§321J.4 Revocation of license — ignition interlock devices — conditional temporary restricted license.

1. If a defendant is convicted of a violation of section 321J.2 and the defendant’s driver’s license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant’s driver’s license or nonresident operating privilege for one hundred eighty days if the defendant has had no previous conviction or revocation under this chapter. The defendant shall not be eligible for any temporary restricted license for at least ninety days if a test was refused under section 321J.9.

A defendant whose alcohol concentration is .08 or more but not more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license. There shall be no such period of ineligibility if no
such accident occurred, and the defendant shall not be ordered to install an ignition interlock device.

b. A defendant whose alcohol concentration is more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred or the defendant’s alcohol concentration exceeded .15. There shall be no such period of ineligibility if no such accident occurred and the defendant’s alcohol concentration did not exceed .15. In either case, where a defendant’s alcohol concentration is more than .10, the defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

c. If the defendant is under the age of twenty-one, the defendant shall not be eligible for a temporary restricted license for at least sixty days after the effective date of revocation.

2. If a defendant is convicted of a violation of section 321J.2, and the defendant’s driver’s license or nonresident operating privilege has not already been revoked under section 321J.9 or 321J.12 for the occurrence from which the arrest arose, the department shall revoke the defendant’s driver’s license or nonresident operating privilege for two years if the defendant has had a previous conviction or revocation under this chapter. The defendant shall not be eligible for any temporary restricted license for forty-five days after the effective date of revocation. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned by the defendant if the defendant seeks a temporary restricted license. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

3. If the court defers judgment pursuant to section 907.3 for a violation of section 321J.2, and if the defendant’s driver’s license or nonresident operating privilege has not been revoked under section 321J.9 or 321J.12, or has not otherwise been revoked for the occurrence from which the arrest arose, the department shall revoke the defendant’s driver’s license or nonresident operating privilege for a period of not less than thirty days nor more than ninety days. The defendant shall not be eligible for any temporary restricted license for at least ninety days if a test was refused.

a. A defendant whose alcohol concentration is .08 or more but not more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license. There shall be no such period of ineligibility if no such accident occurred, and the defendant shall not be ordered to install an ignition interlock device.

b. A defendant whose alcohol concentration is more than .10 shall not be eligible for any temporary restricted license for at least thirty days if a test was obtained and an accident resulting in personal injury or property damage occurred or the defendant’s alcohol concentration exceeded .15. There shall be no such period of ineligibility if no such accident occurred and the defendant’s alcohol concentration did not exceed .15. In either case, where a defendant’s alcohol concentration is more than .10, the defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned or operated by the defendant if the defendant seeks a temporary restricted license.

c. If the defendant is under the age of twenty-one, the defendant shall not be eligible for a temporary restricted license for at least sixty days after the effective date of revocation.

4. Upon a plea or verdict of guilty of a third or subsequent violation of section 321J.2, the court shall order the department to revoke the defendant’s driver’s license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for a temporary restricted license for at least one year after the effective date of the revocation. The court shall require the defendant to surrender to it all Iowa licenses or permits held by the defendant, which the court shall forward to the department with a copy of the order for revocation. The defendant shall be ordered to install an ignition interlock device of a type approved by the commissioner of public safety on all vehicles owned by the defendant if the defendant seeks a temporary restricted license at the end of the minimum period of ineligibility. A temporary restricted license shall not be granted by the department until the defendant installs the ignition interlock device.

5. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a personal injury, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a serious injury was sustained by any person other than the defendant and, if so, whether the defendant’s conduct in violation of section 321J.2 caused the serious injury. If the court so determines, the court shall order the department to revoke the defendant’s driver’s license or nonresident operating privilege for a period of one year in addition to any other period of suspension or revocation. The defendant shall not be eligible for any temporary restricted license until the minimum
§321J.4

period of ineligibility has expired under this section or section 321J.9, 321J.12, or 321J.20. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

6. Upon a plea or verdict of guilty of a violation of section 321J.2 which involved a death, the court shall determine in open court, from consideration of the information in the file and any other evidence the parties may submit, whether a death occurred and, if so, whether the defendant’s conduct in violation of section 321J.2 caused the death. If the court so determines, the court shall order the department to revoke the defendant’s driver’s license or nonresident operating privilege for a period of six years. The defendant shall not be eligible for any temporary restricted license for at least two years after the revocation. The defendant shall surrender to the court any Iowa license or permit and the court shall forward it to the department with a copy of the order for revocation.

7. If a license or permit to operate a motor vehicle is revoked or denied under this section or section 321J.9 or 321J.12, the period of revocation or denial shall be the period provided for such a revocation or until the defendant reaches the age of eighteen whichever period is longer.

8. a. On a conviction for or as a condition of a deferred judgment for a violation of section 321J.2, the court may order the defendant to install ignition interlock devices of a type approved by the commissioner of public safety on all motor vehicles owned or operated by the defendant which, without tampering or the intervention of another person, would prevent the defendant from operating the motor vehicle with an alcohol concentration greater than a level set by rule of the commissioner of public safety.

b. The commissioner of public safety shall adopt rules to approve certain ignition interlock devices and the means of installation of the devices, and shall establish the level of alcohol concentration beyond which an ignition interlock device will not allow operation of the motor vehicle in which it is installed.

c. The order to install ignition interlock devices shall remain in effect for a period of time as determined by the court which shall not exceed the maximum term of imprisonment which the court could have imposed according to the nature of the violation. While the order is in effect, the defendant shall not operate a motor vehicle which does not have an approved ignition interlock device installed.

d. If the defendant’s driver’s license or nonresident operating privilege has been revoked, the department shall not issue a temporary permit or a driver’s license to the person without certification that approved ignition interlock devices have been installed in all motor vehicles owned or operated by the defendant while the order is in effect.

e. A defendant who fails within a reasonable time to comply with an order to install an approved ignition interlock device may be declared in contempt of court and punished accordingly.

f. A person who tampers with or circumvents an ignition interlock device installed under a court order while an order is in effect commits a serious misdemeanor.

9. a. A person whose noncommercial driver’s license has either been revoked under this chapter, or revoked or suspended under chapter 321 solely for violations of this chapter, or who has been determined to be a habitual offender under chapter 321 based solely on violations of this chapter or on violations listed in section 321.560, subsection 1, paragraph "b", and who is not eligible for a temporary restricted license under this chapter may petition the court upon the expiration of the minimum period of ineligibility for a temporary restricted license provided for under this section, section 321J.9, 321J.12, 321J.20, or 321.560, for an order to the department to require the department to issue a temporary restricted license to the person notwithstanding section 321.560.

b. The petition shall include a current certified copy of the petitioner’s official driving record issued by the department.

c. Upon the filing of a petition for a temporary restricted license under this section, the clerk of the district court in the county where the violation resulting in the revocation occurred shall send notice of the petition to the department and the prosecuting attorney. The department and the prosecuting attorney shall each be given an opportunity to respond to and request a hearing on the petition.

d. The court shall determine if the temporary restricted license is necessary for the person to maintain the person’s present employment. However, a temporary restricted license shall not be ordered or issued for a violation of section 321J.2A or to a person under the age of twenty-one whose license is revoked under this section or section 321J.9 or 321J.12. If the court determines that the temporary restricted license is necessary for the person to maintain the person’s present employment, and that the minimum period of ineligibility for receipt of a temporary license has expired, the court shall order the department to issue to the person a temporary restricted license conditioned upon the person’s certification to the court of the installation of approved ignition interlock devices in all motor vehicles that it is necessary for the person to operate to maintain the person’s present employment. A person whose driver’s license or nonresident operating privilege has been revoked under section 321J.21 may apply to the department for a temporary restricted license without the requirement of an ignition interlock device if at least twelve years have elapsed since the end of
the underlying revocation period for a violation of section 321J.2.

e. Section 321.561 does not apply to a person operating a motor vehicle in the manner permitted under this subsection.

f. If the person operates a motor vehicle which does not have an approved ignition interlock device or if the person tampers with or circumvents an ignition interlock device, in addition to other penalties provided, the person’s temporary restricted license shall be revoked.

g. A person holding a temporary restricted license issued under this subsection shall not operate a commercial motor vehicle, as defined in section 321.1, on a highway if a commercial driver’s license is required for the person to operate the commercial motor vehicle.

h. Notwithstanding any provision of this chapter to the contrary, the court may order the department to issue a temporary restricted license to a person otherwise eligible for a temporary restricted license under this subsection, whose period of revocation under this chapter has expired, but who has not met all requirements for reinstatement of the person’s noncommercial driver’s license or nonresident operating privileges.

2009 Acts, ch 130, §13
Subsection 2 amended

§321J.8 Statement of officer.
1. A person who has been requested to submit to a chemical test shall be advised by a peace officer of the following:

a. If the person refuses to submit to the test, the person’s driver’s license or nonresident operating privilege will be revoked by the department as required by and for the applicable period specified under section 321J.9.

b. If the person submits to the test and the results indicate the presence of a controlled substance or other drug, an alcohol concentration equal to or in excess of the level prohibited by section 321J.2 or 321J.2A, the person’s driver’s license or nonresident operating privilege will be revoked by the department as required by and for the applicable period specified under section 321J.12.

c. (1) If the person is operating a commercial motor vehicle as defined in section 321.1 and either refuses to submit to the test or submits to the test and the results indicate an alcohol concentration of 0.04 or more, the person is disqualified from operating a commercial motor vehicle for the applicable period under section 321.208 in addition to any revocation of the person’s driver’s license or nonresident operating privilege which may be applicable under this chapter.

(2) If the person is operating a noncommercial motor vehicle and holding a commercial driver’s license as defined in section 321.1 and either refuses to submit to the test or submits to the test and the results indicate the presence of a controlled substance or other drug or an alcohol concentration equal to or in excess of the level prohibited by section 321J.2, the person is disqualified from operating a commercial motor vehicle for the applicable period under section 321.208 in addition to any revocation of the person’s driver’s license or nonresident operating privilege which may be applicable under this chapter.

2. The department shall grant the person an opportunity to be heard within forty-five days of receipt of a request for a hearing if the request is made not later than ten days after receipt of notice of revocation served pursuant to section 321J.9 or 321J.12.

The hearing shall be before the department in the county where the alleged events occurred, unless the director and the person agree that the hearing may be held in some other county, or the hearing may be held by telephone conference at the discretion of the agency conducting the hearing. The hearing may be recorded and its scope shall be limited to the issues of whether a peace officer had reasonable grounds to believe that the person was operating a motor vehicle in violation of section 321J.2 or 321J.2A and one or more of the following:

a. Whether the person refused to submit to the test or tests.

b. Whether a test was administered and the test results indicated an alcohol concentration equal to or in excess of the level prohibited under section 321J.2 or 321J.2A.

c. Whether a test was administered and the test results indicated the presence of alcohol, a controlled substance or other drug, or a combination of alcohol and another drug, in violation of section 321J.2.

3. After the hearing the department shall order that the revocation be either rescinded or sustained. Upon receipt of the decision of the department to sustain a revocation, the person contest-
ing the revocation has ten days to file a request for review of the decision by the director. The director or the director’s designee shall review the decision within thirty days and shall either rescind or sustain the revocation or order a new hearing. If the director orders a new hearing, the department shall grant the person a new hearing within twenty days of the director’s order.

4. The department shall stay the revocation of a person’s driver’s license or operating privilege for the period that the person is contesting the revocation under this section or section 321J.14 if it is shown to the satisfaction of the department that the new evidence is material and that there were valid reasons for failure to present it in the contested case proceeding before the department. However, a stay shall not be granted for violations of section 321J.2A.

5. If the department fails to comply with the time limitations of this section regarding granting a hearing, review by the director or the director’s designee, or granting a new hearing, and if the request for a hearing or review by the director was properly made under this section, the revocation of the driver’s license or operating privilege of the person who made the request for a hearing or review shall be rescinded. This subsection shall not apply in those cases in which a continuance to the hearing has been granted at the request of either the person who requested the hearing or the peace officer who requested or administered the chemical test.

6. a. The department shall grant a request for a hearing to rescind the revocation if the person whose motor vehicle license or operating privilege has been or is being revoked under section 321J.9 or 321J.12 submits a petition containing information relating to the discovery of new evidence that provides grounds for rescission of the revocation.

b. The person shall prevail at the hearing if, in the criminal action on the charge of violation of section 321J.2 or 321J.2A resulting from the same circumstances that resulted in the administrative revocation being challenged, the court held one of the following:

   (1) That the peace officer did not have reasonable grounds to believe that a violation of section 321J.2 or 321J.2A had occurred to support a request for or to administer a chemical test.

   (2) That the chemical test was otherwise inadmissible or invalid.

c. Such a holding by the court in the criminal action is binding on the department, and the department shall rescind the revocation. If the offense for which the revocation was imposed was committed while the person was operating a non-commercial motor vehicle and holding a commercial driver’s license and the department disqualified the person from operating a commercial motor vehicle under section 321.208, subsection 2, paragraph “a” or “b”, as a result of the revocation, the department shall also rescind the disqualification.

2009 amendments to subsection 6, paragraphs a and c, take effect May 22, 2009, and apply retroactively to January 1, 2005, for disqualifications in effect on or after that date; 2009 Acts, ch 130, §18

The report shall list all of the funding sources of the organization along with the listing of funds expended by that organization during the preceding fiscal year. The department, in cooperation with the regional planning agencies as the responsible agency for annual updating the regional transit development programs, shall compile this information annually. A state agency or organization administering funds for transit services is required to submit all funding requests through the regional and state clearinghouse and the department. An organization, state agency, political subdivision, or public transit system, except public school transportation, receiving federal, state, or local aid to provide or contract for public transit services or transportation to the general public and specific client groups, must coordinate and consolidate funding and resulting service, to the maximum extent possible, with the urban or regional transit system.

3. The department shall receive and distribute federal aid to public transit systems unless precluded by federal statute; however, the department shall not retain or redirect any portion of funds received by the department for a particular public transit system except that the department may redirect unused funds after a project is completed in order to prevent the lapse of funds. 324A.5 Coordination of transportation services.

The department of human services, department on aging, and the officers and agents of other state and local governmental units shall assist the department in carrying out section 324A.4, subsections 1 and 2, insofar as the functions of these respective officers and departments are concerned with the health, welfare and safety of any recipient of transportation services.

1. Any agency or organization found to be in noncompliance with section 324A.4 shall be notified in writing by the department of those activities which are not in compliance. The notice shall also provide for a period of thirty days during which compliance with section 324A.4 can be accomplished without penalty or sanction.

2. If noncompliant activities continue after the period of thirty days, the department shall, in cooperation with the attorney general and the director of the department of administrative services, initiate the following actions:

   a. If the activities that are not in compliance with section 324A.4 are funded with state or federal funds which are administered by the state and can be used by agencies or organizations that are in compliance with section 324A.4, then upon notice by the department, the director of the department of administrative services shall return the expenditure of ten percent of the funds during the fiscal year immediately following the notice, an additional twenty percent of funds during the following year, an additional thirty percent during the third year, and the remaining funds in the fourth year that the activities remain in noncompliance. If federal funds are involved in such cases, then the attorney general shall notify the responsible federal agency of the actions and request its cooperation.

   c. The department of inspections and appeals shall establish an appeal process pursuant to chapters 10A and 17A which allows those agencies or organizations determined to not be in compliance with this chapter an opportunity for a timely hearing before the department of inspections and appeals. A decision by the department of inspections and appeals is subject to review by the state department of transportation. The state department of transportation’s decision is the final agency action. Judicial review of the action of the department may be sought in accordance with chapter 17A.

   d. The department shall, in accordance with chapter 17A, adopt and enforce rules setting minimum standards for determination of compliance and certification. The rules and standards re-

CHAPTER 331
COUNTY HOME RULE IMPLEMENTATION

331.201 Board membership — qualifications — term.
1. The board shall consist of three members unless the membership is increased to five as provided in section 331.203.
2. A supervisor must be a registered voter of the county or supervisor district of the county which the supervisor represents.
3. The office of supervisor is an elective office except that if a vacancy occurs on the board, a successor may be appointed to the unexpired term as provided in section 69.14A.
4. The term of office of a supervisor is four years unless a change in the supervisor district representation plan or in the number of supervisors on the board requires the election of one or two supervisors for an initial term of two years.

331.301 General powers and limitations.
1. A county may, except as expressly limited by the Constitution of the State of Iowa, and if not inconsistent with the laws of the general assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges, and property of the county or of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and convenience of its residents. This grant of home rule powers does not include the power to enact private or civil law governing civil relationships, except as incident to an exercise of an independent county power.
2. A power of a county is vested in the board, and a duty of a county shall be performed by or under the direction of the board except as otherwise provided by law.
3. The enumeration of a specific power of a county, the repeal of a grant of power, or the failure to state a specific power does not limit or restrict the general grant of home rule power conferred by the Constitution and this section. A county may exercise its general powers subject only to limitations expressly imposed by a state law.
4. An exercise of a county power is not inconsistent with a state law unless it is irreconcilable with the state law.
5. A county shall substantially comply with a procedure established by a state law for exercising a county power unless a state law provides otherwise. If a procedure is not established by state law, a county may determine its own procedure for exercising the power.
6. A county shall not set standards and requirements which are lower or less stringent than those imposed by state law, but may set standards and requirements which are higher or more stringent than those imposed by state law, unless a state law provides otherwise.
7. A county shall not levy a tax unless specifically authorized by a state statute.
8. A county is a body corporate for civil and political purposes and shall have a seal as provided in section 331.552, subsection 4.
9. Supervisors and other county officers may administer oaths and take affirmations as provided in chapter 63A.
10. A county may enter into leases or lease-purchase contracts for real or personal property in accordance with the following terms and procedures:
   a. A county shall lease or lease-purchase property only for a term which does not exceed the economic life of the property, as determined by the board.
   b. A lease or lease-purchase contract entered into by a county may contain provisions similar to those sometimes found in leases between private parties, including, but not limited to, the obligation of the lessee to pay any of the costs of operation or ownership of the leased property and the right to purchase the leased property.
   c. A provision of a lease or lease-purchase contract which stipulates that a portion of the rent payments be applied as interest is subject to chapter 74A. Other laws relating to interest rates do not apply. Chapter 75 is not applicable. A county enterprise is a separate entity under this subsection, whether it is governed by the board or another governing body.
   d. The board must follow substantially the same authorization procedure required for the issuance of general obligation bonds issued for the same purpose to authorize a lease or a lease-purchase contract made payable from the debt service fund.
   e. The board may authorize a lease or lease-purchase contract which is payable from the general fund if the contract would not cause the total of lease and lease-purchase payments due from the general fund of the county in any single future fiscal year for all lease or lease-purchase contracts in force on the date of the authorization, excluding payments to exercise purchase options or to pay the expenses of operation or ownership of the property, to exceed ten percent of the last certified general fund budget amount in accordance with the following procedures:
   (1) The board must follow substantially the authorization procedures of section 331.443 to authorize a lease or lease-purchase contract for personal property which is payable from the general
§331.301

fund. The board must follow substantially the authorization procedures of section 331.443 to authorize a lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease-purchase contract does not exceed the following limits:

(a) Four hundred thousand dollars in a county having a population of twenty-five thousand or less.

(b) Five hundred thousand dollars in a county having a population of more than twenty-five thousand but not more than fifty thousand.

(c) Six hundred thousand dollars in a county having a population of more than fifty thousand but not more than one hundred thousand.

(d) Eight hundred thousand dollars in a county having a population of more than one hundred thousand but not more than two hundred thousand.

(e) One million dollars in a county having a population of more than two hundred thousand.

However, if the principal amount of a lease or lease-purchase contract pursuant to this subparagraph is less than twenty-five thousand dollars, the board may authorize the lease or lease-purchase contract without following the authorization procedures of section 331.443.

(2) The board must follow the following procedures to authorize a lease or lease-purchase contract for real property which is payable from the general fund if the principal amount of the lease or lease-purchase contract exceeds the limits set forth in subparagraph (1):

(a) The board must institute proceedings for entering into a lease or lease-purchase contract payable from the general fund by causing a notice of the meeting to discuss entering into the lease or lease-purchase contract, including a statement of the principal amount and purpose of the lease or lease-purchase and the right to petition for an election, to be published as provided in section 331.305 at least ten days prior to the discussion meeting. No sooner than thirty days following the discussion meeting shall the board hold a meeting at which it is proposed to take action to enter into the lease or lease-purchase contract.

(b) If at any time before the end of the thirty-day period after which a meeting may be held to take action to enter into the lease or lease-purchase contract, a petition is filed with the auditor in the manner provided by section 331.306, asking that the question of entering into the lease or lease-purchase contract be submitted to the registered voters of the county, the board shall either by resolution declare the proposal to enter into the lease or lease-purchase contract to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of entering into the lease or lease-purchase contract. However, for purposes of this subparagraph, the petition shall not require signatures in excess of one thousand persons. The question to be placed on the ballot shall be stated affirmatively in substantially the following manner: Shall the county of __________ enter into a lease or lease-purchase contract in an amount of $__________ for the purpose of __________? Notice of the election and its conduct shall be in the manner provided in section 331.442, subsections 2 through 4.

(c) If a petition is not filed or if a petition is filed and the proposition of entering into a lease or lease-purchase contract is approved at the election, the board may proceed and enter into the lease or lease-purchase contract.

(f) The governing body may authorize a lease or lease-purchase contract payable from the net revenues of a county enterprise or combined county enterprise by following the authorization procedures of section 331.464.

(g) A lease or lease-purchase contract to which a county is a party or in which a county has a participatory interest is an obligation of a political subdivision of this state for the purposes of chapters 502 and 636, and is a lawful investment for banks, trust companies, building and loan associations, savings and loan associations, investment companies, insurance companies, insurance associations, executors, guardians, trustees, and any other fiduciaries responsible for the investment of funds.

(h) Property that is lease-purchased by a county is exempt under section 427.1, subsection 2.

(i) A contract for construction by a private party of property to be leased or lease-purchased by a county is not a contract for a public improvement under section 331.341, subsection 1. However, if a lease-purchase contract is funded in advance by means of the lessor depositing moneys to be administered by a county, with the county’s obligation to make rent payments commencing with its receipt of moneys, a contract for construction of the property in question awarded by the county is a public improvement and is subject to section 331.341, subsection 1.

11. A county may enter into insurance agreements obligating the county to make payments beyond its current budget year to procure or provide for a policy of insurance, a self-insurance program, or a local government risk pool to protect the county against tort liability, loss of property, or any other risk associated with the operation of the county. Such a self-insurance program or local government risk pool is not insurance and is not subject to regulation under chapters 505 through 523C. However, those self-insurance plans regulated pursuant to section 509A.14 shall remain subject to the requirements of section 509A.14 and rules adopted pursuant to that section.

12. The board of supervisors may credit funds to a reserve for the purposes authorized by subsection 11 of this section; section 331.424, subsection
1, paragraph “f”; and section 331.441, subsection 2, paragraph “b”. Moneys credited to the reserve, and interest earned on such moneys, shall remain in the reserve until expended for purposes authorized by subsection 11 of this section; section 331.424, subsection 1, paragraph “f”; or section 331.441, subsection 2, paragraph “b”.

13. The board of supervisors may waive a tax penalty, interest, or costs related to the collection of a tax if the board finds that a clerical error resulted in the penalty, interest, or cost. This subsection does not apply to bonded special assessments without the approval of the affected taxing jurisdiction.

14. The county may establish a department of public works. The department shall be administered by the county engineer or other person appointed by the board of supervisors. In addition to other duties assigned by the board, the department shall provide technical assistance to political subdivisions in the county including special districts relating to their physical infrastructure and may provide managerial and administrative services for special districts and combined special districts.

15. a. A county may adopt and enforce an ordinance requiring the construction of a storm shelter at a manufactured home community or mobile home park which is constructed after July 1, 1999. In lieu of requiring construction of a storm shelter, a county may require a community or park owner to provide a plan for the evacuation of community or park residents to a safe place of shelter in times of severe weather including tornadoes and high winds if the county determines that a safe place of shelter is available within a reasonable distance of the manufactured home community or mobile home park for use by community or park residents. Each evacuation plan prepared pursuant to this subsection shall be filed with, and approved by, the local emergency management agency. If construction of a storm shelter is required, an ordinance adopted or enforced pursuant to this subsection shall not include any of the following requirements:

(1) That the size of the storm shelter be larger than the equivalent of seven square feet for each manufactured or mobile home space in the manufactured home community or mobile home park.

(2) That the storm shelter include a restroom if the shelter is used exclusively as a storm shelter.

(3) That the storm shelter exceed the construction specifications approved by a licensed professional engineer and presented by the owner of the manufactured home community or mobile home park.

(4) That the shelter be located any closer than one thousand three hundred twenty feet from any manufactured or mobile home in the manufactured home community or mobile home park.

b. For the purposes of this subsection:

(1) “Manufactured home community” means the same as land-leased community defined in sections 335.30A and 414.28A.

(2) “Manufactured home community or mobile home park” means a manufactured home community or mobile home park as defined in section 562B.7.

(3) “Storm shelter” means a single structure or multiple structures designed to provide persons with temporary protection from a storm.

16. The board of supervisors may by resolution allow a five dollar county enforcement surcharge to be assessed pursuant to section 911.4.

§331.302 County legislation.

1. The board shall exercise a power or perform a duty only by the passage of a motion, a resolution, an amendment, or an ordinance.

2. For a violation of an ordinance a county shall not provide a penalty in excess of the maximum fine and term of imprisonment for a simple misdemeanor under section 903.1, subsection 1, paragraph “a”. The criminal penalty surcharge required by section 911.1 shall be added to a county fine and is not a part of the county’s penalty.

3. The subject matter of an ordinance or amendment shall be generally described in its title.

4. An amendment to an ordinance or to a code of ordinances shall specifically repeal the ordinance or code, or the section, subsection, paragraph, or subpart to be amended, and shall set forth the ordinance, code, section, subsection, paragraph, or subpart as amended.

5. a. A county may by ordinance adopt by reference any portion of the Code of Iowa in effect at the time of the adoption in the manner provided in section 380.8 for adoption of a proposed code of ordinances containing a proposed new ordinance or amendment, subject to the following limitations:

(1) The ordinance shall describe the subject matter and identify the portion of the Code of Iowa adopted by chapter, section, and subsection or other subpart, as applicable.

(2) A portion of the Code of Iowa may be adopted by reference only if the criminal penalty provided by the law adopted does not exceed the maximum fine and term of imprisonment for a simple misdemeanor under section 903.1, subsection 1, paragraph “a”.

(3) Amendments or other changes to those portions of the Code of Iowa which have been adopted by reference shall serve as an automatic modification of the applicable ordinance.

b. An ordinance which adopts by reference any portion of the Code of Iowa may provide that violations of the ordinance are county infractions and subject to the limitations of section 331.307.

6. a. A proposed ordinance or amendment
shall be considered and voted on for passage at two meetings of the board prior to the meeting at which it is to be finally passed, unless this requirement is suspended by a recorded vote of not less than a majority of the supervisors.

b. However, if a summary of the proposed ordinance or amendment is published as provided in section 331.305 prior to its first consideration and copies are available at the time of publication at the office of the auditor, the ordinance or amendment shall be considered and voted on for passage at one meeting prior to the meeting at which it is to be finally passed, unless this requirement is suspended by a recorded vote of not less than a majority of the supervisors.

7. Passage of an ordinance, amendment, or resolution requires an affirmative vote of not less than a majority of the supervisors. Each supervisor’s vote on an ordinance, amendment, or resolution shall be recorded.

8. A resolution becomes effective upon passage and an ordinance or amendment becomes a law when a summary of the ordinance or the complete text of the ordinance is published, unless a subsequent effective date is provided within the measure. As used in this subsection, “summary” shall mean a narrative description of the terms and conditions of an ordinance setting forth the main points of the ordinance in a manner calculated to inform the public in a clear and understandable manner the meaning of the ordinance and which shall provide the public with sufficient notice to conform to the desired conduct required by the ordinance. The description shall include the title of the ordinance, an accurate and intelligible abstract or synopsis of the essential elements of the ordinance, a statement that the description is a summary, the location and the normal business hours of the office where the ordinance may be inspected, when the ordinance becomes effective, and the full text of any provisions imposing fines, penalties, forfeitures, fees, or taxes. Legal descriptions of property set forth in ordinances shall be described in full, provided that maps or charts may be substituted for legal descriptions when they contain sufficient detail to clearly define the area with which the ordinance is concerned. The narrative description shall be written in a clear and coherent manner and shall, to the extent possible, avoid the use of technical or legal terms not generally familiar to the public. When necessary to use technical or legal terms not generally familiar to the public, the narrative description shall include definitions of those terms.

9. The auditor shall promptly record each measure, publish a summary of all ordinances or a complete text of the ordinances and amendments as provided in section 331.305, authenticate all measures except motions with signature and certification as to time and manner of publication, if any, and maintain for public use copies of all effective ordinances and codes. A copy of the complete text of an ordinance or amendment shall also be available for distribution to the public at the office of the county auditor. The auditor’s certification is presumptive evidence of the facts stated therein.

10. a. At least once every five years, the board shall compile a code of ordinances containing all of the county ordinances in effect.

(1) If a proposed code of ordinances contains only existing ordinances edited and compiled without change in substance, the board may adopt the code by ordinance.

(2) If a proposed code of ordinances contains a proposed new ordinance or amendment, the board shall hold a public hearing on the proposed code before adoption. The auditor shall publish notice of the hearing as provided in section 331.305. Copies of the proposed code of ordinances shall be available at the auditor’s office and the notice shall so state. Within thirty days after the hearing, the board may adopt the proposed code of ordinances which becomes law upon publication of the ordinance adopting it. If the board substantially amends the proposed code of ordinances after a hearing, notice and hearing shall be repeated.

b. Ordinances and amendments which become effective after adoption of a code of ordinances may be compiled as a supplement to the code, and upon adoption of the supplement by resolution, become part of the code of ordinances.

c. An adopted code of ordinances is presumptive evidence of the passage, publication, and content of the ordinances therein as of the date of the auditor’s certification of the ordinance adopting the code or supplement.

11. The compensation paid to a newspaper for a publication required by this section shall not exceed the fee provided in section 618.11. The compensation paid to a newspaper for publication of the complete text of an ordinance shall not exceed three-fourths of the fee provided in section 618.11.

12. The board may adopt the provisions of a statewide or nationally recognized standard code or portions of any such code by an ordinance which identifies the code by subject matter, source, and date, and incorporates the provisions either by reference or by setting them forth in full. The code or portion shall be adopted only after notice and hearing in the manner provided in subsection 10.

13. Immediately after the effective date of a measure establishing a zoning district, building lines, or fire limits, the auditor shall certify the measure and a plat showing the district, lines, or limits, to the recorder. The recorder shall record the measure and plat in the miscellaneous record or other book provided for special records, and shall index the record.

14. A measure voted upon is not invalid be-
cause a supervisor has a conflict of interest, unless the vote of the supervisor was decisive to passage of the measure. If a majority or unanimous vote of the board is required by statute, the majority or vote shall be computed on the basis of the number of supervisors not disqualified by reason of conflict of interest. However, a majority of all supervisors is required for a quorum. For the purposes of this subsection, the statement of a supervisor that the supervisor declines to vote by reason of conflict of interest is conclusive and shall be entered of record.

15. A valid measure adopted by a county prior to July 1, 1981, remains valid unless the measure is irreconcilable with a state law.

16. A county shall not provide a civil penalty in excess of seven hundred fifty dollars for the violation of an ordinance which is classified as a county infraction or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. A county infraction is not punishable by imprisonment.

After all objections have been received and considered, the board, at that meeting or a date to which it is adjourned, may take additional action for the issuance of the bonds or abandon the proposal to issue the bonds. Any resident or property owner of the county may appeal the decision of the board to take additional action to the district court of the county, within fifteen days after the additional action is taken, but the additional action of the board is final and conclusive unless the court finds that the board exceeded its authority. The provisions of this subsection with respect to notice, hearing, and appeal, are in lieu of any other law.

3. a. Notwithstanding subsection 2, a board may institute proceedings for the issuance of bonds for an essential county purpose specified in section 331.441, subsection 2, paragraph "b", subparagraph (18) or (19), in an amount equal to or greater than three million dollars by causing a notice of the proposal to issue the bonds, including a statement of the amount and purpose of the bonds, together with the maximum rate of interest which the bonds are to bear, and the right to petition for an election, to be published at least once in a newspaper of general circulation within the county at least ten days prior to the meeting at which it is proposed to take action for the issuance of the bonds.

b. If at any time before the date fixed for taking action for the issuance of the bonds, a petition is filed with the county auditor, signed by eligible electors of the county equal in number to twenty percent of the persons in the county who voted for the office of president of the United States at the last preceding general election that had such office
on the ballot, asking that the question of issuing the bonds be submitted to the registered voters of the county; the board shall either by resolution declare the proposal to issue the bonds to have been abandoned or shall direct the county commissioner of elections to call a special election upon the question of issuing the bonds. Notice of the election and its conduct shall be in the manner provided in section 331.442.

If a petition is not filed, or if a petition is filed and the proposition of issuing the bonds is approved at an election, the board may proceed with the authorization and issuance of the bonds.

331.447 Taxes to pay bonds.

1. Taxes for the payment of general obligation bonds shall be levied in accordance with chapter 76, and the bonds are payable from the levy of unlimited ad valorem taxes on all the taxable property within the county through its debt service fund required by section 331.430 except that:

   a. The amount estimated and certified to apply on principal and interest for any one year shall not exceed the maximum rate of tax, if any, provided by this division for the purpose for which the bonds were issued. If general obligation bonds are issued for different categories, as provided in section 331.445, the maximum rate of levies, if any, for each purpose shall apply separately to that portion of the bond issue for that category and the resolution authorizing the bond issue shall clearly set forth the annual debt service requirements with respect to each purpose in sufficient detail to indicate compliance with the rate of tax levy, if any.

   b. The amount estimated and certified to apply on principal and interest for any one year may only exceed the statutory rate of levy limit, if any, by the amount that the registered voters of the county have approved at a special election, which may be held at the same time as the general election and may be included in the proposition authorizing the issuance of bonds, if an election on the proposition is necessary, or may be submitted as a separate proposition at the same election or at a different election. Notice of the election shall be given as specified in section 331.305.

   (1) If the proposition includes issuing bonds and increasing the levy limit, it shall be in substantially the following form:

     Shall the county of . . . . . . . . , state of Iowa, be authorized to . . . . . . . . . . . . . . (here state purpose of project) and issue its general obligation bonds in an amount not exceeding the amount of $ . . . . . . . . . for that purpose, and be authorized to levy annually a tax not exceeding . . . . . . . . dollars and . . . . cents per thousand dollars of the assessed value of the taxable property within the county to pay the principal of and interest on the bonds?

   (2) If the proposition includes only increasing the levy limit it shall be in substantially the following form:

     Shall the county of . . . . . . . . , state of Iowa, be authorized to . . . . . . . . . . . . . . (here state purpose of project) and issue its general obligation bonds in an amount not exceeding the maximum rate of tax, if any, provided by this division for the purpose for which the bonds were issued.

   2. A statutory or voted tax levy limitation does not limit the source of payment of bonds and interest, but only restricts the amount of bonds which may be issued.

   3. For the sole purpose of computing the amount of bonds which may be issued as the result of the application of a statutory or voted tax levy limitation, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year's interest on the first annual levy of taxes to pay the bonds and interest does not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies, the first annual levy of taxes shall be sufficient to pay all principal and interest on the bonds becoming due prior to the next succeeding annual levy and the full amount of the annual levy shall be entered for collection as provided in chapter 76.

However, in counties having a population of two hundred twenty-five thousand or over, the levy for taxes payable in the fiscal year beginning July 1, 2001, and for subsequent fiscal years, for improvements and maintenance of the hospital shall not exceed two dollars and five cents per thousand dollars of assessed value in any one year.

b. The proceeds of the taxes constitute the county public hospital fund. The fund is subject to review by the board of supervisors in counties having a population of two hundred twenty-five thousand or over. However, the board of trustees of a county hospital, where funds are available in the county public hospital fund of the county which are unappropriated, may use the unappropriated funds for erecting and equipping hospital buildings and additions to the hospital buildings without authority from the voters of the county.

If revenue bonds are issued and outstanding under section 331.461, subsection 2, paragraph “d”, the board may levy a tax to pay operating and maintenance expenses in lieu of the authority otherwise contained in this section not to exceed twenty-seven cents per thousand dollars of assessed value or not to exceed one dollar and twenty-one and one-half cents per thousand dollars of assessed value for improvements and maintenance of the hospital in counties having a population of two hundred twenty-five thousand or over.

The Iowa department of public health shall establish guidelines to be followed by counties in implementing the local planning process which shall require legal notice, public hearings, and a referendum in accordance with this subsection prior to the authorization of any new levy or a change in the use of a levy. The notice shall describe the new levy or the change in the use of the levy, indicate the date and location of the hearing, and shall be published at least once each week for two consecutive weeks in a newspaper having general circulation in the county. The hearing shall not take place prior to two weeks after the second publication.

b. Enhancement of rural health services for which the tax levy may be used includes but is not limited to emergency medical services, health care services shared with other hospitals, rural health clinics, and support for rural health care practitioners and public health services.

c. When alternative use of funds from the tax levy is proposed in a county with a county hospital organized under this chapter, use of the funds shall be agreed upon by the elected board of trustees of the county hospital. When alternative use of funds from the tax levy is proposed in a county without a county hospital organized under this chapter, use of the funds shall be agreed upon by the board of supervisors and any publicly elected hospital board of trustees within the county prior to submission of the question to the voters.

d. Moneys raised from a tax levied in accordance with this subsection for the purpose of enhancing rural health services in a county without a county hospital shall be designated and administered by the board of supervisors in a manner consistent with the purposes of the levy.

1. The board of trustees of any sanitary district organized under this chapter shall have power to provide for the disposal of the sewage thereof, including the sewage and drainage of any city or village within the boundaries of such district; to acquire, lay out, locate, establish, construct, maintain, and operate one or more drains, conduits, treatment plants, disposal plants, pumping plants, works, ditches, channels, and outlets of such capacity and character as may be required for the treatment, carrying off, and disposal of the sewage and industrial wastes and other drainage incidental thereto of such district; to lay out, establish, construct, maintain, and operate all such adjuncts, additions, auxiliary improvements, and works as may be necessary or proper for accomplishment of the purposes intended, and to procure supplies of water for operating, diluting, and flushing purposes; to maintain, repair, change, enlarge, and add to such facilities, improvements, and works as may be necessary or proper to meet the future requirements for the purposes aforesaid; and, when necessary for such purposes, any such facilities, improvements, and works and the maintenance and operation thereof may extend beyond the limits of such district, and the rights and powers of said board of trustees in respect thereto shall be the same as if located within said district, provided, no taxes shall be levied upon any property outside of such district; and provided further, that the district shall be liable for all damages sustained beyond its limits in consequence of any work or improvement authorized hereunder.

The board of trustees, however, may upon such petition of property owners representing at least twenty-five percent of the valuation of property not included within the district as constituted which seeks benefit from the operation of such sanitary district, include such property and the area involved within the limits of such sanitary district, and such added areas shall be subject to the same taxation as other portions of the district.

Nothing contained herein shall be construed to authorize or empower such board of trustees to operate a system of waterworks for the purpose of furnishing water to the inhabitants of the district, or to construct, maintain, or operate local municipal sewerage facilities, or to deprive municipalities within the district of their powers to construct
and operate sewers for local purposes within their limits.

The board of trustees of such sanitary district may, however, upon petition of the council or governing body of any incorporated city within the sanitary district, contract with such city to undertake the operation of local municipal sewage facilities as part of the functioning of the sanitary district and make an agreement with such municipality for the levying of additional sewer or sewage disposal taxes, which taxes shall be levied by the municipality as now provided by law.

1. Any sanitary district may by ordinance establish just and equitable rates, charges, or rentals for the utilities and services furnished by the district to be paid to the district by every person, firm, or corporation whose premises are served by a connection to the utilities and services directly or indirectly. The rates, charges, or rentals, as near as may be in the judgment of the board of trustees of the district, shall be equitable and in proportion to the services rendered and the cost of the services, and taking into consideration in the case of the premises the quantity of sewage produced thereby and its concentration, strength, and pollution qualities. The board of trustees may also contract pursuant to chapter 28E with one or more city utilities or combined utility systems, including city utilities established pursuant to chapter 388, for joint billing or collection, or both, of combined service accounts for sanitary district services and utility services, and the contracts may provide for the discontinuance of one or more of the sanitary district services or water utility services if a delinquency occurs in the payment of any charges billed under a combined service account. The rates, charges, or rentals, if not paid when due, shall constitute a lien upon the real property served by a connection. The lien

However, the board of trustees shall not regulate, restrict the use, or require the connection of a private sewage disposal facility previously approved by the county board of health pursuant to section 455B.172 without the prior approval of that board of health.

If the property owner does not perform an action required under the preceding paragraph within a reasonable time after notice and hearing, the board of trustees may perform the required action and assess the costs of the action against the property for collection in the same manner as a property tax. The notice shall state the nature of the action and the time within which the action is required to be performed by the property owner, state the date, time, and place where the property owner will be heard by the board of trustees for the purpose of stating why the intended action should not be required, and shall be given by certified mail to the property owner as shown on the records of the county auditor not less than four nor more than twenty days before the date of the hearing.

However, in the event of an emergency when the delay of notice and hearing might cause serious loss or injury to persons or property within the district, the board of trustees may perform any action which may be required under this section without prior notice and hearing, and assess the cost as provided in this section, following notice to the property owner and hearing in the time and manner provided in the preceding paragraph. In that event the board of trustees shall, by resolution, make a finding of the necessity to institute emergency proceedings under this section, and shall procure a certificate from a competent licensed professional engineer or registered architect certifying that emergency action is necessary.

3. If any amount assessed against property pursuant to this section will exceed one hundred dollars, the board of trustees may permit the assessment to be paid in up to ten annual installments, in the manner and with the same interest rates as provided for assessments against benefited property under chapter 384, division IV.

4. An assessment levied pursuant to this section, including all interest and penalties, is a lien against the property with respect to which action was taken from the date of filing the schedule of assessments until the assessment is paid. Assessments have equal precedence with ordinary taxes and are not divested by judicial sale.

5. The procedures for making and levying an assessment pursuant to this section and for an appeal of the assessment are the same procedures as provided in sections 384.59 through 384.67 and sections 384.72 through 384.75, except that any notice required in those sections to be published in a newspaper may be sent by certified mail to the owner of the property to be assessed as shown on the records of the county auditor in lieu of the publication. The references in those sections to the city council are applicable to the board of trustees.

$358.20 Rentals and charges.

1. Any sanitary district may by ordinance establish just and equitable rates, charges, or rentals for the utilities and services furnished by the district to be paid to the district by every person, firm, or corporation whose premises are served by a connection to the utilities and services directly or indirectly. The rates, charges, or rentals, as near as may be in the judgment of the board of trustees of the district, shall be equitable and in proportion to the services rendered and the cost of the services, and taking into consideration in the case of the premises the quantity of sewage produced thereby and its concentration, strength, and pollution qualities. shall have equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

2. Sewer rentals, charges, or rates may supplant or replace, in whole or in part, any monetary levy of taxes which may be, or have been, authorized by the board of trustees for any of the following purposes:
   a. To meet interest and principal payments on bonds legally authorized for the financing of sanitary utilities in any manner.
   b. To pay costs of the construction, maintenance, or repair of such sanitary facilities or utilities, including payments to be made under any contract between municipalities for either the joint use of sewerage or sewage facilities, or for the use by one municipality of all or a part of the sewerage or sewer system of another municipality.

3. When a sewer rental ordinance has been passed and put into effect, prior ordinances or resolutions providing for monetary levy of taxes against real and personal property for such purposes, or the portion thereof replaced, may be repealed.

CHAPTER 364
POWERS AND DUTIES OF CITIES

364.2 Vesting of power — franchises.
1. A power of a city is vested in the city council except as otherwise provided by a state law.
2. The enumeration of a specific power of a city does not limit or restrict the general grant of home rule power conferred by the Constitution of the State of Iowa. A city may exercise its general powers subject only to limitations expressly imposed by a state or city law.
3. An exercise of a city power is not inconsistent with a state law unless it is irreconcilable with the state law.
4. a. A city may grant to any person a franchise to erect, maintain, and operate plants and systems for electric light and power, heating, telegraph, cable television, district telegraph and alarm, motor bus, trolley bus, street railway or other public transit, waterworks, or gasworks, within the city for a term of not more than twenty-five years. When considering whether to grant, amend, extend, or renew a franchise, a city shall hold a public hearing on the question. Notice of the time and place of the hearing shall be published as provided in section 362.3. The franchise may be granted, amended, extended, or renewed only by an ordinance, but no exclusive franchise shall be granted, amended, extended, or renewed.
   b. Such an ordinance shall not become effective unless approved at an election. The proposal may be submitted by the council on its own motion to the voters at any city election. Upon receipt of a valid petition as defined in section 362.4 requesting that a proposal be submitted to the voters, the council shall submit the proposal at the next regular city election or at a special election called for that purpose before the next regular city election. However, the city council may dispense with such election as to the grant, amendment, extension, or renewal of an electric light and power, heating, or gasworks franchise unless there is a valid petition requesting submission of the proposal to the voters, or the party seeking such franchise, grant, amendment, extension, or renewal requests an election. If a majority of those voting approves the proposal, the city may proceed as proposed. The complete text of the ordinance shall be included on the ballot if conventional paper ballots are used. If an optical scan voting system is used, the proposal shall be stated on the optical scan ballot, and the full text of the ordinance posted for the voters pursuant to section 52.25. All absentee voters shall receive the full text of the ordinance.
   c. Notice of the election shall be published as prescribed in section 49.53 in a newspaper of general circulation in the city.
   d. The person asking for the granting, amending, extending, or renewal of a franchise shall pay the costs incurred in holding the election, including the costs of the notice. A franchise shall not be finally effective until an acceptance in writing has been filed with the council and payment of the costs has been made.
   e. The franchise ordinance may regulate the conditions required and the manner of use of the streets and public grounds of the city, and it may, for the purpose of providing electrical, gas, heating, or water service, confer the power to appropriate and condemn private property upon the person franchised.
   f. A franchise fee assessed by a city may be based upon a percentage of gross revenues generated from sales of the franchisee within the city not to exceed five percent, without regard to the city’s cost of inspecting, supervising, and otherwise regulating the franchise. Franchise fees collected pursuant to an ordinance in effect on May 26, 2009, shall be deposited in the city’s general fund and such fees collected in excess of the amounts necessary to inspect, supervise, and otherwise regulate the franchise may be used by the city for any other purpose authorized by law. Franchise fees collected pursuant to an ordinance that is adopted or amended on or after May 26, 2009, to increase the percentage rate at which franchise fees are assessed shall be credited to the franchise fee account within the city’s general fund and used pursuant to section 384.3A. If a city franchise fee is assessed to customers of a fran-
chise, the fee shall not be assessed to the city as a customer. Before a city adopts or amends a franchise fee rate ordinance or franchise ordinance to increase the percentage rate at which franchise fees are assessed, a revenue purpose statement shall be prepared specifying the purpose or purposes for which the revenue collected from the increased rate will be expended. If property tax relief is listed as a purpose, the revenue purpose statement shall also include information regarding the amount of the property tax relief to be provided with revenue collected from the increased rate. The revenue purpose statement shall be published as provided in section 362.3.

g. If a city grants more than one cable television franchise, the material terms and conditions of any additional franchise shall not give undue preference or advantage to the new franchisee. A city shall not grant a new franchise that does not include the same territory as that of the existing franchise. A new franchisee shall be given a reasonable period of time to build the new system throughout the territory.

5. If provided by ordinance, a city may enter into a chapter 28E agreement for the collection of delinquent parking fines by a county treasurer pursuant to section 321.40 at the time a person applies for renewal of a motor vehicle registration, for violations that have not been appealed or for which appeal has been denied. The city may pay the treasurer a reasonable fee for the collection of such fines, or may allow the county treasurer to retain a portion of the fines collected, as provided in the agreement.

Subsection 4, paragraphs b and f amended

364.3 Limitation of powers.
The following are limitations upon the powers of a city:

1. A city council shall exercise a power only by the passage of a motion, a resolution, an amendment, or an ordinance.

2. For a violation of an ordinance a city shall not provide a penalty in excess of the maximum fine and term of imprisonment for a simple misdemeanor under section 903.1, subsection 1, paragraph “a”. An amount equal to ten percent of all fines collected by cities shall be deposited in the account established in section 602.8108. However, one hundred percent of all fines collected by a city pursuant to section 321.236, subsection 1, shall be retained by the city. The criminal penalty surcharge required by section 911.1 shall be added to a city fine and is not a part of the city’s penalty.

3. A city may not set standards and requirements which are lower or less stringent than those imposed by state law, but may set standards and requirements which are higher or more stringent than those imposed by state law, unless a state law provides otherwise.

4. A city may not levy a tax unless specifically authorized by a state law.

5. A city shall not adopt or enforce any ordinance imposing any registration or licensing system or registration or license fees for or relating to owner-occupied manufactured or mobile homes including the lots, lands, or manufactured home community or mobile home park upon or in which they are located. A city shall not adopt or enforce any ordinance imposing any registration or licensing system, or registration or license fees, or safety or sanitary standards for rental manufactured or mobile homes unless a similar registration or licensing system, or registration or license fees, or safety or sanitary standards are required for other rental properties intended for human habitation. This subsection does not preclude the investigation and abatement of a nuisance or the enforcement of a tiedown system, or the enforcement of any regulations of the state or local board of health if those regulations apply to other rental properties or to owner-occupied housing intended for human habitation.

6. A city shall not provide a civil penalty in excess of seven hundred fifty dollars for the violation of an ordinance which is classified as a municipal infraction or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. A municipal infraction is not punishable by imprisonment.

7. A city which operates a cable communications system shall manage the right-of-way on a competitively neutral and nondiscriminatory basis. Additionally, a city-operated cable communications system shall be required to pay the same fees and charges and comply with other requirements as may be imposed by the city by ordinance or by the terms of a franchise granted by the city, or as may otherwise be imposed by the city, upon any other cable provider. This subsection does not prohibit a city from making an equitable apportionment of franchise requirements between or among cable television providers, in order to eliminate duplication. This subsection shall not be construed to prohibit a city-operated cable communications system from making transfers of surplus as otherwise allowed or from making in-kind contributions as otherwise allowed.

8. a. A city may adopt and enforce an ordinance requiring the construction of a storm shelter at a manufactured home community or mobile home park which is constructed after July 1, 1999. In lieu of requiring construction of a storm shelter, a city may require a community or park owner to provide a plan for the evacuation of community or park residents to a safe place of shelter in times of severe weather including tornadoes and high winds if the city determines that a safe place of shelter is available within a reasonable distance of
§364.4 Property and services outside of city — lease-purchase — insurance.

A city may:

1. a. Acquire, hold, and dispose of property outside the city in the same manner as within. However, the power of a city to acquire property outside the city does not include the power to acquire property outside the city by eminent domain, except for the following, subject to the provisions of chapters 6A and 6B:

   (1) The operation of a city utility as defined in section 362.2.
   (2) The operation of a city franchise conferred the authority to condemn private property under section 364.2.
   (3) The operation of a combined utility system as defined in section 384.80.
   (4) The operation of a municipal airport.
   (5) The operation of a landfill or other solid waste disposal or processing site.
   (6) The use of property for public streets and highways.
   (7) The operation of a multistate entity, of which the city is a participating member, created to provide drinking water that has received or is receiving federal funds, but only if such property is to be acquired for water transmission and service lines, pump stations, water storage tanks, meter houses and vaults, related appurtenances, or supporting utilities.

   b. For the purposes of this subsection:

   (1) “Manufactured home community” means the same as land-leased community defined in sections 335.30A and 414.28A.
   (2) “Mobile home park” means a mobile home park as defined in section 562B.7.
   (3) “Storm shelter” means a single structure or multiple structures designed to provide persons with temporary protection from a storm.

   9. A city shall not adopt or enforce any ordinance imposing any limitation on the amount of rent that can be charged for leasing private residential or commercial property. This subsection does not prevent the right of a city to manage and control residential property in which the city has a property interest.

   10. A city which operates a utility that furnishes gas or electricity shall manage the right-of-way on a competitively neutral and nondiscriminatory basis. Such city utility shall be required to pay the fees and charges computed in the same manner as those fees and charges which are imposed by the city upon any other provider of a similar service within the corporate boundaries of the city. Such city utility shall also comply with the terms of the franchise granted by the city to the provider of a similar service. This subsection shall not be construed to prohibit the city utility from making transfers of surplus as otherwise allowed or from making in-kind contributions as otherwise allowed. However, a city shall not require that transfers from the city utility be in excess of the franchise fee amount imposed upon the provider of a similar service unless otherwise agreed.

   a. The uniform housing code promulgated by the international conference of building officials.
   b. The housing code promulgated by the American public health association.
   c. The basic housing code promulgated by the building officials conference of America.
   d. The standard housing code promulgated by the southern building code congress international.
   e. Housing quality standards promulgated by the United States department of housing and urban development for use in assisted housing programs.

2. Every city with a population of fifteen thousand or more which has not adopted another housing code under this section by January 1, 1981, is subject to and shall be considered to have adopted the uniform housing code promulgated by the international conference of building officials, as amended to January 1, 1980. A city which reaches a population of fifteen thousand, as determined after July 1, 1980, has six months after such determination to comply with this section.

3. a. A city which adopts or is subject to a housing code under this section shall adopt enforcement procedures, which shall include a program for regular rental inspections, rental inspections upon receipt of complaints, and certification of inspected rental housing, and may include but are not limited to the following:
   (1) A schedule of civil penalties or criminal fines for violations. A city may charge the owner of housing a late payment fee of twenty-five dollars and may add interest of up to one and one-half percent per month if a penalty or fine imposed under this subparagraph is not paid within thirty days of the date that the penalty or fine is due. The city shall send a notice of the late payment fee to such owner by first class mail to such owner's personal or business mailing address. The late payment fee and the interest shall not accrue if such owner files an appeal with either the city, if the city has established an appeals procedure, or the district court. Any unpaid penalty, fine, fee, or interest shall constitute a lien on the real property and may be collected in the same manner as a property tax. However, before a lien is filed, the city shall send a notice of intent to file a lien to the owner of the housing by first class mail to such owner's personal or business mailing address.
   (2) Authority for the issuance of orders requiring violations to be corrected within a reasonable time.
   (3) Authority for the issuance of citations pursuant to sections 805.1 to 805.5 upon a failure to satisfactorily remedy a violation.
   (4) Authority, if other methods have failed, for an officer to contract to have work done as necessary to remedy a violation, the cost of which shall be assessed to the violator and constitute a lien on the property until paid.
   (5) An escrow system for the deposit of rent which will be applied to the costs of correcting violations.
   (6) Mediation of disputes based upon alleged violations.
   (7) Injunctive procedures.
   (8) Authority by ordinance to provide that no rent shall be recoverable by the owner or lessee of any dwelling which does not comply with the housing code adopted by the city until such time as the dwelling does comply with the housing code adopted by the city.
   b. The enforcement procedures shall be designed to improve housing conditions rather than to displace persons from their homes.

4. A city which is subject to the uniform housing code or which adopts another housing code under this section may provide reasonable variances for existing structures which cannot practically meet the standards in the code but are not unsafe for habitation.

5. Cities may establish reasonable fees for inspection and enforcement procedures. A city may charge the owner of housing a late payment penalty of twenty-five dollars and may add interest of up to one and one-half percent per month if a fee imposed under this subsection is not paid within thirty days of the date that the fee is due. The city shall send a notice of the late payment penalty to such owner by first class mail to the owner's personal or business mailing address. The late payment penalty and the interest shall not accrue if such owner files an appeal with either the city, if the city has established an appeals procedure, or the district court. Any unpaid fee, penalty, or interest shall constitute a lien on the real property and may be collected in the same manner as a property tax. However, before a lien is filed, the city shall send a notice of intent to file a lien to the owner of the housing by first class mail to such owner's personal or business mailing address.

6. Cities with populations of less than fifteen thousand may comply with this section.
7. A city may adopt housing code provisions which are more stringent than those in the model housing code it adopts or to which it is subject under this section.

§364.22 Municipal infractions.
1. a. A municipal infraction is a civil offense punishable by a civil penalty of not more than seven hundred fifty dollars for each violation or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. However, notwithstanding section 364.3, a municipal infraction arising from noncompliance with a pretreatment standard or requirement, referred to in 40 C.F.R. § 403.8, by an industrial user may be punishable by a civil penalty of not more than one thousand dollars for each day a violation exists or continues.

b. (1) A city may classify a municipal infraction, other than a violation arising from noncompliance with a pretreatment standard or requirement, as an environmental violation if the infraction is a violation of chapter 455B or 459, subchapters II and III, or a violation of a standard established by the city in consultation with the department of natural resources, or both. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, unless the person is engaged in industrial production or manufacturing of grain products. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person engaged in industrial production or manufacturing of grain products, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, if the discharge occurs from September 15 to January 15. A municipal infraction which is classified an environmental violation is punishable by a civil penalty of not more than one thousand dollars for each occurrence. A person committing an environmental violation is not subject to a civil penalty, if all of the following conditions are satisfied:

(a) The violation results solely from the person conducting an initial start-up, cleaning, repairing, performing scheduled maintenance, testing, or conducting a shutdown, of either equipment causing the violation or the equipment designed to reduce or eliminate the violation.

(b) The person notifies the city of the violation within twenty-four hours from the time that the violation begins.

(c) The violation does not continue in existence for more than eight hours.

(2) A city shall not enforce this section against a person committing an environmental violation, unless the city offers to participate in informal negotiations with the person. If the person accepts the offer, the city and the person shall participate in good faith negotiations to resolve issues alleged to be the basis for the violation.

2. A city by ordinance may provide that a violation of an ordinance is a municipal infraction.

3. A city shall not provide that a violation of an ordinance is a municipal infraction if the violation is a felony, an aggravated misdemeanor, or a serious misdemeanor under state law or if the violation is a simple misdemeanor under chapters 687 through 747.

4. An officer authorized by a city to enforce a city code or regulation may issue a civil citation to a person who commits a municipal infraction. A copy of the citation may be served by personal service as provided in rule of civil procedure 1.305, by certified mail addressed to the defendant at the defendant’s last known mailing address, return receipt requested, or by publication in the manner as provided in rule of civil procedure 1.310.

§364.17 Contracts to provide services to tax-exempt property.
A city council or county board of supervisors may enter into a contract with a person whose property is totally or partially exempt from taxation under chapter 404, chapter 404B, section 427.1, or section 427B.1, for the city or county to provide specified services to that person including but not limited to police protection, fire protection, street maintenance, and waste collection. The contract shall terminate as of the date previously exempt property becomes subject to taxation.
2009 Acts, ch 100, §22, 30
Section amended

§364.22 Municipal infractions.
1. a. A municipal infraction is a civil offense punishable by a civil penalty of not more than seven hundred fifty dollars for each violation or if the infraction is a repeat offense, a civil penalty not to exceed one thousand dollars for each repeat offense. However, notwithstanding section 364.3, a municipal infraction arising from noncompliance with a pretreatment standard or requirement, referred to in 40 C.F.R. § 403.8, by an industrial user may be punishable by a civil penalty of not more than one thousand dollars for each day a violation exists or continues.

b. (1) A city may classify a municipal infraction, other than a violation arising from noncompliance with a pretreatment standard or requirement, as an environmental violation if the infraction is a violation of chapter 455B or 459, subchapters II and III, or a violation of a standard established by the city in consultation with the department of natural resources, or both. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, unless the person is engaged in industrial production or manufacturing of grain products. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain by a person engaged in industrial production or manufacturing of grain products, shall not be subject to an ordinance, the violation of which is classified as an environmental violation, if the discharge occurs from September 15 to January 15. A municipal infraction which is classified an environmental violation is punishable by a civil penalty of not more than one thousand dollars for each occurrence. A person committing an environmental violation is not subject to a civil penalty, if all of the following conditions are satisfied:

(a) The violation results solely from the person conducting an initial start-up, cleaning, repairing, performing scheduled maintenance, testing, or conducting a shutdown, of either equipment causing the violation or the equipment designed to reduce or eliminate the violation.

(b) The person notifies the city of the violation within twenty-four hours from the time that the violation begins.

(c) The violation does not continue in existence for more than eight hours.

(2) A city shall not enforce this section against a person committing an environmental violation, unless the city offers to participate in informal negotiations with the person. If the person accepts the offer, the city and the person shall participate in good faith negotiations to resolve issues alleged to be the basis for the violation.

2. A city by ordinance may provide that a violation of an ordinance is a municipal infraction.

3. A city shall not provide that a violation of an ordinance is a municipal infraction if the violation is a felony, an aggravated misdemeanor, or a serious misdemeanor under state law or if the violation is a simple misdemeanor under chapters 687 through 747.

4. An officer authorized by a city to enforce a city code or regulation may issue a civil citation to a person who commits a municipal infraction. A copy of the citation may be served by personal service as provided in rule of civil procedure 1.305, by certified mail addressed to the defendant at the defendant’s last known mailing address, return receipt requested, or by publication in the manner as provided in rule of civil procedure 1.310 and subject to the conditions of rule of civil procedure 1.311. A copy of the citation shall be retained by the issuing officer, and the original citation shall be sent to the clerk of the district court. The citation shall serve as notification that a civil offense has been committed and shall contain the following information:

a. The name and address of the defendant.

b. The name or description of the infraction attested to by the officer issuing the citation.

c. The location and time of the infraction.

d. The amount of civil penalty to be assessed or the alternate relief sought, or both.

e. The manner, location, and time in which the penalty may be paid.

f. The time and place of court appearance.

g. The penalty for failure to appear in court.

5. In municipal infraction proceedings:

a. The matter shall be tried before a magistrate, a district associate judge, or a district judge in the same manner as a small claim. The matter shall only be tried before a judge in district court if the total amount of civil penalties assessed exceeds the jurisdictional amount for small claims set forth in section 631.1.

b. The city has the burden of proof that the mu-
municipal infraction occurred and that the defendant committed the infraction. The proof shall be by clear, satisfactory, and convincing evidence.

c. The court shall ensure that the defendant has received a copy of the charges and that the defendant understands the charges. The defendant may question all witnesses who appear for the city and produce evidence or witnesses on the defendant’s behalf.

d. The defendant may be represented by counsel of the defendant’s own selection and at the defendant’s own expense.

e. The defendant may answer by admitting or denying the infraction.

f. If a municipal infraction is proven the court shall enter a judgment against the defendant. If the infraction is not proven, the court shall dismiss it.

6. All penalties or forfeitures collected by the court for municipal infractions shall be remitted to the city in the same manner as fines and forfeitures are remitted for criminal violations under section 602.8106. If the person named in the citation is served as provided in this section and fails without good cause to appear in response to the civil citation, judgment shall be entered against the person cited.

7. A person against whom judgment is entered, shall pay court costs and fees as in small claims under chapter 631. If the action is dismissed, the city is liable for the court costs and court fees. Where the action is disposed of without payment, or provision for assessment, of court costs, the clerk shall at once enter judgment for costs against the city.

8. Seeking a civil penalty as authorized in this section does not preclude a city from seeking alternative relief from the court in the same action.

9. a. When judgment has been entered against a defendant, the court may do any of the following:

(1) Impose a civil penalty by entry of a personal judgment against the defendant.

(2) Direct that payment of the civil penalty be suspended or deferred under conditions imposed by the court.

(3) Grant appropriate alternative relief ordering the defendant to abate or cease the violation.

(4) Authorize the city to abate or correct the violation.

(5) Order that the city's costs for abatement or correction of the violation be entered as a personal judgment against the defendant or assessed against the property where the violation occurred, or both.

b. If a defendant willfully violates the terms of an order imposed by the court, the failure is contempt.

c. A magistrate or district associate judge shall have jurisdiction to assess or enter judgment for costs of abatement or correction in an amount not to exceed the jurisdictional amount for a money judgment in a civil action pursuant to section 631.1, subsection 1, for magistrates and section 602.6306, subsection 2, for district associate judges. If the city seeks abatement or correction costs in excess of those amounts, and the matter is not before a judge in district court, the case shall be referred to the district court for hearing and entry of an appropriate order. The procedure for hearing in the district court shall be the same procedure as that for a small claims appeal pursuant to section 631.13.

10. The defendant or the city may file a motion for a new trial or may appeal the decision of a magistrate, district associate judge, or a district judge to the district court. The procedure on appeal shall be the same as for a small claim pursuant to section 631.13. A factual determination made by the trial court, supported by substantial evidence as shown in the record, is binding for purposes of appeal relating to the violation at issue, but shall not be admissible or binding as to any future violation for the same or similar ordinance provision by the same defendant.

11. This section does not preclude a peace officer of a city from issuing a criminal citation for a violation of a city code or regulation if criminal penalties are also provided for the violation. Each day that a violation occurs or is permitted to exist by the defendant, constitutes a separate offense.

12. The issuance of a civil citation for a municipal infraction or the ensuing court proceedings do not provide an action for false arrest, false imprisonment, or malicious prosecution.

13. An action brought pursuant to this section for a municipal infraction which is an environmental violation does not preclude, and is in addition to, any other enforcement action which may be brought pursuant to chapter 455B, 455D, 455E, or 459, subchapters II, III, and VI.

14. A police department may dispose of personal property under section 80.39.

CITY DEVELOPMENT

368.19 Time limit — election.
1. The committee shall approve or disapprove the petition or plan as amended, within ninety days of the final hearing, and shall file its decision for record and promptly notify the parties to the proceeding of its decision. If a petition or plan is approved, the board shall submit the proposal at an election held on a date specified in section 39.2, subsection 4, paragraph “a” or “b”, whichever is applicable, and the county commissioner of elections shall conduct the election. In a case of incorporation or discontinuance, registered voters of the territory or city may vote, and the proposal is authorized if a majority of those voting approves it. In a case of annexation or severance, registered voters of the territory and of the city may vote, and the proposal is authorized if a majority of the total number of persons voting approves it. In a case of consolidation, registered voters of each city to be consolidated may vote, and the proposal is authorized only if it receives a favorable majority vote in each city. The county commissioner of elections shall publish notice of the election as provided in section 49.53 and shall conduct the election in the same manner as other special elections.
2. The city shall provide to the commissioner of elections a map of the area to be incorporated, discontinued, annexed, severed, or consolidated, which must be approved by the commissioner as suitable for posting. The map shall be displayed prominently in at least one place within the voting precinct, and inside each voting booth.
3. The costs of an incorporation election shall be borne by the initiating petitioners if the election fails, but if the proposition is approved the cost shall become a charge of the new city.

CHAPTER 372
ORGANIZATION OF CITY GOVERNMENT

372.13 The council.
1. A majority of all council members is a quorum.
2. A vacancy in an elective city office during a term of office shall be filled, at the council’s option, by one of the following procedures:
   a. By appointment by the remaining members of the council, except that if the remaining members do not constitute a quorum of the full membership, paragraph “b” shall be followed. The appointment shall be for the period until the next pending election as defined in section 69.12, and shall be made within forty days after the vacancy occurs. If the council chooses to proceed under this paragraph, it shall publish notice in the manner prescribed by section 362.3, stating that the council intends to fill the vacancy by appointment but that the electors of the city or ward, as the case may be, have the right to file a petition requiring that the vacancy be filled by a special election. The council may publish notice in advance if an elected official submits a resignation to take effect at a future date. The council may make an appointment to fill the vacancy after the notice is published or after the vacancy occurs, whichever is later. However, if within fourteen days after publication of the notice or within fourteen days after the appointment is made, there is filed with the city clerk a petition which requests a special election to fill the vacancy, an appointment to fill the vacancy is temporary and the council shall call a special election to fill the vacancy permanently, under paragraph “b”. The number of signatures of eligible electors of a city for a valid petition shall be determined as follows:
      (1) For a city with a population of ten thousand or less, at least two hundred signatures or at least the number of signatures equal to fifteen percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.
      (2) For a city with a population of more than ten thousand but not more than fifty thousand, at least one thousand signatures or at least the number of signatures equal to fifteen percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.
      (3) For a city with a population of more than fifty thousand, at least two thousand signatures or at least the number of signatures equal to ten percent of the voters who voted for candidates for the office at the preceding regular election at which the office was on the ballot, whichever number is fewer.
      (4) The minimum number of signatures for a valid petition pursuant to subparagraphs (1) through (3) shall not be fewer than ten. In determin-
maintaining the minimum number of signatures required, if at the last preceding election more than one position was to be filled for the office in which the vacancy exists, the number of voters who voted for candidates for the office shall be determined by dividing the total number of votes cast for the office by the number of seats to be filled.

b. (1) By a special election held to fill the office for the remaining balance of the unexpired term. If the council opts for a special election or a valid petition is filed under paragraph "a", the special election may be held concurrently with any pending election as provided by section 69.12 if by so doing the vacancy will be filled not more than ninety days after it occurs. Otherwise, a special election to fill the office shall be called by the council at the earliest practicable date. The council shall give the county commissioner at least thirty-two days' written notice of the date chosen for the special election. The council of a city where a primary election may be required shall give the county commissioner at least sixty days' written notice of the date chosen for the special election. A special election held under this subsection is subject to sections 376.4 through 376.11, but the dates for actions in relation to the special election shall be calculated with regard to the date for which the special election is called. However, a nomination petition must be filed not less than twenty-five days before the date of the special election and, where a primary election may be required, a nomination petition must be filed not less than fifty-three days before the date of the special election.

(2) If there are concurrent vacancies on the council and the remaining council members do not constitute a quorum of the full membership, a special election shall be called by the county commissioner at the earliest practicable date. The remaining council members shall give notice to the county commissioner of the absence of a quorum. If there are no remaining council members, the city clerk shall give notice to the county commissioner of the absence of a council. If the office of city clerk is vacant, the city attorney shall give notice to the county commissioner of the absence of a clerk and a council. Notice of the need for a special election shall be given under this paragraph by the end of the following business day.

3. The council shall appoint a city clerk to maintain city records and perform other duties prescribed by state or city law.

4. Except as otherwise provided by state or city law, the council may appoint city officers and employees, and prescribe their powers, duties, compensation, and terms. The appointment of a city manager must be made on the basis of that individual's qualifications and not on the basis of political affiliation.

5. The council shall determine its own rules and maintain records of its proceedings. City records and documents, or accurate reproductions, shall be kept for at least five years except that:

a. Ordinances, resolutions, council proceedings, records and documents, or accurate reproductions, relating to the issuance of public bonds or obligations shall be kept for at least eleven years following the final maturity of the bonds or obligations. Thereafter, such records, documents, and reproductions may be destroyed, preserving confidentiality as necessary. Records and documents pertaining to the transfer of ownership of bonds shall be kept as provided in section 76.10.

b. Ordinances, resolutions, council proceedings, records and documents, or accurate reproductions, relating to real property transactions shall be maintained permanently.

6. Within fifteen days following a regular or special meeting of the council, the clerk shall cause the minutes of the proceedings of the council, including the total expenditure from each city fund, to be published in a newspaper of general circulation in the city. The publication shall include a list of all claims allowed and a summary of all receipts and shall show the gross amount of the claims. The list of claims allowed shall show the name of the person or firm making the claim, the reason for the claim, and the amount of the claim. If the reason for the claims is the same, two or more claims made by the same vendor, supplier, or claimant may be consolidated if the number of claims consolidated and the total consolidated claim amount are listed in the statement. However, the city shall provide at its office upon request an unconsolidated list of all claims allowed. Matters discussed in closed session pursuant to section 21.3 shall not be published until entered on the public minutes. However, in cities having more than one hundred fifty thousand population, the council shall each month print in pamphlet form a detailed itemized statement of all receipts and disbursements of the city, and a summary of its proceedings during the preceding month, and furnish copies to the city library, the daily newspapers of the city, and to persons who apply at the office of the city clerk, and the pamphlet shall constitute publication as required. Failure by the clerk to make publication is a simple misdemeanor. The provisions of this subsection are applicable in cities in which a newspaper is published, or in cities of two hundred population or over, but in all other cities, posting the statement in three public places in the city which have been permanently designated by ordinance is sufficient compliance with this subsection.

7. By ordinance, the council may divide the city into wards which shall be drawn according to the following standards:

a. All ward boundaries shall follow precinct boundaries.

b. Wards shall be as nearly equal as practica-
ble to the ideal population determined by dividing
the number of wards to be established into the
population of the city.

_c._ Wards shall be composed of contiguous terri-
tory as compact as practicable.

d._ Consideration shall not be given to the ad-
dresses of incumbent officeholders, political affili-
ations of registered voters, previous election re-
sults, or demographic information other than pop-
ulation head counts, except as required by the
Constitution and the laws of the United States.

8. By ordinance, the council shall prescribe the
compensation of the mayor, council members, and
other elected city officers, but a change in the com-
ensation of the mayor does not become effective
during the term in which the change is adopted,
and the council shall not adopt an ordinance
changing the compensation of the mayor, council
members, or other elected officers during the
months of November and December in the year of
a regular city election. A change in the compen-
sation of council members becomes effective for all
council members at the beginning of the term of
the council members elected at the election next
following the change in compensation. Except as
provided in section 362.5, an elected city officer is
not entitled to receive any other compensation for
any other city office or city employment during
that officer’s tenure in office, but may be reim-
bursed for actual expenses incurred. However, if
the mayor pro tem performs the duties of the may-
or during the mayor’s absence or disability for a
continuous period of fifteen days or more, the may-
or pro tem may be paid for that period the compen-
sation determined by the council, based upon the
mayor pro tem’s performance of the mayor’s duties
and upon the compensation of the mayor.

9. A council member, during the term for
which that member is elected, is not eligible for ap-
pointment to any city office if the office has been
created or the compensation of the office has been
increased during the term for which that member
is elected. A person who resigns from an elective
office is not eligible for appointment to the same of-

CHAPTER 373

CONSOLIDATED METROPOLITAN CORPORATIONS

373.6 Referendum — effective date.

1. If a proposed charter for consolidation is re-
ceived not later than seventy-eight days before the
next general election, the council of the participat-
ing city with the largest population shall, not later
than sixty-nine days before the general election,
direct the county commissioner of elections to sub-
mits to the registered voters of the participating cit-
ties at the next general election the question of
whether the proposed charter shall be adopted. A
summary of the proposed charter shall be pub-
lished in a newspaper of general circulation in
each city participating in the charter commission
process at least ten but not more than twenty days
before the date of the election. The proposed charter shall be effective in regard to a city only if a majority of the electors of the city voting approves the proposed charter.

2. If a proposed charter for consolidation is adopted:
   a. The adopted charter shall take effect July 1 following the election at which it is approved unless the charter provides a later effective date. A special election shall be called to elect the new elective officers.
   b. The adoption of the consolidated metropolitan corporation form of government does not alter any right or liability of any participating city in effect at the time of the election at which the charter was adopted.
   c. All departments and agencies shall continue to operate until replaced.
   d. All ordinances or resolutions in effect remain effective until amended or repealed, unless they are irreconcilable with the adopted charter.
   e. Upon the effective date of the adopted charter, the participating cities shall adopt the consolidation form by ordinance, and shall file a copy with the secretary of state, and maintain available copies for public inspection.

3. If a charter is submitted to the electorate but is not adopted, another charter shall not be submitted to the electorate for two years. If a charter is adopted, it may be amended at any time. If a charter is adopted, a proposed charter for another alternative form of city government shall not be submitted to the electorate for six years.

4. Section 372.2 shall not apply to a charter commission established under this chapter.

CHAPTER 376
CITY ELECTIONS

376.4 Candidacy.
1. a. An eligible elector of a city may become a candidate for an elective city office by filing with the city clerk a valid petition requesting that the elector's name be placed on the ballot for that office. The petition must be filed not more than seventy-one days and not less than forty-seven days before the date of the election, and must be signed by eligible electors equal in number to at least two percent of those who voted to fill the same office at the last regular city election, but not less than ten persons. However, for those cities which may be required to hold a primary election, the petition must be filed not more than eighty-five days and not less than sixty-eight days before the date of the regular city election. Nomination petitions shall be filed not later than 5:00 p.m. on the last day for filing.
   b. The petitioners for an individual seeking election from a ward must be residents of the ward at the time of signing the petition. An individual is not eligible for election from a ward unless the individual is a resident of the ward at the time the individual files the petition and at the time of election.
   c. The petition must include space for the signatures of the petitioners, a statement of their place of residence, and the date on which they signed the petition. A person may sign nomination petitions for more than one candidate for the same office, and the signature is not invalid solely because the person signed nomination petitions for one or more other candidates for the office.
   d. The petition must include the affidavit of the individual for whom it is filed, stating the individual's name, the individual's residence, that the individual is a candidate and eligible for the office, and that if elected the individual will qualify for the office. The affidavit shall also state that the candidate is aware that the candidate is disqualified from holding office if the candidate has been convicted of a felony or other infamous crime and the candidate's rights have not been restored by the governor or by the president of the United States.
   e. If the city clerk is not readily available during normal office hours, the city clerk shall designate other employees or officials of the city who are ordinarily available to accept nomination papers under this section. On the final date for filing nomination papers the office of the city clerk shall remain open until 5:00 p.m.
   f. The city clerk shall review each petition and affidavit of candidacy for completeness following the standards in section 45.5 and shall accept the petition for filing if on its face it appears to have the requisite number of signatures and if it is timely filed. The city clerk shall note upon each petition and affidavit accepted for filing the date and time that they were filed. The clerk shall return any rejected nomination papers to the person on whose behalf the nomination papers were filed.
   g. Nomination papers filed with the city clerk shall be available for public inspection. The city clerk shall deliver all nomination papers together with the text of any public measure being submitted by the city council to the electorate to the county commissioner of elections not later than
5:00 p.m. on the day following the last day on which nomination petitions can be filed.

6. Any person on whose behalf nomination petitions have been filed under this section may withdraw as a candidate by filing a signed statement to that effect as prescribed in section 44.9.

Objections to the legal sufficiency of petitions shall be filed in accordance with the provisions of sections 44.4, 44.5, and 44.8.

CHAPTER 380
CITY LEGISLATION

380.10 Adoption by reference.
1. A city may adopt the provisions of any statewide or nationally recognized standard code or portions of any such code by an ordinance which identifies the code by subject matter, source and date, and which incorporates the provisions of the code or portions of the code by reference without setting them forth in full. Copies of the proposed code or portions of such code shall be available at the office of the city clerk.

2. a. A city may by ordinance adopt by reference any portion of the Code of Iowa in effect at the time of the adoption in the manner provided in this section, subject to the following limitations:
(1) The ordinance shall describe the subject matter and identify the portion of the Code of Iowa adopted by chapter, section, and subsection or other subpart, as applicable.
(2) A portion of the Code of Iowa may be adopted by reference only if the criminal penalty provided by the law adopted does not exceed the maximum fine and term of imprisonment for a simple misdemeanor under section 903.1, subsection 1, paragraph “a”.
(3) Amendments or other changes to those portions of the Code of Iowa which have been adopted by reference shall serve as an automatic modification of the applicable ordinance.

b. An ordinance which adopts by reference any portion of the Code of Iowa may provide that violations of the ordinance are municipal infractions and subject to the limitations of section 364.22.

3. Copies of any portions of the Code of Iowa to be adopted by reference shall be available at the city clerk’s office. The council shall hold a public hearing on any proposed standard code or the portions of any standard code to be adopted by reference. The council shall hold a public hearing on any portion of the Code of Iowa to be adopted by reference. The clerk shall publish notice of the hearing as provided in section 362.3. The notice must state that copies of the proposed standard code or portions thereof, or of the portion of the Iowa Code, are available at the city clerk’s office. If the council substantially amends the proposed code after the hearing, notice and hearing must be repeated before the code may be adopted. Within thirty days after the hearing, the council by ordinance may adopt the proposed code which becomes effective upon publication of the ordinance adopting it, unless a subsequent effective date is provided within the adopting ordinance.

CHAPTER 384

All revenues collected by a city pursuant to such an ordinance shall be deposited in the account. Interest earned on revenues deposited in the account shall remain in the account and be used for the purposes specified in this section. Moneys in the account are not subject to transfer to any other accounts in the city's general fund or to any other funds established by a city unless such transfer is for a purpose specified in this section.

2. Moneys in the account shall be used for the purposes of inspecting, supervising, and otherwise regulating each franchise approved by the city.

3. Moneys in the account in excess of the amount necessary for the purposes specified in subsection 2 shall be expended for any of the following:
   a. Property tax relief.
   b. The repair, remediation, restoration, cleanup, replacement, and improvement of existing public improvements and other publicly owned property, buildings, and facilities.

§384.12 Additional taxes.
A city may certify, for the general fund levy, taxes which are not subject to the limit provided in section 384.1, and which are in addition to any other moneys the city may wish to spend for such purposes, as follows:

1. A tax not to exceed thirteen and one-half cents per thousand dollars of assessed value for the support of instrumental or vocal musical groups, one or more organizations which have tax-exempt status under section 501(c)(3) of the Internal Revenue Code and are organized and operated exclusively for artistic and cultural purposes, or any of these purposes, subject to the following:
   a. Upon receipt of a petition valid under the provisions of section 362.4, the council shall submit to the voters at the next regular city election the question of whether a tax shall be levied.
   b. If a majority approves the levy, it may be imposed.
   c. The levy can be eliminated by the same procedure of petition and election.
   d. A tax authorized by an election held prior to the effective date of the city code may be continued until eliminated by the council, or by petition and election.

2. A tax not to exceed eighty-one cents per thousand dollars of assessed value for development, operation, and maintenance of a memorial building or monument, subject to the provisions of subsection 1.

3. A tax not to exceed thirteen and one-half cents per thousand dollars of assessed value for support of a symphony orchestra, subject to the provisions of subsection 1.

1. The governing body of a city utility, combined utility system, city enterprise, or combined city enterprise may establish, impose, adjust, and provide for the collection of rates and charges to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the city utility, combined utility system, city enterprise, or combined city enterprise. When revenue bonds or pledge orders are issued and outstanding pursuant to this division, the governing body shall establish, impose, adjust, and provide for the collection of rates to produce gross revenues at least sufficient to pay the expenses of operation and maintenance of the city utility, combined utility system, city enterprise, or combined city enterprise, and to leave a balance of net revenues sufficient to pay the principal of and interest on the revenue bonds and pledge orders as they become due and to maintain a reasonable reserve for the payment of principal and interest, and a sufficient portion of net revenues must be pledged for that purpose. Rates must be established by ordinance of the council or by resolution of the trustees, published in the same manner as an ordinance.

2. The governing body of a city water or waste-
waste disposal, or any of these services, if not paid as provided by ordinance of the council or resolution of the trustees, are a lien upon the property or premises served by any of these services upon certification to the county treasurer that the rates or charges are due.

(2) If the delinquent rates or charges were incurred prior to the date a transfer of the property or premises in fee simple is filed with the county recorder and such delinquencies were not certified to the county treasurer prior to such date, the delinquent rates or charges are not eligible to be certified to the county treasurer. If certification of such delinquent rates or charges is attempted subsequent to the date a transfer of the property or premises in fee simple is filed with the county recorder, the county treasurer shall return the certification to the city utility, city enterprise, or combined city enterprise attempting certification along with a notice stating that the delinquent rates or charges cannot be made a lien against the property or premises.

(3) If the city utility, city enterprise, or combined city enterprise is prohibited under subparagraph (2) from certifying delinquent rates or charges against the property or premises served by the services described in subparagraph (1), the city utility, city enterprise, or combined city enterprise may certify the delinquent rates or charges against any other property or premises located in this state and owned by the account holder in whose name the rates or charges were incurred.

b. The lien under paragraph "a" may be imposed upon a property or premises even if a city utility or enterprise service to the property or premises has been or may be discontinued as provided in this section.

c. A lien for a city utility or enterprise service under paragraph "a" shall not be certified to the county treasurer for collection unless prior written notice of intent to certify a lien is given to the account holder in whose name the delinquent rates or charges were incurred at least thirty days prior to certification. If the account holder is a tenant, and if the owner or landlord of the property or premises has made a written request for notice, the notice shall also be given to the owner or landlord. The notice shall be sent to the appropriate persons by ordinary mail not less than thirty days prior to certification of the lien to the county treasurer.

d. Residential rental property where a charge for water service is separately metered and paid directly to the city utility or enterprise by the tenant is exempt from a lien for delinquent rates or charges associated with such water service if the landlord gives written notice to the city utility or enterprise that the property is residential rental property and that the tenant is liable for the rates or charges. A city utility or enterprise may require a deposit not exceeding the usual cost of ninety days of water service to be paid to the utility or enterprise. Upon receipt, the utility or enterprise shall acknowledge the notice and deposit. A written notice shall contain the name of the tenant responsible for charges, address of the residential rental property that the tenant is to occupy, and the date that the occupancy begins. A change in tenant shall require a new written notice to be given to the city utility or enterprise within thirty business days of the change in tenant. When the tenant moves from the rental property, the city utility or enterprise shall return the deposit if the water service charges are paid in full. A change in the ownership of the residential rental property and the lien exemption for rental property does not apply to charges for repairs to a water service if the repair charges become delinquent.

