The state fire marshal is hereby empowered and directed to formulate and adopt and from time to time amend or revise and to promulgate, in conformity with and subject to the conditions set forth in this chapter, reasonable rules for the safe transportation, storage, handling and use of flammable liquids, liquefied petroleum gases and liquefied natural gases.

2. For purposes of this chapter:
   a. “Flammable liquid” means a liquid having a flash point below 200 degrees F. and a Reid vapor pressure not exceeding forty p.s.i. absolute.
b. "Liquefied petroleum gas" means material composed predominantly of any of the following hydrocarbons, or mixtures of the same: Propane, propylene, butanes (normal butane or isobutane) and butylenes.

c. "Liquefied natural gas" means a fuel in the liquid state composed predominantly of methane and which may contain minor quantities of ethane, propane, nitrogen, or other components normally found in natural gas.

101.2 Scope of rules.
Except as otherwise provided in this chapter, the rules shall be in substantial compliance with the standards of the national fire protection association relating to flammable liquids and liquefied petroleum gases.

(C35, §1655-g2; C39, §1655.2; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §101.2)

98 Acts, ch 1008, §2

101.3 Separate rules for liquids and gas.
The rules covering flammable liquids and those covering liquefied petroleum gas shall be separately formulated and separately promulgated.

(C58, 62, 66, 71, 73, 75, 77, 79, 81, §101.3)

101.4 Nonconforming use.
The rules shall make reasonable provision under which facilities in service prior to the effective date of the regulations and not in strict conformity therewith may be continued in service unless the nonconformity is such as to constitute a distinct hazard to life or adjoining property; and for guidance in enforcement may delineate these types of nonconformity that should be considered distinctly hazardous, those that should not be considered distinctly hazardous and those the need for elimination of which should be evaluated in the light of local factors. As to any rule the need for compliance with which is conditioned on local factors, the rules shall provide, as a condition precedent to evaluation or issuance of a compliance order, for reasonable notice to the proprietor of the facility affected of intention to evaluate the need and of the time and place at which the proprietor may appear and offer evidence thereon.

(C35, §1655-g3; C39, §1655.3; C46, 50, 54, §101.3; C58, 62, 66, 71, 73, 75, 77, 79, 81, §101.4)

101.5A Shared public petroleum storage facilities.
The state fire marshal shall permit by rule the shared ownership, operation, or cooperative use of a publicly owned petroleum storage or dispensing facility by more than one public agency or political subdivision in order to maximize the opportunity for cooperation, to avoid unnecessary duplication of facilities posing both an environmental and fire hazard, and to minimize the cost of providing public services. Shared or cooperative use is not a violation of chapter 23A, even if one public agency or political subdivision compensates another public agency or political subdivision for the use or for petroleum dispensed. A publicly owned petroleum storage facility subject to this section may use aboveground or underground storage tanks, or a combination of both.

90 Acts, ch 1113, §1

101.6 Ordinances by municipalities.
Rules promulgated pursuant to this chapter shall have uniform force and effect throughout the state and no municipality or political subdivision shall enact or enforce any ordinance or regulation inconsistent or not in keeping with the statewide rules. Provided that nothing in this chapter shall in any way impair the power of any municipality when authorized by other law to regulate the use of land by comprehensive zoning or to control the construction of buildings and structures under building codes or restricted fire district regulations. Provided, further, that the size, weight and cargo carried by vehicles used in the transportation or delivery of flammable liquids or liquefied petroleum gas shall be governed by the uniform provisions of the motor vehicle and highway traffic laws of this state and local ordinances therein authorized.

(C58, 62, 66, 71, 73, 75, 77, 79, 81, §101.6)

The chief fire prevention officer of every city or village having an established fire prevention department, the chief of the fire department of every
other city or village in which a fire department is established, the mayor of every city in which no fire department exists, the township clerk of every township outside the limits of any city or village and all other local officials upon whom fire prevention duties are imposed by law shall assist the state fire marshal in the enforcement of the rules.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §101.8]

101.9 Repairs ordered by fire marshal.

2. The owner of the vehicle which is fueled by natural gas or liquefied petroleum gas shall be responsible for the placement of the approved abbreviation or symbol on the vehicle.
3. A person shall not dispense liquefied petroleum gas fuel or natural gas into a tank in a concealed area of a vehicle unless the vehicle complies with subsection 1.

   a. Fill or refill the container with liquefied petroleum gas or any other gas or compound except when the owner is unable to supply liquefied petroleum gas to a person to whom the owner is leasing or furnishing the container and to whom the owner ordinarily supplies the liquefied petroleum gas in which case, the owner shall authorize the refilling of the container by another person designated by the owner.

If a registration tag is not affixed to the aboveground petroleum storage tank fill pipe, the person conveying or depositing the petroleum may deposit the petroleum in the unregistered tank. However, the deposit is allowed only in the single instance, that the person provides the owner or operator with another notice as required by subsection 5, and that the person provides the owner or operator with an aboveground petroleum storage tank registration form. It is the owner or operator's duty to comply with registration requirements. A late registration penalty of twenty-five dollars is imposed in addition to the registration fee for a tank registered after the required date.

Former subsection 7 divided and redesignated as subsections 7 and 8

101.22A Exemption.

An aboveground petroleum storage tank which is subject to regulation or registration under either the federal department of transportation or state department of transportation or both, is exempt from the registration requirements of section 101.22.

90 Acts, ch 1235, §4

101.23 State fire marshal reporting rules.

The state fire marshal shall adopt rules pursuant to chapter 17A relating to reporting requirements necessary to enable the state fire marshal to maintain an accurate inventory of aboveground petroleum storage tanks.

89 Acts, ch 131, §6; 90 Acts, ch 1235, §5

101.24 Duties and powers of the state fire marshal.

The state fire marshal shall:
1. Inspect and investigate the facilities and records of owners and operators of aboveground petroleum storage tanks with a capacity of fifteen thousand or more gallons, as necessary to determine compliance with this division and the rules adopted pursuant to this division. An inspection or investigation shall be conducted subject to subsection 4. For purposes of developing a rule, maintaining an accurate inventory, or enforcing this division, the department may:
   a. Enter at reasonable times an establishment or other place where an aboveground storage tank is located.
   b. Inspect and obtain samples from any person of petroleum or another regulated substance and conduct monitoring or testing of the tanks, associated equipment, contents, or surrounding soils, air, surface water, and groundwater. Each inspection shall be commenced and completed with reasonable promptness.

   (1) If the state fire marshal obtains a sample, prior to leaving the premises, the fire marshal shall give the owner, operator, or agent in charge a receipt describing the sample obtained and if requested a portion of each sample equal in volume or weight to the portion retained. If the sample is analyzed, a copy of the results of the analysis shall be furnished promptly to the owner, operator, or agent in charge.

   (2) Documents or information obtained from a person under this subsection shall be available to the public except as provided in this subparagraph. Upon a showing satisfactory to the state fire marshal by a person that public disclosure of documents or information, or a particular part of the documents or information to which the state fire marshal has access under this subsection would divulge commercial or financial information entitled to protection as a trade secret, the state fire marshal shall consider the documents or information or the particular portion of the documents or information confidential. However, the documents or information may be disclosed to officers, employees, or authorized representatives of the United States charged with implementing the federal Solid Waste Disposal Act, to employees of the state of Iowa or of other states when the document or information is relevant to the discharge of their official duties, and when relevant in a proceeding under the federal Solid Waste Disposal Act or this division.

2. Maintain an accurate inventory of aboveground petroleum storage tanks.

3. Take any action allowed by law which, in the state fire marshal's judgment, is necessary to enforce or secure compliance with this division or any rule adopted pursuant to this division.

4. Conduct investigations of complaints received directly, referred by other agencies, or other investigations deemed necessary. While conducting an investigation, the state fire marshal may enter at any reasonable time in and upon any private or public property to investigate any actual or possible violation of this division or the rules or standards adopted under this division. However, the owner or person in charge shall be notified.

   a. If the owner or operator of any property refuses admittance, or if prior to such refusal the state fire marshal demonstrates the necessity for a warrant, the state fire marshal may make application under oath or affirmation to the district court of the county in which the property is located for the issuance of a search warrant.

   b. In the application the state fire marshal shall state that an inspection of the premises is mandated by the laws of this state or that a search of certain premises, areas, or things designated in the application may result in evidence tending to reveal the existence of violations of public health, safety, or welfare requirements imposed by statutes, rules, or ordinances established by the state
or a political subdivision of the state. The application shall describe the area, premises, or thing to be searched, give the date of the last inspection if known, give the date and time of the proposed inspection, declare the need for such inspection, recite that notice of the desire to make an inspection has been given to affected persons and that admission was refused if that be the fact, and state that the inspection has no purpose other than to carry out the purpose of the statute, rule, or ordinance pursuant to which inspection is to be made. If an item of property is sought by the state fire marshal it shall be identified in the application.

c. If the court is satisfied from the examination of the applicant, and of other witnesses, if any, and of the allegations of the application of the existence of the grounds of the application, or that there is probable cause to believe in their existence, the court may issue a search warrant.

d. In making inspections and searches pursuant to the authority of this division, the state fire marshal must execute the warrant as follows:

(1) Within ten days after its date.

(2) In a reasonable manner, and any property seized shall be treated in accordance with the provisions of chapters 808 and 809.

(3) Subject to any restrictions imposed by the statute, rule or ordinance pursuant to which inspection is made.

101.25 Violations — orders.

1. If substantial evidence exists that a person has violated or is violating a provision of this division or a rule adopted under this division the state fire marshal may issue an order directing the person to desist in the practice which constitutes the violation, and to take corrective action as necessary to ensure that the violation will cease, and may impose appropriate administrative penalties pursuant to section 101.26. The person to whom the order is issued may appeal the order as provided in chapter 17A. On appeal, the administrative law judge may affirm, modify, or vacate the order of the state fire marshal.

2. However, if it is determined by the state fire marshal that an emergency exists respecting any matter affecting or likely to affect the public health, the fire marshal may issue any order necessary to terminate the emergency without notice and without hearing. The order is binding and effective immediately and until the order is modified or vacated at an administrative hearing or by a district court.

3. The state fire marshal may request the attorney general to institute legal proceedings pursuant to section 101.26.

89 Acts, ch 131, §8

101.26 Penalties — burden of proof.

1. A person who violates this division or a rule or order adoption issued pursuant to this division is subject to a civil penalty not to exceed one hundred dollars for each day during which the violation continues, up to a maximum of one thousand dollars; however, if the tank is registered within thirty days after the state fire marshal issues a cease and desist order pursuant to section 101.25, subsection 1, the civil penalty under this section shall not accrue. The civil penalty is an alternative to a criminal penalty provided under this division.

2. A person who knowingly fails to notify or makes a false statement, representation, or certification in a record, report, or other document filed or required to be maintained under this division, or violates an order issued under this division, is guilty of an aggravated misdemeanor.

3. The attorney general, at the request of the state fire marshal, shall institute any legal proceedings, including an action for an injunction, necessary to enforce the penalty provisions of this division or to obtain compliance with the provisions of this division or rules adopted or order pursuant to this division. In any action, previous findings of fact of the state fire marshal after notice and hearing are conclusive if supported by substantial evidence in the record when the record is viewed as a whole.

1. User’s permits to purchase, possess, transport, store, and detonate explosive materials shall be issued by the sheriff of the county or the chief of police of a city of a city of ten thousand population or more where the possession and detonation will occur. If the possession and detonation are to occur in more than one county or city, then such permits must be issued by the sheriff or chief of police of each of such counties or cities, except in counties and cities in which the explosives are possessed for the sole purpose of transporting them through such counties and cities. A permit shall not be issued unless the sheriff or chief of police having jurisdiction is satisfied that possession and detonation of explosive materials is necessary to the applicant’s business or to improve the applicant’s property. Permits shall be issued only to persons who, in the discretion of the sheriff or chief of police, are of good character and sound judgment, and have sufficient knowledge of the use and handling of explosive materials to protect the public safety. 2. Testing shall be conducted on ten layers of filter paper.
3. The performance standard shall require...

2. The owner of odorized propane at the time of odorization or at the time of import shall calculate the amount of the assessment based on the volume of odorized propane sold for use in this state. The assessment, when made, shall be listed as a separate line item on the bill of sale for the odorized propane and titled "Iowa propane education and research assessment". Assessments shall be collected by the owner from purchasers of the odorized propane and shall be paid by the owner to the council on a monthly basis by the twenty-fifth day of the month following the month the assessment was collected. If payment is not made to the council by the due date as required by this subsection, an interest penalty of one percent of any amount unpaid shall be imposed against the owner for each month or fraction of a month after the due date, until final payment is made.

3. Voting rights in the referendum shall be based on the volume of odorized propane sold in this state by each retail propane marketer during the previous calendar year. Each retail propane marketer voting in the referendum shall certify to the independent auditing firm the volume of odorized propane sold by that person as represented by that person’s vote. Upon the approval of those retail propane marketers representing more than one-half of the total volume of odorized propane sold in this state, the council shall be terminated or suspended and the general assembly shall consider the repeal of this chapter during its next regular session.

ticeship shall be limited to six years from the date
of licensure, unless extended by the board upon a
finding that a hardship existed which prevented
completion of the apprenticeship program. Such
licensure shall entitle the licensee to act as an ap-
prentice to an electrical contractor, a class A mas-
ter electrician, a class B master electrician, a class
A journeyman electrician, or a class B journeyman
electrician as provided in subsection 3.

2. a. A person shall be licensed as an unclassi-
fied person by the board to perform electrical work
if the work is performed under the personal super-

such work and the licensed and unclassified per-

shall not be employed continuously for more than
one hundred days as an unclassified person without having obtained a current license from the board. For the purposes of this subsection, "one hundred continuous days of employment" includes any days not worked due to illness, holidays, weekend days, and other absences that do not constitute separation from or termination of employment. Any period of employment as a nonlicensed unclassified person shall not be credited to any applicable experiential requirement of an apprenticeship training program registered by the bureau of apprenticeship and training of the United States department of labor.

b. Licensed persons shall not permit unclassified persons to perform electrical work except under the personal supervision of a person actually licensed to perform such work. Unlicensed persons shall not supervise the performance of electrical work or make assignments of electrical work to unclassified persons. Any person employing unclassified persons performing electrical work shall maintain records establishing compliance with this section, which shall designate all unclassified persons performing electrical work.

3. Apprentice electricians and unclassified persons shall do no electrical wiring except under the direct personal on-the-job supervision and control and in the immediate presence of a licensee as specified in section 103.11. Such supervision shall include both on-the-job training and related classroom training as approved by the board. The licensee may employ or supervise apprentice electricians and unclassified persons at a ratio not to exceed three apprentice electricians and unclassified persons to one licensee, except that such ratio and the other requirements of this section shall not apply to apprenticeship classroom training.

4. For purposes of this section, "the direct personal on-the-job supervision and control and in the immediate presence of a licensee" shall mean the licensee and the apprentice electrician or unclassified person shall be working at the same project location but shall not require that the licensee and apprentice electrician or unclassified person be within sight of one another at all times.

5. An apprentice electrician shall not install, alter, or repair electrical equipment except as provided in this section, and the licensee employing or supervising an apprentice electrician shall not authorize or permit such actions by the apprentice electrician.

6. The board may reject an application for licensure under this section from an applicant who would be subject to suspension, revocation, or reprimand pursuant to section 103.35.

103.16 License examinations.
1. Examinations for licensure shall be offered as often as deemed necessary by the board, but no less than one time per quarter. The scope of the examinations and the methods of procedure shall be prescribed by the board. The examinations given by the board shall be the Experior assessment examination, or a successor examination approved by the board, or an examination prepared by a third-party testing service which is substantially equivalent to the Experior assessment examination, or a successor examination approved by the board.

2. An examination may be given by representatives of the board. As soon as practicable after the close of each examination, a report shall be filed in the office of the secretary of the board by the board. The report shall show the action of the board upon each application and the secretary of the board shall notify each applicant of the result of the applicant’s examination. Applicants who fail the examination once shall be allowed to take the examination at the next scheduled time. Thereafter, the applicant shall be allowed to take the examination at the discretion of the board. An applicant who has failed the examination may request, in writing, information from the board concerning the applicant’s examination grade and subject areas or questions which the applicant failed to answer correctly, except that if the board administers a uniform, standardized examination, the board shall only be required to provide the examination grade and such other information concerning the applicant’s examination results which are available to the board.

2. An examination may be given by representatives of the board. As soon as practicable after the close of each examination, a report shall be filed in the office of the secretary of the board by the board. 103.29 Political subdivisions — inspections — authority of political subdivisions.

1. A political subdivision performing electrical inspections prior to December 31, 2007, shall continue to perform such inspections. After December 31, 2013, a political subdivision may choose to discontinue performing its own inspections and permit the board to have jurisdiction over inspections in the political subdivision. If a political subdivision seeks to discontinue its own inspections prior to December 31, 2013, the political subdivision shall petition the board. On or after January 1, 2014, if a unanimous vote of the board finds that a political subdivision’s inspections are inadequate by reason of misfeasance, malfeasance, or nonfeasance, the board may suspend or revoke the political subdivision’s authority to perform its own inspections, subject to appeal according to the procedure set forth in section 103.34 and judicial review pursuant to section 17A.19. A political subdivision not performing electrical inspections prior to December 31, 2007, may make provision for inspection of electrical installations within its jurisdiction, in which case it shall keep on file with the board copies of its current inspection ordinances or resolutions and electrical codes.

2. A political subdivision performing electrical inspections pursuant to subsection 1 prior to December 31, 2007, may maintain a different supervision ratio than the ratio of three apprentice electricians and unclassified persons to one licensee specified in section 103.15, subsection 3, but may not exceed that ratio. A political subdivision which begins performing electrical inspections after December 31, 2007, shall maintain the specified three-to-one ratio unless the board approves a petition by the political subdivision for a lower ratio. A political subdivision which discontinues performing electrical inspections and permits the board to have jurisdiction over inspections shall maintain the specified three-to-one supervision ratio, and may not petition for a lower ratio unless the political subdivision subsequently resumes performing electrical inspections.

3. A political subdivision that performs electrical inspections may set appropriate permit fees to pay for such inspections. A political subdivision shall not require any person holding a license from the board to pay any license fee or take any examination if the person holds a current license issued by the board which is of a classification equal to or greater than the classification needed to do the work proposed. Any such political subdivision may provide a requirement that each person doing electrical work within the jurisdiction of such political subdivision have on file with the political subdivision a copy of the current license issued by the board or such other evidence of such license as may be provided by the board.

4. A political subdivision is authorized to determine what work may be performed by a class B licensee within the jurisdictional limits of the political subdivision.

5. A political subdivision that performs electrical inspections shall act as the authority having jurisdiction for electrical inspections and for amending the national electrical code adopted by the board pursuant to section 103.6 for work performed within the jurisdictional limits of the political subdivision, provided those inspections and amendments conform to the requirements of this chapter. Any action by a political subdivision with respect to amendments to the national electrical code shall be filed with the board prior to enforcement by the political subdivision, and shall not be less stringent than the minimum standards established by the board by rule.

6. A political subdivision may grant a variance or interpret the national electrical code in a manner which deviates from a standard interpretation on an exception basis for a one-time installation or planned installation so long as such a variance or interpretation does not present an electrical hazard or danger to life or property.

Except when an inspection reveals that an installation or portion of an installation is not in compliance with accepted standards of construction for health safety and property safety, based upon minimum standards set forth in the local electrical code or the national electrical code adopted by the board pursuant to section 103.6, such that an order of condemnation or disconnection is warranted pursuant to section 103.26, an inspector shall not add to, modify, or amend a construction plan as originally approved by the state fire marshal or the state building code commissioner in the course of conducting an inspection.

5. Management and supervision of inspectors, including hiring decisions, disciplinary action, promotions, and work schedules are the responsibility of the state fire marshal acting in accordance with applicable law and pursuant to any applicable collective bargaining agreement. 103A.7 State building code.

1. The state building code commissioner with the approval of the advisory council is hereby empowered and directed to formulate and adopt and from time to time amend or revise and to promulgate, in conformity with and subject to the conditions set forth in this chapter, reasonable rules designed to establish minimum safeguards in the erection and construction of buildings and structures, to protect the human beings who live and work in them from fire and other hazards, and to establish regulations to further protect the health, safety, and welfare of the public.

2. The rules shall include reasonable provisions for the following:
   a. The installation of equipment.
   b. The standards or requirements for materials to be used in construction.
   c. The manufacture and installation of factory-built structures.
   d. Protection of the health, safety, and welfare of occupants and users.
   e. The accessibility and use by persons with disabilities and elderly persons, of buildings, structures, and facilities which are constructed and intended for use by the general public. The rules shall be consistent with federal standards for building accessibility and shall only apply to those buildings, structures, and facilities subject to chapter 104A.
   f. The conservation of energy through thermal efficiency standards for buildings intended for human occupancy and which are heated or cooled and lighting efficiency standards for buildings intended for human occupancy which are lighted.
   g. Standards for sustainable design, also known and referred to as green building standards.

The rules adopted shall include provisions imposing requirements reasonably consistent with or identical to recognized and accepted standards contained in performance criteria.

2. Establish such standards and requirements in terms of performance objectives.

3. Establish as the test of acceptability, adequate performance for the intended use.

4. Permit the use of modern technical methods, devices, and improvements which tend to reduce the cost of construction without substantially affecting reasonable requirements for the health, safety, and welfare of the occupants or users of buildings and structures.

5. Encourage the standardization of construction practices, methods, equipment, material, and techniques.

6. Eliminate restrictive, obsolete, conflicting, and unnecessary regulations and requirements which tend to unnecessarily increase construction costs or retard unnecessarily the use of new materials, or provide unwarranted preferential treatment to types or classes of materials or products or methods of construction.

7. Limit the application of thermal efficiency standards for energy conservation to construction of buildings which are heated or cooled. Air exchange fans designed to provide ventilation shall not be considered a cooling system. The commissioner shall exempt any construction from any thermal efficiency standard for energy conservation if the commissioner determines that the standard is unreasonable as it would apply to a particular building or class of buildings. No standard adopted by the commissioner for energy conservation in construction shall be interpreted to require the replacement or modification of any existing equipment or feature solely to ensure compliance with requirements for energy conservation in construction. Lighting efficiency standards shall rec-

103A.8A Energy conservation requirements.

The state building code commissioner shall adopt as a part of the state building code a requirement that new single-family or two-family residential construction shall comply with energy conservation requirements. The requirements adopted by the commissioner shall be based upon a nationally recognized standard or code for energy conservation. The requirements shall only apply to single-family or two-family residential construction commenced after the adoption of the requirement. Notwithstanding any other provision of this chapter to the contrary, the energy conservation requirements adopted by the commissioner and approved by the council shall apply to new single-family or two-family residential construction commenced on or after July 1, 2008, and shall supersede and replace any minimum requirements for energy conservation adopted or enacted by the governmental subdivision prior to that date applicable to such construction. The state building code commissioner may provide training to builders, contractors, and other interested persons on the adopted energy conservation requirements.

103A.8B Sustainable design or green building standards.

The commissioner, after consulting with and receiving recommendations from the department of natural resources and the office of energy independence, shall adopt rules pursuant to chapter 17A specifying standards and requirements for sustainable design and construction based upon or incorporating nationally recognized ratings, certifications, or classification systems, and procedures relating to documentation of compliance. The standards and requirements shall be incorporated into the state building code established in section 103A.7, but in lieu of general applicability shall apply to construction projects only if such applicability is expressly authorized by statute, or as established by another state agency by rule.

103A.9 Factory-built structures.

The state building code shall contain provisions relating to the manufacture and installation of factory-built structures.

1. Factory-built structures manufactured in Iowa, after the effective date of the code, shall be manufactured in accordance with the code, unless the commissioner determines the structure is manufactured for installation outside the state.

2. Factory-built structures manufactured outside the state of Iowa, after the effective date of the code, and brought into Iowa for installation must, prior to installation, comply with the code.

3. Factory-built structures manufactured prior to the effective date of the code, which prior to that date have never been installed, must comply with the code prior to installation.

4. a. All factory-built structures, without regard to manufacture date, shall be installed in accordance with the code in the governmental subdivisions which have adopted the state building code or any other building code. However, a governmental subdivision shall not require that a factory-built structure, that was manufactured in accordance with federally mandated standards, be renovated in accordance with the state building code or any other building code which the governmental subdivision has adopted when the factory-built structure is being moved from one lawful location to another unless such required renovation is in conformity with those specifications for the factory-built structure which existed when it was manufactured or the factory-built structure is being rented for occupancy.

b. Existing factory-built structures not constructed to be in compliance with federally mandated standards may be moved from one established manufactured home community or mobile home park to another and shall not be required to be renovated to comply with the state building code or any other building code which the governmental subdivision has adopted unless the factory-built structure is being rented for occupancy or has been declared a public nuisance according to standards generally applied to housing.

5. Factory-built structures required to comply with the code provisions on manufacture, shall not be modified in any way prior to or during installation, unless prior approval is obtained from the commissioner.

6. The commissioner shall establish an insignia of approval and provide that factory-built structures required to comply with code provisions on manufacture bear an insignia of approval prior to installation. The insignia may be issued for other factory-built structures which meet code standards and which were manufactured prior to
the effective date of the state building code.

7. The commissioner may contract with local government agencies for enforcement of the code relating to manufacture of factory-built structures. Code provisions relating to installation of factory-built structures shall be enforced by the local building departments only in those governmental subdivisions which have adopted the state building code or any other building code.

The city shall enforce the state building code, including the provisions in section 103A.19, subsection 2.

3. Provisions of the state building code relating to the manufacture and installation of factory-built structures shall apply throughout the state. A factory-built structure approved by the commissioner shall be deemed to comply with all building regulations applicable to its manufacture and installation and shall be exempt from any other state or local building regulations. Except with respect to manufactured homes, as defined in section 103A.51, subsection 4, a provision of this chapter relating to the manufacture or installation of factory-built structures shall not alter or supersede any provision of chapter 542B concerning the practice of professional engineering or chapter 544A concerning the practice of architecture.

4. Notwithstanding the provisions of section 103A.22, subsection 1:
   a. Provisions of the state building code establishing thermal efficiency energy conservation standards shall be applicable to all construction in the state which will contain enclosed space that is heated or cooled. The commissioner shall provide appropriate exceptions for construction where the application of an energy conservation requirement adopted pursuant to this chapter would be impractical.
   b. Provisions of the state building code establishing lighting efficiency standards shall be applicable to all construction in the state and to new and replacement lighting in existing buildings.

5. Notwithstanding any other provision of this chapter to the contrary, the energy conservation requirements adopted by the commissioner and approved by the council shall apply to all new construction commenced on or after July 1, 2008, and shall supersede and replace any minimum requirements for energy conservation adopted or enacted by the governmental subdivision prior to that date and applicable to such construction.

105.22 Grounds for denial, revocation, or suspension of license.
A license to practice as a plumbing, HVAC, refrigeration, or hydronic professional may be revoked or suspended, or an application for licensure may be denied pursuant to procedures established pursuant to chapter 272C by the board, or the licensee may be otherwise disciplined in accordance with that chapter, when the licensee commits any of the following acts or offenses:
1. Fraud in procuring a license.
2. Professional incompetence.
3. Knowingly making misleading, deceptive, untrue, or fraudulent misrepresentations in the practice of the profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.
4. Conviction of a felony related to the profession or occupation of the licensee or the conviction of any felony that would affect the licensee’s ability to practice within the profession. A copy of the record or conviction or plea of guilty shall be conclusive evidence of such conviction.
5. Fraud in representations as to skill or ability.
6. Use of untruthful or improbable statements in advertisements.
7. Willful or repeated violations of this chapter.
8. Aiding and abetting a person who is not licensed pursuant to this chapter in that person’s pursuit of an unauthorized and unlicensed plumbing, HVAC, refrigeration, or hydronic professional practice.
9. Failure to meet the commonly accepted standards of professional competence.
10. Any other such grounds as established by rule by the board.

NEW section 2007 enactment of this section takes effect July 1, 2008; 2008 Acts, ch 1089, §10, 12

105.23 Jurisdiction of revocation and suspension proceedings.
The board shall have exclusive jurisdiction of all proceedings to revoke or suspend a license issued pursuant to this chapter. The board may initiate proceedings under this chapter or chapter 272C, following procedures set out in section 272C.6, either on its own motion or on the complaint of any person. Before scheduling a hearing, the board may request the department to conduct an investigation into the charges to be addressed at the board hearing. The department shall report its findings to the board. The board, in connection with a proceeding under this chapter, may issue subpoenas to compel attendance and testimony of witnesses and the disclosure of evidence, and may request the attorney general to bring an action to enforce the subpoena.
105.24 Notice and default.
1. A written notice stating the nature of the charge against the licensee and the time and place of the hearing before the board on the charges shall be served on the licensee not less than thirty days prior to the date of hearing personally or by mailing a copy by certified mail to the last known address of the licensee.
2. If, after having been served with the notice of hearing, the licensee fails to appear at the hearing, the board may proceed to hear evidence against the licensee and may enter such order as is justified by the evidence.

105.25 Advertising — violations — penalties.
1. Only a person who is duly licensed pursuant to this chapter may advertise the fact that the person is licensed as a plumbing, HVAC, refrigeration, or hydronic professional by the state of Iowa.
2. All written advertisements distributed in this state by a person who is engaged in the business of designing, installing, or repairing plumbing, HVAC, refrigeration, or hydronic systems shall include the listing of at least one master license number, as applicable. A master plumbing, HVAC, refrigeration, or hydronic professional shall not allow the master’s license number to be used in connection with the advertising for more than one person engaged in the business of designing, installing, or repairing plumbing, HVAC, refrigeration, or hydronic systems.
3. A person who fraudulently claims to be a licensed plumbing, HVAC, refrigeration, or hydronic professional pursuant to this chapter, either in writing, cards, signs, circulars, advertisements, or other communications, is guilty of a simple misdemeanor.
4. A person who fraudulently lists a master plumbing, HVAC, refrigeration, or hydronic license number in connection with that person’s advertising or falsely displays a master plumbing, HVAC, refrigeration, or hydronic professional license number is guilty of a simple misdemeanor. In order to be entitled to use a license number of a master plumbing, HVAC, refrigeration, or hydronic professional, the master plumbing, HVAC, refrigeration, or hydronic professional must be employed by the person in whose name the business of designing, installing, or repairing plumbing or mechanical systems is being conducted.
§105.29  Report of violators.
Every licensee and every member of the board shall report to the department the name of every person who is practicing as a plumber or mechanical professional without a license issued pursuant to this chapter pursuant to the knowledge or reasonable belief of the person making the report. The opening of an office or place of business for the purpose of providing any services for which a license is required by this chapter, the announcing to the public in any way the intention to provide any such service, the use of any professional designation, or the use of any sign, card, circular, device, vehicle, or advertisement, as a provider of any such services shall be prima facie evidence of engaging in the practice of a plumber or mechanical professional.

CODE OF IOWA

CONTAINING

ALL STATUTES OF A GENERAL
AND PERMANENT NATURE

Including the Acts of a permanent nature

Published under the authority of Iowa Code chapter 2B
by the
Legislative Services Agency
GENERAL ASSEMBLY OF IOWA
Des Moines

—
2008
PREFACE TO 2009 IOWA CODE

The 2009 Iowa Code is published pursuant to Code chapter 2B by the Legislative Services Agency. Its form is substantially the same as the 2007 Iowa Code, and it includes the permanent enactments of the 2007 and 2008 sessions of the Eighty-second General Assembly or of an earlier session if the effective date of the enactments was delayed. Except as otherwise indicated in the text or in a footnote, the new sections, amendments, and repeals were effective on or before July 1, 2008. Refer to the specific enactments to determine effective dates not shown.

CODE VOLUMES AND ARRANGEMENTS. The 2009 Code is published in six textual volumes and one Tables and Index volume. A Skeleton and Popular Name Index printed on pink paper appears at the end of each volume. The Table of Contents on page v enumerates the titles and subtitles found in the Code, and each volume contains an Analysis by Titles, Subtitles, and Chapters for that volume.

EDITORIAL DECISIONS. If multiple amendments were enacted to a section or part of a section, all changes that were duplicative or otherwise did not appear to conflict were harmonized as required under Code sections 2B.13 and 4.11. If multiple amendments conflicted, a strike or repeal prevailed over an amendment to the same material. If multiple amendments were irreconcilable, the amendment that was last in the Act or latest in date of enactment was codified as provided in Code sections 2B.13 and 4.8. At the end of Volume VI are Code Editor’s Notes which explain the major editorial decisions relating to codifying the 2008 Acts. The Code Editor’s Notes relating to codifying the 2007 Acts appear at the end of the 2007 Code Supplement. Code section 2B.13 governs the ongoing revision of gender references, authorizes other editorial changes, and provides for the effective date of editorial changes.

HISTORIES. Bracketed material at the end of many Code sections traces the history of the subject matter of those sections up through 1982. Beginning with the 1985 Code, that form of section history was not updated. An amendment to or enactment of a section which occurred during or after the 1983 legislative session is indicated by the addition of an Acts citation at the end of the section. If a section is transferred from one location to another, the section history at the new location will indicate the Code or Code Supplement in which the transfer took place.

CONSTITUTIONS. A codified version of the 1857 Constitution of the State of Iowa, as well as the original version, is included with the introductory material at the beginning of Volume I.

TABLES. The tables appear at the beginning of the index volume which is entitled “Tables and Index.”

COMMENTS. The editorial staff of the Iowa Code welcomes comments and suggestions for improvements.

Nor shall any licensee have or maintain any interior access to residential or sleeping quarters unless permission is granted by the administrator in the form of a living quarters permit.

However, beer may also be sold for consumption off the premises. Each license shall be effective throughout the premises described in the application.

A class "E" license shall not be issued to premises at which gasoline is sold. A holder of a class "E" liquor control license may hold other retail liquor control licenses or retail wine or beer permits, but the premises licensed under a class "E" liquor control license shall be separate from other licensed premises, though the separate premises may have a common entrance. However, the holder of a class "E" liquor control license may also hold a class "B" wine or class "C" beer permit or both for the premises licensed under a class "E" liquor control license.

The division may issue a class "E" liquor control license for premises covered by a liquor control license or wine or beer permit for on-premises consumption, if the premises are in a county having a population under nine thousand five hundred in which no other class "E" liquor control license has been issued by the division, and no other application for a class "E" license has been made within the previous twelve consecutive months.

   b. For trains, five hundred dollars.
   c. For air common carriers, each company shall pay a base annual fee of five hundred dollars and, in addition, shall quarterly remit to the division an amount equal to seven dollars for each gallon of alcoholic liquor sold, given away, or dispensed in or over this state during the preceding calendar quarter. The class “D” license fee and tax for air common carriers is in lieu of any other fee or tax collected from the carriers in this state for the possession and sale of alcoholic liquor, wine, and beer.
   d. Any club, hotel, motel, or commercial estab-
lishment holding a liquor control license, subject to section 123.49, subsection 2, paragraph "b"; may apply for and receive permission to sell and dispense alcoholic liquor and wine to patrons on Sunday for consumption on the premises only, and beer for consumption on or off the premises between the hours of eight a.m. on Sunday and two a.m. on the following Monday. A class "D" liquor control licensee may apply for and receive permission to sell and dispense alcoholic beverages to patrons for consumption on the premises only between the hours of eight a.m. on Sunday and two a.m. on the following Monday. For the privilege of selling beer, wine, and alcoholic liquor on the premises on Sunday the liquor control license fee of the applicant shall be increased by twenty percent of the regular fee prescribed for the license pursuant to this section, and the privilege shall be noted on the liquor control license.

7. Special class “C” liquor control licenses, a sum as follows:
   a. Commercial establishments located within the corporate limits of cities of ten thousand population and over, four hundred fifty dollars.
   b. Commercial establishments located within the corporate limits of cities of over fifteen hundred and less than ten thousand population, three hundred dollars.
   c. Commercial establishments located within the corporate limits of cities of fifteen hundred population or less, one hundred fifty dollars.
   d. Commercial establishments located outside the corporate limits of any city, a sum equal to that charged in the incorporated city located nearest the premises to be licensed, and in case there is doubt as to which of two or more differing corporate limits is the nearest, the license fee which is the largest shall prevail. However, if a commercial establishment is located in an unincorporated town, for purposes of this subsection the unincorporated town shall be treated as if it is a city.

8. The division shall credit all fees to the beer and liquor control fund. The division shall remit to the appropriate local authority, a sum equal to sixty-five percent of the fees collected for each class “A”, class “B”, or class “C” license except special class “C” licenses or class “E” licenses, covering premises located within the local authority’s jurisdiction. The division shall remit to the appropriate local authority a sum equal to seventy-five percent of the fees collected for each special class “C” license covering premises located within the local authority’s jurisdiction. Those fees collected for the privilege authorized under subsection 6 and those fees collected for each class “E” liquor control license shall be credited to the beer and liquor control fund.

9. Class “E” liquor control license, a sum of not less than seven hundred and fifty dollars, and not more than seven thousand five hundred dollars as determined on a sliding scale as established by the division taking into account the factors of square foot of the licensed premises, the location of the licensed premises, and the population of the area of the location of the licensed premises. Notwithstanding subsection 6, the holder of a class “E” liquor control license may sell alcoholic liquor for consumption off the licensed premises on Sunday subject to section 123.49, subsection 2, paragraph “b”.

10. There is imposed a surcharge on the fee for each class “A”, “B”, or “C” liquor control license equal to thirty percent of the scheduled license fee. The surcharges collected under this subsection shall be deposited in the beer and liquor control fund, and notwithstanding subsection 8, no portion of the surcharges collected under this subsection shall be remitted to the local authority.

