No locomotive or other rolling stock shall be operated unless it is equipped with proper deflector and screen exhaust fire controls and uses adequate devices to prevent the escape of blowing or burning materials or substances and is maintained in good working order to protect against the start and spread of fires along the right of way. A violation of this section shall, upon conviction, be subject to a schedule “one” penalty. The railroad corporation, and any officer, agent, lessee or independent contractor found guilty of a violation of this section, upon conviction, shall be subject to a schedule “one” penalty. In the event a right of way fire can be attributed to faulty screen exhaust fire control equipment, a local fire department may collect reasonable hourly charges, not to exceed a total of two hundred fifty dollars for each call from the railroad corporation.

### DIVISION I
**FENCES, CROSSINGS, AND INTERLOCKING SWITCHES**

#### 327G.1 Definition.
As used in this division, unless the context otherwise requires, “department” means the state department of transportation.

[C75, §478.37; C77, 79, 81, §327G.1; 81 Acts, ch 22, §22]
86 Acts, ch 1245, §1962

#### 327G.2 Crossings — signs.
Every corporation constructing or operating a railway shall make and construct at all points where such railway crosses any public road good, sufficient, and safe crossings and erect at such points, at a sufficient elevation from such road as to admit a free passage of vehicles of every kind, a sign with large and distinct letters placed thereon, to give notice of the proximity of the railway, and warn persons of the necessity of looking out for trains. Any railway company neglecting or refusing to comply with the provisions of this section shall be liable for all damages sustained by reason of such refusal or neglect, and it shall only be necessary, in order to recover, for the injured party to prove such neglect or refusal.

[R60, §1331; C73, §1288; C97, §2057; C24, 27, 31, 35, 39, §8000; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.1; C77, 79, 81, §327G.2]

#### 327G.3 Railway fences required.
All railway corporations owning or operating a line of railway within the state, shall construct, maintain, and keep in repair a fence on each side of the right of way, to prevent livestock getting upon the tracks.

[C97, §2057; S13, §2057; C24, 27, 31, 35, 39, §8001; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.2; C77, 79, 81, §327G.3]

#### 327G.4 Specifications.
All fences shall be not less than fifty-four inches high and may be of any of the following types:
1. Not less than five barbed wires, properly spaced.
2. Not less than three barbed wires above and not less than twenty-four inches of woven wire below.
3. Entirely of woven wire.
4. Five boards properly spaced.
5. Any other type which the fence viewers of any township through which it passes may determine as efficient as any of the above types.

Each of the above types shall be securely nailed to posts firmly set, not more than twenty feet apart for the first three types, nor more than eight feet apart for the fourth.

[S13, §2057; C24, 27, 31, 35, 39, §8004; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.4; C77, 79, 81, §327G.4]

#### 327G.5 Hog-tight fences.
When any person owning land abutting on the right of way is maintaining a hog-tight fence on all sides thereof or any division of such land except along such right of way, the railway company owning such right of way shall, on written request of the landowner, make such right of way fence along such enclosed land hog-tight by the addition of barbed or woven wire or other equally efficient means.

[S13, §2057; C24, 27, 31, 35, 39, §8004; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.5; C77, 79, 81, §327G.5]

#### 327G.6 Failure to fence.
Any corporation operating a railway and failing to fence its right of way shall be liable to the owner of any stock killed or injured by reason of the want of such fence for the full amount of the damages sustained by the owner, unless it was occasioned by the willful act of such owner or the owner’s agent; and to recover the same it shall only be necessary for the owner to prove the loss of or injury to the owner’s property.

[C73, §1289; C97, §2055; C24, 27, 31, 35, 39, §8005; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.6; C77, 79, 81, §327G.6]

#### 327G.7 Double damages.
If such corporation fails or neglects to pay such damages within ninety days after notice in writing...
that a loss or injury has occurred, accompanied by an affidavit thereof, served upon any officer or station or ticket agent employed by said corporation in the county where such loss or injury occurred, such owner shall be entitled to recover from the corporation double the amount of damages actually sustained by the owner.

[C73, §1289; C97, §2055; C24, 27, 31, 35, 39, §8006; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.7; C77, 79, 81, §327G.7]

327G.8 Laws and local regulations not applicable.

No law of the state or any local or police regulations of any county, township or city, relating to the restraint of domestic animals, or in relation to the fences of farmers or landowners, shall be applicable to railway rights of way, unless specifically so stated in such law and regulation.

[C73, §1289; C97, §2055; C24, 27, 31, 35, 39, §8007; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.8; C77, 79, 81, §327G.8]

327G.9 Failure to fence — general penalty.

If the railroad corporation refuses or neglects to comply with any provision of this chapter relating to the fencing of the tracks, such railroad corporation shall, upon conviction, be subject to a schedule “two” penalty and every thirty days’ continuance of such refusal or neglect shall constitute a separate and distinct offense.

[C97, §2058; C24, 27, 31, 35, 39, §8009; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.10; C77, 79, 81, §327G.9]

See §327C.5

327G.10 Killing of stock — interpretative clause.

Nothing herein contained shall be construed to relieve the corporation from liability arising from the killing or maiming of livestock on said track or right of way by its negligence or that of its employees, nor shall anything in this chapter interfere with the right of open or private crossings, or with the right of persons to such crossings, nor in any way limit or qualify the liability of any corporation or person owning or operating a railway that fails to fence the same against livestock running at large for any stock injured or killed by reason of the want of such fence.

[C97, §2058; C24, 27, 31, 35, 39, §8010; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.11; C77, 79, 81, §327G.10]

327G.11 Private farm crossings.

When a person owns farmland on both sides of a railway, or when a railway runs parallel with a public highway thereby separating a farm from such highway, the corporation owning or operating the railway, on request of the owner of the farmland, shall construct and maintain a safe and adequate farm crossing or roadway across the railway and right-of-way at such reasonable place as the owner of the farmland may designate. A private farm crossing established or installed pursuant to this section shall be used solely for farming or agricultural purposes.

[R60, §1329; C73, §1268; C97, §2022; S13, §2022; C24, 27, 31, 35, 39, §8011; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.12; C77, 79, 81, §327G.11]

90 Acts, ch 1184, §1

327G.12 Overhead, underground, or more than one crossing.

The owner of land may serve upon the railroad corporation a request in writing for more than one private crossing, or for an overhead or underground crossing, accompanied by a plat of the owner’s land designating the location and character of crossing desired. If the railroad corporation resists or neglects to comply within thirty days of a written request, the owner of the land may make written application to the department to determine the owner’s rights. The department of inspections and appeals, after notice to the railroad corporation, shall hear the application and all objections to the application, and make an order which is reasonable and just, and if it requires the railroad company to construct any crossing or roadway, fix the time for compliance with the order and apportion the costs as appropriate. The order of the department of inspections and appeals is subject to review by the state department of transportation. The decision of the state department of transportation is the final agency action.

[S13, §2022; C24, 27, 31, 35, 39, §8012; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.13; C77, 79, 81, §327G.12; 81 Acts, ch 22, §22]

89 Acts, ch 273, §34

327G.13 Signals at road crossings.

A bell and a horn shall be placed on each locomotive engine operated on any railway, which horn shall be sounded at least one thousand feet before a road crossing is reached, and after the sounding of the horn the bell shall be rung continuously until the crossing is passed; but at street crossings within the limits of cities the sounding of the horn may be omitted, unless required by ordinance or resolution of the council thereof; and the company shall be liable for all damages which shall be sustained by any person by reason of such neglect.

[C97, §2072; C24, 27, 31, 35, 39, §8018; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.19; C77, 79, 81, §327G.13]

327G.14 Violations.

Any officer or employee of any railway corporation violating any of the provisions of section 327G.13 shall, upon conviction, be subject to a
§327G.15 Railway and highway crossing at grade.

Wherever a railway track crosses or shall hereafter cross a highway, street or alley, the railroad corporation owning such track and the department, in the case of primary highways, the board of supervisors of the county in which such crossing is located, in the case of secondary roads, or the council of the city, in the case of streets and alleys located within a city, may agree upon the location, manner, vacation, physical structure, characteristics and maintenance of the crossing and flasher lights or gate arm signals at the crossing and allocation of costs thereof. The department shall become a party to the agreement if grade crossing safety funds are to be used. Up to seventy-five percent of the maintenance cost of flasher lights or gate arm signals at the crossing and an unlimited portion of the cost of installing flasher lights or gate arm signals at the crossing may be paid from the grade crossing safety fund.

Notwithstanding other provisions of this section, maintenance of flasher lights or gate signals installed or ordered to be installed before July 1, 1973, shall be assumed wholly by the railroad corporation.

Payments from the grade crossing safety fund shall be made by the treasurer of state upon certification by the department that the terms of the agreement have been followed. The department shall promulgate rules according to chapter 17A for processing claims to the grade crossing safety funds.

The provisions of this section shall not apply to the repair of the grade crossing surface.

[R60, §1321, 1322; C73, §1262, 1263; C97, §2017, 2018; SS15, §2017; C24, 27, 31, 35, 39, §8020, 8024, 8025; C46, §478.21, 478.25, 478.26; C50, 54, 58, 62, 66, 71, 73, 75, §478.21; C77, 79, 81, §327G.15]
§327G.22 Railway crossings near Mississippi river.
When in the construction of a railway it becomes necessary to cross another railway near the shore of the Mississippi river, each shall be so constructed and maintained at the point of crossing that the respective road beds thereof shall be above high-water mark in such river; but where the crossing occurs within the limits of any city, the council may establish the crossing grade.

[C73, §1290; C97, §2059; C24, 27, 31, 35, 39, §8027; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.28; C77, 79, 81, §327G.22]

§327G.23 Grade crossings.
The department shall have jurisdiction over all crossings at grade of railways within the state. Upon the application of any railway or upon its own motion, the said department may require the trains of any railway to stop at any crossing of such railway tracks at grade or said department may make such rules in relation to speed or other methods of operation at such grade crossings as in its judgment are necessary to protect the public safety.

[C24, 27, 31, 35, 39, §8028; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.29; C77, 79, 81, §327G.23]

§327G.24 Removal of tracks from crossings.
Upon consummation of an abandonment of a railway line authorized under 49 U.S.C. § 10903 adopted as of a specific date by rule by the department, or upon interim use of railroad rights-of-way to establish appropriate trails pursuant to 16 U.S.C. § 1247(d) adopted as of a specific date by rule by the department, if the railway tracks adjacent to a crossing have been removed, but the railway tracks in the crossing have not been removed, the city, county, or other jurisdiction having authority over the highway, street, or alley containing the crossing may remove the tracks from the crossing. However, this section shall not be construed as reducing the obligation or liability of a railway corporation to remove the railway tracks from the crossing.

90 Acts, ch 1132, §1

§327G.25 Closing of crossing for repair or upgrade.
A railway corporation shall not close a railway crossing to the traveling public for more than thirty days for the purpose of repairing or upgrading the crossing. A railway corporation violating this section shall, upon conviction, be subject to a schedule “one” penalty.

2000 Acts, ch 1134, §5

§327G.26 and §327G.27 Repealed by 78 Acts, ch 1110, § 25.

§327G.28 Compulsory establishment.
Whenever in the judgment of the department it is necessary for the public safety, said department may require the establishment of an interlocking system or other safety device at any railroad crossing, junction or drawbridge.

[C24, 27, 31, 35, 39, §8035; C46, 50, 54, 58, 62, 66, 71, 73, 75, §478.36; C77, 79, 81, §327G.28]

§327G.29 Grade crossing surface repair fund.
There is established a highway railroad grade crossing surface repair fund in the office of the treasurer of state. The department may credit to this fund:
1. Moneys appropriated to the department from the general fund of the state.
2. Moneys appropriated to the department from the road use tax fund or the primary road fund.
3. Available federal funds.
4. Moneys acquired by the department from any gift, grant, or contributions from any source.

Notwithstanding the provisions of section 8.33 unencumbered funds remaining in the highway railroad grade crossing surface repair fund at the close of each fiscal year ending on June 30 shall revert to the road use tax fund.

[C77, 79, 81, §327G.29]

§327G.30 Adjustment of expense.
If a grade crossing surface of a railroad track and a highway, street, or alley shall require repairs or maintenance, the costs for the maintenance may be paid as provided in section 312.2, subsection 5.

If the railroad corporation and the jurisdiction having authority agree on the method of crossing maintenance and establish an agreement to each contribute costs as provided in section 312.2, subsection 5, a copy of the agreement shall be filed with the department which shall allocate an amount of the cost for the work if funds are available in the highway railroad grade crossing surface repair fund. The department shall make appropriate notification if the fund is exhausted in which case agreements shall not be made under this section until additional funds are available. The fund shall be administered by the department.

Upon completion of the agreed repair work, a statement of costs shall be filed with the department by the railroad corporation in a form and manner prescribed by the department. The department, upon approval of the statement, shall pay to the railroad corporation an amount of the cost of the work from the highway railroad grade crossing surface repair fund as provided in section 312.2, subsection 5. The owner of the track and the jurisdiction entering into the agreement shall
each pay the cost as provided in section 312.2, subsection 5.  
[C77, 79, 81, §327G.30]  
83 Acts, ch 198, §22

§327G.31 Disagreement resolved.
If a railroad corporation and the jurisdiction having authority cannot reach agreement on grade crossing surface repair and maintenance, either party may appeal to the department of inspections and appeals if prior to disagreement both parties have filed a statement with the state department of transportation to the effect that they have entered into negotiations on grade crossing surface repair and maintenance of a particular crossing. The department of inspections and appeals shall resolve the dispute in the manner provided in section 327G.16 and section 327G.17, except for the allocation of costs.  
[C77, 79, 81, §327G.31; 81 Acts, ch 22, §22]

§327G.32 Blocking highway crossing.
A railroad corporation or its employees shall not operate a train in such a manner as to prevent vehicular use of a highway, street, or alley for a period of time in excess of ten minutes except in any of the following circumstances:
1. When necessary to comply with signals affecting the safety of the movement of trains.
2. When necessary to avoid striking an object or person on the track.
3. When the train is disabled.
4. When necessary to comply with governmental safety regulations including, but not limited to speed ordinances and speed regulations.
An officer or employee of a railroad corporation violating a provision of this section is, upon conviction, subject to the penalty provided in section 327G.14. An employee is not guilty of a violation if the employee’s action was necessary to comply with the direct order or instructions of a railroad corporation or its supervisors. Guilt is then with the railroad corporation.

Other portions of this section notwithstanding, a political subdivision may pass an ordinance regulating the length of time a specific crossing may be blocked if the political subdivision demonstrates that an ordinance is necessary for public safety or convenience. If an ordinance is passed, the political subdivision shall, within thirty days of the effective date of the ordinance, notify the department and the railroad corporation using the crossing affected by the ordinance. The ordinance does not become effective unless the department and the railroad corporation are notified within thirty days. The ordinance becomes effective thirty days after notification unless a person files an objection to the ordinance with the department. If an objection is filed the department shall notify the department of inspections and appeals which shall hold a hearing. After a hearing by the department of inspections and appeals, the state department of transportation may disapprove the ordinance if public safety or convenience does not require the ordinance. The decision of the state department of transportation is final agency action. The ordinance approved by the political subdivision is prima facie evidence that the ordinance is adopted to preserve public safety or convenience.

The department of inspections and appeals when considering rebuttal evidence shall weigh the benefits accruing to the political subdivision as they affect the general public use compared to the burden placed on the railroad operation. Public safety or convenience may include, but is not limited to, high traffic density at a specific crossing of a main artery or interference with the flow of authorized emergency vehicles.

A resolution regulating the length of time a specific crossing may be blocked, which was adopted before July 1, 1989, is an ordinance for the purposes of this section.

Except as provided in section 327G.66, the total cost as ascertained by the department shall be deposited with the railroad corporation before it is required to incur expense. If an agreement cannot be reached, the question shall be referred to the department which may, after a hearing conducted by the department of inspections and appeals, issue an order.

DIVISION III
REVERSION TO OWNERS
UPON ABANDONMENT

327G.76 Time of reversion. 
Railroad property rights which are extinguished upon cessation of service by the railroad divest when the railroad finance authority or the railroad, having obtained authority to abandon the rail line, removes the track materials to the right-of-way. If the railroad finance authority does not acquire the line and the railroad company does not remove the track materials, the property rights which are extinguished upon cessation of service by the railroad divest one year after the railroad obtains the final authorization necessary from the proper authority to remove the track materials. [C24, 27, 31, 35, 39, §327G.76; C46, 50, 54, 58, 62, 66, 71, 73, 75, §473.1; C77, 79, 81, §327G.76]

327G.77 Reversion of railroad right-of-way. 
1. If a railroad easement is extinguished under section 327G.76, the property shall pass to the owners of the adjacent property at the time of abandonment. If there are different owners on either side, each owner will take to the center of the right-of-way. Section 614.24 which requires the filing of a verified claim does not apply to rights granted under this subsection.
2. An adjoining property owner may perfect title under subsection 1 by filing an affidavit of ownership with the county recorder. The affidavit shall include the name of the adjoining property owner, a description of the property, the present name of the railroad, the jurisdiction, docket number, and date of order authorizing the railroad to terminate service, and the approximate date the track materials on the right-of-way were removed. A copy of the affidavit must be mailed by the landowner by certified mail to the railroad. The landowner shall pay taxes on the right-of-way from the date the affidavit is filed.
3. Utility facilities located on abandoned railroad right-of-way shall remain on the right-of-way subject to payment by the utility of the fair market value of an easement for the facilities. The utility shall, within sixty days from the time the property is transferred from the railroad, extend a written offer to the landowner to purchase the easement at fair market value. The landowner shall accept or reject the utility’s offer within sixty days from the time of receipt. If a disagreement arises between the parties concerning the price or other terms of the transaction, either party may make written application to a compensation commission as established pursuant to chapter 6B to resolve the disagreement. This application shall be made within sixty days from the time the landowner’s response is served upon the utility. The compensation commission shall hear the controversy and make a final determination of the fair market value of the easement and the other terms of the transaction which were in dispute within ninety days after the application is filed. All correspondence shall be by certified mail.

327G.78 Sale of railroad property. 
Subject to sections 327G.77 and 6A.16, when a railroad corporation, its trustee, or its successor in interest has interests in real property adjacent to
a railroad right-of-way that are abandoned by order of the surface transportation board, reorganization court, bankruptcy court, or the department, or when a railroad corporation, its trustee, or its successor in interest seeks to sell its interests in that property under any other circumstance, the railroad corporation, its trustee, or its successor in interest shall extend a written offer to sell at a fair market value price to the persons holding leases, licenses, or permits upon those properties, allowing sixty days from the time of receipt for a written response. If a disagreement arises between the parties concerning the price or other terms of the sale transaction, either or both parties may make written application to the department to resolve the disagreement. The application shall be made within sixty days from the time an initial written response is served upon the railroad corporation, trustee, or successor in interest by the person wishing to purchase the property. The department shall notify the department of inspections and appeals which shall hear the controversy and make a final determination of the fair market value of the property and the other terms of the transaction which were in dispute, within ninety days after the application is filed. The determination is subject to review by the department and the department's decision is the final agency action. All correspondence shall be by certified mail.

The decision of the department is binding on the parties, except that a person who seeks to purchase the real property may withdraw the offer to purchase within thirty days of the decision of the department. If a withdrawal is made, the railroad corporation, trustee, or successor in interest may sell or dispose of the real property without further order of the department.

This section does not apply when a rail line is being sold for continued railroad use.

327G.79 Valuing property in controversy.

The department of inspections and appeals’ determination and order shall be just and equitable and in the case of the determination of the fair market value of the property, shall be based in part upon at least three independent appraisals prepared by certified appraisers. Each party shall select one appraiser and each appraisal shall be paid for by the party for whom the appraisal is prepared. The two appraisers shall select a third appraiser and the costs of this appraisal shall be divided equally between the parties. If the appraisers selected by the parties cannot agree on selection of a third appraiser, the state department of transportation shall appoint a third appraiser and the costs of this appraisal shall be divided equally between the parties.

The department of inspections and appeals’ determination and order is final for the purpose of administrative review to the district court as provided in chapter 17A. The district court’s scope of review shall be confined to whether there is substantial evidence to support the department of inspections and appeals’ determination and order.

[C81, §307B.1]
C93, §327I.1

327I.2 Declaration of necessity and purpose.
The purpose of this chapter is to benefit the citizens of Iowa by improving their general health, welfare and prosperity and insuring the economic and commercial development of the state and by promoting agricultural and industrial improvement. Access to adequate railway transportation facilities is essential to the economic welfare of the state. One purpose of this chapter is to preserve or provide for the citizens of Iowa those railway services now in existence or needed in the state which have a viable future but which for a variety of economic and legal reasons may not exist if the state does not provide the financing or other mechanisms referred to in this chapter. It is the intent of the chapter that any public ownership and control of railway facilities provided for in this chapter be transferred to private ownership as promptly as economically practicable subject to financing requirements. It is further intended that the authority created in this chapter be vested with all powers to enable it to accomplish the purposes of this chapter except the power to operate rolling stock.

It is the further intent of this chapter and of the general assembly that, in order to preserve rail competition and to provide for railway service in this state, the authority work primarily with railroad carriers already providing service in this state based upon their willingness and ability to meet these objectives.
[C81, §307B.2; 81 Acts 2nd Ex, ch 3, §2]
C93, §327I.2

327I.3 Legislative findings.
The general assembly finds and declares as follows:
1. The establishment of the authority is in all respects for the benefit of the people of the state of Iowa, for the improvement of their health and welfare, for the preservation and creation of employment, and for the promotion of the economy and of agricultural and industrial improvement, which are public purposes.
2. The authority will be performing an essential governmental function in the exercise of the powers and duties conferred upon it by this chapter.
3. There will exist a serious shortage of viable rail lines and railway facilities serving the urban, rural, agricultural and industrial communities of the state.
4. There exists a serious problem in this state regarding the ability of agricultural producers to transport economically farm products to traditional markets because of the abandonment and possible abandonment of railway facilities within the state.
5. These conditions are making it more and more difficult for farmers and farm related businesses to survive in the present state of the economy thus threatening the very heart blood of Iowa.
6. One major cause of this condition has been recurrent shortages of funds in private channels and the high interest cost of borrowing.
7. These shortages have contributed to reductions in construction of new railway facilities, and have made the sale, purchase and repair of existing railway facilities a virtual impossibility in many parts of the state.
8. A stable supply of adequate funds for financing of railway facilities is required to encourage construction of railway facilities, the rehabilitation of existing facilities and to prevent the abandonment of others in an orderly and sustained manner and to reduce the problems described in this section.
9. It is necessary to create a railway finance authority to encourage the investment of private capital and stimulate the construction, rehabilitation and repair of railway facilities and to prevent the abandonment of others through the use of public financing, publicly assisted financing and other forms of public assistance.
10. All of the purposes stated in this section are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned or granted.

For purposes of this chapter, unless the context otherwise requires:
1. “Authority” means the Iowa railway finance authority created by this chapter.

The authority shall not submit a bid to acquire a railway facility if any railroad company or person is negotiating for the facility’s purchase and if the railroad company’s or person’s offer exceeds the net salvage value set by the trustee by at least fifteen percent and the offer is for a segment which originates and terminates at the intersection of another railroad mainline or is for a segment which connects to a mainline if the facility is a branchline. However, even if a railroad company or person is negotiating
for a facility's purchase, the authority may submit a bid for the acquisition of the railway facility upon approval of a resolution by the state transportation commission stating that the best interests of the state and the transportation needs thereof might not be served by the railroad company's or person's offer or negotiation. However, the commission shall not adopt such a resolution if the competing railroad corporation or person files with the state department of transportation an enforceable undertaking to operate the facility for a period of five years after its purchase.

6. Determine the location of and select any railway facility to be provided financial assistance under this chapter and acquire, construct, reconstruct, renovate, rehabilitate, improve, extend, replace, maintain, repair and lease the facility, and to enter into contracts for any of these purposes.

7. Enter into contracts, including partnership agreements, with any person for the ownership, operation, management or use of a railway facility. Provisions shall be made in any contract or partnership agreement entered into by the authority that any additional jobs which may result from the ownership, operation, management, or use of a railway facility shall be offered, when practicable, to qualified former employees of the Milwaukee Road or Rock Island railroad companies.

8. Designate an agent to perform its powers under subsections 6 and 7.

9. The authority may sell or convey any of the railway facilities upon terms and considerations acceptable to the governing board.

10. Issue obligations for any of its purposes and refund the obligations, all as provided for in this chapter. However, the total principal amount of obligations outstanding at any one time shall not exceed two hundred million dollars.

11. Invest or deposit moneys of the authority, subject to an agreement with bondholders or noteholders, in a manner determined by the authority, notwithstanding chapter 12B or 12C.

12. Fix, revise, charge and collect rates, rents, fees and charges for the use of any railway facility or any portion of a facility that is owned or financially assisted by the authority alone or in any other association with any other person and contract with any person in respect to a facility.

13. Mortgage all or any portion of its railway facilities, whether then owned or thereafter acquired, in connection with the financing of the particular railway facility or any portion of the facility.

14. Extend financial assistance for the purpose of providing for project costs. Make interest-free loans for rehabilitation of railway tracks, roadbeds, or trestles to persons which have repaid in part the original loan from the authority which was made for the purpose of the acquisition or rehabilitation of railway tracks, roadbeds, or trestles. However, an interest-free loan to a person shall not exceed the amount repaid of the original loan made to that person and one-half of the amount of the interest-free loan repaid to the authority shall be credited to the general fund of the state.

15. Extend financial assistance to refund, retire, or refinance obligations, including obligations running to the federal government, mortgages or advances issued, made or given for the project cost of a railway facility which costs were incurred for railway facilities undertaken and completed prior to or after May 20, 1980, when the governing board finds that this financial assistance is in the public interest.

16. Have and alter a corporate seal.

17. Receive and accept from any person or governmental agency loans, guarantees or grants for or in aid of project costs and receive and accept grants, gifts and other contributions from any source.

18. Own a railway facility under this chapter alone, in partnership, or in any other association with any person if necessary or beneficial to preserve part of a railway system, upon the determination, after consultation with the department, that the railway facility is necessary or beneficial to the railway system, to be relinquished to nonauthority ownership or operation as soon as economically practicable.

19. Temporarily operate a railway facility under this chapter if sufficient need exists or there is an emergency situation as determined by a majority of the board.

20. Serve as a general or limited partner in a partnership formed to purchase, renovate, and operate a railway facility.

21. Enter into agreements with persons to develop, equip, furnish, or otherwise develop and operate railway facilities, and make provision in the agreements for railway facilities and governmental actions, as authorized by this chapter and other laws.

22. Enter into appropriate arrangements and agreements with a governmental agency for the taking or the providing by that governmental agency of a governmental action.

23. Acquire property interests subject to the limitations on purchases provided in subsection 5, in rail lines to ensure continued rail use and preserve abandoned rail lines for future railroad use.

The specific duties of the governing board shall be to:

327I.8 Duties of governing board.

The specific duties of the governing board shall be to:

327I.8 Duties of governing board.

The specific duties of the governing board shall be to:
1. Keep accurate records of all its proceedings and make them available to the public.
2. Exercise its powers and duties consistent with the policies and plans of the state transportation commission submitted by it to the general assembly as required under section 307.10, subsection 1.
3. Issue a public declaration before the issuance of bonds as to the need for and use of the proceeds from the issuance of bonds.
4. When issuing bonds, issue bonds the interest of which will be tax exempt for federal income tax purposes, whenever possible.
5. Contract for services through the department when practicable.
6. Provide an economically designed and reproduced annual report to the members of the general assembly who request it containing information as directed by the legislative council.
7. Consult with the department of natural resources before taking any action that substantially affects wildlife habitat.
8. Administer the railroad revolving loan and grant fund as provided in section 327H.20A.

327I.9 Obligations.

Except as provided in this chapter, all obligations are payable solely out of the pledged receipts as designated in the bond proceedings. Tax funds which the authority receives from a political subdivision of the state shall not be pledged for payment of the obligations. Except for those tax funds deposited in the general fund of the state as provided in section 327I.23, subsection 2, or other tax funds available pursuant to section 327I.26, the state shall not appropriate tax funds, directly or indirectly, to the authority for the purpose of payment of obligations of the authority. Obligations shall be authorized by resolution of the board and bond proceedings shall provide for the purpose of the obligations, the principal amount, the principal maturity or maturities, not exceeding twenty-five years from the date of issuance, the interest rate or rates or the maximum interest rate, the date of the obligations and the dates of payment of interest on them, their denomination, and the establishment within or without the state of a place or places of payment of bond service charges. As much as is practicable within the legal and fiscal limitations inherent in bond issuance, a portion of the bonds shall be issued in denominations of five thousand dollars and smaller, in order to allow smaller investors in the state to purchase the bonds.

The purpose of the obligations may be stated in the bond proceedings in terms describing the general purpose or purposes to be served. The bond proceedings shall also provide, subject to other applicable bond proceedings, for the pledge of all or such part, as the authority may determine, of the pledged receipts to the payment of bond service charges, which pledges may be made either prior or subordinate to other expenses, claims or payments, and may be made to secure the obligations on a parity with obligations issued at other times, if and to the extent provided in the bond proceedings. The pledged receipts so pledged and received by the authority are immediately subject to the lien of the pledge without physical delivery or further act, and the pledge of the pledged receipts is effective and these moneys may be applied to the purposes for which pledged without necessity for an Act of appropriation. Every pledge and every covenant and agreement with respect to a pledge made in the bond proceedings may be extended to the benefit of the owners and holders of obligations authorized by this chapter, and to any trustee for owners and holders, for the further security of the payment of the bond service charges.

The authority shall issue a prospectus or official statement in connection with the offering of obligations. Obligations may be issued in coupon or in registered form, or both. Provision may be made for the registration of obligations with coupons attached as to principal alone or as to both principal and interest, their exchange for obligations so registered, and for the conversion or reconversion into obligations with coupons attached of any obligations registered as to both principal and interest, and for reasonable charges for registration, exchange, conversion and reconversion. Obligations may be sold at public or private sale at the price, in the manner, and at the time determined by the governing board. Chapter 75 and sections 73A.12 to 73A.16 do not apply to obligations issued under this chapter. All obligations are negotiable instruments.

The bond proceedings may contain additional provisions as to:
1. The redemption of obligations prior to maturity at the option of the authority at the price and under the terms and conditions provided in the bond proceedings.
2. Other terms of the obligation.
3. Limitations on the issuance of additional obligations.
4. The terms of any trust agreement or indenture securing the obligations or under which the obligations may be issued.
5. The deposit, investment and application of special funds and the safeguarding of moneys on hand or on deposit, without regard to chapter 12C, subject to this chapter, with respect to particular funds or moneys; provided that any bank or trust company which acts as depository of any moneys in the special funds may furnish indemnifying bonds or may pledge the securities as required by the authority.
§327I.10 Refunding of obligations.

The board may authorize and issue obligations for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of any obligations previously issued by the authority. These obligations may be issued in amounts sufficient for payment of the principal amount of the prior obligations, any redemption premiums on the prior obligations, principal maturities of any obligations maturing prior to the redemption of the remaining obligations on a parity with them, interest accrued or to accrue to the maturity date or dates of redemption of the obligations, and any project costs including expenses incurred or to be incurred in connection with this issuance, refunding, funding, and retirement. Subject to the bond proceedings, the portion of proceeds of the sale of obligations issued under this section to be applied to bond service charges on the prior obligations shall be credited to the appropriate account for those prior obligations. Obligations authorized under this section shall be deemed to be issued for those purposes for which the prior obligations were issued and are subject to the provisions of this chapter pertaining to other obligations. Obligations refunded shall not be considered to be outstanding for purposes of section 327I.7, subsection 10.

Refunding may be made without regard to whether or not the obligations proposed to be refunded shall be payable on the same date or different dates or due serially or otherwise.

§327I.11 Security for obligations.

Obligations may be additionally secured by a trust agreement or indenture between the authority and a corporate trustee which may be any trust company or bank having its principal place of business within the state. Any such agreement, indenture, mortgage, or deed of trust, or any combination thereof, may contain the resolution authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions which are customary or appropriate in an agreement or indenture of such type, including, but not limited to:

1. Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the authority has fully paid the bond service charges on the obligations secured by the instrument, or provision for payment has been made.

2. In the event of default in any payments required to be made by the bond proceedings or any other agreement of the authority made as a part of the contract under which the obligations were issued, enforcement of the payments or agreement by mandamus, appointment of a receiver, suit in equity, action at law, or any combination of these.

3. The rights and remedies of the holders of obligations and of the trustee and provisions for protecting and enforcing them, including limitations on rights of individual holders of obligations.

4. The replacement of any obligations which become mutilated or are destroyed, lost, or stolen.

The principal of and interest on obligations shall be secured as provided in the bond proceedings by the pledge of pledged receipts and by assignment of leases or other contract rights of the authority, or any person acquiring, leasing, or operating railway facilities assisted under this chapter to third parties, which assignment may cover all or any part of the railway facilities from which the receipts may be derived, including, but not limited to, any enlargements of or additions to any of these railway facilities.

Each pledge shall continue in effect until the obligations or the security for the obligations or the part thereof is paid in full.

the payment of the obligations or judgments or to

indemnification of a person subject to a judgment arising from that person's actions on the author-

of the state shall not be used to pay interest or principal on obligations of the authority in the

327I.13 Remedies of holders of obliga-

tions.

1. The bond proceedings may provide that a

holder of obligations or a trustee under the bond pro-

ceedings, except to the extent that the holder's rights are restricted by the bond proceedings, may by legal proceedings, protect and enforce any rights under the laws of this state or granted by the bond proceedings. These rights include the right to compel the performance of all duties of the authority required by this chapter or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the authority in the bond proceedings, to apply to a court to appoint a receiver to receive and administer the pledged receipts which are pledged to the payment of the bond service charges on these obligations or which are the subject of the covenant or agreement, with full power to pay and to provide for payment of bond service charges on these obligations and with powers accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the authority or the state or governmental agencies of the state to the payment of the bond service charges; and if provided in the bond proceedings, the power to take possession of, mortgage, or cause the sale or otherwise dispose of any railway facilities.

Each duty of the authority and the authority's board, officers, and employees, and of each governmental agency and its officers, members, or employees, undertaken pursuant to the bond pro-

ceedings or any agreement or lease, lease-pur-

chase agreement, or loan made under authority of this chapter, and in every agreement by or with the authority, is a duty of the authority, and of each board, officer, member or employee having authority to perform this duty, which may be specifically enjoined by the law resulting from an office, trust or station under chapter 661.

2. If the bond proceedings do not contain provi-
sions authorized in subsection 1, if the authority defaults in the payment of principal or interest on obligations as they become due, whether at maturity or upon call for redemption, and the default continues for a period of thirty days, or if the author-

ity fails or refuses to comply with this chapter or defaults in any covenant or agreement in the bond proceedings made for the benefit of the hold-

ers of obligations, the holders of twenty-five per-

cent in aggregate principal amount of obligations of the issue then outstanding by instrument filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded may appoint a trustee to repre-

sent the holders of the obligations for the purposes provided in this section.

The trustee selected may, and upon written re-

quest the holders of twenty-five percent in ag-

gregate principal amount of obligations then outstanding, shall:

a. Enforce all rights of the holders of the obliga-

tions including the right to require the author-

ity to carry out its agreements with the holders and to perform its duties under this chapter.

b. Bring suit upon the obligations.

c. By action require the authority to account as if it were the trustee of an express trust for the holders.

d. By action enjoin any acts or things which are unlawful or in violation of the rights of the holders.

e. Declare all the obligations due and payable and, if all defaults are made good then with the consent of the holders of twenty-five percent of the aggregate principal amount of obligations then outstanding, annul the declaration and its consequences. Before declaring the principal of obligations due and payable, the trustee shall first give thirty days notice in writing to the governor, to the authority, and to the attorney general of the state.

The trustee selected shall also have all powers necessary or appropriate for the exercise of func-

tions specifically set forth or incident to the gen-

eral representation of holders in the enforcement and protection of their rights.

3. The district court has jurisdiction of any ac-

tion by the trustee on behalf of holders. The venue of the action shall be in the county in which the principal office of the authority is located.
327I.14 Authority as public instrumentality.

The authority is performing a public function on behalf of the state and is a public instrumentality of the state. Income of the authority and all properties owned by or leased to the authority are exempt from all taxation in the state of Iowa. This chapter does not exempt from taxation properties comprising railway facilities financially assisted under this chapter which are owned by persons other than the authority except those leased to the authority. However, properties owned by the authority which are leased or rented to a private person shall include as part of the rates, rents, fees or charges payable by that person a sum equal to the amount of tax, determined by applying the tax rate of the taxing district to the assessed value of the property, which the state, county, city, school district or other political subdivision would receive if the property were owned by a private person, any other statute to the contrary notwithstanding. This sum shall be distributed to each taxing district based upon its tax equivalent. For purposes of arriving at that tax equivalent, the property shall be valued and assessed by the assessor in whose jurisdiction the property is located, in accordance with chapter 441, but the authority, the lessee or renter on behalf of the authority, and other persons as are authorized by chapter 441 shall be entitled to protest any assessment and take appeals in the same manner as any taxpayer. The valuations shall be included in any summation of valuations in the taxing district for all purposes known to the law. Income from this source shall be considered under the provisions of section 384.16, subsection 1, paragraph “b”.

327I.15 Powers not restricted — law complete in itself.

This chapter is not a restriction or limitation upon any powers which the authority or another governmental agency has under any laws of this state, but is cumulative to any such powers. No proceedings, referendum, notice or approval is required for the creation of the authority or the issuance of any obligations or any instrument as security except as provided in this chapter. However, nothing in this chapter deprives the state and its political subdivisions of their police powers over properties of the authority or impairs any power over the authority of any official or agency of the state and its political subdivisions which is otherwise provided by law.

327I.16 Limitation of liability.

The members of the board and persons acting in the board's behalf, while acting within the scope of their employment or agency, shall be employees of the state within the meaning of chapter 669 and the provisions, except section 669.11, of that chapter shall apply to such members and persons. Any awards to a claimant under chapter 669 resulting from actions involving the board or a person acting in the board's behalf shall be payable solely from funds of the authority and funds received from the state shall not be used to pay such awards.

327I.17 Exemption from construction and bidding requirements for public buildings.

A railway facility is not subject to any requirements relating to public buildings, structures, grounds, works or improvements imposed by any other law, except as determined by the governing board, or any other similar requirements which may be lawfully waived by this section and any requirement of competitive bidding or other restriction imposed on the procedure for awarding contracts for such purpose or the lease, sale, or other disposition of property of the authority is not applicable to any action taken under the provisions of this chapter.

327I.18 Liberal interpretation.

This chapter, being necessary for the welfare of this state and its inhabitants, shall be liberally construed to effect its purposes.

327I.19 Governmental agencies.

A governmental agency may enter into an agreement with the authority, another governmental agency, or a person to be assisted under this chapter to take or provide for the purposes of this chapter any governmental action it is authorized to take or provide and to undertake on behalf and at the request of the authority any action which the authority and the agency are authorized to undertake. Governmental agencies of the state shall cooperate with and provide assistance to the director and the authority in the exercise of their functions under this chapter.

327I.20 Bond anticipation notes.

The power to issue obligations under this chapter includes power to issue obligations in the form of bond anticipation notes and to renew these
notes by the issuance of new notes, but the maximum maturity of these notes, including renewals, unless otherwise authorized by the general assembly, shall not exceed five years from the date of the issuance of the original notes. The holders of these notes or interest coupons of the notes have a right to be paid solely from the pledged receipts pledged to the payment of the bonds anticipated, or from the proceeds of those bonds or renewal notes, or both, as the authority provides in the bond proceedings authorizing the notes. The notes may be additionally secured by covenants of the authority to the effect that the authority will do those acts authorized by this chapter and necessary for the issuance of the bonds or renewal notes in appropriate amount, and either exchange the bonds or renewal notes therefor, or apply the proceeds of the notes to the extent necessary, to make full payment of the principal of and interest on the notes at the time contemplated, as provided in the bond proceedings. For such purpose, the authority may issue bonds or renewal notes in a principal amount and upon terms as are authorized by this chapter and are necessary to provide funds to pay when required the principal of and interest on the outstanding notes, notwithstanding any limitations prescribed by this chapter, other than the limitation contained in section 327I.7, subsection 10. All provisions for and references to obligations in this chapter are applicable to notes authorized under this section to the extent not inconsistent with this section.

The notice shall include a statement of the maximum amount of obligations proposed to be issued, and in general terms, what receipts will be pledged to pay bond service charges on the obligations. An action which questions the legality or validity of obligations or the power of the authority to issue the obligations or the effectiveness or validity of any proceedings adopted for the authorization or issuance of the obligations shall not be brought after sixty days from the date of publication of the notice.

The moneys may also be used to purchase or upgrade railroad right-of-way and trackage facilities for the development of railroad passenger tourism.
2. Moneys received from repayment from heartland rail corporation as provided in 1983 Iowa Acts, chapter 198, section 92, as amended by 1987 Iowa Acts, chapter 232, section 28, and 1988 Iowa Acts, chapter 1211, section 6, shall be deposited in a separate account within the general fund of the state and are appropriated to the authority to be used by the authority only for debt service or rehabilitation on branch rail lines whose total projected traffic is at least fifty percent agricultural products.

327I.24 Acquisition of abandoned right-of-way.
A railway corporation which has received authorization to abandon a rail line must offer the line to the authority for sale prior to removing the track materials. The corporation shall state a reasonable price for:
1. The corporation’s right, title, and interest in the right-of-way, track materials, and rail facilities.
2. An exclusive, transferable, five-year option to purchase all of the corporation’s right, title, and interest in the right-of-way, track materials, and
rail facilities.

The authority may waive the requirements of this section.

The authority shall have thirty days in which to accept or decline the corporation's offer for all or any part of the rail line. If the authority fails to accept the offer within thirty days of the offer, the corporation may dispose of the property.

If the authority accepts all or any part of the offer, the corporation shall execute the proper documents upon delivery of the purchase price which shall not be later than ninety days from the date of the offer.

§327I.25 Certification for receipt of use tax moneys.

The authority shall certify to the treasurer of state amounts of money necessary for payment of principal and interest by the authority on obligations issued on or after July 1, 1988, or to make payments on leases guaranteed by the authority on or after July 1, 1988. However, certification shall only be made under this section when there are insufficient moneys available to the authority for the payment of such principal and interest or the payment of such leases.

Certification shall only be made under this section for projects in which the authority has done all of the following:

1. Conducted a feasibility study, prior to agreeing to assist the project, which demonstrates that the proposed project has a reasonable potential to generate adequate revenues to be economically viable.

2. Obtained from participants in the project pledges to be received by the authority, which in combination with other moneys available to the authority, are sufficient to either retire obligations issued by the authority to assist the project or make all payments on leases guaranteed by the authority to assist the project, including a lien against the assets of the project and a lien against the assets of each participant in the project to the extent of that participant's pledged obligation.

328.19 Registration.

1. The department shall promulgate rules pursuant to the provisions of chapter 17A governing the issuance by the department of certificates of registration to all airports in this state which are open for use by the public and governing the annual renewal of those certificates. These rules shall require that an airport applying for a certificate of registration or for a renewal shall comply with minimum standards of safety as promulgated by the department, adopt safe air traffic patterns, and demonstrate that such air traffic patterns are safely co-ordinated with those of all existing airports and approved airport sites in its vicinity before the certificates of registration or certificate of renewal may be issued. Certificates of registration or renewal may be issued subject to any conditions the department deems necessary to carry out the purposes of this section. The department may, after notice and opportunity for hearing as provided in chapter 17A, revoke any certificate of registration or renewal, or may refuse to issue a renewal, when it determines:

a. That there has been an abandonment of the airport as such;

b. That there has been a failure to comply with the conditions of the registration or renewal thereof;

c. That because of change of physical or legal conditions or circumstances the airport has become either unsafe or unusable for the aeronautical purposes for which the registration or renewal was issued.

2. The department shall promulgate rules pursuant to the provisions of chapter 17A governing the issuance by the department of certificates of airport site approval. These rules shall provide that any person or governmental subdivision desiring or planning to construct or establish an airport shall obtain a certificate of site approval prior to acquisition of the site or prior to the construction or establishment of the airport. The department shall charge a reasonable fee, based on the cost of a safety inspection of the site approval ap
§328.19 AERONAUTICS

application, for the issuance of a certificate of site approval, and shall issue such a certificate if it finds:

a. That the site is adequate for the proposed airport;
b. That such proposed airport, if constructed or established, will conform to minimum standards of safety as promulgated by the department; and
c. That safe air traffic patterns are established for the proposed airport which are safely co-ordinated with the traffic patterns of all existing airports and approved airport sites in its vicinity.

3. A certificate of site approval shall remain in effect until a certificate of registration has been issued to an airport located on the approved site as provided in subsection 1, unless the department, after notice and opportunity for hearing, revokes the certificate of site approval upon a finding that:

a. There has been an abandonment of the site as an airport site;
b. There has been a failure within two years to develop the site as an airport, or to comply with the conditions of the approval; or
c. Because of change of physical or legal conditions or circumstances the site is no longer usable for the aeronautical purposes for which the approval was granted.

4. No certificate of site approval shall be required for the site of any existing airport.

5. In considering an application for approval of a proposed airport site or the issuance of an airport registration certificate under subsections 1 and 2, the department may, on its own motion or upon the request of an affected or interested person, hold a hearing as provided in chapter 17A.

[C31, 35, §8338-c2; C39, §8338.15; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §328.19]

328.20 Registration of aircraft.
A civil aircraft owned either wholly or in part by persons residing in this state, or operated, or otherwise controlled within the boundaries of the state for a period of more than thirty days, unless specifically exempted under this chapter, shall be registered annually with the department, by the owner thereof.

The registration year begins on the first day of the calendar month in which the civil aircraft is registered for the first time in the state and ends on the last day of the twelfth month of the registration year.

For aircraft registered in this state before July 1, 1988, the registration year begins on the first day of the calendar month assigned by the department and ends on the last day of the twelfth month of the registration year.

Implementation of staggered registration; §328.56A

328.21 Aircraft registration fees.
An annual registration fee for each aircraft shall be paid to the department at the time of registration, to be computed as follows:

1. Unless otherwise provided in this section, for the first registration, a sum equal to one percent of the manufacturer’s list price of the aircraft, not to exceed five thousand dollars.

2. The second year’s registration fee is seventy-five hundredths of one percent of the manufacturer’s list price of the aircraft; the third year’s fee is fifty hundredths of one percent; and the fourth and subsequent year’s fee is twenty-five hundredths of one percent. When an aircraft other than a new aircraft is registered in Iowa, the registration fee shall be based upon the number of years the aircraft was previously registered. However, an aircraft shall not be registered for a fee of less than thirty-five dollars or more than five thousand dollars.

3. The registration fee for an aircraft operated in scheduled interstate airline operation, owned by an Iowa person and operated part-time within this state shall be a fee of one hundred dollars. The application for registration shall be supported by such records as the department shall prescribe.

4. Should the department find and determine that no established manufacturer’s list price exists for any such aircraft the department is hereby authorized and empowered to determine and fix the fair value of such aircraft which fair value shall be used in lieu of a manufacturers’ list price in computing the registration fee for each such aircraft as otherwise provided by this section.

When the fee as so computed results in a fractional part of a dollar, it shall be computed to the nearest dollar.

5. An aircraft thirty years old or older, which is used exclusively for noncommercial purposes, shall be registered as an antique aircraft for a fee of thirty-five dollars.

6. An aircraft, unless exempt under section 328.35, which is not airworthy and is not in flying condition is not subject to registration fees if the owner of the aircraft submits information required by the department. Upon receipt of that information, the department shall issue a certificate that states that the registration fee has not been paid and that the aircraft shall not use the airports or the air space overlying the state until the fee has been paid.

7. The registration fee for a helicopter used exclusively as an air ambulance is one thousand dollars.

8. An aircraft owned and operated by an aviation business located at a publicly owned, public use airport and providing, under agreement with the governing body of the airport, a specified minimum level of aviation services to the general public, shall be registered for a fee of one hundred dollars.
328.24 Refunds of fees.  
If, during the year for which an aircraft, except nonresident aircraft used for the application of herbicides and pesticides, was registered and the required fee paid the aircraft is destroyed by fire or accident or junked, and its identity as an aircraft is entirely eliminated, or it is removed and continuously used beyond the boundaries of the state, then the owner in whose name it was registered at the time of destruction, dismantling, or removal from the state shall return the certificate of registration to the department within ten days and make affidavit of the destruction, dismantling, or removal and make claim for the refund. The refund shall be paid from the general fund of the state.

The registration fee for the unexpired portion of the year shall be refunded pro rata to the nearest full calendar month, except that a refund shall not be allowed if the unused portion of the fee is less than thirty-five dollars per aircraft.

88 Acts, ch 1063, §6; 94 Acts, ch 1107, §66

328.25 Fees in lieu of taxes.  
The registration fees imposed by this chapter upon aircraft shall be in lieu of all taxes, general or local, except state sales or use tax, to which aircraft might otherwise be subject.

88 Acts, ch 1063, §6; 94 Acts, ch 1107, §66

328.26 Application for registration.  
Every application for registration pursuant to sections 328.19 and 328.20 shall be made upon such forms, and shall contain such information, as the department may prescribe, and every application shall be accompanied by the full amount of the registration fee.

When an aircraft is registered to a person for the first time, the fee submitted to the department shall include the tax imposed by section 423.2 or section 423.5 or evidence of the exemption of the aircraft from the tax imposed under section 423.2 or 423.5.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §328.26]

328.27 Issuance of certificates.  
The department shall issue, upon receipt of proper application and fee for registration, a certificate of registration which shall be numbered and recorded by the department, shall state the name and address of the person to whom it is issued, shall be titled with the designation of the class of registrant covered, and shall contain other information as the department may prescribe including, in the case of aircraft, a description of the aircraft. A certificate of registration expires at midnight on the last day of the twelfth month of the registration year.

88 Acts, ch 1063, §7; 2002 Acts, ch 1112, §7

328.28 Operation under special certificate.  
1. A manufacturer or dealer owning an aircraft otherwise required to be registered under this chapter may operate the aircraft for purposes of transporting, testing, demonstrating, or selling the aircraft without registering the aircraft, upon condition that a special certificate be obtained by the owner as provided in this section and sections 328.29 through 328.33.

2. A transporter may operate an aircraft described in subsection 1 solely for the purpose of delivery upon obtaining a special certificate issued to the transporter as provided in this section and sections 328.29 through 328.33.

3. The provisions of this section and sections 328.29 through 328.33 shall not apply to aircraft owned by a manufacturer, transporter, or dealer which are used for hire or principally for transportation of persons and property, aside from the transporting of the aircraft itself, or testing or demonstrating thereof.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §328.28]

2002 Acts, ch 1112, §8

328.29 Application for special certificate—fee.  
A manufacturer, transporter, or dealer may, upon payment of a one hundred dollar fee, make application to the department upon such forms as the department may prescribe for a special certificate. The applicant shall also submit such reasonable proof of the applicant's status as a bona fide manufacturer, transporter, or dealer as the department may require. Dealers in new aircraft shall furnish satisfactory evidence of a valid franchise with the manufacturer or distributor of such aircraft authorizing such dealership.

328.31 Special certificates — inventory removals or additions. Repealed by 2002 Acts, ch 1112, § 15.

328.32 Expiration of special certificate.
A special certificate expires at midnight on June 30, and a new special certificate for the ensuing year may be obtained by the person to whom the expired special certificate was issued, upon application to the department and payment of the fee provided in section 328.29.

328.33 Records required.
A manufacturer, transporter, or dealer shall keep a written record of the aircraft in the manufacturer’s, transporter’s, or dealer’s inventory, which records shall be open to inspection of any peace officer, or any officer or employee of the department.

328.34 Grounds for refusing, revoking or suspending certificates.
The department may refuse to issue, or may revoke or suspend a certificate of registration or special certificate for any one, or any combination, of the following reasons:
1. That the application contains any false or fraudulent material statement, or that the applicant has failed to furnish required information or reasonable additional information requested, or that the applicant is not entitled to registration of the aircraft under this chapter.
2. That the department has reasonable ground to believe that the aircraft is a stolen or embezzled aircraft, or that granting of registration would constitute a fraud against the rightful owner.
3. That the required fee has not been paid.
4. That the department has reasonable ground to believe that fraudulent use, against the state or any municipality or citizen thereof, is being made of such certificate of registration or special certificate.
5. That the person making application for, or holding, the certificate is not certificated or licensed by the government of the United States or any authorized agency thereof, pursuant to the laws of the United States or any rules or regulations promulgated thereunder, to do the acts for which the person has been, or seeks to be, registered as performing, or to perform, pursuant to the provisions of this chapter.
6. That the aircraft registered, or for which application for registration is made, is not certificated or licensed for operation by the government of the United States or any authorized agency thereof, pursuant to the laws of the United States or any rules or regulations promulgated thereunder.

328.35 Exceptions to registration requirements.
1. The provisions of sections 328.19 and 328.20 shall not apply to:

All moneys received by the department pursuant to section 328.21 or other sections of this chapter and those moneys remaining after the cost of administering the aviation fuel tax fund as provided in section 452A.82 shall be deposited into the general fund of the state and shall be subject to the requirements of section 8.60.

For future amendment to this section effective July 1, 2007, see 2006 Acts, ch 1179, §6, 66
328.37 Operations unlawful without certificate.
Except as provided in section 328.35, it is unlawful for a person to operate, or cause or authorize to be operated, a civil aircraft, airport, or landing area in this state, unless there has been issued for the aircraft or to the airport or landing area an appropriate certificate of registration by the department and the certificate is in effect.

§329.1, AIRPORT ZONING

329.2 Airport hazards contrary to public interest.

It is hereby found that an airport hazard endangers the lives and property of users of the airport and of occupants of land and other persons in its vicinity, and also, if of the obstruction type, in effect reduces the size of the area available for the landing, taking off and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport and the public investment therein. Accordingly, it is hereby declared:

1. That the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question.
2. That it is necessary in the interest of the public health, safety, and general welfare that the creation or establishment of airport hazards be prevented.
3. That this should be accomplished, to the extent legally possible, by proper exercise of the police power.
4. That the prevention of the creation or establishment of airport hazards, and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which municipalities may raise and expend public funds, as an incident to the operation of airports, to acquire land or property interests therein.
5. That the prevention of the creation or establishment of airport hazards or the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards is a public purpose for which municipalities may raise and expend public funds, as an incident to the operation of airports, to acquire land or property interests therein.
6. That the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question.

329.3 Zoning regulations — powers granted.

Every municipality having an airport hazard area within its territorial limits may adopt, administer, and enforce, in the manner and upon the conditions prescribed by this chapter, zoning regulations for such airport hazard area, which regulations may divide such area into zones and, within such zones, specify the land used permitted, and regulate and restrict, for the purpose of preventing airport hazards, the height to which structures and trees may be erected or permitted to grow.

§329.4 Extraterritorial airport hazard areas.

When any airport hazard area appertaining to an airport owned or controlled by a municipality is located outside the territorial limits of said municipality:

1. Ordinances. The municipality owning or controlling the airport, and the municipality within which the airport hazard area is located, may by duly adopted ordinance adopt, administer, and enforce airport zoning regulations applicable to the airport hazard area.

2. Petition to district court. If the municipality within which is located such airport hazard area has failed or refused, within sixty days after demand has been made upon it by any municipality owning or controlling the airport, to adopt reasonably adequate airport zoning regulations under section 329.3, or to join in adopting joint airport zoning regulations as authorized in subsection 1 of this section, the municipality owning or controlling the airport may, upon a resolution of necessity therefor duly adopted by its governing body, petition the district court of the county in which such airport hazard area or any part thereof is located, in the name of the municipality owning or controlling the affected airport, praying that zoning regulations be established for the airport hazard area in question.

3. Petition — contents. Such petition shall allege all essential facts showing the necessity for bringing such action, the relief sought including proposed zoning regulations, and the necessity therefor.

4. Parties. The parties defendant in such action shall be the municipality in which such airport hazard area is located, and all persons having an apparent or contingent interest in the property located within such area, who may be joined in said action generally as a class.

5. Procedure. The action shall be triable in equity and in accordance with general rules of civil procedure, except that such action shall have precedence over any other business of the court except criminal cases, and the court shall set said petition for hearing not less than sixty days nor more than one hundred twenty days from the date it is filed with the clerk of said court.

6. Notice. The original notice in such action shall be served upon the municipality in which such airport hazard area is located, and in the same manner as original notice of any other action but not less than thirty days prior to the date set for trial; and upon all other defendants by the publication of said notice in some newspaper or newspapers of general circulation within the area described in the petition, or as near thereto as possible, which publication shall be in the same manner as provided for the publication of other original notices, provided, however, that the last publication thereof shall be not less than thirty days prior to the date set for trial.

7. Decree and modification. Upon trial the court may enter decree establishing such zoning regulations as it shall find reasonable and necessary. The court having once taken jurisdiction of such matter shall retain continuing jurisdiction thereof for such subsequent modification as it may deem advisable, upon proper application of interested parties, and due showing made thereunder after such notice to possible adverse parties.
as the court shall prescribe.

8. Appeal. Any person or municipality adversely affected or aggrieved by any findings of the court may appeal therefrom as in other civil actions.

9. Enforcement. Following the entry of any final decree by the district court, and unless appeal has been taken therefrom, the zoning regulations established by such decree may be enforced, and violations thereof punished, as provided by section 329.14.

§329.5; 81 Acts, ch 117, §1050

329.5 Prevention of airport hazards.

Any municipality owning or controlling an airport may maintain actions in equity to restrain and abate as nuisances the creation or establishment of airport hazards appertaining to said airport, in violation of any zoning regulations adopted or established pursuant to the provisions of this chapter for any area whether within or without the territorial limits of said municipality.

§329.5; 81 Acts, ch 117, §1051

329.6 Zoning powers.

If any municipality owning or controlling an airport adjacent to which there is an airport hazard area shall fail or refuse, within sixty days after demand made upon it by the department, to adopt reasonably adequate airport zoning regulations under section 329.3, or to proceed as provided in section 329.4, the department may petition the district court of the county in which such airport hazard area, or any part thereof, is located, in the name of the state, praying that zoning regulations be established for the airport hazard area in question, and the provisions of section 329.4, subsections 3 to 9, shall apply to such actions provided, however, that such municipality shall be joined as a party defendant in any such action.

The department may maintain actions in equity to restrain and abate as nuisances the creation or establishment of airport hazards appertaining to any airport within the state, in violation of any zoning regulations adopted or established pursuant to the provisions of this chapter.

§329.7; 81 Acts, ch 117, §1052

329.7 Relation to comprehensive zoning regulations.

Any municipality which adopts zoning ordinances under chapter 414 or chapter 335 may incorporate therein airport hazard area zoning regulations and administer and enforce them as provided in this chapter.

§329.7; 81 Acts, ch 117, §1053

329.8 Conflicting regulations.

In the event of any conflict between any airport zoning regulations adopted or established under this chapter and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, the use of land, or any other matter, the more stringent limitation or requirement shall govern and prevail.

§329.8

329.9 Procedure for adopting zoning regulations — zoning commission.

In adopting, amending, and repealing airport zoning regulations under this chapter the governing body of a city shall follow the procedure in sections 414.4 and 414.6 and the board of supervisors of a county shall follow the procedure in sections 335.6 and 335.8. The commission so appointed shall be known as the airport zoning commission. The airport zoning commission shall consist of two members from each municipality selected by the governing body and one additional member to act as chairperson and to be selected by a majority vote of the members selected by the municipality. The terms of the members of the airport zoning commission shall be for six years excepting that when the board is first created, one of the members appointed by each municipality shall be appointed for a term of two years and one for a term of four years. Members may be removed for cause by the appointing authority upon written charges after public hearing. Vacancies shall be filled for the unexpired term of any member whose office becomes vacant in the same manner in which the member was selected.

§329.9; 81 Acts, ch 117, §1054

329.10 Airport zoning requirements.

1. All airport zoning regulations adopted under this chapter shall be reasonable and none shall impose any requirement or restriction which is not necessary to effectuate the purposes of this chapter.

2. a. Airport zoning regulations adopted under this chapter may require, at the municipality's expense, the removal, lowering, or other change or alteration of any structure or tree, or a change in use, not conforming to the regulations when adopted or amended.

b. Airport zoning regulations adopted under this chapter may require a property owner to permit the municipality at its own expense to install, operate, and maintain on the property markers and lights as necessary to indicate to operators of aircraft the presence of the airport hazard.

3. All such regulations may provide that a pre-
existing nonconforming structure, tree, or use, shall not be replaced, rebuilt, altered, allowed to grow higher, or replanted, so as to constitute a greater airport hazard than it was when the airport zoning regulations or amendments to the regulations were adopted.

329.11 Variances.
Any person desiring to erect or increase the height of any structure, or to permit the growth of any tree, or otherwise use the person's property in violation of airport zoning regulations adopted under this chapter, may apply to the board of adjustment for a variance from the zoning regulations. Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest, but would do substantial justice and be in accordance with the spirit of the regulations and this chapter; provided, however, that any such variance may be allowed subject to any reasonable conditions that the board of adjustment may deem necessary to effectuate the purposes of this chapter, including the reservation of the right of the municipality, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to operators of aircraft the presence of the airport hazard.

The board of adjustment has the same powers and duties, and its procedure and appeals are subject to the same provisions as established in sections 414.9 to 414.19 for a city, or sections 335.12 to 335.21 for a county. The concurring vote of a majority of the board shall be necessary to reverse any order, requirement, decision or determination of any administrative official or to decide in favor of the applicant on any matter upon which it is required to pass under any regulations adopted pursuant to this chapter or to effect any variance therefrom.

The board of adjustment shall consist of two members from each municipality, selected by the governing body thereof, and one additional member to act as chairperson and to be selected by a majority vote of the members selected by the municipality. Members shall be removable for cause by the appointing authority upon written charges and after public hearing. 329.13 Administration of airport zoning regulations.
All airport zoning regulations adopted under this chapter shall provide for the administration and enforcement of such regulations by an administrative agency, which may be an agency created by such regulations, or by any official, board, or other existing agency of the municipality adopting the regulations, or of one or both of the municipalities which participated therein, but in no case shall such administrative agency be or include any member of the board of adjustment. The duties of any administrative agency designated pursuant to this chapter shall not include any of the powers herein delegated to the board of adjustment.

If that party’s county central committee has no chair, the appointments shall be made by the chair of that party’s state central committee.

Prior to adoption of a plan by the commission, any member of the temporary county redistricting commission may submit precinct or district plans to the commission for a vote, either independently or as an amendment to a plan presented by other members of the commission.
   The board of supervisors shall review the plan submitted by the temporary county redistricting commission and shall approve or reject the plan. If the plan is rejected, the board shall give written
reasons for the rejection of the plan and shall direct the commission to prepare a second plan. The board of supervisors may amend the second plan submitted for approval by the commission. Any amendment must be accompanied by a written statement declaring that the amendment is necessary to bring the submitted plan closer in conformity to the standards in section 42.4.

e. The plan approved by the board of supervisors shall be submitted to the state commissioner of elections for approval. If the plan does not meet the standards of section 42.4, the state commissioner shall reject the plan, and the board of supervisors shall direct the commission to prepare and adopt an acceptable plan.

If, after the initial proposed supervisor district plan or precinct plan has been submitted to the state commissioner for approval, it is necessary for the temporary county redistricting commission to make subsequent attempts at adopting an acceptable plan, the subsequent plans do not require public hearings.

If the plan is rejected, the governing body shall give written reasons for the rejection and shall direct the legislative services agency to prepare a second plan, as provided in paragraph "d". The second plan may be amended by the governing body in accordance with the provisions of paragraph "d". After receiving the second plan, the governing body shall approve either the first plan or the second plan.

(2) That the supervisor refuses or is unavailable for the examination required in subparagraph (1).

b. A supervisor whose seat is declared vacant under this subsection may appeal the board’s decision to the district court.

The board shall within ten days of the filing of a valid petition adopt such a resolution.
2. The council of any city wishing to participate in a city-county consolidation charter commission must notify the board by resolution within thirty days of the creation of the commission pursuant to subsection 1. The council shall within ten days of the filing of a valid petition adopt such a resolution.
3. An alternative form of county government shall be submitted to the electorate by the commission in the form of a charter.

In counties having multiple state legislative districts, the districts shall be represented as equally as possible. If the adopted charter calls for a change in the form of government, officers to fill elective offices shall be elected in the general election in the even-numbered year following the adoption of the charter. Those county officers holding office at the time of the adoption of the charter shall continue in office until the general election in the even-numbered year following the adoption of the charter.
   b. If the charter provides that one or more elective offices are combined, the board of supervisors shall appoint one of the elective officers of the combined offices to serve until the general election in the even-numbered year. If the charter calls for the elimination of an elective office, that elective officer’s term of office shall expire on the date the adopted charter takes effect.

DIVISION III
POWERS AND DUTIES OF A COUNTY

PART 1
GENERAL POWERS AND DUTIES

331.301 General powers and limitations.
1. A county may, except as expressly limited by the Constitution of the State of Iowa, and if not inconsistent with the laws of the general assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges, and property of the county or of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and conve-
nience of its residents. This grant of home rule powers does not include the power to enact private or civil law governing civil relationships, except as incident to an exercise of an independent county power.  
2. A power of a county is vested in the board, and a duty of a county shall be performed by or under the direction of the board except as otherwise provided by law.  
3. The enumeration of a specific power of a county, the repeal of a grant of power, or the failure to state a specific power does not limit or restrict the general grant of home rule power conferred by the Constitution and this section. A county may exercise its general powers subject only to limitations expressly imposed by a state law.  
4. An exercise of a county power is not inconsistent with a state law unless it is irreconcilable with the state law.  
5. A county shall substantially comply with a procedure established by a state law for exercising a county power unless a state law provides otherwise. If a procedure is not established by state law, a county may determine its own procedure for exercising the power.  
6. A county shall not set standards and requirements which are lower or less stringent than those imposed by state law, but may set standards and requirements which are higher or more stringent than those imposed by state law, unless a state law provides otherwise.  
7. A county shall not levy a tax unless specifically authorized by a state statute.  
8. A county is a body corporate for civil and political purposes and shall have a seal as provided in section 331.552, subsection 4.  
9. Supervisors and other county officers may administer oaths and take affirmations as provided in chapter 63A.  
10. A county may enter into leases or lease-purchase contracts for real or personal property in accordance with the following terms and procedures:
   a. A county shall lease or lease-purchase property only for a term which does not exceed the economic life of the property, as determined by the board.  
   b. A lease or lease-purchase contract entered into by a county may contain provisions similar to those sometimes found in leases between private parties, including, but not limited to, the obligation of the lessee to pay any of the costs of operation or ownership of the leased property and the right to purchase the leased property.  
   c. A provision of a lease or lease-purchase contract which stipulates that a portion of the rent payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A county enterprise is a separate entity under this subsection, whether it is governed by the board or another governing body.  
d. The board must follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a lease or lease-purchase contract made payable from the debt service fund.  
e. The board may authorize a lease or lease-purchase contract which is payable from the general fund and which would not cause the total of lease and lease-purchase payments of the county due from the general fund of the county in any future year for lease or lease-purchase contracts in force on the date of the authorization, excluding payments to exercise purchase options or to pay the expenses of operation or ownership of the property, to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:
   (1) The board must follow substantially the authorization procedures of section 331.443 to authorize a lease or lease-purchase contract for personal property which is payable from the general fund. The board must follow substantially the authorization procedures of section 331.443 to authorize a lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease-purchase contract does not exceed the following limits:
      (a) Four hundred thousand dollars in a county having a population of twenty-five thousand or less.  
      (b) Five hundred thousand dollars in a county having a population of more than twenty-five thousand but not more than fifty thousand.  
      (c) Six hundred thousand dollars in a county having a population of more than fifty thousand but not more than one hundred thousand.  
      (d) Eight hundred thousand dollars in a county having a population of more than one hundred thousand but not more than two hundred thousand.  
      (e) One million dollars in a county having a population of more than two hundred thousand.  
   However, if the principal amount of a lease or lease-purchase contract pursuant to this subparagraph is less than twenty-five thousand dollars, the board may authorize the lease or lease-purchase contract without following the authorization procedures of section 331.443.  
   (2) The board must follow the following procedures to authorize a lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease or lease-purchase contract exceeds the limits set forth in subparagraph (1):
      (a) The board must institute proceedings for entering into a lease or lease-purchase contract payable from the general fund by causing a notice of the meeting to discuss entering into the lease or lease-purchase contract, including a statement of the principal amount and purpose of the lease or lease-purchase and the right to petition for an
election, to be published as provided in section 331.305 at least ten days prior to the discussion meeting. No sooner than thirty days following the discussion meeting shall the board hold a meeting at which it is proposed to take action to enter into the lease or lease-purchase contract.

(b) If at any time before the end of the thirty-day period after which a meeting may be held to take action to enter into the lease or lease-purchase contract, a petition is filed with the auditor in the manner provided by section 331.306, asking that the question of entering into the lease or lease-purchase contract be submitted to the registered voters of the county, the board shall either by resolution declare the proposal to enter into the lease or lease-purchase contract to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the lease or lease-purchase contract. However, for purposes of this subparagraph, the petition shall not require signatures in excess of one thousand persons. The question to be placed on the ballot shall be stated affirmatively in substantially the following manner: Shall the county of ........ enter into a lease or lease-purchase contract in an amount of $........ for the purpose of ........? Notice of the election and its conduct shall be in the manner provided in section 331.442, subsections 2 through 4.

(c) If a petition is not filed or if a petition is filed and the proposition of entering into a lease or lease-purchase contract is approved at the election, the board may proceed and enter into the lease or lease-purchase contract.

f. The governing body may authorize a lease or lease-purchase contract payable from the net revenues of a county enterprise or combined county enterprise by following the authorization procedures of section 331.464.

g. A lease or lease-purchase contract to which a county is a party or in which a county has a participatory interest is an obligation of a political subdivision of this state for the purposes of chapters 502 and 636, and is a lawful investment for counties, insurance companies, insurance associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and any other fiduciaries responsible for the investment of funds.

h. Property that is lease-purchased by a county is exempt under section 427.1, subsection 2.

i. A contract for construction by a private party of property to be leased or lease-purchased by a county is not a contract for a public improvement under section 331.341, subsection 1. However, if a lease-purchase contract is funded in advance by means of the lessor depositing moneys to be administered by a county, with the county’s obligation to make rent payments commencing with its receipt of moneys, a contract for construction of the property in question awarded by the county is a public improvement and is subject to section 331.341, subsection 1.

11. A county may enter into insurance agreements obligating the county to make payments beyond its current budget year to procure or provide for a policy of insurance, a self-insurance program, or a local government risk pool to protect the county against tort liability, loss of property, or any other risk associated with the operation of the county. Such a self-insurance program or local government risk pool is not insurance and is not subject to regulation under chapters 505 through 523C. However, those self-insurance plans regulated pursuant to section 509A.14 shall remain subject to the requirements of section 509A.14 and rules adopted pursuant to that section.