5. A lien shall not be imposed pursuant to this section for a delinquent charge of less than five dollars. The governing body of the city utility or enterprise may charge up to five dollars, and the county treasurer may charge up to five dollars, as an administrative expense of certifying and filing this lien, which amounts shall be added to the amount of the lien to be collected at the time of payment of the assessment from the payor. Administrative expenses collected by the county treasurer on behalf of the city utility or enterprise shall be paid to the governing body of the city utility or enterprise, and those collected by the county treasurer on behalf of the county shall be credited to the county general fund. The lien has equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

6. A governing body may declare all or a certain portion of a city as a storm water drainage system district for the purpose of establishing, imposing, adjusting, and providing for the collection of rates as provided in this section. The ordinance provisions for collection of rates of a storm water drainage system may prescribe a formula for determination of the rates which may include criteria and standards by which benefits have been previously determined for special assessments for storm water public improvement projects under this chapter.

7. a. The governing body of a city utility, combined utility system, city enterprise, or combined city enterprise may:

(1) By ordinance of the council or by resolution of the trustees published in the same manner as an ordinance, establish, impose, adjust, and provide for the collection of charges for connection to a city utility or combined utility system.

2. 4. If a petition is not filed, or if a petition is filed and the proposition is approved at an election, the council may issue the revenue bonds.

5. If a city is required by the federal environmental protection agency to file application for storm water sewer discharge or storm water drainage system under the federal Clean Water Act of 1987, this section does not apply to that city with respect to improvements and facilities required for compliance with EPA regulations, or any city that enters into a chapter 28E agreement to implement a joint storm water discharge or drainage system with a city that is required by the federal environmental protection agency to file application for storm water discharge or storm water drainage system.

   b. "Employer" means the individual employed in a targeted job that is subject to a withholding agreement.
   c. "Employer" means a business creating targeted jobs in an urban renewal area of a pilot project city pursuant to a withholding agreement.
   d. "Pilot project city" means a city that has applied and been approved as a pilot project city pursuant to subsection 2.
   e. "Qualifying investment" means a capital investment in real property including the purchase price of land and existing buildings, site preparation, building construction, and long-term lease costs. "Qualifying investment" also means a capital investment in depreciable assets.

"Targeted job" includes new jobs from Iowa business expansions or retentions within the city limits of the pilot project city and those jobs resulting from established out-of-state businesses, as defined by the department of economic development, moving to or expanding in Iowa.

Applications from eligible cities filed on or after October 1, 2006, shall not be considered.

   (2) If a pilot project city does not enter into a withholding agreement within one year of its approval as a pilot project city, the city shall lose its status as a pilot project city. If two pilot project cities are located in the same county, the loss of status by one pilot project city shall not cause the second pilot project city in the county to lose its status as a pilot project city. Notice shall be provided promptly to the department of revenue following termination.

(1) If the employer ceases to meet the requirements of the withholding agreement, the agreement shall be terminated and any withholding tax credits for the benefit of the employer shall cease. However, in regard to the number of new jobs that are to be created, if the employer has met the number of new jobs to be created pursuant to the withholding agreement and subsequently the number of new jobs falls below the required level, the employer shall not be considered as not meeting the new job requirement until eighteen months after the date of the decrease in the number of new jobs created.

(2) A list of any other amounts of incentives or assistance the employer may be receiving from other economic development programs, including grants, loans, forgivable loans, and tax credits.

(3) The approval of local participating authorities.

b. Amounts incurred for architectural and engineering fees, site survey fees, legal expenses, insurance premiums, development fees, and other construction-related costs are qualified rehabilitation costs to the extent they are added to the basis for tax purposes of the eligible property.

c. Costs of sidewalks, parking lots, and landscaping do not constitute qualified rehabilitation costs.

3. For purposes of individual and corporate income taxes and the franchise tax, the increase in the basis of the rehabilitated property that would otherwise result from the qualified rehabilitation costs shall be reduced by the amount of the credit computed under this chapter.

§404A.3 Approval of rehabilitation project.

1. a. In order for costs of a rehabilitation project to qualify for a tax credit, the rehabilitation project must receive approval from the state historic preservation office of the department of cultural affairs.

b. Applications for approvals from the state historic preservation office of the department of cultural affairs shall be on forms approved by the department of Revenue, the state historic preservation office of the department of cultural affairs, and the department of cultural affairs. A completion certificate shall identify the person claiming the tax credit under this chapter and the qualified rehabilitation costs incurred up to the two years preceding the completion date.

c. The approval process shall not exceed ninety days beginning from the date on which a completed application is received by the state historic preservation office. After the ninety-day limit, the rehabilitation project is deemed to be approved unless the state historic preservation office has denied the application or contacted the applicant for further information regarding the application.

2. The state historic preservation office shall establish selection criteria and standards for rehabilitation projects involving eligible property. The main emphasis of the standards shall be to ensure that a rehabilitation project maintains the integrity of the eligible property. To the extent applicable, the standards shall be consistent with the standards of the United States secretary of the interior for rehabilitation of eligible property.

3. a. A rehabilitation project for which the state historic preservation office has reserved tax credits pursuant to section 404A.4 shall begin rehabilitation of the property before the end of the fiscal year in which the project application was approved and for which the tax credits were reserved.

b. The eligible property shall be placed in service within thirty-six months of the date on which the project application was approved. For purposes of this section, "placed in service" has the same meaning as used for purposes of section 47 of the Internal Revenue Code. The department may provide by rule for the allowance of additional time to complete a project.

c. A rehabilitation project for which a project application was approved and tax credits reserved prior to July 1, 2009, shall complete the project and place the building in service on or before June 30, 2011, notwithstanding the time period specified in paragraph "b".

4. A rehabilitation project that does not meet the requirements of subsection 3 is subject to revocation, repayment, or recapture of tax credits reserved or approved pursuant to this chapter.

§404A.4 Project completion and tax credit certification — credit refund or carryforward.

1. Upon completion of the rehabilitation project, a certification of completion must be obtained from the state historic preservation office of the department of cultural affairs. A completion certificate shall identify the person claiming the tax credit under this chapter and the qualified rehabilitation costs incurred up to the two years preceding the completion date.

2. After verifying the eligibility for the tax credit, the state historic preservation office shall issue a historic preservation and cultural and entertainment district tax credit certificate to be attached to the person's tax return. The tax credit certificate shall contain the taxpayer's name, address, tax identification number, the date of project completion, the amount of credit, other information required by the department of revenue, and a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred. Of the amount of tax credits that may be approved in a fiscal year pursuant to subsection 4, paragraph "a":

a. For the fiscal year beginning July 1, 2009, the department shall reserve not more than twenty million dollars worth of tax credits for a taxable year beginning on or after January 1, 2009, and not more than thirty million dollars worth of tax credits for a taxable year beginning on or after January 1, 2010.

b. For the fiscal year beginning July 1, 2010, the department shall reserve not more than twenty million dollars worth of tax credits for a taxable year beginning on or after January 1, 2010, and not more than thirty million dollars worth of tax credits for a taxable year beginning on or after January 1, 2011.

c. For the fiscal year beginning July 1, 2011, the department shall reserve not more than twenty million dollars worth of tax credits for a taxable year beginning on or after January 1,
3. A person receiving a historic preservation and cultural and entertainment district tax credit under this chapter which is in excess of the person's tax liability for the tax year is entitled to a refund. The amount of tax credit shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer's final return credited to the taxpayer's final, completed return credited to the tax liability for the following year.

4. a. The total amount of tax credits that may be approved for a fiscal year under this chapter shall not exceed fifty million dollars.

b. Of the tax credits approved for a fiscal year under this chapter, the amount of the tax credits shall be allocated as follows:

   (1) Ten percent of the dollar amount of tax credits shall be allocated for purposes of new projects with final qualified rehabilitation costs of five hundred thousand dollars or less.

   (2) Thirty percent of the dollar amount of tax credits shall be allocated for purposes of new projects located in cultural and entertainment districts certified pursuant to section 303.3B or identified in Iowa great places agreements developed pursuant to section 303.3C.

   (3) Twenty percent of the dollar amount of tax credits shall be allocated for disaster recovery projects. For purposes of this subparagraph, "disaster recovery project" means a property meeting the requirements of an eligible property as described in section 404A.1, subsection 2, which is located in an area declared a disaster area by the governor or by a federal official and which has been physically impacted as a result of a natural disaster.

   (4) Twenty percent of the dollar amount of tax credits shall be allocated for purposes of projects that involve the creation of more than five hundred new permanent jobs. A taxpayer receiving a tax credit certificate for a project under this allocation shall provide information documenting the creation of the jobs to the department of economic development. The jobs shall be created within two years of the date the tax credit certificate is issued. The department of economic development shall verify the creation of the jobs. The amount of any tax credits received is subject to recapture by the department of revenue if the jobs are not created within two years. The department and the department of economic development may adopt rules for the implementation of this subparagraph. The rules shall provide for a method or form that allows a city or county to track the number of jobs created in the construction industry by the project.

   (5) Twenty percent of the dollar amount of tax credits shall be allocated for any eligible project.
404A.5 Economic impact — recommendations.  
1. The department of cultural affairs, in consultation with the department of revenue, shall be responsible for keeping the general assembly and the legislative services agency informed on the overall economic impact to the state of the rehabilitation of eligible properties.  
2. An annual report shall be filed which shall include but is not limited to data on the number and potential value of rehabilitation projects begun during the latest twelve-month period, the total historic preservation and cultural and entertainment district tax credits originally granted during that period, the potential reduction in state tax revenues as a result of all tax credits still unused and eligible for refund, and the potential increase in local property tax revenues as a result of the rehabilitated projects.

3. The department of cultural affairs, to the extent it is able, shall provide recommendations on whether a limit on tax credits should be established, the need for a broader or more restrictive definition of eligible property, and other adjustments to the tax credits under this chapter.

CHAPTER 404B  
DISSASTER REVITALIZATION TAX EXEMPTIONS

404B.1 Disaster revitalization area.  
1. a. The governing body of a city may, by ordinance, designate an area of the city a disaster revitalization area if that area is within a county or portion of a county in which the governor has proclaimed a disaster emergency or the United States president has declared a major disaster.  
b. The governing body of a county may, by ordinance, designate an area of the county outside the boundaries of a city as a disaster revitalization area if that area is within a county or portion of a county in which the governor has proclaimed a disaster emergency or the United States president has declared a major disaster.

2. A disaster revitalization area shall be composed of contiguous parcels. However, the governing body of a city or the governing body of a county may establish more than one disaster revitalization area.

404B.2 Conditions mandatory.  
A city or county may only exercise the authority conferred upon it in this chapter after all of the following conditions have been met:

1. The governing body has adopted a resolution finding that the property located within the area was damaged by a disaster, that revitalization of the area is in the economic interest of the residents of the city or county, as applicable, and the area substantially meets the criteria of section 404B.1.

2. The city or county has prepared a proposed plan for the designated disaster revitalization area. The proposed disaster revitalization plan shall include all of the following:

   a. A legal description of the real property forming the boundaries of the proposed area along with a map depicting the existing parcels of real property.

   b. The assessed valuation of the real property in the proposed area as of January 1, 2007, listing the land and building values separately.

   c. A list of names and addresses of the owners of record of real property within the area.

   d. The existing zoning classifications and district boundaries and the existing and proposed land uses within the area.

   e. The exemption percentage applicable in the proposed area pursuant to section 404B.4.

   f. A statement specifying whether none, some, or all of the property assessed as residential, agricultural, commercial, or industrial property within the designated area is eligible for the exemption under section 404B.4.

   g. A definition of revitalization, including whether it is applicable to existing buildings, new construction, or development of previously vacant land. A definition of revitalization may also include a requirement for a minimum increase in assessed valuation of individual parcels of property in the area.

   h. A statement specifying the duration of the designated disaster revitalization area.

   i. A description of planned measures to mitigate or prevent future disaster damage in the area.

   j. A description of revitalization projects commenced prior to the effective date of the plan that are eligible for the exemption under section 404B.4.

3. a. The city or county has scheduled a public hearing and published notice of the hearing in ac-
cordance with section 362.3 or 331.305, as applicable. In addition to notice by publication, notification shall also be given by ordinary mail to the last known address of the owners of record. The city or county shall also send notice by ordinary mail addressed to the “occupants” of addresses located within the proposed area, unless the governing body of the city or county, by reason of lack of a reasonably current and complete address list, or for other good cause, shall have waived the notice.

b. The notice provided by mail to owners and occupants within the area shall be given no later than thirty days before the date of the public hearing.

4. The public hearing has been held.

5. The city or county has adopted the proposed or amended plan for the disaster revitalization area after the hearing.

NEW section

§404B.3 Disaster revitalization plan amendments.

1. The city or county may subsequently amend a disaster revitalization plan after a hearing. Notice of the hearing shall be published as provided in section 362.3 or 331.305, except that at least seven days’ notice must be given, and the public hearing shall not be held earlier than the next regularly scheduled city council or board of supervisors meeting following the published notice. Notice shall also be provided by ordinary mail to owners and occupants within the area and any proposed addition to the area.

2. A city which has adopted a plan for a disaster revitalization area that covers all property within the city limits may amend that plan at any time, pursuant to this section, to include property which has been or will be annexed to the city. The provisions of the original disaster revitalization plan shall be applicable to the property that is annexed and the property shall be considered to have been part of the disaster revitalization area as of the effective date of its annexation to the city. The notice and hearing provisions of subsection 1 shall apply to amendments under this subsection.

NEW section

§404B.4 Basis of tax exemption.

1. All real property within a disaster revitalization area is eligible to receive a one hundred percent exemption from taxation on the increase in assessed value of the property, as compared to the property’s assessed value on January 1, 2007, if the increase in assessed value is attributable to revitalization of the property occurring between May 25, 2008, and December 31, 2013. The exemption is for a period not to exceed five years, starting with an assessment year beginning on or after January 1, 2010.

2. A city or county may adopt a different tax exemption percentage than the exemption provided in subsection 1. The different percentage adopted shall not allow a greater exemption, but may allow a smaller exemption. A different percentage adopted by a city or county shall apply to every disaster revitalization area within the city or county. The owners of real property eligible for the exemption provided in this section shall elect to take the exemption or shall elect to take an eligible exemption provided under another statute. Once the election has been made and the exemption granted, the owner is not permitted to change the method of exemption.

NEW section

§404B.5 Application for exemption by property owner.

An application shall be filed for each revitalization project resulting in increased assessed value for which an exemption is claimed. The application for exemption shall be filed by the owner of the property with the local assessor by February 1 of the first assessment year for which the exemption is requested. Applications for exemption shall be made on forms prescribed by the local assessor and shall contain information pertaining to the requirements under this section and any requirements imposed by a city or county governing body.

NEW section

§404B.6 Physical review of property by assessor.

The local assessor shall review each application by making a physical review of the property to determine if the revitalization project increased the assessed value of the real property. If the assessor determines that the assessed value of the real property has increased, the assessor shall proceed to determine the assessed value of the property and certify the valuation determined to the county auditor at the time of transmitting the assessment rolls. The assessor shall notify the applicant of the determination, and the assessor’s decision may be appealed to the local board of review at the times specified in section 441.37. After the tax exemption is granted, the local assessor shall continue to grant the tax exemption, with periodic physical review by the assessor, for the time period specified by ordinance. The tax exemption for the succeeding years shall be granted without the taxpayer having to file an application for the succeeding years, unless additional revitalization projects occur on the property.

NEW section

§404B.7 Expiration or repeal of ordinance.

An ordinance enacted under this chapter shall expire or be repealed no later than December 31, 2016.

1. Service retirement benefit. Retirement of a member on a service retirement allowance shall be made by the system as follows:
a. Any member in service may retire upon written application to the system, setting forth at what time, not less than thirty nor more than ninety days subsequent to the execution and filing of the application, the member desires to be retired. However, the member at the time specified for retirement shall have attained the age of fifty-five and shall have served twenty-two years or more, and notwithstanding that, during the period of notification, the member may have separated from the service.
b. Any member in service who has been a member of the retirement system four or more years and whose employment is terminated prior to the member’s retirement, other than by death or disability, shall upon attaining retirement age, receive a service retirement allowance of four twenty-seconds of the retirement allowance the member would receive at retirement if the member’s employment had not been terminated, and an additional one twenty-second of such retirement allowance for each additional year of service not exceeding twenty-two years of service. The amount of the retirement allowance shall be calculated in the manner provided in this paragraph using the average final compensation at the time of termination of employment.
c. Once a person commences receiving a service retirement allowance pursuant to this section, if the person is reemployed, as defined in section 411.3, the service retirement allowance shall not be recalculated based upon the person’s reemployment.
2. Allowance on service retirement.
a. The service retirement allowance for a member who terminates service, other than by death or disability, prior to July 1, 1990, shall consist of a pension which equals fifty percent of the member’s average final compensation.
b. The service retirement allowance for a member who terminates service, other than by death or disability, on or after July 1, 1990, but before July 1, 1992, shall consist of a pension which equals fifty-four percent of the member’s average final compensation.
c. The applicable percentage multiplier shall be the rate in effect on the date of the member’s termination from service.
d. Upon retirement from service on or after July 1, 2000, a member shall receive a service retirement allowance which shall consist of a pension which equals sixty-six percent of the member’s average final compensation.

NEW subsection 6 and former subsections 6 – 9 renumbered as 7 – 10
NEW subsection 11 and former subsections 10 – 20 renumbered as 12 – 22
year of service over twenty-two years, excluding years of service after the member’s fifty-fifth birthday. However, this subparagraph does not apply to more than eight additional years of service.

(3) For a member who terminates service, other than by death or disability, on or after October 16, 1992, but before July 1, 1998, and who does not withdraw the member’s contributions pursuant to section 411.23, upon the member’s retirement there shall be added six-tenths percent of the member’s average final compensation for each year of service over twenty-two years. However, this subparagraph does not apply to more than eight additional years of service.

(4) For a member who terminates service, other than by death or disability, on or after July 1, 1998, but before July 1, 2000, and who does not withdraw the member’s contributions pursuant to section 411.23, upon the member’s retirement there shall be added one and one-half percent of the member’s average final compensation for each year of service over twenty-two years. However, this subparagraph does not apply to more than eight additional years of service.

(5) For a member who terminates service, other than by death or disability, on or after July 1, 2000, and who does not withdraw the member’s contributions pursuant to section 411.23, upon the member’s retirement there shall be added two percent of the member’s average final compensation for each year of service over twenty-two years. However, this subparagraph does not apply to more than eight additional years of service.

3. Ordinary disability retirement benefit. Upon application to the system, of a member in good standing or of the chief of the police or fire departments, respectively, any member in good standing shall be retired by the system, not less than thirty and not more than ninety days next following the date of filing the application, on an ordinary disability retirement allowance, if the medical board after a medical examination of the member certifies that the member is mentally or physically incapacitated for further performance of duty, that the incapacity is likely to be permanent, and that the member should be retired. However, if a person’s membership in the system first commenced on or after July 1, 1992, the member shall not be eligible for benefits with respect to a disability which would not exist, or for a medical condition that was known to exist on the date that membership commenced. A member who is denied a benefit under this subsection, by reason of a finding by the medical board that the member is not mentally or physically incapacitated for the further performance of duty, shall be entitled to be restored to active service in the same position held immediately prior to the application for disability benefits. The member-in-good-standing requirement of this subsection may be waived for good cause as determined by the board. The burden of establishing good cause is on the member.

4. Allowance on ordinary disability retirement.
   a. Upon retirement for ordinary disability prior to July 1, 1998, a member shall receive an ordinary disability retirement allowance which shall consist of a pension which shall equal fifty percent of the member’s average final compensation unless either of the following conditions exist:
      (1) If the member has not had five or more years of membership service, the member shall receive a pension equal to one-fourth of the member’s average final compensation.
      (2) If the member has had twenty-two or more years of membership service, the member shall receive a disability retirement allowance that is equal to the greater of the benefit that the member would receive under subsection 2 if the member were fifty-five years of age or the disability pension otherwise calculated under this subsection.
   b. Upon retirement for ordinary disability on or after July 1, 1998, a member who has five or more years of membership service shall receive a disability retirement allowance in an amount equal to the greater of fifty percent of the member’s average final compensation or the retirement allowance that the member would receive under subsection 2 if the member had attained fifty-five years of age. A member who has less than five years of membership service shall receive a pension equal to one-fourth of the member’s average final compensation.

5. Accidental disability benefit.
   a. Upon application to the system, of a member in good standing or of the chief of the police or fire departments, respectively, any member in good standing who has become totally and permanently incapacitated for duty as the natural and proximate result of an injury or disease incurred in or aggravated by the actual performance of duty at some definite time and place, or while acting pursuant to order, outside of the city by which the member is regularly employed, shall be retired by the system if the medical board certifies that the member is mentally or physically incapacitated for further performance of duty, that the incapacity is likely to be permanent, and that the member should be retired. However, if a person’s membership in the system first commenced on or after July 1, 1992, the member shall not be eligible for benefits with respect to a disability which would not exist, but for a medical condition that was known to exist on the date that membership commenced. A medical condition shall be deemed to have been known to exist on the date that membership commenced if the medical condition is reflected in any record or document obtained pursuant to an appliance.
cation for disability benefits from the system, if such record or document existed prior to the date membership commenced. A member who is denied a benefit under this subsection, by reason of a finding by the medical board that the member is not mentally or physically incapacitated for the further performance of duty, shall be entitled to be restored to active service in the same position held immediately prior to the application for disability benefits.

b. If a member in service or the chief of the police or fire departments becomes incapacitated for duty as a natural or proximate result of an injury or disease incurred in or aggravated by the actual performance of duty at some definite time or place or while acting, pursuant to order, outside the city by which the member is regularly employed, the member, upon being found to be temporarily incapacitated following a medical examination as directed by the city, is entitled to receive the member’s full pay and allowances from the city’s general fund or trust and agency fund until reexamined as directed by the city and found to be fully recovered or until the city determines that the member is likely to be permanently disabled. If the temporary incapacity of a member continues more than sixty days, or if the city expects the incapacity to continue more than sixty days, the city shall notify the system of the temporary incapacity. Upon notification by a city, the system may refer the matter to the medical board for review and consultation with the member’s treating physician during the temporary incapacity. Except as provided by this paragraph, the board of trustees of the statewide system has no jurisdiction over these matters until the city determines that the disability is likely to be permanent.

c. (1) Disease under this subsection shall mean heart disease or any disease of the lungs or respiratory tract and shall be presumed to have been contracted while on active duty as a result of strain or the inhalation of noxious fumes, poison, or gases.

(2) Disease under this subsection shall also mean cancer or infectious disease and shall be presumed to have been contracted while on active duty as a result of that duty.

(3) However, if a person’s membership in the system first commenced on or after July 1, 1992, and the heart disease, disease of the lungs or respiratory tract, cancer, or infectious disease would not exist, but for a medical condition that was known to exist on the date that membership commenced, the presumption established in this paragraph “e” shall not apply.

d. The requirement that a member be in good standing to apply for and receive a benefit under this subsection may be waived for good cause as determined by the board. The burden of establishing good cause is on the member.

6. Retirement after accident.

a. Upon retirement for accidental disability prior to July 1, 1990, a member shall receive an accidental disability retirement allowance which shall consist of a pension equal to sixty-six and two-thirds percent of the member’s average final compensation.

b. Upon retirement for accidental disability on or after July 1, 1990, but before July 1, 1998, a member shall receive an accidental disability retirement allowance which shall consist of a pension equal to sixty percent of the member’s average final compensation. However, if the member has had twenty-two or more years of membership service, the member shall receive a disability retirement allowance that is equal to the greater of the retirement allowance that the member would receive under subsection 2 if the member was fifty-five years of age or the disability retirement allowance calculated under this paragraph.

c. Upon retirement for accidental disability on or after July 1, 1998, a member shall receive an accidental disability retirement allowance which shall consist of a pension in an amount equal to the greater of sixty percent of the member’s average final compensation or the retirement allowance that the member would receive under subsection 2 if the member had attained fifty-five years of age.

7. Reexamination of beneficiaries retired on account of disability. The system may, and upon the member’s application shall, require any disability beneficiary who has not yet attained age fifty-five to undergo a medical examination at a place designated by the medical board. The examination shall be made by the medical board or, in special cases, by an additional physician or physicians designated by such board. If any disability beneficiary who has not attained the age of fifty-five refuses to submit to the medical examination, the member’s allowance may be discontinued until withdrawal of such refusal, and if the refusal continues for one year all rights in and to the member’s pension may be revoked by the system. For a disability beneficiary who has not attained the age of fifty-five and whose entitlement to a disability retirement commenced on or after July 1, 2000, the medical board may, as part of the examination required by this subsection, suggest appropriate medical treatment or rehabilitation if, in the opinion of the medical board, the recommended treatment or rehabilitation would likely restore the disability beneficiary to duty.

a. (1) Should any beneficiary for either ordinary or accidental disability, except a beneficiary who is fifty-five years of age or over, be engaged in a gainful occupation paying more than the difference between the member’s net retirement allowance and one and one-half times the earnable compensation of an active member at the same posi-
tion on the salary scale within the member's rank as the member held at retirement, then the amount of the member's retirement allowance shall be reduced to an amount such that the member's net retirement allowance plus the amount earned by the member shall equal one and one-half times the amount of the current earnable compensation of an active member at the same position on the salary scale within the member's rank as the member held at retirement. Should the member's earnings be later changed, the amount of the member's retirement allowance may be further modified, provided that the new retirement allowance shall not exceed the amount of the retirement allowance adjusted by annual readjustments of pensions pursuant to subsection 12 of this section nor an amount which would cause the member's net retirement allowance, when added to the amount earned by the beneficiary, to equal one and one-half times the amount of the earnable compensation of an active member at the same position on the salary scale within the member's rank as the member held at retirement.

A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which the member was retired at age fifty-five or greater, shall not again become a member of the retirement system and shall have the member's retirement allowance suspended while in active service. If the rank or position held by the retired member is subsequently abolished, adjustments to the allowable limit on the amount of income which can be earned in a gainful occupation shall be computed by the board of trustees as though such rank or position had not been abolished and salary increases had been granted to such rank or position on the same basis as increases granted to other ranks and positions in the department. For purposes of this paragraph, "net retirement allowance" means the amount determined by subtracting the amount paid during the previous calendar year by the beneficiary for health insurance or similar health care coverage for the beneficiary and the beneficiary's dependents from the amount of the member's retirement allowance paid for that year pursuant to this chapter. The beneficiary shall submit sufficient documentation to the system to permit the system to determine the member's net retirement allowance for the applicable year.

(2) A beneficiary retired under this lettered paragraph, in order to be eligible for continued receipt of retirement benefits, shall no later than May 15 of each year submit to the system a copy of the beneficiary's federal individual income tax return for the preceding year. The beneficiary shall also submit, within a reasonable period of time, any documentation requested by the system that is determined to be necessary by the system to determine the beneficiary's gross wages.

(3) Retroactive to July 1, 1976, the limitations on pay of a member engaged in a gainful occupation who is retired under accidental disability prescribed in this paragraph shall not apply to a member who retired before July 1, 1976.

b. Should a disability beneficiary under age fifty-five be restored to active service at a compensation not less than the disability beneficiary's average final compensation, the disability beneficiary's retirement allowance shall cease, the disability beneficiary shall again become a member and shall contribute thereafter at the rate established in section 411.8, and former service on the basis of which the disability beneficiary's service was computed at the time of retirement shall be restored to full force and effect and upon subsequent retirement the disability beneficiary shall be credited with all service as a member and also with the period of disability retirement.

c. Should a disability beneficiary under age fifty-five be employed in a public safety occupation, the disability beneficiary's retirement allowance shall cease. Notwithstanding any provision of this chapter to the contrary, if a disability beneficiary is employed in a public safety occupation that would otherwise constitute membership service, the disability beneficiary shall not become a member of the system. For purposes of this paragraph, "public safety occupation" means a peace officer, as defined in section 97A.1; a protection occupation, as defined in section 97B.49B; a sheriff or deputy sheriff as defined in section 97B.49C; a sheriff's deputy, sheriff's deputy, or police officer as a police officer or fire fighter as defined in section 411.1, who was not restored to active service as provided by this subsection.

8. Ordinary death benefit.

a. Upon the receipt of proof of the death of a member in service, or a member not in service who has completed four or more years of service as provided in subsection 1, paragraph "b", there shall be paid to the person designated by the member to the system as the member's beneficiary, if the member has had one or more years of membership service and no pension is payable under subsection 9, the greater of the following:

(1) An amount equal to fifty percent of the compensation earnable by the member during the year immediately preceding the member's death if the member is in service, or an amount equal to fifty percent of the compensation earned by the member during the member's last year of service if the member is not in service.

(2) An amount the member would have been entitled to withdraw pursuant to section 411.23 if the member had terminated service on the date of the member's death.

b. (1) In lieu of the payment specified in paragraph "a", a beneficiary meeting the qualifications of paragraph "c" may elect to receive a monthly pension equal to one-twelfth of forty percent of the average final compensation of the member, but not less than twenty percent of the average monthly
from the chief of the police or fire department that
the member was a dependent of the system, as reported by the actuary.

(1) To the member's spouse.

(2) If the member failed to designate a beneficiary, or if the beneficiary designated by the member predeceases the member, then an accidental death benefit pension equal to one-half of the average final compensation of the member shall be paid as follows:

(a) If the member's designated beneficiary is the member's spouse, then to the member's spouse.

(b) If the member's designated beneficiary is the member's child or children, then to the child or children in equal shares. The pension to each child shall terminate when the child no longer meets the definition of child in section 411.1.

(c) If the member's designated beneficiary is the member's dependent father or mother, or both, then to the father or mother, or both, in equal shares, to continue until death.

(2) If the member failed to designate a beneficiary, or if the beneficiary designated by the member predeceases the member, an accidental death benefit pension equal to one-half of the average final compensation of the member shall be paid as follows:

(a) To the member's spouse.

(b) If there is no surviving spouse, or if the spouse dies and there is a child of a member, then the member's child or children, in equal shares. The pension to each child shall terminate when the child no longer meets the definition of child in section 411.1.

(c) If there is no surviving spouse or child, then to the member's dependent father or mother, or both, as the system determines, to continue until death.

(d) If the member failed to designate a beneficiary, or if the beneficiary designated by the member predeceases the member, the benefits provided in paragraph "a" of this subsection may be selected only by the following beneficiaries:

(1) The spouse.

(2) If there is no surviving spouse, or if the spouse dies and there is a child of a member, then the member's child or children, in equal shares. The pension to each child shall terminate when the child no longer meets the definition of child in section 411.1.

(3) If the member is regularly employed, the pension provided in paragraph "b" of this subsection may be paid to the member's surviving parents, in equal shares.

a. (1) If, upon the receipt of evidence and proof from the chief of the police or fire department that the death of a member in service was the natural and proximate result of an injury or disease incurred in or aggravated by the actual performance of duty at some definite time and place, or while acting pursuant to order, outside of the city by which the member is regularly employed, the system decides that death was so caused in the performance of duty, there shall be paid, in lieu of the ordinary death benefit provided in subsection 8, an accidental death benefit as set forth in this subsection.

(b) Disease under this subsection shall also mean cancer or infectious disease and shall be presumed to have been contracted while on active duty as a result of strain or the inhalation of noxious fumes, poison, or gases.

(1) If the member's designated beneficiary is the member's spouse, child, or parent, an accidental death benefit pension equal to one-half of the average final compensation of the member shall be paid as follows:

(a) If the member's designated beneficiary is the member's spouse, then to the member's spouse.

(b) If the member's designated beneficiary is the member's child or children, then to the child or children in equal shares. The pension to each child shall terminate when the child no longer meets the definition of child in section 411.1.

(c) If the member's designated beneficiary is the member's dependent father or mother, or both, then to the father or mother, or both, in equal shares, to continue until death.

(2) If the member failed to designate a beneficiary, or if the beneficiary designated by the member predeceases the member, a monthly pension equal to six percent of the average monthly earnable compensation paid to an active member of the system, as reported by the actuary.
select to receive the benefit payable under subsection 8, paragraph "a", in lieu of the pension provided in paragraph "b" of this subsection.

e. If there is no person entitled to the pension payable under paragraph "b" of this subsection, the death shall be treated as an ordinary death case and the benefit payable under subsection 8, paragraph "a", in lieu of the pension provided in paragraph "a" of this subsection, shall be paid as provided by that subsection.

10. Pensions offset by compensation benefits. Any amounts which may be paid or payable by the said cities under the provisions of any workers' compensation or similar law to a member or to the dependents of a member on account of any disability or death, shall be offset against and payable in lieu of any benefits payable under the provisions of this chapter on account of the same disability or death. In addition, any amounts payable to a member as unemployment compensation under the provisions of chapter 96 based on unemployment from membership service for a member receiving an ordinary disability benefit or an accidental disability benefit pursuant to this chapter shall be offset against and payable in lieu of any benefits payable under the provisions of this chapter for an ordinary disability or an accidental disability.

11. Pension to spouse and children of deceased pensioned member. In the event of the death of any member receiving a retirement allowance under the provisions of subsection 2, 4, or 6 of this section there shall be paid a pension:

a. To the spouse, equal to one-half the amount received by the deceased beneficiary, but in no instance less than twenty percent of the average monthly earnable compensation paid to an active member of the system, as determined by the actuary, and in addition a monthly pension equal to the monthly pension payable under subsection 9 of this section for each child;

b. If the spouse dies either prior or subsequent to the death of the member, to the guardian of each surviving child, a monthly pension equal to the monthly pension payable under subsection 9 of this section for the support of the child.

12. Annual readjustment of pensions. Pensions payable under this section shall be adjusted as follows:

a. On each July 1, the monthly pensions authorized in this section payable to members retired prior to that date and to beneficiaries entitled to a monthly pension prior to that date shall be adjusted as provided in this subsection. An amount equal to the sum of one and one-half percent of the monthly pension of each retired member and beneficiary and the applicable incremental amount shall be added to the monthly pension of each retired member and beneficiary. The board of trustees may report to the general assembly, at the board's discretion, on whether the provisions of this subsection continue to provide an equitable method for the annual readjustment of pensions payable under this chapter.

b. For purposes of this subsection, “applicable incremental amount” means the following amount for members receiving a pension under subsection 2, 4, or 6 and for beneficiaries receiving a pension under subsection 11:

(1) Fifteen dollars where the member's retirement date was less than five years prior to the effective date of the increase.

(2) Twenty dollars where the member's retirement date was at least five years, but less than ten years, prior to the effective date of the increase.

(3) Twenty-five dollars where the member's retirement date was at least ten years, but less than fifteen years, prior to the effective date of the increase.

(4) Thirty dollars where the member's retirement date was at least fifteen years, but less than twenty years, prior to the effective date of the increase.

(5) Thirty-five dollars where the member's retirement date was at least twenty years prior to the effective date of the increase.

c. For beneficiaries receiving a pension under subsection 8 or 9, the applicable incremental amount shall be determined as set forth in paragraph "b", except that the date of the member's death shall be substituted for the member's retirement date.

d. A retired member eligible for benefits under subsection 1 of this section is not eligible for the readjustment of pensions provided in this subsection unless the member served twenty-two years and attained the age of fifty-five years prior to the member's termination of employment.

e. A retired member eligible for benefits under this section and otherwise eligible for the readjustment of benefits provided in this subsection is not eligible for the readjustment unless the member was retired on or before the effective date of the readjustment.

13. a. Remarriage of surviving spouse. Effective July 1, 1990, for a member who died prior to July 1, 1988, if the member's surviving spouse remarried prior to July 1, 1988, the remarriage does not make the spouse ineligible under subsection 8, paragraph "c", subparagraphs (1) and (2), to receive benefits under subsections 8, 9, 11, and 12.

b. Recomputation of benefit — surviving spouse. A benefit payable under this chapter to a surviving spouse and to any surviving spouse who receives a division of the surviving spouse benefit pursuant to a marriage decree or marital property order under section 411.13 shall not be recomputed upon the death of any surviving spouse.

14. Beneficiary designation. A member may designate, in writing on a form prescribed by the system, any person or persons to whom the system
will pay a death benefit under this section in the event of the member’s death. If the member is married at the time a designation is signed, a designation of a beneficiary other than the member’s spouse shall not be valid unless the member’s spouse consents in writing to the designation. A designation filed with the system shall be deemed revoked if, subsequent to the designation, a new designation is filed with the system, the member marries, or the member divorces the individual who was the member’s named beneficiary.

15. Line of duty death benefit.
   a. If, upon the receipt of evidence and proof from the chief of the police or fire department that the death of a member in service was the direct and proximate result of a traumatic personal injury incurred in the line of duty, the system decides that death was so caused, there shall be paid, to a person authorized to receive an accidental death benefit as provided in subsection 9, paragraph "b", the amount of one hundred thousand dollars, which shall be payable in a lump sum. However, for purposes of this subsection, a child who no longer meets the definition of child in section 411.1 shall be eligible to receive a line of duty death benefit pursuant to this subsection.
   b. A line of duty death benefit shall not be payable under this subsection if any of the following applies:
      (1) The death resulted from stress, strain, occupational illness, or a chronic, progressive, or congenital illness, including but not limited to a disease of the heart, lungs, or respiratory system, unless a traumatic personal injury was a substantial contributing factor to the member’s death.
      (2) The death was caused by the intentional misconduct of the member or by the member’s intent to cause the member’s own death.
      (3) The member was voluntarily intoxicated at the time of death.
      (4) The member was performing the member’s duties in a grossly negligent manner at the time of death.
      (5) An individual who would otherwise be entitled to a benefit under this subsection was, through the individual’s actions, a substantial contributing factor to the member’s death.
      (6) The death qualifies for a volunteer emergency services provider death benefit pursuant to section 100B.31.

16. Ineligibility for disability benefits.
   a. A member otherwise eligible to receive a disability retirement benefit under this chapter shall not be eligible to receive such a benefit if the system determines that any of the following conditions for ineligibility applies:
      (1) The disability would not exist but for the member’s chemical dependency, as defined in section 425.2, on a schedule I controlled substance, as defined in section 124.204, or the member’s chemical dependency on a schedule II controlled substance, as defined in section 124.206, resulting from the inappropriate use of the schedule II controlled substance.
      (2) The disability is a mental disability proximately caused by appropriate disciplinary actions taken against the member, or by conflicts with a superior or coworker if the superior or coworker was acting legally and appropriately toward the member when the conflicts occurred.
      b. A member otherwise eligible to receive a disability retirement benefit under this chapter, or who is receiving such a benefit, shall not be eligible to receive such a benefit beginning with the month following the determination by the system that the disability would not exist but for the action of the member for which the member has been convicted of a felony.
      c. A member eligible to commence receiving a disability benefit on or after July 1, 2000, may be ineligible to receive a disability retirement benefit if the system determines that the member’s alcoholism or drug addiction was a contributing factor material to the determination of the member’s disability. Upon a determination that the member’s alcoholism or drug addiction was a contributing factor in the member’s disability, the system shall direct the member to undergo substance abuse treatment that the medical board determines is appropriate to treat the member’s alcoholism or drug addiction. After the end of a twenty-four-month period following the member’s first month of entitlement to a disability benefit, the system shall reevaluate the member’s disability. If the system determines that the member failed to comply with the treatment program prescribed by this paragraph and that the member would not be disabled but for the member’s alcoholism or drug addiction, the member’s entitlement to a disability benefit under this chapter shall terminate effective the first day of the first month following the month the member is notified of the system’s determination.

17. Limitations on benefits — prisoners.
   a. An individual who is otherwise entitled to a retirement allowance under this chapter shall not receive a retirement allowance for any month during which both of the following conditions exist:
      (1) The individual is confined in a jail, prison, or correctional facility pursuant to the individual’s conviction of a felony.
      (2) The individual has a spouse, or a child or children, as defined in section 411.1.
   b. The amount of the retirement allowance not paid to the individual under paragraph "a" shall be paid in the following order of priority:
      (1) To the individual’s spouse, if any.
      (2) If there is no spouse, then to the individual’s child or children, as defined in section 411.1.
   c. This subsection shall not be construed in a manner that impairs the rights of any individual under a marital property, spousal support, or child support order. In addition, this subsection shall not be construed to impair the statutory rights of
a governmental entity, including but not limited to the right of a governmental entity to collect an amount for deposit in the victim compensation fund established in chapter 915.

411.8 Method of financing.

All the assets of the retirement system created and established by this chapter shall be credited to the fire and police retirement fund, which is hereby created. As used in this section, “fund” means the fire and police retirement fund.

1. All moneys for the payment of all pensions and other benefits payable from contributions made by the participating cities, the state, and the members shall be accumulated in the fund. The refunds and benefits for all members and beneficiaries shall be payable from the fund. Contributions to and payments from the fund shall be as follows:

a. On account of each member there shall be paid annually into the fund by the participating cities an amount equal to a certain percentage of the earnable compensation of the member to be known as the “normal contribution”. The rate percent of such contribution shall be fixed on the basis of the liabilities of the retirement system as shown by annual actuarial valuations.

b. (1) On the basis of the actuarial methods and assumptions, rate of interest, and of the mortality, interest and other tables adopted by the system, the actuary engaged by the system to make each valuation required by this chapter pursuant to the requirements of section 411.5, shall immediately after making such valuation, determine the normal contribution rate. Except as otherwise provided in this lettered paragraph, the “normal contribution rate” shall be the rate percent of the earnable compensation of all members equal to the rate required by the system to discharge its liabilities, stated as a percentage of the earnable compensation of all members, and reduced by the employee contribution rate provided in paragraph “f” of this subsection and the contribution rate representing the state appropriation made as provided in section 411.20. However, the normal contribution rate shall not be less than seventeen percent.

(2) The normal contribution rate shall be determined by the actuary after each valuation.

c. The total amount payable in each year to the fund shall be not less than the rate percent known as the normal contribution rate of the total compensation earnable by all members during the year, but the aggregate payment by the participating cities must be sufficient when combined with the amount in the fund to provide the pensions and other benefits payable out of the fund during the then current year.

d. All lump-sum death benefits on account of death in active service payable from contributions of the said cities shall be paid from the fund.

e. Reserved.

f. Except as otherwise provided in paragraph “h”:

(1) An amount equal to three and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal year beginning July 1, 1989.

(2) An amount equal to four and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal year beginning July 1, 1990.

(3) An amount equal to five and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal year beginning July 1, 1991.

(4) An amount equal to six and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal year beginning July 1, 1992.

(5) An amount equal to seven and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal year beginning July 1, 1993.

(6) An amount equal to eight and one-tenth percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal period beginning January 1, 1994, through June 30, 1995.

(7) An amount equal to nine and thirty-five hundredths percent of each member’s compensation from the earnable compensation of the member shall be paid to the fund for the fiscal period beginning January 1, 1995, through June 30, 1995.

(8) Beginning July 1, 1996, and each fiscal year thereafter, an amount equal to the member’s contribution rate times each member’s compensation shall be paid to the fund from the earnable compensation of the member. For the purposes of this subparagraph, the member’s contribution rate shall be nine and thirty-five hundredths percent or, beginning July 1, 2009, nine and four-tenths percent. However, the system shall increase the member’s contribution rate as neces-
necessary to cover any increase in cost to the system resulting from statutory changes which are enacted by any session of the general assembly meeting after January 1, 1991, if the increase cannot be absorbed within the contribution rates otherwise established pursuant to this paragraph, but subject to a maximum employee contribution rate of eleven and three-tenths percent or, beginning July 1, 2009, eleven and thirty-five hundredths percent. The contribution rate increases specified in 1994 Iowa Acts, ch. 1183, shall apply only to the fiscal periods specified in 1994 Iowa Acts, ch. 1183. After the employee contribution reaches eleven and three-tenths percent or eleven and thirty-five hundredths percent, as applicable, sixty percent of the additional cost of such statutory changes shall be paid by employers under paragraph "c" and forty percent of the additional cost shall be paid by employees under this paragraph.

g. The system shall certify to the superintendent of public safety as defined in this chapter and the superintendent of public safety as defined in this chapter shall cause to be deducted from the earnable compensation of each member the contribution required under this subsection and shall forward the contributions to the system for recording and for deposit in the fund.

The deductions provided for under this paragraph shall be made notwithstanding that the minimum compensation provided by law for any member is reduced. Every member is deemed to consent to the deductions made under this paragraph.

h. Notwithstanding the provisions of paragraph "f", the following transition percentages apply to members' contributions as specified:

(1) For members who on July 1, 1990, have attained the age of forty-nine years or more, an amount equal to nine and one-tenth percent of each member's compensation from the earnable amount equal to nine and one-tenth percent shall be paid for the fiscal year beginning July 1, 1990, and an amount equal to seven and one-tenth percent shall be paid for the fiscal year beginning July 1, 1991, and an amount equal to nine and one-tenth percent shall be paid for the fiscal year beginning July 1, 1992, through October 15, 1992, and commencing October 16, 1992, and for each subsequent fiscal period, the rates specified in paragraph "g", subparagraphs (4) through (8), shall apply.

§422.5 Tax imposed — exclusions — alternative minimum tax.
1. A tax is imposed upon every resident and nonresident of the state which tax shall be levied, collected, and paid annually upon and with respect to the entire taxable income as defined in this chapter at rates as follows:
   a. On all taxable income from zero through one thousand dollars, thirty-six hundredths of one percent.
   b. On all taxable income exceeding one thousand dollars but not exceeding two thousand dollars, seventy-two hundredths of one percent.
   c. On all taxable income exceeding two thousand dollars but not exceeding four thousand dollars, two and forty-three hundredths percent.
   d. On all taxable income exceeding four thousand dollars but not exceeding nine thousand dollars, six and eight-tenths percent.
   e. On all taxable income exceeding nine thousand dollars but not exceeding fifteen thousand dollars, six and forty-eight hundredths percent.
   f. On all taxable income exceeding fifteen thousand dollars but not exceeding twenty thousand dollars, six and twelve hundredths percent.
   g. On all taxable income exceeding twenty thousand dollars but not exceeding thirty thousand dollars, six and eight-tenths percent.
   h. On all taxable income exceeding thirty thousand dollars but not exceeding forty-five thousand dollars, seven and ninety-two hundredths percent.
   i. On all taxable income exceeding forty-five thousand dollars, eight and ninety-eight hundredths percent.
   j. (1) The tax imposed upon the taxable income of a nonresident shall be computed by reducing the amount determined pursuant to paragraphs "a" through "i" by the amounts of nonrefundable credits under this division and by multiplying this resulting amount by a fraction of which the resident's net income allocated to Iowa, as determined in section 422.8, subsection 2, paragraph "b", is the numerator and the resident's total net income computed under section 422.7 is the denominator. If a resident shareholder has elected to take advantage of this subparagraph, unless the director consents to the reelection. This subparagraph also applies to individuals who are residents of Iowa for less than the entire tax year.
   (b) This subparagraph (2) shall not affect the amount of the taxpayer's checkoffs under this division, the credits from tax provided under this division, and the allocation of these credits between spouses if the taxpayers filed separate returns or separately on combined returns.
2. a. There is imposed upon every resident and nonresident of this state, including estates and trusts, the greater of the tax determined in subsection 1, paragraphs "a" through "j", or the state alternative minimum tax equal to seventy-five percent of the maximum state individual income tax rate for the tax year, rounded to the nearest one-tenth of one percent, of the state alternative minimum taxable income of the taxpayer as computed under this subsection.
   b. The state alternative minimum taxable income of a taxpayer is equal to the taxpayer's state taxable income, as computed with the deductions and adjustments included in federal alternative minimum taxable income under section 57, except subsections (a)(1), (a)(2), and (a)(5), of the Internal Revenue Code, make the adjustments included in federal alternative minimum taxable income under section 56, except subsections (a)(4), (b)(1)(C)(iii), and (d), of the Internal Revenue Code, and add losses as required by section 58 of the Internal Revenue Code. To the extent that any preference or adjustment is determined by an individual's federal adjusted gross income, the individual's federal adjusted gross income is computed in accordance with section 422.7, subsection 39. In the case of an estate or trust, the items of tax preference, adjustments, and losses shall be apportioned between the estate or trust and the beneficiaries in accordance with rules prescribed by the director.
   (2) Subtract the applicable exemption amount as follows:
§422.5

(a) Seventeen thousand five hundred dollars for a married person who files separately or for an estate or trust.

(b) Twenty-six thousand dollars for a single person or a head of household.

(c) Thirty-five thousand dollars for a married couple which files a joint return.

(d) The exemption amount shall be reduced, but not below zero, by an amount equal to twenty-five percent of the amount by which the alternative minimum taxable income of the taxpayer, computed without regard to the exemption amount in this subparagraph (2), exceeds the following:

(i) Seventy-five thousand dollars in the case of a taxpayer described in subparagraph division (a).

(ii) One hundred twelve thousand five hundred dollars in the case of a taxpayer described in subparagraph division (a).

(iii) One hundred fifty thousand dollars in the case of a taxpayer described in subparagraph division (c).

(3) In the case of a net operating loss computed for a tax year beginning after December 31, 1982, which is carried back or carried forward to the current taxable year, the net operating loss shall be reduced by the amount of the items of tax preference arising in such year which was taken into account in computing the net operating loss in section 422.9, subsection 3. The deduction for a net operating loss for a tax year beginning after December 31, 1986, which is carried back or carried forward to the current taxable year shall not exceed ninety percent of the alternative minimum taxable income determined without regard for the net operating loss deduction.

c. The state alternative minimum tax of a taxpayer whose net capital gain deduction includes the gain or loss from the forfeiture of an installment real estate contract, the transfer of real or personal property securing a debt to a creditor in cancellation of that debt, or from the sale or exchange, shall not be greater than such excess, including any asset transferred within one hundred twenty days prior to such forfeiture, transfer, or sale or exchange.

d. In the case of a resident, including a resident estate or trust, the state's apportioned share of the state alternative minimum tax is one hundred percent of the state alternative minimum tax computed in this subsection 2. In the case of a resident or part-year resident shareholder in an S corporation which has in effect for the tax year an election under subchapter S of the Internal Revenue Code and carries on business within and without the state, a nonresident, including a nonresident estate or trust, or an individual, estate, or trust that is domiciled in the state for less than the entire tax year, the state's apportioned share of the state alternative minimum tax is the amount of tax computed under this subsection 2, reduced by the applicable credits in sections 422.10 through 422.12 and this result multiplied by a fraction with a numerator of the sum of state net income allocated to Iowa as determined in section 422.8, subsection 2, paragraph "a" or "b" as applicable, plus tax preference items, adjustments, and losses under subparagraph (1) attributable to Iowa and with a denominator of the sum of total net income computed under section 422.7 plus all tax preference items, adjustments, and losses under subparagraph (1). In computing this fraction, those items excludable under subparagraph (1) shall not be used in computing the tax preference items. Married taxpayers electing to file separate returns or separately on a combined return must allocate the minimum tax computed in this subsection in the proportion that each spouse's respective preference items, adjustments, and losses under subparagraph (1) bear to the combined preference items, adjustments, and losses under subparagraph (1) of both spouses.

3. a. The tax shall not be imposed on a resident or nonresident whose net income, as defined in section 422.7, is thirteen thousand five hundred dollars or less in the case of married persons filing jointly or filing separately on a combined return, heads of household, and surviving spouses or nine thousand dollars or less in the case of all other persons; but in the event that the payment of tax under this division would reduce the net income to less than thirteen thousand five hundred dollars or nine thousand dollars as applicable, then the tax shall be reduced to that amount which would result in allowing the taxpayer to retain a net income of thirteen thousand five hundred dollars or nine thousand dollars as applicable. The preceding sentence does not apply to estates or trusts. For the purpose of this subsection, the entire net income, including any part of the net income not allocated to Iowa, shall be taken into account. For purposes of this subsection, net income includes all amounts of pensions or other retirement income received from any source which is not taxable under this division as a result of the government pension exclusions in section 422.7, or any other state law. If the combined net income of a husband and wife exceeds thirteen thousand five hundred dollars, neither of them shall receive the benefit of this subsection, and it is immaterial whether they file a joint return or separate returns. However, if a husband and wife file separate returns and have a combined net income of thirteen thousand five hundred dollars or less, neither spouse shall receive the benefit of this paragraph, if one spouse has a net operating loss and elects to carry back or carry forward the loss as provided in section 422.9, subsection 3. A person...
who is claimed as a dependent by another person as defined in section 422.12 shall not receive the benefit of this subsection if the person claiming the dependent has net income exceeding thirteen thousand five hundred dollars or nine thousand dollars as applicable or the person claiming the dependent and the person’s spouse have combined net income exceeding thirteen thousand five hundred dollars or nine thousand dollars as applicable.

b. In lieu of the computation in subsection 1, 2, or 3, if the married persons, filing jointly or filing separately on a combined return, head of household’s, or surviving spouse’s net income exceeds thirteen thousand five hundred dollars, the regular tax imposed under this division shall be the lesser of the maximum state individual income tax rate times the portion of the net income in excess of thirteen thousand five hundred dollars or the regular tax liability computed without regard to this sentence. Taxpayers electing to file separately shall compute the alternate tax described in this paragraph using the total net income of the husband and wife. The alternate tax described in this paragraph does not apply if one spouse elects to carry back or carry forward the loss as provided in section 422.9, subsection 3.

3A. Reserved.

3B. a. The tax shall not be imposed on a resident or nonresident who is at least sixty-five years old on December 31 of the tax year and whose net income, as defined in section 422.7, is thirty-two thousand dollars or less in the case of married persons filing jointly or filing separately on a combined return, heads of household, and surviving spouses or twenty-four thousand dollars or less in the case of all other persons; but in the event that the payment of tax under this division would reduce the net income to less than thirty-two thousand dollars or twenty-four thousand dollars as applicable, then the tax shall be reduced to that amount which would result in allowing the taxpayer to retain a net income of thirty-two thousand dollars or twenty-four thousand dollars as applicable. The preceding sentence does not apply to estates or trusts.

b. This subsection applies even though one spouse has not attained the age of sixty-five, if the other spouse is at least sixty-five at the end of the tax year.

c. This subsection applies to all salaries received by federal officials or employees of the United States government as provided for herein.

d. Upon determination of the latest cumulative inflation factor, the director shall multiply each dollar amount set forth in subsection 1, paragraphs “a” through “i” by this cumulative inflation factor, shall round off the resulting product to the nearest one dollar, and shall incorporate the result into the income tax forms and instructions for each tax year.

e. The state income tax of a taxpayer whose net income includes the gain or loss from the forfeiture of an installment real estate contract, the transfer of real or personal property securing a debt to a creditor in cancellation of that debt, or from the sale or exchange of property as a result of actual notice of foreclosure where the fair market value of the taxpayer’s assets exceeds the taxpayer’s liabilities immediately before such forfeiture, transfer, or sale or exchange shall not be greater than such excess, including any asset transferred within one hundred twenty days prior to such forfeiture, transfer, or sale or exchange. For purposes of this subsection, in the case of married taxpayers, except in the case of a husband and wife who
live apart at all times during the tax year, the assets and liabilities of both spouses shall be considered in determining if the fair market value of the taxpayer’s assets exceed the taxpayer’s liabilities.

8. In addition to the other taxes imposed by this section, a tax is imposed on the amount of a lump sum distribution for which the taxpayer has elected under section 402(e) of the Internal Revenue Code to be separately taxed for federal income tax purposes for the tax year. The rate of tax is equal to twenty-five percent of the separate federal tax imposed on the amount of the lump sum distribution. A nonresident is liable for this tax only on that portion of the lump sum distribution allocable to Iowa. The total amount of the lump sum distribution subject to separate federal tax shall be included in net income for purposes of determining eligibility under subsections 3 and 3B, as applicable.

9. In the case of income derived from the sale or exchange of livestock which qualifies under section 451(e) of the Internal Revenue Code because of drought, the taxpayer may elect to include the income in the taxpayer’s net income in the tax year following the year of the sale or exchange in accordance with rules prescribed by the director.

10. If an individual’s federal income tax was forgiven for a tax year under section 692 of the Internal Revenue Code, because the individual was killed while serving in an area designated by the president of the United States or the United States Congress as a combat zone, the individual was missing in action and presumed dead, or the individual was killed outside the United States in a terroristic or military action while the individual was a military or civilian employee of the United States, the individual’s Iowa income tax is also forgiven for the same tax year.

11. If a taxpayer repays in the current tax year certain amounts of income that were subject to tax under this division in a prior year and a tax benefit would be allowed under similar circumstances under section 1341 of the Internal Revenue Code, a tax benefit shall be allowed on the Iowa return. The tax benefit shall be the reduced tax for the current tax year due to the deduction for the repaid income or the reduction in tax for the prior year or years due to exclusion of the repaid income. The reduction in tax shall qualify as a refundable tax credit on the return for the current year pursuant to rules prescribed by the director.

§422.5 “Net income” — how computed.

The term “net income” means the adjusted gross income before the net operating loss deduction as properly computed for federal income tax purposes under the Internal Revenue Code, with the following adjustments:

1. Subtract interest and dividends from federal securities.

2. Add interest and dividends from foreign securities and from securities of state and other political subdivisions exempt from federal income tax under the Internal Revenue Code.

3. Where the adjusted gross income includes capital gains or losses, or gains or losses from property other than capital assets, and such gains or losses have been determined by using a basis established prior to January 1, 1934, an adjustment may be made, under rules prescribed by the director, to reflect the difference resulting from the use of a basis of cost or January 1, 1934, fair market value, less depreciation allowed or allowable, whichever is higher. Provided that the basis shall be fair market value as of January 1, 1955, less depreciation allowed or allowable, in the case of property acquired prior to that date if use of a prior basis is declared to be invalid.

4. Subtract payments received by a beneficiary under an annuity which was purchased under an employee’s pension or retirement plan when the commuted value of the installments has been included as a part of the decedent employee’s estate for Iowa inheritance tax purposes.

5. Individual taxpayers and married taxpayers who file a joint federal income tax return and who elect to file a joint return, separate returns, or separate filing on a combined return for Iowa income tax purposes, may avail themselves of the disability income exclusion and shall compute the amount of the disability income exclusion subject to the limitations for joint federal income tax return filers provided by section 105(d) of the Internal Revenue Code.

6. Reserved.

7. Married taxpayers who file a joint federal income tax return and who elect to file separate returns or separate filing on a combined return for Iowa income tax purposes, may avail themselves of the expensing of business assets and capital loss provisions of sections 179(a) and 1211(b) respectively of the Internal Revenue Code and shall compute the amount of expensing of business assets and capital loss subject to the limitations for joint federal income tax return filers provided by sections 179(b) and 1211(b) respectively of the Internal Revenue Code.

8. Subtract the amount of the work opportunity tax credit allowable for the tax year under section 61 of the Internal Revenue Code to the extent that the credit increased federal adjusted gross income.
9. Subtract the amount of the alcohol fuel credit allowable for the tax year under section 40 of the Internal Revenue Code to the extent that the credit increased federal adjusted gross income.

10. Notwithstanding the method for computing the amount of travel expenses that may be deducted under section 162(h) of the Internal Revenue Code, for tax years beginning on or after January 1, 1987, a member of the general assembly whose place of residence within the legislative district is greater than fifty miles from the capitol building of the state may deduct the total amount per day determined under section 162(h)(1)(B) of the Internal Revenue Code and a member of the general assembly whose place of residence within the legislative district is fifty or fewer miles from the capitol building of the state may deduct fifty dollars per day. This subsection does not apply to a member of the general assembly who elects to itemize for state tax purposes the member's travel expenses.

11. Add the amounts deducted and subtract the amounts included as income as a result of the treatment provided sale-leaseback agreements under section 168(f)(8) of the Internal Revenue Code for property placed in service by the transferee prior to January 1, 1986, to the extent that the amounts deducted and the amounts included in income are not otherwise deductible or included in income under the Internal Revenue Code as amended to and including December 31, 1985. Entitlement to depreciation on any property included in a sale-leaseback agreement which is placed in service by the transferee prior to January 1, 1986, shall be determined under the Internal Revenue Code as amended to and including December 31, 1985, excluding section 168(f)(8) in making the determination.

12. a. If the adjusted gross income includes income or loss from a small business operated by the taxpayer, an additional deduction shall be allowed in computing the income or loss from the small business if the small business hired for employment in the state during its annual accounting period ending with or during the taxpayer's tax year any of the following:

b. (1) The amount of the additional deduction is equal to sixty-five percent of the wages paid to individuals, but shall not exceed twenty thousand dollars per individual, named in paragraph "a", subparagraphs (1), (2), and (3) who were hired for the first time by that business during the annual accounting period for work done in the state. This additional deduction is allowed for the wages paid to those individuals successfully completing a probationary period during the twelve months following the date of first employment by the business and shall be deducted at the close of the annual accounting period.

(2) The additional deduction shall not be allowed for wages paid to an individual who was hired to replace an individual whose employment was terminated within the twelve-month period preceding the date of first employment. However, if the individual being replaced left employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct in connection with the individual's employment as determined by the department of workforce development, the additional deduction shall be allowed.

(3) A taxpayer who is a partner of a partnership or a shareholder of a subchapter S corporation, may deduct that portion of wages qualified under this subsection paid by the partnership or subchapter S corporation based on the taxpayer's pro rata share of the profits or losses from the partnership or subchapter S corporation.

(c) For purposes of this definition, “dominant in its field of operation” means having more than twenty full-time equivalent positions and more than three million dollars in annual gross revenues, and “affiliate or subsidiary of a business dominant in its field of operation” means a business which is at least twenty percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalents, of a business dominant in that field of operation.

12A. If the adjusted gross income includes income or loss from a business operated by the taxpayer, and if the business does not qualify for the adjustment under subsection 12, an additional deduction shall be allowed in computing the income or loss from the business if the business hired for employment in the state during its annual accounting period ending with or during the taxpayer’s tax year either of the following:

a. An individual domiciled in this state at the time of the hiring who meets any of the following conditions:

(1) Has been convicted of a felony in this or any other state or the District of Columbia.

The amount of the additional deduction is equal to sixty-five percent of the wages paid to individuals, but shall not exceed twenty thousand dollars per individual, named in paragraphs “a” and “b” who were hired for the first time by that business during the annual accounting period for work done in the state. This additional deduction is allowed for the wages paid to those individuals successfully completing a probationary period during the twelve months following the date of first employment by the business and shall be deducted at the close of the annual accounting period.

The additional deduction shall not be allowed for wages paid to an individual who was hired to replace an individual whose employment was terminated within the twelve-month period preceding the date of first employment. However, if the individual being replaced left employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct in connection with the individual’s employment as determined by the department of workforce development, the additional deduction shall be allowed.

A taxpayer who is a partner of a partnership or a shareholder of a subchapter S corporation, may deduct that portion of wages qualified under this subsection paid by the partnership or subchapter S corporation based on the taxpayer’s pro rata share of the profits or losses from the partnership or subchapter S corporation.

The department shall develop and distribute information concerning the deduction available for businesses employing persons named in paragraphs “a” and “b”.

13. a. Subtract, to the extent included, the amount of additional social security benefits taxable under the Internal Revenue Code for tax years beginning on or after January 1, 1994, but before January 1, 2014. The amount of social security benefits taxable as provided in section 86 of the Internal Revenue Code, as amended up to and including January 1, 1993, continues to apply for state income tax purposes for tax years beginning on or after January 1, 1994, but before January 1, 2014.

(1) For tax years beginning in the 2007 calendar year, subtract, to the extent included, thirty-two percent of taxable social security benefits remaining after the subtraction in paragraph “a”.

(2) For tax years beginning in the 2008 calendar year, subtract, to the extent included, thirty-two percent of taxable social security benefits remaining after the subtraction in paragraph “a”.

(7) For tax years beginning in the 2013 calendar year, subtract, to the extent included, eighty-nine percent of taxable social security benefits remaining after the subtraction in paragraph “a”.

c. Married taxpayers, who file a joint federal
income tax return and who elect to file separate returns or who elect separate filing on a combined return for state income tax purposes, shall allocate between the spouses the amount of benefits subtracted under paragraphs "a" and "b" from net income in the ratio of the social security benefits received by each spouse to the total of these benefits received by both spouses.

d. For tax years beginning on or after January 1, 2014, subtract, to the extent included, the amount of social security benefits taxable under section 86 of the Internal Revenue Code.

14. Add the amount of intangible drilling and development costs optionally deducted in the year paid or incurred as described in section 57(a)(2) of the Internal Revenue Code. This amount may be recovered through cost depletion or depreciation, as appropriate under rules prescribed by the director.

15. Add the percentage depletion amount determined with respect to an oil, gas, or geothermal well as described in section 57(a)(1) of the Internal Revenue Code.

16. Subtract the income resulting from the forfeiture of an installment real estate contract, the transfer of real or personal property securing a debt to a creditor in cancellation of that debt, or from the sale or exchange of property as a result of actual notice of foreclosure if all of the following conditions are met:

a. The forfeiture, transfer, or sale or exchange was done for the purpose of establishing a positive cash flow.

b. Immediately before the forfeiture, transfer, or sale or exchange, the taxpayer's debt to asset ratio exceeded ninety percent as computed under generally accepted accounting practices.

c. The taxpayer's net worth at the end of the tax year is less than seventy-five thousand dollars.

In determining a taxpayer's net worth at the end of the tax year a taxpayer shall include any asset transferred within one hundred twenty days prior to the end of the tax year without adequate and full consideration in money or money's worth. In determining the taxpayer's debt to asset ratio, the taxpayer shall include any asset transferred within one hundred twenty days prior to such forfeiture, transfer, or sale or exchange without adequate and full consideration in money or money's worth. For purposes of this subsection, actual notice of foreclosure includes, but is not limited to, bankruptcy or written notice from a creditor of the creditor's intent to foreclose where there is a reasonable belief that the creditor can force a sale of the asset. For purposes of this subsection, in the case of married taxpayers, except in the case of a husband and wife who live apart at all times during the tax year, the assets and liabilities of both spouses shall be considered for purposes of determining the taxpayer's net worth or the taxpayer's debt to asset ratio.

17. Add interest and dividends from regulated investment companies exempt from federal income tax under the Internal Revenue Code and subtract the loss on the sale or exchange of a share of a regulated investment company held for six months or less to the extent the loss was disallowed under section 852(b)(4)(B) of the Internal Revenue Code.

a. (1) Net capital gain from the sale of real property used in a business, in which the taxpayer materially participated for ten years, as defined in section 469(h) of the Internal Revenue Code, and which has been held for a minimum of ten years, or from the sale of a business, as defined in section 423.1, in which the taxpayer materially participated for ten years, as defined in section 469(h) of the Internal Revenue Code, and which has been held for a minimum of ten years. The sale of a business means the sale of all or substantially all of the tangible personal property or service of the business.

However, where the business is sold to individuals who are all lineal descendants of the taxpayer, the taxpayer does not have to have materially participated in the business in order for the net capital gain from the sale to be excluded from taxation.

However, in lieu of the net capital gain deduction in this paragraph and paragraphs "b", "c", and "d", where the business is sold to individuals who are all lineal descendants of the taxpayer, the amount of capital gain from each capital asset may be subtracted in determining net income.

(2) For purposes of this paragraph, "lineal descendant" means children of the taxpayer, including legally adopted children and biological children, stepchildren, grandchildren, great-grand-
children, and any other lineal descendants of the taxpayer.

b. Net capital gain from the sale of cattle or horses held by the taxpayer for breeding, draft, dairy, or sporting purposes for a period of twenty-four months or more from the date of acquisition; but only if the taxpayer received more than one-half of the taxpayer’s gross income from farming or ranching operations during the tax year.

c. Net capital gain from the sale of breeding livestock, other than cattle or horses, if the livestock is held by the taxpayer for a period of twelve months or more from the date of acquisition; but only if the taxpayer received more than one-half of the taxpayer’s gross income from farming or ranching operations during the tax year.

d. Net capital gain from the sale of timber as defined in section 631(a) of the Internal Revenue Code.

However, to the extent otherwise allowed, the deduction provided in this subsection is not allowed for purposes of computation of a net operating loss in section 422.9, subsection 3, and in computing the income for the taxable year or years for which a net operating loss is deducted.

For purposes of this subsection, the term “held” shall be determined with reference to the holding period provisions of section 1223 of the Internal Revenue Code and the federal regulations adopted pursuant thereto.

22. Subtract, to the extent included, the amounts paid to an eligible individual under section 105 of the Civil Liberties Act of 1988, Pub. L. No. 100-383, Tit. 26. Add depreciation taken for federal income tax purposes on a speculative shell building defined in section 427.1, subsection 27, which is owned by a for-profit entity and the for-profit entity is receiving the proper tax exemption. Subtract depreciation computed as if the speculative shell building were classified as fifteen-year property under the accelerated cost recovery system of the Internal Revenue Code during the period during which it is owned by the for-profit entity and is receiving the property tax exemption. However, this subsection does not apply to a speculative shell building which is used by the for-profit entity, subsidiary of the for-profit entity, or majority owners of the for-profit entity, for other than as a speculative shell building, as defined in section 427.1, subsection 27.

27. Subtract, to the extent included, payments received by an individual providing unskilled in-home health-related care services pursuant to section 249.3, subsection 2, paragraph “a”, subparagraph (2), to a member of the individual caregiver’s family. For purposes of this subsection, a member of the individual caregiver’s family includes a spouse, parent, stepparent, child, stepchild, brother, stepbrother, sister, stepsister, lineal ancestor, or lineal descendant, and such persons by marriage or adoption. A health care professional licensed by an examination board designated in section 147.13, subsections 1 through 10, is not eligible for the exemption authorized in this subsection.

28. If the taxpayer is owner of an individual development account certified under chapter 541A at any time during the tax year, deductions of all of the following shall be allowed:

30. Subtract the amount of the employer social security credit allowable for the tax year under section 45B of the Internal Revenue Code to the extent that the credit increases federal adjusted gross income.

31. For a person who is disabled, or is fifty-five years of age or older, or is the surviving spouse of an individual or a survivor having an insurable interest in an individual who would have qualified for the exemption under this subsection for the tax year, subtract, to the extent included, the total amount of a governmental or other pension or retirement pay, including, but not limited to, defined benefit or defined contribution plans, annuities, individual retirement accounts, plans maintained or contributed to by an employer, or maintained or...
contributed to by a self-employed person as an employer, and deferred compensation plans or any earnings attributable to the deferred compensation plans, up to a maximum of six thousand dollars for a person, other than a husband or wife, who files a separate state income tax return and up to a maximum of twelve thousand dollars for a husband and wife who file a joint state income tax return. However, a surviving spouse who is not disabled or fifty-five years of age or older can only exclude the amount of pension or retirement pay received as a result of the death of the other spouse. A husband and wife filing separate state income tax returns or separately on a combined state return are allowed a combined maximum exclusion under this subsection of up to twelve thousand dollars. The twelve thousand dollar exclusion shall be allocated to the husband or wife in the proportion that each spouse’s respective pension and retirement pay received bears to total combined pension and retirement pay received.

However, income from assets acquired with such assets or with the proceeds from the sale of such assets shall not be subtracted. This paragraph shall only apply to a taxpayer who was the first recipient of such assets after recovery of the assets and who is a victim of persecution for racial, ethnic, or religious reasons by Nazi Germany or any other Axis regime or is an heir of such victim.

36. Add, to the extent not already included, income from the sale of obligations of the state and its political subdivisions. Income from the sale of these obligations is exempt from the taxes imposed by this division only if the law authorizing these obligations specifically exempts the income from the sale from the state individual income tax.

37. Notwithstanding the method for computing income from an installment sale under section 453 of the Internal Revenue Code, as defined in section 422.3, the method to be used in computing income from an installment sale shall be the method under section 453 of the Internal Revenue Code, as amended up to and including January 1, 2000. A taxpayer affected by this subsection shall make adjustments in the adjusted gross income pursuant to rules adopted by the director.

The adjustment to net income provided in this subsection is repealed for tax years beginning on or after January 1, 2002. However, to the extent that a taxpayer using the accrual method of accounting reported the entire capital gain from the sale or exchange of property on the Iowa return for the tax year beginning in the 2001 calendar year and the capital gain was reported on the installment method on the federal income tax return, any additional installment from the capital gain reported for federal income tax purposes is not to be included in net income in tax years beginning on or after January 1, 2002.

If the taxpayer elects to take the additional first-year depreciation allowance authorized in section 168(k)(4) of the Internal Revenue Code for state tax purposes, the deduction may be taken on amended state tax returns, if necessary. If the taxpayer does not elect to take the additional first-year depreciation allowance authorized in section 168(k)(4) of the Internal Revenue Code for state tax purposes, the following adjustment shall be made:

(1) Add the total amount of depreciation taken on all property for which the election under section 168(k)(4) of the Internal Revenue Code was made for the tax year.

(2) Subtract an amount equal to depreciation allowed on such property for the tax year using the modified accelerated cost recovery system depreciation method applicable under section 168 of the Internal Revenue Code without regard to section 168(k)(4).

(3) Any other adjustments to gains or losses to reflect the adjustments made in subparagraphs (1) and (2) pursuant to rules adopted by the director.

40. 49. Subtract, to the extent included, the amount of ordinary or capital gain realized by the taxpayer as a result of the involuntary conversion of property due to eminent domain. However, if the total amount of such realized ordinary or capital gain is not recognized because the converted property is replaced with property that is similar
to, or related in use to, the converted property, the amount of such realized ordinary or capital gain shall not be subtracted under this subsection until the remaining realized ordinary or capital gain is subject to federal taxation or until the time of disposition of the replacement property as provided under rules of the director. 52. Subtract, to the extent included, an amount equal to any income received from the sale, rental, or furnishing of tangible personal property or services directly related to the production of a project registered under section 15.393 which meets the criteria of a qualified expenditure under section 15.393, subsection 2, paragraph “a”, subparagraph (2).

53. A taxpayer is allowed to take the increased expensing allowance under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 110-185, in computing adjusted gross income for state tax purposes.

422.8 Allocation of income earned in Iowa and other states.

Under rules prescribed by the director, net income of individuals, estates, and trusts shall be allocated as follows:

1. The amount of income tax paid to another state or foreign country by a resident taxpayer of this state on income derived from sources outside of Iowa shall be allowed as a credit against the tax computed under this chapter, except that the credit shall not exceed what the amount of the Iowa tax would have been on the same income which was taxed by the other state or foreign country. The limitation on this credit shall be computed according to the following formula: Income earned outside of Iowa and taxed by another state or foreign country shall be divided by the total income of the resident taxpayer of Iowa. This quotient multiplied times the net Iowa tax as determined on the total income of the taxpayer as if entirely earned in Iowa shall be the maximum tax credit against the Iowa net tax.

2. a. Nonresident’s net income allocated to Iowa is the net income, or portion of net income, which is derived from a business, trade, profession, or occupation carried on within this state or income from any property, trust, estate, or other source within Iowa. However, income derived from a business, trade, profession, or occupation carried on within this state and income from any property, trust, estate, or other source within Iowa shall not include distributions from pensions, including defined benefit or defined contribution plans, annuities, individual retirement accounts, and deferred compensation plans or any earnings attributable thereto so long as the distribution is directly related to an individual’s documented retirement and received while the individual is a nonresident of this state. If a business, trade, profession, or occupation is carried on partly within and partly without the state, only the portion of the net income which is fairly and equitably attributable to that part of the business, trade, profession, or occupation carried on within the state is allocated to Iowa for purposes of section 422.5, subsection 1, paragraph “j”, and section 422.13 and income from any property, trust, estate, or other source partly within and partly without the state is allocated to Iowa only to the extent to which they are derived from a business, trade, profession, or occupation carried on within the state.

b. A resident’s income allocable to Iowa is the income determined under section 422.7 reduced by items of income and expenses from an S corporation that carries on business within and without the state when those items of income and expenses pass directly to the shareholders under provisions of the Internal Revenue Code. These items of income and expenses are increased by the greater of the following:

(1) The net income or loss of the corporation which is fairly and equitably attributable to this state under section 422.33, subsections 2 and 3.

(2) Any cash or the value of property distributions which are made only to the extent that they are derived from a business, trade, profession, or occupation carried on within the state or income from any property, trust, estate, or other source within Iowa.

3. Taxable income of resident and nonresident estates and trusts shall be allocated in the same manner as individuals.

4. The amount of minimum tax paid to another state or foreign country by a resident taxpayer of
this state from preference items derived from sources outside of Iowa shall be allowed as a credit against the tax computed under this division except that the credit shall not exceed what the amount of state alternative minimum tax would have been on the same preference items which were taxed by the other state or foreign country. The limitation on this credit shall be computed according to the following formula: The total of preference items earned outside of Iowa and taxed by another state or foreign country shall be divided by the total of preference items of the resident taxpayer of Iowa. In computing this quotient, those items excludable under section 422.5, subsection 2, paragraph “b”, subparagraph (1), shall not be used in computing the preference items. This quotient multiplied times the net state alternative minimum tax as determined in section 422.5, subsection 2, on the total of preference items as if entirely earned in Iowa shall be the maximum tax credit against the Iowa alternative minimum tax. However, the maximum tax credit will not be allowed to the extent that the minimum tax imposed by the other state or foreign country is less than the maximum tax credit computed above.

5. The director may, in accordance with the provisions of this subsection, and when cost-efficient, administratively feasible, and of mutual benefit to both states, enter into reciprocal agreements with tax administration agencies of other states to further tax administration and eliminate duplicate withholding by exempting from Iowa taxation income earned from personal services in Iowa by residents of another state, if the other state provides a tax exemption for the same type of income earned from personal services by Iowa residents in the other state. For purposes of this subsection, “income earned from personal services” means wages, salaries, commissions, and tips, and earned income from other sources. This subsection does not authorize the department to withhold taxes on deferred compensation payments, pension distributions, and annuity payments when paid to a nonresident of the state of Iowa. All the terms of the agreements shall be described in the rules adopted by the department.

A reciprocal agreement entered into on or after April 4, 2002, with a tax administration agency of another state shall not take effect until such agreement has been authorized by a constitutional majority of each house of the general assembly and approved by the governor. A reciprocal agreement in effect on or after January 1, 2002, shall not be terminated by the state of Iowa unless the termination has been authorized by a constitutional majority of each house of the general assembly and approved by the governor. An amendment to an existing reciprocal agreement does not constitute a new agreement.

6. If the resident or part-year resident is a shareholder of an S corporation which has in effect an election under subchapter S of the Internal Revenue Code, subsections 1 and 3 do not apply to any income taxes paid to another state or foreign country on the income from the corporation which has in effect an election under subchapter S of the Internal Revenue Code.

422.9 Deductions from net income.
In computing taxable income of individuals, there shall be deducted from net income the larger of the following amounts:

1. An optional standard deduction, after deduction of federal income tax, equal to one thousand two hundred thirty dollars for a married person who files separately or a single person or equal to three thousand thirty dollars for a husband and wife who file a joint return, a surviving spouse, or a head of household. The optional standard deduction shall not exceed the amount remaining after deduction of the federal income tax. The amount of federal income tax deducted shall be computed as provided in subsection 2, paragraph “b”.

2. The total of contributions, interest, taxes, medical expense, nonbusiness losses, and miscellaneous expenses deductible for federal income tax purposes under the Internal Revenue Code, with the following adjustments:
   a. Subtract the deduction for Iowa income taxes.
   b. Add the amount of federal income taxes paid or accrued, as the case may be, during the tax year and subtract any federal income tax refunds received during the tax year. Where married persons, who have filed a joint federal income tax return, file separately, such total shall be divided between them according to the portion of the total paid or accrued, as the case may be, by each. Federal income taxes paid for a tax year in which an Iowa return was not required to be filed shall not be added and federal income tax refunds received from a tax year in which an Iowa return was not required to be filed shall not be subtracted.
   c. Add the amount by which expenses paid or incurred in connection with the adoption of a child by the taxpayer exceed three percent of the net income of the taxpayer, or of the taxpayer and spouse in the case of a joint return. The expenses may include medical and hospital expenses of the biological mother which are incident to the child’s birth and are paid by the taxpayer, welfare agency fees, legal fees, and all other fees and costs relating to the adoption of a child if the child is placed by a child-placing agency licensed under chapter 238 or by a person making an independent placement according to the provisions of chapter 600.
   d. Add an additional deduction for mileage incurred by the taxpayer in voluntary work for a charitable organization consisting of the excess of the state employee mileage reimbursement over the amount deductible for federal income tax pur-
poses. The deduction shall be proven by the keeping of a contemporaneous diary by the person throughout the period of the voluntary work in the tax year.

e. Add the amount, not to exceed five thousand dollars, of expenses not otherwise deductible under this section actually incurred in the home of the taxpayer for the care of a person who is the grandchild, child, parent, or grandparent of the taxpayer or the taxpayer’s spouse and who is unable, by reason of physical or mental disability, to live independently and is receiving, or would be eligible to receive if living in a health care facility licensed under chapter 135C, medical assistance benefits under chapter 249A. In the event that the person being cared for is receiving assistance benefits under chapter 239B, the expenses not otherwise deductible shall be the net difference between the expenses actually incurred in caring for the person and the assistance benefits received under chapter 239B.

f. Add the amount of the mortgage interest credit allowable for the tax year under section 25 of the Internal Revenue Code to the extent the credit decreased the amount of interest deductible under section 163(g) of the Internal Revenue Code.

g. If the taxpayer has a deduction for medical care expenses under section 213 of the Internal Revenue Code, the taxpayer shall recompute for the purposes of this subsection the amount of the deduction under section 213 by excluding from medical care, as defined in section 213, the amount subtracted under section 422.7, subsection 29.

h. For purposes of calculating the deductions in this subsection that are authorized under the Internal Revenue Code, and to the extent that any of such deductions is determined by an individual's federal adjusted gross income, the individual’s federal adjusted gross income is computed in accordance with section 422.7, subsection 39.

i. The deduction for state sales and use taxes is allowable only if the taxpayer elected to deduct the state sales and use taxes in lieu of state income taxes under section 164 of the Internal Revenue Code. A deduction for state sales and use taxes is not allowed if the taxpayer has taken the deduction for state income taxes or claimed the standard deduction under section 63 of the Internal Revenue Code. This paragraph applies to taxable years beginning after December 31, 2003, and before January 1, 2006.

3. If, after applying all of the adjustments provided for in section 422.7, the allocation provisions of section 422.8, and the deductions allowable in this section subject to the modifications provided in section 172(d) of the Internal Revenue Code, the taxable income results in a net operating loss, the net operating loss shall be deducted as follows:

a. The Iowa net operating loss shall be carried back three taxable years for an individual taxpayer with a casualty or theft property loss or for a net operating loss in a presidentially declared disaster area incurred by a taxpayer engaged in a small business or in the trade or business of farming. For all other Iowa net operating losses, the net operating loss shall be carried back two taxable years or to the taxable year in which the taxpayer first earned income in Iowa whichever year is the later.

b. The Iowa net operating loss remaining after being carried back as required in paragraph “a” or “d” or if not required to be carried back shall be carried forward twenty taxable years.

c. If the election under section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward twenty taxable years.

d. Notwithstanding paragraph “a”, for a taxpayer who is engaged in the trade or business of farming as defined in section 263A(e)(4) of the Internal Revenue Code and has a loss from farming as defined in section 172(b)(1)(F) of the Internal Revenue Code including modifications prescribed by rule by the director, the Iowa loss from the trade or business of farming is a net operating loss which may be carried back five taxable years prior to the taxable year of the loss.

4. Where married persons file separately, both must use the optional standard deduction if either elects to use it, and both must claim itemized deductions if either elects to claim itemized deductions.

5. A taxpayer affected by section 422.8 shall, if the optional standard deduction is not used, be permitted to deduct only such portion of the total referred to in subsection 2 above as is fairly and equitably allocable to Iowa under the rules prescribed by the director.

6. In determining the amount of deduction for federal income tax under subsection 1 or subsection 2, paragraph “b”, for tax years beginning in the 2001 calendar year, the amount of the deduction shall not be adjusted by the amount received during the tax year of the advanced refund of the rate reduction tax credit provided pursuant to the federal Economic Growth and Tax Relief Reconciliation Act of 2001, Pub. L. No. 107-16, and the advanced refund of such credit shall not be subject to taxation under this division.

7. In determining the amount of deduction for federal income tax under subsection 1 or subsection 2, paragraph “b”, for tax years beginning in the 2002 calendar year, the amount of the deduction for the tax year shall not be adjusted by the amount of the rate reduction credit received in the tax year to the extent that the credit is attributable to the rate reduction credit provided pursuant to the federal Economic Growth and Tax Relief
Reconciliation Act of 2001, Pub. L. No. 107-16, and the amount of such credit shall not be taxable under this division.