123.37 Exclusive power to license and levy taxes — disputed taxes.

1. The power to establish licenses and permits and levy taxes as imposed in this chapter is vested exclusively with the state. Unless specifically provided, a local authority shall not require the obtaining of a special license or permit for the sale of alcoholic beverages, wine, or beer at any establishment, or require the obtaining of a license by any person as a condition precedent to the person’s employment in the sale, serving, or handling of alcoholic beverages, wine, or beer, within an establishment operating under a license or permit.

2. The administrator may compromise and settle doubtful and disputed claims for taxes imposed under this chapter or for taxes of doubtful collectibility, notwithstanding section 7D.9. The administrator may enter into informal settlements pursuant to section 17A.10 to compromise and settle doubtful and disputed claims for taxes imposed under this chapter. The administrator may make a claim under a licensee’s or permittee’s penal bond for taxes of doubtful collectibility. Whenever a compromise or settlement is made, the administrator shall make a complete record of the case showing the tax assessed, reports and audits, if any, the licensee’s or permittee’s grounds for dispute or contest, together with all evidence of the dispute or contest, and the amounts, conditions, settlement or compromise of the dispute or contest.

3. A licensee or permittee who disputes the amount of tax imposed must pay all tax and penalty pertaining to the disputed tax liability prior to appealing the disputed tax liability to the administrator.

4. The administrator shall adopt rules estab-
lishing procedures for payment of disputed taxes imposed under this chapter. If it is determined that the tax is not due in whole or in part, the division shall promptly refund the part of the tax payment which is determined not to be due.

123.38 Nature of permit or license — surrender — transfer.

A special liquor permit, liquor control license, wine permit, or beer permit is a personal privilege and is revocable for cause. It is not property nor is it subject to attachment and execution nor alienable nor assignable, and it shall cease upon the death of the permittee or licensee. However, the administrator of the division may in the administrator’s discretion allow the executor or administrator of a permittee or licensee to operate the business of the decedent for a reasonable time not to exceed the expiration date of the permit or license. Every permit or license shall be issued in the name of the applicant and no person holding a permit or license shall allow any other person to use it.

Any licensee or permittee, or the licensee's or permittee's executor or administrator, or any person duly appointed by the court to take charge of and administer the property or assets of the licensee or permittee for the benefit of the licensee's or permittee's creditors, may voluntarily surrender a license or permit to the division. When a license or permit is surrendered the division shall notify the local authority, and the division or the local authority shall refund to the person surrendering the license or permit, a proportionate amount of the fee received by the division or the local authority for the license or permit as follows: if a license or permit is surrendered during the first three months of the period for which it was issued, the refund shall be three-fourths of the amount of the fee; if surrendered more than three months but not more than six months after issuance, the refund shall be one-half of the amount of the fee; if surrendered more than six months but not more than nine months after issuance, the refund shall be one-fourth of the amount of the fee. No refund shall be made, however, for any special liquor permit, nor for a liquor control license, wine permit, or beer permit surrendered more than nine months after issuance. For purposes of this paragraph, any portion of license or permit fees used for the purposes authorized in section 331.424, subsection 1, paragraphs “a” and “b”, and in section 331.424A, shall not be deemed received either by the division or by a local authority. No refund shall be made to any licensee or permittee, upon the surrender of the license or permit, if there is at the time of surrender, a complaint filed with the division or local authority, charging the licensee or permittee with a violation of this chapter. If upon a hearing on a complaint the license or permit is not revoked or suspended, then the licensee or permittee is eligible, upon surrender of the license or permit, to receive a refund as provided in this section; but if the license or permit is revoked or suspended upon hearing the licensee or permittee is not eligible for the refund of any portion of the license or permit fee.

The local authority may in its discretion authorize a licensee or permittee to transfer the license or permit from one location to another within the same incorporated city, or within a county outside the corporate limits of a city, provided that the premises to which the transfer is to be made would have been eligible for a license or permit in the first instance and such transfer will not result in the violation of any law. All transfers authorized, and the particulars of same, shall be reported to the administrator by the local authority. The administrator may by rule establish a uniform transfer fee to be assessed by all local authorities upon licensees or permittees to cover the administrative costs of such transfers, such fee to be retained by the local authority involved.

123.39 Suspension or revocation of license or permit — civil penalty.

1. a. The administrator or the local authority may suspend a license or permit issued pursuant to this chapter for a period not to exceed one year, revoke the license or permit, or impose a civil penalty not to exceed one thousand dollars per violation. Before suspension, revocation, or imposition of a civil penalty, the license or permit holder shall be given written notice and an opportunity for a hearing. The administrator may appoint a member of the division or may request an administrative law judge from the department of inspections and appeals to conduct the hearing and issue a proposed decision. Upon the motion of a party to the hearing or upon the administrator’s own motion, the administrator may review the proposed decision in accordance with chapter 17A. Upon review of the proposed decision, the administrator may affirm, reverse, or modify the proposed decision. A licensee or permittee aggrieved by a decision of the administrator may seek judicial review of the administrator’s decision in accordance with chapter 17A.

b. A license or permit issued under this chapter may be suspended or revoked, or a civil penalty may be imposed on the license or permit holder by the local authority or the administrator for any of the following causes:

(1) Misrepresentation of any material fact in the application for the license or permit.
§123.39, ALCOHOLIC BEVERAGE CONTROL

(2) Violation of any of the provisions of this chapter.

(3) Any change in the ownership or interest in the business operated under a class "A", class "B", or class "C" liquor control license, or any wine or beer permit, which change was not previously reported to and approved by the local authority and the division.

(4) An event which would have resulted in disqualification from receiving the license or permit when originally issued.

(5) Any sale, hypothecation, or transfer of the license or permit.

(6) The failure or refusal on the part of any licensee or permittee to render any report or remit any taxes to the division under this chapter when due.

c. A criminal conviction is not a prerequisite to suspension, revocation, or imposition of a civil penalty pursuant to this section. A local authority which acts pursuant to this section or section 123.32 shall notify the division in writing of the action taken, and shall notify the licensee or permit holder of the right to appeal a suspension, revocation, or imposition of a civil penalty to the division. Civil penalties imposed and collected by the local authority under this section shall be retained by the local authority. Civil penalties imposed and collected by the division under this section shall be retained by the division.

2. Local authorities may suspend any retail wine or beer permit or liquor control license for a violation of any ordinance or regulation adopted by the local authority. Local authorities may adopt ordinances or regulations for the location of the premises of retail wine or beer and liquor control licensed establishments and local authorities may adopt ordinances, not in conflict with this chapter and that do not diminish the hours during which beer, wine, or alcoholic beverages may be sold or consumed at retail, governing any other activities or matters which may affect the retail sale and consumption of beer, wine, and alcoholic liquor and the health, welfare and morals of the community involved.

3. When a liquor license or wine or beer permit is suspended after a hearing as a result of violations of this chapter by the licensee, permittee or the licensee's or permittee's agents or employees, the premises which were licensed by the license or permit shall not be relicensed for a new applicant until the suspension has terminated or time of suspension has elapsed, or ninety days have elapsed since the commencement of the suspension, whichever occurs first. However, this section does not prohibit the premises from being relicensed to a new applicant before the suspension has terminated or before the time of suspension has elapsed or before ninety days have elapsed from the commencement of the suspension, if the premises prior to the time of the suspension had been purchased under contract, and the vendor

under that contract had exercised the person's rights under chapter 656 and sold the property to a different person who is not related to the previous licensee or permittee by marriage or within the third degree of consanguinity or affinity and if the previous licensee or permittee does not have a financial interest in the business of the new applicant.

4. If the cause for suspension is a first offense violation of section 123.49, subsection 2, paragraph "h", the administrator or local authority shall impose a civil penalty in the amount of five hundred dollars in lieu of suspension of the license or permit. Local authorities shall retain civil penalties collected under this paragraph if the proceeding to impose the penalty is conducted by the local authority. The division shall retain civil penalties collected under this paragraph if the proceeding to impose the penalty is conducted by the administrator of the division.

The administrator may in accordance with this chapter issue a broker's permit which shall be valid for one year from the date of issuance unless it is sooner suspended or revoked for a violation of this chapter. A broker's permit is valid throughout the state, and a broker who represents more than one distiller is required to obtain only one broker's permit.

2. The annual fee for a broker's permit is twenty-five dollars.

3. An employee of a broker is not required to apply for or hold a broker's permit.

**123.45 Limitations on business interests.**

Except as provided in section 123.6, a commission member or division employee shall not, directly or indirectly, individually, or as a member of a partnership or shareholder in a corporation, have any interest in dealing in or in the manufacture of alcoholic liquor, wine, or beer, and shall not receive any kind of profit nor have any interest in the purchase or sale of alcoholic liquor, wine, or beer by persons so authorized under this chapter. However, this provision does not prohibit any member or employee from lawfully purchasing and keeping alcoholic liquor, wine, or beer in the member's or employee's possession for personal use.

A person engaged in the business of manufacturing, bottling, or wholesaling alcoholic beverages, wine, or beer, or any jobber, representative, broker, employee, or agent of such a person, shall not directly or indirectly supply, furnish, give, or pay for any furnishings, fixtures, or equipment used in the storage, handling, serving, or dispensing of alcoholic beverages, wine, beer, or food within the place of business of a licensee or permittee authorized under this chapter to sell at retail; nor shall the person directly or indirectly extend any credit for alcoholic beverages or beer or pay for any such license or permit, nor directly or indirectly be interested in the ownership, conduct, or operation of the business of another licensee or permittee authorized under this chapter to sell at retail, nor hold a retail liquor control license or retail wine or beer permit. 123.49 Miscellaneous prohibitions.

1. A person shall not sell, dispense, or give to an intoxicated person, or one simulating intoxication, any alcoholic liquor, wine, or beer.
   a. A person other than a person required to hold a license or permit under this chapter who dispenses or gives an alcoholic beverage, wine, or beer in violation of this subsection is not civilly liable to an injured person or the estate of a person for injuries inflicted on that person as a result of intoxication by the consumer of the alcoholic beverage, wine, or beer.
   b. The general assembly declares that this subsection shall be interpreted so that the holding of Clark v. Mincks, 364 N.W.2d 226 (Iowa 1985) is abrogated in favor of prior judicial interpretation finding the consumption of alcoholic beverages, wine, or beer rather than the serving of alcoholic beverages, wine, or beer as the proximate cause of injury inflicted upon another by an intoxicated person.
   c. A person or club holding a liquor control license or retail wine or beer permit under this chapter, and the person’s or club’s agents or employees, shall not do any of the following:
      a. Knowingly permit any gambling, except in accordance with chapter 99B, 99D, 99F, or 99G, or knowingly permit solicitation for immoral purposes, or immoral or disorderly conduct on the premises covered by the license or permit.
      b. Sell or dispense any alcoholic beverage or beer on the premises covered by the license or permit, or permit its consumption thereon between the hours of two a.m. and six a.m. on a weekday, and between the hours of two a.m. on Sunday and six a.m. on the following Monday, however, a holder of a liquor control license or retail beer permit granted the privilege of selling alcoholic liquor or beer on Sunday may sell or dispense alcoholic liquor or beer between the hours of eight a.m. on Sunday and two a.m. on the following Monday.
      c. Sell alcoholic beverages, wine, or beer to any person on credit, except with a bona fide credit card. This provision does not apply to sales by a club to its members, to sales by a hotel or motel to bona fide registered guests, nor to retail sales by the managing entity of a convention center, civic center, or events center.
      d. Keep on premises covered by a liquor control license any alcoholic liquor in any container except the original package purchased from the division, and except mixed drinks or cocktails mixed on the premises for immediate consumption. This prohibition does not apply to common carriers holding a class “D” liquor control license.
      e. Reuse for packaging alcoholic liquor or wine any container or receptacle used originally for packaging alcoholic liquor or wine; or adulterate, by the addition of any substance, the contents or remaining contents of an original package of an alcoholic liquor or wine; or knowingly possess any original package which has been so reused or adulterated.
      f. Employ a person under eighteen years of age in the sale or serving of alcoholic liquor, wine, or beer for consumption on the premises where sold.
      g. Allow any person other than the licensee, permittee, or employees of the licensee or permittee, to use or keep on the licensed premises any alcoholic liquor in any bottle or other container which is designed for the transporting of such beverages, except as permitted in section 123.95. This paragraph does not apply to the lodging quarters of a class “B” liquor control licensee or wine or beer permittee, or to common carriers holding a class “D” liquor control license.
      h. Sell, give, or otherwise supply any alcoholic beverage, wine, or beer to any person, knowing or failing to exercise reasonable care to ascertain whether the person is under legal age, or permit any person, knowing or failing to exercise reasonable care to ascertain whether the person is under legal age, to consume any alcoholic beverage, wine, or beer.

Sell or dispense any wine on the premises covered by the permit or permit the consumption on the premises between the hours of two a.m. and six a.m. on a weekday, and between the hours of two a.m. on Sunday and six a.m. on the following Monday, however, a holder of a wine permit authorized to sell wine on Sunday may sell or dispense wine between the hours of eight a.m. on Sunday and two a.m. on the following Monday.

l. Sell, give, possess, or otherwise supply a machine which is used to vaporize an alcoholic beverage for the purpose of being consumed in a vaporized form.

3. A person under legal age shall not misrepresent the person’s age for the purpose of purchasing or attempting to purchase any alcoholic beverage, wine, or beer from any licensee or permittee. If any person under legal age misrepresents the person’s age, and the licensee or permittee establishes that the licensee or permittee made reasonable inquiry to determine whether the prospective purchaser was over legal age, the licensee or permittee is not guilty of selling alcoholic liquor, wine, or beer to a person under legal age.

4. No privilege of selling alcoholic liquor, wine, or beer on Sunday as provided in sections 123.36, subsection 6, and 123.134, subsection 5, shall be granted to a club or other organization which places restrictions on admission or membership in the club or organization on the basis of sex, race, religion, or national origin. 1. Except as provided in subsection 5, a brewer 
or wholesaler shall not amend, modify, cancel, fail 
to renew, or otherwise terminate an agreement 
unless the brewer or wholesaler furnishes prior 
notification to the other party in accordance with 
subsection 2.
2. The notification required under subsection 
1 shall be in writing and sent to the affected party 
by certified mail not less than ninety days before 
the date on which the agreement will be amended, 
modified, canceled, or otherwise terminated. 
The notification shall contain all of the following:
   a. A statement of intention to amend, modify, 
cancel, fail to renew, or otherwise terminate the 
   agreement.
   b. A statement enumerating the facts and rea-
      sons for the action, including documentation nec-
      essary to fully inform the wholesaler of the rea-
      sons for the action.
   c. The date on which the action will take effect.
3. For each cancellation, nonrenewal, or ter-
   mination, the brewer shall have the burden of 
   showing that it has acted in good faith, that the no-
   tice requirements under this section have been 
   complied with, and that there was good cause for 
   the cancellation, nonrenewal, or termination.
4. Notwithstanding the terms or conditions of 
   any agreement, good cause exists for the purpose 
of a cancellation, nonrenewal, or termination if all 
of the following occur:
   a. The wholesaler fails to comply with a provi-
      sion of the agreement which is both reasonable 
      and of material significance to the business re-
      lationship between the wholesaler and the brewer.
   b. The brewer first acquired knowledge of the 
      failure described in paragraph “a” not more than 
      twenty-four months before the date notification 
      was given pursuant to subsection 2.
   c. The wholesaler was given notice by the 
      brewer of failure to comply with the agreement.
   d. The wholesaler has been given thirty days 
      in which to submit a plan of corrective action to 
      comply with the agreement and an additional 
inety days to cure the noncompliance in accor-
      dance with the plan, and has failed to correct the 
      failure to comply with the provisions of the agree-
      ment.
5. A brewer may cancel, fail to renew, or other-
   wise terminate an agreement without furnishing 
any prior notification and without good cause as 
required in subsection 4 for any of the following 
reasons:
   a. The wholesaler’s failure to pay any account 
when due and upon written demand by the brewer 
   for the payment, in accordance with agreed upon 
   payment terms.
   b. The wholesaler’s assignment for the benefit 
of creditors, or similar disposition, of substantially

   sell beer in this state, or the revocation or suspen-
   sion of a license or permit to sell beer in this state 
   for a period greater than thirty-one days.
   f. Any attempted transfer of business assets of 
the wholesaler, ten percent or more of the voting 
stock of the wholesaler or the voting stock of any 
parent corporation of the wholesaler, or any

   sent or approval as provided for under section 
123A.6.
   g. The wholesaler’s fraudulent conduct relating 
to a material matter on the part of the whole-
   saler in dealings with the brewer or its product.
   However, the brewer shall have the burden of 
   proving fraudulent conduct relating to a material 
   matter on the part of the wholesaler in any legal 
   action challenging the termination.
   h. The wholesaler distributes, sells, or deliv-
ers beer to a retailer whose premises are situated 
outside the geographic territory agreed upon by 
the wholesaler and the brewer as the area in which 
the wholesaler will sell beer purchased from the 
brewer, without the consent of the brewer and the 
distributor who has been assigned the territory by 
the brewer.
95 Acts, ch 101, §3

123A.4 Cancellation.
A brewer or a wholesaler shall not cancel, fail to 
renew, or otherwise terminate an agreement un-
less the party intending that action has good cause 
for the cancellation, failure to renew, or termina-
tion, has made good faith efforts to resolve dis-
agreements, and, in any case in which prior notifi-
cation is required under section 123A.3, the party 
intending to act has furnished the prior notifica-
tion and the other party has not eliminated the 
reasons specified in the notification for cancella-
tion, failure to renew, or termination, within the 
periods provided in section 123A.3, subsection 4, 
paragraph “d”.
95 Acts, ch 101, §4

123A.5 Prohibited conduct.
1. A brewer shall not commit any of the follow-
ing actions:
a. Induce or coerce, or attempt to induce or coerce, any wholesaler to engage in any illegal act or course of conduct.

b. Require a wholesaler to assent to any unreasonable requirement, condition, understanding, or term of an agreement prohibiting a wholesaler from selling the product of another brewer.

c. Fix, maintain, or establish the price at which a wholesaler may resell beer, or to change, by any means, the price charged to the wholesaler after beer has been ordered by the wholesaler from the brewer.

d. Require any wholesaler to accept delivery of any beer or any other item or commodity which shall not have been ordered by the wholesaler.

e. Require a wholesaler without the wholesaler’s approval to participate in an arrangement for the payment or crediting by an electronic fund transfer transaction for any item or commodity other than beer, or to access a wholesaler’s account for any item or commodity other than beer.

f. Require or prohibit any change in the manager or successor manager of any wholesaler who has been approved by the brewer as of or subsequent to July 1, 1995, unless the brewer acts in good faith. If a wholesaler changes an approved manager or successor manager, a brewer shall not require or prohibit the change unless the person selected by the wholesaler fails to meet the nondiscriminatory, material, and reasonable standards and qualifications for managers or successor managers consistently applied to similarly situated wholesalers by the brewer. However, the brewer shall have the burden of proving that the person fails to meet the reasonable standards and qualifications.

g. Discriminate among the brewer’s wholesalers in any business dealings including, but not limited to, the price of beer sold to the wholesaler or terms of sale offered to wholesalers, unless the difference among its wholesalers is based on reasonable grounds.

h. Fail to provide each wholesaler of the brewer’s brand with a written agreement which contains in total the brewer’s agreement with each wholesaler, and designates a specific exclusive sales territory. The terms of written agreements executed, amended, or renewed after July 1, 1995, shall be consistent with this chapter, and this chapter may be incorporated by reference in the agreement.

i. Enter into an additional agreement with any other wholesaler for, or to sell to any other wholesaler, the same brand of beer or brand extension in the same territory or any portion of the territory, or to sell directly to any retailer in this state.

j. Require a wholesaler to purchase one or more brands of beer in order for the wholesaler to purchase another brand of beer for any reason.

k. Require a wholesaler, by any means, directly to participate in or contribute to any local or national advertising fund controlled directly or indirectly by a brewer.

l. Require by a provision of an agreement or other instrument in connection with the agreement that any dispute arising out of or in connection with the agreement be determined through the application of any other state’s laws, be determined in federal court sitting in a state other than Iowa, or be determined in a state court of a state other than this state. A provision contained in any agreement or other instrument in connection with the agreement which contravenes this section shall be null and void.

2. A wholesaler who, pursuant to an agreement, is granted a sales territory for which the wholesaler is primarily responsible or in which the wholesaler is required to concentrate the wholesaler’s efforts, shall not make any sale or delivery of beer to any retail licensee whose place of business is not within the territory granted to the wholesaler unless agreed upon by all affected parties.

95 Acts, ch 101, §5

123A.6 Transfer of business assets or stock.

1. A brewer shall not unreasonably withhold or delay its approval of any assignment, sale, or transfer of the stock or other indicia of ownership of a wholesaler or all or any portion of a wholesaler’s assets, wholesaler’s voting stock, the voting stock of any parent corporation, or the beneficial ownership or control of any other entity owning or controlling the wholesaler, including the wholesaler’s rights and obligations under the terms of an agreement when the person to be substituted meets reasonable standards. Upon the death of one of the partners of a partnership operating the business of a wholesaler, a brewer shall not deny the surviving partner of the partnership the right to become a successor-in-interest to the agreement between the brewer and the partnership, if the survivor has been active in the management of the partnership and is otherwise capable of carrying on the business of the partnership.

2. Notwithstanding subsection 1, upon the death of a wholesaler, a brewer shall not deny approval for any transfer of ownership or management to a designated member, including the rights under the agreement with the brewer. The transfer or assignment shall not be effective until written notice is given to the brewer, but the brewer’s consent to the transfer or assignment shall not be required.

95 Acts, ch 101, §6

123A.7 Reasonable compensation.

1. A brewer who cancels, fails to renew, or terminates any agreement, or unlawfully denies approval of, or unreasonably withholds consent to any assignment, transfer, or sale of a wholesaler’s
business assets or voting stock or other equity securities, except as provided in this chapter, shall pay the wholesaler with which the brewer has an agreement pursuant to this chapter, reasonable compensation for the fair market value of the wholesaler's business with relation to the affected brand of beer. The fair market value of the wholesaler's business shall include, but not be limited to, its goodwill, if any.

2. If a brewer and a wholesaler are unable to mutually agree on the reasonable compensation to be paid for the value of the wholesaler's business, either party may maintain a civil action as provided in section 123A.9, or the matter may, by mutual agreement of the parties, be submitted to a three-member arbitration panel consisting of one representative selected by the brewer but unassociated with the brewer; one representative selected by the wholesaler but unassociated with the wholesaler; and an impartial arbitrator selected by the other two members from a list provided by the American arbitration association, and the claim settled in accordance with the rules provided by the American arbitration association. Arbitration costs shall be paid one-half by the wholesaler and one-half by the brewer. Arbitration shall be conducted in accordance with the commercial arbitration rules of the American arbitration association and the laws of this state, and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction. The award of the arbitrator shall be final and binding on the parties.

95 Acts, ch 101, §7

123A.8 Right of free association.
A brewer or wholesaler shall not restrict or inhibit, directly or indirectly, the right of free association among brewers or wholesalers for any lawful purpose.

95 Acts, ch 101, §8

123A.9 Judicial remedies.
1. If a brewer or a wholesaler who is a party to an agreement pursuant to this chapter fails to comply with this chapter or otherwise engages in conduct prohibited under this chapter, the aggrieved party may maintain a civil action in district court if the cause of action directly relates to or stems from the relationship of the individual parties under the agreement.

2. A brewer or wholesaler may bring an action for declaratory judgment for determination of any controversy arising under this chapter or out of the brewer and wholesaler agreement.

3. Upon proper petition to the district court, a brewer or wholesaler may obtain injunctive relief against a violation of this chapter.

4. In an action under subsection 1, the district court may grant the relief as the court determines is necessary or appropriate considering the purposes of this chapter. The district court may, if it finds that a brewer has acted in bad faith in invoking the amendment, modification, cancellation, nonrenewal, or termination provision of the agreement between the brewer and wholesaler, or has unreasonably withheld its consent to any assignment, transfer, or sale of the wholesaler's business, award equitable relief, actual damages, court costs, and attorney's fees.

5. The prevailing party in an action under subsection 1 shall be entitled to actual damages, court costs, and attorney's fees at the court's discretion.

6. With respect to a dispute arising under this chapter or out of the agreement between a brewer and wholesaler, the wholesaler and brewer each has the absolute right, before the wholesaler or brewer has agreed to arbitrate a particular dispute, to refuse to arbitrate that particular dispute. A brewer shall not, as a condition of entering into or renewing an agreement, require the wholesaler to agree to arbitration in lieu of judicial remedies.

7. A brewer shall not take retaliatory action against a wholesaler who files or manifests an intention to file a complaint of alleged violation of state or federal law or regulation by the brewer with the appropriate state or federal regulatory authority. Retaliatory action shall include, but shall not be limited to, refusal without good cause to continue the agreement, or a material reduction in the quality of service or quantity of products available to the wholesaler under the agreement, or impede the normal business operations of the wholesaler.

95 Acts, ch 101, §9

123A.10 Waiver — prohibited.
A brewer shall not require a wholesaler to waive compliance with any provision of this chapter. This chapter shall not be construed to limit or prohibit a good faith settlement of a dispute voluntarily entered into between the parties.

95 Acts, ch 101, §10

123A.11 Indemnification.
A brewer shall fully indemnify and hold harmless the brewer’s wholesaler against any losses, including, but not limited to, court costs and reasonable attorney’s fees or damages arising out of complaints, claims, or lawsuits, including, but not limited to, strict liability, negligence, misrepresentation, or express or implied warranty where the claim, claim, or lawsuit relates to the manufacture or packaging of beer or other functions by the brewer which are beyond the control of the wholesaler.

95 Acts, ch 101, §11

123A.12 Application to existing agreements.
1. The provisions of this chapter apply to a valid agreement in effect immediately before July 1,
1995, when the first of the following dates occurs:

a. On the effective date of the next amendment, modification, or renewal of the existing valid agreement.

b. On the next anniversary date of the execution of the original agreement between the wholesaler and the brewer.

2. If no written agreement exists, the provisions of the chapter apply to the implied or oral unwritten agreement of a brewer and a wholesaler of that brewery on July 1, 1995.

"Simulated controlled substance" means a substance which is not a controlled substance but which is expressly represented to be a controlled substance, or a substance which is not a controlled substance but which is impliedly represented to be a controlled substance and which because of its nature, packaging, or appearance would lead a reasonable person to believe it to be a controlled substance.

28. "State", when applied to a part of the United States, includes any state, district, commonwealth, territory, insular possession, and any area subject to the legal authority of the United States of America.

29. "Ultimate user" means a person who lawfully possesses a controlled substance for the person’s own use or for the use of a member of the person’s household or for administering to an animal owned by the person or by a member of the person’s household.

DIVISION II

STANDARDS AND SCHEDULES

124.201 Duty to recommend changes in schedules.

1. The board shall administer the regulatory provisions of this chapter. Annually, within thirty days after the convening of each regular session of the general assembly, the board shall recommend to the general assembly any deletions from, or revisions in the schedules of substances, enumerated in sections 124.204, 124.206, 124.208, 124.210, or 124.212, which it deems necessary or advisable. In making a recommendation to the general assembly regarding a substance, the board shall consider the following:

a. The actual or relative potential for abuse;

b. The scientific evidence of its pharmacological effect, if known;

c. State of current scientific knowledge regarding the substance;

d. The history and current pattern of abuse;

e. The scope, duration, and significance of abuse;

f. The risk to the public health;

g. The potential of the substance to produce psychic or physiological dependence liability; and

h. Whether the substance is an immediate precursor of a substance already controlled under this division.

2. After considering the above factors, the board shall make a recommendation to the general assembly, specifying the change which should be made in existing schedules, if it finds that the potential for abuse or lack thereof of the substance is not properly reflected by the existing schedules.

3. If the board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor. Such designations shall be made pursuant to the procedures of chapter 17A.

4. If any new substance is designated as a controlled substance under federal law and notice of the designation is given to the board, the board shall similarly designate as controlled the new substance under this chapter after the expiration of thirty days from publication in the Federal Register of a final order designating a new substance as a controlled substance, unless within that thirty-day period the board objects to the new designation. In that case the board shall publish the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing the board shall announce its decision. Upon publication of objection to a new substance being designated as a controlled substance under this chapter by the board, control under this chapter is stayed until the board publishes its decision. If a substance is designated as controlled by the board under this paragraph the control shall be temporary and if within sixty days after the next regular session of the general assembly convenes it has not made the corresponding changes in this chapter, the temporary designation of control of the substance by the board shall be nullified.

C93, §124.201

124.202 Controlled substances — listed regardless of name.

The controlled substances listed in the schedules in sections 124.204, 124.206, 124.208, 124.210 and 124.212 are included by whatever official name, common or usual name, chemical name, or trade name is designated.

C93, §124.202

124.203 Substances listed in schedule I — criteria.

The board shall recommend to the general assembly that it place in schedule I any substance not already included therein if the board finds that the substance:

1. Has high potential for abuse; and

2. Has no accepted medical use in treatment in
the United States; or lacks accepted safety for use in treatment under medical supervision.

If the board finds that any substance included in schedule I does not meet these criteria, it shall recommend that the general assembly place the substance in a different schedule or remove it from the list of controlled substances, as appropriate.

The board may, subject to chapter 17A, promulgate rules and charge reasonable fees relating to the registration and control of the manufacture, distribution, and dispensing of controlled substances within this state.

[C73, 75, 77, 79, 81, §204.301]
C93, §124.301

124.302 Registration requirements.

1. Every person who manufactures, distributes, or dispenses any controlled substance within this state or who proposes to engage in the manufacture, distribution, or dispensing of any controlled substance within this state, shall obtain and maintain a biennial registration issued by the board in accordance with its rules.

2. Persons registered by the board under this chapter to manufacture, distribute, dispense, or conduct research with controlled substances may possess, manufacture, distribute, dispense, or conduct research with those substances to the extent authorized by their registration and in conformity with the other provisions of this division.

3. The following persons need not register and may lawfully possess controlled substances under this chapter:
   a. An agent or employee of any registered manufacturer, distributor, or dispenser of any controlled substance if the agent or employee is acting in the usual course of the agent’s or employee’s business or employment.
   b. A common or contract carrier or warehouse operator, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment.
   c. An ultimate user or a person in possession of any controlled substance pursuant to a lawful order of a practitioner or in possession of a schedule V substance.

4. A separate registration is required for each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances.

124.303 Registration.

1. The board shall register an applicant to manufacture or distribute controlled substances included in sections 124.204, 124.206, 124.208, 124.210 and 124.212 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider all of the following factors:
   a. Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels.
   b. Compliance with applicable state and local law.
   c. Any convictions of the applicant under any federal and state laws relating to any controlled substance.
   d. Past experience in the manufacture or distribution of controlled substances, and the existence in the applicant’s establishment of effective controls against diversion.

   f. Suspension or revocation of the applicant’s federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law.
   g. Any other factors relevant to and consistent with the public health and safety.

2. Registration under subsection 1 of this section does not entitle a registrant to manufacture and distribute controlled substances in schedule I.
or II other than those specified in the registration.

3. Practitioners shall be registered to dispense any controlled substances or to conduct research with controlled substances in schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board need not require separate registration under this division for practitioners engaging in research with nonnarcotic controlled substances in schedules II through V where the registrant is already registered under this division in another capacity. Practitioners registered under federal law to conduct research with schedule I substances may conduct research in schedule I substances within this state upon furnishing the board evidence of the federal registration.

4. Compliance by manufacturers and distributors with the provisions of the federal law respecting registration, excluding fees, entitles them to be registered under this chapter.

   b. The registrant has had the registrant’s federal registration to manufacture, distribute, or dispense controlled substances suspended, revoked, or restricted.
   c. The registrant has been convicted of a public offense under any state or federal law relating to any controlled substance. For the purpose of this section only, a conviction shall include a plea of guilty, a forfeiture of bail or collateral deposited to secure a defendant’s appearance in court which forfeiture has not been vacated, or a finding of guilt in a criminal action even though the entry of the judgment or sentence has been withheld and the individual placed on probation.
   d. The registrant has committed such acts as would render the registrant’s registration under section 124.303 inconsistent with the public interest as determined under that section.
   e. If the registrant is a licensed health care professional, the registrant has had the registrant’s professional license revoked or suspended or has been otherwise disciplined in a way that restricts the registrant’s authority to handle or prescribe controlled substances.
   f. The board may limit revocation or suspension of a registration to the particular controlled substance with respect to which grounds for revocation or suspension exist.

2. The board may limit revocation or suspension of a registration to the particular controlled substance with respect to which grounds for revocation or suspension exist.

3. If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all such controlled substances may be forfeited to the state.

4. The board shall promptly notify the bureau and the department of all orders suspending or revoking registration and all forfeitures of controlled substances.

The order to show cause shall contain a statement of the basis therefor and shall call upon the applicant or registrant to appear before the board at a time and place not less than thirty days after the date of service of the order, but in the case of a denial or renewal of registration the show cause order shall be served not later than thirty days before the expiration of the registration. These proceedings shall be conducted without regard to any criminal prosecution or other proceeding. Proceedings to refuse renewal of registration shall not abate the existing registration which shall remain in effect pending the outcome of the administrative hearing.

2. The board, without an order to show cause, may suspend any registration simultaneously with the institution of proceedings under section 124.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, under the provisions of the Iowa administrative procedure Act, chapter 17A, unless sooner withdrawn by the board or dissolved by the order of the district court or an appellate court.

If it is established thereafter to the satisfaction of the court that the person has again violated a provision of this chapter, the person may be returned to custody or sentenced upon conviction as provided by law. The public or private agency or responsible person to whom the accused person was committed by the court shall immediately report to the court when the person has received maximum benefit from the program or has recovered from addiction, dependency, or tendency to chronically abuse any controlled substance. 124.502 Administrative inspections and warrants.

1. Issuance and execution of administrative inspection warrants shall be as follows:

a. A district judge or district associate judge, within the court's jurisdiction, and upon proper oath or affirmation showing probable cause, may issue warrants for the purpose of conducting administrative inspections under this chapter or a related rule or under chapter 124A. The warrant may also permit seizures of property appropriate to the inspections. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of the statute or related rules, sufficient to justify administrative inspection of the area, premises, building or conveyance in the circumstances specified in the application for the warrant.

b. A warrant shall issue only upon sworn testimony of an officer or employee of the board duly designated and having knowledge of the facts alleged, before the judicial officer, establishing the grounds for issuing the warrant. If the judicial officer is satisfied that grounds for the application exist or that there is probable cause to believe they exist, the officer shall issue a warrant identifying the area, premises, building, or conveyance to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any.

The warrant shall:

(1) State the grounds for its issuance and the name of each person whose testimony has been taken in support thereof.

(2) Be directed to a person authorized by section 124.501 to execute it.

(3) Command the person to whom it is directed to inspect the area, premises, building, or conveyance identified for the purpose specified and, if appropriate, direct the seizure of the property specified.

(4) Identify the item or types of property to be seized, if any.

(5) Direct that it be served during normal business hours, if appropriate, and designate the judge to whom it shall be returned.

c. A warrant issued pursuant to this section must be executed and returned within ten days after its date unless, upon a showing of a need for additional time, the court so instructs otherwise in the warrant. If property is seized pursuant to a warrant, the person executing the warrant shall give to the person from whom the property is seized, or the person in charge of the premises from which the property is seized, a copy of the warrant and a receipt for the property seized or shall leave the copy and receipt at the place from which the property is seized. The return of the warrant shall be made promptly and shall be accompanied by a written inventory of any property seized. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was seized, if they are present, or in the presence of at least one credible person other than
the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was seized and to the applicant for the warrant.

d. The judicial officer who has issued a warrant under this section shall require that there be attached to the warrant a copy of the return, and of all papers filed in connection with the return, and shall file them with the clerk of the district court for the county in which the inspection was made.

2. The department may make administrative inspections of controlled premises in accordance with the following provisions:

a. For purposes of this section only, "controlled premises" means:
   (1) Places where persons registered or exempt from registration requirements under this chapter are required to keep records; and
   (2) Places including factories, warehouse establishments, and conveyances where persons registered or exempted from registration requirements under this chapter are permitted to hold, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled substance.

b. Whenever authorized by an administrative inspection warrant issued pursuant to subsection 1 of this section an officer or employee of the board, upon presenting the warrant and appropriate credentials to the owner, operator, or agent in charge, has the right to enter controlled premises for the purpose of conducting an administrative inspection.

c. Whenever authorized by an administrative inspection warrant, an officer or employee of the board has the right:
   (1) To inspect and copy records required by this chapter to be kept;
   (2) To inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, materials, containers and labeling found therein, and, except as provided in paragraph "e" of this subsection, all other things therein, including records, files, papers, processes, controls, and facilities bearing on violation of this chapter; and
   (3) To inventory any stock of any controlled substance therein and obtain samples of any such substance.

d. This section shall not be construed to prevent the inspection without a warrant of books and records pursuant to a subpoena issued in accordance with section 622.65, nor shall this section be construed to prevent entries and administrative inspections, including seizures of property, without a warrant:
   (1) With the consent of the owner, operator, or agent in charge of the controlled premises;
   (2) In situations presenting imminent danger to health or safety;
   (3) In situations involving inspection of conveyances where there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;
   (4) In any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; and
   (5) In all other situations where a warrant is not constitutionally required.

e. Except when the owner, operator, or agent in charge of the controlled premises so consents in writing, no inspection authorized by this section shall extend to financial data; sales data, other than shipment data; or pricing data.

c. Cooperate with the bureau by establishing a centralized unit which will accept, catalogue, file, and collect statistics, including records of drug dependent persons and other controlled substance law offenders within the state, and make such information available for federal, state and local law enforcement purposes; except that they shall not furnish the name or identity of a patient or research subject whose identity could not be obtained under subsection 3.

