303.26 Commission.
At the same time the referendum is held, an election shall be held for the commission. Each voter at the referendum may write upon the ballot the names of not more than five persons who are eligible voters within the district to be members of the commission.
The five persons receiving the highest number of votes shall constitute the commission. In the event one of the five receiving the highest number of votes elects not to serve on the commission, the person receiving the next highest number of votes shall serve.
Of the initial commission the person receiving the highest number of votes shall receive a five-year term of office, the next highest a four-year term, the next highest a three-year term, the next highest a two-year term, and the fifth highest a one-year term. Thereafter, an election shall be held annually in the district to elect a member to a five-year term as each term expires.
Vacancies in the commission occurring between elections shall be filled by the remaining members of the commission by majority vote. Should a majority of those voting not to establish the district, the election shall be void.
[C77, 79, 81, §303.26]

303.27 Controls.
After the establishment of a district, an exterior portion of any building, exterior fixture, or other exterior structure, or any aboveground utility structure or any type of outdoor advertising sign shall not be erected, altered, restored, moved or demolished within such district until after an application for a certificate of appropriateness as to exterior features has been submitted to and approved by the commission.
[C77, 79, 81, §303.27]

303.28 Interior.
The commission shall not consider or attempt to control the interior arrangement of any building in the district.
[C77, 79, 81, §303.28]

303.29 Use of structures.
No change in the use of any structure or property within a designated historical district shall be permitted until after an application for a certificate of appropriateness has been submitted to and approved by the commission. For purposes of this section “use” means the legal enjoyment of property that consists in its employment, exercise, or practice.
[C77, 79, 81, §303.29]

303.30 Procedures.
Prior to issuance or denial of a certificate of appropriateness the commission shall take such action as may reasonably be required to inform persons likely to be materially affected by the application, and shall give the applicant and such persons an opportunity to be heard. In cases where the commission deems it necessary, it may hold a public hearing concerning the application. The commission shall vote upon any application for a certificate of appropriateness within sixty days after its submission to the commission.
If the commission determines that the proposed construction, reconstruction, alteration, restoration, moving, demolition, or the change in use is appropriate, it shall forthwith approve such application and shall issue to the applicant a certificate of appropriateness.
If the commission determines that the proposed construction, reconstruction, alteration, restoration, moving or demolition of buildings, structures, appurtenant fixtures, outdoor advertising signs or natural features, or the proposed change in use would be incongruous with the historical, architectural, archaeological or cultural aspects of the district, a certificate of appropriateness shall not be issued, and the commission shall place upon its records the reasons for such determination and shall notify the applicant of such determination, furnishing the applicant an attested copy of its reasons and its recommendations, if any, as appearing in the records of the commission.
The commission may approve the application in any case where a person would suffer extreme hardship, not including loss of profit, unless the certificate of appropriateness was issued. Any applicant aggrieved by a determination of the commission may appeal to the district court for the

[C77, 79, 81, §303.31]

303.32 Ordinary maintenance and repair.
Nothing in this subchapter of this chapter shall be construed to prevent the ordinary maintenance or repair of any exterior feature in a district which does not involve a change in design, material or outer appearance, nor to prevent the construction, reconstruction, alteration, restoration or demolition of any such feature which is required by public safety because of an unsafe or dangerous condition.

[C77, 79, 81, §303.32]

303.33 Termination of district.
Two years after the establishment of a district, a referendum for the termination of the district shall be held if ten percent of the eligible voters in the district so request. If the registered voters, by a majority of those voting, favor termination, sections 303.20 through 303.32 will no longer have any effect on the property formerly included in the district.

If an election is held to terminate a district under this section and such attempt fails, another referendum for termination of the district in question shall not take place for a period of two years.

303.34 Areas of historical significance.
The provisions of sections 303.20 to 303.33 do not apply within the limits of a city. However, in order for a city to designate an area which is deemed to merit preservation as an area of historical significance, the following shall apply:

1. An area of historical significance shall be proposed by the governing body of the city on its own motion or upon the receipt by the governing body of a petition signed by residents of the city.

The city shall submit a description of the proposed area of historical significance or the petition describing the proposed area, if the proposed area is a result of the receipt of a petition, to the historical division which shall determine if the proposed area meets the criteria in subsection 2 and may make recommendations concerning the proposed area. Any recommendations made by the division shall be made available by the city to the public for viewing during normal working hours at a city government place of public access.

2. A city shall not designate an area as an area of historical significance unless it contains contiguous pieces of property under diverse ownership which meets the criteria specified in section 303.20, subsection 1, paragraphs "a" to "f".

3. A city may provide by ordinance for the establishment of a commission to deal with matters involving areas of historical significance but shall provide by ordinance for such commission upon the enactment of the ordinance designating an area as an area of historical significance as required in subsection 4. Upon the establishment of the commission the city shall provide by ordinance for the method of appointment, the number, and terms, of members of the commission and for the duties and powers of the commission. The commission shall contain not less than three members. The members of the commission shall be appointed with due regard to proper representation of residents and property owners of the city and their relevant fields of knowledge including but not limited to history, urban planning, architecture, archaeology, law, and sociology. At least one resident of each designated area of historical significance shall be appointed to the commission.

Cities with a population of more than fifty thousand shall not appoint more than one-third of the members to the commission of an area of historical significance that are members of a city zoning commission appointed pursuant to chapter 414.

The commission shall have the power to approve or deny applications for proposed alterations to exterior features within an area designated as an area of historical significance. An aggrieved party may appeal the commission's action to the governing body of the city. If not satisfied by the decision of the governing body, the party may appeal within sixty days of the governing body's decision to the district court for the county in which the designated area is located. On appeal the governing body or the district court as the case may be shall consider whether the commission has exercised its powers and followed the guidelines established by the law and ordinance, and whether the commission's action was patently arbitrary or capricious.

4. An area shall be designated an area of historical significance upon enactment of an ordinance of the city. Before the ordinance or an amendment to it is enacted, the governing body of the city shall submit the ordinance or amendment to the historical division for its review and recommendations.

Expenses incurred in carrying out the annual elections of trustees shall be paid for by the land use district.

A majority of the board of trustees is a quorum, but a smaller number may adjourn from day to day. The board of trustees may elect a president, vice president, clerk, and a treasurer from their own number and, from without their own number, employees of the district. The compensation of members of the board of trustees is fixed not to exceed ten dollars per day, or any part of a day, for each day the board is actually in session and ten dollars per day when not in session but employed on board service, and twenty cents for every mile traveled in going to and from sessions of the board and in going to and from the place of performing board service. Members of the board shall not receive compensation for more than sixty days of session and board service each year.

2. The board of trustees shall formulate and administer a land use plan which includes all ordinances, resolutions, rules, and regulations necessary for the proper administration of the land use district. The land use plan shall be created for the primary purpose of regulating and restricting, where deemed necessary, the erection, construction, reconstruction, alteration, repair, or use of buildings, structures, or land in a manner which would maintain or enhance the distinctive historical and cultural character of the district. The ordinances, resolutions, rules, and regulations shall not apply to any tillable farmland, pastureland, timber pasture or forestland located within the district except to structures of an advertising or commercial nature located on the land.

3. The board of trustees shall provide for the manner in which the land use plan shall be established and enforced and amended, supplemented, or changed. However, a plan shall not become effective until after a public hearing on it, at which parties in interest and citizens of the district shall have an opportunity to be heard. At least fifteen days notice of the time and place of the hearing shall be published in a newspaper of general circulation within the district giving the time, date, and location of the public hearing.

The land area to be included in or excluded from the land use district must be contiguous to the land use district. If two thirds of the membership of the board of trustees vote in favor of the petition, the petition shall be granted and the land area included in or excluded from the district.

2. Hear and decide special exceptions to the terms of the ordinance upon which the board is required to pass under the ordinance.

3. Authorize upon appeal, in specific cases, a variance from the terms of the land use plan which are not contrary to the public interest, where owing to special conditions a literal enforcement of the plan would result in unnecessary hardship, and so that the spirit of the plan shall be observed and substantial justice done.

83 Acts, ch 108, §18

303.59 Powers on appeal.

In exercising its powers the board may, in conformity with this subchapter, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from and may make the order, requirement, decision, or determination as should be made, and to that end have all the powers of the administrative officer of the board.

83 Acts, ch 108, §21

303.62 Review by court. Upon the presentation of a petition, the court may allow a writ of certiorari directed to the board of adjustment to review the decision of the board of adjustment prescribing the time within which a return must be made and served upon the relator’s attorney, which shall not be less than ten days and may be extended by the court. The allowance of the writ does not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order.
83 Acts, ch 108, §22

303.63 Trial to court. If upon the hearing, which shall be tried de novo, it appears to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take evidence as it directs and report the evidence to the court with findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.
Costs shall not be allowed against the board unless it appears to the court that it acted with gross negligence or in bad faith or with malice in making the decision appealed from.

The board of trustees of a land use district organized under this subchapter may by ordinance levy annually for the purpose of paying the administrative costs of the district, a tax upon real property within the territorial limits of the land use district not exceeding twenty-seven cents per thousand dollars of the adjusted taxable valuation of the property for the preceding fiscal year. The tax shall not be levied on any tillable farmland, pastureland, timber pasture or forestland located within the district.
Taxes levied by the board shall be certified on or before the first day of March to the county auditor of each county where any of the property included within the territorial limits of the land use district is located, and shall be placed upon the tax list for the current year, and the county treasurer shall collect the taxes in the same manner as other taxes, and when delinquent they shall draw the same interest and penalties. All taxes so levied and collected shall be paid over to the treasurer of the district.

   b. The county of the lender’s or claimant’s address, if any.
88 Acts, ch 1117, §3

305B.4 Conservation or disposal of loaned property. 1. Unless there is a written loan agreement to the contrary, a museum may apply conservation measures to or dispose of property on loan to the museum without the lender’s or claimant’s permission, or formal notice, if immediate action is re-
quired to protect the property on loan or other property in the custody of the museum or if the property on loan is a hazard to the health and safety of the public or the museum staff and if any of the following apply:

c. The lender or claimant does not respond or will not agree to the protective measures the museum recommends, yet is unwilling or unable to terminate the loan and retrieve the property.

2. If a museum applies conservation measures to or disposes of property under this section, or with the agreement of the lender and claimants unless the agreement provides otherwise, the museum:

a. Has a lien on the property and on the proceeds of any disposition of the property for the costs incurred by the museum.
b. Is not liable for injury to or loss of the property if the museum:
   (1) Had a reasonable belief at the time the action was taken that the action was necessary to protect the property on loan or other property in the custody of the museum or that the property on loan was a hazard to the health and safety of the public or the museum staff.
   (2) Exercised reasonable care in the choice and application of conservation measures.

§305B.5 Notice of injury or loss.
A museum shall give a lender or claimant prompt notice of any known injury to or loss of property on loan. The department of cultural affairs shall adopt by rule a form for notice of injury or loss, no later than January 1, 1989, and shall distribute the rule and form to all identified museums in Iowa within sixty days after adoption of the rule. The notice shall be mailed to the lender’s or claimant’s last known address in event of injury or loss of property on loan to the museum. Published notice of injury or loss of undocumented property shall not be required.

§305B.6 Notice of intent to terminate loan — acquiring title to loaned property.
1. A museum may acquire title to loaned property pursuant to this section. A museum may give notice of termination of a loan of property at any time if either of the following apply:
   a. The property was loaned to the museum for an indefinite term
   b. The property was loaned to the museum for a specified term, and that term has expired.
2. If the lender or claimant does not respond to the notice of termination provided under subsection 1 within one year by filing a notice of intent to preserve an interest in property on loan, the museum acquires title to the property.
3. A notice of intent to terminate a loan must include a statement containing substantially the following information:

   “The records of (name of museum) indicate that you have property on loan to it. The institution wishes to terminate the loan. You must contact the institution, establish your ownership of the property pursuant to section 305B.8, and make arrangements to collect the property. If you fail to do so promptly, you will be considered to have donated the property to the institution.”

§305B.7 Acquiring title to undocumented property.
1. A museum may acquire title to undocumented property held by a museum for seven years or longer with no valid claim or written contact by any person, all verifiable through the museum’s written records, by giving notice of acquisition of title to undocumented property.
2. If a lender or claimant does not respond to the notice provided in subsection 1 within three years by filing a notice of intent to retain an interest in property on loan, the museum’s title to the property becomes uncontestable under section 305B.9.
3. A notice of acquisition of title must include a statement containing substantially the following information:

   “The records of (name of museum) fail to indicate the owner of record of certain property in its possession. The museum intends to acquire title to the below described property: (general description of the property). If you claim ownership or other legal interest in this property you must contact the institution, establish your ownership of the property pursuant to section 305B.8, and make arrangements to collect the property. If you fail to do so promptly, you will be considered to have waived any claim you may have had to the property.”

§305B.8 Notice of intent to preserve an interest in property — requirements — form — disclosure.
1. A notice of intent to preserve an interest in property on loan to a museum filed pursuant to this chapter shall be in writing and contain all of the following information:
   a. A description of the property adequate to
enable the museum to identify the property.

b. Documentation sufficient to establish the claimant as owner of the property.

c. A statement attesting to the truth, to the best of the signer’s knowledge, of all information included in or with the notice.

d. The signature, under penalty of perjury, of the claimant or a person authorized to act on behalf of the claimant.

2. The museum need not retain a notice which does not meet the requirements set forth in subsection 1. If, however, the museum does not intend to retain a notice for this reason, the museum shall promptly notify the claimant at the address given on the notice that the museum believes the notice is ineffective to preserve an interest, and the reasons for the insufficiency. The fact that a museum retains a notice under section 305B.12 does not mean that the museum accepts the sufficiency or accuracy of the notice or that the notice is effective to preserve an interest in property on loan to the museum.

3. The department of cultural affairs shall adopt by rule a form for notice of intent to preserve an interest in property on loan to a museum. The form shall satisfy the requirements of subsection 1 and shall notify the claimant of the rights and procedures to preserve an interest in museum property. The form shall also facilitate record-keeping and record retrieval by a museum. At a minimum the form shall provide a place for recording evidence of receipt of a notice by a museum, including the date of receipt, signature of the person receiving the notice, and the date on which a copy of the receipt is returned to the claimant.

88 Acts, ch 1117, §8

305B.9 Limitations on actions against museums.

1. An action shall not be brought against a museum for damages because of injury to or loss of property loaned to the museum more than three years from the date the museum gives the lender or claimant notice of the injury or loss or ten years from the date of the injury or loss, whichever occurs earlier.

2. An action shall not be brought against a museum to recover property on loan more than one year from the date the museum gives the lender or claimant notice of the intent to terminate the loan or notice of acquisition of title to undocumented property.

3. An action shall not be brought against a museum to recover property on loan more than seven years from the date of the last written contact between the lender or claimant and the museum as evidenced by the museum’s records.

4. A lender or claimant is considered to have donated loaned property to the museum if the lender fails to file an action to recover the property on loan to the museum within the periods specified in subsections 1 through 3.

5. A person who purchases property from a museum acquires good title to the property if the museum represents that it has acquired title to the property pursuant to subsection 4.

6. Notwithstanding subsections 3 and 4, a lender or claimant who was not given notice as provided in this chapter that the museum intended to terminate a loan, as provided in section 305B.6, and who proves that the museum received an adequate notice of intent to preserve an interest in loaned property, which satisfies all of the requirements of section 305B.8, within the seven years immediately preceding the filing of an action to recover the property, may recover the property or, if the property has been disposed of, the reasonable value of the property at the time it was disposed of plus interest at the legal rate.

7. A museum is not liable at any time, in the absence of a court order, for returning property to the original lender, even if a claimant other than the lender has filed a notice of intent to preserve an interest in property. If persons claim competing interests in property in the possession of a museum, the burden is upon the claimants to prove their interest in an action in equity initiated by a claimant. A museum is not liable at any time for returning property to an uncontested claimant who produced reasonable proof of ownership pursuant to section 305B.8.

88 Acts, ch 1117, §9

   d. The beginning date of the loan period, if known.

3. A museum accepting a loan of property on or after January 1, 1989, shall inform the lender in writing at the time of the loan of the provisions of this chapter. A copy of the form notice prescribed in section 305B.8, or a citation to this chapter, is adequate for this purpose.

4. The museum is responsible for notifying a lender or claimant of the museum’s change of address or dissolution.

88 Acts, ch 1117, §10
305B.11 Required museum recordkeeping.

On or after January 1, 1989, a museum shall at minimum maintain and retain the following records, either originals or accurate copies, for a period of not less than twenty-five years:

   f. The beginning date of the loan period or transaction date.

The department of cultural affairs may by rule determine the minimum form and substance of recordkeeping by museums with regard to museum property to implement this chapter.

88 Acts, ch 1117, §11

305B.12 Lender obligations to museum.

1. The lender or claimant of property on loan to a museum shall notify the museum of a change of address or change in ownership of the property. Failure to notify the museum of these changes may result in the lender's or claimant's loss of rights in the property.
2. The lender or claimant of property on loan to a museum may file with the museum a notice of intent to preserve an interest in the property as provided for in section 305B.8. The filing of a notice of intent to preserve an interest in property on loan to a museum does not validate or make enforceable any claim which would be extinguished under the terms of a written agreement, or which would otherwise be invalid or unenforceable.

88 Acts, ch 1117, §12

305B.13 Retroactive applicability.

1. Sections 305B.1 through 305B.8 are retroactively applicable to all property in the possession of a museum within the state on or after January 1, 1988.
2. Section 305B.9 is effective July 1, 1989, and when effective is retroactively applicable to all property in the possession of the museum before July 1, 1989, and is prospectively applicable to all property in the possession of the museum on or after July 1, 1989, for which a claim is filed on or after July 1, 1989.

4. Jurisdiction and control over the municipal street system shall be vested in the governing bodies of each municipality; except that the department and the municipal governing body shall exercise concurrent jurisdiction over the municipal extensions of primary roads in all municipalities. When concurrent jurisdiction is exercised, the department shall consult with the municipal governing body as to the kind and type of construction, re-
construction, repair, and maintenance and the two parties shall enter into agreements with each other as to the division of costs thereof.

When the two parties cannot initially come to agreement as to the division of costs under this subsection, they shall contract with an organization in this state to provide mediation services. The costs of the mediation services shall be equally allocated between the two parties. If after submitting to mediation the parties still cannot come to agreement as to the division of costs, the mediator shall sign a statement that the parties did not reach an agreement, and the parties shall then submit the matter for binding arbitration to a mutually agreed-upon third party. If the parties cannot agree upon a third-party arbitrator, they shall submit the matter to an arbitrator selected under the rules of the American arbitration association.

5. Jurisdiction and control over the roads and streets in any state park, state institution or other state land shall be vested in the board, commission, or agency in control of such park, institution, or other state land; except that:

a. The department and the controlling agency shall have concurrent jurisdiction over any road which is an extension of a primary road and which both enters and exits from the state land at separate points. The department may expend the moneys available for such roads in the same manner as the department exercises jurisdiction and control. The parties exercising concurrent jurisdiction may enter into agreements with each other as to the kind and type of construction, reconstruction, repair and maintenance and the division of costs thereof. In the absence of such agreement the jurisdiction and control of such road shall remain in the department.

b. The board of supervisors of any county and the controlling state agency shall have concurrent jurisdiction over any road which both enters and exits from a county park or other county conservation area at separate points. The department may expend moneys available for such roads in the same manner as the department exercises jurisdiction and control. The parties exercising concurrent jurisdiction may enter into agreements with each other as to the kind and type of construction, reconstruction, repair and maintenance and the division of costs thereof. In the absence of such agreement, the jurisdiction and control of such roads shall remain in the department.

6. Jurisdiction and control over parkways in municipalities, parks, and institutions.

The farm-to-market road system shall be a continuous interconnected system and provision shall be made for continuity by the designation of extensions within municipalities, state parks, state institutions, other state lands, and county parks and conservation areas. The mileage of such extensions of the system shall be included in the total mileage of the farm-to-market road system.

306.6 Farm-to-market review board.

A farm-to-market review board is created. Members shall be appointed by the Iowa county engineers association. This board shall select a chairperson from among its members by majority vote of the total membership.

The farm-to-market review board shall review any and all farm-to-market system modification proposals. The farm-to-market review board shall make final administrative determinations based on sound farm-to-market road system designation
§306.6A, ESTABLISHMENT, ALTERATION, AND VACATION OF HIGHWAYS

306.6A Farm-to-market road system modifications.

1. Modifications to the existing farm-to-market road system and designation of farm-to-market routes on new alignment shall be accomplished in accordance with procedural rules adopted by the farm-to-market review board, subject to the following procedures:
   a. Counties shall initiate system modifications by submitting a resolution from the board of supervisors to the department.
   b. The department shall submit the resolution to the farm-to-market review board and provide additional material as requested by the board.
   c. Upon receipt of a county's resolution requesting a farm-to-market system modification, the farm-to-market review board shall review the proposed system modification and shall consider, but not be limited to consideration of, the following factors:
      (1) Intracounty and intercounty continuity of systems.
      (2) Properly integrated systems.
      (3) Existing and potential traffic.
      (4) Land use.
      (5) Location.
      (6) Equitable distribution of farm-to-market mileage among the counties.
   2. Upon completion of the review process, the farm-to-market review board may do any of the following:
      a. Approve the requested modifications to the farm-to-market road system and submit the modifications to the department for processing.
      b. Deny the requested modifications.
      c. Request additional information for further review.

306.7 Functions changed or new roads added. Repealed by 98 Acts, ch 1075, §17. See §306.6A.

306.8 Transfer of jurisdiction.

Prior to a change in jurisdiction of a road or street, the unit of government having jurisdiction shall either place the road or street and any structures on the road or street in good repair or provide for the transfer of money to the appropriate jurisdiction in an amount sufficient for the repairs to the road or street and any structures on the road or street.

Transfers of the jurisdiction and control of roads and streets may take place if agreements are entered into between the jurisdictions of government involved in the transfer of such roads and streets. [C71, §306.6; C73, 75, 77, §306.6; 81 Acts, ch 97, §1]

306.8A Transfer of roads identified in report.

1. The department shall maintain on file the transfer of jurisdiction report compiled by the ad hoc road use tax fund committee. Such report identifies primary roads for transfer to local jurisdictions.

2. The jurisdiction and control of only those primary roads identified in the transfer of jurisdiction report that are also classified by the department as local service roads shall be transferred from the state to the appropriate county or city effective July 1, 2003. Such transfers are not subject to the terms and conditions provided in section 306.8.

306.9 Diagonal roads — restoring and improving existing roads.

It is the policy of the state of Iowa that relocation of primary highways through cultivated land shall be avoided to the maximum extent possible. When the volume of traffic for which the road is designed or other conditions, including designation as part of the network of commercial and industrial highways, require relocation, diagonal routes shall be avoided if feasible and prudent alternatives consistent with efficient movement of traffic exist.

The improvement of two-lane roads shall utilize the existing right-of-way unless alignment or other conditions, including designation as part of the network of commercial and industrial highways, make changes imperative, and when a two-lane road is expanded to a four-lane road, the normal procedure shall be that the additional right-of-way be contiguous to the existing right-of-way unless relocated for compelling reasons, including the need to provide efficient movement of traffic on the network of commercial and industrial highways. This policy does not apply to a highway project for which the corridor has been approved by the state department of transportation and the corridor has been finalized by September 1, 1977.

It is the policy of the state of Iowa that in constructing primary highways designed with four-lane divided roadways, access controls shall be limited to the minimum level necessary, as determined by the department, to ensure the safe and efficient movement of traffic or to comply with federal aid requirements.

Unless otherwise required by the federal law or regulation, it is also the policy of this state that road use tax fund moneys shall be used to rehabilitate or reconstruct existing roads, streets, and bridges using substantially existing right-of-way. This paragraph does not apply where additional
right-of-way is needed for the construction or completion of designated interstate or city routes and highways bypasses or highways designated as part of the network of commercial and industrial highways.

If the road to be vacated or changed is a secondary road located in more than one county, the boards of supervisors of the counties, acting jointly, shall fix a date for a hearing on the vacation or change in either or any of the counties where the road, or part thereof, is located. If the proposed vacation is of part of a road right-of-way held by easement and will not change the existing traveled portion of the road or deny access to the road by adjoining landowners, a hearing is not required.

§306.19 Right-of-way — access — notice.

1. In the maintenance, relocation, establishment, or improvement of any road, including the extension of such road within cities, the agency having jurisdiction and control of such road shall have authority to purchase or institute and maintain proceedings for the condemnation of the necessary right-of-way therefor. Such agency shall likewise have power to purchase or institute and maintain proceedings for the condemnation of land necessary for highway drainage, or land containing gravel or other suitable material for the improvement or maintenance of highways, together with the necessary road access or right of access thereto.

2. Whenever the agency condemns or purchases property access rights or alters by lengthening any existing driveway to a road from abutting property, except during the time required for construction and maintenance of the road or highway, the agency shall:
   a. Compensate the owner for any diminution in the market value of the property by the denial or alteration by lengthening the driveway. In computing the diminution in value, no consideration shall be given to the additional maintenance expense for maintaining the additional length of driveway, but in lieu thereof, both in condemnation proceedings or negotiated purchases, the agency shall pay to the owner the sum of twenty dollars for every linear foot of additional length of driveway located on the owner’s property. This payment shall represent just compensation to the property owner for the additional driveway maintenance caused by reason of the highway or road project.
   b. If in the opinion of the agency it would be more economical to purchase the entire tract of the property owner than to provide and pay the maintenance expense required under the provisions of this section, proceed with the acquisition of the entire tract of land; or
   c. If mutually agreeable, move buildings from an existing location to a location requiring an equal or lesser length of driveway and provide an adequate driveway to a public road.

3. None of the foregoing requirements shall prohibit the property owner and the agency from entering into a mutually acceptable agreement for the replacement, relocation, construction, or maintenance of any alternate driveway on the owner’s property. Compensation for any property rights taken in the establishment of any alternative temporary or permanent access shall be paid as in any other purchase or condemnation of property.

4. Proceedings for the condemnation of land for any highway shall be under the provisions of chapter 6A and chapter 6B. Provided that, in the condemnation of right-of-way for secondary roads that is contiguous to existing road right-of-way for the maintenance, safety improvement, or upgrade of the existing secondary road, the board of supervisors may proceed as provided in sections 306.28 to 306.37.

5. a. The department may notify a city or county that a road under the jurisdiction or control of the department will be established, improved, relocated, or maintained and that the department may need to acquire additional right-of-way or property rights within an area described by the department. The notice shall include a depiction of the area on a map provided by the city, county, or the department. This notice shall be valid for a period of three years from the date of notification to
the city or county and may be refiled by the department every three years. Within seven days of filing the notice, the department shall publish in a newspaper of public record a description and map of the area and a description of the potential restrictions applied to the city or county with respect to the granting of building permits, approving of subdivision plats, or zoning changes within the area.

b. The city or county shall notify the department of an application for a building permit for construction valued at twenty-five thousand dollars or more, of the submission of a subdivision plat, or of a proposed zoning change within the area at least thirty days prior to granting the proposed building permit, approving the subdivision plat, or changing the zoning. The department may apply to the city or county for an extension of the thirty-day period. After a public hearing on the matter, the city or county may grant an additional sixty-day extension of the period.

c. If the department, within the thirty-day period, notifies the city or county that the department is proceeding to acquire all or part of the property or property rights affecting the area, the city or county shall not issue the building permit, approve the subdivision plat, or change the zoning. The department may apply to the city or county for an extension of the thirty-day period. After a public hearing on the matter, the city or county may grant an additional sixty-day extension of the period.

d. The department shall begin the process of acquiring property or property rights from affected persons within ten days of the department’s written notification of intent to the city or county.

6. If the agency determines that it is necessary to relocate a utility facility, the agency shall have the authority to institute and maintain proceedings on behalf of the owner of the utility facility for the condemnation of replacement property rights. The replacement property rights shall be equal in substance to the existing rights of the owner of the utility facility, except that the replacement property rights shall be for a width and location deemed appropriate and necessary for the needs of the owner of the utility facility, as determined by the agency and the owner of the facility. The replacement property rights of the owner of the utility facility shall be subordinate to the rights of the agency only to the extent necessary for the construction and maintenance of the designated road. Within a reasonable time after completion of the relocation, all previously owned property rights of the owner of the utility facility no longer required for operation and maintenance of the utility facility shall be released or conveyed to the appropriate parties. The authority of the agency under this subsection may only be exercised upon execution of a relocation agreement between the agency and the owner of the utility facility. For purposes of this subsection, “utility facility” means an electric, gas, water, steam power, or materials transmission or distribution system; a transportation system; a communications system, including cable television; and fixtures, equipment, or other property associated with the operation, maintenance, or repair of the system. A utility facility may be publicly, privately, or cooperatively owned.

7. For the purposes of this section, the term “driveway” shall mean a way of ingress and egress located entirely on private property, consisting of a lane or passageway leading from a residence to a public roadway or highway.

§306.20 Cemeteries.

No road shall be established through any cemetery or burying ground without the consent of all the parties affected by the same.

§306.21 Plans, plats and field notes filed.

All road plans, plats and field notes and true and accurate diagrams of water, sewage and electric power lines for rural subdivisions shall be filed with and approved by the board of supervisors and the county engineer before the subdivision is laid out or recorded. Such plans shall be clearly designated as “completed”, “partially completed” or “proposed” with a statement of the portion completed and the expected date of full completion. If such road plans are not approved as provided in this section such roads shall not become the part of any road system as defined in this chapter.

§306.22 Sale of unused right-of-way.

When title to any tract of land has been or may be acquired for the construction or improvement of any highway, and when in the judgment of the agency in control of the highway, the tract will not be used in connection with or for the improvement, maintenance, or use of the highway, the agency in control of the highway may sell the tract for cash. The department may contract for the sale of any tract of land subject to the following terms and conditions:

1. The discounted present market value of the contract offer, including the cash down payment, shall exceed one hundred ten percent of the highest cash offer submitted for the tract if a cash offer
§306.22, ESTABLISHMENT, ALTERATION, AND VACATION OF HIGHWAYS

The discount rate shall be the rate of interest stated in the contract.

2. The cash down payment shall be equal to or in excess of five percent of the total purchase price.

3. The term of the contract shall not exceed ten years.

4. The rate of interest stated in the contract shall not be less than the prevailing rate of interest charged on contract land sales by sellers in the county or general area in which the tract of land is located.

5. The department shall advertise for cash bids and contract offers before accepting a contract offer.

6. The appraised value of property sold under a land contract sale shall be at least five thousand dollars.

7. Any tract of land sold on contract shall be listed on the tax rolls by and taxed to the contract purchaser, as provided in chapters 428 and 443; assessed and valued as provided in chapter 441; taxes levied as provided in chapter 444; collected as provided in chapter 445; and subject to tax sale, redemption, and apportionment of taxes as provided in chapters 446 to 449. The contract purchaser shall discharge and pay all taxes.

If any tract of land is sold, the sale shall be subject to the right of a utility association, company, or corporation to continue in possession of a right-of-way in use at the time of the sale.

1. The agency in control of a tract, parcel, or piece of land, or part thereof, which is unused right-of-way shall send by certified mail to the last known address of the present owner of adjacent land from which the tract, parcel, piece of land, or part thereof, was originally purchased or condemned for highway purposes, notice of the agency's intent to sell the land, the name and address of any other person to whom a notice was sent, and the fair market value of the real property based upon an appraisal by an independent appraiser.

2. The notice shall give an opportunity to the present owner of adjacent property and to the person who owned the land at the time it was purchased or condemned for highway purposes, notice of the agency's intent to sell the land, the name and address of any other person to whom a notice was sent, and the fair market value of the real property based upon an appraisal by an independent appraiser.

3. The notice shall give an opportunity to the present owner of adjacent property and to the person who owned the land at the time it was purchased or condemned for highway purposes to be heard and make offers within sixty days of the date the notice is mailed for the tract, parcel, or piece of land to be sold. An offer which equals or exceeds in amount any other offer received and which equals or exceeds the fair market value of the property shall be given preference by the agency in control of the land. If no offers are received within sixty days or if no offer equals or exceeds the fair market value of the land, the agency shall transfer the land for a public purpose or proceed with the sale of the property.

3. For the purposes of this section, “public purpose” means the transfer to a state agency or a city, county, or other political subdivision for a public purpose.

Any numbered road closed for over forty-eight hours shall have a designated detour route. The agency having jurisdiction over a section of highway closed in accordance with the provisions of this section, or the persons or contractors employed to carry out the construction, reconstruction, or maintenance of the closed section of highway, shall not be liable for any damages to any vehicle that enters the closed section of highway or the contents of such vehicle or for any injuries to any person that enters the closed section of highway, unless the damages are caused by gross negligence of the agency or contractor.

[C71, 73, 75, 77, 79, §306.41]

306.42 Transfer of rights-of-way.

1. This section is intended to vest all documents of title in road right-of-way in the jurisdiction responsible for the road. This section establishes a simple method to transfer road rights-of-way by quitclaim deed and to authorize the use of available descriptions, plats, maps or engineering drawings used to describe transfers and to provide an orderly method by which such transfers may be filed, indexed and recorded.

2. The department shall transfer by quitclaim deed to the county or to the city having jurisdiction over a road, all of the state’s legal or equitable title and interest in right-of-way for the road and may transfer any adjacent unused right-of-way or land in excess of that needed as right-of-way. The deed shall be executed by the director of the department. However, if the department owns any adjacent unused right-of-way in excess of that needed as right-of-way which is located outside the incorporated limits of a city and is suitable for purposes specified in section 350.4, subsection 2, the department may, at the request of the county and the county conservation board, transfer the property by quitclaim deed to the county for the use and benefit of the county conservation board.

3. The county or the city shall transfer by quitclaim deed to the state department of transportation when having jurisdiction over a road, all of the county’s or the city’s legal or equitable title and interest in rights-of-way for the road and may transfer any adjacent unused right-of-way or land in excess of that needed as right-of-way. The deed shall be executed by the chairperson of the board of supervisors by order of the board for county roads and by the mayor or city manager by order of the city council for city streets.

4. Transfers under this section shall be subject to the right of a utility, association, company or corporation to continue in possession of a right-of-way in use at the time of the transfer. Transfers shall be subject to rights of ingress and egress whether excepted, reserved or granted by the transferring authority to land or to owners of land adjacent to the right-of-way. Transfers shall include an index of parcels transferred by the character of the instrument or proceeding, the grantor and grantee, and date of the last instrument or proceeding acquiring rights to each parcel. Transfers shall locate the right-of-way by quarter-quarter section, township and range or if so acquired, by lot, block and subdivision. The transferring jurisdiction shall transmit to the receiving jurisdiction all available original documents of title or a certified true copy if the right-of-way was acquired by condemnation or the original deed is lost. Transfers shall be recorded and indexed in the county in which the land is located.

5. Notwithstanding chapter 542B and sections 6A.20, 306.22, 354.13, 354.15, and 364.7, legal descriptions, plats, maps, or engineering drawings used to describe transfers of right-of-way shall, where available, be descriptions, plats, maps, or engineering drawings of record and shall be incorporated by reference to the title instrument or proceedings. If a part but not all of the land acquired by a single conveyance or condemnation is being transferred, the description of that part to be transferred shall be abstracted from the present legal description, plat, map, or engineering drawing of record.

6. Notwithstanding any other provision of the Code, for transfers of roads and streets made after May 1, 1987, neither the transferring jurisdiction or the receiving jurisdiction shall be held liable for any claim or damage for any act or omission relating to the design, construction, or maintenance of the road or street that occurred prior to the effective date of the transfer. This paragraph shall apply to all transfers pursuant to this chapter or section 313.2.

306.44 Study of road systems.
Transfers not executed as of April 1, 1981 shall be void unless mutually agreed upon by the parties involved. The department shall conduct a study to determine the size of the primary road systems, and the department in conjunction with the county boards of supervisors or the supervisors’ designee shall conduct a study to determine the size of the secondary road systems and provide the general assembly with alternative primary and secondary road systems prior to February 1, 1982 for its review. The general assembly may approve a method for classifying the primary and secondary road systems.

306.45 Easements on highway rights-of-way.

Written conveyances containing any easement conditions prescribed by the department shall be made in the name of the state and signed by the governor and the secretary of state, with the seal of the state of Iowa affixed.

306.46 Public utility facilities — public road rights-of-way.
1. A public utility may construct, operate, repair, or maintain its utility facilities within a public road right-of-way. The location of new utility facilities shall comply with section 318.9. A utility facility shall not be constructed or installed in a manner that causes interference with public use of the road.
2. For purposes of this section, “public utility” means a public utility as defined in section 476.1, and shall also include waterworks, municipally owned waterworks, joint water utilities, rural water districts incorporated under chapter 357A or chapter 504, and cooperative water associations. For the purposes of this section, “utility facilities” means any cables, conduits, wire, pipe, casing pipe, supporting poles, guys, and other material and equipment utilized for the furnishing of electric, gas, communications, water, or sewer service.
3. This section shall not impair or interfere with a city’s authority to grant, amend, extend, or renew a franchise as provided in section 364.2, and shall not impair or interfere with a city’s existing general police powers to control the use of its right-of-way.

SOIL AND WATER CONSERVATION IMPACT

306.50 Construction program notice.
The appropriate highway authority shall provide copies of its annual construction program to the soil and water conservation district commissioners’ office in each county. The soil and water conservation district commissioners’ office shall review the construction program submitted by each highway authority to determine those projects which may impact upon soil erosion and water diversion or retention.

306.51 Soil erosion impact.
The soil and water conservation district commissioners shall, within thirty days after receipt of the construction program, notify the appropriate highway authority of the projects which will impact upon soil erosion and water drainage and request that the appropriate highway authority notify them of the date, time, and place for holding the design hearing on preliminary plans.
85 Acts, ch 106, §3; 87 Acts, ch 23, §8

306.52 Review of plans.
Upon examining the preliminary plans on a road project, the soil and water conservation district commissioners may review each road project for which a drainage structure is required. The soil and water conservation commissioners shall ascertain whether or not the proposed erosion control or runoff control structure is suitable to reduce the velocity of runoff, reduce gully erosion, or provide for sedimentation or other improvement that would enhance soil conservation. The soil and water conservation commissioners shall also ascertain whether any other aspect of the road construction will affect soil and water conservation.
85 Acts, ch 106, §4; 87 Acts, ch 23, §9

306.53 Submission of recommendations — contribution to cost.
The soil and water conservation district commissioners shall submit their findings and recommendations to the appropriate highway authority not later than twenty days following examination of the construction plans.
The appropriate highway authority shall respond to the soil and water conservation district commissioners and indicate its agreement to the suggested installation or its rejection of the proposal.
Where feasible and cost-sharing funds are available, the soil and water conservation district may contribute in part or in its entirety to any additional cost for the erosion control structure.

85 Acts, ch 106, §5; 87 Acts, ch 23, §10

306.54 Reporting.
If the proposal is rejected, the appropriate highway authority shall provide a written report documenting the reason for the rejection to the soil and water conservation district commissioners and the state department of transportation. The state department of transportation shall submit a written report to the general assembly not later than March 1 of each year. The report shall contain only a list of those highway projects where a disagreement exists between the department and the soil and water conservation district commissioners and the reasons for rejecting the recommendations of the soil and water conservation district commissioners. The report shall be filed with the secretary of the senate and the chief clerk of the house of representatives.

CHAPTER 306A
CONTROLLED-ACCESS HIGHWAYS

306A.1 Declaration of policy.
The legislature hereby finds, determines, and declares that this chapter is necessary for the immediate preservation of the public peace, health, and safety, and for the promotion of the general welfare.
[C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.1]

306A.2 Definition of a controlled-access facility.
For the purposes of this chapter, a controlled-access facility is defined as a highway or street especially designed for through traffic, and over, from or to which owners or occupants of abutting land or other persons have no right or easement or only a controlled right or easement of access, light, air, or view by reason of the fact that their property abuts upon such controlled-access facility or for any other reason. Such highways or streets may be freeways open to use by all customary forms of street and highway traffic or they may be parkways from which trucks, buses, and other commercial vehicles shall be excluded.
[C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.2]

306A.3 Authority to establish controlled-access facilities — utility accommodation policy.
Cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306, acting alone or in cooperation with each other or with any federal, state, or local agency or any other state having authority to participate in the construction and maintenance of highways, are authorized to plan, designate, establish, regulate, vacate, alter, improve, maintain, and provide controlled-access facilities for public use if traffic conditions, present or future, will justify special facilities; provided, that within a city such authority shall be subject to municipal consent as may be provided by law. In addition to the specific powers granted in this chapter, cities and highway authorities shall have any additional authority vested in them relative to highways or streets within their respective jurisdictions. Cities and highway authorities may regulate, restrict, or prohibit the use of controlled-access facilities by various classes of vehicles or traffic in a manner consistent with section 306A.2.
The state department of transportation shall adopt rules, pursuant to chapter 17A, embodying a utility accommodation policy which imposes reasonable restrictions on placements occurring on or after the effective date of the rules, on primary road rights-of-way. The rules may require utilities to give notice to the department prior to installation of a utility system on a primary road right-of-way and obtain prior permission from the department for the proposed installation. The rules shall recognize emergency situations and the need for immediate installation of service extensions subject to the standards adopted by the department and the utilities board. The rules shall be no less stringent than the standards adopted by the utilities board pursuant to chapters 478, 479, and 479B. This paragraph shall not be construed as granting the department authority which has been expressly granted to the utilities board to determine the route of utility installations. If the department requires a utility company permit, the department shall be required to act upon the permit application within thirty days of its filing. In cases of federal-aid highway projects on nonprimary highways, the local authority with jurisdiction over the highway and the department shall comply with all federal regulations and statutes regarding utility accommodation.

306A.4 Design of controlled-access facility.

Cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306, are authorized to design any controlled-access facility and to so regulate, restrict, or prohibit access as to best serve the traffic for which such facility is intended. In this connection such cities and highway authorities are authorized to divide and separate any controlled-access facility into separate roadways by the construction of raised curbings, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, stripes, and other devices. No person shall have any right of ingress or egress to, from, or across controlled-access facilities to or from abutting lands, except at such designated points at which access may be permitted, upon such terms and conditions as may be specified from time to time.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.4]

306A.5 Acquisition of property and property rights.

For the purposes of this chapter, cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306, may acquire private or public property rights for controlled-access facilities and service roads, including rights of access, air, view, and light, by gift, devise, purchase, or condemnation in the same manner as such units are authorized by law to acquire such property or property rights in connection with highways and streets within their respective jurisdictions. All property rights acquired under this chapter shall be in fee simple. In connection with the acquisition of property or property rights for a controlled-access facility or portion of, or service road in connection with a controlled-access facility, the cities and highway authorities, in their discretion, may acquire an entire lot, block, or tract of land, if by so doing the interests of the public will be best served, even though the entire lot, block, or tract is not immediately needed for the right of way proper.

No access rights to any highway shall be acquired by any authority having jurisdiction and control over the highways of this state by adverse possession or prescriptive right. No action heretofore or hereafter taken by any such authority shall form the basis for any claim of adverse possession of, or prescriptive right to any access rights by any such authority.

Cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306 may designate and establish an existing street or highway as included within a controlled-access facility. The state or any of its subdivisions shall have authority to provide for the elimination of intersections at grade of controlled-access facilities with existing state and county roads, and city or village streets, by grade separation or service road, or by closing off such roads and streets at the right of way boundary line of such controlled-access facility, the provisions of sections 306.11 to 306.17 shall apply and govern the procedure for the closing of such road or street and the method of ascertaining damages sustained by any person as a consequence of such closing, provided, however, that the highway authority desiring the closing of such road or street shall conduct the hearing and carry out the procedure therefor and pay any damages, including any allowed on appeal, as a consequence thereof, any law to the contrary notwithstanding, and after the establishment of any controlled-access facility, no highway or street which is not part of said facility shall intersect the same at grade. No city or village street, county or state highway, or other public way shall be opened into or connected with any such controlled-access facility without the consent and previous approval of the highway authority in the state, county, city, or village having jurisdiction over such controlled-access facility. Such consent
and approval shall be given only if the public interest shall be served thereby. [C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.6]

306A.7 Authority of local units to consent.
Cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306 are authorized to enter into agreements with each other, or with the federal government, respecting the financing, planning, establishment, improvement, maintenance, use, regulation, or vacation of controlled-access facilities or other public ways in their respective jurisdictions, to facilitate the purposes of this chapter. [C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.7]

306A.8 Local service roads.
In connection with the development of any controlled-access facility cities and highway authorities having jurisdiction and control over the highways of the state, as provided by chapter 306, are authorized to plan, designate, establish, use, regulate, alter, improve, maintain, and vacate local service roads and streets to designate as local service roads and streets any existing road or street, and to exercise jurisdiction over service roads in the same manner as is authorized over controlled-access facilities under the terms of this chapter, if, in their opinion, such local service roads and streets are necessary or desirable. Such local service roads or streets shall be of appropriate design, and shall be separated from the controlled-access facility proper by means of all devices designated as necessary or desirable by the proper authority. [C58, 62, 66, 71, 73, 75, 77, 79, 81, §306A.8]

RELOCATION OF UTILITY FACILITIES

306A.10 Notice to relocate — costs paid.
Whenever the state department of transportation, city or county determines that relocation or removal of any utility facility now located in, over, along, or under any highway or street, is necessitated by the construction of a project on routes of the national system of interstate and defense highways including extensions within cities or on streets or highways resulting from interstate substitutions in a qualified metropolitan area under title 23, U.S.C., the utility owning or operating the facility shall relocate or remove the same in accordance with statutory notice. The costs of relocation or removal, including the costs of installation in a new location, shall be ascertained by the authority having jurisdiction over the project or as determined in condemnation proceedings for such purposes and may be paid from participating federal aid or other funds. 306A.11 What costs included.
Cost of relocation or removal shall include the entire amount paid by such utility properly attributable to such relocation or removal except the cost of land or any rights or interest in land, after deducting therefrom any increase in the value of the new facility and any salvage value derived from the old facility. [C62, 66, 71, 73, 75, 79, 81, §306A.11]

1. Advertising devices located within the adjacent area of interstate highways and freeway primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than five hundred feet outside of cities, and within two hundred fifty feet if inside of cities. An advertising device may not be located within two hundred fifty feet of an interchange, or rest area. The measurement shall be from the nearest widening constructed for the purpose of acceleration or deceleration of traffic movement to or from the main-traveled way to the advertising device.

2. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than one hundred feet if inside the corporate limits of a municipality. No advertising device, other than as excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by a line connecting two points each one hundred feet back from where the street right-of-way lines of the main-traveled way and the intersecting lines meet, or would meet, if extended.

3. Advertising devices located within the adjacent area of primary highways shall not be erected or maintained closer to another advertising device facing in the same direction than three hundred feet if outside the corporate limits of a municipality. No advertising device, other than those excepted or permitted by subsections 4, 5, or 6 of this section, shall be located within the triangular area formed by a line connecting two points each one hundred feet back from where the street right-of-way lines of the main-traveled way and the intersecting lines meet, or would meet, if extended.

4. The distance spacing measurements fixed by subsections 2 and 3 of this section shall not apply to advertising devices which are separated by a building in such a manner that only one advertising device located within the minimum spacing distance is visible from a highway at any one time.

5. Within a triangular area, as defined by subsections 2 and 3 of this section, occupied by a building or structure, no advertising device shall be erected or maintained closer to the intersection than the building or structure itself, except that a wall advertising device may be attached to said building or structure not to protrude more than twelve inches.

6. Official and directional signs and notices and advertising devices concerning the sale or lease of the property or activities conducted upon the property as specified in 23 U.S.C. § 131(c) shall not be taken into consideration in determining compliance with spacing requirements.

7. The minimum distance between two advertising devices facing the same direction shall apply without regard to the side of the highway on which the advertising devices may be located and shall be measured along the center line of the highway between points directly opposite the advertising devices.

8. Advertising devices shall not be erected, maintained, or illuminated:

a. In a manner to obscure or otherwise physically interfere with an official traffic sign, signal, or device, or to obstruct or physically interfere with any driver's view of approaching, merging, or intersecting traffic.

b. Unless effectively shielded to prevent light from being directed at any portion of the traveled highway with such intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle.

c. Which contain, include, or are illuminated by any flashing, intermittent, or moving light or lights, except those giving public service information such as, but not limited to time, date, temperature, weather, news and similar information.

e. Which exceed one thousand two hundred square feet in area or in the case of a back-to-back or V-type advertising device, with a maximum of two facings per advertising device, seven hundred...
§306C.14 Existing signs — six-year limit.

Any advertising device lawfully in existence in an adjacent area on July 1, 1972, which does not conform with the provisions of this division, shall be required to be brought into conformity or removed within six years after July 1, 1972. Any advertising device lawfully erected after said date which subsequently becomes nonconforming, shall be required to be brought into conformity or removed within five years after the date the nonconformity occurs. However, no advertising device shall be acquired or be required to be removed pursuant to this division unless the department has received notification from the federal government that the federal share of "just compensation" to be paid is immediately available to contribute to the cost of acquisition or removal; this requirement shall not apply to the acquisition or removal of advertising devices for which no federal share is payable.

2. Advertising devices lawfully in existence on land adjoining any highway made an interstate, freeway primary, or primary highway after July 1, 1972.
3. Advertising devices lawfully erected on or after July 1, 1972, but which subsequently become nonconforming.

permit from the department, except in the case of advertising devices lawfully in existence in areas adjacent to any highway made an interstate, freeway primary, or primary highway after July 1, 1972. The owner shall be required to make application for a permit as provided for in this section within thirty days after the date the said highway acquired said designation.

3. Upon receipt of an application containing all the required information in due form and properly executed together with the fee required, the department shall issue a permit to be affixed to the advertising device if the advertising device will not violate any provision of this division or chapter 306B, or any rule promulgated by the department, provided that in the case of advertising devices to be acquired pursuant to section 306C.15, a provisional permit shall be issued.

4. The fee for both types of permits for calendar years 1997 and 1998 shall be one hundred dollars for the initial fee and fifteen dollars for each annual renewal for signs up to three hundred seventy-five square feet in area, twenty-five dollars for each annual renewal for signs at least three hundred seventy-six, but not more than nine hundred square feet in area, and fifty dollars for each annual renewal for signs one thousand square feet or more in area. Beginning January 1, 1999, fees shall be as determined by rule by the department. The fees collected for the above purposes shall be credited to a special account entitled the "highway beautification fund" and all salaries and expenses incurred in administering this chapter shall be deposited in the "highway beautification fund". Any advertising device erected or maintained after July 1, 1972, in violation of this division or the rules promulgated by the department, is a public nuisance and may be removed by the department upon thirty days' notice, by certified mail, to the owner of the advertising device and to the owner of the land on which the advertising device is located. The notice shall require such owners to remove the advertising device if it is prohibited, or to cause it to conform to this division or rules promulgated by the department if it is not prohibited.

1. If the owner of the advertising device or the landowner fails to act within thirty days as required in the notice, the advertising device shall be deemed to be forfeited and the department may enter upon the land and remove the advertising device. Such entry after notice, shall not be deemed a trespass and the department may be aided by injunction to abate the nuisance and to insure peaceful entry.

2. The cost of removal, including fees, costs and expenses which arise out of an action brought by the department to insure peaceful entry and removal, may be assessed against the owner of the advertising device. If the owner of the advertising device fails to pay the fees, costs, or expenses within thirty days after assessment, the department may commence an action to collect the fees, costs, or expenses, which when collected shall be paid into the "highway beautification fund".

306C.21 Information centers and rest areas.

The department may establish or enter into agreements with private persons, firms, or corporations for the establishment of information centers in rest areas on the interstate, freeway primary, and primary highways, subject to the approval of the appropriate authority of the federal government. After January 1, 1997, private persons, firms, or corporations entering into an agreement with the department under this section shall not develop, establish, or own any commercial business located on land adjacent to the rest area which is subject to the agreement.

An interstate rest area shall be located entirely on the interstate right-of-way, including, but not limited to, all entrance and exit ramps, all rest area buildings including information centers, and...

306C.23 Special event signs.
It is lawful to place a special event sign on private property with permission of the owner or person in charge of the property at any time during the period beginning sixty days prior to the date of the special event to which the sign pertains and ending on the day of the special event. Special event signs shall be removed not later than twenty-four hours following the end of the special event. This section does not authorize placement of a special event sign at a location where it may, because of its size, location, content, coloring, or lighting, constitute a traffic hazard or a detriment to traffic safety by obstructing the vision of drivers, by detracting from the visibility of a traffic control device or by being confused with an authorized traffic control device.

92 Acts, ch 1100, §1

306C.24 Compensation for sign removal.
1. Definition. As used in this section, “off-premises advertising device” means an advertising device which does not qualify as an “on-premises sign” under rules adopted by the department pursuant to chapter 17A.

2. Just compensation required. Political subdivisions of this state shall not remove, take, alter, or cause to be removed, taken, or altered a lawfully erected off-premises advertising device without paying just compensation in cash to the owner of the advertising device and to the owner of the real property on which the advertising device is located, as provided in section 306C.16. The department shall not remove, take, alter or cause to be removed, taken, or altered a lawfully erected off-premises advertising device subject to control under chapter 306B or this chapter without paying just compensation when required under 23 U.S.C. § 131(g) to the owner of the advertising device and to the owner of the real property on which the advertising device is located, as provided in section 306C.16. For the department, the sole intent of this section is to comply with 23 U.S.C. § 131(g) and it is not the intent of this section to, in any manner, relinquish any powers of the department relating to the control and removal of advertising devices under police power.

3. Exceptions. This section does not apply to the removal, taking, or altering of an off-premises advertising device under any of the following conditions:

a. The device is unlawfully erected or is being maintained in violation of the provisions of section 306C.13, subsection 8, or section 306C.18.

b. The device has been abandoned or not used for a period of at least six months.

4. Department authorization. If required by 23 U.S.C. § 131(g), the department may acquire through purchase or condemnation and shall pay just compensation as provided in section 306C.16 for off-premises advertising devices removed after July 1, 1989, through amortization by an ordinance of a political subdivision enacted prior to July 1, 1989. Notwithstanding the requirements of section 306C.14, the department may first pay just compensation from the highway beautification fund and then claim reimbursement for the federal share of the payment from the federal government.

5. Savings clause. If any provision of this section which relates to the department is inconsistent or conflicts with, or is not required by, 23 U.S.C. § 131 to avoid the loss of federal funds, the provision shall be suspended but only to the extent necessary to eliminate the inconsistency, conflict, or requirement. If any part of this section is found to be invalid or unconstitutional, such judgment shall not affect the validity of the section as a whole or any provision or part of the section not found to be invalid or unconstitutional.

CHAPTER 306D
SCENIC ROUTES

306D.1 Statement of purpose — intent.
306D.2 Statewide scenic highways program — objectives and agency duties.

