The director of the department of administrative services shall issue warrants for payment of death benefit claims approved for payment by the department of public safety under subsection 2.

2. a. If the department of public safety determines, upon the receipt of evidence and proof from the fire chief or supervising officer, that the death of a volunteer emergency services provider was the direct and proximate result of a traumatic personal injury incurred in the line of duty as a volun-
teer, a line of duty death benefit in an amount of one hundred thousand dollars shall be paid in a lump sum to the volunteer emergency services provider’s beneficiary. A line of duty death benefit payable under this subsection shall be in addition to any other death benefit payable to the volunteer emergency services provider.

(1) (a) The death resulted from stress, strain, occupational illness, or a chronic, progressive, or congenital illness, including, but not limited to, a disease of the heart, lungs, or respiratory system, unless a traumatic personal injury was a substantial contributing factor to the volunteer emergency services provider’s death.

(b) However, if the death was the direct and proximate result of a heart attack or stroke, the volunteer emergency services provider shall be presumed to have died as a result of a traumatic personal injury if the provider engaged in a nonroutine stressful or strenuous physical activity within the scope of the provider’s duties and the death resulted while engaging in that activity, while still on duty after engaging in that activity, or not later than twenty-four hours after engaging in that activity, and the presumption is not overcome by competent medical evidence to the contrary. For purposes of this subparagraph subdivision (b) “nonroutine stressful or strenuous physical activity” includes, but is not limited to, nonroutine stressful or strenuous physical law enforcement, fire suppression, rescue, hazardous material response, emergency medical services, prison security, disaster relief, emergency response, and training exercise activities. “Nonroutine stressful or strenuous physical activity” does not include activities of a clerical, administrative, or nonmanual nature.

(2) The death was caused by the intentional misconduct of the volunteer emergency services provider or by such provider’s intent to cause the provider’s own death.

(3) The volunteer emergency services provider was voluntarily intoxicated at the time of death.

(4) The volunteer emergency services provider was performing the provider’s duties in a grossly negligent manner at the time of death.

(5) A beneficiary who would otherwise be entitled to a benefit under this subsection was, through the beneficiary’s actions, a substantial contributing factor to the volunteer emergency services provider’s death.

3. For purposes of this section, “volunteer emergency services provider” means any of the following:

a. A volunteer fire fighter as defined in section 85.61.

b. A person performing the functions of an emergency medical care provider or emergency rescue technician as defined in section 147A.1 who was not paid full-time by the entity for which such services were being performed at the time the incident giving rise to the death occurred.

As to any rule the need for compliance with which is conditioned on local factors, the rules shall provide, as a condition precedent to evaluation or issuance of a compliance order, for reasonable notice to the proprietor of the facility affected of intention to evaluate the need and of the time and place at which the proprietor may appear and offer evidence thereon.

The owner of an aboveground petroleum storage tank taken out of operation between January 1, 1979, and July 1, 1989, shall notify the state fire marshal in writing by July 1, 1989, of the existence of the tank unless the owner knows the tank has been removed from the site. The notice shall specify, to the extent known to the owner, the date the tank was taken out of operation, the age of the tank on the date taken out of operation, the size, type, and location of the tank, and the type and quantity of substances left stored in the tank on the date that it was taken out of operation.
3. An owner or operator which brings into use an aboveground petroleum storage tank after July 1, 1989, shall notify the state fire marshal in writing within thirty days of the existence of the tank and specify the age, size, type, location, and uses of the tank.

If a registration tag is not affixed to the aboveground petroleum storage tank fill pipe, the person conveying or depositing the petroleum may deposit the petroleum in the unregistered tank. However, the deposit is allowed only in the single instance, that the person provides the owner or operator with another notice as required by subsection 5, and that the person provides the owner or operator with an aboveground petroleum storage tank registration form. It is the owner or operator’s duty to comply with registration requirements. A late registration penalty of twenty-five dollars is imposed in addition to the registration fee for a tank registered after the required date.

If the sample is analyzed, a copy of the results of the analysis shall be furnished promptly to the owner, operator, or agent in charge.
   (2) Documents or information obtained from a person under this subsection shall be available to the public except as provided in this subparagraph. Upon a showing satisfactory to the state fire marshal by a person that public disclosure of documents or information, or a particular part of the documents or information to which the state fire marshal has access under this subsection would divulge commercial or financial information entitled to protection as a trade secret, the state fire marshal shall consider the documents or information or the particular portion of the documents or information confidential. However, the documents or information may be disclosed to officers, employees, or authorized representatives of the United States charged with implementing the federal Solid Waste Disposal Act, to employees of the state of Iowa or of other states when the document or information is relevant to the discharge of their official duties, and when relevant in a proceeding under the federal Solid Waste Disposal Act or this division.
   2. Maintain an accurate inventory of aboveground petroleum storage tanks.
   3. Take any action allowed by law which, in the state fire marshal’s judgment, is necessary to enforce or secure compliance with this division or any rule adopted pursuant to this division.
4. Conduct investigations of complaints received directly, referred by other agencies, or other investigations deemed necessary. While conducting an investigation, the state fire marshal may enter at any reasonable time in and upon any private or public property to investigate any actual or possible violation of this division or the rules or standards adopted under this division. However, the owner or person in charge shall be notified.
   a. If the owner or operator of any property refuses admittance, or if prior to such refusal the state fire marshal demonstrates the necessity for a warrant, the state fire marshal may make application under oath or affirmation to the district court of the county in which the property is located for the issuance of a search warrant.
   b. In the application the state fire marshal shall state that an inspection of the premises is mandated by the laws of this state or that a search of certain premises, areas, or things designated in the application may result in evidence tending to reveal the existence of violations of public health, safety, or welfare requirements imposed by statutes, rules, or ordinances established by the state or a political subdivision of the state. The application shall describe the area, premises, or thing to be searched, give the date of the last inspection if known, give the date and time of the proposed inspection, declare the need for such inspection, recite that notice of the desire to make an inspection has been given to affected persons and that admission was refused if that be the fact, and state that the inspection has no purpose other than to carry out the purpose of the statute, rule, or ordinance pursuant to which inspection is to be made. If an item of property is sought by the state fire marshal it shall be identified in the application.
   c. If the court is satisfied from the examination of the applicant, and of other witnesses, if any, and of the allegations of the application of the existence of the grounds of the application, or that there is probable cause to believe in their existence, the court may issue a search warrant.
   d. In making inspections and searches pursuant to the authority of this division, the state fire marshal must execute the warrant as follows:
      (1) Within ten days after its date.
      (2) In a reasonable manner, and any property seized shall be treated in accordance with the provisions of chapters 808 and 809.
5. Subject to any restrictions imposed by the statute, rule or ordinance pursuant to which inspection is made.

101.25 Violations — orders.
1. If substantial evidence exists that a person has violated or is violating a provision of this division or a rule adopted under this division the state
fire marshal may issue an order directing the person to desist in the practice which constitutes the violation, and to take corrective action as necessary to ensure that the violation will cease, and may impose appropriate administrative penalties pursuant to section 101.26. The person to whom the order is issued may appeal the order as provided in chapter 17A. On appeal, the administrative law judge may affirm, modify, or vacate the order of the state fire marshal.

2. However, if it is determined by the state fire marshal that an emergency exists respecting any matter affecting or likely to affect the public health, the fire marshal may issue any order necessary to terminate the emergency without notice and without hearing. The order is binding and effective immediately and until the order is modified or vacated at an administrative hearing or by a district court.

3. The state fire marshal may request the attorney general to institute legal proceedings pursuant to section 101.26.

89 Acts, ch 131, §8

101.26 Penalties — burden of proof.

1. A person who violates this division or a rule or order adoption issued pursuant to this division is subject to a civil penalty not to exceed one hundred dollars for each day during which the violation continues, up to a maximum of one thousand dollars; however, if the tank is registered within thirty days after the state fire marshal issues a cease and desist order pursuant to section 101.25, subsection 1, the civil penalty under this section shall not accrue. The civil penalty is an alternative to a criminal penalty provided under this division.

2. A person who knowingly fails to notify or makes a false statement, representation, or certification in a record, report, or other document filed or required to be maintained under this division, or violates an order issued under this division, is guilty of an aggravated misdemeanor.

3. The attorney general, at the request of the state fire marshal, shall institute any legal proceedings, including an action for an injunction, necessary to enforce the penalty provisions of this division or to obtain compliance with the provisions of this division or rules adopted or order pursuant to this division. In any action, previous findings of fact of the state fire marshal after notice and hearing are conclusive if supported by substantial evidence in the record when the record is viewed as a whole.

4. In all proceedings with respect to an alleged violation of this division or a rule adopted or order issued by the state fire marshal pursuant to this division, the burden of proof is upon the state fire marshal.

5. If the attorney general has instituted legal proceedings in accordance with this section, all related issues which could otherwise be raised by the alleged violator in a proceeding for judicial review under section 101.27 shall be raised in the legal proceedings instituted in accordance with this section.

89 Acts, ch 131, §9

101.27 Judicial review.

Except as provided in section 101.26, subsection 5, judicial review of an order or other action of the state fire marshal may be sought in accordance with chapter 17A. Notwithstanding chapter 17A, the Iowa administrative procedure Act, petitions for judicial review may be filed in the district court of the county in which the alleged offense was committed or the final order was entered.

1. The state fire marshal shall issue commercial licenses for the manufacture, importation, distribution, sale, and commercial use of explosives to persons who, in the state fire marshal’s discretion are of good character and sound judgment, and have sufficient knowledge of the use, handling, and storage of explosive materials to protect the public safety. Licenses shall be issued for a period of one year, but may be issued for shorter periods, and may be revoked or suspended by the state fire marshal for any of the following reasons:
   a. Falsification of information submitted in the application for a license.
   b. Proof that the licensee has violated any provisions of this chapter or any rules prescribed by the state fire marshal pursuant to the provisions of this chapter.

3. Prescribe reasonable standards for the safe storage of explosive materials as may be necessary to prevent accidental fires and explosions and prevent thefts and unlawful or unauthorized possession of explosive materials.

4. Require such reports from licensees, permittees, sheriffs, and chiefs of police as may be necessary for the state fire marshal to discharge the fire marshal’s duties pursuant to this chapter.

5. Prescribe the form and content of license and permit applications.

101A.6 Notice of storage required.

A licensee shall notify the sheriff of the county and the local police authority of any city in which explosive materials will be stored, and shall also notify such authorities when the storage is terminated.
101A.7 Inspection of storage facility.

The licensee's or permittee's explosive storage facility shall be inspected at least once a year by a representative of the state fire marshal's office, except that the state fire marshal may, at those mining operations licensed and regulated by the United States department of labor, accept an approved inspection report issued by the United States department of labor, mine safety and health administration, for the twelve-month period following the issuance of the report. The state fire marshal shall notify the appropriate city or county governing board of licenses to be issued in their respective jurisdictions pursuant to this chapter. The notification shall contain the name of the applicant to be licensed, the location of the facilities to be used in storing explosives, the types and quantities of explosive materials to be stored, and other information deemed necessary by either the governing boards or the state fire marshal. The facility may be examined at other times by the sheriff of the county where the facility is located or by the local police authority if the facility is located within a city of over ten thousand population and if the sheriff or city council considers it necessary.

If the state fire marshal finds the facility to be improperly secured, the licensee or permittee shall immediately correct the improper security and, if not so corrected, the state fire marshal shall immediately confiscate the stored explosives. Explosives may be confiscated by the county sheriff or local police authority only if a situation that is discovered during an examination by those authorities is deemed to present an immediate danger. If the explosives are confiscated by the county sheriff or local police authority, they shall be delivered to the state fire marshal. The state fire marshal shall hold confiscated explosives for a period of thirty days under proper security unless the period of holding is shortened pursuant to this section.

If the licensee or permittee corrects the improper security within the thirty-day period, the explosives shall be returned to the licensee or permittee after correction and after the licensee or permittee has paid to the state an amount equal to the expense incurred by the state in storing the explosives during the period of confiscation. The amount of expense shall be determined by the state fire marshal.

If the improper security is not corrected during the thirty-day period, the state fire marshal shall dispose of the explosives and the license or permit shall be canceled. A canceled license or permit shall not be reissued for a period of two years from the date of cancellation.

101A.8 Report of theft or loss required.

Any theft or loss of explosive materials, whether from a storage magazine, a vehicle in which they are being transported, or from a site on which they are being used, or from any other location, shall immediately be reported by the person authorized to possess such explosives to the local police or county sheriff. The local police or county sheriff shall immediately transmit a report of such theft or loss of explosive materials to the state fire marshal.

101A.9 Disposal regulated.

No person shall abandon or otherwise dispose of any explosives in any manner which might, as the result of such abandonment or disposal, create any danger or threat of danger to life or property. Any person in possession or control of explosives shall, when the need for such explosives no longer exists, dispose of them in accordance with rules prescribed by the state fire marshal.

101A.10 Persons and agencies exempt.

This chapter shall not apply to the transportation and use of explosive materials by the regular military or naval forces of the United States, the duly organized militia of this state, representatives of the state fire marshal, the state patrol, division of criminal investigation, local police departments, sheriffs departments, and fire departments acting in their official capacity; nor shall this chapter apply to the transportation and use of explosive materials by any peace officer to enforce provisions of this chapter when the peace officer is acting pursuant to such authority, however, other agencies of the state or any of its political subdivisions desiring to purchase, possess, transport, or use explosive materials for construction or other purposes shall be required to obtain user's permits.

101A.11 Explosive materials exempt.

This chapter shall not apply to the possession or use of twenty-five pounds or less of smokeless powder, or five pounds or less of black sporting powder, provided that:

1. Smokeless powder is intended for handloading or reloading of ammunition for small arms with bores equivalent to ten gauge or less.

3. All such powder is for private use and not for
commercial resale, and in the case of black sporting powder or smokeless powder the sharing with or disposition to another person is permitted if otherwise lawful.

4. The storage, use, and handling of smokeless and black powder conforms to rules or ordinances of authorities having jurisdiction for fire prevention and suppression purposes in the area of such storage, use, and handling.

This chapter shall be known as the “State Building Code Act”.
[C73, 75, 77, 79, 81, §103A.1]

§103A.2 Statement of policy.
It is found and declared that some governmental subdivisions do not have building codes and that the building codes which do exist in the governmental subdivisions of this state, as enacted and applied, are not uniform and impede the utilization of new and improved technology, techniques, methods, and materials in the manufacture and construction of buildings and structures. Therefore, it is the policy of the state of Iowa to insure the health, safety, and welfare of its citizens through the promulgation and enforcement of a state building code.

The rules adopted shall include provisions imposing requirements reasonably consistent with or identical to recognized and accepted standards contained in performance criteria.
2. Establish such standards and requirements in terms of performance objectives.
3. Establish as the test of acceptability, adequate performance for the intended use.
4. Permit the use of modern technical methods, devices, and improvements which tend to reduce the cost of construction without substantially affecting reasonable requirements for the health, safety, and welfare of the occupants or users of buildings and structures.

5. Encourage the standardization of construction practices, methods, equipment, material, and techniques.

6. Eliminate restrictive, obsolete, conflicting, and unnecessary regulations and requirements which tend to unnecessarily increase construction costs or retard unnecessarily the use of new materials, or provide unwarranted preferential treatment to types or classes of materials or products or methods of construction.

7. Limit the application of thermal efficiency standards for energy conservation to new construction which will incorporate a heating or cooling system. Air exchange fans designed to provide ventilation shall not be considered a cooling system. The commissioner shall exempt any new construction from thermal efficiency standards for energy conservation if the commissioner determines that the standards are unreasonable as they apply to a particular building or class of buildings including farm buildings for livestock use. Lighting efficiency standards shall recognize variations in lighting intensities required for the various tasks performed within the building. The commissioner shall consult with the department of natural resources regarding standards for energy conservation prior to the adoption of the standards. However, the standards shall be consistent with section 103A.8A.

8. Facilitate the development and use of solar energy.

103A.8A Energy conservation requirements.

The state building code commissioner shall adopt as a part of the state building code a requirement that new single-family or two-family residential construction shall comply with energy conservation requirements. The requirements adopted by the commissioner shall be based upon a nationally recognized standard or code for energy conservation. The requirements shall only apply to single-family or two-family residential construction commenced after the adoption of the requirements. This chapter shall not be construed to prohibit a governmental subdivision from adopting or enacting a minimum energy standard which is substantially in accordance and consistent with energy codes and standards developed by a nationally recognized organization in effect on or after July 1, 2002. A governmental subdivision that adopts or enacts a minimum energy standard which is substantially in accordance and consistent with energy codes and standards developed by a nationally recognized organization shall adopt or enact any update or revision to the energy codes and standards.

However, a governmental subdivision shall not require that a factory-built structure, that was manufactured in accordance with federally mandated standards, be renovated in accordance with the state building code or any other building code which the governmental subdivision has adopted when the factory-built structure is being moved from one lawful location to another unless such required renovation is in conformity with those specifications for the factory-built structure which existed when it was manufactured or the factory-built structure is being rented for occupancy.

Existing factory-built structures not constructed to be in compliance with federally mandated standards may be moved from one established manufactured home community or mobile home park to another and shall not be required to be renovated to comply with the state building code or any other building code which the governmental subdivision has adopted unless the factory-built structure is being rented for occupancy or has been declared a public nuisance according to standards generally applied to housing.

5. Factory-built structures required to comply with the code provisions on manufacture, shall not be modified in any way prior to or during installation, unless prior approval is obtained from the commissioner.

6. The commissioner shall establish an insig-

The insignia may be issued for other factory-built structures which meet code standards and which were manufactured prior to the effective date of the state building code.

7. The commissioner may contract with local government agencies for enforcement of the code relating to manufacture of factory-built structures. Code provisions relating to installation of factory-built structures shall be enforced by the local building departments only in those governmental subdivisions which have adopted the state building code or any other building code.

The alternative building standards and building regulations comprise and shall be known as the state historic building code. The purpose of the state historic building code is to facilitate the restoration or change of occupancy of qualified historic buildings or structures so as to preserve their original or restored architectural elements and features and, concurrently, to provide reasonable safety from fire and other hazards for the occupants and users, through a cost-effective approach to preservation.

A building, structure or collection of structures so designated is a qualified historic building or structure for purposes of sections 103A.41 through 103A.45.

2. A state agency may apply the provisions of the state building code or of the state historic building code, or any combination of the two, in providing reasonable safety from fire and other hazards for the occupants and other users while permitting repairs, alterations and additions necessary for the preservation, restoration, rehabilitation, relocation or continued use of qualified his-
toric buildings or structures.

3. A governmental subdivision may apply the provisions of its regular local building standards and building regulations or of the state historic building code, or any combination of the two, in providing reasonable safety from fire and other hazards for the occupants and other users while permitting repairs, alterations and additions necessary for the preservation, restoration, rehabilitation, relocation or continued use of qualified historic buildings or structures.

4. The alternative building standards and building regulations of the state historic building code shall be enforced in the same manner and by the same governmental entities as the regular building standards and building regulations of those governmental entities respectively.

5. When the requirements of the state historic building code are applied to repairs, alterations or additions to qualified historic buildings or structures, the requirements of this chapter and chapter 104A which are in conflict with the state historic building code do not apply to those repairs, alterations or additions.

CODE OF IOWA

2007

CONTAINING

ALL STATUTES OF A GENERAL AND PERMANENT NATURE

Published under the authority of Iowa Code chapter 2B by the Legislative Services Agency GENERAL ASSEMBLY OF IOWA Des Moines — 2006
PREFACE TO 2007 IOWA CODE

The 2007 Iowa Code is published pursuant to Code chapter 2B. Its form is substantially the same as the 2005 Iowa Code, and it includes the permanent enactments of the 2005 and 2006 sessions of the Eighty-first General Assembly or of an earlier session if the effective date of the enactments was delayed. Except as otherwise indicated in the text or in a footnote, the new sections, amendments, and repeals were effective on or before July 1, 2006. See the 2006 Iowa Acts or earlier session enactments to determine specific effective dates not shown.

CODE VOLUMES AND ARRANGEMENTS. The 2007 Code is published in six textual volumes and one Tables and Index volume. A Skeleton and Popular Name Index printed on pink paper appears at the end of each volume. The Table of Contents on page v enumerates the titles and subtitles found in the Code, and each volume contains an Analysis by Titles, Subtitles, and Chapters for that volume.

EDITORIAL DECISIONS. If multiple amendments were enacted to a section or part of a section, all changes that were duplicative or otherwise did not appear to conflict were harmonized as required under Code sections 2B.13 and 4.11. If multiple amendments conflicted, a strike or repeal prevailed over an amendment to the same material. If multiple amendments were irreconcilable, the amendment that was last in the Act or latest in date of enactment was codified as provided in Code sections 2B.13 and 4.8. At the end of Volume VI are Code Editor’s Notes which explain the major editorial decisions relating to enactments of the 2006 sessions. The Code Editor’s Notes relating to enactments of the 2005 session appear at the end of the 2005 Code Supplement. Code section 2B.13 governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of editorial changes.

HISTORIES. Bracketed material at the end of many Code sections traces the history of the subject matter of those sections up through 1982. Beginning with the 1985 Code, that form of section history was not updated. An amendment to or enactment of a section which occurred during or after the 1983 legislative session is indicated by the addition of an Acts citation at the end of the section. If a section is transferred from one location to another, the section history at the new location will indicate the Code or Code Supplement in which the transfer took place.

CONSTITUTIONS. A codified version of the 1857 Constitution of the State of Iowa, as well as the original version, is included with the introductory material at the beginning of Volume I.

TABLES. The tables appear at the beginning of the index volume which is entitled “Tables and Index.”

COMMENTS. The editorial staff of the Iowa Code welcomes comments and suggestions for improvements.

c. As a further condition for the issuance of a class "E" liquor control license, the applicant shall post a bond in a sum of not less than five thousand nor more than fifteen thousand dollars as determined on a sliding scale established by the division; however, a bond shall not be required if all purchases of alcoholic liquor from the division by the licensee are made by cash payment or by means that ensure that the division will receive full payment in advance of delivery of the alcoholic liquor.

d. A class "E" liquor control license may be issued to a city council for premises located within the limits of the city if there are no class "E" liquor control licensees operating within the limits of the city and no other applications for a class "E" license for premises located within the limits of the city at the time the city council's application is filed. If a class "E" liquor control license is subsequently issued to a private person for premises located within the limits of the city, the city council shall surrender its license to the division within one year of the date that the class "E" liquor control licensee begins operating. Liquidate any remaining assets connected with the liquor store, and cease operating the liquor store.

2. No liquor control license shall be issued for premises which do not conform to all applicable laws, ordinances, resolutions, and health and fire regulations. Nor shall any licensee have or maintain any interior access to residential or sleeping quarters unless permission is granted by the administrator in the form of a living quarters permit.

3. Liquor control licenses issued under this chapter shall be of the following classes:

a. Class "A". A class "A" liquor control license may be issued to a club and shall authorize
the holder to purchase alcoholic liquors from class “E” liquor control licensees only, wine from class “A” wine permittees or class “B” wine permittees who also hold class “E” liquor control licenses only, and native wines from native wine manufacturers, and to sell liquors, wine, and beer to bona fide members and their guests by the individual drink for consumption on the premises only.

However, beer may also be sold for consumption off the premises. Each license shall be effective throughout the premises described in the application.

However, beer may also be sold for consumption off the premises. The license issued to holders of a special class “C” license shall clearly state on its face that the license is limited.

Each license is valid throughout the state. Only one license is required for all trains, watercraft, or aircraft operated in the state by the licensee. However, if a watercraft is an excursion gambling boat licensed under chapter 99F, the owner shall obtain a separate class “D” liquor control license for each excursion gambling boat operating in the waters of this state.

(2) A class “D” liquor control licensee who operates a train or a watercraft intrastate only, or an excursion gambling boat licensed under chapter 99F, shall purchase alcoholic liquor from a class “E” liquor control licensee only, wine from a class “A” wine permittee or a class “B” wine permittee who also holds a class “E” liquor control license only, and beer from a class “A” beer permittee only.

e. Class “E”. A class “E” liquor control license may be issued and shall authorize the holder to purchase alcoholic liquor from the division only and to sell the alcoholic liquor to patrons for consumption off the licensed premises and to other liquor control licensees. A class “E” license shall not be issued to premises at which gasoline is sold. A holder of a class “E” liquor control license may hold other retail liquor control licenses or retail wine or beer permits, but the premises licensed under a class “E” liquor control license shall be separate from other licensed premises, though the separate premises may have a common entrance. However, the holder of a class “E” liquor control license may also hold a class “B” wine or class “C” beer permit or both for the premises licensed under a class “E” liquor control license.

The division may issue a class “E” liquor control license for premises covered by a liquor control license or wine or beer permit for on-premises consumption, if the premises are in a county having a population under nine thousand five hundred in which no other class “E” liquor control license has been issued by the division, and no other application for a class “E” license has been made within the previous twelve consecutive months.

5. Action by administrator.
   a. Upon receipt of an application having been disapproved by the local authority, the administrator shall notify the applicant that the applicant may appeal the disapproval of the application to the administrator. The applicant shall be notified by certified mail, and the application, the fee, and any bond shall be returned to the applicant.
   b. Upon receipt of an application having been approved by the local authority, the division shall make an investigation as the administrator deems necessary to determine that the applicant complies with all requirements for holding a license or permit, and may require the applicant to appear to be examined under oath to demonstrate that the applicant complies with all of the requirements to hold a license or permit. If the administrator requires the applicant to appear and to testify under oath, a record shall be made of all testimony or evidence and the record shall become a part of the application. The administrator may appoint a member of the division or may request an administrative law judge of the department of inspections and appeals to receive the testimony under oath and evidence, and to issue a proposed decision to approve or disapprove the application for a license or permit. The administrator may affirm, reverse, or modify the proposed decision to approve or disapprove the application for the license or permit. If the application is approved by the administrator, the license or permit shall be issued. If the application is disapproved by the administrator, the applicant and the appropriate local authority shall be so notified by certified mail.
6. Appeal to administrator. An applicant for a liquor control license, wine permit, or beer permit may appeal from the local authority’s disapproval of an application for a license or permit to the administrator. In the appeal the applicant shall be allowed the opportunity to demonstrate in an evidentiary hearing conducted pursuant to chapter 17A that the applicant complies with all of the requirements for holding the license or permit. The administrator may appoint a member of the division or may request an administrative law judge from the department of inspections and appeals to conduct the evidentiary hearing and to
render a proposed decision to approve or disapprove the issuance of the license or permit. The administrator may affirm, reverse, or modify the proposed decision. If the administrator determines that the applicant complies with all of the requirements for holding a license or permit, the administrator shall order the issuance of the license or permit. If the administrator determines that the applicant does not comply with the requirements for holding a license or permit, the administrator shall disapprove the issuance of the license or permit.

7. Judicial review. The applicant or the local authority may seek judicial review of the action of the administrator in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of the Iowa administrative procedure Act, chapter 17A, petitions for judicial review may be filed in the district court of the county where the premises covered by the application are situated.

8. Suspension by local authority. A liquor control licensee or a wine or beer permittee whose license or permit has been suspended or revoked or a civil penalty imposed by a local authority for a violation of this chapter or suspended by a local authority for violation of a local ordinance may appeal the suspension, revocation, or civil penalty to the administrator. The administrator may appoint a member of the division or may request an administrative law judge from the department of inspections and appeals to hear the appeal which shall be conducted in accordance with chapter 17A and to issue a proposed decision. The administrator may review the proposed decision upon the motion of a party to the appeal or upon the administrator's own motion in accordance with chapter 17A. Upon review of the proposed decision, the administrator may affirm, reverse, or modify the proposed decision. A liquor control licensee, wine or beer permittee, or a local authority aggrieved by a decision of the administrator may seek judicial review of the decision pursuant to chapter 17A.

123.34 Expiration — seasonal, five-day, or fourteen-day license or permit.
1. Liquor control licenses, wine permits, and beer permits, unless sooner suspended or revoked, expire one year from date of issuance. The administrator shall give sixty days' written notice of the expiration to each licensee or permittee. However, the administrator may issue six-month or eight-month seasonal licenses, class "B" wine permits, or class "B" beer permits for a proportionate part of the license or permit fee or may issue fourteen-day liquor licenses or beer permits as provided in subsection 2. No refund shall be made for seasonal licenses or permits or for fourteen-day liquor licenses or beer permits. No seasonal license or permit shall be renewed except after a period of two months.

2. The administrator may issue fourteen-day class "A", class "B", class "C", and class "D" liquor control licenses and fourteen-day class "B" beer permits. A fourteen-day license or permit, if granted, is valid for fourteen consecutive days, but the holder shall not sell on the two Sundays in the fourteen-day period unless the holder qualifies for and obtains the privilege to sell on Sundays contained in sections 123.36, subsection 6 and 123.134, subsection 5.

3. The fee for a fourteen-day liquor license or beer permit is one quarter of the annual fee for that class of liquor license or beer permit. The fee for the privilege to sell on the two Sundays in the fourteen-day period is twenty percent of the price of the fourteen-day liquor license or beer permit.

4. The administrator may issue five-day class "A", class "B", class "C", and class "D" liquor control licenses and five-day class "B" beer permits. A five-day license or permit is valid for five consecutive days, but the holder shall not sell alcoholic beverages on Sunday in the five-day period unless the holder qualifies for and obtains the privilege to sell on Sunday pursuant to sections 123.36 and 123.134.

5. The fee for the five-day liquor control license or beer permit is one-eighth of the annual fee for that class of license or permit. The fee for the privilege to sell on a Sunday in the five-day period is ten percent of the price of the five-day liquor control license or beer permit.

123.33 Records.
Every holder of a liquor control license shall keep a daily record of the gross receipts of the holder's business. The records required and the premises of the licensee shall be open to inspection pursuant to section 123.30, subsection 1, during normal business hours of the licensee.

123.35 Simplified renewal procedure — class "E" procedure.
The administrator shall prescribe simplified application forms for the renewal of liquor control licenses, wine permits, and beer permits which may be filed by licensees and permittees in lieu of a detailed renewal application form when qualifica-
tions and qualification information have not changed since the original issuance of the license or permit. The simplified form shall require the licensee or permittee to verify under oath that the information contained in the original application remains current, and that no reason exists for the division’s refusal to renew the license or permit as originally issued.

The application, accompanied by the necessary fee and bond, if required, shall be filed in the same manner as is provided for filing the initial application. However, for the renewal of a class “E” license, the simplified application form for renewal, accompanied by the necessary fee and bond if required, shall be filed directly with the administrator without the endorsement of local authorities if all of the following conditions are met: the applicant’s license has not been suspended or revoked since the preceding license was issued; an administrative proceeding is not pending against the applicant to suspend or revoke the applicant’s license or to impose a civil penalty under this chapter; and the applicant has not been convicted of a violation of this chapter since the preceding license was issued.

The surcharges collected under this subsection shall be deposited in the beer and liquor control fund, and notwithstanding subsection 8, no portion of the surcharges collected under this subsection shall be remitted to the local authority.

123.37 Exclusive power to license and levy taxes — disputed taxes.

The power to establish licenses and permits and levy taxes as imposed in chapter 123 is vested exclusively with the state. Unless specifically provided, a local authority shall not require the obtaining of a special license or permit for the sale of alcoholic beverages, wine, or beer at any establishment, or require the obtaining of a license by any person as a condition precedent to the person's employment in the sale, serving, or handling of alcoholic beverages, wine, or beer, within an establishment operating under a license or permit.

The administrator may compromise and settle doubtful and disputed claims for taxes imposed under this chapter or for taxes of doubtful collectibility, notwithstanding section 7D.9. The administrator may enter into informal settlements pursuant to section 17A.10 to compromise and settle doubtful and disputed claims for taxes imposed under this chapter. The administrator may make a claim under a licensee's or permittee's penal bond for taxes of doubtful collectibility. Whenever a compromise or settlement is made, the administrator shall make a complete record of the case showing the tax assessed, reports and audits, if any, the licensee's or permittee's grounds for dispute or contest, together with all evidence of the dispute or contest, and the amounts, conditions, and settlement or compromise of the dispute or contest.

A licensee or permittee who disputes the amount of tax imposed must pay all tax and penalty pertaining to the disputed tax liability prior to appealing the disputed tax liability to the administrator.

The administrator shall adopt rules establishing procedures for payment of disputed taxes imposed under this chapter. If it is determined that the tax is not due in whole or in part, the division shall promptly refund the part of the tax payment which is determined not to be due.
123.38 Nature of permit or license — surrender — transfer.

A special liquor permit, liquor control license, wine permit, or beer permit is a personal privilege and is revocable for cause. It is not property nor is it subject to attachment and execution nor alienable nor assignable, and it shall cease upon the death of the permittee or licensee. However, the administrator of the division may in the administrator’s discretion allow the executor or administrator of a permittee or licensee to operate the business of the decedent for a reasonable time not to exceed the expiration date of the permit or license. Every permit or license shall be issued in the name of the applicant and no person holding a permit or license shall allow any other person to use it.

Any licensee or permittee, or the licensee’s or permittee’s executor or administrator, or any person duly appointed by the court to take charge of and administer the property or assets of the licensee or permittee for the benefit of the licensee’s or permittee’s creditors, may voluntarily surrender a license or permit to the division. When a license or permit is surrendered the division shall notify the local authority, and the division or the local authority shall refund to the person surrendering the license or permit, a proportionate amount of the fee received by the division or the local authority for the license or permit as follows: if a license or permit is surrendered during the first three months of the period for which it was issued, the refund shall be three-fourths of the amount of the fee; if surrendered more than three months but not more than six months after issuance, the refund shall be one-half of the amount of the fee; if surrendered more than six months but not more than nine months after issuance, the refund shall be one-fourth of the amount of the fee. No refund shall be made, however, for any special liquor permit, nor for a liquor control license, wine permit, or beer permit surrendered more than nine months after issuance. For purposes of this paragraph, any portion of license or permit fees used for the purposes authorized in section 331.424, subsection 1, paragraphs “a” and “b”, and in section 331.424A, shall not be deemed received either by the division or by a local authority. No refund shall be made to any licensee or permittee, upon the surrender of the license or permit, if there is at the time of surrender, a complaint filed with the division or local authority, charging the licensee or permittee with a violation of this chapter. If upon a hearing on a complaint the license or permit is not revoked or suspended, then the licensee or permittee is eligible, upon surrender of the license or permit, to receive a refund as provided in this section; but if the license or permit is revoked or suspended upon hearing the licensee or permittee is not eligible for the refund of any portion of the license or permit fee.

The local authority may in its discretion authorize a licensee or permittee to transfer the license or permit from one location to another within the same incorporated city, or within a county outside the corporate limits of a city, provided that the premises to which the transfer is to be made would have been eligible for a license or permit in the first instance and such transfer will not result in the violation of any law. All transfers authorized, and the particulars of same, shall be reported to the administrator by the local authority. The administrator may by rule establish a uniform transfer fee to be assessed by all local authorities upon licensees or permittees to cover the administrative costs of such transfers, such fee to be retained by the local authority involved.

123.39 Suspension or revocation of license or permit — civil penalty.

1. a. The administrator or the local authority may suspend a license or permit issued pursuant to this chapter for a period not to exceed one year, revoke the license or permit, or impose a civil penalty not to exceed one thousand dollars per violation. Before suspension, revocation, or imposition of a civil penalty, the license or permit holder shall be given written notice and an opportunity for a hearing. The administrator may appoint a member of the division or may request an administrative law judge from the department of inspections and appeals to conduct the hearing and issue a proposed decision. Upon the motion of a party to the hearing or upon the administrator’s own motion, the administrator may review the proposed decision in accordance with chapter 17A. Upon review of the proposed decision, the administrator may affirm, reverse, or modify the proposed decision. A licensee or permittee aggrieved by a decision of the administrator may seek judicial review of the administrator’s decision in accordance with chapter 17A.

b. A license or permit issued under this chapter may be suspended or revoked, or a civil penalty may be imposed on the license or permit holder by the local authority or the administrator for any of the following causes:

(1) Misrepresentation of any material fact in the application for the license or permit.

(2) Violation of any of the provisions of this chapter.

(3) Any change in the ownership or interest in the business operated under a class “A”, class “B”, or class “C” liquor control license, or any wine or beer permit, which change was not previously re-
§123.39, ALCOHOLIC BEVERAGE CONTROL

ported to and approved by the local authority and the division.

(4) An event which would have resulted in disqualification from receiving the license or permit when originally issued.

(5) Any sale, hypothecation, or transfer of the license or permit.

(6) The failure or refusal on the part of any licensee or permittee to render any report or remit any taxes to the division under this chapter when due.

c. A criminal conviction is not a prerequisite to suspension, revocation, or imposition of a civil penalty pursuant to this section. A local authority which acts pursuant to this section or section 123.32 shall notify the division in writing of the action taken, and shall notify the licensee or permit holder of the right to appeal a suspension, revocation, or imposition of a civil penalty to the division. Civil penalties imposed and collected by the local authority under this section shall be retained by the local authority. Civil penalties imposed and collected by the division under this section shall be retained by the division.

2. Local authorities may suspend any retail wine or beer permit or liquor control license for a violation of any ordinance or regulation adopted by the local authority. Local authorities may adopt ordinances or regulations for the location of the premises of retail wine or beer and liquor control licensed establishments and local authorities may adopt ordinances, not in conflict with this chapter and that do not diminish the hours during which beer, wine, or alcoholic beverages may be sold or consumed at retail, governing any other activities or matters which may affect the retail sale and consumption of beer, wine, and alcoholic beverages and the health, welfare and morals of the community involved.

3. When a liquor license or wine or beer permit is suspended after a hearing as a result of violations of this chapter by the licensee, permittee or the licensee's or permittee's agents or employees, the premises which were licensed by the license or permit shall not be relicensed for a new applicant until the suspension has terminated or time of suspension has elapsed, or ninety days have elapsed since the commencement of the suspension, whichever occurs first. However, this section does not prohibit the premises from being relicensed to a new applicant before the suspension has terminated or before the time of suspension has elapsed or before ninety days have elapsed from the commencement of the suspension, if the premises prior to the time of the suspension had been purchased under contract, and the vendor under that contract had exercised the person's rights under chapter 656 and sold the property to a different person who is not related to the previous licensee or permittee by marriage or within the third degree of consanguinity or affinity and if the previous licensee or permittee does not have a financial interest in the business of the new applicant.

4. If the cause for suspension is a first offense violation of section 123.49, subsection 2, paragraph "h", the administrator or local authority shall impose a civil penalty in the amount of five hundred dollars in lieu of suspension of the license or permit. Local authorities shall retain civil penalties collected under this paragraph if the proceeding to impose the penalty is conducted by the local authority. The division shall retain civil penalties collected under this paragraph if the proceeding to impose the penalty is conducted by the administrator of the division.

Any liquor control licensee, wine permittee, or beer permittee whose license or permit is revoked under this chapter shall not thereafter be permitted to hold a liquor control license, wine permit, or beer permit in the state of Iowa for a period of two years from the date of revocation. A spouse or business associate holding ten percent or more of the capital stock or ownership interest in the business of a person whose license or permit has been revoked shall not be issued a liquor control license, wine permit, or beer permit, and no liquor control license, wine permit, or beer permit shall be issued which covers any business in which such person has a financial interest for a period of two years from the date of revocation. If a license or permit is revoked, the premises which had been covered by the license or permit shall not be relicensed for one year.

A broker’s permit is valid throughout the state, and a broker who represents more than one distiller is required to obtain only one broker’s permit.
2. The annual fee for a broker’s permit is twenty-five dollars.
3. An employee of a broker is not required to apply for or hold a broker’s permit.

### 123.49 Miscellaneous prohibitions.

1. A person shall not sell, dispense, or give to an intoxicated person, or one simulating intoxication, any alcoholic liquor, wine, or beer.

   a. A person other than a person required to hold a license or permit under this chapter who dispenses or gives an alcoholic beverage, wine, or beer in violation of this subsection is not civilly liable to an injured person or the estate of a person for injuries inflicted on that person as a result of intoxication by the consumer of the alcoholic beverage, wine, or beer.

   b. The general assembly declares that this subsection shall be interpreted so that the holding of Clark v. Mincks, 364 N.W.2d 226 (Iowa 1985) is abrogated in favor of prior judicial interpretation finding the consumption of alcoholic beverages, wine, or beer rather than the serving of alcoholic beverages, wine, or beer as the proximate cause of injury inflicted upon another by an intoxicated person.