8. In determining the amount of deduction for federal income tax under subsection 1 or subsection 2, paragraph “b”, for tax years beginning in the 2008 calendar year, the amount of the deduction for the tax year shall not be adjusted by the amount received during the tax year of the income tax rebate provided pursuant to the federal Recovery Rebates and Economic Stimulus for the American People Act of 2008, Pub. L. No. 110-185, and the amount of such income tax rebate shall not be subject to taxation under this division.

§422.10 Research activities credit.
1. The taxes imposed under this division shall be reduced by a state tax credit for increasing research activities in this state.

a. (1) For individuals, the credit equals the sum of the following:
   (a) Six and one-half percent of the excess of qualified research expenditures during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.
   (b) Six and one-half percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(2) The state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

b. In lieu of the credit amount computed in paragraph “a”, subparagraph (1), subparagraph division (a), a taxpayer may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative incremental credit described in section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer’s federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

c. For purposes of the alternate credit computation method in paragraph “b”, the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of section 41(c)(4)(A) of the Internal Revenue Code are one and sixty-five hundredths percent, two and twenty hundredths percent, and two and seventy-five hundredths percent, respectively.

2. For purposes of this section, an individual may claim a research credit incurred by a partnership, S corporation, limited liability company, estate, or trust electing to have the income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of a partnership, S corporation, limited liability company, estate, or trust.

3. a. For purposes of this section, “base amount”, “basic research payment”, and “qualified research expense” mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative incremental credit such amounts are for research conducted within this state.

b. For purposes of this section, “Internal Revenue Code” means the Internal Revenue Code in effect on January 1, 2009.

4. Any credit in excess of the tax liability imposed by section 422.5 less the amounts of nonrefundable credits allowed under this division for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return credited to the tax liability for the following taxable year.

5. An individual may claim an additional research activities credit authorized pursuant to section 15.335 if the eligible business is a partnership, S corporation, limited liability company, or estate or trust which elects to have the income taxed directly to the individual. The amount of the credit shall be as provided in section 15.335.

6. The department shall by February 15 of each year issue an annual report to the general assembly containing the total amount of all claims made by employers under this section and the portion of the claims issued as refunds, for all claims processed during the previous calendar year. The report shall contain the name of each claimant for whom a tax credit in excess of five hundred thousand dollars was issued and the amount of the credit received.

a. “Dependent” has the same meaning as provided by the Internal Revenue Code.

b. “Textbooks” means books and other instructional materials and equipment used in elementary and secondary schools in teaching only those subjects legally and commonly taught in public elementary and secondary schools in this state and does not include instructional books and materials used in the teaching of religious tenets, doctrines, or worship, the purpose of which is to inculcate those tenets, doctrines, or worship. “Textbooks” includes books or materials used for extracurricular activities including sporting events, musical or dramatic events, speech activities, driver’s education, or programs of a similar nature.

b. A tuition credit equal to twenty-five percent of the first one thousand dollars which the taxpayer has paid to others for each dependent in attending an elementary or secondary school situated in Iowa, which school is accredited or approved under section 256.11, which is not operated for profit, and which adheres to the provisions of the federal Civil Rights Act of 1964 and chapter 216. §422.21 Form and time of return.

1. Returns shall be in the form the director prescribes, and shall be filed with the department on or before the last day of the fourth month after the expiration of the tax year. However, cooperative associations as defined in section 6072(d) of the Internal Revenue Code shall file their returns on or before the fifteenth day of the tenth month following the close of the taxable year and non-profit corporations subject to the unrelated business income tax imposed by section 422.33, subsection 1A, shall file their returns on or before the fifteenth day of the fifth month following the close of the taxable year. In case of sickness, absence, or other disability, or if good cause exists, the director may allow further time for filing returns. The director shall cause to be prepared blank forms for the returns and shall cause them to be distributed throughout the state and to be furnished upon application, but failure to receive or secure the forms does not relieve the taxpayer from the obligation of making a return that is required. 2. Notwithstanding any other provision in this section, a resident of this state is not required to make and file a return if the person’s total net income is equal to or less than the appropriate dollar amount listed in section 422.5, subsection 3, upon which tax is not imposed. A nonresident of this state is not required to make and file a return if the person’s total net income in section 422.5, subsection 1, paragraph 7”, is equal to or less than the appropriate dollar amount provided in section 422.5, subsection 3, upon which tax is not imposed. For purposes of this subsection, the amount of a lump sum distribution subject to separate federal tax shall be included in net income for purposes of determining if a resident is required to file a return and the portion of the lump sum distribution that is allocable to Iowa is included in total net income for purposes of determining if a nonresident is required to make and file a return.

hazardous duty area, or deployed outside the United States away from the individual’s permanent duty station while participating in an operation designated by the United States secretary of defense as a contingency operation as defined in 10 U.S.C. § 101(a)(13), or which became such a contingency operation by the operation of law, or an individual serving in support of those forces, is allowed the same additional time period after leaving the combat zone or the qualified hazardous duty area, or ceasing to participate in such contingency operation, or after a period of continuous hospitalization, to file a state income tax return or perform other acts related to the department.

An individual on active duty federal military service in the armed forces, armed forces military reserve, or national guard who is deployed outside the United States in other than a combat zone, qualified hazardous duty area, or contingency operation is allowed the same additional period of time described in section 7508(a) of the Internal Revenue Code. For the purposes of this subsection, “other acts related to the department” includes filing claims for refund for any tax administered by the department, making tax payments other than withholding payments, filing appeals on the tax matters, filing other tax returns, and performing other acts described in the department’s rules. The additional time period allowed applies to the spouse of the individual described in this subsection to the extent the spouse files jointly or separately on the combined return form with the individual or when the spouse is a party with the individual to any matter for which the additional time period is allowed.

3. The department shall make available to persons required to make personal income tax returns under the provisions of this chapter, and when such income is derived mainly from salaries and wages or from the operation of a business or profession, a form which shall take into consideration the normal deductions and credits allowable to any such taxpayer, and which will permit the computation of the tax payable without requiring the listing of specific deductions and credits. In arriving at schedules for payment of taxation under such forms the department shall as nearly as possible base such schedules upon a total of deductions and credits which will result in substantially the same payment as would have been made by such taxpayer were the taxpayer to specifically list the taxpayer’s allowable deductions and credits. In lieu of such return any taxpayer may elect to list permissible deductions and credits as provided by law. It is the intent and purpose of this provision to simplify the procedure of collection of personal income tax, and the department shall have the power in any case when deemed necessary or advisable to require any taxpayer, who has made a return in accordance with the schedule herein provided for, to make an additional return in which all deductions and credits are specifically listed. The department may revise the schedules adopted in connection with such simplified form whenever such revision is necessitated by changes in federal income tax laws, or to maintain the collection of substantially the same amounts from taxpayers as would be received were the specific listing of deductions and credits required.

4. The department shall provide space on the prescribed income tax form, wherein the taxpayer shall enter the name of the school district of the taxpayer’s residence. Such place shall be indicated by prominent type. A nonresident taxpayer shall so indicate. If such information is not supplied on the tax return it shall be deemed an incomplete return.

5. The director shall determine for the 1989 and each subsequent calendar year the annual and cumulative inflation factors for each calendar year to be applied to tax years beginning on or after January 1 of that calendar year. The director shall compute the new dollar amounts as specified by the latest cumulative inflation factor and round off the result to the nearest one dollar. The annual and cumulative inflation factors determined by the director are not rules as defined in section 17A.2, subsection 11. The director shall determine for the 1990 calendar year and each subsequent calendar year the annual and cumulative standard deduction factors to be applied to tax years beginning on or after January 1 of that calendar year. The director shall compute the new dollar amounts of the standard deductions specified in section 422.9, subsection 1, by the latest cumulative standard deduction factor and round off the result to the nearest ten dollars. The annual and cumulative standard deduction factors determined by the director are not rules as defined in section 17A.2, subsection 11.

6. The department shall provide on income tax forms or in the instruction booklets in a manner that will be noticeable to the taxpayers a statement that, even though the taxpayer may not have any federal or state income tax liability, the taxpayer may be eligible for the federal earned income tax credit or state child and dependent care credit. The statement shall also contain notice of where the taxpayer may check on the taxpayer’s eligibility for these credits.

7. If married taxpayers file a joint return or file separately on a combined return in accordance with rules prescribed by the director, both spouses are jointly and severally liable for the total tax due
§422.26  Lien of tax — collection — action authorized.

1. Whenever any taxpayer liable to pay a tax and penalty imposed refuses or neglects to pay the same, the amount, including any interest, penalty, or addition to such tax, together with the costs that may accrue in addition thereto, shall be a lien in favor of the state upon all property and rights to property, whether real or personal, belonging to said taxpayer.

2. The lien shall attach at the time the tax becomes due and payable and shall continue for ten years from the date an assessment is issued unless sooner released or otherwise discharged. The lien may, within ten years from the date an assessment is issued, be extended by filing for record a notice with the appropriate county official of any county and from the time of such filing, the lien shall be extended to the property in such county for ten years, unless sooner released or otherwise discharged, with no limit on the number of extensions. The director shall charge off any account whose lien is allowed to lapse and may charge off any account and release the corresponding lien before the lien has lapsed if the director determines under uniform rules prescribed by the director that the account is uncollectible or collection costs involved would not warrant collection of the amount due.

3. In order to preserve the aforesaid lien against subsequent mortgagees, purchasers or judgment creditors, for value and without notice of the lien, on any property situated in a county, the director shall file with the recorder of the county, in which said property is located, a notice of said lien.

4. a. The county recorder of each county shall keep in the recorder’s office an index containing the applicable entries in sections 558.49 and 558.52 and showing the following data, under the names of taxpayers, arranged alphabetically:

   (1) The name of the taxpayer.
   (2) The name “State of Iowa” as claimant.
   (3) Time notice of lien was filed for recording.
   (4) Date of notice.
   (5) Amount of lien then due.
   (6) Date of assessment.
   (7) When satisfied.

   b. The recorder shall endorse on each notice of lien the day, hour, and minute when filed for recording and the document reference number, shall preserve the same, and shall index the notice in the index and shall record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.

5. The department shall pay recording fees as provided in section 331.604, for the recording of the lien, or for its satisfaction.

6. Upon the payment of a tax as to which the director has filed notice with a county recorder, the director shall forthwith file with said recorder a satisfaction of said tax and the recorder shall enter said satisfaction on the notice on file in the recorder’s office and indicate said fact on the index aforesaid.

7. a. The department shall, substantially as provided in this chapter and chapter 626, proceed to collect all taxes and penalties as soon as practicable after they become delinquent, except that no property of the taxpayer is exempt from payment of the tax. If service has not been made on a distress warrant by the officer to whom addressed within five days from the date the distress warrant was received by the officer, the authorized revenue agents of the department may serve and make return of the warrant to the clerk of the district court of the county named in the distress warrant, and all subsequent procedure shall be in compliance with chapter 626.

   b. The distress warrant shall be in a form as prescribed by the director. It shall be directed to the sheriff of the appropriate county and it shall identify the taxpayer, the tax type, and the delinquent amount. It shall direct the sheriff to distraint, seize, garnish, or levy upon, and sell, as provided by law, any real or personal property belonging to the taxpayer to satisfy the amount of the delinquency plus costs. It shall also direct the sheriff to make due and prompt return to the department or to the district court under chapters 626 and 642 of all amounts collected.

8. The attorney general shall, upon the request of the director, bring an action at law or in equity, as the facts may justify, without bond, to enforce payment of any taxes and penalties, and in such action the attorney general shall have the assistance of the county attorney of the county in which the action is pending.

9. It is expressly provided that the foregoing remedies of the state shall be cumulative and that no action taken by the director or attorney general shall be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy provided by law.

10. For purposes of this section, “assessment issued” means the most recent assessment against the taxpayer for the tax type and tax period.

Subsection 4 amended and editorially internally redesignated
Subsection 5 amended
Subsection 7, unnumbered paragraphs 1 and 2 editorially designated as paragraphs a and b.
422.32 Definitions.
For the purpose of this division and unless otherwise required by the context:
1. The term "affiliated group" means a group of corporations as defined in section 1564(a) of the Internal Revenue Code.
2. "Business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business; or income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations; or gain or loss resulting from the sale, exchange, or other disposition of real property or of tangible or intangible personal property, if the property while owned by the taxpayer was operationally related to the taxpayer's trade or business carried on in Iowa or operationally related to sources within Iowa, or the property was operationally related to sources outside this state and to the taxpayer's trade or business carried on in Iowa; or gain or loss resulting from the sale, exchange, or other disposition of stock in another corporation if the activities of the other corporation were operationally related to the taxpayer's trade or business carried on in Iowa while the stock was owned by the taxpayer.
A taxpayer may have more than one regular trade or business in determining whether income is business income.

It is the intent of the general assembly to treat as apportionable business income all income that may be treated as apportionable business income under the Constitution of the United States. The filing of an Iowa income tax return on a combined report basis is neither allowed nor required by this subsection.
3. "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.
4. "Corporation" includes joint stock companies, and associations organized for pecuniary profit, and partnerships and limited liability companies taxed as corporations under the Internal Revenue Code.
5. The words "domestic corporation" mean any corporation organized under the laws of this state.
6. The words "foreign corporation" mean any corporation other than a domestic corporation.
8. "Nonbusiness income" means all income other than business income.
9. "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.
10. "Taxable in another state". For purposes of allocation and apportionment of income under this division, a taxpayer is taxable in another state if:
   a. In that state the taxpayer is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax; or
   b. That state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.
11. The term "unitary business" means a business carried on partly within and partly without a state where the portion of the business carried on within the state depends on or contributes to the business outside the state.

The words, terms, and phrases defined in division II, section 422.4, subsections 4 to 6, 8, 9, 13, and 15 to 17, when used in this division, shall have the meanings ascribed to them in said section except where the context clearly indicates a different meaning.

2009 Acts, ch 60, §6
Subsection 3 amended

422.33 Corporate tax imposed — credit.
1. A tax is imposed annually upon each corporation doing business in this state, or deriving income from sources within this state, in an amount computed by applying the following rates of taxation to the net income received by the corporation during the income year:
   a. On the first twenty-five thousand dollars of taxable income, or any part thereof, the rate of six percent.
   b. On taxable income between twenty-five thousand dollars and one hundred thousand dollars or any part thereof, the rate of eight percent.
   c. On taxable income between one hundred thousand dollars and two hundred fifty thousand dollars or any part thereof, the rate of ten percent.
   d. On taxable income of two hundred fifty thousand dollars or more, the rate of twelve percent.

"Income from sources within this state" means income from real, tangible, or intangible property located or having a situs in this state.
1A. There is imposed upon each corporation exempt from the general business tax on corporations by section 422.34, subsection 2, a tax at the rates in subsection 1 upon the state's apportioned share computed in accordance with subsections 2 and 3 of the unrelated business income computed in accordance with the Internal Revenue Code and with the adjustments set forth in section 422.35.
2. If the trade or business of the corporation is carried on entirely within the state, the tax shall be imposed on the entire net income, but if the trade or business is carried on partly within and partly without the state or if income is derived
from sources partly within and partly without the state, or if income is derived from trade or business and sources, all of which are not entirely in the state, the tax shall be imposed only on the portion of the net income reasonably attributable to the trade or business or sources within the state, with the net income attributable to the state to be determined as follows:

a. Nonbusiness interest, dividends, rents and royalties, less related expenses, shall be allocated within and without the state in the following manner:

(1) Nonbusiness interest, dividends, and royalties from patents and copyrights shall be allocable to this state if the taxpayer’s commercial domicile is in this state.

(2) Nonbusiness rents and royalties received from real property located in this state are allocable to this state.

(3) Nonbusiness rents and royalties received from tangible personal property are allocable to this state to the extent that the property is utilized in this state; or in their entirety if the taxpayer’s commercial domicile is in this state and the taxpayer is not taxable in the state in which the property is utilized. The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown, or unascertainable by the taxpayer tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payor obtained possession.

(4) Nonbusiness capital gains and losses from the sale or other disposition of assets shall be allocated as follows:

Gains and losses from the sale or other disposition of real property located in this state are allocable to this state.

Gains and losses from the sale or other disposition of tangible personal property are allocable to this state if the property had a situs in this state at the time of the sale or disposition or if the taxpayer’s commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

Gains and losses from the sale or disposition of intangible personal property are allocable to this state if the taxpayer’s commercial domicile is in this state.

b. Net nonbusiness income of the above class having been separately allocated and deducted as above provided, the remaining net business income of the taxpayer shall be allocated and apportioned as follows:

(1) Business interest, dividends, rents, and royalties shall be reasonably apportioned within and without the state under rules adopted by the director.

(2) Capital gains and losses from the sale or other disposition of assets shall be apportioned to the state based upon the business activity ratio applicable to the year the gain or loss is determined if the corporation determines Iowa taxable income by a sales, gross receipts or other business activity ratio. If the corporation has only allocable income, capital gains and losses from the sale or other disposition of assets shall be allocated in accordance with paragraph "a", subparagraph (4).

(3) Where income is derived from business other than the manufacture or sale of tangible personal property, the income shall be specifically allocated or equitably apportioned within and without the state under rules of the director.

(4) Where income is derived from the manufacture or sale of tangible personal property, the part attributable to business within the state shall be in that proportion which the gross sales made within the state bear to the total gross sales.

(5) Where income consists of more than one class of income as provided in subparagraphs (1) to (4) of this paragraph, it shall be reasonably apportioned by the business activity ratio provided in rules adopted by the director.

(6) The gross sales of the corporation within the state shall be taken to be the gross sales from goods delivered or shipped to a purchaser within the state regardless of the F.O.B. point or other conditions of the sale, excluding deliveries for transportation out of the state.

For the purpose of this section, the word “sale” shall include exchange, and the word “manufacture” shall include the extraction and recovery of natural resources and all processes of fabricating and curing. The words “tangible personal property” shall be taken to mean corporeal personal property, such as machinery, tools, implements, goods, wares, and merchandise, and shall not be taken to mean money deposits in banks, shares of stock, bonds, notes, credits, or evidence of an interest in property and evidences of debt.

3. If any taxpayer believes that the method of allocation and apportionment hereinbefore prescribed, as administered by the director and applied to the taxpayer’s business, has operated or will so operate as to subject the taxpayer to taxation on a greater portion of the taxpayer’s net income than is reasonably attributable to business or sources within the state, the taxpayer shall be entitled to file with the director a statement of the taxpayer’s objections and of such alternative method of allocation and apportionment as the taxpayer believes to be proper under the circumstances with such detail and proof and within such time as the director may reasonably prescribe; and if the director shall conclude that the method of allocation and apportionment theretofore employed is unfair and unjust, the director shall prescribe an alternative method of allocation and apportionment, and the taxpayer shall be entitled to file with the director a statement of objection to such alternative method of allocation and apportionment.
is in fact inapplicable and inequitable, the director shall redetermine the taxable income by such other method of allocation and apportionment as seems best calculated to assign to the state for taxation the portion of the income reasonably attributable to business and sources within the state, not exceeding, however, the amount which would be arrived at by application of the statutory rules for apportionment.

4. In addition to all taxes imposed under this division, there is imposed upon each corporation doing business within the state the greater of the tax determined in subsection 1, paragraphs "a" through "d" or the state alternative minimum tax equal to sixty percent of the maximum state corporate income tax rate, rounded to the nearest one-tenth of one percent, of the state alternative minimum taxable income of the taxpayer computed under this subsection.

The state alternative minimum taxable income of a taxpayer is equal to the taxpayer's state taxable income as computed with the adjustments in section 422.35 and with the following adjustments:

a. Add items of tax preference included in federal alternative minimum taxable income under section 57, except subsections (a)(1) and (a)(5), of the Internal Revenue Code, make the adjustments included in federal alternative minimum taxable income under section 56, except subsections (a)(4) and (d), of the Internal Revenue Code, and add losses as required by section 58 of the Internal Revenue Code. In making the adjustment under section 56(c)(1) of the Internal Revenue Code, interest and dividends from federal securities and interest and dividends from state and other political subdivisions and from regulated investment companies exempt from federal income tax under the Internal Revenue Code, net of amortization of any discount or premium, shall be subtracted.

b. Apply the allocation and apportionment provisions of subsection 2.

c. Subtract an exemption amount of forty thousand dollars. This exemption amount shall be reduced, but not below zero, by an amount equal to twenty-five percent of the amount by which the alternative minimum taxable income of the taxpayer, computed without regard to the exemption amount in this paragraph, exceeds one hundred fifty thousand dollars.

d. In the case of a net operating loss computed for a tax year beginning after December 31, 1986, which is carried back or carried forward to the current taxable year shall not exceed ninety percent of the alternative minimum taxable income determined without regard for the net operating loss deduction.

5. a. The taxes imposed under this division shall be reduced by a state tax credit for increasing research activities in this state equal to the sum of the following:

(1) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

(2) Six and one-half percent of the basic research payments determined under section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to the total qualified research expenditures.

b. In lieu of the credit amount computed in paragraph "a", subparagraph (1), a corporation may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative incremental credit described in section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer's federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

c. For purposes of the alternate credit computation method in paragraph "b", the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of section 41(c)(4)(A) of the Internal Revenue Code are one and sixty-five hundredths percent, two and twenty hundredths percent, and two and seventy-five hundredths percent, respectively.

d. For purposes of this subsection, "base amount", "basic research payment", and "qualified research expense" mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative incremental credit such amounts are for research conducted within this state.

For purposes of this subsection, "Internal Revenue Code" means the Internal Revenue Code in effect on January 1, 2009.

e. Any credit in excess of the tax liability for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following taxable year.
f. A corporation which is a primary business or a supporting business in a quality jobs enterprise zone may claim the research activities credit authorized pursuant to section 15A.9, subsection 8, in lieu of the credit computed in paragraph "a" or "b".

g. A corporation which is an eligible business may claim an additional research activities credit authorized pursuant to section 15.335.

h. The department shall by February 15 of each year issue an annual report to the general assembly containing the total amount of all claims made by employers under this subsection and the portion of the claims issued as refunds, for all claims processed during the previous calendar year. The report shall contain the name of each claimant for whom a tax credit in excess of five hundred thousand dollars was issued and the amount of the credit received.

6. The taxes imposed under this division shall be reduced by a new jobs tax credit. An industry which has entered into an agreement under chapter 260E and which has increased its base employment level by at least ten percent within the time set in the agreement or, in the case of an industry without a base employment level, adds new jobs within the time set in the agreement is entitled to this new jobs tax credit for the tax year selected by the industry. In determining if the industry has increased its base employment level by ten percent or added new jobs, only those new jobs directly resulting from the project covered by the agreement and those directly related to those new jobs shall be counted. The amount of this credit is equal to the product of six percent of the taxable wages upon which an employer is required to contribute to the state unemployment compensation fund, as defined in section 96.19, subsection 37, times the number of new jobs existing in the tax year that directly result from the project covered by the agreement or new jobs that directly result from those new jobs. The tax year chosen by the industry shall either begin or end during the period beginning with the date of the agreement and ending with the date by which the project is to be completed under the agreement. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten tax years or until depleted in less than the ten years. For purposes of this section, "agreement", "industry", "new job" and "project" mean the same as defined in section 260E.2 and "base employment level" means the number of full-time jobs an industry employs at the plant site which is covered by an agreement under chapter 260E on the date of that agreement.

7. a. There is allowed as a credit against the tax determined in subsection 1 for a tax year an amount equal to the minimum tax credit for that tax year. The minimum tax credit for a tax year is the excess, if any, of the net minimum tax imposed for all prior tax years beginning on or after January 1, 1987, over the amount allowable as a credit under this subsection for those prior tax years.

b. The allowable credit under paragraph "a" for a tax year shall not exceed the excess, if any, of the tax determined in subsection 1 over the state alternative minimum tax as determined in subsection 4.

The net minimum tax for a tax year is the excess, if any, of the tax determined in subsection 4 for the tax year over the tax determined in subsection 1 for the tax year.

8. The taxes imposed under this division shall be reduced by a franchise tax credit. A taxpayer who is a shareholder in a financial institution, as defined in section 581 of the Internal Revenue Code, which has in effect for the tax year an election under subchapter S of the Internal Revenue Code shall compute the amount of the tax credit by recomputing the amount of tax under this division by reducing the taxable income of the taxpayer by the taxpayer’s pro rata share of the items of income and expense of the financial institution. This recomputed tax shall be subtracted from the tax computed under this division and the resulting amount, which shall not exceed the taxpayer’s pro rata share of franchise tax paid by the financial institution, is the amount of the franchise tax credit allowed.

9. a. The taxes imposed under this division shall be reduced by an assistive device tax credit. A small business purchasing, renting, or modifying an assistive device or making workplace modifications for an individual with a disability who is employed or will be employed by the small business is eligible, subject to availability of credits, to receive this assistive device tax credit which is equal to fifty percent of the first five thousand dollars paid during the tax year for the purchase, rental, or modification of the assistive device or for making the workplace modifications. Any credit in excess of the tax liability shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on the taxpayer’s final, completed return credited to the tax liability for the following tax year. If the small business elects to take the assistive device tax credit, the small business shall not deduct for Iowa tax purposes any amount of the cost of an assistive device or workplace modifications which is deductible for federal income tax purposes.

b. To receive the assistive device tax credit, the eligible small business must submit an application to the department of economic development. If the taxpayer meets the criteria for eligibility, the department of economic development shall issue to the taxpayer a certification of entitlement for the assistive device tax credit. However, the combined amount of tax credits that may be approved
for a fiscal year under this subsection and section 422.11B* shall not exceed five hundred thousand dollars. Tax credit certificates shall be issued on an earliest filed basis. The certification shall contain the taxpayer’s name, address, tax identification number, the amount of the credit, and tax year for which the certificate applies. The taxpayer must file the tax credit certificate with the taxpayer’s corporate income tax return in order to claim the tax credit. The departments of economic development and revenue shall each adopt rules to jointly administer this subsection and shall provide by rule for the method to be used to determine for which fiscal year the tax credits are approved.

c. For purposes of this subsection:
   (1) "Assistive device" means any item, piece of equipment, or product system which is used to increase, maintain, or improve the functional capabilities of an individual with a disability in the workplace or on the job. "Assistive device" does not mean any medical device, surgical device, or organ implanted or transplanted into or attached directly to an individual. "Assistive device" does not include any device for which a certificate of title is issued by the state department of transportation, but does include any item, piece of equipment, or product system otherwise meeting the definition of "assistive device" that is incorporated, attached, or included as a modification in or to such a device issued a certificate of title.
   (2) "Disability" means the same as defined in section 15.102, except that it does not include alcoholism.
   (3) "Small business" means a business that either had gross receipts for its preceding tax year of three million dollars or less or employed not more than fourteen full-time employees during its preceding tax year.
   (4) "Workplace modifications" means physical alterations to the work environment.

10. a. The taxes imposed under this division shall be reduced by a historic preservation and cultural and entertainment district tax credit equal to the amount as computed under chapter 404A for rehabilitating eligible property. Any credit in excess of the tax liability shall be refunded or credited to the following year, as provided in section 404A.4, subsection 3.
   b. For purposes of this subsection, "eligible property" means the same as used in section 404A.1.

1. Subtract interest and dividends from federal securities.
2. Add interest and dividends from foreign securities, from securities of state and other political subdivisions, and from regulated investment companies exempt from federal income tax under the Internal Revenue Code.
3. Where the net income includes capital gains or losses, or gains or losses from property other than capital assets, and such gains or losses have been determined by using a basis established prior to January 1, 1934, an adjustment may be made, under rules and regulations prescribed by the director, to reflect the difference resulting from the use of a basis of cost or January 1, 1934, fair market value, less depreciation allowed or allowable, whichever is higher. Provided that the basis shall be fair market value as of January 1, 1955, less depreciation allowed or allowable, in the case of property acquired prior to that date if use of a prior basis is declared to be invalid.
4. Subtract fifty percent of the federal income taxes paid or accrued, as the case may be, during the tax year, adjusted by any federal income tax refunds; and add the Iowa income tax deducted in computing said taxable income.
5. Subtract the amount of the work opportunity tax credit allowable for the tax year under section 51 of the Internal Revenue Code to the extent that the credit increased federal taxable income.
6. a. If the taxpayer is a small business corporation, subtract an amount equal to sixty-five percent of the wages paid to individuals, but not to exceed twenty thousand dollars per individual, named in subparagraphs (1), (2), and (3) who were hired for the first time by the taxpayer during the tax year for work done in this state:

   b. This deduction is allowed for the wages paid to the individuals successfully completing a probationary period named in paragraph “a”, subparagraphs (1), (2), and (3) during the twelve months following the date of first employment by the taxpayer and shall be deducted in the tax years when paid.
   c. For purposes of this subsection:
      (1) “Physical or mental impairment” means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the body systems or any mental or psychological disorder, including mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.
      (2) (a) “Small business” means a profit or non-profit business, including but not limited to an individual, partnership, corporation, joint venture, association, or cooperative, to which the following apply:
         (i) It is not an affiliate or subsidiary of a business dominant in its field of operation.
         (ii) It has either twenty or fewer full-time equivalent positions or not more than the equivalent of three million dollars in annual gross revenues as computed for the preceding fiscal year or as the average of the three preceding fiscal years.
         (iii) It does not include the practice of a profession.
      (b) “Small business” includes an employee-owned business which has been an employee-owned business for less than three years or which meets the conditions of subparagraph division (a), subparagraph subdivisions (i) through (iii).
      (c) For purposes of this definition, “dominant in its field of operation” means having more than twenty full-time equivalent positions and more than three million dollars in annual gross revenues, and “affiliate or subsidiary of a business dominant in its field of operation” means a business which is at least twenty percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalents, of a business dominant in that field of operation.
6A. a. If the taxpayer is a business corporation and does not qualify for the adjustment under subsection 6, subtract an amount equal to sixty-five percent of the wages paid to individuals, but shall not exceed twenty thousand dollars per individual, named in subparagraphs (1) and (2) who were hired for the first time by the taxpayer during the tax year for work done in this state:
   (1) An individual domiciled in this state at the time of the hiring who meets any of the following conditions:

b. This deduction is allowed for the wages paid to the individuals successfully completing a probationary period named in paragraph “a”, subparagraphs (1) and (2) during the twelve months following the date of first employment by the taxpayer and shall be deducted in the tax years when paid.

c. The department shall develop and distribute information concerning the deduction available for businesses employing persons named in paragraph “a”, subparagraphs (1) and (2).

7. Subtract the amount of the alcohol fuel credit allowable for the tax year under section 40 of the Internal Revenue Code to the extent that the credit increased federal taxable income.

8. Add the amounts deducted and subtract the amounts included in income as a result of the treatment provided sale-leaseback agreements under section 168(f)(8) of the Internal Revenue Code for property placed in service by the transferee prior to January 1, 1986, to the extent that the amounts deducted and the amounts included in income are not otherwise deductible or included in income under the other provisions of the Internal Revenue Code as amended to and including December 31, 1985. Entitlement to depreciation on any property involved in a sale-leaseback agreement which is placed in service by the transferee prior to January 1, 1986, shall be determined under the Internal Revenue Code as amended to and including December 31, 1985, excluding section 168(f)(8) in making the determination.

11. If after applying all of the adjustments provided for in this section and the allocation and apportionment provisions of section 422.33, the Iowa taxable income results in a net operating loss, such net operating loss shall be deducted as follows:

a. For tax years beginning prior to January 1, 2009, the Iowa net operating loss shall be carried back three taxable years for a net operating loss incurred in a presidentially declared disaster area by a taxpayer engaged in a small business or in the trade or business of farming. For all other Iowa net operating losses for tax years beginning prior to January 1, 2009, the net operating loss shall be carried back two taxable years or to the taxable year in which the corporation first commenced doing business in this state, whichever is later.

b. An Iowa net operating loss for a tax year beginning on or after January 1, 2009, or an Iowa net operating loss remaining after being carried back as required in paragraph “a” or “f” shall be carried forward twenty taxable years.

c. If the election under section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward twenty taxable years.

d. No portion of a net operating loss which was sustained from that portion of the trade or business carried on outside the state of Iowa shall be deducted.

e. The limitations on net operating loss carryback and carryforward under sections 172(b)(1)(E) and 172(h) of the Internal Revenue Code shall apply.

f. Notwithstanding paragraph “a”, for a taxpayer who is engaged in the trade or business of farming as defined in section 263A(e)(4) of the Internal Revenue Code and has a loss from farming as defined in section 172(b)(1)(F) of the Internal Revenue Code including modifications prescribed by rule by the director, the Iowa loss from the trade or business of farming, for tax years beginning prior to January 1, 2009, is a net operating loss which may be carried back five taxable years prior to the taxable year of the loss.

g. The deductions described in paragraphs “a” through “f” of this subsection are allowed subject to the requirement that a corporation affected by the allocation provisions of section 422.33 shall be permitted to deduct only that portion of the deductions for net operating loss and federal income taxes that is fairly and equitably allocable to Iowa, under rules prescribed by the director.

Subtract depreciation computed as if the speculative shell building were classified as fifteen-year property
during the period during which it is owned by the taxpayer and is receiving the property tax exemption. However, this subsection does not apply to a speculative shell building which is used by the taxpayer, subsidiary of the taxpayer, or majority owners of the taxpayer, for other than as a speculative shell building, as defined in section 427.1, subsection 27.

17. Subtract the amount of the employer social security credit allowable for the tax year under section 45B of the Internal Revenue Code to the extent that the credit increases federal taxable income.

18. Add, to the extent not already included, income from the sale of obligations of the state and its political subdivisions. Income from the sale of these obligations is exempt from the taxes imposed by this division only if the law authorizing these obligations specifically exempts the income from the sale from the state corporate income tax.

19. a. The additional first-year depreciation allowance authorized in section 168(k) of the Internal Revenue Code, as enacted by Pub. L. No. 107-147, §101, does not apply in computing net income for state tax purposes. If the taxpayer has taken such deduction in computing taxable income, the following adjustments shall be made:

(1) Add the total amount of depreciation taken on all property for which the election under section 168(k) of the Internal Revenue Code was made for the tax year.

(2) Subtract an amount equal to depreciation allowed on such property for the tax year using the modified accelerated cost recovery system depreciation method applicable under section 168 of the Internal Revenue Code without regard to section 168(k).

(3) Any other adjustments to gains or losses to reflect the adjustments made in subparagraphs (1) and (2) pursuant to rules adopted by the director.

b. A taxpayer may elect to apply the additional first-year depreciation allowance authorized in section 168(k)/(4) of the Internal Revenue Code, as enacted by Pub. L. If the taxpayer elects to take the additional first-year depreciation allowance authorized in section 168(k)/(4) of the Internal Revenue Code for state tax purposes, the deduction may be taken on amended state tax returns, if necessary. If the taxpayer does not elect to take the additional first-year depreciation allowance authorized in section 168(k)/(4) of the Internal Revenue Code for state tax purposes, the following adjustments shall be made:

(1) Add the total amount of depreciation taken on all property for which the election under section 168(k)/(4) of the Internal Revenue Code was made for the tax year.

However, if the total amount of such realized ordinary or capital gain is not recognized because the converted property is replaced with property that is similar to, or related in use to, the converted property, the amount of such realized ordinary or capital gain shall not be subtracted under this subsection until the remaining realized ordinary or capital gain is subject to federal taxation or until the time of disposition of the replacement property as provided under rules of the director. The subtraction allowed under this subsection shall not alter the basis as established for federal tax purposes of any property owned by the taxpayer.

23. Subtract, to the extent included, an amount equal to any income received from the sale, rental, or furnishing of tangible personal property or services directly related to the production of a project registered under section 15.393 which meets the criteria of a qualified expenditure under section 15.393, subsection 2, paragraph “a”, subparagraph (2).

24. A taxpayer is allowed to take the increased expensing allowance under section 179 of the Internal Revenue Code, as amended by Pub. L. No. 108-27, §202, in computing taxable income for state tax purposes. If the taxpayer does not take the increased expensing allowance under section 179 of the Internal Revenue Code, the deduction may be taken on amended state tax returns, if necessary. If the taxpayer does not elect to take the increased expensing allowance under section 179 of the Internal Revenue Code for state tax purposes, the following adjustments shall be made:

      (a) The county is levying the maximum amount allowed for the county’s mental health, mental retardation, and developmental disabilities services fund under section 331.424A for the fiscal year in which the funding is distributed.
      (b) In the latest fiscal year reported in accordance with section 331.403, the county’s mental health, mental retardation, and developmental disabilities services fund ending balance under generally accepted accounting principles was equal to or less than twenty-five percent of the county’s actual gross expenditures for that fiscal year.
      (2) The amount allocated to a county from the moneys available in the pool under this paragraph “d” shall be determined based upon the county’s proportion of the general population of the counties eligible to receive moneys from the pool for that fiscal year.
   e. In order to receive an allocation under this section, a county must comply with the filing date requirements under section 331.403. Moneys credited to the allowed growth funding pool which remain unobligated or unexpended at the close of a fiscal year shall remain in the pool for distribution in the succeeding fiscal year.
   f. The most recent population estimates issued by the United States bureau of the census shall be applied in determining population for the purposes of this subsection.
   g. The department of human services shall annually calculate the amount of moneys due to eligible counties in accordance with this subsection. The department shall authorize the issuance of warrants payable to the county treasurer for the amounts due and the warrants shall be issued in January.

2. Risk pool.
   a. For the purposes of this subsection, unless the context otherwise requires, “services fund” means a county’s mental health, mental retardation, and developmental disabilities services fund created in section 331.424A.
   b. A risk pool is created in the property tax relief fund. The pool shall consist of the moneys credited to the pool by law.
   c. A risk pool board is created. The board shall consist of two county supervisors, two county auditors, a member of the mental health, mental re-
tardation, developmental disabilities, and brain injury commission who is not a member of a county board of supervisors, a member of the county finance committee created in chapter 333A who is not an elected official, a representative of a provider of mental health or developmental disabilities services selected from nominees submitted by the Iowa association of community providers, and two central point of coordination process administrators, all appointed by the governor, and one member appointed by the director of human services. All members appointed by the governor shall be subject to confirmation by the senate. Members shall serve for three-year terms. A vacancy shall be filled in the same manner as the original appointment. Expenses and other costs of the risk pool board members representing counties shall be paid by the county of origin. Expenses and other costs of risk pool board members who do not represent counties shall be paid from a source determined by the governor. Staff assistance to the board shall be provided by the department of human services and counties. Actuarial expenses and other direct administrative costs shall be charged to the pool.

d. A county must apply to the risk pool board for assistance from the risk pool on or before October 31. The risk pool board shall make its final decisions on or before December 15 regarding acceptance or rejection of the applications for assistance and the total amount accepted shall be considered obligated.

e. Basic eligibility for risk pool assistance requires that a county meet all of the following conditions:

(1) The county is in compliance with the requirements of section 331.439.

(2) The county levied the maximum amount allowed for the county's services fund under section 331.424A for the fiscal year of application for risk pool assistance.

(3) In the fiscal year that commenced two years prior to the fiscal year of application, the county's services fund ending balance under generally accepted accounting principles was equal to or less than twenty percent of the county's actual gross expenditures for that fiscal year.

f. The board shall review the fiscal year-end financial records for all counties that are granted risk pool assistance. If the board determines a county's actual need for risk pool assistance was less than the amount of risk pool assistance granted to the county, the county shall refund the difference between the amount of assistance granted and the actual need. The county shall submit the refund within thirty days of receiving notice from the board. Refunds shall be credited to the risk pool. The mental health, mental retardation, developmental disabilities, and brain injury commission shall adopt rules pursuant to chapter 17A providing criteria for the purposes of this lettered paragraph and as necessary to implement the other provisions of this subsection.

g. The board shall determine application requirements to ensure prudent use of risk pool assistance. The board may accept or reject an application for assistance in whole or in part. The decision of the board is final.

h. The total amount of risk pool assistance shall be limited to the amount available in the risk pool for a fiscal year. Any unobligated balance in the risk pool at the close of a fiscal year shall remain in the risk pool for distribution in the succeeding fiscal year.

i. Risk pool assistance shall only be made available to address one or more of the following circumstances:

(1) Continuing support for mandated services.

(2) Avoiding the need for reduction or elimination of critical services when the reduction or elimination places consumers' health or safety at risk.

(3) Avoiding the need for reduction or elimination of a mobile crisis team or other critical emergency services when the reduction or elimination places the public's health or safety at risk.

(4) Avoiding the need for reduction or elimination of the services or other support provided to entire disability populations.

(5) Avoiding the need for reduction or elimination of services or other support that maintain consumers in a community setting, creating a risk that the consumers would be placed in more restrictive, higher cost settings.

j. Subject to the amount available and obligated from the risk pool for a fiscal year, the department of human services shall annually calculate the amount of moneys due to eligible counties in accordance with the board's decisions and that amount is appropriated from the risk pool to the department for payment of the moneys due. The department shall authorize the issuance of warrants payable to the county treasurer for the amounts due and the warrants shall be issued on or before January 1.

k. On or before March 1 and September 1 of each fiscal year, the department of human services shall provide the risk pool board with a report of the financial condition of each funding source administered by the board. The report shall includebut is not limited to an itemization of the funding source's balances, types and amount of revenues credited, and payees and payment amounts for the expenditures made from the funding source during the reporting period.

l. If the board has made its decisions but has determined that there are otherwise qualifying requests for risk pool assistance that are beyond the amount available in the risk pool fund for a fiscal year, the board shall compile a list of such requests and the supporting information for the requests. The list and information shall be submitted to the mental health, mental retardation, developmen-

The moneys received by a county from the incentive pool shall be used to build community capacity to support individuals covered by the county’s management plan approved under section 331.439, in meeting such purposes.

CHAPTER 427

427.1 Exemptions.
The following classes of property shall not be taxed:
1. Federal and state property.
   a. The property of the United States and this state, including state university, university of science and technology, and school lands, except as otherwise provided in this subsection. The exemption herein provided shall not include any real property subject to taxation under any federal statute applicable thereto, but such exemption shall extend to and include all machinery and equipment owned exclusively by the United States or any corporate agency or instrumentality thereof without regard to the manner of the affixation of such machinery and equipment to the land or building upon or in which such property is located, until such time as the Congress of the United States shall expressly authorize the taxation of such machinery and equipment.
   b. Property of the state operated pursuant to section 904.302, 904.705, or 904.706 that is leased to an entity other than an entity which is exempt from property taxation under this section shall be subject to property taxation for the term of the lease. Property taxes levied against such leased property shall be paid from the revolving farm fund created in section 904.706. The lessor shall file a copy of the lease with the county assessor of the county where the property is located.
2. Municipal and military property.
The property of a county, township, city, school corporation, levee district, drainage district, or the Iowa national guard, when devoted to public use and not held for pecuniary profit, except property of a municipally owned electric utility held under joint ownership and property of an electric power facility financed under chapter 28F or 476A that shall be subject to taxation under chapter 437A and facilities of a municipal utility that are used for the provision of local exchange services pursuant to chapter 476, but only to the extent such facilities are used to provide such services, which shall be subject to taxation under chapter 433, except that section 433.11 shall not apply. The exemption for property owned by a city or county also applies to property which is operated by a city or county as a library, art gallery or museum, conservatory, botanical garden or display, observatory or science museum, or as a location for holding athletic contests, sports or entertainment events, expositions, meetings or conventions, or leased from the city or county for any such purposes, or leased from the city or county by the Iowa national guard or by a federal agency for the benefit of the Iowa national guard when devoted for public use and not for pecuniary profit. Food and beverages may be served at the events or locations without affecting the exemptions, provided the city has approved the serving of food and beverages on the property if the property is owned by the city or the county has approved the serving of food and beverages on the property if the property is owned by the county. The exemption for property owned by a city or county also applies to property which is located at an airport and leased to a fixed base operator providing aeronautical services to the public.
3. Public grounds and cemeteries. Public grounds, including all places for the burial of the dead; and crematoriums with the land, not exceeding one acre, on which they are built and appurtenant thereto, so long as no dividends or profits are derived therefrom.
4. Fire company buildings and grounds. The publicly owned buildings and grounds used exclusively for keeping fire engines and implements for extinguishing fires and for meetings of fire companies.
5. Property of associations of war veterans. The property of any organization composed wholly of veterans of any war, when such property is devoted entirely to its own use and not held for pecuniary profit. The operation of bingo games on property of such organization shall not adversely affect the exemption of that property under this subsection if all proceeds, in excess of expenses,
are used for the legitimate purposes of the organization.

6. Property of cemetery associations. Burial grounds, mausoleums, buildings and equipment owned and operated by cemetery associations and used exclusively for the maintenance and care of the cemeteries devoted to interment of human bodies and human remains. The exemption granted by this subsection shall not apply to any property used for the practice of mortuary science.

7. Libraries and art galleries. All grounds and buildings used for public libraries, public art galleries, and libraries and art galleries owned and kept by private individuals, associations, or corporations, for public use and not for private profit. Claims for exemption for libraries and art galleries owned and kept by private individuals, associations, or corporations for public use and not for private profit must be filed with the local assessor by February 1 of the first year the exemption is requested. Once the exemption is granted, the exemption shall continue to be granted for subsequent assessment years without further filing of claims as long as the property continues to be used as a library or art gallery for public use and not for private profit.

8. Property of religious, literary, and charitable societies. All grounds and buildings used or under construction by literary, scientific, charitable, benevolent, agricultural, and religious institutions and societies solely for their appropriate objects, not exceeding three hundred twenty acres in extent and not leased or otherwise used or under construction with a view to pecuniary profit. However, an organization mentioned in this subsection whose primary objective is to preserve land in its natural state may own or lease land not exceeding three hundred twenty acres in each county for its appropriate objects. All deeds or leases by which such property is held shall be filed for record before the property herein described shall be omitted from the assessment. All such property shall be listed upon the tax rolls of the district or districts in which it is located and shall have ascribed to it an actual fair market value and an assessed or taxable value, as contemplated by section 441.21, whether such property be subject to a levy or be exempted as herein provided and such information shall be open to public inspection.

9. Property of educational institutions. Real estate owned by any educational institution of this state as a part of its endowment fund, to the extent of one hundred sixty acres in any civil township except any real property acquired after January 1, 1965, by any educational institution as a part of its endowment fund or upon which any income is derived or used, directly or indirectly, for full or partial payment for services rendered, shall be taxed beginning with the levies applied for taxes payable in the year 1967, at the same rate as all other property of the same class in the taxing district in which the real property is located. The property acquired prior to January 1, 1965, and held or owned as part of the endowment fund of an educational institution shall be subject to assessment and levy in the assessment year 1974 for taxes payable in 1975. All the property shall be listed on the assessment rolls in the district in which the property is located and an actual fair market value and an assessed or taxable value be ascribed to it, as contemplated by section 441.21, irrespective of whether an exemption under this subsection may be or is affirmed, and the information shall be open to public inspection; it being the intent of this section that the property be valued whether or not it be subject to a levy. Every educational institution claiming an exemption under this subsection shall file with the assessor not later than February 1 of the year for which the exemption is requested, a statement upon forms to be prescribed by the director of revenue, describing and locating the property upon which exemption is claimed. Property which is located on the campus grounds and used for student union purposes may serve food and beverages without affecting its exemption received pursuant to subsection 8 or this subsection.

10. Homes for soldiers. The buildings and grounds of homes owned and operated by organizations of soldiers, sailors, or marines of any of the wars of the United States when used for a home for disabled soldiers, sailors, or marines and not operated for pecuniary profit.

11. Agricultural produce. Growing agricultural and horticultural crops except commercial orchards and vineyards.

12. Government lands. Government lands entered and located, or lands purchased from this state, for the year in which the entry, location, or purchase is made.

13. Public airports. Any lands, the use of which (without charge by or compensation to the holder of the legal title thereto) has been granted to and accepted by the state or any political subdivision thereof for airport or aircraft landing area purposes.

14. Statement of objects and uses filed. A society or organization claiming an exemption under subsection 5, 8, or 33 shall file with the assessor not later than February 1 a statement upon forms to be prescribed by the director of revenue, describing the nature of the property upon which the exemption is claimed and setting out in detail any uses and income from the property derived from the rentals, leases, or other uses of the property not solely for the appropriate objects of the society or organization. Upon the filing and allowance of the claim, the claim shall be allowed on the property for successive years without further filing as long as the property is used for the purposes specified in the original claim for exemption. When the property is sold or transferred, the county record-
er shall provide notice of the transfer to the assessor. The notice shall describe the property transferred and the name of the person to whom title to the property is transferred.

a. The assessor, in arriving at the valuation of any property of the society or organization, shall take into consideration any uses of the property not for the appropriate objects of the organization and shall assess in the same manner as other property, all or any portion of the property involved which is leased or rented and is used regularly for commercial purposes for a profit to a party or individual. If a portion of the property is used regularly for commercial purposes, an exemption shall not be allowed upon property so used and the exemption granted shall be in the proportion of the value of the property used solely for the appropriate objects of the organization, to the entire value of the property. However, the board of trustees or the board of directors of a hospital, as defined in section 135B.1, may permit use of a portion of the hospital for commercial purposes, and the hospital is entitled to full exemption for that portion used for nonprofit health-related purposes, upon compliance with the filing requirements of this subsection. The property of a nursing facility, as defined in section 135C.1, may be permitted to use property for commercial purposes, and the facilities are entitled to full exemption for that portion used for nonprofit health-related purposes, upon compliance with the filing requirements of this subsection.

b. An exemption shall not be granted upon property upon which persistent violations of the laws of the state are permitted. A claimant of an exemption shall, under oath, declare that no violations of law will be knowingly permitted or have been permitted on or after January 1 of the year in which a tax exemption is requested. Claims for exemption shall be verified under oath by the president or other responsible head of the organization. A society or organization which ceases to use the property for the purposes stated in the claim shall provide written notice to the assessor of the change in use.

15. Mandatory denial. No exemption shall be granted upon any property which is the location of federally licensed devices not lawfully permitted to operate under the laws of the state.

16. Revoking or modifying exemption. Any taxpayer or any taxing district may make application to the director of revenue for revocation or modification of any exemption, based upon alleged violations of this chapter. The director of revenue may also on his own motion or on the motion of any party, determine that the property is not for the appropriate objects of the organization. After a hearing, the director of revenue may also on his own motion set aside or modify any exemption which has been granted upon property for which exemption is claimed under this chapter. The director of revenue shall give notice by mail to the taxpayer or taxing district applicant and to the societies or organizations claiming an exemption upon property, exemption of which is questioned before or by the director of revenue, and shall hold a hearing prior to issuing any order for revocation or modification. An order made by the director of revenue revoking or modifying an exemption shall be applicable to the tax year commencing with the tax year in which the application is made to the director or the tax year commencing with the tax year in which the director's own motion is filed. An order made by the director of revenue revoking or modifying an exemption is subject to judicial review in accordance with chapter 17A, the Iowa administrative procedure Act. Notwithstanding the terms of chapter 17A, petitions for judicial review may be heard in the district court having jurisdiction in the county in which the property is located, and must be filed within thirty days after any order revoking or modifying an exemption is made by the director of revenue.

17. Rural water sales. The real property of a nonprofit corporation engaged in the distribution and sale of water to rural areas when devoted to public use and not held for pecuniary profit.

18. Assessed value of exempt property. Each county and city assessor shall determine the assessment value that would be assigned to the property if it were taxable and value all tax exempt property within the assessor's jurisdiction. A summary report of tax exempt property shall be filed with the director of revenue and the local board of review on or before April 16 of each year on forms prescribed by the director of revenue.

19. Pollution control and recycling. Pollution-control or recycling property as defined in this subsection shall be exempt from taxation to the extent provided in this subsection, upon compliance with the provisions of this subsection.

a. (1) This exemption shall apply to new installations of pollution-control or recycling property beginning on January 1 after the construction or installation of the property is completed. This exemption shall apply beginning on January 1, 1975, to existing pollution-control property if its construction or installation was completed after September 23, 1970, and this exemption shall apply beginning January 1, 1994, to recycling property.

(b) Application for this exemption shall be filed with the assessing authority not later than the first of February of the first year for which the exemption is requested, on forms provided by the department of revenue. The application shall de-
scribe and locate the specific pollution-control or recycling property to be exempted.

(2) The application for a specific pollution-control or recycling property shall be accompanied by a certificate of the department of natural resources certifying that the primary use of the pollution-control property is to control or abate pollution of any air or water of this state or to enhance the quality of any air or water of this state or, if the property is recycling property, that the primary use of the property is for recycling.

c. A taxpayer may seek judicial review of a determination of the department or, on appeal, of the environmental protection commission in accordance with the provisions of chapter 17A.

d. The environmental protection commission of the department of natural resources shall adopt rules relating to certification under this subsection and information to be submitted for evaluating pollution-control or recycling property for which a certificate is requested. The department of revenue shall adopt any rules necessary to implement this subsection, including rules on identification and valuation of pollution-control or recycling property. All rules adopted shall be subject to the provisions of chapter 17A.

e. (1) For the purposes of this subsection, “pollution-control property” means personal property or improvements to real property, or any portion thereof, used primarily to control or abate pollution of any air or water of this state or used primarily to enhance the quality of any air or water of this state and “recycling property” means personal property or improvements to real property or any portion of the property, used primarily in the manufacturing process and resulting directly in the conversion of waste glass, waste plastic, wastepaper products, waste paperboard, or waste wood products into new raw materials or products composed primarily of recycled material. In the event such property shall also serve other purposes or uses of productive benefit to the owner of the property, only such portion of the assessed valuation thereof as may reasonably be calculated to be necessary for and devoted to the control or abatement of pollution, to the enhancement of the quality of the air or water of this state, or for recycling shall be exempt from tax under this subsection.

(2) For the purposes of this subsection, “pollution” means air pollution as defined in section 455B.131 or water pollution as defined in section 455B.171. “Water of the state” means the water of the state as defined in section 455B.171. “Enhance the quality” means to diminish the level of pollutants below the air or water quality standards established by the environmental protection commission of the department of natural resources.

20. Impoundment structures.
   a. The impoundment structure and any land underlying an impoundment located outside an incorporated city, which are not developed or used directly or indirectly for nonagricultural income-producing purposes and which are maintained in a condition satisfactory to the soil and water conservation district commissioners of the county in which the impoundment structure and the impoundment are located. A person owning land which qualifies for a property tax exemption under this subsection shall apply to the county assessor each year not later than February 1 for the exemption. The application shall be made on forms prescribed by the department of revenue. The first application shall be accompanied by a copy of the water storage permit approved by the director of the department of natural resources or the director’s designee, and a copy of the plan for the construction of the impoundment structure and the impoundment. The construction plan shall be used to determine the total acre-feet of the impoundment and the amount of land which is eligible for the property tax exemption. The county assessor shall annually review each application for the property tax exemption under this subsection and submit it, with the recommendation of the soil and water conservation district commissioners, to the board of supervisors for approval or denial. An applicant for a property tax exemption under this subsection may appeal the decision of the board of supervisors to the district court.

b. As used in this subsection, “impoundment” means a reservoir or pond which has a storage capacity of at least eighteen acre-feet of water or sediment at the time of construction; “storage capacity” means the total area below the crest elevation of the principal spillway including the volume of any excavation in the area; and “impoundment structure” means a dam, earthfill, or other structure used to create an impoundment.

21. Low-rent housing. The property owned and operated or controlled by a nonprofit organization, as recognized by the internal revenue service, providing low-rent housing for persons who are elderly and persons with physical and mental disabilities. The exemption granted under the provisions of this subsection shall apply only until the final payment due date of the borrower’s original low-rent housing development mortgage or until the borrower’s original low-rent housing development mortgage or until the borrower’s original low-rent housing development mortgage is paid in full or expires, whichever is sooner, subject to the provisions of subsection 14. However, if the borrower’s original low-rent housing development mortgage is refinanced, the exemption shall apply only until the date that would have been the final payment due date under the terms of the borrower’s original low-rent housing development mortgage or until the refinanced mortgage is paid in full or expires, whichever is sooner, subject to the provisions of subsection 14.

21A. Dwelling unit property owned by community housing development organization. Dwelling unit property owned and managed by a com-
munity housing development organization, as recognized by the state of Iowa and the federal government pursuant to criteria for community housing development organization designation contained in the HOME program of the federal National Affordable Housing Act of 1990, if the organization is also a nonprofit organization exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code and owns and manages more than one hundred fifty dwelling units that are located in a city with a population of more than one hundred ten thousand. For the 2005 and 2006 assessment years, an application is not required to be filed to receive the exemption. For the 2007 and subsequent assessment years, an application for exemption must be filed with the assessing authority not later than February 1 of the assessment year for which the exemption is sought. Upon the filing and allowance of the claim, the claim shall be allowed on the property for successive years without further filing as long as the property continues to qualify for the exemption.

22. Natural conservation or wildlife areas. Recreational lakes, forest covers, rivers and streams, river and stream banks, and open prairies as designated by the board of supervisors of the county in which located. The board of supervisors shall annually designate the real property, not to exceed in the aggregate for the fiscal year beginning July 1, 1983, the greater of one percent of the acres assessed as agricultural land or three thousand acres in each county, for which this exemption shall apply. For subsequent fiscal years, the limitation on the maximum acreage of real property that may be granted exemptions shall be the limitation for the previous fiscal year, unless the amount of acreage granted exemptions for the previous fiscal year equaled the limitation for that year, then the limitation for the subsequent fiscal year is the limitation for the previous fiscal year plus an increase, not to exceed three hundred acres, of ten percent of that limitation. The procedures of this subsection shall be followed for each assessment year to procure an exemption for the fiscal year beginning in the assessment year. The exemption shall be only for the fiscal year for which it is granted. A parcel of property may be granted subsequent exemptions. The exemption shall only be granted for parcels of property of two acres or more.

a. Application for this exemption shall be filed with the commissioners of the soil and water conservation district in which the property is located, not later than February 1 of the assessment year, on forms provided by the department of revenue. The application shall describe and locate the property to be exempted and have attached to it an aerial photo of that property on which is outlined the boundaries of the property to be exempted. In the case of an open prairie that has been restored or reestablished, the property shall be inspected and certified as provided by the county board of supervisors as having adequate ground cover consisting of native species and that all primary and secondary noxious weeds present are being controlled to prevent the spread of seeds by either wind or water. In the case of an open prairie which is or includes a gully area susceptible to severe erosion, an approved erosion control plan must accompany the application.

b. Upon receipt of the application, the commissioners shall certify whether the property is eligible to receive the exemption. The commissioners shall not withhold certification of the eligibility of property because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the commissioners certify that the property is eligible, the application shall be forwarded to the board of supervisors by May 1 of that assessment year with the certification of the eligible acreage. An application must be accompanied by an affidavit signed by the applicant that if an exemption is granted, the property will not be used for economic gain during the assessment year in which the exemption is granted.

c. In the case of an open prairie that has been restored or reestablished and that does not receive the certification as provided by the county board of supervisors as it relates to the ground cover, the applicant shall be notified of the availability of resource enhancement and protection fund cost-share moneys and soil and conservation technological assistance for reestablishing native vegetation.

d. Before the board of supervisors may designate real property for the exemption, it shall establish priorities for the types of real property for which an exemption may be granted and the amount of acreage. These priorities may be the same as or different than those for previous years. The board of supervisors shall get the approval of the governing body of the city before an exemption may be granted to real property located within the corporate limits of that city. A public hearing shall be held with notice given as provided in section 73A.2 at which the proposed priority list shall be presented. However, no public hearing is required if the proposed priorities are the same as those for the previous year. After the public hearing, the board of supervisors shall adopt by resolution the proposed priority list or another priority list. Property upon which are located abandoned buildings or structures shall have the lowest priority on the list adopted, except where the board of supervisors determines that a structure has historic significance. The board of supervisors shall also provide for a procedure where the amount of acres for which exemptions are sought exceeds the amount the priority list provides for that type or in the aggregate for all types.

e. After receipt of an application with its accompanying certification and affidavit and the es-
tablishment of the priority list, the board of supervisors may grant a tax exemption under this subsection using the established priority list as a mandate. Real property designated for the tax exemption shall be designated by May 15 of the assessment year in which begins the fiscal year for which the exemption is granted. Notification shall be sent to the county auditor and the applicant.

f. The board of supervisors does not have to grant tax exemptions under this subsection, grant tax exemptions in the aggregate of the maximum acreage which may be granted exemptions, or grant a tax exemption for the total acreage for which the applicant requested the exemption. Only real property in parcels of two acres or more which is recreational lakes, forest cover, river and stream, river and stream banks, or open prairie and which is utilized for the purposes of providing soil erosion control or wildlife habitat or both, and which is subject to property tax for the fiscal year for which the tax exemption is requested, is eligible for the exemption under this subsection. However, in addition to the above, in order for a gully area which is susceptible to severe erosion to be eligible, there must be an erosion control plan for it approved by the commissioners of the soil and water conservation district in which it is located. In the case of an open prairie that has been restored or reestablished, the property shall be inspected and certified as provided by the county board of supervisors as having adequate ground cover consisting of native species and that all primary and secondary noxious weeds present are being controlled to prevent the spread of seeds by either wind or water. In the case of an exemption for river and stream or river and stream banks, the exemption shall not be granted unless there is included in the exemption land located at least thirty-three feet from the ordinary high water mark of the river and stream or river and stream banks. Property shall not be denied an exemption because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the real property is located within a city, the approval of the governing body and which is utilized for the purposes of providing soil erosion control or wildlife habitat or both, and which is subject to property tax for the fiscal year for which the tax exemption is requested, is eligible for the exemption under this subsection. However, in addition to the above, in order for a gully area which is susceptible to severe erosion to be eligible, there must be an erosion control plan for it approved by the commissioners of the soil and water conservation district in which it is located. In the case of an open prairie that has been restored or reestablished, the property shall be inspected and certified as provided by the county board of supervisors as having adequate ground cover consisting of native species and that all primary and secondary noxious weeds present are being controlled to prevent the spread of seeds by either wind or water. In the case of an exemption for river and stream or river and stream banks, the exemption shall not be granted unless there is included in the exemption land located at least thirty-three feet from the ordinary high water mark of the river and stream or river and stream banks. Property shall not be denied an exemption because of the existence upon the property of an abandoned building or structure which is not used for economic gain. If the real property is located within a city, the approval of the governing body and which is utilized for the purposes of providing soil erosion control or wildlife habitat or both, and which is subject to property tax for the fiscal year for which the tax exemption is requested, is eligible for the exemption under this subsection. For purposes of this subsection:

(1) “Open prairies” includes hillsides and gully areas which have a permanent grass cover but does not include native prairies meeting the criteria of the natural resource commission.

(2) “Forest cover” means land which is predominantly wooded.

(3) “Recreational lake” means a body of water, which is not a river or stream, owned solely by a nonprofit organization and primarily used for boating, fishing, swimming, and other recreational purposes.

(4) “Used for economic gain” includes, but is not limited to, using property for the storage of equipment, machinery, or crops.

g. Notwithstanding other requirements under this subsection, the owner of any property lying between a river or stream and a dike which is required to be set back three hundred feet or less from the river or stream shall automatically be granted an exemption for that property upon submission of an application accompanied by an affidavit signed by the applicant that if the exemption is granted the property will not be used for economic gain during the period of exemption. The exemption shall continue from year to year for as long as the property qualifies and is not used for economic gain, without need for filing additional applications or affidavits. In the case where the property is a restored or reestablished wildlife habitat and does not receive the certification as provided by the county board of supervisors as it relates to the ground cover, the owner shall be notified of the availability of resource enhancement and protection fund cost-share moneys and soil and conservation technological assistance for reestablishing native vegetation.

The following definitions shall apply to this chapter:

2. "Home" means a mobile home or a manufactured home.
3. "Manufactured home" means a factory-built structure built under authority of 42 U.S.C. § 5403, that is required by federal law to display a seal from the United States department of housing and urban development, and was constructed on or after June 15, 1976.
4. "Manufactured home community" means the same as land-leased community defined in sections 335.30A and 414.28A. The term "manufactured home community" shall not be construed to include manufactured or mobile homes, buildings, tents, or other structures temporarily maintained by any individual, educational institution, or company on their own premises and used exclusively to house their own labor or students.

ance upon the public streets and highways and so designed, constructed, or reconstructed as will permit the vehicle to be used as a place for human habitation by one or more persons; but shall also include any such vehicle with motive power not registered as a motor vehicle in Iowa. A “mobile home” is not built to a mandatory building code, contains no state or federal seals, and was built before June 15, 1976.

6. “Mobile home park” means a site, lot, field, or tract of land upon which three or more mobile homes or manufactured homes, or a combination of any of these homes, are placed on developed spaces and operated as a for-profit enterprise with water, sewer or septic, and electrical services available. 7. “Modular home” means a factory-built structure which is manufactured to be used as a place of human habitation, is constructed to comply with the Iowa state building code for modular factory-built structures, as adopted pursuant to section 103A.7, and must display the seal issued by the state building code commissioner.

435.3 through 435.17 Reserved.

435.23 Exemptions — prorating tax.
The manufacturer’s and dealer’s inventory of mobile homes, manufactured homes, or modular homes* not in use as a place of human habitation shall be exempt from the annual tax. All travel trailers shall be exempt from this tax. The homes and travel trailers in the inventory of manufacturers and dealers shall be exempt from personal property tax. The homes coming into Iowa from out of state and located in a manufactured home community or mobile home park shall be liable for the tax computed pro rata to the nearest whole month, for the time the home is actually situated in Iowa.

*See §435.2

435.24 Collection of tax.
1. The annual tax is due and payable to the county treasurer on or after July 1 in each fiscal year and is collectible in the same manner and at the same time as ordinary taxes as provided in sections 445.36, 445.37, and 445.39. Interest at the rate prescribed by law shall accrue on unpaid taxes. Both installments of taxes may be paid at one time. The September installment represents a tax period beginning July 1 and ending December 31. The March installment represents a tax period beginning January 1 and ending June 30. A mobile home, manufactured home, or modular home* coming into this state from outside the state, put in use from a dealer’s inventory, or put in use at any time after July 1 or January 1, and located in a manufactured home community or mobile home park, is subject to the taxes prorated for the remaining unexpired months of the tax period, but the purchaser is not required to pay the tax at the time of purchase. Interest attaches the following April 1 for taxes prorated on or after October 1. Interest attaches the following October 1 for taxes prorated on or after April 1. If the taxes are not paid, the county treasurer shall send a statement of delinquent taxes as part of the notice of tax sale as provided in section 446.9. The owner of a home who sells the home between July 1 and December 31 and obtains a tax clearance statement is responsible only for the September tax payment and is not required to pay taxes for subsequent tax periods. If the owner of a home located in a manufactured home community or mobile home park sells the home, obtains a tax clearance statement, and obtains a replacement home to be located in a manufactured home community or mobile home park, the owner shall not pay taxes under this chapter for the newly acquired home for the same tax period that the owner has paid taxes on the home sold. Interest for delinquent taxes shall be calculated to the nearest whole dollar. In

Subsections 3–7 amended

§435.2 Placement and taxation.
1. If a mobile home is placed outside a mobile home park, the home is to be assessed and taxed as real estate.

2. If a manufactured home is placed in a manufactured home community or a mobile home park, the home must be titled and is subject to the manufactured or mobile home square foot tax. If a manufactured home is placed outside a manufactured home community or a mobile home park, the home must be titled and is to be assessed and taxed as real estate.

3. If a modular home is placed in a manufactured home community or mobile home park, the home is subject to the annual tax as required by section 435.22. If a modular home is placed outside a manufactured home community or a mobile home park, the home shall be considered real property and is to be assessed and taxed as real estate. This subsection does not apply to manufactured home communities or mobile home parks in existence on or before January 1, 1998. If a modular home is placed in a manufactured home community or mobile home park which was in existence on or before January 1, 1998, that modular home shall be subject to property tax pursuant to section 435.22.
calculating interest each fraction of a month shall be counted as an entire month.

2. The home owners upon issuance of a certificate of title or upon transporting to a new site shall file the address, township, and school district, of the location where the home is parked with the county treasurer's office. Failure to comply is punishable as set out in section 435.18. When the new location is outside of a manufactured home community or mobile home park, the county treasurer shall provide to the assessor a copy of the tax clearance statement for purposes of assessment as real estate on the following January 1.

3. Each manufactured home community or mobile home park owner shall notify monthly the county treasurer concerning any home arriving in or departing from the manufactured home community or park without a tax clearance statement. The records of the owner shall be open to inspection by a duly authorized representative of any law enforcement agency. The manufactured home community or mobile home park owner or manager shall make an annual report to the county treasurer due June 1 of the homes sited in the manufactured home community or mobile home park, listing the owner and mailing address of each home located in the manufactured home community or mobile home park. The report is delinquent if not filed with the county treasurer by June 30. In addition to the annual report, the owner or manager shall also report any changes of homes or owners in a report due December 1, which is delinquent if not filed by December 31. However, if no changes have occurred since the June annual report, the December report is not required to be filed.

4. The tax is a lien on the vehicle senior to any other lien upon it except a judgment obtained in an action to dispose of an abandoned home under section 555B.8. The home bearing a current registration issued by any other state and remaining within this state for an accumulated period not to exceed ninety days in any twelve-month period is not subject to Iowa tax. However, when one or more persons occupying a home bearing a foreign registration are employed in this state, there is no exemption from the Iowa tax. This tax is in lieu of all other taxes general or local on a home.

5. Before a home may be moved from its present site by any person, a tax clearance statement in the name of the owner must be obtained from the county treasurer of the county where the present site is located certifying that taxes are not owing under this section for previous years and that the taxes have been paid for the current tax period. When a person moves a home from real property to a dealer's stock or to a manufactured home community or mobile home park, as defined in section 435.1, a tax clearance statement shall be applied for, and issued, from the county treasurer of the county where the present site is located. When the home is moved to another county in this state, the county treasurer shall forward a copy of the tax clearance statement to the county treasurer of the county in which the home is being relocated. However, a tax clearance statement is not required for a home in a manufacturer's or dealer's stock which has not been used as a place for human habitation. A tax clearance form is not required in eviction cases provided the manufactured home community or mobile home park owner or manager advises the county treasurer that the tenant is being evicted. If a dealer acquires a home from a person other than a manufacturer, the person shall provide a tax clearance statement in the name of the owner of record to the dealer. The tax clearance statement shall be provided by the county treasurer in a method prescribed by the department of transportation.

6. a. As an alternative to the semiannual or annual payment of taxes, the county treasurer may accept partial payments of current year home taxes. The treasurer shall transfer amounts from each taxpayer's account to be applied to each semiannual tax installment prior to the delinquency dates specified in section 445.37 and the amounts collected shall be apportioned by the tenth of the month following transfer. If, prior to the due date of each semiannual installment, the account balance is insufficient to fully satisfy the installment, the treasurer shall transfer and apply the entire account balance, leaving an unpaid balance of the installment. Interest shall attach on the unpaid balance in accordance with section 445.39. Unless funds sufficient to fully satisfy the delinquency are received, the treasurer shall collect the unpaid balance as provided in sections 445.3 and 445.4 and chapter 446. Any remaining balance in a taxpayer's account in excess of the amount needed to fully satisfy an installment shall remain in the account to be applied toward the next semiannual installment. Any interest income derived from the unpaid balance shall be provided by the county treasurer in a separate mail to each taxpayer stating that, upon request to the treasurer, the taxpayer may make partial payments of current year home taxes.

b. Partial payment of taxes which are delinquent may be made to the county treasurer. For the installment being paid, payment shall first be applied toward any interest, fees, and costs accrued and the remainder applied to the tax due. A partial payment must equal or exceed the interest, fees, and costs of the installment being paid. A partial payment made under this paragraph shall be apportioned in accordance with section 445.57. If the payment does not include the whole of any installment of the delinquent tax, the unpaid tax shall continue to accrue interest pursuant to section 445.39. Partial payment shall not be permitted in lieu of redemption if the property has
been sold for taxes under chapter 446 and under any circumstances shall not constitute an extension of the time period for a sale under chapter 446.

7. Current year taxes may be paid at any time regardless of any outstanding prior year delinquent taxes.

435.26 Conversion to real property.
1. a. A mobile home or manufactured home which is located outside a manufactured home community or mobile home park shall be converted to real estate by being placed on a permanent foundation and shall be assessed for real estate taxes. A home, after conversion to real estate, is eligible for the homestead tax credit and the military service tax exemption as provided in sections 425.2 and 426A.11. A taxable mobile home or manufactured home which is located outside of a manufactured home community or mobile home park as of January 1, 1995, is also exempt from the permanent foundation requirements of this chapter until the home is relocated.

b. If a security interest is noted on the certificate of title, the home owner shall tender to the secured party a mortgage on the real estate upon which the home is located, or shall obtain the written consent of the secured party to the conversion, in which latter case the lien notation on the certificate of title shall suffice to preserve the lienholder’s security in the home separate from any interest in the land.

2. After complying with subsection 1, the owner shall notify the assessor who shall inspect the new premises for compliance. If a security interest is noted on the certificate of title, the assessor shall require an affidavit, as defined in section 622.85, from the home owner, declaring that the owner has complied with subsection 1, paragraph “b”, and setting forth the method of compliance.

a. If compliance with subsection 1, paragraph “b”, has been accomplished by the secured party accepting the tender of a mortgage, the assessor shall collect the home vehicle title and enter the property upon the tax rolls.

b. If compliance with subsection 1, paragraph “b”, has been accomplished by the secured party consenting to the conversion without accepting a mortgage, the secured party shall retain the home vehicle title and the assessor shall note the conversion on the assessor’s records and enter the property upon the tax rolls. So long as a security interest is noted on the certificate of title, the title to the home will not be merged with title to the land, and the sale or foreclosure of an interest in the land shall not affect title to the home or any security interest in the home.

3. When the property is entered on the tax rolls, the assessor shall also enter on the tax rolls the title number last assigned to the mobile home or manufactured home and the manufacturer’s identification number.

435.35 Existing home outside of manufactured home community or mobile home park — exemption. Repealed by 2009 Acts, ch 133, § 191. See § 435.26(1).

CHAPTER 437
ELECTRIC TRANSMISSION LINES TAX

437.6 Actual value.
On or before October 31 each year, the director of revenue shall proceed to find the actual value of that part of such transmission line or lines referred to in section 437.2, owned or operated by any company, that is located within this state but outside cities, including the whole of such line or lines when all of such line or lines owned or operated by said company is located wholly outside of cities, taking into consideration the information obtained from the statements required by this chapter, and any further information obtainable, using the same as a means of determining the actual cash value of such transmission line or lines or part thereof, within this state, located outside of cities. The director shall then ascertain the value per mile of such transmission line or lines owned or operated by each company specified in section 437.2, by dividing the total value as above ascertained by the number of miles of line of such company within the state located outside of cities, and the result shall be deemed and held to be the actual value per mile of said transmission line or lines of each of said companies within the state located outside of cities.

CHAPTER 437A
TAXES ON ELECTRICITY AND NATURAL GAS PROVIDERS

437A.3 Definitions.
As used in this chapter, unless the context otherwise requires:

1. “Assessed value” means the base year assessed value, as adjusted by section 437A.19, subsection 2. “Base year assessed value”, for a taxpayer other than an electric company, natural gas company, or electric cooperative, means the value attributable to property identified in section 427A.1, subsection 1, paragraph “h”, certified by the department of revenue to the county auditors for the assessment date of January 1, 1997, and the value attributable to property identified in section 427A.1 and section 427B.17, subsection 5, as certified by the local assessors to the county auditors for the assessment date of January 1, 1997, provided, that for a taxpayer subject to section 437A.17A, such value shall be the value certified by the department of revenue and local assessors to the county auditors for the assessment date of January 1, 1998. However, “base year assessed value”, for purposes of property of a taxpayer that is a municipal utility, if the property is not a major addition, and the property was initially assessed to the taxpayer as of January 1, 1998, and is not located in a county where the taxpayer had property that was assessed for purposes of this chapter as of January 1, 1997, means the value attributable to such property for the assessment date of January 1, 1998.

For taxpayers that are electric companies, natural gas companies, and electric cooperatives, “base year assessed value” means the average of the total of these values for each taxpayer for the assessment dates of January 1, 1993, through January 1, 1997, allocated among taxing districts in proportion to the allocation of the taxpayer’s January 1, 1998, assessed value among taxing districts. “Base year assessed value” does not include value attributable to steam-operating property.

2. “Book”, “list”, “record”, or “schedule” kept by a county auditor, assessor, treasurer, recorder, sheriff, or other county officer means the county system as defined in section 445.1.

3. “Centrally assessed property tax” means property tax imposed with respect to the value of property determined by the director pursuant to section 427.1, subsection 2, Code 1997, section 428.29, Code 1997, and chapters 437 and 438, Code 1997, and allocated to electric service and natural gas service. For purposes of this subsection, “natural gas service” means such service provided by natural gas pipelines permitted pursuant to chapter 479.

4. “Cogeneration facility” means a facility with a capacity of two hundred megawatts or less that uses the same energy source for the sequential generation of electrical or mechanical power in combination with steam, heat, or other forms of useful energy and, except for ownership, meets the criteria to be a qualifying cogeneration facility as defined in the federal Public Utility Regulatory Policies Act of 1978, 16 U.S.C. § 2601 et seq., and related federal regulations.

5. “Consumer” means an end user of electricity or natural gas used or consumed within this state. “Consumer” includes any multi-occupancy premises where units are separately rented or owned and where electricity or natural gas is used in centralized heating, cooling, water-heating, or ventilation systems, where individual metering is impractical, where the facility is designated for elderly or handicapped persons and utility costs constitute part of the operating cost and are not apportioned to individual units, or where submetering or resale of service was permitted prior to 1986.

6. “Delivery” means the physical transfer of electricity or natural gas to a consumer. Physical transfer to a consumer occurs when transportation of electricity or natural gas ends and such electricity or natural gas becomes available for use or consumption by a consumer.

7. “Director” means the director of revenue.

8. “Electric company” means a person engaged primarily in the production, delivery, service, or sales of electric energy whether formed or organized under the laws of this state or elsewhere. “Electric company” includes a combination natural gas company and electric company. “Electric company” does not include an electric cooperative or a municipal utility.

9. “Electric competitive service area” means an electric service area assigned by the utilities board under chapter 476 as of January 1, 1999, including utility property and facilities described in section 476.23, subsection 3, which were owned and served by the electric company, electric cooperative, or municipal utility serving such area on January 1, 1999.

10. “Electric cooperative” means an electric utility provider formed or organized as an electric cooperative under the laws of this state or elsewhere. An electric cooperative shall also include an incorporated city utility provider. “Generation and transmission electric cooperative” means an electric cooperative which owns both transmission
lines and property which is used to generate electricity. “Distribution electric cooperative” means an electric cooperative other than a generation and transmission electric cooperative or a municipal electric cooperative association.

11. a. “Electric power generating plant” means a nameplate rated electric power generating plant, which produces electric energy from other forms of energy, including all taxable land, buildings, and equipment used in the production of such electric energy.

b. “New electric power generating plant” means any of the following:

(1) An electric power generating plant that is owned by or leased to an electric company, electric cooperative, or municipal utility, that initially generates electricity subject to replacement generation tax under section 437A.6 on or after January 1, 2003.

(2) An electric power generating plant that is owned by or leased to an electric company, electric cooperative, or municipal utility, that initially generated electricity subject to replacement generation tax under section 437A.6 before January 1, 2003, and that is sold, leased, or transferred, in full or in part, on or after January 1, 2003. If any portion of an electric power generating plant is sold, the entire plant shall be treated as if it were a new electric power generating plant.

12. “Incorporated city utility provider” means a corporation with assets worth one million dollars or more which has one or more platted villages located within the territorial limits of the tract of land which it owns, and which provides electricity to ten thousand or fewer customers.

13. “Lease” means a contract between a lessor and lessee pursuant to which the lessee obtains a present possessory interest in tangible property without obtaining legal title in such property. 14. “Local amount” means the first forty-four million four hundred forty-four thousand four hundred forty-four dollars of the acquisition cost of any major addition which is an electric power generating plant and the total acquisition cost of any other major addition.

“Local amount” for the purposes of determining the local taxable value for a new electric power generating plant shall annually be determined to be equal up to the first forty-four million four hundred forty-four thousand four hundred forty-four dollars of the taxable value of the new electric power generating plant. “Local amount” for the purposes of determining the local assessed value for a new electric power generating plant shall be annually determined to be the percentage share of the taxable value of the new electric power generating plant allocated as the local amount multiplied by the total assessed value of the new electric power generating plant.

15. “Local taxing authority” means a city, county, community college, school district, or other taxing authority located in this state and authorized to certify a levy on property located within such authority for the payment of bonds and interest or other obligations of such authority.

17. “Low capacity factor electric power generating plant” means, for any tax year, an electric power generating plant, with the exception of an electric power generating plant owned or leased by an electric company, an electric cooperative, or a municipal utility, which operated during the preceding calendar year at a net capacity factor of twenty percent or less. “Net capacity factor” means net actual generation during the preceding calendar year divided by the product of nameplate capacity times the number of hours the plant was in the active state during the preceding calendar year. Upon commissioning, a plant is in the active state until it is decommissioned. “Net actual generation” means net electrical megawatt hours produced by a plant during the preceding calendar year.

18. “Major addition” means either of the following:

a. Any acquisition on or after January 1, 1998, by a taxpayer, by transfer of ownership, self-construction, or capital lease of any interest in any of the following:

(1) A building in this state where the acquisition cost of all interests acquired exceeds ten million dollars.

(2) An electric power generating plant where the acquisition cost of all interests acquired exceeds ten million dollars. For purposes of this paragraph, “electric power generating plant” means each nameplate rated electric power generating plant owned solely or jointly by any person or electric power facility financed under the provisions of chapter 28F or 476A in which electrical energy is produced from other forms of energy, including all equipment used in the production of such energy through its step-up transformer.

For purposes of this chapter, the acquisition cost of an asset acquired by capital lease is its capitalized value determined under generally accepted accounting principles.

19. “Municipal electric cooperative association” means an electric cooperative, the membership of which is composed entirely of municipal utilities.

20. “Municipal utility” means all or part of an electric light and power plant system or a natural gas system, either of which is owned by a city, including all land, easements, rights-of-way, fixtures, equipment, accessories, improvements, appurtenances, and other property necessary or useful for the operation of the municipal utility.

21. “Natural gas company” means a person that owns, operates, or is engaged primarily in operating or utilizing pipelines for the purpose of distributing natural gas to consumers located within this state, excluding a gas distributing plant or company located entirely within any city and not a part of a pipeline transportation company. “Natural gas company” includes a combination natural gas company and electric company. “Natural gas company” does not include a municipal utility.

7. The natural gas competitive service area consisting of all of Iowa not contained in any of the other natural gas competitive service areas described in this paragraph.

b. “Township” includes any city or part of a city located within the exterior boundaries of that township.

c. References to city limits contained in this subsection mean those city limits as they existed on January 1, 1999.

23. “Operating property” means all property owned by or leased to an electric company, electric cooperative, municipal utility, or natural gas company, not otherwise taxed separately, which is necessary to and without which the company could not perform the activities of an electric company, electric cooperative, municipal utility, or natural gas company.

A person who generates electricity which is consumed by any other person, including
any owner, shareholder, member, beneficiary, partner, or associate of the person who generates electricity, is not a self-generator. For purposes of this subsection, "on-site facility" means an electric power generating plant that is wholly owned by or leased in its entirety to a person and used to generate electricity solely for consumption by such person on the same parcel of land on which such plant is located or on a contiguous parcel of land. For purposes of this subsection, "parcel of land" includes each separate parcel of land shown on the tax list.

28. "Statewide amount" means the acquisition cost of any major addition which is not a local amount.

29. "Taxable value" means as defined in section 437A.19, subsection 2, paragraph "e".

33. "Transmission line" means a line, wire, or cable which is capable of operating at an electric voltage of at least thirty-four and one-half kilovolts.

34. "Utilities board" means the utilities board created in section 474.1.

437A.6 Replacement tax imposed on electric generation.

1. A replacement generation tax of six hundredths of a cent per kilowatt-hour of electricity generated within this state during the tax year is imposed on every person generating electricity, except electricity generated by the following:
   a. A low capacity factor electric power generating plant.
   b. Facilities owned by or leased to a municipal utility when devoted to public use and not held for pecuniary profit, except facilities of a municipally owned electric utility held under joint ownership or lease and facilities of an electric power facility financed under chapter 28F or 476A.
   c. Wind energy conversion property subject to section 427B.26 or eligible for a tax credit under chapter 476B.
   d. Methane gas conversion property subject to section 427.1, subsection 29, to the extent the property is used in connection with, or in conjunction with, a publicly owned sanitary landfill or used to collect waste that would otherwise be collected by, or deposited with, a publicly owned sanitary landfill.
   e. Facilities owned by or leased to a state university or university of science and technology, to the extent electricity generated by such facilities is consumed exclusively by such state university or university of science and technology.
   f. On-site facilities wholly owned by or leased in their entirety to a self-generator.