306D.3 Plan recommendations and pilot projects.
306D.4 Scenic highway advertising.
306D.1 Statement of purpose — intent.
1. The general assembly finds that:
   a. The state offers numerous regions through which people can drive for the pleasure of viewing unusually scenic and interesting landscapes; however, routes to and through these areas have not been adequately identified for Iowans and state visitors.
   b. Among those things that attract motorists to the state's landscape are agricultural lands, forests, river basins, distinctive landforms, interesting architecture, metropolitan areas, small rural towns, and historic sites.
   c. The landscape qualities of unusually scenic routes throughout the state have not been protected from visual and resource deterioration particularly along routes which pass near the state's nationally significant areas such as the bluffs of the Mississippi and Missouri rivers, the Amana colonies, the Herbert Hoover national historic site, federal reservoirs, communities surrounding the state's natural lakes, the Des Moines river greenbelt, the great river road, and many others.
   d. A principal goal of economic development in this state is to increase the influence which travel and tourism have on the state's economic expansion.
   e. Iowans and visitors should be encouraged to travel to and through unusually scenic areas of the state.
   f. A program should be established, following a statewide plan, to identify and promote highways and secondary routes which pass through unusually scenic landscapes and to protect and enhance the scenic qualities of the landscape through which these routes pass.
2. In addition to other goals for the program, it is the intention of the general assembly that the scenic highways program be coordinated with the state's open space program.*

306D.2 Statewide scenic highways program — objectives and agency duties.
1. The state department of transportation shall prepare a statewide, long-range plan for the protection, enhancement, and identification of highways and secondary roads which pass through unusually scenic areas of the state as identified in section 306D.1. The department of natural resources, department of economic development, and department of cultural affairs, private organizations, county conservation boards, city park and recreation departments, and the federal agencies having jurisdiction over land in the state shall be encouraged to assist in preparing the plan. The plan shall be coordinated with the state's open space plan if a state open space plan has been approved by the general assembly. The plan shall include, but is not limited to, the following elements:
   a. Preparation of a statewide inventory of scenic routes and ranking of relative uniqueness for each route. The degree to which these routes suffer from negative visual intrusions shall be documented.
   b. Recommended techniques for preserving and enhancing the scenic qualities associated with each route.
   c. Forecasts of significant changes in traffic volumes and environmental, social, and economic impacts if scenic routes are publicly identified and promoted as tourism attractions.
   d. Recommended techniques for incorporating scenic highway routes in state and local tourism development and marketing programs.
   e. Landscape management needs including maintenance, rehabilitation, and improvements to scenic areas.
   f. Funding levels needed to accomplish the statewide scenic highway program.
   g. Recommendations of how federal and state transportation programs can be modified or developed to assist the state's scenic highway program.
2. The preparation of the plan is subject to an appropriation by the general assembly for that purpose. The plan shall be submitted to the general assembly by January 15, 1988. Prior to submission of the plan to the general assembly, the department shall request comments on the proposed plan from state agencies, federal agencies, and private organizations with interests in scenic highways. The comments shall be submitted to the general assembly.

306D.3 Plan recommendations and pilot projects.
1. The department's recommendations to the general assembly shall include proposed legislation for the state to acquire and protect scenic landscapes along public roads and highways.
2. Before January 1, 1989, the department shall identify four pilot scenic highway routes across two or more counties each for trial promotion in the state's tourism marketing program.

306D.4 Scenic highway advertising.
The state department of transportation shall have the authority to adopt rules to control the erection of new advertising devices on a highway designated as a scenic highway or scenic byway in order to comply with federal requirements concerning the implementation of a scenic byways program.

The program shall include, insofar as such estimates can be made, an estimate of the money expected to become available during the period covered by the program and a statement of the construction, maintenance, and other work planned to be performed during such period. The commission shall conduct periodic reinspections of the primary roads in order to revise, from time to time, its estimates of future needs to conform to the physical and service conditions of the primary roads. The commission shall annually cause to be published a sufficiency rating report showing the relative conditions of the primary roads. Before the last day of December of each year, the commission shall adopt and cause to be published from its long-range program, a plan of improvements to be accomplished during the next calendar year. However, in years when the federal government is reauthorizing federal highway funding, the commission shall not be required to adopt and publish the annual plan of improvements to be accomplished until at least ninety days from the enactment of the new federal funding formula. This annual program shall list definite projects in order of urgency and shall include a reasonable year's work with the funds estimated to be available. The annual program shall be final and followed by the commission in the next year except that deviations may be made in case of disaster or other unforeseen emergencies or difficulties. The Missouri river interstate barge compact is enacted into law and entered into with all other states which legally join in the compact in substantially the following form:

COMPACT BETWEEN IOWA, KANSAS, MISSOURI AND NEBRASKA FOR THE DEVELOPMENT OF THE MISSOURI RIVER FOR BARGE TRAFFIC

ARTICLE I

The purposes of this compact are to provide for planning for the most efficient use of the waters of the Missouri river, to increase the amount of barge traffic on that segment of the Missouri river below Sioux City, Iowa, to take necessary steps to develop the Missouri river and its banks to handle more barge traffic than is presently handled, to encourage barge use on that segment of the Missouri river for transporting bulk goods, especially farm commodities, to insure that the intended increase in barge traffic does not impose unacceptable damage on the Missouri river in all its various uses, including agriculture, wildlife management, and recreational opportunities, to consider the effects of diversion of the waters of the Missouri river on navigation, and to promote joint action between the compact parties to accomplish these purposes. The purposes of the compact do not include lobbying activities against user fees for barge traffic and such activities under this compact are prohibited.

ARTICLE II

It is the responsibility of the four states to accomplish the purposes in Article I through the official in each state charged with the duty of administering the public waters and to collect and correlate through those officials the data necessary for the proper administration of the compact. Those officials may, by unanimous action, adopt rules and regulations to accomplish the purposes of this compact.

ARTICLE III

The states of Iowa, Missouri, Kansas, and Nebraska agree that within a reasonable time they shall fulfill the obligations of this compact and that each shall authorize the proper official or agency in its state to take the necessary steps to promote barge use and develop the Missouri river as it flows between and within the compact states for additional barge traffic.

ARTICLE IV

This compact does not limit the powers granted in any other act to enter into interstate or other agreements relating to the Missouri river flowing between and within the compact states, alter the relations between the respective internal responsibilities of the government of a party state and its subdivisions, or impair or affect any rights, powers, or jurisdiction of the United States, or those
acting by or under its authority, in, over, and to those waters of the Missouri river. Adoption of this compact by the general assembly shall not require the signatory states to adopt any legislation or to appropriate funds for its implementation.

ARTICLE V

Other states having an interest in the promotion of barge traffic on the Missouri river can join in this compact by unanimous consent of the member states.

Any member state can withdraw at any time by appropriate action of its legislature.

§307C.2 Jurisdiction and control.
The state department of transportation has jurisdiction and authority to implement the Missouri river barge compact.
§307C.3 Duties of the state department of transportation.
The state department of transportation shall, with the cooperation of the Iowa department of economic development, the department of natural resources, and the member states' officials or agencies, take the necessary steps to achieve the purposes set forth in this chapter.

§307C.4 Liberal interpretation.
This compact shall be liberally construed so as to effectuate its purposes. The compact is severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States or the applicability of the compact to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability of it to any government, agency, person or circumstance shall not be affected. If this compact is held to be contrary to the constitution of any state participating in the compact, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

§307C.5 No conflict of local functions.
The Missouri river barge compact does not supersede or limit the functions, powers, duties and discretions of counties, townships, school districts, cities, levee districts, drainage districts, levee and drainage districts, or any other governmental subdivisions or of their governing officials.

1. The state transportation commission shall make such investigations, surveys, studies and plans in connection with any proposed national parkway or parkway development as it shall deem necessary or desirable to determine if the proposed development is under the terms of the Act of the United States Congress applicable to such parkway or any regulations under such Act and is advantageous to the state. Acquisitions of such rights in land shall be by gift, purchase, exchange,

308.9 Establishing locations for the highway.
1. When, as a result of its investigations and studies, the state transportation commission, in cooperation with the department of natural resources, finds that there may be a need in the future for the development and construction or reconstruction of segments of the great river road, and when the state transportation commission determines that in order to prevent conflicting costly economic development on areas of lands to be available for the great river road when needed for future development, there is need to establish and to inform the public of the approximate location and widths of new or improved segments of the great river road to be needed, the state transportation commission may proceed to establish the location and the approximate widths in the manner provided in this section.

The state transportation commission shall give notice and hold a public hearing on the matter in a convenient place in the area to be affected by the proposed improvement of the great river road. The state transportation commission shall consider and evaluate the testimony presented at the public hearing and shall make a study and prepare a map showing the location of the proposed new or reconstructed segment of the great river road and the approximate widths of right of way needed. The map shall show the existing roadway and the property lines and record owners of lands to be needed. The approval of the map shall be recorded by reference in the state transportation commission’s minutes, and a notice of the action and a copy of the map showing the lands or interest in the lands needed in any county shall be filed in the office of the county recorder of that county. Notice of the action and of the filing shall be published once in a newspaper of general circulation in the
county, and within sixty days following the filing, notice of the filing shall be served by registered mail on the owners of record on the date of filing. Using the same procedures for approval, notice and publications, and notice to the affected record owners, the state transportation commission may amend the map.

2. After such location is established, within the area of the great river road as shown on the map or in such proximity to it as to result in consequential damages when the rights in land for the great river road are acquired, a person shall not erect or move in any additional structure or rebuild, alter or add to any existing structure, without giving to the state transportation commission by registered mail sixty days’ notice of such contemplated construction, alteration, or addition describing the same. However, this prohibition and requirement shall not apply to any normal or emergency repairs or replacements which are necessary to maintain an existing structure of a facility in approximately its previously existing functioning condition. When the rights in land for a segment of the great river road are acquired, damages shall not be allowed for any construction, alterations, or additions in violation of this subsection.

3. Without limiting any authority otherwise existing, rights in land needed for the great river road may be acquired at any time by the state, the county, or the municipality in which such segment of the great river road is located. If an owner’s contiguous land is acquired to an extent which is less than the total amount shown on the map as needed, consequential damages to the land not acquired shall be allowed as found to exist.

Additional funds as may be necessary in purchasing signs and otherwise carrying out the provisions of this chapter may be expended by the department of natural resources if authorized by the general assembly pursuant to appropriations for such purposes; and the department shall be authorized to accept and expend federal funds made available for the purposes of aiding in the implementation of this chapter.

If any county fails to satisfactorily maintain any road that is part of the federal aid secondary system, the department shall give the board of supervisors notice of that fact. If within sixty days after receipt of notice the highway has not been placed in proper condition of maintenance the department may withhold authorization for letting of any project using farm-to-market funds until a proper condition of maintenance has been restored.

The total cost of any secondary road assessment district project shall in the first instance be paid out of the county treasury. Any assessments which are paid in cash and in anticipation of which assessments no certificates have been issued, shall be transferred to the county treasury.

If no special assessment certificates are issued and sold on account of any particular secondary road assessment district, the special assessments on lands included in that district, and the interest on the assessments when collected, shall be transferred to the county treasury. If certificates are issued and sold in anticipation of the special assessments levied on a district, the proceeds of the certificates shall be credited to the county treasury. In that event, the special assessments in anticipation of which certificates have been issued, and the interest on the assessments shall, when collected, be used to retire the certificates.

311.24 Appeal from assessment.
Any owner of land in a secondary road assessment district may appeal to the district court from the order of the board of supervisors in levying the assessment against the owner’s real estate, by filing with the county engineer within fifteen days of the date of the levy, a bond conditioned to pay all costs in case the appeal is not sustained, and a written notice of appeal where the owner shall, with particularity, point out the specific objection which the owner desires to lodge against the levy. The appeal has precedence over all other business pending before the court except criminal matters. The appeal shall be heard as in equity. The court may raise or lower the assessment in question and make an equitable assessment in the judgment of the court. The clerk of the district court shall, upon the entry of the final order of the court, certify the final order to the county engineer. The board of supervisors shall adjust the assessments to comply with the final order of the court.

The appellant shall, within twenty days after perfection of the appeal, docket the appeal and file a petition setting forth the order or decision of the board of supervisors appealed from, and the appellant’s specific objections. A failure to comply with either of these requirements is a conclusive waiver of the appeal and the court shall dismiss the petition. Appellee need not file answer, but may do so.

311.26 Assessments certified to county treasurer.
When the board of supervisors has entered its final order as to the amounts of all special assessments on a given improvement, the county engineer shall at once certify a list of the assessments and a list of real estate upon which each assessment is paid in cash and in anticipation of which each assessment has been levied, to the county treasurer, who shall enter each assessment in the same manner as taxes levied for state and county purposes. Changes in the amount of a special assessment are a lien upon the real estate levied on the tax books and continue the entry until the assessment is paid.

Each special assessment and all installments of the special assessments are a lien upon the real estate upon which levied from the date of the certificate by the county engineer to the same extent and in the same manner as taxes levied for state and county purposes. Changes in the amount of a special assessment by reason of a ruling of the district court on appeals shall be likewise certified and the county treasurer shall make the proper correction on the books.

Each assessment district shall be considered a unit and all funds received by the county treasurer for or on behalf of such unit shall be carried as a distinct and separate account and under the same specific name as that used by the board in establishing such unit.

§311.28  Certificates anticipating assessments.
In order to render immediately available that amount of the estimated cost of an improvement which has been specially assessed, the board may issue road certificates in the name of the county in an aggregate amount not exceeding the then unpaid amount of the special assessment levied in the district. Each issue of certificates shall be under, and in accordance with, a duly adopted resolution of the board which shall recite all of the following:
1. The name or designation of the road district on account of which the certificates are issued.
2. That a stated amount has been specially assessed against the lands within the district.
3. That a stated amount of the aggregate special assessment has not yet been paid.
4. That it is necessary to render the unpaid amount immediately available.
5. The number of road certificates authorized and the specific amount of each certificate.
6. The specific numbering or designation of the certificates.
7. The rate of interest which each certificate shall bear from date, not exceeding that permitted by chapter 74A.
8. The fact that the certificates are payable solely from the proceeds of the special assessments which have been levied on the lands within the districts.
9. That each certificate shall be payable on or before January 1 of the first year following the maturity of the last installment of the special assessments, and that interest on the certificate shall be paid annually.
10. The authorization to the chairperson of the board, to and to the county treasurer, to sign and countersign each of the certificates.

§311.29  Sale of certificates.
Upon the signing of each of the certificates by the chairperson of the board, the certificates shall be delivered to the county treasurer, who shall countersign them and who shall be responsible for them on the treasurer’s bond. The treasurer may apply the certificates in payment of warrants duly authorized and issued for improving the roads within the district, or the treasurer may sell the certificates for the best obtainable price and for not less than par, plus accrued interest. The certificates shall be retired in the order of their numbering.

§311.30  Certificates registered — payment.
The county treasurer shall, in connection with the road account for said district, enter the name and post-office address of all persons to whom any of said certificates are issued, with a particular designation of the certificates delivered to each person. Any subsequent holder may present the certificate to the county treasurer and cause the subsequent holder’s name and post-office address to be entered in lieu of that of such former holder. Whenever the fund for such particular district has money to pay the first retirable certificate or certificates, the county treasurer shall, by mail, as shown by the county treasurer’s records, promptly notify the holder of such certificate of such fact and that from and after ten days after the mailing of such letter all interest on such certificates will cease.

§311.31  Previous assessments not invalidated.
Repealed by 87 Acts, ch 115, § 83.

§311.32  Administration and maintenance of roads.
Any road established by petition and any road improved by petition under this chapter shall be administered and maintained by the county under chapters 306, 309, 314, 317, and 318. However, the fact that right-of-way is donated by property owners for the establishment of a road or a portion of the cost of a road improvement is paid by property owners under this chapter, does not preclude the board of supervisors from exercising its responsibility over these roads as secondary roads.

The amount of moneys by which the apportionment to the city is reduced shall be transferred to the secondary road fund of the county, to be used for the same purposes.
   c. Apportion among the cities, in the ratio which the population of each city bears to the total population of all such cities in the state, the percentage of the road use tax funds credited to the secondary road fund of the respective county, to be used for the maintenance or construction of roads under the county's jurisdiction, and all interest and earnings on the moneys transferred shall remain in the secondary road fund of the county, to be used for the same purposes.

A city may have one special federal census taken each decade, and the population figure thus obtained shall be used in apportioning amounts under this subsection beginning the calendar year following the year in which the special census is certified by the secretary of state.

3. In any case where a city has been incorporated since the latest available federal census the mayor and council shall certify to the state treasurer the actual population of such incorporated city as of the date of incorporation and its apportionment of funds under this section shall be based upon such certification until the next federal census enumeration. Any community which has dissolved its corporation shall not receive any appor-
tionment of funds under this certificate for any period after said corporation has been dissolved.
4. In any case where a city has annexed any territory since the last available federal census or special federal census, the mayor and council shall certify to the treasurer of state the actual population of such annexed territory as determined by the last certified federal census of said territory and the apportionment of funds under this section shall be based upon the population of said city as modified by the certification of the population of the annexed territory until the next federal or special federal census enumeration.
5. In any case where two or more cities have consolidated, the apportionment of funds under this section shall be based upon the population of the city resulting from said consolidation and shall be determined by combining the population of all cities involved in the consolidation as determined by the last available federal or special federal census enumeration for said consolidating city.

313.2 “Road systems” defined — roadside parks.
The roads and streets of the state are, for the purpose of this chapter, those roads and streets established under chapter 306.
Whenever the board of supervisors of a county and the department mutually determine that a portion of a highway under the jurisdiction of either party should be transferred to the jurisdiction of the other party, the board and department may enter into an agreement to effect such transfer. Such agreement may provide that each party may undertake or share responsibility for improving said road with the costs of such improvement to be borne entirely by either the county or the department or equitably divided between the two jurisdictions. All such improvements shall be completed and all actual costs thereof paid or reimbursed prior to the time transfer of the road is made. In carrying out such agreement, the board of supervisors may expend secondary road funds of the county and the department may expend primary road funds.
However, prior to entering into the agreement, a notice of intent to execute such agreement shall be published in a newspaper of general circulation within the county and the cost of such notice shall be jointly borne by the department and the board of supervisors. If one hundred or more residents of the county request by petition or in writing that a hearing be held in regard to such agreement within ten days after the publication of the notice, the board of supervisors and the department shall hold such a hearing not more than seven days after receiving the petition or written instrument, and based upon evidence presented at such hearing shall re-examine the merits of executing such agreement and make a decision in regard to it.
The department may, for the purpose of affording access to cities or state parks, or for the purpose of shortening the direct line of travel on important routes, or to effect connections with interstate roads at the state line, add such road or roads to the primary system.
The department, either alone or in co-operation with any county, shall have the authority to utilize any land acquired incidental to the acquisition of land for highway right of way and to also accept by gift, lands not exceeding two acres in area for roadside parks and parking areas. The department may furnish necessary maintenance. The department shall also have authority to accept by gift, equipment or other installations incidental to the use of said parks and parking areas. Said parks and parking areas shall be a part of the primary road system and the department may at its discretion sell or otherwise dispose of said lands.
Reasonable maintenance and surveillance of rest area sites and buildings located thereon shall be provided by employees of the department within the limits of appropriations provided for such purpose.
§313.2A Commercial and industrial highways.

1. Purpose. It is the purpose of this section to enhance opportunities for the development and diversification of the state’s economy through the identification and improvement of a network of commercial and industrial highways. The network shall consist of interconnected routes which provide long distance route continuity. The purpose of this highway network shall be to improve the flow of commerce; to make travel more convenient, safe, and efficient; and to better connect Iowa with regional, national, and international markets. The commission shall concentrate a major portion of its annual construction budget on this network of commercial and industrial highways. In order to ensure the greatest possible availability of funds for the improvement of the network, primary highway funds shall not be spent beyond continuing maintenance for improvements to route segments that will be bypassed by the relocation of portions of the commercial and industrial highway network.

2. Network selection. The commission shall identify, within the primary road system, a network of commercial and industrial highways. The commission shall consider all of the following factors in the identification of this network:
   a. The connection by the most direct routes feasible of major urban areas and regions of the state to each other and to the national system of interstate and defense highways and priority routes in adjacent states.
   b. The existence of high volumes of total traffic and commercial traffic.
   c. Long distance traffic movements.
   d. Area coverage and balance of spacing with service to major growth centers within the state.
   e. Metropolitan area bypasses consistent with metropolitan or regional area plans established through cooperation by the department and local officials.

The network of commercial and industrial highways shall not exceed two thousand five hundred miles including municipal extensions of these highways.

3. Standards. The department shall establish standards pertaining to the specific location, design, and access control for each segment of the commercial and industrial highways.

4. Network development. In establishing priorities for improvement projects, the department shall take into consideration the following additional criteria: urban area bypasses that improve urban or regional accessibility or improve corridor travel; projects consistent with regional or metropolitan transportation plans established through cooperation by the department and local officials; and the willingness of local officials to provide financial or other assistance for the development of projects.

§313.3 Primary road fund.

There is hereby created a primary road fund which shall include and embrace:

1. All road use tax funds which are by law credited to the primary road fund.
2. All federal aid primary and urban road funds received by the state.
3. All other funds which may by law be credited to the primary road fund.
4. All revenue accrued or accruing to the state of Iowa on or after January 26, 1949, from the sale of public lands within the state, under Acts of Congress approved March 3, 1845, supplemental to the Act for the admission of the states of Iowa and Florida into the Union, chapters 75 and 76 (Fifth Statutes, pages 788 and 790), shall be placed in the primary road fund.

Unless otherwise provided, the primary road fund is hereby appropriated for highway construction.

The appropriation herein provided shall be in effect from the effective date of the revised pay plan to the end of the fiscal biennium in which it becomes effective.

4. Such fund is appropriated and shall be used by the department to provide energy and for the operation and maintenance of those primary road freeway lighting systems within the corporate boundaries of cities including energy and maintenance costs associated with interchange conflict lighting on existing and future freeway and expressway segments constructed to interstate standards.

The costs of serving freeway lighting for each utility providing the service shall be determined by the utilities division of the department of commerce, and rates for such service shall be no higher than necessary to recover these costs. Funds received under the provisions of this subsection shall be used solely for the operation and maintenance of a freeway lighting system.

5. During the fiscal year beginning July 1, 1990, and ending June 30, 1991, and each subsequent fiscal year, the department shall spend from the primary road fund an amount of not less than thirty million dollars for the network of commercial and industrial highways.

6. a. A transfer of jurisdiction fund is created in the office of the treasurer of state under the control of the department. For each fiscal year in the period beginning July 1, 2003, and ending June 30, 2013, there is transferred from the primary road fund to the transfer of jurisdiction fund one and five hundred thousandths percent of the moneys deposited in the transfer of jurisdiction fund for the fiscal year for the following purposes:

(1) Seventy-five percent of the moneys shall be appropriated among the counties and cities that assume jurisdiction of primary roads pursuant to section 306.8A. Such apportionment shall be made based upon the specific construction needs identified for the specific counties and cities in the transfer of jurisdiction report on file with the department pursuant to section 306.8A. All funds, including any interest or other earnings on the funds, received by a county from the transfer of jurisdiction fund shall be deposited in the secondary road fund of the county to be used only for the maintenance and construction of roads under the county’s jurisdiction. All funds received by a city from the transfer of jurisdiction fund shall be used only for the maintenance and construction of roads under the city’s jurisdiction.

The department shall submit to the department of management, as provided by chapter 8, a detailed estimate of the amount required by the department during each succeeding biennium for the support of the department and for engineering and administration of highway work and maintenance of the primary road system. Such estimate shall be in the same general form and detail as is required by chapter 8 and said chapter shall apply to the budgeting, appropriation, and expenditure of funds in the primary road fund in the same manner as such chapter applies to other departments. However, the amount of contracts for bituminous resurfacing, bridge painting and repair, pavement and shoulder repair, agreements with cities for maintenance on primary road extensions and agreements with counties, cities, and institutions for maintenance on state park, state institution, and other state land roads need not be included in the amount appropriated for maintenance.

The provisions of chapter 8 shall apply except that the provisions of section 8.39 shall not apply to funds appropriated to the department under section 313.4, however, the first paragraph of section 8.39 shall apply to appropriations for support of the department and for engineering and administration of highway work and maintenance of the primary road system.

The necessity or advantage and practicality of any toll bridge shall be determined by the department. To obtain information for the consideration of the department upon the construction of any toll bridge or any other matter pertaining thereto, any officer or employee of the state, upon the request of the department, shall make reasonable examination, investigation, survey, or reconnaissance to determine material facts pertaining thereto and shall report such findings to the department. The cost thereof shall be borne by the department or office conducting it from funds provided for its functions.

The department may use any funds available for the purposes of this section. Such agreements may provide that in the event any such project is determined to be feasible and adopted, any advancement of funds by any state, county or city may be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived from such project.

[C71, 73, 75, 77, 79, 81, §313A.4]

Whenever the department deems it necessary or advantageous and practical, it may acquire by gift, purchase, or condemnation any interstate bridge which connects with or may be connected with the public highways and the approaches thereto, except that the department may not condemn an existing interstate bridge used for interstate highway traffic and combined highway and railway traffic and presently owned by a municipality, or a person, firm, or corporation engaged in interstate commerce. The department may also acquire by gift or purchase two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, complete the partially constructed bridge and dismantle the bridge which it is designed to replace. In connection with the acquisition of any such bridge, bridges, or partially constructed bridge, the department and any federal bridge commission or any city, county, or other political subdivision of the state are authorized to do all acts and things as in this chapter are provided for the establishing and constructing of toll bridges and operating, financing, and maintaining such bridges insofar as such powers and requirements are applicable to the acquisition of any toll bridge and its operation, financing, and maintenance. In so doing, they shall act in the same manner and under the same procedures as provided for establishing, constructing, operating, financing, and maintaining toll bridges insofar as such manner and procedures are applicable. Without limiting the generality of the above provisions, the department is hereby authorized to cause surveys to be made to determine the propriety of acquiring any such bridge and the rights of way necessary therefore, and other facilities necessary to carry out the provisions hereof; to issue, sell, redeem bonds or
issue and exchange bonds with present holders of outstanding bonds of bridges being acquired under the provisions of this chapter and deposit and pay out of the proceeds of the bonds for the financing thereof, to impose, collect, deposit, and expend tolls therefrom; to secure and remit financial and other assistance in connection with the purchase thereof; and to carry insurance thereon. [C71, 73, 75, 77, 79, 81, §313A.5]

313A.6 Rules adopted — financial statements.

The department, its officials, and all state officials are hereby authorized to perform such acts and make such agreements consistent with the law which are necessary and desirable in connection with the duties and powers conferred upon them regarding the construction, maintenance, and operation and insurance of toll bridges or the safeguarding of the funds and revenues required for such construction and the payment of the indebtedness incurred therefor. The department shall adopt such rules and regulations in accordance with the provisions of chapter 17A as it may deem necessary for the administration and exercise of its powers and duties granted by this chapter, and shall prepare annual financial statements regarding the operation of such toll bridges which shall be made available for inspection by the public and by the holders of revenue bonds issued by the department under the provisions of this chapter at all reasonable times. [C71, 73, 75, 77, 79, 81, §313A.6]

313A.7 Resolution of public interest and necessity — revenue bonds.

Whenever the department deems it to be in the best interest of the primary highway system that any new toll bridge be constructed upon any public highway and across any navigable river between this state and an adjoining state, the department shall adopt a resolution declaring that the public interest and necessity require the construction of such toll bridge and authorizing the issuance of revenue bonds in an amount sufficient for the purpose of obtaining funds for such construction. The issuance of bonds as provided in this chapter for the construction, purchase, or acquisition of more than one toll bridge may, at the discretion of the department, be included in the same authority and issue or issues of bonds, and the department is hereby authorized to pledge the gross revenues derived from the operation of any such toll bridge under its control and jurisdiction to pay the principal of and interest on bonds issued to pay the cost of purchasing, acquiring, or constructing any such toll bridge financed under the provisions of this chapter. The department is hereby granted wide discretion, in connection with the financing of the cost of any toll bridge, to pledge the gross revenues of a single toll bridge for the payment of bonds and interest thereon issued to pay the cost of such bridge and to pledge the gross revenues of two or more toll bridges to pay bonds issued to pay the cost of one or more toll bridges and interest thereon as long as the several bridges included herein are not more than ten miles apart.

In addition, if the department in its discretion determines that the construction of a toll bridge cannot be financed entirely through revenue bonds and that the construction of such toll bridge is necessary, the department may advance funds from the primary highway fund to pay for that part of the construction cost, including the cost of approaches and all incidental costs, which is not paid out of the proceeds of revenue bonds. However, said funds advanced from the primary highway fund shall be used only to pay the construction cost, including the cost of approaches and all incidental costs, with respect to that part of the bridge which is or will be located within the state of Iowa. After all revenue bonds and interest thereon issued and sold pursuant to this chapter and payable from the tolls and revenues of said bridge have been fully paid and redeemed or funds sufficient to pay said bonds and interest, including premium, if any, have been set aside and pledged for that purpose, then such amount advanced from the primary road fund shall be repaid to the primary road fund from the tolls and revenues of said bridge before said bridge is made a toll free bridge under the provisions of this chapter. [C71, 73, 75, 77, 79, 81, §313A.7]

313A.8 Right of way secured.

Whenever the department shall authorize the construction of any toll bridge, the department is empowered to secure rights of way therefor and for approaches thereto by gift or purchase or by condemnation in the manner provided by law for the taking of private property for public purposes. [C71, 73, 75, 77, 79, 81, §313A.8]

313A.9 Consent to cross state property.

The right of way is hereby given, dedicated, and set apart upon which to locate, construct, and maintain toll bridges or approaches thereto or other highway crossings, and transportation facilities thereof or thereto, through, over or across any of the lands which are now or may be the property of this state, including highways; and through, over, or across the streets, alleys, lanes, and roads within any city, county, or other political subdivision of the state. If any property belonging to any city, county or other political subdivision of the state is required to be taken for the construction of any such bridge or approach thereto or should any such property be injured or damaged by such construction, such compensation therefor as may be proper or necessary and as shall be agreed upon may be paid by the department to the particular county, city or other political subdivision of the state owning such property, or condemnation pro-
ceedings may be brought for the determination of such compensation.

[C71, 73, 75, 77, 79, 81, §313A.9]

313A.10 Resolution precedent to action.
Before the department shall proceed with any action to secure right of way or with the construction of any toll bridge under the provisions of this chapter, it shall first pass a resolution finding that public interest and necessity require the acquisition of right of way for and the construction of such toll bridge. Such resolution shall be conclusive evidence of the public necessity of such construction and that such property is necessary therefor. To aid the department in determining the public interest, a public hearing shall be held in the county or counties of this state in which any portion of a bridge is proposed to be located. Notice of such hearing shall be published at least once in a newspaper published and having a general circulation in the county or counties where such bridge is proposed to be located, not less than twenty days prior to the date of the hearing. When it becomes necessary for the department to condemn any real estate to be used in connection with any such bridge, or to condemn any existing bridge, such condemnation shall be carried out in a manner consistent with the provisions of chapters 6A and 6B. In eminent domain proceedings to acquire property for any of the purposes of this chapter, any bridge, real property, personal property, franchises, rights, easements, or other property or privileges appurtenant thereto appropriated or dedicated to a public use or purpose by any person, firm, private, public or municipal corporation, county, city, district or any political subdivision of the state, may be condemned and taken, and the acquisition and use thereof as herein provided for the same public use or purpose to which such property has been so appropriated or dedicated, or for any other public use or purpose, shall be deemed a superior and permanent right and necessity, and a more necessary use and purpose than the public use or purpose to which such property has already been appropriated or dedicated, and any condemnation award may be paid from the proceeds of revenue bonds issued under the provisions of this chapter.

[C71, 73, 75, 77, 79, 81, §313A.10]

313A.11 Payment from available funds.
If the department determines that any toll bridge should be constructed or acquired under its authority, all costs thereof, including land, right of way, surveying, engineering, construction, legal and administrative expenses, and fees of any fiscal adviser, shall be paid out of any funds available for payment of the cost of the bridge.

[C71, 73, 75, 77, 79, 81, §313A.11]

313A.12 Revenue bonds.
The department is hereby authorized and emp-
struction of any interstate bridge authorized under the provisions of this chapter and is empowered to enter into such agreements with the state of Iowa or any other state or the federal government as may be required for the securing of such funds.

The department is authorized and empowered to spend from annual primary road fund receipts sufficient moneys to pay the cost of operation, maintenance, insurance, collection of tolls and accounting therefor and all other charges incidental to the operation and maintenance of any toll bridge administered under the provisions of this chapter. However, said annual primary road fund receipts shall be used only to pay such costs and charges with respect to that part of the bridge which is located within the state of Iowa.

The department may also issue its revenue bonds to pay all or any part of the cost of acquiring two or more existing interstate bridges and any partially constructed interstate bridge, all located within ten miles of each other, of completing the partially constructed bridge and of dismantling the bridge which it is designed to replace, and to impose and collect tolls on all of such bridges and to pledge the revenues derived therefrom to the payment of the bonds issued to finance such project. The department may also issue its revenue bonds to pay all or any part of the cost of reconstructing, completing, improving, repairing, or remodeling any interstate bridge or partially constructed bridge, impose and collect tolls, and pledge the bridge revenues to the payment of said bonds.

[C71, 73, 77, 79, 81, §313A.12]

313A.13 Sale and exchange or retirement of bonds.

The revenue bonds may be issued and sold or exchanged by the department from time to time and in such amounts as it deems necessary to provide sufficient funds for the acquisition, purchase, or construction of any such bridge and to pay interest on bonds issued for the construction of any toll bridge during the period of actual construction and for six months after completion thereof. The department is hereby authorized to adopt all necessary resolutions prescribing the form, conditions, and denominations of the bonds, the maturity dates therefor, and the interest rate or rates which the bonds shall bear. All bonds of the same issue need not bear the same interest rate. Principal and interest of the bonds shall be payable at such place or places within or without the state of Iowa as determined by the department, and the bonds may contain provisions for registration as to principal or interest, or both. Interest shall be payable at such times as determined by the department and the bonds shall mature at such times and in such amounts as the department prescribes. The department may provide for the retirement of the bonds at any time prior to maturity, and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds and any coupons attached thereto shall be signed by such officials of the department as the department may direct. Successive issues of such bonds within the limits of the original authorization shall have equal preference with respect to the payment of the principal thereof and the payment of interest thereon. The department may fix different maturity dates, serially or otherwise, for successive issues under any one original authorization. All bonds issued under the provisions of this chapter shall have all the qualities of negotiable instruments under the laws of the state of Iowa. All bonds issued and sold hereunder shall be sold to the highest and best bidder on the basis of sealed proposals received pursuant to a notice specifying the time and place of sale and the amount of bonds to be sold which shall be published at least once not less than seven days prior to the sale in a newspaper published in the state of Iowa and having a general circulation in said state. None of the provisions of chapter 75 shall apply to bonds issued under the provisions of this chapter but such bonds shall be sold upon terms of not less than par plus accrued interest. The department may reject any or all bids received at public sale and may thereafter sell the bonds at private sale on such terms and conditions as it deems most advantageous to its own interests, but not at a price below that of the best bid received at the advertised sale. The department may enter into contracts and borrow money through the sale of bonds of the same character as those herein authorized, from the United States or any agency thereof, upon such conditions and terms as may be agreed to and the bonds shall be subject to all the provisions of this chapter, except that any bonds issued hereunder to the United States or any agency thereof need not first be offered at public sale. The department may also provide for the private sale of bonds issued under the provisions of this chapter to the state treasurer of Iowa upon such terms and conditions as may be agreed upon, and in such event said bonds need not first be offered at public sale. Temporary or interim bonds, certificates, or receipts, of any denomination, and with or without coupons attached, signed by such official as the department may direct, may be issued and delivered until the definitive bonds are executed and available for delivery.

[C71, 73, 77, 79, 81, §313A.13]

313A.14 Proceeds in trust fund.

The proceeds from the sale of all bonds authorized and issued under the provisions of this chapter shall be deposited by the department in a fund designated as the construction fund of the particular interstate bridge or bridges for which such bonds were issued and sold, which fund shall not
be a state fund and shall at all times be kept segregated and set apart from all other funds and in trust for the purposes herein set out. Such proceeds shall be paid out or disbursed solely for the acquisition, purchase, or construction of such interstate bridge or bridges and expenses incident thereto, the acquisition of the necessary lands and easements therefor and the payment of interest on such bonds during the period of actual construction and for a period of six months thereafter, only as the need thereof shall arise and the department may agree with the purchaser of said bonds upon any conditions or limitations restricting the disbursement of such funds that may be deemed advisable, for the purpose of assuring the proper application of such funds. All moneys in such fund and not required to meet current construction costs of the interstate bridge or bridges for which such bonds were issued and sold, and all funds constituting surplus revenues which are not immediately needed for the particular object or purpose to which they must be applied or are pledged may be invested in obligations issued or guaranteed by the United States or by any person controlled by or supervised by and acting as an instrumentality of the United States pursuant to authority granted by the Congress of the United States; provided, however, that the department may provide in the proceedings authorizing the issuance of said bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment and such provisions shall thereupon be binding upon the department and all officials having anything to do with such investment. Any surplus which may exist in said construction fund shall be applied to the retirement of bonds issued for the acquisition, purchase, or construction of any such interstate bridge by purchase or call and, in the event such bonds cannot be purchased at a price satisfactory to the department and are not by their terms callable prior to maturity, such surplus shall be paid into the fund applicable to the payment of principal and interest of said bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying such surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called and such limitations and conditions shall be followed and observed in the application and use of such surplus. All bonds so retired by purchase or call shall be immediately canceled.

[C71, 73, 75, 77, 79, 81, §313A.14]

313A.15 Toll revenue fund.

All tolls or other revenues received from the operation of any toll bridge acquired, purchased, or constructed with the proceeds of bonds issued and sold hereunder shall be deposited by the department to the credit of a special trust fund to be designated as the toll revenue fund of the particular toll bridge or toll bridges producing such tolls or revenue, which fund shall be a trust fund and shall at all times be kept segregated and set apart from all other funds.

[C71, 73, 75, 77, 79, 81, §313A.15]

313A.16 Funds transferred to place of payment.

From the money so deposited in each separate construction fund as hereinafter provided, at the direction of the department there shall be transferred to the place or places of payment named in said bonds such sums as may be required to pay the interest as it becomes due on all bonds issued and outstanding for the construction of such particular toll bridge or toll bridges during the period of actual construction and during the period of six months immediately thereafter. The department shall thereafter transfer from each separate toll revenue fund to the place or places of payment named in the bonds for which said revenues have been pledged such sums as may be required to pay the interest on said bonds and redeem the principal thereof as such interest and principal become due. All funds so transferred for the payment of principal of or interest on bonds issued for any particular toll bridge or toll bridges shall be segregated and applied solely for the payment of said principal or interest. The proceedings authorizing the issuance of the bonds may provide for the setting up of a reserve fund or funds out of the tolls and other revenues not needed for the payment of principal and interest, as the same currently matures and for the preservation and continuance of such fund in a manner to be provided therein, and such proceedings may also require the immediate application of all surplus moneys in such toll revenue fund to the retirement of such bonds prior to maturity, by call or purchase, in such manner and upon such terms and the payment of such premiums as may be deemed advisable in the judgment of the department. The moneys remaining in each separate toll revenue fund after providing the amount required for the payment of principal of and interest on bonds as hereinafore provided, shall be held and applied as provided in the proceedings authorizing the issuance of said bonds. In the event the proceedings authorizing the issuance of said bonds do not require surplus revenues to be held or applied in any particular manner, they shall be allocated and used for such other purposes incidental to the construction, operation, and maintenance of any toll bridge as the department may determine and as permitted under sections 313A.7 and 313A.12.

[C71, 73, 75, 77, 79, 81, §313A.16]

313A.17 Warrants for payment.

Warrants for payments to be made on account of such bonds shall be drawn by the department on
duly approved vouchers. Moneys required to meet the costs of purchase or construction and all expenses and costs incidental to the acquisition, purchase, or construction of any particular interstate bridge or to meet the costs of operating, maintaining, and repairing the same, shall be paid by the department from the proper fund therefor upon duly approved vouchers. All interest received or earned on money deposited in each and every fund herein provided for shall be credited to and become a part of the particular fund upon which said interest accrues.

[C71, 73, 75, 77, 79, 81, §313A.17]

313A.18 Depositaries or paying agents.
The department may provide in the proceedings authorizing the issuance of bonds or may otherwise agree with the purchasers of bonds regarding the deposit of all moneys constituting the construction fund and the toll revenue fund and provide for the deposit of such money at such times and with such depositaries or paying agents and upon the furnishing of such security as may meet with the approval of the purchasers of such bonds.

[C71, 73, 75, 77, 79, 81, §313A.18]

313A.19 Expenses of department.
Notwithstanding any provision contained in this chapter, the proceeds received from the sale of bonds and the tolls or other revenues received from the operation of any toll bridge may be used to defray any expenses incurred by the department in connection with and incidental to the issuance and sale of bonds for the acquisition, purchase, or construction of any such toll bridge including expenses for the preparation of surveys and estimates, legal, fiscal and administrative expenses, and the making of such inspections and examinations as may be required by the purchasers of such bonds; provided, that the proceedings authorizing the issuance of such bonds may contain appropriate provisions governing the use and application of said bond proceeds and toll or other revenues for the purposes herein specified.

[C71, 73, 75, 77, 79, 81, §313A.19]

313A.20 No diminution of duties while bonds outstanding.
While any bonds issued by the department remain outstanding, the powers, duties or existence of the department or of any other official or agency of the state shall not be diminished or impaired in any manner that will affect adversely the interests and rights of the holders of such bonds. The holder of any bond may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon any state department, official, or employee or imposed upon the department or its officers, agents, and employees in connection with the acquisition, purchase, construction, maintenance, operation, and insurance of any bridge and in connection with the collection, deposit, investment, application, and disbursement of all tolls and other revenues derived from the operation and use of any bridge and in connection with the deposit, investment, and disbursement of the proceeds received from the issuance of bonds; provided, that the enumeration of such rights and remedies herein shall not be deemed to exclude the exercise or prosecution of any other rights or remedies by the holders of such bonds.

[C71, 73, 75, 77, 79, 81, §313A.20]

313A.21 Insurance or indemnity bond.
When any toll bridge authorized hereunder is being built by the department it may carry or cause to be carried such an amount of insurance or indemnity bond or bonds as protection against loss or damage as it may deem proper. The department is hereby further empowered to carry such an amount of insurance to cover any accident or destruction in part or in whole to any toll bridge. All moneys collected on any indemnity bond or insurance policy as the result of any damage or injury to any such toll bridge shall be used for the purpose of repairing or rebuilding of any such toll bridge as long as there are revenue bonds against any such structure outstanding and unredeemed. The department is also empowered to carry insurance or indemnity bonds insuring against the loss of tolls or other revenues to be derived from any such toll bridge by reason of any interruption in the use of such toll bridge from any cause whatever, and the proceeds of such insurance or indemnity bonds shall be paid into the fund into which the tolls and other revenues of the bridge thus insured are required to be paid and shall be applied to the same purposes and in the same manner as other moneys in the said fund. Such insurance or indemnity bonds may be in an amount equal to the probable tolls and other revenues to be received from the operation of such toll bridge during any period of time that may be determined upon by the department and fixed in its discretion, and be paid for out of the toll revenue fund as may be specified in said proceedings. The department may provide in the proceedings authorizing the issuance of bonds for the carrying of insurance as authorized by this chapter and the purchase and carrying of insurance as authorized by this chapter shall thereupon be obligatory upon the department and be paid for out of the toll revenue fund as may be specified in said proceedings.

[C71, 73, 75, 77, 79, 81, §313A.21]

313A.22 Toll charges fixed by department.
The department is hereby empowered to fix the rates of toll and other charges for all interstate bridges acquired, purchased, or constructed under
the terms of this chapter. Toll charges so fixed may be changed from time to time as conditions may warrant. The department in establishing toll charges shall give due consideration to the amount required annually to pay the principal of and interest on bonds payable from the revenues thereof. The tolls and charges shall be at all times fixed at rates sufficient to pay the bonds and interest as they mature, together with the creation and maintenance of bond reserve funds and other funds as established in the proceedings authorizing the issuance of the bonds, for any particular toll bridge. The amounts required to pay the principal of and interest on bonds shall constitute a trust fund for the security and payment of such bonds and any of them are bonds and shall not be used or pledged for any other purpose as long as such bonds or any of them are outstanding and unpaid.

[C71, 73, 75, 77, 79, 81, §313A.22]

313A.23 Political subdivision may aid.
Whenever a proposed interstate bridge is to be acquired, purchased or constructed, any city, county, or other political subdivision located in relation to such facility so as to benefit directly or indirectly thereby, may, either jointly or separately, at the request of the department advance or contribute money, rights of way, labor, materials, and other property toward the expense of acquiring, purchasing or constructing the bridge, and for preliminary surveys and the preparation of plans and estimates of cost therefor and other preliminary expenses. Any such city, county, or other political subdivision may, either jointly or separately, at the request of the department advance or contribute money for the purpose of guaranteeing the payment of interest or principal on the bonds issued by the department to finance the bridge. Appropriations for such purposes may be made from any funds available, including county road funds received from or credited by the state, or funds obtained by excess tax levies made pursuant to law or the issuance of general obligation bonds for this purpose. Money or property so advanced or contributed may be immediately transferred or delivered to the department to be used for the purpose for which contribution was made. The department may enter into an agreement with a city, county, or other political subdivision to repay any money or the value of a right of way, labor, materials or other property so advanced or contributed. The department may make such repayment to a city, county, or other political subdivision and reimburse the state for any expenditures made by it in connection with the bridge out of tolls and other revenues for the use of the bridge.

[C71, 73, 75, 77, 79, 81, §313A.23]

313A.24 Sale of excess land to political subdivisions.
If the department deems that any land, including improvements thereon, is no longer required for toll bridge purposes and that it is in the public interest, it may negotiate for the sale of such land to the state or to any city, county, or other political subdivision or municipal corporation of the state. The department shall certify the agreement for the sale to the state executive council, with a description of the land and the terms of the sale and the state executive council may execute the deed and deliver it to the grantee.

[C71, 73, 75, 77, 79, 81, §313A.24]

313A.25 Sale to public.
If the department is of the opinion that any land, including improvements thereon, is no longer required for toll bridge purposes, it may be offered for sale upon publication of a notice once each week for two consecutive weeks in a newspaper published and having a general circulation throughout the state of Iowa, specifying the time and place fixed for the receipt of bids.

[C71, 73, 75, 77, 79, 81, §313A.25]

313A.26 Acceptance or rejection of bids.
The department may reject all such bids if the highest bid does not equal the reasonable fair market value of the real property, plus the value of the improvements thereon, computed on the basis of the reproduction value less depreciation. The department may accept the highest and best bid, and certify the agreement for the sale to the state executive council, with a description of the land and the terms of the sale and the state executive council shall execute the deed and deliver it to the grantee.

[C71, 73, 75, 77, 79, 81, §313A.26]

313A.27 Franchises for use of bridge.
If the department deems it consistent with the use and operation of any toll bridge, the department may grant franchises to persons, firms, associations, private or municipal corporations, the United States government or any agency thereof, to use any portion of the property of any toll bridge, including approaches thereto, for the construction and maintenance of water pipes, flumes, gas pipes, telephone, telegraph and electric light and power lines and conduits, trams or railways, and any other such facilities in the manner of granting franchises on state highways.

[C71, 73, 75, 77, 79, 81, §313A.27]
§313A.28 Deposit of proceeds.
Any moneys received pursuant to the provisions of sections 313A.24 through 313A.27 shall be deposited by the department into the trust fund established for the purpose of paying the cost of reconstructing and improving existing bridges and their approaches, purchasing existing bridges, and constructing new bridges and approaches, provided that any such existing bridge or new bridge is located within ten miles of the bridge on which tolls are so imposed or reimposed, to pay interest on and create a sinking fund for the retirement of revenue bonds issued for the account of such projects and to pay any and all costs and expenses incurred by the department in connection with the issuance and sale of bonds and for the preparation of surveys and estimates and to establish the required interest reserves for and during the estimated construction period and for six months thereafter. [C71, 73, 77, 79, 81, §313A.28]

§313A.29 Tolls imposed for improving other bridges.
The department shall have the right to impose and reimpose tolls for pedestrian or vehicular traffic over any interstate bridges under its control and jurisdiction for the purpose of paying the costs of reconstructing and improving existing bridges and their approaches, purchasing existing bridges, and constructing new bridges and approaches, provided that any such existing bridge or new bridge is located within ten miles of the bridge on which tolls are so imposed or reimposed, to pay interest on and create a sinking fund for the retirement of revenue bonds issued for the account of such projects and to pay any and all costs and expenses incurred by the department in connection with and incidental to the issuance and sale of bonds and for the preparation of surveys and estimates and to establish the required interest reserves for and during the estimated construction period and for six months thereafter. [C71, 73, 77, 79, 81, §313A.29]

§313A.30 Bridges as part of primary roads.
The bridges herein provided for may be incorporated into the primary road system as toll free bridges whenever the costs of the construction of the bridges and the approaches thereto and the reconstruction and improvement of existing bridges and approaches thereto, including all incidental costs, have been paid and when all revenue bonds and interest thereon issued and sold pursuant to this chapter and payable from the tolls and revenues thereof shall have been fully paid and redeemed or funds sufficient to pay said bonds and interest, including premium, if any, have been set aside and pledged for that purpose. However, tolls may again be imposed as provided in section 313A.29. [C71, 73, 77, 79, 81, §313A.30]

§313A.31 Revenue bonds.
The department shall have the power and is hereby authorized by resolution to issue, sell, or pledge its revenue bonds in an amount sufficient to provide funds to pay all or any part of the costs of construction of a new bridge and approaches thereto and the reconstruction, improvement, and maintenance of an existing bridge and approaches thereto, including all costs of survey, acquisition of right of way, engineering, legal, fiscal and incidental expenses, to pay the interest due thereon during the period beginning with the date of issue of the bonds and ending at the expiration of six months after the first imposition and collection of tolls from the users of said bridges, and all costs incidental to the issuance and sale of the bonds.
Except as may be otherwise specifically provided by statute, all of the other provisions of this chapter shall govern the issuance and sale of revenue bonds issued under this section, the execution thereof, the disbursement of the proceeds of issuance thereof, the interest rate or rates thereon, their form, terms, conditions, covenants, negotiability, denominations, maturity date or dates, the creation of special funds or accounts safeguarding and providing for the payment of the principal thereof and interest thereon, and their manner of redemption and retirement.
Such bonds shall include a covenant that the payment of the principal thereof and the interest thereon are secured by a first and direct charge and lien on all of the tolls and other gross revenues received from the operation of said toll bridges and from any interest which may be earned from the deposit or investment of any such revenues.
The tolls and charges shall be at all times fixed at rates sufficient to pay the bonds and interest as they mature, together with the creation and maintenance of bond reserve funds and other funds as established in the proceedings authorizing the issuance of the bonds. [C71, 73, 77, 79, 81, §313A.31]

§313A.32 Operation and control of bridge.
The department is hereby authorized to operate and to assume the full control of said toll bridges and each portion thereof whether within or without the borders of the state of Iowa, with full power to impose and collect tolls from the users of such bridges for the purpose of providing revenues at least sufficient to pay the cost and incidental expenses of construction and acquisition of said bridges and approaches in both states in which located and for the payment of the principal of and interest on its revenue bonds as authorized by this chapter. [C71, 73, 77, 79, 81, §313A.32]

§313A.33 No obligation of state.
Under no circumstances shall any bonds issued under the terms of this chapter be or become or be construed to constitute a debt of or charge against the state of Iowa within the purview of any constitutional or statutory limitation or provision. No taxes, appropriations or other funds of the state of Iowa may be pledged for or used to pay such bonds or the interest thereon, but any such bonds shall be payable solely and only as to both principal and interest from the tolls and revenues derived from the operation of any toll bridge or toll bridges acquired, purchased, or constructed under this chapter, and the sole remedy for any breach or de-
fault of the terms of any such bonds or proceedings for their issuance shall be a proceeding either in law or in equity by suit, action or mandamus to enforce and compel performance of the duties required by this chapter and the terms of the resolution under which such bonds are issued.

CHAPTER 314
ADMINISTRATIVE PROVISIONS FOR HIGHWAYS

314.1 Bidding procedures — basis for awarding contracts.
1. The agency having charge of the receipt of bids and the award of contracts for the construction, reconstruction, improvement, or repair or maintenance of a highway, bridge, or culvert may require, for any highway, bridge, or culvert contract letting, that each bidder file with the agency a statement showing the bidder’s financial standing, equipment, and experience in the execution of like or similar work. The statements shall be on standard forms prepared by the department and shall be filed with the agency prior to the letting at which the bidder expects to bid. The agency may, in advance of the letting, notify the bidder as to the amount and the nature of the work for which the bidder is deemed qualified to bid. A bidder who is prequalified under this subsection by the department shall be deemed qualified for a highway, bridge, or culvert contract letting by any other agency and shall submit proof of the prequalification in a manner determined by the department if required to do so by the agency.

2. Notwithstanding any other provision of law to the contrary, a public improvement that involves the construction, reconstruction, or improvement of a highway, bridge, or culvert and that has a cost in excess of the applicable threshold in section 73A.18, 262.34, 297.7, 309.40, 310.14, or 313.10, as modified by the bid threshold subcommittee pursuant to section 314.1B, shall be advertised and let for bid, except such public improvements that involve emergency work pursuant to section 309.40A, 313.10, or 384.103, subsection 2. For a city having a population of fifty thousand or less, a public improvement that involves the construction, reconstruction, or improvement of a highway, bridge, or culvert that has a cost in excess of twenty-five thousand dollars, as modified by the bid threshold subcommittee pursuant to section 314.1B, shall be advertised and let for bid, excluding emergency work. However, a public improvement that has an estimated total cost to a city in excess of a threshold of fifty thousand dollars, as modified by the bid threshold subcommittee pursuant to section 314.1B, and that involves the construction, reconstruction, or improvement of a highway, bridge, or culvert that is under the jurisdiction of a city with a population of more than fifty thousand, shall be advertised and let for
bid. Cities required to competitively bid highway, bridge, or culvert work shall do so in compliance with the contract letting procedures of sections 26.3 through 26.13.

3. In the award of contracts for the construction, reconstruction, improvement, or repair or maintenance of a highway, bridge, or culvert, the agency having charge of awarding such contracts shall give due consideration not only to the prices bid but also to the mechanical or other equipment and the financial responsibility and experience in the performance of like or similar contracts. The agency may reject any or all bids. The agency may readvertise and relet the project without conducting an additional public hearing if no substantial changes are made to the project’s plans or specifications. The agency may let by private contract or build by day labor, at a cost not in excess of the lowest bid received.

Upon the completion of any contract or project on either the farm-to-market or secondary road system, the county engineer shall file with the county auditor a statement showing the total cost thereof with certificate that the work has been done in accordance with the plans and specifications. Upon completion of a contract or project on the municipal street system, the city public works department or city engineer shall file with the city clerk a statement showing the total cost of the contract or project with a certificate that the work has been done in accordance with the plans and specifications. All contracts shall be in writing and shall be secured by a bond for the faithful performance thereof as provided by law.

The subcommittee shall review price adjustments for all types of city and county highway, bridge, and culvert construction, reconstruction, and improvement projects, based on changes in the construction index price from the preceding year. Upon completion of the review the subcommittee may make adjustments in the applicable bid thresholds for types of work based on the price adjustments.

Upon completion of the review the subcommittee may make adjustments in the applicable bid thresholds for types of work based on the price adjustments.

c. The subcommittee shall not make an initial adjustment to the competitive bid threshold in section 26.3 to be effective prior to January 1, 2012. Thereafter, the subcommittee shall adjust the bid threshold amount in accordance with subsection 3 but shall not adjust the bid threshold to an amount less than the bid threshold applicable to a governmental entity on January 1, 2007.

d. Beginning July 1, 2006, the subcommittee shall make adjustments to the competitive quotation threshold in section 26.14 for vertical infrastructure in accordance with adjustments made by the horizontal infrastructure subcommittee under subsection 1 applicable to city and county highway, bridge, and culvert projects.

3. Review — publication. Each subcommittee shall meet to conduct the review and make the adjustments described in this section on or before August 1 of every other year, or of every year if determined necessary by the subcommittee. §314.5 Extensions in certain cities.
The agency in control of a secondary road, subject to approval of the council, may eliminate danger at railroad crossings and construct, reconstruct, improve, repair, and maintain any road or street which is an extension of the secondary road within a city. However, this authority does not apply to the extensions of secondary roads located in cities over twenty-five hundred population, where the houses or business houses average less than two hundred feet apart.