2. A person or club holding a liquor control license or retail wine or beer permit under this chapter, and the person's or club's agents or employees, shall not do any of the following:

   a. Knowingly permit any gambling, except in accordance with chapter 99B, 99D, 99F, or 99G, or knowingly permit solicitation for immoral purposes, or immoral or disorderly conduct on the premises covered by the license or permit.

   b. Sell or dispense any alcoholic beverage or beer on the premises covered by the license or permit, or permit its consumption thereon between the hours of two a.m. and six a.m. on a weekday, and between the hours of two a.m. on Sunday and six a.m. on the following Monday, however, a holder of a liquor control license or retail beer permit granted the privilege of selling alcoholic liquor or beer on Sunday may sell or dispense alcoholic liquor or beer between the hours of eight a.m. on Sunday and two a.m. on the following Monday.

   c. Sell alcoholic beverages, wine, or beer to any person on credit, except with a bona fide credit card. This provision does not apply to sales by a club to its members, to sales by a hotel or motel to bona fide registered guests, nor to retail sales by the managing entity of a convention center, civic center, or events center.

   d. Keep on premises covered by a liquor control license any alcoholic liquor in any container except the original package purchased from the division, and except mixed drinks or cocktails mixed on the premises for immediate consumption. This prohibition does not apply to common carriers holding a class “D” liquor control license.

   e. Reuse for packaging alcoholic liquor or wine any container or receptacle used originally for packaging alcoholic liquor or wine; or adulterate, by the addition of any substance, the contents or remaining contents of an original package of an alcoholic liquor or wine; or knowingly possess any original package which has been so reused or adulterated.

   f. Employ a person under eighteen years of age in the sale or serving of alcoholic liquor, wine, or beer for consumption on the premises where sold.

   g. Allow any person other than the licensee, permittee, or employees of the licensee or permittee, to use or keep on the licensed premises any alcoholic liquor in any bottle or other container which is designed for the transporting of such beverages, except as permitted in section 123.95. This paragraph does not apply to the lodging quarters of a class “B” liquor control licensee or wine or beer permittee, or to common carriers holding a class “D” liquor control license.

   h. Sell, give, or otherwise supply any alcoholic beverage, wine, or beer to any person, knowing or failing to exercise reasonable care to ascertain whether the person is under legal age, or permit any person, knowing or failing to exercise reasonable care to ascertain whether the person is under legal age, to consume any alcoholic beverage, wine, or beer.

   i. In the case of a retail beer or wine permittee, knowingly allow the mixing or adding of alcohol or
any alcoholic beverage to beer, wine, or any other beverage in or about the permittee's place of business.

j. Knowingly permit or engage in any criminal activity on the premises covered by the license or permit.

k. Sell or dispense any wine on the premises covered by the permit or permit the consumption on the premises between the hours of two a.m. and six a.m. on a weekday, and between the hours of two a.m. on Sunday and six a.m. on the following Monday, however, a holder of a wine permit authorized to sell wine on Sunday may sell or dispense wine between the hours of eight a.m. on Sunday and two a.m. on the following Monday.

l. Sell, give, possess, or otherwise supply a machine which is used to vaporize an alcoholic beverage for the purpose of being consumed in a vaporized form.

3. A person under legal age shall not misrepresent the person's age for the purpose of purchasing or attempting to purchase any alcoholic beverage, wine, or beer from any licensee or permittee. If any person under legal age misrepresents the person's age, and the licensee or permittee establishes that the licensee or permittee made reasonable inquiry to determine whether the prospective purchaser was over legal age, the licensee or permittee is not guilty of selling alcoholic liquor, wine, or beer to a person under legal age.

4. No privilege of selling alcoholic liquor, wine, or beer on Sunday as provided in sections 123.36, subsection 6, and 123.134, subsection 5, shall be granted to a club or other organization which places restrictions on admission or membership in the club or organization on the basis of sex, race, religion, or national origin. However, the privilege may be granted to a club or organization which places restrictions on membership on the basis of sex, if the club or organization has an auxiliary organization open to persons of the other sex.

(2) Suspension shall be limited to the specific license or permit for the premises found in violation.

(3) Notwithstanding section 123.40, revocation shall be limited to the specific license or permit found in violation and shall not disqualify a licensee or permittee from holding a license or permit at a separate location.

4. CHAPTER 123A
BEER BREWERS AND WHOLESALERS

123A.1 Purposes and scope.
This chapter is enacted pursuant to the authority of the state under the provisions of the twenty-first amendment to the Constitution of the United States to promote the public's interest in fair, efficient, and competitive distribution of beer products through regulation and encouragement of brewer and wholesaler vendors to conduct their business relations toward these ends by:
1. Assuring that the beer wholesaler is free to manage its business enterprise.
2. Assuring the brewer and the public of service from wholesalers who will devote reasonable efforts and resources to distribution and sales of all of the brewer's products which the wholesaler has been granted the right to sell and distribute and maintain satisfactory sales levels.
3. Promoting and maintaining a sound, stable, and viable three-tier system of distribution of beer to the public.
95 Acts, ch 101, §1

123A.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. “Affected party” means a wholesaler, brewer, master distributor, successor brewer, or any person that is a party to an agreement.
2. “Agreement” means a contract or arrangement whether expressed or implied, oral or written, for a definite or indefinite period between a brewer and a wholesaler pursuant to which a wholesaler has been granted the right to purchase, resell, and distribute one or more brands of beer offered by a brewer, or a contract or arrangement in which a brewer grants to a wholesaler a license to use a trade name, trademark, service mark, or related characteristic and in which there is a community of interest in the marketing of the products of the brewer. An agreement exists when one or more of the following occur:
   a. A brewer has shipped beer to a wholesaler or accepted an order for beer from a wholesaler.
   b. A brewer purchases the right to manufacture a beer product, the right to use the trade name for the product, or the right to distribute a product from another brewer with whom the wholesaler has an agreement.
3. “Beer” means any liquid capable of being used for beverage purposes made by the fermentation of an infusion in potable water of barley, malt, and hops with or without unmalted grains or decorticated and degenerated grains, or made by the fermentation of, or by distillation of the fermented products of fruit, fruit extracts, or other agricultural products, containing more than one-half of one percent of alcohol by volume but not more than five percent of alcohol by weight, but not including mixed drinks or cocktails mixed on the premises.
4. “Brand” means a word, name, group of letters, symbol, or a combination of words, names, letters, or symbols adopted and used by a brewer to identify a specific beer product, and to distinguish that beer product from other beer products brewed or marketed by that brewery or other breweries.
5. “Brand extension” means a brand which incorporates all or a substantial part of the unique features of a preexisting brand of the same brewery and which relies to a significant extent on the goodwill associated with the preexisting brand. However, a general corporate logo or symbol or an advertising message, whether appearing on the product packaging or elsewhere, is not a brand,
brand extension, or part of a brand or brand extension.

6. “Brewer” means a person who is engaged in the manufacture of beer for the purpose of sale, barter, exchange, or transportation, a master distributor, or a fermenter, processor, bottler, packager, or importer of beer, or a successor brewer.

7. “Designated member” means a deceased wholesaler’s spouse, child, grandchild, parent, brother, or sister, who is entitled to inherit the deceased wholesaler’s ownership interest under the terms of the deceased wholesaler’s will, other testamentary device, or the laws of intestate succession. With respect to an incapacitated individual having an ownership interest in a wholesaler, “designated member” also means a person appointed by the court as the conservator of the individual’s property. “Designated member” also includes the appointed and qualified personal representative and the testamentary trustee of a deceased wholesaler.

8. “Good cause” exists if the wholesaler or affected party has failed to comply with reasonable requirements which are imposed upon the wholesaler or affected party through an agreement, which do not discriminate either by their terms or in the methods of their enforcement as compared with requirements imposed on other similarly situated wholesalers by the brewer, and which are not in violation of any law or administrative rule.

9. “Good faith” means honesty in fact and the observance of reasonable commercial standards of fair dealing in the trade and defined and interpreted under section 554.2103.

10. “Manager” means an individual named or designated by agreement between the brewer and wholesaler, who is principally responsible for the daily management of the wholesaler.

11. “Master distributor” means a wholesaler who acts in the role of or in a similar capacity as a brewer or outside seller of one or more brands of beer to other wholesalers on a regular basis in the normal course of business.

12. “Reasonable standards and qualifications” means those criteria applied by the brewer to similarly situated wholesalers during a period of twenty-four months before a proposed change in a successor manager of the wholesaler’s business.

13. “Similarly situated wholesalers” means wholesalers of a brewer that are of a generally comparable size, and operate in markets with similar demographic characteristics, including population size, density, distribution, and vital statistics, and reasonably similar economic and geographic conditions.

14. “Successor brewer” means a person who succeeds to the role of a brewer or master distributor to manufacture or distribute one or more brands of beer whether by merger, purchase of corporate shares, purchase of assets, or any other arrangement.

15. “Successor manager” means an individual named or designated by agreement between a brewer and wholesaler who succeeds to the role of manager who will be principally responsible for the daily management of the wholesaler.

16. “Territory” means the geographic area of primary sales responsibility designated by an agreement between a wholesaler and brewer for one or more brands of beer of the brewer.

17. “Wholesaler” means a person, other than a vintner, brewer, or bottler of beer, who sells, barter, exchanges, offers for sale, possesses with intent to sell, deals, or traffics in beer.

95 Acts, ch 101, §2

123A.3 Termination and notice of cancellation.

1. Except as provided in subsection 5, a brewer or wholesaler shall not amend, modify, cancel, fail to renew, or otherwise terminate an agreement unless the brewer or wholesaler furnishes prior notification to the other party in accordance with subsection 2.

2. The notification required under subsection 1 shall be in writing and sent to the affected party by certified mail not less than ninety days before the date on which the agreement will be amended, modified, canceled, not renewed, or otherwise terminated. The notification shall contain all of the following:
   a. A statement of intention to amend, modify, cancel, fail to renew, or otherwise terminate the agreement.
   b. A statement enumerating the facts and reasons for the action, including documentation necessary to fully inform the wholesaler of the reasons for the action.
   c. The date on which the action will take effect.
   d. The date on which the agreement will take effect.

3. For each cancellation, nonrenewal, or termination, the brewer shall have the burden of showing that it has acted in good faith, that the notice requirements under this section have been complied with, and that there was good cause for the cancellation, nonrenewal, or termination.

4. Notwithstanding the terms or conditions of any agreement, good cause exists for the purpose of a cancellation, nonrenewal, or termination if all of the following occur:
   a. The wholesaler fails to comply with a provision of the agreement which is both reasonable and of material significance to the business relationship between the wholesaler and the brewer.
   b. The brewer first acquired knowledge of the failure described in paragraph “a” not more than twenty-four months before the date notification was given pursuant to subsection 2.
   c. The wholesaler was given notice by the brewer of failure to comply with the agreement.
   d. The wholesaler has been given thirty days in which to submit a plan of corrective action to comply with the agreement and an additional
§123A.3, BEER BREWERS AND WHOLESALERS

ninety days to cure the noncompliance in accordance with the plan, and has failed to correct the failure to comply with the provisions of the agreement.

5. A brewer may cancel, fail to renew, or otherwise terminate an agreement without furnishing any prior notification and without good cause as required in subsection 4 for any of the following reasons:
   a. The wholesaler’s failure to pay any account when due and upon written demand by the brewer for payment terms.
   b. The wholesaler’s assignment for the benefit of creditors, or similar disposition, of substantially all of the assets of the party’s business.
   c. The insolvency of the wholesaler, or the institution of proceedings in bankruptcy by or against the wholesaler.
   d. The dissolution or liquidation of the wholesaler.
   e. The wholesaler’s conviction of, or plea of guilty to or no contest to, a charge of violating a law or rule in this state which materially and adversely affects the ability of either party to continue to sell beer in this state, or the revocation or suspension of a license or permit to sell beer in this state for a period greater than thirty-one days.
   f. Any attempted transfer of business assets of the wholesaler, ten percent or more of the voting stock of the wholesaler or the voting stock of any parent corporation of the wholesaler, or any change in the beneficial ownership or control of any wholesaler without obtaining the prior consent or approval as provided for under section 123A.6.
   g. The wholesaler’s fraudulent conduct relating to a material matter on the part of the wholesaler in dealings with the brewer or its product. However, the brewer shall have the burden of proving fraudulent conduct relating to a material matter on the part of the wholesaler in any legal action challenging the termination.
   h. The wholesaler distributes, sells, or delivers beer to a retailer whose premises are situated outside the geographic territory agreed upon by the wholesaler and the brewer as the area in which the wholesaler will sell beer purchased from the brewer, without the consent of the brewer and the distributor who has been assigned the territory by the brewer.

95 Acts, ch 101, §3

123A.4 Cancellation.

A brewer or a wholesaler shall not cancel, fail to renew, or otherwise terminate an agreement unless the party intending that action has good cause for the cancellation, failure to renew, or termination, has made good faith efforts to resolve disagreements, and, in any case in which prior notification is required under section 123A.3, the party intending to act has furnished the prior notification and the other party has not eliminated the reasons specified in the notification for cancellation, failure to renew, or termination, within the periods provided in section 123A.3, subsection 4, paragraph “d”.

95 Acts, ch 101, §4

123A.5 Prohibited conduct.

1. A brewer shall not commit any of the following actions:
   a. Induce or coerce, or attempt to induce or coerce, any wholesaler to engage in any illegal act or course of conduct.
   b. Require a wholesaler to accept delivery of any beer or any other item or commodity which shall not have been ordered by the wholesaler.
   c. Require a wholesaler without the wholesaler’s approval to participate in an arrangement for the payment or crediting by an electronic fund transfer transaction for any item or commodity other than beer, or to access a wholesaler’s account for any item or commodity other than beer.
   d. Require or prohibit any change in the manager or successor manager of any wholesaler who has been approved by the brewer as of or subsequent to July 1, 1995, unless the brewer acts in good faith. If a wholesaler changes an approved manager or successor manager, a brewer shall not require or prohibit the change unless the person selected by the wholesaler fails to meet the discriminatory, material, and reasonable standards and qualifications for managers or successor managers consistently applied to similarly situated wholesalers by the brewer. However, the brewer shall have the burden of proving that the person fails to meet the reasonable standards and qualifications.
   e. Discriminate among the brewer’s wholesalers in any business dealings including, but not limited to, the price of beer sold to the wholesaler or terms of sale offered to wholesalers, unless the difference among its wholesalers is based on reasonable grounds.
   f. Fail to provide each wholesaler of the brewer’s brand with a written agreement which contains in total the brewer’s agreement with each wholesaler, and designates a specific exclusive sales territory. The terms of written agreements executed, amended, or renewed after July 1, 1995, shall be consistent with this chapter, and this chapter may be incorporated by reference in the agreement.
i. Enter into an additional agreement with any other wholesaler for, or to sell to any other wholesaler, the same brand of beer or brand extension in the same territory or any portion of the territory, or to sell directly to any retailer in this state.

j. Require a wholesaler to purchase one or more brands of beer in order for the wholesaler to purchase another brand of beer for any reason.

k. Require a wholesaler, by any means, directly to participate in or contribute to any local or national advertising fund controlled directly or indirectly by a brewer.

l. Require by a provision of an agreement or other instrument in connection with the agreement that any dispute arising out of or in connection with the agreement be determined through the application of any other state’s laws, be determined in federal court sitting in a state other than Iowa, or be determined in a state court of a state other than this state. A provision contained in any agreement or other instrument in connection with the agreement which contravenes this section shall be null and void.

2. A wholesaler who, pursuant to an agreement, is granted a sales territory for which the wholesaler is primarily responsible or in which the wholesaler is required to concentrate the wholesaler’s efforts, shall not make any sale or delivery of beer to any retail licensee whose place of business is not within the territory granted to the wholesaler unless agreed upon by all affected parties.

95 Acts, ch 101, §5

123A.6 Transfer of business assets or stock.

1. A brewer shall not unreasonably withhold or delay its approval of any assignment, sale, or transfer of the stock or other indicia of ownership of a wholesaler or all or any portion of a wholesaler’s assets, wholesaler’s voting stock, the voting stock of any parent corporation, or the beneficial ownership or control of any other entity owning or controlling the wholesaler, including the wholesaler’s rights and obligations under the terms of an agreement when the person to be substituted meets reasonable standards. Upon the death of one of the partners of a partnership operating the business of a wholesaler, a brewer shall not deny the surviving partner of the partnership the right to become a successor-in-interest to the agreement between the brewer and the partnership, if the survivor has been active in the management of the partnership and is otherwise capable of carrying on the business of the partnership.

2. Notwithstanding subsection 1, upon the death of a wholesaler, a brewer shall not deny approval for any transfer of ownership or management to a designated member, including the rights under the agreement with the brewer. The transfer or assignment shall not be effective until written notice is given to the brewer, but the brewer’s consent to the transfer or assignment shall not be required.

95 Acts, ch 101, §6

123A.7 Reasonable compensation.

1. A brewer who cancels, fails to renew, or terminates any agreement, or unlawfully denies approval of, or unreasonably withholds consent to any assignment, transfer, or sale of a wholesaler’s business assets or voting stock or other equity securities, except as provided in this chapter, shall pay the wholesaler with which the brewer has an agreement pursuant to this chapter, reasonable compensation for the fair market value of the wholesaler’s business with relation to the affected brand of beer. The fair market value of the wholesaler’s business shall include, but not be limited to, its goodwill, if any.

2. If a brewer and a wholesaler are unable to mutually agree on the reasonable compensation to be paid for the value of the wholesaler’s business, either party may maintain a civil action as provided in section 123A.9, or the matter may, by mutual agreement of the parties, be submitted to a three-member arbitration panel consisting of one representative selected by the brewer but unassociated with the brewer; one representative selected by the wholesaler but unassociated with the wholesaler; and an impartial arbitrator selected by the other two members from a list provided by the American arbitration association, and the claim settled in accordance with the rules provided by the American arbitration association. Arbitration costs shall be paid one-half by the wholesaler and one-half by the brewer. Arbitration shall be conducted in accordance with the commercial arbitration rules of the American arbitration association and the laws of this state, and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction. The award of the arbitrator shall be final and binding on the parties.

95 Acts, ch 101, §7

123A.8 Right of free association.

A brewer or wholesaler shall not restrict or inhibit, directly or indirectly, the right of free association among brewers or wholesalers for any lawful purpose.

95 Acts, ch 101, §8

123A.9 Judicial remedies.

1. If a brewer or a wholesaler who is a party to an agreement pursuant to this chapter fails to comply with this chapter or otherwise engages in conduct prohibited under this chapter, the aggrieved party may maintain a civil action in district court if the cause of action directly relates to or stems from the relationship of the individual parties under the agreement.

2. A brewer or wholesaler may bring an action
for declaratory judgment for determination of any controversy arising under this chapter or out of the brewer and wholesaler agreement.

3. Upon proper petition to the district court, a brewer or wholesaler may obtain injunctive relief against a violation of this chapter.

4. In an action under subsection 1, the district court may grant the relief as the court determines is necessary or appropriate considering the purposes of this chapter. The district court may, if it finds that a brewer has acted in bad faith in invoking the amendment, modification, cancellation, nonrenewal, or termination provision of the agreement between the brewer and wholesaler, or has unreasonably withheld its consent to any assignment, transfer, or sale of the wholesaler’s business, award equitable relief, actual damages, court costs, and attorney’s fees.

5. The prevailing party in an action under subsection 1 shall be entitled to actual damages, court costs, and attorney’s fees at the court’s discretion.

6. With respect to a dispute arising under this chapter or out of the agreement between a brewer and wholesaler, the wholesaler and brewer each has the absolute right, before the wholesaler or brewer has agreed to arbitrate a particular dispute, to refuse to arbitrate that particular dispute. A brewer shall not, as a condition of entering into or renewing an agreement, require the wholesaler to agree to arbitrate a particular dispute.

7. A brewer shall not take retaliatory action against a wholesaler who files or manifests an intention to file a complaint of alleged violation of state or federal law or regulation by the brewer with the appropriate state or federal regulatory authority. Retaliatory action shall include, but shall not be limited to, refusal without good cause to continue the agreement, or a material reduction in the quality of service or quantity of products available to the wholesaler under the agreement, or impede the normal business operations of the wholesaler.

95 Acts, ch 101, §9

123A.10 Waiver — prohibited.
A brewer shall not require a wholesaler to waive compliance with any provision of this chapter. This chapter shall not be construed to limit or prohibit a good faith settlement of a dispute voluntarily entered into between the parties.

95 Acts, ch 101, §10

123A.11 Indemnification.
A brewer shall fully indemnify and hold harmless the brewer’s wholesaler against any losses, including, but not limited to, court costs and reasonable attorney’s fees or damages arising out of complaints, claims, or lawsuits, including, but not limited to, strict liability, negligence, misrepresentation, or express or implied warranty where the complaint, claim, or lawsuit relates to the manufacture or packaging of beer or other functions by the brewer which are beyond the control of the wholesaler.

95 Acts, ch 101, §11

123A.12 Application to existing agreements.
1. The provisions of this chapter apply to a valid agreement in effect immediately before July 1, 1995, when the first of the following dates occurs:

   a. On the effective date of the next amendment, modification, or renewal of the existing valid agreement.

   b. On the next anniversary date of the execution of the original agreement between the wholesaler and the brewer.

2. If no written agreement exists, the provisions of the chapter apply to the implied or oral unwritten agreement of a brewer and a wholesaler of that brewery on July 1, 1995.

124.201 Duty to recommend changes in schedules.

1. The board shall administer the regulatory provisions of this chapter. Annually, within thirty days after the convening of each regular session of the general assembly, the board shall recommend to the general assembly any deletions from, or revisions in the schedules of substances, enumerated in section 124.204, 124.206, 124.208, 124.210, or 124.212, which it deems necessary or advisable. In making a recommendation to the general assembly regarding a substance, the board shall consider the following:
   a. The actual or relative potential for abuse;
   b. The scientific evidence of its pharmacological effect, if known;
   c. State of current scientific knowledge regarding the substance;
   d. The history and current pattern of abuse;
   e. The scope, duration, and significance of abuse;
   f. The risk to the public health;
   g. The potential of the substance to produce psychic or physiological dependence liability; and
   h. Whether the substance is an immediate precursor of a substance already controlled under this division.

2. After considering the above factors, the board shall make a recommendation to the general assembly, specifying the change which should be made in existing schedules, if it finds that the potential for abuse or lack thereof of the substance is not properly reflected by the existing schedules.

3. If the board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor. Such designations shall be made pursuant to the procedures of chapter 17A.

4. If any new substance is designated as a controlled substance under federal law and notice of the designation is given to the board, the board shall similarly designate as controlled the new substance under this chapter after the expiration of thirty days from publication in the Federal Register of a final order designating a new substance as a controlled substance, unless within that thirty-day period the board objects to the new designation. In that case the board shall publish the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing the board shall announce its decision. Upon publication of objection to a new substance being designated as a controlled substance under this chapter by the board, control under this chapter is stayed until the board publishes its decision. If a substance is designated as controlled by the board under this paragraph the control shall be temporary and if within sixty days after the next regular session of the general assembly convenes it has not made the corresponding changes in this chapter, the temporary designation of control of the substance by the board shall be nullified.

124.202 Controlled substances — listed regardless of name.

124.203 Substances listed in schedule I — criteria.

The board shall recommend to the general assembly that it place in schedule I any substance not already included therein if the board finds that the substance:
1. Has high potential for abuse; and
2. Has no accepted medical use in treatment in the United States; or lacks accepted safety for use in treatment under medical supervision.

The department is primarily responsible for the enforcement of this chapter, and all other laws and regulations of this state, relating to controlled or counterfeit substances, or simulated or imitation controlled substances*, except that the board is primarily responsible for making accountability audits of the supply and inventory of controlled substances in the possession of pharmacists, doctors, hospitals, and health care facilities as defined in section 135C.1, subsection 6, as well as in the possession of any and all other individuals or institutions authorized to have possession of any controlled substances, and is also primarily responsible for any other duties in respect to controlled substances as specifically delegated to the board by law. An officer or employee of the board may, when so directed or authorized by the board:
1. Execute and serve search warrants, administrative inspection warrants, subpoenas, and summonses issued under the authority of this chapter.

*Imitation controlled substances, chapter 124A
§124.502, CONTROLLED SUBSTANCES

124.502 Administrative inspections and warrants.

1. Issuance and execution of administrative inspection warrants shall be as follows:
   a. A district judge or district associate judge, within the court’s jurisdiction, and upon proper oath or affirmation showing probable cause, may issue warrants for the purpose of conducting administrative inspections under this chapter or a related rule or under chapter 124A. The warrant may also permit seizures of property appropriate to the inspections. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of the statute or related rules, sufficient to justify administrative inspection of the area, premises, building or conveyance in the circumstances specified in the application for the warrant.
   b. A warrant shall issue only upon sworn testimony of an officer or employee of the board duly designated and having knowledge of the facts alleged, before the judicial officer, establishing the grounds for issuing the warrant. If the judicial officer is satisfied that grounds for the application exist or that there is probable cause to believe they exist, the officer shall issue a warrant identifying the area, premises, building, or conveyance to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any.

   The warrant shall:
   (1) State the grounds for its issuance and the name of each person whose testimony has been taken in support thereof.
   (2) Be directed to a person authorized by section 124.501 to execute it.
   (3) Command the person to whom it is directed to inspect the area, premises, building, or conveyance identified for the purpose specified and, if appropriate, direct the seizure of the property specified.
   (4) Identify the item or types of property to be seized, if any.
   (5) Direct that it be served during normal business hours, if appropriate, and designate the judge to whom it shall be returned.
   c. A warrant issued pursuant to this section must be executed and returned within ten days after its date unless, upon a showing of a need for additional time, the court so instructs otherwise in the warrant. If property is seized pursuant to a warrant, the person executing the warrant shall give to the person from whom the property is seized, or the person in charge of the premises from which the property is seized, a copy of the warrant and a receipt for the property seized or shall leave the copy and receipt at the place from which the property is seized. The return of the warrant shall be made promptly and shall be accompanied by a written inventory of any property seized. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was seized, if they are present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was seized and to the applicant for the warrant.
   d. The judicial officer who has issued a warrant under this section shall require that there be attached to the warrant a copy of the return, and of all papers filed in connection with the return, and shall file them with the clerk of the district court for the county in which the inspection was made.

2. The department may make administrative inspections of controlled premises in accordance with the following provisions:
   a. For purposes of this section only, “controlled premises” means:
      (1) Places where persons registered or exempted from registration requirements under this chapter are required to keep records; and
      (2) Places including factories, warehouse establishments, and conveyances where persons registered or exempted from registration requirements under this chapter are permitted to hold, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled substance.
   b. Whenever authorized by an administrative inspection warrant issued pursuant to subsection 1 of this section an officer or employee of the board, upon presenting the warrant and appropriate credentials to the owner, operator, or agent in charge, has the right to enter controlled premises for the purpose of conducting an administrative inspection.
   c. Whenever authorized by an administrative inspection warrant, an officer or employee of the board has the right:
      (1) To inspect and copy records required by this chapter to be kept;
      (2) To inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and, except as provided in paragraph “e” of this subsection, all other things therein, including records, files, papers, processes, controls, and facilities bearing on violation of this chapter; and
      (3) To inventory any stock of any controlled substance therein and obtain samples of any such substance.
   d. This section shall not be construed to prevent the inspection without a warrant of books and records pursuant to a subpoena issued in accordance with section 622.65, nor shall this section be construed to prevent entries and administrative inspections, including seizures of property, without a warrant:
(1) With the consent of the owner, operator, or agent in charge of the controlled premises;
(2) In situations presenting imminent danger to health or safety;
(3) In situations involving inspection of conveyances where there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;
(4) In any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; and
(5) In all other situations where a warrant is not constitutionally required.

e. Except when the owner, operator, or agent in charge of the controlled premises so consents in writing, no inspection authorized by this section shall extend to financial data; sales data, other than shipment data; or pricing data.

The licensee shall be given a reasonable time for compliance, as determined by the director, after receiving such notice or a notice that the board does not intend to renew the license. 125.20 Rules.
The department shall establish rules pursuant to chapter 17A requiring facilities to use reasonable accounting and reimbursement systems which recognize relevant cost-related factors for substance abuse patients. A facility shall not be licensed nor shall any payment be made under this chapter to a facility which fails to comply with those rules or which does not permit inspection by the department or examination of all records, including financial records, methods of administration, general and special state programs, the disbursement of drugs and methods of supply, and any other rules the department deems relevant to the establishment of such a system. However, rules issued pursuant to this paragraph shall not apply to any facility referred to in section 125.13, subsection 2 or section 125.43.

125.21 Chemical substitutes and antagonists programs.

The chemical substitutes and antagonists programs conducted by persons exempt from the licensing requirements of this chapter pursuant to section 125.13, subsection 2, are subject to approval and licensure under this section.

2. The department may do any of the following:
   a. Provide advice, consultation, and technical assistance to chemical substitutes and antagonists programs.

125.25 Approval of facility budget.

1. Before making any allocation of funds to a local substance abuse program, the department shall require a detailed line item budget clearly indicating the funds received from each revenue source for the fiscal year for which the funds are requested on forms provided by the department for each program.

2. The department shall adopt rules governing the approval of line item budgets for the operation of facilities. The rules shall include provisions for the approval of a facility’s budget by the department.

125.32 Acceptance for treatment — rules.
The department shall adopt and may amend and repeal rules for acceptance of persons into the treatment program, subject to chapter 17A, considering available treatment resources and facilities, for the purpose of early and effective treatment of substance abusers, chronic substance abusers, intoxicated persons, and concerned family members. In establishing the rules the department shall be guided by the following standards:

1. If possible a patient shall be treated on a voluntary rather than an involuntary basis.

2. A patient shall be initially assigned or transferred to outpatient treatment, unless the patient is found to require inpatient, residential, or halfway house treatment.

3. A person shall not be denied treatment solely because the person has withdrawn from treatment against medical advice on a prior occasion or because the person has relapsed after earlier treatment.

4. An individualized treatment plan shall be prepared and maintained on a current basis for each patient after the assessment process.

5. Provision shall be made for a continuum of co-ordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and may utilize other appropriate treatment.

125.32A Discrimination prohibited.
Any substance abuse treatment program receiving state funding under this chapter or any other chapter of the Code shall not discriminate against a person seeking treatment solely because the person is pregnant, unless the program in each instance identifies and refers the person to an alternative and acceptable treatment program for the person.

125.33 Voluntary treatment of substance abusers.

1. A substance abuser or chronic substance
abuser may apply for voluntary treatment or rehabilitation services directly to a facility or to a licensed physician and surgeon or osteopathic physician and surgeon. If the proposed patient is a minor or an incompetent person, a parent, a legal guardian or other legal representative may make the application. The licensed physician and surgeon or osteopathic physician and surgeon or any employee or person acting under the direction or supervision of the physician and surgeon or osteopathic physician and surgeon, or the facility shall not report or disclose the name of the person or the fact that treatment was requested or has been undertaken to any law enforcement officer or law enforcement agency; nor shall such information be admissible as evidence in any court, grand jury, or administrative proceeding unless authorized by the person seeking treatment. If the person seeking such treatment or rehabilitation is a minor who has personally made application for treatment, the fact that the minor sought treatment or rehabilitation or is receiving treatment or rehabilitation services shall not be reported or disclosed to the parents or legal guardian of such minor without the minor’s consent, and the minor may give legal consent to receive such treatment and rehabilitation.

2. Subject to rules adopted by the department, the administrator or the administrator’s designee in charge of a facility may determine who shall be admitted for treatment or rehabilitation. If a person is refused admission, the administrator or the administrator’s designee, subject to rules adopted by the department, shall refer the person to another facility for treatment if possible and appropriate.

3. A substance abuser or chronic substance abuser seeking treatment or rehabilitation and who is either addicted or dependent on a chemical substance may first be examined and evaluated by a licensed physician and surgeon or osteopathic physician and surgeon who may prescribe a proper course of treatment and medication, if needed. The licensed physician and surgeon or osteopathic physician and surgeon may further prescribe a course of treatment or rehabilitation and authorize another licensed physician and surgeon or osteopathic physician and surgeon or facility to provide the prescribed treatment or rehabilitation services. Treatment or rehabilitation services may be provided to a person individually or in a group. A facility providing or engaging in treatment or rehabilitation shall not report or disclose to a law enforcement officer or law enforcement agency the name of any person receiving or engaged in the treatment or rehabilitation; nor shall a person receiving or participating in treatment or rehabilitation report or disclose the name of any other person engaged in or receiving treatment or rehabilitation or that the program is in existence, to a law enforcement officer or law enforcement agency. Such information shall not be admitted in evidence in any court, grand jury, or administrative proceeding. However, a person engaged in or receiving treatment or rehabilitation may authorize the disclosure of the person’s name and individual participation.

4. If a patient receiving inpatient or residential care leaves a facility, the patient shall be encouraged to consent to appropriate outpatient or halfway house treatment. If it appears to the administrator in charge of the facility that the patient is a substance abuser or chronic substance abuser who requires help, the director may arrange for assistance in obtaining supportive services.

5. If a patient leaves a facility, with or against the advice of the administrator in charge of the facility, the director may make reasonable provisions for the patient’s transportation to a facility or to the patient’s home. If the patient has no home the patient shall be assisted in obtaining shelter. If the patient is a minor or an incompetent person the request for discharge from an inpatient facility shall be made by a parent, legal guardian or other legal representative or by the minor or incompetent if the patient was the original applicant.

6. Any person who reports or discloses the name of a person receiving treatment or rehabilitation services to a law enforcement officer or law enforcement agency or any person receiving treatment or rehabilitation services who discloses the name of any other person receiving treatment or rehabilitation services without the written consent of the person in violation of the provisions of this section shall upon conviction be guilty of a simple misdemeanor.

125.34 Treatment and services for intoxicated persons and persons incapacitated by alcohol.

1. An intoxicated person may come voluntarily to a facility for emergency treatment. A person who appears to be intoxicated or incapacitated by a chemical substance in a public place and in need of help may be taken to a facility by a peace officer under section 125.91. If the person refuses the proffered help, the person may be arrested and charged with intoxication under section 123.46, if applicable.

2. If no facility is readily available the person may be taken to an emergency medical service customarily used for incapacitated persons. The peace officer in detaining the person and in taking the person to a facility shall make every reasonable effort to protect the person’s health and safety. In detaining the person the detaining officer may take reasonable steps for self-protection. Detaining a person under section 125.91 is not an ar-

125.38 Rights and privileges of patients.
1. Subject to reasonable rules regarding hours of visitation which the department may adopt, a patient in a facility shall be granted an opportunity for adequate consultation with counsel, and for continuing contact with family and friends consistent with an effective treatment program.
2. Neither mail nor other communication to or from a patient in a facility may be intercepted, read or censored, except that the department may adopt reasonable rules regarding the use of telephones by patients in facilities and the delivery of chemical substances.
3. The patient shall be provided an opportunity to receive prompt evaluation, emergency services and care as indicated by sound medical practice and treatment which, in the judgment of the chief medical officer of a facility, is most likely to result in the individual's recovery or in the mitigation of the individual's condition to an extent sufficient to permit the individual's discharge from the facility. The superintendent of a state hospital shall total only those expenditures which can be attributed to the cost of providing inpatient treatment to substance abusers or chronic substance abusers for purposes of determining the daily per diem. Section 125.44 governs the determination of who is legally liable for the cost of care, maintenance, and treatment of a substance abuser or chronic substance abuser and of the amount for which the person is liable.

The director may, consistent with the comprehensive substance abuse program, enter into written agreements with a facility as defined in section 125.2 to pay for one hundred percent of the cost of the care, maintenance, and treatment of substance abusers and chronic substance abusers, except when section 125.43A applies. All payments for state patients shall be made in accordance with the limitations of this section. Such contracts shall be for a period of no more than one year.
The contract may be in the form and contain provisions as agreed upon by the parties. The contract shall provide that the facility shall admit and treat substance abusers and chronic substance abusers regardless of where they have residence. If one payment for care, maintenance, and treatment is not made by the patient or those legally liable for the patient, the payment shall be made by the department directly to the facility. Payments shall be made each month and shall be based upon the rate of payment for services negotiated between the department and the contracting facility. If a facility projects a temporary cash flow deficit, the department may make cash advances at the beginning of each fiscal year to the facility. The repayment schedule for advances shall be part of the contract between the department and the facility. This section does not pertain to patients treated at the mental health institutes.
If the appropriation to the department is insufficient to meet the requirements of this section, the department shall request a transfer of funds and section 8.39 shall apply.
The substance abuser or chronic substance abuser is legally liable to the facility for the total amount of the cost of providing care, maintenance, and treatment for the substance abuser or chronic substance abuser while a voluntary or committed patient in a facility. This section does not prohibit any individual from paying any portion of the cost of treatment.

The department’s maximum liability for the costs of care, treatment, and maintenance of substance abusers and chronic substance abusers in a contracting facility is limited to the total amount agreed upon by the parties and specified in the contract under this section.

If the inspector upon presenting proper identification is denied entry for the purpose of making the inspection, the inspector may, with the assistance of the county attorney of the county in which the premises are located, apply to the district court for an order requiring the owner or occupant to permit entry and inspection of the premises to determine whether there have been violations of this chapter. The investigation may include review of records, reports, and documents maintained by the facility and interviews with staff members consistent with the confidentiality safeguards of state and federal law.

The grants shall not annually exceed ten thousand dollars to any one county, subject to the following conditions:

a. The money shall be paid to the county after expenditure by the county and submission of the requirements in paragraph "b" on the basis of one dollar for each three dollars spent by the county. The county may submit a quarterly claim for reimbursement.

b. The county shall submit an accounting of the expenditures and shall submit an annual financial report, a description of the program, and the results obtained within sixty days after the end of the fiscal year in which the money is granted.

If the transferred amount for this subsection exceeds grant requests funded to the ten thousand dollar maximum, the Iowa department of public health may use the remainder to increase grants pursuant to subsection 2.

2. Of these funds, one-half of the transferred amount shall be used for prevention programs in addition to the amount budgeted for prevention programs by the department in the same fiscal year. The department shall use this additional prevention program money for grants to a county, person, or nonprofit agency operating a prevention program. A grant to a county, person, or nonprofit agency is subject to the following conditions:

a. The money shall be paid to the county, person, or nonprofit agency after submission of the requirements in paragraph "b" on the basis of two dollars for each three dollars designated for prevention by the county, person, or nonprofit agency.

b. The county, person, or nonprofit agency shall submit a description of the program.

c. The county, person, or nonprofit agency shall submit an annual financial report and the results obtained before June 10 of the same fiscal year in which the money is granted.

The department may consider in-kind contributions received by a county, person, or nonprofit agency for matching purposes required in paragraph "a".

IN Voluntary COMMITMENT OR TREATMENT OF CHRONIC SUBSTANCE ABUSERS

125.75 Involuntary commitment or treatment — application.

1. State the applicant's belief that the respondent is a chronic substance abuser.

2. State any other pertinent facts.

3. Be accompanied by one or more of the following:

a. A written statement of a licensed physician in support of the application.

b. One or more supporting affidavits corroborating the application.

c. Corroborative information obtained and reduced to writing by the clerk or the clerk's designee, but only when circumstances make it infeasible to obtain, or when the clerk considers it appropriate to supplement, the information under either paragraph "a" or paragraph "b".

125.76 Appointment of counsel for applicant.
The applicant, if not the county attorney, may apply for the appointment of counsel if financially unable to employ an attorney to assist the applicant in presenting evidence in support of the application for commitment. The clerk shall send copies of the application and supporting documentation, together with the notice informing the respondent of the procedures required by this division, to the sheriff, for immediate service upon the respondent. 125.78 Procedure after application.
As soon as practical after the filing of an application for involuntary commitment or treatment, the court shall:

1. Determine whether the respondent has an attorney who is able and willing to represent the respondent in the commitment proceeding, and if not, whether the respondent is financially able to employ an attorney and capable of meaningfully assisting in selecting an attorney. In accordance with those determinations, the court shall allow the respondent to select an attorney or shall assign an attorney to the respondent. If the respondent is financially unable to pay an attorney, the county shall compensate the attorney at an hourly rate to be established by the county board of supervisors in substantially the same manner as provided in section 815.7.

2. If the application includes a request for a court-appointed attorney for the applicant and the court is satisfied that a court-appointed attorney is necessary to assist the applicant in a meaningful presentation of the evidence, and that the applicant is financially unable to employ an attorney, the court shall appoint an attorney to represent the applicant and the county shall compensate the attorney at an hourly rate to be established by the county board of supervisors in substantially the same manner as provided in section 815.7.

3. Issue a written order:
   a. Scheduling a tentative time and place for a hearing, subject to the findings of the report required under section 125.80, subsections 3 and 4, but not less than forty-eight hours after notice to the respondent, unless the respondent waives the forty-eight-hour notice requirement.
   b. Requiring an examination of the respondent, prior to the hearing, by one or more licensed physicians who shall submit a written report of the examination to the court as required by section 125.80.

[C75, 77, §125.19(1, 2); C79, 81, §229.51(2, 3), 229.52(6); 82 Acts, ch 1212, §6]

84 Acts, ch 1219, §5; 99 Acts, ch 135, §14

125.79 Respondent’s attorney informed.
The court shall direct the clerk to furnish at once to the respondent’s attorney, copies of the application for involuntary commitment of the respondent and the supporting documentation, and of the court’s order issued pursuant to section 125.78, subsection 3. If the respondent is taken into custody under section 125.81, the attorney shall also be advised of that fact. The respondent’s attorney shall represent the respondent at all stages of the proceedings and shall attend the commitment hearing.

[82 Acts, ch 1212, §7]

125.80 Physician’s examination — report — scheduling of hearing.
1. An examination of the respondent shall be conducted within a reasonable time and prior to the commitment hearing by one or more licensed physicians as required by the court’s order. If the respondent is taken into custody under section 125.81, the examination shall be conducted within twenty-four hours after the respondent is taken into custody. If the respondent desires, the respondent may have a separate examination by a licensed physician of the respondent’s own choice. The court shall notify the respondent of the right to choose a physician for a separate examination.
The reasonable cost of the examinations shall be paid from county funds upon order of the court if the respondent lacks sufficient funds to pay the cost.

A licensed physician conducting an examination pursuant to this section may consult with or request the participation in the examination of facility personnel, and may include with or attach to the written report of the examination any findings or observations by facility personnel who have been consulted or have participated in the examination.

If the respondent is not taken into custody under section 125.81, but the court is subsequently informed that the respondent has declined to be examined by a licensed physician pursuant to the court order, the court may order limited detention of the respondent as necessary to facilitate the examination of the respondent by the licensed physician.

