way affect the security of the bonds and the protection of the bondholders.

5. The power to issue bonds includes the power to issue obligations in the form of bond anticipation notes or other forms of short-term indebtedness and to renew these notes by the issuance of new notes. The holders of notes or interest coupons of notes have a right to be paid solely from those revenues credited to the wildlife habitat bond fund which were pledged to the payment of the bonds anticipated, or from the proceeds of those bonds or renewal notes, or both, as the commission provides in the bond proceedings authorizing the notes. The notes may be additionally secured by covenants of the commission to the effect that the commission will do those acts authorized by this division and necessary for the issuance of the bonds or renewal notes in appropriate amount, and either exchange the bonds or renewal notes for the notes, or apply the proceeds of the notes, to the extent necessary, to make full payment of the principal of and interest on the notes at the time contemplated, as provided in the bond proceedings. For this purpose, the commission may issue bonds or renewal notes in a principal amount and upon terms as authorized by this division and as necessary to provide funds to pay when required the principal of and interest on the outstanding notes. All provisions for and references to bonds in this division are applicable to notes authorized under this subsection to the extent not inconsistent with this subsection.

6. The commission may authorize and issue bonds for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of bonds previously issued by the commission. These bonds may be issued in amounts sufficient for payment of the principal amount of the prior bonds, any redemption premiums on the prior bonds, principal maturities of bonds maturing prior to the redemption of the remaining bonds on a parity with them, interest accrued or to accrue to the maturity date or dates of redemption of the bonds, and project costs including expenses incurred or to be incurred in connection with this issuance, refunding, funding, and retirement. Subject to the bond proceedings, the portion of proceeds of the sale of bonds issued under this subsection to be applied to principal of and interest on the prior bonds shall be credited to the appropriate account for the prior bonds. Bonds authorized under this subsection shall be deemed to be issued for those purposes for which the prior bonds were issued and are subject to the provisions of this division pertaining to other bonds. Refunding bonds may be issued without regard to whether or not the bonds to be refunded are payable on the same date or different dates or due serially or otherwise.

86 Acts, ch 1231, §3
C87, §110.51
C93, §483A.51

483A.52 Additional powers of commission.

In connection with the issuance of the bonds or in order to secure the payment of the bonds and interest on the bonds, the commission may by resolution:

1. Provide that the bonds be secured by a first lien on the revenues and receipts received or to be received into the wildlife habitat bond fund from income from the investment of the wildlife habitat bond fund, from moneys received from the sale of bonds, and from any other moneys which are available for the payment of bond service charges.

2. Pledge for the benefit of the bondholders any part of the receipts in the wildlife habitat bond fund. The pledge shall be effective without physical delivery or further act and moneys in the fund may be applied for the purposes as pledged without the necessity of an Act of appropriation.

3. Establish, authorize, set aside, regulate, and dispose of reserves and sinking funds.

4. Provide that sufficient amounts of the proceeds of the sale of the bonds may be used to fully or partially fund any and all reserves or sinking funds set out by the bond resolution.

5. Prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of the bonds whose holders must consent thereto, and the manner in which the consent may be given.

6. Purchase bonds, out of funds available for that purpose, which shall be canceled, at a price not exceeding either of the following:

a. If the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date.

b. If the bonds are not then redeemable, the redemption price applicable on the first date after the purchase upon which the bonds become subject to redemption plus accrued interest to that date.

86 Acts, ch 1231, §4
C87, §110.52
C93, §483A.52

483A.53 Payment of bonds.

A wildlife habitat bond fund is created in the state treasury. At the direction of the commission as provided in the bond proceedings or pursuant to section 483A.52, subsection 1 or 2, and as certified by the director, the treasurer of state shall credit to the wildlife habitat bond fund from the revenues received from the sale of wildlife habitat stamps a sum at least sufficient to pay interest on the bonds in each fiscal year and principal on the
bonds that mature during each fiscal year. In each fiscal year after July 1, 1986 and after bonds are issued, and until all the bonds issued have been retired, in order to provide for the payment of principal of the bonds issued and sold and the interest on them as the same become due and mature, there is pledged and annually appropriated out of the revenues to be credited to the wildlife habitat bond fund an amount sufficient to pay principal and interest on the bonds issued for each of the years the bonds are outstanding. The director shall annually certify to the treasurer the amount of funds required to pay interest on the bonds in the ensuing fiscal year and the principal on the bonds that mature during the ensuing fiscal year.