2. In lieu of the replacement generation tax imposed in subsection 1, a replacement generation tax of one thousand eight hundred forty-seven ten-thousandths of a cent per kilowatt-hour of electricity generated within this state during the tax year is imposed on every hydroelectric generating power plant with a generating capacity of one hundred megawatts or greater.

3. In lieu of the replacement generation tax imposed in subsection 1, a replacement generation tax of one thousand ninety-nine ten-thousandths of a cent per kilowatt-hour of electricity generated within this state during the tax year is imposed on every electric company which owns a joint interest in an electric power generating plant in this state and which has a joint interest in less than five pole miles of transmission lines in this state.

4. For purposes of this section, if a generation facility is jointly owned or leased, the number of kilowatt-hours of electricity subject to the replacement generation tax shall be the number of kilowatt-hours of electricity generated and dispatched by the jointly held generation facility to the account of the taxpayer.

5. For purposes of this section, the number of kilowatt-hours generated by a generation facility shall exclude any kilowatt-hours used to operate that generation facility.

437A.11 Lien — actions authorized.

1. Whenever a taxpayer who is liable to pay a tax imposed by subchapter II refuses or neglects to pay such tax, the amount, including any interest, penalty, or addition to such tax, together with the costs that may accrue, shall be a lien in favor of the chief financial officer of the city or the county treasurer to which the tax is owed upon all property and rights to property, whether real or personal, belonging to the taxpayer. The lien shall be prior to and superior over all subsequent liens upon any personal property within this state, or right to such personal property, belonging to the taxpayer, without the necessity of recording the lien. The requirement for recording, as applied to the tax imposed by subchapter II, shall apply only to a lien
upon real property. The lien may be preserved against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in a county, by the county treasurer to which replacement tax is owed by filing with the recorder of the county in which the real property is located a notice of the lien. For purposes of the replacement tax collected by a city, the lien may be preserved against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in the county, by the chief financial officer of the city to which replacement tax is owed by filing with the recorder of the county in which the real property is located a notice of the lien.

2. The county recorder of each county shall index each lien showing the applicable entries specified in sections 558.49 and 558.52 and showing, under the names of taxpayers arranged alphabetically, all of the following:
   a. The name of the taxpayer.
   b. The name of the county treasurer and county or the name of the chief financial officer and city as claimant.
   c. Time the notice of lien was filed for recording.
   d. Date of notice.
   e. Amount of lien then due.
   f. Date of assessment.
   g. Date when the lien is satisfied.
3. The recorder shall endorse on each notice of lien the day, hour, and minute when filed for recording and the document reference number, shall preserve such notice, shall index the notice in the index, and shall promptly record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.

4. The county treasurer or chief financial officer of the city shall pay recording fees as provided in section 331.604, for the recording of the lien, or to which a county treasurer or chief financial officer has filed notice with a county recorder, to which a county treasurer or chief financial officer has paid recording fees as provided in section 331.604, for the recording of the lien, on any real property situated in a county, by the county treasurer to whom such erroneous payment was made shall do one of the following:

1. a. If an amount of replacement tax, penalty, or interest has been paid which was not due under this chapter, a city’s chief financial officer or county treasurer to whom such erroneous payment was made shall do one of the following:
   (1) Credit the amount of the erroneous payment against any replacement tax due, or to become due, from the taxpayer on the books of the city or county.
   (2) Refund the amount of the erroneous payment to the taxpayer.
   b. Claims for refund or credit of replacement taxes paid shall be filed with the director. A claim for refund or credit that is not filed with the director within three years after the replacement tax payment upon which a refund or credit is claimed became due, or one year after the replacement tax payment was made, whichever time is later, shall not be allowed. A claim for refund or credit of tax alleged to be unconstitutional not filed with the director within ninety days after the replacement tax payment upon which a refund or credit is claimed became due shall not be allowed. As a precondition for claiming a refund or credit of alleged unconstitutional taxes, such taxes must be paid under written protest which specifies the particulars of the alleged unconstitutionality. Claims for refund or credit may only be made by, and refunds or credits may only be made to, the person responsible for paying the replacement tax, or such person’s successors. The director shall notify affected county treasurers of the acceptance or denial of any refund claim. Section 421.10 applies to claims denied by the director.

If an amount of overpaid replacement tax is attributable to payment of excess property tax liability as described in section 437A.15, subsection 3, paragraph “b”, a claim for refund or credit may only be made by, and a refund or credit shall only be made to, the person who made such excess payment. Such claim shall not be made by the person who collected the tax from another person.

2. It is unlawful for any present or former officer or employee of the state to divulge or to make known in any manner to any person the kilowatt hours of electricity or therms of natural gas delivered by a taxpayer in a competitive service area.
disclosed on a tax return, return information, or investigative or audit information. A person who violates this section is guilty of a serious misdemeanor. If the offender is an officer or employee of the state, such person, in addition to any other penalty, shall also be dismissed from office or discharged from employment. This section does not prohibit turning over to duly authorized officers of the United States or tax officials of other states such kilowatt-hours or therms pursuant to agreement between the director and the secretary of the treasury of the United States or the secretary's delegate or pursuant to a reciprocal agreement with another state.

3. Unless otherwise expressly permitted by a section referencing this chapter, the kilowatt-hours of electricity or therms of natural gas delivered by a taxpayer in a competitive service area shall not be divulged to any person or entity, other than the taxpayer, the department, or the internal revenue service for use in a matter unrelated to tax administration.

This prohibition precludes persons or entities other than the taxpayer, the department, or the internal revenue service from obtaining such information from the department. A subpoena, order, or process which requires the department to produce such information to a person or entity, other than the taxpayer, the department, or internal revenue service, for use in a nontax proceeding is void.

4. a. Notwithstanding subsections 2 and 3, the chief financial officer of any local taxing authority and any designee of such officer shall have access to any computations made by the director pursuant to the provisions of this chapter, and any tax return or other information used by the director in making such computations, which affect the replacement tax owed by any such taxpayer.
   b. Notwithstanding this section, providing information relating to the kilowatt-hours of electricity or therms of natural gas delivered by a taxpayer in a competitive service area to the task force established in section 437A.15, subsection 7, is not a violation of this section.

5. Local taxing authority employees are deemed to be officers and employees of the state for purposes of subsection 2.

6. Claims for refund or credit of municipal transfer replacement tax shall be filed with the appropriate city's chief financial officer. Subsection 1 applies with respect to the transfer replacement tax and the city's chief financial officer shall have the same authority as is granted to the director under this section with respect to a return filed pursuant to section 437A.8, subsection 2.

7. Claims for refund or credit of special utility property tax levies shall be filed with the appropriate county treasurer. Subsection 1 applies with respect to the special utility property tax levy and the county treasurer shall have the same authority as is granted to the director under this section.

§437A.15 Allocation of revenue.

1. The director and the department of management shall compute the allocation of all replacement tax revenues other than transfer replacement tax revenues among the local taxing districts in accordance with this section and shall report such allocation by local taxing districts to the county treasurers on or before August 15 following a tax year.

2. The director shall determine and report to the department of management the total replacement taxes to be collected from each taxpayer for the tax year on or before July 30 following such tax year.

3. a. All replacement taxes owed by a taxpayer shall be allocated among the local taxing districts in which such taxpayer's property is located in accordance with a general allocation formula determined by the department of management on the basis of general property tax equivalents. General property tax equivalents shall be determined by applying the levy rates reported by each local taxing district to the department of management on or before June 30 following a tax year to the taxable value of taxpayer property allocated to each such local taxing district as adjusted and reported to the department of management in such tax year by the director pursuant to section 437A.19, subsection 2. The general allocation formula for a tax year shall allocate to each local taxing district that portion of the replacement taxes owed by each taxpayer which bears the same ratio as such taxpayer's general property tax equivalents for each local taxing district bears to such taxpayer's total general property tax equivalents for all local taxing districts in Iowa.

When allocating natural gas delivery taxes on deliveries of natural gas to a new electric power generating plant, ten percent of those natural gas delivery taxes shall be allocated over new gas property built to directly serve the new electric power generating plant and ninety percent of those natural gas delivery taxes shall be allocated to the general property tax equivalents of all gas property within the natural gas competitive service area or areas where the new gas property is located.

b. Notwithstanding other provisions of this section, if excess property tax liability has been assigned pursuant to section 437A.4, subsection 3, paragraph “c”, subparagraph (4), and has not been removed, the allocation of electric delivery replacement tax attributable to the excess property tax liability shall be made by the director and the department of management so as to allocate the electric delivery replacement tax attributable to the excess property tax liability among those local
taxing districts in which the property associated with the excess property tax liability is located. In order to ensure that the electric delivery replacement tax attributable to the excess property tax liability is paid to the appropriate county treasurer for disposition to the local taxing districts, each distribution electric cooperative member and each municipal utility purchasing member subject to section 437A.4, subsection 3, paragraph "c", subparagraph (4), shall pay to the appropriate generation and transmission electric cooperative the electric delivery replacement tax attributable to the excess property tax liability by September 10. The amount of electric delivery replacement tax attributable to the excess property tax liability shall equal that percentage of total electric delivery replacement tax liability that the excess property tax liability bears to the total property tax liability contained in the electric delivery tax component. The generation and transmission electric cooperative shall pay the electric delivery replacement tax attributable to the excess property tax liability to the appropriate county treasurer. The director shall determine the amount of any special utility property tax levy or tax credit attributable to the excess property tax liability which shall be reflected in the amount required to be paid by each distribution electric cooperative member and each municipal utility purchasing member to the generation and transmission electric cooperative. 

d. If, during the tax year, a taxpayer transferred operating property or an interest in operating property to another taxpayer, the transferee taxpayer’s replacement tax associated with that property shall be allocated, for the tax year in which the transfer occurred, under this section in accordance with the general allocation formula on the basis of the general property tax equivalents of the transferor taxpayer. 

e. Notwithstanding the provisions of this section, if during the tax year a person who was not a taxpayer during the prior tax year acquires a new major addition, as defined in section 437A.3, subsection 18, paragraph "a", subparagraph (4), the replacement tax associated with that major addition shall be allocated, for that tax year, under this section in accordance with the general allocating formula on the basis of the general property tax equivalents established under paragraph "a" of this subsection, except that the levy rates established and reported to the department of management on or before June 30 following the tax year in which the major addition was acquired shall be applied to the prorated assessed value of the major addition. For purposes of this paragraph, “prorated assessed value of the major addition” means the assessed value of the major addition as of January 1 of the year following the tax year in which the major addition was acquired multiplied by the percentage derived by dividing the number of months that the major addition existed during the tax year by twelve, counting any portion of a month as a full month.

f. Notwithstanding the provisions of this section, if a taxpayer is a municipal utility or a municipal owner of an electric power facility financed under the provisions of chapter 28F or 476A, the special utility or municipal owner shall pay the replacement generation tax associated with the new electric power generating plant to the appropriate county treasurer of the county in which the municipality or municipal owner has operating electric meters within the county. All remaining replacement generation tax revenues received by the director shall be deposited in the property tax relief fund created in section 426B.1, and shall be distributed as provided in section 426B.2.

4. On or before August 31 following tax years 1999, 2000, and 2001, each county treasurer shall compute a special utility property tax levy or tax credit for each taxpayer for which a replacement tax liability for each such tax year is reported to the county treasurer pursuant to subsection 1, and shall notify the taxpayer of the amount of such tax levy or tax credit. The amount of the special utility property tax levy or credit shall be determined for each taxpayer by the county treasurer by comparing the taxpayer’s total replacement tax liability allocated to taxing districts in the county pursuant to this section with the anticipated tax revenues from the taxpayer for all taxing districts in the county. If the taxpayer’s total replacement tax liability allocated to taxing districts in the county
is less than the anticipated tax revenues from the taxpayer for all taxing districts in the county, the county treasurer shall levy a special utility property tax equal to the shortfall which shall be added to and collected with the replacement tax owed by the taxpayer to the county treasurer for the tax year pursuant to section 437A.8, subsection 4. If the taxpayer's total replacement tax liability allocated to taxing districts in the county exceeds the anticipated tax revenues from the taxpayer for all taxing districts in the county, the county treasurer shall issue a credit to the taxpayer which shall be applied to reduce the taxpayer's replacement tax liability to the county treasurer for the tax year. If the taxpayer's total replacement tax liability allocated to taxing districts in the county equals the anticipated tax revenues from the taxpayer for all taxing districts in the county, no levy or credit is required. Replacement tax liability for purposes of this subsection means replacement tax liability before credits allowed by section 437A.8, subsection 7. A recalculation of a special utility property tax levy or credit shall not be made as a result of a subsequent recalculation of replacement tax liability under section 437A.8, subsection 7, or adjustment to assessed value under section 437A.19, subsection 2, paragraph "a", subparagraph (6).

"Anticipated tax revenues from a taxpayer" means the product of the total levy rates imposed by the taxing districts and the value of taxpayer property allocated to the taxing districts and reported to the county auditor. Special utility property tax levies and credits shall be treated as replacement taxes for purposes of section 437A.11. If a special utility property tax levy payment becomes delinquent, the delinquent payment shall accrue interest and penalty in the same manner and amount as the replacement tax under section 437A.13.

It is the intent of the general assembly that the general assembly evaluate the impact of the imposition of the replacement tax for purposes of determining whether this subsection shall remain in effect and whether a determination shall be made as to the necessity of a recalculation as provided in this subsection for tax years beginning after tax year 2000.

5. The replacement tax, as adjusted by any special utility property tax levy or credit and remitted to a county treasurer by each taxpayer, shall be treated as a property tax when received and shall be disposed of by the county treasurer as taxes on real estate. Notwithstanding the allocation provisions of this section, nothing in this section shall deny any affected taxing entity, as defined in section 403.17, subsection 1, which has enacted an ordinance or entered into an agreement for the division and allocation of taxes authorized under section 403.19 and under which ordinance or agreement the taxes collected in respect of properties owned by any of the taxpayers remitting replacement taxes pursuant to the provisions of this chapter are being divided and allocated, the right to receive its share of the replacement tax revenues collected for any year which would otherwise be paid to such affected taxing entity under the terms of any such ordinance or agreement had this chapter not been enacted. To the extent that adjustment must be made to the allocation described in this section to give effect to the terms of such ordinances or agreements, the department of management and the county treasurer shall make such adjustments.

6. In lieu of the adjustment provided for in subsection 5, the assessed value of property described in section 403.19, subsection 1, may be reduced by the city or county by the amount of the taxable value of the property described in section 437A.16 included in such area on January 1, 1997, pursuant to amendment of the ordinance adopted by such city or county pursuant to section 403.19.

7. a. The department of management, in consultation with the department of revenue, shall coordinate the utility replacement tax task force and provide staffing assistance to the task force. It is the intent of the general assembly that the task force include representatives of the department of management, department of revenue, electric companies, natural gas companies, municipal utilities, electric cooperatives, counties, cities, school boards, and industrial, commercial, and residential consumers, and other appropriate stakeholders. The director of the department of management and the director of revenue shall serve as co-chairpersons of the task force.

b. The task force shall study the effects of the replacement tax on local taxing authorities, local taxing districts, consumers, and taxpayers through January 1, 2010. If the task force recommends modifications to the replacement tax that will further the purposes of tax neutrality for local taxing authorities, local taxing districts, taxpayers, and consumers, consistent with the stated purposes of this chapter, the department of management shall transmit those recommendations to the general assembly.

Section repeal is effective December 31, 2009; 2008 Acts, ch 1004, § 4.

437A.19 Adjustment to assessed value — reporting requirements.

1. a. A taxpayer whose property is subject to the statewide property tax shall report to the director by July 1, 1999, and by May 1 of each subsequent tax year, on forms prescribed by the director, the book value, as of the beginning and end of the preceding calendar year, of all of the following:
(1) The local amount of any major addition by local taxing district.

(2) The statewide amount of any major addition without notation of location.

(3) Any building in Iowa at acquisition cost of more than ten million dollars that was originally placed in service by the taxpayer prior to January 1, 1998, and that was transferred or disposed of in the preceding calendar year, by local taxing district.

(4) Any electric power generating plant in Iowa at acquisition cost of more than ten million dollars that was originally placed in service by the taxpayer prior to January 1, 1998, and that was transferred or disposed of in the preceding calendar year, by local taxing district.

(5) All other taxpayer property without notation of location.

(6) The local amount of any major addition eligible for the urban revitalization exemption provided for in chapter 404, by situs.

(7) All other transferred taxpayer property, in addition to any transferred property reported under subparagraphs (3) and (4), by local taxing district.

b. For purposes of this section:

(1) “Book value” means acquisition cost less accumulated depreciation determined under generally accepted accounting principles.

(2) “Taxpayer property” means property described in section 437A.16.

(3) “To dispose of” means to sell, abandon, decommission, or retire an asset.

(4) “Transfer” means a transaction which results in a change of ownership of taxpayer property and includes a capital lease transaction.

c. For purposes of this subsection, “taxpayer” includes a person who would have been a taxpayer in calendar year 1998 had the provisions of this chapter been in effect for the 1998 assessment year.

d. If a taxpayer owns or leases pursuant to a capital lease less than the entire interest in a major addition, the local amount and statewide amount, if any, of such major addition shall be apportioned to the taxpayer on the basis of its percentage interest in such major addition.

2. a. Beginning January 1, 1999, the assessed value of taxpayer property shall be adjusted annually as provided in this section. The director, with respect to each taxpayer, shall do all of the following:

(1) Adjust the assessed value of taxpayer property in each local taxing district by the change in book value during the preceding calendar year of the local amount of any major addition reported within such local taxing district.

(2) Adjust the assessed value of taxpayer property in each local taxing district by allocating the change in book value during the preceding calendar year of the statewide amount and all other taxpayer property described in subsection 1, paragraph “a”, subparagraph (5), to the assessed value of all taxpayer property in the state pro rata according to its preadjustment value. Any value for a taxpayer owning, or owning an interest in, a new electric power generating plant in excess of a local amount, where such taxpayer owns no other taxpayer property in this state, shall not be allocated to any local taxing districts.

(3) In the case of taxpayer property described in subsection 1, paragraph “a”, subparagraphs (3), (4), and (7), decrease the assessed value of taxpayer property in each local taxing district by the assessed value reported within such local taxing district.

(4) In the event of a merger or consolidation of two or more taxpayers, to determine the assessed value of the surviving taxpayer, combine the assessed values of such taxpayers immediately prior to the merger or consolidation.

(5) In the event any taxpayer property is eligible for the urban revitalization tax exemption described in chapter 404, adjust the assessed value of taxpayer property within each affected local taxing district to reflect such exemption.

(6) In the event the base year assessed value of taxpayer property is adjusted as a result of taxpayer appeals, reduce the assessed value of taxpayer property in each local taxing district to reflect such adjustment. The adjustment shall be allocated in proportion to the allocation of the taxpayer’s assessed value among the local taxing districts determined without regard to this adjustment. An adjustment to the base year assessed value of taxpayer property shall be made as of January 1 of the year following the date on which the adjustment is finally determined.

b. In no event shall the adjustments set forth in this subsection reduce the assessed value of taxpayer property in any local taxing district below zero.

c. The director, on or before October 31 of each assessment year, shall report to the department of management and to the auditor of each county the adjusted assessed value of taxpayer property as of January 1 of such assessment year for each local taxing district. For purposes of this subsection, the assessed value of taxpayer property in each local taxing district subject to adjustment under this section by the director means the assessed value of such property as of the preceding January 1 as determined and allocated among the local taxing districts by the director.

d. Nothing in this chapter shall be interpreted to authorize local taxing authorities to exclude from the calculation of levy rates the taxable value of taxpayer property reported to county auditors pursuant to this subsection.

e. In addition to reporting the assessed values as described in this subsection, the director, on or before October 31 of each assessment year, shall
also report to the department of management and to the auditor of each county the taxable value of taxpayer property as of January 1 of such assessment year for each local taxing district. For purposes of this chapter, “taxable value” means the value for all property subject to the replacement tax annually determined by the director, by dividing the estimated annual replacement tax liability for that property by the prior year’s consolidated taxing district rate for the taxing district where that property is located, then multiplying the quotient by one thousand. A taxpayer who paid more than five hundred thousand dollars in replacement tax in the previous tax year or who believes their replacement tax liability will vary more than ten percent from the previous tax year shall report to the director by October 1 of the current calendar year, on forms prescribed by the director, the estimated replacement tax liability that will be attributable to all of the taxpayer’s property subject to replacement tax for the current tax year. The department shall utilize the estimated replacement tax liability as reported by the taxpayer or the taxpayer’s prior year’s replacement tax amounts to estimate the current tax year’s taxable value for that property. Furthermore, a taxpayer who has a new major addition of operating property which is put into service for the first time in the current calendar year shall report to the director by October 1 of the current calendar year, or at the time the major addition is put into service, whichever time is later, on forms prescribed by the director, the cost of the major addition and, if not previously reported, shall report the estimated replacement taxes which that asset will generate in the current calendar year. For the purposes of computing the taxable value of property in a taxing district, the district’s share of the estimated replacement tax liability shall be the district’s percentage share of the “assessed value allocated by property tax equivalent” multiplied by the total estimated replacement tax. “Assessed value allocated by property tax equivalent” shall be determined by dividing the taxpayer’s current year assessed valuation in a taxing district by one thousand, and then multiplying by the prior year’s consolidated tax rate.

2. a. Section 422.26 applies with respect to the statewide property tax and penalties imposed by this chapter, except that, as applied to any tax imposed by this chapter, the lien provided shall be prior to and superior over all subsequent liens upon any personal property within this state or right to such personal property belonging to the taxpayer, without the necessity of recording the lien as provided in section 422.26. The requirement for recording, as applied to the statewide property tax imposed by this chapter, shall apply only to a lien upon real property. In order to preserve such lien against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, on any real property situated in a county, the director shall file with the recorder of the county in which the real property is located a notice of the lien.

b. The county recorder of each county shall index each lien showing the applicable entries specified in sections 558.49 and 558.52 and showing, under the names of taxpayers arranged alphabetically, all of the following:

(1) The name of the taxpayer.
(2) The name “State of Iowa” as claimant.
(3) Time the notice of lien was filed for recording.
(4) Date of notice.
(5) Amount of lien then due.
(6) Date of assessment.
(7) Date when the lien is satisfied.

c. The recorder shall endorse on each notice of lien the day, hour, and minute when filed for recording and the document reference, shall preserve such notice, and shall promptly record the lien in the manner provided for recording real estate mortgages. The lien is effective from the time of the indexing of the lien.

d. The director, from moneys appropriated to the department of revenue for this purpose, shall pay recording fees as provided in section 331.604 for the recording of the lien, or for its satisfaction.

e. Upon the payment of the replacement tax as to which the director has filed notice with a county recorder, the director shall promptly file with the recorder a satisfaction of the replacement tax. The recorder shall enter the satisfaction on the notice on file in the recorder’s office and indicate that fact on the index.

CHAPTER 438
PIPELINE COMPANIES TAX

438.14 Valuation and certification.
The director of revenue shall on or before October 31 each year determine the value of pipeline property located in each taxing district of the state, and in fixing the value shall take into consideration the structures, equipment, pumping stations, etc., located in the taxing district, and shall transmit to the county auditor of each such county through and into which any pipeline may extend, a statement showing the assessed value of the property in each of the taxing districts of the county. The property shall then be taxed in the county and lesser taxing districts, based upon the valuation so certified, in the same manner as in other property.

CHAPTER 441
ASSESSMENT AND VALUATION OF PROPERTY

441.19 Owner to assist — provisions for assessment.
1. The assessor shall list every person in the assessor’s county or city as the case may be and assess all the property in the county or city, except property exempted or otherwise assessed. A person who refuses to assist in making out a list of the person’s property, or of any property which the person is by law required to assist in listing, is guilty of a simple misdemeanor.
   a. Supplemental and optional to the procedure for the assessment of property by the assessor as provided in this chapter, the assessor may require from all persons required to list their property for taxation as provided by sections 428.1 and 428.2, a supplemental return to be prescribed by the director of revenue upon which the person shall list the person’s property. The supplemental return shall be in substantially the same form as now prescribed by law for the assessment rolls used in the listing of property by the assessors. Every person required to list property for taxation shall make a complete listing of the property upon supplemental forms and return the listing to the assessor as promptly as possible. The return shall be verified over the signature of the person making the return and section 441.25 applies to any person making such a return. The assessor shall make supplemental return forms available as soon as practicable after the first day of January of each year. The assessor shall make supplemental return forms available to the taxpayer by mail, or at a designated place within the taxing district.
   b. Upon receipt of such supplemental return from any person the assessor shall prepare a roll assessing such person as hereinafter provided. In the preparation of such assessment roll the assessor shall be guided not only by the information contained in such supplemental roll, but by any other information the assessor may have or which may be obtained by the assessor as prescribed by the law relating to the assessment of property. The assessor shall not be bound by any values as listed in such supplemental return, and may include in the assessment roll any property omitted from the supplemental return which in the knowledge and belief of the assessor should be listed as required by law by the person making the supplemental return. Upon completion of such roll the assessor shall deliver to the person submitting such supplemental return a copy of the assessment roll, either personally or by mail.
   c. Any taxpayer aggrieved by the action of the assessor in the preparation of an assessment roll upon which a supplemental return has been made shall have the same rights and privileges of appeal as provided by law in connection with the assessment rolls prepared in entirety by the assessor, but no assessment rolls prepared by the assessor after receiving a supplemental return shall be deemed insufficient or invalid because of the fact that such assessment roll does not bear the signature of the person assessed, and the signature of the person listing property upon the supplemental return shall be deemed a signature on the roll as prepared by the assessor.
   d. The supplemental returns provided for in this section shall be preserved in the same manner as assessment rolls, but shall be confidential to the assessor, board of review, property assessment appeal board, or director of revenue, and shall not be open to public inspection, but any final assessment roll as made out by the assessor shall be a public record, provided that such supplemental return shall be available to counsel of either the person making the return of the public, in case any appeal is taken to the board of review, to the property assessment appeal board, or to the court.
   e. In the event of failure of any person required to list property to make a supplemental return, as
required herein, on or before the fifteenth day of
February of any year when such listing is re-
quired, the assessor shall proceed in the listing
and assessment of the person’s property as provid-
ed by this chapter, and no person subject to taxa-
tion shall be relieved of the person’s obligation to
list the person’s property through failure to make
a supplemental return as herein provided, and
any roll prepared by the assessor after receiving a
supplemental return or when prepared in accord-
ance with other provisions of this chapter, shall
be a valid assessment.

f. The provisions of this chapter relating to as-
essment rolls shall be applicable to the prepare-
ation of rolls upon which a supplemental return has
been received, insofar as they are not in conflict
with the provision of this section.

2. On or before February 15 of each year, each
owner of industrial real estate shall submit to the
local assessor a report listing by year of acquisi-
tion and by acquisition cost the owner’s machinery
as described in section 427A.1, subsection 1, para-
tion and by acquisition cost the owner’s machinery
were received, insofar as they are not in conflict
with the provisions of section 441.24.

§441.21 Actual, assessed, and taxable val-
ue.

1. a. All property subject to taxation shall be
valued at its actual value which shall be entered
opposite each item, and, except as otherwise pro-
vided in this section, shall be assessed at one hun-
dred percent of its actual value, and the value so
assessed shall be taken and considered as the
assessed value and taxable value of the property
upon which the levy shall be made.

b. The actual value of all property subject to
assessment and taxation shall be the fair and rea-
sonable market value of such property except as
otherwise provided in this section. “Market value”
is defined as the fair and reasonable exchange in
the year in which the property is listed and valued
between a willing buyer and a willing seller, nei-
ther being under any compulsion to buy or sell and
each being familiar with all the facts relating to
the particular property. Sale prices of the property
or comparable property in normal transactions re-
flecting market value, and the probable availabil-
ity or unavailability of persons interested in pur-
chasing the property, shall be taken into consider-
ation in arriving at its market value. In arriving
at market value, sale prices of property in abnor-
mal transactions not reflecting market value shall
not be taken into account, or shall be adjusted to
eliminate the effect of factors which distort mar-
ket value, including but not limited to sales to im-
mediate family of the seller, foreclosure or other
forced sales, contract sales, discounted purchase
transactions or purchase of adjoining land or other
land to be operated as a unit.

The actual value of special purpose tooling,
which is subject to assessment and taxation as
real property under section 427A.1, subsection 1,
paragraph “e”, but which can be used only to man-
ufacture property which is protected by one or
more United States or foreign patents, shall not
exceed the fair and reasonable exchange value be-
tween a willing buyer and a willing seller, assum-
ing that the willing buyer is purchasing only the
special purpose tooling and not the patent cover-
ing the property which the special purpose tooling
is designed to manufacture nor the rights to man-
ufacture the patented property. For purposes of
this paragraph, special purpose tooling includes
dies, jigs, fixtures, molds, patterns, and similar
property. The assessor shall not take into consid-
eration the special value or use value to the pres-
cent owner of the special purpose tooling which is
designed and intended solely for the manufacture
of property protected by a patent in arriving at the
actual value of the special purpose tooling.

c. In assessing and determining the actual val-
ue of special purpose industrial property having
an actual value of five million dollars or more, the
assessor shall equalize the values of such property
with the actual values of other comparable special
purpose industrial property in other counties of
the state. Such special purpose industrial property
includes, but is not limited to chemical plants.
If a variation of ten percent or more exists between
the actual values of comparable industrial proper-
ty having an actual value of five million dollars or
more located in separate counties, the assessors of
the counties shall consult with each other and
with the department of revenue to determine if ade-
quate reasons exist for the variation. If no ade-
quate reasons exist, the assessors shall make ad-
justments in the actual values to provide for a
variation of ten percent or less. For the purposes
of this paragraph, special purpose industrial prop-
erty includes structures which are designed and
erected for operation of a unique and special use,
are not rentable in existing condition, and are in-
capable of conversion to ordinary commercial or
industrial use except at a substantial cost.

d. Actual value of property in one assessing ju-
risdiction shall be equalized as compared with actual value of property in an adjoining assessing jurisdiction. If a variation of five percent or more exists between the actual values of similar, closely adjacent property in adjoining assessing jurisdictions in Iowa, the assessors thereof shall determine whether adequate reasons exist for such variation. If no such reasons exist, the assessors shall make adjustments in such actual values to reduce the variation to five percent or less.

e. The actual value of agricultural property shall be determined on the basis of productivity and net earning capacity of the property determined on the basis of its use for agricultural purposes capitalized at a rate of seven percent and applied uniformly among counties and among classes of property. Any formula or method employed to determine productivity and net earning capacity of property shall be adopted in full by rule.

f. In counties or townships in which field work on a modern soil survey has been completed since January 1, 1949, the assessor shall place emphasis upon the results of the survey in spreading the valuation among individual parcels of such agricultural property.

g. Notwithstanding any other provision of this section, the actual value of any property shall not exceed its fair and reasonable market value, except agricultural property which shall be valued exclusively as provided in paragraph "e" of this subsection.

h. The assessor shall determine the value of real property in accordance with rules adopted by the department of revenue and in accordance with forms and guidelines contained in the real property appraisal manual prepared by the department as updated from time to time. Such rules, forms, and guidelines shall not be inconsistent with or change the means, as provided in this section, of determining the actual, market, taxable, and assessed values.

i. If the department finds that a city or county assessor is not in compliance with the rules of the department relating to valuation of property or has disregarded the forms and guidelines contained in the real property appraisal manual, the department shall notify the assessor and each member of the conference board for the appropriate assessing jurisdiction. The notice shall be mailed by restricted certified mail. The notice shall specify the areas of noncompliance and the steps necessary to achieve compliance. The notice shall also inform the assessor and conference board that if compliance is not achieved, a penalty may be imposed.

The conference board shall respond to the department within thirty days of receipt of the notice of noncompliance. The conference board may respond to the notice by asserting that the assessor is in compliance with the rules, guidelines, and forms of the department or by informing the department that the conference board intends to submit a plan of action to achieve compliance. If the conference board responds to the notification by asserting that the assessor is in compliance, a hearing before the director of revenue shall be scheduled on the matter.

A plan of action shall be submitted within sixty days of receipt of the notice of noncompliance. The plan shall contain a time frame under which compliance shall be achieved which shall be no later than January 1 of the following assessment year. The plan of action shall contain the signature of the assessor and of the chairperson of the conference board. The department shall review the plan to determine whether the plan is sufficient to achieve compliance. Within thirty days of receipt of the plan, the department shall notify the assessor and the chairperson of the conference board that it has accepted the plan or that it is necessary to submit an amended plan of action.

By January 1 of the assessment year following the calendar year in which the plan was submitted to the department, the conference board shall submit a report to the department indicating that the plan of action was followed and compliance has been achieved. The department may conduct a field inspection to ensure that the assessor is in compliance. By January 31, the department shall notify the assessor and the conference board, by restricted certified mail, either that compliance has been achieved or that the assessor remains in noncompliance. If the department determines that the assessor remains in noncompliance, the department shall take steps to withhold up to five percent of the reimbursement payment authorized in section 425.1 until the director of revenue determines that the assessor is in compliance.

If the conference board disputes the determination of the department, the chairperson of the conference board may appeal the determination to the state board of tax review.

The department shall adopt rules relating to the administration of this paragraph "i".

2. In the event market value of the property being assessed cannot be readily established in the foregoing manner, then the assessor may determine the value of the property using the other uniform and recognized appraisal methods including its productive and earning capacity, if any, industrial conditions, its cost, physical and functional depreciation and obsolescence and replacement cost, and all other factors which would assist in determining the fair and reasonable market value of the property but the actual value shall not be determined by use of only one such factor. The following shall not be taken into consideration: Special value or use value of the property to its present owner, and the goodwill or value of a business which uses the property as distinguished from the value of the property as property. However, in assessing property that is rented or
leased to low-income individuals and families as authorized by section 42 of the Internal Revenue Code, as amended, and which section limits the amount that the individual or family pays for the rental or lease of units in the property, the assessor shall use the productive and earning capacity from the actual rents received as a method of appraisal and shall take into account the extent to which that use and limitation reduces the market value of the property. The assessor shall not consider any tax credit equity or other subsidized financing as income provided to the property in determining the assessed value. The property owner shall notify the assessor when property is withdrawn from section 42 eligibility under the Internal Revenue Code. The property shall not be subject to section 42 assessment procedures for the assessment year for which section 42 eligibility is withdrawn. This notification must be provided to the assessor no later than March 1 of the assessment year or the owner will be subject to a penalty of five hundred dollars for that assessment year. The penalty shall be collected at the same time and in the same manner as regular property taxes. Upon adoption of uniform rules by the department of revenue or succeeding authority covering assessments and valuations of such properties, the valuation on such properties shall be determined in accordance with such rules and in accordance with forms and guidelines contained in the real property appraisal manual prepared by the department as updated from time to time for assessment purposes to assure uniformity, but such rules, forms, and guidelines shall not be inconsistent with or change the foregoing means of determining the actual, market, taxable and assessed values.

3. “Actual value”, “taxable value”, or “assessed value” as used in other sections of the Code in relation to assessment of property for taxation shall mean the valuations as determined by this section; however, other provisions of the Code providing special methods or formulas for assessing or valuing specified property shall remain in effect, but this section shall be applicable to the extent consistent with such provisions. The assessor and department of revenue shall disclose at the written request of the taxpayer all information in any formula or method used to determine the actual value of the taxpayer’s property.

The burden of proof shall be upon any complainant attacking such valuation as excessive, inadequate, inequitable, or capricious; however, in protest or appeal proceedings when the complainant offers competent evidence by at least two disinterested witnesses that the market value of the property is less than the market value determined by the assessor, the burden of proof thereafter shall be upon the officials or persons seeking to uphold such valuation to be assessed.

4. For valuations established as of January 1, 1979, the percentage of actual value at which agriculural and residential property shall be assessed shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus six percent of the amount so determined. However, if the difference between the dividend so determined for either class of property and the dividend for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is less than six percent, the 1979 dividend for the other class of property shall be the dividend as determined for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus a percentage of the amount so determined which is equal to the percentage by which the dividend as determined for the other class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is increased in arriving at the 1979 dividend for the other class of property. The divisor for each class of property shall be the total actual value of all such property in the state in the preceding year, as reported by the assessors on the abstracts of assessment submitted for 1978, plus the amount of value added to said total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. The director shall utilize information reported on abstracts of assessment submitted pursuant to section 441.45 in determining such percentage. For valuations established as of January 1, 1980, and each year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which agricultural and residential property shall be assessed shall be calculated in accordance with the methods provided herein including the limitation of increases in agricultural and residential assessed values to the percentage increase of the
other class of property if the other class increases less than the allowable limit adjusted to include the applicable and current values as equalized by the director of revenue, except that any references to six percent in this subsection shall be four percent.

5. For valuations established as of January 1, 1979, commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 8, shall be assessed as a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the total actual valuation for each class of property established for 1978, plus six percent of the amount so determined. The divisor for each class of property shall be the valuation for each class of property established for 1978, as reported by the assessors on the abstracts of assessment for 1978, plus the amount of value added to the total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. For valuations established as of January 1, 1979, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be considered as one class of property and shall be assessed as a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1978 by the department of revenue, plus ten percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed at a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1979 by the department of revenue, plus eight percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed for each class of property valued by the department of revenue pursuant to section 441.49 in determining such percentage. For valuations established as of January 1, 1980, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed at a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 8, shall be assessed shall be calculated in accordance with the methods provided herein, except that any references to six percent in this subsection shall be four percent.

6. Beginning with valuations established as of January 1, 1979, and each year thereafter, property valued by the department of revenue pursuant to chapter 434 shall also be assessed at a percentage of its actual value which percentage shall be equal to the percentage determined by the director of revenue for commercial property, industrial property, or property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438, whichever is lowest.
aggregate taxable values and the number of dwellings located on agricultural land and the aggregate taxable value of all other structures on agricultural land. Beginning with valuations established as of January 1, 1981, the agricultural dwellings located on agricultural land shall be valued at their market value as defined in this section and agricultural dwellings shall be valued as rural residential property and shall be assessed at the same percentage of actual value as is all other residential property.

7. For the purpose of computing the debt limitations for municipalities, political subdivisions and school districts, the term “actual value” means the “actual value” as determined by subsections 1 to 3 of this section without application of any percentage reduction and entered opposite each item, and as listed on the tax list as provided in section 443.2 as “actual value”.

Whenever any board of review or other tribunal changes the assessed value of property, all applicable records of assessment shall be adjusted to reflect such change in both assessed value and actual value of such property.

8. a. Any normal and necessary repairs to a building, not amounting to structural replacements or modification, shall not increase the taxable value of the building. This paragraph applies only to repairs of two thousand five hundred dollars or less per building per year.

b. Notwithstanding paragraph “a”, any construction or installation of a solar energy system on property classified as agricultural, residential, commercial, or industrial property shall not increase the actual, assessed and taxable values of the property for five full assessment years.

c. As used in this subsection, “solar energy system” means either of the following:

(1) A system of equipment capable of collecting and converting incident solar radiation or wind energy into thermal, mechanical or electrical energy and transforming these forms of energy by a separate apparatus to storage or to a point of use which is constructed or installed after January 1, 1978.

(2) A system that uses the basic design of the building to maximize solar heat gain during the cold season and to minimize solar heat gain in the hot season and that uses natural means to collect, store, and distribute solar energy which is constructed or installed after January 1, 1981.

d. In assessing and valuing the property for tax purposes, the assessor shall disregard any market value added by a solar energy system to a building. The director of revenue shall adopt rules, after consultation with the office of energy independence, specifying the types of equipment and structural components to be included under the guidelines provided in this subsection.

9. Not later than November 1, 1979, and November 1 of each subsequent year, the director shall certify to the county auditor of each county the percentages of actual value at which residential property, agricultural property, commercial property, industrial property, and property valued by the department of revenue pursuant to chapters 428, 433, 434, 437, and 438 in each assessing jurisdiction in the county shall be assessed for taxation. The county auditor shall proceed to determine the assessed values of agricultural property, residential property, commercial property, industrial property, and property valued by the department of revenue pursuant to chapters 428, 433, 434, 437, and 438 by applying such percentages to the current actual value of such property, as reported to the county auditor by the assessor, and the assessed values so determined shall be the taxable values of such properties upon which the levy shall be made.

10. The percentage of actual value computed by the director for agricultural property, residential property, commercial property, industrial property and property valued by the department of revenue pursuant to chapters 428, 433, 434, 437, and 438 and used to determine assessed values of those classes of property does not constitute a rule as defined in section 17A.2, subsection 11.

11. Beginning with valuations established on or after January 1, 1995, as used in this section, “residential property” includes all land and buildings of multiple housing cooperatives organized under chapter 499A and includes land and buildings used primarily for human habitation which land and buildings are owned and operated by organizations that have received tax-exempt status under section 501(c)(3) of the Internal Revenue Code and rental income from the property is not taxed as unrelated business income under section 422.33, subsection 1A.

12. Beginning with valuations established on or after January 1, 2002, as used in this section, “agricultural property” includes the real estate of a vineyard and buildings used in connection with the vineyard, including any building used for processing wine if such building is located on the same parcel as the vineyard.

Subsection 8, paragraph c, subparagraph (2), unnumbered paragraph 2 amended and editorially designated as paragraph 441.47 Adjusted valuations.

The director of revenue on or about August 15, 1977, and every two years thereafter shall order the equalization of the levels of assessment of each class of property in the several assessing jurisdictions by adding to or deducting from the valuation of each class of property such percentage in each case as may be necessary to bring the same to its taxable value as fixed in this chapter and chapters 427 to 443. The director shall adjust to actual value the valuation of any class of property as set out in the abstract of assessment when the valuation is at least five percent above or below actual value.
as determined by the director. For purposes of such value adjustments and before such equalization the director shall adopt, in the manner prescribed by chapter 17A, such rules as may be necessary to determine the level of assessment for each class of property in each county. The rules shall cover:
1. The proposed use of the assessment-sales ratio study set out in section 421.17, subsection 6.
2. The proposed use of any statewide income capitalization studies.
3. The proposed use of other methods that would assist the director in arriving at the accurate level of assessment of each class of property in each assessing jurisdiction.

CHAPTER 445
TAX COLLECTION

445.1 Definition of terms.
For the purpose of this chapter and chapters 446, 447, and 448, section 331.553, subsection 3, and sections 427.8 through 427.12 and 569.8:
1. “Abate” means to cancel in their entirety all applicable amounts.
2. “Compromise” means to enter into a contractual agreement for the payment of taxes, interest, fees, and costs in amounts different from those specified by law.
3. “County system” means a method of data storage and retrieval as approved by the auditor of state including, but not limited to, tax lists, books, records, indexes, registers, or schedules.
4. “Parcel” means each separate item shown on the tax list, manufactured or mobile home tax list, schedule of assessment, or schedule of rate or charge.
5. “Rate or charge” means an item, including rentals, legally certified to the county treasurer for collection as provided in sections 331.465, 331.489, 358.20, 364.11, 364.12, and 468.589 and section 384.84, subsection 4.
6. “Taxes” means an annual ad valorem tax, a special assessment, a drainage tax, a rate or charge, and taxes on homes pursuant to chapter 435 which are collectible by the county treasurer.
7. “Total amount due” means the aggregate total of all taxes, penalties, interest, costs, and fees due on a parcel.

445.36A Partial payments.
1. As an alternative to the semiannual or annual payment of taxes, the county treasurer may accept partial payments of taxes. The treasurer shall transfer and apply the entire account balance, leaving an unpaid balance of the installment. Interest shall attach on the unpaid balance in accordance with section 445.39. Unless funds sufficient to fully satisfy the delinquency are received, the treasurer shall collect the unpaid balance as provided in sections 445.3 and 445.4 and chapter 446. Any remaining balance in a taxpayer’s account in excess of the amount needed to fully satisfy an installment shall remain in the account to be applied toward the next semiannual installment. Any interest income derived from the account shall be deposited in the county’s general fund to cover administrative costs. The treasurer shall send a notice with the tax statement or by separate mail to each taxpayer stating that, upon request to the treasurer, the taxpayer may make partial payments of taxes.
2. Partial payment of taxes which are delinquent may be made to the county treasurer. For the installment being paid, payment shall first be applied to any interest, fees, and costs accrued and the remainder applied to the taxes due. A partial payment must equal or exceed the amount of interest, fees, and costs of the installment being paid. CHAPTER 446
TAX SALES

446.16 Bid — purchaser — bidder registration fee.
1. The person who offers to pay the total amount due, which is a lien on any parcel, for the smallest percentage of the parcel is the purchaser, and when the purchaser designates the percentage of any parcel for which the purchaser will pay the total amount due, the percentage thus designated shall give the person an undivided interest upon the issuance of a treasurer's deed, as provided in chapter 448. If two or more persons have placed an equal bid and the bids are the smallest percentage offered, the county treasurer shall use a random selection process to select the bidder to whom a certificate of purchase will be issued. The percentage that may be designated by any purchaser under this subsection shall not be less than one percent.

2. The treasurer may establish and collect a reasonable registration fee from each registered bidder at the tax sale. The fee shall not be assessed against a county or municipality. The total of the fees collected shall not exceed the total costs of the tax sale. Registration fees collected shall be deposited in the general fund of the county.

3. The delinquent tax lien transfers with the tax sale certificate, whether held by the county or purchased by an individual, through assignment or direct purchase at the tax sale. The delinquent tax sale lien expires when the tax sale certificate expires.

4. Only those persons as defined in section 4.1 are authorized to register to bid or to bid at the tax sale or to own a tax sale certificate by purchase, assignment, or otherwise. To be authorized to register to bid or to bid at a tax sale or to own a tax sale certificate, a person, other than an individual, must have a federal tax identification number and either a designation of agent for service of process on file with the secretary of state or a verified statement meeting the requirements of chapter 547 on file with the county recorder of the county in which the person wishes to register to bid or to bid at tax sale or of the county where the property that is the subject of the tax sale certificate is located.

CHAPTER 450
INHERITANCE TAX

450.7 Lien of tax.
1. The tax imposed by this chapter is a charge against and a lien upon the estate subject to tax under this chapter, and all property of the estate or owned by the decedent from the death of the decedent until paid, subject to the following limitations:

a. The share of the estate passing to the surviving spouse, and parents, grandparents, great-grandparents, and other lineal ascendants, children including legally adopted children and biological children entitled to inherit under the laws of this state, stepchildren, and grandchildren, great-grandchildren, and other lineal descendants is excluded from taxation under this chapter.

b. Inheritance taxes owing with respect to a passing of property of a deceased person are no longer a lien against the property ten years from the date of death of the decedent owner regardless of whether the decedent owner died prior to or subsequent to July 1, 1995, except to the extent taxes are attributable to remainder or deferred interests and are deferred in accordance with the provisions of this chapter.

2. Notice of the lien is not required to be recorded. The rights of the state under the lien have priority over all subsequent mortgages, purchases, or judgment creditors; and a conveyance after the decedent’s death of the property subject to a lien does not discharge the property except as otherwise provided in this chapter. However, if additional tax is determined to be owing under this chapter after the lien has been released under paragraph “a” or “b”, the lien does not have priority over subsequent mortgages, purchases, or judgment creditors unless notice of the lien is recorded in the office of the recorder of the county where the estate is probated, or where the property is located if the estate has not been administered. The department of revenue may release the lien by filing in the office of the clerk of the court in the county where the property is located, the decedent owner died, or the estate is pending or was administered, one of the following:

a. A receipt in full payment of the tax.
b. A certificate of nonliability for the tax as to all property reported in the estate.

c. A release or waiver of the lien as to all or any part of the property reported in the estate, which shall release the lien as to the property designated in the release or waiver.

3. The sale, exchange, mortgage, or pledge of property by the personal representative pursuant to a testamentary direction or power, pursuant to section 633.387, or under order of court, divests the property from the lien of the tax. The proceeds from that sale, exchange, mortgage, or pledge shall be held by the personal representative subject to the same priorities for the payment of the tax as existed with respect to the property before the transaction, and the personal representative is personally liable for payment of the tax to the extent of the proceeds.

450.68 Information confidential.

1. a. Any and all information acquired by the department of revenue under and by virtue of the means and methods provided for by sections 450.66 and 450.67 shall be deemed and held as confidential and shall not be disclosed by the department except so far as the same may be necessary for the enforcement and collection of the inheritance tax provided for by the laws of this state, or provided, however, that the director of revenue may authorize the examination of the information by other state officers or, if a reciprocal arrangement exists, by tax officers of another state or of the federal government.

b. Federal tax returns, copies of returns, return information as defined in section 6103(b) of the Internal Revenue Code, and state inheritance tax returns, which are required to be filed with the department for the enforcement of the inheritance tax laws of this state, shall be deemed and held as confidential by the department. However, such returns or return information may be disclosed by the director to officers or employees of other state agencies, subject to the same confidentiality restrictions imposed on the officers and employees of the department.

2. It shall be unlawful for any present or former officer or employee of the state to disclose, except as provided by law, any return, return information, or any other information deemed and held confidential under the provisions of this section. Any person violating the provisions of this section shall be guilty of a serious misdemeanor.

CHAPTER 452A
MOTOR FUEL AND SPECIAL FUEL TAXES

452A.3 Levy of excise tax.

1. Except as otherwise provided in this section and in this division, until June 30, 2012, this subsection shall apply to the excise tax imposed on each gallon of motor fuel used for any purpose for the privilege of operating motor vehicles in this state.

a. The rate of the excise tax shall be based on the number of gallons of ethanol blended gasoline that is distributed in this state as expressed as a percentage of the number of gallons of motor fuel distributed in this state, which is referred to as the distribution percentage. For purposes of this subsection, only ethanol blended gasoline and non-blended gasoline, not including aviation gasoline, shall be used in determining the percentage basis for the excise tax. The department shall determine the percentage basis for each determination period beginning January 1 and ending December 31. The rate for the excise tax shall apply for the period beginning July 1 and ending June 30 following the end of the determination period.

b. The rate for the excise tax shall be as follows:

(1) If the distribution percentage is not greater than fifty percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty cents for motor fuel other than ethanol blended gasoline.

(2) If the distribution percentage is greater than fifty percent but not greater than fifty-five percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty and one-tenth cents for motor fuel other than ethanol blended gasoline.

(3) If the distribution percentage is greater than fifty-five percent but not greater than sixty percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty and three-tenths cents for motor fuel other than ethanol blended gasoline.

(4) If the distribution percentage is greater than sixty percent but not greater than sixty-five percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty and five-tenths cents for motor fuel other than ethanol blended gasoline.

(5) If the distribution percentage is greater than sixty-five percent but not greater than seventy percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty and seven-tenths cents for motor fuel other than ethanol blended gasoline.

(6) If the distribution percentage is greater than seventy percent but not greater than sev-
enty-five percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty-one cents for motor fuel other than ethanol blended gasoline.

(7) If the distribution percentage is greater than seventy-five percent but not greater than eighty percent, the rate shall be nineteen and three-tenths cents for ethanol blended gasoline and twenty and eight-tenths cents for motor fuel other than ethanol blended gasoline.

(8) If the distribution percentage is greater than eighty percent but not greater than eighty-five percent, the rate shall be nineteen and five-tenths cents for ethanol blended gasoline and twenty and four-tenths cents for motor fuel other than ethanol blended gasoline.

(9) If the distribution percentage is greater than eighty-five percent but not greater than ninety percent, the rate shall be nineteen and seven-tenths cents for ethanol blended gasoline and twenty and one-tenth cents for motor fuel other than ethanol blended gasoline.

(10) If the distribution percentage is greater than ninety percent but not greater than ninety-five percent, the rate shall be nineteen and nine-tenths cents for ethanol blended gasoline and twenty and two-tenths cents for motor fuel other than ethanol blended gasoline.

(11) If the distribution percentage is greater than ninety-five percent, the rate shall be twenty cents for ethanol blended gasoline and twenty and three-tenths cents for motor fuel other than ethanol blended gasoline.

1A. Except as otherwise provided in this section and in this division, after June 30, 2012, an excise tax of twenty cents is imposed on each gallon of motor fuel used for any purpose for the privilege of operating motor vehicles in this state.

1B. An excise tax of seventeen cents is imposed on each gallon of E-85 gasoline as defined in section 214A.1, subject to the determination provided in subsection 1C.

1C. The rate of the excise tax on E-85 gasoline imposed in subsection 1B shall be determined based on the number of gallons of E-85 gasoline that are distributed in this state during the previous calendar year. The department shall determine the actual tax paid for E-85 gasoline for each period beginning January 1 and ending December 31. The amount of the tax paid on E-85 gasoline during the past calendar year shall be compared to the amount of tax on E-85 gasoline that would have been paid using the tax rate for gasoline imposed in subsection 1 or 1A and a difference shall be established. If this difference is equal to or greater than twenty-five thousand dollars, the tax rate for E-85 gasoline for the period beginning July 1 following the end of the determination period shall be the rate in effect as stated in subsection 1 or 1A.

2. For the privilege of operating aircraft in this state an excise tax of eight cents per gallon is imposed on the use of all aviation gasoline.

3. For the privilege of operating motor vehicles or aircraft in this state, there is imposed an excise tax on the use of special fuel in a motor vehicle or aircraft. The tax rate on special fuel for diesel engines of motor vehicles is twenty-two and one-half cents per gallon. The rate of tax on special fuel for aircraft is three cents per gallon. On all other special fuel, unless otherwise specified in this section, the per gallon rate is the same as the motor fuel tax. Indelible dye meeting United States environmental protection agency and internal revenue service regulations must be added to fuel before or upon withdrawal at a terminal or refinery rack for that fuel to be exempt from tax and the dyed fuel may be used only for an exempt purpose.

3A. For liquefied petroleum gas used as a special fuel, the rate of tax shall be twenty cents per gallon.

4. For compressed natural gas used as a special fuel, the rate of tax that is equivalent to the motor fuel tax shall be sixteen cents per hundred cubic feet adjusted to a base temperature of sixty degrees Fahrenheit and a pressure of fourteen and seventy-three hundredths pounds per square inch absolute.

5. The tax shall be paid by the following:

a. The supplier, upon the invoiced gross gallonage of all motor fuel or undyed special fuel withdrawn from a terminal for delivery in this state.

b. The person who owns the fuel at the time it is brought into the state by a restrictive supplier or importer, upon the invoiced gross gallonage of motor fuel or undyed special fuel imported.

c. The blender on total invoiced gross gallonage of alcohol or other product sold to be blended with gasoline or special fuel.

d. Any other person who possesses taxable fuel upon which the tax has not been paid to a licensee.

However, the tax shall not be imposed or collected under this division with respect to motor fuel or special fuel sold for export or exported from this state to any other state, territory, or foreign country.

6. Thereafter, except as otherwise provided in this division, the per gallon amount of the tax shall be added to the selling price of every gallon of such motor fuel or undyed special fuel sold in this state and shall be collected from the purchaser so that the ultimate consumer bears the burden of the tax.

7. All excise taxes collected under this chapter...
by a supplier, restrictive supplier, importer, dealer, blender, user, or any individual are deemed to be held in trust for the state of Iowa.

The manifest for small tank wagons shall be retained at the home office. The manifest covering each load transported, upon consummation of the delivery, shall be completed by showing the date and place of actual delivery and the person to whom actually delivered and shall be kept as a permanent record for a period of three years. However, the record of the manifest of past cargoes need not be carried on the conveyance but shall be preserved by the carrier for inspection by the department. A carrier subject to this subsection when distributing for a licensee may with the approval of the department substitute the loading and delivery evidence required in subsection 2 for the manifest.

A person who uses motor fuel or undyed special fuel for any of the nontaxable purposes listed in this subsection, and who has paid the motor fuel or special fuel tax either directly to the department or by having the tax added to the price of the fuel, and who has a refund permit, upon presentation to and approval by the department of a claim for refund, shall be reimbursed and repaid the amount of the tax which the claimant has paid on the gallonage so used, except that the amount of a refund payable under this division may be applied by the department against any tax liability outstanding on the books of the department against the claimant.

a. The refund is allowable for motor fuel or undyed special fuel sold directly to and used for the following:

In addition to the tax or additional tax, the following fines and penalties shall apply:

   a. A five hundred dollar penalty for the first violation.
   b. A one thousand dollar penalty for a second violation within three years of the first violation.
   c. A two thousand dollar penalty for third and subsequent violations within three years of the first violation.

2. **Illegal importation of untaxed fuel.** A person who imports motor fuel or undyed special fuel without a valid importer’s license or supplier’s license shall be assessed a civil penalty as provided in this subsection. However, the owner or operator of the importing vehicle shall not be guilty of violating this subsection if it is shown by the owner or operator that the owner or operator reasonably did not know or reasonably should not have known of the illegal importation.
   a. For a first violation, the importing vehicle shall be detained and a penalty of four thousand dollars shall be paid before the vehicle will be released. The owner or operator of the importing vehicle or the owner of the fuel may be held liable for payment of the penalty.
   b. For a second violation, the importing vehicle shall be detained and a penalty of ten thousand dollars shall be paid before the vehicle will be re-

The department of revenue, the state department of transportation, or any peace officer, at the request of either department, may seize the vehicle and the fuel.

e. If the operator or owner of the importing vehicle or the owner of the fuel moves the vehicle or the fuel after the vehicle has been detained and a sticker has been placed on the vehicle stating that “This vehicle cannot be moved until the tax, penalty, and interest have been paid to the Department of Revenue”, an additional penalty of ten thousand dollars shall be assessed against the operator or owner of the importing vehicle or the owner of the fuel.

f. For purposes of this subsection, “vehicle” means as defined in section 321.1.

The person shall also pay interest on the excess refunded at the rate per month specified in section 421.7, counting each fraction of a month as an entire month, computed from the date the refund was issued to the date the excess refund is repaid to the state.

4. Illegal heating of fuel. The deliberate heating of taxable motor fuel or special fuel by dealers prior to consumer sale is a simple misdemeanor.

5. Prevention of inspection. The department of revenue or the state department of transportation may conduct inspections for coloration, markers, and shipping papers at any place where taxable fuel is or may be loaded into transport vehicles, produced, or stored. Any attempts by a person to prevent, stop, or delay an inspection of fuel or shipping papers by authorized personnel shall be subject to a civil penalty of not more than two thousand dollars per occurrence. Any law enforcement officer or department of revenue or state department of transportation employee may physically inspect, examine, or otherwise search any tank, reservoir, or other container that can or may be used for the production, storage, or transportation of any type of fuel.

7. False or fraudulent report or return. Any person, including an officer of a corporation or a manager of a limited liability company, who is required to make, render, sign, or verify any report or return required by this chapter and who makes a false or fraudulent report or return, or who fails to file a report or return with the intent to evade the tax, shall be guilty of a fraudulent practice.    (3) A member of the state advisory board for preserves established under chapter 465C.
   (4) Seven persons appointed by the natural resource commission.
   b. The director shall provide the natural resource commission with nominations of prospective board members. Each person appointed by the natural resource commission must actively...
participate in recreational trail activities such as hiking, bicycling, an equestrian sport, or a winter sport at the Brushy creek recreation area. The nine voting members shall elect a chairperson at the board’s first meeting each year.

2. Each voting member of the board shall serve for terms of three years, and shall be eligible for reappointment. A vacancy on the board shall be filled for the remainder of the original term. However, a vacancy in the membership slot designated for the park employee shall be filled by the park employee’s successor, and the person representing the state advisory board for preserves shall serve at the pleasure of the board. The department shall reimburse each member, other than the director or the director’s designee and the park employee, for actual expenses incurred by the member in performance of the duties of the board. A majority of voting members constitutes a quorum, and the affirmative vote of a majority present is necessary for any action taken by the board, except that a lesser number may adjourn a meeting. A vacancy in the membership of the board does not impair the rights of a quorum to exercise all rights and perform all duties of the board. The board shall meet as required, but at least twice a year. The board shall meet upon call of the chairperson, or upon written request of three members of the board. Written notice of the time and place of the meeting shall be given to each member.

3. The board shall advise the department and the natural resource commission regarding issues and recommendations relating to the development and maintenance of trails and related activities at or adjacent to the Brushy creek recreation area.

However, the owner or person in charge shall be notified.

a. If the owner or occupant of any property refuses admittance thereto, or if prior to such refusal the director demonstrates the necessity for a warrant, the director may make application under oath or affirmation to the district court of the county in which the property is located for the issuance of a search warrant.

b. In the application the director shall state that an inspection of the premises is mandated by the laws of this state or that a search of certain premises, areas, or things designated in the application may result in evidence tending to reveal the existence of violations of public health, safety, or welfare requirements imposed by statutes, rules, or ordinances established by the state or a political subdivision thereof. The application shall describe the area, premises, or thing to be searched, give the date of the last inspection if known, give the date and time of the proposed inspection, declare the need for such inspection, recite that notice of desire to make an inspection has been given to affected persons and that admission was refused if that be the fact, and state that the inspection has no purpose other than to carry out the purpose of the statute, ordinance, or regulation pursuant to which inspection is to be made. If an item of property is sought by the director it shall be identified in the application.

c. If the court is satisfied from the examination of the applicant, and of other witnesses, if any, and of the allegations of the application of the existence of the grounds of the application, or that there is probable cause to believe their existence, the court may issue such search warrant.

d. In making inspections and searches pursuant to the authority of this division, the director
must execute the warrant:

1. Within ten days after its date.
2. In a reasonable manner, and any property seized shall be treated in accordance with the provisions of chapters 808, 809, and 809A.

If a permit is required pursuant to this chapter or chapter 459, 459A, or 459B for storm water discharge or an air contaminant source and a facility to be permitted is representative of a class of facilities which could be described and conditioned by a single permit, the director may issue, modify, deny, or revoke a general permit for all of the following conditions:

a. If adoption of a general permit is proposed, the terms, conditions, and limitations of the permit shall be drafted into a notice of intended action and adopted in accordance with the provisions of chapter 17A as a rule of the department. The same process of adoption shall be used for modification of a general permit.

b. Following the effective date of a general permit, a person proposing to conduct activities covered by the general permit shall provide a notice of intent to conduct a covered activity on a form provided by the department. A person shall also provide public notice of intent to conduct activities covered under the general permit by publishing notice in two newspapers with the largest circulation in the area in which the facility is located. Notice of the discontinuation of a permitted activity shall be provided in the same manner.

c. If the department finds that a proposed activity is not covered by a general permit, the department shall notify the affected person and shall provide the person with a permit application if the practice is one which could be authorized by individual permit.

d. A person holding an existing permit is subject to the terms of the existing permit until it expires. If the person holding an existing permit continues the activity beyond the expiration date of the existing permit, an applicable, approved general permit shall become effective.

e. A variance or alteration of the terms and conditions of a general permit shall not be granted. If a variance or modification of an operation authorized by a general permit is desired, the applicant shall apply for an individual permit.

f. The department shall perform on-site inspections and review monitoring data to assess the effectiveness of general permits. If a significant adverse environmental problem exists for an individual facility or class of facilities due to regulation under a general permit, the facility or class of facilities shall be required to obtain individual permits.

g. The department shall establish a procedure for the filing of complaints by persons believing themselves to be adversely affected by the environmental impact of the discharge of a facility operating under a general permit under this section.

h. General permits are not subject to the requirements applicable to individual permits.

i. Three years after the adoption of a general permit by rule, the department shall assess the activities which have been conducted under the general permit and determine whether any significant adverse environmental consequences have resulted.

2. General permits are not subject to the requirements applicable to individual permits.

3. Three years after the adoption of a general permit by rule, the department shall assess the activities which have been conducted under the general permit and determine whether any significant adverse environmental consequences have resulted.

4. a. Except as provided in paragraph "b", an applicant to be covered under a general permit shall pay a permit fee, as established by rule of the commission, which is sufficient in the aggregate to defray the costs of the permit program. Moneys collected shall be remitted to the department.

b. The commission shall adopt rules for a general permit described in section 455B.197, including fees, only to the extent that the rules are consistent with that section.

c. The enforcement provisions of division II of this chapter apply to general permits for air contaminant sources. The enforcement provisions of division III, part 1, of this chapter, chapter 459, subchapter III, and chapter 459A apply to general permits for storm water discharge.

3. The department shall adopt, modify, or repeal rules necessary to implement this chapter, chapter 459, chapter 459A, and chapter 459B, and the rules deemed necessary for the effective administration of the department. When the commission proposes or adopts rules to implement a specific federal environmental program and the rules impose requirements more restrictive than the federal program being implemented requires, the commission shall identify in its notice of intended action or adopted rule preamble each rule that is more restrictive than the federal program requires and shall state the reasons for proposing or adopting the more restrictive requirement. In addition, the commission shall include with its reasoning a financial impact statement detailing the general impact upon the affected parties. It is the intent of the general assembly that the commission exercise strict oversight of the operations of the department. The rules shall include departmental policy relating to the disclosure of information on a violation or alleged violation of the rules, standards, permits, or orders issued by the department and keeping of confidential information obtained by the department in the administration and enforcement of this chapter, chapter 459, chapter 459A, and chapter 459B. Rules adopted by the executive committee before January 1, 1981, shall remain effective until modified or rescinded by action of the commission.

4. Issue orders and directives necessary to insure integration and coordination of the programs administered by the department.

5. Make a concise annual report to the governor and the general assembly, which report shall contain information relating to the accomplishments and status of the programs administered by the department and include recommendations for legislative action which may be required to protect or enhance the environment or to modernize the operation of the department or any of the programs or services assigned to the department and recommendations for the transfer of powers and duties of the department as deemed advisable by the commission. The annual report shall conform to the provisions of section 7A.3.

6. Approve all contracts and agreements under this chapter, chapter 459, chapter 459A, and chapter 459B between the department and other public or private persons or agencies.

The commission may issue subpoenas requiring the attendance of witnesses and the production of evidence pertinent to the hearings. A subpoena shall be issued and enforced in the same manner as provided in civil actions.

9. Upon request of at least four members of the commission before adopting or modifying a rule, the director shall prepare and publish with the notice required under section 17A.4, subsection 1, paragraph "a", a comprehensive estimate of the economic impact of the proposed rule or modification.

11. a. Adopt, by rule, procedures and forms necessary to implement the provisions of this chapter and chapters 459, 459A, and 459B relating to permits, conditional permits, and general permits. The commission may also adopt, by rule, a schedule of fees for permit and conditional permit applications and a schedule of fees which may be periodically assessed for administration of permits and conditional permits. In determining the fee schedules, the commission shall consider:

   (1) The state's reasonable cost of reviewing applications, issuing permits and conditional permits, and checking compliance with the terms of the permits.

3. When the commission establishes a schedule for violations, the commission shall provide, by rule, a procedure for the screening of alleged violations to determine which cases may be appropriate for the administrative assessment of penalties. However, the screening procedure shall not limit the discretion of the department to refer any case to the attorney general for legal action.

4. A penalty shall be paid within thirty days of the date the order assessing the penalty becomes final. When a person against whom a civil penalty is assessed under this section seeks timely judicial review of an order imposing the penalty, as provided under chapter 17A, the order is not final for the purposes of this section until all judicial review processes are completed. Additional judicial review may not be sought after the order becomes final. A person who fails to timely pay a civil penalty assessed by a final order of the department shall pay, in addition, interest at the rate of one and one-half percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid. The state may intervene in such an action as a matter of right. In addition, an action shall not be commenced pursuant to subsection 1, paragraph “a”, if the department or the state has commenced and is actively prosecuting a civil action or is actively negotiating an out-of-court settlement to require abatement of the violation and, if necessary, remediation of damages. However, any person may intervene as a matter of right in such an action.

455B.172 Jurisdiction of department and local boards.

1. The department is the agency of the state to prevent, abate, or control water pollution and to conduct the public water supply program.

2. The department shall carry out the responsibilities of the state related to private water supplies and private sewage disposal systems for the protection of the environment and the public health and safety of the citizens of the state.

3. Each county board of health shall adopt standards for private water supplies and private sewage disposal facilities. These standards shall be at least as stringent but consistent with the standards adopted by the commission. If a county board of health has not adopted standards for private water supplies and private sewage disposal facilities, the standards adopted by the commission shall be applied and enforced within the county by the county board of health.

4. Each county board of health shall regulate the private water supply and private sewage disposal facilities located within the county board’s jurisdiction, including the enforcement of standards adopted pursuant to this section.

5. The department shall maintain jurisdiction over and regulate the direct discharge to a water of the state. The department shall retain concurrent authority to enforce state standards for private water supply and private sewage disposal facilities within a county, and exercise departmental authority if the county board of health fails to fulfill board responsibilities pursuant to this section.

The department shall by rule adopt standards for the commercial cleaning of private sewage disposal facilities, including but not limited to septic tanks, and for the disposal of waste from the facilities. The standards shall not be in conflict with the state building code adopted pursuant to section 103A.7. A person shall not commercially clean such facilities or dispose of waste from such facilities unless the person has been issued a license by the department. The department shall be exclusively responsible for adopting the standards and issuing licenses. However, county boards of health shall enforce the standards and licensing requirements established by the department. The department may contract for the delegation of the authority for inspection of land application sites, record reviews, and equipment inspections to a county board of health. In the event of entering into such a contract, the department shall retain concurrent authority over such activities. Application for the license shall be made in the manner provided by the department. Licenses expire one year from the date of issue unless revoked and
may be renewed in the manner provided by the department. A license application shall include registration applications for each vehicle used by the applicant for purposes of collecting septage from private sewage disposal facilities and each vehicle used by the applicant for purposes of applying septage to land. Septic disposal management plans shall be submitted to the department and approved annually as a condition of licensing and shall also be filed annually with the county board of health in the county where a proposed septage application site is located. The septic disposal management plan shall include, but not be limited to, the sites of septage application, the anticipated volume of septage applied to each site, the area of each septage application site, the type of application to be used at each site, the volume of septage expected to be collected from private sewage disposal facilities, and a list of registered vehicles collecting septage from private sewage disposal facilities and applying septage to land. The annual license or license renewal fee for a person commercially cleaning private sewage disposal facilities shall be established by the department based on the volume of septage that is applied to land. A septic management fund is created in the state treasury under the control of the department. Annual license and license renewal fees collected pursuant to this section shall be deposited in the septic management fund and are appropriated to the department for purposes of contracting with county boards of health to conduct land application site inspections, record reviews, and septic cleaning equipment inspections. A person violating this section or the rules adopted pursuant to this section as determined by the department is subject to a civil penalty of not more than two hundred fifty dollars. The department shall adopt rules related to, but not limited to, recordkeeping requirements, application procedures and limitations, contamination issues, loss of septage, failure to file a septic disposal management plan, application by vehicles that are not properly registered, wrongful application, and violations of a septic disposal management plan. Each day that a violation continues constitutes a separate offense. The penalty shall be assessed for the duration of time commencing with the time the violation begins and ending with the time the violation is corrected. The septic disposal management plan may be examined to determine the duration of the violation. Moneys collected by the department from the imposition of civil penalties shall be deposited in the general fund of the state. Moneys collected by a county board of health from the imposition of civil penalties shall be deposited in the general fund of the county.

6. a. The department shall by rule adopt standards for the commercial cleaning of toilet units and for the disposal of waste from toilet units. Waste from toilet units shall be disposed of at a wastewater treatment facility and shall not be applied to land. The department may contract for the delegation of the authority for inspection, record reviews and equipment inspections for such units to a county board of health. In the event of entering into such a contract, the department shall retain concurrent authority over such activities.

b. A person shall not commercially clean toilet units or dispose of waste from such units unless the person has been issued a license by the department. The department shall be exclusively responsible for adopting the standards and issuing licenses. However, county boards of health shall enforce the standards and licensing requirements established by the department. Application for the license shall be made in the manner provided by the department. Licenses expire one year from the date of issue unless revoked and may be renewed in the manner provided by the department. A license application shall include registration applications for each vehicle used by the applicant for purposes of collecting waste from toilet units and each vehicle used by the applicant for purposes of transporting waste from toilet units to a wastewater treatment facility. The annual license or license renewal fee for a person commercially cleaning toilet units shall be established by the department based on the number of trucks or vehicles used by the licensee for purposes of commercial cleaning of toilet units and for the disposal of waste from the toilet units. For purposes of this subsection, "vehicle" includes a trailer.

c. A toilet unit fund is created in the state treasury under the control of the department. Annual license and license renewal fees collected pursuant to this subsection shall be deposited in the toilet unit fund and are appropriated to the department for purposes of contracting with county boards of health to conduct record reviews and toilet unit cleaning equipment inspections.

d. A person violating this section or the rules adopted pursuant to this section as determined by the department is subject to a civil penalty of not more than five hundred dollars. Each day that a violation continues constitutes a separate offense. The penalty shall be assessed for the duration of time commencing with the time the violation begins and ending with the time the violation is corrected. Moneys collected by the department from the imposition of civil penalties shall be deposited in the general fund of the state. Moneys collected by a county board of health from the imposition of civil penalties shall be deposited in the general fund of the county.

7. a. The department is the state agency to regulate the construction, reconstruction and abandonment of all of the following water wells:

(1) Those used as part of a public water supply system as defined in section 455B.171.

(2) Those used for the withdrawal of water for which a permit is required pursuant to section 455B.268, subsection 1.
§455B.172

(3) Those used for the purpose of monitoring groundwater quantity and quality required or installed pursuant to directions or regulations of the department.

b. A local board of health is the agency to regulate the construction, reconstruction and abandonment of water wells not otherwise regulated by the department. The local board of health shall not adopt standards relative to the construction, reconstruction and abandonment of wells less stringent than those adopted by the department.

8. The department is the state agency to regulate the registration or certification of water well contractors pursuant to section 455B.187 or section 455B.190A.

9. Pursuant to chapter 28E, the department may delegate its authority for regulation of the construction, reconstruction and abandonment of water wells specified in subsection 7 or the registration of water well contractors specified in subsection 8 to boards of health or other agencies which have adequate authority and ability to administer and enforce the requirements established by law or rule.

10. Any county ordinance related to sewage sludge which is in effect on March 1, 1997, shall not be preempted by any provision of section 455B.171, 455B.174, 455B.183, or 455B.304.

11. a. A building where a person resides, congregate, or is employed that is served by a private sewage disposal system shall have the sewage disposal system serving the building inspected prior to any transfer of ownership of the building. The requirements of this subsection shall be applied to all types of ownership transfer including at the time a seller-financed real estate contract is signed. The county recorder shall not record a deed or any other property transfer or conveyance document until either a certified inspector’s report is provided which documents the condition of the private sewage disposal system and whether any modifications are required to conform to standards adopted by the department or, in the event that weather or other temporary physical conditions prevent the certified inspection from being conducted, the buyer has executed and submitted a binding acknowledgment with the county board of health to conduct a certified inspection of the private sewage disposal system at the earliest practicable time and to be responsible for any required modifications to the private sewage disposal system as identified by the certified inspection.

Any type of on-site treatment unit or private sewage disposal system must be inspected according to rules developed by the department. For the purposes of this subsection, “transfer” means the transfer or conveyance by sale, exchange, real estate contract, or any other method by which real estate and improvements are purchased, if the property includes at least one but not more than four dwelling units. However, “transfer” does not include any of the following:

(1) A transfer made pursuant to a court order, including but not limited to a transfer under chapter 633 or 633A, the execution of a judgment, the foreclosure of a real estate mortgage pursuant to chapter 654, the forfeiture of a real estate contract under chapter 656, a transfer by a trustee in bankruptcy, a transfer by eminent domain, or a transfer resulting from a decree for specific performance.

(2) A transfer to a mortgagee by a mortgagor or successor in interest who is in default, or a transfer by a mortgagee who has acquired real property at a sale conducted pursuant to chapter 654, a transfer back to a mortgagor exercising a right of first refusal pursuant to section 654.16A, a nonjudicial voluntary foreclosure procedure under section 654.18 or chapter 655A, or a deed in lieu of foreclosure under section 654.19.

(3) A transfer by a fiduciary in the course of the administration of a decedent’s estate, guardianship, conservatorship, or trust.

(4) A transfer between joint tenants or tenants in common.

(5) A transfer made to a spouse, or to a person in the lineal line of consanguinity of a person making the transfer.

(6) A transfer between spouses resulting from a decree of dissolution of marriage, a decree of legal separation, or a property settlement agreement which is incidental to the decree, including a decree ordered pursuant to chapter 598.

b. The inspection requirement of paragraph “a” does not apply to a transfer in which the transferee intends to demolish or raze the building. The department shall adopt rules pertaining to such transfers.

c. At the time of inspection, any septic tank existing as part of the sewage disposal system shall be opened and have the contents pumped out and disposed of as provided for by rule. In the alternative, the owner may provide evidence of the septic tank being properly pumped out within three years prior to the inspection by a commercial septic tank cleaner licensed by the department which shall include documentation of the size and condition of the tank and its components at the time of such occurrence.

d. If a private sewage disposal system is failing to ensure effective wastewater treatment or is otherwise improperly functioning, the private sewage disposal system shall be renovated to meet current construction standards, as adopted by the department, either by the seller or, by agreement, within a reasonable time period as determined by the county or the department, by the buyer. If the private sewage disposal system is properly treating the wastewater and not creating an unsanitary condition in the environment at the time of inspection, the system is not required to meet current construction standards.

e. Inspections shall be conducted by an inspector certified by the department.

f. Pursuant to chapter 17A, the department
shall adopt certification requirements for inspectors including training, testing, and fees, and shall establish uniform statewide inspection criteria and an inspection form. The inspector certification training shall include use of the criteria and form. The department shall maintain a list of certified inspectors.

 g. County personnel are eligible to become certified inspectors. A county may set an inspection fee for inspections conducted by certified county personnel. A county shall allow any department certified inspector to provide inspection services under this subsection within the county’s jurisdiction.

 h. Following an inspection, the inspection form and any related reports shall be provided to the county for enforcement of any follow-up mandatory system improvement and to the department for record.

 i. An inspection is valid for a period of two years for any ownership transfers during that period. Title abstracts to property with private sewage disposal systems shall include documentation of the requirements in this subsection.

§455B.174 Director’s duties.

The director shall:

1. Conduct investigations of alleged water pollution or of alleged violations of this part of this division, chapter 459, subchapter III, chapter 459A, chapter 459B, or any rule adopted or any permit issued pursuant thereto upon written request of any state agency, political subdivision, local board of health, twenty-five residents of the state, as directed by the department, or as may be necessary to accomplish the purposes of this part of this division, chapter 459, subchapter III, chapter 459A, or chapter 459B.

2. Conduct periodic surveys and inspection of the construction, operation, self-monitoring, recordkeeping, and reporting of all public water supply systems and all disposal systems except as provided in section 455B.183.

3. Take any action or actions allowed by law which, in the director’s judgment, are necessary to enforce or secure compliance with the provisions of this part of this division or chapter 459, subchapter III, or of any rule or standard established or permit issued pursuant thereto.

4. a. (1) Approve or disapprove the plans and specifications for the construction of disposal systems or public water supply systems except for those sewer extensions and water supply distribution system extensions which are reviewed by a city or county public works department as set forth in section 455B.183. The director shall issue, revoke, suspend, modify, or deny permits for the operation, installation, construction, addition to, or modification of any disposal system or public water supply system except for sewer extensions and water supply distribution system extensions which are reviewed by a city or county public works department as set forth in section 455B.183. The director shall also issue, revoke, suspend, modify, or deny permits for the discharge of any pollutant, or for the use or disposal of sewage sludge. The permits shall contain conditions and schedules of compliance as necessary to meet the requirements of this part of this division or chapter 459, subchapter III, the federal Water Pollution Control Act and the federal Safe Drinking Water Act. A permit issued under this chapter for the use or disposal of sewage sludge in addition to and must contain references to any other permits required under this chapter. The director shall not issue or renew a permit to a disposal system or a public water supply system which is not viable. If the director has reasonable grounds to believe that a disposal system or public water supply system is not viable, the department may require the system to submit a business plan as a means of determining viability. This plan shall include the following components:

   (a) A facilities plan which describes proposed new facilities and the condition of existing facilities, rehabilitation and replacement needs, and future needs to meet the requirements of the federal Water Pollution Control Act and the federal Safe Drinking Water Act.

   (b) A management plan which consists of an administrative plan describing methods to assure performance of functions necessary to administer the system, including credentials of management personnel; and an operation and maintenance plan describing how all operating and maintenance duties necessary to the system’s proper function will be accomplished.

   (c) A financial plan which describes provisions for assuring that adequate revenues will be available to meet cash flow requirements, based on the full cost of providing the service, adequate initial capitalization, and access to additional capital for contingencies.

2. If, upon submission and review of the business plan, the department determines that the disposal system or public water supply system is not viable, the director may require the system to take actions to become viable within a time period established pursuant to section 455B.173, or to make alternative arrangements in providing treatment or water supply services as determined by rule.

 b. In addition to the requirements of paragraph “a”, a permit shall not be issued to operate or discharge from any disposal system unless the conditions of the permit assure that any discharge from the disposal system meets or will meet all ap-
§455B.174 Consideration of all applicable rules relating to remediation, the department may require the public water supply system to replace that groundwater source in order to receive a permit to operate. The requirement to replace the source shall only be made by the department if the public water supply system is fully compensated for any additional design, construction, operation, and monitoring costs from the Iowa comprehensive petroleum underground storage tank fund created by chapter 455G or from any other funds that do not impose a financial obligation on the part of the public water supply system. Funds available to or provided by the public water supply system may be used for system improvements made in conjunction with replacement of the source. The department cannot require a public water supply system to replace its water source with a less reliable water source or with a source that does not meet federal primary, secondary, or other health-based standards unless treatment is provided to ensure that the drinking water meets these standards. Nothing in this paragraph shall affect the public water supply system’s right to pursue recovery from a responsible party.

5. a. Conduct random inspections of work done by city and county public works departments to ensure such public works departments are complying with this part of this division. If a city or county public works department is not complying with section 455B.183 in reviewing plans and specifications or in granting permits or both, the department shall perform these functions in that jurisdiction until the city or county public works department is able to perform them. Performance of these functions in a jurisdiction by a local public works department shall not be suspended or revoked until after notice and opportunity for hearing as provided in chapter 17A.

b. The department shall give technical assistance to city and county public works departments upon request of such local public works departments.

455B.175 Violations.

If there is substantial evidence that any person has violated or is violating any provision of this part of this division, chapter 459, subchapter III, chapter 459A, or chapter 459B, or of any rule or standard established or permit issued pursuant thereto; then:

1. The director may issue an order directing the person to desist in the practice which constitutes the violation or to take such corrective action as may be necessary to ensure that the violation will cease. The person to whom such order is issued may cause to be commenced a contested case
within the meaning of the Iowa administrative procedure Act, chapter 17A, by filing with the director within thirty days a notice of appeal to the commission. On appeal the commission may affirm, modify or vacate the order of the director; or
2. If it is determined by the director that an emergency exists respecting any matter affecting or likely to affect the public health, the director may issue any order necessary to terminate the emergency without notice and without hearing. Any such order shall be binding and effective immediately and until such order is modified or vacated at a hearing before the commission or by a court; or
3. The director, with the approval of the commission, may request the attorney general to institute legal proceedings pursuant to section 455B.191 or 459.604.

455B.176A Water quality standards.

1. For purposes of this section, unless the context otherwise requires:
a. “Base flow conditions” means the flow of a stream segment, as measured during the time period between July 1 and September 30, that occurs during a period of time when the watershed in which the stream segment is located receives no twenty-four-hour rainfall in excess of one-quarter inch total rainfall and not more than one-half inch total rainfall for the watershed in the preceding two weeks.
b. “Credible data” means the same as defined in section 455B.171 and is subject to the same requirements as provided in section 455B.193 and may include, but not rely solely on, data that is older than five years and that is obtained pursuant to the best professional judgment of a professional designee or a state or federal agency.
c. “Ephemeral stream” means a stream that flows only in response to precipitation and whose channel is primarily above the water table.
d. “Professional designee” means the same as defined in section 455B.193.
e. “Use attainability analysis” means a structured scientific assessment that includes physical, chemical, biological, and economic factors.
2. A water of the state shall be a designated stream segment when any one of the following is met:
a. The most recent ten-year median flow is equal to or in excess of one cubic foot per second based on data collected and evaluated by the United States geological survey between July 1 and September 30 of each year or in the absence of stream segment flow data calculations of flow conducted by extrapolation methods provided by the United States geological survey or based upon a calculation method adopted by rule.
b. The water is a critical habitat of a threatened or endangered aquatic species as determined by the department or the United States fish and wildlife service.
c. Credible data developed in accordance with section 455B.193 shows that water flows that are less than set out in paragraph “a” provide a refuge for aquatic life that permits biological recolonization of intermittently flowing segments.
3. All waters of the state not designated as a stream segment shall be subject to narrative water quality standards.
4. a. The commission shall adopt rules to define designated uses of stream segments in accordance with the following categories:
   (1) Agricultural water supply use.
   (2) Aquatic life support.
   (3) Domestic water supply.
   (4) Food procurement use.
   (5) Industrial water supply use.
   (6) Recreational use, including primary, sec-
ondary, and children’s recreational use.