2. Prior to the destruction of any controlled substance under this section, the law enforcement agency shall photograph the controlled substance to be destroyed with identifying case numbers or any other case identifiers and prepare a written report detailing any relevant information about the destruction of the controlled substance. At least thirty days prior to any destruction of a controlled substance, the law enforcement agency destroying the controlled substance shall notify in writing any person arrested in connection with the seizure, the attorney of the person if represented, and any other attorney of record including the prosecuting attorney, and the law enforcement agency that made the arrest if the agency is different than the law enforcement agency responsible for retaining the seized controlled substance, that the law enforcement agency is planning to photograph and destroy part of the controlled substance seized, and any person or agency notified may be present at the photographing of the controlled substance to be destroyed.

Contingent upon the receipt of funds pursuant to section 124.557 sufficient to carry out the purposes of this division, the board, in conjunction with the advisory council created in section 124.555, shall establish and maintain an information program for drug prescribing and dispensing. The program shall collect from pharmacies dispensing information for controlled substances identified pursuant to section 124.554, subsection 1, paragraph “g”. The information collected shall be used by prescribing practitioners and pharmacists on a need-to-know basis for purposes of improving patient health care by facilitating early identification of patients who may be at risk for addiction, or who may be using, abusing, or diverting drugs for unlawful or otherwise unauthorized purposes at risk to themselves and others, or who may be appropriately using controlled substances lawfully prescribed for them but unknown to the practitioner. For purposes of this division, “prescribing practitioner” means a practitioner who has prescribed or is contemplating the authorization of a prescription for the patient about whom information is requested, and “pharmacist” means a practicing pharmacist who is actively engaged in and responsible for the pharmaceutical care of the patient about whom information is requested. 7. The board shall not charge a fee to a pharmacy, pharmacist, or prescribing practitioner for the establishment, maintenance, or administration of the program, including costs for forms required to submit information to or access information from the program, except that the board may charge a fee to an individual who requests the individual’s own program information. A fee charged pursuant to this subsection shall not exceed the actual cost of providing the requested information and shall be considered a repayment receipt as defined in section 8.2.

1. If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or with access to a child when the child is alone, by a program admitting juveniles subject to licensure under this chapter, or if a person will reside in a facility utilized by such a program, and if the person has been convicted of a crime or has a record of founded child abuse, the department of human services and the program, for an employee of the program, shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The department of human services shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services.

2. If the department of human services determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a program licensed under this chapter, or resides in a licensed facility the department shall notify the program that an evaluation will be conducted to determine whether prohibition of the person's licensure, employment, or residence is warranted.

3. In an evaluation, the department of human services and the program for an employee of the program shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. 5. In addition to the record checks required under this section, the department of human services may conduct dependent adult abuse record checks in this state and may conduct these checks in other states, on a random basis. The provisions of this section, relative to an evaluation following a determination that a person has been convicted of a crime or has a record of founded child abuse, shall also apply to a random check conducted under this subsection.

6. Beginning July 1, 1994, a program or facility shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

7. On or after July 1, 1994, a program or facility shall include the following inquiry in an application for employment: “Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?”

The director shall at the earliest time feasible notify a licensee whose license the board is considering suspending or revoking and shall inform the licensee what changes must be made in the licensee’s operation to avoid such action. However, rules issued pursuant to this paragraph shall not apply to any facility referred to in section 125.13, subsection 2 or section 125.43.

The department shall adopt and may amend and repeal rules for acceptance of persons into the treatment program, subject to chapter 17A, considering available treatment resources and facilities, for the purpose of early and effective treatment of substance abusers, chronic substance abusers, intoxicated persons, and concerned family members. In establishing the rules the department shall be guided by the following standards:

2. A patient shall be initially assigned or transferred to outpatient treatment, unless the patient is found to require inpatient, residential, or halfway house treatment.

3. A person shall not be denied treatment solely because the person has withdrawn from treatment against medical advice on a prior occasion or because the person has relapsed after earlier treatment.

4. An individualized treatment plan shall be prepared and maintained on a current basis for each patient after the assessment process.

125.33 Voluntary treatment of substance abusers.

1. A substance abuser or chronic substance abuser may apply for voluntary treatment or rehabilitation services directly to a facility or to a licensed physician and surgeon or osteopathic physician and surgeon. If the proposed patient is a minor or an incompetent person, a parent, a legal guardian or other legal representative may make the application. The licensed physician and surgeon or osteopathic physician and surgeon or any employee or person acting under the direction or supervision of the physician and surgeon or osteopathic physician and surgeon, or the facility shall not report or disclose the name of the person or the fact that treatment was requested or has been undertaken to any law enforcement officer or law enforcement agency; nor shall such information be admissible as evidence in any court, grand jury, or administrative proceeding unless authorized by the person seeking treatment. If the person seeking such treatment or rehabilitation is a minor who has personally made application for treatment, the fact that the minor sought treatment or rehabilitation or is receiving treatment or rehabilitation services shall not be reported or disclosed to the parents or legal guardian of such minor without the minor's consent, and the minor may give legal consent to receive such treatment and rehabilitation.

2. Subject to rules adopted by the department, the administrator or the administrator's designee in charge of a facility may determine who shall be admitted for treatment or rehabilitation. If a person is refused admission, the administrator or the administrator's designee, subject to rules adopted by the department, shall refer the person to another facility for treatment if possible and appropriate.

3. A substance abuser or chronic substance abuser seeking treatment or rehabilitation and who is either addicted or dependent on a chemical substance may first be examined and evaluated by a licensed physician and surgeon or osteopathic physician and surgeon who may prescribe a proper course of treatment and medication, if needed. The licensed physician and surgeon or osteopathic physician and surgeon may further prescribe a course of treatment or rehabilitation and authorize another licensed physician and surgeon or osteopathic physician and surgeon or facility to provide the prescribed treatment or rehabilitation services. Treatment or rehabilitation services may be provided to a person individually or in a group. A facility providing or engaging in treatment or rehabilitation shall not report or disclose to a law enforcement officer or law enforcement agency the name of any person receiving or engaged in the treatment or rehabilitation; nor shall a person receiving or participating in treatment or rehabilitation report or disclose the name of any other person engaged in or receiving treatment or rehabilitation or that the program is in existence, to a law enforcement officer or law enforcement agency. Such information shall not be admitted in evidence in any court, grand jury, or administrative proceeding. However, a person engaged in or receiving treatment or rehabilitation may authorize the disclosure of the person's name and individual participation.

4. If a patient receiving inpatient or residential care leaves a facility, the patient shall be encouraged to consent to appropriate outpatient or halfway house treatment. If it appears to the administrator in charge of the facility that the patient is a substance abuser or chronic substance abuser who requires help, the director may arrange for assistance in obtaining supportive services.

5. If a patient leaves a facility, with or against the advice of the administrator in charge of the facility, the director may make reasonable provisions for the patient's transportation to another facility or to the patient's home. If the patient has no home the patient shall be assisted in obtaining shelter. If the patient is a minor or an incompetent person the request for discharge from an inpatient facility shall be made by a parent, legal guardian or other legal representative or by the minor or incompetent if the patient was the original applicant.

6. Any person who reports or discloses the name of a person receiving treatment or rehabilitation services to a law enforcement officer or law enforcement agency or any person receiving treatment or rehabilitation services who discloses the name of any other person receiving treatment or rehabilitation services without the written consent of the person in violation of the provisions of this section shall upon conviction be guilty of a simple misdemeanor.

1. An intoxicated person may come voluntarily to a facility for emergency treatment. A person who appears to be intoxicated or incapacitated by a chemical substance in a public place and in need of help may be taken to a facility by a peace officer under section 125.91. If the person refuses the proffered help, the person may be arrested and charged with intoxication under section 123.46, if applicable.

2. If no facility is readily available the person may be taken to an emergency medical service customarily used for incapacitated persons. The peace officer in detaining the person and in taking the person to a facility shall make every reasonable effort to protect the person's health and safety. In detaining the peace officer the detaining officer may take reasonable steps for self-protection. Detaining a person under section 125.91 is not an arrest and no entry or other record shall be made to indicate that the person who is detained has been arrested or charged with a crime.

3. A person who arrives at a facility and voluntarily submits to examination shall be examined by a licensed physician as soon as possible after the person arrives at the facility. The person may then be admitted as a patient or referred to another health facility. The referring facility shall arrange for transportation.

4. If a person is voluntarily admitted to a facility, the person's family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, the request shall be respected.

5. A peace officer who acts in compliance with this section is acting in the course of the officer's official duty and is not criminally or civilly liable therefor, unless such acts constitute willful malice or abuse.

6. If the physician in charge of the facility determines it is for the patient's benefit, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment.

7. A licensed physician and surgeon or osteopathic physician and surgeon, facility administrator, or an employee or a person acting as or on behalf of the facility administrator, is not criminally or civilly liable for acts in conformity with this chapter, unless the acts constitute willful malice or abuse.

3. The patient shall be provided an opportunity to receive prompt evaluation, emergency services and care as indicated by sound medical practice and treatment which, in the judgment of the chief medical officer of a facility, is most likely to result in the individual's recovery or in the mitigation of the individual's condition to an extent sufficient to permit the individual's discharge from the facility.

Chapter 230 governs the determination of the costs and payment for treatment provided to substance abusers or chronic substance abusers in a mental health institute under the department of human services, except that the charges are not a lien on real estate owned by persons legally liable for support of the substance abuser or chronic substance abuser and the daily per diem shall be billed at twenty-five percent. The superintendent of a state hospital shall total only those expenditures which can be attributed to the cost of providing inpatient treatment to substance abusers or chronic substance abusers for purposes of determining the daily per diem. §125.44 Agreements with facilities — liability for costs.

The director may, consistent with the comprehensive substance abuse program, enter into written agreements with a facility as defined in section 125.2 to pay for one hundred percent of the cost of the care, maintenance, and treatment of substance abusers and chronic substance abusers, except when section 125.43A applies. All payments for state patients shall be made in accordance with the limitations of this section. Such contracts shall be for a period of no more than one year.

The contract may be in the form and contain provisions as agreed upon by the parties. The contract shall provide that the facility shall admit and treat substance abusers and chronic substance abusers regardless of where they have residence. If one payment for care, maintenance, and treatment is not made by the patient or those legally liable for the patient, the payment shall be made by the department directly to the facility. Payments shall be made each month and shall be based upon the rate of payment for services negotiated between the department and the contracting facility. If a facility projects a temporary cash flow deficit, the department may make cash advances at the beginning of each fiscal year to the facility. The repayment schedule for advances shall be part of the contract between the department and the facility. This section does not pertain to patients treated at the mental health institutes.

If the appropriation to the department is insufficient to meet the requirements of this section, the department shall request a transfer of funds and section 8.39 shall apply.

The substance abuser or chronic substance abuser is legally liable to the facility for the total amount of the cost of providing care, maintenance,
and treatment for the substance abuser or chronic substance abuser while a voluntary or committed patient in a facility. This section does not prohibit any individual from paying any portion of the cost of treatment.

The department is liable for the cost of care, treatment, and maintenance of substance abusers and chronic substance abusers admitted to the facility voluntarily or pursuant to section 125.75, 125.81, or 125.91 or section 321J.3 or 124.409 only to those facilities that have a contract with the department under this section, only for the amount computed according to and within the limits of liability prescribed by this section, and only when the substance abuser or chronic substance abuser is unable to pay the costs and there is no other person, firm, corporation, or insurance company bound to pay the costs.

The department’s maximum liability for the costs of care, treatment, and maintenance of substance abusers and chronic substance abusers in a contracting facility is limited to the total amount agreed upon by the parties and specified in the contract under this section.

The facility shall, when a substance abuser or chronic substance abuser is admitted, or as soon thereafter as it receives the proper information, determine and enter upon its records the Iowa county of residence of the substance abuser or chronic substance abuser, or that the person resides in some other state or country, or that the person is unclassified with respect to residence.

2. To any program providing unnecessary, duplicative or overlapping services within the same geographical area, or

3. To any program which has adequate resources at its disposal.

125.55 Audits.
All licensed substance abuse programs are subject to annual audit either by the auditor of state or in lieu of the examination by the auditor of state the substance abuse program may contract with or employ certified public accountants to conduct the audit, in accordance with sections 11.6 and 11.19. The audit format shall be as prescribed by the auditor of state. The certified public accountant shall submit a copy of the audit to the director. A licensed substance abuse program is also subject to special audits as the director requests. The licensed substance abuse program or the department shall pay all expenses incurred by the auditor of state in conducting an audit under this section.

If the department has probable cause to believe that an institution, place, building, or agency not licensed as a substance abuse treatment and rehabilitation facility is in fact a substance abuse treatment and rehabilitation facility as defined by this chapter, and is not exempt from licensing by section 125.13, subsection 2, the board may order an inspection of the institution, place, building, or agency. If the inspector upon presenting proper identification is denied entry for the purpose of making the inspection, the inspector may, with the assistance of the county attorney of the county in which the premises are located, apply to the district court for an order requiring the owner or occupant to permit entry and inspection of the premises to determine whether there have been violations of this chapter. The investigation may include review of records, reports, and documents maintained by the facility and interviews with staff members consistent with the confidentiality safeguards of state and federal law.

§125.59 Transfer of certain revenue — county program funding.

The treasurer of state, on each July 1 for that fiscal year, shall transfer the estimated amounts to be received from section 123.36, subsection 8 and section 123.143, subsection 1 to the department.

1. Of these funds, notwithstanding section 125.13, subsection 1, one-half of the transferred amount shall be used for grants to counties operating a substance abuse program involving only education, prevention, referral or posttreatment services, either with the counties' own employees or by contract with a nonprofit corporation. The grants shall not annually exceed ten thousand dollars to any one county, subject to the following conditions:
   a. The money shall be paid to the county after expenditure by the county and submission of the requirements in paragraph "b" on the basis of one dollar for each three dollars spent by the county. The county may submit a quarterly claim for reimbursement.
   b. The county shall submit an accounting of the expenditures and shall submit an annual financial report, a description of the program, and the results obtained within sixty days after the end of the fiscal year in which the money is granted.

If the transferred amount for this subsection exceeds grant requests funded to the ten thousand dollar maximum, the Iowa department of public health may use the remainder to increase grants pursuant to subsection 2.

2. Of these funds, one-half of the transferred amount shall be used for prevention programs in addition to the amount budgeted for prevention programs by the department in the same fiscal year. The department shall use this additional prevention program money for grants to a county, person, or nonprofit agency operating a prevention program. A grant to a county, person, or nonprofit agency is subject to the following conditions:
   a. The money shall be paid to the county, person, or nonprofit agency after submission of the requirements in paragraph "b" on the basis of two dollars for each dollar designated for prevention by the county, person, or nonprofit agency.
   b. The county, person, or nonprofit agency shall submit a description of the program.
   c. The county, person, or nonprofit agency shall submit an annual financial report and the results obtained before June 10 of the same fiscal year in which the money is granted.

The clerk shall send copies of the application and supporting documentation, together with the notice informing the respondent of the procedures required by this division, to the sheriff, for immediate service upon the respondent. 125.78 Procedure after application.
As soon as practical after the filing of an application for involuntary commitment or treatment, the court shall:
1. Determine whether the respondent has an attorney who is able and willing to represent the respondent in the commitment proceeding, and if not, whether the respondent is financially able to employ an attorney and capable of meaningfully assisting in selecting an attorney. In accordance with those determinations, the court shall allow the respondent to select an attorney or shall assign an attorney to the respondent. If the respondent is financially unable to pay an attorney, the county shall compensate the attorney at an hourly rate to be established by the county board of supervisors in substantially the same manner as provided in section 815.7.
2. If the application includes a request for a court-appointed attorney for the applicant and the court is satisfied that a court-appointed attorney is necessary to assist the applicant in a meaningful presentation of the evidence, and that the applicant is financially unable to employ an attorney, the court shall appoint an attorney to represent the applicant and the county shall compensate the attorney at an hourly rate to be established by the county board of supervisors in substantially the same manner as provided in section 815.7.
3. Issue a written order:
a. Scheduling a tentative time and place for a hearing, subject to the findings of the report required under section 125.80, subsections 3 and 4, but not less than forty-eight hours after notice to the respondent, unless the respondent waives the forty-eight-hour notice requirement.
b. Requiring an examination of the respondent, prior to the hearing, by one or more licensed physicians who shall submit a written report of the examination to the court as required by section 125.80.
[C75, 77, §125.19(1, 2); C79, 81, §229.51(2, 3), 229.52(6); 82 Acts, ch 1212, §6]

125.79 Respondent's attorney informed.
The court shall direct the clerk to furnish at once to the respondent's attorney, copies of the application for involuntary commitment of the respondent and the supporting documentation, and of the court's order issued pursuant to section 125.78, subsection 3. If the respondent is taken into custody under section 125.81, the attorney shall also be advised of that fact. The respondent's attorney shall represent the respondent at all stages of the proceedings and shall attend the commitment hearing.
125.80 Physician's examination — report — scheduling of hearing.

1. An examination of the respondent shall be conducted within a reasonable time and prior to the commitment hearing by one or more licensed physicians as required by the court's order. If the respondent is taken into custody under section 125.81, the examination shall be conducted within twenty-four hours after the respondent is taken into custody. If the respondent desires, the respondent may have a separate examination by a licensed physician of the respondent's own choice. The court shall notify the respondent of the right to choose a physician for a separate examination. The reasonable cost of the examinations shall be paid from county funds upon order of the court if the respondent lacks sufficient funds to pay the cost.

A licensed physician conducting an examination pursuant to this section may consult with or request the participation in the examination of facility personnel, and may include with or attach to the written report of the examination any findings or observations by facility personnel who have been consulted or have participated in the examination.

If the respondent is not taken into custody under section 125.81, but the court is subsequently informed that the respondent has declined to be examined by a licensed physician pursuant to the court order, the court may order limited detention of the respondent as necessary to facilitate the examination of the respondent by the licensed physician.

2. A written report of the examination by a court-designated physician shall be filed with the clerk prior to the hearing date. A written report of an examination by a physician chosen by the respondent may be similarly filed. The clerk shall immediately:

a. Cause a report to be shown to the judge who issued the order.

b. Cause the respondent's attorney to receive a copy of the report of a court-designated physician.

3. If the report of a court-designated physician is to the effect that the respondent is not a chronic substance abuser, the court, without taking further action, may terminate the proceeding and dismiss the application on its own motion and without notice.

4. If the report of a court-designated physician is to the effect that the respondent is a chronic substance abuser, the court shall schedule a commitment hearing as soon as possible. The hearing shall be held not more than forty-eight hours after the report is filed, excluding Saturdays, Sundays, and holidays, unless an extension for good cause is requested by the respondent, or as soon thereafter as possible if the court considers that sufficient grounds exist for delaying the hearing.

125.81 Immediate custody.

If a person filing an application requests that a respondent be taken into immediate custody, and the court upon reviewing the application and accompanying documentation, finds probable cause to believe that the respondent is a chronic substance abuser who is likely to injure the person or other persons if allowed to remain at liberty, the court may enter a written order directing that the respondent be taken into immediate custody by the sheriff, and be detained until the commitment hearing, which shall be held no more than five days after the date of the order, except that if the fifth day after the date of the order is a Saturday, Sunday, or a holiday, the hearing may be held on the next business day. The court may order the respondent detained for the period of time until the hearing is held, and no longer except as provided in section 125.88, in accordance with subsection 1 if possible, and if not, then in accordance with subsection 2 or, only if neither of these alternatives is available in accordance with subsection 3. Detention may be:

1. In the custody of a relative, friend, or other suitable person who is willing and able to accept responsibility for supervision of the respondent, with reasonable restrictions as the court may order including but not limited to restrictions on or a prohibition of any expenditure, encumbrance, or disposition of the respondent's funds or property.

2. In a suitable hospital, the chief medical officer of which shall be informed of the reasons why immediate custody has been ordered. The hospital may provide treatment which is necessary to preserve the respondent's life, or to appropriately control the respondent's behavior which is likely to result in physical injury to the person or to others if allowed to continue, and other treatment as deemed appropriate by the chief medical officer.

3. In the nearest facility which is licensed to care for persons with mental illness or substance abuse, provided that detention in a jail or other facility intended for confinement of those accused or convicted of a crime shall not be ordered.

The respondent's attorney may be allowed by the court to present evidence and arguments before the court's determination under this section. If such an opportunity is not provided at that time, respondent's attorney shall be allowed to present evidence and arguments after the issuance of the court's order of confinement and while the respondent is confined.

125.82 Commitment hearing.
1. At a commitment hearing, evidence in support of the contentsions made in the application may be presented by the applicant, or by an attorney for the applicant, or by the county attorney. During the hearing, the applicant and the respondent shall be afforded an opportunity to testify and to present and cross-examine witnesses, and the court may receive the testimony of other interested persons. If the respondent is present at the hearing, as provided in subsection 3, and has been medicated within twelve hours, or a longer period of time as the court may designate, prior to the beginning of the hearing or a session of the hearing, the court shall be informed of that fact and of the probable effects of the medication upon convening of the hearing.

2. A person not necessary for the conduct of the hearing shall be excluded, except that the court may admit a person having a legitimate interest in the hearing. Upon motion of the applicant, the court may exclude the respondent from the hearing during the testimony of a witness if the court determines that the witness’ testimony is likely to cause the respondent severe emotional trauma.

3. The person who filed the application and a licensed physician, mental health professional as defined in section 228.1, or certified alcohol and drug counselor certified by the nongovernmental Iowa board of substance abuse certification who has examined the respondent in connection with the commitment hearing shall be present at the hearing, unless the court for good cause finds that their presence or testimony is not necessary. The applicant, respondent, and the respondent’s attorney may waive the presence or telephonic appearance of the licensed physician, mental health professional, or certified alcohol and drug counselor who examined the respondent and agree to submit as evidence the written report of the licensed physician, mental health professional, or certified alcohol and drug counselor. The respondent’s attorney shall inform the court if the respondent’s attorney reasonably believes that the respondent, due to diminished capacity, cannot make an adequately considered waiver decision. “Good cause” for finding that the testimony of the licensed physician, mental health professional, or certified alcohol and drug counselor who examined the respondent is not necessary may include, but is not limited to, such a waiver. If the court determines that the testimony of the licensed physician, mental health professional, or certified alcohol and drug counselor is necessary, the court may allow the licensed physician, mental health professional, or certified alcohol and drug counselor to testify by telephone. The respondent shall be present at the hearing unless prior to the hearing the respondent’s attorney stipulates in writing that the attorney has conversed with the respondent, and that in the attorney’s judgment the respondent cannot make a meaningful contribution to the hearing, or that the respondent has waived the right to be present, and the basis for the attorney’s conclusions. A stipulation to the respondent’s absence shall be reviewed by the court before the hearing, and may be rejected if it appears that insufficient grounds are stated or that the respondent’s interests would not be served by the respondent’s absence.

4. The respondent’s welfare is paramount, and the hearing shall be tried as a civil matter and conducted in as informal a manner as is consistent with orderly procedure. Discovery as permitted under the Iowa rules of civil procedure is available to the respondent. The court shall receive all relevant and material evidence, but the court is not bound by the rules of evidence. A presumption in favor of the respondent exists, and the burden of evidence and support of the contentions made in the application shall be upon the person who filed the application. If upon completion of the hearing the court finds that the contention that the respondent is a chronic substance abuser has not been sustained by clear and convincing evidence, the court shall deny the application and terminate the proceeding.

5. If the respondent is not taken into custody under section 125.81, but the court finds good cause to believe that the respondent is about to depart from the jurisdiction of the court, the court may order limited detention of the respondent as authorized in section 125.81, as is necessary to ensure that the respondent will not depart from the jurisdiction of the court without the court’s approval until the proceeding relative to the respondent has been concluded.

125.83 Placement for evaluation.
If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, the court shall order the respondent placed at a facility or under the care of a suitable facility on an outpatient basis as expeditiously as possible for a complete evaluation and appropriate treatment. The court shall furnish to the facility at the time of admission or outpatient placement, a written statement of facts setting forth the evidence on which the finding is based. The administrator of the facility shall report to the court no more than fifteen days after the individual is admitted to or placed under the care of the facility, which shall include the chief medical officer’s recommendation concerning substance abuse treatment. An extension of time may be granted for a period not to ex-
ceed seven days upon a showing of good cause. A copy of the report shall be sent to the respondent’s attorney who may contest the need for an extension of time if one is requested. If the request is contested, the court shall make an inquiry as it deems appropriate and may either order the respondent released from the facility or grant extension of time for further evaluation. If the administrator fails to report to the court within fifteen days after the individual is admitted to the facility, and no extension of time has been requested, the administrator is guilty of contempt and shall be punished under chapter 665. The court shall order a rehearing on the application to determine whether the respondent should continue to be held at the facility.

§125.83A Placement in certain federal facilities.

1. If upon completion of the commitment hearing, the court finds that the contention that the respondent is a chronic substance abuser has been sustained by clear and convincing evidence, and the court is furnished evidence that the respondent is eligible for care and treatment in a facility operated by the veterans administration or another agency of the United States government and that the facility is willing to receive the respondent, the court may so order. The respondent, when so placed in a facility operated by the veterans administration or another agency of the United States government within or outside of this state, shall be subject to the rules of the veterans administration or other agency, but shall not lose any procedural rights afforded the respondent by this chapter. The chief officer of the facility shall have, with respect to the respondent so placed, the same powers and duties as the chief medical officer of a hospital in this state would have in regard to submission of reports to the court, retention of custody, transfer, convalescent leave, or discharge. Jurisdiction is retained in the court to maintain surveillance of the respondent’s treatment and care, and at any time to inquire into the respondent’s condition and the need for continued care and custody.

2. Upon receipt of a certificate stating that a respondent placed under this chapter is eligible for care and treatment in a facility operated by the veterans administration or another agency of the United States government which is willing to receive the respondent without charge to the state of Iowa or any county in the state, the chief medical officer may transfer the respondent to that facility. Upon so doing, the chief medical officer shall notify the court which ordered the respondent’s placement in the same manner as would be required in the case of a transfer under section 125.86, subsection 2, and the respondent transferred shall be entitled to the same rights as the respondent would have under that subsection. No respondent shall be transferred under this section who is confined pursuant to conviction of a public offense or whose placement was ordered upon contention of incompetence to stand trial by reason of mental illness, without prior approval of the court which ordered that respondent’s placement.

3. A judgment or order of commitment by a court of competent jurisdiction of another state or the District of Columbia, under which any person is hospitalized or placed in a facility operated by the veterans administration or another agency of the United States government, shall have the same force and effect with respect to that person while the person is in this state as the judgment or order would have if the person were in the jurisdiction of the court which issued it. That court shall be deemed to have retained jurisdiction of the person so placed for the purpose of inquiring into that person’s condition and the need for continued care and custody, as do courts in this state under this section. Consent is given to the application of the law of the state or district in which the court is situated which issued the judgment or order as regards authority of the chief officer of any facility, operated in this state by the veterans administration or another agency of the United States government, to retain custody, transfer, place on convalescent leave, or discharge the person so committed.

125.84 Evaluation report.

The facility administrator’s report to the court of the chief medical officer’s substance abuse evaluation of the respondent shall be made no later than the expiration of the time specified in section 125.83. At least two copies of the report shall be filed with the clerk, who shall distribute the copies in the manner described by section 125.80, subsection 2. The report shall state one of the four following alternative findings:

1. That the respondent does not, as of the date of the report, require further treatment for substance abuse. If the report so states, the court shall order the respondent’s immediate release from involuntary commitment and terminate the proceedings.

2. That the respondent is a chronic substance abuser who is in need of full-time custody, care, and treatment in a facility, and is considered likely to benefit from treatment. No more than thirty days after entry of a court order for commitment to a facility under section 125.84, subsection 2, and thereafter at successive intervals not to exceed ninety days for as long as involuntary commitment of the respondent continues, the administrator of the facility shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer the respondent’s condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will be required to remain at the facility.
2. No more than sixty days after entry of a court order for treatment of a respondent under section 125.84, subsection 3, and thereafter at successive intervals not to exceed ninety days for as long as involuntary treatment continues, the administrator of the facility or the psychiatrist or psychiatric advanced registered nurse practitioner treating the patient shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer or the psychiatrist or psychiatric advanced registered nurse practitioner the respondent’s condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will require treatment by the facility. If the respondent fails or refuses to submit to treatment as ordered

3. Upon the filing of an application for recommitment under subsection 1 or 2, the court shall schedule a recommitment hearing for no later than ten days after the date the application is filed. A copy of the application, the notice of hearing, and any reports shall be served or provided in the manner and to the persons as required by sections 125.77 to 125.80, 125.83 and 125.84.
4. Following a respondent’s discharge from a facility or from treatment, the administrator of the facility shall immediately report that fact to the court which ordered the respondent’s commitment or treatment. If the administrator of the facility reports to the court that the respondent requires full-time custody, care, and treatment in a facility, and the respondent is willing to be admitted voluntarily to the facility for these purposes, the court may enter an order approving the placement upon consultation with the administrator of the facility in which the respondent is to be placed. If the respondent is unwilling to be admitted voluntarily to the facility, the procedure for determining involuntary commitment, as provided in section 125.84, subsection 3, shall be followed.

2008 Acts, ch 1082, §2, 3

125.88 Status if commitment delayed.
If a court directs a respondent who was previously ordered taken into immediate custody under section 125.81 to be placed at a facility for evaluation and appropriate treatment under section 125.83, and no suitable facility can immediately admit the respondent, the respondent shall remain in custody as previously ordered by the court, notwithstanding the time limits stated in section 125.81, until a suitable facility can admit the respondent. The court shall take appropriate steps to expedite the admission of the respondent to a suitable facility at the earliest feasible time.

[c79, 81, §229.51(3); 82 Acts, ch 1212, §18]

125.89 Respondents charged with or convicted of crime.
1. If a court orders a respondent placed at a facility for evaluation and treatment under section 125.83 at a time when the respondent has been convicted of a public offense, or when there is pending against the respondent an unresolved formal charge of a public offense, and the respondent's liberty has therefore been restricted in any manner, the findings of fact required by section 125.83 shall clearly so inform the administrator of the facility where the respondent is placed.

[c79, 81, §229.51(3); 82 Acts, ch 1212, §18]

125.91 Emergency detention.
1. The procedure prescribed by this section shall only be used for an intoxicated person who has threatened, attempted, or inflicted physical self-harm or harm on another, and is likely to inflict physical self-harm or harm on another unless immediately detained, or who is incapacitated by a chemical substance, if that person cannot be taken into immediate custody under sections 125.75 and 125.81 because immediate access to the court is not possible.

2. a. A peace officer who has reasonable grounds to believe that the circumstances described in subsection 1 are applicable, may, without a warrant, take or cause that person to be taken to the nearest available facility referred to in section 125.81, subsection 2 or 3. Such an intoxicated or incapacitated person may also be delivered to a facility by someone other than a peace officer upon a showing of reasonable grounds. Upon delivery of the person to a facility under this section, the examining physician may order treatment of the person, but only to the extent necessary to preserve the person's life or to appropriately control the person's behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue. The peace officer or other person who delivered the person to the facility shall describe the circumstances of the matter to the examining physician. If the person is a peace officer, the peace officer may do so either in person or by written report. If the examining phy-
physician has reasonable grounds to believe that the circumstances in subsection 1 are applicable, the examining physician shall at once communicate with the nearest available magistrate as defined in section 801.4, subsection 10. The magistrate shall, based upon the circumstances described by the examining physician, give the examining physician oral instructions either directing that the person be released forthwith, or authorizing the person's detention in an appropriate facility. The magistrate may also give oral instructions and order that the detained person be transported to an appropriate facility.

b. If the magistrate orders that the person be detained, the magistrate shall, by the close of business on the next working day, file a written order with the clerk in the county where it is anticipated that an application may be filed under section 125.75. The order may be filed by facsimile if necessary. The order shall state the circumstances under which the person was taken into custody or otherwise brought to a facility and the grounds supporting the finding of probable cause to believe that the person is a chronic substance abuser likely to result in physical injury to the person or others if not detained. The order shall confirm the oral order authorizing the person's detention including any order given to transport the person to an appropriate facility. The clerk shall provide a copy of that order to the chief medical officer of the facility to which the person was originally taken, any subsequent facility to which the person was transported, and to any law enforcement department or ambulance service that transported the person pursuant to the magistrate's order.

3. The chief medical officer of the facility shall examine and may detain the person pursuant to the magistrate's order for a period not to exceed forty-eight hours from the time the order is dated, excluding Saturdays, Sundays, and holidays, unless the order is dismissed by a magistrate. The facility may provide treatment which is necessary to preserve the person's life or to appropriately control the person's behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue or is otherwise deemed medically necessary by the chief medical officer, but shall not otherwise provide treatment to the person without the person's consent. The person shall be discharged from the facility and released from detention no later than the expiration of the forty-eight-hour period, unless an application for involuntary commitment is filed with the clerk pursuant to section 125.75. The detention of a person by the procedure in this section, and not in excess of the period of time prescribed by this section, shall not render the peace officer, physician, or facility detaining the person liable in a criminal or civil action for false arrest or false imprisonment if the peace officer, physician, or facility had reasonable grounds to believe that the circumstances described in subsection 1 were applicable.

4. The cost of detention in a facility under the procedure prescribed in this section shall be paid in the same way as if the person had been committed to the facility pursuant to an application filed under section 125.75.

125.92 Rights and privileges of committed persons.
A person who is detained, taken into immediate custody, or committed under this division has the right to:

1. Prompt evaluation, emergency services, and care and treatment as indicated by sound clinical practice.

2. Render informed consent, except for treatment provided pursuant to sections 125.81 and 125.91. If the person is incompetent treatment may be consented to by the person's next of kin or guardian notwithstanding the person's refusal. If the person refuses treatment which in the opinion of the chief medical officer is necessary or if the person is incompetent and the next of kin or guardian refuses to consent to the treatment or no next of kin or guardian is available the facility may petition a court of appropriate jurisdiction for approval to treat the person.

3. The protection of the person's constitutional rights.

4. Enjoy all legal, medical, religious, social, political, personal, and working rights and privileges, which the person would enjoy if not detained, taken into immediate custody, or committed, consistent with the effective treatment of the person and of the other persons in the facility. If the person's rights are restricted, the physician's direction to that effect shall be noted in the person's record. The person or the person's next of kin or guardian shall be advised of the person's rights and be provided a written copy upon the person's admission to or arrival at the facility.

The rules shall be drawn for the purpose of simplifying and expediting the proceedings, so far as is consistent with the rights of the parties involved. The rules shall not abridge, enlarge, or modify the substantive rights of a party to a commitment proceeding under this chapter.

126.9 Drugs and devices — adulteration.
A drug or device is adulterated under any of the following circumstances:
1. a. If it consists in whole or in part of any filthy, putrid, or decomposed substance.|1446
   b. If it has been produced, prepared, packed, or held under insanitary conditions whereby it may have been contaminated with filth, or whereby it may have been rendered injurious to health.
   c. If it is a drug and the methods used in, or the facilities or controls used for its manufacture, processing, packing, or holding do not conform to or are not operated or administered in conformity with current good manufacturing practice to assure that the drug meets the requirements of this chapter as to safety and has the identity and strength, and meets the quality and purity characteristics, which it purports or is represented to possess.
   d. If its container is composed, in whole or part, of any poisonous or deleterious substance which may render the contents injurious to health.
2. If it purports to be or is represented as a drug, the name of which is recognized in an official compendium, and its strength differs from, or its quality or purity falls below, the standards set forth in the official compendium. A determination as to strength, quality, or purity shall be made in accordance with the tests or methods of assay set forth in the official compendium, or in the absence of or inadequacy of such tests or methods of assay, those prescribed under authority of the federal Act. A drug defined in an official compendium is not adulterated under this subsection because it differs from the standard of strength, quality, or purity set forth in the official compendium, if its difference in strength, quality, or purity from such standards is plainly stated on its label. If a drug is recognized in both the United States Pharmacopeia National Formulary and the Homeopathic Pharmacopoeia of the United States it is subject to the United States Pharmacopoeia National Formulary unless it is labeled and offered for sale as a homeopathic drug, in which case it is subject to the Homeopathic Pharmacopoeia of the United States and not to the United States Pharmacopoeia National Formulary.
3. If it is not subject to subsection 2 and its strength differs from, or its purity or quality falls below, that which it purports or is represented to possess.
4. If it is a drug and any substance has been mixed or packed with it so as to reduce its quality or strength, or any substance has been substituted for it wholly or in part.
5. If it is, or purports to be or is represented as, a device which is subject to a performance standard established under section 514 of the federal Act, unless the device is in all respects in conformity with such standard.
6. If it is a device banned by the board or by the United States Food and Drug Administration.
7. If it is a device and the methods used in, or the facilities or controls used for its manufacture, packing, storage, or installation are not in conformity with applicable requirements under section 520(f)(1) of the federal Act or an applicable condi-
8. If it is a device for which an exemption has been granted under section 520(g) of the federal Act for investigational use and the person who was granted the exemption or any investigator who uses the device under the exemption fails to comply with a requirement prescribed by or under that section.

§126.10 DRUGS, DEVICES, AND COSMETICS, §126.10

126.10 Drugs and devices — misbranding — labeling

A drug or device is misbranded under any of the following circumstances:

1. If its labeling is false or misleading in any particular.
2. If in a package form unless it bears a label containing both of the following:
   a. The name and place of business of the manufacturer, packer, or distributor.
   b. An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count.

However, under paragraph “a” reasonable variations shall be permitted, and exemptions as to small packages shall be allowed, in accordance with rules adopted by the board.