The phrase “subject to the approval of the council” as it appears in this section, shall be construed as authorizing the council to consider said proposed improvement only in its relationship to municipal improvements such as sewers, water lines, establishing grades, change of established street grades, sidewalks and other public improvements. The locations of such road extensions shall be determined by the agency in control of such road or road system.

§314.6 Highways along city limits.
Whenever any public highway located along the corporate line of any city is an extension of a farm-to-market road, or of a primary road, it may be included in the farm-to-market road system or the primary road system, as the case may be, and may be constructed, reconstructed, improved, repaired, and maintained as a part of said road system.

§314.7 Trees — ingress or egress — drainage.
Officers, employees, and contractors in charge of improvement or maintenance work on any highway shall not cut down or injure any tree growing by the roadside which does not materially obstruct the highway, or tile drains, or interfere with the improvement or maintenance of the road, and which stands in front of any city lot, farmyard orchard or feed lot, or any ground reserved for any public use. Nor shall they destroy or injure reasonable ingress or egress to any property, or turn the natural drainage of the surface water to the injury of adjoining owners. It shall be their duty to use strict diligence in draining the surface water from the public road in its natural channel. To this end they may enter upon the adjoining lands for the purpose of removing from such natural channel obstructions that impede the flow of such water.

§314.8 Government markers preserved.
1. If it is necessary in grading a highway to make a cut that will disturb, or fill that will cover up, a government or other established corner or land monument, the engineer in charge of the project shall establish permanent witness corners or monuments, and make a record of the same, that show the distance and direction the witness corner is from the corner disturbed or covered up. When the construction work is completed the engineer shall permanently reestablish the corner or monument.

2. If the duties in subsection 1 are not performed, the agency in control of the highway on which a project described in subsection 1 has been or is being completed shall pay the costs of restoring the original position of the established corner or land monument.

§314.9 Entering private property.
The agency in control of a highway may after thirty days’ written notice by restricted certified mail addressed to the owner and also to the occupant, enter upon private property for the purpose of making surveys, soundings, drillings, appraisals, and examinations as the agency deems appropriate or necessary to determine the advisability or practicability of locating and constructing a highway on the property or for the purpose of determining whether gravel or other material exists on the property of suitable quality and in sufficient quantity to warrant the purchase or condemnation of the property. The entry shall not be deemed a trespass, and the agency may be aided by injunction to insure peaceful entry. The agency shall pay actual damages caused by the entry, surveys, soundings, drillings, appraisals, or examinations. Any damage caused by the entry, surveys, soundings, drillings, appraisals, or examinations shall be determined by agreement or in the manner provided for the award of damages in condemnation of the property for highway purposes. Soundings or drillings shall not be done within one hundred fifty feet of the dwelling house or within fifty feet of other buildings without written consent of the owner.

§314.10 State-line highways.
The agency in control of any highway or bridge bordering on or crossing a state line is authorized...
to confer and agree with the agency or official of such border state, or subdivision of such state, having control of such highway or bridge relative to the interstate connection, the plans for the improvement, and maintenance, the division of work and the apportionment of cost of such highway or bridge.

§314.11 Use of bridges by utility companies.
Telephone, telegraph, electric transmission and pipe lines may be permitted to use any highway bridge on or across a state line on such terms and conditions as the agency or officials jointly constructing, maintaining or operating such bridge may jointly determine. No discrimination shall be made in the use of such bridge as between such utilities. Joint use of telephone, telegraph, electric transmission or pipe lines may not be required. No grant to any public utility to use such bridge shall in any way interfere with the use of such bridge by the public for highway purposes.

§314.12 Borrow pits — topsoil preserved.
In the award of contracts for the construction, reconstruction, improvement, repair or maintenance of any highway, the agency having charge of awarding such contracts shall require that when fill dirt, soil or other materials are to be removed from borrow pits acquired by title or easement, whether by agreement or condemnation, for use in the project, adequate provision shall be made for the restoration of the borrow pit area, either by removal and replacement of a minimum of eight inches of topsoil, or by fertilizing, mulching, reseeding or other appropriate measures to provide vegetative cover or prevent erosion, except where a lake or subwater table conditions exist, where deep loess is present, or where outside ditch bottoms and back slopes are present in rock cut areas. This section shall not apply to borrow pits covered by section 314.12.

found to be disadvantaged by the United States small business administration. However, the department may also determine, on a case-by-case basis, that an individual who is not a member of one of the enumerated groups is socially and economically disadvantaged. A rebuttable presumption exists that individuals in the following groups are socially and economically disadvantaged:

1. "Black Americans" which includes persons having origins in any of the black racial groups of Africa.
2. "Hispanic Americans" which includes persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

2. Set-aside. Notwithstanding section 314.1, there may be set aside for bidding by prequalified disadvantaged business enterprises a percentage of the total annual dollar amount of public contracts let by the department. The annual dollar amount set aside for bidding by prequalified disadvantaged business enterprises shall not exceed ten percent of the total dollar amount of federal aid highway construction contracts let by the department and federal aid transit dollars administered by the department. The director may estimate the set-aside amount at the beginning of each fiscal year and a suit shall not be brought by any party as a result of this estimate. Set-aside contracts will be awarded to the lowest responsible prequalified disadvantaged business enterprise. This section shall not be construed as limiting the department's right to refuse any or all disadvantaged business enterprise bids.

85 Acts, ch 231, §11

§315.11 Additional factors and requirements.
In addition to other effects and factors to be considered under section 315.5, for applications submitted after July 1, 1988, the following factors and requirements shall be considered or applied:

3. The quality of jobs to be provided. Jobs that have a higher wage scale, have a lower turnover rate, are full-time, or are career-type positions are considered higher in quality. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.
4. If the business has a record of violations of the law over a period of time that tends to show a consistent pattern, the business shall be given the lowest ranking for providing assistance. The department shall make a good faith effort to compile this information.
5. If a business has, within three years of application for assistance, acquired or merged with an Iowa corporation or company, the business shall make a good faith effort to hire the workers of the merged or acquired company.
6. To be eligible for assistance a business shall provide for a preference for hiring residents of the state or the economic development area, except for out-of-state employees offered a transfer to Iowa or the economic development area.
7. All known required environmental permits must be granted and regulations met before monies are released.

3. A payment made or to be made under the authority granted in this chapter shall be for compensating or reimbursing the displaced person or owner of real property in accordance with the requirements of the federal Uniform Relocation Act and this chapter and the payments shall not for any purpose be deemed or considered compensation for real property acquired or compensation for damages to remaining property.

Payments authorized to be made by the federal Uniform Relocation Act and this chapter shall be made as relocation payments, and in order to prevent unjust enrichment or a duplication of payments to any condemnee in any condemnation proceeding or appeal from any condemnation proceeding, an allowance shall not be made in determining just compensation in a condemnation proceeding for any damages, for any item of damage, or any cost, which is authorized to be paid as a relocation payment.

316.3 Declaration of policy — authorization — divisibility of application.
1. The purpose of this chapter is to establish a uniform policy for the fair and equitable treatment of persons displaced as a result of federally assisted programs or projects in order that the persons shall not suffer disproportionate injuries as a result of programs or projects designed for the benefit of the public as a whole and to minimize the hardship of displacement on the persons. The general assembly declares that relocation assistance for persons displaced by programs and projects is a necessary and essential part of the programs and projects. This chapter shall be known and may be cited as the “Relocation Assistance Law.”
2. If a displacing agency subject to the provisions of the federal Uniform Relocation Act, or if another entity required or electing to provide any of the programs or payments authorized by this chapter, undertakes a project which results in the acquisition of real property or in a person being displaced from the person’s home, business, or farm, the displacing agency or other entity may provide relocation assistance, and make relocation payments to the displaced person and do the other acts and follow the procedures and practices as may be necessary to comply with the provisions of the federal Uniform Relocation Act and this chapter. Displacing agencies may provide all or a part of the program and payments authorized under this chapter to persons displaced by any program or project regardless of the funding source. However, to the extent a program or a payment is provided, the program or payment shall be provided on a uniform basis to all displaced persons.
3. If a provision, clause, or phrase of this chapter, or application of this chapter to a person or circumstance is adjudged invalid by any court of competent jurisdiction, the judgment shall not invalidate the remainder of the chapter, and the application of the chapter to other persons or circumstances shall not be affected by the adjudication.

316.4 Moving and related expenses.
1. If a program or project undertaken by a displacing agency will result in the displacement of a person, the displacing agency shall make a payment to the displaced person, upon proper application as approved by the displacing agency, for actual reasonable and necessary expenses incurred in
moving the person, the person’s family, business, farm operation, or other personal property subject to rules and limits established by the department. The payment may also provide for actual direct losses of tangible personal property, purchase of substitute personal property, business reestablishment expenses, storage expenses, and expenses incurred in searching for a replacement business or farm.

2. A displaced person eligible for payments under subsection 1, who is displaced from a dwelling and who elects to accept the payments authorized by this subsection in lieu of the payments authorized by subsection 1, may receive a moving expense and dislocation allowance determined according to a schedule established by the department.

3. A displaced person, as defined in section 316.1, subsection 2, paragraph “a”, eligible for payments under subsection 1, who is displaced from the person’s place of business or farm operation and who is eligible, may elect to accept the payment authorized by this subsection in lieu of the payment authorized by subsection 1. The payment shall consist of a fixed payment in an amount to be determined according to criteria established by the department. A person whose sole business at the displaced dwelling is the rental of the real property does not qualify for a payment under this subsection.

316.5 Replacement housing for homeowner.
1. In addition to payments otherwise authorized by this chapter, the displacing agency shall make an additional payment to a displaced person who is displaced from a dwelling actually owned and occupied by the displaced person for not less than one hundred eighty days immediately prior to the initiation of negotiations for the acquisition of the property. All determinations to carry out this section shall be made in accordance with administrative rules adopted by the department. The additional payment shall include the following elements:
   a. The amount, if any, which when added to the acquisition cost of the dwelling acquired by the displacing agency, equals the reasonable cost of a comparable replacement dwelling.
   b. The amount, if any, which will compensate the displaced person for any increased interest costs and other debt service costs which the displaced person is required to pay for financing the acquisition of a comparable replacement dwelling. The amount shall be paid only if the dwelling acquired by the displacing agency was encumbered by a bona fide mortgage which was a valid lien on the dwelling for not less than one hundred and eighty days immediately prior to the initiation of negotiations for the acquisition of the dwelling.
   c. Actual, reasonable, and necessary expenses incurred by the displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of a replacement dwelling, but not including prepaid expenses.
2. The additional payment authorized by this section shall be made only to a displaced person who purchases and occupies a decent, safe, and sanitary replacement dwelling within one year after the date on which the person receives final payment from the displacing agency of all costs of the acquired dwelling, or on the date on which the obligation of the displacing agency under section 316.8 is met, whichever is the later, except that the displacing agency may extend the eligibility period for good cause. If the period is extended, the payment under this section shall be based on the costs of relocating the person to a comparable replacement dwelling within one year of the applicable date.

316.6 Replacement housing for tenants and certain others.
In addition to amounts otherwise authorized by this chapter, the displacing agency shall make a payment to or for a displaced person, displaced from a dwelling, not eligible to receive a payment under section 316.5, which dwelling was actually and lawfully occupied by the displaced person for not less than ninety days immediately prior to the initiation of negotiations for acquisition of the dwelling, or as a result of the written order of the displacing agency to vacate the real property. All determinations to carry out this section shall be made in accordance with administrative rules adopted by the department. The displaced person may elect either of the following:

1. The amount necessary to enable the displaced person to lease or rent a comparable replacement dwelling. At the discretion of the displacing agency, a payment under this subsection may be made in periodic installments. Computations of a payment under this subsection to a low-income displaced person for a comparable replacement dwelling shall take into account the person’s income.

2. The amount necessary to enable the person to make a down payment, including incidental expenses described in section 316.5, subsection 1, paragraph “c”, on the purchase of a decent, safe, and sanitary dwelling. The person may, at the discretion of the displacing agency, be eligible under this subsection for the maximum payment allowed under subsection 1, except that, in the case of a displaced homeowner who has owned and occupied the displaced dwelling for at least ninety days but not more than one hundred and eighty days imme-
easily prior to the initiation of negotiations for the acquisition of the dwelling, the payment shall not exceed the payment the person would otherwise have received under section 316.5, subsection 1, had the person owned and occupied the displaced dwelling for one hundred and eighty days immediately prior to the initiation of the negotiations.

§316.7 Relocation assistance advisory services.
1. A displacing agency shall ensure that relocation assistance advisory services are made available to all persons displaced by the displacing agency. If the displacing agency determines that a person occupying property adjacent to the real property where the displacing activity occurs, is caused substantial economic injury as a result of the displacing activity, the displacing agency may offer the person relocation assistance advisory services.
2. The displacing agency shall co-operate to the maximum extent feasible with federal, state, or local agencies to ensure that the displaced persons receive the maximum assistance available to them.
3. Each relocation assistance advisory program required by subsection 1 shall include such measures, facilities, or services as may be necessary or appropriate in order to comply with the provisions of the federal Uniform Relocation Act and this chapter.
4. The displacing agency shall provide other advisory services to displaced persons in order to minimize hardships to the displaced persons in adjusting to relocation.
5. The displacing agency shall co-ordinate relocation activities with project work, and other planned or proposed governmental actions or displacing activities in the community or nearby areas which may affect the carrying out of relocation assistance programs.

§316.8 Housing replacement by the displacing agency.
1. If a project cannot proceed on a timely basis because comparable replacement dwellings are not available, and the displacing agency determines that such dwellings cannot otherwise be made available, the displacing agency may take such action as is necessary or appropriate to provide the dwellings by use of funds authorized for the program or project. The displacing agency may let contracts for the construction of the dwellings, approve plans and specifications for the building of the dwellings, and supervise, inspect, and approve the dwellings once constructed in order that the dwellings so constructed comply with the terms and conditions of this chapter. The displacing agency may under this section exceed the maximum amounts which may be paid under sections 316.5 and 316.6 on a case-by-case basis for good cause as determined in accordance with administrative rules adopted by the department.
2. A person shall not be required to move from the person’s dwelling on or after July 1, 1971, on account of any program or project, unless the displacing agency is satisfied that a comparable replacement dwelling is available to the person.

§316.9 Rules.
The department shall make administrative rules necessary to effect the provisions of this chapter and to assure:
1. Compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, Pub. L. No. 91-646, as amended by the Uniform Relocation Act Amendments of 1987, Title IV, Pub. L. No. 100-17,
2. The payments authorized by this chapter are fair and reasonable and as uniform as practicable.
3. A displaced person who makes proper application for a payment authorized by this chapter is paid promptly after a move or, in hardship cases, is paid in advance.
4. A person aggrieved by a determination as to eligibility for assistance or a payment authorized by this chapter, or the amount of a payment, upon application may have the matter reviewed. Rules governing reviews shall provide for a prompt one-step uncomplicated fact-finding process. Such a review is an appeal of an agency action as defined in section 17A.2, subsection 2, and is not a contested case. The decision rendered shall be the displacing agency’s final agency action.
All rules shall be subject to the provisions of chapter 17A.

In order to prevent unnecessary expenses and duplications of functions, and to promote uniform and effective administration of relocation assistance programs for displaced persons, the displacing agency may enter into contracts with any individual, firm, association, or corporation for services in connection with the programs, or may carry out its functions through any governmental agency, political subdivision, or instrumentality having an established organization for conducting relocation assistance programs. If practicable, the services of state or local housing agencies, or other agencies having experience in the administration or conduct of similar housing assistance activities shall be used.

Funds appropriated or otherwise available to any state agency for a program or project shall also be available to carry out the provisions of this chapter.

Payments and expenditures under this chapter for highway projects are incident to and arise out of the construction, maintenance, and supervision of public highways and streets, and, in the case of any federal-aid highway project, may be made by the department from the primary road fund and funds made available by the federal government for the purpose of carrying out this chapter. Payments made under this chapter may be made from the primary road fund in case of a primary road project only, and in other cases may be made from appropriate funds under the control of a political subdivision.

The department is authorized to pay all right-of-way and relocation assistance benefits in the full amount authorized by federal standards and rules. In order to avoid delays, payments for such benefits made in cooperation with the federal government may be advanced from the primary road fund.

The multiflora rose (Rosa multiflora) shall not be considered a secondary noxious weed when cultivated for or used as understock for cultivated roses or as ornamental shrubs in gardens, or in any county whose board of supervisors has by resolution declared it not to be a noxious weed. Shattercane (Sorghum bicolor) shall not be considered a secondary noxious weed when cultivated or in any county whose board of supervisors has by resolution declared it not to be a noxious weed.

§317.2 State botanist.
As used in this chapter, “commissioner” means the county weed commissioner or the commissioner’s deputy within each county. Each commissioner, subject to direction and control by the county board of supervisors, shall supervise the control and destruction of all noxious weeds in the county, including those growing within the limits of cities, within the confines of abandoned cemeteries, and along streets and highways unless otherwise provided. A commissioner shall notify the department of public safety of the location of marijuana plants found growing on public or private property. A commissioner may enter upon any land in the

§317.3 Weed commissioner — standards for noxious weed control.
The board of supervisors of each county may annually appoint a county weed commissioner who may be a person otherwise employed by the county and who passes minimum standards established by the department of agriculture and land stewardship for noxious weed identification and the recognized methods for noxious weed control and elimination. The county weed commissioner’s appointment shall be effective as of March 1 and shall continue for a term at the discretion of the board of supervisors unless the commissioner is removed from office as provided for by law. The county weed commissioner may, with the approval of the board of supervisors, require that commercial applicators and their appropriate employees pass the same standards for noxious weed identification as established by the department of agriculture and land stewardship. The name and address of the person appointed as county weed commissioner shall be certified to the county auditor and to the secretary of agriculture within ten days of the appointment. The board of supervisors shall fix the compensation of the county weed commissioner and deputies. At the discretion of the board of supervisors, the weed commissioner shall attend a seminar or school conducted or approved by the department of agriculture and land stewardship relating to the identification, control, and elimination of noxious weeds.

The board of supervisors shall prescribe the time of year the weed commissioner shall perform the powers and duties of county weed commissioner under this chapter which may be during that time of year when noxious weeds can effectively be killed. Compensation shall be for the period of actual work only although a weed commissioner assigned other duties not related to weed eradication may receive an annual salary. The board of supervisors shall likewise determine whether employment shall be by hour, day or month and the rate of pay for the employment time.

§317.6 Entering land to destroy weeds — notice. If there is a substantial failure by the owner or person in possession or control of any land to comply with any order of destruction pursuant to the provisions of this chapter, the county weed commissioner, including the weed commissioner's deputies, or employees acting under the weed commissioner's direction may enter upon any land within the commissioner's county for the purpose of destroying noxious weeds. The entry may be made without the consent of the landowner or person in possession or control of the land. However, the actual work of destruction shall not be commenced until five days after the landowner and the person in possession or control of the land have been notified. The notice shall state the facts relating to failure of compliance with the county program of weed destruction order or orders made by the board of supervisors. The notice shall be delivered by personal service on the owner and persons in possession or control of the land. The personal service may be served by the weed commissioner or any person designated in writing by the weed commissioner. However, in lieu of personal service, the weed commissioner may provide that the notice be delivered by certified mail. A copy of the notice shall be filed in the office of the county auditor. The last known address of the owner or person in possession or control of the land may be ascertained, if necessary, from the last tax list in the county treasurer's office. Where any person owning land within the county has filed a written instrument in the office of the county auditor designating the name and address of its agent, the notice may be delivered to that agent. In computing time for notice, it shall be from the date of service as evidenced on the return of service. If delivery is made by certified mail, it shall be from the date of mailing.

317.7 Report to board. Each weed commissioner shall for the territory under the commissioner's jurisdiction on or before the first day of November of each year make a written report to the board of supervisors. Said report shall state:

1. The name and location of all primary noxious weeds, and any new weed which appears to be a serious pest.
2. A detailed statement of the treatment used, and future plans, for eradication of weeds on each infested tract on which the commissioner has attempted to exterminate weeds, together with the costs and results obtained.
3. A summary of the weed situation within the jurisdiction, together with suggestions and recommendations which may be proper and useful, a copy of which shall be forwarded to the state secretary of agriculture.

317.8 Duty of secretary of agriculture or secretary's designee. The secretary of agriculture or the secretary's designee is vested with the following duties, powers and responsibilities:

1. The secretary or the secretary's designee shall serve as state weed commissioner, and shall cooperate with all boards of supervisors and weed commissioners, and shall furnish blank forms for reports made by the supervisors and commissioners.
2. The secretary or the secretary's designee may, upon recommendation of the state botanist, temporarily declare noxious any new weed appearing in the state which possesses the characteristics of a serious pest.
3. The secretary or the secretary's designee shall aid the supervisors in the interpretation of the weed law, and make suggestions to promote extermination of noxious weeds.
4. The secretary or the secretary's designee shall aid the supervisors in enforcement of the weed law as it applies to all state lands, state parks and primary roads, and may impose a maximum penalty of a ten dollar fine for each day, up to ten days, that the state agency in control of land fails to comply with an order for destruction of weeds made pursuant to this chapter.

317.9 Duty of board to enforce. The responsibility for the enforcement of the
provisions of this chapter shall be vested in the board of supervisors as to all farm lands, railroad lands, abandoned cemeteries, state lands and state parks, primary and secondary roads; roads, streets and other lands within cities unless otherwise provided.

§317.10 Duty of owner or tenant.

Each owner and each person in the possession or control of any lands shall cut, burn, or otherwise destroy, in whatever manner may be prescribed by the board of supervisors, all noxious weeds thereon as defined in this chapter at such times in each year and in such manner as shall be prescribed in the program of weed destruction order or orders made by the board of supervisors, and shall keep said lands free from such growth of any other weeds, as shall render the streets or highways adjoining said land unsafe for public travel.

§317.11 Weeds on roads — harvesting of grass.

The county boards of supervisors and the state department of transportation shall control noxious weeds growing on the roads under their jurisdiction. Spraying for control of noxious weeds shall be limited to those circumstances when it is not practical to mow or otherwise control the noxious weeds.

Nothing under this chapter shall prevent the landowner from harvesting, in proper season, the grass grown on the road along the landowner’s land except for vegetation maintained for highway purposes as part of an integrated roadside vegetation management plan which is consistent with the objectives in section 314.22.

§317.12 Weeds on railroad or public lands and gravel pits.

All noxious weeds on railroad lands, public lands and within incorporated cities shall be treated in such manner, approved by the board of supervisors, as shall prevent seed production and either destroy or prevent the spread of noxious weeds to adjoining lands. Gravel pits infested with noxious weeds shall not be used as sources of gravel for public highways without previous treatment approved by board of supervisors.

§317.13 Program of control.

The board of supervisors of each county may each year, upon recommendation of the county weed commissioner by resolution prescribe and order a program of weed control for purposes of complying with all sections of this chapter. The county board of supervisors of each county may also by adopting an integrated roadside vegetation management plan prescribe and order a program of weed control for purposes of complying with all sections of this chapter. The program for weed control ordered or adopted by the county board of supervisors shall provide that spraying for control of weeds shall be limited to those circumstances when it is not practical to mow or otherwise control the weeds.

The program of weed control shall include a program of permits for the burning, mowing, or spraying of roadsides by private individuals. The county board of supervisors shall allow only that burning, mowing, or spraying of roadsides by private individuals that is consistent with the adopted integrated roadside vegetation management plan. This paragraph applies only to those roadside areas of a county which are included in an integrated roadside vegetation management plan.

§317.14 Notice of program.

Notice of any order made pursuant to section 317.13 shall be given by one publication in the official newspapers of the county and shall be directed to all property owners.

Said notice shall state:
1. The time for destruction.
2. The manner of destruction, if other than cutting above the surface of the ground.
3. That unless said order is complied with the weed commissioner shall cause said weeds to be destroyed and the cost thereof will be taxed against the real estate on which the noxious weeds are destroyed.

§317.15 Loss or damage to crops.

The loss or damage to crops or property incurred by reason of such destruction shall be borne by the titleholder of said real estate, unless said real estate shall be sold under contract whereby possession has been delivered to the purchaser, in which event such purchaser shall bear such loss or damage, excepting where a contract has been entered into providing a different adjustment for such loss or damage.
317.16 Failure to comply.
1. In case of a substantial failure to comply by the date prescribed in any order of destruction of weeds made pursuant to this chapter, the weed commissioner may do any of the following:
   a. Enter upon the land as provided in section 317.6 and provide for the destruction of the weeds as provided in section 317.6.
   b. Impose a maximum penalty of a ten dollar fine for each day, up to ten days, that the owner or person in possession or control of the land fails to comply. If a penalty is imposed and the owner or person in possession or control of the land fails to comply, the weed commissioner shall cause the weeds to be destroyed.
2. If the weed commissioner enters the land and causes the weeds to be destroyed, the actual cost and expense of cutting, burning, or otherwise destroying the weeds, along with the cost of providing notice and special meetings or proceedings, if any, shall be paid by the county and, together with the cost of the destruction shall be assessed against the land and collected from the landowner to carry out this section.

317.17 Additional noxious weeds.
The board of supervisors shall order the weed commissioner, or commissioners, to destroy or cause to be destroyed any new weeds declared to be noxious by the secretary of agriculture, the cost of which shall be borne by the county.

317.18 Order for weed control on roads.
The board of supervisors may order all noxious weeds, within the right-of-way of all roads under county jurisdiction to be cut, burned, or otherwise controlled to prevent seed production, either upon its own motion or upon receipt of written notice requesting the action from any residents of the township in which the roads are located, or any person regularly using the roads. The order shall be consistent with the county integrated roadside vegetation management plan, if the county has adopted such a plan, and the order shall define the roads along which noxious weeds are required to be cut, burned, or otherwise controlled and shall require the weeds to be cut, burned, or otherwise controlled within fifteen days after the publication of the order in the official newspapers of the county or as prescribed in the county’s integrated roadside vegetation management plan. The order shall provide that spraying for control of noxious weeds shall be limited to those circumstances when it is not practical to mow or otherwise control the weeds.

317.19 Road clearing appropriation.
The board of supervisors may appropriate money to be used for the purposes of cutting, burning, or otherwise controlling weeds or brush within the right-of-way of roads under county jurisdiction in time to prevent reseeding or in a manner consistent with the county’s roadside vegetation management plan, if the county has adopted such a plan. The moneys appropriated shall not be spent on spraying for control of weeds except in those circumstances when it is not practical to mow or otherwise control the weeds.

317.20 Equipment and materials — use on private property.
The board of supervisors may appropriate money for the purpose of purchasing weed eradicating equipment and materials to carry out the duties of the commissioner for use on all lands in the county, public or private, and for the payment of the necessary expenses and compensation of the commissioner, and the commissioner’s deputies, if any. When equipment or materials so purchased are used on private property within the corporate limits of cities by the commissioner, the cost of materials used and an amount to be fixed by the board of supervisors for the purpose of purchasing weed eradicating equipment and materials to carry out this section.

317.21 Cost of weed destruction.
When the commissioner destroys any weeds under the authority of section 317.16, after failure of the landowner responsible to destroy such weeds pursuant to the order of the board of supervisors, the cost of the destruction shall be assessed against the land and collected from the landowner.
§317.21, WEEDS

responsible in the following manner:

1. Annually, after the weed commissioner has completed the program of destruction of weeds by reason of noncompliance by persons responsible for the destruction, the board of supervisors shall determine as to each tract of real estate the actual cost of labor and materials used by the commissioner in cutting, burning, or otherwise destroying the weeds, the cost of serving notice, and of special meetings or proceedings, if any. To the total of all sums expended, the board shall add an amount equal to twenty-five percent of that total to compensate for the cost of supervision and administration and assess the resulting sum against the tract of real estate by a special tax, which shall be certified to the county auditor and county treasurer by the clerk of the board of supervisors, and shall be placed upon the tax books, and collected, with interest after delinquent, in the same manner as other unpaid taxes. The tax shall be due on March 1 after assessment, and shall be delinquent from April 1 after due. However, when the last day of March is a Saturday or Sunday, such amount shall be delinquent from the second business day of April. When collected, the moneys shall be paid into the fund from which the costs were originally paid.

2. Before making any such assessment, the board of supervisors shall prepare a plat or schedule showing the several lots, tracts of land or parcels of ground to be assessed which shall be in accord with the assessor’s records and the amount proposed to be assessed against each of the same for destroying or controlling weeds during the fiscal year.

3. Such board shall thereupon fix a time for the hearing on such proposed assessments, which time shall not be later than December 15 of the year, and at least twenty days prior to the time thus fixed for such hearing shall give notice thereof to all concerned that such plat or schedule is on file, and that the amounts as shown therein will be assessed against the several lots, tracts of land or parcels of ground described in said plat or schedule at the time fixed for such hearing, unless objection is made thereto. Notice of such hearing shall be given by one publication in official county newspapers in the county in which the property to be assessed is situated; or by posting a copy of such notice on the premises affected and by mailing a copy by certified mail to the last known address of the person owning or controlling said premises. At such time and place the owner of said premises or anyone liable to pay such assessment, may appear with the same rights given by law before boards of review, in reference to assessments for general taxation.

317.22 Duty of highway maintenance personnel.

All officers directly responsible for the care of public highways shall make a complaint to the weed commissioners or board of supervisors, if it appears that the provisions of this chapter may not be complied with in time to prevent the blooming and maturity of noxious weeds or the unlawful growth of weeds or marijuana, whether in the streets or highways for which they are responsible or upon lands adjacent to the same.

317.23 Duty of county attorney.

It shall be the duty of the county attorney upon complaint of any citizen that any officer charged with the enforcement of the provisions of this chapter has neglected or failed to perform the officer’s duty, to enforce the performance of such duty.

317.24 Punishment of officer.

317.25 Teasel, multiflora rose, and purple loosestrife prohibited — exceptions.

A person shall not import, sell, offer for sale, or distribute teasel (Dipsacus), the multiflora rose (Rosa multiflora), purple loosestrife (Lythrum salicaria), or seeds of them in any form in this state. Any person violating the provisions of this section is subject to a fine of not exceeding one hundred dollars.

321.19 Exemptions — distinguishing plates — definitions of urban transit company and regional transit system.

1. All vehicles owned or leased for a period of sixty days or more by the government and used in the transaction of official business by the representatives of foreign governments or by officers, boards, or departments of the government of the United States, and by the state, counties, municipalities and other political subdivisions of the state including vehicles used by an urban transit company operated by a municipality or a regional transit system, and self-propelling vehicles used neither for the conveyance of persons for hire, pleasure, or business nor for the transportation of freight other than those used by an urban transit company operated by a municipality or a regional transit system, all fire trucks, providing they are not owned and operated for a pecuniary profit, and authorized emergency vehicles used only in disaster relief owned and operated by an organization not operated for pecuniary profit, are exempted from the payment of the fees imposed by this chapter, except as provided for urban transit companies in subsection 2, but are not exempt from the penalties provided in this chapter.

The department shall furnish, on application, free of charge, distinguishing plates for vehicles thus exempted, which plates except plates on state patrol vehicles shall bear the word "official" and the department shall keep a separate record. Registration plates issued for state patrol vehicles, except unmarked patrol vehicles, shall bear two red stars on a yellow background, one before and one following the registration number on the plate, which registration number shall be the officer’s badge number. Registration plates issued for county sheriff’s patrol vehicles shall display one seven-pointed gold star followed by the letter “S” and the call number of the vehicle. However, the director of the department of administrative services or the director of transportation may order the issuance of regular registration plates for any exempted vehicle used by peace officers in the enforcement of the law, persons enforcing chapter 124 and other laws relating to controlled substances, persons in the department of justice, the alcoholic beverages division of the department of commerce, disease investigators of the Iowa department of public health, the department of inspections and appeals, and the department of revenue, who are regularly assigned to conduct investigations which cannot reasonably be conducted with a vehicle displaying “official” state registration plates, persons in the Iowa lottery authority whose regularly assigned duties relating to security or the carrying of lottery tickets cannot reasonably be conducted with a vehicle displaying “official” registration plates, persons in the department of economic development who are regularly assigned duties relating to existing industry expansion or business attraction, and mental health professionals or health care professionals who provide off-site or in-home medical or mental health services to clients of publicly funded programs. For purposes of sale of exempted vehicles, the exempted governmental body, upon the sale of the exempted vehicle, may issue for in-transit purposes a pasteboard card bearing the words “Vehicle in Transit”, the name of the official body from which the vehicle was purchased, together with the date of the purchase plainly marked in at least one-inch letters, and other information required by the department. The in-transit card is valid for use only within forty-eight hours after the purchase date as indicated on the bill of sale which shall be carried by the driver.

2. “Urban transit company” means any person, firm, corporation, company, or municipality which operates buses or trolley cars or both, primarily upon the streets of cities over well-defined routes between certain termini, for the transportation of passengers for a uniform fare, and which accepts for passengers all who present themselves for transportation without discrimination up to the limit of the capacity of each vehicle. Included are street railways, plants, equipment, property, and rights, used and useful in the transportation of passengers. Motor carriers and interurbans subject to the jurisdiction of the state department of transportation, and taxicabs, are not included.

The department, in accordance with subsection 1, shall furnish distinguishing plates for vehicles used by urban transit companies operated by a municipality. No other provision of law providing for the payment of taxes, registration, or license fees for vehicles shall be applicable to any bus, car, or vehicle for the transportation of passengers owned and operated by any urban transit company.

Chapter 326 is not applicable to urban transit companies or systems.

3. “Regional transit system” means a public transit system serving one county or all or part of a multicounty area whose boundaries correspond to the same boundaries as those of the regional planning areas designated by the governor, except as agreed upon by the department. Each county board of supervisors within the region is responsible for determining the service and funding within its county. However, the administration and overhead support services for the overall regional transit system shall be consolidated into one existing or new agency to be mutually agreed upon by the participating members. Privately chartered bus services and uses other than providing services that are open and public on a shared ride basis shall not be construed to be a regional transit system.

321.20 Application for registration and certificate of title.

1. Except as provided in this chapter, an owner of a vehicle subject to registration shall make application to the county treasurer of the county of the owner’s residence, or if a nonresident, to the county treasurer of the county where the primary users of the vehicle are located, or if a lessee of the vehicle pursuant to chapter 321F which vehicle has a gross vehicle weight of less than ten thousand pounds, to the county treasurer of the county of the lessee’s residence, or if a firm, association, or corporation with vehicles in multiple counties, the owner may make application to the county treasurer of the county where the primary user of the vehicle is located, for the registration and issuance of a certificate of title for the vehicle upon the appropriate form furnished by the department. However, upon the transfer of ownership, the owner of a vehicle subject to the proportional registration provisions of chapter 326 shall make application for registration and issuance of a certificate of title to either the department or the appropriate county treasurer. The application shall be accompanied by a fee of ten dollars, and shall bear the owner’s signature. A nonresident owner of two or more vehicles subject to registration may make application for registration and issuance of a certificate of title for all vehicles subject to registration to the county treasurer of the county where the primary user of the vehicle is located, for the registration and issuance of a certificate of title for each vehicle. The owner of a mobile home or manufactured home shall make application for a certificate of title under this section from the county treasurer of the county where the mobile home or manufactured home is located. The application shall contain:

a. The full legal name; social security number or Iowa driver’s license number or Iowa nonoperator’s identification card number; date of birth; bona fide residence; and mailing address of the owner and of the lessee if the vehicle is being leased. If the owner or lessee is a firm, association, or corporation, the application shall contain the bona fide business address and federal employer identification number of the owner or lessee. Up to three owners’ names may be listed on the application. If the vehicle is a leased vehicle, the application shall state whether the notice of registration renewal shall be sent to the lessor or to the lessee and whether the lessor or the lessee shall receive the registration fee refund, if any. Information relating to the lessee of a vehicle shall not be required on an application for registration and a certificate of title for a vehicle with a gross vehicle weight rating of ten thousand pounds or more.

b. A description of the vehicle including, insofar as the specified data may exist with respect to a given vehicle, the make, model, type of body, the number of cylinders, the type of motor fuel used, the vehicle identification number or other assigned number, and whether new or used and, if a new vehicle, the date of sale by the manufacturer or dealer to the person intending to operate the vehicle. If the vehicle is a new low-speed vehicle, the manufacturer’s or importer’s certificate required to accompany the application under paragraph “d” shall certify that the vehicle was manufactured in compliance with the national highway traffic safety administration standards for low-speed vehicles in 49 C.F.R. § 571.500.

c. Such further information as may reasonably be required by the department.

d. A statement of the applicant’s title and of all liens or encumbrances upon the vehicle and the names and bona fide addresses of all persons having any interest in the vehicle and the nature of every such interest. When the application refers to a new vehicle, it shall be accompanied by a manufacturer’s or importer’s certificate duly assigned and as provided in section 321.45.

e. The amount of tax to be paid under section 423.26.

f. If the vehicle is owned by a nonresident but is subject to issuance of an Iowa certificate of title or registration, the application shall also contain the full legal name, Iowa driver’s license number or Iowa nonoperator’s identification card number, date of birth, bona fide residence, and mailing address of the primary user of the vehicle. If the primary user is a firm, association, or corporation, the application shall contain the bona fide business address and federal employer identification number of the primary user. The primary user’s name and address shall not be printed on the registration receipt or the certificate of title.

2. Notwithstanding contrary provisions of this chapter or chapter 326 regarding titling and registration by means other than electronic means, the department may develop and implement a program to allow for electronic applications, titling, registering, and electronic funds transfer for vehicles subject to registration in order to improve the efficiency and timeliness of the processes and to reduce costs for all parties involved.

3. The department shall adopt rules on the method for providing signatures for applications made by electronic means.

§321.20A Certificate of title and registration fees — commercial vehicles.
1. Notwithstanding other provisions of this chapter, the owner of a commercial vehicle subject to the proportional registration provisions of chapter 326 may make application to the department or the appropriate county treasurer for a certificate of title. The application for certificate of title shall be made within thirty days of purchase or transfer and shall be accompanied by a ten dollar title fee and the appropriate use tax. The department or the county treasurer shall deliver the certificate of title to the owner if there is no security interest. If there is a security interest, the title, when issued, shall be delivered to the first secured party. Delivery may be made using electronic means.

2. An owner of more than fifty commercial vehicles subject to the proportional registration provisions of chapter 326 who is issued a certificate of title under this section shall not be subject to registration fees until the commercial vehicle is driven or moved upon the highways. The registration fee due shall be prorated for the remaining expired months of the registration year. Ownership of the commercial vehicle shall not be transferred until registration fees have been paid to the department.

§321.20B Proof of security against liability — driving without liability coverage.
1. Notwithstanding chapter 321A, which requires certain persons to maintain proof of financial responsibility, a person shall not drive a motor vehicle on the highways of this state unless financial liability coverage, as defined in section 321.1, subsection 24B, is in effect for the motor vehicle and unless the driver has in the motor vehicle the proof of financial liability coverage issued for the motor vehicle, or if the vehicle is registered in another state, other evidence that financial liability coverage is in effect for the motor vehicle.

It shall be conclusively presumed that a motor vehicle driven upon a parking lot which is available to the public without charge or which is available to customers or invitees of a business or facility without charge was driven on the highways of this state in order to enter the parking lot, and this section shall be applicable to such a motor vehicle. As used in this section, “parking lot” includes access roads, drives, lanes, aisles, entrances, and exits to and from a parking lot described in this paragraph.

This subsection does not apply to the operator of a motor vehicle owned by or leased to the United States, this state or another state, or any political subdivision of this state or of another state, or to a motor vehicle which is subject to section 325A.6 or 327B.6.

2. a. An insurance company transacting business in this state shall issue to its insured owners of motor vehicles registered in this state a financial liability coverage card for each motor vehicle insured. Each financial liability coverage card shall identify the registration number or vehicle identification number of the motor vehicle insured and shall indicate the expiration date of the applicable insurance coverage. The financial liability coverage card shall also contain the name and address of the insurer or emergency telephone number of the insurance agency, the name of the insured, and an emergency telephone number.

b. The insurance division and the department, as appropriate, shall adopt rules regarding the contents of a financial liability coverage card to be issued pursuant to this section. Notwithstanding the provisions of this section, a fleet owner is not required to maintain in each vehicle a financial liability coverage card with the individual registration number or the vehicle identification number of the vehicle included on the card. Such fleet owner shall be required to maintain a financial liability coverage card in each vehicle in the fleet including information deemed appropriate by the commissioner of insurance or the director, as applicable.

3. If the financial liability coverage for a motor vehicle which is registered in this state is canceled or terminated effective prior to the expiration date indicated on the financial liability coverage card issued for the vehicle, the person to whom the financial liability coverage card was issued shall destroy the card.

4. a. If a peace officer stops a motor vehicle registered in this state and the driver is unable to provide proof of financial liability coverage, the peace officer shall do one of the following:

(1) Issue a warning memorandum to the driver.
(2) Issue a citation to the driver.
(3) Issue a citation and remove the motor ve-
hicle's license plates and registration receipt. Upon removing the license plates and registration receipt, the peace officer shall deliver the plates for destruction, as appropriate, and forward the registration receipt and evidence of the violation, as determined by the department, to the county treasurer of the county in which the motor vehicle is registered. The motor vehicle may be driven for a time period of up to forty-eight hours after receiving the citation solely for the purpose of removing the motor vehicle from the highways of this state, unless the driver's operating privileges are otherwise suspended.

After receiving the citation, the driver shall keep the citation in the motor vehicle at all times while driving the motor vehicle as provided in this subparagraph, as proof of the driver’s privilege to drive the motor vehicle for such limited time and purpose.

(4) (a) Issue a citation, remove the motor vehicle's license plates and registration receipt, and impound the motor vehicle. The peace officer shall deliver the plates for destruction, as appropriate, and forward the registration receipt and evidence of the violation, as determined by the department, to the county treasurer of the county in which the motor vehicle is registered.

(b) A motor vehicle which is impounded may be claimed by a person if the owner provides proof of financial liability coverage and proof of payment of any applicable fine and the costs of towing and storage for the motor vehicle. If the motor vehicle is not claimed within thirty days after impoundment, the motor vehicle may be treated as an abandoned vehicle pursuant to section 321.89.

(c) The holder of a security interest in a motor vehicle which is impounded pursuant to this subparagraph shall be notified of the impoundment within seventy-two hours of the impoundment of the motor vehicle and shall have the right to claim the motor vehicle upon the payment of all fees. However, if the value of the vehicle is less than the security interest, all fees shall be divided equally between the lienholder and the political subdivision impounding the vehicle.

b. An owner or driver of a motor vehicle who is charged with a violation of subsection 1 and issued a citation under paragraph “a”, subparagraph (3) or (4), is subject to the following:

(1) An owner or driver who produces to the clerk of court, prior to the date of the individual's court appearance as indicated on the citation, proof that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, or, if the driver is not the owner of the motor vehicle, proof that liability coverage was in effect for the driver with respect to the motor vehicle being driven at the time the driver was stopped and cited, in the same manner as if the motor vehicle were owned by the driver, shall be given a receipt indicating that such proof was provided and be subject to one of the following:

(a) If the person was cited pursuant to paragraph “a”, subparagraph (3), the owner or driver shall provide a copy of the receipt to the county treasurer of the county in which the motor vehicle is registered and the owner shall be assessed a fifteen dollar administrative fee by the county treasurer who shall issue new license plates and registration to the person after payment of the fee.

(b) If the person was cited pursuant to paragraph “a”, subparagraph (4), the owner or driver, after the owner provides proof of financial liability coverage to the clerk of court, may claim the motor vehicle after such person pays any applicable fine and the costs of towing and storage for the motor vehicle, and the owner or driver provides a copy of the receipt and the owner pays to the county treasurer of the county in which the motor vehicle is registered a fifteen dollar administrative fee, and the county treasurer shall issue new license plates and registration to the person.

(2) An owner or driver who is charged with a violation of subsection 1 and is unable to show that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited may do either of the following:

(a) Sign an admission of violation on the citation and remit to the clerk of court a scheduled fine as provided in section 805.8A, subsection 14, paragraph “f”, for a violation of subsection 1. Upon payment of the fine to the clerk of court of the county where the citation was issued, payment of a fifteen dollar administrative fee to the county treasurer of the county in which the motor vehicle is registered, and providing proof of payment of any applicable fine and proof of financial liability coverages to the county treasurer of the county in which the motor vehicle is registered, the treasurer shall issue new license plates and registration to the owner.

(b) Request an appearance before the court on the matter. If the matter goes before the court, and the owner or driver is found guilty of a violation of subsection 1, the court may impose a fine as provided in section 805.8A, subsection 14, paragraph “f”, for a violation of subsection 1, or the court may order the person to perform unpaid community service instead of the fine. Upon the payment of the fine or the entry of the order for unpaid community service, the person shall provide proof of payment or entry of such order and the county treasurer of the county in which the motor vehicle is registered shall issue new license plates and registration to the owner upon the owner providing proof of financial liability coverage and paying a fifteen dollar administrative fee to the county treasurer.

c. An owner or driver cited for a violation of subsection 1, who produces to the clerk of court prior to the date of the person's court appearance as indicated on the citation proof that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, shall
not be convicted of such violation and the citation issued shall be dismissed by the court. Upon dismissal, the court or clerk of court shall assess the costs of the action against the defendant named on the citation.

5. If the motor vehicle is not registered in this state and the driver is a nonresident, the peace officer shall do one of the following:
   a. Issue a warning memorandum to the driver.
   b. Issue a citation. An owner or driver who produces to the clerk of court prior to the date of the person’s court appearance as indicated on the citation proof that the financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, or if the driver is not the owner of the motor vehicle, proof that liability coverage was in effect for the driver with respect to the motor vehicle being driven at the time the driver was stopped and cited in the same manner as if the motor vehicle were owned by the driver, shall be given a receipt indicating that proof was provided, and the citation issued shall be dismissed by the court. Upon dismissal, the court or clerk of court shall assess the costs of the action against the defendant named on the citation.

6. This section does not apply to a snowmobile or all-terrain vehicle or to a motor vehicle identified in section 321.18, subsections 1 through 6, and subsection 8.

7. This section does not apply to a lienholder who has a security interest in a motor vehicle subject to the registration requirements of this chapter, so long as such lienholder maintains financial liability coverage for any motor vehicle driven or moved by the lienholder in which the lienholder has an interest.

8. This section does not apply to a motor vehicle owned by a motor vehicle dealer or wholesaler licensed pursuant to chapter 322.

9. The director of transportation and the commissioner of insurance shall adopt rules pursuant to chapter 17A to administer this section.

321.22 Urban and regional transit equipment certificates and plates.

1. An urban transit company or system having a franchise to operate in any city and any regional transit system may make application to the department, upon forms furnished by the department, for a certificate containing a distinguishing number and for one or more pairs of transit bus plates to be attached to the front and rear of buses owned or operated by the transit company or system.

2. The department shall issue to the applicant a certificate, or certificates, containing, but not limited to, the applicant’s name and address, the distinguishing number assigned to the applicant, and such other information deemed necessary by the department for proper identification of the buses.

The department shall issue the certificates and plates without fee.

321.23 Titles to specially constructed and foreign vehicles.

1. If the vehicle to be registered is a specially constructed, reconstructed, or foreign vehicle, such fact shall be stated in the application. A fee of ten dollars shall be paid by the person making the application upon issuance of a certificate of title by the county treasurer. For a specially constructed or reconstructed motor vehicle subject to registration, the application shall be accompanied by a statement from the department authorizing the motor vehicle to be titled and registered in this state. The department shall cause a physical inspection to be made of all specially constructed or reconstructed motor vehicles, upon application for a certificate of title by the owner, to determine whether the motor vehicle complies with the definition of specially constructed motor vehicle or reconstructed motor vehicle in this chapter and to determine that the integral component parts are properly identified and that the rightful ownership is established before issuing the owner the authority to have the motor vehicle registered and titled. The purpose of the physical inspection under this section is not to determine whether the motor vehicle is in a condition safe to operate. The owner of a specially constructed or reconstructed vehicle shall apply for a certificate of title and registration for the vehicle at the county treasurer’s office within thirty days of the inspection. For a foreign vehicle which has been registered outside this state, the owner shall surrender to the treasurer all registration plates, registration cards, and certificates of title, or if the vehicle to be registered is from a nontitle state, the evidence of foreign registration and ownership as may be prescribed by the department except as provided in subsection 2.

2. When in the course of operation of a vehicle registered in another state it is desirable to retain
registration of said vehicle in such other state, such applicant need not surrender but shall submit for inspection said evidence of such foreign registration and the treasurer upon a proper showing shall register said vehicle in this state but shall not issue a certificate of title for such vehicle.

3. In the event an applicant for registration of a foreign vehicle for which a certificate of title has been issued is able to furnish evidence of being the registered owner of the vehicle to the county treasurer of the owner’s residence, although unable to surrender such certificate of title, the county treasurer may issue a registration receipt and plates upon receipt of the required registration fee but shall not issue a certificate of title thereto. Upon surrender of the certificate of title from the foreign state, the county treasurer shall issue a certificate of title to the owner, or person entitled thereto, of such vehicle as provided in this chapter. The owner of a vehicle registered under this subsection shall not be required to obtain a certificate of title in this state and may transfer ownership of the vehicle to a motor vehicle dealer licensed under chapter 322 if, at the time of the transfer, the certificate of title is held by a secured party and the dealer has forwarded to the secured party the sum necessary to discharge the security interest pursuant to section 321.48, subsection 1.

4. A vehicle which does not meet the equipment requirements of this chapter due to the particular use for which it is designed or intended, may be registered by the department upon payment of appropriate fees and after inspection and certification by the department that the vehicle is not in an unsafe condition. A person is not required to have a certificate of title to register a vehicle under this subsection. If the owner elects to have a certificate of title issued for the vehicle, a fee of ten dollars shall be paid by the person making the application upon issuance of a certificate of title. If the department’s inspection reveals that the vehicle may be safely operated only under certain conditions or on certain types of roadways, the department may restrict the registration to limit operation of the vehicle to the appropriate conditions or roadways. This subsection does not apply to snowmobiles as defined in section 321G.1. Section 321.382 does not apply to a vehicle registered under this subsection which is operated exclusively by a person with a disability who has obtained a persons with disabilities parking permit as provided in section 321L.2, if the persons with disabilities parking permit is carried in or on the vehicle and shown to a peace officer on request.

321.23A Affidavit of correction.

When information is printed incorrectly on a certificate of title, application for certificate of title, damage disclosure statement, or other document required for a title transfer or when these documents contain an alteration or erasure, the county treasurer may accept a notarized affidavit of correction. This section does not apply to an odometer certification statement. The department shall consult with a representative of the Iowa state county treasurer’s association and shall promulgate rules and adopt a standard affidavit form or forms to administer this section.

2004 Acts, ch 1092, §1

321.24 Issuance of registration and certificate of title.

1. Upon receipt of the application for title and payment of the required fees for a motor vehicle, trailer, or semitrailer, the county treasurer or the department shall, when satisfied as to the application’s genuineness and regularity, and, in the case of a mobile home or manufactured home, that taxes are not owing under chapter 435, issue a certificate of title and, except for a mobile home or manufactured home, a registration receipt, and shall file the application, the manufacturer’s or importer’s certificate, the certificate of title, or other evidence of ownership, as prescribed by the department. The registration receipt shall be delivered to the owner and shall contain upon its face the date issued, the name and address of the owner, the registration number assigned to the vehicle, the amount of the fee paid, the amount of tax paid pursuant to section 423.26, the type of fuel used, a description of the vehicle as determined by the department, and a form for notice of transfer of the vehicle. The name and address of any lessee of the vehicle shall not be printed on the registration receipt or certificate of title. Up to three owners may be listed on the registration receipt and certificate of title.

2. The county treasurer shall maintain in the county record system information contained on the registration receipt. The information shall be accessible by registration number and shall be open for public inspection during reasonable business hours. Copies the department requires shall be sent to the department in the manner and at the time the department directs.

3. The certificate of title shall contain upon its face the identical information required upon the face of the registration receipt. In addition, the certificate of title shall contain a statement of the owner’s title, the title number assigned to the owner or owners of the vehicle, the amount of tax paid pursuant to section 423.26, the name and address of the previous owner, and a statement of all security interests and encumbrances as shown in the application, upon the vehicle described, including
the nature of the security interest, date of perfection, and name and address of the secured party.

4. If the prior certificate of title is from another state and indicates that the vehicle was rebuilt, the new certificate of title and registration receipt shall contain the designation “REBUILT” printed on its face together with the name of the state issuing the prior title. The designation shall be retained on the face of all subsequent certificates of title and registration receipts for the vehicle.

5. If the prior certificate of title is from another state and indicates that the vehicle was junked, an Iowa junking certificate shall be issued according to section 321.52, subsections 2 and 3. If the prior certificate of title from another state indicates that the vehicle was salvaged and not rebuilt or is a salvage certificate of title, an Iowa salvage certificate of title shall be issued and a “SALVAGE” designation shall be retained on all subsequent Iowa certificates of title and registration receipts for the vehicle, except as provided under section 321.52, subsection 4, paragraph "b". The department may require that subsequent Iowa certificates of title retain other states’ designations which indicate that a vehicle had incurred prior damage. The department shall determine the manner in which other states’ rebuilt, salvage, or other designations are to be indicated on Iowa titles.

6. If the prior certificate of title is from another state and indicates that the vehicle was returned to the manufacturer pursuant to a law of another state similar to chapter 322G, the new registration receipt and certificate of title, and all subsequent registration receipts and certificates of title issued for the vehicle, shall contain a designation indicating the vehicle was returned to the manufacturer. The department shall determine the manner in which other states’ designations are to be indicated on Iowa registration receipts and certificates of title. The department may determine that a “REBUILT” or “SALVAGE” designation supersedes the designation required by this subsection and include the “REBUILT” or “SALVAGE” designation on the registration receipt and certificate of title in lieu of the designation required by this subsection.

7. The certificate shall contain the name of the county treasurer or of the department and, if the certificate of title is printed, the signature of the county treasurer, the deputy county treasurer, or the department director or deputy designee. The certificate of title shall contain upon the reverse side a form for assignment of title or interest and warranty by the owner, for reassignments by a dealer licensed in this state or in another state if the state in which the dealer is licensed permits Iowa licensed dealers to similarly reassign certificates of title. However, titles for mobile homes or manufactured homes shall not be reassigned by licensed dealers. Notwithstanding section 322.1, subsection 17, as used in this paragraph “dealer” means every person engaged in the business of buying, selling, or exchanging vehicles of a type required to be registered under this chapter.

8. The original certificate of title shall be delivered to the owner if there is no security interest. Otherwise the certificate of title shall be delivered by the county treasurer or the department to the person holding the first security interest. Delivery may be made using electronic means.

9. The county treasurer or the department shall maintain in the county or department records system information contained on the certificate of title. The information shall be accessible by title certificate number for a period of three years from the date of notification of cancellation of title or that a new title has been issued as provided in this chapter. Copies the department requires shall be sent to the department in the manner and at the time the department directs. The department shall designate a uniform system of title numbers to indicate the county of issuance.