12. The board of supervisors may credit funds to a reserve for the purposes authorized by subsection 11 of this section; section 331.424, subsection 1, paragraph "f"; and section 331.441, subsection 2, paragraph "b". Moneys credited to the reserve, and interest earned on such moneys, shall remain in the reserve until expended for purposes authorized by subsection 11 of this section; section 331.424, subsection 1, paragraph "f"; or section 331.441, subsection 2, paragraph "b".

13. The board of supervisors may waive a tax penalty, interest, or costs related to the collection of a tax if the board finds that a clerical error resulted in the penalty, interest, or cost. This subsection does not apply to bonded special assessments without the approval of the affected taxing jurisdiction.

14. The county may establish a department of public works. The department shall be administered by the county engineer or other person appointed by the board of supervisors. In addition to other duties assigned by the board, the department shall provide technical assistance to political subdivisions in the county including special districts relating to their physical infrastructure and may provide managerial and administrative services for special districts and combined special districts.

15. a. A county may adopt and enforce an ordinance requiring the construction of a storm shelter at a manufactured home community or mobile home park which is constructed after July 1, 1999. In lieu of requiring construction of a storm shelter, a county may require a community or park owner to provide a plan for the evacuation of community or park residents to a safe place of shelter in times of severe weather including tornadoes and high winds if the county determines that a safe place of shelter is available within a reasonable distance of the manufactured home community or mobile home park for use by community or park residents. Each evacuation plan prepared pursuant to this subsection shall be filed with, and approved by, the local emergency management agency. If construction of a storm shelter is required, an ordi-
nance adopted or enforced pursuant to this subsection shall not include any of the following requirements:

1. That the size of the storm shelter be larger than the equivalent of seven square feet for each manufactured or mobile home space in the manufactured home community or mobile home park.

2. That the storm shelter include a restroom if the shelter is used exclusively as a storm shelter.

3. That the storm shelter exceed the construction specifications approved by a licensed professional engineer and presented by the owner of the manufactured home community or mobile home park.

Subsection 1 amended

COUNTY HOME RULE IMPLEMENTATION, §331.302

331.302 County legislation.

1. The board shall exercise a power or perform a duty only by the passage of a motion, a resolution, an amendment, or an ordinance.

2. A county shall not provide a penalty in excess of a five hundred dollar fine or in excess of thirty days imprisonment for the violation of an ordinance. The criminal penalty surcharge required by section 911.1 shall be added to a county fine and is not a part of the county's penalty.

3. The subject matter of an ordinance or amendment shall be generally described in its title.

4. An amendment to an ordinance or to a code of ordinances shall specifically repeal the ordinance or code, or the section, subsection, paragraph, or subpart to be amended, and shall set forth the ordinance, code, section, subsection, paragraph, or subpart as amended.

4A. a. A county may by ordinance adopt by reference any portion of the Code of Iowa in effect at the time of the adoption in the manner provided in section 380.8 for adoption of a proposed code of ordinances containing a proposed new ordinance or amendment, subject to the following limitations:

1. The ordinance shall describe the subject matter and identify the portion of the Code of Iowa adopted by chapter, section, and subsection or other subpart, as applicable.

2. A portion of the Code of Iowa may be adopted by reference only if the criminal penalty provided by the law adopted does not exceed thirty days imprisonment and a five hundred dollar fine.

3. Amendments or other changes to those portions of the Code of Iowa which have been adopted by reference shall serve as an automatic modification of the applicable ordinance.

b. An ordinance which adopts by reference any portion of the Code of Iowa may provide that violations of the ordinance are county infractions and subject to the limitations of section 331.307.

5. A proposed ordinance or amendment shall be considered and voted on for passage at two meetings of the board prior to the meeting at which it is to be finally passed, unless this requirement is suspended by a recorded vote of not less than a majority of the supervisors.

However, if a summary of the proposed ordinance or amendment is published as provided in section 313.305 prior to its first consideration and copies are available at the time of publication at the office of the auditor, the ordinance or amendment shall be considered and voted on for passage at one meeting prior to the meeting at which it is to be finally passed, unless this requirement is suspended by a recorded vote of not less than a majority of the supervisors.

6. Passage of an ordinance, amendment, or resolution requires an affirmative vote of not less than a majority of the supervisors. Each supervisor's vote on an ordinance, amendment, or resolution shall be recorded.

7. A resolution becomes effective upon passage and an ordinance or amendment becomes a law when a summary of the ordinance or the complete text of the ordinance is published, unless a subsequent effective date is provided within the measure. As used in this subsection, “summary” shall mean a narrative description of the terms and conditions of an ordinance setting forth the main points of the ordinance in a manner calculated to inform the public in a clear and understandable manner the meaning of the ordinance and which shall provide the public with sufficient notice to conform to the desired conduct required by the ordinance. The description shall include the title of the ordinance, an accurate and intelligible abstract or synopsis of the essential elements of the ordinance, a statement that the description
§331.302, COUNTY HOME RULE IMPLEMENTATION

is a summary, the location and the normal business hours of the office where the ordinance may be inspected, when the ordinance becomes effective, and the full text of any provisions imposing fines, penalties, forfeitures, fees, or taxes. Legal descriptions of property set forth in ordinances shall be described in full, provided that maps or charts may be substituted for legal descriptions when they contain sufficient detail to clearly define the area with which the ordinance is concerned. The narrative description shall be written in a clear and coherent manner and shall, to the extent possible, avoid the use of technical or legal terms not generally familiar to the public. When necessary to use technical or legal terms not generally familiar to the public, the narrative description shall include definitions of those terms.

8. The auditor shall promptly record each measure, publish a summary of all ordinances or a complete text of the ordinances and amendments as provided in section 331.305, authenticate all measures except motions with signature and certification as to time and manner of publica-
tion, if any, and maintain for public use copies of all effective ordinances and codes. A copy of the complete text of an ordinance or amendment shall also be available for distribution to the public at the office of the county auditor. The auditor's certification is presumptive evidence of the facts stated therein.

9. At least once every five years, the board shall compile a code of ordinances containing all of the county ordinances in effect.

If a proposed code of ordinances contains only existing ordinances edited and compiled without change in substance, the board may adopt the code by ordinance.

If a proposed code of ordinances contains a proposed new ordinance or amendment, the board shall hold a public hearing on the proposed code before adoption. The auditor shall publish notice of the hearing as provided in section 331.305. Copies of the proposed code of ordinances shall be available at the auditor's office and the notice shall so state. Within thirty days after the hearing, the board may adopt the proposed code of ordinances which becomes law upon publication of the ordinance adopting it. If the board substantially amends the proposed code of ordinances after a hearing, notice and hearing shall be repeated.

Ordinances and amendments which become effective after adoption of a code of ordinances may be compiled as a supplement to the code, and upon adoption of the supplement by resolution, become part of the code of ordinances.

An adopted code of ordinances is presumptive evidence of the passage, publication, and content of the ordinances therein as of the date of the auditor's certification of the ordinance adopting the code or supplement.

10. The compensation paid to a newspaper for a publication required by this section shall not exceed the fee provided in section 618.11. The compensation paid to a newspaper for publication of the complete text of an ordinance shall not exceed three-fourths of the fee provided in section 618.11.

11. The board may adopt the provisions of a statewide or nationally recognized standard code or portions of any such code by an ordinance which identifies the code by subject matter, source, and date, and incorporates the provisions either by reference or by setting them forth in full. The code or portion shall be adopted only after notice and hearing in the manner provided in subsection 9.

12. Immediately after the effective date of a measure establishing a zoning district, building lines, or fire limits, the auditor shall certify the measure and a plat showing the district, lines, or limits, to the recorder. The recorder shall record the measure and plat in the miscellaneous record or other book provided for special records, and shall index the record.

13. A measure voted upon is not invalid because a supervisor has a conflict of interest, unless the vote of the supervisor was decisive to passage of the measure. If a majority or unanimous vote of the board is required by statute, the majority or vote shall be computed on the basis of the number of supervisors not disqualified by reason of conflict of interest. However, a majority of all supervisors is required for a quorum. For the purposes of this subsection, the statement of a supervisor that the supervisor declines to vote by reason of conflict of interest is conclusive and shall be entered of record.

14. A valid measure adopted by a county prior to July 1, 1981, remains valid unless the measure is irreconcilable with a state law.

15. A county shall not provide a civil penalty in excess of seven hundred fifty dollars for the violation of an ordinance which is classified as a county infraction or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. A county infraction is not punishable by imprisonment.
331.303 General duties of the board.

The board shall:
1. Keep record books as follows:
   a. A "minute book" which records all orders
      and decisions other than those relating to drainage

      The board may authorize the auditor to issue
      checks in lieu of a warrant. If the issuance of
      checks is authorized, the word "check" shall be
      substituted for the word "warrant" in those sections
      of this chapter and chapters 6B, 11, 35B, 336,
      349, 350, 427B, and 468 in which the issuance

      for money filed against the county. Claims shall be
      numbered consecutively in order of filing and entered

      the claim and its general nature, and the action of the
      board on the claim including the fund against which it
      is allowed if it is allowed. The claims allowed at each meeting shall be listed in

   as provided in that section.

331.304 Procedural limitations on general county powers.

If a county proposes to exercise any of the following powers, it shall do so in accordance with the following limitations:

2. A county by ordinance may provide that a violation of an ordinance is a county infraction.
3. A county shall not provide that a violation of an ordinance is a county infraction if the violation is a felony, an aggravated misdemeanor, or a serious misdemeanor under state law or if the violation is a simple misdemeanor under chapter 687 through 747.
4. An officer authorized by a county to enforce a county code or regulation may issue a citation to a person who commits a county infraction. The citation may be served by personal service as provided in rule of civil procedure 1.305, by certified mail addressed to the defendant at the defendant’s last known mailing address, return receipt requested, or by publication in the manner as provided in rule of civil procedure 1.310 and subject to the conditions of rule of civil procedure 1.311. A copy of the citation shall be retained by the issuing officer, and one copy shall be sent to the clerk of the district court. The citation shall serve as notification that a civil offense has been committed and shall contain the following information:
   a. The name and address of the defendant.
   b. The name or description of the infraction attested to by the officer issuing the citation.
   c. The location and time of the infraction.
   d. The amount of civil penalty to be assessed or the alternate relief sought, or both.
   e. The manner, location, and time in which the penalty may be paid.
   f. The time and place of court appearance.
   g. The penalty for failure to appear in court.
5. In proceedings before the court for a county infraction:
   a. The matter shall be tried before a magistrate or district associate judge in the same manner as a small claim.
   b. The county has the burden of proof that the county infraction occurred and that the defendant committed the infraction. The proof shall be by clear, satisfactory, and convincing evidence.
   c. The court shall ensure that the defendant has received a copy of the charges and that the defendant understands the charges. The defendant may question all witnesses who appear for the county and produce evidence or witnesses on the defendant’s behalf.
   d. The defendant may be represented by counsel of the defendant’s own selection and at the defendant’s own expense.
   e. The defendant may answer by admitting or denying the infraction.
   f. If a county infraction is proven, the court shall enter judgment against the defendant. If the infraction is not proven, the court shall dismiss it.
6. Notwithstanding section 602.8106, subsection 3, penalties or forfeitures collected by the county for county infractions shall be remitted to the county in the same manner as fines and forfeitures are remitted to cities for criminal violations under section 602.8106. If the person named in the citation is served as provided in this section and fails without good cause to appear in response to the civil citation, judgment shall be entered against the person cited.
7. A person against whom judgment is entered, shall pay court costs and fees as in small claims under chapter 631. If the action is dismissed, the county is liable for the court costs and court fees. Where the action is disposed of without payment, or provision for assessment, of court costs, the clerk shall at once enter judgment for costs against the county.
8. Seeking a civil penalty as authorized in this section does not preclude a county from seeking alternative relief from the court in the same action.
9. When judgment has been entered against a defendant, the court may do any of the following:

The magistrate or district associate judge shall have jurisdiction to assess or enter judgment for costs of abatement or correction in an amount not to exceed the jurisdictional amount for a money judgment in a civil action pursuant to section 631.1, subsection 1, for magistrates and section 602.6306, subsection 2, for district associate judges. If the county seeks abatement or correction costs in excess of those amounts, the case shall be referred to the district court for hearing.
and entry of an appropriate order. The procedure for hearing in the district court shall be the same procedure as that for a small claims appeal pursuant to section 631.13.

10. A defendant or the county may file a motion for a new trial or may appeal the decision of the magistrate or district associate judge to the district court. The procedure on appeal shall be the same as for a small claim pursuant to section 631.13. A factual determination made by the trial court, supported by substantial evidence as shown in the record, is binding for purposes of appeal relating to the violation at issue, but shall not be admissible or binding as to any future violation for the same or similar ordinance provision by the same defendant.

11. This section does not preclude a peace officer of a county from issuing a criminal citation for a violation of a county code or regulation if criminal penalties are also provided for the violation. Each day that a violation occurs or is permitted by the defendant to exist, constitutes a separate offense.

12. The issuance of a civil citation for a county infraction or the ensuing court proceedings do not provide an action for false arrest, false imprisonment, or malicious prosecution.

331.308 Neglected animals.
A county may rescue, provide maintenance, or dispose of neglected livestock or another animal, as provided in chapters 717 and 717B.

(3) For informational purposes, every three years the county shall submit to the department of human services a three-year strategic plan. The strategic plan shall describe how the county will proceed to attain the plan’s goals and objectives, and the measurable outcomes and results necessary for moving the county’s service system toward an individualized, community-based focus in accordance with paragraph “c”. The three-year strategic plan shall be submitted by April 1, 2000, and by April 1 of every third year thereafter.

(1) Describe how the county will provide services and other support that are individualized, provided to produce results, flexible, and cost-effective in accordance with paragraph “c”, subparagraph (3).

(2) Describe how the ability of the individuals covered by the plan to live, learn, work, and recreate in communities of the individuals’ choice will be enhanced as provided in paragraph “c”, subparagraph (4).

e. (1) For mental health service management, the county may either directly implement a system of service management and contract with service providers, or contract with a private entity to manage the system, provided all requirements of this lettered paragraph are met by the private entity. The mental health service management shall incorporate a central point of coordination and clinical assessment process developed in accordance with the provisions of section 331.440.

(2) A managed care system for mental health proposed by a county shall include but is not limited to all of the following elements which shall be specified in administrative rules adopted by the

For the fiscal year beginning July 1, 1996, and succeeding fiscal years, the county's mental health, mental retardation, and developmental disabilities service expenditures for a fiscal year are limited to a fixed budget amount. The fixed budget amount shall be the amount identified in the county's management plan and budget for the fiscal year. The county shall be authorized an allowed growth factor adjustment as established by statute for services paid from the county's services fund under section 331.424A which is in accordance with the county's management plan and budget, implemented pursuant to this section. The statute establishing the allowed growth factor adjustment shall establish the adjustment for the fiscal year which commences two years from the beginning date of the fiscal year in progress at the time the statute is enacted.

b. Based upon information contained in county management plans and budgets and proposals made by representatives of counties, the state commission shall recommend an allowed growth factor adjustment to the governor by November 15 for the fiscal year which commences two years from the beginning date of the fiscal year in progress at the time the recommendation is made. The allowed growth factor adjustment shall address costs associated with new consumers of service, service cost inflation, and investments for economy and efficiency. In developing the service cost inflation recommendation, the state commission shall consider the cost trends indicated by the gross expenditure amount reported in the expenditure reports submitted by counties pursuant to subsection 1, paragraph "a". The governor shall consider the state commission's recommendation in developing the governor's recommendation for an allowed growth factor adjustment for such fiscal year. The governor's recommendation shall be submitted at the time the governor's proposed budget for the succeeding fiscal year is submitted in accordance with chapter 8.

c. The amount of the appropriation required to fund the allowed growth factor adjustment for a fiscal year shall be calculated by applying the adjustment established by statute for that fiscal year to the sum of the following:

5. A county shall implement the county's management plan in a manner so as to provide adequate funding for the entire fiscal year by budgeting for ninety-nine percent of the funding anticipated to be available for the plan. A county may expend all of the funding anticipated to be available for the plan.

6. The director's approval of a county's mental health, mental retardation, and developmental disabilities services management plan shall not be construed to constitute certification of the county's budget.

7. A county shall annually report data concerning the services managed by the county. At a minimum, the data reported shall indicate the number of different individuals who utilized services in a fiscal year and the various types of services. Data reported under this subsection shall be submitted with the county's expenditure report required under subsection 1, paragraph "a".

For specific exceptions to payments and expenditures provided under this section, see appropriations and other noncodified enactments in the annual Acts of the general assembly.

c. The central point of coordination and clinical assessment process shall include provision for the county's participation in a management information system developed in accordance with rules adopted pursuant to subsection 4.

2. For the purposes of this section, unless the context otherwise requires:

a. "Adult person" means a person who is age eighteen or older and is a United States citizen or a qualified alien as defined in 8 U.S.C. § 1641.

b. "County of residence" means the county in which, at the time an adult person applies for or receives services, the adult person is living and has established an ongoing presence with the declared, good faith intention of living for a permanent or indefinite period of time. The county of residence of an adult person who is a homeless person is the county where the homeless person usually sleeps.

c. "Homeless person" means the same as defined in section 48A.2.

d. "State case services and other support" means the mental health, mental retardation, and developmental disabilities services and other support paid for under the rules and requirements in effect prior to October 1, 2006, from the annual appropriation made to the department of human services for such services and other support provided to persons who have no established county of legal settlement or the legal settlement is unknown so that the person is deemed to be a state case. Such services and other support do not include medical assistance program services or services provided in a state institution.

3. The department of human services shall seek federal approval as necessary for the central point of coordination and clinical assessment processes to be eligible for federal financial participation under the medical assistance program. A county may implement the central point of coordination process as part of a consortium of counties and may implement the process beginning with the fiscal year ending June 30, 1995.

4. An application for services may be made through the central point of coordination process of a person's county of residence. However, if a person who is subject to a central point of coordination process has legal settlement in another county or the costs of services or other support provided to the person are the financial responsibility of the state, an authorization through the central point of coordination process shall be coordinated with the person's county of legal settlement or with the state, as applicable. The county of residence and county of legal settlement of a person subject to a central point of coordination process may mutually agree that the central point of coordination process functions shall be performed by the central point of coordination process of the person's county of legal settlement.

5. Effective October 1, 2006, if an adult person has no established county of legal settlement or the legal settlement is unknown so that the person is deemed to be a state case, the person's eligibility and the authorization for state case services and other support shall be determined by the adult person's county of residence in accordance with that county's management plan approved under section 331.439. The costs of the state case services and other support provided for the person shall be the responsibility of the person's county of legal residence. The funding appropriated to the department of human services for purposes of the state case services and other support shall be distributed as provided in the appropriation to the counties of residence responsible for the costs.

6. The state commission shall consider the recommendations of county representatives in adopting rules outlining standards and requirements for implementation of the central point of coordi-

331.440A Adult mental health, mental
retardation, and developmental disabilities
services funding decategorization pilot proj-
et.

1. Definitions. For the purposes of this sec-
tion, unless the context requires otherwise:
a. “Department” means the department of hu-
man services.
b. “Pilot project areas” means the pilot project
created under this section involving the county or
multicounty central point of coordination process
administrative areas designated in accordance
with this section.
c. “Target population” means any person who
is a legal resident of a pilot project county and
meets both of the following conditions:
(1) The person is eighteen years of age or older.
However, a person who is more than sixty-four
years of age who requires full-time nursing facility
care shall not be included in the target population.
(2) The person is eligible for assistance under
the pilot project county management plan
approved under section 331.439.

2. Purpose. The purpose of the pilot project is
to improve outcomes for service consumers by al-
lowing pilot project counties to administer overall
projected funding from state and federal sources
together with other available funding, and by re-
ducing or eliminating unnecessary barriers asso-
ciated with funding sources, and thereby to cre-
vate the divergent, individual needs of the
service needs of the populations served
in the community.

3. Project established. The department of
human services shall establish a pilot project for
decategorizing the public funding for adult mental
health, mental retardation, and developmental disabilities services in accordance with this section.
The project shall include the three-county central point of coordination process
administrative areas designated for decategorization planning under 1997 Iowa Acts, chapter 169,
section 13, Washington county, and Webster county.
Under the pilot project, a projected funding
amount for a fiscal year shall be developed for each
of the pilot project areas, from the funding sources
designated in this section. The projected funding
amount for a fiscal year, manner of payment, and
other provisions of the pilot project shall be deline-
ated in contracts between the department and the
 counties involved in the pilot project.

4. County management plan. The counties
participating in the pilot project shall amend their
county management plans approved under section
331.439 to be applicable to the period of the pi-
lot project. Unless a change in federal or state
funding provisions reduces the availability of
funding, a pilot project county’s management plan
elegibility provisions shall not be more restrictive
than the provisions in effect as of June 30, 1999.
The amended county management plans shall ad-
dress the service needs of the populations served
under the funding sources included in the pilot
project beginning with the applicable phase.
For purposes of determining the financial res-
ponsibility of a pilot project county, a legal resi-
dent includes anyone living in the county at the
time services or other support are provided who is
a member of the target population. A legal resi-
dent includes but is not limited to a person who is
homeless or living in a homeless shelter. However,
if an individual resides in a pilot project county as
a result of placement or referral for services or oth-
er support by another county or another state, fi-
nancial responsibility remains with the other
county or other state.

5. County responsibilities.
a. A county participating in the pilot project is
responsible to provide or pay for services and other
support to appropriately address the needs of the
target population attributable to that county. This
responsibility includes accountability for clinical,
administrative, and fiscal functions.
b. A pilot project area may choose among alter-
native approaches in administering services un-
der the pilot project. The alternative approaches
include but are not limited to any of the following:
(1) A case rate approach to purchase of serv-
es.
(2) A fee-for-service purchasing approach with
an emphasis on flexible, creative services.
(3) A mixed model involving both case rate and
fee-for-service approaches.
c. A pilot project area shall provide data and
other reports as provided in the contract with the
department.
d. Moneys received by a county under the pilot
project shall be deposited in the county’s services
fund. Moneys received that remain unencum-
bered or unobligated at the close of the fiscal year
shall remain available to be used to benefit the
county’s target population in the succeeding fiscal
year.
e. Receipt and expenditures of moneys under
the pilot project shall be subject to examination
during the regular audit of the pilot project area
 counties performed in accordance with chapter 11.

6. Funding — phases. The department shall
negotiate with the pilot project areas to identify
the projected funding amount to be provided to the
areas for a fiscal year. The projected funding amount shall be determined in accordance with a pilot project area’s relative share of the statewide expenditures for services and other support paid by the funding sources included in the pilot project plus the related administrative expenses. Unless the commencement dates are delayed due to a determination by the oversight committee, the pilot project funding shall be implemented in two phases with the first phase to commence July 1, 2000, and the second phase to commence July 1, 2001, as provided in paragraph “d”. Both phases of the pilot project shall end December 31, 2003. The phases of the pilot project shall be implemented as follows:

a. In the first phase, the department and the pilot project areas shall negotiate the specific projected funding amounts to be provided to each area. The department and the pilot project areas shall provide any data or other information necessary to accurately develop the projected amounts. The funding amount for the first phase shall be determined by December 30, 1999.

b. In the first phase, the mental health services funding sources for the pilot project areas shall include but are not limited to all of the following:
   1. The state share of the costs of care in the state mental health institutes.
   2. The mental health portion of any federal grant funding administered through the United States department of health and human services.
   3. Federal social services block grant funding.
   4. State case funding.
   5. State funding for the purchase of local services for persons with mental illness where the client has no established county of legal settlement.
   6. State supplementary assistance funding.
   7. To the extent allowed by the federal government, the mental health portion of federal funding provided for vocational rehabilitation of individuals with disabilities.

c. In the first phase, the mental retardation and other developmental disabilities services funding sources for the pilot project areas shall include but are not limited to all of the following:
   1. State and federal medical assistance funding for services under a home and community-based services waiver to persons with mental retardation.
   2. The state share of the costs of care in the state resource centers.
   3. State and federal medical assistance payments for intermediate care facilities for persons with mental retardation services.
   4. Federal social services block grant funding.
   5. State funding for the purchase of local services for persons with mental retardation and other developmental disabilities where the client has no established county of legal settlement.
   6. State supplementary assistance funding.
   7. To the extent allowed by the federal government, the mental retardation and other developmental disabilities portion of federal funding provided for vocational rehabilitation of persons with disabilities.

d. In the second phase, all other medical assistance funding for mental health services for the pilot project areas shall be incorporated into the annual projected funding amount. Implementation of the second phase shall be subject to enactment by the general assembly of an implementation authority.

7. Oversight committee.

   a. An oversight committee shall be established to provide general oversight of the pilot project and the risk pool and to perform the duties outlined in this subsection. The oversight committee shall consist of the following members:

      1. At least one service consumer, one service provider, and one county supervisor from each of the pilot project areas, designated by the governor.
      2. An individual designated by the governor.
      3. One individual designated by the division of medical services of the department of human services and one individual designated by the division of mental health and disability services of the department of human services.
      4. An individual designated by the legislative council. If the individual designated by the legislative council is a member of the general assembly, that member shall be a nonvoting member.

   b. The oversight committee shall have the following duties and responsibilities:

      1. The oversight committee may make a determination that implementation by the department of human services of a significant funding provision such as the rehabilitation option for persons with chronic mental illness or a waiver under the medical assistance program or another good cause reason justifies delay of the implementation of the pilot project phases as provided in subsection 6. If such a determination is made, the department of human services and pilot project counties shall delay implementation of the pilot project phases until a date identified by the oversight committee.

      2. The oversight committee shall arrange for an independent evaluation of the pilot project in accordance with subsection 9.

      3. The oversight committee shall provide assistance to the pilot project counties, the department of human services, and other interested persons concerning implementation of the pilot project.

      4. The oversight committee shall perform functions for the risk pool in accordance with subsection 8.

8. Risk pool. In order to augment assistance from the risk pool of the property tax relief fund for which the pilot project counties may be eligible under section 426B.5, the pilot project administrative areas shall create and commit funding to a pilot project risk pool. The pilot project risk pool shall be used to cover unexpected costs resulting
from an unanticipated event such as a legal settlement requirement or need for an exceptionally costly set of services or other support. Funding shall be committed on the basis of a percentage of the pilot project counties’ overall budget for services under the counties’ management plan with an annual maximum percentage for each area and an overall combined percentage maximum, as determined by the pilot project counties in consultation with the oversight committee. Expenditure of this risk pool funding shall be subject to authorization by the oversight committee.

   a. In consultation with the oversight committee, the pilot project participants and the department shall agree on a set of outcomes and indicators to measure the effect of the pilot project upon the system of care in those counties. The department and pilot project areas shall annually report to the governor and general assembly by December 15 on the implementation status of the pilot project and the performance on the indicators. The report shall include any findings identified by the oversight committee.
   b. The oversight committee shall arrange for an independent evaluation of the pilot project. The evaluation shall assess the quality of services as well as the cost-effectiveness of the pilot project. The evaluation shall include a focus on special populations such as persons who are homeless or who have multiple disabilities or service needs.
   c. A final report concerning the pilot project shall be submitted by the department and the pilot project areas to the governor and general assembly. It is the intent of the general assembly to use that report to determine whether to continue the pilot project, revise it, terminate it, or implement the pilot project provisions or a similar approach statewide.

10. Law — rules — implementation.
   a. If a provision of state law or administrative rule is in conflict with a provision of this section, the provision of this section shall prevail. State law and administrative rules governing the funding sources specified in this section are not applicable to use of the funding by the pilot project counties.
   b. The department shall amend the medical assistance state plan and apply for federal waivers as necessary to implement the provisions of this section.
   c. The department shall amend its contract for managed behavioral health care under medical assistance as necessary to implement the second phase of the pilot project and for the medical assistance-eligible persons covered under that contract to instead be covered by the pilot project counties.
   d. The pooling of funding sources and the provision of services under this pilot project and implementation of a risk pool as authorized in this section is not insurance and is not subject to regulation under chapters 505 through 523C.
   e. The department of human services shall amend the state medical assistance plan, implement federal waivers, or take other actions as necessary for the pilot project areas to be able to draw federal funding for the start-up and other costs to implement the pilot project.
   f. The department shall give consideration to implementing a rehabilitation option under the medical assistance program for persons with chronic mental illness.
   g. The requirements of this section may be adapted as necessary to comply with federal law, regulation, or other requirements in order to assure federal financial participation in the pilot project.

§331.442 General county purpose bonds.

1. A county which proposes to carry out any general county purpose within or without its boundaries, and to contract indebtedness and issue general obligation bonds to provide funds to pay all or any part of the costs of a project, shall do so in accordance with this part.

2. Before the board may institute proceedings for the issuance of bonds for a general county purpose, it shall call a county special election to vote upon the question of issuing the bonds. At the election the proposition shall be submitted in the following form:

Shall the county of .............., state of Iowa, be authorized to .............. (state purpose of project) at a total cost not exceeding $ .............. and issue its general obligation bonds in an amount not exceeding $ .............. for that purpose?

3. Notice of the election shall be given by publication as specified in section 331.305. At the election the ballot used for the submission of the proposition shall be in substantially the form for submitting special questions at general elections.

4. The proposition of issuing bonds for a general county purpose is not carried or adopted unless the vote in favor of the proposition is equal to at least sixty percent of the total vote cast for and against the proposition at the election. If the proposition of issuing the general county purpose bonds is approved by the voters, the board may proceed with the issuance of the bonds.

5. a. Notwithstanding subsection 2, a board, in lieu of calling an election, may institute proceedings for the issuance of bonds for a general county purpose by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, and the right to petition for an election, to be published as provided in section 331.305 at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds subject to the following limitations:

   (1) In counties having a population of twenty thousand or less, in an amount of not more than fifty thousand dollars.

   (2) In counties having a population of over twenty thousand and not over fifty thousand, in an amount of not more than one hundred thousand dollars.

   (3) In counties having a population of over fifty thousand, in an amount of not more than one hundred fifty thousand dollars.

   b. If at any time before the date fixed for taking action for the issuance of the bonds, a petition is filed with the auditor in the manner provided in section 331.306 asking that the issuance of the bonds be submitted to the registered voters of the county, the board shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. Notice of the election and its conduct shall be in the manner provided in subsections 2, 3 and 4.

   c. If no petition is filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the board may proceed with the authorization and issuance of the bonds.

§331.443 Essential county purpose bonds.

1. A county which proposes to carry out an essential county purpose within or without its boundaries, and to contract indebtedness and issue general obligation bonds to provide funds to pay all or any part of the cost of a project shall do so in accordance with this part.

2. Before the board may institute proceedings for the issuance of bonds for an essential county purpose, a notice of the proposed action, including a statement of the amount and purposes of the bonds, and the time and place of the meeting at which the board proposes to take action for the issuance of the bonds, shall be published as provided in section 331.305. At the meeting, the board shall receive oral or written objections from any resi-
dent or property owner of the county. After all objections have been received and considered, the board, at that meeting or a date to which it is adjourned, may take additional action for the issuance of the bonds or abandon the proposal to issue the bonds. Any resident or property owner of the county may appeal the decision of the board to take additional action to the district court of the county within fifteen days after the additional action is taken, but the additional action of the board is final and conclusive unless the court finds that the board exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal, are in lieu of any other law.

2. General obligation funding or refunding bonds issued for the purposes specified in section 331.441, subsection 2, paragraph “b”, subparagraph (7), may be exchanged for the evidences of the legal indebtedness being funded or refunded, or the funding or refunding bonds may be sold in the manner prescribed by chapter 75 and the proceeds applied to the payment of the indebtedness. Funding or refunding bonds may bear interest at the same rate as, or at a higher or lower rate or rates of interest than the indebtedness being funded or refunded.

331.445 Categories for general obligation bonds.
The board may issue general obligation bonds pursuant to a resolution adopted at a regular or special meeting by a majority of the total number of supervisors. Each subparagraph of section 331.441, subsection 2, paragraph “b”, describes a separate category. Separate categories of essential county purposes and of general county purposes may be incorporated in a single notice of intention to institute proceedings for the issuance of bonds, or separate categories may be incorporated in separate notices, and after an opportunity has been provided for filing objections, or after a favorable election has been held, if required, the board may include in a single resolution and sell as a single issue of bonds, any number or combination of essential county purposes or general county purposes. If an essential county purpose is combined with a general county purpose in a single notice of intention to institute proceedings to issue bonds, then the entire issue is subject to the election requirement in section 331.442.

d. Be in either coupon or registered form.
e. Carry registration and conversion privileges.
f. Be payable as to principal and interest at times and places.
g. Be subject to terms of redemption prior to maturity with or without premium.
h. Be in one or more denominations.
i. Be designated with a brief reference to purpose, or if issued for a combination of purposes, be designated “county purpose bond”.
j. Contain other provisions not in conflict with state law.
2. General obligation bonds shall be executed by the chairperson of the board and the auditor. If coupons are attached to the bonds, they shall be executed with the original or facsimile signature of the auditor. A general obligation bond is valid and binding if it bears the signatures of the officers in office on the date of the execution of the bonds, notwithstanding that any or all persons whose signatures appear have ceased to be such officers prior to the delivery of the bonds.
3. General obligation bonds issued pursuant to this part are negotiable instruments.

331.447 Taxes to pay bonds.
1. Taxes for the payment of general obligation bonds shall be levied in accordance with chapter 76, and the bonds are payable from the levy of unlimited ad valorem taxes on all the taxable property within the county through its debt service fund required by section 331.430 except that:
a. The amount estimated and certified to apply on principal and interest for any one year shall not exceed the maximum rate of tax, if any, provided by this division for the purpose for which the bonds were issued. If general obligation bonds are issued for different categories, as provided in section 331.445, the maximum rate of levies, if any, for each purpose shall apply separately to that portion of the bond issue for that category and the resolution authorizing the bond issue shall clearly set forth the annual debt service requirements with respect to each purpose in sufficient detail to indicate compliance with the rate of tax levy, if any.
b. The amount estimated and certified to apply on principal and interest for any one year may only exceed the statutory rate of levy limit, if any,
by the amount that the registered voters of the county have approved at a special election, which may be held at the same time as the general election and may be included in the proposition authorizing the issuance of bonds, if an election on the proposition is necessary, or may be submitted as a separate proposition at the same election or at a different election. Notice of the election shall be given as specified in section 331.305. If the proposition includes issuing bonds and increasing the levy limit, it shall be in substantially the following form:

Shall the county of .........., state of Iowa, be authorized to ............ (here state purpose of project) at a total cost not exceeding $ .......... and issue its general obligation bonds in an amount not exceeding $ .......... for that purpose, and be authorized to levy annually a tax not exceeding ....... dollars and ....... cents per thousand dollars of the assessed value of the taxable property within the county to pay the principal of and interest on the bonds?

If the proposition includes only increasing the levy limit it shall be in substantially the following form:

Shall the county of .........., state of Iowa, be authorized to levy annually a tax not exceeding ....... dollars and ....... cents per thousand dollars of the assessed value of the taxable property within the county to pay principal and interest on the bonds and in certifying the annual levies, the first annual levy of taxes to pay the principal of and interest on the bonds becoming due and in certifying the annual levies, the first annual levy of taxes to pay the principal of and interest on the bonds?

2. A statutory or voted tax levy limitation does not limit the source of payment of bonds and interest, but only restricts the amount of bonds which may be issued.

3. For the sole purpose of computing the amount of bonds which may be issued as the result of the application of a statutory or voted tax levy limitation, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year's interest on the first annual levy of taxes to pay the bonds and interest does not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies, the first annual levy of taxes shall be sufficient to pay all principal of and interest on the bonds becoming due prior to the next succeeding annual levy and the full amount of the annual levy shall be entered for collection as provided in chapter 76.

**331.448 Statute of limitation — powers — conflicts.**

1. An action shall not be brought which questions the legality of general obligation bonds or the power of the county to issue the bonds or the effectiveness of any proceedings relating to the authorization and issuance of the bonds from and after sixty days from the time the bonds are ordered issued by the county.

2. The enumeration in this part of specified powers and functions is not a limitation of the powers of counties, but this part and the procedures prescribed for exercising the powers and functions enumerated in this part control in the event of a conflict with any other law.

[S81, §331.448; 81 Acts, ch 117, §447]

Projects commenced prior to July 1, 1981, may be financed by the issuance of general obligation bonds under any such amended or repealed law or by the issuance of general obligation bonds under this part. For the purposes of this section, commencement of a project includes but is not limited to action taken by the board or an authorized officer to fix a date for a hearing in connection with any part of the project, and commencement of proceedings for the issuance of general obligation bonds includes but is not limited to action taken by the board to fix a date for either a hearing or a sale in connection with any part of the general obligation bonds, or to order any part thereof to be issued.

2. If a combined county enterprise is dissolved, the assets and liabilities of each county enterprise which was a part of the combined county enterprise shall continue in existence as a separate county enterprise until it is abandoned by the board.

3. A combined county enterprise may be estab-
lished, but if there are obligations outstanding which by their terms are payable from the revenues of any county enterprise involved, the obligations shall be assumed by the board subject to all terms established at the time of the original issue, or refunded through the issuance of revenue bonds of the combined county enterprise as a part of the procedure for the establishment of the combined county enterprise, or funds sufficient to pay the principal of and all interest and premium, if any, on the outstanding obligations at and prior to maturity shall have been set aside and pledged for that purpose. 1. The board may carry out projects, borrow money, and issue revenue bonds and pledge orders to pay all or part of the cost of projects, the revenue bonds and pledge orders to be payable solely out of the net revenues of the county enterprise or combined county enterprise involved in the project. The cost of a project includes the construction contracts, interest upon the revenue bonds and pledge orders during the period or estimated period of construction and for twelve months thereafter, or for twelve months after the acquisition date, reserve funds as the board deems advisable in connection with the project and the issuance of revenue bonds and pledge orders, and the costs of engineering, architectural, technical and legal services constituting a part of the cost of the public improvement. The board may sell revenue bonds and pledge orders at public or private sale in the manner prescribed by chapter 75 and may deliver revenue bonds and pledge orders to be payable solely out of the net revenues of the same county enterprise or combined county enterprise, or from a county enterprise comprising a part of the combined county enterprise, at lower, the same, or higher rates of interest. A county may sell refunding revenue bonds at public or private sale in the manner prescribed by chapter 75 and apply the proceeds to the payment of the obligations being refunded, and may exchange refunding revenue bonds in payment and discharge of the obligations being refunded. Payment may be made in warrants drawn on any fund from which payment for the work may be made. If such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted by chapter 74A even if a collection of taxes or special assessments or income from the sale of bonds which have been authorized and are applicable to the public improvement takes place after the fiscal year in which the warrants are issued. If the board arranges for the private sale of anticipatory warrants, they may be sold and the proceeds used to pay the contractor. The warrants may also be used to pay other persons furnishing services constituting a part of the cost of the public improvement.

[S81, §331.463; 81 Acts, ch 117, §462; 82 Acts, ch 1104, §50]

331.464 Revenue bonds.
1. The board may issue revenue bonds pursuant to a resolution adopted at a regular or special meeting by a majority of the total number of members of the board.

2. Before the board institutes proceedings for the issuance of revenue bonds, it shall fix a time and place of meeting at which it proposes to take action, and give notice by publication in the manner directed in section 331.305. The notice must include a statement of the time and place of the meeting, the maximum amount of the proposed revenue bonds, the purpose for which the revenue bonds will be issued, and the county enterprise or combined county enterprise whose net revenues will be used to pay the revenue bonds and interest thereon. At the meeting the board shall receive oral or written objections from any resident or property owner of the county. After all objections have been received and considered, the board, at
the meeting or a date to which it is adjourned, may take additional action for the issuance of the bonds or abandon the proposal to issue bonds. Any resident or property owner of the county may appeal a decision of the board to take additional action to the district court of the county within fifteen days after the additional action is taken, but the additional action of the board is final and conclusive unless the court finds that the board exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal are in lieu of those contained in any other law.

3. Revenue bonds may bear dates, bear interest at rates not exceeding those permitted by chapter 74A, mature in one or more installments, be in either coupon or registered form, carry registration and conversion privileges, be payable as to principal and interest at times and places, be subject to terms of redemption prior to maturity with or without premium, and be in one or more denominations, all as provided by the resolution of the board authorizing their issuance. The resolution may also prescribe additional provisions, terms, conditions, and covenants which the board deems advisable, consistent with this part, including provisions for creating and maintaining reserve funds, the issuance of additional revenue bonds ranking on a parity with such revenue bonds and additional revenue bonds junior and subordinate to such revenue bonds, and that such revenue bonds shall rank on a parity with or be junior and subordinate to any revenue bonds which may be then outstanding. Revenue bonds are a contract between the county and holders and the resolution is a part of the contract.

4. Revenue bonds shall be executed by the chairperson of the board and the auditor. If coupons are attached to the revenue bonds, they shall be executed with the original or facsimile signature of the auditor. A revenue bond is valid and binding for all purposes if it bears the signatures of the officers in office on the date of the execution of the bonds notwithstanding that any or all persons whose signatures appear have ceased to be such officers prior to the delivery of the bonds. The issuance of revenue bonds shall be recorded in the office of the treasurer, and a certificate of the issuance of revenue bonds shall be recorded in the office of the treasurer, and a certificate of the recording by the treasurer shall be printed on the back of each revenue bond.

5. Revenue bonds, pledge orders and warrants issued under this part are negotiable instruments.

6. The board may issue pledge orders pursuant to a resolution adopted by a majority of the total number of supervisors, at a regular or special meeting, ordering their issuance and delivery in payment for all or part of the cost of a project. Pledge orders may bear interest at rates not exceeding those permitted by chapter 74A.

7. The physical properties of a county enterprise or combined county enterprise shall not be pledged or mortgaged to secure the payment of revenue bonds or pledge orders or the interest thereon.

335.3 Powers.
Subject to section 335.2, the board of supervisors may by ordinance regulate and restrict the height, number of structures, and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts, and other open spaces, the density of population, and the location and use of buildings, structures, and land for trade, industry, residence, or other purposes, and may regulate, restrict, and prohibit the use for residential purposes of tents, trailers, and portable or potentially portable structures. However, such powers shall be exercised only with reference to land and structures located within the county but lying outside of the corporate limits of any city.

335.4 Areas and districts.
For any and all of said purposes the board of supervisors may divide the county, or any area or areas within the county, into districts of such number, shape, and area as may be deemed best suited to carry out the purposes of this chapter; and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair, or use of buildings, structures or land. All such regulations and restrictions shall be uniform for each class or kind of buildings throughout each district, but the regulations in one district may differ from those in other districts.

335.5 Objectives.
The regulations shall be made in accordance with a comprehensive plan and designed to preserve the availability of agricultural land; to consider the protection of soil from wind and water erosion; to encourage efficient urban development patterns; to lessen congestion in the street or highway; to secure safety from fire, flood, panic, and other dangers; to protect health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to promote the conservation of energy resources; to promote reasonable access to solar energy; and to facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements. However, provisions of this section relating to the objectives of energy conservation and access to solar energy shall not be construed as voiding any zoning regulation existing on July 1, 1981, or to require zoning in a county that did not have zoning prior to July 1, 1981.

Such regulations shall be made with reasonable consideration, among other things, as to the character of the area of the district and the peculiar suitability of such area for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout such county.

The board of supervisors shall provide for the manner in which the regulations and restrictions and the boundaries of the districts shall be determined, established, and enforced, and from time to time amended, supplemented, or changed. Notice of the time and place of the hearing shall be published as provided in section 331.305. The regulations, restrictions, and boundaries may be amended, supplemented, changed, modified, or repealed. Notwithstanding section 335.4, as a part of an ordinance changing land from one zoning district to another zoning district or an or-
dinance approving a site development plan, a board of supervisors may impose conditions on a property owner which are in addition to existing regulations if the additional conditions have been agreed to in writing by the property owner before the public hearing required under this section or any adjournment of the hearing. The conditions must be reasonable and imposed to satisfy public needs which are directly caused by the requested change. In case, however, of a protest against the change signed by the owners of twenty percent or more either of the area included in the proposed change, or of the area immediately adjacent to the proposed change and within five hundred feet of the boundaries of the proposed change, the amendment shall not become effective except by the favorable vote of at least sixty percent of all of the members of the board of supervisors. The provisions of section 335.6 relative to public hearings and official notice shall apply equally to all changes or amendments.

Such commission shall, with due diligence, prepare a preliminary report and hold public hearings thereon before submitting its final report; and the board of supervisors shall not hold its public hearings or take action until it has received the final report of such commission. After the adoption of such regulations, restrictions, and boundaries of districts, the zoning commission may, from time to time, recommend to the board of supervisors amendments, supplements, changes or modifications. The zoning commission, with the approval of the board of supervisors, may contract with professional consultants, regional planning commissions, the Iowa department of economic development, or the federal government, for local planning assistance.

The board of supervisors may remand a decision to grant a variance to the board of adjustment for further study. If remanded, the effective date of the variance is delayed for thirty days from the date of the remand.

§335.13 Appeals to board.

Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the county affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the board of adjustment, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board of adjustment all the papers constituting the record upon which the action appealed from was taken.

§335.14 Stay of proceedings.

An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment after the notice of appeal shall have been filed with the officer that by reason of facts stated in the certificate a stay would, in the officer's opinion, cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board of adjustment or by a court of record on application on notice to the officer from whom the appeal is taken and on due cause shown.

§335.15 Powers of board.

The board of adjustment shall have the following powers:

1. To hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by an administrative official in the enforcement of this chapter or of any ordinance adopted pursuant thereto.

2. To hear and decide special exceptions to the terms of the ordinance upon which such board is required to pass under such ordinance.

3. To authorize upon appeal, in specific cases, such variance from the terms of the ordinance as will not be contrary to the public interest, where owing to special conditions a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed and substantial justice done.

§335.16 Decision.

In exercising the above mentioned powers such board may, in conformity with the provisions of this chapter, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

§335.17 Vote required.

The concurring vote of three members of the board shall be necessary to reverse any order, requirement, decision, or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance or to effect any variation in such ordinance.

§335.18 Petition to court.

Any person or persons, jointly or severally, aggrieved by any decision of the board of adjustment under the provisions of this chapter, or any taxpayer, or any officer, department, board or bureau of the county, may present to a court of record a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within thirty days after the filing of the decision in the office of the board.

§335.19 Review by court.

Upon the presentation of such petition, the court may allow a writ of certiorari directed to the board of adjustment to review such decision of the board of adjustment and shall prescribe therein
the time within which a return thereto must be made and served upon the relator’s attorney, which shall not be less than ten days and may be extended by the court. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order.

335.21 Trial to court.
If upon the hearing which shall be tried de novo it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take such evidence as it may direct and report the same to the court with the referee’s findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.
Costs shall not be allowed against the board unless it shall appear to the court that it acted with gross negligence or in bad faith or with malice in making the decision appealed from.

If the regulations made under this chapter require a greater width or size of yards, courts or other open spaces, or require a lower height of building or less number of stories, or require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required in any other statute or local ordinance or regulation, the regulations made under this chapter govern. If any other statute or local ordinance or regulation requires a greater width or size of yards, courts or other open spaces, or requires a lower height of building or a less number of stories, or a greater percentage of lot to be left unoccupied, or imposes other higher standards than are required by the regulations made under this chapter, the other statute or local ordinance or regulation governs. intellectual functioning or adaptive behavior similar to that of persons with mental retardation or requires treatment and services similar to those required for the persons.

(4) Attributable to a mental or nervous disorder.

e. “Residential” means regularly used by its occupants as a permanent place of abode, which is made one’s home as opposed to one’s place of business and which has housekeeping and cooking facilities for its occupants only.

3. A county, county board of supervisors, or a county zoning commission shall not require that a family home, its owner, or operator obtain a conditional use permit, special use permit, special exception, or variance. However, new family homes owned or operated by public or private agencies shall be dispersed through the residential zones and districts and shall not be located within contiguous areas equivalent in size to city block areas. CHAPTER 336
LIBRARY DISTRICTS

336.1 Reserved.
336.2 Library districts formed.
A library district may be established composed of one or more counties, one or more cities, or any combination of cities and counties.

Eligible electors residing within the proposed district in a number not less than five percent of those voting for president of the United States or governor, as the case may be, within the district at the last general election may petition the board of supervisors of the county, or the city council, for the establishment of the library district. The petition shall clearly designate the area to be included
in the district.

The board of supervisors of each county and the city council of each city containing area within the proposed district shall submit the question to the registered voters within their respective counties and cities at the next general election. The petition shall be filed not less than eighty-two days before the election.

A library district shall be established if a majority of the electors voting on the question and residing in the proposed library district favor its establishment.

The result of the election within cities maintaining a free public library shall be considered separately, and no city shall be included within the library district unless a majority of its electors voting on the question favor its inclusion. In such cases the boundaries of an established district may vary from those of the proposed district.

After the establishment of a library district other areas may be included by mutual agreement of the board of trustees of the library district and the governing body of the area sought to be included.

Chapter 336. Library districts

§336.11 Annual report.

The board of trustees shall, immediately after the close of each fiscal year, submit to the board of supervisors, and the city council, as appropriate, a report containing a statement of the condition of the library, the number of books added thereto, the number circulated, the number not returned or lost, the amount of fines collected, and the amount of money expended in the maintenance thereof during such year, together with such further information as it may deem important.

§336.12 Real estate acquired.

In any county or city in which a free library has been established, the board of library trustees may purchase real estate in the name of the county or city for the location of library buildings and branch libraries, and for the purpose of enlarging the grounds.

§336.13 Maintenance expense on proportionate basis.

The maintenance of a library established in accordance with this chapter shall be on the basis of each participating unit bearing its share of the total cost in proportion to its population as compared to the total population of the library district. The board of library trustees shall make an estimate of the amount necessary for the maintenance of the library, the sources of direct library revenue, and the amount to be contributed from taxes or other revenues by the participating city or county and hold a hearing on the estimate after notice of the hearing is published as provided in section 331.305 or section 362.3, as appropriate. On or before January 10 of each year, the board of library trustees shall transmit the estimate in dollars to the board of supervisors and to the cities participating in the district. The unincorporated area of each county in the library district shall be consid-
ened as a separate supporting unit. Each board of supervisors shall review the estimate and appropriate for library purposes its share in the county rural services fund budget. Each city council shall review the estimate for the city and appropriate for library purposes its share in the city general fund budget. Each participating city or county shall contribute its share from taxation or from other sources available for library purposes on an equitable basis. With approval of a city council, the county treasurer may withhold a reasonable portion of the taxes collected for a city to meet the city's contribution for library purposes and deliver a receipt to the city clerk for the amount withheld. This section shall not affect the taxing authority provided under section 256.69.

336.14 Not applicable to contract service.

The provisions of this chapter pertaining to the establishment of a library district shall not apply to any area receiving library service from any city library, unless the petition for a library district, in addition to the required signatures of electors, is signed by the governing body of the area receiving library service under contract.

336.15 Existing contracts assumed.

Whenever a library district is established in accordance with this chapter, its board of trustees shall assume all the obligations of the existing contracts made by cities, townships, school corporations, or counties to receive library service from free public libraries.

336.16 Withdrawal from district — termination.

A city may withdraw from the library district upon a majority vote in favor of withdrawal by the electorate of the city in an election held on a motion by the city council. The election shall be held simultaneously with a general or city election. Notice of a favorable vote to withdraw shall be sent by certified mail to the board of library trustees of the library district and the county auditor or city clerk, as appropriate, prior to January 10, and the withdrawal shall be effective on July 1.

A county may withdraw from the district after a majority of the voters of the unincorporated area of the county voting on the issue favor the withdrawal. The board of supervisors shall call for the election which shall be held at the next general election.

A city or county election shall not be called until a hearing has been held on the proposal to submit a proposition of withdrawal to an election. A hearing may be held only after public notice published as provided in section 362.3 in the case of a city or section 331.305 in the case of a county. A copy of the notice submitted for publication shall be mailed to the library on or before the date of publication. The proposal presented at the hearing must include a plan for continuing adequate library service with or without all participants and the respective allocated costs and levels of service shall be stated. At the hearing, any interested person shall be given a reasonable time to be heard, either for or against the withdrawal or the plan to accompany it.

A library district may be terminated if a majority of the electors of the unincorporated area of the county and the cities included in the library district voting on the issue favor the termination. The election shall be held upon motion of the board of supervisors and simultaneously with a general or other county election. If the vote favors termination, the termination shall be effective on the succeeding July 1.

An election for withdrawal from or termination of a library district shall not be held more than once each four years.

336.17 Historical association.

If a local county historical association is formed in a county having a free public library, the trustees of the library may unite with the historical association and set apart the necessary room to care for articles which come into the possession of the association. The trustees may purchase necessary receptacles and materials for the preservation and protection of articles which are of a historical and educational nature.

336.18 Contracts to use city library.

1. A school corporation, township, or library district may contract for the use by its residents of a city library. A contract by a county shall supersede all contracts by townships or school corporations within the county outside of cities.

2. a. Contracts shall provide for the amount to
be contributed. They may, by mutual consent of the contracting parties, be terminated at any time. They may also be terminated by a majority of the voters represented by either of the contracting parties, voting on the question to terminate which shall be submitted by the governing body upon a written petition of eligible electors in a number not less than five percent of those who voted in the area for president of the United States or governor at the last general election.

b. The question may be submitted at any election provided by law which covers the area of the unit seeking to terminate the contract. The petition shall be presented to the governing body not less than ten days before the last day candidates may file nomination petitions for the election at which the question is to be submitted.

3. The board of trustees of any township which has entered into a contract shall at the April meeting levy a tax not exceeding six and three-fourths cents per thousand dollars of assessed valuation on all taxable property in the township to create a fund to fulfill its obligation under the contract.

4. a. Eligible electors of that part of any county outside of cities in a number of not less than twenty-five percent of those in the area who voted for president of the United States or governor at the last general election may petition the board of supervisors to submit the question of requiring the board to provide library service for them and their area by contract as provided by this section.

b. The board of supervisors shall submit the question to the voters of the county residing outside of cities at the next general election. The petition shall be filed not less than ten days before the last day candidates may file nomination petitions for the election at which the question is to be submitted.

c. If a majority of those voting upon the question favors it, the board of supervisors shall within thirty days appoint a board of library trustees from residents of the petitioning area. Vacancies shall be filled by the board.

d. The board of trustees may contract with any library for library use or service for the benefit of the residents and area represented by it.

However, in counties having a population of two hundred twenty-five thousand or over, the levy for taxes payable in the fiscal year beginning July 1, 2001, and for subsequent fiscal years, for improvements and maintenance of the hospital shall not exceed two dollars and five cents per thousand dollars of assessed value in any one year. The proceeds of the taxes constitute the county public hospital fund and the fund is subject to review by the board of supervisors in counties having a population of two hundred twenty-five thousand or over. However, the board of trustees of a county hospital, where funds are available in the county public hospital fund of the county which are unappropriated, may use the unappropriated funds for erecting and equipping hospital buildings and additions to the hospital buildings without authority from the voters of the county.

No levy shall be made for the improvement, maintenance, or replacements of the hospital until the hospital has been constructed, staffed, and

If revenue bonds are issued and outstanding under section 331.461, subsection 2, paragraph "d", the board may levy a tax to pay operating and maintenance expenses in lieu of the authority otherwise contained in this section not to exceed twenty-seven cents per thousand dollars of assessed value or not to exceed one dollar and twenty-one and one-half cents per thousand dollars of assessed value for improvements and maintenance of the hospital in counties having a population of two hundred twenty-five thousand or over.

The tax levy authorized by this section for operation and maintenance of the hospital may be available in whole or in part to any county with or without a county hospital organized under this chapter, to be used to enhance rural health services in the county. However, the tax levied may be expended for enhancement of rural health care services only following a local planning process. The Iowa department of public health shall establish guidelines to be followed by counties in implementing the local planning process which shall require legal notice, public hearings, and a referendum in accordance with this section and section 347.30 prior to the authorization of any new levy or a change in the use of a levy. Enhancement of rural health services for which the tax levy pursuant to this section may be used includes but is not limited to emergency medical services, health care services shared with other hospitals, rural health clinics, and support for rural health care practitioners and public health services. When alternative use of funds from the tax levy authorized by this section is proposed in a county without a county hospital organized under this chapter, use of the funds shall be proposed by the board of trustees of the county hospital. When alternative use of funds from the tax levy authorized by this section is proposed in a county with a county hospital organized under this chapter, use of the funds shall be agreed upon by the elected board of trustees of the county hospital. When alternative use of funds from the tax levy authorized by this section is proposed in a county without a county hospital organized under this chapter, use of the funds shall be agreed upon by the board of supervisors and any publicly elected hospital board of trustees within the county prior to submission of the question to the voters. Moneys raised from a tax levied in accordance with this paragraph shall be designated and administered by the board of supervisors in a manner consistent with the purposes of the levy.

The trustees shall hold office until the following general election, at which time their successors shall be elected, two for a term of two years, two for four years, and three for six years, and they shall determine by lot their respective terms, and thereafter their successors shall be elected for regular terms of six years each. COUNTY HOSPITALS PAYABLE FROM REVENUE
See §347.14(9), 347.24

347A.1 Revenue bonds — trustees — administration.
A county having a population less than one hundred fifty thousand may issue revenue bonds for a county hospital as provided in section 331.461, subsection 2, paragraph “e”. The administration and management of the hospital shall be vested in a board of hospital trustees consisting of five or seven members. Appointments for a five-member board shall be made by the board of supervisors from among the resident citizens of the county with reference to their fitness for office, and not more than two of the trustees shall be residents of the same township. Expansion from a five-member board to a seven-member board of trustees shall occur only on approval of a majority of the five-member board of trustees. The five-member board of trustees shall appoint members to the additional vacancies; one appointee shall serve until the succeeding general election and the other appointee shall serve until the second succeeding general election at which times successors shall be elected.

The trustees shall hold office until the next succeeding election, at which time their successors shall be elected, two for a term of two years, two for a term of four years and one for a term of six years, and thereafter their successors shall be elected for regular terms of six years each. Vacancies in the board of trustees may be filled in the same manner as original appointments, to hold office until the vacancies are filled pursuant to section 69.12. The trustees shall qualify by taking the usual oath of office as provided in chapter 63, but no bond shall be required of them. The trustees shall receive no compensation but shall be reimbursed for all expenses incurred by them with the approval of the board of trustees in the performance of their duties. The board first appointed shall organize promptly following its appointment, and shall serve until successors are elected and qualified; thereafter no later than December 1 of each year the board shall reorganize by the appointment of a chairperson, secretary, and treasurer. The secretary and treasurer shall each file with the chairperson of the board a surety bond in the amount the board of trustees requires, with sureties to be approved by the board of trustees, for the use and benefit of the county hospital. The reasonable cost of the bonds shall be paid from the operating funds of the hospital. The secretary shall report to the county auditor and the county treasurer the names of the chairperson, secretary, and treasurer of the board as soon as practicable after the appointment of each.

The treasurer of the county hospital shall receive and disburse all funds. Warrants shall be drawn by the secretary and countersigned by the chairperson of the board after the claim has been certified by the board. However, the board may adopt purchasing regulations to govern the purchase of specified goods and services without the prior certification of the board. The purchasing regulations shall conform to generally accepted practices followed by purchasing officers. The treasurer of the county hospital shall keep an accurate account of all receipts and disbursements and shall register all orders drawn and reported by the secretary, showing the number, date, to whom drawn, the fund upon which drawn, the purpose, and amount. The secretary of the board of trustees shall file with the board on or before the tenth day of each month, a complete statement of all receipts and disbursements from all funds during the preceding month, and also the balance remaining on hand in all funds at the close of the period covered by the statement. Before the fifteenth day of each month, the county treasurer shall give notice to the chairperson of the board of trustees of the amount of revenue collected for each fund of the hospital to the first day of that month and the county treasurer shall pay the taxes to the treasurer of the hospital as provided in section 331.552, subsection 29.

The board of hospital trustees may employ, fix the compensation of, and remove at pleasure professional, technical, and other employees as it deems necessary for the operation and maintenance of the hospital, and disbursement of funds for operation and maintenance shall be made upon order and approval of the board of hospital trustees. A county hospital may include a nurses home and nurses training school. The board of trustees

shall make all rules and regulations governing its meetings and the operation of the county hospital and shall fix charges for the services furnished so that the revenues will be at all times sufficient in the aggregate to provide for the payment of the interest on and principal of all revenue bonds issued and outstanding for the hospital, and for the payment of all operating and maintenance expenses of the hospital.

The board of hospital trustees may establish a fund for depreciation as a separate fund. Depreciation fund moneys may be invested in United States government bonds and the accumulation of interest on the bonds shall be used for the purposes of the depreciation fund. The moneys shall remain invested in the bonds until the board of hospital trustees determines the moneys shall be used for hospital purposes.

§347A.3 Tax for maintenance and operation.

If in any year, after payment of the accruing interest on and principal due of revenue bonds issued under chapter 331, division IV, part 4, and payable from the revenues derived from the operation of the county hospital, there is a balance of such revenues insufficient to pay the expenses of operation, maintenance, and funded depreciation of the hospital, the board of hospital trustees shall certify that fact as soon as ascertained to the board of supervisors of the county, and the board of supervisors shall make the amount of the deficiency for paying the expenses of operation, maintenance, and funded depreciation of the hospital available from other county funds or shall levy a tax not to exceed one dollar and eight cents per thousand dollars of assessed value in any one year on all the taxable property in the county in an amount sufficient for that purpose. However, general county funds or the proceeds of taxes may only be used and applied to pay expenses of operation, maintenance, and funded depreciation of the hospital which cannot be paid from available revenue derived from its operation.

A tax levied under this section for paying the expenses of operation, maintenance, and funded depreciation of a merged area hospital pursuant to the authority granted a merged area under section 145A.20, shall only be levied on the assessed value of property in that portion of a county which is part of the merged area, in accordance with the plan or merger established, approved, and implemented under sections 145A.3, 145A.4, 145A.5, and 145A.14.

349.1 Time of selection.  
The board of supervisors shall, at the January session each year, select the newspapers in which the official proceedings shall be published for the ensuing year.
[R60, §314; C73, §307; C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5397; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.1]

349.2 Source of selection.  
Such selection shall be from newspapers published, and having the largest number of bona fide yearly subscribers, within the county. When counties are divided into two divisions for district court purposes, each division shall be regarded as a county.
[C73, §307; C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5398; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.2]

349.3 Number.  
The number of such newspapers to be selected shall be as follows:
1. In counties having a population of less than fifteen thousand, two such newspapers, or one, if there be but one published therein.
2. In counties having a population of more than fifty thousand, divided into two divisions for court purposes, three such newspapers in each such division, not more than two of which shall be published in the same city.
3. In counties having a population of less than fifty thousand, divided into two divisions for court purposes, two such newspapers in each such division.
4. In all other counties, three such newspapers, not more than two of which shall be published in the same city.
[C73, §307; C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5399; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.3]

349.4 Application — contest.  
Any publisher who desires that the publisher's newspaper be so selected may make written application therefor to the board of supervisors at any time prior to the making of the selection. If more applications are filed than there are newspapers to be selected, a contest shall exist.
[C24, 27, 31, 35, 39, §5400; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.4]
349.5 Contest — verified statements.
In case of a contest, each applicant shall deposit with the county auditor, in a sealed envelope, a statement, verified by the applicant, showing the names of the applicant's bona fide yearly subscribers living within the county and the place at which each such subscriber receives such newspaper, and the manner of its delivery.
[C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5401; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.5]

349.6 Determination of contest — evidence.
The county auditor shall, on the direction of the board while it is in session, open said envelopes. The board may receive other evidence of circulation. In counties in which two newspapers are to be selected, the two newspapers showing the largest number of bona fide yearly subscribers living within the county shall be selected as such official newspapers. In counties in which three newspapers are to be selected, the three showing the largest number of such subscribers shall be selected except when such three newspapers are all published in the same city, in which case the two newspapers in such city having the largest lists of such subscribers and the newspaper having the next largest list of such subscribers and published outside such city, shall be selected as such official newspapers.

For purposes of this section, in counties where there are more newspapers than the number required for official county newspapers, newspapers under common ownership published in the same city, and having approximately the same subscriber list or offered for sale in or delivered to the same geographic area, shall be treated as one newspaper. Each such newspaper under common ownership should be considered eligible for publishing public notices, but such newspapers shall be treated as one newspaper for payment purposes to allow for flexibility in notice publication schedules.
[C97, §441; SS15, §441; C24, 27, 31, 35, 39, §5402; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.6]

349.7 Subscribers — how determined.
The board of supervisors shall determine the bona fide yearly subscribers of a newspaper within the county, as follows:
1. Those subscribers listed by the publisher whose papers are delivered, by or for the publisher, by mail or otherwise, upon an order or subscription for same by the subscriber, and in accordance with the postal laws and regulations, and who have been subscribers at least six consecutive months prior to date of application.
2. Those subscribers who have been subscribers at least six consecutive months before the date of application, whose papers are regularly delivered by carrier upon an order or subscription, or whose papers are purchased from the publisher for resale and delivery by independent carriers who have filed with the publisher a list of their subscribers.
[C39, §5402.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.7]

349.8 Tie lists.

349.9 Fraudulent lists.
No newspaper shall be selected as an official newspaper when it is made to appear that the verified list deposited by the applicant contains the names of persons who are not bona fide subscribers within the county and that such names were knowingly and willfully entered on such list by the applicant, or at the applicant's instance, with intent to deceive the board.
[SS15, §441; C24, 27, 31, 35, 39, §5404; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.9]

349.10 New date fixed if all rejected.
If all certified statements are rejected under the provisions of section 349.9, the board shall fix a new date for the selection of official newspapers and nothing herein shall be construed to prevent the applicants so rejected from filing new certified statements.
[SS15, §441; C24, 27, 31, 35, 39, §5405; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.10]

349.11 Appeal.
Any applicant may, within twenty days after the selection of official newspapers, appeal to the district court from the decision of the board of supervisors as to the selection of any or all newspapers so selected by filing in the office of the county auditor a bond for costs, in a sum and with sureties to be approved by said auditor, and by serving upon each applicant, whose selection the appellant desires to contest, and the county auditor, a notice of appeal.
[SS15, §441; C24, 27, 31, 35, 39, §5406; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §349.11]

349.15 Division of compensation.

3. The county auditor shall furnish a copy of the proceedings to be published, within one week following the adjournment of the board.

350.1 Purposes.
The purposes of this chapter are to create a county conservation board and to authorize counties to acquire, develop, maintain, and make available to the inhabitants of the county, public museums, parks, preserves, parkways, playgrounds, recreational centers, county forests, wildlife and other conservation areas, and to promote and preserve the health and general welfare of the people, to encourage the orderly development and conservation of natural resources, and to cultivate good citizenship by providing adequate programs of public recreation.

350.2 Petition — board membership.
Upon a petition to the board of supervisors which meets the requirements of section 331.306, the board shall submit to the voters at the next general election the question of whether a county conservation board shall be created as provided for in this chapter. If at the election the majority of votes favors the creation of a county conservation board, the board of supervisors within sixty days after the election shall create a county conservation board to consist of five bona fide residents of the county. The members first appointed shall hold office for the term of one, two, three, four, and five years respectively, as indicated and fixed by the board of supervisors. Thereafter, succeeding members shall be appointed for a term of five years, except that vacancies occurring otherwise than by expiration of term shall be filled by appointment for the unexpired term. When a member of the board, during the term of office, ceases to be a bona fide resident of the county, the member is disqualified as a member and the office becomes vacant. Members of the board shall be selected and appointed on the basis of their demonstrated interest in conservation matters, and shall serve without compensation, but may be paid their actual and necessary expenses incurred in the performance of their official duties. Members of the county conservation board may be removed for cause by the board of supervisors as provided in section 331.321, subsection 3, if the cause is malfeasance, nonfeasance, disability, or failure to participate in board activities as set forth by the rules of the conservation board.

350.3 Meetings — records — annual report.
Within thirty days after the appointment of members of the board, the board shall organize by selecting from its members a president and secretary and such other officers as are deemed necessary, who shall hold office for the calendar year in which elected and until their successors are selected and qualify. Three members of the board shall constitute a quorum for the transaction of business. The board shall hold regular monthly meetings. Special meetings may be called by the president, and shall be called on the request of a majority of members, as the necessity may require. The county conservation board shall have power to adopt bylaws, to adopt and use a common seal, and to enter into contracts. The county board of supervisors shall provide suitable offices for the meetings of the county conservation board and for the safekeeping of its records. Such records shall
be subject to public inspection at all reasonable hours and under such regulations as the county conservation board may prescribe. The board shall annually make a full and complete report to the county board of supervisors of its transactions and operations for the preceding year. Such report shall contain a full statement of its receipts, disbursements, and the program of work for the period covered, and may include such recommendations as may be deemed advisable.

The county conservation board shall have the custody, control and management of all real and personal property heretofore or hereafter acquired by the county for public museums, parks, preserves, parkways, playgrounds, recreation centers, county forests, county wildlife areas, and other county conservation and recreation purposes and is authorized and empowered:

1. To study and ascertain the county’s museum, park, preserve, parkway, and recreation and other conservation facilities, the need for such facilities, and the extent to which such needs are being currently met, and to prepare and adopt a co-ordinated plan of areas and facilities to meet such needs.

2. To acquire in the name of the county by gift, purchase, lease, agreement, exchange, or otherwise, in fee or with conditions, suitable real estate within or without the territorial limits of the county for public museums, parks, preserves, parkways, playgrounds, recreation centers, forests, wildlife, and other conservation purposes and for participation in watershed, drainage, and flood control programs for the purpose of increasing the recreational resources of the county. The natural resource commission, the county board of supervisors, or the governing body of any city, upon request of the county conservation board, may transfer to the county conservation board for use as museums, parks, preserves, parkways, playgrounds, recreation centers, play fields, tennis courts, skating rinks, swimming pools, gymnasiums, rooms for arts and crafts, camps and meeting places, community forests, wildlife areas, and other recreational purposes, any land and buildings owned or controlled by the department of natural resources or the county or city and not devoted or dedicated to any other inconsistent public use. In acquiring or accepting land, due consideration shall be given to its scenic, historic, archaelogic, recreational, or other special features, and land shall not be acquired or accepted unless, in the opinion of the board, it is suitable or, in the case of exchange, is suitable and of substantially the same value as the property exchanged from the standpoint of its proposed use. An exchange of property approved by the county conservation board and the board of supervisors is not subject to section 331.361, subsection 2.

3. To accept in the name of the county gifts, bequests, contributions and appropriations of money and other personal property for conservation purposes.

4. To plan, develop, preserve, administer and maintain all such areas, places and facilities, and construct, reconstruct, alter and renew buildings and other structures, and equip and maintain the same.