3. If any word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices, in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

4. If it is for use by humans and contains any quantity of the narcotic or hypnotic substance alpha-eucaine, barbital, butalbarbital, bromal, cannabis, carbromal, chloral, coca, cocaine, codeine, heroin, marijuana, morphine, opium, paraldehyde, peyote, or sulphonmethane; or any chemical derivative of such a substance, which derivative, after investigation, has been designated as habit forming, by rules adopted by the board under this chapter or by regulations adopted by the secretary pursuant to section 508 of the federal Act, unless its label bears the name and quantity or proportion of such substance or derivative and in juxtaposition therewith the statement “Warning — May Be Habit Forming.”

5. a. If it is a drug, unless both of the following apply:
   (1) Its label bears, to the exclusion of any other nonproprietary name except the applicable systematic chemical name or the chemical formula:
      (a) “The established name of the drug, as specified in paragraph “c”, if such exists; and
      (b) If the drug is fabricated from two or more ingredients, the established name and quantity of each active ingredient, including the quantity, kind, and proportion of any alcohol, and also including, whether active or not, the established name and quantity or proportion of any bromides, ether, chloroform, acetanilide, acetophenetidin, amidopyrine, antipyrine, atropine, hyoscine, hyoscynamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances, contained therein. However, the requirement for stating the quantity of the active ingredients, other than the quantity of those specifically named in this subparagraph subdivision, applies only to prescription drugs.
   (2) For a prescription drug, the established name of the prescription drug or of an ingredient is printed, on the label and on any labeling on which a name for the prescription drug or an ingredient is used, prominently and in type at least half as large as that used thereon for any proprietary name or designation for the prescription drug or ingredient. However, to the extent that compliance with subparagraph (1), subparagraph subdivision (b) or this subparagraph is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.
   b. If it is a device and it has an established name, unless its label bears, to the exclusion of any other nonproprietary name, its established name, as defined in paragraph “d”, prominently printed in type at least half as large as that used thereon for any proprietary name or designation for the device, except that to the extent compliance with this paragraph is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.
   c. As used in paragraph “a”, the term “established name”, with respect to a drug or ingredient thereof, means one of the following:
      (1) The applicable official name designated pursuant to section 508 of the federal Act.
      (2) If no such official name exists and the drug or ingredient is an article recognized in an official compendium, then its official title in the compendium.
   (3) If neither subparagraph (1) nor (2) applies, then the common or usual name, if any, of the drug or ingredient. However, if subparagraph (2) applies to an article recognized in the United States Pharmacopoeia National Formulary and in the Homeopathic Pharmacopoeia of the United States under different official titles, the official title used in the United States Pharmacopoeia National Formulary applies unless it is labeled and offered for sale as a homeopathic drug, in which case the official title used in the Homeopathic Pharmacopoeia of the United States applies.
   d. As used in paragraph “b”, the term “estab-
lished name” with respect to a device means one of the following:

1. The applicable official name of the device pursuant to section 508 of the federal Act.

2. If no such official name exists and the device is an article recognized in an official compendium, then its official title in the compendium.

3. If neither subparagraph (1) nor (2) applies, then any common or usual name of the device.

6. Unless its labeling bears both of the following:
   a. Adequate directions for use.
   b. Adequate warnings against use in those pathological conditions, or by children, where its use may be dangerous to health, or against unsafe dosage or methods or durations of administration or application, in the manner and form necessary for the protection of users.

However, if a requirement of paragraph “a”, as applied to a drug or device, is not necessary for the protection of the public health, the board or the secretary shall adopt rules or regulations exempting the drug or device from that requirement.

7. If it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed in the official compendium. However, the method of packing may be modified with the consent of the board or the secretary.

8. If it has been found by the board or the secretary to be a drug liable to deterioration, unless it is packaged in the form and manner, and its label bears a statement of the precautions that the board or the secretary by rule or regulation requires as necessary for the protection of public health. Such a rule or regulation shall not be established for a drug recognized in an official compendium until the board or the secretary has informed the appropriate body charged with the revision of the official compendium of the need for such packaging or labeling requirements and that body has failed within a reasonable time to prescribe such requirements.

9. If it is a drug and its container is so made, formed, or filled as to be misleading.

10. If it is dangerous to health when used in the dosage or manner, or with the frequency or duration prescribed, recommended, or suggested in its labeling.

11. If it is, or purports to be, or is represented as a drug composed wholly or partly of insulin, unless both of the following apply:
   a. It is from a batch with respect to which a certificate or release has been issued pursuant to section 506 of the federal Act.
   b. The certificate or release is in effect with respect to the drug.

12. If it is, or purports to be, or is represented as a drug, composed wholly or partly of any kind of penicillin, streptomycin, chlorotetracycline, chloramphenicol, bacitracin, or any other antibiotic drug, or any derivative thereof, unless both of the following apply:
   a. It is from a batch with respect to which a certificate or release has been issued pursuant to section 507 of the federal Act.
   b. The certificate or release is in effect with respect to the drug.

However, this subsection does not apply to any drug or class of drugs exempted by regulations adopted under section 507(c), or 507(d), or if it does not bear the certificate or release is in effect with respect to the drug.

13. If it is a color additive, the intended use of which is for the purpose of coloring only, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to that color additive, as contained in regulations adopted under section 706 of the federal Act.

14. If it is a prescription drug distributed or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued or caused to be issued by the manufacturer, packer, or distributor with respect to the prescription drug a true statement of all of the following:
   a. The established name as defined in subsection 5, printed prominently and in type at least half as large as that used for any trade or brand name thereof.
   b. The formula showing quantitatively each ingredient of the prescription drug to the extent required for labels under subsection 5.
   c. Other information in brief summary relating to side effects, contraindications, and effectiveness as required in regulations adopted pursuant to section 701(e) of the federal Act.

15. If it was manufactured, prepared, propagated, compounded, or processed in an establishment in this state not duly registered under section 510 of the federal Act, if it was not included on a list required by section 510(j) of the federal Act, if a notice or other information respecting it was not provided as required by that section or section 510(k) of the federal Act, or if it does not bear the symbols from the uniform system for identification of devices prescribed under section 510(e) of the federal Act that are required by regulation.

16. If it is a drug and its packaging or labeling
is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. § 1471 et seq.

17. If a trademark, trade name, or other identifying mark, imprint, or device of another trademark, trade name, mark, or imprint or any likeness of the foregoing has been placed thereon or upon its container with intent to defraud.

18. In the case of a restricted device distributed or offered for sale in this state, if either of the following applies:
   a. Its advertising is false or misleading in any particular.
   b. It is sold, distributed, or used in violation of regulations adopted pursuant to section 520(e) of the federal Act.

19. In the case of a restricted device distributed or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued by the manufacturer, packer, or distributor with respect to the device both of the following:
   a. A true statement of the device’s established name as defined in subsection 5, printed prominently and in type at least half as large as that used for any trade or brand name thereof.
   b. A brief statement of the intended uses of the device and relevant warnings, precautions, side effects, and contraindications; and in the case of a specific device made subject to regulations adopted pursuant to the federal Act, a full description of the components of the device or the formula showing quantitatively each ingredient of the device to the extent required in regulations under the federal Act.

20. If it is a device subject to a performance standard established under section 514 of the federal Act, unless it bears labeling as prescribed in that performance standard.

21. If it is a device and there was a failure or refusal to comply with any requirement prescribed under section 518 of the federal Act respecting the device, or to furnish material required by or under section 519 of the federal Act respecting the device.

If an article is alleged to be misbranded because the labeling or advertising is misleading, then in determining whether the labeling or advertising is misleading, there shall be taken into account, among other things, not only representations made or suggested by statement, word, design, device, or any combination thereof, but also the extent to which the labeling or advertising fails to reveal facts material in the light of such representations, or material with respect to consequences which may result from the use of the article to which the labeling or advertising relates, under the conditions of use prescribed in the labeling or advertising or under customary or usual conditions of use.

The representation of a drug, in its labeling, as an antiseptic shall be considered to be a representation that it is a germicide, except in the case of a drug purporting to be, or represented as, an antiseptic for inhibitory use as a wet dressing, ointment, dusting powder, or such other use as involves prolonged contact with the body.

126.11 Exemptions in cases of drugs and devices — dispensing by prescription only.
1. The board shall adopt rules exempting from any labeling or packaging requirement of this chapter drugs and devices which are, in accordance with the practice of the trade, to be processed, labeled, or repackaged in substantial quantities at establishments other than those where originally processed or packaged, on condition that such drugs and devices are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment.

2. Drug and device labeling or packaging exemptions adopted pursuant to the federal Act shall apply to drugs and devices in this state except as modified or rejected by rules adopted by the board.

3. This lettered paragraph applies to a drug intended for use by humans which is any of the following:
   (1) Is a drug dispensed by filling or refilling a written, electronic, facsimile prescription of a practitioner licensed by law to administer the drug.
   (2) Because of its toxicity or other potentiality for harmful effect, or the method of its use, or the collateral measures necessary to its use, is not safe for use except under the supervision of a practitioner licensed by law to administer the drug.
   (3) Is limited by an approved application under section 505 of the federal Act to use under the professional supervision of a practitioner licensed by law to administer the drug.
   Such a drug shall be dispensed only upon a written, electronic, or facsimile prescription of a practitioner licensed by law to administer the drug, or upon an oral prescription of such a practitioner which is reduced promptly to writing and filed by the pharmacist, or by refilling any such written, electronic, facsimile, or oral prescription if the refilling is authorized by the prescriber either in the original written, electronic, or facsimile prescription or by oral order which is reduced promptly to writing and filed by the pharmacist. The act of dispensing a drug contrary to this paragraph while the drug is held for sale results in the drug being misbranded.
   b. A drug dispensed by filling or refilling a written, electronic, facsimile, or oral prescription

126.12 New drugs.
1. A person shall not sell, deliver, offer for sale, hold for sale, or give away a new drug unless both of the following apply:
   a. An application with respect to the new drug has been approved and the approval has not been withdrawn under section 505 of the federal Act.
   b. A copy of the letter of approval or approvalability issued by the United States food and drug administration is on file with the secretary of the board, if the product is manufactured in this state.
2. A person shall not use in humans a new drug limited to investigational use unless the person has filed with the United States food and drug administration a completed and signed “Notice of Claimed Investigational Exemption for a New Drug” form in accordance with 21 C.F.R. § 312.1 and the exemption has not been terminated. The drug shall be plainly labeled in compliance with section 505(i) or 507(d) of the federal Act.
3. This section does not apply to either of the following:
   a. A drug which is not a new drug as defined in the federal Act.
   b. A drug which is licensed under the federal Public Health Service Act of July 1, 1944, 42 U.S.C. § 201 et seq. or under the Animal Virus, Serum, Toxin, Antitoxin Act of March 4, 1913, 21 U.S.C. § 151 et seq.

126.14 Cosmetics — adulteration.
A cosmetic is adulterated if any of the following apply:
1. It bears or contains a poisonous or deleterious substance which may render it injurious to users under the conditions of use prescribed in its labeling or under customary or usual conditions of use. However, this does not apply to coal-tar hair dye if the label of the dye bears the following legend conspicuously displayed: “Caution — This product contains ingredients which may cause skin irritation on certain individuals and a preliminary test according to accompanying directions should first be made. This product must not be used for dyeing the eyelashes or eyebrows; to do so may cause blindness”; and the label bears adequate directions for the preliminary testing. For the purposes of this subsection and subsection 5, “hair dye” does not include eyelash dyes or eyebrow dyes.
2. It consists in whole or in part of any filthy, putrid, or decomposed substance.
3. It has been produced, prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health.
4. Its container is composed, in whole or in part, of a poisonous or deleterious substance which may render the contents injurious to health.

126.15 Cosmetics — misbranding.
A cosmetic is misbranded if any of the following apply:
1. Its labeling is false or misleading in any particular.
2. If in package form unless it bears a label containing both of the following:
a. The name and place of business of the manufacturer, packer, or distributor.

b. An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count, which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label.

3. A word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed there with such conspicuousness, as compared with other words, statements, designs, or devices in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

4. Its container is so made, formed, or filled as to be misleading.

5. It is a color additive, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to that color additive prescribed under section 706 of the federal Act. This subsection does not apply to packages of color additives which, with respect to their use of cosmetics, are marketed and intended for use only in or on hair dyes, as specified in section 126.14, subsection 1.

6. Its packaging or labeling is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. § 1471 et seq.

The board shall adopt rules exempting from any labeling requirement of this chapter, cosmetics which are in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where they are originally processed or packed, on condition that such cosmetics are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment. Cosmetic labeling exemptions adopted under the federal Act apply to cosmetics in this state except as modified or rejected by rules adopted by the board.

126.16 False advertising.

1. The advertising of a drug, device, or cosmetic is false if it is false or misleading in any particular.

2. For the purpose of this chapter, advertising is false if it represents a drug, device, or cosmetic to have any effect in the diagnosis, prevention, or treatment of arthritis, blood disorders, bone or joint diseases, kidney diseases or disorders, cancer, diabetes, gall bladder disease or disorders, heart and vascular disease, high blood pressure, diseases or disorders of the ear, mental disease or mental retardation, degenerative neurological diseases, paralysis, prostate gland disorders, conditions of the scalp affecting hair loss, baldness, endocrine disorders, sexual impotence, tumors, venereal diseases, varicose ulcers, breast enlargement, purifying blood, metabolic disorders, immune system disorders or conditions affecting the immune system, extension of life expectancy, stress and tension, brain stimulation or performance, the body’s natural defense mechanisms, blood flow, and depression. However, advertising not in violation of subsection 1 is not false under this subsection if it is disseminated only to members of the medical, dental, or veterinary professions, or appears only in the scientific periodicals of these professions, or is disseminated only for the purpose of public health education by persons not commercially interested, directly or indirectly, in the sale of such drugs or devices. However, if the board determines that an advance in medical science has made any type of self-medication safe as to any of the diseases named in this subsection, the board shall by rule authorize the advertising of drugs having curative or therapeutic effect for such disease, subject to the conditions and restrictions the board deems necessary in the interests of the public health. However, this subsection does not indicate that self-medication for diseases other than those named in this subsection is safe and efficacious.

126.17 Rules — hearings.

1. The board may adopt rules pursuant to chapter 17A for the efficient enforcement of this chapter. The board may make the rules adopted under this chapter conform, insofar as practicable, with those regulations adopted pursuant to the federal Act.

2. Hearings authorized or required by this chapter shall be conducted by the board or by an officer, agent, or employee designated by the board.

126.18 Inspections.

1. a. For purposes of enforcement of this chapter, the board or any of its authorized agents, upon presenting appropriate credentials to the owner, operator, or agent in charge, may do both of the following:

§126.18, DRUGS, DEVICES, AND COSMETICS

such a factory, warehouse, establishment, or vehicle and all pertinent equipment, finished and unfinished materials, containers, and labeling therein, and obtain samples necessary to the enforcement of this chapter. In the case of a factory, warehouse, establishment, or consulting laboratory in which prescription drugs are manufactured, processed, packed, or held, the inspection shall extend to all things therein, including records, files, papers, processes, controls, and facilities, bearing on whether prescription drugs or restricted devices which are adulterated or misbranded or which may not be manufactured, introduced into commerce, or sold or offered for sale by reason of any provision of this chapter, have been or are being manufactured, processed, packed, transported, or held in violation of or bearing on a violation of this chapter. An inspection authorized for prescription drugs by the preceding sentence shall not extend to financial data, sales data other than shipment data, pricing data, personnel data other than data as to qualifications of technical and professional personnel performing functions subject to this chapter, and research data other than data relating to new drugs, and antibiotic drugs, and devices, and subject to reporting and inspection under regulations lawfully issued pursuant to section 505(j), 505(i), or 507(d), section 519, or section 520(g) of the federal Act, and data, relating to other drugs, or devices which in the case of a new drug would be subject to reporting or inspection under lawful regulations issued pursuant to section 505(j) of the federal Act. The inspection shall be commenced and completed with reasonable promptness.

b. Paragraph "a" does not apply to any of the following:

(1) Pharmacies which maintain establishments in conformance with laws of this state regulating the practice of pharmacy and medicine and which are regularly engaged in dispensing prescription drugs, or devices, upon prescription of practitioners licensed to administer the drugs or devices to patients under the care of the practitioners in the course of their professional practice, and which do not, either through a subsidiary or otherwise, manufacture, prepare, propagate, compound, or process drugs or devices for sale other than in the regular course of their business of dispensing or selling drugs or devices at retail.

(2) Practitioners licensed by law to prescribe or administer drugs or prescribe or use devices, and who manufacture, prepare, propagate, compound, or process drugs, or manufacture or process devices solely for use in the course of their professional practice.

(3) Persons who manufacture, propagate, compound, or process devices, or manufacture or process devices solely for use in the course of their professional practice.

(4) Persons who manufacture, prepare, propagate, compound, or process devices, or manufacture or process devices solely for use in the research, teaching, or chemical analysis and not for sale.

(5) Persons employed sales representatives of pharmaceutical companies acting in the normal and customary performance of their duties.

(6) Other classes of persons the board exempts from the application of this section by rule upon a finding that inspection as applied to such classes of persons in accordance with this section is not necessary for the protection of the public health.

2. Upon completion of an inspection of a factory, warehouse, consulting laboratory, or other establishment and prior to leaving the premises, the authorized agent making the inspection shall give to the owner, operator, or agent in charge a report in writing setting forth any conditions or practices observed by the authorized agent which, in the judgment of the authorized agent, indicate that any drug, device, or cosmetic in the establishment meets either of the following:

a. Consists in whole or in part of a filthy, putrid, or decomposed substance.

b. Has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health.

A copy of the report shall be sent promptly to the board.

3. If the authorized agent making an inspection of a factory, warehouse, or other establishment has obtained a sample in the course of the inspection, upon completion of the inspection and prior to leaving the premises the authorized agent shall give to the owner, operator, or agent in charge a receipt describing the sample obtained.

4. A person required under this chapter or section 519 or 520(g) of the federal Act to maintain records and a person who is in charge or custody of such records shall, upon request of an authorized agent designated by the board, permit the authorized agent at all reasonable times to have access and to copy and verify such records.

5. For the purposes of enforcing this chapter, carriers engaged in commerce, and persons receiving drugs, devices, or cosmetics in commerce or holding such articles so received, shall, upon the request of a duly authorized agent of the board, permit the agent, at reasonable times, to have access to and to copy all records showing the movement in commerce of a drug, device, or cosmetic, or the holding thereof during or after such movement, and the quantity, shipper, and consignee thereof. It is unlawful for any such carrier or person to fail to permit such access to and copying of any such record so requested when the request is accompanied by a statement in writing specifying the nature or kind of drug, device, or cosmetic to which the request relates.

6. Evidence obtained under this section or evidence which is directly or indirectly derived from such evidence obtained under this section, shall not be used in a criminal prosecution of the person from whom the evidence was obtained; and carriers are not subject to the other provisions of this chapter by reason of their receipt, carriage, holding, or delivery of drugs, devices, or cosmetics in
the usual course of business as carriers.

However, a rule adopted under this subsection shall not permit a deferral of more than sixty days beyond the time when a decision is required under section 135.69, unless both the applicant and the department agree to a longer deferment.

135.73 Sanctions.
1. Any party constructing a new institutional health facility or an addition to or renovation of an existing institutional health facility without first obtaining a certificate of need or, in the case of a mobile health service, ascertaining that the mobile health service has received certificate of need approval, as required by this division, shall be deemed licensure or change of licensure by the appropriate responsible licensing agency of this state.
2. A party violating this division shall be subject to penalties in accordance with this section. The department shall adopt rules setting forth the violations by classification, the criteria for the classification of any violation not listed, and procedures for implementing this subsection.
   a. A class I violation is one in which a party offers a new institutional health service or changed institutional health service modernization or acquisition without review and approval by the council. A party in violation is subject to a penalty of three hundred dollars for each day of a class I violation. The department may seek injunctive relief which shall include restraining the commission or continuance of an act which would violate the provisions of this paragraph. Notice and opportunity to be heard shall be provided to a party pursuant to rule of civil procedure 1.1507 and contested case procedures in accordance with chapter 17A. The department may reduce, alter, or waive a penalty upon the party showing good faith compliance with the department’s request to immediately cease and desist from conduct in violation of this section.
   b. A class II violation is one in which a party violates the terms or provisions of an approved application. The department may seek injunctive relief which shall include restraining the commission or continuance of or abating or eliminating an act which would violate the provisions of this subsection. Notice and opportunity to be heard shall be provided to a party pursuant to rule of civil procedure 1.1507 and contested case procedures in accordance with chapter 17A. The department may reduce, alter, or waive a penalty upon the party showing good faith compliance with the department’s request to immediately cease and desist from conduct in violation of this section. A class II violation shall be abated or eliminated within a stated period of time determined by the department and specified by the department in writing. The period of time may be modified by the department for good cause shown. A party in violation may be subject to a penalty of five hundred dollars for each day of a class II violation.
3. Notwithstanding any other sanction imposed pursuant to this section, a party offering or developing any new institutional health service or
changed institutional health service without first obtaining a certificate of need as required by this division may be temporarily or permanently restrained from doing so by any court of competent jurisdiction in any action brought by the state, any of its political subdivisions, or any other interested person.

3. The department, after study and in consultation with any advisory committees which may be established pursuant to law, shall promulgate by rule pursuant to chapter 17A uniform methods of financial reporting, including such allocation methods as may be prescribed, by which hospitals and health care facilities shall respectively record their revenues, expenses, other income, other outlays, assets and liabilities, and units of service, according to functional activity center. These uniform methods of financial reporting shall not preclude a hospital or health care facility from using any accounting methods for its own purposes provided these accounting methods can be reconciled to the uniform methods of financial reporting prescribed by the department and can be audited for validity and completeness. Each hospital and each health care facility shall adopt the appropriate system for its fiscal year, effective upon such date as the department shall direct. In determining the effective date for reporting requirements, the department shall consider both the immediate need for uniform reporting of information to effectuate the purposes of this division and the administrative and economic difficulties which hospitals and health care facilities may encounter in complying with the uniform financial reporting requirement, but the effective date shall not be later than January 1, 1980.

2. In establishing uniform methods of financial reporting, the department shall consider:
   a. The existing systems of accounting and reporting currently utilized by hospitals and health care facilities;
   b. Differences among hospitals and health care facilities, respectively, according to size, financial structure, methods of payment for services, and scope, type and method of providing services; and
   c. Other pertinent distinguishing factors.

3. The department shall, where appropriate, provide for modification, consistent with the purposes of this division, of reporting requirements to correctly reflect the differences among hospitals and among health care facilities referred to in subsection 2, and to avoid otherwise unduly burden-some costs in meeting the requirements of uniform methods of financial reporting.

4. The uniform financial reporting methods, where appropriate, shall be structured so as to establish and differentiate costs incurred for patient-related services rendered by hospitals and health care facilities, as distinguished from those incurred in the course of educational, research, and other nonpatient-related activities including but not limited to charitable activities of these hospitals and health care facilities.

135.74 Uniform financial reporting.
1. The department, after study and in consultation with any advisory committees which may be established pursuant to law, shall promulgate by rule pursuant to chapter 17A uniform methods of financial reporting, including such allocation methods as may be prescribed, by which hospitals and health care facilities shall respectively record their revenues, expenses, other income, other outlays, assets and liabilities, and units of service, according to functional activity center. These uniform methods of financial reporting shall not preclude a hospital or health care facility from using any accounting methods for its own purposes provided these accounting methods can be reconciled to the uniform methods of financial reporting prescribed by the department and can be audited for validity and completeness. Each hospital and each health care facility shall adopt the appropriate system for its fiscal year, effective upon such date as the department shall direct. In determining the effective date for reporting requirements, the department shall consider both the immediate need for uniform reporting of information to effectuate the purposes of this division and the administrative and economic difficulties which hospitals and health care facilities may encounter in complying with the uniform financial reporting requirement, but the effective date shall not be later than January 1, 1980.

2. In establishing uniform methods of financial reporting, the department shall consider:
   a. The existing systems of accounting and reporting currently utilized by hospitals and health care facilities;
   b. Differences among hospitals and health care facilities, respectively, according to size, financial structure, methods of payment for services, and scope, type and method of providing services; and
   c. Other pertinent distinguishing factors.

135.158 Medical home purposes — characteristics.
1. The purposes of a medical home are the following:
   a. To reduce disparities in health care access, delivery, and health care outcomes.
   b. To improve quality of health care and lower health care costs, thereby creating savings to allow more Iowans to have health care coverage and to provide for the sustainability of the health care system.
   c. To provide a tangible method to document if each Iowan has access to health care.

2. A medical home has all of the following characteristics:
   a. A personal provider. Each patient has an ongoing relationship with a personal provider trained to provide first contact and continuous and comprehensive care.
   b. A provider-directed medical practice. The personal provider leads a team of individuals at the practice level who collectively take responsibility for the ongoing health care of patients.
   c. Whole person orientation. The personal provider is responsible for providing for all of a patient’s health care needs or taking responsibility for appropriately arranging health care by other qualified health care professionals. This responsibility includes health care at all stages of life including provision of acute care, chronic care, preventive services, and end-of-life care.
   d. Coordination and integration of care. Care is coordinated and integrated across all elements of the complex health care system and the patient’s community. Care is facilitated by registries, information technology, health information exchanges, and other means to assure that patients receive the indicated care when and where they need and want the care in a culturally and linguistically appropriate manner.
   e. Quality and safety. The following are quality and safety components of the medical home:
      1. Provider-directed medical practices advocate for their patients to support the attainment of optimal, patient-centered outcomes that are defined by a care planning process driven by a compassionate, robust partnership between providers, the patient, and the patient’s family.
      2. Evidence-based medicine and clinical decision-support tools guide decision making.
      3. Providers in the medical practice accept accountability for continuous quality improvement through voluntary engagement in performance measurement and improvement.
      4. Patients actively participate in decision making and feedback is sought to ensure that the patients’ expectations are being met.
      5. Information technology is utilized appropriately to support optimal patient care, performance measurement, patient education, and enhanced communication.
      6. Practices participate in a voluntary recognition process conducted by an appropriate non-governmental entity to demonstrate that the practice has the capabilities to provide patient-centered services consistent with the medical home model.
      7. Patients and families participate in quality improvement activities at the practice level.
   f. Enhanced access to health care. Enhanced access to health care is available through systems such as open scheduling, expanded hours, and new options for communication between the patient, the patient’s personal provider, and practice staff.
   g. Payment. The payment system appropriately recognizes the added value provided to patients who have a patient-centered medical home. The payment structure framework of the medical home provides all of the following:
      1. Reflects the value of provider and nonprovider staff and patient-centered care management work that is in addition to the face-to-face visit.
      2. Pays for services associated with coordination of health care both within a given practice and between consultants, ancillary providers, and community resources.
      3. Supports adoption and use of health information technology for quality improvement.
      4. Supports provision of enhanced communication access such as secure electronic mail and telephone consultation.
      5. Recognizes the value of provider work associated with remote monitoring of clinical data using technology.
      6. Allows for separate fee-for-service payments for face-to-face visits. Payments for health care management services that are in addition to the face-to-face visit do not result in a reduction in the payments for face-to-face visits.
      7. Recognizes case mix differences in the patient population being treated within the practice.
      8. Allows providers to share in savings from
reduced hospitalizations associated with provider-guided health care management in the office setting.

135B.6 Denial, suspension, or revocation of license — hearings and review.

The department may deny, suspend, or revoke a license in any case where it finds that there has been a substantial failure to comply with this chapter or the rules or minimum standards adopted pursuant to this chapter. A denial, suspension, or revocation shall become effective thirty days after the mailing or service of the notice, unless the applicant or licensee, within the thirty-day period gives written notice to the department requesting a hearing, in which case the notice is suspended. If a hearing has been requested, the applicant or licensee shall be given an opportunity for a prompt and fair hearing before the department. At any time at or prior to hearing, the department may rescind the notice of denial, suspension, or revocation upon being satisfied that the reasons for the denial, suspension, or revocation have been or will be removed. 135B.7 Rules and enforcement.

The department, with the advice and approval of the hospital licensing board and approval of the state board of health, shall adopt rules setting out the standards for the different types of hospitals to be licensed under this chapter. The department shall enforce the rules. Rules or standards shall not be adopted or enforced which would have the effect of denying a license to a hospital or other institution required to be licensed, solely by reason of the school or system of practice employed or permitted to be employed by physicians in the hospital, if the school or system of practice is recognized by the laws of this state.

The rules shall state that a hospital shall not deny clinical privileges to physicians and surgeons, podiatric physicians, osteopathic physicians and surgeons, dentists, certified health service providers in psychology, physician assistants, or advanced registered nurse practitioners licensed under chapter 148, 148C, 149, 152, or 153, or section 154B.7, solely by reason of the license held by the practitioner or solely by reason of the school or institution in which the practitioner received medical schooling or postgraduate training if the medical schooling or postgraduate training was accredited by an organization recognized by the council on postsecondary accreditation or an accrediting group recognized by the United States department of education. A hospital may establish procedures for interaction between a patient and a practitioner. The rules shall not prohibit a hospital from limiting, restricting, or revoking clinical privileges of a practitioner for violation of hospital rules, regulations, or procedures established under this paragraph, when applied in good faith and in a nondiscriminatory manner. This paragraph shall not require a hospital to expand the hospital’s current scope of service delivery solely to offer the services of a class of providers not currently providing services at the hospital. This section shall not be construed to require a hospital to establish rules which are inconsistent with the scope of practice established for licensure of practitioners to whom this paragraph applies. This section shall not be construed to authorize the denial of clinical privileges to a practitioner or class of practitioners solely because a hospital has as employees of the hospital identically licensed practitioners providing the same or similar services.
The rules shall require that a hospital establish and implement written criteria for the granting of clinical privileges. The written criteria shall include but are not limited to consideration of the ability of an applicant for privileges to provide patient care services independently and appropriately in the hospital; the license held by the applicant to practice; training, experience, and competence of the applicant; and the relationship between the applicant’s request for the granting of privileges and the hospital’s current scope of patient care services, as well as the hospital’s determination of the necessity to grant privileges to a practitioner authorized to provide comprehensive, appropriate, and cost-effective services.

The department shall adopt rules requiring hospitals to establish and implement protocols for responding to the needs of patients who are victims of domestic abuse, as defined in section 236.2.

135B.7A Procedures — orders.
The department shall adopt rules that require hospitals to establish and implement protocols for authentication of all verbal orders by a practitioner within a period not to exceed thirty days following a patient’s discharge.

Such authority shall include the examination of all records pertaining to the care provided to the residents and contact or interview with any resident, employee, or any other person who might have knowledge about the operation of the institution.

§135B.21 Functions of hospital.
The ownership and maintenance of the laboratory and x-ray facilities and the operation of same under this division are proper functions of a hospital.

C58, 62, 66, 71, 73, 75, 77, 79, 81, §135B.21

§135B.22 Character of services.
Pathology and radiology services performed in
hospitals are the product of the joint contribution of hospitals, doctors and technicians but these services constitute medical services which must be performed by or under the direction and supervision of a doctor, and no hospital shall have the right, directly or indirectly, to direct, control or interfere with the professional medical acts and duties of the doctor in charge of the pathology or radiology facilities or of the technicians under the doctor's supervision. Nothing herein contained shall affect the rights of third parties as a result of negligence in the operation or maintenance of the aforesaid pathology and radiology facilities.

§135B.23 Agreement with doctor.
Each hospital shall arrange for such services and for the direction and supervision of its pathology or radiology department by entering into either an oral or written agreement with a doctor who is a member of or acceptable to the hospital medical staff. Such doctor may or may not be a specialist. The department may be supervised and directed by a qualified member of the staff and specific services may be referred to a specialist, or the specialist may also direct and supervise the department as may be desired. Any contract so entered into shall be in accordance with the provisions of this division.

§135B.24 Employees.
Unless the department is leased or unless the hospital and doctor mutually agree otherwise, technicians and other personnel, not including doctors, shall be employees of the hospital, subject to the rules of the hospital applicable to employees generally, but under the direction and supervision of the doctor in charge of the department as set forth elsewhere in this division.

§135B.25 Hiring and dismissal of technicians.
The doctor and hospital shall mutually agree upon the employment of any technicians necessary for the proper operation of said department and no technicians shall be dismissed from said employment without the mutual consent of the parties, provided, however, that in the event the hospital and doctor are unable mutually to agree upon the hiring or discharge or disciplining of any employee of said department, the matter shall be promptly submitted to the joint conference committee for final determination.

§135B.26 Compensation.
The contract between the hospital and doctor in charge of the laboratory or x-ray facilities may contain any provision for compensation of each upon which they mutually agree. The contract may create the relationship of employer and employee between the hospital and the radiologist or pathologist. A percentage arrangement or a relationship of employer and employee between the hospital and the radiologist or pathologist is not unprofessional conduct on the part of the doctor or in violation of the statutes of this state upon the part of the hospital.

§135B.27 Admission agreement.
The hospital admission agreement signed by the patient or the patient's legal representative shall contain the following statement:

"Pathology and radiology services are medical services performed or supervised by doctors, and the personnel and facilities are or may be furnished by the hospital for said services. Charges for such services are or may be collected, however, by the hospital on behalf of said doctors pursuant to an agreement between said doctors and the hospital, and from said charges I consent that an agreed sum will be retained by the hospital in accordance with an existing agreement between the doctor and the hospital."

§135B.28 Hospital bill.
The hospital bill shall properly include the charges for pathology and radiology services as long as the name of the doctor is stated and it fairly appears that the charge is for medical services. The said hospital bill shall also contain a statement substantially in the following form:

"The pathology and radiology charges are for medical services rendered by or under the direction of the doctor listed above and are collected by the hospital on behalf of the doctor, from which charges an agreed sum will be retained by the hospital in accordance with an existing agreement to which retention you consented at the time of your admission to the hospital."

Upon the effective date of regulations which may be adopted by the United States department of health and human services prohibiting combined billing by hospitals and hospital-based physicians under Title XVIII of the federal Social Security Act, the charges for all pathology and radiology services in a hospital, may upon the mutual agreement of the hospital, physician and third-party payer, be billed separately, the hospital component of the charges being included in the hospital bill and the doctor component being billed by the doctor.
§135B.29  Fees.
All fees to be charged by the doctors for pathology and radiology services shall be mutually agreed upon by the hospital and the doctor. In the event dispute shall arise between the parties the matter shall be submitted to the joint conference committee for final determination.
[C58, 62, 66, 71, 73, 75, 77, 79, 81, §135B.29]

§135B.30  Radiology and pathology fees.
Fees for radiology and pathology services must be paid for as medical and not hospital services. In all cases where payment is to be made by a corporation organized pursuant to chapter 514, payment for radiology and pathology services shall be made by a medical service corporation and not by a hospital service corporation.
[C58, 62, 66, 71, 73, 75, 77, 79, 81, §135B.30]

§135B.31  Exceptions.
This division is not intended and shall not affect in any way the obligation of public hospitals under chapter 347 or municipal hospitals to provide medical care or treatment to patients of certain entitlement, nor the operation by the state of mental or other hospitals authorized by law. This division shall not in any way affect or limit the practice of dentistry or the practice of oral surgery by a dentist.
[C58, 62, 66, 71, 73, 75, 77, 79, 81, §135B.31]

§135B.32  Construction.
Nothing herein shall deprive any hospital of its tax exempt or nonprofit status.

TECHNICAL PLANNING ASSISTANCE

§135B.33  Technical assistance — plan — grants.
Subject to availability of funds, the Iowa department of public health shall provide technical planning assistance to local boards of health and hospital governing boards to ensure access to hospital services in rural areas. The department shall encourage the local boards of health and hospital governing boards to adopt a long-term community health services and developmental plan including the following:
1. An analysis of demographic trends in the health facility services area, affecting health facility and health-facility-related health care utilizations.
2. A review of inpatient services currently provided, by type of service and the frequency of provision of that service, and the cost-effectiveness of the service.
3. An analysis of resources available in proximate health facilities and services that might be provided through alternative arrangements with such health facilities.
4. An analysis of cooperative arrangements that could be developed with other health facilities in the area that could assist those health facilities in the provision of services.
5. An analysis of community health needs, including long-term care, nursing facility care, pediatric and maternity services, and the health facilities’ potential role in facilitating the provision of services to meet these needs.
6. An analysis of alternative uses for existing health facility space and real property, including use for community health-related and human service-related purposes.
7. An analysis of the existing tax levying of the health facilities for patient care, on a per capita basis and per hospital patient basis, and projections on future needs for tax levying to continue for the provision of care.
Providers may cooperatively coordinate to develop one long-term community health services and developmental plan for a geographic area, provided the plan addresses the issues enumerated in this section.
The health facilities may seek technical assistance or apply for matching grant funds for the plan development. The department shall require compliance with subsections 1 through 8 when the facility applies for matching grant funds.

EMPLOYEE RECORD CHECKS

§135B.34  Hospital employees — criminal history and abuse record checks — penalty.
1. Prior to employment of a person in a hospital, the hospital shall request that the department of public safety perform a criminal history check and the department of human services perform child and dependent adult abuse record checks of the person in this state. A hospital shall inform all persons prior to employment regarding the performance of the record checks and shall obtain, from the persons, a signed acknowledgment of the receipt of the information. A hospital shall include the following inquiry in an application for employment:

“Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?”

2. a. If it is determined that a person being considered for employment in a hospital has committed a crime, the department of public safety shall notify the hospital that upon the request of
the hospital the department of human services will perform an evaluation to determine whether the crime warrants prohibition of the person’s employment in the hospital.

b. If a department of human services child or dependent adult abuse record check shows that the person has a record of founded child or dependent adult abuse, the department of human services shall notify the hospital that upon the request of the hospital the department of human services will perform an evaluation to determine whether the founded child or dependent adult abuse warrants prohibition of the person’s employment in the hospital.

c. An evaluation performed under this subsection shall be performed in accordance with procedures adopted for this purpose by the department of human services.

d. (1) If a person owns or operates more than one hospital, and an employee of one of such hospitals is transferred to another such hospital without a lapse in employment, the hospital is not required to request additional criminal and child and dependent adult abuse record checks of that employee.