10. A vehicle shall be registered for the registration year. A vehicle registered for the first time in this state shall be registered for the remaining unexpired months of the registration year and pay a registration fee prorated for the remaining unexpired months of the registration year. The persons entitled under the laws of descent and distribution of an intestate’s property to the possession and ownership of a vehicle owned in whole or in part by a decedent, upon filing an affidavit stating the name and date of death of the decedent, the right to possession and ownership of the persons filing the affidavit, and that there has been no administration of the decedent’s estate, which instrument shall also contain an agreement to indemnify creditors of the decedent who would be entitled to levy execution upon the motor vehicle to the extent of the value of the motor vehicle, are entitled upon fulfilling the other requirements of this chapter, to the issuance of a registration card for the interest of the decedent in the vehicle and a certificate of title to it. If a decedent dies testate, and either the will is not probated or is admitted to probate without administration, the persons entitled to the possession and ownership of a vehicle owned in whole or in part by the decedent may file an affidavit and, upon fulfilling the other requirements of this chapter, are entitled to the issuance of a registration card for the interest of the decedent in the vehicle and a certificate of title to the vehicle. The affidavit shall contain the same information and indemnity agreement as is required in cases of intestacy pursuant to this section. A requirement of chapter 450 or 451 shall not be considered satisfied by the filing of the affidavit provided for in this section. If, from the records in the office of the county treasurer, there appear to be any liens on the vehicle, the certificate of title shall contain a statement of the liens unless the application is accompanied by proper evidence of their satisfaction or extinction. Evidence of extinction may consist of, but is not limited to, an affidavit of the applicant stating that a security interest was foreclosed as provided in chapter 554, article 9, part 6.

Whenever ownership of a vehicle is transferred under the provisions of this section the registration plates shall be removed and forwarded to the county treasurer of the county where the vehicle is registered or to the department if the vehicle is owned by a nonresident. Upon transfer the vehicle shall not be operated upon the highways of this state until the person entitled to possession of the vehicle applies for and obtains registration for the vehicle.

A person convicted of a violation of this section is guilty of a simple misdemeanor punishable as a scheduled violation under section 805.8A, subsection 2, paragraph “b”.

321.48 Vehicles acquired for resale.

1. When the transferee of a vehicle is a dealer who holds the vehicle for resale and operates the vehicle only for purposes incident to a resale and displays a dealer plate on the vehicle or does not drive such vehicle or permit it to be driven upon the highways, such transferee shall not be required to obtain a new registration or a new certificate of title but upon transferring title or interest to another person shall execute and acknowledge an assignment and warranty of title upon the certificate of title assigned to the person and deliver the same to the person to whom such transfer is made.

A dealer licensed pursuant to chapter 322 or chapter 322C who has acquired a vehicle for resale which is subject to a security interest as provided in section 321.50 and who has forwarded to the secured party the sum necessary to discharge the security interest may offer the vehicle for sale prior to the receipt from the county treasurer of the certificate of title for the vehicle with the lien discharged for a period of not more than thirty days from the date the vehicle was acquired and the provisions of section 321.104, subsection 2, shall not apply.

2. A foreign registered vehicle purchased or otherwise acquired by a dealer for the purpose of resale shall be issued a certificate of title for the vehicle by the county treasurer of the dealer’s residence upon proper application as provided in this chapter and upon payment of a fee of five dollars and the dealer is exempt from the payment of any and all registration fees for the vehicle. The application for certificate of title shall be made within thirty days after the vehicle comes within the border of the state. However, a dealer acquiring a vehicle registered in another state which permits Iowa dealers to reassign that state’s certificates of title shall not be required to obtain a new registration or a new certificate of title and upon transferring title or interest to another person shall execute an assignment upon the certificate of title for the vehicle to the person to whom the transfer is made and deliver the assigned certificate of title to the person.

3. In a transaction in which a vehicle is traded to a dealer as defined in chapter 322 or chapter 322C toward the purchase price of another vehicle and each vehicle is owned in whole or in part by the same person, the person acquiring the vehicle from the dealer shall be entitled to a credit under section 321.46.

4. Nothing in this section shall be construed to prohibit a dealer from obtaining a new certificate of title or new registration in the same manner as other purchasers.
§321.49 Time limit — penalty — power of attorney.

1. Except as provided in section 321.52, if an application for transfer of registration and certificate of title is not submitted to the county treasurer of the residence of the transferee within thirty days of the date of assignment or transfer of title, or within thirty days of the date of delivery to the purchaser if the vehicle is subject to a security interest and was offered for sale pursuant to section 321.48, subsection 1, a penalty of ten dollars shall accrue against the applicant, and no registration card or certificate of title shall be issued to the applicant for the vehicle until the penalty is paid.

2. Certificates of title to vehicles may be assigned by an attorney in fact of the owner under a power of attorney appointed and so empowered on forms provided by the department. Such power of attorney shall be filed by the transferee with the application for title.

3. A manufactured or mobile home retailer who acquires a used mobile home or manufactured home, titled in Iowa, and who does not apply for and obtain a certificate of title from the county treasurer of the manufactured or mobile home retailer’s county of residence within thirty days of the date of acquisition, as required under section 321.45, subsection 4, is subject to a penalty of ten dollars. A certificate of title shall not be issued to the manufactured or mobile home retailer until the penalty is paid.

§321.50 Security interest provisions.

1. A security interest in a vehicle subject to registration under the laws of this state or a mobile home or manufactured home, except trailers whose empty weight is two thousand pounds or less, and except new or used vehicles held by a dealer or manufacturer as inventory for sale, is perfected by the delivery to the county treasurer of the county where the certificate of title was issued or, in the case of a new certificate, to the county treasurer where the certificate will be issued, of an application for certificate of title which lists the security interest, or an application for notation of security interest signed by the owner or by one owner of a vehicle owned jointly by more than one person, or signed through electronic means as determined by the department, or a certificate of title from another jurisdiction which shows the security interest, and payment of a fee of ten dollars for each security interest shown. The department shall require the federal employer identification number of a secured party who is a firm, association, or corporation or, if a natural person, the social security number. Upon delivery of the application and payment of the fee, the county treasurer shall note the date of delivery on the application. If the delivery is by electronic means and the time is electronically recorded on the application along with the date, the time shall be included with the date on all subsequent documents and records where the date of perfection is required under this chapter. The date of delivery shall be the date of perfection of the security interest in the vehicle, regardless of the date the security interest is noted on the certificate of title. Up to three security interests may be perfected against a vehicle and shown on an Iowa certificate of title. If the owner or secured party is in possession of the certificate of title, it must also be delivered at this time. If a vehicle is subject to a security interest when brought into this state, the validity of the security interest and the date of perfection is determined by section 554.9303. Delivery as provided in this subsection constitutes perfection of a security interest on a certificate of title for purposes of this chapter and chapter 554.

2. Upon receipt of the application and the required fee, if the certificate of title was not delivered to the county treasurer along with the application, the county treasurer shall notify the holder of the certificate of title to deliver to the county treasurer, within five days from the receipt of notice, the certificate of title to permit notation of the security interest. If the holder of the certificate of title fails to deliver it within five days, the holder shall be liable to anyone harmed by the holder’s failure.

3. Upon receipt of the application, the certificate of title, if any, and the required fee, the county treasurer shall note the security interest and the date of perfection of the security interest on the certificate of title. The county treasurer shall also note the security interest and the date of perfection of the security interest in the county records system. Upon receipt of a certificate of title issued by a foreign jurisdiction, on which a security interest has been noted, the county treasurer shall note the security interest and the date the security interest was noted on the foreign certificate of title, if available, or if not, the date of issuance of the foreign certificate of title, on the face of this certificate of title. The county treasurer shall also note the security interest and the date that was noted on the certificate of title in the county records system. The county treasurer shall then deliver the certificate of title to the first secured party as shown thereon.
4. Notwithstanding any provision of this section to the contrary, if a security interest has been delivered by electronic means, the county treasurer or department shall not print a certificate of title until all security interests have been released, but shall provide the first security interest holder with an electronic record of the certificate of title. When a vehicle is subject to an electronic lien, the certificate of title for the vehicle shall be considered to be physically held by the lienholder for purposes of compliance with odometer disclosure requirements under section 321.71.

5. a. When a security interest is discharged, the holder shall note a cancellation of the security interest on the face of the certificate of title over the holder’s signature and deliver the certificate of title to the county treasurer where the title was issued. In the case of a security interest that has been delivered by electronic means, the holder shall notify the department or the county treasurer, in a manner prescribed by the department, of the release of the security interest. The county treasurer shall immediately note the cancellation of the security interest on the face of the certificate of title, if applicable, and in the county records system. The county treasurer shall on the same day deliver the certificate of title, if applicable, to the then first secured party or, if there is no such person, to the person as directed by the owner, in writing, on a form prescribed by the department or, if there is no person designated, then to the owner. The cancellation of the security interest shall be noted on the certificate of title by the county treasurer without charge. The holder of a security interest discharged by payment who fails to release the security interest within fifteen days after being requested in writing to do so shall forfeit to the person making the payment the sum of twenty-five dollars.

b. If a lien has been released by the lienholder but has not been sent to the county of record for clearance of the lien, any county may note the release on the face of the title and shall notify the county of record that the lien has been released as of the specified date and make entry upon the computer system. Notification to the county of record shall be made by an automated statewide system or by sending a photocopy of the released title to the county of record.

c. When a security interest is discharged, the lienholder shall note the cancellation of the security interest on the face of the title and, if applicable, may note the cancellation of the security interest on a form prescribed by the department and deliver a copy of the form in lieu of the title to the department or to the treasurer of the county in which the title was issued. The form may be delivered by electronic means. The department or county treasurer shall note the release of the security interest upon the statewide computer system and the county’s records. A copy of the form, if used, shall be attached to the title by the lienholder, if the title is held by the lienholder, and shall be evidence of the release of the security interest. If the title is held by the lienholder, the lienholder shall deliver the title to the first lienholder, or if there is no such person, to the person as designated by the owner, or if there is no such person designated, to the owner. If a certificate of title has not been issued, upon release of a security interest, the lienholder shall notify the department or the county treasurer, in a manner prescribed by the department, of the release of the security interest.

6. The Uniform Commercial Code, chapter 554, Article 9, shall apply to all transactions intended to create a security interest in vehicles except as provided in this chapter.

7. Upon request of any person, the county treasurer shall certify whether there are, on the date and hour stated therein, any security interests or liens against a vehicle and the name and address of each secured party. The uniform fee for a certification shall be two dollars if the request for the certification is on a form conforming to standards prescribed by the secretary of state; otherwise, three dollars. Upon request and payment of the appropriate fee, the county treasurer shall furnish a certified copy of any security interests for a uniform fee of one dollar per page.

321.51 Terminal rental adjustment clause — vehicle leases that are not sales or security interests.

An agreement involving the leasing of a motor vehicle or trailer does not create a sale or security interest solely because the agreement provides for an increase or decrease adjustment in the rental price of the motor vehicle or trailer based upon the amount realized upon sale or other disposition of the motor vehicle or trailer following the termination of the lease.

321.52 Out-of-state sales — junked, dismantled, wrecked, or salvage vehicles.

1. When a vehicle is sold outside the state for purposes other than for junk, the owner, dealer or otherwise, shall detach the registration plates and registration card and shall indicate on the registration card the name and address of the foreign purchaser or transferee over the person’s signature. Unless the registration plates are legally at-
tached to another vehicle, the owner shall surrender the registration plates and registration card to the county treasurer, who shall cancel the records, destroy the registration plates, and forward the registration card to the department. The department shall make a notation on the records of the out-of-state sale and, after a reasonable period, may destroy the files for that particular vehicle. The department is not authorized to make a refund of registration fees on a vehicle sold out of state unless it receives the registration card completed as provided in this section.

2. The purchaser or transferee of a motor vehicle for which a certificate of title is issued which is sold for scrap or junk shall surrender the certificate of title, properly endorsed and signed by the previous owner, to the county treasurer of the county of residence of the transferee, and shall apply for a junking certificate from the county treasurer, within thirty days after assignment of the certificate of title. The county treasurer shall issue to such person without fee a junking certificate. A junking certificate shall authorize the holder to possess, transport, or transfer by endorsement the ownership of the junked vehicle. A certificate of title shall not again be issued for the vehicle subsequent to the issuance of a junking certificate except as provided in subsection 3. The county treasurer shall cancel the record of the vehicle. The junking certificate shall be printed on the registration receipt form and shall be imprinted with the words “junking certificate”, as prescribed by the department. A space for transfer by endorsement shall be on the junking certificate. A separate form for the notation of the transfer of component parts shall be attached to the junking certificate when the certificate is issued.

3. When a vehicle for which a certificate of title is issued is junked or dismantled by the owner, the owner shall detach the registration plates and surrender the plates to the county treasurer, unless the plates are properly assigned to another vehicle. The owner shall also surrender the certificate of title to the county treasurer. Upon surrendering the certificate of title and application for junking certificate, the county treasurer shall issue to the person, without fee, a junking certificate, which shall authorize the holder to possess, transport or transfer ownership of the junked vehicle by endorsement of the junking certificate. The county treasurer shall hold the surrendered certificate of title, registration receipt, application for junking certificate, and, if applicable, the registration plates for a period of fourteen days following the issuance of a junking certificate under this subsection. Within the fourteen-day period the person who was issued the junking certificate and to whom the vehicle was titled or assigned may surrender to the county treasurer the junking certificate, and upon the person's payment of appropriate fees and taxes and payment of any credit for registration fees received by the person for the vehicle, the county treasurer shall issue a certificate of title for a junked vehicle for which a junking certificate has been issued. For purposes of this subsection, “good cause” means that the junking certificate was obtained by mistake or inadvertence. If a person’s application to the department is denied, the person may make application for a certificate of title under the bonding procedure as provided in section 321.24, if the vehicle qualifies as an antique vehicle under section 321.115, subsection 1, or the person may seek judicial review as provided under sections 17A.19 and 17A.20.

4. A vehicle rebuilder or a person engaged in the business of buying, selling, or exchanging vehicles of a type required to be registered in this state, upon acquisition of a wrecked or salvage vehicle, shall surrender the certificate of title or manufacturer's or importer's statement of origin properly assigned, together with an application for a salvage certificate of title, to the county treasurer of the county of residence of the purchaser or transferee within thirty days after the date of assignment of the certificate of title for the wrecked or salvage motor vehicle. This subsection applies only to vehicles with a fair market value of five hundred dollars or more, based on the value before the vehicle became wrecked or salvage. Upon payment of a fee of two dollars, the county treasurer shall issue a salvage certificate of title which shall bear the word “SALVAGE” stamped or printed on the face of the title in a manner prescribed by the department. A salvage certificate of title may be assigned to an educational institution, a new motor vehicle dealer licensed under chapter 322, a person engaged in the business of purchasing bodies, parts of bodies, frames or component parts of vehicles for sale as scrap metal, a salvage pool, or an authorized vehicle recycler licensed under chapter 321H. An authorized vehicle recycler licensed under chapter 321H or a new motor vehicle dealer licensed under chapter 322 may assign or reassign a salvage certificate of title to any person. A vehicle on which ownership has transferred to an insurer of the vehicle as a result of a settlement with the owner of the vehicle arising out of damage to, or unrecovered theft of, the vehicle shall be deemed to be a wrecked or salvage vehicle and the insurer shall comply with this subsection to obtain a salvage certificate of title within thirty days after the date of assignment of the certificate of title of the vehicle.

5. When a wrecked or salvage vehicle has been
repaired, the owner may apply for a regular certificate of title by paying the appropriate fees and surrendering the salvage certificate of title and a properly executed salvage theft examination certificate. A motor vehicle with a gross vehicle weight rating of thirty thousand pounds or more is not subject to the salvage theft examination otherwise required under paragraph "c", and the owner of such vehicle is not required to submit a salvage theft examination certificate. The county treasurer shall issue a regular certificate of title which shall bear a designation printed on the face of the title and printed on the registration receipt indicating that the vehicle was previously titled on a salvage certificate of title in a form approved by the department. This designation shall be included on every Iowa certificate of title and registration receipt issued thereafter for the vehicle. However, if ownership of a stolen vehicle has been transferred to an insurer organized under the laws of this state or admitted to do business in this state, or if the transfer was the result of a settlement with the owner of the vehicle arising from damage to or the unrecovered theft of the vehicle, and if the insurer certifies to the county treasurer on a form approved by the department that the insurance company has received one or more written estimates which state that the retail cost of repairs including labor, parts, and other materials of all damage to the vehicle is less than three thousand dollars, the county treasurer shall issue to the insurance company the regular certificate of title and registration receipt without this designation.

c. A salvage theft examination shall be made by a peace officer who has been specially certified and recertified when required by the Iowa law enforcement academy to do salvage theft examinations. The Iowa law enforcement academy shall determine standards for training and certification, conduct training, and may approve alternative training programs which satisfy the academy’s standards for training and certification. The owner of the salvage vehicle shall make the vehicle available for examination at a time and location designated by the peace officer doing the examination. The owner may obtain a permit to drive the vehicle to and from the examination location by submitting a repair affidavit to the agency performing the examination stating that the vehicle is reasonably safe for operation and listing the repairs which have been made to the vehicle. The owner must be present for the examination and have available for inspection the salvage title, bills of sale for all essential parts changed, and the repair affidavit. The examination shall be for the purposes of determining whether the vehicle or repair components have been stolen. The examination is not a safety inspection and a signed salvage theft examination certificate shall not be construed by any court of law to be a certification that the vehicle is safe to be operated. There shall be no cause of action against the peace officer or the agency conducting the examination or the county treasurer for failure to discover or note safety defects. If the vehicle passes the theft examination, the peace officer shall indicate that the vehicle passed examination on the salvage theft examination certificate. The permit and salvage theft examination certificate shall be on controlled forms prescribed and furnished by the department. The owner shall pay a fee of thirty dollars upon completion of the examination. The agency performing the examinations shall retain twenty dollars of the fee and shall pay five dollars of the fee to the department and five dollars of the fee to the treasurer of state for deposit in the general fund of the state. Moneys deposited to the general fund under this paragraph are subject to the requirements of section 8.60 and shall be used by the Iowa law enforcement academy to provide for the special training, certification, and recertification of officers as required by this subsection.

The state department of transportation shall adopt rules in accordance with chapter 17A to carry out this section.

d. For purposes of this subsection, “wrecked or salvage vehicle” means a damaged motor vehicle subject to registration for which the cost of repair exceeds fifty percent of the fair market value of the vehicle, as determined in accordance with rules adopted by the department, before it became damaged.

Of each surcharge collected under those sections, the county treasurer shall remit five dollars to the office of treasurer of state for deposit as set forth in subsection 2.

321.69 Damage disclosure statement.

1. A certificate of title shall not be issued for a motor vehicle unless a damage disclosure statement has been made by the transferor of the vehicle and is furnished with the application for certificate of title. A damage disclosure statement shall be provided by the transferor to the transferee in a transfer of ownership of a motor vehicle. The new certificate of title and registration receipt shall state on the face whether a prior owner had disclosed that the vehicle was damaged to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “d”.

2. The damage disclosure statement required by this section shall, at a minimum, state whether the transferor knows if the vehicle was titled as a salvage, rebuilt, or flood vehicle in this or any other state prior to the transferor’s ownership of the vehicle and, if not, whether the transferor knows if the vehicle was damaged to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “d”, during or prior to the transferor’s ownership of the vehicle.

3. The damage disclosure statement shall be provided by the transferor to the transferee at or before the time of sale. If the transferor is not a resident of this state or if the transferor acquired the vehicle by operation of law as provided in section 321.47, the transferee shall not be required to submit a damage disclosure statement from the transferor with the transferee’s application for title unless the state of the transferor’s residence requires a damage disclosure statement. However, the transferee shall submit a damage disclosure statement with the transferee’s application for title indicating whether a salvage, rebuilt, or flood title had ever existed for the vehicle, and if not, whether the vehicle was damaged to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “d”, during or prior to the transferor’s ownership of the vehicle.

4. A lessee who has executed a lease as defined in section 321F.1 shall provide a damage disclosure statement to the lessor at the termination of the lease. The damage disclosure statement shall be made on a separate disclosure document and shall state whether the vehicle was damaged during the term of the lease to the extent that it was a wrecked or salvage vehicle as defined in section 321.52, subsection 4, paragraph “d”. The lessee’s damage disclosure statement shall not be submitted with the application for title, but the lessor shall retain the lessee’s damage disclosure statement for five years following the date of the statement.

5. The department shall retain each damage disclosure statement received and copies shall be available to the public and the attorney general upon request.

6. Authorized vehicle recyclers licensed under chapter 321H and motor vehicle dealers licensed under chapter 322 shall maintain copies of all damage disclosure statements where the recycler or dealer is either the transferor or the transferee for five years following the date of the statement. The copies shall be made available to the department or the attorney general upon request.

7. The damage disclosure statements shall be made on the back of the certificate of title if the title is available to the transferor at the time of sale. If the title is not available at the time of sale or if the face of the transferor’s Iowa title contains no indication that the vehicle was previously salvaged or titled as a salvage, rebuilt, or flood vehicle and the transferor knows or reasonably should know that the vehicle was previously salvaged or titled as a salvage, rebuilt, or flood vehicle in another state, the transferor shall make the disclosure on a separate disclosure document. The damage disclosure statement forms shall be as approved by the department. The treasurer shall not accept a damage disclosure statement and issue a title unless the back of the title or separate disclosure document has been fully completed and signed and dated by the transferee and the transferor, if applicable. If a separate damage disclosure document from a prior owner is required to be furnished with the application for title, the transferor shall provide a copy of the separate damage disclosure document to the transferee at or before the time of sale.

In addition to the information required in subsection 2, a separate disclosure document shall state whether the vehicle’s certificate of title indicates the existence of damage prior to the period of the transferor’s ownership of the vehicle and whether the vehicle was titled as a salvage, rebuilt, or flood vehicle during the period of the transferor’s ownership of the vehicle.

8. A person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322 shall not be liable to a subsequent owner, driver, or passenger of a veh-
A person who knowingly makes a false damage disclosure statement or fails to make a damage disclosure statement required by this section commits a fraudulent practice. Failure of a person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322 to comply with any duty imposed by this section constitutes a violation of section 714.16, subsection 2, paragraph “a”.

12. The department shall adopt rules as necessary to implement this section.

Subsection 9 amended

321.70 Dealer vehicles.

A dealer registered under this chapter shall not be required to register any vehicle owned by the dealer which is being held for sale or trade, provided the registration fee was not delinquent at the time the vehicle was acquired by the dealer. When a dealer ceases to hold any vehicle for sale or trade or the vehicle otherwise becomes subject to registration under this chapter the registration fee and delinquent registration fee, if any, shall be due for the registration year.

[C24, 27, 31, 35, §4901; C39, §5005.04; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.70] 82 Acts, ch 1062, §11, 38

321.71 Odometer requirements.

1. For the purposes of this section the following words and phrases shall have the meanings respectively ascribed to them:

a. “Intent and purpose of this section” is and shall mean to achieve the end that odometers of motor vehicles shall at all times correctly show the true mileage that the motor vehicle has been driven.

b. “True mileage” is the actual mileage the motor vehicle has been driven.

c. “Vehicle” includes a motor vehicle, so as to reflect a lower mileage the time the vehicle was acquired by the dealer. When a dealer ceases to hold any vehicle for sale or trade or the vehicle otherwise becomes subject to registration under this chapter the registration fee and delinquent registration fee, if any, shall be due for the registration year.

2. No person shall knowingly tamper with, adjust, alter, change, set back, disconnect or fail to connect the odometer of any motor vehicle, or cause any of the foregoing to occur to an odometer of a motor vehicle, or cause any of the foregoing to occur to an odometer of a motor vehicle, so as to reflect a lower mileage than the true mileage driven by the motor vehicle.

3. No person shall conspire with any other person to evade the intent and purpose of this section.

4. No person shall with the intent to defraud operate a motor vehicle on any street or highway knowing that the odometer of the motor vehicle is disconnected or nonfunctional.

5. No person shall advertise for sale, sell, use or install on any part of a motor vehicle or on any odometer in a motor vehicle any device which causes the odometer to register any mileage other than the true mileage.

6. In the event any odometer is repaired or replaced, the reading of the repaired or replaced odometer shall be set at the reading of the odometer repaired or replaced immediately prior to repair or replacement, but where the odometer is incapable of registering the same mileage the odometer shall be adjusted to read zero and any adjust-
ment made in accordance with the provisions of this subsection shall not be deemed a violation of any provision of this section.

7. A certificate of title shall not be issued for a motor vehicle less than ten model years old which is equipped with an odometer by the manufacturer, unless an odometer statement which is in compliance with federal law and regulations has been made by the transferor of the vehicle and is furnished with the application for certificate of title. The new certificate of title shall record on its face the odometer reading and the word “actual” if the true mileage is known. If the odometer reading is not the true mileage or the true mileage is unknown, the words “not actual” shall be recorded. If the odometer reading is greater than the odometer can mechanically count, the words “exceeds the mechanical limits” shall be recorded. However, a certificate of title may be issued for a motor vehicle to a person who moves into this state if the person acquired ownership of the motor vehicle prior to moving to this state. This subsection does not apply to motor vehicles having a gross vehicle weight rating of more than sixteen thousand pounds.

8. Any person who knowingly makes or delivers a false odometer statement as required by subsection 7 shall be guilty of a violation of this section.

9. An Iowa licensed motor vehicle dealer shall not have in possession as inventory for sale a used motor vehicle acquired by the dealer after the tenth model year prior to the current registration year, for which the dealer does not possess an odometer statement by the transferor which is in compliance with federal law and regulations unless a certificate of title has been issued for the vehicle in the name of the dealer. Transfer of a new motor vehicle with an ownership document which is a manufacturer’s statement of origin requires an odometer statement only when transferred at retail.

10. A transferee of a motor vehicle reassigning the certificate of title to such motor vehicle pursuant to the provisions of section 321.48, subsection 1, shall not be guilty of a violation of this section if such transferee has in the transferee’s possession an odometer statement by the transferor which is in compliance with federal law and regulations and if the transferee has no knowledge that the statement is false and that the transferee has no knowledge that the odometer does not reflect the true mileage of such motor vehicle.

12. Any person who violates this section commits a fraudulent practice.

§321.71A Nonoperative air bags.
A person shall not install or reinstall for compensation, distribute, or sell a nonoperative air bag that is part of an inflatable restraint system for a motor vehicle if the person knows that the air bag is nonoperative. A violation of this section is an aggravated misdemeanor punishable by confinement for up to one year and a fine of at least five hundred dollars but not more than five thousand dollars.

For purposes of this section, “nonoperative air bag” includes an air bag that has been previously deployed, is nonfunctional, or is otherwise defective. “Nonoperative air bag” also includes anything that is inserted, or is intended to be inserted, in place of an air bag, which would prohibit an inflatable restraint system from functioning properly.

321.89 Abandoned vehicles.

1. Definitions. As used in this section and sections 321.90 and 321.91 unless the context otherwise requires:
   a. “Abandoned vehicle” means any of the following:
      (1) A vehicle that has been left unattended on public property for more than twenty-four hours and lacks current registration plates or two or more wheels or other parts which renders the vehicle totally inoperable.
      (2) A vehicle that has remained illegally on public property for more than twenty-four hours.
      (3) A vehicle that has been unlawfully parked on private property or has been placed on private property without the consent of the owner or person in control of the property for more than twenty-four hours.
      (4) A vehicle that has been legally impounded by order of a police authority and has not been reclaimed for a period of ten days. However, a police authority may declare the vehicle abandoned within the ten-day period by commencing the notification process in subsection 3.
      (5) Any vehicle parked on the highway determined by a police authority to create a hazard to other vehicle traffic.
      (6) A vehicle that has been impounded pursuant to section 321J.4B by order of the court and whose owner has not paid the impoundment fees after notification by the person or agency responsible for carrying out the impoundment order.
   b. “Demolisher” means a person licensed under chapter 321H whose business it is to convert a vehicle to junk, processed scrap, or scrap metal, or otherwise to wreck or dismantle vehicles.
   c. “Police authority” means the state patrol, any law enforcement agency of a county or city, or any special security officer employed by the state board of regents under section 262.13.

2. Authority to take possession of abandoned vehicles. A police authority, upon the authority’s own initiative or upon the request of any other authority having the duties of control of highways or traffic, shall take into custody an abandoned vehicle on public property and may take into custody an abandoned vehicle on private property. The police authority may employ its own personnel, equipment, and facilities or hire a private entity, equipment, and facilities for the purpose of removing, preserving, storing, or disposing of abandoned vehicles. If a police authority employs a private entity to dispose of abandoned vehicles, the police authority shall provide the private entity with the names and addresses of the registered owners, all lienholders of record, and any other known claimants to the vehicle or the personal property found in the vehicle. The owners, lienholders, or other claimants of the abandoned vehicle shall not have a cause of action against a private entity for action taken under this section if the private entity provides notice as required by subsection 3, paragraph “a”, to those persons whose names were provided by the police authority.

3. Notification of owner, lienholders, and other claimants.
   a. A police authority or private entity that takes into custody an abandoned vehicle shall notify, within twenty days, by certified mail, the last known registered owner of the vehicle, all lienholders of record, and any other known claimant to the vehicle or to personal property found in the vehicle, addressed to the parties’ last known addresses of record, that the abandoned vehicle has been taken into custody. Notice shall be deemed given when mailed. The notice shall describe the year, make, model, and vehicle identification number of the vehicle, describe the personal property found in the vehicle, set forth the location of the facility where the vehicle is being held, and inform the persons receiving the notice of their right to reclaim the vehicle and personal property within ten days after the effective date of the notice upon payment of all towing, preservation, and storage charges resulting from placing the vehicle in custody and upon payment of the costs of notice required pursuant to this subsection. The notice shall also state that the failure of the owner, lienholders, or claimants to exercise their right to reclaim the vehicle or personal property within the time provided shall be deemed a waiver by the owner, lienholders, and claimants of all right, title, claim, and interest in the vehicle or personal property and that failure to reclaim the vehicle or personal property is deemed consent to the sale of the vehicle at a public auction or disposal of the vehicle to a demolisher and to disposal of the personal property by sale or destruction. The notice shall state that any person claiming rightful possession of the vehicle or personal property who disputes the planned disposition of the vehicle or property by the police authority or private entity or of the assessment of fees and charges provided by this section may ask for an evidentiary hearing before the police authority to contest those matters. If the persons receiving the notice do not ask for a hearing or exercise their right to reclaim the vehicle or personal property within the ten-day reclaiming period, the owner, lienholders, or claimants shall no longer have any right, title, claim, or interest in or to the vehicle or the personal property. A court in any case in law or equity shall not recognize any right, title, claim, or interest in or to the vehicle or the personal property. A court in any case in law or equity shall not recognize any right, title, claim, or interest in or to the vehicle or the personal property. A court in any case in law or equity shall not recognize any right, title, claim, or interest in or to the vehicle or the personal property.
   b. If it is impossible to determine with reasonable certainty the identity and addresses of the
sections and costs to a private entity hired to take custody and procedures for reimbursement of expenses and costs, and all notice and publication procedures in subsection 3. The published notice may contain multiple listings of abandoned vehicles and personal property but shall be published within the same time requirements and contain the same information as prescribed for mailed notice in paragraph “a”.

4. **Auction of abandoned vehicles.** If an abandoned vehicle has not been reclaimed as provided for in subsection 3, the police authority or private entity shall make a determination as to whether or not the vehicle shall be sold for use upon the highways. If the vehicle is not sold for use upon the highways, it shall be sold for junk, or demolished and sold as scrap. The police authority or private entity shall sell the vehicle at public auction. Notwithstanding any other provision of this section, a police authority or private entity may dispose of the vehicle to a demolisher for junk without public auction after complying with the notification procedures in subsection 3. The purchaser of the vehicle takes title free and clear of all liens and claims of ownership, shall receive a sales receipt from the police authority or private entity, and is entitled to register the vehicle and receive a certificate of title if sold for use upon the highways. If the vehicle is sold or disposed of to a demolisher for junk, the demolisher shall make application for a junking certificate to the county treasurer within thirty days of purchase and shall surrender the sales receipt in lieu of the certificate of title.

From the proceeds of the sale of an abandoned vehicle the police authority, if the police authority did not hire a private entity, shall reimburse itself for the expenses of the auction, the costs of towing, preserving, and storing which resulted from placing the abandoned vehicle in custody, all notice and publication costs incurred pursuant to subsection 3, the cost of inspection, and any other costs incurred except costs of bookkeeping and other administrative costs. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lienholder for ninety days, and shall then be deposited in the road use tax fund. The costs to police authorities of auction, towing, preserving, storage, and all notice and publication costs, and all other costs which result from placing abandoned vehicles in custody, whenever the proceeds from a sale of the abandoned vehicles are insufficient to meet these expenses and costs, shall be paid from the road use tax fund and are the obligation of the last owner or owners, jointly and severally.

The director of transportation shall establish by rule a claims procedure to be followed by police authorities in obtaining expenses and costs from the fund and procedures for reimbursement of expenses and costs to a private entity hired to take custody of an abandoned vehicle. If a private entity has been hired, the police authority shall file a claim with the department for reimbursement of towing fees which shall be paid from the road use tax fund.

### §321.90 Disposal of abandoned motor vehicles.

1. **Garagekeepers and abandoned motor vehicles.** Any motor vehicle left in a garage operated for commercial purposes after the period for which the vehicle was to remain on the premises shall, after notice by certified mail to the last known registered owner of the vehicle addressed to the owner’s last known address of record to reclaim the vehicle within ten days of the date of the notice, be deemed an abandoned motor vehicle unless claimed by the owner within such ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. If the identity or address of the last registered owner of the motor vehicle cannot be determined, the vehicle shall be deemed an abandoned motor vehicle on the eleventh day after the period for which the vehicle was to remain on the premises unless claimed by the owner within the ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. All abandoned motor vehicles left in garages may be taken into custody by a police authority upon the request of the garagekeeper and sold in accordance with the procedures set forth in section 321.89, subsection 4, unless the motor vehicle is reclained. The proceeds of the sale shall be first applied to the garagekeeper’s charges for towing and storage, and any surplus proceeds shall be distributed in accordance with section 321.89, subsection 4. Nothing in this section shall be construed to impair any lien of a garagekeeper under the laws of this state, or the right of a garagekeeper to foreclose the garagekeeper’s lien, provided that a garagekeeper shall be deemed to have abandoned the garagekeeper’s artisan lien when such vehicle is taken into custody by the police authority. For the purposes of this section “garagekeeper” means any operator of a parking place or establishment, motor vehicle storage facility, or establishment for the servicing, repair, or maintenance of motor vehicles.

2. **Disposal to demolisher.

a. Any person, firm, corporation, or unit of gov-
ernment upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed and is thereby unable to transfer title to the motor vehicle, may apply to the police authority of the jurisdiction in which the motor vehicle is situated for authority to sell, give away, or otherwise dispose of the motor vehicle to a demolisher.

b. The application shall set out the name and address of the applicant, and the year, make, model, and vehicle identification number of the motor vehicle, if ascertainable, together with any other identifying features, and shall contain a concise statement of the facts surrounding the abandonment, or a statement that the title of the motor vehicle is lost or destroyed, or the reasons for the defect of title in the owner. The applicant shall execute an affidavit stating that the facts alleged are true and that no material fact has been withheld. An order for disposal obtained pursuant to section 555B.8, subsection 3, satisfies the application requirements of this paragraph.

c. If the police authority finds that the application is executed in proper form, and shows that the motor vehicle has been abandoned upon the property of the applicant, or if it shows that the motor vehicle is not abandoned but that the applicant appears to be the rightful owner, the police authority shall follow appropriate notification procedures as set forth in section 321.89, subsection 3, except that in the case of an order for disposal obtained pursuant to section 555B.8, subsection 3, no notification is required.

d. If the abandoned motor vehicle is not reclaimed in accordance with section 321.89, subsection 3, or no lienholder objects to the disposal in the case of an owner-applicant, the police authority shall give the applicant a certificate of authority allowing the applicant to obtain a junking certificate for the motor vehicle. The applicant shall make application for a junking certificate to the county treasurer within fifteen days of purchase and surrender the certificate of authority in lieu of the certificate of title. The demolisher shall accept the junking certificate in lieu of the certificate of title to the motor vehicle.

e. Notwithstanding any other provisions of this section and sections 321.89 and 321.91, any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed, may dispose of such motor vehicle to a demolisher for junk without a title and without the notification procedures of section 321.89, subsection 3, if the motor vehicle lacks an engine or two or more wheels or other structural part which renders the vehicle totally inoperable. The police authority shall give the applicant a certificate of authority. The owner shall apply to the county treasurer for a junking certificate within fifteen days of purchase and shall surrender the certificate of authority in lieu of the certificate of title.

f. The owner of an abandoned motor vehicle and all lienholders shall no longer have any right, title, claim, or interest in or to the motor vehicle; and no court in any case in law or equity shall recognize any right, title, claim, or interest of any owner or lienholders after the disposal of the motor vehicle to a demolisher.

g. Any proceeds from the sale of an abandoned motor vehicle to a demolisher under this section, by one other than the owner of the vehicle, except the sale of a vehicle pursuant to an order for disposal obtained pursuant to section 555B.8, subsection 3, shall first be applied to that person’s expenses in effecting the sale, including storage, towing, and disposal charges, and any surplus shall be distributed in accordance with section 321.89, subsection 4. The proceeds from the sale of a vehicle disposed of pursuant to section 555B.8, subsection 3, shall be distributed in accordance with section 555B.9.

3. Duties of demolishers.

a. Any demolisher who purchases otherwise acquires an abandoned motor vehicle for junk under the provisions of this section shall junk, scrap, wreck, dismantle, or demolish such motor vehicle. A demolisher shall not junk, scrap, wreck, dismantle, or demolish a vehicle until the demolisher has obtained the junking certificate issued for the vehicle.

b. A demolisher shall keep an accurate and complete record of all motor vehicles purchased or received by the demolisher in the course of the demolisher’s business. These records shall contain the name and address of the person from whom each motor vehicle was purchased or received and the date when the purchases or receipts occurred. The records shall be open for inspection by any police authority at any time during normal business hours. Any record required by this section shall be kept by the demolisher for at least one year after the transaction to which it applies.

321.94 Test to determine true number.

§321.101 Suspension or revocation of registration or cancellation of certificate of title by department.
1. The department is hereby authorized to suspend or revoke the registration of a vehicle, registration card, registration plate, or any nonresident or other permit in any of the following events:

REGISTRATION FEES
Local vehicle tax; see chapter 423B

321.105 Annual fee required.

If a vehicle, which has been registered for the current registration year, is transferred during the registration year, the transferee shall reregister the vehicle as provided in section 321.46.

The registration fee shall be paid to the county treasurer at the same time the application is made for the registration or reregistration of the motor vehicle or trailer. An owner may, when applying for registration or reregistration of a motor vehicle or trailer, request that the plates be mailed to the owner's post-office address. The owner's request shall be accompanied by a mailing fee as determined annually by the director in consultation with the Iowa county treasurers association.

Upon application by a financial institution, as defined in section 422.61, and approval of the application by the county treasurer, the county treasurer in any county may authorize the financial institution to receive applications for renewal of vehicle registrations and payment of the registration fees. The registration fees shall be delivered to the county treasurer at the time the county treasurer has processed the vehicle registration application. Registration fees received with vehicle registration applications shall be designated as public funds only upon receipt of such funds by the county treasurer from the financial institution.

In addition to the payment of an annual registration fee for each trailer and semitrailer to be issued an annual registration plate, an additional registration fee may be paid for a period of two or four subsequent registration years.

A fee shall not be required for the month of December for a vehicle registered on a calendar year basis on which there is no delinquency. However, except for a vehicle registered under chapter 326, when such a vehicle is registered in November, the vehicle may be registered for the remaining unexpired months of the registration year or for the remaining unexpired months of the registration year and for the next registration year, upon payment of the applicable registration fees.

A fee computed under this section shall not be less than five dollars. The fee so computed shall be deemed to be the annual registration fee for the remainder of the registration year.

The weight of a motor vehicle, fixed by the department for registration purposes, shall include the weight of a battery, heater, bumpers, spare tire, and wheel. Provided, however, that for any new vehicle purchased in this state by a nonresident for removal to the nonresident's state of residence the purchaser may make application to the county treasurer in the county of purchase for a transit plate for which a fee of ten dollars shall be paid. And provided, however, that for any used vehicle held by an individual and currently registered in this state, or for any vehicle held by an individual and currently registered in this state, when purchased in this state by a nonresident for removal to the nonresident's state of residence, the purchaser may make application to the county treasurer in the county of purchase for a transit plate for which a fee of three dollars shall be paid. The county treasurer shall issue a nontransferable certificate of registration for which no refund shall be allowed; and the transit plates shall be void thirty days after issuance. Such purchaser may apply for a certificate of title by surrendering the manufacturer's or importer's certificate or certificate of title, duly assigned as provided in this chapter. In this event, the treasurer in the county of purchase shall, when satisfied with the genuineness and regularity of the application, and upon payment of a fee of ten dollars, issue a certificate of title in the name and address of the nonresident purchaser delivering the title to the owner. If there is a security interest noted on the title, the county treasurer shall mail to the secured party an acknowledgment of the notation of the security interest. The county treasurer shall not release a security interest that has been noted on a title issued to a nonresident purchaser as provided in this paragraph. The application requirements of section 321.20 apply to a title issued as provided in this subsection, except that a natural person who applies for a certificate of title shall provide either the person's social security number, passport number, or driver's license number, whether the license was issued by this state, another state, or another country. The provisions of this subsection relating to multipurpose vehicles are effective January 1, 1993, for all 1993 and subsequent model years. The annual registration fee for multipurpose vehicles that are 1992 model years and older shall be in accordance with section 312.124.

For purposes of this paragraph, "uses a wheelchair" does not include use of a wheelchair due to a temporary injury or medical condition.

2. Dealers may, in addition to other provisions of this section, purchase from the department in-transit permits, for which a fee of two dollars per permit shall be paid at time of purchase. One such permit shall be displayed on each vehicle purchased from a dealer by a nonresident for removal to the state of the nonresident's residence, and one such permit shall also be displayed on each vehicle not currently registered in Iowa and purchased by an Iowa dealer for removal to the dealer's place of business in this state. tered or delinquent motor vehicle is purchased by a nonresident of the state, to the county treasurer in the county of purchase, for a temporary thirty-day permit for a fee of twenty-five dollars. The permit shall authorize the motor vehicle to be driven or towed upon the highway, but shall not authorize a motor truck or tractor trailer to haul or tow a load. The permit fee shall not be considered a registration fee or exempt the owner from payment of all other fees, registration fees, and penalties due. If the registration fee for the motor vehicle is delinquent, the registration fee and penalty shall continue to accrue until paid. The permit fee shall not be prorated, refunded, or used as credit as provided under section 321.46. The permit shall be displayed in the upper left-hand corner of the rear window of all motor vehicles, except motorcycles. Permits issued for a motorcycle shall be attached to the rear of the motorcycle.

321.126 Refunds of fees.

Refunds of unexpired vehicle registration fees shall be allowed in accordance with this section, except that no refund shall be allowed and paid if the unused portion of the fee is less than ten dollars. Subsections 1 and 2 do not apply to vehicles registered by the county treasurer. The refunds shall be made as follows:

1. If the vehicle is destroyed by fire or accident, or junked and its identity as a vehicle entirely eliminated, the owner in whose name the vehicle was registered at the time of destruction or dismantling shall return the plates to the department and within thirty days thereafter make a statement of such destruction or dismantling and make claim for refund. With reference to the destruction or dismantling of a vehicle, no refund shall be allowed unless a junking certificate has been issued, as provided in section 321.52.

2. If the vehicle is stolen, the owner shall give notice of the theft to the department within five days. If the vehicle is not recovered by the owner thirty days prior to the end of the current registration year, the owner shall make a statement of the theft and make claim for refund.

3. If the vehicle is placed in storage by the owner upon the owner’s entry into the military service of the United States, the owner shall return the plates to the county treasurer or the department and make a statement regarding the storage and military service and make claim for refund.

Whenever the owner of a vehicle so placed in storage desires to again register the vehicle, the county treasurer or department shall compute and collect the fees for registration for the registration year commencing in the month the vehicle is removed from storage.

4. If the vehicle is registered by the county treasurer during the current registration year and the owner or lessee registers the vehicle for proportional registration under chapter 326, the owner of the registered vehicle shall surrender the registration plates to the county treasurer and may file a claim for refund. In lieu of a refund, a credit for the registration fees paid to the county treasurer may be applied by the department to the owner or lessee's proportional registration fees upon the surrender of the county plates and registration.

5. A refund for trailers and semitrailers issued a multiyear registration plate shall be paid by the department upon application.

6. If a vehicle is sold or junked, the owner in whose name the vehicle was registered may make claim to the county treasurer or department for a refund of the sold or junked vehicle’s registration fees. Also if the owner of a vehicle receives a vehicle registration fee credit under section 321.46, subsection 3, and the credit allowed exceeds the amount of the registration fee for the vehicle acquired, the owner may claim a refund for the balance of the credit. The refund is subject to the following limitations:

a. If a vehicle registration fee credit has not been received by the owner of the vehicle under section 321.46, subsection 3, the refund shall be computed on the basis of the number of unexpired months remaining in the registration year at the time the vehicle was sold or junked. The refund shall be rounded to the nearest whole dollar. Section 321.127, subsection 1, does not apply.

b. The refund shall only be allowed if the owner makes claim for the refund within six months after the date of the vehicle’s sale, trade, or junking.

c. This subsection does not apply to vehicles registered under chapter 326.

7. If the vehicle was leased and an affidavit was filed by the lessor or the lessee as provided in section 321.46, the lessor or the lessee, as applicable, may make a claim for a refund with the county treasurer of the county where the vehicle was registered within six months of the vehicle’s surrender to the lessor. The refund shall be paid to either the lessor or the lessee, as specified on the application for title and registration pursuant to section 321.20.

8. If the owner of the vehicle moves out of state, the owner may make a claim for a refund by returning the Iowa registration plates, along with evidence of the vehicle’s registration in another jurisdiction, to the county treasurer of the county in
which the vehicle was registered within six months of the out-of-state registration. For purposes of section 321.127, the unexpired months remaining in the registration year shall be calculated on the basis of the effective date of the out-of-state registration. However, for the purpose of timely issuance of the refund, the claim for a refund under this subsection is considered to be filed on the date the registration documents are received by the county treasurer.

9. Notwithstanding any provision of this section to the contrary, there shall be no refund of proportional registration fees unless the state which issued the base plate for the vehicle allows such refund. If an owner subject to proportional registration leases the vehicle for which the refund is sought, the claim shall be filed in the names of both the lessee and the lessor and the refund payment made payable to both the lessor and the lessee. The term "owner" for purposes of this section shall include a person in whom is vested right of possession or control of a vehicle which is subject to a lease, contract, or other legal arrangement vesting right of possession or control in addition to the term as defined in section 321.1, subsection 49.

2. The department, unless reasonable grounds exist for delay, shall make refund on or before the last day of the month following the month in which the claim is filed with the department.

3. For trailers or semitrailers issued a multiyear registration plate a refund shall be paid equal to the annual fee for twelve months times the remaining number of complete registration years.

4. Refunds for vehicles registered for proportional registration under chapter 326 shall be paid on the basis of unexpired complete calendar months remaining in the registration year from the date the claim for refund, license plate, and registration receipt are received by the department.

A penalty shall not be less than five dollars. If the owner of a vehicle surrenders the registration plates for a vehicle prior to the plates becoming delinquent, to the county treasurer of the county where the vehicle is registered, or to the department if the vehicle is registered under chapter 326, the owner may register the vehicle any time thereafter upon payment of the registration fee for the registration year without penalty. The penalty on vehicles registered under chapter 326 shall accrue February 1 of each year. To avoid a penalty or an additional penalty in the case of a delinquent registration, if the last calendar day of a month falls on Saturday, Sunday, or a holiday, the payment deadline is extended to include the first business day of the following month. For payments made through a county treasurer’s authorized website only, if the last day of the month falls on a Saturday, Sunday, or a holiday, the electronic payment must be initiated by midnight on the first business day of the next month. All other electronic payments must be initiated by midnight on the last day of the month preceding the delinquent date.
2. The annual registration fee for trucks, truck tractors, and road tractors, as provided in sections 321.121 and 321.122, may be payable in two equal semiannual installments if the annual registration fee exceeds the registration fee for a vehicle with a gross weight exceeding five tons. The penalties provided in subsection 1 shall be computed on the amount of the first installment only and on the first day of the seventh month of the registration period the same rate of penalty shall apply to the second installment, until the fee is paid. Semiannual installments do not apply to commercial vehicles, as defined under section 326.2, subject to proportional registration, with a base state other than the state of Iowa, as defined in section 326.2, subsection 1. The penalty on vehicles registered under chapter 326 accrues August 1 of each year except as provided in section 326.6.
3. If a penalty applies to a vehicle registration fee provided for in sections 321.121 and 321.122, the same penalty shall be assessed on the fees collected to increase the registered gross weight of the vehicle, if the increased gross weight is requested within forty-five days from the date the delinquent vehicle is registered for the current registration period.
4. Notwithstanding subsections 1 through 3, if a vehicle registration is delinquent for twenty-four months or more, a flat penalty and fee shall be assessed for the delinquent period in addition to the current registration fee. The flat penalty and fee shall be one hundred fifty percent of the current annual registration fee.
5. The department shall waive the penalties imposed by this section for an owner who is in the military service of the United States and who has been relocated as a result of being placed on active duty on or after September 11, 2001. The department shall adopt rules to implement this subsection, including, if necessary, procedures for refunding penalties collected prior to March 29, 2004.

1. a. A person who is at least eighteen years of age and who, except for the person's lack of instruction in operating a motor vehicle, would be qualified to obtain a driver's license, shall, upon meeting the requirements of section 321.186 other than a driving demonstration, and upon paying the required fee, be issued an instruction permit by the department. Subject to the limitations in this subsection, an instruction permit entitles the permittee, while having the permit in the permittee's immediate possession, to operate a motor vehicle, other than a commercial motor vehicle or as a chauffeur or a motor vehicle with a gross vehicle weight rating of sixteen thousand one or more pounds, upon the highways for a period not to exceed four years from the licensee's birthday anniversary in the year of issuance. If the applicant for an instruction permit holds a driver's license issued in this state valid for the operation of a motorized bicycle or a motorcycle, the instruction permit shall be valid for such operation without the need of an accompanying person.

A permittee shall not be penalized for failing to have the instruction permit in immediate possession if the permittee produces in court, within a reasonable time, an instruction permit issued to the permittee and valid at the time of the permittee's arrest or at the time the permittee was charged with failure to have the permit in the permittee's immediate possession.

b. Except as otherwise provided, a permittee who is eighteen years of age or older must be accompanied by a person issued a driver's license valid for the vehicle operated who is a member of the permittee's immediate family if the family member is at least twenty-one years of age, an approved driver education instructor, a prospective driver education instructor who is enrolled in a practitioner preparation program with a safety education program approved by the state board of education, or a person of at least twenty-five years of age, and who is actually occupying a seat beside the driver.

However, if the permittee is operating a motor vehicle in accordance with this section or section 321.180B, the accompanying person must be within audible and visual communications distance from the permittee and be accompanying the permittee on or in a different motor vehicle. Only one permittee shall be under the immediate supervision of an accompanying qualified person.

2. A person who holds a class A, B, C, or D driver's license, upon meeting each of the following requirements, shall be eligible to apply for a commercial driver's instruction permit valid for the
operation of a commercial motor vehicle, except a vehicle transporting hazardous materials requiring placarding, when the permittee is accompanied by a person properly licensed to operate a commercial motor vehicle and actually occupying a seat beside the permittee. An applicant must be at least eighteen years of age and qualified to obtain a valid commercial driver’s license including the requirements of section 321.188 other than the knowledge examination and driving skills tests. The commercial driver’s instruction permit shall be valid for a period not to exceed six months. A commercial driver’s instruction permit may be renewed only once in any two-year period. If the applicant for a commercial driver’s instruction permit holds a driver’s license issued in this state valid for the operation of a commercial or noncommercial vehicle, the commercial driver’s instruction permit shall be valid for such operation without the need of an accompanying person.

3. A person, upon meeting each of the following requirements, shall be eligible to apply for a chauffeur’s instruction permit valid for the operation of a motor vehicle, other than a commercial motor vehicle, as a chauffeur when the permittee is accompanied by a person, possessing a valid class D driver’s license or commercial driver’s license valid for the operation of the motor vehicle and the accompanying person is actually occupying a seat beside the permittee. An applicant must be at least eighteen years of age, otherwise qualified to obtain a class D driver’s license, and must meet the requirements of section 321.186 other than a driving demonstration. The chauffeur’s instruction permit shall be valid for a period not to exceed two years from the licensee’s birthday anniversary in the year of issuance and shall be returned to the department upon issuance of a class D driver’s license or commercial driver’s license. If the applicant for a chauffeur’s instruction permit holds a driver’s license issued under this chapter, the chauffeur’s instruction permit shall be valid in the same manner as the driver’s license would be for the operation of motor vehicles without the need of an accompanying person.

4. The instruction permit, chauffeur’s instruction permit, and commercial driver’s instruction permit are subject to suspension or revocation for the same reasons and in the same manner as suspension or revocation of a driver’s license.

5. A motorcycle instruction permit issued under this section is not renewable.

321.180A Special instruction permit.

1. Notwithstanding other provisions of this chapter, a person with a physical disability, who is not suffering from a convulsive disorder and who can provide a favorable medical report, whose license renewal has been denied under section 321.177, subsection 6 or 7, or whose driver’s license has been suspended under section 321.210, subsection 1, paragraph “c”, upon meeting the requirements of section 321.186, other than a driving demonstration or the person’s limitations which caused the denial under section 321.177, subsection 6 or 7, or suspension under section 321.210, subsection 1, paragraph “c”, and upon paying the fee required in section 321.191, shall be issued a special instruction permit by the department. Upon issuance of the permit the denial or suspension shall be stayed and the stay shall remain in effect as long as the permit is valid.

2. a. A special instruction permit entitles the permittee, while having the permit in the permittee’s immediate possession, to operate a noncommercial motor vehicle upon the highways for a period of six months from the date of issuance. However, the permittee must be accompanied by a person who is at least twenty-one years of age, who has been issued a driver’s license valid for the vehicle being operated, and who is actually occupying a seat beside the permittee.

b. A permittee shall not be penalized for failing to have the permit in immediate possession if the permittee produces in court, within a reasonable time, the special instruction permit issued to the permittee which was valid at the time of the permittee’s arrest.

3. The permittee may apply for a driver’s license if thirty days have elapsed since issuance of the special instruction permit. The department shall issue a driver’s license if the permittee is qualified, passes all required tests, including a driving test, and pays the required fees. If the person has not obtained a driver’s license before expiration of the person’s special instruction permit, the person’s former denial or suspension under section 321.177, subsection 6 or 7, or section 321.210, subsection 1, paragraph “c”, upon service of notice by the department, shall be reinstated. A permit shall be reissued for one additional six-month period if a permittee continues to meet the qualifications of subsection 1 and has incurred no motor vehicle violations.

321.186 Examination of new or incompetent operators.

The department may examine every new applicant for a driver's license or any person holding a valid driver's license when the department has reason to believe that the person may be physically or mentally incompetent to operate a motor vehicle, or whose driving record appears to the department to justify the examination. The department shall make every effort to accommodate a functionally illiterate applicant when the applicant is taking a knowledge test. The department shall make every effort to have an examiner conduct the commercial driver's license driving skills tests at other locations in this state where skills may be adequately tested when requested by a person representing ten or more drivers requiring driving skills testing.

The department shall make every effort to accommodate a commercial driver's license applicant's need to arrange an appointment for a driving skills test at an established test site other than where the applicant passed the required knowledge test. The department shall report to the governor and the general assembly on any problems, extraordinary costs and recommendations regarding the appointment scheduling process.