2. A written report of the examination by a court-designated physician shall be filed with the clerk prior to the hearing date. A written report of an examination by a physician chosen by the respondent may be similarly filed. The clerk shall immediately:
   a. Cause a report to be shown to the judge who issued the order.
   b. Cause the respondent’s attorney to receive a copy of the report of a court-designated physician.
   c. If the report of a court-designated physician is to the effect that the respondent is not a chronic substance abuser, the court, without taking further action, may terminate the proceeding and dismiss the application on its own motion and without notice.
   d. If the report of a court-designated physician is to the effect that the respondent is a chronic substance abuser, the court shall schedule a commitment hearing as soon as possible. The hearing shall be held not more than forty-eight hours after the report is filed, excluding Saturdays, Sundays, and holidays, unless an extension for good cause is requested by the respondent, or as soon thereafter as possible if the court considers that sufficient grounds exist for delaying the hearing.

125.81 Immediate custody.

If a person filing an application requests that a respondent be taken into immediate custody, and the court upon reviewing the application and accompanying documentation, finds probable cause to believe that the respondent is a chronic substance abuser who is likely to injure the person or other persons if allowed to remain at liberty, the court may enter a written order directing that the respondent be taken into immediate custody by the sheriff, and be detained until the commitment hearing, which shall be held not more than five days after the date of the order, except that if the fifth day after the date of the order is a Saturday, Sunday, or a holiday, the hearing may be held on the next business day. The court may order the respondent detained for the period of time until the hearing is held, and no longer except as provided in section 125.88, in accordance with subsection 1 if possible, and if not, in accordance with subsection 2 or, only if neither of these alternatives is available in accordance with subsection 3. Detention may be:

1. In the custody of a relative, friend, or other suitable person who is willing and able to accept responsibility for supervision of the respondent, with reasonable restrictions as the court may order including but not limited to restrictions on or a prohibition of any expenditure, encumbrance, or disposition of the respondent’s funds or property.

2. In a suitable hospital, the chief medical officer of which shall be informed of the reasons why immediate custody has been ordered. The hospital may provide treatment which is necessary to preserve the respondent’s life, or to appropriately control the respondent’s behavior which is likely to result in physical injury to the person or to others if allowed to continue, and other treatment as deemed appropriate by the chief medical officer.

3. In the nearest facility which is licensed to care for persons with mental illness or substance abuse, provided that detention in a jail or other facility intended for confinement of those accused or convicted of a crime shall not be ordered.

The respondent’s attorney may be allowed by the court to present evidence and arguments before the court’s determination under this section. If such an opportunity is not provided at that time, respondent’s attorney shall be allowed to present evidence and arguments after the issuance of the court’s order of confinement and while the respondent is confined.

125.82 Commitment hearing.

1. At a commitment hearing, evidence in support of the contentions made in the application may be presented by the applicant, or by an attorney for the applicant, or by the county attorney. During the hearing, the applicant and the respondent shall be afforded an opportunity to testify and to present and cross-examine witnesses, and the court may receive the testimony of other interested persons. If the respondent is present at the hearing, which shall be held no more than five days after the date of the order, except that if the fifth day after the date of the order is a Saturday, Sunday, or a holiday, the hearing may be held on the next business day. The court may order the respondent detained for the period of time until the hearing is held, and no longer except as provided in section 125.88, in accordance with subsection 1 if possible, and if not, in accordance with subsection 2 or, only if neither of these alternatives is available in accordance with subsection 3. Detention may be:

1. In the custody of a relative, friend, or other suitable person who is willing and able to accept responsibility for supervision of the respondent, with reasonable restrictions as the court may order including but not limited to restrictions on or a prohibition of any expenditure, encumbrance, or disposition of the respondent’s funds or property.

2. In a suitable hospital, the chief medical officer of which shall be informed of the reasons why immediate custody has been ordered. The hospital may provide treatment which is necessary to preserve the respondent’s life, or to appropriately control the respondent’s behavior which is likely to result in physical injury to the person or to others if allowed to continue, and other treatment as deemed appropriate by the chief medical officer.

3. In the nearest facility which is licensed to care for persons with mental illness or substance abuse, provided that detention in a jail or other facility intended for confinement of those accused or convicted of a crime shall not be ordered.

The respondent’s attorney may be allowed by the court to present evidence and arguments before the court’s determination under this section. If such an opportunity is not provided at that time, respondent’s attorney shall be allowed to present evidence and arguments after the issuance of the court’s order of confinement and while the respondent is confined.
of the hearing.

2. A person not necessary for the conduct of the hearing shall be excluded, except that the court may admit a person having a legitimate interest in the hearing. Upon motion of the applicant, the court may exclude the respondent from the hearing during the testimony of a witness if the court determines that the witness' testimony is likely to cause the respondent severe emotional trauma.

3. The person who filed the application and a licensed physician, mental health professional as defined in section 228.1, or certified alcohol and drug counselor certified by the nongovernmental Iowa board of substance abuse certification who has examined the respondent in connection with the commitment hearing shall be present at the hearing, unless the court for good cause finds that their presence or testimony is not necessary. The applicant, respondent, and the respondent's attorney may waive the presence or telephonic appearance of the licensed physician, mental health professional, or certified alcohol and drug counselor who examined the respondent and agree to submit as evidence the written report of the licensed physician, mental health professional, or certified alcohol and drug counselor. The respondent's attorney shall inform the court if the respondent's attorney reasonably believes that the respondent, due to diminished capacity, cannot make an adequately considered waiver decision. "Good cause" for finding that the testimony of the licensed physician, mental health professional, or certified alcohol and drug counselor who examined the respondent is not necessary may include, but is not limited to, such a waiver. If the court determines that the testimony of the licensed physician, mental health professional, or certified alcohol and drug counselor is necessary, the court may allow the licensed physician, mental health professional, or certified alcohol and drug counselor to testify by telephone. The respondent shall be present at the hearing unless prior to the hearing the respondent's attorney stipulates in writing that the attorney reasonably believes that the respondent, due to diminished capacity, cannot make an adequately considered waiver decision. "Good cause" for finding that the testimony of the licensed physician, mental health professional, or certified alcohol and drug counselor who examined the respondent is not necessary may include, but is not limited to, such a waiver. If the court determines that the testimony of the licensed physician, mental health professional, or certified alcohol and drug counselor is necessary, the court may order the respondent to appear at a facility or under the care of a suitable facility.

4. The respondent's welfare is paramount, and the hearing shall be tried as a civil matter and conducted in as informal a manner as is consistent with orderly procedure. Discovery as permitted under the Iowa rules of civil procedure is available to the respondent. The court shall receive all relevant and material evidence, but the court is not bound by the rules of evidence. A presumption in favor of the respondent exists, and the burden of evidence and support of the contentions made in the application shall be upon the person who filed the application. If upon completion of the hearing the court finds that the contention that the respondent is a chronic substance abuser has not been sustained by clear and convincing evidence, the court shall deny the application and terminate the proceeding.

5. If the respondent is not taken into custody under section 125.81, but the court finds good cause to believe that the respondent is about to depart from the jurisdiction of the court, the court may order limited detention of the respondent as authorized in section 125.81, as is necessary to ensure that the respondent will not depart from the jurisdiction of the court without the court's approval until the proceeding relative to the respondent has been concluded.

125.83 Placement for evaluation.

If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, the court shall order the respondent placed at a facility or under the care of a suitable facility on an outpatient basis as expeditiously as possible for a complete evaluation and appropriate treatment. The court shall furnish to the facility at the time of admission or outpatient placement, a written statement of facts setting forth the evidence on which the finding is based. The administrator of the facility shall report to the court no more than fifteen days after the individual is admitted to or placed under the care of the facility, which shall include the chief medical officer's recommendation concerning substance abuse treatment. An extension of time may be granted for a period not to exceed seven days upon a showing of good cause. A copy of the report shall be sent to the respondent's attorney who may contest the need for an extension of time if one is requested. If the request is contested, the court shall make an inquiry as it deems appropriate and may either order the respondent released from the facility or grant extension of time for further evaluation. If the administrator fails to report to the court within fifteen days after the individual is admitted to the facility, and no extension of time has been requested, the administrator is guilty of contempt and shall be punished under chapter 665. The court shall order a rehearing on the application to determine whether the respondent should continue to be held at the facility.
125.83A Placement in certain federal facilities.
1. If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, and the court is furnished evidence that the respondent is eligible for care and treatment in a facility operated by the veterans administration or another agency of the United States government and that the facility is willing to receive the respondent, the court may so order. The respondent, when so placed in a facility operated by the veterans administration or another agency of the United States government within or outside of this state, shall be subject to the rules of the veterans administration or other agency, but shall not lose any procedural rights afforded the respondent by this chapter. The chief officer of the facility shall have, with respect to the respondent so placed, the same powers and duties as the chief medical officer of a hospital in this state would have in regard to submission of reports to the court, retention of custody, transfer, convalescent leave, or discharge. Jurisdiction is retained in the court to maintain surveillance of the respondent's treatment and care, and at any time to inquire into the respondent's condition and the need for continued care and custody.

2. Upon receipt of a certificate stating that a respondent placed under this chapter is eligible for care and treatment in a facility operated by the veterans administration or another agency of the United States government which is willing to receive the respondent without charge to the state of Iowa or any county in the state, the chief medical officer may transfer the respondent to that facility. Upon so doing, the chief medical officer shall notify the court which ordered the respondent's placement in the same manner as would be required in the case of a transfer under section 125.86, subsection 2, and the respondent transferred shall be entitled to the same rights as the respondent would have under that subsection. No respondent shall be transferred under this section who is confined pursuant to conviction of a public offense or whose placement was ordered upon contention of incompetence to stand trial by reason of mental illness, without prior approval of the court which ordered that respondent's placement.

3. A judgment or order of commitment by a court of competent jurisdiction of another state or the District of Columbia, under which any person is hospitalized or placed in a facility operated by the veterans administration or another agency of the United States government, shall have the same force and effect with respect to that person while the person is in this state as the judgment or order would have if the person were in the jurisdiction of the court which issued it. That court shall be deemed to have retained jurisdiction of the person so placed for the purpose of inquiring into that person's condition and the need for continued care and custody, as do courts in this state under this section. Consent is given to the application of the law of the state or district in which the court is situated which issued the judgment or order as regards authority of the chief officer of any facility, operated in this state by the veterans administration or another agency of the United States government, to retain custody, transfer, place on convalescent leave, or discharge the person so committed.

125.84 Evaluation report.
The facility administrator's report to the court of the chief medical officer's substance abuse evaluation of the respondent shall be made no later than the expiration of the time specified in section 125.83. At least two copies of the report shall be filed with the clerk, who shall distribute the copies in the manner described by section 125.80, subsection 2. The report shall state one of the four following alternative findings:

1. That the respondent does not, as of the date of the report, require further treatment for substance abuse. If the report so states, the court shall order the respondent's immediate release from involuntary commitment and terminate the proceedings.

2. That the respondent is a chronic substance abuser who is in need of full-time custody, care, and treatment in a facility, and is considered likely to benefit from treatment. If the report so states, the court shall enter an order which may require the respondent's continued placement and commitment to a facility for appropriate treatment.

3. That the respondent is a chronic substance abuser who is in need of treatment, but does not require full-time placement in a facility. If the report so states, the report shall include the chief medical officer's recommendation for treatment of the respondent on an outpatient or other appropriate basis, and the court shall enter an order which may direct the respondent to submit to the recommended treatment. The order shall provide that if the respondent fails or refuses to submit to treatment, as directed by the court's order, the court may order that the respondent be taken into immediate custody as provided by section 125.81 and, following notice and hearing held in accordance with the procedures of sections 125.77 and 125.82, may order the respondent treated as a patient requiring full-time custody, care, and treatment as provided in subsection 2, and may order the respondent involuntarily committed to a facility.

4. That the respondent is a chronic substance abuser who is in need of treatment, but in the opin-
125.85 Custody, discharge, and termination of proceeding.

1. A respondent committed under section 125.84, subsection 2, shall remain in the custody of a facility for treatment for a period of thirty days, unless sooner discharged. The department is not required to pay the cost of any medication or procedure provided to the respondent during that period which is not necessary or appropriate to the specific objectives of detoxification and treatment of substance abuse. At the end of the thirty-day period, the respondent shall be discharged automatically unless the administrator of the facility, before expiration of the period, obtains a court order for the respondent's recommittal pursuant to an application under section 125.75, for a further period not to exceed ninety days.

2. A respondent recommitted under subsection 1 who has not been discharged by the facility before the end of the ninety-day period shall be discharged at the expiration of that period unless the administrator of the facility, before expiration of the period, obtains a court order for the respondent's recommittal pursuant to an application under section 125.75, for a further period not to exceed ninety days.

3. Upon the filing of an application for recommittal under subsection 1 or 2, the court shall schedule a recommittal hearing for no later than ten days after the date the application is filed. A copy of the application, the notice of hearing, and any reports shall be served or provided in the manner and to the persons as required by sections 125.77 to 125.80, 125.83 and 125.84.

4. Following a respondent's discharge from a facility or from treatment, the administrator of the facility shall immediately report that fact to the court which ordered the respondent's commitment or treatment. The court shall issue an order confirming the respondent's discharge from the facility or from treatment, as the case may be, and shall terminate the proceedings pursuant to which the order was issued. Copies of the order shall be sent by regular mail to the facility and the respondent.

5. A person who is placed for evaluation at a facility under section 125.83 or who is committed to a facility under section 125.84, subsection 2, shall remain at that facility unless discharged or otherwise permitted to leave by the court or administrator of the facility. If a person placed at a facility or committed to a facility leaves the facility without permission or without having been discharged, the administrator may notify the sheriff of the person's absence and the sheriff shall take the person into custody and return the person promptly to the facility.

125.86 Periodic reports required.

1. No more than thirty days after entry of a court order for commitment to a facility under section 125.84, subsection 2, and thereafter at successive intervals not to exceed ninety days for as long as involuntary commitment of the respondent continues, the administrator of the facility shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer the respondent's condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will be required to remain at the facility.

2. No more than sixty days after entry of a court order for treatment of a respondent under section 125.84, subsection 3, and thereafter at successive intervals not to exceed ninety days for as long as involuntary treatment continues, the administrator of the facility shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer the respondent's condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will require treatment by the facility. If the respondent fails or refuses to submit to treatment as ordered by the court, the administrator of the facility shall at once notify the court, which shall order the respondent committed for treatment as provided by section 125.84, subsection 3, unless the court finds that the failure or refusal was with good cause, and that the respondent is willing to receive treatment as provided in the court's order, or in a revised order if the court sees fit to enter one. If the administrator of the facility reports to the court that the respondent requires full-time custody, care, and treatment in a facility, and the respondent is willing to be admitted voluntarily to the facility for these purposes, the court may enter an order approving the placement upon consultation with the administrator of the facility in which the respondent is to be placed. If the respondent is unwilling to be admitted voluntarily to the facility, the procedure for determining involuntary commitment, as provided in section 125.84, subsection 3, shall be followed.
125.87 Status during appeal. If a respondent appeals to the supreme court from a lower court's finding that commitment is warranted, the respondent shall remain committed if already in custody, pursuant to an order of immediate custody under section 125.81 or pursuant to an order for evaluation and treatment under section 125.83, before notice of appeal was filed, unless the supreme court orders otherwise. [82 Acts, ch 1212, §15]

125.88 Status if commitment delayed. If a court directs a respondent who was previously ordered taken into immediate custody under section 125.81 to be placed at a facility for evaluation and appropriate treatment under section 125.83, and no suitable facility can immediately admit the respondent, the respondent shall remain in custody as previously ordered by the court, notwithstanding the time limits stated in section 125.81, until a suitable facility can admit the respondent. The court shall take appropriate steps to expedite the admission of the respondent to a suitable facility at the earliest feasible time. [82 Acts, ch 1212, §16]

125.89 Respondents charged with or convicted of crime. 1. If a court orders a respondent placed at a facility for evaluation and treatment under section 125.83 at a time when the respondent has been convicted of a public offense, or when there is pending against the respondent an unresolved formal charge of a public offense, and the respondent's liberty has therefore been restricted in any manner, the findings of fact required by section 125.83 shall clearly so inform the administrator of the facility where the respondent is placed. 2. The commitment powers of the court under section 124.409 supersede the procedures and requirements of this division. [82 Acts, ch 1212, §17]

125.90 Judicial hospitalization referee. Judicial hospitalization referees shall be utilized as provided in section 229.21 for performing the duties of the court prescribed by this division. [C79, 81, §229.51(3); 82 Acts, ch 1212, §18]

125.91 Emergency detention. 1. The procedure prescribed by this section shall only be used for an intoxicated person who has threatened, attempted, or inflicted physical self-harm or harm on another, and is likely to inflict physical self-harm or harm on another unless immediately detained, or who is incapacitated by a chemical substance, if that person cannot be taken into immediate custody under sections 125.75 and 125.81 because immediate access to the court is not possible. 2. a. A peace officer who has reasonable grounds to believe that the circumstances described in subsection 1 are applicable, may, without a warrant, take or cause that person to be taken to the nearest available facility referred to in section 125.81, subsection 2 or 3. Such an intoxicated or incapacitated person may also be delivered to a facility by someone other than a peace officer upon a showing of reasonable grounds. Upon delivery of the person to a facility under this section, the examining physician may order treatment of the person, but only to the extent necessary to preserve the person's life or to appropriately control the person's behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue. The peace officer or other person who delivered the person to the facility shall describe the circumstances of the matter to the examining physician. If the person is a peace officer, the peace officer may do so either in person or by written report. If the examining physician has reasonable grounds to believe that the circumstances in subsection 1 are applicable, the examining physician shall at once communicate with the nearest available magistrate as defined in section 801.4, subsection 10. The magistrate shall, based upon the circumstances described by the examining physician, give the examining physician oral instructions either directing that the person be released forthwith, or authorizing the person's detention in an appropriate facility. The magistrate may also give oral instructions and order that the detained person be transported to an appropriate facility. b. If the magistrate orders that the person be detained, the magistrate shall, by the close of business on the next working day, file a written order with the clerk in the county where it is anticipated that an application may be filed under section 125.75. The order may be filed by facsimile if necessary. The order shall state the circumstances under which the person was taken into custody or otherwise brought to a facility and the grounds supporting the finding of probable cause to believe that the person is a chronic substance abuser likely to result in physical injury to the person or others if not detained. The order shall confirm the order authorizing the person's detention including any order given to transport the person to an appropriate facility. The clerk shall provide a copy of that order to the chief medical officer of the facility to which the person was originally taken, any subsequent facility to which the person was transported, and to any law enforcement department or ambulance service that transported the person pursuant to the magistrate's order. 3. The chief medical officer of the facility shall examine and may detain the person pursuant to the magistrate's order for a period not to exceed forty-eight hours from the time the order is dated.
excluding Saturdays, Sundays, and holidays, unless the order is dismissed by a magistrate. The facility may provide treatment which is necessary to preserve the person's life or to appropriately control the person's behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue or is otherwise deemed medically necessary by the chief medical officer, but shall not otherwise provide treatment to the person without the person's consent. The person shall be discharged from the facility and released from detention no later than the expiration of the forty-eight-hour period, unless an application for involuntary commitment is filed with the clerk pursuant to section 125.75. The detention of a person by the procedure in this section, and not in excess of the period of time prescribed by this section, shall not render the peace officer, physician, or facility detaining the person liable in a criminal or civil action for false arrest or false imprisonment if the peace officer, physician, or facility had reasonable grounds to believe that the circumstances described in subsection 1 were applicable.

4. The cost of detention in a facility under the procedure prescribed in this section shall be paid in the same way as if the person had been committed to the facility pursuant to an application filed under section 125.75. [C75, 77, §125.17, 125.18; C79, 81, §125.34(4), 125.35; 82 Acts, ch 1212, §19]

A person who is detained, taken into immediate custody, or committed under this division has the right to:

1. Prompt evaluation, emergency services, and care and treatment as indicated by sound clinical practice.
2. Render informed consent, except for treatment provided pursuant to sections 125.81 and 125.91. If the person is incompetent treatment may be consented to by the person's next of kin or guardian notwithstanding the person's refusal. If the person refuses treatment which in the opinion of the chief medical officer is necessary or if the person is incompetent and the next of kin or guardian refuses to consent to the treatment or no next of kin or guardian is available the facility may petition a court of appropriate jurisdiction for approval to treat the person.
3. The protection of the person's constitutional rights.
4. Enjoy all legal, medical, religious, social, political, personal, and working rights and privileges, which the person would enjoy if not detained, taken into immediate custody, or committed, consistent with the effective treatment of the person and of the other persons in the facility. If the person's rights are restricted, the physician's direction to that effect shall be noted in the person's record. The person or the person's next of kin or guardian shall be advised of the person's rights and be provided a written copy upon the person's admission to or arrival at the facility. [82 Acts, ch 1212, §20]

125.93 Commitment records — confidentiality.

Records of the identity, diagnosis, prognosis, or treatment of a person which are maintained in connection with the provision of substance abuse treatment services are confidential, consistent with the requirements of section 125.37, and with the federal confidentiality regulations authorized by the Drug Abuse Office and Treatment Act, 21 U.S.C. § 1175 (1976) and the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act, 42 U.S.C. § 4582 (1976). [82 Acts, ch 1212, §21]

125.94 Supreme court rules.

The supreme court may prescribe rules of pleading, practice, and procedure and the forms of process, writs, and notices under section 602.4201, for all commitment proceedings in a court of this state under this chapter. The rules shall be drawn for the purpose of simplifying and expediting the proceedings, so far as is consistent with the rights of the parties involved. The rules shall not abridge, enlarge, or modify the substantive rights of a party to a commitment proceeding under this chapter. [82 Acts, ch 1212, §22]

126.5 Penalties — guaranty — false advertising liability.
1. 2. A person is not subject to the penalties of subsection 1 if the person establishes a guaranty or undertaking signed by, and containing the name and address of another person residing in this state from whom the person received the article in good faith, to the effect that the article is not adulterated or misbranded.

3. A publisher, radio-broadcast licensee, or agency or medium which disseminates false advertising, except the manufacturer, packer, distributor, or seller of the article to which false advertising relates, is not liable under this section for the dissemination of the false advertising, unless the person knew or believed that the advertising was deceptive, false, or misleading or the person has refused upon the request of the board to furnish the board the name and address, if known, of the manufacturer, packer, distributor, seller, or advertising agency which caused the person to disseminate the advertisement.

5. A violation of this chapter is a violation of section 714.16, subsection 2, paragraph “a”.

If a duly authorized agent of the board finds, or has probable cause to believe, that a drug, device, or cosmetic is adulterated or so misbranded as to be dangerous or fraudulent, within the meaning of this chapter, or is in violation of section 126.12, the agent shall affix to the article a tag or other appropriate marking, giving notice that the article is, or is suspected of being, adulterated or misbranded and has been detained or embargoed, and warning all persons not to remove or dispose of the article by sale or otherwise until permission for removal or disposal is given by an authorized agent or the court. It is unlawful for a person to remove or dispose of the detained or embargoed article by sale or otherwise without such permission.

2. When an article is adulterated or misbranded or is in violation of section 126.12 and has been detained or embargoed, a petition may be filed with the district court in whose jurisdiction the article is located, detained, or embargoed for an order for condemnation of the article. If a duly authorized agent has found that an article which is embargoed or detained is not adulterated or misbranded, the agent shall remove the tag or other marking.

3. If the court finds that a sampled, detained, or embargoed article is adulterated or misbranded, the article shall be destroyed at the expense of the claimant of the article, under the supervision of the agent, and all court costs and fees, and storage and other proper expenses, shall be taxed against the claimant of the article or the claimant’s agent; but if the adulteration or misbranding can be corrected by proper labeling or processing of the article, the court, after entry of the decree and after costs, fees, storage, and other expenses have been paid and a good and sufficient bond, conditioned that the article shall be so labeled or processed, has been executed, may by order direct that the article be delivered to the claimant for such labeling or processing under the supervision of a duly authorized agent of the board. 126.7 Prosecutions.

However, the drug, device, or cosmetic shall be embargoed by the duly authorized agent.

3. If it is not subject to subsection 2 and its strength differs from, or its purity or quality falls below, that which it purports or is represented to possess.
4. If it is a drug and any substance has been mixed or packed with it so as to reduce its quality or strength, or any substance has been substituted for it wholly or in part.
5. If it is, or purports to be or is represented as, a device which is subject to a performance standard established under section 514 of the federal Act, unless the device is in all respects in conformity with such standard.
6. If it is a device banned by the board or by the United States food and drug administration.
7. If it is a device and the methods used in, or the facilities or controls used for its manufacture, packing, storage, or installation are not in conformity with applicable requirements under section 520(f)(1) of the federal Act or an applicable condition as prescribed by an order under section 520(f)(2) of the federal Act.
8. If it is a device for which an exemption has been granted under section 520(g) of the federal Act for investigational use and the person who was granted the exemption or any investigator who uses the device under the exemption fails to comply with a requirement prescribed by or under that section.

6. If it is a device banned by the board or by the United States food and drug administration.
7. If it is a device and the methods used in, or the facilities or controls used for its manufacture, packing, storage, or installation are not in conformity with applicable requirements under section 520(f)(1) of the federal Act or an applicable condition as prescribed by an order under section 520(f)(2) of the federal Act.
8. If it is a device for which an exemption has been granted under section 520(g) of the federal Act for investigational use and the person who was granted the exemption or any investigator who uses the device under the exemption fails to comply with a requirement prescribed by or under that section.

   However, under paragraph "a" reasonable variations shall be permitted, and exemptions as to small packages shall be allowed, in accordance with rules adopted by the board.
3. If any word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices, in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

However, to the extent that compliance with subparagraph (1), subparagraph subdivision (b) or this subparagraph is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.

(1) The applicable official name designated pursuant to section 508 of the federal Act.

(2) If no such official name exists and the drug or ingredient is an article recognized in an official compendium, then its official title in the compendium.

(3) If neither subparagraph (1) nor (2) applies, then the common or usual name, if any, of the drug or ingredient. However, if subparagraph (2) applies to an article recognized in the United States Pharmacopoeia National Formulary and in the Homeopathic Pharmacopoeia of the United States under different official titles, the official title used in the United States Pharmacopoeia National Formulary applies unless it is labeled and offered for sale as a homeopathic drug, in which case the official title used in the Homeopathic Pharmacopoeia of the United States applies.

d. As used in paragraph “b”, the term “established name” with respect to a device means one of the following:

(1) The applicable official name of the device pursuant to section 508 of the federal Act.

(2) If no such official name exists and the device is an article recognized in an official compendium, then its official title in the compendium.

(3) If neither subparagraph (1) nor (2) applies, then any common or usual name of the device.

(4) However, if a requirement of paragraph “a”, as applied to a drug or device, is not necessary for the protection of the public health, the board or the secretary shall adopt rules or regulations exempting the drug or device from that requirement.

7. If it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed in the official compendium. However, the method of packing may be modified with the consent of the board or the secretary. If a drug is recognized in both the United States Pharmacopoeia National Formulary and the Homeopathic Pharmacopoeia of the United States, it is subject to the requirements of the United States Pharmacopoeia National Formulary with respect to packaging and labeling unless it is labeled and offered for sale as a homeopathic drug, in which case it is subject to the Homeopathic Pharmacopoeia of the United States, and not to the United States Pharmacopoeia National Formulary. However, if an inconsistency exists between this subsection and subsection 5 as to the name by which the drug or its ingredients shall be designated, subsection 5 prevails.

8. If it has been found by the board or the secretary to be a drug liable to deterioration, unless it is packaged in the form and manner, and its label bears a statement of the precautions that the board or the secretary by rule or regulation requires as necessary for the protection of public health. Such a rule or regulation shall not be established for a drug recognized in an official compendium until the board or the secretary has in-
formed the appropriate body charged with the revision of the official compendium of the need for such packaging or labeling requirements and that body has failed within a reasonable time to prescribe such requirements.

9. a. If it is a drug and its container is so made, formed, or filled as to be misleading.
   b. If it is an imitation of another drug.
   c. If it is offered for sale under the name of another drug.

10. If it is dangerous to health when used in the dosage or manner, or with the frequency or duration prescribed, recommended, or suggested in its labeling.

11. If it is, or purports to be, or is represented as a drug composed wholly or partly of insulin, unless both of the following apply:
   a. It is from a batch with respect to which a certificate or release has been issued pursuant to section 506 of the federal Act.
   b. The certificate or release is in effect with respect to the drug.

12. If it is, or purports to be, or is represented as a drug, composed wholly or partly of any kind of penicillin, streptomycin, chlorotetracycline, chloramphenicol, bacitracin, or any other antibiotic drug, or any derivative thereof, unless both of the following apply:
   a. It is from a batch with respect to which a certificate or release has been issued pursuant to section 507 of the federal Act.
   b. The certificate or release is in effect with respect to the drug.

However, this subsection does not apply to any drug or class of drugs exempted by regulations adopted under section 507(c) or 507(d) of the federal Act.

13. If it is a color additive, the intended use of which is for the purpose of coloring only, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to that color additive, as contained in regulations adopted under section 706 of the federal Act.

14. If it is a prescription drug distributed or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued or caused to be issued by the manufacturer, packer, or distributor with respect to the prescription drug a true statement of all of the following:
   a. The established name as defined in subsection 5, printed prominently and in type at least half as large as that used for any trade or brand name thereof.
   b. The formula showing quantitatively each ingredient of the prescription drug to the extent required for labels under subsection 5.
   c. Other information in brief summary relating to side effects, contraindications, and effectiveness as required in regulations adopted pursuant to section 701(e) of the federal Act.

15. If it was manufactured, prepared, propagated, compounded, or processed in an establishment in this state not duly registered under section 510 of the federal Act, if it was not included on a list required by section 510(j) of the federal Act, if a notice or other information respecting it was not provided as required by that section or section 510(k) of the federal Act, or if it does not bear the symbols from the uniform system for identification of devices prescribed under section 510(e) of the federal Act that are required by regulation.

16. If it is a drug and its packaging or labeling is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. § 1471 et seq.

17. If a trademark, trade name, or other identifying mark, imprint, or device of another trademark, trade name, mark, or imprint or any likeness of the foregoing has been placed thereon or upon its container with intent to defraud.

18. In the case of a restricted device distributed or offered for sale in this state, if either of the following applies:
   a. Its advertising is false or misleading in any particular.
   b. It is sold, distributed, or used in violation of regulations adopted pursuant to section 520(e) of the federal Act.

19. In the case of a restricted device distributed or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued by the manufacturer, packer, or distributor with respect to the device both of the following:
   a. A true statement of the device’s established name as defined in subsection 5, printed prominently and in type at least half as large as that used for any trade or brand name thereof.
   b. A brief statement of the intended uses of the device and relevant warnings, precautions, side effects, and contraindications; and in the case of a specific device made subject to regulations adopted pursuant to the federal Act, a full description of the components of the device or the formula showing quantitatively each ingredient of the device to the extent required in regulations under the federal Act.

20. If it is a device subject to a performance standard established under section 514 of the federal Act, unless it bears labeling as prescribed in that performance standard.

21. If it is a device and there was a failure or refusal to comply with any requirement prescribed under section 518 of the federal Act respecting the device, or to furnish material required by or under section 519 of the federal Act respecting the device.

If an article is alleged to be misbranded because the labeling or advertising is misleading, then in determining whether the labeling or advertising is misleading, there shall be taken into account,
§126.10, DRUGS, DEVICES, AND COSMETICS

among other things, not only representations made or suggested by statement, word, design, device, or any combination thereof, but also the extent to which the labeling or advertising fails to reveal facts material in the light of such representations, or material with respect to consequences which may result from the use of the article to which the labeling or advertising relates, under the conditions of use prescribed in the labeling or advertising or under customary or usual conditions of use.

The representation of a drug, in its labeling, as an antiseptic shall be considered to be a representation that it is a germicide, except in the case of a drug purporting to be, or represented as, an antiseptic for inhibitory use as a wet dressing, ointment, dusting powder, or such other use as involves prolonged contact with the body.

1. The board shall adopt rules exempting from any labeling or packaging requirement of this chapter drugs and devices which are, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at establishments other than those where originally processed or packaged, on condition that such drugs and devices are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment.

2. Drug and device labeling or packaging exemptions adopted pursuant to the federal Act shall apply to drugs and devices in this state except insofar as modified or rejected by rules adopted by the board.

3. a. This lettered paragraph applies to a drug intended for use by humans which is any of the following:
   (1) Is a habit-forming drug to which section 126.10, subsection 4 applies.
   (2) Because of its toxicity or other potentiality for harmful effect, or the method of its use, or the collateral measures necessary to its use, is not safe for use except under the supervision of a practitioner licensed by law to administer the drug.
   (3) Is limited by an approved application under section 505 of the federal Act to use under the professional supervision of a practitioner licensed by law to administer the drug.

b. A drug dispensed by filling or refilling a written, electronic, facsimile, or oral prescription of a practitioner licensed by law to administer the drug is exempt from section 126.10, except subsection 1, subsection 9, paragraphs “b” and “c”, and subsections 11 and 12, and the packaging requirements of subsections 7, 8, and 16, if the drug bears a label containing the name and address of the dispenser, the date of the prescription or of its filling, the name of the prescriber, and, if stated in the prescription, the name of the patient, and the directions for use and cautionary statements, if any, contained in the prescription. This exemption does not apply to a drug dispensed in the course of the conduct of the business of dispensing drugs pursuant to diagnosis by mail, or to a drug dispensed in violation of paragraph “a” of this subsection.

c. A drug which is subject to paragraph “a” of this subsection is misbranded if, at any time prior to dispensing, its label fails to bear the statement: “Caution: Federal Law Prohibits Dispensing Without Prescription”, or “Caution: State Law Prohibits Dispensing Without Prescription”. A drug to which paragraph “a” of this subsection does not apply is misbranded if, at any time prior to dispensing, its label bears the caution statement quoted in the preceding sentence.

d. Prescription drug samples dispensed by a practitioner licensed by law to administer such drugs are exempt from section 126.10.

f. All electronic or facsimile prescriptions transmitted under this section shall comply with section 155A.27.

1. A person shall not sell, deliver, offer for sale, hold for sale, or give away a new drug unless both of the following apply:

a. An application with respect to the new drug has been approved and the approval has not been withdrawn under section 505 of the federal Act.

b. A copy of the letter of approval or approvability issued by the United States food and drug administration is on file with the secretary of the
board, if the product is manufactured in this state.

2. A person shall not use in humans a new drug limited to investigational use unless the person has filed with the United States food and drug administration a completed and signed “Notice of Claimed Investigational Exemption for a New Drug” form in accordance with 21 C.F.R. § 312.1 and the exemption has not been terminated. The drug shall be plainly labeled in compliance with section 505(i) or 507(d) of the federal Act.

3. This section does not apply to either of the following:
   a. A drug which is not a new drug as defined in the federal Act.
   b. A drug which is licensed under the federal Public Health Service Act of July 1, 1944, 42 U.S.C. § 201 et seq. or under the Animal Virus Serum, Toxin, Antitoxin Act of March 4, 1913, 21 U.S.C. § 151 et seq.

126.13 Reserved.

126.14 Cosmetics — adulteration.
A cosmetic is adulterated if any of the following apply:
   1. It bears or contains a poisonous or deleterious substance which may make it injurious to users under the conditions of use prescribed in its labeling or under customary or usual conditions of use. However, this does not apply to coal-tar hair dye if the label of the dye bears the following legend conspicuously displayed: “Caution — This product contains ingredients which may cause skin irritation on certain individuals and a preliminary test according to accompanying directions should first be made. This product must not be used for dyeing the eyelashes or eyebrows; to do so may cause blindness”; and the label bears adequate directions for the preliminary testing. For the purposes of this subsection and subsection 5, “hair dye” does not include eyelash dyes or eyebrow dyes.
   2. It consists in whole or in part of any filthy, putrid, or decomposed substance.
   3. It has been produced, prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health.
   4. Its container is composed, in whole or in part, of a poisonous or deleterious substance which may render the contents injurious to health.
   5. It is not a hair dye and it is, or it bears or contains a color additive which is, unsafe within the meaning of section 706(a) of the federal Act.

126.15 Cosmetics — misbranding.
A cosmetic is misbranded if any of the following apply:
   1. Its labeling is false or misleading in any particular.
   2. If in package form unless it bears a label containing both of the following:
      a. The name and place of business of the manufacturer, packer, or distributor.
      b. An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count, which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label.
   3. A word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed there with such conspicuousness, as compared with other words, statements, designs, or devices in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.
   4. Its container is so made, formed, or filled as to be misleading.
   5. It is a color additive, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to that color additive prescribed under section 706 of the federal Act. This subsection does not apply to packages of color additives which, with respect to their use of cosmetics, are marketed and intended for use only in or on hair dyes, as specified in section 126.14, subsection 1.
   6. Its packaging or labeling is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. § 1471 et seq.

The board shall adopt rules exempting from any labeling requirement of this chapter, cosmetics which are in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where they are originally processed or packed, on condition that such cosmetics are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment. Cosmetic labeling exemptions adopted under the federal Act apply to cosmetics in this state except as modified or rejected by rules adopted by the board.

126.16 False advertising.
1. The advertising of a drug, device, or cosmetic is false if it is false or misleading in any particular.
2. For the purpose of this chapter, advertising is false if it represents a drug, device, or cosmetic
to have any effect in the diagnosis, prevention, or
treatment of arthritis, blood disorders, bone or
joint diseases, kidney diseases or disorders, can-
cer, diabetes, gall bladder disease or disorders,
heart and vascular disease, high blood pressure,
diseases or disorders of the ear, mental disease or
mental retardation, degenerative neurological
diseases, paralysis, prostate gland disorders, con-
ditions of the scalp affecting hair loss, baldness,
enereum disorders, sexual impotence, tumors,
venereal diseases, varicose ulcers, breast enlarge-
ment, purifying blood, metabolic disorders, im-
mune system disorders or conditions affecting the
immune system, extension of life expectancy,
stress and tension, brain stimulation or perform-
ance, the body’s natural defense mechanisms,
bleed flow, and depression. However, advertising
not in violation of subsection 1 is not false under
this subsection if it is disseminated only to mem-
ers of the medical, dental, or veterinary profes-
sions, or appears only in the scientific periodicals
of these professions, or is disseminated only for
the purpose of public health education by persons
not commercially interested, directly or indirectly,
in the sale of such drugs or devices. However, if the
board determines that an advance in medical sci-
ence has made any type of self-medication safe as
to any of the diseases named in this subsection,
the board shall by rule authorize the advertising
of drugs having curative or therapeutic effect for
such disease, subject to the conditions and restric-
tions the board deems necessary in the interests of
the public health. However, this subsection does
not indicate that self-medication for diseases oth-
er than those named in this subsection is safe and
efficacious.

126.18 Inspections.
1. a. For purposes of enforcement of this chap-
ter, the board or any of its authorized agents, upon
presenting appropriate credentials to the owner,
operator, or agent in charge, may do both of the fol-
lowing:
(1) Enter at reasonable times any factory,
warehouse, or other establishment in which
drugs, devices, or cosmetics are manufactured,
processed, packed, or held, for introduction into
commerce or after such introduction; or enter a ve-
cicle being used to transport or hold drugs, de-
ces, or cosmetics in commerce.
(2) Inspect at reasonable times and within
reasonable limits and in a reasonable manner such
a factory, warehouse, establishment, or vehicle
and all pertinent equipment, finished and un-
finished materials, containers, and labeling there-
in, and obtain samples necessary to the enforce-

house, establishment, or consulting laboratory in
which prescription drugs are manufactured, pro-
cessed, packed, or held, the inspection shall ex-
tend to all things therein, including records, files,
papers, processes, controls, and facilities, bearing
on whether prescription drugs or restricted de-
ces which are adulterated or misbranded or
which may not be manufactured, introduced into
commerce, or sold or offered for sale by reason of
any provision of this chapter, have been or are be-
ing manufactured, processed, packed, trans-
ported, or held in violation of or bearing on a viola-
tion of this chapter. An inspection authorized for
prescription drugs by the preceding sentence shall
not extend to financial data, sales data other than
shipment data, pricing data, personnel data other
than data as to qualifications of technical and pro-
fessional personnel performing functions subject
to this chapter, and research data other than data
relating to new drugs, and antibiotic drugs, and
devices, and subject to reporting and inspection
under regulations lawfully issued pursuant to section
505(i) or 505(j), or section 507(d) or 507(g), sec-
tion 519, or section 520(g) of the federal Act, and
data, relating to other drugs, or devices which in
the case of a new drug would be subject to report-
ing or inspection under lawful regulations issued
pursuant to section 505(j) of the federal Act. The
inspection shall be commenced and completed with
reasonable promptness.

b. Paragraph “a” does not apply to any of the
following:
(1) Pharmacies which maintain establish-
ments in conformance with laws of this state regu-
larizing the practice of pharmacy and medicine and
which are regularly engaged in dispensing pre-
scription drugs, or devices, upon prescription of
practitioners licensed to administer the drugs or
devices to patients under the care of the practi-
toners in the course of their professional practice,
and which do not, either through a subsidiary or
otherwise, manufacture, prepare, propagate, com-
pound, or process drugs or devices for sale other
than in the regular course of their business of dis-
ensing or selling drugs or devices at retail.

4. Duly employed sales representatives of pharmaceutical companies acting in the normal and customary performance of their duties.

5. Other classes of persons the board exempts from the application of this section by rule upon a finding that inspection as applied to such classes of persons in accordance with this section is not necessary for the protection of the public health.