483A.54 Nonliability of the state and its officials.
Bonds issued are special limited obligations of the commission and are not a debt or liability of the state or any other political subdivision within the meaning of any constitutional or statutory debt limitation and are not a pledge of the state's credit or taxing power within the meaning of any constitutional or statutory limitation or provision and, except as provided in this division, an appropriation shall not be made, directly or indirectly, by the state or any political subdivision of the state for the payment of bonds. The bonds are special obligations of the commission payable solely from the wildlife habitat bond fund. Funds from the general fund of the state shall not be used to pay interest or principal on the bonds if revenues deposited in the wildlife habitat bond fund are insufficient.

The members of the commission or other person executing the bonds is not personally liable for the payment of the bonds. The bonds are valid and binding obligations of the commission notwithstanding the fact that before the delivery of the bonds any of the officers whose signatures appear on the bonds cease to be officers of the state. From and after the sale and delivery of the bonds, they shall be incontestable by the commission.

483A.56 Rights of bondholders.
The bond proceedings may provide that a holder of bonds or a trustee under the bond proceedings, except to the extent that the holder's rights are restricted by the bond proceedings, may by legal proceedings, protect and enforce any rights under the laws of this state or granted by the bond proceedings. These rights include the right to compel the performance of all duties of the commission required by this division or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any principal or interest on bonds or in the performance of a covenant or agreement on the part of the commission in bond proceedings, to apply to a court to appoint a receiver to receive and administer the funds which are pledged to the payment of bonds or which are the subject of the covenant or agreement, with full power to pay and to provide for payment of any principal of or interest on bonds and with powers accorded receivers in general equity cases, excluding power to pledge additional funds or other income or moneys of the commission, the state, or governmental agencies of the state to the payment of the bonds.

483A.55 Bonds as legal investments.
Bonds are securities in which all public officers and bodies of the state and all municipalities and political subdivisions of this state, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks, and savings associations, including savings and loan associations, building loan associations, investment companies, and other persons carrying on a banking business, all administrators, guardians, executors, trustees, and other fiduciaries and all other persons who are now or may be authorized to invest in bonds or other obligations of this state may properly and legally invest funds including capital in their control or belonging to them. The bonds are also securities which may be deposited with and may be received by all public officers and bodies of the state and all municipalities and legal subdivisions of this state for any purpose for which the deposit of bonds or other obligations of the state is now or may be authorized.

CHAPTER 484
INTERURBAN RAILWAYS
Repealed by 75 Acts, ch 170, §34
CHAPTER 484A
MIGRATORY GAME BIRDS

This chapter not enacted as a part of this title; transferred from chapter 110B in Code 1993
See §481A.134 and 481A.135 for point system and additional penalties

484A.1 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Commission” means the natural resource commission.
2. “Migratory game bird” means any wild goose, brant, wild duck, snipe, rail, woodcock, or coot.

484A.2 Fee required.
A person sixteen years of age or older shall not hunt or take any migratory game bird within this state without first paying a migratory game bird fee. The director shall determine the means and method of collecting the migratory game bird fees.

484A.4 Use of revenue.
All revenue generated from the migratory game bird fee shall be used for projects approved by the commission for the purpose of protecting and propagating migratory game birds and for the acquisition, development, restoration, maintenance or preservation of wetlands, except for that part which is specified by the commission for use in paying administrative expenses as provided in section 456A.17.

The commission may enter into contracts with nonprofit organizations for the use of fifteen percent of such funds outside the United States if the commission finds that such contracts are necessary for carrying out the purposes of this chapter.

484A.5 Projects approved.
Before approving and allocating funds for a proposed project to be undertaken outside this state or outside the United States, the commission shall obtain evidence that the project is acceptable to the government agency having jurisdiction over the lands and waters affected by the project.

484A.6 Penalty.
Any person violating any of the provisions of this chapter shall be guilty of a simple misdemeanor.