5. To operate concessions or to lease concessions and to let out and rent privileges in or upon any property under its control upon such terms and conditions as are deemed advisable.

6. To employ and fix the compensation of a director who shall be responsible to the county conservation board for the carrying out of its policies. The director, subject to the approval of the board, may employ and fix the compensation of assistants and employees as necessary for carrying out this chapter.

7. To charge and collect reasonable fees for the use of the parks, facilities, privileges and conveniences as may be provided and for admission to amateur athletic contests, demonstrations and exhibits, and other noncommercial events. The board shall not allow the exclusive use of a park by one or more organizations.

8. To operate concessions or to lease concessions and to let out and rent privileges in or upon any property under its control upon such terms and conditions as are deemed by it to be in the public interest.

9. To participate in watershed projects of soil and water conservation districts and the federal government and in projects of drainage districts organized under the provisions of chapter 161F and chapter 468, subchapter I, parts 1 through 5, and subchapter II, parts 1, 5, and 6, for the purpose of increasing the recreational resources of the county.

Any agreement for such participation by or with a board of supervisors or trustees concerning drainage districts shall be in writing, shall be duly adopted by a resolution of the board of supervisors or trustees and shall be spread in its entirety upon the permanent records of the drainage district or districts affected.

10. To furnish suitable uniforms for the director and those employees as the director may designate to wear uniforms, when on official duty. The cost of the uniforms shall not exceed three hundred dollars per person in any year. The uniforms shall at all times remain the property of the county.
§350.5 Regulations — penalty — officers.
The county conservation board may make, alter, amend or repeal regulations for the protection, regulation, and control of all museums, parks, preserves, parkways, playgrounds, recreation centers, and other property under its control. The regulations shall not be contrary to, or inconsistent with, the laws of this state. The regulations shall not take effect until ten days after their adoption by the board and after their publication as provided in section 331.305 and after a copy of the regulations has been posted near each gate or principal entrance to the public ground to which they apply. After the publication and posting, a person violating a provision of the regulations which are then in effect is guilty of a simple misdemeanor. The board may designate the director and those employees as the director may designate as police officers who shall have all the powers conferred by law on police officers, peace officers, or sheriffs in the enforcement of the laws of this state and the apprehension of violators upon all property under its control within and without the county. The board may grant the director and those employees of the board designated as police officers the authority to enforce the provisions of chapters 321G, 321I, 461A, 462A, 481A, and 483A on land not under the control of the board within the county. The board of supervisors may periodically credit an amount of money to the reserve. Moneys credited to the reserve shall remain in the reserve until expended for the projects upon warrants requisitioned by the county conservation board. The interest earned on moneys received from bequests and donations in the reserve account which are invested pursuant to section 12C.1 shall be credited to the reserve account.

Annually, the total amount of money credited to the reserve, plus moneys appropriated for conservation purposes from sources other than the reserve, shall not be less than the amount of gifts, contributions, and bequests of money, rent, licenses, fees, charges, and other revenues received by the county conservation board. However, moneys given, bequeathed, or contributed upon specified trusts shall be held, appropriated, and expended in accordance with the trust specified.

Grants provided by the natural resource commission from its county conservation board fund shall be expended solely for the purposes of carrying out the provisions of this chapter.

The county auditor shall keep a complete record of the appropriations and shall issue warrants on them only on requisition of the county conservation board. The county conservation board is subject to the contract letting procedures in section 331.341, subsections 1, 2, and 4. Any city, village, or school district may aid and cooperate with any county conservation board or any combination of boards in equipping, operating, and maintaining museums, parks, preserves, parkways, playgrounds, recreation centers, and conservation areas, and for providing, conducting, and supervising programs of activities, and may appropriate money for such purposes. The natural resource commission, county engineer, county agricultural agent, and other county officials shall render assistance which does not interfere with their regular employment. The board of supervisors may be reimbursed to the credit of the proper fund from county conservation funds for actual expense of operation of county-owned equipment, use of county equipment operators, supplies, and materials of the county, or for the reasonable value for the use of county real estate made available for the use of the county conservation board. CHAPTER 352
COUNTY LAND PRESERVATION AND USE COMMISSIONS

Chapter does not invalidate ordinances existing on July 1, 1982, or require adoption of zoning ordinance; see 82 Acts, ch 1245, §20
This chapter not enacted as a part of this title; transferred from chapter 176B in Code 1993

352.1 Purpose.
It is the intent of the general assembly and the policy of this state to provide for the orderly use and development of land and related natural resources in Iowa for residential, commercial, industrial, and recreational purposes, preserve private property rights, protect natural and historic resources and fragile ecosystems of this state including forests, wetlands, rivers, streams, lakes and their shorelines, aquifers, prairies, and recreational areas to promote the efficient use and conservation of energy resources, to promote the creation and maintenance of wildlife habitat, to consider the protection of soil from wind and water erosion and preserve the availability and use of agricultural land for agricultural production, through processes that emphasize the participation of citizens and local governments.

The general assembly recognizes the importance of preserving the state's finite supply of agricultural land. Conversion of farmland to urban development, and other nonfarm uses, reduces future food production capabilities and may ultimately undermine agriculture as a major economic activity in Iowa.

It is the intent of the general assembly to provide local citizens and local governments the means by which agricultural land may be protected from nonagricultural development pressures. This may be accomplished by the creation of county land preservation and use plans and policies, adoption of an agricultural land preservation ordinance, or establishment of agricultural areas in which substantial agricultural activities are encouraged, so that land inside these areas or subject to those ordinances is conserved for the production of food, fiber, and livestock, thus assuring the preservation of agriculture as a major factor in the economy of this state.

An agricultural area, at its creation, shall include at least three hundred acres of farmland; however, a smaller area may be created if the farmland is adjacent to farmland subject to an agricultural land preservation ordinance pursuant to section 352.27 or adjacent to land located within an existing agricultural area. The proposal shall include a description of the proposed area to be created or expanded, including its boundaries. The territory shall be as compact and as nearly adjacent as feasible. Land shall not be included in an agricultural area without the consent of the owner. Agricultural areas shall not exist within the corporate limits of a city. The county board may consult with the department of natural resources when creating or expanding an agricultural area contiguous to a location which is under the direct supervision of the department, including a state park, state preserve, state recreation area, or sovereign lake. Agricultural areas may be created in a county which has adopted zoning ordinances. Except as provided in this section, the use of the land in agricultural areas is limited to farm operations.

   b. The use does not interfere seriously with farm operations within the area.
   c. The use does not materially alter the stabil-
352.7 Duties of county board.
1. Within forty-five days after receipt of the proposal, the county board shall hold a public hearing on the proposal.
2. Within sixty days after receipt, the county board shall adopt the proposal or any modification of the proposal it deems appropriate, unless to do so would be inconsistent with the purposes of this chapter.

352.8 Requirement that description of agricultural areas be filed with the county.
Upon the creation or expansion of an agricultural area, its description shall be filed by the county board with the county auditor and placed on record with the recording officer in the county.

352.9 Withdrawal.
At any time after three years from the date of creation of an agricultural area, an owner may withdraw from an agricultural area by filing with the county board a request for withdrawal containing a legal description of the land to be withdrawn and a statement of the reasons for the withdrawal. The county board shall, within sixty days of receipt of the request, approve or deny the request for withdrawal. At any time after six years from the date of creation of an agricultural area, an owner may withdraw from an agricultural area by filing with the county board a notice of withdrawal containing a legal description of the land to be withdrawn.

The board shall cause the description of that agricultural area filed with the county auditor and recording officer in the county to be modified to reflect any withdrawal. Withdrawal shall be effective on the date of recording. The agricultural area from which the land is withdrawn shall continue in existence even if smaller than three hundred acres after withdrawal.

352.11 Incentives for agricultural land preservation — payment of costs and fees in nuisance actions.
1. Nuisance restriction.
   a. A farm or farm operation located in an agricultural area shall not be found to be a nuisance regardless of the established date of operation or expansion of the agricultural activities of the farm or farm operation. This paragraph shall apply to a farm operation conducted within an agricultural area for six years following the exclusion of land within an agricultural area other than by withdrawal as provided in section 352.9.
   b. Paragraph "a" does not apply to a nuisance which is the result of a farm operation determined to be in violation of a federal statute or regulation or state statute or rule. Paragraph "a" does not apply if the nuisance results from the negligent operation of the farm or farm operation. Paragraph "a" does not apply to actions or proceedings arising from injury or damage to a person or property caused by the farm or a farm operation before the creation of the agricultural area. Paragraph "a" does not affect or defeat the right of a person to recover damages for an injury or damage sustained by the person because of the pollution or change in condition of the waters of a stream, the overflowing of the person's land, or excessive soil erosion onto another person's land, unless the injury or damage is caused by an act of God.
   c. A person shall not bring an action or proceeding based on a claim of nuisance arising from a farm operation unless the person proceeds with mediation as provided in chapter 654B.
   d. If a defendant is a prevailing party in an action or proceeding based on a claim of nuisance arising from a farm operation determined to be in violation of a federal statute or regulation or state statute or rule, the court shall provide notice of the claim of nuisance arising from a farm operation and the mediation process as provided in chapter 654B.
and arising from a farm operation conducted on farmland within an agricultural area, the plaintiff shall pay court costs and reasonable attorney fees incurred by the defendant, if the court determines that the claim is frivolous.

2. Water priority. In the application for a permit to divert, store, or withdraw water and in the allocation of available water resources under a water permit system, the department of natural resources shall give priority to the use of water resources by a farm or farm operation, exclusive of irrigation, located in an agricultural area over all other uses except the competing uses of water for ordinary household purposes.

Standards for land surveys and plats, see also chapter 355

354.1 Statement of purpose.
It is the purpose of this chapter to provide for a balance between the review and regulation authority of governmental agencies concerning the division and subdivision of land and the rights of landowners. It is therefore determined to be in the public interest:
1. To provide for accurate, clear, and concise legal descriptions of real estate in order to prevent, wherever possible, land boundary disputes or real estate title problems.
2. To provide for a balance between the land use rights of individual landowners and the economic, social, and environmental concerns of the public when a city or county is developing or enforcing land use regulations.
3. To provide for statewide, uniform procedures and standards for the platting of land while allowing the widest possible latitude for cities and counties to establish and enforce ordinances regulating the division and use of land, within the scope of, but not limited to, chapters 331, 335, 364, 414, and this chapter. All documents presented for recording pursuant to this chapter shall comply with section 331.606B.
4. To encourage orderly community development and provide for the regulation and control of the extension of public improvements, public ser-

A conveyance of land is deemed to be a warranty that the description contained in the conveyance is sufficient certain and accurate for purposes of assessment, taxation, and entry on the transfer books and plat books required to be kept by the auditor. The description contained in a conveyance shall be sufficiently certain and accurate for assessment and taxation purposes if it provides sufficient information to allow all the boundaries to be accurately determined and does not overlap with or create a gap between adjoining land descriptions.

A recorded conveyance in violation of this chapter may be entered on the transfer books of the au-

1. The grantor of land which has been divided using a metes and bounds description shall have a plat of survey made of the division, except as provided for in subsection 3. The grantor or the surveyor shall contact the county auditor who, for the purpose of assessment and taxation, shall review the division to determine whether the survey shall include only the parcel being conveyed or both the parcel being conveyed and the remaining parcel. The plat of survey shall be prepared in compliance with chapter 355 and shall be recorded. The plat shall be clearly marked by the surveyor as a plat of survey and shall include the following information for each parcel included in the survey:

a. A parcel letter or number designation approved by the auditor.

b. The names of the proprietors.

c. An accurate description of each parcel.

d. The total acreage of each parcel.

e. The acreage of any portion lying within a public right-of-way.

2. The auditor shall note a permanent real estate index number upon each parcel shown on a plat of survey according to section 441.29 for real estate tax administration purposes. The surveyor shall not assign parcel letters or prepare a metes and bounds description for any parcel shown on a plat of survey unless the parcel was surveyed by the surveyor in compliance with chapter 355. Parcels within a plat of survey prepared pursuant to this section are subject to the regulations and ordinances of the governing body.

3. When land or rights in land are divided for right-of-way purposes by an agency of the government or other persons having the power of eminent domain and the description of the land or rights acquired is a metes and bounds description then an acquisition plat shall be made and attached to the description when the acquisition instrument is recorded. Acquisition plats shall be clearly marked as an acquisition plat and shall conform to the following:

a. Acquisition plats shall not be required to conform to the provisions of chapter 355.

c. The plat shall be signed and dated by a surveyor, bear the surveyor’s Iowa registration number and legible seal, and shall show a north arrow and bar scale.

If a parcel described as part of the United States public land survey system and not entirely within an official plat, lies within more than one forty-acre aliquot part of a section, the acreage shall be shown only for assessment and taxation purposes for each portion of the parcel that lies within each forty-acre aliquot part. The surveyor shall not be required to establish the location of the forty-acre aliquot line by survey but is required to use reasonable assumptions in determining its approximate location for assessment and taxation purposes.

5. Governmental agencies shall not be required to survey a remaining parcel when land is divided for right-of-way purposes and shall not be required to contact the auditor for approval of parcel designations shown on an acquisition plat.

354.6 Subdivision plats.

1. A subdivision plat shall be made when a tract of land is subdivided by repeated divisions or simultaneous division into three or more parcels, any of which are described by metes and bounds description for which no plat of survey is recorded. A subdivision plat is not required when land is divided by conveyance to a governmental agency for public improvements.

2. A subdivision plat shall have a succinct name or title that is unique, as approved by the auditor, for the county in which the plat lies. The auditor shall evidence the approval of such name or title in a statement that shall accompany the plat as provided in section 354.11. The plat shall include an accurate description of the land included in the subdivision and shall give reference to two section corners within the United States public land survey system in which the plat lies or, if the plat is a subdivision of any portion of an official plat, two established monuments within the official plat. Each lot within the plat shall be assigned a progressive number. Streets, alleys, parks, open areas, school property, other areas of public use, or areas within the plat that are set aside for future development shall be assigned a progressive letter and shall have the proposed use clearly designated. A strip of land shall not be reserved by the subdivider, unless the land is of sufficient size and shape to be of practical use or service as determined by the governing body. Progressive block numbers or letters may be assigned to groups of lots separated from other lots by streets or other physical features of the land. The surveyor shall not assign lot numbers or letters to a lot shown within a subdivision plat unless the lot has been surveyed by the surveyor in compliance with chapter 355. The auditor may note a permanent real estate index number upon each lot within a subdivision plat. Sufficient information, including dimensions and angles or bearings, shall be shown on the plat to accurately establish the boundaries of each lot, street, and easement. Easements necessary for the orderly development of the land within the plat shall be shown and the purpose of the easement shall be clearly stated.

3. If a subdivision plat, described as part of the United States public land survey system and not entirely within an official plat, lies within more than one forty-acre aliquot part of a section, the acreage shall be shown only for assessment and taxation purposes for the portion of the subdivision that lies within each forty-acre aliquot part of the section. The area of the irregular lots within the plat shall be shown and may be expressed in either acres, to the nearest one-hundredth acre, or square feet, to the nearest ten square feet. The surveyor shall not be required to establish the location of a forty-acre aliquot line by survey but is required to use reasonable assumptions in determining its approximate location for assessment and taxation purposes.

354.8 Review and approval by governing bodies.

A proposed subdivision plat lying within the jurisdiction of a governing body shall be submitted to that governing body for review and approval prior to recording. Governing bodies shall apply reasonable standards and conditions in accordance with applicable statutes and ordinances for the review and approval of subdivisions. The governing body, within sixty days of application for final approval of the subdivision plat, shall determine whether the subdivision conforms to its comprehensive plan and shall give consideration to the possible burden on public improvements and
to a balance of interests between the proprietor, future purchasers, and the public interest in the subdivision when reviewing the proposed subdivision and when requiring the installation of public improvements in conjunction with approval of a subdivision. The governing body shall not issue final approval of a subdivision unless the subdivision plat conforms to sections 354.6, 354.11, and 355.8.

If the subdivision plat and all matters related to final approval of the subdivision plat conform to the standards and conditions established by the governing body, and conform to this chapter and chapter 355, the governing body, shall approve the plat and certify the resolution which shall be recorded with the plat. The Recorder shall refuse to accept a subdivision plat presented for recording without a resolution from each applicable governing body approving the subdivision plat or waiving the right to review.

A city may establish jurisdiction to review subdivisions or plats of survey outside its boundaries pursuant to the provisions of section 354.9. In the case of a city, the provisions of this section apply to the review by the city of both subdivision plats and plats of survey.

§354.9 Review of plats within two miles of a city.

1. If a city, which has adopted ordinances regulating the division of land, desires to review subdivision plats or plats of survey for divisions or subdivisions outside the city's boundaries, then the city shall establish by ordinance specifically referring to the authority of this section, the area subject to the city's review and approval. The area of review may be identified by individual tracts, by describing the boundaries of the area, or by including all land within a certain distance of the city's boundaries, which shall not extend more than two miles distance from the city's boundaries. The ordinance establishing the area of review or modifying the area of review by a city, shall be recorded in the office of the recorder and filed with the county auditor.

2. If a subdivision lies in a county, which has adopted ordinances regulating the division of land, and also lies within the area of review established by a city pursuant to this section, then the subdivision plat or plat of survey for the division or subdivision shall be submitted to both the city and county for approval. The standards and conditions applied by a city or county for review and approval of subdivisions within the city limits or shall be the standards and conditions for review and approval established by agreement of the city and county pursuant to chapter 28E. Either the city or county may, by resolution, waive its right to review the subdivision or waive the requirements of any of its standards or conditions for approval of subdivisions, and certify the resolution which shall be recorded with the plat.

3. If cities establish overlapping areas of review outside their boundaries, then the cities shall establish by agreement pursuant to chapter 28E reasonable standards and conditions for review of subdivisions within the overlapping area. If no agreement is recorded pursuant to chapter 28E then the city which is closest to the boundary of the subdivision shall have authority to review of the subdivision.

§354.10 Appeal of review or disapproval.

When application is made to a governing body for approval of a subdivision plat, the applicant or a second governing body, which also has jurisdiction for review, may be aggrieved by any of the following:

1. The requirements imposed by a governing body as a condition of approval.
2. The governing body exceeding the time for review established by ordinance.
3. The denial of the application.
4. Failure of the governing body to approve or reject a subdivision plat within sixty days from the date of application for final approval.

If the plat is disapproved by the governing body, such disapproval shall state how the proposed plat is objectionable. The applicant has the right to appeal, within twenty days, the failure of the governing body to issue final approval of the plat as provided in this section.

The applicant or the aggrieved governing body has the right to appeal to the district court within twenty days after the date of the denial of the application or the date of the receipt by the applicant of the requirements for approval of the subdivision. Notice of appeal shall be served on the governing body in the manner provided for the service of original notice pursuant to the rules of civil procedure. The appeal shall be tried de novo as an equitable proceeding and accorded a preference in assignment so as to assure its prompt disposition.

§354.11 Attachments to subdivision plats.

A subdivision plat, other than an auditor's plat, that is presented to the recorder for recording shall conform to section 354.6 and shall not be accepted for recording unless accompanied by the following documents:

1. A statement by the proprietors and their
354.12 Bonds to secure liens.
A bond in double the amount of the lien shall be secured and recorded if a lien exists on the land included in a subdivision plat and the required consent of the lienholder is not attached for one of the following reasons:

1. The lienholder cannot be found, in which case an affidavit by the proprietor stating that the lienholder could not be found shall be recorded with the bond.

2. The lienholder will not accept payment or cannot, because of the nature of the lien, accept payment in full of the lien, in which case an affidavit by the lienholder stating that payment of the lien was offered but refused shall be recorded with the bond.

The bond shall run to the county and be for the benefit of purchasers of lots within the plat and shall be conditioned for the payment and cancellation of the debt as soon as practicable and to hold harmless purchasers or their assigns and the governing body from the lien.

Notice shall be served by mail and a certified copy of the notice shall be recorded. The auditor shall mail a copy of the notice to the applicable governing bodies. If the proprietors fail, within thirty days of the notice, to comply with the notice or file with the auditor a statement of intent to comply, the auditor shall contract with a surveyor to have a survey made of the property and have a plat of survey or an auditor’s plat recorded as necessary to comply with this chapter. A replat of any part of an official plat pursuant to section 354.25, or a recorded subdivision plat of any part of an existing official plat shall supersede that part of the original official plat, including unused public utility easements.

The recorder shall examine each plat of survey and subdivision plat to determine whether the plat is clearly legible and whether the approval by the applicable governing body and the other attachments required by this chapter are presented with the plat. The recorder shall also keep a reproducible copy of the plat from which legible copies can be made. The recorder may specify the material and the size of the plat, not less than eight and one-half inches by eleven inches, that will be accepted for recording in order to comply with this section. An approved dedication of land for street purposes by the proprietors establishes an easement for public access, whether or not a deed has been recorded or the improvement of the street is complete, except when the resolution approving the plat specifically sets
aside portions of the dedicated land as not being open for public access at the time of recording for public safety reasons. The recording of a subdivision plat shall dedicate to the public any utility, sewer, drainage, access, walkway, or other public easement shown on the plat.

The recording of an auditor's plat shall not serve to dedicate streets, alleys, parks, open areas, school property, public improvements, or utilities. The failure to show the existence of an easement or any public interest on the auditor's plat shall not remove or otherwise affect the interest.

Notice of the proposed vacation shall be published twice, with fourteen days between publications, stating the date, time, and place of the hearing.

The official plat or portion of the official plat shall be vacated upon recording of all of the following documents:

Recorded restrictions on the use of property within an official plat shall be modified or revoked by recording a consent to the modification or removal, signed and acknowledged by the proprietors and mortgagees within the official plat.

If an error or omission in the data shown on a recorded plat is detected by subsequent examinations or revealed by retracing the lines shown on the plat, the original surveyor or two surveyors certifying the error through independent surveys shall record an affidavit confirming that the error or omission was made. The affidavit shall describe the nature and extent of the error or omission and also describe the corrections or additions to be made to the plat and note a document reference number of the recorded plat. The recorder shall note on the record of the plat the word “corrected”, and note the document reference number of the recorded affidavit. A copy of the recorded affidavit shall be filed with the auditor and assessor. The affidavit shall raise a presumption from the date of recording that the purported facts stated in the affidavit are true, and after the lapse of three years from the date of recording the presumption shall be conclusive.

354.25 Survey and replat of official plats.
A survey of an official plat shall conform as nearly as possible to the original lot lines shown on the official plat. The surveyor may summon witnesses, administer oaths, and prepare affidavits and boundary line agreements as necessary in order to establish the location of property lines or lot lines. If a substantial error is discovered in an official plat or if it is found to be materially defective, a proprietor may petition the governing body which would have jurisdiction to approve the plat at the time the petition is filed for a replat of any part of the official plat. Notice of the proposed replat shall be served, in the manner of original notice as provided in Iowa rules of civil procedure, to the proprietors of record and holders of easements specifically recorded within the area to be replatted. The governing body has jurisdiction of the matter upon proof of publication of notice of the petition once each week for two weeks in a newspaper of general circulation within the area of the replat.

A replat of an official plat ordered by the governing body:
1. Shall be prepared by a surveyor pursuant to chapter 355 and recorded; and
2. Shall be exempt from the provisions of section 354.11; and
3. Shall have attached to the plat a statement by the surveyor that the replat is prepared at the direction of the governing body. The costs of the replat shall be presented to the auditor and assessed against the property included in the replat as provided for in section 354.17.

354.26 Corrections or changes to plats.
A vacation, correction, or replatting as provided for in this chapter shall be recorded and an exact copy shall be filed with the auditor and assessor. If a governing body changes the addresses or street names shown on an official plat, notice of the change shall note the name or other designation of each official plat affected and shall be filed with the recorder, auditor, and assessor. The recorder shall note the vacation, correction, or replatting on the index and record of the official plat or upon an attachment to the official plat for that purpose. The auditor shall make the proper changes on the plats required to be kept by the auditor.

#### 355.1 Definitions.

As used in this chapter unless the context otherwise requires:

1. “Corner” means a point at which two or more lines meet.
2. “Division” means dividing a tract or parcel of land into two parcels of land by conveyance or for tax purposes. The conveyance of an easement, other than a public highway easement, shall not be considered a division for the purpose of this chapter.
3. “Government lot” means a tract, within a section, which is normally described by a lot number as represented and identified on the township plat of the United States public land survey system.
4. “Land surveying” means surveying of land pursuant to chapter 542B.
5. “Lot” means a tract of land, generally a subdivision of a city or town block, represented and identified as a lot on a recorded plat.
6. “Meander line” means a traverse approximately along the margin of a body of water. A meander line provides data for computing areas and approximately locates the margin of the body of water. A meander line does not ordinarily determine or fix boundaries.
7. “Monument” means a physical structure which marks the location of a corner or other survey point.
8. “Offset line” means a supplementary traverse close to and approximately parallel with an irregular boundary line. An offset line provides data for computing areas and locates salient points on the irregular boundary line by measured distances referenced to the offset line.
9. “Plat of survey” means a graphical representation of a survey of one or more parcels of land, including a complete and accurate description of each parcel within the plat, prepared by a registered land surveyor.
10. “Subdivision” means a tract of land divided into three or more lots.
11. “Subdivision plat” means a graphical representation of the subdivision of land, prepared by a registered land surveyor, having a number or letter designation for each lot within the plat and a succinct name or title that is unique for the county where the land is located.
12. “Surveyor” means a registered land surveyor who engages in the practice of land surveying pursuant to chapter 542B.

C91, §114A.1
C93, §355.1

#### 355.2 Applicability.

This chapter applies to all agencies of the United States government, this state, or a political subdivision of this state and to all persons engaged in the practice of land surveying.

90 Acts, ch 1236, §2
C91, §114A.2
C93, §355.2

#### 355.3 Rules.

Pursuant to chapter 542B, the engineering and land surveying examining board may adopt rules consistent with the rules prescribed by the Acts of Congress and the instructions of the United States Secretary of the Interior.

90 Acts, ch 1236, §3
C91, §114A.3
C93, §355.3
355.4 Boundary location.
The surveyor shall acquire data necessary to retrace record title boundaries, center lines, and other boundary line locations in accordance with the legal descriptions including applicable provisions of chapter 650. The surveyor shall analyze the data and make a careful determination of the position of the boundaries of the parcel or tract of land being surveyed. The surveyor shall make a field survey, locating and connecting monuments necessary for location of the parcel or tract and coordinate the facts of the survey with the analysis and legal description. The surveyor shall place monuments marking the corners of the parcel or tract unless monuments already exist at the corners.

90 Acts, ch 1236, §4
C91, §114A.4
C93, §355.4

355.5 Measurements.
1. Measurements shall be made with instruments and methods capable of attaining the required accuracy for the particular problem involved.
2. Measurements as placed on plats shall be in conformance with the capabilities of the instruments used.
3. In a closed traverse the sum of the measured angles shall agree with the theoretical sum by a difference not greater than thirty seconds times the square root of the number of angles.
4. Distances shall be shown in decimal feet in accordance with the definition of the international foot. Distance measurements shall refer to the horizontal plane.

90 Acts, ch 1236, §5
C91, §114A.5
C93, §355.5

355.6 Monumentation.
1. The surveyor shall confirm the prior establishment of control monuments at each controlling corner on the boundaries of the parcel or tract of land being surveyed. If no control monuments exist, the surveyor shall place the monuments. Control monuments shall be constructed of reasonably permanent material solidly embedded in the ground and capable of being detected by commonly used magnetic or electronic equipment. The surveyor shall affix a cap of reasonably inert material bearing an embossed or stencil cut marking of the Iowa registration number of the surveyor to the top of each monument which the surveyor places.
2. Control monuments shall be placed at the following locations:
   a. Each corner and angle point of each lot, block, or parcel of land surveyed.
   b. Each point of intersection of the outer boundary of the survey with an existing or created right-of-way line of a street, railroad, or other way.
   c. Each point of curve, tangency, reversed curve, or compounded curve on each right-of-way line established.
3. If the placement of a monument required by this chapter at the prescribed location is impractical, a reference monument shall be established near the prescribed location. If a point requiring monumentation has been previously monumented, the existence of the monument shall be confirmed by the surveyor.
4. At least a minimum number of two survey control monuments are required to be placed before the recording of a subdivision provided the surveyor includes in the surveyor's statement a declaration that additional monuments shall be placed before a date specified in the statement or within one year from the date the subdivision is recorded, whichever is earlier.

C91, §114A.6

355.7 Plats of survey.
A plat of survey shall be made, showing information developed by the survey, for each land survey performed for the purpose of correcting boundaries, correcting descriptions of surveyed land, or for the division of land. Each plat of survey shall conform to the following provisions:
1. The original plat drawing shall remain the property of the surveyor.
2. The size of each plat sheet shall not be less than eight and one-half inches by eleven inches.
3. The scale of the plat drawing shall be clearly stated and graphically illustrated by a bar scale on every plat sheet.
4. An arrow indicating the northern direction shall be shown on each plat sheet.
5. The plat shall show that the survey is tied to a physically monumented land line which is identified by two United States public land survey system corners, or by two physically monumented corners of a recorded subdivision.
6. The plat shall show the lengths and bearings of the boundaries of the parcels surveyed. The course of each boundary line shown on the plat may be indicated by a direct bearing reference or by an angle between the boundary line and an intersecting line having a shown bearing, except when the boundary line has an irregular or constantly changing course, as along a body of water, or when a description of the boundary line is better achieved by measurements shown at points or intervals along a meander line or an offset line having a shown course. The bearings shall be referenced to a United States public land survey system land line, or recorded subdivision line. If the boundary lines show bearings, lengths, or locations which vary from those recorded in deeds, abutting plats, or other instruments of record, the following note shall be placed along the lines: "Recorded as (show recorded bearing, length, or
355.8 Plats for subdivisions.

Subdivision plats shall conform to the following provisions where applicable:

1. The original plat drawing shall remain the property of the surveyor.
2. The size of each plat sheet shall not be less than eight and one-half inches by eleven inches.
3. If more than one sheet is used, each sheet shall display both the number of the sheet and the total number of sheets included in the plat, and clearly labeled match lines indicating where the other sheets adjoin. An index shall be provided to show the relationship between the sheets.
4. The scale of the plat drawing shall be clearly stated and graphically illustrated by a bar scale on every plat sheet.
5. Each subdivision plat shall be designated, by name or as otherwise prescribed, in bold letters inside the margin at the top of each plat sheet.
6. An arrow indicating the northern direction shall be shown on each plat sheet.
7. The plat shall show that the subdivision is tied to a physically monumented land line which is identified by two United States public land survey system corners, or by two physically monumented corners of a recorded subdivision.
8. The plat shall show the lengths and bearings of the boundaries of the tracts surveyed. The course of each boundary line shown on the plat may be indicated by a direct bearing reference or by an angle between the boundary line and an intersecting line having a shown bearing, except when the boundary line has an irregular or constantly changing course, as along a body of water, or when a description of the boundary line is better achieved by measurements shown at points or intervals along a meander line or an offset line having a shown course. The bearing shall be referenced to a United States public land survey system land line, or recorded subdivision line. If the boundary lines show bearings, lengths, or locations which vary from those recorded in deeds, abutting plats, or other instruments of record, the following note shall be placed along the lines: “recorded as (show recorded bearing, length, or location)". Bearings and angles shown shall be given to at least the nearest minute of arc.
9. The plat shall show and identify all monuments necessary for the location of the tracts and shall indicate whether the monuments were found or placed.
10. If United States public land survey system corners control the land description, the corners shall be clearly identified on the plat including a description of the monumentation and shall indicate whether the monuments were found or placed.
11. Control monuments shall be adequately described and clearly identified on the plat and noted as found or placed. If additional monuments are to be placed subsequent to the recording of a subdivision as provided in section 355.6, the location of the additional monuments shall be shown on the plat.
12. Distance shall be shown in decimal feet in accordance with the definition of the international foot. Distance measurements shall refer to the horizontal plane.
13. Curve data shall be stated in terms of radius, central angle, and length of curve, and as otherwise specified by local ordinance. In all cases, the curve data must be shown for the line affected.
14. The unadjusted error of closure shall not be greater than one in five thousand for an individual parcel.
15. If any part of the surveyed land is bounded by an irregular line, that part shall be enclosed by a meander line or an offset line showing complete data with distances along all lines extending beyond the enclosure to the irregular boundary, and shown with as much certainty as can be determined or as “more or less", if variable. In all cases, the true boundary shall be clearly indicated on the plat.
16. The plat shall be captioned to show the date of the survey, and shall be accompanied by a description of the parcel.
17. The plat shall contain a statement by a surveyor that the work was done and the plat was prepared by the surveyor or under the surveyor’s direct personal supervision, shall be signed and dated by the surveyor, and shall bear the surveyor’s Iowa registration number and legible seal.

90 Acts, ch 1236, §7

C93, §355.7
the definition of the international foot. Distance measurements shall refer to the horizontal plane.
14. Curve data shall be stated in terms of radius, central angle, and length of curve. Unless otherwise specified by local ordinance, curve data for streets of uniform width need only be shown with reference to the center line and lots fronting on such curves need only show the chord bearing and distance of the part of the curve included in the lot boundary. Otherwise, the curve data shall be shown for the line affected.
15. The unadjusted error of closure shall not be greater than one in ten thousand for subdivision boundaries and shall not be greater than one in five thousand for an individual lot.
16. If part of the surveyed land is bounded by an irregular line, that part shall be enclosed by a meander line or an offset line showing complete data with distances along all lines extending beyond the enclosure to the irregular boundary, and shown with as much certainty as can be determined or as “more or less”, if variable. In all cases, the true boundary shall be clearly indicated on the plat.
17. Interior excepted parcels shall be clearly indicated and labeled, “not a part of this survey (or subdivision)”.
18. Adjoining properties shall be identified, and if the adjoining properties are a part of a recorded subdivision, the name of that subdivision shall be shown. If the survey is a subdivision of a portion of a previously recorded subdivision plat, sufficient ties shall be shown to controlling lines appearing on such plat to permit a comparison to be made.
19. The purpose of any easement shown on the plat shall be clearly stated.
20. The purpose of areas dedicated to the public shall be clearly indicated on the plat.
21. The plat shall be accompanied by a description of the land included in the subdivision and shall contain a statement by the surveyor that the work was done and the plat was prepared by the surveyor or under the surveyor’s direct personal supervision and shall be signed and dated by the surveyor and bear the surveyor’s Iowa registration number and legible seal.

§355.10 Record.
1. The surveyor shall record a plat and description with the county recorder no later than thirty days after signature on the plat by the surveyor if the survey was made for one of the following purposes:
   a. To correct boundaries and descriptions of land.
   b. For the division of land.
2. The plat and description shall show distinctly what piece of land was surveyed, the surveyor, and the date of the survey.
3. The thirty-day requirement shall not apply to subdivision plats.

   C91, §114A.10
   C93, §355.10

§355.11 United States public land survey corner certificate.
1. A United States public land survey corner certificate shall be prepared as part of any land surveying which includes the use of a United States public land survey system corner, having the status of a corner of a quarter-quarter section or larger aliquot part of a section, if one or more of the following conditions exist:
   a. There is no certificate for the corner on file with the recorder of the county in which the corner is located.
   b. The surveyor in responsible charge of the land surveying accepts a corner position which differs from that shown in the public records of the county in which the corner is located.
   c. The corner monument is replaced or modified in any way.
   d. The reference ties referred to in an existing public record are not correct.
2. The surveyor shall record the required certificate with the recorder and forward a copy to the county engineer of the county in which the corner is located within thirty days after completion of the surveying. The certificate shall comply with the following requirements:
   a. The size of the sheet or sheets making up
the certificate shall not be less than eight and one-
half inches by eleven inches.

h. The identity of the corner, with reference to
the United States public land survey system, shall
be clearly indicated.

c. The certificate shall contain a narrative ex-
plaining the reason for preparing the certificate,
the evidence and detailed procedures used in es-
tablishing the corner position, and the monu-
mentation found or placed perpetuating the cor-
ner position including reference monumentation.

d. The certificate shall contain a plan-view
site drawing depicting the relevant monuments,
physical surroundings, and reference ties in suf-
cient detail to enable recovery of the corner.

e. The certificate shall contain at least three
reference ties, measured to the nearest one-hun-
dredth of a foot from the corner to durable physical
objects near the corner, which are located so that
the intersection of any two of the ties will yield a
strong corner position recovery.

f. The certificate shall contain a statement by
the surveyor that the work was done and the cer-
tificate was prepared by the surveyor or under the
surveyor’s direct personal supervision and shall
be signed and dated by the surveyor and bear the
surveyor’s Iowa registration number and seal.

§355.12 Indexing of survey documents by
recorder.
The recorder shall index survey documents and
United States public land corner certificates by
township, range, and section number. If the sur-
vey is in a recorded subdivision, the recorder shall
also index the document alphabetically by subdi-
vision name.

§355.13 Surveys authorized by the United
States government.
1. A person employed in the execution of a sur-
vay authorized by the United States government
may enter upon lands within this state for the pur-
pose of exploring, triangulating, leveling, survey-
ing, and doing any other work necessary to carry
out the objects of laws relative to surveys, and may
establish permanent station marks, and erect the
necessary signals and temporary observatories,
doing no unnecessary injury thereby.

2. If the parties interested cannot agree upon
the amount to be paid for damages caused by entry
upon lands pursuant to subsection 1, either of
them may petition the district court in the county
in which the land is situated and the district court
shall appoint a time for a hearing. The district
court shall order at least twenty days’ notice to be
given to all interested parties, and, with or with-
out a view of the premises as the court may deter-
mine, hear the parties and their witnesses and as-
sses damages.

3. The person entering upon land, pursuant to
subsection 1, may tender to the injured party dam-
ages caused thereby, and if, in case of petition or
complaint to the district court, the damages final-
ly assessed do not exceed the amount tendered,
the person entering shall recover costs. Other-
wise, the prevailing party shall recover costs.

4. The costs to be allowed in cases taken pur-
suant to this section shall be the same as allowed
according to the rules of the court and provisions
of law relating to costs.

90 Acts, ch 1236, §13
C91, §114A.13
C93, §355.13

§355.14 Federal surveys — defacement.
If a person willfully defaces, injures, or removes
a signal, monument, building, or other property of
the United States national geodetic survey, or the
United States geological survey, constructed or
used under the federal law, the person is subject to
a civil penalty not exceeding fifty dollars for each
offense, and is liable for damages sustained by the
United States in consequence of the defacing, inju-
ry, or removal, to be recovered in a civil action in
any court of competent jurisdiction.

90 Acts, ch 1236, §14
C91, §114A.14
C93, §355.14

§355.15 Reserved.

IOWA PLANE COORDINATE SYSTEM

§355.16 Iowa plane coordinate system de-
defined.
As used in this section, and sections 355.17
through 355.19, unless the context otherwise re-
quires, “Iowa plane coordinate system” or “coordi-
nate system” means the system of plane coordi-
nates established by the United States national
ocean survey, or the United States national geo-
detic survey, or a successor agency, for defining
and stating the geographic positions or locations
of points on the surface of the earth within the
state of Iowa.

93 Acts, ch 50, §1

§355.17 Designation of coordinate zones.
The Iowa plane coordinate system is divided
into two zones designated as follows:
1. a. The area now included in the following
counties constitutes the north zone: Allamakee,
Benton, Black Hawk, Boone, Bremer, Buchanan,
Buena Vista, Butler, Calhoun, Carroll, Cerro Gor-
do, Cherokee, Chickasaw, Clay, Clayton, Craw-
ford, Delaware, Dickinson, Dubuque, Emmet,
§355.17, STANDARDS FOR LAND SURVEYING

b. The coordinate system north zone is a Lambert conformal conic projection of the North American datum of 1983, having standard parallels at north latitudes forty-two degrees, four minutes, and forty-three degrees, sixteen minutes, along which parallels the scale shall be exact. The origin of coordinates is at the intersection of the meridian ninety-three degrees west of Greenwich, and the parallel forty degrees, zero minutes north latitude. This origin is given the coordinates: \( x = \text{five hundred thousand meters exact} \) and \( y = \text{zero meters exact} \).

93 Acts, ch 50, §2; 93 Acts, ch 180, §78

§355.18 Identification of geographic locations.

The plane coordinate values for a point on the earth’s surface used to express the geographic position or location of the point in the appropriate zone of the coordinate system shall consist of two distances expressed in meters and decimals of a meter. One of these distances, to be known as the “x-coordinate”, shall give the position in an east-and-west direction; the other, to be known as the “y-coordinate”, shall give the position in a north-and-south direction. These coordinates shall be made to depend upon and conform to plane rectangular coordinate values for the monumented points of the North American horizontal geodetic control network as published by the United States national ocean survey, or the United States national geodetic survey, or a successor agency. Any monumented point may be used for establishing a survey connection to the coordinate system.

93 Acts, ch 50, §3

§355.19 Application of terms.

The use of the term “Iowa plane coordinate system north zone” or “Iowa plane coordinate system south zone” on a map, report of survey, or other document shall be limited to coordinates based on the Iowa plane coordinate system as defined in this chapter.

356.1 How used.
1. The jails in the several counties in the state shall be in the charge of the respective sheriffs and used as prisons:
   a. For the detention of persons charged with an offense and committed for trial or examination.
   b. For the detention of persons who may be committed to secure their attendance as witnesses on the trial of a criminal cause.
   c. For the confinement of persons under sentence, upon conviction for any offense, and of all other persons committed for any cause authorized by law.
   d. For the confinement of persons subject to imprisonment under the ordinances of a city.
2. The provisions of this section extend to persons detained or committed by authority of the courts of the United States as well as of any state.

356.2 Duty.
The sheriff shall have charge and custody of the prisoners in the jail or other prisons of the sheriff’s county, and shall receive those lawfully committed, and keep them until discharged by law.

356.3 Minors separately confined.
Any sheriff, city marshal, or chief of police, having in the officer’s care or custody any prisoner under the age of eighteen years, shall keep such prisoner separate and apart, and prevent communication by such prisoner with prisoners above that age, while such prisoners are not under the personal supervision of such officer; if suitable buildings or jails are provided for that purpose, unless such prisoner is likely to or does exercise an immoral influence over other minors with whom the prisoner may be imprisoned.

A person under the age of eighteen years prosecuted under chapter 232 and not waived to criminal court shall be confined in a jail only under the conditions provided in chapter 232.

356.4 Separation of men and women.
All jails shall be equipped with separate cells for men and women. Men and women prisoners shall not be allowed in the same cell within a jail at the same time.

356.5 Keeper’s duty.

1. See that the jail is kept in a clean and healthful condition.
2. Furnish each prisoner with necessary bedding, clothing, towels, fuel, and medical aid.
3. Serve each prisoner three times each day with an ample quantity of wholesome food.
4. Furnish each prisoner sufficient clean, fresh water for drinking purposes and for personal use.
5. Keep an accurate account of the items furnished each prisoner.
6. Keep a matron on the jail premises at all times during the incarceration of one or more female prisoners; keep either a jailer or matron on the premises at all times during the incarceration of one or more male prisoners, and make nighttime inspections while any prisoners are confined, or provide for incarceration in a jail which conforms to the provisions of this subsection.

356.6 Sheriff’s duty.
The sheriff must keep an accurate calendar of each prisoner committed to the sheriff’s care, which shall contain the prisoner’s name, place of abode, the day and hour of commitment and discharge, the cause and term of commitment, the authority that committed the prisoner; and a descrip-
tion of the prisoner, a statement of the prisoner’s occupation, education, and general habits. When any prisoner is discharged, such calendar must show the day and hour when and the authority by which it took place, and if a person escapes, it must state particularly the time and manner thereof.

$356.7$ Charges for administrative costs and room and board — enforcement procedures.

1. The county sheriff, or a municipality operating a temporary municipal holding facility or jail, may charge a prisoner who is eighteen years of age or older and who has been convicted of a criminal offense or sentenced for contempt of court for violation of a domestic abuse order for the actual administrative costs relating to the arrest and booking of that prisoner, for room and board provided to the prisoner while in the custody of the county sheriff or municipality, and for any medical aid provided to the prisoner under section $356.5$. Moneys collected by the sheriff or municipality under this section shall be credited respectively to the county general fund or the city general fund and distributed as provided in this section. The sheriff or municipality may choose to enforce the claim in the manner provided in chapter 626. Once approved by the court, the claim for the amount owed by the person shall have the force and effect of a judgment for purposes of enforcement by the sheriff or municipality. The sheriff shall not have charge or custody of a person detained or confined in such facility or transferred thereto. Such facility need not contain cells, cell blocks, or bars, if it is not necessary for the protection of the public, as determined by the board.
[C73, 75, 77, 79, 81, §356A.1]

356A.2 Contract.
If the board of supervisors contracts with a public or private nonprofit agency or corporation for the establishment and maintenance of such a facility, the contract shall state the charge per person per day to be paid by the county; that each facility shall insure the performance of the duties of the keeper as defined in section 356.5; the activities and service to be provided those detained or confined; the extent of security to be provided in the best interests of the community; the maximum number of persons that can be detained or committed at any one time; the number of employees to be provided by the contracting private nonprofit agency or corporation for the maintenance, supervision, control, and security of persons detained or confined in the facility; and any other matters deemed necessary by the supervisors. A contract shall be for a period not to exceed two years. The board of supervisors shall deliver a copy of the contract to each judicial officer of the district which includes that county.

356A.3 Alternative confinement of prisoners.
A district judge may sentence and commit a person to a facility established and maintained pursuant to section 356A.1 or 356A.2 instead of the county jail. A district judge may order the transfer of a person sentenced and committed to the county jail to such a facility upon the judge's own motion, the motion of the sentenced and committed person, or the motion of the sheriff. The original order of commitment or the order of transfer to the facility shall set forth the terms and conditions of the detention or commitment and that the detained or committed person shall abide by the terms and conditions of this chapter and the rules of the facility to which committed or transferred. The order shall be read to the detained, committed, or transferred person in open court. The committing court or a district judge may order a person who has been detained, committed, or transferred to such a facility to be transferred to the county jail if, upon hearing, the court determines the person has been refractory or disorderly, has willfully destroyed or injured any property in the facility, or has violated any of the terms and conditions of the order of detention, commitment, or transfer or the provisions of this chapter or the rules of the facility where the person was detained or committed. Any violations of the order of detention, commitment, or transfer shall further be punished as contempt of court pursuant to chapter 665. Section 719.4 is applicable to any person detained, committed, or transferred to a facility established and maintained pursuant to this chapter. The county or city to which the cause originally belonged is liable for the expense of the original detention, commitment, or transfer and the subsequent expenses of maintaining the person in the facility.

356A.4 Work release.
A person detained, committed, or transferred to a facility established and maintained pursuant to section 356A.1 or 356A.2, may further be released from such facility during necessary and reason-
able hours, by court order, for the purposes stated in section 356.26. Such release and any wages earned shall be governed by the provisions of sections 356.27 to 356.35 except that during such time the released person shall not be in the legal custody of the sheriff; any wages earned shall be collected, managed, and dispensed by the person in charge of the facility and not the sheriff; and any wages earned shall first be applied to the reasonable cost of housing such person in the facility.

356A.5 Calendar kept.
Any person sentenced, detained, committed, or transferred to a facility established and maintained pursuant to section 356A.1 or 356A.2 shall be discharged therefrom upon completion of the original term of detention or commitment. The person in charge of the facility shall keep a calendar as required in section 356.6.

[C73, 75, 77, 79, 81, §356A.5; 81 Acts, ch 121, §2]

356A.6 Transfer.
A judicial officer of the district court may originally commit a person to the county jail to serve any part of the sentence pronounced, and thereafter the person may be transferred to a facility established and maintained pursuant to section 356A.1 or 356A.2.

356A.7 Contract with another county.
A county board of supervisors may contract with another county or a city maintaining a jail meeting the minimum standards for the regulation of jails established pursuant to section 356.36 for detention and commitment of persons pursuant to section 356.1. A person detained or confined in the jail shall be in the charge and custody of the governmental unit maintaining the jail. The cost of detention and confinement shall be levied and paid by the city or the county to which the cause originally belonged.

### 357.1 Definitions.
As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or “schedule" kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

2000 Acts, ch 1148, §1
Former §357.1 transferred to §357.1A

### 357.1A Petition — limitation.
The board of supervisors of any county shall, on the petition of twenty-five percent or more of the eligible electors residing in any proposed benefited water district, grant a hearing relative to the establishment of the proposed water district. The petition shall set out the following and any other pertinent facts:

1. The need of a public water supply.
2. The approximate district to be served.
3. The approximate number of families in the district.
4. The proposed source of supply.
5. The type of service desired, whether domestic only or for fire protection and other uses.

The board of supervisors may, at its option, require a bond of the petitioners as provided in section 468.9.

A benefited water district located wholly within the corporate limits of a city is not subject to the provisions of this chapter.

Water services, other than water services provided as of April 1, 1987, shall not be provided within two miles of the limits of a city except as provided in this section.

A benefited water district established under this chapter may give notice of intent to provide water service to a new area within two miles of a city by submitting a water plan to the city. The plan is only required to indicate the area within two miles of the city which the benefited water district intends to serve. If the city fails to respond to the benefited water district’s plan within ninety days of receipt of the plan, the benefited water district may provide service in the area designated in the plan. The city may inform the benefited water district within ninety days of receipt of the plan that the city requires additional time or information to study the question of providing water service outside the limits of the city. If additional time or information is required, the city shall respond to the benefited water district’s plan within one hundred eighty days of receipt of the plan. In responding to the plan, the city may waive its right to provide water service within the areas designated for service by the benefited water district, or the city may reserve the right to provide water ser-
357.1B Combined water and sanitary district.

1. Upon receipt of a petition having the required signatories as provided in section 357.1A or 358.2, the board of supervisors shall grant a hearing relative to the establishment of a proposed combined water and sanitary district. The petition shall include the information required in sections 357.1A and 358.2 for proposed water districts and sanitary districts. The board of supervisors of the county in which the proposed combined district or largest part of the proposed combined district is located, shall have jurisdiction of the proceedings on the petition and the decision of a majority of the members of that board of supervisors is necessary for adoption. The orders of the board of supervisors made pursuant to this chapter and chapter 358 relating to the proposed combined district shall be kept as official records, but the records need not be published under section 349.16. An existing district may petition the board of supervisors to establish a combined water and sanitary district after the approval of a majority of the district electorate.

2. The board of supervisors having jurisdiction to establish the proposed combined water and sanitary district may proceed with its establishment under this chapter or chapter 358 in the same manner as a benefited water district or a sanitary district is separately established under those chapters. The differences between this chapter and chapter 358 including, but not limited to, the membership of the board of trustees, per diem, and maximum annual per diem, or a power or duty relating to rents, fees, taxation, or bonded indebtedness shall be resolved as a part of the petition submitted to the board of supervisors. Before becoming effective, a change in the membership, per diem, maximum annual per diem, or a power or duty relating to rents, fees, the levy of a tax, or the issuance of bonds, or other differences specified on the petition shall be submitted for the approval of the district electorate. However, the number of members, per diem, maximum annual per diem, or differences in powers and duties included in a combined district shall not be inconsistent with this chapter or chapter 358.

3. For the purpose of establishing, operating, or dissolving a combined water and sanitary district under this chapter and chapter 358, the term “benefited water district” includes combined water and sanitary district where applicable.

4. Water services and a water service plan prepared by the combined district are subject to approval by an affected city as provided in section 357.1A.

92 Acts, ch 1204, §10
C93, §357.1A
C2001, §357.1B

357.2 Territory included.
The benefited water district may include part or all of any incorporated city or cities, together with or without contiguous or noncontiguous territory including cemeteries and all publicly owned land. The publicly owned property shall pay and bear its proportionate share of the cost and expense of the water system upon the same basis as privately owned property.

[C39, §5526.02; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.2]
92 Acts, ch 1204, §11

357.3 Scope of assessment.
The special assessment hereinafter provided for may be used to cover the costs of installing all the necessary elements of a water system, for both production and distribution.

[C24, 27, 31, 35, §5522; C39, §5526.03; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.3]

357.4 Public hearing.
When the board of supervisors receives a petition for the establishment of a benefited water district, a public hearing shall be held within thirty days of the presentation of the petition. Notice of the hearing shall be given publication as provided in section 331.305.

[C24, 27, 31, 35, §5523; C39, §5526.04; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.4]
92 Acts, ch 1204, §12

357.5 Decision at hearing.
On the day fixed for such hearing, the board of supervisors shall by resolution establish the benefited water district or disallow the petition. For adequate reasons the board of supervisors may defer action on such petition for not to exceed ten days after the day first set for a hearing.

[C24, 27, 31, 35, §5523; C39, §5528.05; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.5]

357.6 Examination by engineer.
When the board of supervisors shall have established the benefited water district, they shall appoint a competent disinterested civil engineer and instruct the engineer to examine the proposed improvement, make preliminary designs in suffi-
§357.7 Water source without district.
When in any proposed benefited water district, it is anticipated that the source of supply will be without the district, and not under its control, the board of supervisors shall instruct the engineer who is appointed to make the preliminary design and dummy assessment, to also obtain from the corporation or municipality which controls the proposed source of supply, a statement in writing, outlining the terms upon which water will be furnished to the district, or to the individuals within the district and on what terms in either case.

This preliminary proposal from the governing body of the source of supply shall be binding, and shall be in the nature of an option to purchase water by the district, or the individual within the same, if and when the proposed benefited water district shall have completed its construction, and is ready to use water. This proposal shall accompany and be a part of the engineer's preliminary report to the board of supervisors.

§357.8 Plat.
The said engineer shall prepare a preliminary plat showing the proper design in general outline, the size and location of the water mains, the general location of hydrants, if such are included in said petition, valves and other appurtenances, and shall show the lots and parcels of land within the proposed district as they appear on the county auditor's plat books, together with the names of the owners and the amount which it is estimated that such lot or parcel will be assessed.

§357.9 Compensation of engineer.
The compensation of such engineer on the preliminary investigation shall be determined by the board of supervisors and may be by percentage or per diem.

§357.10 Filing of report and plat.
The engineer's report, together with the dummy plat showing the tentative design and assessment, shall be filed with the county auditor within thirty days of such engineer's appointment, unless for adequate reasons it is impossible for the engineer to do so, in which case the board of supervisors may extend the time therefor.

357.11 Hearing on report.
On receipt of the engineer's report, the board of supervisors shall give notice in the same manner as before, of a hearing on the engineer's tentative design and dummy plat. On the day set, or within ten days thereafter, the board of supervisors shall approve or disapprove the engineer's plan and proposed assessment. If it shall appear advisable, the board of supervisors may make changes in the design and assessment, as they appear on the dummy plat.

357.12 Election.
When the preliminary design and assessment have been approved by the board of supervisors, a date not more than thirty days after the approval shall be set for an election within the district to determine whether or not the proposed improvement shall be constructed and to choose candidates for the offices of trustee within the district. The proposal to approve or disapprove the improvement and the selection of candidates for trustees shall be presented at the same election. Notice of the election, including the time and place of holding the election, shall be given in the same manner as for the public hearing provided for in section 357.4. The vote shall be by ballot which shall state clearly the proposition to be voted upon, and any registered voter residing within the district at the time of the election may vote. The county commissioner of elections shall conduct elections held pursuant to this chapter, and the elections shall be conducted in accordance with chapter 49 where those procedures are not in conflict with this chapter. Precinct election officials shall be appointed to serve without pay, by the commissioner of elections, from among the registered voters of the district. The proposition shall be deemed to have carried if a majority of those voting on the proposition votes in favor of it.

357.13 Trustees — qualification and terms.
1. At the initial election provided for in section 357.12, the names of the trustees shall be written by the voter on blank ballots without formal nomination and the board of supervisors shall appoint three from among the five receiving the highest number of votes as trustees for the district, one to serve for one year; one for two years, and one for three years. The trustees and their successors shall give bond in the amount the board of supervisors may require, the premium of which shall be
paid by the district which the trustees represent. Vacancies during a term may be filled by election, or by appointment by the board of supervisors, at the option of the remaining trustees. The trustees must be residents of the district. The term of succeeding trustees shall be for three years.

2. After the initial board of trustees is selected, a candidate for trustee shall be nominated by a personal affidavit of the candidate or by petition of at least ten eligible electors of the district and the candidate’s affidavit, which shall be filed with the county commissioner of elections at least twenty-five days before the date of the election. The form of the candidate’s affidavit shall be substantially the same as provided in section 45.3.

[C24, 27, 31, 35, §5524; C39, §5526.13; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.13]

357.14 Bids for construction.
If the result of said election be in favor of said improvement, the board of supervisors shall instruct the engineer to complete the plans and specifications, ready for receiving bids for construction of the project, which the engineer shall do within thirty days of receiving notice to do so, unless for adequate reason the board shall extend the time.

When the completed plans and specifications are on file with the county auditor, and the estimated total cost of the project exceeds the competitive bid threshold in section 26.3, or as established in section 314.1B, the board of supervisors shall comply with the competitive bid procedures in chapter 26 for the construction of the project.

[C24, 27, 31, 35, §5524; C39, §5526.14; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.14]

357.15 Inadequate assessment.
When bids have been received, if it is apparent that the final assessment will need to be increased more than ten percent over the preliminary assessment, the board of supervisors shall, at its option, reject bids and readvertise for bids as provided herein, or reject bids and revise the dummy assessment. If the dummy assessment is revised, another election shall be held within the district in the same manner and with the same notices as the first, except that the candidates for trustees shall not be voted for.

[C39, §5526.15; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.15]

357.16 Second election.
If the majority of the votes cast at said second election be in favor of said improvement, the board of supervisors shall again advertise for bids in the same manner as before. If the bids at the second letting will not necessitate raising the second preliminary assessment more than ten percent, the board may let the contract to the lowest responsible bidder.

[C24, 27, 31, 35, §5524; C39, §5526.16; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.16]

357.17 Bond of contractor.
The successful bidder, when awarded a contract, shall be required to give an approved surety bond for one hundred percent of the contract price, guaranteeing completion of the work in accordance with the plans and specifications, and for maintenance, including backfilling, for one year after the final acceptance of the work.

If the contractor shall fail to complete the work as provided in the contract, or shall abandon the same, or fail to proceed in a reasonable manner toward its final completion, the board may proceed against the contractor and surety as provided in sections 468.104 and 468.105.

[C39, §5526.17; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.17]

357.18 Acceptance of work.
When in the opinion of the engineer in charge, the construction in any benefited water district has been completed in accordance with the plans, specifications, and contract, the engineer shall certify this fact to the board of supervisors, and recommend the acceptance of the work by the said board. The board of supervisors shall proceed in accordance with sections 468.101 and 468.102.

[C39, §5526.18; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.18]

357.19 Completing assessment.
After the final acceptance of the work by the board of supervisors, the engineer shall complete the final assessment, which shall be made on all the property within the district, whether abutting or not, for an amount approximately ten percent greater than the total cost of the project. The assessment shall not exceed benefits conferred and shall take into consideration the location and value of the property assessed. Where a pipe in excess of six inches in diameter is used, the assessment against the abutting property shall be limited to the cost of a six-inch pipe, and the difference between the cost of the pipe used and a six-inch pipe shall be paid by a uniform assessment against all benefited property within the water district. The final assessment on any lot or parcel of land shall not exceed the final preliminary assessment by more than ten percent, and shall in no case exceed twenty-five percent of the actual value of the property. The board of supervisors may alter an assessment to increase or decrease it within the limits outlined above, and must approve by resolution the final assessment as made.

§357.19, WATER DISTRICTS

54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.19]

357.20 Due date — bonds.
Assessments of less than one hundred dollars will come due at the first taxpaying date after the approval of the final assessment, and assessments of one hundred dollars or more may be paid in ten annual installments with interest on the unpaid balance at a rate not exceeding that permitted by chapter 74A. The board of supervisors shall issue bonds against the completed assessment in an amount equal to the total cost of the project, so that the amount of the assessment will be approximately ten percent greater than the amount of the bonds.

357.21 Substance of bonds.
Each of such bonds shall be numbered, and have printed upon its face that it is a benefited water district bond, stating the county and the number of the district for which it is issued, and the date of maturity; that it is in pursuance of a resolution of the board of supervisors, and that it is to be paid for only from special assessment theretofore levied and taxes levied as hereinafter provided for that purpose within the said district for which the bond is issued. The provisions of sections 468.76 and 468.78 shall govern the issuance of these bonds except that the contractor will not be paid anything on the work until its completion and final acceptance.
[C39, §5526.21; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.21]

357.22 Lien of assessments — tax.
When the assessment has been completed and the bonds sold and the schedule of assessment shall be turned over to the county auditor, the installments due thereon shall be collected in the same manner as ordinary taxes and shall constitute a lien on the property against which they are made. If the treasurer does not receive sufficient funds to enable the treasurer to pay the interest and retire the bonds as they become due, the auditor shall levy an annual tax of eighty-one cents per thousand dollars of assessed value of all taxable property within the district for which it is issued, and the county treasurer shall apply the proceeds of such levy to the payment of the bonds and the interest on the same so long as the bonds are in arrears.
[C24, 27, 31, 35, §5525; C39, §5526.22; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.22]

357.23 Surplus.
The board of supervisors shall be required to levy the annual tax of eighty-one cents per thousand dollars of assessed value of taxable property so long as the bonds are in arrears.
[C39, §5526.23; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.23]

357.24 Fee of engineer.
The fee for engineering services shall be fixed by the board of supervisors and the engineer may be paid either a percentage or a per diem, from proceeds of the bond sale or by cash from the contractor, if the contractor takes bonds in settlement for the contractor’s work under the contract.
[C39, §5526.24; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §357.24]

357.25 Management by trustees.
After the final acceptance of the work by the board of supervisors, the management of the utility shall automatically go to the three trustees previously appointed by the board of supervisors. The trustees of a benefited water district located in a county with a population of two hundred fifty thousand or less shall have power to levy an annual tax not to exceed thirteen and one-half cents per thousand dollars of assessed value of all taxable property in the district, for the maintenance of the system. However, the trustees of a benefited water district located in a county with a population of more than two hundred fifty thousand may levy an annual tax on the taxable value of all taxable property in the district in an amount as may be necessary for the maintenance of the system, with the approval of the board of supervisors. This levy shall be optional with the trustees. The trustees may purchase material and employ labor to properly maintain and operate the utility. The trustees shall be allowed necessary expenses in the discharge of their duties, but shall not receive any salary.
[C24, 27, 31, 35, §5526; C39, §5526.25; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §81, §357.25; 81 Acts, ch 123, §1]

357.26 Duties of trustees.
It is anticipated that this law will usually be utilized to finance a distribution system where the source of supply is without the district, and not under its control, and that individuals within the district will pay water rent to a municipality or corporation without the district. It is intended that the trustees may so operate the utility as will best serve the users, and they are expressly authorized to buy and sell water, to fix the rates to consumers and make all contracts reasonable or necessary to accomplish the purpose of this chapter and to carry on all the operations incident to maintaining and operating said utility and to the procuring and furnishing of water to the consumers therein. If the development of a source of supply is within the means of the district, the trustees may install wells, tanks, meters and any other equipment properly pertaining to operate it.
§3 57.27 Public property in district.

357.34 WATER DISTRICTS

The board of supervisors having jurisdiction of said benefited water district, at the request of the trustees of said benefited water district, may, by proper resolution, convey unto said city, all rights which said board of supervisors may have in and to said benefited water district. Said conveyance, however, shall not become effective until all existing obligations against said district have been completely and fully discharged and such conveyance accepted and confirmed by a resolution of the council of said city or of the board of waterworks trustees of said city if there be one, specially passed for such purpose.

Upon acceptance, the district, including the plant and distribution system, as well as all funds and credits shall become the property of said city and be operated and used by it to the same extent as if acquired under such provisions of law under which said city is then operating its waterworks. 357.35 Merging existing districts.

When the source of supply for a benefited district is obtained wholly or partly through another benefited district or if districts are supplied with their water from a common source, the board of supervisors having jurisdiction of those benefited districts, shall, upon ten days' written notice to the trustees, hold a hearing relative to the establishment of a single benefited water district with a boundary encompassing all the area within the subject districts. If the board finds the residents and property owners in the proposed district would be benefited, it may establish the single district by resolution. In the case of districts with outstanding warrants in excess of the anticipated revenues and cash balance within the district fund, an assessment shall be drawn up by the auditor for an amount approximately fifty-five percent of the total indebtedness of the district and the board of supervisors must approve by resolution the final assessment as made and cause bonds to be issued at approximately ten percent greater than the total indebtedness of the district in accordance with sections 357.20 and 357.21 except that the bonds shall be paid, approximately equally, from user charges and the assessment. In the case of districts with bonded indebtedness, a subarea of the new single district with a boundary identical to each indebted district shall be designated and taxed in accordance with sections 357.22 and 357.23. When all bonds have been retired, the subarea shall cease to exist. In the case of districts with a surplus cash balance, all funds and credits shall become the property of the single district and used by it to the same extent as if acquired under the provisions of section 357.26. Upon establishment of the single district by the board of supervisors, a resolution shall be passed either appointing three trustees or designating the board of supervisors as the trustees for the single district. The operation of the single district constitutes a county enterprise under section 331.461, subsection 2.

[C71, 73, 75, 77, 79, 81, §357A.1; 82 Acts, ch 1199, §62, 96]

91 Acts, ch 134, §1

357A.2 Petition — deposit — limitation.

A petition may at any time be filed with the auditor requesting the supervisors to incorporate and organize a district encompassing an area, not then included in any other district, in a county or in two or more adjacent counties for the purpose of providing an adequate supply of water for residents of the area who are not served by the water mains of any city water system.

There shall be filed with the petition a bond with sureties approved by the auditor, or a certified check, credit union certified share draft or cash in an amount sufficient for the payment of all costs and expenses incurred in the proceedings if the district is not finally established.

The petition shall be signed by the owners of at least thirty percent of all real property lying within the outside perimeter of the area designated for inclusion in the proposed district, and shall state:

1. The location of the area, describing such area to be served or specifying the area by an attached map.

2. The reasons a district is needed.

3. A new water service plan describing the cost feasibility and estimated construction schedules.

Water services, other than water services provided as of April 1, 1987, shall not be provided within two miles of the limits of a city by a rural water district incorporated under this chapter or chapter 504 except as provided in this section.

A rural water district incorporated under this chapter or chapter 504 may give notice of intent to provide water service to a new area within two miles of a city by submitting a water plan to the city. The plan is only required to indicate the area within two miles of the city which the rural water district intends to serve. If the city fails to respond to the rural water district’s plan within ninety days of receipt of the plan, the rural water district may provide service in the area designated in the plan. The city may inform the rural water district within ninety days of receipt of the plan that the city requires additional time or information to study the question of providing water service outside the limits of the city. If additional time or information is required, the city shall respond to the rural water district’s plan within one hundred eighty days of receipt of the plan. In responding to the plan, the city may waive its right to provide water service within the areas designated for service by the rural water district, or the city may reserve the right to provide water service in some or all of the areas which the rural water district intends to serve. If the city reserves the right to provide water service within some or all of the areas which the rural water district intends to serve, the city shall provide service within four years of receipt of the plan. This section does not preclude a city from providing water service in an area which is annexed by the city.

357A.6 Findings — order.
After the hearing, the supervisors may strike off any part of the territory that testimony shows will not be benefited by the creation of the district. If the supervisors do not find that the district is reasonably necessary, they shall dismiss the petition.

If the supervisors find that required notice of the hearing has been given and that the proposed district is reasonably necessary for the public health, convenience, and comfort of the residents, or may be of benefit in providing fire protection, they shall make an order establishing the district as a political subdivision, designating its boundary, and identifying it by name or number. The order shall be published in the same newspaper which published the notice of hearing. The supervisors shall prepare and preserve a complete record of the hearing on the petition and their findings and action.

2. That each participating member of the district shall be entitled to a single vote at all annual and special meetings of the district, regardless of the number of benefit units to which the member has subscribed.

In addition to all other powers granted to the board, the board may sell, convey, merge, or otherwise dispose of all or any portion of the real property or personal property of the district and all or any portion of the district’s right to provide water or wastewater service to an area in order that another service provider permitted by the department of natural resources pursuant to chapter 455B may assume any or all of the district’s duties and obligations or that the district may be dissolved. If the district is to be dissolved, the board shall file a notice of dissolution with the auditor of the county or counties in which the district is located.

The procedure for hearing and determination of disposition of the petition shall be as provided by this chapter.

In any district incorporated upon the petition of a nonprofit corporation, the following procedures shall apply:

The members of the board of trustees shall be appointed by the board of supervisors from among the registered voters of the district. Any vacancy on the board shall be filled by appointment by the board of supervisors for the unexpired term. If a benefited fire district is located in more than one county, joint action of the boards of supervisors of the affected counties is required to appoint the members of the board of trustees, to determine the amount of bond, or to dissolve the district as provided in this chapter.

357B.3 Powers of the board of trustees.
1. The board of trustees may purchase, own, rent, or maintain fire apparatus or equipment within the state or outside the territorial jurisdiction and boundary limits of this state and provide housing for such apparatus or equipment. Of the levies authorized under subsections 1 and 2, the trustees may credit to a reserve account annually an amount not to exceed ten cents per thousand dollars of the assessed value of the taxable property in the township for the purchase or replacement of supplies and equipment required to carry out the services specified under this section. Notwithstanding section 12C.7, interest earned on moneys credited to the reserve account shall be credited to the reserve account.

Any remaining balance shall be applied as a tax credit for the property owners of the district. However, except as provided in subsection 2, if all or a part of a district is annexed, the board of supervisors may transfer the remaining property and balance to the city which annexed the territory. The board of supervisors shall continue to levy an annual tax during the time the district is being
dissolved and after the dissolution of a district, not to exceed sixty and three-fourths cents per thousand dollars of assessed value of the taxable property of the district, until all outstanding obligations of the district are paid. Except as otherwise provided in subsection 2, the board of supervisors shall negotiate agreements necessary to provide continued fire protection to the benefited fire district area during the time the district is being dissolved and after dissolution, and shall continue to levy an annual tax to fund such agreements, until such time as the township trustees of the township where the benefited fire district is located begin to provide fire protection service as required by section 359.42.