(7) Seasonal use. The department may allow for a seasonal use designation for streams that would otherwise be categorized under an aquatic or recreational designation if a varying degree of protection would be sufficient to protect the stream during a seasonal time period.

b. The commission shall include subcategories of designated uses of the categories listed in paragraph “a”, as deemed appropriate by the commission.

c. When reviewing whether a designated use is attainable, the department shall consider at a minimum the following:

(1) Whether the natural, ephemeral, intermittent, or low flow conditions or water levels could inhibit recreational activities.

(2) If opposite sides of a stream segment would have different designated recreational uses due to differences in public access, the designated use of the entire stream segment may be the higher attainable use.

(3) The time period for determining primary contact recreation shall be March 15 through November 15.

(4) The degree to which the public has access to the stream segment.

(5) The minimum depth of the deepest pool.

(6) Stream segments shall be protected for all existing uses as defined by the federal Water Pollution Control Act.

5. The commission shall adopt rules designating water quality standards which shall be specific to each designated use adopted pursuant to subsection 4. The standards shall take into account the different characteristics of each designated use and shall provide for only the appropriate level of protection based upon that particular use. The standards shall not be identical for each designated use unless required for the appropriate level of protection. The appropriate level of protection and standards shall be determined on a scientific basis. In the development process for the water quality standards, input shall be received from a water quality standards advisory committee convened by the department. The water quality standards advisory committee shall be comprised of experts in the scientific fields relating to water quality, such as environmental engineering, aquatic toxicology, fisheries biology, and other life sciences and experts in the development of the appropriate levels of aquatic life protection and standards. The water quality standards shall be reviewed and revised by the department as new scientific data becomes available to support revision.

6. Prior to any changes in a national pollutant discharge elimination system permit effluent limitation based upon a new use designation, the department or a designee of the department shall conduct a use attainability analysis. The commission shall adopt rules that establish procedures and criteria to be used in the development of a use attainability analysis. The rules shall, at a minimum, provide all of the following:

a. A designated use, which is not an existing use as defined by the federal Water Pollution Control Act, may be removed due to any of the following:

(1) Naturally occurring pollutant concentrations prevent the attainment of the use.

(2) Natural, ephemeral, intermittent, or low flow conditions or water levels prevent the attainment of the use, unless these conditions may be compensated for by the discharge of sufficient volume of effluent discharges without violating state water conservation requirements to enable uses to be met.

(3) Human-caused conditions or sources of pollution prevent the attainment of the use and cannot be remedied or would cause more environmental damage to correct than to leave in place.

(4) Dams, diversions, or other types of hydrologic modifications preclude the attainment of the use, and it is not feasible to restore the water body to its original condition or to operate such modification in a way that would result in the attainment of the use.

(5) Physical conditions related to the natural features of the water body, such as the lack of a proper substrate, cover, flow, depth, pools, riffles, and the like, unrelated to water quality, preclude attainment of aquatic life protection uses.

(6) Controls more stringent than those required by sections 1311(b) and 1316 of the federal Water Pollution Control Act would result in substantial and widespread economic and social impact.

b. A designated use shall not be removed if any of the following occur:

(1) The designated use is an existing use, as defined by the federal Water Pollution Control Act, unless a use requiring more stringent criteria is added.

(2) Such uses will be attained by implementing effluent limits required under sections 1311(b) and 1316 of the federal Water Pollution Control Act and by implementing cost-effective and reasonable best management practices for nonpoint source control.

c. Where existing water quality standards specify designated uses less than those which are presently being attained, the commission shall revise its standards to reflect the uses actually being attained.

7. a. The commission shall adopt rules pursuant to chapter 17A to administer this section. All new or revised stream segment use designations shall be adopted by rule. Any rule that establishes, modifies, or repeals existing water quality standards in this state shall be adopted in conformance with this section.
b. (1) By December 31, 2006, the department shall publish a list of all designated stream segments that receive a permitted discharge for which a use attainability analysis for recreational use and aquatic life has not been completed and a list of all designated stream segments that receive a permitted discharge for which a use attainability analysis for recreational use and aquatic life has been completed and whether a recreational or aquatic use has been determined to be or not to be attainable. By December 31, 2007, a use attainability analysis shall be completed for all newly designated stream segments that receive a permitted discharge.

(2) A use attainability analysis for a designated stream segment receiving a permitted discharge shall be conducted by either the department or a professional designee.

(3) The department shall make public a written determination of whether a new or revised use designation is appropriate for the designated stream segment prior to adoption by rule of the proposed changes.

c. The department shall complete, upon request, a use attainability analysis for recreational and aquatic uses on any designated stream segment not receiving a permitted discharge or on any previously designated stream segment in accordance with the following provisions:

(1) The department shall make public a written determination of whether a new or revised designated use is appropriate for the designated stream segment within ninety days of completion of the use attainability analysis prior to adoption by rule of the proposed changes.

(2) The department shall accept a use attainability analysis submitted by someone other than a professional designee.

(a) Within thirty days after receipt of submission of a use attainability analysis, the department shall review and provide a written determination of whether the documentation submitted is complete.

(b) Within ninety days after receipt of submission of a completed use attainability analysis, the department shall review and make available to the public a written determination of whether a new or revised use designation is appropriate for the designated stream segment.

d. Any regulated entity or property owner adjacent to the accessed stream segment aggrieved by such a determination may make a written request, within thirty days from the date the written determination of the appropriate use designation is made available to the public, for a meeting with the director or the director’s designee. A regulated entity or property owner adjacent to the accessed stream segment shall be allowed to provide evidence that the designation is not appropriate under the criteria as established in this subsection.

§455B.185 Data from departments.

bureau, commission, public body, or agency of the state, or of any political subdivision thereof, or from any organization, incorporated or unincorporated, which has for its object the control or use of any of the water resources of the state, such assistance and data as will enable the commission or the director to properly carry out their activities and effectuate the purposes of this part 1 of division III; chapter 459, subchapter III; chapter 459A; or chapter 459B. The department shall reimburse such agencies for special expense resulting from expenditures not normally a part of the operating expenses of any such agency.

Section amended

455B.196 National pollutant discharge elimination system permit fund.

1. A national pollutant discharge elimination system permit fund is created as a separate fund in the state treasury under the control of the department. The fund is composed of moneys appropriated to the department for deposit into the fund
and moneys available to and obtained or accepted by the department from the United States or private sources for placement in the fund. The fund shall include moneys deposited into the fund from fees charged for the processing of applications for the issuance of permits related to the national pollutant discharge elimination system as provided in section 455B.197.

2. Moneys in the national pollutant discharge elimination system permit fund are appropriated to the department each fiscal year for purposes of administering section 455B.197 and expediting the department’s processing of national pollutant discharge elimination system applications and the issuance of permits, including for salaries, support, maintenance, and other costs of administering section 455B.197.

3. Section 8.33 shall not apply to moneys credited to the national pollutant discharge elimination system permit fund. Notwithstanding section 12C.7, moneys earned as income or interest from the fund shall remain in the fund until expended as provided in this section.

455B.199 Water resource restoration sponsor program.
1. The department shall establish and administer a water resource restoration sponsor program to assist in enhancing water quality in the state through the provision of financial assistance to communities for a variety of impairment-based, locally directed watershed projects.

2. For purposes of this section, unless the context otherwise requires:
   a. “Qualified entity” means the same as defined in section 384.84.
   b. “Sponsor project” means a water resource restoration project as defined in section 384.80.

3. Moneys in the water pollution control works revolving loan fund created in section 455B.295, and the drinking water facilities revolving loan fund created in section 455B.295, shall be used for the water resource restoration sponsor program. The department shall establish on an annual basis the percentage of moneys available for the sponsor program from the funds.

4. The interest rate on the loan under the program for communities participating in a sponsor project shall be set at a level that requires the community to pay not more than the amount the community would have paid if they did not participate in a sponsor project.

5. Not more than ninety percent of the project-inal interest payments on bonds issued under section 384.84 or the total cost of the sponsor project shall be advanced to the community, whichever is lower.

6. A proposed sponsor project must be compatible with the goals of the water resource restora-

solution sponsor program, shall include the application of best management practices for the primary purpose of water quality protection and improvement, and may include but not be limited to any of the following:
   a. Riparian buffer acquisition, enhancement, expansion, or restoration.
   b. Conservation easements.
   c. Riparian zone or wetland buffer extension or restoration.
   d. Wetland restoration in conjunction with an adjoining high-quality water resource.
   e. Stream bank stabilization and natural channel design techniques.
   f. In-stream habitat enhancements and dam removals.

7. A proposed sponsor project shall not include any of the following:
   a. Passive recreation activities and trails including bike trails, playgrounds, soccer fields, picnic tables, and picnic grounds.
   b. Parking lots.
   c. Diverse habitat creation contrary to the botanical history of the area.
   d. Planting of nonnative plant species.
   e. Dredging.
   f. Supplemental environmental projects required as a part of a consent decree.

8. A sponsor project must be approved by the department prior to participating in the water resource restoration sponsor program.

9. A resolution by the city council must be approved and included as part of an application for the water resource restoration sponsor program. After approval of the project, the city council shall enter into an agreement pursuant to chapter 28E with the qualified entity who shall implement the project.

10. A water resource restoration project shall not include the acquisition of property, an interest in property, or improvements to property through condemnation.

11. The commission shall adopt rules pursuant to chapter 17A necessary for the administration of this section.

455B.199A Prioritization of municipal water quality improvement projects.
1. The department may allow schedules of compliance to be included in permits whenever authorized by federal law or regulations. Such schedules shall be established to maximize benefits and minimize local financial impact while improving water quality, where such opportunities arise. If information is provided showing that the anticipated costs of compliance with a schedule have no reasonable relationship to environmental or public health needs or benefits, or may result in other detrimental environmental impacts, such as
significant greenhouse gas emissions, the projects may be deferred, in whole or in part as determined appropriate by the department, and a variance granted, as consistent with applicable federal law or regulations.

2. Unless otherwise restricted by federal law or regulations, the department may allow compliance schedules of up to thirty years in national pollutant discharge elimination system permits, particularly where the costs of compliance with federal program mandates will adversely impact the construction of other necessary local capital improvement projects. If the department determines an existing condition constitutes a significant public health or environmental threat, the schedule of compliance shall be based on the shortest practicable time frame for remedying the condition.

§455B.199A

455B.199B Disadvantaged communities variance.

1. The department may provide for a variance of regulations pursuant to this part when it determines that regulations adopted pursuant to this part affect a disadvantaged community. Such a variance shall be consistent with federal rules and regulations. In considering an application for a variance, the department shall consider the substantial and widespread economic and social impact to the ratepayers and the affected community that may occur as a result of compliance with a federal regulation, a rule adopted by the department, or an order of the department pursuant to this part. In considering an application for a variance, the department shall take into account the rules adopted pursuant to this part with which a regulated entity and the commensurate affected community are required to comply.

2. The department shall find that a regulated entity and the affected community are a disadvantaged community by using all of the following criteria:
   a. Median household income in the community as a percentage of statewide household income.
   b. Annual water and sewer rates as a percentage of median household income.
   c. Families below the poverty level in the community as a percentage of the statewide number of families below the poverty level.
   d. Per capita outstanding debt of the system as a percentage of median household income.
   e. Cost effectiveness calculated by determining construction costs per user.

3. The department may grant a regulated entity a variance from complying with a rule adopted pursuant to this part or as otherwise allowed by federal law or regulations, if the department determines that the regulated entity or the affected community will suffer substantial and widespread economic and social impact. The department shall ensure the conditions of any variance improve water quality and represent reasonable progress toward complying with rules adopted pursuant to this part, but do not result in substantial and widespread economic and social impact.

4. The Iowa finance authority, in cooperation with the department, shall utilize the disadvantaged community criteria in this section to determine the appropriate interest rates for loans awarded from the revolving loan funds created in sections 455B.291 through 455B.299, as allowed by federal law or regulations.

5. The department of economic development shall utilize the disadvantaged community criteria in this section to determine eligibility for water or sewer community development block grants as provided in section 15.108, subsection 1, paragraph “a”.

The purpose of this section is to eliminate regulatory barriers that limit or prevent the use of new or innovative technologies.

2. The department shall produce and publish design guidance documents for alternative wastewater treatment technologies. The guidance documents shall be intended to encourage regulated entities to use such technologies and to assist design engineers with the submission of projects employing alternative wastewater treatment technologies that can be readily approved by the department.

3. In writing design guidance documents for alternative wastewater treatment technologies the department shall review all of the following:
   a. The on-site sewage design and reference manual published by the department of natural resources.
   b. The guidance manual for the management of on-site and decentralized wastewater systems published by the United States environmental protection agency.
   c. Other credible sources of information on the design, operation, and performance of alternative wastewater treatment technologies.

455B.295 Funds and accounts.
1. Four separate funds are established in the state treasury, to be known as the water pollution control works revolving loan fund, the water pollution control works administration fund, the drinking water facilities revolving loan fund, and the drinking water facilities administration fund.

2. Each of the revolving loan funds shall include sums appropriated to the revolving loan funds by the general assembly, sums transferred by action of the governor under section 455B.296, subsection 3, sums allocated to the state expressly for the purposes of establishing each of the revolving loan funds under the Clean Water Act and the Safe Drinking Water Act, all receipts by the revolving loan funds, and any other sums designated for deposit to the revolving loan funds from any public or private source. All moneys appropriated to and deposited in the revolving loan funds are appropriated and shall be used for the sole purpose of making loans to eligible entities to finance all or part of the cost of projects, including sponsor projects under the water resource restoration sponsor program established in section 455B.199. The moneys appropriated to and deposited in the water pollution control works revolving loan fund shall not be used to pay the nonfederal share of the cost of projects receiving grants under the Clean Water Act. The moneys in the revolving loan funds are not considered part of the general fund of the state, are not subject to appropriation for any other purpose by the general assembly, and in determining a general fund balance shall not be included in the general fund of the state, but shall remain in the funds and accounts maintained by the department or trustee pursuant to a trust agreement. Funds and accounts held by the department, or a trustee acting on behalf of the department pursuant to a trust agreement related to the program, are separate dedicated funds and accounts under the administration and control of the department.

3. The administration funds shall include sums appropriated to the administration funds by the general assembly, sums allocated to the state for the express purposes of administering the programs, policies, and undertakings authorized by the Clean Water Act and the Safe Drinking Water Act, and all receipts by the administration funds from any public or private source. All moneys appropriated to and deposited in the administration funds are appropriated for and shall be used and administered by the department to pay the costs and expenses associated with the program, including administration of the program, as may be determined by the department.

4. The department may establish and maintain funds or accounts determined to be necessary to carry out the purposes of this part and shall provide for the funding, administration, investment, restrictions, and disposition of the funds and accounts. The department and the authority may combine administration of the revolving loan funds, and cross collateralize the same to the extent permitted by the Clean Water Act, the Safe Drinking Water Act, and other applicable federal law. Moneys appropriated to the department and the authority for purposes of paying the costs and expenses associated with the administration of the program shall be administered as determined by the department and the authority.

5. The funds or accounts held by the department, or a trustee acting on behalf of the department pursuant to a trust agreement related to the program, shall not be considered part of the general fund of the state, are not subject to appropriation for any other purpose by the general assembly, and in determining a general fund balance shall not be included in the general fund of the state, but shall remain in the funds and accounts maintained by the department or trustee pursuant to a trust agreement. Funds and accounts held by the department, or a trustee acting on behalf of the department pursuant to a trust agreement related to the program, are separate dedicated funds and accounts under the administration and control of the department.

455B.296 Intended use plans — capitalization grants — accounting.
1. Each fiscal year beginning July 1, 1988, the department may prepare and deliver intended use plans and enter into capitalization grant agreements with the administrator of the United States environmental protection agency under the terms and conditions set forth in the Clean Water Act and the Safe Drinking Water Act and federal regulations adopted pursuant to the Acts and may accept capitalization grants for each of the revolving loan funds in accordance with payment schedules established by the administrator. All payments from the administrator shall be deposited in the appropriate revolving loan funds.

2. The department and the authority shall establish fiscal controls and accounting procedures during appropriate accounting periods for payments received for deposit in and disbursements made from the revolving loan funds and the administration and fund balances at the beginning and end of the accounting periods.

3. Upon receipt of the joint recommendation of the department and the authority with respect to the amounts to be so reserved and transferred,
and subject in all respects to the applicable provisions of the Clean Water Act, Safe Drinking Water Act, and other applicable federal law, the governor may direct that the recommended portion of a capitalization grant made in respect of one of the revolving loan funds in any year be reserved for the transfer to another revolving loan fund. The authority and the department may effect the transfer of any funds reserved for such purpose, as directed by the governor, and shall cause the records of the program to reflect the transfer. Any sums so transferred shall be expended in accordance with the intended use plan for the applicable revolving loan fund.

§455B.297 Loans to eligible entities.
1. Moneys deposited in the revolving loan funds shall be used for the primary purpose of making loans to eligible entities to finance the eligible costs of projects in accordance with the intended use plans developed by the department under section 455B.296. The loan recipients and the purpose and amount of the loans shall be determined by the director, in accordance with rules adopted by the commission, in compliance with and subject to the terms and conditions of the Clean Water Act, the Safe Drinking Water Act, and other applicable federal law, as applicable, and any resolution, agreement, indenture, or other document of the authority, and rules adopted by the authority, relating to any bonds, notes, or other obligations issued for the program which may be applicable to the loan.
2. Notwithstanding any provision of this chapter to the contrary, moneys received under the federal American Recovery and Reinvestment Act of 2009, Pub. L. No. 111-5, and deposited in the revolving loan funds may be used in any manner permitted or required by applicable federal law.

The director shall:
1. Process, review, and approve or deny intended use plan applications to determine if an application meets the eligibility requirements set by the rules of the department.
2. Process and review all documents relating to the planning, design, construction, and operation of water pollution control works and drinking water facilities pursuant to this part.
3. Prepare and process, in coordination with the authority, documents relating to the administration of the program.
4. Include in the budget prepared pursuant to section 455A.4, subsection 1, paragraph “c”, an annual budget for the administration of the program and the use and disposition of amounts on deposit in the administration funds.
5. Receive fees pursuant to the program as determined in conjunction with the authority.
6. Perform other acts and assume other duties and responsibilities necessary for the operation of the program and for the carrying out of the Clean Water Act and the Safe Drinking Water Act.

§455B.381 Definitions.
As used in this part 4 unless the context otherwise requires:
1. “Cleanup” means actions necessary to contain, collect, control, identify, analyze, clean up, treat, disperse, remove, or dispose of a hazardous substance.
2. “Cleanup costs” means costs incurred by the state or its political subdivisions or the agents of the state or a political subdivision in the prevention or mitigation of damages from a hazardous condition or the cleanup of a hazardous substance involved in a hazardous condition.
3. “Corrosive” means causing or producing visible destruction or irreversible alterations in human skin tissue at the site of contact, or in the case of leakage of a hazardous substance from its packaging, causing or producing a severe destruction or erosion of other materials through chemical processes.
4. “Hazardous condition” means any situation involving the actual, imminent, or probable spillage, leakage, or release of a hazardous substance onto the land, into a water of the state, or into the atmosphere, which creates an immediate or potential danger to the public health or safety or to the environment. For purposes of this division, a site which is a hazardous waste or hazardous substance disposal site as defined in section 455B.411, subsection 4, is a hazardous condition.
5. “Hazardous substance” means any substance or mixture of substances that presents a danger to the public health or safety and includes but is not limited to a substance that is toxic, corrosive, or flammable, or that is an irritant or that generates pressure through decomposition, heat, or other means. “Hazardous substance” may include any hazardous waste identified or listed by the administrator of the United States environmental protection agency under the Solid Waste Disposal Act as amended by the Resource Conservation and Recovery Act of 1976, or any toxic pollutant listed under section 307 of the federal Water Pollution Control Act as amended by January 1, 1977, or any hazardous substance designated under section 311 of the federal Water Pollution Control Act as amended by January 1, 1977, or any hazardous material designated by the secretary of transportation under the Hazardous Materials Transportation Act.
6. “Irritant” means a substance causing or producing dangerous or intensely irritating fumes upon contact with fire or when exposed to air.

7. a. “Person having control over a hazardous substance” means a person who at any time produces, handles, stores, uses, transports, refines, or disposes of a hazardous substance the release of which creates a hazardous condition, including bailees, carriers, and any other person in control of a hazardous substance when a hazardous condition occurs, whether the person owns the hazardous substance or is operating under a lease, contract, or other agreement with the legal owner of the hazardous substance.

b. “Person having control over a hazardous substance” does not include a person who holds indicia of ownership in a hazardous condition site, if the person satisfies all of the following:

(1) Holds indicia of ownership primarily to protect that person’s security interest in the hazardous condition site, where the indicia of ownership was acquired either for the purpose of securing payment of a loan or other indebtedness, or in the course of protecting the security interest. The term “primarily to protect that person’s security interest” includes but is not limited to ownership interests acquired as a consequence of that person exercising rights as a security interest holder in the hazardous condition site, where the exercise is necessary or appropriate to protect the security interest, to preserve the value of the collateral, or to recover a loan or indebtedness secured by the interest. The person holding indicia of ownership in a hazardous condition site and who acquires title or a right to title to the site upon default under the security arrangement, or at, or in lieu of, foreclosure, shall continue to hold the indicia of ownership primarily to protect that person’s security interest so long as the subsequent actions of the person with respect to the site are intended to protect the collateral secured by the interest, and demonstrate that the person is seeking to sell or liquidate the secured property rather than holding the property for investment purposes.

(2) Does not exhibit managerial control of, or managerial responsibility for, the daily operation of the hazardous condition site through the actual, direct, and continual or recurrent exercise of managerial control over the hazardous condition site in which that person holds a security interest, which managerial control materially divests the borrower, debtor, or obligor of control.

(3) Has taken no subsequent action with respect to the site which causes or exacerbates a release or threatened release of a hazardous substance.

8. “Political subdivision” means any municipality, township, or county, or district, or authority; or any portion, or combination of two or more thereof, including but not limited to any emergency services and emergency management agency established pursuant to chapter 28E or 29C, and any municipal fire departments and ambulance services and agents thereof.

9. “Release” means a threatened or real emission, discharge, spillage, leakage, pumping, pouring, emptying, or dumping of a hazardous substance into or onto the land, air, or waters of the state unless one of the following applies:

a. The release is done in compliance with the conditions of a federal or state permit.

b. The hazardous substance is confined and expected to stay confined to property owned, leased or otherwise controlled by the person having control over the hazardous substance.

c. In the use of pesticides, the application is done in accordance with the product label.

10. “Toxic” means causing or producing a dangerous physiological, anatomic, or biochemical change in a biological system.

11. “Waters of the state” means rivers, streams, lakes, and any other bodies of surface and subsurface water lying within or forming a part of the boundaries of the state which are not entirely confined and located completely upon lands owned, leased or otherwise controlled by a single person or by two or more persons jointly or as tenants in common. “Waters of the state” includes waters of the United States lying within the state.
cleanup costs incurred by the state or its political subdivisions or the agents of the state or a political subdivision. Prompt and good faith notification to the state or a political subdivision by the person having control over a hazardous substance that the person does not have the resources or managerial capability to begin or continue cleanup, or a good faith effort to clean up, relieves the person of liability for punitive damages, but not for actual cleanup costs.

c. Claims under this subsection shall be made by the state agency or the political subdivision that incurred costs or damages under this subsection, and such costs or damages will be subject to administrative and judicial review, including the terms of chapter 17A when appropriate. If administrative or judicial review is sought, a political subdivision making a claim shall submit an advisory request to the department to determine whether the cleanup actions serving as the basis for the cleanup costs were consistent with this chapter. The department shall respond in writing to a request within thirty days of receiving the request.

2. Liability under subsection 1 is limited to the following maximum dollar limitations:

a. Five million dollars for any vehicle, boat, aircraft, pipeline, or other manner of conveyance which transports a hazardous substance.

b. Fifty million dollars for any facility generating, storing, or disposing of a hazardous substance.

c. For purposes of this subsection, “postcleanup fair market value” means the actual amount of consideration received by such person upon sale or transfer of the hazardous condition site which has been cleaned up by the state or a political subdivision to a bona fide purchaser for value.

d. Cleanup expenses incurred by the state or a political subdivision shall be a lien upon the real estate constituting the hazardous condition site, recordable and collectable in the same manner as provided for in section 424.11, subject to the terms of this subsection. The lien shall attach at the time the state or a political subdivision incurs expenses to clean up the hazardous condition site. The lien shall be valid as against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, only when a notice of the lien is filed with the recorder of the county in which the property is located. Upon payment by the person to the state or a political subdivision, of

§455B.392

b.

b. Liability under this subsection shall only be imposed when the person holds title to the hazardous condition site at the time the state or a political subdivision incurs reasonable cleanup costs.

c. For purposes of this subsection, “postcleanup fair market value” means the actual amount of consideration received by such person upon sale or transfer of the hazardous condition site which has been cleaned up by the state or a political subdivision to a bona fide purchaser for value.

d. Cleanup expenses incurred by the state or a political subdivision shall be a lien upon the real estate constituting the hazardous condition site, recordable and collectable in the same manner as provided for in section 424.11, subject to the terms of this subsection. The lien shall attach at the time the state or a political subdivision incurs expenses to clean up the hazardous condition site. The lien shall be valid as against subsequent mortgagees, purchasers, or judgment creditors, for value and without notice of the lien, only when a notice of the lien is filed with the recorder of the county in which the property is located. Upon payment by the person to the state or a political subdivision, of
§455B.392

the amount specified in this subsection, the state or a political subdivision shall release the lien. If no lien has been recorded at the time the person sells or transfers the property, then the person shall not be liable for any cleanup costs incurred by the state or a political subdivision.

455B.396 Claim of state.
1. Liability to the state under this part or part 5 of this division is a debt to the state. Liability to a political subdivision under this part of this division is a debt to the political subdivision. The debt, together with interest on the debt at the maximum lawful rate of interest permitted pursuant to section 535.2, subsection 3, paragraph "a", from the date costs and expenses are incurred by the state or a political subdivision is a lien on real property, except single and multifamily residential property, on which the department incurs costs and expenses creating a liability and owned by the persons liable under this part or part 5. To perfect the lien, a statement of claim describing the property subject to the lien must be filed within one hundred twenty days after the occurrence of costs and expenses by the state or a political subdivision. The statement shall be filed with, accepted by, and recorded by the county recorder in the county in which the property subject to the lien is located. The statement of claim may be amended to include subsequent liabilities. To be effective, the statement of claim shall be amended and filed within one hundred twenty days after the occurrence of the event resulting in the amendment.
2. The lien may be dissolved by filing with the appropriate recording officials a certificate that the debt for which the lien is attached, together with interest and costs on the debt, has been paid or legally abated.

455B.418 Enforcement.
1. If the director has substantial evidence that a person has violated or is violating a provision of sections 455B.411 to 455B.421, or of a rule or standard established or permit issued pursuant to sections 455B.411 to 455B.421:
   a. The director may issue an order directing the person to desist in the practice that constitutes the violation or to take corrective action as necessary to ensure that the violation will cease. The person to whom the order is issued may commence a contested case within the meaning of chapter 17A by filing with the director within thirty days of receipt of the order a notice of appeal to the commission. On appeal, the commission may affirm, modify or vacate the order of the director.
   b. If it is determined by the director that an emergency exists, the director may issue without notice or hearing an order necessary to terminate the emergency. The order shall be binding and effective immediately and until the order is modified or vacated at a hearing before the commission or by a court. "Emergency" as used in this subsection means a situation where the handling, storage, treatment, transportation or disposal of a hazardous waste is presenting an imminent and substantial threat to human health or the environment.
   c. When the director determines that a disposal site contains hazardous waste in an amount and under conditions that cause an imminent threat to human health and that the person responsible for the site will not properly and promptly remove the waste or eliminate the threat, the director may take action as necessary to remove the waste or permanently alleviate or eliminate the threat to human health. The costs of removing the waste or alleviating or eliminating the threat shall be recovered from the person responsible for the disposal site.
   d. The director with the approval of the commission, may request the attorney general to institute legal proceedings pursuant to subsection 2 of this section.
2. The attorney general shall, at the request of the director pursuant to paragraph "d" of subsection 1 of this section, institute legal proceedings, including an action for an injunction, necessary to enforce the penalty provisions of sections 455B.411 to 455B.421 or to obtain compliance with said sections or a rule promulgated or a condition of a permit or order issued under said sections.
3. In a case arising from the violation of an order issued under subsection 1, paragraph "a" of this section, the burden of proof shall be on the state to show that the time specified in the order within which the individual must take corrective action is reasonable.
4. For the purpose of determining violations under this section and section 455B.417, the term "person" does not include a person who holds indicia of ownership in the hazardous waste or hazardous substance disposal site which contains a hazardous waste or hazardous substance, or where hazardous substances or wastes are treated, stored, or disposed of, if such person has satisfied the requirements of section 455B.381, subsection 7, paragraph "b", with respect to the disposal site, whether or not the director has determined that such disposal site constitutes a hazardous condition site.

Section not amended; internal reference change applied

455B.433 Physical infrastructure assistance — funding — liability.
1. The department of natural resources shall work in conjunction with the Iowa department of economic development to identify environmentally contaminated sites which qualify for the infrastructure component of the grow Iowa values fi-
nancial assistance program established in section 15G.112. The department shall provide an assessment of the site and shall provide any emergency response activities which the department deems necessary. The department may take any further action, including remediation of the site, that the department deems to be appropriate and which promotes the purposes of the infrastructure component.

2. The department shall be reimbursed from the grow Iowa values fund created in section 15G.111 for any costs incurred pursuant to this section.

3. A person shall not have standing pursuant to section 455B.111 to commence a citizen suit which is based upon property that is part of the infrastructure component of the grow Iowa values financial assistance program established in section 15G.112.

§455B.474 Duties of commission — rules.

The commission shall adopt rules pursuant to chapter 17A relating to:

1. Release detection, prevention, and correction as may be necessary to protect human health and the environment, applicable to all owners and operators of underground storage tanks. The rules shall include, but are not limited to, requirements for:

   a. Maintaining a leak detection system, an inventory control system with a tank testing, or a comparable system or method designed to identify releases in a manner consistent with the protection of human health and the environment.

   b. Maintaining records of any monitoring or leak detection system, inventory control system, tank testing or comparable system, and periodic underground storage tank facility compliance inspections conducted by inspectors certified by the department.

   c. Reporting of any releases and corrective action taken in response to a release from an underground storage tank.

   d. Establishing criteria for classifying sites according to the release of a regulated substance in connection with an underground storage tank.

2. The classification system shall consider the actual or potential threat to public health and safety and to the environment posed by the contaminated site and shall take into account relevant factors, including the presence of contamination in soils, groundwaters, and surface waters, and the effect of conduits, barriers, and distances on the contamination found in those areas according to the following factors:

   a. Soils shall be evaluated based upon the depth of the existing contamination and its distance from the ground surface to the contamination zone and the contamination zone to the groundwater; the soil type and permeability, including whether the contamination exists in clay, till or sand and gravel; and the variability of the soils, whether the contamination exists in soils of natural variability or in a disturbed area.

   b. Groundwaters shall be evaluated based upon the depth of the contamination and its distance from the ground surface to the groundwater and from the contamination zone to the groundwater; the flow pattern of the groundwater, the direction of the flow in relation to the contamination zone and the interconnection of the groundwater with the surface or with surface water and with other groundwater sources; the nature of the groundwater, whether it is located in a high yield aquifer, an isolated, low yield aquifer, or in a transient saturation zone; and use of the groundwater, whether it is used as a drinking water source for public or private drinking water supplies, for livestock watering, or for commercial and industrial processing.

   c. Surface water shall be evaluated based upon its location, its distance in relation to the contamination zone, the groundwater system and flow, and its location in relation to surface drainage.

   d. The effect of conduits, barriers, and distances on the contamination found in soils, groundwaters, and surface waters. Consideration should be given to the following: the effect of contamination on conduits such as wells, utility lines, tile lines and drainage systems; the effect of conduits on the transport of the contamination; whether a well is active or abandoned; what function the utility line serves, whether it is a sewer line, a water distribution line, telephone line, or other line; the existence of barriers such as buildings and other structures, pavement, and natural barriers, including rock formations and ravines; and the distance which separates the contamination found in the soils, groundwaters, or surface waters from the conduits and barriers.

3. A site shall be classified as either high risk, low risk, or no action required.

   a. A site shall be considered high risk when it is determined that contamination from the site presents an unreasonable risk to public health and safety or the environment under any of the following conditions:

      i. Contamination is affecting or likely to affect groundwater which is used as a source water for public or private water supplies, to a level rendering them unsafe for human consumption.

      ii. Contamination is actually affecting or is likely to affect surface water bodies to a level where surface water quality standards, under section 455B.173, will be exceeded.

      iii. Harmful or explosive concentrations of petroleum substances or vapors affecting structures or utility installations exist or are likely to occur.

   b. A site shall be considered low risk under any of the following conditions:

      i. Contamination is present and is affecting
groundwater, but high risk conditions do not exist and are not likely to occur.

(ii) Contamination is above action level standards, but high risk conditions do not exist and are not likely to occur.

(c) A site shall be considered no action required if contamination is below action level standards and high or low risk conditions do not exist and are not likely to occur.

(d) For purposes of classifying a site as either low risk or no action required, the department shall rely upon the example tier one risk-based screening level look-up table of ASTM (American society for testing and materials) international's emergency standard, ES38-94, or other look-up table as determined by the department by rule.

(e) A site cleanup report which classifies a site as either high risk, low risk, or no action required shall be submitted by a groundwater professional to the department with a certification that the report complies with the provisions of this chapter and rules adopted by the department. The report shall be determinative of the appropriate classification of the site. However, if the report is found to be inaccurate or incomplete, and if based upon information in the report the risk classification of the site cannot be reasonably determined by the department based upon industry standards, the department shall work with the groundwater professional to obtain the additional information necessary to appropriately classify the site. A groundwater professional who knowingly or intentionally makes a false statement or misrepresentation which results in a mistaken classification of a site shall be guilty of a serious misdemeanor and shall have the groundwater professional's certification revoked under this section.

(e) The closure of tanks to prevent any future release of a regulated substance into the environment. If consistent with federal environmental protection agency technical standard regulations, state tank closure rules shall include, at the tank owner's election, an option to fill the tank with an inert material. Removal of a tank shall not be required if the tank is filled with an inert material pursuant to department of natural resources rules. A tank closed, or to be closed and which is actually closed, within one year of May 13, 1988, shall be required to complete monitoring or testing as required by the department to ensure that the tank did not leak prior to closure, but shall not be required to have a monitoring system installed.

(f) Establishing corrective action response requirements for the release of a regulated substance in connection with an underground storage tank. The corrective action response requirements shall include, but be limited to, all of the following:

1. A requirement that the site cleanup report detail all of the following:
   (a) Identify the nature and level of contamination resulting from the release.
   (b) Provide supporting data and a recommendation of the degree of risk posed by the site relative to the site classification system adopted pursuant to paragraph "f".
   (c) Provide supporting data and a recommendation of the need for corrective action.
   (d) Identify the corrective action options which shall address the practical feasibility of implementation, costs, expected length of time to implement, and environmental benefits.
   (2) To the fullest extent practicable, allow for the use of generally available hydrological, geological, topographical, and geographical information and minimize site specific testing in preparation of the site cleanup report.

3. Require that at a minimum the source of the release be stopped either by repairing, upgrading, or closing the tank and that free product be removed or contained on site.

4. High risk sites shall be addressed pursuant to a corrective action design report, as submitted by a groundwater professional and as accepted by the department. The corrective action design report shall determine the most appropriate response to the high risk conditions presented. The appropriate corrective action response shall be based upon industry standards and shall take into account the following:

   (a) The extent of remediation required to reclassify the site as a low risk site.
   (b) The most appropriate exposure scenarios based upon residential, commercial, or industrial use or other predefined industry accepted scenarios.
   (c) Exposure pathway characterizations including contaminant sources, transport mechanisms, and exposure pathways.
   (d) Affected human or environmental receptors and exposure scenarios based on current and projected use scenarios.
   (e) Risk-based corrective action assessment principles which identify the risks presented to the public health and safety or the environment by each release in a manner that will protect the public health and safety or the environment using a tiered procedure consistent with ASTM (American society for testing and materials) international's emergency standard, ES38-94.
   (f) Other relevant site specific factors such as the feasibility of available technologies, existing background contaminant levels, current and planned future uses, ecological, aesthetic, and other relevant criteria, and the applicability and availability of engineering and institutional controls, including an environmental covenant as established by chapter 455I.
   (g) Remediation shall not be required on a site that does not present an increased cancer risk at the point of exposure of one in one million for residential areas or one in ten thousand for nonresidential areas.
by a groundwater professional shall be accepted by the department and shall be primarily relied upon by the department to determine the corrective action response requirements of the site. However, if the corrective action design report is found to be inaccurate or incomplete, and if based upon information in the report the appropriate corrective action response cannot be reasonably determined by the department based upon industry standards, the department shall work with the groundwater professional to obtain the additional information necessary to appropriately determine the corrective action response requirements. A groundwater professional who knowingly or intentionally makes a false statement or misrepresentation which results in an improper or incorrect corrective action response shall be guilty of a serious misdemeanor and shall have the groundwater professional’s certification revoked under this section.

(6) Low risk sites shall be monitored as deemed necessary by the department consistent with industry standards. Monitoring shall not be required on a site which has received a no further action certificate.

(7) An owner or operator may elect to proceed with additional corrective action on the site. However, any action taken in addition to that required pursuant to this paragraph “f” shall be solely at the expense of the owner or operator and shall not be considered corrective action for purposes of section 455G.9.

(8) Notwithstanding other provisions to the contrary and to the extent permitted by federal law, the department shall allow for bioremediation of soils and groundwater. For purposes of this subparagraph, “bioremediation” means the use of biological organisms, including microorganisms or plants, to degrade organic pollutants to common natural products.

(9) Replacement or upgrade of a tank on a site classified as a high or low risk site shall be equipped with a secondary containment system with monitoring of the space between the primary and secondary containment structures or other board approved tank system or methodology.

(10) The commission and the board shall cooperate to ensure that remedial measures required by the corrective action rules adopted pursuant to this paragraph are reasonably cost-effective and shall, to the fullest extent possible, avoid duplicating and conflicting requirements.

(11) The director may order an owner or operator to immediately take all corrective actions deemed reasonable and necessary by the director if the corrective action is consistent with the prioritization rules adopted under this paragraph. Any order taken by the director pursuant to this subparagraph shall be reviewed at the next meeting of the environmental protection commission.

g. Specifying an adequate monitoring system to detect the presence of a leaking underground storage tank and to provide for protection of the groundwater resources for regulated tanks installed prior to January 14, 1987. The effective date of the rules adopted shall be January 14, 1989. In the event that federal regulations are adopted by the United States environmental protection agency after the commission has adopted state standards pursuant to this subsection, the commission shall immediately proceed to adopt rules consistent with those federal regulations adopted. Unless the federal environmental protection agency adopts final rules to the contrary, rules adopted pursuant to this section shall not apply to hydraulic lift reservoirs, such as for automobile hoists and elevators, containing hydraulic oil.

h. Issuing a no further action certificate or a monitoring certificate to the owner or operator of an underground storage tank site.

(1) A no further action certificate shall be issued by the department for a site which has been classified as a no further action site or which has been reclassified pursuant to completion of a corrective action plan or monitoring plan to be a no further action site.

(2) A monitoring certificate shall be issued by the department for a site which does not require remediation, but does require monitoring of the site.

(3) A certificate shall be recorded with the county recorder. The owner or operator of a site who has been issued a certificate under this paragraph “h” or a subsequent purchaser of the site shall not be required to perform further corrective action solely because action standards are changed at a later date. A certificate shall not prevent the department from ordering corrective action of a new release.

i. Establishing a certified compliance inspector program administered by the department for underground storage tank facility compliance inspections.

(1) The certified compliance inspector program shall provide for, but not be limited to, all of the following:

(a) Mandatory periodic underground storage tank facility compliance inspections by owners and operators using inspectors certified by the department.

(b) Compliance inspector qualifications, certification procedures, certification and renewal fees sufficient to cover administrative costs, continuing education requirements, inspector discipline standards including certification suspension and revocation for good cause, compliance inspection standards, professional liability bonding or insurance requirements, and any other requirements as the commission may deem appropriate. Certification and renewal fees received by the department are appropriated to the department for purposes of the administration of the certified compliance inspector program.

(2) The department shall continue to conduct
§455B.474

independent inspections as provided in section 455B.475 as deemed appropriate to assure effective compliance and enforcement and for the purpose of auditing the accuracy and completeness of inspections conducted by certified compliance inspectors.

(3) Acts or omissions by a certified compliance inspector, the state, or the department regarding certification, renewal, oversight of the certification process, continuing education, discipline, inspection standards, or any other actions, rules, or regulations arising out of the certification, inspections, or duties imposed by this section shall not be cause for a claim against the state or the department within the meaning of chapter 669 or any other provision of the Iowa Code.

In adopting the rules under this subsection, the commission may distinguish between types, classes, and ages of underground storage tanks. In making the distinctions, the commission may take into consideration factors including, but not limited to, location of the tanks, compatibility of a tank material with the soil and climate conditions, uses of the tanks, history of maintenance, age of the tanks, current industry recommended practices, national consensus codes, hydrogeology, water table, size of the tanks, quantity of regulated substances periodically deposited in or dispensed from the tank, the degree of risk presented by the regulated substance, the technical and managerial capability of the owners and operators, and the compatibility of the regulated substance and the materials of which the underground storage tank is fabricated.

The department may issue a variance, which includes an enforceable compliance schedule, from the mandatory monitoring requirement for an owner or operator who demonstrates plans for tank removal, replacement, or filling with an inert material pursuant to a department approved variance. A variance may be renewed for just cause.

2. The maintenance of evidence of financial responsibility as the director determines to be feasible and necessary for taking corrective action and for compensating third parties for bodily injury and property damage caused by release of a regulated substance from an underground storage tank.

a. Financial responsibility required by this subsection may be established in accordance with rules adopted by the commission by any one, or any combination, of the following methods: insurance, guarantee, surety bond, letter of credit, or qualification as a self-insurer. In adopting requirements under this subsection, the commission may specify policy or other contractual terms, conditions, or defenses which are necessary or are unacceptable in establishing the evidence of financial responsibility.

A person who establishes financial responsibility by self-insurance shall not require or shall not enforce an indemnification agreement with an operator or owner of the tank covered by the self-insurance obligation, unless the owner or operator has committed a substantial breach of a contract between the self-insurer and the owner or operator, and that substantial breach relates directly to the operation of the tank in an environmentally sound manner. This paragraph applies to all contracts between a self-insurer and an owner or operator entered into on or after May 5, 1989.

b. If the owner or operator is in bankruptcy, reorganization, or arrangement pursuant to the federal bankruptcy law or if jurisdiction in any state court or federal court cannot be obtained over an owner or operator likely to be solvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility must be provided under this subsection may be asserted directly against the guarantor providing the evidence of financial responsibility. In the case of action pursuant to this paragraph, the guarantor is entitled to invoke all rights and defenses which would have been available to the owner or operator if an action had been brought against the owner or operator by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the owner or operator.

c. The total liability of a guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this subsection. This subsection does not limit any other state or federal statutory, contractual, or common law liability of a guarantor to its owner or operator including, but not limited to, the liability of the guarantor for bad faith in negotiating or in failing to negotiate the settlement of any claim. This subsection does not diminish the liability of any person under section 107 or 111 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 or other applicable law.

d. For the purpose of this subsection, the term “guarantor” means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this subsection.

e. If an owner or operator is required to uncover or remove an underground storage tank based upon a determination of the department that the underground storage tank presents a hazard to the public health, safety, or the environment, and if upon inspection of the tank the determination is unfounded, the state may reimburse reasonable costs incurred in the inspection of the tank. Claims for reimbursement shall be filed on forms provided by the commission. The commission shall adopt rules pursuant to chapter 17A relating to determinations of reasonableness in approval or rejection of claims in cases of dispute. Claims shall be paid from the general fund of the state.
When any one of the tanks or the related pumps and piping at a multiple tank facility are found to be leaking, the state shall not reimburse costs for uncovering or removing any of the other tanks, piping, or pumps that are not found to be leaking.

3. Standards of performance for new underground storage tanks which shall include, but are not limited to, design, construction, installation, release detection, and compatibility standards. Until the effective date of the standards adopted by the commission and after January 1, 1986, a person shall not install an underground storage tank for the purpose of storing regulated substances unless the tank (whether of single or double wall construction) meets all the following conditions:

a. The tank will prevent release due to corrosion or structural failure for the operational life of the tank.

b. The tank is cathodically protected against corrosion, constructed of noncorrosive material, steel clad with a noncorrosive material, or designed in a manner to prevent the release or threatened release of any stored substance.

c. The material used in the construction or lining of the tank is compatible with the substance to be stored. If soil tests conducted in accordance with ASTM (American society for testing and materials) international’s standard G 57-78 or another standard approved by the commission show that soil resistivity in an installation location is twelve thousand ohm/cm or more (unless a more stringent soil resistivity standard is adopted by rule of the commission), a storage tank without corrosion protection may be installed in that location until the effective date of the standards adopted by the commission and after January 1, 1986.

d. Rules adopted by the commission shall specify adequate monitoring systems to detect the presence of a leaking underground storage tank and to provide for protection of the groundwater resources from regulated tanks installed after January 14, 1987. In the event that federal regulations are adopted by the United States environmental protection agency after the commission has adopted state standards pursuant to this subsection, the commission shall immediately proceed to adopt rules consistent with those federal regulations adopted. Tanks installed on or after January 14, 1987, shall continue to be considered new tanks for purposes of this chapter and are subject to state monitoring requirements unless federal requirements are more restrictive.

4. The form and content of the written notices required by section 455B.473.

5. The duties of owners or operators of underground storage tanks to locate and abate the source of release of regulated substances, when in the judgment of the director, the local hydrology, geology and other relevant factors reasonably include a tank as a potential source.

6. Reporting requirements necessary to enable the department to maintain an accurate inventory of underground storage tanks.

7. Designation of regulated substances subject to this part, consistent with section 455B.471, subsection 8. The rules shall be at least as stringent as the regulations of the federal government pursuant to section 311, subsection 2, paragraph 2, subparagraph A of the federal Water Pollution Control Act, 33 U.S.C. § 1321(b)(2)(A), pursuant to section 102 of the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. § 9602, pursuant to section 307, subsection a of the federal Water Pollution Control Act, 33 U.S.C. § 1317(a), pursuant to section 112 of the Clean Air Act, 42 U.S.C. § 7412, or pursuant to section 7 of the Toxic Substances Control Act, 15 U.S.C. § 2606.

8. Requirements as may be necessary to maintain state program approval and which are consistent with applicable provisions of the federal Energy Policy Act of 2005, Pub. L. No. 109-58, Tit. XV, Subtitle B, Underground Storage Tank Compliance, as codified in 42 U.S.C. § 6991 et seq.

a. The commission shall adopt rules establishing a training program applicable to owners and operators of underground storage tanks. The rules may include provisions for department certification of operators, self-certification by owners and operators, education and training requirements, owner requirements to assure operator qualifications, and assessment of education, training, and certification fees. The rules shall be consistent with and sufficient to comply with the operator training requirements as provided in 42 U.S.C. § 6991i, guidance adopted pursuant to that provision by the administrator of the United States environmental protection agency, and state program approval requirements under 42 U.S.C. § 6991i(b).

b. The commission shall adopt rules related to the prohibition on the delivery of regulated substances consistent with and sufficient to comply with the provisions of 42 U.S.C. § 6991k, guidance adopted by the administrator of the United States environmental protection agency pursuant to that provision, and state program approval requirements under 42 U.S.C. § 6991k(a)(3).

c. The commission shall adopt rules applicable to secondary containment requirements consistent with and sufficient to comply with the provisions of Pub. L. No. 109-58, Tit. XV, § 1530(a), as codified at 42 U.S.C. § 6991b(i)(1), and guidance adopted by the administrator of the United States environmental protection agency pursuant to that provision. Each new underground storage tank or piping connected to any such new tank installed after July 1, 2007, or any existing underground storage tank or existing piping connected to such existing underground storage tank that is replaced after August 1, 2007, shall be secondarily
4. If the installation is within one thousand feet of any existing community water system or any existing potable drinking well as provided in Pub. L. No. 109-58, Tit. XV, § 1530(a), as codified at 42 U.S.C. § 6991b(i)(1), and in guidance adopted by the United States environmental protection agency pursuant to that provision. Rules adopted under this paragraph shall not amend or modify the secondary containment requirements in subsection 1, paragraph "f", subparagraph (9).

5. All groundwater professionals shall be required to complete continuing education requirements as adopted by rule by the commission.

6. The commission may provide for exemption from the certification requirements of this subsection and rules adopted hereunder for a professional engineer licensed pursuant to chapter 542B, if the person is qualified in the field of geotechnical, hydrological, environmental groundwater, or hydrogeological engineering.

7. Notwithstanding the certification requirements of this subsection, a site cleanup report or corrective action design report submitted by a certified groundwater professional shall be accepted by the department in accordance with subsection 1, paragraph "d", subparagraph (2), subparagraph (e), and paragraph "f", subparagraph (5).

8. Requirements that persons and companies performing or providing services for underground storage tank installations, installation inspections, testing, permanent closure of underground storage tanks by removal or filling in place, and other closure activities as defined by rules adopted by the commission be certified by the department. This provision does not apply to persons performing services in their official capacity and as authorized by the state fire marshal's office or fire departments of political subdivisions of the state. The rules adopted by the commission shall include all of the following:

   a. Establishing separate certification criteria applicable to underground storage tank installers and installation inspectors, underground storage tank testers, and persons conducting underground storage tank closure activities as required by commission rules.

   b. Establishing minimum qualifications for certification including but not limited to considerations based on education, character, professional ethics, experience, manufacturer or other private agency certification, training and apprenticeship, and field demonstration of competence. The rules may provide for exemption from education, experience, and training requirements for a licensed engineer for whom underground storage tank installation is within the scope of their license and practice but shall require compliance with other certification requirements.

   c. Requiring a written examination developed and administered by the department or by some other qualified public or private entity identified by the department. The department may contract with a public or private entity to administer the department's examination or a department-approved third party examination. The examination shall, at a minimum, be sufficient to establish knowledge of all applicable underground storage tank rules adopted under this section, private industry standards, federal standards, and other
applicable standards adopted by the state fire marshall’s office pursuant to chapter 101.

d. Providing for a minimum two-year renewable certification period. A person may apply for a combined certificate applicable to underground storage tank installer and installer inspector certification, tester certification, and closure certification.

e. Providing that certificate holders obtain and provide proof of financial responsibility for environmental liability with minimum liability limits of one million dollars per occurrence and in the aggregate. The rules may provide exemptions where the certificate holder is employed by the owner or operator of the underground storage tank system and the underground storage tank system is covered by a financial responsibility mechanism under subsection 2.

f. Providing criteria for the department to take disciplinary action including issuance of warnings, reprimands, suspension and probation, and revocation. Any certificate holder subject to suspension or revocation shall be entitled to notice and an opportunity for an evidentiary hearing as provided in section 17A.18.

g. Providing for certification reciprocity between states upon demonstration that the out-of-state certification criteria is substantially equivalent to rules adopted by the commission.

h. Providing for assessment of fees sufficient to cover the costs of administration of the certification program. A separate fee may be established for persons applying for a combination of installer and installer inspector, testing, or closure certifications. Fees received by the department pursuant to this subsection are appropriated to the department for purposes of the administration of activities under this subsection.

i. Notwithstanding subsection 7, the commission may adopt rules requiring that all underground storage tank installations, installation inspections, testing, and closure activities be conducted by persons certified in accordance with this subsection.

j. Acts or omissions of a person certified under this subsection, the state, or the department regarding certification, renewal, oversight of the certification process, continuing education, discipline, inspection standards, or any other actions including department onsite supervision of certified activities, rules, or regulations arising out of the certification, shall not be cause for a claim against the state or the department within the meaning of chapter 669 or any other provision of the Code.

The rules adopted by the commission under this section shall be consistent with and shall not exceed the requirements of federal regulations relating to the regulation of underground storage tanks except as provided in subsection 1, paragraph “f” and subsection 3, paragraph “d”. It is the intent of the general assembly that state rules adopted pursuant to subsection 1, paragraph “f” and subsection 3, paragraph “d” be consistent with and not more restrictive than federal regulations adopted by the United States environmental protection agency when those rules are adopted.

455B.752 Immunity from third-party liability.

A person that holds indicia of ownership of property contaminated by a hazardous substance, hazardous waste, or regulated substance, and that satisfies all of the conditions provided in section 455B.381, subsection 7, paragraph “b”, or section 455B.471, subsection 6, paragraph “b”, subparagraphs (1), (2), and (3), or a person that has acquired property contaminated by a hazardous substance, hazardous waste, or regulated substance, shall not be liable to any third party for any third-party liability arising from such contamination provided that all of the following apply:

1. The person does not knowingly cause or permit a new or additional hazardous substance, hazardous waste, or regulated substance to arise on or from the acquired property that injures a third party or contaminates property owned or leased by a third party.

2. The person is not a potentially responsible party or affiliated with any potentially responsible party by reason of any of the following:

   a. Any direct or indirect familial relationship.

   b. Any contractual, corporate, or financial relationship, other than a contractual, corporate, or financial relationship that is created by the instruments by which title to the property is conveyed or financed or by a contract for the sale of goods or services.

   c. A reorganization of a business entity that is or was a potentially responsible party.

CHAPTER 455D
WASTE VOLUME REDUCTION AND RECYCLING

§455D.19 Packaging — heavy metal content.
1. The general assembly finds and declares all of the following:
   a. The management of solid waste can pose a wide range of hazards to public health and safety and to the environment.
   b. Packaging comprises a significant percentage of the overall solid waste stream.
   c. The presence of heavy metals in packaging is a concern in light of the likely presence of heavy metals in emissions or ash when packaging is incinerated or in leachate when packaging is landfilled.
   d. Lead, mercury, cadmium, and hexavalent chromium, on the basis of available scientific and medical evidence, are of particular concern.
   e. It is desirable as a first step in reducing the toxicity of packaging waste to eliminate the addition of heavy metals to packaging.
   f. The intent of the general assembly is to achieve reduction in toxicity without impeding or discouraging the expanded use of postconsumer materials in the production of packaging and its components.
2. As used in this section unless the context otherwise requires:
   a. “Distributor” means a person who takes title to one or more packages or packaging components purchased for promotional purposes or resale. A person involved solely in delivering or storing packages or packaging components on behalf of third parties is not a distributor.
   b. “Incidental presence” means the presence of a regulated metal as an unintended or undesired ingredient of a package or packaging component.
   c. “Intentional introduction” means an act of deliberately utilizing a regulated metal in the formulation of a package or packaging component where its continued presence is desired in the final package or packaging component to provide a specific characteristic, appearance, or quality. Intentional introduction does not include the use of a regulated metal as a processing agent or intermediate to impart certain chemical or physical changes during manufacturing, if the incidental presence of a residue of the metal in the final package or packaging component is neither desired nor deliberate, and if the final package or packaging component is in compliance with subsection 4, paragraph “a”, subparagraph (3). Intentional introduction also does not include the use of recycled materials as feedstock for the manufacture of new packaging materials, if the recycled materials contain amounts of a regulated metal and if the new package or packaging component is in compliance with subsection 4, paragraph “a”, subparagraph (3).
   d. “Manufacturer” means a person who produces one or more packages or packaging components.
   e. “Manufacturing” means physical or chemical modification of one or more materials to produce packaging or packaging components.
   f. “Package” means a container which provides a means of marketing, protecting, or handling a product including a unit package, intermediate package, or a shipping container. “Package” also includes but is not limited to unsealed receptacles such as carrying cases, crates, cups, pails, rigid foil and other trays, wrappers and wrapping films, bags, and tubs.
   g. “Packaging component” means any individual assembled part of a package including but not limited to interior and exterior blocking, bracing, cushioning, weatherproofing, exterior strapping, coatings, closures, inks, labels, tin-plated steel that meets ASTM (American society for testing and materials) international specification A-623, electro-galvanized coated steel, or hot-dipped coated galvanized steel that meets ASTM (American society for testing and materials) international specification A-525 or A-879.
   h. “Regulated metal” means any metal regulated under this section.
   i. “Reusable entities” means packaging or packaging components having a controlled distribution and reuse subject to the exemption provided in subsection 5, paragraph “e”.
3. A manufacturer or distributor shall not offer for sale or sell or offer for promotional purposes a package or packaging component, in this state, which includes, in the package itself or in any packaging component, inks, dyes, pigments, adhesives, stabilizers, or any other additives, any lead, cadmium, mercury, or hexavalent chromium which has been intentionally introduced as an element during manufacturing or distribution as opposed to the incidental presence of any of these elements and which exceed the concentration level established by the department. A distributor shall only be subject to the assessment of a civil penalty pursuant to section 455D.25, subsection 2, for the knowing violation of this section. Knowledge by the distributor of the violation shall be presumed beginning sixty days from the receipt of notification from the department by certified mail.
4. a. The concentration levels of lead, cadmium, mercury, and hexavalent chromium present in a package or packaging component shall not
exceed the following:
(1) Six hundred parts per million by weight by July 1, 1992.
(2) Two hundred fifty parts per million by weight by July 1, 1993.
(3) One hundred parts per million by weight by July 1, 1994.

b. Concentration levels of lead, cadmium, mercury, and hexavalent chromium shall be determined using ASTM (American society for testing and materials) international test methods, as revised, or United States environmental protection agency test methods for evaluating solid waste, S-W 846, as revised.

5. The following packaging and packaging components are exempt from the requirements of this section:
   a. Packaging or packaging components with a code indicating a date of manufacture prior to July 1, 1990, and packaging or packaging components used by the alcoholic beverage industry or the wine industry prior to July 1, 1992.
   b. Packages or packaging components to which lead, cadmium, mercury, or hexavalent chromium have been added in the manufacturing, forming, printing, or distribution process in order to comply with health or safety requirements of federal law or for which there is no feasible alternative if the manufacturer of a package or packaging component petitions the department for an exemption from the provisions of this paragraph for a particular package or packaging component. The department may grant a two-year exemption, if warranted by the circumstances, and an exemption may, upon meeting the four criteria listed in subparagraph (2), subparagraph divisions (a) through (d), be renewed for additional two-year periods.
   (2) In order to receive an exemption, the application must ensure that reusable entities are used, transported, and disposed of in a manner consistent with the following criteria:
      (a) A means of identifying in a permanent and visible manner those reusable entities containing regulated metals for which an exemption is sought.
      (b) A method of regulatory and financial accountability so that a specified percentage of the reusable entities manufactured and distributed to another person are not discarded by that person after use, but are returned to the manufacturer or the manufacturer’s designee.
      (c) A system of inventory and record maintenance to account for the reusable entities placed in, and removed from, service.
      (d) A means of transforming returned entities, that are no longer reusable, into recycled materials for manufacturing or into manufacturing wastes which are subject to existing federal or state laws or regulations governing manufacturing wastes to ensure that these wastes do not enter the commercial or municipal waste stream.
   (3) The application for an exemption must document the measures to be taken by the applicant as set out in subparagraph (2), subparagraph divisions (a) through (d).
6. By July 1, 1992, a manufacturer or distributor of packaging or packaging components shall make available to purchasers, to the department, and to the general public upon request, certificates of compliance which state that the manufacturer’s or distributor’s packaging or packaging components comply with, or are exempt from, the requirements of this section.

If the manufacturer or distributor of the package or packaging component reformulates or creates a new package or packaging component, the
manufacturer or distributor shall provide an amended or new certificate of compliance for the reformulated or new package or packaging component.

7. The commission shall adopt rules to administer this section and recommend any other toxic substances contained in packaging to be added to the list in order to further reduce the toxicity of packaging waste.

CHAPTER 455E
GROUNDWATER PROTECTION

455E.11 Groundwater protection fund established — appropriations.
1. A groundwater protection fund is created in the state treasury. Moneys received from sources designated for purposes related to groundwater monitoring and groundwater quality standards shall be deposited in the fund. Notwithstanding section 8.33, any unexpended balances in the groundwater protection fund and in any of the accounts within the groundwater protection fund at the end of each fiscal year shall be retained in the fund and the respective accounts within the fund. Notwithstanding section 12C.7, subsection 2, interest or earnings on investments or time deposits of the moneys in the groundwater protection fund or in any of the accounts within the groundwater protection fund shall be credited to the groundwater protection fund or the respective accounts within the groundwater protection fund. The fund may be used for the purposes established for each account within the fund.

The director shall include in the departmental budget prepared pursuant to section 455A.4, subsection 1, paragraph "c", a proposal for the use of groundwater protection fund moneys, and a report of the uses of the groundwater protection fund moneys appropriated in the previous fiscal year.

The secretary of agriculture shall submit the report on a biennial basis to the governor in the same manner as provided in section 7A.3. The report shall include a proposal for the use of groundwater protection fund moneys, and uses of the groundwater protection fund moneys appropriated in the two previous fiscal years.

2. The following accounts are created within the groundwater protection fund:
   a. A solid waste account. Moneys received from the tonnage fee imposed under section 455B.310 and from other sources designated for environmental protection purposes in relation to sanitary disposal projects shall be deposited in the solid waste account. Moneys shall be allocated as follows:
      (1) After the one dollar and fifty-five cents is allocated pursuant to subparagraph (2), the remaining moneys from the tonnage fee shall be used for funding alternatives to landfills and shall be allocated as follows:
         (a) Fifty thousand dollars to the department to implement the special waste authorization program.
         (b) One hundred sixty-five thousand dollars to the department to be used for the by-products and waste search service at the university of northern Iowa.
         (c) Up to thirty percent of the fees remitted shall be used for grants to environmental management systems as provided in section 455J.7.
         (d) The balance of the remaining funds shall be used by the department to develop and implement demonstration projects for landfill alternatives to solid waste disposal including recycling programs. These funds may also be used to assist planning areas which have not been designated as environmental management systems in meeting the designation requirements of section 455J.3.

CHAPTER 455F
HOUSEHOLD HAZARDOUS WASTE

455F.8A Household hazardous material collection sites.
1. By January 1, 1991, the department shall complete an assessment of the needs of local governments for temporary collection sites for household hazardous materials. Upon completion of the assessment, the department shall design a model facility which would adequately serve the needs identified. During the design phase, the department shall also identify facility permit requirements.

2. a. Following the completion of the assessment and design of the model facility, the department shall set a goal of establishing a three-year competitive grant program to assist in the development of five pilot household hazardous waste reduction and collection programs.
   b. The grant program shall provide for the establishment of five pilot sites so that both rural and urban populations are served.
   c. The department shall develop criteria to evaluate proposals for the establishment of sites. The criteria shall give priority to proposals for sites which provide the most efficient services and which provide local, public, and private contributions for establishment of the sites. The criteria shall also include a requirement that the recipient of a grant design and construct a facility sufficient for the collection, sorting, and packaging of materials prior to transportation of the materials to the final disposal site. Final review of design and construction of the proposed facilities shall be by the department.
   d. The recipients of grants shall provide for collection of hazardous wastes from conditionally exempt small quantity generators in the area of the facility established. The facility shall require payment for collection from conditionally exempt small quantity generators if the amount of waste disposed is greater than ten pounds. Conditionally exempt small quantity generators which deliver their hazardous wastes to the site shall not be required to obtain a permit to transport the hazardous waste to the site.

3. A private agency which provides for the collection and disposal of household hazardous waste as part of an approved comprehensive plan pursuant to section 455B.306 shall be eligible for reimbursement moneys pursuant to section 455E.11, subsection 2, paragraph “a”, subparagraph (2), subparagraph division (e).

CHAPTER 455G
FUEL STORAGE TANKS AND DISPENSING INFRASTRUCTURE

455G.1 Title — scope.
1. This chapter is entitled the “Iowa Comprehensive Petroleum Underground Storage Tank Fund Act”.

2. This chapter applies to petroleum underground storage tanks for which an owner or operator is required to maintain proof of financial responsibility under federal or state law, from the effective date of the regulation of the federal environmental protection agency governing that tank, and not from the effective compliance date, unless the effective compliance date of the regulation is the effective date of the regulation. An owner or operator of a petroleum underground storage tank required by federal or state law to maintain proof of financial responsibility for that underground storage tank is subject to this chapter and chapter 424.
a. As of May 5, 1989, tanks excluded by the federal Resource Conservation and Recovery Act, subtitle I, included the following:
   (1) A farm or residential tank of one thousand one hundred gallons or less capacity used for storing motor fuel for noncommercial purposes.
   (2) A tank used for storing heating oil for consumptive use on the premises where stored.
   (3) A septic tank.
   (4) A pipeline facility, including gathering lines, regulated under any of the following:
       (c) State laws comparable to the provisions of the law referred to in subparagraph division (a) or (b).
   (5) A surface impoundment, pit, pond, or lagoon.
   (6) A storm water or wastewater collection system.
   (7) A flow-through process tank.
   (8) A liquid trap or associated gathering lines directly related to oil or gas production and gathering operations.
   (9) A storage tank situated in an underground area, such as a basement, cellar, mine working, drift, shaft, or tunnel, if the storage tank is situated upon or above the surface of the floor to permit inspection of its entire surface.
   b. As of May 5, 1989, tanks exempted or excluded by United States environmental protection agency financial responsibility regulations, 40 C.F.R. § 280.90, included the following:
   (1) Underground storage tank systems not in operation on or after the applicable compliance date.
   (2) Those owned or operated by state and federal governmental entities whose debts and liabilities are the debts and liabilities of a state or the United States.
   (3) Any underground storage tank system holding hazardous wastes listed or identifiable under subtitle C of the federal Solid Waste Disposal Act, or a mixture of such hazardous waste and other regulated substances.
   (4) Any wastewater treatment tank system that is part of a wastewater treatment facility regulated under section 307(b) or 402 of the federal Clean Water Act.
   (5) Equipment or machinery that contains regulated substances for operational purposes such as hydraulic lift tanks and reservoirs and electrical equipment tanks.
   (6) Any underground storage tank system whose capacity is one hundred ten gallons or less.
   (7) Any underground storage tank system that contains a de minimis concentration of regulated substances.
   (8) Any emergency spill or overflow containment underground storage tank system that is expeditiously emptied after use.
   (9) Any underground storage tank system that is part of an emergency generator system at nuclear power generation facilities regulated by the nuclear regulatory commission under 10 C.F.R. pt. 50, appendix A.
   (10) Airport hydrant fuel distribution systems.
   (11) Underground storage tank systems with field-constructed tanks.
   c. If and when federal law changes, the department of natural resources shall adopt by rule such additional requirements, exemptions, deferrals, or exclusions as required by federal law. It is expected that certain classes of tanks currently exempted or excluded by federal regulation will be regulated by the United States environmental protection agency in the future. A tank which is not required by federal law to maintain proof of financial responsibility shall not be subject to department of natural resources rules on proof of financial responsibility.

455G.4 Governing board.

1. Members of the board.
   a. The Iowa comprehensive petroleum underground storage tank fund board is established consisting of the following members:

For purposes of this section, a “conflict of interest” means an affiliation, within the twelve months before the member’s appointment, with the regulated tank community, or with a person or property and casualty insurer offering competitive insurance or other means of financial assurance or which previously offered environmental hazard insurance for a member of the regulated tank community.

c. The filling of positions reserved for public representatives, vacancies, membership terms, payment of compensation and expenses, and removal of members are governed by chapter 69. Members of the board are entitled to receive reimbursement of actual expenses incurred in the discharge of their duties within the limits of funds appropriated to the board or made available to the fund. Each member of the board may also be eligible to receive compensation as provided in section 7.6E.6. The members shall elect a voting chairperson of the board from among the members of the board.

The time restrictions in this paragraph may be waived by mutual agreement of the parties.

4. Public bid. All contracts entered into by the board, including contracts relating to community remediation, shall be awarded on a competitive basis to the maximum extent practical. In those situations where it is determined that public bidding is not practical, the basis for the determination of impracticability shall be documented by the board or its designee. This subsection applies only to contracts entered into on or after July 1, 1992.

5. Contract approval.

a. The board shall approve any contract entered into pursuant to this chapter if the cost of the contract exceeds seventy-five thousand dollars.

b. A listing of all contracts entered into pursuant to this chapter shall be presented at each board meeting and shall be made available to the public. The listing shall state the interested parties to the contract, the amount of the contract, and the subject matter of the contract.

c. The board shall be required to review and approve or disapprove the administrator’s failure to approve a contract under section 455G.12A. Review by the board shall not be required for cancellation or replacement of a contract for a site included in a community remediation project or when an emergency situation exists.

6. Reporting. Beginning July 2003, the board shall submit a written report quarterly to the legislative council, the chairperson and ranking member of the committee on environment and energy independence in the senate, and the chairperson and ranking member of the committee on environmental protection in the house of representatives regarding changes in the status of the program including but not limited to the number of open claims by claim type; the number of new claims submitted and the eligibility status of each claim; a summary of the risk classification of open claims; the status of all claims at high-risk sites including the number of corrective action design reports submitted, approved, and implemented during the reporting period; total moneys reserved on open claims and total moneys paid on open claims; and a summary of budgets approved and invoices paid for high-risk site activities including a breakdown by corrective action design report, construction and equipment, implementation, operation and maintenance, monitoring, over excavation, free product recovery, site reclassification, reporting and other expenses, or a similar breakdown.

In each report submitted by the board, the board shall include an estimated timeline to complete corrective action at all currently eligible high-risk sites where a corrective action design report has been submitted by a claimant and approved during the reporting period. The timeline shall include the projected year when a no further action designation will be obtained based upon the corrective action activities approved or anticipated at each claimant site. The timeline shall be broken down in annual increments with the number or percentage of sites projected to be completed for

The loan guarantees may be made to a person or entity owning or operating a tank. The board may take any action which is reasonable and lawful to protect its security and to avoid losses from its loan guarantees.

2. Acquire, hold, and mortgage personal property and real estate and interests in real estate to be used.

3. Purchase, construct, improve, furnish, equip, lease, option, sell, exchange, or otherwise dispose of one or more improvements under the terms it determines.

4. 5. Provide that the interest on bonds may vary in accordance with a base or formula.

6. Contract for the acquisition, construction, or both of one or more improvements or parts of one or more improvements and for the leasing, subleasing, sale, or other disposition of one or more improvements in a manner it determines.

7. The board may contract with the authority for the authority to issue bonds and do all things necessary with respect to the purposes of the fund, as set out in the contract between the board and the authority. The board may delegate to the authority and the authority shall then have all of the powers of the board which are necessary to issue and secure bonds and carry out the purposes of the fund, to the extent provided in the contract between the board and the authority. The authority may issue the authority’s bonds in principal amounts which, in the opinion of the board, are necessary to provide sufficient funds for the fund, the payment of interest on the bonds, the establishment of reserves to secure the bonds, the costs of issuance of the bonds, other expenditures of the authority incident to and necessary or convenient to carry out the bond issue for the fund, and all other expenditures of the board necessary or convenient to administer the fund. The bonds are investment securities and negotiable instruments within the meaning of and for purposes of the uniform commercial code, chapter 554.

8. Bonds issued under this section are payable solely and only out of the moneys, assets, or revenues of the fund, all of which may be deposited with trustees or depositories in accordance with bond or security documents and pledged by the board to the payment thereof, and are not an indebtedness of this state or the authority, or a charge against the general credit or general fund of the state or the authority, and the state shall not be liable for any financial undertakings with respect to the fund. Bonds issued under this chapter shall contain on their face a statement that the bonds do not constitute an indebtedness of the state or the authority.

9. The proceeds of bonds issued by the authority and not required for immediate disbursement may be deposited with a trustee or depository as provided in the bond documents and invested in any investment approved by the authority and specified in the trust indenture, resolution, or other instrument pursuant to which the bonds are issued without regard to any limitation otherwise provided by law.

10. The bonds shall be:

   b. Negotiable instruments under the laws of the state and may be sold at prices, at public or private sale, and in a manner, as prescribed by the authority. Chapters 73A, 74, 74A and 75 do not apply to their sale or issuance of the bonds.
   c. Subject to the terms, conditions, and covenants providing for the payment of the principal, redemption premiums, if any, interest, and other terms, conditions, covenants, and protective provisions safeguarding payment, not inconsistent with this chapter and as determined by the trust indenture, resolution, or other instrument authorizing their issuance.

11. The bonds are securities in which public officers and bodies of this state; political subdivisions of this state; insurance companies and associations and other persons carrying on an insurance business; banks, trust companies, savings associations, savings and loan associations, and investment companies; administrators, guardians, executors, trustees, and other fiduciaries; and other persons authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them.

12. Bonds must be authorized by a trust inden-
tured, resolution, or other instrument of the authority, approved by the board. However, a trust indenture, resolution, or other instrument authorizing the issuance of bonds may delegate to an officer of the issuer the power to negotiate and fix the details of an issue of bonds.

13. Neither the resolution, trust agreement, nor any other instrument by which a pledge is created needs to be recorded or filed under the Iowa uniform commercial code, chapter 554, to be valid, binding, or effective.

14. Bonds issued under the provisions of this section are declared to be issued for an essential public and governmental purpose and all bonds issued under this chapter shall be exempt from taxation by the state of Iowa and the interest on the bonds shall be exempt from the state income tax and the state inheritance tax.

15. a. Subject to the terms of any bond documents, moneys in the fund or fund accounts may be expended for administration expenses, civil penalties, moneys paid under an agreement, stipulation, or settlement, for the costs associated with sites within a community remediation project, for costs related to contracts entered into with a state agency or university, costs for activities relating to litigation, or for the costs of any other activities as the board may determine are necessary and convenient to facilitate compliance with and to implement the intent of federal laws and regulations and this chapter. For purposes of this chapter, administration expenses include expenses incurred by the underground storage tank section of the department of natural resources in relation to tanks regulated under this chapter.

b. The authority granted under this subsection which allows the board to expend fund moneys on an activity the board determines is necessary and convenient to facilitate compliance with and to implement the intent of federal laws and regulations and this chapter, shall only be used in accordance with the following:

(1) Prior board approval shall be required before expenditure of moneys pursuant to this authority shall be made.

(2) If the expenditure of fund moneys pursuant to this authority would result in the board establishing a policy which would substantially affect the operation of the program, rules shall be adopted pursuant to chapter 17A prior to the board or the administrator taking any action pursuant to this proposed policy.

16. The board shall cooperate with the department of natural resources in the implementation and administration of this chapter to assure that in combination with existing state statutes and rules governing underground storage tanks, the state will be, and continue to be, recognized by the federal government as having an "approved state account" under the federal Resource Conservation and Recovery Act, especially by compliance with the Act’s subtitle I financial responsibility requirements as enacted in the federal Superfund Amendments and Reauthorization Act of 1986 and the financial responsibility regulations adopted by the United States environmental protection agency at 40 C.F.R. pts. 280 and 281. Whenever possible this chapter shall be interpreted to further the purposes of, and to comply, and not to conflict, with such federal requirements.

17. The board may adopt rules pursuant to chapter 17A providing for the transfer of all or a portion of the liabilities of the board under this chapter. Notwithstanding other provisions to the contrary, the board, upon such transfer, shall not maintain any duty to reimburse claimants under this chapter for those liabilities transferred.

§455G.7 Security for bonds — capital reserve fund — irrevocable contracts.

1. For the purpose of securing one or more issues of bonds for the fund, the authority, with the approval of the board, may authorize the establishment of one or more special funds, called "capital reserve funds". The authority may pay into the capital reserve funds the proceeds of the sale of its bonds and other money which may be made available to the authority from other sources for the purposes of the capital reserve funds. Except as provided in this section, money in a capital reserve fund shall be used only as required for any of the following:

a. The payment of the principal of and interest on bonds or of the sinking fund payments with respect to those bonds.

b. The purchase or redemption of the bonds.

c. The purchase or redemption of the bonds.

d. The payment of a redemption premium required to be paid when the bonds are redeemed before maturity.

However, money in a capital reserve fund shall not be withdrawn if the withdrawal would reduce the amount in the capital reserve fund to less than the capital reserve fund requirement, except for the purpose of making payment, when due, of principal, interest, redemption premiums on the bonds, and making sinking fund payments when other money pledged to the payment of the bonds is not available for the payments. Income or interest earned by, or increment to, a capital reserve fund from the investment of all or part of the capital reserve fund may be transferred by the authority to other accounts of the fund if the transfer does not reduce the amount of the capital reserve fund below the capital reserve fund requirement.

2. If the authority decides to issue bonds secured by a capital reserve fund, the bonds shall not be issued if the amount in the capital reserve fund

CHAPTER 455J
ENVIRONMENTAL MANAGEMENT SYSTEMS

455J.7 Designation of environmental management systems.
1. Consideration of plans. The council shall consider solid waste management plans submitted by solid waste planning areas and make recommendations for designation as an environmental management system to the commission. All system designations recommended by the council are subject to approval by the commission. Any solid waste planning area may submit a plan to the council and seek designation as a system.

   a. By October 1, 2008, the council shall recommend the designation of up to six initial qualifying solid waste planning areas as environmental management systems to serve as pilot projects. By October 1, 2009, and by the same date each year thereafter, the council may recommend the designation of any additional planning areas as systems, provided those areas meet the requirements of section 455J.3.

   b. In recommending the designation of a planning area as a system, the council shall make a determination as to whether the area meets the requirements of section 455J.3. The council shall not recommend the designation of a planning area as a system unless the planning area meets the requirements of section 455J.3.

   c. The commission shall consider the plans submitted to the council and shall review the council’s recommendations on those plans. The commission shall approve or reject each plan and shall make publicly available its reasons for doing so.

2. System review.
   a. By October 1, 2009, and by the same date each year thereafter, the council shall review the annual reports of all designated systems and determine whether those systems remain in compliance with section 455J.3. If the council determines that a planning area is no longer in compliance, the council may recommend to the commission the revocation of the planning area’s system designation.
   b. The council may review and monitor the progress of those planning areas that have not been designated as a system and shall coordinate with other statewide boards, task forces, and other entities in order to achieve the goals and objectives of this chapter.

3. Allocation of funds.
   a. The council shall recommend to the commission a reasonable allocation of the moneys provided in section 455E.11, subsection 2, paragraph “a”, subparagraph (1), subparagraph division (c), to eligible systems. In making its recommendation as to the allocation of moneys, the council shall adopt and use a set of reasonable criteria. The criteria shall conform to the goals and purposes of this chapter as described in section 455J.1 and shall be approved by the commission.
   b. Notwithstanding any other provision of law to the contrary, the commission shall make a final allocation of the funds described in section 455E.11, subsection 2, paragraph “a”, subparagraph (1), subparagraph division (c), to systems meeting the requirements of this chapter.
   c. Moneys allocated pursuant to this subsection shall be used by systems to further compliance with any of the requirements of section 455J.3.
CHAPTER 456A
REGULATION AND FUNDING — NATURAL RESOURCES DEPARTMENT

456A.26 Interpretation and limitations. Sections 456A.23 through 456A.25 shall not be construed as authorizing the commission to change any penalty for violating any game law or regulation, or change the amount of any license established by the legislature, or to promulgate any open season on any fish, animal, or bird contrary to the laws of the state of Iowa, or to extend except as provided in this chapter any open season or bag limit on any kind of fish, game, fur-bearing animals, or of any birds prescribed by the laws of the state of Iowa or by federal laws or regulations, or to contract any indebtedness or obligation beyond the funds to which they are lawfully entitled.

2009 Acts, ch 133, §156
Section amended

CHAPTER 457B
MIDWEST INTERSTATE LOW-LEVEL RADIOACTIVE WASTE COMPACT

457B.1 Low-level radioactive waste compact. The midwest interstate low-level radioactive waste compact is entered into and enacted into law with all jurisdictions legally joining therein, in the form substantially as follows:

1. Article I — Policy and purpose.
   a. (1) There is created the "Midwest Interstate Low-Level Radioactive Waste Compact".
   (2) The states party to this compact recognize that the Congress of the United States, by enacting the Low-Level Radioactive Waste Policy Act, as amended by the Low-Level Radioactive Waste Policy Amendments Act of 1985, 42 U.S.C. § 2021b-j, has provided for and encouraged the development of low-level radioactive waste compacts as a tool for disposing of such waste. The party states acknowledge that the Congress declared that each state is responsible for providing for the availability of capacity either within or outside the state for the disposal of low-level radioactive waste generated within its borders, except for waste generated as a result of certain defense activities of the federal government or federal research and development activities. The party states also recognize that the disposal of low-level radioactive waste is handled most efficiently on a regional basis; and that the safe and efficient management of low-level radioactive waste generated within the region requires that sufficient capacity to dispose of such waste be properly provided.
   b. It is the policy of the party states to enter into a regional low-level radioactive waste disposal compact for the purpose of:
      (1) Providing the instrument and framework for a cooperative effort;
      (2) Providing sufficient facilities for the proper disposal of low-level radioactive waste generated in the region;
      (3) Protecting the health and safety of the citizens of the region;
      (4) Limiting the number of facilities required to effectively and efficiently dispose of low-level radioactive waste generated in the region;
      (5) Encouraging source reduction and the environmentally sound treatment of waste that is generated to minimize the amount of waste to be disposed of;
      (6) Ensuring that the costs, expenses, liabilities, and obligations of low-level radioactive waste disposal are paid by generators and other persons who use compact facilities to dispose of their waste;
      (7) Ensuring that the obligations of low-level radioactive waste disposal that are the responsibility of the party states are shared equitably among them;
      (8) Ensuring that the party states that comply with the terms of this compact and fulfill their obligations under it share equitably in the benefits of the successful disposal of low-level radioactive waste; and
      (9) Ensuring the environmentally sound, economical, and secure disposal of low-level radioactive wastes.
   c. Implicit in the congressional consent to this compact is the expectation by the Congress and the party states that the appropriate federal agencies will actively assist the compact commission and the individual party states to this compact by:
      (1) Expeditious enforcement of federal rules, regulations, and laws;
      (2) Imposition of sanctions against those found to be in violation of federal rules, regulations, and laws; and
      (3) Timely inspection of their licensees to determine their compliance with these rules, regulations, and laws.

2. Article II — Definitions. As used in this compact, unless the context clearly requires a different construction:
   a. "Care" means the continued observation of
a facility after closing for the purposes of detecting a need for maintenance, ensuring environmental safety, and determining compliance with applicable licensure and regulatory requirements and including the correction of problems which are detected as a result of that observation.

b. “Close”, “closed”, or “closing” means that the compact facility with respect to which any of those terms are used has ceased to accept low-level radioactive waste for disposal. “Permanently closed” means that the compact facility with respect to which the term is used has ceased to accept low-level radioactive waste because a compact facility has operated for twenty years or a longer period of time as authorized by article VI, paragraph “i”, its capacity has been reached, the commission has authorized it to close pursuant to article III, paragraph “h”, subparagraph (7), the host state of such facility has withdrawn from the compact or had its membership revoked, or this compact has been dissolved.

c. “Commission” means the midwest interstate low-level radioactive waste commission.

d. “Compact facility” means a waste disposal facility that is located within the region and that is established by a party state pursuant to the designation of that state as a host state by the commission.

e. “Development” includes the characterization of potential sites for a waste disposal facility, siting of such a facility, licensing of such a facility, and other actions taken by a host state prior to the commencement of construction of a facility to fulfill its obligations as a host state.

f. “Disposal” with regard to low-level radioactive waste, means the permanent isolation of that waste in accordance with the requirements established by the United States nuclear regulatory commission or the licensing agreement state.

g. “Disposal plan” means the plan adopted by the commission for the disposal of low-level radioactive waste within the region.

h. “Facility” means a parcel of land or site, together with the structures, equipment, and improvements on or appurtenant to the land or site, which is or has been used for the disposal of low-level radioactive waste, which is being developed for that purpose, or upon which the construction of improvements or installation of equipment is occurring for that purpose.

i. “Final decision” means a final action of the commission determining the legal rights, duties, or privileges of any person. “Final decision” does not include preliminary, procedural, or intermediate actions by the commission, actions regulating the internal administration of the commission, or actions of the commission to enter into or refrain from entering into contracts or agreements with vendors to provide goods or services to the commission.

j. “Generator” means a person who first produces low-level radioactive waste, including, without limitation, any person who does so in the course of or incident to manufacturing, power generation, processing, waste treatment, waste storage, medical diagnosis and treatment, research, or other industrial or commercial activity. If the person who first produced an item or quantity of low-level radioactive waste cannot be identified, “generator” means the person first possessing the low-level radioactive waste who can be identified.

k. “Host state” means any state which is designated by the commission to host a compact facility or has hosted a compact facility.

l. “Long-term care” means those activities taken by a host state after a compact facility is permanently closed to ensure the protection of air, land, and water resources and the health and safety of all people who may be affected by the compact facility.

m. “Low-level radioactive waste” or “waste” means radioactive waste that is not classified as high-level radioactive waste and that is Class A, B, or C low-level radioactive waste as defined in 10 C.F.R. § 61.55, as that section existed on January 26, 1983. “Low-level radioactive waste” or “waste” does not include any such radioactive waste that is owned or generated by the United States department of energy; by the United States navy as a result of the decommissioning of its vessels; or as a result of research, development, testing, or production of an atomic weapon.

n. “Operates”, “operational”, or “operating” means that the compact facility with respect to which any of those terms is used accepts low-level radioactive waste for disposal.

o. “Party state” means an eligible state that enacted this compact into law, pays any eligibility fee established by the commission, and has not withdrawn from this compact or had its membership in this compact revoked, provided that a state that has withdrawn from this compact or had its membership revoked becomes a party state if it is re-admitted to membership in this compact pursuant to article VIII, paragraph “a”. “Party state” includes a host state. “Party state” also includes statutorily created administrative departments, agencies, or instrumentalities of a party state, but does not include municipal corporations, regional or local units of government, or other political subdivisions of a party state that are responsible for governmental activities on less than a statewide basis.

p. “Person” means any individual, corporation, association, business enterprise, or other legal entity either public or private and any legal successor, representative, agent, or agency of that individual, corporation, association, business enterprise, or other legal entity. “Person” also includes the United States, states, political subdivisions of states, and any department, agency, or instrumentality of the United States or a state.
q. “Region” means the area of the party states.

r. “Site” means the geographic location of a facility.

s. “State” means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands or other territorial possession of the United States.

t. “Storage” means the temporary holding of low-level radioactive waste.

u. “Treatment” means any method, technique or process, including storage for radioactive decay, designed to change the physical, chemical or biological characteristics or composition of low-level radioactive waste in order to render the low-level radioactive waste safer for transport or management, amenable to recovery, convertible to another usable material or reduced in volume.