2. Upon completion of an inspection of a factory, warehouse, consulting laboratory, or other establishment and prior to leaving the premises, the authorized agent making the inspection shall give to the owner, operator, or agent in charge a report in writing setting forth any conditions or practices observed by the authorized agent which, in the judgment of the authorized agent, indicate that any drug, device, or cosmetic in the establishment meets either of the following:

a. Consists in whole or in part of a filthy, putrid, or decomposed substance.

b. Has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health.

A copy of the report shall be sent promptly to the board.

3. If the authorized agent making an inspection of a factory, warehouse, or other establishment has obtained a sample in the course of the inspection, upon completion of the inspection and prior to leaving the premises the authorized agent shall give to the owner, operator, or agent in charge a receipt describing the sample obtained.

4. A person required under this chapter or section 519 or 520(g) of the federal Act to maintain records and a person who is in charge or custody of such records shall, upon request of an authorized agent designated by the board, permit the authorized agent at all reasonable times to have access and to copy and verify such records.

5. For the purposes of enforcing this chapter, carriers engaged in commerce, and persons receiving drugs, devices, or cosmetics in commerce or holding such articles so received, shall, upon the request of a duly authorized agent of the board, permit the agent, at reasonable times, to have access to and to copy all records showing the movement in commerce of a drug, device, or cosmetic, or the holding thereof during or after such movement, and the quantity, shipper, and consignee thereof. It is unlawful for any such carrier or person to fail to permit such access to and copying of any such record so requested when the request is accompanied by a statement in writing specifying the nature or kind of drug, device, or cosmetic to which the request relates.

6. Evidence obtained under this section or evidence which is directly or indirectly derived from such evidence obtained under this section, shall not be used in a criminal prosecution of the person from whom the evidence was obtained; and carriers are not subject to the other provisions of this chapter by reason of their receipt, carriage, holding, or delivery of drugs, devices, or cosmetics in the usual course of business as carriers.

   c. A person who receives support under the waiver-eligible component is not eligible to receive support under the cost-share component of the program.

135.74 Uniform financial reporting.
1. The department, after study and in consultation with any advisory committees which may be established pursuant to law, shall promulgate by rule pursuant to chapter 17A uniform methods of financial reporting, including such allocation methods as may be prescribed, by which hospitals and health care facilities shall respectively record their revenues, expenses, other income, other outlays, assets and liabilities, and units of service, according to functional activity center. These uniform methods of financial reporting shall not preclude a hospital or health care facility from using any accounting methods for its own purposes provided these accounting methods can be reconciled to the uniform methods of financial reporting prescribed by the department and can be audited for validity and completeness. Each hospital and each health care facility shall adopt the appropriate system for its fiscal year, effective upon such date as the department shall direct. In determining the effective date for reporting requirements, the department shall consider both the immediate need for uniform reporting of information to effectuate the purposes of this division and the administrative and economic difficulties which hospitals and health care facilities may encounter in complying with the uniform financial reporting requirement, but the effective date shall not be later than January 1, 1980.

2. In establishing uniform methods of financial reporting, the department shall consider:
   a. The existing systems of accounting and reporting currently utilized by hospitals and health care facilities;

   c. Other pertinent distinguishing factors.

3. The department shall, where appropriate, provide for modification, consistent with the purposes of this division, of reporting requirements to correctly reflect the differences among hospitals and among health care facilities referred to in subsection 2, and to avoid otherwise unduly burdensome costs in meeting the requirements of uniform methods of financial reporting.

4. The uniform financial reporting methods, where appropriate, shall be structured so as to establish and differentiate costs incurred for patient-related services rendered by hospitals and health care facilities, as distinguished from those incurred in the course of educational, research and other nonpatient-related activities including but not limited to charitable activities of these hospitals and health care facilities.

[C79, 81, §135.74]

135.75 Annual reports by hospitals, health care facilities.

   b. A statement of its income and expenses; and

The department shall require preparation of specified financial reports by a certified public accountant, and may require attestation of responsible officials of the reporting hospital or health care facility that the reports submitted are to the best of their knowledge and belief prepared in accordance with the prescribed methods of reporting. The department shall have the right to inspect the books, audits and records of any hospital or health care facility as reasonably necessary to verify reports submitted pursuant to this division.

3. In obtaining the reports required by this section, the department and other state agencies shall co-ordinate their reporting requirements.

4. All reports filed under this section, except privileged medical information, shall be open to public inspection.

[C79, 81, §135.75]

It shall further require the filing of information concerning the total financial needs of each individual hospital or health care facility and the re-
sources currently or prospectively available to meet these needs, including the effect of proposals made by health systems agencies. The department shall also prepare and file such summaries and compilations or other supplementary reports based on the information filed with it as will, in its judgment, advance the purposes of this division.

2. The analyses and studies required by this section shall be conducted with the objective of providing a basis for determining whether or not regulation of hospital and health care facility rates and charges by the state of Iowa is necessary to protect the health or welfare of the people of the state.

3. In conducting its analyses and studies, the department should determine whether:
   a. The rates charged and costs incurred by hospitals and health care facilities are reasonably related to the services offered by those respective groups of institutions.
   b. Aggregate rates of hospitals and of health care facilities are reasonably related to the aggregate costs incurred by those respective groups of institutions.
   c. Rates are set equitably among all purchasers or classes of purchasers of hospital and of health care facility services.
   d. The rates for particular services, supplies or materials established by hospitals and by health care facilities are reasonable. Determination of reasonableness of rates shall include consideration of a fair rate of return to proprietary hospitals and health care facilities.

4. All data gathered and compiled and all reports prepared under this section, except privileged medical information, shall be open to public inspection.

[C79, 81, §135.76]

135.78 Data to be compiled. The department shall compile all relevant financial and utilization data in order to have available the statistical information necessary to properly monitor hospital and health care facility charges and costs. Such data shall include necessary operating expenses, appropriate expenses incurred for rendering services to patients who cannot or do not pay, all properly incurred interest charges, and reasonable depreciation expenses based on the expected useful life of the property and equipment involved. The department shall also obtain from each hospital and health care facility a current rate schedule as well as any subsequent amendments or modifications of that schedule as it may require. In collection of the data required by this section and sections 135.74 through 135.76, the department and other state agencies shall coordinate their reporting requirements.

135.79 Civil penalty. Any hospital or health care facility which fails to file with the department the financial reports required by sections 135.74 to 135.78 is subject to a civil penalty of not to exceed five hundred dollars for each offense.

Such contract shall be subject to the approval of the executive council and shall provide for an equitable representation of health care providers, third-party payers, and health care consumers in the determination of criteria for rate review. No third-party payer shall be excluded from positive financial incentives based upon volume of gross patient revenues. Each license shall be issued only for the premises and persons or governmental units named in the application and is not transferable or assignable except with the written approval of the department. Licenses shall be posted in a conspicuous place on the licensed premises as prescribed by rule of the department.

Provided, however, that the provisions of this section shall not in any way affect, change, deny or nullify any rights set forth in, or arising from the provisions of this chapter and particularly section 135B.7, arising before or after December 31, 1960.

§135B.6 Denial, suspension, or revocation of license — hearings and review.
The department may deny, suspend, or revoke a license in any case where it finds that there has been a substantial failure to comply with this chapter or the rules or minimum standards adopted pursuant to this chapter.

A denial, suspension, or revocation shall be effected by mailing to the applicant or licensee by certified mail, or by personal service of, a notice setting forth the particular reasons for the action. A denial, suspension, or revocation shall become effective thirty days after the mailing or service of the notice, unless the applicant or licensee, within the thirty-day period gives written notice to the department requesting a hearing, in which case the notice is suspended. If a hearing has been requested, the applicant or licensee shall be given an opportunity for a prompt and fair hearing before
§135B.6 Witnesses may be subpoenaed by either party and payment of the cost of preparing the copy or copies. A transcript may be obtained by an interested party on or to section 135B.14. A copy or copies of the transcript shall be reported but need not be transcribed unless judicial review is sought pursuant to section 135B.14. A copy or copies of the transcript may be obtained by an interested party on payment of the cost of preparing the copy or copies. Witnesses may be subpoenaed by either party and shall be allowed fees at a rate prescribed by rule.

§135B.7 Rules and enforcement.

The department, with the advice and approval of the hospital licensing board and approval of the state board of health, shall adopt rules setting out the standards for the different types of hospitals to be licensed under this chapter. The department shall enforce the rules. Rules or standards shall not be adopted or enforced which would have the effect of denying a license to a hospital or other institution required to be licensed, solely by reason of the school or system of practice employed or permitted to be employed by physicians in the hospital, if the school or system of practice is recognized by the laws of this state.

The rules shall state that a hospital shall not deny clinical privileges to physicians and surgeons, podiatric physicians, osteopaths, osteopathic surgeons, dentists, certified health service providers in psychology, physician assistants, or advanced registered nurse practitioners licensed under chapter 148, 148C, 149, 150, 150A, 152, or 153, or section 154B.7, solely by reason of the license held by the practitioner or solely by reason of the school or institution in which the practitioner received medical schooling or postgraduate training if the medical schooling or postgraduate training was accredited by an organization recognized by the council on postsecondary accreditation or an accrediting group recognized by the United States department of education. A hospital may establish procedures for interaction between a patient and a practitioner. The rules shall not prohibit a hospital from limiting, restricting, or revoking clinical privileges of a practitioner for violation of hospital rules, regulations, or procedures established under this paragraph, when applied in good faith and in a nondiscriminatory manner. This paragraph shall not require a hospital to expand the hospital's current scope of service delivery solely to offer the services of a class of providers not currently providing services at the hospital. This section shall not be construed to require a hospital to establish rules which are inconsistent with the scope of practice established for licensure of practitioners to whom this paragraph applies. This section shall not be construed to authorize the denial of clinical privileges to a practitioner or class of practitioners solely because a hospital has as employees of the hospital identically licensed practitioners providing the same or similar services.

The rules shall require that a hospital establish and implement written criteria for the granting of clinical privileges. The written criteria shall include but are not limited to consideration of the ability of an applicant for privileges to provide patient care services independently and appropriately in the hospital; the license held by the applicant to practice; training, experience, and competence of the applicant; and the relationship between the applicant's request for the granting of privileges and the hospital's current scope of patient care services, as well as the hospital's determination of the necessity to grant privileges to a practitioner authorized to provide comprehensive, appropriate, and cost-effective services.

The department shall adopt rules requiring hospitals to establish and implement protocols for responding to the needs of patients who are victims of domestic abuse, as defined in section 236.2.

§135B.8 Effective date of rules.

Any hospital which is in operation at the time of promulgation of any applicable rules or minimum standards under this chapter shall be given a reasonable time, not to exceed thirty days following a patient's discharge.

5. “Technician” shall mean technologist as well.

98 Acts, ch 1100, §16

135B.21 Functions of hospital.
The ownership and maintenance of the laboratory and x-ray facilities and the operation of same under this division are proper functions of a hospital.

135B.22 Character of services.
Pathology and radiology services performed in hospitals are the product of the joint contribution of hospitals, doctors and technicians but these services constitute medical services which must be performed by or under the direction and supervision of a doctor, and no hospital shall have the right, directly or indirectly, to direct, control or interfere with the professional medical acts and duties of the doctor in charge of the pathology or radiology facilities or of the technicians under the doctor’s supervision. Nothing herein contained shall affect the rights of third parties as a result of negligence in the operation or maintenance of the aforesaid pathology and radiology facilities.

135B.23 Agreement with doctor.
Each hospital shall arrange for such services and for the direction and supervision of its pathology or radiology department by entering into either an oral or written agreement with a doctor who is a member of or acceptable to the hospital medical staff. Such doctor may or may not be a specialist. The department may be supervised and directed by a qualified member of the staff and specific services may be referred to a specialist, or the specialist may also direct and supervise the department as may be desired. Any contract so entered into shall be in accordance with the provisions of this division.

135B.24 Employees.
Unless the department is leased or unless the hospital and doctor mutually agree otherwise, technicians and other personnel, not including doctors, shall be employees of the hospital, subject to the rules of the hospital applicable to employees generally, but under the direction and supervision of the doctor in charge of the department as set forth elsewhere in this division.

135B.25 Hiring and dismissal of technicians.
The doctor and hospital shall mutually agree upon the employment of any technicians necessary for the proper operation of said department.
and no technicians shall be dismissed from said employment without the mutual consent of the parties, provided, however, that in the event the hospital and doctor are unable mutually to agree upon the hiring or discharge or disciplining of any employee of said department, the matter shall be promptly submitted to the joint conference committee for final determination.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §135B.25]

135B.26 Compensation.
The contract between the hospital and doctor in charge of the laboratory or x-ray facilities may contain any provision for compensation of each upon which they mutually agree. The contract may create the relationship of employer and employee between the hospital and the radiologist or pathologist. A percentage arrangement or a relationship of employer and employee between the hospital and the radiologist or pathologist is not unprofessional conduct on the part of the doctor or in violation of the statutes of this state upon the part of the hospital.

135B.27 Admission agreement.
The hospital admission agreement signed by the patient or the patient’s legal representative shall contain the following statement:

“Pathology and radiology services are medical services performed or supervised by doctors, and the personnel and facilities are or may be furnished by the hospital for said services. Charges for such services are or may be collected, however, by the hospital on behalf of said doctors pursuant to an agreement between said doctors and the hospital, and from said charges I consent that an agreed sum will be retained by the hospital in accordance with an existing agreement between the doctor and the hospital.”

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §135B.27]

135B.28 Hospital bill.
The hospital bill shall properly include the charges for pathology and radiology services as long as the name of the doctor is stated and it fairly appears that the charge is for medical services. The said hospital bill shall also contain a statement substantially in the following form:

“The pathology and radiology charges are for medical services rendered by or under the direction of the doctor listed above and are collected by the hospital on behalf of the doctor, from which charges an agreed sum will be retained by the hospital in accordance with an existing agreement to which retention you consented at the time of your admission to the hospital.”

Upon the effective date of regulations which may be adopted by the United States department of health and human services prohibiting combined billing by hospitals and hospital-based physicians under Title XVIII of the federal Social Security Act, the charges for all pathology and radiology services in a hospital, may upon the mutual agreement of the hospital, physician and third-party payer, be billed separately, the hospital component of the charges being included in the hospital bill and the doctor component being billed by the doctor.

135B.29 Fees.
All fees to be charged by the doctors for pathology and radiology services shall be mutually agreed upon by the hospital and the doctor. In the event a dispute shall arise between the parties the matter shall be submitted to the joint conference committee for final determination.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §135B.29]

135B.30 Radiology and pathology fees.
Fees for radiology and pathology services must be paid for as medical and not hospital services. In all cases where payment is to be made by a corporation organized pursuant to chapter 514, payment for radiology and pathology services shall be made by a medical service corporation and not by a hospital service corporation.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §135B.30]

135B.31 Exceptions.
This division is not intended and shall not affect in any way the obligation of public hospitals under chapter 347 or municipal hospitals to provide medical care or treatment to patients of certain entitlement, nor the operation by the state of mental or other hospitals authorized by law. This division shall not in any way affect or limit the practice of dentistry or the practice of oral surgery by a dentist.

135B.32 Construction.
Nothing herein shall deprive any hospital of its tax exempt or nonprofit status.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §135B.32]

TECHNICAL PLANNING ASSISTANCE

135B.33 Technical assistance — plan — grants.
Subject to availability of funds, the Iowa department of public health shall provide technical planning assistance to local boards of health and hospital governing boards to ensure access to hospital
services in rural areas. The department shall encourage the local boards of health and hospital governing boards to adopt a long-term community health services and developmental plan including the following:

1. An analysis of demographic trends in the health facility services area, affecting health facility and health-facility-related health care utilizations.
2. A review of inpatient services currently provided, by type of service and the frequency of provision of that service, and the cost-effectiveness of that service.
3. An analysis of resources available in proximate health facilities and services that might be provided through alternative arrangements with such health facilities.
4. An analysis of cooperative arrangements that could be developed with other health facilities in the area that could assist those health facilities in the provision of services.
5. An analysis of community health needs, including long-term care, nursing facility care, pediatric and maternity services, and the health facilities' potential role in facilitating the provision of services to meet these needs.
6. An analysis of alternative uses for existing health facility space and real property, including use for community health-related and human service-related purposes.
7. An analysis of mechanisms to meet indigent patient care needs and the responsibilities for the care of indigent patients.
8. An analysis of the existing tax levying of the health facilities for patient care, on a per capita basis and per hospital patient basis, and projections on future needs for tax levying to continue for the provision of care.

Providers may cooperatively coordinate to develop one long-term community health services and developmental plan for a geographic area, provided the plan addresses the issues enumerated in this section.

The health facilities may seek technical assistance or apply for matching grant funds for the plan development. The department shall require compliance with subsections 1 through 8 when the facility applies for matching grant funds.

135C.2 Purpose — rules — special classifications — protection and advocacy agency.

1. The purpose of this chapter is to promote and encourage adequate and safe care and housing for individuals who are aged or who, regardless of age, are infirm, convalescent, or mentally or physically dependent, by both public and private agencies by providing for the adoption and enforcement of rules and standards:
   a. For the housing, care, and treatment of individuals in health care facilities, and
   b. For the location, construction, maintenance, renovation, and sanitary operation of such health care facilities which will promote safe and adequate care of individuals in such homes so as to further the health, welfare, and safety of such individuals.

2. Rules and standards prescribed, promulgated, and enforced under this chapter shall not be arbitrary, unreasonable, or confiscatory and the department or agency prescribing, promulgating, or enforcing such rules or standards shall have the burden of proof to establish that such rules or standards meet such requirements and are consistent with the economic problems and conditions involved in the care and housing of persons in health care facilities.

3. a. The department shall establish by administrative rule the following special classifications:
   (1) Within the residential care facility category, a special license classification for residential facilities intended to serve persons with mental illness.
   (2) Within the nursing facility category, a special license classification for nursing facilities which designate and dedicate the facility or a special unit within the facility to provide care for persons who suffer from chronic confusion or a dementing illness. A nursing facility which designates and dedicates the facility or a special unit within the facility for the care of persons who suffer from chronic confusion or a dementing illness shall be specially licensed. For the purposes of this subsection, "designate" means to identify by a distinctive title or label and "dedicate" means to set apart for a definite use or purpose and to promote that purpose.
   b. The department may also establish by administrative rule special classifications within the residential care facility, intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, or nursing facility categories, for facilities intended to serve individuals who have special health care problems or conditions in common. Rules establishing a special classification shall define the problem or condition to which the special classification is relevant and establish requirements for an approved program of care commensurate with the problem or condition. The rules may grant special variances or considerations to facilities licensed within the special classification.
   c. The rules adopted for intermediate care facilities for persons with mental retardation shall be consistent with, but no more restrictive than, the federal standards for intermediate care facilities for persons with mental retardation establish-
lished pursuant to the federal Social Security Act, § 1905(c)(d), as codified in 42 U.S.C. § 1396d, in effect on January 1, 1989. However, in order for an intermediate care facility for persons with mental retardation to be licensed, the state fire marshal must certify to the department that the facility meets the applicable provisions of the rules adopted for such facilities by the state fire marshal. The state fire marshal’s rules shall be based upon such a facility’s compliance with either the provisions applicable to health care occupancies or residential board and care occupancies of the life safety code of the national fire protection association, 2000 edition. The department shall adopt additional rules for intermediate care facilities for persons with mental retardation pursuant to section 135C.14, subsection 8.

d. Notwithstanding the limitations set out in this subsection regarding rules for intermediate care facilities for persons with mental retardation, the department shall consider the federal interpretive guidelines issued by the federal centers for Medicare and Medicaid services when interpreting the department’s rules for intermediate care facilities for persons with mental retardation. This use of the guidelines is not subject to the rulemaking provisions of sections 17A.4 and 17A.5, but the guidelines shall be published in the Iowa administrative bulletin and the Iowa administrative code.

5. The department shall establish a special classification within the residential care facility category in order to foster the development of residential care facilities which serve persons with mental retardation, chronic mental illness, a developmental disability, or brain injury, as described under section 225C.26, and which contain five or fewer residents. A facility within the special classification established pursuant to this subsection is exempt from the requirements of section 135.63. The department shall adopt rules which are consistent with rules previously developed for the waiver demonstration project pursuant to 1986 Iowa Acts, chapter 1246, section 206, and which include all of the following provisions:

a. A facility provider under the special classification must comply with rules adopted by the department for the special classification. However, a facility provider which has been accredited by the accreditation council for services to persons with mental retardation and other developmental disabilities shall be deemed to be in compliance with the rules adopted by the department.

b. A facility must be located in an area zoned for single or multiple-family housing or in an unincorporated area and must be constructed in compliance with applicable local requirements and the rules adopted for the special classification by the state fire marshal in accordance with the concept of the least restrictive environment for the facility residents. Local requirements shall not be more restrictive than the rules adopted for the special classification by the state fire marshal and the state building code requirements for single or multiple-family housing, under section 103A.7.

c. Facility provider plans for the facility’s accessibility to residents must be in place.

d. A written plan must be in place which documents that a facility meets the needs of the facility’s residents pursuant to individual program plans developed according to age appropriate and least restrictive program requirements.

e. A written plan must be in place which documents that a facility’s residents have reasonable access to employment or employment-related training, education, generic community resources, and integrated opportunities to promote interaction with the community.

f. The facilities licensed under this subsection shall be eligible for funding utilized by other licensed residential care facilities for persons with mental retardation, or licensed residential care facilities for persons with mental illness, including but not limited to funding under or from the federal social services block grant, the state supplementary assistance program, state mental health and developmental disabilities services funds, and county funding provisions.

6. a. This chapter shall not apply to adult day services provided in a health care facility. However, adult day services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

b. The level of care certification provisions pursuant to sections 135C.3 and 135C.4, the license application and fee provisions pursuant to section 135C.7, and the involuntary discharge provisions pursuant to section 135C.14, subsection 8, shall not apply to respite care services provided in a health care facility. However, respite care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

c. The department shall adopt rules to implement this subsection.

7. The rules adopted by the department regarding nursing facilities shall provide that a nursing facility may choose to be inspected either
by the department or by the joint commission on accreditation of health care organizations. The rules regarding acceptance of inspection by the joint commission on accreditation of health care organizations shall include recognition, in lieu of inspection by the department, of comparable inspections and inspection findings of the joint commission on accreditation of health care organizations, if the department is provided with copies of all requested materials relating to the inspection process.

135C.3 Nature of care.

1. A licensed nursing facility shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed nurse. Medical and nursing services must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the nursing facility must be based on a physician's written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing.

2. A licensed intermediate care facility for persons with mental illness shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed registered nurse, who has had at least two years of recent experience in a chronic or acute psychiatric setting. Medical and nursing service must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the intermediate care facility for persons with mental illness must be based on a physician's written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing.

135C.4 Residential care facilities.

Each facility licensed as a residential care facility shall provide an organized continuous twenty-four-hour program of care commensurate with the needs of the residents of the home and under the immediate direction of a person approved and certified by the department whose combined training and supervised experience is such as to ensure adequate and competent care. All admissions to residential care facilities shall be based on an order written by a physician certifying that the individual being admitted does not require nursing services or that the individual's need for nursing services can be avoided if home and community-based services, other than nursing care, as defined by this chapter and departmental rule, are provided. For the purposes of this section, the home and community-based services to be provided shall be limited to the type included under the medical assistance program provided pursuant to chapter 249A, shall be subject to cost limitations established by the department of human services under the medical assistance program, and except as otherwise provided by the department of inspections and appeals with the concurrence of the department of human services, shall be limited in capacity to the number of licensed residential care facilities and the number of licensed residential care facility beds in the state as of December 1, 2003.

135C.5 Limitations on use.

Another business or activity serving persons other than the residents of a health care facility may be operated or provided in a designated part of the physical structure of the health care facility if the other business or activity meets the requirements of applicable state and federal laws, administrative rules, and federal regulations. The department shall not limit the ability of a health care facility to operate or provide another business or activity in the designated part of the facility if the business or activity does not interfere with the use of the facility by the residents or with the services provided to the residents, and is not disturbing to the residents. In denying the ability of a health care facility to operate or provide another business or activity under this section, the burden of proof shall be on the department to demonstrate that the other business or activity substantially interferes with the use of the facility by the residents or the services provided to the residents, or is disturbing to the residents. The state fire marshal, in accordance with chapter 17A, shall adopt rules which establish criteria for approval of a business
or activity to be operated or provided in a designated part of the physical structure of a health care facility. For the purposes of this section, "another business or activity" shall not include laboratory services with the exception of laboratory services for which a waiver from regulatory oversight has been obtained under the federal Clinical Laboratory Improvement Amendments of 1988, Pub. L. No. 100-578, as amended, radiological services, anesthesiology services, obstetrical services, surgical services, or emergency room services provided by hospitals licensed under chapter 135B.

135C.6 License required — exemptions.

1. A person or governmental unit acting severally or jointly with any other person or governmental unit shall not establish or operate a health care facility in this state without a license for the facility. A supported community living service, as defined in section 225C.21, is not required to be licensed under this chapter, but is subject to approval under section 225C.21 in order to receive public funding.

2. A health care facility suitable for separation and operation with distinct parts may, where otherwise qualified in all respects, be issued multiple licenses authorizing various parts of such facilities to be operated as health care facilities of different license categories.

3. No change in a health care facility, its operation, program, or services, of a degree or character affecting continuing licensability shall be made without prior approval thereof by the department. The department may by rule specify the types of changes which shall not be made without its prior approval.

4. No department, agency, or officer of this state or of any of its political subdivisions shall pay or approve for payment from public funds any amount or amounts to a health care facility under any program of state aid in connection with services provided or to be provided an actual or prospective resident in a health care facility, unless the facility has a current license issued by the department and meets such other requirements as may be in effect pursuant to law.

5. No health care facility established and operated in compliance with law prior to January 1, 1976, shall be required to change its corporate or business name by reason of the definitions prescribed in section 135C.1, provided that no health care facility shall at any time represent or hold out to the public or to any individual that it is licensed as, or provides the services of, a health care facility of a type offering a higher grade of care than such health care facility is licensed to provide. Any health care facility which, by virtue of this section, operates under a name not accurately descriptive of the type of license which it holds shall clearly indicate in any printed advertisement, letterhead, or similar material, the type of license or licenses which it has in fact been issued. No health care facility established or renamed after January 1, 1976, shall use any name indicating that it holds a different type of license than it has been issued.

6. A health care facility operated by and for the exclusive use of members of a religious order, which does not admit more than two individuals to the facility from the general public, may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.

7. A freestanding hospice facility which operates a hospice program in accordance with 42 C.F.R. § 418 may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.

8. The following residential programs to which the department of human services applies accreditation, certification, or standards of review shall not be required to be licensed as a health care facility under this chapter:

a. Residential programs providing care to not more than four individuals and receiving moneys appropriated to the department of human services under provisions of a federally approved home and community-based services waiver for persons with mental retardation or other medical assistance program under chapter 249A. In approving a residential program under this paragraph, the department of human services shall consider the geographic location of the program so as to avoid an overconcentration of such programs in an area.

b. Residential programs providing care to not more than five individuals and receiving moneys appropriated to the department of human services under provisions of a federally approved home and community-based services waiver for persons with mental retardation or other medical assistance program under chapter 249A. In approving a residential program under this paragraph, the department of human services shall consider the geographic location of the program so as to avoid an overconcentration of such programs in an area.

In order to be approved under this paragraph, a residential program shall not be required to involve the conversion of a licensed residential care facility for persons with mental retardation.

b. Not more than forty residential care facilities for persons with mental retardation that are licensed to serve not more than five individuals may be authorized by the department of human services to convert to operation as a residential program under the provisions of a medical assistance home and community-based services waiver for persons with mental retardation. A converted residential program operating under this paragraph shall comply with all of the following conditions:

(1) Approval of the program will not result in an overconcentration of such programs in an area.

(2) The county in which the residential pro-
gram is located submits to the department of human services a letter of support for approval of the program.

(3) The county in which the residential program is located provides to the department of human services verification in writing that the program is needed to address one or more of the following:

(a) The quantity of services currently available in the county is insufficient to meet the need.
(b) The quantity of affordable rental housing in the county is insufficient.
(c) Implementation of the program will cause a reduction in the size or quantity of larger congregate programs.

9. Contingent upon the department of human services receiving federal approval, a residential program which serves not more than eight individuals and is licensed as an intermediate care facility for persons with mental retardation may surrender the facility license and continue to operate under a federally approved medical assistance home and community-based services waiver for persons with mental retardation, if the department of human services has approved a plan submitted by the residential program.

10. Notwithstanding section 135C.9, nursing facilities which are accredited by the joint commission on accreditation of health care organizations shall be licensed without inspection by the department, if the nursing facility has chosen to be inspected by the joint commission on accreditation of health care organizations in lieu of inspection by the department.

[C50, 54, §135C.2; C58, 62, 66, 71, 73, 75, 77, 79, 81, §135C.6]

135C.8 Scope of license.

Licenses for health care facilities shall be issued only for the premises and persons or governmental units named in the application and shall not be transferable or assignable except with the written approval of the department, obtained prior to the purchase of the facility involved. Licenses shall be posted in a conspicuous place on the licensed premises as prescribed by regulation of the department. Such licenses, unless sooner suspended or revoked, shall expire one year after the date of issuance and shall be renewed annually upon an application by the licensee. Applications for such renewal shall be made in writing to the department, accompanied by the required fee, at least thirty days prior to the expiration of such license in accordance with regulations promulgated by the department. Health care facilities which have allowed their licenses to lapse through failure to make timely application for renewal of their licenses shall pay an additional fee of twenty-five percent of the annual license fee prescribed in section 135C.7.

[C50, 54, §135C.5; C58, 62, 66, 71, 73, 75, 77, 79, 81, §135C.8]

135C.9 Inspection before issuance — notice of deficiencies.

1. The department shall not issue a health care facility license to any applicant until:
   a. The department has ascertained that the staff and equipment of the facility is adequate to provide the care and services required of a health care facility of the category for which the license is sought. Prior to the review and approval of plans and specifications for any new facility and the initial licensing under a new licensee, a resume of the programs and services to be furnished and of the means available to the applicant for providing the same and for meeting requirements for staffing, equipment, and operation of the health care facility, with particular reference to the professional requirements for services to be rendered, shall be submitted in writing to the department for review and approval. The resume shall be reviewed by the department within ten working days and returned to the applicant. The resume shall, upon the department’s request, be revised as appropriate by the facility from time to time after issuance of a license.
   b. The facility has been inspected by the state fire marshal or a deputy appointed by the fire mar-
shall for that purpose, who may be a member of a municipal fire department, and the department has received either a certificate of compliance or a provisional certificate of compliance by the facility with the fire hazard and fire safety rules and standards of the department as promulgated by the fire marshal and, where applicable, the fire safety standards required for participation in programs authorized by either Title XVIII or Title XIX of the United States Social Security Act (42 U.S.C. § 1395 to 1395ll and 1396 to 1396g). The certificate or provisional certificate shall be signed by the fire marshal or the fire marshal's deputy who made the inspection. If the state fire marshal or a deputy finds a deficiency upon inspection, the notice to the facility shall be provided in a timely manner and shall specifically describe the nature of the deficiency, identifying the Code section or subsection or the rule or standard violated. The notice shall also specify the time allowed for correction of the deficiency, at the end of which time the fire marshal or a deputy shall perform a follow-up inspection.

2. The rules and standards promulgated by the fire marshal pursuant to subsection 1, paragraph "b" of this section shall be substantially in keeping with the latest generally recognized safety criteria for the facilities covered, of which the applicable criteria recommended and published from time to time by the national fire protection association shall be prima facie evidence. The rules and standards promulgated by the fire marshal shall be promulgated in consultation with the department and shall, to the greatest extent possible, be consistent with rules adopted by the department under this chapter.

3. The state fire marshal or the fire marshal's deputy may issue successive provisional certificates of compliance for periods of one year each to a facility which is in substantial compliance with the applicable fire hazard and fire safety rules and standards, upon satisfactory evidence of an intent, in good faith, by the owner or operator of the facility to correct the deficiencies noted upon inspection within a reasonable period of time as determined by the state fire marshal or the fire marshal's deputy. Renewal of a provisional certificate shall be based on a showing of substantial progress in eliminating deficiencies noted upon the last previous inspection of the facility without the appearance of additional deficiencies other than those arising from changes in the fire hazard and fire safety rules, regulations and standards which have occurred since the last previous inspection, except that substantial progress toward achievement of a good faith intent by the owner or operator to replace the entire facility within a reasonable period of time, as determined by the state fire marshal or the fire marshal's deputy, may be accepted as a showing of substantial progress in eliminating deficiencies, for the purposes of this section.

4. If a facility subject to licensure under this chapter, a facility exempt from licensure under this chapter pursuant to section 135C.6, or a family home under section 335.25 or 414.22, has been issued a certificate of compliance or a provisional certificate of compliance under subsection 1 or 3, or has otherwise been approved as complying with a rule or standard by the state or a deputy fire marshal or a local building department as defined in section 103A.3, the state or deputy fire marshal or local building department which issued the certificate, provisional certificate, or approval shall not apply additional requirements for compliance with the rule or standard unless the rule or standard is revised in accordance with chapter 17A or with local regulatory procedure following issuance of the certificate, provisional certificate, or approval.

97 Acts, ch 169, §19; 2001 Acts, ch 30, §1, 2

135C.10 Denial, suspension or revocation.

The department shall have the authority to deny, suspend, or revoke a license in any case where the department finds that there has been repeated failure on the part of the facility to comply with the provisions of this chapter or the rules or minimum standards promulgated hereunder, or for any of the following reasons:

1. Cruelty or indifference to health care facility residents.

2. Appropriation or conversion of the property of a health care facility resident without the resident's written consent or the written consent of the resident's legal guardian.

3. Permitting, aiding, or abetting the commission of any illegal act in the health care facility.

4. Inability or failure to operate and conduct the health care facility in accordance with the requirements of this chapter and the minimum standards and rules issued pursuant thereto.

5. Obtaining or attempting to obtain or retain a license by fraudulent means, misrepresentation, or by submitting false information.

6. Habitual intoxication or addiction to the use of drugs by the applicant, manager or supervisor of the health care facility.

7. Securing the devise or bequest of the property of a resident of a health care facility by undue influence.

8. Willful failure or neglect to maintain a continuing in-service education and training program for all personnel employed in the facility.

9. In the case of an application by an existing licensee for a new or newly acquired facility, continuing or repeated failure of the licensee to operate any previously licensed facility or facilities in compliance with the provisions of this chapter or of the rules adopted pursuant to it.
10. In the case of a license applicant or existing licensee which is an entity other than an individual, the department may deny, suspend, or revoke a license if any individual, who is in a position of control or is an officer of the entity, engages in any act or omission proscribed by this section. 135C.11 Notice — hearings.
1. The denial, suspension, or revocation of a license shall be effected by delivering to the applicant or licensee by certified mail or by personal service of a notice setting forth the particular reasons for such action. Such denial, suspension, or revocation shall become effective thirty days after the mailing or service of the notice, unless the applicant or licensee, within such thirty-day period, shall give written notice to the department requesting a hearing, in which case the notice shall be deemed to be suspended. If a hearing has been requested, the applicant or licensee shall be given an opportunity for a prompt and fair hearing before the department. At any time at or prior to the hearing the department may rescind the notice of the denial, suspension, or revocation upon being satisfied that the reasons for the denial, suspension, or revocation have been or will be removed. On the basis of any such hearing, or upon default of the applicant or licensee, the determination involved in the notice may be affirmed, modified, or set aside by the department. A copy of such decision shall be sent by certified mail, or served personally upon the applicant or licensee. The applicant or licensee may seek judicial review pursuant to section 135C.13.

2. The procedure governing hearings authorized by this section shall be in accordance with the rules promulgated by the department. A full and complete record shall be kept of all proceedings, and all testimony shall be reported but need not be transcribed unless judicial review is sought pursuant to section 135C.13. Copies of the transcript may be obtained by an interested party upon payment of the cost of preparing the copies. Witnesses may be subpoenaed by either party and shall be allowed fees at a rate prescribed by the department’s rules. The director may, after advising the resident advocate committee established pursuant to section 135C.25, either proceed in accordance with section 135C.30, or remove all residents and suspend the license or licenses of any health care facility, prior to a hearing, when the director finds that the health or safety of residents of the health care facility requires such action on an emergency basis. The fact that no resident advocate committee has been appointed for a particular facility shall not bar the director from exercising the emergency powers granted by this subsection with respect to that facility. 135C.12 Conditional operation.
If the department has the authority under section 135C.10 to deny, suspend or revoke a license, the department or director may, as an alternative to those actions:
1. Apply to the district court of the county in which the licensee’s health care facility is located for appointment by the court of a receiver for the facility pursuant to section 135C.30.
2. Conditionally issue or continue a license dependent upon the performance by the licensee of reasonable conditions within a reasonable period of time as set by the department so as to permit the licensee to commence or continue the operation of the health care facility pending full compliance with this chapter or the regulations or minimum standards promulgated under this chapter. If the licensee does not make diligent efforts to comply with the conditions prescribed, the department may, under the proceedings prescribed by this chapter, suspend or revoke the license. No health care facility shall be operated on a conditional license for more than one year.
3. The department, in evaluating corrections of deficiencies in a facility in receivership or operating on a conditional license, may determine what is satisfactory compliance, provided that in so doing it shall employ established criteria which shall be uniformly applied to all facilities of the same license category. [C58, 62, 66, 71, 73, 75, 77, 79, 81, §135C.12]

For legislative intent regarding imposition of a conditional license if failure of full compliance will result in single class I citation that is not an immediate jeopardy; see 99 Acts, ch 199, §10

135C.13 Judicial review.
Judicial review of any action of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county where the facility or proposed facility is located, and pending final disposition of the matter the status quo of the applicant or licensee shall be preserved except when the director, with the advice and consent of the resident advocate committee established pursuant to section 135C.25, determines that the health, safety or welfare of the residents of the facility is in immediate danger, in which case the director may order the immediate removal of such residents. The fact that no resident advocate committee has been appointed for a particular facility shall not bar the director from exercising the emergency powers granted by this subsection with respect to that facility. See §17A.19
135C.14 Rules.

The department shall, in accordance with chapter 17A and with the approval of the state board of health, adopt and enforce rules setting minimum standards for health care facilities. In so doing, the department, with the approval of the state board of health, may adopt by reference, with or without amendment, nationally recognized standards and rules, which shall be specified by title and edition, date of publication, or similar information. The rules and standards required by this section shall be formulated in consultation with the director of human services or the director's designee, with the state fire marshal, and with affected industry, professional, and consumer groups, and shall be designed to further the accomplishment of the purposes of this chapter and shall relate to:

1. Location and construction of the facility, including plumbing, heating, lighting, ventilation, and other housing conditions, which shall ensure the health, safety and comfort of residents and protection from fire hazards. The rules of the department relating to protection from fire hazards and fire safety shall be promulgated by the state fire marshal in consultation with the department, and shall be in keeping with the latest generally recognized safety criteria for the facilities covered of which the applicable criteria recommended and published from time to time by the national fire protection association are prima facie evidence. To the greatest extent possible, the rules promulgated by the state fire marshal shall be consistent with the rules adopted by the department under this chapter.

2. Number and qualifications of all personnel, including management and nursing personnel, having responsibility for any part of the care provided to residents.

3. All sanitary conditions within the facility and its surroundings including water supply, sewage disposal, food handling, and general hygiene, which shall ensure the health and comfort of residents.

4. Diet related to the needs of each resident and based on good nutritional practice and on recommendations which may be made by the physician attending the resident.

5. Equipment essential to the health and welfare of the resident.

6. Requirements that a minimum number of registered or licensed practical nurses and nurses' aides, relative to the number of residents admitted, be employed by each licensed facility. Staff-to-resident ratios established under this subsection need not be the same for facilities holding different types of licenses, nor for facilities holding the same type of license if there are significant differences in the needs of residents which the respective facilities are serving or intend to serve.

7. Social services and rehabilitative services provided for the residents.

8. Facility policies and procedures regarding the treatment, care, and rights of residents. The rules shall apply the federal resident's rights contained in the federal Omnibus Budget Reconciliation Act of 1987, Pub. L. No. 100-203, and the regulations adopted pursuant to the Act and contained in 42 C.F.R. § 483.10, 483.12, 483.13, and 483.15, as amended to February 2, 1989, to all health care facilities as defined in this chapter and shall include procedures for implementing and enforcing the federal rules. The department shall also adopt rules relating to the following:
   a. The transfer of residents to other rooms within a facility.
   b. The involuntary discharge or transfer of residents from a facility including provisions for notice and agency hearings and for the development of a patient discharge or transfer plan and for providing counseling services to a patient being discharged or transferred.
   c. The required holding of a bed for a resident under designated circumstances upon payment of a prescribed charge for the bed.
   d. The notification of resident advocate committees by the department of all complaints relating to health care facilities and the involvement of the resident advocate committees in resolution of the complaints.
   e. For the recoupment of funds or property to residents when the resident's personal funds or property have been used without the resident's written consent or the written consent of the resident's guardian.

135C.15 Time to comply.

1. Any health care facility which is in operation at the time of adoption or promulgation of any applicable rules or minimum standards under this chapter shall be given reasonable time from the date of such promulgation to comply with such rules and minimum standards as provided for by the department. The director may grant successive thirty-day extensions of the time for compliance where evidence of a good faith attempt to achieve compliance is furnished, if the extensions will not place in undue jeopardy the residents of the facility to which the extensions are granted.

2. Renovation of an existing health care facility, not already in compliance with all applicable standards, shall be permitted only if the fixtures and equipment to be installed and the services to be provided in the renovated portion of the facility will conform substantially to current operational...
standards. Construction of an addition to an existing health care facility shall be permitted only if the design of the structure, the fixtures and equipment to be installed, and the services to be provided in the addition will conform substantially to current construction and operational standards.