2. If a benefited fire district is dissolved that has been providing fire protection by contract, direct levy, or combination of both, to a city within the district for at least twenty years and the city’s annual payments by contract or levy for the fire protection comprise seventy-five percent or more of the district’s annual budget, the board of supervisors, in lieu of the disposal of property as provided in subsection 1, shall transfer to the city all of the district’s real and personal property. The city shall assume all of the outstanding obligations of the district. If the district provides fire protection outside of the city’s boundaries, the city shall continue to provide fire protection to this area until it is assigned to another fire protection district by the board of supervisors. If the city continues the fire protection outside its boundaries, the city shall certify to the board of supervisors the cost of providing this service, which shall be at the same rate as contained in the budget for property within the city, but not exceeding sixty and three-fourths cents per thousand dollars of assessed value of all taxable property in the area. In lieu of subsection 1, a benefited fire district that includes a city within the boundaries of the fire district may certify an annual tax levy not exceeding forty and one-half cents per thousand dollars of assessed valuation of the taxable property within the city for the purpose of fire protection.

b. If the levy authorized under paragraph “a” is insufficient to provide fire protection services, the benefited fire district may certify an additional annual tax levy not exceeding twenty and one-fourth cents per thousand dollars of assessed valuation of the taxable property within the city to provide fire protection services.

c. The benefited fire district shall certify the tax levy as provided in this subsection only after agreement granted by resolution of the city council. The amount of the tax rate levied under this subsection shall reduce by an equal amount the maximum tax levy authorized for the general fund of that city under section 384.1. If the district levies directly against property within a city to provide fire protection for that city, the city shall not be responsible for providing fire protection as provided in section 364.16, and shall have no liability for the method, manner, or means in which the district provides the fire protection.

shall be published at least two weeks before the hearing in a newspaper having general circulation within the township. The notice shall also identify the area to be withdrawn. After the hearing on the proposed withdrawal, the township trustees, by majority vote, may withdraw the township or a part of the township from the benefited fire district. If the township trustees take final action to withdraw on or before March 1 of a fiscal year, the effective date of the withdrawal is the following July 1. However, if final action to withdraw is taken after March 1, the withdrawal is not effective until July 1 of the following calendar year. If bonds issued under section 357B.4 are outstanding at the time of withdrawal, the board of supervisors shall continue to levy an annual tax against the taxable property being withdrawn to pay its share of the outstanding obligation of the district relating to those bonds.

357E.2 Incorporation.
1. If an area of contiguous territory is situated so that the acquisition, construction, reconstruction, enlargement, improvement, equipping, maintenance, and operation of recreation facilities for the residents of the territory will be conducive to the public health, comfort, convenience, water quality, or welfare, the area may be incorporated as a benefited recreational lake district as set forth in this chapter.    c. The council shall determine the assessed value of the property of each landowner joining the established district which is not assessed as agricultural land.
   d. The result obtained in paragraph "b" shall be multiplied by the result obtained in paragraph "c". The result shall be the initial fee to be charged each landowner.
2. The initial fees paid to the trustees shall be used to help defray the cost and maintenance of the district’s emergency medical services.

CHAPTER 357H
RURAL IMPROVEMENT ZONES

357H.1 Rural improvement zones.
1. The board of supervisors of a county with less than twenty thousand residents, not counting persons admitted or committed to an institution enumerated in section 218.1 or 904.102, based upon the 2000 certified federal census, and with a private lake development shall designate an area surrounding the lake, if it is an unincorporated area of the county, a rural improvement zone upon receipt of a petition pursuant to section 357H.2, and upon the board’s determination that the area is in need of improvements.
2. For purposes of this chapter, “improvements” means dredging, installation of erosion control measures, land acquisition, and related improvements, including soil conservation practices, within or outside of the boundaries of the zone.
For purposes of this chapter, “board” means the board of supervisors of the county.

§357H.2 Petition for public hearing.
1. The board shall, on the petition of twenty-five percent of the residents of a proposed rural improvement zone, if the assessed valuation of the property owned by the petitioners represents at least twenty-five percent of the total assessed value of the proposed zone, hold a public hearing concerning the establishment of a proposed zone. The petition shall include a statement containing the following information:
   a. The need for the proposed zone.
   b. A description of the boundaries of the proposed zone.
   c. The approximate number of families in the proposed zone.
2. The board may require the petitioners to post a bond conditioned upon the payment of all costs and expenses incurred in the proceedings if the zone is not established.
97 Acts, ch 152, §2

§357H.3 Time of public hearing.
The public hearing required in section 357H.2 shall be held within thirty days of the presentation of the petition. Notice of hearing shall be given by publication as provided in section 331.305.
97 Acts, ch 152, §3

§357H.4 Hearing on petition — action by board.
At the public hearing required in section 357H.3, the board may consider the boundaries of a proposed rural improvement zone, whether the boundaries shall be as described in the petition or otherwise, and for that purpose may amend the petition and change the boundaries of the proposed zone as stated in the petition. The board may adjust the boundaries of a proposed zone as needed to exclude land that has no reasonable likelihood of benefit from inclusion in a rural improvement zone. However, the boundaries of a proposed zone shall not be changed to incorporate property which is not included in the original petition.
Within ten days after the hearing, the board shall establish the rural improvement zone by resolution or disallow the petition. However, the zone shall not include any area which is part of an urban renewal area under chapter 403.
97 Acts, ch 152, §4

§357H.5 Election of candidates for trustees.
When a preliminary plat has been approved by the board, an election shall be held within the rural improvement zone within sixty days to choose candidates for the offices of trustees of the zone. Notice of the election shall be given as provided in section 357H.3.
97 Acts, ch 152, §5

§357H.6 Trustees — terms and qualifications.
The election of trustees of a rural improvement zone shall take place at a special election on ballots which shall not reflect a nominee’s political affiliation. Nomination shall be made by petition in accordance with chapter 45. The petition form shall be furnished by the county commissioner of elections, signed by eligible electors of the rural improvement zone equal in number to one percent of the vote cast within the zone for governor in the last previous general election, and shall be filed with the county commissioner of elections. A plurality shall be sufficient to elect the five trustees of the rural improvement zone, and no primary election for that office shall be held. At the original election, two trustees shall be elected for one year, two for two years, and one for three years. The terms of the succeeding trustees are for three years. The terms of the trustees shall begin immediately after their election and certification. The trustees must be residents of the zone. Vacancies on the board shall be filled by appointment by the remaining trustees.
97 Acts, ch 152, §6; 98 Acts, ch 1168, §2

§357H.7 Board of trustees — power.
The trustees of a rural improvement zone elected pursuant to section 357H.6 shall constitute the board of trustees of the zone and shall manage and control the affairs, property, and facilities of the zone. The board of trustees shall elect a president, a clerk, and a treasurer from its membership. The trustees may authorize construction, reconstruction, or repair of improvements within the zone following procedures set out in section 331.341. For these purposes, the trustees may purchase material, employ personnel, acquire real estate and interests in real estate, and perform all other acts necessary to properly maintain and operate the zone. The trustees are allowed necessary expenses in the discharge of their duties, but they shall not receive salaries.
97 Acts, ch 152, §7

§357H.8 Certificates, contracts, and other obligations — standby tax.
To provide funds for the payment of the costs of improvement projects and for the payment of other activities authorized pursuant to section 357H.7, the board of trustees may borrow money and issue and sell certificates or may enter into contracts or other obligations payable from a sufficient portion of the future receipts of tax revenue.
§357H.8, RURAL IMPROVEMENT ZONES

authorized pursuant to section 357H.9 and the standby tax in subsection 4 of this section. The receipts shall be pledged to the payment of principal and interest on the certificates, contracts, or other obligations.

1. Certificates may be sold at public sale or at private sale at par, premium, or discount at the discretion of the board of trustees. Chapter 75 does not apply to the issuance of these certificates.

2. Certificates may be issued with respect to a single improvement project or multiple projects and may contain terms or conditions as the board of trustees may provide by resolution authorizing the issuance of the certificates. However, certificates shall not be issued after January 1, 2007, except to refund other certificates as provided in subsection 3.

3. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times, or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded, may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates, and may bear a rate of interest higher or lower than, or equivalent to, the rate of interest on certificates being renewed or refunded.

4. To further secure the payment of the certificates, the board of trustees shall, by resolution, provide for the assessment of an annual levy of a standby tax upon all taxable property within the rural improvement zone. The rate of the standby tax shall be not less than fifty cents per thousand dollars of the assessed value of the taxable property and not more than two dollars and fifty cents per thousand dollars of the assessed value of the taxable property. A copy of the resolution shall be sent to the county auditor. The revenues from the standby tax shall be deposited in a special fund and shall be expended only for the payment of the principal and interest on the certificates issued as provided in this section, when the receipt of tax revenues pursuant to section 357H.9 is insufficient. If payments are necessary and made from the special fund, the amount of the payments shall be promptly repaid into the special fund from the first available payments received which are not required for the payment of principal of or interest on certificates due. No reserves may be built up in the special fund in anticipation of a projected default. The board of trustees shall adjust the annual standby tax levy for each year to reflect the amount of revenues in the special fund and the amount of principal and interest which is due in that year.

5. Before certificates, contracts, or other obligations are issued or entered into, the board of trustees shall publish a notice of its intention, stating the amount, the purpose, and the improvement project or projects for which the certificates, contracts, or other obligations are to be issued or entered into. A person may, within fifteen days after the publication of the notice, appeal the decision of the board of trustees in proposing to issue the certificates or to enter into the contracts or other obligations to the district court in the county in which the rural improvement zone exists. The action of the board of trustees in determining to issue the certificates or to enter into the contracts or other obligations is final and conclusive unless the district court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, contracts, or other obligations, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates or entrance into the contracts or other obligations after fifteen days from the publication of the notice of intention to issue certificates or enter into contracts or other obligations.

6. The board of trustees shall determine if revenues are sufficient to secure the faithful performance of obligations.

357H.9 Incremental property taxes.

The board of trustees shall provide by resolution that taxes levied on the taxable property in a rural improvement zone each year by or for the benefit of the state, city, county, school district, or other taxing district after the effective date of the resolution shall be divided as provided in section 403.19, subsections 1 and 2, in the same manner as if the taxable property in the rural improvement zone was taxable property in an urban renewal area and the resolution was an ordinance within the meaning of those subsections. The taxes received by the board of trustees shall be allocated to, and when collected be paid into, a special fund and may be irrevocably pledged by the trustees to pay the principal of and interest on the certificates, contracts, or other obligations approved by the board of trustees to finance or refund, in whole or in part, an improvement project. As used in this section, “taxes” includes, but is not limited to, all levies on an ad valorem basis upon land or real property located in the rural improvement zone.

97 Acts, ch 152, §9; 98 Acts, ch 1168, §4

357H.10 Dissolution of zone.

The rural improvement zone shall be dissolved upon the adoption of a resolution of the board of trustees which specifies that all improvements
have been made in the zone and all indebtedness has been paid. Upon dissolution of the zone, all assets shall be deeded to a nonprofit corporation whose members are property owners of the improvement zone.

97 Acts, ch 152, §10

358.1 Definitions.
As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

§358.2 Petition — deposit.

Any twenty-five or more eligible electors resident within the limits of any proposed sanitary district may file a petition in the office of the county auditor of the county in which the proposed sanitary district, or the major portion thereof, is located, requesting that there be submitted to the registered voters of such proposed district the question whether the territory within the boundaries of such proposed district shall be organized as a sanitary district under this chapter. Such petition shall be addressed to the board of supervisors of the county wherein it is filed and shall set forth:

1. An intelligible description of the boundaries of the territory to be embraced in such district.
2. The name of such proposed sanitary district.
3. That the public health, comfort, convenience or welfare will be promoted by the establishment of such sanitary district.
4. The signatures of the petitioners.

No territory shall be included within more than one sanitary district organized under this chapter, and if any proposed sanitary district shall fail to receive a majority of votes cast at any election thereon as hereinafter provided, no petition shall be filed for establishment of such a sanitary district within one year from the date of such previous election.

There shall be filed with the petition a bond with sureties approved by the auditor, or a certified check, credit union certified share draft or cash in an amount sufficient for the payment of all costs and expenses incurred in the proceedings if the district is not finally established.

No preliminary expense shall be incurred before the establishment of the proposed sanitary district by the board in excess of the amount of bond filed by the petitioners. In case it is necessary to incur any expense in addition to the amount of the bond, the board of supervisors shall require the filing of an additional security until the additional bond is filed in sufficient amount to cover the expense.

§358.3 Jurisdiction — decisions — records.

The board of supervisors of the county in which the proposed sanitary district, or the major portion thereof, is located shall have jurisdiction of the proceedings on said petition as herein provided, and the decision of a majority of the members of said board shall be necessary for adoption. All orders of the board made hereunder shall be spread at length upon the records of the proceedings of the board of supervisors, but need not be published under section 349.16.

§358.4 Date and notice of hearing.

1. The board of supervisors to which the petition is addressed, at its next meeting, shall set the time and place for a hearing on the petition. The board shall direct the county auditor in whose office the petition is filed to cause notice to be given to all persons whom it may concern, without naming them, of the pendency and content of the petition, by publication of a notice as provided in section 331.305. Proof of giving the notice shall be made by affidavit of the publisher and the proof shall be on file with the county auditor at the time the hearing begins. The notice of hearing shall be directed to all persons it may concern, and shall state:
   a. That a petition has been filed with the county auditor of the county, naming it, for establishment of a proposed sanitary district, and the name of the proposed district.
   b. An intelligible description of the boundaries of the territory to be embraced in the district.
   c. The date, hour, and the place where the petition will come on for hearing before the board of supervisors of the named county.
   d. That the board of supervisors will fix and determine the boundaries of the proposed district as described in the petition or otherwise, and for that purpose may alter and amend the petition. At the hearing all interested persons shall have an opportunity to be heard on the location and boundaries of the proposed district and to make suggestions regarding the location and boundaries.

2. For a district which does not include land within a city, copy of the notice shall also be sent by mail to each owner, without naming them, of each tract of land or lot within the proposed district as shown by the transfer books of the auditor’s office. The mailings shall be to the last known mailing address unless there is on file an affidavit of the auditor or of a person designated by the board to make the necessary investigation, stating that a mailing address is not known and that diligent inquiry has been made to ascertain it. The copy of notice shall be mailed no less than twenty days before the day set for hearing and proof of service shall be by affidavit of the auditor. The proofs of service required by this subsection shall be on file at the time the hearing begins.

3. In lieu of the mailing to the last known address a person owning land affected by a proposed district may file with the county auditor an instrument in writing designating the address for the mailing. This designation when filed is effective for five years and applies to all proceedings under this chapter. The person making the designation may change the address in the same manner as the original designation is made.
4. In lieu of publication, personal service of the notice may be made upon an owner of land in the proposed district in the manner and for the time required for service of original notices in the district court. Proof of the service shall be on file with the auditor on the date of the hearing.

Proof of the residences and qualifications of the petitioners as eligible electors shall be made by affidavit or otherwise as the board may direct. The board may consider the boundaries of a proposed sanitary district, whether they shall be as described in the petition or otherwise, and for that purpose may alter and amend the petition and limit or change the boundaries of the proposed district as stated in the petition. The board shall adjust the boundaries of a proposed district as needed to exclude land that has no reasonable likelihood of benefit from inclusion in the proposed district. The boundaries of a proposed district shall not be changed to incorporate property not included in the original petition and published notice until the owner of the property is given notice of inclusion as on the original hearing. All persons in the proposed district shall have an opportunity to be heard regarding the location and boundaries of the proposed district and to make suggestions regarding the location and boundaries. The board of supervisors, after hearing the statements, evidence and suggestions made and offered at the hearing, shall enter an order fixing and determining the limits and boundaries of the proposed district and directing that an election be held for the purpose of submitting to the registered voters residing within the boundaries of the proposed district the question of organization and establishment of the proposed sanitary district as determined by the board of supervisors. The order shall fix a date for the election not more than sixty days after the date of the order.

However, a majority of the landowners, owning in the aggregate more than seventy percent of the total land in the proposed district, may file a written remonstrance against the proposed district at or before the time fixed for the hearing on the proposed district with the county auditor. If the remonstrance is filed, the board of supervisors shall discontinue all further proceedings on the proposed district and charge the costs incurred to date relating to the establishment of the proposed district.

The board of supervisors shall cause a statement of the result of such election to be spread upon the records of the county auditor. 358.8 Expenses and costs of election.
The election held pursuant to this chapter shall be conducted by the county commissioner of elections. All expenses incurred in carrying out the foregoing sections of this chapter, together with the costs of the election, as determined by the county commissioner of elections, shall be paid by those who will be benefited by the proposed sanitary district. If the district is not established, the expenses and costs shall be collected upon the bond or bonds of the petitioners.
§358.9 Selection of trustees — term of office.

At the election provided for in section 358.7, the names of candidates for trustee of the district shall be written by the voters on blank ballots without formal nomination, and the board of supervisors which had jurisdiction of the proceedings for establishment of the sanitary district, together with the board of supervisors of any other county in which any part of the district is located, shall appoint three trustees from among the five persons receiving the greatest number of votes as trustees of the district. One of the trustees shall be designated to serve a term expiring on the first day of January which is not a Sunday or legal holiday following the next general election, one to serve a term expiring on the first day of January which is not a Sunday or legal holiday two years later, and one to serve a term expiring on the first day of January which is not a Sunday or legal holiday four years later. Thereafter, each term shall be for a term of years established by the board of supervisors, not less than three years or more than six years. Successors to trustees shall be elected by special election or at a special meeting of the board of trustees called for that purpose. For each special election called after the initial election, a candidate for office of trustee shall be nominated by a personal affidavit of the candidate or by petition of at least ten eligible electors of the district and the candidate's personal affidavit, which shall be filed with the county commissioner of elections at least sixty-nine days before the date of the general election. The form of the candidate's affidavit shall be substantially as provided in section 45.3.

Vacancies in the office of trustee of a sanitary district shall be filled by the remaining members of the board for the period until a successor is chosen in the manner prescribed by this section or by section 69.12, whichever is applicable.

In lieu of a special election, successors to trustees shall be elected at a special meeting of the board of trustees called for that purpose. Upon its own motion, the board of trustees may, or upon petition of landowners owning more than fifty percent of the total land in the district, shall, call a special meeting of the residents of the district to elect successors to trustees of the board. Notice of the meeting shall be given at least ten days before the date of the meeting by publication of the notice in a newspaper of general circulation in the district. The notice shall state the date, time, and location of the meeting and that the meeting is called for the purpose of electing one or more trustees to the board.

If the petition to establish a sanitary district requests a board of trustees of five members, the board of supervisors shall select five trustees from among the seven persons receiving the highest number of votes at the initial election. Two trustees shall be designated to serve a term expiring on the first day of January which is not a Sunday or legal holiday following the next general election, two trustees to serve a term expiring on the first day of January which is not a Sunday or legal holiday two years later, and one to serve a term expiring on the first day of January which is not a Sunday or legal holiday four years later. Thereafter, each term shall be for a term of years established by the board of supervisors, not less than three years or more than six years. Successors to a five-member board selected under this paragraph shall be chosen by election and after the initial election, a candidate for office of trustee shall be nominated by a personal affidavit of the candidate or by petition of at least ten eligible electors of the district and the candidate's personal affidavit, which shall be filed with the commissioner of county elections at least sixty-nine days before the date of the general election. The form of the candidate's affidavit shall be substantially as provided in section 45.3.

Upon request of a three-member board of trustees or petition of the number of eligible electors of the district equal to at least five percent of the residents of the district filed at least ninety days before the next general election, the board of supervisors shall provide for the election of a five-member board of trustees with staggered terms of office of not more than six years. The five-member board of trustees shall become effective on the first day of January which is not a Sunday or legal holiday after that general election. The board of trustees or a petition of the number of eligible electors of the district equal to at least five percent of the residents of the district may also request the board of supervisors to implement a plan to reduce the number of trustees from five to three. The board of supervisors shall allow incumbent trustees to serve their unexpired terms of office.

§358.10 Trustee's bond.

Each trustee shall, before entering upon the duties of office, execute a bond payable to the district, with security to be approved by the board of supervisors which had jurisdiction of the petition for establishment of the district, in such form and amount as said board of supervisors may determine, which bond shall be filed with the county auditor of said county.
§358.11  Sanitary district to be a body corporate.
Each sanitary district organized under this chapter shall be a body corporate and politic, with the name and style under which it was organized, and by such name and style may sue and be sued, contract and be contracted with, acquire and hold real and personal property necessary for corporate purposes, adopt a corporate seal and alter the same at pleasure, and exercise all the powers conferred in this chapter.

All courts of this state shall take judicial notice of the existence of sanitary districts organized hereunder.

§358.12  Board of trustees — powers.
The trustees elected as provided in section 358.9 constitute a board of trustees for the district by which they are elected. The board of trustees is the corporate authority of the sanitary district and shall manage and control the affairs and property of the district. A majority of the board of trustees shall constitute a quorum, but a smaller number may adjourn from day to day. The board of trustees shall elect a president, a clerk, and a treasurer from its membership and may employ employees as necessary, who shall hold their employment during the pleasure of the board. The board shall prescribe the duties and fix the compensation of all employees of the sanitary district and the amount of bond to be filed by the treasurer of the district and by any employee for whom the board may require bond. The members of the board of trustees shall receive a per diem of one hundred dollars for attendance at a meeting of the board or while otherwise engaged in official duties, but the total per diem for each member shall not exceed two thousand four hundred dollars for a fiscal year. However, the board of trustees, by resolution, may establish for its members a lower rate of pay than is fixed by this section. The members of the board shall also be reimbursed for their travel and other necessary expenses incurred in performing their official duties. Travel expenses are reimbursable at the rate specified in section 70A.9.

The board of trustees may adopt the necessary ordinances, resolutions, rules and regulations for the proper management and conduct of the business of the board of trustees and the corporation and for carrying out the purposes for which the sanitary district is formed.

§358.13  Ordinances — publication or posting — time of taking effect.
All ordinances, resolutions, orders, rules, and regulations adopted by the board take effect from and after their adoption and publication. The publication shall be by one publication in a newspaper of general circulation in the district, by posting copies in three public places within the district, or by other steps necessary to inform the public.

§358.14  Proof of ordinances.
All ordinances, resolutions, orders, rules and regulations, and the date when same became effective, may be proven by the certificate of the clerk, under the seal of the corporation, if one has been adopted, and when printed in book or pamphlet form and purporting to be published by the board of trustees such book or pamphlet shall be received as evidence of the passage and legal publication or posting thereof as of the dates mentioned therein, in all courts and places, without further proof.

§358.15  Personal interest in contracts.
No trustee of such district shall be directly or indirectly interested in any contract, work, or business of the district, or in the sale of any article the expense, price, or consideration of which is paid by such district; nor in the purchase of any real estate or other property belonging to the district, or which shall be sold for taxes or assessments, or by virtue of legal process at the suit of said district; provided, that nothing herein shall be construed as prohibiting the selection of any person as trustee because of the person’s ownership of real estate in the district or because the person is a taxpayer in the district.

§358.16  Power to provide for sewage disposal.
The board of trustees of any sanitary district organized under this chapter shall have power to provide for the disposal of the sewage thereof, including the sewage and drainage of any city or village within the boundaries of such district; to acquire, lay out, locate, establish, construct, maintain, and operate one or more drains, conduits, treatment plants, disposal plants, pumping plants, works, ditches, channels, and outlets of such capacity and character as may be required for the treatment, carrying off, and disposal of the sewage and industrial wastes and other drainage incidental thereto of such district; to lay out, establish, construct, maintain, and operate all such adjuncts, additions, auxiliary improvements, and
works as may be necessary or proper for accomplishment of the purposes intended, and to procure supplies of water for operating, diluting, and flushing purposes; to maintain, repair, change, enlarge, and add to such facilities, improvements, and works as may be necessary or proper to meet the future requirements for the purposes aforesaid; and, when necessary for such purposes, any such facilities, improvements, and works and the maintenance and operation thereof may extend beyond the limits of such district, and the rights and powers of said board of trustees in respect thereto shall be the same as if located within said district, provided, no taxes shall be levied upon any property outside of such district, and provided further, that the district shall be liable for all damages sustained beyond its limits in consequence of any work or improvement authorized hereunder.

The board of trustees, however, may upon such petition of property owners representing at least twenty-five percent of the valuation of property not included within the district as constituted which seeks benefit from the operation of such sanitary district, include such property and the area involved within the limits of such sanitary district, and such added areas shall be subject to the same taxation as other portions of the district.

Nothing contained herein shall be construed to authorize or empower such board of trustees to operate a system of waterworks for the purpose of furnishing water to the inhabitants of the district, or to construct, maintain, or operate local municipal sewerage facilities, or to deprive municipalities within the district of their powers to construct and operate sewers for local purposes within their limits.

The board of trustees of such sanitary district may, however, upon petition of the council or governing body of any incorporated city within the sanitary district, contract with such city to undertake the operation of local municipal sewage facilities as part of the functioning of the sanitary district and make an agreement with such municipality for the levying of additional sewer or sewage disposal taxes, which taxes shall be levied by the municipality as now provided by law.

The board of trustees may require connection to the sanitary sewer system established, maintained, or operated by the district from any adjacent property within the district, and require the installation of sanitary toilets or other sanitary sewage facilities and removal of other toilet and other sewage facilities on the property.

If the property owner does not perform an action required under the preceding paragraph within a reasonable time after notice and hearing, the board of trustees may perform the required action and assess the costs of the action against the property for collection in the same manner as a property tax. The notice shall state the nature of the action and the time within which the action is required to be performed by the property owner, state the date, time, and place where the property owner will be heard by the board of trustees for the purpose of stating why the intended action should not be required, and shall be given by certified mail to the property owner as shown on the records of the county auditor not less than four nor more than twenty days before the date of the hearing.

However, in the event of an emergency when the delay of notice and hearing might cause serious loss or injury to persons or property within the district, the board of trustees may perform any action which may be required under this section without prior notice and hearing, and assess the cost as provided in this section, following notice to the property owner and hearing in the time and manner provided in the preceding paragraph. In that event the board of trustees shall, by resolution, make a finding of the necessity to institute emergency proceedings under this section, and shall procure a certificate from a competent registered professional engineer or architect certifying that emergency action is necessary.

If any amount assessed against property pursuant to this section will exceed one hundred dollars, the board of trustees may permit the assessment to be paid in up to ten annual installments, in the manner and with the same interest rates as provided for assessments against benefited property under chapter 384, division IV.

An assessment levied pursuant to this section, including all interest and penalties, is a lien against the property with respect to which action was taken from the date of filing the schedule of assessments until the assessment is paid. Assessments have equal precedence with ordinary taxes and are not divested by judicial sale.

The procedures for making and levying an assessment pursuant to this section and for an appeal of the assessment are the same procedures as provided in sections 384.59 through 384.67 and sections 384.72 through 384.75, except that any notice required in those sections to be published in a newspaper may be sent by certified mail to the owner of the property to be assessed as shown on the records of the county auditor in lieu of the publication. The references in those sections to the city council are applicable to the board of trustees.

Any sanitary district organized under this chapter may acquire by purchase, condemnation, or otherwise, any and all real and personal property, rights of way and privileges, either within or without its corporate limits, required for its corporate purposes. Condemnation proceedings shall be conducted in the same manner, as near as may be, as provided for condemnation by counties under
the laws of Iowa. Said sanitary districts shall have power to sell, convey, or otherwise dispose of any of the properties belonging to them when no longer required for their purposes.

358.18 Taxes — power to levy — tax sales.

The board of trustees of any sanitary district organized under this chapter shall have the power by ordinance to levy annually for the purpose of paying the administrative costs of such district, or for the payment of deficiencies in special assessments, or for both, a tax upon property within the territorial limits of such sanitary district not exceeding fifty-four cents per thousand dollars of the adjusted taxable valuation of the property within such district for the preceding fiscal year.

All taxes thus levied by the board shall be certified by the clerk on or before March 1 to the county auditor of each county wherein any of the property included within the territorial limits of the sanitary district is located, and shall be placed upon the tax list for the current fiscal year by the auditor or auditors. The county treasurer, or treasurers, of more than one county, shall collect all taxes so levied in the same manner as other taxes, and when delinquent the taxes shall draw the same interest. All taxes levied and collected shall be paid over by the officer collecting the taxes to the treasurer of the sanitary district.

Sales for delinquent taxes owing to such sanitary district shall be made at the same time and in the same manner as such sales are made for other taxes, and all provisions of the law of this state relating to the sale of property for delinquent taxes shall be applicable, so far as may be, to such sales.

358.20 Rentals and charges.

Any sanitary district may by ordinance establish just and equitable rates, charges, or rentals for the utilities and services furnished by the district to be paid to the district by every person, firm, or corporation whose premises are served by a connection to the utilities and services directly or indirectly. The rates, charges, or rentals, as near as may be in the judgment of the board of trustees of the district, shall be equitable and in proportion to the services rendered and the cost of the services, and taking into consideration in the case of the premises the quantity of sewage produced thereby and its concentration, strength, and pollution qualities. The board of trustees may change the rates, charges, or rentals from time to time as it may deem advisable, and by ordinance may provide for collection. The board may contract with any municipality within the district, whereby the municipality may collect or assist in collecting any of the rates, charges, or rentals, whether in conjunction with water rentals or otherwise, and the municipality may undertake the collection and render the service. The board of trustees may also contract pursuant to chapter 28E with one or more city utilities or combined utility systems, including city utilities established pursuant to chapter 388, for joint billing or collection, or both, of combined service accounts for sanitary district services and utility services, and the contracts may provide for the discontinuance of one or more of the sanitary district services or water utility services if a delinquency occurs in the payment of any charges billed under a combined service account. The rates, charges, or rentals, if not paid when due, shall constitute a lien upon the real property served by a connection. The lien shall have equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

Sewer rentals, charges, or rates may supplant or replace, in whole or in part, any monetary levy of taxes which may be, or have been, authorized by the board of trustees for any of the following purposes:

1. To meet interest and principal payments on bonds legally authorized for the financing of sanitary utilities in any manner.
2. To pay costs of the construction, maintenance, or repair of such sanitary facilities or utilities, including payments to be made under any contract between municipalities for either the joint use of sewerage or sewage facilities, or for the use by one municipality of all or a part of the sewerage or sewer system of another municipality.

When a sewer rental ordinance has been passed and put into effect, prior ordinances or resolutions providing for monetary levy of taxes against real and personal property for such purposes, or the portion thereof replaced, may be repealed.

358.21 Debt limit — borrowing — bonds — purposes.

Any sanitary district organized hereunder may borrow money for its corporate purposes, but shall not become indebted in any manner or for any pur-
pose to an amount in the aggregate exceeding five percent on the value of the taxable property within such district, to be ascertained by the last state and county tax lists previous to the incurring of such indebtedness. Indebtedness within this constitutional limit shall not include the indebtedness of any other municipal corporation located wholly or partly within the boundaries of such sanitary district.

Subject only to this debt limitation, any such sanitary district organized hereunder shall have and it is hereby vested with all of the same powers to issue bonds, including both general obligation and revenue bonds, which cities now or may hereafter have under the laws of this state. In the application of such laws to this chapter, the words used in any such laws referring to municipal corporations or to cities shall be held to include sanitary districts organized under this chapter, the words “council” or “city council” shall be held to include the board of trustees of a sanitary district; the words “mayor” and “clerk” shall be held to include the president and clerk of any such board of trustees or sanitary district; and like construction shall be given to any other words in such laws where required to permit the exercise of such powers by sanitary districts.

Any and all bonds issued hereunder shall be signed by the president of the board of trustees and attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached thereto shall be attested by the signature of the clerk.

The proceeds of any bond issue made under the provisions of this section shall be used only for the purpose of acquiring, locating, laying out, establishing and construction of drainage facilities, conduits, treatment plants, pumping plants, works, ditches, channels and outlets of such capacity and character as may be required for the treatment, carrying off and disposal of the sewage and industrial wastes and other drainage incidental thereto of such district, or to repair, change, enlarge and add to such facilities as may be necessary or proper to meet the requirements present and future for the purposes aforesaid. Proceeds from such bond issue may also be used for the payment of special assessment deficiencies. Said bonds shall be payable in not more than forty annual installments and with interest at a rate not exceeding that permitted by chapter 74A, and shall be made payable at such place and be of such form as the board of trustees shall by resolution designate. Any sanitary district issuing bonds as authorized in this section is hereby granted authority to pledge the future avails of a tax levy to the payment of the principal and interest of such bonds after the same come due, and the power to impose and certify said levy is hereby granted to the trustees of sanitary districts organized under the provisions of this chapter.

Subject only to the limitations otherwise stated in this section, a sanitary district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

Subject to the limitations otherwise stated in this section, the board of trustees may establish one or more benefited districts and schedules of fees for the connection of property to the sanitary sewer facilities of a sanitary district. Each person whose property will be connected to the sanitary sewer facilities of a sanitary district shall pay a connection fee to the sanitary district, which may

§358.22 Special assessments and connection fees.

The board of trustees of a sanitary district may provide for payment of all or any portion of the costs of acquiring, locating, laying out, constructing, reconstructing, repairing, changing, enlarging, or extending conduits, ditches, channels, outlets, drains, sewers, laterals, treatment plants, pumping plants, and other necessary adjuncts thereto, by assessing all, or any portion of the costs, on adjacent property according to the benefits derived. For the purposes of this chapter, the board of trustees may define “adjacent property” as all that included within a designated benefited district or districts to be fixed by the board, which may be all of the property located within the sanitary district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the sanitary district, but a special assessment shall not be made upon property situated outside of the sanitary district. Special assessments pursuant to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits, and an assessment shall not exceed twenty-five percent of the value of the property at the time of levy. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property used and assessed as agricultural property shall be deferred upon the filing of a request by the owner in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities.

The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

Subject to the limitations otherwise stated in this section, a sanitary district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

Subject to the limitations otherwise stated in this section, the board of trustees may establish one or more benefited districts and schedules of fees for the connection of property to the sanitary sewer facilities of a sanitary district. Each person whose property will be connected to the sanitary sewer facilities of a sanitary district shall pay a connection fee to the sanitary district, which may
include the equitable cost of extending sanitary sewer service to the benefited district and reasonable interest from the date of construction to the date of payment. In establishing the benefited districts and establishing and implementing the schedules of fees, the board of trustees shall act in accordance with the powers granted to a city in section 384.38, subsection 3, and the procedures in that subsection. However, all fees collected under this paragraph shall be paid to the sanitary district and the moneys collected as fees shall be used only by the sanitary district to finance improvements or extensions to its sanitary sewer facilities, to reimburse the sanitary district for funds disbursed by its board of trustees to finance improvements or extensions to its sanitary sewer facilities, or to pay debt service on obligations issued to finance improvements or extensions to its sanitary sewer facilities. This paragraph does not apply when a sanitary district annexation plan or petition includes annexation of an area adjoining the district or a petition has not been presented for a sewer connection. Until the annexation becomes effective or the annexation plan or petition is abandoned, the state mandate contained in section 455B.172, subsections 3, 4, and 5, shall not apply unless the property owner requests to be connected to the sanitary district's sewer facilities and voluntarily pays the connection fee.

358.24 Contracts outside of district.

A sanitary district may enter into contracts with persons or firms outside its limits for the processing of sewage but the rate for processing shall not be less than that charged the inhabitants of the district.

A district entering into a contract may lay sewer lines in highways outside the district upon first obtaining the permission of the state department of transportation in the case of primary roads and the board of supervisors in case of secondary roads, on written application designating the particular highway and part thereof, the use of which is desired.

A sanitary district adjoining a border of the state and owning and operating a sewage disposal plant, may contract with the governing body of any legal entity in an adjacent area in another state, to process the sewage from the area. The contract shall be subject to approval of the Iowa department of public health.

The property to be annexed must be located within the watershed of a natural lake or navigable water as defined in section 462A.2 in the existing district. The board of supervisors of the county in which the property to be annexed or the major part of the property is located shall have jurisdiction of the proceedings on the petition.

The mailings shall be to the last known address unless there is on file an affidavit of the county auditor or of a person designated by the board of supervisors to make the necessary investigation, stating that an address is not known and that diligent inquiry has been made to ascertain the address. The copy of the notice shall be mailed not less than twenty days before the date of the public hearing and the proof of service shall be made by affidavit of the county auditor. The proof of service shall be on file at the commencement of the public hearing.

3. 358.30 Annexation of land by a city — compensation.

A sanitary district shall be fairly compensated for losses resulting from annexation. The governing body of a city or city utility and the board of trustees of the sanitary district shall agree to terms which provide that the facilities owned by the sanitary district and located within the city shall be retained by the sanitary district for the purpose of sanitary service to customers outside the city. If an agreement is not reached within ninety days, the issues may be submitted to arbitration. If submitted, an arbitrator shall be selected by the committee which includes one member of the governing body of the city or its designee, one member of the sanitary district’s board of trustees or its designee, and a disinterested party selected by the other two members of the committee. 3. The board shall examine the petition at its next meeting after its filing or within twenty days of the filing, whichever date is earlier. Within ten days of the meeting, the board shall publish notice of the petition and the date, time, and place of the meeting at which time the board proposes to take action on the petition. The notice shall be published in a newspaper of general circulation published in the district and, if no newspaper is published within the district, in a newspaper published in the county in which the major part of the district is located. At the board’s meeting, or subsequent meetings as necessary, if the petition is found to comply with the requirements of this section and the board of trustees consents by majority vote, the board of supervisors may provide for payment as requested or modify the method of payment of costs and expenses.

4. If the board decides that dissolution is warranted for the best interest of the public, it shall
publish a notice in a newspaper of general circulation published in the district or, if no newspaper is published in the district, in a newspaper published in the county in which the major part of the district is located and give notice by mail to all known claimants or creditors of the district that it will receive and adjudicate claims against the district for four months from the date the notice is published and shall levy an annual tax as necessary against all property in the district for the number of years required to pay all claims allowed. However, the annual tax levied under this subsection shall not exceed four dollars per thousand dollars of assessed valuation of the taxable property within the district at the time of dissolution. The levy shall be made in the same manner as provided in section 76.2. After the board makes a specific finding that all indebtedness, costs, and expenses have been paid or levies approved for their payment, the board shall dissolve the district by resolution entered upon its records. The dissolution order shall be noted by the auditor on the county records, showing the date when the dissolution became effective.

5. The records of a dissolved district including, but not limited to, copies of all engineering files and work undertaken by engineers of a dissolved district, shall be deposited with the county auditor of the county designated by the board. Any remaining balances shall be deposited in the general fund of the county designated by the board. All other assets of the dissolved district shall become, by dissolution, assets of the county.

6. An action shall not be commenced to contest action of the board of supervisors under this section in adjudicating claims, providing for the levy of a tax, or dissolving the district unless it is brought within thirty days of the entry of the dissolution order on the county record.

95 Acts, ch 200, §12

358C.13 Board of trustees — powers — prohibited actions.

A majority of the board of trustees shall constitute a quorum, but a smaller number may adjourn from day to day. The board of trustees shall elect a president, a clerk, and a treasurer from its membership.

2. The board of trustees shall maintain the official records of the district, which shall include information regarding the service of any indebtedness of the district, including special assessment bonds. The board shall report annually on the progress of the district in retiring indebtedness.

3. The board of trustees may adopt the necessary ordinances, resolutions, and regulations for the proper management and conduct of the business of the board of trustees and the corporation and for carrying out the purposes for which the district is formed, including for the negotiation of short-term loans and the issuance of warrants.

4. The board of trustees shall provide public notice prior to each meeting of the board. The notice shall contain the agenda of the meeting which shall describe the proposed actions to be taken by the board at the meeting.

5. If the board of trustees wishes to expand its authority to carry out public improvements in addition to the public improvements listed in the board’s original petition as provided in section
§358C.13, REAL ESTATE IMPROVEMENT DISTRICTS

358C.4, the board shall submit a petition to the board of supervisors specifying the additional public improvements to be included within the authority of the district and requesting that the board of supervisors order an election as provided in section 358C.7 to approve or disapprove the amendment. 95 Acts, ch 200, §13; 96 Acts, ch 1034, §32; 96 Acts, ch 1204, §5

358C.14 Taxes — power to levy — tax sales.

1. The board of trustees of a real estate improvement district shall have the power by ordinance to levy annually for the purpose of paying the administrative costs of the district, or for the payment of deficiencies in special assessments, or for both, a tax upon property within the territorial limits of the district not exceeding fifty-four cents per thousand dollars of the adjusted taxable valuation of the property within the district for the preceding fiscal year.

2. All taxes thus levied by the board shall be certified by the clerk on or before March 1 to the county auditor of each county in which any of the property included within the territorial limits of the district is located, and shall be placed upon the tax list for the current fiscal year by the auditor. The county treasurer of more than one county shall collect all taxes so levied in the same manner as other taxes, and when delinquent the taxes shall draw the same interest. All taxes levied and collected shall be paid over by the officer collecting the taxes to the treasurer of the district.

3. Sales for delinquent taxes owing to the district shall be made at the same time and in the same manner as the sales are made for other taxes, and all provisions of the law of this state relating to the sale of property for delinquent taxes shall be applicable, so far as may be, to the sales. 95 Acts, ch 200, §14

358C.15 Rentals and charges.

1. A board of trustees may by ordinance establish equitable rates, charges, or rentals for the utilities and services furnished by the district to be paid to the district by every person, firm, or corporation whose premises are served by a connection to the utilities and services directly or indirectly. The rates, charges, or rentals, as near as may be, shall be in the judgment of the board of trustees, to be equitable and in proportion to the services rendered and the cost of the services, and taking into consideration the case of the premises the quantity of sewage or water produced or used and the concentration, strength, and pollution qualities of the sewage. The board of trustees may change the rates, charges, or rentals as it may deem advisable, and by ordinance may provide for collection. The board may contract with any municipality within the district, whereby the municipality may collect or assist in collecting any of the rates, charges, or rentals, whether in conjunction with water rentals or otherwise, and the municipality may undertake the collection and render the service. The rates, charges, or rentals, if not paid when due, shall constitute a lien upon the real property served by a connection. The lien shall have equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

2. Sewer rentals, charges, or rates may supplement or replace, in whole or in part, any monetary levy of taxes which may be, or have been, authorized by the board of trustees for any of the following purposes:

   a. To meet interest and principal payments on bonds legally authorized for the financing of sanitary utilities in any manner.

3. To pay costs of the construction, maintenance, or repair of the facilities or utilities, including payments to be made under any contract between municipalities for either the joint use of water or sewage facilities, or for the use by one municipality of all or a part of the water or sewer system of another municipality.

95 Acts, ch 200, §15

358C.16 Debt limit — borrowing — bonds — purposes.

1. A district may borrow money for its corporate purposes, but shall not become indebted in any manner or for any purpose to an amount in the aggregate exceeding its constitutional debt limit of five percent on the value of the taxable property
within the district, to be ascertained by the last state and county tax lists previous to the incurring of the indebtedness. Indebtedness within this constitutional limit shall not include the indebtedness of any other municipal corporation located wholly or partly within the boundaries of the district, special assessment bonds or obligations authorized under section 358C.17.

2. Subject only to this debt limitation, a district shall have the same powers to issue bonds, including both general obligation and revenue bonds, including the power to enter into short-term loans and issue warrants, which cities have under the laws of this state. In the application of the laws to this chapter, the words used in the laws referring to municipal corporations or to cities shall be held to include real estate improvement districts organized under this chapter; the words “council” or “city council” shall be held to include the board of trustees of a district; the words “mayor” and “clerk” shall be held to include the president and clerk of a board of trustees; and like construction shall be given to any other words in the laws where required to permit the exercise of the powers by real estate improvement districts.

3. All bonds issued shall be signed by the president of the board of trustees and attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached to the bonds shall be attested by the signature of the clerk.

4. The proceeds of any bond issue made under this section shall be used only for the cost of public improvements as specified in sections 358C.1 and 358C.4. Proceeds from the bond issue may also be used for the payment of special assessment deficiencies. The bonds shall be payable in not more than forty annual installments and with interest at a rate not exceeding that permitted by chapter 74A, and shall be made payable at the place and be of the form as the board of trustees shall by resolution designate. A district issuing bonds as authorized in this section is granted authority to pledge the future avails of a tax levy to the payment of the principal and interest of the bonds after the same come due, and the power to impose and certify the levy is granted to the trustees of real estate improvement districts organized under this chapter.

358C.17 Special assessments.

1. The board of trustees of a real estate improvement district may provide for the payment of all or any portion of the costs of a public improvement as specified in sections 358C.1 and 358C.4, by assessing all, or any portion of, the costs on adjacent property according to the benefits derived. For the purposes of this chapter, the board of trustees may define "adjacent property" as all that included within a designated benefited district to be fixed by the board, which may be all of the property located within the real estate improvement district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the district, but a special assessment shall not be made upon property situated outside of the district. Special assessments pursuant to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property shall be made in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities. Notwithstanding the provisions of section 384.62, the combined assessments against any lot for public improvements included in the petition creating the real estate improvement district or as authorized in section 358C.4 shall not exceed the valuation of that lot as established by section 384.46.

2. The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

3. Subject to the limitations otherwise stated in this section, a district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

4. A special assessment under this section shall be recorded in the county in which the district is located for each lot in the district.

5. Notwithstanding section 384.65, subsection 5, a district shall have a lien on the benefited property only in the amount of special assessment installments that have come due but have not been paid. The district shall not have a lien for the total amount of the special assessment originally levied against the benefited property. A lien, including, but not limited to, a lien for a mortgage for the construction or the purchase of housing on property benefited by improvements and against which a special assessment is levied under this chapter, shall have precedence over a special assessment which has been levied by the district but is not due. A district’s lien shall only be in the amount of installments whose due dates have passed without payment, along with all interest and penalties on the delinquent installments. The district’s lien for delinquent installments, interest, and penalties shall have equal precedence with ordinary taxes and shall not be divested by judicial sale. Any remaining special assessment installments that have not become due shall not be divested by judicial sale and shall become a lien when the special

assessment installments become due.
95 Acts, ch 200, §17; 96 Acts, ch 1034, §33; 96 Acts, ch 1204, §7, 8

358C.18 Additional territory.
1. The district may be enlarged and additional territory annexed to the district by either of the following methods:
a. By petitions signed by the owners of all the property to be annexed to the district. If a petition requesting annexation is presented to the trustees and approved by the trustees the change in the boundaries to include the additional area shall be certified by the clerk of the district to the county auditor in which the greater portion of the district is located and thereafter the district shall include the area thus annexed.
b. By a petition filed with the clerk of the district, signed by persons owning not less than fifty percent of the area to be annexed, but not signed by persons owning all the area requested to be annexed. On the filing of the petition, the trustees of the district shall fix a time and place for a hearing on the petition and give notice of the hearing, as provided in section 331.305, and by certified mail to the record owners of all persons owning land within the territory sought to be annexed, not less than ten days prior to the date of the hearing, if the address of the owners is known or can be ascertained by reasonable diligence by the trustees. At the hearing, any person owning property within the area proposed to be annexed or any person owning property or residing within the district may appear and be heard. If, after the hearing, the board of trustees determines that annexation of the additional area will be conducive to the public health, convenience, and welfare and will not be an undue burden on the district, the board of trustees may, by resolution, annex the additional area and fix the boundary which shall not include more than the area requested in the petition. A copy of the resolution shall be filed with the county auditor of the county in which the largest portion of the district is located and thereafter the area included by the resolution shall be a part of the district.
2. All property, from and after it is annexed to the district, shall be subject to all taxes and other burdens levied by the district, regardless of when the obligation for which the taxes or assessments are levied was incurred.
95 Acts, ch 200, §18

358C.19 Annexation by a city.
When a city or real estate improvement district proposes that the district be annexed by the city, either wholly or partially, an owner of property in the district shall not object to the annexation if a city annexes all the territory within the boundaries of a real estate improvement district, the district shall merge with the city and the city shall succeed to all the property and property rights of every kind, contracts, and obligations, held by or belonging to the district, and the city shall be liable for and recognize, assume, and carry out all valid contracts and obligations of the district. The city may assume and provide for the payment of the obligations of any bonds of the district by issuing general obligation, special assessment, or revenue refunding bonds which may be sold at public or private sale or exchanged for outstanding bonds. General obligation bonds of the city may be issued to refund special assessment and revenue obligations if the governing body of the city determines that it is in the best interest of the city. The refunding of these obligations shall constitute an essential corporate purpose under section 384.24. All taxes, assessments, claims, and demands of every kind due or owing to the district shall be paid to and collected by the city. Any special assessments which the district was authorized to levy, assess, relevy, or reassess, but which were not levied, assessed, relevied, or reassessed, at the time of the merger, for improvements made by the district or in the process of construction or contracted for may be levied, assessed, relevied, or reassessed by the annexing city to the same extent as the district may have levied or assessed but for the merger. However, this section does not authorize the annexing city to revoke any resolution, order, or finding made by the district in regard to special benefits or increase any assessments made by the district, but the city shall be bound by all findings or orders and assessments to the same extent as the district would be bound. Also, a district shall not levy any special assessments after the effective date of the annexation.
95 Acts, ch 200, §19

358C.20 Effective date of merger.
The merger shall be effective thirty days after the effective date of the ordinance annexing the territory within the district. However, if the validity of the ordinance annexing the territory is challenged by a court proceeding, the effective date of the merger shall be thirty days after the final determination of the validity of the ordinance. If the owners representing a majority of the area of real estate within the district fail to sign and present to the board, on or prior to the hearing date, a written petition opposing the resolution, a majority of the board of trustees may pass the resolution and adopt the proposed dissolution. However, the resolution shall not be adopted if the district is obligated on any outstanding bonds, warrants, or other debts or obligations unless the holders of the bonds, warrants, or other debts or obligations all sign written consents to the dissolution prior to the adoption of the resolution of dissolution. If the petition opposing the resolution is signed by property owners representing a majority of the area of real estate within the district and presented to the board of trustees on or prior to the hearing date, the board of trustees shall not adopt the resolution. 1. The township trustees may levy an annual tax not exceeding forty and one-half cents per thousand dollars of assessed value of the taxable property in the township, excluding property within a benefited fire district or within the corporate limits of a city, for the purpose of exercising the powers and duties specified in section 359.42. However, in a township having a fire protection service or emergency medical service agreement or both service agreements with a special charter city having a paid fire department, the township trustees may levy an annual tax not exceeding fifty-four cents per thousand dollars of the as-

2. If the levy authorized under subsection 1 is insufficient to provide the services authorized or required under section 359.42, the township trustees may levy an additional annual tax not exceeding twenty and one-fourth cents per thousand dollars of assessed value of the taxable property in the township, excluding any property within the corporate limits of a city, to provide the services.

3. The township trustees may divide the township into tax districts for the purpose of providing the services authorized or required under section 359.42 and may levy a different tax rate in each district, but the tax levied in a tax district for the authorized or required services shall not exceed the tax levy limitations for that township as provided in this section.

4. Of the levies authorized under subsections 1 and 2, the township trustees may credit to a reserve account annually an amount not to exceed thirty cents per thousand dollars of the assessed value of the taxable property in the township for the purchase or replacement of supplies and equipment required to carry out the services specified under section 359.42. Notwithstanding section 12C.7, interest earned on moneys credited to the reserve account shall be credited to the reserve account.

1. A township trustee while engaged in official business shall be compensated at an hourly rate established by the county board of supervisors. However, the county board of supervisors may establish a minimum daily pay rate for the time spent by a township trustee attending a scheduled meeting of township trustees. The compensation shall be paid by the county except:

   a. When the trustee is assessing damages done by trespassing animals, payment of the compensation shall be made in the same manner as other costs in such cases.

   b. When the trustee is acting as a fence viewer or in a case where provision is made for payment from a source other than the general fund of the county.

2. In cases where their fees or compensation are not paid by the county, the trustees shall be paid by the party requiring their services. The trustees shall attach to the report of their proceedings a statement specifying their services, directing who shall pay the fees or compensation, and specifying the amount to be paid by each party. A party who makes advance payment for the services of the trustees may take legal action to recover the amount of the payment from the party who is directed to pay by the trustees unless the party entitled to recovery under this subsection is paid within ten days after a demand for reimbursement is made.

359.47 Compensation of township clerk.

A township clerk while engaged in official business shall be compensated at the same rate as the pay rate of a township trustee of the same township.

BUDGET

359.49 Township budget.

Annually, a township shall prepare and adopt a budget, and shall certify taxes as follows:

1. A budget must be prepared for at least the following fiscal year. A proposed budget must show estimates of the following:

   a. Expenditures from each fund.
§359.49, TOWNSHIPS AND TOWNSHIP OFFICERS

b. Income from sources other than property taxation.
c. Amount to be raised by property taxation, and the property tax rate expressed in dollars per one thousand dollars assessed valuation.

2. By January 15 of each year, each township fire department in the township shall provide to the board of trustees a proposed budget showing all revenues and all expenses for emergency services for the next fiscal year. By January 15 of each year, each township fire department, and each municipal fire department providing emergency services to a township, shall submit to the board of trustees a report detailing emergency services calls for the prior calendar year for the fire district and a copy of the fire report filed by the fire department with the state fire marshal’s office. For purposes of this subsection, “municipal” means relating to a city, county, township, benefited fire district, or chapter 28E agency authorized by law to provide emergency services.

3. Not less than ten days before the date set for the regular meeting of the board at which objections and arguments on the budget will be heard, the clerk shall make available a sufficient number of copies of the detailed budget to meet the requests of taxpayers and organizations.

4. The board of trustees shall transmit a copy of the proposed budget to the county auditor for posting.

5. The board of trustees shall set a time and place for a regular meeting before final certification of the budget, which meeting shall provide time for comments and objections to be heard on the proposed budget. The meeting shall be held no less than ten days and no more than twenty days after the proposed budget is posted by the county auditor. The county auditor shall certify to the clerk the date of posting.

6. At the meeting, any resident or taxpayer of the township may present to the board of trustees objections to any part of the budget for the following fiscal year or arguments in favor of any part of the budget.

7. After the meeting on the proposed budget, the board of trustees shall adopt by resolution a budget for at least the next fiscal year, and the clerk shall certify the necessary tax levy for the next fiscal year to the county auditor and the county board of supervisors by March 15. The tax levy certified may be less than but shall not be more than the amount estimated in the proposed budget submitted at the meeting. Two copies each of the detailed budget as adopted and of the certified tax levy must be transmitted to the county auditor by March 15.

8. A township that has entered into an agreement with a municipality to receive fire protection service or emergency medical service from the municipality may request that a portion of its taxes be paid directly to the municipality providing the fire protection service or emergency medical service. Each year, the township must note its request on the budget and must attach a copy of the emergency services agreement to each copy of the budget transmitted to the county auditor. The auditor shall direct the county treasurer as to what portion of the township taxes to disburse to the municipality providing the fire protection service or emergency medical service.

For purposes of this subsection, “municipality” means a city, county, township, benefited fire district, or agency formed under chapter 28E and authorized by law to provide emergency services.

9. Taxes from a township levy shall be collected but not disbursed by the county to a township until copies of the township budget are transmitted to the county auditor as required in subsection 7. If a township fails to certify property taxes by March 15, the amount of taxes collected by the county for the township shall be the amount collected for the township in the previous fiscal year to the extent that it does not exceed the applicable levy rate limits in this chapter. However, that amount may not exceed the amount the township could collect based on property assessments for the fiscal year for which the township failed to certify property taxes.

10. The township budget shall be prepared on forms, and pursuant to instructions, prescribed by the county finance committee in consultation with the department of management.

360.2 Tax.
If a majority of the votes cast are in favor of the tax, the trustees shall certify such fact to the board of supervisors, and they shall thereupon levy a tax not to exceed the rate voted and not to exceed twenty and one-fourths cents per thousand dollars of assessed value each year for a period not exceeding five years on the taxable property of the township, except that such five-year limitation shall not apply in case of a public hall acquired by a lease with a purchase option. When such tax is collected by the treasurer, it shall be paid to the township clerk; but said clerk shall not receive to exceed one percent for handling said money.

The township trustees or in case of joint ownership, in conjunction with the city authorities shall have charge of the building of such hall, shall receive bids, and shall let the building of the same to the lowest responsible bidder, and the township clerk shall pay out of the funds collected, only on the order of the trustees of said township for the township’s share of the cost thereof.

The township clerk, under the direction of the trustees, shall be the custodian of the building, and the use thereof may be permitted by the township trustees to citizens of the township for any lawful purpose; and, for the purposes of this chapter, the township clerk is hereby clothed with all the powers and duties of a constable of the township, to maintain order within and about the premises, protect the property, and enforce orders of the township trustees with respect thereto. In case of joint ownership by the township and city, the duties herein enumerated shall devolve jointly upon the township trustees and the city authorities or they may purchase a building already built with the same limitations as in said section 360.4. A copy of this section shall be at all times kept posted in a conspicuous place in said hall.

360.7 Bond.
When a tax is voted as provided in this chapter, the township clerk shall, before drawing any of said tax from the treasury of the county, execute a bond, with penalty double the amount of said tax, which bond shall be approved by the board of supervisors.

[C97, §572; C24, 27, 31, 35, 39, §5580; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §360.7]

360.8 Tax for repairs.
The trustees of any township where such building has been erected or acquired by purchase, lease with purchase option, or by gift are hereby authorized to certify to the board of supervisors that a tax of not exceeding in any one year, thirteen and one-half cents per thousand dollars of assessed value, on the taxable property of the township, should be levied, to be used in keeping such building in repair, to furnish same with necessary furniture, and provide for the care thereof. Provided, that in counties with a population of seventeen thousand to seventeen thousand two hundred fifty, census 1960, where such buildings are of brick construction with at least one hundred thousand cubic feet of space, such tax may be twenty-seven cents per thousand dollars of assessed value on the taxable property. When such certificate is filed in the auditor’s office, the board of supervisors shall levy such tax.

[C97, §573; C24, 27, 31, 35, 39, §5581; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §360.8]

360.9 Reversion of real estate — payment.
Any real estate, including improvements thereon, situated wholly outside of a city, owned by a township and heretofore used for township purposes and which is no longer necessary for township purposes, shall revert to the present owner of the tract from which the same was taken, provided that said owner of the tract last aforesaid shall, within the time hereinafter prescribed, pay the value thereof to the township clerk. In the event the township trustees and said owner of the tract from which such real property was taken do not agree as to the value of such property and improvements thereon, the township clerk shall, on written application of either party, appoint three disinterested residents of the township to appraise such property and improvements thereon.

The township clerk shall give notice to said trustees and said owner of the time and place of making such appraisement, which notice shall be served in the same manner and for the same time as for the commencement of action in the district court. Such appraisers shall inspect the real estate and improvements and, at the time and place designated in the notice, appraise the same in writing, which appraisement, after being duly verified, shall be filed with the township clerk.

If the present owner of the tract from which said site was taken fails to pay the amount of such appraisement to such township within twenty days after the filing of same with the township clerk, the township trustees may sell said site, including any improvements thereon, to any person at the appraised value, or may sell the same at public auction for the best bid.

Any real estate, including improvements thereon, situated within a city, owned by a township and heretofore used for township purposes and which is no longer necessary for township purposes, may be sold by the township trustees at public auction for the best bid.

The township trustees in the case of joint ownership, in conjunction with any city authorities, shall not sell such real estate including improvements thereon unless the city authorities concur in such sale. The proceeds of such sale of jointly owned real estate including improvements located thereon shall be prorated between the township and the city on the basis of their respective contributions to the acquisition and maintenance of such property.

Sales at public auction contemplated herein...
shall be made only after the township trustees advertise for bids for such property. Such advertisement shall definitely describe said property and be published by at least one insertion each week for two consecutive weeks in some newspaper having general circulation in the township.

The township trustee shall not, prior to two weeks after the said second publication, nor later than six months after said second publication, accept any bid. The township trustees may accept only the best bid received prior to acceptance. The township trustees may decline to sell if all the bids received are deemed inadequate.

Subject to the right of reversion to the present owner as above provided, the township trustees may sell, lease, exchange, give or grant and accept any interest in real property to, with or from any county, municipal corporation or school district if the real property is within the jurisdiction of both the grantor and grantee and the advertising and public auction requirements of this section shall not apply to any such transaction between the aforesaid local units of government.

362.5 Interest in public contract prohibited — exceptions.
When used in this section, “contract” means any claim, account, or demand against or agreement with a city, express or implied.

A city officer or employee shall not have an interest, direct or indirect, in any contract or job of work or material or the profits thereof or services to be furnished or performed for the officer’s or employee’s city. A contract entered into in violation of this section is void. The provisions of this section do not apply to:
1. The payment of lawful compensation of a city officer or employee holding more than one city office or position, the holding of which is not incompatible with another public office or is not prohibited by law.
2. The designation of a bank or trust company as a depository, paying agent, or for investment of funds.
3. An employee of a bank or trust company, who serves as treasurer of a city.
4. Contracts made by a city, upon competitive bid in writing, publicly invited and opened.
5. Contracts in which a city officer or employee has an interest solely by reason of employment, or a stock interest of the kind described in subsection 9, or both, if the contracts are made by competitive bid in writing, publicly invited and opened, or if the remuneration of employment will not be directly affected as a result of the contract and the duties of employment do not directly involve the procurement or preparation of any part of the contract. The competitive bid qualification of this subsection does not apply to a contract for professional services not customarily awarded by competitive bid.
6. The designation of an official newspaper.
7. A contract in which a city officer or employee has an interest if the contract was made before the time the officer or employee was elected or appointed, but the contract may not be renewed.
8. Contracts with volunteer fire fighters or civil defense volunteers.
9. A contract with a corporation in which a city officer or employee has an interest by reason of stockholdings when less than five percent of the outstanding stock of the corporation is owned or controlled directly or indirectly by the officer or employee or the spouse or immediate family of such officer or employee.
10. Contracts not otherwise permitted by this section, for the purchase of goods or services by a city having a population of more than two thousand five hundred, which benefit a city officer or employee, if the purchases benefiting that officer or employee do not exceed a cumulative total purchase price of one thousand five hundred dollars in a fiscal year.
11. Contracts not otherwise permitted by this section for the purchase of goods or services by a city having a population of two thousand five hundred or less, which benefit a city officer or employee, if the purchases benefitting that officer or employee do not exceed a cumulative total purchase price of two thousand five hundred dollars in a fiscal year.

12. Franchise agreements between a city and a utility and contracts entered into by a city for the provision of essential city utility services.

13. A contract that is a bond, note, or other obligation of the city and the contract is not acquired directly from the city, but is acquired in a transaction with a third party who may or may not be the original underwriter, purchaser, or obligee of the contract.

362.6 Conflict of interest.

A measure voted upon is not invalid by reason of conflict of interest in an officer of a city, unless the vote of the officer was decisive to passage of the measure. If a specific majority or unanimous vote of a municipal body is required by statute, the majority or vote must be computed on the basis of the number of officers not disqualified by reason of conflict of interest. However, a majority of all members is required for a quorum. For the purposes of this section, the statement of an officer that the officer declines to vote by reason of conflict of interest is conclusive and must be entered of record.

362.7 Prior measures valid.

A valid measure adopted by a city prior to July 1, 1975, remains valid unless the measure is irreconcilable with the city code.

362.8 Construction.

The city code, being necessary for the public safety and welfare, shall be liberally construed to effectuate its purposes.

362.9 Application of city code.

The provisions of this chapter and chapters 364, 368, 372, 376, 380, 384, 388 and 392 are applicable to all cities.
364.1 Scope.
A city may, except as expressly limited by the Constitution of the State of Iowa, and if not inconsistent with the laws of the general assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges, and property of the city or of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and convenience of its residents. This grant of home rule powers does not include the power to enact private or civil law governing civil relationships, except as incident to an exercise of an independent city power.

364.2 Vesting of power — franchises.
1. A power of a city is vested in the city council except as otherwise provided by a state law.
2. The enumeration of a specific power of a city does not limit or restrict the general grant of home rule power conferred by the Constitution of the State of Iowa. A city may exercise its general powers subject only to limitations expressly imposed by a state or city law.
3. An exercise of a city power is not inconsistent with a state law unless it is irreconcilable with the state law.
4. a. A city may grant to any person a franchise to erect, maintain, and operate plants and systems for electric light and power, heating, telegraph, cable television, district telegraph and alarm, motor bus, trolley bus, street railway or other public transit, waterworks, or gasworks, within the city for a term of not more than twenty-five years. When considering whether to grant, amend, extend, or renew a franchise, a city shall hold a public hearing on the question. Notice of the time and place of the hearing shall be published as provided in section 362.3. The franchise may be granted, amended, extended, or renewed only by an ordinance, but no exclusive franchise shall be granted, amended, extended, or renewed.
   b. Such an ordinance shall not become effective unless approved at an election. The proposal may be submitted by the council on its own motion to the voters at any city election. Upon receipt of a valid petition as defined in section 362.4 requesting that a proposal be submitted to the voters, the council shall submit the proposal at the next regular city election or at a special election called for that purpose before the next regular city election. However, the city council may dispense with such election as to the grant, amendment, extension, or renewal of an electric light and power, heating, or gasworks franchise unless there is a valid petition requesting submission of the proposal to the voters, or the party seeking such franchise, grant, amendment, extension, or renewal requests an election. If a majority of those voting approves the proposal, the city may proceed as proposed. The complete text of the ordinance shall be included on the ballot if paper ballots are used. If an electronic voting system or voting machine is used, the proposal shall be stated on the ballot and the full text of the ordinance posted for the voters pursuant to section 52.25. All absentee voters shall receive the full text of the ordinance.
   c. Notice of the election shall be given by publication as prescribed in section 49.53 in a newspaper of general circulation in the city.
   d. The person asking for the granting, amending, extension, or renewal of a franchise shall pay the costs incurred in holding the election, including the costs of the notice. A franchise shall not be finally effective until an acceptance in writing has been filed with the council and payment of the costs has been made.
   e. The franchise ordinance may regulate the conditions required and the manner of use of the streets and public grounds of the city, and it may, for the purpose of providing electrical, gas, heating, or water service, confer the power to appropriate and condemn private property upon the person franchised.
   f. If a city franchise fee is assessed to customers of a franchise, the fee shall not be assessed to the city as a customer.
   g. If a city grants more than one cable television franchise, the material terms and conditions of any additional franchise shall not give undue preference or advantage to the new franchisee. A city shall not grant a new franchise that does not include the same territory as that of the existing franchise. A new franchisee shall be given a reasonable period of time to build the new system throughout the territory.

364.20 Motor vehicles required to operate on ethanol blended gasoline.
364.21 Use of vacant school property.
364.22 Municipal infractions.
364.22A Neglected animals.
364.23 Energy-efficient lighting required.
364.24 Traffic light synchronization.
364.25 Retiree health care.
§364.3 Limitation of powers.
The following are limitations upon the powers of a city:

1. A city council shall exercise a power only by the passage of a motion, a resolution, an amendment, or an ordinance.

2. A city shall not provide a penalty in excess of a five hundred dollar fine or in excess of thirty days imprisonment for the violation of an ordinance. An amount equal to ten percent of all fines collected by cities shall be deposited in the account established in section 602.8108. However, one hundred percent of all fines collected by a city pursuant to section 321.236, subsection 1, shall be retained by the city. The criminal penalty surcharge required by section 911.1 shall be added to a city fine and is not a part of the city's penalty.

3. A city may not set standards and requirements which are lower or less stringent than those imposed by state law, but may set standards and requirements which are higher or more stringent than those imposed by state law, unless a state law provides otherwise.

4. A city may not levy a tax unless specifically authorized by a state law.

5. A city shall not adopt or enforce any ordinance imposing any registration or licensing system or registration or license fees for owner-occupied manufactured or mobile homes including the lots or lands upon which they are located. A city shall not adopt or enforce any ordinance imposing any registration or licensing system or registration or license fees, or safety or sanitary standards for rental manufactured or mobile homes unless a similar registration or licensing system, or registration or license fees, or safety or sanitary standards are required for other rental properties intended for human habitation. This subsection does not preclude the investigation and abatement of a nuisance or the enforcement of a tiedown system, or the enforcement of any regulations of the state or local board of health if those regulations apply to other rental properties or to owner-occupied housing intended for human habitation.

6. A city shall not provide a civil penalty in excess of seven hundred fifty dollars for the violation of an ordinance which is classified as a municipal infraction or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. A municipal infraction is not punishable by imprisonment.

7. A city which operates a cable communications system shall manage the right-of-way on a competitively neutral and nondiscriminatory basis. Additionally, a city-operated cable communications system shall be required to pay the same fees and charges and comply with other requirements as may be imposed by the city by ordinance or by the terms of a franchise granted by the city, or as may otherwise be imposed by the city, upon any other cable provider. This subsection does not prohibit a city from making an equitable apportionment of franchise requirements between or among cable television providers, in order to eliminate duplication. This subsection shall not be construed to prohibit a city-operated cable communications system from making transfers of surplus as otherwise allowed or from making in-kind contributions as otherwise allowed.

8. a. A city may adopt and enforce an ordinance requiring the construction of a storm shelter at a manufactured home community or mobile home park which is constructed after July 1, 1999. In lieu of requiring construction of a storm shelter, a city may require a community or park owner to provide a plan for the evacuation of community or park residents to a safe place of shelter in times of severe weather including tornadoes and high winds if the city determines that a safe place of shelter is available within a reasonable distance of the manufactured home community or mobile home park for use by community or park residents. Each evacuation plan prepared pursuant to this subsection shall be filed with, and approved by, the local emergency management agency. If construction of a storm shelter is required, an ordinance adopted or enforced pursuant to this subsection shall not include any of the following requirements:

(1) That the size of the storm shelter be larger than the equivalent of seven square feet for each manufactured or mobile home space in the manufactured home community or mobile home park.

(2) That the storm shelter include a restroom if the shelter is used exclusively as a storm shelter.

(3) That the storm shelter exceed the construction specifications approved by a licensed professional engineer and presented by the owner of the manufactured home community or mobile home park.

(4) That the shelter be located any closer than one thousand three hundred twenty feet from any manufactured or mobile home in the community. However, this restriction shall not prohibit the adoption or enforcement of an ordinance that requires a minimum of one shelter to be located in a manufactured home community or mobile home park.

b. For the purposes of this subsection:
364.4 Property and services outside of city — lease-purchase — insurance.

A city may:

1. a. Acquire, hold, and dispose of property outside the city in the same manner as within. However, the power of a city to acquire property outside the city does not include the power to acquire property outside the city by eminent domain, except for the following, subject to the provisions of chapters 6A and 6B:

   (1) The operation of a city utility as defined in section 362.2.

   (2) The operation of a city franchise conferred the authority to condemn private property under section 364.2.

   (3) The operation of a combined utility system as defined in section 384.80.

   (4) The operation of a municipal airport.

   (5) The operation of a landfill or other solid waste disposal or processing site.

   (6) The use of property for public streets and highways.

   (7) The operation of a multistate entity, of which the city is a participating member, created to provide drinking water that has received or is receiving federal funds, but only if such property is to be acquired for water transmission and service lines, pump stations, water storage tanks, meter houses and vaults, related appurtenances, or supporting utilities.

   b. The exceptions provided in paragraph “a”, subparagraphs (1) through (3), apply only to the extent the city had this power prior to July 1, 2006.