(2) If the ownership of a hospital is transferred, at the time of transfer the record checks required by this section shall be performed for each employee for whom there is no documentation that such record checks have been performed. The hospital may continue to employ such employee pending the performance of the record checks and any related evaluation.

3. In an evaluation, the department of human services shall consider the nature and seriousness of the crime or founded child or dependent adult abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child or dependent adult abuse, the circumstances under which the crime or founded child or dependent adult abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child or dependent adult abuse again, and the number of crimes or founded child or dependent adult abuses committed by the person involved. If the department of human services performs an evaluation for the purposes of this section, the department of human services has final authority in determining whether prohibition of the person’s employment is warranted.

4. a. Except as provided in paragraph “b” and subsection 2, a person who has committed a crime or has a record of founded child or dependent adult abuse shall not be employed in a hospital licensed under this chapter unless an evaluation has been performed by the department of human services.

b. A person with a criminal or abuse record who is employed by a hospital licensed under this chapter and is hired by another licensee without a lapse in employment shall be subject to the criminal history and abuse record checks required pursuant to subsection 1. If an evaluation was previously performed by the department of human services concerning the person’s criminal or abuse record and it was determined that the record did not warrant prohibition of the person’s employment and the latest record checks do not indicate a crime was committed or founded abuse record was entered subsequent to that evaluation, the person may commence employment with the other licensee while the department of human services’ evaluation of the latest record checks is pending. Otherwise, the requirements of paragraph “a” remain applicable to the person’s employment.

5. a. If a person employed by a hospital that is subject to this section is convicted of a crime or has a record of founded child or dependent adult abuse entered in the abuse registry after the person’s employment application date, the person shall inform the hospital of such information within forty-eight hours of the criminal conviction or entry of the record of founded child or dependent adult abuse. The hospital shall act to verify the information within forty-eight hours of notification. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied by the hospital to determine whether or not the person’s employment is continued. The hospital may continue to employ the person pending the performance of an evaluation by the department of human services to determine whether prohibition of the person’s employment is warranted. A person who is required by this subsection to inform the person’s employer of a conviction or entry of an abuse record and fails to do so within the required period commits a serious misdemeanor.

b. If a hospital receives credible information, as determined by the hospital, that a person employed by the hospital has been convicted of a crime or a record of founded child or dependent adult abuse has been entered in the abuse registry after employment from a person other than the employee and the employee has not informed the hospital of such information within the period required under paragraph “a”, the hospital shall act to verify the credible information within forty-eight hours of receipt of the credible information. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied by the hospital to determine whether or not the person’s employment is continued.

c. The hospital may notify the county attorney for the county where the hospital is located of any violation or failure by an employee to notify the hospital of a criminal conviction or entry of an abuse record within the period required under paragraph “a”.

523 LICENSURE AND REGULATION OF HOSPITALS, §135B.34
6. A hospital licensed in this state may access the single contact repository established by the department pursuant to section 135C.33 as necessary for the hospital to perform record checks of persons employed or being considered for employment by the hospital.

§135C.2, HEALTH CARE FACILITIES

135C.2 Purpose — rules — special classifications — protection and advocacy agency.

1. The purpose of this chapter is to promote and encourage adequate and safe care and housing for individuals who are aged or who, regardless of age, are infirm, convalescent, or mentally or physically dependent, by both public and private agencies by providing for the adoption and enforcement of rules and standards:
   a. For the housing, care, and treatment of individuals in health care facilities, and
   b. For the location, construction, maintenance, renovation, and sanitary operation of such health care facilities which will promote safe and adequate care of individuals in such homes so as to further the health, welfare, and safety of such individuals.

2. Rules and standards prescribed, promulgated, and enforced under this chapter shall not be arbitrary, unreasonable, or confiscatory and the department or agency prescribing, promulgating, or enforcing such rules or standards shall have the burden of proof to establish that such rules or standards meet such requirements and are consistent with the economic problems and conditions involved in the care and housing of persons in health care facilities.

3. a. The department shall establish by administrative rule the following special classifications:
   (1) Within the residential care facility category, a special license classification for residential facilities intended to serve persons with mental illness.
   (2) Within the nursing facility category, a special license classification for nursing facilities which designate and dedicate the facility or a special unit within the facility to provide care for persons who suffer from chronic confusion or a dementing illness. A nursing facility which designates and dedicates the facility or a special unit within the facility for the care of persons who suffer from chronic confusion or a dementing illness shall be specially licensed. For the purposes of this subsection, “designate” means to identify by a distinctive title or label and “dedicate” means to set apart for a definite use or purpose and to promote that purpose.
   b. The department may also establish by administrative rule special classifications within the residential care facility, intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, or nursing facility categories, for facilities intended to serve individuals who have special health care problems or conditions in common. Rules establishing a special classification shall define the problem or condition to which the special classification is relevant and establish requirements for an approved program of care commensurate with the problem or condition. The rules may grant special variances or considerations to facilities licensed within the special classification.
   c. The rules adopted for intermediate care facilities for persons with mental retardation shall be consistent with, but no more restrictive than, the federal standards for intermediate care facilities for persons with mental retardation established pursuant to the federal Social Security Act, § 1905(c)(d), as codified in 42 U.S.C. § 1396d, in effect January 1, 1989. However, in order for an intermediate care facility for persons with mental retardation to be licensed, the state fire marshal must certify to the department that the facility meets the applicable provisions of the rules adopted for such facilities by the state fire marshal. The state fire marshal’s rules shall be based upon such a facility’s compliance with either the provisions applicable to health care occupancies or residential board and care occupancies of the Life Safety Code of the National Fire Protection Association, 2000 edition. The department shall adopt additional rules for intermediate care facilities for persons with mental retardation pursuant to section 135C.14, subsection 8.
   d. Notwithstanding the limitations set out in this subsection regarding rules for intermediate care facilities for persons with mental retardation, the department shall consider the federal interpretive guidelines issued by the federal centers for Medicare and Medicaid services when interpreting the department’s rules for intermediate care facilities for persons with mental retardation. This use of the guidelines is not subject to the rulemaking provisions of sections 17A.4 and 17A.5, but the guidelines shall be published in the Iowa administrative bulletin and the Iowa administrative code.

5. The department shall establish a special classification within the residential care facility category in order to foster the development of residential care facilities which serve persons with mental retardation, chronic mental illness, a developmental disability, or brain injury, as described under section 225C.26, and which contain five or fewer residents. A facility within the special classification established pursuant to this subsection is exempt from the requirements of sec-
The department shall adopt rules which are consistent with rules previously developed for the waiver demonstration project pursuant to 1986 Iowa Acts, chapter 1246, section 206, and which include all of the following provisions:

a. A facility provider under the special classification must comply with rules adopted by the department for the special classification. However, a facility provider which has been accredited by the accreditation council for services to persons with mental retardation and other developmental disabilities shall be deemed to be in compliance with the rules adopted by the department.

b. A facility must be located in an area zoned for single or multiple-family housing or in an unincorporated area and must be constructed in compliance with applicable local requirements and the rules adopted for the special classification by the state fire marshal in accordance with the concept of the least restrictive environment for the facility residents. Local requirements shall not be more restrictive than the rules adopted for the special classification by the state fire marshal and the state building code requirements for single or multiple-family housing, under section 103A.7.

c. Facility provider plans for the facility’s accessibility to residents must be in place.

d. A written plan must be in place which documents that a facility meets the needs of the facility’s residents pursuant to individual program plans developed according to age appropriate and least restrictive program requirements.

e. A written plan must be in place which documents that a facility’s residents have reasonable access to employment or employment-related training, education, generic community resources, and integrated opportunities to promote interaction with the community.

f. The facilities licensed under this subsection shall be eligible for funding utilized by other licensed residential care facilities for persons with mental retardation, or licensed residential care facilities for persons with mental illness, including but not limited to funding under or from the federal social services block grant, the state supplementary assistance program, state mental health and developmental disabilities services funds, and county funding provisions.

6. a. This chapter shall not apply to adult day services provided in a health care facility. However, adult day services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

b. The level of care certification provisions pursuant to sections 135C.3 and 135C.4, the license application and fee provisions pursuant to section 135C.7, and the involuntary discharge provisions pursuant to section 135C.14, subsection 8, shall not apply to respite care services provided in a health care facility. However, respite care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

c. The department shall adopt rules to implement this subsection.

7. The rules adopted by the department regarding nursing facilities shall provide that a nursing facility may choose to be inspected either by the department or by the joint commission on accreditation of health care organizations. The rules regarding acceptance of inspection by the joint commission on accreditation of health care organizations shall include recognition, in lieu of inspection by the department, of comparable inspections and inspection findings of the joint commission on accreditation of health care organizations, if the department is provided with copies of all requested materials relating to the inspection process.

135C.3 Nature of care.

1. A licensed nursing facility shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed nurse. Medical and nursing services must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the nursing facility must be based on a physician's written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing.

2. A licensed intermediate care facility for persons with mental illness shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed registered nurse, who has had at least two years of recent experience in a chronic or acute psychiatric setting. Medical and nursing service must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided with-
in the facility. An admission to the intermediate care facility for persons with mental illness must be based on a physician’s written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing.

135C.4 Residential care facilities.
Each facility licensed as a residential care facility shall provide an organized continuous twenty-four-hour program of care commensurate with the needs of the residents of the home and under the immediate direction of a person approved and certified by the department whose combined training and supervised experience is such as to ensure adequate and competent care. All admissions to residential care facilities shall be based on an order written by a physician certifying that the individual being admitted does not require nursing services or that the individual’s need for nursing services can be avoided if home and community-based services, other than nursing care, as defined by this chapter and departmental rule, are provided. For the purposes of this section, the home and community-based services to be provided shall be limited to the type included under the medical assistance program provided pursuant to chapter 249A, shall be subject to cost limitations established by the department of human services under the medical assistance program, and except as otherwise provided by the department of inspections and appeals with the concurrence of the department of human services, shall be limited in capacity to the number of licensed residential care facilities and the number of licensed residential care facility beds in the state as of December 1, 2003.

135C.5 Limitations on use.
Another business or activity serving persons other than the residents of a health care facility may be operated or provided in a designated part of the physical structure of the health care facility if the other business or activity meets the requirements of applicable state and federal laws, administrative rules, and federal regulations. The department shall not limit the ability of a health care facility to operate or provide another business or activity in the designated part of the facility if the business or activity does not interfere with the use of the facility by the residents or with the services provided to the residents, and is not disturbing to the residents. In denying the ability of a health care facility to operate or provide another business or activity under this section, the burden of proof shall be on the department to demonstrate that the other business or activity substantially interferes with the use of the facility by the residents or the services provided to the residents, or is disturbing to the residents. The state fire marshal, in accordance with chapter 17A, shall adopt rules which establish criteria for approval of a business or activity to be operated or provided in a designated part of the physical structure of a health care facility. For the purposes of this section, “another business or activity” shall not include laboratory services with the exception of laboratory services for which a waiver from regulatory oversight has been obtained under the federal Clinical Laboratory Improvement Amendments of 1988, Pub. L. No. 100-578, as amended, radiological services, anesthesiology services, obstetrical services, surgical services, or emergency room services provided by hospitals licensed under chapter 135B.

135C.6 License required — exemptions.
1. A person or governmental unit acting severally or jointly with any other person or governmental unit shall not establish or operate a health care facility in this state without a license for the facility. A supported community living service, as defined in section 225C.21, is not required to be licensed under this chapter, but is subject to approval under section 225C.21 in order to receive public funding.

2. A health care facility suitable for separation and operation with distinct parts may, where otherwise qualified in all respects, be issued multiple licenses authorizing various parts of such facilities to be operated as health care facilities of different license categories.

3. No change in a health care facility, its operation, program, or services, of a degree or character affecting continuing licensability shall be made without prior approval thereof by the department. The department may by rule specify the types of changes which shall not be made without its prior approval.

4. No department, agency, or officer of this state or of any of its political subdivisions shall pay or approve for payment from public funds any amount or amounts to a health care facility under any program of state aid in connection with services provided or to be provided an actual or prospective resident in a health care facility, unless the facility has a current license issued by the department and meets such other requirements as may be in effect pursuant to law.

5. No health care facility established and operated in compliance with law prior to January 1, 1976, shall be required to change its corporate or business name by reason of the definitions prescribed in section 135C.1, provided that no health care facility shall at any time represent or hold out to the public or to any individual that it is licensed
as, or provides the services of, a health care facility of a type offering a higher grade of care than such health care facility is licensed to provide. Any health care facility which, by virtue of this section, operates under a name not accurately descriptive of the type of license which it holds shall clearly indicate in any printed advertisement, letterhead, or similar material, the type of license or licenses which it has in fact been issued. No health care facility established or renamed after January 1, 1976, shall use any name indicating that it holds a different type of license than it has been issued.

6. A health care facility operated by and for the exclusive use of members of a religious order, which does not admit more than two individuals to the facility from the general public, may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.

7. A freestanding hospice facility which operates a hospice program in accordance with 42 C.F.R. § 418 may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.

8. The following residential programs to which the department of human services applies accreditation, certification, or standards of review shall not be required to be licensed as a health care facility under this chapter:

a. Residential programs providing care to not more than four individuals and receiving money appropriated to the department of human services under provisions of a federally approved home and community-based services waiver for persons with mental retardation or other medical assistance program under chapter 249A. In approving a residential program under this paragraph, the department of human services shall consider the geographic location of the program so as to avoid an overconcentration of such programs in an area.

In order to be approved under this paragraph, a residential program shall not be required to involve the conversion of a licensed residential care facility for persons with mental retardation.

b. Not more than forty residential care facilities for persons with mental retardation that are licensed to serve not more than five individuals may be authorized by the department of human services to convert to operation as a residential program under the provisions of a medical assistance program under chapter 249A. In converting a residential program operating under this paragraph to a “c” except that the program shall not serve more than five individuals.

c. A residential program approved by the department of human services pursuant to this paragraph "c” to receive money appropriated to the department of human services under provisions of a federally approved home and community-based services waiver for persons with mental retardation may provide care to not more than five individuals. The department shall approve a residential program under this paragraph that complies with all of the following conditions:

1. Approval of the program will not result in an overconcentration of such programs in an area.

2. The county in which the residential program is located submits to the department of human services a letter of support for approval of the program.

3. The county in which the residential program is located provides to the department of human services verification in writing that the program is needed to address one or more of the following:

(a) The quantity of services currently available in the county is insufficient to meet the need.

(b) The quantity of affordable rental housing in the county is insufficient.

(c) Implementation of the program will cause a reduction in the size or quantity of larger congregate programs.

9. Contingent upon the department of human services receiving federal approval, a residential program which serves not more than eight individuals and is licensed as an intermediate care facility for persons with mental retardation or other medical assistance program under provisions of a federally approved medical assistance home and community-based services waiver for persons with mental retardation, if the department of human services has approved a plan submitted by the residential program.

10. Notwithstanding section 135C.9, nursing facilities which are accredited by the joint commission on accreditation of health care organizations shall be licensed without inspection by the department, if the nursing facility has chosen to be inspected by the joint commission on accreditation of health care organizations in lieu of inspection by the department.

if the license is issued. There shall be an annual
license fee based upon the bed capacity of the
health care facility, as follows:
1. Ten beds or less, twenty dollars.
2. More than ten and not more than twenty-
five beds, forty dollars.
3. More than twenty-five and not more than seventy-five beds, sixty dollars.
4. More than seventy-five and not more than one hundred fifty beds, eighty dollars.

§135C.7, HEALTH CARE FACILITIES

135C.8 Scope of license.
Licenses for health care facilities shall be issued
only for the premises and persons or governmental
units named in the application and shall not be transferable or assignable except with the written approval of the department, obtained prior to the purchase of the facility involved. Licenses shall be posted in a conspicuous place on the licensed premises as prescribed by regulation of the department. Such licenses, unless sooner suspended or revoked, shall expire one year after the date of issuance and shall be renewed annually upon an application by the licensee. Applications for such renewal shall be made in writing to the department, accompanied by the required fee, at least thirty days prior to the expiration of such license in accordance with regulations promulgated by the department. Health care facilities which have allowed their licenses to lapse through failure to make timely application for renewal of their licenses shall pay an additional fee of twenty-five percent of the annual license fee prescribed in section 135C.7.

§135C.9 Inspection before issuance — notice of deficiencies.
1. The department shall not issue a health care facility license to any applicant until:
   a. The department has ascertained that the staff and equipment of the facility is adequate to provide the care and services required of a health care facility of the category for which the license is sought. Prior to the review and approval of plans and specifications for any new facility and the initial licensing under a new licensee, a resume of the programs and services to be furnished and of the means available to the applicant for providing the same and for meeting requirements for staffing, equipment, and operation of the health care facility, with particular reference to the professional requirements for services to be rendered, shall be submitted in writing to the department for review and approval. The resume shall be reviewed by the department within ten working days and returned to the applicant. The resume shall, upon the department’s request, be revised as appropriate by the facility from time to time after issuance of a license.
   b. The facility has been inspected by the state fire marshal or a deputy appointed by the fire marshal for that purpose, who may be a member of a municipal fire department, and the department has received either a certificate of compliance or a provisional certificate of compliance by the facility with the fire hazard and fire safety rules and standards of the department as promulgated by the fire marshal and, where applicable, the fire safety standards required for participation in programs authorized by either Title XVIII or Title XIX of the United States Social Security Act (42 U.S.C. § 1395 to 1395ll and 1396 to 1396g). The certificate or provisional certificate shall be signed by the fire marshal or the fire marshal’s deputy who made the inspection. If the state fire marshal or a deputy finds a deficiency upon inspection, the notice to the facility shall be provided in a timely manner and shall specifically describe the nature of the deficiency, identifying the Code section or subsection or the rule or standard violated. The notice shall also specify the time allowed for correction of the deficiency, at the end of which time the fire marshal or a deputy shall perform a follow-up inspection.
2. The rules and standards promulgated by the fire marshal pursuant to subsection 1, paragraph “b” of this section shall be substantially in keeping with the latest generally recognized safety criteria for the facilities covered, of which the applicable criteria recommended and published from time to time by the national fire protection association shall be prima facie evidence. The rules and standards promulgated by the fire marshal shall be promulgated in consultation with the department and shall, to the greatest extent possible, be consistent with rules adopted by the department under this chapter.
3. The state fire marshal or the fire marshal’s deputy may issue successive provisional certificates of compliance for periods of one year each to a facility which is in substantial compliance with the applicable fire hazard and fire safety rules and standards, upon satisfactory evidence of an intent, in good faith, by the owner or operator of the facility to correct the deficiencies noted upon inspection within a reasonable period of time as determined by the state fire marshal or the fire marshal’s deputy. Renewal of a provisional certificate shall be based on a showing of substantial progress in eliminating deficiencies noted upon the last previous inspection of the facility without the appearance of additional deficiencies other than those arising from changes in the fire hazard and fire safety rules, regulations and standards which have occurred since the last previous inspection, except that substantial progress toward achievement of a good faith intent by the owner or opera-
tor to replace the entire facility within a reasonable period of time, as determined by the state fire marshal or the fire marshal’s deputy, may be accepted as showing substantial progress in eliminating deficiencies, for the purposes of this section.

4. If a facility subject to licensure under this chapter, a facility exempt from licensure under this chapter pursuant to section 135C.6, or a family home under section 335.25 or 414.22, has been issued a certificate of compliance or a provisional certificate of compliance under subsection 1 or 3, or has otherwise been approved as complying with a rule or standard by the state or a deputy fire marshal or a local building department as defined in section 103A.3, the state or deputy fire marshal or a local building department which issued the certificate, provisional certificate, or approval shall not apply additional requirements for compliance with the rule or standard unless the rule or standard is revised in accordance with chapter 17A or with the rule or standard unless the rule or standard has otherwise been approved as complying with a rule or standard by the state or a deputy fire marshal or the fire marshal’s deputy, may be accepted as showing substantial progress in eliminating deficiencies, for the purposes of this section.

9. In the case of an application by an existing licensee for a new or newly acquired facility, continuing or repeated failure of the licensee to operate any previously licensed facility or facilities in compliance with the provisions of this chapter or of the rules adopted pursuant to it.

10. In the case of a license applicant or existing licensee which is an entity other than an individual, the department may deny, suspend, or revoke a license if any individual, who is in a position of control or is an officer of the entity, engages in any act or omission proscribed by this section.

135C.11 Notice — hearings.

1. The denial, suspension, or revocation of a license shall be effected by delivering to the applicant or licensee by certified mail or by personal service of a notice setting forth the particular reasons for such action. Such denial, suspension, or revocation shall become effective thirty days after the mailing or service of the notice, unless the applicant or licensee, within such thirty-day period, shall give written notice to the department requesting a hearing, in which case the notice shall be deemed to be suspended. If a hearing has been requested, the applicant or licensee shall be given an opportunity for a prompt and fair hearing before the department. At any time at or prior to the hearing the department may rescind the notice of the denial, suspension, or revocation upon being satisfied that the reasons for the denial, suspension, or revocation have been or will be removed.

2. The procedure governing hearings authorized by this section shall be in accordance with the rules promulgated by the department. A full and complete record shall be kept of all proceedings, and all testimony shall be reported but need not be transcribed unless judicial review is sought pursuant to section 135C.13. Copies of the transcript may be obtained by an interested party upon payment of the cost of preparing the copies. Witnesses may be subpoenaed by either party and shall be allowed fees at a rate prescribed by the department’s rules. The director may, after advising the resident advocate committee established pursuant to section 135C.25, either proceed in accordance with section 135C.30, or remove all residents and suspend the license or licenses of any health care facility, prior to a hearing, when the director finds that the health or safety of residents of the health care facility requires such action on

135C.12 Conditional operation.
If the department has the authority under section 135C.10 to deny, suspend or revoke a license, the department or director may, as an alternative to those actions:
1. Apply to the district court of the county in which the licensee’s health care facility is located for appointment by the court of a receiver for the facility pursuant to section 135C.30.
2. Conditionally issue or continue a license dependent upon the performance by the licensee of reasonable conditions within a reasonable period of time as set by the department so as to permit the licensee to commence or continue the operation of the health care facility pending full compliance with this chapter or the regulations or minimum standards promulgated under this chapter. If the licensee does not make diligent efforts to comply with the conditions prescribed, the department may, under the proceedings prescribed by this chapter, suspend or revoke the license. No health care facility shall be operated on a conditional license for more than one year.
3. The department, in evaluating corrections of deficiencies in a facility in receivership or operating on a conditional license, may determine what is satisfactory compliance, provided that in so doing it shall employ established criteria which shall be uniformly applied to all facilities of the same license category.

135C.13 Judicial review.
Judicial review of any action of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county where the facility or proposed facility is located, and pending final disposition of the matter the status quo of the applicant or licensee shall be preserved except when the director, with the advice and consent of the resident advocate committee established pursuant to section 135C.25, determines that the health, safety or welfare of the residents of the facility is in immediate danger, in which case the director may order the immediate removal of such residents. The fact that no resident advocate committee has been appointed for a particular facility shall not bar the director from exercising the emergency powers granted by this subsection with respect to that facility.

135C.14 Rules.
The department shall, in accordance with chapter 17A and with the approval of the state board of health, adopt and enforce rules setting minimum standards for health care facilities. In so doing, the department, with the approval of the state board of health, may adopt by reference, with or without amendment, nationally recognized standards and rules, which shall be specified by title and edition, date of publication, or similar information. The rules and standards required by this section shall be formulated in consultation with the director of human services or the director’s designee, with the state fire marshal, and with affected industry, professional, and consumer groups, and shall be designed to further the accomplishment of the purposes of this chapter and shall relate to:
1. Location and construction of the facility, including plumbing, heating, lighting, ventilation, and other housing conditions, which shall ensure the health, safety and comfort of residents and protection from fire hazards. The rules of the department relating to protection from fire hazards and fire safety shall be promulgated by the state fire marshal in consultation with the department, and shall be in keeping with the latest generally recognized safety criteria for the facilities covered of which the applicable criteria recommended and published from time to time by the national fire protection association are prima facie evidence.
2. Equipment essential to the health and welfare of the resident.
3. Number and qualifications of all personnel, including management and nursing personnel, having responsibility for any part of the care provided to residents.
4. All sanitary conditions within the facility and its surroundings including water supply, sewage disposal, food handling, and general hygiene, which shall ensure the health and comfort of residents.
5. Equipment essential to the health and welfare of the resident.
6. Requirements that a minimum number of registered or licensed practical nurses and nurses’ aides, relative to the number of residents admitted, be employed by each licensed facility. Staff-to-resident ratios established under this subsection
need not be the same for facilities holding different types of licenses, nor for facilities holding the same type of license if there are significant differences in the needs of residents which the respective facilities are serving or intend to serve.

7. Social services and rehabilitative services provided for the residents.

8. Facility policies and procedures regarding the treatment, care, and rights of residents. The rules shall apply the federal resident's rights contained in the federal Omnibus Budget Reconciliation Act of 1987, Pub. L. No. 100-203, and the regulations adopted pursuant to the Act and contained in 42 C.F.R. §§ 483.10, 483.12, 483.13, and 483.15, as amended to February 2, 1989, to all health care facilities as defined in this chapter and shall include procedures for implementing and enforcing the federal rules. The department shall also adopt rules relating to the following:

a. The transfer of residents to other rooms within a facility.

b. The involuntary discharge or transfer of residents from a facility including provisions for notice and agency hearings and for the development of a patient discharge or transfer plan and for providing counseling services to a patient being discharged or transferred.

c. The required holding of a bed for a resident under designated circumstances upon payment of a prescribed charge for the bed.

d. The notification of resident advocate committees by the department of all complaints relating to health care facilities and the involvement of the resident advocate committees in resolution of the complaints.

e. For the recoupment of funds or property to residents when the resident's personal funds or property have been used without the resident's written consent or the written consent of the resident's guardian.

135C.15  Time to comply.

1. Any health care facility which is in operation at the time of adoption or promulgation of any applicable rules or minimum standards under this chapter shall be given reasonable time from the date of such promulgation to comply with such rules and minimum standards as provided for by the department. The director may grant successive thirty-day extensions of the time for compliance where evidence of a good faith attempt to achieve compliance is furnished, if the extensions will not place in undue jeopardy the residents of the facility to which the extensions are granted.

2. Renovation of an existing health care facility, not already in compliance with all applicable standards, shall be permitted only if the fixtures and equipment to be installed and the services to be provided in the renovated portion of the facility will conform substantially to current operational standards. Construction of an addition to an existing health care facility shall be permitted only if the design of the structure, the fixtures and equipment to be installed, and the services to be provided in the addition will conform substantially to current construction and operational standards.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §135C.15]
and specifications submitted but was not noted or objected to by the department or other appropriate state agency, the department or agency responsible for the oversight shall either waive the requirement or reimburse the licensee or applicant for any costs which are necessary to bring the new or reconstructed facility or portion of a facility into compliance with the requirement and which the licensee or applicant would not have incurred if the facility or portion of the facility had been constructed in compliance with the requirements of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted. If within two years from the completion of the construction or alteration of the facility or portion thereof, a department or agency of the state orders that the new or reconstructed facility or portion thereof be brought into compliance with the requirements of this chapter or the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, the state shall have a claim for damages to the extent of any reimbursement paid to the licensee or applicant against any person who designed the facility or portion thereof for negligence in the preparation of the plans and specifications therefor, subject to all defenses based upon the negligence of the state in reviewing and approving those plans and specifications, but not thereafter.

The provisions of this subsection shall not apply where the deficiency presents a clear and present danger to the safety of the residents of the facility.

3. An inspector of the department may enter any licensed health care facility without a warrant, and may examine all records pertaining to the care provided residents of the facility. An inspector of the department may contact or interview any resident, employee, or any other person who might have knowledge about the operation of a health care facility. An inspector of the department of human services shall have the same right with respect to any facility where one or more residents are cared for entirely or partially at public expense, and an investigator of the designated protection and advocacy agency shall have the same right with respect to any facility where one or more residents have developmental disabilities or mental illnesses, and the state fire marshal or a deputy appointed pursuant to section 135C.9, subsection 1, paragraph "b" shall have the same right of entry into any facility and the right to inspect any records pertinent to fire safety practices and conditions within that facility. If any such inspector has probable cause to believe that any institution, building, or agency not licensed as a health care facility is in fact a health care facility as defined by this chapter, and upon producing identification that the individual is an inspector is denied entry thereto for the purpose of making an inspection, the inspector may, with the assistance of the county attorney of the county in which the purported health care facility is located, apply to the district court for an order requiring the owner or occupant to permit entry and inspection of the premises to determine whether there have been any violations of this chapter.

135C.17 Duties of other departments.
It shall be the duty of the department of human services, state fire marshal, and the officers and agents of other state and local governmental units, and the designated protection and advocacy agency to assist the department in carrying out the provisions of this chapter, insofar as the functions of these respective offices and departments are concerned with the health, welfare, and safety of any resident of any health care facility. It shall be the duty of the department to cooperate with the protection and advocacy agency by responding to all reasonable requests for assistance and information as required by federal law and this chapter.

135C.18 Employees.
The department may employ, pursuant to chapter 8A, subchapter IV, such assistants and inspectors as may be necessary to administer and enforce the provisions of this chapter.

135C.19 Public disclosure of inspection findings — posting of citations.
1. Following an inspection of a health care facility by the department pursuant to this chapter, the department's final findings with respect to compliance by the facility with requirements for licensing shall be made available to the public in a readily available form and place. Other information relating to a health care facility obtained by the department which does not constitute the department's findings from an inspection of the facility shall not be made available to the public except in proceedings involving the citation of a facility for a violation under section 135C.40, or the denial, suspension, or revocation of a license under this chapter. The name of a person who files a complaint with the department shall be confidential.

2. A citation for a class I or class II violation which is issued to a health care facility and which has become final, or a copy of the citation, shall be prominently posted as prescribed in rules, until the violation is corrected to the department's satisfaction. The citation or copy shall be posted in a...
place in plain view of the residents of the facility cited, persons visiting the residents, and persons inquiring about placement in the facility.

A copy of each citation required to be posted by this subsection shall be sent by the department to the designated protection and advocacy agency if the facility has one or more residents with developmental disabilities or mental illness.

3. If the facility cited subsequently advises the department of human services that the violation has been corrected to the satisfaction of the department of inspections and appeals, the department of human services shall maintain this advisory in the same file with the copy of the citation. The department of human services shall not disseminate to the public any information regarding citations issued by the department of inspections and appeals, but shall forward or refer inquiries to the department of inspections and appeals.

135C.20 Information distributed.
The department shall prepare, publish and send to licensed health care facilities an annual report of its activities and operations under this chapter and such other bulletins containing fundamental health principles and data as may be deemed essential to assure proper operation of health care facilities, and publish for public distribution copies of the laws, standards and rules pertaining to their operation.

135C.20A Report cards — facility inspections — complaint procedures — availability to public — electronic access.
1. The department shall develop and utilize a report card system for the recording of the findings of any inspection of a health care facility. The report card shall include but is not limited to a summary of the findings of the inspection, any violation found, any enforcement action taken including any citations issued and penalties assessed, any actions taken to correct violations or deficiencies, and the nature and status of any action taken with respect to any uncorrected violation for which a citation was issued.

2. The report card form shall be developed by the department in cooperation with representatives of the department of elder affairs, the state long-term care resident’s advocate, representatives of resident advocate committees, representatives of protection and advocacy entities, consumers, and other interested persons.

3. The department shall make any completed report cards electronically accessible to the public, on a monthly basis, and shall compile the report cards on an annual basis and make the compilation electronically accessible to the public. The annual compilation shall also be available at the office of the department at the seat of government and shall be available to the public by mail, upon request and at the department’s expense.

4. In addition to the monthly and annual compilations, the department shall provide compilations of the report cards on a cumulative basis. The cumulative compilation shall reflect the report cards of health care facilities during the four-year period prior to the production of the cumulative compilation. The cumulative compilation shall be applicable to a particular health care facility as a four-year report card history of that facility becomes available. The cumulative compilation shall be available to the public in the same manner as the annual compilation.

1. A governor’s award for quality care is established, to be awarded annually by the governor to a health care facility in the state which demonstrates provision of the highest quality care to residents.

2. The department shall adopt rules establishing the criteria to determine quality care. In developing the criteria, the department shall consult with the members of Iowa partners for resident care and shall also consider all of the following:
   a. The report cards completed pursuant to section 135C.20A.
   b. Any unique services provided by a facility to its residents to improve the quality of care in the facility.

135C.21 Penalties.
1. Any person establishing, conducting, managing, or operating any health care facility without a license shall be guilty of a serious misdemeanor. Each day of continuing violation after conviction or notice from the department by certified mail of a violation shall be considered a separate offense or chargeable offense. Any such person establishing, conducting, managing or operating any health care facility without a license may be by any court of competent jurisdiction temporarily or permanently restrained therefrom in any action brought by the state.

2. Any person who prevents or interferes with or attempts to impede in any way any duly authorized representative of the department or of any of the agencies referred to in section 135C.17 in the lawful enforcement of this chapter or of the rules
§135C.21, HEALTH CARE FACILITIES

adopted pursuant to it is guilty of a simple misdemeanor. As used in this subsection, lawful enforcement includes but is not limited to:

a. Contacting or interviewing any resident of a health care facility in private at any reasonable hour and without advance notice.

b. Examining any relevant books or records of a health care facility.

c. Preserving evidence of any violation of this chapter or of the rules adopted pursuant to it.

§135C.23 Express requirements for admission or residence.

No individual shall be admitted to or permitted to remain in a health care facility as a resident, except in accordance with the requirements of this section.

1. Each resident shall be covered by a contract executed at the time of admission or prior thereto by the resident, or the resident’s legal representative, and the health care facility, except as otherwise provided by subsection 5 with respect to residents admitted at public expense to a county care facility operated under chapter 347B. Each party to the contract shall be entitled to a duplicate original thereof, and the health care facility shall keep on file all contracts which it has with residents and shall not destroy or otherwise dispose of any such contract for at least one year after its expiration. Each such contract shall expressly set forth:

a. The terms of the contract.

b. The services and accommodations to be provided by the health care facility and the rates or charges therefor.

c. Specific descriptions of any duties and obligations of the parties in addition to those required by operation of law.

d. Any other matters deemed appropriate by the parties to the contract. No contract or any provision thereof shall be drawn or construed so as to relieve any health care facility of any requirement or obligation imposed upon it by this chapter or any standards or rules in force pursuant to this chapter, nor contain any disclaimer of responsibility for injury to the resident, or to relatives or other persons visiting the resident, which occurs on the premises of the facility or, with respect to injury to the resident, which occurs while the resident is under the supervision of any employee of the facility whether on or off the premises of the facility.

2. A health care facility shall not knowingly admit or retain a resident:

a. Who is in need of medical procedures, as determined by a physician, or services which cannot be or are not being carried out in the facility.

b. Who is in an acute stage of alcoholism, drug addiction, or mental illness.

c. Whose condition or conduct is such that the resident would be unduly disturbing to other residents.

d. Who is in need of medical procedures, as determined by a physician, or services which cannot be or are not being carried out in the facility.

This section does not prohibit the admission of a patient with a history of dangerous or disturbing behavior to an intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility when the intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility has a program which has received prior approval from the department to properly care for and manage the patient. An intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility is required to transfer or discharge a resident with dangerous or disturbing behavior when the intermediate care facility for persons with mental illness, intermediate care facility for persons with mental retardation, nursing facility, or county care facility cannot control the resident’s dangerous or disturbing behavior.

The department, in coordination with the state mental health, mental retardation, developmental disabilities, and brain injury commission created in section 225C.5, shall adopt rules pursuant to chapter 17A for programs to be required in intermediate care facilities for persons with mental illness, intermediate care facilities for persons with mental retardation, nursing facilities, and county care facilities that admit patients or have residents with histories of dangerous or disturbing behavior.

The denial of admission of a person to a health care facility shall not be based upon the patient’s condition, which is the existence of a specific disease in the patient, but the decision to accept or deny admission of a patient with a specific disease shall be based solely upon the ability of the health care facility to provide the level of care required by the patient.

3. Except in emergencies, a resident who is not essentially capable of managing the resident’s own affairs shall not be transferred out of a health care facility or discharged for any reason without prior notification to the next of kin, legal representative, or agency acting on the resident’s behalf. When such next of kin, legal representative, or agency cannot be reached or refuses to cooperate, proper arrangements shall be made by the facility
for the welfare of the resident before the resident’s transfer or discharge.

4. No owner, administrator, employee, or representative of a health care facility shall pay any commission, bonus, or gratuity in any form whatsoever, directly or indirectly, to any person for residents referred to such facility, nor accept any commission, bonus, or gratuity in any form whatsoever, directly or indirectly, for professional or other services or supplies purchased by the facility or by any resident, or by any third party on behalf of any resident, of the facility.

5. Each county which maintains a county care facility under chapter 347B shall develop a statement in lieu of, and setting forth substantially the same items as, the contracts required of other health care facilities by subsection 1. The statement must be approved by the county board of supervisors and by the department. When so approved, the statement shall be considered in force with respect to each resident of the county care facility.

[C71, 73, 75, 77, 79, 81, §135C.23]

135C.24 Personal property or affairs of patients or residents.

The admission of a resident to a health care facility and the resident’s presence therein shall not in and of itself confer on such facility, its owner, administrator, employees, or representatives any authority to manage, use, or dispose of any property of the resident, except as may be necessary for the safety and orderly management of the facility and as required by this section.