[§135C.16 HEALTH CARE FACILITIES, §135C.16]

135C.16 Inspections.

1. In addition to the inspections required by sections 135C.9 and 135C.38, the department shall make or cause to be made such further unannounced inspections as it deems necessary to adequately enforce this chapter. At least one general unannounced inspection shall be conducted for each health care facility within a thirty-month period. The inspector shall show identification to the person in charge of the facility and state that an inspection is to be made before beginning the inspection. An employee of the department who gives unauthorized advance notice of an inspection made or planned to be made under this subsection or section 135C.38 shall be disciplined as determined by the director, except that if the employee is employed pursuant to the merit system provisions of chapter 8A, subchapter IV, the discipline shall not exceed the discipline authorized pursuant to that subchapter.

2. The department shall prescribe by rule that any licensee or applicant for license desiring to make specific types of physical or functional alterations or additions to its facility or to construct new facilities shall, before commencing the alteration or additions or new construction, submit plans and specifications to the department for preliminary inspection and approval or recommendations with respect to compliance with the department’s rules and standards. When the plans and specifications have been properly approved by the department or other appropriate state agency, the facility or the portion of the facility constructed or altered in accord with the plans and specifications shall not for a period of at least five years from completion of the construction or alteration be considered deficient or ineligible for licensing by reason of failure to meet any rule or standard established subsequent to approval of the plans and specifications. When construction or alteration of a facility or portion of a facility has been completed in accord with plans and specifications submitted as required by this subsection and properly approved by the department or other appropriate state agency, and it is discovered that the facility or portion of a facility is not in compliance with a requirement of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, and the deficiency was apparent from the plans and specifications submitted but was not noted or objected to by the department or other appropriate state agency, the department or agency responsible for the oversight shall either waive the requirement or reimburse the licensee or applicant for any costs which are necessary to bring the new or reconstructed facility or portion of a facility into compliance with the requirement and which the licensee or applicant would not have incurred if the facility or portion of the facility had been constructed in compliance with the requirements of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted. If within two years from the completion of the construction or alteration of the facility or portion thereof, a department or agency of the state orders that the new or reconstructed facility or portion thereof be brought into compliance with the requirements of this chapter or the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, the state shall have a claim for damages to the extent of any reimbursement paid to the licensee or applicant against any person who designed the facility or portion thereof for negligence in the preparation of the plans and specifications therefor, subject to all defenses based upon the negligence of the state in reviewing and approving those plans and specifications, but not thereafter.

The provisions of this subsection shall not apply where the deficiency presents a clear and present danger to the safety of the residents of the facility.

3. An inspector of the department may enter any licensed health care facility without a warrant, and may examine all records pertaining to the care provided residents of the facility. An inspector of the department may contact or interview any resident, employee, or any other person who might have knowledge about the operation of a health care facility. An inspector of the department of human services shall have the same right with respect to any facility where one or more residents are cared for entirely or partially at public expense, and an investigator of the designated protection and advocacy agency shall have the same right with respect to any facility where one or more residents have developmental disabilities or mental illnesses, and the state fire marshal or a deputy appointed pursuant to section 135C.9, subsection 1, paragraph “b” shall have the same right of entry into any facility and the right to inspect any records pertinent to fire safety practices and conditions within that facility. If any such inspector has probable cause to believe that any institution, building, or agency not licensed as a health care facility is in fact a health care facility as defined by this chapter, and upon producing identification that the individual is an inspector is denied entry thereto for the purpose of making an inspection, the inspector may, with the assistance of the county attorney of the county in which the purported health care facility is located, apply to the district court for an order requiring the owner or occupant to permit entry and inspection of the
§135C.17 Duties of other departments.

It shall be the duty of the department of human services, state fire marshal, and the officers and agents of other state and local governmental units, and the designated protection and advocacy agency to assist the department in carrying out the provisions of this chapter, insofar as the functions of these respective offices and departments are concerned with the health, welfare, and safety of any resident of any health care facility. It shall be the duty of the department to cooperate with the protection and advocacy agency by responding to all reasonable requests for assistance and information as required by federal law and this chapter.

§135C.18 Employees.

The department may employ, pursuant to chapter 8A, subchapter IV, such assistants and inspectors as may be necessary to administer and enforce the provisions of this chapter.

§135C.19 Public disclosure of inspection findings — posting of citations.

1. Following an inspection of a health care facility by the department pursuant to this chapter, the department’s final findings with respect to compliance by the facility with requirements for licensing shall be made available to the public in a readily available form and place. Other information relating to a health care facility obtained by the department which does not constitute the department’s findings from an inspection of the facility shall not be made available to the public except in proceedings involving the citation of a facility for a violation under section 135C.40, or the denial, suspension, or revocation of a license under this chapter. The name of a person who files a complaint with the department shall be confidential.

2. A citation for a class I or class II violation which is issued to a health care facility and which has become final, or a copy of the citation, shall be prominently posted as prescribed in rules, until the violation is corrected to the department’s satisfaction. The citation or copy shall be posted in a place in plain view of the residents of the facility cited, persons visiting the residents, and persons inquiring about placement in the facility.

A copy of each citation required to be posted by this subsection shall be sent by the department to the department of human services and to the designated protection and advocacy agency if the facility has one or more residents with developmental disabilities or mental illness.

3. If the facility cited subsequently advises the department of human services that the violation has been corrected to the satisfaction of the department of human services, the department of human services shall maintain this advisory in the same file with the copy of the citation. The department of human services shall not disseminate to the public any information regarding citations issued by the department of inspections and appeals, but shall forward or refer inquiries to the department of inspections and appeals.

§135C.20 Information distributed.

The department shall prepare, publish, and send to licensed health care facilities an annual report of its activities and operations under this chapter and such other bulletins containing fundamental health principles and data as may be deemed essential to assure proper operation of health care facilities, and publish for public distribution copies of the laws, standards and rules pertaining to their operation.

§135C.20A Report cards — facility inspections — complaint procedures — availability to public — electronic access.

1. The department shall develop and utilize a report card system for the recording of the findings of any inspection of a health care facility. The report card shall include but is not limited to a summary of the findings of the inspection, any violation found, any enforcement action taken including any citations issued and penalties assessed, any actions taken to correct violations or deficiencies, and the nature and status of any action taken with respect to any uncorrected violation for which a citation was issued.

2. The report card form shall be developed by the department in cooperation with representatives of the department of elder affairs, the state long-term care resident’s advocate, representatives of resident advocate committees, representatives of protection and advocacy entities, consumers, and other interested persons.

3. The department shall make any completed report cards electronically accessible to the public, on a monthly basis, and shall compile the report cards on an annual basis and make the compilation electronically accessible to the public. The annual compilation shall also be available at the office of the department at the seat of government.
and shall be available to the public by mail, upon request and at the department's expense.

4. In addition to the monthly and annual compilations, the department shall provide compilations of the report cards on a cumulative basis. The cumulative compilation shall reflect the report cards of health care facilities during the four-year period prior to the production of the cumulative compilation. The cumulative compilation shall be applicable to a particular health care facility as a four-year report card history of that facility becomes available. The cumulative compilation shall be available to the public in the same manner as the annual compilation.

§135C.20B Governor’s award — quality care.
1. A governor’s award for quality care is established, to be awarded annually by the governor to a health care facility in the state which demonstrates provision of the highest quality care to residents.
2. The department shall adopt rules establishing the criteria to determine quality care. In developing the criteria, the department shall consult with the members of Iowa partners for resident care and shall also consider all of the following:
   a. The report cards completed pursuant to section 135C.20A.
   b. Any unique services provided by a facility to its residents to improve the quality of care in the facility.
   c. Any information submitted by care review committee members or residents with regard to the quality of care of the facility.
   d. Whether the facility accepts residents for whom costs of care are paid under chapter 249A.

§135C.21 Penalties.
1. Any person establishing, conducting, managing, or operating any health care facility without a license shall be guilty of a serious misdemeanor. Each day of continuing violation after conviction or notice from the department by certified mail of a violation shall be considered a separate offense or chargeable offense. Any such person establishing, conducting, managing or operating any health care facility without a license may be by any court of competent jurisdiction temporarily or permanently restrained therefrom in any action brought by the state.
2. Any person who prevents or interferes with or attempts to impede in any way any duly authorized representative of the department or of any of the agencies referred to in section 135C.17 in the lawful enforcement of this chapter or of the rules adopted pursuant to it is guilty of a simple misdemeanor. As used in this subsection, lawful enforcement includes but is not limited to:
   a. Contacting or interviewing any resident of a health care facility in private at any reasonable hour and without advance notice.

   c. Preserving evidence of any violation of this chapter or of the rules adopted pursuant to it.

HEALTH CARE FACILITIES, §135C.23

135C.22 Applicable to governmental units.
The provisions of this chapter shall be applicable to institutions operated by or under the control of the department of human services, the state board of regents, or any other governmental unit.

§135C.23 Express requirements for admission or residence.
No individual shall be admitted to or permitted to remain in a health care facility as a resident, except in accordance with the requirements of this section.
1. Each resident shall be covered by a contract executed at the time of admission or prior thereto by the resident, or the resident’s legal representative, and the health care facility, except as otherwise provided by subsection 5 with respect to residents admitted at public expense to a county care facility operated under chapter 347B. Each party to the contract shall be entitled to a duplicate original thereof, and the health care facility shall keep on file all contracts which it has with residents and shall not destroy or otherwise dispose of any such contract for at least one year after its expiration. Each such contract shall expressly set forth:
   a. The terms of the contract.
   b. The services and accommodations to be provided by the health care facility and the rates or charges therefor.
   c. Specific descriptions of any duties and obligations of the parties in addition to those required by operation of law.
   d. Any other matters deemed appropriate by the parties to the contract. No contract or any provision thereof shall be drawn or construed so as to relieve any health care facility of any requirement or obligation imposed upon it by this chapter or any standards or rules in force pursuant to this chapter, nor contain any disclaimer of responsibility for injury to the resident, or to relatives or other persons visiting the resident, which occurs on the premises of the facility or, with respect to injury to the resident, which occurs while the resident is under the supervision of any employee of the facility whether on or off the premises of the facility.
2. A health care facility shall not knowingly admit or retain a resident:
   a. Who is dangerous to the resident or other
The admission of a resident to a health care facility and the resident’s presence therein shall not in and of itself confer on such facility, its owner, administrator, employees, or representatives any authority to manage, use, or dispose of any property of the resident, nor any authority or responsibility for the personal affairs of the resident, except as may be necessary for the safety and orderly management of the facility and as required by this section.

1. No health care facility, and no owner, administrator, employee or representative thereof shall act as guardian, trustee or conservator for any resident of such facility, or any of such resident’s property, unless such resident is related to the person acting as guardian within the third degree of consanguinity.

2. A health care facility shall provide for the safekeeping of personal effects, funds and other property of its residents, provided that whenever necessary for the protection of valuables or in order to avoid unreasonable responsibility therefor, the facility may require that they be excluded or removed from the premises of the facility and kept at some place not subject to the control of the facility.

3. A health care facility shall keep complete and accurate records of all funds and other effects and property of its residents received by it for safekeeping.

4. Any funds or other property belonging to or due a resident, or expendable for the resident’s account, which are received by a health care facility shall be trust funds, shall be kept separate from the funds and property of the facility and of its other residents, or specifically credited to such resident, and shall be used or otherwise expended only
for the account of the resident. Upon request the facility shall furnish the resident, the guardian, trustee or conservator, if any, for any resident, or any governmental unit or private charitable agency contributing funds or other property on account of any resident, a complete and certified statement of all funds or other property to which this subsection applies detailing the amounts and items received, together with their sources and disposition.

5. The provisions of this section notwithstanding, upon the verified petition of the county board of supervisors the district court may appoint the administrator of a county care facility as conservator or guardian, or both, of a resident of such county care facility, in accordance with the provisions of chapter 633. Such administrator shall serve as conservator or guardian, or both, without fee. The county attorney shall serve as attorney for the administrator in such conservatorship or guardianship, or both, without fee. The administrator may establish either separate or common bank accounts for cash funds of such resident wards.

1. Each health care facility shall have a resident advocate committee whose members shall be appointed by the director of the department of elder affairs or the director’s designee. A person shall not be appointed a member of a resident advocate committee for a health care facility unless the person is a resident of the service area where the facility is located. The resident advocate committee for any facility caring primarily for persons with mental illness, mental retardation, or a developmental disability shall only be appointed after consultation with the administrator of the division of mental health and disability services of the department of human services on the proposed appointments. Recommendations to the director or the director’s designee for membership on resident advocate committees are encouraged from any agency, organization, or individual. The administrator of the facility shall not be appointed to the resident advocate committee and shall not be present at committee meetings except upon request of the committee.

3. A health care facility shall disclose the names, addresses, and phone numbers of a resident’s family members, if requested, to a resident advocate committee member, unless permission for this disclosure is refused in writing by the family member. The facility shall provide a form on which a family member may indicate a refusal to grant this permission.

4. Neither the state nor any resident advocate committee member is liable for an action by a resident advocate committee member in the performance of duty, if the action is undertaken and carried out in good faith.

135C.29 License list to county commissioner of elections.
To facilitate the implementation of section 53.8, subsection 3 and section 53.22, the director shall provide to each county commissioner of elections at least annually a list of each licensed health care facility in that county. The list shall include the street address or location, and the mailing address if it is other than the street address or location, of each facility.

[C77, 79, 81, §135C.29]

135C.30 Operation of facility under receivership.
When so authorized by section 135C.11, subsection 2, or section 135C.12, subsection 1, the direc-
tor may file a verified application in the district court of the county where a health care facility licensed under this chapter is located, requesting that an individual nominated by the director be appointed as receiver for the facility with responsibility to bring the operation and condition of the facility into conformity with this chapter and the rules or minimum standards promulgated under this chapter.

1. The court shall expeditiously hold a hearing on the application, at which the director shall present evidence in support of the application. The licensee against whose facility the petition is filed may also present evidence, and both parties may subpoena witnesses. The court may appoint a receiver for the health care facility in advance of the hearing if the director’s verified application states that an emergency exists which presents an imminent danger of resultant death or physical harm to the residents of the facility. If the licensee against whose facility the receivership petition is filed informs the court at or before the time set for the hearing that the licensee does not object to the application, the court shall waive the hearing and at once appoint a receiver for the facility.

2. The court, on the basis of the verified application and evidence presented at the hearing, may order the facility placed under receivership, and if so ordered, the court shall direct either that the receiver assume the duties of administrator of the health care facility or that the receiver supervise the facility’s administrator in conducting the day-to-day business of the facility. The receiver shall be empowered to control the facility’s financial resources and to apply its revenues as the receiver deems necessary to the operation of the facility in compliance with this chapter and the rules or minimum standards promulgated under this chapter, but shall be accountable to the court for management of the facility’s financial resources.

3. A receivership established under this section may be terminated by the district court which established it, after a hearing upon an application for termination. The application may be filed:

a. Jointly by the receiver and the current licensee of the health care facility which is in receivership, stating that the deficiencies in the operation, maintenance or other circumstances which were the grounds for establishment of the receivership have been corrected and that there are reasonable grounds to believe that the facility will be operated in compliance with this chapter and the rules or minimum standards promulgated under this chapter.

b. By the current licensee of the facility, alleging that termination of the receivership is merited for the reasons set forth in paragraph “a” of this subsection, but that the receiver has declined to join in the petition for termination of the receivership.

c. By the receiver, stating that all residents of the facility have been relocated elsewhere and that there are reasonable grounds to believe it will not be feasible to again operate the facility on a sound financial basis and in compliance with this chapter and the rules or minimum standards promulgated under this chapter, and asking that the court approve surrender of the facility’s license to the department and subsequent return of control of the facility’s premises to the owners of the premises.

4. Payment of the expenses of a receivership established under this section is the responsibility of the facility for which the receiver is appointed, unless the court directs otherwise. The expenses include, but are not limited to:

a. Salary of the receiver.

b. Expenses incurred by the facility for the continuing care of the residents of the facility.

c. Expenses incurred by the facility for the maintenance of buildings and grounds of the facility.

d. Expenses incurred by the facility in the ordinary course of business, such as employees’ salaries and accounts payable.

The receiver is not personally liable for the expenses of the facility during the receivership. The receiver is an employee of the state as defined in section 669.2, subsection 4, only for the purpose of defending a claim filed against the receiver. Chapter 669 applies to all suits filed against the receiver.

5. This section does not:

a. Preclude the sale or lease of a health care facility, and the transfer or assignment of the facility’s license in the manner prescribed by section 135C.8, while the facility is in receivership, provided these actions are not taken without approval of the receiver.

b. Affect the civil or criminal liability of the licensee of the facility placed in receivership, for any acts or omissions of the licensee which occurred before the receiver was appointed.

135C.31 Discharge of Medicaid patients. A resident of a health care facility shall not be discharged solely because the cost of the resident’s care is being paid under chapter 249A or because the resident’s source of payment is changing from private support to payment under chapter 249A.

135C.31A Assessment of residents — program eligibility. A health care facility receiving reimbursement through the medical assistance program under chapter 249A shall assist the Iowa department of veterans affairs in identifying, upon admission of a resident, the resident’s eligibility for benefits through the United States department of veterans affairs. The department of inspections and appeals, in cooperation with the department of hu-
man services, shall adopt rules to administer this section, including a provision that ensures that if a resident is eligible for benefits through the United States department of veterans affairs or other third-party payor, the payor of last resort for reimbursement to the health care facility is the medical assistance program. The rules shall also require the health care facility to request information from a resident or resident's personal representative regarding the resident's veteran status and to report to the Iowa department of veterans affairs only the names of residents identified as potential veterans along with the names of their spouses and any dependents. Information reported by the health care facility shall be verified by the Iowa department of veterans affairs. This section shall not apply to the admission of an individual to a state mental health institute for acute psychiatric care or to the admission of an individual to the Iowa veterans home.

Section amended

135C.32 Hospice services covered by Medicare.

The requirement that the care of a resident of a health care facility must be provided under the immediate direction of either the facility or the resident's personal physician does not apply if all of the following conditions are met:
1. The resident is terminally ill.
2. The resident has elected to receive hospice services under the federal Medicare program from a Medicare certified hospice program.
3. The health care facility and the Medicare certified hospice program have entered into a written agreement under which the hospice program takes full responsibility for the professional management of the resident's hospice care and the facility agrees to provide room and board to the resident.

88 Acts, ch 1037, §1

135C.33 Child or dependent adult abuse information and criminal records — evaluations — application to other providers.

1. Beginning July 1, 1997, prior to employment of a person in a facility, the facility shall request that the department of public safety perform a criminal history check and the department of human services perform a dependent adult abuse record check of the person in this state. In addition, the facility may request that the department of human services perform a child abuse record check in this state. Beginning July 1, 1997, a facility shall inform all persons prior to employment regarding the performance of the records checks and shall obtain, from the persons, a signed acknowledgment of the receipt of the information. Additionally, a facility shall include the following inquiry in an application for employment: “Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?” If the person has been convicted of a crime under a law of any state or has a record of founded child or dependent adult abuse, the department of human services shall, upon the facility’s request, perform an evaluation to determine whether the crime or founded child or dependent adult abuse warrants prohibition of employment in the facility. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services. If a person owns or operates more than one facility, and an employee of one of such facilities is transferred to another such facility without a lapse in employment, the facility is not required to request additional criminal and dependent adult abuse record checks of that employee.

2. If the department of public safety determines that a person has committed a crime and is to be employed in a facility licensed under this chapter, the department of public safety shall notify the facility that an evaluation, if requested by the facility, will be conducted by the department of human services to determine whether prohibition of the person's employment is warranted. If a department of human services child or dependent adult abuse record check shows that the person has a record of founded child or dependent adult abuse, the department of human services shall inform the facility that an evaluation, if requested by the facility, will be conducted to determine whether prohibition of the person's employment is warranted.

3. In an evaluation, the department of human services shall consider the nature and seriousness of the crime or founded child or dependent adult abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child or dependent adult abuse, the circumstances under which the crime or founded child or dependent adult abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child or dependent adult abuse again, and the number of crimes or founded child or dependent adult abuses committed by the person involved. The department of human services has final authority in determining whether prohibition of the person's employment is warranted.

4. a. Except as provided in paragraph “b”, a person who has committed a crime or has a record of founded child or dependent adult abuse shall not be employed in a facility licensed under this chapter unless an evaluation has been performed by the department of human services. If the department of human services determines from the evaluation that the person has committed a crime
or has a record of founded child or dependent adult abuse which warrants prohibition of employment, the person shall not be employed in a facility licensed under this chapter.

b. A person with a criminal or abuse record who is employed by a facility licensed under this chapter and is hired by another licensee without a lapse in employment shall be subject to the criminal history and abuse record checks required pursuant to subsection 1. If an evaluation was previously performed by the department of human services concerning the person’s criminal or abuse record and it was determined that the record did not warrant prohibition of the person’s employment and the latest record checks do not indicate a crime was committed or founded abuse record was entered subsequent to that evaluation, the person may commence employment with the other licensee while the department of human services’ evaluation of the latest record checks is pending. Otherwise, the requirements of paragraph “a” remain applicable to the person’s employment.

5. Beginning July 1, 1998, this section shall apply to prospective employees of all of the following, if the provider is regulated by the state or receives any state or federal funding:

a. An employee of a homemaker, home-health aide, home-care aide, adult day services, or other provider of in-home services if the employee provides direct services to consumers.

b. An employee of a hospice, if the employee provides direct services to consumers.

c. An employee who provides direct services to consumers under a federal home and community-based services waiver.

d. An employee of an elder group home certified under chapter 231B, if the employee provides direct services to consumers.

e. An employee of an assisted living program certified under chapter 231C, if the employee provides direct services to consumers.

In substantial conformance with the provisions of this section, prior to the employment of such an employee, the provider shall request the performance of the criminal and dependent adult abuse record checks and may request the performance of the child abuse record checks. The provider shall inform the prospective employee and obtain the prospective employee’s signed acknowledgment. The department of human services shall perform the evaluation of any criminal record or founded child or dependent adult abuse record and shall make the determination of whether a prospective employee of a provider shall not be employed by the provider.

6. a. The department of inspections and appeals, in conjunction with other departments and agencies of state government involved with criminal history and abuse registry information, shall establish a single contact repository for facilities and other providers to have electronic access to data to perform background checks for purposes of employment, as required of the facilities and other providers under this section.

b. The department may access the single contact repository for any of the following purposes:

(1) To verify data transferred from the department’s nurse aide registry to the repository.

(2) To conduct record checks of applicants for employment with the department.

135C.34 Medication aide — certification.
The department of inspections and appeals, in cooperation with other appropriate agencies, shall establish a procedure to allow a person who is certified as a medication aide in another state to become certified in this state upon completion and passage of both the certified nurse aide and certified medication aide challenge examinations, without additional requirements for certification, including but not limited to, required employment in this state prior to certification. The department shall adopt rules pursuant to chapter 17A to administer this section.

135C.35 Reserved.

VIOLATIONS

135C.36 Violations classified — penalties.
Every violation by a health care facility of any provision of this chapter or of the rules adopted pursuant to it shall be classified by the department in accordance with this section. The department shall adopt and may from time to time modify, in accordance with chapter 17A rules setting forth so far as feasible the specific violations included in each classification and stating criteria for the classification of any violation not so listed.

1. A Class I violation is one which presents an imminent danger or a substantial probability of resultant death or physical harm to the residents of the facility in which the violation occurs. A physical condition or one or more practices in a facility may constitute a Class I violation. A Class I violation shall be abated or eliminated immediately unless the department determines that a stated period of time, specified in the citation issued under section 135C.40, is required to correct the violation. A licensee is subject to a penalty of not less than two thousand nor more than ten thousand dollars for each Class I violation for which the licensee’s facility is cited.

2. A Class II violation is one which has a direct
or immediate relationship to the health, safety or security of residents of a health care facility, but which presents no imminent danger nor substantial probability of death or physical harm to them. A physical condition or one or more practices within a facility, including either physical abuse of any resident or failure to treat any resident with consideration, respect and full recognition of the resident’s dignity and individuality, in violation of a specific rule adopted by the department, may constitute a Class II violation. A violation of section 135C.14, subsection 8, or section 135C.31 and rules adopted under those sections shall be at least a Class II violation and may be a Class I violation. A Class II violation shall be corrected within a stated period of time determined by the department and specified in the citation issued under section 135C.40. The stated period of time specified in the citation may subsequently be modified by the department for good cause shown. A licensee is subject to a penalty of not less than one hundred nor more than five hundred dollars for each Class II violation for which the licensee’s facility is cited, however the director may waive the penalty if the violation is corrected within the time specified in the citation.

3. A Class III violation is any violation of this chapter or of the rules adopted pursuant to it which violation is not classified in the department’s rules nor classifiable under the criteria stated in those rules as a Class I or a Class II violation. A licensee shall not be subject to a penalty for a Class III violation, except as provided by section 135C.40, subsection 1 for failure to correct the violation within a reasonable time specified by the department in the notice of the violation.

135C.37 Complaints alleging violations—confidentiality.
A person may request an inspection of a health care facility by filing with the department, resident advocate committee of the facility, or the long-term care resident’s advocate as established pursuant to section 231.42, a complaint of an alleged violation of applicable requirements of this chapter or the rules adopted pursuant to this chapter. A person alleging abuse or neglect of a resident with a developmental disability or with mental illness may also file a complaint with the protection and advocacy agency designated pursuant to section 135B.9 or section 135C.2. A copy of a complaint filed with the resident advocate committee or the long-term care resident’s advocate shall be forwarded to the department. The complaint shall state in a reasonably specific manner the basis of the complaint, and a statement of the nature of the complaint shall be delivered to the facility involved at the time of the inspection. The name of the person who files a complaint with the department, resident advocate committee, or the long-term care resident’s advocate shall be kept confidential and shall not be subject to discovery, subpoena, or other means of legal compulsion for its release to a person other than department employees involved in the investigation of the complaint.

135C.38 Inspections upon complaints.
1. a. Upon receipt of a complaint made in accordance with section 135C.37, the department or resident advocate committee shall make a preliminary review of the complaint. Unless the department or committee concludes that the complaint is intended to harass a facility or a licensee or is without reasonable basis, it shall within twenty working days of receipt of the complaint make or cause to be made an on-site inspection of the health care facility which is the subject of the complaint.

b. The complaint investigation shall include, at a minimum, an interview with the complainant, the alleged perpetrator, and the victim of the alleged violation, if the victim is able to communicate, if the complainant, alleged perpetrator, or victim is identifiable, and if the complainant, alleged perpetrator, or victim is available. Additionally, witnesses who have knowledge of facts related to the complaint shall be interviewed, if identifiable and available. The names of witnesses may be obtained from the complainant or the victim. The files of the facility may be reviewed to ascertain the names of staff persons on duty at the time relevant to the complaint. The department shall apply a preponderance of the evidence standard in determining whether or not a complaint is substantiated. For the purposes of this subsection, “a preponderance of the evidence standard” means that the evidence, considered and compared with the evidence opposed to it, produces the belief in a reasonable mind that the allegations are more likely true than not true. “A preponderance of the evidence standard” does not require that the investigator personally witnessed the alleged violation.

c. The department may refer to the resident advocate committee of a facility any complaint received by the department regarding that facility, for initial evaluation and appropriate action by the committee.

2. a. The complainant shall be promptly informed of the result of any action taken by the department or committee in the matter. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more resi-
ments with developmental disabilities or mental illness.

b. Upon conclusion of the investigation, the department shall notify the complainant of the results. The notification shall include a statement of the factual findings as determined by the investigator, the statutory or regulatory provisions alleged to have been violated, and a summary of the reasons for which the complaint was or was not substantiated.

c. The department shall mail the notification to the complainant without charge. Upon the request of the complainant, the department shall mail to the complainant, without charge, a copy of the most recent final findings regarding compliance with licensing requirements by the facility against which the complaint was filed.

d. A person who is dissatisfied with any aspect of the department's handling of the complaint may contact the long-term care resident's advocate, established pursuant to section 231.42, or may contact the protection and advocacy agency designated pursuant to section 135C.2 if the complaint relates to a resident with a developmental disability or a mental illness.

3. An inspection made pursuant to a complaint filed under section 135C.37 need not be limited to the matter or matters included in the complaint. However, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection or unless in the course of the complaint investigation a violation is evident to the inspector. Upon arrival at the facility to be inspected, the inspector shall show identification to the person in charge of the facility and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department or committee, the complainant or the complainant's representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of any resident of the facility to be inspected would otherwise be violated. The protection and dignity of the resident shall be given first priority by the inspector and others.

4. If upon an inspection of a facility by its resident advocate committee pursuant to this section, the committee advises the department of any circumstance believed to constitute a violation of this chapter or of any rule adopted pursuant to it, the committee shall similarly advise the facility at the same time. If the facility's licensee or administrator disagrees with the conclusion of the committee regarding the supposed violation, an informal conference may be requested and if requested shall be arranged by the department as provided in section 135C.42 before a citation is issued. If the department thereafter issues a citation pursuant to the committee's finding, the facility shall not be entitled to a second informal conference on the same violation and the citation shall be considered affirmed. The facility cited may proceed under section 135C.43 if it so desires.

§135C.38, HEALTH CARE FACILITIES 1474

135C.39 No advance notice of inspection — exception.

No advance notice of an on-site inspection made pursuant to section 135C.38 shall be given the health care facility or the licensee thereof unless previously and specifically authorized in writing by the director or required by federal law. The person in charge of the facility shall be informed of the substance of the complaint at the commencement of the on-site inspection.

135C.40 Citations when violations found — penalties — exception.

1. If the director determines, based on the findings of an inspection or investigation of a health care facility, that the facility is in violation of this chapter or rules adopted under this chapter, the director within five working days after making the determination, may issue a written citation to the facility. The citation shall be served upon the facility personally or by certified mail, except that a citation for a Class III violation may be sent by ordinary mail. Each citation shall specifically describe the nature of the violation, identifying the Code section or subsection or the rule or standard violated, and the classification of the violation under section 135C.36. Where appropriate, the citation shall also state the period of time allowed for correction of the violation, which shall in each case be the shortest period of time the department deems feasible. Failure to correct a violation within the time specified, unless the licensee shows that the failure was due to circumstances beyond the licensee's control, shall subject the facility to a further penalty of fifty dollars for each day that the violation continues after the time specified for correction.

2. When a citation is served upon or mailed to a health care facility under subsection 1 and the licensee of the facility is not actually involved in the daily operation of the facility, a copy of the citation shall be mailed to the licensee. If the licensee is a corporation, a copy of the citation shall be sent to the corporation's office of record. If the citation was issued pursuant to an inspection resulting from a complaint filed under section 135C.37, a copy of the citation shall be sent to the complainant at the earliest time permitted by section
135C.19, subsection 1.
3. No health care facility shall be cited for any violation caused by any practitioner licensed pursuant to chapter 148, 150 or 150A if that practitioner is not the licensee of and is not otherwise financially interested in the facility, and the licensee or the facility presents evidence that reasonable care and diligence have been exercised in notifying the practitioner of the practitioner's duty to the patients in the facility.

135C.41 Licensee's response to citation.
Within twenty business days after service of a citation under section 135C.40, a facility shall either:
1. If it does not desire to contest the citation:
   a. Remit to the department the amount specified by the department pursuant to section 135C.36 as a penalty for each Class I violation cited, and for each Class II violation unless the citation specifically waives the penalty, which funds shall be paid by the department into the state treasury and credited to the general fund; or
   b. In the case of a Class II violation for which the penalty has been waived in accordance with the standards prescribed in section 135C.36, subsection 2, or a Class III violation, send to the department a written response acknowledging that the citation has been received and stating that the violation will be corrected within the specific period of time allowed by the citation; or
2. Notify the director that the facility desires to contest the citation and, in the case of citations for Class II or Class III violations, request an informal conference with a representative of the department.
[C77, 79, §135C.41]

135C.42 Informal conference on contested citation.
The director shall assign a representative of the department, other than the inspector upon whose inspection the contested citation is based, to hold an informal conference with the facility within ten working days after receipt of a request made under section 135C.41, subsection 2. At the conclusion of the conference the representative may affirm or may modify or dismiss the citation. In the latter case, the representative shall state in writing the specific reasons for the modification or dismissal and immediately transmit copies of the statement to the director, and to the facility. If the facility does not desire to further contest an affirmed or modified citation, it shall within five working days after the informal conference, or after receipt of the written explanation of the representative, as the case may be, comply with section 135C.41, subsection 1.
[C77, 79, §135C.42]

135C.43 Formal contest — judicial review.
1. A facility which desires to contest a citation for a Class I violation, or to further contest an affirmed or modified citation for a Class II or Class III violation, may do so in the manner provided by chapter 17A for contested cases. Notice of intent to formally contest a citation shall be given the department in writing within five days after service of a citation for a Class I violation, or within five days after the informal conference or after receipt of the written explanation of the representative delegated to hold the informal conference, whichever is applicable, in the case of an affirmed or modified citation for a Class II or Class III violation. A facility which has exhausted all adequate administrative remedies and is aggrieved by the final action of the department may petition for judicial review in the manner provided by chapter 17A.
2. Hearings on petitions for judicial review brought under this section shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. The times for pleadings and for hearings in such actions shall be set by the judge of the court with the object of securing a decision in the matter at the earliest possible time.
[C77, 79, §135C.43]

135C.44 Treble fines for repeated violations.
The penalties authorized by section 135C.36 shall be trebled for a second or subsequent Class I or Class II violation occurring within any twelve-month period if a citation was issued for the same Class I or Class II violation occurring within that period and a penalty was assessed therefor.
[C77, 79, §135C.44]

135C.45 Refund of penalty.
If at any time a contest or appeal of any citation issued a health care facility under this chapter results in an order or determination that a penalty previously paid to or collected by the department must be refunded to the facility, the refund shall be made from any money in the state general fund not otherwise appropriated.
[C77, 79, §135C.45]

135C.45A Notification penalty.
A person who notifies, or causes to be notified, a health care facility, of the time and date on which a survey or on-site inspection of the facility is scheduled, is subject to an administrative penalty of not less than one thousand dollars and not more than two thousand dollars.
90 Acts, ch 1039, §11
135C.46 Retaliation by facility prohibited.

1. A facility shall not discriminate or retaliate in any way against a resident or an employee of the facility who has initiated or participated in any proceeding authorized by this chapter. A facility which violates this section is subject to a penalty of not less than two hundred fifty nor more than five thousand dollars, to be assessed and collected by the director in substantially the manner prescribed by sections 135C.40 to 135C.43 and paid into the state treasury to be credited to the general fund, or to immediate revocation of the facility’s license.

2. Any attempt to expel from a health care facility a resident by whom or upon whose behalf a complaint has been submitted to the department under section 135C.37, within ninety days after the filing of the complaint or the conclusion of any proceeding resulting from the complaint, shall raise a rebuttable presumption that the action was taken by the licensee in retaliation for the filing of the complaint.

135H.2 Purpose.
The purpose of this chapter is to provide for the development, establishment, and enforcement of basic standards for the operation, construction, and maintenance of a psychiatric medical institution for children which will ensure the safe and adequate diagnosis and evaluation and treatment of the residents.
89 Acts, ch 283, §3

Social and rehabilitative services shall be provided under the direction of a qualified mental health professional.
89 Acts, ch 283, §4

135H.4 Licensure.
A person shall not establish, operate, or maintain a psychiatric medical institution for children unless the person obtains a license for the institution under this chapter and either holds a license under section 237.3, subsection 2, paragraph "a", as a comprehensive residential facility for children or holds a license under section 125.13, if the facility provides substance abuse treatment.

An application for a license shall be accompanied by the required license fee which shall be credited to the general fund of the state. The initial and annual license fee is twenty-five dollars.
89 Acts, ch 283, §6

135H.6 Inspection — conditions for issuance.
The department shall issue a license to an applicant under this chapter if all the following conditions exist:
1. The department has ascertained that the applicant's medical facilities and staff are adequate to provide the care and services required of a psychiatric institution.
2. The proposed psychiatric institution is accredited by the joint commission on the accreditation of health care organizations, the council on accreditation of rehabilitation facilities, the commission on accreditation of services for families and children, or by any other recognized accrediting organization with comparable standards acceptable under federal regulation.
3. The applicant complies with applicable state rules and standards for a psychiatric institution adopted by the department in accordance with federal requirements under 42 C.F.R. § 441.150 – 441.156.
4. The applicant has been awarded a certificate of need pursuant to chapter 135, unless exempt as provided in this section.
5. The department of human services has submitted written approval of the application based on the department of human services' determination of need. The department of human services
§135H.6, PSYCHIATRIC MEDICAL INSTITUTIONS FOR CHILDREN

shall identify the location and number of children in the state who require the services of a psychiatric medical institution for children. Approval of an application shall be based upon the location of the proposed psychiatric institution relative to the need for services identified by the department of human services and an analysis of the applicant’s ability to provide services and support consistent with requirements under chapter 232, particularly regarding community-based treatment. If the proposed psychiatric institution is not freestanding from a facility licensed under chapter 135B or 135C, approval under this subsection shall not be given unless the department of human services certifies that the proposed psychiatric institution is capable of providing a resident with a living environment similar to the living environment provided by a licensee which is freestanding from a facility licensed under chapter 135B or 135C.

6. The department of human services shall not give approval to an application which would cause the total number of beds licensed under this chapter for services reimbursed by the medical assistance program under chapter 249A to exceed four hundred thirty beds.

7. In addition to the beds authorized under subsection 6, the department of human services may establish not more than thirty beds licensed under this chapter at the state mental health institute at Independence. The beds shall be exempt from the certificate of need requirement under subsection 4.

8. The department of human services may give approval to conversion of beds approved under subsection 6, to beds which are specialized to provide substance abuse treatment. However, the total number of beds approved under subsection 6 and this subsection shall not exceed four hundred thirty. Conversion of beds under this subsection shall not require a revision of the certificate of need issued for the psychiatric institution making the conversion.

9. The proposed psychiatric institution is under the direction of an agency which has operated a facility licensed under section 237.3, subsection 2, paragraph “a”, as a comprehensive residential facility for children for three years or of an agency which has operated a facility for three years providing psychiatric services exclusively to children or adolescents and the facility meets or exceeds requirements for licensure under section 237.3, subsection 2, paragraph “a”, as a comprehensive residential facility for children.

10. A psychiatric institution licensed prior to July 1, 1999, may exceed the number of beds authorized under subsection 6 if the excess beds are used to provide services funded from a source other than the medical assistance program under chapter 249A. Notwithstanding subsections 4, 5, and 6, the provision of services using those excess beds does not require a certificate of need or a review by the department of human services.

11. If a child has an emotional, behavioral, or mental health disorder, the psychiatric institution does not require court proceedings to be initiated or that a child’s parent, guardian, or custodian must terminate parental rights over or transfer legal custody of the child for the purpose of obtaining treatment from the psychiatric institution for the child. Relinquishment of a child’s custody shall not be a condition of the child receiving services.

135H.7 Personnel.

1. A person shall not be allowed to provide services in a psychiatric institution if the person has a disease which is transmissible to other persons through required contact in the workplace, which presents a significant risk of infecting other persons, which presents a substantial possibility of harming other persons, or for which no reasonable accommodation can eliminate the risk of infecting other persons.

2. a. If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or with access to a child when the child is alone, by a licensed psychiatric institution, or if a person will reside in a facility utilized by a licensee, and if the person has been convicted of a crime or has a record of founded child abuse, the department of human services, for an employee of the licensee, shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The department of human services shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services.

b. If the department of human services determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a psychiatric institution licensed under this chapter, or resides in a licensed facility the department shall notify the program that an evaluation will be conducted to determine whether prohibition of the person’s licensure, employment, or residence is warranted.

c. In an evaluation, the department of human services and the licensee for an employee of the licensee shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse
again, and the number of crimes or founded child
abuses committed by the person involved. The de-
partment may permit a person who is evaluated to
be licensed, employed, or to reside, or to continue
to be licensed, employed, or to reside in a licensed
facility, if the person complies with the depart-
ment's conditions relating to the person's licens-
sure, employment, or residence, which may in-
clude completion of additional training. For an
employee of a licensee, these conditional require-
ments shall be developed with the licensee. The
department of human services has final authority
in determining whether prohibition of the person's
licensure, employment, or residence is warranted
and in developing any conditional requirements
under this paragraph.
3. If the department of human services deter-
mines that the person has committed a crime or
has a record of founded child abuse which war-
rants prohibition of licensure, employment, or res-
idence, the person shall not be licensed under this
chapter to operate a psychiatric institution and
shall not be employed by a psychiatric institution
or reside in a facility licensed under this chapter.
4. In addition to the record checks required
under subsection 2, the department of human ser-
services may conduct dependent adult abuse record
checks in this state and may conduct these checks
in other states, on a random basis. The provisions
of subsections 2 and 3, relative to an evaluation
following a determination that a person has been
convicted of a crime or has a record of founded
child abuse, shall also apply to a random depend-
ent adult abuse record check conducted under
this subsection.
5. Beginning July 1, 1994, a licensee shall in-
form all new applicants for employment of the pos-
sibility of the performance of a record check and
shall obtain, from the applicant, a signed acknowl-
dgment of the receipt of the information.
6. On or after July 1, 1994, a licensee shall in-
clude the following inquiry in an application for
employment: “Do you have a record of founded
child or dependent adult abuse or have you ever
been convicted of a crime, in this state or any other
state?”
§13 5H.8A Provisional license.
The department may issue a provisional license,
effective for not more than one year, to a licensee
whose psychiatric institution does not meet the re-
quirements of this chapter, if, prior to issuance of
the license, written plans to achieve compliance
with the applicable requirements are submitted to
and approved by the department. The plans shall
specify the deadline for achieving compliance.
§13 5H.9 Notice and hearings.
The procedure governing notice and hearing to
deny an application or suspend or revoke a license
shall be in accordance with rules adopted by the
department pursuant to chapter 17A. A full and
complete record shall be kept of the proceedings
and of any testimony. The record need not be tran-
scribed unless judicial review is sought. A copy or
copies of a transcript may be obtained by an in-
terested party upon payment of the cost of prepar-
ing the transcript or copies.
§13 5H.10 Rules.
1. The department of inspections and appeals,
in consultation with the department of human ser-
services and affected professional groups, shall adopt
and enforce rules setting out the standards for a
psychiatric medical institution for children and
the rights of the residents admitted to a psychiat-
ric institution. The department of inspections and
appeals and the department of human services
shall coordinate the adoption of rules and the en-
forcement of the rules in order to prevent duplica-
tion of effort by the departments and of require-
ments of the licensee.
2. This chapter shall not be construed as pro-
hibiting the use of funds appropriated for foster
care to provide payment to a psychiatric medical
institution for children for the financial participa-
tion required of a child whose foster care place-
ment is in a psychiatric medical institution for
children. In accordance with established policies
and procedures for foster care, the department of
human services shall act to recover any such pay-
ment for financial participation, apply to be

1. Upon receipt of a complaint made in accordance with section 135H.11, the department shall make a preliminary review of the complaint. Unless the department concludes that the complaint is intended to harass a psychiatric institution or a licensee or is without reasonable basis, it shall within twenty working days of receipt of the complaint make or cause to be made an on-site inspection of the psychiatric institution which is the subject of the complaint. The department of inspections and appeals may refer to the department of human services any complaint received by the department if the complaint applies to rules adopted by the department of human services. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness. In any case, the complainant shall be promptly informed of the result of any action taken by the department in the matter.