2. By contract, extend services to persons outside the city.

3. Enact and enforce ordinances relating to city property and city-extended services outside the city.

4. Enter into leases or lease-purchase contracts for real or personal property in accordance with the following terms and procedures:

   a. A city shall lease or lease-purchase property only for a term which does not exceed the economic life of the property, as determined by the governing body.

   b. A lease or lease-purchase contract entered into by a city may contain provisions similar to those sometimes found in leases between private parties, including, but not limited to, the obligation of the lessee to pay any of the costs of operation or ownership of the leased property and the right to purchase the leased property.

   c. A provision of a lease or lease-purchase contract which stipulates that a portion of the rent payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A city utility or city enterprise is a separate entity under this subsection whether it is governed by the governing body of the city or another governing body.

   d. The governing body must follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a lease or a lease-purchase contract made payable from the debt service fund.

   e. The governing body may authorize a lease or lease-purchase contract which is payable from the general fund and which would not cause the total of annual lease or lease-purchase payments of the city due from the general fund of the city in any future year for lease or lease-purchase contracts in force on the date of the authorization, excluding payments to exercise purchase options or to pay the expenses of operation or ownership of the property, to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:

      (1) The governing body must follow substantially the authorization procedures of section 384.25 to authorize a lease or lease-purchase contract for personal property which is payable from the general fund. The governing body must follow substantially the authorization procedures of section 384.25 to authorize the lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease-purchase contract does not exceed the following limits:

         (a) Four hundred thousand dollars in a city having a population of five thousand or less.

         (b) Seven hundred thousand dollars in a city having a population of more than five thousand but not more than seventy-five thousand.
§364.4, POWERS AND DUTIES OF CITIES

(c) One million dollars in a city having a population of more than seventy-five thousand.

(2) The governing body must follow the following procedures to authorize a lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease or lease-purchase contract exceeds the limits set forth in subparagraph (1):

2. The council shall hold a hearing on the matter and shall give not less than twenty days’ notice of the hearing to the railway companies involved, served in the same manner as an original notice.

3. A city may not require overpasses or underpasses of the same railway company to be constructed closer than on every fourth parallel street, nor require a company to construct or contribute to the construction of more than one overpass or underpass each year, nor require the construction of approaches longer than a total of eight hundred feet for a single overpass or underpass.

364.11  Street construction by railways.

All railway companies shall construct and repair all street improvements between the rails of their tracks, and one foot outside, at their own expense, unless by ordinance the railway is required to improve other portions of the street, and in that case the railway shall construct and repair the improvement of that part of the street specified by the ordinance, and the improvement or repair must be of the material and character ordered by the city, and must be done at the time the remainder of the improvement is constructed or repaired.

When an improvement is made, the company shall lay rail as required by the council, and shall then keep up to grade that part of the improvement they are required to construct or maintain.

If a railway fails or refuses to comply with the order of the council to construct or repair an improvement, the work may be done by the city and the expense shall then be assessed upon the property of the railway company, for collection in the same manner as a property tax. 364.12  Responsibility for public places.

1.  As used in this section, "property owner" means the contract purchaser if there is one of record, otherwise the record holder of legal title.

2.  A city shall keep all public grounds, streets, sidewalks, alleys, bridges, culverts, overpasses, underpasses, grade crossing separations and approaches, public ways, squares, and commons open, in repair, and free from nuisance, with the following exceptions:
   a.  Public ways and grounds may be temporarily closed by resolution. Following notice as provided in section 362.3, public ways and grounds may be vacated by ordinance.
   b.  The abutting property owner is responsible for the removal of the natural accumulations of snow and ice from the sidewalks within a reasonable amount of time and may be liable for damages caused by the failure of the abutting property owner to use reasonable care in the removal of the snow or ice. If damages are to be awarded under this section against the abutting property owner, the claimant has the burden of proving the amount of the damages. To authorize recovery of more than a nominal amount, facts must exist and be shown by the evidence which afford a reasonable basis for measuring the amount of the claimant's actual damages, and the amount of actual damages shall not be determined by speculation, conjecture, or surmise. All legal or equitable defenses are available to the abutting property owner in an action brought pursuant to this paragraph.
   c.  The abutting property owner may be required by ordinance to maintain all property outside the lot and property lines and inside the curb lines upon the public streets, except that the property owner shall not be required to remove diseased trees or dead wood on the publicly owned property or right-of-way.
   d.  A city may serve notice on the abutting property owner, by certified mail to the property owner as shown by the records of the county auditor, requiring the abutting property owner to repair, replace, or reconstruct sidewalks.
   e.  If the abutting property owner does not perform an action required under this subsection within a reasonable time, a city may perform the required action and assess the costs against the abutting property owner for collection in the same manner as a property tax. This power does not relieve the abutting property owner of liability imposed under paragraph "b".
   f.  A city has no duty under this subsection with respect to property that is required by law to be maintained by a railway company.

3.  A city may:
   a.  Require the abatement of a nuisance, public or private, in any reasonable manner.
   b.  Require the removal of diseased trees or dead wood, except as stated in subsection 2, paragraph "c" of this section.
   c.  Require the removal, repair, or dismantling of a dangerous building or structure.
   d.  Require the numbering of buildings.
   e.  Require connection to public drainage systems from abutting property when necessary for public health or safety.
   f.  Require connection to public sewer systems from abutting property, and require installation of sanitary toilet facilities and removal of other toilet facilities on such property.
   g.  Require the cutting or destruction of weeds or other growth which constitutes a health, safety, or fire hazard.
   h.  If the property owner does not perform an action required under this subsection within a
reasonable time after notice, a city may perform the required action and assess the costs against the property for collection in the same manner as a property tax. Notice may be in the form of an ordinance or by certified mail to the property owner as shown by the records of the county auditor, and shall state the time within which action is required. However, in an emergency a city may perform any action which may be required under this section without prior notice, and assess the costs as provided in this subsection, after notice to the property owner and hearing.

4. In addition to any other remedy provided by law, a city may also seek reimbursement for costs incurred in performing any act authorized by this section by a civil action for damages against a property owner. However, a city shall not seek reimbursement for costs incurred in performing an act if the same act has not been performed by the city on adjoining city-owned property. For the purposes of this subsection, a county acquiring property for delinquent taxes shall not be considered a property owner.

5. A city may cause, without prior determination and notice, the repair or replacement of public improvements including, but not limited to, sidewalks, water stop boxes, and driveway approaches if the property owner does all of the following:
   a. Requests the repair and replacement of the public improvements specified in this subsection abutting the property owner’s property located outside the lot and property lines and inside the curb lines.
   b. Waives the requirement of a prior finding by the city council that the condition of the public improvements constitutes a nuisance and the requirement of prior notice.
   c. Consents to the repair of the public improvements and the assessment of the cost of the repair to the abutting property.

6. If, in repairing and replacing improvements in the area between the lot or property lines and the curb lines pursuant to subsection 5, it becomes necessary for the city to repair or replace adjacent improvements in the area, the cost of repairing or replacing the adjacent public improvements may be assessed, with consent of the property owner, against the property which the public improvements abut.

7. A city may accumulate individual assessments for the repair and replacement of sidewalks, driveway approaches, water stop boxes, or similar improvements or for the abatement of nuisances, and may periodically certify the assessments to the county treasurer under one or more assessment schedules.

If a city has opened a street or alley, and any person has made improvements on lots abutting the street or alley or uses such street or alley for ingress or egress, and afterward the street or alley is vacated causing damage or injury or loss of access, or diminishing the value of the improved property, the city shall pay to the owner of the property the amount of such damage or injury.

A city may establish fire limits and may, consistent with code standards promulgated by nationally recognized fire prevention agencies, regulate the storage, handling, use, and transportation of all flammables, combustibles, and explosives within the corporate limits and inspect for and abate fire hazards. A city may provide conditions upon which the fire department will answer calls outside the corporate limits or the territorial jurisdiction and boundary limits of this state. A city has the same governmental immunity outside its corporate limits when providing fire protection as when operating within the corporate limits. Fire fighters operating equipment on calls outside the corporate limits are entitled to the benefits of chapter 410 or 411 when otherwise qualified.

The late payment fee and the interest shall not accrue if such owner files an appeal with either the city, if the city has established an appeals procedure, or the district court. §364.22  MUNICIPAL INFRACTIONS.

1. A municipal infraction is a civil offense punishable by a civil penalty of not more than one thousand dollars for each violation or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. However, notwithstanding section 364.3, a municipal infraction arising from noncompliance with a pretreatment standard or requirement, referred to in 40 C.F.R. § 403.8, by an industrial user may be punishable by a civil penalty of not more than one thousand dollars for each day a violation exists or continues.

A city may classify a municipal infraction, other than a violation arising from noncompliance with a pretreatment standard or requirement, as an environmental violation if the infraction is a violation of chapter 455B or 459, subchapters II and III, or a violation of a standard established by the city in consultation with the department of natural resources, or both. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, unless the person is engaged in industrial production or manufacturing of grain products. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person engaged in industrial production or manufacturing of grain products, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, if the discharge occurs from September 15 to January 15. A municipal infraction which is classified as an environmental violation is not subject to a civil penalty, if all of the following conditions are satisfied:

a. The violation results solely from the person conducting an initial start-up, cleaning, repairing, performing scheduled maintenance, testing, or conducting a shutdown, of either equipment causing the violation or the equipment designed to reduce or eliminate the violation.
b. The person notifies the city of the violation within twenty-four hours from the time that the violation begins.
c. The violation does not continue in existence for more than eight hours.

A city shall not enforce this section against a person committing an environmental violation, until the city offers to participate in informal negotiations with the person. If the person accepts the offer, the city and the person shall participate in good faith negotiations to resolve issues alleged to be the basis for the violation.

2. A city by ordinance may provide that a violation of an ordinance is a municipal infraction.

3. A city shall not provide that a violation of an ordinance is a municipal infraction if the violation is a felony, an aggravated misdemeanor, or a serious misdemeanor under state law or if the violation is a simple misdemeanor under chapters 687 through 747.

4. An officer authorized by a city to enforce a city code or regulation may issue a civil citation to a person who commits a municipal infraction. The citation may be served by personal service as provided in rule of civil procedure 1.305, by certified mail addressed to the defendant at the defendant’s last known mailing address, return receipt requested, or by publication in the manner as provided in rule of civil procedure 1.310 and subject to the conditions of rule of civil procedure 1.311. A copy of the citation shall be retained by the issuing officer, and one copy shall be sent to the clerk of the district court. The citation shall serve as notification that a civil offense has been committed and shall contain the following information:

a. The name and address of the defendant.
b. The name or description of the infraction attested to by the officer issuing the citation.
c. The location and time of the infraction.
d. The amount of civil penalty to be assessed or the alternate relief sought, or both.
e. The manner, location, and time in which the penalty may be paid.
f. The time and place of court appearance.
g. The penalty for failure to appear in court.

5. In municipal infraction proceedings:

a. The matter shall be tried before a magistrate, a district associate judge, or a district judge in the same manner as a small claim. The matter shall only be tried before a judge in district court if the total amount of civil penalties assessed exceeds the jurisdictional amount for small claims set forth in section 631.1.
b. The city has the burden of proof that the municipal infraction occurred and that the defendant committed the infraction. The proof shall be by clear, satisfactory, and convincing evidence.
c. The court shall ensure that the defendant has received a copy of the charges and that the defendant understands the charges. The defendant may question all witnesses who appear for the city and produce evidence or witnesses on the defendant’s behalf.
d. The defendant may be represented by counsel of the defendant’s own selection and at the defendant’s own expense.
e. The defendant may answer by admitting or denying the infraction.
f. If a municipal infraction is proven the court shall enter a judgment against the defendant. If the infraction is not proven, the court shall dismiss it.

6. All penalties or forfeitures collected by the court for municipal infractions shall be remitted to the city in the same manner as fines and forfeitures are remitted for criminal violations under
section 602.8106. If the person named in the citation is served as provided in this section and fails without good cause to appear in response to the civil citation, judgment shall be entered against the person cited.

7. A person against whom judgment is entered, shall pay court costs and fees as in small claims under chapter 631. If the action is dismissed, the city is liable for the court costs and court fees. Where the action is disposed of without payment, or provision for assessment, of court costs, the clerk shall at once enter judgment for costs against the city.

8. Seeking a civil penalty as authorized in this section does not preclude a city from seeking alternative relief from the court in the same action.

9. When judgment has been entered against a defendant, the court may do any of the following:
   a. Impose a civil penalty by entry of a personal judgment against the defendant.
   b. Direct that payment of the civil penalty be suspended or deferred under conditions imposed by the court.
   c. Grant appropriate alternative relief ordering the defendant to abate or cease the violation.
   d. Authorize the city to abate or correct the violation.
   e. Order that the city’s costs for abatement or correction of the violation be entered as a personal judgment against the defendant or assessed against the property where the violation occurred, or both.

If a defendant willfully violates the terms of an order imposed by the court, the failure is contempt.

A magistrate or district associate judge shall have jurisdiction to assess or enter judgment for costs of abatement or correction in an amount not to exceed the jurisdictional amount for a money judgment in a civil action pursuant to section 631.1, subsection 1, for magistrates and section 602.6306, subsection 2, for district associate judges. If the city seeks abatement or correction costs in excess of those amounts, and the matter is not before a judge in district court, the case shall be referred to the district court for hearing and entry of an appropriate order. The procedure for hearing in the district court shall be the same procedure as that for a small claims appeal pursuant to section 631.13.

10. The defendant or the city may file a motion for a new trial or may appeal the decision of a magistrate, district associate judge, or a district judge to the district court. The procedure on appeal shall be the same as for a small claim pursuant to section 631.13. A factual determination made by the trial court, supported by substantial evidence as shown in the record, is binding for purposes of appeal relating to the violation at issue, but shall not be admissible or binding as to any future violation for the same or similar ordinance provision by the same defendant.

11. This section does not preclude a peace officer of a city from issuing a criminal citation for a violation of a city code or regulation if criminal penalties are also provided for the violation. Each day that a violation occurs or is permitted to exist by the defendant, constitutes a separate offense.

12. The issuance of a civil citation for a municipal infraction or the ensuing court proceedings do not provide an action for false arrest, false imprisonment, or malicious prosecution.

13. An action brought pursuant to this section for a municipal infraction which is an environmental violation does not preclude, and is in addition to, any other enforcement action which may be brought pursuant to chapter 455B, 455D, 455E, or 459, subchapters II, III, and VI.

364.22A Neglected animals.
A city may rescue, provide maintenance, or dispose of neglected livestock or another animal, as provided in chapters 717 and 717B.

364.23 Energy-efficient lighting required.
All city-owned exterior flood lighting, including but not limited to street and security lighting but not including era or period lighting which has a minimum efficiency rating of fifty-eight lumens per watt and not including stadium or ball park lighting, shall be replaced, when worn-out, exclusively with high pressure sodium lighting or lighting with equivalent or better energy efficiency as approved in rules adopted by the utilities board within the utilities division of the department of commerce. In lieu of the requirements established for replacement lighting under this section, stadium or ball park lighting shall be replaced, when worn-out, with the most energy-efficient lighting available at the time of replacement which may include metal halide, high-pressure sodium, or other light sources which may be developed.

364.24 Traffic light synchronization.
After July 1, 1992, all cities with more than three traffic lights within the corporate limits shall establish a traffic light synchronization program for energy efficiency in accordance with rules adopted by the state department of transportation. The state department of transportation shall adopt rules required by this section by July 1, 1990. This section does not require that a city replace lighting, which has not completed its use-
ful life, in order to comply with the requirements of this section. However, all lighting shall be replaced, whether or not it has completed its useful life, by July 1, 2001.

364.25 Retiree health care.
A city may provide health or medical insurance coverage or supplemental health or medical insurance coverage to retired employees of the city. A city providing health or medical insurance coverage pursuant to this section may establish such requirements or restrictions concerning the coverage provided as the city may adopt. If coverage is provided, the cost of the health or medical insurance coverage may be paid from moneys held in a trust and agency fund established pursuant to section 384.6, or out of an appropriation from the city general fund for this purpose.

DIVISION II
GENERAL PROVISIONS

368.2 Name change.
A city may change its name as follows:
1. The council shall propose the name change and shall notify the county commissioner of elections that the question shall be submitted at the next regular city election.

2. The county commissioner of elections shall publish notice, as provided in section 362.3, of the proposed new name, and of the fact that the question will be submitted at the next regular city election. The county commissioner of elections shall report the results of the balloting on the question to the mayor and the city council.

3. If a majority of those voting on the question approves the proposed new name, the city clerk shall enter the new name upon the city records and file certified copies of the proceedings, including the council’s proposal, proof of publication of notice, and certification of the election result, with the county recorder of each county which contains part of the city, and with the secretary of state. Upon proper filing the name change is complete and effective.

368.3 Discontinuance — cemetery fund transfer.
A city is discontinued if, for a period of six years or more, it has held no city election and has caused no taxes to be levied. If the board receives knowledge of facts which cause an automatic discontinuance under this section, it shall make a determination that the city is discontinued, shall take control of the property of the discontinued city, and shall carry out all necessary procedures as if the city were discontinued under a petition or plan.

A city may also be discontinued in accordance with the following procedures. The council shall adopt a resolution of intent to discontinue and shall call a public hearing on the proposal to discontinue. Notice of the time and place of the public hearing and the proposed action shall be published as provided in section 362.3, except that at least ten days’ notice must be given. At the public hearing, the council shall receive oral and written comments regarding the proposal from any person. Thereafter, the council, at the same meeting or at a subsequent meeting, may pass a resolution of discontinuance or pass a resolution abandoning the proposal. Upon receipt of a petition requesting an election, the council shall direct the county commissioner of elections to call a special election on the question of discontinuance or shall adopt a resolution abandoning the discontinuance. Notice of the election shall be given by publication as required in section 49.53. If a majority of those voting approve the discontinuance or if no petition for an election is filed, the clerk shall send a copy of the resolution of discontinuance and, if an election is held, the results of the election to the board. The board shall take control of the property of the discontinued city and shall supervise procedures necessary to carry out the discontinuance in accordance with section 368.21.

When a city is discontinued under this section or under sections 368.11 through 368.22, and that city owns a cemetery, the board shall determine if any perpetual care funds exist and provide for their transfer to a trustee named by a district court or to the county or other suitable governmental entity.

A city, following notice and hearing, may by resolution agree with another city or cities to refrain from annexing specifically described territory for a period not to exceed ten years and, following notice and hearing, may by resolution extend the agreement for subsequent periods not to exceed ten years each. Notice of a hearing shall be served by regular mail at least thirty days before the hearing on the development board and on the board of supervisors of the county in which the territory is located and shall be published in an official county newspaper in each county containing a city conducting a hearing regarding the agreement, in an official county newspaper in any county within two miles of any such city, and in an official newspaper of each city conducting a hearing regarding the agreement. 368.6 Intent.
It is the intent of the general assembly to provide an annexation approval procedure which gives due consideration to the wishes of the residents of territory to be annexed, and to the interests of the residents of all territories affected by an annexation. The general assembly assumes that a voluntary annexation of territory more closely reflects the wishes of the residents of territory to be annexed, and, therefore, intends that the annexation approval procedure include a presumption of validity for voluntary annexation approval.

91 Acts, ch 250, §2

368.7 Voluntary annexation of territory.
1. a. All of the owners of land in a territory adjoining a city may apply in writing to the council of the adjoining city requesting annexation of the territory. Territory comprising railway right-of-way or territory comprising not more than twenty percent of the land area may be included in the application without the consent of the owner to avoid creating an island or to create more uniform boundaries. Public land may be included in the territory to be annexed. However, the area of the territory that is public land included without the written consent of the agency with jurisdiction over the public land shall not be used to determine the percentage of territory that is included with the consent of the owner and without the consent of the owner.
b. Prior to notification in paragraph "c," the annexing city shall provide written notice to the board of supervisors and township trustees of each county and township that contains all or a portion of the territory to be annexed. The written notice shall include the same information required in paragraph "c" and shall set a time for a consultation on the proposed annexation between the annexing city and each county and township that contains all or a portion of the territory to be annexed. The consultation shall be held at least fourteen business days before the applications in paragraph "c" are mailed. The governing body of each such county and township may designate one of its members to attend the consultation. Each such county and township may make written recommendations for modification to the proposed annexation no later than seven business days following the date of the consultation.

Not later than thirty days after the consultation, the board of supervisors of each county that contains all or a portion of the territory to be annexed shall, by resolution, state whether or not it supports the application or whether it takes no position in support of or against the application. If there is a comprehensive plan for the county, the board shall take the plan into account when considering its resolution. A copy of the resolution shall be immediately filed with the annexing city and shall be considered by the city council when taking action on the application. The city council shall forward a copy of the resolution to the city development board as part of the city proceedings on the annexation. Failure of a board of supervisors to adopt a resolution shall not delay the proceedings on the application nor shall such failure be considered a deficiency either in the application or in the annexing city's proceedings.
c. A copy of the application shall be mailed by certified mail to the nonconsenting owner and
each affected public utility, at least fourteen business days prior to any action taken by the city council on the application. The application must contain a legal description and a map of the territory showing its location in relationship to the city.

d. The city shall provide for a public hearing on the application before approving or denying it. The city shall provide written notice at least fourteen business days prior to any action by the city council regarding the application, including a public hearing, by regular mail to the chairperson of the board of supervisors of each county which contains a portion of the territory proposed to be annexed, each public utility which serves the territory proposed to be annexed, each owner of property located within the territory to be annexed who is not a party to the application, and each owner of property that adjoins the territory to be annexed unless the adjoining property is in a city. The city shall publish notice of the application and public hearing on the application in an official county newspaper in each county which contains a portion of the territory proposed to be annexed. Both the written and published notice shall include the time and place of the public hearing and a legal description of the territory to be annexed. The city shall not assess the costs of providing notice as required in this section to the applicants. The city council shall approve or deny the application by resolution of the council.

e. An application for annexation under this subsection may be withdrawn by an applicant at any time within three business days after the public hearing unless the application was made pursuant to a written agreement for the extension of city services or unless the right to withdraw the application was specifically identified and waived by the applicant in the application. A landowner who has consented to the annexation may, within three business days after the public hearing, withdraw the landowner’s consent to the annexation unless the landowner has entered into a written agreement for extension of city services or unless the right to withdraw consent was specifically identified and waived by the landowner.

f. An annexation including territory comprising not more than twenty percent of the land area without consent of the property owners is not complete without approval by four-fifths of the members of the city development board after a hearing for all affected property owners and the county. When considering such an annexation application, the board may request that the annexing city provide information on the amount of land located in the annexing city that is currently vacant or undeveloped and whether municipal services are being provided to current residents of the annexing city.

2. An application for annexation of territory not within an urbanized area of a city other than the city to which the annexation is directed must be approved by resolution of the council which receives the application. The city council shall mail a copy of the application by certified mail to the board of supervisors of each county which contains a portion of the territory at least fourteen business days prior to any action taken by the city council on the application. The city council shall also publish notice of the application in an official county newspaper in each county which contains a portion of the territory at least fourteen days prior to any action taken by the city council on the application. Upon receiving approval of the council, the city clerk shall file a copy of the resolution, map, and legal description of the territory involved with the secretary of state, the county board of supervisors of each county which contains a portion of the territory, each affected public utility, and the state department of transportation. The city clerk shall also record a copy of the legal description, map, and resolution with the county recorder of each county which contains a portion of the territory. The secretary of state shall not accept and acknowledge a copy of a legal description, map, and resolution of annexation which would create an island. The annexation is completed upon acknowledgment by the secretary of state that the secretary of state has received the legal description, map, and resolution.

3. An application for annexation of territory within an urbanized area of a city other than the city to which the annexation is directed must be approved both by resolution of the council which receives the application and by the board. The board shall not approve an application which creates an island. Notice of the application shall be mailed by certified mail, by the city to which the annexation is directed, at least fourteen business days prior to any action by the city council on the application to the council of each city whose boundary adjoins the territory or is within two miles of the territory, to the board of supervisors of each county which contains a portion of the territory, each affected public utility, and to the regional planning authority of the territory. Notice of the application shall be published in an official county newspaper in each county which contains a portion of the territory at least ten business days prior to any action by the city council on the application. The annexation is completed when the board has filed and recorded copies of applicable portions of the proceedings as required by section 368.20, subsection 2.

4. If one or more applications for a voluntary annexation and one or more petitions for an involuntary annexation or incorporation for a common territory are submitted to the board within thirty days of the date the first application or petition was submitted to the board, the board shall approve the application for voluntary annexation, if the application meets the applicable requirements of this chapter, unless the board determines by a preponderance of the evidence that the application was filed in bad faith, or that the application

368.7A Secondary road annexation.

1. The board of supervisors of each affected county shall notify the city development board of the existence of that portion of any secondary road which extends to the center line but has not become part of the city by annexation and has a common boundary with a city. The notification shall include a legal description and a map identifying the location of the secondary road. The city development board shall provide notice and an opportunity to be heard to each city in or next to which the secondary road is located. The city development board shall certify that the notification is correct and declare the road, or portion of the road extending to the center line, annexed to the city as of the date of certification. This section is not intended to interfere with or modify existing chapter 28E agreements on jurisdictional transfer of roads, or continuing negotiations between jurisdictions.

2. The remaining title and interest of a county in any secondary road or portion of the road which has been annexed by a city is transferred to the annexing city on July 1, 1993. The title and interest of a county in any secondary road which is annexed by a city after July 1, 1993, is transferred to the city upon the effective date of the annexation. 93 Acts, ch 152, §5

368.8 Voluntary severing of territory.

Any territory may be severed upon the unanimous consent of all owners of the territory and approval by resolution of the council of the city in which the territory is located. The council shall provide in the resolution for the equitable distribution of assets and equitable distribution and assumption of liabilities of the territory as between the city and the severed territory. The city clerk shall file a copy of the resolution, map, and a legal description of the territory involved with the county board of supervisors, secretary of state, and state department of transportation. The city clerk shall also record a copy of the map and resolution with the county recorder. The secretary of state shall not accept and acknowledge a copy of a map and resolution of severance which would create an island. The severance is completed upon acknowledgment by the secretary of state that the secretary of state has received the map and resolution. 9R60, §1048 – 1052; C73, §440 – 444; C97, §622 – 626; S13, §622; C24, 27, 31, 35, 39, §5617, C46, 50, 54, 58, 62, 66, 71, 73, §362.32; C75, 77, 79, 81, §368.7

2. Within ninety days of receipt of a petition, the board shall initiate appropriate proceedings or dismiss the petition. The board may combine for consideration petitions or plans which concern the same territory or city or which provide for a boundary adjustment or incorporation affecting common territory. The combined petitions may be submitted for consideration by a special local committee pursuant to section 368.14A.

3. The petition must include substantially the following information as applicable:

intention known by sending a letter of intent by certified mail to the council of each city whose urbanized area contains a portion of the territory, the board of supervisors of each county which contains a portion of the territory, the regional planning authority of the territory involved, each affected public utility, and to each property owner listed in the petition. The written notification shall include notice that the petitioners shall hold a public meeting on the petition for involuntary annexation prior to the filing of the petition.

5. Before a petition for involuntary annexation may be filed, the petitioner shall hold a public meeting on the petition. Notice of the meeting shall be published in an official county newspaper in each county which contains a part of the territory at least five days before the date of the public meeting. The mayor of the city proposing to annex the territory, or that person's designee, shall serve as chairperson of the public meeting. The city clerk of the same city or the city clerk's designee shall record the proceedings of the public meeting. Any person attending the meeting may submit written comments and may be heard on the petition. 6. Within thirty days after receiving notice that a petition for involuntary annexation has been filed with the board, the board of supervisors of each county that contains all or a portion of the territory to be annexed shall, by resolution, state whether or not it supports the petition or whether it takes no position in support of or against the petition. If there is a comprehensive plan for the territory to be annexed, the board of supervisors of each county which contains a part of the territory, the regional planning authority of the territory involved, each affected public utility, and to each property owner owning property in the territory whether or not the individual is a registered voter or appoint

that the petition does not meet the requirements of this chapter; or that substantially the same incorporation, discontinuance, or boundary adjustment has been disapproved by a committee formed to consider the proposal, or by the voters, within the two years prior to the date the petition is filed with the board, or that the territory to be annexed, or a portion of that territory, has been voluntarily annexed under section 368.7. If an involuntary petition is not dismissed, the board shall direct the appointment of local representatives to serve with board members as a committee to consider the proposal. Each local representative is entitled to receive from the state the representative's actual and necessary expenses spent in performance of committee duties. Three board members and one local representative, or if the number of local representatives exceeds one, three board members and at least one-half of the appointed local representatives, are required for a quorum of the committee. A local representative must be a registered voter of the territory or city which the representative represents, and must be selected as follows:

1. From a territory to be incorporated, one representative appointed by the county board of supervisors. If the territory is in more than one county, the board shall direct the appointment of a local representative from each county involved.

2. From a city to be discontinued, one representative appointed by the city council.

3. From a territory to be annexed to or severed from a city, one representative appointed by the county board of supervisors. If there are no registered voters residing in an area to be annexed to or severed from a city, the county board of supervisors shall appoint as local representative an individual owning property in the territory whether or not the individual is a registered voter or appoint
a designee of such individual. If the territory is in more than one county, the board shall direct the appointment of a local representative from each county involved by its board of supervisors.

4. From a city to which territory is to be annexed or from which territory is to be severed, one representative appointed by the city council. If the territory is in more than one county, the board shall direct the appointment of an equal number of city and county local representatives.

5. From each city to be consolidated, one representative appointed by each city council.

368.14A Special local committees.

When two or more petitions for city development action or applications for voluntary annexation describing common territory are being considered together, the board shall direct the appointment of representatives for each of the petitions to serve on one special committee to consider the petitions. Expense reimbursement and qualifications of these representatives shall be as provided in section 368.14. Three board members and at least one-half of the appointed local representatives are required for a quorum of the special local committee. The manner of appointment of representatives shall be the same as for single petition committees as provided in section 368.14. The special committee shall consider the petitions in conformity with the provisions of this chapter, and shall resolve common territory issues between petitioners. The special committee shall conduct a public hearing on the petitions pursuant to section 368.15. If the common territory issue is resolved, the special local committee may approve the resulting compatible petitions by a single vote or separately, in its discretion.

368.15 Public hearing.

The committee shall conduct a public hearing on a proposal as soon as practicable. Notice of the hearing must be served upon the council of each city for which a discontinuance or boundary adjustment is proposed, the county board of supervisors for each county which contains a portion of a city to be discontinued or territory to be incorporated, annexed, or severed, and any regional planning authority for the area involved. A notice of the hearing, which includes a brief description of the proposal and a statement of where the petition or plan is available for public inspection, must be published as provided in section 362.3, except that there must be two publications in a newspaper having general circulation in each city and each territory involved in the proposal. Any person may submit written briefs, and in the committee's discretion, may be heard on the proposal. The board may subpoena witnesses and documents relevant to the proposal.

[C75, 77, 79, 81, §368.15]

368.16 Approval of proposal.

Subject to section 368.17, the committee shall approve any proposal which it finds to be in the public interest. A committee shall base its finding upon all relevant information before the committee, including but not limited to the following:

1. Statements in the petition or plan, and evidence supporting those statements.

2. Recommendations of the regional planning authority for the area.

3. Commercial and industrial development.

5. Cost and adequacy of existing services and facilities.

6. Potential effect of the proposal and of possible alternative proposals on the cost and adequacy of services and facilities.

7. Potential effect of the proposal on adjacent areas, and on any unit of government directly affected, including but not limited to the potential effect on future revenues of any such unit of government.

[C75, 77, 79, 81, §368.16]

368.17 When approval barred.

The committee may not approve:

1. An incorporation unless it finds that the city to be incorporated will be able to provide customary municipal services within a reasonable time.

2. A discontinuance or severance if the city to be discontinued or the territory to be severed will be surrounded by one or more cities unless a petition for annexation of the same area is also filed and approved.

3. A discontinuance or severance unless it finds that the county or another city will be able to provide necessary municipal services to the residents.

4. An annexation unless the territory is adjoining the city to which it will be annexed, and the committee finds that the city will be able to provide to the territory substantial municipal services and benefits not previously enjoyed by such territory, and that the motive for annexation is not solely to increase revenues to the city.

5. A consolidation unless the cities are contiguous.

6. An incorporation of territory, any part of which is within two miles of an existing city, unless a petition for annexation of substantially the same territory to such city has been dismissed, disapproved, or voted upon unfavorably within the last five years.

7. A city development action which creates an island.

§368.18 Amendment.

§368.19 Time limit — election.
The committee shall approve or disapprove the petition or plan as amended, within ninety days of the final hearing, and shall file its decision for record and promptly notify the parties to the proceeding of its decision. If a petition or plan is approved, the board shall set a date not less than thirty days nor more than ninety days after approval for a special election on the proposal and the county commissioner of elections shall conduct the election. In a case of incorporation or discontinuance, registered voters of the territory or city may vote, and the proposal is authorized if a majority of those voting approves it. In a case of annexation or severance, registered voters of the territory and of the city may vote, and the proposal is authorized if a majority of the total number of persons voting approves it. In a case of consolidation, registered voters of each city to be consolidated may vote, and the proposal is authorized only if it receives a favorable majority vote in each city. The county commissioner of elections shall publish notice of the election as provided in section 49.53 and shall conduct the election in the same manner as other special city elections.

The city shall provide to the commissioner of elections a map of the area to be incorporated, discontinued, annexed, severed, or consolidated, which must be approved by the commissioner as suitable for posting. The map shall be displayed prominently in at least four places within the voting precinct, and inside each voting booth, or on the left-hand side inside the curtain of each voting machine.

The costs of an incorporation election shall be borne by the initiating petitioners if the election fails, but if the proposition is approved the cost shall become a charge of the new city.

§368.20 Procedure after approval.
After the county commissioner of elections has certified the results to the board, the board shall:
1. Serve and publish notice of the result as provided in section 362.3.
2. File with the secretary of state and the clerk of each city incorporated or involved in a boundary adjustment, and record with the recorder of each county which contains a portion of any city or territory involved, copies of the proceedings including the original petition or plan and any amendments, the order of the board approving the petition or plan, proofs of service and publication of required notices, certification of the election result, and any other material deemed by the board to be of primary importance to the proceedings. Upon proper filing and expiration of time for appeal, the incorporation, discontinuance, or boundary adjustment is complete. However, if an appeal to any of the proceedings is pending, completion does not occur until the appeal is decided, unless a subsequent date is provided in the proposal. The board shall also file with the state department of transportation a copy of the map and legal land description of each completed incorporation or corporate boundary adjustment completed under sections 368.11 through 368.22 or approved annexation within an urbanized area.

[R60, §1044, 1053, 1054; C73, §432, 445, 446, 452; C97, §267, 603, 606, 612; C24, 27, 31, 35, 39, §5596, 5603, 5606, 5618; C46, 50, 54, 58, 62, 66, 71, 73, §362.9, 362.16, 362.20, 362.23; C75, 77, 79, 81, §368.20]

§368.21 Supervision of procedures.
When an incorporation, discontinuance, or boundary adjustment is complete, the board shall supervise procedures necessary to carry out the proposal. In the case of an incorporation, the county commissioner of elections shall conduct an election for mayor and council of the city, who shall serve until their successors take office following the next regular city election. In the case of a discontinuance, the board shall publish two notices as provided in section 368.15 that it will receive and adjudicate claims against the discontinued city for a period of six months from the date of last notice, and shall cause necessary taxes to be levied against the property within the discontinued city to pay claims allowed. All records of a discontinued city shall be deposited with the county auditor of the county designated by the board. Any remaining balances shall be deposited in the county treasury where the former city was located. In the case of boundary adjustments, the proper city officials shall carry out procedures necessary to implement the proposal.
§368.22 Appeal.  
A city, or a resident or property owner in the territory or city involved may appeal a decision of the board or a committee, or the legality of an election, to the district court of a county which contains a portion of any city or territory involved.  Appeal must be filed within thirty days of the filing of a decision or the publication of notice of the result of an election.  Appeal of an approval of a petition or plan does not stay the election.  The judicial review provisions of this section and chapter 17A shall be the exclusive means by which a person or party who is aggrieved or adversely affected by agency action may seek judicial review of that agency action. The court's review on appeal of a decision is limited to questions relating to jurisdiction, regularity of proceedings, and whether the decision appealed from is arbitrary, unreasonable, or without substantial supporting evidence. The court may reverse and remand a decision of the board or a committee, with appropriate directions. The following portions of section 17A.19 are not applicable to this chapter:  
1. The part of subsection 2 which relates to where proceedings for judicial review shall be instituted.  
2. Subsection 5.  
5. Subsection 10.  

§368.23 Fees and taxes of public utilities.  
Additional or increased fees or taxes, other than ad valorem taxes, imposed on a public utility as a result of an annexation of territory to a city shall become effective sixty days after the effective date of the annexation.  
93 Acts, ch 152, §13  

§368.24 Notification to public utilities.  
Notwithstanding any other provision of law to the contrary, any city that annexes territory shall provide written notification consisting of a legal description and map of the annexed territory, each street address within the annexed area, where possible, a statement containing the effective date of the annexation and a copy of the order, resolution, or ordinance proclaiming the annexation to all public utilities operating in the annexed area.  
If the notification of the annexation is provided to a public utility less than sixty days prior to the effective date of the annexation, the public utility shall have sixty days from the date of notification to adjust its tax and accounting records to reflect the annexation for any tax purpose.  
96 Acts, ch 1204, §10  

§368.25 Failure to provide municipal services.  
Prior to expiration of the three-year period established in section 368.11, subsection 3, paragraph “n”, the annexing city shall submit a report to the board describing the status of the provision of municipal services identified in the plan required in section 368.11, subsection 3, paragraph “n”. If a city fails to provide municipal services, or fails to show substantial and continuing progress in the provision of municipal services, to territory involuntarily annexed, according to the plan for extending municipal services filed pursuant to section 368.11, subsection 3, paragraph “n”, within the time period specified in that subsection, the city development board may initiate proceedings to sever the annexed territory from the city. The board shall notify the city of the severance proceedings and shall hold a public hearing on the proposed severance. The board shall give notice of the hearing in the same manner as notice of a public meeting in section 368.11. The board may order severance of all or a portion of the territory and the order to sever is not subject to approval at an election. A city may request that the board allow up to an additional three years to provide municipal services if good cause is shown. As an alternative to severance of the territory, the board may impose a moratorium on additional annexation by the city until the city complies with its plan for extending municipal services. For purposes of this section, “municipal services” means services included in the plan required by section 368.11, subsection 3, paragraph “n”, for extending municipal services.  

§368.26 Annexation of certain property — compliance with less stringent regulations.  
A city ordinance or regulation that regulates a condition or activity occurring on protected farmland or regulates a person who owns and operates protected farmland is unenforceable against the owner of the protected farmland for a period of ten years from the effective date of the annexation, to the extent the city ordinance or regulation is more stringent than county legislation. Section 335.2 shall apply to the protected farmland until the owner of the protected farmland determines that the land will no longer be operated as an agricultural operation. Any enforcement activity conducted in violation of this section is void.  
A “condition or activity occurring on protected farmland” includes but is not limited to the rais-
ing, harvesting, drying, or storage of crops; the marketing of products at roadside stands or farm markets; the creation of noise, odor, dust, or fumes; the production, care, feeding, or housing of animals including but not limited to the construction, operation, or management of an animal feeding operation, an animal feeding operation structure, or aerobic structure, and to the storage, handling, or application of manure or egg washwater; the operation of machinery including but not limited to planting and harvesting equipment, grain dryers, grain handling equipment, and irrigation pumps; ground and aerial seeding and spraying; the application of chemical fertilizers, conditioners, insecticides, pesticides, and herbicides; and the employment and use of labor.

For the purposes of this section, “protected farmland” means land that is part of a century farm as that term is defined in section 403.17, subsection 10. For the purposes of this section, “county legislation” means any ordinance, motion, resolution, or amendment adopted by a county pursuant to section 331.302.

DIVISION I
FORMS OF GOVERNMENT

372.1 Forms of cities.
The forms of city government are:
1. Mayor-council, or mayor-council with appointed manager.
2. Commission.
5. Home rule charter.
6. Special charter.
7. City-county consolidated form as provided in sections 331.247 through 331.252.
8. Community commonwealth as provided in sections 331.260 through 331.263.

A city when first incorporated has the mayor-council form. A city retains its form of government until it adopts a different form as provided in this division.

Within thirty days of the date that this section becomes effective, a city shall adopt by ordinance a charter embodying its existing form of government, which must be one of the forms provided in this division, and shall file a copy of its charter with the secretary of state, and maintain copies available for public inspection.

[C54, 58, 62, 66, 71, 73, §363.1, 363.30; C75, 77, 79, 81, §372.1]
2004 Acts, ch 1066, §29, 31

372.2 Six-year limitation.

Unless otherwise provided by law, a city may adopt a different form of government not more often than once in a six-year period. A different form, other than a home rule charter, special charter, city-county consolidated government, or community commonwealth, must be adopted as follows:

1. Eligible electors of the city may petition the council to submit to the electors the question of
adopting a different form of city government. The minimum number of signatures required on the petition shall be equal in number to twenty-five percent of those who voted in the last regular city election. The petition shall specify which form of city government in section 372.1 the petitioners propose for adoption.

2. Within fifteen days after receiving a valid petition, the council shall publish notice of the date that a special city election will be held to determine whether the city shall change to a different form of government. The election date shall be not more than sixty days after the publication. The notice shall include a statement that the filing of a petition for appointment of a home rule charter commission will delay the election until after the home rule charter commission has filed a proposed charter. Petition requirements and filing deadlines shall also be included in the notice.

The council shall notify the county commissioner of elections to publish notice of the election and conduct the election pursuant to chapters 39 to 53. The county commissioner of elections shall certify the results of the election to the council.

3. If a majority of the persons voting at the special election approves the proposed form, it is adopted.

4. If a majority of the persons voting at the special election does not approve the proposed form, that form may not be resubmitted to the voters within the next four years.

5. If the proposed form is adopted:
   a. The elective officers provided for in the adopted form are to be elected at the next regular city election held more than eighty-four days after the special election at which the form was adopted. The adopted form becomes effective at the beginning of the new term following the regular city election.
   b. The change of form does not alter any right or liability of the city in effect when the new form takes effect.
   c. All departments and agencies shall continue to operate until replaced.
   d. All measures in effect remain effective until amended or repealed, unless they are irreconcilable with the adopted form.
   e. Upon the effective date of the adopted form, the city shall adopt by ordinance a new charter embodying the adopted form, and shall file a copy of its charter with the secretary of state, and maintain copies available for public inspection.

372.3 Home rule charter. If a petition for appointment of a home rule charter commission is filed with the city clerk not more than ten days after the council has published notice announcing the date of the special election on adoption of another form of government, the special election shall not be held until the charter proposed by the home rule charter commission is filed. Both forms must be published as provided in section 372.9 and submitted to the voters at the special election.

372.4 Mayor-council form. 1. A city governed by the mayor-council form has a mayor and five council members elected at large, unless the council representation plan is changed pursuant to section 372.13, subsection 11. The council may, by ordinance, provide for a city manager and prescribe the manager’s powers and duties, and as long as the council contains an odd number of council members, may change the number of wards, abolish wards, or increase the number of council members at large without changing the form.

However, a city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large and one council member from each of four wards, or a special charter city governed, on July 1, 1975, by the mayor-council form composed of a mayor and a council consisting of two council members elected at large and one council member elected from each of eight wards, may continue until the form of government is changed as provided in section 372.2 or section 372.9. While a city is thus operating with an even number of council members, the mayor may vote to break a tie vote on motions not involving ordinances, resolutions or appointments made by the council alone, and in a special charter city operating with ten council members under this section, the mayor may vote to break a tie vote on all measures.

2. The mayor shall appoint a council member as mayor pro tem, and shall appoint and dismiss the marshal or chief of police except where an intergovernmental agreement makes other provisions for police protection or as otherwise provided in section 400.13. However, the appointment and dismissal of the marshal or chief of police are subject to the consent of a majority of the council. Other officers must be selected as directed by the council. The mayor is not a member of the council and shall not vote as a member of the council.

3. In a city having a population of five hundred or more, but not more than five thousand, the city
council may, or shall upon petition of the electorate meeting the numerical requirements of section 372.2, subsection 1, submit a proposal at the next regular or special city election to reduce the number of council members to three. If a majority of the voters voting on the proposal approves it, the proposal is adopted. If the proposal is adopted, the new council shall be elected at the next regular or special city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

4. In a city having a population of less than five hundred, the city council may adopt a resolution of intent to reduce the number of council members from five to three and shall call a public hearing on the proposal. Notice of the time and place of the public hearing shall be published as provided in section 362.5, except that at least ten days’ notice must be given. At the public hearing, the council shall receive oral and written comments regarding the proposal from any person. Thereafter, the council, at the same meeting as the public hearing or at a subsequent meeting, may adopt a final resolution to reduce the number of council members from five to three or may adopt a resolution abandoning the proposal. If the council adopts a final resolution to reduce the number of council members from five to three, a petition meeting the same requirements specified in section 362.4 for petitions authorized by city code may be filed with the clerk within thirty days following the effective date of the final resolution, requesting that the question of reducing the number of council members from five to three be submitted to the registered voters of the city. Upon receipt of a petition requesting an election, the council shall direct the county commissioner of elections to put the proposal on the ballot for the next regular city election. If the ballot proposal is adopted, the new council shall be elected at the next following regular city election. If a petition is not filed, the council shall notify the county commissioner of elections by July 1 of the year of the regular city election and the new council shall be elected at that regular city election. If the council notifies the commissioner of elections after July 1 of the year of the regular city election, the change shall take effect at the next following regular city election. The council shall determine by ordinance whether the three council members are elected at large or by ward.

§372.5 Commission form.
A city governed by the commission form has five departments as follows:
1. Department of public affairs.
2. Department of accounts and finances.
3. Department of public safety.
4. Department of streets and public improvements.
5. Department of parks and public property.
A city governed by the commission form has a council composed of a mayor and four council members elected at large, unless the council representation plan is changed pursuant to section 372.13, subsection 11. The mayor administers the department of public affairs and each other council member is elected to administer one of the other four departments.
However, a city governed, on July 1, 1975, by the commission form and having a council composed of a mayor and two council members elected at large may continue with a council of three until the form of government is changed as provided in section 372.2 or section 372.9 or without changing the form, may submit to the voters the question of increasing the council to five members assigned to the five departments as set out in this section.

The mayor shall supervise the administration of all departments and report to the council all matters requiring its attention. The mayor is a member of the council and may vote on all matters before the council.

The council member elected to administer the department of accounts and finances is mayor pro tem.
The council may appoint a city treasurer or may, by ordinance, provide for election of that officer.
§1; 2003 Acts, ch 80, §1, 2; 2004 Acts, ch 1101, §44

§372.6 Council-manager-at-large form.
1. A city governed by the council-manager-at-large form has five council members elected at large for staggered four-year terms. At the first meeting of the new term following each city election, the council shall elect one of the council members to serve as mayor, and one to serve as mayor pro tem. The mayor is a member of the council and may vote on all matters before the council. As soon as possible after the beginning of the new term following each city election, the council shall appoint a manager.

2. a. The city council of a city governed by the council-manager-at-large form may adopt a resolution on its own motion, or shall adopt a resolution if a petition valid under section 362.4 is filed with the city clerk, proposing that the city be gov-
cerned by a mayor elected by the people for a four-year term and four council members elected at large. After adoption of the resolution, the council shall direct the county commissioner of elections to put the proposal on the ballot for the next general election or the next regular city election, whichever occurs first. If the ballot proposal is approved, the city council shall adopt an ordinance meeting the requirements of paragraph "b", and the ordinance is effective beginning with the next following regular city election.

b. The ordinance shall provide that the mayor is a member of the council and may vote on all matters before the council. The ordinance shall provide that the term of office of the mayor is four years and, after each regular city election, the mayor shall appoint a council member as mayor pro tem. The ordinance shall provide that the mayor is a member of the council for purposes of maintaining staggered terms on the council. A council member’s term shall not be shortened or lengthened as a means of initially implementing the ordinance.

c. An ordinance adopted and approved under this subsection is not subject to repeal until the ordinance has been in effect for at least six years. The question of repeal of the ordinance is subject to the requirements of paragraph "c".

3. The council may by ordinance provide that the city will be governed by council-manager-ward form. The ordinance must provide for the election of the mayor and council members required under council-manager-ward form at the next regular city election.

372.7 Council-manager-ward form.
A city governed by council-manager-ward form has a council composed of a mayor and six council members. Of the six council members, two may be elected at large and one elected from each of four wards, or one may be elected from each of six wards. The mayor and other council members serve four-year staggered terms. The mayor is a member of the council and may vote on all matters before the council.

The council, by ordinance, may change from one ward option authorized under this section to the other ward option. The ordinance must provide for the election of the mayor and council members as provided in the selected ward option at the next regular city election.

As soon as possible after the beginning of the new term following each city election, the council shall appoint a city manager, and a council member to serve as mayor pro tem.

372.8 Council-manager form — supervision.
When a city adopts a council-manager-at-large or council-manager-ward form of government:
1. The city manager is the chief administrative officer of the city.
2. The city manager shall:
   a. Supervise enforcement and execution of the city laws.
   b. Attend all meetings of the council.
   c. Recommend to the council any measures necessary or expedient for the good government and welfare of the city.
   d. Supervise the official conduct of all officers of the city appointed by the manager, and take active control of the police, fire, and engineering departments of the city.
   e. Supervise the performance of all contracts for work to be done for the city, make all purchases of material and supplies, and see that such material and supplies are received, and are of the quality and character called for by the contract.
   f. Supervise the construction, improvement, repair, maintenance, and management of all city property, capital improvements, and undertakings of the city, including the making and preservation of all surveys, maps, plans, drawings, specifications, and estimates for capital improvements, except property, improvements, and undertakings managed by a utility board of trustees.
   g. Co-operate with any administrative agency or utility board of trustees.

372.9 Home rule charter procedure.

A city to be governed by the home rule charter form shall adopt a home rule charter in which its form of government is set forth. A city may adopt a home rule charter only by the following procedures:

1. A home rule charter may be proposed by:
   a. The council, causing a charter to be prepared and filed and by resolution submitting it to the voters.
   b. Eligible electors of the city equal in number to at least twenty-five percent of the persons who voted at the last regular city election petitioning the council to appoint a charter commission to prepare a proposed charter. The council shall, within thirty days of the filing of a valid petition, appoint a charter commission composed of not less than five nor more than fifteen members. The charter commission shall, within six months of its appointment, prepare and file with the council a proposed charter.
   c. When a charter is filed, the council and mayor shall notify the county commissioner of elections to publish notice containing the full text of the proposed home rule charter, a description of any other form of government being presented to the voters, and the date of the election, and to conduct the election. The notice shall be published at least twice in the manner provided in section 362.3, except that the publications must occur within sixty days of the filing of the home rule charter, with a two-week interval between each publication. The council shall provide copies of a proposed charter for public distribution by the city clerk.
   d. The proposed home rule charter must be submitted at a special city election on a date selected by the mayor and council in accordance with section 47.6. However, the date of the election must be not less than thirty nor more than sixty days after the last publication of the proposed home rule charter.
   e. If a proposed home rule charter is rejected by the voters, it may not be resubmitted in substantially the same form to the voters within the next four years. If a proposed home rule charter is adopted by the voters, no other form of government may be submitted to the voters for six years.
   f. If a charter commission is filed at any time within two weeks after the second publication of a charter proposed by the council, the submission to the voters of a charter proposed by the council must be delayed, a charter commission appointed, and the council proposal and the charter proposed by the charter commission must be submitted to the voters at the same special election.
   g. The ballot submitting a proposed charter or charters must also submit the existing form of government as an alternative.
   h. If only two forms of government are being voted upon, the form of government which receives the highest number of votes is adopted.
   i. If more than two forms are being voted upon and no form receives a majority of the votes cast in the special election, there must be a runoff election between the two proposed forms which receive the highest number of votes in the special election. The runoff election must be held within thirty days following the special election and must be conducted in the same manner as a special city election.
   j. If a home rule charter is adopted:
      a. The elective officers provided for in the charter are to be elected at the next regular city election held more than sixty days after the special election at which the charter was adopted, and the adopted charter becomes effective at the beginning of the new term following the regular city election.
      b. The adoption of the charter does not alter any right or liability of the city in effect at the time of the special election at which the charter was adopted.
      c. All departments and agencies shall continue to operate until replaced.
      d. All measures in effect remain effective until amended or repealed, unless they are irreconcilable with the charter.
      e. Upon the effective date of the home rule charter, the city shall adopt by ordinance the home rule charter, and shall file a copy of its charter with
the secretary of state, and maintain copies available for public inspection.

2. A mayor, who may be one of those council members.
3. Two-year or staggered four-year terms of office for the mayor and council members.

372.11 Amendment to charter.
A home rule charter may be amended by one of the following methods:
1. The council, by resolution, may submit a proposed amendment to the voters at a special city election, and the proposed amendment becomes effective if approved by a majority of those voting.
2. The council, by ordinance, may amend the charter. However, within thirty days of publication of the ordinance, if a petition valid under the provisions of section 362.4 is filed with the council, the council must submit the ordinance amendment to the voters at a special city election, and the amendment does not become effective until approved by a majority of those voting.
3. If a petition valid under the provisions of section 362.4 is filed with the council proposing an amendment to the charter, the council must submit the proposed amendment to the voters at a special city election, and the amendment becomes effective if approved by a majority of those voting.

[C75, 77, 79, 81, §372.11]

372.12 Special charter form limitation.
A city may not adopt the special charter form but a city governed by a special charter on July 1, 1975, is considered to have the special charter form although it may utilize elements of the mayor-council form in conjunction with the provisions of its special charter. In adopting and filing its charter as required in section 372.1, a special charter city shall include the provisions of its charter and any provisions of the mayor-council form which are followed by the city on July 1, 1975.

A special charter city may utilize the provisions of chapter 420 in lieu of conflicting sections, until the city changes to one of the other forms of government as provided in this chapter.

[97 Acts, ch 23, §40]

DIVISION II
CITY OFFICERS

372.13 The council.
1. A majority of all council members is a quorum.
2. A vacancy in an elective city office during a term of office shall be filled, at the council’s option, by one of the following procedures:
   a. By appointment by the remaining members of the council, except that if the remaining members do not constitute a quorum of the full membership, paragraph “b” shall be followed. The appointment shall be for the period until the next pending election as defined in section 69.12, and shall be made within forty days after the vacancy occurs. If the council chooses to proceed under this paragraph, it shall publish notice in the manner prescribed by section 362.3, stating that the council intends to fill the vacancy by appointment but that the electors of the city or ward, as the case may be, have the right to file a petition requiring that the vacancy be filled by a special election. The council may publish notice in advance if an elected official submits a resignation to take effect at a future date. The council may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, there is filed with the city clerk a petition which requests a special election to fill the vacancy, an appointment to fill the vacancy is temporary and the council shall call a special election to fill the vacancy permanently, under paragraph “b”. The number of signatures of eligible electors of a city for a valid petition shall be determined as follows:
   1. For a city with a population of ten thousand or less, at least two hundred signatures or at least the number of signatures equal to fifteen percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.
   2. For a city with a population of more than ten thousand but not more than fifty thousand, at least one thousand signatures or at least the number of signatures equal to fifteen percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.
   3. For a city with a population of more than fifty thousand, at least two thousand signatures or at least the number of signatures equal to ten percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.
(4) The minimum number of signatures for a valid petition pursuant to subparagraphs (1) through (3) shall not be fewer than ten. In determining the minimum number of signatures required, if at the last preceding election more than one position was to be filled for the office in which the vacancy exists, the number of voters who voted for candidates for the office shall be determined by dividing the total number of votes cast for the office by the number of seats to be filled.

b. By a special election held to fill the office for the remaining balance of the unexpired term. If the council opts for a special election or a valid petition is filed under paragraph "a", the special election may be held concurrently with any pending election as provided by section 69.12 if by so doing the vacancy will be filled not more than ninety days after it occurs. Otherwise, a special election to fill the office shall be called by the council at the earliest practicable date. The council shall give the county commissioner at least thirty-two days' written notice of the date chosen for the special election. The council of a city where a primary election may be required shall give the county commissioner at least sixty days' written notice of the date chosen for the special election. A special election held under this subsection is subject to sections 376.4 through 376.11, but the dates for actions in relation to the special election, including dates for filing of nomination petitions, shall be calculated with regard to the date for which the special election is called.

If there are concurrent vacancies on the council and the remaining council members do not constitute a quorum of the full membership, a special election shall be called by the county commissioner at the earliest practicable date. The remaining council members shall give notice to the county commissioner of the absence of a quorum. If there are no remaining council members, the city clerk shall give notice to the county commissioner of the absence of a council. If the office of city clerk is vacant, the city attorney shall give notice to the county commissioner of the absence of a clerk and a council. Notice of the need for a special election shall be given under this paragraph by the end of the following business day.

3. The council shall appoint a city clerk to maintain city records and perform other duties prescribed by state or city law.

4. Except as otherwise provided by state or city law, the council may appoint city officers and employees, and prescribe their powers, duties, compensation, and terms. The appointment of a city manager must be made on the basis of that individual's qualifications and not on the basis of political affiliation.

5. The council shall determine its own rules and maintain records of its proceedings. City records and documents, or accurate reproductions, shall be kept for at least five years except that:
   a. Ordinances, resolutions, council proceedings, records and documents, or accurate reproductions, relating to the issuance of public bonds or obligations shall be kept for at least eleven years following the final maturity of the bonds or obligations. Thereafter, such records, documents, and reproductions may be destroyed, preserving confidentiality as necessary. Records and documents pertaining to the transfer of ownership of bonds shall be kept as provided in section 76.10.
   b. Ordinances, resolutions, council proceedings, records and documents, or accurate reproductions, relating to real property transactions shall be maintained permanently.

6. Within fifteen days following a regular or special meeting of the council, the clerk shall cause the minutes of the proceedings of the council, including the total expenditure from each city fund, to be published in a newspaper of general circulation in the city. The publication shall include a list of all claims allowed and a summary of all receipts and shall show the gross amount of the claims. The list of claims allowed shall show the name of the person or firm making the claim, the reason for the claim, and the amount of the claim. If the reason for the claims is the same, two or more claims made by the same vendor, supplier, or claimant may be consolidated if the number of claims consolidated and the total consolidated claim amount are listed in the statement. However, the city shall provide at its office upon request an unconsolidated list of all claims allowed. Matters discussed in closed session pursuant to section 21.3 shall not be published until entered on the public minutes. However, in cities having more than one hundred fifty thousand population, the council shall each month print in pamphlet form a detailed itemized statement of all receipts and disbursements of the city, and a summary of its proceedings during the preceding month, and furnish copies to the city library, the daily newspapers of the city, and to persons who apply at the office of the city clerk, and the pamphlet shall constitute publication as required. Failure by the clerk to make publication is a simple misdemeanor. The provisions of this subsection are applicable in cities in which a newspaper is published, or in cities of two hundred population or over, and in all other cities, posting the statement in three public places in the city which have been permanently designated by ordinance is sufficient compliance with this subsection.

7. By ordinance, the council may divide the city into wards which shall be drawn according to the following standards:
   a. All ward boundaries shall follow precinct boundaries.
   b. Wards shall be as nearly equal as practicable to the ideal population determined by dividing the number of wards to be established into the population of the city.
   c. Wards shall be composed of contiguous territory as compact as practicable.
d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

8. By ordinance, the council shall prescribe the compensation of the mayor, council members, and other elected city officers, but a change in the compensation of the mayor does not become effective during the term in which the change is adopted, and the council shall not adopt an ordinance changing the compensation of the mayor, council members, or other elected officers during the months of November and December in the year of a regular city election. A change in the compensation of council members becomes effective for all council members at the beginning of the term of the council members elected at the election next following the change in compensation. Except as provided in section 362.5, an elected city officer is not entitled to receive any other compensation for any other city office or city employment during that officer’s tenure in office, but may be reimbursed for actual expenses incurred. However, if the mayor pro tem performs the duties of the mayor during the mayor’s absence or disability for a continuous period of fifteen days or more, the mayor pro tem may be paid for that period the compensation determined by the council, based upon the mayor pro tem’s performance of the mayor’s duties and upon the compensation of the mayor.

9. A council member, during the term for which that member is elected, is not eligible for appointment to any city office if the office has been created or the compensation of the office has been increased during the term for which that member is elected. A person who resigns from an elective office is not eligible for appointment to the same office during the time for which that person was elected if during that time, the compensation of the office has been increased.

10. A council member, during the term for which that member is elected, is not precluded from holding the office of chief of the volunteer fire department if the fire department serves an area with a population of not more than two thousand. A person holding the office of chief of such a volunteer fire department at the time of the person’s election to the city council may continue to hold the office of chief of the fire department during the city council term for which that person was elected.

11. Council members shall be elected according to the council representation plans under sections 372.4 and 372.5. However, the council representation plan may be changed, by petition and election, to one of those described in this subsection. Upon receipt of a valid petition, as defined in section 362.4, requesting a change to a council representation plan, the council shall submit the question at a special city election to be held within sixty days. If a majority of the persons voting at the special election approves the changed plan, it becomes effective at the beginning of the term following the next regular city election. If a majority does not approve the changed plan, the council shall not submit another proposal to change a plan to the voters within the next two years.

Eligible electors of a city may petition for one of the following council representation plans:

a. Election at large without ward residence requirements for the members.

b. Election at large but with equal-population ward residence requirements for the members.

c. Election from single-member, equal-population wards, in which the electors of each ward shall elect one member who must reside in that ward.

d. Election of a specified number of members at large and a specified number of members from single-member, equal-population wards.

372.13A Payments without prior authorization of council.

1. If concurrent vacancies exist on the council and the remaining council members do not constitute a quorum of the full membership, the city clerk is authorized to make the following payments without prior approval of the council:
   a. For fixed charges including but not limited to freight, express, postage, water, light, telephone service, or contractual services, after a bill is filed with the clerk.
   b. For salaries and payrolls if the compensation has been fixed or approved by the council. The salary or payroll shall be certified by the officer or supervisor under whose direction or supervision the compensation is earned.

2. If concurrent vacancies exist on the council and the remaining council members do not constitute a quorum of the full membership and the office of city clerk is vacant, the county auditor of the county where the city is located shall make the payments described in subsection 1 without prior approval of the council.

3. The bills paid under this section shall be submitted to the city council for review and approval at the next regular meeting following payment in which a quorum of the council is present.

372.15 Removal of appointees.

Except as otherwise provided by state or city law, all persons appointed to city office may be removed by the officer or body making the appointment, but every such removal shall be by written order. The hearing shall be held within thirty days of the date the request is filed, unless the person removed requests a later date.

CHAPTER 373
CONSOLIDATED METROPOLITAN CORPORATIONS
373.1 Creation of commission.
   1. Cities within a county may unite to form a single unit of local government in accordance with this chapter. Any city located in two or more counties shall be allowed to participate in a metropolitan consolidation in the county where at least fifty percent of its population resides. An alternative form of metropolitan government shall be submitted to the electorate by a commission in the form of a charter or charter amendment proposed in accordance with this chapter.
   2. Participation in a charter commission under this chapter may be proposed by:
      a. The city council adopting a resolution calling for participation.
      b. By petition of the number of eligible electors of the city equal to at least twenty-five percent of the votes cast in the city at the last regular city election petitioning the council to adopt a resolution calling for participation. The council shall within thirty days of the filing of a valid petition adopt such a resolution.

373.2 Appointment of commission members.
   1. Within forty-five days after the establishment of a commission, the members of the commission shall be appointed as follows:
      a. One member shall be appointed by the city council of each city participating in the charter process.
      b. An additional member shall be appointed by each city council for every twenty-five thousand residents in the participating city.
      c. One member shall be appointed by each state legislator whose legislative district is located in the commission area if a majority of the constituents of that legislative district resides in the commission area. However, if a commission area does not have a state legislative district which has a majority of its constituents residing in the commission area, the legislative district having the largest plurality of constituents residing in the commission area shall appoint one member.
   2. Only eligible electors of the county not holding a city, county, or state office shall be members of the commission. In counties having multiple state legislative districts, the districts shall be represented as equally as possible. The membership shall be bipartisan and gender balanced and each appointing authority under subsection 1 shall provide for representation of various age groups, racial minorities, economic groups, and representatives of identifiable geographically defined populations, all in reasonable relationship to the proportions in which these groups are present in the population of the commission area. A vacancy on the commission shall be filled by appointment in the same manner as the original appointment. The county auditor shall notify the appropriate appointing authority of a vacancy.
   3. The legislative appointing authorities shall be considered one appointing authority for the purpose of complying with this subsection. The senior legislative appointing authority in terms of length of legislative service shall convene the legislative appointing authorities to consult for the purpose of complying with this subsection.

373.3 Organization and expenses.
   1. Within thirty days after the appointment of the members of the commission, the city clerk of the participating city with the largest population shall give written notice of the date, time, and location of the first meeting of the commission. At the first meeting the commission shall organize by electing a chairperson, vice chairperson, and other officers as necessary. The commission shall adopt rules governing the conduct of its meetings, subject to chapter 21.
   2. The members of the commission shall serve without compensation, but they are entitled to travel and other necessary expenses relating to their duties of office.
   3. The participating cities shall make available to the commission in-kind services such as office space, printing, supplies, and equipment and shall pay the other necessary expenses of the commission, including compensation for secretarial, clerical, professional, and consultant services. The total annual expenses, not including the value of in-kind expenses, to be paid from public funds shall not exceed one hundred thousand dollars or an amount equal to thirty cents times the population of the commission area, according to the most recent certified federal census. The commission may employ staff as necessary.
   4. The expenses of the commission may be paid from the general fund of the participating cities or from any combination of public or private funds available for that purpose. The commission's annual expenses may exceed the amount in subsection 3 only if the excess is paid from private funds. If a proposed charter is submitted to the electorate, private funds donated to the commission may be used to promote passage of the proposed charter.

373.4 Commission procedures and reports.
   1. Within sixty days after its organization, the commission shall hold at least one public hearing for the purpose of receiving information and material which will assist in the drafting of a charter. Notice of the date, time, and place of the hearing shall be published in the official county newspapers of each county in which the participating cities are located.
   2. Within nine months after the organization of the commission, the commission shall submit a
preliminary report to the councils of the participating cities, which report may include the text of the proposed charter. If a proposed charter is included in the preliminary report, the report shall also include an analysis of the fiscal impact of the proposed charter. Sufficient copies of the report shall be made available for distribution to residents of the participating cities who request a copy. The commission shall hold at least one public hearing after submission of the preliminary report to obtain public comment.

3. Within twenty months after organization, the commission shall submit the final report to the councils of the participating cities. If the commission recommends a charter of consolidation, the final report shall include the full text and an explanation of the proposed charter; an analysis of the fiscal impact of the proposed charter; any comments deemed desirable by the commission, and any minority reports. The final report may recommend no change to the existing form of government and that no charter be submitted to the electorate, or it may recommend consolidation of the participating cities with the county. If the board of supervisors by resolution agrees to participate in consolidation, then the participating cities and county shall proceed under sections 331.231 through 331.252.

4. The final report of the commission shall be made available to the residents of the participating cities upon request. A summary of the final report shall be published in the official newspapers of the county. If a charter is not recommended, the commission is dissolved upon submission of its final report to the councils of the participating cities.

373.5 Consolidation charter.

A proposed charter written by a charter commission shall specify the consolidated metropolitan form of government. The proposed consolidation charter shall do all of the following:

2. Establish an elective legislative body pursuant to section 373.9, including provisions on terms of office, initial compensation, meetings, and rules of procedure.

3. Provide for the at-large election of an officer to preside over the metropolitan council and perform other duties as specified, and provide for the election of other necessary officers.

5. Specify the powers and duties of the metropolitan council, its administrative officers, and elected officials.

6. Provide for delivery of certain services to the member cities, pursuant to section 373.11, and may provide for the abolition or consolidation of a department, agency, board, or commission and the assumptions of its powers and duties by the metropolitan council or another officer.

7. Provide for a system of revenue collection pursuant to section 373.10.

8. Provide for the orderly transition to the charter form of metropolitan consolidation.

10. Specify a charter amendment process pursuant to section 372.11.

11. Provide for the appointment of a manager by the metropolitan council pursuant to section 372.8.

91 Acts, ch 256, §44

373.6 Referendum — effective date.

1. If a proposed charter for consolidation is received not later than sixty days before the next general election, the council of the participating city with the largest population shall direct the county commissioner of elections to submit to the registered voters of the participating cities at the next general election the question of whether the proposed charter shall be adopted. A summary of the proposed charter shall be published in a newspaper of general circulation in each city participating in the charter commission process at least ten but not more than twenty days before the date of the election. The proposed charter shall be effective in regard to a city only if a majority of the electors of the city voting approves the proposed charter.

2. If a proposed charter for consolidation is adopted:

   a. The adopted charter shall take effect July 1 following the election at which it is approved unless the charter provides a later effective date. A special election shall be called to elect the new elective officers.

   b. The adoption of the consolidated metropolitan corporation form of government does not alter any right or liability of any participating city in effect at the time of the election at which the charter was adopted.

   c. All departments and agencies shall continue to operate until replaced.

   d. All ordinances or resolutions in effect remain effective until amended or repealed, unless they are irreconcilable with the adopted charter.

   e. Upon the effective date of the adopted charter, the participating cities shall adopt the consolidation form by ordinance, and shall file a copy with the secretary of state, and maintain available copies for public inspection.

3. If a charter is submitted to the electorate but is not adopted, another charter shall not be submitted to the electorate for two years. If a charter is adopted, it may be amended at any time. If a charter is adopted, a proposed charter for anoth-
er alternative form of city government shall not be submitted to the electorate for six years.
4. Section 372.2 shall not apply to a charter commission established under this chapter.
91 Acts, ch 256, §45; 95 Acts, ch 67, §53

373.7 Form of ballot.
The question of metropolitan consolidation shall be submitted to the electors in substantially the following form:

Should the cities of ................. and ................ unire to form one joint metropolitan corporation government?

The ballot must contain a brief description and summary of the proposed charter or amendment.
91 Acts, ch 256, §46

373.8 Effect of consolidation.
Cities consolidating pursuant to this chapter shall retain all the rights, powers, and duties conferred upon them by the Constitution of the State of Iowa and shall retain all the rights, powers, and duties conferred upon them by the laws of the state of Iowa, except to the extent those statutory rights, powers, and duties are limited by the charter government in fulfilling its duty to provide efficient administration and delivery of services to its citizens.

The consolidation charter may provide for the replacement of the city government of the member city with the largest population, according to the most recent certified federal census. That city shall be known as the home city of the consolidated metropolitan corporation. If its government is replaced, the consolidation charter shall provide that the home city be governed either directly by the metropolitan council or by those members of the metropolitan council who reside within the corporate boundaries of the home city. The home city shall retain its geographic boundaries for the purposes of taxation.

Cities participating in consolidation shall be referred to as member cities of the consolidated metropolitan corporation.