CHAPTER 484B
HUNTING PRESERVES

See §481A.134 and 481A.135 for point system and additional penalties

484B.1 Definitions.
484B.2 Rules.
484B.3 Authority of the director.
484B.4 Application and license requirements.
484B.5 Boundaries signed — fenced.
484B.6 Game birds released.
**484B.1 Definitions.**

As used in this chapter unless the context otherwise requires:

1. “Commission” means the natural resource commission.
2. “Department” means the department of natural resources.
3. “Director” means the director of the department.
4. “Game birds” means pen-reared birds of the family gallinae and mallard ducks.
5. “Hunting preserve” means property and facilities either privately owned or leased for holding, rearing, releasing, or processing captive-raised game for the purpose of hunting, for a fee, over an extended season.
6. “Livestock” means the same as defined in section 717.1.
7. “Pen-reared” means the propagation and holding of game birds and game animals whose origins are from captive populations.
8. “Season” means hunting preserve season.
9. “Ungulate” means hoofed nondomesticated mammal other than livestock.

**484B.2 Rules.**

The commission may adopt rules under chapter 17A as necessary to carry out this chapter.

**484B.3 Authority of the director.**

The director shall develop, administer, and enforce hunting preserve programs and requirements within the state which implement the provisions of this chapter and the rules adopted by the commission.

The chapter does not apply to keeping farm deer as defined in section 170.1.

**484B.4 Application and license requirements.**

1. A person who owns or controls by lease or otherwise for five or more years, a contiguous tract of land having an area of not less than three hundred twenty acres, and who desires to establish a hunting preserve, to propagate and sell game birds and their young or unhatched eggs, and shoot game birds and ungulates on the land, under this chapter or the rules of the commission, shall make application to the department for an operator’s license. The application shall be made under oath of the applicant or under oath of one of its principal officers if the applicant is an association, corporation, or copartnership. Under the authority of this license, any property or facilities to be used for propagating, holding, processing, or pasturing of game birds or ungulates shall not be required to be contained within the contiguous land area used for hunting purposes. The application shall be accompanied by an operator’s license fee of two hundred dollars.

2. Upon receipt of an application, the department or its authorized agent shall inspect the proposed hunting preserve and facilities described in the application. If the department finds that the proposed hunting preserve meets the following requirements, the department may approve the application and issue a hunting preserve operator’s license for the operation of the property and facilities described in the application with the rights and subject to the limitations in this chapter and the rules adopted by the commission:
   a. The proposed hunting preserve contains at least three hundred twenty acres but not more than two thousand five hundred sixty acres.
   b. The area of the proposed hunting preserve is contiguous.
   c. The total area of all licensed hunting preserves and the proposed hunting preserve will not exceed three percent of the land area of the county.
   d. The game birds or ungulates released on the preserve will not be detrimental to wildlife.
   e. The proposed hunting preserve will not interfere with the normal activities of migratory birds.
3. All hunting preserve operator’s licenses shall expire on March 31 of each year.

**484B.5 Boundaries signed — fenced.**

Upon receipt of a hunting preserve license, the licensee shall promptly sign the licensed property with signs prescribed by the department. A licensee holding and releasing ungulates shall construct and maintain boundary fences prescribed by the department so as to enclose and contain all released ungulates and exclude all ungulates which are property of the state from becoming a part of the hunting preserve enterprise.
484B.6 Game birds released.
The licensee of a licensed hunting preserve may take, or authorize to be taken within the season, the numbers of game birds as provided in this section:
1. A licensed hunting preserve may take up to eighty percent of the total number of pheasant and quail released. One hundred percent of all other game birds released may be taken.
2. A minimum of five hundred game birds shall be released during the hunting preserve season by each licensed hunting preserve authorized to release game birds.
3. A licensee operating two or more licensed hunting preserve areas shall release a cumulative minimum of eight hundred game birds during the hunting preserve season.
4. If hen ring-necked pheasants are shot on the licensed hunting preserve, no less than thirty-five percent of all ring-necked pheasants released shall be hens.