The examination shall include a screening of the applicant's eyesight, a test of the applicant's ability to read and understand highway signs regulating, warning, and directing traffic, a test of the applicant's knowledge of the traffic laws of this state, an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle and other physical and mental examinations as the department finds necessary to determine the applicant's fitness to operate a motor vehicle safely upon the highways. However, an applicant for a new driver's license other than a commercial driver's license need not pass a vision test administered by the department if the applicant files with the department a vision report signed by a licensed vision specialist in accordance with this section.

1. An applicant for a new or renewed driver's license other than a commercial driver's license need not take a vision test administered by the department if the applicant files with the department a vision report signed by a licensed vision specialist in accordance with this section.

An applicant for such a new or renewed driver's license who fails a vision test administered by the department may subsequently be issued the driver's license without need of passing a department administered vision test, if the applicant files with the department a vision report from a licensed vision specialist in accordance with this section.

3. The vision report shall state the visual acuity level of the applicant as measured by the vision specialist and shall be in the form and include other information as required by rule of the department. A vision report is valid only if the visual acuity level of the applicant has been measured by the licensed vision specialist within thirty days before the application for the new or renewed driver's license.

4. As used in this section, a "licensed vision specialist" means a physician licensed under chapter 148, 150, or 150A, or an optometrist licensed under chapter 154.

A physician licensed under chapter 148, 150, or 150A, or an optometrist licensed under chapter 154, may report to the department the identity of a person who has been diagnosed as having a physical or mental condition which would render the person physically or mentally incompetent to operate a motor vehicle in a safe manner. The physician or optometrist shall make reasonable efforts to notify the person who is the subject of the report, in writing. The written notification shall state the nature of the disclosure and the reason for the disclosure. A physician or optometrist making a report under this section shall be immune from any liability, civil or criminal, which might otherwise be incurred or imposed as a result of the report. A physician or optometrist has no duty to make a report or to warn third parties with regard to any knowledge concerning a person's mental or physical competency to operate a motor vehicle in a safe manner. Any report received by the department from a physician or optometrist under this section shall be kept confidential. Information regulated by chapter 141A shall be subject to the confidentiality provisions and remedies of that chapter.

The rules adopted shall substantially comply with the federal minimum testing and licensing requirements in 49 C.F.R. part 383, subparts E, G, and H as adopted by rule by the department. Pursuant to procedures established by the department, an applicant for a hazardous material endorsement must also comply with the application and security threat assessment requirements established under 49 C.F.R. pt. 383, 384, and 1572. A hazardous material endorsement shall be revoked or denied if the department determines that the applicant has not complied with or met the security threat assessment standards.

4. The department shall check the applicant’s driving record as maintained by the applicant’s current licensing state, the national commercial driver’s license information system, and the national driver register to determine whether the applicant qualifies to be issued a commercial driver’s license.    b. Class B — Valid for the operation of a vehicle with a gross vehicle weight rating of twenty-six thousand one or more pounds or a combination of vehicles with a gross combination weight rating of twenty-six thousand one or more pounds if the towing vehicle has a gross vehicle weight rating of twenty-six thousand one or more pounds and the towed vehicle or vehicles have a gross vehicle weight rating or gross combination weight rating of less than ten thousand one pounds, and also valid for the operation of vehicles with lower gross vehicle weight ratings or gross combination weight ratings except motorcycles.

A class D driver’s license is also valid as a noncommercial class C driver’s license. The holder of a commercial driver’s license is not required to obtain a class D driver’s license to operate a motor vehicle as a chauffeur. When necessary, the department shall by rule create additional classes or modify existing classes of driver’s licenses, however, the rule shall be temporary and if within sixty days after the next regular session of the general assembly convenes the general assembly has not made corresponding changes in this chapter, the temporary classification or modification shall be nullified.

   a. Appearing on the driver’s license shall be a distinguishing number assigned to the licensee; the licensee’s full name, date of birth, sex, and residence address; a colored photograph; a physical description of the licensee; the name of the state; the dates of issuance and expiration; and the usual signature of the licensee. The license shall identify the class of vehicle the licensee may operate and the applicable endorsements and restrictions which the department shall require by rule.
   b. A commercial driver’s license shall include the licensee’s address as required under federal regulations, and the words “commercial driver’s license” or “CDL” shall appear prominently on the face of the license. If the applicant is a nonresident, the license must conspicuously display the word “nonresident”.
   c. The department shall assign an applicant for a driver’s license a distinguishing driver’s license number other than the applicant’s social security number.
   d. The license may contain other information as required under the department’s rules.

3. Replacement. If prior to the renewal date, a person desires to obtain a driver’s license in the form authorized by this section, a license may be issued as a voluntary replacement upon payment of the required fee as set by the department by rule. A person shall return a driver’s license and be issued a new license when the first license contains inaccurate information upon payment of the required fee as set by the department by rule.

4. Symbols. Upon the request of a licensee, the department shall indicate on the license the presence of a medical condition, that the licensee is a donor under the uniform anatomical gift Act as provided in chapter 142C, or that the licensee has in effect a medical advance directive. For purposes of this subsection, a medical advance directive includes, but is not limited to, a valid durable power of attorney for health care as defined in section 144B.1. The license may contain such other information as the department may require by rule.

5. Tamperproofing. The department shall issue a driver’s license by a method or process which prevents as nearly as possible the alteration, reproduction, or superimposition of a photograph on the license without ready detection.
6. Licenses issued to persons under age twenty-one. A driver's license issued to a person under eighteen years of age shall contain the same information as any other driver's license except that the words “under eighteen” shall appear prominently on the face of the license. A driver's license issued to a person eighteen years of age or older but less than twenty-one years of age shall contain the same information as any other driver's license except that the words “under twenty-one” shall appear prominently on the face of the license. Upon attaining the age of eighteen or upon attaining the age of twenty-one, and upon payment of a one dollar fee, the person shall be entitled to a new driver's license or nonoperator’s identification card for the unexpired months of the driver's license or card. An instruction permit or intermediate license issued under section 321.180B, subsection 1 or 2, shall include a distinctive color bar. A person under the age of sixteen applying for a driver’s license valid only for operation of a motorized bicycle shall also be required to successfully complete a motorized bicycle education course approved and established by the department or successfully complete an approved motorized bicycle education course at a private or commercial driver education school licensed by the department. A public school district shall charge a student a fee which shall not exceed the actual cost of instruction. A driver’s license valid only for operation of a motorized bicycle entitles the licensee to operate a motorized bicycle upon the highway while having the license in the licensee's immediate possession. The license is valid for a period not to exceed two years from the licensee's birthday anniversary in the year of issuance, subject to termination or cancellation as provided in this section.
   b. A driver’s license valid only for operation of a motorized bicycle shall be canceled upon a conviction for a moving traffic violation and reapplication may be made thirty days after the date of cancellation. The cancellation of the license upon conviction for a moving traffic violation shall not result in requiring the applicant to maintain proof of financial responsibility under section 321A.17, unless the conviction would otherwise result in a suspension or revocation of a person's driver's license.
   c. As used in this section, “moving traffic violation” does not include a parking violation as defined in section 321.210 or a violation of a section of the Code or municipal ordinance pertaining to standards to be maintained for motor vehicle equipment except sections 321.430 and 321.431, or except a municipal ordinance pertaining to motor vehicle brake requirements as applicable to motorized bicycles.

2. Noncommercial driver’s licenses. The fee for a noncommercial driver’s license, other than a class D driver’s license or any type of instruction permit, is four dollars per year of license validity.

3. Licenses for chauffeurs. The fee for a noncommercial class D driver’s license is eight dollars per year of license validity.

4. Commercial driver’s licenses. The fee for a commercial driver’s license, other than an instruction permit, for the operation of a commercial motor vehicle is eight dollars per year of license validity.

5. Licenses valid for motorcycles. An additional fee of one dollar per year of license validity is required to issue a license valid to operate a motorcycle.

6. Special minors’ licenses. Notwithstanding subsection 2, the fee for a driver’s license issued to a minor under section 321.194 or a restricted license issued to a minor under section 321.178, subsection 2, is eight dollars.

7. Endorsements and removal of air brake restrictions. The fee for a double/triple trailer endorsement, tank vehicle endorsement, and hazardous materials endorsement is five dollars for each endorsement. The fee for a passenger endorsement or a school bus endorsement is ten dollars. The fee for removal of an air brake restriction on a commercial driver’s license is ten dollars. Fees imposed under this subsection for endorsements or removal of restrictions are valid for the period of the license. Upon renewal of a commercial driver’s license, no fee is payable for retaining endorsements or the removal of the air brake restriction for those endorsements or restrictions which do not require the taking of either a knowledge or a driving skills test for renewal.

8. Driver’s license reinstatements. The fee for reinstatement of a driver’s license shall be twenty dollars for a license which is, after notice and opportunity for hearing, canceled, suspended, revoked, or barred. However, reinstatement of the privilege suspended under section 321.210, subsection 1, paragraph “c”, shall be without fee. The fee for reinstatement of the privilege to operate a commercial motor vehicle after a period of disqualification shall be twenty dollars.

9. Upgrading a license class privilege — fee adjustment. If an applicant wishes to upgrade a license class privilege, the fee charged shall be prorated on full-year fee increments of the new license in accordance with rules adopted by the department. The fee for a commercial driver’s license endorsement, the removal of an air brake restriction, or a commercial driver’s license instruction permit shall not be prorated.

As used in this subsection “to upgrade a license class privilege” means to add any privilege to a valid driver’s license. The addition of a privilege includes converting from a noncommercial to a commercial license, converting from a noncommercial class C to a class D license, converting an instruction permit to a class license, adding any privilege to a section 321.189, subsection 7, license, adding an instruction permit privilege, adding a section 321.189, subsection 7, license to an instruction permit, and adding any privilege relating to a driver’s license issued to a minor under section 321.194 or 321.178.

A person shall not be required to pay the surcharge more than once during the five-year period.

b. Moneys collected from the one-time surcharge under paragraph “a” are appropriated to the state department of transportation to be used for costs associated with the rewrite of the driver’s license issuance and records system. Moneys in excess of the amount needed to fund the rewrite of the system shall be deposited in the road use tax fund.

For future repeal of subsection 10 effective July 1, 2008, see 2003 Acts, ch 8, §16, 17

1. Notwithstanding the fee requirements for issuance of a driver’s license or nonoperator’s identification card pursuant to section 321.190 or 321.191, the department may waive or refund fees pursuant to rules adopted by the department. The department may waive payment of, or refund to an applicant, all or a portion of the fees for renewal of a license or identification card or for a duplicate license or identification card if the department determines that the service standard for timely issuance has not been met or an error on the license or identification card requires the applicant to return to the driver’s license station. The decision of the department not to waive or refund a fee is final agency action and not subject to review under chapter 17A.

2. Subsection 1 does not apply to licenses or

321.193 Restrictions on licenses — penalty.

As provided by rule, the department may impose restrictions suitable to the licensee's driving ability with respect to the type of motor vehicle or special mechanical control devices required on a motor vehicle which the licensee may operate or other restrictions applicable to the licensee as the department may determine to be appropriate.

The department may set forth restrictions upon the driver's license.

The department may suspend or revoke the driver's license upon receiving satisfactory evidence of any violation of the license's restrictions.

It is a simple misdemeanor punishable as a scheduled violation under section 805.8A, subsection 4, paragraph "a", for a person to operate a motor vehicle in any manner in violation of the restrictions imposed on a restricted license issued to that person under this section.

[C39, §5013.18; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.193]

321.194 Special minors' licenses.

1. Driver's license issued for travel to and from school. Upon certification of a special need by the school board, superintendent of the applicant's school, or principal, if authorized by the superintendent, the department may issue a class C or M driver's license to a person between the ages of fourteen and eighteen years whose driving privileges have not been suspended, revoked, or barred under this chapter or chapter 321J during, and who has not been convicted of a moving traffic violation or involved in a motor vehicle accident for, the six-month period immediately preceding the application for the special minor's license and who has successfully completed an approved driver education course. However, the completion of a course is not required if the applicant demonstrates to the satisfaction of the department that completion of the course would impose a hardship upon the applicant. The department shall adopt rules defining the term "hardship" and establish procedures for the demonstration and determination of when completion of the course would impose a hardship upon an applicant.

a. The driver's license entitles the holder, while having the license in immediate possession, to operate a motor vehicle other than a commercial motor vehicle or as a chauffeur:

(1) During the hours of 6 a.m. to 10 p.m. over the most direct and accessible route between the licensee's residence and schools of enrollment or the closest school bus stop or public transportation service, and between schools of enrollment, for the purpose of attending duly scheduled courses of instruction and extracurricular activities within the school district.

(2) At any time when the licensee is accompanied in accordance with section 321.180B, subsection 1.

b. Each application shall be accompanied by a statement from the school board, superintendent, or principal, if authorized by the superintendent, of the applicant's school. The statement shall be upon a form provided by the department. The school board, superintendent, or principal, if authorized by the superintendent, shall certify that a need exists for the license and that the board, superintendent, or principal authorized by the superintendent is not responsible for actions of the applicant which pertain to the use of the driver's license. Upon receipt of a statement of necessity, the department shall issue the driver's license. The fact that the applicant resides at a distance less than one mile from the applicant's school of enrollment is prima facie evidence of the nonexistence of necessity for the issuance of a license. The school board shall develop and adopt a policy establishing the criteria that shall be used by a school district administrator to approve or deny certification that a need exists for a license. The student may appeal to the school board the decision of a school district administrator to deny certification that a need exists for a license. The decision of the school board is final.

The driver's license shall not be issued for purposes of attending a public school in a school district other than either of the following:

(1) The district of residence of the parent or guardian of the student.

(2) A district which is contiguous to the district of residence of the parent or guardian of the student, if the student is enrolled in the public school which is not the school district of residence because of open enrollment under section 282.18 or as a result of an election by the student's district of residence to enter into one or more sharing agreements pursuant to the procedures in chapter 282.

2. Suspension and revocation. A driver's license issued under this section is subject to suspension or revocation for the same reasons and in the same manner as suspension or revocation of any other driver's license. The department may also suspend a driver's license issued under this section upon receiving satisfactory evidence that the licensee has violated the restrictions of the license or has been involved in one or more accidents chargeable to the licensee. The department may suspend a driver's license issued under this section upon receiving a record of the licensee's conviction for one violation. The department shall revoke the license upon receiving a record of conviction for two or more violations of a law of this
321.195 Duplicate driver's licenses and nonoperator's identification cards.

If a driver's license or nonoperator's identification card issued under this chapter is lost or destroyed, the person to whom the license or card was issued may, upon payment of a fee of three dollars for a driver's license or nonoperator's identification card, obtain a duplicate, or substitute, upon furnishing proof satisfactory to the department that the driver's license or nonoperator's identification card has been lost or destroyed. A fee of one dollar shall be charged for the voluntary replacement of a driver's license or nonoperator's identification card.

321.196 Expiration of license — renewal.

1. Except as otherwise provided, a driver's license, other than an instruction permit, chauffeur's instruction permit, or commercial driver's instruction permit issued under section 321.180, expires five years from the licensee's birthday anniversary occurring in the year of issuance if the licensee is between the ages of seventeen years and seventy years on the date of issuance of the license. If the licensee is under the age of seventeen years, licenses are issued for a period of one year only. If the license is renewed within the sixty-day period following the license expiration date, the date of issuance shall be considered to be the previous birthday anniversary on which it expired.

2. Except as required in section 321.188, and except for a motorcycle instruction permit issued in accordance with section 321.180 or 321.180B, a driver's license is renewable without written examination or penalty within a period of sixty days after its expiration date and without a driving test within a period of one year after its expiration date. A person shall not be considered to be driving with an invalid license during a period of sixty days following the license expiration date. However, for a license renewed within the sixty-day period, the department may issue a temporary extension of the license. The department upon receipt of the application shall, upon a showing of good cause, issue a temporary extension of the license for a period not to exceed sixty days.

3. The department in its discretion may authorize the renewal of a valid driver's license other than a commercial driver's license upon application without an examination provided that the applicant satisfactorily passes a vision test as prescribed by the department or files a vision report in accordance with section 321.186A which shows that the applicant's visual acuity level meets or exceeds those required by the department. An application for renewal of a driver's license shall include a statement for the applicant to sign that acknowledges the applicant's knowledge of the requirement to notify the department of a mailing address change under section 321.182, subsection 1.

4. A resident of Iowa holding a valid driver's license who is temporarily absent from the state or incapacitated, may, at the time for renewal of such license, apply to the department for a temporary extension of the license. The department upon receipt of the application shall, upon a showing of good cause, issue a temporary extension of the driver's license for a period not to exceed sixty days.
its terms, is hereby extended without fee until six months following the initial separation from active duty of the person from the military service, provided the person is not suffering from physical disabilities which impair the person’s competency as an operator and provided further that the licensee shall furnish, upon demand of any peace officer, satisfactory evidence of the person’s military service. However, a person entitled to the benefits of this section who is charged with operating a motor vehicle without a valid driver’s license shall not be convicted if the person produces in court, within a reasonable time, a valid driver’s license previously issued to that person along with evidence of the person’s military service as provided in this paragraph.

The department is authorized to renew any driver’s license falling within the provisions and limitations of the preceding paragraph, without examination, upon application and payment of fee made within six months following separation from the military service.

The provisions of this section shall also apply to the spouse and children or ward of such military personnel when such spouse, children or ward are living with the above described military personnel outside of the state of Iowa and provided that such extension of license does not exceed five years.

A person whose period of validity of the person’s driver’s license is extended under this section may file an application in accordance with rules adopted by the department to have the person’s record system during the period for which the driver’s license remains valid. If a person has the record of issuance of a driver’s license reentered in the department’s record system during the period for which the driver’s license remains valid. If a person has had the record of issuance of the person’s driver’s license removed from the department’s records, the person shall have the person’s record of driver’s license issuance reentered by the department upon request if the request is accompanied by a letter from the applicable person’s commanding officer verifying the military service.

321.211 Notice and hearing — appropriation.

Upon suspending the license of a person as authorized, the department shall immediately notify the licensee in writing and upon the licensee’s request shall afford the licensee an opportunity for a hearing before the department of inspections and appeals as early as practical within thirty days after receipt of the request. The hearing shall be held by telephone conference unless the licensee and the department of inspections and appeals agree to hold the hearing in the county in which the licensee resides or in some other county. Upon the hearing the department of inspections and appeals may administer oaths and issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a re-examination of the licensee. Upon the hearing and issuance of a recommendation by the department of inspections and appeals, the state department of transportation shall either rescind the extended suspension or for good cause may extend the suspension of the license or revoke the license. This section does not preclude the director from attempting to effect an informal settlement under chapter 17A.

There is appropriated each year from the road use tax fund to the department of transportation two hundred twenty-five thousand dollars or as much thereof as is necessary to be used to pay the cost of notice and personal delivery of service, as necessary to meet the notice requirement of this section. The department shall adopt rules governing the payment of the cost of personal delivery of service. A peace officer stopping a person for whom a notice of a suspension or revocation has been issued or to whom a notice of a hearing has been sent under the provisions of this section may personally serve such notice upon forms approved by the department to satisfy the notice requirements of this section. The peace officer may confiscate the driver’s license of such person if the license has been revoked or has been suspended subsequent to a hearing and the person has not forwarded the driver’s license to the department as required.

321.211A Appeal of extended suspension or revocation.

Notwithstanding any provision of law to the contrary, if a person was not served with notice of a suspension or revocation under section 321.16, or section 321J.9, subsection 4, or section 321J.12, subsection 3, the person may appeal to the department an extension of the period of suspension or revocation based upon a conviction under section 321.218 or 321J.21. At the hearing on the appeal, the sole issue shall be whether the department failed to send notice of the underlying suspension or revocation to the person at the address contained in the department’s records. If the department determines it failed to send such notice, the department shall rescind the extended suspension or revocation resulting from the conviction and send notice of the department’s determination to the court that rendered the conviction. Upon receipt of the notice, the court shall enter an order exonerating the person of the conviction and ordering that the record of the conviction be expunged by the clerk of the district court.

another period is specified by law.

A suspension under section 321.210, subsection 1, paragraph "d", for a violation of section 321.216B shall not exceed six months. 5. The department, on application, may issue a temporary restricted license to a person whose noncommercial driver's license is suspended or revoked under this chapter, allowing the person to drive to and from the person's home and specified places at specified times which can be verified by the department and which are required by any of the following:

The court shall forward a record of each application for a temporary restricted license to the department, together with the results of the disposition of the request by the court.

The department shall adopt a manual and specifications for a uniform system of traffic-control devices consistent with the provisions of this chapter for use upon highways within this state. Such uniform system shall correlate with and so far as possible conform to the system then current as approved by the American association of state highway and transportation officials.

The department shall include in its manual of traffic-control devices, specifications for a uniform system of highway signs for the purpose of guiding traffic to organized off-highway permanent camps, and camp areas, operated by recognized and established civic, religious, and nonprofit charitable organizations and to for-profit campgrounds and ski areas. The department shall purchase, install, and maintain the signs upon the prepayment of the costs by the organization or owner.

The department shall also establish criteria for guiding traffic on all fully controlled-access, divided, multilineal highways including interstate highways to each tourist attraction which is located within thirty miles of the highway and receives fifteen thousand or more visitors annually. Nothing in this unnumbered paragraph shall be construed to prohibit the department from erecting signs to guide traffic on these highways to tourist attractions which are located more than thirty miles from the highway or which receive fewer than fifteen thousand visitors annually.

The department shall establish, by rule, in cooperation with a tourist signing committee, the standards for tourist-oriented directional signs and shall annually review the list of attractions for which signing is in place. The rules shall conform to national standards for tourist-oriented directional signs adopted under 23 U.S.C. § 131(q) and to the manual of uniform traffic-control devices. The tourist signing committee shall be made up of the directors or their designees of the departments of economic development, agriculture and land stewardship, natural resources, cultural affairs, and transportation, the chairperson or the chairperson’s designee of the Iowa travel council, and a member of the outdoor advertising association of Iowa. The director or the director’s designee of the department of economic development shall be the chairperson of the committee. The department of transportation shall be responsible for calling and setting the date of the meetings of the committee which meetings shall be based upon the amount of activity relating to signs. However, the committee shall meet at least once a month. However, a tourist attraction is not subject to a minimum number of visitors annually to qualify for tourist-oriented directional signing. The rules shall not be applicable to directional signs relating to tourist-oriented directional signs. The rules shall not be applicable to directional signs relating to historic sites on land owned or managed by state agencies, as provided in section 321.253A. The rules shall include but are not limited to the following:

2. Criteria for limiting or excluding businesses, activities, services, and sites that maintain signs that do not conform to the requirements of chapter 306B, chapter 306C, division II, or other statutes or administrative rules regulating outdoor advertising.
3. Provisions for a fee schedule to cover the direct and indirect costs of sign manufacture, erection, and maintenance, and related administrative costs.
4. Provisions specifying maximum distances to eligible businesses, activities, services, and sites. Tourist-oriented directional signs may be placed on highways within the maximum travel distance that have the greatest traffic count per day, if sufficient space is available. If an adjacent landowner complains to the department about the placement of a tourist-oriented directional sign, the department shall attempt to reach an agreement with the landowner for relocating the sign. If possible, the sign shall be relocated from the place of objection. If the sign must be located on an objectionable place, it shall be located on the least objectionable place possible.
5. Provisions for trailblazing to facilities that are not on the crossroad. Appropriate trailblazing shall be installed over the most desirable routes on lesser traveled primary highways, secondary roads, and city streets leading to the tourist attraction.
6. Criteria for determining when to permit advance signing.
7. Provisions specifying conditions under which the time of operation of a business, activity, service, or site is shown.
8. Provisions for masking or removing signs during off seasons for businesses, activities, services, and sites operated on a seasonal basis. Faded signs shall be replaced and the commercial vendor charged for the cost of replacement based upon the fee schedule adopted.
9. Provisions specifying the maximum number of signs permitted per intersection.
10. Provisions for determining what businesses, activities, services, or sites are signed when there are more applicants than the maximum number of signs permitted.

11. Provisions for removing signs when businesses, activities, services, or sites cease to meet minimum requirements for participation and related costs.

Local authorities shall adhere to the specifications for such signs as established by the department, and shall purchase, install, and maintain such signs in their respective jurisdictions upon prepayment by the organization of the cost of such purchase, installation, and maintenance. The department shall include in its manual of traffic-control devices specifications for a uniform system of traffic-control devices in legally established school zones.

1. The department shall place and maintain such traffic-control devices, conforming to its manual and specifications, upon all primary highways as it shall deem necessary to indicate and to carry out the provisions of this chapter or to regulate, warn, or guide traffic. Whenever practical, said devices or signs shall be purchased from the director of the Iowa department of corrections.

The department shall post signs informing motorists that the scheduled fine for committing a moving traffic violation in a road work zone is doubled.

2. Upon request by a city or county in which a historic site is located on land owned or managed by an authorized emergency vehicle.

3. The location of the historic site shall be memorialized on transportation maps of the state published under the direction of the department and generally made available to the public. However, if it is not reasonable and feasible to display specific historic sites on the state transportation map, the department shall consult with the agency managing the historic site.

4. The department shall not erect, maintain, or distribute a directional sign or include on a transportation map information about a historic site located on land owned or managed by an agency if the department receives an objection by the agency.

5. The department shall not place a sign relating to a speed limit, distance, or measurement on a highway if the sign establishes the speed limit, distance, or measurement solely by using the metric system, unless specifically required by federal law.

6. Local authorities in their respective jurisdictions shall place and maintain such traffic-control devices upon highways under their jurisdiction as they may deem necessary to indicate and to carry out the provisions of this chapter or local traffic ordinances or to regulate, warn, or guide traffic. All such traffic-control devices hereafter erected shall conform to the state manual and specifications.

7. The location of the historic site shall be memorialized on transportation maps of the state published under the direction of the department and generally made available to the public. However, if it is not reasonable and feasible to display specific historic sites on the state transportation map, the department shall consult with the agency managing the historic site.

8. The department shall not erect, maintain, or distribute a directional sign or include on a transportation map information about a historic site located on land owned or managed by an agency if the department receives an objection by the agency.

9. The department shall not place a sign relating to a speed limit, distance, or measurement on a highway if the sign establishes the speed limit, distance, or measurement solely by using the metric system, unless specifically required by federal law.

10. Provisions for determining what businesses, activities, services, or sites are signed when there are more applicants than the maximum number of signs permitted.

11. Provisions for removing signs when businesses, activities, services, or sites cease to meet minimum requirements for participation and related costs.

Local authorities shall adhere to the specifications for such signs as established by the department, and shall purchase, install, and maintain such signs in their respective jurisdictions upon prepayment by the organization of the cost of such purchase, installation, and maintenance. The department shall include in its manual of traffic-control devices specifications for a uniform system of traffic-control devices in legally established school zones.

321.257 Official traffic control signal.
1. For the purposes of this section "stop at the
official traffic control signal” means stopping at the first opportunity at either the clearly marked stop line or before entering the crosswalk or before entering the intersection.

2. Official traffic control signals consisting of colored lights or colored lighted arrows shall regulate vehicle and pedestrian traffic in the following manner:
   a. A “steady circular red” light means vehicular traffic shall stop. Vehicular traffic shall remain standing until a signal to proceed is shown or vehicular traffic, unless prohibited by a sign, may cautiously enter the intersection to make a right turn from the right lane of traffic or a left turn from a one-way street to one-way street from the left lane of traffic or a one-way street onto the leftmost lane of traffic on a one-way street. Turns made under this paragraph shall be made in a manner that does not interfere with other vehicular or pedestrian traffic lawfully using the intersection. Pedestrian traffic facing a steady circular red light shall not enter the roadway unless the pedestrian can safely cross the roadway without interfering with any vehicular traffic.
   b. A “steady circular yellow” or “steady yellow arrow” light means vehicular traffic is warned that the related green movement is being terminated and vehicular traffic shall no longer proceed into the intersection and shall stop. If the stop cannot be made in safety, a vehicle may be driven cautiously through the intersection. Pedestrian traffic is warned that there is insufficient time to cross the intersection and any pedestrian starting to cross the roadway shall yield the right of way to all vehicles.
   c. A “steady circular green” light means vehicular traffic may proceed straight, turn right or turn left through the intersection unless otherwise specifically prohibited. Vehicular traffic shall yield the right of way to other vehicles and pedestrians lawfully within the intersection.
   d. A “steady green arrow” light shown alone or with another official traffic control signal means vehicular traffic may cautiously enter the intersection and proceed in the direction indicated by the arrow. Vehicular traffic shall yield the right of way to other vehicles and pedestrians lawfully within the intersection.
   e. A “flashing circular red” light means vehicular traffic shall stop and after stopping may proceed cautiously through the intersection yielding to all vehicles not required to stop or yield which are within the intersection or approaching so closely as to constitute a hazard, but then may proceed.
   f. A “flashing yellow” light means vehicular traffic shall proceed through the intersection or past such signal with caution.
   g. A “don’t walk” light is a pedestrian signal which means that pedestrian traffic facing the illuminated pedestrian signal shall not start to cross the roadway in the direction of the pedestrian signal, and pedestrian traffic in the crossing shall proceed to a safety zone.
   h. A “walk” light is a pedestrian signal which means that pedestrian traffic facing the illuminated pedestrian signal may proceed to cross the roadway in the direction of the pedestrian signal and shall be given the right of way by drivers of all vehicles.

321.258 Arrangement of lights on official traffic-control signals.
1. Colored lights placed on a vertical official traffic-control signal face shall be arranged from the top to the bottom in the following order when used: Circular red, circular yellow, circular green, straight through yellow arrow, straight through green arrow, left turn yellow arrow, left turn green arrow, right turn yellow arrow, and right turn green arrow.

This shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information of a type that cannot be mistaken for official signs.
Every such prohibited sign, signal, or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it
to be removed without notice.

SPEED RESTRICTIONS

321.285 Speed restrictions.

Any person driving a motor vehicle on a highway shall drive the same at a careful and prudent speed not greater than nor less than is reasonable and proper, having due regard to the traffic, surface, and width of the highway and of any other conditions then existing, and no person shall drive any vehicle upon a highway at a speed greater than will permit the person to bring it to a stop within the assured clear distance ahead, such driver having the right to assume, however, that all persons using said highway will observe the law.

The following shall be the lawful speed except as provided by this section, or except as posted pursuant to sections 262.68, 321.236, subsection 5, section 321.288, subsection 6, sections 321.289, 321.290, 321.293, 321.295, and 461A.36, and any speed in excess thereof shall be unlawful:

1. Twenty miles per hour in any business district.
2. Twenty-five miles per hour in any residence or school district.
3. Forty-five miles per hour in any suburban district. Each school district as defined in subsection 70 of section 321.1 shall be marked by distinctive signs as provided by the current manual of uniform traffic control devices adopted by the department and placed on the highway at the limits of such school district.
4. Notwithstanding any other speed restrictions, the speed limit for all vehicular traffic shall be fifty-five miles per hour.
5. Reasonable and proper, but not greater than fifty-five miles per hour at any time between sunrise and sunset, and not greater than fifty miles per hour at any time between sunset and sunrise, on secondary roads unless such roads are surfaced with concrete or asphalt or a combination of both, in which case the speed limits shall be the same as provided in subsection 4 of this section. When the board of supervisors of any county shall determine upon the basis of an engineering and traffic investigation that the speed limit on any secondary road is greater than is reasonable and proper under the conditions found to exist at any intersection or other place or upon any part of a secondary road, the board shall determine and declare a reasonable and proper speed limit at the intersection or other part of the secondary road. The speed limits as determined by the board of supervisors shall be effective when appropriate signs giving notice of the speed limits are erected by the board of supervisors at the intersection or other place or part of the highway.
6. a. Notwithstanding any other speed restrictions, the speed limit for all vehicular traffic on fully controlled-access, divided, multilaned highways is sixty-five miles per hour. However, the speed limit for all vehicular traffic on highways that are part of the interstate road system, as defined in section 306.3, is seventy miles per hour. The department may establish a speed limit of sixty-five miles per hour on certain divided, multilaned highways not otherwise described in this paragraph.

6. b. The department, on its own motion or in response to a recommendation of a metropolitan or regional planning commission or council of governments, may establish a lower speed limit on a highway described in this subsection.

6. c. For the purposes of this subsection, “fully controlled-access highway” means a highway that gives preference to through traffic by providing access connections with selected public roads only and by prohibiting crossings at grade or direct private driveway connections.

6. d. A minimum speed may be established by the department on the highways referred to in this subsection if warranted by engineering and traffic investigations.

6. e. Any kind of vehicle, implement, or conveyance incapable of attaining and maintaining a speed of forty miles per hour shall be prohibited...
from using the interstate road system.

A person shall not drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law. Peace officers are hereby authorized to enforce this provision by directions to drivers, and in the event of apparent willful disobedience to this provision and refusal to comply with direction of an officer in accordance herewith the continued slow operation by a driver shall be a simple misdemeanor punishable as a scheduled violation under section 805.8A, subsection 8.

No person shall drive a vehicle on any public bridge or elevated structure at a speed which is greater than the maximum speed permitted under this chapter on the street or highway at a point where said street or highway joins said bridge or elevated structure, provided that if the maximum speed permitted on said street or highway differs from the maximum speed on any other street or highway joining said bridge or elevated structure, then the lowest of said speeds shall be the maximum speed limit on said bridge or elevated structure, subject to the following:

The department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this chapter, the department shall determine and declare the maximum speed of vehicles which such structure can withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained at a distance of two hundred feet before each end of such structure.

No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in this section.

Upon the trial of any person charged with driving a vehicle at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, proof of such determination of the maximum speed by said department and the existence of said signs shall constitute conclusive evidence of the maximum speed which can be maintained with safety to such bridge or structure.

A person possessing a written certification from a health care provider licensed under chapter 148, 150, 150A, or 151 on a form provided by the department that the person is unable to wear a safety belt or safety harness due to physical or medical reasons. The certification shall specify the time period for which the exemption applies. The time period shall not exceed twelve months, at which time a new certification may be issued unless the certifying health care provider is from a United States military facility, in which case the certificate may specify a longer period of time or a permanent exemption.

f. Front seat occupants of an authorized emergency vehicle while they are being transported in an emergency. However, this exemption does not apply to the driver of the authorized emergency vehicle.

The department, in cooperation with the department of public safety and the department of education, shall establish educational programs to foster compliance with the safety belt and safety harness usage requirements of this subsection.

3. The driver and front seat passengers may be each charged separately for improperly used or nonused equipment under subsection 2. The owner of the motor vehicle may be charged for equipment violations under subsection 1.

4. a. The nonuse of a safety belt or safety harness by a person is not admissible or material as evidence in a civil action brought for damages in a cause of action arising prior to July 1, 1986.

b. In a cause of action arising on or after July 1, 1986, brought to recover damages arising out of the ownership or operation of a motor vehicle, the failure to wear a safety belt or safety harness in violation of this section shall not be considered evi-

1. a. A child under one year of age and weighing less than twenty pounds who is being transported in a motor vehicle subject to registration, except a school bus or motorcycle, shall be secured during transit in a rear-facing child restraint system that is used in accordance with the manufacturer’s instructions.

   b. A child under six years of age who does not meet the description in paragraph “a” and who is being transported in a motor vehicle subject to registration, except a school bus or motorcycle, shall be secured during transit by a child restraint system that is used in accordance with the manufacturer’s instructions.

2. A child at least six years of age but under eleven years of age who is being transported in a motor vehicle subject to registration, except a school bus or motorcycle, shall be secured during transit by a child restraint system that is used in accordance with the manufacturer’s instructions or by a safety belt or safety harness of a type approved under section 321.445.

3. This section does not apply to peace officers acting on official duty. This section also does not apply to the transportation of children in 1965 model year or older vehicles, authorized emergency vehicles, buses, or motor homes, except when a child is transported in a motor home’s passenger seat situated directly to the driver’s right. This section does not apply to the transportation of a child who has been certified by a physician licensed under chapter 148, 150, or 150A as having a medical, physical, or mental condition that prevents or makes inadvisable securing the child in a child restraint system, safety belt, or safety harness.

4. An operator who violates subsection 1 or 2 is guilty of a simple misdemeanor and subject to the penalty provisions of section 805.8A, subsection 14, paragraph “c”. However, if a child is being transported in a taxicab in a manner that is not in compliance with subsection 1 or 2, the parent, legal guardian, or other responsible adult traveling with the child shall be served with a citation for a violation of this section in lieu of the taxicab operator.

5. A person who is first charged for a violation of subsection 1 and who has not purchased or otherwise acquired a child restraint system shall not be convicted if the person produces in court, within a reasonable time, proof that the person has purchased or otherwise acquired a child restraint system which meets federal motor vehicle safety standards.

6. Failure to use a child restraint system, safety belts, or safety harnesses as required by this section does not constitute negligence nor is the failure admissible as evidence in a civil action.

7. For purposes of this section, “child restraint system” means a specially designed seating system, including a belt-positioning seat or a booster seat, that meets federal motor vehicle safety standards set forth in 49 C.F.R. § 571.213.

For education program requirements and compliance assistance requirements, see 2004 Acts, ch 1113, §4

321.449 Motor carrier safety rules.

1. A person shall not operate a commercial vehicle on the highways of this state except in compliance with rules adopted by the department under chapter 17A. The rules shall be consistent
with the federal motor carrier safety regulations promulgated under United States Code, Title 49, and found in 49 C.F.R. pts. 395, 390 – 399 and adopted under chapter 17A.

The department shall also adopt rules concerning hours of service for drivers of vehicles operated for hire and designed to transport seven or more persons, including the driver. The rules shall not apply to vehicles offered to the public for hire that are used principally in intracity operation and that are regulated by local authorities pursuant to section 321.236.

2. Rules adopted under this section concerning driver qualifications, hours of service, and recordkeeping requirements do not apply to the operators of public utility trucks, trucks hauling gravel, construction trucks and equipment, trucks moving implements of husbandry, and special trucks, other than a truck tractor, operating intrastate. Except as otherwise provided in this section, trucks for hire on construction projects are not exempt from this section.

3. Rules adopted under this section concerning driver age qualifications do not apply to drivers for private and for-hire motor carriers which operate solely intrastate except when the vehicle being driven is transporting a hazardous material in a quantity which requires placarding. The minimum age for the exempted intrastate operations is eighteen years of age.

4. Notwithstanding other provisions of this section, rules adopted under this section for drivers of commercial vehicles shall not apply to a driver of a commercial vehicle who is engaged exclusively in intrastate commerce, when the commercial vehicle's gross vehicle weight rating is twenty-six thousand pounds or less, unless the vehicle is used to transport hazardous materials requiring a placard or if the vehicle is designed to transport more than fifteen passengers, including the driver. For the purpose of complying with the hours of service recordkeeping requirements under 49 C.F.R. § 395.1(e)(5), a driver's report of daily beginning and ending on-duty time submitted to the motor carrier at the end of each workweek shall be considered acceptable motor carrier time records. In addition, rules adopted under this section shall not apply to a driver operating intrastate for a farm operation as defined in section 352.2, or for an agricultural interest when the commercial vehicle is operated between the farm as defined in section 352.2 and another farm, between the farm and a market for farm products, or between the farm and an agribusiness location. A driver or a driver-salesperson for a private carrier, who is not for hire and who is engaged exclusively in intrastate commerce, may drive twelve hours, be on duty sixteen hours in a twenty-four-hour period and be on duty seventy hours in seven consecutive days or eighty hours in eight consecutive days. For-hire drivers who are engaged exclusively in intrastate commerce and who operate trucks and truck tractors exclusively for the movement of construction materials and equipment to and from construction projects may also drive twelve hours, be on duty sixteen hours in a twenty-four-hour period, and be on duty seventy hours in seven consecutive days or eighty hours in eight consecutive days. A "driver-salesperson" means as defined in 49 C.F.R. § 395.2, as adopted by the department by rule.

5. a. Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for drivers of commercial vehicles engaged in intrastate commerce shall not be construed as disqualifying any individual who was employed as a driver of commercial vehicles engaged in intrastate commerce whose physical or medical condition existed prior to July 29, 1996.

b. Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for a driver shall not apply to a farmer or a farmer's hired help when operating a vehicle owned by the farmer while it is being used in connection with the intrastate transportation of fertilizers and chemicals used in the farmer’s crop production.

c. Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for a driver shall not apply to a farmer or a farmer's hired help when operating a vehicle owned by the farmer while it is being used in connection with the intrastate transportation of agricultural commodities or feed.

6. Notwithstanding other provisions of this section, rules adopted under this section shall not impose any requirements which impose any restrictions upon a person operating an implement of husbandry or pickup to transport fertilizers and pesticides in that person's agricultural operations.

7. Rules adopted under this section shall not apply to vehicles engaged in intrastate commerce and used in combination, provided the gross vehicle weight rating of the towing unit is ten thousand pounds or less and the gross combination weight rating is twenty-six thousand pounds or less.

For applicable scheduled fines, see §805.8A, subsection 13, paragraph b

321.450 Hazardous materials transportation regulations.

1. A person shall not transport or have trans-
ported or shipped within this state any hazardous material except in compliance with rules adopted by the department under chapter 17A. The rules shall be consistent with the federal hazardous materials regulations adopted under United States Code, Title 49, and found in 49 C.F.R. § 107, 171 to 173, 177, 178, and 180.

2. Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for drivers of commercial vehicles engaged in intrastate commerce shall not be construed as disqualifying any individual who was employed as a driver of commercial vehicles engaged in intrastate commerce, and whose physical or medical condition existed, prior to July 29, 1996.

3. Notwithstanding other provisions of this section, or the age requirements under section 321.449, the age requirements under section 321.449 and the rules adopted under this section pertaining to compliance with regulations adopted under United States Code, Title 49, and found in 49 C.F.R. § 177.804, shall not apply to retail dealers of fertilizers, petroleum products, and pesticides and their employees while delivering fertilizers, petroleum products, and pesticides to farm customers within a one-hundred-mile radius of their retail place of business.

4. Notwithstanding other provisions of this section, rules adopted under this section shall not apply to a farmer or employees of a farmer when transporting an agricultural hazardous material, except class 2 material, between the sites in the farmer's agricultural operations unless the material is being transported on the interstate highway system. As used in this subsection, “farmer” means a person engaged in the production or raising of crops, poultry, or livestock; “farmer” does not include a person who is a commercial applicator of agricultural chemicals or fertilizers.

5. Notwithstanding other provisions of this section to the contrary, a driver who is engaged exclusively in intrastate commerce and who operates a truck or truck tractor exclusively for the movement of refined oil products may drive twelve hours, be on duty sixteen hours in a twenty-four-hour period, and be on duty seventy hours in seven consecutive days, or eighty hours in eight consecutive days.

6. The provisions of this chapter governing size, weight, and load, and the maximum size and weight of vehicles exceeding the limitations stated in this chapter, and the maximum size and weight of vehicles herein specified shall be lawful throughout this state, and local authorities shall have no power or authority to alter said limitations except as express authority may be granted in this chapter.

1. The director or the director’s designee may designate a privately owned vehicle as an authorized emergency vehicle and issue a certificate of designation for the vehicle, upon written request being made on forms provided by the department and showing necessity for the designation. A certificate of designation may be issued for the following privately owned vehicles:
   a. An ambulance or fire or rescue vehicle.
   b. A state or county medical examiner vehicle.
   c. A vehicle owned by a sheriff or full-time paid deputy sheriff if the authorized emergency vehicle designation is requested by the sheriff.
   d. A vehicle owned by a chief of police or any officer of the police department if the authorized emergency vehicle designation is requested by the chief of police.
   e. A vehicle owned by a chief of a full-time paid fire department if the authorized emergency vehicle designation is requested by the chief of the fire department.
   f. A towing or recovery vehicle, subject to rules adopted by the department.

2. The application for a certificate of designation must include the name of the owner of the vehicle, vehicle identification information, a description of the vehicle’s equipment, and a description of how the vehicle will be used as an authorized emergency vehicle.

3. The certificate of designation shall at all times be carried with the registration receipt for the vehicle to which the certificate refers. The certificate may be revoked by the director upon a showing of abuse.

321.452 Scope and effect.

Except for offenses punishable under the provisions of section 321.463 it is a misdemeanor, punishable as provided in section 321.482, for any person to drive or move or for the owner to cause or knowingly permit to be driven or moved on any highway any vehicle or vehicles of a size or weight exceeding the limitations stated in this chapter, and the maximum size and weight of vehicles herein specified shall be lawful throughout this state, and local authorities shall have no power or authority to alter said limitations except as express authority may be granted in this chapter.

321.453 Exceptions.

The provisions of this chapter governing size,
weight, and load, and the permit requirements of chapter 321E do not apply to fire apparatus; road maintenance equipment owned by, under lease to, or used in the performance of a contract with any state or local authority; or to implements of husbandry moved or moving upon a highway, except for those implements of husbandry moved or moving on any portion of the interstate and except as provided in sections 321.463, 321.471, and 321.474. A vehicle, carrying an implement of husbandry, which is exempted from the permit requirements under this section shall be equipped with an amber flashing light visible from the rear. If the amber flashing light is obstructed by the loaded implement, the loaded implement shall also be equipped with and display an amber flashing light. The vehicle shall also be equipped with warning flags on that portion of the vehicle which projects beyond the rear of the vehicle, or the load carried thereon extending beyond the line of the fenders on the left side of such vehicle or extending more than six inches beyond the line of the fenders on the right side thereof. Passengers shall not ride on any part of any vehicle unless it is expressly designed either for passenger use or designed for carrying livestock, merchandise, or freight.

321.456 Height of vehicles.
A vehicle unladen or with load shall not exceed a height of thirteen feet, six inches, except that a vehicle or combination of vehicles coupled together and used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, or recreational vehicle chassis may operate with a height not to exceed fourteen feet. This section shall not be construed to require any railroad or public authorities to provide sufficient vertical clearance to permit the operation of such vehicle upon the highways of this state. Any damage to highways, highway or railroad structures, or underpasses caused by the height of any vehicle provided for by this section shall be borne by the operator or owner of the vehicle.

321.457 Maximum length.
1. A combination of four vehicles is not allowed on the highways of this state, except for power units saddle mounted on other power units which shall be restricted to a maximum overall length of ninety-seven feet.
2. The maximum length of any motor vehicle or combination of vehicles operated on the highways of this state is as follows:
   a. A single truck, unladen or with load, shall not have an overall length, inclusive of front and rear bumpers, in excess of forty feet.
   c. When determining the overall length of a single truck, the following shall be excluded:
      (1) Cargo extending not more than three feet beyond the front bumper and not more than four feet beyond the rear bumper when transporting motor vehicles, boats, and chassis.
      (2) An unladen cargo carrying device extending no greater than twenty-four inches from the rear of the bed of the truck.
      (3) A cargo carrying device with load.
   b. A single bus shall not have an overall length, inclusive of front and rear bumpers, in excess of forty-five feet, except that buses construct-
ed so as to contain a flexible part allowing articulation shall not exceed sixty-one feet.

c. A manufactured or mobile home not in excess of forty-eight feet in length may be drawn by any motor vehicle, except a truck motor, provided that the manufactured or mobile home and its towing unit are not in excess of an overall length of sixty feet. For the purposes of this subsection, a light delivery truck, panel delivery truck, or “pickup” is not a motor truck. A portable livestock loading chute not in excess of a length of thirteen feet including its hitch or tongue may be drawn by any vehicle or combination of vehicles, provided that the vehicle or combination of vehicles drawing the loading chute is not in excess of the legal length provided for such vehicles or combinations.

d. A combination of three vehicles coupled together one of which is a motor vehicle, unladen or with load, other than a truck tractor, shall not have an overall length, inclusive of front and rear bumpers, in excess of seventy feet.

e. A motor vehicle or combination of vehicles may be operated upon the highways of this state, irrespective of the length and weight limitations imposed by the laws of this state, if the motor vehicle or combination of vehicles is operated within the corporate limits of a city abutting a border of this state and such operations have been approved by ordinance of the city council and if the length and weight of the motor vehicle or combination of vehicles is in conformity with the laws relating to length and weight of the abutting state. If a city council has authorized such operation upon highways within the corporate limits, then the limit of travel for such motor vehicles or combination of vehicles within the state is extended to the commercial zones as described by federal regulations concerning interstate commerce, 49 C.F.R. § 1048.101, and to the interstate system as provided in 23 U.S.C. § 127 and 49 U.S.C. § 31112(c), as amended by Pub. L. No. 104-59.

f. A trailer or semitrailer, laden or unladen, shall not have an overall length in excess of fifty-three feet when operating in a truck tractor-semitrailer combination exclusive of retractable extensions used to support the load. However, when a trailer or semitrailer is used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, recreational vehicle chassis, or boats, the load carried on the trailer or semitrailer may extend up to three feet beyond the front bumper and up to four feet beyond the rear bumper of the trailer or semitrailer. A lowboy semitrailer, laden or unladen, which is designed and exclusively used for the transportation of construction equipment shall not have an overall length in excess of fifty-seven feet when used in a truck tractor-semitrailer combination.

g. A trailer or semitrailer, laden or unladen, shall not have an overall length in excess of twenty-eight feet six inches when operating in a truck tractor-semitrailer-trailer combination or truck tractor-semitrailer-semitrailer combination. When the semitrailers in a truck tractor-semitrailer-semitrailer combination are connected by a rigid frame extension including a fifth-wheel connection point attached to the rear frame of the first semitrailer, the length of the frame extension shall not be included when determining the overall length of the first semitrailer.

h. Power units designed to carry cargo, when used in combination with a trailer or semitrailer shall not exceed sixty-five feet in overall length for the combination exclusive of retractable extensions used to support the load. However, if a combination of vehicles is used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, recreational vehicle chassis, or boats, the load may extend up to three feet beyond the front bumper and up to four feet beyond the rear bumper.

i. A stinger-steered automobile transporter shall not have an overall length exceeding seventy-five feet, exclusive of retractable extensions used to support the load and all other devices or appurtenances related to the safe and efficient operation of the vehicle, except that the load may extend up to three feet beyond the front bumper and up to four feet beyond the rear bumper.

j. A motor home shall not have an overall length, excluding front and rear bumpers and safety equipment, in excess of forty-five feet.

k. A combination of two vehicles coupled together, one of which is a motor home, shall not have an overall length in excess of sixty-five feet.

l. A combination of two vehicles coupled together, one of which is a travel trailer or fifth-wheel travel trailer, shall not have an overall length in excess of sixty-five feet.

m. Notwithstanding any other provision of this chapter, and to the extent allowed under federal law, the maximum length of a towaway trailer transporter combination operated on the highways of this state is eighty-five feet. For purposes of this paragraph, “towaway trailer transporter combination” means a combination of vehicles consisting of a towing vehicle and two unladen trailers or unladen semitrailers in which the trailers or semitrailers constitute inventory property of the manufacturer intended for sale and which are being transported from a trailer manufacturer to a trailer distributor or authorized trailer dealer.

3. Fire fighting apparatus and vehicles operated during daylight hours when transporting poles, pipe, machinery, or other objects of a structural nature which cannot be readily disassembled when required for emergency repair of public service facilities or properties are not subject to the limitations on overall length of vehicles and combinations of vehicles imposed under this section.
321.458 Loading beyond front.

The load upon any vehicle operated alone, or the load upon the front vehicle of a combination of vehicles, shall not extend more than three feet beyond the front wheels of such vehicle or the front bumper of such vehicle if it is equipped with such a bumper.

321.460 Spilling loads on highways.

A vehicle shall not be driven or moved on any highway by any person unless such vehicle is so constructed or loaded or the load securely covered as to prevent any of its load from dropping, sifting, leaking, or otherwise escaping or its load covering from dropping from the vehicle, except that sand may be dropped for the purpose of securing traction, or water or other substance may be sprinkled on a roadway in cleaning or maintaining such roadway. The provisions of this section shall not apply to vehicles loaded with hay or stover or the products listed in section 321.466, subsections 5 and 6.

[C39, §5035.09; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.460]

For applicable scheduled fine, see §805.8A, subsection 13, paragraph c

321.461 Trailers and towed vehicles.

1. When one vehicle is towing another the drawbar or other connection shall not exceed fifteen feet from one vehicle to the other except the connection between any two vehicles transporting poles, pipe, machinery, or other objects of structural nature which cannot readily be dismembered.

2. If the towing vehicle is a motor truck and the towed vehicle is a single trailer with a single point of articulation at the hitch connection, the drawbar or other connection shall not exceed twenty-one feet. The length of the drawbar or other connection shall be measured from the centerline of the hitch assembly on the towing vehicle to the front of the body of the towed vehicle. A vehicle which has a drawbar or other connection which measures between fifteen and twenty-one feet in length shall have at least one yellow reflector visible on each vertical face of the drawbar or other connection, located near the midpoint between the towing and the towed vehicle. A vehicle which has a drawbar or other connection which measures between fifteen and twenty-one feet in length shall have affixed to the rear of the towed vehicle a sign indicating that the vehicle is a towed vehicle.

[C39, §5035.10; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321.461] 91 Acts, ch 31, §3

For applicable scheduled fines, see §805.8A, subsection 12, paragraph a

321.462 Drawbars and safety chains.

When one vehicle is towing or pulling another vehicle the drawbar or other connection shall be of sufficient strength to pull all weight towed thereby and shall be fastened to the frame of the towing vehicle in such manner as to prevent sideways, and in addition to such principal connection there shall be a safety chain which shall be so fastened as to be capable of holding the towed vehicle should the principal connection for any reason fail.

For applicable scheduled fines, see §805.8A, subsection 12, paragraph a

321.463 Maximum gross weight — exceptions — penalties.

1. An axle may be divided into two or more parts, except that all parts in the same vertical transverse plane shall be considered as one axle.

2. The gross weight on any one axle of a vehicle, or of a combination of vehicles, operated on the highways of this state, shall not exceed twenty thousand pounds on an axle equipped with pneumatic tires, and shall not exceed fourteen thousand pounds on an axle equipped with solid rubber
tires. The gross weight on any tandem axle of a vehicle, or any combination of vehicles, shall not exceed thirty-four thousand pounds on an axle equipped with pneumatic tires. This subsection does not apply to implements of husbandry.

3. Notwithstanding other provisions of this chapter to the contrary, indivisible loads operating under the permit requirements of sections 321E.7, 321E.8, 321E.9, and 321E.29A shall be allowed a maximum of twenty thousand pounds per axle.

4. a. Self-propelled implements of husbandry used exclusively for the application of organic or inorganic plant food materials, agricultural limestone, or agricultural chemicals shall be operated in compliance with this section.

   b. (1) Notwithstanding any provision of this section to the contrary, the weight on any one axle of a fence-line feeder, grain cart, or tank wagon operated on the highways of this state shall not exceed twenty-four thousand pounds from February 1 through May 31 or twenty-eight thousand pounds from June 1 through January 31, provided, however, that the maximum gross vehicle weight of the fence-line feeder, grain cart, or tank wagon shall not exceed ninety-six thousand pounds.

   Notwithstanding any provision of this section to the contrary, a tracked implement of husbandry operated on the highways of this state shall not have a maximum gross weight in excess of ninety-six thousand pounds.

   A fence-line feeder, grain cart, tank wagon, or tracked implement of husbandry shall comply with the other provisions of this section and chapter when operated over a bridge in this state. A local authority may issue a special permit, based on a statewide standard developed by the department, allowing the operation over a bridge within its jurisdiction of a fence-line feeder, grain cart, tank wagon, or tracked implement of husbandry with a weight in excess of the weights allowed under this chapter.

   (2) For purposes of this paragraph “b”, “highway” does not include a bridge.

   For purposes of this paragraph “b”, “fence-line feeder, grain cart, or tank wagon” means all of the following:

   (a) A fence-line feeder, grain cart, or tank wagon manufactured on or after July 1, 2001.

   (b) After July 1, 2005, any fence-line feeder, grain cart, or tank wagon.