1. No health care facility, and no owner, administrator, employee or representative thereof shall act as guardian, trustee or conservator for any resident of such facility, or any of such resident’s property, unless such resident is related to the person acting as guardian within the third degree of consanguinity.

2. A health care facility shall provide for the safekeeping of personal effects, funds and other property of its residents, provided that whenever necessary for the protection of valuables or in order to avoid unreasonable responsibility therefor, the facility may require that they be excluded or removed from the premises of the facility and kept at some place not subject to the control of the facility.

3. A health care facility shall keep complete and accurate records of all funds and other effects and property of its residents received by it for safekeeping.

4. Any funds or other property belonging to or due a resident, or expendable for the resident’s account, which are received by a health care facility shall be trust funds, shall be kept separate from the funds and property of the facility and of its other residents, or specifically credited to such resident, and shall be used or otherwise expended only for the account of the resident. Upon request the facility shall furnish the resident, the guardian, trustee or conservator, if any, for any resident, or any governmental unit or private charitable agency contributing funds or other property on account of any resident, a complete and certified statement of all funds or other property to which this subsection applies detailing the amounts and items received, together with their sources and disposition.

5. The provisions of this section notwithstanding, upon the verified petition of the county board of supervisors the district court may appoint the administrator of a county care facility as conservator or guardian, or both, of a resident of such county care facility, in accordance with the provisions of chapter 633. Such administrator shall serve as conservator or guardian, or both, without fee. The county attorney shall serve as attorney for the administrator in such conservatorship or guardianship, or both, without fee. The administrator may establish either separate or common bank accounts for cash funds of such resident wards.

[C71, 73, 75, 77, 79, 81, §135C.24]

1. Each health care facility shall have a resident advocate committee whose members shall be appointed by the director of the department of elder affairs or the director’s designee. A person shall not be appointed a member of a resident advocate committee for a health care facility unless the person is a resident of the service area where the facility is located. The resident advocate committee for any facility caring primarily for persons with mental illness, mental retardation, or a developmental disability shall only be appointed after consultation with the administrator of the division of mental health and disability services of the department of human services on the proposed appointments. Recommendations to the director or the director’s designee for membership on resident advocate committees are encouraged from any agency, organization, or individual. The administrator of the facility shall not be appointed to the resident advocate committee and shall not be present at committee meetings except upon request of the committee.

2. Each resident advocate committee shall periodically review the needs of each individual resident of the facility and shall perform the functions pursuant to sections 135C.38 and 231.44.

3. A health care facility shall disclose the names, addresses, and phone numbers of a resident’s family members, if requested, to a resident
advocate committee member, unless permission for this disclosure is refused in writing by the family member. The facility shall provide a form on which a family member may indicate a refusal to grant this permission.

4. Neither the state nor any resident advocate committee member is liable for an action by a resident advocate committee member in the performance of duty, if the action is undertaken and carried out in good faith.

135C.27 Federal funds to implement program.

If the department’s services are necessary in order to assist another governmental unit to implement a federal program, the department may accept in compensation for such services federal funds initially available from the federal government to such other governmental unit for such purpose. Any governmental unit is authorized to transfer to the department for such services any federal funds available to such governmental unit, in accordance with applicable federal laws and regulations.

135C.29 License list to county commissioner of elections.

To facilitate the implementation of section 53.8, subsection 3 and section 53.22, the director shall provide to each county commissioner of elections at least annually a list of each licensed health care facility in that county. The list shall include the street address or location, and the mailing address if it is other than the street address or location, of each facility.

[C77, 79, 81, §135C.29]

135C.30 Operation of facility under receivership.

When so authorized by section 135C.11, subsection 2, or section 135C.12, subsection 1, the director may file a verified application in the district court of the county where a health care facility licensed under this chapter is located, requesting that an individual nominated by the director be appointed as receiver for the facility with responsibility to bring the operation and condition of the facility into conformity with this chapter and the rules or minimum standards promulgated under this chapter.

1. The court shall expeditiously hold a hearing on the application, at which the director shall present evidence in support of the application. The licensee against whose facility the petition is filed may also present evidence, and both parties may subpoena witnesses. The court may appoint a receiver for the health care facility in advance of the hearing if the director’s verified application states that an emergency exists which presents an imminent danger of resultant death or physical harm to the residents of the facility. If the licensee against whose facility the receivership petition is filed informs the court at or before the time set for the hearing that the licensee does not object to the application, the court shall waive the hearing and at once appoint a receiver for the facility.

2. The court, on the basis of the verified application and evidence presented at the hearing, may order the facility placed under receivership, and if so ordered, the court shall direct either that the receiver assume the duties of administrator of the health care facility or that the receiver supervise the facility’s administrator in conducting the day-to-day business of the facility. The receiver shall be empowered to control the facility’s financial resources and to apply its revenues as the receiver deems necessary to the operation of the facility in compliance with this chapter and the rules or minimum standards promulgated under this chapter, but shall be accountable to the court for management of the facility’s financial resources.

3. A receivership established under this section may be terminated by the district court which established it, after a hearing upon an application for termination. The application may be filed:

a. Jointly by the receiver and the current licensee of the health care facility which is in receivership, stating that the deficiencies in the operation, maintenance or other circumstances which were the grounds for establishment of the receivership have been corrected and that there are reasonable grounds to believe that the facility will be operated in compliance with this chapter and the rules or minimum standards promulgated under this chapter.

b. By the current licensee of the facility, alleging that termination of the receivership is merited for the reasons set forth in paragraph “a” of this subsection, but that the receiver has declined to
join in the petition for termination of the receivership.

4. Payment of the expenses of a receivership established under this section is the responsibility of the facility for which the receiver is appointed, unless the court directs otherwise. The expenses include, but are not limited to:
   a. Salary of the receiver.
   b. Expenses incurred by the facility for the continuing care of the residents of the facility.
   c. Expenses incurred by the facility for the maintenance of buildings and grounds of the facility.
   d. Expenses incurred by the facility in the ordinary course of business, such as employees’ salaries and accounts payable.

The receiver is not personally liable for the expenses of the facility during the receivership. The receiver is an employee of the state as defined in section 135C.8, while the facility is in receivership, provided these actions are not taken without approval of the receiver. Chapter 669 applies to all suits filed against the receiver.

5. This section does not:
   a. Preclude the sale or lease of a health care facility, and the transfer or assignment of the facility’s license in the manner prescribed by section 135C.8, while the facility is in receivership, provided these actions are not taken without approval of the receiver.
   b. Affect the civil or criminal liability of the licensee of the facility placed in receivership, for any actions and accounts payable the court approve surrender of the facility’s license to the department and subsequent return of control of the facility’s premises to the owners of the premises.

§135C.31 Discharge of Medicaid patients.
A resident of a health care facility shall not be discharged solely because the cost of the resident’s care is being paid under chapter 249A or because the resident’s source of payment is changing from private support to payment under chapter 249A.

§135C.31A Assessment of residents — program eligibility.
A health care facility receiving reimbursement through the medical assistance program under chapter 249A shall assist the Iowa department of veterans affairs in identifying, upon admission of a resident, the resident’s eligibility for benefits through the United States department of veterans affairs. The department of inspections and appeals, in cooperation with the department of human services, shall adopt rules to administer this section, including a provision that ensures that if a resident is eligible for benefits through the United States department of veterans affairs or other third-party payor, the payor of last resort for reimbursement to the health care facility is the medical assistance program. The rules shall also require the health care facility to request information from a resident or resident’s personal representative regarding the resident’s veteran status and to report to the Iowa department of veterans affairs only the names of residents identified as potential veterans along with the names of their spouses and any dependents. Information reported by the health care facility shall be verified by the Iowa department of veterans affairs. This section shall not apply to the admission of an individual to a state mental health institute for acute psychiatric care or to the admission of an individual to the Iowa veterans home.

§135C.32 Hospice services covered by Medicare.
The requirement that the care of a resident of a health care facility must be provided under the immediate direction of either the facility or the resident’s personal physician does not apply if all of the following conditions are met:
1. The resident is terminally ill.
2. The resident has elected to receive hospice services under the federal Medicare program from a Medicare certified hospice program.
3. The health care facility and the Medicare certified hospice program have entered into a written agreement under which the hospice program takes full responsibility for the professional management of the resident’s hospice care and the facility agrees to provide room and board to the resident.

§135C.33 Employees — child or dependent adult abuse information and criminal record checks — evaluations — application to other providers — penalty.
1. Prior to employment of a person in a facility, the facility shall request that the department of public safety perform a criminal history check and the department of human services perform child and dependent adult abuse record checks of the person in this state. A facility shall inform all persons prior to employment regarding the performance of the record checks and shall obtain, from the persons, a signed acknowledgment of the re-
cept of the information. A facility shall include the following inquiry in an application for employment:

"Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?"

2. a. If it is determined that a person being considered for employment in a facility has been convicted of a crime under a law of any state, the department of public safety shall notify the licensee that upon the request of the licensee the department of human services will perform an evaluation to determine whether the crime warrants prohibition of the person's employment in the facility.

b. If a department of human services child or dependent adult abuse record check shows that such person has a record of founded child or dependent adult abuse, the department of human services shall notify the licensee that upon the request of the licensee the department of human services will perform an evaluation to determine whether the founded child or dependent adult abuse warrants prohibition of employment in the facility.

c. An evaluation performed under this subsection shall be performed in accordance with procedures adopted by the department of human services.

d. (1) If a person owns or operates more than one facility and an employee of one of such facilities is transferred to another such facility without a lapse in employment, the facility is not required to request additional criminal and child and dependent adult abuse record checks of that employee.

(2) If the ownership of a facility is transferred, at the time of transfer the record checks required by this section shall be performed for each employee for whom there is no documentation that such record checks have been performed. The facility may continue to employ such employee pending the performance of the record checks and any related evaluation.

3. In an evaluation, the department of human services shall consider the nature and seriousness of the crime or founded child or dependent adult abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child or dependent adult abuse, the circumstances under which the crime or founded child or dependent adult abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child or dependent adult abuse again, and the number of crimes or founded child or dependent adult abuses committed by the person involved. If the department of human services performs an evaluation for the purposes of this section, the department of human services has final authority in determining whether prohibition of the person's employment is warranted.

4. a. Except as provided in paragraph "b" and subsection 2, a person who has committed a crime or has a record of founded child or dependent adult abuse shall not be employed in a facility licensed under this chapter unless an evaluation has been performed by the department of human services.

b. A person with a criminal or abuse record who is employed by a facility licensed under this chapter and is hired by another licensee without a lapse in employment shall be subject to the criminal history and abuse record checks required pursuant to subsection 1. If an evaluation was previously performed by the department of human services concerning the person's criminal or abuse record and it was determined that the record did not warrant prohibition of the person's employment and the latest record checks do not indicate a crime was committed or founded abuse record was entered subsequent to that evaluation, the person may commence employment with the other licensee while the department of human services' evaluation of the latest record checks is pending. Otherwise, the requirements of paragraph "a" remain applicable to the person's employment.

5. a. This section shall also apply to prospective employees of all of the following, if the provider is regulated by the state or receives any state or federal funding:

1. An employee of a homemaker, home-health aide, home care aide, adult day services, or other provider of in-home services if the employee provides direct services to consumers.

2. An employee of a hospice, if the employee provides direct services to consumers.

3. An employee who provides direct services to consumers under a federal home and community-based services waiver.

4. An employee of an elder group home certified under chapter 231B, if the employee provides direct services to consumers.

5. An employee of an assisted living program certified under chapter 231C, if the employee provides direct services to consumers.

b. In substantial conformance with the provisions of this section, prior to the employment of such an employee, the provider shall request the performance of the criminal and child and dependent adult abuse record checks. The provider shall inform the prospective employee and obtain the prospective employee's signed acknowledgment. The department of human services shall perform the evaluation of any criminal record or founded child or dependent adult abuse record and shall make the determination of whether a prospective employee of a provider shall not be employed by the provider.

6. a. The department of inspections and appeals, in conjunction with other departments and agencies of state government involved with crimi-
nal history and abuse registry information, shall establish a single contact repository for facilities and other providers to have electronic access to data to perform background checks for purposes of employment, as required of the facilities and other providers under this section.

b. The department may access the single contact repository for any of the following purposes:
   (1) To verify data transferred from the department’s nurse aide registry to the repository.
   (2) To conduct record checks of applicants for employment with the department.

7. a. If a person employed by a facility, service, or program employer that is subject to this section is convicted of a crime or has a record of founded child or dependent adult abuse entered in the abuse registry after the person’s employment application date, the person shall inform the employer of such information within forty-eight hours of the criminal conviction or entry of the record of founded child or dependent adult abuse. The employer shall act to verify the information within forty-eight hours of notification. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied by the employer to determine whether or not the person’s employment is continued. The employer may continue to employ the person pending the performance of an evaluation by the department of human services to determine whether prohibition of the person’s employment is warranted. A person who is required by this subsection to inform the person’s employer of a conviction or entry of an abuse record and fails to do so within the required period commits a serious misdemeanor.

b. If a facility, service, or program employer receives credible information, as determined by the employer, that a person employed by the employer has been convicted of a crime or a record of founded child or dependent adult abuse has been entered in the abuse registry after employment from a person other than the employee and the employee has not informed the employer of such information within forty-eight hours of the conviction or entry of the record of founded child or dependent adult abuse. The employer shall act to verify the information within forty-eight hours of receipt of the credible information. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied to determine whether or not the person’s employment is continued.

c. The employer may notify the county attorney for the county where the employer is located of any violation or failure by an employee to notify the employer of a criminal conviction or entry of an abuse record within the period required under paragraph “a”.

### 135C.34 Medication aide — certification.

The department of inspections and appeals, in cooperation with other appropriate agencies, shall establish a procedure to allow a person who is certified as a medication aide in another state to become certified in this state upon completion and passage of both the certified nurse aide and certified medication aide challenge examinations, without additional requirements for certification, including but not limited to, required employment in this state prior to certification. The department shall adopt rules pursuant to chapter 17A to administer this section.

### VIOLATIONS

135C.36 Violations classified — penalties.

Every violation by a health care facility of any provision of this chapter or of the rules adopted pursuant to it shall be classified by the department in accordance with this section. The department shall adopt and may from time to time modify, in accordance with chapter 17A rules setting forth so far as feasible the specific violations included in each classification and stating criteria for the classification of any violation not so listed.

1. A Class I violation is one which presents an imminent danger or a substantial probability of resultant death or physical harm to the residents of the facility in which the violation occurs. A physical condition or one or more practices in a facility may constitute a Class I violation. A Class I violation shall be abated or eliminated immediately unless the department determines that a stated period of time, specified in the citation issued under section 135C.40, is required to correct the violation. A licensee is subject to a penalty of not less than two thousand nor more than ten thousand dollars for each Class I violation for which the licensee’s facility is cited.

2. A Class II violation is one which has a direct or immediate relationship to the health, safety or security of residents of a health care facility, but which presents no imminent danger nor substantial probability of death or physical harm to them. A physical condition or one or more practices within a facility, including either physical abuse of any resident or failure to treat any resident with consideration, respect and full recognition of the resident’s dignity and individuality, in violation of a specific rule adopted by the department, may constitute a Class II violation. A violation of section 135C.14, subsection 8, or section 135C.31 and
rules adopted under those sections shall be at least a Class II violation and may be a Class I violation. A Class II violation shall be corrected within a stated period of time determined by the department and specified in the citation issued under section 135C.40. The stated period of time specified in the citation may subsequently be modified by the department for good cause shown. A licensee is subject to a penalty of not less than one hundred nor more than five hundred dollars for each Class II violation for which the licensee's facility is cited, however the director may waive the penalty if the violation is corrected within the time specified in the citation.

3. A Class III violation is any violation of this chapter or of the rules adopted pursuant to it which violation is not classified in the department's rules nor classifiable under the criteria stated in those rules as a Class I or a Class II violation. A licensee shall not be subject to a penalty for a Class III violation, except as provided by section 135C.40, subsection 1 for failure to correct the violation within a reasonable time specified by the department in the notice of the violation.

§135C.37 Complaints alleging violations — confidentiality.

A person may request an inspection of a health care facility by filing with the department, resident advocate committee of the facility, or the long-term care resident's advocate as established pursuant to section 231.42, a complaint of an alleged violation of applicable requirements of this chapter or the rules adopted pursuant to this chapter. A person alleging abuse or neglect of a resident with a developmental disability or with mental illness may also file a complaint with the protection and advocacy agency designated pursuant to section 135B.9 or section 135C.2. A person alleging abuse or neglect of a mental illness may also file a complaint with the department, resident advocate committee, or the long-term care resident's advocate as established pursuant to section 231.42, a complaint of an alleged violation of applicable requirements of this chapter or the rules adopted pursuant to this chapter. A person alleging abuse or neglect of a resident with a developmental disability or with mental illness may also file a complaint with the protection and advocacy agency designated pursuant to section 135B.9 or section 135C.2. A copy of a complaint filed with the resident advocate committee or the long-term care resident's advocate shall be forwarded to the department. The complaint shall state in a reasonably specific manner the basis of the complaint, and a statement of the nature of the complaint shall be delivered to the facility involved at the time of the inspection. The name of the person who files a complaint with the department, resident advocate committee, or the long-term care resident's advocate shall be kept confidential and shall not be subject to discovery, subpoena, or other means of legal compulsion for its release to a person other than department employees involved in the investigation of the complaint.

§135C.38 Inspections upon complaints.

1. a. Upon receipt of a complaint made in accordance with section 135C.37, the department or resident advocate committee shall make a preliminary review of the complaint. Unless the department or committee concludes that the complaint is intended to harass a facility or a licensee or is without reasonable basis, the department or committee shall make or cause to be made an on-site inspection of the health care facility which is the subject of the complaint within the time period determined pursuant to the following guidelines, which period shall commence on the date of receipt of the complaint:

(1) For nursing facilities, an on-site inspection shall be initiated as follows:
   (a) Within two working days for a complaint determined by the department or committee to be an alleged immediate jeopardy situation.
   (b) Within ten working days for a complaint determined by the department or committee to be an alleged high-level, nonimmediate jeopardy situation.
   (c) Within forty-five calendar days for a complaint determined by the department or committee to be an alleged nonimmediate jeopardy situation, other than a high-level situation.

(2) For all other types of health care facilities, an on-site inspection shall be initiated as follows:
   (a) Within two working days for a complaint determined by the department or committee to be an alleged immediate jeopardy situation.
   (b) Within twenty working days for a complaint determined by the department or committee to be an alleged high-level, nonimmediate jeopardy situation.
   (c) Within forty-five calendar days for a complaint determined by the department or committee to be an alleged nonimmediate jeopardy situation, other than a high-level situation.

b. The complaint investigation shall include, at a minimum, an interview with the complainant, the alleged perpetrator, and the victim of the alleged violation, if the victim is able to communicate, if the complainant, alleged perpetrator, or victim is identifiable, and if the complainant, alleged perpetrator, or victim is available. Additionally, witnesses who have knowledge of facts related to the complaint shall be interviewed, if identifiable and available. The names of witnesses may be obtained from the complainant or the victim. The files of the facility may be reviewed to ascertain the names of staff persons on duty at the time relevant to the complaint. The department shall apply a preponderance of the evidence standard in determining whether or not a complaint is substantiated. For the purposes of this subsection, "a preponderance of the evidence standard" means that the evidence, considered and compared with the evidence opposed to it, produces the belief in a
reasonable mind that the allegations are more likely true than not true. "A preponderance of the evidence standard" does not require that the investigator personally witnessed the alleged violation.

c. The department may refer to the resident advocate committee of a facility any complaint received by the department regarding that facility, for initial evaluation and appropriate action by the committee.

2. a. The complainant shall be promptly informed of the result of any action taken by the department or committee in the matter. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness.

b. Upon conclusion of the investigation, the department shall notify the complainant of the results. The notification shall include a statement of the factual findings as determined by the investigator, the statutory or regulatory provisions alleged to have been violated, and a summary of the reasons for which the complaint was or was not substantiated.

c. The department shall mail the notification to the complainant without charge. Upon the request of the complainant, the department shall mail to the complainant, without charge, a copy of the most recent final findings regarding compliance with licensing requirements by the facility against which the complaint was filed.

d. A person who is dissatisfied with any aspect of the department’s handling of the complaint may contact the long-term care resident’s advocate, established pursuant to section 231.42, or may contact the protection and advocacy agency designated pursuant to section 135C.2 if the complaint relates to a resident with a developmental disability or a mental illness.

3. An inspection made pursuant to a complaint filed under section 135C.37 need not be limited to the matter or matters included in the complaint. However, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection or unless in the course of the complaint investigation a violation is evident to the inspector. Upon arrival at the facility to be inspected, the inspector shall show identification to the person in charge of the facility and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department or committee, the complainant or the complainant’s representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of any resident of the facility to be inspected would otherwise be violated. The protection and dignity of the resident shall be given first priority by the inspector and others.

4. If upon an inspection of a facility by its resident advocate committee pursuant to this section, the committee advises the department of any circumstance believed to constitute a violation of this chapter or of any rule adopted pursuant to it, the committee shall similarly advise the facility at the same time. If the facility’s licensee or administrator disagrees with the conclusion of the committee regarding the supposed violation, an informal conference may be requested and if requested shall be arranged by the department as provided in section 135C.42 before a citation is issued. If the department thereafter issues a citation pursuant to the committee’s finding, the facility shall not be entitled to a second informal conference on the same violation and the citation shall be considered affirmed. The facility cited may proceed under section 135C.43 if it so desires.

[C77, 79, 81, §135C.38]

135C.39 No advance notice of inspection — exception.

No advance notice of an on-site inspection made pursuant to section 135C.38 shall be given the health care facility or the licensee thereof unless previously and specifically authorized in writing by the director or required by federal law. The person in charge of the facility shall be informed of the substance of the complaint at the commencement of the on-site inspection.

135C.40 Citations when violations found — penalties — exception.

1. If the director determines, based on the findings of an inspection or investigation of a health care facility, that the facility is in violation of this chapter or rules adopted under this chapter, the director within five working days after making the determination, may issue a written citation to the facility. The citation shall be served upon the facility personally or by certified mail, except that a citation for a Class III violation may be sent by ordinary mail. Each citation shall specifically describe the nature of the violation, identifying the Code section or subsection or the rule or standard violated, and the classification of the violation under section 135C.36. Where appropriate, the citation shall also state the period of time allowed for correction of the violation, which shall in each case
be the shortest period of time the department deems feasible. Failure to correct a violation within the time specified, unless the licensee shows that the failure was due to circumstances beyond the licensee's control, shall subject the facility to a further penalty of fifty dollars for each day that the violation continues after the time specified for correction.

2. When a citation is served upon or mailed to a health care facility under subsection 1 and the licensee of the facility is not actually involved in the daily operation of the facility, a copy of the citation shall be mailed to the licensee. If the licensee is a corporation, a copy of the citation shall be sent to the corporation's office of record. If the citation was issued pursuant to an inspection resulting from a complaint filed under section 135C.37, a copy of the citation shall be sent to the complainant at the earliest time permitted by section 135C.19, subsection 1.

3. No health care facility shall be cited for any violation caused by any practitioner licensed pursuant to chapter 148 if that practitioner is not the licensee of and is not otherwise financially interested in the facility and the licensee or the facility presents evidence that reasonable care and diligence have been exercised in notifying the practitioner of the practitioner's duty to the patients in the facility.

§135C.40, HEALTH CARE FACILITIES 1544

135C.42 Informal conference on contested citation.

The director shall assign a representative of the department, other than the inspector upon whose inspection the contested citation is based, to hold an informal conference with the facility within ten working days after receipt of a request made under section 135C.41, subsection 2. At the conclusion of the conference the representative may affirm or may modify or dismiss the citation. In the latter case, the representative shall state in writing the specific reasons for the modification or dismissal and immediately transmit copies of the statement to the director, and to the facility. If the facility does not desire to further contest an affirmed or modified citation, it shall within five working days after the informal conference, or after receipt of the written explanation of the representative, as the case may be, comply with section 135C.41, subsection 1.

135C.43 Formal contest — judicial review.

1. A facility which desires to contest a citation for a Class I violation, or to further contest an affirmed or modified citation for a Class II or Class III violation, may do so in the manner provided by chapter 17A for contested cases. Notice of intent to formally contest a citation shall be given the department in writing within five days after service of a citation for a Class I violation, or within five days after the informal conference or after receipt of the written explanation of the representative delegated to hold the informal conference, whichever is applicable, in the case of an affirmed or modified citation for a Class II or Class III violation. A facility which has exhausted all adequate administrative remedies and is aggrieved by the final action of the department may petition for judicial review in the manner provided by chapter 17A.

2. Hearings on petitions for judicial review brought under this section shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. The times for pleadings and for hearings in such actions shall be set by the judge of the court with the object of securing a decision in the matter at the earliest possible time.

135C.44 Treble fines for repeated violations.

The penalties authorized by section 135C.36 shall be trebled for a second or subsequent Class I or Class II violation occurring within any twelve-
month period if a citation was issued for the same Class I or Class II violation occurring within that period and a penalty was assessed therefor. [C77, 79, 81, §135C.44]

§135C.45 Refund of penalty.
If at any time a contest or appeal of any citation issued a health care facility under this chapter results in an order or determination that a penalty previously paid to or collected by the department must be refunded to the facility, the refund shall be made from any money in the state general fund not otherwise appropriated. [C77, 79, 81, §135C.45]

§135C.45A Notification penalty.
A person who notifies, or causes to be notified, a health care facility, of the time and date on which a survey or on-site inspection of the facility is scheduled, is subject to an administrative penalty of not less than one thousand dollars and not more than two thousand dollars.
90 Acts, ch 1039, §11

§135C.46 Retaliation by facility prohibited.
1. A facility shall not discriminate or retaliate in any way against a resident or an employee of the facility who has initiated or participated in any proceeding authorized by this chapter. A facility which violates this section is subject to a penalty of not less than two hundred fifty nor more than five thousand dollars, to be assessed and collected by the director in substantially the manner prescribed by sections 135C.40 to 135C.43 and paid into the state treasury to be credited to the general fund, or to immediate revocation of the facility's license.
2. Any attempt to expel from a health care facility a resident by whom or upon whose behalf a complaint has been submitted to the department under section 135C.37, within ninety days after the filing of the complaint or the conclusion of any proceeding resulting from the complaint, shall raise a rebuttable presumption that the action was taken by the licensee in retaliation for the filing of the complaint. §135C.47 Repealed by 98 Acts, ch 1141, § 3.

§135C.48 Information about complaint procedure.
The department shall make a continuing effort to inform the general public of the appropriate procedure to be followed by any person who believes that a complaint against a health care facility is justified and should be made under section 135C.37. [C77, 79, 81, §135C.48]

§135H.3 Nature of care.

§135H.6 Inspection — conditions for issuance.
The department shall issue a license to an applicant under this chapter if all the following conditions exist:

1. The department has ascertained that the applicant’s medical facilities and staff are adequate to provide the care and services required of a psychiatric institution.
2. The proposed psychiatric institution is accredited by the joint commission on the accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, the council on accreditation of services for families and children, or by any other recognized accrediting organization with comparable standards acceptable under federal regulation.

3. The applicant complies with applicable state rules and standards for a psychiatric institution adopted by the department in accordance with federal requirements under 42 C.F.R. § 441.150 – 441.156.

4. The applicant has been awarded a certificate of need pursuant to chapter 135, unless exempt as provided in this section.

5. The department of human services has submitted written approval of the application based on the department of human services’ determination of need. The department of human services shall identify the location and number of children in the state who require the services of a psychiatric medical institution for children. Approval of an application shall be based upon the location of the proposed psychiatric institution relative to the need for services identified by the department of human services and an analysis of the applicant’s ability to provide services and support consistent with requirements under chapter 232, particularly regarding community-based treatment. If the proposed psychiatric institution is not freestanding from a facility licensed under chapter 135B or 135C, approval under this subsection shall not be given unless the department of human services certifies that the proposed psychiatric institution is capable of providing a resident with a living environment similar to the living environment provided by a licensee which is freestanding from a facility licensed under chapter 135B or 135C.

6. The department of human services shall not give approval to an application which would cause the total number of beds licensed under this chapter for services reimbursed by the medical assistance program under chapter 249A to exceed four hundred thirty beds.

7. In addition to the beds authorized under subsection 6, the department of human services may establish not more than thirty beds licensed under this chapter at the state mental health institute at Independence. The beds shall be exempt from the certificate of need requirement under subsection 4.

8. The department of human services may give approval to conversion of beds approved under subsection 6, to beds which are specialized to provide substance abuse treatment. However, the total number of beds approved under subsection 6 and this subsection shall not exceed four hundred thirty. Conversion of beds under this subsection shall not require a revision of the certificate of need issued for the psychiatric institution making the conversion.

9. The proposed psychiatric institution is under the direction of an agency which has operated a facility licensed under section 237.3, subsection 2, paragraph “a”, as a comprehensive residential facility for children for three years or of an agency which has operated a facility for three years providing psychiatric services exclusively to children or adolescents and the facility meets or exceeds requirements for licensure under section 237.3, subsection 2, paragraph “a”, as a comprehensive residential facility for children.

10. A psychiatric institution licensed prior to July 1, 1999, may exceed the number of beds authorized under subsection 6 if the excess beds are used to provide services funded from a source other than the medical assistance program under chapter 249A. Notwithstanding subsections 4, 5, and 6, the provision of services using those excess beds does not require a certificate of need or a review by the department of human services.

11. If a child has an emotional, behavioral, or mental health disorder, the psychiatric institution does not require court proceedings to be initiated or that a child's parent, guardian, or custodian must terminate parental rights over or transfer legal custody of the child for the purpose of obtaining treatment from the psychiatric institution for the child. Relinquishment of a child's custody shall not be a condition of the child receiving services.

12. If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or with access to a child when the child is alone, by a licensed psychiatric institution, or if a person will reside in a facility utilized by a licensee, and if the person has been convicted of a crime or has a record of founded child abuse, the department of human services and the licensee, for an employee of the licensee, shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The department of human services
shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services.

b. If the department of human services determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a psychiatric institution licensed under this chapter, or resides in a licensed facility the department shall notify the program that an evaluation will be conducted to determine whether prohibition of the person's licensure, employment, or residence is warranted.

c. In an evaluation, the department of human services and the licensee for an employee of the licensee shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. The department may permit a person who is evaluated to be licensed, employed, or to reside, or to continue to be licensed, employed, or to reside in a licensed facility, if the person complies with the department's conditions relating to the person's licensure, employment, or residence, which may include completion of additional training. For an employee of a licensee, these conditional requirements shall be developed with the licensee. The department of human services has final authority in determining whether prohibition of the person's licensure, employment, or residence is warranted and in developing any conditional requirements under this paragraph.

3. If the department of human services determines that the person has committed a crime or has a record of founded child abuse which warrants prohibition of licensure, employment, or residence, the person shall not be licensed under this chapter to operate a psychiatric institution and shall not be employed by a psychiatric institution or reside in a facility licensed under this chapter.

4. In addition to the record checks required under subsection 2, the department of human services may conduct dependent adult abuse record checks in this state and may conduct these checks in other states, on a random basis. The provisions of subsections 2 and 3, relative to an evaluation following a determination that a person has been convicted of a crime or has a record of founded child abuse, shall also apply to a random dependent adult abuse record check conducted under this subsection.

5. Beginning July 1, 1994, a licensee shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

§135H.8 Denial, suspension, or revocation of license.

The department may deny an application or suspend or revoke a license if the department finds that an applicant or licensee has failed or is unable to comply with this chapter or the rules establishing minimum standards pursuant to this chapter or if any of the following conditions apply:

1. It is shown that a resident is a victim of cruelty or neglect due to the acts or omissions of the licensee.

3. An applicant or licensee acted to obtain or to retain a license by fraudulent means, misrepresentation, or submitting false information.

4. The licensee has willfully failed or neglected to maintain a continuing in-service education and training program for persons employed by the psychiatric institution.

5. The application involves a person who has failed to operate a psychiatric institution in compliance with the provisions of this chapter.

§135H.8A Provisional license.

The department may issue a provisional license, effective for not more than one year, to a licensee whose psychiatric institution does not meet the requirements of this chapter, if, prior to issuance of the license, written plans to achieve compliance with the applicable requirements are submitted to and approved by the department. The plans shall specify the deadline for achieving compliance.

§135H.9 Notice and hearings.

The procedure governing notice and hearing to deny an application or suspend or revoke a license shall be in accordance with rules adopted by the department pursuant to chapter 17A. 135H.10 Rules.

The department of inspections and appeals, in consultation with the department of human services and affected professional groups, shall adopt and enforce rules setting out the standards for a psychiatric medical institution for children and the rights of the residents admitted to a psychiatric institution. The department of inspections and appeals and the department of human services shall coordinate the adoption of rules and the enforcement of the rules in order to prevent duplication of effort by the departments and of requirements of the licensee.

2. This chapter shall not be construed as prohibiting the use of funds appropriated for foster care to provide payment to a psychiatric medical institution for children for the financial participation required of a child whose foster care placement is in a psychiatric medical institution for children. In accordance with established policies and procedures for foster care, the department of human services shall act to recover any such payment for financial participation, apply to be named payee for the child’s unearned income, and recommend parental liability for the costs of a court-ordered foster care placement in a psychiatric medical institution.

3. Except for those psychiatric medical institutions for children which are specialized to provide substance abuse treatment, unless expressly authorized in statute, the department of human services shall not include services provided by psychiatric medical institutions for children in any managed care contract.

1. Upon receipt of a complaint made in accordance with section 135H.11, the department shall make a preliminary review of the complaint. Unless the department concludes that the complaint is intended to harass a psychiatric institution or a licensee or is without reasonable basis, it shall within twenty working days of receipt of the complaint make or cause to be made an on-site inspection of the psychiatric institution which is the subject of the complaint. The department of inspections and appeals may refer to the department of human services any complaint received by the department if the complaint applies to rules adopted by the department of human services. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness. In any case, the complainant shall be promptly informed of the result of any action taken by the department in the matter.

2. An inspection made pursuant to a complaint filed under section 135H.11 need not be limited to the matter or matters referred to in the complaint; however, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection. Upon arrival at the psychiatric institution to be inspected, the inspector shall show identification to the person in charge of the psychiatric institution and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department, the complainant or the complainant’s representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of a resident of the psychiatric institution to be inspected would be violated. The dignity of the resident shall be given first priority by the inspector and others.

The department or the local board of health may request the county attorney to bring appropriate legal proceedings to enforce this chapter, including an action to enjoin violations. The attorney general may also institute appropriate legal proceedings at the request of the department. This remedy is in addition to any other legal remedy available to the department or a local board of health.

2007 Acts, ch 31, §1, 7

135N.2 Legislative intent and findings.

2. The general assembly finds inherited hemophilia and other bleeding and clotting disorders are devastating health conditions that can cause serious financial, social, and emotional hardships for patients and their families. Hemophilia and other bleeding and clotting disorders are incurable, so appropriate lifetime care and treatment are necessities for maintaining optimum health. Advancements in drug therapies are allowing individuals greater latitude in managing their conditions, fostering independence, and minimizing chronic complications. However, the rarity of these disorders coupled with the delicate processes for producing factors and administering anticoagulants makes treating these disorders extremely costly.

   h. One member who is a patient, or caregiver of a patient, with a bleeding disorder other than hemophilia.
   i. One member who is a patient, or caregiver of a patient, with a clotting disorder.
3. At least one of the appointments made pursuant to subsection 2, paragraphs "g", "h", and "i" shall be a patient with hemophilia, a bleeding disorder that is not hemophilia, or a clotting disorder. The committee appointments may be made notwithstanding sections 69.16 and 69.16A.

136C.2 Applicability.
This chapter applies to radiation machines and
radioactive material located in this state. The pro-
visions of this chapter do not supersede or dupli-
cate the authority and programs of any other
agency of the state or the United States govern-
tment. To avoid duplication and promote coordina-
tion of radiation protection activities, the depart-
ment may enter into agreements pursuant to
chapter 28E with other state and federal agencies,
or with private organizations or individuals, to ad-
mind this chapter.

136C.3 Duties of department.
The department is designated the state radi-
ation control agency and is responsible for regulat-
ing the installation and use of radiation machines
and the use of radioactive materials in this state
as provided in this chapter. The department shall:
1. Establish minimum criteria and safety
standards for the installation, operation, and use of radiation machines and radioactive materials.

2. a. Establish minimum training standards including continuing education requirements, and administer examinations and disciplinary procedures for operators of radiation machines and users of radioactive materials. A state of Iowa license to practice medicine, osteopathy,* chiropractic, podiatry, dentistry, dental hygiene, or veterinary medicine, or licensure as a physician assistant pursuant to chapter 148C, or certification by the board in dental radiography, or by the board of podiatry in podiatric radiography, or enrollment in a program or course of study approved by the Iowa department of public health which includes the application of radiation to humans satisfies the minimum training standards for operation of radiation machines only.

b. The department shall establish a technical advisory committee made up of four technologists, one of whom shall be a limited radiography instructor, one of whom shall represent nuclear medicine technologists, one of whom shall represent radiation therapists, and one of whom shall represent diagnostic radiographers; five physicians, including one radiologist, one chiropractor, one physician representing either radiation therapy or nuclear medicine, one podiatrist, and one private practitioner; and a representative of the department. The advisory committee shall assist the department in developing and establishing criteria for the administration of this subsection.

3. Develop programs for evaluation and control of hazards associated with the use of sources of radiation with due regard for compatibility of a proposed program with federal programs regulating byproduct, source, and special nuclear materials and considering consistency of a proposed program with federal programs for regulation of radiation machines.

4. Adopt, publish, and amend rules in accordance with chapter 17A as necessary for the implementation and enforcement of this chapter. The rules may provide for the licensing and control of radioactive materials with due regard for compatibility with federal regulatory programs.