92 Acts, ch 1160, §6

484B.7 Records — reports — inspections.
1. Each hunting preserve licensee shall keep the records and make the reports required on forms prepared and provided by the department. All records shall be open for inspection at any reasonable time by the department or its authorized agents.
2. Each licensee shall file an annual report with the department on or before April 30. The report shall detail the hunting preserve operations during the preceding license year. The original report shall be forwarded to the department and a copy shall be retained in the hunting preserve’s file for three years from the date of expiration of the hunting preserve’s last license issued. Records required by this section shall be entered in the hunting preserve’s last license issued. Records required by this section shall be entered in the annual report record within twenty-four hours of the event. Failure to keep or submit the required records and reports is grounds for refusal to renew a license for the succeeding year. An on-site inspection of property and facilities shall be conducted by an authorized agent of the department prior to the initial issuance of a hunting preserve license. The hunting preserve may be reinspected by an agent of the department at any reasonable time. A licensed hunting preserve shall maintain adequate facilities for all designated birds and ungulates held under the hunting preserve license.

92 Acts, ch 1160, §7

484B.8 Game bird transportation tags — markings.
The department shall prepare transportation tags suitable for use upon the legs of game birds described in this chapter. The tags shall be of a type which are not removable without breaking and mutilating the tag. The tags shall be used to designate all game birds taken by hunters upon a licensed hunting preserve. The department shall provide licensees with the tags. All dead game birds removed from a licensed hunting preserve shall have a hunting preserve tag affixed to one leg prior to being transported from the licensed hunting preserve, except as otherwise provided by rule of the commission. All mallards released for hunting purposes shall be physically marked by the removal of the hind toe from the right foot at not more than four weeks of age, so as to provide for permanent identification. Game bird tags issued to a hunting preserve are not transferable.

92 Acts, ch 1160, §8

484B.9 Ungulate transportation tags — markings.
The department shall prepare transportation tags suitable for use upon the carcass of ungulates described in this chapter. The tags shall be used to designate all ungulates taken by hunters upon a licensed hunting preserve. The department shall provide licensees with the tags. All ungulates taken on a licensed hunting preserve shall be tagged with a numbered tag prior to being removed from the hunting preserve. The hunter shall tag the ungulate taken in accordance with the rules as determined by the department. The tag shall remain attached to the carcass of the dead ungulate until processed for consumption. The hunter shall be provided with a bill of sale by the licensee. The bill of sale shall remain in the possession of the hunter. Ungulate tags issued to a hunting preserve are not transferable.

92 Acts, ch 1160, §9

484B.10 Season — hunting license.
1. A person shall not take a game bird or ungulate upon a hunting preserve, by shooting in any manner, except during the established season or as authorized by section 481A.56. The established season shall be September 1 through March 31 of the succeeding year, both dates inclusive. The owner of a hunting preserve shall establish the hunting season for nonnative, pen-reared ungulates on the hunting preserve.
2. Waterfowl shall not be shot over any area where pen-reared mallards may serve as live decoys for wild waterfowl. All persons hunting game birds or ungulates upon a licensed hunting preserve shall secure a hunting license to do so in accordance with the game laws of Iowa, with the exception that an unlicensed person may secure an annual hunting preserve license restricted to hunting preserves only for a license fee of five dollars. All persons who hunt on hunting preserves shall pay the wildlife habitat fee.

92 Acts, ch 1160, §10; 96 Acts, ch 1072, §1; 98 Acts, ch 1199, §25, 27; 98 Acts, ch 1223, §30
484B.11 Health requirements — game birds.
All game birds, including breeders and non-breeders; or their chicks or unhatched eggs either purchased, propagated, confined, released, or sold by a licensed hunting preserve shall be free of diseases considered significant for wildlife, poultry, or livestock and shall comply with all game bird, mallard, and turkey requirements as designated by the national poultry improvement plan (NPIP) and in accordance with the United States department of agriculture and requirements of the Iowa department of agriculture and land stewardship.
92 Acts, ch 1160, §11

484B.12 Health requirements — ungulates.
All ungulates which are purchased, propagated, confined, released, or sold by a licensed hunting preserve shall be free of diseases considered significant for wildlife, poultry, or livestock. The department of agriculture and land stewardship shall provide for the regulation of farm deer as provided in chapter 170.

484B.13 License refusal.
The department may either refuse to issue, refuse to renew, or suspend or revoke a hunting preserve license if the department finds that the licensed area or the operator or employees of the licensed area are not in compliance with this chapter, or that the property or area is operated in violation of this chapter or administrative rules adopted under this chapter.
92 Acts, ch 1160, §13

484B.14 Penalties.
A person who violates a provision of this chapter or a rule adopted under this chapter is guilty of a simple misdemeanor.
92 Acts, ch 1160, §14