3. Article III — The commission.

a. There is created the midwest interstate low-level radioactive waste commission. The commission consists of one voting member from each party state. The governor of each party state shall notify the commission in writing of its member and any alternates. An alternate may act on behalf of the member only in that member’s absence.

b. Each commission member is entitled to one vote. Except as otherwise specifically provided in this compact, an action of the commission is binding if a majority of the total membership casts its vote in the affirmative. A party state may direct its member or alternate member of the commission how to vote or not vote on matters before the commission.

c. The commission shall elect annually from among its members a chairperson. The commission shall adopt and publish, in convenient form, bylaws and policies which are not inconsistent with this compact, including procedures for the use of binding arbitration under article VI, paragraph “o”, and procedures which substantially conform with the provisions of the federal Administrative Procedure Act, 5 U.S.C. § 500 to 559, in regard to notice, conduct, and recording of meetings; access by the public to records; provision of information to the public; conduct of adjudicatory hearings; and issuance of decisions.

d. The commission shall meet at least once annually and shall also meet upon the call of the chairperson or any other commission member.

e. All meetings of the commission shall be open to the public with reasonable advance notice. The commission may, by majority vote, close a meeting to the public for the purpose of considering sensitive personnel or legal strategy matters. However, all commission actions and decisions shall be made in open meetings and appropriately recorded.

f. The commission may establish advisory committees for the purpose of advising the commission on any matters pertaining to waste management.

g. The office of the commission shall be in a party state. The commission may appoint or contract for and compensate such limited staff necessary to carry out its duties and functions. The staff shall have the responsibilities and authority delegated to it by the commission in its bylaws.

h. The commission may do any or all of the following:

(1) Appear as an intervenor or party in interest before any court of law or any federal, state, or local agency, board, or commission in any matter related to waste management. In order to represent its views, the commission may arrange for any expert testimony, reports, evidence, or other participation.

(2) Review any emergency closing of a compact facility, determine the appropriateness of that closing, and take whatever lawful actions are necessary to ensure that the interests of the region are protected.

(3) Take any action which is appropriate and necessary to perform its duties and functions as provided in this compact.

(4) Approve the disposal of naturally occurring and accelerator-produced radioactive material at a compact facility. The commission shall not approve the acceptance of such material without first making an explicit determination of the effect of the new low-level radioactive waste stream on the compact facility’s maximum capacity. Such approval requires the affirmative vote of a majority of the commission, including the affirmative vote of the member from the host state of the compact facility that would accept the material for disposal. Any such host state may at any time rescind its vote granting the approval and, thereafter, additional naturally occurring and accelerator-produced radioactive material shall not be disposed of at a compact facility unless the disposal is again approved. All provisions of this compact apply to the disposal of naturally occurring and accelerator-produced radioactive material that has been approved for disposal at a compact waste facility pursuant to this subparagraph.

(5) Enter into contracts in order to perform its duties and functions as provided in this compact.
(6) When approved by the commission, with the member from each host state in which an affected compact facility is operating or being developed or constructed voting in the affirmative, enter into agreements to do any of the following:
(a) Import for disposal within the region low-level radioactive waste generated outside the region.
(b) Export for disposal outside the region low-level radioactive waste generated inside the region.
(c) Dispose of low-level radioactive waste generated within the region at a facility within the region that is not a compact facility.
(7) Authorize a host state to permanently close a compact facility located within its borders earlier than otherwise would be required by article VI, paragraph "i". Such closing requires the affirmative vote of a majority of the commission, including the affirmative vote of the member from the state in which the affected compact facility is located.

i. The commission shall do all of the following:
(1) Submit an annual report to, and otherwise communicate with, the governors and the appropriate officers of the legislative bodies of the party states regarding the activities of the commission.
(2) Adopt and amend, by a two-thirds vote of the membership, in accordance with the procedures and criteria developed pursuant to article IV, a regional disposal plan which designates host states for the establishment of needed compact facilities.
(3) Adopt an annual budget.
(4) Establish and implement a procedure for determining the capacity of a compact facility. The capacity of a compact facility shall be established as soon as reasonably practical after the host state of the compact facility is designated and shall not be changed thereafter without the consent of the host state. The capacity of a compact facility shall be based on the projected volume, radioactive characteristics, or both, of the low-level radioactive waste to be disposed of at the compact facility during the period set forth in article VI, paragraph "q".
(5) Provide a host state with funds necessary to pay reasonable development expenses incurred by the host state after it is designated to host a compact facility.
(6) Establish and implement procedures for making payments from the remedial action fund provided for in paragraph "p".
(7) Establish and implement procedures to investigate a complaint joined in by two or more party states regarding another party state’s performance of its obligations.
(8) Adopt policies promoting source reduction and the environmentally sound treatment of low-level radioactive waste in order to minimize the amount of low-level radioactive waste to be disposed of at compact facilities.
(9) Establish and implement procedures for obtaining information from generators regarding the volume and characteristics of low-level radioactive waste projected to be disposed of at compact facilities and regarding generator activities with respect to source reduction, recycling, and treatment of low-level radioactive waste.
(10) Prepare annual reports regarding the volume and characteristics of low-level radioactive waste projected to be disposed of at compact facilities.

j. Funding for the commission shall be provided as follows:
(1) When no compact facility is operating, the commission may assess fees to be collected from generators of low-level radioactive waste in the region. The fees shall be reasonable and equitable. The commission shall establish and implement procedures for assessing and collecting the fees. The procedures may allow the assessing of fees against less than all generators of low-level radioactive waste in the region; provided that if fees are assessed against less than all generators of waste in the region, generators paying the fees shall be reimbursed the amount of the fees, with reasonable interest, out of the revenues of operating compact facilities.
(2) When a compact facility is operating, funding for the commission shall be provided through a surcharge collected by the host state as part of the fee system provided for in article VI, paragraph "j". The surcharge to be collected by the host state shall be determined by the commission and shall be reasonable and equitable.
(3) In the aggregate, the fees or surcharges, as the case may be, shall be no more than is necessary to:
(a) Cover the annual budget of the commission.
(b) Provide a host state with the funds necessary to pay reasonable development expenses incurred by the host state after it is designated to host a compact facility.
(c) Provide moneys for deposit in the remedial action fund established pursuant to paragraph "p".
(d) Provide moneys to be added to an inadequately funded long-term care fund as provided in article VI, paragraph "a".

k. Financial statements of the commission shall be prepared according to generally accepted accounting principles. The commission shall contract with an independent certified public accountant to annually audit its financial statements and to submit an audit report to the commission. The audit report shall be made a part of the annual report of the commission required by this article.

l. The commission may accept for any of its purposes and functions and may utilize and dispose of any donations, grants of money, equipment, supplies, materials and services from any state or the United States, or any subdivision or agency thereof, or interstate agency, or from any
institution, person, firm, or corporation. The nature, amount, and condition, if any, attendant upon any donation or grant accepted or received by the commission together with the identity of the donor, grantor, or lender, shall be detailed in the annual report of the commission.

m. The commission is a legal entity separate and distinct from the party states. Members of the commission and its employees are not personally liable for actions taken by them in their official capacity. The commission is not liable or otherwise responsible for any costs, expenses, or liabilities resulting from the development, construction, operation, regulation, closing, or long-term care of any compact facility or any noncompact facility made available to the region by any contract or agreement entered into by the commission under paragraph “h”, subparagraph (6). Nothing in this paragraph relieves the commission of its obligations under this article or under contracts to which it is a party. Any liabilities of the commission are not liabilities of the party states.

n. Final decisions of the commission shall be made, and shall be subject to judicial review, in accordance with all of the following conditions:

(1) Every final decision shall be made at an open meeting of the commission. Before making a final decision, the commission shall provide an opportunity for public comment on the matter to be decided. Each final decision shall be reduced to writing and shall set forth the commission’s reasons for making the decision.

(2) Before making a final decision, the commission may conduct an adjudicatory hearing on the proposed decision.

(3) Judicial review of a final decision shall be initiated by filing a petition in the United States district court for the district in which the person seeking the review resides or in which the commission’s office is located not later than sixty days after issuance of the commission’s written decision. Concurrently with filing the petition for review with the court, the petitioner shall serve a copy of the petition on the commission. Within five days after receiving a copy of the petition, the commission shall mail a copy of it to each party state and to all other persons who have notified the commission of their desire to receive copies of such petitions. Any failure of the commission to so mail copies of the petition does not affect the jurisdiction of the reviewing court. Except as otherwise provided in this subparagraph, standing to obtain judicial review of final decisions of the commission and the form and scope of the review are subject to and governed by 5 U.S.C. § 706.

(4) (a) If a party state seeks judicial review of a final decision of the commission that does any of the following, the facts shall be subject to trial de novo by the reviewing court unless trial de novo of the facts is affirmatively waived in writing by the party state:

(i) Imposes financial penalties on a party state.

(ii) Suspends the right of a party state to have waste generated within its borders disposed of at a compact facility or at a noncompact facility made available to the region by an agreement entered into by the commission under paragraph “h”, subparagraph (6).

(iii) Terminates the designation of a party state as a host state.

(iv) Revokes the membership of a party state in this compact.

(v) Establishes the amounts of money that a party state that has withdrawn from this compact or had its membership in this compact revoked is required to pay under article VIII, paragraph “e”.

(b) Any such trial de novo of the facts shall be governed by the federal rules of civil procedure and the federal rules of evidence.

(5) Preliminary, procedural, or intermediate actions by the commission that precede a final decision are subject to review only in conjunction with review of the final decision.

(6) Except as provided in subparagraph (5), actions of the commission that are not final decisions are not subject to judicial review.

o. Unless approved by a majority of the commission, with the member from each host state in which an affected compact facility is operating or is being developed or constructed voting in the affirmative, no person shall do any of the following:

(1) Import low-level radioactive waste generated outside the region for disposal within the region.

(2) Export low-level radioactive waste generated within the region for disposal outside the region.

(3) Manage low-level radioactive waste generated outside the region at a facility within the region.

(4) Dispose of low-level radioactive waste generated within the region at a facility within the region that is not a compact facility.

p. (1) The commission shall establish a remedial action fund to pay the costs of reasonable remedial actions taken by a party state if an event results from the development, construction, operation, closing, or long-term care of a compact facility that poses a threat to human health, safety, or welfare or to the environment. The amount of the remedial action fund shall be adequate to pay the costs of all reasonably foreseeable remedial actions. A party state shall notify the commission as soon as reasonably practical after the occurrence of any event that may require the party state to take a remedial action. The failure of a party state to notify the commission does not limit the rights of the party state under this paragraph “p”.

(2) If the moneys in the remedial action fund are inadequate to pay the costs of reasonable remedial actions, the amount of the deficiency is a li-
ability with respect to which generators shall provide indemnification under article VII, paragraph "g." Generators who provide the required indemnification have the rights of contribution provided in article VII, paragraph "p". This paragraph "p" applies to remedial action taken by a party state regardless of whether the party state takes the remedial action on its own initiative or because it is required to do so by a court or regulatory agency of competent jurisdiction.

q. If the commission makes payment from the remedial action fund provided for in paragraph "p", the commission is entitled to obtain reimbursement under applicable rules of law from any person who is responsible for the event giving rise to the remedial action. Reimbursement may be obtained from a party state only if the event giving rise to the remedial action resulted from the activities of that party state as a generator of waste.

r. If this compact is dissolved, all moneys held by the commission shall be used first to pay for any ongoing or reasonably anticipated remedial actions. Remaining moneys shall be distributed in a fair and equitable manner to those party states that have operating or closed compact facilities within their borders and shall be added to the long-term care funds maintained by those party states.

4. Article IV — Regional disposal plan. The commission shall adopt and periodically update a regional disposal plan designed to ensure the safe and efficient disposal of low-level radioactive waste generated within the region. In adopting a regional low-level radioactive waste disposal plan, the commission shall do all of the following:

a. Adopt procedures for determining, consistent with considerations for public health and safety, the type and number of compact facilities which are presently necessary and which are projected to be necessary to dispose of low-level radioactive waste generated within the region;

b. Develop and adopt procedures and criteria for identifying a party state as a host state for a compact facility. In developing these criteria, the commission shall consider all of the following:
   (1) The health, safety, and welfare of the citizens of the party states.
   (2) The existence of compact facilities within each party state.
   (3) The minimization of low-level radioactive waste transportation.
   (4) The volumes and types of low-level radioactive wastes projected to be generated within each party state.
   (5) The environmental impacts on the air, land, and water resources of the party states.
   (6) The economic impacts on the party states.

c. Conduct such hearings, and obtain such reports, studies, evidence, and testimony required by its approved procedures prior to identifying a party state as a host state for a needed compact facility;

d. Prepare a draft disposal plan and any update thereof, including procedures, criteria, and host states, which shall be made available in a convenient form to the public for comment. Upon the request of a party state, the commission shall conduct a public hearing in that state prior to the adoption or update of the disposal plan. The disposal plan and any update thereof shall include the commission's response to public and party state comment.

5. Article V — Rights and obligations of party states.

a. Each party state shall act in good faith in the performance of acts and courses of conduct which are intended to ensure the provision of facilities for regional availability and usage in a manner consistent with this compact.

b. Except for low-level radioactive waste attributable to radioactive material or low-level radioactive waste imported into the region in order to render the material or low-level radioactive waste amenable to transportation, storage, disposal, or recovery, or in order to convert the low-level radioactive waste to another usable material, or to reduce it in volume or otherwise treat it, each party state has the right to have all low-level radioactive wastes generated within its borders disposed of at compact facilities subject to the payment of all fees established by the host state under article VI, paragraph "j", and to the provisions contained in article VI, paragraphs "l" and "s", article VIII, paragraph "d", article IX, paragraphs "a" and "d", and article X. All party states have an equal right of access to any facility made available to the region by an agreement entered into by the commission pursuant to article III, paragraph "h", subparagraph (6), subject to the provisions of article VI, paragraphs "l" and "s", article VIII, paragraphs "c" and "d", and article X.

c. If a party state's right to have waste generated within its borders disposed of at compact facilities, or at any noncompact facility made available to the region by an agreement entered into by the commission under article III, paragraph "h", subparagraph (6), is suspended, low-level radioactive waste generated within its borders by any person shall not be disposed of at any such facility during the period of the suspension.

d. To the extent permitted by federal law, each party state may enforce any applicable federal and state laws, regulations, and rules pertaining to the packaging and transportation of waste generated within or passing through its borders. Nothing in this paragraph shall be construed to require a party state to enter into any agreement with the United States nuclear regulatory commission.

e. Each party state shall provide to the commission any data and information the commission requires to implement its responsibilities. Each party state shall establish the capability to obtain any data and information required by the commission.
§457B.1 1076

f. (1) If, notwithstanding the sovereign immunity provision in article VII, paragraph “j”, subparagraph (1), and the indemnification provided for in article III, paragraph “p”, article VI, paragraph “q”, and article VII, paragraph “g”, a party state incurs a cost as a result of an inadequate remedial action fund or an exhausted long-term care fund, or incurs a liability as a result of an action described in paragraph “b”, paragraph “f”, subparagraph (1), and not described in article VII, paragraph “g”, subparagraph (2), the cost or liability shall be the pro rata obligation of each party state and each state that has withdrawn from this compact or had its membership in this compact revoked. The commission shall determine each state’s pro rata obligation in a fair and equitable manner based on the amount of low-level radioactive waste from each such state that has been or is projected to be disposed of at the compact facility with respect to which the cost or liability to be shared was incurred. No state shall be obligated to pay the pro rata obligation of any other state.

(2) The pro rata obligations provided for in this paragraph “f” do not result in the creation of state debt. Rather, the pro rata obligations are contractual obligations that shall be enforced by only the commission or an affected party state.

g. If the party states make payment pursuant to this paragraph, the surcharge or fee provided for in article III, paragraph “j”, shall be used to collect the funds necessary to reimburse the party states for those payments. The commission shall determine the time period over which reimbursement shall take place.

6. Article VI — Development, operation, and closing of compact facilities.

a. A party state may volunteer to become a host state, and the commission may designate that state as a host state.

b. If not all compact facilities required by the regional disposal plan are developed pursuant to paragraph “a”, the commission may designate a host state.

c. After a state is designated a host state by the commission, it is responsible for the timely development and operation of the compact facility it is designated to host. The development and operation of the compact facility shall not conflict with applicable federal and host state laws, rules, and regulations, provided that the laws, rules, and regulations of a host state and its political subdivisions shall not prevent, nor shall they be applied so as to prevent, the host state’s discharge of the obligation set forth in this paragraph. The obligation set forth in this paragraph is contingent upon the discharge by the commission of its obligation set forth in article III, paragraph “i”, subparagraph (5).

d. If a party state designated as a host state fails to discharge the obligations imposed upon it by paragraph “c”, its host state designation may be terminated by a two-thirds vote of the commission with the member from the host state of any then operating compact facility voting in the affirmative. A party state whose host state designation has been terminated has failed to fulfill its obligations as a host state and is subject to the provisions of article VIII, paragraph “d”.

e. Any party state designated as a host state may request the commission to relieve that state of the responsibility to serve as a host state. Except as set forth in paragraph “d”, the commission may relieve a party state of its responsibility only upon a showing by the requesting party state that, based upon criteria established by the commission that are consistent with applicable federal criteria, no feasible potential compact facility site exists within its borders. A party state relieved of its host state responsibility shall repay to the commission any funds provided to that state by the commission for the development of a compact facility, and also shall pay to the commission the amount the commission determines is necessary to ensure that the commission and the other party states do not incur financial loss as a result of the state being relieved of its host state responsibility. Any funds so paid to the commission with respect to the financial loss of the other party states shall be distributed forthwith by the commission to the party states that would otherwise incur the loss. In addition, until the state relieved of its responsibility is again designated as a host state and a compact facility located in that state begins operating, it shall annually pay to the commission, for deposit in the remedial action fund, an amount the commission determines is fair and equitable in light of the fact the state has been relieved of the responsibility to host a compact facility, but continues to enjoy the benefits of being a member of this compact.

f. The host state shall select the technology for the compact facility. If requested by the commission, information regarding the technology selected by the host state shall be submitted to the commission for its review. The commission may require the host state to make changes in the technology selected by the host state if the commission demonstrates that the changes do not decrease the protection of air, land, and water resources and the health and safety of all people who may be affected by the compact facility. If requested by the host state, any commission decision requiring the host state to make changes in the technology shall be preceded by an adjudicatory hearing in which the commission shall have the burden of proof.

g. A host state may assign to a private contractor the responsibility, in whole or in part, to develop, construct, operate, close, or provide long-term care for a compact facility. Assignment of such responsibility by a host state to a private contractor does not relieve the host state of any responsibility imposed upon it by this compact. A host state may
secure indemnification from the private contractor for any costs, liabilities, and expenses incurred by the host state resulting from the development, construction, operation, closing, or long-term care of a compact facility.

h. To the extent permitted by federal and state law, a host state shall regulate and license any compact facility within its borders and ensure the long-term care of that compact facility.

e. A host state shall accept waste for disposal for a period of twenty years from the date the compact facility in the host state becomes operational, or until its capacity has been reached, whichever occurs first. At any time before the capacity closes, the host state and the commission may enter into an agreement to extend the period during which the host state is required to accept such waste or to increase the capacity of the compact facility. Except as specifically authorized by paragraph "7", subparagraph (4), the twenty-year period shall not be extended, and the capacity of the facility shall not be increased, without the consent of the affected host state and the commission.

j. A host state shall establish a system of fees to be collected from the users of any compact facility within its borders. The fee system, and the costs paid through the system, shall be reasonable and equitable. The fee system shall be subject to the commission’s approval. The fee system shall provide the host state with sufficient revenue to pay costs associated with the compact facility, including, but not limited to operation, closing, long-term care, debt service, legal costs, local impact assistance, and local financial incentives. The fee system also shall be used to collect the surcharge provided in article III, paragraph "j", subparagraph (2). The fee system shall include incentives for source reduction and shall be based on the hazard of the low-level radioactive waste as well as the volume.

k. A host state shall ensure that a compact facility located within its borders that is permanently closed is properly cared for so as to ensure protection of air, land, and water resources and the health and safety of all people who may be affected by the facility.

l. The development of subsequent compact facilities shall be as follows:

(1) No compact facility shall begin operating until the commission designates the host state of the next compact facility.

(2) (a) The following actions shall be taken by the state designated to host the next compact facility within the specified number of years after the compact facility it is intended to replace begins operation:

(i) Within three years, enact legislation providing for the development of the next compact facility.

(ii) Within seven years, initiate site characterization investigations and tests to determine licensing suitability for the next compact facility.

(iii) Within eleven years, submit a license application for the next compact facility that the responsible licensing authority deems complete.

(b) If a host state fails to take any of these actions within the specified time, all low-level radioactive waste generated by a person within that state shall be denied access to the then operating compact facility, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, paragraph "h", subparagraph (6), until the action is taken. Denial of access may be rescinded by the commission, with the member from the host state of the then operating compact facility voting in the affirmative. A host state that fails to take any of these actions within the specified time has failed to fulfill its obligations as a host state and is subject to the provisions of this paragraph "i", and article VIII, paragraph "d".

(3) Within fourteen years after a compact facility begins operating, the state designated to host the next compact facility shall have obtained a license from the responsible licensing authority to construct and operate the compact facility the state has been designated to host. If the license is not obtained within the specified time, all low-level radioactive waste generated by any person within the state designated to host the next compact facility shall be denied access to the then operating compact facility, and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, paragraph "h", subparagraph (6), until the license is obtained. The state designated to host the next compact facility shall have failed in its obligations as a host state and shall be subject to paragraph "d", and article VIII, paragraph "d". In addition, at the sole option of the host state of the then operating compact facility, all low-level radioactive waste generated by any person within any party state that has not fully discharged its obligations under paragraph "i", shall be denied access to the then operating compact facility, and to a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, paragraph "h", subparagraph (6), until the license is obtained. Denial of access may be rescinded by the commission, with the member from the host state of the then operating compact facility voting in the affirmative.

(4) If twenty years after a compact facility begins operating, the next compact facility is not ready to begin operating, the state designated to host the next compact facility shall have failed in its obligation as a host state and shall be subject to paragraph "d", and article VIII, paragraph "d". If at the time the capacity of the then operating compact facility has been reached, or twenty years after the facility began operating, whichever occurs first, the next compact facility is not ready to begin operating, the host state of the then operat-
ing compact facility, without the consent of any other party state or the commission, may continue to operate the facility until a compact facility in the next host state is ready to begin operating. During any such period of continued operation of a compact facility, all low-level radioactive waste generated by any person within the state designated to host the next compact facility shall be denied access to the then operating compact facility and to a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, paragraph "h", subparagraph (6). In addition, during such period, at the sole option of the host state of the then operating compact facility, all low-level radioactive waste generated by any person within any party state that has not fully discharged its obligations under paragraph "i", shall be denied access to the then operating compact facility and to any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, paragraph "h", subparagraph (6). Denial of access may be rescinded by the commission, with the member from the host state of the then operating compact facility voting in the affirmative. The provisions of this subparagraph shall not apply if their application is inconsistent with an agreement between the host state of the then operating compact facility and the commission as authorized in paragraph "i", or inconsistent with paragraph "p" or "q".

(5) During any period that access is denied for low-level radioactive waste disposal pursuant to paragraph "i", subparagraph (2), (3), or (4), the party state designated to host the next compact facility shall pay to the host state of the then operating compact facility an amount the commission determines is reasonably necessary to ensure that the host state, or an agency or political subdivision thereof, does not incur financial loss as a result of the denial of access. The commission may modify any of the requirements contained in paragraph "i", subparagraphs (2) and (3), if it finds that circumstances have changed so that the requirements are unworkable or unnecessarily rigid or no longer serve to ensure the timely development of a compact facility. The commission may adopt such a finding by a two-thirds vote, with the member from the host state of the then operating compact facility voting in the affirmative.

(6) The commission may modify any of the requirements contained in paragraph "i", subparagraphs (2) and (3), if it finds that circumstances have changed so that the requirements are unworkable or unnecessarily rigid or no longer serve to ensure the timely development of a compact facility. The commission may adopt such a finding by a two-thirds vote, with the member from the host state of the then operating compact facility voting in the affirmative.

m. This compact shall not prevent an emergency closing of a compact facility by a host state to protect air, land, and water resources and the health and safety of all people who may be affected by the compact facility. A host state that has an emergency closing of a compact facility shall notify the commission in writing within three working days of its action and shall, within thirty working days of its action, demonstrate justification for the closing.

n. A party state that has fully discharged its obligations under paragraph "m" shall not again be designated a host state of a compact facility without its consent until each party state has been designated to host a compact facility and has fully discharged its obligations under paragraph "n", or has been relieved under paragraph "o", of its responsibility to serve as a host state.

o. Each host state of a compact facility shall establish a long-term care fund to pay for monitoring, security, maintenance, and repair of the facility after it is permanently closed. The expenses of administering the long-term care fund shall be paid out of the fund. The fund shall be used to collect moneys in amounts that are adequate to pay for all long-term care of the compact facility. The moneys shall be deposited into the long-term care fund. Except where the matter is resolved through arbitration, the amount to be collected through the fee system for deposit into the fund shall be determined through an agreement between the commission and the host state establishing the fund. Not less than three years, nor more than five years, before the compact facility it is designated to host is scheduled to begin operating, the host state shall propose to the commission the amount to be collected through the fee system for deposit into the fund. If, one hundred eighty days after such proposal is made to the commission, the host state and the commission have not agreed, either the commission or the host state may require the matter to be decided through binding arbitration. The method of administration of the fund shall be determined by the host state establishing the long-term care fund, provided that moneys in the fund shall be used only for the purposes set forth in this paragraph, and shall be invested in accordance with the standards applicable to trustees under the laws of the host state establishing the fund. If, after a compact facility is closed, the commission determines the long-term care fund established with respect to that compact facility is not adequate to pay for all long-term care for that compact facility, the commission shall collect and pay over to the host state of the closed compact facility, for deposit into the long-term care fund, an amount determined by the commission to be necessary to make the amount in the fund adequate to pay for all long-term care of the compact facility. If a long-term care fund is exhausted and long-term care expenses for the compact facility with respect to which the fund was created have been reasonably incurred by the host state of the compact facility, those expenses are a liability with respect to which generators shall provide indemnification as provided in article VII, paragraph "g". Generators that provide indemnification shall have contribution rights as provided in article VII, paragraph "g".
p. A host state that withdraws from the compact or has its membership revoked shall immediately and permanently close any compact facility located within its borders, except that the commission and a host state may enter into an agreement under which the host state may continue to operate, as a noncompact facility, a facility within its borders that, before the host state withdrew or had its membership revoked, was a compact facility.

q. If this compact is dissolved, the host state of any then operating compact facility shall immediately and permanently close the compact facility, provided that a host state may continue to operate a compact facility or resume operating a previously closed compact facility, as a noncompact facility, subject to all of the following requirements:

1. The host state shall pay to the other party states the portion of the funds provided to that state by the commission for the development, construction, operation, closing, or long-term care of a compact facility that is fair and equitable, taking into consideration the period of time the compact facility located in that state was in operation and the amount of waste disposed of at the compact facility, provided that a host state that has fully discharged its obligations under paragraph “i”, shall not be required to make such payment.

2. The host state shall physically segregate low-level radioactive waste disposed of at the compact facility after this compact is dissolved from low-level radioactive waste disposed of at the compact facility before this compact is dissolved.

3. The host state shall indemnify and hold harmless the other party states from all costs, liabilities, and expenses, including reasonable attorneys’ fees and expenses, caused by operating the compact facility after this compact is dissolved, provided that this indemnification and hold-harmless obligation shall not apply to costs, liabilities, and expenses resulting from the activities of a host state as a generator of waste.

4. Moneys in the long-term care fund established by the host state that are attributable to the operation of the compact facility before this compact is dissolved, and investment earnings thereon, shall be used only to pay the cost of monitoring, securing, maintaining, or repairing that portion of the compact facility used for the disposal of low-level radioactive waste before this compact is dissolved. Such moneys and investment earnings, and moneys added to the long-term care fund through a distribution authorized by article III, paragraph “r”, also may be used to pay the cost of any remedial action made necessary by an event resulting from the disposal of waste at the facility before this compact is dissolved.

r. Financial statements of a compact facility shall be prepared according to generally accepted accounting principles. The commission may require the financial statements to be audited on an annual basis by a firm of certified public accountants selected and paid by the commission.

s. (1) Low-level radioactive waste may be accepted for disposal at a compact facility only if the generator of the low-level radioactive waste has signed, and there is on file with the commission, an agreement to provide indemnification to a party state, or employee of that state, for all of the following:

a. Any cost of a remedial action described in article III, paragraph “p”, that, due to inadequacy of the remedial action fund, is not paid as set forth in that provision.

b. Any expense for long-term care described in paragraph “o” that, due to exhaustion of the long-term care fund, is not paid as set forth in that provision.

c. Any liability for damages to persons, property, or the environment incurred by a party state, or employee of that state while acting within the scope of employment, resulting from the development, construction, operation, regulation, closing, or long-term care of a compact facility, or a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, paragraph “h”, subparagraph (6), or other matter arising from this compact. The agreement also shall require generators to indemnify the party state or employee against all reasonable attorney’s fees and expenses incurred in defending an action for such damages. This indemnification shall not extend to liability based on any of the following:

i. The activities of the party states as generators of waste.

ii. The obligations of the party states to each other and the commission imposed by this compact or other contracts related to the disposal of low-level radioactive waste under this compact.

iii. Activities of a host state or employees thereof that are grossly negligent or willful and wanton.

2. The agreement shall provide that the indemnification obligation of generators shall be joint and several, except that the indemnification obligation of the party states with respect to their activities as generators of low-level radioactive waste shall not be joint and several, but instead shall be prorated according to the amount of waste that each state had disposed of at the compact facility giving rise to the liability. Such proration shall be calculated as of the date of the event giving rise to the liability. The agreement shall be in a form approved by the commission with the member from the host state of any then operating compact facility voting in the affirmative. Among generators there shall be rights of contribution based on equitable principles, and generators shall have rights of contribution against another person responsible for such damages under common law, statute, rule, or regulation, provided that a party state that through its own activities did not generate any low-level radioactive waste disposed of at
the compact facility giving rise to the liability, an employee of such a party state, and the commission shall not have a contribution obligation. The commission may waive the requirement that the party state sign and file such an indemnification agreement as a condition to being able to dispose of low-level radioactive waste generated as a result of the party state’s activities. Such a waiver shall not relieve a party state of the indemnification obligation imposed by article VII, paragraph "g".

7. Article VII — Other laws and regulations.
   a. Nothing in this compact:
      (1) Abrogates or limits the applicability of any act of Congress or diminishes or otherwise impairs the jurisdiction of any federal agency expressly conferred thereon by the Congress;
      (2) Prevents the enforcement of any other law of a party state which is not inconsistent with this compact;
      (3) Prohibits any generator from storing or treating, on its own premises, low-level radioactive waste generated by it within the region;
      (4) Affects any administrative or judicial proceeding pending on the effective date of this compact;
      (5) Alters the relations between and the respective internal responsibility of the government of a party state and its subdivisions;
      (6) Affects the generation, treatment, storage, or disposal of waste generated by the atomic energy defense activities of the secretary of the United States department of energy or successor agencies or federal research and development activities as described in 42 U.S.C. § 2021;
      (7) Affects the rights and powers of any party state or its political subdivisions, to the extent not inconsistent with this compact, to regulate and license any facility or the transportation of waste within its borders.
   (8) Requires a party state to enter into any agreement with the United States nuclear regulatory commission.
   (9) Limits, expands, or otherwise affects the authority of a state to regulate low-level radioactive waste classified by any agency of the United States government as below regulatory concern or otherwise exempt from federal regulation.
   b. If a court of the United States finally determines that a law of a party state conflicts with this compact, this compact shall prevail to the extent of the conflict. The commission shall not commence an action seeking such a judicial determination unless commencement of the action is approved by a two-thirds vote of the membership of the commission.
   c. Except as authorized by this compact, no law, rule, or regulation of a party state or of any of its subdivisions or instrumentalities may be applied in a manner which discriminates against the generators of another party state.
   d. Except as provided in article III, paragraph "m", and paragraph "f" of this article, no provision of this compact shall be construed to eliminate or reduce in any way the liability or responsibility, whether arising under common law, statute, rule, or regulation, of any person for penalties, fines, or damages to persons, property, or the environment resulting from the development, construction, operation, closing, or long-term care of a compact facility, or a noncompact facility made available to the region by an agreement entered into by the commission pursuant to article III, paragraph "h", subparagraph (6), or other matter arising from this compact. The provisions of this compact shall not alter otherwise applicable laws relating to compensation of employees for workplace injuries.
   e. Except as provided in 28 U.S.C. § 1251(a), the district courts of the United States have exclusive jurisdiction to decide cases arising under this compact. This paragraph does not apply to proceedings within the jurisdiction of state or federal regulatory agencies or to judicial review of proceedings before state or federal regulatory agencies. This paragraph shall not be construed to diminish other laws of the United States conferring jurisdiction on the courts of the United States.
   f. For the purposes of activities pursuant to this compact, the sovereign immunity of party states and employees of party states shall be as follows:
      (1) A party state or employee thereof, while acting within the scope of employment, shall not be subject to suit or held liable for damages to persons, property, or the environment resulting from the development, construction, operation, regulation, closing, or long-term care of a compact facility, or any noncompact facility made available to the region by any agreement entered into by the commission pursuant to article III, paragraph "h", subparagraph (6). This applies whether the claimed liability of the party state or employee is based on common law, statute, rule, or regulation.
      (2) The sovereign immunity granted in subparagraph (1) does not apply to any of the following:
         (a) Actions based upon the activities of the party states as generators of low-level radioactive waste. With regard to those actions, the sovereign immunity of the party states shall not be affected by this compact.
         (b) Actions based on the obligations of the party states to each other and the commission imposed by this compact, or other contracts related to the disposal of low-level radioactive waste under this compact. With regard to those actions, the party states shall have no sovereign immunity.
         (c) Actions against a host state, or employee thereof, when the host state or employee acted in a grossly negligent or willful and wanton manner.
   g. If in an action described in paragraph "f", subparagraph (1), and not described in paragraph
ment of commission members and the tender of requirements. These requirements may include, eligible for membership in the compact. The commission becomes a member of the compact upon the approval of the commission. Any state becoming eligible for membership in the compact when the state enacts this compact into law and pays the eligibility fee established by the commission.

Paragraph “f”, subparagraph (2), it is determined that, notwithstanding paragraph “f”, subparagraph (1), a party state, or employee of that state who acted within the scope of employment, is liable for damages or has liability for other matters arising under this compact as described in article VI, paragraph “s”, subparagraph (3), subparagraph division (c), the generators who caused waste to be placed at the compact facility with respect to which the liability was incurred shall indemnify the party state or employee against that liability. Those generators also shall indemnify the party state or employee against all reasonable attorney’s fees and expenses incurred in defending against any such action. The indemnification obligation of generators under this paragraph shall be joint and several, except that the indemnification obligation of party states with respect to their activities as generators of waste shall not be joint and several, but instead shall be prorated according to the amount of waste each state has disposed of at the compact facility giving rise to the liability. Among generators, there shall be rights of contribution based upon equitable principles, and generators shall have rights of contribution against another person responsible for damages under common law, statute, rule, or regulation. A party state that through its own activities did not generate low-level radioactive waste disposed of at the compact facility giving rise to the liability, an employee of a party state, and the commission shall have no contribution obligation under this paragraph. This paragraph shall not be construed as a waiver of the sovereign immunity provided for in paragraph “f”, subparagraph (1).

h. The sovereign immunity of a party state provided for in paragraph “f”, subparagraph (1), shall not be extended to a private contractor assigned responsibilities as authorized in article VI, paragraph “g”.

8. Article VIII — Eligible parties, withdrawal, revocation, suspension of access, entry into force, and termination.

a. Any state may petition the commission to be eligible for membership in the compact. The commission may establish appropriate eligibility requirements. These requirements may include, but are not limited to, an eligibility fee or designation as a host state. A petitioning state becomes eligible for membership in the compact upon the approval of the commission, including the affirmative vote of the member from each host state in which a compact facility is operating or being developed or constructed. Any state becoming eligible upon the approval of the commission becomes a member of the compact when the state enacts this compact into law and pays the eligibility fee established by the commission.

b. The commission is formed upon the appointment of commission members and the tender of the membership fee payable to the commission by three party states. The governor of the first state to enact this compact shall convene the initial meeting of the commission. The commission shall cause legislation to be introduced in the Congress which grants the consent of the Congress to this compact, and shall take action necessary to organize the commission and implement the provisions of this compact.

c. A party state that has fully discharged its obligations under article VI, paragraph “i”, or has been relieved under article VI, paragraph “e”, of its responsibilities to serve as a host state, may withdraw from this compact by repealing the authorizing legislation and by receiving the unanimous consent of the commission. Withdrawal takes effect on the date specified in the commission resolution consenting to withdrawal. All legal obligations of the withdrawn state established under this compact, including, but not limited to, those set forth in paragraph “e” continue until they are fulfilled.

d. Any party state that fails to comply with the terms of this compact or fails to fulfill its obligations may have reasonable financial penalties imposed against it, may have the right to have low-level radioactive waste generated within its borders disposed of at compact facilities, cease upon the effective date of withdrawal, but any legal obligations of that party state under this compact, including, but not limited to, those set forth in paragraph “e” continue until they are fulfilled.

The consent given by at least three eligible states and consent of the compact facility to which access has been suspended the amount the commission determines is reasonably necessary to ensure that the host state, or any political subdivision thereof, does not incur financial loss as a result of the suspension of access.

This compact becomes effective upon enactment by at least three eligible states and consent to this compact by the Congress. The consent given to this compact by the Congress shall extend to any future admittance of new party states and to the power of the commission to regulate the shipment and disposal of waste and disposal of naturally occurring and accelerator-produced radioactive material pursuant to this compact. Amendments to this compact are effective when enacted by all party states and, if necessary, consented to by the Congress. To the extent required by the Low-Level Radioactive Waste Policy Amendments Act of 1985, 42 U.S.C. § 2021(d)(4)(d), every five years after this compact has taken effect, the Congress by law may withdraw its consent.

The withdrawal of a party state from this compact, the suspension of low-level radioactive waste disposal rights, the termination of a party state’s designation as a host state, or the revocation of a state’s membership in this compact does not affect the applicability of this compact to the remaining party states.

This compact may be dissolved and the obligations arising under this compact may be terminated only as follows:

(a) Through unanimous agreement of all party states expressed in duly enacted legislation; or

(b) Through withdrawal of consent to this compact by the Congress under Article I, section 10, of the United States Constitution, in which case dissolution shall take place one hundred twenty days after the effective date of the withdrawal of consent.

(2) Unless explicitly abrogated by the state legislation dissolving this compact, or if dissolution results from withdrawal of congressional consent, the limitations on the investment and use of long-term care funds in article VI, paragraphs “f”, “g”, “h”, “i”, and “j”, the indemnification obligations and contribution rights in article VI, paragraphs “k”, “l”, and “m”, and article VII, paragraph “n”, and the operation rights indemnification and hold-harmless obligations in article VI, paragraph “o”, shall remain in force notwithstanding dissolution of this compact.

9. Article IX — Penalties and enforcement.

(a) Each party state shall prescribe and enforce penalties against any person who is not an official of another state for violation of any provision of this compact.

(b) The parties to this compact intend that the courts of the United States shall specifically enforce the obligations, including the obligations of party states and revoked or withdrawn party states, established by this compact.

(c) The commission, an affected party state, or both may obtain injunctive relief, recover damages, or both to prevent or remedy violations of this compact.

(d) Each party state acknowledges that the transport into a host state of low-level radioactive waste packaged or transported in violation of ap-

459.204A Stockpiling dry manure — minimum separation distance requirements.

Except as provided in section 459.205, a person shall not stockpile dry manure within one thou-
sand two hundred fifty feet from a residence not owned by the titleholder of the land, a commercial enterprise, a bona fide religious institution, an educational institution, or a public use area.

459.205 Separation distance requirements — exemptions.

A separation distance requirement provided in this subchapter shall not apply to the following:

1. A confinement feeding operation structure, if the structure is part of a confinement feeding operation which qualifies as a small animal feeding operation. However, this subsection shall not apply if the confinement feeding operation structure is an unformed manure storage structure.

2. a. A confinement feeding operation structure which is constructed or expanded, if the titleholder of the land benefiting from the distance separation requirement executes a written waiver with the titleholder of the land where the structure is located. If a confinement feeding operation structure is constructed or expanded within the separation distance required between a confinement feeding operation structure and a public thoroughfare as required pursuant to section 459.202, the state or a political subdivision constructing or maintaining the public thoroughfare benefiting from the distance separation requirement may execute a written waiver with the titleholder of the land where the structure is located. The confinement feeding operation structure shall be constructed or expanded under such terms and conditions that the parties negotiate.

b. A written waiver under this subsection becomes effective only upon the recording of the waiver in the office of the recorder of deeds of the county in which the benefited land is located. The filed waiver shall preclude enforcement by the state of section 459.202 as it relates to a distance requirement between the confinement feeding operation structure and the location or object benefiting from the separation distance requirement.

3. A confinement feeding operation structure which is constructed or expanded within any distance from a residence, educational institution, commercial enterprise, bona fide religious institution, city, or public use area, if the residence, educational institution, commercial enterprise, or bona fide religious institution was constructed or expanded, or the boundaries of the city or public use area were expanded, after the date that the confinement feeding operation was established. The date the confinement feeding operation was established is the date on which the confinement feeding operation commenced operating. A change in ownership or expansion of the confinement feeding operation shall not change the established date of operation.

4. The application of liquid manure on land within a separation distance required between the applied manure and an object or location for which separation is required under section 459.204, if any of the following apply:

a. The liquid manure is injected into the soil or incorporated within the soil not later than twenty-four hours from the original application, as provided by rules adopted by the commission.

b. The titleholder of the land benefiting from the separation distance requirement executes a written waiver with the titleholder of the land where the manure is applied.

c. The liquid manure originates from a small animal feeding operation.

d. The liquid manure is applied by spray irrigation equipment using a center pivot mechanism as provided by rules adopted by the department, if all of the following apply:

(1) The spray irrigation equipment uses hoses which discharge the liquid manure in a downward direction at a height of not more than nine feet above the soil.

(2) The spray irrigation equipment disperses manure through an orifice at a maximum pressure of not more than twenty-five pounds per square inch.

(3) The liquid manure is not applied within two hundred fifty feet from a residence not owned by the titleholder of the land, a commercial enterprise, a bona fide religious institution, an educational institution, or a public use area.

The type and degree of treatment technology required to be installed shall be based on the size of the confinement feeding operation, according to rules adopted by the department. The equipment shall be installed, operated, and maintained in accordance with the manufacturer’s instructions and requirements of rules adopted pursuant to this section.

2. The requirements of subsection 1 do not apply to any of the following:
   a. A qualified confinement feeding operation which includes a confinement feeding operation structure constructed prior to May 31, 1995.

For purposes of this subchapter, all of the following shall apply:

1. Two or more animal feeding operations under common ownership or management are deemed to be a single animal feeding operation if they are adjacent or utilize a common area or system for manure disposal. In addition, for purposes of determining whether two or more confinement feeding operations are adjacent, all of the following must apply:
   a. At least one confinement feeding operation structure must be constructed on or after May 21, 1998.
   b. A confinement feeding operation structure which is part of one confinement feeding operation is separated by less than a minimum required distance from a confinement feeding operation structure which is part of the other confinement feeding operation. The minimum required distance shall be as follows:
      (1) One thousand two hundred fifty feet for confinement feeding operations having a combined animal unit capacity of less than one thousand animal units.

A person shall not be prohibited from constructing a confinement feeding operation structure on a one hundred year floodplain unless the one hundred year floodplain is designated by rule in accordance with this subsection.
   b. (1) Until the effective date of rules adopted by the department to designate the location of each one hundred year floodplain in this state, a person shall not construct a confinement feeding operation structure on land that contains a soil type classified as alluvial unless one of the following applies:
      (a) If the person does not apply for a construction permit as provided in section 459.303, the person must petition the department for a declaratory order pursuant to section 17A.9 to determine whether the location of the proposed confinement feeding operation structure is located on a one hundred year floodplain. The department shall issue a declaratory order in response to the petition, notwithstanding any other provision provided in section 17A.9 to the contrary, within thirty days from the date that the petition is filed with the department.
      (b) If the person does apply for a construction permit as provided in section 459.303, the person must identify that the land contains a soil type classified as alluvial. The department shall determine whether the land is located on a one hundred year floodplain.

2. The department shall provide in its declaratory order or its approval or disapproval of a construction permit application a determination regarding whether the confinement feeding operation structure is to be located on a one hundred year floodplain, whether the confinement feeding operation structure may be constructed at the location, and any conditions for the construction.

3. This paragraph "b" is repealed on the effective date that rules are adopted by the department pursuant to paragraph "a". The department shall provide a caption on the adopted rule as published in the Iowa administrative bulletin as provided in section 17A.4, stating that this paragraph is repealed as provided in this subparagraph. The director of the department shall deliver a copy of the adopted rule to the Iowa Code editor.

4. Dry manure that is stockpiled within a distance of one thousand two hundred fifty feet from another stockpile shall be considered part of the same stockpile.

459.307 Construction design standards — formed manure storage structures.

The department shall adopt rules establishing
construction design standards for formed manure storage structures that are part of confinement feeding operations other than small animal feeding operations. However, the construction design standards shall apply to a formed manure storage structure that is part of a small animal feeding operation as provided in section 459.310.

1. The department may provide for different standards based on criteria developed by the department, which may include any of the following:
   a. Whether the manure storage structure stores only dry manure.
   b. Whether the manure storage structure is part of a confinement feeding operation or the manure storage structure's manure volume capacity.
   c. The depth of footings.
   d. The use of concrete, including its use for the structure's footings, walls, or floor.

2. The construction design standards shall be based, to every extent possible, on uniform standards such as available standards promulgated by ASTM (American society for testing and materials) international. The department may require that all or any part of a formed manure storage structure be constructed of concrete.

3. The construction design standards for concrete shall provide for all of the following:
   a. The concrete's minimum compressive strength calculated on a pounds-per-square-inch basis.
   b. The use of reinforcement, including but not limited to the grade, amount, and location of steel rebar or fiberglass, wire mesh or fabric, or similar materials set in the concrete, or the use of exterior braces to support joints.
   c. The thickness of the footings.

4. A person shall only construct a formed manure storage structure on karst terrain or an area that discharges directly into water of the state or into a tile line that is not directly connected to a tile line or surface tile inlet. A terrace tile inlet or surface tile inlet does not include a tile inlet or surface tile inlet. A terrace tile inlet or surface tile inlet does not allow precipitation-induced runoff to drain from the stockpile to the designated area, four hundred feet. However, this paragraph does not apply to a person who stockpiles the dry manure in a manner that does not allow precipitation-induced runoff to drain from the stockpile to the designated area, four hundred feet. However, this subsection shall not apply to a person who stockpiles dry manure using methods, structures, or practices that contain the stockpile, or the manure storage structure's manure volume capacity.

§459.311 Minimum requirements for manure control.
1. A confinement feeding operation shall retain all manure produced by the operation between periods of manure disposal. For purposes of this section, dry manure may be retained by stockpiling as provided in this subchapter. A confinement feeding operation shall not discharge manure directly into water of the state or into a tile line that discharges directly into water of the state.

2. Manure from an animal feeding operation shall be disposed of in a manner which will not cause surface water or groundwater pollution. Disposal in accordance with the provisions of state law, including this chapter, rules adopted pursuant to the provisions of state law, including this chapter, guidelines adopted pursuant to this chapter, and section 459.314, shall be deemed as compliance with this requirement.

3. The department may require that the owner of a confinement feeding operation install and operate a water pollution monitoring system as part of an unformed manure storage structure.

4. The owner of the confinement feeding operation which discontinues the use of the operation shall remove all manure from related confinement feeding operation structures used to store manure, by a date specified in an order issued to the operation by the department, or six months following the date that the confinement feeding operation is discontinued, whichever is earlier.

   a. Restrictions on the application of manure based on all of the following:
      (1) Calculations necessary to determine the land area required for the application of manure from a confinement feeding operation based on nitrogen use levels in order to obtain optimum crop yields according to a crop schedule specified in the manure management plan, and according to requirements adopted by the department.
§459.312 Application of manure on land — snow covered ground and frozen ground.

A person may apply manure originating from an animal feeding operation on snow covered ground or frozen ground, except to the extent otherwise provided by applicable requirements in this section, this chapter, or the national pollutant discharge elimination system pursuant to the Federal Water Pollution Control Act, 33 U.S.C. ch. 26, as amended, and 40 C.F.R. pts. 122 and 412.

1. During the period beginning December 21 and ending April 1, the person may apply liquid manure originating from a manure storage structure, that is part of a confinement feeding operation, on snow covered ground only when there is an emergency. The person may apply liquid manure originating from a manure storage structure, that is part of a confinement feeding operation, on frozen ground only when there is an emergency. An emergency occurs only when there is an immediate need to comply with section 459.311, subsection 1, due to unforeseen circum-

a. The council shall engage in the regular coordination of water resource-related functions, including protection strategies, planning, assessment, prioritization, review, concurrence, advocacy, and education.

b. In coordinating water resource-related functions, the council may do all of the following:
   (1) Consider the steps necessary to address the planning, management, and implementation of water resource improvement.
   (2) Identify ways to facilitate communication and participation among all water resource stakeholders, including owners of land in Iowa whether they are residents or not.
   (3) Identify inefficiencies in current programs and recommend ways to eliminate duplicative services.
   (4) Improve the availability and management of water resource information.
   (5) Provide incentives for, and recognition of, environmental excellence.
   (6) Regularly assess and identify measurable improvements in water quality.
   (7) Oversee the complete, statewide regional watershed assessment, prioritization, and planning process described in section 466B.5, including a short-term interim program and a long-term comprehensive state water quality and quantity plan updated every five years as provided in sections 466B.5 and 466B.6.
   (8) Develop a protocol which identifies high-priority watersheds, including local and community-based subwatersheds, and which appropriately directs resources to those watersheds.
   (9) Review best available technologies on a regular basis, so that investments of time and program resources can be prioritized and directed to projects that will best and most effectively improve water quality and reduce flood damage within regional and community subwatersheds.
   (11) Develop a protocol for assigning multi-agency teams to regional watersheds and local subwatersheds and guide those teams in the coordination of citizen and agency activities within those watersheds.
   (12) Engage in dialogue with, and pursue efforts to make cooperative agreements with, other states when a watershed extends beyond borders of this state.
   (13) Enter into agreements and make contracts with third parties for the performance of duties imposed by this chapter.
   (14) Prepare a memorandum of understanding identifying the roles and responsibilities of council members in the coordination of the implementation of community-based subwatershed improvement plans. The memorandum shall be a commitment by the agencies participating in council meetings to reach consensus regarding communications with subwatershed planning units.

b. The council shall develop recommendations for policies and funding promoting a watershed management approach to reduce the adverse impact of future flooding on this state’s residents, businesses, communities, and soil and water quality. Policy and funding recommendations shall be submitted to the governor and the general assembly not later than November 15, 2009. The council shall consider policies and funding options for various strategies to reduce the impact of flooding including but not limited to additional floodplain regulation; wetland protection, restoration, and construction; the promulgation and implementation of statewide storm water management standards; conservation easements and other land management; perennial ground cover and other agricultural conservation practices; pervious pavement, bioswales, and other urban conservation practices; and permanent or temporary water retention structures. In developing recommendations, the council shall consult with hydrological and land use experts, representatives of cities, counties, drainage and levee districts, agricultural interests, and soil and water conservation districts, and other urban and regional planning experts.

466B.4 Legislative findings and marketing campaign.

1. Findings. The general assembly finds all of the following:

   a. Most Iowans desire to have improved water quality throughout the state, but many Iowans do not understand the problems with local water quality.
   b. Most Iowans believe that the protection of fish and wildlife benefits all Iowans.
   c. The benefits of improving water quality could far outweigh the costs of implementing mechanisms to improve it.
   d. Most Iowans look to some level of government for the protection of water resources rather than to themselves and their own actions. However, it is not possible or desirable for state government to take complete control and responsibility for water quality.
   e. In addition to the use of Iowa land for agriculture and economic development, the land in watersheds and floodplains should be managed to reduce flooding, reduce flood damage, ameliorate the effects of drought, improve water quality, improve habitat and the natural environment, in-
crease renewable energy production, and enhance recreational opportunities.

2. Marketing campaign. The water resources coordinating council shall develop a marketing campaign to educate Iowans about the need to take personal responsibility for the quality of water in their local watersheds. The emphasis of the campaign shall be that not only is everyone responsible for clean water, but that everyone benefits from it as well. The goals of the campaign shall be to convince Iowans to take personal responsibility for clean water and to equip them with the tools necessary to effect change through local water quality improvement projects.

3. Contingent on funding. The duties imposed in subsection 2 are contingent upon the receipt of funding sufficient to cover the costs associated with the marketing campaign.

   c. To share resources and expertise of the Iowa flood center.
   d. To assist in the development of a workforce in the state knowledgeable regarding flood research, prediction, and mitigation strategies.

4. The director shall adopt rules to implement this section.

§473.13A Energy management improvements identified and implemented.
The state, state agencies, political subdivisions of the state, school districts, area education agencies, and community colleges shall identify and implement, through energy audits and engineering analyses, all energy management improvements identified for which financing is facilitated by the office for the entity. The energy management improvement financings shall be supported through payments from energy savings.
§473.20

1. An energy loan program is established and shall be administered by the office.

3. The building energy management fund shall be allocated from the following sources:

   a. Any moneys awarded or allocated to the state, its citizens, or its political subdivisions as a result of the federal court decisions and United States department of energy settlements resulting from alleged violations of federal petroleum pricing regulations attributable to or contained within the Exxon fund. Amounts remaining in the oil overcharge account established in section 455E.11, subsection 2, paragraph "e", Code 2007, and the energy conservation trust established in section 473.11, Code 2007, as of June 30, 2008, shall be deposited into the building energy management fund pursuant to this paragraph, notwithstanding section 8.60, subsection 15, Code 2007.

   b. (1) Moneys received in the form of fees imposed upon the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations for services performed or assistance rendered pursuant to the building energy management program.    (a) For a building of up to twenty-five thousand square feet, two thousand five hundred dollars.

   (b) For a building in excess of twenty-five thousand square feet, an additional eight cents per square foot.

   (c) A building that houses more energy intensive functions may be subject to a higher fee than the fees specified in subparagraph divisions (a) and (b) as determined by the office.

   (2) Any fees imposed shall be retained by the office and are appropriated to the office for purposes of providing services or assistance under the program.

   c. Moneys appropriated by the general assembly and any other moneys, including grants and gifts from government and nonprofit organizations, available to and obtained or accepted by the office for placement in the fund.

   d. Moneys contained in the intermodal revolving loan fund administered by the department of transportation for the fiscal year beginning July 1, 2019, and succeeding fiscal years.

   e. Moneys in the fund are not subject to section 8.33. Notwithstanding section 12C.7, interest or earnings on moneys in the fund shall be credited to the fund.

4. Moneys awarded or allocated to the state, its citizens, or its political subdivisions as a result of the federal court decisions and United States department of energy settlements resulting from alleged violations of federal petroleum pricing regulations attributable to or contained within the Striper Well fund shall be allocated to and remain under the control of the office for utilization for energy program-related staff support purposes.

The fund shall be used for the operational expenses and administrative costs incurred by the office in facilitating and administering the building energy management program established in section 473.19.

2. The building energy management fund shall consist of amounts deposited into the fund or allocated from the following sources:

   a. Any moneys awarded or allocated to the state, its citizens, or its political subdivisions as a result of the federal court decisions and United States department of energy settlements resulting from alleged violations of federal petroleum pricing regulations attributable to or contained within the Striper Well fund. The fund shall be used for the operational expenses and administrative costs incurred by the office in facilitating and administering the building energy management program established in section 473.19.

   (a) For a building of up to twenty-five thousand square feet, two thousand five hundred dollars.

   (b) For a building in excess of twenty-five thousand square feet, an additional eight cents per square foot.

   (c) A building that houses more energy intensive functions may be subject to a higher fee than the fees specified in subparagraph divisions (a) and (b) as determined by the office.

   (2) Any fees imposed shall be retained by the office and are appropriated to the office for purposes of providing services or assistance under the program.

   c. Moneys appropriated by the general assembly and any other moneys, including grants and gifts from government and nonprofit organizations, available to and obtained or accepted by the office for placement in the fund.

   d. Moneys contained in the intermodal revolving loan fund administered by the department of transportation for the fiscal year beginning July 1, 2019, and succeeding fiscal years.

   e. Moneys in the fund are not subject to section 8.33. Notwithstanding section 12C.7, interest or earnings on moneys in the fund shall be credited to the fund.

   f. Moneys awarded or allocated to the state, state agencies, political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations pursuant to section 473.20A.

   g. Assisting the treasurer of state with financing agreements entered into by the treasurer of state on behalf of state agencies to finance energy management improvements pursuant to section 12.28.

2. For the purpose of this section, section 473.20, and section 473.20A, "energy management improvement" means construction, rehabilitation, acquisition, or modification of an installation in a facility or vehicle which is intended to reduce energy consumption, or energy costs, or both, or allow the use of alternative and renewable energy. "Energy management improvement" may include control and measurement devices. "Nonprofit organization" means an organization exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code.

3. The office shall submit a report by January 1 annually to the governor and the general assembly detailing services provided and assistance rendered pursuant to the building energy management program and pursuant to sections 473.20 and 473.20A, and receipts and disbursements in relation to the building energy management fund created in section 473.19A.

4. Moneys awarded or allocated to the state, its citizens, or its political subdivisions as a result of the federal court decisions and United States department of energy settlements resulting from alleged violations of federal petroleum pricing regulations attributable to or contained within the Striper Well fund shall be allocated to and remain under the control of the office for utilization for energy program-related staff support purposes.

2. The office may facilitate the loan process for political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations for implementation of energy management improvements identified in an energy analysis. Loans shall be facilitated for all cost-effective energy management improvements. For political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations to receive loan assistance under the program, the office shall require completion of an energy management plan including an energy analysis. The office shall approve loans facilitated under this section.

3. a. Cities and counties shall repay the loans from moneys in their debt service funds. Area education agencies shall repay the loans from any moneys available to them.
   b. School districts and community colleges may enter into financing arrangements with the office or its duly authorized agents or representatives obligating the school district or community college to make payments on the loans beyond the current budget year of the school district or community college. Chapter 75 shall not be applicable. School districts shall repay the loans from moneys in either their general fund or debt service fund. Community colleges shall repay the loans from their general fund. Other entities receiving loans under this section shall repay the loans from any moneys available to them.

4. For the purpose of this section, “loans” means loans, leases, or alternative financing arrangements.

5. Political subdivisions of the state, school districts, area education agencies, and community colleges shall design and construct the most energy cost-effective facilities feasible and may use financing facilitated by the office to cover the incremental costs above minimum building code energy efficiency standards of purchasing energy-efficient devices and materials unless other lower cost financing is available. As used in this section, “facility” means a structure that is heated or cooled by a mechanical or electrical system, or any system of physical operation that consumes energy to carry out a process.

6. The office shall not require the state, state agencies, political subdivisions of the state, school districts, area education agencies, and community colleges to implement a specific energy management improvement identified in an energy analysis if the entity which prepared the analysis demonstrates to the office that the facility which is the subject of the energy management improvement is unlikely to be used or operated for the full period of the expected savings payback of all costs associated with implementing the energy management improvement, including without limitation, any fees or charges of the office, engineering firms, financial advisors, attorneys, and other third parties, and all financing costs including interest, if financed.

473.20A Self-liquidating financing.

1. a. The office may facilitate financing agreements that may be entered into with political subdivisions of the state, school districts, area education agencies, community colleges, or nonprofit organizations to finance the costs of energy management improvements on a self-liquidating basis. The provisions of section 473.20 defining eligible energy management improvements apply to financings under this section.
   b. The financing agreement may contain provisions, including interest, term, and obligations to make payments on the financing agreement beyond the current budget year, as may be acceptable to political subdivisions of the state, school districts, area education agencies, community colleges, or nonprofit organizations.
   c. The office shall assist the treasurer of state with financing agreements entered into by the treasurer of state on behalf of state agencies pursuant to section 12.28 to finance energy management improvements being implemented by state agencies.

2. Political subdivisions of the state, school districts, area education agencies, community colleges, and nonprofit organizations may enter into financing agreements and issue obligations necessary to carry out the provisions of the chapter. Chapter 75 shall not be applicable.

473.41 Energy city designation program.

1. The office shall establish an energy city designation program, with the objective of encouraging cities to develop and implement innovative energy efficiency programs. To qualify for designation as an energy city, a city shall submit an application on forms prescribed by the office by rule, indicating the following:
   a. Submission of community-based plans for energy reduction projects, energy-efficient building construction and rehabilitation, and alternative or renewable energy production.
   b. Efforts to secure local funding for community-based plans, and documentation of any state or federal grant or loan funding being pursued in connection therewith.
   c. Involvement of local schools, civic organizations, chambers of commerce, and private groups in a community-based plan.
   d. Existing or proposed ordinances encouraging energy efficiency and conservation, recycling efforts, and energy-efficient building code provisions and enforcement.
   e. Organization of an energy day observance and proclamation with a commemorating event
and awards ceremony for leading energy-efficient community businesses, groups, schools, or individuals.

2. The office shall establish by rule criteria for awarding energy city designations. If more than one designation is awarded annually, the criteria shall include a requirement that the office award the designations to cities of varying populations. Rules shall also be established identifying and publicizing state grant and loan programs relating to energy efficiency, and the development of a procedure whereby the office shall coordinate with other state agencies preferences given in the awarding of grants or making of loans to energy city designated applicants.

CHAPTER 475A
CONSUMER ADVOCATE

475A.3 Office — employees — expenses.
1. Office. The office of consumer advocate shall be a separate division of the department of justice and located at the same location as the utilities division of the department of commerce. Administrative support services may be provided to the consumer advocate division by the department of commerce.

2. Employees. The consumer advocate may employ attorneys, legal assistants, secretaries, clerks, and other employees the consumer advocate finds necessary for the full and efficient discharge of the duties and responsibilities of the office. The consumer advocate may employ consultants as expert witnesses or technical advisors pursuant to contract as the consumer advocate finds necessary for the full and efficient discharge of the duties of the office. Employees of the consumer advocate division, other than the consumer advocate, are subject to merit employment, except as provided in section 8A.412.

3. Salaries, expenses, and appropriation. The salary of the consumer advocate shall be fixed by the attorney general within the salary range set by the general assembly. The salaries of employees of the consumer advocate shall be at rates of compensation consistent with current standards in industry. The reimbursement of expenses for the employees and the consumer advocate is as provided by law. The appropriation for the office of consumer advocate shall be a separate line item contained in the appropriation from the department of commerce revolving fund created in section 546.12.

CHAPTER 476
PUBLIC UTILITY REGULATION

476.6 Changes in rates, charges, schedules, and regulations — supply and cost review — water costs for fire protection.
1. Filing with board. A public utility subject to rate regulation shall not make effective a new or changed rate, charge, schedule, or regulation until the rate, charge, schedule, or regulation has been approved by the board, except as provided in subsections 8 and 10.

2. Written notice of increase. All public utilities, except those exempted from rate regulation by section 476.1, shall give written notice of a proposed increase of any rate or charge to all affected customers served by the public utility at least thirty days prior to the effective date of the increase. If the public utility is subject to rate regulation, the notice to affected customers shall also state that the customer has a right to file a written objection to the rate increase and that the affected customers may request the board to hold a public hearing to determine if the rate increase should be allowed. The board shall prescribe the manner and method that the written notice to each affected customer of the public utility shall be served.

3. Facts and arguments submitted. At the time a public utility subject to rate regulation files with the board an application for any new or changed rates, charges, schedules, or regulations, the public utility also shall submit factual evidence and written argument offered in support of the filing. If the filing is an application for a general rate increase, the utility shall also file affidavits
containing testimonial evidence to be offered in support of the filing, although this requirement does not apply if the public utility is a rural electric cooperative.

4. Hearing set. After the filing of an application for new or changed rates, charges, schedules, or regulations by a public utility subject to rate regulation, the board, prior to the expiration of thirty days after the filing date, shall docket the case as a formal proceeding and set the case for hearing unless the new or changed rates, charges, schedules, or regulations are approved by the board. However, if an application presents no material issue of fact subject to dispute, and the board determines that the application violates a relevant statute, or is not in substantial compliance with a board rule lawfully adopted pursuant to chapter 17A, the application may be rejected by the board without prejudice and without a hearing, provided that the board issues a written order setting forth all of its reasons for rejecting the application. In the case of a gas public utility having less than two thousand customers, the board shall docket a case as a formal proceeding and set the case for hearing as provided in section 476.1C. In the case of a rural electric cooperative, the board may docket the case as a formal proceeding and set the case for hearing prior to the proposed effective date of the tariff. The board shall give notice of formal proceedings as it deems appropriate. The docketing of a case as a formal proceeding suspends the effective date of the new or changed rates, charges, schedules, or regulations until the rates, charges, schedules, or regulations are approved by the board, except as provided in subsection 10.

5. Utility hearing expenses reported. When a case has been docketed as a formal proceeding under subsection 4, the public utility, within a reasonable time thereafter, shall file with the board a report outlining the utility's expected expenses for litigating the case through the time period allowed by the board in rendering a decision. At the conclusion of the utility's presentation of comments, testimony, exhibits, or briefs the utility shall submit to the board a listing of the utility's actual litigation expenses in the proceeding. As part of the findings of the board under subsection 6, the board shall allow recovery of costs of the litigation expenses over a reasonable period of time to the extent the board deems the expenses reasonable and just.

6. Finding by board. If, after hearing and decision on all issues presented for determination in the rate proceeding, the board finds the proposed rates, charges, schedules, or regulations of the utility to be unlawful, the board shall by order authorize and direct the utility to file new or changed rates, charges, schedules, or regulations which, when approved by the board and placed in effect, will satisfy the requirements of this chapter. The rates, charges, schedules, or regulations so approved are lawful and effective upon their approval.

7. Limitation on filings. A public utility shall not make a subsequent filing of an application for a new or changed rate, charge, schedule, or regulation which relates to services for which a rate filing is pending within twelve months following the date the prior application was filed or until the board has issued a final order on the prior application, whichever date is earlier, unless the public utility applies to the board for authority and receives authority to make a subsequent filing at an earlier date.

8. Automatic adjustments permitted. This chapter does not prohibit a public utility from making provision for the automatic adjustment of rates and charges for public utility service provided that a schedule showing the automatic adjustment of rates and charges is first filed with the board.

9. Rate levels for telephone utilities. The board may approve a schedule of rate levels for any regulated service provided by a utility providing communication services.

10. Temporary authority.

a. Upon the request of a public utility, the board shall, when required by this subsection, grant the public utility temporary authority to place in effect any or all of the suspended rates, charges, schedules, or regulations by filing with the board a bond or other undertaking approved by the board conditioned upon the refund in a manner to be prescribed by the board of any amounts collected in excess of the amounts which would have been collected under rates, charges, schedules, or regulations finally approved by the board. In determining that portion of the new or changed rates, charges, schedules, or regulations to be placed in effect prior to a final decision, the board shall apply previously established regulatory principles and shall, at a minimum, permit rates and charges which will allow the utility the opportunity to earn a return on common stock equity equal to that which the board held reasonable and just in the most recent rate case involving the same utility or the same type of utility service, provided that if the most recent final decision of the board in an applicable rate case was rendered more than twelve months prior to the date of filing of the request for temporary rates, the board shall in addition consider financial market data that is filed or that is otherwise available to the board and shall adjust the rate of return on common stock equity that was approved in that decision upward or downward as necessary to reflect current conditions. The board shall render a decision on a request for temporary authority within ninety days after the date of filing of the request. The decision shall be effective immediately. If the board has not rendered a final decision with respect to suspended rates, charges, schedules or regulations upon the expiration of ten months after the filing date,
plus the length of any delay that necessarily results either from the failure of the public utility to exercise due diligence in connection with the proceedings or from intervening judicial proceedings, plus the length of any extension permitted by section 476.33, subsection 3, then those portions that were approved by the board on a temporary basis shall be deemed finally approved by the board and the utility may place them into effect on a permanent basis, and the utility also may place into effect subject to refund and until the final decision of the board any portion of the suspended rates, charges, schedules, or regulations not previously approved on a temporary basis by filing with the board a bond or other undertaking approved by the board.

b. A public utility may choose to place in effect temporary rates, charges, schedules, or regulations without board review ten days after the filing under this section. If the utility chooses to place such rates, charges, schedules, or regulations in effect without board review, the utility shall file with the board a bond or other corporate undertaking approved by the board conditioned upon the refund in a manner prescribed by the board of amounts collected in excess of the amounts which would have been collected under rates, charges, schedules, or regulations finally approved by the board. At the conclusion of the proceeding if the board determines that the temporary rates, charges, schedules, or regulations placed in effect under this paragraph were not based on previously established regulatory principles, the board shall consider ordering refunds based upon the overpayments made by each individual customer class, rate zone, or customer group.

c. If the board finds that an extension of the ten-month period is necessary to permit the accumulation of necessary data with respect to the operation of a newly constructed electric generating facility that has a capacity of one hundred megawatts or more of electricity and that is proposed to be included in the rate base for the first time, the board may extend the ten-month period up to a maximum extension of six months, but only with respect to that portion of the suspended rates, charges, schedules, or regulations that are necessarily connected with the inclusion of the generating facility in the rate base. If a utility is proposing to include in its rate base for the first time a newly constructed electric generating facility that has a capacity of one hundred megawatts or more of electricity, the filing date of new or changed rates, charges, schedules, or regulations shall, for purposes of computing the time limitations stated above, be the date as determined by the board that the new plant went into service, but only with respect to that portion of the suspended rates, charges, schedules, or regulations that are necessarily connected with the inclusion of the generating facility in the rate base.

d. The board shall determine the rate of interest to be paid by a public utility to persons receiving refunds. The interest rate to be applied to refunds of moneys collected subject to refund under this subsection is two percent per annum plus the average quarterly interest rate at commercial banks for twenty-four-month loans for personal expenditures, as determined by the board, compounded annually. The board shall consider federal reserve statistical release G.19 or its equivalent when determining interest to be paid under this subsection.

11. Refunds passed on to customers. If pursuant to federal law or rule a rate-regulated public utility furnishing gas to customers in the state receives a refund or credit for past gas purchases, the savings shall be passed on to the customers in a manner approved by the board. Similarly, if pursuant to federal law or rule a rate-regulated public utility furnishing gas to customers in the state receives a rate for future gas purchases which is lower than the price included in the public utility’s approved rate application, the savings shall be passed on to the customers in a manner approved by the board.

12. Natural gas supply and cost review.

a. The board shall periodically conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate-regulated public utility’s natural gas procurement and contracting practices. The natural gas supply and cost review shall be conducted as a contested case pursuant to chapter 17A.

b. Under procedures established by the board, each rate-regulated public utility furnishing gas shall periodically file a complete natural gas procurement plan describing the expected sources and volumes of its gas supply and changes in the cost of gas anticipated over a future twelve-month period specified by the board. The utilities shall file information as the board deems appropriate.

c. During the natural gas supply and cost review, the board shall evaluate the reasonableness and prudence of the gas procurement plan. If a utility is not taking all reasonable actions to minimize its purchase gas costs, consistent with assuring an adequate long-term supply of natural gas, the board shall not allow the utility to recover from its customers purchase gas costs in excess of those costs that would be incurred under reasonable and prudent policies and practices.

13. Electric energy supply and cost review. The board shall periodically conduct a proceeding for the purpose of evaluating the reasonableness and prudence of a rate-regulated public utility’s procurement and contracting practices related to the acquisition of fuel for use in generating electricity. The evaluation may review the reasonableness and prudence of actions taken by a rate-regulated public utility to comply with the federal Clean Air Act Amendments of 1990, Pub. L. No.
application. Costs of the notice shall be paid for by the public utility subject to rate regulation may apply to the board for inclusion of all or a part of the costs of fire hydrants or other improvements, maintenance, and operations for the purpose of providing adequate water production, storage, and distribution for public fire protection in the rates or charges assessed to consumers covered by the applicant’s fire protection service. The application shall be made in a form and manner approved by the office of energy use and energy efficiency need not be cost-effective and shall not be considered in determining cost-effectiveness of plans as a whole. The energy efficiency programs in the plans may be provided by the utility or by a contractor or agent of the utility. Programs offered pursuant to this subsection by gas and electric utilities that are required to be rate-regulated shall require board approval.

15. Water costs for fire protection in certain cities.
   a. Application. A city furnished water by a public utility subject to rate regulation may apply to the board for inclusion of all or a part of the costs of fire hydrants or other improvements, maintenance, and operations for the purpose of providing adequate water production, storage, and distribution for public fire protection in the rates or charges assessed to consumers covered by the applicant’s fire protection service. The application shall be made in a form and manner approved by or as directed by the board. The applicant shall provide such additional information as the board may require to consider the application.

   b. Review. The board shall review the application, and may in its discretion consider additional evidence, beyond that supplied in the application or provided by the applicant in response to a request for additional information pursuant to paragraph “a”, including, but not limited to, soliciting oral or written testimony from other interested parties.

   c. Notice. Written notice of a proposed rate increase shall be provided by the public utility pursuant to subsection 2, except that notice shall be provided within ninety days of the date of application. Costs of the notice shall be paid for by the applicant.

d. Conditions for approval. As a condition to approving an application to include water-related fire protection costs in the utility’s rates or charges, the board shall make an affirmative determination that the following conditions will be met:
   (1) That the service area currently charged for fire protection, either directly or indirectly, is substantially the same service area containing those persons who will pay for water-related fire protection through inclusion of such costs within the utility’s rates or charges.
   (2) That the inclusion of such costs within the utility’s rates or charges will not cause substantial inequities among the utility’s customers.
   (3) That all or a portion of the costs sought to be included in the utility’s rates or charges by the applicant are reasonable in the circumstances, and limited to the purposes specified in paragraph “a”.
   (4) That written notice has been provided pursuant to paragraph “c” and that the costs of the notice have been paid by the applicant.

   e. Inclusion within rates or charges. If the board affirmatively determines that the conditions of paragraph “d” are or will be satisfied, the board shall include the reasonable costs in the rates or charges assessed to consumers covered by the applicant’s fire protection service.

   f. Written order. The board shall issue a written order within six months of the date of application. The written order shall include a recitation of the facts found pursuant to consideration of the application.

16. Energy efficiency implementation, cost review, and cost recovery.
   a. Gas and electric utilities required to be rate-regulated under this chapter shall file energy efficiency plans with the board. An energy efficiency plan and budget shall include a range of programs, tailored to the needs of all customer classes, including residential, commercial, and industrial customers, for energy efficiency opportunities. The plans shall include programs for qualified low-income persons including a cooperative program with any community action agency within the utility’s service area to implement countywide or communitywide energy efficiency programs for qualified low-income persons. Rate-regulated gas and electric utilities shall utilize Iowa agencies and Iowa contractors to the maximum extent cost-effective in their energy efficiency plans filed with the board.

   b. A gas and electric utility required to be rate-regulated under this chapter shall file energy efficiency plans with the board and procedures established by the board, the utility shall file information as the board deems appropriate. If a utility is not taking all reasonable actions to minimize its fuel and allowance transaction costs, the board shall not allow the utility to recover from its customers fuel and allowance transaction costs in excess of those costs that would be or would have been incurred under reasonable and prudent policies and practices.

   14. Energy efficiency plans. Electric and gas public utilities shall offer energy efficiency programs to their customers through energy efficiency plans. An energy efficiency plan as a whole shall be cost-effective. In determining the cost-effectiveness of an energy efficiency plan, the board shall apply the societal test, utility cost test, rate-payer impact test, and participant test. Energy efficiency programs for qualified low-income persons and for tree planting programs, educational programs, and assessments of consumers’ needs for information to make effective choices regarding energy use and energy efficiency need not be cost-effective and shall not be considered in determining cost-effectiveness of plans as a whole. The energy efficiency programs in the plans may be provided by the utility or by a contractor or agent of the utility. Programs offered pursuant to this subsection by gas and electric utilities that are required to be rate-regulated shall require board approval.

   The plans shall include programs for qualified low-income persons including a cooperative program with any community action agency within the utility’s service area to implement countywide or communitywide energy efficiency programs for qualified low-income persons. Rate-regulated gas and electric utilities shall utilize Iowa agencies and Iowa contractors to the maximum extent cost-effective in their energy efficiency plans filed with the board.
energy independence to develop specific capacity and energy savings performance standards for each utility. The utility shall submit an energy efficiency plan which shall include economically achievable programs designed to attain these energy and capacity performance standards. The board shall periodically report the energy efficiency results including energy savings of each utility to the general assembly.

c. (1) Gas and electric utilities that are not required to be rate-regulated under this chapter shall assess maximum potential energy and capacity savings available from actual and projected customer usage through cost-effective energy efficiency measures and programs, taking into consideration the utility service area’s historic energy load, projected demand, customer base, and other relevant factors. Each utility shall establish an energy efficiency goal based upon this assessment of potential and shall establish cost-effective energy efficiency programs designed to meet the energy efficiency goal. Separate goals may be established for various customer groupings.

(2) Energy efficiency programs shall include efficiency improvements to a utility infrastructure and system and activities conducted by a utility intended to enable or encourage customers to increase the amount of heat, light, cooling, motive power, or other forms of work performed per unit of energy used. In the case of a municipal utility, for purposes of this paragraph, other utilities and departments of the municipal utility shall be considered customers to the same extent that such utilities and departments would be considered customers if served by an electric or gas utility that is not a municipal utility. Energy efficiency programs include activities which lessen the amount of heating, cooling, or other forms of work which must be performed, including but not limited to energy studies or audits, general information, financial assistance, direct rebates to customers or vendors of energy-efficient products, research projects, direct installation by the utility of energy-efficient equipment, direct and indirect load control, time-of-use rates, tree planting programs, educational programs, and hot water insulation distribution programs.

(3) Each utility shall commence the process of determining its cost-effective energy efficiency goal on or before July 1, 2008, shall provide a progress report to the board on or before January 1, 2009, and complete the process and submit a final report to the board on or before January 1, 2010. The report shall include the utility’s cost-effective energy efficiency goal, and for each measure utilized by the utility in meeting the goal, the measure’s description, projected costs, and the analysis of its cost-effectiveness. Each utility or group of utilities shall evaluate cost-effectiveness using the cost-effectiveness tests in accordance with subsection 14 of this section. Individual utilities or groups of utilities may collaborate in conducting the studies required hereunder and may file a joint report or reports with the board. However, the board may require individual information from any utility, even if it participates in a joint report.

(4) On January 1 of each even-numbered year, commencing January 1, 2012, gas and electric utilities that are not required to be rate-regulated shall file a report with the board identifying their progress in meeting the energy efficiency goal and any updates or amendments to their energy efficiency plans and goals. Filings made pursuant to this paragraph “c” shall be deemed to meet the filing requirements of section 476.1A, subsection 1, paragraph “g”, and section 476.1B, subsection 1, paragraph “d”.

d. (1) The board shall evaluate the reports required to be filed pursuant to paragraph “b” by gas and electric utilities required to be rate-regulated, and shall submit a report summarizing the evaluation to the general assembly on or before January 1, 2009.

(2) The board shall evaluate the reports required to be filed pursuant to paragraph “c” by gas and electric utilities that are not required to be rate-regulated, and shall submit a report summarizing the evaluation to the general assembly on or before January 1, 2011.

(3) The reports submitted by the board to the general assembly pursuant to this paragraph “d” shall include the goals established by each of the utilities. The reports shall also include the projected costs of achieving the goals, potential rate impacts, and a description of the programs offered and proposed by each utility or group of utilities, and may take into account differences in system characteristics, including but not limited to sales to various customer classes, age of facilities of new large customers, and heating fuel type. The reports may contain recommendations concerning the achievability of certain intermediate and long-term energy efficiency goals based upon the results of the assessments submitted by the utilities.

e. The board shall conduct contested case proceedings for review of energy efficiency plans and budgets filed by gas and electric utilities required to be rate-regulated under this chapter. The board may approve, reject, or modify the plans and budgets. Notwithstanding the provisions of section 17A.19, subsection 5, in an application for judicial review of the board’s decision concerning a utility’s energy efficiency plan or budget, the reviewing court shall not order a stay. Whenever a request to modify an approved plan or budget is filed subsequently by the office of consumer advocate or a gas or electric utility required to be rate-regulated under this chapter, the board shall promptly initiate a formal proceeding if the board determines that any reasonable ground exists for investigating the request. The formal proceeding may be ini-
Initiated at any time by the board on its own motion. Implementation of board-approved plans or budgets shall be in a manner prescribed by the board. Notice to customers of a contested case proceeding for review of energy efficiency plans and budgets shall be in a manner prescribed by the board.

g. A gas or electric utility required to be rate-regulated under this chapter may recover, through an automatic adjustment mechanism filed pursuant to subsection 8, over a period not to exceed the term of the plan, the costs of an energy efficiency plan approved by the board, including amounts for a plan approved prior to July 1, 1996, in a contested case proceeding conducted pursuant to paragraph "e". The board shall periodically conduct a contested case proceeding to evaluate the reasonableness and prudence of the utility's implementation of an approved energy efficiency plan and budget. If a utility is not taking all reasonable actions to cost-effectively implement an approved energy efficiency plan, the board shall not allow the utility to recover from customers costs in excess of those costs that would be incurred under reasonable and prudent implementation and shall not allow the utility to recover future costs at a level other than what the board determines to be reasonable and prudent. If the result of a contested case proceeding is a judgment against a utility, that utility's future level of cost recovery shall be reduced by the amount by which the programs were found to be imprudently conducted. The utility shall not represent energy efficiency in customer billings as a separate cost or expense unless the board otherwise approves.

h. A rate-regulated utility required to submit an energy efficiency plan under this subsection shall, upon the request of a state agency or political subdivision to which it provides service, provide advice and assistance regarding measures which the state agency or political subdivision might take in achieving improved energy efficiency results. The cooperation shall include assistance in accessing financial assistance for energy efficiency measures.

17. Filing of forecasts. The board shall periodically require each rate-regulated gas or electric public utility to file a forecast of future gas requirements or electric generating needs and the board shall evaluate the forecast. The forecast shall include but is not limited to a forecast of the requirements of its customers, its anticipated sources of supply, and its anticipated means of addressing the forecasted gas requirements or electric generating needs.

18. Energy efficiency program financing. The board may require each rate-regulated gas or electric public utility to offer qualified customers the opportunity to enter into an agreement for the amount of moneys reasonably necessary to finance cost-effective energy efficiency improvements to the qualified customers' residential dwellings or businesses.