2. An inspection made pursuant to a complaint filed under section 135H.11 need not be limited to the matter or matters referred to in the complaint; however, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection. Upon arrival at the psychiatric institution to be inspected, the inspector shall show identification to the person in charge of the psychiatric institution and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department, the complainant or the complainant’s representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of a resident of the psychiatric institution to be inspected would be violated. The dignity of the resident shall be given first priority by the inspector and others.

§135H.11 Complaints alleging violations — confidentiality.

A person may request an inspection of a psychiatric medical institution for children by filing with the department a complaint of an alleged violation of an applicable requirement of this chapter or a rule adopted pursuant to this chapter. The complaint shall state in a reasonably specific manner the basis of the complaint. A statement of the nature of the complaint shall be delivered to the psychiatric institution involved at the time of or prior to the inspection. The name of the person who files a complaint with the department shall be kept confidential and shall not be subject to discovery, subpoena, or other means of legal compulsion for its release to a person other than department employees involved in the investigation of the complaint.

§135H.12 Inspections upon complaints.

1. Upon receipt of a complaint made in accordance with section 135H.11, the department shall make a preliminary review of the complaint. Unless the department concludes that the complaint is intended to harass a psychiatric institution or a licensee or is without reasonable basis, it shall within twenty working days of receipt of the complaint make or cause to be made an on-site inspection of the psychiatric institution which is the subject of the complaint. The department of inspections and appeals may refer to the department of human services any complaint received by the department if the complaint applies to rules adopted by the department of human services. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness. In any case, the complainant shall be promptly informed of the result of any action taken by the department in the matter.

2. An inspection made pursuant to a complaint filed under section 135H.11 need not be limited to the matter or matters referred to in the complaint; however, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection. Upon arrival at the psychiatric institution to be inspected, the inspector shall show identification to the person in charge of the psychiatric institution and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department, the complainant or the complainant’s representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of a resident of the psychiatric institution to be inspected would be violated. The dignity of the resident shall be given first priority by the inspector and others.

§135H.13 Information confidential.

1. The department’s final findings and the survey findings of the joint commission on the accreditation of health care organizations regarding licensure or program accreditation shall be made available to the public in a readily available form and place. Other information relating to the psychiatric institution is confidential and shall not be made available to the public except in proceedings involving licensure, a civil suit involving a resident, or an administrative action involving a resident.

2. The name of a person who files a complaint with the department shall remain confidential and is not subject to discovery, subpoena, or any other means of legal compulsion for release to a person other than an employee of the department or an agent involved in the investigation of the complaint.

§135H.14 Judicial review.

Judicial review of the action of the department may be sought pursuant to the Iowa administrative procedure Act, chapter 17A. Notwithstanding the Iowa administrative procedure Act, chapter 17A, a petition for judicial review of the department’s actions under this chapter may be filed in the district court of the county in which the related psychiatric medical institution for children is located or is proposed to be located. The status of the petitioner or the licensee shall be preserved pending final disposition of the judicial review.

§135H.15 Penalty.

A person who establishes, operates, or manages a psychiatric medical institution for children without obtaining a license under this chapter commits a serious misdemeanor. Each day of continuing vi-
olation following conviction shall be considered a separate offense.
89 Acts, ch 283, §16

135H.16 Injunction.
Notwithstanding the existence or pursuit of an-
other remedy, the department may maintain an action for injunction or other process to restrain or prevent the establishment, operation, or management of a psychiatric medical institution for children without a license.

135I.2 Applicability.
This chapter applies to all swimming pools and spas owned or operated by local or state government, or commercial interests or private entities including, but not limited to, facilities operated by cities, counties, public or private school corporations, hotels, motels, camps, apartments, condominiums, and health or country clubs. This chapter does not apply to facilities intended for single family use or to a swimming pool or spa operated by a homeowners’ association representing seventy-two or fewer dwelling units if the association’s bylaws, which also apply to a rental agreement relative to any of the dwelling units, include an exemption from the requirements of this chapter, provide for inspection of the swimming pool or spa by an entity other than the department or local board of health, and assume any liability associated with operation of the swimming pool or spa. This chapter does not apply to a swimming pool or spa used exclusively for therapy under the direct supervision of qualified medical personnel. To avoid duplication and promote coordination of inspection activities, the department may enter into agreements pursuant to chapter 28E with a local board of health to provide for inspection and enforcement in accordance with this chapter.

135I.3 Registration required.
A person shall not operate a swimming pool or spa without first having registered with the department. Registration shall be renewed annually.
89 Acts, ch 291, §3

135I.4 Powers and duties.
The department is responsible for registering and regulating the operation of swimming pools, spas, and, notwithstanding chapter 89, swimming pool or spa water heaters. The department shall conduct seminars and training sessions, and disseminate information regarding health practices, safety measures, and operating procedures required under this chapter. The department may:
1. Inspect, at the time of installation and periodically thereafter, all swimming pools and spas for the purpose of detecting and eliminating health or safety hazards.
2. Establish minimum safety and sanitation
criteria for the operation and use of swimming pools and spas.

3. Establish minimum qualifications for swimming pool, spa, and waterslide operators and lifeguards. Swimming pools operated by apartments, condominiums, country clubs, neighborhoods, or manufactured home communities or mobile home parks are exempt from requirements regarding lifeguards.

4. Establish and collect fees to defray the cost of administering this chapter. It is the intent of the general assembly that fees collected under this chapter be used to defray the cost of administering this chapter. However, the portion of fees needed to defray the costs of a local board of health in implementing this chapter shall be established by the local board of health. A fee imposed for the inspection of a swimming pool or spa shall not be collected until the inspection has actually been performed.

5. Adopt rules in accordance with chapter 17A for the implementation and enforcement of this chapter, and the establishment of fees. The department shall appoint an advisory committee composed of owners, operators, local officials, and representatives of the public to advise it in the formulation of appropriate rules.

6. Enter into agreements with a local board of health to implement the inspection and enforcement provisions of this chapter. The agreements shall provide that the fees established by the local board of health for inspection and enforcement shall be retained by the local board. However, inspection fees shall not be charged by the department for facilities which are inspected by third-party authorities. Third-party authorities shall be approved by the department. The department shall monitor and certify the inspection and enforcement programs of local boards of health and approved third-party authorities.

135L5 Penalty.
A person who violates a provision of this chapter commits a simple misdemeanor. Each day upon which a violation occurs constitutes a separate violation.
89 Acts, ch 291, §5

135L6 Enforcement.
If the department or a local board of health acting pursuant to agreement with the department determines that a provision of this chapter or a rule adopted pursuant to this chapter has been or is being violated, the department or the local board of health may order that a facility or item of equipment not be used until the necessary corrective action has been taken. The department or the local board of health may request the county attorney to bring appropriate legal proceedings to enforce this chapter, including an action to enjoin violations. The attorney general may also institute appropriate legal proceedings at the request of the department. This remedy is in addition to any other legal remedy available to the department or a local board of health.

4. “Hospice patient’s family” means the immediate kin of the patient, including a spouse, parent, stepparent, brother, sister, stepbrother, stepsister, child, or stepchild. a. The court shall ensure that the pregnant minor is provided with assistance in preparing and filing the petition for waiver of notification and shall ensure that the pregnant minor’s identity remains confidential.

b. The pregnant minor may participate in the court proceedings on the pregnant minor’s own behalf. The court may appoint a guardian ad litem for the pregnant minor and the court shall appoint a guardian ad litem for the pregnant minor if the pregnant minor is not accompanied by a responsible adult or if the pregnant minor has not viewed the video as provided pursuant to section 135L.2.

Resolution of a petition for waiver of notification requirements is deemed authorized. The court shall immediately provide documentation to the pregnant minor and to the pregnant minor’s legal counsel if the pregnant minor is represented by legal counsel, demonstrating that the petition is deemed granted and that waiver of the notification requirements is deemed authorized. Resolution of a petition for authorization of waiver of the notification requirement shall be completed within ten calendar days as calculated from the day after the filing of the petition to the day of issuance of any final decision on appeal.

136C.2 Applicability.

This chapter applies to radiation machines and radioactive material located in this state. The provisions of this chapter do not supersede or duplicate the authority and programs of any other agency of the state or the United States government. 136C.3 Duties of department.

The department is designated the state radiation control agency and is responsible for regulating the installation and use of radiation machines and the use of radioactive materials in this state as provided in this chapter. The department shall:

1. Establish minimum criteria and safety standards for the installation, operation, and use of radiation machines and radioactive materials. A state of Iowa license to practice medicine, osteopathy, chiropractic, podiatry, dentistry, dental hygiene, or veterinary medicine, or licensure as a physician assistant pursuant to chapter 148C, or certification by the board of dental examiners in dental radiography, or by the board of podiatry examiners in podiatric radiography, or enrollment in a program or course of study approved by the Iowa department of public health which includes the application of radiation to humans satisfies the minimum training standards for operation of radiation machines only.

The department shall establish a technical advisory committee made up of four technologists, one of whom shall be a limited radiography instructor, one of whom shall represent nuclear medicine technologists, one of whom shall represent radiation therapists, and one of whom shall represent diagnostic radiographers; five physicians, including one radiologist, one chiropractor, one physician representing either radiation therapy or nuclear medicine, one podiatrist, and one private practitioner; and a representative of the department. The advisory committee shall assist the department in developing and establishing criteria for the administration of this subsection.

3. Develop programs for evaluation and control of hazards associated with the use of sources of radiation with due regard for compatibility of a proposed program with federal programs regulating byproduct, source, and special nuclear materials and considering consistency of a proposed program with federal programs for regulation of radiation machines.

4. Adopt, publish, and amend rules in accordance with chapter 17A as necessary for the imple-
mentation and enforcement of this chapter. The rules may provide for the licensing and control of radioactive materials with due regard for compatibility with federal regulatory programs.

5. Issue orders as necessary in connection with licensing and registration of radiation machines and radioactive materials.

6. Advise, consult, and cooperate with other agencies of the state, the federal government, other states and interstate agencies, political subdivisions, and other organizations concerned with control of sources of radiation.

   c. Departmental rules relating to regulation of sources of radiation, existing or pending, and related actions.

9. Adopt rules requiring the keeping of such records with respect to activities under licenses and registration certificates issued pursuant to this chapter as the department determines necessary to effect the purposes of this chapter.

10. Adopt rules specifying the minimum training and performance standards for an individual using a radiation machine for mammography, and other rules necessary to implement section 136C.15. The rules shall complement federal requirements applicable to similar radiation machinery and shall not be less stringent than those federal requirements.

136C.4 Penalties.

1. It is unlawful to operate or use radiation machines or radioactive material in violation of this chapter or of any rule adopted pursuant to this chapter. Persons convicted of violating a provision of this chapter are guilty of a serious misdemeanor.

2. In addition to criminal penalties, the department may impose a civil penalty not to exceed one thousand dollars on a person who violates a provision of this chapter or a rule or order issued under this chapter, or a term, condition, or limitation of a license or registration certificate issued under this chapter, or who commits a violation for which a license or registration certificate may be revoked under rules issued pursuant to this chapter. Each day of continuing violation constitutes a separate offense in computing the civil penalty.

3. The department shall notify a person of the intent to impose a civil penalty against the person. The notice shall be by registered or certified mail to the person's last known address and shall state the date, facts, the nature of the act or omission leading to the charge, the specific statute, rule, or license or registration provision involved, and the amount of the penalty the department proposes to impose. The notice shall advise the person that upon failure to pay the civil penalty, the penalty may be collected by civil action. The person shall have the opportunity to respond in writing within a reasonable time as the department shall establish by rule, why the civil penalty should not be imposed.

4. The department may compromise, mitigate, or remit a civil penalty imposed under this section. A person upon whom a civil penalty is imposed may appeal the action pursuant to chapter 17A. The department shall remit moneys collected from civil penalties to the treasurer of state who shall deposit the moneys in the general fund of the state.

136C.5 Enforcement.

1. Upon determination by the department that this chapter or any rule adopted pursuant to this chapter has been or is being violated, the department may order that the radiation machine or radioactive material not be used until the necessary corrective action has been taken. If the use of the radiation machine or radioactive material continues in violation of the order of the department, the department may request the county attorney or the attorney general to make an application in the name of the state to the district court of the county in which the violations may have occurred for an order to enjoin the violations or practices.

2. The department may impound or order the impounding of radioactive material in the possession of a person who is not equipped to observe or fails to observe a provision of this chapter or of a rule adopted under this chapter.

3. The department may enter at reasonable times any private or public property to determine whether there is a violation of a provision of this chapter or of a rule issued under this chapter. However, the department must have the consent of the federal government before entering an area under the jurisdiction of the federal government.

4. The department may inspect records required to be kept under section 136C.3, subsection 9. Upon request of the department a person shall
submit the records to the department for inspection.

§136C.6 Reserved.

§136C.7 Acceptance of funds.
The department may accept from any source loans, grants, gifts, or other funds to be used for programs authorized by this chapter.

§136C.8 Inspections.
The department shall inspect all radiation machines and radioactive materials located in this state, for the purpose of detecting, abating, or eliminating excessive radiation exposure hazards. The inspection shall include but shall not be limited to an evaluation of the radiation machine or radioactive material as well as the immediate environment to ensure that in using the machines or materials all unnecessary hazards for patients, personnel, and other persons who may be exposed to radiation produced by the machine or materials are avoided. The inspection shall also include an evaluation of electrical hazards as well as the adequacy of mechanical supporting and restraining devices. All defects and deficiencies noted by the inspector shall be fully disclosed and discussed with the responsible persons at the time of inspection. The department shall establish rules prescribing operating procedures for radiation machines and radioactive materials which ensure minimum radiation exposure to patients, personnel, and other persons in the immediate environment.

§136C.9 Registration and license requirements.
1. The department shall establish by rule a system for the registration of the possession of radiation machines and for the licensing of radioactive materials in the state. The rules may provide for the issuance of the following licenses:
   a. General licenses which do not require the filing of an application or the issuance of a document but do permit designated persons to transfer, acquire, own, possess or use quantities of or equipment using radioactive materials.
   b. Specific licenses issued upon application to a person named in the license to use, manufacture, produce, transfer, receive, acquire, or possess quantities of or equipment using radioactive material.
2. The department may exempt certain sources of radiation or kinds of uses or users from the licensing or registration requirements when the department finds that the exemption of the source of radiation, use, or users will not pose a significant risk to the health and safety of the public. The rules may provide for recognition of other state or federal licenses as the department may allow, subject to registration requirements as the department may prescribe.
3. A person shall not use, manufacture, produce, distribute, sell, transport, transfer, install, repair, receive, acquire, own, or possess any radioactive material without a license from the department as provided in this chapter.

§136C.10 Fees.
1. a. The department shall establish and collect fees for the licensing and amendment of licenses for radioactive materials, the registration of radiation machines, the periodic inspection of radiation machines and radioactive materials, and the implementation of section 136C.3, subsection 2. Fees shall be in amounts sufficient to defray the cost of administering this chapter. The license fee may include the cost of environmental surveillance activities to assess the radiological impact of activities conducted by licensees.
   b. Fees collected shall be remitted to the treasurer of state who shall deposit the funds in the general fund of the state. However, the fees collected from the licensing, registration, authorization, accreditation, and inspection of radiation machines used for mammographically guided breast biopsy, screening, and diagnostic mammography shall be used to support the department’s administration of this chapter and the fees collected shall be considered repayment receipts, as defined in section 8.2.
   c. When a registrant or licensee fails to pay the applicable fee the department may suspend or revoke the registration or license or may issue an appropriate order. Fees for the license, amendment of a license, and inspection of radioactive material shall not exceed the fees prescribed by the United States nuclear regulatory commission.
2. The department may establish and collect a fee related to transporting radioactive material if the fee is used for a purpose related to transporting radioactive material, including enforcement and planning, developing, and maintaining a capability for emergency response. The fees shall be established by rules adopted pursuant to chapter 17A, and shall be deposited into a special fund within the state treasury under the exclusive authority of the department. Amounts deposited in the special fund shall be considered repayment receipts as defined in section 8.2, and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section. Repayment receipts collected and deposited pursuant to this section that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the purposes designated in future...

1. The governor, on behalf of the state, may enter into an agreement with the United States nuclear regulatory commission pursuant to section 274b of the Atomic Energy Act of 1954, as amended to July 1, 1984, providing for the discontinuation of certain federal licensing and related regulatory authority over byproduct, source, and special nuclear material and the assumption of regulatory authority over these materials by the state.

2. A person who, on the effective date of an agreement made under subsection 1, possesses a license issued by the United States nuclear regulatory commission for radioactive material that comes under the agreement is considered to possess the license required under this chapter. The license shall expire either ninety days after receipt from the department of a notice of expiration of the license, or on the date of expiration specified in the license issued by the nuclear regulatory commission, whichever is earlier.

If the department finds that an emergency exists involving radioactive material or radiation machines that requires immediate action to protect the public health and safety, the department may, without notice or hearing, issue an order stating that an emergency exists and requiring that action be taken as necessary to meet the emergency. An emergency order shall be effective immediately. A person to whom the order is directed shall comply with the order immediately, but on application to the department shall be afforded a hearing within ten days of the date application is made. The emergency order may be continued, modified, or revoked within thirty days after the hearing, based on the evidence presented at the hearing.

136C.14 Qualified operators — display of credentials.

1. A person, other than a licensed professional, shall not operate a radiation machine or use radioactive materials for medical treatment or diagnostic purposes unless that person has completed a course of instruction approved by the department or has otherwise met the minimum training requirement established by the department.

2. A person, other than a licensed professional, who operates a radiation machine or uses radioactive materials for medical treatment or diagnostic purposes shall display the credentials which indicate that person’s qualification to operate the machine or use the materials in the immediate vicinity of the machine or where the materials are stored. A person who owns or controls the machine or materials is also responsible for the proper display of credentials of those who operate the machine or use the materials and shall not employ a person to operate the machine or use the materials for medical treatment or diagnostic purposes except as provided in this section.

2. The department shall authorize a radiation machine for use for mammography if the radiation machine meets all of the following:

   a. The radiation machine meets the criteria for the American college of radiology mammography accreditation program. The department shall make copies of those criteria available to the public and may by rule adopt modified criteria. The department may accept an evaluation report issued by the American college of radiology as evidence that a radiation machine meets those criteria. If at any time the department determines that it will not accept any evaluation reports issued by the American college of radiology as evidence that a radiation machine meets those criteria, the department shall promptly notify each person who has registered a radiation machine under this paragraph.

   b. The radiation machine, the film or other image receptor used in the radiation machine, and the facility where the radiation machine is used meet the requirements set forth in department rules for radiation machines.

2. Maintains for at least seven years, records of the consultation required in subparagraph (1) and the findings of the consultation.

3. The department may issue a nonrenewable temporary authorization for a radiation machine for use for mammography if additional time is needed to allow submission of evidence satisfactory to the department that the radiation machine meets the standards set forth in subsection 2 for approval for mammography. A temporary authorization granted under this subsection shall be effective for no more than twelve months. The department may withdraw a temporary authorization prior to its expiration if the radiation machine does not meet one or more of the standards set forth in subsection 2.

4. To obtain authorization from the department to use a radiation machine for mammography, the person who owns or leases the radiation machine or an authorized agent of the person shall apply to the department for mammography authorization on an application form provided by the department and shall provide all of the information required by the department as specified on the application form. A person who owns or leases more than one radiation machine used for mammography shall obtain authorization for each radiation machine. The department shall incorporate its findings in the order and shall provide an opportunity for a hearing within five working days after issuance of the order. The order shall be effective during the proceedings.

10. If the department withdraws the mammography authorization of a radiation machine, the radiation machine shall not be used for mammography. An application for reinstatement of a mammography authorization shall be filed and processed in the same manner as an application for mammography authorization under subsection 4, except that the department shall not issue a reinstated certificate of mammography registration until the department inspects the radiation machine and determines that it meets the standards set forth in subsection 2. The department shall conduct an inspection required under this subsection no later than sixty days after receiving a proper application for reinstatement of a mammography authorization.

If the holder of the permit fails to remove or correct such objectionable condition or conditions within the time fixed by the director, the director shall revoke or suspend such permit. However, if the objectionable condition or conditions endanger the health, safety, or welfare of any inhabitants of a migrant labor camp, the director shall immediately suspend or revoke such permit.

139A.19 Care provider notification.
1. a. Notwithstanding any provision of this chapter to the contrary, if a care provider sustains an exposure from an individual while rendering health care services or other services, the individual to whom the care provider was exposed is deemed to consent to a test to determine if the individual has a contagious or infectious disease and is deemed to consent to notification of the care provider of the results of the test, upon submission of an exposure report by the care provider to the hospital or other person specified in this section to whom the individual is delivered by the care provider. The exposure report form may be incorporated into the Iowa prehospital care report, the Iowa prehospital advanced care report, or a similar report used by an ambulance, rescue, or first response service or law enforcement agency.

b. The hospital or other person specified in this section to whom the individual is delivered shall conduct the test. If the individual is delivered by the care provider to an institution administered by the Iowa department of corrections, the test shall be conducted by the staff physician of the institution. If the individual is delivered by the care provider to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. The sample and test results shall only be identified by a number and shall not otherwise identify the individual tested.

c. A hospital, institutions administered by the department of corrections, and jails shall have written policies and procedures for notification of a care provider under this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. The identity of the designated representative of the care provider shall not be revealed to the individual tested. The designated representative shall inform the hospital, institution administered by the department of corrections, or jail of those parties who received the notification, and following receipt of this information and upon request of the individual tested, the hospital, institution administered by the department of corrections, or jail shall inform the individual of the parties to whom notification was provided.

d. Notwithstanding any other provision of law to the contrary, a care provider may transmit cautions regarding contagious or infectious disease information in the course of the care provider’s duties over the police radio broadcasting system under chapter 693 or any other radio-based communications system if the information transmitted does not personally identify an individual.

2. If the individual tested is diagnosed or confirmed as having a contagious or infectious disease, the hospital or other person conducting the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider.

3. The notification to the care provider shall advise the care provider of possible exposure to a particular contagious or infectious disease and recommend that the care provider seek medical attention. The notification shall be provided as soon as is reasonably possible following determination that the individual has a contagious or infectious disease. The notification shall not include the name of the individual tested for the contagious or infectious disease unless the individual consents. If the care provider who sustained an exposure determines the identity of the individual diagnosed or confirmed as having a contagious or infectious disease, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual diagnosed with or confirmed as having a contagious or infectious disease.

4. This section does not require or permit, unless otherwise provided, a hospital, health care provider, or other person to administer a test for the express purpose of determining the presence of a contagious or infectious disease, except that testing may be performed if the individual consents and if the requirements of this section are satisfied.

5. This section does not preclude a hospital or a health care provider from providing notification
to a care provider under circumstances in which the hospital’s or health care provider’s policy provides for notification of the hospital’s or health care provider’s own employees of exposure to a contagious or infectious disease that is not life-threatening if the notice does not reveal a patient’s name, unless the patient consents.

6. A hospital, health care provider, or other person participating in good faith in complying with provisions authorized or required under this section is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

7. A hospital’s or health care provider’s duty of notification under this section is not continuing but is limited to a diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of health care services or other services to which notification under this section applies.

8. A hospital, health care provider, or other person who is authorized to perform a test under this section who performs the test in compliance with this section or who fails to perform the test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

9. A hospital, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the test authorized.

10. The department shall adopt rules pursuant to chapter 17A to administer this section. The department may determine by rule the contagious or infectious diseases for which testing is reasonable and appropriate and which may be administered under this section.

11. The employer of a care provider who sustained an exposure under this section shall pay the costs of testing for the individual who is the source of the exposure and of the testing of the care provider, if the exposure was sustained during the course of employment. However, the department shall pay the costs of testing for the individual who is the source of the significant exposure and of the testing of the care provider who renders direct aid without compensation.

2. The health care provider attending a person infected with a reportable poisoning or a reportable illness from a toxic agent, including methemoglobinemia, shall immediately report the case to the department. The department shall publish and distribute instructions concerning the method of reporting. Reports shall be made in accordance with rules adopted by the department.

4. The department shall adopt rules designating reportable poisonings, including methemoglobinemia, and illnesses which must be reported under this section.

5. The department shall establish and maintain a central registry to collect and store data reported pursuant to this section.

1. A hospital shall adopt procedures requiring the establishment of protocols applicable on a case-by-case basis to a health care provider deter-
mined to be infected with HIV or HBV who ordinarily performs exposure-prone procedures as determined by an expert review panel, within the hospital setting. The protocols established shall be in accordance with the recommendations issued by the centers for disease control and prevention of the United States department of health and human services. The expert review panel may be an established committee of the hospital. The procedures may provide for referral of the health care provider to the expert review panel established by the department pursuant to subsection 3 for establishment of the protocols. The procedures shall require reporting noncompliance with the protocols by a health care provider to the examining board with jurisdiction over the relevant health care providers.

2. A health care facility shall adopt procedures in accordance with recommendations issued by the centers for disease control and prevention of the United States department of health and human services, applicable to a health care provider determined to be infected with HIV or HBV who ordinarily performs or assists with exposure-prone procedures within the health care facility. The procedures shall require referral of the health care provider to the expert review panel established by the department pursuant to subsection 3.

3. The department shall establish an expert review panel to determine on a case-by-case basis under what circumstances, if any, a health care provider determined to be infected with HIV or HBV practicing outside the hospital setting or referred to the panel by a hospital or health care facility may perform exposure-prone procedures. If a health care provider determined to be infected with HIV or HBV does not comply with the determination of the expert review panel, the panel shall report the noncompliance to the examining board with jurisdiction over the health care provider. A determination of an expert review panel pursuant to this section is a final agency action appealable pursuant to section 17A.19.

4. The health care provider determined to be infected with HIV or HBV, who works in a hospital setting, may elect either the expert review panel established by the hospital or the expert review panel established by the department for the purpose of making a determination of the circumstances under which the health care provider may perform exposure-prone procedures.

5. A health care provider determined to be infected with HIV or HBV shall not perform an exposure-prone procedure except as approved by the expert review panel established by the department pursuant to subsection 3, or in compliance with the protocol established by the hospital pursuant to subsection 1 or the procedures established by the health care facility pursuant to subsection 2.

6. The board of medical examiners, the board of physician assistant examiners, the board of podiatry examiners, the board of nursing, the board of dental examiners, and the board of optometry examiners shall require that licensees comply with the recommendations issued by the centers for disease control and prevention of the United States department of health and human services for preventing transmission of human immunodeficiency virus and hepatitis B virus to patients during exposure-prone invasive procedures, with the recommendations of the expert review panel established pursuant to subsection 3, with hospital protocols established pursuant to subsection 1, and with health care facility procedures established pursuant to subsection 2, as applicable.

7. Information relating to the HIV status of a health care provider is confidential and subject to the provisions of section 141A.9. A person who intentionally or recklessly makes an unauthorized disclosure of such information is subject to a civil penalty of one thousand dollars. The attorney general or the attorney general’s designee may maintain a civil action to enforce this section. Proceedings maintained under this section shall provide for the anonymity of the health care provider and all documentation shall be maintained in a confidential manner. Information relating to the HBV status of a health care provider is confidential and shall not be accessible to the public. Information regulated by this section, however, may be disclosed to members of the expert review panel established by the department or a panel established by hospital protocol under this section. The information may also be disclosed to the appropriate examining board by filing a report as required by this section. The examining board shall consider the report a complaint subject to the confidentiality provisions of section 272C.6. A licensee, upon the filing of a formal charge or notice of hearing by the examining board based on such a complaint, may seek a protective order from the board.

8. The expert review panel established by the department and individual members of the panel shall be immune from any liability, civil or criminal, for reasonable actions taken in the good faith performance of functions authorized or required by this section. A hospital, an expert review panel established by the hospital, and individual members of the panel shall be immune from any liability, civil or criminal, for reasonable actions taken in the good faith performance of functions authorized or required by this section. Complaints, investigations, reports, deliberations, and findings of the hospital and its panel with respect to a named health care provider suspected, alleged, or found to be in violation of the protocol required by this section constitute peer review records under section 147.135, and are subject to the specific confidentiality requirements and limitations of that section.
§139A.23 Contingent repeal.

The identity of the designated representative of the care provider shall not be revealed to the individual tested. The designated representative shall inform the hospital, institution administered by the department of corrections, or jail of those parties who received the notification, and following receipt of this information and upon request of the individual tested, the hospital, institution administered by the department of corrections, or jail shall inform the individual of the parties to whom notification was provided.

2. a. If the test results are positive, the hospital or other person performing the test shall notify the subject of the test and ensure the performance of counseling and reporting requirements of this chapter in the same manner as for an individual from whom actual consent was obtained.
   b. If the HIV test results of the subject of the test are positive, the hospital or other person performing the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider who sustained the exposure.
   c. The notification shall be provided as soon as is reasonably possible following determination that the HIV test results of the subject of the test are positive. The notification shall not include the...
name of the individual tested for HIV infection unless the individual provides a specific written release. If the care provider who sustained the significant exposure determines the identity of the individual tested, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual tested.

3. This section does not require or permit, unless otherwise provided, a hospital, health care provider, or other person to administer a test for the express purpose of determining the presence of HIV infection, except that testing may be performed if the individual consents and if the requirements of this section are satisfied.

4. This section does not preclude a hospital or health care provider from providing notification to a care provider under circumstances in which the hospital’s or health care provider’s policy provides for notification of the hospital’s or health care provider’s own employees of exposure to HIV infection if the notice does not reveal a patient's name, unless the patient consents.

5. A hospital, health care provider, or other person participating in good faith in making a report under the notification provisions of this section, under procedures similar to this section for notification of its own employees upon filing of a significant exposure report, or in failing to make a report under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

6. A hospital’s or health care provider’s duty to notify under this section is not continuing but is limited to the diagnosis of HIV infection made in the course of admission, care, and treatment following the rendering of health care services or other services to the individual with the infection to which notification under this section applies.

7. Notwithstanding subsection 6, if, following discharge from or completion of care or treatment by a hospital, an individual for whom a significant exposure report was submitted but which report did not result in notification, wishes to provide information regarding the individual’s HIV infection status to the care provider who submitted the report, the hospital shall provide a procedure for notifying the care provider.

8. A hospital, health care provider, or other person who is authorized to perform an HIV test under this section, who performs the HIV test in compliance with this section or who fails to perform an HIV test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

9. A hospital, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the HIV test authorized.

10. The employer of a care provider who sustained a significant exposure under this section shall pay the costs of HIV testing for the individual who is the source of the significant exposure and of the testing and counseling of the care provider, if the significant exposure was sustained during the course of employment. However, the department shall pay the costs of HIV testing for the individual who is the source of the significant exposure and of the testing and counseling of the care provider who renders direct aid without compensation.

141A.9 Confidentiality of information.

1. Any information, including reports and records, obtained, submitted, and maintained pursuant to this chapter is strictly confidential medical information. In assessing compelling need, the court shall weigh the need for disclosure against the privacy interest of the test subject and the public interest which may be diserved by disclosure due to its deterrent effect on future testing or due to its effect in leading to discrimination.

(2) Pleadings pertaining to disclosure of test results shall substitute a pseudonym for the true name of the subject of the test. The disclosure to the parties of the subject's true name shall be communicated confidentially in documents not filed with the court.

(3) Before granting an order, the court shall provide the person whose test results are in question with notice and a reasonable opportunity to participate in the proceedings if the person is not already a party.

(5) Upon the issuance of an order to disclose test results, the court shall impose appropriate safeguards against unauthorized disclosure, which shall specify the persons who may gain access to the information, the purposes for which the information shall be used, and appropriate prohibitions on future disclosure.

l. To an employer, if the test is authorized to be required under any other provision of law.

3. A person who tests positive for the HIV infection has no duty to disclose to or to warn third parties of the dangers of exposure to HIV infection through contact with that person and is immune from any liability, civil or criminal, for failure to disclose to or warn third parties of the condition of that person.

4. A civil action under this chapter is barred after the cause of action accrues.

5. The attorney general may maintain a civil action to enforce this chapter.

6. This chapter does not limit the rights of the subject of an HIV-related test to recover damages or other relief under any other applicable law.

TOBACCO USE PREVENTION AND CONTROL

The intent of the general assembly shall be accomplished by engaging all who are affected by the use of tobacco in the state, including smokers and nonsmokers, youth, and adults.

144.29A Termination of pregnancy reporting.
1. A health care provider who initially identifies and diagnoses a spontaneous termination of pregnancy or who induces a termination of pregnancy shall file with the department a report for each termination within thirty days of the occurrence. The health care provider shall make a good faith effort to obtain all of the following informa-
tion that is available with respect to each termination:
  a. The confidential health care provider code as assigned by the department.
  b. The report tracking number.
  c. The maternal health services region of the Iowa department of public health, as designated as of July 1, 1997, in which the patient resides.
  d. The race of the patient.
  e. The age of the patient.
  f. The marital status of the patient.
  g. The educational level of the patient.
  h. The number of previous pregnancies, live births, and spontaneous or induced terminations of pregnancies.
  i. The month and year in which the termination occurred.
  j. The number of weeks since the patient’s last menstrual period and a clinical estimate of gestation.
  k. The method used for an induced termination, including whether mifepristone was used.
  2. It is the intent of the general assembly that the information shall be collected, reproduced, released, and disclosed in a manner specified by rule of the department, adopted pursuant to chapter 17A, which ensures the anonymity of the patient who experiences a termination of pregnancy, the health care provider who identifies and diagnoses or induces a termination of pregnancy, and the hospital, clinic, or other health facility in which a termination of pregnancy is identified and diagnosed or induced. The department may share information with federal public health officials for the purposes of securing federal funding or conducting public health research. However, in sharing the information, the department shall re- linquish control of the information, and any agreement entered into by the department with federal public health officials to share information shall prohibit the use, reproduction, release, or disclosure of the information by federal public health officials in a manner which violates this section. The department shall publish, annually, a demographic summary of the information obtained pursuant to this section, except that the department shall not reproduce, release, or disclose any information obtained pursuant to this section which reveals the identity of any patient, health care provider, hospital, clinic, or other health facility, and shall ensure anonymity in the following ways:
  a. The department may use information concerning the report tracking number or concerning the identity of a reporting health care provider, hospital, clinic, or other health facility only for purposes of information collection. The department shall not reproduce, release, or disclose this information for any purpose other than for use in annually publishing the demographic summary under this section.
  b. The department shall enter the information, from any report of termination submitted, within thirty days of receipt of the report, and shall immediately destroy the report following entry of the information. However, entry of the information from a report shall not include any health care provider, hospital, clinic, or other health facility identification information including, but not limited to, the confidential health care provider code, as assigned by the department.
  c. To protect confidentiality, the department shall limit release of information to release in an aggregate form which prevents identification of any individual patient, health care provider, hospital, clinic, or other health facility. For the purposes of this paragraph, “aggregate form” means a compilation of the information received by the department on termination of pregnancies for each information item listed, with the exceptions of the report tracking number, the health care provider code, and any set of information for which the amount is so small that the confidentiality of any person to whom the information relates may be compromised. The department shall establish a methodology to provide a statistically verifiable basis for any determination of the correct amount at which information may be released so that the confidentiality of any person is not compromised.
  3. Except as specified in subsection 2, reports, information, and records submitted and maintained pursuant to this section are strictly confidential and shall not be released or made public upon subpoena, search warrant, discovery proceedings, or by any other means.
  4. The department shall assign a code to any health care provider who may be required to report a termination under this section. An application procedure shall not be required for assignment of a code to a health care provider.
  5. A health care provider shall assign a report tracking number which enables the health care provider to access the patient’s medical information without identifying the patient.
  6. To ensure proper performance of the reporting requirements under this section, it is preferred that a health care provider who practices within a hospital, clinic, or other health facility authorize one staff person to fulfill the reporting requirements.
  7. For the purposes of this section, “health care provider” means an individual licensed under chapter 148, 148C, 148D, 150, 150A, or 152, or any individual who provides medical services under the authorization of the licensee.
  8. For the purposes of this section, “inducing a termination of pregnancy” means the use of any means to terminate the pregnancy of a woman known to be pregnant with the intent other than to produce a live birth or to remove a dead fetus.
  9. For the purposes of this section, “spontaneous termination of pregnancy” means the occurrence of an unintended termination of pregnancy at any time during the period from conception to twenty weeks gestation and which is not a sponta-
neous termination of pregnancy at any time during the period from twenty weeks or greater which is reported to the department as a fetal death under this chapter.

The state registrar, without a court order, shall not issue a permit without the consent of the surviving spouse or in case of such spouse's absence, death, or incapacity, the next of kin. Disinterment for the purpose of reburial may be allowed by court order only upon a showing of substantial benefit to the public. 1. A record of birth.
2. A record of marriage.
3. A record of divorce, dissolution of marriage, or annulment of marriage.
4. A record of death if that death was not a fetal death.

A public record shall not be withheld from the public because it is combined with data processing software. The state registrar shall not implement any electronic data processing system for the storage, manipulation, or retrieval of vital records that would impair a county registrar’s ability to permit the examination of a public record and the copying of a public record, as established by rule. If it is necessary to separate a public record from data processing software in order to permit the examination of the public record, the county registrar shall periodically generate a written log available for public inspection which contains the public record.

85 Acts, ch 3, §2

144A.2 Definitions.
Except as otherwise provided, as used in this chapter:
1. “Adult” means an individual eighteen years
of age or older.

2. “Attending physician” means the physician selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

3. “Declaration” means a document executed in accordance with the requirements of section 144A.3.

4. “Department” means the Iowa department of public health.

7. “Hospital” means hospital as defined in section 135B.1.

8. “Life-sustaining procedure” means any medical procedure, treatment, or intervention, including resuscitation, which meets both of the following requirements:

a. Utilizes mechanical or artificial means to sustain, restore, or supplant a spontaneous vital function.

b. When applied to a patient in a terminal condition, would serve only to prolong the dying process.

“Life-sustaining procedure” does not include the provision of nutrition or hydration except when required to be provided parenterally or through intubation or the administration of medication or performance of any medical procedure deemed necessary to provide comfort care or to alleviate pain.

9. “Out-of-hospital do-not-resuscitate order” means a written order signed by a physician, executed in accordance with the requirements of section 144A.7A and issued consistent with this chapter, that directs the withholding or withdrawal of resuscitation when an adult patient in a terminal condition is outside the hospital.

10. “Physician” means a person licensed to practice medicine and surgery, osteopathy, or osteopathic medicine and surgery in this state.

11. “Qualified patient” means a patient who has executed a declaration or an out-of-hospital do-not-resuscitate order in accordance with this chapter and who has been determined by the attending physician to be in a terminal condition.

12. “Resuscitation” means any medical intervention that utilizes mechanical or artificial means to sustain, restore, or supplant a spontaneous vital function, including but not limited to chest compression, defibrillation, intubation, and emergency drugs intended to alter cardiac function or otherwise to sustain life.

13. “Terminal condition” means an incurable or irreversible condition that, without the administration of life-sustaining procedures, will, in the opinion of the attending physician, result in death within a relatively short period of time or a state of permanent unconsciousness from which, to a reasonable degree of medical certainty, there can be no recovery.

144A.3 Declaration relating to use of life-sustaining procedures.

1. A competent adult may execute a declaration at any time directing that life-sustaining procedures be withheld or withdrawn. The declaration shall be given operative effect only if the declarant’s condition is determined to be terminal and the declarant is not able to make treatment decisions.