5. Issue orders as necessary in connection with licensing and registration of radiation machines and radioactive materials.

6. Advise, consult, and cooperate with other agencies of the state, the federal government, other states and interstate agencies, political subdivisions, and other organizations concerned with control of sources of radiation.

7. Encourage, participate in, or conduct studies, investigations, training, research, and demonstrations relating to control of sources of radiation.

8. Collect and disseminate information relating to control of sources of radiation. The department shall maintain the following information on file:

a. License applications, issuances, denials, amendments, transfers, renewals, modifications, suspensions, and revocations.

b. A list of persons possessing sources of radiation requiring registration under this chapter and any administrative or judicial action involving each person.

c. Departmental rules relating to regulation of sources of radiation, existing or pending, and related actions.

9. Adopt rules requiring the keeping of such records with respect to activities under licenses and registration certificates issued pursuant to this chapter as the department determines necessary to effect the purposes of this chapter.

10. Adopt rules specifying the minimum training and performance standards for an individual using a radiation machine for mammography, and other rules necessary to implement section 136C.15. The rules shall complement federal requirements applicable to similar radiation machinery and shall not be less stringent than those federal requirements.

136C.4 Penalties.

1. It is unlawful to operate or use radiation machines or radioactive material in violation of this chapter or of any rule adopted pursuant to this chapter. Persons convicted of violating a provision of this chapter are guilty of a serious misdemeanor.

2. In addition to criminal penalties, the department may impose a civil penalty not to exceed one thousand dollars on a person who violates a provision of this chapter or a rule or order issued under this chapter, or a term, condition, or limitation of a license or registration certificate issued under this chapter, or who commits a violation for which a license or registration certificate may be revoked under rules issued pursuant to this chapter. Each day of continuing violation constitutes a separate offense in computing the civil penalty.

3. The department shall notify a person of the intent to impose a civil penalty against the person. The notice shall be by registered or certified mail to the person's last known address and shall state the date, facts, the nature of the act or omission leading to the charge, the specific statute, rule, or license or registration provision involved, and the amount of the penalty the department proposes to impose. The notice shall advise the person that upon failure to pay the civil penalty, the penalty may be collected by civil action. The person shall have the opportunity to respond in writing within a reasonable time as the department shall estab-
lish by rule, why the civil penalty should not be imposed.

4. The department may compromise, mitigate, or remit a civil penalty imposed under this section. A person upon whom a civil penalty is imposed may appeal the action pursuant to chapter 17A. The department shall remit moneys collected from civil penalties to the treasurer of state who shall deposit the moneys in the general fund of the state.

136C.5 Enforcement.

1. Upon determination by the department that this chapter or any rule adopted pursuant to this chapter has been or is being violated, the department may order that the radiation machine or radioactive material not be used until the necessary corrective action has been taken. If the use of the radiation machine or radioactive material continues in violation of the order of the department, the department may request the county attorney or the attorney general to make an application in the name of the state to the district court of the county in which the violations may have occurred for an order to enjoin the violations or practices.

2. The department may impound or order the impounding of radioactive material in the possession of a person who is not equipped to observe or fails to observe a provision of this chapter or of a rule adopted under this chapter.

3. The department may enter at reasonable times any private or public property to determine whether there is a violation of a provision of this chapter or of a rule issued under this chapter. However, the department must have the consent of the federal government before entering an area under the jurisdiction of the federal government.

4. The department may inspect records required to be kept under section 136C.3, subsection 9. Upon request of the department a person shall submit the records to the department for inspection.

136C.6 Reserved.

136C.7 Acceptance of funds.

The department may accept from any source loans, grants, gifts, or other funds to be used for programs authorized by this chapter.

136C.8 Inspections.

The department shall inspect all radiation machines and radioactive materials located in this state, for the purpose of detecting, abating, or eliminating excessive radiation exposure hazards. The inspection shall include but shall not be limited to an evaluation of the radiation machine or radioactive material as well as the immediate environment to ensure that in using the machines or materials all unnecessary hazards for patients, personnel, and other persons who may be exposed to radiation produced by the machine or materials are avoided. The inspection shall also include an evaluation of electrical hazards as well as the adequacy of mechanical supporting and restraining devices. All defects and deficiencies noted by the inspector shall be fully disclosed and discussed with the responsible persons at the time of inspection. The department shall establish rules prescribing operating procedures for radiation machines and radioactive materials to ensure minimum radiation exposure to patients, personnel, and other persons in the immediate environment.

84 Acts, ch 1286, §3

136C.9 Registration and license requirements.

1. The department shall establish by rule a system for the registration of the possession of radiation machines and for the licensing of radioactive materials in the state. The rules may provide for the issuance of the following licenses:

   a. General licenses which do not require the filing of an application or the issuance of a document but do permit designated persons to transfer, acquire, own, possess, or use quantities of or equipment using radioactive materials.

   b. Specific licenses issued upon application to a person named in the license to use, manufacture, produce, transfer, receive, acquire, or possess quantities of or equipment using radioactive material. Applicants requesting radioactive materials in quantities of concern, as identified by the United States nuclear regulatory commission, shall submit fingerprints to the United States nuclear regulatory commission for a background check of all individuals authorized for unescorted access to such material.

2. The department may exempt certain sources of radiation or kinds of uses or users from the licensing or registration requirements when the department finds that the exemption of the source of radiation, use, or users will not pose a significant risk to the health and safety of the public. The rules may provide for recognition of other state or federal licenses as the department may allow, subject to registration requirements as the department may prescribe.

3. A person shall not use, manufacture, produce, distribute, sell, transport, transfer, install, repair, receive, acquire, own, or possess any radioactive material without a license from the department as provided in this chapter.

136C.10 Fees.
1. a. The department shall establish and collect fees for the licensing and amendment of licenses for radioactive materials, the registration of radiation machines, the periodic inspection of radiation machines and radioactive materials, and the implementation of section 136C.3, subsection 2. Fees shall be in amounts sufficient to defray the cost of administering this chapter. The license fee may include the cost of environmental surveillance activities to assess the radiological impact of activities conducted bylicensees.
b. When a registrant or licensee fails to pay the applicable fee the department may suspend or revoke the registration or license or may issue an appropriate order. Fees for the license, amendment of a license, and inspection of radioactive material shall not exceed the fees prescribed by the United States nuclear regulatory commission.
2. The department may establish and collect a fee related to transporting radioactive material if the fee is used for a purpose related to transporting radioactive material, including enforcement and planning, developing, and maintaining a capability for emergency response. The fees shall be established by rules adopted pursuant to chapter 17A.
3. The department may establish and collect fees from persons providing mammography services to assure compliance with applicable rules and the federal Mammography Quality Standards Act of 1992, Pub. L. No. 102-539, as amended. Fees shall be in an amount determined by the department by rule and all fees collected shall be used to support the department’s mammography program.
4. Fees collected pursuant to this section shall be retained by the department, shall be considered repayment receipts as defined in section 8.2, and shall be used for the purposes described in this section, including but not limited to the addition of full-time equivalent positions for program services and investigations. Notwithstanding section 8.33, moneys retained by the department pursuant to this subsection are not subject to reversion to the general fund of the state.

1. The governor, on behalf of the state, may enter into an agreement with the United States nuclear regulatory commission pursuant to section 274b of the Atomic Energy Act of 1954, as amended to July 1, 1984, providing for the discontinuation of certain federal licensing and related regulatory authority over byproduct, source, and special nuclear material and the assumption of regulatory authority over these materials by the state.
2. A person who, on the effective date of an agreement made under subsection 1, possesses a license issued by the United States nuclear regulatory commission for radioactive material that comes under the agreement is considered to possess the license required under this chapter. The license shall expire either ninety days after receipt from the department of a notice of expiration of the license, or on the date of expiration specified in the license issued by the nuclear regulatory commission, whichever is earlier.
84 Acts, ch 1286, §6

136C.12 Conflicting laws.
This chapter does not preempt ordinances, resolutions, or rules of a local government or of a state agency relating to radioactive material that are consistent with this chapter. This chapter does not give the department the authority to regulate a facility for the disposal of low-level radioactive waste as defined in article II of section 457B.1.
84 Acts, ch 1286, §7

136C.13 Emergencies.
If the department finds that an emergency exists involving radioactive material or radiation machines that requires immediate action to protect the public health and safety, the department may, without notice or hearing, issue an order stating that an emergency exists and requiring that action be taken as necessary to meet the emergency. An emergency order shall be effective immediately. A person to whom the order is directed shall comply with the order immediately, but on application to the department shall be afforded a hearing within ten days of the date application is made. The emergency order may be continued, modified, or revoked within thirty days after the hearing, based on the evidence presented at the hearing.
84 Acts, ch 1286, §8

136C.14 Qualified operators — display of credentials.
1. A person, other than a licensed professional, shall not operate a radiation machine or use radioactive materials for medical treatment or diagnostic purposes unless that person has completed a course of instruction approved by the department or has otherwise met the minimum training requirement established by the department.
2. A person, other than a licensed professional, who operates a radiation machine or uses radioactive materials for medical treatment or diagnostic purposes shall display the credentials which indicate that person’s qualification to operate the machine or use the materials in the immediate vicinity of the machine or where the materials are stored. A person who owns or controls the ma-
machine or materials is also responsible for the proper display of credentials of those who operate the machine or use the materials and shall not employ a person to operate the machine or use the materials for medical treatment or diagnostic purposes except as provided in this section.

84 Acts, ch 1286, §9; 85 Acts, ch 195, §17

136C.15 Radiation machines used for mammography — registration standards and requirements — application for authority — inspection.
1. A person shall not use a radiation machine to perform mammography unless the radiation machine is registered with the department pursuant to the department's rules and is specifically authorized for use for mammography as provided in this section.

2. The department shall authorize a radiation machine for use for mammography if the radiation machine meets all of the following:
   a. The radiation machine meets the criteria for a mammography accreditation program approved by the United States food and drug administration. The department shall make copies of those criteria available to the public and may by rule adopt modified criteria. The department may accept an evaluation report issued by such an approved accreditation program as evidence that a radiation machine meets those criteria. If at any time the department determines that it will not accept any evaluation reports issued by such an approved accreditation program as evidence that a radiation machine meets those criteria, the department shall promptly notify each person who has registered a radiation machine under this paragraph.
   b. The radiation machine, the film or other image receptor used in the radiation machine, and the facility where the radiation machine is used meet the requirements set forth in department rules for radiation machines.
   c. The radiation machine is specifically designed to perform mammography.
   d. The radiation machine is used in a facility that does all of the following:
      (1) At least annually has a qualified radiation physicist provide on-site consultation to the facility, including, but not limited to, a complete evaluation of the entire mammography system to ensure compliance with this section and the rules adopted pursuant to this section.
      (2) Maintains for at least seven years, records of the consultation required in subparagraph (1) and the findings of the consultation.
   e. The radiation machine is used according to the department rules on patient radiation exposure and radiation dose levels.
   f. The radiation machine is operated only by an individual who can demonstrate to the department that the individual is specifically trained in mammography and meets the standards established in this section, or an individual who is a physician or an osteopathic physician.

3. The department may issue a nonrenewable temporary authorization for a radiation machine for use for mammography if additional time is needed to allow submission of evidence satisfactory to the department that the radiation machine meets the standards set forth in subsection 2 for approval for mammography. A temporary authorization granted under this subsection shall be effective for no more than twelve months. The department may withdraw a temporary authorization prior to its expiration if the radiation machine does not meet one or more of the standards set forth in subsection 2.

4. To obtain authorization from the department to use a radiation machine for mammography, the person who owns or leases the radiation machine or an authorized agent of the person shall apply to the department for mammography authorization on an application form provided by the department and shall provide all of the information required by the department as specified on the application form. A person who owns or leases more than one radiation machine used for mammography shall obtain authorization for each radiation machine. The department shall process and respond to an application within thirty days after the date of receipt of the application. Upon determining to grant mammography authorization for a radiation machine, the department shall issue a certificate of registration specifying the mammography authorization. A mammography authorization is effective for three years.

5. The department shall annually inspect each authorized radiation machine and may inspect the radiation machine more frequently. The department shall make reasonable efforts to coordinate the inspections under this section with the department's other inspections of the facility in which the radiation machine is located.

6. After each satisfactory inspection by the department, the department shall issue a written proof of inspection or a similar document identifying the facility and radiation machine inspected and providing a record of the date the radiation machine was inspected.

7. The department may withdraw the mammography authorization for a radiation machine if it does not meet one or more of the standards set forth in subsection 2.

8. The department shall provide an opportunity for a hearing in connection with a denial or withdrawal of mammography authorization.

9. Upon a finding that a deficiency in a radiation machine used for mammography or a violation of this section or the rules adopted pursuant to this section seriously affects the health, safety, and welfare of individuals upon whom the radiation machine is used for mammography, the de—
partment may issue an emergency order summarily withdrawing the mammography authorization of the radiation machine. The department shall incorporate its findings in the order and shall provide an opportunity for a hearing within five working days after issuance of the order. The order shall be effective during the proceedings.

10. If the department withdraws the mammography authorization of a radiation machine, the radiation machine shall not be used for mammography. An application for reinstatement of a mammography authorization shall be filed and processed in the same manner as an application for mammography authorization under subsection 4, except that the department shall not issue a reinstated certificate of registration specifying the mammography authorization until the department inspects the radiation machine and determines that it meets the standards set forth in subsection 2. The department shall conduct an inspection required under this subsection no later than sixty days after receiving a proper application for reinstatement of a mammography authorization.

11. The department shall establish fees pursuant to section 136C.10 for the application for authorization and the inspection related to a radiation machine used for mammography.

1. a. Notwithstanding any provision of this chapter to the contrary, if a care provider sustains an exposure from an individual while rendering health care services or other services, the individual to whom the care provider was exposed is deemed to consent to a test to determine if the individual has a contagious or infectious disease and is deemed to consent to notification of the care provider of the results of the test, upon submission of an exposure report by the care provider to the hospital or other person specified in this section to whom the individual is delivered by the care provider. The exposure report form may be incorporated into the Iowa prehospital care report, the
b. The hospital or other person specified in this section to whom the individual is delivered shall conduct the test. If the individual is delivered by the care provider to an institution administered by the Iowa department of corrections, the test shall be conducted by the staff physician of the institution. If the individual is delivered by the care provider to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. The sample and test results shall only be identified by a number and shall not otherwise identify the individual tested.

c. A hospital, institutions administered by the department of corrections, and jails shall have written policies and procedures for notification of a care provider under this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. The identity of the designated representative of the care provider shall not be revealed to the individual tested. The designated representative shall inform the hospital, institution administered by the department of corrections, or jail of those parties who received the notification, and following receipt of this information and upon request of the individual tested, the hospital, institution administered by the department of corrections, or jail shall inform the individual of the parties to whom notification was provided.

d. Notwithstanding any other provision of law to the contrary, a care provider may transmit cautions regarding contagious or infectious disease information in the course of the care provider’s duties over the radio police broadcasting system under chapter 693 or any other radio-based communications system if the information transmitted does not personally identify an individual.

2. If the individual tested or confirmed as having a contagious or infectious disease, the hospital or other person conducting the test shall notify the care provider and the designated representative of the care provider who shall then notify the care provider.

3. The notification to the care provider shall advise the care provider of possible exposure to a particular contagious or infectious disease and recommend that the care provider seek medical attention. The notification shall be provided as soon as is reasonably possible following determination that the individual has a contagious or infectious disease. The notification shall not include the name of the individual tested for the contagious or infectious disease unless the individual consents. If the care provider who sustained an exposure determines the identity of the individual diagnosed or confirmed as having a contagious or infectious disease, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual diagnosed with or confirmed as having a contagious or infectious disease.

4. This section does not require or permit, unless otherwise provided, a hospital, health care provider, or other person to administer a test for the express purpose of determining the presence of a contagious or infectious disease, except that testing may be performed if the individual consents and if the requirements of this section are satisfied.

5. This section does not preclude a hospital or a health care provider from providing notification to a care provider under circumstances in which the hospital’s or health care provider’s policy provides for notification of the hospital’s or health care provider’s own employees of exposure to a contagious or infectious disease that is not life threatening if the notice does not reveal a patient’s name, unless the patient consents.

6. A hospital, health care provider, or other person participating in good faith in complying with provisions authorized or required under this section is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

7. A hospital’s or health care provider’s duty of notification under this section is not continuing but is limited to a diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of health care services or other services to which notification under this section applies.

8. A hospital, health care provider, or other person who is authorized to perform a test under this section who performs the test in compliance with this section or who fails to perform the test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

9. A hospital, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the test authorized.

10. The department shall adopt rules pursuant to chapter 17A to administer this section. The department may determine by rule the contagious or infectious diseases for which testing is reasonable and appropriate and which may be administered under this section.

11. The employer of a care provider who sustained an exposure under this section shall pay the costs of testing for the individual who is the source of the exposure and of the testing of the care provider, if the exposure was sustained during the course of employment. However, the department shall pay the costs of testing for the individual who is the source of the significant exposure and of the testing of the care provider who renders direct aid

§139A.22 Prevention of transmission of HIV or HBV to patients.
1. A hospital shall adopt procedures requiring the establishment of protocols applicable on a case-by-case basis to a health care provider determined to be infected with HIV or HBV who ordinarily performs exposure-prone procedures as determined by an expert review panel, within the hospital setting. The protocols established shall be in accordance with the recommendations issued by the centers for disease control and prevention of the United States department of health and human services. The expert review panel may be an established committee of the hospital. The procedures may provide for referral of the health care provider to the expert review panel established by the department pursuant to subsection 3 for establishment of the protocols. The procedures shall require reporting noncompliance with the protocols by a health care provider to the licensing board with jurisdiction over the relevant health care providers.

2. A health care facility shall adopt procedures in accordance with recommendations issued by the centers for disease control and prevention of the United States department of health and human services, applicable to a health care provider determined to be infected with HIV or HBV who ordinarily performs or assists with exposure-prone procedures within the health care facility. The procedures shall require reporting noncompliance with the protocols by the health care provider to the expert review panel established by the department pursuant to subsection 3.

3. The department shall establish an expert review panel to determine on a case-by-case basis under what circumstances, if any, a health care provider determined to be infected with HIV or HBV practicing outside the hospital setting or referred to the panel by a hospital or health care facility may perform exposure-prone procedures. If a health care provider determined to be infected with HIV or HBV does not comply with the determination of the expert review panel, the panel shall report the noncompliance to the licensing board with jurisdiction over the health care provider. A determination of an expert review panel pursuant to this section is a final agency action appealable pursuant to section 17A.19.

4. The health care provider determined to be infected with HIV or HBV, who works in a hospital...
setting, may elect either the expert review panel established by the hospital or the expert review panel established by the department for the purpose of making a determination of the circumstances under which the health care provider may perform exposure-prone procedures.

5. A health care provider determined to be infected with HIV or HBV shall not perform an exposure-prone procedure except as approved by the expert review panel established by the department pursuant to subsection 3, or in compliance with the protocol established by the hospital pursuant to subsection 1 or the procedures established by the health care facility pursuant to subsection 2.

6. The board of medicine, the board of physician assistants, the board of podiatry, the board of nursing, the dental board, and the board of optometry shall require that licensees comply with the recommendations issued by the centers for disease control and prevention of the United States department of health and human services for preventing transmission of human immunodeficiency virus and hepatitis B virus to patients during exposure-prone invasive procedures, with the recommendations of the expert review panel established pursuant to subsection 3, with hospital protocols established pursuant to subsection 1, and with health care facility procedures established pursuant to subsection 2, as applicable.

7. Information relating to the HIV status of a health care provider is confidential and subject to the provisions of section 141A.9. A person who intentionally or recklessly makes an unauthorized disclosure of such information is subject to a civil penalty of one thousand dollars. The attorney general or the attorney general’s designee may maintain a civil action to enforce this section. Proceedings maintained under this section shall provide for the anonymity of the health care provider and all documentation shall be maintained in a confidential manner. Information relating to the HBV status of a health care provider is confidential and shall not be accessible to the public. Information regulated by this section, however, may be disclosed to members of the expert review panel established by the department or a panel established by hospital protocol under this section. The information may also be disclosed to the appropriate licensing board by filing a report as required by this section. The licensing board shall consider the report a complaint subject to the confidentiality provisions of section 272C.6. A licensee, upon the filing of a formal charge or notice of hearing by the licensing board based on such a complaint, may seek a protective order from the board.

8. The expert review panel established by the department and individual members of the panel shall be immune from any liability, civil or criminal, for reasonable actions taken in the good faith performance of functions authorized or required by this section. A hospital, an expert review panel established by the hospital, and individual members of the panel shall be immune from any liability, civil or criminal, for reasonable actions taken in the good faith performance of functions authorized or required by this section. Complaints, investigations, reports, deliberations, and findings of the hospital and its panel with respect to a named health care provider suspected, alleged, or found to be in violation of the protocol required by this section constitute peer review records under section 147.135, and are subject to the specific confidentiality requirements and limitations of that section.

139A.23 Contingent repeal.
If the provisions of Pub. L. No. 102-141 relating to requirements for prevention of transmission of HIV or HBV to patients in the performance of exposure-prone procedures are repealed, section 139A.22 is repealed.

A person who is under the care and treatment of a health care provider for the suspected condition shall not be subjected to such examination. If a person suspected of having a sexually transmitted disease or infection refuses to submit to an examination voluntarily, application may be made by the local board to the district court for an order compelling the person to submit to examination and, if infected, to treatment. **141A.6 HIV-related conditions — consent, testing, and reporting — penalty.**

1. Prior to undergoing an HIV-related test, information shall be available to the subject of the test concerning testing and any means of obtaining additional information regarding HIV infection and risk reduction. If an individual signs a general consent form for the performance of medical tests or procedures, the signing of an additional consent form for the specific purpose of consenting to an HIV-related test is not required during the time in which the general consent form is in effect. If an individual has not signed a general consent form for the performance of medical tests and procedures or the consent form is no longer in effect, a health care provider shall obtain oral or written consent prior to performing an HIV-related test. If an individual is unable to provide consent, the individual’s legal guardian may provide consent. If the individual’s legal guardian cannot be located or is unavailable, a health care provider may authorize the test when the test results are necessary for diagnostic purposes to provide appropriate urgent medical care.

2. Within seven days of the receipt of a test result indicating HIV infection which has been confirmed as positive according to prevailing medical technology or immediately after the initial examination or treatment of an individual infected with HIV, the physician or other health care provider at whose request the test was performed or who performed the initial examination or treatment shall make a report to the department on a form provided by the department.

3. Within seven days of diagnosing a person as having AIDS or an AIDS-related condition, the diagnosing physician shall make a report to the department on a form provided by the department.

4. Within seven days of the death of a person with HIV infection, the attending physician shall make a report to the department on a form provided by the department.

5. Within seven days of the receipt of a test result indicating HIV infection which has been confirmed as positive according to prevailing medical technology, the director of a blood bank shall make a report to the department on a form provided by the department.

6. Within seven days of the receipt of a test result that is indicative of HIV, the director of a clinical laboratory shall make a report to the department on a form provided by the department.

7. The forms provided by the department shall require inclusion of all of the following information:

   a. The name of the patient.
   b. The address of the patient.
   c. The patient’s date of birth.
   d. The gender of the patient.
   e. The race and ethnicity of the patient.
   f. The patient’s marital status.
   g. The patient’s telephone number.
   h. If an HIV-related test was performed, the name and address of the laboratory or blood bank.
   i. If an HIV-related test was performed, the date the test was found to be positive and the collection date.
   j. If an HIV-related test was performed, the name of the physician or health care provider who performed the test.
   k. If the patient is female, whether the patient is pregnant.

8. An individual who repeatedly fails to file the report required under this section is subject to a report being made to the licensing board governing the professional activities of the individual. The department shall notify the individual each time the department determines that the individual has failed to file a required report. The department shall inform the individual in the notification that the individual may provide information to the department to explain or dispute the failure to report.

9. A public, private, or hospital clinical laboratory that repeatedly fails to make the report required under this section is subject to a civil penal-
ty of not more than one thousand dollars per occurrence. The department shall not impose the penalty under this subsection without prior written notice and opportunity for hearing.

141A.7 Test results — counseling — application for services.

1. At any time that the subject of an HIV-related test is informed of confirmed positive test results, counseling concerning the emotional and physical health effects shall be initiated. Particular attention shall be given to explaining the need for the precautions necessary to avoid transmitting the virus. The subject shall be given information concerning additional counseling. If the legal guardian of the subject of the test provides consent to the test pursuant to section 141A.6, the provisions of this subsection shall apply to the legal guardian.

2. Notwithstanding subsection 1, the provisions of this section do not apply to any of the following:

a. The performance by a health care provider or health facility of an HIV-related test when the health care provider or health facility procures, processes, distributes, or uses a human body part donated for a purpose specified under the revised uniform anatomical gift Act as provided in chapter 142C, or semen provided prior to July 1, 1988, for the purpose of artificial insemination, or donations of blood, and such test is necessary to ensure medical acceptability of such gift or semen for the purposes intended.

b. A person engaged in the business of insurance who is subject to section 505.16.

c. The performance by a health care provider or health facility of an HIV-related test when the subject of the test is deceased and a documented significant exposure has occurred.

d. The performance by a health care provider or health facility of an HIV-related test when the subject of the test is unable to provide consent and the health care provider or health care facility provides consent for the patient pursuant to section 141A.6.

3. A person may apply for voluntary treatment, contraceptive services, or screening or treatment for HIV infection and other sexually transmitted diseases directly to a licensed physician and surgeon, an osteopathic physician and surgeon, or a family planning clinic. Notwithstanding any other provision of law, however, a minor shall be informed prior to testing that, upon confirmation according to prevailing medical technology of a positive HIV-related test result, the minor's legal guardian is required to be informed by the testing facility. Testing facilities where minors are tested shall have available a program to assist minors and legal guardians with the notification process which emphasizes the need for family support and assists in making available the resources necessary to accomplish that goal. However, a testing facility which is precluded by federal statute, regulation, or centers for disease control and prevention guidelines from informing the legal guardian is exempt from the notification requirement. The minor shall give written consent to these procedures and to receive the services, screening, or treatment. Such consent is not subject to later disaffirmance by reason of minority.

141A.8 Care provider notification.

1. a. Notwithstanding any provision of this chapter to the contrary, if a care provider sustains a significant exposure from an individual, the individual to whom the care provider was exposed is deemed to consent to a test to determine the presence of HIV infection in that individual and is deemed to consent to notification of the care provider of the HIV test results of the individual, upon submission of a significant exposure report by the care provider as provided by rule.

b. The hospital or clinic in which the exposure occurred or any other person specified in this section to whom the individual is delivered shall conduct the test. If the individual is delivered by the care provider to an institution administered by the Iowa department of corrections, the test shall be conducted by the staff physician of the institution. If the individual is delivered by the care provider to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. The sample and test results shall only be identified by a number.

c. A hospital, institutions administered by the department of corrections, and jails shall have written policies and procedures for notification of a care provider under this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. The identity of the designated representative of the care provider shall not be revealed to the individual tested. The designated representative shall inform the hospital, institution administered by the department of corrections, or jail of those parties who received the notification, and following receipt of this information and upon request of the individual tested, the hospital, institution administered by the department of corrections, or jail shall inform the individual of the parties to whom notification was provided.

2. a. If the test results are positive, the hospital or other person performing the test shall notify the subject of the test and ensure the performance of counseling and reporting requirements of this chapter in the same manner as for an individual from whom actual consent was obtained. The report to the department required pursuant to sec-
tion 141A.6 shall include the name of the individual tested.

b. If the HIV test results of the subject of the test are positive, the hospital or other person performing the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider who sustained the exposure.

c. The notification shall be provided as soon as is reasonably possible following determination that the HIV test results of the subject of the test are positive. The notification shall not include the name of the individual tested for HIV infection unless the individual provides a specific written release. If the care provider who sustained the significant exposure determines the identity of the individual tested, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual tested.

3. This section does not preclude a hospital or health care provider from providing notification to a care provider under circumstances in which the hospital’s or health care provider’s policy provides for notification of the hospital’s or health care provider’s own employees of exposure to HIV infection if the notice does not reveal a patient’s name, unless the patient consents.

4. A hospital, health care provider, or other person participating in good faith in making a report under the notification provisions of this section, under procedures similar to this section for notification of its own employees upon filing of a significant exposure report, or in failing to make a report under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

5. A hospital’s or health care provider’s duty to notify under this section is not continuing but is limited to the diagnosis of HIV infection made in the course of admission, care, and treatment following the rendering of health care services or other services to the individual with the infection to which notification under this section applies.

6. Notwithstanding subsection 5, if, following discharge from or completion of care or treatment by a hospital, an individual for whom a significant exposure report was submitted but which report did not result in notification, wishes to provide information regarding the individual’s HIV infection status to the care provider who submitted the report, the hospital shall provide a procedure for notifying the care provider.

7. A hospital, health care provider, or other person who is authorized to perform an HIV test under this section, who performs the HIV test in compliance with this section or who fails to perform an HIV test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

8. A hospital, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the HIV test authorized.

9. The employer of a care provider who sustained a significant exposure under this section shall pay the costs of HIV testing for the individual who is the source of the significant exposure and of the testing and counseling of the care provider, if the significant exposure was sustained during the course of employment. However, the department shall assist an individual who is the source of the significant exposure in finding resources to pay for the cost of the HIV test, and shall assist a care provider who renders direct aid without compensation in finding resources to pay for the cost of the testing and counseling.

141A.9 Confidentiality of information.

1. Any information, including reports and records, obtained, submitted, and maintained pursuant to this chapter is strictly confidential medical information. The information shall not be released, shared with an agency or institution, or made public upon subpoena, search warrant, discovery proceedings, or by any other means except as provided in this chapter. A person shall not be compelled to disclose the identity of any person upon whom an HIV-related test is performed, or the results of the test in a manner which permits identification of the subject of the test, except to persons entitled to that information under this chapter.

2. HIV-related test results shall be made available for release to the following individuals or under the following circumstances:

a. To the subject of the test or the subject’s legal guardian subject to the provisions of section 141A.7, subsection 3, when applicable.

b. To any person who secures a written release of test results executed by the subject of the test or the subject’s legal guardian.

c. To an authorized agent or employee of a health facility or health care provider, if the health facility or health care provider ordered or participated in the testing or is otherwise authorized to obtain the test results, the agent or employee provides patient care or handles or processes samples, and the agent or employee has a medical need to know such information.

d. To a health care provider providing care to the subject of the test when knowledge of the test results is necessary to provide care or treatment.

e. To the department in accordance with reporting requirements for an HIV-related condition.

f. To a health facility or health care provider which procures, processes, distributes, or uses a human body part from a deceased person with respect to medical information regarding that per-
son, or semen provided prior to July 1, 1988, for the purpose of artificial insemination.

g. To a person allowed access to an HIV-related test result by a court order which is issued in compliance with the following provisions:

(1) A court has found that the person seeking the test results has demonstrated a compelling need for the test results which need cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for disclosure against the privacy interest of the test subject and the public interest which may be disturbed by disclosure due to its deterrent effect on future testing or due to its effect in leading to discrimination.

(2) Pleadings pertaining to disclosure of test results shall substitute a pseudonym for the true name of the subject of the test. The disclosure to the parties of the subject's true name shall be communicated confidentially in documents not filed with the court.

(3) Before granting an order, the court shall provide the person whose test results are in question with notice and a reasonable opportunity to participate in the proceedings if the person is not already a party.

(4) Court proceedings as to disclosure of test results shall be conducted in camera unless the subject of the test agrees to a hearing in open court or unless the court determines that a public hearing is necessary to the public interest and the proper administration of justice.

(5) Upon the issuance of an order to disclose test results, the court shall impose appropriate safeguards against unauthorized disclosure, which shall specify the persons who may gain access to the information, the purposes for which the information shall be used, and appropriate prohibitions on future disclosure.

h. To an employer, if the test is authorized to be required under any other provision of law.

i. Pursuant to section 915.43, to a convicted or alleged sexual assault offender; the physician or other health care provider who orders the test of a convicted or alleged offender; the victim; the parent, guardian, or custodian of the victim if the victim is a minor; the physician of the victim if requested by the victim; the victim counselor or person requested by the victim to provide counseling regarding the HIV-related test and results; the victim's spouse; persons with whom the victim has engaged in vaginal, anal, or oral intercourse subsequent to the sexual assault; members of the victim's family within the third degree of consanguinity; and the county attorney who may use the results as evidence in the prosecution of sexual assault under chapter 915, subchapter IV, or prosecution of the offense of criminal transmission of HIV under chapter 709C. For the purposes of this paragraph, "victim" means victim as defined in section 915.40.

j. To employees of state correctional institutions subject to the jurisdiction of the department of corrections, employees of secure facilities for juveniles subject to the department of human services, and employees of city and county jails, if the employees have direct supervision over inmates of those facilities or institutions in the exercise of the duties prescribed pursuant to section 80.9B.

3. Release may be made of medical or epidemiological information for statistical purposes in a manner such that no individual person can be identified.

4. Release may be made of medical or epidemiological information to the extent necessary to enforce the provisions of this chapter and related rules concerning the treatment, control, and investigation of HIV infection by public health officials.

5. Release may be made of medical or epidemiological information to medical personnel to the extent necessary to protect the health or life of the named party.

6. Release may be made of test results concerning a patient pursuant to procedures established under section 141A.5, subsection 2, paragraph "c".

CHAPTER 142A
TOBACCO USE PREVENTION AND CONTROL

142A.1 Tobacco use prevention and control partnership — purpose and intent.
1. The purpose of this chapter is to establish a comprehensive partnership among the general assembly, the executive branch, communities, and the people of Iowa in addressing the prevalence of tobacco use in the state.
2. It is the intent of the general assembly that the comprehensive tobacco use prevention and control initiative established in this chapter will specifically address reduction of tobacco use by youth and pregnant women, promotion of compliance by minors and retailers with tobacco sales laws and ordinances, and enhancement of the capacity of youth to make healthy choices. The initiative shall allow extensive involvement of youth in attaining these results.
3. It is also the intent of the general assembly that the comprehensive tobacco use prevention and control initiative will foster a social and legal climate in which tobacco use becomes undesirable and unacceptable, in which role models and those who influence youth promote healthy social norms and demonstrate behavior that counteracts the glamorization of tobacco use, and in which tobacco becomes less accessible to youth. The intent of the general assembly shall be accomplished by engaging all who are affected by the use of tobacco in the state, including smokers and nonsmokers, youth, and adults.

142C.3 Persons who may make — manner of making — amending or revoking — refusal to make anatomical gift before donor’s death — preclusive effect.

1. Who may make. Subject to subsection 5, an anatomical gift of a donor’s body or part may be made during the life of the donor for the purposes of transplantation, therapy, research, or education in the manner prescribed in subsection 2 by any of the following:

a. The donor if the donor is any of the following:
   (1) An adult.
   (2) A minor, if the minor is emancipated.
   (3) A minor, if the minor is authorized under state law to apply for a driver’s license or identification card because the minor is at least 14 years of age, and the minor authorizes a statement or symbol indicating an anatomical gift on a driver’s license, identification card, or donor registry entry with the signed approval of a parent or guardian.

b. An agent of the donor, unless the durable power of attorney for health care or other record prohibits the agent from making the anatomical gift.

c. A parent of the donor, if the donor is an unemancipated minor.

d. The guardian of the donor.

2. Manner of making.

a. A donor may make an anatomical gift by any of the following means:
   (1) By authorizing a statement or symbol indicating that the donor has made an anatomical gift to be imprinted on the donor’s driver’s license or identification card.
   (2) In a will.
   (3) During a terminal illness or injury of the donor, by any form of communication addressed to the donor, with the intent to revoke the gift.

b. State that the record has been signed and witnessed as provided in subparagraph subdivision (a).

c. Revocation, suspension, expiration, or cancellation of a driver’s license or identification card upon which an anatomical gift is indicated shall not invalidate the gift.

d. An anatomical gift made by will takes effect upon the donor’s death whether or not the will is probated. Invalidation of the will after the donor’s death does not invalidate the gift.

3. Amending or revoking gift before donor’s death.

a. Subject to subsection 5, a donor or other person authorized to make an anatomical gift under subsection 1 may amend or revoke an anatomical gift by any of the following means:
   (1) A record signed by any of the following:
      (a) The donor.
      (b) The other person authorized to make an anatomical gift.
   (c) Subject to paragraph “b”, another individual acting at the direction of the donor or the other authorized person if the donor or other person is physically unable to sign the record.

   (2) State that the record has been signed and witnessed as provided in subparagraph (1).

Subject to subsection 5, a donor or other person authorized to make an anatomical gift under subsection 1 may revoke an anatomical gift by the destruction or cancellation of the document of gift, or the portion of the document of gift used to make the gift, with the intent to revoke the gift.

d. A donor may amend or revoke an anatomical gift by any of the following means:
   (1) In a will.
   (2) State that the record has been signed and witnessed as provided in subparagraph subdivision (a).
   (3) Subject to paragraph “b”, another individual acting at the direction of the donor or the other authorized person if the donor or other person is physically unable to sign the record.

Terminology: The term "osteopathic medicine" probably intended; corrective legislation is pending.
A donor who makes an anatomical gift in a will may amend or revoke the gift in the manner provided for amendment or revocation of wills or as provided in paragraph “a”.

4. Refusal to make.
   a. An individual may refuse to make an anatomical gift of the individual’s body or part by any of the following means:
      (1) A record signed by any of the following:
         (a) The individual.
         (b) Subject to paragraph “b”, another individual acting at the direction of the individual if the individual is physically unable to sign the record.
      (2) The individual’s will, whether or not the will is admitted to probate or invalidated after the individual’s death.
      (3) Any form of communication made by the individual during the individual’s terminal illness or injury addressed to at least two adults, at least one of whom is a disinterested witness.
   b. A record signed pursuant to paragraph “a”, subparagraph (1), subparagraph subdivision (b), shall comply with all of the following:
      (1) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the individual.
      (2) State that the record has been signed and witnessed as provided in subparagraph (1).