19. Allocation of replacement tax costs.

a. The costs of the replacement tax imposed pursuant to chapter 437A shall be reflected in the charges of utilities subject to rate regulation, in lieu of the utilities' costs of property taxes. The imposition of the replacement taxes pursuant to chapter 437A is not intended to initiate any change in the rates and charges for the sale of electricity, the sale of natural gas, or the transportation of natural gas that is subject to regulation by the board and in effect on January 1, 1999.

b. The cost of the replacement taxes imposed by chapter 437A shall be allocated among and within customer classes in a manner that will replicate the tax cost burden of the current property tax on individual customers to the maximum extent practicable.

c. Upon the restructuring of the electric industry in this state so that individual consumers are given the right to choose their electric suppliers, replacement tax costs shall be assigned to the service corresponding to the individual generation, transmission, and delivery taxes. In all other respects, the allocation of the replacement tax costs among and within the customer classes shall remain the same to the maximum extent practicable.

d. Notwithstanding this subsection, the board may determine the amount of replacement tax properly included in retail rates subject to its jurisdiction. The board may determine whether the base rates or some other form of rate is most appropriate for recovery of the costs of the replacement tax, subject to the requirement that utility rates be reasonable and just. The board may also determine the appropriate allocation of the tax. Any significant modification to rate design relating to the replacement tax shall be made in a manner consistent with this subsection unless made in a contested case proceeding where the impact of such modification on competition and consumer costs is considered.

20. Recovery of management costs. A public utility which is assessed management costs by a local government pursuant to chapter 480A is entitled to recover those costs. If the public utility serves customers within the boundaries of the local government imposing the management costs, such costs shall be recovered exclusively from those customers.

21. Electric power generating facility emissions.

a. It is the intent of the general assembly that the state, through a collaborative effort involving state agencies and affected generation owners,
provide for compatible statewide environmental and electric energy policies with respect to regulated emissions from rate-regulated electric power generating facilities in the state that are fueled by coal. Each rate-regulated public utility that is an owner of one or more electric power generating facilities fueled by coal and located in this state on July 1, 2001, shall develop a multiyear plan and budget for managing regulated emissions from its facilities in a cost-effective manner.

(1) The initial multiyear plan and budget shall be filed with the board by April 1, 2002. Updates to the plan and budget shall be filed at least every twenty-four months.

(2) Copies of the initial plan and budget, as well as any subsequent updates, shall be served on the department of natural resources.

(3) The initial multiyear plan and budget and any subsequent updates shall be considered in a contested case proceeding pursuant to chapter 17A. The department of natural resources and the consumer advocate shall participate as parties to the proceeding.

(4) The department of natural resources shall state whether the plan or update meets applicable state environmental requirements for regulated emissions. If the plan does not meet these requirements, the department shall recommend amendments that outline actions necessary to bring the plan or update into compliance with the environmental requirements.

b. The board shall not approve a plan or update that does not meet applicable state environmental requirements and federal ambient air quality standards for regulated emissions from electric power generating facilities located in the state.

c. The board shall review the plan or update and the associated budget, and shall approve the plan or update and the associated budget if the plan or update and the associated budget are reasonably expected to achieve cost-effective compliance with applicable state environmental requirements and federal ambient air quality standards. In reaching its decision, the board shall consider whether the plan or update and the associated budget reasonably balance costs, environmental requirements, economic development potential, and the reliability of the electric generation and transmission system.

d. The board shall issue an order approving or rejecting a plan, update, or budget within one hundred eighty days after the public utility's filing is deemed complete; however, upon good cause shown, the board may extend the time for issuing the order as follows:

(1) The board may grant an extension of thirty days.

(2) The board may grant more than one extension, but each extension must rely upon a separate showing of good cause.

(3) A subsequent extension must not be granted any earlier than five days prior to the expiration of the original one-hundred-eighty-day period, or the current extension.

e. The reasonable costs incurred by a rate-regulated public utility in preparing and filing the plan, update, or budget and in participating in the proceedings before the board and the reasonable costs associated with implementing the plan, update, or budget shall be included in its regulated retail rates.

f. It is the intent of the general assembly that the board, in an environmental plan, update, or associated budget filed under this section by a rate-regulated public utility, may limit investments or expenditures that are proposed to be undertaken prior to the time that the environmental benefit to be produced by the investment or expenditure would be required by state or federal law.
§476.10

vocate as provided under section 475A.6. The board shall deduct all amounts charged directly to any person from the total expenses of the board and the consumer advocate. The board may assess the amount remaining after the deduction to all persons providing service over which the board has jurisdiction in proportion to the respective gross operating revenues of such persons from intrastate operations during the last calendar year over which the board has jurisdiction. For purposes of determining gross operating revenues under this section, the board shall not include gross receipts received by a cooperative corporation or association for wholesale transactions with members of the cooperative corporation or association, provided that the members are subject to assessment by the board based upon the members' gross operating revenues, or provided that such a member is an association whose members are subject to assessment by the board based upon the members' gross operating revenues. If any portion of the remainder can be identified with a specific type of utility service, the board shall assess those expenses only to the entities providing that type of service over which the board has jurisdiction. The board may make the remainder assessments under this paragraph on a quarterly basis, based upon estimates of the expenditures for the fiscal year for the utilities division and the consumer advocate. Not more than ninety days following the close of the fiscal year, the utilities division shall conform the amount of the prior fiscal year's assessments to the requirements of this paragraph.

For gas and electric public utilities exempted from rate regulation pursuant to this chapter, the remainder assessments under this paragraph shall be computed at one-half the rate used in computing the assessment for other persons.

2. a. A person subject to a charge or assessment shall pay the division the amount charged or assessed against the person within thirty days from the time the division provides notice to the person of the amount due, unless the person files an objection in writing with the board setting out the grounds upon which the person claims that such charge or assessment is excessive, unreasonable, erroneous, unlawful, or invalid. Upon receipt of an objection, the board shall set the matter for hearing and issue its order in accordance with its findings in the proceeding.

b. The order shall be subject to review in the manner provided in this chapter. All amounts collected by the division pursuant to the provisions of this section shall be deposited with the treasurer of state and credited to the department of commerce revolving fund created in section 546.12. Such amounts shall be spent in accordance with the provisions of chapter 8.

3. Whenever the board shall deem it necessary in order to carry out the duties imposed upon it in connection with rate regulation under section 476.6, investigations under section 476.3, or review proceedings under section 476.31, the board may employ additional temporary or permanent staff, or may contract with persons who are not state employees for engineering, accounting, or other professional services, or both. The costs of these additional employees and contract services shall be paid by the public utility whose rates are being reviewed in the same manner as other expenses are paid under this section. Beginning on July 1, 1991, there is appropriated out of any funds in the state treasury not otherwise appropriated, such sums as may be necessary to enable the board to hire additional staff and contract for services under this section. The board shall increase quarterly assessments specified in subsection 1, paragraph "b", by amounts necessary to enable the board to hire additional staff and contract for services under this section. The authority to hire additional temporary or permanent staff that is granted to the board by this section shall not be subject to limitation by any administrative or executive order or decision that restricts the number of state employees or the filling of employee vacancies, and shall not be subject to limitation by any law of this state that restricts the number of state employees or the filling of employee vacancies unless that law is made applicable to this section by express reference to this section. Before the board expends or encumbers an amount in excess of the funds budgeted for rate regulation and before the board increases quarterly assessments pursuant to this subsection, the director of the department of management shall approve the expenditure or encumbrance. Before approval is given, the director of the department of management shall determine that the expenses exceed the funds budgeted by the general assembly to the board for rate regulation and that the board does not have other funds from which the expenses can be paid. Upon approval of the director of the department of management the board may expend and encumber funds for the excess expenses, and increase quarterly assessments to raise the additional funds. The board and the office of consumer advocate may add additional personnel or contract for additional assistance to review and evaluate energy efficiency plans and the implementation of energy efficiency programs including, but not limited to, professionally trained engineers, accountants, attorneys, skilled examiners and inspectors, and secretaries and clerks. The board and the office of consumer advocate may also contract for additional assistance in the evaluation and implementation of issues relating to telecommunication competition. The board and the office of the consumer advocate may expend additional sums beyond those sums appropriated. However, the authority to add additional personnel or contract
for additional assistance must first be approved by the department of management. The additional sums for energy efficiency shall be provided to the board and the office of the consumer advocate by the utilities subject to the energy efficiency requirements in this chapter. Telephone companies shall pay any additional sums needed for assistance with telecommunication competition issues. The assessments shall be in addition to and separate from the quarterly assessment.

4. a. Fees paid to the utilities division shall be deposited in the department of commerce revolving fund created in section 546.12. These funds shall be used for the payment, upon appropriation by the general assembly, of the expenses of the utilities division and the consumer advocate division of the department of justice.

b. The administrator and consumer advocate shall account for receipts and disbursements according to the separate duties imposed upon the utilities and consumer advocate divisions by the laws of this state and each separate duty shall be fiscally self-sustaining.

c. All fees and other moneys collected under this section and sections 478.4, 479.16, and 479A.9 shall be deposited into the department of commerce revolving fund created in section 546.12 and expenses required to be paid under this section shall be paid from funds appropriated for those purposes.

§476.23 Electric service conflicts — certificates of authority.

1. An electric utility shall not construct or extend facilities or furnish or offer to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility without having first filed with the board the express written agreement of the electric utility presently serving this customer, except as otherwise provided in this section. Any municipal corporation, after being authorized by a vote of the people, or any electric utility may file a petition with the board requesting a certificate of authority to furnish electric service to the existing point of delivery of any customer already receiving electric service from another electric utility. If, after notice by the board to the electric utility currently serving the customer, objection to the petition is not filed and investigation is not deemed necessary, the board shall issue a certificate within thirty days of the filing of the petition. When an objection is filed, if the board, after notice and opportunity for hearing, determines that service to the customer by the petitioner is in the public interest, including consideration of any unnecessary duplication of facilities, it shall grant this certificate in whole or in part, upon such terms, conditions, and restrictions as may be justified. Whether or not an objection is filed, any certificate issued shall require that the petitioner pay to the electric utility presently serving the customer, the reasonable price for facilities serving the customer. This price determination by the board shall include due consideration of the cost of the facilities being acquired; any necessary generating capacity and transmission capacity dedicated to the customer, including, but not limited to, electric power generating facilities and alternate energy production facilities not yet in service but for which the board has issued an order pursuant to section 476.53, and electric power generating facility emissions plan budgets approved by the board pursuant to section 476.6, subsection 21; depreciation; loss of revenue; and the cost of facilities necessary to reintegrate the system of the utility after detaching the portion sold.

2. An electric utility shall not construct or extend facilities or furnish electric service to a prospective customer not presently being served, unless its existing service facilities are nearer the proposed point of delivery than the service facilities of any other utility. However, an electric utility may extend electric service and transmission lines if the electric utility closest to the delivery point consents to this extension in writing and a copy of the agreement is filed with the board or, if the board, after notice and opportunity for hearing and after giving due consideration to the prevention of unnecessary duplication of facilities, finds that service from an electric utility, other than the closest utility, is in the public interest. This subsection shall not apply if the prospective customers are within an exclusive service area assigned to an electric utility as provided in this division.

3. Notwithstanding subsections 1 and 2 of this section, any electric utility may extend electric service and transmission lines to its own utility property and facilities.

4. If not inconsistent with the provisions of this division:

a. All rights of municipal corporations under chapter 364 to grant a person a franchise to erect, maintain, and operate plants and systems for electric light and power within the corporate boundaries, and rights acquired by franchise or agreement shall be preserved in these municipal corporations;

b. All rights of city utilities under the city code shall be preserved in these city utilities;

c. All rights of city utilities and joint electric utilities under chapter 390 shall be preserved in these city utilities and joint electric utilities; and

d. All rights of cities under chapter 6B are preserved. However, prior to the institution of con-
demolition proceedings, the city shall obtain a certificate of authority from the board in accordance with this division and the board’s determination of price under this division shall be conclusive evidence of damages in these condemnation proceedings.

Section not amended; internal reference change applied

§476.46 Alternate energy revolving loan program.
1. The Iowa energy center created under section 266.39C shall establish and administer an alternate energy revolving loan program to encourage the development of alternate energy production facilities and small hydro facilities within the state.
   a. An alternate energy revolving loan fund is created in the office of the treasurer of state to be administered by the Iowa energy center.
   b. The fund shall include moneys remitted to the fund pursuant to subsection 3 and any other moneys appropriated or otherwise directed to the fund.
   c. Moneys in the fund shall be used to provide loans for the construction of alternate energy production facilities or small hydro facilities as defined in section 476.42.
   d. (1) A gas or electric utility that is not required to be rate-regulated shall not be eligible for a loan under this section. However, gas and electric utilities not required to be rate-regulated shall be eligible for loans from moneys remitted to the fund except as provided in subsection 3. Such loans shall be limited to a maximum of five hundred thousand dollars per applicant and shall be limited to one loan every two years.
   (2) A facility shall be eligible for no more than one million dollars in loans outstanding at any time under this program.
   e. (1) Each loan shall be for a period not to exceed twenty years, shall bear no interest, and shall be repayable to the fund created under this section in installments as determined by the Iowa energy center. The interest rate upon delinquent payments shall accelerate immediately to the current legal usury limit.
   (2) Any loan made pursuant to this program shall become due for payment upon sale of the facility for which the loan was made.
   (3) Interest on the fund shall be deposited in the fund. A portion of the interest on the fund, not to exceed fifty percent of the total interest accrued, shall be used for promotion and administration of the fund.
   f. Section 8.33 shall not apply to the moneys in the fund.
3. The board shall direct all gas and electric utilities required to be rate-regulated to remit to the treasurer of state by July 1, 1996, eighty-five one-thousandths of one percent of the total gross operating revenues during calendar year 1995 derived from their intrastate public utility operations, by July 1, 1997, eighty-five one-thousandths of one percent of the total gross operating revenues during calendar year 1996 derived from their intrastate public utility operations and by July 1, 1998, eighty-five one-thousandths of one percent of the total gross operating revenues during calendar year 1997 derived from their intrastate public utility operations. The amounts collected pursuant to this section shall be in addition to the amounts permitted to be assessed pursuant to section 476.10 and the amounts assessed pursuant to section 476.10A. The board shall allow inclusion of these amounts in the budgets approved by the board pursuant to section 476.6, subsection 16, paragraph “e”.

Subsection 2, paragraph d, subparagraph (1) amended

§476.48 Small wind innovation zone program.
1. Definitions. For purposes of this section, unless the context otherwise requires:
   a. “Electric utility” means a public utility that furnishes electricity to the public for compensation and which enters into a model interconnection agreement with the owner of a small wind energy system as provided in subsection 4.
   b. “Small wind energy system” means a wind energy conversion system that collects and converts wind into energy to generate electricity which has a nameplate generating capacity of one hundred kilowatts or less.
   c. “Small wind innovation zone” means a political subdivision of this state, including but not limited to a city, county, township, school district, community college, area education agency, institution under the control of the state board of regents, or any other local commission, association, or tribal council which adopts, or is encompassed within a local government which adopts, the model ordinance as provided in subsection 3.
2. Program established.
   a. The utilities division shall establish and administer a small wind innovation zone program to optimize local, regional, and state benefits from wind energy and to facilitate and expedite interconnection of small wind energy systems with electric utilities throughout this state. Pursuant to the program, the owner of a small wind energy system located within a small wind innovation zone desiring to interconnect with an electric utility shall benefit from a streamlined application process, may utilize a model interconnection agreement, and can qualify under a model ordinance.
   b. A political subdivision seeking to be designated a small wind innovation zone shall apply to the division upon a form developed by the division. The division shall approve an application which documents that the applicable local government
has adopted the model ordinance or is in the process of amending an existing zoning ordinance to comply with the model ordinance and that an electric utility operating within the political subdivision has agreed to utilize the model interconnection agreement to contract with the small wind energy system owners who agree to its terms.

3. **Model ordinance.** The Iowa league of cities, the Iowa association of counties, the Iowa environmental council, the Iowa wind energy association, and representatives from the utility industry shall consult and develop a model ordinance to be offered on both the Iowa league of cities’ and the Iowa association of counties’ internet sites and made available for use by a local government which constitutes or encompasses a political subdivision that is applying for designation as a small wind innovation zone. A local government adopting the model ordinance shall establish an expedited approval process with regard to small wind energy systems in compliance with the ordinance in order to qualify as a small wind innovation zone.

4. **Model interconnection agreement.** The utilities board shall develop a model interconnection agreement by June 1, 2010, for utilization within a small wind innovation zone by the owner of a small wind energy system seeking to interconnect with an electric utility. The interconnection agreement shall ensure that the energy produced can be safely interconnected with the utility without causing any adverse or unsafe consequences and is consistent with the electric utility’s resource needs. The board shall establish by rule procedures for modification of the model interconnection agreement upon mutually agreeable terms and conditions in unique or unusual circumstances, subject to board approval. Electric utilities shall consider adopting the model interconnection agreement.

5. **Tax credit incentives.** The owner of a small wind energy system operating within a small wind innovation zone shall qualify for the renewable energy tax credit pursuant to chapter 476C.

6. **Reporting requirements.** The division shall prepare a report summarizing the number of applications received from political subdivisions seeking to be designated a small wind innovation zone, the number of applications granted, the number of small wind energy systems generating electricity within each small wind innovation zone, and the amount of wind energy produced, and shall submit the report to the members of the general assembly by January 1 annually.

476.87 Certification of competitive natural gas providers.
1. The board shall certify all competitive natural gas providers and aggregators providing natural gas services in this state. In an application for certification, a competitive natural gas provider or aggregator must reasonably demonstrate managerial, technical, and financial capability sufficient to obtain and deliver the services such provider or aggregator proposes to offer. The board may establish reasonable conditions or restrictions on the certificate at the time of issuance. The board shall adopt rules to establish specific criteria for certification. The board shall make a determination on an application for certification within ninety days of its submission, unless the board determines that additional time is necessary to consider the application, in which case the board may extend the time for making a determination for an additional sixty days.
2. The board may resolve disputes involving the provision of natural gas services by a competitive natural gas provider or aggregator.
3. The board shall allocate the costs and expenses reasonably attributable to certification and dispute resolution in this section to persons identified as parties to such proceeding who are engaged in or who seek to engage in providing natural gas services or other persons identified as participants in such proceeding. The funds received for the costs and the expenses of certification and dispute resolution shall be remitted to the treasurer of state for deposit in the department of commerce revolving fund created in section 546.12 as provided in section 476.10.

476.101 Local exchange competition.
1. A certificate of public convenience and necessity to provide local telephone service shall not be interpreted as conveying a monopoly, exclusive privilege, or franchise. A competitive local exchange service provider shall not be subject to the requirements of this chapter, except that a competitive local exchange service provider shall obtain a certificate of public convenience and necessity pursuant to section 476.29, file tariffs, notify affected customers prior to any rate increase, file reports, information, and pay assessments pursuant to section 476.2, subsection 4, and sections 476.9, 476.10, 476.16, 476.102, and 477C.7, and shall be subject to the board's authority with respect to adequacy of service, interconnection, discontinuation of service, civil penalties, and consumer complaints. If, after notice and opportunity for hearing, the board determines that a competitive local exchange service provider possesses market power in its local exchange market or markets, the board may apply such other provisions of this chapter to a competitive local exchange service provider as it deems appropriate.
2. The duty of a local exchange carrier includes the duty, in accordance with requirements prescribed by the board pursuant to subsection 3 and other laws, to provide equal access to, and interconnection with, its facilities so that its network is fully interoperable with the telecommunications services and information services of other providers, and to offer unbundled essential facilities.
3. a. A local exchange carrier shall provide reasonable access to ducts, conduits, rights-of-way, and other pathways owned or controlled by the local exchange carrier to which reasonable access is necessary to a competitive local exchange service provider in order for a competitive local exchange service provider to provide service and is feasible for the local exchange carrier.
b. Upon application of a local exchange carrier or a competitive local exchange service provider, the board shall determine any matters concerning reasonable access to ducts, conduits, rights-of-way, and other pathways owned or controlled by the local exchange carrier upon which agreement cannot be reached, including but not limited to, matters regarding valuation, space, and capacity restraints, and compensation for access.
4. a. Prior to September 1, 1995, the board shall initiate a rulemaking proceeding to adopt rules that satisfy the requirements enumerated in subparagraphs (1) through (4). The rulemaking proceeding shall be completed as promptly as possible. The board, upon petition or on its own motion, may conduct a separate evidentiary hearing on the same or related subjects. The evidence from a hearing may be considered by the board during the rulemaking proceeding, provided that the board announces its intention to do so prior to the oral presentation in the rulemaking proceeding. The rules shall do the following:
   (1) Require a local exchange carrier to provide unbundled essential facilities of its network, and allow reasonable and nondiscriminatory equal access to, use of, and interconnection with, those unbundled essential facilities on reasonable, cost-based, and tariffed terms and conditions. The board's rules must require a local exchange carrier, including those operating under a plan of price regulation, to file tariffs implementing the unbundled essential facilities within ninety days of the board's final order adopting such rules, except for local exchange carriers with less than seventy-five thousand access lines which must file such tariffs within two years of July 1, 1995. Such access, use, and interconnection shall be on terms and conditions no less favorable than those the local exchange carrier provides to itself and its affiliates for the provision of local exchange, access,
and toll services. This subsection shall not be construed to establish a presumption as to the level of interconnection charges, if any, to be determined by the board pursuant to subparagraph (2).

2. Establish reciprocal cost-based compensation for termination of telecommunications services between local exchange carriers and competitive local exchange service providers.

3. Require local exchange carriers to make interim number portability available on request of a competitive local exchange service provider, and to implement provider number portability as soon as the availability of necessary technology makes provider number portability economically and technically feasible, as determined by the board. The rules shall also devise a reasonable and nondiscriminatory mechanism for the recovery of all recurring and nonrecurring costs of interim and provider number portability.

4. Develop the cost methodology appropriate for a competitive telecommunications environment.

b. The rules adopted in paragraph “a”, subparagraphs (2) and (3), do not apply to local exchange carriers with less than seventy-five thousand access lines until a competitive local exchange service provider has filed for a certificate to provide basic communications services in an exchange or exchanges of the local exchange carrier, or the board determines that competitive necessity requires the implementation of the rules in paragraph “a”;

5. Local exchange carriers shall file tariffs or price lists in accordance with board rules with respect to the services, features, functions, and capabilities offered to comply with board rules on unbundling of essential facilities and interconnection. Local exchange carriers shall submit with the tariffs or price lists for basic communications services and toll services supporting information that is sufficient for the board to determine the relationship between the proposed charges and the costs of providing such services, features, functions, or capabilities, including the imputed cost of intrastate access service rates in toll service rates pursuant to existing board orders. The board shall review the tariffs or price lists to ensure that the charges are cost-based and that the terms and conditions contained in the tariffs or price lists unbundle any essential facilities in accordance with the board’s rules and any other applicable laws.

6. This section shall not be construed to prohibit the board from enforcing rules or orders entered in contested cases pending on July 1, 1995, to the extent that such rules and orders are consistent with the provisions of this section.

7. Except as provided under section 476.29, subsection 2, and this section, the board shall not impose or allow a local exchange carrier to impose restrictions on the resale of local exchange services, functions, or capabilities. The board may prohibit residential service from being resold as a different class of service.

8. Any person may file a written complaint with the board requesting the board to determine compliance by a local exchange carrier with the provisions of sections 476.96 through 476.100, 476.102, and this section, or any board rules implementing those sections. Upon the filing of such complaint, the board may promptly initiate a formal complaint proceeding and give notice of the proceeding and the opportunity for hearing. The formal complaint proceeding may be initiated at any time by the board on its own motion. The board shall render a decision in the proceeding within ninety days after the date the written complaint was filed.

9. A telecommunications carrier, as defined in the federal Telecommunications Act of 1996, shall not do any of the following:

a. Use customer information in a manner which is not in compliance with 47 U.S.C. § 222.

b. Disparage the services offered by another telecommunications carrier through false or misleading statements.

c. Take any action that disadvantages a customer who has chosen to receive services from another telecommunications carrier.

10. In a proceeding associated with the granting of a certificate under section 476.29, approving maps and tariffs for competitive local exchange providers provided for in this section, or in resolving a complaint filed pursuant to subsection 8 and proceedings under 47 U.S.C. § 251 – 254, the board shall allocate the costs and expenses of the proceedings to persons identified as parties in the proceeding who are engaged in or who seek to engage in providing telecommunications services or other persons identified as participants in the proceeding. The funds received for the costs and the expenses shall be remitted to the treasurer of state for deposit in the department of commerce revolving fund created in section 546.12 as provided in section 476.10.

§476.103 Unauthorized change in service — civil penalty.

1. Notwithstanding the deregulation of a communications service or facility under section 476.1D, the board may adopt rules to protect consumers from unauthorized changes in telecommunications service. Such rules shall not impose undue restrictions upon competition in telecommunications markets.
2. As used in this section, unless the context otherwise requires:
   a. "Change in service" means the designation of a new provider of a telecommunications service to a consumer, including the initial selection of a service provider, and includes the addition or deletion of a telecommunications service for which a separate charge is made to a consumer account.
   b. "Consumer" means a person other than a service provider who uses a telecommunications service.
   c. "Executing service provider" means, with respect to any change in telecommunications service, a service provider who executes an order for a change in service received from another service provider.
   d. "Service provider" means a person providing a telecommunications service.
   e. "Submitting service provider" means a service provider who requests another service provider to execute a change in service.
   f. "Telecommunications service" means a local exchange or long distance telephone service other than commercial mobile radio service.
3. The board shall adopt rules prohibiting an unauthorized change in telecommunications service. The rules shall be consistent with federal communications commission regulations regarding procedures for verification of customer authorization of a change in service. The rules, at a minimum, shall provide for all of the following:
   a. (1) A submitting service provider shall obtain verification of customer authorization of a change in service before submitting such change in service.
   (2) Verification appropriate under the circumstances for all other changes in service.
   (3) The verification may be in written, oral, or electronic form and may be performed by a qualified third party.
   (4) The reasonable time period during which the verification is to be retained, as determined by the board.
   b. A customer shall be notified of any change in service.
   c. Appropriate compensation for a customer affected by an unauthorized change in service.
   d. Board determination of potential liability, including assessment of damages, for unauthorized changes in service among the customer, previous service provider, executing service provider, and submitting service provider.
   e. A provision encouraging service providers to resolve customer complaints without involvement of the board.
   f. The prompt reversal of unauthorized changes in service.
   g. Procedures for a customer, service provider, or the consumer advocate to submit to the board complaints of unauthorized changes in service.

In addition to any applicable civil penalty set out in section 476.51, a service provider who violates a provision of this section, a rule adopted pursuant to this section, or an order lawfully issued by the board pursuant to this section, is subject to a civil penalty, which, after notice and opportunity for hearing, may be levied by the board, of not more than ten thousand dollars per violation. Each violation is a separate offense.
   b. A civil penalty may be compromised by the board. In determining the amount of the penalty, or the amount agreed upon in a compromise, the board may consider the size of the service provider, the gravity of the violation, any history of prior violations by the service provider, remedial actions taken by the service provider, the nature of the conduct of the service provider, and any other relevant factors.
   c. A civil penalty collected pursuant to this subsection shall be forwarded by the executive secretary of the board to the treasurer of state to be credited to the department of commerce revolving fund created in section 546.12 and to be used only for consumer education programs administered by the board.
   d. A penalty paid by a rate-of-return regulated utility pursuant to this section shall be excluded from the utility's costs when determining the utility's revenue requirement, and shall not be included either directly or indirectly in the utility's rates or charges to its customers.
   e. The board shall not commence an administrative proceeding to impose a civil penalty under this section for acts subject to a civil enforcement action pending in court under section 714D.7.
5. If the board determines, after notice and opportunity for hearing, that a service provider has shown a pattern of violations of the rules adopted pursuant to this section, the board may by order do any of the following:
   a. Prohibit any other service provider from billing charges to residents of Iowa on behalf of the service provider determined to have engaged in such a pattern of violations.
   b. Prohibit certificated local exchange service providers from providing exchange access services to the service provider.

6. The board has primary jurisdiction over a complaint pursuant to this section initiated by a service provider.
7. Subsection 6 does not preclude proceedings before the federal communications commission to enforce applicable federal law. However, a service provider or a consumer, for the same alleged acts, shall not pursue a complaint both before the federal communications commission and pursuant to this section.
8. The board shall adopt competitively neutral
rules establishing procedures for the solicitation, imposition, and lifting of preferred carrier freezes. A valid preferred carrier freeze prevents a change in service unless the subscriber gives the service provider from whom the freeze was requested the subscriber’s express consent.

4. “Qualified facility” means an electrical production facility that meets all of the following:
   a. Produces electricity from wind.
   b. Is located in Iowa.
   c. Was originally placed in service on or after July 1, 2005, but before July 1, 2012.

476B.4 Limitation.
The wind energy production tax credit shall not be allowed for any kilowatt-hour of electricity that is sold to a related person. For purposes of this section, persons shall be treated as related to each other if such persons would be treated as a single employer under the regulations prescribed under section 52(b) of the Internal Revenue Code. In the case of a corporation that is a member of an affiliated group of corporations filing a consolidated return, such corporation shall be treated as selling electricity to an unrelated person if such electricity is sold to such a person by another member of such group.
476B.5 Determination of eligibility.
1. An owner may apply to the board for a written determination regarding whether a facility is a qualified facility by submitting to the board a written application containing all of the following:
   a. Information regarding the ownership of the facility including the percentage of equity interest held by each owner.
   b. The nameplate generating capacity of the facility.
   c. Information regarding the facility’s initial placement in service.
   d. Information regarding the type of facility.
   e. Except when electricity is used for on-site consumption, a copy of an executed power purchase agreement or other agreement to purchase electricity upon completion of the project. An executed interconnection agreement or transmission service agreement shall be accepted by the board under this paragraph if the owner of the facility has agreed to sell electricity from the facility directly or indirectly to a wholesale power pool market.
   f. Any other information the board may require.
2. The board shall review the application and supporting information and shall make a preliminary determination regarding whether the facility is a qualified facility. The board shall notify the applicant of the approval or denial of the application within thirty days of receipt of the application and information required. If the board fails to notify the applicant of the approval or denial within thirty days, the application shall be deemed denied. An applicant who receives a determination denying an application may file an appeal with the board within thirty days from the date of the denial pursuant to the provisions of chapter 17A. In the absence of a timely appeal, the preliminary determination shall be final. If the application is incomplete, the board may grant an extension of time for the provision of additional information.
3. A facility that is not operational within eighteen months after issuance of an approval for the facility by the board shall cease to be a qualified facility. However, a facility that is approved as qualified under this section but is not operational within eighteen months due to the unavailability of necessary equipment shall be granted an additional twelve months to become operational. A facility that is granted and thereafter loses approval may reapply to the board for a new determination.
4. The maximum amount of nameplate generating capacity of all qualified facilities the board may find eligible under this chapter shall not exceed one hundred fifty megawatts of nameplate generating capacity.
5. An owner shall not be an owner of more than two qualified facilities.

476B.6 Tax credit certificate procedure.
1. a. If a city or a county in which a qualified facility is located has enacted an ordinance under section 427B.26 and an owner has filed for and received special valuation pursuant to that ordinance, the owner is not required to obtain approval from the city council or county board of supervisors to apply for the wind energy production tax credit pursuant to subsection 2.
   b. (1) If neither a city nor a county in which a qualified facility is located has enacted an ordinance under section 427B.26, or a qualified facility is not eligible for special valuation pursuant to an ordinance adopted by a city or a county under section 427B.26, the owner must receive approval of the applicable city council or county board of supervisors of the city or county in which the qualified facility is located in order to be eligible to receive the wind energy production tax credit. The application for approval may be submitted prior to commencement of the construction of the qualified facility but shall be submitted no later than the close of the owner’s first taxable year for which the credit is to be applied for. The application must contain the owner’s name and address, the address of the qualified facility, and the dates of the owner’s first and last taxable years for which the credit will be applied for. Within forty-five days of the receipt of the application for approval, the city council or county board of supervisors, as applicable, shall either approve or disapprove the application. After the forty-five-day time period has expired, the application is deemed to be approved.
   (2) Upon approval of an application submitted pursuant to subparagraph (1), the owner may apply for the tax credit as provided in subsection 2. In addition, approval of the application submitted pursuant to subparagraph (1) is acceptance by the applicant for the assessment of the qualified facility for property tax purposes for a period of twelve years and approval by the city council or county board of supervisors, as applicable, for the payment of the property taxes levied on the qualified property to the state. For purposes of property taxation, the qualified facility receiving approval of an application submitted pursuant to subparagraph (1) shall be centrally assessed and shall be exempt from any replacement tax under section 437A.6 for the period during which the facility is subject to property taxation. The property taxes to be paid to the state are those property taxes which make up the consolidated tax levied on the qualified facility and which are due and payable in the twelve-year period beginning with the first fiscal year beginning on or after the end of the own-
er's first taxable year for which the credit is applied for. Upon approval of the application, the city council or county board of supervisors, as applicable, shall notify the county treasurer to designate on the tax statement which lists the taxes on the qualified facility the amount of the property taxes to be paid to the department. Payment of the designated property taxes to the department shall be in the same manner as required for the payment of regular property taxes and failure to pay designated property taxes to the department shall be treated the same as failure to pay property taxes to the county treasurer.

c. Once the owner of the qualified facility receives approval under paragraph "b", subsequent approval under paragraph "b" is not required for the same qualified facility for subsequent taxable years.

2. An owner of a qualified facility may apply to the board for the wind energy production tax credit by submitting to the board all of the following:
   a. A completed application in a form prescribed by the board.
   b. A copy of the determination granting approval of the facility as a qualified facility by the board.
   c. A copy of a signed power purchase agreement or other agreement to purchase electricity.
   d. Sufficient documentation that the electricity has been generated by the qualified facility and sold to a purchaser.

   e. For a facility in which electricity is used for on-site consumption, the requirements of paragraphs "c" and "d" shall not be applicable. For such facilities, the owner must submit a certification under penalty of perjury that the claimed amount of electricity was generated by the qualified facility and consumed by the owner.
   f. Any other information the board deems necessary.

3. The board shall notify the department of the amount of kilowatt-hours generated and purchased from a qualified facility or generated and used on-site by a qualified facility. The department shall calculate the amount of the tax credit for which the applicant is eligible and shall issue the tax credit certificate for that amount or notify the applicant in writing of its refusal to do so. An applicant whose application is denied may file an appeal with the department within sixty days from the date of the denial pursuant to the provisions of chapter 17A.

4. Each tax credit certificate shall contain the owner's name, address, and tax identification number, the amount of tax credits, the first taxable year the certificate may be used, the type of tax to which the tax credits shall be applied, and any other information required by the department. The tax credit certificate shall only list one type of tax to which the amount of the tax credit may be applied. Once issued by the department, the tax credit certificate shall not be terminated or rescinded.

5. A tax credit certificate may be filed pursuant to any of the following, to the extent applicable:
   a. If the tax credit application is filed by a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, division II or III, the tax credit certificate shall be issued directly to equity holders or beneficiaries of the applicant in proportion to their pro rata share of the income of such entity. The applicant shall, in the application made under this section, identify its equity holders or beneficiaries, and the percentage of such entity's income that is allocable to each equity holder or beneficiary.
   b. If the tax credit applicant under this section is eligible to receive renewable electricity production credits authorized under section 45 of the Internal Revenue Code, as amended, and the tax credit applicant is a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, division II or III, the tax credit certificate may be issued to a partner if the business is a partnership, a shareholder if the business is an S corporation, or a member if the business is a limited liability company in the amounts designated by the eligible partnership, S corporation, or limited liability company. In absence of such designation, the credits under this section shall flow through to the partners, shareholders, or members in accordance with their pro rata share of the income of the entity. The applicant shall, in the application made under this section, identify the holders or beneficiaries that are to receive the tax credit certificates and the percentage of the tax credit that is allocable to each holder or beneficiary.
   c. If an applicant under this section is eligible to receive renewable electricity production credits authorized under section 45 of the Internal Revenue Code, as amended, and the tax credit applicant is a partnership, limited liability company, S corporation, estate, trust, or other reporting entity all of the income of which is taxed directly to its equity holders or beneficiaries, for the taxes imposed under chapter 422, division II or III, the tax credit certificates and all future rights to the tax credit in this section may be distributed to an equity holder or beneficiary as a liquidating distribution or portion thereof, of a holder or beneficiary's interest in the applicant entity. The applicant shall, in the application made under this section, designate the percentage of the tax credit allocable to the liquidating equity holder or beneficiary that is
to receive the current and future tax credit certificates under this section.

d. If the tax credit application is filed by a partnership, limited liability company, S corporation, estate, trust, or other reporting entity, all of whose income is taxed directly to its equity holders or beneficiaries for the taxes imposed under chapter 422, division V, or under chapter 423, 432, or 437A, the tax credit certificate shall be issued directly to the partnership, limited liability company, S corporation, estate, trust, or other reporting entity.

6. The department shall not issue a tax credit certificate if the facility approved by the board as a qualified facility is not operational within eighteen months after the approval is issued.

7. Once a tax credit certificate is issued pursuant to this section, the tax credit may only be claimed against the type of tax reflected on the certificate.

8. A tax credit certificate shall not be used or attached to a return filed for a taxable year beginning prior to July 1, 2006.

CHAPTER 476C
RENEWABLE ENERGY TAX CREDIT

476C.3 Determination of eligibility.
1. A producer or purchaser of renewable energy may apply to the board for a written determination regarding whether a facility is an eligible renewable energy facility by submitting to the board a written application containing all of the following:

a. Information regarding the ownership of the facility including the percentage of equity interest held by each owner.

b. The nameplate generating capacity of the facility or energy production capacity equivalent.

c. Information regarding the facility’s initial placement in service.

d. Information regarding the type of facility and what type of renewable energy the facility will produce.

e. A copy of the power purchase agreement or other agreement to purchase electricity, hydrogen fuel, methane or other biogas, or heat for a commercial purpose which shall designate either the producer or purchaser of renewable energy as eligible to apply for the renewable energy tax credit.

f. Any other information the board may require.

2. The board shall review the application and supporting information and shall make a preliminary determination regarding whether the facility is an eligible renewable energy facility. The board shall notify the applicant of the approval or denial of the application within thirty days of receipt of the application and information required. If the board fails to notify the applicant of the approval or denial within thirty days, the application shall be deemed denied unless the application is placed on a waiting list as described in subsection 5. An applicant who receives a determination denying an application may file an appeal with the board within thirty days from the date of the denial pursuant to the provisions of chapter 17A. In the absence of a timely appeal, the preliminary determination shall be final. If the application is incomplete, the board may grant an extension of time for the provision of additional information.

3. A facility that is not operational within thirty months after issuance of an approval for the facility by the board shall cease to be an eligible renewable energy facility. However, a wind energy conversion facility that is approved as eligible under this section but is not operational within eighteen months due to the unavailability of necessary equipment shall be granted an additional twenty-four months to become operational. A facility that is granted and thereafter loses approval may re-
apply to the board for a new determination.

4. The maximum amount of nameplate generating capacity of all wind energy conversion facilities the board may find eligible under this chapter shall not exceed three hundred thirty megawatts of nameplate generating capacity. The maximum amount of energy production capacity equivalent of all other facilities the board may find eligible under this chapter shall not exceed a combined output of twenty megawatts of nameplate generating capacity and one hundred sixty-seven billion British thermal units of heat for a commercial purpose. Of the maximum amount of energy production capacity equivalent of all other facilities found eligible under this chapter, fifty-five billion British thermal units of heat for a commercial purpose shall be reserved for an eligible facility that is a refuse conversion facility for processed, engineered fuel from a multicounty solid waste management planning area. The maximum amount of energy production capacity the board may find eligible for a single refuse conversion facility is fifty-five billion British thermal units of heat for a commercial purpose.

5. The board shall maintain a waiting list of facilities that may have been found eligible under this section but for the maximum capacity restrictions of subsection 4. The priority of the waiting list shall be maintained in the order the applications were received by the board. The board shall remove from the waiting list any facility that has subsequently been found ineligible under this chapter. If additional capacity becomes available within the capacity restrictions of subsection 4, the board shall grant approval to facilities according to the priority of the waiting list before granting approval to new applications. An owner of a facility on the waiting list shall provide the board each year by August 31 with a sworn statement of verification stating that the information contained in the application for eligibility remains true and correct or stating that the information has changed and providing the new information.

6. An owner meeting the requirements of section 476C.1, subsection 6, paragraph “b”, shall not be an owner of more than two eligible renewable energy facilities. A person that has an equity interest equal to or greater than fifty-one percent in an eligible renewable energy facility shall not have an equity interest greater than ten percent in any other eligible renewable energy facility.

478.1 Franchise.

1. A person shall not construct, erect, maintain, or operate a transmission line, wire, or cable that is capable of operating at an electric voltage of sixty-nine kilovolts or more along, over, or across any public highway or grounds outside of cities for the transmission, distribution, or sale of electric current without first procuring from the utilities board within the utilities division of the department of commerce a franchise granting authority as provided in this chapter.

2. A franchise shall not be required for electric lines constructed entirely within the boundaries of property owned by a person primarily engaged in the transmission or distribution of electric power or entirely within the boundaries of property owned by the end user of the electric power.

3. If the transmission line, wire, or cable is capable of operating only at an electric voltage of less than sixty-nine kilovolts, no franchise is required.

However, the utilities board shall retain jurisdiction over all such lines, wires, or cables.

4. A person who seeks to construct, erect, maintain, or operate a transmission line, wire, or cable that will operate at an electric voltage of less than sixty-nine kilovolts outside of cities and that cannot secure the necessary voluntary easements to do so may petition the board pursuant to section 478.3, subsection 1, for a franchise granting authority for such construction, erection, maintenance, or operation, and for the use of the right of eminent domain.

5. Notwithstanding any other provision of this chapter, if an existing transmission line, wire, or cable is operating at thirty-four and one-half kilovolts, it may be franchised, rebuilt, and upgraded to be capable of operation at sixty-nine kilovolts using an abbreviated franchise process if the upgraded line will meet required safety standards, will be on substantially the same right-of-way, and

The board may adopt rules defining relevant terms, setting forth the steps of the abbreviated process, and specifying the requirements for the petition and landowner notification. The petitioner shall provide written notice concerning the anticipated construction to the last known address of the owners of record of the property where construction will occur and to the parties residing on such property. The franchise may be granted if the board finds the upgraded line is necessary to serve a public use and represents a reasonable relationship to an overall plan of transmitting electricity in the public interest. The franchise shall not become effective until the petitioner has paid, or agreed to pay, all costs and expenses of the franchise proceeding specified in section 478.4.

The utilities board shall consider the petition and any objections filed to it in the manner provided. It shall examine the proposed route or cause any engineer selected by it to do so. If a hearing is held on the petition it may hear testimony as may aid it in determining the propriety of granting the franchise. It may grant the franchise in whole or in part upon the terms, conditions, and restrictions, and with the modifications as to location and route as may seem to it just and proper. Before granting the franchise, the utilities board shall make a finding that the proposed line or lines are necessary to serve a public use and represents a reasonable relationship to an overall plan of transmitting electricity in the public interest. A franchise shall not become effective until the petitioners shall pay, or file an agreement to pay, all costs and expenses of the franchise proceeding, whether or not objections are filed, including costs of inspections or examinations of the route, hearing, salaries, publishing of notice, and any other expenses reasonably attributable to it. The funds received for the costs and the expenses of the franchise proceeding shall be remitted to the treasurer of state for deposit in the department of commerce revolving fund created in section 546.12 as provided in section 476.10.

§481A.151 Restitution for pollution causing injury to wild animals.
1. A person who is liable for polluting a water of this state in violation of state law, including this chapter, shall also be liable to pay restitution to the department for injury caused to a wild animal by the pollution. The amount of the restitution shall also include the department's administrative costs for investigating the incident. The administration of this section shall not result in a duplication of damages collected by the department under section 455B.392, subsection 1, paragraph “a”, subparagraph (3).
2. The commission shall adopt rules providing for procedures for investigations and the administrative assessment of restitution amounts. 3. Rules adopted by the commission shall provide for methods used to determine the extent of an injury and the monetary values for the loss of injured wild animals based on species.
   a. The rules shall provide for methods used to count dead fish and to calculate restitution values. The rules may incorporate methods and values published by the American fisheries society. To every extent practicable, the values shall be based on the estimates of lost recreational angler opportunities where applicable. As an alternative method of valuation, the rules may provide that for fish species that are protected by catch limits, possession limits, size limits, or closed seasons applicable to anglers, liquidated damages apply. The amount of the liquidated damages shall not exceed fifteen dollars per fish. For fish species that are classified by the commission as endangered or threatened, the rules may establish liquidated damages not to exceed one thousand dollars per fish.
   b. The rules shall provide guidelines for estimating the extent of loss of a species that is affected by a pollution incident but which would not be practical to count in sample areas. The rules may establish liquidated damage amounts for species
whose replacement cost is difficult to determine.

4. Moneys collected by the department in restitution shall be deposited into the state fish and game protection fund. The moneys shall be used exclusively to support restoration or improvement of fisheries, including but not limited to aquatic habitat improvement projects as provided in rules adopted by the commission. However, moneys collected from restitution paid for investigative costs shall be used as determined by the director.

489.1203 Series distributions.
1. Any distribution made by a series before its dissolution and winding up must be in equal shares among the series members and dissociated series members, except to the extent necessary to comply with any transfer effective under section 489.502 and any charging order in effect under section 489.503.
2. A person has a right to a distribution before the dissolution and winding up of a series only if the series decides to make an interim distribution. A person’s dissociation does not entitle the person to a distribution.
3. A person does not have a right to demand or receive a distribution from a series in any form other than money. Except as otherwise provided in section 489.708, subsection 3, a series may distribute an asset in kind if each part of the asset is fungible with each other part and each person receives a percentage of the asset equal in value to the person’s share of distributions.

4. If a series member or transferee becomes entitled to receive a distribution, the series member or transferee has the status of, and is entitled to all remedies available to, a creditor of the series with respect to the distribution.

5. a. A series shall not make a distribution if after the distribution any of the following occurs:
   (1) The series would not be able to pay its debts as they become due in the ordinary course of the series’ activities.
   (2) The series’ total assets would be less than the sum of its total liabilities plus the amount that would be needed, if the series were to be dissolved, wound up, and terminated at the time of the distribution, to satisfy the preferential rights upon dissolution, winding up, and termination of members whose preferential rights are superior to those of persons receiving the distribution.

b. As used in paragraph “a”, “distribution” does not include amounts constituting reasonable compensation for present or past services or reasonable payments made in the ordinary course of business under a bona fide retirement plan or other benefits program.

6. A series may base a determination that a distribution is not prohibited under subsection 1 on financial statements prepared on the basis of accounting practices and principles that are reasonable in the circumstances or on a fair valuation or other method that is reasonable under the circumstances.

7. Except as otherwise provided in subsection 9, the effect of a distribution under subsection 1 is measured as follows:
   a. In the case of a distribution by purchase, redemption, or other acquisition of a transferable interest in the series, as of the date money or other property is transferred or debt incurred by the series.
   b. In all other cases, as of the date when one of the following occurs:
      (1) The distribution is authorized, if the payment occurs within one hundred twenty days after that date.
      (2) The payment is made, if the payment occurs more than one hundred twenty days after the distribution is authorized.

8. A series’ indebtedness to a series member incurred by reason of a distribution made in accordance with this section is at parity with the series’ indebtedness to its general, unsecured creditors.

9. A series’ indebtedness, including indebtedness issued in connection with or as part of a distribution, is not a liability for purposes of subsection 5 if the terms of the indebtedness provide that payment of principal and interest are made only to the extent that a distribution could be made to members of the series under this section. If such indebtedness is issued as a distribution, each payment of principal or interest on the indebtedness is treated as a distribution, the effect of which is measured on the date the payment is made.

10. a. Except as otherwise provided in paragraph “b”, if a member of a member-managed series or manager of a manager-managed series consents to a distribution made in violation of this section and in consenting to the distribution fails to comply with section 489.409, the member or manager is personally liable to the series for the amount of the distribution that exceeds the amount that could have been distributed without the violation of this section.

b. To the extent the operating agreement of a member-managed series expressly relieves a series member of the authority and responsibility to consent to distributions and imposes that authority and responsibility on one or more other members of the series, the liability stated in paragraph “a” applies to the other members of the series and not the member of the series that the operating agreement relieves of authority and responsibility.

11. A person that receives a distribution knowing that the distribution to that person was made in violation of this section is personally liable to the limited liability company but only to the extent that the distribution received by the person exceeded the amount that could have been properly paid under this section.

12. A person against which an action is commenced because the person is liable under subsection 10 may do any of the following:
   a. Implead any other person that is subject to liability under subsection 10 and seek to compel contribution from the person.
   b. Implead any person that received a distribution in violation of subsection 11 and seek to compel contribution from the person in the amount the person received in violation of that subsection.

13. An action under this section is barred if not commenced within two years after the distribution.

490.831 Standards of liability for directors.
1. A director shall not be liable to the corporation or its shareholders for any decision as director to take or not to take action, or any failure to take any action, unless the party asserting liability in a proceeding establishes both of the following:

- That any of the following apply:
  - Action not in good faith.

- The protection afforded by section 490.870 does not preclude liability.
  - A sustained failure of the director to devote attention to ongoing oversight of the business and affairs of the corporation, or a failure to devote
§490.831

1. Notwithstanding any other provision of this chapter, a corporation shall not engage in any business combination with an interested shareholder for a period of three years following the time that the shareholder became an interested shareholder, unless any of the following apply:

a. Prior to the time the shareholder became an interested shareholder, the board of directors of the corporation approved either the business combination or the transaction which resulted in the shareholder becoming an interested shareholder.

b. Upon consummation of the transaction which resulted in the shareholder becoming an interested shareholder, the interested shareholder owned at least eighty-five percent of the voting stock of the corporation outstanding at the time the transaction commenced, excluding, for purposes of determining the number of shares outstanding, those shares owned by persons who are directors and officers, and by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer.

c. At or subsequent to the time the shareholder became an interested shareholder, the business combination is approved by the board of directors and authorized at an annual or special meeting of shareholders by the affirmative vote of at least sixty-six and two-thirds percent of the outstanding voting stock which is not owned by the interested shareholder. Such approval shall not be by written consent.

2. This section does not apply in any of the following circumstances:

a. The corporation does not have a class of voting stock that is listed on a national securities exchange, authorized for quotation on the national association of securities dealers automated quotations – national market system, or held of record by more than two thousand shareholders, unless any of the foregoing results from action taken, directly or indirectly, by an interested shareholder or from a transaction in which a person becomes an interested shareholder.

b. The corporation’s original articles of incorporation contain a provision expressly electing not to be governed by this section.

c. The corporation, by action of its board of directors, adopts an amendment to its bylaws by no later than September 29, 1997, expressly electing not to be governed by this section, which amendment shall not be further amended by the board of directors.

d. The corporation, by action of its shareholders, adopts an amendment to its articles of incorporation or bylaws expressly electing not to be governed by this section, provided that, in addition to any other vote required by law, such amendment to the articles of incorporation or bylaws must be approved by the affirmative vote of a majority of the shares entitled to vote. An amendment adopted pursuant to this paragraph is effective immediately in the case of a corporation that has never had a class of voting stock that falls within any of the three categories set out in paragraph “a” and has not elected by a provision in its original articles of incorporation or any amendment to such articles to be governed by this section. In all other cases, an amendment adopted pursuant to this paragraph is not effective until twelve months after the adoption of the amendment and does not
apply to any business combination between the corporation and any person who became an interested shareholder of the corporation on or prior to such adoption.

An amendment to the bylaws adopted pursuant to this paragraph shall not be further amended by the board of directors.

e. A shareholder becomes an interested shareholder inadvertently and both of the following apply:

(1) As soon as practicable the shareholder divests itself of ownership of sufficient shares so that the shareholder ceases to be an interested shareholder.

(2) The shareholder would not, at any time within the three-year period immediately prior to a business combination between the corporation and such shareholder, have been an interested shareholder but for the inadvertent acquisition of ownership.

f. (1) The business combination is proposed prior to the consummation or abandonment of and subsequent to the earlier of the public announcement or the notice required in this paragraph of a proposed transaction which satisfies all of the following:

(a) Constitutes a transaction described in subparagraph (2).

(b) Is with or by a person who either was not an interested shareholder during the previous three years or who became an interested shareholder with the approval of the corporation’s board of directors or who became an interested shareholder during the time period described in paragraph “g”.

(c) Is approved or not opposed by a majority of the members of the board of directors then in office who were directors prior to any person becoming an interested shareholder during the previous three years, or who were recommended for election or elected to succeed such directors by a majority of such directors.

(2) A proposed transaction under subparagraph (1) is limited to the following:

(a) A merger of the corporation, other than a merger pursuant to section 490.1105.

(b) A sale, lease, exchange, mortgage, pledge, transfer, or other disposition, in one or more transactions and whether as part of a dissolution or otherwise, of assets of the corporation or of any direct or indirect majority-owned subsidiary of the corporation, other than to a direct or indirect wholly owned subsidiary of the corporation or to the corporation itself, which has an aggregate market value equal to fifty percent or more of either the aggregate market value of all of the assets of the corporation determined on a consolidated basis, or the aggregate market value of all the outstanding stock of the corporation.

(c) A proposed tender or exchange offer for fifty percent or more of the outstanding voting stock of the corporation.

(3) The corporation shall give no less than twenty days’ notice to all interested shareholders prior to the consummation of any of the transactions described in subparagraph (2), subparagraph division (a) or (b).

g. The business combination is with an interested shareholder who becomes an interested shareholder of the corporation at a time when the corporation is not subject to this section pursuant to paragraph “a”, “b”, “c”, or “d”.

Notwithstanding paragraphs “a” through “d”, a corporation may elect under its original articles of incorporation or any amendment to such articles to be subject to this section. However, such amendment shall not apply to restrict a business combination between the corporation and an interested shareholder of the corporation if the interested shareholder became such prior to the effective date of the amendment.

3. As used in this section, unless the context otherwise requires:

a. “Affiliate” means a person that directly, or indirectly, through one or more intermediaries, controls, or is controlled by, or is under common control with, another person.

b. “Associate”, when used to indicate a relationship with a person, means any of the following:

(1) A corporation, partnership, unincorporated association, or other entity of which the person is a director, officer, or partner or is, directly or indirectly, the owner of twenty percent or more of any class of voting stock.

(2) A trust or other estate in which the person has at least a twenty percent beneficial interest or as to which such person serves as trustee or in a similar fiduciary capacity.

(3) A relative or spouse of the person, or any relative of the spouse, who has the same residence as the person.

c. “Business combination”, with respect to a corporation and an interested shareholder of such corporation, means any of the following:

(1) A merger or consolidation of the corporation or any direct or indirect majority-owned subsidiary of the corporation with the interested shareholder, or with any other corporation, partnership, unincorporated association, or other entity if the merger or consolidation is caused by the interested shareholder and as a result of such merger the surviving entity is not subject to subsection 1.

(2) A sales, lease, exchange, mortgage, pledge, transfer, or other disposition, in one transaction or a series of transactions, except proportionately as a shareholder of such corporation, to or with the interested shareholder, whether as part of a dissolution or otherwise, of assets of the corporation or of any direct or indirect majority-owned subsidiary of the corporation which assets have an aggregate market value equal to ten percent or more of either the aggregate market value of all the assets
of the corporation determined on a consolidated basis or the aggregate market value of all the outstanding stock of the corporation.

(3) A transaction which results in the issuance or transfer by the corporation or by any direct or indirect majority-owned subsidiary of the corporation of any stock of the corporation or of such subsidiary to the interested shareholder, except for the following:

(a) Pursuant to the exercise, exchange, or conversion of securities exercisable for, exchangeable for, or convertible into stock of the corporation or such subsidiary which securities were outstanding prior to the time that the interested shareholder became an interested shareholder.

(b) Pursuant to a merger under section 490.1105.

(c) Pursuant to a distribution paid or made, or the exercise, exchange, or conversion of securities exercisable for, exchangeable for, or convertible into stock of such corporation or any such subsidiary, which stock is distributed pro rata to all holders of a class or series of stock of the corporation subsequent to the time the interested shareholder became an interested shareholder.

(d) Pursuant to an exchange offer by the corporation to purchase stock made on the same terms to all holders of the stock.

(e) Any issuance or transfer of stock by the corporation, provided, however, that in no case under subparagraph divisions (c) and (d) and this subparagraph division shall there be an increase in the interested shareholder’s proportionate share of the stock of any class or series of the corporation or of the voting stock of the corporation.

(4) A transaction involving the corporation or any direct or indirect majority-owned subsidiary of the corporation which has the effect, directly or indirectly, of increasing the proportionate share of the stock of any class or series, or securities convertible into the stock of any class or series, of the corporation or of any such subsidiary which is owned by the interested shareholder, except as a result of immaterial changes due to fractional share adjustments or as a result of any purchase or redemption of any shares of stock not caused, directly or indirectly, by the interested shareholder.

(5) The receipt by the interested shareholder of the benefit, directly or indirectly, except proportionately as a shareholder of such corporation, of any loans, advances, guarantees, pledges, or other financial benefits, other than those expressly permitted in subparagraphs (1) through (4), provided by or through the corporation or any direct or indirect majority-owned subsidiary.

d. “Control”, including the terms “controlling”, “controlled by”, and “under common control with”, means the ability, directly or indirectly, to direct or cause the direction of the management and policies of a person, whether through the ownership of voting stock, by contract, or otherwise. A person who is the owner of twenty percent or more of the outstanding voting stock of any corporation, partnership, unincorporated association, or other entity is presumed to have control of such entity, in the absence of proof by a preponderance of the evidence to the contrary. Notwithstanding this paragraph, a presumption of control shall not apply where a person holds voting stock, in good faith and not for the purpose of circumventing this section, as an agent, bank, broker, nominee, custodian, or trustee for one or more owners who do not individually or as a group have control of such entity.

e. “Interested shareholder” means any person, other than the corporation and any direct or indirect majority-owned subsidiary of the corporation, that is the owner of ten percent or more of the outstanding voting stock of the corporation, or an affiliate or associate of the corporation and was the owner of ten percent or more of the outstanding voting stock of the corporation at any time within the three-year period immediately prior to the date on which it is sought to be determined whether such person is an interested shareholder, and the affiliates and associates of such person. “Interested shareholder” does not include a person whose ownership of shares in excess of the ten percent limitation is the result of action taken solely by the corporation, provided that such person is an interested shareholder if, after such action by the corporation, the person acquires additional shares of voting stock of the corporation, other than as a result of further corporate action not caused, directly or indirectly, by such person.

For purposes of determining whether a person is an interested shareholder, the outstanding voting stock of the corporation does not include any other unissued stock of the corporation which may be issuable pursuant to any agreement, arrangement, or understanding, or upon exercise of conversion rights, warrants, or options, or otherwise.

f. “Owner”, including the terms “own” and “owned” when used with respect to any stock, means a person that individually or with or through any of such person’s affiliates or associates satisfies any of the following:

(1) Beneficially owns such stock, directly or indirectly.

(2) Has the right to do either of the following:

(a) Acquire such stock, whether such right is exercisable immediately or only after the passage of time, pursuant to any agreement, arrangement, or understanding, or upon the exercise of conversion rights, exchange rights, warrants, or options, or otherwise. However, a person is not deemed the owner of stock tendered pursuant to a tender or exchange offer made by such person or any of such person’s affiliates or associates until such tendered stock is accepted for purchase or exchange.

(b) Vote such stock pursuant to any agreement, arrangement, or understanding. However, a person is not deemed the owner of any stock because of such person’s right to vote such stock if the
agreement, arrangement, or understanding to vote such stock arises solely from the revocable proxy or consent given in response to a proxy or consent solicitation made to ten or more persons.

(3) Has any agreement, arrangement, or understanding for the purpose of acquiring, holding, voting, or disposing of such stock with any other person who beneficially owns, or whose affiliates or associates beneficially own, directly or indirectly, such stock. However, an agreement, arrangement, or understanding for the purpose of voting such stock does not include voting pursuant to a revocable proxy or consent under subparagraph (2), subparagraph division (b).

g. “Person” means any individual, corporation, partnership, unincorporated association, or other entity.

h. “Stock” means, with respect to any corporation, capital stock and, with respect to any other entity, any equity interest.

i. “Voting stock” means, with respect to any corporation, stock of any class or series entitled to vote generally in the election of directors and, with respect to any entity that is not a corporation, any equity interest entitled to vote generally in the election of the governing body of such entity.

4. The articles of incorporation or bylaws shall not require, for any vote of shareholders required by this section, a greater vote of shareholders than that specified in this section.

Internal reference changes applied pursuant to Code editor directive

490.1112 Action on plan of conversion by converting domestic corporation.

1. In the case of a domestic corporation that is being converted into an other entity all of the following apply:

a. The plan of conversion must be adopted by the domestic corporation’s board of directors.

b. After adopting the plan of conversion, the domestic corporation’s board of directors must submit the plan to the domestic corporation’s shareholders for their approval. The board of directors must also transmit to the shareholders a recommendation that the shareholders approve the plan, unless the board of directors makes a determination that because of conflicts of interest or other special circumstances it should not make such a recommendation, in which case the board of directors must transmit to the shareholders the basis for that determination.

c. The domestic corporation must notify each shareholder of the domestic corporation, whether or not entitled to vote, of the meeting of shareholders at which the plan is to be submitted for approv-

al. The notice must state that the purpose, or one of the purposes, of the meeting is to consider the plan of conversion and must contain or be accompanied by a copy or summary of the plan of conversion. The notice shall include or be accompanied by a copy of the organizational documents as they will be in effect immediately after the conversion.

d. The domestic corporation’s board of directors may condition its submission of the plan of conversion to the domestic corporation’s shareholders on any basis.

e. Unless the articles of incorporation, bylaws, or the board of directors of the domestic corporation require a greater vote or a greater number of votes to be present, the approval of the plan of conversion shall require the approval of the domestic corporation’s shareholders at a meeting at which a quorum consisting of at least a majority of the votes entitled to be cast on the plan exists, and, if any classes or series of shares is entitled to vote as a separate group on the plan of conversion, the approval of each such separate voting group at a meeting at which a quorum of the voting group consisting of at least a majority of the votes entitled to be cast on the conversion by that voting group is present.

f. If any provision of the articles of incorporation, bylaws, or an agreement of the domestic corporation to which any of the directors or shareholders of the domestic corporation are parties, adopted or entered into before the effective date of this section, applies to a merger of the corporation and the document does not refer to a conversion of the corporation, the provision shall be deemed to apply to a conversion of the corporation until such provision is subsequently amended.

g. If as a result of the conversion as provided in this subsection, one or more shareholders of the domestic corporation would become subject to owner liability for the debts, obligations, or liabilities of any other person or entity, approval of the plan of conversion shall require the execution, by each such shareholder of the domestic corporation, of a separate written consent to become so subject to such owner liability.

2. After a conversion is approved as provided in subsection 1, and at any time before a filing is made under section 490.1113, a domestic corporation that is being converted may amend its plan of conversion or abandon the planned conversion as follows:

a. As provided in the plan of conversion.

b. Except as prohibited by the plan of conversion, by the same consent as was required to approve the plan of conversion.

CHAPTER 496C
PROFESSIONAL CORPORATIONS

496C.14 Required purchase by professional corporation of its own shares.
1. a. Notwithstanding any other statute or rule of law, a professional corporation shall purchase its own shares as provided in this section; and the shareholders of a professional corporation and their executors, administrators, legal representatives, and successors in interest shall sell and transfer the shares held by them as provided in this section.

b. The corporation may validly purchase its own shares even though its net assets are less than its stated capital, or even though by so doing its net assets would be reduced below its stated capital.

c. Upon the death of a shareholder, the professional corporation shall immediately purchase all shares held by the deceased shareholder.

2. In order to remain a shareholder of a professional corporation, a shareholder shall at all times be licensed to practice in this state a profession which the corporation is authorized to practice. Whenever any shareholder does not have or ceases to have this qualification, the corporation shall immediately purchase all shares held by that shareholder.

3. Whenever any person other than the shareholder of record becomes entitled to have shares of a corporation transferred into that person’s name or to exercise voting rights, except as a proxy, with respect to shares of the corporation, the corporation shall immediately purchase such shares. Without limiting the generality of the foregoing, this section shall be applicable whether the event occurs as a result of the appointment of a guardian or conservator for a shareholder or the shareholder's property, transfer of shares by operation of law, involuntary transfer of shares, judicial proceedings, execution, levy, bankruptcy proceedings, receivership proceedings, foreclosure or enforcement of a pledge or encumbrance, or any other situation or occurrence. However, this section does not apply to any voluntary transfer of shares as defined in this chapter.

4. Shares purchased by the corporation under the provisions of this section shall be transferred to the corporation as of the close of business on the date of the death or other event which requires purchase. The shareholder and the shareholder's executors, administrators, legal representatives, or successors in interest shall promptly do all things which may be necessary or convenient to cause transfer to be made as of the transfer date. However, the shares shall promptly be transferred on the stock transfer books of the corporation as of the transfer date, notwithstanding any delay in transferring or surrendering the shares or certificates representing the shares, and the transfer shall be valid and effective for all purposes as of the close of business on the transfer date. The purchase price for such shares shall be paid as provided in this chapter, but the transfer of shares to the corporation as provided in this section shall not be delayed or affected by any delay or default in making payment.

5. Notwithstanding subsections 1 through 4, purchase by the corporation is not required upon the occurrence of any event other than death of a shareholder if the corporation is dissolved or voluntarily elects to adopt the provisions of the Iowa business corporation Act, as provided in section 490.1701, subsection 2, within sixty days after the occurrence of the event. The articles of incorporation or bylaws may provide that purchase is not required upon the death of a shareholder if the corporation is dissolved within sixty days after the death. Notwithstanding subsections 1 through 4, purchase by the corporation is not required upon the death of a shareholder if the corporation voluntarily elects to adopt the provisions of the Iowa business corporation Act, as provided in section 490.1701, subsection 2, within sixty days after death.

6. Unless otherwise provided in the articles of incorporation or bylaws or in an agreement among all shareholders of the professional corporation:
a. The purchase price for shares shall be their book value as of the end of the month immediately preceding the death or other event which requires purchase. Book value shall be determined from the books and records of the professional corporation in accordance with the regular method of accounting used by the corporation, uniformly and consistently applied. Adjustments to book value shall be made, if necessary, to take into account work in process and accounts receivable. Any final determination of book value made in good faith by any independent certified public accountant or firm of certified public accountants employed by the corporation for the purpose shall be conclusive on all persons.

b. The purchase price shall be paid in cash as follows:

(1) Upon the death of a shareholder, thirty percent of the purchase price shall be paid within ninety days after death, and the balance shall be paid in three equal annual installments on the first three anniversaries of the death.

(2) Upon the happening of any other event referred to in this section, one-tenth of the purchase price shall be paid within ninety days after the date of such event, and the balance shall be paid in three equal annual installments on the first three anniversaries of the date of the event.

c. Interest from the date of death or other event shall be payable annually on principal payment dates, at the rate of six percent per annum on the unpaid balance of the purchase price.

d. All persons who are shareholders of the professional corporation on the date of death or other event, and their executors, administrators, and legal representatives, shall, to the extent the corporation fails to meet its obligations hereunder, be jointly liable for the payment of the purchase price and interest in proportion to their percentage of ownership of the corporation’s shares, disregarding shares of the deceased or withdrawing shareholder.

e. The part of the purchase price remaining unpaid after the initial payment shall be evidenced by a negotiable promissory note, which shall be executed by the corporation and all shareholders liable for payment. Any person liable on the note shall have the right to prepay the note in full or in part at any time.

f. If the person making any payment is not reasonably able to determine which of two or more persons is entitled to receive a payment, or if the payment is payable to a person who is unknown, or who is under disability and there is no person legally competent to receive the payment, or who cannot be found after the exercise of reasonable diligence by the person making the payment, it shall be deposited with the treasurer of state and shall be subject to the provisions of the Iowa business corporation Act, chapter 490, with respect to funds deposited with the treasurer of state upon the voluntary or involuntary dissolution of a corporation.

g. Notwithstanding the provisions of this section, no part of the purchase price shall be required to be paid until the certificates representing such shares have been surrendered to the corporation.

h. Notwithstanding the provisions of this section, payment of any part of the purchase price for shares of a deceased shareholder shall not be required until the executor or administrator of the deceased shareholder provides any indemnity, release, or other document from any taxing authority, which is reasonably necessary to protect the corporation against liability for estate, inheritance, and death taxes.

7. The articles of incorporation or bylaws or an agreement among all shareholders of a professional corporation may provide for a different purchase price, a different method of determining the purchase price, a different interest rate or no interest, and other terms, conditions, and schedules of payment.

8. The articles of incorporation or bylaws or an agreement among all shareholders of a professional corporation may provide for the optional or mandatory purchase of its own shares by the corporation in other situations, subject to any applicable law regarding such purchase.

COOPERATIVE ASSOCIATIONS

499.36A Standards of conduct for directors.

1. A director shall discharge the duties of the position of director in good faith, in a manner the director reasonably believes to be in the best interests of the association, and with the care that a person in a like position would reasonably believe appropriate under similar circumstances. A person who so performs those duties is not liable by reason of being or having been a director of the association.

2. a. A director is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, in each case prepared or presented by any of the following:
§499.36A

(2) Legal counsel, public accountants, or other persons as to matters that the director reasonably believes are within the person's professional or expert competence.

(3) A committee of the board upon which the director does not serve, duly established by the board as to matters within its designated authority, if the director reasonably believes the committee to merit confidence.

b. Paragraph “a” does not apply to a director who has knowledge concerning the matter in question that makes the reliance otherwise permitted by that paragraph unwarranted.

3. A director who is present at a meeting of the board when an action is approved by the affirmative vote of a majority of the directors present is presumed to have assented to the action approved, unless any of the following applies:

a. The director objects at the beginning of the meeting to the transaction of business because the meeting is not lawfully called or convened, and does not participate in the meeting after the objection, in which case the director is not considered to be present at the meeting for any purpose of this chapter.

b. The director votes against the action at the meeting.

c. The director is prohibited by a conflict of interest from voting on the action.

4. In discharging the duties of a director, the director may, in addition to consideration of the effects of any action on the association and its members, consider any or all of the following community interest factors:

a. The effects of the action on the association's employees, suppliers, creditors, and customers.

b. The interests of and effects on communities and the cooperative system in which the association and its members operate.

c. The long-term as well as short-term interests of the association and its members, including the possibility that these interests may be best served by the continued independence of the association.

HORIZONTAL PROPERTY (CONDOMINIUMS)

499B.3 Recording of declaration to submit property to regime.
1. When the sole owner or all of the owners, or the sole lessee or all of the lessees of a lease desire to submit a parcel of real property upon which a building is located or to be constructed to the horizontal property regime established by this chapter, a declaration to that effect shall be executed and acknowledged by the sole owner or lessee or all of such owners or lessees and shall be recorded in the office of the county recorder of the county in which such property lies. The county recorder shall collect recording fees pursuant to section 331.604.

2. If the declaration is to convert an existing structure, the declarant shall file the declaration of the horizontal property regime with the city in which the regime is located or with the county if not located within a city at least sixty days before being recorded in the office of the county recorder to enable the city or county, as applicable, to establish that the converted structure meets appropriate building code requirements as provided in section 499B.20.    b. The issuer may engage in a business other than petroleum exploration or production mining or other extractive industries.

3. Conditions for effectiveness of registration — required records and fee. In order to register under this section, all of the following conditions must be satisfied:
   a. The offering price for common stock, the exercise price if the securities are options, warrants, or rights for common stock, or the conversion price if the securities are convertible into common stock must be equal to or greater than one dollar per share. The issuer must not split its common stock, or declare a stock dividend, for two years after effectiveness of the registration, except that in connection with a subsequent registered public offering, the issuer may upon application and consent of the administrator take such action.
   b. A commission, fee, or other remuneration shall not be paid or given, directly or indirectly, for the sale of the securities, except for a payment to a broker-dealer or agent registered under this chapter, or except for a payment as permitted by the administrator by rule or by order issued upon written application showing good cause for allowance of a commission, fee, or other remuneration.
   c. The issuer or a broker-dealer offering or selling the securities is not or would not be disqualified under rule 505, 17 C.F.R. §230.505(2)(iii), adopted under the Securities Act of 1933.

4. Stop orders. Except with respect to a federal security under section 18(b)(1) of the Securities Act of 1933, 15 U.S.C. § 77r(b)(1), if the administrator finds that there is a failure to comply with a notice or fee requirement of this section, the administrator may issue a stop order suspending the offer and sale of a federal covered security in this state.
   a. If the deficiency is corrected, the stop order is void as of the time of its issuance and no penalty may be imposed by the administrator.
   b. The aggregate offering price of the offering of securities by the issuer within or outside this state must not exceed one million dollars, less the aggregate offering price for all securities sold within twelve months before the start of, and during the offering of, the securities under rule 504, 17 C.F.R. §230.504, in reliance on any exemption under section 3(b) of the Securities Act of 1933 or
in violation of section 5(a) of that Act; provided, that if rule 504, 17 C.F.R. § 230.504, adopted under the Securities Act of 1933, is amended, the administrator may by rule increase the limit under this paragraph to conform to amendments to federal law, including but not limited to modification in the amount of the aggregate offering price.

e. An offering document meeting the disclosure requirements of rule 502(b)(2), 17 C.F.R. § 230.502(b)(2), adopted under the Securities Act of 1933, must be delivered to each purchaser in the state prior to the sale of the securities, unless the administrator by rule or order provides for disclosure different from that rule.

f. The issuer must file with the administrator an application for registration and the offering document to be used in connection with the offer and sale of securities.

g. The issuer must pay to the administrator a fee of one hundred dollars and is not required to pay the filing fee set forth in section 502.305, subsection 2.

h. The fees collected under this subsection shall be deposited as provided in section 505.7.

4. Effectiveness of registration. Unless the administrator issues a stop order denying the effectiveness of the registration, as provided in section 502.306, the registration becomes effective on the fifth business day after the registration has been filed with the administrator, or earlier if the administrator permits a shorter time period between registration and effectiveness.

5. Agent registration. In connection with an offering registered under this section, a person may be registered as an agent of the issuer under section 502.402 by the filing of an application by the issuer with the administrator for the registration of the person as an agent of the issuer and the paying of a fee of ten dollars. Notwithstanding any other provision of this chapter, the registration of the agent shall be effective until withdrawn by the administrator, or earlier if the administrator permits a shorter time period between registration and effectiveness.

6. Inapplicable issuers. This section is not applicable to any of the following issuers:

a. An investment company, including a mutual fund.

b. An issuer subject to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934.

c. A direct participation program, unless otherwise permitted by the administrator by rule or order for good cause.

d. A blind pool or other offering for which the specific business or properties cannot now be described, unless the administrator determines that the blind pool is a community development, seed, or venture capital fund for which the administrator permits a waiver.

7. Limits on stop orders. Notwithstanding any other provision of this chapter, the administrator shall not deny effectiveness to or suspend or revoke the effectiveness of a registration under this section on the basis of section 502.306, subsection 1, paragraph “h”.

Subsection 3, NEW paragraph h

502.305 Securities registration filings.

1. Who may file. A registration statement may be filed by the issuer, a person on whose behalf the offering is to be made, or a broker-dealer registered under this chapter.

2. Filing. Except as provided in subsection 10 and section 502.304A, subsection 3, paragraph “g”, a person who files a registration statement or a notice filing shall pay a filing fee of one-tenth of one percent of the proposed aggregate sales price of the securities to be offered to persons in this state pursuant to the registration statement or notice filing. However, except as provided in subsection 10, section 502.302, subsection 1, paragraph “a”, and section 502.304A, subsection 3, paragraph “g”, the annual filing fee shall not be less than fifty dollars or more than one thousand dollars. The administrator shall retain the filing fee even if the notice filing is withdrawn or the registration is withdrawn, denied, suspended, revoked, or abandoned. The fees collected under this subsection shall be deposited as provided in section 505.7.

3. Status of offering. A registration statement filed under section 502.303 or 502.304 must specify all of the following:

a. The amount of securities to be offered in this state.

b. The states in which a registration statement or similar record in connection with the offering has been or is to be filed.

c. Any adverse order, judgment, or decree issued in connection with the offering by a state securities regulator, the securities and exchange commission, or a court.

4. Incorporation by reference. A record filed under this chapter or its predecessor chapter within five years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the record is currently accurate.
5. Nonissuer distribution. In the case of a nonissuer distribution, information or other record in the registration statement or to the person on whose behalf the distribution is to be made or unless it can be furnished by those persons without unreasonable effort or expense.

6. Escrow and impoundment. A rule adopted or order issued under this chapter may require as a condition of registration that a security issued within the previous five years or to be issued to a promoter for a consideration substantially less than the public offering price or to a person for a consideration other than cash be deposited in escrow; and that the proceeds from the sale of the registered security in this state be impounded until the issuer receives a specified amount from the sale of the security either in this state or elsewhere. The conditions of any escrow or impoundment required under this subsection may be established by rule adopted or order issued under this chapter, but the administrator shall not reject a depository institution solely because of its location in another state.

7. Form of subscription. A rule adopted or order issued under this chapter may require as a condition of registration that a security registered under this chapter be sold only on a specified form of subscription or sale contract and that a signed or conformed copy of each contract be filed under this chapter or preserved for a period specified by the rule or order, which shall not be longer than five years.

8. Effective period. Except while a stop order is in effect under section 502.306, a registration statement is effective for one year after its effective date, or for any longer period designated in an order issued under this chapter during which the security is being offered or distributed in a nonexempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by an underwriter or broker-dealer that is still offering part of an unsold allotment or subscription taken as a participant in the distribution. For the purposes of a nonissuer transaction, all outstanding securities of the same class identified in the registration statement as a security registered under this chapter are considered to be registered while the registration statement is effective. If any securities of the same class are outstanding, a registration statement shall not be withdrawn until one year after its effective date. A registration statement may be withdrawn only with the approval of the administrator.

9. Periodic reports. While a registration statement is effective, a rule adopted or order issued under this chapter may require the person that filed the registration statement to file reports, not more often than quarterly, to keep the information or other record in the registration statement reasonably current and to disclose the progress of the offering.

   a. A registrant who sold securities to persons in this state in excess of the amount of securities registered in this state at the time of the sale may file an amendment to its registration statement to register the additional securities. All of the following requirements shall apply:
      (1) If a registrant proposes to sell securities to persons in this state pursuant to a registration statement that is currently effective in this state in an amount that exceeds the amount registered in this state, the registrant must do all of the following:
         (a) File an amendment to register the additional securities.
         (b) Pay an additional filing fee in the same amount as specified by subsection 2 as though the amendment constitutes a separate issue.
      (2) If a registrant sold securities to persons in this state in excess of the amount registered in this state at that time, the registrant must do all of the following:
         (a) File an amendment to register the additional securities.
         (b) Pay an additional filing fee that is three times the amount specified in subsection 2 as though the amendment constitutes a separate issue.
   b. The administrator may order the amendment effective retroactively as of the effective date of the registration statement that is being amended.

502.321G Fees.
   The administrator shall charge a nonrefundable filing fee of two hundred fifty dollars for a registration statement filed by an offeror. The fee shall be deposited as provided in section 505.7.

502.409 Withdrawal of registration of broker-dealer, agent, investment adviser, and investment adviser representative — cessation of business — abandoned filings.
   1. Withdrawal of registration. Withdrawal of registration by a broker-dealer, agent, investment adviser, or investment adviser representative becomes effective sixty days after the filing of the application to withdraw or within any shorter period as provided by rule adopted or order issued under this chapter unless a revocation or suspension proceeding is pending when the application is filed. If a proceeding is pending, withdrawal becomes effective when and upon such conditions as
required by rule adopted or order issued under this chapter. The administrator may institute a disciplinairy action under section 502.412, including an action to revoke, suspend, condition, or limit the registration of a registrant, censure, impose a bar, or impose a civil penalty, within one year after the withdrawal became effective automatically and issue a disciplinary order as of the last date on which registration was effective if a proceeding is not pending.

2. Ceasing to do business and abandoned filings. If the administrator finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a broker-dealer, agent, investment adviser, or investment adviser representative, or is subject to an adjudication of mental incompetence or to the control of a committee, conservator, or guardian, or cannot be located after search, the administrator may by order revoke the registration or application. If the administrator finds that the applicant for registration or registrant has abandoned the application or registration, the administrator may enter an order of abandonment, and limit or eliminate further consideration of the application or registration, as provided by the administrator. The administrator may enter an order under this subsection if notice is sent to the applicant or registrant, and either the administrator does not receive a response by the applicant or registrant within forty-five days from the date that the notice was delivered, or action is not taken by the applicant or registrant within the time specified by the administrator in the notice, whichever is later.

§502.410 Filing fees.

1. Broker-dealers. A person shall pay a fee of two hundred dollars when initially filing an application for registration as a broker-dealer and a fee of two hundred dollars when filing a renewal of registration as a broker-dealer. If the filing results in a denial or withdrawal, the administrator shall retain the fee.

2. Agents. The fee for an individual is forty dollars when filing an application for registration as an agent, a fee of forty dollars when filing a renewal of registration as an agent, and a fee of forty dollars when filing for a change of registration as an agent. Of each forty-dollar fee collected, ten dollars is appropriated to the securities investor education and financial literacy training fund established under section 502.601, subsection 5. If the filing results in a denial or withdrawal, the administrator shall retain the fee.

3. Investment advisers. A person shall pay a fee of one hundred dollars when filing an application for registration as an investment adviser and a fee of one hundred dollars when filing a renewal of registration as an investment adviser. If the filing results in a denial or withdrawal, the administrator shall retain the fee.

4. Investment adviser representatives. The fee for an individual is thirty dollars when filing an application for registration as an investment adviser representative, a fee of thirty dollars when filing a renewal of registration as an investment adviser representative, and a fee of thirty dollars when filing a change of registration as an investment adviser representative. If the filing results in a denial or withdrawal, the administrator shall retain the fee.

b. However, an investment adviser representative is not required to pay a filing fee if the investment adviser is a sole proprietorship or the substantial equivalent and the investment adviser representative is the same individual as the investment adviser.

5. Federal covered investment advisers. A federal covered investment adviser required to file a notice under section 502.405 shall pay an initial fee of one hundred dollars and an annual notice fee of one hundred dollars.

6. Payment. A person required to pay a filing or notice fee under this section may transmit the fee through or to a designee as a rule or order provided under this chapter.

7. Deposit of fees. Except as otherwise provided in subsection 2, fees collected under this section shall be deposited as provided in section 505.7.

§502.602 Investigations and subpoenas.

1. Authority to investigate. The administrator may do any of the following:

a. Conduct public or private investigations within or outside of this state which the administrator considers necessary or appropriate to determine whether a person has violated, is violating, or is about to violate this chapter or a rule adopted or order issued under this chapter, or to aid in the enforcement of this chapter or in the adoption of rules and forms under this chapter.

b. Require or permit a person to testify, file a statement, or produce a record, under oath or otherwise as the administrator determines, as to all the facts and circumstances concerning a matter to be investigated or about which an action or proceeding is to be instituted.

c. Notwithstanding section 502.607, subsection 2, publish a record concerning an action, proceeding, or an investigation under, or a violation of, this chapter or a rule adopted or order issued under this chapter if the administrator determines it is necessary or appropriate in the public interest and for the protection of investors.

2. Administrator powers to investigate. For the purpose of an investigation under this chapter,
the administrator or the administrator’s designated officer may administer oaths and affirmations, subpoena witnesses, seek compulsion of attendance, take evidence, require the filing of statements, and require the production of any records that the administrator considers relevant or material to the investigation, all of which may be enforced pursuant to chapter 17A.

3. Procedure and remedies for noncompliance. If a person does not appear or refuses to testify, file a statement, or produce records, or otherwise does not obey a subpoena as required by the administrator under this chapter, the administrator may apply to the Polk county district court or the district court for the county in which the person resides or is located or a court of another state to enforce compliance. The court may do any of the following:
   a. Hold the person in contempt.
   b. Order the person to appear before the administrator.
   c. Order the person to testify about the matter under investigation or in question.
   d. Order the production of records.
   e. Grant injunctive relief, including restricting or prohibiting the offer or sale of securities or the providing of investment advice.
   f. Impose a civil penalty of an amount not to exceed a maximum of five thousand dollars for a single violation or five hundred thousand dollars for more than one violation.
   g. Grant any other necessary or appropriate relief.

4. Application for relief. This section does not preclude a person from applying to district court or a court of another state for relief from a request to appear, testify, file a statement, produce records, or obey a subpoena.