   The year of manufacture of a fence-line feeder, grain cart, or tank wagon manufactured on or after July 1, 2001, shall be permanently made a part of the identification plate on the vehicle. Fraudulently altering or defacing or attempting to fraudulently alter or deface the year of manufacture or other product identification number on a fence-line feeder, grain cart, or tank wagon is a violation of section 321.92.
5. a. The maximum gross weight allowed to be carried on a vehicle or combination of vehicles on highways which are part of the primary system is as follows:

Notwithstanding any provision of this section to the contrary, the maximum gross weight allowed to be carried on a noninterstate highway by a livestock vehicle with five axles, a minimum distance in feet between the centers of the first and fifth axles of sixty-one feet, and a minimum distance between the two rear axles of at least eight feet and one inch is eighty-six thousand pounds.

d. For the purposes of the maximum gross weight tables in paragraphs “a”, “b”, and “c”, distance in feet is the measured distance in feet between the centers of the extreme axles of any group of axles, rounded to the nearest whole foot.

"Length of track in feet" means the length of track on one side of the tracked implement of husbandry which is in contact with the ground or roadway surface.

6. The weight on any one axle, including a tandem axle, of a vehicle which is transporting livestock on highways not part of the interstate system may exceed the legal maximum weight given in this chapter providing that the gross weight on any particular group of axles on such vehicle does not exceed the gross weight allowable under this chapter for such groups of axles.

7. The weight on any one axle, including a tandem axle, of a vehicle which is transporting raw materials from a designated borrow site to a construction project or transporting raw materials from a construction project, and which is operating on a highway that is not part of the interstate system and along a route of travel approved by the department or the appropriate local authority, may exceed the legal maximum weight otherwise allowed under this chapter by ten percent if the gross weight on any particular group of axles on the vehicle does not exceed the gross weight allowed under this chapter for that group of axles. If the vehicle exceeds the ten percent tolerance allowed under this subsection, the fine shall be computed on the difference between the actual weight and the ten percent tolerance weight allowed for the axle or tandem axle.

8. A vehicle or combination of vehicles transporting materials or equipment on nonprimary highways to or from a construction project or commercial plant site may operate under the maximum gross weight table for primary highways in subsection 5, paragraph "a", if the route is approved by the appropriate local authority. Route approval is not required if the vehicle or combination of vehicles transporting materials or equipment to or from a construction project or commercial plant site complies with the maximum gross weight table for noninterstate highways in subsection 5, paragraph "c".

9. A vehicle designed to tow wrecked or disabled vehicles shall be exempt from the weight limitations in this section while the vehicle is towing a wrecked or disabled vehicle.

10. a. A person who operates a vehicle in violation of this section, and an owner, or any other person, employing or otherwise directing the operator of a vehicle, who requires or knowingly permits the operation of a vehicle in violation of this section shall be fined according to the following schedule:

axle, and groups of axles weight violations.

c. Except as otherwise provided, the amount of the fine to be assessed shall be computed on the difference between the actual weight and the maximum legal weight specified in this section.

d. The schedule of fines may be assessed in addition to any other penalties provided for in this chapter.

11. Overloads on axles and tandem axles and overloads on groups of axles or on an entire vehicle or combination of vehicles shall be considered as separate violations of the provisions of this section.

12. A person who issues or executes, or causes to be issued or executed, a bill of lading, manifest, or shipping document of any kind which states a false weight of the cargo set forth on such bill, manifest, or document, which is less than the actual weight of the cargo, shall, upon conviction, be guilty of a simple misdemeanor.

For applicable scheduled fines, see §805.8A, subsection 12, paragraph e

321.464 Investigation as to safety.
The director upon registering any vehicle under the laws of this state which vehicle is designed and used primarily for the transportation of property or for the transportation of ten or more persons, may require such information and may make such investigation or test as necessary to enable the director to determine whether such vehicle may safely be operated upon the highways in compliance with all the provisions of this chapter. The director shall register every such vehicle for a permissible gross weight not exceeding the limitations set forth in this chapter. Every such vehicle shall meet the following requirements:

1. It shall be equipped with brakes as required in sections 321.430 and 321.431.

2. Every motor vehicle to be operated outside of business and residence districts shall have motive power adequate to propel at a reasonable speed such vehicle and any load thereon or to be drawn thereby.

Any peace officer having reason to believe that the weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a weighing of the same either by means of portable or stationary scales and may require that such vehicle be driven to the nearest public scales.

If an officer upon weighing a vehicle and load determines that the weight is unlawful, the officer may require the driver to stop the vehicle in a suitable place until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to the limit as permitted under this chapter. All material so unloaded shall be cared for by the owner or operator of the vehicle at the risk of the owner or operator. The owner or operator of an overweight vehicle, designed to transport solid waste and domiciled within the state, which is transporting solid waste, shall not be required to unload any portion of the load, if the load is indivisible, in a place other than a facility which is permitted to handle solid waste disposal, processing, or recycling. For purposes of this section “solid waste” means waste which is acceptable at a local sanitary landfill and the solid waste shall be considered to be an indivisible load.

A driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a weighing, or who fails or refuses when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with this section, is guilty of a simple misdemeanor.

Upon weighing a vehicle and load, as above provided, if such load is a sealed load, the weight officer shall issue a certificate setting forth the weights as determined by the weight officer and the seal number or numbers, if requested by the operator.

321.466 Increased loading capacity — re-registration.

1. An increased gross weight registration may be obtained for any vehicle by payment of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it is registered.

2. During or after the seventh month of a current registration year, the owner of a motor truck, truck tractor, road tractor, semitrailer or trailer may, if the owner's operation has not resulted in a conviction or action pending under this section, increase the gross weight of the vehicle to a higher gross weight classification by payment of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it is registered, multiplied by the number of unexpired months of the registration year.

3. Upon conversion of a truck to a truck tractor or a truck tractor to a truck, an increased gross weight registration of the proper type may be ob-
tained for the vehicle by payment, except as provided in section 321.106, of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the annual fee for the gross weight at which the vehicle is registered, multiplied by the number of unexpired months of the registration year from the date of the conversion.

4. The registered gross weight of a vehicle or combination of vehicles may also be increased by installing and using an auxiliary axle or axles, and the combined registered gross weight of the vehicle and auxiliary axle or axles shall determine the total registered gross weight. An auxiliary axle shall not be used to convert a single axle to a tandem axle unless equipped with a device to equalize the load carried by the single axle and the auxiliary axle when in tandem and when in motion or when standing, and the load transmitted to the highway by either the single axle or the auxiliary axle shall not exceed that permitted for a single axle, nor shall the load transmitted to the highway when in tandem and when in motion or when standing, exceed that permitted for a tandem axle.

5. It shall be unlawful for any person to operate a motor truck, trailer, truck tractor, road tractor, semitrailer or combination thereof, or any such vehicle equipped with a transferable auxiliary axle or axles, on the public highways with a gross weight exceeding that for which it is registered by more than five percent of the gross weight for which it is registered, provided, however, that any vehicle or vehicle combination referred to herein, while carrying a load of raw farm products, soil fertilizers, including ground limestone, raw dairy products or livestock, live poultry, eggs, may be operated with a gross weight of twenty-five percent in excess of the gross weight for which it is registered.

6. For the purposes of this section cracked or ground soy beans, sargo, corn, wheat, rye, oats or other grain shall be deemed to be raw farm products, provided that such products are being directly delivered to a farm, from the place where the whole grain had been delivered from a farm for the purpose of cracking or grinding and immediate delivery to the farm to which such cracked or ground products are being delivered.

7. The truck operator shall have in the truck operator’s possession a receipt showing place of processing on the return trip.

321.467 Retractable axles.

A vehicle which is a model year 1999 or later vehicle shall not operate on a highway of this state with a retractable axle unless the weight on the retractable axle can only be adjusted by means of a manual device located on the vehicle that is not accessible to the operator of the vehicle during operation of the vehicle. However, the controls for raising and lowering the retractable axle may be accessible to the operator of the vehicle while the vehicle is in operation.

321.468 through 321.470 Reserved.

321.471 Local authorities may restrict.

1. Local authorities with respect to a highway under their jurisdiction may by ordinance or resolution prohibit the operation of vehicles upon the highway or impose restrictions as to the weight of vehicles to be operated upon the highway for a total period of not to exceed ninety days in any one calendar year, whenever the highway by reason of deterioration, rain, snow, or other climatic conditions will be seriously damaged or destroyed unless the use of vehicles on the highway is prohibited or the permissible weights reduced. The ordinance or resolution shall not apply to implements of husbandry as defined in section 321.1, implements of husbandry loaded on hauling units for transporting the implements to locations for repair, or fire apparatus and road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority.

A person who violates the provisions of the ordinance or resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the ordinance or resolution by one hundred, and multiplying the quotient by two dollars. Local authorities may issue special permits during periods the restrictions are in effect to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this subsection, but not in excess of load restrictions imposed by any other provision of this chapter, and the authorities shall issue the permits upon a showing that there is a need to move to market farm produce of the type subject to rapid spoilage or loss of value or to move to any farm feeds or fuel for home heating purposes.

2. a. Upon a finding that a bridge or culvert does not meet established standards set forth by state and federal authorities, local authorities may by ordinance or resolution impose limitations for an indefinite period of time on the weight of vehicles upon bridges or culverts located on highways under their sole jurisdiction. The limitations shall be effective when signs giving notice of the limitations are erected. The ordinance or resolution shall not apply to implements of husbandry loaded on hauling units for transporting the implements to locations for purposes of repair or to fire apparatus or road maintenance equipment.

b. A person who violates the ordinance or resolution shall, upon conviction or a guilty plea, be subject to a fine determined by dividing the difference between the actual weight of the vehicle and the maximum weight allowed by the ordinance or resolution by one hundred and multiplying the quotient by two dollars. Local authorities may issue or approve special permits allowing the operation over a bridge or culvert of vehicles with weights in excess of restrictions imposed under the ordinance or resolution, but not in excess of load restrictions imposed by any other provision of this chapter. The local authority shall issue such a permit for not to exceed eight weeks upon a showing of agricultural hardship. The operator of a vehicle which is the subject of a permit issued under this paragraph shall carry the permit while operating the vehicle and shall show the permit to any peace officer upon request.

321.473 Limiting trucks — rubbish vehicles.
Local authorities with respect to highways under their jurisdiction may also, by ordinance or resolution, prohibit the operation of trucks or other commercial vehicles, or may impose limitations as to the weight thereof, on designated highways, which prohibitions and limitations shall be designated by appropriate signs placed on such highways.

The department may issue annual special permits for the operation of compacted rubbish vehicles and vehicles which transport compacted rubbish from a rubbish collection point to a landfill area, exceeding the weight limitation of section 321.463, but not exceeding a rear axle gross weight for two-axle vehicles of twenty-two thousand pounds for the period commencing July 1, 1978 and ending June 30, 1986 and twenty thousand pounds commencing July 1, 1986 and thereafter, and for tandem axle vehicles or transferable auxiliary axle vehicles not exceeding a gross weight on the rear axles of thirty-six thousand pounds. Annual special permits for the operation on secondary roads shall be approved by the county engineer. Annual special permits for a particular vehicle shall not be issued by the department unless prior approval is given by the county engineer of the county in which the vehicle will be operated. Annual special permits for operation on primary roads shall be approved by the state department of transportation. Compacted rubbish vehicles and vehicles which transport compacted rubbish from a rubbish collection point to a landfill area operated pursuant to an annual special permit shall be operated only over routes designated by the local authority. Annual special permits for a particular vehicle shall not be issued by the department unless approved by the local authority responsible for the roads over which the vehicle will be operated. Annual special permits approved by the issuing authority shall be issued upon payment of an annual fee, in addition to other registration fees imposed, of one hundred dollars to be paid to the department for all nongovernmental vehicles.

Any person who violates the provisions of the ordinance or resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the ordinance or resolution by one hundred, and multiplying the quotient by two dollars. The fine for violation of a special permit issued pursuant to this section shall be based upon the difference between the actual weight of the vehicle and load and the maximum weight allowed by the permit in accordance with section 321.463.

Local authorities may issue special permits, during periods such restrictions are in effect, to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this section, but not in excess of load restrictions imposed by any other provision of this chapter, and such authorities shall issue such permits upon a showing that there is a need to move to market farm produce or to move to any farm, feeds or fuel for home heating purposes.

321.474 Department may restrict.
The department shall have authority, as granted to local authorities, to determine by resolution and to impose restrictions as to the weight of vehicles, except implements of husbandry as defined in section 321.1, implements of husbandry loaded on hauling units for transporting the implements to locations for repair, and fire apparatus and road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority, operated upon any high-
way under the jurisdiction of the department for a definite period of time not to exceed twelve months. The restrictions shall be effective when signs giving notice of the restrictions and the expiration date of the restrictions are erected upon the affected highway or portion of highway.

Upon a finding that a bridge or culvert does not meet established standards set forth by state and federal authorities, the department may impose, by resolution, restrictions for an indefinite period of time on the weight of vehicles operated upon bridges or culverts located on highways under its jurisdiction. The restrictions shall be effective when signs giving notice of the restrictions are erected. The restrictions shall not apply to implements of husbandry loaded on hauling units for transporting the implements to locations for purposes of repair or to fire apparatus or road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority.

For the purposes of restrictions imposed under this section, a triple axle is any group of three or more consecutive axles where the centers of any consecutive axles are more than forty inches apart and where the centers of the extreme axles are more than eighty-four inches apart but not more than one hundred sixty-eight inches apart. Where triple axle restrictions are imposed, the signs erected by the department shall give notice of the restrictions.

Any person who violates a restriction imposed by resolution pursuant to this section, upon conviction or a plea of guilty, is subject to a fine determined by dividing the difference between the actual weight of the vehicle and the maximum weight allowed by the restriction by one hundred and multiplying the quotient by two dollars. The department may issue special permits, during periods the restrictions are in effect, to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this section, but not in excess of load restrictions imposed by this chapter. The department shall issue special permits to trucks moving farm produce, which decays or loses its value if not speedily put to its intended use, to market upon a showing to the department that there is a requirement for trucking the produce, or to trucks moving any farm feeds or fuel necessary for home heating purposes. The operator of a vehicle which is the subject of a permit issued under this paragraph shall carry the permit while operating the vehicle and shall show the permit to any peace officer upon request.

Authority is hereby given to the department to stop any motor vehicle or trailer on the highways for the purposes of weighing and inspection, to weigh and inspect the same and to enforce the provisions of the motor vehicle laws relating to the registration, size, weight, and load of motor vehicles.

Authority is also hereby granted to subject to weighing and inspection, vehicles which have moved from a highway onto private property under circumstances which indicate that the load of the vehicle, if any, is substantially the same as the load which the vehicle carried before moving onto the private property.

Any person who prevents or in any manner obstructs an officer attempting to carry out the provisions of this section is guilty of a simple misdemeanor.

The department may designate by resolution certain of its employees upon each of whom there is hereby conferred the authority of a peace officer to control and direct traffic and weigh vehicles, and to make arrests for violations of the motor vehicle laws relating to the operating authority, registration, size, weight, and load of motor vehicles.

The abstract of operating record provided under this section shall designate which speeding violations occurring on or after July 1, 1986, but before May 12, 1987, are for violations of ten miles per hour or less over the legal speed limit in speed zones that have a legal speed limit greater than thirty-five miles per hour. For speeding violations occurring on or after May 12, 1987, the abstract provided under this section shall designate which speeding violations are for ten miles per hour or less over the legal speed limit in speed zones that have a legal speed limit equal to or greater than thirty-five miles per hour but not greater than fifty-five miles per hour.
5. The department may permit any person to view the operating record of a person subject to chapter 321 or this chapter through one of the department’s computer terminals or through a computer printout generated by the department. The department shall not require a fee for a person to view their own operating record, but the department shall impose a fee of one dollar for each of the first five operating records viewed within a calendar day and two dollars for each additional operating record viewed within the calendar day.
6. Fees under subsections 1 and 5 may be paid by credit cards, as defined in section 537.1301, subsection 17, approved for that purpose by the department of transportation. The department shall enter into agreements with financial institutions extending credit through the use of credit cards to ensure payment of the fees. The department shall adopt rules pursuant to chapter 17A to implement the provisions of this subsection.
7. Notwithstanding chapter 22 or any other law of this state, except as provided in subsection 5, the department shall not make available a certified operating record in a manner which would result in a fee of less than that provided under subsection 1. Should the department make available certified copies of abstracts of operating records on magnetic tape or on disk or through electronic data transfer, the five dollar and fifty cent fee under subsection 1 applies to each abstract supplied, and an additional access fee may be charged for each abstract supplied through electronic data transfer.

321A.4 Effect of failure to report accidents.
The department shall suspend the license or any nonresident’s operating privilege of any person who willfully fails, refuses, or neglects to make reports of a traffic accident as required by the laws of this state.

321A.5 Security required following accident — exceptions.
1. The department shall, immediately or within sixty days after the receipt of a report of a motor vehicle accident within this state which has resulted in bodily injury or death or damage to the property of any one person in the amount of one thousand dollars or more, suspend the license of each operator and all registrations of each owner of a motor vehicle in any manner involved in the accident, and if the operator is a nonresident the privilege of operating a motor vehicle within this state, and if the owner is a nonresident the privilege of the use within this state of any motor vehi-
1. After January 1, 1983, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than twenty thousand dollars because of bodily injury to or death of one person in any one accident and, subject to the limit for one person, to a limit of not less than forty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than fifteen thousand dollars because of injury to or destruction of property of others in any one accident.

2. This section shall not apply under the conditions stated in section 321A.6 or to any of the following:
   a. To such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident;
   b. To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident an automobile liability policy or bond with respect to the operator’s operation of motor vehicles not owned by the operator;
   c. To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the department, covered by any other form of liability insurance policy or bonds; or
   d. To such owner if such owner is at the time of such accident qualified as a self-insurer under section 321A.34, or to any such operator operating such motor vehicle for such self-insurer.

3. A policy or bond is not effective under this section unless issued by an insurance company or surety company authorized to do business in this state, except that if the motor vehicle was not registered in this state, or was a motor vehicle which was registered elsewhere than in this state at the effective date of the policy or bond, or the most recent renewal thereof, the policy or bond is not effective under this section unless the insurance company or surety company if not authorized to do business in this state executes a power of attorney authorizing the department to accept service on its behalf of notice or process in any action upon the policy or bond arising out of the accident. However, with respect to accidents occurring on or after January 1, 1981, and before January 1, 1983, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than fifteen thousand dollars because of bodily injury to or death of one person in any one accident and, subject to the limit for one person, to a limit of not less than thirty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than ten thousand dollars because of injury to or destruction of property of others in any one accident; and with respect to accidents occurring on or after January 1, 1983, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than twenty thousand dollars because of bodily injury to or death of one person in any one accident and, subject to the limit for one person, to a limit of not less than forty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than fifteen thousand dollars because of injury to or destruction of property of others in any one accident.

4. Upon receipt of a report of a motor vehicle accident and information that an automobile liability policy or surety bond meeting the requirements of this chapter was in effect at the time of this accident covering liability for damages resulting from such accident, the department shall forward by regular mail to the insurance carrier or surety carrier which issued such policy or bond a copy of such information concerning insurance or bond coverage, and it shall be presumed that such policy or bond was in effect and provided coverage to both the operator and the owner of the motor vehicle involved in such accident unless the insurance carrier or surety carrier shall notify the department otherwise within fifteen days from the mailing of such information to such carrier; provided, however, that in the event the department shall later ascertain that erroneous information had been given the department in respect to the insurance or bond coverage of the operator or owner of a motor vehicle involved in such accident, the department shall take such action as the department is otherwise authorized to do under this chapter within sixty days after the receipt by the department of correct information with respect to such coverage.

321A.6 Exceptions to requirement of security.

The requirements as to security and suspension in section 321A.5 shall not apply:

1. To the operator or the owner of a motor vehicle involved in any accident wherein no injury or damage was caused to the person or property of anyone other than such operator or owner.

2. To the operator or the owner of a motor vehicle if at the time of the accident the vehicle was stopped, standing, or parked, whether attended or unattended, except that the requirements of this chapter shall apply in the event the department determines that any such stopping, standing, or parking of the vehicle was illegal or that the vehicle was not equipped with lighted lamps or illuminating devices or flags when and as required by the laws of this state and that any such violation

3. To the owner of a motor vehicle if at the time of the accident the vehicle was being operated without the owner’s permission, express or implied, or was parked by a person who had been operating such motor vehicle without such permission.

4. If, prior to the date that the department would otherwise suspend license and registration or nonresident’s operating privilege under section 321A.5, there shall be filed with the department evidence satisfactory to the department that the person who would otherwise have to file security has been released from liability or been finally adjudicated not to be liable or has executed a warrant for confession of judgment, payable when and in such installments as the parties have agreed to, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments, with respect to all claims for injuries or damages resulting from the accident; provided, however, in the event there shall be any default in the payment of any installment under any confession of judgment, then, upon notice of such default, the department shall forthwith suspend the license and registration or nonresident’s operating privilege of such person defaulting which shall not be restored unless and until:

a. Such person deposits and thereafter maintains security as required under section 321A.5 in such amount as the department may then determine; or

b. Twelve months after such security was required, provided the department has not been notified that an action upon such an agreement has been instituted in a court in this state within one year after such security was required.

1. Such person shall deposit or there shall be deposited on the person’s behalf the security required under section 321A.5; or

3. Evidence satisfactory to the department has been filed with the department of a release from liability, or a final adjudication of nonliability, or a warrant for confession of judgment, or a duly acknowledged written agreement in accordance with section 321A.6, subsection 4; provided, however, in the event there shall be any default in the payment of any installment under any confession of judgment, then, upon notice of such default, the department shall forthwith suspend the license and registration or nonresident’s operating privilege of such person defaulting which shall not be restored unless and until the entire amount provided for in said confession of judgment has been paid; and provided, further, that in the event there shall be any default in the payment of any installment under any duly acknowledged written agreement, then, upon notice of such default, the department shall forthwith suspend the license and registration or nonresident’s operating privilege of such person defaulting which shall not be restored unless and until:

a. Such person deposits and thereafter maintains security as required under section 321A.5 in such amount as the department may then determine; or

321A.9 Form and amount of security.

1. The security required under sections 321A.4 to 321A.11 shall be in such form and in such amount as the department may require but in no case in excess of the limits specified in section 321A.5 in reference to the acceptable limits of a
policy or bond. The person depositing security shall specify in writing the person or persons on whose behalf the deposit is made and, at any time while such deposit is in the custody of the department or state treasurer, the person depositing it may, in writing, amend the specification of the person or persons on whose behalf the deposit is made to include an additional person or persons; provided, however, that a single deposit of security shall be applicable only on behalf of persons required to furnish security because of the same accident.

2. The department may reduce the amount of security ordered in any case within six months after the date of the accident if, in the department's judgment, the amount ordered is excessive. In case the security originally ordered has been deposited the excess deposited over the reduced amount ordered shall be returned to the depositor or the depositor's personal representative forthwith, notwithstanding the provisions of section 321A.10.

321A.10 Custody, disposition, and return of security.

Security deposited in compliance with the requirements of sections 321A.4 to 321A.11 shall be placed by the department in the custody of the state treasurer and shall be applicable only to the payment of a judgment or judgments rendered against the person or persons on whose behalf the deposit was made, for damages arising out of the accident in question in an action at law, begun not later than one year after the date of such accident, or within one year after the date of deposit of any security under subsection 3 of section 321A.7, and such deposit or any balance thereof shall be returned to the depositor or the depositor's personal representative when evidence satisfactory to the department has been filed with the department that there has been a release from liability, or a final adjudication of nonliability, or a warrant for confession of judgment, or a duly acknowledged agreement, in accordance with subsection 4 of section 321A.6, or whenever, after the expiration of one year from the date of the accident, or within one year after the date of deposit of any security under subsection 3 of section 321A.7, the department shall be given reasonable evidence that there is no such action pending and no judgment rendered in such action left unpaid.

321A.11 Matters not to be evidence in civil suits.

Neither the report required by section 321A.4, the action taken by the department pursuant to sections 321A.4 to 321A.10 and this section, the findings, if any, of the department upon which action is based, nor the security filed as provided in said sections shall be referred to in any way, or be any evidence of the negligence or due care of either party, at the trial of any action at law to recover damages.

PROOF OF FINANCIAL RESPONSIBILITY FOR THE FUTURE

321A.12 Courts to report nonpayment of judgments.

1. Whenever any person fails within sixty days to satisfy any judgment, it shall be the duty of the clerk of the district court, or of the judge of a court which has no clerk, in which any such judgment is rendered within this state, to forward to the department immediately after the expiration of the sixty days and upon written request of the judgment creditor, a certified copy of such judgment.

2. If the defendant named in any certified copy of a judgment reported to the department is a nonresident, the department shall transmit a certified copy of the judgment to the official in charge of the issuance of licenses and registration certificates of the state of which the defendant is a resident.

321A.13 Suspension for nonpayment of judgments — exceptions.

1. The department upon receipt of a certified copy of a judgment, shall forthwith suspend the license and registration and any nonresident's operating privilege of any person against whom such judgment was rendered, except as hereinafter otherwise provided in this section and in section 321A.16.

2. If the judgment creditor consents in writing, in such form as the department may prescribe, that the judgment debtor be allowed license and registration or nonresident's operating privilege, the same may be allowed by the department, in the department's discretion, for six months from the date of such consent and thereafter until such consent is revoked in writing, notwithstanding default in the payment of such judgment, or of any installments thereof prescribed in section 321A.16, provided the judgment debtor furnishes proof of financial responsibility.

3. Any person whose license, registration, or nonresident's operating privilege has been suspended or is about to be suspended or shall become subject to suspension under the provisions of sections 321A.12 to 321A.29 may be relieved from the
effect of such judgment as hereinbefore prescribed in said sections by filing with the department an affidavit stating that at the time of the accident upon which such judgment has been rendered the affiant was insured, that the insurer is liable to pay such judgment, and the reason, if known, why such insurance company has not paid such judgment. Such a person shall also file the original policy of insurance or a certified copy thereof, if available, and such other documents as the department may require to show that the loss, injury, or damage for which such judgment was rendered, was covered by such policy of insurance. If the department is satisfied from such papers that such insurer was authorized to issue such policy of insurance at the time and place of issuing such policy and that such insurer is liable to pay such judgment, at least to the extent and for the amounts required in this chapter, the department shall not suspend such license or registration or nonresident’s operating privilege, or if already suspended shall reinstate them.

A person whose license, registration, or nonresident’s operating privilege was suspended under section 321A.13 must provide proof to the department of financial responsibility subject to the exemptions stated in sections 321A.13 and 321A.16 prior to obtaining a license, registration, or nonresident’s operating privilege.

2. Such license and registration shall remain suspended or revoked and shall not at any time thereafter be renewed nor shall any license be thereafter issued to such person, nor shall any motor vehicle be thereafter registered in the name of such person until permitted under the motor vehicle laws of this state and not then unless and until the person shall give and thereafter maintain proof of financial responsibility.

321A.20 Certificate furnished by nonresident as proof.

1. The nonresident owner of a motor vehicle not registered in this state may give proof of financial responsibility by filing with the department a written certificate or certificates of an insurance carrier authorized to transact business in the state in which the motor vehicle, or motor vehicles, described in such certificate is registered, or if such nonresident does not own a motor vehicle, then in the state in which the insured resides, provided such certificate otherwise conforms with the provisions of this chapter, and the department shall accept the same upon condition that said insurance carrier complies with the following provisions with respect to the policies so certified:
   a. Said insurance carrier shall execute a power of attorney authorizing the department to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this state.
   b. Said insurance carrier shall agree in writing that such policies shall be deemed to conform with the laws of this state relating to the terms of motor vehicle liability policies issued herein.

2. If any insurance carrier not authorized to transact business in this state, which has qualified to furnish proof of financial responsibility, defaults in any said undertakings or agreements, the department shall not thereafter accept as proof any certificate of said carrier whether theretofore filed or thereafter tendered as proof, so long as such default continues.

3. Such motor vehicle liability policy need not conform with the laws of this state relating to the terms of motor vehicle liability policies issued herein.

4. Such operator’s policy of liability insurance shall insure the person named therein against loss from the liability imposed by law for damages arising out of the use of the motor vehicle, as follows: With respect to all accidents which occur on or after January 1, 1981, and before January 1, 1983, fifteen thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, thirty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and ten thousand dollars because of injury to or destruction of property of others in any one accident; and with respect to all accidents which occur on or after January 1, 1983, twenty thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, forty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and fifteen thousand dollars because of injury to or destruction of property of others in any one accident.

5. Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

6. Such motor vehicle liability policy need not insure any liability under any workers’ compensation law nor any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance, or repair of any such motor vehicle.
nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

6. Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:
   a. The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on the insured's behalf and no violation of said policy shall defeat or void said policy.
   b. The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage.
   c. The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in paragraph "b" of subsection 2 of this section.
   d. The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of the chapter shall constitute the entire contract between the parties.
7. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this section.
8. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.
9. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid andcollectible insurance.
10. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers which policies together meet such requirements.
11. Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy.

When an insurance carrier has certified a motor vehicle liability policy under section 321A.19 or section 321A.20, the insurance so certified shall not be canceled or terminated until at least ten days after a notice of cancellation or termination of the insurance so certified shall be filed in the office of the department, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any motor vehicle designated in both certificates.

321A.23 Chapter not to affect other policies.
1. This chapter shall not be held to apply to or affect policies of automobile insurance against liability which may now or hereafter be required by any other law of this state, and such policies, if they contain an agreement or are endorsed to conform with the requirements of this chapter, may be certified as proof of financial responsibility under this chapter.
2. This chapter shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on the insured's behalf of motor vehicles not owned by the insured.
[C50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §321A.23]

321A.24 Bond as proof.
1. a. Proof of financial responsibility may be evidenced by the bond of a surety company duly authorized to transact business within this state, or a bond with at least two individual sureties each owning real estate within this state, and together having equities equal in value to at least twice the amount of the bond, which real estate shall be scheduled in the bond approved by a judge or clerk of the district court, and which bond shall be conditioned for payment of the amounts specified in section 321A.1, subsection 11.
   b. The bond shall be filed with the department and is not cancelable except after ten days' written notice to the department. The director shall issue to the person filing the bond a bond insurance card for each motor vehicle registered by the person in the state. The bond insurance card shall state the name and address of the person and the motor vehicle registration number of the vehicle for which the card is issued.
   c. The bond constitutes a lien in favor of the state upon the real estate so scheduled of any surety, which lien exists in favor of any holder of a final judgment against the person who has filed the
bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damage because of injury to or destruction of property, including the loss of use of the property, resulting from the ownership, maintenance, use, or operation of a motor vehicle after the bond was filed, upon the filing of notice to that effect by the department in the office of the proper clerk of the district court of the county where the real estate is located. An individual surety scheduling real estate security shall furnish satisfactory evidence of title to the property and the nature and extent of all encumbrances on the property and the value of the surety's interest in the property, in the manner the judge or clerk of the district court approving the bond requires. The notice filed by the department shall contain, in addition to any other matters deemed by the department to be pertinent, a legal description of the real estate scheduled, the name of the holder of the record title, the amount for which it stands as security, and the name of the person in whose behalf proof is so being made. Upon the filing of the notice the clerk of the district court shall retain the notice as part of the records of the court and enter upon the encumbrance book the name and hour of filing, the name of the surety, the name of the record titleholder, the description of the real estate, and the further notation that a lien is charged on the real estate pursuant to the filed notice. From and after the entry of the notice upon the encumbrance book all persons are charged with notice of it.

d. If the bond is canceled, the person who filed the bond shall surrender to the director all bond insurance cards issued to the person.

2. If such a judgment, rendered against the principal on such bond shall not be satisfied within sixty days after it has become final, the judgment creditor may, for the judgment creditor's own use and benefit and at the judgment creditor's sole expense, bring an action or actions in the name of the state against the company or persons executing such bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond. An action to foreclose any lien upon real estate scheduled by any surety under the provisions of this chapter shall be by equitable proceeding in the same manner as is provided for the foreclosure of real estate mortgages.

321A.25 Certificate of deposit as proof.

1. Proof of financial responsibility may be evidenced by the statement of the treasurer of state that the person named in the statement has filed with the treasurer of state fifty-five thousand dollars in the form of an endorsed certificate of deposit made payable jointly to the person and the treasurer of state. The certificate of deposit shall be obtained from an Iowa financial institution in the amount of fifty-five thousand dollars plus any early withdrawal penalty fee. The treasurer of state shall promptly notify the director of transportation of the name and address of the person to whom the statement has been issued. Upon receipt of the notification, the director of transportation shall issue to the person a security insurance card for each motor vehicle registered in this state by the person. The security insurance card shall state the name and address of the person and the registration number of the motor vehicle for which the card is issued. The treasurer of state shall not accept a certificate of deposit and issue a statement for it and the department shall not accept the statement unless accompanied by evidence that there are no unsatisfied judgments of any character against the person in the county where the person resides.

2. Such certificate of deposit shall be held by the treasurer of state to satisfy, in accordance with this chapter, any execution on a judgment issued against the person filing the certificate of deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use of property, resulting from the ownership, maintenance, use, or operation of a motor vehicle after the certificate of deposit was filed. A certificate of deposit so filed shall not be subject to attachment or execution unless the attachment or execution arises out of a suit for damages as previously provided in this subsection.

321A.26 Owner may give proof for others.

Whenever any person required to give proof of financial responsibility hereunder is or later becomes an operator in the employ of any owner, or is or later becomes a member of the immediate family or household of the owner, the department shall accept proof given by such owner in lieu of proof by such other person to permit such other person to operate a motor vehicle for which the owner has given proof as herein provided or has qualified as a self-insurer under section 321A.34. The department shall designate the restrictions imposed by this section on the face of such person's license.

321A.27 Substitution of proof.
The department shall consent to the cancellation of a bond or certificate of insurance or the department shall direct and the treasurer of state shall return a certificate of deposit to the person entitled to the certificate of deposit upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this chapter.

321A.28 Other proof may be required.
Whenever any proof of financial responsibility filed under the provisions of this chapter no longer fulfills the purposes for which required, the department shall for the purpose of this chapter, require other proof as required by this chapter and shall suspend the license and registration or the nonresident's operating privilege pending the filing of such other proof.

92 Acts, ch 1175, §43

321A.29 Duration of proof — when proof may be canceled or returned.
1. The department shall upon request consent to the immediate cancellation of a bond or certificate of insurance, or the department shall direct and the treasurer of state shall return to the person entitled thereto a certificate of deposit filed pursuant to this chapter as proof of financial responsibility, or the department shall waive the requirement of filing proof, in any of the following events:
   a. At any time after two years from the date such proof was required when, during the two-year period preceding the request, the department has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license, registration, or nonresident's operating privilege of the person by or for whom such proof was furnished.
   b. In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle.
   c. In the event the person who has given proof surrenders the person's license and registration to the department.
2. The department shall not consent to the cancellation of a bond or the return of a certificate of deposit in the event an action for damages upon a liability covered by such proof is then pending or a judgment upon any such liability is unsatisfied, or in the event the person who has filed such bond or such certificate of deposit has within one year immediately preceding such request been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that the applicant has been released from all of the applicant's liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the department.
3. If a person whose proof has been canceled or returned under subsection 1, paragraph “c”, applies for a license or registration within a period of two years from the date proof was originally required, such application shall be refused unless the applicant reestablishes proof for the remainder of the two-year period.

In addition to any other penalties, the punishment imposed for a violation of this subsection shall include assessment of a fine of not less than two hundred fifty dollars nor more than one thousand five hundred dollars.

Any person violating any provisions of this section shall be deemed guilty of a misdemeanor and shall be punished by a fine not exceeding fifty dollars.

321C.1 Power to enter into compact — terms.
The director of transportation may enter into drivers license compacts with other jurisdictions in substantially the following form.

The contracting states agree:

ARTICLE I — FINDINGS AND DECLARATION OF POLICY
a. The party states find that:
1. The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.
2. Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

3. The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

b. It is the policy of each of the party states to:
1. Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.
2. Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or per-
mitted to operate a motor vehicle in any of the party states.

ARTICLE II — DEFINITIONS

As used in this compact:

a. “State” means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

b. “Home state” means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

c. “Conviction” means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III — REPORTS OF CONVICTION

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered; or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

ARTICLE IV — EFFECT OF CONVICTION

a. The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct as is provided by the laws of the home state.

c. If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision “a” of this article, such party state shall construe the denominations and descriptions appearing in subdivision “a” hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

ARTICLE V — APPLICATIONS FOR NEW LICENSES

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

1. The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

2. The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

3. The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI — APPLICABILITY OF OTHER LAWS

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other co-operative arrangement between a party state and a nonparty state.

ARTICLE VII — COMPACT ADMINISTRATOR AND INTERCHANGE OF INFORMATION

a. The head of the licensing authority of each party state shall be the administrator of this compact for that state. The administrators, acting jointly, shall have the power to formulate all neces-
sary and proper procedures for the exchange of information under this compact.

b. The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII — ENTRY INTO FORCE AND WITHDRAWAL

a. This compact shall enter into force and become effective as to any state when it has enacted the same into law.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX — CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable.

CHAPTER 321D

VEHICLE EQUIPMENT COMPACTS

321D.1 Power to enter into compact — terms.

The director of transportation may enter into vehicle equipment safety compacts with other jurisdictions in substantially the following form. The contracting states agree:

ARTICLE I — FINDINGS AND PURPOSES

a. The party states find that:
   1. Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.
   2. There is a vital need for the development of greater interjurisdictional co-operation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

b. The purposes of this compact are to:
   1. Promote uniformity in regulation of and standards for equipment.
   2. Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.
   3. To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision "a" of this article.

c. It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

ARTICLE II — DEFINITIONS

As used in this compact:

a. "Vehicles" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

b. "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

c. "Equipment" means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.
ARTICLE III — THE COMMISSION

a. There is hereby created an agency of the party states to be known as the “Vehicle Equipment Safety Commission” hereinafter called the commission. The commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which the commissioner represents. If authorized by the laws of the commissioner’s party state, a commissioner may provide for the discharge of the commissioner’s duties and the performance of the commissioner’s functions on the commission, either for the duration of the commissioner’s membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of the alternate’s identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.

b. The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

c. The commission shall have a seal.

d. The commission shall elect annually, from among its members, a chairperson, a vice chairperson and a treasurer. The commission may appoint an executive director and fix the executive director’s duties and compensation. Such executive director shall serve at the pleasure of the commission, and together with the treasurer shall be bonded in such amount as the commission shall determine. The executive director also shall serve as secretary. If there be no executive director, the commission shall elect a secretary in addition to the other officers provided by this subdivision.

e. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director with the approval of the commission, or the commission if there be no executive director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the commission’s functions, and shall fix the duties and compensation of such personnel.

f. The commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full-time employees. Employees of the commission shall be eligible for social security coverage in respect of old-age and survivor’s insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

g. The commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

h. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize and dispose of the same.

i. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

j. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

k. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been issued by the commission. The commission may make such additional reports as it may deem desirable.

ARTICLE IV — RESEARCH AND TESTING

The commission shall have power to:

a. Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

b. Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

c. Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the commission, provided that such governmental agency or agen-
cies shall make available the funds necessary for such research and testing.

d. Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or co-ordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

ARTICLE V — VEHICULAR EQUIPMENT

a. In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this article. No less than sixty days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

b. Following the hearing or hearings provided for in subdivision "a" of this article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

c. Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

d. The commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

e. If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

f. Except as otherwise specifically provided in or pursuant to subdivisions "e" and "g" of this article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

g. The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the commission pursuant to this article if such agency specifically finds, after public hearing on due notice, that a variation from the commission's rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subdivision.

ARTICLE VI — FINANCE

a. The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

b. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: One-third in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

c. The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under Article III "h" hereof, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under Article III "h" hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

d. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts

e. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

f. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VII — CONFLICT OF INTEREST

a. The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the commission or its behalf for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator's jurisdiction of residence, employment or business, any violation of a commission rule or regulation adopted pursuant to this article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

b. Nothing contained in this article shall be deemed to prevent a contractor for the commission from using any facilities subject to the contractor's control in the performance of the contract even though such facilities are not devoted solely to work or done on behalf of the commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

ARTICLE VIII — ADVISORY AND TECHNICAL COMMITTEES

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may co-operate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX — ENTRY INTO FORCE AND WITHDRAWAL

a. This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

b. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

321D.2 Enforcement.
The agencies and officers of this state and its subdivisions and municipalities shall enforce this compact and do all things appropriate to effect its purpose and intent which may be within their respective jurisdictions.

321E.1 Permits by department and local authorities.

The department and local authorities may in their discretion and upon application and with good cause being shown issue permits for the movement of construction machinery or asphalt repavers being temporarily moved on streets, roads or highways and for vehicles with indivisible loads which exceed the maximum dimensions and weights specified in sections 321.452 to 321.466, but not to exceed the limitations imposed in sections 321E.1 to 321E.15 except as provided in section 321E.29. Vehicles permitted to transport indivisible loads may exceed the length and width limitations specified in sections 321.454 and 321.457 for the purpose of picking up an indivisible load or returning from delivery of the indivisible load. Permits issued may be single-trip, multi-trip, or annual permits. Permits shall be in writing and shall be carried in the cab of the vehicle for which the permit has been issued and shall be available for inspection at all times. The vehicle and load for which the permit has been issued shall be open to inspection by a peace officer or an authorized agent of a permit granting authority. When in the judgment of the issuing authority in cities and counties the movement of a vehicle with an indivisible load or construction machinery which exceeds the maximum dimensions and weights will be unduly hazardous to public safety or will cause undue damage to streets, avenues, boulevards, thoroughfares, highways, curbs, sidewalks, trees, or other public or private property, the permit shall be denied and the reasons for denial endorsed on the application. Permits shall designate the days when and routes upon which loads and construction machinery may be moved within a county on other than primary roads.

Local authorities may allow persons requesting permits under this chapter to do so by means of a telephone or facsimile machine, authorizing payment for the permits to be made upon receipt of an invoice sent to the persons by the local authorities.

321E.2 Permit-issuing authorities.

Annual, multi-trip, and single-trip permits shall be issued by the authority responsible for the maintenance of the system of highways or streets. However, the department may issue permits on primary road extensions in cities in conjunction with movements on the rural primary road system. The department may issue an all-system permit under section 321E.8 which is valid for movements on all highways or streets under the jurisdiction of either the state or those local authorities which have indicated in writing to the department those streets or highways for which an all-system permit is not valid.

At the request of a local authority, the department shall issue annual, multi-trip, and single-trip permits that are under the jurisdiction of the local authority.

321E.7 Load limits per axle.

1. The gross weight on any axle of any vehicle or combination of vehicles traveling under a permit issued in accordance with the provisions of this chapter shall not exceed the maximum axle load prescribed in section 321.463; except that cranes being temporarily moved on streets, roads, or highways may have a gross weight of twenty-four thousand pounds on any single axle; and construction machinery being temporarily moved on streets, roads, or highways may have a gross weight of thirty-six thousand pounds on any single axle equipped with a minimum size twenty-six point five-inch by twenty-five-inch flotation pneumatic tires and a maximum gross weight of twenty thousand pounds on any single axle equipped with minimum size eighteen-inch by twenty-five-inch flotation pneumatic tires, with the department authorized to adopt rules to permit the use of tire sizes and weights within the minimum and maxi-

The movement of such machinery or equipment shall be over a specified route between the place of assembly or manufacture and a storage area, shipping point, proving ground, experimental area, weighing station, or another manufacturing plant.

2. The gross weight on any one axle of any vehicle or combination of vehicles traveling under a permit issued in accordance with this chapter shall not exceed the maximum axle load prescribed in section 321.463; except that any one axle on a vehicle or combination of vehicles transporting construction machinery shall be allowed a one thousand pound weight tolerance, provided the total gross weight of the vehicle or combination of vehicles does not exceed the gross weight allowed by the permit.

3. Special mobile equipment, as defined in section 321.1, subsection 75, is not subject to the requirements for distance in feet between the extremes of any group of axles or the extreme axles of the vehicle or combination of vehicles as required by this chapter when being moved upon the highways if the operator has a permit issued under this chapter.

   c. All other vehicles with indivisible loads operating under this subsection shall obtain route approval from the permitting authority.

   d. Vehicles with indivisible loads may operate under an all-systems permit in compliance with paragraph "a", "b", or "c".

2. Vehicles with indivisible loads, or manufactured or mobile homes including appurtenances, having an overall width not to exceed thirteen feet five inches and an overall length not to exceed one hundred twenty feet zero inches may be moved on highways specified by the permitting authority for unlimited distances if the height of the vehicle and load does not exceed fifteen feet five inches and the total gross weight of the vehicle does not exceed one hundred fifty-six thousand pounds. The vehicle owner or operator shall verify with the permitting authority prior to movement of the load that highway conditions have not changed so as to prohibit movement of the vehicle. Any cost to repair damage to highways or highway structures shall be borne by the owner or operator of the vehicle causing the damage. The height of the vehicles and loads shall be limited only to height limitations of underpasses, bridges, power lines and other established height restrictions on the specified route.

2. Vehicles with indivisible loads exceeding the width, length, and total gross weight provided in subsection 1, may be moved in special or emergency situations, provided the permitting authority has reviewed the route and has approved the movement of the vehicle and load. The issuing authority may impose any special restrictions as deemed necessary on movements or exempt movements from the restrictions of section 321E.11 by permit under this subsection.

3. Cranes, exceeding the maximum gross weight on any axle as prescribed in section 321.463, but not exceeding twenty-four thousand pounds, may be moved in accordance with rules adopted pursuant to chapter 17A.

Subject to the discretion and judgment provided for in section 321E.1, a multi-trip permit shall be issued for operation of vehicles, in accordance with the following:

1. Vehicles with indivisible loads having an overall length not to exceed one hundred twenty feet, an overall width not to exceed sixteen feet, and of any height may be moved on highways specified by the permitting authority, provided the gross weight on any one axle shall not exceed the maximum prescribed in section 321.463 and the total gross weight is not greater than one hundred fifty-six thousand pounds.

2. Vehicles or combinations of vehicles consisting of construction machinery not exceeding the height, length, and width limitations of this section being temporarily moved on highways with a maximum total gross weight limitation and a single axle weight limitation in accordance with section 321E.7 may be moved.

Additional safety lighting and escorts may be required for movement at night.

Except as provided in section 321.457, no movement by permit shall be permitted on holidays, after twelve o’clock noon on days preceding holidays and holiday weekends, or special events when normally high traffic volumes can be expected. Notwithstanding subsections 1 and 2, a snowmobile that is more than thirty years old may be registered for a one-time fee of twenty-five dollars, which shall exempt the owner from annual registration and fee requirements for that snowmobile. 4. Upon the transfer of ownership of a snowmobile, the owner shall complete the form on the back of the title, if any, and registration, if any, and deliver both to the purchaser or transferee when the snowmobile is delivered. If the snowmobile is not titled, the owner shall complete the form on the back of the current registration certificate and shall deliver the certificate to the purchaser or transferee at the time of delivering the snowmobile. If the snowmobile has not been titled and has not been registered, the owner shall deliver an affidavit for an unregistered and untitled snowmobile to the purchaser or transferee. The department shall remit the fees, including user permit fees collected pursuant to section 321G.4A, to the treasurer of state, who shall place the money in a special snowmobile fund. The money is appropriated to the department for the snowmobile programs of the state. The programs shall include grants, subgrants, contracts, or cost-sharing of snowmobile programs with political subdivisions or incorporated private organizations or both in accordance with rules adopted by the commission.    e. On the roadway or shoulder when necessary to cross a bridge or culvert, or avoid an obstruction which makes it impossible to travel on the portion of the highway not intended for motor vehicles, if the snowmobile is brought to a complete stop before entering onto the roadway or shoulder and the driver yields the right-of-way to any approaching vehicle on the roadway.

The form and amount of the bond shall be established by rule of the department. The bond shall be conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the snowmobile or person acquiring any security interest in the snowmobile, and their respective successors in interest, against any expense, loss, or damage, including reasonable attorney fees, by reason of the issuance of the certificate of title of the snowmobile on account of any defect in or undisclosed security interest upon the right, title, and interest of the applicant in and to the snowmobile. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond shall be returned at the end of three years or prior thereto if the snowmobile is no longer registered in this state and the certificate of title is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond.

§321I.31 Owner’s certificate of title — in general.
1. The owner of an all-terrain vehicle acquired on or after January 1, 2000, other than an all-terrain vehicle used exclusively as a farm implement or a motorcycle previously issued a title pursuant to chapter 321, shall apply to the county recorder of the county in which the owner resides for a certificate of title for the all-terrain vehicle. The owner of an all-terrain vehicle used exclusively as a farm implement may obtain a certificate of title. A person who owns an all-terrain vehicle that is not required to have a certificate of title may apply for and receive a certificate of title for the all-terrain vehicle and, subsequently, the all-terrain vehicle shall be subject to the requirements of this chapter as if the all-terrain vehicle were required to be titled. All all-terrain vehicles that are titled shall be registered.

2. A certificate of title shall contain the information and shall be issued on a form the department prescribes.

3. An owner of an all-terrain vehicle shall apply to the county recorder for issuance of a certificate of title within thirty days after acquisition. The application shall be on forms the department prescribes and accompanied by the required fee. The application shall be signed and sworn to before a notary public or other person who administers oaths, or shall include a certification signed in writing containing substantially the representation that statements made are true and correct to the best of the applicant’s knowledge, information, and belief, under penalty of perjury. The application shall contain the date of sale and gross price of the all-terrain vehicle or the fair market value if no sale immediately preceded the transfer and any additional information the department requires. If the application is made for an all-terrain vehicle last previously registered or titled in another state or foreign country, the application shall contain this information and any other information the department requires.

4. If a dealer buys or acquires an all-terrain vehicle for resale, the dealer shall report the acquisition to the county recorder on forms provided by
the department and may apply for and obtain a certificate of title as provided in this chapter. If a dealer buys or acquires a used all-terrain vehicle, the dealer may apply for a certificate of title in the dealer’s name within thirty days. If a dealer buys or acquires a new all-terrain vehicle for resale, the dealer may apply for a certificate of title in the dealer’s name.

5. A manufacturer or dealer shall not transfer ownership of a new all-terrain vehicle without supplying the transferee with the manufacturer’s or importer’s certificate of origin signed by the manufacturer’s or importer’s authorized agent. The certificate shall contain information the department requires. The department may adopt rules providing for the issuance of a certificate of origin for an all-terrain vehicle by the department upon good cause shown by the owner.

6. A dealer transferring ownership of an all-terrain vehicle under this chapter shall assign the title to the new owner, or in the case of a new all-terrain vehicle, assign the certificate of origin. Within fifteen days the dealer shall forward all moneys and applications to the county recorder.

7. The county recorder shall maintain a record of any certificate of title which the county recorder issues and shall keep each certificate of title on record until the certificate of title has been inactive for five years. When issuing a title for a new all-terrain vehicle, the county recorder shall obtain and keep on file the affidavit for the unregistered and untitled all-terrain vehicle.

8. Once titled, a person shall not sell or transfer ownership of an all-terrain vehicle without delivering to the purchaser or transferee a certificate of title with an assignment on it showing title in the purchaser or transferee. A person shall not purchase or otherwise acquire an all-terrain vehicle without obtaining a certificate of title for it in that person’s name.

9. If the county recorder is not satisfied as to the ownership of the all-terrain vehicle or that there are no undisclosed security interests in the all-terrain vehicle, the county recorder may issue a certificate of title for the all-terrain vehicle but, as a condition of such issuance, may require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and also executed by a person authorized to conduct a surety business in this state. The form and amount of the bond shall be established by rule of the department. The bond shall be conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the all-terrain vehicle or person acquiring any security interest in the all-terrain vehicle, and their respective successors in interest, against any expense, loss, or damage, including reasonable attorney fees, by reason of the issuance of the certificate of title of the all-terrain vehicle or on account of any defect in or undisclosed security interest upon the right, title, and interest of the applicant in and to the all-terrain vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond shall be returned at the end of three years or prior thereto if the all-terrain vehicle is no longer registered in this state and the certificate of title is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond.

10. The county recorder shall transmit a copy of the certificate of title to the department, which shall be the central repository of title information for all-terrain vehicles.

11. A motorcycle that has been issued a certificate of title pursuant to this section may be issued a title pursuant to chapter 321 upon proper application and surrender of the existing title. Upon issuance of a title pursuant to chapter 321, the certificate of title previously issued pursuant to this section shall be returned to the issuing county recorder.

2004 Acts, ch 1132, §74

321I.32 Fees — duplicates.

1. The county recorder shall charge a ten dollar fee to issue a certificate of title, a transfer of title, a duplicate, or a corrected certificate of title.

If a certificate of title is lost, stolen, mutilated, destroyed, or becomes illegible, the first lienholder or, if there is none, the owner named in the certificate, as shown by the county recorder’s records, shall within thirty days obtain a duplicate by applying to the county recorder. The applicant shall furnish information the department requires concerning the original certificate and the circumstances of its loss, mutilation, or destruction. Mutilated or illegible certificates shall be returned to the department with the application for a duplicate.

3. The duplicate certificate of title shall be marked plainly “duplicate” across its face and mailed or delivered to the applicant.

4. If a lost or stolen original certificate of title for which a duplicate has been issued is recovered, the original shall be surrendered promptly to the department for cancellation.

5. Five dollars of the certificate of title fees collected under this section shall be remitted by the county recorder to the treasurer of state for deposit in the special all-terrain vehicle fund created under section 3211.8. The remaining five dollars shall be retained by the county and deposited into the general fund of the county.

2004 Acts, ch 1132, §75
321I.33 Transfer or repossession by operation of law.

If ownership of an all-terrain vehicle is transferred by operation of law, such as by inheritance, order in bankruptcy, insolvency, replevin, or execution sale, the transferee, within thirty days after acquiring the right to possession of the all-terrain vehicle, shall mail or deliver to the county recorder satisfactory proof of ownership as the county recorder requires, together with an application for a new certificate of title, and the required fee.

2. If a lienholder repossesses an all-terrain vehicle by operation of law and holds it for resale, the lienholder shall secure a new certificate of title and shall pay the required fee.

2004 Acts, ch 1132, §76

321I.34 Security interest — perfection and titles — fee.

1. A security interest created in this state in an all-terrain vehicle is not perfected until the security interest is noted on the certificate of title.

   a. To perfect the security interest, an application for security interest must be presented along with the original title. The county recorder shall note the security interest on the face of the title and on the copy in the recorder’s office.

   b. The application fee for a security interest is ten dollars. Five dollars of the fee shall be credited to the special all-terrain vehicle fund created under section 321I.8. The remaining five dollars shall be retained by the county and deposited into the general fund of the county.

2. The certificate of title shall be presented to the county recorder when the application for security interest or for assignment of the security interest is presented and a new or endorsed certificate of title shall be issued to the secured party with the name and address of the secured party upon it.

3. The secured party shall present the certificate of title to the county recorder when a release statement is filed and a new or endorsed certificate shall be issued to the owner.

2004 Acts, ch 1132, §77

321I.35 Vehicle identification number.

1. The department may assign a distinguishing number to an all-terrain vehicle when the serial number on the all-terrain vehicle is destroyed or obliterated and issue to the owner a special plate bearing the distinguishing number which shall be affixed to the all-terrain vehicle in a position to be determined by the department. The all-terrain vehicle shall be registered and titled under the distinguishing number in lieu of the former serial number. Every all-terrain vehicle shall have a vehicle identification number assigned and affixed as required by the department.

2. The commission shall adopt, by rule, the procedures for application and for issuance of a vehicle identification number for homebuilt all-terrain vehicles.