A city may join an existing consolidated metropolitan corporation government by resolution of the city council or upon petition of eligible electors of the city equal in number to at least twenty-five percent of the persons who voted at the last general election for the office of governor or president of the United States, whichever is fewer. Within fifteen days after receiving a valid petition, the city council of the petitioning city shall adopt a resolution in favor of participation and shall immediately forward the resolution to the metropolitan council. If a majority of the metropolitan council approves the resolution, the question of joining the consolidated metropolitan corporation shall be submitted to the electorate of the petitioning city within sixty days after approval of the resolution.
91 Acts, ch 256, §47

373.9 Metropolitan council.
1. A consolidated metropolitan corporation shall be governed by a metropolitan council. The council shall consist of an odd number of members, not less than eleven and not more than seventeen. If a vacancy on the metropolitan council occurs more than sixty days before the next general election, the council shall direct the county commissioner of elections to conduct a special election to fill the vacancy until the next general election.
2. Unless otherwise specified in the consolidation charter, the council shall act by a majority vote of the members on the council.
91 Acts, ch 256, §48

373.10 Taxing authority.
The metropolitan council shall have the authority to levy city taxes to the extent the city tax levy authority is transferred by the charter to the metropolitan council. A member city shall transfer a portion of the city's tax levy authorized under section 384.1 or 384.12, whichever is applicable, to the metropolitan council. The maximum rates of taxes authorized to be levied under sections 384.1 and 384.12 by a member city shall be reduced by an amount equal to the rates of the same or similar taxes levied in the city by the metropolitan council.
91 Acts, ch 256, §49

373.11 Service delivery.
1. The charter of consolidation shall provide for the transfer into the metropolitan consolidated corporation of areawide services which had been provided by other boards, commissions, and local governments. The metropolitan council shall have the authority to determine the boundaries of the service areas, except that formation of a consolidated metropolitan corporation shall not affect the assignment of electric utility service territories pursuant to chapter 476, and shall not affect the rights of a city to grant a franchise under chapter 364.

For each service provided by the consolidated metropolitan corporation, the consolidated metropolitan corporation shall assume the same statutory rights, powers, and duties, except taxing authority, relating to the provision of such service as if the member city were itself providing the service to its citizens. However, the consolidated metropolitan corporation shall not assume any of the governmental functions of its member cities except as the functions relate to the delivery of services and except as provided in section 373.8.

If a service is being provided by the consolidated metropolitan corporation to any member city that member city shall not invoke any statutory right, power, or duty relating to the delivery of the service to its citizens.
2. A member city may apply to the metropolitan council for the purchase of any service which is being provided by the consolidated metropolitan corporation to any other member city, including the home city of the consolidated metropolitan corporation. Such an agreement to provide services shall be executed pursuant to chapter 28E and must contain provisions necessary for the lawful execution of the agreement.

CITY ELECTIONS

376.1 City election held.
A city shall hold a regular city election on the first Tuesday after the first Monday in November of each odd-numbered year. A city shall hold regular, special, primary, or runoff city elections as provided by state law.

The mayor or council shall give notice of any special election to the county commissioner of elections. The county commissioner of elections shall publish notice of any city election and conduct the election pursuant to the provisions of chapters 39 to 53, except as otherwise specifically provided in chapters 362 to 392. The results of any election shall be canvassed by the county board of supervisors and certified by the county commissioner of elections to the mayor and the council of the city for which the election is held.

376.2 Terms.
Terms of city officers begin and end at noon on the first day in January which is not a Sunday or legal holiday, following a regular city election.

Except as otherwise provided by state law or the city charter, terms for elective offices are two years. However, the term of an elective office may be changed to two or four years by petition and election. Upon receipt of a valid petition as defined in section 362.4, requesting that the term of an elective office be changed, the council shall submit the question at a special city election to be held within sixty days after the petition is received. The special election shall be held more than ninety days before the regular city election if the change shall go into effect at the next regular city election. If a majority of the persons voting at the special election approves the changed term, it becomes effective at the beginning of the term following the next regular city election. If a majority does not approve the changed term, the council shall not submit the same proposal to the voters within the next four years.

At the first regular city election after the terms of council members are changed to four years, terms shall be staggered as follows:

1. If an even number of council members are elected at large, the half of the elected council members who receive the highest number of votes are elected for four-year terms. The remainder are elected for two-year terms.
2. If an odd number of council members are elected at large, the majority of the elected council members who receive the highest number of votes are elected for four-year terms. The remainder are elected for two-year terms.
3. In case of a tie the mayor and clerk shall determine by lot which council members are elected for four-year terms.
4. If the council members are elected from wards, the council members elected from the odd-numbered wards are elected for four-year terms and the council members elected from even-numbered wards are elected for two-year terms.

After July 1, 1986, a petition submitted under this section to change the term of council members from two to four years shall specify if the terms are to be staggered or run concurrently. If the petition provides for concurrent terms and the changed term is approved by the voters, the petitioners, a statement of their place of residence, and the date on which they signed the petition.

The petition must include the signature of the petitioners, a statement of their place of residence, and the date on which they signed the petition.

§376.5 Publication of ballot.
Notice containing a copy of the ballot for each regular, special, primary, or runoff city election must be published by the county commissioner of elections as provided in section 362.3, except that notice of a regular, primary, or runoff election may be published not less than four days before the date of the election. The published ballot must contain the names of all candidates, and may not contain any party designations. The published ballot must contain any question to be submitted to the voters.

§376.6 Primary or other method of nomination — certification.
An individual for whom a valid petition is filed becomes a candidate in the regular city election for the office for which the individual has filed, except that a primary election must be held for offices for which the number of candidates for whom valid petitions are filed is more than twice the number of positions to be filled. However:

1. The council may by ordinance choose to have a runoff election, as provided in section 376.9, in lieu of a primary election.

2. If the council has by ordinance chosen to have nominations made in the manner provided by chapter 44 or 45, neither a primary election nor a runoff election is required.

Each city clerk shall certify to the county commissioner of elections responsibility under section 47.2 for conducting elections for that city type of nomination process to be used for the city no later than thirty days before the date of the regular city election. If the city has by ordinance chosen a runoff election or has chosen to have nominations made in the manner provided by chapter 44 or 45, or has repealed nomination provisions under those sections in preference for the primary election method, a copy of the city ordinance shall be attached. No changes in the method of nomination to be used in a city shall be made after the clerk has filed the certification with the commissioner, unless the change will not take effect until after the next regular city election.

§376.7 Date of primary.
If a primary election is necessary, it shall be held on the Tuesday four weeks before the date of the regular city election. The county board of supervisors shall publicly canvass the tally lists of the vote cast in the primary election, following the procedures prescribed in section 50.24, at a meeting to be held beginning at one o’clock in the afternoon on the second day following the primary election.

The names of those candidates who receive the highest number of votes for each office on the primary election ballot, to the extent of twice the number of unfilled positions, must be placed on the ballot for the regular city election as candidates for that office.

§376.8 Persons elected in city elections.
1. In a regular city election following a city primary, the candidates receiving the greatest number of votes cast for each office on the ballot are elected, to the extent necessary to fill the positions open.

2. In a regular city election held for a city where the council has chosen a runoff election in lieu of a primary, candidates are elected as provided by subsection 1, except that no candidate is elected who fails to receive a majority of the votes cast for the office in question. In the case of at-large elections to a multimember body, a majority is one vote more than half the quotient found by dividing the total number of votes cast for all candidates for that body by the number of positions to be filled.

In calculating the number of votes necessary to constitute a majority, fractions shall be rounded up to the next higher whole number.

3. In a regular city election held for a city where the council has chosen to have nominations made in the manner provided by chapter 44 or 45, the candidates who receive the greatest number of votes for each office on the ballot are elected, to the extent necessary to fill the positions open.

§376.9 Runoff election.
A runoff election may be held only for positions unfilled because of failure of a sufficient number
of candidates to receive a majority vote in the regular city election. When a council has chosen a runoff election in lieu of a primary, the county board of supervisors shall publicly canvass the tally lists of the vote cast in the regular city election, following the procedures prescribed in section 50.24, at a meeting to be held beginning at one o'clock in the afternoon on the second day following the regular city election. Candidates who do not receive a majority of the votes cast for an office, but who receive the highest number of votes cast for that office in the regular city election, to the extent of twice the number of unfilled positions, are candidates in the runoff election.

Runoff elections shall be held four weeks after the date of the regular city election and shall be conducted in the same manner as regular city elections. Candidates in the runoff election who receive the highest number of votes cast for each office on the ballot are elected to the extent necessary to fill the positions open.

376.10 Contest.
A nomination or election to a city office may be contested in the manner provided in chapter 62 for contesting elections to county offices, except that a statement of intent to contest must be filed with the city clerk within ten days after the nomination or election.

376.11 Write-in votes.
Write-in votes are permitted to be cast in all elections for city offices. A person who receives a sufficient number of write-in votes to be elected to a city office shall be declared the winner of the election. If a person who was elected by write-in votes chooses not to serve in that office the person shall submit a resignation in writing to the city clerk not later than five o'clock p.m. on the day following the canvass of the election. If any person who received write-in votes fails to file the affidavit at the time required, the county commissioner shall disregard the write-in votes cast for that person. A notation shall be made on the abstract of votes showing which persons who received write-in votes filed affidavits. The total number of votes cast for each office on the ballot shall be amended by subtracting the write-in votes of those candidates who failed to file the affidavit. It is not necessary for a candidate whose name was printed upon the ballot to file an affidavit. Of the remaining candidates, those who receive the highest number of votes to the extent of twice the number of unfilled positions shall be placed on the ballot for the regular city election as candidates for that office.

In cities in which the city council has chosen a runoff election in lieu of a primary, if a person who was elected by write-in votes chooses not to accept the office by filing a resignation notice with the city clerk or commissioner of elections not later than five o'clock p.m. on the day following the canvass, all remaining persons who received write-in votes and who wish to be considered candidates for the runoff election shall execute an affidavit in substantially the form required by section 45.3 and file it with the county commissioner of elections or the city clerk not later than five o'clock p.m. on the day after the canvass of the primary election. If any person who received write-in votes fails to file the affidavit at the time required, the county commissioner of elections shall disregard the write-in votes cast for that person. The abstract of votes shall be amended to show that the person who was declared elected declined the office and a notation shall be made next to the names of those persons who did not file the affidavit. A runoff election shall be held with the remaining candidates who have the highest number of votes to the extent of twice the number of unfilled positions.

In a city in which the council has chosen a runoff election, if no person was declared elected for an office all persons who received write-in votes shall execute an affidavit in substantially the form required by section 45.3 and file it with the county commissioner of elections or the city clerk not later
than five o'clock p.m. on the day following the canvas of votes. If any person who received write-in votes fails to file the affidavit the county commissioner of elections shall disregard the write-in votes cast for that person. The abstract of votes shall be amended to note which of the write-in candidates failed to file the affidavit. A runoff election shall be hold with the remaining candidates who have the highest number of votes to the extent of twice the number of unfilled positions.

CITY LEGISLATION

380.1 Definitions. As used in this chapter, unless the context otherwise requires, “book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

2000 Acts, ch 1148, §1
Former §380.1 transferred to §380.1A

380.1A Title of ordinance. The subject matter of an ordinance or amendment must be generally described in the title of the ordinance or amendment.

[R60, §1122; C73, §489; C97, §681; C24, 27, 31, 35, 39, §5715; C46, 50, 54, 58, 62, 66, 71, 73, §366.2; C75, 77, 79, 81, §380.1]

380.2 Amendment. An amendment to an ordinance or to a code of ordinances must specifically identify the ordinance or code, or the section, subsection, or paragraph to be amended, and must set forth the ordinance, code, section, subsection, or paragraph as amended, which action is deemed to be a repeal of the previous ordinance, code, section, subsection, or paragraph amended.

[R60, §1122; C73, §489; C97, §681; C24, 27, 31, 35, 39, §5715; C46, 50, 54, 58, 62, 66, 71, 73, §366.2; C75, 77, 79, 81, §380.2]
91 Acts, ch 145, §3; 97 Acts, ch 168, §2

380.3 Two considerations before final passage — how waived. A proposed ordinance or amendment must be considered and voted on for passage at two council meetings prior to the meeting at which it is to be finally passed, unless this requirement is suspended by a recorded vote of not less than three-fourths of all of the members of the council. If a proposed ordinance, amendment, or resolution fails to receive sufficient votes for passage at any consideration and vote thereon, the proposed ordinance, amendment, or resolution shall be considered defeated.

[R60, §1122; C73, §489; C97, §682; C24, 27, 31, 35, 39, §5716; C46, 50, 54, 58, 62, 66, 71, 73, §366.3; C75, 77, 79, 81, §380.3]
88 Acts, ch 1246, §5; 97 Acts, ch 168, §3, 4

380.4 Majority requirement — tie vote — conflicts of interest. Passage of an ordinance, amendment, or resolution requires a majority vote of all of the members of the council, except when the mayor may vote to break a tie vote in a city with an even number of council members, as provided in section 372.4. Passage of a motion requires a majority vote of a quorum of the council. A resolution must be passed to spend public funds in excess of twenty-five thousand dollars on any one project, or to accept public improvements and facilities upon their completion. Each council member’s vote on a measure must be recorded. A measure which fails to
receive sufficient votes for passage shall be considered defeated.

As used in this chapter, "all of the members of the council" refers to all of the seats of the council including a vacant seat and a seat where the member is absent, but does not include a seat where the council member declines to vote by reason of a conflict of interest.

A measure voted upon is not invalid by reason of a conflict of interest in a member of the council, unless the vote of the member of the council was decisive to passage of the measure. The vote must be computed on the basis of the number of members not disqualified by reason of conflict of interest. However, a majority of all members is required for a quorum. For the purpose of this section, the statement of a council member that the council member declines to vote by reason of conflict of interest is conclusive and must be entered of record.

§380.5 Mayor.

The mayor may sign, veto, or take no action on an ordinance, amendment, or resolution passed by the council. However, the mayor may not veto an ordinance, amendment, or resolution if the mayor was entitled to vote on such measure at the time of passage.

§380.6 Effective date.

Measures passed by the council become effective in one of the following ways:

1. An ordinance or amendment signed by the mayor becomes effective when the ordinance or a summary of the ordinance is published, as provided in section 380.7, subsection 3, unless a subsequent effective date is provided within the ordinance or amendment.

2. A resolution signed by the mayor becomes effective immediately upon signing.

3. A motion becomes effective immediately upon passage of the motion by the council.

4. The mayor may veto an ordinance, amendment, or resolution within fourteen days after passage. The mayor shall explain the reasons for the veto in a written message to the council at the time of the veto. Within thirty days after the mayor's veto, the council may pass the measure again by a vote of not less than two-thirds of all of the members of the council. If the mayor vetoes an ordinance, amendment, or resolution and the council repasses the measure after the mayor's veto, a resolution becomes effective immediately upon repassage, and an ordinance or amendment becomes a law when the ordinance or a summary of the ordinance is published, unless a subsequent effective date is provided within the ordinance or amendment.

3. If the mayor takes no action on an ordinance, amendment, or resolution, a resolution becomes effective fourteen days after the date of passage and an ordinance or amendment becomes a law when the ordinance or a summary of the ordinance is published, but not sooner than fourteen days after the date of passage, unless a subsequent effective date is provided within the ordinance or amendment.

§380.7 City clerk.

The city clerk shall:

1. Promptly record each measure.

2. Record a statement with the measure, where applicable, indicating whether the mayor signed, vetoed, or took no action on the measure, and whether the measure was repassed after the mayor's veto.

3. Publish a summary of all ordinances or the complete text of ordinances and amendments in the manner provided in section 362.3. As used in this subsection, "summary" shall mean a narrative description of the terms and conditions of an ordinance setting forth the main points of the ordinance in a manner calculated to inform the public in a clear and understandable manner the meaning of the ordinance and which shall provide the public with sufficient notice to conform to the desired conduct required by the ordinance. The description shall include the title of the ordinance, an accurate and intelligible abstract or synopsis of the essential elements of the ordinance, a statement that the description is a summary, the location and the normal business hours of the office where the ordinance may be inspected, when the ordinance becomes effective, and the full text of any provisions imposing fines, penalties, forfeitures, fees, or taxes. Legal descriptions of property set forth in ordinances shall be described in full, provided that maps or charts may be substituted for legal descriptions when they contain sufficient detail to clearly define the area with which the ordinance is concerned. The narrative description shall be written in a clear and coherent manner and shall, to the extent possible, avoid the use of technical or legal terms not generally familiar to the public. When necessary to use technical or legal terms not generally familiar to the public, the narrative description shall include definitions of these terms.
4. Authenticate all measures except motions with the clerk's signature and certification as to time and manner of publication, if any. The clerk's certification is presumptive evidence of the facts stated therein.

After notice and hearing in the same manner as required for the city’s regular budget under section 384.16, the utility budget must be approved by resolution of the council not later than twenty days prior to the beginning of the calendar year for which the budget applies.

384.24A Loan agreements.

A city may enter into loan agreements to borrow money for any public purpose in accordance with the following terms and procedures:

1. A loan agreement entered into by a city may contain provisions similar to those sometimes found in loan agreements between private parties, including, but not limited to, the issuance of notes to evidence its obligations.

2. A provision of a loan agreement which stipulates that a portion of the payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A city utility or city enterprise is a separate entity under this section whether it is governed by the governing body of the city or another governing body.

3. The governing body shall follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a loan agreement made payable from the debt service fund.

4. The governing body may authorize a loan agreement which is payable from the general fund and which would not cause the total of scheduled annual payments of principal or interest or both principal and interest of the city due from the general fund of the city in any future year with respect to all loan agreements in force on the date of the authorization to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:

a. The governing body must follow substantially the authorization procedures of section 384.25 to authorize a loan agreement for personal property which is payable from the general fund.

b. The governing body must authorize procedures of section 384.25 to authorize a loan agreement for real property which is payable from the general fund if the principal amount of the loan agreement does not exceed the following limits:

   (1) Four hundred thousand dollars in a city having a population of five thousand or less.

   (2) Seven hundred thousand dollars in a city having a population of more than five thousand but not more than seventy-five thousand.

   (3) One million dollars in a city having a population of more than seventy-five thousand.

   b. The governing body must follow the following procedures to authorize a loan agreement for real property which is payable from the general fund if the principal amount of the loan agreement exceeds the limits set forth in paragraph "a":

   (1) The governing body must institute proceedings to enter into a loan agreement payable from the general fund by causing a notice of the meeting to discuss entering into the loan agreement, including a statement of the principal amount and purpose of the loan agreement and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the discussion meeting. No sooner than thirty days following the discussion meeting shall the governing body hold a meeting at which it is proposed to take action to enter into the loan agreement.
§384.25 General obligation bonds for essential purposes.

1. A city which proposes to carry out any essential corporate purpose within or without its corporate limits, and to contract indebtedness and issue general obligation bonds to provide funds to pay all or any part of the cost of a project must do so in accordance with the provisions of this division.

2. Before the council may institute proceedings for the issuance of bonds for an essential corporate purpose, a notice of the proposed action, including a statement of the amount and purposes of the bonds, and the time and place of the meeting at which the council proposes to take action for the issuance of the bonds, must be published as provided in section 362.3. At the meeting, the council shall receive oral or written objections from any resident or property owner of the city. After all objections have been received and considered, the council may, at that meeting or any adjournment thereof, take additional action for the issuance of the bonds or abandon the proposal to issue the bonds. Any resident or property owner of the city may appeal the decision of the council to take additional action to the district court of the county in which any part of the city is located, within fifteen days after the additional action is taken, but the additional action of the council is final and conclusive unless the court finds that the council exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal, are in lieu of the provisions contained in chapter 73A, or any other law.

3. Notice of the election must be given by publication as required by section 49.53 in a newspaper of general circulation in the city. At the election the ballot used for the submission of the proposition must be in substantially the form for submitting special questions at general elections.
4. The proposition of issuing general corporate purpose bonds is not carried or adopted unless the vote in favor of the proposition is equal to at least sixty percent of the total vote cast for and against the proposition at the election. If the proposition of issuing the general corporate purpose bonds is approved by the voters, the city may proceed with the issuance of the bonds.

5. a. Notwithstanding the provisions of subsection 2, a council may, in lieu of calling an election, institute proceedings for the issuance of bonds for a general corporate purpose by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the city at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds subject to the following limitations:

   (1) In cities having a population of five thousand or less, in an amount of not more than four hundred thousand dollars.

   (2) In cities having a population of more than five thousand and not more than seventy-five thousand, in an amount of not more than seven hundred thousand dollars.

   (3) In cities having a population in excess of seventy-five thousand, in an amount of not more than one million dollars.

b. If at any time before the date fixed for taking action for the issuance of the bonds, a petition is filed with the clerk of the city in the manner provided by section 362.4, asking that the question of issuing the bonds be submitted to the registered voters of the city, the council shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. Notice of the election and its conduct shall be in the manner provided in the preceding subsections of this section.

c. If no petition is filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the council may proceed with the authorization and issuance of the bonds.

§384.27 Sale of bonds.

1. A city may sell general obligation bonds at public or private sale in the manner prescribed by chapter 75.

2. General obligation funding or refunding bonds issued for the purposes specified in section 384.24, subsection 3, paragraph "f," may be exchanged for the evidences of the legal indebtedness being funded or refunded, or such funding or refunding bonds may be sold in the manner prescribed by chapter 75 and the proceeds applied to the payment of such indebtedness. Funding or refunding bonds may bear interest at the same rate as, or at a higher or lower rate or rates of interest than the indebtedness being funded or refunded.

§384.28 Categories for general obligation bonds.

A city may issue general obligation bonds pursuant to a resolution adopted at a regular or special meeting by a majority of the total number of members to which the council is entitled. Each paragraph of section 384.24, subsections 3 and 4 describes a separate category. Separate categories of essential corporate purposes and of general corporate purposes may be incorporated in a single notice of intention to institute proceedings for the issuance of bonds, or separate categories may be incorporated in separate notices, and after an opportunity has been provided for filing objections, or after a favorable election has been held, if required, the council may include in a single resolution and sell as a single issue of bonds, any number or combination of essential corporate purposes or general corporate purposes. If an essential corporate purpose is combined with a general corporate purpose in a single notice of intention to institute proceedings to issue bonds, then the entire issue is subject to the referendum requirement provided in section 384.26.

Definitions of city enterprises, essential corporate purposes, and general corporate purposes are not mutually exclusive and shall be liberally construed. The detailing of examples is not intended to modify or restrict the meaning of general words used. If a project or activity may be reasonably construed to be included in more than one classification, the council may elect at any time between the classifications and the procedures respectively applicable to each classification.

[C75, 77, 79, 81, §384.35]

384.36 Prior proceedings.
Projects and proceedings for the issuance of general obligation bonds commenced before the effective date of the city code may be consummated and completed as required or permitted by any statute or other law amended or repealed by the city code as though the repeal or amendment had not occurred, and the rights, duties, and interests flowing from such projects and proceedings remain valid and enforceable. Without limiting the foregoing, projects commenced prior to the effective date may be financed by the issuance of general obligation bonds under any such amended or repealed law or by the issuance of general obligation bonds under the city code. 384.40 Underground improvements.

A city may include underground gas, water, heating, sewer, or electrical connections to the street or property line for private property as a part of the public improvement, or a city may order the property owner to make, repair, or relocate such connections by publication of a notice once
384.42 Procedure on public improvement.

To construct or repair a public improvement to be paid for in whole or in part by special assessments, the council shall proceed as follows:

1. Arrange for engineering services to prepare the plats, schedules, estimates of cost, plans, and specifications and to supervise construction of the proposed improvement.

2. Adopt a preliminary resolution by the vote of a majority of all the members of the council. The preliminary resolution shall contain the following:
   a. A description of the types or alternate types of improvement proposed.
   b. The beginning and terminal points or general location of the proposed improvement.
   c. An order to the engineer to prepare preliminary plans and specifications, estimated total cost of the work, and a plat and schedule, and to file them with the clerk.
   d. A general description of the property or a designation of the lots which the council believes will be specially benefited by the improvement.

3. The preliminary resolution may also contain the following:
   a. A statement of the proportion of the total cost which the council proposes to assess against specially benefited property.
   b. A short and convenient designation for the public improvement by which it may be referred to in all subsequent proceedings.
   c. A preliminary resolution may include more than one improvement or class of improvement.
   d. A single improvement may be in more than one locality or street, and that portion of the street which has been improved by any railway, or which the city may require the railway to improve under franchise or contract, may be excluded.

384.43 Preliminary plans.

Preliminary plans and specifications must only be in sufficient detail to advise any person interested of the general nature, character, and type of the improvement.

384.44 Estimated cost.

The estimated total cost of any public improvement constructed under this part must include all of the items of cost listed in section 384.37, subsection 26, which the council proposes to include as a part of the cost of the public improvement, and may include an item to be known as the default fund amounting to not more than ten percent of the portion of the total cost of the improvement which the council proposes to assess against specially benefited property.
§384.45  **Plats.**

The plat as prepared and filed by the engineer must show the following information:

1. The boundaries of the district containing the lots proposed to be assessed.
2. The location of each lot under separate ownership within the district, including the property of all railways and utilities subject to assessment.
3. The location of the improvement within the district, together with the terminal points of all major parts proposed to be assessed.
4. The type and general details of the improvement.

§384.46  **Lot valuations.**

Upon completion of the plat, the council shall determine the valuation of each lot within the proposed assessment district and shall report the valuations to the engineer, who shall show such valuations on the schedule before it is filed with the clerk. A valuation must be the present fair market value of the property with the proposed public improvement completed. As an aid in determining valuations, the council may appoint a committee of three persons skilled in the knowledge of real estate values within the city to appraise the present fair market value of each lot within a district and to file a written report of its appraisals with the council.

§384.47  **Schedule.**

The schedule, as prepared by the engineer, must show the following information for each lot within the district:

1. A description and parcel number of each lot and the name of the property owner.
2. The valuation of each lot as determined by the council.
3. The total amount proposed to be assessed to each lot for the public improvement.
4. The proportion of the estimated total cost of the public improvement allocated to each lot.
5. The amount of deficiency, if any, between the amount proposed to be assessed and the proportion of the estimated total cost of the public improvement allocated to each lot. The amount of deficiency shall be shown as a conditional deficiency assessment as authorized by sections 384.60, 384.62 and 384.63.

§384.48  **Adoption of plat.**

When the plat, schedule, and estimate of cost have been filed, the council may, before adopting a proposed resolution of necessity, cause the estimate, valuation, or assessment of any lot or the boundaries of the district as reported by the engineer to be amended, and may adopt the plat, schedule, and estimate as amended or as filed.

§384.49  **Resolution of necessity.**

If, upon adoption of the plat, schedule, and estimate, the council determines to proceed with all or any part of the public improvement, it shall cause a proposed resolution of necessity to be prepared and introduced.

1. The resolution of necessity must include all of the following:
   a. A brief description of the proposed public improvement.
   b. A statement that there is on file in the office of the clerk an estimated total cost of the work, and a preliminary plat and schedule showing the amount proposed to be assessed to each lot for the improvement.
   c. The date, time, and place the council will hear property owners subject to the assessment and interested parties for or against the improvement, its cost, the assessment, or the boundaries of the district.

2. A resolution of necessity may include:
   a. Any number of streets or sewer lines for improvement.
   b. All improvements which are included in the preliminary resolution.
   c. A provision that unless a property owner files objections with the clerk at the time of hearing on the resolution of necessity, the property owner is deemed to have waived all objections pertaining to the regularity of the proceeding and the legality of using the special assessment procedure.

3. a. To replace curbing and gutters in cities with a population of less than ten thousand, the council may adopt a preliminary resolution as provided in subsection 1. The description of the curbing and gutters to be replaced shall be prepared under the council’s supervision. The council may, by resolution, provide for the computation of the assessments on the basis of the original assessment or of the lineal footage of the curbing and gutters to be replaced. Public improvements initiated under this subsection shall in all other respects comply with this division.
   b. For purposes of this subsection, “replace”
means to substitute new curb and gutter at the same location where old curb and gutter is located and being reconstructed due to deterioration or destruction. “Replace” does not include the reconstruction of curb and gutter to change the grade or reconstruction required because of a street widening project.

384.50 Notice of hearing.

The clerk shall publish notice of the date, time, and place of the hearing once each week for two consecutive weeks in the manner provided by section 362.3, the first publication of which shall be not less than ten days before the date of the hearing. The notice must be in substantially the following form:

NOTICE TO PROPERTY OWNERS

Notice is given that there is now on file for public inspection in the office of the clerk of . . . . . . . . , Iowa, a proposed resolution of necessity, an estimate of cost, and a plat and schedule showing the amounts proposed to be assessed against each lot and the valuation of each lot within a district approved by the council of . . . . . . . . , Iowa, for a . . . . . . . . improvement of the type(s) and in the location(s) as follows:

The council will meet at . . . o’clock . . . m., on . . . . . . . . (date), at the . . . . . . . . , at which time the owners of property subject to assessment for the proposed improvement or any other person having an interest in the matter may appear and be heard for or against the making of the improvement, the boundaries of the district, the cost, the assessment against any lot, or the final adoption of a resolution of necessity. A property owner will be deemed to have waived all objections unless at the time of hearing the property owner has filed objections with the clerk.

....................

Clerk

Not less than fifteen days before the hearing, the clerk shall send a copy of the notice by mail to each property owner whose property is subject to assessment for the improvement at the address as shown by the records of the county auditor. If a property is shown to be in the name of more than one owner at the same mailing address, a single notice may be mailed addressed to all owners at that address. Failure to receive a mailed notice is not a defense to the special assessment.

384.51 Adoption of resolution.

The council shall meet as specified in the published notice, and after hearing all objections and endorsements from property owners and other persons having an interest in the matter, and after considering all filed, written objections, may adopt or amend and adopt the proposed resolution of necessity, or may defer action until a subsequent meeting. A resolution of necessity requires for passage the vote of three-fourths of all the members of the council, or, in cities having but three members of the council, the vote of two members, and where a remonstrance has been filed with the clerk, signed by the owners subject to seventy-five percent of the amount of the proposed assessments for the entire public improvement included in the resolution of necessity, a resolution of necessity requires a unanimous vote of the council.

An amendment which extends the boundaries of a district, increases the amount to be assessed against a lot, or adds additional public improvements, is not effective until an amended plat, schedule, and estimate have been prepared and adopted, a notice published and mailed to all affected property owners, and hearing held in the same manner as the original proceedings, or until all affected property owners agree in writing to the change. The adoption of a resolution of necessity is a legislative determination that the improvement is expedient and proper and that property assessed will be specially benefited by the improvement and this determination of the council is conclusive. Ownership of property to be assessed by an improvement does not, except for fraud or bad faith, disqualify a council member from voting on any measure.

After adopting the resolution of necessity, the clerk shall certify to the county treasurer of each county in which the assessed property is located, a copy of the resolution of necessity, the plat, and the schedule of assessments. In counties in which...
taxes are collected in two or more places, the resolution of necessity, the plat, and the schedule of assessments shall be certified to the office of county treasurer where the special assessments are collected. The county treasurer shall preserve the resolution, plat, and schedule as a part of the records of the office until the city certifies the final assessment schedule as provided in section 384.60 or certifies that the public improvement has been abandoned.

384.54 Confirmation by decree.
At any time after final adoption of the resolution of necessity, but before awarding the contract, the council may proceed as follows:
1. To direct the city attorney to file, in the district court of the county in which the property proposed to be assessed is located, a petition praying that the acts done by the council relative to the proposed public improvement be confirmed by decree.
2. The following must be filed with the petition in the office of the clerk of the court:
   a. A copy of the resolution of necessity as adopted by the council.
   b. A copy of the proposed schedule of assessments as adopted by the council under sections 384.48 and 384.51, which schedule shows the maximum amount that the council proposes to assess against any lot.
   c. Preliminary plans and specifications, or, if available, detailed plans and specifications as prepared by the engineer.
   d. A copy of the proposed contract if prepared.
3. Notice of the filing of the petition must be given in the same manner as is provided for service of original notice by publication by the rules of civil procedure, except as follows:
   a. No affidavit of inability to obtain personal service within the state of Iowa is required.
   b. The original notice must name as defendants those property owners who, on the date of filing the petition, have an interest in the real property to be assessed as a part of the public improvement, and the original notice must state that a plat and schedule is on file in the office of the clerk of the district court where the action is pending. No property owner is an indispensable party to the action. Publication of plat and schedule as part of the original notice is not required, nor shall reference in the original notice to specific descriptions of affected real property or the amounts of proposed assessments be necessary.
4. The petition must be given precedence over any other business of the court, except criminal cases. The court shall set the petition for hearing within thirty days from the date of final publication of notice. As a part of its order, the court may provide for a pretrial conference to be held not earlier than twenty days from the date of final publication of notice and require the appearance at the pretrial conference of all interested parties. Failure to appear at the pretrial conference may be grounds for dismissing any objection.
5. If no person having an interest in property proposed to be assessed has entered an appearance or filed an answer within the time set for hearing on the petition, the court shall confirm the assessment, and order the clerk of court to certify its decree to the city clerk.
6. If any person having an interest in property proposed to be assessed has entered an appearance or filed an answer to the petition, the court shall hear the cause as an action triable in equity.
7. Upon the hearing the court may correct any irregularities or inequalities in valuations or in the schedule of assessments, and shall consider any objections because of alleged illegal procedure or fraud.
8. The court shall render a decision upon the hearing as soon as practical after the final submission of the cause.
9. The clerk of the court shall certify to the city clerk the final action of the court, within three days from the date of the final decree upon the petition, showing assessments as confirmed in the schedule of assessments.
10. An appeal from the decree of the district court must be taken as in other equity cases.
11. A contract may or may not be let, in the discretion of the council, until appeals are finally determined, but the appeals need not delay the letting and execution of a contract for the work, if the council concludes the appeals were not taken in good faith.
12. An appeal does not, in the discretion of the council, delay the certification of an assessment or progress of an improvement, but upon decision of the appeal the assessment appealed from must be corrected and collected in the same manner as provided in section 384.74.
13. Corrections of assessments or valuations made by order of the district court are conclusive and not subject to review on appeal, or otherwise, except as provided in subsections 10 to 12 of this section. When court confirmation is obtained there is no right of appeal under the provisions of section 384.66.
14. If no contract is entered into within ninety days from the date of confirmation by the district court or within a further time allowed by the court on subsequent application, and if no appeal is pending, the court shall cancel the assessment, upon application of the city attorney.
15. The cost of all court proceedings are a legitimate item of expense in connection with a public improvement, and may be included within the final assessment against any property specially benefited in the assessment district.

Whenever on a hearing by the court, the amount of any assessment is reduced or canceled so that there is a deficiency in the total amount remaining assessed in the proceeding, the court may assess the deficiency to the city or distribute the deficiency upon the other property abutting upon or adjacent to the improvement or in the district assessed, in a manner the court finds to be just and equitable, not exceeding, however, the amount the property would be specially benefited by the improvement, and not exceeding twenty-five percent of the value of the lot as shown by the plat and schedule of assessments or as reduced by the court.

384.55 Notice of paving to water board.

In cities having a water utility under the management of a board of trustees and in which water connections are not installed by the trustees at public expense, the council shall notify the board at the time of the adoption of a preliminary resolution, of any proposed street paving projects. The board shall report to the council the number of connections from water mains in streets to the curb lines of the proposed improvement necessary to serve private property dependent upon those particular mains for water supply, and the numbers of the lots to be served by the connections, and the names of the owners. Notice must be given to property owners, at the same time and in the same manner as the notice provided in section 384.50, to install the necessary connections within thirty days after hearing. For the purposes of the hearing, property owners who are notified to install water connections, but whose property is not within the proposed assessment district, may appear as interested parties. If the council determines to proceed with the improvement, and any property owner fails to make connections as required, the board of waterworks trustees shall cause them to be made and certify the cost to the council to be assessed against the property and collected in the same manner as provided in section 384.40 for other underground connections.

384.56 State lands.

1. Cities may assess the cost of a public improvement which extends through, abuts upon, or is adjacent to lands owned by the state, and the executive council shall pay the assessable portion of the cost of the improvement through or along the lands as provided. The executive council shall pay assessments as provided in section 307.45.
2. When a state park or institutional road abutting on or adjacent to state lands on one side of the road is improved by paving, the state shall pay one-half the total assessed cost of the portion of the improvement abutting, or adjacent to state lands, lots, or portions thereof, but for any other type of improvement so constructed and located, the state shall pay, as provided in section 307.45, the portion of the cost which would be assessable against state lands if they were privately owned.
3. When any portion of the cost of a public improvement is to be paid by the state under this section, the clerk shall, at the time of publication of the notice required by section 384.50, mail a copy of the notice to the secretary of the executive council.
4. Cities in which state buildings are located shall permit sewers for such buildings to be constructed through or under the streets of the city, and connections to be made to the sewer system of the city under the same regulations as for sewer connections to private property.
5. Subsections 1 and 3 of this section do not apply to lands under the jurisdiction and control of the department of transportation.
384.57 Monthly payments.

The city may contract to pay not to exceed ninety-five percent of the engineer's estimated value of the acceptable work completed during the month to the contractor at the end of each month. Payment may be made in warrants drawn on any funds from which payment for the work may be made. If such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted by chapter 74A, which do not constitute a violation of section 384.10, even if the collection of taxes or special assessments or income from the sale of bonds applicable to the public improvement is after the end of the fiscal year in which the warrants are issued. If the city arranges for the private sale of anticipatory warrants, they may be sold and the proceeds used to pay the contractor. Anticipatory warrants may also be used to pay other persons furnishing services constituting a part of the cost of the public improvement. The provisions of this section and section 384.58 shall not apply if the city has entered into a contract with the federal government or accepted a federal grant which is governed by federal laws or rules that are contrary to this section and section 384.58.

384.58 Inspection of work.

1. The engineer for the city shall inspect all work done under this division, and within fifteen days of final completion of the public improvement, the engineer shall file a certificate with the clerk stating:
   a. That the engineer has inspected the completed work.
   b. That the work has or has not been performed in compliance with the terms of the contract, and the particulars, if any, in which the work varies from the terms.
   c. The total cost of the completed work.

2. Within fifteen days after the filing of the engineer's certificate, the council shall by resolution accept or reject the work.

3. Upon accepting the work, or within ten days thereafter, the council shall ascertain the total cost and by resolution determine the proportion or amount of the cost to be assessed against private property within the assessment district. If the council has elected to award more than one contract for the work, the council may elect to proceed separately with the acceptance and levy of assessments for the work done under each contract.

4. Upon accepting the work, the council shall order payment of any amount due the contractor, to be made by warrants issued in the manner provided by section 384.57 or by other means. The city shall order payment of any amount due the contractor to be made in accordance with the terms of the contract. Failure to make payment within seventy days after the work under the contract has been completed and if the work has been accepted and all required materials, certifications, and other documentations required to be submitted by the contractor and specified by the contract have been furnished the awarding city by the contractor, shall cause interest to accrue on the amount unpaid to the benefit of the unpaid party. Interest shall not accrue on funds retained by a city to satisfy the provisions of section 573.14 regarding claims on file. Interest shall accrue during the period commencing the thirty-first day following the completion of work and satisfaction of the other requirements of this subsection and ending on the date of payment. The rate of interest shall be determined, by the period of time during which interest accrues, and shall be the same as the rate of interest that is in effect under section 12C.6, as of the day interest begins to accrue, for a deposit of public funds for a comparable period of time. Nothing contained in this subsection shall abridge any of the rights set forth in section 573.16.

384.59 Assessment schedule.

1. Within thirty days after the council adopts a resolution fixing the amount to be assessed against private property, the engineer shall file with the clerk an assessment schedule showing:
   a. A description and parcel number of each lot to be assessed.
   b. The valuation of each lot as fixed by the council.
   c. The amount to be assessed against each lot, which shall include the assessment for the default fund, if any, and the amount of deficiency, if any, which may be subsequently assessed against each lot under section 384.63.

2. In the case of the abatement of a nuisance by a city, the city clerk may prepare, sign, and file the assessment schedule and other related documents that would otherwise be required of the engineer.
384.60 Adoption of schedule.
1. Within ten days after filing of the assessment schedule, the council shall meet, consider, and adopt or amend and adopt, by resolution, the final assessment schedule. The resolution must:
   a. Confirm and levy assessments, including a conditional levy of the amount of deficiencies which may be subsequently assessed against each lot under section 384.63.
   b. State the number of annual installments, not exceeding fifteen, into which assessments of one hundred dollars or more are divided.
   c. Provide for interest on all unpaid installments at a rate not exceeding that permitted by chapter 74A.
   d. State the time when assessments are payable.
   e. Direct the clerk to certify the final schedule to the treasurer of the county or counties in which the assessed property is located, and to publish notice of the schedule once each week for two consecutive weeks in the manner provided in section 362.3, the first publication of which shall be not more than fifteen days from the date of filing of the final schedule.
2. On or before the second publication of the notice, the clerk shall send by mail to each property owner whose property is subject to assessment for the improvement, as shown by the records in the office of the county auditor, a copy of the notice. The notice shall also include a statement in substance that assessments may be paid in full or in part without interest within thirty days after the date of the first notice of the final assessment schedule, and thereafter all unpaid special assessments bear interest at the rate specified by the council, but not exceeding that permitted by chapter 74A, computed to the December 1 next following the due dates of the respective installations as provided in section 384.65, subsection 3, and each installment will be delinquent from October 1 following its due date. However, when the last day of September is a Saturday or Sunday, that amount shall be delinquent from the second business day of October. Delinquent installments will draw the same delinquent interest as ordinary taxes. The notice shall also state substantially that property owners may elect to pay any installment semiannually in advance. If a property is shown by the records to be in the name of more than one owner at the same mailing address, a single notice may be mailed to all owners at that address. Failure to receive a mailed notice is not a defense to the special assessment or interest due on the special assessment.
3. The county treasurer shall enter on the county system the amounts to be assessed against each lot within the assessment district, as certified.

384.61 Assessment of benefits.
The total cost of a public improvement, except for paving that portion of a street lying between railroad tracks and one foot outside of the tracks, or which is to be otherwise paid, must be assessed against all lots within the assessment district in accordance with the special benefits conferred upon the property, and not in excess of such benefits.
If an owner of property subject to special assessment divides the property into two or more lots, and if the plan of division is approved by the council, the owner may discharge the lien upon any of the lots by payment of the amount unpaid, calculated as determined by the council.

384.62 Limit.
1. A special assessment against a lot for a public improvement shall not be in excess of the amount of the assessment, including the conditional deficiency assessment, as shown in the schedule confirmed by the court, or if court confirmation is not utilized, then on the original plat and schedule adopted by the council, and an assessment shall not exceed twenty-five percent of the value of the lot as shown by the plat and schedule approved by the council or as reduced by the court.
2. Special assessments for the construction or repair of underground connections for private property for gas, water, sewers, or electricity may be assessed to each lot for the actual cost of each connection for that lot, and the twenty-five percent limitation does not apply. Such connections shall not be installed to service railway right-of-way.
way without written agreement with the railway company owning or leasing the right-of-way.

3. A special assessment for a public improvement against a tract of land assessed as agricultural property shall not become payable upon the filing of a request by the owner for deferment until that land is not assessed as agricultural property. This section shall not apply to a tract of land of less than one-quarter acre surrounding any dwelling or nonfarm structure on that tract nor shall it apply to a special assessment levied before July 3, 1978. This section shall not apply if the public improvement is a sewer, water, gas, or electrical line to which the owner of the land makes a connection.

4. Payment of installments of special assessments for a public improvement against property assessed as agricultural property shall be deferred as follows:
   a. The property owner who seeks deferment of an assessment shall file a written request for deferment with the city clerk at the time of the hearing on the resolution of necessity for the public improvement or within ten days following the date of the hearing and the request shall identify those lots subject to proposed assessments for which the property owner is seeking deferment which are assessed as agricultural property. The request may be withdrawn by the property owner at any time before or after the adoption of the resolution of necessity.
   b. The city shall indicate those lots for which a deferment has been requested on the special assessment schedule.
   c. After the assessments for the public improvement have been levied and the special assessment schedule has been filed with the county treasurer, the county treasurer shall indicate on the tax rolls those assessments subject to deferment under this section.
   d. A deferment shall continue for as long as the county assessor continues to classify the property as agricultural land on January 1 of each assessment year. A deferment shall end six months following any January 1 assessment date on which the county assessor no longer classifies the property as agricultural land and the special assessment shall become payable in the same manner as the special assessment would have become payable had it not been deferred by this subsection.

384.63 Insufficiency — certification to county treasurer — deficiency assessment.

1. If the special assessment which may be levied against a lot is insufficient to pay its proportion of the cost of the improvement, or if no special assessment may be levied against a lot, the deficiency shall be paid from the city fund or funds designated by the council.

2. The council shall, by resolution, provide that the deficiencies for the lots specially benefited by a public improvement shall be certified to the county treasurer, who shall record them in the county system as “special assessment deficiencies”, and to the appropriate city official charged with the responsibility of issuing building permits, who shall notify the council when a private improvement is subsequently constructed on any lot subject to a deficiency. Certification to the county treasurer shall include a legal description of each lot. The period of amortization for a public improvement for which there are deficiencies shall commence with the adoption of the resolution of necessity and extend for the same period for which installments of assessments for the project are made payable. Deficiencies may be assessed only during the period of amortization, which shall also be certified to the county treasurer and the city official charged with the responsibility of issuing building permits. Certification to the county treasurer shall include a legal description of each lot.

3. When a private improvement is constructed on a lot subject to a deficiency, during the period of amortization, the council shall, by resolution, assess a pro rata portion of the deficiency on that lot, in the same proportion to the total deficiency on that lot as the number of future installments of special assessments remaining to be paid is to the total number of installments of assessments for the project, subject to the twenty-five percent limitation of section 384.62. A deficiency assessment becomes a lien on the property and is payable in the same manner, and subject to the same interests as the other special assessments. The council shall direct the clerk to certify a deficiency assessment to the county treasurer, and to send a notice of the deficiency assessment by mail to each owner, as provided in section 384.60, but publication of the notice is not required.

4. An owner may appeal from the amount of the assessment within thirty days of the date notice is mailed. County officials shall collect a deficiency assessment, commencing in the year following the assessment, in the manner provided for the collection of other special assessments. Upon collection, the county treasurer shall make the appropriate credit entries in the county system, and shall credit the amounts collected as provided for other special assessments on the same public improvement, or to the city, to the extent that the deficiency has been previously paid from other city funds.
384.64 Assessment to railway company.

The right of way of a railway company is subject to special assessments for public improvements, and such assessments constitute a debt due the city which is a paramount lien upon the track of the railway company owning or leasing the right of way within the limits of the city. The property of a railway to which a lien for unpaid special assessment has attached may not be released from the lien until the whole assessment is paid.

384.65 Installments due.

1. The first installment of each assessment, or the total amount if less than one hundred dollars, is due and payable on July 1 next succeeding the date of the levy, unless the assessment is filed with the county treasurer after May 31 in any year. The first installment shall bear interest on the whole unpaid assessment from the date of acceptance of the work by the council to the first day of December following the due date.

2. The succeeding annual installments, with interest on the whole unpaid amount, to the first day of December following the due date, are respectively due on July 1 annually, and must be paid at the same time and in the same manner as the September semiannual payment of ordinary taxes.

3. All future installments of an assessment may be paid on any date by payment of the then outstanding balance, plus interest to the next December 1, or additional annual installments may be paid after the current installment has been paid before December 1 without interest. A payment must be for the full amount of the next installment. If installments remain to be paid, the next annual installment with interest added to December 1 will be due as provided in subsection 2.

4. Each installment of an assessment with interest on the unpaid balance is delinquent from October 1 after its due date and bears the same delinquent interest as ordinary taxes. However, when the last day of September is a Saturday or Sunday, the unpaid balance of the installment is delinquent from the second business day of October after its due date. When collected, the interest must be credited to the same fund as the special assessment.

To avoid interest on delinquent special assessment installments, a payment of the full installment amount must be received by the treasurer on or before the last business day of the month preceding the delinquent date, or mailed with appropriate postage and applicable fees paid, and a United States postal service postmark affixed to the payment envelope, with the postmark bearing a date preceding the delinquent date. Items returned to the sender by the United States postal service for insufficient postage or applicable fees shall be assessed interest, unless the appropriate postage and fees are paid and the items are postmarked again before the delinquent date. However, if the last calendar day of a month falls on a Saturday, Sunday, or a holiday, that amount becomes delinquent on the second business day of the following month.

To avoid interest on current or delinquent special assessment installments, for payments made through a county treasurer’s authorized website only, if the last day of the month falls on a Saturday, Sunday, or a holiday, the electronic payment must be initiated by midnight on the first business day of the next month. All other electronic payments must be initiated by midnight on the last day of the month preceding the delinquent date.

5. From the date of filing of a certified copy of the resolution of necessity, the plat, and the schedule of assessments as provided in section 384.51, all special assessments with all interest become and remain a lien on the benefited properties until paid, and have equal precedence with ordinary taxes, and are not divested by any judicial sale.

6. After December 1, if a special assessment is not delinquent, a property owner may pay one-half or all of the next annual installment of principal and interest of a special assessment prior to the delinquency date of the installment. When the next installment has been paid in full, successive principal installments may be prepaid. The county treasurer shall accept the payments of the special assessment, and shall credit the next annual installment or future installments of the special assessment to the extent of the payment or payments, and shall remit the payments to the city. If a property owner elects to pay one or more principal installments in advance, the pay schedule shall be advanced by the number of principal installments prepaid.

7. Each installment of an assessment shall be equal to the amount of the unpaid assessment as computed on the thirty-first day after the certification of the assessment divided by the number of annual installments into which the assessment may be divided as adopted by the council pursuant to section 384.60.

8. Each installment of a special assessment shall be calculated to the nearest whole dollar. Interest on unpaid installments and interest added for delinquencies shall also be calculated to the nearest whole dollar. The minimum interest amount is one dollar.
384.66 Test of regularity.
1. A person having an interest in property subject to special assessment may, within twenty days after the adoption of a resolution of necessity, test the regularity of the proceedings or legality of the assessment procedure by a petition in equity filed in the district court of the county where the property is located. A petition does not stay further proceedings on the improvement by the council, unless there is also filed a bond in an amount and with security approved by the court.

2. A person having an interest in any property specially assessed may appeal from the amount of any special assessment procedure by a petition in equity filed in the district court on the ground of fraud.

3. The proceeds of the special assessments and interest pledged thereon must be as nearly equal in amount as practicable.

384.67 Payment to county treasurer.
Assessments levied and certified under the provisions of this division, including installments and interest, are payable at the office of the county treasurer of the county where the property specially assessed may appeal from the amount of any special assessment. If interest becomes due on any of the bonds prior to maturity on any interest payment date or within forty-five days thereafter upon the terms specified therein. Such bonds must be called “improvement bonds”, must designate the general type of improvement or improvements for which issued, and may be issued in any denomination, not exceeding ten thousand dollars. Bonds issued for a public improvement authorized in section 384.38, subsection 2, must be named in a way to distinguish them from other improvement bonds of the city, and to designate the property specially assessed for the improvement. Improvement bonds issued for any one levy must bear the same date and be divided into as many series as there are years in which installments of the special assessment mature, and each series must be as nearly equal in amount as practicable.

3. The proceeds of the special assessments and interest collected thereon must be used and applied by the city to the payment of the interest on the bonds and to the retirement of the principal as rapidly as proceeds are collected. Such bonds and coupons do not make the city liable in any way, except for the proper application of special assessments. If interest becomes due on any of the bonds when there is no fund or funds from which to pay it, the council may make a temporary loan for payment of the interest, which loan must be repaid from the special assessments and interest pledged to secure the bonds, but in case of purchase by the city of the unpaid amount assessed for the default fund.
city at tax sale of the property on which a special assessment is levied, the loan must be repaid from the funds of the city from which deficiencies on the improvement were paid, or if there were no deficiencies, from the general fund.

4. Special assessment bonds must be sold at public or private sale in the manner provided by chapter 75, and may not be sold for less than par value with accrued interest from date to the time of delivery, or if no bids are received at public sale, bonds bearing the same rate of interest as the special assessment may be delivered to the contractor in payment of the cost of the public improvement. The proceeds of the sale must be applied to the payment of the cost of the public improvement.

5. Any excess of proceeds from special assessments remaining after all of the bonds for a particular improvement have been paid with interest may be credited to the fund from which deficiencies for the improvement could have been paid. However, any excess in a default fund established for a public improvement authorized in section 384.38, subsection 2, shall be held by the city in a special fund to guarantee other improvement bonds which may be issued by the city for public improvements authorized under that section.

6. Cities may issue refunding bonds to pay off and take up special assessment bonds issued in payment for public improvements, or to refund any part thereof, as follows:
   a. Refunding bonds must substantially conform to the provisions of this division, and the face value is limited to the amount of the unpaid special assessments with the interest thereon of the particular issue of bonds to be refunded.
   b. Refunding bonds or their proceeds may be used only to pay improvement bonds taken up.
   c. The expense of refunding bonds must be paid out of the funds of the city from which the cost of similar improvements might lawfully be paid.
   d. When refunding bonds are issued to pay improvement bonds, all special assessments and sinking funds applicable to the payment of the improvement bonds previously issued must be applied in the same manner and to the same extent to the payment of the refunding bonds, and all the powers and duties to levy and to carry special assessments and taxes, to create liens upon property, and to establish sinking funds in respect to the bonds previously issued continue until refunding bonds are paid.
   e. The city shall collect the special assessment out of which the refunding bonds are payable and hold the proceeds in trust for the payment of the refunding bonds, but it is not liable except for the proper application of the assessments.

7. No action shall be brought questioning the legality of the bonds authorized by this section from and after sixty days from the date the bonds are ordered issued by the city.

384.69 Property sold at tax sale. Property against which a special assessment has been levied for public improvements may be sold for any sum of principal or interest due and delinquent, at any regular or adjourned tax sale in the same manner with the same forfeitures, interest, right of redemption, certificates, and deeds, as for the nonpayment of ordinary taxes. The purchaser at a tax sale, other than the county, takes the property charged with the lien of the remaining unpaid installments and interest. When bonds have been issued in anticipation of special assessments and interest for which property is to be sold, the city may be a purchaser and is entitled to all rights of purchasers at tax sales. The proceeds subsequently realized from sales of property so purchased by the city must be credited to the funds of the city from which deficiencies on the improvement were paid, or if there were no deficiencies, to the general fund.

384.70 Redemption by bondholder. A holder of a special assessment bond payable in whole or in part out of a special assessment against any lot or parcel of ground, or a city within which the lot or parcel of ground is situated, which lot or parcel of ground has been sold for taxes, either general or special, may have an assignment of any certificate of tax sale of the property for any general taxes or special taxes thereon, upon tender to the holder or to the county treasurer of the amount to which the holder of the tax sale certificate would be entitled in case of redemption.
§384.71 Costs paid from applicable funds.
The whole or any part of the cost of construction or repair of a public improvement may be paid from the proceeds of the issuance of general obligation bonds under the provisions of section 384.25 or 384.26, as applicable, or from the fund or funds of the city authorized to be used for the particular type of improvement, and the council shall provide that the tax authorized for purposes of the fund or funds must be annually levied to the full extent necessary to reimburse the fund or funds for the amount paid for the construction or repair of the improvement.

§384.72 Reassessment and relevy.
When by reason of nonconformity to any law or resolution, or by reason of any omission, informality, or irregularity, any special tax or assessment levied is determined by the council to be invalid or is adjudged illegal, the council may correct the levy by resolution and may reassess and relevy with the same force and effect as if done at the proper time and in the manner provided by law or by the resolution.

§384.73 Void tax or assessment.
When a special tax or assessment, upon property not exempt, is adjudged void for any jurisdictional defect, or other reason, the council may as to such property, by resolution, cause to be prepared a schedule and proposed reassessment in proportion to and not in excess of benefits, cause notice to be given, hear objections, and make necessary corrections, and may reassess and relevy the tax or special assessment as corrected with the same force and effect as if jurisdiction had been acquired in the first instance and all subsequent proceedings had been regularly and legally had.

§384.74 Correction of errors.
When, in making a special assessment, any property is assessed too little or too much, the assessment may be corrected and a reassessment and relevy made in conformity with the correction, and a tax collected in excess of the proper amount must be refunded to the person paying it. Corrected assessments are a lien on the lots the same as the original assessments, must be certified by the clerk to the county treasurer in the same manner, and must so far as practicable, be collected in the same installments, draw interest at the same rate, and be enforced in the same manner as the original assessment.

However, if the city does not certify the assessments within six months of final publication as required by division IV of this chapter, all such assessments shall be null, void, and of no effect. Any bonds issued with such void assessments as security shall be paid by the city as they become due out of its debt service as provided in section 384.4.

Any provision of law, resolution, or ordinance specifying a time when or the order in which acts must be done in a proceeding which may result in a special assessment, is subject to the qualifications of sections 384.72 to 384.74.

A city may combine any one or more of the procedural acts required by this division and call for bids for construction of a public improvement and comply with legal requirements respecting public contracts so as to permit the council to receive and consider proposals at the time of hearing on the resolution of necessity.

§384.76 Application to joint undertakings.
The provisions of this division apply to any public improvement undertaken jointly by the city and another city or by the city and the state or any other political subdivision of the state, and a city may enter into an agreement for such purpose under the provisions of chapter 28E and may assess and pay its portion of the cost of a public improvement as provided in this division, but any requirement of this part in respect to approval of detailed plans and specifications, calling for construction bids, awarding construction contracts and acceptance of the completed improvement may be carried out by each city with other cities, the state or any other political subdivision of the state, as provided in an agreement entered into as permitted by chapter 28E. However, an agreement between the city and the state department of transportation is also governed by the provisions of sections 313.21 to 313.25.
384.77 Assessments along railways.
In the making of assessments for paving streets, avenues or public places along or upon which a track of a railway or street railway company is located, the engineer shall make an estimate of the cost of building the improvement, and an estimate of the cost of the improvement if tracks were not there. The railway or street railway company may be charged with the difference between the two estimates of cost, and shall make payment in the same manner as other special assessments are paid. This section applies only to track within the limits of the improvement proper and shall not be construed as exempting a railway or street railway company from a special assessment on other property, adjacent or abutting, within the assessment district and owned by the company, nor does this section relieve a company from any of its duties and liabilities set forth in any other law concerning repair or construction of the strip of paving between the rails and one foot outside.

384.78 Prior proceedings.
Projects and proceedings for the levy of special assessments and the issuance of special assessment bonds commenced before the effective date of the city code may be hereafter consummated and completed and special assessments levied and special assessment bonds issued as required or permitted by any statute or other law amended or repealed by 64GA, chapter 1088, as though such repeal or amendment had not occurred, and the rights, duties, and interests flowing from such projects and proceedings remain valid and enforceable. Without limiting the foregoing, projects commenced prior to said effective date may be financed by the issuance of special assessment bonds and other bonds under any such amended or repealed law or by the issuance of special assessment bonds, or other bonds under the city code. For the purposes of this section, commencement of a project includes but is not limited to action taken by the council or authorized officer to fix a date for a hearing in connection with any part of a public improvement, and commencement of proceedings for the levy of special assessments and the issuance of special assessment bonds includes but is not limited to action taken by the council to fix a date for a hearing in connection with any public improvement proposed to be financed in whole or in part through special assessments.

384.79 Conflicting provisions.
The enumeration in this division of special powers and functions is not a limitation of the powers of cities, but the provisions of this division and the procedures prescribed for exercising the powers and functions enumerated in this division control and govern in the event of any conflict with the provisions of any other section, division or chapter of the city code or with the provisions of any other law.

384.81 Provisions of city code exclusive—combined utility or enterprise.

1. A city which proposes to establish, own, acquire by purchase, condemnation, or otherwise, lease, sell, construct, reconstruct, extend, remodel, improve, repair, equip, maintain and operate within or without its corporate limits a city utility, combined utility system, city enterprise, or combined city enterprise must do so in accordance with the provisions of the city code.

2. If all of the utilities involved in the establishment of a combined utility system are, at the time of establishment, controlled and managed by the same utility board, such utility board shall continue as the governing body of the combined utility system; otherwise the city council is the governing body of a combined utility system, but a utility board for a combined utility system may be established as provided in chapter 388. If a combined utility system or combined city enterprise is dissolved, each city utility or city enterprise shall continue in existence as a separate city utility or city enterprise unless the voters additionally authorize the abandonment thereof. The governing body of a combined utility system which is dissolved shall continue as the governing body of each city utility which was a part of the combined utility system unless changed as provided in chapter 388. The adding of an additional city utility to an existing combined utility system is the establishment of a new combined utility system and must be approved by the voters of the city as provided in chapter 388, but the governing body of the existing combined utility system shall continue as the governing body of the new combined utility system.

3. A combined utility system or combined city enterprise may be established, but if there are obligations outstanding which by their terms are payable from the revenues of any city utility or city enterprise involved, all such outstanding obligations must be assumed by the governing body of the combined utility system or combined city enterprise subject to all terms established at the time of the original issue, or refunded through the issuance of revenue bonds of the combined utility system or combined city enterprise as a part of the procedure for the establishment of the combined utility system or combined city enterprise, or funds sufficient to pay the principal of and all interest and premium, if any, on such outstanding obligations at and prior to maturity have been properly set aside and pledged for that purpose. Any revenues earmarked for payment of the obligations must be handled by the governing body of the combined utility or combined city enterprise in the same manner as they were handled by the governing body of the city utility or city enterprise involved. A city utility or city enterprise may not be abandoned and a combined utility system or combined city enterprise may not be dissolved so long as there are obligations outstanding which by their terms are payable from the revenues of the city utility, combined utility system, city enterprise, or combined city enterprise unless funds sufficient to pay the principal of and all interest and premium, if any, on such outstanding obligations at and prior to maturity have been properly set aside and pledged for such purpose.

384.82 Authority—revenue bonds—pledge orders.

1. A city may carry out projects, borrow money, and issue revenue bonds and pledge orders to pay all or part of the cost of projects, such revenue bonds and pledge orders to be payable solely and only out of the net revenues of the city utility, combined utility system, city enterprise, or combined city enterprise involved in the project. The cost of a project includes the construction contracts, interest upon the revenue bonds and pledge orders during the period or estimated period of construction and for twelve months thereafter, or for twelve months after the acquisition date, such reserve funds as the governing body may deem advisable in connection with the project and the issuance of revenue bonds and pledge orders, and the costs of engineering, architectural, technical and legal services, preliminary reports, surveys, property valuations, estimates, plans, specifications, notices, acquisition of real and personal property, consequential damages or costs, easements, rights of way, supervision, inspection, testing, publications, printing and sale of bonds and provisions for contingencies. A city may sell revenue bonds or pledge orders at public or private sale in the manner prescribed by chapter 75 and may deliver revenue bonds and pledge orders to the con-
tractors, sellers, and other persons furnishing materials and services constituting a part of the cost of the project in payment therefor.

A city may deliver its revenue bonds to the federal government or any agency thereof which has loaned the city money for sanitary or solid waste projects, water projects or other projects for which the government has a loan program.

2. A city may issue revenue bonds or pledge orders to refund revenue bonds, pledge orders, and other obligations which are by their terms payable from the net revenues of the same city utility, combined utility system, city enterprise, or combined city enterprise, or from a city utility comprising a part of the combined utility system or a city enterprise comprising a part of the combined city enterprise, at lower, the same, or higher rates of interest. Upon a finding of necessity by the governing body, a city may issue revenue bonds or pledge orders to refund general obligation bonds to the extent the general obligation bonds were issued or the proceeds of them were expended for a city utility, city enterprise, or a portion of a combined city utility or city enterprise. These revenue bonds or pledge orders may be issued at lower, the same, or at higher rates of interest than the rates of the general obligation bonds being refunded. A city may sell refunding revenue bonds or pledge orders at public or private sale in the manner prescribed by chapter 75 and apply the proceeds to the payment of the obligations being refunded, and may exchange refunding revenue bonds or pledge orders in payment and discharge of the obligations being refunded. The principal amount of refunding revenue bonds or pledge orders may exceed the principal amount of the obligations being refunded to the extent necessary to pay a premium due on the call of the obligations being refunded, to fund interest accrued and to accrue on the obligations being refunded, to pay the costs of issuance of the refunding revenue bonds or pledge orders, and to fund such reserve funds as the governing body may deem advisable in connection with the issuance of the refunding revenue bonds or pledge orders.

384.83 Procedures for revenue bonds and pledge orders.

1. A city may issue revenue bonds pursuant to a resolution of the governing body of the city utility, combined utility system, city enterprise, or combined city enterprise, adopted at a regular or special meeting by a majority of the total number of members to which the governing body is entitled.

2. a. Before the governing body institutes proceedings for the issuance of revenue bonds, it shall fix a time and place of meeting at which it proposes to take action and give notice by publication in the manner directed in section 362.3. The notice must include a statement of the time and place of the meeting, the maximum amount of the proposed revenue bonds, the purpose or purposes for which the revenue bonds will be issued, and the city utility, combined utility system, city enterprise, or combined city enterprise whose net revenues will be used to pay the revenue bonds and interest on them. The governing body shall at the meeting receive oral or written objections from any resident or property owner of the city. After all objections have been received and considered, the governing body may, at the meeting or any adjournment of the meeting, take additional action for the issuance of the bonds or abandon the proposal to issue bonds. Any resident or property owner of the city may appeal a decision of the governing body to take additional action to the district court of the county in which any part of the city is located within fifteen days after the additional action is taken, but the additional action of the governing body is final and conclusive unless the court finds that the governing body exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal in connection with the issuance of revenue bonds are in lieu of those contained in chapter 73A or any other law.

b. Separate purposes may be incorporated in a single notice of intention to institute proceedings or separate purposes may be incorporated in separate notices and, after an opportunity for filing objections, the governing body may include in a single issue of revenue bonds any number or combination of purposes.

3. Revenue bonds may bear dates, bear interest at rates not exceeding that permitted by chapter 74A, mature in one or more installments, be in either coupon or registered form, carry registration and conversion privileges, be payable as to principal and interest at times and places, be subject to terms of redemption prior to maturity with or without premium, and be in one or more denominations, all as provided by the resolution of the governing body authorizing their issuance. The resolution may also prescribe additional provisions, terms, conditions, and covenants which the governing body deems advisable, consistent with the provisions of the city code, including provisions for creating and maintaining reserve funds, the issuance of additional revenue bonds ranking on a parity with such revenue bonds and additional revenue bonds junior and subordinate to such revenue bonds, and that such revenue bonds shall rank on a parity with or be junior and subordinate to any revenue bonds which may be then outstanding.
ing. Revenue bonds are a contract between the city and holders and the resolution is a part of the contract.

4. If the governing body is a city council, the revenue bonds must be executed by the mayor and clerk of the city. If the governing body is a utility board, the revenue bonds must be executed by the chairperson and secretary of the board. If coupons are attached to the revenue bonds, they must be executed with the original or facsimile signature of the clerk or secretary. A revenue bond is valid and binding for all purposes if it bears the signatures of the officers in office on the date of the execution of the bonds notwithstanding that any or all persons whose signatures appear thereon have ceased to be such officers prior to the delivery thereof. The issuance of revenue bonds must be recorded in the office of the city treasurer or other financial officer designated by the council, and a certificate of the recording by the treasurer or other officer must be printed on the back of each revenue bond.

5. Revenue bonds and pledge orders issued pursuant to this division are negotiable instruments.

6. A city may issue pledge orders pursuant to a resolution of the governing body of the city utility, combined utility system, city enterprise, or combined city enterprise, adopted by a majority of the total number of members to which the governing body is entitled, at a regular or special meeting, ordering their issuance and delivery in payment for all or part of the cost of a project. Pledge orders may bear interest at rates not exceeding that permitted by chapter 74A.

7. The physical properties of a city utility, combined utility system, city enterprise, or combined city enterprise may not be pledged or mortgaged to secure the payment of revenue bonds or pledge orders or the interest thereon.

384.84 Rates and charges — billing and collection — contracts.

1. The governing body of a city utility, combined utility system, city enterprise, or combined city enterprise may establish, impose, adjust, and provide for the collection of rates and charges to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the city utility, combined utility system, city enterprise, or combined city enterprise, and to leave a balance of net revenues sufficient to pay the principal of and interest on the revenue bonds and pledge orders as they become due and to maintain a reasonable reserve for the payment of principal and interest, and a sufficient portion of net revenues must be pledged for that purpose. Rates must be established by ordinance of the council or by resolution of the trustees, published in the same manner as an ordinance.

2. a. A city utility or enterprise service to a property or premises, including services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, water, solid waste disposal, or any of these services, may be discontinued if the account for the service becomes delinquent. Gas or electric service provided by a city utility or enterprise shall be discontinued only as provided by section 476.20, and discontinuance of those services are subject to rules adopted by the utilities board of the department of commerce.

b. If more than one city utility or enterprise service is billed to a property or premises as a combined service account, all of the services may be discontinued if the account becomes delinquent.

c. A city utility or enterprise service to a property or premises shall not be discontinued unless prior written notice is sent to the account holder by ordinary mail, informing the account holder of the nature of the delinquency and affording the account holder the opportunity for a hearing prior to discontinuance of service. If the account holder is a tenant, and if the owner or landlord of the property has made a written request for notice, the notice shall also be given to the owner or landlord.

d. If a delinquent amount is owed by an account holder for a utility service associated with a prior property or premises, a city utility, city enterprise, or combined city enterprise may withhold service from the same account holder at any new property or premises until such time as the account holder pays the delinquent amount owing on the account associated with the prior property or premises.

3. a. Except as provided in paragraph "d", all rates or charges for the services of sewer systems, storm water drainage systems, sewage treatment, solid waste collection, water, solid waste disposal, or any of these services, if not paid as provided by ordinance of the council or resolution of the trustees, are a lien upon the property or premises served by any of these services upon certification to the county treasurer that the rates or charges are due.

b. This lien may be imposed upon a property or premises even if a city utility or enterprise service to the property or premises has been or may be discontinued as provided in this section.

c. A lien for a city utility or enterprise service under paragraph "a" shall not be certified to the county treasurer for collection unless prior writ-
ten notice of intent to certify a lien is given to the
account holder of the delinquent account at least
thirty days prior to certification. If the account
holder is a tenant, and if the owner or landlord of
the property has made a written request for noti-
tice, the notice shall also be given to the owner or
landlord. The notice shall be sent to the appropri-
ate persons by ordinary mail not less than thirty
days prior to certification of the lien to the county
treasurer.

4. A lien shall not be imposed pursuant to this
section for a delinquent charge of less than five
dollars. The governing body of the city utility or
enterprise may charge up to five dollars, and the
county treasurer may charge up to five dollars, as
an administrative expense of certifying and filing
this lien, which amounts shall be added to the
amount of the lien to be collected at the time of
payment of the assessment from the payor. Ad-
ministrative expenses collected by the county
treasurer on behalf of the city utility or enterprise
shall be paid to the governing body of the city util-
ity or enterprise, and those collected by the county
treasurer on behalf of the county shall be credited
to the county general fund. The lien has equal
precedence with ordinary taxes, may be certified
to the county treasurer and collected in the same
manner as taxes, and is not divested by a judicial
sale.