5. Use immunity procedure. An individual is not excused from attending, testifying, filing a statement, producing a record or other evidence, or obeying a subpoena of the administrator under this chapter or in an action or proceeding instituted by the administrator under this chapter on the ground that the required testimony, statement, record, or other evidence, directly or indirectly, may tend to incriminate the individual or subject the individual to a criminal fine, penalty, or forfeiture. If the individual refuses to testify, file a statement, or produce a record or other evidence on the basis of the individual’s privilege against self-incrimination, the administrator may apply to the district court to compel the testimony, the filing of the statement, the production of the record, or the giving of other evidence. The testimony, record, or other evidence compelled under such an order shall not be used, directly or indirectly, against the individual in a criminal case, except in a prosecution for perjury or contempt or otherwise failing to comply with the order.

6. Assistance to securities regulator of another jurisdiction. At the request of the securities regulator of another state or a foreign jurisdiction, the administrator may provide assistance if the requesting regulator states that it is conducting an investigation to determine whether a person has violated, is violating, or is about to violate a law or rule of the other state or foreign jurisdiction relating to securities matters that the requesting regulator administers or enforces. The administrator may provide the assistance by using the authority to investigate and the powers conferred by this section as the administrator determines is necessary or appropriate. The assistance may be provided without regard to whether the conduct described in the request would also constitute a violation of this chapter or other law of this state if occurring in this state. In deciding whether to provide the assistance, the administrator may consider whether the requesting regulator is permitted and has agreed to provide assistance reciprocally within its state or foreign jurisdiction to the administrator on securities matters when requested, whether compliance with the request would violate or prejudice the public policy of this state, and the availability of resources and employees of the administrator to carry out the request for assistance.

Subsection 3, unnumbered paragraph 1 amended

CHAPTER 502A
COMMODITIES CODE

502A.4 Exempt transactions.
1. Section 502A.2 does not apply to any of the following:
   a. An account, agreement, or transaction within the exclusive jurisdiction of the commodity futures trading commission as granted under the Commodity Exchange Act.
   b. A commodity contract, offered or sold by a qualified seller as defined in subsection 2, for the purchase of one or more precious metals which requires, and under which the purchaser receives, within twenty-eight days from the payment in good funds of any portion of the purchase price, physical delivery of the quantity of the precious metals purchased by the payment. For purposes of this paragraph, physical delivery shall be deemed to have occurred if both of the following conditions are satisfied:
(1) Within twenty-eight days, the required quantity of precious metals purchased by the purchaser, or liens of the depository for fees and expenses, which have previously been disclosed to the purchaser, tax liens, liens agreed to by the purchaser, or liens and encumbrances, other than liens of the depository on the purchaser's behalf, free and clear of all being and will continue to be held by the depository other than the seller shall not include a financial institution which makes loans to enable the borrower to finance the purchase of one or more precious metals if any of the following apply:

(a) A financial institution.

(b) The depository or a qualified seller issues a certificate, document of title, confirmation, or other instrument evidencing that the required quantity of precious metals has been delivered to the depository and is being and will continue to be held by the depository or liens of the depository for fees and expenses, which have previously been disclosed to the purchaser.

(c) For the purposes of paragraph "b", a depository other than the seller shall not include a financial institution which makes loans to enable the borrower to finance the purchase of one or more precious metals if any of the following apply:

(1) The financial institution knows that the seller arranged for a commission, brokerage, or referral fee for the extension of credit by the financial institution.

(2) The financial institution is a person related to the seller, unless the relationship is remote or is not a factor in the transaction.

(3) The seller guarantees the loan or otherwise assumes the risk of loss by the financial institution upon the loan.

(4) The financial institution directly supplies the seller with the contract document used by the borrower to evidence the loan, and the seller has knowledge of the credit terms and participates in the preparation of the document.

(5) The loan is conditioned upon the borrower's purchase of the precious metals from a particular seller, but the financial institution's payment of proceeds of the loan to the seller does not in itself establish that the loan was so conditioned.

(6) The financial institution otherwise knowingly participates with the seller in the sale. The fact that the financial institution takes a security interest in the precious metals sold or makes the proceeds of the loan payable to the seller does not in itself constitute knowing participation in the sale.

A commodity contract solely between persons engaged in producing, processing, using commercially or handling as merchants, the commodity which is the subject of the contract, or any by-product of the commodity.

d. A commodity contract under which the offeree or the purchaser is a person under section 502A.3, an insurance company, an investment company as defined in the federal Investment Company Act of 1940, or an employee pension and profit sharing or benefit plan other than a self-employed individual retirement plan, or individual retirement account.

b. Has stored precious metals with one or more depositories on behalf of customers for at least the previous three years.

c. Prior to any offer, files with the administrator a sworn notice of intent to act as a qualified seller under subsection 1, paragraph "b", and annually files a new notice. A notice of intent to act as a qualified seller must contain all of the following:

(2) The address of its principal place of business, state and date of incorporation or organization, and the name and address of seller's registered agent in this state.

(3) A statement that the seller, or a person affiliated with the seller who has guaranteed the obligations and liabilities of the seller, has a tangible net worth of at least five million dollars.

(4) Depository information including all of the following:

(a) The name and address of the depository or depositories that the seller intends to use.

(b) The name and address of each and every depository where the seller has stored precious metals on behalf of customers for the previous three years.

(c) Independent verification from each and every depository named in subparagraph division (b) that the seller has in fact stored precious metals on behalf of the seller's customers for the previous three years and a statement of total deposits made during this period.

(5) Financial statements for the seller, or the person affiliated with the seller who has guaranteed the obligations and liabilities of the seller, for the past three years, audited by an independent certified public accountant, together with the accountant's reports.
(6) A statement describing the details of all civil, criminal, or administrative proceedings currently pending or adversely resolved against the seller or its directors, officers, controlling shareholders, partners, principals, or other controlling persons during the past ten years including all of the following in subparagraph divisions (a) through (d), or if not applicable, subparagraph division (e):

1. All fees and charges which are required by law to be paid by insurance companies, associations, and other regulated entities shall be payable to the commissioner of the insurance division of the department of commerce or department of revenue, as provided by law, whose duty it shall be to account for and pay over the same to the treasurer of state at the time and in the manner provided by law for deposit in the department of commerce revolving fund created in section 546.12.

2. The commissioner shall account for receipts and disbursements according to the separate inspection and examination duties imposed upon the commissioner by the laws of this state and each separate inspection and examination duty shall be fiscally self-sustaining.

3. Forty percent of the nonexamination reve-
of insurance or the department of revenue shall be deposited in the general fund of the state.

4. Except as otherwise provided in subsection 6, the insurance division may expend additional funds if those additional expenditures are actual expenses which exceed the funds budgeted for statutory duties of the division and directly result from the statutory duties of the division. The amounts necessary to fund the excess division expenses shall be collected from additional fees and other moneys collected by the division. The division shall notify in writing the legislative services agency and the department of management when hiring additional personnel. The written notification shall include documentation that any additional expenditure related to such hiring will be totally reimbursed to the general fund, and shall also include the division’s justification for hiring such personnel. The division must obtain the approval of the department of management only if the number of additional personnel to be hired exceeds the number of full-time equivalent positions authorized by the general assembly.

5. The insurance division may transfer moneys between budgeted line items of its appropriation, but such transfers may not reduce moneys budgeted for examinations or professional services, including but not limited to actuarial and legal services.

6. a. The insurance division may expend additional funds, including funds for additional personnel if those additional expenditures are actual expenses which exceed the funds budgeted for insurance solvency oversight under the following conditions:

   (1) The division may exceed the line item budgets for examinations and professional services, including but not limited to legal and actuarial services, provided that the division funds the increased expenditures through assessments or increased nonexamination revenues payable to the division under subsection 1 or otherwise. The amounts necessary to fund the excess expenses may be collected from those regulated entities or classes of entities which either cause or benefit from the expenditure or encumbrance.

   (2) Before the division expends or encumbers an amount in excess of the funds budgeted for line items other than examinations and professional services, the director of the department of management shall approve the expenditure or encumbrance. Before approval is given, the director of the department of management shall determine that the expenses can be paid from nonexamination revenues payable to the division under subsection 1 or otherwise. Upon the approval of the director of the department of management the division may expend and encumber funds for the excess expenses. The amounts necessary to fund the excess expenses may be collected from those regulated entities or classes of entities which either cause or benefit from the expenditure or encumbrance.

   b. The annual salaries of the deputy commissioner for supervision and the chief examiner appointed pursuant to section 507.5 shall be expenses of examination of insurance companies and shall be charged to insurance companies examined on a proportionate basis as provided by rule adopted by the commissioner. Insurance companies examined shall pay the proportion of the salaries of the deputy commissioner for supervision and the chief examiner charged to them as part of the costs of examination as provided in section 507.8.

7. The insurance division shall, by January 15 of each year, prepare estimates of projected receipts, refunds, and reimbursements to be generated by the examinations function of the division during the calendar year in which the report is due, and such receipts, refunds, and reimbursements shall be treated in the same manner as repayment receipts, as defined in section 8.2, subsection 8, and shall be available to the division to pay the expenses of the division’s examination function.

8. The commissioner may assess the costs of an audit or examination to a health insurance purchasing cooperative, in the same manner as provided for insurance companies under sections 507.7 through 507.9, and may establish by rule reasonable filing fees to fund the cost of regulatory oversight.

9. The commissioner may retain funds collected during the fiscal year beginning July 1, 2003, pursuant to any settlement, enforcement action, or other legal action authorized under federal or state law for the purpose of reimbursing costs and expenses of the division.

(b) Four members from those compacting states with at least two percent of the market based on the premium volume described in subparagraph division (a), other than the six compacting states with the largest premium volume, selected on a rotating basis as provided in the bylaws.

(c) Four members from those compacting states with less than two percent of the market, based on the premium volume described in subparagraph division (a), with one selected from each of the four zone regions of the national association of insurance commissioners as provided in the bylaws.

(2) The management committee shall have such authority and duties as may be set forth in the bylaws, including but not limited to:
§505A.1 1178

(a) Managing the affairs of the commission in a manner consistent with the bylaws and purposes of the commission.

(b) Establishing and overseeing an organizational structure within, and appropriate procedures for, the commission to provide for the creation of uniform standards and other rules, receipt and review of product filings, administrative and technical support functions, review of decisions regarding the disapproval of a product filing, and the review of elections made by a compacting state to opt out of a uniform standard, provided that a uniform standard shall not be submitted to the compacting states for adoption unless approved by two-thirds of the members of the management committee.

(c) Overseeing the offices of the commission.

(d) Planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the commission.

(3) The commission shall elect annually officers from the management committee, with each having such authority and duties, as may be specified in the bylaws.

(4) The management committee may, subject to the approval of the commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation as the commission may deem appropriate. The executive director shall serve as secretary to the commission, but shall not be a member of the commission. The executive director shall hire and supervise such other staff as may be authorized by the commission.

c. Legislative and advisory committees.

(1) A legislative committee comprising state legislators or their designees shall be established to monitor the operations of, and make recommendations to, the commission, including the management committee, provided that the manner of selection and term of any legislative committee member shall be as set forth in the bylaws. Prior to the adoption by the commission of any uniform standard, revision to the bylaws, annual budget, or other significant matter as may be provided in the bylaws, the management committee shall consult with and report to the legislative committee.

(2) The commission shall establish two advisory committees, one of which shall comprise consumer representatives independent of the insurance industry, and the other comprising insurance industry representatives.

(3) The commission may establish additional advisory committees as its bylaws may provide for the carrying out of its functions.

d. Corporate records of the commission. The commission shall maintain its corporate books and records in accordance with the bylaws.

e. Qualified immunity, defense, and indemnification.

(1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to, or loss of, property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities, provided that nothing in this subparagraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining the person’s own counsel; and, provided further, that the actual or alleged act, error, or omission did not result from that person’s intentional or willful and wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful and wanton misconduct of that person.

6. Article VI — Meetings and acts of the commission

a. The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

b. Each member of the commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the commission. A member shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for members' participation in meetings by telephone or other means of communication.

c. The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

7. Article VII — Rules and operating proce-
   (1) A compacting state may opt out of a uniform standard, either by legislation or regulation duly promulgated by the insurance department under the compacting state’s administrative procedure act. If a compacting state elects to opt out of a uniform standard by regulation, it must do all of the following:
      (a) Give written notice to the commission no later than ten business days after the uniform standard is promulgated, or at the time the state becomes a compacting state.
      (b) Find that the uniform standard does not provide reasonable protections to the citizens of the state, given the conditions in the state.
   (2) The commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the state which warrant a departure from the uniform standard and determining that the uniform standard would not reasonably protect the citizens of the state. The commissioner must consider and balance the following factors and find that the conditions in the state and needs of the citizens of the state outweigh both of the following:
      (a) The intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the products subject to this compact.
      (b) The presumption that a uniform standard adopted by the commission provides reasonable protections to consumers of the relevant product.
   (3) Notwithstanding the foregoing, a compacting state may, at the time of its enactment of this compact, prospectively opt out of all uniform standards involving long-term care insurance products by expressly providing for such opt out in the enacted compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any state to participate in this compact.
   Such an opt out shall be effective at the time of enactment of this compact by the compacting state and shall apply to all existing uniform standards involving long-term care insurance products and those subsequently promulgated.

e. Effect of opt out.
   (1) If a compacting state elects to opt out of a uniform standard, the uniform standard shall remain applicable in the compacting state electing to opt out until such time the opt-out legislation is enacted into law or the regulation opting out becomes effective.
   (2) Once the opt out of a uniform standard by a compacting state becomes effective, as provided under the laws of that state, the uniform standard shall have no further force and effect in that state unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the state. If a compacting state opts out of a uniform standard after the uniform standard has been made effective in that state, the opt out shall have the same prospective effect as provided under article XIV for withdrawals.

8. Article VIII — Commission records and enforcement.
   a. The commission shall promulgate rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers’ trade secrets. The commission may promulgate additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records, and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.
   b. Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any compacting state commissioner of
§505A.1

the duty to disclose any relevant records, data, or information to the commission, provided that disclosure to the commission shall not be deemed to waive or otherwise affect any confidentiality requirement, and further provided that, except as otherwise expressly provided in this compact, the commission shall not be subject to the compacting state's laws pertaining to confidentiality and non-disclosure with respect to records, data, and information in its possession. Confidential information of the commission shall remain confidential after such information is provided to any commissioner.

c. The commission shall monitor compacting states for compliance with duly adopted bylaws, rules, including uniform standards, and operating procedures. The commission shall notify any non-complying compacting state in writing of its non-compliance with commission bylaws, rules, or operating procedures. If a noncomplying compacting state fails to remedy its noncompliance within the time specified in the notice of noncompliance, the compacting state shall be deemed to be in default as set forth in article XIV.

d. The commissioner of any state in which an insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise the commissioner’s authority to oversee the market regulation of the activities of the insurer in accordance with the provisions of the state's law. The commissioner’s enforcement of compliance with the compact is governed by the following provisions:

1. With respect to the commissioner’s market regulation of a product or advertisement that is approved or certified to the commission, the content of the product or advertisement shall not constitute a violation of the provisions, standards, or requirements of this compact except upon a final order of the commission, issued at the request of a commissioner after prior notice to the insurer and an opportunity for hearing before the commission.

2. Before a commissioner may bring an action for violation of any provision, standard, or requirement of this compact relating to the content of an advertisement not approved or certified to the commission, the commission, or an authorized commissioner officer or employee, must authorize the action. However, authorization pursuant to this subparagraph does not require notice to the insurer, opportunity for hearing, or disclosure of requests for authorization or records of the commission’s action on such requests.

e. Stay of uniform standard. If a compacting state has formally initiated the process of opting out of a uniform standard by regulation, and while the regulatory opt out is pending, the compacting state may petition the commission, at least fifteen days before the effective date of the uniform standard, to stay the effectiveness of the uniform standard in that state. The commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the commission, the stay or extension thereof may postpone the effective date by up to ninety days, unless affirmatively extended by the commission, provided a stay may not be permitted to remain in effect for more than one year unless the compacting state can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the compacting state from opting out. A stay may be terminated by the commission upon notice that the rulemaking process has been terminated.

f. Not later than thirty days after a rule or operating procedure is adopted, any person may file a petition for judicial review of the rule or operating procedure, provided that the filing of such a petition shall not stay or otherwise prevent the rule or operating procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and shall not find the rule or operating procedure to be unlawful if the rule or operating procedure represents a reasonable exercise of the commission’s authority.

9. Article IX — Dispute resolution. The commission shall attempt, upon the request of a member, to resolve any disputes or other issues which are subject to this compact and which may arise between two or more compacting states, or between compacting states and noncompacting states, and the commission shall promulgate an operating procedure providing for resolution of such disputes.

10. Article X — Product filing and approval.

a. Insurers and third-party filers seeking to have a product approved by the commission shall file the product with, and pay applicable filing fees to, the commission. Nothing in this compact shall be construed to restrict or otherwise prevent an insurer from filing its product with the insurance department in any state wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the states where filed.

b. The commission shall establish appropriate filing and review processes and procedures pursuant to commission rules and operating procedures. Notwithstanding any provision herein to the contrary, the commission shall promulgate rules to establish conditions and procedures under which the commission will provide public access to product filing information. In establishing such rules, the commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be
contained in a product filing or supporting information.

Any product approved by the commission may be sold or otherwise issued in those compacting states in which the insurer is legally authorized to do business.

   a. Not later than thirty days after the commission has given notice of a disapproved product or advertisement filed with the commission, the insurer or third-party filer whose filing was disapproved may appeal the determination to a review panel appointed by the commission. The commission shall adopt rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the commission, in disapproving a product or advertisement filed with the commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with article III, paragraph “d”.
   b. The commission shall have authority to monitor, review, and reconsider products and advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant uniform standard. Where appropriate, the commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in paragraph “a”.

12. Article XII — Finance.
   a. The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the commission may accept contributions and other forms of funding from the national association of insurance commissioners, compacting states, and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the commission concerning the performance of its duties shall not be compromised.
   b. The commission shall collect a filing fee from each insurer and third-party filer filing a product with the commission to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission’s annual budget.
   c. The commission’s budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in article VII.
   d. The commission shall be exempt from all taxation in and by the compacting states.
   e. The commission shall not pledge the credit of any compacting state, except by and with the appropriate legal authority of that compacting state.
   f. The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under its bylaws. The financial accounts and reports, including the system of internal controls and procedures of the commission, shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but no less frequently than every three years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the governor and legislature of the compacting states, which shall include a report of the independent audit. The commission’s internal accounts shall not be confidential and such materials may be shared with the commissioner of any compacting state upon request; provided, however, that any work papers related to any internal or independent audit and any information regarding the privacy of the individuals and insurers’ proprietary information, including trade secrets, shall remain confidential.
   g. A compacting state shall not have any claim to or ownership of any property held by or vested in the commission or to any commission funds held pursuant to the provisions of this compact.

13. Article XIII — Compacting states, effective date, and amendment.
   a. Any state is eligible to become a compacting state.
   b. This compact shall become effective and binding upon legislative enactment of this compact into law by two compacting states, provided the commission shall become effective for purposes of adopting uniform standards for reviewing, and giving approval or disapproval of, products filed with the commission that satisfy applicable uniform standards only after twenty-six states are compacting states or, alternatively, by states representing greater than forty percent of the premium volume for life insurance, annuity, disability income, and long-term care insurance products, based on records of the national association of insurance commissioners for the prior year. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of this compact into law by that state.
   c. Amendments to this compact may be proposed by the commission for enactment by the compacting states. An amendment shall not become effective and binding upon the commission and the compacting states unless and until all compacting states enact the amendment into law.

   a. Withdrawal.
      (1) Once effective, this compact shall continue in force and remain binding upon each and every compacting state, provided that a compacting state may withdraw from this compact by enacting a statute specifically repealing the statute which enacted the compact into law.
      (2) The effective date of withdrawal is the ef-
§505A.1

Effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the commission and the withdrawing state unless the approval is rescinded by the withdrawing state as provided in subparagraph (5).

(3) The commissioner of the withdrawing state shall immediately notify the management committee in writing upon the introduction of legislation repealing this compact in the withdrawing state.

(4) The commission shall notify the other compacting states of the introduction of such legislation within ten days after its receipt of notice.

(5) The withdrawing state is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the commission and the withdrawing state. The commission’s approval of products and advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the withdrawing state, unless formally rescinded by the withdrawing state in the same manner as provided by the laws of the withdrawing state for the prospective disapproval of products or advertisement previously approved under state law.

(6) Reinstatement following withdrawal of any compacting state shall occur upon the effective date of the withdrawing state reenacting the compact.

b. Default.

(1) If the commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this compact, the bylaws or duly promulgated rules or operating procedures, then, after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by this compact on the defaulting state shall be suspended from the effective date of default as fixed by the commission. The grounds for default include, but are not limited to, failure of a compacting state to perform its obligations or responsibilities, and any other grounds designated in commission rules. The commission shall immediately notify the defaulting state in writing of the defaulting state’s suspension, pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from this compact and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination.

(2) Product approvals by the commission or product self-certifications, or any advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the defaulting state in the same manner as if the defaulting state had withdrawn voluntarily pursuant to paragraph “a”.

(3) Reinstatement following termination of any compacting state requires a reenactment of this compact.

c. Dissolution of compact.

(1) This compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in this compact to one compacting state.

(2) Upon the dissolution of this compact, this compact becomes null and void and shall be of no further force or effect, and the business and affairs of the commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws.

15. Article XV — Severability and construction.

a. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of this compact shall be enforceable.

b. The provisions of this compact shall be liberally construed to effectuate its purposes.

16. Article XVI — Binding effect of compact and other laws.

a. Other laws.

(1) Nothing herein prevents the enforcement of any other law of a compacting state, except as provided in subparagraph (2).

(2) For any product approved or certified to the commission, the rules, uniform standards, and any other requirements of the commission shall constitute the exclusive provisions applicable to the content, approval, and certification of such products. For advertisement that is subject to the commission’s authority, any rule, uniform standard, or other requirement of the commission which governs the content of the advertisement shall constitute the exclusive provision that a commissioner may apply to the content of the advertisement. Notwithstanding the foregoing, action taken by the commission shall not abrogate or restrict:

(a) The access of any person to state courts.

(b) Remedies available under state law related to breach of contract, tort, general consumer protection laws, or general consumer protection regulations that apply to the sale or advertisement of the product or other laws not specifically directed to the content of the product.

(c) State law relating to the construction of insurance contracts.

(d) The authority of the attorney general of the
state, including but not limited to maintaining any actions or proceedings, as authorized by law.

(3) All insurance products filed with individual states shall be subject to the laws of those states.

b. Binding effect of this compact.

(1) All lawful actions of the commission, including all rules and operating procedures adopted by the commission, are binding upon the compacting states.

(2) All agreements between the commission and the compacting states are binding in accordance with their terms.

(3) Upon the request of a party to a conflict over the meaning or interpretation of commission actions, and upon a majority vote of the compacting states, the commission may issue advisory opinions regarding the meaning or interpretation in dispute.

(4) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the commission shall be ineffective as to that compacting state, and those obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which those obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

If, after hearing, the commissioner determines that a person has engaged in an unfair method of competition or an unfair or deceptive act or practice, the commissioner shall reduce the findings to writing and shall issue and cause to be served upon the person charged with the violation a copy of such findings, an order requiring such person to cease and desist from engaging in such method of competition, act, or practice, and the commissioner may at the commissioner’s discretion order any one or more of the following:

a. Payment of a civil penalty of not more than one thousand dollars for each act or violation of this subtitle, but not to exceed an aggregate of ten thousand dollars, unless the person knew or reasonably should have known the person was in violation of this subtitle, in which case the penalty shall be not more than five thousand dollars for each act or violation, but not to exceed an aggregate penalty of fifty thousand dollars in any one six-month period. 3. After the expiration of the time allowed for filing such a petition for review if no such petition
has been duly filed within such time, the commissioner may at any time, after notice and opportunity for hearing, reopen and alter, modify, or set aside, in whole or in part, any order issued by the commissioner under this section, whenever in the commissioner’s opinion conditions of fact or of law have so changed as to require such action, or if the public interest shall so require.

1. Upon a failure of a company organized under the laws of this state to make the deposit provided in section 511.8, subsection 16, or file the statement in the time herein stated, or to file in a timely manner any financial statement required by rule of the commissioner of insurance, the commissioner of insurance shall notify the attorney general of the default, who shall at once apply to the district court of the county where the home office of the company is located for an order requiring the company to show cause, upon reasonable notice to be fixed by the court, why its business shall not be discontinued. If, upon the hearing, sufficient cause is not shown, the court shall decree its dissolution.

2. In lieu of a district court action authorized by this section, the commissioner may impose an administrative penalty of five hundred dollars upon the company. 3. The commissioner may give notice to a company, which has failed to file evidence of deposit and all delinquent statements within the time fixed, that the company is in violation of this section. If the company fails to file evidence of deposit and all delinquent statements within ten days of the date of the notice, the company is subject to an additional administrative penalty of one hundred dollars for each day the failure continues.

**508.15 Violation by foreign company.**

Companies organized and chartered by the laws of a foreign state or country, failing to file the evidence of investment and statement within the time fixed, or failing to timely file any financial statement required by rule of the commissioner of insurance, shall forfeit and pay five hundred dollars, to be collected in an action in the name of the state and paid to the treasurer of state for deposit as provided in section 505.7, and their right to transact further new business in this state shall immediately cease until the requirements of this chapter have been fully complied with. The commissioner may give notice to a company which has failed to file within the time fixed that the company is in violation of this section and if the company fails to file the evidence of investment and statement within ten days of the date of the notice the company shall forfeit and pay the additional sum of one hundred dollars for each day the failure continues, to be paid to the treasurer of state for deposit as provided in section 505.7.

**508.36 Standard valuations.**

This section shall be known as the “Standard Valuation Law”.

1. **Reserve valuation.** The commissioner shall annually value, or cause to be valued, the reserve liabilities, referred to in this section as reserves, for all outstanding life insurance policies and annuity and pure endowment contracts of every life insurance company doing business in this state, and may certify the amount of any such reserves, specifying the mortality table or tables, rate or rates of interest, and the net level premium method or other methods used in the calculation of such reserves. In calculating the reserves, the commissioner may use group methods and approximate averages for fractions of a year otherwise. In lieu of the valuation of the reserves required in this section of any foreign or alien company, the commissioner may accept any valuation made, or caused to be made, by the insurance supervisory official of any state or other jurisdiction when such valuation complies with the minimum standard provided for in this section and if the official of such state or jurisdiction accepts as sufficient and valid for all legal purposes the certificate of valuation of the commissioner when such certificate states the valuation to have been made in a specified manner according to which the aggregate reserves would be at least as large as if they had been computed in the manner prescribed by the law of that state or jurisdiction.

2. **Actuarial opinion of reserves.** This subsection is effective January 1, 1996.
   a. **General.** A life insurance company doing business in this state shall annually submit the written opinion of a qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the commissioner by regulation are computed appropriately, are based on assumptions which satisfy contractual provisions, are consistent with prior reported amounts, and are in compliance with applicable laws of this state. The commissioner shall define by rule the requirements and content of this opinion and add any other items deemed to be necessary.
   b. **Actuarial analysis of reserves and assets supporting such reserves.**
      (1) Unless exempted by rule, a life insurance company shall also annually include in the opinion required by paragraph “a”, an opinion of the same qualified actuary as to whether the reserves and related actuarial items held in support of policies and contracts specified by the commissioner by rule, when considered with respect to the assets held by the company associated with the reserves and related actuarial items, including, but not limited to, the investment earnings on the assets and the considerations anticipated to be received and retained under the policies and contracts, are sufficient for the company’s obligations under the policies and contracts, including but not limited to the benefits under and expenses associated with the policies and contracts.
      (2) The commissioner may provide by rule for a transition period for establishing any higher reserves which the qualified actuary may deem necessary in order to render the opinion required by this section.
   c. **Requirements for actuarial analysis.** An opinion required by paragraph “b” shall be governed by the following provisions:
      (1) A memorandum, in form and substance acceptable to the commissioner as specified by rule, shall be prepared to support each actuarial opinion.
      (2) If the insurance company fails to provide a supporting memorandum at the request of the commissioner within a period specified by rule or the commissioner determines that the supporting memorandum provided by the insurance company fails to meet the standards prescribed by the rules or is otherwise unacceptable to the commissioner, the commissioner may engage a qualified actuary at the expense of the company to review the opinion and the basis for the opinion and prepare such supporting memorandum as is required by the commissioner.
   d. **Requirement for all opinions.** An opinion
required under this section is governed by the following provisions:

(1) The opinion shall be submitted with the annual statement reflecting the valuation of such reserve liabilities for each year ending on or after December 31, 1995.

(2) The opinion shall apply to all business in force, including individual and group health insurance plans, in form and substance acceptable to the commissioner as specified by rule.

(3) The opinion shall be based on standards adopted from time to time by the actuarial standards board and on such additional standards as the commissioner may by rule prescribe.

(4) In the case of an opinion required to be submitted by a foreign or alien company, the commissioner may accept the opinion filed by that company with the insurance supervisory official of another state if the commissioner determines that the opinion reasonably meets the requirements applicable to a company domiciled in this state.

(5) For the purposes of this section, "qualified actuary" means a member in good standing of the American academy of actuaries who meets the requirements of the commissioner as specified by rule.

(6) Except in cases of fraud or willful misconduct, a qualified actuary is not liable for damages to any person, other than to the insurance company and the commissioner, for any act, error, omission, decision, or conduct with respect to the actuary's opinion.

(7) Disciplinary action which may be taken by the commissioner against the company or the qualified actuary shall be defined in rules adopted by the commissioner.

(8) Any memorandum in support of the opinion, and any other material provided by the company to the commissioner in connection with the opinion, shall be kept confidential by the commissioner and shall not be made public and shall not be subject to subpoena, other than for the purpose of defending an action seeking damages from any person by reason of any action required by this section or by rules adopted pursuant to this section. Notwithstanding this subparagraph, the memorandum or other material may be released by the commissioner if either of the following applies:

(a) The commissioner receives the written consent of the company with which the opinion is associated.

(b) The American academy of actuaries requests that the memorandum or other material is required for the purpose of professional disciplinary proceedings and setting forth procedures satisfactory to the commissioner for preserving the confidentiality of the memorandum or other material.

Once any portion of the confidential memorandum is cited by the company in its marketing, is cited before any governmental agency other than a state insurance department, or is released by the company to the news media, all portions of the confidential memorandum are no longer confidential.

5. Computation of minimum standard by calendar year of issue.

a. Applicability of this subsection. The calendar year statutory valuation interest rates, as defined in this subsection, shall be used in determining the minimum standard for the valuation of all of the following:

(1) All life insurance policies issued in a particular calendar year, on or after the operative date of section 508.37, subsection 5, paragraph “c”.

(2) All individual annuity and pure endowment contracts issued in a particular calendar year on or after January 1, 1995.

(3) All annuities and pure endowments purchased in a particular calendar year on or after January 1, 1995, under group annuity and pure endowment contracts.

(4) The net increase, if any, in a particular calendar year on or after January 1, 1995, in amounts held under guaranteed interest contracts.

b. Calendar year statutory valuation interest rates.

(1) The calendar year statutory valuation interest rates, referred to in this paragraph as “I”, shall be determined as follows and the results rounded to the nearer one-quarter of one percent:

(a) For life insurance,

\[ W \]

where R1 is the lesser of R and .09, R2 is the greater of R and .09, R is the reference interest rate defined in paragraph “d” of this subsection, and W is the weighting factor defined in paragraph “c” of this subsection.

(b) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and from guaranteed interest contracts with cash settlement options,

\[ I \]

where R1 is the lesser of R and .09, R2 is the greater of R and .09, R is the reference interest rate defined in paragraph “d” of this subsection, and W is the weighting factor defined in paragraph “c” of this subsection.

(c) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue-year basis, except as stated in subparagraph division (b), the formula for life insurance stated in subparagraph division (a) applies to annuities and guaranteed interest contracts with guarantee durations in excess of ten years, and the formula for single premium immediate annuities stated in subparagraph division (b) applies to annuities and guaranteed interest contracts with guarantee durations of ten years or less.

d. For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the formula for single premium immediate annuities stated in subparagraph division (b) applies.

(e) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change-in-fund basis, the formula for single premium immediate annuities stated in subparagraph division (b) applies.
by less than one-half of one percent, the calendar year statutory valuation interest rate for the life insurance policies is equal to the corresponding actual rate for the immediately preceding calendar year. For purposes of applying the immediately preceding sentence, the calendar year statutory valuation interest rate for life insurance policies issued in a calendar year shall be determined for 1980, using the reference interest rate defined in 1979, and shall be determined for each subsequent calendar year regardless of the operative date of section 508.37, subsection 5, paragraph "c".

c. Weighting factors.

(1) The weighting factors referred to in paragraph "b" are given in the following tables:

(a) Weighting Factors for Life Insurance:

<table>
<thead>
<tr>
<th>Guarantee Duration (Years)</th>
<th>Weighting Factors</th>
</tr>
</thead>
<tbody>
<tr>
<td>10 or less</td>
<td>.50</td>
</tr>
<tr>
<td>More than 10, but not more</td>
<td>.45</td>
</tr>
<tr>
<td>20</td>
<td>.35</td>
</tr>
</tbody>
</table>

For life insurance, the guarantee duration is the maximum number of years the life insurance can remain in force on a basis guaranteed in the policy or under options to convert to plans of life insurance with premium rates or nonforfeiture values or both which are guaranteed in the original policy.

(b) The weighting factors for single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options is .80.

(c) Weighting factors for other annuities and for guaranteed interest contracts, except as stated in subparagraph division (b), shall be as specified in subparagraph subdivisions (i), (ii), and (iii) of this subparagraph division, according to the rules and definitions in subparagraph subdivisions (iv), (v), and (vi) of this subparagraph division:

(i) For annuities and guaranteed interest contracts valued on an issue-year basis:

<table>
<thead>
<tr>
<th>Guarantee Duration (Years)</th>
<th>Weighting Factor for Plan Type</th>
</tr>
</thead>
<tbody>
<tr>
<td>5 or less</td>
<td>A .80  B .60  C .50</td>
</tr>
<tr>
<td>More than 5, but not more</td>
<td>A .75  B .60  C .50</td>
</tr>
<tr>
<td>10</td>
<td>A .65  B .50  C .45</td>
</tr>
<tr>
<td>More than 20</td>
<td>A .45  B .35  C .35</td>
</tr>
</tbody>
</table>

(ii) For annuities and guaranteed interest contracts valued on a change-in-fund basis, the factors shown in subparagraph subdivision (i) of this subparagraph division increased by:

<table>
<thead>
<tr>
<th>Plan Type</th>
<th>A</th>
<th>B</th>
<th>C</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>.15</td>
<td>.25</td>
<td>.05</td>
</tr>
</tbody>
</table>

(iii) For annuities and guaranteed interest contracts valued on an issue-year basis, other than those with no cash settlement options, which do not guarantee interest on considerations received more than one year after issue or purchase and for annuities and guaranteed interest contracts valued on a change-in-fund basis which do not guarantee interest rates on considerations received more than twelve months beyond the valuation date, the factors shown in subparagraph subdivision (i) of this subparagraph division or derived in subparagraph subdivision (ii) of this subparagraph division increased by:

<table>
<thead>
<tr>
<th>Plan Type</th>
<th>A</th>
<th>B</th>
<th>C</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>.05</td>
<td>.05</td>
<td>.05</td>
</tr>
</tbody>
</table>

(iv) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guaranteed interest duration is the number of years for which the contract guarantees interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee durations in excess of twenty years. For other annuities with no cash settlement options and guaranteed interest contracts with no cash settlement options, the guaranteed interest duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence.

(v) "Plan type", as used in subparagraph subdivisions (ii), (iii), and (iv) of this subparagraph division, is defined as follows:

"Plan Type A": At any time, the policyholder may withdraw funds only with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or may withdraw funds without that adjustment but in installments over five years or more, or may withdraw funds as in immediate life annuity; or no withdrawal is permitted.

"Plan Type B": Before expiration of the interest rate guarantee, the policyholder may withdraw funds only with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or may withdraw funds without that adjustment but in installments over five years or more; or no withdrawal is permitted. At the end of interest rate guarantee, funds may be withdrawn without adjustment in a single sum or installments over less than five years.

"Plan Type C": The policyholder may withdraw funds before expiration of interest rate guarantee in a single sum or installments over less than five years either without adjustment to re-
§508.36  reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or subject only to a fixed surrender charge stipulated in the contract as a percentage of the fund.

(vi) A company may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue-year basis or on a change-in-fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options must be valued on an issue-year basis. As used in this section, an issue-year basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard for the entire duration of the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of issue or year of purchase of the annuity or guaranteed interest contract, and the change-in-fund basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

d. Reference interest rate. The reference interest rate referred to in paragraph “b” is defined as follows:

(1) For all life insurance, the lesser of the average over a period of thirty-six months and the average over a period of twelve months, ending on June 30 of the calendar year next preceding the year of issue, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody’s Investors Service, Inc.

(2) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the average over a period of twelve months, ending on June 30 of the calendar year of issue or year of purchase, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody’s Investors Service, Inc.

(3) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue-year basis, except as stated in subparagraph (2), with guarantee duration in excess of ten years, the lesser of the average over a period of thirty-six months and the average over a period of twelve months, ending on June 30 of the calendar year of issue or purchase, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody’s Investors Service, Inc.

(4) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue-year basis, except as stated in subparagraph (2), with guarantee duration of ten years or less, the average over a period of twelve months, ending on June 30 of the calendar year of issue or purchase, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody’s Investors Service, Inc.

(5) For other annuities with no cash settlement options and guaranteed interest contracts with no cash settlement options, the average over a period of twelve months, ending on June 30 of the calendar year of issue or purchase, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody’s Investors Service, Inc.

(6) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change-in-fund basis, except as stated in subparagraph (2), the average over a period of twelve months, ending on June 30 of the calendar year of the change in the fund, of the monthly average of the composite yield on seasoned corporate bonds, as published by Moody’s Investors Service, Inc.

e. Alternative method for determining reference interest rates. In the event that the monthly average of the composite yield on seasoned corporate bonds is no longer published by Moody’s Investors Service, Inc., or in the event that the national association of insurance commissioners determines that the monthly average of the composite yield on seasoned corporate bonds as published by Moody’s Investors Service, Inc. is no longer appropriate for the determination of the reference interest rate, an alternative method for determination of the reference interest rate, which is adopted by the national association of insurance commissioners and approved by rule adopted by the commissioner, may be substituted.

a. Except as otherwise provided in subsections 7, 10, and 12, reserves calculated according to the commissioner’s reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums, shall be the excess, if any, of the present value, at the date of valuation, of future guaranteed benefits provided for by such policies, over the present value, at the date of valuation, of any future modified net premiums for such policies. The modified net premiums for such policy is the uniform percentage of the respective contract premiums for the benefits such that the present value, at the date of issue of the policy, of all modified net premiums shall be equal to the sum of the present value, at the date of valuation, of such benefits provided for by the policy and the excess of the amount determined in subparagraph (1) over the amount determined in subparagraph (2), as follows:

(1) A net level annual premium equal to the present value at the date of issue, of the benefits provided for after the first policy year, divided by
the present value at the date of issue, of an annuity of one per annum payable on the first, and each subsequent, anniversary of the policy on which a premium falls due. However, the net level annual premium shall not exceed the net level annual premium on the nineteen-year premium whole life plan for insurance of the same amount at an age one year more than the age of the insured at issue of the policy.

(2) A net one-year term premium for the benefits provided for in the first policy year.

b. However, for a life insurance policy issued on or after January 1, 1998, for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such additional premium and which provides an endowment benefit or a cash surrender value or a combination of such benefit or value in an amount greater than such additional premium shall be, except as otherwise provided in subsection 10, the greater of the reserve as of such policy anniversary calculated as described in paragraph “a” and the reserve as of such policy anniversary calculated as described in paragraph “a”, but with the following modifications:

(1) The value defined in paragraph “a” being reduced by fifteen percent of the amount of such excess first year premium.

(2) All present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date.

(3) The policy being assumed to mature on such date as an endowment.

(4) The cash surrender value provided on such date being considered as an endowment benefit.

In making the above comparison the mortality and interest bases stated in subsections 4 and 5 shall be used.

c. Reserves according to the commissioner’s reserve valuation method shall be calculated pursuant to a method consistent with this subsection for all of the following:

(1) Life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums.

(2) Group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation established or maintained by an employer, including a partnership or sole proprietorship, or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the Internal Revenue Code.

(3) Disability and accidental death benefits in all policies and contracts.

(4) All other benefits, except life insurance and endowment benefits in life insurance policies and benefits provided by all other annuity and pure endowment contracts.

7. Reserve valuation method — annuity and pure endowment benefits. This subsection applies to all annuity and pure endowment contracts other than group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation established or maintained by an employer, including a partnership or sole proprietorship, or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the Internal Revenue Code.

Reserves according to the commissioner’s annuity reserve method for benefits under annuity or pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the greatest of the respective excesses of the present values, at the date of valuation, of the future guaranteed benefits, including guaranteed nonforfeiture benefits, provided for by such contracts at the end of each respective contract year, over the present value, at the date of valuation, of any future valuation considerations derived from future gross considerations, required by the terms of such contract, that become payable prior to the end of such respective contract year. The future guaranteed benefits shall be determined by using the mortality table, if any, and the interest rate or rates, specified in such contracts for determining guaranteed benefits. The valuation considerations are the portions of the respective gross considerations applied under the terms of such contracts to determine nonforfeiture values.

8. Minimum reserves.

a. A company’s aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, issued on or after the operative date of section 508.37, shall not be less than the aggregate reserves calculated in accordance with the methods set forth in subsections 6, 7, 10, and 11, and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies.

b. A company’s aggregate reserves for all policies, contracts, and benefits shall not be less than the aggregate reserves determined by the qualified actuary to be necessary to render the opinion required by subsection 2.

9. Optional reserve calculation. Reserves for all policies and contracts issued prior to the operative date of section 508.37, may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required prior to July 1, 1994.
Reserves for any category of policies, contracts, or benefits, as established by the commissioner, issued on or after the operative date of section 508.37, may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard as provided in this section, but the rate or rates of interest used for policies and contracts, other than annuity and pure endowment contracts, shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits as provided in this section.

A company which at any time adopts a standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard as provided in this section may adopt, with the approval of the commissioner, any lower standard of valuation, not to be lower than the minimum as provided in this section, provided, however, that, for purposes of this section, the holding of additional reserves previously determined by a qualified actuary to be necessary to render the opinion required by subsection 2 shall not be deemed to be the adoption of a higher standard of valuation.

10. Reserve calculation — valuation net premium exceeding the gross premium charge.

a. If in any contract year the gross premium charged by a life insurance company on a policy or contract is less than the valuation net premium for the policy or contract, as calculated by the method used in calculating the reserve for such policy or contract but using the minimum valuation standards of mortality and rate of interest, the minimum reserve required for such policy or contract is the greater of either the reserve calculated according to the mortality table, rate of interest, and method actually used for such policy or contract, or the reserve calculated by the method actually used for such policy or contract but using the minimum valuation standards of mortality and rate of interest and replacing the valuation net premium by the actual gross premium in each contract year for which the valuation net premium exceeds the actual gross premium. The minimum valuation standards of mortality and rate of interest referred to in this section are those standards established in subsections 4 and 5.

b. However, for any life insurance policy issued on or after January 1, 1998, for which the gross premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value, or a combination of such benefit and value, in an amount greater than the excess premium, the provisions of paragraph “a” apply as if the method actually used in calculating the reserve for such policy is the method established in subsection 6, excluding paragraph “b” of that subsection. The minimum reserve of the policy at each policy anniversary shall be the greater of the minimum reserve calculated pursuant to subsection 6 and the minimum reserve calculated in accordance with this subsection.

11. Reserve calculation — indeterminate premium plans. In the case of any plan of life insurance which provides for future premium determination, the amounts of such premium which are to be determined by the insurance company based on estimates of future experience, or in the case of any plan of life insurance or annuity, the minimum reserves of which cannot be determined by the methods established in subsections 6, 7, and 10, the reserves which are held under the plan must be appropriate in relation to the benefits and the pattern of premiums for that plan, and shall be computed by a method which is consistent with this section, as determined by rules adopted by the commissioner.

12. Minimum standards for health (disability, accident, and sickness) plans. The commissioner shall adopt rules containing the minimum standards applicable to the valuation of health, disability, and sickness and accident plans.

§508.37 Standard nonforfeitures — life insurance.

This section shall be known as the “Standard Nonforfeiture Law for Life Insurance”.

1. In the case of policies issued on or after the operative date of this section as defined in subsection 11, a policy of life insurance shall not, except as stated in subsection 10, be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the commissioner are at least as favorable to the defaulting or surrendering policyholder as the following provisions and are essentially in compliance with subsection 9:

a. That, in the event of default in any premium payment, the company will grant, upon proper request not later than sixty days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of the due date of the premium in default, and of an amount as specified in this section. In lieu of the stipulated paid-up nonforfeiture benefit, the
company may substitute, upon proper request not later than sixty days after the due date of the premium in default, an actuarially equivalent alternative paid-up nonforfeiture benefit which provides a greater amount or longer period of death benefits or, if applicable, a greater amount or earlier payment of endowment benefits.

b. That, upon surrender of the policy within sixty days after the due date of any premium payment in default after premiums have been paid for at least three full years in the case of ordinary insurance or five full years in the case of industrial insurance, the company will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value of an amount as may be specified in this section.

c. That a specified paid-up nonforfeiture benefit shall become effective as specified in the policy unless the person entitled to make an election elects another available option not later than sixty days after the due date of the premium in default.

d. That, if the policy has become paid up by completion of all premium payments or if it is continued under any paid-up nonforfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance or the fifth policy anniversary in the case of industrial insurance, the company will pay, upon surrender of the policy within thirty days after any policy anniversary, a cash surrender value of an amount as specified in this section.

e. In the case of policies which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, a statement of the mortality table, interest rate, and method used in calculating cash surrender values and the paid-up nonforfeiture benefits available under the policy. In the case of all other policies, a statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefit, if any, available under the policy on each policy anniversary, either during the first twenty policy years or during the term of the policy, whichever is shorter, the values and benefits to be calculated upon the assumption that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the company on the policy.

f. A statement that the cash surrender values and the paid-up nonforfeiture benefits available under the policy are not less than the minimum values and benefits required by or pursuant to the insurance law of the state in which the policy is delivered; an explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the company on the policy; if a detailed statement of the method of computation of the values and benefits shown in the policy is not stated in the policy, a statement that the method of computation has been filed with the insurance supervisory official of the state in which the policy is delivered; and a statement of the method to be used in calculating the cash surrender value and paid-up nonforfeiture benefit available under the policy on any policy anniversary beyond the last anniversary for which such values and benefits are consecutively shown in the policy.

2. Any of the provisions or portions of provisions set forth in subsection 1 which are not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy. The company shall reserve the right to defer the payment of any cash surrender value for a period of six months after demand with surrender of the policy.

3. a. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary, whether or not required by subsection 1, shall be an amount not less than the excess, if any, of the present value, on that anniversary, of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions, if there had been no default, over the sum of the then present value of the adjusted premiums as defined in subsections 5 and 6, corresponding to premiums which would have fallen due on and after that anniversary, plus the amount of any indebtedness to the company on the policy.

b. However, for a policy issued on or after the operative date of subsection 6 as defined in paragraph “k” of that subsection, which provides supplemental life insurance or annuity benefits at the option of the insured and for an identifiable additional premium by rider or supplemental policy provision, the cash surrender value referred to in paragraph “a” shall be an amount not less than the sum of the cash surrender value as defined in that paragraph for an otherwise similar policy issued at the same age without such rider or supplemental policy provision and the cash surrender value as defined in that paragraph for a policy which provides only the benefits otherwise provided by such rider or supplemental policy provision.

c. Provided further that for a family policy issued on or after the operative date of subsection 6 as defined in paragraph “k” of that subsection, which defines a primary insured and provides term insurance on the life of the spouse of the primary insured expiring before the spouse’s age seventy-one, the cash surrender value referred to in paragraph “a” shall be an amount not less than the sum of the cash surrender value as defined in that paragraph for an otherwise similar policy issued at the same age without term insurance on the life
§508.37

of the spouse and the cash surrender value as defined in paragraph "a" for a policy which provides only the benefits otherwise provided by the term insurance on the life of the spouse.

d. Any cash surrender value available within thirty days after any policy anniversary under any policy paid up by completion of all premium payments or any policy continued under any paid-up nonforfeiture benefit, whether or not required by subsection 1, shall be an amount not less than the present value, on the anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions, decreased by any indebtedness to the company on the policy.

4. Any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of that anniversary shall be at least equal to the cash surrender value then provided for by the policy or, if none is provided for, that cash surrender value which would have been required by this section in the absence of the condition that premiums shall have been paid for at least a specified period.

5. a. This subsection does not apply to policies issued on or after the operative date of subsection 6 as defined in paragraph "k" of that subsection. Except as provided in paragraph "c", the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding any extra premiums charged because of impairments or special hazards, that the present value, at the date of issue of the policy, of all such adjusted premiums is equal to the sum of the following:

(1) The then present value of the future guaranteed benefits provided for by the policy.

(2) Two percent of the amount of the insurance, if the insurance is uniform in amount, or of the equivalent uniform amount, as defined in paragraph "b", if the amount of insurance varies with duration of the policy.

(3) Forty percent of the adjusted premium for the first policy year.

(4) Twenty-five percent of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less.

However, in applying the percentages specified in subparagraphs (3) and (4), no adjusted premium shall be deemed to exceed four percent of the amount of insurance or an equivalent uniform amount. The date of issue of a policy for the purpose of this subsection is the date as of which the rated age of the insured is determined.

b. In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent uniform amount for the purpose of this subsection shall be deemed to be the uniform amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy, provided that in the case of a policy providing a varying amount of insurance issued on the life of a child under age ten, the equivalent uniform amount may be computed as though the amount of insurance provided by the policy prior to the attainment of age ten were the amount provided by the policy at age ten.

c. The adjusted premiums for a policy providing term insurance benefits by rider or supplemental policy provision shall be equal to (1) the adjusted premiums for an otherwise similar policy issued at the same age without such term insurance benefits, increased during the period for which premiums for such term insurance benefits are payable, by (2) the adjusted premiums for such term insurance, the foregoing items (1) and (2) being calculated separately and as specified in paragraphs "a" and "b" of this subsection except that, for the purposes of subparagraphs (2), (3), and (4) of paragraph "a", the amount of insurance or equivalent uniform amount of insurance used in the calculation of the adjusted premiums referred to in item (2) in this paragraph shall be equal to the excess of the corresponding amount determined for the entire policy over the amount used in the calculation of the adjusted premiums in item (1) in this paragraph.

d. (1) All adjusted premiums and present values referred to in this section shall for policies of ordinary insurance be calculated on the basis of the Commissioners 1958 Standard Ordinary Mortality Table, provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than six years younger than the actual age of the insured. The calculations for all policies of industrial insurance issued before January 1, 1968, shall be made on the basis of the 1941 Standard Industrial Mortality Table, except that a company may file with the commissioner a written notice of its election that the adjusted premiums and present values shall be calculated on the basis of the Commissioners 1961 Standard Industrial Mortality Table, after a specified date before January 1, 1968. Whether or not any election has been made, the Commissioners 1961 Standard Industrial Mortality Table shall be the basis for these calculations as to all policies of industrial insurance issued on or after January 1, 1968. All calculations shall be made on the basis of the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided that the rate of interest shall not exceed three and one-half per-
(2) However, in calculating the present value under subparagraph (1) of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed in the case of policies of ordinary insurance, may be not more than those shown in the Commissioners 1958 Extended Term Insurance Table, and in the case of policies of industrial insurance, may be not more than one hundred thirty percent of the rates of mortality according to the 1941 Standard Industrial Mortality Table, except that when the Commissioners 1961 Standard Industrial Mortality Table becomes applicable as specified in this paragraph, the rates of mortality assumed may be not more than those shown in the Commissioners 1961 Industrial Extended Term Insurance Table. In addition, for insurance issued on a substandard basis, the calculation under subparagraph (1) of adjusted premiums and present values may be based on any other table of mortality that is specified by the company and approved by the commissioner.

6. a. This subsection applies to all policies issued on or after the operative date of this subsection, as defined in paragraph "g". Except as provided in paragraph "g", the adjusted premiums for a policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments or special hazards and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the date of issue of the policy, of all adjusted premiums is equal to the sum of the following:

(1) The then present value of the future guaranteed benefits provided for by the policy.

(2) One percent of either the amount of insurance, if the insurance is uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years.

(3) One hundred twenty-five percent of the nonforfeiture net level premium, as defined in paragraph "b". However, in applying this percentage a nonforfeiture net level premium shall not be deemed to exceed four percent of either the amount of insurance, if the insurance is uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years.

The date of issue of a policy for the purpose of this subsection is the date as of which the rated age of the insured is determined.

b. The nonforfeiture net level premium shall be equal to the present value, at the date of issue of the policy, of the guaranteed benefits provided for by the policy divided by the present value, at the date of issue of the policy, of an annuity of one per annum payable on the date of issue of the policy and on each anniversary of the policy on which a premium falls due.

c. In the case of policies which on a basis guaranteed in the policy cause unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, the adjusted premiums and present values shall initially be calculated on the assumption that future benefits and premiums do not change from those stipulated at the date of issue of the policy. At the time of a change in the benefits or premiums, the future adjusted premiums, nonforfeiture net level premiums, and present values shall be recalculated on the assumption that future benefits and premiums do not change from those stipulated by the policy immediately after the change.

d. Except as otherwise provided in paragraph "g", the recalculated future adjusted premiums for a policy shall be such uniform percentage of the respective future premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments and special hazards, and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the time of change to the newly defined benefits or premiums, of all future adjusted premiums is equal to the excess of the sum of the then present value of the then future guaranteed benefits or premiums, the future adjusted premiums, nonforfeiture net level premiums, and present values shall be recalculated on the assumption that future benefits and premiums do not change from those stipulated by the policy immediately after the change.

e. The additional expense allowance, at the time of the change to the newly defined benefits or premiums, shall be the sum of one percent of the excess, if positive, of the average amount of insurance at the beginning of each of the first ten policy years subsequent to the change over the average amount of insurance prior to the change at the beginning of each of the first ten policy years subsequent to the time of the most recent previous change, or, if there has been no previous change, the date of issue of the policy, plus one hundred twenty-five percent of the increase, if positive, in the nonforfeiture net level premium.

f. The recalculated nonforfeiture net level premium shall be equal to the result obtained by dividing (1) by (2), where (1) and (2) are as follows:

(1) The sum of the nonforfeiture net level premium applicable prior to the change times the
§508.37

(3) A company may calculate the amount of any guaranteed paid-up nonforfeiture benefit including any paid-up additions under the policy on the basis of an interest rate no lower than that specified in the policy for calculating cash surrender values.

(4) In calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture bene-

fit, the rates of mortality assumed may be not more than those shown in the Commissioners 1980 Extended Term Insurance Table for policies of ordinary insurance and not more than the Commissioners 1961 Industrial Extended Term Insurance Table for policies of industrial insurance.

(5) For insurance issued on a substandard basis, the calculation of adjusted premiums and present values may be based as if it were issued to provide those higher uniform amounts of insurance on the standard basis.

(6) Adjusted premiums and present values referred to in this section shall for all policies of ordinary insurance be calculated on the basis of either the Commissioners 1980 Standard Ordinary Mortality Table or, at the election of the company for any one or more specified plans of life insurance, the Commissioners 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors; shall for all policies of industrial insurance be calculated on the basis of the Commissioners 1961 Standard Industrial Mortality Table; and shall for all policies issued in any one calendar year be calculated on the basis of a rate of interest not exceeding the nonforfeiture interest rate as defined in paragraph "i" for policies issued in that calendar year. However:

(1) At the option of the company, calculations for all policies issued in any calendar year may be made on the basis of a rate of interest not exceeding the nonforfeiture interest rate, as defined in paragraph "i", for policies issued in the immediately preceding calendar year.

(2) Under any paid-up nonforfeiture benefit, including any paid-up dividend additions, any cash surrender value available, whether or not required by subsection 1, shall be calculated on the basis of the mortality table and rate of interest used in determining the amount of the paid-up nonforfeiture benefit and paid-up dividend additions, if any.

(3) Any industrial mortality tables adopted after 1980 by the national association of insurance commissioners and approved by rule adopted by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for the Commissioners 1980 Standard Ordinary Mortality Table with or without Ten-Year Select Mortality Factors or for the Commissioners 1980 Extended Term Insurance Table.

(4) Any ordinary mortality tables adopted after 1980 by the national association of insurance commissioners and approved by rule adopted by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for the Commissioners 1961 Standard Industrial Mortality Table or the Commissioners 1961 Industrial Extended Term Insurance Table.

(5) Any industrial mortality tables adopted after 1980 by the national association of insurance commissioners and approved by rule adopted by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for the Commissioners 1961 Standard Industrial Mortality Table or the Commissioners 1961 Industrial Extended Term Insurance Table.

(6) The nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be equal to one hundred twenty-five percent of the calendar year statutory valuation interest rate for the policy as defined in section 508.36, rounded to the nearest one quarter of one percent.

(7) Notwithstanding any contrary provision of the insurance laws of this state, any refiling of nonforfeiture values or their methods of computation for any previously approved policy form which involves only a change in the interest rate or mortality table used to compute nonforfeiture values shall not require refiling of any other provisions of that policy form.

(8) After the effective date of this subsection, a company may file with the commissioner a written notice of its election to comply with this subsection after a specified date before January 1, 1989, which shall be the operative date of this subsection for that company. If a company makes no election, the operative date of this subsection for the company is January 1, 1989.

(9) In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurance company based on then estimates of future experience, or in the case of any plan of life insurance which is of such a nature that minimum values cannot be determined by the methods described in subsection 1, 2, 3, 4, 5, or 6, then all of the following conditions must be met:

a. The commissioner must be satisfied that the benefits provided under the plan are substan-
tially as favorable to policyholders and insureds as the minimum benefits otherwise required by subsection 1, 2, 3, 4, 5, or 6.

b. The commissioner must be satisfied that the benefits and the pattern of premiums of that plan are not misleading to prospective policyholders or insureds.

c. The cash surrender values and paid-up nonforfeiture benefits provided by the plan must not be less than the minimum values and benefits required for the plan computed by a method consistent with the principles of this section, as determined by rules adopted by the commissioner.

8. Any cash surrender value and any paid-up nonforfeiture benefit, available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values referred to in subsections 3, 4, 5, and 6 may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up term additions, shall be not less than the amounts used to provide the additions. Notwithstanding subsection 3, additional benefits payable in the event of death or dismemberment by accident or accidental means, or in the event of total and permanent disability, or as reversionary annuity or deferred reversionary annuity benefits, or as term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this section would not apply, or as term insurance on the life of a child or on the lives of children provided in a policy on the life of a parent of the child, if the term insurance expires before the child's age is twenty-six, is uniform in amount after the child's age is one, and has not become paid up by reason of the death of a parent of the child, or as other policy benefits additional to life insurance and endowment benefits, and the premiums for all of these additional benefits, shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by this section, and none of these additional benefits shall be required to be included in any paid-up nonforfeiture benefits.

9. a. This subsection, in addition to all other applicable subsections of this section, applies to all policies issued on or after January 1, 1985. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary shall be in an amount which does not differ by more than two-tenths of one percent of either the amount of insurance, if the insurance is uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years, from the sum of the greater of zero and the basic cash value specified in paragraph "b" plus the present value of any existing paid-up additions less the amount of any indebtedness to the company under the policy.

b. The basic cash value shall be equal to the present value, on the anniversary, of the future guaranteed benefits which would have been provided for by the policy, excluding any existing paid-up additions and before deduction of any indebtedness to the company, if there had been no default, less the then present value of the nonforfeiture factors, as defined in paragraph "c", corresponding to premiums which would have fallen due on and after the anniversary. However, the effects on the basic cash value of supplemental life insurance or annuity benefits or of family coverage, as described in subsection 3 or 5, whichever is applicable, on the cash surrender values defined in that subsection.

c. (1) The nonforfeiture factor for each policy year shall be an amount equal to a percentage of the adjusted premium for the policy year, as defined in subsection 5 or 6, whichever is applicable. Except as is required by subparagraph (2) of this paragraph, this percentage must satisfy both of the following requirements:

(a) It must be the same percentage for each policy year between the second policy anniversary and the later of the fifth policy anniversary or the first policy anniversary at which there is available under the policy a cash surrender value in an amount, before including any paid-up additions and before deducting any indebtedness, of at least two-tenths of one percent of either the amount of insurance, if the insurance is uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years.

(b) It must be such that no percentage after the later of the two policy anniversaries specified in division (a) of this subparagraph may apply to fewer than five consecutive policy years.

(2) A basic cash value shall not be less than the value which would be obtained if the adjusted premiums for the policy, as defined in subsection 5 or 6, whichever is applicable, were substituted for the nonforfeiture factors in the calculation of the basic cash value.

d. Adjusted premiums and present values referred to in this subsection shall for a particular policy be calculated on the same mortality and interest bases as are used in demonstrating the policy's compliance with the other subsections of this section. The cash surrender values referred to in this subsection shall include any endowment benefits provided for by the policy.

e. Any cash surrender value available other than in the event of default in a premium payment due on a policy anniversary, and the amount of any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment, shall be determined in manners consistent with the manners specified for determining the
analogous minimum amounts in subsections 1, 2, 3, 4, 6, and 8. The amounts of any cash surrender values and of any paid-up nonforfeiture benefits granted in connection with additional benefits such as those described in subsection 8 shall conform with the principles of this subsection.

10. a. This section does not apply to any of the following:
   (1) Reinsurance.
   (2) Group insurance.
   (3) Pure endowment contracts.
   (4) Annuity or reversionary annuity contracts.
   (5) A term policy of uniform amount which provides no guaranteed nonforfeiture or endowment benefits, or a renewal thereof of twenty years or less expiring before age seventy-one, for which uniform premiums are payable during the entire term of the policy.
   (6) A term policy of decreasing amount, which provides no guaranteed nonforfeiture or endowment benefits, on which each adjusted premium, calculated as specified in subsections 5 and 6, is less than the adjusted premium so calculated, on a term policy of uniform amount, or renewal thereof, which provides no guaranteed nonforfeiture or endowment benefits, issued at the same age and for the same initial amount of insurance and for a term of twenty years or less expiring before age seventy-one, for which uniform premiums are payable during the entire term of the policy.

b. For purposes of determining the applicability of this section, the age at expiry for a joint term life insurance policy shall be the age at expiry of the oldest life.

11. After July 4, 1963, a company may file with the commissioner a written notice of its election to comply with this section after a specified date before January 1, 1966. The date specified by the company in the notice shall be the operative date of this section for the company, and this section shall apply to policies issued after that date by the company. If a company makes no election, the operative date of this section for the company is January 1, 1966.

CHAPTER 508C
IOWA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

508C.8 Powers and duties of the association.
1. If a domestic, foreign, or alien insurer is an impaired insurer, the association, subject to conditions imposed by the association and approved by the impaired insurer and the commissioner, may:
   a. Guarantee, assume, reinsure, or cause to be guaranteed, assumed, or reinsured, any or all of the covered policies of the impaired insurer.
   b. Provide moneys, pledges, notes, guarantees, or other means as proper to effectuate paragraph “a” and assure payment of the contractual obligations of the impaired insurer pending action under paragraph “a”.
   c. Loan money to the impaired insurer and guarantee borrowings by the impaired insurer, provided the association has concluded, based on reasonable assumptions, that there is a likelihood of repayment of the loan and a probability that unless a loan is made the association would incur substantial liabilities under subsection 2.

1A. If a domestic, foreign, or alien insurer is an insolvent insurer, subject to the approval of the commissioner, the association shall:
   a. Guarantee, assume, or reinsure, or cause to be guaranteed, assumed, or reinsured the covered policies of the insolvent insurer.
   b. Assure payment of the contractual obligations of the insolvent insurer.
   c. Provide moneys, pledges, notes, guarantees, or other means as reasonably necessary to discharge the duties described in this subsection.

2. a. If a domestic, foreign, or alien insurer is an insolvent insurer and the insurer is not paying claims timely, then, subject to the approval of the commissioner and to the preconditions specified in this subsection, the association may do either or both of the following:
   (1) Take any of the actions specified in subsection 1, subject to the conditions in that subsection.
   (2) Provide substitute benefits in lieu of the contractual obligations of the impaired insurer solely for health claims, periodic annuity benefits, death benefits, supplemental benefits, and cash withdrawals for policy or contract owners who petition for the benefits under claims of emergen-
cy or hardship in accordance with standards proposed by the association and approved by the commissioner.

h. The association is subject to this subsection only if all of the following conditions are met:

(1) The laws of the state of domicile provide that until all payments of or on account of the impaired insurer’s contractual obligations by all guaranty associations, along with all interest on the payments and expenses have been repaid to the guaranty associations or a plan of repayment by the impaired insurer has been approved by the guaranty associations all of the following apply:

(a) The delinquency proceeding shall not be dismissed.

(b) Neither the impaired insurer nor its assets shall be returned to the control of its shareholders or private management.

(c) The impaired insurer shall not be permitted to solicit or accept new business or have any suspended or revoked license restored.

(2) If the impaired insurer is a domestic insurer it has been placed under an order of rehabilitation by a court of competent jurisdiction in this state; or, if the impaired insurer is a foreign or alien insurer it has been prohibited from soliciting or accepting new business in this state, its certificate of authority has been suspended or revoked in this state, and a petition for rehabilitation or liquidation has been filed in a court of competent jurisdiction in its state or nation of domicile by the commissioner of that state or similar authority in an alien nation.

3. a. In carrying out its duties under subsection 2, permanent policy liens or contract liens may be imposed in connection with a guarantee, assumption, or reinsurance agreement, if the court does both of the following:

(1) Finds either that the amounts which can be assessed under this chapter are less than the amounts needed to assure full and prompt performance of the insolvent insurer’s contractual obligations, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to the public interest to justify the imposition of policy or contract liens.

(2) Approves the specific policy liens or contract liens to be used.

b. Before being obligated under subsection 2, the association may request the imposition of a temporary moratorium, not exceeding three years, or liens on payments of cash values, termination values, and policy loans in addition to any contractual provisions for deferral of cash values, termination values, or policy loans. The temporary moratoriums and liens may be imposed by the court as a condition of the association’s liability with respect to the insolvent insurer.

c. The obligations of the association under subsection 2 regarding a covered policy shall be reduced to the extent that the person entitled to the obligations has received payment of all or any part of the contractual benefits payable under the covered policy from any other source.

d. The association may offer modifications to the owners of policies or contracts or classes of policies or contracts issued by the insolvent insurer, if the association finds that under the policies or contracts the benefits provided, provisions pertaining to renewal, or the premiums charged or which may be charged are not reasonable. If the owner of a policy or contract to be modified fails or refuses to accept the modification as approved by the court, the association may terminate the policy or contract as of a date not less than one hundred eighty days after the modification is sent to the owner. The association shall have no liability under the policy or contract for any claim incurred or continuing beyond the termination date. However, this paragraph does not apply to interest adjustments made pursuant to section 508C.3, subsection 3, paragraph “a”.

4. If the association fails to act within a reasonable period of time as provided in subsection 2, the commissioner shall have the powers and duties of the association under this chapter with respect to insolvent insurers.

5. Upon request the association may give assistance and advice to the commissioner concerning the rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of an impaired or insolvent insurer.

6. The association has standing to appear before any court in this state with jurisdiction over an impaired or insolvent insurer concerning which the association is or may become obligated under this chapter. Standing shall extend to all matters germane to the powers and duties of the association including, but not limited to, proposals for reinsuring or guaranteeing the covered policies of the impaired or insolvent insurer and the determination of the covered policies and contractual obligations.

7. a. A person receiving benefits under this chapter is deemed to have assigned the rights under the covered policy to the association to the extent of the benefits received under this chapter, whether the benefits are payments of contractual obligations or a continuation of coverage. The association may require an assignment to the association of the rights by a payee, policyholder or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any rights or benefits conferred by this chapter upon the person. The association shall be subrogated to these rights against the assets of the insolvent insurer.

b. The subrogation rights of the association under this subsection have the same priority against the assets of the insolvent insurer as that possessed by the person entitled to receive benefits under this chapter.
c. In addition to the rights pursuant to subsection 3, paragraphs "a" and "b", the association shall have all common law rights of subrogation and any other equitable or legal remedy which would have been available to the insolvent insurer or holder of a policy or contract.

8. a. The benefits that the association may become obligated to cover shall in no event exceed the lesser of either of the following:

(1) The contractual obligations for which the insurer is liable or would have been liable if it were not an impaired or insolvent insurer.

(2) Any of the following:
   (a) With respect to one life, regardless of the number of policies or contracts:
   (i) Three hundred thousand dollars in life insurance death benefits, but not more than one hundred thousand dollars in net cash surrender and net cash withdrawal values for life insurance, or three hundred fifty thousand dollars in the aggregate.

509.3 Provisions as part of accident or health policy.

1. All policies of group accident or health insurance or combination thereof issued in this state shall contain in substance the following provisions:

a. The policy shall have a provision that a copy of the application, if any, of the policyholder shall be attached to the policy when issued or shall be furnished to the policyholder within thirty days after the policy is issued, that all statements made by the policyholder or by the persons insured shall be deemed representations and not warranties, and that no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person.

b. A provision that the company will issue to the policyholder for delivery to each person insured under such policy an individual certificate setting forth a statement as to the insurance protection to which the person is entitled, to whom the insurance benefits are payable, and such provisions of the policy as are, in the opinion of the commissioner of insurance, necessary to the holder thereof as to the holder’s rights under the policy.

c. A provision that to the group or class thereof originally insured shall be added, from time to time, all new persons eligible to insurance in such group or class.

d. A provision that if the insurance on a person or insurance on a person and the person’s dependents covered by the policy ceases because of termination of employment or of membership in the class, the person and the person’s dependents may continue their accident or health insurance under the group policy and may subsequently apply for a converted policy without evidence of insurability, as provided in chapter 509B.

e. A provision shall be made available to policyholders, under group policies covering vision
care services or procedures, for payment of necessary medical or surgical care and treatment provided by an optometrist licensed under chapter 148 if the care and treatment are provided within the scope of the optometrist’s license and if the policy would pay for the care and treatment if the care and treatment were provided by a person engaged in the practice of medicine or surgery or osteopathic medicine and surgery as licensed under chapter 148. The policy shall provide that the policyholder may reject the coverage or provision if the coverage or provision for services which may be provided by an optometrist is rejected for all providers of similar vision care services as licensed under chapter 148 or 154. This paragraph applies to group policies delivered or issued for delivery after July 1, 1983, and to existing group policies on their next anniversary or renewal date, or upon expiration of the applicable collective bargaining contract, if any, whichever is later. The policy shall provide that the policyholder may reject the coverage or provision if the coverage or provision for diagnosis or treatment of a human ailment by a chiropractor is rejected for all providers of diagnosis or treatment for similar human ailments licensed under chapter 148 or 151. A policy of group health insurance may limit or make optional the payment or reimbursement for lawful diagnostic or treatment service by all licensees under chapters 148 and 151 on any rational basis which is not solely related to the license under or the practices authorized by chapter 151 or is not dependent upon a method of classification, categorization, or description based directly or indirectly upon differences in terminology used by different licensees in describing human ailments or their diagnosis or treatment. This paragraph applies to group policies delivered or issued for delivery after July 1, 1986, and to existing group policies on their next anniversary or renewal date, or upon expiration of the applicable collective bargaining contract, if any, whichever is later. This paragraph shall not require payment for nursing services provided by a certified nurse practicing in a hospital, nursing facility, health care institution, physician’s office, or other noninstitutional setting if the certified nurse is an employee of the hospital, nursing facility, health care institution, physician, or other health care facility or health care provider. This paragraph applies to group policies delivered or issued for delivery in this state on or after July 1, 1989, and to existing group policies on their next anniversary or renewal dates, or upon expiration of the applicable collective bargaining contract, if any, whichever is later. This paragraph does not apply to blanket, short-term travel, accident-only, limited or specified disease, or individual or group conversion policies, policies rated on a community basis, or policies designed only for issuance to persons for eligible coverage under Tit. XVIII of the federal Social Security Act, or any other similar coverage under a state or federal government plan.

The maximum amount which a company or association shall be permitted to invest in accordance with these provisions shall not exceed ten percent of the legal reserve. However, a stock company may invest such portion of its paid-up capital, in addition to ten percent of the legal reserve, as is not held to constitute a part of its legal reserve, under section 508.36, and the total legal reserve of the company shall be equal to or exceed the amount of its paid-up capital stock.

Personal or real property or both located within the United States or the Dominion of Canada, other than real property used or to be used primarily for agricultural, horticultural, ranching or mining purposes, which produces income or which by suitable improvement will produce income. However, personal property acquired under this subsection shall be acquired for the purpose of entering into a contract for the sale or for a use under which the contractual payments may reasonably be expected to result in the recovery of the investment and an investment return within the anticipated useful life of the property. Legal title to the real property may be acquired subject to a contract of sale. "Real property" as used in this subsection includes a leasehold of real estate, an undivided interest in a leasehold of real estate, and an undivided interest in the fee title of real estate. Investments under this subsection are not eligible in excess of ten percent of the legal reserve.

a. Shall have had for the three-year period immediately preceding investment, for which the necessary data for the railroad company and all class I railroads shall have been published, a balance of income available for fixed charges which shall have averaged per year not less than one and one-quarter times the fixed charges for the latest year of the period; and

b. Shall have had for the three-year period immediately preceding investment, for which the necessary data for both the railroad company and all class I railroads shall have been published:

(1) A balance of income available for the payment of fixed charges at least as many times greater than the fixed charges for the latest year of the period as the balance of income available for the payment of fixed charges of all class I railroads for the same three-year period is times greater than the amount of all fixed charges for such class I railroads for the latest year of the period; and

(2) An amount of railway operating revenues remaining after deduction of three times the fixed charges for the latest year of the period from the balance of income available for the payment of fixed charges for the three-year period, which amount is as great a proportion of its railway operating revenues for the same three-year period as is the proportion of railway operating revenues remaining for all class I railroads, determined in the same manner and for the same period as for the railroad.

The terms “class I railroads”, “balance of income available for the payment of fixed charges”, “fixed charges” and “railway operating revenues” when used in this subsection, are to be given the same meaning as in the accounting reports filed by a railroad company in accordance with the regulations for common carriers by rail of the Interstate Commerce Act, 24 Stat. 379, codified at 49 U.S.C. §§ 1 – 40, 1001 – 1100, provided that the “balance of income available for the payment of fixed charges” and “railway operating revenues remaining”, as the terms are used in this subsection, shall be com-
computed before deduction of federal income or excess profits taxes; and that in computing "fixed charges" there shall be excluded interest and amortization charges applicable to debt called for redemption or which will otherwise mature within six months from the time of investment and for the payment of which funds have been or currently are being specifically set aside.

The eligibility of railroad obligations described in the first sentence of this subsection shall be determined exclusively as provided herein, without regard to the provisions for qualification contained in subsections 5 and 8 of this section. Provisions for qualification contained in this section shall not be construed as applying to equipment trust obligations, guaranteed stocks, or contingent interest bonds of railroad companies. Deposits of securities may be made in excess of the amounts required by this section. A stock company organized under the laws of this state shall not be required to make a deposit until the legal reserve, as ascertained by the commissioner, exceeds the amount deposited by it as capital. Real estate may be made a part of the deposit by furnishing evidence of ownership satisfactory to the commissioner and by conveying the real estate to the commissioner or the commissioner's successors in office by warranty deed. The commissioner and the successors in office shall hold the real estate in trust for the benefit of the policyholders of the company or members of the association. Real estate mortgage loans and policy loans may be made a part of the deposit by filing a verified statement of the loans with the commissioner, which statement is subject to check at the discretion of the commissioner.

The securities comprising the deposit of a company or association against which proceedings are pending under section 508.18 shall vest in the state for the benefit of all policyholders of the company or association.

Securities or title to real estate on deposit may be withdrawn at any time and other eligible securities may be substituted, provided the amount maintained on deposit is equal to the sum of the legal reserve and twenty-five thousand dollars. In the case of real estate the commissioner shall execute and deliver to the company or association a quitclaim deed to the real estate. Any company or association shall, if requested by the commissioner, at the time of withdrawing any securities on deposit, designate for what purpose the same are being withdrawn.

Companies or associations having securities or title to real estate on deposit with the commissioner of insurance shall have the right to collect all dividends, interest, rent, or other income from the deposit unless proceedings against the company or association are pending under section 508.18, in which event the commissioner shall collect such interest, dividends, rent, or other income and add the same to the deposit.

Any company or association receiving payments or partial payments of principal on any securities deposited with the commissioner of insurance shall notify the commissioner of such fact at such times and in such manner as the commissioner may prescribe, giving the amount and date of payment.

The commissioner of insurance may receive on deposit securities or title to real estate of alien companies authorized to do business in the state of Iowa, for the purpose of securing its policyholders in the state of Iowa and the United States. The provisions hereof not inconsistent with the deposit agreement shall apply to the deposits of such alien companies.

      (1) If purchased at par, at the par value.
      (2) If purchased above or below par, on the basis of the purchase price adjusted so as to bring the value to par at maturity and so as to yield in the meantime the effective rate of interest at which the purchase was made.

   In applying the above rule, the purchase price shall in no case be taken at a higher figure than the actual market value at the time of purchase.
   b. Certificates of sale obtained by foreclosure of liens on real estate shall be valued in an amount not greater than the unpaid principal of the defaulted indebtedness plus any amounts actually expended for taxes and acquisition costs.
   c. All investments, except those for which a specific rule is provided in this subsection, shall be valued at their market value, or at their appraised value, or at prices determined by the commissioner of insurance as representing their fair market value, or at a value as determined under rules adopted by the national association of insurance commissioners.

The commissioner of insurance shall have full discretion in determining the method of calculating values according to the foregoing rules, but no company or association shall be prevented from valuing any asset at an amount less than that provided by this subsection.

   b. Common stocks or shares in a subsidiary corporation, the acquisition or purchase of which is authorized by section 508.33 are eligible if the total investment in these stocks or shares does not exceed five percent of the legal reserve; provided, however, that common stocks or shares of stock in a direct or indirect subsidiary insurance company which is domiciled in the United States are eligible up to an additional two percent of the legal reserve upon application by the insurer to and upon approval by the commissioner. Stocks or shares of the insurer’s subsidiary corporations are not eligible in total in excess of seven percent of the legal reserve and the stock or shares of any one subsidiary corporation are not eligible in excess of five percent of the legal reserve. These stocks or shares are eligible even if the stocks or shares are not listed or admitted to trading on a securities exchange in the United States and are not publicly held and have not been traded in the “over-the-counter market”. The stocks or shares shall be valued at their book value; provided, however, that stocks or shares of a direct or indirect subsidiary insurance company held in the legal reserve of up to an additional two percent of the legal reserve shall be valued at their statutory book value, excluding approved permitted practices.

   c. Common stocks or shares issued by any federal home loan bank under the Federal Home Loan Bank Act, 12 U.S.C. § 1421 et seq., and the Acts amendatory thereof, are eligible if the total investment in those stocks or shares does not exceed one-half of one percent of the legal reserve.

Such corporate obligations must meet the qualifications established in subsection 5 for bonds and other evidences of indebtedness issued, assumed, or guaranteed by a corporation incorporated under the laws of the United States or Canada. 3. The association shall submit to the commissioner a plan of operation for the association and any amendments necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation becomes effective upon approval in writing by the commissioner prior to the date on which the coverage under this chapter must be made available. After notice and hearing, the commissioner shall approve the plan of operation if the plan is determined to be suitable to assure the fair, reasonable, and equitable administration of the association, and provides for the sharing of association losses, if any, on an equitable and proportionate basis among the member carriers. If the association fails to submit a suitable plan of operation within one hundred eighty days after the appointment of the board of directors, or if at any later time the association fails to submit suitable amendments to the plan, the commissioner shall adopt, pursuant to chapter 17A, rules necessary to implement this section. The rules shall continue in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner. In addition to other requirements, the plan of operation shall provide for all of the following:

a. The handling and accounting of assets and moneys of the association.

b. The amount and method of reimbursing members of the board.

c. Regular times and places for meeting of the board of directors.

d. Records to be kept of all financial transactions, and the annual fiscal reporting to the commissioner.

e. Procedures for selecting the board of directors and submitting the selections to the commissioner for approval.

f. The periodic advertising of the general availability of health insurance coverage from the association.

g. Additional provisions necessary or proper for the execution of the powers and duties of the association.

4. The plan of operation may provide that the powers and duties of the association may be delegated to a person who will perform functions similar to those of the association. A delegation under this section takes effect only upon the approval of both the board of directors and the commissioner. The commissioner shall not approve a delegation unless the protections afforded to the insured are substantially equivalent to or greater than those provided under this chapter.

5. The association has the general powers and authority enumerated by this section and executed in accordance with the plan of operation approved by the commissioner under subsection 3. The association has the general powers and authority granted under the laws of this state to carriers licensed to issue health insurance. In addition, the association may do any of the following:

h. Hire independent consultants as necessary.

i. Develop a method of advising applicants of the availability of other coverages outside the association.

m. Include in its policies a provision providing for subrogation rights by the association in a case in which the association pays expenses on behalf of an individual who is injured or suffers a disease under circumstances creating a liability upon another person to pay damages to the extent of the expenses paid by the association but only to the extent the damages exceed the policy deductible and coinsurance amounts paid by the insured. The association may waive its subrogation rights if it determines that the exercise of the rights would be impractical, uneconomical, or would work a hardship on the insured.

6. Rates for coverages issued by the association shall reflect rating characteristics used in the individual insurance market. The rates for a given classification shall not be more than one hundred fifty percent of the average premium or payment rate for the classification charged by the five carriers with the largest health insurance premium or payment volume in the state during the preceding calendar year. In determining the average rate of the five largest carriers, the rates or payments charged by the carriers shall be actuarially adjusted to determine the rate or payment that would have been charged for benefits similar to those issued by the association.

7. a. Following the close of each calendar year, the association shall determine the net premiums and payments, the expenses of administration, and the incurred losses of the association for the year. The association shall certify the amount of any net loss for the preceding calendar year to the commissioner of insurance and director of revenue. Any loss shall be assessed by the association to all members in proportion to their respective shares of total health insurance premiums or payments for subscriber contracts received in Iowa during the second preceding calendar year, or with paid losses in the year, coinciding with or ending during the calendar year or on any other equitable basis as provided in the plan of operation. In sharing losses, the association may abate or defer in any part the assessment of a member, if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. The association may also provide for an initial or interim assessment against members of the association if necessary to assure the financial capability of the association to meet the incurred or estimated claims expenses or operating expenses of the association until the next calendar year is completed. Net gains, if any, must be held at interest to offset future losses or allocated to reduce future premiums.

b. For purposes of this subsection, “total health insurance premiums" and “payments for subscriber contracts" include, without limitation, premiums or other amounts paid to or received by a member for individual and group health plan care coverage provided under any chapter of the Code or Acts, and “paid losses" includes, without limitation, claims paid by a member operating on a self-funded basis for individual and group health plan care coverage provided under any chapter of the Code or Acts. For purposes of calculating and conducting the assessment, the association shall have the express authority to require members to report on an annual basis each member’s total health insurance premiums and payments for subscriber contracts and paid losses. A member is liable for its share of the assessment calculated in accordance with this section regardless of whether it participates in the individual insurance market.

8. The association shall conduct periodic audits to assure the general accuracy of the financial data submitted to the association, and the association shall have an annual audit of its operations, made by an independent certified public accountant.

9. The association is subject to examination by the commissioner of insurance. Not later than April 30 of each year, the board of directors shall submit to the commissioner a financial report for the preceding calendar year in a form approved by the commissioner.

10. The association is subject to oversight by the legislative fiscal committee of the legislative council. Not later than April 30 of each year, the board of directors shall submit to the legislative fiscal committee a financial report for the preceding year in a form approved by the committee.

11. All policy forms issued by the association must be filed with and approved by the commissioner before their use.

12. The association is exempt from payment of all fees and all taxes levied by this state or any of its political subdivisions.

13. An insurer may offset an assessment made pursuant to this chapter against its premium tax liability pursuant to chapter 432 to the extent of twenty percent of the amount of the assessment for each of the five calendar years following the year in which the assessment was paid. If an insurer ceases doing business, all uncredited assessments may be credited against its premium tax liability for the year it ceases doing business.