3. A person shall not destroy, remove, alter, cover, or deface the manufacturer’s vehicle identification number, the plate bearing it, or any vehicle identification number the department assigns to an all-terrain vehicle without the department’s permission.

4. A person other than a manufacturer who constructs or rebuilds an all-terrain vehicle for which there is no legible vehicle identification number shall submit to the department an affidavit which describes the all-terrain vehicle. In cooperation with the county recorder, the department shall assign a vehicle identification number to the all-terrain vehicle. The applicant shall permanently affix the vehicle identification number to the all-terrain vehicle in a manner that such alteration, removal, or replacement of the vehicle identification number would be obvious.

A revocation under this section shall not preclude a prosecution or conviction under any applicable criminal provisions of this chapter. However, if the person is convicted of a criminal offense under section 321J.2, the revocation imposed under this section shall be superseded by any revocation imposed as a result of the conviction.

In any proceeding regarding a revocation under this section, evidence of the results of analysis of a specimen of the defendant's blood, breath, or urine is admissible upon proof of a proper foundation. Failure to attend or complete the program shall be considered a violation of probation and is punishable as contempt of court.

2. a. Upon a second or subsequent offense in violation of section 321J.2, the court upon hearing may commit the defendant for inpatient treatment of alcoholism or drug addiction or dependency to any hospital, institution, or community correctional facility in Iowa providing such treatment. The time for which the defendant is committed for treatment shall be considered a violation of probation and is punishable as contempt of court.

b. The court may prescribe the length of time for the evaluation and treatment or it may request that the hospital to which the person is committed immediately report to the court when the person has received maximum benefit from the program of the hospital or institution or has recovered from the person’s addiction, dependency, or tendency to chronically abuse alcohol or drugs.

c. A person committed under this section who does not possess sufficient income or estate to make payment of the costs of the treatment in whole or in part shall be considered a state patient and the costs of treatment shall be paid as provided in section 125.44.

3. The state department of transportation, in cooperation with the judicial branch, shall adopt
§321J.4 Revocation of license — ignition interlock devices — conditional temporary restricted license.

1. If a defendant is convicted of a violation of section 321J.2 and the defendant’s driver’s license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant’s driver’s license or nonresident operating privilege for one hundred eighty days if the defendant has had no previous conviction or revocation under this chapter. The defendant shall not be eligible for any temporary restricted license for at least ninety days if a test was refused under section 321J.9.

   a. A defendant whose alcohol concentration is .08 or more but not more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license. There shall be no such period of ineligibility if no such accident occurred, and the defendant shall not be ordered to install an ignition interlock device.

   b. A defendant whose alcohol concentration is more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred or the defendant’s alcohol concentration exceeded .15. There shall be no such period of ineligibility if no such accident occurred and the defendant’s alcohol concentration did not exceed .15. In either case, where a defendant’s alcohol concentration is more than .10, the defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

   c. If the defendant is under the age of twenty-one, the defendant shall not be eligible for a temporary restricted license for at least sixty days after the effective date of revocation.

2. If a defendant is convicted of a violation of section 321J.2, and the defendant’s driver’s license or nonresident operating privilege has not already been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant’s driver’s license or nonresident operating privilege for two years if the defendant has had a previous conviction or revocation under this chapter. The defendant shall not be eligible for any temporary restricted license for one year after the effective date of revocation. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

3. If the court defers judgment pursuant to section 907.3 for a violation of section 321J.2, and if the defendant’s driver’s license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12, or has not otherwise been revoked for the occurrence from which the arrest arose, the department shall revoke the defendant’s driver’s license or nonresident operating privilege for a period of not less than thirty days nor more than ninety days. The defendant shall not be eligible for any temporary restricted license for at least ninety days if a test was refused.

   a. A defendant whose alcohol concentration is .08 or more but not more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license. There shall be no such period of ineligibility if no such accident occurred, and the defendant shall not be ordered to install an ignition interlock device.
such accident occurred, and the defendant shall not be ordered to install an ignition interlock device.

b. A defendant whose alcohol concentration is more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred or the defendant’s alcohol concentration exceeded .15. There shall be no such period of ineligibility if no such accident occurred and the defendant’s alcohol concentration did not exceed .15. In either case, where a defendant’s alcohol concentration is more than .10, the defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

c. If the defendant is under the age of twenty-one, the defendant shall not be eligible for a temporary restricted license for at least sixty days after the effective date of the revocation.

4. Upon a plea or verdict of guilty of a third or subsequent violation of section 321J.2, the court shall order the department to revoke the defendant’s driver’s license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for a temporary restricted license for at least one year after the effective date of the revocation. The court shall require the defendant to surrender to it all Iowa licenses or permits held by the defendant, which the court shall forward to the department with a copy of the order for revocation. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

5. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a personal injury, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a serious injury was sustained by any person other than the defendant and, if so, whether the defendant’s conduct in violation of section 321J.2 caused the serious injury. If the court so determines, the court shall order the department to revoke the defendant’s driver’s license or nonresident operating privilege for a period of one year in addition to any other period of suspension or revocation. The defendant shall not be eligible for any temporary restricted license until the minimum period of ineligibility has expired under this section or section 321J.9, 321J.12, or 321J.20. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

6. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a death, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a death occurred and, if so, whether the defendant’s conduct in violation of section 321J.2 caused the death. If the court so determines, the court shall order the department to revoke the defendant’s driver’s license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for any temporary restricted license for at least two years after the revocation. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

7. If a license or permit to operate a motor vehicle is revoked or denied under this section or section 321J.9 or 321J.12, the period of revocation or denial shall be the period provided for such a revocation or until the defendant reaches the age of eighteen whichever period is longer.

8. a. On a conviction for or as a condition of a deferred judgment for a violation of section 321J.2, the court may order the defendant to install ignition interlock devices of a type approved by the commissioner of public safety on all motor vehicles owned or operated by the defendant which, without tampering or the intervention of another person, would prevent the defendant from operating the motor vehicle with an alcohol concentration greater than a level set by rule of the commissioner of public safety.

b. The commissioner of public safety shall adopt rules to approve certain ignition interlock devices and the means of installation of the devices, and shall establish the level of alcohol concentration beyond which an ignition interlock device will not allow operation of the motor vehicle in which it is installed.

c. The order to install ignition interlock devices shall remain in effect for a period of time as determined by the court which shall not exceed the maximum term of imprisonment which the court could have imposed according to the nature of the violation. While the order is in effect, the defendant shall not operate a motor vehicle which does not have an approved ignition interlock device installed.

d. If the defendant’s driver’s license or nonresident operating privilege has been revoked, the department shall not issue a temporary permit or a driver’s license to the person without certification that approved ignition interlock devices have been installed in all motor vehicles owned or operated by the defendant while the order is in effect.

e. A defendant who fails within a reasonable time to comply with an order to install an approved ignition interlock device may be declared
§321J.4, OPERATING WHILE INTOXICATED

in contempt of court and punished accordingly.

f. A person who tampers with or circumvents an ignition interlock device installed under a court order while an order is in effect commits a serious misdemeanor.

9. a. A person whose noncommercial driver’s license has either been revoked under this chapter, or revoked or suspended under chapter 321 solely for violations of this chapter, or who has been determined to be a habitual offender under chapter 321 based solely on violations of this chapter or on violations listed in section 321.560, subsection 1, paragraph “b”, and who is not eligible for a temporary restricted license under this section, may petition the court upon the expiration of the minimum period of ineligibility for a temporary restricted license provided for under this section, section 321J.9, 321J.12, 321J.20, or 321.560, for an order to the department to require the department to issue a temporary restricted license to the person notwithstanding section 321.560.

b. The petition shall include a current certified copy of the petitioner's official driving record issued by the department.

c. Upon the filing of a petition for a temporary restricted license under this section, the clerk of the district court in the county where the violation that resulted in the revocation occurred shall send notice of the petition to the department and the prosecuting attorney. The department and the prosecuting attorney shall each be given an opportunity to respond to and request a hearing on the petition.

d. The court shall determine if the temporary restricted license is necessary for the person to maintain the person’s present employment. However, a temporary restricted license shall not be issued or be required for a violation of section 321J.2A or to a person under the age of twenty-one whose license is revoked under this section or section 321J.9 or 321J.12. If the court determines that the temporary restricted license is necessary for the person to maintain the person’s present employment, and that the minimum period of ineligibility for receipt of a temporary license has expired, the court shall order the department to issue to the person a temporary restricted license conditioned upon the person's certification to the court of the installation of approved ignition interlock devices in all motor vehicles that it is necessary for the person to operate to maintain the person’s present employment.

e. Section 321J.561 does not apply to a person operating a motor vehicle in the manner permitted under this subsection.

f. If the person operates a motor vehicle which does not have an approved ignition interlock device or if the person tampers with or circumvents an ignition interlock device, in addition to other penalties provided, the person’s temporary restricted license shall be revoked.

g. A person holding a temporary restricted li-
may occur in addition to any criminal penalty imposed under chapter 321 or this chapter for the underlying criminal offense.

3. The motor vehicle operated by the person in the commission of any offense included in subsection 2 may be immediately impounded or immobilized in accordance with this section.

a. A person or agency taking possession of an impounded or immobilized motor vehicle shall do the following:

1. Make an inventory of any property contained in the vehicle, according to the agency's inventory procedure. The agency responsible for the motor vehicle shall also deliver a copy of the inventory to the county attorney.

2. Contact all rental or leasing agencies registered as owners of the vehicle, as well as any parties registered as holders of a secured interest in the vehicle, in accordance with subsection 12.

b. The county attorney shall file a copy of the inventory with the district court as part of each file related to criminal charges filed under this section.

4. An owner of a motor vehicle impounded or immobilized under this section, who knows of, should have known of, or gives consent to the operation of, the motor vehicle in violation of subsection 2, paragraph "b", shall be:

a. Guilty of a simple misdemeanor, and

b. Jointly and severally liable for any damages caused by the person who operated the motor vehicle, subject to the provisions of chapter 668.

5. a. The following persons shall be entitled to immediate return of the motor vehicle without payment of costs associated with the impoundment or immobilization of the vehicle:

1. The owner of the motor vehicle, if the person who operated the motor vehicle is not a co-owner of the motor vehicle.

2. A motor vehicle rental or leasing agency that owns the vehicle.

3. A person who owns the motor vehicle and who is charged but is not convicted of the violation of section 321.218, 321.561, 321A.32, 321J.2, or 321J.21, which resulted in the impoundment or immobilization of the motor vehicle under this section.

b. Upon conviction of the defendant for a violation of subsection 2, paragraph "a", the court may order continued impoundment, or the immobilization, of the motor vehicle used in the commission of the offense, if the convicted person is the owner of the motor vehicle, and shall specify all of the following in the order:

1. The motor vehicle that is subject to the order.

2. The period of impoundment or immobilization.

3. The person or agency responsible for carrying out the order requiring continued impoundment, or the immobilization, of the motor vehicle.

4. If the vehicle subject to the order is in the custody of a law enforcement agency, the court shall designate that agency as the responsible agency. If the vehicle is not in the custody of a law enforcement agency, the person or agency responsible for carrying out the order shall be any person deemed appropriate by the court, including but not limited to a law enforcement agency with jurisdiction over the area in which the residence of the vehicle owner is located. The person or agency responsible for carrying out the order shall determine whether the motor vehicle shall be impounded or immobilized.

5. The period of impoundment or immobilization of a motor vehicle under this section shall be the period of license revocation imposed upon the person convicted of the offense or one hundred eighty days, whichever period is longer. The impoundment or immobilization period shall commence on the day that the vehicle is first impounded or immobilized.

f. If the vehicle subject to the court order is not in the custody of a law enforcement agency, the person or agency designated in the order as the person or agency responsible for executing the order shall, upon receipt of the order, promptly locate the vehicle specified in the order, seize the motor vehicle and the license plates, and send or deliver the vehicle's license plates to the department.

If the vehicle is located at a place other than the place at which the court order is to be carried out, the person or agency responsible for executing the order shall arrange for the vehicle to be moved to the place of impoundment or immobilization. When the vehicle is found, is impounded or immobilized, and is at the place of impoundment or immobilization, the person or agency responsible for executing the order shall notify the clerk of the date on which the order was executed. The clerk shall notify the department of the date on which the order was executed.

g. Upon receipt of a court order for continued impoundment or immobilization of the motor vehicle, the agency shall review the value of the vehicle in relation to the costs associated with the period of impoundment of the motor vehicle specified in the order. If the agency determines that the costs of impoundment of the motor vehicle exceed the actual wholesale value of the motor vehicle, the agency may treat the vehicle as an abandoned vehicle pursuant to section 321.89. If the agency elects to treat the motor vehicle as abandoned, the agency shall notify the registered owner of the motor vehicle that the vehicle shall be deemed abandoned and shall be sold in the manner provided in section 321.89 if payment of the total cost of impoundment or immobilization is not made.
10. Once the period of impoundment or immobilization has expired, the owner of the motor vehicle shall have thirty days to claim the motor vehicle and pay all fees and charges imposed under this section. If the owner or the owner’s designee has not claimed the vehicle and paid all fees and charges imposed under this section within seven days from the date of expiration of the period, the clerk shall send written notification to the motor vehicle owner, at the owner’s last known address, notifying the owner of the date of expiration of the period of impoundment or immobilization and of the period in which the motor vehicle must be claimed. If the motor vehicle owner fails to claim the motor vehicle and pay all fees and charges imposed within the thirty-day period, the motor vehicle shall be forfeited to the state under chapters 809 and 809A.

11. a. (1) During the period of impoundment or immobilization the owner of an impounded or immobilized vehicle shall not sell or transfer the title of the motor vehicle which is subject to the order of impoundment or immobilization.

(2) A person convicted of an offense under subsection 2, shall not purchase or register any motor vehicle during the period of impoundment, immobilization, or license revocation.

Violation of paragraph “a” is a serious misdemeanor.

b. If, during the period of impoundment or immobilization, the title to the motor vehicle which is the subject of the order is transferred by the foreclosure of a chattel mortgage, a sale upon execution, the cancellation of a conditional sales contract, or an order of a court, the court which enters the order that permits transfer of the title shall notify the department of the transfer of the title. The department shall enter notice of the transfer of the title to the motor vehicle in the previous owner’s vehicle registration record.

12. Notwithstanding other requirements of this section:

a. Upon learning the address or phone number of a rental or leasing company which owns a motor vehicle impounded or immobilized under this section, the peace officer, county attorney, or attorney general shall immediately contact the company to inform the company that the vehicle is available for return to the company.

b. The holder of a security interest in a vehicle which is impounded or immobilized pursuant to this section or forfeited in the manner provided in chapters 809 and 809A shall be notified of the impoundment, immobilization, or forfeiture within seventy-two hours of the seizure of the vehicle and shall have the right to claim the motor vehicle without payment of any fees or surcharges unless the value of the vehicle exceeds the value of the security interest held by the creditor.

c. Any of the following persons may make application to the court for permission to operate a motor vehicle, which is impounded or immobilized...
pursuant to this section, during the period of impoundment or immobilization, if the applicant's driver's license or operating privilege has not been suspended, denied, revoked, or barred, and an ignition interlock device of a type approved by the commissioner of public safety is installed in the motor vehicle prior to operation:

(1) A person, other than the person who committed the offense which resulted in the impoundment or immobilization, who is not a member of the immediate family of the person who committed the offense but is a joint owner of the motor vehicle.

(2) A member of the immediate family of the person who committed the offense which resulted in the impoundment or immobilization, if the member demonstrates that the motor vehicle that is subject to the order for impoundment or immobilization is the only motor vehicle possessed by the family.

For purposes of this section, "a member of the immediate family" means a spouse, child, or parent of the person who committed the offense.

13. The impoundment, immobilization, or forfeiture of a motor vehicle under this chapter does not constitute loss of use of a motor vehicle for purposes of any contract of insurance.

321J.5 Preliminary screening test.

1. When a peace officer has reasonable grounds to believe that either of the following have occurred, the peace officer may request that the operator provide a sample of the operator’s breath for a preliminary screening test using a device approved by the commissioner of public safety for that purpose:

a. A motor vehicle operator may be violating or has violated section 321J.2 or 321J.2A.

b. The operator has been involved in a motor vehicle collision resulting in injury or death.

2. The results of this preliminary screening test may be used for the purpose of deciding whether an arrest should be made or whether to request a chemical test authorized in this chapter, but shall not be used in any court action except to prove that a chemical test was properly requested of a person pursuant to this chapter.

321J.6 Implied consent to test.

1. A person who operates a motor vehicle in this state under circumstances which give reasonable grounds to believe that the person has been operating a motor vehicle in violation of section 321J.2 or 321J.2A is deemed to have given consent to the withdrawal of the body substances and the test or tests shall be administered at the written request of a peace officer having reasonable grounds to believe that the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A, and if any of the following conditions exist:

a. A peace officer has lawfully placed the person under arrest for violation of section 321J.2.

b. The person has been involved in a motor vehicle accident or collision resulting in personal injury or death.

c. The person has refused to take a preliminary breath screening test provided by this chapter.

d. The preliminary breath screening test was administered and it indicated an alcohol concentration equal to or in excess of the level prohibited by section 321J.2.

e. The preliminary breath screening test was administered to a person operating a commercial motor vehicle as defined in section 321J.1 and it indicated an alcohol concentration of 0.04 or more.

f. The preliminary breath screening test was administered and it indicated an alcohol concentration less than the level prohibited by section 321J.2, and the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.

g. The preliminary breath screening test was administered and it indicated an alcohol concentration of .02 or more but less than .08 and the person is under the age of twenty-one.

2. The peace officer shall determine which of the three substances, breath, blood, or urine, shall be tested. Refusal to submit to a chemical test of urine or breath is deemed a refusal to submit, and section 321J.9 applies. A refusal to submit to a chemical test of blood is not deemed a refusal to submit, but in that case, the peace officer shall then determine which one of the other two substances shall be tested and shall offer the test. If the peace officer fails to offer a test within two hours after the preliminary screening test is administered or refused or the arrest is made, whichever occurs first, a test is not required, and there shall be no revocation under section 321J.9.

3. Notwithstanding subsection 2, if the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a blood or urine test shall be required even after another type of test has been administered. Section 321J.9 applies to a refusal to submit to a chemical test of urine or blood requested under this subsection.

§321J.6, OPERATING WHILE INTOXICATED

321J.7 Dead or unconscious persons.

A person who is dead, unconscious, or otherwise in a condition rendering the person incapable of consent or refusal is deemed not to have withdrawn the consent provided by section 321J.6, and the test may be given if a licensed physician, physician assistant, or advanced registered nurse practitioner certifies in advance of the test that the person is unconscious or otherwise in a condition rendering that person incapable of consent or refusal. If the certification is oral, a written certification shall be completed by the physician, physician assistant, or advanced registered nurse practitioner within a reasonable time of the test.

321J.8 Statement of officer.

A person who has been requested to submit to a chemical test shall be advised by a peace officer of the following:

1. If the person refuses to submit to the test, the person's driver's license or nonresident operating privilege will be revoked by the department as required by and for the applicable period specified under section 321J.9.

2. If the person submits to the test and the results indicate the presence of a controlled substance or other drug, or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2 or 321J.2A, the person's driver's license or nonresident operating privilege will be revoked by the department as required by and for the applicable period specified under section 321J.12.

3. If the person is operating a commercial motor vehicle as defined in section 321.1 and either refuses to submit to the test or submits to the test and the results indicate an alcohol concentration of 0.04 or more, the person is disqualified from operating a commercial motor vehicle for the applicable period under section 321.208 in addition to any revocation of the person's driver's license or nonresident operating privilege which may be applicable under this chapter.

This section does not apply in any case involving a person described in section 321J.7.

321J.9 Refusal to submit — revocation.

1. If a person refuses to submit to the chemical testing, a test shall not be given, but the department, upon the receipt of the peace officer's certification, subject to penalty for perjury, that the officer had reasonable grounds to believe the person to have been operating a motor vehicle in violation of section 321J.2 or 321J.2A, that specified conditions existed for chemical testing pursuant to section 321J.6, and that the person refused to submit to the chemical testing, shall revoke the person's driver's license and any nonresident operating privilege for the following periods of time:

a. One year if the person has no previous revocation under this chapter; and

b. Two years if the person has had a previous revocation under this chapter.

2. a. A person whose driver's license or nonresident operating privileges are revoked under subsection 1, paragraph "a", shall not be eligible for a temporary restricted license for at least ninety days after the effective date of the revocation.

A person whose driver's license or nonresident operating privileges are revoked under subsection 1, paragraph "b", shall not be eligible for a temporary restricted license for at least one year after the effective date of the revocation.

b. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

3. If the person is a resident without a license or permit to operate a motor vehicle in this state, the department shall deny to the person the issuance of a license or permit for the same period a license or permit would be revoked, and deny issuance of a temporary restricted license for the same period of ineligibility for receipt of a temporary restricted license, subject to review as provided in this chapter.

4. The effective date of revocation shall be ten days after the department has mailed notice of revocation to the person by first class mail, notwithstanding chapter 17A. The peace officer who requested or directed the administration of a chemical test may, on behalf of the department, serve immediate notice of intention to revoke and of revocation on a person who refuses to permit chemical testing. If the peace officer serves immediate notice, the peace officer shall take the Iowa license or permit of the driver, if any, and issue a temporary license effective for ten days. The peace officer shall immediately send the person's license to the department along with the officer's certificate indicating the person's refusal to submit to chemical testing.

321J.10 Tests pursuant to warrants.

1. Refusal to consent to a test under section 321J.6 does not prohibit the withdrawal of a specimen for chemical testing pursuant to a search
warrant issued in the investigation of a suspected violation of section 707.5 or 707.6A if all of the following grounds exist:

a. A traffic accident has resulted in a death or personal injury reasonably likely to cause death.
b. There are reasonable grounds to believe that one or more of the persons whose driving may have been the proximate cause of the accident was violating section 321J.2 at the time of the accident.

c. Search warrants may be issued under this section in full compliance with chapter 808 or they may be issued under subsection 3.

3. Notwithstanding section 808.3, the issuance of a search warrant under this section may be based upon sworn oral testimony communicated by telephone if the magistrate who is asked to issue the warrant is satisfied that the circumstances make it reasonable to dispense with a written affidavit. The following shall then apply:

a. When a caller applies for the issuance of a warrant under this section and the magistrate becomes aware of the purpose of the call, the magistrate shall place under oath the person applying for the warrant.
b. The person applying for the warrant shall prepare a duplicate warrant and read the duplicate warrant, verbatim, to the magistrate who shall enter, verbatim, what is read to the magistrate on a form that will be considered the original record with the clerk. If a stenographic or longhand memorandum was made of the oral testimony of the person who applied for the warrant, the magistrate shall file a signed copy with the clerk.

c. The orarl application testimony shall set forth facts and information tending to establish the existence of the grounds for the warrant and shall describe with a reasonable degree of specificity the person or persons whose driving is believed to have been the proximate cause of the accident and from whom a specimen is to be withdrawn and the location where the withdrawal of the specimen or specimens is to take place.
d. If a voice recording device is available, the magistrate may record by means of that device all of the call after the magistrate becomes aware of the purpose of the call. Otherwise, the magistrate shall cause a stenographic or longhand memorandum to be made of the oral testimony of the person applying for the warrant.
e. If the magistrate is satisfied from the oral testimony that the grounds for the warrant exist or that there is probable cause to believe that they exist, the magistrate shall order the issuance of the warrant by directing the person applying for the warrant to sign the magistrate’s name on the duplicate warrant. The magistrate shall immediately sign the original warrant and enter on its face the exact time when the issuance was ordered.
f. The person who executes the warrant shall enter the time of execution on the face of the duplicate warrant.
g. The magistrate shall cause any record of the call made by means of a voice recording device to be transcribed, shall certify the accuracy of the transcript, and shall file the transcript and the original record with the clerk. If a stenographic or longhand memorandum was made of the oral testimony of the person who applied for the warrant, the magistrate shall file a signed copy with the clerk.
h. The clerk of court shall maintain the original and duplicate warrants along with the record of the telephone call and any transcript or memorandum made of the call in a confidential file until a charge, if any, is filed.

4. a. Search warrants issued under this section shall authorize and direct peace officers to secure the withdrawal of blood specimens by medical personnel under section 321J.11. Reasonable care shall be exercised to ensure the health and safety of the persons from whom specimens are withdrawn in execution of the warrants.
b. If a person from whom a specimen is to be withdrawn objects to the withdrawal of blood, the warrant may be executed as follows:

(1) If the person is capable of giving a specimen of breath, and a direct breath testing instrument is readily available, the warrant may be executed by the withdrawal of a specimen of breath for chemical testing, unless the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.

(2) If the testimony in support of the warrant sets forth facts and information that the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug, a urine sample shall be collected in lieu of a blood sample, if the person is capable of giving a urine sample and the sample can be collected without the need to physically compel the execution of the warrant.

5. The act of any person knowingly resisting or obstructing the withdrawal of a specimen pursuant to a search warrant issued under this section constitutes a contempt punishable by a fine not exceeding one thousand dollars or imprisonment in a county jail not exceeding one year or by both such fine and imprisonment. Also, if the withdrawal of a specimen is so resisted or obstructed, sections 321J.9 and 321J.16 apply.

6. Nonsubstantive variances between the contents of the original and duplicate warrants shall not cause a warrant issued under subsection 3 of this section to be considered invalid.

7. Specimens obtained pursuant to warrants issued under this section are not subject to disposition under section 808.9 or chapter 809 or 809A.

8. Subsections 1 to 7 of this section do not apply where a test may be administered under section 321J.7.

321J.10A Blood, breath, or urine specimen withdrawal without a warrant.
1. Notwithstanding section 321J.10, if a person is under arrest for an offense arising out of acts alleged to have been committed while the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A, and that arrest results from an accident that causes a death or personal injury reasonably likely to cause death, a chemical test of blood may be administered without the consent of the person arrested to determine the amount of alcohol or a controlled substance in that person's blood if all of the following circumstances exist:
   a. The peace officer reasonably believes the blood drawn will produce evidence of intoxication.
   b. The method used to take the blood sample is reasonable and performed in a reasonable manner by medical personnel under section 321J.11.
   c. The peace officer reasonably believes the officer is confronted with an emergency situation in which the delay necessary to obtain a warrant under section 321J.10 threatens the destruction of the evidence.
2. If the person from whom a specimen of blood is to be withdrawn objects to the withdrawal, a breath or urine sample may be taken under the following circumstances:
   a. If the person is capable of giving a specimen of breath, and a direct breath testing instrument is readily available, the withdrawal of a specimen of the person's breath may be taken for chemical testing, unless the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.
   b. If the peace officer has reasonable grounds to believe that the person was under the influence of a controlled substance, a drug other than alcohol, or a combination of alcohol and another drug.

321J.11 Taking sample for test.
Only a licensed physician, licensed physician assistant as defined in section 148C.1, medical technologist, or registered nurse, acting at the request of a peace officer, may withdraw a specimen of blood for the purpose of determining the alcohol concentration or the presence of a controlled substance or other drugs. However, any peace officer, using devices and methods approved by the commissioner of public safety, may take a specimen of a person's breath or urine for the purpose of determining the alcohol concentration, or may take a specimen of a person's urine for the purpose of determining the presence of a controlled substance or other drugs. Only new equipment kept under strictly sanitary and sterile conditions shall be used for drawing blood.

The person may have an independent chemical test or tests administered at the person's own expense in addition to any administered at the direction of a peace officer. The failure or inability of the person to obtain an independent chemical test or tests does not preclude the admission of evidence of the results of the test or tests administered at the direction of the peace officer. Upon the request of the person who is tested, the results of the test or tests administered at the direction of the peace officer shall be made available to the person.

Upon certification, subject to penalty of perjury, by the peace officer that there existed reasonable grounds to believe that the person had been operating a motor vehicle in violation of section 321J.2A, that there existed one or more of the necessary conditions for chemical testing described in section 321J.6, subsection 1, and that the person submitted to chemical testing and the test results indicated an alcohol concentration of .02 or more but less than .08, the department shall revoke the person's driver's license or operating privilege for a period of sixty days if the person has had no previous revocation under this chapter, and for a period of ninety days if the person has had a previous revocation under this chapter.

6. The results of a chemical test may not be used as the basis for a revocation of a person's driver's license or nonresident operating privilege if the alcohol or drug concentration indicated by the chemical test minus the established margin of error inherent in the device or method used to conduct the chemical test is not equal to or in excess of the level prohibited by section 321J.2 or 321J.2A.

321J.23 Legislative findings.

The general assembly finds and declares as follows:

1. Drivers often do not realize the consequences of drinking alcohol or using other drugs, and driving a motor vehicle.

2. Prompt intervention is needed to protect society, including drivers, from death or serious long-term injury.

3. The conviction of a driver for operating while intoxicated identifies that person as a risk to the health and safety of others, as well as to the intoxicated driver.

4. Close observation of the effects on others of alcohol and drug use by an intoxicated driver convicted of operating while intoxicated may have a marked effect on recidivism and should therefore be encouraged by the courts.

5. The reality education substance abuse prevention program provides guidelines for the operation of an intensive program to discourage recidivism.

5. A description of the general plan and method of doing business in this state, which the applicant will follow if the license applied for in such application is granted.
6. Before the issuance of a motor vehicle dealer's license to a dealer engaged in the sale of vehicles for which a certificate of title is required under chapter 321, the applicant shall furnish a surety bond executed by the applicant as principal and executed by a corporate surety company, licensed and qualified to do business within this state, which bond shall run to the state of Iowa, be in the amount of fifty thousand dollars and be conditioned upon the faithful compliance by the applicant as a dealer with all of the statutes of this state regulating or applicable to the business of a dealer in motor vehicles, and indemnifying any person who buys a motor vehicle from the dealer from any loss or damage occasioned by the failure of the dealer to comply with any of the provisions of
chapter 321 and this chapter, including, but not limited to, the furnishing of a proper and valid certificate of title to the motor vehicle involved in a transaction. The bond shall also indemnify any motor vehicle purchaser from any loss or damage caused by the failure of the dealer to comply with the odometer requirements in section 321.71, regardless of whether the motor vehicle was purchased directly from the dealer. The bond shall be filed with the department prior to the issuance of a license. The aggregate liability of the surety, however, shall not exceed the amount of the bond.

8. Proof that the applicant has financial liability coverage as defined in section 321.1, except that such coverage shall be in limits of not less than one hundred thousand dollars because of bodily injury to or death of one person in any one accident and, subject to the limit for one person, three hundred thousand dollars because of bodily injury to or death of two or more persons in any one accident, and fifty thousand dollars because of injury to or destruction of property of others in any one accident.

In case the application is denied, the department shall refund the amount of the fee to the applicant. For the purposes of this section “adjacent” means that the principal place of business and each additional lot are adjoining parcels of property.

For the purposes of this subsection, parcels of property shall be deemed to be adjacent if the parcels are only separated by an alley, street, or highway that is not a controlled-access facility.

2. a. In addition to selling motor vehicles at the motor vehicle dealer’s principal place of business and at car lots, a motor vehicle dealer may do any of the following:

(1) Display new motor vehicles at fairs, vehicle shows, and vehicle exhibitions, upon application and receipt of a temporary permit issued by the department.

2). Such activities may only be conducted at fair events, vehicle shows, and vehicle exhibitions that are held in the county of the motor vehicle dealer’s principal place of business. A sale of a motor vehicle by a motor vehicle dealer shall not be completed and an agreement for the sale of a motor vehicle shall not be signed at a fair event, vehicle show, or vehicle exhibition. All such sales shall be consummated at the motor vehicle dealer’s principal place of business.

b. An application for a temporary permit under this subsection shall be made upon a form provided by the department and shall be accompanied by a ten dollar permit fee. The department may issue a temporary permit for a period not to exceed fourteen days. The department may issue multiple consecutive temporary permits.

3. A motor vehicle dealer may also, upon receipt of a temporary permit approved by the department, display and sell classic cars only at county fairs, as defined in chapter 174, vehicle shows, and vehicle exhibitions which have been approved by the department for purposes of classic car display and sale and the provisions of section 322.3, subsection 9, shall not be applicable. Application for a temporary permit shall be made on forms provided by the department and shall be accompanied by a ten dollar permit fee. A permit shall be issued for a single period of not to exceed five days. Not more than three permits may be issued to a motor vehicle dealer in any one calendar year. For purposes of this subsection, “classic car” means a motor vehicle fifteen years old or older but less than twenty years old which is primarily of value as a collector’s item and not as transportation.

4. A nonresident motor vehicle dealer, who is authorized by a written contract with a manufacturer or distributor of new motor trucks to sell at retail such new motor trucks, may display motor trucks within this state at qualified events approved by the department. The dealer must obtain a temporary permit from the department. An application for a temporary permit shall be made upon a form provided by the department and shall be accompanied by a ten dollar permit fee. Permits shall be issued for a period not to exceed fourteen days. The department shall issue a temporary permit under this subsection only if the qualified event for which the permit is issued meets all of the following conditions:

a. The sale of motor vehicles is not allowed during the qualified event.

b. The qualified event is conducted in a controlled area and is not open to the public generally.
322.6 Denial of license.

The department may deny the application of any person for a license as a motor vehicle dealer and refuse to issue a license to the person as such, if, after reasonable notice and a hearing, the department determines that such applicant:

1. Has made a material false statement in the application for the license; or
2. Has not complied with the provisions of this chapter or any rules or regulations promulgated by the department thereunder except as otherwise provided; or
3. Is of bad business repute; or
4. Has been guilty of a fraudulent act in connection with selling, bartering, or otherwise dealing in motor vehicles; or
5. Is about to engage in any practice in connection with the sale, barter, or otherwise dealing in motor vehicles, which is fraudulent or in violation of the law; or
6. Has entered into contract or agreement or is about to enter into a contract or agreement with any manufacturer or distributor of motor vehicles which is contrary to any provision of this chapter; or
7. Has a contract or agreement with any manufacturer or distributor of motor vehicles or is about to enter into a contract or agreement with any manufacturer or distributor of motor vehicles, who without just, reasonable, and lawful cause therefor, has terminated within ninety days from the date of application a contract or agreement with a motor vehicle dealer in any county of the state in which the applicant proposes to engage in business;

If it has been judicially determined that the licensee has intentionally violated any of the provisions of the Iowa consumer credit code, chapter 537, and the licensee continues to make consumer credit sales, consumer loans or consumer leases in violation of the Iowa consumer credit code, chapter 537.

It shall be sufficient cause for refusal or revocation of a license as a motor vehicle dealer in the case of a partnership or corporation if any member of the partnership or any officer or director of the corporation has committed any act or omission which would be cause for refusing or revoking a license to such person as an individual.

In considering whether or not a contract or agreement between a motor vehicle dealer and a manufacturer or distributor of motor vehicles has been terminated by such manufacturer or distributor without just and reasonable cause therefor, the department shall take into consideration the circumstances existing at the time of such termination, including the amount of business transacted by the motor vehicle dealer pursuant to the contract or agreement and prior to such termination; the investment necessarily made and the obligation necessarily incurred by the motor vehicle dealer in the performance of the dealer’s part of such contract; the permanency of such investment; the reasons for such termination by such manufacturer or distributor and the fact that it is injurious to the public welfare for the business of a motor vehicle dealer to be disrupted by termination of such contract without just and reasonable cause.

Whenever the department determines to deny the application of any person for a license as a motor vehicle dealer and refuses to issue a license to
the person as such, the department shall enter a
final order thereof with its findings relating thereto
within thirty days from the date of the hearing thereon.

Notwithstanding the terms, provisions or conditions of any agreement or franchise, no franchiser shall terminate or refuse to continue any franchise unless the franchiser has first established, in a hearing held under the provisions of this chapter, that:
1. The franchiser has good cause for termination or noncontinuance, and
2. Upon termination or noncontinuance, another franchise in the same line-make will become effective in the same community, without diminution of the motor vehicle service formerly provided, or that the community cannot be reasonably expected to support such a dealership; provided, however, a franchiser may terminate a franchise for a particular line-make if the franchiser continues that line-make and a franchiser may terminate a franchise if the franchisee’s license as a motor vehicle dealer is revoked pursuant to the provisions of chapter 322.

No franchiser shall enter into any franchise for the purpose of establishing an additional motor vehicle dealership in any community in which the same line-make is then represented, unless the franchiser has first established in a hearing held under the provisions of this chapter that there is good cause for such additional motor vehicle dealership under such franchise, and that it is in the public interest.

322A.5 Warranties.

expenses for maintaining the litigation. [C71, 73, 75, 77, 79, 81, §322A.5]

Copies of orders shall be addressed to the franchisee at the place where the business is conducted. The department of inspections and appeals may also give notice of the franchiser’s application to any other parties deemed interested persons, the notice to be in the form and substance and given in the manner the department of inspections and appeals deems appropriate.

Any person who can show an interest in the application may become a party to the hearing, whether or not that person receives notice. ### §322A.9 Burden of proof.

Upon hearing, the franchiser shall have the burden of proof to establish that under the provisions of this chapter the franchiser should be granted permission to terminate or not continue the franchise, or to enter into a franchise establishing an additional motor vehicle dealership.

Nothing contained in this chapter shall be construed to require or authorize any investigation by the department of any matter before the department under this chapter. Upon hearing, the department of inspections and appeals shall hear the evidence introduced by the parties and shall make its decision solely upon the record so made.

[C71, 73, 75, 77, 79, 81, §322A.9; 81 Acts, ch 22, §22]

In the event issues are raised which would involve violations of any state or federal antitrust or price-fixing law, all discovery and inspection proceedings which would be available under such issues in a state or federal court action shall be available to the parties to the hearing, and the department of inspections and appeals may issue orders to give effect to such proceedings.

Evidence which would be admissible under the issues in a state or federal court action is admissible in a hearing held by the department of inspections and appeals. The department of inspections and appeals shall apportion all costs between the parties.

[C71, 73, 75, 77, 79, 81, §322A.10; 81 Acts, ch 22, §22]

### §322A.11 Condition barring change in franchise.

Notwithstanding the terms, provisions, or conditions of any agreement or franchise, the following shall not be considered facts supporting a finding of good cause for the termination or noncontinuation of a franchise, or for entering into a franchise for the establishment of an additional dealership in a community for the same line-make:

1. The sole fact that franchiser desires further penetration of the market.
2. The change of ownership of the franchisee’s
dealship or the change of executive management of the franchisee's dealership, unless the franchiser, having the burden of proof, proves that such change of ownership or executive management will be substantially detrimental to the distribution of the franchiser's motor vehicles in the community and that good cause for the termination or noncontinuation of the franchise or for the establishment of an additional dealership otherwise exists.

3. The fact that the franchisee refused to purchase or accept delivery of any motor vehicle or vehicles, parts, accessories or any other commodity or service not ordered by the franchiser.

4. The fact that the dealership moved to another facility and location within the dealership's community which are equal to or superior to the dealership's former location and facility or the fact that the dealership added an additional line-make to the dealership if the dealership's facility is adequate to accommodate the additional line-make.

5. The fact that the dealership does not meet an index or standard established by the franchiser, unless the franchiser proves that the failure of the dealership to meet the index or standard will be substantially detrimental to the distribution of the franchiser's motor vehicles in the community and that good cause for the termination or noncontinuation of the franchise or for the establishment of an additional dealership otherwise exists.

322A.13 Compulsory attendance at hearings.

The department of inspections and appeals may issue subpoenas, administer oaths, compel the attendance of witnesses and production of books, papers, documents, and all other evidence. The department of inspections and appeals may apply to the district court of the county wherein the hearing is being held for a court order enforcing this section.

322A.14 License to dealer denied.

In the event that a franchiser enters into or attempts to enter into a franchise, whether upon termination or refusal to continue another franchise or upon the establishment of an additional motor vehicle dealership in a community where the same line-make is then represented, without first complying with the provisions of this chapter, no license under chapter 322 shall be issued to that franchisee or proposed franchisee to engage in the business of selling motor vehicles manufactured or distributed by that franchiser.

322A.15 Guidelines.

In determining whether good cause has been established for terminating or not continuing a franchise, the department of inspections and appeals shall take into consideration the existing circumstances, including, but not limited to:

1. Amount of business transacted by the franchisee.

2. Amount of business transacted by the franchisee in the performance of the franchisee's part of the franchise.

3. Permanency of the investment.

4. Whether it is injurious to the public welfare for the business of the franchisee to be disrupted.

5. Whether the franchiser has adequate motor vehicle service facilities, equipment, parts and qualified service personnel to reasonably provide consumer care for the motor vehicles sold at retail by the franchisee and any other motor vehicles of the same line-make.

6. Whether the franchisee refuses to honor warranties of the franchiser to be performed by the franchisee, provided that the franchiser reimburses the franchisee for such warranty work performed by the franchisee.

7. Except as provided in section 322A.11, failure by the franchisee to substantially comply with those requirements of the franchise which are determined by the department of inspections and appeals to be reasonable and material.

8. Except as provided in section 322A.11, bad faith by the franchisee in complying with those terms of the franchise which are determined by the department of inspections and appeals to be reasonable and material.

Good cause does not include a realignment, relocation, or reduction of dealerships.
322A.16 Additional guidelines.
In determining whether good cause has been established for entering into an additional franchise for the same line-make, the department of inspections and appeals shall take into consideration the existing circumstances, including, but not limited to:
1. Amount of business transacted by other franchisees of the same line-make in that community.
2. Investment necessarily made and obligations incurred by other franchisees of the same line-make, in that community, in the performance of their part of their franchises.
3. Permanency of the investment.
4. Effect on the retail motor vehicle business as a whole in that community.
5. Whether it is injurious to the public welfare for an additional franchise to be established.
6. Whether the franchisees of the same line-make in that community are providing adequate consumer care for the motor vehicles of the line-make which shall include the adequacy of motor vehicle service facilities, equipment, supply of parts and qualified service personnel.

322A.17 Review.

   c. The dealer transfers an interest in the dealership; a person with a substantial interest in the ownership or control of the dealership withdraws from the dealership, including an individual proprietor, partner, major shareholder, or manager; or a substantial reduction occurs in the interest of a partner or major shareholder in the dealership. However, good cause does not exist if the supplier consents to an action described in this paragraph.

1. If a dealership agreement is terminated by cancellation or nonrenewal, the supplier must repurchase equipment and parts in the dealer's inventory and must repurchase special tools and computer hardware or software required for the dealership. The repurchase is subject to the following conditions:

a. The supplier must pay to the dealer or credit the dealer's account with one hundred percent of the net cost of all unused complete equipment including attachments. The equipment must be in new condition and purchased by the dealership from the supplier within twenty-four months preceding notification by either party of an intent to terminate the contract.

b. The supplier must pay to the dealer or credit the dealer's account with ninety percent of the net price for repair parts, including superseded parts listed in the price lists or catalogs in use by the supplier on the date of termination. If the heirs or the executor do not exercise this option within twelve months from the date of death of the dealer or majority interest holder, the supplier must repurchase the equipment as if the supplier had terminated the dealership agreement pursuant to section 322F.3. However, this section does not entitle an heir, executor, administrator, legatee, or devisee of a deceased dealer or majority interest holder to continue to operate the dealership without the consent of the supplier.

If the supplier has not approved or denied the request within the sixty-day period, the request shall be deemed approved. The dealer's request shall include reasonable financial information, personal background information, character references, and work histories for each acquiring person.
2. If a supplier denies a request made pursuant to this section, the supplier shall provide the dealer with a written notice of the denial that states the reasons for the denial. 2005 Acts, ch 27, §1

322F.6 Assignees and successors in interest.
The obligations under this chapter apply to the supplier's assignee or successor in interest. A successor in interest includes, but is not limited to, a purchaser of assets or stock, a surviving corporation resulting from a merger or liquidation, a receiver, or a trustee of the supplier.

1. Requires a dealer to accept delivery of equipment that the dealer has not ordered.
2. Requires a dealer to order or accept delivery of equipment with special features or accessories not included in the base price list of equipment as publicly advertised by the supplier.
3. Requires a dealer to enter into any agreement, whether written or oral, which amends or supplements an existing dealership agreement with the supplier, unless the supplementary or amendatory agreement is imposed on other similarly situated dealers.
4. Requires as a condition of renewal or extension of a dealership agreement that the dealer complete substantial renovation of the dealer's place of business, or acquire new or additional space to serve as the dealer's place of business, unless the supplier provides at least one year's written notice of the condition which states all grounds supporting the condition. The supplier must provide a reasonable time for the dealer to complete the renovation or acquisition.
5. Requires a dealer to refuse to purchase equipment distributed by another supplier.
6. Discriminates in the prices charged for equipment of like grade and quality sold by the supplier to similarly situated dealers. This subsection does not prevent the use of differentials which make only due allowance for costs related to the manufacture, sale, or delivery of equipment, or to methods or quantities of equipment sold or delivered.
7. a. (1) For a dealership agreement governing equipment other than outdoor power equipment, takes action terminating, canceling, or failing to renew the dealership agreement, or substantially changes the competitive circumstances intended by the dealership agreement, due to the results of conditions beyond the dealer's control, including drought, flood, labor disputes, or economic recession.

§322F.8 Supplier liability.

1. a. (1) A dealer may bring a legal action against a supplier for damages sustained by the dealer as a consequence of the supplier's violation of this chapter. A supplier violating this chapter shall compensate the dealer for damages sustained by the dealer as a consequence of the supplier's violation, together with the actual costs of the action, including reasonable attorney fees.

(2) For a dealership agreement governing equipment other than outdoor power equipment, a dealer may be granted injunctive relief against unlawful termination, cancellation, or the nonrenewal of the dealership agreement, or a substantial change of competitive circumstances as provided in section 322F.2.

(3) For a dealership agreement governing outdoor power equipment, a dealer may be granted injunctive relief against unlawful termination, cancellation, or the nonrenewal of the dealership agreement as provided in section 322F.2.

b. The remedies in this section are in addition to any other remedies permitted by law.

2. a. If the payment or allowance of equipment repurchased pursuant to section 322F.3 is not made as required, the amount due bears interest at the rate of one and one-half percent per month calculated from the date that the dealership agreement was terminated.

b. If upon termination of a dealership agreement by nonrenewal or cancellation, by a dealer or supplier, the supplier fails to make payment or credit the account of the dealer as provided in this chapter, the supplier is liable in a civil action brought by the dealer for the repurchase amount set forth in section 322F.3, plus interest as calculated pursuant to paragraph "a".

3. The requirements of this chapter supplement any agreement between a dealer and a supplier. The dealer may elect either to pursue contractual remedies under the dealership agreement or remedies provided under this chapter. An election by the dealer to pursue a remedy provided under this chapter does not bar the dealer from pursuing any other remedy under law or equity, including contractual remedies. This chapter does not affect rights of the supplier to charge back to the dealer's accounts amounts previously paid or credited as a discount to the dealer's purchase of goods, including equipment.

§322F.9 Applicability.

1. A term of a dealership agreement that is inconsistent with the terms of this chapter is void and unenforceable and does not waive any rights that are provided to a person by this chapter.

2. a. For all dealership agreements other than those provided for in this section, this chapter applies to those dealership agreements in effect that have no expiration date and all other dealership agreements entered into or renewed on or after July 1, 1990. c. For all dealership agreements governing agricultural equipment used principally for floriculture and for all dealership agreements governing construction equipment, industrial equipment, utility equipment, and outdoor power equipment, this chapter applies to those dealership agreements in effect that have no expiration date and all other such dealership agreements entered into or renewed on or after July 1, 2003. Any dealership agreement in effect on July 1, 2003, which by its own terms will terminate on a subsequent date, shall be governed by the law as it existed prior to July 1, 2003.

CHAPTER 322G
DEFECTIVE MOTOR VEHICLES
(LEMON LAW)

322G.1 Legislative intent.
The general assembly recognizes that a motor vehicle is a major consumer acquisition and that a defective motor vehicle undoubtedly creates a hardship for the consumer. The general assembly further recognizes that a duly franchised motor vehicle dealer is an authorized service agent of the manufacturer. It is the intent of the general assembly that a good faith motor vehicle warranty complaint by a consumer be resolved by the manufacturer within a specified period of time. It is further the intent of the general assembly to provide the statutory procedures whereby a consumer may receive a replacement motor vehicle, or a full refund, for a motor vehicle which cannot be brought into conformity with the warranty provided for in this chapter. However, this chapter does not limit the rights or remedies which are otherwise available to a consumer under any other law.

91 Acts, ch 153, §1

322G.2 Definitions.
As used in this chapter, unless the context otherwise requires:
1. "Collateral charges" means those additional charges to a consumer wholly incurred as a result of the acquisition of the motor vehicle. For the purposes of this chapter, collateral charges include, but are not limited to, charges for manufacturer-installed or agent-installed items, earned finance charges, use taxes, and title charges.
2. "Condition" means a general problem that may be attributable to a defect in more than one part.
3. "Consumer" means the purchaser or lessee, other than for purposes of lease or resale, of a new or previously untitled motor vehicle, or any other person entitled by the terms of the warranty to enforce the obligations of the warranty during the duration of the lemon law rights period.
4. "Days" means calendar days.
5. "Department" means the attorney general.
6. "Incidental charges" means those reasonable costs incurred by the consumer, including, but not limited to, towing charges and the costs of obtaining alternative transportation, which are the direct result of the nonconformity or nonconformities which are the subject of the claim. Incidental charges do not include loss of use, loss of income, or personal injury claims.
7. "Lease price" means the aggregate of the following:
   a. Lessor's actual purchase cost.
   b. Collateral charges, if applicable.
   c. Any fee paid to another to obtain the lease.
   d. Any insurance or other costs expended by the lessor for the benefit of the lessee.
   e. An amount equal to state and local use taxes, not otherwise included as collateral charges, paid by the lessor when the vehicle was initially purchased.
   f. An amount equal to five percent of the lessor's actual purchase cost.
8. "Lemon law rights period" means the term of the manufacturer's written warranty, the period ending two years after the date of the original delivery of a motor vehicle to a consumer, or the first twenty-four thousand miles of operation attributable to a consumer, whichever expires first.
9. "Lessee" means any consumer who leases a motor vehicle for one year or more pursuant to a written lease agreement which provides that the lessee is responsible for repairs to the motor vehicle.
10. "Lessees cost" means the aggregate of the deposit and rental payments previously paid to the lessor for the leased vehicle.
11. "Lessor" means a person who holds the title to a motor vehicle leased to a lessee under a written lease agreement or who holds the lessor's rights under the agreement.
12. "Manufacturer" means a person engaged in the business of constructing or assembling new motor vehicles or installing on previously assembled vehicle chassis special bodies or equip-
ment which, when installed, form an integral part of the new motor vehicle, or a person engaged in the business of importing new motor vehicles into the United States for the purpose of selling or distributing the new motor vehicles to new motor vehicle dealers.

13. "Motor vehicle" means a self-propelled vehicle purchased or leased in this state, except as provided in section 322G.15, and primarily designed for the transportation of persons or property over public streets and highways, but does not include mopeds, motorcycles, motor homes, or vehicles over ten thousand pounds gross vehicle weight rating.

14. "Nonconformity" means a defect, malfunction, or condition in a motor vehicle such that the vehicle fails to conform to the warranty, but does not include a defect, malfunction, or condition that results from an accident, abuse, neglect, modification, or alteration of the motor vehicle by persons other than the manufacturer or its authorized service agent.

15. "Person" means person as defined in section 714.16.

16. "Program" means an informal dispute settlement procedure established by a manufacturer which mediates and arbitrates motor vehicle warranty disputes arising in this state.

17. "Purchase price" means the cash price paid for the motor vehicle appearing in the sales agreement or contract, including any net allowance given for a trade-in vehicle.

18. "Reasonable offset for use" means the number of miles attributable to a consumer up to the date of the third attempt to repair the same nonconformity which is the subject of the claim, or the first attempt to repair a nonconformity that is likely to cause death or serious bodily injury, or the twentieth cumulative day when the vehicle is out of service by reason of repair of one or more nonconformities, whichever occurs first, multiplied by the purchase price of the vehicle, or in the event of a leased vehicle, the lessor's actual lease price plus an amount equal to two percent of the purchase price, and divided by one hundred twenty thousand.

19. "Replacement motor vehicle" means a motor vehicle which is identical or reasonably equivalent to the motor vehicle to be replaced, and as the motor vehicle to be replaced would have existed without the nonconformity at the time of original acquisition.

20. "Substantially impair" means to render the motor vehicle unfit, unreliable, or unsafe for warranted or ordinary use, or to significantly diminish the value of the motor vehicle.

21. "Warranty" means any written warranty issued by the manufacturer; or any affirmation of fact or promise made by the manufacturer, excluding statements made by the dealer, in connection with the sale or lease of a motor vehicle to a consumer, which relates to the nature of the material or workmanship and affirms or promises that the material or workmanship is free of defects or will meet a specified level of performance.

322G.3 Duties of manufacturer.

1. At the time of the consumer's purchase or lease of the vehicle, the manufacturer shall provide to the consumer a written statement that explains the consumer's rights and obligations under this chapter. The written statement shall be provided by the attorney general and shall contain a telephone number that the consumer can use to obtain information from the attorney general regarding the rights and obligations provided under this chapter.

2. At the time of the consumer's purchase or lease of the vehicle, the manufacturer shall provide to the consumer the address and phone number for the zone, district, or regional office of the manufacturer for this state where a claim may be filed by the consumer. This information shall be provided to the consumer in a clear and conspicuous manner. Within thirty days of the introduction of a new model year for each make and model of motor vehicle sold in this state, the manufacturer shall notify the attorney general of such introduction. The manufacturer shall also inform the attorney general that a copy of the owner's manual and applicable written warranties shall be provided upon request and provide information as to where the request should be made. The manufacturer shall inform the attorney general where such a request should be directed and shall provide the copy of the owner's manual and applicable written warranties within five business days of a request by the attorney general.

3. A manufacturer or the authorized service agent of the manufacturer shall make repairs as necessary to conform the vehicle to the warranty if a motor vehicle does not conform to the warranty and the consumer reports the nonconformity to the manufacturer or authorized service agent during the lemon law rights period. Such repairs shall be made irrespective of whether they can be made prior to the expiration of the lemon law rights period.

4. A manufacturer or the authorized service agent of the manufacturer, shall provide to the consumer, each time the motor vehicle is returned after being examined or repaired under the warranty, a fully itemized, legible statement or repair order indicating any diagnosis made, and all work performed on the motor vehicle including, but not limited to, a general description of the problem reported by the consumer or an identification of the defect or condition, parts and labor, the date and the odometer reading when the motor vehicle was submitted for examination or repair, and the date when the repair or examination was completed.

5. Upon request from the consumer, the manufacturer, or the authorized service agent of the
manufacturer, shall provide a copy of either or both of the following:

a. Any report or printout of any diagnostic computer operation compiled by the manufacturer or authorized service agent regarding an inspection or diagnosis of the motor vehicle.

b. A copy of any technical service bulletin issued by the manufacturer regarding the year and model of the motor vehicle as it pertains to any material, feature, component, or the performance of the motor vehicle.

91 Acts, ch 153, §3

322G.4 Nonconformity of motor vehicles.

1. After three attempts have been made to repair the same nonconformity that substantially impairs the motor vehicle, or after one attempt to repair a nonconformity that is likely to cause death or serious bodily injury, the consumer may give written notification, which shall be by certified or registered mail or by overnight service, to the manufacturer of the need to repair the nonconformity in order to allow the manufacturer a final attempt to cure the nonconformity. The manufacturer shall, within ten days after receipt of such notification, notify and provide the consumer with the opportunity to have the vehicle repaired at a reasonably accessible repair facility and after delivery of the vehicle to the designated repair facility by the consumer, the manufacturer shall, within ten days, conform the motor vehicle to the warranty. If the manufacturer fails to notify and provide the consumer with the opportunity to have the vehicle repaired at a reasonably accessible repair facility or perform the repairs within the time periods prescribed in this subsection, the requirement that the manufacturer be given a final attempt to cure the nonconformity does not apply.