5. A governing body may declare all or a cer-
tain portion of a city as a storm water drainage
system district for the purpose of establishing, im-
posing, adjusting, and providing for the collection
of rates as provided in this section. The ordinance
provisions for collection of rates of a storm water
drainage system may prescribe a formula for de-
termination of the rates which may include crite-
rria and standards by which benefits have been
previously determined for special assessments for
storm water public improvement projects under
this chapter.

6. a. The governing body of a city utility, com-
bined utility system, city enterprise, or combined
city enterprise may:

combined city enterprise.

(4) Contract for a period not to exceed forty
years with other governmental bodies for the use
of or the services provided by the city utility, com-
bined utility system, city enterprise, or combined

years with persons and other governmental bodies
for the purchase or sale of water, gas, or electric
power and energy on a wholesale basis.

b. Two or more city utilities, combined utility
systems, city enterprises, or combined city enter-
prises, including city utilities established pursuant
to chapter 388, may contract pursuant to chapter
28E for joint billing or collection, or both, of
combined service accounts for utility or enterprise
services, or both. The contracts may provide for
the discontinuance of one or more of the city utility
or enterprise services if a delinquency occurs in
the payment of any charges billed under a com-
bined service account.

c. One or more city utilities or combined utility
systems, including city utilities established pursu-
ant to chapter 388, may contract pursuant to chapter
28E with one or more sanitary districts es-
tablished pursuant to chapter 358 for joint billing
or collection, or both, of combined service accounts
from utility services and sanitary district services.
The contracts may provide for the discontinuance
of one or more of the city water utility services or
sanitary district services if a delinquency occurs in
the payment of any charges billed under a com-
bined service account.

7. The portion of cost attributable to the agree-
ment or arbitration awarded under section
357A.21 may be apportioned in whole or in part
among water customers within an annexed area.

a. The project cost is seven hundred fifty thousand dollars or more in a city having a population of five thousand or less.

b. The project cost is one million five hundred thousand dollars or more in a city having a population of more than five thousand but not more than seventy-five thousand.

4. If a petition is not filed, or if a petition is filed and the proposition is approved at an election, the council may issue the revenue bonds.

5. If a city is required by the federal environmental protection agency to file application for storm water sewer discharge or storm water drainage system under the federal Clean Water Act of 1987, this section does not apply to that city with respect to improvements and facilities required for compliance with EPA regulations, or any city that enters into a chapter 28E agreement to implement a joint storm water discharge or drainage system with a city that is required by the federal environmental protection agency to file application for storm water discharge or storm water drainage system.

386.2 Authorization.
A city which proposes to create a district, to provide for its existence and operation, to provide for improvements or self-liquidating improvements for the district, to authorize and issue bonds for the district, or to levy the taxes authorized by this chapter must do so in accordance with the provisions of this chapter.
[C77, 79, §386.2]

386.3 Establishment of district.
1. Districts may be created by action of the council in accordance with the provisions of this chapter. A district shall:
   a. Be comprised of contiguous property wholly within the boundaries of the city. A self-supported municipal improvement district shall be comprised only of property in districts which are zoned for commercial or industrial uses and properties within a duly designated historic district.
   b. Be given a descriptive name containing the words “self-supported municipal improvement district”.
   c. Be comprised of property related in some manner, including but not limited to present or potential use, physical location, condition, relationship to an area, or relationship to present or potential commercial or other activity in an area, so as to be benefited in any manner, including but not limited to a benefit from present or potential use or enjoyment of the property, by the condition, development or maintenance of the district or of any improvement or self-liquidating improvement of the district, or be comprised of property the owners of which have a present or potential benefit from the condition, development or maintenance of the district or of any improvement or self-liquidating improvement of the district.
   d. The council shall initiate proceedings for establishing a district upon the filing with its clerk of a petition containing:
      a. The signatures of at least twenty-five percent of all owners of property within the proposed district. These signatures must together represent ownership of property with an assessed value of twenty-five percent or more of the assessed value of all of the property in the proposed district.
      b. A description of the boundaries of the proposed district or a consolidated description of the property within the proposed district.
      c. The name of the proposed district.
      d. A statement of the maximum rate of tax that may be imposed upon property within the district. The maximum rate of tax may be stated in terms of separate maximum rates for the debt service tax, the capital improvement fund tax, and the operation tax, or in terms of a maximum combined rate for all three.
      e. The purpose of the establishment of the district, which may be stated generally, or in terms of the relationship of the property within the district or the interests of the owners of property within the district, or in terms of the improvements or self-liquidating improvements proposed to be developed for the purposes of the district, either specific improvements, self-liquidating improvements, or general categories of improvements, or any combination of the foregoing.
      f. A statement that taxes levied for the self-supported improvement district operation fund shall be used for the purpose of paying maintenance expenses of improvements or self-liquidating improvements for a specified length of time, along with any options to renew, if the taxes are to be used for this maintenance purpose.
   2. The council shall notify the city planning commission upon the receipt of a petition. It shall be the duty of the city planning commission to make recommendations to the council in regard to the proposed district. The city planning commission shall, with due diligence, prepare an evaluative report for the council on the merit and feasibility of the project. The council shall not hold its public hearings or take further action on the establishment of the district until it has received the report of the city planning commission. In addition to its report, the commission may, from time to time, recommend to the council amendments and changes relating to the project.
   If no city planning commission exists, the council shall notify the metropolitan or regional planning commission upon receipt of a petition, and such commission shall have the same duties as the city planning commission set forth in this subsection. If no planning commission exists, the council shall notify the zoning commission upon receipt of a petition, and such commission shall have the same duties as the city planning commission set forth in this subsection. If no planning or zoning commission exists, the council shall call a hearing
on the establishment of a district upon receipt of a petition.

4. Upon the receipt of the commission’s final report the council shall set a time and place for a meeting at which the council proposes to take action for the establishment of the district, and shall publish notice of the meeting as provided in section 362.3, and the clerk shall send a copy of the notice by certified mail not less than fifteen days before the meeting to each owner of property within the proposed district at the owner’s address as shown by the records of the county auditor. If a property is shown to be in the name of more than one owner at the same mailing address, a single notice may be mailed addressed to all owners at that address. Failure to receive a mailed notice is not grounds for objection to the council’s taking any action authorized in this chapter.

5. In addition to the time and place of the meeting for hearing on the petition, the notice must state:
   a. That a petition has been filed with the council asking that a district be established.
   b. The name of the district.
   c. The purpose of the district.
   d. The property proposed to be included in the district.
   e. The maximum rate of tax which may be imposed upon the property in the district.

6. At the time and place set in the notice the council shall hear all owners of property in the proposed district or residents of the city desiring to express their views. The council must wait at least thirty days after the public hearing has been held before it may adopt an ordinance establishing a district which must be comprised of all the property which the council finds has the relationship or whose owners have the interest required in subsection 1, paragraph “c”. Property included in the proposed district need not be included in the established district. However, no property may be included in the district that was not included in the proposed district until the council has held another hearing after it has published and mailed the same notice as required in subsections 4 and 5 of this section on the original petition to the owners of the additional property, or has caused a notice of the inclusion of the property to be personally served upon each owner of the additional property, or has received a written waiver of notice from each owner of the additional property.

7. Adoption of the ordinance establishing a district requires the affirmative vote of three-fourths of all of the members of the council, or in cities having but three members of the council, the affirmative vote of two members. However if a remonstrance has been filed with the clerk signed by at least twenty-five percent of all owners of property within the proposed district representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all of the property in the proposed district, the adoption of the ordinance requires a unanimous vote of the council.

8. The clerk shall cause a copy of the ordinance to be filed in the office of the county recorder of each county in which any property within the district is located.

9. At any time prior to adoption of an ordinance establishing a district, the entire matter of establishing such district shall be withdrawn from council consideration if a petition objecting to establishing such district is filed with its clerk containing the signatures of at least forty percent of all owners of property within the proposed district or signatures which together represent ownership of property with an assessed value of forty percent or more of the assessed value of all property within the proposed district.

10. The adoption of an ordinance establishing a district is a legislative determination that the property within the district has the relationship or its owners have the interest required under subsection 1, paragraph “c” and includes all of the property within the area which has that relationship or the owners of which have that interest in the district.

11. Any resident or property owner of the city may appeal the action and the decisions of the council, including the creation of the district and the levy of the proposed taxes for the district, to the district court of the county in which any part of the district is located, within thirty days after the date upon which the ordinance creating the district becomes effective, but the action and decision of the council are final and conclusive unless the court finds that the council exceeded its authority. No action may be brought questioning the regularity of the proceedings pertaining to the establishment of a district or the validity of the district, or the propriety of the inclusion or exclusion of any property within or from the district, or the ability of the city to levy taxes in accordance with the ordinance establishing the district, after thirty days from the date on which the ordinance creating the district becomes effective.

12. The procedural steps for the petitioning and creation of the district may be combined with the procedural steps for the authorization of any improvement or self-liquidating improvement, or the procedural steps for the authorization of any tax, or any combination thereof.

13. The rate of debt service tax referred to in the petition and the ordinance creating the district shall only restrict the amount of bonds which may be issued, and shall not limit the ability of the city to levy as necessary in subsequent years to pay interest and amortize the principal of that amount of bonds.

14. The ordinance creating the district may provide for the division of all of the property within the district into two or more zones based upon a reasonable difference in the relationship of the property or the interest of its owners, whether the
difference is qualitative or quantitative. The ordinance creating the district and establishing the different zones may establish a different maximum rate of tax for each zone, or may provide that the rate of tax for a zone shall be a certain set percentage of the tax levied in the zone which is subject to the highest rate of tax. [C77, 79, 81, §386.3]
85 Acts, ch 113, §1; 88 Acts, ch 1246, §7

386.4 Amendments to district.
1. The ordinance creating the district may be amended and property may be added to the district and the maximum rate of taxes referred to in the ordinance may be increased at any time in the same manner and by the same procedure as for the establishment of a district. All property added to a district shall be subject to all taxes currently and thereafter levied including debt service levies for bonds previously or thereafter issued.
2. Action by the council amending the ordinance creating the district, including adding any eligible property or deleting any property within the district or changing any maximum rate of taxes, shall be by ordinance adopted by an affirmative vote of three-fourths of all of the members of the council, or in cities having but three members of the council, the affirmative vote of two members. However, if a remonstrance has been filed with the clerk signed by at least twenty-five percent of all owners of property within the district and all property proposed to be included representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all the property in the district and all property proposed to be included, the amending ordinance must be adopted by unanimous vote of the council.
3. The clerk shall cause a copy of the amending ordinance to be filed in the office of the county recorder of each county in which any property within the district as amended is located.
4. At any time prior to council amendment of the ordinance establishing the district, the entire matter of amending such ordinance shall be withdrawn from council consideration if a petition objecting to amending such ordinance is filed with its clerk containing either the signatures of at least forty percent of all owners of property within the district and all property proposed to be included or signatures which together represent ownership of property with an assessed value of forty percent or more of the assessed value of all property within the district and all property proposed to be included.
5. Any resident or property owner of the city may appeal the action or decisions of the council amending the ordinance creating the district, to the district court of the county in which any part of the district, as amended, is located, within fifteen days after the date upon which the ordinance amending the ordinance creating the district becomes effective, but the action and decision of the council are final and conclusive unless the court finds that the council exceeded its authority. No action may be brought questioning the regularity of the proceedings pertaining to the amended ordinance or the validity of the district as amended, or the propriety of the inclusion or exclusion of any property within or from the amended district, or the ability of the city to levy taxes in accordance with the ordinance establishing the district, as amended, after thirty days from the date upon which the amending ordinance becomes effective.
6. All other provisions in section 386.3 shall apply to an amended district and to the ordinance amending the ordinance creating the district with the same effect as they apply to the original district and the ordinance creating the original district. [C77, 79, 81, §386.4]

386.5 Dissolution.
A district may be dissolved and terminated by action of the council rescinding the ordinance creating the district, and any subsequent ordinances amending the district, by an affirmative vote of three-fourths of all members of the council, or in cities having but three members of the council, the affirmative vote of two members. However, if a remonstrance has been filed with the clerk signed by at least twenty-five percent of all owners of property within the district representing ownership of property with an assessed value of twenty-five percent or more of the assessed value of all the property in the district, the rescission of the ordinance creating the district, and any subsequent ordinances amending the district, requires a unanimous vote of the council.

At any time prior to action of the council rescinding the ordinance creating the district, and any subsequent ordinances amending the district, the entire matter of dissolving a district shall be withdrawn from council consideration if a petition is filed with its clerk containing the signatures of at least forty percent of all owners of property within the district or signatures which together represent ownership of property with an assessed value of forty percent or more of the assessed value of all property within the district. [C77, 79, 81, §386.5]

386.6 Improvements.
When a city proposes to construct an improvement the cost of which is to be paid or financed under the provisions of this chapter, it must do so in accordance with the provisions of this section, as follows:
1. The council shall initiate proceedings for a proposed improvement upon receipt of a petition signed by at least twenty-five percent of all owners of property within the district representing own-
ership of property with an assessed value of twenty-five percent or more of the assessed value of all the property in the district.

2. Upon the receipt of such a petition the council shall notify the city planning commission, if one exists, the metropolitan or regional planning commission, if one exists, or the zoning commission, if one exists, in the order set forth in section 386.3, subsection 3. Upon notification by the council, the commission shall prepare an evaluative report for the council on the merit and feasibility of the improvement and carry out all other duties as set forth in section 386.3, subsection 3. If no planning or zoning commission exists, the council shall call a hearing on a proposed improvement upon receipt of a petition.

3. Upon the receipt of the commission's report the council shall set a time and place of meeting at which the council proposes to take action on the proposed improvement and shall publish and mail notice as provided in section 386.3, subsections 4 and 5.

4. The notice must include a statement that an improvement has been proposed, the nature of the improvement, the source of payment of the cost of the improvement, and the time and place of hearing.

5. At the time and place set in the notice the council shall hear all owners of property in the district or residents of the city desiring to express their views. The council must wait at least thirty days after the public hearing has been held before it may take action to order construction of the improvement. The provisions of section 386.3, subsections 7 and 9 relating to the adoption of the ordinance establishing a district, the requisite vote therefor, the remonstrance thereto and the withdrawal of the entire matter from council consideration apply to the adoption of the resolution ordering the construction of the improvement.

6. If the council orders the construction of the improvement, it shall proceed to let contracts therefor in accordance with chapter 384, division VI.*

7. The adoption of a resolution ordering the construction of an improvement is a legislative determination that the proposed improvement is in furtherance of the purposes of the district and that all property in the district will be affected by the construction of the improvement, or that all owners of property in the district have an interest in the construction of the improvement.

8. Any resident or property owner of the city may appeal the action or decisions of the council ordering the construction of the improvement to the district court of the county in which any part of the district is located within thirty days after the adoption of the resolution ordering construction of the improvement, but the action and decisions of the council are final and conclusive unless the court finds that the council exceeded its authority. No action may be brought questioning the regularity of the proceedings pertaining to the ordering of the construction of an improvement, or the right of the city to apply moneys in the capital improvement fund referred to in this chapter to the payment of the costs of the improvement, or the right of the city to issue bonds referred to in this chapter for the payment of the costs of the improvement, or the right of the city to levy taxes which with any other taxes authorized by this chapter do not exceed the maximum rate of tax that may be imposed upon property within the district for the payment of principal and interest on bonds issued to pay the costs of the improvement, after thirty days from the date of adoption of the resolution ordering construction of the improvement.

9. The procedural steps contained in this section may be combined with the procedural steps for the petitioning and creation of the district or the procedural steps for the authorization of any tax or any combination thereof.

386.7 Self-liquidating improvements.

When a city proposes to construct a self-liquidating improvement, the cost of which is to be paid or financed under the provisions of this chapter, it must do so in accordance with the provisions of this section as follows:

1. Section 386.6, subsections 1 to 5 are applicable to a self-liquidating improvement to the same extent as they are applicable to an improvement and the proceedings initiating a self-liquidating improvement shall be governed thereby.

2. Before the council may order the construction of a self-liquidating improvement, and after hearing thereon, it must find that the self-liquidating improvement and the leasing of a part or the whole of it to any person or governmental body will further the corporate purposes of the city and will:

a. Aid in the commercial development of the district.

b. Further the interests of the district; or

c. Not substantially reduce the city's property tax base.

3. If the council orders the construction of the self-liquidating improvement, contracts for it shall be let in accordance with division VI of chapter 384.*

4. The adoption of a resolution ordering the construction of a self-liquidating improvement is a legislative determination that the proposed self-liquidating improvement and the leasing of a part or the whole of it to any person or governmental body will further the corporate purposes of the city and will:

a. Aid in the commercial development of the district.

b. Further the interests of the district; or
c. Not substantially reduce the city's property tax base.
5. A city may lease any or all of a self-liquidating improvement to any person or governmental body.
6. A city may issue revenue bonds payable from the income and receipts derived from the self-liquidated improvement. Chapter 384, division V applies to revenue bonds for self-liquidating improvements and the term "city enterprise" as used in that division shall be deemed to include self-liquidating improvements authorized by this chapter.
7. Any resident or property owner of the city may appeal a decision of the council to order the construction of a self-liquidating improvement or to lease any or all of a self-liquidating improvement to the district court of the county in which any part of the district is located, within thirty days after the adoption of the resolution ordering the self-liquidating improvement, but the action of the council is final and conclusive unless the court finds that the council exceeded its authority.
8. No action may be brought questioning the regularity of the proceedings pertaining to the ordering of the construction of a self-liquidating improvement after thirty days from the date of adoption of the resolution ordering construction of the self-liquidating improvement. No action may be brought questioning the regularity of the proceedings pertaining to the leasing of any or all of a self-liquidating improvement after thirty days from the date of the adoption of a resolution approving the proposed lease. In addition to the limitation contained in section 384.92, no action may be brought which questions the legality of revenue bonds or the power of the city to issue revenue bonds or the effectiveness of any proceedings relating to the authorization and issuance of revenue bonds relating to a self-liquidating improvement after thirty days from the time the bonds are ordered issued by the city.
9. The procedural steps contained in this section may be combined with the procedural steps for the petitioning and creation of the district.

386.8 Operation tax.
A city may establish a self-supported improvement district operation fund, and may certify taxes not to exceed the rate limitation as established in the ordinance creating the district, or any amendment thereto, each year to be levied for the fund against all of the property in the district, for the purpose of paying the administrative expenses of the district, which may include but are not limited to administrative personnel salaries, a separate administrative office, planning costs including consultation fees, engineering fees, architectural fees, and legal fees and all other expenses reasonably associated with the administration of the district and the fulfilling of the purposes of the district. The taxes levied for this fund may also be used for the purpose of paying maintenance expenses of improvements or self-liquidating improvements for a specified length of time with one or more options to renew if such is clearly stated in the petition which requests the council to authorize construction of the improvement or self-liquidating improvement, whether or not such petition is combined with the petition requesting creation of a district. Parcels of property which are assessed as residential property for property tax purposes are exempt from the tax levied under this section except residential properties within a duly designated historic district. A tax levied under this section is not subject to the levy limitation in section 384.1.

386.9 Capital improvement tax.
A city may establish a capital improvement fund for a district and may certify taxes, not to exceed the rate established by the ordinance creating the district, or any subsequent amendment thereto, each year to be levied for the fund against all of the property in the district, for the purpose of accumulating moneys for the financing or payment of a part or all of the costs of any improvement or self-liquidating improvement. However, parcels of property which are assessed as residential property for property tax purposes are exempt from the tax levied under this section except residential properties within a duly designated historic district. A tax levied under this section is not subject to the levy limitations in section 384.1 or 384.7.

386.10 Debt service tax.
A city shall establish a self-supported municipal improvement district debt service fund whenever any self-supported municipal improvement district bonds are issued and outstanding, other than revenue bonds, and shall certify taxes to be levied against all of the property in the district for the debt service fund in the amount necessary to pay interest as it becomes due and the amount necessary to pay, or to create a sinking fund to pay, the principal at maturity of all self-supported municipal improvement district bonds as authorized in section 386.11, issued by the city. However, parcels of property which are assessed as residential property for property tax purposes at the time of the issuance of the bonds are exempt from the tax levied under this section until the parcels are no longer assessed as residential property or until the residential properties are designated as a part of an historic district.
386.11 Self-supported municipal improvement district bonds.

1. A city may issue and sell self-supported municipal improvement district bonds at public or private sale payable from taxes which must be levied in accordance with chapter 76. The bonds are payable from the levy of unlimited ad valorem taxes on all the taxable property within the district through the district debt service fund authorized by section 386.10. When self-supported municipal improvement district bonds are issued and taxes are levied in accordance with chapter 76, the taxes shall continue to be levied, until the bonds and interest thereon are paid in full, against all of the taxable property that was included in the district at the time of the issuance of the bonds, regardless of any subsequent removal of any property from the district or the dissolution of the district.

2. The proceeds of the sale of the bonds may be used to pay any or all of the costs of any improvement, or be used to pay any legal indebtedness incurred for the cost of any improvement including bonds or warrants previously issued to pay the costs of an improvement, or bonds may be exchanged for the evidences of such legal indebtedness.

3. Before the council may institute proceedings for the issuance of bonds, it shall proceed in the same manner as is required for the institution of proceedings for the issuance of bonds for an essential corporate purpose as provided in section 384.25, subsection 2 and all of the provisions of that subsection apply to bonds issued pursuant to this section.

4. A city may issue bonds authorized by this section pursuant to a resolution adopted at a regular or special meeting by an affirmative vote of a majority of the total members to which the council is entitled. The proceeds of a single bond issue may be used for various improvements.

5. The provisions of sections 384.29, 384.30, and 384.31 apply to bonds issued pursuant to this section, except that the bonds shall be designated “municipal improvement district bonds”.

6. No action may be brought which questions the legality of bonds issued pursuant to this section or the power of a city to issue the bonds or the effectiveness of any proceedings relating to the authorization and issuance of the bonds after thirty days from the time the bonds are ordered issued by the city.

386.12 Payment for improvements.

The costs of improvements may be paid from any of the following sources or a combination thereof:

1. The capital improvement fund referred to in section 386.9.
2. The proceeds of bonds referred to in section 386.11.
3. Any other funds of the city which are legally available to pay all or a portion of the cost of an improvement. The fact that an improvement is initiated under the provisions of this chapter, or any of the costs of an improvement or any part of an improvement are being paid under the provisions of this chapter, shall not preclude the city from paying any costs of an improvement from any fund from which it might otherwise have been able to pay such costs. In addition, and not in limitation of the foregoing, any improvement which constitutes an essential corporate purpose or a general corporate purpose as defined in section 384.24, subsections 3 and 4, may be financed in whole or in part with the proceeds of the issuance of general obligation bonds of the city pursuant to the provisions of chapter 384, division III.

4. Payment for the costs of an improvement may also be made in warrants drawn on any fund from which payment for the improvement may be made. If such funds are depleted, anticipatory warrants may be issued bearing a rate of interest not exceeding that permitted by chapter 74A, which do not constitute a violation of section 384.10, even if the collection of taxes or income from the sale of bonds applicable to the improvement is after the end of the fiscal year in which the warrants are issued. If the city arranges for the private sale of anticipatory warrants, they may be sold and the proceeds used to pay the costs of the improvement. Such warrants may be used to pay other persons furnishing services constituting a part of the cost of the improvement.

386.13 Parking fee abatements.

A city may apply moneys in the operation fund of the district to prepay parking fees at any city parking facility located in or used in conjunction with the district but only after notice and hearing as required by section 386.6. The authority to prepay such fees shall exist only for the period of time set out in the notice to owners and in the resolution of the council authorizing the application of funds for that purpose. Upon the application of sufficient amounts of prepaid fees, the city need not charge individual users of the parking facility. Before adopting a resolution authorizing the application of funds for such purpose, the council must find that the application will further the purposes of the district, including but not limited to increasing the commercial activity in the district.

386.14 Independent provisions.

The provisions of this chapter with respect to notice, hearing and appeal for the construction of
improvements and self-liquidating improvements and the issuance and sale of bonds are in lieu of the provisions contained in chapters 73A and 75, or any other law, unless specifically referred to and made applicable by this chapter.

388.4 Utility board.

The title of a utility board must be appropriate to the city utility, city utilities, or combined utility system administered by the board. A utility board may be a party to legal action. A utility board may exercise all powers of a city in relation to the city utility, city utilities, or combined utility system it administers, with the following exceptions:

1. A board may not certify taxes to be levied, pass ordinances or amendments, or issue general obligation or special assessment bonds.

2. The title to all property of a city utility or combined utility system must be held in the name of the city, but the utility board has all the powers and authorities of the city with respect to the acquisition by purchase, condemnation, or otherwise, lease, sale, or other disposition of such property, and the management, control, and operation of the same, subject to the requirements, terms, covenants, conditions, and provisions of any resolutions authorizing the issuance of revenue bonds, pledge orders, or other obligations which are payable from the revenues of the city utility or combined utility system, and which are then outstanding.

3. A board shall make to the council a detailed annual report, including a complete financial statement.

4. Immediately following a regular or special meeting of a utility board, the secretary shall prepare a condensed statement of the proceedings of the board and cause the statement to be published in a newspaper of general circulation in the city. The statement must include a list of all claims allowed, showing the name of the person or firm making the claim, the reason for the claim, and the amount of the claim. If the reason for the claims is the same, two or more claims made by the same vendor, supplier, or claimant may be consolidated if the number of claims consolidated and the total consolidated claim amount are listed in the statement. However, the utility board shall provide at its office upon request an unconsolidated list of all claims allowed. Salary claims must show the gross amount of the claim except that salaries paid to persons regularly employed by the utility, for services regularly performed by them, must be published once annually showing the gross amount of the salary. In cities having more than one hundred fifty thousand population, the utility board shall each month prepare in pamphlet form the statement herein required for the preceding month and furnish copies to the city library, the daily newspapers of the city, the city clerk, and to persons who apply at the office of the secretary, and the pamphlet shall constitute publication as required. Failure by the secretary to make publication is a simple misdemeanor.

388.5 Control of tax revenues.

A utility board shall control tax revenues allocated to the city utility, city utilities, or combined utility system it administers and all moneys derived from the operation of the city utility, city utilities, or combined utility system, the sale of utility property, interest on investments, or from any other source related to the city utility, city utilities, or combined utility system.

All city utility moneys received must be held in a separate utility fund, with a separate account or accounts for each city utility or combined utility system. If a board administers a municipal utility or combined utility system, moneys may be paid out of that utility account only at the direction of the board.

388.6 Discrimination in rates.

A city utility or a combined utility system may not provide use or service at a discriminatory rate, except to the city or its agencies, as provided in section 384.91.

388.7 Prior utility board.

A utility board functioning on the effective date of the city code shall continue to function until discontinued as provided in this chapter, and has all the powers granted in this chapter.

Nothing in the city code shall be construed to allow the abrogation of any franchise.

388.8 Easement continuance.

If a city exercised a right to an easement on property before January 1, 1950, for the establishment of water, sewer, or gas or power lines, the city has acquired the right to exercise a continuing easement on that property to the extent necessary for repair and maintenance of those lines.

388.9 Competitive information.

1. Notwithstanding section 21.5, subsection 1, the governing body of a city utility or combined utility system, or a city enterprise or combined city enterprise as defined in section 384.80, by a vote of two-thirds of the members of the body or all of the members present at the meeting, may hold a
closed session to discuss marketing and pricing strategies or proprietary information if its competitive position would be harmed by public disclosure not required of potential or actual competitors, and if no public purpose would be served by such disclosure. The minutes and a tape recording of a session closed under this subsection shall be available for public examination at that point in time when the public disclosure would no longer harm the utility’s competitive position.

2. Notwithstanding section 22.2, subsection 1, public records of a city utility or combined utility system, or a city enterprise or combined city enterprise as defined in section 384.80, which shall not be examined or copied as of right, include proprietary information, records of customer names and accounts, records associated with marketing or pricing strategies, preliminary working papers, spreadsheet scenarios, and cost data, if the competitive position of the city utility, combined utility system, city enterprise, or combined city enterprise would be harmed by public disclosure not required of a potential or actual competitor, and if no public purpose would be served by such disclosure. A public record not subject to examination or copying under this subsection shall be available for public examination and copying at that point in time when public disclosure would no longer harm the competitive position of the city utility, combined utility system, city enterprise, or combined city enterprise.

388.10 Municipal utility providing telecommunications services.
1. a. A city that owns or operates a municipal utility providing telecommunications services or such a municipal utility shall not do, directly or indirectly, any of the following:
   (1) Use general fund moneys for the ongoing support or subsidy of a telecommunications system.
   (2) Provide any city facilities, equipment, or services to provide telecommunications systems or services at a cost for such facilities, equipment, or services which is less than the reasonable cost of providing such city facilities, equipment, or services.
   (3) Provide any other city service, other than a communications service, to a telecommunications customer at a cost which is less than would be paid by the same person receiving such other city service if the person was not a telecommunications customer.
   (4) Use funds or revenue generated from electric, gas, water, sewage, or garbage services provided by the city for the ongoing support of any city telecommunications system.

b. For purposes of this section:
   (1) “Telecommunications system” means a system that provides telecommunications services.
   (2) “Telecommunications services” means the retail provision of any of the following services:
      a. Local exchange telephone services.
      b. Long distance telephone services.
      c. Internet access services.
      d. Cable television services.

2. A city that owns or operates a municipal utility providing telecommunications services or such a municipal utility shall do the following:
   a. Prepare and maintain records which record the full cost accounting of providing telecommunications services. The records shall show the amount and source of capital for initial construction or acquisition of the telecommunications system or facilities. The records shall be public records subject to the requirements of chapter 22. Information in the records that is not subject to examination or copying as provided in section 388.9, subsection 2, may be expunged from the records prior to public disclosure. This section shall not prohibit a municipal utility from using capital from any lawful source, provided that the reasonable cost of such capital is accounted for as a cost of providing the service. In accounting for the cost of use of any city employees, facilities, equipment, or services, a city or municipal utility may make a reasonable allocation of the cost of use of any city employees, facilities, equipment, or services used by the municipal utility based upon reasonable criteria for the distribution of the cost of use in any manner which is not inconsistent with generally accepted accounting principles.
   b. Adopt rates for the provision of telecommunications services that reflect the actual cost of providing the telecommunications services. However, this paragraph shall not prohibit the municipal utility from establishing market-based prices for competitive telecommunications services.
   c. Be subject to all requirements of the city which would apply to any other provider of telecommunications services in the same manner as such requirements would apply to such other provider. For purposes of cable television services, a city that is in compliance with section 364.3, subsection 7, shall be considered in compliance with this paragraph.
   d. Make an annual certification of compliance with this section. For any year in which the city or municipal utility is not audited in accordance with section 11.6, the city or municipal utility shall contract with or employ the auditor of state or a certified public accountant certified in the state of Iowa to attest to the certification. The attestation report shall be a public record for purposes of chapter 22.

3. This section shall not prohibit the marketing or bundling of other products or services, in addition to telecommunications services. However, a city shall include on a billing statement sent to a person receiving services from the city, a sepa-
rate charge for each service provided to the person. This subsection does not prohibit the city from also including on the billing statement a total amount to be paid by the person.

4. This section shall not apply to telecommunications services provided directly by a municipal airport.

If the proposal is to establish a joint water utility, the proposal shall be submitted to the voters of each city proposing to establish the joint water utility. If a majority of the electorate in each of at least two cities approves the proposal, the cities approving the proposal may establish a joint water utility.

If the proposal is to join an existing joint water utility, the proposal must first be submitted to the joint water utility board for its approval. If the proposal is approved by the board, the proposal shall be submitted to the electorate of the city wishing to join. The proposal must receive a majority affirmative vote for passage.

91 Acts, ch 168, §3

389.3 Powers and duties.
Upon adoption of a proposal to establish a joint water utility, the member cities shall establish a joint water utility board, consisting of at least five members. The mayors of the participating cities shall appoint the members, subject to the approval of the city councils, and at least one member shall be appointed from each participating city. The board shall be responsible for the planning and operation of a joint water utility, subject to the provisions of this chapter.

A joint water utility is a political subdivision and an instrumentality of municipal government. The joint water utility board shall have all powers and authority of a city with respect to property which is held by the joint water utility. A joint water utility shall have the power of eminent domain, including the powers, duties, and limitations conferred upon a city in chapters 6A and 6B, for the purposes of constructing and operating a joint water utility.

The board may also contract to sell all or part of the joint water utility’s water supply, including any surplus, to a public or private agency, or an entity created to carry out an agreement authorizing the joint exercise of any of the governmental powers enumerated in section 28F.1. The board may contract for the purchase, from any source, of all or a portion of the water supply requirements of the joint water facility. A contract may include provisions for the payment for capacity or output of a facility whether the facility is completed or operating, and for establishing the rights and obligations of the parties to the contract in the event of a default by any of the parties.
Payments made by a joint water utility pursuant to a contract shall constitute operating expenses of the joint water utility and shall be payable from the revenues derived from the operation of the joint water utility.

389.4 Financing.
A joint water utility may finance projects pursuant to chapter 28F. A city may finance its share of the cost of a project by the use of any method of financing available for city utilities, including but not limited to sections 384.23 through 384.36 and sections 384.80 through 384.94.

If a project is financed by a joint water utility, revenues derived from the project shall be deemed to be revenues of the joint water utility for all purposes including the issuance and payment of bonds secured by or payable from the revenues of the joint water utility. If a project is financed by member cities of a joint water utility, the revenues derived from the project shall be deemed to be revenues of the city or city utility for all purposes including the issuance and payment of bonds secured by or payable from the revenues of the city or city utility.

91 Acts, ch 168, §5

389.5 Construction.
This chapter being necessary for the public health, public safety, and general welfare, shall be liberally construed to effectuate its purposes. This chapter shall be construed as providing a separate and independent method for accomplishing its purposes, and shall take precedence over any contrary provision of the law.

A library board may accept and control the expenditure of all gifts, devises, and bequests to the library.

A proposal to alter the composition, manner of selection, or charge of a library board, or to replace it with an alternate form of administrative agency, is subject to the approval of the voters of the city.

The proposal may be submitted to the voters at any city election by the council on its own motion.

Upon receipt of a valid petition as defined in section 362.4, requesting that a proposal be submitted to the voters, the council shall submit the proposal at the next regular city election. A proposal submitted to the voters must describe with reasonable detail the action proposed.

392.6 Hospital or health care facility trustees.
If a hospital or health care facility is established by a city, the city shall by ordinance provide for the election, at a general, city, or special election, of three trustees, whose terms of office shall be four years. However, at the first election, three shall be elected and hold their office, one for four years and two for two years, and they shall by lot determine their respective terms. A candidate for hospital or health care facility trustee must be a resident of the hospital or health care facility service area within the boundaries of the state at the time of the election at which the person’s name appears on the ballot. A board of trustees elected pursuant to this section shall serve as the sole and only board of trustees for any and all institutions established by a city as provided for in this section.

Cities maintaining an institution as provided for in this section which have a board of trustees consisting of three or five members may by ordinance increase the number of members to five or seven. The ordinance shall provide for the immediate appointment of the additional members necessary to establish a five-member or seven-member board and shall provide that, of the additional members added to the board by appointment, one-half of the additional members added shall serve until the next succeeding general or city election, and the remaining additional members shall serve until the second succeeding general or city election. The ordinance shall also provide that the determination of which election an appointed additional member shall be required to seek election be determined by lot. Thereafter, the terms of office of such additional members shall be four years. However, if a city has adopted an ordinance which increases the number of members of the board of trustees to five or seven members and the terms of office of four of the five members or six of the seven members end in the same year, the date of expiration of the term of one of the four members or two of the six members, to be determined by lot, shall be extended by an additional two years.
Terms of office of trustees elected pursuant to general or city elections shall begin at noon on the first day in January which is not a Sunday or legal holiday. Terms of office of trustees appointed to fill a vacancy or elected pursuant to special elections shall begin at noon on the tenth day after appointment or the special election which is not a Sunday or legal holiday. The trustees shall begin their terms of office by taking the oath of office, and organize as a board by the election of one of their number as chairperson and one as secretary, but no bond shall be required of them. Terms of office of trustees shall extend to noon on the first day in January which is not a Sunday or legal holiday or until their successors are elected and qualified. Vacancies on the board of trustees may, until the next general or regular city election, be filled by appointment by the remaining members of the board of trustees, unless within fourteen days after the appointment is made, there is filed with the city clerk a petition which requests a special election to fill the vacancy. Trustees who are appointed to fill a vacancy or who are elected at special elections shall serve the unexpired terms of office or until their successors are elected and qualified.

The treasurer of the board of trustees shall receive and disburse all funds under the control of the board as ordered by it. The treasurer shall give bond in a form and amount as determined by the board in its discretion. No trustee shall receive any compensation for services performed, but a trustee may receive reimbursement for any cash expenses actually made for personal expenses incurred as trustee, but an itemized statement of all expenses and moneys paid out shall be made under oath by each of the trustees and filed with the secretary and allowed only by the affirmative vote of the full board.

The board of trustees shall be vested with authority to provide for the management, control, and government of the city hospital or health care facility established as permitted by this section, and shall provide all needed rules for the economic conduct thereof and shall annually prepare a condensed statement of the total receipts and expenditures for the hospital or health care facility and cause the same to be published in a newspaper of general circulation in the city in which the hospital or health care facility is located. In the management of the hospital or health care facility no discrimination shall be made against practitioners of any school of medicine recognized by the laws of the state.

As a part of the board's authority it may accept property by gift, devise, bequest or otherwise; and, if the board deems it advisable, may, at public sale, sell or exchange any property so accepted upon a concurring vote of a majority of all members of the board of trustees, and apply the proceeds thereof, or property received in exchange therefor, to any legitimate hospital or health care facility purpose.

The trustees may in their discretion establish a fund for depreciation as a separate fund. Said funds may be invested in United States government bonds and when so invested the accumulation of interest on the bonds so purchased shall be used for the purposes of the depreciation fund; an investment when so made shall remain in United States government bonds until such time as in the judgment of the board of trustees it is deemed advisable to use the funds for hospital or health care facility purposes.

Boards of trustees of institutions provided for in this section are granted all of the powers and duties necessary for the management, control and government of the institutions, specifically including but not limited to any applicable powers and duties granted boards of trustees under other provisions of the Code relating to hospitals, nursing homes, and custodial homes irrespective of the chapter of the Code under which such institutions are established, organized, operated or maintained.

[§392.6] CITY ADMINISTRATIVE AGENCIES

392.7 Prior agencies.

Except as otherwise provided in this chapter, an administrative agency established by a city shall continue with the same powers and duties until altered or discontinued as provided in this section. The council may by ordinance reduce or increase an administrative agency's power and duties, or may transfer powers and duties from one agency to another. The council may discontinue an administrative agency by adopting a resolution proposing the action, and publishing notice as provided in section 362.3, of the resolution and of a date, time and place of a public hearing on the proposal, and may discontinue the agency by ordinance or amendment not sooner than thirty days following the hearing.

Cities are hereby authorized to contract indebtedness and to issue general obligation bonds to provide funds to pay the cost of opening, establishing, constructing, improving, extending or remodeling of a zoo or zoological garden and to construct, reconstruct or repair any such improvement and to pay the cost of land needed for any of said purposes.

Taxes for the payment of said bonds shall be levied in accordance with chapter 76, and said bonds shall be payable through the debt service fund in not more than twenty years, and bear interest at a rate not exceeding that permitted by chapter 74A, and shall be of such form as the city council shall by resolution provide, but no city shall become indebted in excess of five percent of the actual value of the taxable property within said city, as shown by the last preceding state and county tax lists. The indebtedness incurred for the purpose provided in this section shall not be considered an indebtedness incurred for general or ordinary purposes.

This section shall be construed as granting additional power without limiting the power already existing in cities.

The provisions of this section shall be applicable to all municipal corporations regardless of form of government or manner of incorporation.

[C75, 77, 79, 81, §394.1]

394.2 Question submitted to voters.
It shall not be necessary to submit to the voters the proposition of issuing bonds for refunding purposes, but prior to the issuance of bonds for other purposes the council shall submit to the voters of the city at a general election or a regular city election the proposition of issuing the bonds. Notice of the election on the proposition of issuing bonds shall be published as required by section 49.53. The notice shall also state whether or not an admission fee is to be charged by the zoo or zoological gardens.

Bonds issued pursuant to the provisions of this chapter shall be sold by the council in the manner prescribed by chapter 75; however, refunding bonds may either be sold and the proceeds applied to the payment of the bonds to be refunded, or the refunding bonds may be issued in exchange for the bonds being refunded upon their surrender and cancellation.

The levy shall be subject to cumulative levy limitations otherwise provided by law unless said levy shall have been submitted to and approved by the voters of said city.

[C75, 77, 79, 81, §394.3]

394.4 Contracts with other cities — election.
Contracts may be made between any city establishing or having established a zoo or zoological garden and any other city or county, but a county may contract only with respect to residents outside of any city, for the use of such zoo or zoological garden or any extension service thereof by its residents, and for the levy of a tax in support thereof. Such contracts shall provide for the rate of tax to be levied during the term thereof, not exceeding twenty-seven cents per thousand dollars of assessed valuation. Said contracts may be submitted to the voters of either city and shall not be subject to termination if approved by the voters of both parties.

If not so approved, such contracts may be modified by mutual consent or may be terminated by the voters of either party thereto.

Any such tax shall be subject to cumulative levy
limitations applicable generally to the contracting parties unless the contract shall have been approved by the voters.

Any election held hereunder may be held upon notice and in any manner provided by law applicable to the contracting party with respect to elections upon special public propositions; provided that it shall not be necessary to set out the contract provisions in full as a part of the ballot.

However, when a human rights commission has been established by a city, the director of the commission shall ex officio be a member, without vote, of the civil service commission.

The board of trustees may change the medical protocols at any time the board so determines. The physical examination of an applicant for the position of police officer, police matron, or fire fighter shall be conducted after a conditional offer of employment has been made to the applicant. An applicant shall not be discriminated against on the basis of height, weight, sex, or race in determining physical or mental ability of the applicant. Reasonable rules relating to strength, agility, and general health of applicants shall be prescribed. The costs of the physical examination required under this subsection shall be paid from the trust and agency fund of the city.

2. The commission shall establish the guidelines for conducting the examinations under subsection 1 of this section. It may prepare and administer the examinations or may hire persons with expertise to do so if the commission approves the examinations. It may also hire persons with expertise to consult in the preparation of such examinations if the persons so hired are employed to aid personnel of the commission in assuring that a fair examination is conducted. A fair examination shall explore the competence of the applicant in the particular field of examination.

3. All appointments to such positions shall be conditional upon a probation period of not to exceed six months, and in the case of police dispatchers and fire fighters a probation period not to exceed twelve months. The board of trustees may change the protocols and guidelines at any time the board so determines. The protocols and guidelines shall be established by the board of trustees for the consideration of cities covered by this chapter and may be applied by a city for the purpose of determining continued wellness and fitness for members of the city's police and fire departments. However, the protocols and guidelines shall not be applied to members of a police or fire department of a city who are covered by chapter 20 except through the collective bargaining process as provided under chapter 20. 400.9 Promotional examinations and procedures.

1. The commission shall, at such times as shall be found necessary, under such rules as shall be prescribed and published in advance by the commission, and posted in the city hall, hold competitive promotional examinations for the purpose of determining the qualifications of applicants for promotion to a higher grade under civil service, which examinations shall be practical in character, and shall relate to such matters as will fairly test the ability of the applicant to discharge the duties of the position to which the applicant seeks promotion.

2. The commission shall establish guidelines for conducting the examinations under subsection 1. It may prepare and administer the examinations or may hire persons with expertise to do so if the commission approves the examinations and if the examinations apply to the position in the city for which the applicant is taking the examination. It may also hire persons with expertise to consult in the preparation of such examinations if the persons so hired are employed to aid personnel of the commission in assuring that a fair examination is conducted. A fair examination shall explore the competence of the applicant in the particular field of examination.

3. Vacancies in civil service promotional grades shall be filled by lateral transfer, voluntary demotion, or promotion of employees of the city to the extent that the city employees qualify for the positions. When laterally transferred, voluntarily demoted, or promoted, an employee shall hold full civil service rights in the position. If an employee of the city does not pass the promotional examination and otherwise qualify for a vacated position, or if an employee of the city does not apply for a vacated position, an entrance examination may be used to fill the vacancy.

4. If there is a certified list of qualified candidates for a promotional appointment, the following procedures shall be followed:
   a. A publication stating that interviews are being scheduled to make a new certified list to fill a vacancy in a civil service promotional grade classification shall be posted for at least five working days before the closing date for the interviews in the same locations where examination notices are posted.
   b. An employee who wishes to voluntarily demote or to laterally transfer into a vacancy and has previously been or is currently in the classification where the vacancy exists, shall notify the civil service commission of the employee's interest in the vacant position. The employee shall be added to the list of candidates to be interviewed and considered for the vacancy.

5. If there is no certified list of qualified candidates for a promotional appointment, the following procedures shall be followed:
   a. When an examination announcement is posted to make a certified list of qualified candidates, the announcement shall also state that an employee who has been or is currently employed in the classification where the vacancy exists, may notify the civil service commission of the employee's interest in the vacant position. Upon notification, the employee shall be added to the list of
candidates for an interview and consideration for the vacant position.

h. All civil service employees of a city who meet the minimum qualifications for a classification, shall have the right to compete in the civil service examination process to establish a certified list of qualified candidates.

400.11 Names certified — temporary appointment.
The commission, within one hundred eighty days after the beginning of each competitive examination for original appointment, shall certify to the city council a list of the names of forty persons, or a lesser number as determined by the commission, who qualify with the highest standing as a result of each examination for the position they seek to fill, or the number which have qualified if less than forty, in the order of their standing, and all newly created offices or other vacancies in positions under civil service which occur before the beginning of the next examination for the positions shall be filled from the lists, or from the preferred list existing as provided for in the case of diminution of employees, within thirty days. If a tie occurs in the examination scores which would qualify persons for the tenth position on the list, the list of names of the persons who qualify with the highest standing as a result of each examination shall include all persons who qualify for the tenth position. Preference for temporary service in civil service positions shall be given those on the lists. However, the commission may certify a list of names eligible for appointment subject to successfully completing a medical examination. The medical examination shall be provided pursuant to commission rules adopted under section 400.8.

The commission may hold in reserve, for original appointments, additional lists of forty persons, each next highest in standing, in order of their grade, or such number as may qualify if less than forty. If the list of up to forty persons provided in the first paragraph is exhausted within one year, the commission may certify such additional lists of up to forty persons each, in order of their standing, to the council as eligible for appointment to fill such vacancies as may exist.

The commission, within ninety days after the beginning of each competitive examination for promotion, shall certify to the city council a list of names of the ten persons who qualify with the highest standing as a result of each examination for the position the persons seek to fill, or the number which have qualified if less than ten, in the order of their standing and all newly created offices or other vacancies in positions under civil service which occur before the beginning of the next examination for the positions shall be filled from the lists, or from the preferred list existing as provided for in the case of diminution of employees, within thirty days. If a tie occurs in the examination scores which would qualify persons for the tenth position on the list, the list of names of the persons who qualify with the highest standing as a result of each examination shall include all persons who qualify for the tenth position.

Except where the preferred list exists, persons on the certified eligible list for promotion shall hold preference for promotion for two years following the date of certification, except for certified eligible lists of fire fighters as defined in section 411.1, subsection 9, which lists shall hold preference for three years upon approval of the commission, after which the lists shall be canceled and promotion to the grade shall not be made until a new list has been certified eligible for promotion.

When there is no such preferred list or certified eligible list, or when the eligible list shall be exhausted, the person or body having the appointing power may temporarily fill a newly created office or other vacancy only until an examination can be held and the names of qualified persons be certified by the commission, and such temporary appointments are hereby limited to ninety days for any one person in the same vacancy, but such limitation shall not apply to persons temporarily acting in positions regularly held by another. Any person temporarily filling a vacancy in a position of higher grade for twenty days or more, shall receive the salary paid in such higher grade.
400.12 Seniority.

For the purpose of determining the seniority rights of civil service employees, seniority shall be computed, beginning with the date of appointment to or employment in any positions for which they were certified or otherwise qualified and established as provided in this chapter, but shall not include any period of time exceeding sixty days in any one year during which they were absent from the service except for disability.

In the event that a civil service employee has more than one classification or grade, the length of the employee's seniority rights shall date in the respective classifications or grades from and after the time the employee was appointed to or began employment in each classification or grade. In the event that an employee has been promoted from one classification or grade to another, the employee's civil service seniority rights shall be continuous in any department grade or classification that the employee formerly held.

A list of all civil service employees shall be prepared and posted in the city hall by the civil service commission on or before July 1 of each year, indicating the civil service standing of each employee as to the employee’s seniority.

400.13 Chief of police and chief of fire department.

The chief of the fire department and the chief of the police department shall be appointed from the chiefs' civil service eligible lists. Such lists shall be determined by original examination open to all persons applying, whether or not members of the employing city. The chief of a fire department shall have had a minimum of five years' experience in a fire department, or three years experience in a fire department and two years of comparable experience or educational training. A chief of a police department or fire department shall maintain civil service rights as determined by section 400.12.

Any person who becomes chief of police or chief of the fire department shall be allowed to transfer all rights the person may have acquired under chapter 410 or 411, including employer contributions during the person’s years of service in a city, employee contributions, and interest, to the retirement system of the city that hires the person as chief. Such person shall also transfer the number of years served as seniority toward other benefits provided by the city which hires the person. If a chief of a police or fire department is relieved of that position, the person shall be entitled to remain in the department for which the person was chief at a position commensurate with the person's civil service status, even if this means that the city must create a position for the person to fill until a regular position becomes vacant.

In cities under the commission plan of government the superintendent of public safety, with the approval of the city council, shall appoint the chief of the fire department and the chief of the police department. In cities under a council-manager form of government the city manager shall make the appointments with the approval of the city council, and in all other cities the appointments shall be made as provided by city ordinance or city charter.

400.14 Civil service status of chiefs.

A police officer under civil service may be appointed chief of police and a fire fighter under civil service may be appointed chief of the fire department without losing civil service status, and shall retain, while holding the office of chief, the same civil service rights that the officer or fire fighter may have had immediately previous to appointment as chief, but nothing herein shall be deemed to extend to such individual any civil service right upon which the individual may retain the position of chief.

In cities under the commission form of government, by the superintendents of the respective departments, with the approval of the city council; in cities under the city manager plan, by the city manager; in all other cities with the approval of the city council, and in the police and fire departments by the chiefs of the respective departments. All such appointments or promotions shall promptly be reported to the clerk of the commission by the appointing officer. 400.28 Employees — number diminished.
When the public interest requires a diminution of employees in a classification or grade under civil service, the city council, acting in good faith, may either:

1. Abolish the office and remove the employee from the employee's classification or grade thereunder; or
2. Reduce the number of employees in any classification or grade by suspending the necessary number.

In case it thus becomes necessary to so remove or suspend any such employees, the persons so removed or suspended shall be those having seniority of the shortest duration in the classifications or grades affected, and such seniority shall be computed as provided in section 400.12 for all persons holding seniority in the classification or grade affected, regardless of their seniority in any other classification or grade, but any such employee so removed from any classification or grade shall revert to the employee's seniority in the next lower grade or classification; if such seniority is equal, then the one less efficient and competent as determined by the person or body having the appointing power shall be the one affected.

In case of removal or suspension, the civil service commission shall issue to each person affected one certificate showing the person's comparative seniority or length of service in each of the classifications or grades from which the person is so removed and the fact that the person has been honorably removed. The certificate shall also list each classification or grade in which the person was previously employed. The person's name shall be carried for a period of not less than three years after the suspension or removal on a preferred list and appointments or promotions made during that period to the person's former duties in the classification or grade shall be made in the order of greater seniority from the preferred lists.

400.29 Political activity limited.
1. A person holding a civil service position shall not, while performing official duties or while using city equipment at the person's disposal by reason of the position, solicit in any manner contribution for any political party or candidate or engage in any political activity during working hours that impairs the efficiency of the position or presence during the working hours. A person shall not seek or attempt to use any political endorsement in connection with any appointment to a civil service position.
2. A person holding a civil service position shall not, by the authority of the position, secure or attempt to secure in any manner for any other person an appointment or advantage in appointment to a civil service position or an increase in pay or other advantage of employment in any such position for the purpose of influencing the vote or political action of that person or for any other consideration.
3. A person who in any manner supervises a person holding a civil service position shall not directly or indirectly solicit the person supervised to contribute money, anything of value, or service to a candidate seeking election, or a political party or candidate's political committee.
4. This section shall not be construed to prohibit any employee or group of employees, individually or collectively, from expressing honest opinions and convictions, or making statements and comments concerning their wages or other conditions of their employment.

400.30 Penalty.
The provisions of this chapter shall be strictly carried out by each person or body having powers or duties thereunder, and any act or failure to act tending to avoid or defeat the purposes of such provisions is hereby prohibited and shall be a simple misdemeanor.

CHAPTER 403
URBAN RENEWAL

403.1 Title.
This chapter shall be known and may be cited as the “Urban Renewal Law.”
[CS8, 62, 66, 71, 73, 75, 77, 79, 81, §403.1]

403.2 Declaration of policy.
1. It is hereby found and declared that there exist in municipalities of the state slum and blighted areas, as herein defined, which constitute a serious and growing menace, injurious to the public health, safety, morals and welfare of the residents of the state; that the existence of such areas contributes substantially and increasingly to the spread of disease and constitutes an economic and social liability imposing onerous municipal burdens which decrease the tax base and reduce tax revenues, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, aggravates traffic problems and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of slums and blighted areas is a matter of state policy and state concern in order that the state and its municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency and consume an excessive proportion of state revenues because of the extra services required for police, fire, accident, hospitalization and other forms of public protection, services and facilities.

2. It is further found and declared that certain slum or blighted areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by conservation or rehabilitation; that other areas or portions thereof may, through the means provided in this chapter, be susceptible of conservation or rehabilitation in such a manner that the conditions and evils hereinbefore enumerated may be eliminated, remedied or prevented; and that fringe areas can be conserved and rehabilitated through appropriate public action as herein authorized, and through the co-operation and voluntary action of the owners and tenants of property in such areas.

3. It is further found and declared that there exists in this state the continuing need for programs to alleviate and prevent conditions of unemployment and a shortage of housing; and that it is accordingly necessary to assist and retain local industries and commercial enterprises to strengthen and revitalize the economy of this state and its municipalities; that accordingly it is necessary to provide means and methods for the encouragement and assistance of industrial and commercial enterprises in locating, purchasing, constructing, reconstructing, modernizing, improving, maintaining, repairing, furnishing, equipping, and expanding in this state and its municipalities, for the provision of public improvements related to housing and residential development, and for the construction of housing for low and moderate income families; that accordingly it is necessary to authorize local governing bodies to designate areas of a municipality as economic development areas for commercial and industrial enterprises, public improvements related to housing and residential development, or construction of housing for low and moderate income families;
and that it is also necessary to encourage the location and expansion of commercial enterprises to more conveniently provide needed services and facilities of the commercial enterprises to municipalities and the residents of the municipalities. Therefore, the powers granted in this chapter constitute the performance of essential public purposes for this state and its municipalities.

4. It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and for which the power of eminent domain, to the extent authorized, and police power exercised; and that the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination.

2006 amendment to subsection 4 takes effect July 14, 2006, and applies to applications for condemnation filed pursuant to §6B.3 on or after that date. 2006 Acts, 1st Ex, ch 1001, §49
Subsection 4 amended

403.3 Municipal program.
The local governing body of a municipality may formulate for the municipality a workable program for utilizing appropriate private and public resources to eliminate slums and prevent the development or spread of slums and urban blight and to encourage needed urban rehabilitation. Such workable program may include, without limitation, provisions for:

1. The prevention of the spread of blight into areas of the municipality which are free from blight, through diligent enforcement of housing, zoning and occupancy controls and standards.

2. The rehabilitation or conservation of slum or blighted areas or portions thereof by replanning, by removing congestion, by providing parks, playgrounds and other public improvements, by encouraging voluntary rehabilitation and by compelling the repair and rehabilitation of deteriorated or deteriorating structures.

3. The clearance of slum and blighted areas or portions thereof.

4. The redevelopment of slum and blighted areas by approval of urban renewal plans.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §403.3]

403.4 Resolution of necessity.
No municipality shall exercise the authority herein conferred upon municipalities by this chapter until after its local governing body shall have adopted a resolution finding that:

1. One or more slum, blighted or economic development areas exist in the municipality.

2. The rehabilitation, conservation, redevelopment, development, or a combination thereof, of the area is necessary in the interest of the public health, safety, or welfare of the residents of the municipality.

403.5 Urban renewal plan.
1. A municipality shall not approve an urban renewal project for an urban renewal area unless the governing body has, by resolution, determined the area to be a slum area, blighted area, economic development area or a combination of those areas, and designated the area as appropriate for an urban renewal project. The local governing body shall not approve an urban renewal plan until a general plan for the municipality has been prepared. For this purpose and other municipal purposes, authority is vested in every municipality to prepare, to adopt and to revise from time to time, a general plan for the physical development of the municipality as a whole, giving due regard to the environs and metropolitan surroundings. A municipality shall not acquire real property for an urban renewal project unless the local governing body has approved the urban renewal project in accordance with subsection 4.

2. The municipality may itself prepare or cause to be prepared an urban renewal plan; or any person or agency, public or private, may submit such a plan to a municipality. Prior to its approval of an urban renewal plan, the local governing body shall submit such plan to the planning commission of the municipality, if any, for review and recommendations as to its conformity with the general plan for the development of the municipality as a whole. The planning commission shall submit its written recommendations with respect to the proposed urban renewal plan to the local governing body within thirty days after receipt of the plan for review. Upon receipt of the recommendations of the planning commission or, if no recommendations are received within the thirty days, then, without such recommendations, the local governing body may proceed with the hearing on the proposed urban renewal plan prescribed by subsection 3.

Prior to its approval of an urban renewal plan which provides for a division of revenue pursuant to section 403.19, the municipality shall mail the proposed plan by regular mail to the affected taxing entities. The municipality shall include with the proposed plan notification of a consultation to be held between the municipality and affected taxing entities. The municipality shall include with the proposed plan notification of a consultation to be held between the municipality and affected taxing entities prior to the public hearing on the urban renewal plan. Each affected taxing entity may appoint a representative to attend the consultation. The consultation may include a discussion of the estimated growth in valuation of taxable property included in the proposed urban renewal area, the fiscal impact of the division of revenue on the affected taxing entities, the estimated impact on the provision of services by each of the affected taxing entities in the proposed urban renewal area, and the duration of any bond issuance included in the plan. The designated representative
of the affected taxing entity may make written recommendations for modification to the proposed division of revenue no later than seven days following the date of the consultation. The representative of the municipality shall, no later than seven days prior to the public hearing on the urban renewal plan, submit a written response to the affected taxing entity addressing the recommendations for modification to the proposed division of revenue.

3. The local government body shall hold a public hearing on an urban renewal plan after public notice thereof by publication in a newspaper having a general circulation in the area of operation of the municipality. The notice shall describe the time, place and purpose of the hearing; shall generally identify the urban renewal area covered by the plan, and shall outline the general scope of the urban renewal activities under consideration. A copy of the notice shall be sent by ordinary mail to each affected taxing entity.

4. Following such hearing, the local governing body may approve an urban renewal plan if it finds that:

a. A feasible method exists for the location of families who will be displaced from the urban renewal area into decent, safe and sanitary dwelling accommodations within their means and without undue hardship to such families.

b. The urban renewal plan conforms to the general plan of the municipality as a whole; provided, that if the urban renewal area consists of an area of open land to be acquired by the municipality, such area shall not be so acquired except:

1. If it is to be developed for residential uses, the local governing body shall determine that a shortage of housing of sound standards and design with decency, safety and sanitation exists in the municipality; that the acquisition of the area for residential uses is an integral part of and essential to the program of the municipality; and that one or more of the following conditions exist:

   a. That the need for housing accommodations has been or will be increased as a result of the clearance of slums in other areas, including other portions of the urban renewal area.

   b. That conditions of blight in the municipality and the shortage of decent, safe and sanitary housing cause or contribute to an increase in and spread of disease and crime, so as to constitute a menace to the public health, safety, morals, or welfare.

   c. That the provision of public improvements related to housing and residential development will encourage housing and residential development which is necessary to encourage the retention or relocation of industrial and commercial enterprises in this state and its municipalities.

   d. The acquisition of the area is necessary to provide for the construction of housing for low and moderate income families.

2. If it is to be developed for nonresidential uses, the local governing body shall determine that such nonresidential uses are necessary and appropriate to facilitate the proper growth and development of the community in accordance with sound planning standards and local community objectives.

The acquisition of open land authorized in subparagraphs (1) and (2) may require the exercise of governmental action, as provided in this chapter, because of defective or unusual conditions of title, diversity of ownership, tax delinquency, improper subdivisions, outmoded street patterns, deterioration of site, economic disuse, unsuitable topography or faulty lot layouts, or because of the need for the correlation of the area with other areas of a municipality by streets and modern traffic requirements, or any combination of such factors or other conditions which retard development of the area. If such governmental action involves the exercise of eminent domain authority, the municipality is subject to the limitations of this chapter and chapters 6A and 6B.

5. An urban renewal plan may be modified at any time: Provided, that if modified after the lease or sale by the municipality of real property in the urban renewal project area, such modification may be conditioned upon such approval of the owner, lessee or successor in interest as the municipality may deem advisable, and in any event such modification shall be subject to such rights at law or in equity as a lessee or purchaser, or a lessee’s or purchaser’s successor or successors in interest, may be entitled to assert. The municipality shall comply with the notification and consultation process provided in this section prior to the approval of any amendment or modification to an adopted urban renewal plan if such amendment or modification provides for refunding bonds or refinancing resulting in an increase in debt service or provides for the issuance of bonds or other indebtedness, to be funded primarily in the manner provided in section 403.19.

6. Upon the approval by a municipality of an urban renewal plan or of any modification thereof, such plan or modification shall be deemed to be in full force and effect for the respective urban renewal area, and the municipality may then cause such plan or modification to be carried out in accordance with its terms.

7. Notwithstanding any other provisions of this chapter, where the local governing body certifies that an area is in need of redevelopment or rehabilitation as a result of a flood, fire, hurricane, earthquake, storm, or other catastrophe respecting which the governor of the state has certified the need for disaster assistance under Pub. L. No. 81-875, Eighty-first Congress, 64 Stat. 1109, codified at 42 U.S.C. § 1855 – 1855g or other federal law, the local governing body may approve an urban renewal plan and an urban renewal project with respect to such area without regard to the provisions of subsection 4 and without regard to
provisions of this section requiring notification and consultation, a general plan for the municipality; and a public hearing on the urban renewal plan or project.

2006 amendments to subsection 4 take effect July 14, 2006, and apply to applications for condemnation filed pursuant to §6B.3 on or after that date; 2006 Acts, 1st Ex, ch 1001, §49

Other provisions of the Code notwithstanding, in making such payments on projects not federally funded, the municipality may pay relocation assistance benefits in the amounts authorized by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, Pub. L. No. 91-646, as amended by the Uniform Relocation Act Amendments of 1987, Title IV, Pub. L. No. 100-17.

13. To sell and convey real property in furtherance of an urban renewal project.

14. To supplement the rent required to be paid by any family residing in the municipality forced to relocate by reason of any governmental activity, provided it is necessary to do so in order to house such family in decent, safe and sanitary housing and provided further that such family does not have sufficient means, as determined by the municipality, to pay the required rent for such housing. Any such rent supplement for any such family shall not continue for more than five years.

15. To acquire by purchase, gift or condemnation real property within its area of operation for the relocation of railroad passenger and freight depots, tracks, and yard and other railroad facilities and to sell or exchange and convey such real property to railroads.

16. To acquire or dispose of by purchase, construction, or lease, or otherwise to deal in air rights, and facilities or easements for lateral or vertical support of land or structures of any kind.

17. Subject to applicable state or federal regulations in effect at the time of the municipal action, accept contributions, grants, and other financial assistance from the state or federal government to be used upon a finding of public purpose for grants, loans, loan guarantees, interest supplements, technical assistance, or other assistance as necessary or appropriate to private persons for an urban renewal project.

18. To provide in an urban renewal plan for the exclusion from taxation of value added to real estate during the process of construction for development or redevelopment. The exclusion may be limited as to the scope of exclusion, territory, or class of property affected. However, the value added during construction shall not be eligible for exclusion from taxation for more than two years and the exclusion shall not be applied to a facility which has been more than eighty percent completed as of the most recent date of assessment. This subsection permits the elimination only of those taxes which are levied against assessments made during the construction of the development or redevelopment.

19. A municipality, upon entering into a development or redevelopment agreement pursuant to section 403.8, subsection 1, or as otherwise permitted in this chapter, may enter into a written assessment agreement with the developer of taxable property in the urban renewal area which establishes a minimum actual value of the land and completed improvements to be made on the land until a specified termination date which shall not be later than the date after which the tax increment will no longer be remitted to the municipality pursuant to section 403.19, subsection 2. The assessment agreement shall be presented to the appropriate assessor. The assessor shall review the plans and specifications for the improvements to be made and if the minimum actual value contained in the assessment agreement appears to be reasonable, the assessor shall execute the following certification upon the agreement:

The undersigned assessor, being legally responsible for the assessment of the above described property upon completion of the improvements to be made on it, certifies that the actual value assigned to that land and improvements upon completion shall not be less than $ . . . . . . . . . .

This assessment agreement with the certifica-
tion of the assessor and a copy of this subsection shall be filed in the office of the county recorder of the county where the property is located. Upon completion of the improvements, the assessor shall value the property as required by law, except that the actual value shall not be less than the minimum actual value contained in the assessment agreement. This subsection does not prohibit an owner from seeking administrative or legal remedies to reduce the actual value assigned except that the actual value shall not be reduced below the minimum actual value contained in the assessment agreement. An assessor, county auditor, board of review, director of revenue, or court of this state shall not reduce or order the reduction of the actual value below the minimum actual value in the agreement during the term of the agreement regardless of the actual value which may result from the incomplete construction of improvements, destruction or diminution by any cause, insured or uninsured, except in the case of acquisition or reacquisition of the property by a public entity. Recording of an assessment agreement complying with this subsection constitutes notice of the assessment agreement to a subsequent purchaser or encumbrancer of the land or any part of it, whether voluntary or involuntary, and is binding upon a subsequent purchaser or encumbrancer.

The provisions of this chapter shall be liberally interpreted to achieve the purposes of this chapter.

403.7 Condemnation of property.

1. A municipality shall have the right to acquire by condemnation any interest in real property, including a fee simple title thereto, which it may deem necessary for or in connection with an urban renewal project under this chapter, subject to the limitations on eminent domain authority in chapter 6A. However, a municipality shall not condemn agricultural land included within an economic development area for any use unless the owner of the agricultural land consents to condemnation or unless the municipality determines that the land is necessary or useful for any of the following:
   a. The operation of a city utility as defined in section 362.2.
   b. The operation of a city franchise conferred the authority to condemn private property under section 364.2.
   c. The operation of a combined utility system as defined in section 384.80.

2. A municipality shall exercise the power of eminent domain in the manner provided in chapter 6B. Property already devoted to a public use may be acquired in like manner. However, real property belonging to the state, or any political subdivision of this state, shall not be acquired without its consent, and real property or any right or interest in the property owned by any public utility company, pipeline company, railway or transportation company vested with the right of eminent domain under the laws of this state shall not be acquired without the consent of the company, or without first securing, after due notice to the company and after hearing, a certificate authorizing condemnation of the property from the board, commission, or body having the authority to grant a certificate authorizing condemnation.

3. In a condemnation proceeding, if a municipality proposes to take a part of a lot or parcel of real property, the municipality shall also take the remaining part of the lot or parcel if requested by the owner.

Section 3 amended

403.8 Sale or lease of property.

1. A municipality may sell, lease or otherwise transfer real property or any interest in real property acquired by it, and may enter into contracts for such purposes, in an urban renewal area for residential, recreational, commercial, industrial or other uses, or for public use, subject to covenants, conditions and restrictions, including covenants running with the land, it deems to be necessary or desirable to assist in preventing the development or spread of future slums or blighted areas, or to otherwise carry out the purposes of this chapter. However, the sale, lease, other transfer, or retention, and any agreement relating to it, may be made only after the approval of the urban renewal plan by the local governing body. The purchasers or lessees and their successors and assignees shall devote the real property only to the uses specified in the urban renewal plan, and they may be obligated to comply with other requirements the municipality determines to be in the public interest, including the requirement to begin within a reasonable time any improvements on the real property required by the urban renewal plan. The real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan except as provided in subsection 3. In determining the fair value of real property for uses in accordance with the urban renewal plan, a municipality shall take into account and give consideration to the uses provided in the
plan; the restrictions upon, and the covenants, conditions and obligations assumed by the purchaser or lessee or by the municipality retaining the property; and the objectives of the plan for the prevention of the recurrence of slum or blighted areas. The municipality in an instrument of conveyance to a private purchaser or lessee may provide that the purchaser or lessee shall not sell, lease or otherwise transfer the real property, without the prior written consent of the municipality, until the purchaser or lessee has completed the construction of any or all improvements which the purchaser or lessee has become obligated to construct. Real property acquired by a municipality which, in accordance with the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible in the public interest, consistent with the carrying out of the urban renewal plan. A contract for a transfer under the urban renewal plan, or a part or parts of the contract or plan as the municipality determines, may be recorded in the land records of the county in a manner to afford actual or constructive notice of the contract or plan.

2. A municipality may dispose of real property in an urban renewal area to private persons only under reasonable competitive bidding procedures it shall prescribe, or as provided in this subsection. A municipality, by public notice by publication in a newspaper having a general circulation in the community, thirty days prior to the execution of a contract to sell, lease or otherwise transfer real property, and prior to the delivery of an instrument of conveyance with respect to the real property under this section, may invite proposals from and make available all pertinent information to any persons interested in undertaking to redevelop or rehabilitate an urban renewal area, or a part of the area. The notice shall identify the area, or portion of the area, and shall state that proposals shall be made by those interested within thirty days after the date of publication of the notice, and that further information available may be obtained at the office designated in the notice. The municipality shall consider all redevelopment or rehabilitation proposals, and the financial and legal ability of the persons making the proposals to carry them out, and the municipality may negotiate with any persons for proposals concerning the purchase, lease or other transfer of real property acquired by the municipality in the urban renewal area. The municipality may accept the proposal it deems to be in the public interest and in furtherance of the purposes of this chapter. However, a notification of intention to accept the proposal shall be filed with the governing body not less than thirty days prior to the acceptance. Thereafter, the municipality may execute a contract in accordance with subsection 1 and may deliver deeds, leases and other instruments and may take all steps necessary to effectuate the contract. However, this subsection does not apply to real property disposed of for the purpose of development or redevelopment as an industrial building or facility, facilities for use as a center for export for international trade, a home office or regional office facility for a multistate business or which meets the criteria set forth in subsection 3.