2. The declaration must be signed by the declarant or another person acting on behalf of the declarant at the direction of the declarant, must contain the date of the declaration’s execution, and must be witnessed or acknowledged by one of the following methods:

a. Is signed by at least two individuals who, in the presence of each other and the declarant, witnessed the signing of the declaration by the declarant or by another person acting on behalf of the declarant at the declarant’s direction. At least one of the witnesses shall be an individual who is not a relative of the declarant by blood, marriage, or adoption within the third degree of consanguinity. The following individuals shall not be witnesses for a declaration:

(1) A health care provider attending the declarant on the date of execution of the declaration.

(2) An employee of a health care provider attending the declarant on the date of execution of the declaration.

(3) An individual who is less than eighteen years of age.

b. Is acknowledged before a notarial officer within this state.

3. It is the responsibility of the declarant to provide the declarant’s attending physician or health care provider with the declaration. An attending physician or health care provider may presume, in the absence of actual notice to the contrary, that the declaration complies with this chapter and is valid.

4. A declaration or similar document executed in another state or jurisdiction in compliance with the law of that state or jurisdiction shall be deemed valid and enforceable in this state, to the extent the declaration or similar document is consistent with the laws of this state. A declaration or similar document executed by a veteran of the armed forces which is in compliance with the federal department of veterans affairs advance directive requirements shall be deemed valid and enforceable.

5. A declaration executed pursuant to this
chapter may, but need not, be in the following form:

DECLARATION

If I should have an incurable or irreversible condition that will result either in death within a relatively short period of time or a state of permanent unconsciousness from which, to a reasonable degree of medical certainty, there can be no recovery, it is my desire that my life not be prolonged by the administration of life-sustaining procedures. If I am unable to participate in my health care decisions, I direct my attending physician to withhold or withdraw life-sustaining procedures that merely prolong the dying process and are not necessary to my comfort or freedom from pain.

144A.4 Revocation of declaration.
1. A declaration may be revoked at any time and in any manner by which the declarant is able to communicate the declarant's intent to revoke, without regard to mental or physical condition. A revocation is only effective as to the attending physician upon communication to such physician by the declarant or by another to whom the revocation was communicated.
2. The attending physician shall make the revocation a part of the declarant's medical record.
85 Acts, ch 3, §5

144A.5 Determination of terminal condition.
When an attending physician who has been provided with a declaration determines that the declarant is in a terminal condition, this decision must be confirmed by another physician. The attending physician must record that determination in the declarant's medical record.
85 Acts, ch 3, §6

144A.6 Treatment of qualified patients.
1. A qualified patient has the right to make decisions regarding the use of life-sustaining procedures as long as the qualified patient is able to do so. If a qualified patient is not able to make such decisions, the declaration shall govern decisions regarding the use of life-sustaining procedures.
2. The declaration of a qualified patient known to the attending physician to be pregnant shall not be in effect as long as the fetus could develop to the point of live birth with continued application of life-sustaining procedures. However, the provisions of this subsection do not impair any existing rights or responsibilities that any person may have in regard to the withholding or withdrawal of life-sustaining procedures.
85 Acts, ch 3, §7

144A.7 Procedure in absence of declaration.
1. Life-sustaining procedures may be withheld or withdrawn from a patient who is in a terminal condition and who is comatose, incompetent, or otherwise physically or mentally incapable of communication and has not made a declaration in accordance with this chapter if there is consultation and written agreement for the withholding or the withdrawal of life-sustaining procedures between the attending physician and any of the following individuals, who shall be guided by the express or implied intentions of the patient, in the following order of priority if no individual in a prior class is reasonably available, willing, and competent to act:
a. The attorney in fact designated to make treatment decisions for the patient should such person be diagnosed as suffering from a terminal condition, if the designation is in writing and complies with chapter 144B or section 633B.1.
b. The guardian of the person of the patient if one has been appointed, provided court approval is obtained in accordance with section 633.635, subsection 2, paragraph "c". This paragraph does not require the appointment of a guardian in order for a treatment decision to be made under this section.
c. The patient's spouse.
d. An adult child of the patient or, if the patient has more than one adult child, a majority of the adult children who are reasonably available for consultation.
e. A parent of the patient, or parents if both are reasonably available.
f. An adult sibling.
2. When a decision is made pursuant to this section to withhold or withdraw life-sustaining procedures, there shall be a witness present at the time of the consultation when that decision is made.
3. Subsections 1 and 2 shall not be in effect for a patient who is known to the attending physician to be pregnant with a fetus that could develop to the point of live birth with continued application of life-sustaining procedures. However, the provisions of this subsection do not impair any existing rights or responsibilities that any person may have in regard to the withholding or withdrawal of life-sustaining procedures.

1. If an attending physician issues an out-of-hospital do-not-resuscitate order for an adult patient under this section, the physician shall use the form prescribed pursuant to subsection 2, include a copy of the order in the patient's medical record, and provide a copy to the patient or an individual authorized to act on the patient's behalf.
2. The department, in collaboration with interested parties, shall prescribe uniform out-of-hospital do-not-resuscitate order forms and uniform personal identifiers, and shall adopt administrative rules necessary to implement this section. The uniform forms and personal identifiers shall be used statewide.

3. The out-of-hospital do-not-resuscitate order form shall include all of the following:
   a. The patient's name.
   b. The patient's date of birth.
   c. The name of the individual authorized to act on the patient's behalf, if applicable.
   d. A statement that the patient is in a terminal condition.
   e. The physician's signature.
   f. The date the form is signed.
   g. A concise statement of the nature and scope of the order.
   h. Any other information necessary to provide clear and reliable instructions to a health care provider.

4. A health care provider may withhold or withdraw resuscitation outside a hospital consistent with an out-of-hospital do-not-resuscitate order issued under this section and the rules or protocols adopted by the department.

5. In fulfilling the instructions of an out-of-hospital do-not-resuscitate order under this chapter, a health care provider shall continue to provide appropriate comfort care and pain relief to the patient.

6. An out-of-hospital do-not-resuscitate order shall not apply when a patient is in need of emergency medical services due to a sudden accident or injury resulting from a motor vehicle collision, fire, mass casualty, or other cause of a sudden accident or injury which is outside the scope of the patient's terminal condition.

7. An out-of-hospital do-not-resuscitate order is deemed revoked at any time that a patient, or an individual authorized to act on the patient's behalf as designated on the out-of-hospital do-not-resuscitate order, is able to communicate in any manner the intent that the order be revoked, without regard to the mental or physical condition of the patient. A revocation is only effective as to the order when a patient, or an individual authorized to act on the patient's behalf as designated in the order, or by another person to whom the revocation is communicated.

8. The personal wishes of family members or other individuals who are not authorized in the order to act on the patient's behalf shall not supersede a valid out-of-hospital do-not-resuscitate order.

9. If uncertainty regarding the validity or applicability of an out-of-hospital do-not-resuscitate order exists, a health care provider shall provide necessary and appropriate resuscitation.

10. A health care provider shall document compliance or noncompliance with an out-of-hospital do-not-resuscitate order and the reasons for not complying with the order, including evidence that the order was revoked or uncertainty regarding the validity or applicability of the order.

11. This section shall not preclude a hospital licensed under chapter 135B from honoring an out-of-hospital do-not-resuscitate order entered in accordance with this section and in compliance with established hospital policies and protocols.

2002 Acts, ch 1061, §5

144A.8 Transfer of patients.

1. An attending physician who is unwilling to comply with the requirements of section 144A.5, or who is unwilling to comply with the declaration of a qualified patient in accordance with section 144A.6 or an out-of-hospital do-not-resuscitate order pursuant to section 144A.7A, or who is unwilling to comply with the provisions of section 144A.7 or 144A.7A shall take all reasonable steps to effect the transfer of the patient to another physician.

2. If the policies of a health care provider preclude compliance with the declaration or out-of-hospital do-not-resuscitate order of a qualified patient under this chapter or preclude compliance with the provisions of section 144A.7 or 144A.7A, the provider shall take all reasonable steps to effect the transfer of the patient to a facility in which the provisions of this chapter can be carried out.

144A.9 Immunities.

1. In the absence of actual notice of the revocation of a declaration or of an out-of-hospital do-not-resuscitate order, the following, while acting in accordance with the requirements of this chapter, are not subject to civil or criminal liability or guilty of unprofessional conduct:
   a. A physician who causes the withholding or withdrawal of life-sustaining procedures from a qualified patient.
   b. The health care provider in which such withholding or withdrawal occurs.
   c. A person who participates in the withholding or withdrawal of life-sustaining procedures under the direction of or with the authorization of a physician.

2. A physician is not subject to civil or criminal liability for actions under this chapter which are in accord with reasonable medical standards.

3. Any person, institution or facility against whom criminal or civil liability is asserted because of conduct in compliance with this chapter may interpose this chapter as an absolute defense.

4. In the absence of actual notice of the revocation of an out-of-hospital do-not-resuscitate order, a health care provider who complies with this chapter is not subject to civil or criminal liability or guilty of unprofessional conduct in entering, ex-
executing, or otherwise participating in an out-of-hospital do-not-resuscitate order.

§144A.10 Penalties.
1. Any person who willfully conceals, withholds, cancels, destroys, alters, defaces, or obliterates the declaration, out-of-hospital do-not-resuscitate order, or out-of-hospital do-not-resuscitate identifier of another without the declarant’s or patient’s consent or who falsifies or forges a revocation of the declaration or out-of-hospital do-not-resuscitate order of another is guilty of a serious misdemeanor.
2. Any person who falsifies or forges the declaration or out-of-hospital do-not-resuscitate order of another, or willfully conceals or withholds personal knowledge of or delivery of a revocation as provided in section 144A.4 or 144A.7A, with the intent to cause a withholding or withdrawal of life-sustaining procedures, is guilty of a serious misdemeanor.

§144A.11 General provisions.
1. Death resulting from the withholding or withdrawal of life-sustaining procedures pursuant to a declaration or out-of-hospital do-not-resuscitate order and in accordance with this chapter does not, for any purpose, constitute a suicide, homicide, or dependent adult abuse.
2. The executing of a declaration pursuant to section 144A.3 or an out-of-hospital do-not-resuscitate order pursuant to section 144A.7A does not affect in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance is legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures pursuant to this chapter, notwithstanding any term of the policy to the contrary.
3. A physician, health care provider, health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not require any person to execute a declaration or an out-of-hospital do-not-resuscitate order as a condition for being insured for, or receiving, health care services.
4. This chapter creates no presumption concerning the intention of an individual who has not executed a declaration or an out-of-hospital do-not-resuscitate order with respect to the use, withholding, or withdrawal of life-sustaining procedures in the event of a terminal condition.
5. This chapter shall not be interpreted to increase or decrease the right of a patient to make decisions regarding use of life-sustaining procedures as long as the patient is able to do so, nor to impair or supersede any right or responsibility that any person has to effect the withholding or withdrawal of medical care in any lawful manner. In that respect, the provisions of this chapter are cumulative.
6. This chapter shall not be construed to condone, authorize or approve mercy killing or euthanasia, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying.

§144A.12 Application to existing declarations.
A declaration executed prior to April 23, 1992, shall remain valid and shall be given effect in accordance with the then-applicable provisions of this chapter. If a declaration executed prior to April 23, 1992, includes a provision which would not have been given effect under this chapter prior to April 23, 1992, but which would be given effect under 1992 Acts, chapter 1132, then the provision shall be given effect in accordance with 1992 Acts, chapter 1132.

91 Acts, ch 140, §4

§144B.5 Durable power of attorney for health care — form.
1. A durable power of attorney for health care executed pursuant to this chapter may, but need not, be in the following form:

   I hereby designate ................ as my attorney in fact (my agent) and give to my agent the power to make health care decisions for me. This power exists only when I am unable, in the judgment of my attending physician, to make those health care decisions. The attorney in fact must act consistently with my desires as stated in
this document or otherwise made known.

Except as otherwise specified in this document, this document gives my agent the power, where otherwise consistent with the law of this state, to consent to my physician not giving health care or stopping health care which is necessary to keep me alive.

This document gives my agent power to make health care decisions on my behalf, including to consent, to refuse to consent, or to withdraw consent to the provision of any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. This power is subject to any statement of my desires and any limitations included in this document.

My agent has the right to examine my medical records and to consent to disclosure of such records.

2. In addition to the foregoing, the principal may provide specific instructions in the document conferring the durable power of attorney for health care, consistent with the provisions of this chapter.

3. The principal may include a statement indicating that the designated attorney in fact has been notified of and consented to the designation.

4. A durable power of attorney for health care may designate one or more alternative attorneys in fact.

91 Acts, ch 140, §5

144B.6 Attorney in fact — priority to make decisions.

1. Unless the district court sitting in equity specifically finds that the attorney in fact is acting in a manner contrary to the wishes of the principal or the durable power of attorney for health care provides otherwise, an attorney in fact who is known to the health care provider to be available and willing to make health care decisions has priority over any other person, including a guardian appointed pursuant to chapter 633, to act for the principal in all matters of health care decisions. The attorney in fact has authority to make a particular health care decision only if the principal is unable, in the judgment of the attending physician, to make the health care decision. If the principal objects to a decision to withhold or withdraw health care, the principal shall be presumed to be able to make a decision.

2. In exercising the authority under the durable power of attorney for health care, the attorney in fact has a duty to act in accordance with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact at any time. A declaration executed by the principal pursuant to the life-sustaining procedures Act, chapter 144A, shall not be interpreted as expressing an intent to prohibit the withdrawal of hydration or nutrition when required to be provided parenterally or through intubation and shall not otherwise restrict the authority of the attorney in fact unless either the declaration or the durable power of attorney for health care expressly provides otherwise. If the principal's desires are unknown, the attorney in fact has a duty to act in the best interests of the principal, taking into account the principal’s overall medical condition and prognosis.

91 Acts, ch 140, §6

144B.7 Authority to review medical records.

Except as limited by the durable power of attorney for health care, an attorney in fact has the same right as the principal to receive and review medical records of the principal, and to consent to the disclosure of medical records of the principal when acting pursuant to the durable power of attorney for health care.

91 Acts, ch 140, §7

144B.8 Revocation of durable power of attorney.

1. A durable power of attorney for health care may be revoked at any time and in any manner by which the principal is able to communicate the intent to revoke, without regard to mental or physical condition. Revocation may be by notifying the attorney in fact orally or in writing. Revocation may also be made by notifying a health care provider orally or in writing while that provider is engaged in providing health care to the principal. A revocation is only effective as to a health care provider upon its communication to the provider by the principal or by another to whom the principal has communicated revocation. The health care provider shall document the revocation in the treatment records of the principal.

2. The principal is presumed to have the capacity to revoke a durable power of attorney for health care.

3. Unless it provides otherwise, a valid durable power of attorney for health care revokes any prior durable power of attorney for health care.

4. If authority granted by a durable power of attorney for health care is revoked under this section, an individual is not subject to criminal prosecution or civil liability for acting in good faith reliance upon the durable power of attorney for health care unless the individual has actual knowledge of the revocation.

5. The fact of execution and subsequent revocation of a durable power of attorney shall have no effect upon subsequent health care decisions made in accordance with accepted principles of law and standards of medical care governing those decisions.

91 Acts, ch 140, §8
144B.9 Immunities and responsibilities.

1. A health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action if the health care provider relies on a health care decision and both of the following requirements are satisfied:
   a. The decision is made by an attorney in fact who the health care provider believes in good faith is authorized to make the decision.
   b. The health care provider believes in good faith that the decision is not inconsistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the health care provider, and, if the decision is to withhold or withdraw health care necessary to keep the principal alive, the health care provider has provided an opportunity for the principal to object to the decision.

2. Notwithstanding a contrary health care decision of the attorney in fact, the health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action for failing to withhold or withdraw health care necessary to keep the principal alive. However, the attorney in fact may make provisions to transfer the responsibility for the care of the principal to another health care provider.

3. An attorney in fact is not subject to criminal prosecution or civil liability for any health care decision made in good faith pursuant to a durable power of attorney for health care.

4. It shall be presumed that an attorney in fact, and a health care provider acting pursuant to the direction of an attorney in fact, are acting in good faith and in the best interests of the principal absent clear and convincing evidence to the contrary.

5. For purposes of this section, acting in "good faith" means acting consistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact, or where those desires are unknown, acting in the best interests of the principal, taking into account the principal’s overall medical condition and prognosis.

6. A health care provider or attorney in fact may presume that a durable power of attorney for health care is valid absent actual knowledge to the contrary.

91 Acts, ch 140, §9

144B.10 Emergency treatment.

This chapter does not affect the law governing health care treatment in an emergency.

91 Acts, ch 140, §10

144B.11 Prohibited practices.

1. A health care provider, health care service plan, insurer, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not condition admission to a facility, or the providing of treatment, or insurance, on the requirement that an individual execute a durable power of attorney for health care.

2. A policy of life insurance shall not be legally impaired or invalidated in any manner by the withholding or withdrawing of health care pursuant to the direction of an attorney in fact appointed pursuant to this chapter.

91 Acts, ch 140, §11

144B.12 General provisions.

1. This chapter does not create a presumption concerning the intention of an individual who has not executed a durable power of attorney for health care and does not impair or supersede any right or responsibility of an individual to consent, refuse to consent, or withdraw consent to health care on behalf of another in the absence of a durable power of attorney for health care.

2. This chapter shall not be construed to condone, authorize, or approve any affirmative or deliberate act or omission which would constitute mercy killing or euthanasia.

3. If after executing a durable power of attorney for health care designating a spouse as attorney in fact, the marriage between the principal and the attorney in fact is dissolved, the power is thereby revoked. In the event of remarriage to each other, the power is reinstated unless otherwise revoked by the principal.

4. It is the responsibility of the principal to provide for notification of a health care provider of the terms of the principal's durable power of attorney for health care.

145A.1 Consolidation for purpose.
Any of the political subdivisions of this state may consolidate to acquire and operate an area hospital for the purpose of providing hospital service for all residents of such area.
[C71, 73, 75, 77, 79, 81, §145A.1]

145A.2 Definitions.
As used in this chapter, unless the context indicates otherwise:
1. “Area hospital” means a hospital established and operated by a merged area.
2. “Board” means the board of trustees of an area hospital.
3. “Merged area” means a public corporation formed by the residents of two or more contiguous or noncontiguous political subdivisions which have merged resources to establish and operate an area hospital.
4. “Officials” means the respective governing bodies of political subdivisions.
5. “Political subdivision” means any county, township, school district or city.
[C71, 73, 75, 77, 79, 81, §145A.2]
85 Acts, ch 123, §1, 2

145A.3 Official planning — maximum levy.
The officials of a political subdivision may plan the formation of a public corporation as a merged area to establish and operate an area hospital. In planning for an area hospital, a county board of supervisors may exclude from the merged area any township of the county which the board of supervisors determines would not sufficiently benefit by the merger and the portion of the county not so excluded shall constitute one public corporation for the purposes of this chapter. Plans for an area hospital shall include the maximum amount to be levied for debt service and operation and maintenance of the area hospital in the portion of the merged area within each political subdivision taking part in the merger. However, the maximum tax rates for the various political subdivisions may vary as the officials determine, based upon the need for hospital service of the residents of each political subdivision, the proximity of the residents to the proposed location of the hospital, the property values within the subdivision, and the expected service benefits to the residents of each subdivision by the proposed area hospital.
[C71, 73, 75, 77, 79, 81, §145A.3]
85 Acts, ch 123, §3

145A.4 Plans.
Officials of the various subdivisions may expend public funds for the purpose of formulating plans and in carrying out plans for a merged area and may arrive at an equitable distribution of costs to be paid by each participating political subdivision.
[C71, 73, 75, 77, 79, 81, §145A.4]
145A.5 Order of approval.
When a plan is approved, the officials approving
the plan shall jointly issue an order of approval.
The order shall specify the area to be merged, the
maximum rate of tax to be levied for debt service
and operation and maintenance of the proposed
area hospital in the portion of the merged area
within each political subdivision, the proposed
location of the hospital building, the estimated
cost of the establishment of the hospital, and any
other details concerning the establishment and
operation of the hospital the officials deem per-
tinent. The order shall be published in one or more
newspapers which have general circulation within
the merged area once each week for three con-
secutive weeks, but the newspapers selected need
not be published in the merged area. The pub-
lished order shall contain a notice to the residents
of each subdivision of the proposed merged area
that if the residents fail to protest as provided in
this chapter, the order shall be deemed approved
upon the expiration of a sixty-day period following
the date of the last published notice.
[C71, 73, 77, 79, 81, §145A.5]
85 Acts, ch 123, §4

145A.6 Petition of protest.
The plans formulated for the area hospital shall
be deemed approved unless, within sixty days af-
ner the third and final publication of the order, a
petition protesting the proposed plan containing
the signatures of at least five percent of the regis-
tered voters of any political subdivision within
the proposed merged area is filed with the respective
officials of the protesting petitioners.
[C71, 73, 75, 77, 79, 81, §145A.6]

145A.7 Special election.
When a protesting petition is received, the offi-
cials receiving the petition shall call a special elec-
tion of all registered voters of that political subdi-
vision for the purpose of approving or rejecting the
order setting out the proposed merger plan. The
vote will be taken by ballot in the form provided by
sections 49.43 to 49.47, and the election shall be
initiated and held as provided in chapter 49. A ma-
jority vote of those registered voters voting at said
special election shall be sufficient to approve
the order and thus include the political subdivision
within the merged area.
[C71, 73, 75, 77, 79, 81, §145A.7]
2001 Acts, ch 56, §9

145A.8 Effect on other subdivisions.
A protest petition filed in one political subdivi-
sion shall have no effect upon the other political
subdivisions of the proposed merged area; and in
the portion of the proposed area where no protest
petition is filed within sixty days after the last
published notice, the residents of that portion of
the area shall be deemed to have approved the pro-
posed plan, and shall not take part in any special
election.
[C71, 73, 75, 77, 79, 81, §145A.8]

145A.9 Continuance or abandonment.
If the voters at the special election approve by a
majority vote the proposed plan, then the plan
may be carried out as originally proposed. Howev-
er, if the voters of any political subdivision within
the proposed area reject the plan as set out in the
original order, then said original order shall be
wholly nullified.
[C71, 73, 75, 77, 79, 81, §145A.9]

145A.10 Board of hospital trustees.
Upon acceptance of a plan, the officials of the
merged area acting as a committee of the whole
shall appoint a board of hospital trustees. The
board of trustees shall then meet, elect a chairper-
son and adopt such rules for the organization of
the board as may be necessary. The number and
composition of the board shall be determined by
the committee appointing the board; but as a ma-
ter of public policy the committee is directed to ap-
portion the board into area districts in such a way
that the residents of all of the merged area will be
represented as nearly equally as possible on the
board.
[C71, 73, 75, 77, 79, 81, §145A.10]

145A.11 Terms of members.
The terms of members of the board shall be four
years, except that members of the initial board
shall determine their respective terms by lot so
that the terms of one-half of the members, as near-
ly as may be, shall expire at the next general elec-
tion. The remaining initial terms shall expire at
the following general election. The successors of
the initial board shall be chosen from area dis-
tricts at regular elections, and shall be nominated
and elected in the same manner as county hospital
trustees as provided in section 347.25, except that
nomination papers on behalf of a candidate shall
be signed by not less than twenty-five eligible elec-

responsibilities of the trustees of county public
hospitals as set out in sections 347.13 and 347.14
and may enter into contracts for the operation and
management of area hospital facilities.

85 Acts, ch 123, §6

145A.14 Budget for operation.
The board shall prepare an annual budget designating the proposed expenditures for operation of the area hospital and payment of bonded indebtedness, and the amount to be raised by taxation, following the requirements of chapter 24. The board shall prorate the amount to be raised for operations by local taxation among the respective political subdivisions forming a part of the merged area in the proportion that the product of the value of taxable property and the maximum tax levy rate in each political subdivision bears to the total product of the value of taxable property and the maximum tax levy rate in the entire merged area, as set out in the published order of merger. The board of hospital trustees shall certify the amount so determined to the respective levying officials of the affected counties, and the officials shall levy a tax sufficient to raise the annual budget. Taxes collected pursuant to the levy shall be paid by the respective county treasurers to the treasurer of the area hospital; provided, however, the board may appoint some other person to serve as treasurer. The board may require that the treasurer furnish appropriate bond for faithful performance of the treasurer’s duties.

145A.15 Treasurer of hospital.
If the area hospital is located within the corporate limits of any city, the city treasurer shall act as treasurer of the area hospital; and if the area hospital is located outside the limits of any city, the county treasurer shall act as the treasurer of the area hospital; provided, however, the board may appoint some other person to serve as treasurer. The board may require that the treasurer furnish appropriate bond for faithful performance of the treasurer’s duties.

[C71, 73, 75, 77, 79, 81, §145A.15]

In addition to revenue derived by tax levy, the board of hospital trustees of a merged area shall be authorized to receive and expend:
1. Federal funds which may be available by federal laws, rules and regulations.
2. State aid which may be available by state laws and rules.
3. Fees and expenses charged to persons using the facilities of the hospital.
4. Donations and gifts which may be accepted by the hospital trustees and expended in accordance with the terms of the gift without compliance with the local budget law, chapter 24.

85 Acts, ch 123, §9

145A.19 Special tax.
In addition to the tax authorized in connection with the annual budget and with the issuance of bonds, the voters in any merged area may at any regular election vote a special tax for a period not to exceed five years for the purchase of grounds, purchase or construction of buildings, purchase of equipment, and for the purpose of maintaining, remodeling, improving, or expanding the hospital area. Such a tax shall not exceed one-fourth of the maximum levy of each political subdivision as set out in the published order of merger, but the total tax levy for annual budget, bonds, and special purposes shall not exceed the maximum levy as proposed in the published order of merger.

[C71, 73, 75, 77, 79, 81, §145A.19]

145A.20 Revenue bonds.
In addition to any other provisions of this chapter and for the purpose of acquiring, constructing, equipping, enlarging, or improving a hospital building or any part of a hospital building, merged areas may issue revenue bonds and the board has all the powers and duties of a county board of supervisors as provided in chapter 331, division IV, part 4 and section 347A.3.

An amendment shall be formulated and approved in the same manner and subject to the same limitations as provided in sections 145A.3 through 145A.9 for the formulation and approval of an original plan of merger. However, an amendment to a plan of merger shall not in any way impair the obligation of or source of payment for bonds or other indebtedness duly contracted prior to the effective date of the amendment to the plan of merger.

85 Acts, ch 123, §11

145B.1 Definitions.
For the purposes of this chapter, the following definitions shall apply:

1. “Institution” shall mean any school or college of medicine, veterinary medicine, pharmacy, dentistry, and osteopathy, or hospital, diagnostic or research laboratories, or other educational or scientific establishment situated in this state properly concerned with the investigation of, or instruction concerning the structure or function of living organisms, the cause, prevention, control or cure of diseases or abnormal conditions of human beings or animals.

2. “Pound” shall mean any public or private agency, person, society, or corporation having custody of dogs seized or held under the authority of the state, municipality, or any political subdivision of the state.

C93, §145B.1

145B.2 Application to department of public health.
An institution may apply annually to the Iowa department of public health for authority to obtainanimals from a pound. If the department shall find that such institution, by reason of its ethical standards, its personnel, its facilities and the use it proposes to make of dogs is a fit and proper institution to be authorized to obtain dogs from a pound, and that the public interest would be served by such authority, then the department shall authorize such institution to obtain dogs from a pound.

[C62, 66, 71, 73, 75, 77, 79, 81, §351A.2]

95 Acts, ch 122, §1
145B.4 Fee. An institution obtaining dogs from a pound shall pay to the municipality or other political subdivision under whose authority each dog is held or was seized a reasonable fee not to exceed five dollars for each dog so obtained, and shall provide for the transportation of the dogs so obtained from the pound.

145B.5 Care and treatment. Animals used in any institution authorized by this chapter shall receive every consideration for their bodily comfort; they shall be kindly treated, properly fed and their surroundings kept in a sanitary condition. All major operative procedures may be done under local infiltration anesthesia. If the nature of the study is such that the animal may survive, acceptable techniques shall be followed throughout the operation. If the study does not require survival, the animal shall be killed in a humane manner at the conclusion of the observations. The post-operative care of experimental animals shall be such as to minimize discomfort during convalescence. All conditions shall be maintained for the animal's comfort in accordance with the best practices followed in human medicine and surgery.

146.1 Liability of persons relating to performance of abortions. An individual who may lawfully perform, assist, or participate in medical procedures which will result in an abortion shall not be required against that individual's religious beliefs or moral convictions to perform, assist, or participate in such procedures. A person shall not discriminate against any individual in any way, including but not limited to employment, promotion, advancement, transfer, licensing, education, training or the granting of hospital privileges or staff appointments, because of the individual's participation in or refusal to participate in recommending, performing or assisting in an abortion procedure. For the purposes of this chapter, "abortion" means the termination of a human pregnancy with the intent other than to produce a live birth or to remove a dead fetus. Abortion does not include medical care which has as its primary purpose the treatment of a serious physical condition requiring emergency medical treatment necessary to save the life of a mother.

146.2 Liability of hospitals refusing to perform abortions. A hospital, which is not controlled, maintained and supported by a public authority, shall not be required to permit the performance of an abortion. The refusal to permit such procedures shall not be grounds for civil liability to any person nor a basis for any disciplinary or other recriminatory action against the hospital.

MALPRACTICE

See also chapter 518A relating to insurance

147.135 Peer review committees — nonliability — records and reports privileged and confidential.

1. A person shall not be civilly liable as a result of acts, omissions, or decisions made in connection with the person's service on a peer review committee. However, such immunity from civil liability shall not apply if an act, omission, or decision is made with malice.

2. As used in this subsection, "peer review records" means all complaint files, investigation files, reports, and other investigative information relating to licensee discipline or professional competence in the possession of a peer review committee or an employee of a peer review committee. As used in this subsection, "peer review committee" does not include examining boards. Peer review records are privileged and confidential, are not subject to discovery, subpoena, or other means of legal compulsion for release to a person other than an affected licensee or a peer review committee and are not admissible in evidence in a judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review record and whose competence is at issue. A person shall not be liable as a result of filing a report or complaint with a peer review committee or providing information to such a committee, or for disclosure of privileged matter to a peer review committee. A person present at a meeting of a peer review committee shall not be permitted to testify as to the findings, recommendations, evaluations, or opinions of the peer review committee in any judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review committee meeting and whose competence is at issue. Information or documents discoverable from sources other than the peer review committee do not become nondiscoverable from the other sources merely because they are made available to or are in the possession of a peer review committee. However, such information relating to licensee discipline may be disclosed to an appropriate licensing authority in any jurisdiction in which the licensee is licensed or has applied for a license. If such information indicates a crime has been committed, the information shall be reported to the proper law enforcement agency. This subsection shall not preclude the discovery of the identification of witnesses or documents known to a peer review committee. Any final written decision and finding of fact by a licensing board in a disciplinary proceeding is a public record. Upon appeal by a licensee of a decision of a licensing board, the entire case record shall be submitted to the reviewing court. In all cases where privileged and confidential information under this subsection becomes discoverable, admissible, or part of a court record the identity of an individual whose privilege has been involuntarily waived shall be withheld.

3. A full and confidential report concerning any final hospital disciplinary action approved by a hospital board of trustees that results in a limitation, suspension, or revocation of a physician's privilege to practice for reasons relating to the physician's professional competence or concerning
any voluntary surrender or limitation of privileges for reasons relating to professional competence shall be made to the board of medical examiners by the hospital administrator or chief of medical staff within ten days of such action. The board of medical examiners shall investigate the report and take appropriate action. These reports shall be privileged and confidential as though included in and subject to the requirements for peer review committee information in subsection 2. Persons making these reports and persons participating in resulting proceedings related to these reports shall be immune from civil liability with respect to the making of the report or participation in resulting proceedings. As used in this subsection, “physician” means a person licensed pursuant to chapter 148, chapter 150, or chapter 150A.

Notwithstanding subsection 2, if the board of medical examiners conducts an investigation based on a complaint received or upon its own motion, a hospital pursuant to subpoena shall make available information and documents requested by the board, specifically including reports or descriptions of any complaints or incidents concerning an individual who is the subject of the board’s investigation, even though the information and documents are also kept for, are the subject of, or are being used in peer review by the hospital. However, the deliberations, testimony, decisions, conclusions, findings, recommendations, evaluations, work product, or opinions of a peer review committee or its members and those portions of any documents or records containing or revealing information relating thereto shall not be subject to the board’s request for information, subpoena, or other legal compulsion. All information and documents received by the board from a hospital under this section shall be confidential pursuant to section 272C.6, subsection 4.

147.137 Consent in writing.
A consent in writing to any medical or surgical procedure or course of procedures in patient care which meets the requirements of this section shall create a presumption that informed consent was given. A consent in writing meets the requirements of this section if it:
1. Sets forth in general terms the nature and purpose of the procedure or procedures, together with the known risks, if any, of death, brain damage, quadriplegia, paraplegia, the loss or loss of function of any organ or limb, or disfiguring scars associated with such procedure or procedures, with the probability of each such risk if reasonably determinable.
2. Acknowledges that the disclosure of that information has been made and that all questions asked about the procedure or procedures have been answered in a satisfactory manner.
3. Is signed by the patient for whom the procedure is to be performed, or if the patient for any reason lacks legal capacity to consent, is signed by a person who has legal authority to consent on behalf of that patient in those circumstances.

147.138 Contingent fee of attorney reviewed by court.
In any action for personal injury or wrongful death against any physician and surgeon, osteopath, osteopathic physician and surgeon, dentist, podiatric physician, optometrist, pharmacist, chiropractor or nurse licensed under this chapter or any hospital licensed under chapter 135B, based upon the alleged negligence of the licensee in the practice of that profession or occupation, or upon the alleged negligence of the hospital in patient care, the court shall determine the reasonableness of any contingent fee arrangement between the plaintiff and the plaintiff’s attorney.

147.139 Expert witness standards.
If the standard of care given by a physician and surgeon licensed pursuant to chapter 148, or osteopathic physician and surgeon licensed pursuant to chapter 150A, or a dentist licensed pursuant to chapter 153, is at issue, the court shall only allow a person to qualify as an expert witness and to testify on the issue of the appropriate standard of care if the person’s medical or dental qualifications relate directly to the medical problem or problems at issue and the type of treatment ad-
ministered in the case.

An emergency medical care provider properly certified under this subchapter may:
1. Render emergency and nonemergency medical care, rescue, and lifesaving services in those areas for which the emergency medical care provider is certified, as defined and approved in accordance with the rules of the department, at the scene of an emergency, during transportation to a hospital or while in the hospital emergency department, and until care is directly assumed by a physician or by authorized hospital personnel.

2. Function in any hospital or any other entity in which health care is ordinarily provided only when under the direct supervision, as defined by rules adopted pursuant to chapter 17A, of a physician, when:

An emergency medical care provider shall not routinely function without the direct supervision of a physician, physician assistant, or registered nurse. However, when the physician, physician assistant, or registered nurse cannot directly assume emergency care of the patient, the emergency medical care provider may perform without direct supervision emergency medical care procedures for which that individual is certified if the life of the patient is in immediate danger and such care is required to preserve the patient’s life; or
d. Employed by or assigned to a hospital or other entity in which health care is ordinarily provided only when under the direct supervision of a physician, as a member of an authorized ambulance, rescue, or first response service, or in an individual capacity, to perform nonsaving procedures for which those individuals have been certified and are designated in a written job description. Such procedures may be performed after the patient is observed by and when the emergency medical care provider is under the supervision of the physician, physician assistant, or registered nurse, including when the registered nurse is not acting in the capacity of a physician designee, and where the procedure may be immediately abandoned without risk to the patient.
Nothing in this subchapter shall be construed to require any voluntary ambulance, rescue, or first response service to provide a level of care beyond minimum basic care standards.

[C79, 81, §147A.8]

147A.9 Remote supervision — emergency communication failure — authorization to initiate emergency procedures.

2. If communications fail during an emergency or nonemergency situation, the emergency medical care provider may perform any emergency medical care procedure for which that individual is certified and which is included in written protocols if in the judgment of the emergency medical care provider the life of the patient is in immediate danger and such care is required to preserve the patient's life.

3. The department shall adopt rules to authorize medical care procedures which can be initiated in accordance with written protocols prior to the establishment of communication.

2. A physician, physician's designee, advanced registered nurse practitioner, physician assistant, registered nurse, licensed practical nurse, or emergency medical care provider shall not be subject to civil liability solely by reason of failure to obtain consent before rendering emergency medical, surgical, hospital or health services to any individual, regardless of age, when the patient is unable to give consent for any reason and there is no other person reasonably available who is legally authorized to consent to the providing of such care.

3. An act of commission or omission of any appropriately certified emergency medical care provider, registered nurse, licensed practical nurse, or physician assistant, while rendering emergency medical care under the responsible supervision and control of a physician to a person who is deemed by them to be in immediate danger of serious injury or loss of life, shall not impose any liability upon the certified emergency medical care provider, registered nurse, licensed practical nurse, or physician assistant, the supervising physician, physician designee, advanced registered nurse practitioner, or any hospital, or upon the state, or any county, city or other political subdivision, or the employees of any of these entities; provided that this section shall not relieve any person of liability for civil damages for any act of commission or omission which constitutes recklessness.

147A.22 Legislative findings and intent—purpose.
The general assembly finds the following:
1. Trauma is a serious health problem in the state of Iowa and is the leading cause of death of younger Iowans. The death and disability associated with traumatic injury contributes to the significant medical expenses and lost work, and adversely affects the productivity of Iowans.
2. Optimal trauma care is limited in many parts of the state. With health care delivery in transition, access to quality trauma and emergency medical care continues to challenge our rural communities.
3. The goal of a statewide trauma care system is to coordinate the medical needs of the injured person with an integrated system of optimal and cost-effective trauma care. The result of a well-coordinated statewide trauma care system is to reduce the incidences of inadequate trauma care and preventable deaths, minimize human suffering, and decrease the costs associated with preventable mortality and morbidity.
4. The development of the Iowa trauma care system will achieve these goals while meeting the unique needs of the rural residents of the state.

95 Acts, ch 40, §3

147A.23 Trauma care system development.

   a. The categorization of all hospitals and emergency care facilities by the department as to their capacity to provide trauma care services. The categorization shall be determined by the department from self-reported information provided to the department by the hospital or emergency care facility. This categorization shall not be construed to imply any guarantee on the part of the department as to the level of trauma care services available at the hospital or emergency care facility.
   b. The issuance of a certificate of verification of all categorized hospitals and emergency care facilities from the department at the level preferred by the hospital or emergency care facility. The standards and verification process shall be established by rule and may vary as appropriate by level of trauma care capability. To the extent possible, the standards and verification process shall be coordinated with other applicable accreditation and licensing standards.
   c. Upon verification and the issuance of a certificate of verification, a hospital or emergency care facility agrees to maintain a level of commitment and resources sufficient to meet responsibilities and standards as required by the trauma care criteria established by rule under this subchapter. Verifications are valid for a period of three years or as determined by the department and are renewable. As part of the verification and renewal process, the department may conduct periodic on-site reviews of the services and facilities of the hospital or emergency care facility.
   d. The department is responsible for the funding of the administrative costs of this subchapter. Any funds received by the department for this purpose shall be deposited in the emergency medical services fund established in section 135.25.
   e. This section shall not be construed to limit the number and distribution of level I, II, III, and IV categorized and verified trauma care facilities in a community or region.

§148.3 Requirements for license.  
An applicant for a license to practice medicine and surgery shall:
1. Present a diploma issued by a medical college approved by the medical examiners, or present other evidence of equivalent medical education approved by the medical examiners. The medical examiners may accept, in lieu of a diploma from a medical college approved by them, all of the following:
   a. A diploma issued by a medical college which has been neither approved nor disapproved by the medical examiners; and
   b. A valid standard certificate issued by the educational commission for foreign medical graduates or similar accrediting agency.
2. Pass an examination prescribed by the medical examiners which shall include subjects which determine the applicant’s qualifications to practice medicine and surgery and which shall be given according to the methods deemed by the medical examiners to be the most appropriate and practicable. However, the federal licensing examination (FLEX) or any other national standardized examination which the medical examiners shall approve may be administered to any or all applicants in lieu of or in conjunction with other examinations which the medical examiners shall prescribe. The medical examiners may establish necessary achievement levels on all examinations for a passing grade and adopt rules relating to examinations.
3. Present to the medical examiners satisfactory evidence that the applicant has successfully completed one year of postgraduate internship or resident training in a hospital approved for such training by the medical examiners. Beginning July 1, 2006, an applicant who holds a valid certificate issued by the educational commission for foreign medical graduates shall submit satisfactory evidence of successful completion of two years of such training.

2. [C97, §2582; S13, §2582; C24, 27, 31, 35, 39, §2584; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §148.3]

§148.4 Certificates of national board.  
The medical examiners may accept in lieu of the examination prescribed in section 148.3 a certificate of examination issued by the national board of medical examiners of the United States of America, but every applicant for a license upon the basis of such certificate shall be required to pay the fee prescribed by the medical examiners for licenses.