After twenty or more cumulative days when the motor vehicle has been out of service by reason of repair of one or more nonconformities, the consumer may give written notification to the manufacturer which shall be by certified or registered mail or by overnight service. Commencing upon the date such notification is received, the manufacturer has ten cumulative days when the vehicle has been out of service by reason of repair of one or more nonconformities to conform the motor vehicle to the warranty.

2. If the manufacturer, or its authorized service agent, has not conformed the motor vehicle to the warranty by repairing or correcting one or more nonconformities that substantially impair the motor vehicle after a reasonable number of attempts, the manufacturer shall, within forty days of receipt of payment by the manufacturer of a reasonable offset for use by the consumer, replace the motor vehicle with a replacement motor vehicle acceptable to the consumer, or repurchase the motor vehicle from the consumer or lessor and refund to the consumer or lessor the full purchase or lease price, less a reasonable offset for use. The replacement or refund shall include payment of all collateral and reasonably incurred incidental charges.

The consumer has an unconditional right to choose a refund rather than a replacement. If the consumer elects to receive a refund, and the refund exceeds the amount of the payment for a reasonable offset for use, the requirement that the consumer pay the reasonable offset for use in advance does not apply, and the manufacturer shall deduct that amount from the refund due to the consumer. If the consumer elects a replacement motor vehicle, the manufacturer shall provide the consumer a substitute motor vehicle to use until such time as the replacement vehicle is delivered to the consumer. At the time of the refund or replacement, the consumer, lienholder, or lessor shall furnish to the manufacturer clear title to and possession of the original motor vehicle.

Refunds shall be made to the consumer and lienholder of record, if any, as their interests appear. If applicable, refunds shall be made to the lessor and lessee as follows: the lessor shall receive the lessee’s cost less a reasonable offset for use, and the lessee shall receive the lease price less the aggregate deposit and rental payments previously paid to the lessor for the leased vehicle. If it is determined that the lessee is entitled to a refund pursuant to this chapter, the consumer’s lease agreement with the lessor is terminated upon payment of the refund and no penalty for early termination shall be assessed. The department of revenue shall refund to the manufacturer any use tax which the manufacturer refunded to the consumer, lessee, or lessor under this section, if the manufacturer provides to the department of revenue a written request for a refund and evidence that the use tax was paid when the vehicle was purchased and that the manufacturer refunded the use tax to the consumer, lessee, or lessor.

3. It is presumed that a reasonable number of attempts have been undertaken to conform a motor vehicle to the warranty if, during the lemon law rights period, any of the following occur:

a. The same nonconformity that substantially impairs the motor vehicle has been subject to examination or repair at least three times by the manufacturer or its authorized service agent, plus a final attempt by the manufacturer to repair the motor vehicle if undertaken as provided for in subsection 1, and such nonconformity continues to exist.

b. A nonconformity that is likely to cause death or serious bodily injury has been subject to examination or repair at least one time by the manufacturer or its authorized service agent, plus a final attempt by the manufacturer to repair the motor vehicle if undertaken as provided for in subsection 1, and such nonconformity continues to exist.

c. The motor vehicle has been out of service by reason of repair by the manufacturer, or its autho-
§322G.4, DEFECTIVE MOTOR VEHICLES (LEMON LAW)  

322G.4 Informal dispute settlement procedures — operations and certification.

1. At the time of the consumer’s purchase or lease of the vehicle, a manufacturer who has established a program certified pursuant to this section shall, at a minimum, clearly and conspicuously disclose to the consumer in written materials accompanying the vehicle how and where to file a claim with the program.

2. A certified program shall be funded and competently staffed at a level sufficient to ensure fair and expeditious resolution of all disputes, and shall not charge consumers any fee for use of the program. The manufacturer shall take all steps necessary to ensure that a certified program and its staff and decision makers are sufficiently insulated from the manufacturer so that the performance of the staff and the decisions of the decision makers are not influenced by the manufacturer. Such steps, at a minimum, shall ensure that the manufacturer does not make decisions on whether a consumer’s dispute proceeds to the decision maker. Staff and decision makers of a certified program shall be trained in the provisions of this chapter and rules adopted under this chapter.

3. A certified program shall allow an oral presentation by a party, or by a party’s employee, agent, or representative.

Within five days following the consumer’s notification to the certified program of the dispute, the program shall inform each party of their right to make an oral presentation.

Meetings of a certified program to hear and decide disputes shall be open to observers, including either party to the dispute, on reasonable and nondiscriminatory terms.

4. A certified program shall render a decision no later than sixty days from the day of the consumer’s notification of the dispute, provided that a significant number of decisions are rendered within forty days. For the purposes of this section, notification is deemed to have occurred when a certified program has received the consumer’s name and address; the current date and the date of the original delivery of the motor vehicle to a consumer; the year, make, model, and identification number of the motor vehicle; and a description of the nonconformity. If the consumer has not previously notified the manufacturer of the nonconformity, the sixty-day period is extended for an additional seven days.

5. A certified program shall, in rendering decisions, take into account the provisions of this chapter and all legal and equitable factors germane to a fair and just decision. The decision shall disclose to the consumer and the manufacturer the reasons for the decision, and the manufacturer’s required actions, if applicable. If the decision is in favor of the consumer, the consumer shall have up to twenty-five days from the date of receipt of the certified program’s decision to indicate acceptance of the decision. The decision shall prescribe a reasonable period of time, not to exceed thirty days from the date the consumer notifies the manufacturer of acceptance of the decision, within which the manufacturer must fulfill the terms of the decision. If the manufacturer has had a reasonable number of attempts to conform a motor vehicle to the warranty as set forth in section 322G.4, subsection 3, including a final attempt by the manufacturer to repair the motor vehicle, if undertaken as provided for in section 322G.4, subsection 1, and the consumer is entitled to a replacement vehicle or a refund under section 322G.4, subsection 2, the decision shall be limited to relief as allowed under section 322G.4, subsection 2. In an action brought by a consumer under this chapter, the decision of a certified program is admissible in evidence.

6. A certified program shall establish written procedures which explain operation of the certified program. Copies of the written procedures shall be made available to any person upon re-
DEFFECTIVE MOTOR VEHICLES (LEMON LAW), §322G.7

A certified program shall retain all records for each dispute for at least four years after the final disposition of the dispute. A certified program shall have an independent audit conducted annually to determine whether the manufacturer and its performance and the program and its implementation are in compliance with this chapter. All records for each dispute shall be available for the audit. Such audit, upon completion, shall be forwarded to the attorney general.

Any manufacturer licensed to sell motor vehicles in this state may apply to the attorney general for certification of its program. A manufacturer seeking certification of its program in this state shall submit to the attorney general an application for certification on a form prescribed by the attorney general.

A program certified in this state or a program established by a manufacturer applying for certification in this state shall submit to the attorney general a copy of each settlement approved by the program or decision made by the decision maker within thirty days after the settlement is reached or the decision is rendered. The decision or settlement shall contain information prescribed by the attorney general.

The attorney general shall review the operations of any certified program at least once annually. The attorney general shall prepare annual and periodic reports evaluating the operation of certified programs serving consumers in this state or programs established by motor vehicle manufacturers applying for certification in this state. The reports shall indicate whether certification should be granted, renewed, denied, or revoked.

If a manufacturer has established a program which the attorney general has certified as substantially complying with the provisions of and the rules adopted under this chapter, and has informed the consumer how and where to file a claim with the program pursuant to subsection 1, the provisions of section 322G.4, subsection 2, do not apply to any consumer who has not first resorted to the program.

322G.7 Informal dispute settlement procedure — certification uniformity.

To facilitate uniform application, interpretation, and enforcement of this section and section 322G.6, and in implementing rules adopted pursuant to section 322G.14, the attorney general may cooperate with agencies that perform similar functions in any other states that enact these or similar sections. The cooperation authorized by this subsection may include any of the following:

1. Establishing a central depository for copies of all applications and accompanying materials submitted by manufacturers for certification, and all reports prepared, notices issued, and determinations made by the attorney general under section 322G.6.

2. Sharing and exchanging information, documents, and records pertaining to program operations.

3. Sharing personnel to perform joint reviews, surveys, and investigations of program operations.

4. Preparing joint reports evaluating program operations.

5. Granting joint certifications and certification renewals.

6. Issuing joint denials or revocations of certification.

7. Holding a joint administrative hearing.

8. Formulating, in accordance with chapter 17A, the administrative procedure Act, rules or proposed rules on matters such as guidelines, forms, statements of policy, interpretative opinions, and any other information necessary to implement section 322G.6.

91 Acts, ch 153, §6

322G.8 Consumer remedies.

1. If a consumer resorts to a manufacturer’s certified program and a decision is not rendered within the time periods allowed in this chapter, or a manufacturer has no certified program and the consumer has not notified the manufacturer pursuant to section 322G.4, subsection 1, the consumer may file an action in district court under this chapter within one year from the expiration of the lemon law rights period or an extension of the period pursuant to section 322G.4, subsection 3.

2. If a consumer resorts to a manufacturer’s certified program and is not satisfied with the performance of the manufacturer as ordered in the decision, or the manufacturer does not perform as directed by the decision within the time period specified in the decision, the consumer may file an action in district court under this chapter within six months after the date prescribed in the decision by which the manufacturer must fulfill the terms of the decision. If the consumer declines to accept the decision of the manufacturer’s certified program, the consumer may appeal the decision pursuant to subsection 4. For purposes of this subsection, “not satisfied with the performance of the decision” means, following the consumer’s acceptance of the decision, the consumer indicates that the manufacturer failed to comply with the terms of the decision within the time specified in the decision or failed to cure the nonconformity within the time specified in the decision if further repairs were ordered.

3. In an action under either subsection 1 or 2, the court shall award a consumer who prevails the amount of any pecuniary loss, including relief the consumer is entitled to under section 322G.4, subsection 2, reasonable attorney’s fees, and costs. In addition, if the court affirms the decision of the
certified program, the court may award any additional amounts allowed under subsection 7.

4. A certified program’s decision is final unless appealed by either party. A petition to the district court to appeal a decision must be made within fifty days after receipt of the decision or within twenty-five days from the date the consumer indicates acceptance of the decision to the manufacturer, whichever occurs first. Within seven days after the petition has been filed, the appealing party must send, by certified, registered, or express mail, a copy of the petition to the attorney general. If the attorney general receives no notice of the petition within sixty days after the manufacturer’s receipt of a decision in favor of the consumer, and the consumer has indicated acceptance of the decision within the twenty-five days of receipt of the decision, but the manufacturer has neither complied with, nor petitioned to appeal the decision, the attorney general may apply to the court to impose a fine up to one thousand dollars per day against the manufacturer until the amount stands at twice the purchase price of the motor vehicle, unless the manufacturer provides clear and convincing evidence that the delay or failure was beyond its control or was acceptable to the consumer as evidenced by a written statement signed by the consumer. If the manufacturer fails to provide such evidence or fails to pay the fine, the attorney general shall initiate proceedings against the manufacturer for failure to pay the fine. The proceeds from the fine imposed shall be placed in the attorney general’s motor vehicle fraud and odometer law enforcement fund for implementation and enforcement of this chapter.

5. If the manufacturer fails to comply with a decision which has been timely accepted by the consumer or fails to file a timely petition for appeal, the court shall affirm the board’s decision upon application by the consumer.

6. An appeal of a decision by a certified program to the court by a consumer or a manufacturer shall be tried de novo, and may be based upon stipulated facts. In a written petition to appeal a decision by the board, the appealing party must state the action requested and the grounds relied upon for appeal.

7. If a decision of the certified program in favor of the consumer is affirmed or upheld by the court, recovery by the consumer shall include the pecuniary value of the award, including relief the consumer is entitled to under section 322G.4, subsection 2, attorney’s fees incurred in obtaining confirmation of the award, and all costs and continuing damages in an amount of twenty-five dollars per day for all days beyond the twenty-five-day period following the manufacturer’s receipt of the consumer’s acceptance of the certified program’s decision. If a court determines that a manufacturer filed a petition for appeal to be tried de novo in bad faith or brought such an appeal solely for the purpose of harassment, the court shall double, and may triple, the amount of the total award, after consideration of all circumstances.

8. Appellate review of a court decision in favor of the consumer may be conditioned upon payment by the manufacturer of the consumer’s attorney’s fees and giving security for costs and expenses resulting from the review period.

9. This chapter does not prohibit a consumer from pursuing other rights or remedies under any other law.

91 Acts, ch 153, §8

322G.9 Compliance and disciplinary action.
The attorney general may enforce and ensure compliance with the provisions of this chapter and rules adopted pursuant to section 322G.14, may issue subpoenas requiring the attendance of witnesses and the production of evidence, and may petition any court having jurisdiction to compel compliance with the subpoenas. The attorney general may levy and collect an administrative fine in an amount not to exceed one thousand dollars for each violation against any manufacturer found to be in violation of this chapter or rules adopted pursuant to section 322G.14. A manufacturer may request a hearing pursuant to chapter 17A, the administrative procedure Act, if the manufacturer contests the fine levied against it. The proceeds from any fine levied and collected pursuant to this section shall be placed in the attorney general’s motor vehicle fraud and odometer law enforcement fund for implementation and enforcement of this chapter.

91 Acts, ch 153, §9

322G.10 Unfair or deceptive trade practice.
A violation by a manufacturer of this chapter is an unfair or deceptive trade practice in violation of section 714.16, subsection 2, paragraph “a”.

91 Acts, ch 153, §10

322G.11 Dealer liability.
This chapter, except for the requirements of section 322G.12, does not impose any liability on a franchised motor vehicle dealer or create a cause of action by a consumer against a dealer. A dealer shall not be made a party defendant in any action involving or relating to this chapter, except as provided in this section. The manufacturer shall not charge back or require reimbursement by the dealer for any costs, including but not limited to any refunds or vehicle replacements, incurred by the manufacturer pursuant to this chapter, in the absence of a finding by a court that the related repairs had been carried out by the dealer in a manner substantially inconsistent with the manufacturer’s published instructions. A manufacturer who is found by a court to have improperly charged back a dealer because of a violation of this section is liable to the injured dealer for full reimburse-
322G.12 Resale of returned vehicles.
A manufacturer who accepts the return of a motor vehicle pursuant to a settlement, determination, or decision under this chapter shall notify the state department of transportation, report the vehicle identification number of that motor vehicle within ten days after the acceptance, and obtain a new certificate of title for the vehicle in the manufacturer's name pursuant to section 321.46. In obtaining a new certificate of title, the manufacturer shall title the vehicle in the county of the transferee's residence and shall be exempt from the registration fee requirements of section 321.46. For purposes of chapter 423, a manufacturer's acceptance of the return of a motor vehicle, as described in this section, shall not be considered "use", as defined in section 423.1. The new certificate of title, and all subsequent registration receipts and certificates of title issued for the motor vehicle, shall contain a designation indicating that the motor vehicle was returned to the manufacturer pursuant to this chapter or a similar law of another state. The state department of transportation shall determine the manner in which the designation is to be indicated on registration receipts and certificates of title and may determine that a "REBUILT" or "SALVAGE" designation supersedes the designation required by this paragraph and include the "REBUILT" or "SALVAGE" designation on the registration receipt and certificate of title in lieu of the designation required by this paragraph.

A person shall not knowingly lease, sell, either at wholesale or retail, or transfer a title to a motor vehicle returned by reason of a settlement, determination, or decision pursuant to this chapter or a similar law of another state unless the nature of the nonconformity is clearly and conspicuously disclosed to the prospective transferee, lessee, or buyer. The attorney general shall prescribe by rule the form, content, and procedure pertaining to such a disclosure statement, recognizing the need of manufacturers to implement a uniform disclosure form. The manufacturer shall make a reasonable effort to ensure that such disclosure is made to the first subsequent retail buyer or lessee. For purposes of this section, "settlement" includes an agreement entered into between the manufacturer and the consumer that occurs after the thirtieth day following the manufacturer's receipt of the consumer's written notification pursuant to section 322G.4.

322G.13 Certain agreements void.
Any agreement entered into by a consumer that waives, limits, or disclaims the rights set forth in this chapter is void as contrary to public policy.

322G.14 Rulemaking authority.
1. The attorney general shall adopt rules as necessary to implement this chapter.
2. In prescribing rules and forms under this chapter, the attorney general may cooperate with agencies that perform similar functions in other states with a view to effectuating the policy of this chapter to achieve maximum uniformity in the form and content of certification, regulation, and procedural evaluation of manufacturer-established programs, required recordkeeping, required reporting wherever practicable, and required notices to consumers.

322G.15 Applicability.
1. This chapter takes effect July 1, 1991, and applies to motor vehicles originally purchased or leased by consumers on or after that date.
2. This chapter applies to motor vehicles originally purchased or leased in this state and, except for section 322G.3, subsections 1 and 2, and section 322G.6, subsection 1, applies to motor vehicles originally purchased or leased in other states, if the consumer is a resident of this state at the time the consumer's rights are asserted under this chapter.

8. “Retail premises” means real estate either owned or leased by the dealer and used primarily for the sale at retail to the ultimate consumer of motor fuel or special fuel.
9. “Retaliatory action” means action contrary to the purpose or intent of this chapter and may include refusal to continue to sell or lease, a reduction in the quality or quantity of services or products customarily available for sale or lease, a violation of privacy, or an inducement of others to retaliate.
10. “Special fuel” means special fuel as defined in chapter 452A.

323.2 Discontinuing distributor franchise.
Notwithstanding the terms, provisions or conditions of any distributor franchise, a franchiser shall not terminate or refuse to renew a distributor franchise except as provided in this chapter. A franchiser shall not terminate or refuse to renew a distributor franchise unless the franchiser gives to the distributor thirty days’ written notice of franchiser’s intent to terminate or not renew. Notice shall be given by restricted certified mail, as defined in section 618.15. If a distributor, within thirty days after the date of delivery of the notice from the franchiser, applies to the department for a hearing under this chapter, the distributor franchise shall remain in effect pending a final order by the department. The application filed by the distributor shall state, under oath, that the distributor has not withdrawn entirely from the sale for resale of motor fuel and special fuel in this state, that there are no past due sums owing by the distributor to the franchiser, and that the distributor has not consented in writing to the termination or non-renewal of the distributor franchise.

323.3 Discontinuing dealer franchise.
Notwithstanding the terms, provisions, or con-
ditions of any dealer franchise, a distributor or franchiser shall not terminate or refuse to renew a dealer franchise except as provided in this chapter. A distributor or franchiser shall not terminate or refuse to renew a dealer franchise unless the distributor or franchiser gives to the dealer thirty days’ written notice of distributor’s or franchiser’s intent to terminate or not renew. Notice shall be given by restricted certified mail, as defined in section 618.15. If a dealer, within thirty days after the date of delivery of the notice from the distributor or franchiser, applies to the department for a hearing under this chapter, the dealer franchise shall remain in effect pending a final order by the department. The application filed by the dealer shall state, under oath, that the dealer's license, issued pursuant to chapter 214, for pumps and meters located on the retail premises occupied by the dealer has not been canceled, that the dealer has not filed a petition in bankruptcy or been declared bankrupt within six months preceding the filing of the application, that the franchiser or distributor has not withdrawn entirely from the sale for resale of motor fuel and special fuel in this state, that there are no past due sums owing by the dealer to the franchiser or distributor, and that the dealer has not consented in writing to the termination or nonrenewal of the dealer franchise. [C75, 77, 79, 81, §323.3]

323.4 Continuance.
The department may continue the date of hearing for a period of thirty days, and upon application, but not ex parte, continue the date of hearing for an additional period of thirty days. [C75, 77, 79, 81, §323.4]

323.5 Burden of proof.
Upon hearing, if the department finds the statements contained in the application are true, then the franchiser or distributor that intends to terminate or not renew the distributor franchise or dealer franchise shall have the burden of proof to establish that the franchiser or distributor, as the case may be, has good cause for terminating or not renewing the franchise. If the department finds the statements contained in the application are not true, the application shall be denied. Nothing contained in this chapter shall be construed to require or authorize any investigation by the department of any matter before the department under this chapter. Upon hearing the department shall hear the evidence introduced by the parties and shall make its decision solely upon the record made. If the department denies the termination or nonrenewal of the franchise, it may make such further order as may be necessary to require compliance with the terms of the franchise and to prevent retaliatory action. [C75, 77, 79, 81, §323.5]

323.6 Conditions barring change in distributor franchise.
Notwithstanding the terms, provisions or conditions of a distributor franchise, the following shall not constitute good cause for the termination or refusal to renew a distributor franchise:
1. The sole fact that the franchiser desires further penetration of the market.
2. The change of executive management of the distributor, unless the franchiser, having the burden of proof, proves that the change of executive management will be substantially detrimental to the distribution of the franchiser’s motor fuels or special fuels in the area served by the distributor.
3. The sale or change of ownership of the distributor’s business. [C75, 77, 79, 81, §323.6]

95 Acts, ch 155, §3

323.7 Department’s guidelines.
In determining whether good cause has been established for terminating or not renewing a distributor franchise or dealer franchise, the department shall take into consideration the existing circumstances, including, but not limited to:
1. Amount of business transacted by the distributor or dealer.
2. Investments made and obligations incurred by the distributor or dealer in performance of the franchise.
3. Permanency of the investment.
4. Whether it is injurious to the public welfare for the business of the distributor or dealer to be disrupted.
5. Ability of the distributor or dealer to timely pay financial obligations.
6. Whether the distributor or dealer has adequate equipment and qualified personnel to reasonably provide for the distribution and marketing of the motor fuel or special fuel sold to the distributor or dealer.
7. Except as provided in section 323.6, failure of the distributor to substantially comply with those requirements of the distributor franchise that are determined by the department to be reasonable and material.
8. Failure of the dealer to substantially comply with those requirements of the dealer franchise that are determined by the department to be reasonable and material. [C75, 77, 79, 81, §323.7]

323.8 Compulsory attendance at hearings.
The department may issue subpoenas, administer oaths, compel the attendance of witnesses and production of books, papers, documents and other evidence. The department may apply to the district court of the county in which the hearing is to be held for a court order to enforce actions taken under this section.
323.9 Violations.
Any person violating the provisions of this chapter is guilty of a simple misdemeanor.
[C75, 77, 79, 81, §323.9]

323.10 Intent.
The provisions of this chapter are enacted in the exercise of the police powers of this state for the purpose of protecting the health, safety and general welfare of the people of this state and because methods and practices in the marketing and distribution of motor fuel and special fuel have impaired the availability to the public of the fuel and the services supplied by distributors and dealers who have entered into a franchise agreement with their respective suppliers.
[C75, 77, 79, 81, §323.10]

323.11 Hearing.
Upon receiving an application, the department shall order a hearing. The hearing shall be held within thirty days of receipt of the application and in accordance with the Iowa administrative procedure Act, chapter 17A. The department shall notify the franchiser or distributor of the time and place of the hearing. The department may also give notice of the application to any other party the department deems an interested person. The notice shall be in the form and substance and given in the manner determined by the department.

Any person who can show an interest in the application may become a party to the hearing, whether or not the person receives notice; but a party not receiving notice shall be limited to participation at the hearing on the question of the public interest in the termination or continuation of the franchise.

323.12 Appeal.
Appeal may be taken from the final order of the department by either the distributor, franchiser or dealer, to the district court of the county where the distributor or dealer either resides or maintains the principal place of business, within thirty days from the time the decision is filed with the department, by giving at least ten days' notice to the department to be served on its chairperson or secretary in the same manner as original notices are now served, and by filing with the clerk of court a bond for costs in the sum of not less than five hundred dollars. Appeal shall be taken in accordance with the provisions of the Iowa administrative procedure Act, chapter 17A.

323.13 Waiver.
Any provision of a dealer franchise or distributor franchise which is an attempted waiver of the benefits of this chapter shall be void and unenforceable.
[C75, 77, 79, 81, §323.13]

323.14 Death of franchisee — successor — penalty.
1. It is unlawful to include in any distributor franchise or dealer franchise agreement a term which provides for the termination of the franchise by the franchiser upon the death of the franchisee if the franchisee, prior to the franchisee's death, designates a successor-in-interest in a form prescribed by and delivered to the franchiser. For the purposes of this section, "successor-in-interest" is restricted to either a surviving spouse or adult child of the franchisee who, at the time of the franchisee's death, is able to meet reasonable qualifications then being required of distributors or dealers by the franchiser.

2. The successor-in-interest designated as provided in subsection 1 shall have twenty-one days after the death of the franchisee to give written notice of an election to assume and operate the franchise. The notification shall contain such information regarding business experience and credit worthiness as is reasonably required by the franchiser. The successor-in-interest must offer to assume and commence operation of the franchise within ten days after the franchiser approves the assumption.

3. The franchise available to the successor-in-interest pursuant to this section shall be the same as that which existed in the name of the deceased franchisee at the time of the franchisee's death.

4. A franchisee may designate a primary and one alternate successor-in-interest. The alternate, if one is designated, has no rights under this section in the event the primary successor-in-interest fails to do so, the alternate must give notice of such election and otherwise comply with subsection 2.

5. Unless otherwise specifically provided in this section, actions to be performed by the franchiser or by the successor-in-interest under this section shall be performed within a reasonable time.

6. Following the death of a franchisee, and prior to the operation of the franchise by the successor-in-interest as provided in this section, the executor or administrator of the estate of the deceased franchisee may operate the franchise.
7. If the successor-in-interest assumes the franchise, the successor-in-interest shall account to the heirs or estate of the deceased franchisee for the value of personal property of the franchisee located at or related to the franchise.

8. If the successor-in-interest does not assume the franchise, the franchiser shall account to the heirs or the estate of the deceased franchisee for the value of branded products purchased directly from the franchiser.

9. A franchisee or successor-in-interest may commence a civil action to compel compliance by a franchiser with this section, or to obtain damages caused by a failure to comply with this section, or both, within two years after the date the franchiser fails to comply with the requirements of this section.

2. “Ethanol blended gasoline” means the same as defined in section 214A.1.
3. “Franchise” means a contract between a refiner and a distributor, a refiner and a retailer, a distributor and another distributor, or a distributor and a retailer under which a refiner or distributor authorizes a retailer or distributor to use, in connection with the sale, consignment, or distribution of motor fuel, a trademark which is owned or controlled by the refiner or by a refiner which supplies motor fuel to the distributor which authorizes the use. “Franchise” includes any contract under which a retailer or distributor is permitted to occupy leased premises, which premises are to be used in connection with the sale, consignment, or distribution of motor fuel under a trademark which is owned or controlled by a refiner or by a refiner which supplies motor fuel to the distributor and permits the occupancy of the leased premises.
4. “Franchisor” means a refiner or distributor who authorizes or permits, under a franchise, a retailer or distributor to use a trademark in connection with the sale, consignment, or distribution of motor fuel.
5. “Franchisee” means a retailer or distributor who is authorized or permitted, under a franchise, to use a trademark in connection with the sale, consignment, or distribution of motor fuel.

Subsection 6 amended

323A.2 Purchase from other source.
1. The orderly flow of an adequate supply of motor fuel is declared to be essential to the economy and to the welfare of the people of this state. Therefore, in the public interest and notwithstanding the terms, provisions, or conditions of any franchise, a franchisee unable to obtain motor fuel from the franchisor may purchase the fuel from another available source, subject to subsections 2 to 5 and provided the franchisee has done all of the following:
a. At least forty-eight hours prior to entering into an agreement to purchase motor fuel from another source, the franchisee has requested delivery of motor fuel from the franchisor and the requested motor fuel has not been delivered and the franchisor has given the franchisee notice that the franchisor is unable to provide the requested motor fuel, or prior to entering into an agreement the franchisor has stated to the franchisee that the requested motor fuel will not be delivered. The request to the franchisor for delivery shall be for a type of fuel normally provided by the franchisor to the franchisee and for a quantity of fuel not exceeding the average amount sold by the franchisee in one week, based upon average weekly sales in
the three months preceding the request, except that this provision shall not restrict a franchisee from purchasing ethanol blended gasoline from a source other than the franchisor or limit the quantity to be purchased when the franchisor does not normally supply the franchisee with ethanol blended gasoline. A franchisee may also purchase E-85 gasoline as provided in section 323A.2A.

b. The franchisee has requested and has been denied delivery of motor fuel sold or distributed under the trademark named in the franchise from a person other than franchisor.

c. The director of the department of natural resources determines that the franchisee has demonstrated that a special hardship exists in the community served by the franchisee relating to the public health, safety and welfare, as specified under the rules of the department of natural resources.

2. The quantity of motor fuel requested or purchased from another source including the source listed in subsection 1, paragraph "b", shall not exceed the quantity requested from the franchisor.

3. At the time a franchisee enters into an agreement to purchase motor fuel from a source other than the franchisor, the franchisee shall inform the franchisor by the quickest available means.

4. If the franchisee sells motor fuel supplied from a source other than the franchisor, the franchisee shall prominently post a sign disclosing this fact to the public on each motor fuel pump used for dispensing the motor fuel. The size of the sign shall not be less than eight inches by ten inches and the letters on the sign shall be at least three inches in height.

5. A franchisee who sells motor fuel supplied from a source other than the franchisor shall also fully indemnify the franchisor against any claims asserted by a user on which the claimant prevails and in which the court determines that E-85 gasoline not acquired from the franchisor was the proximate cause of the injury.

Purchases of motor fuel in accordance with this section are not good cause for termination of a franchise.

323A.2A Purchase of E-85 gasoline from other source.

1. a. When on and after May 30, 2006, a franchise is entered into or renewed, the franchisor shall provide for the delivery of volumes of E-85 gasoline at times demanded by the franchisee or shall allow the franchisee to purchase those volumes of E-85 gasoline at those times from another source.

b. If a franchise is in effect on May 30, 2006, and does not have an expiration date, the franchisor shall provide for the delivery of volumes of E-85 gasoline at times demanded by the franchisee or shall allow the franchisee to purchase those volumes of E-85 gasoline at those times from another source.

2. If the franchisee sells E-85 gasoline delivered from a source other than the franchisor, the franchisee shall prominently post a sign disclosing this fact to the public on each motor fuel pump used for dispensing the E-85 gasoline. The size of the sign shall not be less than eight inches by ten inches and the letters on the sign shall be at least three inches in height.

3. A franchisee who sells E-85 gasoline delivered from a source other than the franchisor shall also fully indemnify the franchisor against any claims asserted by a user on which the claimant prevails and in which the court determines that E-85 gasoline not acquired from the franchisor was the proximate cause of the injury.

4. a. A purchase of E-85 gasoline in accordance with this section is not good cause for the termination of a franchise.

b. A term of a franchise that is inconsistent with this section is void and unenforceable.

323A.3 Effective date.

The provisions of this chapter shall be applicable only to franchise agreements entered into or renewed after July 1, 1980.

324A.1 Definitions.
For purposes of this chapter, unless the context otherwise requires:
1. “Department” means the state department of transportation.
2. “Federal aid” means any federal grants, loans, or other federal assistance whether or not state or local funds are required to match or contribute toward the costs of the program for which the aid is available.
3. “Private aid” means any grants, loans, or other assistance available from nonprofit corporations, foundations, and all private or nongovernmental sources, whether or not state or local funds are required to match or contribute toward the costs of the program for which the aid is available.
4. “Public transit system” means an urban or regional transit system providing transit services accessible to the general public and receiving federal, state or local tax support.
5. “Regional transit system” means a public transit system serving one county or all or part of a multicounty area whose boundaries correspond to the same boundaries as those of the regional planning areas designated by the governor except as agreed upon by the county and the department. Each county, through the county board of supervisors, within the region shall be responsible for determining the service and funding within its own county. However, the administration and overhead support services for the regional transit system shall be consolidated into one existing or new agency to be mutually agreed upon by the participating members.
6. “Transportation” means the movement of individuals in a four or more wheeled motorized vehicle designed to carry passengers, including a car, van, or bus, between one geographic point and another geographic point. “Transportation” does not include emergency or incidental transportation or transportation conducted by the department of human services at its institutions.
7. “Transportation disadvantaged persons” means persons with physical or mental disabilities, persons who are determined by the department to be economically disadvantaged and other persons or groups determined by the department to be disadvantaged in terms of the transportation services that are available to them.
8. “Urban transit system” means a system designated by the department in which motor buses are operated primarily upon the streets of cities for the transportation of passengers who present themselves for transportation without discrimination up to the limit of the capacity of each motor bus. “Urban transit system” also includes motor buses operated upon the streets of adjoining cities, whether interstate or intrastate for the transportation of passengers without discrimination up to the limit of the capacity of each motor bus. A privately chartered bus service or interurban carrier subject to the jurisdiction of the state department of transportation is not an urban transit system.

324A.3 Fiscal and service plan.
324A.4 Federal, state, local and private aid — report.
324A.5 Coordination of transportation services.
324A.6 Public transit assistance moneys.
324A.6A Public transit infrastructure grant fund.
324A.7 Urban public transit systems — intent.
324A.2 Technical assistance.
The department shall, at the request of a state agency, political subdivision, or public transit system or organization affected by this chapter, provide to them the following technical transportation assistance:
1. An evaluation of existing public transit systems, including but not limited to an evaluation of rolling stock, the costs of operation including the costs of fuel, maintenance and personnel and the development of common management and operating systems and procedures.
2. An analysis of existing urban and rural transit system services provided for transportation disadvantaged persons and the service needs of transportation disadvantaged persons, including an evaluation of specialized equipment required to meet the service needs of transportation disadvantaged persons.

324A.3 Fiscal and service plan.
The department shall at the request of a political subdivision, or public and private providers of transportation services affected by this chapter assist the providers in the development of a fiscal and service plan which may be used by them to coordinate and consolidate all forms of urban and rural transportation services except public school transportation, including but not limited to, the following:
1. Senior citizen transportation.
2. Head start transportation.
3. Services for persons with disabilities.

324A.4 Federal, state, local and private aid — report.
1. The department shall compile and maintain current information on the use of federal, state, local, and private aid affecting urban and rural public transit programs. Public, private, and private nonprofit organizations applying for or receiving federal, state, or local aid for providing transit services shall annually report to the department the costs of their transportation programs, depicting funds used for public transit programs and such other information as the department may require prior to receiving any federal or state funds or any aid from a political subdivision of the state. The report shall list all of the funding sources of the organization along with the listing of funds expended by that organization during the preceding fiscal year. The department, in cooperation with the regional planning agencies as the responsible agency for annual updating the regional transit development programs, shall compile this information annually. A state agency or organization administering funds for transit services is required to submit all funding requests through the regional and state clearinghouse and the department. An organization, state agency, political subdivision, or public transit system, except public school transportation, receiving federal, state, or local aid to provide or contract for public transit services or transportation to the general public and specific client groups, must coordinate and consolidate funding and resulting service, to the maximum extent possible, with the urban or regional transit system.
2. Upon request, the department shall provide assistance to political subdivisions, state agencies, and organizations affected by this chapter for federal aid applications for urban and rural transit system program aid. The department shall annually prepare a report to be submitted to the general assembly, the department of management, and to the governor, prior to February 1 of each year, stating the receipts and disbursements made during the preceding fiscal year and the adequacy of programs financed by federal, state, local, and private aid in the state. The department shall analyze the programs financed and recommend methods of avoiding duplication and increasing the efficacy of programs financed. The department shall receive comments from the department of human services, department of elder affairs, and the officers and agents of the other affected state and local government units relative to the department’s analysis. The department shall use the following criteria to adopt rules to determine compliance with and exceptions to subsection 1:

   c. Elimination of duplicative and inefficient transportation services.
   d. Development of transportation services which meet the needs of the general public and ensure services adequate to the needs of transportation disadvantaged persons.
   e. Protection of the rights of private enterprise public transit providers.
   f. Coordination of planning for transportation
services at the urban and regional level by all agencies or organizations receiving public funds that are purchasing or providing transportation services.

g. Management of equipment and facilities purchased with public funds so that efficient and routine maintenance and replacement is accomplished.

h. Training of transit management, drivers and maintenance personnel to provide safe, efficient, and economical transportation services.

Eligibility to receive or expend federal, state, or local funds for transportation services by all agencies or organizations purchasing or providing these services shall be contingent upon compliance with these criteria as determined by the department.

3. The department shall receive and distribute federal aid to public transit systems unless precluded by federal statute; however, the department shall not retain or redirect any portion of funds received by the department for a particular public transit system except that the department may redirect unused funds after a project is completed in order to prevent the lapse of funds. The department may designate the public transit systems as the direct recipients of federal aid.

324A.6 Public transit assistance moneys.

The department of human services, department of elder affairs, and the officers and agents of other state and local governmental units shall assist the department in carrying out section 324A.4, subsections 1 and 2, insofar as the functions of these respective officers and departments are concerned with the health, welfare and safety of any recipient of transportation services.

1. Any agency or organization found to be in noncompliance with section 324A.4 shall be notified in writing by the department of those activities which are not in compliance. The notice shall also provide for a period of thirty days during which compliance with section 324A.4 can be accomplished without penalty or sanction.

2. If noncompliant activities continue after the period of thirty days, the department shall, in cooperation with the attorney general and the director of the department of administrative services, initiate the following actions:

a. If the activities that are not in compliance with section 324A.4 are funded with state or federal funds which are administered by the state and can be used by agencies or organizations that are in compliance with section 324A.4, then upon notice by the department, the director of the department of administrative services shall not permit the expenditure of ten percent of the funds during the fiscal year immediately following the notice, an additional twenty percent of funds during the following year, an additional thirty percent during the third year, and the remaining funds in the fourth year that the activities remain in noncompliance. Any funds retained by the director of the department of administrative services shall be returned to the originating state agency for redistribution to agencies and organizations eligible to receive the funds for transportation purposes.

b. If the activities that are not in compliance with section 324A.4 are funded with state, federal or local funds which are not administered by the state or cannot be used by agencies and organizations that are in compliance with section 324A.4, then upon notice by the department, the attorney general shall file an action to enjoin agencies or organizations from expending funds for transportation purposes until and unless compliance with section 324A.4 is achieved. If federal funds are involved in such cases, then the attorney general shall notify the responsible federal agency of the actions and request its cooperation.

c. The department of inspections and appeals shall establish an appeal process pursuant to chapters 10A and 17A which allows those agencies or organizations determined to not be in compliance with this chapter an opportunity for a timely hearing before the department of inspections and appeals. A decision by the department of inspections and appeals is subject to review by the state department of transportation. The state department of transportation’s decision is the final agency action. Judicial review of the action of the department may be sought in accordance with chapter 17A.

d. The department shall, in accordance with chapter 17A, adopt and enforce rules setting minimum standards for determination of compliance and certification. The rules and standards required by this section shall be formulated in consultation with all affected state agencies, local government units with professional and consumer groups affected, and shall be designed to further the accomplishment of the purposes of this chapter.

3. The department shall receive and distribute federal aid to public transit systems unless precluded by federal statute; however, the department shall not retain or redirect any portion of funds received by the department for a particular public transit system except that the department may redirect unused funds after a project is completed in order to prevent the lapse of funds. The department may designate the public transit systems as the direct recipients of federal aid.

324A.5 Coordination of transportation services.

The department of human services, department of elder affairs, and the officers and agents of other state and local governmental units shall assist the department in carrying out section 324A.4, subsections 1 and 2, insofar as the functions of these respective officers and departments are concerned with the health, welfare and safety of any recipient of transportation services.

1. Any agency or organization found to be in noncompliance with section 324A.4 shall be notified in writing by the department of those activities which are not in compliance. The notice shall also provide for a period of thirty days during which compliance with section 324A.4 can be accomplished without penalty or sanction.

2. If noncompliant activities continue after the period of thirty days, the department shall, in cooperation with the attorney general and the director of the department of administrative services, initiate the following actions:

a. If the activities that are not in compliance with section 324A.4 are funded with state or federal funds which are administered by the state and can be used by agencies or organizations that are in compliance with section 324A.4, then upon notice by the department, the director of the department of administrative services shall not permit the expenditure of ten percent of the funds during the fiscal year immediately following the notice, an additional twenty percent of funds during the following year, an additional thirty percent during the third year, and the remaining funds in the fourth year that the activities remain in noncompliance. Any funds retained by the director of the department of administrative services shall be returned to the originating state agency for redistribution to agencies and organizations eligible to receive the funds for transportation purposes.

b. If the activities that are not in compliance with section 324A.4 are funded with state, federal or local funds which are not administered by the state or cannot be used by agencies and organizations that are in compliance with section 324A.4, then upon notice by the department, the attorney general shall file an action to enjoin agencies or organizations from expending funds for transportation purposes until and unless compliance with section 324A.4 is achieved. If federal funds are involved in such cases, then the attorney general shall notify the responsible federal agency of the actions and request its cooperation.

c. The department of inspections and appeals shall establish an appeal process pursuant to chapters 10A and 17A which allows those agencies or organizations determined to not be in compliance with this chapter an opportunity for a timely hearing before the department of inspections and appeals. A decision by the department of inspections and appeals is subject to review by the state department of transportation. The state department of transportation’s decision is the final agency action. Judicial review of the action of the department may be sought in accordance with chapter 17A.

d. The department shall, in accordance with chapter 17A, adopt and enforce rules setting minimum standards for determination of compliance and certification. The rules and standards required by this section shall be formulated in consultation with all affected state agencies, local government units with professional and consumer groups affected, and shall be designed to further the accomplishment of the purposes of this chapter.
purposes stated in this section shall be credited to the general fund of the state.
Moneys received by the department by agreements, grants, gifts, or other means and deposited into the state general fund as a result of this subsection are appropriated to the department for purposes of this subsection.
2. The department may enter into agreements with public transit systems, the United States government, cities, counties, business entities, or other persons for carrying out the purposes of this section.
3. The department may accept federal funds to carry out this section. Federal funds received under this section are appropriated for the purposes set forth in the federal grants.
4. Notwithstanding chapter 8, funds appropriated for public transit purposes to implement a state assistance plan shall be allocated in whole or in part to a public transit system prior to the time actual expenditures are incurred if the allocation is first approved by the department. A public transit system shall make application for advance allocations to the department specifically stating the reasons why an advance allocation is required and this allocation shall be included in the total to be audited.

324A.6A Public transit infrastructure grant fund.
A public transit infrastructure grant fund is established within the department. Moneys in the fund shall be awarded to public transit systems within the state for construction and infrastructure projects that meet the definition of "vertical infrastructure" in section 8.57, subsection 6, paragraph "c". The fund shall consist of appropriations made to the fund and transfers of interest, earnings, and moneys from other funds as provided by law. In awarding grant assistance, the office of public transit within the department shall, by rule, specify certain criteria that must be included in a grant application, which shall include but not be limited to information on the feasibility of completion of an individual infrastructure project. Notwithstanding section 8.33, moneys in the public transit infrastructure grant fund shall not revert to the fund from which they are appropriated but shall remain available indefinitely for expenditure under this section.

A certificate or permit, or both, which was issued under former chapter 325 before January 1, 1998, and which authorized a person to transport property in intrastate commerce by motor vehicle as a common carrier or contract carrier, or both, is void. However, to the extent a certificate or permit, or portion of a certificate or permit, authorized a person to transport household goods over irregular routes or passengers in intrastate commerce, this subsection does not apply.

2. A person who owned a certificate or permit, or both, that was a valid certificate or permit, or both, on December 31, 1997, is deemed to have a valid certificate or permit, unless the person's certificate or permit has been suspended, revoked, or transferred to another person as provided by law. A person deemed to have a valid certificate or permit under this subsection is not required to file an application pursuant to section 325A.3 to continue providing intrastate transportation, but rather, upon such person's compliance with the requirements of section 325A.3, subsection 2, the person is deemed to have a valid certificate or permit in force as required pursuant to section 325A.3, subsection 1, authorizing the person to transport property except household goods in intrastate commerce.

It is the policy of this state to promote and encourage the fullest possible use of its highway system by authorizing the negotiation and execution of motor vehicle reciprocal or proportional registration agreements, arrangements and declarations with other jurisdictions with respect to vehicles registered in this and such other jurisdictions, thus contributing to the economic and social development and growth of this state.

[C71, 73, 75, 77, 79, 81, §326.1]

326.1 Policy.

It is the policy of this state to promote and encourage the fullest possible use of its highway system by authorizing the negotiation and execution of motor vehicle reciprocal or proportional registration agreements, arrangements and declarations with other jurisdictions with respect to vehicles registered in this and such other jurisdictions, thus contributing to the economic and social development and growth of this state.

[C71, 73, 75, 77, 79, 81, §326.1]

326.2 Definitions.

As used in this chapter, unless the context otherwise requires:

1. "Base state" with respect to commercial vehicles subject to proportional registration means the state from which the vehicle is most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled, or also in the case of a fleet vehicle the state to which allocated for registration under statutory requirements.

2. "Broker" for purposes of section 326.23 means any person who, as principal or agent, sells or offers for sale any transportation, or negotiates for, or claims for solicitation, advertisement, or otherwise to be one who sells, provides, furnishes, contracts, or arranges for such transportation. 3. "Commercial vehicle" means any vehicle which is operated in interstate commerce or combined intrastate and interstate commerce and used for the transportation of persons for hire, compensation or profit, or designed or used pri-
marily for the transportation of property.
4. “Compact miles” means the total miles a fleet operates in this state and in all states with whom Iowa has an apportionment registration agreement and with whom the fleet owner has or will register vehicles on an apportioned registration basis.
5. “Department” means the department of transportation.
6. “Director” means the director of transportation or the director’s designee.
7. “Fleet” means one or more commercial vehicles.
8. “In-state miles” means the mileage generated within this state by commercial vehicles in the fleet subject to proportional registration; except that, with respect to fleet vehicles based in Iowa, “in-state miles” shall also include all mileage traveled by such vehicles in states with whom Iowa has a proportional registration agreement but with whom the owner elects not to apportion registration fees and mileage traveled by such vehicles under reciprocity obtained by virtue of Iowa registration.
9. “Jurisdiction” means any county, state, territory, federal district, foreign country, or political subdivision thereof.
10. “Preceding year” means a period of twelve consecutive months fixed by the department, which period shall be within the sixteen months immediately preceding the commencement of the registration year for which proportional registration is sought.
11. “Proportional registration” or “proration” means division and distribution of registration fees imposed on commercial vehicles between two or more jurisdictions in accordance with a formula based on miles traveled by such vehicles.
12. “Total fleet miles” means the mileage generated by any truck or truck tractor which was part of a prorate fleet during the fiscal year period of September 1 through August 31 succeeding the year for which proportional registration is sought. Total fleet mileage to be reported for any truck or truck tractor which was deleted from or added to the prorate fleet during the fiscal year reporting period shall be only those miles generated by such truck or truck tractor during the portion of the prorate fleet during which the vehicle was part of the prorated fleet.
13. “Trip” for purposes of section 326.23 means:

326.3 and 326.4 Repealed by 74 Acts, ch 1180, § 197.

326.5 Reciprocity agreements.
The director may enter into reciprocity agreements with the authorized representatives of any jurisdiction, exempting nonresidents of this state using the highways of this state from the registration requirements of chapter 321 and payment of fees to this state, with conditions, restrictions, and privileges the director deems advisable.

326.6 Proportional registration of fleets.
The department may, pursuant to section 326.5, provide for proportional registration between this state and other jurisdictions of fleets of commercial vehicles owned by residents or nonresidents engaged in interstate commerce or simultaneously engaged in interstate and intrastate commerce.
1. The owners of fleets of commercial vehicles subject to proportional registration under apportionment agreements negotiated by the department shall file a sworn statement with the department which shall contain the following information and such other information as the department may require:
   a. Total fleet miles for the preceding year.
   b. In-state miles for the preceding year.
   c. A description and identification of each vehicle which is part of the fleet for which proportional registration is sought.
2. The dollar amount of registration fees due this state for each fleet subject to proportional registration shall be computed as follows:
   a. Divide total fleet miles during the preceding
§326.6, REGISTRATION RECIPROCITY

year into in-state miles during the preceding year to determine the percentage of total fleet mileage allocable to this state.

b. Determine the sum total amount necessary to register each and every vehicle in the fleet based on the annual registration fees prescribed in chapter 321.

c. Multiply the percentage obtained under paragraph “a” of this subsection by the sum total obtained under paragraph “b” of this subsection.

d. The product so obtained under paragraph “c” of this subsection shall be the amount payable by the owner for proportional registration of the fleet for the registration year. Payment of registration fees shall be made in accordance with section 321.134, subsection 2, or a fleet owner on a renewal registration may pay a fee equal to one-half of the applicable fee and post a surety bond, certificate of deposit, or letter of credit, equal to one-half of the applicable fee at the time of the first installment. Payment of the first installment entitles an owner to the issuance of full-year credentials. The second installment shall be paid by July 15. If the second installment is not paid by July 15, the department shall file claim against the security for payment of fees and penalties due and the owner shall not be entitled to elect the installment payment option for the following year. Excess surety moneys received shall be refunded minus a fifty dollar administration fee.

3. The department may negotiate apportionment agreements on either a vehicle or a dollar basis. In apportionment on a vehicle basis, a sufficient number of vehicles shall be registered to produce total fee payments not less than an amount obtained by applying the proportion of in-state fleet miles to total fleet miles to the fees which would otherwise be required for total fleet registration in this state.

326.7 Agreements on basis of compact miles.

Notwithstanding any other law to the contrary, and as an alternative to the procedure set out in section 326.6, the department may enter into agreements providing for proportional registration between this state and other jurisdictions of fleets of commercial vehicles owned by residents or nonresidents engaged in interstate commerce or simultaneously engaged in interstate and intrastate commerce on the basis of compact miles.

The Iowa prorate percent will be computed by dividing the Iowa miles by the compact miles as defined in section 326.2. If the composite percentage paid by the Iowa resident to each of the states a party to an apportioned registration agreement with Iowa for apportioned registrations is less than one hundred percent, the department will redetermine the registration fees due the state of Iowa to bring the composite percent to one hundred percent. If the composite percent paid by the nonresident fleet operator to each of the states a party to an apportioned registration agreement with Iowa for apportioned registration fees on vehicles base plated in Iowa is less than one hundred percent, the department will redetermine the registration fees due the state of Iowa to bring the composite percent to one hundred percent on such Iowa base plated vehicles.

326.8 Estimating mileage.

When in-state and total fleet or compact mileage cannot be computed for a particular fleet on the basis of actual operation during the preceding year, estimated mileage shall be accepted for the fleet’s first prorate application. Estimated mileage shall be based on the proposed operation of the fleet during the entire year for which proportional registration is sought. The applicant shall substantiate the estimate by submitting details of the applicant’s proposed operation including, but not limited to, type of operation, its location, routes, and frequency of operation.

326.9 Individual vehicles not to be proportionally registered.

The registrations of individual vehicles shall not be subject to proportional registration with this state. The same fleet, consisting of the same vehicles in each state, shall be proportionally registered in each state with which the fleet is prorated; and every one of the vehicles shall be included in the fleet in each state. Failure to comply with these requirements shall constitute grounds for cancellation of proration privileges.

326.10A Payment by check.

The department shall accept payment of fees under this chapter by personal or corporate check. The fee shall be deemed to have been paid upon receipt of the check. If the check is not honored, all fees and penalties shall accumulate as if the fee was not paid. After appropriate warning from the department, the registration account shall be suspended, collection pursued, and the delinquent registration fees shall become a debt due the state of Iowa. After a dishonored check has been received from an applicant, payments submitted by the applicant during the following year must be made with guaranteed funds.

85 Acts, ch 61, §1; 2002 Acts, ch 1063, §40
326.11 Subsequently acquired vehicles.
Vehicles acquired by a fleet owner after the commencement of the registration year and subsequently added to the fleet shall be prorated by applying the mileage percentage used in the original application for such fleet for such registration period to registration fees due under chapter 321. An application for registration shall be filed with the department pursuant to the provisions of chapter 321.

The director may issue temporary written authorization to carriers for vehicles acquired by a fleet owner and added to the fleet owner's prorate fleet after the beginning of the registration year. The temporary authority shall permit the operation of a commercial vehicle until permanent identification is issued, except that the temporary authority shall expire after sixty days.

[C71, 73, 75, 77, 79, 81, §326.11; 81 Acts, ch 115, §1]

326.12 Vehicles deleted — registration transferred.
Fleet owners who delete commercial vehicles displaying Iowa base plates from the fleet after the commencement of the registration year shall be allowed to transfer registration credit to a replacement vehicle in accordance with this section. Iowa shall allow credit for non-Iowa based deleted vehicles only if the state designated by the fleet owner as the base state of the deleted vehicle permits transfer of registration credit to the replacement vehicle. Allowance of credit for deleted vehicles shall be subject to the following conditions:
1. The fee for reissuance or registration credentials or for transfer of credentials shall be seven dollars.
2. A person who has such privileges revoked shall be required to register all of the vehicles owned by the person with the appropriate county treasurer for a period of no less than one year and no more than five years thereafter. An alternative notice procedure giving comparable public notice by registered mail to affected shippers may be prescribed by the department according to rules promulgated under chapter 17A.

§327C.8 Objections — hearing.
A person directly affected by the proposed discontinuance of an agency may file written objections with the department stating the grounds for the objections, within fifteen days from the time of the publication of the notice as provided in section 327C.7. Upon the filing of objections the department shall request the department of inspections and appeals to hold a hearing, which shall be held within sixty days from the filing of the objections. Written notice of the time and place of the hearing shall be mailed by the department of inspections and appeals to the railroad corporation and the person filing objections at least ten days prior to the date fixed for the hearing.

327C.9 Order of department.
Upon said hearing the department may prohibit the discontinuance of such agency or may make such other order as is warranted by the evidence produced at such hearing. But if no objections are filed the department may make an order permitting the railroad corporation to proceed with such discontinuance.

327C.10 Investigation and inquiry.
The department may investigate and inquire into the management of all common carriers subject to its jurisdiction. The department may obtain from the carriers full and complete information necessary to enable the department to perform its duties including the administration of railroad assistance agreements. The department may require the attendance and testimony of witnesses, and the production of all books, papers, tariff schedules, contracts, agreements, and documents, relating to any matter under investigation, and may inspect them; and may examine under oath or otherwise any officer, director, agent, or employee of a common carrier; and may issue subpoenas and enforce obedience to them.

If a person refuses to obey a subpoena or other process, a court having jurisdiction of the inquiry shall issue an order requiring any of the officers, agents, or employees of a carrier or other person to appear before either department and produce all books and papers required by the order and testify in relation to any matter under investigation.

327C.13 Hindering or obstructing department.
Any person who shall willfully obstruct the department in the performance of their duties, or
who shall refuse to give any information within

It shall be the duty of the court in which any
such cause shall be pending to require the issue to
be made up within twenty days after commence-

over other civil business. If the court shall find
that such rule, regulation, or order is reasonable

petual injunction, compelling obedience to and
compliance with such rule, order, or regulation by
said railroad company or person, its officers,
agents, servants and employees, and may grant
such other relief as may be deemed just and pro-
per. All violations of such decree shall render the
company, persons, officers, agents, servants and
employees who are in any manner instrumental in
such violation, guilty of contempts and the
court may punish such contempt by a fine not ex-
ceeding one thousand dollars for each offense.

ceeding to secure a vacation of the order objected
to, it may apply to the court in which the review
proceeding is finally adjudicated for an order re-
mitting the penalty which has accrued during the
review proceeding. Upon a satisfactory showing that
the petition for judicial review was filed in
good faith and not for the purpose of delay, and
that there were reasonable grounds to believe that
the order was unreasonable or unjust or that the
power of the department of transportation or the
department of inspections and appeals to make
the order was doubtful, the court may remit the