      (2) By subsequently making an anatomical gift pursuant to subsection 2 that is inconsistent with the refusal.
      (3) By destroying or canceling the record evidencing the refusal, or the portion of the record used to make the refusal, with the intent to revoke the refusal.
   d. Except as otherwise provided in subsection 5, paragraph “h”, in the absence of an express, contrary indication by the individual set forth in the refusal, an individual’s unrevoked refusal to make an anatomical gift of the individual’s body or part prohibits all other persons from making an anatomical gift of the individual’s body or part.

5. Preclusive effect.
   a. Donor gift or amendment — subsequent actions by others prohibited. Except as otherwise provided in paragraph “g”, and subject to paragraph “j”, in the absence of a contrary indication by the donor, a person other than the donor is prohibited from making, amending, or revoking an anatomical gift of a donor’s body or part if the donor made an anatomical gift of the donor’s body or part under subsection 2 or an amendment to an anatomical gift of the donor’s body or part under subsection 3.
   b. Donor revocation not a refusal. A donor’s revocation of an anatomical gift of the donor’s body or part under subsection 3 is not a refusal and does not prohibit another person specified in subsection 1 or section 142C.4 from making an anatomical gift of the donor’s body or part under subsection 2 or section 142C.4.
   c. Gift on amendment by another — subsequent actions by others prohibited. If a person other than the donor makes an unrevoked anatomical gift of the donor’s body or part under subsection 2, or an amendment to an anatomical gift of the donor’s body or part under subsection 3, another person may not make, amend, or revoke the gift of the donor’s body or part under section 142C.4.
   d. Revocation by another not prohibitive of other gift. A revocation of an anatomical gift of a donor’s body or part under subsection 3 by a person other than the donor does not prohibit another person from making an anatomical gift of the body or part under subsection 2 or section 142C.4.
   e. Gift of part not prohibitive of gift of another part. In the absence of a contrary indication by the donor or other person authorized to make an anatomical gift under subsection 1, an anatomical gift of a part is neither a refusal to donate another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another authorized person.
   f. Gift for one purpose not prohibitive of another purpose. In the absence of a contrary indication by the donor or other person authorized to make an anatomical gift under subsection 1, an anatomical gift of a part for one or more of the purposes specified in subsection 1 is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under subsection 2 or section 142C.4.
   g. Unemancipated minor gift — parent revocation. If a donor who is an unemancipated minor dies, a parent of the donor who is reasonably available may revoke or amend an anatomical gift of the donor’s body or part.
   h. Unemancipated minor refusal — parent revocation or amendment. If an unemancipated minor who signed a refusal dies, a parent of the minor who is reasonably available may revoke the minor’s refusal.

142C.4 Who may make anatomical gift of decedent’s body or part — amending or revoking gift.

1. Subject to subsection 2, and unless prohibited by section 142C.3, subsection 4 or 5, an anatomical gift of a decedent’s body or part for purposes of transplantation, therapy, research, or education
may be made by any member of the following classes of persons who is reasonably available, in the order of priority listed.

c. Adult children of the decedent.

d. Parents of the decedent.

2. a. If there is more than one member of a class listed in subsection 1, paragraph “a,” “c,” “d,” “e,” “f,” “g,” or “i,” entitled to make an anatomical gift, an anatomical gift may be made by one member of the class unless that member or a person to whom the gift may pass under section 142C.5 knows of an objection by another member of the class. If an objection is known, the gift shall be made only by a majority of the members of the class who are reasonably available.

b. A person shall not make an anatomical gift if, at the time of the death of the decedent, a person in a prior class under subsection 1 is reasonably available to make or to object to the making of an anatomical gift.

3. A person authorized to make an anatomical gift under subsection 1 may make an anatomical gift by a document of gift signed by the person making the gift or by the person’s oral communication that is electronically recorded or is contemporaneously reduced to a record and signed by the recipient of the oral communication.

4. Subject to subsection 5, an anatomical gift by a person authorized under subsection 1 may be amended or revoked orally or in a record by any member of the prior class who is reasonably available. b. Revoked only if a majority of the reasonably available members agree to the revoking of the gift or if they are equally divided as to whether to revoke the gift.

6. A person who has any information request-
ed by a medical examiner pursuant to subsection 5 shall provide that information as expeditiously as possible to allow the medical examiner to conduct the medicolegal investigation within a period compatible with the preservation of organs for the purpose of transplantation.

7. If an anatomical gift has been or might be made of an organ of a decedent whose body is under the jurisdiction of the medical examiner and a postmortem examination is not required, or the medical examiner determines that a postmortem examination is required but that the recovery of the organ that is the subject of an anatomical gift will not interfere with the examination, the medical examiner and organ procurement organization shall cooperate in the timely removal of the organ from the decedent for the purpose of transplantation.

8. a. If an anatomical gift of an organ from a decedent under the jurisdiction of the medical examiner has been or might be made, but the pathologist or medical examiner initially believes that the recovery of the organ could interfere with the postmortem investigation into the decedent’s cause or manner of death, the pathologist or medical examiner shall consult with the organ procurement organization or physician or technician designated by the organ procurement organization about the proposed recovery.

b. Ancillary clinical tests such as a magnetic resonance imaging (MRI), a computed tomography (CT) scan, or skeletal survey may be required by the pathologist prior to determination of suitability of organ procurement. These tests shall be performed and interpreted by the appropriate physician at the pathologist’s request, and reported in a timely fashion. All expenses for such tests shall be the responsibility of the organ procurement organization regardless of outcome.

c. After consultation pursuant to paragraph “a” and any preliminary investigation pursuant to paragraph “b”, the pathologist or medical examiner may allow recovery, depending on the nature of the case and the availability of a pathologist to view the body prior to recovery.

9. If the manner of death may be homicide or has the potential for litigation, the organ recovery shall be approved by the forensic pathologist, and the forensic pathologist may examine the body prior to organ recovery and document by diagrams and photographs all visible injuries.

10. a. If the medical examiner or designee allows recovery of an organ under subsection 7, 8, or 9, the organ procurement organization, upon request, shall cause the physician or technician who removes the organ to provide the medical examiner with a record describing the condition of the organ, a biopsy, a photograph, and any other information and observations that would assist in the postmortem examination.

b. Arrangements for the examination of bodies of such decedents shall be coordinated between the organ procurement organization and the state medical examiner.

c. If applicable, and whenever possible, the forensic pathologist who examined the decedent’s body prior to recovery of the organ shall perform the autopsy. If the forensic pathologist is unable to accommodate examination of the body due to scheduling or staffing, the request for organ donation may be denied.

11. If a medical examiner or designee is required to be present at a removal procedure under subsection 9, upon request, the organ procurement organization requesting the recovery of the organ shall reimburse the medical examiner or designee for the additional costs incurred in complying with subsection 9.

12. A physician or technician who removes an organ at the direction of the organ procurement organization may be called to testify about findings from the surgical recovery of organs at no cost to taxpayers if the decedent is under the jurisdiction of the medical examiner.

13. a. The medical examiner or pathologist with jurisdiction over the body of a decedent has discretion to grant or deny permission for organ or tissue recovery.

b. If the recovery of organs or tissues may hinder the determination of cause or manner of death or if evidence may be destroyed by the recovery, permission may be denied.

c. The medical examiner or a pathologist performing state autopsies shall work closely with procurement organizations in an effort to balance the needs of the public and the decedent’s next of kin.

The department may share information with federal public health officials for the purposes of securing federal funding or conducting public health research. However, in sharing the information, the department shall not relinquish control of the information, and any agreement entered into by the department with federal public health officials to share information shall prohibit the use, reproduction, release, or disclosure of the information by federal public health officials in a manner which violates this section. However, entry of the information from a report shall not include any health care provider, hospital, clinic, or other health facility identification information including, but not limited to, the confidential health care provider code, as assigned by the department.

For the purposes of this paragraph, “aggregate form” means a compilation of the information received by the department on termination of pregnancies for each information item listed, with the exceptions of the report tracking number, the health care provider code, and any set of information for which the amount is so small that the confidentiality of any person to whom the information relates may be compromised. 4. The department shall assign a code to any health care provider who may be required to report a termination under this section. An application procedure shall not be required for assignment of a code to a health care provider.

5. A health care provider shall assign a report tracking number which enables the health care provider to access the patient’s medical information without identifying the patient.

6. To ensure proper performance of the reporting requirements under this section, it is preferred that a health care provider who practices within a hospital, clinic, or other health facility authorize one staff person to fulfill the reporting requirements.

The information necessary to prepare the report shall be furnished with the petition, to the clerk of court by the petitioner or the petitioner’s legal representative, on forms supplied by the state registrar.

The clerk of the district court in each county shall keep a record book for dissolutions. The form of dissolution record books shall be uniform throughout the state. A properly indexed record of dissolutions upon microfilm, electronic computer, or data processing equipment may be kept in lieu of dissolution record books.

On or before the tenth day of each calendar month, the clerk of court shall forward to the state registrar the record of each dissolution and annulment granted during the preceding calendar month and related reports required by regulations issued under this chapter.

§144.38 Amendment of official record.

To protect the integrity and accuracy of vital statistics records, a certificate or record registered under this chapter may be amended only in accordance with this chapter and regulations adopted hereunder. A certificate that is amended under this section shall be marked “amended” except as provided in section 144.40. The date of amendment and a summary description of the evidence submitted in support of the amendment shall be endorsed on or made a part of the record. The department shall prescribe by regulation the conditions under which additions or minor corrections shall be made to birth certificates within one year after the date of birth without the certificate being marked “amended.”

§144.39 Change of name.

Upon request and receipt of an affidavit of paternity completed and filed pursuant to section 252A.3A, or a certified copy or notification by the clerk of court of a court or administrative order establishing paternity, the state registrar shall amend the certificate of birth to reflect the new name. A fee established by the department by rule based on average administrative cost shall be collected for each amended certificate of birth to reflect a new name. Fees collected under this section shall be deposited in the general fund of the state.

§144.40 Paternity of children — birth certificates.

Upon request and receipt of an affidavit of paternity completed and filed pursuant to section 252A.3A, or a certified copy or notification by the clerk of court of a court or administrative order establishing paternity, the state registrar shall establish a new certificate of birth to show paternity if paternity is not shown on the birth certificate. Upon written request of the parents on the affidavit of paternity, the surname of the child may be changed on the certificate to that of the father. The certificate shall not be marked “amended.” The original certificate and supporting documentation shall be maintained in a sealed file; however, a photocopy of the paternity affidavit filed pursuant to section 252A.3A and clearly labeled as a

It shall be unlawful for the state registrar to permit inspection of, or to disclose information contained in vital statistics records, or to copy or permit to be copied all or part of any such record except as authorized by regulation.

However, the following vital statistics records may be inspected and copied as of right under chapter 22 when they are in the custody of a county registrar or when they are in the custody of the state archivist and are at least seventy-five years old:
1. A record of birth.
2. A record of marriage.
3. A record of divorce, dissolution of marriage, or annulment of marriage.
4. A record of death if that death was not a fetal death.

A public record shall not be withheld from the public because it is combined with data processing software. The state registrar shall not implement any electronic data processing system for the storage, manipulation, or retrieval of vital records that would impair a county registrar’s ability to permit the examination of a public record and the copying of a public record, as established by rule.

If it is necessary to separate a public record from data processing software in order to permit the examination of the public record, the county registrar shall periodically generate a written log available for public inspection which contains the public record.

In addition to other procedures by which birth certificates may be inspected under this chapter, the state registrar shall establish a mutual consent voluntary adoption registry through which adult adopted children, adult siblings, and the biological parents of adult adoptees may register to obtain identifying birth information.
2. If all of the following conditions are met, the state registrar shall reveal the identity of the biological parent to the adult adopted child or the identity of the adult adopted child to the biological parent, shall notify the parties involved that the requests have been matched, and shall disclose the identifying information to those parties:

   b. An adult adopted child has filed a request and provided consent to the revelation of the identity of the adult adopted child to a biological parent, upon request of the biological parent.
   c. The state registrar has been provided sufficient information to make the requested match.
3. Notwithstanding the provisions of this section, if the adult adopted person has a sibling who is a minor and who has also been adopted, the state registrar shall not grant the request of either the adult adopted person or the biological parent to reveal the identities of the parties.
4. If all of the following conditions are met, the state registrar shall reveal the identity of the adult adopted child to an adult sibling and shall notify the parties involved that the requests have been matched, and disclose the identifying information to those parties:
   a. An adult adopted child has filed a request and provided consent to the revelation of the adult adopted child’s identity to an adult sibling.
   b. The adult sibling has filed a request and provided consent to the revelation of the identity of the adult sibling to the adult adopted child.
   c. The state registrar has been provided with sufficient information to make the requested match.
5. A person who has filed a request or provided consent under this section may withdraw the consent at any time prior to the release of any infor-

The national division of vital statistics may be furnished copies or data which it requires for national statistics, provided that the state be reimbursed for the cost of furnishing data, and provided further that data shall not be used for other than statistical purposes by the national division of vital statistics unless so authorized by the state registrar.

Federal, state, local, and other public or private agencies may, upon written request, be furnished copies or data for statistical purposes upon terms or conditions prescribed by the department.

No person shall prepare or issue any certificate which purports to be an original, certified copy, or copy of a certificate of birth, death, fetal death, or marriage except as authorized in this chapter.

7. An out-of-hospital do-not-resuscitate order is deemed revoked at any time that a patient, or an individual authorized to act on the patient’s behalf as designated on the out-of-hospital do-not-resuscitate order, is able to communicate in any manner the intent that the order be revoked, without regard to the mental or physical condition of the patient. A revocation is only effective as to the health care provider upon communication to that provider by the patient, an individual authorized to act on the patient’s behalf as designated in the order, or by another person to whom the revocation is communicated.

2. If the policies of a health care provider preclude compliance with the declaration or out-of-hospital do-not-resuscitate order of a qualified patient under this chapter or preclude compliance with the provisions of section 144A.7 or 144A.7A, the provider shall take all reasonable steps to effect the transfer of the patient to a facility in which the provisions of this chapter can be carried out.

144A.9 Immunities.

144A.10 Penalties.
1. Any person who willfully conceals, with-
holds, cancels, destroys, alters, defaces, or obliterates the declaration, out-of-hospital do-not-resuscitate order, or out-of-hospital do-not-resuscitate identifier of another without the declarant’s or patient’s consent or who falsifies or forges a revocation of the declaration or out-of-hospital do-not-resuscitate order of another is guilty of a serious misdemeanor.

2. 144A.11 General provisions.

No policy of life insurance is legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures pursuant to this chapter, notwithstanding any term of the policy to the contrary.

3. A physician, health care provider, health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not require any person to execute a declaration or an out-of-hospital do-not-resuscitate order as a condition for being insured for, or receiving, health care services.

4. This chapter creates no presumption concerning the intention of an individual who has not executed a declaration or an out-of-hospital do-not-resuscitate order with respect to the use, withholding, or withdrawal of life-sustaining procedures in the event of a terminal condition.

5. This chapter shall not be interpreted to increase or decrease the right of a patient to make decisions regarding use of life-sustaining procedures as long as the patient is able to do so, nor to impair or supersede any right or responsibility that any person has to effect the withholding or withdrawal of medical care in any lawful manner. In that respect, the provisions of this chapter are cumulative.

6. This chapter shall not be construed to condone, authorize or approve mercy killing or euthanasia, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying.

A document executed prior to May 8, 1991, purporting to create a durable power of attorney for health care shall be deemed valid if the document specifically authorizes the attorney in fact to make health care decisions and is signed by the principal.

2. An employee of a health care provider attending the principal on the date of execution unless the individual to be designated is related to the principal by blood, marriage, or adoption within the third degree of consanguinity.

144B.5 Durable power of attorney for health care — form.
1. A durable power of attorney for health care executed pursuant to this chapter may, but need not, be in the following form:
§144B.5, DURABLE POWER OF ATTORNEY FOR HEALTH CARE

I hereby designate ................. as my attorney in fact (my agent) and give to my agent the power to make health care decisions for me. This power exists only when I am unable, in the judgment of my attending physician, to make those health care decisions. The attorney in fact must act consistently with my desires as stated in this document or otherwise made known.

Except as otherwise specified in this document, this document gives my agent the power, where otherwise consistent with the law of this state, to consent to my physician not giving health care or stopping health care which is necessary to keep me alive.

This document gives my agent power to make health care decisions on my behalf, including to consent, to refuse to consent, or to withdraw consent to the provision of any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. This power is subject to any statement of my desires and any limitations included in this document.

My agent has the right to examine my medical records and to consent to disclosure of such records.

2. In addition to the foregoing, the principal may provide specific instructions in the document conferring the durable power of attorney for health care, consistent with the provisions of this chapter.

3. The principal may include a statement indicating that the designated attorney in fact has been notified of and consented to the designation.

4. A durable power of attorney for health care may designate one or more alternative attorneys in fact.

5. A durable power of attorney for health care may include a declaration under chapter 144C that names a designee and alternate designees who may be different persons than the attorney in fact or alternate attorneys in fact who are designated in the durable power of attorney for health care.

144B.7 Authority to review medical records.

Except as limited by the durable power of attorney for health care, an attorney in fact has the same right as the principal to receive and review medical records of the principal, and to consent to the disclosure of medical records of the principal when acting pursuant to the durable power of attorney for health care.

144B.8 Revocation of durable power of attorney.

1. A durable power of attorney for health care may be revoked at any time and in any manner by which the principal is able to communicate the intent to revoke, without regard to mental or physical condition. Revocation may be by notifying the attorney in fact orally or in writing. Revocation may also be made by notifying a health care provider orally or in writing while that provider is engaged in providing health care to the principal. A revocation is only effective as to a health care provider upon its communication to the provider by the principal or by another to whom the principal has communicated revocation. The health care provider shall document the revocation in the treatment records of the principal.

2. The principal is presumed to have the capacity to revoke a durable power of attorney for health care.

3. Unless it provides otherwise, a valid durable power of attorney for health care revokes any prior durable power of attorney for health care.

4. If authority granted by a durable power of attorney for health care is revoked under this sec-

144B.6 Attorney in fact — priority to make decisions.

1. Unless the district court sitting in equity specifically finds that the attorney in fact is acting in a manner contrary to the wishes of the principal or the durable power of attorney for health care provides otherwise, an attorney in fact who is known to the health care provider to be available and willing to make health care decisions has priority over any other person, including a guardian appointed pursuant to chapter 633, to act for the principal in all matters of health care decisions. The attorney in fact has authority to make a particular health care decision only if the principal is unable, in the judgment of the attending physi-

cian, to make the health care decision. If the principal objects to a decision to withhold or withdraw health care, the principal shall be presumed to be able to make a decision.

2. In exercising the authority under the durable power of attorney for health care, the attorney in fact has a duty to act in accordance with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact at any time. A declaration executed by the principal pursuant to the life-sustaining procedures Act, chapter 144A, shall not be interpreted as expressing an intent to prohibit the withdrawal of hydration or nutrition when required to be provided parenterally or through intubation and shall not otherwise restrict the authority of the attorney in fact unless either the declaration or the durable power of attorney for health care expressly provides otherwise. If the principal’s desires are unknown, the attorney in fact has a duty to act in the best interests of the principal, taking into account the principal’s overall medical condition and prognosis.

144B.9 Immunities and responsibilities.
1. A health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action if the health care provider relies on a health care decision and both of the following requirements are satisfied:
   a. The decision is made by an attorney in fact who the health care provider believes in good faith is authorized to make the decision.
   b. The health care provider believes in good faith that the decision is not inconsistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the health care provider, and, if the decision is to withhold or withdraw health care necessary to keep the principal alive, the health care provider has provided an opportunity for the principal to object to the decision.

2. Notwithstanding a contrary health care decision of the attorney in fact, the health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action for failing to withhold or withdraw health care necessary to keep the principal alive. However, the attorney in fact may make provisions to transfer the responsibility for the care of the principal to another health care provider.

3. An attorney in fact is not subject to criminal prosecution or civil liability for any health care decision made in good faith pursuant to a durable power of attorney for health care.

4. It shall be presumed that an attorney in fact, and a health care provider acting pursuant to the direction of an attorney in fact, are acting in good faith and in the best interests of the principal absent clear and convincing evidence to the contrary.

5. For purposes of this section, acting in "good faith" means acting consistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact, or where those desires are unknown, acting in the best interests of the principal, taking into account the principal's overall medical condition and prognosis.

91 Acts, ch 140, §11

144B.12 General provisions.
1. This chapter does not create a presumption concerning the intention of an individual who has not executed a durable power of attorney for health care and does not impair or supersede any right or responsibility of an individual to consent, refuse to consent, or withdraw consent to health care on behalf of another in the absence of a durable power of attorney for health care.

2. This chapter shall not be construed to condone, authorize, or approve any affirmative or deliberate act or omission which would constitute mercy killing or euthanasia.

3. If after executing a durable power of attorney for health care designating a spouse as attorney in fact, the marriage between the principal and the attorney in fact is dissolved, the power is thereby revoked. In the event of remarriage to each other, the power is reinstated unless otherwise revoked by the principal.

4. It is the responsibility of the principal to provide for notification of a health care provider of the terms of the principal's durable power of attorney for health care.

**145A.1 Consolidation for purpose.**

Any of the political subdivisions of this state may consolidate to acquire and operate an area hospital for the purpose of providing hospital service for all residents of such area.

[C71, 73, 75, 77, 79, 81, §145A.1]

**145A.2 Definitions.**

As used in this chapter, unless the context indicates otherwise:

1. “Area hospital” means a hospital established and operated by a merged area.

2. “Board” means the board of trustees of an area hospital.

3. “Merged area” means a public corporation formed by the residents of two or more contiguous or noncontiguous political subdivisions which have merged resources to establish and operate an area hospital.

4. “Officials” means the respective governing bodies of political subdivisions.

5. “Political subdivision” means any county, township, school district or city.

[C71, 73, 75, 77, 79, 81, §145A.2]

85 Acts, ch 123, §1, 2

**145A.3 Official planning — maximum levy.**

The officials of a political subdivision may plan the formation of a public corporation as a merged area to establish and operate an area hospital. In planning for an area hospital, a county board of su-
pervisors may exclude from the merged area any township of the county which the board of supervisors determines would not sufficiently benefit by the merger and the portion of the county not so excluded shall constitute one public corporation for the purposes of this chapter. Plans for an area hospital shall include the maximum amount to be levied for debt service and operation and maintenance of the area hospital in the portion of the merged area within each political subdivision taking part in the merger. However, the maximum tax rates for the various political subdivisions may vary as the officials determine, based upon the need for hospital service of the residents of each political subdivision, the proximity of the residents to the proposed location of the hospital, the property values within the subdivision, and the expected service benefits to the residents of each subdivision by the proposed area hospital.  

§145A.4, AREA HOSPITALS

145A.4 Plans.

Officials of the various subdivisions may expend public funds for the purpose of formulating plans and in carrying out plans for a merged area and may arrive at an equitable distribution of costs to be paid by each participating political subdivision.

[C71, 73, 75, 77, 79, 81, §145A.4]

85 Acts, ch 123, §3

145A.5 Order of approval.

When a plan is approved, the officials approving the plan shall jointly issue an order of approval. The order shall specify the area to be merged, the maximum rate of tax to be levied for debt service and operation and maintenance of the proposed area hospital in the portion of the merged area within each political subdivision, the proposed location of the hospital building, the estimated cost of the establishment of the hospital, the operation of the hospital the officials deem pertinent. The order shall be published in one or more newspapers which have general circulation within the merged area once each week for three consecutive weeks, but the newspapers selected need not be published in the merged area. The published order shall contain a notice to the residents of each subdivision of the proposed merged area that if the residents fail to protest as provided in this chapter, the order shall be deemed approved upon the expiration of a sixty-day period following the date of the last published notice.

[C71, 73, 75, 77, 79, 81, §145A.5]

85 Acts, ch 123, §4

145A.6 Petition of protest.

The plans formulated for the area hospital shall be deemed approved unless, within sixty days after the third and final publication of the order, a petition protesting the proposed plan containing the signatures of at least five percent of the registered voters of any political subdivision within the proposed merged area is filed with the respective officials of the protesting petitioners.

[C71, 73, 75, 77, 79, 81, §145A.6]

2001 Acts, ch 56, §8

145A.7 Special election.

When a protesting petition is received, the officials receiving the petition shall call a special election of all registered voters of that political subdivision upon the question of approving or rejecting the order setting out the proposed merger plan. The election shall be held on a date specified in section 39.2, subsection 4, paragraph "a" or "b", as applicable. The vote will be taken by ballot in the form provided by sections 49.43 to 49.47, and the election shall be initiated and held as provided in chapter 49. A majority vote of those registered voters voting at the special election shall be sufficient to approve the order and thus include the political subdivision within the merged area.

[C71, 73, 75, 77, 79, 81, §145A.7]

2008 amendments to this section apply to elections held on or after January 1, 2009; 2008 Acts, ch 1115, §71

Section amended

145A.8 Effect on other subdivisions.

A protest petition filed in one political subdivision shall have no effect upon the other political subdivisions of the proposed merged area; and in the portion of the proposed area where no protest petition is filed within sixty days after the last published notice, the residents of that portion of the area shall be deemed to have approved the proposed plan, and shall not take part in any special election.

[C71, 73, 75, 77, 79, 81, §145A.8]

145A.9 Continuance or abandonment.

If the voters at the special election approve by a majority vote the proposed plan, then the plan may be carried out as originally proposed. However, if the voters of any political subdivision within the proposed area reject the plan as set out in the original order, then said original order shall be wholly nullified.

[C71, 73, 75, 77, 79, 81, §145A.9]

145A.10 Board of hospital trustees.

Upon acceptance of a plan, the officials of the merged area acting as a committee of the whole shall appoint a board of hospital trustees. The board of trustees shall then meet, elect a chairperson and adopt such rules for the organization of the board as may be necessary. The number and composition of the board shall be determined by the committee appointing the board; but as a matter of public policy the committee is directed to apportion the board into area districts in such a way
that the residents of all of the merged area will be represented as nearly equally as possible on the board.

[C71, 75, 77, 79, 81, §145A.10]

145A.11 Terms of members.
The terms of members of the board shall be four years, except that members of the initial board shall determine their respective terms by lot so that the terms of one-half of the members, as nearly as may be, shall expire at the next general election. The remaining initial terms shall expire at the following general election. The successors of the initial board shall be chosen from area districts at regular elections, and shall be nominated and elected in the same manner as county hospital trustees as provided in section 347.25, except that nomination papers on behalf of a candidate shall be signed by not less than twenty-five eligible electors from the area district.

[C71, 73, 75, 77, 79, 81, §145A.11]

145A.12 Operation and management.
The board shall govern the operation and management of the area hospital and may do all things necessary to establish and operate the hospital. The board has all the general powers, duties, and responsibilities of the trustees of county public hospitals as set out in sections 347.13 and 347.14 and may enter into contracts for the operation and management of area hospital facilities.

A merged area as a public corporation formed under this chapter may exercise the powers granted under this chapter, and may sue and be sued, purchase and sell property, incur indebtedness in accordance with constitutional limitations, and exercise all the powers granted by law and other powers incident to public corporations of like character and not inconsistent with the laws of this state.

[C71, 73, 75, 77, 79, 81, §145A.13]
85 Acts, ch 123, §6

145A.14 Budget for operation.
The board shall prepare an annual budget designating the proposed expenditures for operation of the area hospital and payment of bonded indebtedness, and the amount to be raised by taxation, following the requirements of chapter 24. The board shall prorate the amount to be raised for operations by local taxation among the respective political subdivisions forming a part of the merged area in the proportion that the product of the value of taxable property and the maximum tax levy rate in each political subdivision bears to the total product of the value of taxable property and the maximum tax levy rate in the entire merged area, as set out in the published order of merger. The board of hospital trustees shall certify the amount so determined to the respective levying officials of the affected counties, and the officials shall levy a tax sufficient to raise the annual budget. Taxes collected pursuant to the levy shall be paid by the respective county treasurers to the treasurer of the area hospital in the same manner that school taxes are paid to local school districts.

[C71, 73, 75, 77, 79, 81, §145A.14]
85 Acts, ch 123, §7

If the area hospital is located within the corporate limits of any city, the city treasurer shall act as treasurer of the area hospital; and if the area hospital is located outside the limits of any city, the county treasurer shall act as the treasurer of the area hospital; provided, however, the board may appoint some other person to serve as treasurer. The board may require that the treasurer furnish appropriate bond for faithful performance of the treasurer’s duties.

[C71, 73, 75, 77, 79, 81, §145A.15]

[C71, 73, 75, 77, 79, 81, §145A.17]

Such a tax shall not exceed one-fourth of the maximum levy of each political subdivision as set out in the published order of merger, but the total tax levy for annual budget, bonds, and special purposes shall not exceed the maximum levy as proposed in the published order of merger.

§145A.20 Revenue bonds.
In addition to any other provisions of this chapter and for the purpose of acquiring, constructing, equipping, enlarging, or improving a hospital building or any part of a hospital building, merged areas may issue revenue bonds and the board has all the powers and duties of a county board of supervisors as provided in chapter 331, division IV, part 4 and section 347A.3.

However, the physical presence requirement does not apply when a pharmacist or practitioner is utilizing an automated dispensing system or when a pharmacist is utilizing a tech-check-tech program, as defined in section 155A.3. When using an automated dispensing system the pharmacist or practitioner shall utilize an internal quality control assurance plan that ensures accuracy for dispensing. Rules shall be adopted by the board of physician assistants, after consultation with the board of pharmacy, to implement this subsection.

MALPRACTICE

147.135 Peer review committees — nonliability — records and reports privileged and confidential.

1. A person shall not be civilly liable as a result of acts, omissions, or decisions made in connection with the person's service on a peer review committee. However, such immunity from civil liability shall not apply if an act, omission, or decision is made with malice.
2. As used in this subsection, "peer review records" means all complaint files, investigation files, reports, and other investigative information relating to licensee discipline or professional competence in the possession of a peer review committee or an employee of a peer review committee. As used in this subsection, "peer review committee" does not include licensing boards. Peer review records are privileged and confidential, are not subject to discovery, subpoena, or other means of legal compulsion for release to a person other than an affected licensee or a peer review committee, and are not admissible in evidence in a judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review record and whose competence is at issue. A person shall not be liable as a result of filing a report or complaint with a peer review committee or providing information to such a committee, or for disclosure of privileged matter to a peer review committee. A person present at a meeting of a peer review committee shall not be permitted to testify as to the findings, recommendations, evaluations, or opinions of the peer review committee in any judicial or administrative proceeding other than a proceeding involving licensee discipline or a proceeding brought by a licensee who is the subject of a peer review committee meeting and whose competence is at issue. Information or documents discoverable from sources other than the peer review committee do not become nondiscoverable from the other sources merely because they are made available to or are in the possession of a peer review committee. However, such information relating to licensee discipline may be disclosed to an appropriate licensing authority in any jurisdiction in which the licensee is licensed or has applied for a license. If such information indicates a crime has been committed, the information shall be reported to the proper law enforcement agency. This subsection shall not preclude the discovery of the identification of witnesses or documents known to a peer review committee. Any final written decision and finding of fact by a licensing board in a disciplinary proceeding is a public record. Upon appeal by a licensee of a decision of a board, the entire case record shall be submitted to the reviewing court. In all cases where privileged and confidential information under this subsection becomes discoverable, admissible, or part of a court record the identity of an individual whose privilege has been involuntarily waived shall be withheld.
3. a. A full and confidential report concerning any final hospital disciplinary action approved by a hospital board of trustees that results in a limitation, suspension, or revocation of a physician's privilege to practice for reasons relating to the physician's professional competence or concerning any voluntary surrender or limitation of privileges for reasons relating to professional competence
shall be made to the board of medicine by the hospital administrator or chief of medical staff within ten days of such action. The board of medicine shall investigate the report and take appropriate action. These reports shall be privileged and confidential as though included in and subject to the requirements for peer review committee information in subsection 2. Persons making these reports and persons participating in resulting proceedings related to these reports shall be immune from civil liability with respect to the making of the report or participation in resulting proceedings. As used in this subsection, "physician" means a person licensed pursuant to chapter 148, chapter 150, or chapter 150A. 

b. Notwithstanding subsection 2, if the board of medicine conducts an investigation based on a complaint received or upon its own motion, a hospital pursuant to subpoena shall make available information and documents requested by the board, specifically including reports or descriptions of any complaints or incidents concerning an individual who is the subject of the board’s investigation, even though the information and documents are also kept for, are the subject of, or are being used in peer review by the hospital. However, the deliberations, testimony, decisions, conclusions, findings, recommendations, evaluations, work product, or opinions of a peer review committee or its members and those portions of any documents or records containing or revealing information relating thereto shall not be subject to the board’s request for information, subpoena, or other legal compulsion. SUBCHAPTER II
STATEWIDE TRAUMA CARE SYSTEM

147A.20 Short title. This subchapter may be cited as the "Iowa Trauma Care System Development Act".
95 Acts, ch 40, §1

147A.21 Definitions. As used in this subchapter, unless the context otherwise requires:
1. "Categorization" means a preliminary determination by the department that a hospital or emergency care facility is capable of providing trauma care in accordance with criteria adopted pursuant to chapter 17A for level I, II, III, and IV care capabilities.
2. "Department" means the Iowa department of public health.
3. "Director" means the director of public health.
4. "Emergency care facility" means a physician's office, clinic, or other health care center which provides emergency medical care in conjunction with other primary care services.
5. "Hospital" means a facility licensed under chapter 135B, or a comparable emergency care facility located and licensed in another state.
6. "Trauma" means a single or multisystem life-threatening or limb-threatening injury, or an injury requiring immediate medical or surgical intervention or treatment to prevent death or permanent disability.
7. "Trauma care facility" means a hospital or emergency care facility which provides trauma care and has been verified by the department as having level I, II, III, or IV care capabilities and issued a certificate of verification pursuant to section 147A.23, subsection 2, paragraph "e".
8. "Trauma care system" means an organized approach to providing personnel, facilities, and equipment for effective and coordinated trauma care.
9. "Verification" means a formal process by which the department certifies a hospital or emergency care facility's capacity to provide trauma care in accordance with criteria established for level I, II, III, and IV trauma care facilities.
95 Acts, ch 40, §2

147A.22 Legislative findings and intent — purpose. The general assembly finds the following:
1. Trauma is a serious health problem in the state of Iowa and is the leading cause of death of younger Iowans. The death and disability associated with traumatic injury contributes to the significant medical expenses and lost work, and adversely affects the productivity of Iowans.
2. Optimal trauma care is limited in many parts of the state. With health care delivery in transition, access to quality trauma and emergency medical care continues to challenge our rural communities.
3. The goal of a statewide trauma care system is to coordinate the medical needs of the injured person with an integrated system of optimal and cost-effective trauma care. The result of a well-coordinated statewide trauma care system is to reduce the incidences of inadequate trauma care and preventable deaths, minimize human suffering, and decrease the costs associated with preventable mortality and morbidity.
4. The development of the Iowa trauma care system will achieve these goals while meeting the unique needs of the rural residents of the state.
95 Acts, ch 40, §3

147A.23 Trauma care system development.
1. The department is designated as a lead agency in this state responsible for the development of a statewide trauma care system.
2. The department, in consultation with the trauma system advisory council, shall develop, coordinate, and monitor a statewide trauma care system. This system shall include, but not be limited to, the following:
a. The categorization of all hospitals and emergency care facilities by the department as to their capacity to provide trauma care services. The categorization shall be determined by the department from self-reported information provided to the department by the hospital or emergency care facility. This categorization shall not be construed to imply any guarantee on the part of the department as to the level of trauma care services
available at the hospital or emergency care facility.

b. The issuance of a certificate of verification of all categorized hospitals and emergency care facilities from the department at the level preferred by the hospital or emergency care facility. The standards and verification process shall be established by rule and may vary as appropriate by level of trauma care capability. To the extent possible, the standards and verification process shall be coordinated with other applicable accreditation and licensing standards.

c. Upon verification and the issuance of a certificate of verification, a hospital or emergency care facility agrees to maintain a level of commitment and resources sufficient to meet responsibilities and standards as required by the trauma care criteria established by rule under this subchapter. Verifications are valid for a period of three years or as determined by the department and are renewable. As part of the verification and renewal process, the department may conduct periodic on-site reviews of the services and facilities of the hospital or emergency care facility.

d. The department is responsible for the funding of the administrative costs of this subchapter. Any funds received by the department for this purpose shall be deposited in the emergency medical services fund established in section 135.25.

b. Being convicted of a felony in the courts of this state or another state, territory, or country. Conviction as used in this paragraph shall include a conviction of an offense which if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding in which a finding or verdict of guilt is made or returned, but the adjudication of guilt is either withheld or not entered. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another state, territory, or country. A certified copy of the record or order of suspension, revocation, or disciplinary action taken by a licensing authority of another state, or the United States, without regard to its designation as either felony or misdemeanor, which statute or law relates to the practice of medicine.

c. Violating a statute or law of this state, another state, or the United States, without regard to its designation as either felony or misdemeanor, which statute or law relates to the practice of medicine.

d. (2) A person licensed to practice medicine and surgery or osteopathic medicine and surgery who makes application for the renewal of a license, as required by section 147.10, gives consent to submit to a mental or physical examination as provided by this paragraph “h” when directed in writing by the board. All objections shall be waived as to the admissibility of the examining physicians’ testimony or examination reports on the grounds that they constitute privileged communication.