3. The requirement that real property or an interest in real property transferred or retained for the purpose of a development or redevelopment be sold, leased, otherwise transferred, or retained at not less than its fair market value does not apply if the developer enters into a written assessment agreement with the municipality pursuant to section 403.6, subsections 18 and 19 and the minimum actual value contained in the assessment agreement would indicate that there will be sufficient taxable valuations to permit the collection of incremental taxes as provided in subsection 2 of section 403.19 to cause the indebtedness and other costs incurred by the municipality with respect to the property or interest transferred or retained to be repayable as to principal within four tax years following the commencement of full operation of the development.

4. A municipality may temporarily operate and maintain real property acquired in an urban renewal area pending the disposition of the property as authorized in this chapter, without regard to the provisions of subsection 1 above, for such uses and purposes as may be deemed desirable, even though not in conformity with the urban renewal plan.

403.9 Issuance of bonds.

1. A municipality shall have power to periodically issue bonds in its discretion to pay the costs of carrying out the purposes and provisions of this chapter, including, but not limited to, the payment of principal and interest upon any advances for surveys and planning, and the payment of interest on bonds, herein authorized, not to exceed three years from the date the bonds are issued. The municipality shall have power to issue refunding bonds for the payment or retirement of such bonds previously issued by it. Said bonds shall be payable solely from the income and proceeds of the fund and portion of taxes referred to in subsection 2 of section 403.19, and revenues and other funds of the municipality derived from or held in connection with the undertaking and carrying out of urban renewal projects under this chapter. The municipality may pledge to the payment of the bonds the fund and portion of taxes referred to in subsection 2 of section 403.19, and may further secure the bonds by a pledge of any loan, grant or contribution from the federal government or other source in aid of any urban renewal projects of the municipality under this chapter, or by a mortgage of any such urban renewal projects, or any part thereof, title which is vested in the municipality.

2. Bonds issued under this section shall not
constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance or sale of bonds. Bonds issued under the provisions of this chapter are declared to be issued for an essential public and governmental purpose and, together with interest thereon and income therefrom, shall be exempted from all taxes.

3. Bonds issued under this section shall be authorized by resolution or ordinance of the local governing body and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates not exceeding that permitted by chapter 74A be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption, with or without premium, be secured in such manner, and have such other characteristics, as may be provided by such resolution or trust indenture or mortgage issued pursuant thereto.

Before the local governing body may institute proceedings for the issuance of bonds under this section, a notice of the proposed action, including a statement of the amount and purposes of the bonds and the time and place of the meeting at which the local governing body proposes to take action for the issuance of the bonds, must be published as provided in section 362.3. At the meeting, the local governing body shall receive oral or written objections from any resident or property owner of the municipality. After all objections have been received and considered, the local governing body, at that meeting or any subsequent meeting, may take additional action for the issuance of the bonds or abandon the proposal to issue the bonds. Any resident or property owner of the municipality may appeal the decision of the local governing body to take additional action to the district court of the county in which any part of the municipality is located, within fifteen days after the additional action is taken. The additional action of the local governing body is final and conclusive unless the court finds that the municipality exceeded its authority.

4. Such bonds may be sold at not less than ninety-eight percent of par at public or private sale, or may be exchanged for other bonds at not less than ninety-eight percent of par.

5. In case any of the public officials of the municipality whose signatures appear on any bonds or coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable.

6. In any suit, action or proceeding involving the validity or enforceability of any bond issued under this chapter or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with an urban renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located and carried out in accordance with the provisions of this chapter.

403.10 Bonds as legal investment.
All banks, trust companies, building and loan associations, savings and loan associations, investment companies and other persons carrying on an investment business; all insurance companies, insurance associations, and other persons carrying on an insurance business; and all executors, administrators, curators, trustees, and other fiduciaries, may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in any bonds or other obligations issued by a municipality pursuant to this chapter, or those issued by any urban renewal agency vested with urban renewal project powers under section 403.14. Such bonds and other obligations shall be authorized security for all public deposits. It is the purpose of this section to authorize any persons, political subdivisions and officers, public or private, to use any funds owned or controlled by them for the purchase of any such bonds or other obligations. Nothing contained in this section with regard to legal investments shall be construed as relieving any person of any duty of exercising reasonable care in selecting securities.

403.11 Exemptions from legal process.
1. All property of a municipality, including funds, owned or held by it for the purposes of this chapter shall be exempt from levy and sale by virtue of an execution; and no execution or other judicial process shall issue against the same; nor shall judgment against a municipality be a charge or lien upon such property: Provided, however, that the provisions of this section shall not apply to or limit the right of obligees to pursue any remedies for the enforcement of any pledge or lien given pursuant to this chapter by a municipality on its rents, fees, grants or revenues from urban renewal projects.

2. The property of a municipality, acquired or held for the purposes of this chapter, is declared to be public property used for essential public and governmental purposes, and such property shall
be exempt from all taxes of the municipality, the county, the state, or any political subdivision thereof. Provided, that such tax exemption shall terminate when the municipality sells, leases or otherwise disposes of such property in an urban renewal area to a purchaser or lessee which is not a public body entitled to tax exemption with respect to such property.

403.12 Powers of municipality.

1. For the purpose of aiding in the planning, undertaking or carrying out of an urban renewal project located within the area in which it is authorized to act, any public body may, upon such terms, with or without consideration, as it may determine:
   a. Dedicate, sell, convey or lease any of its interest in any property, or grant easements, licenses or other rights or privileges therein to a municipality;
   b. Incur the entire expense of any public improvements made by such public body in exercising the powers granted in this section;

   f. Cause public buildings and public facilities, including parks, playgrounds, and recreational, community, educational, water, sewer or drainage facilities, or any other works which it is otherwise empowered to undertake to be furnished;

   h. Plan or replan, zone or rezone any part of the public body or make exceptions from building regulations;
   i. Cause administrative and other services to be furnished to the municipality.

2. If at any time title to or possession of any urban renewal project is held by any public body or governmental agency, including any agency or instrumentality of the United States, other than the municipality, which is authorized by law to engage in the undertaking, carrying out, or administration of urban renewal projects, the provisions of the agreements referred to in this section shall be inure to the benefit of and may be enforced by such public body or governmental agency. As used in this subsection, the term "municipality" shall also include an urban renewal agency vested with all of the urban renewal project powers pursuant to the provisions of section 403.14.

3. Any sale, conveyance, lease or agreement provided for in this section may be made by a public body without appraisal, public notice, advertisement or public bidding.

4. For the purpose of aiding in the planning, undertaking or carrying out of an urban renewal project of an urban renewal agency, a municipality may, in addition to its other powers and upon such terms, with or without consideration, as it may determine, do and perform any or all of the actions or things which, by the provisions of subsection 1 of this section, a public body is authorized to do or perform, including the furnishing of financial and other assistance.

5. For the purposes of this section, or for the purpose of aiding in the planning, undertaking, or carrying out of an urban renewal project of a municipality, a municipality may, in addition to any authority to issue bonds pursuant to section 403.9, issue and sell its general obligation bonds. Any bonds issued by a municipality pursuant to this section must be issued, in the case of a city, by resolution of the council in the manner and within the limitations prescribed by chapter 384, division III, or in the case of a county, by resolution of the board of supervisors in the manner and within the limitations prescribed by chapter 331, division IV, part 3. Bonds issued pursuant to the provisions of this subsection must be sold in the manner prescribed by chapter 75. The additional power granted in this subsection for the financing of public undertakings and activities by municipalities within an urban renewal area shall not be construed as a limitation of the existing powers of municipalities.

403.14 Urban renewal agency powers.

1. A municipality may itself exercise its urban renewal project powers, as herein defined, or may, if the local governing body by resolution determines such action to be in the public interest, elect to have such powers exercised by the urban renewal agency, if one exists or is subsequently established in the community. In the event the local governing body makes such determination, the urban renewal agency shall be vested with all of the urban renewal project powers in the same manner as though all such powers were conferred on such

agency instead of the municipality. If the local governing body does not elect to make such determination, the municipality in its discretion may exercise its urban renewal project powers through a board or commissioner, or through such officers of the municipality as the local governing body may by resolution determine.

2. As used in this section, the term “urban renewal project powers” shall include the rights, powers, functions and duties of a municipality under this chapter, except the following:

4. The powers of an urban renewal agency shall be exercised by the commissioners thereof. A majority of the commissioners shall constitute a quorum for the purpose of conducting business and exercising the powers of the agency, and for all other purposes. Action may be taken by the agency upon a vote of a majority of the commissioners present, unless in any case the bylaws shall require a larger number. Any persons may be appointed as commissioners if they reside within the area of operation of the agency, which area shall be conterminous with the area of operation of the municipality, and if they are otherwise eligible for such appointments under this chapter.

5. The mayor or chairperson of the board, as applicable, shall designate a chairperson and vice chairperson from among the commissioners. An agency may employ an executive director, technical experts and such other agents and employees, permanent and temporary, as it may require, and the agency may determine their qualifications, duties and compensation. For such legal service as it may require, an agency may employ or retain its own counsel and legal staff. An agency authorized to transact business and exercise powers under this chapter shall file, with the local governing body, on or before September 30 of each year, a report of its activities for the preceding fiscal year, which report shall include a complete financial statement setting forth its assets, liabilities, income and operating expense as of the end of such fiscal year. At the time of filing the report, the agency shall publish in a newspaper of general circulation in the city or county, as applicable, a notice to the effect that such report has been filed with the municipality, and that the report is available for inspection during business hours in the office of the city clerk or county auditor, as applicable, and in the office of the agency.

6. For inefficiency, or neglect of duty, or misconduct in office, a commissioner may be removed only after a hearing, and after the commissioner shall have been given a copy of the charges at least ten days prior to such hearing, and after the commissioner shall have had an opportunity to be heard in person or by counsel.

§403.15 Agency created.

1. There is hereby created in each municipality a public body corporate and politic to be known as the “urban renewal agency” of the municipality: Provided, that such agency shall not transact any business or exercise its powers hereunder until or unless the local governing body has made the finding prescribed in section 403.4, and has elected to have the urban renewal project powers exercised by an urban renewal agency as provided in section 403.14.

2. If the urban renewal agency is authorized to transact business and exercise powers pursuant to this chapter, the mayor or chairperson of the board, as applicable, by and with the advice and consent of the local governing body, shall appoint a board of commissioners of the urban renewal agency, which board shall consist of five commissioners. In cities having a population of more than one hundred thousand, the city council may establish, by ordinance, the number of commissioners at not less than five. The term of office of each such commissioner shall be one year.

3. A commissioner shall receive no compensation for services, but shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of the commissioner’s duties. Each commissioner shall hold office until a successor has been appointed and has qualified. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk of the municipality, and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner.

4. The powers of an urban renewal agency shall be exercised by the commissioners thereof. A majority of the commissioners shall constitute a quorum for the purpose of conducting business and exercising the powers of the agency, and for all other purposes. Action may be taken by the agency upon a vote of a majority of the commissioners present, unless in any case the bylaws shall require a larger number. Any persons may be appointed as commissioners if they reside within the area of operation of the agency, which area shall be conterminous with the area of operation of the municipality, and if they are otherwise eligible for such appointments under this chapter.

5. The mayor or chairperson of the board, as applicable, shall designate a chairperson and vice chairperson from among the commissioners. An agency may employ an executive director, technical experts and such other agents and employees, permanent and temporary, as it may require, and the agency may determine their qualifications, duties and compensation. For such legal service as it may require, an agency may employ or retain its own counsel and legal staff. An agency authorized to transact business and exercise powers under this chapter shall file, with the local governing body, on or before September 30 of each year, a report of its activities for the preceding fiscal year, which report shall include a complete financial statement setting forth its assets, liabilities, income and operating expense as of the end of such fiscal year. At the time of filing the report, the agency shall publish in a newspaper of general circulation in the city or county, as applicable, a notice to the effect that such report has been filed with the municipality, and that the report is available for inspection during business hours in the office of the city clerk or county auditor, as applicable, and in the office of the agency.

6. For inefficiency, or neglect of duty, or misconduct in office, a commissioner may be removed only after a hearing, and after the commissioner shall have been given a copy of the charges at least ten days prior to such hearing, and after the commissioner shall have had an opportunity to be heard in person or by counsel.

§403.16 Personal interest prohibited.

No public official or employee of a municipality, or board or commission thereof, and no commissioner or employee of an urban renewal agency, which has been vested by a municipality with urban renewal project powers under section 403.14, shall voluntarily acquire any personal interest, as hereinafter defined, whether direct or indirect, in any urban renewal project, or in any property included or planned to be included in any urban re-
nwal project of such municipality, or in any contract or proposed contract in connection with such urban renewal project. Where such acquisition is not voluntary, the interest acquired shall be immediately disclosed in writing to the local governing body, and such disclosure shall be entered upon the minutes of the governing body. If any such official, commissioner or employee presently owns or controls, or has owned or controlled within the preceding two years, any interest, as hereinafter defined, whether direct or indirect, in any property which the official, commissioner or employee knows is included or planned to be included in an urban renewal project, the official, commissioner or employee shall immediately disclose this fact in writing to the local governing body, and such disclosure shall be entered upon the minutes of the governing body; and any such official, commissioner or employee shall not participate in any action by the municipality, or board or commission thereof, or urban renewal agency affecting such property, as the terms of such proscription are hereinafter defined. For the purposes of this section the following definitions and standards of construction shall apply:

1. "Action affecting such property" shall include only that action directly and specifically affecting such property as a separate property but shall not include any action, any benefits of which accrue to the public generally, or which affects all or a substantial portion of the properties included or planned to be included in such a project.

2. Employment by a public body, its agencies, or institutions or by any other person having such an interest shall not be deemed an interest by such employee or of any ownership or control by such employee of interests of the employee's employer. Such an employee may participate in an urban renewal project so long as any benefits of such participation accrue to the public generally, such participation affects all or a substantial portion of the properties included or planned to be included in such a project, or such participation promotes the public purposes of such project, and shall limit only that participation by an employee which directly or specifically affects property in which such official, commissioner, or employee has an interest in which an employer of such official, commissioner, or employee has an interest. Any disclosure required to be made by this section to the local governing body shall concurrently be made to an urban renewal agency which has been vested with urban renewal project powers by the municipality pursuant to the provisions of section 403.14. No commissioner or other officer of any urban renewal agency, board or commission exercising powers pursuant to this chapter shall hold any other public office under the municipality, other than the commission exercising powers pursuant to such urban renewal agency, board or commission. Any violation of the provisions of this section shall constitute misconduct in office, but no ordinance or resolution of a municipality or agency shall be invalid by reason of a vote or votes cast in violation of the standards of this section unless such vote or votes were decisive in the passage of such ordinance or resolution.

6. The word "action" shall not be deemed to include resolutions advisory to the local governing body or agency by any citizens group, board, body, or commission designated to serve a purely advisory approving or recommending function under this chapter.

7. The limitations of this section shall be construed to permit action by a public official, commissioner, or employee where any benefits of such action accrue to the public generally, such action affects all or a substantial portion of the properties included or planned to be included in such a project, or such action promotes the public purposes of such project, and shall be construed to limit only that action by a public official, commissioner, or employee which directly or specifically affects property in which such official, commissioner, or employee has an interest in which an employer of such official, commissioner, or employee has an interest. Any disclosure required to be made by this section to the local governing body shall concurrently be made to an urban renewal agency which has been vested with urban renewal project powers by the municipality pursuant to the provisions of section 403.14. Unless otherwise provided in this section, that portion of the taxes which would be produced by the rate at which the tax is levied each year by or for each of the taxing districts upon the total sum of the assessed value of the taxable property in the urban renewal area, as shown on the assessment roll of January 1 of the calendar year preceding the filing of the agreement and such change in value is due to new construction, additions or improvements to existing structures, or remodeling of existing structures for which a building permit was required, the assessor shall promptly determine the value of the property as of the inspection in the

   e. For the purpose of dividing taxes under section 260E.4, the applicable assessment roll for purposes of paragraph "a" shall be the assessment roll as of January 1 of the calendar year preceding the first written agreement providing that all or a portion of program costs are to be paid for by increment property taxes. The community college shall file a copy of the agreement with the appropriate assessor. The assessor may, within fourteen days of such filing, physically inspect the applicable taxable business property. If upon such inspection the assessor determines that there has been a change in the value of the property from the value as shown on the assessment roll as of January 1 of the calendar year preceding the filing of the agreement and such change in value is due to new construction, additions or improvements to existing structures, or remodeling of existing structures for which a building permit was required, the assessor shall promptly determine the value of the property as of the inspection in the
manner provided in chapter 441 and that value shall be included for purposes of the jobs training project in the assessed value of the employer’s taxable business property as shown on the assessment roll as of January 1 of the calendar year preceding the filing of the agreement. The assessor, within thirty days of such filing, shall notify the community college and the employer or business of that valuation which shall be included in the assessed valuation for purposes of this subsection and section 260E.4. The value determined by the assessor shall reflect the change in value due solely to new construction, additions or improvements to existing structures, or remodeling of existing structures for which a building permit was required.

2. That portion of the taxes each year in excess of such amount shall be allocated to and when collected be paid into a special fund of the municipality to pay the principal of and interest on loans, moneys advanced to, or indebtedness, whether funded, refunded, assumed, or otherwise, including bonds issued under the authority of section 403.9, subsection 1, incurred by the municipality to finance or refinance, in whole or in part, an urban renewal project within the area, and to provide assistance for low and moderate income family housing as provided in section 403.22, except that taxes for the regular and voter-approved physical plant and equipment levy of a school district imposed pursuant to section 298.2 and taxes for the payment of bonds and interest of each taxing district must be collected against all taxable property within the taxing district without limitation by the provisions of this subsection. However, all or a portion of the taxes for the physical plant and equipment levy shall be paid by the school district to the municipality if the auditor certifies to the school district by July 1 the amount of such levy that is necessary to pay the principal and interest on bonds issued by the municipality to finance an urban renewal project, which bonds were issued before July 1, 2001. Indebtedness incurred to refund bonds issued prior to July 1, 2001, shall not be included in the certification. Such school district shall pay over the amount certified by November 1 and May 1 of the fiscal year following certification to the school district. Unless and until the total assessed valuation of the taxable property in an urban renewal area exceeds the total assessed value of the taxable property in such area as shown by the last equalized assessment roll referred to in subsection 1, all of the taxes levied and collected upon the taxable property in the urban renewal area shall be paid into the funds for the respective taxing districts as taxes by or for the taxing districts in the same manner as all other property taxes. When such loans, advances, indebtedness, and bonds, if any, and interest thereon, have been paid, all moneys thereafter received from taxes upon the taxable property in such urban renewal area shall be paid into the funds for the respective taxing districts in the same manner as taxes on all other property. In those instances where a school district has entered into an agreement pursuant to section 279.64 for sharing of school district taxes levied and collected from valuation described in this subsection and released to the school district, the school district shall transfer the taxes as provided in the agreement.

3. The portion of taxes mentioned in subsection 2 and the special fund into which they shall be paid, may be irrevocably pledged by a municipality for the payment of the principal and interest on loans, advances, bonds issued under the authority of section 403.9, subsection 1, or indebtedness incurred by a municipality to finance or refinance, in whole or in part, the urban renewal project within the area.

4. As used in this section the word “taxes” includes, but is not limited to, all levies on an ad valorem basis upon land or real property.

5. a. A municipality shall certify to the county auditor on or before December 1 the amount of loans, advances, indebtedness, or bonds which qualify for payment from the special fund referred to in subsection 2, for each urban renewal area in the municipality, and the filing of the certificate shall make it a duty of the auditor to provide for the division of taxes in each subsequent year without further certification, except as provided in paragraphs “b” and “c”, until the amount of the loans, advances, indebtedness, or bonds is paid to the special fund. If any loans, advances, indebtedness, or bonds are issued which qualify for payment from the special fund and which are in addition to amounts already certified, the municipality shall certify the amount of the additional obligations on or before December 1 of the year such obligations were issued, and the filing of the certificate shall make it a duty of the auditor to provide for the division of taxes in each subsequent year without further certification, except as provided in paragraphs “b” and “c”, until the amount of the loans, advances, indebtedness, or bonds is paid to the special fund. Any subsequent certifications under this subsection shall not include amounts previously certified.

A certification made under this paragraph “a” shall include the date that the individual loans, advances, indebtedness, or bonds were initially approved by the governing body of the municipality.

b. If the amount certified in paragraph “a” is reduced by payment from sources other than the division of taxes, by a refunding or refinancing of the obligation which results in lowered principal and interest on the amount of the obligation, or for any other reason, the municipality on or before December 1 of the year the action was taken which resulted in the reduction shall certify the amount of the reduction to the county auditor.

c. In any year, the county auditor shall, upon receipt of a certified request from a municipality
§403.19A, URBAN RENEWAL

filed on or before December 1, increase the amount to be allocated under subsection 1 in order to reduce the amount to be allocated in the following fiscal year to the special fund, to the extent that the municipality does not request allocation to the special fund of the full portion of taxes which could be collected. Upon receipt of a certificate from a municipality, the auditor shall mail a copy of the certificate to each affected taxing district.

6. Tax collections within each taxing district may be allocated to the entire taxing district including the taxes on the valuations determined under subsection 1 and to the special fund created under subsection 2 in the proportion of their taxable valuations determined as provided in this section.

7. For any fiscal year, a municipality may certify to the county auditor for physical plant and equipment revenue necessary for payment of principal and interest on bonds issued prior to July 1, 2001, only if the municipality certified for such revenue for the fiscal year beginning July 1, 2000. A municipality shall not certify to the county auditor for a school district more than the amount the municipality certified for the fiscal year beginning July 1, 2000. If for any fiscal year a municipality fails to certify to the county auditor for a school district by July 1 the amount of physical plant and equipment revenue necessary for payment of principal and interest on such bonds, as provided in subsection 2, the school district is not required to pay over the revenue to the municipality. If a school district and a municipality are unable to agree on the amount of physical plant and equipment revenue certified by the municipality for the fiscal year beginning July 1, 2001, either party may request that the state appeal board review and finally pass upon the amount that may be certified. Such appeals must be presented in writing to the state appeal board no later than July 31 following certification. The burden shall be on the municipality to prove that the physical plant and equipment levy revenue is necessary to pay principal and interest on bonds issued prior to July 1, 2001. A final decision must be issued by the state appeal board no later than the following October 1.

The employer shall remit the amount of the credit quarterly, in the same manner as withholding payments are reported to the department of revenue, to the pilot project city to be allocated and when collected paid into a designated account in the special fund for the urban renewal area in which the targeted jobs are located. All amounts so deposited shall be used or pledged by the pilot project city for an urban renewal project related to the employer pursuant to the withholding agreement.

c. (1) The pilot project city shall enter into a withholding agreement with each employer concerning the targeted jobs withholding credit. Notice of any withholding agreement shall be provided promptly to the department of revenue following its execution by the pilot project city and the employer.

(2) Following termination of the withholding agreement, the employer credits shall cease and any money received by the pilot project city after termination shall be remitted to the treasurer of the state to be deposited into the general fund of the state. Notice shall be provided promptly to the department of revenue following termination.

f. If the employer ceases to meet the requirements of the withholding agreement, the agreement shall be terminated and any withholding tax credits for the benefit of the employer shall cease. However, in regard to the number of new jobs that are to be created, if the employer has met the number of new jobs to be created pursuant to the withholding agreement and subsequently the number of new jobs falls below the required level, the employer shall not be considered as not meeting the new job requirement until eighteen months after the date of the decrease in the number of new jobs employed.

g. A pilot project city shall certify to the department of revenue the amount of the targeted jobs withholding credit an employer has remitted to the city and shall provide other information the department may require.

The local match may come from the pilot project city, a private donor, or the business, or a combination of all three. The local match may be in cash or in kind to be used for the business project.

k. At the time of submitting its budget to the department of management, the pilot project city
shall submit to the department of management and the department of economic development a description of the activities involving the use of withholding agreements. The description shall include, but is not limited to, the following:

1. With respect to any urban renewal area established upon the determination that the area is an economic development area, a division of revenue as provided in section 403.19 shall not be allowed for the purpose of providing or aiding in the provision of public improvements related to housing and residential development, unless the municipality assures that the project will include assistance for low and moderate income family housing. For a municipality with a population over fifteen thousand, the amount to be provided for low and moderate income family housing for such projects shall be either equal to or greater than the percentage of the original project cost that is equal to the percentage of low and moderate income residents for the county in which the urban renewal area is located as determined by the United States Department of Housing and Urban Development using section 8 guidelines or by providing such other amount as set out in a plan adopted by the municipality and approved by the Iowa Department of Economic Development.

2. The assistance to low and moderate income housing may be in, but is not limited to, any of the following forms:
   a. Lots for low and moderate income housing within or outside the urban renewal area.
   b. Construction of low and moderate income housing within or outside the urban renewal area.
   c. Grants, credit or other direct assistance to low and moderate income families living within or outside the urban renewal area, but within the area of operation of the municipality.

   c. Lump sum or periodic direct payments from developers or other private parties under an agreement for development or redevelopment between the municipality and a developer.
   d. Any other sources which are legally available for this purpose.

4. The assistance to low and moderate income family housing may be expended outside the boundaries of the urban renewal area.

5. Except for a municipality with a population under fifteen thousand, the division of the revenue under section 403.19 for each project under this section shall be limited to tax collections for ten fiscal years beginning with the second fiscal year after the year in which the municipality first certifies to the county auditor the amount of any loans, advances, indebtedness, or bonds which qualify for payment from the division of the revenue in connection with the project. A municipality with a population under fifteen thousand may, with the approval of the governing bodies of all other affected taxing districts, extend the division of revenue under section 403.19 for up to five years if necessary to adequately fund the project. The portion of the urban renewal area which is involved in a project under this section shall not be subject to any subsequent division of revenue under section 403.19.

6. A municipality shall not prohibit or restrict the construction of manufactured homes in any project for which public improvements were finalized under this section. As used in this subsection, "manufactured home" means the same as under section 435.2, subsection 1.

1. On or before December 1 of each odd-numbered year, each municipality that has established an urban renewal area shall report to the department of management and to the appropriate county auditor the total amount of loans, advances, indebtedness, or bonds outstanding at the close of the most recently ended fiscal year, which qualify for payment from the special fund created in section 403.19, including interest negotiated on such loans, advances, indebtedness, or bonds. For purposes of this subsection, "indebtedness" includes written agreements whereby the municipality agrees to suspend, abate, exempt, rebate, refund, or reimburse property taxes, or provide a grant for property taxes paid, with moneys in the special fund. The amount of loans, advances, indebtedness, or bonds shall be listed in the aggregate for each municipality reporting.

2. At the request of the legislative services agency, the department of management shall provide the reports and additional information to the legislative services agency. The department of management, in consultation with the legislative services agency, shall determine reporting criteria and shall prepare a form for reports filed with the department pursuant to this section. The department shall make the form available by electronic means.

3. If a municipality does not file the report with the department of management and the county auditor by December 1 of each odd-numbered year, the county treasurer shall withhold disbursement of incremental taxes to the municipality until the report is filed beginning immediately with the next following disbursement of taxes. The county auditor shall notify the county treasurer if taxes are to be withheld.

In addition to the powers conferred upon a municipality by other provisions of this chapter, a municipality is empowered to borrow money or accept contributions, grants or other financial assistance from the federal government for or in aid of any housing project within its area of operation, to take over, lease or manage any project or undertaking constructed or owned by the federal government, and to these ends, to comply with such conditions and enter into such contracts, covenants, mortgages, trust indentures, leases or agreements as may be necessary, convenient or desirable. It is the purpose and intent of this chapter to authorize every municipality to do any and all things necessary or desirable to secure the financial aid or co-operation of the federal government in the undertaking, construction, maintenance or operation of any housing project by such municipality. To accomplish this purpose a municipality, notwithstanding the provisions of any other law, may include in any contract for financial assistance with the federal government any provisions, which the federal government may require as conditions to its financial aid of a housing project, not inconsistent with the purposes of this chapter.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.4]

403A.5 Exercise of municipal housing powers — municipal housing agency.

Any municipality may create, in such municipality, a public body corporate and politic to be known as the “Municipal Housing Agency” of such municipality except that such agency shall not transact any business or exercise its powers hereunder until or unless the local governing body has elected to exercise its municipal housing powers through such an agency as prescribed in this section.

If the municipal housing agency is authorized to transact business and exercise powers hereunder, the mayor, by and with the advice and consent of the local governing body, shall appoint a board of commissioners of the municipal housing agency which board shall consist of five commissioners. The term of office for three of the commissioners originally appointed shall be two years and the term of office for two of the commissioners originally appointed shall be one year. Thereafter the term of office for each commissioner shall be two years. In cities having a population of more than one hundred thousand, the city council may establish, by ordinance, the number of commissioners at not less than five.

A commissioner shall receive no compensation for services, but shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of a duty. Each commissioner shall hold office until a successor has been appointed and has qualified. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk of the municipality, and the certificate shall be conclusive evidence of the due and proper appointment of the commissioner.

The powers of a municipal housing agency shall be exercised by the commissioners. A majority of the commissioners shall constitute a quorum for the purpose of conducting business and exercising the powers of the agency, and for all other purposes. Action may be taken by the agency upon a vote of a majority of the commissioners present, unless in any case the bylaws shall require a larger number. Any persons may be appointed as commissioners if they reside within the area of operation of the agency, which area shall be conterminous with the area of operation of the municipality, and if they are otherwise eligible for appointments under this chapter.

The mayor shall designate a chairperson and vice chairperson from among the commissioners. An agency may employ an executive director, technical experts and such other agents and employees, permanent and temporary, as it may require, and the agency may determine their qualifications, duties and compensation. For such legal service as it may require, an agency may employ or retain its own counsel and legal staff. An agency authorized to transact business and exercise powers under this chapter shall file, with the local governing body, on or before September 30 of each year, a report of its activities for the preceding fiscal year, which report shall include a complete financial statement setting forth its assets, liabilities, income and operating expense as of the end of such fiscal year. At the time of filing the report, the agency shall publish in a newspaper of general circulation in the community a notice to the effect...
that such report has been filed with the municipality, and that the report is available for inspection during business hours in the office of the city clerk and in the office of the agency.

For inefficiency, or neglect of duty, or misconduct in office, a commissioner may be removed by a majority vote of the governing body of the municipality only after a hearing before the body, and after the commissioner shall have been given a copy of the charges at least ten days prior to such hearing, and after the commissioner shall have had an opportunity to be heard in person or by counsel.

A municipality may itself exercise the powers in connection with municipal housing as defined in this chapter, or may, if the local governing body by resolution determines such action to be in the public interest, elect to have such powers exercised by the municipal housing agency, if one exists or is subsequently established in the community. In the event the local governing body makes such determination, the municipal housing agency shall be vested with all of the municipal housing project powers in the same manner as though all such powers were conferred on such agency instead of the municipality. If the local governing body does not elect to make such determination, the municipality in its discretion may exercise its municipal housing project powers through a board or commissioner, or through such officers of the municipality as the local governing body may by resolution determine.

A municipality or a “Municipal Housing Agency” may not proceed with a housing project until a study or a report and recommendation on housing available within the community is made public by the municipality or agency and is included in its recommendations for a housing project. Recommendations must receive majority approval from the local governing body before proceeding on the housing project.

### 403A.6 Operation of housing not for profit.

It is hereby declared to be the policy of this state that each municipality shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals or payments for dwelling accommodations at low rates consistent with its providing decent, safe and sanitary dwelling accommodations for persons of low income, and that no municipality shall construct or operate any housing project for profit, or as a source of revenue to the municipality. To this end the municipality shall fix the rentals or payments for dwellings in its projects at no higher rates than it shall find to be necessary in order to produce revenues which (together with all other available moneys, revenues, income and receipts in connection with or for such projects from whatever sources derived, including federal financial assistance) will be sufficient (1) to pay, as the same become due, the principal and interest on the bonds issued pursuant to this chapter; (2) to create and maintain such reserves as may be required to assure the payment of principal and interest as it becomes due on such bonds; (3) to meet the cost of, and to provide for, maintaining and operating the projects (including necessary reserves therefor and the cost of any insurance, and of administrative expenses); and (4) to make such payments in lieu of taxes and, after payment in full of all obligations for which federal annual contributions are pledged, to make such repayments of federal and local contributions as it determines are consistent with the maintenance of the low-rent character of projects. Rentals or payments for dwellings shall be established and the projects administered, insofar as possible, so as to assure that any federal financial assistance required shall be strictly limited to amounts and periods necessary to maintain the low-rent character of the projects.

(C62, 66, 71, 73, 75, 77, 79, 81, §403A.6)

### 403A.7 Housing rentals and tenant admissions.

A municipality shall do the following:

1. Rent or lease the dwelling accommodations in a housing project only to persons or families of low income and at rentals within their financial reach.

2. Rent or lease to a tenant such dwelling accommodations consisting of the number of rooms which it deems necessary to provide safe and sanitary accommodations to the proposed occupants without overcrowding.

3. Fix income limits for occupancy and rents after taking into consideration the following:
   a. The family size, composition, age, physical disabilities, and other factors which might affect the rent-paying ability of the person or family.
   b. The economic factors which affect the financial stability and solvency of the project.

However, such determination of eligibility shall be within the limits of the income limits hereinafter set out.

Nothing contained in this or the preceding section shall be construed as limiting the power of a municipality with respect to a housing project, to vest in an obligee the right, in the event of a default by the municipality, to take possession or cause the appointment of a receiver for the housing project, free from all the restrictions imposed by this or the preceding section.

403A.8 Dwellings for disaster victims and defense workers.

Notwithstanding the provisions of this or any other chapter relating to rentals of, preferences or eligibility for admission to, or occupancy of dwellings in housing projects, during the period when a municipality determines that there is an acute need in its area of operation for housing to assure the availability of dwellings for persons engaged in national defense activities or for victims of a major disaster, a municipality may undertake the development and administration of housing projects for the federal government, and dwellings in any housing project under the jurisdiction of the municipality may be made available to persons engaged in national defense activities or to victims of a major disaster, as the case may be. A municipality is authorized to contract with the federal government or the state or a state public body for advance payment or reimbursement for the furnishing of housing to victims of a major disaster, including the furnishing of the housing free of charge to needy disaster victims during any period covered by a determination of acute need by the municipality as herein provided.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.8]

403A.9 Co-operation between municipalities.

Any two or more municipalities may join or cooperate with one another in the exercise of any or all of the powers conferred hereby for the purpose of financing, planning, undertaking, constructing or operating a housing project or projects.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.9]

403A.10 Tax exemption and payments in lieu of taxes.

The property acquired or held pursuant to this chapter is declared to be public property used exclusively for essential city, or municipal public and governmental purposes and such property is hereby declared to be exempt from all taxes and special assessments of the state or of any state public body. In lieu of taxes on such property a municipality may agree to make payments to the state or a state public body (including itself) as it finds consistent with the maintenance of the low-rent character of housing projects and the achievement of the purposes of this chapter.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.10]

403A.11 Planning, zoning and building laws — insulation requirements.

All housing projects of a municipality shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the project is situated.

All dwellings which are part of housing projects and which are proposed to be rented to low-income families or the elderly through the programs of the United States department of housing and urban development shall have ceiling insulation having an R value of 38 in the attic, floor insulation having an R value of 20, or perimeter wall insulation having an R value of 10 beneath all habitable heated areas or over unheated spaces. In addition, basement walls shall have insulation with an R value of 6 to their full height, with insulation in the box sill having an R value of 20. As used in this section, "R value" means resistance to heat flow.

The insulation requirements of this section are effective for all dwellings, the construction of which begins on or after July 1, 1991. For dwellings existing or under construction prior to July 1, 1991, the dwelling must comply with the insulation requirements of this section by June 30, 1996.

403A.12 Bonds.

A municipality shall have power to issue bonds from time to time in its discretion, for any of the purposes of this chapter. A municipality shall also have power to issue refunding bonds for the purpose of paying or retiring bonds previously issued by it. A municipality may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds on which the principal and interest are payable (1) exclusively from the income and revenues of the project financed with the proceeds of such bonds, or (2) exclusively from the income and revenues of certain designated housing projects whether or not they are financed in whole or in part with the proceeds of such bonds. Any such bonds may be additionally secured by a pledge of any loan, grant or contribution or parts thereof from the federal government or other source, or a pledge of any income or revenues connected with a housing project or a mortgage of any housing project or projects.

Neither the governing body of a municipality nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof hereunder. The bonds and other obligations issued under the provisions of this chapter (and such bonds and obligations shall so state on their face) shall be payable solely from the sources provided in this section and shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Bonds issued pursuant to this chapter are declared to be issued for an essential public and governmental purpose and to be public instrumentalities and, together with interest thereon and income therefrom, shall be exempt from taxes. The tax exemption provisions of this chapter shall be considered part of the security for the repayment of bonds and shall constitute, by virtue of this chapter and without the necessity of the same be-
ing restated in said bonds, a contract between the bondholders and each and every one thereof, including all transferees of said bonds from time to time on the one hand and the respective municipalities issuing said bonds and the state on the other.

[C62, 66, 71, 73, 75, 77, 79, 81, §403A.12]

403A.13 Form and sale of bonds.

Bonds of a municipality shall be authorized by its resolution and may be issued in one or more series and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, not exceeding that permitted by chapter 74A, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption (with or without premium) as such resolution, its trust indenture or mortgage may provide.

The bonds may be sold at public or private sale at not less than par.

If the officers of the municipality whose signatures appear on any bonds or coupons shall cease to be such officers before the delivery of the bonds, their signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if the officers had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable.

In any suit, action or proceedings involving the validity or enforcement of any bond issued pursuant to this chapter or the security therefor, any such bond reciting in substance that it has been issued by the municipality pursuant to this chapter shall be conclusively deemed to have been issued for such purpose and the housing project in respect to which such bond was issued shall be conclusively deemed to have been planned, located and carried out in accordance with the purposes and provisions of this chapter.

403A.22 Personal interest prohibited.

No public official or employee of a municipality or board or commission thereof and no commissioner or employee of a municipal housing agency which has been vested with municipal housing project powers under section 403A.5, shall voluntarily acquire any personal interest, as hereinafter defined, whether direct or indirect, in any municipal housing project, or in any property included or planned to be included in any municipal housing project of such municipality, or in any contract or proposed contract in connection with such municipal housing project. Where such acquisition is not voluntary, the interest acquired shall be immediately disclosed in writing to the local governing body, and such disclosure shall be entered upon the minutes of the governing body. If any such official, commissioner or employee presently
owns or controls, or has owned or controlled within the preceding two years, any interest, as hereinafter defined, whether direct or indirect, in any property which it is known is included or planned to be included in a municipal housing project, the commissioner shall immediately disclose this fact in writing to the local governing body, and such disclosure shall be entered upon the minutes of the governing body; and any such official, commissioner or employee shall not participate in any action by the municipality, or board or commission thereof affecting such property, as the terms of such proscription are hereinafter defined. For the purposes of this section the following definitions and standards of construction shall apply:

1. “Action affecting such property” shall include only that action directly and specifically affecting such property as a separate property but shall not include any action of which any benefits accrue to the public generally, or which affects all or a substantial portion of the properties included or planned to be included in such a project.

2. Employment by a state public body, its agencies, and institutions or by any other person as defined in subsection 18 of section 403.17, having such an interest shall not be deemed an interest by such employee or of any ownership or control by such employee of interests of the employee’s employer. Such an employee may participate in a municipal housing project so long as any benefits of such participation accrue to the public generally, or which affects all or a substantial portion of the properties included or planned to be included in such a project, or such participation promotes the public purposes of such project, and shall be construed to limit only that action by a public official, commissioner, or employee which directly or specifically affects property in which such official, commissioner, or employee has an interest or in which an employer of such official, commissioner, or employee has an interest. Any violation of the provisions of this section shall constitute misconduct in office, but no ordinance or resolution of a municipality or agency shall be invalid by reason of a vote or votes cast in violation of the standards of this section unless such vote or votes were decisive in the passage of such ordinance or resolution.

403A.23 Eligibility of persons receiving public assistance.

Any statute to the contrary notwithstanding, no person otherwise eligible to be a tenant in a municipal housing project, shall be declared ineligible therefor or denied occupancy therein merely because the person is receiving in some form public assistance such as federal supplemental security income or state supplementary payments, as defined by section 249.1, or welfare assistance, unemployment compensation, social security payments, etc.

403A.24 Chapter controlling.

The provisions of this chapter shall be controlling, notwithstanding anything to the contrary contained in any other law of this state, or local ordinance. Any action of a municipality or the governing body thereof in carrying out the purposes of this chapter, whether by resolution, ordinance or otherwise, shall be deemed administrative in character, and no public notice or publication need be made with respect to such action taken.

403A.27 Percentage of rent as taxes.

Any provision of this chapter notwithstanding, no housing project shall be approved unless as a condition at least ten percent of all rents and supplemental rental aid shall be paid annually as taxes to the office of the treasurer in the respective county in which said project is located, except as to the use of dwelling units in existing structures leased from private owners.
403A.28 Public hearing required.
The municipal housing agency shall not undertake any low-cost housing project until such time as a public hearing has been called, at which time the agency shall advise the public of the name of the proposed project, its location, the number of living units proposed and their approximate cost. Notice of the public hearing on the proposed project shall be published at least once in a newspaper of general circulation within the municipality, at least fifteen days prior to the date set for the hearing.

CHAPTER 404

404.1 Area established by city or county.
The governing body of a city may, by ordinance, designate an area of the city or the governing body of a county may, by ordinance, designate an area of the county outside the boundaries of a city, as a revitalization area, if that area is any of the following:
1. An area in which there is a predominance of buildings or improvements, whether residential or nonresidential, which by reason of dilapidation, deterioration, obsolescence, inadequate provision for ventilation, light, air, sanitation, or open spaces, high density of population and overcrowding, the existence of conditions which endanger life or property by fire and other causes or a combination of such factors, is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency or crime, and which is detrimental to the public health, safety, or welfare.
2. An area which by reason of the presence of a substantial number of deteriorating structures, predominance of defective or inadequate street layout, incompatible land use relationships, faulty lot layout in relation to size, adequacy, accessibility or usefulness, unsanitary or unsafe conditions, deterioration of site or other improvements, diversity of ownership, tax or special assessment delinquency exceeding the actual value of the land, defective or unusual conditions of title, or the existence of conditions which endanger life or property by fire and other causes, or a combination of such factors, substantially impairs or arrests the sound growth of a municipality, retards the provision of housing accommodations or constitutes an economic or social liability and is a menace to the public health, safety, or welfare.
3. An area in which there is a predominance of buildings or improvements which by reason of age, history, architecture or significance should be preserved or restored to productive use.
4. An area which is appropriate as an economic development area as defined in section 403.17.
5. An area designated as appropriate for public improvements related to housing and residential development, or construction of housing and residential development, including single or multifamily housing.

404.2 Conditions mandatory.
A city or county may only exercise the authority conferred upon it in this chapter after the following conditions have been met:
1. The governing body has adopted a resolution finding that the rehabilitation, conservation, redevelopment, economic development, or a combination thereof of the area is necessary in the interest of the public health, safety, or welfare of the residents of the city, or county as applicable, and the area substantially meets the criteria of section 404.1.
2. The city or county has prepared a proposed plan for the designated revitalization area. The proposed plan shall include all of the following:
a. A legal description of the real estate forming the boundaries of the proposed area along with a
map depicting the existing parcels of real estate.

b. The existing assessed valuation of the real estate in the proposed area, listing the land and building values separately.

c. A list of names and addresses of the owners of record of real estate within the area.

d. The existing zoning classifications and district boundaries and the existing and proposed land uses within the area.

e. Any proposals for improving or expanding city or county services within the area including but not limited to transportation facilities, sewage, garbage collection, street maintenance, park facilities and police and fire protection.

f. A statement specifying whether the revitalization is applicable to none, some, or all of the property assessed as residential, agricultural, commercial or industrial property within the designated area or a combination thereof and whether the revitalization is for rehabilitation and additions to existing buildings or new construction or both. If revitalization is made applicable only to some property within an assessment classification, the definition of that subset of eligible property must be by uniform criteria which further some planning objective identified in the plan. The city shall state how long it is estimated that the revitalization area which covers all property within the designated revitalization area which time shall be longer than one year from the date of designation and shall state any plan by the city to issue revenue bonds for revitalization projects within the area. For a county, a revitalization area shall include only property which will be used as industrial property, commercial property, commercial property consisting of three or more separate living quarters with at least seventy-five percent of the space used for residential purposes, or residential property. However, a county shall not provide a tax exemption under this chapter to commercial property, commercial property consisting of three or more separate living quarters with at least seventy-five percent of the space used for residential purposes, or residential property which is located within the limits of a city.

g. The provisions that have been made for the relocation of persons, including families, business concerns and others, whom the city or county anticipates will be displaced as a result of improvements to be made in the designated area.

h. Any tax exemption schedule authorized in section 404.3, subsection 5, that shall be used in lieu of the schedule set out in section 404.3, subsection 1, 2, 3, or 4.

In the case of a county, the tax schedules used shall only be applicable to property of the type for which the revitalization area is zoned at the time the county designates the area a revitalization area.

i. The percent increase in actual value requirements that shall be used in lieu of the fifteen and ten percent requirements specified in section 404.3, subsection 8 and in section 404.5. This percent increase in actual value requirements shall not be greater than that provided in this chapter and shall be the same requirements applicable to all existing revitalization areas.

j. A description of any federal, state or private grant or loan program likely to be a source of funding for that area for residential improvements and a description of any grant or loan program which the city or county has or will have as a source of funding for that area for residential improvements.

3. The city or county has scheduled a public hearing and notified all owners of record of real property located within the proposed area and the tenants living within the proposed area in accordance with section 362.3 or 331.305, as applicable. In addition to notice by publication, notification shall also be given by ordinary mail to the last known address of the owners of record. The city or county shall also send notice by ordinary mail addressed to the “occupants” of addresses located within the proposed area, unless the city council or board of supervisors, by reason of lack of a reasonably current and complete address list, or for other good cause, shall have waived the notice. Notwithstanding section 362.3 or 331.305, as applicable, the notice shall be given by the thirtieth day prior to the public hearing.

4. The public hearing has been held.

5. A second public hearing has been held if:

a. The city or county has received within thirty days after the holding of the first public hearing a valid petition requesting a second public hearing containing the signatures and current addresses of property owners that represent at least ten percent of the privately owned property within the designated revitalization area or;

b. The city or county has received within thirty days after the holding of the first public hearing a valid petition requesting a second public hearing containing the signatures and current addresses of tenants that represent at least ten percent of the residential units within the designated revitalization area.

At any such second public hearing the city or county may specifically request those in attendance to indicate the precise nature of desired changes in the proposed plan.

6. The city or county has adopted the proposed or amended plan for the revitalization area after the requisite number of hearings. The city or county may subsequently amend this plan after a hearing. Notice of the hearing shall be published as provided in section 362.3 or 331.305, except that at least seven days’ notice must be given and the public hearing shall not be held earlier than the next regularly scheduled city council or board of supervisors meeting following the published notice. A city which has adopted a plan for a revitalization area which covers all property within the city limits may amend that plan at any time, pursuant to this section, to include property which
has been or will be annexed to the city. The provisions of the original plan shall be applicable to the property which is annexed and the property shall be considered to have been part of the revitalization area as of the effective date of its annexation to the city.

### 404.3 Basis of tax exemption

1. All qualified real estate assessed as residential property is eligible to receive an exemption from taxation based on the actual value added by the improvements. The exemption is for a period of ten years. The amount of the exemption is equal to a percent of the actual value added by the improvements, determined as follows: One hundred fifteen percent of the value added by the improvements. However, the amount of the actual value added by the improvements which shall be used to compute the exemption shall not exceed twenty thousand dollars and the granting of the exemption shall not result in the actual value of the qualified real estate being reduced below the actual value on which the homestead credit is computed under section 425.1.

2. All qualified real estate is eligible to receive a partial exemption from taxation on the actual value added by the improvements. The exemption is for a period of ten years. The amount of the partial exemption is equal to a percent of the actual value added by the improvements, determined as follows:

   a. For the first year, eighty percent.
   b. For the second year, seventy percent.
   c. For the third year, sixty percent.
   d. For the fourth year, fifty percent.
   e. For the fifth year, forty percent.
   f. For the sixth year, forty percent.
   g. For the seventh year, thirty percent.
   h. For the eighth year, thirty percent.
   i. For the ninth year, twenty percent.
   j. For the tenth year, twenty percent.

3. All qualified real estate is eligible to receive a one hundred percent exemption from taxation on the actual value added by the improvements. The exemption is for a period of three years.

The exemption is for a period of ten years.

5. A city or county may adopt a different tax exemption schedule than those allowed in subsection 1, 2, 3, or 4. The different schedule adopted shall not allow a greater exemption, but may allow a smaller exemption, in a particular year, than allowed in the schedule specified in the corresponding subsection of this section. A different schedule adopted by a city or county shall apply to every revitalization area within the city or county, unless the qualified property is eligible for an exemption pursuant to section 404.3A or 404.3B, and except in areas of the city or county which have been designated as both urban renewal and urban revitalization areas. In an area designated for both urban renewal and urban revitalization, a city or county may adopt a different schedule than has been adopted for revitalization areas which have not been designated as urban renewal areas.

6. The owners of qualified real estate eligible for the exemption provided in this section or section 404.3A or 404.3B shall elect to take the applicable exemption or shall elect to take the applicable exemption provided in the different schedule authorized by subsection 5 and adopted in the city or county plan if a different schedule has been adopted. Once the election has been made and the exemption granted, the owner is not permitted to change the method of exemption.

7. The tax exemption schedule specified in subsection 1, 2, 3, or 4 shall apply to every revitalization area within a city or county unless a different schedule is adopted in the city or county plan as provided in section 404.2 and authorized by subsection 5.

However, new construction on land assessed as agricultural property shall not qualify as “improvements” for purpo-

Notwithstanding the schedules provided for in section 404.3, all qualified real estate assessed as residential property in an area designated under section 404.1, subsection 5, is eligible to receive an exemption from taxation on the first seventy-five thousand dollars of actual value added by the improvements. The exemption is for a period of five years.

2. All qualified real estate described in subsection 1 is eligible to receive a partial exemption from taxation on the actual value added by the improvements.    a. For the first year, eighty percent.
   b. For the second year, seventy-five percent.
   c. For the third year, seventy percent.
   d. For the fourth year, sixty-five percent.
   e. For the fifth year, sixty percent.
   f. For the sixth year, fifty-five percent.
   g. For the seventh year, fifty percent.
   h. For the eighth year, forty-five percent.
   i. For the ninth year, forty percent.
   j. For the tenth year, thirty-five percent.
   k. For the eleventh year, thirty percent.
   l. For the twelfth year, twenty-five percent.
   m. For the thirteenth year, twenty percent.
   n. For the fourteenth year, twenty percent.
   o. For the fifteenth year, twenty percent.

404.4 Prior approval of eligibility.
A person may submit a proposal for an improvement project to the governing body of the city or county to receive prior approval for eligibility for a tax exemption on the project. The governing body shall, by resolution, give its prior approval for an improvement project if the project is in conformance with the plan for revitalization developed by the city or county. Such prior approval shall not entitle the owner to exemption from taxation until the improvements have been completed and found to be qualified real estate; however, if the proposal is not approved, the person may submit an amended proposal for the governing body to approve or reject.

An application shall be filed for each new exemption claimed. The first application for an exemption shall be filed by the owner of the property with the governing body of the city or county in which the property is located by February 1 of the assessment year for which the exemption is first claimed, but not later than the year in which all improvements included in the project are first assessed for taxation, or the following two assessment years, in which case the exemption is allowed for the total number of years in the exemption schedule. However, upon the request of the owner at any time, the governing body of the city or county provides by resolution that the owner...

may file an application by February 1 of any other assessment year selected by the governing body in which case the exemption is allowed for the number of years remaining in the exemption schedule selected. The application shall contain, but not be limited to, the following information: The nature of the improvement, its cost, the estimated or actual date of completion, the tenants that occupied the owner’s building on the date the city or county adopted the resolution referred to in section 404.2, subsection 1, and which exemption in section 404.3 or in the different schedule, if one has been adopted, will be elected.

The governing body of the city or county shall approve the application, subject to review by the local assessor pursuant to section 404.5, if the project is in conformance with the plan for revitalization developed by the city or county, is located within a designated revitalization area, and if the improvements were made during the time the area was so designated. The governing body of the city or county shall forward for review all approved applications to the appropriate local assessor by March 1 of each year with a statement indicating whether section 404.3, subsection 1, 2, 3 or 4 applies or if a different schedule has been adopted, which exemption from that schedule applies. Applications for exemption for succeeding years on approved projects shall not be required.

[C81, §404.4]

§404.5  Physical review of property by assessor.

The local assessor shall review each first-year application by making a physical review of the property, to determine if the improvements made increased the actual value of the qualified real estate by at least fifteen percent or at least ten percent in the case of real property assessed as residential property or the applicable percent increase requirement adopted by the city or county under section 404.2. If the assessor determines that the actual value of that real estate has increased by at least the requisite percent, the assessor shall proceed to determine the actual value of the property and certify the valuation determined pursuant to section 404.3 to the county auditor at the time of transmitting the assessment rolls. However, if a new structure is erected on land upon which no structure existed at the start of the new construction, the assessor shall proceed to determine the actual value of the property and certify the valuation determined pursuant to section 404.3 to the county auditor at the time of transmitting the assessment rolls. The assessor shall notify the applicant of the determination, and the assessor’s decision may be appealed to the local board of review at the times specified in section 441.37. If an application for exemption is denied as a result of failure to sufficiently increase the value of the real estate as provided in section 404.3, the owner may file a first annual application in a subsequent year when additional improvements are made to satisfy requirements of section 404.3, and the provisions of section 404.4 shall apply. After the tax exemption is granted, the local assessor shall continue to grant the tax exemption, with periodic physical review by the assessor, for the time period specified in section 404.3, subsection 1, 2, 3 or 4, or specified in the different schedule if one has been adopted, under which the exemption was granted. The tax exemptions for the succeeding years shall be granted without the taxpayer having to file an application for the succeeding years.

For the purposes of this section, the actual value of the property upon which the value of improvements in the form of rehabilitation or additions to existing structures shall be determined shall be the lower of either the amount listed on the assessment rolls in the assessment year in which such improvements are first begun or the price paid by the owner if the improvements in the form of rehabilitation or additions to existing structures were begun within one year of the date the property was purchased and the sale was a fair and reasonable exchange between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and each being familiar with all the facts relating to the particular property.

§404.6  Relocation expense of tenant.

Upon application to it and after verification by it, the city or county shall require compensation of at least one month’s rent and may require compensation of actual relocation expenses be paid to a qualified tenant whose displacement is due to action on the part of a property owner to qualify for the benefits under this chapter. However, the city or county may require the persons causing the qualified tenant to be displaced to pay all or a part of the relocation payments as a condition for receiving a tax exemption under section 404.3. “Qualified tenant” as used in this chapter shall mean the legal occupant of a residential dwelling unit which is located within a designated revitalization area and who has occupied the same dwelling unit continuously since one year prior to the city’s or county’s adoption of the plan pursuant to section 404.2.

§404.7  Repeal of ordinance.

When in the opinion of the governing body of a city or county the desired level of revitalization has been attained or economic conditions are such that the continuation of the exemption granted by
this chapter would cease to be of benefit to the city or county, the governing body may repeal the ordinance establishing a revitalization area. In that event, all existing exemptions shall continue until their expiration.

CHAPTER 404A
PROPERTY REHABILITATION TAX CREDIT

404A.1 Historic preservation and cultural and entertainment district tax credit — eligible property.
1. A historic preservation and cultural and entertainment district tax credit, subject to the availability of the credit, is granted against the tax imposed under chapter 422, division II, III, or V, or chapter 432, for the rehabilitation of eligible property located in this state as provided in this chapter. Tax credits in excess of tax liabilities shall be refunded as provided in section 404A.4, subsection 3.
2. Eligible property for which a taxpayer may receive the historic preservation and cultural and entertainment district tax credit computed under this chapter includes all of the following:
   a. Property listed on the national register of historic places or eligible for such listing.
   b. Property designated as of historic significance to a district listed in the national register of historic places or eligible for such designation.
   c. Property or district designated a local landmark by a city or county ordinance.
   d. A barn constructed prior to 1937.

404A.2 Amount of credit.
The amount of the credit equals twenty-five percent of the qualified rehabilitation costs made to eligible property. In the case of commercial property, rehabilitation costs must equal at least fifty percent of the assessed value of the property, excluding the land, prior to the rehabilitation. In the case of residential property or barns, the rehabilitation costs must equal at least twenty-five thousand dollars or twenty-five percent of the fair market value, excluding the land, prior to the rehabilita-
tion, whichever is less. In computing the tax credit for eligible property that is classified as residential or as commercial with multifamily residential units, the rehabilitation costs used shall not exceed one hundred thousand dollars per residential unit. In computing the tax credit, the only costs which may be included are the rehabilitation costs incurred between the period ending on the project completion date and beginning on the date two years prior to the project completion date, provided that any qualified rehabilitation costs incurred prior to the date of approval of the project as provided in section 404A.3 must be qualified rehabilitation expenditures under the federal rehabilitation credit in section 47 of the Internal Revenue Code.

For purposes of this chapter, qualified rehabilitation costs include amounts if they are properly includable in computing the basis for tax purposes of the eligible property. Amounts treated as an expense and deducted in the tax year in which they are paid or incurred and amounts that are otherwise not added to the basis for tax purposes of the eligible property are not qualified rehabilitation costs. Amounts incurred for architectural and engineering fees, site survey fees, legal expenses, insurance premiums, development fees, and other construction-related costs are qualified rehabilitation costs to the extent they are added to the basis for tax purposes of the eligible property. Costs of sidewalks, parking lots, and landscaping do not constitute qualified rehabilitation costs.

For purposes of individual and corporate income taxes and the franchise tax, the increase in the basis of the rehabilitated property that would otherwise result from the qualified rehabilitation costs shall be reduced by the amount of the credit computed under this chapter.
404A.3 Approval of rehabilitation project.

1. a. In order for costs of a rehabilitation project to qualify for a tax credit, the rehabilitation project must receive approval from the state historic preservation office of the department of cultural affairs.

b. Applications for approvals from the state historic preservation office of the department of cultural affairs shall be on forms approved by the state historic preservation office and shall contain information as required by the state historic preservation office. The information shall at least include the approximate date of the start of rehabilitation, the approximate date of completion, as well as the cost.

c. The approval process shall not exceed ninety days beginning from the date the rehabilitation project is submitted. After the ninety-day limit, the rehabilitation project is deemed to be approved.

2. The state historic preservation office shall establish selection criteria and standards for rehabilitation projects involving eligible property. The main emphasis of the standards shall be to ensure that a rehabilitation project maintains the integrity of the eligible property. To the extent applicable, the standards shall be consistent with the standards of the United States secretary of the interior for rehabilitation of eligible property that is listed on the national register of historic places or is designated as of historic significance to a district listed in the national register of historic places or shall be consistent with standards for issuance of certificates of appropriateness under sections 303.27 through 303.32.

The selection standards shall provide that a person who qualifies for the rehabilitation tax credit under section 47 of the Internal Revenue Code shall automatically qualify for the state historic preservation and cultural and entertainment district tax credit under this chapter.

2004 amendment to this section takes effect May 17, 2004, and applies retroactively to July 1, 2002; 2004 Acts, ch 1175, §287

404A.4 Project completion and tax credit certification — credit refund.

1. Upon completion of the rehabilitation project, a certification of completion must be obtained from the state historic preservation office of the department of cultural affairs. A completion certificate shall identify the person claiming the tax credit under this chapter and the rehabilitation costs incurred up to the two years preceding the completion date.

2. After verifying the eligibility for the tax credit, the state historic preservation office, in consultation with the department of economic development, shall issue a historic preservation and cultural and entertainment district tax credit certificate to be attached to the person’s tax return. The tax credit certificate shall contain the taxpayer’s name, address, tax identification number, the date of project completion, the amount of credit, other information required by the department of revenue, and a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred.

3. A person receiving a historic preservation and cultural and entertainment district tax credit under this chapter which is in excess of the person’s tax liability for the tax year is entitled to a refund of the excess at a discounted value. The discounted value of the tax credit refund, as calculated by the department of economic development, in consultation with the department of revenue, shall be determined based on the discounted value of the tax credit five years after the tax year of the project completion at an interest rate equivalent to the prime rate plus two percent. The refunded tax credit shall not exceed seventy-five percent of the allowable tax credit.

4. The total amount of tax credits that may be approved for a fiscal year under this chapter shall not exceed two million four hundred thousand dollars. For the fiscal period beginning July 1, 2005, and ending June 30, 2015, an additional four million dollars of tax credits may be approved each fiscal year for purposes of projects located in cultural and entertainment districts certified pursuant to section 303.3B. Any of the additional tax credits allocated for projects located in certified cultural and entertainment districts that are not approved during a fiscal year shall be applied to reserved tax credits issued in accordance with section 404A.3 in order of original reservation. The department of cultural affairs shall establish by rule the procedures for the application, review, selection, and awarding of certifications of completion. The departments of economic development, cultural affairs, and revenue shall jointly administer this subsection and shall provide by rule for the method to be used to determine for which fiscal year the tax credits are available. With the exception of tax credits issued pursuant to contracts entered into prior to July 1, 2005, tax credits shall not be reserved for more than five years.

5. Tax credit certificates issued under this chapter may be transferred to any person or entity. Within ninety days of transfer, the transferee must submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee’s name, tax identification number, and address, and the denomination that each replacement tax credit certificate is to carry and any other information required by the department of revenue. Within thirty days of receiving the transferred tax credit certificate and
the transferee’s statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement certificate must contain the information required under subsection 2 and must have the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule of the state historic preservation office shall not be transferable. A tax credit shall not be claimed by a transferee under this chapter until a replacement tax credit certificate identifying the transferee as the proper holder has been issued.

The transferee may use the amount of the tax credit transferred against the taxes imposed under chapter 422, divisions II, III, and V, and chapter 432 for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, divisions II, III, and V. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, divisions II, III, and V.

2000 amendments to subsection 2 and adding subsection 5 take effect May 16, 2003, and apply retroactively for tax years beginning on or after January 1, 2003; 2003 Acts, ch 133, §4

For future repeal of 2003 amendment to subsection 4 effective June 30, 2010, see 2003 Acts, 1st Ex, ch 2, §93

Subsection 5, unnumbered paragraph 1 amended

## 405.1 Housing development — tax status — limitation.

1. The board of supervisors of a county with a population of less than twenty thousand may adopt an ordinance providing that property acquired and subdivided for development of housing shall continue to be assessed for taxation in the manner that it was prior to the acquisition for housing. Each lot shall continue to be taxed in the manner it was prior to its acquisition for housing until the lot is sold for construction or occupancy of housing or five years from the date of subdivision, whichever is shorter. Upon the sale or the expiration of the five-year period, the property shall be assessed for taxation as residential or commercial multifamily property, whichever is applicable.

2. The board of supervisors of a county with a population of twenty thousand or more may adopt an ordinance providing that property acquired and subdivided for development of housing shall continue to be assessed for taxation in the manner that it was prior to the acquisition for housing. Each lot shall continue to be taxed in the manner it was prior to its acquisition for housing until the lot is sold for construction or occupancy of housing or three years from the date of subdivision, whichever is shorter. Upon the sale or the expiration of the three-year period, the property shall be assessed for taxation as residential or commercial multifamily property, whichever is applicable.

410.1 Pension funds.
Any city having an organized fire department may, and all cities having an organized police department or a paid fire department shall, levy annually on taxable property a tax not to exceed three and three-eighths cents per thousand dollars of assessed value for each such department, for the purpose of creating fire fighters' and police officers' pension funds.

Provided that cities having a population of more than six thousand five hundred may annually levy on taxable property a tax of not more than thirteen and one-half cents per thousand dollars of assessed value for each such department, for such purpose. Provided, further, that cities, in which a police or fire retirement system based upon actuarial tables shall be established by law, shall levy for the police or fire retirement funds a tax sufficient in amount to meet all necessary obligations and expenditures; and said obligations and expenditures shall be direct liabilities of said cities.

Whenever there is a sufficient balance in both of said funds to meet any proper or legitimate charges that may be made against the same, such city shall not be required to levy a tax for this purpose.

All moneys derived from each tax so levied, and all moneys received as membership fees and dues, and all moneys received from grants, donations, and devises for the benefit of each fund shall constitute separate funds, to be known and designated as a police officers' pension fund and a fire fighters' pension fund.

The provisions of this chapter shall not apply to police officers and fire fighters who entered employment after March 2, 1934, except that any police officer or fire fighter who had been making payments of membership fees and assessments as provided in section 410.5 prior to July 1, 1971, shall on July 1, 1973, be fully restored and entitled to all pension rights and benefits, vested or not vested, under this chapter if the city has not returned to such police officer or fire fighter the membership fees and assessments paid by the police officer or fire fighter prior to July 1, 1971, and if such police officer or fire fighter pays to the city within six months after July 1, 1973, the amount of the fees and assessments that the police officer or fire fighter would have paid to the police officers' or fire fighters' pension fund from July 1, 1971, to July 1, 1973, if Acts of the 1971 Session, Sixty-fourth General Assembly, ch. 108, had not been adopted. fighter on July 1, 1973, if, within six months after
July 1, 1973, such police officer or fire fighter re-

pays the amount of the fees and assessments to the
city that the police officer or fire fighter would have
paid to the appropriate pension fund from
July 1, 1971, to July 1, 1973, if Acts of the Sixty-
fourth General Assembly, 1971 Session, ch. 108

410.6 Who entitled to pension — condi-
tions.
Any member of said departments who shall have
erved twenty-two years or more in such de-
partment, and shall have reached the age of fifty
years; or who shall while a member of such depart-
ment become mentally or physically permanently
disabled from discharging the member’s duties,
shall be entitled to be retired, and upon retirement
shall be paid out of the pension fund of such de-
partment a monthly pension equal to one-half the
amount of salary received by the member monthly
at the date the member actually retires from said
department. If any member shall have served
twenty-two years in said department, but shall
not have reached the age of fifty years, the mem-
ber shall be entitled to retirement, but no pension
shall be paid while the member lives until the
member reaches the age of fifty years.

Upon the adoption of any increase in pension
benefits effective subsequent to the date of a mem-
ber’s retirement, the amount payable to each
member as regular pension shall be increased by
an amount equal to sixty percent of any increase in
the pension benefits for the rank at which the
member retired.

Pensions payable under this chapter shall be ad-
justed as follows:
1. On each July 1 and January 1, the monthly
pension authorized in this chapter payable to each
retired member and to each beneficiary, except
children, of a deceased member shall be recom-
muted. The applicable formulas authorized in this
chapter which were used to compute the retired
member's or beneficiary's pension at the time of retirement or death shall be used in the recomputation except the earnable compensation payable on each July 1 or January 1 to an active member having the same or equivalent rank or position as was held by such retired or deceased member at the time of retirement or death, shall be used in lieu of the final compensation which the retired or deceased member was receiving at the time of retirement or death. At no time shall the monthly pension or payment to the beneficiary be less than the amount which was paid at the time of such member's retirement or death.

2. All monthly pensions adjusted as provided in this section shall be payable beginning on July 1 or January 1 of the year which the adjustment is made and shall continue in effect until the next adjustment at which time the monthly pension shall again be recomputed and all monthly pensions adjusted in accordance with the computations.

3. The adjustment of pensions required by this section shall recognize the retired or deceased member's position on the salary scale within the member's rank at the time of retirement or death. In the event that the rank or position held by the retired or deceased member at the time of retirement or death is subsequently abolished, adjustments in the pensions of the member or of the member's spouse or children shall be computed by the board of trustees as though such rank or position had not been abolished and salary increases had been granted to such rank or position on the same basis as that granted to other ranks and positions in the department.

At no time shall the monthly pension or payment to the member be less than one hundred fifty dollars.

§410.7 Soldiers and sailors.

Any member of the fire or police department, who resigned or obtained leave of absence therefrom to serve in the United States air force or air force reserve, army, navy or marine reserve, or marine corps, of the United States, or as a member of the United States army and navy reserve, the Spanish-American War, in the World War 1917-1918, or in World War II from December 7, 1941, to December 31, 1946, both dates inclusive, or in the Korean Conflict at any time between June 25, 1950, and January 31, 1955, both dates inclusive, or in the Vietnam Conflict at any time between August 5, 1964, and ending on the date the armed forces of the United States are directed by formal order of the government of the United States to cease hostilities, both dates inclusive, and has returned with an honorable discharge from such service, to the fire or police department, shall have the period of such service included as part of the member's period of service in the department.

(C27, 31, 35, §6315-b; C39, §6315.1; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §410.7)

410.8 Disability — how contracted.

No member who has not served five years or more in said department shall be entitled to be retired and paid a pension under the provisions of this chapter, unless such disability was contracted while engaged in the performance of the member's duties, or by reason of following such occupation. The question of disability shall be determined by the trustees upon the concurring report of at least two out of three physicians designated by the board of trustees to make a complete physical examination of the member. After any member shall become entitled to be retired, such right shall not be lost or forfeited by discharge or for any other reason except conviction for felony.

[S13, §932-e,-n; C24, 27, 31, 35, 39, §6316; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §410.8]

410.9 Retired members assigned for light duty.

The chief of the police department and the chief of the fire department of such city may assign any member of such departments, respectively, retired by reason of mental or physical disability under the provisions of this chapter, to the performance of light duties in such department.

[S13, §932-e,-n; C24, 27, 31, 35, 39, §6317; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §410.9]

Upon the death of any acting or retired member of such departments, leaving a spouse or minor children, or dependent father or mother surviving, there shall be paid out of said fund as follows:

1. To the surviving spouse, a sum equal to one-half of the deceased member's total adjusted pension as provided for in section 410.6, but in no event less than seventy-five dollars per month.

2. If there be no surviving spouse, or upon the death of such spouse, then to the dependent father and mother, if both survive, or to either dependent parent, if one survives, thirty dollars per month.

3. To the guardian of each surviving child under eighteen years of age, twenty dollars per month.

Effective July 1, 1991, the remarriage of a surviving spouse does not make the spouse ineligible to receive benefits under this section, and for a surviving spouse who remarried prior to July 1, 1991, the remarriage does not make the spouse ineligible to receive benefits under this section.

However, the benefits provided by this section are subject to the following definitions: The term "spouse" means a surviving spouse of a marriage contracted prior to retirement of a deceased member from active service, or of a marriage of a retired
member contracted prior to March 2, 1934. Surviving spouse includes a former spouse only if the division of assets in the dissolution of marriage decree pursuant to section 598.17 grants the former spouse rights of a spouse under this chapter.