§148.5 Resident physician license.  
A physician, who is a graduate of a medical school and is serving as a resident physician who is not otherwise licensed to practice medicine and surgery in this state, shall be required to obtain from the medical examiners a license to practice as a resident physician. The license shall be designated “Resident Physician License” and shall authorize the licensee to serve as a resident physician only, under the supervision of a licensed practitioner of medicine and surgery or osteopathic medicine and surgery, in an institution approved for such training by the medical examiners. A license shall be valid for a duration as determined by the board. The fee for each license shall be set by the medical examiners to cover the administrative costs of issuing the license. The medical examiners shall determine in each instance those eligible for a license, whether or not examinations shall be given, and the type of examinations. Requirements of the law pertaining to regular permanent licensure shall not be mandatory for a resident physician license except as specifically designated by the medical examiners. The granting of a resident physician license does not in any way indicate that the person licensed is necessarily eligible for regular permanent licensure, nor are the medical examiners in any way obligated to license the individual.
[C54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §148.5]

§148.6 Revocation.  
1. The medical examiners, after due notice and hearing in accordance with chapter 17A, may issue an order to discipline a licensee for any of the grounds set forth in section 147.55, chapter 272C, or this subsection. Notwithstanding section 272C.3, licensee discipline may include a civil penalty not to exceed ten thousand dollars.
2. Pursuant to this section, the board of medical examiners may discipline a licensee who is guilty of any of the following acts or offenses:
a. Knowingly making misleading, deceptive, untrue or fraudulent representation in the practice of the physician's profession.

b. Being convicted of a felony in the courts of this state or another state, territory, or country. Conviction as used in this paragraph shall include a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding in which a finding or verdict of guilt is made or returned, but the adjudication of guilt is either withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state shall be conclusive evidence.

c. Violating a statute or law of this state, another state, or the United States, without regard to its designation as either felony or misdemeanor, which statute or law relates to the practice of medicine.

d. Having the license to practice medicine and surgery, osteopathic medicine and surgery or osteopathy revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is prima facie evidence.

e. Knowingly aiding, assisting, procuring, or advising a person to unlawfully practice medicine and surgery, osteopathic medicine and surgery or osteopathy.

f. Being adjudged mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license unless the board orders otherwise.

g. Being guilty of a willful or repeated departure from, or the failure to conform to, the minimal standard of acceptable and prevailing practice of medicine and surgery, osteopathic medicine and surgery or osteopathy in which proceeding actual injury to a patient need not be established; or the committing by a physician of an act contrary to honesty, justice, or good morals, whether the same is committed in the course of the physician’s practice or otherwise, and whether committed within or without this state.

h. Inability to practice medicine and surgery, osteopathic medicine and surgery or osteopathy with reasonable skill and safety by reason of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition. The medical examiners may, upon probable cause, compel a physician to submit to a mental or physical examination by designated physicians or to submit to alcohol or drug screening within a time specified by the medical examiners. Failure of a physician to submit to an examination or to submit to alcohol or drug screening shall constitute admission to the allegations made against the physician and the finding of fact and decision of the medical examiners may be entered without the taking of testimony or presentation of evidence. At reasonable intervals, a physician shall be afforded an opportunity to demonstrate that the physician can resume the competent practice of medicine with reasonable skill and safety to patients.

A person licensed to practice medicine and surgery, osteopathic medicine and surgery or osteopathy who makes application for the renewal of a license, as required by section 147.10, gives consent to submit to a mental or physical examination as provided by this paragraph when directed in writing by the medical examiners. All objections shall be waived as to the admissibility of the examining physicians’ testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a physician in another proceeding and shall be confidential, except for other actions filed against a physician to revoke or suspend a license.

i. Willful or repeated violation of lawful rule or regulation adopted by the board or violating a lawful order of the board, previously entered by the board in a disciplinary or licensure hearing, or violating the terms and provisions of a consent agreement or informal settlement between a licensee and the board.

148.7 Procedure for suspension or revocation.

A proceeding for the revocation or suspension of a license to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy or to discipline a person licensed to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy shall be substantially in accord with the following procedure:

1. The medical examiners may, upon their own motion or upon verified complaint in writing, and shall, if such complaint is filed by the director of public health, issue an order fixing the time and place for hearing. A written notice of the time and place of the hearing together with a statement of the charges shall be served upon the licensee at least ten days before the hearing in the manner required for the service of notice of the commencement of an ordinary action or by restricted certified mail.

2. If the licensee has left the state, the notice and statement of the charges shall be so served at least twenty days before the date of the hearing, wherever the licensee may be found. If the whereabouts of the licensee is unknown, service may be had by publication as provided in the rules of civil procedure upon filing the affidavit required by said rules. In case the licensee fails to appear, either in person or by counsel at the time and place designated in said notice, the medical examiners
shall proceed with the hearing as hereinafter provided.

3. The hearing shall be before a member or members designated by the board or before an administrative law judge appointed by the board according to the requirements of section 17A.11, subsection 1. The presiding board member or administrative law judge may issue subpoenas, administer oaths, and take or cause depositions to be taken in connection with the hearing. The presiding board member or administrative law judge shall issue subpoenas at the request and on behalf of the licensee. The hearing shall be open to the public.

The administrative law judge shall be an attorney vested with full authority of the board to schedule and conduct hearings. The administrative law judge shall prepare and file with the medical examiners the administrative law judge’s findings of fact and conclusions of law, together with a complete written transcript of all testimony and evidence introduced at the hearing and all exhibits, pleas, motions, objections, and rulings of the administrative law judge.

4. A stenographic record of the proceedings shall be kept. The licensee shall have the opportunity to appear personally and by an attorney, with the right to produce evidence in the licensee’s own behalf, to examine and cross-examine witnesses and to examine documentary evidence produced against the licensee.

5. If a person refuses to obey a subpoena issued by the presiding member or administrative law judge or to answer a proper question during the hearing, the presiding member or administrative law judge may invoke the aid of a court of competent jurisdiction or judge of this court in requiring the attendance and testimony of the person and the production of papers. A failure to obey the order of the court may be punished by the court as a civil contempt may be punished.

6. Unless the hearing is before the entire board, a transcript of the proceedings, together with exhibits presented, shall be considered by the entire board at the earliest practicable time. The licensee and the licensee's attorney shall have the opportunity to appear personally to present the licensee's position and arguments to the board. The board shall determine the charge or charges upon the merits on the basis of the evidence in the record before it.

7. If a majority of the members of the board vote in favor of finding the licensee guilty of an act or offense specified in section 147.55 or 148.6, the board shall prepare written findings of fact and its decision imposing one or more of the following disciplinary measures:
   a. Suspend the licensee's license to practice the profession for a period to be determined by the board.
   b. Revoke the licensee's license to practice the profession.
   c. Suspend imposition of judgment and penalty or impose the judgment and penalty, but suspend enforcement and place the physician on probation. The probation ordered may be vacated upon noncompliance. The medical examiners may restore and reissue a license to practice medicine and surgery, osteopathic medicine and surgery or osteopathy, but may impose a disciplinary or corrective measure which it might originally have imposed. A copy of the medical examiners' order, findings of fact, and decision, shall be served on the licensee in the manner of service of an original notice or by certified mail return receipt requested.

8. Judicial review of the board's action may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A.

9. The medical examiners' order revoking or suspending a license to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy or to discipline a licensee shall remain in force and effect until the appeal is finally determined and disposed of upon its merit.

148.8 Voluntary surrender of license.
The medical examiners may accept the voluntary surrender of a license if accompanied by a written statement of intention. A voluntary surrender, when accepted, has the same force and effect as an order of revocation.

148.9 Reinstatement.
Any person whose license has been suspended, revoked or placed on probation may apply to the board of medical examiners for reinstatement at any time and the board may hold hearings on any such petition and may order reinstatement and impose terms and conditions thereof and issue a certificate of reinstatement to the director of public health who shall thereupon issue a license as directed by the board.

148.10 Temporary certificate.
The medical examiners may, in their discretion, issue a temporary certificate authorizing the licensee to practice medicine and surgery or osteopathic medicine and surgery in a specific location or locations and for a specified period of time if, in the opinion of the medical examiners, a need exists and the person possesses the qualifications prescribed by the medical examiners for the license, which shall be substantially equivalent to those required for licensure under this chapter or chapter 150A, as the case may be. The medical examiners shall determine in each instance those eligible
for this license, whether or not examinations shall be given, and the type of examinations. No requirements of the law pertaining to regular permanent licensure are mandatory for this temporary license except as specifically designated by the medical examiners. The granting of a temporary license does not in any way indicate that the person so licensed is necessarily eligible for regular licensure, nor are the medical examiners in any way obligated to so license the person.

The temporary certificate shall be issued for a period not to exceed one year and may be renewed, but a person shall not practice medicine and surgery or osteopathic medicine and surgery in excess of three years while holding a temporary certificate. The fee for this license and the fee for renewal of this license shall be set by the medical examiners. The fees shall be based on the administrative costs of issuing and renewing the licenses.

87 Acts, ch 128, §1; 2004 Acts, ch 1167, §5

148.11 Special license to practice medicine and surgery.

1. Whenever the need exists, the board of medical examiners may issue a special license. The special license shall authorize the licensee to practice medicine and surgery under the policies and standards applicable to the health care services of a medical school academic staff member or as otherwise specified in the special license.

2. A person applying for a special license shall:
   a. Be a physician in a professional specialty.
   b. Present a diploma issued by a medical college.
   c. Present evidence of an unrestricted license to practice medicine and surgery which has been issued by a foreign state or territory or an alien country.
   d. Present a letter of recommendation from the dean of a medical school in this state indicating that the applicant has been invited to serve on the academic staff of the medical school.
   e. Present letters of recommendation from universities, other educational institutions, or research facilities that indicate the noteworthy professional attainment by the applicant.
   f. Present biographical background information concerning the applicant's education and qualifications.

3. The fee for initial issuance of a special license shall be established in an amount sufficient to cover the costs of issuing the special license. If the special license is extended beyond one year, an annual renewal fee shall be established in an amount sufficient to cover the costs of renewing the special license.

4. Notwithstanding the provisions of chapter 17A, the board may cancel a special license at any time without hearing. However, when such license is proposed to be canceled, the board shall promptly notify the licensee by certified mail sent to the last known address of the licensee. Thirty days after the service of such notice, the special license shall be canceled.

5. A special license issued under this section shall automatically expire upon the special licensee discontinuing service on the academic staff of a medical school in this state. An expired special license shall not be renewed. However, a former special licensee may reapply for a special license.

[C77, 79, 81, §148.11]

148.12 Voluntary agreements.

The medical examiners, after due notice and hearing, may issue an order to revoke, suspend, or restrict a license to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy, or to issue a restricted license on application if the medical examiners determine that a physician licensed to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy, has entered into a voluntary agreement to restrict the practice of medicine and surgery, osteopathic medicine and surgery, or osteopathy in another state, district, territory, country, or an agency of the federal government. A certified copy of the voluntary agreement shall be considered prima facie evidence.

148A.1 Definition — referral — authorization.

As used in this chapter, physical therapy is that branch of science that deals with the evaluation and treatment of human capabilities and impairments. Physical therapy uses the effective properties of physical agents including, but not limited to, mechanical devices, heat, cold, air, light, water, electricity, and sound, and therapeutic exercises, and rehabilitative procedures to prevent, correct, minimize, or alleviate a physical impairment. Physical therapy includes the interpretation of performances, tests, and measurements, the establishment and modification of physical therapy programs, treatment planning, consultative services, instructions to the patients, and the administration and supervision attendant to physical therapy facilities. Physical therapy evaluation and treatment may be rendered by a physical therapist with or without a referral from a physician, podiatric physician, dentist, or chiropractor, except that a hospital may require that physical therapy evaluation and treatment provided in the hospital shall be done only upon prior review by and authorization of a member of the hospital’s medical staff.

   a. Is of recognized standing.
   b. Has provisions for adequate physical and clinical facilities and other resources with which to conduct a sound education program.
   c. Requires, for graduation of a registered nurse applicant, the completion of at least a two academic year course of study.
   d. Requires, for graduation of a licensed practical nurse applicant, the completion of at least a one academic year course of study as prescribed by the board.
   2. All advanced formal academic nursing education programs shall also be approved by the board.

   d. If a student has a criminal record or a record of founded child or dependent adult abuse, upon request of the nursing program, the department of human services shall perform an evaluation to determine whether the record warrants prohibition of the person's involvement in a clinical education component of a nursing program involving children or dependent adults. The department of human services shall utilize the criteria provided in section 135C.33 in performing the evaluation and shall report the results of the evaluation to the nursing program. The department of human services has final authority in determining whether prohibition of the person's involvement in a clinical education component is warranted.

§152.7 Applicant qualifications.

In addition to the provisions of section 147.3, an applicant to be licensed for the practice of nursing shall have the following qualifications:

1. Be a graduate of an accredited high school or the equivalent.
2. Pass an examination as prescribed by the board.
3. Complete a course of study approved by the board pursuant to section 152.5.

For purposes of licensure pursuant to the nurse licensure compact contained in section 152E.1 or the advanced practice registered nurse compact contained in section 152E.3, the compact administrator may refuse to accept a change in the qualifications for licensure as a registered nurse or as a licensed practical or vocational nurse by a licensing authority in another state which is a party to the compact which substantially modifies state’s qualifications for licensure in effect on July 1, 2000. For purposes of licensure pursuant to the advanced practice registered nurse compact contained in section 152E.3, the compact administrator may refuse to accept a change in the qualifications for licensure as an advanced practice registered nurse by a licensing authority in another state which is a party to the compact which substantially modifies state’s qualifications for licensure in effect on July 1, 2005. A refusal to accept a change in a party state’s qualifications for licensure may result in submitting the issue to an arbitration panel or in withdrawal from the respective compact, at the discretion of the compact administrator.

§152.8 Reciprocity.

Notwithstanding the provisions of sections 147.44 through 147.54, the following shall apply regarding applicants for nurse licensure possessing a license from another state:

1. A license possessed by an applicant from a state which has not adopted the nurse licensure compact contained in section 152E.1 or the advanced practice registered nurse compact contained in section 152E.3 shall be recognized by the board under conditions specified which indicate that the licensee meets all the qualifications required under section 152.7. If a foreign license is recognized, the board may issue a license by endorsement without an examination being required. Recognition shall be based on whether the foreign licensee is qualified to practice nursing. The board may issue a temporary license to a natural person who has completed the requirement of and applied for licensure by endorsement. The board shall determine the length of time a temporary license shall remain effective.

2. A license possessed by an applicant and issued by a state which has adopted the nurse licensure compact contained in section 152E.1 or the advanced practice registered nurse compact contained in section 152E.3 shall be recognized pursuant to the provisions of that section.

§152.9 Temporary license.

The board may issue a temporary license to a natural person who has completed the requirements of and applied for licensure by endorsement. The board shall determine the length of time a temporary license shall remain effective.

§152.10 License revocation or suspension.

1. Notwithstanding sections 147.87 to 147.89 and in addition to the provisions of sections 147.58 to 147.71, the board may restrict, suspend, or revoke a license to practice nursing or place the licensee on probation. The board may also prescribe by rule conditions of license reinstatement. The board shall prescribe rules of procedure by which to restrict, suspend, or revoke a license. These procedures shall conform to the provisions of chapter 17A.

2. In addition to the grounds stated in section 147.55, the following are grounds for suspension or revocation under subsection 1 of this section:
   b. Continued practice while knowingly having an infectious or contagious disease which could be harmful to a patient’s welfare.
   c. Conviction for a felony in the courts of this state or another state, territory, or country if the felony relates to the practice of nursing. Conviction shall include only a conviction for an offense.
which if committed in this state would be deemed a felony without regard to its designation elsewhere. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another jurisdiction shall be conclusive evidence of conviction.

d. (1) Having a license to practice nursing as a registered nurse or licensed practical nurse revoked or suspended, or having other disciplinary action taken by a licensing authority of another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action is prima facie evidence of such fact.

(2) Having a license to practice nursing as a registered nurse or licensed practical nurse revoked or suspended, or having other disciplinary action taken, by a licensing authority in another state which has adopted the nurse licensure compact contained in section 152E.1 or the advanced practice registered nurse compact contained in section 152E.3 and which has communicated information relating to such action pursuant to the coordinated licensure information system established by the compact. If the action taken by the licensing authority occurs in a jurisdiction which does not afford the procedural protections of chapter 17A, the licensee may object to the communicated information and shall be afforded the procedural protections of chapter 17A.

e. Knowingly aiding, assisting, procuring, advising, or allowing a person to unlawfully practice nursing.

f. Being adjudicated mentally incompetent by a court of competent jurisdiction. Such adjudication shall automatically suspend a license for the duration of the license, unless the board orders otherwise.

g. Being guilty of willful or repeated departure from or the failure to conform to the minimum standard of acceptable and prevailing practice of nursing; however, actual injury to a patient need not be established.

h. (1) Inability to practice nursing with reasonable skill and safety by reason of illness, excessive use of alcohol, drugs, narcotics, chemicals, or other type of material or as a result of a mental or physical condition.

(2) The board may, upon probable cause, request a licensee to submit to an appropriate medical examination by a designated physician. If requested by the licensee, the licensee may also designate a physician for an independent medical examination. The reasonable costs of such examinations and medical reports to the board shall be paid by the board. Refusal or failure of a licensee to complete such examinations shall constitute an admission of any allegations relating to such condition. All objections shall be waived as to the admissibility of the examining physicians’ testimony or examination reports on the grounds that they constitute privileged communication. The medical testimony or examination reports shall not be used against a registered nurse or licensed practical nurse in another proceeding and shall be confidential. At reasonable intervals, a registered nurse or licensed practical nurse shall be afforded an opportunity to demonstrate that the registered nurse or licensed practical nurse can resume the competent practice of nursing with reasonable skill and safety to patients.

   a. Completion of a curriculum of massage education at a school approved by the board which requires for admission a diploma from an accredited high school or the equivalent and requires completion of at least five hundred hours of supervised academic instruction. Subsection 1 amended

152E.1 Form of compact.
The nurse licensure compact is entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I — FINDINGS AND PURPOSE
a. The party states find all of the following:
1. The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws.
2. Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public.
3. The expanded mobility of nurses and the use of advanced communication technologies as part of our nation’s health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation.
4. New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex.
5. The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states.

b. The general purposes of this compact are to:
1. Facilitate the states’ responsibility to protect the public’s health and safety.
2. Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation.
3. Facilitate the exchange of information between party states in the areas of nurse licensure and regulation.
4. Promote compliance with the laws governing the practice of nursing in each jurisdiction.
5. Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.

ARTICLE II — DEFINITIONS
As used in this compact:
a. “Adverse action” means a home or remote state action.
b. “Alternative program” means a voluntary, nondisciplinary monitoring program approved by a nurse licensing board.
c. “Coordinated licensure information system” means an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws, which is administered by a nonprofit organization composed of and controlled by state nurse licensing boards.
d. “Current significant investigative information” means either of the following:
1. Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction.
2. Investigative information that indicates the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.
e. “Home state” means the party state which is the nurse’s primary state of residence.
f. “Home state action” means any administrative, civil, equitable, or criminal action permitted by the home state’s laws which are imposed on a nurse by the home state’s licensing board or other authority, including actions against an individual’s license such as revocation, suspension, probation, or any other action which affects a nurse’s authorization to practice.
g. “Licensing board” means a party state’s regulatory body responsible for issuing nurse licenses.
h. “Multistate licensure privilege” means current, official authority from a remote state permitting the practice of nursing as either a registered nurse or a licensed practical or vocational nurse in such party state. All party states have the authority, in accordance with existing state due process law, to take actions against the nurse’s privilege such as revocation, suspension, probation, or any other action which affects a nurse’s authorization to practice.
i. “Nurse” means a registered nurse or licensed practical or vocational nurse, as those
terms are defined by each party state’s practice laws.

j. “Party state” means any state that has adopted this compact.

k. “Remote state” means a party state, other than the home state, where either of the following applies:
1. Where the patient is located at the time nursing care is provided.
2. In the case of the practice of nursing not involving a patient, in such party state where the recipient of nursing care is located.

l. “Remote state action” means either of the following:
1. Any administrative, civil, equitable, or criminal action permitted by a remote state’s laws which is imposed on a nurse by the remote state’s licensing board or other authority, including actions against an individual’s multistate licensure privilege to practice in the remote state.
2. Cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards of remote states.

m. “State” means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

n. “State practice laws” means those individual party state laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. “State practice laws” does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

ARTICLE III — GENERAL PROVISIONS
AND JURISDICTION

a. A license to practice registered nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate licensure privilege to practice as a registered nurse in such party state. A license to practice licensed practical or vocational nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate licensure privilege to practice as a licensed practical or vocational nurse in such party state. In order to obtain or retain a license, an applicant must meet the home state’s qualifications for licensure and license renewal as well as all other applicable state laws.

b. Party states may, in accordance with state due process laws, limit or revoke the multistate licensure privilege of any nurse to practice in their state and may take any other actions under their applicable state laws necessary to protect the health and safety of their citizens. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

c. Every nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is rendered. In addition, the practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of a party state. The practice of nursing subjects a nurse to the jurisdiction of the nurse licensing board and the courts, as well as the laws, in that party state.

d. This compact does not affect additional requirements imposed by states for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as a license to practice registered nursing if one is required by state law as a precondition for qualifying for advanced practice registered nurse authorization.

e. Individuals not residing in a party state shall continue to be able to apply for nurse licensure as provided for under the laws of each party state. However, the license granted to these individuals shall not be recognized as granting the privilege to practice nursing in any other party state unless explicitly agreed to by that party state.

ARTICLE IV — APPLICATIONS FOR
LICENSURE IN A PARTY STATE

a. Upon application for a license, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any restrictions on the multistate licensure privilege, and whether any other adverse action by any state has been taken against the license.

b. A nurse in a party state shall hold licensure in only one party state at a time, issued by the home state.

c. A nurse who intends to change the nurse’s primary state of residence may apply for licensure in the new home state in advance of such change. However, new licenses shall not be issued by a party state until after a nurse provides evidence of change in the nurse’s primary state of residence satisfactory to the new home state’s licensing board.

d. 1. If a nurse changes the nurse’s primary state of residence by moving between two party states, and obtains a license from the new home state, the license from the former home state is no longer valid.

2. If a nurse changes the nurse’s primary state of residence by moving from a nonparty state to a party state, and obtains a license from the new home state, the individual state license issued by
the nonparty state is not affected and shall remain in full force if so provided by the laws of the nonparty state.

3. If a nurse changes the nurse's primary state of residence by moving from a party state to a nonparty state, the license issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.

ARTICLE V — ADVERSE ACTIONS

In addition to the general provisions described in article III, the following provisions apply:

a. The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.

b. The licensing board of a party state shall have the authority to complete any pending investigations for a nurse who changes primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

c. A remote state may take adverse action affecting the multistate licensure privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the license issued by the home state.

d. For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.

e. The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.

f. Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of licensure action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.

ARTICLE VI — ADDITIONAL AUTHORITIES INVESTED IN PARTY STATE NURSE LICENSING BOARDS

Notwithstanding any other powers, party state nurse licensing boards shall have the authority to do all of the following:

a. If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

b. Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a nurse licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located.

c. Issue cease and desist orders to limit or revoke a nurse's authority to practice in the state.

d. Promulgate uniform rules and regulations as provided for in article VIII, section c.

ARTICLE VII — COORDINATED LICENSURE INFORMATION SYSTEM

a. All party states shall participate in a cooperative effort to create a coordinated database of all licensed registered nurses and licensed practical or vocational nurses. This system shall include information on the licensure and disciplinary history of each nurse, as contributed by party states, to assist in the coordination of nurse licensure and enforcement efforts.

b. Notwithstanding any other provision of law, all party states' licensing boards shall promptly report adverse actions, actions against multistate licensure privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials, to the coordinated licensure information system.

c. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

d. Notwithstanding any other provision of law, all party states' licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with nonparty states or disclosed to
§152E.1, NURSE LICENSURE/ADVANCED PRACTICE REGISTERED NURSE/COMPACT

other entities or individuals without the express permission of the contributing state.

e. Any personally identifiable information obtained by a party state’s licensing board from the coordinated licensure information system shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

f. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

g. The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

ARTICLE VIII — COMPACT ADMINISTRATION AND INTERCHANGE OF INFORMATION

a. The head of the nurse licensing board, or the head’s designee, of each party state shall be the administrator of this compact for the head’s state.

b. The compact administrator of each party state shall furnish to the compact administrator of each other party state any information and documents including, but not limited to, a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.

c. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under article VI, section d.

ARTICLE IX — IMMUNITY

A party state or the officers or employees or agents of a party state’s nurse licensing board who acts in accordance with the provisions of this compact shall not be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

ARTICLE X — ENTRY INTO FORCE, WITHDRAWAL, AND AMENDMENT

a. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but such withdrawal shall not take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

b. Withdrawal shall not affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

c. This compact shall not be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this compact.

d. This compact may be amended by the party states. An amendment to this compact shall not become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

ARTICLE XI — CONSTRUCTION AND SEVERABILITY

a. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

b. 1. In the event party states find a need for settling disputes arising under this compact, the party states may submit the issues in dispute to an arbitration panel which shall be comprised of an individual appointed by the compact administrator in the home state, an individual appointed by the compact administrator in the remote state or states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.

2. The decision of a majority of the arbitrators shall be final and binding.

152E.2 Compact administrator.

The executive director of the board of nursing, as provided for in section 152E.1, shall serve as the compact administrator identified in article VIII, section a, of the nurse licensure compact contained in section 152E.1 and as the compact administrator identified in article VIII, section a, of the advanced practice registered nurse compact
contained in section 152E.3.

2005 amendment to this section to be repealed effective July 1, 2008; 2005 Acts, ch 53, §8, 1

152E.3 Form of advanced practice registered nurse compact.
The advanced practice registered nurse compact is entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I — FINDINGS AND DECLARATION OF PURPOSE

a. The party states find all of the following:

1. The health and safety of the public are affected by the degree of compliance with advanced practice registered nurse licensure and practice requirements and the effectiveness of enforcement activities related to state advanced practice registered nurse license or authority to practice laws.

2. Violations of advanced practice registered nurse licensure and practice and other laws regulating the practice of nursing may result in injury or harm to the public.

3. The expanded mobility of advanced practice registered nurses and the use of advanced communication technologies as part of our nation’s health care delivery system require greater coordination and cooperation among states in the areas of advanced practice registered nurse licensure and practice requirements.

4. New practice modalities and technology make compliance with individual state advanced practice registered nurse licensure and practice requirements difficult and complex.

5. The current system of duplicative advanced practice registered nurse licensure and practice requirements for advanced practice registered nurses practicing in multiple states is cumbersome and redundant to both advanced practice registered nurses and states.

6. Uniformity of advanced practice registered nurse requirements throughout the states promotes public safety and public health benefits.

7. Access to advanced practice registered nurse services increases the public’s access to health care, particularly in rural and underserved areas.

b. The general purposes of this compact are to:

1. Facilitate the states’ responsibilities to protect the public’s health and safety.

2. Ensure and encourage the cooperation of party states in the areas of advanced practice registered nurse licensure and practice requirements including promotion of uniform licensure requirements.

3. Facilitate the exchange of information between party states in the areas of advanced practice registered nurse regulation, investigation, and adverse actions.

4. Promote compliance with the laws governing advanced practice registered nurse practice in each jurisdiction.

g. “Current significant investigative information” means either of the following:

1. Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the advanced practice registered nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction.

2. Investigative information that indicates that the advanced practice registered nurse represents an immediate threat to public health and safety regardless of whether the advanced practice registered nurse has been notified and had an opportunity to respond.

h. “Home state” means the party state that is
the advanced practice registered nurse’s primary state of residence.

i. “Home state action” means any administrative, civil, equitable, criminal, or other action permitted by the home state’s laws which is imposed on an advanced practice registered nurse by the home state’s licensing board or other authority, including actions against an individual’s license or authority to practice such as revocation, suspension, probation, or any other action which affects an advanced practice registered nurse’s authorization to practice.

j. “Licensing board” means a party state’s regulatory body responsible for issuing advanced practice registered nurse licensure or authority to practice.

k. “Multistate advanced practice privilege” means current authority from a remote state permitting an advanced practice registered nurse to practice in that state in the same role and title as the advanced practice registered nurse is licensed or authorized to practice in the home state to the extent that the remote state laws recognize such advanced practice registered nurse role and title. l. “Party state” means any state that has adopted this compact.

m. “Prescriptive authority” means the legal authority to prescribe medications and devices as defined by party state laws.

do. “Remote state action” means either of the following:

1. Any administrative, civil, equitable, criminal, or other action permitted by a remote state’s laws which is imposed on an advanced practice registered nurse by the remote state’s licensing board or other authority, including actions against an individual’s multistate advanced practice privilege in the remote state.

r. “Unencumbered” means that a state has no current disciplinary action against an advanced practice registered nurse’s license or authority to practice.

ARTICLE III — GENERAL PROVISIONS AND JURISDICTION

a. All party states shall participate in the nurse licensure compact for registered nurses and licensed practical or vocational nurses in order to enter into the advanced practice registered nurse compact.

b. A state shall not enter the advanced practice registered nurse compact until the state adopts, at a minimum, the advanced practice registered nurse uniform license or authority to practice requirements for each advanced practice registered nurse role and title recognized by the state seeking to enter the advanced practice registered nurse compact.

c. Advanced practice registered nurse license or authority to practice issued by a home state to a resident in that state shall be recognized by each party state as authorizing a multistate advanced practice privilege to the extent that the role and title are recognized by each party state. To obtain or retain advanced practice registered nurse license and practice requirements as an advanced practice registered nurse, an applicant must meet the home state’s qualifications for authority or renewal of authority as well as all other applicable state laws.

d. The advanced practice registered nurse multistate advanced practice privilege does not include prescriptive authority, and does not affect any requirements imposed by states to grant to an advanced practice registered nurse initial and continuing prescriptive authority according to state practice laws. However, a party state may grant prescriptive authority to an individual on the basis of a multistate advanced practice privilege to the extent permitted by state practice laws.

e. A party state may, in accordance with state due process laws, limit or revoke the multistate advanced practice privilege in the party state and may take any other necessary actions under the party state’s applicable laws to protect the health and safety of the party state’s citizens. The administrator of the coordinated licensure information system
shall promptly notify the home state of any such actions by remote states.

f. An advanced practice registered nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is provided. g. Individuals not residing in a party state may apply for an advanced practice registered nurse license or authority to practice as an advanced practice registered nurse under the laws of a party state. However, the authority to practice granted to these individuals shall not be recognized as granting the privilege to practice as an advanced practice registered nurse in any other party state unless explicitly agreed to by that party state.

ARTICLE IV — APPLICATIONS FOR ADVANCED PRACTICE REGISTERED NURSE LICENSURE OR AUTHORITY TO PRACTICE IN A PARTY STATE

a. Once an application for an advanced practice registered nurse license or authority to practice is submitted, a party state shall ascertain, through the coordinated licensure information system, whether the applicant has held, or is the holder of, a nursing license or authority to practice issued by another state, whether the applicant has had a history of previous disciplinary action by any state, whether an encumbrance exists on any license or authority to practice, and whether any other adverse action by any other state has been taken against a license or authority to practice.

This information may be used in approving or denying an application for an advanced practice registered nurse license or authority to practice.

b. An advanced practice registered nurse in a party state shall hold an advanced practice registered nurse license or authority to practice in only one party state at a time, issued by the home state.

c. An advanced practice registered nurse who intends to change the nurse's primary state of residence may apply for an advanced practice registered nurse license or authority to practice in the new home state in advance of such change. However, a new license or authority to practice shall not be issued by a party state until after an advanced practice registered nurse provides evidence of change in the nurse's primary state of residence satisfactory to the new home state's licensing board.

d. 1. If an advanced practice registered nurse changes the nurse's primary state of residence by moving between two party states, and obtains an advanced practice registered nurse license or authority to practice from the new home state, the advanced practice registered nurse license or authority to practice from the former home state is no longer valid.

   2. If an advanced practice registered nurse changes the nurse's primary state of residence by moving from a nonparty state to a party state, and obtains an advanced practice registered nurse license or authority to practice from the new home state, the individual state license issued by the nonparty state is not affected and shall remain in full force if so provided by the laws of the nonparty state.

   3. If an advanced practice registered nurse changes the nurse's primary state of residence by moving from a party state to a nonparty state, the advanced practice registered nurse license or authority to practice issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.

ARTICLE V — ADVERSE ACTIONS

In addition to the general provisions described in article III, the following provisions apply:

a. The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions, including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports.

b. The licensing board of a party state shall have the authority to complete any pending investigations for an advanced practice registered nurse who changes the nurse's primary state of residence during the course of such investigations. It shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

c. A remote state may take adverse action affecting the multistate advanced practice privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the advanced practice registered nurse license or authority to practice issued by the home state.

d. For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such con-
duct had occurred within the home state. In so doing, it shall apply its own state laws to determine appropriate action.

e. The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action.

f. Nothing in this compact shall override a party state’s decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the party state’s laws. Party states must require advanced practice registered nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.

g. All home state licensing board disciplinary orders, agreed to or otherwise, which limit the scope of the advanced practice registered nurse’s practice or require monitoring of the advanced practice registered nurse as a condition of the order shall include the requirements that the advanced practice registered nurse will limit the nurse’s practice to the home state during the pendency of the order. This requirement may allow the advanced practice registered nurse to practice in other party states with prior written authorization from both the home state and party state licensing boards.

d. Promulgate uniform rules and regulations as provided for in article VIII, section c.

ARTICLE VII — COORDINATED LICENSURE INFORMATION SYSTEM

a. All party states shall participate in a cooperative effort to create a coordinated database of all advanced practice registered nurses. This system shall include information on the advanced practice registered nurse licensure and practice requirements and disciplinary history of each advanced practice registered nurse, as contributed by party states, to assist in the coordination of the advanced practice registered nurse licensure or authority to practice and enforcement efforts.

b. Notwithstanding any other provision of law, all party states’ licensing boards shall promptly report adverse actions, actions against multistate advanced practice privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials, to the coordinated licensure information system.

c. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

d. Notwithstanding any other provision of law, all party states’ licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

e. Any personally identifiable information obtained by a party state’s licensing board from the coordinated licensure information system shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

f. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

g. The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

ARTICLE VIII — COMPACT ADMINISTRATION AND INTERCHANGE OF INFORMATION

a. The head of the licensing board, or the head’s designee, of each party state shall be the administrator of this compact for the head’s state.

b. The compact administrator of each party
state shall furnish to the compact administrator of each other party state any information and documents including, but not limited to, a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.

c. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under article VI, section d.

ARTICLE IX — IMMUNITY

A party state or the officers or employees or agents of a party state’s licensing board who acts in accordance with the provisions of this compact shall not be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

ARTICLE X — ENTRY INTO FORCE, WITHDRAWAL, AND AMENDMENT

a. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but such withdrawal shall not take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

b. Withdrawal shall not affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

c. This compact shall not be construed to invalidate or prevent any advanced practice registered nurse licensure or authority to practice agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this compact.

d. This compact may be amended by the party states. An amendment to this compact shall not become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

ARTICLE XI — CONSTRUCTION AND SEVERABILITY

A. This compact shall be liberally construed so as to effectuate the purposes of the compact. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States, or the applicability of the compact to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability of the compact to any government, agency, person, or circumstance shall not be affected by that action. If this compact shall be held contrary to the constitution of any state which is party to the compact, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

b. 1. In the event party states find a need for settling disputes arising under this compact, the party states may submit the issues in dispute to an arbitration panel which shall be comprised of an individual appointed by the compact administrator in the home state, an individual appointed by the compact administrator in the remote state or states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.

2. The decision of a majority of the arbitrators shall be final and binding.

2. To appoint investigators, who shall not be members of the examining board, to administer and aid in the enforcement of the provisions of law relating to those persons licensed to practice dentistry and dental hygiene, and persons registered as dental assistants. 5. In any investigation made or hearing conducted by the board on its own motion, or upon written complaint filed with the board by any person, pertaining to any alleged violation of this chapter or the accusation against any licensee or registrant, the following procedure and rules so far as material to such investigation or hearing shall obtain:
   a. The accusation of such person against any licensee or registrant shall be reduced to writing, verified by some person familiar with the facts therein stated, and three copies thereof filed with the board.
   b. If the board shall deem the charges sufficient, if true, to warrant suspension or revocation of license or registration, it shall make an order fixing the time and place for hearing thereon and
requiring the licensee or registrant to appear and answer thereto, such order, together with a copy of the charges so made to be served upon the accused at least twenty days before the date fixed for hearing, either personally or by certified or registered mail, sent to the licensee’s or registrant’s last known post office address as shown by the records of the board.

c. At the time and place fixed in said notice for said hearing, or at any time and place to which the said hearing shall be adjourned, the board shall hear the matter and may take evidence, administer oaths, take the deposition of witnesses, including the person accused, in the manner provided by law in civil cases, compel the appearance of witnesses before it in person the same as in civil cases by subpoena issued over the signature of the chairperson of the board and in the name of the state of Iowa, require answers to interrogatories and compel the production of books, papers, accounts, documents and testimony pertaining to the matter under investigation or relating to the hearing.

Such subpoenas for the attendance of witnesses shall be effective if served upon the person named therein anywhere within this state, provided, that at the time of such service the fees now or hereafter provided by law for witnesses in civil cases in district court shall be paid or tendered to such person.

e. In case of disobedience of a subpoena lawfully served hereunder, the board or any party to such hearing aggrieved thereby may invoke the aid of the district court in the county where such hearing is being conducted to require the attendance and testimony of such witnesses. Such district court of the county within which the hearing is being conducted may, in case of contumacy or refusal to obey such subpoena, issue an order requiring such person to appear before said board, and if so ordered give evidence touching the matter involved in the hearing. Any failure to obey such order of the court may be punished by such court as a contempt thereof.

f. If the licensee or registrant pleads guilty, or after hearing shall be found guilty by the board of any of the charges made, it may suspend for a limited period or revoke the license or registration, and the last renewal thereof, and shall enter the order on its records and notify the accused of the revocation or suspension of the person’s license or registration, as the case may be, who shall forthwith surrender that license or registration to the board. Any such person whose license or registration has been so revoked or suspended shall not thereafter and while such revocation or suspension is in force and effect practice dentistry, dental hygiene, or dental assisting within this state.

g. The findings of fact made by the board acting within its power shall, in the absence of fraud, be conclusive, but the district court shall have power to review questions of law involved in any final decision or determination of the board; provided, that application is made by the aggrieved party within thirty days after such determination by certiorari, mandamus or such other method of review or appeal permitted under the laws of this state, and to make such further orders in respect thereto as justice may require.

h. Pending the review and final disposition thereof by the district court, the action of the board suspending or revoking such license or registration shall not be stayed.

7. To promulgate rules as may be necessary to implement the provisions of this chapter.

2. The department may retain ninety percent of the revenue generated from an increase in licensure and permit fees established pursuant to section 154A.17 above the licensure and permit fees in effect as of June 30, 2005. The moneys retained by the department shall be used for any of the board’s duties, including but not limited to addition of full-time equivalent positions for program services and investigations. Revenues retained by the department pursuant to this subsection shall be considered repayment receipts as defined in section 8.2.

154A.23 Complaints.

Any person wishing to make a complaint against a licensee or holder of a temporary permit shall file a written statement with the board within twelve months from the date of the action upon which the complaint is based. If the board determines that the complaint alleges facts which, if proven, would be cause for the suspension or revocation of the license of the licensee or the permit of the holder of a temporary permit, it shall make an order fixing a time and place for a hearing and requiring the licensee or holder of a temporary permit complained against to appear and defend. The order shall contain a copy of the complaint, and the order and copy of the complaint shall be served upon the licensee or holder of a temporary permit at least twenty days before the date set for hearing, either personally or as provided in section 154A.21. Continuance or adjournment of a hearing date may be made for good cause. At the hearing the licensee or holder of a temporary permit may be represented by counsel. The licensee or holder of a temporary permit and the board may take depositions in advance of hearing and after service of the complaint, and either may compel the attendance of witnesses by subpoenas issued by the board. The board shall issue such subpoenas at the request of a licensee or holder of a temporary permit. Either party taking depositions shall give at least five days’ written notice to the other party of the time and place of such depositions, and the other party may attend, with counsel, if desired, and cross-examine.

If the board determines from the evidence and proofs submitted that the licensee or holder of a temporary permit is guilty of violating any of the provisions of this chapter, or any of the regulations promulgated by the board pursuant to this chapter, the department shall, within thirty days after the hearing, issue an order refusing to issue or renew, or revoking or suspending, as the case may be, the hearing aid dispenser’s license or temporary permit. The order shall include the findings of fact and the conclusions of law made by the board and counsel. A copy of the order shall be sent to the licensee or holder of a temporary permit by registered mail. The records of the department shall reflect the action taken by the board on the charges, and the department shall preserve a record of the proceedings in a manner similar to that used by courts of record in this state.

The final order of the board in the proceedings may be appealed to the district court of the county where the licensee or holder of a temporary permit resides, or in which the licensed hearing aid dispenser’s principal place of business is located.

The department shall send a copy of the complaint and a copy of the board’s final order to the attorney general for purposes of information in the event the licensee or holder of a temporary permit pursues a court appeal and for consideration as to whether the violations are flagrant enough to justify prosecution. The attorney general and all county attorneys shall assist the department in the enforcement of the provisions of this chapter.
§154A.24 Suspension or revocation.

   o. Representing, directly or by implication, that a hearing aid utilizing bone conduction has certain specified features, such as the absence of anything in the ear or leading to the ear, or the like, without disclosing clearly and conspicuously that the instrument operates on the bone conduction principle, and that in many cases of hearing loss, this type of instrument may not be suitable.
   p. Stating or implying that the use of a hearing aid will restore normal hearing or preserve hearing or prevent or retard progressions of hearing impairment or any other false or misleading claim regarding the use or benefit of a hearing aid.

   r. Violating any of the provisions of section 714.16.
   s. Failure to place in an advertisement, if an advertisement does not include the words “hearing aid” in the title of the business which is advertising, the qualifying words in the same size type, “for the purpose of fitting, selection, adaption, and sale of hearing aids”.
